

Chinese Reds Slacking Off Attacks

Dems Disclaim Any Friendship for Hoffa Clan

By GEORGE T. TRUMBULL JR.

In whose political camp has Teamsters president James R. Hoffa pitched his test? "Not here," cried state Democrats as they concluded their convention in Grand Rapids Saturday night. They agreed that their party has no use for the racketeer-infiltrated union and its boss.

Republicans, when they make camp in the Furniture City next weekend for their convention, are expected to take a similar stand purging Hoffa from any GOP connections.

Williams Given Big Ovation

Democrats, after a night of readying to light the fuse, blasted off, as they said they would, in a wild, screaming demonstration for Gov. G. Mennen Williams Saturday in Grand Rapids.

The "countdown" concluded at exactly 1:31 Saturday afternoon in the Civic Auditorium when Philip A. Hart, ex-lieutenant governor and candidate for the U.S. Senate, introduced Williams "as the hardest working governor in the state."

Then it began. Delegates pulled hidden placards, banners and the like from under their seats and began a shouting snake dance through the aisles of the auditorium. A brass band led the way.

The delegates to the State Democratic Convention apparently got the clue for the celebration from a banner over the speaker's table Friday night in the Pantlind Hotel ballroom. It read: "Blast Off for Victory in '58." That they did.

Supporters converged toward the auditorium stage and went toward the governor on the shoulders of two men. Then up went Hart and John B. Swainson, who hopes to replace Hart as lieutenant governor.

Two husky Democrats leaped across the press table in front of the stage and lifted 200-plus pounder Frank S. Szymanski, state auditor general, to their shoulders. Other state officers got a free ride also.

Most of the signs read "We pledge Williams a Democratic team." There were also huge pictures of the governor, complete with his traditional bowtie.

Surprisingly enough, not a sign hinted at their idol's aspirations for the presidential nomination in 1960.

The merry making continued for 18 minutes, and was just as William John Beer, Pontiac attorney and member of the State Central Committee, said it would be, "a rip-roaring, ding-dong celebration."

Beer spoke to the Oakland County delegation at its Friday night caucus and told them about the coming demonstration.

When the exhausted (most delegates had been up all night) and hoarse marchers returned to their seats, Williams delivered a lashing attack at the Republicans.

Williams received a silver tray from the party with an engraving of the Mackinac Bridge and the inscription "Governor G. Mennen Williams—Builder of a Great Tomorrow" on it.

He said the bridge was an example of the "can-do" of the Democratic party.

Williams accused the Republican-controlled Legislature of being the "roadblock to progress," and said the Democrats must take over the House of Representatives this fall.

He said the bridge was an example of the "can-do" of the Democratic party.

Williams accused the Republican-controlled Legislature of being the "roadblock to progress," and said the Democrats must take over the House of Representatives this fall.

Appointed Pontiac Lawyer Is Appointed Circuit Judge

Gov. Williams Names William J. Beer to Hartrick's Post

William John Beer, Pontiac attorney, today was appointed by Gov. G. Mennen Williams as judge on the Oakland County Circuit Court bench.

Beer, 49, a resident of Berkeley, will fill the unexpired term of the late George B. Hartrick who died suddenly in San Francisco Aug. 12. The term expires Dec. 31, 1959.

The life-long Democrat has been practicing law in Pontiac for 10 years, after beginning his practice in Detroit and Royal Oak.

He is presently one of four Oakland County members on the State Central Democratic Committee, in which capacity he served at last weekend's State Democratic Convention in Grand Rapids.

"This is the highest honor that has come to me in my lifetime," said Beer when he learned of his appointment. "I will endeavor to serve to the best of my ability all the people of Oakland County."

The appointment takes effect immediately, a spokesman for the governor's office said.

Beer, who lives with his wife and two sons at 2358 Earlmont St., announced he would be a candidate for the new judgeship term beginning Jan. 1, 1960. This position, along with four other judgeships, will be voted on in a judicial election next April.

The new judge holds memberships in the American, Michigan and Oakland County Bar Associations. He is also a life member of the Michigan State Bar Foundation, as well as a member of the Judicature Society of America.

After his graduation from Wayne State University Law School in 1930, Beer joined a Detroit law firm with which he was associated until 1937, when he opened his office in Royal Oak.

He practiced law there until 1942 when he enlisted in the Navy. He served three years as a gunnery officer in the North Atlantic and Mediterranean theaters.

After his discharge, he practiced law for three years in Rogers City and Marquette. He served as city attorney for some time.

Nationalists Brace for Attack

OIL FOR QUEMOY — Nationalist Chinese troops roll barrels of oil onto beach of Quemoy Island, Nationalist stronghold in Formosa Strait, only 2,300 yards from Communist positions on

China mainland. Quemoy is defended by 40,000 Nationalist troops, American-equipped and trained by a U.S. military assistance and advisory group.

2 Orchard Lake Officers Hurt

Cars Left Road Early Sunday, One Crashing Into Nearby Tree

Two off-duty Orchard Lake police officers were injured in a mysterious accident at 12:50 a. m. Sunday on M59 in White Lake Township.

One officer, Richard D. Venos, 30, of 33 Court Dr., is in Pontiac General Hospital in fair condition today with possible internal injuries and a leg fracture.

The other officer, Bruce P. Boyd, 29, of 1353 Locke St., was treated for abrasions and released.

Neither officer could tell sheriff's deputies what happened. Venos was driving a brand new car with Boyd following in his car.

Deputies believe another car forced the two vehicles off the road. A witness reports spotting a dark sedan without lights driving in an erratic manner on the same road minutes before the crash.

Venos' car hit a tree and the rear end broke off, then proceeded 80 feet up the shoulder of the road and hit another tree and the front part broke in half.

Boyd was thrown clear of his car before it went into a field where it came to a stop.

Thanks for Company!

MYRTLE BEACH, S. C. (UPI) — An unidentified swimmer at Myrtle Beach Sunday didn't really need rescuing, thank you. The fire chief sent a lifeguard in a boat out after the swimmer when it was believed the man was too far out. The boat sank and the man and the lifeguard leisurely swam ashore together.

Thieves Take Warning

COSELEY, England (UPI) — A police station desk copy of a book called "Crime Prevention" is stamped with the legend "Not To Be Taken Away."

REDS FIRE ON ISLANDS — Map above locates Nationalist Chinese strongholds of Quemoy and Little Quemoy and the Tan Islands, also Nationalist-held.

New York Cheers Arrival of Nautilus

NEW YORK (AP) — The atomic-powered submarine Nautilus, fresh from her historic passage under the North Pole ice, got a whistling, cheering but rainy welcome from New York today.

Police helicopters circled a flotilla of about 20 Navy destroyer escorts, Coast Guard cutters, tankers, tugs, police launches and fireboats. They escorted the Nautilus through the harbor, part way up the Hudson River, and then around the tip of Manhattan headed for the Brooklyn Navy Yard.

The windows of Manhattan's skyscrapers bordering the water were jammed with office workers who waved greetings to the Nautilus crew standing smartly at attention on deck in a driving rain.

The Nautilus cruised past crowds huddled under makeshift

Quemoys, Tans Blasted Hard Over Weekend

Heavy Shelling Raised Fears of Mass Invasion of Nationalist Islands

TAIPEI, Formosa (AP) — The Chinese Communists today slacked off their attacks on the offshore Quemoy and Tan islands after a weekend of massive bombardment and air and sea activity that aroused fears it was the curtain raiser for Red invasion.

The Nationalists reported turning back a seaborne Communist attempt to seize the island outpost of Tungting, 17 miles south of Quemoy, last night.

Chiang Kai-shek's forces also claimed their planes shot down two MIGs in a dogfight over Quemoy last night between 48 MIGs and an undisclosed number of Nationalist jets.

It was the largest number of Communist planes so far reported in action at one time over the Formosa Strait.

Both Quemoy and Little Quemoy lie about 100 miles across the strait from Formosa and 10 to 15 miles east of Amoy. Little Quemoy has an area of 5.5 square miles; the bigger island is 50 square miles.

ROCKY ISLAND

Tungting, where the naval clash occurred, is a rocky island 17 miles southeast of Quemoy that formerly was used as a lighthouse station. The Nationalists use Tungting as an observation post against Red shipping in and out of Amoy.

The Tan Islands, which cover about 143 acres, help to block shipping into Red-held Amoy. After plastering the islands with nearly 50,000 artillery shells Saturday and yesterday in the heaviest barrage of the post-war war, the guns on the adjacent Communist territory fired only 2,500 rounds during a four-hour bombardment this morning and another 22 shells in as many minutes during the afternoon.

The previous record bombardment was 9,335 rounds that hit Quemoy June 24, 1957.

It was recalled that heavy air attacks preceded the Red capture of a small island near the Tachen group off Chekiang province, north of Fukien, in 1955. The Nationalists later abandoned the Tachen group.

LAUDS DULLES

Foreign Minister Huang Shao-ku lauded Secretary of State Dulles' warning to the Communists not to try to seize the Quemoy and Matsus.

"Psychologically and politically, Huang said, the islands 'stand as strategic outposts not only for the Republic of China, but also for the whole democratic world.'"

