SARAZEN STILL GOING — Gene Sarazen, veteran golfer of international reputation, winner of many a big one, is still going strong. Gene is currently trying his hand at qualifying for the National PGA at Meadowbrook Country Club. Gene, above, was caught today in what looks like a rather off-balance stance, but it wasn't what it looks like. He had completed his tee shot on No. 5 and was just watching the ball settle on the fairway. Top pros of the nation were trying for the title currently held by defending champion Chick Harbert of Meadowbrook.

Indict CIO-UAW Over Political Activity in '54

Federal Grand Jury Charges Law Violated in Use of Union Funds

DETROIT (AP) —A federal grand jury today indicted the CIO United Auto Workers Union on charges of violation of the federal corrupt practices act in politics.

The grand jury accused the big union of using general union funds to finance political activities in the 1954 congressional campaign.

This was the campaign in which Patrick V. McNamara, Democrat supported by the UAW and other labor groups, defeated U. S. Sen. Homer Ferguson, Republican.

A weekly union-sponsored radio program was involved in a grand jury investigation of charges brought by the Michigan Republican Central Committee.

John Feikens, committee chairman, filed the charges with the Justice Department last March.

The indictment named only the union itself. None of its officers, who include CIO President Walter Reuther, was named. Reuther is also president of the UAW-CIO.

Organized labor took a large role in the 1954 campaign. The UAW and other labor groups were among the strongest supporters of McNamara in opposition to the incumbent Ferguson.

The grand jury inquired into the financing of the UAW's weekly sponsored program, "Meet the UAW-CIO," over WJBK-TV, Detroit. Guy Nunn of the union is moderator of the program.

The indictment, containing four counts, charges the union violated a section of the act which prohibits banks, corporations and labor organizations from using general funds for political purposes.

A maximum penalty of $5,000 is provided in event of conviction on any count.

At the time the grand jury investigation began, and since, officers of the UAW charged Republicans were attempting to interfere with the franchise of working people.

Emil Mazey, UAW secretary-treasurer, said the investigation was inspired by Feikens and Postmaster General Arthur Summerfield. Summerfield is a Michigan man.

BIG FOUR AT GENEVA — Reminiscent of pictures at other conferences of world powers is this view in front of the Palace of Nations at Geneva. President Eisenhower (second from left) talks with Russia's Premier Nikolai Bulganin in garden of the palace. French Premier Edgar Faure, second from right, and Britain's Sir Anthony Eden complete the Big Four group.

Ike Summons Military Aides to Geneva Talks

Unification of Germany Sidetracked as Parley Moves Forward

GENEVA (AP) — The Big Four sent back to their foreign ministers today the knotty problem of trying to iron out East-West differences over European security and the unification of Germany.

GENEVA (AP) — The Big Four leaders took up the broad question of European security today, and President Eisenhower summoned top military advisers to his side.

Adm. Arthur Radford, chairman of the U. S. Joint Chiefs of Staff, and Gen. Alfred M. Gruenther, supreme Allied commander in Europe, flew in from Paris. Robert Anderson, deputy U. S. secretary of defense, came with them.

Harold Stassen and Nelson Rockefeller, two presidential assistants dealing with disarmament and propaganda, also were there.

An Eisenhower assistant said these men would meet with the President tonight. Speculation arose that they would discuss with the President the question of disarmament, to come up later in the four-power talks.

The heads of government met for their fourth session at 4 p.m. (10 a.m. EST). For two hours earlier today their foreign ministers tried to arrive at some sort of agreed recommendations on the German problem. One Western source said they just argued in circles. They got into the European security problem to such an extent that the Western leaders became convinced it would be difficult to keep the issues separate.

The West finally agreed to recommend that the summit talks

Rioters in Saigon Besiege Hotel Room of Mrs. Mesta

SAIGON, South Viet Nam (AP)—Thousands of anti-Communist students sacked Saigon's No. 1 hotel today but Mrs. Perle Mesta out-talked them when they took axes to her door.

The students were demonstrating against the Indian-Polish-Canadian armistice commission.

As some of the rioters started breaking into her second-floor, air-conditioned suite in the Hotel Majestic the former U.S. minister to Luxembourg threw open the door and shouted:

"No! We are your friends: We are Americans!"

One of the student leaders who understood English formed a cordon in front of Mrs. Mesta's apartment and kept back the mob, who laid waste to the five-story, government-owned building.

With Mrs. Mesta at the time were her two American secretaries, Mrs. Jean Anderson, Washington and Mrs. Lester R. Pridgen, New York City; an unidentified American woman visitor; and the latter's baby.

They were trapped in the suite for an hour and a half while the student cordon outside beat back several groups trying to break into the room. Finally Frank Malloy,

Soviet Visitors Head for School

Russian Farm Experts Fill Up on American Chicken, Corn

CEDAR RAPIDS, Iowa (INS) — Russia's jolly 12-man farm delegation, filled with chicken and corn from a hog farm and "tummybuster" sodas from a milk bar, heads for Iowa State College today for a two-day visit.

The Soviet visitors spent the night at Cedar Rapids after touring southeastern Iowa farm country yesterday on the second day of their six-week, six-state junket in the United States to study American farming methods and equipment.

Today they inspect a Cedar Rapids meat packing plant, visit more farms and a county extension office in Waterloo before reaching Iowa State.

The group, headed by V. V. Matskevich, first deputy minister of agriculture, arrived in Cedar Rapids from Des Moines last night and was welcomed with a Chamber of Commerce banquet.

Several times en route to Cedar Rapids the Russians stopped their air-conditioned bus to tramp through fields and inspect machinery and crops that interested them.

Most of the afternoon was spent at the 160-acre farm of Mr. and Mrs. George Hora, five miles northeast of Washington, where the Russians enjoyed a "typical American farm dinner" of fried chicken, mashed potatoes and gravy, corn, sliced tomatoes, gelatin salad, milk and iced tea, topped off with apple, cherry and raspberry pie.

They ate heartily and described the food as "very good."

Temperatures Here Reach 90 Today

TODAY'S TEMPERATURES

8 a. m.	75	11 a. m.	87
9 a. m.	80	Noon	88
10 a. m.	84	1 p. m.	90

Warm weather will continue today and tomorrow, according to the U. S. Weather Bureau. Temperatures are expected to register about the same for both days, with a high of 87 to 91 today and around 90 again tomorrow.

Light variable westerly winds today are expected to become south to southeast at 5 to 10 miles per hour tomorrow.

Downtown temperature at 8 a.m. today was 75 rising during the morning to 91 at 2 p.m.

Bolt in Early Lead in Tourney

Tommy's Golf Is Hot as He Fires 69 for First Round of PGA Test

Tommy Bolt, whose golf often is hotter than his trigger temper, took the early lead in the 1st round from qualifying in the National GA tourney at Meadowbrook. Bolt from Chattanooga, Tenn., fired a 2-under par 35-34—69 to pace the early finishers.

However the hottest golf thus far was that of Skee Reigel, Ithan, Pa. Skee turned a torrid 33 on the front nine despite a double-bogie on the 230 yard par 3 eighth hole. He carded five "birds" on the front nine. He was still out on the 2nd nine at noon.

Two of the oldest players in the tourney were among those cracking par on the front nine. One was 56-year-old Al Watrous of Oakland Hills, and 55-year-old Mortie Dutra of Los Angeles. Both had 34s, one under.

Host pro and defending champion, Chick Harbert, had 34 on his home course 1st nine.

Other Michigan players included Pete Cooper of Knollwood with 35; Mike Dietz of Indianwood 36; Eldon Briggs of Saginaw 36, and former PGA king, Wally Burkemo, of Franklin Hills 37.

Miss New Mexico Near U. S. A. Title; World Next

LONG BEACH, Calif. (AP) — Miss New Mexico, whose every little wiggle spells out sex appeal, emerged today as the morning line favorite to be crowned Miss U.S.A.

But there will be luscious competition from all 14 other finalists chosen last night.

They are the Misses Arkansas, California, Colorado, Florida, Georgia, Illinois, Nebraska, New York City, New York State, South Carolina, Texas, Vermont, Washington and Wisconsin.

Brown-eyed Joan Schwartz, a coed from Albuquerque, was the crowd-pleaser as the American beauties paraded before judges and an audience of 3,000. She got even more applause than Miss Iowa, the state where half of Long Beach came from. (Miss Iowa was eliminated.)

The Miss U.S.A. winner goes against the world tomorrow and Friday nights for the title of Miss Universe, the world's most beautiful woman.

Margaret Rowe, a girl whose figure is controversial only in England, was adjudged the most popular girl in the big Sunday parade that was witnessed by a half-million people.

Miss England won that honor in a poll conducted by the Long Beach Independent and Press-Telegram. Equipped with the same measurements as Marilyn Monroe, Miss Rowe was criticized as not typically British looking when she won the London contest last month.

But in Long Beach, she's real whistle bait.

Bloomfield Man Dead in Crash

Body of Michael Patten Found in Wreckage of Plane in Montana

One of two bodies found yesterday in the wreckage of a small plane atop a mountain near Bozeman, Mont., has been identified as that of Michael Patten, 23, of West Long Lake road, Bloomfield Hills.

Son of Mr. and Mrs. Marc T. Patten, the victim was doing uranium prospecting as part of his work toward a Master's Degree at Stanford University, Calif., relatives here said today.

The pilot, also killed, was identified by Gallatin County, Mont., officials as Duncan Johnson, of Menlo Park, Calif.

The two had been missing since late Friday, when their single engine plane was last seen flying over the rugged Gallatin Mountain Range. The wreckage was sighted late yesterday on Yellow Mountain, about 28 miles southeast of Bozeman. A ground party reached the scene later.

Mr. and Mrs. Patten, with their younger sons, Duncan T. and Jonathan T., are vacationing at their ranch at the Gallatin gateway to Yellowstone National Park, Wyo.

The elder Patten is vice president of the Fred Sanders Corp., which has stores selling candy, baked goods and ice cream in Pontiac, Detroit and Lansing.

Michael graduated from Cranbrook School for Boys and Amherst College, Mass. He is also survived by a sister, Mrs. Joan Patten Stadler, of Bloomfield Hills.

Press 2 Moves to Better Roads

Eye Intercounty Unit; Plan Meeting July 28 With Ziegler

Two steps were taken yesterday in the mounting campaign to secure better roads for this area.

The Wayne County Road Commission approved setting up an intercounty highway planning committee which they hope will include Oakland and Macomb counties.

Meanwhile, the Okland County Road Commission scheduled a meeting for July 28 with State Highway Commissioner Charles M. Ziegler.

The meeting was arranged to follow up a Board of Supervisor's resolution June 27 asking the road commission, road committee and planning commission to investigate the apparent neglect of Oakland in the Highway Department's list of planned projects.

Oakland Road Commission Chairman Lee O. Brooks said Wayne has not contacted him about an intercounty planning group, but stated "It sounds like an excellent idea."

Leroy C. Smith, Wayne highway engineer, said the project must be approved by the Supervisors Inter-County Committee, which includes Oakland. He said Washtenaw and Monroe counties might join later.

The Legislature has passed a law allowing establishment of such combined committees, with the state highway commissioner as an ex-officio member.

Ike and Zhukov Lunch Together

Only Two Interpreters Attend Private Meeting of Old War Buddies

GENEVA (AP) — President Eisenhower and his wartime friend, Soviet Marshal Georgi Zhukov, had lunch together today at the President's villa.

It was the first opportunity the two conquerors of Germany had had to talk privately since they arrived here. Only two interpreters — an American and a Russian — were with them today.

Assistant White House press secretary Murray Snyder said the President extended his invitation "a couple of days ago, and it was confirmed this morning."

Traveling without a security escort of any kind, the uniformed Zhukov sped into Eisenhower's Lake Geneva villa four minutes in advance of the 12:30 p.m. luncheon hour.

Zhukov was accompanied only by the chauffeur of his black Zis limousine and interpreter Oleg Troyanovski.

Charles E. Bohlen, U.S. ambassador to Moscow, arrived a few minutes before Zhukov to serve as Eisenhower's interpreter.

As was the case when Eisenhower was host to the Soviet delegation at dinner Monday evening, newsmen were barred at the gate today.

'Arry Back 'Ome Hafter 'Arrowing Hexperiences

DETROIT (AP) — Police were somewhat baffled when Robert McCormick reported the loss of little 'Arry, his eruvian cavy.

They weren't much enlightened when McCormick explained that a cavy is a short-tailed-rough-haired member of the guinea pig family, usually less than a foot long.

'Arry, so named because McCormick imported him from Australia where Cockney accents are occasionally heard, escaped from a box while McCormick was carrying him through downtown Detroit.

Police hadn't far to look. A block from where the animal disappeared they spotted a crowd and in the center of the crowd was little 'Arry, thoroughly bewildered.

Officers said he was only too happy to return to the privacy of his cardboard box.

Divine Guidance Asked for Summit Conference

Delivering the invocation at last night's City Commission meeting, the Rev. Fred R. Tiffany, of Bethany Baptist Church, asked the Lord to guide the four heads of state meeting in Geneva as well as Pontiac's commissioners.

"We pray that they may realize they are the Big 5, not just the Big 4," the clergyman said.

The heads of the United States, Britain, Russia and France are attending the "summit" conference in Switzerland.

Anyone for Dominoes? Johnson Fit for Game

WASHINGTON (INS) — Senate Majority Leader Lyndon B. Johnson is getting along so well in his recovery from a heart attack that he's even playing dominoes with his congressman.

An aide said the 46-year-old Texas Democrat also spends his time at the Bethesda Naval Hospital listening to the radio, watching television and reading newspapers.

Suzan Ball Suffering Relapse of Cancer

DUARTE, Calif. (AP) — After a complete evaluation of actress Suzan Ball's condition, physicians at City of Hope Hospital have announced that she is suffering from a recurrence of cancer.

It was cancer that made it necessary for her right leg to be amputated 18 months ago. The hospital did not announce yesterday where cancer has struck again. Unofficial but authoritative sources have said it is cancer of the lung. She has been hospitalized since July 5.

Confessions of a Displaced Alligator

Elusive Visitor Comes Clean After Long Lake Job

By AL A. GATOR

I was an alligator for the FBI.

I probed the depths of Lower Long Lake, in desperate search for submersible subversives, disloyal dogfish, and turncoat turtles.

LOWMAN

For my patriotic duties, I have been much maligned by newspaper men, scorned by conservation officials, and had guns pointed in my direction by wary policemen.

The good name of alligator has been dragged through the mud.

For this reason, I have come forth (figuratively, not literally) to set the record straight, and clear the name of Mrs. William Singleton of Bloomfield Township, and her sharp-eyed son Danny.

They were quite right when they notified newshounds that they had observed me prowling the lagoon behind their home.

* * *

But what could I do? Scream—"I'm a counterspy for the FBI" and have the whole lake aware of my mission.

I wanted to unburden my soul to Press Jungle Editor Al Lowman, and his assistant, Arnold Hirsch, as they criss-crossed the lagoon—the first newsmen to do so.

It would have cleared them of their publisher's charges that they had a holiday at his expense. But I was sworn to the secrecy of my mission—a spot check of loyalty in submarine creatures of the Great Lakes area.

Worst of all, I have been mistaken for turtles, a pair of muskrats, and even a lowly garpike. Apparently they didn't see my badge!

* * *

And then that nasty bunch from the Detroit papers began towing dead chickens behind their boat. Ugh! Situations like that make my missions even more dangerous. Things welled up in me, but I kept my teeth clenched.

Then some wise guy from Sarnia, Ontario, comes up with a svelte looking 'gator called Agnes to lure me from my job.

He tortured her on the beach, right before my eyes, in the hopes that I would forsake my trust, and rush to the rescue of the poor damsel.

Forsooth, the "brainwashing" of these fiends did not deter me from my mission, which is now completed. I am off to another assignment, with fond regrets of the disturbance I caused in Oakland County's Lower Long Lake.

In my little alligator-leather address book will go the name of Agnes, and a description of Oakland County:

"Nice lakes, but excitable residents with homicidal tendencies."

(Editor's Note: The Press is in receipt of the above information and is passing it along for what it is worth. Skeptics are invited to discuss the situation with Press Jungle Editor Al Lowman anytime between 2 and 3 a.m. on alternate Easter Sundays.)

Army May Pull Support Troops in Far East

WASHINGTON (AP) — The U. S. Army is thinking of bringing home about 17,000 rear echelon personnel in an effort to trim its Far Eastern strength without pulling out any of the three divisions stationed there.

Pentagon officials said plans call for keeping three reduced-strength divisions and one airborne regimental combat team in the Far East.

Army strength in the Far East now totals about 150,000 men.

Rochester Man Dies in Florida

Raymond C. Green Was Active Democrat, Also Aide to Gov. Comstock

Masonic graveside services for Raymond C. Green, 80, under the auspices of Rochester Lodge No. 5, F&AM, will be held in Mt. Avon Cemetery, Rochester, Thursday, following an 11 a.m. service at the William R. Potere Funeral Home.

Mr. Green, a Rochester resident who for many years was active in Democratic affairs, dramatic circles, and was Gov. William Comstock's aide in administrating the state sales tax, died in St. Petersburg, Fla., Sunday, where he had been since last fall.

A Rochester merchant and later in the ice business, Mr. Green had been president of the Michigan Ice Dealers Assn. for a number of years.

He was chairman of the Avon Township Democratic committee for a period and was an active playwright. Mr. Green produced a number of home town plays, opening the old Idle Hour Theater in Rochester with one of his productions. He was founder and president of the Rochester Dramatic Club and the Raymond Green Players.

Following the death of his wife Edith, he married Mrs. Jessie Gregory, who died recently.

Mr. Green is survived by his daughter, Sylvina Mount of Houghton Lake, and one grandson.

move on to the security problem—second on the agenda after Germany. It was expected the two questions would be discussed together.

Western leaders had recognized the close link between the German and security issues, but they had won top priority yesterday for German unification, which they considered the most vital problem in Europe today.

The Russians after a day of discussion on the German question proposed that the talks move on to the next time of business.

Although the outlook for any sort of agreement on Germany appeared dim, one American source said the shift to security certainly did not mean that the German discussion was finished.

Two Held on Bond After Arraignment

Charged with an attempted breakin of a filling station here, two Pontiac men were being held on $2,000 bonds today after their arraignment before Municipal Judge Cecil McCallum.

Robert Thompson, 38, of 13 LeGrande Ave., pleaded innocent while Donald Lockwood, 30, of 1220½ Baldwin Ave., waived examination. Both are scheduled to appear next Wednesday.

They were arrested by Pontiac Police Saturday night after failing in an attempt to enter the filling station at 910 Joslyn Rd.

Dancer Wins $58,000 Damages for Injury

LOS ANGELES (AP)—Damages of $58,000 have been awarded dancer Zona Fe for auto accident injuries she claims she sustained while a passenger in composer Vic Schoen's car in Las Vegas, Nev.

She charged that when she refused to let him kiss her he refused to let her leave the car, which overturned as he drove away at high speed. She alleged that she suffered back and leg injuries that prevented her from dancing again. Schoen denied making any advances.

Damages Asked in Fatal Crash

Suit Seeks $350,000 From Estate of Late Gordon Wyrick

A $350,000 damage suit has been launched in Oakland County Circuit Court against the estate of the late Gordon F. Wyrick, former operator of Gordon's Flying Service at Pontiac Municipal Airport.

Wyrick, 41, and five Benton Harbor people were killed July 23, 1953 when a twin-engined plane piloted by him struck a mountain peak in Tennessee on a flight to Miami.

Suing is Mrs. Dorothy L. Paxton, wife of Gordon Paxton, a Benton Harbor industrial designer who died in the crash. Mrs. Paxton contends that responsibility for the accident rested with Wyrick.

The crash occurred near Pikeville when the plane apparently eincountered bad weather conditions. The flight was to demonstrate the plane to one of the other passengers, a prospective buyer.

Specifically named as defendant in the suit is Wyrick's widow, Felicity. No hearing date has been set.

Naming Stalls Union Merger

CIO Balks at Keeping AFL as Title of New Labor Organization

WASHINGTON (AP) — Wedding bells for the merger of the AFL and CIO bonged on a discordant note today with word that the CIO will insist on a new name for the merged labor federation.

century.

The AFL has been hoping to retain "American Federation of Labor" as the title. This is the name the senior organization has used since well before the turn of the

The younger CIO, it was learned, has taken the definite position that it will jilt the whole merger idea unless the AFL agrees to a fresh name.

This became known as AFL and CIO leaders prepared for a closed dinner meeting tonight to iron out remaining merger problems.

Virtually all arrangements for the merger have been completed, except to name the new group. The actual consolidation is supposed to be sealed at a series of conventions in New York city, next December.

Unless there's a brand new name there just won't be any merger, one top CIO official said.

However, CIO officials said they believed the merger preparations are so far advanced that the issue of a name would not be allowed to stand in the way.

Rader Examination Postponed to Aug. 4

The examination on a manslaughter charge of Hugh L. Rader, 60, of 270 Pine Lake Rd., West Bloomfield Township, has been postponed from tomorrow to Aug. 4, according to Springfield Township Justice Emmett J. Leib.

Rader, a Highland Park lumber dealer, is charged with negligent driving in an accident June 27 resulting in the death of John C. Welch, 18, of 128 Oakwood Rd., Farmington.

The adjournment was secured by Rader's attorney who asked more time to prepare his case, Leib explained. The accused is free on $2,000 bond.

Man Denies Felonious Assault Charge Here

Charles Clark, 43, of 408 California St., charged with felonious assault, pleaded not guilty when he was arraigned yesterday in Municipal Court.

City Commission Session Features Spectators' Views

The spectators did more talking than the city commissioners last night.

A good natured crowd, composed of residents interested in the large number of public improvements on the agenda, plus 30 members of the Pontiac New Citizens League, almost filled the air conditioned Commission Chamber.

About all the Commission could do was listen and answer a question or two as residents either protested or spoke for an improvement.

Some of the anti's won their points and had their projects deleted from the 1955 program or at least got two weeks to present protest petitions. Others were overruled on the basis of the general good of the community and took it with grace.

One project eliminated was for sidewalks on the north side of Voorheis road from Ottawa drive to the west line of Seminole Hills. Deferred for petitions were plans to construct a water main through Kennett Gardens and curb, gutter and drainage on Hazel avenue from Telegraph road to Starr.

Overruled were the folks who said the pedestrian traffic did not warrant sidewalks at this time on the north side of Orchard Lake avenue from Voorheis to Telegraph.

AGREEMENT APPROVED

The visitors heard the Commission approve an agreement with the Grand Trunk Western Railroad for raising the grade of the Rundell street crossing six inches.

City Manager Walter K. Willman recommended sale of city-owned land near Telegraph road and Orchard Lake avenue to the state and to the Vernor's Ginger Ale Co. for $13,500. The deal is in connection with the grade separation to be constructed there soon.

A message from the Pontiac General Hospital Board of Trustees asking that the city furnish 59,400 square feet for parking at the hospital was referred to the informal meeting of July 28. Also referred to that meeting was a pay raise for the municipal court clerk.

Approved was sale of city lots in Dixieland Subdivision, assessor's plat 7 and Pleasantdale Subdivision. A public hearing was set for Aug. 9 on an ordinance to rezone to manufacturing 1 land on the north side of Walton boulevard west of Joslyn following first reading of the ordinance.

TRANSFER OKAYED

The Commission sanctioned a request from William Janicki to transfer ownership of a package beer and wine license now held by Victor J. Budnik Jr. at 70 Auburn Ave.

Received and filed was a summons in a Circuit Court case over Myrtle drive, a private street some persons want made public. A petition for a sanitary sewer on the west side of Baldwin avenue from LeGrande to City Line road was tabled after being deferred from the July 7 meeting.

Engineer's estimates were presented and public hearings set for next Tuesday night for the following curb, gutter and drainage projects:

Park place from Hovey to O'Riley.
Edna avenue from Telegraph to Dawson Mill Pond.
Marshall street from Elm to Michigan Airline Railroad.
Anderson street from Elm to Michigan Airline Railroad.

Estimates were also given and hearings set for sidewalks on the east side of Marquette street from Nelson to Edison and for a sanitary sewer on Russell street from Osmun to the north line of Murphy Park.

Public hearings were held and the city assessor authorized to prepare special assessment rolls for the following curb, gutter and drainage jobs:

Edward street from Myra to Orchard Lake.
Elm street from Marshall to 120 feet east of Going.
Nebraska avenue from Bagley to Franklin road.

Other hearings were held and confirmation deferred on special assessment rolls for the following sidewalk projects:

West side of Jessie street from Auburn to Whittemore.
West side of South Johnson avenue from south line of lot 2, assessor's plat 74, to Orchard Lake.
North side of Menominee road from Seminole to east line of lot 18, Crofoot Western Addition.
North side of Orchard Lake avenue from Voorheis to Telegraph.
West side of Paddock street from Elm to Raeburn.
East side of Telegraph road from West Huron to north line, Ottawa Hills Subdivision.
East side of Telegraph road from Ruth to Golf.

Assessment rolls were confirmed for blacktop pavement on:

Wisner street from Cass to Short.
Florence avenue from Augusta to D.G.H. & M. Railroad.
Rundell street from Saginaw to Baldwin.
Stout street from Green to Palmer street.
Linden road from James K to Smith drive.
James K Boulevard from Voorheis to city limits.
Smith drive from Josephine to James K.

A public necessity resolution was passed for a combined sewer on Hollywood avenue from Kennett to St. Louis and on St. Louis avenue from Hollywood to Baldwin.

Another resolution was passed receiving a special assessment roll for sidewalks on both sides of East boulevard from Perry to the west line of Green and Sarko and Eastview subdivisions.

The length of the meter was first defined as a ten millionth part of the quadrant of the earth's meridian but was later defined in terms of wave lengths of red light under specified conditions.

Red Cross' Committee Sessions Resume in Fall

Executive committee meetings of the American Red Cross will resume in September, announced Rev. William C. Hamm, chairman of the Oakland County Chapter.

However, he said the executive committee will remain on call during the summer months for any emergency that should arise.

Adolph Klein, chapter treasurer, announces that the only working executive committee during the summer will be the finance group.

This committee will meet during the summer with the Pontiac area United Fund officials, along with township U.F. budget panels and the Detroit U. F. Goal Allocations committee.

Others taking part in the meetings will be independent groups from Rochester, Holly, Lake Orion and Oakland Townships.

The blood advisory committee for the county chapter will meet at 11 a.m. tomorrow in the chapter house on Franklin Boulevard.

Mrs. John Blanchard, chairman of the committee, said she hopes to plan meetings of area committees when her group meets tomorrow.

Members at the meeting will discuss methods of recruiting larger staffs for bloodmobiles. Mrs. John C. Logan, chairman of service groups, will be present and discuss details of holding orientation meeting for those volunteers willing to work on the bloodmobiles.

Members of the Southern Oakland County Red Cross group will meet at 1 p.m. Friday in the Chapter headquarters on Franklin boulevard to discuss the staffing of area blood banks.

Dispute Over School Aid Results in Fight by Congressmen

WASHINGTON (AP)—Fists flew in a name-calling session of the House Education Committee today at which members defeated, 17-10, a move to deny federal school funds to states and local districts practicing racial segregation.

Members, who declined to be quoted by name, said tempers already made edgy by the segregation wrangle exploded in fisticuffs between Rep. Powell, Negro pastor of New York City, and Rep. Bailey (D-WVa).

According to accounts of the closed-door session, corroborated by several committee sources, Bailey charged Powell with seeking to destroy federal school aid legislation by insisting on an anti-segregation amendment.

* * *

In the ensuing exchange, the "lie" was passed and Bailey leaped up and swung on Powell.

Informants said Bailey landed one or more blows on Powell before other committee members separated them.

Accounts by committee witnesses said chairs were overturned and Powell was partially knocked off balance before Rep. Kelley (D-Pa) and Rep. Perkins (D-Ky) seized Bailey, and Chairman Barden (D-NC) and Rep. Landrum (D-Ga) got to Powell.

Taft Bell Tower Plans Approved by Senate Group

WASHINGTON (AP) — The Senate Rules Committee today approved unanimously a proposal to erect a million dollar bell tower on the Capitol grounds as a memorial to the late Sen. Robert A. Taft.

The plans call for a fountain-ringed white marble shaft, rising 115 feet from the grounds of Fountain Plaza, to house the bells which will ring out in tribute to the late senator. Taft, an Ohio Republican, was majority leader in the Senate at his death on July 31, 1953.

The unanimous approval was announced following a closed door meeting. The resolution now goes to the Senate for consideration.

The group also approved a resolution to create a special commission of Congress members and others to recommend plans for a memorial to the late President Franklin D. Roosevelt.

Rebellion in Saigon Routs Mrs. Mesta

first secretary of the U.S. Embassy, and an embassy Marine guard rescued them unhurt.

Taking as many of Mrs. Mesta's 17 pieces of luggage as they could carry, the group picked their way down the hotel's litter-strewn stairs to the street, where thousands of demonstrators were shouting and hurling stones.

As Mrs. Mesta stepped into an embassy sedan flying the U.S. flag, police fired shots into the air and exploded tear gas bombs.

