

School Board Expects Deficit Over Five Years

The Pontiac Board of Education reviewed its defeated tax hike proposal, which lost Monday by a vote of 3-10 to 2,782, and proceeded to "start from scratch."

The Board, taking stock of its present situation, is distressed by "instability" and the threat of a better than two-million-dollar deficit over the next five years.

Schools May Get Financial Boost

Tax Allocation Board
Sees Windfall Coming
if Valuation Hike OK'd

The stage was set today by the Oakland County Tax Allocation Board for a bonanza of tax revenues to fall into the laps of the schools this year.

If tax board members have predicted rightly, Pontiac schools stand to gain full benefit from an estimated \$33,000,000 increase in the city's equalized tax base.

Everything depends, the board decided, on whether the State Tax Commission later this month accepts the State Board of Equalization's recommendation that the county's valuation be upped six per cent over last year, or an increase of \$15 million.

If the big increase is accepted, the city of Pontiac is due to share in a larger amount of it this year, than last. For the first time in several years, the city's state equalized valuation is expected to rise rather than fall.

Deciding that its hands are tied until the State Tax Commission acts on May 22, the allocation board will set Monday's preliminary tax rates at the same millage levels which the county, township and schools enjoyed last year.

The only differences will occur when changes in state valuing or lowering in the sales tax distribution rates.

The county's rate will be set at 5.62 mills—the same as last year—but board members agreed this could drop as low as 5.46 mills if the recommended increase in state equalized values is accepted.

What millage the county doesn't eat up under the 15-mill limitation, the schools will probably get except where townships have suffered by the census or have other reasons for increases.

The jump in Pontiac's state equalized valuation was all but guaranteed by distribution rates that have been set by the county's equalization department.

This year, Pontiac will carry 17.333-plus per cent of the total state equalized valuation of the county. This means that the city's 1959 state equalized valuation will hit \$33,582,570 if the six per cent increase is accepted.

In 1959, the city shared only 15.3-plus per cent of the valuation—two-hundredths of a point less than expected this year. (Continued on Page 2, Col. 6)

Downes Set to Battle for Griffin's Job

William S. Downes has officially announced he will seek the seat of Glenn H. Griffin on the Board of Education.

Griffin is the only expiring four-year term up for election on June 13. He is the Board's president.

Ray Hardy, president of the Pontiac Township Businessmen's Assn., which campaigned against the Board proposal for a tax increase defeated in Monday's election, filed Downes' petition for candidacy last yesterday.

Downes said today he was surprised the organization had filed for him.

"But if they feel I should run, I guess I'll run," he said.

A Pontiac Township industrialist, Downes of 1801 Opdyke Rd., opposed the Board's request for additional taxes on the grounds that the school system did not need the money.

He has claimed that the school system has enjoyed surpluses in recent years and will have a surplus in the coming year. He has been an active participant in school affairs for many years.

Griffin last night asked the Board for its support in the coming election.

Tomorrow is the deadline for filing petitions for candidacy.

State Lawmakers Extend Session

Nikita Likely to Demand Halt of Spy Planes

If So, U.S. President
and Red Leader Face
Big Argument

WASHINGTON (AP)—Premier Nikita Khrushchev was considered likely today to demand at the summit conference that the United States promise to stop its spy flights over the Soviet Union.

The prospect heightened chances of a clash between President Eisenhower and the Soviet Premier over the case of the downed American U2 plane when the East-West leaders meet in Paris next week.

Member U. S. Secretary of State Christian A. Herter arrived in Paris today from Washington to begin talks with his allied counterparts prior to the opening of the summit conference Monday.

Eisenhower sees the U. S. flights behind the Iron Curtain as needed for defense against possible surprise attack.

He has served notice that he will reoffer at the summit his open skies plan for reciprocal aerial inspection.

Thursday night the United States officially charged that Moscow's treatment of the spy case casts doubt on whether Khrushchev really intends progress at the summit toward easing East-West tensions.

The U. S. allegation was contained in a 250-word note replying to the Kremlin's May 10 protest about the May Day flight deep into Soviet territory by American pilot Francis G. Power.

The Soviets, who captured Powers and claim to have shot down the plane, accused the United States of hostile acts and threatened reprisals in case of future flights.

The U. S. reply, delivered in Moscow by the U. S. Embassy, denied "any aggressive intent" and said America's intelligence gathering is "for purely defensive purposes."

It denied, too, the Soviet accusation that the May 1 flight was undertaken deliberately to wreck the long-awaited summit parley.

"Indeed," the U. S. note said, "it is the Soviet government's treatment of this case which, if anything, may raise questions about its intentions in respect to these matters."

Balloon to Act as Giant Echo

PLAN FOR SIGNAL SATELLITE — This is an artist's conception of how scientists hope to bounce signals off the 100-foot balloon communications satellite that was sent aloft from Cape Canaveral, Fla. This morning. In the foreground is the highly directional "horn antenna" receiver at the Bell Telephone Laboratories' tracking facility at Holmdel, N. J. In the background is the Jet Propulsion Laboratory's big radar dish at Goldstone, Calif.

Signal Ball Experiment Fails; U. S. to Try Again

CAPE CANAVERAL, Fla. (AP)—The United States tried but apparently failed today in an effort to sail a giant balloon satellite in orbit around the earth as a reflector for long-range radio waves.

The experiment, called Project Echo, will be tried again later in the year. Its ultimate aim is a procession of 100-foot aluminum coated plastic spheres circling the planet as dependable backboards for worldwide communication signals.

Meanwhile technicians worked overtime today at the Cape in an effort to ready an Atlas missile for another attempt at a record 9,000-mile flight. The United States reportedly wants to fire the missile before President Eisenhower leaves for the summit conference in Paris Saturday.

The engines of the 53-foot missile ignited Thursday, but they were cut off by an automatic device which detected last-second trouble. The device probably saved the rocket from destruction.

Today's balloon, collapsed inside a 25-inch magnesium bell, got off on an apparently good start at 4:15 a.m. from this missile test station on the nose of a towering Thor-Delta rocket. The aim was to eject the balloon and inflate it at orbit level.

Ground observers saw the second stage rocket take over in the sky some three minutes later, but after that contact was soon lost. Scientists at the National Aeronautics and Space Administration said that the contraction of bodies for a compact car, that the strike assembly had gone into orbit different from the planned path.

But a spokesman said the most likely thing was that the third stage, with the payload still attached, fell back to earth. There were no reliable signals even to indicate that the second stage was detached.

Disrupt Fisher Modernization

Striking Iron Workers
Set Back Schedule for
2nd Assembly Line

The multimillion-dollar modernization program at Pontiac's Fisher Body Division about has been adversely affected by the strike of Detroit area iron workers.

A Fisher Body spokesman confirmed today that the construction of a delegate-at-large berth to Postmaster General Arthur W. Summerfield.

Nothing splits the party's two avowed candidates for governor over state constitutional reform, a goal Paul D. Bagwell made at a No. 1 objective in his 1960 campaign.

Sen. Carlton H. Morris (R-Kalamazoo), who bills himself as the state income tax buster of 1959, vigorously opposes a convention in 1961 as advocated by the League of Women Voters.

It was Morris who was behind a caucus declaration by the GOP Senate majority in Lansing yesterday against dealing with the subject at Grand Rapids this weekend.

The 18-month modernization program is scheduled for completion at the end of the year. General Motors Corp. has not revealed the total cost.

The corporation has made no announcement, either, as to whether Pontiac will produce compact cars or not. But reports from the automotive world say that Pontiac, Buick and Oldsmobile will introduce compact cars this year.

Thomas F. Wiethorn, Fisher Body plant manager, has conceded that the modernization program would put the Pontiac plant in shape to assemble small car bodies if Pontiac Motor Division wants them.

The strike was called Monday night by the 1,000-member Local 55 of the Iron Workers Union.

Construction on the Oakland County Courthouse and the Pontiac Municipal Airport Terminal has also been adversely affected.

The union said the strike centered around a request for wage hikes.

Sunny, Warmer —Well, It's About Time!

A long overdue sunny and warmer forecast was issued for Pontiac and vicinity today by the U.S. Weather Bureau.

The mercury is expected to reach near 68 degrees Saturday. Mostly fair and warmer is the outlook for Sunday.

Tonight will be partly cloudy with a low near 40.

For the next five days temperatures here will average a little above the normal 68 high and normal 48 low. Showers and cooler temperatures are likely Tuesday.

In downtown Pontiac the lowest temperature recorded preceding 8 a.m. was 40. Winds were westerly at 13 m.p.h. this morning. Rainfall measured .02 inch. At 2 p.m. the temperature was 52.

Michigan GOP Expects Crowd

Hopes Grow as Best
Turnout in Years Heads
for Convention

GRAND RAPIDS (AP)—With hopes rising, Michigan Republicans gathered today to set up for the GOP national convention, look over state candidates and put new steam in the "veep" boom for Gerry Ford.

Advances demands for lodging pointed to attendance of 4,000 at the two-day state convention, the best turnout in years.

Generally, early arrivals relished the brightest prospect in a decade of crickets the stranglehold of retiring Gov. Williams and Democrats on state Capitol offices.

But there were some storm clouds on the horizon emblematic of long-time divisions within the party that have realized drives to root the Williams forces.

There were signs a fight might be brewing over the constitutional convention issue, and possibly over a delegate-at-large berth to Postmaster General Arthur W. Summerfield.

Nothing splits the party's two avowed candidates for governor over state constitutional reform, a goal Paul D. Bagwell made at a No. 1 objective in his 1960 campaign.

Sen. Carlton H. Morris (R-Kalamazoo), who bills himself as the state income tax buster of 1959, vigorously opposes a convention in 1961 as advocated by the League of Women Voters.

Try to Unsnarl School Bill So They Can Leave

Signs of Yielding Seen
on Imposed Over Funds
for Two UP Colleges

LANSING (AP)—Racing automatic adjournment at noon, the Legislature agreed today to indefinitely extend the 1960 session in an attempt to unsnarl a 108-million-dollar higher education bill. The alternative was a special session.

House and Senate members amended joint resolutions to prolong the session after an 11th hour huddle of legislative leaders called by Gov. Williams.

Lawmakers, immediately headed for party caucuses to air over compromise proposals on the higher education bill.

"I hope and pray that we get out of here this afternoon," Rep. Albert R. Horrigan (D-Fliht), assistant Democratic floor leader, told the House.

In the Senate, majority Republicans agreed in caucus to yield to the extent of \$10,000 more for Northern Michigan College and \$15,000 more for Michigan Tech, provided an offsetting reduction was made in the \$400,000 increase for Wayne State University.

The Republican, Senate and the House, where Democrats are able to block any GOP move, began the day only \$30,000 apart.

House Democrats insisted on that extra amount for two upper Peninsula colleges, calling it a "fair" compromise on larger amounts originally written into the bill.

GOP senators refused to go along on anything at all.

After the governor's office huddle, Rep. Joseph J. Kowalski of Republic, Democratic floor leader said, "We're making progress."

SEEK MIDDLEGROUND
Kowalski said senators were willing to go \$25,000. "We're trying to find a middle ground."

Haggling till midnight last night, Michigan Tech and Northern Michigan Colleges, only \$30,000 stood in the way of agreement.

"It looks like a special session to me," said Kowalski.

A 19-million-dollar bill to finance construction at state institutions in 1960-61 stood to fall by the weekend.

News Flashes

CLEARWATER, Fla. (AP)—Mrs. Jackson H. Boyd, mother-in-law of Sen. Stuart Symington (D-Mo.), died today from complications of bronchial pneumonia and a weak heart. She was 80.

WASHINGTON (AP)—Maurice A. Butcherson, president of the Carpenters Union, today was sentenced to six months in jail and fined \$500 for refusing to answer questions before the Senate Rackets Committee.

Profile of Mrs. Harriett Phillips

County Dem New Strong Voice in Party

CALIFORNIA HERE I COME — This is the time being whittled these days by Mrs. Harriett Phillips, Huntington Woods housewife and one of four Oakland County delegates to the July 11 Democratic national convention in Los Angeles.

Pontiac Press Photo
Pointing out his mother's destination in South Phillips. L. Looking over the family atlas are (standing) Steve, 14, and Mr. Phillips. Seated next to his attractive mother is Bruce, 12.

By GEORGE T. TRUMBULL JR.
Time was when it took an awful loud voice to be heard in politics. Mrs. Harriett Phillips recalls.

The strong voice now behind a drive to put new life and victory into the Democratic Party in Oakland County, this Huntington Woods mother of three sons likes to look back once in awhile.

She vividly remembers her first taste of politics. She has loved it ever since.

On the eve of the Saturday Sabbath for Jewish families, the Bernman family, relatives and neighbors would gather in the Bernman Detroit home after the traditional big feast and discuss everything imaginable.

"Politics invariably came into it," Mrs. Phillips, 36, remembers.

Frequently the neighbors would come out on their porches and hear the discussions which could be heard on both sides of the Bernman house," Mrs. Phillips said.

"Like a good child, Harriett was seen and not heard."

"You couldn't get a word in edgewise," she said. "Unless you had an awful loud voice, and I was very shy."

Today Mrs. Phillips speaks often, is listened to and respected for her untiring around-the-clock work for the Democratic Party. If it's possible, she says, she was born a Democrat.

Her radiant eyes sparkle when she looks ahead to probably her biggest assignment yet.

Crashes Head On Near Paris Smashup Kills Aly Khan

PARIS (AP)—Prince Aly Khan — playboy, sportsman, lover of beautiful women and apprentice diplomat—was killed Thursday night at the wheel of a sports car.

After an afternoon at Longchamps race track outside Paris, the 48-year-old prince was driving to his half-brother's home at St. Cloud for a dinner party when his Lancia coupe and a light sedan collided head on in suburban Suresne.

The wealthy prince met death in a dinner gathering with a beautiful woman by his side.

Bettina, former French model who has been his constant companion in Europe in recent years, suffered a face cut and blood poured over her green silk evening gown.

She was given first aid treatment at a hospital and released.

Aly's chauffeur, riding in the back seat, was only slightly hurt. The fun-loving prince, who turned to sober diplomacy in 1958 as Pakistan's ambassador to the United Nations, was rushed to a hospital but died in an elevator on his way to the operating room.

Bettina, whose real name is Simone Bodin, told investigators that she could remember nothing about the crash.

The French News Agency said reports from the scene indicated Bettina was on the wrong side of the road, but police gave no confirmation of this.

Bettina, whose real name is Simone Bodin, told investigators that she could remember nothing about the crash.

Bettina, whose real name is Simone Bodin, told investigators that she could remember nothing about the crash.

Lansing Now at 108,205

LANSING (AP)—A preliminary census count puts the Lansing population at 108,205. This was a more than 17 per cent increase over the 1950 census count of 92,129 for the state capital city.

Pontiac Motor Local Picks 11 Convention Delegates

UAW Local 63 (Pontiac Motor) has elected 11 delegates and two alternates to the state AFL-CIO Convention June 6-9 in Grand Rapids.

The election results were announced last Wednesday after two days of balloting.

Loss Clouds Future of School Finances

(Continued From Page One)

of their attack was to undermine confidence in the Board and administration. Part of it raised doubts by innuendo and questions. "They were interpreted in ways calculated to demonstrate that no need for additional income existed."

Whitmer said the school system lost stability with loss of the election.

"Now it is uncertain whether there will be sufficient funds to carry out the program of improvement over the next five years," he said.

The school chief said an anticipated deficit of \$5,388,500 over the next five years must be overcome.

He said also that it is "uncertain" whether the Board will be able to meet "built-in" (wage scale increases) salary commitments to teachers.

He cited other "implications" in the budget campaign.

WILL IMPAIR RECRUITING

"It implies a lack of community support which will impair our recruiting (teachers) activity and depress the enthusiasm of personnel for their work."

All of us must have wondered whether the Board will be able to put forth in behalf of quality education are worth it when less than 3,000 voters came forth to support the schools in this election.

Whitmer said "probable" improvements in state equalized valuation in 1960-61 will help material for one year.

"But the similar improvements in basic income sources occur in subsequent years sufficient to meet these needs cannot be known," he said.

Language Group to Meet

The Michigan Linguistic Society will hold an all-day meeting tomorrow at Michigan State University, East Lansing.

Attending will be high school and university language teachers throughout the state.

Cool in Midwest, Warm in the West, Drizzle in East

By THE ASSOCIATED PRESS

The nation's weather showed only minor changes today—a little rain in the Northeast, cool in the northern Midwest and warm in many Western sections.

Drizzle and fog persisted in areas from the Upper Ohio Valley northward and northeastward into New England. But dry weather prevailed in most other parts of the country. However, rain fell in Washington and Oregon west of the Cascades and light rain sprinkled the Missouri, Montana and Wyoming.

Skies were cloudy near the precipitation areas, in Florida and in parts of the northwestern plains southward into the central Rockies. Fair weather was the rule in other areas.

Cool spots during the early morning were in the Upper Great Lakes region, with temperatures in the 30s in most places. It was a chilly 28 at Marquette, Mich.

Report California Dems for Kennedy

LOS ANGELES (AP) — Sen. John F. Kennedy's strength on California's probable 81-vote delegation to the Democratic National Convention has soared to 56 per cent or slightly more, the Los Angeles Examiner said today.

It quoted what it called a highly-placed Democratic source, not identified.

The state's expected delegation

is one pledged on the first ballot to a "favorite-son" vote for Gov. Edmund G. Brown.

Kennedy's strength rose, the source said, from 30 or 35 per cent of the delegation before the West Virginia primary in which the Massachusetts senator scored a lopsided victory.

At least 10 members of the delegation are expected to declare themselves publicly for Kennedy in the next few weeks, the newspaper said.

At the request of party leaders, Kennedy did not file in California's June 7 Democratic primary.

Montcalm County Rises 14 Pct. in Census Report

GREENVILLE (AP)—Montcalm County has registered a population increase of 14 per cent since 1950 with preliminary figures showing the present total at 35,368. The last federal census reported the county population at 31,013.

Greenville posted a 10 per cent gain. The 1960 figure is 7,347 compared to 6,668 in 1950.

Finland's population is about 9 per cent Swedish.

Meteor speed ranges from 10 to 45 miles per second.

Levels of Inland Lakes
Seen Average, or Above

LANSING (AP)—Average or above average water levels are predicted for Michigan's inland lakes at the start of the 1960 resort season. Fast melting snow in the first week of March raised levels of unregulated lakes early last month.

**Anita's Escort
Fined in Foray
Over Buttons**

CASTROVILLARI, Italy (AP)—The case of actress Anita Ekberg's blouse buttons ended Thursday with a \$128 fine for her aristocratic escort for injuring 10 of her fans with his sports car.

The local court also ordered Marchese Antonio Gerini to pay the medical expenses of the 10 victims, who were injured last June 25 when a crowd crowded around the car to get a closer look at her.

Newspapers said the crowd became excited because the Swedish blonde was missing a button at a strategic point on her blouse. The actress testified in court here a week ago that all her buttons were in place and properly fastened.

The 10 fans were hurt when Gerini's car started to move while they were crowded around it, police said.

**Find Pacific Isle
Is No Paradise**

**2 Galapagos Colonists
Sound Sour—Note as
Others Await Vote**

SEATTLE, Wash. (AP)—Some reports from the Galapagos Islands indicate all is not rosy with a group of pioneers who started a colony on one of the islands off the Ecuadorian coast.

Thirty-two colonists are on the island of San Cristobal and 77 are in Los Angeles, Calif., awaiting outcome of an Ecuadorian election in which colonization of the Galapagos is an issue.

The colonists put up \$2,500 a family and expect to earn a living by producing cocoa and catching tuna and lobster.

Don Vold, 38, of Seattle, recently wrote his mother, Mrs. Harold Vold, however, that "all is not peaches and cream with the company."

And colonist Loren Tomlinson, 35, of Seattle, wrote his mother, Mrs. Emory L. Tomlinson, that the colony might dissolve.

Ron Nelson, manager of the colonists' Seattle office, said he had heard of no dissatisfaction at the island.

**Claim a 'New'
Chrysler Corp.**

**Colbert, Newberg Tell
of 10-Year Evolution to
Step Up Competition**

DETROIT (AP)—"We have a new company—an entirely different kind of organization from the Chrysler Corp. We knew in 1950," says L. J. Colbert, Chrysler board chairman, and William C. Newberg, Chrysler president.

Colbert and Newberg made the statement yesterday in a series of meetings with management and newspaper employees.

Newberg predicted the firm's auto production in the first half of 1960 would be 30 per cent more than last year's first half and would exceed the total for all of 1959 by 25,700.

He said Chrysler's share of the automotive market had risen from 14.4 per cent in January to 26.1 per cent in March and April.

11.3 PER CENT IN '59

Chrysler had 11.3 per cent of the market last year.

Colbert said Chrysler's net earnings the first quarter of this year were \$18.9 million on sales of \$988 million.

"We cannot be satisfied with earnings of this size on a sales performance as good as that," he said.

"We are taking steps to bring our earnings more nearly in line with those of our competitors."

"We have been looking forward to the time when we would be ready to make a real bid for the kind of place we want in the automobile industry. Now we are ready and we are making our bid."

Colbert said work on the "new" Chrysler Corp. began 10 years ago because "the kind of competition we were facing required a vast rebuilding job."

CHANGED STYLING IDEAS

"We had to reduce our reliance on major suppliers for major components. We had to build new plants and modernize those we had. We had to change our product styling concepts."

"We had to improve our labor relations. We needed an overseas base for our international operations. Our entire organizational structure needed streamlining and integrating."

Chrysler worked on all these demands during the past 10 years and "the job today is substantially complete," Colbert said.

**House Would Extend
Federal Highway Aid**

WASHINGTON (UPI)—The House yesterday passed a \$2,080,000,000 highway program that would continue federal aid at the current level for two more years for primary and secondary roads and their urban extensions.

The authorization carried a requirement that roads built with the funds have signs showing how much they cost and where the money came from.

The House bill, approved by voice vote and sent to the Senate, would authorize \$925,000,000 annually for the two fiscal years starting July 1 for the long-established primary-secondary-urban highway aid program. The federal government finances half the cost of these roads.

The administration recommended cutting back the program to \$800,000,000 annually for the two fiscal years.

**Grand Rapids to Get
Mechanized Post Office**

GRAND RAPIDS (AP)—Postmaster General Arthur E. Summerfield came to town bearing a gift today—the promise of a new post office for Grand Rapids with work on it to start by fall.

Plans for the new structure, estimated at a cost of about \$1,500,000, were disclosed by Summerfield at a news conference.

The structure "virtually is the post office of tomorrow since it will make use of mechanized equipment now in the process of development," Summerfield said.

**Pontiac Develops
Revolutionary
Core Process**

A revolutionary new concept in core making has been developed by the Pontiac Motor Division. Foundry and will be introduced with 1961 model production, according to S. E. Knudsen, vice president of General Motors and Pontiac general manager.

"The process, a result of several years of research and pilot production, employs a new core-making machine which will operate in conjunction with the present molding machine line," Knudsen revealed.

The new machine, developed by Foundry Superintendent T. R. Schroeder and his staff, will eliminate the slow-baking core oven. Finished cores for gray iron or aluminum castings will be produced in a matter of seconds with improved dimensional accuracy.

Additional advantages cited by Knudsen include a more uniform flow of cores for molding requirements as well as a substantial reduction in necessary core inventories. Better physical properties of the core will contribute considerably to higher quality castings, he said.

Mauna Loa and Mauna Kea on the island of Hawaii rise more than 30,000 feet from the sea bottom and are the world's tallest mountains if measured from base to peak, according to the National Geographic Society.

**Upped Gas Flow
to Benefit Area**

**Williams Will Turn
Valve Doubling Supply
for Consumers**

Greatly increased supplies of natural gas for Michigan will benefit the Pontiac area, Edward L. Karikau, district manager of Consumers Power Co., said today.

The increased supplies will begin to enter the systems of two state distributing companies Wednesday.

Officials of the state, Trunk Line Gas Co., Consumers and the Michigan Gas Utilities Co., will be present at the state line near White Pigeon to watch Gov. Williams turn a valve at the Trunk Line metering station introducing supplies into a Consumers 36-inch pipeline to Northville.

This will eventually almost double the quantity of gas the company now receives from the South and Southwest.

The increased supply means, Karikau said, that "increasing demands of our customers for domestic, commercial space heating and industrial uses will be met for some time to come and that it we have correctly judged the size of those demands, waiting lists for space heating and industrial service can be eliminated."

**Excited Father Keeps
Getting Busy Signal**

STERLING, Colo. (AP)—Dale Gregory was more than excited when he got the word he was a

proud papa. He tried time after time to make telephone calls to convey the news.

Always he got the busy signal. Finally, he realized the difficulty. He was dialing his own number.

BINGHAMTON, N.Y. (UPI)—Francis Kuta, a male student nurse at the Binghamton State Hospital School of Nursing, was named winner of a competition to find "Miss Student Nurse of 1960" at the hospital.