"Any attempt by the Chinese Communists to seize these islands will be a challenge to the determination and ability of free nations in resisting aggression," he added.

DEFENSE VIGOROUS

The Nationalist Defense Ministry said the defenders' guns replied vigorously but did not disclose the volume of counterfire.

The U.S. Defense Department (Continued on Page 2, Col. 5)

21 Killed in State Traffic, 4 Drown Over Weekend

By The Associated Press

Traffic accidents killed 21 persons in Michigan over the weekend, one of the heaviest tolls of the year.

At least four deaths occurred Sunday during a heavy rainstorm that blanketed most of the Upper Peninsula and the northern part of Lower Michigan.

In addition to the highway toll, four persons drowned, bringing the total weekend death count to 25.

Two-car collisions calmed eight lives and a three-car crash killed one person.

Five of the traffic fatalities were pedestrians.

The Associated Press fatality count begins at 6 p. m. Friday and ends at midnight Sunday.

Mrs. William H. Sowl, 51, of Beloit, Wis., was killed in a two-car crash Sunday on U.S. 45, four

'Just Wait and See,' Says Bender

Won't Pull Punches--Teamster Prober

WASHINGTON (AP) — The chairman of a citizens commission named by Teamsters Union President James R. Hoffa to probe corruption charges against Teamsters officials says he's not going to prejudice anyone.

"All I can say is that I do not pull punches," said George H. Bender yesterday in Cleveland. "Just wait and see."

Hoffa announced Saturday he was naming Bender, former Republican senator from Ohio, to head a three-man citizens commission. The other two are F. Joseph Donohue, Democratic former District of Columbia commissioner, and Ira W. Jayne, retired Wayne County (Detroit) judge and

law professor at Wayne University. A Teamsters lawyer said they would be paid \$250 a day each while at work.

In announcing appointment of the group, Hoffa said the commissioners "shall guide us and assure the membership of our union a strong, honest leadership."

cause he said he is convinced Hoffa is sincere, adding: "If I didn't think so, I wouldn't accept the chairmanship of his commission."

But Sen. John L. McClellan (D-Ark.), chairman of the Senate Rackets Committee, is skeptical. "The test of the good faith and power of this Hoffa-appointed commission is: Can and will it move against Mr. Hoffa himself?" McClellan said after Hoffa had notified him of plans to set up the commission.

Asked in Cleveland whether his investigation would include Hoffa, Bender said: "We (the commission members) didn't elect Hoffa."

He was elected by the union membership."

McClellan said his committee "will not be deterred in its course."

The Rackets Committee has charged Hoffa surrounded himself with hoodlums and worked with underworld elements in trying to extend his labor power. The committee's hearings on the Teamsters and Hoffa resume tomorrow.

It was unclear what connection, if any, the now anti-racketeering commission would have with the monitors appointed by the federal court some months ago to watch over Teamsters affairs.

Hoffa made no mention of the three monitors in announcing the

new commission. And Martin F. O'Donoghue said creation of the commission "has serious implications and until I get all the facts concerning its powers and duties, I have no comment."

Bender said that before accepting the commission appointment he had asked the advice of Federal Dist. Judge F. Dickinson Letts of Washington.

Judge Letts named the monitors to supervise the Teamsters Union. He did so as part of the settlement of a suit in which dissident Teamster members tried to upset Hoffa's election last year as president. (Continued on Page 2, Col. 2)

**Deaths in Pontiac and Nearby Areas****ARTHUR R. FULLER**

Arthur R. Fuller, 68, of 858 Oakland Avenue, died this morning in St. Joseph Mercy Hospital following a nine months illness.

Formerly employed with the Bell Telephone Company, Mr. Fuller is survived by his wife, Blanche, three brothers, Wayne of Bronson, McKinley and Charles of Reed City; two sisters, Mrs. Freeda Osborn of Bronson, and Mrs. Lavern Gibson of Tustin. Twenty-one nieces and nephews also survive him.

Burial will be at Woodland Cemetery in Reed City. Arrangements are being made by the Hunteon Funeral Home, Inc.

FRANCIS S. POWELL

Service for Francis S. Powell, 49, of 310 Whittemore St., will be held at 2 p.m. Tuesday from Donelson-Johns Funeral Home with burial following in Mt. Hope Cemetery.

Mr. Powell, who suffered a heart attack Saturday evening, was dead upon arrival at Wayne County General Hospital.

A resident of Pontiac for 36 years and formerly an inspector at Chrysler Corporation in Detroit.

Deaths Elsewhere

BOGNOR REGIS, England (AP)—Sydney Carroll, 81, theatrical producer and drama critic, died yesterday after a long illness. He was born in Australia.

BEVERLY HILLS, Calif. (AP)—Mrs. Harvey Seeley Mudd, 67, former national president of the Girl Scouts of America, died Saturday after a long illness. Mrs. Mudd, whose late husband was a widely known mining engineer, was a vigorous worker for civic and philanthropic causes.

CLEVELAND (AP)—Edward Colwell Collins, 84, president of Crucible Steel Co. of America in the early 1920s, died yesterday after a long illness.

OTTUMWA, Iowa (AP)—John Morrell Foster, 63, former president of the John Morrell & Co. and the son of the founder of the meat packing firm in the United States, died yesterday of a heart attack. He was a former president of the American Meat Institute. He was born in Ottumwa.

CINCINNATI (AP)—Clarence Christian Givens, 65, veteran newspaperman who held executive posts with newspapers in Kentucky, Georgia and New Jersey, died yesterday. He had been ill since 1956 when he left the Cincinnati Enquirer after 12 years as a copyreader.

NEW YORK (AP)—Norman Secon, 52, concert pianist, died Saturday of a liver ailment. He toured the United States many times and also toured Europe and South America.

he is survived by his wife, Virginia; his mother, Mrs. Laura A. Cummins; two brothers, Glen and Harold, and two sisters, Mrs. Ben Reising and Mrs. Clifford Broadway, all of Pontiac. Also surviving him are three children, Susan, John, and Kip, all at home.

VICTOR DAVISON

CLARKSTON—Service for Victor (Bud) Davison, 43, a former Clarkston resident who died last night at a Traverse City Hospital, will be held at 2 p.m. Thursday at the Miller Funeral Home in Mancelona.

Mr. Davison, who made his home

in Mancelona, leaves his wife, Hazel; a son, Duane and a daughter, Vickie, both at home.

WILLIAM LEMPKKE

IMLAY CITY—Service for William Lempkke, 79, of 8281 Shaw Rd., will be held at 2 p.m. Wednesday at the Lester Smith and Son Funeral Home with burial in Imlay Township Cemetery.

The body will be at his home until 11 a.m. Wednesday. Mr. Lempkke died Saturday night at his home after a long illness.

Surviving are his wife, Sarah and one daughter, Mrs. Leona Upwright of Charlotte.

**Ramming Rival's Car
Costly Vent for Anger**

MADISON, Wis. (AP)—It cost Or. Stofglet Jr., 33, plenty recently when he purposely rammed a parked car belonging to his ex-wife's boy friend.

Total cost for fines and damages to Stoflet's car \$250 plus almost enough points for suspension of his driver's license.

Damage to boy friend's car: \$10.

Church Construction Up

NEW YORK—During 1957 the United States spent \$870,000,000 on construction of churches and other religious buildings, a rise of 13 per cent over 1956.

**How to Treat Burns
Explained to Parents**

CHICAGO—To minimize pain and suffering from burns—which cause more injury and death among children than any other accident—parents need to know how to identify and treat them.

Some rules, listed by the American Medical Association, are:

—Because youngsters grasp anything within reach, never allow conditions to exist which lead to accidents; keep matches from children; keep pots from the edge of the range, and keep youngsters from fires.

—Determine quickly the degree of burn—first degree, the skin is red;

second, the skin is blistered; third, the skin is charred.

—For first or simple second degree burns, coat the affected area with an antiseptic ointment or olive oil or baby oil. This relieves pain and prevents the skin from cracking and drying out.

—For deep second and third degree burns, call a doctor immediately, since shock and infection may occur. A layman should not try to treat either.

Record U.S. Dry Spell

BAGDAD, Cal.—The longest dry spell ever recorded in the United States was at Bagdad where no rain fell from July 3, 1912, to November 8, 1914.

Hal Boyle Says:

Odds Against Your Avoiding Car Accident

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

You have less than a 50-50 chance of avoiding an automobile accident in the next seven years.

The earliest new word coined in the space age is "Megacorpse." It means one million dead, waiting for disposal after a nuclear attack.

The first letter of the alphabet derives from an ancient Egyptian drawing of the head of an ox.

You shouldn't wear tinted sunglasses while driving at night. They cut down your vision.

Burt Lane, theatrical school director, recalls a friend once asked W. C. Fields whether he believed in clubs for women. "Yes," replied Fields, "if all other forms of persuasion fail."

A survey of honeymoon guests by the Hotel Edison here showed more brides than bridegrooms now sign the register when checking in.

It's expensive to get away from it all. Americans spend 10% bill.