"To the floor! To the floor!" the chauffeur shouted.

Mrs. Mesta and her party flattened as the car sped through the crowd and down Saigon's main street to the embassy. There she took a short breather to recover from the excitement, then went to the Saigon airport. She took a plane for Singapore, continuing the world tour during which she had stopped here for two days.

Dr. Sam Starts Life Term in Ohio Prison

CLEVELAND (AP)—Dr. Samuel H. Sheppard, convicted slayer of his pretty wife Marilyn, started his journey to Ohio Penitentiary today.

Nearly a year after his arrest, he was taken from county jail by Deputies Dave Yettra and Michael Uccello and placed in an auto shortly before 1 p.m. (See earlier story on page 13.)

To Probe Show People

WASHINGTON (AP) — At least a dozen actors and writers in television, radio and the legitimate theater are said to have been subpoenaed to appear Aug. 15-18 at a House Un-American Activities Committee hearing in New York on alleged Communist infiltration of the entertainment field.

The Day in Birmingham

School Board Approves City Study of Recreation

BIRMINGHAM — School board members last night approved a motion calling for a meeting with representatives of the City Commission, Recreation Board and the Board of Education to consider the city's recreation program.

They also favored adequate study of the matter, with the recreation board having the final word in approving any program proposed.

Questioning discussion grew out of a committee report written by City Manager Donald C. Egbert, which recommended closer integration of the three groups.

His plan calls for appointment of a recreation director by the recreation board. This person would work with two advisors named by the commission and school board.

DIVIDE CITY FACILITIES

Although the committee report has not been made public, Superintendent of Schools Dwight B. Ireland said the ultimate purpose would be to divide city facilities so they would serve only Birmingham residents.

"But school facilities scarcely could be limited to residents within our corporate limts," he said.

The school district extends beyond city limits. Since its facilities are used in the recreation board program, children outside city boundaries but within the school district are entitled to participate in the program.

However, the city's Springdale Park is currently for use by city residents only, and might be tied into the recreation board program if a solution is worked out.

Who will use the new ice skating rink has not yet been determined.

SUPERINTENDENT SPEAKS

Ireland also said, "I would not be willing to turn school facilities over to a recreation board director." He felt a school employe would have more of an interest in seeing that school facilities are properly maintained and not abused.

Under the program now in operation, Franklyn Whitney, a school employe, is city recreation director, and works closely with both the school and the city recreation board.

"Dual-headed organizations have not been successful in many instances that I know of," Ireland stated, in disapproving the naming of one director and two advisors.

Too often it creates a "pass the buck" type of operation, he said.

Among those in two of the 16 new cabins are Charles and Jerry Aiken, Wayne Beard, Robert Fitzgerald, Donald Schmidt, Dennis and Douglas Shaw, David Steele, Arthur Stuart, Ross Thompson, Charles and Richard Wyant and Dale Porter.

City Commissioner Florence Willett and Herbert Herzberg, planning technician, reported to the City Commission this week on their attendance at a hearing of the Michigan Racing Commission, Monday, where the two entered traffic surveys in opposing a race track under consideration at 14 Mile Road and John R in Troy Township.

Residents frequenting the track from this vicinity would have no choice but to travel across the already heavily-used Maple avenue, it was pointed out.

Mrs. Willetts would not hazard a guess as to when any decisions might be forthcoming from the racing commission. She added that those attending the hearing "were about equally divided in their opinions, with the percentage leaning a little more for, rather than against the track."

City Manager Donald C. Egbert says he is manipulating his broken left leg on crutches now. After a three-week stay at William Beaumont Hospital he was due at his Frank street home, via ambulance, this afternoon.

His injuries were suffered in an automobile accident on June 27.

Army Clothing Maker 'Ruined'

Harry 'The Hat' Lev Says Senate Bribe Probing Hurt His Reputation

WASHINGTON (INS) — Harry (The Hat) Lev, who claims Senate investigators have "ruined" him, returned to Chicago today.

The Justice Department is studying the possiblity of calling a Federal Grand Jury to look into testimony concerning Lev and others involved in military clothing procurement.

The 51-year-old immigrant from Poland, who amassed a fortune making caps for the Armed Forces, announced yesterday that he is "no more a millionaire."

He made a brief return appearance before the Senate Investigations Subcommittee and denied a former employe's death bed charge that Lev's gains from the government had been ill-gotten.

The accusation was made by Hyman Roskin, of St. Louis, three days before he died of cancer on June 29. Roskin told the subcommittee Lev had bribed government officials, but on the stand yesterday, Lev called Roskin a gambler who had "double-crossed" him.

Lev repeated all his past denials of bribing military procurement personnel. He scoffed at a charge by Michael Weintraub, a former quartermaster inspector who preceded him on the stand, that Lev had offered him bribes.

But in carrying out a promise to account for some $200,000 in cash he passed around in 1952 and 1953, Lev could only recall where $154,000 of it went. A month ago, he couldn't account for a penny.

Almost $100,000 was spent on gifts, Lev said, and most of the remaining $54,000 on loans.

Studebaker Operations Resume After Walkout

SOUTH BEND, Ind. (AP)—The Studebaker plant of the Studebaker-Packard Corp. resumed operation today after being shut down by a walkout that started last Thursday.

About 100 workers on the final assembly line had left their jobs in a dispute over seniority rights. This made about 9,000 employes idle.

City Asks New Ordinance for Cement Mixing Plants

Because the city lost a law suit in Circuit Court, City Attorney William A. Ewart last night was instructed by the City Commission to prepare a new ordinance controlling cement mixing plants.

Ewart told the Commission Circuit Judge George B. Hartrick ruled in favor of F. G. Van Horn & Sons Co., a cement block and ready-mix manufacturing firm, in the firm's suit against the city over a building permit.

In February, 1954, the city building inspector issued a permit to Van Horn for construction of a new concrete mixing plant at 115 W. Walton Blvd. in a manufacturing 1 zoned neighborhood.

Opposition arose from neighbors who feared a dust nuisance and a month later the City Commission adopted a resolution calling for revocation of the permit "and construing the law as prohibiting a cement mixing plant in M-1," Ewart told the Commission in reviewing the case.

Although the building inspector, John Ryan (no longer with the city) refused to revoke the permit despite the Commission's action, Van Horn took the matter to court for a judge's ruling.

Then, several weeks ago, Hartrick handed down his decision that the ordinance did not spell out a prohibition of cement mixing plants in M-1 areas. He advised that the only control could be had under a new regulatory ordinance.

Following Ewart's report, the Commission instructed him to draw up such an ordinance. Ewart said it will provide for limiting dust and other nuisances created by all such plants in the city.

Meanwhile, the Van Horn company is undecided what to do now that it can go ahead. In the meantime, it has taken a 5-year lease on property at 2294 Auburn Ave., just beyond the city limits where it is operating a ready-mix plant.

"Our plans are indefinite," said Donald E. Van Horn, a partner in the firm.

Asks U.N. Seat for Red China

Burma's U Nu Offers Suggestion to Lessen World Tension

TOKYO (AP)—Prime Minister U Nu of Burma suggested today that simultaneous admission of Red China to the United Nations and release of Chinese-held American prisoners would "relieve a great deal of tension.

U Nu, who flew here after a tour of the United States, also told a press conference that he backed the proposal of Prime Minister Nehru of India for a world conference on Asia problems.

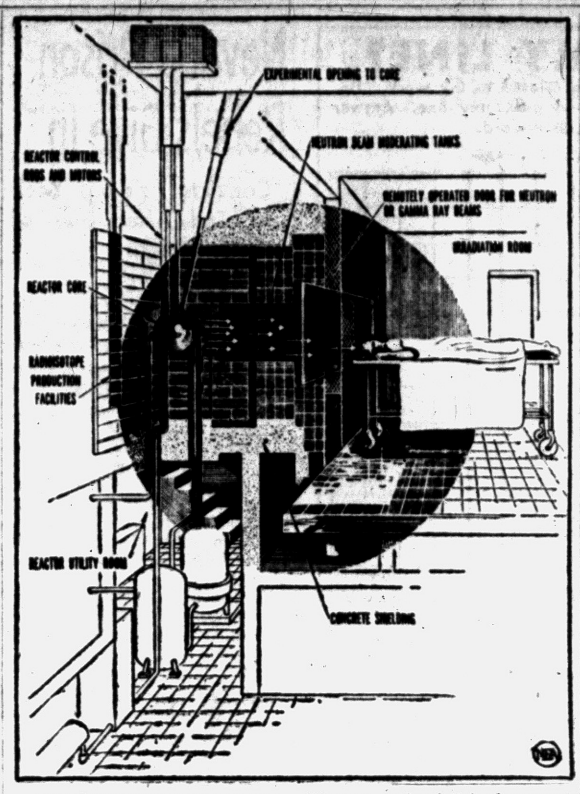

U Nu said Burma wanted American prisoners in Red China "released as soon as possible, just as we want the U. N. to admit China, perhaps simultaneously." It would relieve a great deal of tension, he said.

* * *

U Nu said he personally felt Red China should be represented at any world conference on Asian questions and also should be admitted to the U. N.

"One day the people of Red China will have to be accepted," he declared. "They can't be ignored forever."

U Nu then said, "I don't know what would happen to Nationalist China in such event. Two Chinas—this is quite impossible."

Power Failure Halts Long Island Trains

NEW YORK (AP)—Some 40,000 tired commuters, homebound after a sweltering day at work, were stranded yesterday by a 2½-hour power failure on the Long Island Rail Road.

At the peak evening rush hour a fallen high tension wire stopped all traffic through the East River tunnels—the only way for trains to get from Manhattan to Long Island.

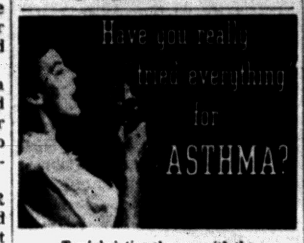

Although thousands of LIRR travelers jammed subways and taxis to get home, many stuck it out in the railroad's hot waiting room.

Red Puppets Uneasy Over Geneva Moves

VIENNA, Austria (AP)—The Czech Communist government showed uneasiness today over President Eisenhower's proposal to discuss Russia's East European satellites at the summit conference.

The government - controlled Prague radio expressed satisfaction that Eisenhower made no mention of the status of Communist bloc countries in yesterday's Geneva talks after referring to them Monday.

The Prague radio and Czech newspapers said "spontaneous demonstrations" had been held in Czechoslovakia in which workers "freely protest against any change in the present political regime."

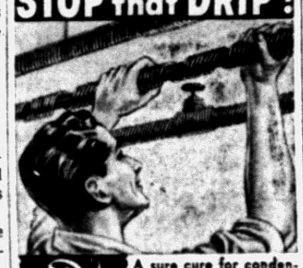

Nationalists Predict Purges in Red China

TAIPEI, Formosa (AP)—The official Central Daily News predicted today that large - scale purges would take place in Red China.

It based this prediction on the purge of Hu Feng, prominent figure in the Chinese Communist literary world, and Pan Han-nien, deputy mayor of Shanghai.

There were indications, the newspaper said, that internal strife within the Chinese Communist party was becoming sharper and sharper and that dissatisfaction with the Red regime was becoming more manifest.

Germans Refuse Red Proposals

Soviet Bid to Create Communication Channel to Adenauer Fails

NEW YORK (AP)—The New York Herald Tribune said today the Russians have made a behind-the-scenes move at the summit conference in Geneva to make direct contact with high West German diplomats.

The newspaper, in a dispatch from Geneva, said the Russian move was immediately turned down by Bonn officials in Geneva as conference observers.

The Herald Tribune story said the move amounted to a Soviet bid to establish a communication channel to West German Chancellor Konrad Adenauer and to drive a wedge between the Bonn government and the North Atlantic Treaty Alliance.

It added:

The West Germans in rejecting the bid were anxious to avoid any step that might cause the Western Big Three to become uneasy at a time when the West is urging the Soviets to permit reunification of Germany.

* * *

The Soviet offer came in the form of an invitation from Georgi M. Pushkin, Soviet ambassador to East Germany and adviser to the Soviet conference delegation, to Herbert Blankenhorn, head of the West German observers' group. The invitation was delivered Monday by a minor Russian diplomatic official to a private West German intermediary in West Germany.

* * *

Adenauer is vacationing at Muerren, a Swiss mountain resort about 90 miles from Geneva, but has a direct Teletype line to Blankenhorn's delegation. The Chancellor has not yet accepted or rejected the Russian invitation for him to visit Moscow to discuss establishment of diplomatic and trade relations between West Germany and the Soviet Union.

Recording Stars Slated to Sing at Dance Here

Three young recording stars will highlight the "Record Hop," dance at the Knights of Columbus Hall tomorrow night.

Sponsored by members of the Teresa Brewer Fan Club, area teenagers will be dancing from 9 p.m. to midnight at the Knight's Hall, 295 S. Saginaw St.

Jim Barnowsky, president of the fan club, said singers Pattie Ann Morris, Al Lamano, and Delores Carroll will appear in person.

The show will be the first of its kind offered for teenagers in Pontiac. The money will go to the St. Vincent de Paul Society, a national charity group.

The dance will feature an unusual decoration piece, a revolving miniature waterfall, mounted in the center of the stage. Huge wagon wheels also will be located on stage.

Besides Barnowsky, teenagers serving on the decorations committee are Mary Jo Sutherland, Annette Couture, and Nancy Dusanbury.

The use of the hall was donated by the Knights of Columbus, and Barnowsky said he expects about 400 teenagers to attend the dance.

Teenager Hanged in Freak Accident

BIRDSBORO, Pa. (AP)—A high school senior looped a belt around the branch of a tree, then under his chin to support his head while he sat on top of a washing machine reading comic books.

State policeman James Woods said the lid of the washer revolved under the boy, 17-year-old John Mattson, causing the belt to tighten around his throat and strangle him yesterday.

His stepfather Charles Morre found his body.

Woods said there were scuff marks on the ground by the washer where Mattson apparently tried to free the belt from around his throat.

Gable, 54, and his 37-year-old bride were married July 11 at Minden, Nev.

Nevada Prison Rebels Give In

Convicts Troop Back to Cell After Day of Quiet Strike

CARSON CITY, Nev. (AP)—Tired, hot and hungry, Nevada State Prison convicts who Monday afternoon started a bloodless rebellion against the prison routine, gave up the ghost last night without gaining a single point.

More than 200 of the rebels who had spent a night and a day in the prison yard lined up and started filing back into their cell block a few minutes after they had been warned by Warden Art Bernard the time had come for a showdown.

Nevada state patrolmen called to replenish the guards around the 60-year-old brownstone prison were "tired and won't wait much longer," the warden told a three-man committee representing the convicts.

Minutes later the committee returned with the word that the men were "tired and sick; they don't want anything."

An hour and a half later all were back in their cells.

The prisoners had demanded an interview with Gov. Charles Russell and better food, a change of the guard captain and prison doctor, better opportunities for parole—and more work.

Warden Bernard agreed on one thing, they should have more work and more chance for occupational training but, he added, the prison simply did not have the facilities.

BIG CAR RIDE

Plymouth, the biggest car of the low-price 3, gives you the smoothest ride of the low-price 3!

If you appreciate the comfort and smooth ride of a big car, Plymouth is just the car for you! This 17-foot beauty outshines the other low-price cars on these counts, just as it does in beauty, in size, in roominess, and in visibility. With either the thrifty 6-cylinder PowerFlow 117 or the high-flying Hy-Fire V-8, Plymouth conquers the road so masterfully you're apt to forget it's a low-price car.

Greater length for smoother ride: Because Plymouth is much longer and larger than other low-price cars, it gives you the smoother, steadier ride that only a big car can give.

New shock absorber mounts for more direct control: Plymouth's famous Oriflow "shocks," now longer than ever before, are mounted inside the front coil springs for direct 100% pillowing action. And new non-parallel control arms minimize body tilt and give you a more balanced ride.

Wider rear springs for greater stability: Plymouth's rear springs — angle-mounted for extra rigidity — have been widened to a full 2½ inches (wider than the rear springs of either of the "other 2" cars). This means far more twist resistance and less sidesway on curves.

New steering gear for easier handling: Plymouth's new low-friction steering gear, teamed with higher new steering ratios, gives you the easiest handling this side of Plymouth Power Steering. The wider front tread keeps the car more nearly level when turning.

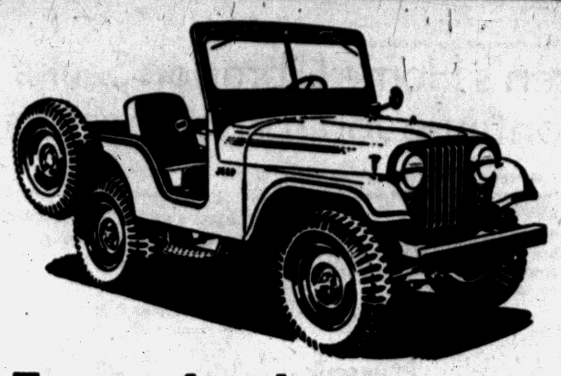

WHY PAY UP TO $500 MORE FOR A CAR SMALLER THAN PLYMOUTH?

Don't be fooled by the claims of medium-price cars that they cost practically the same as Plymouth. When you compare price tags, you'll find that, model for model, Plymouth sells for much, much less, and gives you more car for your money!

Senate Legislative Work Must Go On So Solons Pass 30 Bills in 10 Minutes

By ARTHUR EDSON

WASHINGTON (AP) — The Senate can hustle right along when it wants to, in spite of Sitting Bull and the inclination of at least one senator to make the same speech twice.

The eyes of the world are on Geneva this week, as the heads of four nations meet. But in the Senate, legislative life must go on.

And though a senator bows to no orator in his ability to loft the loftiest thoughts, considerable humdrum business still must be considered.

This is a side of congressional work rarely mentioned. But immigration snarls must be entangled, claims against the government must be paid, federally owned land must be sold.

In both houses the procedure in such bills is the same: The clerk calls out the number and title of the bill. If no one objects, the bill is passed.

* * *

A reporter clocked the Senate during one period when it was really rolling yesterday. In 10 minutes, the normally pokey Senate passed 30 bills, or one for each 20 seconds.

Naturally this pace wasn't kept up long, for various reasons.

Consider, for example, the case of Sen. Herbert Lehman (D-NY). He had a speech on a proposed Philippine trade bill, and had sent copies of same to the press gallery.

Lehman made his speech early. Then the trade bill came up, and here was Lehman with his speech already made.

* * *

Most observers felt Lehman recovered nicely. He grabbed a copy of the speech he already has made, and while he didn't make exactly the same speech, he came close.

Despite the doubleheader by Lehman, the bill didn't pass. The objection was made that it was so important it should be given full debate later.

But it was Sitting Bull, the great Sioux warrior, who really slowed the Senate.

A proposal was made to give North Dakota a piece of land where the chief "was originally buried."

Up rose Sen. Douglas (D-Ill) to inquire gravely:

"Not to make a play on words, but is not the question before Congress, where does Sitting Bull lie?"

Well, one thing led to another, and the first thing we knew the Senate also was wondering what had happened to the bones of Sacajawea, who guided Lewis and Clark.

For all the talk, no conclusive evidence was presented on the final resting places of either Sitting Bull or Sacajawea.

But the Sitting Bull bill passed, and the Senate hurried on.

TOKYO (AP)—Typhoon Fran, packing winds of 135 m.p.h., moved toward central Japan at 18 m.p.h. today. If she doesn't change course or speed, Tokyo's Central Weather Bureau predicted, she will slam into Japan southwest of Tokyo sometime tomorrow afternoon.

Health Secretary OK'd

WASHINGTON (AP) — The Senate today confirmed the nomination of Under Secretary of the Treasury Marion B. Folsom to succeed Mrs. Oveta Culp Hobby as secretary of health, education and welfare.

News for Peach Growers

Stanley Johnston has done it again.

This personable expert at the South Haven Agricultural Experiment Station has brought out two new varieties of peaches, Sunhaven and Richhaven, which may play an important part in keeping Michigan in the forefront as a fruit producing state.

★ ★ ★

The Sunhaven ripens ten days earlier than the Richhaven. That means money in the pocket of the producer, for the first fruit getting to market brings the top price. It is intended for the fresh market. The Richhaven is dual purpose, for the fresh market and also for commercial canning.

Both the new varieties have undergone extensive tests, which have been followed with interest by fruit growers. Soon the public will have a chance to express its opinion.

African Animals Periled

In the opinion of Dr. Bernard Grzimek who directed restoration of the war damaged zoo in Frankfurt, Germany, the future is dark for African big game animals.

Actually this widely known expert believes these wild creatures will be exterminated before the end of this century by the rapid growth of the African population. In support of his prediction he quotes some startling statistics.

★ ★ ★

For example, in all of Africa there remain only 6,000 to 10,000 gorillas. At present the elephant population is estimated at 200,000. Most alarming of all, the beautifully maned Cape lion is extinct. The only members of that branch of the cat family surviving are the ordinary ones.

While Dr. Grzimek considers African game preserves splendid institutions, he thinks they, like the big game animals, will disappear under the pressure of mushrooming human population. In the next 50 years it is believed the 200,000,000 Africans and a few million whites are expected to double their numbers.

★ ★ ★

The reason for that, of course, is the big change which has taken place in Africa. Formerly the population was kept at a fairly stable level by tribal wars and disease. Civilization and modern medicine have brought the change and this progress bodes ill for the wild animals of veldt and jungle.

Fickle Public

Many factors enter into any buyer's choice of a new automobile. Color used to be an extremely minor factor. Today, if one is to judge from the startling array of colors on the highway, it may be growing in importance.

One big manufacturer says that more than half its output currently is in contrasting color combinations. And white is one of the colors on forty per cent of its output. Yet only three years ago white was virtually unknown.

★ ★ ★

Trying to anticipate how important various changes will prove in increasing car sales is one of the interesting problems in the motor industry. All the big manufacturers use consumer surveys, yet there still is a lot of uncertainty in the minds of the builders until they get the first real evidence of a new model's reception.

"Honest politicians are getting scarce," says a columnist. Yes, indeed—and so are horse feathers.

Peso to Remain Stable

News of interest to most tourists is that both private and official institutions have been concentrating on an all-out two pronged drive to stabilize the peso in Mexico.

The first quarter of the year has passed with increased confidence and security. Aims have been, to increase exports and increase productivity, thus cutting imports.

In its June report the Banco de Comercio Exterior (Foreign Commerce Bank) states that the balance of payments is up, and pinpoints credits granted to exporters, as well as large ploughing in of money to raise agriculture productivity.

★ ★ ★

Prospects for the year are good, says this report, pointing to cotton and henequen as good dollar revenue futures.

So for the visitor to Mexico, the chances are the peso will be stable for the next year or two.

Feet of Clay

David Lawrence Says:

Any Topic Is Fair Game for Soviets at Big 4 Talks

(This is an outline of the tactics of the Soviet Union, and an analysis of significant information coming from Paris, Geneva, New Delhi and Bonn relating to the future of the four-power conversations.)

Sensational developments may come soon to emphasize the much-talked-of new "spirit" which the Soviet Union is anxious to show to the world.

* * *

The Cominform (Communist Information Bureau) which was set up in 1947 to coordinate the activities of the Communist Party in Bulgaria, Czechoslovakia, Yugoslavia, Hungary, Poland, Rumania, Italy and France with those in the Soviet Union may be dissolved.

This would be a first step by the Soviet toward fulfilling the cry for "deeds, not words." But it would merely mean that the coordination will go "underground." For, when the Comintern (Communist International), the predecessor organization established in 1919, was ordered dissolved in 1943, the work was continued in much the same way.

But Prime Minister Nehru of India, who was a recent visitor to Moscow, considers the forthcoming dissolution of the Cominform "logical" now as a corollary to "peaceful coexistence." The Soviets, of course, will argue that the move is an answer to the Allies' demand that their activities of a subversive and infiltrating nature be abandoned.

RED TACTICS CLEAR

The Soviet tactics in handling the Big Four meeting at Geneva in other respects have become crystal clear. First of all, the Russians agree to discuss anything that comes up but they are careful not to settle anything.

* * *

Thus, reunification of Germany is a delicate question and the world was surprised that Foreign Minister Molotov agreed so readily to put it first on the agenda. The Soviets saw no harm in discussing everything provided they didn't have to reach any conclusion. So Bulganin discussed German reunification all right, but said conditions were not ripe yet and that other things had to come first, such as the need for closer commercial relations and exchanges of diplomatic delegations.

What Bulganin meant, of course, was that the Russians want to talk with Chancellor Adenauer of West Germany when he goes to Moscow, and they prefer to bargain with Adenauer rather than with the three Western governments at Geneva.

ADENAUR FIRST

President Eisenhower and French Premier Faure can argue all they like against delay—as, indeed, they did with Bulganin—but the Soviets have already made up their minds to bargain first with Adenauer after the Big Four meeting. So it is natural for the conference to switch to other subjects on the agenda, and before the Geneva meeting is over they will have talked about everything from the emancipation of the satellite states, as desired by the western envoys to Geneva, to the "liberation" of Formosa, as demanded by the Russians.

* * *

Each side will make its position clear and let it go at that. But it would be a grave mistake to write off the Geneva conference as just a talkfest. It is easy to underestimate the importance of what is going on in the Swiss town where the top men of the four major powers are gathered.

The pressure for peace which is coming from all parts of the world is tremendous. It is certain that the impact of world opinion is fully comprehended by the Soviet spokesmen, for they have lately shown a keen awareness of the trends of public thought everywhere. They do not want to be placed again in the position of obstructionists.

What is going on at Geneva is a dramatic example of morale force in operation. It means that all the world is pressing intensely for a sincere discussion.

FAR-REACHING EFFECT

But, to be realistic, it is necessary to understand that what is said at Geneva will take a long while to sink in and that the argument and debate over the most delicate of issues cannot but have a powerful influence on future conferences when the subjects are discussed further either in similar meetings or at sessions of the foreign ministers.

* * *

The world is fearful of a nuclear war. Soviet Russia knows it cannot precipitate a big war without risking destruction and President Eisenhower's emphatic statement that America will never start an aggressive war may possibly be accepted in principle by the Russians because they do have faith in him. But mostly they can accept it because they know that the freely elected American Congress has to vote on war and never would sanction an aggressive war.

It is fair to ask, however, what assurances the Soviet Union can give against aggression. That's the crux of the problem and, when the Russians can offer a convincing answer on that point, they will not need to worry about an attack from any quarter—not even from a rearmed Germany.

For, as Eisenhower pointed out, the North Atlantic Treaty Organization can protect Soviet Russia, too, from any future aggression by any member of that union, which now includes West Germany and should some day include East Germany as well.

The Geneva debate isn't conclusive, but it is healthy and will help to clear the air even in Moscow.

Retiring Children's Home Librarian Seeks Volunteer to Continue Job for Youngsters

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

I have spent the past nine years serving the library at the Oakland County Children's Home, but feel on account of my health I must give up the work.

The library opens one day each week. It's a well-set-up small library with the usual card catalogue and the children seem to enjoy it. The work is very worthwhile. Many of the occupants of the home are there for a home.

It would be a fine gesture for a retired teacher interested in helping unfortunate young people, both educationally and morally.

If interested, please call Mr. William Moultin, superintendent of the Oakland County Children's Home, FE 2-8314.

'Women Drivers Deserve Same Courtesy as Men'

I wholeheartedly agree with the writer who says a little common courtesy will curtail traffic accidents.

However, my heart bleeds for the poor, frustrated female driver who doesn't receive the amount of courtesy she desires while she heavy-foots the 200-plus horsepower wagon along the highway or street.

Any dizzy, driving dame that thinks she rates more courtesy than anyone else shouldn't be in the driver's seat in the beginning.

Granted there are good women drivers, but I wonder what classification this one falls into.

Work Break May Hatch Creative Business Ideas

By MERRYLE S. RUKEYSER
INS Economic Commentator

In the care and feeding of business executives, the first principle is not to confuse putting in hours at a desk with being productive.

* * *

Long an original thinker in economic and related matters, Bernard M. Baruch once told me that he achieved most when away from the clatter of the city riding on a horse in his South Carolina ranch. In recent years, Baruch has popularized the concept that his second office is a park bench.

Be this as it may, it is essential to recognize that the elite of idea men in business and finance aren't limited to a 35-hour week. Brain activity may develop a creative idea over the luncheon table, at a dinner party, or while in theater or a concert hall.

In setting down bench rules for stimulating executives to think creatively, Frederick D. Randall, an Eli Lilly and Co. official, in the current Harvard Business Review, points out:

BALANCE NEEDED

"The ideal approach, then, would seem to be developing a good balance between work and relief from work in the executive group. This implies recognition by management that:

* * *

"It is proper and desirable to stop and chat with others in the organization, and the scheduled rest periods are useful and productive.

"The man who is chained to a pile of paper work day after day and night after night without a break may be limited in his creative output.

"Vacations are designed to relieve the mind from close concentration on the daily problems and are most valuable if the individual uses them as such.

"A man's mind may make its most important creative contribution on the night that the briefcase full of work is left at the office."

