

Gayle Ann Chancey

Miss Michigan No Cooking Star

MUSKEGON (AP)—The new Miss Michigan has a honey of a figure and does a first-rate hula, but she says her cooking can stand some improvement.

The state's representative in the 1966 Miss America pageant, 19-year-old Gayle Ann Chancey of Dearborn, was chosen last night after leading the Miss Michigan competition through the week.

Gayle Ann will take to Atlantic City a 5-foot-5, 112-pound frame, plus the silhouette and hula-dancing aptitude that won her the swimsuit and talent competition in the Muskegon pageant.

The blue-eyed, brown-haired beauty measures 34-32-34.

A graduate of Dearborn Community College, she attributes her victory to hard work and the poise she gained in the past year as a professional model—including work with Ford Motor Co. in Michigan and California.

Perhaps ironically, she wins the use of an Oldsmobile for one year—owned by General Motors Corp. Other prizes include \$1,650 in scholarships and awards, gifts and prizes worth about \$5,000.

GOING TO MSU

The victorious Miss Dearborn admits to some ability at sewing and housekeeping, but says she has trouble cooking and would like to improve.

She had planned to enroll at Michigan State this fall.

First runner-up in the Michigan pageant was Nancy Ackert, 19, the honey-blonde, blue-eyed Miss Battle Creek.

Second runner-up was Miss Detroit, 19-year-old Claudia Sand.

Other runners-up:
• Third, Miss Rochester, Sherrie Elliott, 20; 4th, Miss Muskegon, Mary Jane Nolan; 5th, Miss Lansing.

Weatherman Turns Up Heat

7 a.m.	74	noon	95

Frying Pontiac-area residents went from the pan to the fire today, when mid-90 temperatures were topped by a predicted 97 for tomorrow.

Many who weren't crowding the beaches or surviving in cool

basements went in search of friends with air-conditioning.

Reads, already heavy with holiday traffic, got additional drivers and families just out on the chance of finding a cool breeze.

Evidence that local residents were taking precautions from the heat was shown by only one case of heat prostration at local hospitals.

City police have yet to receive a complaint of a strutting nude, usually the sign temper-

atures have reached the unbearable point.

PLAY IT COOL

Many area youngsters spent the entire day in backyard wading pools or under sprinklers, while their parents wished they could join them.

If statistics ease the discomfort by considering a distraction, looking at this out-according to the averages, Michigan will have only one more day of 90-degree weather this year.

But according to Robert Babb, meteorologist in charge of the U.S. Weather Bureau in Lansing, you might as well forget the averages.

"There is no relief in sight," he said. "What is happening is that the high level wind currents have been blocked in the Ontario and Great Lakes area."

STICKS AROUND

"Once a pattern of this kind develops this time of year, it usually stays for a long time," he added.

The current heat wave be-

gan June 21, and 8 of the last 10 days of the month were over 90. July started out the same way, with a 93 yesterday.

The day by day prediction looks like this:

SATURDAY — Sunny today. High 90 to 96. Fair tonight. Low 58 to 66. Light variable winds becoming south to southeast 5 to 15 miles this afternoon.

SUNDAY — Sunny, high 90 to 97.

MONDAY — Fair and continued warm.

Navy Planes Sink 3 N. Viet Torpedo Boats

Attempted Attack on
Destroyer; U. S. Loses
4 Aircraft Elsewhere

SAIGON, South Viet Nam (AP) — Firing bombs and rockets, U.S. Navy planes sank three North Vietnamese torpedo boats which made a high speed run, at an American destroyer, the U.S. command announced today.

Fourteen aircraft from the aircraft carriers Hancock and Constellation took part in the two-hour engagement 38 miles from North Viet Nam's coast yesterday.

The planes returned fire after anti-aircraft guns aboard the Communist craft opened fire.

Navy destroyers in the area picked up 19 North Vietnamese survivors.

The torpedo boats are small ships equipped with torpedoes, cannon and heavy machine-guns. Normally, they are manned by no more than 15 men.

The enemy gunners damaged one American plane, but the pilot made it back safely to the Constellation.

PLANES LOST

In another development, the U.S. Command announced that four U.S. planes were lost in various missions over North Viet Nam yesterday.

This brought to 277 the total (Continued on Page 2, Col. 6)

N. Korea Vows Men for N. Viet

Pledges 'Volunteers'
in Wake of Bombings

TOKYO (AP) — Communist North Korea, in a statement strongly criticizing U. S. bombing of oil depots in Hanoi and Haiphong, has said it will send North Korean volunteers to Viet Nam.

The declaration was made in a statement issued Friday by the North Korean Foreign Ministry and broadcast by Pyong-yang radio. As in similar pledges of support from Communist-bloc nations in the past, the ministry didn't say when.

"The Korean people will actively render every form of assistance, including the dispatch of volunteers, to the Vietnamese people who are methodically fighting against the U.S. imperialists," the statement said.

About 3,000 South Korean troops are fighting in support of the South Viet Nam government of Premier Nguyen Cao Ky.

South Korea is expected to increase its troop commitment to about 4,000 this summer.

BEATING THE HEAT — Scenes like this one at Stony Creek Metropolitan Park will be repeated at beaches throughout the area this weekend as temperatures are expected to remain in mid-90s at least through Monday. Park officials, overwhelmed by the crowds

that surged to the beaches last weekend, are bracing for an even greater influx of overheated humanity during the three-day Fourth of July weekend.

2nd Highest June for Cars

Companies Report
on Auto Production

DETROIT (AP) — June auto output wound up at \$21,043 cars, second highest ever for that month and topped only by the \$22,098 posted in June, 1965.

That was shown yesterday in preliminary production reports from the four U.S. auto companies. Some of the car lines have finished their 1966 model run.

The production clip in the first half of 1966 ran well behind that of a year ago. For Jan 1-30 this time, the car total was 4,798 units compared with 5,158,724 a year ago.

Chrysler was the only auto company whose June output topped that of a year ago as it set a new June high of 139,383 cars, topping the old mark of 134,485 set in June, 1965.

Failure to Rezone Site for Apartments Hit

Pontiac took a backward step in easing a serious housing shortage when city commissioners refused to rezone a site for a \$3-million apartment project, two commissioners who favored the development said today.

"Obviously, I felt it was good planning and the logical use of the land," said Commissioner Robert C. Irwin, who was on the losing end of a 5-2 vote to reclassify 20 acres on the city's far East Side.

Leslie H. Hudson, the other commissioner in the minority and a member of the City Planning Commission which had unanimously recommended approval of the zoning, expressed disappointment in the commission for its reasoning in rejecting the plan.

The commission on Tuesday denied the request of developer Joseph Dreaser to rezone property just north of the Herington Hills Subdivision from single-family residential to multiple dwellings.

Dreaser had planned to build 100 apartment units and later add another 165 when existing sewer facilities in the area are expanded.

The land is between Featherstone and Mount Clemens and immediately east of the Grand Trunk Railroad tracks.

Area Girl Dies in Horse Fall

A 12-year-old Bloomfield Hills girl was fatally injured at the Waterford Hunt Club near Jackson yesterday when the horse she was riding failed to clear a jump.

Jackson State Police said Blyth Davis, daughter of Mr. and Mrs. Fred V. Davis, 3797 Lakeside, Bloomfield Hills was thrown from her horse when it stumbled while attempting to jump a fence.

The girl, a member of the Bloomfield Open Hunt, was participating in a four-day horse show. State Police said her horse fell on top of her fracturing her skull and crushing her chest.

The accident occurred about 2 p.m. She died at 10:15 p.m. at the University of Michigan Hospital in Ann Arbor.

JFK Jr. Suffers Burns

John F. Kennedy Jr.

HONOLULU (AP) — John F. Kennedy Jr. has received "mild burns" from a campfire on a Hawaii beach.

The son of the late President suffered what his mother described as "minor burns to his right hand and buttocks."

John Jr., 5, was reportedly tugging at a sleeping bag when he stumbled and fell into the still-hot coals of a beach campfire Thursday.

The Kennedy's — John, his mother, sister Caroline, 9, and cousin Sidney Lawford — were visiting Parker Ranch on Hawaii Island, 200 miles southeast of Honolulu, when the accident happened.

The picnic was being held on a nearby beach belonging to Mauna Kea Hotel.

TREATMENT

Immediately after the accident, John was treated by Dr. Keith Nesting of Hilo, on Hawaii Island. The family returned to Honolulu yesterday.

After the Kennedy's return, Don Herio, press secretary to Hawaii Gov. John S. Burns, released this statement:

"I have been instructed by Mrs. John F. Kennedy to report that John Jr. suffered minor burns to his right hand and buttocks at a beach picnic yesterday.

"He was therefore brought to Honolulu and is under the care of Dr. Eldon Dykes."

Draft Setup to Undergo Broad Study

SAN ANTONIO, Tex. (AP) — President Johnson ordered today a broad six-month study of the military draft aimed at promoting its fairness and effectiveness.

Johnson named a 26-member national advisory commission to review all aspects of the Selective Service system with a view toward possible wholesale revisions of the draft next year.

Press Secretary Bill D. Moyers, announcing Johnson's move at White House press headquarters here, said "there is no idea excluded from the possible agenda."

Moyers said the commission even would consider the concept of national service — either in military or civilian areas — by both men and women.

The chairman of the commission, which will have a full-time staff of professional aides, is Burke Marshall, former assistant attorney general who headed the Justice Department's civil rights division.

Veterans' Benefits Subject of Articles

Are you a veteran? Is anyone in your family a veteran? Chances are very high the answer is yes, as some 22 million persons are classed as veterans of conflicts from the Spanish-American War to Viet Nam.

The Pontiac Press will begin Tuesday a 17-part series, "What You've Got Coming in Benefits," which covers the entire field.

It is written by Washington Correspondent Ray Crowley of the Newspaper Enterprise Association.

Russians Seen Biggest Winners on De Gaulle Visit

CHARLES DE GAULLE

MOSCOW (AP) — Diplomats taking a second look at President Charles de Gaulle's 11-day Soviet visit say he may have helped the Soviets more than they helped him.

De Gaulle returned to Paris Friday after a widely-publicized tour that produced friendly speeches from both sides but little in the way of major political agreement.

The biggest Soviet gain was De Gaulle's decision, even before his arrival here, to withdraw France from the military arm of the North Atlantic Treaty Organization, some diplomats said.

The Russians also reaped dividends from de Gaulle's speeches here and the Communist regime is expected to make use of them to emphasize French support of Soviet policies.

For example, de Gaulle repeatedly described the Soviet Union as a country with peaceful intentions.

He also backed the Moscow line of peaceful coexistence. He did not mention the apparently contradictory policy of Soviet support for Communist-led wars of national liberation such as in Viet Nam.