Back To School

Teachers Differ on Helping Child

But Generally Agree Aid Can Sometimes Be a Good Thing

At one time or another, every mother and father is faced with the problem of children's homework.

Tommy, hugging home books and papers, feels he's had enough study for one day. And, besides, there's a good Western or perhaps a ball game on TV. Mary has other interests, too.

Torn between a desire to have their children enjoy themselves and the feeling they should get the full benefit of schooling, the parents develop a mental conflict that is a problem in itself.

The problem often extends further. A child, for whatever reason — lacking interest or insufficient capacity to grasp studies — may want or need help on homework. How much help should the parents give?

There is no unanimity of opinion on this question among leading educators.

Prof. Millie Almy of the department of psychological foundations and services of Teachers College, Columbia University, says the question "is very complex and cannot be answered by a straight yes or no, since it depends on the kind of homework, the age of the child and the kind of child. If the parent can help constructively, the answer is yes; if the parent's help results only in a battle, then the answer is no."

Another faculty member at Teachers College, Prof. Emma D. Sheehy says:

"I hope parents will show a lively interest in the youngster's work in school. Anything that makes a child feel that his parents have a genuine interest in his work is good. Parents can help their children with homework by showing interest in what children are doing and pointing out different approaches to problems."

Algerian Nationalists Kill 4 Paris Police

PARIS (AP)—Algerian nationalists shot four Paris policemen dead today in a raid on a station-house. At the same time a series of explosions and fires erupted in the provinces.

Authorities believed the rash of incidents was part of a new terror campaign by the Algerians to attract attention to their demand for full independence.

The outbreaks came as Premier de Gaulle toured French Africa to drum up support for his new constitution to be voted on Sept. 29 in a public referendum.

Explosions and fire in gas and oil storage tank depots were reported in Narbonne, Toulouse and Marseille in southern France. Other fires were reported in Paris suburbs.

There are about 300,000 Algerians working in metropolitan France. Today's incidents appeared to be coordinated. All occurred between 2 a. m. and 3 a. m.

Stops Constipation Due to "Aging Colon"

New laxative discovery re-creates 3 essentials for normal regularity.

As you grow older, the internal muscles of your colon wall also age, lose the strength that propels waste from the body. Stagnant bowel contents become so dry and shrunken that they fail to stimulate the urge to purge.

Relief, doctors say, lies in a new laxative principle. Old-style bulks and moisteners may create gas, take 3 or 4 days for relief. Old-style salts and drugs cramp and gripe the entire system. Of all laxatives, only new COLONOID gives you its special 3-way relief that works only on the lower colon (area of constipation).

(1) COLONOID moisturizes dry, hardened waste for easy passage without pain or strain. (2) COLONOID's unequalled rebulking action helps restore flabby colon muscles. (3) And COLONOID acts gently, on the nerve reflexes that stimulate the vital "mass movement" of your lower colon.

COLONOID relieves even chronic constipation overnight; is so gentle it was hospital proved safe even for expectant mothers. And COLONOID won't interfere with absorption of vitamins or other food nutrients. Get COLONOID today! Introductory size 43¢.

5 Die, 31 Hurt in Train Crash

Commuter and Sleeper Collide Near Station of English Resort

EASTBOURNE, England (AP) — Five persons were killed and 31 injured today in the rush-hour collision of a crowded commuter train and a sleeper loaded with Scottish holidaymakers.

The collision occurred at the station of this south coast resort. The Glasgow train was just pulling into the station; the London-bound commuter train had just pulled out.

All the dead were reported aboard the commuter train. One was the driver of the electric locomotive. Two of the train's cars were catapulted onto the station platform.

Two freight cars of the Glasgow train were teleported.

Cause of the crash was not immediately known.

Outgoing Personality Fosters Friendship

By JOSEPHINE LOWMAN

I suppose that good friends really should be emotional first-aid stations. With a real friend we can blow our top, let our hair down, complain to high heaven, be completely inconsistent, or act as silly as we wish. With a real friend we never are self-conscious or defensive, and we can say what comes naturally.

This is not a sad commentary on the human race. Everyone has so many personal problems that most folks just do not have the emotional capacity to deal with their own problems and ours also. They need a lift themselves.

We all have known people who are so lacking in self-confidence and have so many personal problems that we brace ourselves or run for our lives whenever we see them coming. This type must be soothed by the attention of hoards of so-called friends. They seldom keep friends for long and usually flit from one group to another.

As a general attitude, people love to see us if we make them feel comfortable. If we give them a lift, if we remember that they also may have problems. They like to see us if it makes the day seem brighter and their troubles lighter.

And, this is good for us. It means that we must have an outgoing attitude, that we must be

glad to give as much as we receive.

We are living in a day of wonders and they are not all confined to atomic energy. To me, plastic surgery is one of the most exciting modern-day miracles. The things they are doing are truly remarkable!

Recently we have been hearing more and more about "sandpaper surgery" and "dermal abrasion." Many of my readers have asked what the difference is between the two and how they are used. Therefore I am bringing you some detailed information. When I tell you that this comes from members of The American Society of Plastic and Reconstructive Surgery, you will know that you can rely on it.

Readers must realize that surgery cannot erase scars. It sometimes can improve their appearance so that they are hardly noticeable.

Actually sandpaper surgery, skin planing and dermal abrasion are merely different techniques to accomplish the same end. The underlying principle is the surgical abrasion of the upper layers of the skin in order to treat scars, and occasionally remove freckles and certain types of birthmarks.

Sandpaper surgery was developed during World War II when a surgeon discovered that men were much more disturbed emotionally by the unsightly appearance of their face when it had been damaged by the explosion of a land mine than they were by multiple body wounds. Facial marring was caused by bits of

dirt, gunpowder and debris, which had been forced into the skin by the explosion.

This surgeon developed a technique which employed sterile sandpaper to abrade the top layers of the dirt was embedded. When the skin healed, its top layer regenerated and the small pockets of dirt usually disappeared.

Your Party Need Not Cost Much

Want to give a party that is painless on the pocketbook? Try the shop-as-you-save party. All you do is make up a party menu, buy items that fall into that groove whenever you have a little extra money. When you have enough food, then you party.

The trick requires a freezer or freezer compartment of the refrigerator. That way corn chowder, beef stew, spaghetti, meat pies or anything that strikes your fancy may be frozen for your shindig that is in the offing.

One college belle has even used this method for entertaining her friends at school. She freezes favorite cookies and snacks, then her mother mails them to her when she is away at school and planning a dormitory party. She makes up batches of favorite cheese and meat spreads, candies and cookies that will be thawed out by the time they arrive at their destination. (Candy takes about two hours to thaw.)

Here is a menu one practical teenager used recently for a freezer party: Snacks, hamburgers on toasted buns, pickles, spaghetti with tomato sauce, ice cream and cookies. These make good eating for hungry Jacks or dainty eating girls.

You can extend the hamburgers with bread crumbs, wrapping them individually in plastic film, wax paper or foil, and then packing them in the square waxed freezing containers that will not freezer.

tor-drive n hand instrument is usually used, with the skin either abraded by sterile emery paper, especially prepared for the surgeon, or by a rotary wire brush.

The following are conditions which surgeons feel are aided by this procedure: Acne scars, and sometimes freckles and birthmarks. Tomorrow: "Dermal Abrasion Great Aid For Acne Scars Per-nique developed and today a mo-

MR. and MRS. RICHARD BASHORE

Patricia G. Zielke Weds

White carnations, stephanotis and ivy banked the altar of Central Methodist Church for the Saturday evening wedding

of Patricia Gail Zielke and Richard Dean Bashore. The bride's brother-in-law, the Rev. Keith E. Palmerton of Girard Methodist Church, and the Rev. Daniel Wallace officiated at the candlelight ceremony before 300 guests.

Parents of the couple are Mr. and Mrs. Edward A. Zielke of Berwick boulevard and Mr. and Mrs. Noble Bashore of Cadillac avenue.

The bride selected a gown of French embroidery on silk tulle featuring a Sabrina neckline with short sleeves and a fitted basque waist. The bouffant, floor-length skirt was of five tiers of ruffled embroidery. Her fingertip veil of pure silk was held by a Swedish crown of seed pearls. On her sister's Bible which she used for her own wedding, the bride carried a bouquet of white roses, stephanotis and ivy.

Mrs. Keith Palmerton, the bride's sister, of Coldwater, was matron of honor. She wore a ballerina-length white sheer dress with a Sabrina neckline, pointed sleeves and a pleated cummerbund. Dolores Zielinski of Saginaw, Vi Baba and Mary Moore were bridesmaids. They wore dresses similar to the matron of honor's with white picture hats. All the attendants carried feathered carnations in white baskets.

ASSIST BRIDEGROOM

Best man was Robert Baynes. Ushers were Lyle Moore of Kankakee, Ill.; Robert Wade of Brookfield, Wis. and Norman Christiansen of Pleasant Ridge. Seating the guests were Jim McDonald of Rogers City and Stuart Choate.

When the couple left for a honeymoon to the Upper Peninsula, Wisconsin and Chicago, the bride was wearing a brown sheath with a bolero jacket. Her hat was of brown pheasant feathers and she wore the corsage from her bridal bouquet.