South African Problem Harasses Conference

A new and bitter issue presents itself to Commonwealth prime ministers now meeting in London. While not on the official agenda, the question of South Africa's racial policies most certainly will be discussed. The Commonwealth is about evenly split between white and dark skinned nations with the prime ministers of the latter representing by far the most people.

The United Nations resolution condemning South Africa's government for its apartheid policies was supported by Great Britain, India, Pakistan, Ceylon, Ghana and Malaysia, all commonwealth members. Canada, New Zealand and Australia did not vote against South Africa although they favored the resolution.

Should the conference wish to expel South Africa, an unlikely and futile gesture, there is no official way of doing so. But that will not prevent discussion of the matter and unofficial censure and pressure. Withdrawal of South Africa from the Commonwealth would not help Africans in any way. It might even harm them.

In commenting on the voluntary nature of Commonwealth association, the *Milwaukee Journal* believes that "in a way it is a tribute to British genius. This once great colonial power is now working with former colonies in an organization in which all are equal. Britain, which once subjugated much of the Asian and African world, taught it to walk in the modern age, helped it to freedom and now sits as a partner with them. There are few more dramatic stories in history."

All Commonwealth members have the benefit of a vast network of communications — cultural, juridical, economic and strategic — upon which rests the strength of the Commonwealth. Implied in membership are two principles — a democratic form of government and racial nondiscrimination. South Africa conforms to neither.

Surpluses Sold to India Assists Both Countries

There are advantages to both countries in the United States sale to India over a four year period of 587 million bushels of surplus wheat and 22 million bags of rice.

India will pay \$1.3 billion in rupees, \$200 million of which will be used for expenses of the U.S. Embassy and other American agencies in India. The balance probably will be loaned back to India to help that country's industrial expansion.

The sale not only helps reduce our present 1.3 billion bushel wheat surplus but saves on huge storage bills. It will also further Food Minister SADASHIV K. PATIL's plan of creating a 5 billion bushel reserve with which to guard against India's always present famine problem.

Disposal of our surplus food always has presented a problem. Friendly grain exporting nations fear that selling of American surpluses outside ordinary channels will harm their markets. In a recent interview in Canada Mr. PATIL assured that country that India would buy what it could on the open market but at the present time the need is too great.

A few days ago in Washington Food Minister PATIL asked an audience "are there going to be two worlds... one of them prosperous, rich and contented and the other sunk in poverty and despondency?"

Or is there to be one world where progress is more evenly distributed and where the glaring disparities that we see between country and country in the world today gradually tend to diminish?"

This is a rather gratuitous question in view of the efforts we and our Allies have been and are making to share our abundance and technical knowledge with a hungry world.

It is reported that a disc jockey made 11,900 per cent on an investment. That's almost as profitable as being in the drug manufacturing business.

If the average person were credited with what he knows and charged with what he thinks he knows but doesn't, he'd be deeply in the red.

This expression, "putting on the dog," was ill chosen. The cat is far more adept in "putting on the dog" than the dog is.

The Man About Town

President of USA Oakland County Man Will Take Nomination for Job

Cure: What we don't want for Oakland County's growing pains.

From his home at 4645 Forest Drive, Watkins Lake,

Leslie B. Davis announces his candidacy for President of the United States.

He will accept the nomination from any political party that will endorse his platform, which provides for the elimination of all poverty, crime, war, strikes and racism.

Mr. Davis states that, while he has never been active in politics, he has concluded that now is the time to get into the game on such a platform. He is 57.

The cold weather has held up the tulips at White Chapel, and Manager

Dorval D. Symons says they will not be at their best until late in next week.

We are quite in agreement with

Mrs. Beverly Sinselt of Birmingham, who is happily glad that the strains of the Diesel locomotives have now been changed so they sound quite like the whistle of the steam locomotive.

Caring for a caterpillar through the winter was accomplished by

Mrs. Paul Gets of Auburn Heights by feeding it leaves from her house plants.

Chairman of the Buildings and Grounds Committee of the Oakland County Board of Supervisors,

Luther Heacock, tells me that they found most of you taxpayers property in good condition on their annual inspection.

The quite ideal home of Mr. and Mrs. Lewis Sperry

at Lake Orion was picketed in true strike fashion on Mother's Day. Their children carried crude signs and marched in front of the house, chanting, "We're on strike for Mother, who never strikes."

The First Chapter of the Veterans Motor Car Club of America has just put on a show of old cars. But they had nothing that came within a generation of that of our

Bob Beattie, whose 1903 Ford is kept in such good shape that it looks better than some of the 1960 models.

There's something wholesome and comforting to think about in a letter from Mrs. Beulah Hinchman

of Waterford. She has no fear of another world war, "because recent happenings have produced better excuses for starting one than were the direct causes of the other two. So it proves that now no nation dares to start one."

Verbal Orchids to—

Mrs. William F. Todd of 99 Norton Ave.; 91st birthday.

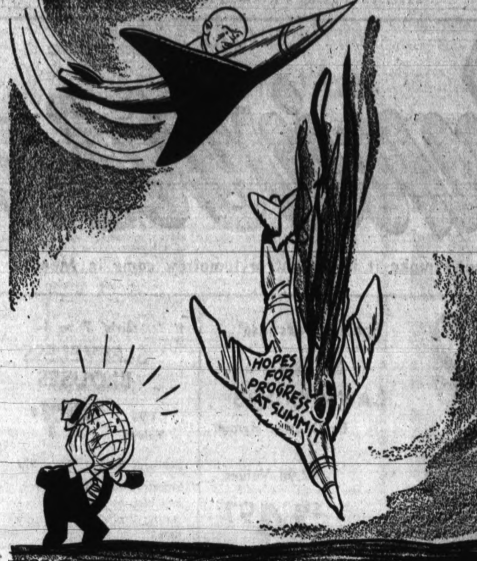

Mrs. Jane Alward of 2100 Woodward Ave.; 80th birthday.

Mrs. and Mrs. Claude Selmes of 69 Ormsby Drive; 52nd wedding anniversary.

Mrs. Mercedes Orthmore of Rochester; 82nd birthday.

Mrs. and Mrs. Jacob Freeland of Birmingham; 53rd wedding anniversary.

Mrs. and Mrs. John Dehliwisch of Lapeer; golden wedding.

Also Shot Down

David Lawrence Says:

Good Reason for Kennedy Success

WASHINGTON—Analysis of traditional habits in politics and the leaders of thought of organization leaders tells far more about who is going to be nominated at a political convention than do polls or primary elections. Based on just such an analysis, this correspondent wrote on March 7, just before the New Hampshire primary, that Sen. LAWRENCE Kennedy "is likely to win the Democratic nomination" and that, "if he is blocked, the compromise candidate will be Adlai Stevenson." On April 7, after the Wisconsin primary, this writer said in these dispatches:

The Wisconsin primary, by all the rules of politics, should mean that Sen. Kennedy will gain ground in the Democratic nomination" and that, "if he is blocked, the compromise candidate will be Adlai Stevenson." On April 7, after the Wisconsin primary, this writer said in these dispatches:

Dr. William Brady Says:

Mothers Use Aspirin Too Freely for Babies

A newspaper report of the death of an eight-month-old baby said the baby had been running a fever. The mother gave the baby an orange-flavored aspirin tablet. She thought the baby would chew it, she said. The baby choked on it. The mother tried to pry the tablet out with her finger. She held the baby up by the feet and pounded his back between the shoulders. She tried to open the windpipe with a pair of pliers. When that failed she attempted the tracheotomy (opening the windpipe) "with a double edge razor blade."

Case Records of a Psychologist:

Contests Extrovert Crippled Vet

Paul was blue and inclined to be a "worry wart" for his excess I.Q. and not extroverted on zesty outside problems. Notice what happened when he got infected with the "prize contest bug." And see this wholesome hobby as good insurance for wedding husband and wife into a happier team!

MARRIAGE INSURANCE

Newspapers and magazines, business firms and manufacturers are constantly offering prizes for clever slogans or last names (nicknames) or 25-word letters.

The Country Parson

Recently, I commented here on the case of the seven-week-old baby who died from aspirin poisoning. The baby's father had asked a doctor to prescribe by telephone. The doctor instructed the man to get some "baby aspirin" tablets, but someone the man bought ordinary aspirin tablets, and he said the baby was given five tablets over two days, and the baby's fever left; but then the baby's condition became worse and they took the baby to the hospital an hour or two before death.

Voice of the People

'Most People Would Vote If They Could Mail Ballot'

Did Pontiac Press help create indifference of 35,000 registered voters on school tax hike? Yes. Does the Board of Education deserve defeat at this time, due to wording of the ballot? Yes.

This is a day of convenience, of "pay-by-check" through the mail and bank deposits by mail. Tax bills are sent by mail. Census forms were returned by mail. Absentee voters' ballots are sent by mail. There's no logical reason why all our voting can't be done by mail.

If the ballot for the school tax increase just voted on, accompanied by informative literature, had been mailed to all registered voters, with a return stamped envelope and deadline mailing date of three days — as the Census people did — I and most registered Pontiac voters no doubt would have voted and with greater understanding of the immediate and future financial needs of the Board of Education.

E. J. Waterbury

Margaret's Wedding Stirs More Letters

Patrick Thomas stated that during the royal wedding the minister called Mr. Armstrong-Jones Anthony "Bobby." The minister called him Anthony Charles "Robert." Mr. Thomas also infers Phillip was a commoner when he married the Queen. Phillip was Prince Philip from Greece.

The Pontiac Press had the best story and pictures of Margaret's wedding and I saw several nearby papers.

New Subscriber

What a relief for all you newspapers to get Chessman off the front page and Margaret Rose in his place. For once you all did yourselves proud by giving a lot of space to a fine, clean, uplifting event.

He'll Bother Us Very Little Longer

Apparently the nation will be bothered by Estes Kefauver only a few months more. His opponent in the primary will show him into the ditch and little Estes can go home and sit on the back porch and whittle and dream of the days when he was on TV and imagined he was an international figure.

'Cyrus Eaton Can Now Die Happy'

Cyrus Eaton, can die happy as Krukowski has knighted him. This Ohio turncoat loves nothing in America as much as he does something from the Reds. Cleveland ought to hang a red rag over his house.

The Press Is Like Letter From Home

Born in Rochester, I now live in Royal Oak, but I still take The Press for Oakland County news. It's like a daily letter from home.

'Can't We Speed Up Action on Track Field?'

Will someone explain what's wrong with Pontiac Central? We've been playing around over six years with our track field and no large meets yet. They should do something about it or get someone to take their place. Just look at Southfield and what they've done in a short time — lights and everything. Shame on somebody.

Both Conclaves Nearly Prohibitionist

State Politicos Light on Booze

LANSING (UPI) — Michigan Democrats and Republicans have turned prohibitionist. Well, almost.

Leaders of the two major parties would have you believe it is almost as hard to find an alcoholic drink at their conventions as it would be at a Prohibition Party conclave.

In some cases, it is.

"I regard both the smoke-filled room and the beverage-filled room as completely out of place in today's world," said State Rep. George Sallade of Ann Arbor, a candidate for the Republican nomination for lieutenant governor.

Instead of having a "hospitality suite" (one supplied with liquor) at the state GOP convention in Grand Rapids today and Saturday, Sallade will set up his headquarters in the lobby of the convention hotel.

Paul D. Bagwell, seeking the Republican nomination for governor, said he would serve coffee and cookies.

His primary opponent, State Sen. Carlton H. Morris of Kalamazoo, will stock up on coffee and doughnuts.

"There won't be any alcoholic beverages while reaching distance," said a Morris aide.

This also was the case at the Democratic convention in Grand Rapids last week.

Democrats announced their ban on booze at candidates' receptions before the convention.

"I kept a bottle hidden for some of my friends who insist-

Brigitte Bardot's Camera Kisses Anger Jacques

PARIS (AP)—Brigitte Bardot's film director is reported to have ordered husband Jacques Charrier out of the studios because his jealousy spoiled her love scenes.

The newspaper L'Aurore said today Charrier got mad seeing actor Frey kissing Brigitte before the cameras for the movie "La Verite" (The Truth). "Get out," director Henri-Georges Clouzot told Charrier. "I don't want to see you here any more. You have no business in this studio."

Brigitte threw a tantrum, and walked out. But 10 minutes later everything was calm again. BB was kissing Frey. Clouzot was behind the cameras. Charrier was out.

Hearings Set on Shield Hike

Insurance Rate Boost
Plea Will Be Aired in
Detroit, Grand Rapids

LANSING (AP)—Public hearings have been scheduled in Detroit and Grand Rapids by the state insurance department on a rate increase proposed by the Michigan Medical Service (Blue Shield).

Hearings will be held May 24 in the council chambers of the old Detroit City Hall and on May 27 at the Grand Rapids Civic Auditorium. Both hearings are set for 10 a.m.

Blue Shield asked for a 15 1/2 per cent rate increase from its some 3,500,000 subscribers. If granted, rate increases would range from 45 cents to \$1.55 a month.

Blue Shield is the prepaid medical insurance plan covering doctor bills. Blue Cross, which covers hospital bills, is not asking for a rate hike at this time.

HEADS TOGO—Premier Sylvanus Olympio, 37, an admirer of the U. S. is the leader of little African republic of Togo which came into being on April 27.

He Had to 'Fill Her Up' but Met With Troubles

ST. LOUIS (AP)—Bartender Valentine Tatich had more trouble than usual, this time, in complying with the order to "fill her up."

A car broke the paving over a 120-year-old well on the parking lot next to the cocktail lounge where Tatich works.

It took more than a ton of rock to fill the old well to the water level.

Holland Official Dies

HOLLAND (AP)—Dick Smallenburg, retired superintendent of Holland parks and cemeteries, died Wednesday after suffering a heart attack while working on a dock at his Lake Macatawa home. He was 66. He had been a city employee 25 years prior to his retirement in 1959 and was instrumental in building early interest in Holland's Tulip Time Festival.

Greatest number of accidents/cas while the tractors are being caused by tractors overturning on level ground.

One Side of Brain's the Boss

Why Does One Eye Wink Easier?

NEW YORK (UPI) — Science again pointing the way to discover something new about yourself.

The chances are it's easier for you to close one eye than it is to close the other. Try it.

If one eye closes as readily as the other, you're a rare character, like "switch-hitter" Mickey Vernon.

All this smacks of a parlor game, but it's a serious forward step in science.

ONE SIDE DOMINANT

It bears on the theory that in most people one side or the other of the brain is dominant which explains why some are left-handed and some are right-handed.

In a relatively few, neither side of the brain is dominant and then you have a Maudsley. But in still others, there is no certainty as to dominance—there is a "mixed dominance"—and then you have trouble.

On the other hand, one of the greatest of all geniuses was evidently so mixed.

EYES SHOW TREND

In this theory two Chinese scientists have brought the orbicularis oculi which is the ring muscle that powers the opening and closing of your eyes.

Drs. S. T. Chen and K. S. F. Chang began with the known fact that the eyes themselves usually show the dominance.

Although people have binocular vision—they see with both eyes—either the right eye or the left eye is preferred in both focusing and seeing.

There is a test which shows the dominant eye of any individual.

With this test, the scientists separated the 145 students of their anatomy classes at the University of Hong Kong into those who had

dominant right eyes and dominant left eyes.

Then the students were asked to test themselves to see which eye they could close with the greatest ease.

Sixty-three who had dominant right eyes found it easier to close their left eyes. Thirty-one with dominant left eyes found that their right eyes were easier to close.

MORE RESISTANT

This was precisely what Chan and Chang had expected.

They had reasoned that the non-dominant eye should be easier to close because the dominant eye, in being dominant, should be more resistant to the closing muscle.

But 45 students found that their dominant eyes were the easier

to close, and six could close either their dominant or non-dominant eye with equal ease.

In reporting to the technical journal "Nature," the scientists emphasized the heavy "statistical significance" of two-thirds of their subjects finding the non-dominant eye easier to close.

In this field of studying how people operate themselves, there are always exceptions.

Six out of 145 could close either eye with equal ease, and there are few "switch-hitters" in baseball. But by slow steps, the theory of the late American neurologist, Dr. Samuel Torrey Orton, is getting substantial verification—this time from the orbicularis oculi.

The Orton Society was founded recently in Boston to push re-

search into the intricacies of brain dominance.

Orton's own research greatly influenced education in that it proved hard-to-teach children were not necessarily dumb. They could have "mixed dominance."

This causes such phenomena as backward writing—mirror writing. Leonardo da Vinci, the awesome universal genius, was a mirror-writer.

Old-Fashioned Automation at Logging Site

INTERNATIONAL FALLS, Minn. (AP)—Gerald Whitehead and his nephew, Dean, have devised a form of automation to snake logs from the forest at their logging site near here. But they have to say "giddy-up" to get it started.

They've trained a pair of horses to slide logs out of the woods along the 1,000-foot trail without benefit of reins or a driver.

Gerald hooks the logs up to horse No. 1, gives him a gentle pat and off the animal goes to the loading ramp.

When No. 1 arrives, Dean starts No. 2 on the trail for another load. They say the two trained horses save the big expense of tractors and loaders to get the pulpwood logs out of the woods.

Some 160 million cars of 2,000 different makes have been offered to Americans since the first powered road vehicle was designed in France in 1769. To familiarize motorists with the luxury and convenience of today's new models, auto manufacturers invested an estimated \$97,000,000 for new passenger car advertising in newspapers last year.

NEW EDITION — Marilyn Monroe, the former queen of the pin-ups, is a more mature type these days. Picture taken as she reported back at the studio for completion of her current film following the strike, right, is in distinct contrast with one at left from her pin-up years.

Killer Fights in Vain at Electric Chair

OSISING, N.Y. (AP) — Pablo Vargas, 35, a slayer, was electrocuted Thursday night at Sing Sing Prison. It took eight guards to strap him into the chair.

When Vargas entered the death chamber and spied the chair he tried to break away.

Prison authorities said it was the first time in more than 600 executions at Sing Sing since 1931 that a doomed man physically fought to the last moment to prevent his execution.

The condemned man had been in the death house 18 months. Vargas was convicted of strangling Lillian Mojica, 16, a New York high school student, during a rape in 1958. He tried to burn the body.

Discovers Mailboxes Are Not Very Sporty

YOUNGSTOWN, Ohio — Keeping pace with the times, the post office here has moved mail boxes from corners where they obstructed motorists' view.

Robert J. Tarantino, post office safety director, said most complaints came from sports car drivers.

Movie Star Liked Mural so He Bought the Wall

DALLAS, Tex. (UPI) — Movie actor Russ Tamblyn is taking home to Hollywood an expensive Dallas memory—a 500-pound wall.

Tamblyn's wall has a mural by

Bill McCauley on it. The wall has been a part of the Eighth Day Coffee House, but owner Don Jackson decided to enlarge the room, so Tamblyn asked him to ship the entire wall to his home.

Newspapermen founded the Missouri State Historical Society more than 60 years ago.

MSU Journal Says Students Accept Cheating

EAST LANSING (UPI) — The Michigan State University student newspaper said Thursday "cheating, unfortunately, has in many cases become an accepted part of life."

"The world's wheels are greased with the fine oil of cheating," the State News said in an editorial critical of "elders" who "wag their fingers" at cheating on college exams.

"What was that old saw about the pot calling the kettle black?" the paper asked.

State Colleges Get Nod on Bond Issues

LANSING (AP) — Nearly 13 million dollars in self-liquidating projects at seven state colleges and universities were approved by the Legislature last night.

Lawsmakers authorized governing bodies of the institutions to issue bonds financing the projects, mostly dormitories and dining halls. Student fees, rentals and other revenues will retire the bonds.

Largest project is a five-million-dollar dormitory to house 1,000 students at Michigan State University.

MSU trustees recommended the project last week to ease a "critical" dormitory housing problem with present accommodations, they said. 8,136 students will reside next year in dormitories designed for 7,652.

Construction is expected to begin this summer, with the opening set for the fall of 1961.

Wayne State University was authorized to borrow \$500,000 for a \$1,200,000 dormitory planned for 250 students. The school already has collected \$400,000 for the project and expects to solicit another \$35,000 from private sources.

But Area Far Ahead of '59's April

Business Dips Somewhat

Business activity settled down a bit in the Pontiac area last month after an especially busy March period.

Although April business figures were slightly lower than those of the preceding month, they were still far ahead of last year's.

Home building continued to climb, with 46 dwelling permits filed, compared with 38 in March, which also was an upswing month.

Value of the permitted homes in April reached \$315,800, compared with \$371,200 during March.

SEVERAL SOURCES

Figures indicating business trends in Pontiac were reported by Community National Bank, Pontiac State Bank, Pontiac Manufacturers' Assn., the post office, the city building inspection and water departments, Consumers Power Co. and Detroit Edison Co.

	April 1960	March 1960	April 1959
Bank debts to customers accounts (exclusive of public funds)	\$87,870,850	\$92,111,871	\$81,273,582
Industrial payrolls	\$14,947,833	\$15,404,438	\$13,835,084

Pontiac's Mayor Asked to Chicago June Trade Fair

Mayor Philip E. Rowston is one of 44 midwestern mayors and 12 governors invited to be guests of honor at the Chicago International Trade Fair on June 24, signified as Mid-America Day.

The invitation came from the Board of Directors of the Chicago Association of Commerce and Industry.

During the day, Rowston and the other honored guests will tour the Navy Pier where the fair will be staged. They'll be guests at a luncheon aboard the Dutch liner Princess Irene and will attend a dinner at the Chicago Yacht Club.

Through Taking Airborne Payola

FPC Chairman Says in View of Fuss He Won't Accept Rides

WASHINGTON (AP) — Except for possible funeral trips, Jerome K. Kuykendall says he is through with free airplane rides supplied by the utility industry. But he still thinks he has acted properly.

That was the Federal Power Commission chairman's parting word Thursday as he concluded three days of testimony before the House Legislative Oversight subcommittee.

The subcommittee, investigating whether improper influence has been exerted against the FPC, called the commission's vice chairman, Arthur S. Kline, as today's head-off witness.

As did Kuykendall, Kline faced a barrage of questions about off-the-record contacts with representatives of natural gas pipelines that are regulated by the commission.

Kuykendall told the subcommittee he had no apologies for what he has done. But under persistent questioning from Rep. John E. Moss (D-Calif.), he said he intended never again to take any rides supplied by firms under FPC jurisdiction.

"In view of the position that you take—and some other people, no doubt—I don't think I would ever go on another inspection trip, much as I need one," Kuykendall told Moss.

He expected, however, the possibility of other trips to funerals. Kuykendall made two trips in planes owned by gas pipeline companies to attend the funerals of fellow members of the FPC.

Grosse Pointer Named to Bridge Authority Unit

LANSING (AP) — The Senate has unanimously confirmed James E. Grospe of Grospe Pointe as a member of the International Bridge Authority.

The upper chamber also confirmed Charles F. Wang for another term as state mental health director and Francis J. Coomes as a member of the State Labor Mediation Board.

Coomes was administrative assistant to U.S. Sen. Philip A. Hart (D-Mich.) when Hart was lieutenant governor.

A traffic death occurs in the United States about every 16 minutes.

High Speed Wing Flutter Caused Electra Crashes

BURBANK, Calif. (AP)—Lockheed Aircraft engineers say two Electra turboprop plane crashes that killed 17 persons were caused by violent wing flutter.

In both crashes, in Indiana and Texas, the Electra lost wings while flying in narrow weather.

Lockheed's disclosure was made Thursday in a closed meeting of pilots who fly the Electra and airline executives who buy the planes. A public explanation was given in a press release.

"One of the most profound engineering problems that has confronted the company in three decades of airplane building," said the statement about the exhaustive investigation.

Engineers said that at speeds above 300 miles an hour damage or weakness showed up in the outboard engine area of the wing. Its cause was undetermined, but may have been a hard landing. This, teaming with external forces of pilots by high speed or turbulence, caused abnormal flutter, the explanation said. Wings flapped up and down at three cycles per second and snapped at a point, could have been reached within 30 seconds after the flutter started.

A Northwest Airlines Electra that crashed March 17 near Tell City, Ind., killing 63, lost a wing during a downward turn. A Braniff Airways Electra that crashed last Sept. 29 near Buffalo City, Tex., killing 34, lost a wing on the upward climb.

After the Tell City crash the FAA ordered the Electra's top speed restricted to 136 mph, and later to 228 at normal operating altitude. It directed an exhaustive investigation. Lockheed, with 136 Electras in service in four continents, sent 250 engineers and technicians to work seeking causes.

An FAA spokesman said in Washington the Lockheed study will be reviewed. He declined to

TV's 'Mr. Lucky' Hustles to Beat Watery Grave

HOLLYWOOD (AP) — Can Mr. Lucky beat the rap?

The artful dodger of both the law and the wranglers on the Saturday night adventure show faces his biggest challenge: Staying on the air. Despite good ratings, CBS announced it was not renewing "Mr. Lucky" for a second season.