Randall—and his observations are especially timely during the present vacation season—added:

"In many organizations, planning and control are developed to a high degree of accuracy and efficiency. In the interests of creativity, however, planners should remember that the imagination is not governed by the laws of mechanics or physics.

Creativity does not come pouring out like the parts from a punch press when we push the button marked 'on.' Rather, as study of the basic thought process shows, it is a highly unpredictable operation, dependent on the individual's skill in bringing about an extremely delicate combination in one of mankind's most delicate organisms, the human mind."

In discussing the bearing of business atmosphere in which an individual works on his output of creative ideas, Randall declares:

"Certain physical or mechanical factors are, of course, very important. For example:

* * *

"The organization should be one that gives the individual free access to associated ideas, both horizontally and vertically, from superiors as well as from peers.

"The group make-up should be one which tends to bring together a variety of backgrounds and experiences so that they stimulate and assist each other in the imaginative process.

"Formal communications should be such as to bring a good volume of associated information to the individual so that he may more effectively orient his knowledge.

"The training should be designed to help him understand his function in correct relation to the work and objectives of the total group."

Smiles

Carelessness is going to spoil a lot of beauty spots this summer—if they happen to be picnic spots.

The car a fellow drives doesn't necessarily give you an idea of what he makes. It may indicate what he owes.

It must be wonderful to have enough money to make your relatives write to you.

When some of the flowers come up from seed in your garden, any resemblance to the pictures on the packets may be purely coincidental.

A beauty expert says women lose their figures only because they're lazy. The mother of eight kids will appreciate this.

THOUGHTS FOR TODAY

And that from a child thou hast known the holy scriptures, which are able to make thee wise unto salvation through faith which is in Christ Jesus.—Timothy 3:15.

Case Records of a Psychologist

Secret of Success in Marriage Rests With 'Emotional Age' of Husband, Wife

Lorna asks a very pertinent question. Can you answer it? Everybody has five quintuplet selves. How do your look when you meet your friends on the street? Are some of your selves stunted and dwarfed? Beware of that fifth self which causes most divorces.

By DR. GEORGE W. CRANE

Case O-387: Lorna V., aged 20, is a college senior.

"Dr. Crane, I have been studying your textbook in college," she informed me at a recent public meeting which I addressed.

"You mentioned that people are rated on the basis of five different ages.

"Which one is most critical as regards freedom from divorce? I am planning to be married soon, and I never want to see my home broken by divorce, for I've been reared in a broken home and know what it means."

FIVE AGES

In psychology we usually talk about the following five ages, against which each of us should be measured.

* * *

First, chronological age. That's the calendar age which you celebrate at birthday parties.

Second, we discuss physical age. It shows the maturity of your bones and other evidences of bodily development.

For example, girls are physically older than boys as they enter the teens.

BOYS DIFFER

Some boys, too, may be 6 feet tall at the age of 12, whereas others may not attain that height till 19 or 20 years.

* * *

Some girls at the age of 9 or 10 will begin menstruating whereas others don't start till 15 or 16.

And in case of glandular disturbances, some men and women of 25 may still be immature teenagers, physically.

You readers should thus visualize yourselves as quintuplets. As you walk down the street, are your five ages of the same level, or are you stunted and dwarfed in some of your five selves?

The third age that we psychologists mention is mental age. Feebleminded people may be 21 years old chronologically and physically, yet have the mental age of a 3-year-old child.

And brilliant children aged 9, may have the mental age of an average 12-year-old.

EDUCATIONAL AGE

The fourth yardstick is your educational age. Many mountaineers were tested during the war and found to be so retarded educationally that they could not read or write.

Psychologists finally developed a non-verbal intelligence test for them and found that their I.Q.

was normal or often superior. So low school attainment is not synonymous with low IQ.

The fifth and last one of your five quintuplet selves is your emotional age. You can be 21, with a mature physical body, an IQ of 100, and a high school diploma, yet still act stupidly.

Yesterday I described Dr. Bert who was a success as a physician, yet flashed his money like a show-off kindergartner. His emotional age was low.

* * *

And this is the age that explains why many marriages go on the rocks. For one or both parties in a divorce are usually emotionally immature.

They may have no sense of money values, so they make a down payment on anything that pleases them, failing to realize that their entire salary may not be enough to pay all those subsequent instalments each month.

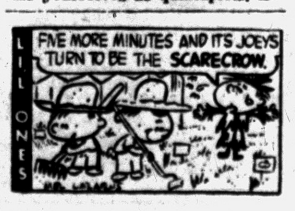

Or they gamble and drink and suggest exchanging wives at their drunken brawls.

Or they two-time their mates and act like the toddler who hasn't yet learned the meaning of property rights.

Send for my 200-point "Rating Scale for Husbands & Wives", and use it to see if you are emotionally mature. Enclose a stamped, return envelope, plus a dime.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and a dime to cover typing and printing costs when you send for one of his psychological charts.

Reader Suffers Allergy in Air-Conditioned Room

By WILLIAM BRADY, M. D.

A lady has a rash on neck and back. She has spent the usual small fortune for treatment without benefit.

Phenomenal how such expenditures grow as time passes! Long ago when I was an honest doctor in Pen Yan this approach by a new patient filled me with dismay, for I found that in such cases I had just one crack at it, and if I failed, that was all.

* * *

But then, on the other hand, even if by happy coincidence the trouble had run its course just as the patient came to me, the chances were the patient would decide it must have been a trivial ailment and I had a lot of cheek to charge $2.

Please write on allergy and air conditioning, the lady requests. Calcicaps, three a day, have done her tremendous good. No more does she have hay fever or asthma, except in an air-conditioned place. Thanking me for her extreme good health she is mine sincerely . . .

By quick reflex action I managed to hold back from the chucker most of the lady's letter. That extraordinary allergy with air conditioning — I must have read it too hurriedly. No, that's what the lady says — she is free from hay fever or asthma except in an air-conditioned place.

MYSTERY DEEPENS

Normally we would expect an individual with allergy to be less miserable in air-conditioned environment than elsewhere, or at any rate not more miserable. But this lady asserts that she no longer has hay fever or asthma anywhere else!

* * *

Oh-oh. Now I notice that the chucker didn't chew off the first part of the letter, about the rash on neck and back.

From its distribution it sounds like an allergic rash, caused by proximity to some plant such as primrose, or poisoning by hair dye or by dyed fur. If the hay fever or asthma is due to plant allergy the plant responsible may be in or near the air-conditioned place.

It should not be difficult to solve the mystery by observation of the lady's habits and environment. But the nature of allergy remains obscure. No one has come up with an explanation of the susceptibility of a minority of persons and the immunity of the majority to allergic troubles. No eminent medical authority, that is.

CALCIUM SHORTAGE

The one-horse-and-buggy doctor who conducts this column believes calcium deficiency has a good deal to do with it.

Ask in writing, signed, for the pamphlet Relief for Allergy, and inclose stamped, self-addressed envelope for a pamphlet on Asthma, or one on Hay Fever or one on Hives, or one on Exzema, inclose 20c for each additional one.

* * *

More and more growing children and adults suffer from calcium deficiency nowadays because the everyday diet doesn't include enough milk but does include far too much pap and cheat food.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

THE BERRYS By Carl Grubert

Probably the first tooth extraction which was made with nitrous oxygen or laughing gas was in 1844.

Wages paid to government employes at federal, state and local levels in 1950 totaled $22,100,000,000.

Airplane builders believe that four or five passenger helicopters may sell for about the price of an expensive car within 10 years.

Lowest birth rate in the U.S. in recent years was 18.4 per thousand in 1933. It rose 26.6 per thousand in 1947, a record which still stands.

Escaped Killer Arrested Again

Find One of FBI's 10 Most Wanted Men in New York City

NEW YORK (AP)—The slayer of crusading publisher Don R. Mellett 29 years ago, who escaped from an Ohio penitentiary last November, was recaptured by New York City police last night.

Patrick Eugene McDermott, 56, of the Bronx, today admitted his identity as one of the FBI's "10 Most Wanted Men," police said.

McDermott was seized after Patrolman Harold Pogeweit thought his face looked familiar, and later confirmed it when he searched the files and found his picture on a "wanted" circular.

McDermott told police he had been in and out of jail for minor offenses since his escape but was never recognized.

* * *

He was seized at Jewish Memorial Hospital, where he had been working as an ambulance attendant for five months.

McDermott walked away from an honor dormitory at the Ohio penitentiary at Columbus last Nov. 28. He was serving a life term for murder in 1926 of the vice-crusading publisher of the former Canton (Ohio) Daily News.

The prosecution at McDermott's trial claimed he had been employed to kill Mellett by Canton underworld elements who feared the publisher's militant newspaper articles concerned an alleged alliance between hoodlums and certain police officials.

Yep, deodorized.

New Zealand Offers Skiing During Our Summer Time

AUCKLAND, New Zealand — Imagine skiing in July and August, in the shadow of an active volcano!

That's just one of the attractions New Zealand has to offer the international ski enthusiast looking for new slopes to conquer. And if more is needed, the beautiful islands Down Under can produce the following:

Item: A season which hits its peak (July, August, September) when the northern hemisphere is sweltering.

Item: Uncrowded and unspoiled slopes which are completely free of timber hazards.

Item: Some of the world's most spectacular mountain scenery.

New Zealand boasts three major ski areas, one on North Island, the others on South Island. Resorts are equipped with lifts and excellent instructors are available. Visitors need only bring ski clothes, as boots and skis can be rented.

BEST LIFTS

Mt. Raupehu of North Island offers the tops in accommodations and has the best ski lifts. Located 245 miles from Auckland, the area is reached by rental car in 6½ hours, by bus in 10 hours and by train in 9½ hours. Car rentals (British and American) range from $30 to $33 weekly, plus gas and a charge of 8 to 11 cents per mile over 250 miles. The bus fare is $8.00 and the train fare $7.00.

On South Island the two best ski areas are Mt. Cook and Coronet Peak.

Situated in the Southern Alps, Mt. Cook has been described as a "skier's dream." Experienced skiers appreciate the extended downhill runs, with drops of 5,000 feet and more, and the fact that there are several peaks of 10,000 feet which can be climbed on skis.

Accommodations are at the Hermitage, operated by the Government Tourist Bureau, a good hotel with a number of private baths. There are two rope tows. Expenses include plane fare, Auckland-Christchurch, $26.50 one way; bus fare $7.00 (rental cars are available at Christchurch at the same rates as at Auckland) and hotel room, including food, $5.00 to $7.00 daily.

MOST REMOTE

Coronet Peak is more remote than the other New Zeland ski areas and accommodations are difficult to obtain and not generally up to American standards, but the ski grounds—eight miles from the town of Queenstown—are free from rocks and trees and permit downhill runs in any direction.

* * *

There are three rope tows with a vertical lift of 1,500 feet and a capacity of 900 skiers per hour. The route from Auckland is by air to Dunedin (5½ hours, $36 each way) thence by air (one hour, fare $10.00) or by rental car . . . a trip of 8½ hours over a road that is part paved, part gravel.

Successful bidder must be prepared to pay the balance in full upon notification of acceptance of bid, and to have the items completely removed from the property within 30 days from date of acceptance letter.

It will be the responsibility of the purchaser to see that occupied buildings are vacated in time to meet removal date stated in Notice and purchaser will be held liable for damages, if any, for failure to remove buildings within time stated. Buildings must be removed at the risk and expense of the successful bidder and in conformity with the ordinances, rules and regulations and zoning restrictions of Pontiac and Orion Townships, Oakland County, governing the moving and removal of buildings. The obtaining of all permits necessary for moving or removing buildings is the responsibility of the bidder.

It will be necessary that the successful bidder deposit a certified check, money order or cashier's check in the amount of $100.00 for each Item, guaranteeing that all combustible material will be removed from the property, basements filled in, the site graded to ground level and the property left in a clean condition. This deposit will be returned promptly upon inspection and approval by the Michigan State Highway Department.

It is the responsibility of the bidder to inspect the buildings as the Michigan State Highway Department makes no warranties or representations as to the state or condition of the buildings or their contents.

Sealed bids should be plainly marked: "Bid 63-23 Excess" on the outside of the envelope and should be mailed or delivered to: Michigan State Highway Department, Right-of-Way Division, Room 537, Stevens T. Mason Building, Lansing, Michigan.

Right is reserved to reject any or all bids and to waive defects in the bidding.

State Press Assn. Urges Speed Limit

MUSKEGON (AP) — F. Granger Weil of Port Huron announced today that the Michigan Press Assn. board of directors has indorsed unanimously a movement for a maximum state highway speed law.

Weil is president of the association which represents nearly all of Michigan's daily and weekly newspapers. His announcement also urged stricter enforcement of traffic laws.

Weil said the board decided that the association's full support should be given Michigan State Police Commissioner Joseph A. Childs' efforts to have the Legislature set a maximum speed law.

Firemen Extinguish Man Ablaze in Fort Street

DETROIT (INS)—Ten pieces of fire equipment responded to an alarm turned in this morning by a paserby who saw George Hastings, 48, standing in the middle of Fort street at Beaubien with his clothes aflame.

Firemen ripped off some of the burning clothes, wrapped Hastings in a blanket to extinguish the fire, then rushed him to Receiving Hospital. He is in serious condition.

Police said Hastings had been drinking and believe a cigarette ignited his clothes while he dozed in a parking lot.

One Dead, Eight Injured in Sandusky Car Crash

SANDUSKY, Mich. (AP) — One man was killed and eight others were hurt when a car reported by an occupant to have been going "110 miles an hour" hit another in the rear last night.

Donovan Campbell, 40, Sandusky insurance salesman, driver of one of the cars, was killed.

Six itinerant Mexican farm and orchard workers occupying the other car were injured. Their car caught fire. Two passengers in Donovan's car also were hurt.

The crash was at the M41-M46 intersection east of here.

There have been more than a million traffic fatalities in the United States.

Auditors' New Collection Division Head Is Named

Mrs. Mary W. Shanks recently was named supervisor of the newly formed Collections Division of the Oakland County Board of Auditors, announced Carl Johnson, personnel director.

The division was formed by the Ways and Means Committee of the County Board of Supervisors April 12 and the office was set up early this month.

Mrs. Shanks has lived in Oakland County all her life, is the mother of two daughters and lives at 74 E. Washington St., Clarkston.

She is a graduate of Pontiac High School and attended the University of Illinois. Prior to her new appointment, she served as chief warrant clerk with the local internal revenue office, after several years with the Pontiac Community National Bank.

The Collections Division was designed to give a better system of follow ups on collections.

She said the office will not be concerned with taxes, but with business operations of the various county offices.

One change the division will bring about involves payment of money for persons committed to mental hospitals in the county.

Previously, payments were made either by the state or individuals and collections were handled by the Internal Revenue Office in Lansing. Now the process has been shifted to the Collections Division office here.

Still in the organizational stage, the office staff consists of Mrs. Shanks and a secretary.

3,000-Ft. Plunge Kills 2 Fliers

Pair Plummets to Death in Air Collision Over Maryland; 2 Safe

HIGH POINT, Md. (AP)—Two veterans of combat flying plummeted to their deaths in the tidewater country of Chesapeake Bay yesterday after running into another plane 3,000 feet in the air.

Both twin-engine craft were from the Bolling Air Force Base in Washington, a short hop away. The two occupants of one plane walked away from theirs with only slight injuries although it broke up after hitting a house.

* * *

The plane carrying 1st Lt. Francis D. Viering, 31, of Washington, D. C., and Maj. Lud Militefr, Alexandria, Va., carried them almost directly earthward to their deaths.

Their C45 Beechcraft transport hit near High Point High School, exploded and burned.

The fliers in the other plane, a B25, were Maj. Leonard H. Bonham, San Rose, Calif., and Maj. W. T. Phillips, Florence, Ala.

* * *

They almost managed to fly their crippled craft to Friendship Airport about 10 miles away. They failed by 1,000 yards, crashing into the house of William, James and Kenneth Murray.

Mrs. Argda Hunter, who cleans house for the Murray brothers, was inside with her two children, 9 and 7 years old. They managed to get out safely.

Slighted Suitor Sadly Surrenders in Walk Protest

LONDON (AP)—Whether love or aching feet conquered wasn't clear but the jilted suitor stopped his pacing.

Ronnie Hill, 31-year-old clerk, began walking back and forth in front of his ex-fiancee's home Monday. He said he had been engaged to marry Sally Willingale, 21, on July 30, but last week she told him it was all off.

* * *

"I'll keep walking until she changes her mind," said Ronnie. "I've loved her since she was 14 and I'll go on walking until I drop."

* * *

But yesterday Ronnie disappeared from in front of Sally's walk without disclosing the outcome of his overnight march. Sally wasn't talking either.

New Ordinance Regulates Planting Trees in City

A new ordinance regulating the planting and upkeep of shade trees along the city's streets and in its parks was passed by the City Commission last night.

Specifically, it covers the land lying between property lines on either side of all streets, alleys and boulevards, plus public parks and other areas owned by the city or to which the public has free access.

According to the ordinance, no one can remove, cut, prune or deface any tree or shrub growing in these areas without permission of the Parks and Recreation Dept. director.

Neither can anyone plant a tree or shrub in these areas until the species has been approved and the planting space designated.

In addition, the law provides that the parks director may order the removal of any tree or shrub in the city if it "interferes with the use of any public highway, park or public place or is unsafe and constitutes a hazard . . or constitutes a center of infection for disease or insects."

If the tree or shrub is not removed or corrected as ordered, the city may carry out the necessary work "and initiate such court action as necessary to defray all cost resulting."

The law also provides for the parks department to certify all installation, altering, moving or razing of buildings, utilities, sidewalks and sewers where trees or shrubs are involved.

A maximum fine of $100 or 90 days in jail is provided for violation of the provisions. The law takes effect in 20 days.

Baptist World Alliance Elects Virginia Cleric

LONDON (AP)—Dr. Theodore Adams, pastor of the First Baptist Church of Richmond, Va., was today elected president of the Baptist World Alliance for a 5-year term.

He succeeds Dr. F. Towhley Lord of Britain.

Dr. Arnold T. Ohrn of Washington, D.C., was reelected general secretary.

Tearing Up Street Aids Church Attendance

WORCESTER, Mass. (AP) — Perhaps one way to increase church attendance is to tear up the streets around the church, says the Rev. Oscar B. Anderson of Worcester's Belmont St. Baptist church.

Railway underpass construction began beside his church, causing the street to be closed and dug up, making the area a dusty mess and parking miserable, he says. But attendance went up—10 to 15 per cent in church, church school and midweek service.

Indian Victim of Wrong Move in Entering Car

TRAVERSE CITY (AP) — James Bemis, an 83-year-old Indian, died yesterday in a freak accident apparently because he wasn't familiar with the operation of a car.

State Police told this story:

Bemis, an Indian village resident at Peshawbestown, was hitchhiking when Raymond Hall, 45, of Mattingly, Ky., stopped for him. Hall, whose car was loaded with lumber, had boards sticking through the window of the passenger's seat in front.

Bemis came to the driver's side to get in. As he slid across the seat his foot hit the accelerator. Hall's car, in gear, took off down the road with Bemis, who couldn't drive, in control. The car slid into a ditch and into some trees.

The boards hit the trees, swinging them around, hitting Bemis in the head. He died of a skull fracture.

With Rennel Dundee Lady Loses 28 Pounds

Rennel Concentrate is the particular favorite of thousands of Mich. users who remember the name Rennel for the loss they can't forget. Proper weight, better health, and an improved emotional and mental outlook add to the happiness of a couple. Comes this pleasant note from Mrs. Charles Funk, 411 Tecumseh St. "Being a little over 5 feet tall and weighing 154 lbs. made me feel unattractive. So I decided to do something about it, chose Rennel as my reducing aid, and with it easily lost 28 lbs. Losing that weight was not a strain on my health. Instead I felt much better and more lively. My husband says I have become much more attractive since taking Rennel. I am grateful indeed to Rennel for a happier life."

You too can regain your pride, health and your natural figure. If you are value minded and Rennel wise you will ask your druggist for liquid Rennel. Ask for free booklet. If not pleased with the very first bottle return it to the manufacturer for refund. Price $1.40. Insist on and be sure to get Rennel.

Cave-In Buries Crewmen at Detroit Sewer Work

DETROIT (AP) — A 37-year-old father of four died yesterday in a cave-in at a 22-foot deep sewer excavation. Buried an hour, Amos Simmons was dead when a rescue crew reached him.

A fellow workman, Charlie Cross, 33, escaped with minor leg injuries when he was partially pinned by the cave-in, second in a week at the project. Another worker suffered minor injuries last week.

Northville State Hospital Presented Bus by Group

The Citizens Auxiliary Committee for Northville State Hospital this morning presented the keys to a 33-passenger bus to Dr. Phillip N. Brown, hospital medical superintendent.

Purchased by the committee from General Motors Truck and Coach division, the transit bus will serve to transport patients to outside activities of the hospital's recreation program.

John A. Wolf of Detroit, president of the Citizens Committee, presented the keys to Dr. Brown at the 11 a.m. ceremony held on the hospital grounds, Seven Mile and Haggerty roads.

Representing General Motors Truck and Coach was E. F. Lewis, the division's central region sales manager. Also present was a member of the hospital's Patient Representative Council.

Funds to purchase the vehicle came from proceeds of the County Fair, held June 25 by the patients with the aid of the Committee.

Other funds were raised from the sale of articles made by the patients, along with donations given by other organizations and individuals.

The Citizens Committee is made up of friends and relatives of patients in the mental hospital, and was organized to provide non-budgetary items directly benefitting the patients.

General chairman for the County Fair was Walter Irving, with Dr. John Dorsey of the Wayne University College of Medicine, serving as co-chairman.

Opening in 1952, the Northville State Hospital is located about four miles east of Northville.

WCTU Head Scores Liquor Advertising

BAY VIEW (AP)—The president of the national Woman's Christian Temperance Union said today that advertising by the alcohol beverage industry has developed into "a form of brain washing."

Mrs. Glenn G. Hays of Evanston, Ill., told the Michigan WCTU leadership training school that advertising calculated to convince the public that alcohol is harmless is responsible for the fact that Americans spend more than 10 billion dollars a year for intoxicants. She said there are four million alcoholics and chronic drinkers in the nation.

Saying that the industry admits drinking would drop 50 per cent without advertising, Mrs. Hays urged support for bills in Congress to forbid alcoholic beverage advertising over the air in interstate commerce.

Police Free Suspect in Missing Girl Case

BERKELEY, Calif. (AP)—Berkeley police reported little progress today in their probe of the disappearance of schoolgirl Stephanie Bryan nearly three months ago.

Yesterday police questioned a 24-year-old man who formerly lived less than three blocks from the high school Stephanie attended. The man, who has a police record of sex offenses, was released last night after a routine check.

Lie detector tests taken by Burton W. Abbott, 27, also ended yesterday. It was in the basement of Abbott's home that his wife, Georgia, found the purse Stephanie was carrying the day she disappeared.

Canadian Jailbreaker Sentenced to Jackson

DETROIT (AP) — Cecil Tunney, 22, a Canadian prison escapee, was sentenced in recorder's court yesterday to 7½ to 15 years in Southern Michigan Prison for the robbery and cab theft of a Detroit taxi driver.

Tunney pleaded guilty to armed robbery. He escaped from Boden Prison at Onaway, Alberta, last January.

Tunney was arrested in Detroit May 28 for the March 18 holdup of a cab driver. Police said Tunney and an accomplice, Thomas A. Woods of Detroit, took $28 from the driver and made off with his cab. Police said Tunney also admitted three other cab robberies.

RETIRED AUTO WORKER ENJOYS GOOD HEALTH THANKS TO O-JIB-WA

"Friends often ask me how I regained my good health," says Mr. Joseph T. Craddock, 7244 Farnum St., Inkster, Michigan, "and I'm always glad to tell them about your wonderful Bitters."

"I was handicapped with rheumatism and arthritis for 10 years, but never too seriously until about six years ago. Then my left hip, both shoulders and arms ached terribly, and sometimes the pains spread down into my fingers. I used to shove my shoulder against the wall to try to ease the pain. Cramps in my legs kept me awake nights and in the morning, it would take two or three efforts for me to get out of bed. I'm retired now, but I used to work on a large machine for the Ford Motor Co. Even pushing buttons to operate the machine caused severe pain in my finger and arms. My wife was taking O-JIB-WA at the time, and it helped her rheumatism, and calmed her nerves down, so she thought it would help me too. Well, I started taking it, and by the time the first large bottle was finished, the pains were gone, but I took it longer just for good measure. I'm no longer bothered with rheumatism or arthritis, my nerves are steady, and I sleep well, cramps in my legs have left too. I just feel good all over. My friends have asked me how in the world I regained my good health, and I'm always happy to tell them, it's easy. Just get yourself a big bottle of O-JIB-WA BITTERS, follow the directions, and let this wonderful medicine do the rest."

The King of Hollywood

Lonely Clark Has No Family Ties

(Editor's Note: This is the third of four articles in which the Hollywood columnist who knows Clark Gable best tells the full, frank and intimate story of the "Great Lover's" romance with his new wife and of his previous marriages.)

By LOUELLA O. PARSONS

HOLLYWOOD (INS)—After over 20 years of being the idol of every woman from 16 to 60, Clark Gable was still an extremely lonely man.

Clark has no family ties. He was an only child. His mother died many years ago. His father passed away a few years ago and his stepmother, to whom he was devoted, died shortly after his father.

* * *

On his ranch where he likes to give small dinner parties, efficient Jean Garceau, his secretary of many years, arranges his menus—always simple: meat and potatoes.

Jean guards the "King" from unwelcome intruders who would crash the citadel of his majesty. She monitors his telephone calls, makes excuses for him when he doesn't want to accept calls. She adored Carole Lombard, but things weren't as happy in the days of Lady Ashley whom Jean, a down-to-earth gal, didn't understand.

Now at the age of 54, Gable, who has dashed around the world in search of adventure, wants to have a home.

He has had a taste of what it would be like to have a wife and children. His bride, Kay Williams Spreckels, has brought her two children, Adolph Spreckels III, 6, and blue-eyed blonde Joan, 4, who is a miniature Kay, into his life.

LIKES CHILDREN

He has heard the excited, happy voices of the children romping over the grounds of his ranch. He has had early dinner with them at Kay's house and vacations at Palm Springs, just the four of them, and he likes it.

Kay now is older. She is ready to settle down and the glitter and glamour of night clubs no longer hold any fascination for her. She has had it all.

While some of the writers refer to Clark's marriage to Kay as a surprise, and many said they would never marry, as far back as January I said they would marry, that it was inevitable.

In May I wrote of the home Clark was building in Palm Springs, close to Bing Crosby's estate. Kay and Clark's close friends, Mr. and Mrs. Ray Homme, were with Clark when he bought the property. But Kay, who in the past had always said "yes" or "no," just laughed it off when I asked her about the house.

"Of course, he's building a house," she said, "but that doesn't mean I'm going to live there. I'm helping to decorate it."

Even while she denied it, they were planning last week's elopement.

RECONVINCED

If I had any doubt about how serious this romance was, I was "reconvinced" the night before I left for Europe. Gracie Allen and George Burns gave a big dinner dance at Romanoffs and Kay and Clark danced every dance. They waved to me as they passed our table.

I really believe that this marriage to Kay will be his last one. Someone said that it will last as long as Kay wants it to, but she has really been in love with Clark for so long that I think she will continue to be Mrs. Gable for years and years.

She no longer has any acting aspirations. She doesn't need to. She has enough money from Spreckels who gave Kay over half a million dollars and the gorgeous home they occupied together when she decided to divorce him.

When Clark started to date Kay again about six or eight months ago, Hal Hayes, the wealthy hotel man, contractor and industrialist, who recently was publicized as Barbara Hutton's big moment, was madly in love with Kay.

At Hayes' home, high in the Hollywood Hills, Kay often acted as his hostess. She dropped him like a hot potato when Gable came back into the picture and Hal carried a torch a mile high until he was introduced to Barbara Hutton and followed her to Honolulu.

* * *

In my next chapter I'll tell all about Clark's marriages and other of his romances and friendships.

GRAND RAPIDS (AP) — The Cascade Pharmacy is beginning to think maybe it took an untenable position. It is at the top of a "T" formed by U.S. 16 and the Grand Rapids Bypass, about 10 miles southeast of Grand Rapids. Three cars have smashed into it in a year. Each time there was about $5,000 damage and the first crash killed a customer.

Watch for Top Notch Reports From Geneva

Ike's Personal Appeal to Zhukov May Bear Fruit Later

GENEVA (AP)—President Eisenhower's dramatic personal appeal to Russia's Marshal Georgi Zhukov was one of the "naturals" of the Big Four conference.

It had been generally expected that the President would make such a bid to his friend of World War II days. Speculation had centered on how he would go about it.

He could have done it privately in a confidential chat with the Soviet defense minister. And he may have done just that on the couple of occasions the two have met under such circumstances since the conference started.

But they have not had much time, or very much privacy, when they have talked.

The other and less expected way was at one of the formal summit sessions. That was precisely the approach Eisenhower took yesterday in his plea that the Soviet Union permit the unification of Germany as a member of the North Atlantic Treaty Organization.