MR. and MRS. DONALD KIRKLAND

Norma Jean Prutow Wed

Emmanuel Baptist Church was the scene of the Saturday evening wedding of Norma Jean Prutow and Donald Richard Kirkland. The Rev. Willard Stallcup officiated at the candlelight ceremony before 100 guests.

Parents of the couple are Mr. and Mrs. Harold H. Prutow of North Telegraph road and Mr. and Mrs. T. N. Kirkland of Franklin, N. C.

The bride selected a gown of beau de faille. The full skirt accented with applied Alencon lace formed a chapel train and the fitted bodice featured a protracted neckline finished with Alencon lace and seed pearls and long sleeves. A pearl tiara held her fingertip veil and she carried a cascade of white carnations centered by a white orchid.

ATTEND BRIDE Elizabeth Tuson was maid of

honor with Nancy Prutow and Joan Prutow as bridesmaids. All the attendants wore ballerina-length petal pink dresses of tissue taffeta and organza and picture hats. The maid of honor carried a cascade of rose pink carnations and the bridesmaids' bouquets were cascades of light pink carnations.

Nancy Dinnan was flower girl. She was dressed in a floor-length dress similar to that of the attendants, with a rose pink carnation headband and a basket of rose petals.

Best man was Howard Fay Riggleman. The bridegroom's cousin, Ray Kirkland of Franklin, N. C., and William Prutow of Detroit, the bride's cousin, served as ushers.

When the couple left for a honeymoon to North Carolina, the new Mrs. Kirkland was wearing a light brown sheath of eyelet over green taffeta with white accessories and the orchid from her bridal bouquet.

Newlywed Honeymoon in Canada

Jerry Lee-Lancaster and Cleon Ray Haimbaugh of North Perry street traveled to Canada following their Aug. 16 wedding at the First Free Methodist Church. The Rev. Alex H. Kasten of Faith Baptist Church officiated at the ceremony in the presence of 75 witnesses.

Parents of the couple are Mr. and Mrs. James Carter of Mt. Clemens street and Mr. and Mrs. Alonzo James Haimbaugh of Emerson avenue.

Mrs. Roger Frick was matron of honor. Bridesmaid was Mrs. Alonzo Haimbaugh Jr. Roger Frick was best man. Ushers were Alonzo Haimbaugh Jr., Bob Leightley and Lynn Neeb.

The bridegroom's sister and brother, Laura Lee and Harold Haimbaugh, attended as flower girl and ringbearer.

A reception was held at the home of the bride's parents following the ceremony.

Youth Confesses Robbery
NEWPORT, Ky. (AP)—His Sunday morning conscience gave him trouble, so a 17-year-old boy confessed the robbery of a grocery store in nearby Grants Lick. He led officers to a cache of cigarettes, candy, shirts, rifle shells and knives under the steps of the Grants Lick Baptist Church.

Which Index Do You Want to Use?

Did Cost of Living Go Up or Down for Month of July? It Depends

NEW YORK (UPI)—Did the cost of living rise or fall last month? The government said it rose—by 0.2 per cent. The National Industrial Conference Board, a highly respected private research group, said it fell—by 0.1 per cent.

A different set of cities, although there is overlapping. The conference board's food component represents information from four large cities—New York, Chicago, Los Angeles and Houston—collected monthly, and 13 smaller cities collected quarterly. The Labor Department's food calculation is arrived at by sampling 46 cities monthly.

ample. In May the BLS showed costs steady and in June an 0.9 per cent rise, while the NICB showed costs up 0.04 per cent in May and 0.3 per cent in June.

Since those days there have been times when the indexes have agreed precisely. At other times they have disagreed widely. What accentuates the current difference is not so much the gap of three-tenths of a percentage point but the occurrence of the gap at the point where it means either a rise or a decline.

In the transportation component both indexes gather data quarterly with some data for the BLS collected semi-annually. An analysis of both indexes shows that month-to-month differences between them generally iron themselves out and establish a trend over a period of several months.

Averaging the changes over the two-month period finds a difference of only two points. One heartening thing for consumers about both indexes is that they show living costs are leveling out. And Commissioner of Labor Statistics Ewan Clague comes up with this optimistic note—Price stability should persist for "six months, maybe a year."

The Foreign Service Institute, operated by the Department of State, is the government's only foreign affairs school. It trains overseas personnel and officers from all agencies concerned with our international relations.

Negro Youths Break Barrier

Enter White Churches in Oklahoma City, To Resume Campaign

OKLAHOMA CITY (AP)—Oklahoma City Negro youths said they will resume their campaign today to gain food service at downtown stores.

Forty Negro teen-agers divided into groups of two yesterday and entered 20 white churches for morning services. In all but three, they said they were received cordially.

Kress' department store served them Friday.

Mrs. Clara Luper, adviser to the Youth Council, told newsmen the group would not boycott stores which refused to serve them food. The youngsters addressed a mass meeting last night, telling of their attendance at the white churches. At two churches, they said they were told they could attend only if they sat separately from the white congregation.

She said that at a third—the Kelham Avenue Baptist Church—the pastor asked them to leave. The pastor, the Rev. David C. Hall, said he "merely informed them that regardless of my personal position I didn't think attending church here would provide any sympathy for their movement."

Hall added, "We have had excellent relations with our Negro citizens and have worked with them in many projects."

Both Parties in New York Stumble at Conventions

By The Associated Press
Republicans and Democrats had trouble choosing nominees for the U. S. Senate at New York state conventions opening today but their problems were of different kinds.

The Democrats had too many candidates; the Republicans too few. Former Gov. Thomas E. Dewey moved onto the Republican convention scene at Rochester and threw his still-powerful influence behind the effort to find a nominee. He squashed any speculation, however, that he might run himself.

At Buffalo, 80 miles away, former Air Force Secretary Thomas K. Finletter apparently held a slim, shaky lead over Dist. Atty. Frank S. Hogan of Manhattan in a field of six declared candidates. New York Mayor Robert F. Wagner was a seventh possibility.

Both parties still had a day to make up their minds. On opening day, the two-day conventions were devoted to speeches and other formalities. The nominations for governor were set for tonight.

Gov. Averell Harriman, for the Democrats, and Nelson Rockefeller, for the Republicans, are unopposed for the top spots on the tickets, thus assuring a battle of millionaires.

Majority Leader Joseph F. Carlino of the State Assembly last night publicly refused the GOP Senate nomination, frustrating vigorous efforts by party leaders.

Rep. Kenneth B. Keating of Rochester, the other man mentioned most prominently, kept insisting he would not run either. Informed GOP sources, however, said there were signs he might be ready to give in.

Both Carlino and Keating are up for re-election to their present posts this year. Both say that, if they run for the Senate, they risk losing the seniority they have built up.

In addition, Republican leaders were considering these men as potential Senate nominees: Dean William I. Myers of Cornell University; Chancellor Clifford T.

Furnas of the University of Buffalo, former undersecretary of defense; George L. Hinman, a Birmingham lawyer; and State Sen. Elisha T. Barrett of Long Island. On the Democratic side, Harriman was reported to be backing Finletter.

The other active candidates were Thomas E. Murry, former atomic energy commissioner; State Commerce Commissioner Edward T. Dickinson; former Democratic National chairman James A. Farley; and Rep. James J. Delaney of New York City. Of these, only Murray was considered a strong contender.

Wagner has said he was not a candidate, would not accept the nomination and would not serve if elected. Nevertheless, many party leaders still talk about drafting him.

MR. AND MRS. EDWARD STEVENS

An open house party will be held from 2 to 6 p.m. Sunday at the home of Mr. and Mrs. Edward Stevens, 8219 Groveland Rd., Holly, in honor of the couple's golden wedding anniversary. They were married Aug. 27, 1908 in Pontiac. The party is being given by the couple's four daughters.

1848 Pocahontas Little Known Lies in Unmarked Grave

OKLAHOMA CITY (UPI)—This spring marks the 110th anniversary of the death of Milly Francis, a Creek Indian whose pleas to angry tribesmen saved the life of a Georgia cavalryman and won for her congressional honors and the title "Nineteenth Century Pocahontas."

No one knows exactly where her grave is located although it is believed to be somewhere between Muskogee and the Arkansas River in Northeast Oklahoma.

The only present-day memorial to her is a rough surfaced marble slab near the west entrance to Bacone College, Muskogee, which contains a brief sketch of her life until she died May 19, 1848.

Milly was the daughter of Hillis Hadjo, proud and great chief of the Creek nation better known in Georgia in the early 1800's as Francis the Prophet.

Two of her tribesmen captured a Georgia militiaman, Capt. Duncan McKrinnon. Milly heard warrior whoops heralding the arrival of the young prisoner and hurried to watch the fate that awaited him — death, which according to tribal laws not even a chief could counteract.

Milly took pity and boldly begged her father to intervene, but the Prophet only would tell her to go to the Indian braves who held the power of the white man's fate.

She stepped from the circle of incited tribesmen to plead for the soldier's life but was shunned by

the braves. One of the captors said his two sisters had been killed by white men, so his prize would die.