Although high French sources said they saw no contradiction, there was some question whether the Soviet-French agreements on scientific and technical cooperation might conflict with similar U. S. French accords.

HAVE TO WAIT

It was understood that the proposed Soviet launching of a French satellite, for example, would have to wait until the French can build an entirely

French satellite with no American components.

De Gaulle received warm welcomes throughout his tour. But when he sat down for formal discussions, he got nowhere on his major proposal for a series of bilateral talks, including Soviet-West German talks, toward easing tensions in divided Europe.

The Russians showed no interest in any direct talks with Bonn. They stressed instead East Bloc security. For the Rus-

sians, this means keeping Germany weak.

Despite the deadlock over major international questions, de Gaulle clearly saw his trip as a step in the right direction. There was no question that at least the atmosphere of Soviet-French relations had improved.

NO CHANGE

But the practical level of relations between the two countries remained largely unchanged. Trade was one example.

Psychiatrists Ponder 2nd 3-Child Killing

FAIRFIELD, Maine (UPI) — 46-year-old husband, joined by a few relatives and friends, hears prayers said over the caskets of three children who were murdered under circumstances almost identical with that which struck the same family 12 years ago.

"Something happened and I don't know what it is," said Dr. Price A. Kirkpatrick, the psychiatrist who had been treating Mrs. Constance Fisher, 37.

"By our present knowledge, this tragedy could not have happened again if she had taken the drugs properly," the doctor said yesterday.

But it did happen. And today Carl Fisher was to bury his fourth, fifth and sixth child while his pudgy, tired-looking wife sat in an Augusta jail cell accused for the second time in her life of the drowning of her three small children.

Police said the deeply religious Mrs. Fisher will not be allowed out of her cell while her

HOLIDAY PRELUDE — Occupants of this car wound up in a Boston hospital after it collided with a taxicab yesterday. One of the drivers apparently did not heed sign in background, warning drivers who take to the highways on the long holiday weekend.

During Holiday

Romney Pleas for Safety

LANSING (UPI) — Gov. George Romney, his own holiday schedule full of activities, has urged vacationing Michiganders to use caution in using the state's roads, waters and forests.

"This weekend is a time for celebrating our nation's independence and for fun and relaxation with our families," Romney said, "all of which can be marred by careless driving, foolishness on the water, or by reckless use of our dry woodlands."

He said that Michigan State Police statistics show 997 persons have lost their lives so far this year on Michigan's streets and highways, and that 98 more have died in water.

Traffic fatalities are up 13 per cent over a year ago.

Romney, as he has done in the past, urged motorists to "light the way" to safety by driving with their lights on during daylight hours, as well as at night to remind others to use caution on the road.

FULL FORCE

He said a full force of State Police patrol cars, aided by three planes and National Guard personnel, will be helping to handle excessively heavy traffic during the year's second three-day holiday weekend.

During the 76-hour Memorial Day period, 43 persons died in fatal accidents.

Lunar Craft Fails Orbit

CAPE KENNEDY, Fla. (AP) — Two more tries are planned for Explorer 33 cruises through this year.

The Soviet Union succeeded last April with Luna II, the first American moon satellite, dashed by a hotburning rocket engine.

The National Aeronautics and Space Administration said early data indicated the probe was doing well at the outset of the intended three-day, 24,000-mile journey to the moon, aiming to learn what dangers, if any face astronauts rocketing along the lunar expressway.

With the Explorer 33 failure Friday, the moon remains an elusive target for American lunar orbiters.

The United States has tried and failed seven times in eight years to swing a payload around that distant target.

U.S. Deaths May Hit 610 for Holiday

By the Associated Press

Traffic deaths rose with quickening speed today on the first full day of the long Independence Day weekend.

The total, in the tabulation period that began at 6 p.m. Friday and will end at midnight Monday, reached 51.

Typical Fourth of July weather — hot and humid — covered most of the country.

Many areas had rain, and slick highways heightened the danger to thousands of travelers.

GRISLY PRELUDE

Alabama witnessed a grisly prelude to the holiday. A bus plunged down an embankment near Ozark Friday, killing 12 migratory workers. Two wrecks on wet roads in the Huntsville area cost the lives of 10 persons.

Then four persons died in a head-on collision Friday night in Huntsville.

The National Safety Council has estimated that between 510 and 610 persons will die in motor-vehicle accidents during the holiday weekend.

The safety council said that most of the more than 91 million motor vehicles now registered in the United States will be on the road at some time during the holiday weekend. The council estimates they will travel a total of 9.5 billion miles.

SAVE LIVES

Safety experts say that the general use of seat belts could save up to 70 lives this weekend.

Rodger Ward, the race driver who works as a driving safety consultant, said that in driving safely it's the little things that count.

Ward said that fatal collisions can be caused by such apparently minor actions as eating an ice cream bar with one hand and driving with the other.

COMPARISON COUNT

"Everybody wants to live, but to see some of them on a highway, a person has to wonder just how long they want to live," Ward said.

For comparison purposes, the Associated Press made a traffic count for a 76-hour nonholiday weekend from 6 p.m. Friday, June 17 to midnight Monday, June 20.

During this period there were 383 highway deaths.

The worst traffic toll for a three-day holiday weekend was in 1965 when 551 persons died.

The highest traffic toll for any three-day holiday weekend during the 1964 Christmas week when 720 persons were killed.

number of planes lost north of the 17th Parallel.

The loss of one of the planes, an F105 whose pilot was rescued from the sea, was announced yesterday.

Pilots of the other three planes were sighted parachuting but enemy ground fire thwarted rescue efforts.

Meanwhile, Gen. William C. Westmoreland, commander of U.S. forces in Viet Nam, told newsmen in Saigon he thinks the war against the Communists is being won.

OPTIMISTIC

It was his most optimistic public comment on the fighting.

"Six months ago, I stated that we had not yet started to win. But certainly at that time we had stopped losing," he said.

"Since then we have a string of victories to our credit, we have increased our forces and military power," and we have gained in effectiveness.

"We have a long way to go but, without question, the enemy is taking bitter losses and suffering both physically and psychologically."

BEGUN TO WIN

Asked if he would say "we have now begun to win," Westmoreland replied, "Yes." He declined to elaborate.

Little Effect Felt in City on Medicare

Yesterday's advent of Medicare produced no noticeable change in the number of patients admitted to Pontiac's three hospitals.

"I do not feel that Medicare will make a great deal of difference," said Harry Whitlow, administrator of Pontiac Osteopathic Hospital.

"In my opinion, the total increase will not exceed 5 to 10 per cent at the most," he added.

Louis Kogan, controller of St. Joseph Mercy Hospital, stated, "I don't expect much change in the use of our facilities due to Medicare."

AGREEMENT

In agreement with the other two administrators was Harold B. Euler, administrator of Pontiac General Hospital.

"I don't anticipate any great change. I feel that the people in our community 65 and older are well taken care of now."

"As a guideline," continued Euler, "there has been no appreciable increase in the advance requests for surgery."

Peace Corps Couple Headed for Latin Nation

BIRMINGHAM — A young Birmingham couple, both Oakland University graduates, soon will be serving as Peace Corps volunteers in the Dominican Republic.

Mr. and Mrs. Luther Wilson Jr., 1968 Humphreys, are to depart Tuesday for the Caribbean country, where they will work in community development projects.

Wilson, 22, graduated from OU in 1965 with a major in Russian literature. He is the son of Mr. and Mrs. Luther Wilson Sr., 2751 Mann, Waterford Township.

His wife Mary Louise, 21, majored in art history at OU and graduated this January.

Her parents are Mr. and Mrs. Robert H. Snelling, 1898 Humphreys.

Wilson has worked in plant protection at GMC Truck and Coach Division, Pontiac, for the last year.

TRAIN IS WEEKS

The two volunteers completed 15 weeks of training at the center.

Wilson has worked in plant protection at GMC Truck and Coach Division, Pontiac, for the last year.

"Anytime there is a major change, there are those who feel that they are being hurt, and that is inevitable," added Irwin.

"But those persons must realize that the commission should not sit in judgment on the standards of a project if the builder meets all the city's regulations," Irwin told.

"We must first act to encourage development, and then react to the changes that are brought about," he said.

Most of the residents who voiced opposition to the project cited increased traffic through the subdivision as their major concern.

"The problems were not insurmountable," said Irwin.

Hudson said that the only "legitimate complaint" heard by the commission was the one involving the traffic on Bay Street, where the only entrance to the development was to be located.

TAX BASE

"This is a matter that could have been taken care of when it occurred," said Hudson.

"Another thing we all have been harping on is an increased tax base," he added.

"There is a case where a reputable developer wants to do something and the commission, turns thumbs down on him, and all over a traffic problem."

"The excuse is a poor one."

QUESTIONS ACTION

Hudson said that the commission should have taken a realistic stand on the project "even though it wouldn't have been the popular one with area residents."

Hudson also questioned the action of the city in selling one of the owners of the property, Frederick Poole, 1/4 acres on Bay Street for the access "if it didn't have any thought of promoting the development."

"It seems we led him on and then closed the door in his face," said Hudson.

Two Senate Rivals Appear in Windsor

By the Associated Press
Two of Michigan's three leading U. S. Senate aspirants spent part of Friday in Windsor, Ont. But all three put in Detroit-area appearances during the day.

In the Canadian border city for flag-raising ceremonies connected with the International Freedom Festival were Republican Sen. Robert Griffin and his Democratic would-be rival, Detroit Mayor Jerome Cavanagh.

Later in the afternoon, Griffin

greeted shoppers in downtown Detroit before heading for Southfield High School and the Southfield fair.

GREETSTOWN PROJECT

Friday night, Cavanagh opened "Adventure in Greektown" ceremonies in downtown Detroit and expressed hopes the project would provide inspiration to other parts of the city. Former Governor G. Mennen Williams, who with Cavanagh is a candidate for the Democratic nomination to the Senate, greeted workers at industrial plants in Saginaw before arriving in Detroit. In the afternoon he greeted shoppers in Detroit, Harper Woods, Warren and East Detroit.

Fraud Suspect Faces Hearing

DETROIT (UPI) — Ellsworth B. Foote, accused perpetrator of a \$5-million swindle, will face a bankruptcy hearing next week. Foote was charged last week by the U.S. Attorney with using "counterfeit and fraudulent" warehouse receipts as security for a multi-million-dollar loan operation.

Two of Foote's creditors, David Katz and Robert R. Lewiston, filed a petition in Federal Court Thursday to have Foote declared bankrupt. A hearing is scheduled for July 9 after which Foote must reply in five days or be declared bankrupt.

The government said Katz might have lost \$2 million in his dealings with Foote.