Why? No reason was given. But insiders hear that the choice time slot (8 p.m.) was given to a new show owned by a talent agency in return for persuading a comic to do a weekly series. Such are the ways of networks.

Mr. Lucky himself, deep-voiced John Vivyan, feels that he and his pleasure boat can avoid a watery grave.

"It's just a question of whether we'll wind up on NBC or ABC," said the actor, who was filming the next to last of the current series. "ABC is especially eager to have it. Don Sharpe of our company is in New York right now and will be setting a deal."

Her Pooch Was Husky, He Liked Cold Weather

CHEYENNE, Wyo. (UPI) — A Cheyenne broadcaster makes television station KPBC for help in finding her dog, which had jumped the fence and wandered off in any weather.

However, no one was too surprised when the dog was found, the worse, a few hours later. It was a 54-pound, full-blooded Alaskan Husky.

A second car for the family is growing in demand. Two-car families now comprise about 17 per cent of all families. A recent survey discloses that another 17 per cent want to buy second cars. In some cases, the second car is a used one. The average automobile dealer allocates approximately 72 per cent of his used car advertising budget for newspapers.

Deaths in Pontiac and Nearby Areas

GLORIA J. CROSS

Prayers will be offered at 2 p.m. Saturday at the Sparks-Giffin Chapel for Gloria J. Cross, seven-month-old daughter of Mr. and Mrs. Alvin Cross of 82 Prall St. Burial will be in White Chapel Memorial Cemetery.

Surviving besides the parents are grandparents, Mr. and Mrs. John W. Harden of Auburn Heights and Mr. and Mrs. C. W. Cross of Pontiac.

The infant died yesterday at home after an illness of several months.

MRS. W. ESRO GOFF

Service for Mrs. W. Esro (Ruth E.) Goff, 62, of 19 E. Sheffield St. will be held at 1 p.m. Saturday at the Emmanuel Baptist Church. Her body will be at the Pursey Funeral Home until 11 a.m. when it will be taken to the church. Burial will be in the Byrnes Cemetery in Lawrence County, Ark.

A retired employee at Pontiac General Hospital, she was a member of Emmanuel Baptist Church. Survivors include four sons, H. Gene of Pontiac, Wayne H. of Shreveport, La., Walton E. and the Rev. Budis E., both of Biggers, Ark.; three daughters, Mrs. Emery Brown, Mrs. Bernard Burch and Mrs. Gordon Tallos, all of Pontiac; 25 grandchildren; eight

great-grandchildren; two sisters, and two brothers.

Mrs. Goff died unexpectedly Tuesday from injuries received when she fell down stairs.

MRS. JOSEPH P. HILL

Word has been received of the death of former Pontiac resident Mrs. Joseph P. Hill of Pacific Grove, Calif. She was 71.

Surviving are a daughter, Miss Harriet L. Akin of San Francisco; three sons, Henry F. Akin of Sonoma, Calif., David T. Akin of Los Angeles and Stephen W. Akin of Alhambra, Calif.; and four grandchildren.

Service was held at 2 p.m. today at St. Mary by the Sea Episcopal Church, Pacific Grove. Arrangements were by the Paul Mortuary.

RUSSELL L. PHILLIPS

MILFORD — Service for Russell L. Phillips, 53, of 340 Dawson Rd., will be at 2 p.m. Saturday at Richardson - Bird Funeral Home. Burial will be in Oak Grove Cemetery.

A farmer, Mr. Phillips, died yesterday after being kicked in the neck by a cow.

Surviving are a sister, Mrs. Iva Goodrich of Milford and a son, Mrs. John Lockwood of Brighton.

WILLIAM PRIESTS

IMLAY CITY — Service for William Priests, 88, of 2435 Fairgrounds Rd., will be at 2 p.m. tomorrow at St. Paul Lutheran Church. Burial will follow in Imlay Township Cemetery.

Mr. Priests died yesterday at home after an extended illness. His body will remain at Muller Brothers funeral home until 12:30 p.m. tomorrow.

Surviving are two daughters, Esther and Alice; a son, Roy, all of Imlay City; three sisters, and three grandchildren.

JOSEPH RACHAR

AVON TOWNSHIP — Service for Joseph Rachar, 87, of 2754 Weaver St., will be held at 2 p.m. Saturday at William R. Poter Funeral Home, Rochester. Burial will be in Mount Avon Cemetery.

Mr. Rachar died this morning after a long illness.

Deaths Elsewhere

NEW YORK (AP)—Lucile Pugh, 75, a mannish-attired, pipe-smoking woman lawyer who gained national attention through her handling of both criminal and civil cases, died Thursday.

CHICAGO (AP)—Nate Gross, 53, conductor of the "Town Tattler" column in Chicago's American for 20 years, died Thursday, apparently of a heart attack. He had been with the American since 1933.

DETROIT (AP)—Monsignor Adalbert Zadala, pastor of Assumption Church in Detroit, died yesterday of injuries suffered in an auto accident May 5. He was 75.

Soviet Air Chief Cancels U.S. Visit

WASHINGTON (AP)—The chief of the Soviet air force today called off his scheduled visit to the United States.

Chief Air Marshal K. A. Verzhin, who was due to arrive Saturday from Moscow, informed the U.S. Air Force that "it would be more appropriate to postpone my visit to the United States until a more suitable time."

His decision was clearly another repercussion from the May 1 Downing in the Soviet Union of an American spy plane.

Chain Buying Hotel Olds

LANSING (AP)—The manager of the "Hotel Olds" across from the Capitol has confirmed a verbal agreement exists to sell the 500-room establishment to a hotel chain, Jack Tar Hotels of Galveston, Tex.

Pet Bird Goes AWOL but Soon Gets Caught

SALIDA, Colo. (U) — Patrolman Bob Counter found a parakeet perched on a parking meter, took it into a store and had it caged.

Later Mrs. Veart Williams entered the store to buy a parakeet to replace the one she had lost.

Inside the cage was Mrs. Williams' parakeet, Budgie. She reported it was the sixth time Budgie had gone AWOL, and headed for home with the bird.

Postmen Have a Gripe: Where's the Mailbox?

ST. LOUIS (U) — Postmaster Claude I. Bakewell complains that hidden mailboxes are troubling his mailmen.

He says some new apartmentmen

houses have mailboxes in dark places, under staircases and in other unhandy spots, in violation of postal regulations.

Some have been placed so high, Bakewell said, that it makes mail delivery difficult for short post-

If Your Child Is Afraid, Give Him a Night Light

BURLINGTON, Vt. (UPI) — It's normal for children to fear the dark, says University of Vermont human relations specialist Dr. Dalton Vernon.

He said, "Your child needs reassurance, not sternness, when he first becomes aware of the dark. Let the children have a night light they can turn on and off themselves. Gradually fear will recede and darkness will become a friendly thing."

They Liked Their Job

TOLEDO, Ohio (U) — Traffic engineer Paul Robinette ordered a massive paint-erasing project after a crew of city street painters got carried away in painting yellow

no-passing lines on 4-lane Broadway and painted right on out 2-lane River Road to suburban Maumee, 10 miles away.

Chemicals similar to aspirin are used in the fight against plant diseases.

Reports Growth of Segregation

Sociologist Says Negro Stays in Tight Group; Crisis Predicted

CHICAGO (AP)—A University of Chicago sociologist said Thursday the American Negro is becoming more, not less, segregated in large cities.

Prof. Philip M. Hauser, chairman of the University's sociology department and former acting director of the U. S. Census, said the Negro is gradually moving outward toward the suburbs, getting better jobs and education.

Other immigrants did this as individuals and became assimilated he said. But the Negro is moving as a group, taking his segregated ghetto with him.

This results, he said, from color prejudice and the fact that Negroes are arriving in metropolitan areas more rapidly and in greater numbers than did other immigrants.

"Unlike his immigrant predecessors, the Negro is becoming more, rather than less, segregated in American metropolitan areas," Hauser said.

Hauser told an international conference of mayors that metropolitan centers will face a crisis in human relations in the 1960s.

This will result in part, he said, from the fact that though the Negro is fleeing segregated living, other groups want to live in enclaves and are resisting integration.

"The test of our democratic order," he said, "will lie not so much in a shift from segregated to integrated living, as in the freedom of a person or a group to live either in integrated fashion or in enclaves."

Among those resisting integration, he said, are Catholic national church groups, the Jewish community and some Anabaptist Christian sects.

Singer Toni Fisher, 'Hurt Big' Gets Divorce

LOS ANGELES (AP)—Rock 'n' roll singer Toni Fisher's marriage bore an unfortunate resemblance to her hit record, "The Big Hurt," she indicated in getting a divorce.

The 30-year-old night-club performer told the court Wednesday about her husband, Levant B. Fisher, 37, a bartender.

The couple married in 1954 and separated last September.

CITY FISHIN' HOLE—Being a New York broadcasting executive doesn't stop Roger Gimbel from going fishin' every night. Here he dangles a baited line from his 18th-story apartment window, looking hopefully at the East River. Gimbel says he has caught dozens of eels and has his eye on some gay bass he has seen scurrying around a rocky point below.

2 Top State Officials Eyed as WMU Chief

LANSING (UPI)—Two top state officials were among four men considered by the State Board of Education for presidency of Western Michigan University.

State Controller James W. Miller was discussed the opening with the board. State School Chief Lynn M. Bartlett long has been in the running.

John Lederle, former state controller and now director of the Institute of Public Administration at the University of Michigan,

and Russell Selbert, WMU vice president, also were in the running after the board held closed-door interviews.

James Lewis, University of Michigan vice president, was reported to have withdrawn from consideration.

The new president will replace Paul Sangren, who will retire in June after holding the post 24 years.

A board spokesman said it probably would be at least next week before the post will be filled.

St. John, Virgin Islands, is the main source of bay leaves used in manufacturing bay rum.

2-Month Peak for Car Output

But Compacts Retreat From All-Time Level of Last Week

DETROIT (AP)—Automotive News reports passenger car production will rise this week to its highest level in two months although compact car output will drop slightly from its all-time high set a week ago.

The trade paper estimated overall production this week at 159,856 cars compared with 142,303 last week and 136,018 in the comparable week of 1959.

Compact production was estimated at 31,845 units, compared with the record 41,789 assemblies a week ago.

The industry total is the highest since the week ended Feb. 27.

Truck production this week was estimated at 28,539 units, compared with 28,958 last week and 27,381 in the similar week last year.

Dallas Swaps for Curci

DALLAS, Tex. (AP)—The Dallas Texans of the American Football League Wednesday announced acquisition of Pro Curci Miami's star quarterback, in a trade.

The trade sent former Tulane and New York Giant guard Dallas Travis to Oakland in return for Curci.

New Process Tenderizes Beef on the Hoof

CHICAGO (UPI)—A major meat packing firm says it has found a way to start the process of tenderizing beef while it's still on the hoof.

The process, patented by Swift and Co. under the trade name Pro-Ten, uses natural food enzymes to tenderize any beef cut at cooking time instead of through traditional aging.

Paul Gosser of Swift's research laboratory explained the government-approved process at a news conference.

Gosser said enzymes derived from papaya, pineapple and figs, which have the same effect as enzymes found naturally in beef, are introduced into the animal's circulatory system immediately before slaughter.

The enzymes take effect when the beef is cooked. The end result, Gosser said, is that nature circulates the tenderizing agent through the entire animal, and normal cooking heat and conditions finish the process which would normally take place during aging.

Oscar C. House of Swift's beef division said Pro-Ten-treated meat from the firm's Ocala, Fla., and St. Joseph, Mo., plants is being marketed on an experimental basis in Florida, Indiana, Michigan and Illinois.

National Farm Safety Week is an annual campaign sponsored by the National Safety Council and the U. S. Department of Agriculture. It was begun in 1944 by the New York Giant guard Dallas Travis to Oakland in return for Curci.

What a Bargain!

GADSDEN, Ala. (AP)—For a time, the prisoners in the Gadsden Jail thought they were going to get a bargain. But then city

officials explained that the sign "Keep your clothes brim in a outside advertising." "We Give handy-to-get-at place. Each time the prisoners in the Gadsden Jail thought they were going to get a bargain. But then city

Switch...

to Standard Gasolines with MPG

Yours in both Standard Gasolines—MPG...exclusive new detergent additive created by Standard Oil Research. MPG cleans up dirty carburetor throats, keeps them clean. That's why steady use of Standard Gasolines with MPG boosts Standard Gasoline mileage in city-traffic driving.

In 2½ million city test miles, mileage went up 6%! You also get smoother idle and save repairs. MPG...Standard's newest BUILT-IN GAS-SAVER!

m.p.g. means miles per gallon. Standard's MPG—named not for what it is, but for what it does—means more miles per gallon.

You expect more from STANDARD and you get it!

THE SILVER SHIELD—Your Guarantee of Heating Comfort!

NEW IDEA! All Around guaranteed heating comfort HERE'S WHAT SILVER SHIELD HEATING MEANS TO YOU

- Even temperature in all rooms.
- No hot and cold cycles.
- Warm floors.
- Comfort everywhere and always.
- Lower heating bills.
- Fewer repair charges.
- Guaranteed quality.
- Modern system for better living.
- Filtered air in all rooms.
- Humidity can be added to all rooms.
- Inspection by experts.
- Longer-lasting system.
- Higher home resale value.
- Satisfaction and prestige.

MOTHERS! FATHERS!

WHERE DO YOUR CHILDREN SPEND MOST OF THEIR INDOOR HOURS?

On the floor? Playing...reading...watching TV...on the floor!

This is the indoor playing zone. In too many homes, IT'S COLD DOWN THERE...cold on a child's bare feet, frigid after a warm nap, drafty and dangerous after a hot bath. How many sniffles start here? And how many colds?

Can your floor pass the sniffle-foot test? Can you walk through your home in your stocking feet in complete comfort in any weather without experiencing the shock of a cold floor? Comfortable warm floors are a feature of a good warm heating system. Custom-fitted from floor-to-ceiling throughout the home, a system must meet to really make a difference in your life.

Silver Shield means smaller when you build, buy or remodel. For a few dollars extra initial cost, you save and save in terms of heating comfort at minimum expense to fuel and repair bills. And you and your family enjoy an entire generation of guaranteed, beautiful, modern indoor comfort.

SILVER SHIELD systems are available for all residential comfort needs...heating, cooling, or a combination of both.

FREE

For complete facts about the Silver Shield program of guaranteed heating and air conditioning comfort, call any SILVER SHIELD number or mail this coupon.

Waterford High Holds Prom Tomorrow Night

'Enchanted Gardens' Is '60 Theme; Tommy Baldwin Orchestra Featured

By JOHN TEEUWISSEN

Formally gowned young ladies with their hair styled in elaborate, magically transformed from the jeans and slacks-clad teenagers who only a few scant hours before finished putting up decorations will begin arriving at Waterford High School at 9 p.m. Saturday for the 1960 Senior Prom.

"Enchanted Gardens" is the result of weeks of planning and preparation by the Class of 1960. Many hours of labor have gone into cutting out leaves, making flowers and painting backdrops for the garden setting of the event. Couples will dance to the music of Tommy Baldwin and his orchestra from 9 p.m. until 1 a.m. For the seniors who have waited and looked forward to the event all year, "Enchanted Gardens" will indeed be a night to remember.

'SKIP DAY'
Making it a long weekend, the seniors will go to Kensington Park on Monday for their traditional "skip day." A variety of activities will be participated in by class members on this last occasion for them to have a day together.

Concluding activities for the week, many seniors will embark for Mackinac Island on the Senior Trip next Friday.

Waterford oratory went on to victory in the regional forensics contest in Lansing Monday. In competition with 14 schools including Flint, Pontiac, Kalamazoo and Jackson, Waterford took two 1st and one 2nd in five contests.

Winning in the humorous reading division was Charlotte Braden. Carol Seal placed 1st in original oratory. John Teeuwissen took a 2nd in extemporaneous speaking.

Waterford's annual class commencement ceremony will be held at the Waterford High School on Tuesday.

Emmanuel Holds Commencement Talent Contests

By EVELYN CHAPPEL
Each year the students who are to perform at the Emmanuel Christian School commencement program are chosen through a series of talent contests.

Reading, voice, instrumental, piano, essay, scripture memory and spelling contests are being sponsored by faculty members this year.

The first-place winner of each contest will perform with his or her group at the commencement program on June 15.

The first-place winners of the humorous reading contests are Eddie White, 100 Olive and Kathy McKee, 1835 McDonald, Royal Oak, and Mary Wilson, 2510 Everett Street, Southfield, won the dramatic reading event.

The scripture memory contest will be held May 17; the instrumental contest, June 2; the spelling bee, June 3.

Active talent assembly will take place next Wednesday. Seniors will be attempting to take the trophy from the juniors who won in an upset last year.

The juniors, of course, will be trying to keep possession against stiff competition from the very determined seniors and a class of ambitious sophomores seeking another upset. Current odds indicate a close and interesting contest.

Northern Honor Society Admits 34 Top Seniors

Clubs, Norsemen and Choral

By JEAN ISBELL
The Pontiac Northern High School branch of the Northern Honor Society will admit 34 seniors in a formal ceremony at 8:30 p.m. on May 23 in the Northern auditorium.

The induction will be witnessed by Northern students and parents of the new members.

A senior must have achieved a scholastic average of 1.25 or better, and maintained good citizenship to be eligible for membership in Northern Honor Society.

Students do not necessarily have to be on a college preparatory curriculum to belong to the Honor Society.

A list of eligible students was submitted to a faculty committee which judged the students on honesty, reliability, initiative, industry, cooperation and other desirable characteristics.

HIGH STANDARDS
Among the 34 who met the high standards set by the faculty committee are Nancy Adams, Sandra Hilderly, Robert Hocking, Robert Johnson, Daniel Kimmel, Johann Lampi and Patricia Lund.

Others are Carreen McClements, Karen McKinney, Richard McLaughlin, Carol Wilson, Sharon Nichols, Nancy Robinson, Karen Rogalski and Cynthia Sack.

Remaining members are Richard Scott, Constance Smith, Lynn Thompson, Stephen Toth, Linda Underhill, Janice Van Horn, Dennis Vincent and Kathleen Weitz.

New varsity cheerleaders are Beth Krupp, Jeannette Whitlock, Barbara Berryman and Pam Hanley.

Ruth Benner is again on the varsity squad after serving this entire year as a varsity cheerleader.

Junior varsity cheerleaders are Kathy Murphy, Sharon Wheeler, Sharon Fidler and Sue Jones.

SPRING CONCERT
The Pontiac Northern High School Vocal Music Department has promised "Ye Shall Have A Song" next Friday at 8 p.m. in the auditorium.

Northern's second annual spring concert is certain to prove entertaining. Melvin Larimer directs.

Among the vocal groups appearing are the Northern Choir, Crystalaires, Girls' and Boys' Glee.

Predictions are that the Rochester High School Varsity Band will do themselves right proud at the spring concert on May 23.

Frederick Johnson, the band's director, said the concert could be a success only if the students could be induced to its location.

"The students must be proud of what they are doing in order to have others proud of it," he said.

So, the band members, 75 in number, went to work. The band is divided into groups for tickets, publicity, decorations and refreshments. The chairman of each group got other band members to help.

Because this is one of the biggest band events of the year, the band felt that the decorations should be more elaborate than they have been in the past.

BIG CURTAIN
One student obtained a large curtain to serve as a "back-drop" behind the band. Another student found a place where cement blocks could be obtained. The blocks will be used to hold risers.

Many other band members offered to donate and loan plywood and other materials to help in the construction of risers. Flowers were suggested to give a more formal appearance.

At previous concerts and band functions, it has been mainly the family and friends of band students who attend. This year, the band director said that if the band wanted more people they would have to talk to everyone. "Word-of-mouth" is the best way of letting others know what is going on, he said.

At this concert, free refreshments will be served following the performance. In this way the audience has a chance to meet the band members, talk with the director, and have an all-around get-together. It helps get others interested in the band and how it works.

With all the work that they are putting into the concert, it shows that these students are interested in what they are doing and that they want to make everyone proud of them.

The number of women drivers in the United States increased 14.3 per cent between 1957 and 1959, a survey by the Automobile Manufacturers Association showed.

ENCHANTED GARDENS—These Waterford Township High School prom committees seem enchanted already by their decorations for tomorrow night's 1960 Senior Prom, "Enchanted Gardens." Making leaves, flowers and painting back-

drops for the garden setting has taken weeks of hard work. The four above are (from left) Frank McEl, Tina Cooley, Mary Grile and Suzanne Ott. Tommy Baldwin and his orchestra will provide music from 9 p.m. to 1 a.m.

Four Clarkston Scientists Tops

Capture State Science Fair Honors; Physics, Chemistry Entries Win

By JANET JESCH

Four Clarkston High School students, accompanied by Robert Varner and Ed Johnson, recently exhibited projects in the State Science Fair, held at Central Michigan College in Mount Pleasant.

These were four projects entered in the physics and chemistry divisions. All of them placed.

Dr. Varner, who had formerly placed for a top honor in the Detroit Science Fair, captured first place honors in the physics division with his project of an electron microscope.

Linda Jean Chapman exhibited a project of making and testing elastic rubber, which won her a first-place ribbon in the chemistry division.

Third-place winners in the chemistry division were Nancy Walker, with her project of walker coils, and Sue Cushman and Sue Larkin with their exhibit of home-made cosmetics.

CHEERLEADERS NAMED
A group of Clarkston High School students have selected the varsity and Jr. varsity cheerleaders for the coming year.

The girls elected for the varsity cheerleading squad are Jane Zumbren, Sue Martin, Bobo Christie, Carolyn Ruggles, Janet Spangler and Sharon Gottschall.

Jr. varsity cheerleaders are Carol Walter, Mary Bates, Vicki Burley, Joan Mansfield, Nancy Stanquists and Martha Madison.

Majority trophies were held recently at Clarkston High for all interested girls. The girls were judged on poise, accuracy and routine.

Keynote, Sue Jackson, Kay Bush and Judy Pile were elected to be the majorettes and David Flynn was selected drum major.

The Clarkston High Science Club has elected officers for the 1960-61 school year. Elected to office were Ron Jyles, president; Larry Blackett, vice president; Mary Robbins, secretary, and Sue Larkin, treasurer.

TWO INCUMBENTS
Jane Zumbren and Kay Derbyshire were re-elected as president and secretary, and Ron Jyles and Ron Jyles were elected treasurer and vice president.

It was decided at the meeting that \$100 of the money in the treasury would be donated toward sending the cheerleaders to camp.

Over half the families with incomes of \$2,000-\$3,000 are auto owners. This jumps to about 90 per cent at the \$5,000 a year level. About 1 in 6 families with \$5,000 a year are two-car families. To reach his best prospects, an average car dealer spends \$3,223 a year for newspaper advertising—more than all other forms of advertising combined.

15 Girls Named to Positions on Central Cheerleading Squad

By BARBARA GREFFIN
The newly-chosen 1960-61 Pontiac Central Cheerleading Squad has a busy, fun-filled weekend ahead of them, culminating the membership fee paid last night for all the new girls, their parents and the senior cheerleaders.

The girls will spend the next two days at the Canfield cottage with cheerleading advisor Mrs. Jean Smith to have fun and get to know each other.

The new squad consists of 15 girls, all junior varsity cheerleaders now. Before school starts in the fall, eight varsity, six junior varsity and one alternate will be named.

GIRLS JUDGED
Judging the girls were Mrs. Catherine Craig, Mrs. Neina Wood, Mrs. Barbara Jackson, Mrs. Barbara Rodal, Mrs. Doreen Vollmann and Mrs. Jean Smith, Pontiac Central faculty; Mrs. Doris Short, West Bloomfield school system; John Cummins, PCIS band; and Diane Pickford, present cheerleading captain.

This summer many of the cheerleaders will attend Cheerleading Camp All-Americans at Hartland, Michigan, to improve old techniques and learn new cheers.

Members of the A Capella Choir went by bus to the University of Michigan Wednesday night to attend a performance of Johann Sebastian Bach's "Mass in B Minor."

The presentation, given by Hill Auditorium by the University Choir and Orchestra, was thoroughly enjoyed by the group.

Dolphins will also visit the University of Michigan this week. Tonight they are attending the annual water show of the Michfish, the U.M. synchronized swimming club.

Competition among homeowners was keen during the week clothing drive last week. The Student Council representative of each group turned in the collected clothing Friday morning to be weighed.

The winning homeowners were 254 Joe Atwell, 121 pounds; 312 Doug Truitt, 73 pounds; and 121 Helen Lapich, 22 pounds.

For their outstanding contribution to this worthy cause, these homeowners will receive an ice cream treat.

The Pontiac Central High School Bowling League will conclude its year of bowling with a party Saturday morning for the 61 members at West Side Recreation. At this banquet, 46 trophies and 12 perfect attendance awards will be presented.