Milly pursued her argument saying another death wouldn't return the sisters and that the soldier was only a boy. Eventually she won. McKrinnon's life was spared on the condition he would live with the Indians.

He consented but two years later the Indians sold their captive to some Spaniards for a barrel of whisky. McKrinnon later escaped.

After the death of their leader, Milly's tribe moved to what later was named Oklahoma. In 1844, Ethen Allen Hitchcock, a U. S. Army major-general, learned Milly was a widow with three young children and living in poverty. Hitchcock was so impressed, he reported the case to the Secretary of War.

His letter was transmitted, with a recommendation, to the House Committee on Indian Affairs. On June 17, 1844, Congress passed a special act honoring Milly Francis, one of the few women in history so honored.

She was granted a pension of \$6 annually "as a testimonial of the gratitude and bounty of the United States for the humanity displayed by her" and she was awarded a medal as further tribute.

Unfortunately, it was more than three years before the office of Indian Affairs wrote the Oklahoma Creek agent, James Logan, about Milly's pension and medal.

One month short of four years after the passage of the act, the agent visited Milly to have her sign the power of attorney for the pension. But Milly was dying of consumption when he reached her.

She never received the pension and never saw the medal.

It was a four-cigar evening for Sir Winston.

Sir Winnie Is Enjoying Life on French Riviera

NICE, France (AP) — Sir Winston Churchill stayed up past midnight dining and chatting with friends at one of the Riviera's top restaurants.

Among the 83-year-old statesman's tablemates were Greta Garbo and Aristotle Onassis. The three frequently have been seen together.

It was a four-cigar evening for Sir Winston.

U.S. Brucellosis Loss Totals 30 Million Yearly

WASHINGTON—Despite an all-out cooperative campaign by the Federal Government and the states, brucellosis, the cattle disease, also called Bang's disease or infectious abortion, still causes losses of about \$30,000,000 a year in unborn or stillborn calves, reduced milk output, and the cost of replacing infected stock.

One out of nine Yugoslavians is a Moslem.

3-Car Collision Injures Five

Almont Township Crash Hurts Roseville Couple, 3 From Imlay City

ALMONT TOWNSHIP — Five persons were injured late yesterday afternoon in a three-car collision on Van Dyke road about a half mile north of Dryden road.

Admitted to Lapeer County General Hospital were Wayne Turner, 46, and his wife, Ardeth, 44, of Roseville. Mrs. Turner, who was driving, suffered cuts about the face and her husband a possible hip injury.

Others injured were, Maggie Wheeler, 26, of 210 W. Fifth St., Imlay City, cuts about the face and a bruised knee; Sue Seawright, 19, of the same address, fractured foot; and Lucile Seawright, also of same address, possible back and hip injuries.

All were passengers in the Wheeler car.

Driver of the third auto, Clara Danke, 44, of Detroit, was uninjured. Witnesses told Romeo State Police she had attempted to pass the Turner auto and collided with the oncoming Wheeler car.

She was ticketed for reckless driving, police said.

Orion Hive Is Named National Champions

LAKE ORION — The national ritualistic championship has been awarded to the Lake Orion Macabees Hive 281. Competition took place during the 23 quadrennial Supreme Review in Detroit which closed Thursday night.

The Lake Orion women also tied for the international title with the Calgary, Alberta, team.

The Orion team, one of 24, representing 42 states and three provinces, qualified for the competition by winning first place in its regional Great Camp Conventions earlier in the year. Evelyn Arnold is their commander.

The Hive will receive an international team trophy, and each officer will get an individual trophy. The team put on the memorial ceremony for deceased supreme members.

Pearl Bryant and Sylvia Shafer of Lake Orion were among 20 new members initiated into the Green Cucumber Club. The ladies were selected by a committee of the club for wives of the Macabees.

Mack Picked to Advise on Lathrup Development

LATHRUP — Harry Mack of 27631 Lathrup Blvd. has been named to the Advisory Committee on City Development. The appointment was made by Mayor Richard N. Cogger.

Mack also is chairman of the Board of Review in Lathrup and chairman of the Brokers Division of the Detroit Real Estate Board.

WHERE WORLD DEBATES — In center foreground is the New York headquarters of the United Nations. Tall, glass-walled structure is the Secretariat and white, curved roof building at right houses the General Assembly chamber.

To Explore Ocean Depths Navy Will Put Together New Kind of Submarine

SAN DIEGO (UPI)—The Navy's newest vessel, a strange-looking diving craft known as a "Bathyscaphe," arrived in San Diego harbor Saturday for re-assembly.

Having little in common with the conventional submarine, the Bathyscaphe has been termed the Navy's version of a space vehicle. It was specifically designed to explore the depths of the ocean.

The Italian-made craft, dubbed the Trieste after the name of the town where it was manufactured, was purchased recently by the Navy from the noted Swiss scientists Auguste and Jacques Piccard for use in oceanographic studies off the coast of southern California.

Although it will be used at first for basic scientific research involving acoustical and biological investigations of the Pacific waters in this area, the Bathyscaphe potentially is capable of diving to depths and evaluating the Bathyscaphe's potentialities as both a research tool and a deep-diving submarine rescue vessel.

The blimp-shaped vessel carries a two-man crew in a spherical gondola beneath its main tanks containing 28,000 gallons of high-octane aviation gasoline — 30 percent lighter than water, giving it buoyancy. The ship carries 10 tons of iron pellets for ballast to help control its descent and ascent.

Dives are accomplished by bringing water into the tanks, thus compressing the gasoline and reducing buoyancy, while the iron pellets are released at the rate of a ton for each 3,000 feet of depth.

In other words, it's the underwater equivalent of a lighter-than-air craft, much like a blimp operating in reverse.

Capable of remaining submerged up to 48 hours, the Bathyscaphe is equipped with two small windows for wide-angle viewing, a camera with electronic flash, floodlights, an echo-sounder, telephone and numerous instruments and controls for research equipments and operation. It may be propelled horizontally by electric battery-powered motors and two propellers.

Before it can be put into use, the Bathyscaphe must be completely re-assembled — it arrived here in some 30 boxes — and crews must be thoroughly trained in its operation.

Jacques Piccard, who assisted

his father in designing and building the Trieste and who has made 46 dives in the craft, will train pilots at the Navy electronics laboratory. Giuseppe Guano of Italy will oversee the mechanical aspects of operations.

The Trieste made a series of 26 dives in the Mediterranean last year, most of them a few miles south of the Isle of Capri, to make optical, geophysical and acoustical measurements and observations of biological and geological phenomena.

Such operations are expected to yield a great deal of information about the sea's background sounds to help sonar operators better distinguish them from ship noises as well as other knowledge.

Witness Very Cautious

ANADARKO, Okla. (AP)—Attorney Chuck Goodwin, quizzing a witness in a district court trial, asked if he noticed if the defendant's tongue was "thick" at the time of the alleged offense. The witness answered: "I didn't look in his mouth to see if his tongue was thick or thin."

Rumors of Rift Between Princess Meg, Former Suitor Peter Townsend Rushing Off on Tour

BRUSSELS, Belgium (UPI)—Peter Townsend, erstwhile suitor of Britain's Princess Margaret, is going off on another world tour, it was disclosed.

The former Royal Air Force group captain will leave tomorrow by automobile, and friends said he was going for the same reasons that prompted the first trip—to try to forget the 28-year-old princess.

He left the first time for 17 months after Margaret announced she could not marry a divorced man because of her duty to church and crown. The tour covered 20,000 miles and 50 countries and ended only seven months ago.

Since then Townsend has seen the Princess frequently in London. Their relationship was officially stamped as being that of good friends.

Townsend's second tour apparently was planned in a hurry for within the past few weeks palace sources have let it be known that the princess intended to be seen publicly with him this fall. He was to have been invited to some of the parties that she frequently gives.

RUMORS OF 'RIFT' Also in the past couple of weeks there have been reports of a rift between Margaret and Townsend but sources close to them have discounted the rumors.

The alleged trouble was said to have been caused by a book soon to be published entitled "The Story of Peter Townsend." Author Norman Barrymaine, a friend of Townsend, reportedly tells too much about the romance to suit Margaret.

The Princess turned 28 last week and she gave no indication of in-

N-Radiation May Achieve Rosier Apples

MONTREAL (AP)—Nuclear radiation may give rosier cheeks to a tasty but slightly pale apple.

Dr. C. J. Bishop, head of Canada's experimental farm in Kentville, N. S., told the International Congress of Genetics about it. He said it will be five to seven years before the rosier apple can be raised on a tree and compared with existing varieties to see if it is commercially worthwhile.

"The Courtland is a leading Canadian apple but it is somewhat lacking in color," Dr. Bishop explained. "We launched an extensive research program designed to induce color."

New shoots were exposed to radiation at the Brookhaven National Laboratory on Long Island, then grafted in Kentville.

The result is a complete change to dark red apples on some branches. These are to be propagated to make several complete trees.

"Out of this may come a fine looking apple which will retain the qualities of the Courtland, a good dual purpose (eating and cooking) apple," Dr. Bishop said.