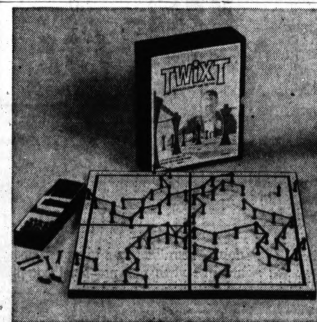

The bankruptcy petition, however, refers only to a \$29,000 loan which Katz and Lewiston said they made to Foote June 2.

Williams and Griffin were to attend the Seaway Festival in Muskegon today. Both were to join the parade along with Gov. George Romney. Williams scheduled a speech at the Seaway Festival luncheon.

Griffin planned an afternoon of handshaking in Downtown Muskegon before the Governor's Luncheon. Afterwards he was to greet shoppers in Muskegon shopping centers before leaving for Traverse City for the night.

School Board Faces Charges

Teachers in Warren
Claim Labor Wrongs

WARREN (UPI) — The teacher's union in this Detroit suburb yesterday filed unfair labor practice charges against the Warren Consolidated School District School Board.

The action came after the board decided June 13 to end further negotiations on a wage package in next year's contract and write the contracts with the final figure it offered the teachers.

The board and the teachers had already resolved other points in the contract. The teachers were asking for a starting salary of \$6,500, according to School Supt. Paul K. Cousins.

He said the board was offering \$5,850 per year and would include that figure when contracts were mailed.

A Junior Editors Quiz About SKY

QUESTION: Why is the sky blue?

ANSWER: Our earth is covered with a dense layer of air. Suspended in this are countless specks of dust and other materials.

It is the sunlight, glancing off these, which makes the sky look light. Without an atmosphere containing such particles, the sky would appear black as it does in outer space.

The white light from the sun holds within it all the colors of the rainbow.

But the particles in the air bend or refract this white light and so scatter the rainbow colors.

Blue is the color which, because of its particular "wave length" is more widely scattered than the other colors, and this is why the sky appears blue on a sunny day.

When you look at something distant, you are looking through air with its widely scattered blue rays, so things far away take on a faint bluish tinge.

Since there is always some water vapor in the air, distant things also look lighter.

FOR YOU TO DO: Wendy is holding up a bright green leaf and contrasting it with the different color of the distant mountains, which she knows are covered with the same green leaves. Make the same experiment. If there is no mountain in your area, use a distant tree to check the color against.

Second Suit Facing County Election Unit

A second area attorney has Judge James S. Thorburn Tuesday filed suit against the Oakland County Election Commission in an attempt to get his name on the August primary ballot as the justice of the peace candidate.

Kramer, whose law practice is in Detroit, contends he is entitled to run for the office now being held by Christian Powell in West Bloomfield Township.

Seeking a Circuit Court ruling that would upset a state legislative decision barring the election of justices this year is Richard P. Kramer, 5550 Whispering Oak, West Bloomfield Township.

Last week Pontiac attorney Barry Kushner filed a similar suit in regards to a justice seat in Bloomfield Township.

Both cases will be heard by Judge James S. Thorburn Tuesday.

Romney Chooses Campaign Manager

LANSING (UPI) — John Byington, Gov. George Romney's 28-year-old assistant press secretary, was named by Romney yesterday to manage the governor's campaign for reelection to a third term.

"I have asked John to set up a hard-hitting campaign effort through which Lt. Gov. William G. Milliken and I can meet as many citizens as possible to outline the accomplishments of this administration and our goals for the future," Romney said.

United Fund Sets Sights on 1966

Announcement of the 1966 fundraising goal of the Pontiac Area United Fund touches off the agency's 17th annual campaign.

The carefully-budgeted objective of \$1,042,000 to operate the Fund's 55 agencies for the ensuing year marks the first time the figure has topped the million mark. It represents a 16 per cent increase over last year.

It is needless to point out that as the area's population has swelled and community welfare commitments have correspond-

ingly grown, costs of meeting them have necessarily risen.

Last year, 30,000 families were served by Fund agencies, more than three out of five persons in the Pontiac area.

Commenting on the upcoming solicitation, 1966 campaign general chairman DON O. TAYLOR said, "It is the largest goal in the Fund's history and represents a real challenge to the civic spirit and responsibility of each individual."

Based on the successful record of past Fund campaigns made possible by an army of dedicated workers and generous donors, we have no doubt that the challenge will be met.

Eisenhower 'Golden' Puts Them in Select Circle

Few couples, needless to say, live to celebrate their golden wedding anniversary. Only two presidential couples, the JOHN and JOHN QUINCY ADAMSes, have done so to date. But yesterday, former President DWIGHT EISENHOWER and his wife, MAMIE joined this select company.

Mamie Geneva Doud met Dwight Eisenhower in San Antonio late in 1915, when the Doud family was on its annual winter vacation. The wedding took place in the Doud home in Denver, July 1, 1916. It was also

the day that Ike was promoted to first lieutenant.

Former President HARRY S. TRUMAN, who for years was scarcely on speaking terms with his successor, is chairman of the EISENHOWER Golden Wedding Committee. The committee's objective is to raise funds for EISENHOWER College, which is scheduled to open next year in Seneca Falls, N.Y.

The undertaking seems an especially fitting way to have honored one of the Country's most notable couples on their special day.

Science Eyes Pupils as New Method of Insight

The day may come when a teacher will be able to tell if he is getting his lessons across by measuring the size of his pupils' pupils.

A new instrument called the "Pupillograph" has just been unveiled. Far from being just another ophthalmic measuring device, it sounds almost like a kind of mind-reading machine.

According to Dr. Eckhard H. Hess of the University of Chicago, who has been doing most of the work in this field, with the amount of light being equal, the human pupil enlarges when attractive subjects are viewed and constricts in reaction to unpleasant subjects. Both reactions

are wholly involuntary.

The male pupil, not surprisingly, enlarges at the sight of an attractive girl, while a woman's pupil dilates when viewing a baby. Many people who claimed to like modern paintings that were placed before them were betrayed by their shrinking pupils which showed that they really hated the stuff.

It is hoped that the machine will ultimately find use by psychologists and psychiatrists as a diagnostic device to measure emotional stress. It could also, say its designers, be of great value to industry as a means of measuring fatigue.

Or maybe the boss' popularity.

The Ancients Kicked Off Mechanical Vending

If you think that automatic vending is a contemporary miracle, get with it, boy, get with it. It's been going on for 2,000 years.

Food Marketing in New England points out that in 219 B.C. a Greek priest introduced the device. He devised a machine that dispensed holy water when triggered by a coin. And,

in the 10th century, a Chinese inventor rigged up a bamboo pole so that a coin dropped in a slot released a pellet.

About the only thing now left to automate is instant weather. If that sounds preposterous, bear in mind it has many elements going for it.

LBJ Statement Old, Unyielding

BY JAMES MARLOW

AP News Analyst

WASHINGTON—President Johnson's latest statements on the American role in Viet Nam weren't new—he had said it all before—but they were unyielding and kept open a grim window on the future.

Critics of the war and his handling of it have been on his back for months, but he didn't bend an inch to mollify them. In his speeches in Omaha and Des Moines Thursday, he said the United States would see this war through.

But in explaining this country's involvement in the present struggle, he raised the prospect of American involvement in other Viet Nams, bigger or smaller, around the world in the future.

"This was not the first time he had indicated that."

"We are obligated," he said, "to help those whose rights are threatened by force. CANNOT IGNORE INJUSTICE."

"If one government uses force to violate another people's rights, we cannot ignore the injustice, the threat to our own rights, and the danger to world peace."

He explained the case of South Viet Nam.

The North Vietnamese are trying to deny the South Vietnamese the right to build

their own nation, the South Vietnamese asked U.S. help, and Johnson said: "Only if we have abandoned our respect for the rights of other people can we turn from their plea."

In a speech more than a year ago, Johnson said approximately the same thing: "Around the globe, from Berlin to Thailand, are people whose well-being rests, in part, on the belief that they can count on us if they are attacked."

ONLY ONE DECISION

And at the end of his Omaha talk Thursday, he added this: "There can be only one decision in Viet Nam. We shall see this through. We shall persist. We shall succeed."

"There are many nations, large and small, whose security depends on the reliability of our word and our power. The word of the United States must remain a trust men can live by and live with and depend on."

Johnson, known to believe he has laid out his views on Viet Nam repeatedly, had remained relatively quiet in recent months as the critics battered away at him.

The fact that Thursday's talk was just a rehash of what he has said before would bear out his belief that he has already fully presented this government's case.

He probably decided further explanation was needed because just the day before he ordered the bombing of the Communist oil deposits around Hanoi and Haiphong in North Viet Nam.

The POWER of FAITH

By WOODI ISHMAEL

Edward Kennedy Ellington, known to millions of Americans as Duke Ellington, has for almost half a century been a force in contemporary American music. Little known is his deep religious faith.

Reared in a devout Christian home, he says, "I didn't go to one church each Sunday, I went to two. (His mother was a Baptist and his father a Methodist.) I was raised in love, and love is the number one aura of God."

Early in life he read the Bible four times, and "What I learned helped me adjust my perspective in the world." That perspective has been good, and through his music he has given an expression recently to his faith. It came about when Dean Bartlett of The Grace Cathedral in San Francisco asked him to compose and conduct a sacred concert in his own personal style.

Duke says, "It was an opportunity to give my God-given talent to religious service and to say something with my music to someone else concerning faith."

The theme of his first concert was the first four words of the Bible, "In the beginning, God..." Since his first concert last fall, he has given five other sacred concerts in churches in this country and one in England. And there are requests for more.

Confident Living:

Safe Driving a Character Test

By NORMAN VINCENT PEALE

There is a lot of talk about auto safety, and believe me it's an important subject.

What is the best assurance of a safe trip in a car? Not a four-wheel, basic car construction and built-in safety devices such as seat belts are important factors, but what determines whether a powerful vehicle shall be a menace or a blessing is the person in the driver's seat.

Recently my wife and I were driving on the Saw Mill River Parkway in Westchester County, N. Y. when

something happened that

was a real eye opener.

It was a car skidding on two

striking wheels toward the

median curb and missing us

by not inches but quarters-

inches!

He swerved around the car

ahead of us, passed in front

of it, bounced against the

curb and went weaving precariously

in and out of traffic. Talk about a drunkard's

luck. It held all right but

there must also have been a

big portion of the grace of

God working for this wild

kamikaze driver. I caught a

glimpse of his glazed eyes

and idiotic countenance as he

swerved past. No state police-

men were in the area at the

moment. They cannot be

everywhere, but had they

been there they might have, with full justification, slapped this drunk in jail and kept him there.

A few miles up the road the

car had turned off to the side.