CHAMPIONSHIP ROLL-OFF
Tuesday night, a three-game roll-off was held between the Lucky Strikes, champions of the first semester, and the Scorpions, second semester champions.

The Lucky Strikes, Gary Barker, Ernie Rojas, Judy Lowry and Karen Antolich, scored 43 more points than the Scorpions, Dave Blank, Jerry Bellows, Arlene Wyngold and Diana Rigotti, to have their names engraved on the permanent trophy kept in the school show case.

Trophies will be given to June Levey, high game, girls; Joe Parks, high game, boys; Nancy Serra, high game handicaps, girls; Rodney Andrews, high game handicaps, boys; Diana Rigotti, high series, girls; Gary Barker, high series, boys; Arlene Wyngold, high series handicaps, girls; and Ernie Rojas, high series handicaps, boys.

St. Fred's Fetes 'Friday 13th'

By PAT VILLELLA
The sophomore class of St. Frederick High School is presenting a "Friday the 13th Dance" tonight in the parish hall.

The general chairman for the dance is Tina La Londe; the refreshments are arranged by Pat Green and George Bailey.

The entire class helped with the decorations which will include ladders, black cats, brooms, mirrors, tables set with 13 places, opened umbrellas and salt shakers.

The admission is 25 cents. Rabbits, live, miniature horses and four-legged clovers will be given at the door as a protection against bad luck.

Sunday night, the choir will present "Sing Into Spring." This will be a songfest under the direction of Choral Director Edward Higbee. The songs which will range in style from popular to semi-classical and classical.

Tuesday night, one of the special events of the year, the athletic banquet was held. All those engaged in sports received recognition for their efforts. Both the boys teams and the girls teams, Bob Yapo and Cookie Scher, were given special recognition for being outstanding captains.

More than three-quarters of Missouri's 44.3 million acres of land is devoted to farming.

Jamaica Jamboree Tonight at Oxford

By BEATRICE KRUG
The sophomores of Oxford High School tonight are sponsoring a dance, "Jamaica Jamboree," in the Student Center.

Decorations have been planned by Sandra Marshall, Jane Langley, Ann Pickford, Phyllis Mann and Ronnie Kintz.

Refreshment committee members are Judy Redman, Judy Shollis and Diane Wilder. In charge of entertainment and records are Ray Converse, general chairman of the dance; and Ricky Woodcock.

Students are requested to go along with the South Seas gaily and wear Bermuda or Jamaican and straw hats.

SPRING CONCERT—Rochester High School's annual "Spring Band Concert" will be presented 8 p.m. Tuesday in the school gymnasium. Tuning up for the big event are four members of the trumpet and cornet section (from left seated) Dave Pearce and Tom Hill and (from left standing) Dave Munson and Leslie Foley. Looking on in Band Director Fred Johnson.

Macmillanites Boom in Municipal Vote

LONDON (AP) — Prime Minister Harold Macmillan's Conservative party rode the crest of a new popularity wave today after municipal elections in England and Wales that swept out more than 400 of their Labor opponents.

It was the biggest Conservative success in local voting in 11 years and a welcome vote of confidence for the British leader on the eve of the summit conference. Local issues influenced the voting considerably, but the results were considered a follow-up to the Conservative triumph in the general election last October.

At stake were a third of the seats on 363 local government councils throughout England and Wales.

With only a handful of results still to come in the Conservatives scored a net gain of close on to 400 seats. There were big gains, too, for Liberal and Independent candidates, almost all at the expense of Laborites.

Terms such as thimbleful, toothful, quoniam, a po, a pre, a finger, tot, wet and yard were all used by American colonists in ordering a drink of rum.

SEEN AT CANNES — Italian film producer Roberto Rossellini, former husband of actress Ingrid Bergman, arrived at an Italian reception in Cannes, France, Tuesday with Indian actress Sonalika Gupta, with whom he has been linked romantically. The reception was given by Italian film producers as part of the festivities in Cannes to mark the annual International Film Festival.

Two Guided Missiles Tested Successfully

EGLIN AIR FORCE BASE, Fla. (AP)—Two more Bomarc-A guided missiles have been launched from the Santa Rosa Island Missile Test Center.

One destroyed a supersonic jet drone target in a direct hit at a range of 172 miles and an altitude of more than 40,000 feet.

The other made a planned near miss interception of a QF80 jet drone.

The ground-to-air interceptors were launched 2½ hours apart Thursday.

Reno's Bare Act Adds Instead of Subtracting

RENO, Nev. (AP)—Reno's first bare-bonned night club act got off to a false start Thursday night with what might be called a reverse strip tease.

A hotel had promised 10 chorines—bare from the waist up. Four girls showed up, scantily clad but not bare bodomed.

In the first act they were covered with strategically placed ornamentation. In the second act, their bosoms were covered with gauze.

And, as a grand finale, they appeared fully clothed.

Estimates say there is at least one big game animal in Wyoming for every resident of the state.

'Only Catholics Training Enough'

Survey Finds Lack of Native Clerics

Far-sighted church leaders have been warning for years that a radical change in missionary strategy is necessary if Christianity is to make headway against the tide of nationalism sweeping the undeveloped countries of the world. They have said that foreign missionaries must move into the background and let native clergymen take over the main burden of preaching the gospel. Otherwise, the Christian faith will be stigmatized as a "white man's export."

What are American and European churches doing to adapt their mission programs to this new fact of international life?

Precious little. That jarring conclusion stands out from a massive study of theological education abroad, conducted for a John D. Rockefeller Jr. fund by Yorke Allen Jr. Allen's 640-page report, entitled "A Seminary Survey," has just been published by Harper & Brothers.

SEMINARIES LAG It shows that seminaries for training native clergymen have not been given a high priority in mission programs. Quite the contrary.

Of the nearly 150 million dollars which American Protestants contribute annually to foreign missions, only about \$2,000,000—less than two per cent—is being invested in support of theological schools in Asia, Africa and Latin America.

Of the 25,000 North American Protestant missionaries now in the field, only 433—again, less than two per cent—are engaged primarily in educating native-born candidates for the ministry.

Britain, the only other western country which sends out a large number of Protestant missionaries, is doing even less to train a home-grown clergy for the indigenous "young churches." Its leading missionary societies earmark about one per cent of their budgets for support of seminaries.

Allen says the Catholic Church long neglected the training of a native priesthood, and in fact lagged behind Protestant churches in this effort "until recently."

But he believes that the Catholic Church is now fully awake to the implications of the world situation, and that in recent years it has been "proceeding at a greater rate than the Protestant churches" to build up a large, adequately educated native clergy.

RATIO REVERSED He notes that in 1925, the Catholic Church had 60 foreign priests for every 40 local priests in mission lands. Today, the ratio is nearly reversed—45 foreign priests for every 54 local priests.

The Catholic Church is able to adapt its strategy more readily because its entire global mission is under central control at the Vatican. But the Protestant missionary effort is fragmented almost beyond belief.

There are more than 450 separate Protestant boards and agencies in the world which are conducting missionary activities of some sort.

Many of them are supported by fundamentalist groups which, Allen says, are still wedded to the 19th Century concept of missionary endeavor, and are not interested in training an indigenous ministry overseas.

To Keep Those Bridges HARRISBURG, Pa. (AP)—Covered bridges aren't a thing of the past in Pennsylvania. There are 113 maintained by the state alone and plans are to keep maintaining them as long as they are adequate for modern traffic needs.

Many of them are supported by fundamentalist groups which, Allen says, are still wedded to the 19th Century concept of missionary endeavor, and are not interested in training an indigenous ministry overseas.

To Keep Those Bridges HARRISBURG, Pa. (AP)—Covered bridges aren't a thing of the past in Pennsylvania. There are 113 maintained by the state alone and plans are to keep maintaining them as long as they are adequate for modern traffic needs.

Many of them are supported by fundamentalist groups which, Allen says, are still wedded to the 19th Century concept of missionary endeavor, and are not interested in training an indigenous ministry overseas.

TEEN HEARTBEAT — Troy Donahue, who neither wiggles nor mumbles, is Hollywood's new teen-age heartbeat. He's No. 1 on the Warner Bros. fan mail list and reportedly No. 2 or 3 in Hollywood. Troy, who played in "A Summer Place," says he feels a deep responsibility over his new fame.

Private Funeral Set for J. D. Rockefeller

TARRYTOWN, N. Y. (AP)—A private funeral service for John D. Rockefeller Jr., will be held at the Rockefeller family's Pocantico Hills estate near here at an early date. The service will be limited to members of the immediate family.

A memorial service open to the public will be held later at the Riverside Church in Manhattan. Rockefeller financed the building of the non-denominational church on Riverside Drive.

No date for either service has been set.

Rockefeller's ashes were flown home from Tucson, Ariz., where he was cremated Wednesday shortly after he died in a hospital there of pneumonia and heart strain. Rockefeller, head of one of the world's richest families, was 85.

His ashes, brought east in an urn in a Rockefeller family plane, will be buried in the family plot at Sleepy Hollow.

On the plane were the widow, Martha Rockefeller; two, sons,

New York Gov. Nelson A. Rockefeller and Laurence Rockefeller; and Marian Packard, of Providence, R. I., an old friend of the widow.

Will Name Road for Selfridge Pilot Who Risked Life

MOUNT CLEMENS, Mich. (AP)—An Air Force pilot who crash-landed in his disabled jet last week rather than bail out over a populated area will have a road named after him in nearby Chesterfield Township.

The flier, Maj. Lewis W. Lagro, 35, was killed Thursday night with a surprise testimonial dinner, at which he received a resolution of commendation from the township board.

"He faced the decision whether to leave the plane to crash unmanned, or stay with it at great risk to his life," it said. "Due to his great courage and skill, no lives were lost."

Board members said that a township road would be named after the aviator in further recognition of his deed. Lagro, of White Pigeon, Mich., is stationed at Selfridge Air Force Base.

Troy Commission Adopts Budget \$300,000 Higher

TROY — Climaxing almost a month of study, the Troy City Commission last night adopted the city's budget of \$1,352,332 for the 1960-61 fiscal year.

This figure represents an increase of nearly \$300,000 over the current year's budget which is \$1,052,332.

City Manager David W. Hasse said the present budget anticipates revenue from state-collected funds to total \$200,100.

This amount represents an increase of \$53,000 over last year for Troy's estimated population of 136,250.

PROPORTIONAL RISE

If the official figures indicate a

larger population when officially available in November, these revenues will be increased proportionately, Hasse said.

The estimated population represents a conservative figure based on the number of residential sites in the city Jan. 1, he stated.

Hasse added that although the

assessed valuation of Troy for 1960 amounts to \$49,817,252, an increase of \$2,736,616 over last year, the rate has not kept pace with previous increases.

He attributed this to the lack of necessary water and sanitary sewer facilities which are "beginning to restrict the growth of the city."

The budget contains the second installment of about \$14,000 due Oakland County for city payment on the Evergreen Hospital System.

No definite policy of financing this obligation has yet been formed to either supplement or supersede the present policy of a \$300 per unit connection charge, which has proven to be inadequate, the manager said.

Commissioners have decided to withhold a firm decision on how property owners in the Evergreen Sewer District will pay for the completed project pending outcome of Aug. 2 balloting on a four-million-dollar sewer bond issue.

"It is entirely possible that finalization of plans for sewer facilities can be completed this year," Hasse asserted.

Another phase of the budget message was concerned with the ordinance pertaining to private refuse collection.

The present system has been termed "inoperative" and as providing "inadequate service at a maximum cost" by the city manager.

An alternative offered is a municipal collection service by the city, financed either as a direct service item or by tax levy.

Hasse said if a tax levy were contemplated, a change in present operating millage would be needed and that would have to be voted upon by the electorate.

This matter has not yet been decided by the commissioners.

An increase in the budget for the public works department, \$12,992 over 1959-60, is primarily reflected in the increase of capital outlays over last year, the manager noted.

Other departmental increases are largely due to salary adjustments and planned purchases of additional supplies and equipment.

The budget is designed to provide for the maximum tax levy of five mills in accordance with the charter limitation.

"I think we'll get by this year all right," said City Clerk J. Lawson Lockhart. "But another year, we may have to scratch."

DEDICATE COURTROOM — Members of Troy Boy Scout Troop 13 were on hand last night for the dedication of the new courtrooms and formal opening of the new court offices at the rear of the police department building. The boys presented an American flag and a Michigan flag to Justice of the Peace Charles H. Loney shown here shaking hands with Larry Brown, 13. Looking on, from left, are Jerry Schrepper, 13, Associate Justice of the Peace C. H. Mason, and Scoutmaster Donald Schrepper.

Church at Oxford to Be Dedicated Sunday at 2:45

OXFORD — The dedication service of the Free Methodist Church, 790 S. Lapeer Rd., will be Sunday at 2:45 p.m.

The program will feature special music, Scripture readings and prayer by former pastors. The Rev. E. C. John, of Perry, will be bringing the dedication message with presentation and acceptance of church property.

The Rev. John, a former area secretary for Area of the General Missionary Board of the Church, is now superintendent of the Pontiac District of the East Michigan Conference.

The Rev. Harlow Hoyt, who is serving his fourth year as pastor of the local church, says the special program is open to the public. The new church was first opened for services Dec. 20 and was built mainly by volunteer labor from the congregation.

Utica November Ballot to Ask 5 Charter Changes

UTICA — The Utica City Council will ask voter approval of five proposals to change the city charter in the Nov. 8 election, according to Ed Havel, city clerk.

Four propositions are concerned with salary hikes for city officials and the fifth with setting new dates for the city's fiscal year of operation.

The question of deciding the treasurer's salary at least 30 days before the primary election when the treasurer is nominated is one question.

The next is stated the same way for the city assessor. The treasurer now receives 1 1/2 per cent of collected taxes and the assessor, \$500 a year.

The Council wants to be responsible for setting the salaries of these two officials rather than being bound by the charter at certain figures.

They want to leave the way open in case the currently proposed expansion program for the city should go into effect and duties of the treasurer and assessor should increase proportionately.

Council members want to be able to increase their pay as their jobs become more demanding, they said today.

The third issue involves a pay increase for councilmen. The question should their salaries be hiked from the \$10 to \$20 per meeting.

Authorization also is asked for salary increases from \$300 to \$1,000 for the mayor.

In addition, the City Council wants the voters to approve a change in dates for the city's fiscal year, making it start July 1 and end June 30. At present the operations year begins Jan. 1 and ends Dec. 31.

The salary propositions all specify that Utica officials "receive no other compensation from the city."

Newlyweds Honeymoon in Williamsburg, Va.

MRS. WILLIAM F. KENNEDY

OXFORD — Honeymooning in Williamsburg, Va., are newlyweds Mr. and Mrs. William F. Kennedy following their candlelight wedding in the Oxford Methodist Church.

The bride is the former Dolores Lee Grove, daughter of Mr. and Mrs. Harold D. Grove of 90 Pontiac St. The bridegroom's parents are Mrs. Lillian Kennedy and Earl Kennedy, both of Metamora.

For her wedding, the bride chose a gown of white silk, organza over tulle. The fitted bodice was trimmed with seed pearls and iridescent sequins, and featured a modified bateau neckline, with three-quarter-length sleeves.

The bride's bouffant skirt with embroidered panels extended into a sweep. Securing her fingertip veil of silk illusion was a crown of seed pearls.

She carried a cross-shaped floral arrangement of white carnations and stephanotis centered with an orchid.

The bride's sister Donna was maid of honor. Bridesmaids were Mrs. Joseph Dunlap and Joan Whitlock. Cousin Madary was flower girl.

The duties of best man were performed by Dennis Ludwig. Also attending the bridegroom were his brothers Brian and Douglas. Ushers were Joseph Dunlap and Leslie Beardslee. Clyde Caron was ring-bearer.

Immediately following the double-ring ceremony a reception was held in the Knights of Pythias Hall.

The newlyweds will live in Metamora.

Nine species of the pine tree are found in Canada.

GEORGE TISCH

A Romeo variety store manager, George Tisch, last night took over the helm of the Romeo Peach Festival Assn. as the group launched initial plans for the community's 28th annual Labor Day celebration. The first event will be the Miss Romeo contest slated to take place early next month. The winner will represent Romeo in the Peach Queen competition which is open to girls who are 16-18 years old in the surrounding communities. This event will be staged around the first week in August. Gary Corbin was named secretary of the association and Frank Wilcox, treasurer.

Coin Show Slated Sunday in Holly

HOLLY — The third annual coin show sponsored by the Double "E" Coin Club here will be Sunday from 10 a.m. to 6 p.m. at the Holly Hotel.

Exhibitors will compete for first, second and third ribbon awards in nine categories. There will be a junior category for youngsters under 13 years old.

Coin slides will be shown before and after the auction and free sample copies of the most recent issue of Coin World magazine will be given to the first 400 attending the show.

More than 100 coins, including uncirculated Lincoln pennies, will be put up for sale at an auction at 5 p.m. in the auditorium of Holly Elementary School.

Motor vehicle accidents are the leading cause of accidental death to farm residents, said the National Safety Council.

The food industry employs 10 million people in salaries and wages and has total annual sales of around \$2 billion dollars. Food stores know labor force, pays \$5 billion dollars the power of newspaper ads. That's why 90 per cent of all food store advertising appears in the Daily Newspaper.

HE'LL Grow Fast Into the Right Size for This Cap!

Wixom Rezones for Industry

Two Residential Parcels Shifted

Loon Lake-Tuck Land Reported Not Suited for Park Area

WIXOM — The rezoning of nearly 150 acres from a residential classification to heavy industrial was approved here last night by the City Council.

The rezoning was recommended by the City Planning Commission and the Oakland County Planning Commission.

The rezoned properties are bounded by Wixom road on the west, and West road on the north and U.S. 16 on the south.

Only one objection from a resident living in the rezoned area was heard at the public hearing held before the regular council meeting. Ten homeowners live in the rezoned area.

Council also approved the rezoning of a small parcel on Pontiac Trail near Wixom road from residential to light industrial.

The request for the rezoning was made by the Bowen Manufacturing Co. for the purpose of constructing an addition to the present plant.

AREA UNSATISFACTORY

In a report to the Council, John Erickson, secretary of the Planning Commission, stated that 29 acres in the Loon Lake and Tuck road area were unsatisfactory for the development of a recreation area.

He said that nearly 90 per cent of the land was swamp area and under water. He explained that the expense for dredging the land filling would be prohibitive to the city.

Mayor Donald Brooks told the Council that the city is still seeking a site for a new city hall and said that any site from half acre to 40 acres would be considered.

The city is looking for a site, with or without a building that could be converted into city offices. The present city hall is becoming too small to handle the work load with the increasing population and duties of the new city, he said.

He said that the city is looking for a site, with or without a building that could be converted into city offices. The present city hall is becoming too small to handle the work load with the increasing population and duties of the new city, he said.

A road-building contract for 12 1/2 miles of roads was awarded to the Edwards Road Oiling Co. of Detroit for the low bid of \$5,389. Three other road oiling firms had submitted bids on the project.

The transfer of \$1,350 from the current fire protection budget to cover the cost of new salaries for the remaining portion of the fiscal year, and for gas and maintenance for a recently purchased police car was approved by Councilmen.

Approval was given for the transfer on the recommendation of city accountant Robert Clark who told the Council that the fire budget had nearly a \$6,000 surplus from the \$11,000 allocated from both Commerce Township and Novi.

The transfer includes \$1,000 for a new police officer, \$800 for extra clerical help, and \$500 for police car expenses.

The reappointment of Jay Seno as constable also was approved by the Council.

Councilman Mrs. John Chambers, Wixom chairman for Michigan Week which begins Monday, invited all residents of the city to take part in a special tour of the Lincoln plant Wednesday.

Anyone wishing to take the special tour should be at the city hall at 9:30 a.m., she said.

Cotton Pickin' Revue Being Staged Tonight

The Avondale High School's musical production, "The Cotton Pickin' Revue," will be staged at 8 p.m. today in the school auditorium.

Patronized after an old-time minstrel show, the program will feature an all-male chorus line and Avondale School Board members, Earl Wilson and Floyd Cobb as Capt. Bill and Honeywreck respectively.

Other features will be a string trio, a professional barbershop quartet and a Dixieland band.

Lake Orion Students' 'Riot' Ends Quickly

By DECK HANSON
Suburban Editor

LAKE ORION — It wasn't much of a spring day — rather depressing, which probably had something to do with yesterday's student ruckus at Lake Orion Community High School.

When the trouble began, an unidentified student phoned The Press. "There's a riot breaking out here," she said.

Actually it was more like a student strike, though short-lived. There was no violence. Some 500 students simply refused to return to their classes after the lunch period, they snuffed around in the halls instead, flagrantly disobeying teachers.

Unable to regain control, Asst. Principal James Hoag called for a meeting with the Student Council.

The students were on their lunch period — a time which they feel is their own. Council members explained.

Nobody felt like going outside. It was a gray, uninspiring day. After a long winter spent mostly indoors, the ping-pong and other game tables had lost any interest they offered.

The 500 students stood around talking instead, sort of waiting for something to do, as youngsters invariably will when things get dull.

Quite a bit of noise stirred up in the boys' lavatory. The door opened and a few of the youths carried their roughhousing out into the hallway.

TEACHERS, ALARMED

Alarmed at the sudden eruption, teachers instructed the students to go into their lounge, the cafeteria or the gym.

Recalled of this intrusion on what they felt was their own time, they refused to move. Then when the bell rang they also refused to re-enter the classrooms.

Hoag informed the student council the reason students couldn't gather in large numbers in the hall was because several windows had been broken unintentionally during the past.

The huge pane glass windows make up most of the hallway outside walls, and it is easy to understand how, with a bit of roughhousing, someone could be hurt.

Do FALSE TEETH Rock, Slide or Slip?

FAKETEETH, an improved prosthesis, is not attached to upper or lower plates. FAKETEETH takes more firmly to place. It can slide, slip or rock. No gummy, sticky, party taste or bad odor. FAKETEETH (Faketeeth) does not stain. Complete plates and partial dentures. At Drug, Dept. 6-5400.

badly if pushed through a window of this type.

Earlier reports that the students were breaking the windows maliciously or wantonly at this time proved erroneous.

About ten minutes after the meeting ended, the students began returning to the classrooms though still restless.

CALLS ASSEMBLY

Hoag, in the absence of the principal, called a general assembly of the student body in the gym.

Addressing the students, Hoag labeled the ruckus a misunderstanding. He apologized for not having informed the students before the school superintendent's office.

The school election will be held June 13.

The two three-year-terms expiring are held by Jack Crawford and Dr. Harold Morris. Both are seeking re-election.

Unlike most school districts Novi will not have to increase its five-member school board by two members as required for many school districts by recent state legislation.

Holding Rummage Sales

ROCHESTER — The Confraternity of Christian Mothers of St. Andrew Catholic Church is sponsoring a rummage sale in the church hall today and Saturday.

The sale, after passing the Senate, was returned to the House for presentation to the Governor.

Sen. L. Harvey Lodge (R-Oakland County) said his immediate concern is getting the bill through the West Eight Mills road urban renewal project. He said 500 families there still are housed in emergency units.

"They are subject to being evicted June 30 and would have no place to go," Lodge said.

Other emergency projects still occupied, he said, are in Oakland, west of Wyoming in Detroit, Inkster, and the Benton Harbor, Muskegon and Battle Creek areas.

The bill, after passing the Senate, was returned to the House for presentation to the Governor.

Sen. L. Harvey Lodge (R-Oakland County) said his immediate concern is getting the bill through the West Eight Mills road urban renewal project. He said 500 families there still are housed in emergency units.

"They are subject to being evicted June 30 and would have no place to go," Lodge said.

Other emergency projects still occupied, he said, are in Oakland, west of Wyoming in Detroit, Inkster, and the Benton Harbor, Muskegon and Battle Creek areas.

Mother-daughter duo Mrs. Charles H. Allen and Suzanne of Pioneer drive show grandmother Mrs. Charles F. Allen of Watkins Lake road their look-alike dresses in preparation for All Saints Episcopal Church Guild Three's

mother-daughter banquet. Mrs. C. Harmon Gillen and her daughter Betsy will present a program entitled "Dolls Around the World" at the May 19 affair in the church.

Have Cake, Eat It, Too—but Hers

By EMILY POST

Dear Mrs. Post: We have been invited to dinner at the house of former neighbors of ours who recently moved to the suburbs. When they lived nearby we visited them often but never had dinner with them.

I would like to know if it would be proper for me to take a home-made cake with me for the hostess. I am considered a very good baker and I thought it would be nice to take a cake.

However, I have been told that it is not proper to take food when invited to anyone's house for dinner as it implies that she might not have enough to eat. I certainly don't want to do the wrong thing.

Answer: Unless your cakes are an outstanding specialty and you have reason to believe that she would very much like to have one, I would not advise you to take a cake.

Dear Mrs. Post: Will you please tell me the proper way to shake hands?

Answer: The proper handshake is made briefly, but there should be a feeling of strength and warmth in the clasp.