Kierdorf Will Face Court This Afternoon

Herman Kierdorf was to be arraigned in Circuit Court this afternoon on a charge of possessing a gun silencer. Conviction could result in a prison term of five years and a \$2,500 fine.

Kierdorf, who was released on a \$25,000 bond Friday, was to appear before Oakland County Circuit Judge H. Russell Holland.

The former Teamsters official was bound over to Circuit Court after his examination Friday before Madison Heights Justice of the Peace Hendrik J. Smit.

A postponement to appear today before the Senate Rackets Committee in Washington was granted Kierdorf and two others who had been subpoenaed by the committee last week.

Hundreds Flock to Prison

SAN QUENTIN, Calif. (AP)—Hundreds of people were lined up at this state prison, trying to get in as San Francisco Bay area art patrons flocked to see the prisoners' art show — open to the public this year for the first time.

Highway patrolmen were kept busy writing out tickets to motorists who parked illegally.

Recluse Fires on 'World'

Faces Charge of Murder

EDMONTON, Alta. (AP)—Jim Alix, a 65-year-old bearded recluse who said someone was out to get him, was charged with murder last night after killing a prominent businessman and wounding a fire chief in a five-hour gun battle. He was held in a mental hospital for observation.

Police said Alix first fired with a rifle for no apparent reason at a nearby parked car and passers-by, then took cover in a trench system he had dug in front of the converted boxcar in which he lived.

Alix himself was hit once, a bullet passing through his arm and creasing his back.

Before authorities drove him from his fortification, Richard Butler, 44, a businessman and councilman of suburban Jasper Place, was killed by two bullets in the chest. Fire Chief Barney Waygood was wounded in the ribs when he tried to rout Alix with a hose.

Police finally drove him from his trenches with a bulldozer and captured him. He had two rifles and a shotgun. The old man told the police he had dug the trenches so he could shoot at people.

Neighbors said Alix had told them Saturday somebody was out to get him. They described him as quiet but said he had "queer

SHIRLEY MAE MARMON

Mr. and Mrs. Victor Marmon of 12222 24-Mile Rd., Utica, have announced the engagement of their daughter, Shirley, to Gary Haddrell, son of Mr. and Mrs. William Haddrell, of 2551 Harrison Rd., Rochester. The wedding date hasn't been set.

OUTWARD TO THE STARS

(7)—Thrust

By Don Oakley and Ralph Lane

(1) The first obstacle which must be overcome before man can achieve space flight is Earth's gravity.

Gravitational pull can be likened to a great funnel, and a rocket to a daredevil motorcyclist trying to escape. Loops at (a), (b) and (c) above show how high the cyclist would go at different speeds. At 25,000 miles per hour he would be free of Earth's gravity forever. But if he sped around the sides of the funnel, he could maintain an orbit at a speed less than escape velocity.

Speed for the orbit closest to Earth (just above the atmosphere) is about 18,000 miles per hour. An orbit

at (d) could be maintained at much less speed. But if the cyclist performed an elliptical orbit as at (e), as he approached closest to the bottom (the perigee) he would speed up. As he reached the top of his orbit (the apogee) he would slow down. This is precisely how an Earth satellite (or a planet going around the Sun) behaves.

(2) The only practical source of power man has at present for space travel is the rocket. Best speed which can be attained with present-day fuels is about 5,000 miles per hour. Thus, no single-stage rocket can escape the Earth's pull. Three stages appear to be the most prac-

tical and efficient number.

Most advanced U.S. rocket so far is the Navy Vanguard, which delivers one pound of satellite for 1,000 pounds of rocket, as against 2,000 pounds of rocket for the Jupiter-C.

(3) Even if currently available fuels are improved, a man-carrying rocket will be of tremendous size. Shown at right is the possible shape of a manned satellite or supply rocket to a station in space. It is designed to be able to return to Earth as a supersonic glider.

Next: Acceleration, Deceleration, Weightlessness.

First Baptist Defeats Church League Stars

The First Baptist softballers, champions of the Pontiac Church League, completed the season with a 4-2 comeback triumph over the loop's All Stars over the weekend.

Trailing 2-0, the Baptists tied the count in the 4th and clinched the victory in the 6th on a walk and two errors. Winning hurler Floyd Hicks had batted in the two tying runs with a big double.

Not Enough Homers -- Norman

Blames Lack of Long Ball for New Skid

Cites Low Home Run Totals of Maxwell and Kaline

NEW YORK (UPI) — Bill Norman implored today: "Give us the long ball! Just give us the long ball!"

His entreaty was inspired by little more than 10 weeks as manager of the Detroit Tigers and by Norm Siebern's heart-breaking home run in the nightcap of yesterday's doubleheader with the Yankees.

"Yes, indeed," said big Bill, with the thinning dark-brown hair and small but promising paunch, "My big discovery as a Major League manager is that the long ball is more important up here than in the minors."

"We haven't been hitting the long ball," said pilot Norman, who replaced Jack Tighe at the Bengal bit on June 10, and was signed last Saturday to manage the club next season — proving that General Manager John McHale and the Detroit club owners did not regard him as a stop-gap driver.

On the current trip, the Tigers lost eight games and won five. "And long balls cost us half of those eight," Norman continued. "We've got men capable of the long ball; but Maxwell's been having an off year. He's usually good for 25 homers. Now he's got 10. And (Al) Kaline is coming out of a slump apparently."

Norman, 42, admitted he was disappointed by the Tigers' lack of power on this trip, as they headed for Boston today. But he stressed he wasn't the least disheartened "because the players' morale is fine — everybody's hustling — but we're just not getting the long ball."

Bill, who packs about 220 pounds on a six-foot-three frame, added somewhat proudly that during his brief debut as a Major League manager the club has been playing better than .500 ball and had risen from last place to just a half game out of first division.

"We've won 37 and lost 34 since I took over," he said, "and our pitching has been off during that time, as well as our long-ball hitting."

Bill — who was brought up from Charleston, W. Va., the Tigers' American Association farm — did not appear to be worried particularly about the pitching situation, although Jim Bunning (9-8), Frank Lary (13-12), Paul Foytack (9-11) and Bill Hoft (8-9), have not been performing up to expectations.

"We haven't been able to coordinate our pitching and our hitting," he said.

Where did he expect the club to finish this season?

"As high as we can," he answered. "We're playing for position — trying to win every game. And I'm not talking about what changes may be made for next season — if any. When this season is finished, I'll sit down with General Manager McHale and we'll decide what to do."

Baseball writers with the club expect several winter deals in which young pitching talent from the Tiger farms will be traded for belters.

PEE WEE GRIDDERS — Pontiac Pee Wee League footballers started workouts and get some blocking drills under the eye of Darl Manning.

Pee Wee players in the picture are Jerry Murphy, Tim Roy, Rick Ziem, Rickey Farms and Tommy Thompson.

Takes Nice Bass

A lively largemouth bass that hit a surface action hula popper, on Carrol Lake near Milford, gave Lowell Narita, 691 Cranbourne, Milford, a real angling thrill, Saturday. Narita, fishing with his father-in-law, Ervin Meier of 466 Cameron, Pontiac, landed the 5 1/4 pound, 22-inch long bronzeback only after the fish had run under his boat on a wild dash.

Tuesday, Friday Workouts

Two Clinics for Pee Wees

Tuesday and Friday will be the final two days of a football clinic being staged for members of the Pontiac PeeWee Football League at Whitfield School.

Sessions will be held from 3:30 to 5:30 p.m. each of the days for the 175 boys enrolled in the program. Any others wishing to attend the clinic and play in the

league can sign up by attending the final workouts.

Passing, running, ballhandling, blocking and tackling are being stressed during the clinic. Boys must weigh between 60 and 110 pounds, be in the 4th, 5th or 6th grades and between the ages of 9 and 12 to be eligible. Anyone who will be 13 before Nov. 30 cannot take part.

Sixteen teams are expected to form leagues in two weight divisions this season. Clinic exhibition games are scheduled Aug. 30. Any further information can be obtained from director Frank Thompson at FE 5-3625.

Darl Manning is the newest addition to the PeeWee coaching staff.

Stanford Gets 'Big Four' Bid

SAN FRANCISCO (AP)—Stanford holds an open invitation today to boost the new West Coast Big Four to a big five before the athletic conference starts official operations next July 1.

California, Southern California, UCLA and Washington announced on Saturday that they have formed the Athletic Assn. of Western Universities effective July 1, 1959.

The new group, born from the dying Pacific Coast Conference, was expected to play a major role in the Rose Bowl setup of the future although the spokesman said no agreement was now in effect with the Tournament of Roses group.

Rose Bowl officials said there was no need to sign any contracts with anyone as the PCC still has two Rose Bowl games left.

"But actually the Big Four should be making overtures to us," said Stanley K. Brown, president of the Tournament of Roses.

Grid Uniforms Issued at PCH

Varsity football candidates at Pontiac Central High School were being issued uniforms today at 8:00 a.m. and 1:00 p.m. and also at 7:00 p.m. this evening.

Next Saturday morning at 9:00 a.m. all varsity candidates will be in full dress uniforms for photography purposes.

Twice daily workouts will begin Monday, Labor Day, from 9:00 a.m. to 11:00 a.m. and from 2:00 p.m. to 4:00 p.m.