Zhukov made no reply at the meeting and Soviet Premier Bulganin again promptly rejected unification on that basis.

Western hopes that the Kremlin leaders would change their minds were not bright. But American officials still saw a possibility that Eisenhower's appeal could lead the Soviets to take another look at their policy.

The President prefaced his fervent appeal by saying he would like Zhukov to listen carefully to his views on the thorny German problem. Eisenhower then went on to say that Zhukov was an old friend of his and that the marshal knew that the President, speaking as one old soldier to another, never had uttered a word of untruth.

The President then said that when he accepted the command of the NATO forces in 1951, he did so because he believed the security organization was a true agency for peace.

A soldier for 40 years, Eisenhower declared that he has had enough of war, that he would have rejected the NATO command if he had not believed firmly that peace was the objective.

The President also assured Bulganin, Zhukov and all the others in the conference room that the United States will never launch an aggressive war. The only time it will fight, he added, is in self-defense.

Bulganin, who is at least the nominal head of the Soviet delegation, replied in cordial and quiet tones that he accepted the words and promises of the President.

But he added that since Eisenhower left the NATO command there have been some individuals who have made statements to the contrary. There was no indication that Bulganin named the individuals.

After the formal conference, Eisenhower and Bulganin had a private chat at the buffet before leaving the building. Maybe Zhukov had something to say there about the President's appeal to him. If there was any exchange on the matter, the two were keeping it secret.

Stevens Stepping Out Today

WASHINGTON (AP) — Robert T. Stevens, stepping out after 2½ years as secretary of the Army, said today, "I feel I can leave with my chin up."

"And that gives a fellow a good feeling," he added in an interview in advance of a farewell salute from the Army and an unusual tribute from the Navy.

The former textile industry executive has stayed in office far longer than his critics and many of his supporters had anticipated, particularly after his bitter row last year with Sen. McCarthy (R-Wis) over the senator's accusation that the Army was "coddling" Communists.'

Stevens said that since h' resignation was announced, he has received "many letters" of best wishes from congressman, "both Democrats and Republicans."

Stevens spoke with pride also of the distinguished public service award which he receives today from Secretary of the Navy Charles S. Thomas. The Navy said the presentation to an Army secretary was "unprecedented."

From the Air Force too there was a tribute. Stevens displayed a certificate and a pair of star-tipped silver wings of an honorary command pilot of the Air Force.

The Army itself arranged a farewell parade and review.

* * *

"I didn't know about the parade until I read about it in the papers," he said, adding: "These are the things that make a man feel wonerful."

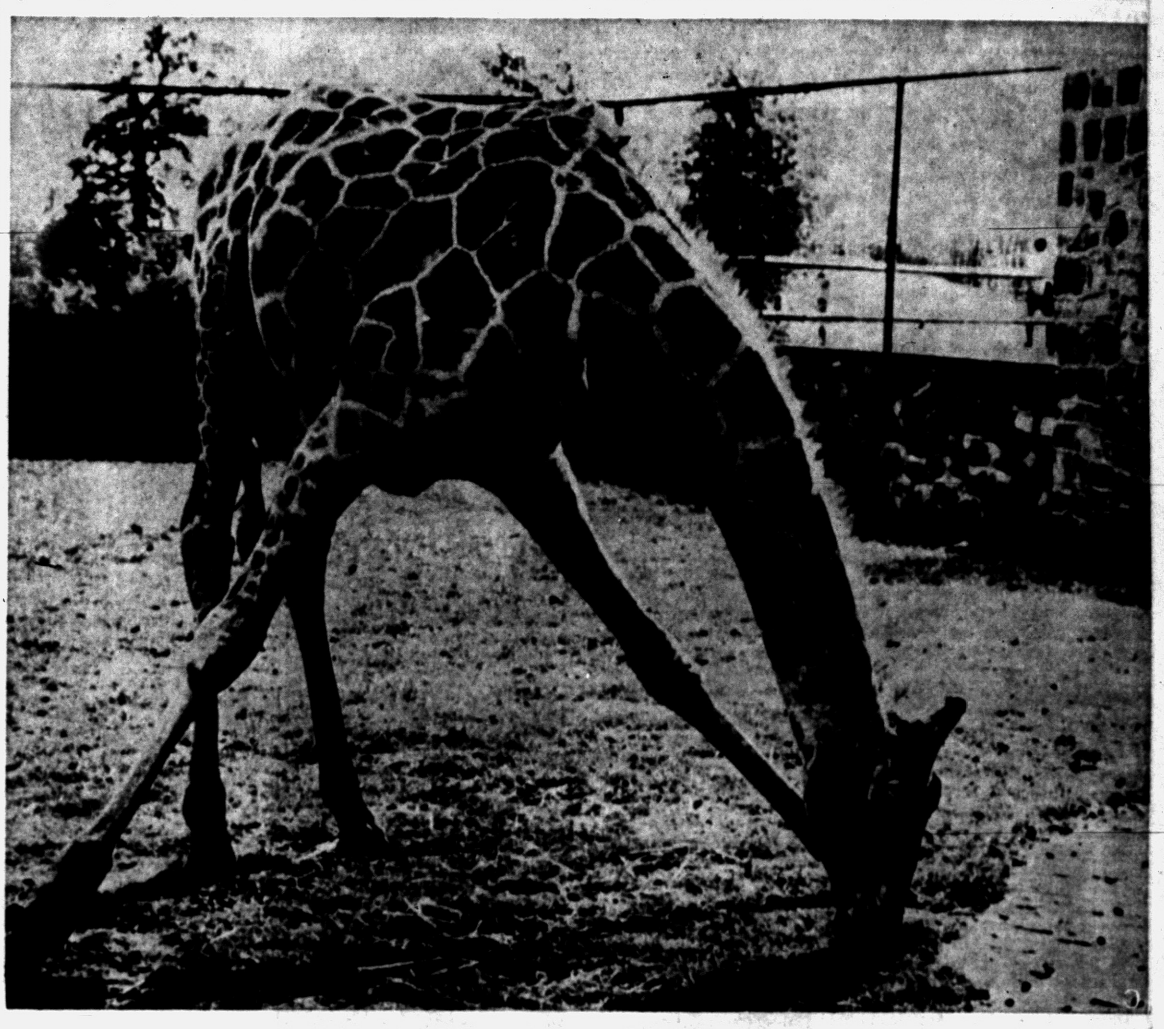

The shy-mannered Stevens, listing Army achievements that gave him the most satisfaction, made no mention of the blast he let loose on a winter Sunday early last year accusing McCarthy of abusing a general and forbidding any of his officers from appearing before the Senate Investigations subcommittee until he was assured they would be treated as officers and gentlemen.

Just last week the subcommittee, no longer headed by McCarthy, criticized Stevens, among others, for the handling of the case of former Maj. Irving Peress, who was promoted and honorably discharged after refusing to answer questions about communism.

* * *

Stevens has said previously that by his defiance of McCarthy he "struck a blow for the prestige and honor of all the armed services."

Stevens will turn over his post tomorrow to Wilber Brucker, who has been general counsel of the Defense Department. Both Stevens and Brucker are Republicans.

Terrorism Mounting in Casablanca

By JOHN H. MARTIN
INS Foreign Director

Death is swift and ugly for many in Casablanca.

Officials admit that at least 63 persons were killed from last Thursday to Monday this week. Others put the death toll as high as 200 in the vicious fighting between Moslem terrorists and French counter - terrorists, with French police and troops caught between.

Morocco, of which Casablanca is the commercial center of 700,000 persons, is the richest and most strategic of French's North African possessions.

France is fighting hard to retain not only Morocco but also Algeria and Tunisia, which also are swept by Arab nationalism which demands freedom from French rule.

SEND TROOPS

The French are diverting thousands of troops to North Africa, both from Europe and from the lost Indochina battle field.

Home rule has been promised in Tunisia, easing the assassination figures there. In Algeria, a part of metropolitan France, the troops aided by American helicopters still stalk Arab bands hiding in the mountains.

The shooting and other violence in Morocco have gone on sporadically for years. The Moslem nationalists have not been stilled since that day two years ago when the French administration deposed and exiled Sultan Mohammed Ben Youssef.

He was replaced as the insistence of the Berber chief, El Glaoui, pro-French Pasha of Marrakech, by Ben Youssef's uncle, Sidi Mohammed Ben Moulay Arafa. Nationalists still demand the return of Ben Youssef, who is in exile in Madagascar with his two wives and 25 white concubines.

BOMB BLAST

The latest outburst in Casablanca, which caused the city to be put under martial law, resulted from a bomb explosion Bastille Day, the French independence day observed last Thursday.

Two Moroccan youths planted a bomb in a small pushcart opposite a cafe terrace. The explosion killed seven persons and wounded 33.

Thousands of Frenchmen then began their counter - attack, burning and looting in the medinas, or native quarters, of the city.

They also shouted "Death to Grandval," the new resident - general Gilbert Grandval, former French administrator in the Saarland, because he has promised to try to reconcile the differences between France and the Moroccan nationalists.

Of all the French African possessions Casablanca is one of the most dangerous today. Since the war, it has boomed economically and there are extremes of wealth and poverty. Handsome, expensive American automobiles fill the streets of the European quarters in contrast to the tin-can-built slums where thousands of Arab migrants live in squalor because housing has not kept pace with the migration to the city.

Sam Sheppard May Start Life Term; Trial Judges Discount Final Appeal

CLEVELAND (AP)—Nearly a year after he was arrested, it appeared today Dr. Samuel H. Sheppard soon will start serving a life penitentiary term for the bludgeon slaying of his pregnant wife.

* * *

An Appellate Court yesterday turned down his second and final motion for a new trial, and one of the attorneys says the young osteopath feels he would get more exercise and privileges in prison than he does in county jail.

The motion denied yesterday was based largely on a criminalogy professor's affidavit that he found evidence a left-handed sex fiend killed Marilyn Sheppard July 4, 1954. Sheppard is right-handed.

But the 41-page opinion of the three-judge court discounted the affidavit with such descriptions as "highly speculative and Fallacious," "guess work" and "sheer supposition."

* * *

The affidavit was prepared by Dr. Paul Kirk, professor of criminalistics at the University of California. Last January Kirk made a private investigation of the crime scene, a bedroom of the Sheppard home in Bay Village.

Dr. Kirk contended a prowler, trying to make a sex attack on Marilyn Sheppard, was bitten on the hand by the victim and left a drop of his own blood on a closet door of her bedroom. Although the blood was the same type as the victim's, it reacted differently in certain laboratory tests, he said.

Judges Julius Kovachy, Lee Skeel and Joy Seth Hurd held that this theory had "no probative value in support of the defendant's claim of newly discovered evidence."

* * *

They also implied that Dr. Kirk took upon himself the privilege of reviewing the case and "usurping the function of the jury" which convicted Sheppard of second-degree murder last Dec. 21. A week ago, the same court turned down a motion based on Sheppard's claim that the original trial was full of procedural errors which resulted in a verdict unsupported by the evidence.

Dr. Kirk, reached for comment in California last night, declared that "the judges weren't able to distinguish legal verbiage from a simple justice."

* * *

"I'm just as positive as I am of my own name, that Dr. Sam didn't do it," he said.

Defense attorney Fred W. Garmone said Sheppard will appeal the ruling to the Ohio Supreme Court, "but we will not request another stay of execution of the sentence."

Poetic Fantasy Set on Cranbrook Stage

"The Golden Blackboard," a poetic fantasy by Carl Wonnberger, will be staged in Cranbrook's Greek Theater July 27 and 28 at 8:15 p.m.

Adapted from a theme by Andrew Lang, the fantasy will be directed by a staff of seven persons, under the supervision of Sara Strengell.

Patricia Philipp will provide the choreography and the entire performance will be coordinated by Associate Director Anetta Wonnberger for the Cranbrook Theater.

The Theater pool will be the focal point for the various dances.

The public is invited and tickets are available at Cranbrook, the Greek Theater, or Shain's Drug-store on W. Maple avenue.

Red 'Operators' Make Big Haul

Run Undercover Shift in Plant to Supply Black Market Trade

MOSCOW (AP) — There are still tricks that make millionaries in the Soviet Union—especially if one knows how to apply a little private enterprise. But they can lead to prison.

Trud, official newspaper of the Central Council of Trade Unions, exposes a group of slick operators who pocketed two million rubles ($500,000 officially) by running a little state-owned elastic factory in the Moscow region.

* * *

For two shifts daily they marked production for delivery to the state. Then they secretly conducted a third shift whose output went into the black market. The proceeds went into their own pockets.

So profitable was their operation that one partner had to buy his way into the little combine for 75,000 rubles ($18,750.)

* * *

The ring prospered for two years before the law caught up with them. Two leaders got 25 years imprisonment each and the other figures went to jail for 20 years.

Trud said when police searched the lodgings of a section foreman of this plant, named Ketsler, they found 502,075 rubles in cash, gold coins and other valuables, bonds and bank books.

* * *

"Plush jobs at this factory were bought and sold for substantial sums," the account continued. "When Ketsler took over the job of section foreman he, together with Shakin, was obliged to pay 75,000 rubles 'smart money' to his predecessor, a man named Libin."

Quick Neighbors Act to Avert Abduction

ALPENA (AP)—Police today held an Illinois Air National Guardsman for investigation in the abduction of a 12-year-old girl near Hubbard Lake, 20 miles south of Alpena.

The guardsman, Frank Benscotter, 19, of Chicago, was seized by Alpena police less than an hour after Hubbard Lake residents reported seeing the girl forced into a car and driven away. The girl, who was walking along a road near her home, was released unharmed a short distance away when neighbors gave chase in their cars.

Benscotter is training with an Illinois Air National Guard unit at Collins Field here.

Sturgis Gasoline War

STURGIS (AP) — A gasoline price war which broke out several days ago between dealers in Three Rivers and Sturgis has spread to other communities in St. Joseph County. Major brand dealers in Colon, Leonida and Athens closed their stations Tuesday after district offices refused to let them cut prices to meet competition.

Garage Contract Let

DETROIT (AP)— A contract for a $3,832,000 underground garage was let Tuesday, the first step in a planned 16-million-dollar municipal parking program. The new garage will be built at the new Civic Center fronting the Detroit river. It will handle 700 cars on a self service basis.

Casing Bottles Odd Occupation

Metal Worker Makes Shells for Champagne Christening Programs

GROTON, Conn. (AP) — Alfred von Buehren, a sheet metal worker for the Electric Boat Division of General Dynamics Corp., is a good nominee for holder of the most unusual occupation in this shipbuilding town.

He makes lightweight metal casings for champaigne bottles used at launchings.

* * *

They use the casings so that nearby spectators won't be sprinkled with flying glass when the bottle crashes against the hull of a ship as she slides down the ways.

Von Buehren fashions the casings of copper .021 of an inch thick — heavy enough to contain the glass, but still light enough to allow the bottle to break.

The next use of his handiwork will occur Thursday when Electric Boat launches the Seawolf, the world's second atomic powered submarine.

* * *

Mrs. W. Sterling Cole, wife of U. S. Rep. Cole (R-NY), has been named sponsor of the Seawolf and will break the champagne bottle.

Von Buehren does other work too of course, but during World War II, when Electric Boat launched submarines at a rate of two a month, he spent almost all his time making bottle casings.

The job is all hand work and, something launching spectators may not know, each launching requires three bottles — one for the sponsor, one rigged to a device that will smash it against the hull automatically if the sponsor does not swing hard enough, and one on the deck which can be smashed if the first two remain intact.

New Law Clears Way for Soo Auto Bridge

LANSING (AP)—A new state law clears the way for construction of an international auto bridge or tunnel between Sault Ste. Marie, Mich., and Sault Ste. Marie, Ont.

The measure clearly separates U. S. and Canadian ownership of the bridge or tunnel at the international boundary line and removes an earlier provision in similar legislation that would have required abandonment of an international railroad bridge.

Return to Childhood Paradise Disappointing

By PHYLLIS BATTELLE

TORCH LAKE, Mich. (INS) — Ever think of returning for a day to the scene of your childhood vacations . . . to don again the rotting waterwings and stroll through the shimmering poison ivy? To watch your golf ball arch gracefully into the No. 2 lake once more? To greet the same old spiders with the same old chide, "Get outa here, you bum"?

Ah, there is nothing like it.

Nothing, nothing, nothing, you hear.

The only thing is that after a certain length of time away from the Shangri-la of your youth, you have been maturing. It, on the other hand, has been aging.

The dock, which once creaked interestingly under your padding little tootsies, now disintegrates under your large, heavy-handed feet.

The bees, which once buzzed spryly 'round your goldy-locked head, now relax and await demise on the seats of porch chairs.

HAMMOCK SAGS

The fish net hammock, which oft swung you skyward, now sags you earthward, pulling together the three great "g" forces—gravity, ground and girdle.

In short, to return to one's childhood scenes of conquest may bring much the same reaction as the reformed drunk who remarked: "I don't miss the whisky so much; but what happened to all those beautiful women and witty men?"

One may be deluded by nostalgia.

I returned to Torch Lake, which is way up north hyar, with memories dating back 25 years —to which I baited my first fish —and 20 years—when I seriously endeavored to bait my first man. (Fish got caught, man ran.) And it was with gradual disappointment that I became aware things were not quite as before.

The white birch trees still stand like proud, stiff-spined spinsters in black polka-dots, whispering "sh-h-h-h-sh" to the boisterous wind from offshore.

NOT FEASIBLE

But the idea of shimmying up those birches, to get a higher bark-peeling than a competitive shimmier's bark-peeling, no longer seems feasible. The trunks are skinnier, somehow. Or maybe they're slicker. Anyway, the mature me looks at them with more thoughts of apprehension than ascension.

The lake itself is still the jewel of the H2-O kingdom, as it splits itself up into wide ribbons of multi-colored blues, greens, grays, near-blacks. For beauty, it still need take off its whitecaps to no lake.

But swim in it? You've got to be a fish. You dip your aged-in-the-nylon foot into the water ankle deep, and you know what it is to get the cold shoulder. The refrigeration penetrates up that far.

BRIDGE PARTIES

They still hold Friday afternoon bridge parties at the yacht club, and Saturday night dances at "Torch Terrace," which is located directly behind the filling station.

aromas of gasoline and beer got so heady?)

But the bridge players, who used to be naive young girls with bidding tips tucked under their organdie sashes, are now in league with Goren, Culbertson and, for all I know, the devil.

And the old Saturday night dance "boys" now attend the local fiestas accompanied by ice-cream bearing children . . . their. The children do the dancing and the boys talk about the fish they've caught, obviously the subject closest to their hearts—and clothing.

As for the fish themselves, they have become too much trouble for a woman to catch. Everything is faster and foxier these days.

The old golf course is tougher and longer, and the clubs are heavier, and the spike shoes are tighter and the wind is weaker, which accounts for a lot.

Only the sunsets remain as gloriously vital as ever.

Everything else here at yesteryear's paradise — including the cane rocker I tried for the first time today—seems to be getting old.

You can't count on what they'll do — but you always can depend on them to do it.

* * *

A wife isn't exactly animal, vegetable or mineral. Sometimes she's all three — and human besides.

The average husband finds his wife hard to figure. But then the average husband finds it hard to figure. Bachelors don't have to worry about figuring. They know that in this woman-crowded civilization a single man always rates.

Any bachelor has got wives figured to a "T" — but usually it's a T-bone steak.

You have to live with a woman to really misunderstand her — bring her home bacon when she actually desired pork chops, father a daughter when she wanted you to image a son, take her out to the right restaurant but then sit her down at the wrong table, dance a fox trot when she yearned to mambo.

* * *

A wife never fits a pattern. She will bawl you out for coming home in the early yawning from a late poker party, then in front of another wife defend your right to live your own life.

She won't buy a dress in a year. Suddenly she'll buy three in a row and make you go out and buy a suit yourself and a pair of shoes. Wives have a strange idea that a new dress makes a woman feel better, and that a new pair of shoes gives a man the same sensation. Somewhere they have read that all men have a fear of ending up in this world barefooted.

Wives are often full of sudden and strange complaints, too unexpected for a man to keep up with.

They will rebel against the color scheme in their home they picked only yesterday, and demand fresher fabrics, brighter tints. Yet if their husband comes home with a bold necktie he gambled on all by himself, they worry.

* * *

A wife is a creature that does unexpected things as a lifelong hobby. If you spend all your cash entertaining her, she'll denounce you as a wastrel and a spendthrift. If you don't take her out and become a wastrel and a spendthrift in her behalf, she'll accuse you of being a miser. But if you really need a few extra bucks and tell her you need them, she digs them up and hands them over to you without a word.

A husband has a steady sense of belonging to his helpmate and hearth, but rarely has the gift of putting his feelings into words.

Wives often do. An example:

When I went tromping off to war in 1942, I kissed my girl goodby and that was it, the same staid farewell millions of men in that time made.

* * *

My wife packed a lot of gear for me. The gear didn't catch up to me until I had seen some danger and considerable death abroad, and had got around to feeling a bit sorry for myself.

When I opened the battered trunk Frances had packed I found in the pajamas a note saying, "Wish I were here," and in the rolled up socks another note, "I miss you."

Now, who but a wife would have thought of putting her love in the laundry? What a place to scribble affections.

A wife always has a secret quality.

Man Surmounts Mountain Peaks

Geographic Group Lists Successful Expeditions Made in Past 4 Years

WASHINGTON — An unprecedented number of successful mountain assaults in the past two years has given man conquest over the earth's four highest peaks.

Now scaled are Mount Everest, 29,028 ft.; K-2 (Mount Godwin Austen) 28,250 ft.; Mount Kanchenjunga, 28,166 ft.; and Makalu, 27,790 ft., the National Geographic Society says. Mount Everest's south peak (Lhotse) 27,890 feet, is yet unclimbed, but it, like several other high points, is a subsidiary peak of a taller mountain.

In the loftiest region of the world, south central Asia, Dhaulagiri, earth's fifth highest peak, now towers as the tallest unscaled mountain. A Swiss-German expedition recently abandoned an attempt after toiling 26,000 feet toward its 26,811-foot summit.

In 1953 also, Dhaulagiri felt the tread of assault parties. A Swiss expedition reached 24,000 feet after battling up snowy slopes that became steeper and longer.

Kanchenjunga, loftiest unscaled peak after K-2 fell to an Italian team in 1954, was climbed in late May by a British team under Dr. Charles Evans, member of the successful Everest venture in May, 1953.

The victory was acclaimed by Sir Edmund Hillary, who stood atop Everest and helped the 1953 expedition win the Hubbard Medal of the National Geographic Society. "Kanchenjunga is a most formidable mountain and the victory is a very notable one," he said.

Five years ago 26,503-foot Anapurna in central Nepal was the tallest peak climbed by man. It was conquered by a party of Frenchmen.

Nanda Devi, 25,643 feet, in northern India on the border of Garhwal is scheduled for an assault led by an official of the Himalayan Society of India. Unconquered Himalchuli reportedly turned back an attempt by a British party from Kenya after a fatal accident to one of the leaders. The peak towers 25,801 feet 60 miles northwest of Katmandu, Nepal's capital.

Mother Denied Plea to Accept Son's Penalty

MIAMI, Fla. (AP) — A Brooklyn mother failed to convince a judge that she alone should be punished instead of her 17-year-old son who shot a policeman, and both faced 10-year-prison sentences.

Mrs. Antoinette Lutz, 45, yesterday pleaded that the son Frank was "a good boy and it (the shooting) was all my fault."

* * *

Young Lutz actualy pulled the trigger when policeman L. E. Anderson was wounded by three shots in the back March 21 after he tried to question the boy and his mother about a bad check they had passed. They had arrived here only a few days earlier from Brooklyn.

* * *

In ruling that both the mother and son were equally guilty, Judge Ben C. Willard told the boy:

"I would have a lot more respect for you if you hadn't been willing to let your mother take the responsibility for your vicious action."

Adams' Tree Not Apple Yet It Beautified South

KENT, O. (INS)—Southerners can thank the foresight of John Quincy Adams, sixth President of the United States, for their landscape favorites, the avocado and mango trees.

Researchers of the Davey Tree Expert Co. say these trees were among the first to be sent to this country by U.S. Consulates in response to a request by Adams in 1827.

No Sneezes in Jamaica

Summer vacationists who have to battle hay fever in northern climates have no worry when they go to Jamaica, B.W.I. There hay fever is unknown. Jamaica is also amazingly free of insects and there are no poisonous snakes or wild animals to mar mountain picnics.

Americans consume an estimated 250 million pounds of meat derived from wild game annually.

No wonder this Hardtop is the HIT OF THE YEAR!

IT'S 4-DOOR HANDY

—and priced for action!

This one you'll just have to see.

It's a beauty. It's a brand-new kind of car. It's a Buick Riviera with *four* doors. And to top it all—it's a SPECIAL—the lowest-priced of all Buick Series.

Know what that means?

It means you can have the newest hit in hardtops—the most advanced new body design yet—and you can have it in the price range of America's smaller cars.

It means you can have a steel-roofed car with the long, low, sweeping sportiness of a convertible—with *no* center posts in the side window areas—and with two *separate* doors to the rear.

And you can have all this hardtop beauty with sedan comfort and convenience at the easy-to-take modest extra cost of a 4-door model over a 2-door model.

But if you think that's all—listen:

This gleaming grace of automobile is a Buick through and through—a '55 Buick, from the hottest-selling line of Buicks in all history.

So here you have the soft, firm steadiness of Buick's all-coil-spring ride and torque-tube stability. Here you have Buick brawn, Buick solidity, Buick handling ease, Buick styling and visibility and interior luxury.

And here you have the lift and life of vigorous new V8 power of record might—and coupled to the spectacular performance of Buick's Variable Pitch Dynaflow.*

Why wait a day longer—when you can come in right now and try the first true hardtop with the extra comfort, room and convenience of a full-sized 4-door sedan?

Drop in tomorrow, first thing—for a look at the price, and an idea of the whopping-big trade-in deal our huge sales volume permits us to make.

*Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Camp Fire Girls Have Fun, Learn Skills Out of Doors

Pontiac Press Photos

Having fun in the out-of-doors are Camp Fire Girls and Blue Birds who are attending the final week of day camping at their camp-site near Clarkston. A game of volley ball is the choice of four day campers, Charlotte Mellor of Bloomfield terrace, Suzanne Brogan of Fourth street, Carol Ann Hall of Fourth street and Carol Ann Chamberlain of Ridge road. (left to right).

Wild flower study is important to all campers, so all leaders equip themselves with basic knowledge of plant life. Mrs. Frank Cohoe (left) of Rascob street helps Evva Carlson (center) of Auburn avenue and Judith Ann Carlson of Lebaron avenue identify the flowers which they have picked.

Final Week of Camping in Session

Phyllis Schreider Is Director for Day Program

Outdoor living is in high gear for the Camp Fire Girls and Blue Birds of Pontiac. It is the final week of day camping on the camp-site near Clarkston. This year two sessions of eight days each were held to accommodate the increased enrollment.

* * *

When the girls arrived at camp this year, they found some new additions to their land. A new play field was laid out making room for a kick ball, and baseball diamond as well as a volleyball court.

Three shelters measuring 10' by 20' were erected and donated by the Kiwanis Club. The beach, developed by the Civitan Club last summer, was improved. The club also had the camp road leveled.

Cooking the noon meal over an open fire was again the highlight of the girls' day. However, hiking, trail blazing, nature studies and collections were also popular. Other enjoyable activities were the rhythm band, building sand castles on the beach, spatter painting and making grass dolls.

Under the leadership of Phyllis Schreider, day-camp director, the girls learned many new songs from foreign countries. The girls enjoyed "a world tour" every morning as each song session brought forth another song from another land.

CAMP OVERNIGHT

Approximately 80 Camp Fire Girls also enjoyed camping overnight. Each girl made her own buddy burner and hobo stove which were used to cook breakfast pancakes after a happy though sleepless night in the out of doors.

A pineapple upside-down cake tempted the photographer when he visited the day camp sponsored by the Pontiac Camp Fire Girls. The girls made the reflector oven and dug the pit for the fire. The two cooks are Sharon Franklin (left) of South Edith street and Patty Swaney of Opdyke road.

There are many honors to be earned at Camp Fire Girls' Day Camp. During each session at a council fire, an honor bead award is held at which time the girls are given their awards. Phyllis Schrieder, field director for the Pontiac Council of Camp Fire Girls, and director of the day camp program, presents awards to Barbara Pierce of Brown road.

Families Accompany DeMolays to Park

The DeMolay Boys of the Pontiac Chapter were entertained Saturday at Holiday Park with swimming, surf board riding, water skiing and speed boat riding.

* * *

Accompanying the boys were three members of the advisory board and their families, the Edward Zielkes, the Earl Hudnells and Mr. and Mrs. Elwood West and son, Michael. Mr. Zielke is DeMolay dad.

The DeMolay boys will be guests of the Detroit Baseball Company Thursday for the Detroit-Baltimore game.

Bradford Family Holds Reunion

The 24th Bradford reunion was held Sunday at the home of Mr. and Mrs. Roy Bradford in Oxford. Sixty-one attended.