This does not mean a vise-like grasp—that temporarily paralyzes the fingers of the other person nor should you proffer a boneless hand as though it were a spray of seaweed or a boiled fish. Women merely clasp hands, give them a dropping movement rather than a shake, and let go.

Dear Mrs. Post: I'm having a small wedding (about 75 guests) and the same number also to the reception, at which only little sandwiches and cakes will be served with champagne.

I think we should enclose reply cards for answers and Mother feels that these might suggest more of a reception; that is, more food. Do you think so?

Answer: I agree with your mother that the request for a reply would suggest a rather elaborate collation.

Some Area Comings and Goings

By MATH SAUNDERS

Mr. and Mrs. Frank J. Orman of Wadlington road were hosts at dinner Saturday at the Detroit Athletic Club honoring bride-elect Jacqueline Ruth Irvine and James Venable III who will be married in Christ Church Cranbrook. The bridegroom-elect's mother Mrs. Patricia S. Dolan is giving the rehearsal dinner this evening at Kingsley Inn.

Mr. and Mrs. Waldemar A. P. John returned today from a visit with Mr. and Mrs. Bert Baston in White Cloud, Minn.

Mr. and Mrs. Karl M. Richards and their son Robert leave Sunday for a tour by

plane of Central and South America.

Mr. and Mrs. LeGrand Daly Jr. of Laguna Beach are moving to Reading Pa. They stopped off this week with their two small daughters for a visit with Mrs. LeGrand Daly of Greenwood avenue.

Mr. and Mrs. Raymond T. Ferring have planned a Sunday morning breakfast party in their home on Yarrow road.

Their guests Sunday will include Mr. and Mrs. J. Thomas Smith, Mr. and Mrs. Graham J. Graham, the Lester L. Colver, the Harold A. Fitzgerald, Dr. and Mrs. How-

ard Barber, the Clarence Pattersons, Mr. and Mrs. Don Ahrens, Mr. and Mrs. Lester A. Colman, Mr. and Mrs. J. Robert Swanson, Mr. and Mrs. George Kennedy and Mr. and Mrs. A. C. Girard.

Cranbrook House, formerly the home of the late Mr. and Mrs. George G. Booth, will be the setting for the annual Founders Day tea Sunday afternoon.

Invitations on behalf of the Cranbrook Institutions were sent by Mr. and Mrs. Henry S. Booth.

Presiding at the tea tables will be Mrs. Arthur E. Moore, Mrs. Ernest A. Jones, Mrs. Thomas H. Hewlett, Mrs. Charles Hummel, John S.

Judd, Mrs. James A. Garlick Jr., Mrs. Lawrence R. Halstad, Mrs. Clifford B. West and W. E. Patterson.

Robert E. Kirk, who now lives in Syracuse, N. Y., brought his daughter Joan Sauer to visit his mother this past weekend.

Miss Sauer is the daughter of Mr. and Mrs. Norman Sauer of Syracuse, where the couple has announced the engagement.

Bob is the son of Mrs. A. Dale Kirk of Stratford Lane, Bloomfield Hills, and the late Dr. Kirk. He was graduated from Cranbrook School and Carleton College in Minnesota.

They will be married July 30 in Syracuse.

Pontiac Northern music students are preparing for their second annual spring concert. At rehearsal for the May 20 event are vocalists from left, Mel Oswald

of Jordan road, Sandy House of Walton boulevard, Ralph Clauson of Spence street and Pam Huntley of Richmond avenue.

Women's Section

Hold Reception After Wedding at Officers Club

Reception at the Kirtland Officers Club followed the marriage of Margaret Ursula Armstrong and Pfc. William Edward Walden in Kirtland Air Force Base Chapel. Lt. Col. Oscar Bryan, chaplain, officiated.

Former Pontiac residents, Major and Mrs. Watson Armstrong II, of Albuquerque, N.M., are parents of the bride. The bridegroom is the son of Mr. and Mrs. Fred Washington Walden of Marston road, Waterford Township.

The couple will live in Albuquerque where the bride will attend the University of New Mexico. She is a member of Delta Delta Delta sorority and Sigma Sigma Sorority. Pfc. Walden is currently stationed at Santa Rosa, Albuquerque.

Mary Marthas Give Luncheon

Host Church Women

The Mary Martha Group was luncheon hostess for the May meeting of the Women's Assn. of First Presbyterian Church. Mrs. Harry Wood was luncheon chairman.

The Rev. Galen E. Hershey conducted Bible study on the Psalms and Mrs. Robert Boggs led the worship service.

Mrs. Lester Carlson was chairman of the Friday program, "Take Now, Pay Later."

In a panel discussion were Mrs. Roger Gunn, Mrs. Lowell Armstrong, Mrs. Robert Davis, Mrs. John Abel and Mrs. Leiland Guest.

Announcement was made of a program to be presented by the Presbyterian Sage Memorial Hospital at Ganado, Ariz. May 27 at 8:30 p.m.

Mrs. Allan H. Monroe and Mrs. John Heitch attended the Women's Board meeting at Alma College Wednesday.

The United Presbyterian Synodical Society will meet at the college June 14-15.

Hairdressers Elect Officers

Ann Zilka has been elected president of the Pontiac Hairdressers Assn. Other officers, named when members met Tuesday at Hotel Walden, were Alice Thomas, vice president; Mary McDowell, recording secretary; Martha Simpkins, treasurer; and Virgie Chandler, financial secretary.

PNH Sets Spring Concert

The vocal music department of Pontiac Northern High School has set May 20 for its second annual spring concert. Dubbed "We Shall Have A Song," the concert is under the direction of Melvin Larmier.

In addition to Boys' and Girls' Glee Clubs, the Northern Choir will be heard. Ensembles which received top ratings at district vocal festivals will be featured.

A varied program of religious, patriotic and popular classics is planned for the 8 p.m. affair.

Tickets for the event which is open to the public will be available from all Northern vocal students or at the door.

Audubon Group Planning Hike

Dr. Daniel McGeen gave a lesson on "Spring Warblers and Their Songs" for Pontiac Audubon Club Wednesday in Hawthorne School.

Using slides and recordings, Dr. McGeen prepared members for their bird trip Saturday to Point Pelee, Canada. All members of the state Audubon Society have been invited to join the hike.

The group will meet at 8 a.m. in the Point Pelee parking lot.

Four Pages Today in Women's Section

"How's this?" Mrs. Carmen Tosto, left, appears to be asking as she gives an added tilt to the hat Mrs. Frank B. Thornberry will wear at Psi Chapter's Thursday fashion parade. Mrs. John

Spragg, right, wearing play togs, will join Mrs. Tosto and Mrs. Thornberry in modeling the latest in spring apparel.

Geranium Ball Is Tonight

Viennese Dance Club is dancing at a "Geranium Ball" this evening at Elks Temple.

Final dance of the season for the group, it will be preceded by a cocktail party.

Hosting the pre-dance gathering are Mr. and Mrs. William McClure, Mr. and Mrs. Vere Hodges, Mr. and Mrs. Frank Bonner, Dr. and Mrs. F. Milton Hathaway, the Allen Denhams and Mr. and Mrs. Ericson Blamy.

Others entertaining are Mr. and Mrs. Howard Purcun, Mayor and Mrs. Philip Rowan, the Harold Cousins, Mr.

and Mrs. John Niggeman, the Allen Hawkes and Dr. and Mrs. Peter Hoogerhyde.

Following the gala affair a breakfast party will be hosted by Mr. and Mrs. Adolph Magnus, the Jack Malins, Mr. and Mrs. Charles Galloway, Mr. and Mrs. Robert Willinson, Mr. and Mrs. Cecil Newstead and Mr. and Mrs. Ericson Lewis.

Others hosting the breakfast are the Cecil McCallums, Mr. and Mrs. Claire Hincley, the Arthur Comptons, Mr. and Mrs. Jack Padzopak, Mr. and Mrs. Hugh Hales and the Gordon Hayters.

Twenty-Nine at Shower

Mrs. Virgil D. Roberts Jr. was honored at a Thursday shower in the Royal Oak home of Mrs. D. E. Coopers.

Mrs. Virgil Roberts and Mrs. Francis Needie, mother of the junior Mrs. Roberts, poured. Twenty-nine guests were present.

Spring Spice

(NEA) — For real spring spice, try wearing a black-and-white dress under a red coat. Plush-off-with dazzling patent leather pumps, handbags and spanking white gloves.

To Show Future Fashions

"Tomorrow's Fashions Today" will be the theme of a style show and card party slated 8 p.m. Thursday by Psi Chapter of Sigma Beta national sorority.

Selma's Smart Shop of Rochester will provide fashions for the event in Pontiac Federal Savings and Loan Building. Working with general chairman Mrs. James DeFlorio are Mrs. John Spragg, decorations; Mrs. Carmen Tosto, table prizes; and Mrs. Jerry McKay, publicity. All of the above members will model.

Models also will include Mrs. Jack McKay, Mrs. Joe G. Benson, Mrs. Thomas Thornberry, Mrs. Joseph Mooney, Mrs. Jack Kadrny, Mrs. Clement Berden, Mrs. Morgan Sigle Jr. and Mrs. William Deuman.

Refreshments will be served. Tickets may be purchased at the door.

Missionary Talks

The Rev. William McKee, missionary to the Philippines, spoke of his work before members and friends of Loyd Baptist Church Tuesday evening.

Mrs. Frank Redmond and her committee served dinner.

Psi Chapter of Sigma Beta Sorority members are undaunted by chilling mercury readings as they complete plans for a style show "Tomorrow's Fashions Today." Mrs. James Chartier, left, who will model

at the Thursday show, receives smiles of approval from Mrs. Charles Fournier (with clip board), president, and, from left, Mrs. Ezio Bisogni, tickets chairman, and Mrs. Roy Meggitt, social chairman.

If you're looking at yourself critically before going out on a date, don't depend on a flat mirror. You may look wonderful feeling it, but don't leave the house without a good back look at yourself.

Don't Play With Fire

Should Ask Him to Bring a Lady Friend

By ABIGAIL VAN BUREN

DEAR ABBY: My husband's best friend is in love with me. He has never touched me or said anything suggestive to me, but I know it as sure as I am living. It is so apparent that even my mother noticed it. We are all in our thirties. This friend has never married. I love my husband and children very much, Abby, and I don't want anything to happen to my marriage. This man works with my husband, and my husband brings him home for dinner very often.

ABBY

The children love him, and he adores them. Is it wrong to be too kind to people, Abby? How do I discourage him? When he looks at me I see desire in his eyes. I am not

mistaken. A woman knows those things.

Help me, please. I am a bundle of nerves over this. I've never talked to my husband about it. He doesn't suspect a thing.

DEAR BUNDE: Tell your husband that when he invites his friend to the house for dinner, he should ask him to bring a lady friend of his own. Or else you invite one.

DEAR ABBY: When I was growing up my parents thought it was impolite for children to call adults by their first names. As a result I was told that this was "Aunt Joan and Uncle Bill." Years later I learned that these people were not my real aunts and uncles at all—just good friends of my parents. It was terribly confusing. I am raising children now, and I too feel that they shouldn't call adults by their

first names, but I don't want to start "Aunt Joan and Uncle Bill" business. Have you or your readers any suggestions? "Mr. and Mrs." is too formal. YOUNG MOTHER

DEAR YOUNG MOTHER: I agree that children shouldn't call adults by their first names. But "Mr. and Mrs." denotes respect—not formality.

DEAR ABBY: I have two Mexican Chihuahuas dogs and every time she comes to my house she brings them. I don't mind dogs as a rule, but these two look like a pair of skinned rats and I detest them. She lets the run all over the living room and my sofa covering is already full of snags from their sharp claws. I have a six-year-old boy, and when my daughter-in-law comes with her dogs I have to ask him to stay in his bedroom because the dogs are jealous of him and they keep barking until he leaves.

How should I tell her I like to have her visit me, but to please leave the dogs home? DEAR MOTHER-IN-LAW: Tell her that it is unfair to your son to be confined to his bedroom because she and her dogs are visiting. Say it in a friendly way—but say it.

CONFIDENTIAL TO "IN LOVE WITH A MAN WHO HAS TWO HEARTS": He wants to have his cake and eat it, too. He hasn't "two hearts"—he has two hats: One to wear and one to talk through.

"What's your problem?" Write to Abby in care of this paper. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's pamphlet, "What Teen-agers Want To Know," send \$2 and a large, self-addressed, stamped envelope in care of this paper.

Cornell-Bauer Nuptials Spoken at St. Michael

White chrysanthemums and glad-till-banked the altar of St. Michael Church for the Saturday morning nuptials of Ruth Gertrude Bauer and Robert George Cornell pledged before the Rev. Charles Cushing.

The Joseph Bessers of Clarence street, parents of the bride, hosted the evening reception in a local UAW Hall.

Carol Bauer in pale turquoise silk organza, was her sister's maid of honor. She carried pink daisies. Juliette Barber of Detroit and Mrs. Gerald Kolb, bridesmaids, also wore turquoise and carried aqua daisies.

White Alencon lace over satin fashioned the bridal gown which swept into a chapel train. The fitted bodice was of lace, with sabrina neckline, the gown featured long tapering sleeves.

The veil of French illusion was secured by a lace caplet. White roses and carnations were arranged in a cascade bouquet.

Thomas Cornell of Detroit stood as best man for his brother. They are the sons of Mr. and Mrs. Perivall W. Cornell. Royal Oak. Guests were seated by Robert Sedor of Detroit and James Wright of Warren.

To begin the honeymoon trip through the southern states, the bride changed to a pink cotton cord suit with black accessories. She is a graduate of Mount Carmel Mercy School of Nursing.

Mrs. Bauer chose blue lace with matching accessories for her daughter's wedding. Lilac accessories complemented Mrs. Cornell's blue and lilac printed silk organza dress. Both mothers wore orchids.

The newweds will live in Detroit.

MRS. ROBERT G. CORNELL

Did You Ever See Purple Cowhide?

NEW YORK (UPI)—A lot of folks who never saw a purple cow probably will be resting their eyes—and maybe themselves—on purple cowhide during 1960.

The prediction, from members of the Upholstery Leather Group, is coupled with a report that orders for purple leather are up.

County OES Confab Set for May 26

At the May business meeting of Pontiac Chapter 228, Order of the Eastern Star, worthy Matron Mrs. Mary Erickson announced the Oakland County Assn. meeting May 26 at the Hazel Park Chapter.

Charles H. Moore, associate patron, presented a proficiency class of two: Mr. and Mrs. Andrew W. Mitchell.

Invitations for friendship nights were received by Mrs. Charles Bonham to Thomas chapter, Tuesday and Mrs. Floyd Levely to Royal Oak chapter, May 26.

Adrian chapter will observe Villa Day June 5. Special services for all Meane families in Bethany Baptist Church are set June 19.

Refreshment co-chairmen for Monday's meeting Mrs. Clarence Curry and Mr. Moore, were assisted by Mrs. Moore, Mrs. Eldon Sweazy and Mrs. Minnie Smith.

Grands Gather

Past Noble Grands of Pontiac Rebekah Lodge No. 450 met for luncheon Tuesday at the Euclid street home of Mrs. Leslie Bibby.

Mrs. Raymond Kline of Sylvan Lake will be hostess for the next meeting.

To Retail Wares of Afflicted

A sale for the Detroit League for the Handicapped, Inc., will be held Monday at the home of Mrs. James J. Nance on Loze Pine road, Bloomfield Hills.

The merchandise, all made by handicapped persons, will include household items, travel accessories, gift items, clothing and toys and hand knit garments for infants and children.

Mrs. Vance is special chairman over all sales. They are slated for Friday at Dearborn and May 18 at Gross Pointe Farms.

Mrs. R. Jamieson Williams, chairman of the retail division for Detroit League for the Handicapped, is assisting Mrs. Nance.

Sales committee members are Mrs. George Booth, Mrs. Warren Booth, Mrs. Ernest Breach, Mrs. L. L. Gilbert, Mrs. Magnus M. Burgess, Mrs. Morgan Douglas, Mrs. Roy Fruehauf, Mrs. William S. Gilbreath and Mrs. William Gossett.

Others are Mrs. Jack Cummings, Mrs. Semon Knudsen, Mrs. Harvey Kresge, Mrs. Roger Keyes, Mrs. Paul M. McKenney, Mrs. John R. MacManus, Mrs. John Richardson, Mrs. Fred Sanders, Mrs. John Stevenson, Mrs. Frederick Strong and Mrs. Robert Taylor.

Completing the list are Mrs. Richard Teel, Mrs. Wright Tidale, Mrs. Robert VanderKloot, Mrs. Paul Shine, Mrs. Edward S. Wellock and Mrs. Theodore Yelena.

Also elected were Mrs. Ralph Purcell, vice president; Mrs. Paul I. Spadatore, corresponding secretary; Mrs. Robert Randall, recording secretary; and Mrs. Donald Lucarelli, treasurer.

Mrs. Joseph Bonfiglio is chairman of the installation banquet slated May 26. Officers will assume duties in September.

Plans for a rummage sale at the club hall May 27 were announced by Mrs. William Dimas, chairman. Hours are from 9 a.m. to 2 p.m.

Hostesses were Mrs. Ralph Hanna and Mrs. Robert Mazza.

Presbyterians Set Banquet

Women of the Joslyn Avenue United Presbyterian Church will celebrate a mother-daughter banquet at 6:30 p.m. Wednesday.

Mrs. Myron Lockhart will be toastmistress. Others who will participate are Patricia Stewart, toast to mothers; Patricia Hagberg, piano solo; and Mrs. Hugh Stimson, toast to daughters.

Women's Club Elects Officers at Gathering

Officers were elected when Pontiac Business and Professional Women's Club met Tuesday at Hotel Waldron.

Rosemary Haebler was named president. Others elected were Mrs. Anne Stapp, first vice president; Mrs. Leo McDonald, second vice president; Mrs. Amy Carlson, recording secretary; Mrs. Glen Rivard, treasurer; and Mrs. George Pudduck, corresponding secretary.

Mrs. Sanford Craft, Mrs. Harry Randall and Mary Eleanor Lockman were appointed directors. Vera Bassett was named auditor.

After contributing to the BPW International Delegate Fund, members voted to con-

time support for the scholarship of Basile Lammont for her second year at Michigan State University Oakland.

Announcement was made of the Golden Gavel dinner slated May 18.

Promenaders to Dine, Dance

The Promenaders Square Dance Club has scheduled the annual dinner-dance for May 21 in the CAI Building, Waterford.

The Warren Allens taught the "Wonder Waltz" at a special dance Saturday in Hawthorne School.

Signing the guest book were Mr. and Mrs. Mervin Kintz, the Michael Garks, the Ralph Hemmerlys, Mr. and Mrs. Edward Zelinski, George Newton and the Reginald Edwards.

Carol Eppler Weds

Vows Given in Florida

A reception-dinner at Lehigh Acres Country Club, Fort Myers, Fla., followed the marriage of Carol Eppler and Timothy Robert Mulholland, Friday in Lehigh Acres Chapel. The Rev. Arthur K. Blase performed the double-ring ceremony in the presence of the immediate families.

The Glen W. Epplers of Morse Shores, Fort Myers, former Pontiac residents, are parents of the bride. The bridegroom is the son of Mrs. Evelyn Mulholland of Birmingham, and Robert Mulholland of Detroit.

Plush pink silk organza over tulle fashioned the bridal gown, worn with shoulder-length veil of imported French pink illusion held by a petal cap of pink velveteen.

Her flowers were pink sweetheart roses.

Honor maid Dorothy Roach of Fort Myers wore a street-length dress.

Personality-Femininity

Identify a delightfully different diamond set. Dainty in design, the engagement ring can double as a fancy ring for the third finger, right hand. The maximum effectiveness, however, is achieved when worn together.

Why there's no heat like ELECTRIC HEAT WHEN YOU'RE ADDING ROOM

ADD MORE ROOM WITHOUT STRAINING YOUR PRESENT HEATING SYSTEM. Planning to enclose a porch or breezeway? Adding a bedroom or family room? Then be sure of cold-weather comfort by installing electric heat! It's easy and practical to do because electric heat is installed and operates independently of the existing heating system, no matter what type you now have.

EVEN HEAT, HEAD TO FEET. In an electrically heated room, the temperature seldom varies more than two or three degrees from floor to ceiling. There are no strong drafts—just even, cozy warmth.

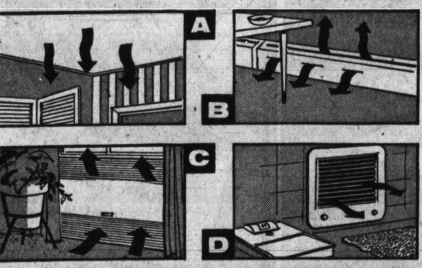

INSTANT HEAT. Electric home heating is fast because the heat source is right there, in the room. And independent operation makes it ideal in spring and fall when one or two rooms need heating while others are warmed by the sun. Individual thermostats in each room make it possible to keep rooms at different temperatures automatically.

CLEAN HEAT. Electric heat is heat by wire instead of fire—it never creates smoke or soot. Walls and furniture, draperies and carpets will require less frequent cleaning.

MATCH THE HEATING UNITS TO MEET YOUR NEEDS

Popular built-in electric heat systems use (A) cable embedded in ceilings, (B) baseboards, (C) forced air units or (D) radiant panels set into the wall.

For highest efficiency, choose

Synagogue Scene of Banquet

B'nai Israel Sisterhood members held their annual mother-daughter banquet Tuesday at the synagogue on Oneida road.

A circus theme was featured with a clown and magician act, Jackson and Rudy, providing the evening's entertainment.

Mrs. Irving Koper, sisterhood president, gave a welcoming speech and then turned the program over to mistress of ceremonies Mrs. Sydney Rachwal.

The sisterhood's mother and daughter of the year Mrs. John Rothschild and Sylvia offered a tribute to mothers and daughters present. Mrs. Koper and Mrs. Harold Blumeno gave presentations to the eldest mother present, mother with the greatest number of daughters present and grandmothers with the largest number of granddaughters in attendance.

The blessing was read by Mrs. Israel Goodman. Mrs. Morris Blumeno recited the closing prayer.

At the conclusion of the program a net was opened releasing hundreds of balloons for the youngsters. Favors were donated for each person present.

Committee for the banquet was headed by Mrs. Rachwal. Co-chairman was Mrs. Harold Blumeno.

Others helping were Mrs. Stanford Corn, decorations; Mrs. Alvin Jacobson, reservations; and Mrs. Charles Jacobs, Mrs. Harold Lipshaw and Mrs. Joseph Partney.

Hair Styling

(NEA) — Here are a few tips on hair styling: With a full face, the hair should never be parted in the middle. If your forehead is narrow, the hair should be brushed straight back from it at the temples. And though it may not seem credible, a chinup helps a narrow or receding chin.

We can fit you in a UNIFORM

If you work and want to look your best! See our Big selection of Junior, Misses, Large size Uniforms.

Hawthorne PTA Ready for the 'Roundup'

Hawthorne Elementary School's PTA has completed plans for a "Roundup" from 2 to 6 p.m. Saturday.

Mrs. Norbert Hoffman, general chairman, has been assisted by Mrs. Vern Rollins.

Mrs. Ray Linney is chairman for the general store which will offer dolls dressed in hand-made costumes, aprons and other handwork.

Other chairmen are Mrs. Vincent Rodgers, fish pond; Mrs. Melvin Bourman, talent show; Mrs. Harriet Bryant, games; Mrs. Harold Dean, white elephant and plants; and Mrs. Fred Sartell, used books and toys.

FANCY HATS FEATURED

A make-up booth, operated by Mrs. Elmer Partridge, will feature fancy hats made by mothers.

Additional chairmen are Mrs. Theodore Schroeder, auction sale, with Mrs. Sidney Sliva as auctioneer; Clara Edwards, "Guess Yer Weight" stand; Wesley Stewart, tickets; and Mrs. Robert Petty, kitchen—where pizza will be a specialty.

Neil McClelland is chairman for pony and locomotive rides and Wilfred Duff and Kenneth Gidley are supervising hay rides. The Rev. George Halk will operate the merry-go-round.

Completing the list are Mr. and Mrs. Ralph Ashmead, Mrs. Martin Butler and Mrs. Leslie Hudson, refreshment stands; Mrs. John Tabet, baked goods and homemade candy; Elmer Partridge and Mrs. Loren Anderson, traveling refreshments chairmen; Mrs. Donald Humphries, "pocket lady"; and Louis Anthony, clown with balloons.

Blue Star Unit Gets Together

A report on the recent Past Presidents meeting in Detroit was heard when Blue Star Mothers of America, Chapter Four, met Tuesday at Pontiac YMCA.

Mrs. George Leduc, president of Past Presidents' Club, and Mrs. Helen Smale attended the conference.

Delegates were elected for the state convention scheduled June 6 in Detroit. Mrs. Florence McCrae and Mrs. Alvin Cowley will attend. Alternates are Mrs. Edward Schram and Mrs. John Yung.