League Meets Aug. 27

There will be a general meeting for all members of the Lakeland Ladies Bowling League, Aug. 27, at 7:30 p.m. at the new Sylvan Lanes, Orchard Lake avenue and Middlebelt roads.

The league plays Thursdays at 9 p.m., starting Sept. 10. Bowlers interested in joining the league should attend the Aug. 27 conference.

Rams Meet Tuesday

A call was sent out today by Coach Gene Wright of St. Frederick's grid squad, for a meeting of all squadmen Tuesday at 7:30 p.m. Meeting is in the Rams' gymnasium. "We'll give out physical cards, and probably issue uniforms. Practice will begin next Monday," Wright said.

STOPS OVER TWENTY

Auto Strikes Still Interfere

Union's AMC Dispute Also Clouds Contract Negotiations Today

DETROIT (U)—Scattered strikes in the auto industry are continuing to interfere with the production of 1959 model cars.

The United Auto Workers Union resumed contract negotiations with the Big Three today against the backdrop of both the strikes and an inter-union dispute over a projected wage freeze contract with American Motors Corp., covering non-automotive workers.

A sister AFL-CIO union of the auto workers, the Mechanics Educational Society, has branded the UAW's agreement with AMC a "sweetheart contract."

Strikes idling 2,800 General Motors and Chrysler workers in Twinsburg, Ohio, and Flint were settled over the weekend.

But some 5,000 other workers were idle at Detroit Chrysler plants and Chicago and Cleveland area Ford plants.

About 2,100 workers in three Ford plants of the Cleveland suburb of Brook Park were affected in a strike called last night. UAW Local 1250 said the strike was over the firing of a union committee man.

For the most part the disputes involved company worker callback policies and company time given

Early Demand Boosts Grains

CHICAGO (U)—Most grain futures contracts were substantially higher in a good early demand today on the board of trade.

Dealers said the main bullish factor appeared to be the renewal of Chinese military activity against the Matsui and Quemoy islands and its possible implications but that cooler weather also figured in the buying.

Reports that the United States and India are negotiating a trade agreement involving a very large amount of wheat also caused a good deal of short-covering but offerings appeared to be liberal all around.

Wheat was 1/2 to 1 1/2 cents a bushel higher near the end of the first hour, September \$1.83 1/2; corn 1/4 lower to 1/2 higher, September \$1.24 1/2; soybeans 1/2 to 1 1/2 higher, September \$2.22 1/2; soybeans 1/2 to 1 1/2 higher, September \$2.22 1/2; soybeans 1/2 to 1 1/2 higher, September \$2.22 1/2.

Wheat was 1/2 to 1 1/2 cents a bushel higher near the end of the first hour, September \$1.83 1/2; corn 1/4 lower to 1/2 higher, September \$1.24 1/2; soybeans 1/2 to 1 1/2 higher, September \$2.22 1/2; soybeans 1/2 to 1 1/2 higher, September \$2.22 1/2; soybeans 1/2 to 1 1/2 higher, September \$2.22 1/2.

Dems Disclaim Any Friendship for Hoffa

(Continued From Page One)

this order of business. The Oakland delegation had thinned out significantly.

Picked to be on the party ticket Nov. 4 were James M. Hare, secretary of state, Sanford A. Brown, state treasurer, Paul L. Adams, attorney general, and Frank S. Saymansk, auditor general.

Carlos Richardson, chairman of the Oakland delegation, seconded Hare's renomination motion.

Neither Hoffa or his union were spelled out in the Democratic resolution on labor. But there was no question on the floor who was in mind when delegates approved the plank without discussion.

After the labor plank passed, an amendment hurriedly was tacked on. "We advise our many fine candidates at the national, state, and local levels of the perils inherent in such support, (from 'corrupt labor officials') and strongly recommend that should such support be offered it not be accepted," the amendment read.

Democrats made it clear they "welcome" the support of unions free of corruption. They, in their resolution, said such unions "have both a right and a civic obligation to participate in politics."

The Democratic party went on record also to resist Republican attempts to enact "the misnamed right-to-work" law in Michigan.

It commended the AFL-CIO for efforts to clean out corruption in the labor movement. It was the AFL-CIO which expelled the Teamsters for such practices.

Although they said they favored revision of Michigan's 50-year-old constitution, Democrats were told by their leaders to reject a Constitutional Convention proposal on the fall ballot.

Democrats charged Republicans would have unfair representation at such a convention based on apportionment of three convention delegates from each senatorial district in the state. Republicans hold 23 of 24 Senate seats.

Further, should the proposal be defeated, Democrats called on Gov. Williams to appoint a committee of "outstanding citizens to consider a fair and equitable method of constitutional revision."

On the state's economic development, Democrats said that they "deplore the cynicism of Republicans, who, with one hand smear Michigan's reputation as a state in which to live and do business, and, with the other hand, throttle the state's business and industrial promotional voice by denying adequate funds to the Economic Development Department."

The party coined a campaign motto of "Michigan Means Business." This was in direct reference to GOP claims that Wil-

Quiz Contestant Hits New High With \$252,000

NEW YORK (AP)—Teddy Nadler, a former U.S. civil service clerk, is the new all-time high winner on TV quiz shows.

Nadler last night zoomed past the previous record holder, Robert Strom, 11-year-old science whiz, to \$252,000. The boy had won \$242,500.

Nadler's answer to an \$8,000 question on CBS-TV's The \$64,000 Challenge pushed him past young Strom to winnings of an even quarter of a million dollars.

Nadler, 49, then went on to make it \$252,000 before time ran out. He will return to the program next Sunday.

The \$8,000 question was in the ancient history category. Defeated by Nadler was Mrs. Dolores Brown, a New York City housewife.

Nadler comes from St. Louis.

Back Dulles' Stand Warning Red China

WASHINGTON (U)—Two House foreign affairs specialists today viewed Secretary of State Dulles' new warning to Red China as indicating probable U.S. action if the Communists try to seize Quemoy and Matsu.

Both Representatives Clement Zablocki (D-Wis.) and Walter H. Judd (R-Minn.) backed Dulles' stand as an aid to peace in the Far East.

Dulles said in a statement any Communist Chinese attempt to conquer the tiny Nationalist-held islands off the Chinese mainland would be regarded as a threat to peace in the region.

He did not spell out what, if anything, the United States would do in event of an all-out Communist attack on Quemoy and Matsu, which have been under intensive aerial and artillery bombardment for the past few days.

Michigan State Skeet Champions

Here are the champions determined Saturday and Sunday for the Michigan Skeet Association, 1958 tournament at Oakland County Sportsmen's Club.

Champion—All GAUGE runner-up—Budd Brown, Birmingham (100x100), lost in shootoff.

Women's champion—Jeanne Shields, Grand Rapids (92x100).

Champion—Budd Brown (100x100) runner-up—Budd Brown (92x100).

Class A—Ken Sedwick, Baldwin (100x100).

Class A—Lou Chamberlain, Kalamazoo (92x100).

Class B—Bud Brown, Birmingham (92x100).

Class C—Sam Cardona, Grand Rapids (92x100).

Class D—Bill Worster, Grand Rapids (92x100).

Class E—Bill Worster, Grand Rapids (92x100).

Class F—Bill Worster, Grand Rapids (92x100).

Class G—Bill Worster, Grand Rapids (92x100).

Class H—Bill Worster, Grand Rapids (92x100).

Class I—Bill Worster, Grand Rapids (92x100).

Class J—Bill Worster, Grand Rapids (92x100).

BIDS WANTED

for Additions & Alterations to TROY TOWNSHIP HIGH SCHOOL ATHLETIC FIELD TROY, MICHIGAN

The Board of Education of Troy Township School District, Troy, Michigan, will publicly receive sealed bids on labor and material until 2:00 P.M. TUESDAY, SEPTEMBER 2nd, 1958 at the Office of the Superintendent of Schools, Livernois Road, Troy, Michigan, on the following work: at which time same will be publicly opened and read aloud:

1. GENERAL WORK
2. ELECTRICAL WIRING

The contract documents, including plans and specifications, are on file for examination at the office of: Superintendent of Schools, Troy, Michigan. F. W. Dodge Corp., Detroit, Mich. Builders & Traders' Exchange, Detroit, Mich. and may be secured at the office of the Architect: Wyeth and Harman, Inc., 1603 Military Street, Port Huron, Mich.

Successful bidders will be required to furnish satisfactory material and performance bonds written by recognized surety companies. Also to provide satisfactory Workmen's Compensation and Public Liability Insurance.

Copies of the documents for General and Electrical Work may be obtained by depositing \$10.00 with the Architects for each set of documents covering either trade. Contractors requiring more than one set of plans will be required to pay for any additional printing involved. The amount of the bid deposited within ten days after the opening of bids, provided all documents are then returned.

The School District reserves the right to reject any or all bids or to waive any technicalities.

A certified check in an amount equal to five (5%) percent of the value of bid payable to the "Board of Education, Troy Township School District, Troy, Michigan" or a bid bond executed by the bidder with satisfactory surety company, in an amount equal to five percent (5%) of the bid, shall be submitted with each bid.