New officers are Gerald Shultz, president; Larry Bradford, vice president and Mrs. Gladys Smith, secretary-treasurer.

Coming Events

The Better Home and Garden Club will hold a cooperative luncheon at Dodge Park No. 4 on Cass Lake road Thursday, at 12:30 p.m.

Friends Prayer Band will meet at the home of Mrs. Mattie Jackson, 27 Miller St., Thursday at 7:30 p.m.

The girls have fun making grass dolls at the Pontiac Camp Fire Girls' day camp near Clarkston. Here leader Mrs. James Dodd Jr. of West Brooklyn avenue gives instructions to Blue Birds Cheryl Eaves (center) of Second street and Marjorie Justin of South Sanford street.

Boys Flattered to Learn Girls Like Them

By ELIZABETH WOODWARD

"Dear Miss Woodward: I'm working in the same store with a boy I like very much. About two months ago I told one of the other girls that I liked him, and she told him. Much later I found out that he knew, so I made another girl tell him it wasn't so.

"He's very nice to me and a lot of fun to be with, but he treats me very casually. I know he's looking around for a girl friend—and here I am, just the right girl, under his nose. I want him to notice me!

"I denied liking him when I found out he knew because I was afraid he'd pretend to like me, too, and give me a merry chase when really inside he was laughing.

"Can you give me any help, Miss Woodward?"

Answer: Liking a boy is nothing to be ashamed of. Yet, it was your maiden modesty that made you backtrack and deny your interest. You were slightly ashamed of having made a declaration before getting any similar inklings from him. Your went shy all at once when you tthought of what he must be thinking.

* * *

But boys are usually pretty flattered when they hear a girl is interested. It doesn't matter whether they are equally intrigued. It's just a nice pat on the back, a feather in the cap, a real compliment to know that some nice girl thinks he's tops.

It's all it takes sometimes to arouse the curiosity and pique the imagination of said boy. Tossing the idea of being liked around in his mind, he comes to the conclusion that she at least recognizes a good guy when she sees one. He's tempted to find out what other good ideas she has.

But having made your declaration of affection through another girl, you hesitated to follow through. You had to deny it all. And see to it that he found out, you'd changed your mind.

You took back the compliment, relieved him of the responsibility of thinking agreeable things about you. Why not admit it? You got scared.

But the damage can be fixed by acting as though you'd changed your mind again. Without saying any more about your private feelings, you can show him that you think he's fun.

What you say to him is what counts. The way you look at him, smile at him, and beam when he's around, will convince him that you really are impressed. The electricity you charge is bound to be felt. He'll find you easier to talk to, more comfy to be with.

All of that he's bound to notice.

And if his notice takes a tangible turn, take him up on it. Take it at face value.

Don't suspect him of merry chases and laughts up sleeves. There will be none when he's convinced you're the right girl for him.

Care Lengthens Life of Records

NEW YORK (INS)—Here are a few tips on upkeep for people who take pride in their record collections.

It's smart to wash hands with soap and water before handling records.

Keep records in albums or closed paper jackets when they are not in use, and store them in a dry spot away from artificial heat or direct sunlight.

"There are two things a record collector should never do," says Eli Oberstein, president of a record company. "Don't hold a record any place except at the edges, and don't store them horizontally."

Use Nylon Thread

Those of us who own some of the first nylon slips know that they part at the seams. They were sewed with some other thread. So be sure to mend nylon lingerie with nylon thread.

Silver Lake women golfers rounded out the afternoon Tuesday with a picnic at the Clintonville road home of Mrs. Grant McDonald. New Lip Pomade Wards Off Burn and Fever Ague

Summer probably produces as many fever blisters as winter colds do. Women forget that sun reflected off the water is a super-cooker and will cook the lower lip as nicely as the end of the nose.

* * *

It doesn't matter whether the reflection is off the local pool, lake, the seashore or the ocean. But the more concerted and day-long the exposure is, the surer the possibilities of chapping, cracking or blistering.

A lip pomade is the natural answer. It can be used by the whole family, including the blister-easy kids. Women can wear it over their colored lipstick for extra protection.

One brand is odorless and colorless. It comes in a conventional-sized lipstick case. It could travel right in the handbag to the beach or motorboat with no trouble.

Ready for a boat ride are Mrs. Reginald Edwards (rear, left) of Anders avenue who is seated with Mrs. Elbert Looney of West Walton boulevard, Mrs. William Merritt of Graves street (at wheel) and Mrs. William Katich of Silver Lake road. They were enjoying the picnic held by Silver Lake women golfers Tuesday at the home of Mrs. Grant McDonald.

Shampoo for Men

A new shampoo especially for men is in a nonbreakable plastic bottle and contains hexachlorophene, a skin bacteria fighter which helps to check dandruff.

Rubber Top Tables Ideal for Children

An ideal base for juvenile activities is a rubber topped play table. It's easy to renovate a beat-up coffee table by covering with rubber tile, impervious to dents, spilled ink, paint, glue.

Scrape off the table's finish. Lay out rubber tiles in desired pattern and glue tiles in place with a special rubber adhesive. You may also cut them into desired shapes with a flooring knife.

Pad Heats Plates

Refined ones love hot plates for hot meals. But putting them in the oven cracks the finish. So the French have come up with a sort of folding heating pad that gets folded in and out of a stack of dishes, gets plugged in and heats them really hot.

Worn Shellac on Floor Easy to Refinish

Worn spots on floors finished with shellac can easily be patched without redoing the entire floor.

First clean the spot wtih steel wool and alcohol to remove all grease and wax. If the wood is exposed, it should be bleached with a commercial bleach available in your paint store, rinsed with water and allowed to dry.

Careful sandpapering is the next step, with the edges made smooth and tapering. You can use either No. 00 steel wool or sandpaper.

The last step is application of two or three coats of fresh, white shellac. Each coat should be allowed to dry thoroughly before the next is applied. Several thin coats are best for maximum beauty and protection.

Deception Marks Girls in Trouble

By MURIEL LAWRENCE

Two weeks ago, when the G.s went to a movie, they hired their customary babysitter — a neighbor's 15-year-old daughter. Returning unexpectedly, they found the living room lights dimmed and Diane necking with a 23-year-old man she'd been forbidden to date.

* * *

In return for her pledge not to receive him again in their home, Mrs. G. promised not to "tell" Diane's mother. Now she's worried about this promise.

She writes, "What's my duty to this girl? Hadn't I better tell her mother that she's still seeing this man on the sly?"

Why?

Mrs. G. hasn't been deceiving Diane's mother. She hasn't pretended not to be doing what she's doing. Diane is the person who, by seeing this man on the sly, is denying something that she is actually doing.

Now Mrs. G. wants to spare her responsibility for herself again. She wants to tell the truth for Diane to her mother.

DECEPTION IS PROBLEM

That is not her duty to Diane.

Perhaps it will be helpful if we take our minds off Diane's safety for a minute. Our fear for it is confusing the issue. It is making this man appear to be the problem when he isn't. Deception is the problem.

* * *

Secretiveness, not sex, is the enemy of girls who get into trouble. In a study of unmarried mothers entitled "Out of Wedlock," noted social worker Leontine Young writes:

"Secretiveness seems to be a long-established pattern in these girls. Rarely or never do they oppose authority openly and directly. Rather they conform to it when it seems expedient—and circumvent it when they so desire."

With this knowledge, our duty to Diane becomes clear. Realizing that secretiveness is her enemy, we refuse to cooperate with it.

* * *

We say to her: "My dear, your promise not to use our house again to entertain your friend has not corrected your mistake. The mistake was in disobeying your parents secretly.

"Are you willing to tell them that you did? If you are—and you want me to, I'll go with you when you tell them. I'll do all I can to help them see how brave you are so that you can all use the truth to understand each other better."

DUTY FULFILLED

If Diane refuses, what then? Do we go ahead ourselves—and tell the truth for her to her parents?

I wouldn't myself. I would consider that I had fulfilled my duty to my neighbor's adolescent child by exposing her problem to her—and offering my support to its correction.

But I'd certainly begin to think about duty to myself. I'd say to myself, "Are you prepared to train this neglected girl in responsibility? Because if you're not you'd better get another babysitter."

Country Club Slates Annual Family Night

An annual family night will be enjoyed by members of Oakland Hills Country Club Thursday evening at 9 o'clock. A junior and teenage talent show will be presented by members, under the stars.

A hot and cold buffet dinner will be served on the lawn beginning at 6:30.

Try Bacon on Soup

A very handsome soup: hot Lima bean chowder topped with crumbled bacon and snips of green onion. With the addition of hot garlic French bread and a rich dessert, it could make a meal.

Use Olive Delicacies

Pitted ripe olives, stuffed or wrapped in strips of smoked salmon and speared on toothpicks, are wonderful for a before-dinner appetizer to served with chilled tomato juice.

Mrs. Zelphia DeWitt was a guest of the American Gold Star Mothers when they gathered recently at the Rosedale place home of Mrs. Mae Archambeau for a combined business and social meeting.

The group sewed for the American Cancer Society during the afternoon. Following dinner Mrs. Joe Doyle, president, gave reports on a recent national convention held at Miami Beach, and a state board meeting held at Lansing. The Aug. 2 meetin g will be held at the American Legion Home on Auburn avenue.

Sew New Coverings for Old Chair Arms

The arm sections of slipcovers usually are the first to wear out. To make them last longer, make a protective covering of the same fabric as the slipcover.

Hem the arm covers for a neat look. They can be tucked in on the cushion side of the chair, and pinned or basted lightly along the outside.

Girl Eats Alone to Avoid Cliques

By ANNE HEYWOOD

The old saying is, "Familiarity breeds contempt." I don't know about that, but I do know that many times familiarity breeds office politics and trouble.

* * *

Here, for example, is a letter from Ruth G.

"I have a good job with a firm I have worked in for eight years. Until recently, I was in a department where I was the only girl.

"Lunch was no problem, because the men lunched together and it was taken for granted that I would not join them. So I got in the habit of shopping during lunch, or spending some time in the public library, or just taking a walk.

VERY PALSY-WALSY

"But now," Ruth contines, "I've been transferred to a department where there are a dozen or so girls.

"They are very palsy-walsy and always have lunch together, at least some of them. They insist that I join them and make very pointed remarks if I don't.

"But the trouble is, those lunches are a nightmare of gossip and trouble-making.

"All the girls are in cliques and the men get a thorough going-over and all kinds of gossip is started. I just don't want any part of it, but of course the girls accuse me of being 'high-hat.' They claim that I can't have shopping to do everyday and I've about run out of excuses.

"But I hate to get into this kind of mess. Besides, I'd rather have a quick bite and get away from the office affairs."

TOUGH SITUATION

This is a tough situation, but I think Ruth is right to stay away from those lunches.

* * *

It isn't a good idea to just out and tell them you'd rather be by yourself, because that presupposes that you have a kind of initiative and self-reliance that they sadly lack.

They sound like a pretty insecure group. Perhaps it would be better to tell a white lie.

For example, tell them you're on a rigid diet and it's just too much of a temptation to join them and watch them eat all those goodies.

Let them think you have a fast salad and then have doctor's orders to walk and walk. This will at least make them feel better and superior.

* * *

But whatever you do, don't get involved in office cliques!

Use Vinegar to Preserve Cabbage

Mrs. Hamlin Shares Old "Dutch" Recipe for Tasty Vegetable

By JANET ODELL
Pontiac Press Food Editor

The canning season is upon us once more. Hardy individuals will spend many a hot hour putting up this and that food for winter consumption.

If you wish to can cabbage as Mrs. Harold Hamlin does, there won't be much hot work, she says it is delicious and keeps wonderfully well. It's an old Pennsylvania Dutch recipe she has used for more than twenty-five years.

Mrs. Hamlin is first and foremost a homemaker. She belongs to no clubs. She likes to do a bit of gardening, has a large plot of berries to pick and freeze. She thoroughly enjoys all kinds of handwork — knitting, crocheting, tatting and embroidering. As another hobby she lists the making of artificial flowers.

CANNING CABBAGE
By Mrs. Harold Hamlin

Cut fresh cabbage into halves. With a knife shave into shreds that are not too fine. Cook in boiling water until tender, about 10-15 minutes.

To each ¾ cup of vinegar add ¼ cup water. Bring to boiling point. Pack cabbage into jars, add 1 teaspoon salt for each quart of cabbage. Pour boiling vinegar over cabbage, being sure it is covered. Seal.

For serving, heat in a saucepan and add a little butter, sugar and pepper. Drain off vinegar if desired.

Check Your Back

Sunback dresses may give your audience a rude shock if your back isn't properly washed. Get a combination of mirrors or a husband to check on this important matter.

Sophisticated Comedy Pleases Adult Audience

With a larger than usual first-night audience, Will-O-Way players opened their fourth play of the summer season. Benn Levy's "Clutterbuck" proved an interesting contrast to the previous presentation.

* * *

"Clutterbuck" presents not just one triangle, but two. To complicate the plot still further, the triangles cross each other.

Two English couples traveling on a luxurious ocean liner find their respective pasts catching up with them. For Maggie O'Hara as Deborah Pomfret and Patricia Van Doninck as Jane Pugh it is the appearance of one Clutterbuck.

For Robert Bryson as Arthur Pomfret and Michael Keith as Julian Pugh the past comes in the shape of one shapely gal—Mimi.

LILLIAN ROMAN AS "MIMI"

Mimi is played by a newcomer to the Will-O-Way stage, Lillian Roman. A native of Paris and of French stock companies, Lillian is a slim, provocative blonde with a delightful accent. Television watchers will probably recognize her.

Gerald Harrington, who plays the title role, probably has the most unusual part of his career. It's sufficient to say he doesn't waste any words.

In the beginning the tempo of the play is slow and is more conversation than action. It picks up speed in the second act and continues in the faster vein for the rest of the play. As usual, the stage business is excellent. We also like the original curtain calls devised by Director Merrill.

Red Schaffer, who doubles as stage manager, does a creditable job as the obsequious waiter. This is his second summer at Will-O-Way.

Although not a play suitable for the whole family, as the past two have been, "Clutterbuck" is a sophisticated comedy that will please an adult audience.

New Magnetic Toys Will Float on Water

Magnetic floating toys will keep children amused in the bathtub for hours. They'll have such a good time guiding a fleet of a plastic ocean liner, freighter, tub, and two scows with a magnetized wand.

The suds make the water in the bathtub look like a miniature ocean with sea foam—and it's fun to heap soapsuds into the scows as cargo. All this adds up to an easy device for keeping children clean.

Rub washable leather gloves gently while sudsing, and add a little suds to the rinse water in order to help restore some of the natural oils of the leather.

Modern girls don't think about boys all the time. They just think about them when they think.

Young Folks Need Not Speak First

But Older People Are Very Pleased When They Do

By EMILY POST

A letter from a mother asks: "Is a young person (either boy or girl) supposed to wait to be recognized by an older person before speaking? In my day we were taught to speak to our elders first, but my children seem to think this is not thought good manners today. I would appreciate hearing from you on this matter."

Answer: I think that older people are very pleased when young people greet them, but it is really not the required manners of the young people.

"Dear Mrs. Post: When a husband and wife invite guests to a public dining place where no previous arrangement has been made for dinner, what is the proper procedure for ordering? I mean, should each person give her and his order directly to the waiter or should the husband first ask each guest's preference?"

Answer: If the menu is a la carte the husband asks what each guest would like and then orders the dinner from the waiter. Where the menu is very short—perhaps only one alternate choice for each course—the host also would ask the guests if they want cream soup or clear soup, what kind of meat, etc.

However, if the menu is a very long one, then the waiter or waitress generally takes the order at each place.

"Dear Mrs. Post: While I was having lunch the other day with several of the young women with whom I work, the question arose as to whether or not it is considered proper for women to apply makeup at the table when eating in a public place. Some said it is and others said it isn't. What do you say?"

Answer: Yes, it is all right so long as you are putting on just a little lipstick very quickly, but that's all. If you want to put powder on, and really makeup, you should go to the dressing room.

The outer green leaves of head lettuce are richer in vitamins than the inner, bleached leaves.

Two Local Girls' Engagements Told

BEVERLY IVY WARWICK

The Samuel G. Warwicks of Island court announce the engagement of their daughter, Beverly Ivy, to O. Eugene Weaver. He is the son of the Orville J. Weavers of Ann Arbor. She is a graduate of the University of Michigan, where he is a student in the Medical School. A late summer wedding is planned.

JOAN ELEANOR COLEBROOKE

Mr. and Mrs. William J. Colebrooke of Opdyke road announce the engagement of their daughter, Joan Eleanor, to Ernest Douglas Pruente. He is the son of Mr. and Mrs. Francis C. Pruente of Gingell court. An Oct. 22 wedding is being planned.

Pair Spend Honeymoon at Lake Memphremagog

Robert F. Dernberger, son of Mrs. Franklin Dernberger of Oriole road and the late Mr. Dernberger, claimed Irene Jackman as his bride July 9. The bride is the daughter of Mr. and Mrs. Frederick Jackman of Bellows Falls, Vt.

The double ring ceremony was performed at 10:30 a. m. in Immanuel Church of Bellows Falls, before an altar decorated with baskets of white gladioli and delphinium.

The bride wore a floor length gown of white lace and tulle over satin. It featured a scalloped lace neckline, fitted bodice and full skirt. Her fingertip veil of illusion fell from a crown of seed pearls and lace, and she carried a cascade bouquet of white roses and stephanotis.

Diane Diamond of Cobelskill, N. Y., was maid of honor. She wore a floor length gown of aqua crystalette, styled in long torso with full skirt. She wore a white horsehair picture hat and carried a nosegay of pastel flowers.

Marion Welch and Patricia Dernberger, sister of the bridegroom, were bridesmaids. They wore coral gowns identical to the maid of honor's with matching hats and carried nosegays.

Marvin Jackson of Grosse Pointe was best man. Ushers were Walter Penney of Brooklyn, N. Y., and Melvin Sarten of Dearborn.

* * *

A reception was held in the garden of the bride's parents' home. Mrs. Jackman wore a pure silk mauve dress and corsage of pink roses and baby's breath. Mrs. Dernberger wore a rose-beige silk dress with matching beaded hat and corsage of roses.

When the couple left on a wedding trip to Lake Memphremagog, Can., the bride was wearing a white batiste suit, embroidered in blue with matching cumberbund. Her corsage was composed of matching blue daisies.

The bride was graduated from Stephen's College, Columbia, Mo., and will enter her senior year at University of Michigan in the fall. The bridegroom, a member of Phi Sigma Kappa Society, is a graduate of University of Michigan, where he will do graduate work in the fall.

Too Much Jewelry Clutters Appearance

It requires care and know-how to wear earrings, sunglasses, a necklace and bracelets at one and the same time without looking overdressed.

* * *

Best policy is to wear no more than one or two pieces of jewelry at any time and to leave off the ear clips when you're wearing sunglasses.

Three-Way Mirror Also for Home Use

CHICAGO (INS)—No dress shop is without a three-way mirror and now no woman need be either.

A three-way mirror has been designed for home use and was introduced at the recent National Housewares Show in Chicago.

The home version is a folding tri-paneled mirror framed in wrought iron which can be hung on a closet door. Each panel is four feet long and one foot wide.

Bridal Shower Treat

Here's a pretty dessert for a bridal shower: fill individual meringue shells with scoops of vanilla ice cream, top with well-drained canned fruit and glaze with melted currant jelly.

D'ya Know Denier?

Stockings with a larger denier number, which means coarser yarn will snag more easily than the finer-yarned ones, but they run less easily. It depends upon which you do to stockings most frequently.

Women Work Too Hard While Cleaning Carpet

CHICAGO (INS)—Most women work twice as hard as they need to in vacuuming a carpet with a tank-type cleaner.

This report comes from an organization which has trained hundreds of professional carpet cleaners who go into homes and observe women's methods in vacuuming rugs.

A spokesman for the firm said the trouble lies in long strokes. He said:

"When the stroke begins the head is tipped down toward the carpet and when it ends, out in carpet and when it ends, out at arm's length, it is tilted u paway from the carpet.

"As a result much of the suction is lost."

The firm's spokesman advised women to keep the vacuum suction end flat on the carpet at all times and that this can be accomplished only by short strokes, about two feet long.

The organization recommended that the strokes be overlapped so as to go over each part of the carpet three times — forward, backward, forward.

Latest Toys Stress Wish of Child to Be Grown Up

NEW YORK (INS) — All a child needs is an imagination and some of the latest toys to be a housewife, mother, rifleman, railroad man, switchboard operator, policeman or death-defying test pilot.

The toys shown at the preview of American-made playthings, held by the Toy Guidance Council in New York, stress and are derived from the youngster's desire to imitate his elders.

For little girls there are all sorts of kits in the homemaking, baby care and cooking department. The kits feature packages of famous brand name items.

In addition, there are items for slightly older girls that include miniature but working electric stoves, broilers and vacuum cleaners.

The show features a switchboard, for instance, that is connected to four extension phones and really works. Anyone picking up one of the extensions in another room can ring the operator, who can then cut in on the line and hook the caller up to one of the three other extensions.

DUCK SHOOT

A toy for the youngster who wants to practice his duck-shooting consists of three cardboard ducks attached by chains to three arms on a child-height stand.

The ducks are slipped onto the stand and the stand is set a-twirling. Then the pint-sized sharpshooter, using a rifle which shoots a dart with a suction cup at the end, knocks off the ducks.

The latest gimmick in the ever-popular electric train sets is a loading platform which automatically dumps toy drums into a cart, which drives over to the waiting train and, again automatically, dumps the drums into the car.

One of the most ingenious of the new toys is a test-pilot set which consists of a circular landing field, a guide wheel, and a tower to which is attached a model airplane. The set operator can make the plane taxi, take off, cruise at various speeds, climb or dive, stunt and loop and set down for a three-point landing.

TV INFLUENCE

Television has also had its influence — there's a policemen set copying Jack Webb and "Dragnet" with a gun and holster, handcuffs that don't lock, "714" badge and wallet, and a belt and bullet holder.

Although there were no great amount of Davy Crockett items on display, there were some dolls and costumes. Ample varieties of frontier items reminiscent of American folklore were to be seen.

For people who want to give their children really high-priced gifts, however, there was a doll with a real, silver-blue mink coat. The doll itself costs $13, but with the coat she costs $295.

Add Reformatory Guards

IONIA (AP) — Deputy Warden George Kropp said Monday that 10 men will be added to the Michigan Reformatory guard staff as the result of additional funds voted by the Legislature.

Ovid Man Purposely Made a Grave Error

OVID (AP)—It says on his gravestone he died in 1945 but Charlie Starr is still going strong at the age of 102.

Starr, a retired farmer, is celebrating his 102nd birthday and the 10th anniversary of a bad guess on his grave marker.

When his wife died several years ago, Starr thought he'd save some trouble by having a gravestone made for himself. He had "1945" chiseled on it, figuring a couple of years difference wouldn't matter.

Now the stone is 10 years off and Starr is still alert and active. Only last year he gave up his regular exercise of chinning himself on an apple tree in the backyard.

Scar on Man's Neck Not Barber's Slipup

BENTON, Ky. (AP)—A middle-aged stranger walked into the crowded Holley-Gordon barbershop and patiently awaited his turn. Everybody was curious about an ugly scar on the man's throat. Finally, he sat down in Check Gordon's chair.

"You've never been in this shop before, have you?" asked Gordon.

"No," smiled the stranger. "I got this scar in World War I."

XXXII

JOE AGNEW had his key-ring out as he approached the garage, and in the moonlight selected the flat key to the padlock on the door.

He stopped and frowned when he found it wasn't even locked. Now that was funny. He always locked it when he put the taxi up at night. Long as he could remember, he'd never forgotten to lock it before.

Well, maybe he had been a little excited about calling the police and all, he conceded as he opened the double doors wide and got under the steering wheel.

Yeh. That must have been it. He'd been going over in his mind the story he would tell Irma. Sort of building it up a little bit, maybe, to make it sound more important than it really was. But that was just to please Irma. She always waited up for him no matter how late he was, and was always pestering him to tell her all the interesting things that had happened to him that day.

She never could get it out of her head that hacking was just like any other kind of work. She'd ask him what important people he'd carried, how pretty were the women and did any of them make passes or invite him into their houses for a drink when he took them home.

And generally he couldn't think of anything much to tell her, but last night had been different and he'd been full of it when he put the taxi up and went in.

He was so full of remembering about it now as he backed the cab out of the driveway to the street that he didn't pay any attention to the dark automobile parked inconspicuously at the curb half a block away.

Joe's sixth sense was a little lacking when he failed to note that the parked car pulled away from the curb without headlights and swung in behind him as he turned the first corner.

But he was too full of thinking about how he had finally had something interesting to tell Irma, and how he'd added on a few touches to make it sound like he'd been smarter than the police.

WIFE IMPRESSED

SHE'D listened to the embellished story with open-mouthed admiration, too, making him out to be some kind of hero for reporting it to the police and all, and even wondering if there mightn't be a reward for him if the girl-killer was caught as a result of his quick-thinking.

He'd discouraged that idea, but now he remembered the interview with the skinny reporter and the famous detective, and how the reporter had promised to write up a story all about him maybe put in, too, how he was on call at home at night if anybody needed a cab special. If he did put that in the paper, Joe Agnew reasoned happily, thousands of people would read about it and as a consequence there might be a lot more calls like this one in the future.

Maybe he'd even be able to build up a sort of special clientele in time, so he could really be in business on his own and not have to split with a company.

By that time he was on Biscayne Boulevard speeding smoothly northward with no traffic to think about, so he daydreamed happily on, the one-man taxi business mushrooming to a volume that required him to put on a whole fleet of cabs, and with very special and trustworthy drivers, of course.

Fellows like him who had a sort of sixth sense about certain things you might say, because he would build the reputation of his company on that sort of special service and he'd take mighty good care that any driver working for him was absolutely discreet and could be trusted to do a job like this one tonight and never open his mouth about it. No sir. Not even if the lady's husband was to have her trailed and come around and offer to pay him a lot of money to tell where his wife had been before he brought her home.

Now, that was a good thought. It had never happened just that way in the past, but maybe the talk with Michael Shayne had brought it to his mind and made him see just what might happen.

JOE WONDERS

SUPPOSE a private detective like Mr. Shayne, now, was to be hired by the husband of the lady he was going to pick up on 148th Street. Suppose, now, that a private eye like Shayne was to be hanging around her house at 2 a.m. to see who she came home with.

And he drove up with her in his cab. He would drop her there and then drive on. And it wasn't difficult to envision another car following him forcing him into the curb a short distance from her house, and a man like Shayne getting out and talking tough out of the side of his mouth while he demanded to know where the woman had been that evening.

Well, not a private eye like Michael Shayne, Joe Agnew conceded to himself. A man like that had more important cases than just checking on an erring wife. Seemed like he'd read that Shayne didn't take cases like that.

All right. Some other private eye. One not so famous who did take cases like that.

He was so absorbed in his own day-dreaming that he paid no heed whatsoever to the car that had been discreetly and efficiently behind him ever since he pulled away from the driveway of his house. It slowed down to a snail's pace behind him as he turned to the right, and his eyes were only concerned with looking ahead for a glimpse of the woman whom he was to gallantly pick up and escort home so her reputation might not be smirched.

Look, Stare, Eye, Glance but Man, Don't Ogle Her

KALAMAZOO (AP) — Girl watching is O.K. but girl ogling is out under a new city ordinance.

The City Commission passed the ordinance outlawing ogling—defined as "to look or glance at furtively."

Sponsors said it is aimed at the "obnoxious ogler, the accoster, the coaxer, the insulter."

It does not bar the right to a long look or a short stare—"that's constitutional privilege," a supporter said.

The U. S. Office of Education says that most of the Russian graduates have taken five and six year courses while most of the Americans have taken three and four year courses.

Mortgage 'Rent' Costs You More

Lending Agencies Reap Fortune From Interest on Long-Term Notes

By SAM DAWSON

NEW YORK (AP)—The easier the mortgage payments are on your current budget the more money you'll have to put out before you finally get full title to your home.

Lending agencies are starting to stress that paying for a home "just like rent" costs more in interest payments over the years.

* * *

On a $10,000 loan a veteran can save himself more than $3,000 by taking out a 20-year mortgage instead of a 30-year one, the Northwestern National Life Insurance Co. of Minneapolis notes today.

Or, put another way, on each $1,000 of down payment you can manage to put up, you can save over $800 in interest payments on a 30-year program, or more than $500 in interest payments on a 20-year schedule.

* * *

Many families who'd like a home of their own, or a larger house for a growing brood, are discussing today how best to finance it. The problem: they can save interest payments in the long run by taking the 20-year payment plan instead of the 30-year one—but their monthly payments in the meantime will be about $12.50 higher. And they may want to use that $12.50 toward payments on the refrigerator or stove.

* * *

The insurance company notes that under a 20-year payment plan on a $10,000 deal, all borrowed, they would in 10 years have paid off about $3,900 in principal. It says that under a 30-year schedule, their payments on principal in the first 10 years would be about $2,000.

