OU launches new campus-wide calendar

A new **campus-wide calendar** now is available throughout Oakland University's Web site. The calendar, developed with input from a team of OU representatives from throughout the community, is a significant upgrade to the most recent Web calendar.

The **OU calendar** offers many features to help Web site visitors find out what's going on around campus. Links to the calendar can be found on many OU Web sites, including the News & Info, About OU, Current Students, Alumni and Visitors & Friends sites.

When visiting the main **OU calendar** page, you'll find out about all the events going on for the week. You also can check out specific details about those events, review events for the month, search specific months for events, or search the calendar in a variety of ways, including by event type or host.

The calendar site also offers links to academic calendars so visitors can go straight to final exam schedules or important class registration dates.

OU students, faculty and staff can submit events by using the "submit" button on the calendar home page. The calendar only will list official, university-sponsored events. Calendar entries are subject to approval and editing by the Communications and Marketing Department.

SUMMARY

A new campus-wide calendar now is available throughout Oakland University's Web site. The calendar, developed with input from a team of OU representatives from throughout the community, is a significant upgrade to the most recent Web calendar.