No bid may be withdrawn within thirty days (30) after the schedule closing time for receipt of bids.

BOARD OF EDUCATION
Troy Township School District,
Troy, Michigan
ALEX TUNSTALL, Sec'y.

BUILDING A HOME?

ASK ABOUT INSURANCE PROTECTION NOW!

Don't wait until curtains are hung before thinking about insurance protection. Trouble may not wait and if fire strikes during construction you'll be set back many a dollar.

Housekeeper, 107, for Gen. Custer Dies in Muskegon

MUSKEGON (UPI)—Funeral service will be held tomorrow for 107-year-old Mrs. Mary Jane Archer, who once served as housekeeper for Gen. George Custer.

Mrs. Archer, one of Michigan's oldest residents, died Saturday. She is survived by 149 direct descendants. They include two daughters, three sons, 43 grandchildren, 94 great-grandchildren and six great-great-grandchildren.

Mrs. Archer was Gen. Custer's housekeeper during a tour of duty her husband put in at Fort Michilmackinac in the early 1870's. Six of Mrs. Archer's sisters lived to an age of 90 years or more.

News in Brief

Ernest E. Berry, 20, of 582 Oakland Ave., pleaded guilty today to reckless driving before Municipal Judge Cecil B. McCallum. He was sentenced to four days in jail, \$35 costs and placed on six months probation.

Herbert E. Roenick, 20, of 16 Pinegrove Ave., pleaded guilty today to being a minor in possession of beer. Municipal Judge Cecil B. McCallum sentenced him to two days in jail, a \$15 fine or five days.

NANCY PEEPERS RETURNS — Pat Benoit is still thought of by TV audiences as the wife of "Mr. Peepers" of the deceased Wally Cox show. Seen infrequently on home screens during the past three years, she's back at work again as the heroine in a daytime serial called "Today Is Yours," weekdays on NBC.

Country Boy Downs Never Had a Real Job

By EARL WILSON

NEW YORK—Is there anybody out there who remembers — as Hugh Downs and I do — the "country school"?

On snowy mornings we would mush to the little red schoolhouse and shiver beside the pot-bellied stove. Later in one corner of the big room, the teacher would teach one "grade" while seven others pretended not to listen.

"I had a teacher who spent the mornings reading from the Bible and Zane Grey," smiled Hugh Downs the other night.

On a table cloth he drew a map showing Lima, O., Spencerville, Akron, Columbus, Toledo—"home" to both of us. Strangely, he'd gone to Macbeth School near Lima, I to nearby Amanda Special... before I entered "Rockford High."

"They talk of juvenile delinquency as though it were new," exclaimed the Jack Paar announcer who has his own NBC game-quiz, called "Concentration," starting soon.

"I had a classmate who brought a .22 target pistol to school. He may still be in jail for a Toledo bank robbery. Another boy was very religious. When he got everybody to Sunday School, he went through their houses and robbed them."

How do you get from the country schoolhouse to big-time TV?

Hugh was in the Bluffton College choir which came to N.Y., and sang on NBC radio. "Somebody said I should go on the radio," he said.

"I was back in Lima going down to the milk depot one night with an empty milk jug. I went into the local station, WLOK, and asked about announcing."

"They gave me a piece of copy to read. The man said, 'Very bad,' but offered me \$7.50 a week to come in part-time. My father said, 'You continue to look for a real job, but if you can't find one you can go with the radio station.'"

"So," laughed Hugh, "I never found a real job yet."

Next came Detroit, then an 11-year stretch in Chicago, then rumblings about TV. "I wished it would go away because it was interfering with my radio commercials."

One day he was summoned to be announcer for the new "Home" TV show.

"A lot of guys in New York could have done it. But it lent a little more importance evidently to bring somebody from the outside."

Next he was announcing for Sid Caesar and now Jack Paar.

"My philosophy," says Hugh, who's 37, "is: I try to place an importance on being myself. I could be a very bad copy of a lot of guys. But I doubt if anybody can beat me at being Hugh Downs."

THE MIDNIGHT EARL...

June Allyson and Dick Powell celebrated their 13th anniversary here—June writing Dick a tender letter saying her life would have been nothing but for him. Dick, now a producer-director busy plugging his film, "The Hunter," said he likes it better than acting "because as an actor I can't hold my belly in any more."

TODAY'S BEST LAUGH: A woman looking through her mail—and finding only bills—complained, "I thought the government was going to do something about junk mail."

U.N. Representative Paul Henri Spaak was told he looks like Churchill and sounds like Charles Boyer. "I wish," he signed, "it were the other way around." That's earl, brother.

(Copyright, 1958)

'Do-It-Yourself' at Peak

RICHMOND, Va. — Medical College of Virginia Hospital officials think the do-it-yourself trend has reached a peak. A man reported to the emergency room that he couldn't sleep. He was asked to wait in an unoccupied room. Moments later a nurse saw him running from the building. Missing: one stethoscope.

Mayor Is Considerate

STERLING, Colo. — Mayor James H. Walker, told of unauthorized use of city vehicles by city employees, had these thoughts for the offenders. "May-be," he said, "we ought to take the City of Sterling signs off the trucks so as not to embarrass the drivers."

She's Starring in TV Serial

Actress Still Involved in School Situation on New Show

By CYNTHIA LOWRY

NEW YORK — Lucy's little Ricky, born on television by deliberate coincidence with Lucille Ball's own son, is probably broadcasting's most famous child.

CLOSE SECOND

A close second, however, was the infant due in the Robinson Peepers household when the Wally Cox show disappeared forever three years ago.

Like Lucille Ball, the heroine of Mr. Peepers was expecting a child in real life when she was playing an expectant mother on television. Unlike Miss Ball, however, Patricia Benoit in real life was way ahead of her TV part.

"When Mr. Peepers stopped," she explains, "his child was not due to be born for some time. They didn't even reveal the Peepers were going to have a baby until about four months before my own child's birth. We certainly had some problems with camera angles."

SEEN INFREQUENTLY

In the past three years, Pat Benoit pronounced Ben-wah, has been seen infrequently on television, but she has been a very busy young woman. In private life Mrs. Peter Swift, wife of a magazine executive, she is now the mother of Jerry, 3, and Nicholas, 7 months, and has had roles in two Broadway shows.

Now she's back to work again, heroine in a daytime serial called "Today Is Yours," weekdays on NBC.

Pat started as Nancy Remington, school nurse, on the Cox show, later becoming Mrs. Peepers after that famous wedding.

In "Today Is Yours," she is still involved in schools, this time as an assistant high school principal, a divorcee with a young son.

"I'm glad to get back to television," said Pat, relaxing in the toy-filled living room of the Swifts' roomy uptown apartment.

"I'm glad to get back to work after a year at home with the children. I love them and I enjoy taking care of them, but frankly I missed the stimulation of work."

"You can get so busy picking up toys, folding diapers and taking the kids to the park that you forget there is anything else in the world."

Pat is a Fort Worth, Tex., girl who after taking a lot of elocution lessons and seeing two touring shows came to New York in 1946 to become an actress.

Underwriters' Name Is Perfectly Logical

LONDON—In 16th Century England there was a rapid growth of merchant shipping in and out of London. As the volume grew, there was a rise in the amount of marine insurance written to cover the cargoes. The men who wrote it were called underwriters because they signed their names at the bottom of the insurance contracts.

Big Evaporator Made for Hotel in Bermuda

HARTFORD, Conn.—The largest sea-water-distilling plant of any hotel in the world has been made by a Hartford concern for installation in a hotel in Bermuda. The plant can produce fresh water at a rate of 20,000 gallons a day. It is similar to evaporators used on aircraft carriers.

Crash Shakes Janet Leigh and Troupe

HOLLYWOOD (AP) — Actress Janet Leigh, who expects her second child in November, was shaken up in a three-car traffic pileup.

Also jarred in the accident yesterday were her husband, actor Tony Curtis; singer Dean Martin and his wife Jean, and songwriter Sammy Cahn and his wife Gloria.

Following in another car were Frank Sinatra and comedian Ernie Kovacs and his wife, actress Edie Adams. The group was returning from a dinner party at the Santa Monica home of actor Peter Lawford.

Miss Leigh was treated for shock. She rested at home today.

Police said Robert Seddon caused the mishap when he used his car as a battering ram against an auto in which he thought he saw his wife Patricia with another man. Seddon's car careened into the Curtis convertible, officers said.

When police arrived, Sinatra was standing up in his convertible calling, "May day, may day," over his auto telephone. His friends said he was contacting UCLA Medical Center to arrange treatment for Miss Leigh.

Seddon, 39, of Santa Monica, was booked on suspicion of assault with a deadly weapon—his car.

New 'Laundry' Method Faster for Oil Tankers

HOBOKEN, N. J. — Oil tankers can now be cleaned in 24 hours without a 100-mile trek to open sea, thanks to a new "laundry" service instituted at the Bethlehem Steel Co. shipyards here.

Previously, the ships had to steam to a safe dumping ground in open waters. Now, the ship's ballast is pumped to a special receptacle ashore while workmen peel scale off the vessel's inside walls.