The driver sat slumped over

the wheel. A woman beside

him, whom I judged to be the

manic's wife, leaned back

chalk-white and weeping. The

thought came that maybe he

had been angry as well as

drunk. Perhaps a domestic

spat had sent him, spurred by

alcohol and malice, down the

road racing his car as a po-

tential engine of destruction.

One wonders how many

hot and raging minds on

America's highways have

contributed to our high

death toll. Automobile man-

ufacturers can hardly in-

struct their salesmen not to

sell to fools and incompe-

tents. Perhaps automobile

salesmen should be

equipped with psychiatric

insights before selling power

into the hands of persons

not capable of handling it.

But since this can hardly

be expected of business or-

ganizations, we cannot

blame car manufacturers

for the faulty human minds

that operate the automobiles

produced in the good faith

that they will be judiciously

and properly used by intelli-

gent people.

Actually, to drive a car

without accident, all that is

needed is to know the rules of

the road laid down by the

traffic department and then

follow these. Traffic regula-

tions are considered and

tested judgments of experts

who over long experience have

decided upon them as pro-

tection for all drivers.

At a safety week program

of the Rotary Club of New

York a man was honored as

a driver with a perfect record

for 25 years: no accidents, no

violations, and no traffic

tickets. He described his splen-

dific record to two driving pol-

icies: 1. Obey every rule me-

ticulously. 2. Practice cour-

Voice of the People:

Fly 'Old Glory' Proudly on Another Glorious 4th

May I make a special plea to everyone to fly the flag on July 4th? We should not wait for a special day to fly our beloved American flag. We are not waving our Stars and Stripes enough.

I wish all of our citizens would stop and think of our spiritual and ethnic values and of the great men of our country's history. Our flag is the symbol of a blessed nation, a great nation in industry and education, a glorious beacon of light, a haven for the oppressed and truly God's gift to mankind.

Do I love my flag? Indeed I do.

GOLD STAR MOTHER
CHAPTER NO. 10

'Drivers Must Concentrate Upon Driving'

While driving home today, my mind on the varied details of a typical housewife's day, a pedestrian suddenly loomed up in front of me, jumping for his life, one hand actually on my car. I had not even been aware of his proximity. At that moment, I was not fit to be behind the wheel of a car.

How many drivers have suddenly found themselves in this same situation and perhaps were not so fortunate as I? How many drivers have awakened in the hospital not really remembering how it all happened?

You make the decision, do we need safer cars, or do we need more conscientious drivers?

O'Brien's Independence—a Necessity?

Carl W. O'Brien said, and I quote: "I will run again independent of party support and the endorsement of any major labor group."

The Detroit News listed Carl O'Brien with Daniel West, Basil Brown, R. F. O'Brien as "The Legislature's Incredible Bad Apple," and listed a few of the police contacts Mr. O'Brien has had. (It says he has had many.)

Could this be why he is running independent of his party support and independent of any major labor group?

REPLY

The two locations are Carver School in Royal Oak and Oakland Community College. Community College is closest to you, but Elaine Smith of North Oakland Opportunity Center wants to remind you that you cannot go directly to the clinic. All appointments must be made through the Center at 7 West Lawrence. To qualify, you must be certified as a low income resident of Oakland County, 16 years or older and out of school. Call 333-7006 for appointments or if you have any questions about the program or its requirements.

Merit of 'Get-Up' Instilled Early

By WASHINGTON STAFF

WASHINGTON (VNA) — In a talk to young Negro businessmen, Vice President Hubert H. Humphrey re-

minded some of his late father, Hubert H. Humphrey, who died in 1958.

Commented the Vice President:

"At my father's funeral, I noticed many young people. I wondered why they had come. Afterward, one of them came up to me and said: 'Your father helped put me through school.'"

"I thought to myself: 'I wonder why he didn't help me?'"

Humphrey was joking, of course. His father drove him

to the Capitol.

party for a second term. Nominated in his state was Lt. Gov. A. M. (Sandy) Keith.

In fact, McCarthy is reportedly to have spent much of his

time in the convention hotel talking of things closer to his heart — like revision of major treaties.

Proposed changes in the NATO treaty absorb him. But it doesn't stop there. He told a visitor to his suite: "The other day the Spanish ambassador spoke to me about revising the Treaty of Utrecht."

That's the pact which ended the War of the Spanish Succession, sometimes called Queen Anne's War. It was signed in 1713.

Robert Price, deputy to Mayor John Lindsay of New York, popped up the other day at a reception in Washington.

Price was reminiscing about

"The Associated Press is entitled exclusively to the use of the reproduction of all local news printed in this newspaper as well as all AP news dispatches."

"The Pontiac Press is delivered by carrier for 9¢ a copy. Subscriptions are available in Pontiac, Michigan, and all other places in the United States. Subscriptions payable in advance. "Are you fellows going to watch the picture?"

Responded one reporter: "No, thanks. I think I'll wait until it comes to my neighbor's house."

Holiday Plans, Visits

Area Folk on Go

Mr. and Mrs. James Clark son of St. Jude Drive are hosting more than 300 persons at an Independence Day gala. They are featuring a live band, water show, and the largest fireworks display in Oakland County.

Mr. and Mrs. Ralph Novell of Wrentham Drive have daughter Carol from Oakland University and Virginia, Michigan State home for the weekend. Their son Bruce and family of Columbus, Ohio are also visiting.

Former Pontiac residents the Morton Jorgensen of North Hollywood, Calif. with children Jennifer Lynn and Janet will arrive for a week's stay here Wednesday.

The visitors will be guests of Mr. and Mrs. I. J. Davis, Oriole Road, and children Debi and Mark.

Dr. and Mrs. Ferdinand Gaensbauer of Hammond Lake are entertaining Dr. Gaensbauer's mother and sister from Grosse Pointe. Son Ted, daughter Gretchen, and nephew Tom Whittington are also home from the University of Michigan for the end of the week.

Fourth of July festivities will begin with a picnic for Mr. and Mrs. James R. Jenkins of Wrentham Drive. Either Sunday or Monday Rick, Bill and Kathy will set off with their parents to the Middle Straits Lake home of their grandmother, Mrs. Blenda Anderson.

Mike and Tom the two oldest boys have other plans. Mike will

go to the northern part of the state to vacation with friends while Tom plans a visit to Saginaw.

Mr. and Mrs. Arthur Selden of Sylvan Lake have as houseguests their granddaughter Mrs. John Hamor Jr., her two children, Inabel and Matthew, and Dr. and Mrs. Richard Selden of Ithaca, New York, accompanied by their two children. Mrs. Hamor's husband will join her at the end of the week.

The William Shunks of Longworth Drive are having relatives from Ann Arbor and Columbus, Michigan for a family party on the Fourth.

The James Rosenhals have as weekend guests friends from Jackson here especially for the Meadow Brook concert.

Their son Gary is presently studying French at Justin Morrill College, Lausanne, Switzerland.

Young Brian is attending the National Federation of Temple Youth Convention in Warwick, N.Y., and son Jordan is a student at Ithaca.

Susan Smith is visiting her mother, Mrs. Floyd Smith of Sylvan Lake. She has been teaching in Denver, Colo. for the past year and will leave in August for a teaching post on Okinawa Island.

S. CPO and Mrs. Joseph L. Carry of Duluth, Minn. and daughter Colleen are visiting his mother, Mrs. Arthur R. Carry of Myrtle Street before leaving for a three-year assignment in Naples, Italy. Their son Seaman David Carry of Newport, R.I. joined his family here while on furlough.

Mrs. Carry's parents are Mr. and Mrs. Merle Bearce of Fremont Drive.

Mrs. William Hilliker of Beverly Drive Drive has returned from Elmira, N.Y. where she spent a week visiting friends.

Plan Firework Display Here With Reunion

A fireworks display from the island which centers Lake Angelus will climax the 32nd annual reunion of the Kuhn family, Sunday and Monday, at the home of Mrs. Charles F. Kuhn.

Among some 100 all-day guests will be Mrs. Kuhn's 11 sons and daughters with their families.

Coming from Detroit will be the Charles F. Kuhns, the John J. Kuhns and Mrs. Donald Graham; Dr. and Mrs. Albert A. Kuhn and Dr. and Mrs. Robert E. Kuhn, Bloomfield Hills and from Birmingham Dr. and Mrs. Henry H. Kuhn, the Paul J. Kuhns and Mrs. Robert V. Frisbie.

The George W. Kuhns, West Bloomfield, the Richard D. Kuhns and Edward J. Kuhn of Pontiac are also expected.

Others are Mrs. Charles Blesed and family, Syracuse, N.Y.; the Harry Stofers, the David Stewarts and William Stofers, all of Plymouth, Ind.; Dr. and Mrs. Albert Germain, South Whitley, Ind.; the Fred Meinkes, Detroit; the George McIntyre, Birmingham; and Mrs. Emma Blanchard of Albion.

'NORTH TO ALASKA'

Mrs. Kuhn's son Edward who is touring a boys' group for the 10th year to Alaska is leaving Detroit on July 17.

Honeymoon in New York City

The Ronald Porter Matlocks (Donna Rae Voss) left for a honeymoon in New York City after their vows and reception today in the Waterford Community Center.

Mr. and Mrs. Gale J. Voss of Saline Drive and the William Matlocks of Maynard Court, are parents of the newlyweds.

Alencon lace highlighted the bride's gown and circular train of antique white satin. A pearl coronet capped her veil of silk illusion. She held a bouquet of white roses.

Attendants Diann Voss, honor maid, and bridesmaids Patty and Pamela Matlock, are sisters of the bridal couple.

On the exquire side, were best man, Michael Simmonson, with ushers Philip Bugby and Thomas Voss.

Ticket reservations for all plays are advised in advance by calling the theatre. A limited number will be available at the door.

Children's theatre production "Rapunzel and the Witch" is slated for 1 p.m. and 4 p.m. July 9.

Ticket reservations for all plays are advised in advance by calling the theatre. A limited number will be available at the door.

Takes 2 to Tango—Abby

By ABIGAIL VAN BUREN

DEAR ABBY: I had a speaking acquaintance with an attractive, but shy, man for two years. He is 37 and

I am 26. He has never asked me out, but whenever we meet at a church doings or on the street, he seemed glad to see me.

ABBY

About a year ago I got my nerve up and called him on the telephone just to talk. I couldn't get him to say much. About a month later I heard that he was joining the religious life. My heart broke.

After 10 months I heard that he was back home and had to give up the religious life because of illness. I wrote him a letter, welcoming him home, and invited him to a small party. He wrote back and declined.

I want so much to know him better. How long should I wait before I start in again? I'd give anything to get him interested in me.