Voters OK Bond Issue

EAST JORDAN (AP)—Voters have approved a $410,000 bond issue and an 8.5 mill tax hike to build a new 16-classroom elementary school for East Jordan rural agricultural district No. 2. The bond issue won by a vote of 365 to 152. The millage increase was approved 373 to 161.

Detroit Polio Victim Report—45 for Year

DETROIT (AP)—Six new cases of polio reported in the last week have brought Detroit's total for the year to 45. This compares with 95 cases in the same period last year.

One death this year has been listed officially as caused by polio. There were seven deaths to this date in 1954.

Dr. Joseph G. Molner, health commissioner, said 11 of the 45 polio patients had been given one shot of Salk vaccine. Of these cases three were mildly paralytic and eight non-paralytic.

'Bonanzagram'

Have Fun! Win $100!

"Bonanzagram" is an exciting new puzzle in which the Pontiac Press offers both fun and a $100 cash prize. BUT before you try your hand at "Bonanzagram" **be sure and read the rules** at the bottom of this page. Solution will appear in the Press July 29.

CLAIM CHECK

Below is a duplicate of the "Bonanzagram" entry you send in to contest headquarters. It is ESSENTIAL that you fill it in and save it until the correct solution to "Bonanzagram" No. 20 is published Friday, July 29. Unless you do so, you will be unable to collect the prize if you should send in a winning solution. Check the rules below for further details.

Bonanzagram No. 20

Story Clues

William, a clerk at the super market, went home after closing time and found his wife, Kate, who was a social worker, belatedly returned from a two weeks' trip. They now realized that an invitation had been extended to some guests for dinner that night, and the problem was what to feed them. The emergency shelf in the kitchen was depleted. Kate had come home having spent all her money, and William too was short of cash, since it was just before pay day. Kate suggested he go back to the store and get what they needed. Although William had a key, it was only supposed to be used for emergencies or when he was on the early shift. However, Kate insisted. Concerned that someone might report a prowler, William decided to leave a note to explain to his boss. In his hurry, he broke a bottle of laundry bleach and drops of it got on the note, fading out some of the letters. Can you, too, fill out and understand the message, as his boss did?

How To Play 'Bonanzagram'

Solve the "Bonanzagram" by filling in all the missing letters, as indicated by the underscores, in the message. Insert only one letter above each underscore. Many clues to the missing letters are hidden in the story, or anecdote, accompanying the message itself, and, in a few cases, the contestant's general knowledge should provide the correct letter. The contestant will note that the message is unpunctuated. Punctuation will help solve the message but is not necessary to win.

All missing letters must be correctly inserted to win a Bonanzagram prize. Punctuation will not be considered in judging a correct answer.

When properly filled in, the "Bonanzagram" will spell out a clear message that will conform in every way with the clues. In many cases it will seem that more than one word would be the correct one. That's part of the fun! You should weigh the clues and select the BEST possible word in each case.

How to Submit Entries

1. After solution is completed, "Bonanzagram" should be clipped and pasted to a two-cent postcard with your name and address.

2. Entries will be received at the Pontiac Press office, 48 W. Huron St., until 5 p. m. Tuesday, July 26. Mail entries must be postmarked before midnight Tuesday, July 26 for Bonanzagram No. 20. Address "Bonanzagram, % Pontiac Press, Pontiac, Mich.

3. Entries may be mailed in envelope but contestant's full name and number of puzzle must be printed in upper left corner of address side of envelope.

4. Copies of the Press need not be purchased to enter. Facsimiles made by hand and corresponding as closely as possible to the original "Bonanzagram" printed in the Press will be accepted but are limited one to a family. Mimeograph, duplicator or other unofficial mechanical reproduction is forbidden.

How to Collect the Prize

The entrant must work out and keep duplicate solution as a claim check. When the solution is published in the Press, he should compare his "claim check" with the published solution, and, if his claim check is identical, he should call in person with his claim check at the Press office, 48 W. Huron St., before 5 p. m. on the Monday following publication of the solution.

If a winner cannot call at the Press office in person, he should mail his solution to "Bonanzagram Editor." This letter must reach the Press not later than 5 p.m. the Monday after publication of the answer. Correct answers are void unless the contestant reports his claim by the deadlines listed here.

About Eligibility, Information, Etc.

1. Anyone is eligible for the "Bonanzagram" contest except employes of the Press and members of their immediate families. (Immediate family means all those living in an employe's household.)

2. No question as to winners will be answered by phone.

3. The Press will award a prize of $100 to the winner of each weekly Bonanzagram. If more than one winning answer is received, the prize will be divided equally among the winners. If no correct solution is received, the $100 will be added to the next week's prize. If the winner is a subscriber of record to the Press a $20 bonus will be added to the $100.

4. Only one winning entry from a family will be eligible for the prize, but there is no limit on number of entries.

5. The Press retains the right to correct typographical errors.

6. Judges' decision will be final and contestant's submission of entries indicates acceptance of these rules.

7. No liability is accepted for entries that fail to reach us.

8. The Press reserves the right to alter rules and/or discontinue the contest at its discretion.

Firefighters Plan to Disarm Clouds

MISSOULA, Mont. (AP)—Government firefighters are aiming to disarm thunderclouds over Montana lighting storms by the summer of 1956.

Jack Barrows, chief of the Intermountain Forest and Range Experiment Station, says the first objective is to get basic information by man-made changes in clouds! Sky tracking of clouds was among the first jobs. The paths of clouds will be charted to learn their patterns and thunderstorms classified by intensity.

Classification should help greatly, said Barrows, "in picking out clouds that look like good bets for seeding and passing up those that look like poor bets."

A mobile laboratory is in the field.

Lathrup Zoning Hearing Begins

Pure Oil Products Co. Seeking to Construct Gas Station

LATHRUP — Hearings started yesterday before Oakland County Circuit Judge Frank L. Doty in a dispute between Lathrup city and the Pure Oil Products Co. of Michigan.

The firm is attempting a gain a court go-ahead for constructing a gas station at the northeast corner of Glenwood and Southfield Roads which apparently would open the way for extensive commercial construction along Southfield in the city.

Lathrup is attempting to establish a residential-professional office building classification.

Pure Oil declares it paid Mr. and Mrs. Charles D. Kelly $31,000 for the 148-foot frontage in a deal completed in November 1954. At the time, it claims, there was no zoning on the land.

ADOPTED ZONING

Lathup incorporated in December 1953 and adopted into its charter the Southfield Township zoning ordinance.

Pure Oil alleges a provision in the charter requred expiration of the borrowed zoning ordinance June 7, 1954.

The firm asserts it bought the land after June 7, and before Lathrup adopted its own zoning law.

Lathrup contends restrictions against gas - station construction were in force at time of the purchase.

OFFICIAL TESTIFIES

Yesterday Pure Oil Vice President J. J. Rinehart, of Bloomfield Hills, and Detroit City Planner Elmer E. Mueller testified.

Mueller said Detroit plans called for development of Southfield as a limited access expressway and it is expected the project would be continued on through Lathtrup.

He has studied the area in question, Mueller stated, and feels it would serve better if developed commercially. "I don't see how high-type homes could be developed along Southfield similar to those now existing in Lathrup," he said.

Probate Judge Arthur E. Moore, consulting attorney for Lathrup, attempted to show that high class residences had been constructed in similar areas in Huntington Woods and Royal Oak.

Pontiac attorneys Glenn C. Gillespie and James G. Hartrick are handling the case for the oil company. Lathrup City Attorney Everett Hayes is working with Moore.

Two other oil companies have similar suits waiting outcome of the present one.

Socony Vacuum hopes to build a station at Sunnybrook and Southfield. Speedway plans a structure a Twelve Mile and Southfield.

Church Schools Slate Yearly Picnic Outing

WATERFORD — The Waterford Community Church Sunday School and Vacation Bible School will hold its annual picnic Saturday at Davisburg Park.

Superintendent Wallace Brown announced the group will leave at 2 p.m. and a pot-luck supper will be featured later in the afternoon.

Nancy Farnham Married in Morning Ceremony

WATERFORD TOWNSHIP — Married recently in a morning ceremony performed at St. Vincent de Paul Catholic Church, Elm Grove, were Nancy Lucille Farnham and Donald J. O'Neill.

The bride is the daughter of Mr. and Mrs. L. P. Farnham of Woodhull Lake and he is the son of Mr. and Mrs. Donald J. O'Neill of Wheeling, W. Va.

Nancy wore a strapless, ballerina length gown of white embroidered organdy, topped with an organdy bolero. Her shoulder length veil of illusion was secured by a coronation tiara.

She carried a white silk covered prayer book, mounted with a white orchid, white daisies and narcissus.

A wedding breakfast was held after the ceremony and the couple also received guests at an afternoon reception.

After their wedding trip the newlyweds will reside in Mt. Clemens.

Gordon Dye and Bob Jackson are the newly elected patrol leaders of the troop. Explorer Post advisors are Robert Tennant and Geo. Clixby.

Honor Secretary of Romeo Post

Ground Observer Gets Award of Merit at Dedication Rites

ROMEO — Mrs. James Burke, local Civil Defense secretary, was singled out for special honors at the dedication of Romeo's new Ground Observer Post last night.

She received the award of merit from Air Force representatives in charge of Ground Observer operations in the state.

The medal was presented for outstanding service in scheduling volunteers to stand watch at the local post. It was reported during the ceremony that the new post is now being manned at 75 per cent efficiency.

Also honored during the proceedings were Bill Farr, and John Miller, who received 25 hour pins. Carpenters, painters, electricians and local store owners who contributed time and material for the post were also officially recognized.

The Romeo High School band played several patriotic numbers, during the program, and concluded with "God Bless America" sung by those present.

The Rev. Ellis Hart, post supervisor, acted as master of ceremonies, and he introduced the speaker, Arthur Wendt, Civil Defense Director for Macomb County.

Waterford Slates Youth Nite Dance for Teenagers

WATERFORD — The second Youth Nite Dance will be held Friday at the Community Activities Building, from 8:30 p.m. through 11 p.m.

The Belmont Trio will be the featured band of the evening.

A dairy bar will be open to all Waterford Township High School students who are invited to attend.

The next dance is slated for August 19. The dances are sponsored by the Waterford Township Recreation Department and are under the direction of Mrs. Warren Allen and Paul Atkins.

Action Follows Court Decision

Judge Doty Turns Down Request for New Trial by Property Owners

MILFORD—The Huron Valley Board of Education voted unanimously last night to accept the $612 per acre price set in condemnation proceedings for a new high school site.

The action followed on the heels of an Oakland County Circuit Court decision Monday turning down a new trial request by attorneys for the property owner.

The 42 acre site is located between Milford and Highland, and is owned by Capt. G. L. Larges. Appeals of the court are due in 20 days.

The Huron Valley School district plans to erect a $1,250,000 high school on the site, which the owner valued at $2,000 per acre.

Superintendent of Schools Harold Hansen said today, "There is little we can do until we know if the decision will be appealed."

He added, however, "the 20 day delay is not holding up building plans. We are going ahead with preliminary plans, and they are nearing completion."

In denying the motion for a new trial, Oakland County Circuit Judge Frank L. Doty held that the school board had selected the site, and the residents of the area approved it, quashing the question of the condemnation jury ruling on the site's properness.

Voters of the school district approved a bond issue and a 3.5 mill tax increase March 22 for the new school. The architectural firm of Louis C. Kingscott and Associates of Kalamazoo has been hired by the school board.

Plan Homecoming Event at Almont

ALMONT—Plans are being completed for the Almont Homecoming which will take place Aug. 12 through 14.

Approximately 20 individual organizations are working on the float project which will be one of the highlights of the event.

Other features will include a horseshow at the Athletic Field set for the first day. The event is sponsored by the Almont Future Farmers.

A Children's Parade will be held on Aug. 13, and high school reunions, and a community potluck dinner are also scheduled for that day.

Other activities will be baseball games, concerts and family reunions.

Hotel Safety Inspection Goes to State Attorney

ROCHESTER — Village Manager Robert Slone has received a letter from Arnold C. Remer, chief fire marsal of Michigan, acknowledging the receipt of a resolution passed by the Village Council asking for a re-inspection of the Rochester Hotel at Fifth and Main streets.

The council requested that the owners be made to comply with state safety requirements. Remer said the letter was turned over to the state attorney general for action.

WILL LEAD SERVICE — The Ambassadors, a quartet from Marlette, will have charge of the Sunday service at the Silvercrest Baptist Church, Waterford Township. The quartet, composed of Verlin Morgan, Ray Clendenan, Jack Marion and Ken Morgan, is well known through the area. In the absence of the pastor, The Rev. James Luther, Joe Elmer of Bob Jones University and Jack Marion will be the speakers.

The new club directors are Garnet Poulton, Frank Ronk, William Stamp, Ira Snader, and Charles Rockwell.

Will Investigate Proposed Track

State Racing Head Asks Probe of Stockholders in Troy Township

DETROIT (AP)—State Racing Commissioner James H. Inglis has called for an investigation of the financial integrity of 19 stockholders in a proposed new race track in Troy Township.

Inglis yesterday adjourned a hearing into the petition of the Michigan Thoroughbred Turf Club, Inc., to establish the track until the stockholders can be present. He also ordered petitions to prepare a proposed operating budget, based on a 40-day track meeting.

Attorneys for the track accused Inglis of showing prejudice in demanding that all the stockholders appear at a later hearing.

Earlier yesterday, the petitioners and a representative of the State Building Division disagreed over the cost of building the track. Ted Rogvoy, the track architect, estimated the cost at $2,701,834. James A. MacDonald, superintendent of construction of the building division, said the cost would be $4814,550.

The racing group proposes to build a one-mile oval track and a grandstand on a 220-acre site at 14 Mile Road and John R.

Rev. Gibson Pastor at Marlette Church

MARLETTE — The Rev. Ernest M. Gibson is the new pastor at the United Missinary Church.

He has studied at the Detroit Bible Institute, the American School at Chicago, and the Union Bible Seminary at Westfield, Ind.

Married, he is the father of three daughters and has eight grandchildren.

Supervisor to Speak

SOUTHFIELD TOWNSHIP — Township Supervisor Eugene Swem will be the speaker at the 6:45 p.m. meeting of the Southfield Kiwanis Club today. Swem is also chairman of the charter commission.

County Calendar

Four Towns

The official board of the Four Towns Methodist Church will meet at 8 p.m. Thursday at the home of Mr. and Mrs. Raymond Swackhamer, 5122 Oakcliffe.

Check Legality of Bond Election

Approval Is Withheld for Lake Orion Funds Pending Decision

Approval of the Lake Orion School district's $750,000 recent bond issue was held up by the State Municipal Finance Commission, pending a study of the legality of the election.

Lake Orion's bonds, along with those of several other school districts in the state, were approved in elections which allegedly do not make clear that they permit unlimited tax increases.

The Commission withheld approval of the issues until it secures an opinion from State Attorney General Thomas M. Kavanagh.

Kavanagh said he was disturbed that school district voters were being asked to approve bond issues without being told that their taxes can be raised for 25 years for an unlimited amount of additional millage.

This apparently is possible, Kavanagh said, under the $100,000,000 state school construction loan plan adopted by the voters last April. The plan also lifted the 15 mill amendment as far as school bond issues were concerned, to insure repayment of state loans and to permit school districts to cut their interest charges.

Previous to the April election, the constitution permitted only a total of 35 mills to be voted for 20 year periods by vote of the people.

Camp Tomahawk to Open on Aug. 1

WATERFORD TOWNSHIP — Camp Tomahawk will mark its third year of providing outings and adventures for Waterford Township youngsters when it opens on August 1.

Sponsored by the township recreation department, the camp covers hiking, nature study, woodcraft, outdoor games, camp cooking and swimming.

It is for all boys and girls in the township and school district, between the ages of 9 and 14 years.

Camp counselors are high school and college students with experience as campers and counselors. Director Paul Atkins, a township resident who teaches in Pontiac, has worked several years with the Pontiac Recreation day camp, and directed Camp Tomahawk last year.

Registrations are now being taken by phone or mail at the township recreation office in the CAI building. The cost is $2.50 for the full five days, with milk furnished every day.

Buses will make pickups at the Waterford Village, Williams Lake and Pontiac Lake Schools during the first week, August 1-5.

The Drayton Plains, Adams and Children's Home schools are stops during the second week, August 8-12, and the Donelson and Covert Schools are listed for the third week, August 15-19.

During the fourth week, August 22-26, the buses will pick up students at Lambert and Stringham schools, and the final week has Waterford Center and Four Towns schoools designated as the loading places.

Buses wil pick up the children at the scheduled schools at 8:30 and 9 a.m., returning them at 4:30 p.m.

PROSPECTIVE CAMPERS — Paul Atkins, director of Waterford Township Day Camp Tomahawk, discusses the camp and its offerings to pupils at the Drayton Plains school playground. The camp opens August 1 for its third year. Receiving the information on the camp are (l-r) Pat Wolfe, Frances Whitaker, and Bill Whitaker.

Motorist Startled by Aerial Onslaught

HOUSTON (AP)—"I thought it was the end," says Fred Raemer of a traffic accident which happened yesterday.

Raemer was sitting in his car waiting for a red light to change when another car plunged off the roof of a three-story parking garage—and fell on Raemer's car.

The second car belonged to Elvin Steen, 35, who had it up on jacks while making some repairs. Steen forgot the engine was running and in gear and let the car down off the jacks. "It just took off," says Steen.

Raemer was not hurt but his car was messed up.

Sheree North Set to Start Second Starring Picture

While Louella O. Parsons is on vacation her column will be written by Dorothy Manners.

By DOROTHY MANNERS

HOLLYWOOD (INS)—Sheree North, 20th's "other" blonde babe, isn't getting much time to rest her "working" ulcer between pictures. In less than a month she starts her second starring picture, "Do Re Mi."

This allows the shapely Sheree just a bit more than six weeks between the completion of "How to Be Very, Very Popular" and the start of her new one. "Do Re Mi" is about a racketeer trying to make a big recording star out of his dumb girl friend.

All the publicity 20th has invested in the hot Miss North isn't going to waste without films to back her up, you can bet on that.

RUMORS ARE FLYING

As Clark Gable honeymoons with Kay Spreckels, the rumors get louder and louder that the marriage of his most recent ex, Sylvia Ashley Fairbanks Gable, etc., and her new husband, Prince Dmitri Djordjadze, is getting shakier and shakier.

Sylvia, in Los Angeles on "business," is doing a great job of hiding out from curious reporters. She was at Cole Porter's party a few nights ago but must have told her pals to forget her telephone number and address.

Obviously the lady is of a mind to neither admit—nor deny—the insistent gossip that she is again a matrimonial loser.

MOVIE FOR LUCY

The "I Love Lucy" addicts will soon see the whole TV show gang—Lucille Ball, Desi Arnaz, Vivian Vance and Bill Frawley—together in a movie that has nothing to do with the "Lucy" series.

Instead, another comedy, "Go for Fun" by Madalyn Pugh and Bob Carroll Jr., has been bought to reunite the quartet and it will be made by the Arnaz' independent company for MGM release.

In this, Lucy and Desi will not be married—which is a switcheroo.

Pros Say Putting Will Decide PGA Title

Rough and guff were both conspicuous by their absence today as the 37th national PGA golf tournament began a seven-day run at the Meadowbrook Country Club in suburban Northville.

There was no guff from the players, who are usually quick to complain—in rather choice words—when a championship course is toughened up, such as for the National Open in San Francisco last month.

* * *

This time all is sweetness and light. The rough, which grew knee high in spots for the Open, is merely toe-high for the PGA—little toe, at that.

"Why, you can get a better lie from the rough than the fairway," said Lou Worsham, the Oakmont, Pa., veteran who just about echoed the sentiments of his fellow professionals.

"It's a rather easy course," added Vic Ghezzi, the bronzed New York giant who won the PGA back in 1941. "There's practically no rough, it has burned out. And what's left is being trampled flat by the galleries."

Because of this lack of rough, the players—almost to a man—concede that the tournament will be decided by the delicate art of putting.

"There's no doubt that putting will be decisive," said Chick Harbert, the defending champion and host pro at the 6,750 yard par 35-36--71 Meadowbrook layout. "Since there is so little rough, the plan is to make up for this by making the greens hard and fast—tough to hold."

* * *

Sam Snead, who has had putter trouble for virtually his entire golfing life, spent three hours on the putting green, using a half dozen different putters.

* * *

Despite this chronic ailment, Snead is one of the outstanding favorites in the field of 135. Other leading contenders are Cary Middlecoff, the nation's leading money-winner, who had won five tournaments this year; Jack Fleck, U.S. Open champion, and a pair of hometown hotshots, Harbert and Wally Burkemo, both of whom thrive on match play.

Today and tomorrow were set aside for qualifying with the low 63 scores in the 36-hole test joining Harbert for the start of match play Friday. As champion, Harbert is not required to qualify, but will play anyway.

"I'll be gunning for medalist honors," he said. "I believe a player who is hot in qualifying will be just as hot in match play, even though it's a different brand of golf."

Roy Wallin of Mason City, Ia., didn't wait for the tourney to begin before lining his pockets with coin. The husky shotmaker took down two of the four special events on yesterday's pre-tourney exhibitions, including the driving contest, and pitching for accuracy. He hit one tee shot out 299 yards and laid an approach a foot and 5½ inches from the pin.

* * *

Cary Middlecoff, Kiamesha Lake, N. Y., won the accuracy driving contest when he put all three of his drives on the fairway for a total of 811 yards. The other winner was Leon Pounders of Omaha, Neb., who sank the 1st of his sand trap shots.

Lionell Hebert of Erie, Pa., was 2nd in the distance driving with a drive of 288 yards while Sam Snead of White Sulphur, W. Va., was 3rd with 286 yards. Walter Burkemo, Detroit, and Tommy Bolt, Chattanooga, Tenn., tied for 2nd in the accuracy driving contest, both with 770 yards.

Second in the sand trap competition was Al Kocsis of Ionia, Mich., who blasted out within three-quarters of an inch of the cup, and 3rd was Jack Igore, Boston, who came within 3½ inches of the cup.

Second in the approach contest went to Mortie Dutra of Los Angles with one foot, 2½ inches, and 3rd was Henry Williams Jr., Fleetwood, Pa., with two feet, 2¾ inches.

First prize money was worth $75 and a gold medal valued at $50, second prize $50 and third $25 in each of the four contests.

Hometown Links Star Pacing Western Field

Alex Welch 4 - Under at 138; Brink One Stroke Back

ROCKFORD, Ill. (AP)—The rest of the field was chasing the hometown boy today as the third round of the Western Amateur golf qualifying marathon opened.

* * *

Breaking into the halfway lead with a brilliant 67 for 138—four under par—was Alex Welch, 35-year-old attorney who has won the Rockford city title six times and has been a member of the host Rockford Country Club most of his life.

Welch, finalist in the North-South at Pinehurst last year, still had a fight on his hands for the seven allotted qualifying spots after the 27-hole trial.

* * *

One stroke behind were Harold Brink, 43, a used car salesman and four-time Grand Rapids, Mich., city champion, and 20-year-old Don Bisplinghoff of Orlando, Fla., winner of the 1955 North-South crown. Brink fired a steady 70 to go with his opening 69. Bisplinghoff hooked up four straight birdies in rounding out a 68 to go with a 71.

* * *

Bob Brue, 20, of Milwaukee, defending champion Bruce Cudd of Portland, Ore., Jim Tom Blair of Jefferson City, Mo., and Walker Cupper Jim Jackson of Glendale, Mo., were grouped at 140. Jackson his Walker Cup teammate, Dale Morey of Indianapolis, as well as Bisplinghoff, cracked out 68s. Morey moved into contention at 142.

* * *

Cudd qualifies automatically but the seven other places figure to develop into a battle. The daily 36-hole match-play competition among the final eight players for the title will start Friday, continuing through Sunday.

A stay in 1st place will be short-lived for either Huron Valley Boys Club or Clawson as action resumes in the 18th District American Legion junior baseball league tonight.

Tail-enders in the 1st half season of play, both Clawson and the Boys Clubbers opened the 2nd half with victories Sunday. They meet at 5:30 p.m. tonight at Clawson.

Birmingham will entertain Rochester at 5:30 p.m. on Pierce Field, and Waterford will be at Berkley for a night game at 8 p.m. The game will be a final tuneup for the Waterford team before competing in the zone tournament at Flint Friday morning.

Winners of the 1st half, Waterford was beaten by Birmingham in the 2nd half opener Sunday, while Rochester bowed to Clawson and Berkley stumbled at Huron Valley.

Waterford Golfer Runnerup

3-Foot Putt Missed, Reynolds Loses State JC Title in Extra-Hole Playoff

EAST LANSING (AP)—After two years in the runnerup spot, Bob Zimmerman, 17-year-old Jackson youth, boasted his 1st Michigan Jaycee Junior Golf title today.

Zimmerman displayed some brilliant clutch putting in the final round of the two-day medal event at Walnut Hils County Club yesterday to edge out Jack Reynolds, another 17-year-old, for the championship.

Reynolds, from Waterford Township in Oakland County, was 1-up on Zimmerman starting the 36th hole, but missed a three-foot putt that would have given him the title. Zimmerman sank a 35-footer that brought him a tie with Reynolds with a 147 and sent the match into a sudden death playoff.

Both boys took a par 4 on the next hole and hit the green on the second, a par 3, 154-yard hole. Reynolds rimmed a 25-foot putt while Zimmerman sank a 20-footer for a birdie and the title.

Top pair's cards:

Par out	434	545	344	36
Zimmerman out	444	444	444	36
Reynolds out	433	445	344	34
Par in	434	355	444	36—72
Zimmerman in	434	454	443	35—71
Reynolds in	525	355	443	38—72

The top six players all ended up in sudden death playoffs. Tied for 3rd place with 152s were Howard Konwinski of Grand Rapids and Steve Miller of Jackson. Miller shot a birdie 3 on the deciding hole while Konwinski took a bogie 5.

Top four finishers were slated to represent Michigan in the International Jaycee Tourney at Columbus, Ga., Aug. 15-20, but Miller told tournament officials he would be unable to compete. That left Brian Bell of Jackson and Nick Berklich of Ypsilanti, who tied for 5th at 153, to compete for the open spot.

Brian won on the 6th hole when Berklich missed a 3-foot putt for par.

Jackson won the team title with an aggregate score of 611. The top 10 golfers and their scores:

x—Bob Zimmerman, Jackson	76-71—147
Jack Reynolds, Wat'd Twp.	75-72—147
x—Steve Miller, Jackson	77-75—152
How'd Konwinski, G Rapids	77-75—152
x—Brian Bell, Jackson	78-75—153
Nick Berklich, Ypsilanti	77-76—153
Mike Conroy, Pontiac	78-76—154
Jim Rick, Kalamazoo	81-73—154
Joe Liddicoat, Bay City	74-80—154
Val Spangler, Tecumseh	78-76—154

x—Won playoffs.

JAYCEE WINNERS — Top finishers in the Michigan Junior Chamber of Commerce golf tournament at Walnut Hills, Lansing, yesterday were pictured after the close of an unusually hot tourney. From left are Howard Konwinski of Grand Rapids, tied for 3rd; Jack Reynolds of Waterford, 2nd; Bob Zimmerman of Jackson, champion; Steve Miller, Jackson tied for 3rd and Brian Bell, Jackson, 6th place. Four leaders will play in the Nationals at Columbus, Ga., in August.

Casey Wants More Hitting

CHICAGO (AP)—Manager Casey Stengel is moaning that his New York Yankees aren't hitting as they should but the perennial American League leaders have a three-game lead that doesn't appear in danger.

The Yankees came off the floor last night to whip the second place Chicago White Sox 4-3 after losing three straight to the Detroit Tigers.

And it was clutch hitting that turned the tide.

* * *

Ironically, it was Elston Howard who smashed a two-run homer in the eighth inning to give the Yankees their victory.

Casey had Skowron and Bauer on the bench but he used Howard much to the dismay of the White Sox. The Yanks outhit the Sox 9-8. Gil McDougald led with three singles.

Despite the victory, Stengel, whose Yankees have lost 9 of their last 14 games, kept crying for more hitting.

"You know, we're not hitting at all," said Stengel. "Did you ever believe our guys would be sixth in the league in hitting. Everybody says our pitching is getting thin. That's not it. We're just not hitting. I had to bench that guy (Andy Carey) over there and Bauer has played great ball for us in the past but he's not hitting a lick.

* * *

"At Detroit, we just didn't hit. Berra (Yogi) hasn't hit a homer there all year and in other years he's feasted in that park."

Stengel knew what he was talking about. His one-two punch, Berra and Mickey Mantle, has contributed four home runs and only 13 RBI's during the Yankee slump.

Stengel wouldn't commit himself as to which club he has to worry about but he thinks the White Sox are a lot tougher now than they were last spring.

Sox Manager Marty Marion decided to use nothing but right-handers against the Yankees, figuring that Stengel would keep Howard, Bill Skowron and Hank Bauer out of the lineup.

SCORES AFTER 1ST HOMER — Werner (Babe) Birrer, Detroit Tiger pitcher, crosses the plate in the 6th inning after hitting one of 2 homers against the Baltimore Orioles. Both homers came with 2 men on base as Birrer came near equalling the record of runs batted in by a pitcher in 1 game. He is greeted at the plate by Frank House (left) and Fred Hatfield.