Mrs. Leslie Anderson is a new member of the chapter.

Photo From Photos

Paper plates, ribbons, crepe paper and flowers will fashion bonnets for the fancy hat booth at Hawthorne School's PTA "Roundup" Saturday afternoon. Student Laura Hoffman is

the center of attention as, from left, Mrs. Elmer Partridge, Laura's mother Mrs. N. J. Hoffman and Mrs. Roy Linney assist her in modeling the unique chapeaux.

Christina Partridge, sixth grader at Hawthorne School, seems entranced as she gazes at the colorful doll display for the school's PTA "Roundup" Saturday.

day, Steve Linney, second grader, casts a "What's all the fuss about?" look as he heads for a chat with the pony and locomotive ride chairman.

Art Exhibition at Cranbrook

Students at Kingswood School Cranbrook honored their mothers, families and friends on Mother's Day with an annual tea and the opening of the Student Art Exhibition. The 20th annual art show will be open to the public until June 1.

Winning entries in the art show were announced, following judging on Saturday by Franklin Page, curator of contemporary art at the Detroit Institute of Arts, and Carl Firth of Detroit, watercolorist and designer.

First place winners in the various weaving divisions are Yvette Dumie, Bloomfield Hills; Susan Shile, Southfield; Patricia Marsh, Bloomfield Hills; Kathleen Severs, Birmingham; Patricia Wilson, Clarkston; Rebecca Parsons, Springfield, Ohio and Julie Frank, Birmingham.

First prizes for ceramics were given to Susie Bunt, Bloomfield Hills; Edith Schaffer, Detroit; and Christina Norvell, Bloomfield Hills.

Alisa Bushong of Traverse City won first in the life drawing division.

First place awards for general art went to Christine Jones, Bloomfield Hills; Jane Carlson, Bloomfield Hills; and Carol Yamasaki, Troy.

Public visiting hours are: Mondays through Fridays, 4:30 to 5:30 p.m.; Saturdays, 2 to 4:30 p.m.; closed Saturdays.

Judith Ann McKerring Says Vows in Flushing

Judith Ann McKerring and James Richard Dean exchanged wedding vows before the Rev. Matthew J. Fedewa Saturday in St. Robert Church, Flushing.

Daughter of Mrs. Bernard Harry McKerring of Flushing, and the late Mr. McKerring, the bride was given in marriage by her uncle, Clark Davis Heenan of Cherokee road.

A fingertip veil of illusion held by a jeweled crown complemented her gown of white silk organza, styled with fitted bodice and full hooped skirt. White carnations were arranged in a semicircular bouquet.

Mrs. William Blasznak of Saginaw, matron of honor, appeared in yellow silk organza and matching hat.

Bridesmaids in aqua silk organza were Barbara Girard and Mrs. Jack Johnson of Flint, with Catherine Graham and Mrs. Joseph Pellens of Flushing. All carried yellow carnations.

The bridegroom, son of Mr. and Mrs. Leslie Herbert Dean of Crosse street, was assisted by William Blasznak, best man. Seating guests were the bride's brother John, Kenneth Bonagore of Ulen, Thomas Kertz of Birmingham and John Smith of Chicago.

Over 250 guests were received at afternoon and evening receptions in the home of the bride's mother. The newbrides will live in Royal Oak on their return from a northern Michigan honeymoon. The bride attended Flint Junior College and the bridegroom is a

Stevenson Asks Prayers for Ike

Says Summit Is Fateful and Spy Blunder No Reason for Censure

CHICAGO (AP) — Although branding the spy plane incident a blunder by the Eisenhower administration, Adlai E. Stevenson has declared that this is no time for partisan censure.

"This summit meeting is too fateful for any American to risk making the President's task even more difficult," he said Thursday night.

Stevenson, who urged Americans to pray for the success of the President's mission to Paris next week, said the downing of a U2 plane over the Soviet Union has caused "a drop in America's reputation around the world."

The temperature has fallen sharply at the summit, he declared, adding that he hoped the incident will not lead the Soviets to "really question our good faith in seeking a way to peace."

Stevenson, defeated Democratic presidential candidate in 1952 and 1956, spoke before a session of the Conference of World Veterans at the University of Chicago. Delegates from over 100 countries are meeting there to discuss ways of easing world tensions.

While backing the President on the necessity for gathering intelligence — that was the mission of the plane downed May 1 — Stevenson said:

"But our timing, our words, our management must and will be sharply questioned."

"In short, our government blundered and admitted it. And the blunder has made the President's task at the summit meeting more difficult. Changes must and will be made."

Referring to Premier Nikita Khrushchev's angry statements after the downing of the plane, Stevenson said, "I hope that Mr. Khrushchev's intemperate words will not discourage us from the most serious and patient negotiations."

Officer to Attend Police-Public Relations Confab

Pontiac Police Sgt. John Williams will attend the sixth annual National Institute on Police-Community Relations Sunday through Friday, at Michigan State University's Kellogg Center in East Lansing.

The institute, sponsored by the MSU School of Police Administration and Public Safety, and Continuing Education office, seeks to improve relationships between police and community agencies.

Cooperating agencies are the National Conference of Christians and Jews, International Assn. of Chiefs of Police, Michigan Assn. of Chiefs of Police, and the Michigan Sheriff's Assn.

Studying Skin After Sunburn

Scientists Interested in Irradiation, Also Cancer Research

OKLAHOMA CITY (UPI) — The age-old mystery of why the sun turns one person's skin a golden-brown, while the fellow lying next to him on the beach turns beet-red, is one of the newer projects at the University of Oklahoma Medical Center here.

A research team, led by Dr. John H. Lamb, chairman of the Department of Dermatology, will submit light complexioned guinea pigs to sunbaths for the next three years to try to find out if there is a protective agent present in some to ward off painful burns and rashes.

The scientists are concerned with more than whether the American beach population is comfortable, however.

Their next purpose is to examine skin tissue for changes in the molecule acids, skin enzymes and other factors in cell division and growth that may occur when they are exposed to radiation.

Before the guinea pigs are exposed to ultraviolet light, some will be injected with photosensitizing chemicals. Effects of such and tranquilizing agents will be studied, since many persons are unable to use them because they produce sensitivity to light.

Dr. Lamb hopes one byproduct of the new information about cellular changes will be a new understanding of how cancer in skin develops.

Pion Rummage Sale

WHITE LAKE TOWNSHIP — The Martha Society of Cedar Crest Lutheran Church will open its exchange shop for a rummage sale without price tags from 10 a.m. to 4 p.m. Saturday in the church basement. Donors are asked to bring their items in tomorrow.

PLANNING ARMED FORCES SHOW — Next week is Armed Forces Week across the nation and local military power will be in evidence at Miracle Mile Shopping Center, on Telegraph road. Working on plans with models of weapons to be exhibited are (from left) Bernie Salvatore, Maj. A. A. Brower, Sgt. Winford H. Lewis,

and Lt. Ronald Kasher, Salvatore, of The Pontiac Press advertising department, is working on promotion. The officers are from Pontiac's Army Reserve Training Center. The huge show will take place May 19, 20, 21.

Fifty Arrested in Chattanooga

Negroes Sing, Loiter at Lunch Counter; Others Served at Nashville

By The Associated Press

The first mass arrests in Chattanooga, Tenn., since the riots in February sent 50 hounding young Negroes off to jail, two of them dripping wet from a hose.

They were arrested Thursday during a demonstration in the downtown Kress store. Manager Robert V. Thacker said when they refused to leave the white lunch counter he threatened to turn a water hose on them.

All but two left, he said, and "we hosed them (the two) down real good." The others then returned and police arrested them on charges of disorderly conduct and loitering. Thirty-two juveniles were sent to a detention home. The others, jailed under \$100 bond each, face a preliminary hearing in City Court today.

At Nashville, Tenn., however, Negroes were served without incident at lunch counters for the third day in a row.

But Conservation Commissioner Bruce McBride, whose department administers hotel and res-

taurant regulations, asked Atty. Gen. George McClellan if the integration of six Nashville lunch counters violated state regulations requiring segregated eating facilities. The attorney general's office decided comment pending study of the law.

There are 55 separate American Indian languages and many dialects as well.

Has Plain Black Coffee Now Become Extinct?

By EARL WILSON

LONDON—Whatever happened to black coffee?

As a farm boy in Ohio, I learned to love coffee with rich cream and much sugar, but as the years raced on and the waistline pushed out, I switched to black coffee with saccharine. And now, sweet-tempered although I am known to be, I get into more idiotic arguments just trying to get some black coffee.

Lisa Ferraday and her rich husband, Jack Anderson, of Detroit, were hearing my lament here—I may as well ask your help, too.

"Black coffee," I say to the waiter, for example.

"Espresso?" he asked hopefully. Espresso is supposed to be chic today. In Hollywood or London it's smart. But when the B.W. and I were married close to 25 years ago and lived down on Blooming St. in N.Y., they had espresso machines—and I didn't like it then.

"No espresso, just black," I say.

So he brings me espresso. I push it back at him. "Just plain black," I say patiently, having been through this before. He brings me coffee with cream.

"I asked for plain black coffee," I mention.

He hangs the cup down and aloofly the cream-colored coffee all over me.

"You asked for plain coffee," he snaps. "This is plain coffee."

"It's got milk or cream in it," I argue.

"That's what plain coffee is," he snarls. "Everybody knows that..."

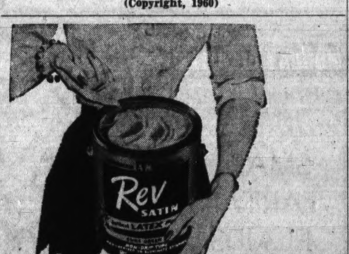

I have the same trouble all over.

Transport Workers May Strike Penns

PHILADELPHIA (AP)—A strike vote June 6 against the Pennsylvania Railroad by its nonoperating unions was announced Wednesday by Mike Quill, president of the Transit Workers Union.

Quill told a news conference that the Transport Workers, Sheet Metal Workers, Machinist and Boilermaker Unions were in agreement on the strike vote. The number about 33,000 employees, he said.

Quill said the decision came after three years of negotiations with the railroad failed to settle disputes mainly involving work rules. Wages also are involved, but Quill said this was not a major point.

Winnipeg has become Canada's fourth largest city.

Save on Wall to Wall Carpeting

From the
Press BoxBY BRUNO L. KEARNS
Sports Editor, Pontiac Press

The personable Duffy Daugherty, head football coach at Michigan State, is unhappy about the edict of the Detroit Lions banning quarterback Earl Morrall from playing in Saturday's Old-Timers' game at East Lansing.

Duffy feels the Lions are "setting a dangerous precedent" by forbidding players to compete in these type games, but the Lions feel Morrall should not be taking a chance on injury which might hurt his own pro career and also the team.

The smiling MSU coach often comes up with some pretty good arguments in football controversies, but this is one time we are inclined to go along with the Lions' thinking.

It is important for a pro player to be physically sound to give maximum effort. Professional athletes are his bread and butter as long as he chooses to participate.

No phase of athletics stresses as much importance on winning and losing as does professional sports, and the loss of a key player will make a big difference in this respect.

With Tobin Rote gone, the quarterbacking job falls on Morrall's shoulders next season. The Lions have every reason to be concerned over anything he might do which would hamper or prevent him from giving a healthy account of himself when he takes over the duties.

An injury to Morrall would mean nothing to Michigan State at this time. It would mean a lot to Morrall and the Lions, however.

The Steve Junker case is evidence enough of what injury cost him and the Lions. He played in the Xavier alumni game a couple springs ago.

He had a great freshman year with the Lions, but after a leg injury he sustained in the alumni game, Junker never returned to his first-year form.

Surgey failed to correct the situation and all last season he sat in the grandstands.

Junker will take another crack at making the team this year and the chances are he will fail. Aggravation to that injury could end his dreams of a pro career.

Last year the Lions talked about making the ban, but did not carry it through, although they made it known they were not in favor of players participating.

Except for Morrall, other Lion players are not banned from playing this year.

It's great to go back to the old Alma Mater gridiron again, but players themselves now must realize they have assumed new responsibilities in a pro career.

They get paid for their performance and they are obligated to give their best effort for their team, the fans and themselves.

This is one time Duffy is wrong.

Red Sox Going Wild at Home

By The Associated Press

Boston's Red Sox, playing their best at home, as usual, suddenly have won four in a row and six of their last seven, burling into second place, only a half-game shy of the American League lead. And it's all happened just 2 1/2 weeks after that talk about club dissension and a quick gate for Manager Billy Jurges.

They made it with their second victory over Chicago's first place White Sox, a 1-0 decision on Tom Brewer's two-hit pitching and a ninth-inning single by Pete Runnels, who took over the AL batting lead at .426. Bob Shaw was the loser, giving up nine hits.

Boston leap-frogged the New York Yankees, who skidded from second to fourth with a 3-1, 11-inning defeat by Cleveland. The

Indians, taking third place and also within a half-game of the lead, put it away on Russ Nixon's home run as right-hander Gary Bell outduelled Ralph Terry for his first victory over the Yankees in six career decisions. The second division clubs—Baltimore, Detroit, Washington and Kansas City—were rained out.

It was a long time coming, but Brewer, a 6-foot-1 right-handed veteran, finally got square with the White Sox. It was his sixth year to the day that Brewer, 28, pitched a three-hitter in his first complete game in the majors—and lost 1-0 at Chicago.

This was his 13th shutout in the majors, but the first against the White Sox, whose only hits were a first-inning double by Minnie Miñoso and a third-inning single

by Luis Aparicio. Brewer, now 24, faced 30 batters, struck out one in his first complete game. A fifth-inning doubleplay wiped out the only walk he allowed. He hit Jim Landis with a pitch in the eighth.

The Red Sox beat Shaw (2-2) for the first time in three career decisions with the help of his two-base error. Rookie Lu Clinton opened the sixth with a single and went to third when Shaw threw wild on Don Gile's bunt. Pitcher Gary Geiger then got a hit off Shaw's glove that loaded the bases, and after pinch-hitter Ted Williams hit into a force out at the plate, Runnels broke it up.

Runnels was 3-for-4, gaining 13 points, while Yankee Roger Maris fell to second place in the batting race at .293 with an 6-for-20 that cost him 38 points.

Nixon's first home run of the season sent the Yankees to their third straight defeat, all in extra innings. Bell, who has lost one, became the first to win four in the AL with his third straight. He struck out seven and gave up 10 hits, one a tying solo home run in the eighth by Yogi Berra, who marked his 25th birthday with two singles in addition to his 300th career homer.

The Indians, getting nine hits off Terry (1-1), scored an unearned run in the second, then broke a 1-1 tie in the seventh on a two-out squeeze bunt by Johnny Temple.

BOBBY BOOTS ONE—New York Yankee second baseman Bobby Richardson lets fly with a wild throw to first after forcing Cleveland catcher Russ Nixon in the second inning at Yankee Stadium. Via Power scored on the wild throw. Nixon later won the game for Cleveland on a 11th inning homer, 3-2.

Sanford Fires Two-Hitter; Reds' Streak at 8

San Francisco Giants. They had hitters and slugers so they tried for more pitching. And what happens? The hitters don't hit and the slugers get hurt.

But they got a two-game lead, a six-game winning streak and the best pitching in the National League—thanks to three guys who had all the time.

Right-hander Jack Sanford came up with the third two-hitter of the season by the staff, second in two days, for another 1-0 victory over Philadelphia Thursday. That gave the Giants, held to six hits by loser Robin Roberts and reliever Dick Farrell, their eighth win in a row for the Giants, who managed eight winning string since moving to

San Francisco in 1958 and padded their lead over idle Pittsburgh.

Third place Milwaukee dropped St. Louis to a sixth straight defeat, winning 4-3 on Ed Mathews' tie-breaking home run in the eighth inning. Cincinnati won its eighth straight with a 1-0 romp against Chicago's Cubs.

The Giants, who have won only two games by more than two runs in the streak, didn't get a man on base until Willie Kirkland singled with two out in the fifth. Kirkland stole second, continued to third on rookie catcher Clay Daryle's bunt throw and scored on Hobie Landrich's single. Landrich and Kirkland each had four hits for the Giants, who managed eight winning string since moving to

San Francisco in 1958 and padded their lead over idle Pittsburgh.

Kansas City 1st
Foe for Detroit
After Long Trip

Hope to Start Fattening Averages; Bunning vs. Kucks

DETROIT (U)—The battered Detroit Tigers were back from their disastrous road trip today to open a 15-game home stand that will keep them in Briggs Stadium until the end of the month.

The Tigers, who left town with a respectable 5-1 record and home, returned with a dismal 7-10 record, having lost nine of their 11 starts on the road.

They also were in first place in the American League standings when they left. Now they are sixth and three and a half games behind the leading Chicago White Sox.

They also have one of the lowest batting averages in the memory of manager Jimmie Dykes, who has been in baseball 43 years. Dykes says Detroit's .191 average is "the most amazing thing I've ever seen" for a team this late in the season.

"Even the old blunders wonder," Chicago did better than that. They were up in the 300s somewhere," he added.

The Tigers, who have collected two runs in their last two games and won both, hope to fatten the averages tonight when they clash with the Kansas City Athletics. A scheduled game between Detroit and the Senators at Washington yesterday was rained out.

Dykes fingered Jim Bunning (6-2) to start against Johnny Kucks (4-2) in tonight's contest.

NEW TWIST—French high-jumper Ray Guerin shows his unorthodox technique as he clears the bar in the French National Sports Institute in Joinville, France. Duparquet cleared the bar at 6-foot-7, just under the French National record. He is in the French Army.

Sebo's Old Timers Set
to Face State Saturday

EAST LANSING (U)—"We've got great backs and ends. But we'll have to scratch some for a line that can put on the pressure all the way."

In familiar tradition, Steve Sebo was worrying out loud as he prepared to send his Old Timers against the Michigan State varsity Saturday.

"We figure on showing the variety a wide open game," Sebo said. "It's the only way to play it. We'll throw a lot from the double wing to use our personnel backs and ends."

The soft-spoken, smiling Sebo traveled the long way around with a lot of side trips before coming back to coach the returnees for the fourth annual Old Timers game.

Halfback on the Spartan teams of 1934-35, football and basketball coach at Potomac High, five years in the Air Force, head coach and athletic director at Alma, backfield coach at Harvard and then Michigan State—head coach at the University of Pennsylvania, now manager of the new pro New York Titans.

He is still as enthused about this game as if he were trying to win the first one for Potomac High, this despite some dramatic ups and downs.

Sebo went for two seasons without a win at Pennsylvania and had his contract renewed. Then after a 7-11 season—his best—he was cast out reportedly because he wasn't "my league" enough for the school.

He is up high on the backfield of all-time Spartan greats earned as starters.

Old pro Al Dorow will be at quarterback, Blanche Martin and Walt (the sprinting Blacksmith) Football League.

He is high up on the backfield of all-time Spartan greats earned as starters.

Champ Takes Punch

Lights Out for Ingemar

GROSSINGER, N. Y. (UPI)—No more bright lights for Ingemar Johansson!

The heavyweight champion to day angrily banned movie cameras from his training ring because he blamed them for a terrific punch in the face he received from a new sparring partner.

Ing claimed he couldn't see the punch because of the dazzling lights during his second round tussle yesterday with Cortes Stewart, a new sparring partner from New York.

It was the first time 180-pound Stewart had boxed with Ing, training here in the Catskill Mountains for his June 20 title defense against Floyd Patterson.

Stewart's right jab to Johansson's cheekbone knocked the champion back on his heels. Ing was still shaken but he did not go down. However, the punch made him so angry he refused to box any more or to do any gymnasium work.

He already had sparred two rounds each with Will Johnson and Artie Turner. And he had complained of the lighter during those sessions.

A reporter reminded the champion today that he'll be in dazzling ring-lights at the Polo Grounds June 20, just as he was last June 29 when he knocked out Patterson.

Stewart's right jab to Johansson's cheekbone knocked the champion back on his heels. Ing was still shaken but he did not go down. However, the punch made him so angry he refused to box any more or to do any gymnasium work.

Bally Ache in
Preakness Prep

BY THE ASSOCIATED PRESS

Bally Ache, runnerup to Venetian Way in the Kentucky Derby, made the racing spotlight Saturday when he tests his legs in the Preakness Prep at Pimlico.

Jimmy Pitt, trainer of the Edgemoor Farm yearling, said he is putting his ace in the 1 1/2 mile race to get him accustomed to the track before the \$150,000-added Preakness May 21.

He marks the third straight Saturday when he tests his legs in the Preakness Prep at Pimlico.

Bally Ache will go against familiar Derby rivals in the Preakness Prep. Entries include Lissagooler Farm's Divine Comedy and Command Pilot, Chase McCoy's T.V. Lark and Joseph O'Connell's Cel-29 when he knocked out Patterson.

Doctoring Your Golf

BY DR. CARY MIDDLECOFF
PATIENT'S COMPLAINT: "I push one shot and pull the next."

DIAGNOSIS: Swaying off the ball.
TREATMENT: To hit golf shots consistently straight, the head must be in place directly over the ball at the instant the clubface meets the ball. The drawing shows the correct position just after impact.

Any time you find yourself hitting your shots consistently off line, there is a good chance that you're moving your upper body laterally at some point during the swing. That is to say, you're swaying.

To cure your sway, anchor the head over the ball and be sure it stays in place until after the ball is hit and on its way. Think of your head as the hub of your swing. The upper body turns — it does not move laterally either way — in a proper golf swing.

Note that the hips DO move forward laterally on the downswing. The hips also turn to the left. The head, however, stays in place. Study this drawing and try to adapt your swing to this position just after the ball is hit.

Teeing Off

By BILL CORNWELL

A "young" gentleman who has devoted 45 of his 52 years to the game of golf will have his "day" next week at Orchard Lake Country Club.

Tommy Shannon, Orchard Lake's head golf professional since 1941, will be honored by club members on Thursday, May 19, for his long and meritorious service to them and the game in general.

Be fitting the occasion, four close associates of the Orchard Lake master honored "old timers" all will attend the function to make their respective contributions to "Tommy Shannon Day."

Gene Sarazen, Horton Smith, Al Watrous and Joe Belfiore, whose records as playing and teaching pros need no elaboration here, will be on hand to make the occasion a memorable one for Shannon.

All five are masters of golfing both as players and teachers and each one is now an established number of select clientele called the PGA Seniors. Together they total more than 130 years of service.

One of the feature events of the day's program is a scheduled 18-hole exhibition involving Smith, Watrous, Belfiore and Shannon.

Shannon perhaps occupies a unique position among American pros although he has no one credit match to verify it. He may be the only American pro who never has played a single hole of competitive golf as an amateur.

"I have no way of proving it at this time," Shannon said, "but I never have played in any kind of competition as an amateur and it is doubtful that any other American pro can say the same."

Altogether, Tommy has been a pro for 35 years, 33 of them in Michigan and the last 19 at Orchard Lake.

He started caddy when he was only seven years old and turned pro at the tender age of 17 while working at the Delaware Golf Club in Muncie, Ind. He spent two years in Muncie, then came to Michigan and has been here ever since.

Shannon enjoyed one of the brightest moments of his illustrious career last September when he won the State Seniors title at Lansing Country Club. He is an honorary vice president of the State PGA and one of its past presidents.

We can think of no one more deserving of a "day" than Tommy. The honor indicates his stature in the eyes of the Orchard Lake membership.

SHORT PUTTS

Women golfers at Silver Lake began their league play this week. Mrs. Max Richardson, Mrs. Fred Richardson and Mrs. Erwin Thompson shared blind hole honors with four apiece on No. 5 while Mrs. Aubyn Cooper was low point winner with 15. The ladies are determining their handicaps for the 1960 season.

The Pontiac Parks and Recreation Department concludes its five-week golf instruction clinic next Wednesday night with an outdoor session at Carl Bauer's driving range on the corner of Dixie and Telegraph. The class meets at 7:30 p.m.

Approximately 1,000 feet of new fence has been installed at the Municipal course on Eagle St. towards the clubhouse on both sides of Golf Drive and the city is considering installing some more.

Pine Lake members are playing the front and back nines in reverse order due to the new location of the pro shop. The change may be only temporary, however.

Chiefs, Cranes Defend Crowns Won Last Year

Expect Maples to Be Toughest Opposition in Saturday Test

By H. GUY MOATS

All area track squads were taking it easy today, with final tunes for MHSAA regional meets on Saturday. However, several of the Oakland county prep aggregations engaged in duels, including Pontiac Northern, Waterford and Walled Lake, winners over Southfield, Berkley and Farmington, respectively. West Bloomfield, 65, won a 3-way Wayne-Oakland test under the lights, over Brighton and Northville, each with 36 points.

Pontiac Central was idle, but returns to Thurston on Saturday to defend its Class A crown. Thurston High (west of Telegraph on Schenck) will again be the site for the spotlighted regional for this section. Both A-B squads will compete here, for the right to qualify for the big state championships a week later, at Ann Arbor (University of Michigan).