NEEDS HELP

DEAR NEEDS: If you were to ask me how to drive a man away forever, I'd advise you to do exactly what you have done so far in your efforts to attract this man. Don't make any more overtures. It takes two to tango, and apparently this man doesn't care to dance. And if he ever decides to try, he will want to pick his own partner.

DEAR ABBY: After working for a very competent physician for 12 years I have observed that the average citizen acquires his "M.D." with more speed and less expense than the best doctor. In our office we get hourly calls from patients who say, "I have a 'virus,' please have the doctor come on up on my lunch hour and give me a shot."

Abby, what this country needs is a sidewalk booth, operated on the same principle as a cigarette machine. The patient would deposit a coin, stick his arm in a slot, select the "medication" and get his shot.

People wonder "what has become of the good, old-fashioned family doctor?" Well, what has become of the good, old-fashioned, trusting patient who let the doctor diagnose the case and prescribe the treatment?

AN B.N.

DEAR R.N.: I have a message for the physician who would permit his patient to diag-

nose and prescribe. "Physician, heal thyself."

DEAR ABBY: You gave that young woman who was going with a married man and wished people would "leave her alone" a million dollars worth of advice when you said: "Don't worry, they will. Including your married man."

Here is my story: At 43 I was suddenly widowed. A year later a friend invited me out to dinner. He said he and his wife were being divorced.

To make a long story short, for 11 years we ate and drank at all the little, out-of-the-way places I could find for him at my place, and we even weekend-ended together.

Well, my friend is still married and living with his wife. Since giving me the gate he has become the steady companion of another widow (younger). Yes, my friends warned me, too, but I just wanted to be "left alone."

And I certainly was. Sign this—"FIFTY-FIVE AND ALONE"

Nurse Rose Boyd Wants No Fanfare on Retiring

By MADELEINE DOEREN
"Whatever you do please keep my story short. . . no fanfare" requested Rose Boyd R.N. of Oneida Road, with a quick glance at her pencils.

This was, indeed, a new pitch from the interview standpoint. We quietly put two pencils away!

Miss Boyd came to Oakland County in 1938 with the TB Association in Royal Oak and joined the Pontiac Health Department staff the following May.

She was one of six supervisors of the central office and retired Friday as district supervisor.

Her staff of from nine to 12 graduate nurses has been serving schools in the general routine which also extends to convalescent homes in the area of diversionary activity.

In 1958, Miss Boyd was named "Professional Nurse of the Month" by the Pontiac District Nurses Association.

A native of Traverse City, she was graduated from the General Hospital there, then went to New York City for post-graduate work at Mount Sinai Hospital. She returned to home base for a brief period of private duty nursing.

Working later with the "Home Delivery Service," Miss Boyd and several other nurses affiliated with the Detroit Home Nursing Service and assisted with home deliveries of babies.

After resuming her studies in the late 1930's, Miss Boyd received a public health nursing certificate from Wayne State University.

Police Arrest Mother

GRAND HAVEN (AP) — A Grand Haven woman was arrested as she left burial services for her 3-year-old daughter yesterday and charged with first degree murder.

Mrs. Doris Hunzinger, 25, arrested following services at a Muskegon cemetery, was charged with the death of her daughter, Helen Marie, whose body was found Monday night in a foot locker behind the Hunzinger house.

Mrs. Hunzinger appeared before Municipal Judge Jacob Panslein and requested court appointment of an attorney.

She demanded examination and Panslein set July 11. Mrs. Hunzinger and Richard Traxler, 32, who lives at the Hunzinger home, reported finding the body Monday night. She said she had not seen her daughter since last Friday when her estranged husband, Larry, had picked up the child.

Police located the father in California and said he has been exonerated.

Teamster 'Rebel' Mulls Move

MIAMI BEACH, Fla. (AP)—

Harold Gibbons, the nearest thing to a rebel in James R. Hoffa's Teamsters Union, is considering whether to openly voice his discontent with Hoffa's one-man rule. It was learned today.

Gibbons isn't talking and if he does make a plea for some democracy in the huge union, he will do it at the Teamsters convention next week.

Meanwhile, the convention began gearing up efficiently as a well-oiled machine to give Hoffa another five year term as president.

The question Gibbons is wrestling with is whether to acquiesce silently or make what he knows would be a futile ges-

ture of opposition to the twice-

DROPPED REVOLT

Gibbons, one of 13 Teamsters vice presidents, already has dropped his abortive revolt against Hoffa's plan to provide for a caretaker successor in case Hoffa goes to prison on jury tampering and mail fraud convictions.

Gibbons came here planning

to mount a major campaign among the 2,200 Teamsters delegates, including even publishing a daily newspaper.

But when he couldn't win enough pre-convention support, he abandoned his revolt and junked his campaign literature. Hoffa now has clear sailing for his plan to create a new post of general vice president and install Fitzsimmons as the man to replace him temporarily if his court appeals fail and he goes to jail.

RULING IN FALL.

The Supreme Court is expected to rule on Hoffa's jury tampering appeal next fall. Hoffa and Fitzsimmons are long-time close Detroit associates.

Fitzsimmons would turn the presidency of the 1.7-million member union back to Hoffa when the latter was freed, under the Hoffa plan.

With no election contests for any major office, the Teamsters convention promises to be little more than an echo of Hoffa's plans to continue his nearly complete control of the world's biggest union.

LANING (AP)—Gov. George Romney signed 17 bills Friday

travelling from help for migrant laborers to a step required for establishment of Sleeping Bear Dunes National Park.

The laborer bill authorizes construction of two overnight rest camps for migrant workers—one in Southeastern Michigan, the other in Southwestern Michigan. They'll be built with federal money, but run by the state.

The park bill approves sale of about 9,000 acres of state land including Benzie and O. H. Day State Parks to the federal government. The proceeds will be used to reimburse local units of government for the tax loss involved in creation of the national park in Northern Michigan.

Another measure designates the Saturday nearest Oct. 12 as a legal holiday observing Columbus Day.

Unmarried persons under 18 years of age will have to have parental consent to purchase an automobile under terms of another bill signed by Romney.

Hearing Aid Bill Opposed

LANING (AP)—The Michigan State Hearing Aid Dealers Association asked Gov. George Romney Friday to veto a bill

regulating their business. Association chairman Roland Ross of Detroit called the measure unconstitutional and monopolistic, but Atty. Gen. Frank Kelley, a leading advocate of hearing aid dealer regulation, said it is constitutional.

The bill was approved last month by the Legislature.

The association complained most against the phrase in portion of the bill's licensing procedures.

No applicant can be issued a dealer's or salesman's license during 1967 or 1968 unless he has been in the business throughout 1965 and 1966.

Colonial Of Kurt Stubenvolls On Cobb Creek Drive, Oakland Township, Built By Terrence O'Connor Of Rochester

background for LIVING

Painting Done By Mrs. Stubenvoll's Grandmother

Problem Site Is Transformed

By JODY HEADLEE
Home Editor, The Pontiac Press

A man of vision, Kurt Stubenvoll didn't let a sharp drop-off discourage him from buying a home site on Cobb Creek Drive, Oakland Township.

With the help of railroad ties, fieldstone found on the property and man-hours, he transformed the problem into an attractive asset.

Anyways, shrubs and trees fill the slope's divided beds, presenting a colorful picture and conversation piece for patio diners.

Adding shade and height to the plantings in front of the charming two-story colonial are wild cherry and sassafras trees.

A low fieldstone fence between the lawn and the road and a short retainer to maintain the trees' original soil line offer a repetition of material to correlate the back and front yards.

On the interior, Mrs. Stubenvoll has elected to follow the colonial theme.

Before the living room's picture window is a sectional sofa, divided and used as outdoor chairs.

The colonial print covering the pieces introduces shades of brown, gold and orange to brighten the room's background of beige.

Facing each other on corner walls are pocket watches that Mr. Stubenvoll mounted on wooden plaques. The watches, one wound by a key, belonged to his grandfather.

Above the room's brown sofa, a brass eagle, a miniature wall clock and prints and silhouettes in matching frames.

"I have plans for those frames," said Mrs. Stubenvoll. "Someday, I'm going to substitute silhouettes of our children."

The Stubenvolls have four

youngsters, Kevin, 13, Kim, 12, Cheryl, 10 and Lori, 4.

LIVING GREEN

Philodendron vines in a mandarin orange floor container add living green to the decor.

In the adjoining dining room, white tapered stainless steel candlesticks and an artificial arrangement in a matching fruit bowl center the maple table.

"The painting," said Mrs. Stubenvoll, nodding toward the wall, was done by my grandmother, Florence Nightingale.

"She was not the famous nurse, of course, though I believe the families were related."

"The picture," she continued, "was once the center panel of an old-fashioned screen."

Olive green candles in brass scones on either side repeat one of the many shades of green found in the sumac leaves of the painting.

Many units can be adapted or combined to meet special needs. Materials for all designs can be provided by neighborhood building material dealers.

Pibber McGee's jam-packed closet brought entertainment to millions—and yet millions of jam-packed closets bring constant headaches to housewives.

The new home which has "ample space" during the buying, always seems to turn up at least one closet shy when the living starts.

Designer Richard Himmel, AID, of Chicago, was commissioned to design storage facilities

which were new and different and adequate for home owners, builders and "do-it-yourselfers" working on modernizing or new-home problems.

Himmel executed special designs for every conceivable storage situation, and some of the best plans were collected in a book called "14 Big and Little Storage Ideas."

This full-color, 50-cent idea booklet offers

plans which can be adjusted to suit the space available in any home. Each plan includes a complete list of materials, and all items can be supplied by a neighborhood building materials dealer.

MODEST FARMHOUSE: This traditional New England-style house is lacking in rambling characteristics. Instead, its compact design permits the owner to have a five-room

house at the start and to turn it into an eight-roomer whenever necessary.

G-43 STATISTICS

Design G-43 has a living room, dining room, kitchen, two bedrooms, a foyer, outdoor terrace and a garage on the first floor. Total habitable area, not including the terrace, is 1117 square feet on this floor. If the second floor is finished as shown, it provides 706 additional square feet of living space, divided into two large bedrooms and a bath. Over-all dimensions are 54'8" by 32'4", including the garage.

FLOOR PLANS: The outdoor terrace in back of the garage can be converted into a family room by the addition of two walls and a roof; upstairs, the architect has included plans for two bedrooms and a bath if and when this space is utilized.

Compact Model Fits Small Lot

The ever popular New England farmhouse is given the compact treatment this week.

In response to requests for a house of this style to fit on a modest lot, architect Herman H. York has come up with a design that suits the needs of a growing family.

There are two bedrooms on the first floor, with an expansion attic for two additional bedrooms.

The area behind the garage has been laid out as a terrace, but could easily be made into a family room at a later date because two walls are already there. Design G-43 thus can be anything from a five-room to an eight-room house, starting with the lower figure and moving up to the higher as the family grows.