Four Teams Tie in Father-Son Test

Four teams tied for 1st place with cards of 71 in the annual Detroit District Father and Son golf tournament Tuesday at Forest Lake Country Club.

Tied were Tony and Tom Skover of Meadowbrook, Al and Buddy Badger of Red Run, Rollie and Rich Weyand of Birmingham and Jack and Skip McMichael of Detroit Golf Club.

In the pro division, Faust and Larry Bianco of Dearborn were low with 73, followed by Tommy Shannon, Sr. and Jr. at 74. Low net for the day went to Chuck Kocsis, Sr. and Jr., with 76-14—62.

Pitches 18 Innings

Could Have Completed Game, Says Vern Law

PITTSBURGH (AP) — Though he looked a wee bit tired—as any pitcher should after hurling 18 consecutive innings—Vernon Law of the Pittsburgh Pirates said early today he could have completed his hurling chore against the Milwaukee Braves.

"I felt fine and wanted to stay in," Law said in the dressing room as he listened to the windup of last night's 19-inning game — won by the Pirates 4-3. It was the longest game in the majors this season.

Although he said he felt in tiptop shape, the 25-year-old righthander —who has become the mainstay of the Pirates' pitching staff—looked like a fellow who wouldn't have trouble sleeping. As he listened to the radio report of the final half-inning, he suddenly let go with a shout:

* * *

"Yipee, we win."

He seemed more impressed with the team victory, than the fact that his 18-inning stint was one of the best performances in the majors in recent years. He struck out 12, gave up 9 hits and walked 2 in hurling the equivalent of two regular games.

Ironically, the score was tied 2-2 when Manager Fred Haney sent him to the showers because he said he feared Law would injure his arm.

* * *

The victory went to relief pitcher Bob Friend who gave up a run in the 19th—the first the Braves had scored since the fourth when they put together a walk, a wild pitch and an error. The other run off Law was Eddie Mathews' 23rd homer after two were out in the first.

* * *

Law, who has a 6-4 record, has won three of his last four decisions. Included in the triumphs were two over the league leading Brooklyn Dodgers.

From the fifth through the 18th Law was in complete command. He gave up only six hits in this stretch, one a leadoff double to Joe Adcock in the 18th. Then Law settled down to get the next three men.

* * *

The last previous 19-inning night game was on Sept. 15, 1950, when the Philadelphia Phillies beat the Cincinnati Redlegs 8-7.

On July 1, 1933, the New York Giants' Carl Hubbell went 18 innings to beat St. Louis 1-0.

Manzi Beats Kennedy to Earn Davey Bout

DETROIT (AP) — Pat Manzi, veteran Syracuse, N. Y., welterweight started preparations for an August bout with Chuck Davey today after pounding out a unanimous decision over Alan Kennedy of Bay City at Motor City Arena last night.

Manzi took the 8-round main eventer with ease, repeatedly staggering the less experienced Kennedy with a steady body attack. Manzi had Kennedy in serious trouble in the 5th and 8th rounds but was never able to score a knockdown.

Both judges awarded him all eight rounds and referee Herman Spinelli gave him all but the sixth.

Promotor Julius Piazza said a date for Manzi's bout with Davey next month in Saginaw would be determined today.

Jake Has Long Tenure

Dodger coach Jake Pitler has been in baseball since breaking in as shortstop with Jackson in the Southern Michigan league in 1913. He is 61.

Opposition Gets Tougher for Leading U.S. Netters

PHILADELPHIA (AP)—Three U. S. Davis Cup stars—Tony Trabert, Vic Seixas and Ham Richardson—faced stiffened opposition today in the third round of the 56th annual Pennsylvania State lawn tennis championships.

The going got tougher on the distaff side at Merion Cricket Club, too, as the nation's topflight women players moved into the quarterfinals of the 55th Pennsylvania and Eastern States tourney.

Others besides Trabert, Seixas and Richardson who turned back second round rivals included Denmark's Kurt Nielsen, runner-up to Trabert for the Wimbledon championship; Herb Flam, Grant Golden, Jack Frost and Hal Burrows.

* * *

The No. 2 foreign seed, South Africa's Johann Kupferburger, was among the vanquished. He was upset by Sid Schwartz, former University of Miami ace, 6-4, 6-3.

Trabert, champion of England, France and the U. S. (Clay Court), posted a 6-3, 6-0 triumph over the No. 8 U. S. Junior from Coral Galbes, Fla., David Harum.

Seixas, U. S. Grass Court champion, who represents the host club, ousted University of Michigan junior Barry McKay, 6-1, 6-3, while Richardson, the nation's third ranking player, beat Don Thompson, New York southpaw, 6-1, 6-3.

* * *

Nielsen was under considerable pressure before he got past Irvin Dorfman, former Yale captain, 11-9, 6-4; Flam, Beverly Hills, Calif., downed Cliff Mayne, San Francisco, 7-5, 6-3; Burrows, Charlottesville, Va., defeated Ed Kauder, Los Angeles, 4-6, 6-4, 6-4; Frost, Monterey, Calif., won over Dick Forlene, Philadelphia, 6-4, 6-3; Golden, Chicago, defeated Robin Willner, Los Angeles, 5-7, 6-4, 6-4.

Coachers Romp Over Auburn Merchants, 10-0

Wagner Posts 4-Hit Shutout as GM Nine Takes 3-Game Lead

General Motors threatened to make a runaway of the Class A City Baseball League race after Tuesday night's 10-0 win over the Auburn Merchants at Wisner Field. GMC's victory boosted its league lead over runner-up Auburn to three full games.

Jim Wagner applied a nifty four-hit whitewash job on the Merchants last night, helping GMC to its 11th favorable decision in 12 contests. Wagner did not walk a man and whiffed five.

Game was scoreless for three innings and gave indications of developing into a pitcher's battle between Wagner and Auburn's Woody Gordon. But the Coachers came to life and hopped on Gordon's slants for four runs on three hits in the 4th stanza, sending him to the showers in favor of Don Stone.

Coachers were equally rough on Gordon's successors. They rapped Stone for a pair of hits and two runs in the 5th and shelled him out in the 6th with four more runs on two hits. Ten men batted in the inning, which saw Hud Johnson come on the scene to finish on the hill for the Merchants.

Les Stone paced the Coach club's offense with three hits in four times at the plate.

Class D Minor League Shows Attendance Rise

BELLEVILLE, Ill. (AP)—The Mississippi-Ohio Valley baseball Class D League today reported an attendance gain of some 30,000 over last year despite 17 less playing dates in the first two months of the season.

The addition of Lafayette and Kokomo (Ind.) proved a tremendous boost although Dubuque (Iowa) leads the league with 40,097 for May and June, followed by Clinton, (Iowa) 27,382; Lafayette, 27,372 and Decatur (Ill.), 23,077.

Last year the league drew 147,013 for the first two months to 176,716 this year.

Upset Runnerup Team

Oakland Avenue United Presbyterian upset runner-up Central Christian, 8-7, in a Pontiac Church Softball League game Tuesday night at LeBaron. Church of the Brethren drubbed First Presbyterian, 16-5, at Wever's field, and league-leading First Baptist easily downed St. Paul Lutheran, 13-3, at Longfellow, for its 12th straight victory.

All Stars' All Star

BIRMINGHAM, Ala. (AP)—Chattanooga's big Jim Lemon had himself an all-star night and belted four home runs, driving in seven runs as he led the Southern Assn. All-Stars to a 10-5 victory over the league-leading Birmingham Barons last night.

Constance Is Picked to Win Welter Bout

Trinidad Boxer Gets Nod Over Fuentes in TV Match

NEW YORK (AP)—Hector Constance from Trinidad, sometimes good, sometimes bad, is a 7-5 favorite to whip 29-year-old Ramon Fuentes of Los Angeles tonight at Madison Square Garden.

If Constance fights like he did the February night when he thumped Kid Gavilan, he should march right over the sturdy Fuentes. If he fights like he did in a dull 10-round draw with Johnny Brown in January, Fuentes should romp.

The 10-round match, scheduled for 9 p.m. (EST), will be staged primarily for the radio and television (ABC) customers and the few heat-weary folks who wander over to Eighth Avenue.

Constance has been improving in every fight, learning the American-style of infighting. Against Gavilan he was real good, baiting the Cuban Keed to start one of his famous rallies and then answering the rally with more punches than the Keed. The 24-year-old welter is unbeaten in five U.S. starts, winning three and fighting two draws. His complete record is 24-5-8 and one "no contest" match for 38 bouts.

As Usual, Yankees Prove Tough in Clutch, Hand Sox Loss on Howard's Homer; NL 9s Go 19 Innings

By The Associated Press

Hate 'em or love 'em, but you've got to give the New York Yankees their due. When the chips are down, the Yanks are up.

They had their lumps, losing 9 of their last 13, as they wobbled into Comiskey Park last night for a showdown with the runner-up Chicago White Sox, fresh from winning 8 of their last 9 games.

The Yankees needed at least one victory in the three-game set to retain their American League lead, down to two games.

* * *

They got it. Elston Howard's two-run homer in the eighth inning carried New York through, making up for two Yank errors that had handed the Sox a 3-2 lead the seventh inning.

It was one of those "big" games the Yankees usually win. With the victory they moved three games ahead of the Sox and four games up on third place Cleveland, whacked by Washington 8-1.

The victory wasn't all beer and cheese, however. New York again lost Jerry Coleman, just back from a three-month layoff with a broken collar bone. This time, the second baseman and ex-Marine pilot suffered a brain concussion and possible skull fracture—laid low by one of Harry Byrd's pitches in the seventh inning.

It was in the seventh that errors by Yogi Berra and Joe Collins and a single by George Kell gave the Sox the lead. Walt Dropo had tied it at 2-2 in the sixth with his two-run homer. Then it remained for rookie Howard to belt the homer off Byrd, working in relief of Connie Johnson.

* * *

In the other AL games, Boston defeated Kansas City 6-3 and Detroit laid the wood to Baltimore, 12-4.

In the National, Pittsburgh edged Milwaukee 4-3 in a 19-inning game that tied the major league longest night game record; New York lost 3-1 to St.Louis, then beat the Cards 4-2 in a twi-night twinbill, and Philadelphia took a twi-night pair from Cincinnati, 7-3 and 6-2. First place Brooklyn and Chicago were idle.

Washington clubbed Bob Lemon, now 12-7 and three Tribe relieefers for 12 hits. The Nats scored five unearned runs in the fourth after Ralph Kiner's error. Dean Stone scattered six Cleveland hits for the victory.

A solo homer by Jackie Jensen broke a 2-2 tie for Boston in the fifth and a two-run shot by Norb Zauchin packed it away in the sixth. Ellis Kinder saved Willard Nixon's eighth victory as the A's lost their eighth straight.

* * *

Robin Roberts drove in three runs while claiming his 15th victory of the season as the Phils made it seven straight in the nightcap. Robin's two-run double powered a three-run eighth inning. In the opener, Del Ennis drove in four runs with two hits, one a homer, in support of Murry Dickson's seven-hitter against the Redlegs, who have lost five of six.

St. Louis slipped a percentage point behind the Phils, who moved into fifth place. Windy McCall four-hit the Cards after Willard Schmidt had checked the Giants on four safeties in the opener.

Victory by Tavern Nine Reinforces League Lead

National league-leading Louie's Tavern reinforced its shaky perch with a 6-0 victory over challenging Drive-In Cleaners to highlight softball play in the men's city leagues Tuesday night.

Runner-up Drive-In trailed Louie's by a slim half game until pitcher Del Wheeler administered a three-hit blanking last night in Beaudette's opening game. Louie's hurler struck out seven and walked three along the way.

Winners collected only five hits off Bill Ryan, but bases on balls and a hit batsman, plus a wild pitch, contributed to his downfall.

Chuck & Louie's Market edged North Side Service, 10-9, at Beaudette, in a wild affair which saw C & L score three runs in the 7th inning for a comeback victory. The contest was spotted with 17 errors, nine of them by C & L.

Knights of Columbus punched across one run in the bottom of the 7th to nose out Bicmar, 3-2, at North Side. Pete Mihay tossed a neat three-hitter to outpitch Hank Dudzinski. Two walks and Ciro Bellisario's single loaded the sacks to set the stage for Bill York's game-ending hit.

Shaw's Jewelers drubbed Avondale, 21-2, in last night's girls' league tilt at North Side. Shaw's girls crossed the plate in every inning except the 4th and banged out 15 hits.

Birrer Proves His Nickname Is No Joke

DETROIT (AP) — Detroit Tigers had him listed as rookie Werner Joseph Birrer, Buffalo righthander who might be able to lift the Tigers' sagging pitching ailments. His nickname was Babe.

"We'll try him in some relief work," manager Bucky Harris had said. He did, 17 times.

It happened the 18th time — yesterday. The Babe looked like another Babe of the past who also started pitching in the majors. His name was Ruth.

Birrer took over in the 6th inning trying to protect Frank Lary's 9th victory. He hit two straight three-run home runs, held the Baltimore Orioles scoreless and wound it up with Detroit winning, 12-4.

His six runs batted in are just one below the major league record for a pitcher. But starter Lary, who let Baltimore pull within one run before retiring, took the victory.

Significantly, Birrer's only other major league hit was a double on his 1st trip to the plate after being recalled from Buffalo June 1. He hadn't had much of a chance to bat since then, usually being pulled from relief assignments for pinch hitters.

Birrer's first home run came off ex-Tiger George Zuverink in the 6th. Frank House and Fred Hatfield had singled to trot home in front of Birrer as Birrer's 1st major league homer landed against the upper left field facing.

Then, in the 8th, Charlie Maxwell doubled and scored on Frank House's single and Hatfield singled again. This time, he dropped one into the lower leftfield seats to make it 12-4.

Continuing its experiments with new talent, Detroit will start Jim Bunning tonight in the 2nd game against Baltimore. Bunning arrived from Buffalo Monday with a record as a strikeout artist, leading the International League in that field. He will face ex-Tiger Bill Wight, a recent Baltimore addition via Cleveland.

THREE-TIME CHAMPS — It was three in a row for Glenn Harding (left above) and his capable partner, Betty Sue Syron, in the city mixed-foursome best-ball golf test last weekend. The Harding-Syron pair won in an extra-hole playoff for their 3rd straight tourney title. They are holding the handsome trophies emblematic of the championship, a recreation department sponsored affair.

Field Is Restricted, but Trials Are Okeh

Although the field was restricted to only the all-age event, Genesee Sportsmen's Field Trial club held an interesting fun trial last weekend, anyway. Event was at Ortonville Recreation area, 3 miles east of Goodrich on Hagel road.

No entries were received for the puppy or derby events. All-age winners included top dog, Boys' Girl Lady, owned and handled by Ernie Dean of Flint; 2nd, Baucom's Little Mike, handled by Fred Baucom; 3rd, Early Win Babe, owned and handled by Harry Dean, Flint. Fourteen pointers and setters took part in the event.

Next trial is set for a week from this Sunday, same place.

Perez Wins No-Hitter, 1-0; Athletics Score 18 Runs Without Benefit of Hit

CLASS D
Clarkston *7, Dublin 0.
Rosebud Market 7, Mets 3.
*Forfeit.

CLASS E
Community Mkt. 18, Vivian's 1.

CLASS F
East Siders 7, West Side 0.

KNOTHOLE
North Side Aces 8, White Sox 2
Senators 1, Whitfield Cubs 0.
Athletics 18, Lytell-Colegrove 13
Orioles 21, Earl's Market 2.

In what probably was the best-played Knothole League game of the season, the Senators defeated Whitfield Cubs, 1-0, as a near double no-hitter was recorded.

Dick Perez of the Senators got his no-hitter, while Tom Murphy of the Cubs lost his on two infield singles by Dick Meger in the 1st and 5th innings.

Perez breezed through the Cub batters, getting 14 on strikes, while walking 8. Murphy fanned 8 and walked the same number. The lone run came in the 1st on 2 walks, Meger's dribbler and a fielder's choice.

In other Knothole games, North Side Aces beat the White Sox, 8-2; Orioles drubbed Earl's, 21-2, as Jon Gilbert pitched a 3-inning no-hitter, and in a wierd game, Athletics whipped Lytell-Colegrove, 18-13, without getting a hit.

Three Lytell hurlers gave up 17 walks and hit two batsmen.

In Class F, the East Siders remained the only threat to league-leading Boys Club by blanking West Side, 7-0, on 2-hit pitching by Ron Bunch and Larry Quick.

Community Market stayed in the running for a Class E playoff berth by lacing Vivian's Beauty Shop, 18-1. Larry LaForge set Vivian's down with a lone hit, Alvin DuBois' 6th inning single.

While Griff's has 1st place in Class D all locked up, a lively 3-team battle is underway for the remaining 2 playoff positions. Clarkston advanced on a forfeit over Dublin, and Rosebud Market moved ahead of Mets by beating them, 7-2. Larry Lamphere was the pacesetter with a triple and 3 singles for a perfect day.

Dick-Wes Nine Set for Big Test

Dick & Wes Sports prepped for its crucial game with the Waterford Lions Thursday night with a Tuesday victory over Sylvan Center, 8-1.

Fred Konchis twirled a 3-hitter as Dick & Wes took a half-game lead in the Waterford Township Softball League. D&W holds a 12-2 record to 11-2 for the Lions.

Konchis struck out 8 and walked 2, but the game was close for 4 innings before Dick & Wes pulled away. After the Sportsmen had taken a 1-0 lead in the 2nd, Sylvan tied the count on a walk and Wayne O'Shaughnessy's triple.

An error, sacrifice and Chuck Cooper's single gave Dick & Wes a 2-1 lead in the 4th and 2 more tallies were added in the 5th on a walk, singles by Al Cuthrell and Dick Cooper and an error.

Layne-Baker Rematch Seen

SALT LAKE CITY (AP)—Utah boxing fans, still fuming over the decision which gave Bob Baker a victory over rowdy Rex Layne, may have a chance to see a rematch.

Managers of Layne and Baker talked of the rematch while divvying up the gate of Monday night's bout, which drew just over 5,000 paid admissions and grossed only $17,652.50.

William (Dusty) Bettor, Baker's manager, agreed to take only $8,000 of Baker's $15,000 guarantee, with the stipulation the rest of the money would be taken from the top of the gate from the proposed West Jordan rematch, perhaps in August.

Baker's settlement left the West Jordan Athletic Commission with enough working capital to clear up other expenses and continue operations.

Yanks' Hard-Luck Jerry Coleman Is Injured Again

CHICAGO (AP) — Infielder Jerry Coleman, the New York Yankees' hard luck infielder, was in Mercy Hospital today with a brain concussion and a possible skull fracture.

Coleman, who was placed on the active list yesterday after a three-month layoff with a broken collar bone, was struck by a pitched ball last night when the Yankees beat the Chicago White Sox, 4-3.

* * *

The second baseman was hit over the eye in the seventh inning of the game with a pitch thrown by Sox righthander Harry Byrd.

Coleman never lost consciousness and at first it was believed his injury was not serious. However, he was rushed to Mercy Hospital where further examinations will be taken.

* * *

Dr. John Claridge, White Sox physician, said X-rays showed a "very suspicious line of fracture on the left frontal bone. Coleman, who was wearing a plastic helmet while at bat, was struck above the left eye. Dr. Claridge said Coleman definitely suffered a concussion. Extent of the injury will not be known until further studies are made of the X-rays.

* * *

Coleman, whose career was twice interrupted to serve with the Marines, suffered a shoulder injury in Boston April 22 that had him sidelined until yesterday.

Doubles Net Test at Orchard Lake

Annual invitational doubles tennis tourney will be held Sunday on the Orchard Lake Country Club courts. Defending champions Fred Otto and Don McKay were expected to be on hand to defend their crown against a field that usually includes top-rated Michigan netters.

Mrs. Reynolds Leads Field in 2nd Round Play

Wiffi, Sally Sharp in Race, With Victories in First Round

Defending champion Mrs. E. O. (Fonnie) Reynolds of Lansing led a contingent of favorites today into the 2nd round of the Michigan Women's Amateur Golf championships.

Mrs. Reynolds, reputedly only state women's golf champion in the United States who plays left-handed, opened defense of her title at Oakland Hills yesterday with a convincing 6 and 4 victory over Mrs. D. D. MacFarlane of Detroit.

Four former champions and medalist Wiffi Smith, National Junior champion, also had little trouble in winning their opening round matches.

Wiffi fired six birdies and finished four under par in trouncing Judy Reynolds of Gull Lake, 5 and 4.

Pat Devany, the 1950 champion, beat Mrs. Nels Michelson of Detroit, 7 and 5.

Mrs. C. U. Wilson of Ann Arbor, champion in 1951, turned back a strong challenge by Margaret Russell, the 1938 winner, and took a 2 and 1 verdict.

Other former champions who advanced were Mrs. Rylma Strevel Marquardt (1953) and Mrs. Don Weiss of Flint, (1936-39-40-41).

Today's pairings pit Mrs. Reynolds against Mrs. Wilson and Miss Smith against Mrs. Marquardt in two of the feature matches.

Pine Lake's Sally Sharpe, one of the youngest players in the big field, who finished just behind Wiffi in the qualifying round, also got by her 1st match, 3 and 2, over Mrs. John Scripsma of Grand Rapids and today met Mrs. J. G. Israel of Knollwood, who turned back Mrs. C. F. Fox of the WMGA, in a 20-hole overtime match, 1-up.

Today's matches:

Mrs. Reynolds vs Mrs. Wilson, Mrs. Weiss vs Mrs. Bretzlaff, Miss Sharp vs Mrs. Israel, Mrs. Menefee vs Mrs. Smead, Miss Smith vs Mrs. Marquardt, Mrs. Watkins vs Mrs. Palms, Mrs. Leclair vs Mrs. Leahy, Miss Watkins vs Miss Devany.

500 Youngsters Expected for Fishing Rodeo

Ocean Fish Found in Puddle

By JACK PATTERSON

Seen any sting-rays in your mud puddles lately? If you haven't maybe you'd better look again.

PATTERSON

You might be very much surprised. It has happened to other people; it could happen to you. While there is no evidence that county waters are as yet teeming with rays, they turn up about as frequently as, say, alligators. Here's why.

It was much too hot, the other afternoon, for useful endeavor so we headed for the barn early to study the mystic relationship between melting ice and other liquids. So, when the phone rang we were idly twirling a gimlet, in a long-stemmed glass, bemused by the subtle interplay of light in its pale green depths, at peace with the world, with no pressing problems immediately in sight.

The phone call changed all that. **It was from Boice Bros.' Dan Murphy who advised us that a strange, exotic and unknown species of fish lay gasping its last on the property. Would we be kind enough to drop by and identify it?**

Well sir, business before pleasure has long been our motto, so laying the gimlet aside, we hove off to the Telegraph road headquarters of the Boice operations, hardly daring to speculate on what horror of the deep we might confront.

Upon arrival at H.Q. we were hustled back to the yard and there flaked out on a plank was an expired ray. A smallish one, perhaps a foot wide at the wings, but a ray nonetheless. A cursory examination revealed that the creature was not a sting-ray but a common skate—common that is, to the North Atlantic ocean. The very same skate that often contributes punched out portions of its wings to the market under the misnomer "scallops". But skate sounds prosaic and ray much more sinister, so why quibble?

According to the story, the fish had been found allve a short time before in a foot or so of rainwater at the bottom of one of the gravel-loading docks. Because of its fearsome appearance it was summarily dispatched, a great pity because the spectacle of a salt water fish cruising about in some good old Oakland County rain-water would be a spectacle indeed.

Of the people on the scene none had a reasonable explanation for the critter's appearance in a spot so remote, geographically and ecologically, from its normal diggings.

We suspect that somebody's leg is being pulled, but at the moment are not too sure whose. If the boys we talked to were in on it they played it straight and dead-pan. One thing we know. There was a day, Tuesday to be exact, when a ray turned up in Oakland County. How it got there we will leave to our readers, providing they are not both away on vacation.

Strong Field Is Assured for Chief Pontiac Skeet Test

Between 180 and 200 marksmen are anticipated for the 5th annual Chief Pontiac Open Skeet Championships Saturday and Sunday at the Oakland County Sportsmen's Club in Waterford.

Chief Pontiac skeet shoot is a strong attraction in the Midwest. Sharpshooters from Illinois, Indiana, Ohio and New York, as well as Michigan, are expected to compete in the event, which serves as an important preliminary to the National Skeet Shoot, this year scheduled at the OCSC August 28-September 4.

Three coveted trophies will be at stake when the firing starts. The L. C. Anderson trophy is annually awarded to the high-over-all men's champion, the Pontiac Motors trophy goes to the winning all-gauge, five-man team, and another cup is presented to the women's high over all titlist.

Dave Jenkins, 1954 men's titleholder, is not expected to defend this year. Mrs. Carola Mandell of Chicago, defending women's champion, is on the entry list, and the Detroit Gun Club, defending team champion, will also return.

Hank Koehler of Detroit, winner of the 1st Chief Pontiac shoot in 1951, will be back. Chet Crites, also of Detroit, 1952 victor and present world's champion, will be in there firing, and so will Hamp Curry of Caro, 1953 king.

Oakland County's Harriet Webster is expected to bid for her 3rd crown. She was twice a winner on successive years, 1951-52. Also expected back is Jean Shields of Grand Rapids, 1953 champion.

Eight events will be featured, four each day.

Shoots slated Saturday are the 100 targets sub small gauge, 100 targets small gauge, 100 targets 20 gauge, and 20 gauge two-man team.

Sunday's windup includes the 100 targets all gauge, all gauge two-man team, all gauge five-man team, and the climax of the two-day affair—the high over all championship.

Skeet fields at the OCSC will be open for practice Friday preceding the shoot.

Annual Contest Set Thursday at Beaudette Park

More Than 100 Awards Provided for Winners of Many Divisions

Beaudette Park's Dawson Mill Pond will be the Mecca Thursday for some 500 young disciples of Izaak Walton. They will convene at a spot along the banks of the pond to compete for more than 100 awards, in a contest of many angles, starting at 1 p.m. and concluding at 3:30.

The fishing "rodeo" is the 3rd annual affair of its kind, under the direction of the City Parks and Recreation Department and the national organization of Better Fishing, Inc. The latter gives two complete casting outfits.

Youngsters of playground age are eligible (7-15 years). There will be softball, volleyball, horseshoes and other activities in the park area for those not engaged in the "rodeo." All other playgrounds will be closed for the afternoon.

Contestants can register at own playgrounds, or at Beaudette Park prior to start of the affair.

Top contest will be for the boy or girl taking the biggest fish, and for those who land the largest number of finny specimens.

Solunar Tables

By JOHN ALDEN KNIGHT

Schedule of Solunar periods, as printed below, has been taken from John Alden Knight's Solunar Tables. Plan days so fishing will be in good territory during these times, if you wish to find the best sport that each day has to offer.

Major periods begin at the times shown and last for an hour and a half or two hours thereafter. Minor periods are of somewhat shorter duration.

25-Lap Feature Heads Pontiac Speedway Card

Land O'Lakes Racing Association hardtop drivers get back into the race for championship points tonight at Pontiac Speedway.

A 25-lap feature race headlines the program at the M59 track with races starting at 8:30 p.m., following time trials at 7 o'clock. Benny Howell, whose string of wins was broken by Ron Duman in the 75-lap track championship race last Saturday, will be out to find the winning groove again.

All his usual challengers are expected to be on hand with the exception of Rusty Kelly, who was hospitalized following a crash during last Saturday's racing program. He is in Pontiac General Hospital, where he is reported in good condition.

First Time for Reese

Pee Wee Reese of the Dodgers reached the .300 mark in batting in 1954 for the first time in his career in the major leagues.

Heavy Shooting at OCSC Keeps Skeeters on Edge

If post national enthusiasm is any indication of the success of that greatest of all skeet tests, this year's matches should set an all-time high.

Shooting was fast and furious over the weekend at Oakland County Sportsmen's Club, scene of this year's championship shoot, with many regulars attending the registered shoot at Grand Rapids.

Harry Lawrence proved his versatility, Sunday, by shooting a perfect round at trap, then firing a near-perfect 24 out of 25 on the skeet field.

Homer Coss was top gunner on the semi-circle, carding the only perfect round.

Harry Lawrence and C. Hutt were 2nd with 24s, while 3rd place was tied down by Lloyd Kirby, Bob White and Dave Geraraduzzi.

Second best trap round was turned in by M. Stephens, with D. R. Milligan one target down with 23x25.

Scores ranged all the way from perfect down to two 6x25 tallies fired by two very determined young ladies, Mrs. Lloyd Kirby and Mrs. F. Langeland.

Officials of OCSC invite the public to visit this busy shooting spot, where elaborate preparations are under way to again host the 1955 National Skeet Championships Aug. 28 to Sept. 4.

11-Year-Old Beats Dad at Landing Fish

An 11-year-old Drayton Plains girl showed her father a few fishing tricks during a vacation trip to northern Ontario last week.