Cranbrook, defending Class B champion, like the Chiefs, is favored to repeat, but may get some good opposition from Bloomfield Hills, W. Bloomfield and several Wayne county clubs.

Chiefs face a nine-team field, that includes the top athletes from Pontiac Northern (Huckles will send 15), Birmingham Seaholm, Waterford, Berkley, Southfield, Ferndale, Oak Park, Redford Union, and Thurston.

The Cranes' foes will include the Hills, Keego Harbor, Detroit Ecorse, Holy Redeemer, St. Joseph, South Lyon, Lutheran West. Only one county squad will compete in the Ypsilanti-Avonon. Walled Lake's full squad has been named.

In yesterday's meets Huckles disposed of Bluejays, 64-63, the 2nd leg of the week for Southfield to a Pontiac squad. Dick Marsh's boys took six firsts, tied for another. Payne won both hurdles, and Bob Hickling won the broad jump, tied in the high jump.

Skippers swapped Berkley 78 5/8 to 30 1/4, making off with eight first places, sweeping the highs and lows (with Ed Sigers a double winner), the 800-run, with Robinson, Eichbrecht and Kellogg, the first three places in the high jump and a tie.

Walled Lake took eight firsts, including a surprise half-mile win for miler George Boeman (2:38.6), and Norm Smith's double in the dashes. The meet was close, with the mile, won by Mike Waddell, in Boeman's usual spot being the clincher. Lakers counted 56%, Farmington 52%.

Jack Newton's two firsts in the dashes, a 4th in the broad jump and a leg of the 800-relay win for 12 1/2 points was the outstanding performer of the night triangular at KH. Tom Moran also was a two-time winner, taking the quarter-mile and the high jump for West Bloomfield.

Prep Golf Regionals at Three Courses Today

Birmingham Seaholm, Walled Lake schools there include Farmington, Lake and Berkley in Class A. "B" Southfield, Ferndale, Mt. Clemens and Bloomfield Hills and West Bloomfield and Pontiac St. Fredrick in CD were among the strongest area contenders for state honors as the golf regionals got under way in the rain today.

The trio of Oakland County "A" powers are competing at Brighton along with Central and Northern of Pontiac and Waterford. Holy and Milford will play the same course in Class B.

Farmington Country Club has the two Bloomfield, Clarenceville, Northville, Royal Oak Shrine and Troy among its entries. Class A

**50,000,000
MOTORISTS CAN'T BE WRONG!**
over the years using
BAR'S LEAKS

Every major car manufacturer has adopted BAR'S LEAKS, now with super rust control. Pour a bottle into your radiator. Works with all quality and year-round anti-freeze. Contains no water. Steps leaks in head gaskets, seepage into porous engine metal, cracked and corroded block... inhibits rust and scale, prevents anti-freeze... Lubricates and seals on water pump... Protects all metal parts... rubber, plastic, aluminum. Use in your car every 2,000 miles. Available at your service station, shop or auto goods store. BAR'S LEAKS made history... sealed vital link in another automotive NAUTILUS.

Trials for Pole Position at '500' Saturday

FIRST DAY LEAD — Billy Maxwell of Oceanide, Calif., blasts from the sandtrap near the 18th green at Ft. Worth yesterday where he carded a 67 to take a first day lead in the Colonial Invitational Tournament.

With 67 Start

Maxwell Tops Colonial

PORT WORTH, Tex. (AP) — Billy Maxwell, the Texas redhead who has been coming frustratingly close for two years, held an undisputed tournament lead for the first time today. He was out front in the \$30,000 Colonial National invitation with a 3-under-par 67. Back in 1955 Maxwell started winning a tournament a year—and this continued until 1959 when he failed to scratch although taking down \$7,152 in prize money—the most money to be won by a golfer without a tournament championship.

This year Maxwell has been on the same track—winning \$14,109 in 15 events but failing to capture a tournament. He missed at Yonkers Linda by a stroke, tied for fifth at DeSoto and in four other tournaments tied for sixth. The last time he was in first place was 1959 and then it was a tie with Julius Boros in the Bing Crosby tournament.

But Thursday, the chunky fellow who registers from Oceanide, Calif., and who's sharp with the press when he's playing poorly, shot a fine round indeed. He was hot with the putter and sure with his irons and he set out today with a 1-stroke lead over the field of 54 playing in this 14-year-old tournament.

Fastest Racer of 10 Mile Run Gains 1st Slot

**Bettenhausen Favorite
on Basis of Practice
Runs of 146 M.P.H.**

INDIANAPOLIS (AP) — Tony Bettenhausen, with the understandable caution of man who has been underneath a wrecked race car 28 times, passed up today's final practice session for Saturday's 500-mile race trials at the Indianapolis Motor Speedway.

The Tinley Park express, twice national pro champion, didn't need the Friday-the-13th exercises anyway and had established himself as a strong pole position threat with practice runs up to 146 miles an hour.

Fastest car in the 10-mile trials will sit on the inside of the front row at the start of the 44th Memorial Day classic, regardless of speeds in subsequent qualifications Sunday and the following weekend.

A long stretch of miserably cold and rainy weather began moderating late Thursday but left all of the advantages with the old timer in Saturday's runs. As many as a dozen rookies may have completed their 100-mile speedway tests before the trial starts but their familiarity with the tricky 2½-mile track will be pretty limited.

Bettenhausen, who has never been able to win the 500 in 13 attempts, will drive the Hoffman Special in which Jim Rathmann of Miami finished second last year after establishing a world closed course race record of 170.262 miles an hour at Daytona Beach.

Rathmann, another threat for the pole position, has a new A. J. Watson racer entered by Ken Rich and Paul Kelly of Dallas. Rathmann also is winless here although he has been second three times.

Other veterans shooting at Johnny Thomson's 1959 one-lap record of 146.532 miles an hour will include Rodger Ward, Indianapolis, the '59 winner; Troy Ruttman, La Mirada, Calif.; and Jimmy Bryan of Phoenix, Ariz., the 1958 winner.

The opening session generally is one of the biggest preliminary events in sports from an attendance standpoint. Indiana State Police have estimated "pole car qualifying day" crowds up to 150,000.

A forecast of fair, warm weather may make the gate even bigger.

Three Captains to Guide MSU Grid Fortunes

EAST LANSING — For the first time in history, a Michigan State University football team will have three captains.

Named last night as tri-captains for the 1960 season were Fred Arbans, end from Detroit; Fred Boylen, guard from Grand Rapids; and Herb Adderley, halfback from Philadelphia.

The trio-picked by the Spartan squad at a banquet climaxing the spring football practice season.

The annual "bustle" award went to Gary Ballman, East Detroit halfback, and Dave Manders, a center from Kingsford.

Fines Threatened

Phillies Read 'Riot Act'

CINCINNATI (AP) — Manager Gene Mauch has pulled rank on his Philadelphia Phillies, Peck's Bad Boys of baseball.

Prior to the Phillies' 1-0 loss to San Francisco Thursday, Mauch read the club riot act in a brief clubhouse meeting.

He threatened stiff fines if certain players took further "liberties."

Without being specific or mentioning names Mauch said some of the players had not been paying attention to training rules. He said in the future such conduct would result in fines—and not "any piddling \$5, \$10 and \$25."

"Some players win or lose too easily," the freshman manager said. "It's never been the same with me. I never felt the same after a win or defeat. This is supposed to be a business with these guys, not a hobby or a transcendental jaunt. This is their living."

Mauch also set down some new rules, including a new curfew but he declined to say what the new rules were.

"All I want these players to realize is that baseball is their livelihood—not a way to have fun," Mauch added. "My ultimate goal is to get this ball club to a point where it won't need rules."

Brighton and Milford won Wayne-Oakland baseball games on a cold Thursday.

The Bulldogs tripped Clarkston 7-3 as Kirkman pitched well and belted a single and two triples. He lost a shutout in a seventh-inning uprising.

Everything happened to loser Bob Peritt in a five-run 6th. Four scored on a balk, hit batter and two walks with the bases full.

Don Marsh paced the losers with two doubles.

Milford made its record 5-2 by spanking Holly, 10-3. Eight of the tallies crossed in the 3rd which had six hits, two errors and two walks.

Cranbrook breezed to its 6th win in 11 tries walloping Notre Dame, 14-2. Andy Billeston hurled a three-hitter, fanning 11 and Neil Meinen paced the offense with a double, single, 2 RBIs and a pair scored.

Dodgers Call Howard Back From Minors

LOS ANGELES (AP) — The punchy Los Angeles Dodgers have recalled strongboy Frank Howard from their Spokane farm club. To make room for him, they placed veteran outfielder Carl Furillo on the inactive list.

Howard joined the world champions in San Francisco for their game tonight against the Giants.

He brought a .371 batting average from Spokane, including 24 runs batted in and four homers.

Furillo, 38, is in his 15th season with the Dodgers. By finishing it he would be guaranteed \$255,800 a month from baseball pension fund starting at age 50.

Dodger General Manager Buzzie Bavasi said he offered Furillo a job within the organization for the rest of the season, but not at his \$33,000-a-year salary.

King Installation Center FE 3-7060 - FE 3-6078 This Coupon is Worth an UNCONDITIONAL GUARANTEE and **\$2.00** Toward the Purchase of any MUFFLER Only at 60 S. Telegraph Opp. Twp-Huron

"This is the first long trip we've had since I took over," he explained. "And I've been watching to see what I thought needed to be done."

Match replaced Eddie Sawyer who resigned after the Phillies' first game this year. Sawyer has since resumed his former position as vice president in charge of sales promotion with a golf ball concern.

Meanwhile, the Phillies sold veteran Dave Philley to the San Francisco Giants, possibly to clear the way for another deal.

The actor followed the release of southpaw Curt Simmons and the optioning of Chris Short to Indianapolis, leaving the club without a left-handed pitcher.

The Phillies open a four-game series with Cincinnati tonight.

Continental Loop Battle With Majors Due

NEW YORK (AP)—The fate of the Continental Baseball League will be decided in the nation's Capitol beginning next Thursday as the third major league battles the present majors for survival from its current embryonic state.

Robinson, Jordan Headliners

Boxing Double-Header

BALTIMORE (AP)—Weather permitting, promoter Al Flora is expecting a crowd of 15,000 for Saturday night's double-header outdoor boxing show which has Sugar Ray Robinson and Don Jordan on the program.

Flora says he expects gross receipts of \$40,000 for the first outdoor card staged here since Archie Moore and Clarence Henry slugged it out in 1952.

Much of his optimism is based on the drawing power of welter-weight champion Jordan and former middleweight champion Robinson.

Baltimore boxing fans are hoping to get a longer look at Robinson than they did a month ago when the ageless 40-year-old veteran flattened Tony Baldoni in 1:40 of the first round. Robinson will meet Tony Gonzales, of Rancho, Pa., in a 10-round tussle for

The battle lines were drawn here Thursday by Continental League founder Bill Shea when he declared his loop's endorsement of a proposed bill by Tennessee Senator Estes Kefauver that would limit the number of

players controlled by the American and National Leagues.

Earlier this week, Baseball Commissioner Ford Frick said that the present majors would oppose such legislation, declaring it would not only harm the two big leagues but kill the minor leagues as well.

Representatives of both factions will testify before a Senate antimonopoly subcommittee headed by Sen. Kefauver.

What will be the consequences of this hearing?

If the bill becomes law, then the CL would have a good chance to survive because it would be able to obtain players for its major league teams and begin stocking minor league clubs.

If the bill dies? "Declare war or quit," Shea emphasized Thursday.

Happy Koyo to You

PHILADELPHIA (AP)—Flashy, fourth-ranked lightweight Len Matthews celebrated his 21st birthday Thursday night by scoring a fourth round knockout over Arthur Persley of New York in a scheduled 10-round windup feature, bout at the Cambria Boxing Club.

The CL people, from President Branch Rickey on down, hope such a state of affairs can be avoided. But Shea, a lawyer, declared:

"I don't believe they'd dare sue us if we ratted them for players. They know they wouldn't have a leg to stand on for those contracts aren't worth the paper they're written on. And if they did, I'd defend the Continental League for nothing."

He admitted that his stand was a reversal of efforts he and CL backers undertook a year ago to discourage baseball legislation.

"But at that time we were led to believe we would have the full support and cooperation of organized ball in establishing a third major league. We found it was only lip service and it's now clear that the only way we'll get going is through the passage of the Kefauver bill."

Shea added: "We will not adopt a dog-in-the-manger attitude toward anything the majors try to do to change it (the bill). We are willing to listen to suggested changes."

Even though Frick Thursday approved the eight working agreements the CL teams have with the new Class D Western Carolina

League, Shea still hurled a brickbat or two at the majors.

"The Kefauver bill is the only hope the Continental League has of getting players and going into business," he said. "The majors have been fighting us with the strongest weapon they have—delay. Time is the thing that is killing us hardest in every direction."

He cited the demand for \$50,000 indemnities asked by the International League for loss of Buffalo and Toronto to the CL and the refusal of the American Assn. to talk about indemnities for five of its clubs until the 1960 season ends.

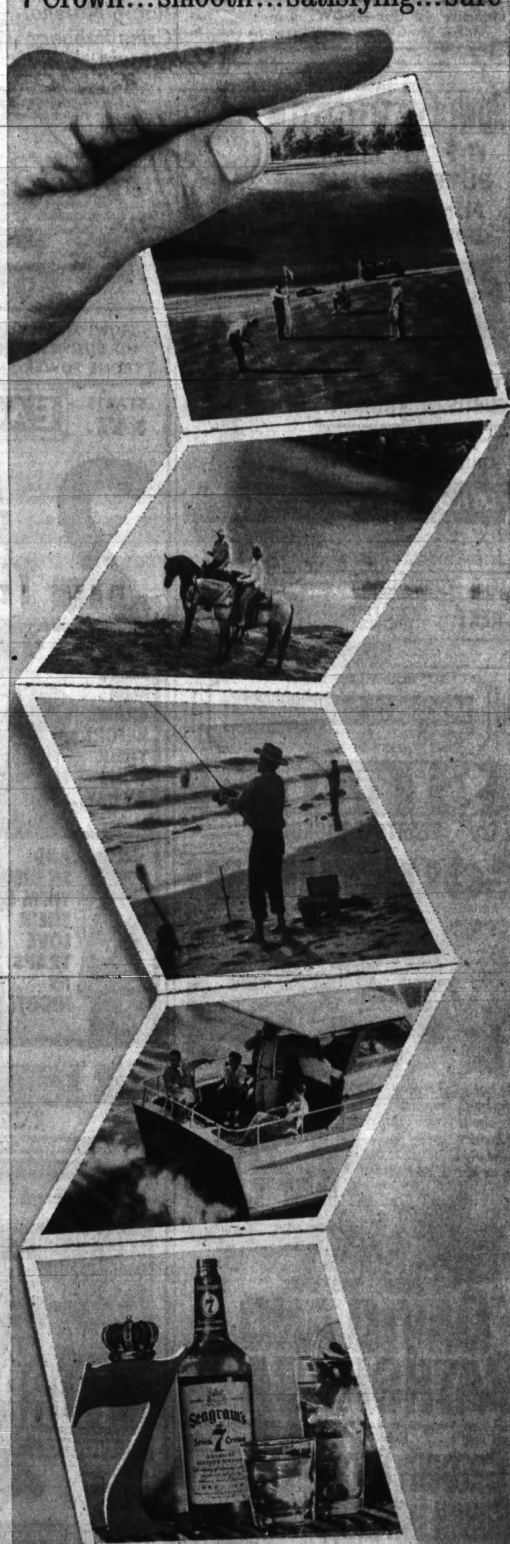

"This makes it impossible to meet the commissioner's requirement that we notify him 10 months in advance of opening date, of our intention to operate next season."

New Orleans' 32-0 victory over Nashville in 1945 still stands as a Southern Assn. record score.

Ford Motor Doubles Suggestion Awards

DETROIT (AP) — Employees suggestions have just doubled in value at Ford Motor Co.

Ford said it has increased the

maximum award for suggestions to improve its methods and operations from \$3,000 to \$6,000. Ford said more than seven million dollars has been paid for 115,000 suggestions since the plan started in 1947.

A plant claim may weigh as much as 600 pounds.

TV Pioneer Rocky King Survives Video Scythe

NEW YORK (AP)—Back in the dear, departed days of primitive television, before tape was invented and when kinescopes were as fuzzy as old English movies, Roscoe Karns was pioneering as a private eye.

Actually, it was only 11 years ago that "Rocky King, Detective," hand-tailored to the talents of Karns delighted owners of 12-inch screens all across the country—particularly in the New York area where the show was live and the picture, consequently, better.

Today Karns is one of a very small band of television frontiersmen who have survived the erosion of public taste and escaped the perils of over exposure. He is safely ensconced in the role of Captain Shafter, the crusty senior medical officer in Jackie Cooper's Navy comedy series, "Hennessey" was one of the season's big successes and CBS has renewed it for next season. Recently Karns and his wife

Crane Co. Attempts to Oust Briggs Board

DETROIT (AP) — The Crane Co. of Chicago, a rival plumbingware manufacturer which holds 231,874 shares of Briggs Manufacturing Co. stock, hopes to oust the Detroit firm's seven-member board of directors and elect its own.

Crane disclosed its intentions in answering a U. S. District Court suit brought by Briggs in an effort to prevent Crane voting its stock holdings in Briggs or acquiring additional shares.

Crane said it would nominate a slate of its own for the seven directorships to be voted upon by stockholders June 17. It said it would seek proxies to solidify its position.

At the same time Crane announced it had withdrawn an offer of 14 million dollars for Briggs' assets.

Briggs has brought a million-dollar suit for damages against Crane, which has denied that its Briggs stock acquisitions caused Briggs any loss of business.

Radio Marshal Cries Robbery Over Alimony

LOS ANGELES (AP)—An alimony dispute has brought William Conrad into court—but not as the Marshal Matt Dillon he portrays on radio.

Mrs. Conrad contends that the \$1,250 monthly alimony agreed upon when she got an introductory divorce last year does not now meet her needs. She wants \$2,000.

Conrad, a radio actor-producer-director, wants the alimony reduced to \$750 monthly. The hearing opened Thursday before a Superior Court commissioner.

1959 Record Fire Loss Year

U.S. Canada Damage Sets \$1 Million-a-Day Average

BOSTON (UPI) — Major fires in the United States and Canada during 1959 caused a record loss of more than a million dollars a day, the National Fire Protection Agency said Wednesday.

The 1959,000 total was \$6,500,000 over the previous record set in 1957, the independent nonprofit agency said.

The largest single fire occurred at Carwell Air Force Base, Tex., Sept. 19, when a B-58 bomber burst into flames during takeoff. Loss was estimated at \$4 million dollars.

A B-52 fire at Castle Air Force Base, Calif., cost \$14,400,000 and there were three other aircraft fires in which loss came to 10 million dollars.

The largest single property loss, aside from aircraft fires, was at Roseburg, Ore., Aug. 7 when a fire and explosion destroyed or damaged 26 buildings at a cost of 30 million dollars.

Canada's largest single loss was the destruction of a terminal warehouse at Pictou, Nova Scotia, July 6 when damages totaled \$1,400,000.

The NFPA said there were 410 "large loss" fires in the two countries last year with 73 of the blazes causing one million dollars or more damage.

Only fires with individual losses of a quarter million dollars or more are included in the analysis of "large loss" fires, the NFPA said.

House Cuts Out Funds Covering Poultry Checkups

WASHINGTON (UPI) — The House approved yesterday a bill to provide nearly \$4,000,000 to run the Agriculture Department but all funds for federal inspection to insure wholesome poultry for consumers were knocked out.

The House passed the \$3,877,943,400 money bill after its floor managers succeeded in eliminating the inspection funds.

The Senate, however, was expected to restore most, if not all, of the \$28,830,000 for checking poultry and other marketing services.

The surprise move in killing the inspection funds was viewed as an attempt at getting congressional approval for relaxation in requirements for government inspection labels on cooked poultry products, such as canned chicken and soups, and frozen poultry "TV" dinners.

Jobless List Grows by 13,000 in State

DETROIT (AP) — The number of jobless in Michigan increased by 13,000 from mid-March to mid-April, the Michigan Employment Security Commission said today.

The state's unemployment totaled 218,000 April 15, or 7.5 per cent of the labor force, the commission reported.

The Detroit area had 115,000 out of work, an increase of 14,000 from mid-March. The area's jobless represented 8.1 per cent of the labor force.

NEW YORK (AP) — Plans are being considered by the Episcopal, Methodist and United Lutheran churches to jointly develop a million dollar hospital in central Liberia, West Africa, in cooperation with the Liberian government.

Seek Liberian Hospital

TREE TOWER — The unusual bell tower of a new small Lutheran church in a West Berlin residential area catches the feeling of a modernistic Christmas tree.

About Time for U.S. to Put K in His Place Over Spying

By JAMES MARLOW

WASHINGTON (AP) — Why haven't the United States been tough enough to call Premier Nikita Khrushchev a phony for his hypocritical show about the American spy-plane downed over the Soviet Union?

That's one of the two most puzzling questions about this whole episode in which the Soviet captured the plane and the pilot and, through Khrushchevian propaganda, pictured the United States before the world as an international villain.

This is the other. Why for a week has Khrushchev been putting on the horrified and tell-righteous performance about spying when he and the Soviet Union have been up to their necks in espionage?

The State Department — after first lying about it but then admitting it after Khrushchev produced the evidence of the one downed plane—acknowledged this country has been sending spy planes around and into the Soviet Union for years.

CAN'T KID ANYBODY — But the Soviet Union for years has been spying on other countries around the world, including this one. Nobody's kidding anybody. But Khrushchev chose to put on the injured innocence act because just one U. S. plane was caught.

Ironically, Wednesday just as he was ranting off again on the United States for spying, the Swiss government expelled two Soviet diplomats who, it said, had been caught trying to obtain Swiss and West German military secrets.

If anyone has a right to be outraged by spying it's not the United States or the Soviet Union, both of which are guilty of it, but Switzerland. The United States and the Soviet Union are antagonists and, in this still primitive world, spying is natural for them.

But Switzerland is completely neutral and not allied with either side.

Khrushchev caught this country in a nasty trap through State Department blundering. This was when the department, without first knowing all the evidence Khrushchev had, denied there had been any aerial spying.

But the department's follow-up

Armed Forces Event to Feature Chutists

MOUNT CLEMENS (UPI)—The Selfridge Air Force Base Armed Forces Day observances will feature a parachute jump, precision flying demonstrations, open house and a display of modern military weapons, it was announced.

'Spy Incident Bolsters Ike'

GOP Chairman Morton Says Nikita to Realize Position at Summit

ST. CLOUD, Minn. (AP)—Republican National Chairman Thurston B. Morton said Thursday the American spy plane incident in the Soviet Union would serve to strengthen President Eisenhower's hand at the summit meeting.

The Kentucky senator said in a prepared speech that prior to the plane's intelligence mission "Khrushchev may have felt that he held more cards in a mistaken assumption that we were not totally informed on military developments in the Soviet Union."

"Now, however," Morton added, "he knows that—among other intelligence programs—planes of the U2 type have been monitoring him for at least four years."

KNOWS CAPABILITIES
"Armed with clear knowledge of the Communist capabilities, and knowing that Khrushchev now understands we have such knowledge, President Eisenhower can get down to the meat and potatoes of world issues at the summit."

Morton said he had noted that some critics, while agreeing with the need for farflung intelligence activities, "content that we should have suspended intelligence activities in view of the forthcoming summit meeting."

"These critics," he said, "fail to realize that protecting the national security of the United States is a full-time, every day, every night job. We can afford no intelligence gap."

KIM IN HOSPITAL—Actress Kim Novak, in Doctor's Hospital, New York City, with a liver ailment, passes time playing solitaire. Her doctor described her as "a very sick girl." She's not expected to be released for at least two weeks.

Playhouse 90 to Top Summit Video Fare

By CYNTHIA LOWRY
NEW YORK (AP)—The Paris summit sessions will disrupt a lot of viewing habits during the next few days, but the big television event promises to be the CBS Playhouse 90 production of "In

The Presence of Mine Enemies," originally believed too controversial for network airing. All three networks will present regular schedules for their briefing and interpretive series on the summit sessions.

Chronologically, however, the week's viewing highlights go like this: Tonight there is NBC's version of Mark Twain's "Roughing It," at 10 (Eastern Daylight Time) with James Daly playing the older Twain looking back at his experiences during G. R. Day's days. "Person to Person" (CBS, 10:30-11) visits former President Herbert Hoover.

REINER FOR DINAH
On Sunday, Carl Reiner takes over the Dinah Shore Show for the evening (NBC, 9:30) with help from Jane Powell, Julie London, Audrey Meadows and Jose Ferrer.