Best of all, the original overall dimensions of 54'8" by 32'4", which include the garage, do not change as the living area of the house expands.

PREREQUISITE
An important prerequisite to good layout is proper balance in room sizes.

This is particularly true in a house which has an expansion potential.

The architect has kept the rooms in good relationship here by using a minimum of hall space. A partially open plan, using the corner of the dining room as passage to the bedroom area, eliminates some hall-

way and additionally gives an impression of spaciousness.

A large bay window in the dining room looks out to the rear. There is an attractive fireplace in the living room, set in stone and flanked by vertical wood paneling.

The kitchen is at the rear of the house, conveniently located between the dining room and the outdoor terrace.

If this terrace were made into a family room at a later date, the convenience factor would still hold true. One of the features of the kitchen, with its L-shaped arrangement of working appliances, is a full-height pantry, coming back into style since so many homemakers have been requesting it.

Also, there is sufficient room in the kitchen for a dinette table.

BEDROOMS
Both bedrooms are on the first floor have ample closet space and are close to a large bathroom that includes a long vanity.

The front bedroom can easily be used as a den if desired. The architect has shown the convenience of a second door to this room can be located so that entry can be made directly from the foyer.

Both rooms in this wing of the house have cross ventilation.

Upstairs, the layout includes

two good-sized bedrooms and a bath. The laundry chute which begins on this floor has an opening on the main floor and extends to the basement.

There also is a very sizable storage area that can be utilized whether or not the attic is finished during the original construction or at some later time.

Additional storage space is available along an entire side of the garage.

While most of the exterior is covered with wood shingles, brick has been used in the chimney and on the front door and covered porch.

The shingles preserve the traditional flavor of a New England farmhouse.

The brick expenditure is small, but is utilized where it has the greatest impact.

Conventional and without expensive frills, this house never-theless should have plenty of appeal for a family of almost any size which wants a comfortable home on a medium-sized lot.

About 38 per cent of American families live in apartments today compared with 8 per cent a little more than a decade ago, reports Allied Chemical.

Builders Question Government Move

The National Association of Home Builders thinks the government was barking up the wrong tree when it raised interest rates on FHA and VA-backed home mortgages.

The rate has been raised twice this year to keep yields on these loans competitive with other investments, including conventional mortgages.

Instead of raising the interest rate, builders say, the government should allow them to pass along to homebuyers the discounts or points that builders now must absorb as a cost of doing business.

This would save buyers money on many kinds of mortgages, particularly longer term ones, the builders contend.

Points are the extra charges lenders tack onto mortgage loans to bring the yield up to what they could earn elsewhere.

EXAMPLE
For example, it takes 3.5 points or \$525 to raise the yield on a 25-year, \$15,000 mortgage from 5.25 per cent to 5.75 per cent.

Lenders are forbidden to charge homebuyers points.

So builders have to pay them unless they can find some way of working them into the cost of the house.

In a competitive housing market, this is hard to do.

The government has raised the FHA and VA interest rate from 5.25 to 5.75 per cent in an effort to eliminate these points.

But the builders say this is costing homebuyers more money than if the interest rate had stayed put at 5.25 per cent and builders had been allowed to pass on points to buyers.

The builders want buyers to pay points not in a lump sum down payment — the way the builders have to pay them.

LONG RANGE

They want to add them to the value of the mortgage, to be paid off over the years.

At 5.25 per cent, that \$15,000 mortgage will cost the borrower \$94.50 a month or \$22,350 over 25 years.

But if the points — \$525 — are added to the mortgage making it \$15,525 and the interest rate stays at 5.25 per cent, then the monthly payment is only \$93.15 and the total cost over 25 years only \$27,945.

The buyer saves \$11.35 a month and \$405 over 25 years.

OBJECTIONS

Government housing men have two main objections to the builders' proposal.

First, they don't like the idea of "falsely inflating" the value of a mortgage.

Even if he did buy it, he might have trouble selling the mortgage to another buyer later on.

Second, they say that allowing builders to pass points to homebuyers would go against Congress' intent in setting up FHA in the first place.

The whole idea was to keep the interest rate on these government-insured mortgages below limits set by Congress.

If buyers had to pay points, the interest rate limits would be worthless, officials say.

Soap, Detergent Aluminum Cleaners

The Aluminum Association approves a sudsing soap or detergent suds to clean aluminum window frames and other home surfaces.

It is best to rub in the direction of the finished grain, and to take special care with matte-finished aluminum which has no grain.

Use a bristle brush to apply the suds on patterned surfaces. After rinsing, wipe dry with a clean cloth.

Famous Loser Says Role Was Nightmare

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD—What is it like for an actor to play the same role on the same set week after week for nine television seasons?

"It can become a crashing, tedious nightmare of horrors," says William Tallman, television's most famous loser.

As Hamilton Burger, the hapless district attorney, Tallman never has won a decision from defense attorney Perry Mason, as essayed by Raymond Burr. Tallman holds no grudge about having the cards stacked against him in every one of the nearly 900 episodes. But he did consider the mechanics of the series left him numbed.

"In the first place, I was handed a role that was one-dimensional," he said. "I did my best to keep up my interest by playing the part just a little bit differently each week. But the effort increased as the wells of unevenness had to be bored deeper and deeper."

"Eventually there was nothing I could do to believe the best. Yet as long as the show was on the air, I never

complained publicly. It would have been stupid and graceless for me to do so.

"Besides, I was lucky. Actors search all their lives to find hits, and I was in one. I would have stayed the 10th year if the show had remained on the network, and I think it could have."

His reason was simple: he recently became the father of his sixth child. Also there is the matter of hefty alimony to his first wife.

Having divested himself of his D.A. duties, Tallman now is discovering "there are other fish to fry." His first outside job was a guest starring on "Wild, Wild, West." Quite naturally, he plays a loser—a sheriff who gets

plugged by an outlaw.

OTHER OFFERS
He is mulling other offers and says he would gladly perform in another series. But he confessed he'll probably never find another post as easy as the one in "Perry Mason."

"Usually I came to the studio only for the courtroom scenes," he said. "That meant I only had two days out of the six-day schedule, and when I worked, I really worked. Poor Barbara (Hale) and Hoppie (Bill Hopper) sat around forever to do their scenes. And, of course, Ray Burr was there all the time, faced with endless dialogue."

Tallman admitted he will miss the old gang.

"This is the truth: he ended up the best of friends," he said. "We couldn't have survived if we hadn't been."

BAREFOOT RIVER RUNNERS — Sen. Robert F. Kennedy, D-N.Y., helps his daughter Kerrie get her shoes off yesterday for a run down the rapids-filled "River of No Return," the Salmon's middle fork in Idaho. Kennedy already is barefoot. The Kennedy

family, including astronaut John H. Glenn Jr., is scheduled to run through rapids today but a mild storm front which moved in during the night may delay plans. The river run is scheduled to end Monday, 100 miles downstream.

Job Equality Unit Ends Troubled Year

By JOSEPH E. MOHAT
WASHINGTON (AP) — The Equal Employment Opportunity Commission winds up its first year of work today, buried under a mountain of complaints from minority groups — and women.

It was created July 2, 1965 by the 1964 Civil Rights Act to investigate and settle complaints of job discrimination because of race, nationality, religion or sex.

Geared to handle a predicted 2,000 complaints in its first year, the commission has received more than 8,500 thus far. Of these, a total of 692 cases reached the conciliation stage. Of those cases, only 97 have resulted in nondiscrimination agreements.

'MAKES JOBS'
But statistics don't tell the whole story, says acting Commission Chairman Luther Holcomb, who has run the panel since the resignation of Franklin D. Roosevelt Jr. last May.

Holcomb, in an interview said he is convinced the commission has "made jobs for

thousands of Negroes just by the fact that we're in business."

Clarence Mitchell, Washington representative of the National Association for the Advancement of Colored People, says the commission has done what it was expected to do in the first year. It's been most valuable — and it has gained the confidence of those who are the victims of discrimination.

Holcomb echoed that view. "The number of complaints we receive has never gone down," he said. "I think this is a sign the people who are discriminated against have confidence in us."

At noon today, the commission's jurisdiction automatically was to spread from some 58,000 businesses with 10 or more employees to 83,000 businesses, including all with 15 or more employees. The 164 act provides for coverage of all firms with 25 or more workers by 1968.

Of the commission's first-year complaint total of 8,572, only 6,026 were within its jurisdiction. Of that number, slightly more than 3,000 came from Negroes. In more than 2,000 cases — 33 per cent — sex discrimination was charged. Only 127 complaints cited national origins, and these included 70 complaints by Mexican-Americans.

There are now over 3.3 million imported cars in use in the United States, compared to 2.9 million a year ago, a 13 per cent gain.

The probe into cemetery operations began last year when relatives of deceased persons buried there claimed the bodies were placed in wrongly marked graves.

List, however, was found innocent of charges against him when he was manager of the cemetery.

Man Guilty in Cemetery Scandal Trial
DETROIT (AP) — A figure in the Brookdale Cemetery scandal was convicted yesterday of obstructing justice during investigations into the management of the suburban Detroit cemetery.

Joseph S. Lawson, 49, Detroit, was convicted of the charge which involved an alleged bribe to the former manager of the Livonia cemetery, Sidney List, 65, Detroit.

The bribery charge was dropped and Lawson was convicted in Recorder's Court only on the charge of obstructing justice in the investigation.

List charged that Lawson had asked for \$700 to keep quiet during the investigation of the cemetery. Lawson said he was merely trying to trap List into an admission.

Claim Hospital Denied Entry

Baby Is Delivered in Berrien Sheriff's Car

ST. JOSEPH (AP) — A four-pound baby girl was born in the back seat of a speeding Berrien County sheriff's car Friday morning. Her parents said they had been denied admittance to a Buchanan hospital.

A nurse at the hospital reported Mrs. Ollie Breland sought admittance there late Thursday night but was turned away because she and her husband had no hospital insurance and no cash. They were told to go to Berrien General Hospital.

Sheriff's men reported they received a call at 7:30 Friday morning and rushed to the Breland home in Buchanan.

HECTIC DRIVE
Sheriff's Sgt. Donald Jewell told of a hectic drive in trying to reach Berrien General. Then at 8:04 a.m., according to records in the sheriff's office, Breland, 28, delivered the little girl in the back seat as Jewell gave instructions.

First Book to Be Published

Sarah Churchill Now a Poet

LONDON (AP) — Actress Sarah Churchill, daughter of Britain's wartime leader, will publish her first book of poems Monday. It is called "The Empty Spaces."

"The poems range from those I wrote when I was 17 to those written 18 months ago," she said in an interview.