Virginia Long, daughter of Mr. and Mrs. Ralph Long, 4444 Monroe, Drayton, landed a 7 and three-quarter pound pike while fishing with her dad on Brownley Lake, near Thessalon, Ont.

Virginia, a 5th-grade student at Drayton Plains school, hooked the husky pike while casting with a daredevil lure. Father did all right, too, but failed to match the fine fish caught by Virginia.

Stay in Business

There were exactly 33 minor baseball leagues that closed the 1954 season, and exactly the same number that started off the season for 1955.

Bryant Has Field Day in Show at Livonia

Recent Livonia Kennel club's German Shepherd puppy match provided a "field day" for Pontiac handler Stewart Bryant. "Setw" won first puppies' honor with his own Abel of Mill Lake Farm; took first American bred with Luxi von Liebestraum (Emil Lederer, Union Lake); first open, best of breed and first in working group with recently imported Kondor von Wickrather Schloss (Jerry Kulaja, of Grosse Pointe Woods).

Revelry Likely Victor in Mackinac Yacht Test

MACKINAC ISLAND, Mich. (AP)—Revelry, a Class B sloop out of Detroit, appeared the likely winner today in the slowest Chicago-to-Mackinac race of its 45-year history.

The Norman Sarns entry, passing its bigger Class A competition, crept over the finish line of the 333-mile course last night with an elapsed time of 77 hours, 52 minutes and 15 seconds. It's corrected time was 70 hours, 59 minutes and 3 seconds.

Model Railroad Train Helps Make Better Drugs

BUFFALO, N. Y. (INS) — A tiny-tracked railroad is giving drugs the shakes in special padded cells at a pharmaceutical manufacturing plant in Buffalo.

Scientific D.T.'s are induced by a new machine to put drugs and chemicals in solution. A steel lead-weighted car, with interior foam rubber racks, accommodates glass flasks and tubes holding an average load of ten pounds. It travels back and forth at high speed over a one-and-a-half inch track.

The shaker, even on its minute trackage, will travel some 720 miles in a year — or almost the distance between New York and Detroit. It duplicates the continuous shaking of some ten lab technicians.

Jap Treasures Dumped Near Babuyan Islands

MANILA (INS) — The presence of sunken treasure at the bottom of the sea of Babuyan Islands, northernmost point in the Philippines, has been reported at a cabinet meeting.

Dumped by the Japanese during the last war, it consists of bullions of gold, tin, copper and bronze sheets. No estimate of the value of the treasure was made.

As the Horses Go So Go the Sparrows

CHICAGO (AP) — Sparrows have left the city as the horse population has decreased, says Dr. Austin L. Rand, curator of birds at the Natural History Museum.

"Where there were horses there were sparrows," he said, "There was waste grain in abundance to support the dense sparrow population in the centers of cities. Now sparrows are scarce as well as horses."

Horse drawn vehicles in Chicago have dwindled from 4,009 in 1931 to 52 this year, according to license records. In 1890, the city was at its horsiest with 101,566 brought in for sale.

Smog Scientists Seek Solutions

Los Angeles Officials Listen to All and Any Ideas to End Condition

LOS ANGELES (INS)—Someone with a Rube Goldberg-like bent for the impossible could make a fortune in Los Angeles by conjuring up a machine for delivering a death blow to the smog menace.

* * *

And, chances are, even the wierdest of contraptions would rate a close inspection from the smog scientists, who have given serious consideration to some pretty strange ideas of their own.

LATEST IDEA

The latest idea put forth for clearing the Los Angeles basin of smog takes the form of a gigantic fan system, which would simply "blow" the smog over the nearby mountains into the nearly uninhabited desert beyond.

The 90-page "Report Number 4" of the Air Pollution Foundation claims a series of 540 windmill-sized fans strategically placed around Los Angeles would kick up a 9-mile-an-hour wind which could conceivably blow the smog away.

The principal objections to the fans, each using a 5,000 horsepower engine, is that they would require 20 per cent of the total electric generating capacity in the United States.

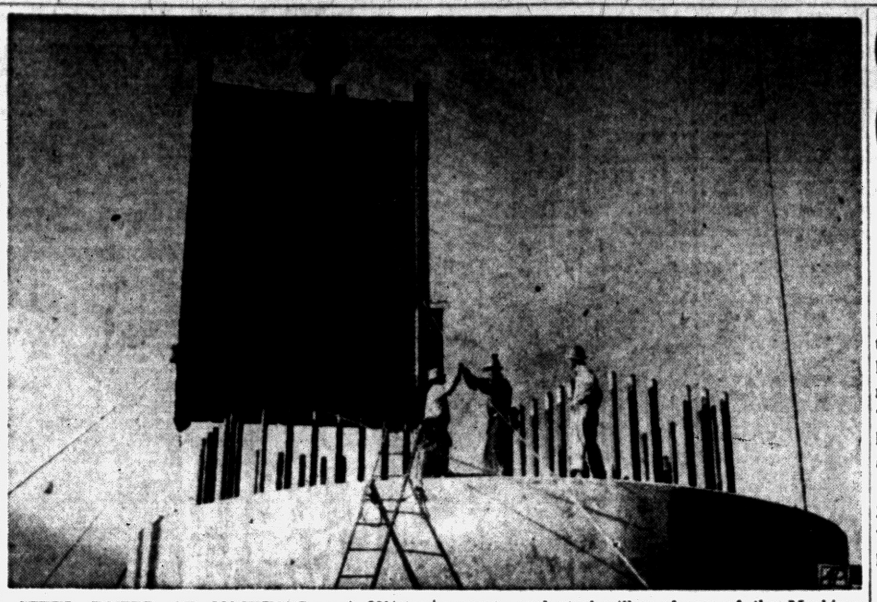

* * *

Although the report wrote off its own idea of the fan system by saying that it was "not deserving of the investment of time and money," other plans even more fantastic are still in the plotting stage.

A THINKER?

For instance, there is the fellow who thought all Los Angeles needed to have to forget about the smog problem was an armada of gigantic cargo airplanes, with holes punched in their underside.

They would fly a continuous shuttle from the Colorado River to the Los Angeles area, gaily providing the rain that sometimes puts the damper on smog.

STEEL TOWER AT MACKINAC — A 39½-ton steel section of one leg of the north main tower of the world's longest suspension structure settles gently over anchor bolts, each deeply embedded in the concrete and steel pillar of one of the Mackinac bridge foundations. The two main towers will rise to their full height of 552 feet above the water this season.

Ambulance Driver Hurt in Collision

An ambulance driver was injured slightly in a collision with a car yesterday afternoon at Pontiac and Opdyke Rds., Oakland County Sheriff's deputies said.

Payne Axford, 60, of Lake Orion, was treated for head cuts at Pontiac General Hospital. A patient in the ambulance, Mrs. Emma L. Marsh, 87, was not hurt. She was being taken to the hospital for a checkup.

Axford told officers he collided broadside with a car driven by Kenneth E. Henderson, 52, of Washington. He said both the siren and red flashing light were in operation on the ambulance. Henderson, who was unhurt, said he did not hear the siren.

Beer in Auto Spells Trouble for Youth, 18

Eighteen-year-old Frederick W. Lamb got into a heap of trouble yesterday afternoon when Pontiac Police stopped him at Wyoming avenue and Franklin road for driving with a revoked license.

A quick check with headquarters revealed Lamb, of Birmingham, also was wanted on two other traffic violation warrants charging excessive noise and an improper turn.

A quantity of beer was found in the car, and since Lamb is only 18 years old, he was charged with illegal possession of alcohol.

He paid a $14 fine for the traffic violations, but he'll answer to a municipal judge today for possessing the beer.

Pontiac Deaths

Frank M. Chandler

Frank M. Chandler, 80, of Lapeer Rd. died Tuesday afternoon. He had been ill nine months.

Born in Pontiac Dec. 19, 1874 he was the son of James W. and Emma A. Eldred Chandler. He had lived his entire life in Pontiac area and was a retired farmer.

Surviving are two brothers, Fred W. of Metamora and William German of Pontiac; also a nephew, Charles Chandler of Pontiac.

Funeral will be at 1:30 p.m. Thursday in Voorhees-Siple Chapel. The Rev. William Hakes of First Baptist Church will officiate and burial will be in Oak Hill Cemetery.

Clinton Valley Officials Plan Meeting Tomorrow

Clinton Valley Executives will meet for their regular business discussions at the Boy Scouts' Camp Agawam, tomorrow at 7 p.m., announced District Executive Ed Leland.

About 40 representatives from Manito, Pontiac, Macomb and Ottawa scout districts will attend the dinner-meeting, with Council President L. C. Churchill presiding. The executive committee meets once every two months.

Grains Gaining Following Dip

CHICAGO (AP) — After starting out lower grains reversed their trend on the Board of Trade today, many contracts pushing up above the previous close.

Hedging pressure was a factor in sending wheat and feed grains lower at the outset. Soybeans displayed independent firmness from the start. In the susequent rally soybeans added to their gains and wheat and corn quickly recovered. Oats tended to lag.

Wheat near the end of the first hour was ⅛ to ⅝ higher, July $1.99; corn unchanged to ¼ higher, July $1.39¾; oats ⅛ to ¼ lower July 59¼; rye ¾ to 1 cent higher, July 96½; soybeans unchanged to ⅞ higher, July $2.43⅞, and lard 5 cents lower to 10 cents a hundred pounds higher, July $11.22.

New Polio Vaccine Released for State

LANSING (AP)—The State Health Department reported today that 115,000 more doses of Salk polio vaccine has been released for use in Michigan.

Dr. Albert E. Heustis, state health commissioner, said the vaccine, the first to be released to Michigan since late May, will be used to continue the previously suspended immunization program for first and second graders.

The new shipment is about one-third of the amount needed to complete giving second doses to children in that group.

Dr. Heustis said local health departments are being queried to see which wish to obtain the vaccine for summer use.

Clio Girl Injured in Auto Accident

Ruth Ann Amy, 17, of Clio, sustained possible chest injuries this morning when her car struck the rear of a parked auto on Huron street near Osceola drive, Pontiac Police said.

She was taken to Pontiac General Hospital where authorities said she was being treated. A statement from the driver was delayed pending completion of X-rays.

Chrysler Changeover Makes 11,000 Jobless

DETROIT (AP)—Assemblies of 1955 model Chrysler cars will end next Monday for inventory and model changeovers.

E. C. Quinn, president of the Chrysler division of Chrysler Corp., said the division will be shut down for about four weeks, while the shift is made to 1956 car production.

Eleven thousand of the 17,000 hourly rated and salaried workers will be laid off, Quinn said.

Six Indiana Guardsmen Burned in Gasoline Fire

GRAYLING (INS)—Six Indiana National Guardsmen were burned when spilled gasoline ignited in a messhall at their summer training camp near Grayling.

The three most seriously burned were flown to the naval hospital at Great Lakes, Ill. They were Capt. Frank Coleman and Pvts. Thomas Hale and Donald Kramer.

Movies Assist Industry

NEW YORK (INS) — A new booklet describing how motion pictures can be used in solving problems in industry has been issued by Dynamic Films, New York. Entitled, "Case History File of Films at Work," it takes typical industrial problems and shows how motion pictures were used to solve them.

Stocks Mixed in Quiet Trade

NEW YORK (AP) — The stock market was generally mixed in early dealings today as trading became quiet after a fairly active opening.

Most price changes were small. Most steels were up, rails were mixed, copper stocks were generally up. Manufacturing shares were up.

Yesterday the market declined in a burst of selling near noon but a general recovery in the afternoon trimmed down most of the losses.

The Associated Press average of 60 stocks dropped $1.00 to $172.80. The market's action was attributed to a mild case of jitters over the economic significance of the Geneva conference.

Today at the start most price changes were in fractions but Bethlehem Steel dropped 1¾ at 148¼ on a block of 1,500 shares and General Dynamics was set up 1⅜ at 54¾ on 3,000.

Among blocks appearing on the tape initially were International Harvester 1,700 up ⅛ at 40½, General Motors 1,200 off ⅛ at 125, Woolworth 2,800 up ¼ at 52⅞, Westinghouse 1,000 up ⅜ at 66⅞.

Colbert Sees Growing Output

Chrysler Head Surveys Booming Auto Market at Plant Opening

DETROIT (AP) — Chrysler Corp. President L. L. Colbert says the theory that the passenger car market is good for only five or six million cars annually has been "completely exploded" by recent high production and sales in the auto industry.

Colbert told a news conference yesterday car production this year will be "well above" his recent prediction of 6,800,000 cars.

At a press preview of Chrysler Division's new $20 million body assembly and paint plant, Colbert said the new expansion is "only the beginning" of what the corporation plans to do in the future. Chrysler already has spent or allocated $715 million for postwar expansion.

The trend of increasing competition in the industry is making it necessary for all companies to keep expanding, Colbert said.

Chrysler Division's new plant is expected to be ready for production in time for 1956 models.

The division will close down next Monday for four weeks for the changeover from 1955 cars. Of the 17,000 hourly and salaried employes, about 11,000 will be laid off. Some of these will be retained during the first week of the layoff for inventory purposes.

Chrysler's new models will be introduced to the public the latter part of October.

Chrysler Division President E. C. Quinn said the long period for layoff is necessary for combining the new plant facilities with those of present operations.

Quinn described the new plant as "the largest single expansion in our division's history and the most modern facility of its kind in the industry."

Painting of car bodies will be done automatically. Small tripper arms on the paint lines start and stop sprayers as paint is needed.

Under a new "automated" system, fenders, hoods and bodies will be assembled first and painted later. The plan was developed as a result of the wide variety of color combinations and chrome items on today's cars. Quinn said it provides perfectly matched colors on all body panels and assures longer finish life free from assembly-caused paint cracks and scratches.

Car Sales Dropping Along With Output

DETROIT (AP)—The daily rate of new car sales for the first 10 days of July averaged 23,850 to continue a downtrend in dealer inventories, Ward's Automotive Reports said yesterday.

The June 1-10 average was 24,000.

New car inventories at dealers and in transit dropped to 672,500 on July 10 from 675,000 on July 1 and a record high of 705,000 on May 30, Ward's said.

Ward's said a 20 per cent increase in the daily sales rate at Ford Motor Co. in the first 10 days of this month offset a 12.5 per cent decline at General Motors Corp.

The agency disagreed with published dispatches that new car dealer stocks as of July 1 reached as high as 820,000 units.

Ward's said the actual figure, as reported by the nation's new car dealers to their factories, was 675,000.

Ward's said an inventory of 820,000 new cars would mean a stockpile of 31.2 days and would imply disaster for many producers. The actual figure of 675,000 cars would be an investory of only 25.7 days, Ward's said.

Business Notes

H. G. Little, president of Campbell-Ewald Co., has announced the resignation of Edward E. Rothman, 508 Linden St., Birmingham.

Rothman, a senior vice president and general manager of the advertising firm, was an account executive and served in several managerial positions from 1921 to 1936. He was named to his present office in 1949. Little said the resignation becomes effective July 31.

Gasoline Turbine Motor Next Auto Improvement

By DAVID J. WILKIE

DETROIT (AP)—The next major development in automobile power plants well may be the advent of the gas turbine engine. But few industry experts expect to see it in production model car much before 1960.

The industry's stylists and engineers currently are working on cars that will not go into production before 1958 and even later. None of these models anticipates the use of a gas turbine engine.

* * *

But they are being designed with much higher powered gasoline internal combustion engines in prospect. Designers of this type of engine say they still are far from the top possibilities of this power plant.

The conventional type of power plant already is heading toward the 300 horsepower mark for production line models. Chrysler has demonstrated it can do even better than that with modifications of its present stock engine.

The next couple of years will bring several such engines in the higher priced model cars. But the engineers insist they are not competing for higher speed potential.

E. M. Braden, Chrysler division's general sales manager, who has to answer a lot of questions about high horsepower engines, says the horsepower increases in today's cars are not designed to increase speed. Instead, he says, they are being "converted into better acceleration in the ordinary driving ranges, providing greater safety."

This is accomplished, Braden adds, "by gearing down the engine's output."

GREAT ASSETS

Actually, he says, horsepower and speed are "hardly synonymous in any sense. For example, our engineers tell us that to raise a car's top speed five miles per hour it is necessary to raise the engine horsepower by 40."

What has been accomplished, Braden says, is to provide greatly improved low and cruising range performance, improved economy and greater sturdiness and dependability.

If this sounds like over-simplification Braden has more figures that he says support his view.

"Compare our new 250 horsepower V-8 engine with the original in-line 135 horsepower eight which it replaced. The top speeds of these two engines, as installed in a standard car, show only a small increase in favor of the new engine. But the maximum torque figure, which is the engineer's index of normal speed performance, is 30 per cent higher in the new engine, and it is attained at a higher engine speed, giving better acceleration in the highway cruising range."

Like other major car producers, Chrysler has a gas turbine engine at a well developed experimental stage. Test cars thus powered have been driven about Detroit streets.

Chrysler reports it has overcome the problem of terrific heat dissipation by the simple process of recapturing the heat and utilizing its power potential. The problem of high speed reduction also has been solved.

There is no fuel problem. The engine uses just about any kind of fuel.

* * *

But there are problems. Mainly they have to do with the scarcity and cost of materials needed to build the engines. The engine is subjected to tremendous stresses. The metals required are high on the critical list in every defense program.

The engineers have not yet worked out satisfactory alternate materials or alloys.

News in Brief

Opal Wallace, 94 E. Howard St., reported to Pontiac Police the theft of a black and white bicycle last night. The bicycle, valued at $15, was taken between 9 and 10 p.m. while parked at Howard and Saginaw Streets.

Pontiac Police last night arrested Patrick Murdock, 17, 161 W. Chicago St., on two traffic warrants charging speeding and another for running a red light.

Duane Newman, 20, 22 McNeil St., paid $100 fine yesterday when he pleaded guilty before Municipal Judge Maurice E. Finnegan to driving under the influence of liquor.

Fisher Body Executive Moved to Grand Rapids

GRAND RAPIDS (AP)—J. B. Dorn, production manager of General Motors Corp., Fisher Body Division at Grand Blanc since 1953, has been named manager of Fisher Body Plant No. 2 at Grand Rapids.

He succeeds James J. Edwards, who has been assigned temporarily to the general manager's staff on special assignments.

Dorn, a native of Bronson and an engineering graduate of the University of Detroit, first joined Fisher Body in 1927 as a cost clerk. He served as comptroller of the firm's plants in Detroit and Hamilton, Ohio, before moving to the Grand Blanc tank plant in 1951.

Mull Tougher Peddler Law

Provision Would Ban Bells on Ice Cream Vendors' Trucks

Ice cream peddlers in Pontiac face further harassment from the city.

Acting on the motion of Commissioner John E. Carry, (District 6), the City Commission last night instructed the city attorney to add another "tooth" to the new "get-tough" peddling ordinance passed several weeks ago.

While the original ordinance states that street vendors may not ring bells or otherwise sound noisemakers to attract customers, Carry pointed out the bells often are hung so loosely that they jingle anyway merely from the motion of the truck.

The new provision would require the removal of the bells from trucks.

The new action was spurred by the report of a child being struck by an auto while crossing behind an ice cream wagon last week.

It was frankly stated by the commissioners that they would like to drive the frozen confection hawkers from the city by sheer weight of restriction. Laws banning them from the streets have not held up in court.

Pair Dies in Flames After Autos Collide

PIGEON (AP)—Two cars crashed in flames five miles north of this Thumb area community yesterday, killing both occupants of one car.

Killed were Robert B. Jack, 40, of Detroit, and Harold J. Fix, 62, of Carsonville. Their car and one driven by Keith E. Weibel, 32, of Saginaw, collided at a Huron County road intersection.

Both cars burst into flames. Other motorists pulled Weibel from his car but were unable to rescue Jack or Fix.

Weibel was treated for back injuries at Scherer Hospital in Pigeon.

A Helpful 'Yehudi'

IOWA CITY (AP) — Tom Coad got a big surprise when he went home to supper — someone had painted his porch and front steps. He doesn't know who did the job, but he knew his business — the color blended well with the rest of the house, Coad says.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Millions Attend Shows in Person

Free-Loaders, Floaters Found Among Regulars Who Assist Performers

By CHARLES MERCER

NEW YORK (AP)—There's a vast army of hardy souls who'd rather see live television shows in a studio than in the comfort of the living room. This army, it seems, can be divided into regulars and irregulars.

The past year at NBC in New York, for example, 65 pages have shepherded more than one million of these eager guests through studios and theaters where it's in the worst possible taste to smoke, cough or cry.

* * *

The irregulars come from every state and many a foreign country with a healthy curiosity about what goes on inside a studio, says Peter M. Tintle, NBC Manager of Guest Relations. But who are the regulars?

"Well," says Tintle, "I believe that many regulars find great social satisfaction in the shows. Probably many are lonely persons."

There are day regulars and night regulars. The day regulars average about 70 per cent women to 30 per cent men. The night regulars are pretty evenly divided between men and women.

Circulating among the various network studios with irrepressible enthusiasm and a market bag, a day regular picks up acquaintances, TV gossip and a variety of packaged products handed out free by sponsors. They throng any program offering a free lunch—such as Arthur Godfrey's morning show at CBS.

* * *

Far from being a problem to the networks, the regulars fulfill a vital responsive role to many a quiz show and master of ceremonies. Invariably they can be counted on to laugh and applaud at the right times, cueing the rest of the audience of irregulars. And, next to a contract, there's nothing a TV performer likes better than a laugh at the right time.

Ever hear "the laugher"? If you've watched many big-time evening comedy shows you've certainly heard that guy with the infectious laugh who touches off the audience. He is "the laugher," a night-time regular who is in no one's pay but is so well-known and beloved by comedians that pages have the word to give him a front-row seat in any audience.

Anyone over 16 years old can attend a TV show — provided he has a ticket. Tickets are free and cannot be sold. They are available at network offices. But the enthusiasm to get them is five times as great as the enthusiasm to use them. So NBC in the past year printed five million for an audience of one million. By some legerdemain known only to Tintle, administrative supervisor Herbert Granath and their many pages nearly everybody who wants to see a special show manages to see it.

The present exception is the Howdy-Doody Show, the kids' show in which 35 to 40 youngsters of tender years sit together apart from their parents. Currently it's NBC's most popular audience program—booked solid six months in advance. Naturally the kids provide the most unexpected audience. Not long ago when Buffalo Bob was sitting with the kids, one stood up and told him—and an audience of millions — in basic terms understandable to every parent, that he had to go the bathroom. A page took him to the bathroom.

* * *

Speaking of kids, pages still tremble at what happened quite a while ago when Tallulah Bankhead was appearing in a heavy drama. Some parent smuggled a year-old baby into the audience (nobody yet knows how). At a dramatic moment the baby let out a great howl — and so did the enraged Tallulah in reply.

Once there was a distinguished-looking fellow with a briefcase who wandered in and out of shows at will, speaking to everyone—and everyone speaking to him. Everybody thought somebody else knew him. One day an alert new page asked him for identification. Now he's never seen around NBC. For absolutely nobody knew him.

'Prettiest Spot in World' Awaits Estranged Pair

By EARL WILSON

PARIS—"The prettiest spot in the world is Portofino, Italy," Rex Harrison and Lilli Palmer told me once . . . and so the other day I was there . . . and they were not.

★ ★ ★

They were in London . . . acting together in the same play though more or less estranged . . . and their big villa in Portofino was waiting for them to reunite and return.

LILLIE AND REX

"The Harrison Villa" is high up over the fishing village and is reached by an ancient jeep which has no hand brakes. The Duke and Duchess of Windsor and Greta Garbo among others have ridden up to the villa in that jeep in which the Wilsons rode the rocky road . . . late at night, too.

Now the villa is occupied by the famous director Robert Siodmak and Mrs. Siodmak, and their friend, the screen writer Robert Thoeren.

"This place has now become as touristy as Hollywood," Thoeren assured me as we sat on the terrace looking down on the harbor.

"In fact, we are now calling one of the sidewalk cafes in Portofino 'Schwab's Drug Store'."

★ ★ ★

It was natural sitting there that we should talk about the Harrisons who are emoting in "Bell, Book and Candle"—while all their friends wonder whether they'll break up permanently.

"Their marriage will survive," is the prediction here.

"How did they happen to come here?" I inquired—for Portofino is near a couple of big towns named Rappolo and Santa Margareta, neither of which I ever heard of back in Ohio.

"Lilli found the spot and persuaded them to let her have this mountain top for her villa," I was told.

"She built this lovely place herself."

★ ★ ★

It seems you can't get away from it all anywhere at all. Greta Garbo on a visit to the Harrisons put on her pull-down hat and dark glasses and went rambling amid the beautiful flowers. She thought she was alone at last. Then out from behind a flower bush hopped an old woman who bowed down and cried, "The Divina," the Divine, translated Greta Garbo.

★ ★ ★

THE MIDNIGHT EARL . . .

The Jerry Lewises are sure their expected child will be a girl," he writes, "If it's not a girl, he will wear dresses" . . . Vanessa Brown's dating her ex-husband, Dr. Robert Franklin . . . Farouk, who'd like to go back to Egypt, hired a Swiss public relations outfit to test his popularity there.

MARIE MISKES

Marion Marlowe's taking flying lessons (but not from Arthur Godfrey) . . . Lionel Hampton's bankrolling his wife Gladys in a swank dress shop in Harlem . . . Ted Lewis flew to Hollywood to confer on his fim biography, with the lead still not chosen . . . Marie Miskes, a former Latin ¼ chorus girl, will tour Europe with a Shakespeare reportory group.

Paul Muni has to bleach his hair every 10 days for his role in "Inherit the Wind" . . . Terry Moore, who prefers dancing barefooted, won a dozen pairs of $90 shoes as "the celebrity with the prettiest feet."

★ ★ ★

TODAY'S BEST LAUGH: Mike Connolly offers a definition of a depression: "That period when we have to get along without those things our grandparents never dreamed of having." That's earl, brother.

Fire Partially Destroys Factory at West Branch

WEST BRANCH (AP)—Fire partially destroyed the Cadillac Coach Co., West Branch house trailer manufacturer, late yesterday. Damage was estimated at $75,000.

Two house trailers and a semi-truck trailer also were destroyed in the blaze.

State Police said the fire apparently started by spontaneous combustion in a spray booth adjoining a paint storage room.

Opera Fan Answers $8,000 Question

NEW YORK (AP)—A Bronx shoemaker won $8,000 last night by answering questions about opera on the CBS television show The $64,000 Question.

The winner, Gino Prato, 53, who is of Italian extraction, can keep the $8,000 or return next week and try for $16,000. If he should miss the $16,000 question, he would receive an automobile as a consolation prize.

The quizzing goes step by step to a final $64,000 question.

Wally Cox Gets Hotel Job Back After Dismissal

LAS VEGAS, Nev. (AP)—Comedian Wally Cox has been rehired by the hotel that fired him last week but a $250,000 suit has been filed against the William Morris agency, which booked him into the Dunes Hotel floor show.

Cox, television's Mr. Peepers, starts again tonight at the Dunes at the same $11,000 a week he was promised at the start for a four-week stand. He finished only three performances before the management dismissed him, saying he had laid an egg and people left the dining room during his act.

* * *

Joseph Sullivan, president of the Dunes Hotel, Inc., said a new contract is being arranged with Cox, and that Cox has hired writers at his own expense. He said the original contract provided that top writers provide the comedian's acts and be paid a $5,000-a-week commission, but that Cox brought no new material with him.

Sullivan said one of the reasons why Cox was rehired was that there were many requests and demands for his appearance.

If you have heat prostration your body is cold and bluish-pale and needs application of head in contrast to sunstroke when your body is hot and red and needs cooling.

Talking Bird Scares Burglars in Office

NEWARK, NLJ. (AP)—A talking myna bird was credited with routing thieves in the midst of ransacking the office of Linda Foods, Inc.

Carl Hubner, the firm president, told detectives he had the myna, named Julius, in his office next to the one entered. Julius, he said, greets the firm's employes every morning by screeching: "What do you want? Let's go!'

The detectives figure that's what Julius did when burglars entered and that's why the burglars fled with only a dozen T-shirts and a few cans of boned chicken.

Auto Accident Gives Him Pain in the Neck

HINTON, Okla. (AP)—D. O. Peeler, 25, was driving along U.S. 66 during a thundershower when his car went into a skid.

Trooper Art Corday quoted a witness as saying the car skidded 122 feet and dropped into a 50 foot canyon where it sailed 45 feet and landed on its front end.

Peeler climbed out of the smashed car, complaining of a sore neck.

Corday said no traffic regulations were violated.

Youngsters Forget Heat to Visit Santa Claus

PALISADES PARK, N.J. (AP)—It was 95 degrees on thermometers here yesterday but the kiddies had a Christmas celebration.

It was arranged for them as part of the summer program of playground events. The 150 members of the half-pint set didn't even look at the calendar as they enjoyed themselves exchanging gifts and running in the artificial snow.

Santa Claus even put in an appearance, although he was late because of difficulty getting into his togs.

Makes Diplomatic Visit

CAIRO, Egypt (AP)—Indonesia's President Soekarno is here on a five-day official visit. A Moslem, he is making a pilgrimage to Mecca.