There is a repeat of Alec Guinness' amusing "The Wicked Scheme of Jehal Deeks" Tuesday night (NBC, 8:30-9:30). Playhouse 90, on Wednesday (8:30-10 p.m.) is the drama about the Warsaw ghetto during the Nazi occupation, and stars Charles Laughton, Arthur Kennedy, Sam Jaffe and Oscar Homolka. It is followed by "The Gambler, The Nun and The Radio," about a hospital patient who amuses himself watching the third two and listening to the third.

Probers Need Loudspeakers

House Group Hearings on Un-American Acts Delayed by Riot

SAN FRANCISCO (AP)—Loudspeakers were set up today to broadcast a House subcommittee on Un-American Activities hearing, delayed by a riotous disturbance when about 400 protesting demonstrators tried to push through police guards into the already jammed hearing room.

Police reinforcements rushed to the supervisors' chamber in City Hall Thursday and restored order after the subcommittee's afternoon session had been stalled nearly an hour by the protest demonstration.

Twelve subpoenaed witnesses and spectators were forcibly ejected from the hearing room when they joined in the tumult with shouts: "Let them in! Let them in!"

The rotunda outburst subsided into a commotion as the demonstrators' chamber in City Hall Thursday and restored order after the subcommittee's afternoon session had been stalled nearly an hour by the protest demonstration.

Thereafter, three witnesses identified by the committee counsel, Richard Arens, as current or recent Communist party leaders, refused to answer any questions about alleged Communist activity on constitutional grounds.

The three were Merrill Brodsky, an Oakland file writer; Martin Marcus of Pacific Grove, a Monterey County school teacher, and Douglas Wright, 38, of Berkeley, a University of California student. The City Hall riotus followed an orderly protest rally of an estimated 1,100 in Union Square. Such speakers as Canon Richard Byfield of Grace Episcopal Cathedral and Assemblyman Phillip Burton and John A. O'Connell, San Francisco Democrats, joined in urging abolition of the House investigating committee.

Luxury Hotels in Miami Beach on Razor's Edge

MIAMI BEACH (UPI)—At least a dozen Miami Beach hotels, hoping for the ultimate in swanky living for the vacationing public—are having a hard time making ends meet.

One of them, the four-million-dollar Lacerino Hotel, has been closed by court order, and guests were directed to leave their rooms by Sunday.

"I imagine at least a dozen of the big hotels will be closed by court order within the next few months," said P. Edward Worlan, attorney for Lacerino Hotel trustee Paul Pollock. "A lot of them are in desperate trouble."

Many of the plush vacation resorts have not yet recovered from the disastrous winter of 1958 when some of the coldest and wettest weather recorded on the searing Florida peninsula caused the tourist trade a chilling blow.

Foreclosure suits have been filed in circuit court here against the Plymouth and Lombardy hotels. The DelMonico, Sorrento, Cadillac and Saxony hotels are undergoing corporate reorganization under federal court direction.

Some of the big hotels are saddled with as many as five mortgages with interest on the later mortgages running as high as 25 per cent.

Air Pocket Shuffles 55 Jet Passengers

MIAMI, Fla. (AP)—A Delta Air Lines DC8B jet struck turbulent air that shook up the 55 persons aboard and injured two of them seriously enough to require hospitalization.

Two stewardesses, two children and nine other persons were flung from their seats to the floor and ceiling Thursday.

William Lanutti of Miami and Theresa Novack of Hollywood, Fla., were hospitalized. The others were treated at Jackson Memorial Hospital and released.

Lanutti had fractures of both wrists, scalp lacerations and possible head and chest injuries. Mrs. Novack, 79, had multiple sprains and contusions. She was transferred to Hollywood Memorial Hospital.

THINNING PLANTS—Thin out excess plants gradually, using discs for the table, where possible.

Thinning May Hurt You but Plants Benefit

If you think the experience of growing plants from seeds does not stir emotion, try thinning out the young vegetable plants which come up too thickly from seed you planted.

You may drop a tear or two before the job is done, in spite of the fact that everyone knows this is necessary. Excess plants must be pulled up to give those which remain room to mature. Without this your whole crop may be spoiled.

Thinning should be regarded as an opportunity, since it permits the finest plants chosen to survive, and inferior ones to be eliminated.

THIN GRADUALLY
For best results, thin gradually. There are two reasons for this.

First, many vegetables, such as carrots and beets, are most delicious when half-mature. By thinning at first only enough to insure that each plant stands well alone in the row and then allowing them to grow awhile, they will soon reach the stage where excess plants can be used for the table.

Second, it is foolish to discard all excess plants prematurely when accidents, insects or disease may destroy some which are left. If thinning is done by stages as the plants grow, they will finally stand at the optimum distance from each other, with small chance of vacant spaces in the row.

Lettuce plants, thinned to stand an inch apart, will soon reach a size when alternate plants can be removed to make a salad.

Carrots may be thinned first when as thick as a pencil; and a dish of the discs will give those who have never eaten such a delicious dish.

Beets may be allowed to grow until about six inches tall, when their roots have just begun to swell. The thinnings may be cooled root and tops together, for a delicious dish.

Onions, kohlrabi, Swiss chard and spinach are delicious when half mature.

By removing alternate plants, using the discs where possible, the optimum spacing is obtained. This spacing depends upon the variety you grow, and the fertility of your soil. In well fed home gardens, plants can usually be grown closer together than in market gardens, and the tendency is to increase the number of plants grown, even in commercial operations.

Peas do well in single rows, when spaced as inch apart; bush beans, two to four inches; bush lima beans, 18 inches for the large seed varieties, and a foot for the small seed. Carrots will mature when close enough for the root tops to touch; beets need three

to four inches, and turnips, which must grow fast, should be thinned out at an early stage to stand four inches apart.

Eavestrough Lengths Will Protect Plants

Here's an easy way to protect vegetable and flower plants from frost when they have been transplanted outside in the spring. Popular Mechanics Magazine suggests covering the rows of plants with shields improvised from lengths of regular half-round eavestrough. Not only is this method easier and faster than the common practice of placing cans and boxes over the plants, but the eavestrough covers won't blow away.

Cool Off Cold Frame

Watch cold frames on sunny days and lift the sash to allow air to enter. On a sunny day with the thermometer near freezing temperatures inside a cold frame may reach 100 degrees.

Early Tomato Crop? You'll Have to Hurry

Wayne Siefert, County Horticultural Agent, talks about early tomatoes:

"Has this been one of your projects every year? If you haven't been the first on the street, lend me your ear. The fellow who is first is using some of those very early varieties which are grown in Northern Michigan. These plants need a very fertile soil and often may need water."

If you prefer the bush type vine, get the variety "Fireball" or "Early Wonder." If you train your tomatoes on stakes, select "Valiant" or "Morton Hybrid." Set out started plants by May 15.

I have found these early varieties aren't so sweet as the later varieties, so I plan on two plantings. A few plants for early planting, then a larger planting of the later tomatoes. Very productive later (mid-season) varieties are "Stokesdale," "Long red" or "Pritchard."

Total population of the United States in 1950 was 3,229,214.

Dandelions Must Be Sprayed Out

Dandelions are a mighty welcome sight when we see our first one, but when we can harvest several bouquets in the front lawn, they sometimes become a small type disaster. The question of where they come from usually is the first question that comes up, but is often trumped by the second question, which is, "How can I get rid of them?"

In spite of the satisfaction of digging them out, or using some of those little tools to cut them out this doesn't usually kill them. The long root soon produces several shoots and our problem is worse than before.

The weed chemical known as 2, 4-D is still among the best known for control of weeds such as plantain, dandelions, thistle and several other weeds. One application will control these plants. Though a watering can is rather wasteful, it still is effective. A sprinkling bottle for wetting close is effective for individual plants.

Gadgets are available from most garden supply houses at very low cost for treating single plants. The small tank sprayer and garden hose sprayer are still tops in equipment. Careful washing with ammonia water is always necessary if the sprayer is to be used later for spraying shrubs.

THE BLOOMING THING — This must be the season for these cacti to bloom. Keith Carter of 886 Ingleswood has had this plant for 8 or 9 years, but it hasn't bloomed much lately until this spring. The blossoms which open more fully each

day are orange. S. L. Tubbs of 2838 Emmerson called to say his cactus has about 20 bright red blossoms on it, the most it has had in four years. Tubbs' plant is 15 years old.

Nut Trees Are Ornamental Worthwhile

The home landscape that shows good taste in more ways than one may boast a toothsome and handsome nut tree.

Even the small property can accommodate one, notably the Chinese chestnut. Most trees that bear nuts are not easy to transplant successfully, but results are well worth the extra effort.

The rigid geographical limits set up by week-end gardeners in connection with nut trees are purely mental. They'll grow in almost all but the most northerly sections of the U. S. Pecans and Persian walnuts are associated almost entirely with California, Arizona and the deep South. Yet they'll thrive in Pennsylvania, Ohio, Michigan and other northern states, too. Chances are they won't bear fruit regularly, but they will make beautiful ornaments.

Varieties of native black wal-

nuts, hickories, shagbark, shell bark and other hickories are equal to or superior to the nuts grown on what is sometimes called the "old farm homestead."

The Chinese chestnut selected for the small home lot should be planted with the thought it will grow to approximately the size and form of an apple tree, with an ultimate spread of about 25 feet. This tree is resistant to chestnut blight, which destroyed the American species, and it bears large, edible and very nutritious nuts.

Fool the Birds

Birds will not eat the grass seed you sow if you color the seed with bluing before spreading it, according to Popular Mechanics Magazine. Soak the seeds in a solution of bluing and water until they are well colored. This does not affect seed fertility.

Garden for the Blind Emphasizes Fragrance

A piece about one of America's most unique gardens, Brooklyn's Garden of Fragrance for the Blind, appears in the April issue of Harper's Magazine.

Written by Arline Thomas, "Please Touch the Flowers" describes the oval garden which was planned by several organizations for the blind.

"For easy access, it has gently sloping ramps. Benches made of aromatic redwood from California add to its pleasant odors. Most of the plants are along the top of the waist-high wall which bounds the sunken oval lawn and are set at elbow level to save the sightless from stooping to feel their labels; a few are in pockets in the

wall itself. Many, like lilac-of-the-valley, honeysuckle, heliotrope, flowering tobacco, and lavender have perfume easy to recognize."

She continues, "There are fragrant roses also, including an old Elizabethan favorite, the egantine or sweetbrier rose with its apple-scented leaves. Some plants, like fuzzy mullein and prickly holly, have an interesting 'feel'. Others, such as dill, peppermint and coriander, have signs inviting the visitor to taste them. To further identify these plants, the staff conducts classes there and in the nearby greenhouses."

Most blind people lose their sight after the age of twenty, so this Garden of Fragrance helps them "see" again, says the author. "But for the children blind from birth, a flower is utterly strange," she writes. "It has to be explained to them—how it grows and what it's like. Later they're led around and told to touch and smell them. Invariably they're surprised at the softness of the petals, then, burying their faces in the blossoms, they sniff ecstatically."

Tent Caterpillar Colonies Killed by DDT Spray

Colonies of tent caterpillar worms are appearing very commonly in some areas. We easily recognize them by the web tents on the branches which are filled with restless black worms. Common control measures include burning with a torch or cutting off the branch and destroying the insects, branch and all. Knowing more about this pest has shown us a very effective way of killing these worms without damaging the tree.

We know these worms eat the leaves at night and hide in the tents during the daytime. So by spraying the leaves with a poison they kill themselves when they come out. DDT works very nicely. One spraying of the leaves in the vicinity of the tent will completely destroy this colony, and won't harm the tree.

"The up-to-date garden center in an old colonial setting"

Zinnias Ideal in Most Gardens

Old Professor Johann Zinn was more honored than he could have dreamed when a new genus of flower was given his name, for of all the plant discoveries in the western hemisphere none equals the zinnia in the world of flowers. Zinnia species were first discovered in Mexico in the 1700s, and since that time an immense amount of breeding work has been devoted to the class.

The breeders have spent time with zinnias because they proved to be ideal garden subjects, particularly for areas with hot summers. In fact, when it comes to garden culture zinnias should be located where they will receive full sun and as much as the summer affords.

While zinnias can stand drought better than most flowers they certainly do better if they have ample moisture supply in the earth. Good corn growing weather, that is, warm days and nights and moist soil, is good zinnia growing weather, too.

In the matter of fertility zinnias tolerate a fairly wide range of conditions. They'll get along in poor soil, but they'll make good use of fertilizer, too. Just don't be too generous, because excessive fertilizer makes big plants and fewer flowers.

There was a time when zinnias were relatively free of garden pests. A little mildew on the leaves in wet or foggy weather was about the worst that could happen. But the same corn borers and corn earworms that have spread across the country attacking corn fields find zinnias attractive, too. So if you have corn in the vicinity, it's a good idea to do preventive spraying with DDT once a week after the middle of June.

Check on Roofs

The cool days of early spring give you a good chance to make the rounds of your garden and erase the marks of winter. Experts at the Antrol Garden Information Center advise gardeners to inspect flower beds closely for roots that have been loosened over the winter. Exposed roots should be replanted immediately.

Even hardy plants started early under protection may suffer a severe shock if moved outdoors before freezing nights have ended. Nothing much is gained by taking this risk.

HYBRID TURNIP — The 1960 All-America Selections only new vegetable award winner. Just Right turnip supercedes others for both greens and roots. Just Right is the first and only hybrid turnip.

Save Tools and Temper With Paint Identification

There are four reasons for painting the handles of gardening tools: to locate them when they are left on the grass; to identify them among your neighbor's collection; for protection; and for beauty.

For purposes of identification, choose bright and eye-catching colors. Orange is a high visibility color, or choose pimento, bright sunshine yellow or intense blue. Even faster identification can be made if you paint circular stripes on tools, combining contrasting colors such as blue and orange or yellow and red.

If you're conservative and like the wooden handles in their natural color simply use spar varnish for protection.

Buy enamel designed for exterior use and apply it over a sanded surface that is clean and dry. You can apply with brush or by spraying.

SPRAY — The new aerosol spray pressure cans are very convenient and efficient for this purpose. Professional painters use a painting milt for coating pipes and this would be an excellent type applicator for doing long, thin garden tool handles.

For a metal handle, purchase an exterior enamel designed for use on metal. Proper preparation of the surface is especially important, as enamel rust may have made inroads. The rust must be completely removed

with wirebrush, sandpaper or steel wool. Then use a rust-inhibitive primer. When this is dry, apply your top coat of exterior metal enamel.

One meticulous suburban gardener who has a large investment in garden tools, allots each one a special place in one section of his large garage. Over each space is painted a small replica of hoe, rake, shrub trimmer, mower, etc., so he knows exactly where each one is, or should be.

THEY MINE — Another homeowner whose family assists him but is inclined to leave tools lying around outside, applies a small amount of luminous paint to each piece of gardening equipment. This often saves one from being hit in the face by a rake when walking across the lawn at night.

Another ingenious gardener paints a number on each of his tools. When ready to store them at the end of the day, he knows just how many and which ones are still left outside, exposed to the elements and poachers.

Bulgaria is the prime producer of attar of roses. It takes approximately 100,000 rose blossoms to make an ounce of pure attar.

Berries Yield Better With Dormant Spray

Dormant sprays for raspberries is the main reason why commercial growers can often harvest 2,000 quarts to an acre of plants.

Lime sulfur is a well known material to apple growers. Through the fruit growers are no longer using dormant sprays, raspberry growers are finding it their most important practice. Anthracnose, the fungus controlled by this spray causes gray scab on the canes and is the cause of small crumbly berries and dying stalks in June and July. The best formula is one gallon of liquid lime sulfur to ten gallons of water. This dormant spray needs to be applied before green growth appears on the old canes.

Strawberries are another fruit crop which can hit yields of 4,000 quarts per acre with the help of a dormant spray. In this case, however, a mercury spray must be used when the green leaf clusters are first seen—will greatly contribute to high production. Organic

2-Week Refuge Goal After Raid

OCDM Officer Says Government Is Ready to Aid Later

ST. LOUIS, Mo. (U-P) — A regional director of the Office of Civil and Defense Mobilization said Wednesday night each American family should be prepared to shelter and maintain itself for two weeks after an enemy attack.

Robert E. Waggoner told an American Meteorological Society conference that "all Americans must be prepared to sustain themselves for two weeks following enemy attack. After that the government is prepared to help you."

He said private home fallout shelters would be the best means to save the most lives in an attack. Such facilities could cut fatalities as much as 25 per cent, he said.

Waggoner is director of OCDM's region six which embraces Colorado, Iowa, Kansas, Nebraska, North and South Dakota, Wyoming and Missouri.

Several of the states now require pasteurized milk for manufacture of cheese as a health measure.

EARTHA KITT TO WED — Singer Eartha Kitt, 30, and William McDonald, 30-year-old real estate investor of Los Angeles, apply for a marriage license Wednesday in Los Angeles. Miss Kitt is appearing at a hotel in Las Vegas.

Following a June 9 wedding, the couple will go to New York, where Miss Kitt will rehearse for her one-night concert engagement at the Hollywood Bowl in July.

AP Photofax

U. S. Births Top Deaths by 2,632,000 During 1959

WASHINGTON, (U-P) — Births exceeded deaths by about 2,632,000 during 1959 in the United States, the Public Health Service reported Thursday.

The service said 1959 provisional figures compiled by its national office of vital statistics show:

1. There were an estimated 4,222,000 babies born, or a birth rate of 24.3 per 1,000 population. The comparative 1958 figure was 4,220,000. The birth rate dropped 0.3 per cent during 1959.

2. Registered deaths numbered 1,609,000, a rate of 8.4 per 1,000 population. The rate was 1.1 per cent lower than in 1958, but the number increased from 1,447,000. The infant mortality rate was 26.4 deaths under one year per 1,000 live births, a decrease of about 1 per cent under the 1958 rate of 26.5.

3. Marriage were estimated at 1,494,000, a 3 per cent increase over the 1,451,000 in 1958. The 1959 figure was the post-World War II low. The rate was 8.5 per 1,000 population, or 1.2 per cent above the 1958 rate of 8.4.

4. There were an estimated 396,000 divorces and annulments, or a rate of 2.2 per 1,000 population. The final figure for 1958 was 368,000, a rate of 2.1.

The report said the continued

large number of births has important implications for the future. For example, the number of children reaching school age six years hence will be nearly one-tenth larger than the number in 1959, and about 1 1/2 times the 1950 total.

Name Detroit Lawyer to State Parole Board

LANSING, (U-P) — John A. McClellan, 32, staff attorney for the Legal Aid Bureau in Detroit, Wednesday was appointed to the State Parole Board. He was the first member named since 1953.

McClellan will fill a vacancy left by the retirement next June 1 of Fred C. Sanborn, a board member since 1948. The appointment was announced by the State Corrections Commission.

McClellan started studying law in the Detroit College of Law in the depression years, left school and returned to win his degree in 1948. He served in World War II and the Korean conflict. He is a member of the State Defense Council.

Economy Is Expanding; Pessimism Evaporates

HOT SPRINGS, Va. (AP) — Industry experts today agreed that government economists' forecast that the half-trillion-dollar American economy will expand slowly and unspectacularly through the rest of 1960.

A forecast that national output will total \$67-billion-dollars worth of goods and services — slightly below government estimates — was given for the spring meeting of the Business Advisory Council of the Commerce Department opening here today.

The council, a blue ribbon body of 119 top corporate executives, is conferring over the weekend with Secretary of Commerce Frederick B. Mueller and other government officials.

Vice President Richard M. Nixon will address the council tonight, but reporters are being barred from the dinner meeting, as from all other sessions.

An appraisal of the business outlook, drafted by a panel of professional economists selected by the SAC and prepared in consultation with Commerce Department experts, showed the early-year pessimism of many businessmen evaporating.

The private economists predicted that production will rise moderately throughout 1960, at a

slightly slower rate than government economists forecast at the start of the year.

One government official said the findings "definitely push into 1961 any consideration of a business downturn."

The major supporting forces, according to the industry group, are a continued rise of personal income, strong consumer demand, and increasingly heavier outlays by corporations for new plants and equipment.

The total output of goods and services, however, is expected to fall two or three billion dollars short of the \$10 billion forecast by most government analysts in January.

STEEL REBOUND

President Eisenhower announced on Wednesday that the gross national product reached a record \$500,000,000 annual rate in the first quarter, as the economy rebounded from the 1959 steel strike. This was 29 billion dollars above the 1959 output.

Consumer demand was slower than expected, however, in the first three months of the year. It accelerated rapidly in April and the early part of May, the industry group said. On the other hand, industry purchasing to replenish inventories is due to fall off sharply.

Balancing these factors, the business economists predicted that the industrial production index, a measure of the physical output of mines, mills and utilities, may average 111 per cent of the 1957 base over the full year 1960.

It may reach 112 per cent by the end of the year, according to the forecast. That would be

Boatload of Volkswagens Arrives at Presque Isle

TOLEDO, Ohio (U-P) — The freighter Johannes Russ, carrying 885 German-made vehicles, docked at Presque Isle Thursday.

The vehicles were the first of an estimated 16,000 which will be shipped into the Midwest this year via the St. Lawrence Seaway, said C. J. Hahn of Volkswagen of America, Inc. About half of the vehicles will be shipped through Toledo, he said.

Commented Hahn: "Within a few years we anticipate that our shipments into the Midwest will be far larger in number than they are today. We intend to take full advantage of the seaway's potential."

THE GIRLS

By Franklin Folger

"Now I know why the directions say to place it away from other furniture — so you won't trip over anything hurrying to turn off the silly program."

BOARDING HOUSE

GOP Doubles Big Dem Gifts

Over-\$100 Donations of State Republicans Total \$12,933, Versus \$5,163

WASHINGTON (U-P) — Michigan Republicans gave more than twice as much in large contributions to their national committee than did their Democratic opponents in the first two months of 1960.

In financial accounts required by law to be filed with Congress, Michigan Republican contributions of \$100 or more amounted to \$12,933, Michigan Democrats gave \$5,163 in the same period.

The GOP treasury got a big boost from a Battle Creek "Dinner With Ike," which netted \$9,063. The biggest Democratic gift was \$2,000 from Michigan's Committee for Good Government.

The respective national committees were about even in receipts on a nationwide basis, with Democrats reporting contributions of \$443,502 and Republicans \$487,653.

THE LIST:

Michigan contributions of \$100 or more to Feb. 29:
Republicans — Dr. and Mrs. Harry R. Towsey, Ann Arbor, \$200; Edward P. Wright, Grosse Pointe Farms, \$100; Battle Creek "Dinner With Ike," \$9,063.34; William J. Scripps, Bloomfield Hills, \$100; Republican State Finance Committee, Lansing, \$300; F. S. Ford, Detroit, \$1,000; W. V. Casgrain, Detroit, \$100; T. Melville Rinehart, Detroit, \$100; P. E. Mebus, Detroit, \$1,000; W. C. Russell, Detroit, \$100.
Democrats — Neil Staehler, Ann Arbor, \$100; John M. Yeale, Detroit, \$250; Second Congressional District Dinner Committee, \$83.33; Bradley Smith, Detroit, \$100; Philip A. Hart, Lansing, \$200; Charles R. Bowman, Grand Rapids, \$100; Dewitt J. Burton, Detroit, \$100; Michigan State AFL-CIO COPE, Detroit, \$200; Louis Rabaut, Grosse Pointe Park, \$100; Pat McNamara, Washington, D.C., \$200; Committee for Good Government, Bay Reuther, director, \$2,000; William Palmer, East Lansing, \$100; Al Budman, Detroit, \$200; Clarence Reese, Muskegon, \$100; Marti Kelly, Muskegon, \$100; Mrs. Max Handman, Ann Arbor, \$300; Gov. and Mrs. G. Mennen Williams, \$200.

3 Senators to Investigate Tourism for Porcupines

LANSING (U-P) — A special three-man committee of senators has been set up to investigate ways of developing Porcupine Mountain State Park as a tourist attraction and a mine site.

The \$1.00 study was approved yesterday by the Senate, and these Democratic senators appointed: Charles O. McManis of Houghton, Philip Rahol of Iron Mountain and William E. Miron of Escanaba.

Interest—Taxes—Insurance

THE

ROSEFAIR

**Maintenance Free
Aluminum With New
DuPont Baked-On Lucite**

TOTAL PRICE \$9,990
\$375 MOVES YOU IN

STAYS NEW LOOKING FOR YEARS! New DuPont Lucite® finish has no sheen. Wipes off clean as easily as your refrigerator.

REDUCES FUEL BILLS—thanks to amazing heat reflecting power of aluminum. Home stays 1/3 cooler in the summer, warmer in the winter.

WON'T FADE, CHIP, CRACK OR CORRODE! You need never spend a cent on repairing or replacing any part of the exterior.

ALSO FEATURED

The ROSEDALE
1,050 Sq. Feet
Plus ATT. GARAGE

TOTAL PRICE \$11,850

\$440 MOVES YOU IN \$88 Per Month