Miss Churchill is 51. Her last husband — now dead — was Lord Audley but she rarely uses the title Lady Audley.

"I think I write poetry quite naturally," she commented. "When I get angry, upset, sad or happy I write down my feelings on paper. When I'm unable to express myself vocally I reach for my pen."

REVIEW BOOK
Reviewing the book before publication, the Daily Mirror said:

"It makes compelling reading. Miss Churchill's life has been sometimes turbulent, often sad. Here she puts down, with accomplished skill, intimate feelings about events which have touched her personally."

During World War II, Miss Churchill was in the Women's Royal Air Force. One of her most difficult assignments was to collect the clothes of Royal Air Force pilots who failed to return from missions. With these possessions she would break the sad news to the wife just widowed.

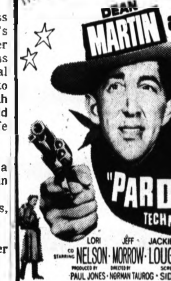

One of the poems is about a missing pilot officer. It says in part: "You're the ruddy blinking tops. And good luck to you. The best be where you go. You're a straight up proper smasher. And I wish I'd told you so."

That day you flew away. But still, maybe, somehow, perhaps. "You knew it anyway." The expressions are those them."

"The poem's not about any particular pilot," said the poetess. "It was inspired by all of them."

New Pastors Arrive in Pontiac

Several new ministers of the Pontiac area were transferred at annual May and June Conferences and new pastors appointed.

Coming to Baldwin Evangelical United Brethren Church this week are the Rev. and Mrs. Marvin E. Rickert.

The new Christian leader comes here from Willowbrook Community Church, Novi, where, besides serving the congregation he was chairman of General Citizens Committee of Novi Child and Youth Protection Service, Juvenile Court of Oakland County.

Pastor Rickert is a past president of the Novi Rotary Club and of the Evangelical Minister's Association, Detroit.

Photography and athletics are his recreation and hobbies.

A graduate of North Central College, Naperville, Ill., he received theological training at Yale Divinity School, New Haven, Conn.

The Rev. Mr. Rickert began his preaching in the Evangelical Church in Buffalo, N.Y., in 1931. After several pastorates he was chosen conference superintendent in 1946, a position he held for seven years.

The new pastor later served churches as minister of Christian Education in Tonawanda, N.Y. and Berea, Ohio.

Presently he is president of the Michigan Conference of his denomination's Board of Christian Education and secretary of the board of trustees of the conference.

Pastor Rickert is married to the former Alice McKay of Buffalo, N.Y.

CENTRAL METHODIST

Rev. James H. McLaurin, a native of Flint and former member of Trinity Methodist Church in Flint, was appointed to serve as associate minister of Central Methodist Church by Bishop Dwight E. Loder at the 125th Detroit Annual Conference of the Methodist Church at Adrian College.

The new pastor was graduated from Central Michigan University in 1933. He received his theological training at Garrett Seminary, Evanston, Ill.

Before entering the ministry the Rev. Mr. McLaurin was a teacher in the Flint Public School System.

Mrs. McLaurin, the former Janice Temple of Flint, is also a graduate of Central Michigan University.

She taught schools in Park Ridge, Ill. and Flint before coming to Pontiac with her husband.

TEMPLE BETH JACOB

Called as spiritual leader of Temple Beth Jacob is Rabbi Philip Berkowitz, recently ordained at the Hebrew Union College in Cincinnati, Ohio.

He received the Rabbi David Polish Special Award for the most original contribution to religious education for the past year.

The new rabbi received his master's degree in education from Boston University and a

Worship at Macedonia

The congregation of Messiah Missionary Baptist Church is worshipping temporarily at Macedonia Baptist Church Center, Alton at Motor, across from Jefferson Junior High School. Morning worship at 11 a.m., evening service at 7.

Detroit-Windsor Services Scheduled for Sunday

Interdenominational religious services will be held in Detroit and Windsor Sunday as part of the eighth annual Detroit-Windsor International Freedom Festival.

A sunrise service has been scheduled for 7:30 at an outdoor church setting in Dieppe Park in Windsor's Civic Center. A memorial service will be held at 11 a.m. in Mariner's Church, Detroit.

Three choirs have been scheduled for the Windsor service. The speaker will be the Rev. Donald Wilson, pastor of the Central United Church of Canada, Windsor.

The Rev. Handley Hickey,

master's degree in Hebrew language from the Hebrew Teacher's College in Boston.

After teaching Hebrew and

Jewish religion for 10 years, he served as student rabbi in Schenectady, N.Y.; Mansfield, Ohio; and Potosky.

Rabbi Berkowitz spent four years as youth advisor to congregations in Boston and five years as waterfront director of

the Hebrew College Summer Camp and School, Boston.

A certified water-safety instructor, he is also a small craft instructor in boating.

Rabbi and Mrs. Berkowitz will live at 304 Ottawa for the summer.

FIRST NAZARENE

Heading the First Church of the Nazarene as the new minister is the Rev. U. B. Godman, former pastor of the Nazarene Church in Plymouth.

A graduate of Olivet Nazarene College he took theological training at the denomination's seminary in Kansas City, Mo.

He served two years as chaplain during World War II in the Marshall Islands.

Before coming to Pontiac Pastor Godman was minister of education and visitation at the Detroit First Church for seven years.

When serving in Port Huron he assisted in building a new church and was active in civic groups including the Lions Club, Police Department, Parent-Teacher Association, and was chaplain of the City Council.

The Godmans of 538 W. Iroquois have a son, David of Livonia; and a daughter, Dorothy Ann of Pontiac, Golf, hunting, fishing and flying are his hobbies.

Methodist Minister at Lake Angelus

Dr. Allen B. Rice, associate minister of Metropolitan Methodist Church, Detroit was retired at the 125th Session of the Detroit Annual Conference of the Methodist Church at Adrian College in June.

Dr. and Mrs. Rice have moved into the guest apartment on the Lake Angelus Estate of Mr. and Mrs. Stanley S. Kresge.

The retired pastor will continue as part time associate. He also plans to travel and do some writing.

A graduate of the University of Michigan and Garrett Seminary, Dr. Rice was honored with a D.D. degree at Baker University when he spoke at the dedication of an auditorium there named after his father, the late Dr. Merton Rice, minister of Metropolitan Church, Detroit for 30 years.

Yoh Going to Jamaica

Former Pontiac Pastor Honored

Dr. Joseph I. Chapman, executive minister of the Ohio Baptist Convention with headquarters in Granville, Ohio, received the honorary degree of doctor of laws at Judson College Sunday.

Dr. Chapman, former pastor of Bethany Baptist Church, is a graduate of Colgate University and Eastern Baptist Theological Seminary. He was awarded the degree of doctor of divinity at Sioux Falls College in 1954. The Ohio Baptist Convention served by Dr. Chapman is composed of more than 340 American Baptist churches.

After serving pastorates in New York State, he was called to Minnesota in 1947 as director of Christian Education and later as executive secretary.

Dr. Chapman is a member of the board of trustees of Northern Baptist Seminary, Judson College, the Baptist Hospital Fund in Minnesota, Piqua Baptist Home and Baptist Foundation Inc.

He has also served as a member of the executive committee of Sioux Falls College.

Dr. and Mrs. Chapman have six children. Mrs. Chapman is a graduate of Baptist Institute for Christian Workers in Philadelphia, Pa.

REV. DAVID S. YOH
Leaving the United States in August to serve as superintendent of the Montego Bay Circuit, of the Methodist Church in Jamaica is the Rev. David E. Yoh, associate minister of Central Methodist Church, Lansing.

The Rev. Mr. Yoh, a native of Pontiac, is the son of former Pontiac residents Dr. and Mrs. Harry B. Yoh of Clarkson.

A branch of the British Methodist Church, he will be the first American Methodist minister to serve under the British Conference in Jamaica.

A graduate of Allston College, he received theological training at Oberlin College. Prior to his Lansing appointment, he was pastor of the Methodist Church, Vernon.

A special co-conductor of Pastor Yoh is group life and dynamics. In 1958 and 1964 he was a delegate to the Institute for Advanced Pastoral Studies at Cranbrook, Bloomfield Hills.

DR. JOSEPH CHAPMAN

His special training includes participation in a Church and Life Group Laboratory of the Protestant Episcopal Church in Paulding, N.Y. in 1959.

Rev. Mr. Yoh is on the staff of the first Teen-age Group Life Laboratory sponsored in the United States by the Methodist Church.

He is married to the former Mary Bell of Durand, a registered nurse and graduate of Henry Ford Hospital, Detroit. The Yohs have a son, David E.

Laborites Split on Viet Debate

Left Wing Threatens Wilson's Program

LONDON (AP) — A wide-open split developed in Prime Minister Harold Wilson's Labor party today as the government refused a demand from legislators of all parties for an emergency debate on the Viet Nam war.

Angry left-wing members of Wilson's own party were openly threatening to balk at administration's entire legislative program because of the prime minister's support for the American campaign in Viet Nam.

More than 100 Laborites and Liberals presented a motion Thursday night in Parliament demanding that the government denounce U.S. policies in the Southeast Asian country.

Laborite, Liberal and Conservative legislators returned to the attack at the opening of Parliament this morning to demand a full debate early next week of the government's policy in the Viet Nam conflict.

NEGATIVE REPLY

Herbert Bowden, government leader in the House of Commons, refused the demand to day as he did Thursday night.

Bowden said business for the House of Commons was laid out for next week and he would try to announce early next week whether a Vietnamese debate would take the week after.

"The government must take a decision about the change in business. When it is possible to make an announcement, I will make it," Bowden said.

3rd Straight Set of Twin Girls in Family

ELMIRA, N.Y. (AP) — An Elmira family's third set of twin girls in a row was unexpected. But, says the father, "We take what comes, whether one, two or whatever. We love them all."

Frank J. Trocchia, 38, president of an air freight company, said Friday he thought he was being fooled when told of the new arrivals Thursday at St. Joseph's Hospital.

"I couldn't believe it. They just weren't expected," added his wife, Theresa, 36.

The mother and daughters, who weighed in at five pounds, 14½ ounces and four pounds, 14½ ounces were doing fine today, hospital officials said.

\$1,500 in Damage in Waterford Fire

A fire in the kitchen of a home at 3265 Airport, Waterford Township, yesterday caused an estimated \$1,500 damage.

The blaze at the home of Zane Nixon started about 6:15 p.m. Exact cause of the fire has not been determined.

Damage to the kitchen amounted to about \$1,000 while damage to appliances and furniture amounted to about \$500. Nixon broke his toe while running to get a garden hose to fight the fire.

ADVERTISEMENT FOR BIDS

The Board of Education of the Bloomfield Hills School District No. 2, Bloomfield Hills, Michigan, will receive bids on materials, labor and related items for Landscaping and Site Improvement work at West Hills Junior High School, 12410 Orchard Road, Bloomfield Hills, Mich. at the office of the Board of Education, 4715 Anderson Road, Bloomfield Hills, Michigan.

The work consists of about twenty-five (25) acres of lawn operations, erosion control and 1,000 ft. of fencing.

Proposed forms of contract documents, including plans and specifications, are on file at the office of William R. Smith, 511 Oakley Street, Birmingham, Michigan, and may be obtained by depositing two dollars (\$2.00) with the office of William R. Smith for each set.

Proposals must be in form provided and accompanied by a Bid Bond or Certified Check in the amount of five per cent (5%) of the proposed estimate.

Bids shall be withdrawn for a period of thirty (30) days after the opening of the bids without the consent of the Board of Education, Bloomfield Hills School District No. 2.

RELEASED FROM PRISON — Mrs. Burnice Iverson Geiger, the 64-year-old former Sheldon, Iowa, society matron who embezzled \$2.1 million, talks with newsmen yesterday upon her release from prison in West Virginia. Sentenced to 15 years in 1961, she was released on parole and returned to Iowa last night.

Woman Embezzler Back Home in Iowa

SHELDON, Iowa (UPI) — Mrs. Burnice Iverson Geiger was at the end of her long trip home today.

Tight-lipped with reporters and at the verge of tears when last she saw a friend, she stepped out of an airplane last night after a strenuous, day-long trip from prison.

She got into a car at Sioux City's airport 58 miles from Sheldon and it whisked her off into the darkness.

Whether she immediately came back to Sheldon — the town she looted of \$2.1 million — or whether she went into seclusion elsewhere for awhile, few persons knew for sure.

Mrs. Geiger, 64, was released on parole from the Federal Women's Prison at Alderson, W. Va., yesterday morning, five years and five days after she was arrested as perhaps the biggest bank embezzler in history.

NOT TALKING

Most folks in this rich farming community were not talking about their feelings.

"People aren't going to treat her very good," James Tott said. "I lost my job at the chemical company which closed because of her, and after that I didn't do anything."

"Five years softens things up," Mayor Bill Adkins said. "Her coming back probably will just go along like other things."

Two persons were happy — her aging parents, Mr. and Mrs. W. P. Iverson, both 90. They still live alone.

Their house was dark last night.

News in Brief

Thomas E. Haskins, 100 Cherrylawn, and W. C. Reaver, 1061 Shoman, Waterford Township, reported to Pontiac police today the larceny of \$203, a wallet worth \$20 and two cartons of cigarettes from a car parked on South Sanford.

Pontiac police are investigating a burglary at the Harry T. Griffith home, 30 Dakota, yesterday in which \$120 was taken.

Victoria Waterman of 74 S. Anderson reported to Pontiac police yesterday the theft of \$370 from her home.

HOPE OF STARTING SURVEYOR DIM; TRIES CONTINUE

PASADENA, Calif. (AP) — Hope is fading but scientists say they will keep trying to prod Surveyor I, America's camera on the moon, to electronic life again.

Experts at Jet Propulsion Laboratory got no reply from two command signals sent to the 620-pound spacecraft.

Surveyor stopped transmitting pictures two weeks ago when it was engulfed in the two-week lunar night, with the temperature 260 degrees below zero.

Experts said the craft may have been damaged by the cold.

"We'll keep trying, just to see if the battery survived," one spokesman said.

More than 10,000 pictures were transmitted previously.

Soviet Troop Pullout Eyed

Sources Speculate on Move in Hungary

LONDON (UPI) — The Soviet Union may shortly withdraw her troops from Hungary, qualified Communist diplomats said today.

An indication of Soviet intentions was expected to emerge from the summit meeting of Red bloc leaders due to open in Bucharest next week to review the shaky Warsaw Defense Pact.

Russia maintains two divisions in Hungary. They have been there since Moscow crushed the 1956 October uprising in that country.

They are there ostensibly under a bilateral agreement, as part of Russia's military security setup in East Europe.

Russia also maintains troops in Poland, on the grounds they are needed to guard the lines of communication with the 20-odd Soviet divisions in East Germany.

SPECULATION

There is no question so far of a Soviet withdrawal from Poland, or from East Germany, despite recent speculation the Kremlin may thin out its powerful military setup in East Europe.

There are so Soviet troops in the other East European Communist countries — Romania, Bulgaria or Czechoslovakia.

Militarily, there is by general consensus no need for Russian troops in Hungary.

They were put there in the first place for political rather than international security considerations.

When first moved in, they were intended to crush the freedom uprising. They remained to back the Communist regime in the country.

Cyclist Hurt in Area Crash

A 17-year-old Commerce Township youth was injured early last night when he lost control of his motorcycle on Union Lake Road at Kenwick in White Lake Township.

Listed in fair condition in Pontiac General Hospital with arm lacerations is Charles G. Gray of 1886 Portlock.

A passenger, 17-year-old Mary Price of 535 Farnsworth, White Lake Township, was treated at the hospital and released.

Sheriff's deputies said the motorcycle went into a ditch and rolled over.

Man Beaten to Death by 8 Motorcyclists

BLACKWATER, England (UPI) — A gang of eight motorcyclists beat a young man to death with broken bottles and tossed his blood-stained body from a bridge early today before an angry crowd from a nearby dance hall could stop them. The leather-jacketed thugs escaped.

The victim of the vicious beating was identified as Michael Mercer, a 25-year-old married man. The motive for the gang killing was not known.

HOT? WHO'S HOT? — Kids in Edina, a Minneapolis suburb, enjoy the coolest outdoor spot in town in an effort to beat yesterday's humid 90-degree heat. It's the old Edina grist mill dam in Minnehaha Creek, offering a natural shower. The mercury climbed to 94 in Minneapolis yesterday. The heat wave continued today.

Charge Auto Agency Fraud

Husband, Wife Face Hearing in State Case

MOUNT PLEASANT (UPI) — Leo Beard and his wife, Genna, operators of an auto agency, were charged in three warrants which allege irregularities in finances of the agency.

Mrs. Beard made \$15,000 cash yesterday pending a hearing set for July 7.

Beard was expected to make \$22,000 bond imposed on him by Municipal Judge Russell D. O'Brien.

The demanded examination before O'Brien Thursday.

The charges allege: (1) Larceny by conversion on 83 counts, alleging the Beards borrowed money from the Michigan National Bank in Saginaw to pay for new cars delivered by a manufacturer; that the not be paid and the bank does not know the location of the financed cars.

ALLEGATION Mrs. Beard allegedly signed insufficient funds checks totaling \$79,502.31, payable to the Michigan National Bank and drawn upon the Central National Bank in Alma.

And obtaining money under false pretenses with intent to defraud. This specific charge alleges that, in one instance, Beard sold the same car twice.

Lansing Man Convicted in Hotel Blaze

LANSING (AP) — James McDaniel, 24-year-old Lansing laborer, was convicted on a negligence charge yesterday in connection with a fire that forced 50 days in jail by Municipal Judge Earl McDonald.

McDaniel was sentenced to 90 days in jail by Municipal Judge Earl McDonald.

McDaniel pleaded innocent and represented himself in the hour-long proceedings.

Sen. William Roman, D-Warren, 55, collapsed and died of a heart attack after leaving the hotel fire.

Margaret Sawaya, 45, of Lansing, suffered arm and leg fractures when she jumped from a fifth-story window, and Rep. Robert Mahoney, D-Detroit, who is blind, was treated for smoke inhalation after he was led from the hotel.

Damage to the hotel, a headquarters for some of the Democratic legislative delegation, was estimated at \$25,000.

Car Crash Kills One FLINT (AP) — A three-car collision in Flint Friday killed Mrs. Olive Brown, 22, State Police said the car in which she was a passenger collided with a second car and crashed into the wreck.

SOUGHT BY FBI—Donald Rogers Smiley, 35, is the latest addition to the FBI list of 10 most wanted fugitives. The FBI says Smiley is a heavily armed alleged robber who faces life imprisonment in New Mexico as a habitual criminal.

Police Boost Road Patrols

EAST LANSING (AP)—State Police resumed 24-hour patrols on 1,000 miles of interstate freeways and limited access highways Friday.

Police from 27 posts will operate around the clock to spot violators and provide assistance to motorists in trouble.

Police curtailed the expressway patrols in 1963 when a shorter work week went into effect. There were regular patrols at night but there was no regular schedule for day-time checks of the freeways and limited access highways.

It is estimated the new system will double the coverage of these highways.

Sections of highway to be patrolled on this basis are on I 96, US23, US27, I 696, M 53, I 75, US10, M 78, US127 and US131.

Pet dogs and cats gobble up \$600 million worth of commercially prepared pet foods each year.

Birthday Time at LBJ Ranch

SAN ANTONIO, Tex. (AP)—President Johnson and wife Lady Bird plan a quiet family party today to mark the 19th birthday of their soon-to-be-married daughter, Luci.

Luci's fiancé, 22-year-old Pat Nugent, was at the LBJ Ranch to join in the festivities. They will be married Aug. 6 in Washington's Shrine of the Immaculate Conception.

The Texas White House said the birthday would be a family affair with the traditional cake with candles.

Luci, raised an Episcopalian, was baptized a Roman Catholic on her 19th birthday. Nugent also is a Catholic.

There were indications the Johnsons are settling down for an extended holiday at the ranch, some 60 miles north of here. With Congress in recess, it seemed likely the President would not return to Washington until July 12.

However, the possibility remained that he might leave Texas once during the interval—perhaps to address the national governors conference in Los Angeles next week.

25,965 Arrests in May

EAST LANSING (AP)—Michigan State Police made 25,965 arrests in May, 23,819 for the 136-thousand-acre preserve, traffic offenses and 2,155 on criminal complaints.

Second Trial Pending

Verdict Sealed in Klan Case

ATHENS, Ga. (AP)—Federal three other Klansmen facing similar charges.

"It would be somewhat difficult," he told the jurors, "to obtain a fair trial if it leaked around. Please do not discuss, please do not announce, please do not tell anyone what your verdict is in this case."

SECRET VERDICT

Bootle said the somewhat unusual procedures of a secret verdict had been agreed to by

attorneys and by the defendant, Joseph Howard Sims, 41; sentenced to 10 years in prison and fined \$5,000 each.

The three to be tried next week are Herbert Guest, 39; James S. Lackey, 30, and Denver Willis Phillips, 26.

Bootle told attorneys they would begin selecting a jury today to hear the second case. Testimony was expected to begin Tuesday.

It found guilty, they could be sentenced to 10 years in prison and fined \$5,000 each.
