

Icebreaker Reaches Stranded Ferry

Realtors Back Pontiac Plan on Throughway

U.S. Fund Would Pay 90 Pct. of Cost of Artery Vital to City's Future

The proposed north-south central artery expressway through the city has been supported by the Pontiac Real Estate Board, the fourth group to endorse the proposal.

Edward A. Maier, president of the board, said board members concluded at their regular monthly meeting this week that the "roadway will be very advantageous to the Pontiac area."

"We believe that eventually a north-south highway is going to be built, and that it would best serve the city if it is close by instead of miles away," Maier commented.

The six-lane road, proposed by the Oakland County Planning Commission last December, has been endorsed by the Pontiac Area Chamber of Commerce, and the Retail Merchants and Downtown Pontiac Associations of the Chamber.

The downtown association in its organizational meeting Wednesday placed the road at the top of the list of a six-point plan of attack aimed at the rejuvenation of the downtown area.

SEEN AS BUSINESS AID

Maier further stated that board members feel that the expressway would funnel business into this area.

"We also believe that acquiring rights to the property needed to build the route would not be as great as in other proposals," he explained.

"With M59 (Huron street) as our east-west arterial, and the proposed north-south road, the city would have a good system," the realtor continued.

ELIMINATE RR CROSSINGS

He mentioned that much needed railroad grade separations, which the project is expected to provide, would be made available sooner than under present plans.

Former State Highway Commissioner Murray D. Van Wageningen has termed the proposal a "good" idea.

The planning group's proposal is a 4 1/2-mile long link in the interstate highway chain which would connect Detroit and Bay City and points north.

The \$20 million highway is slated to pass within a quarter mile of downtown Pontiac. Because of its limited access, the federal government would absorb \$18 million of the cost, while the state and city would split the only \$2 million balance.

MEMO TO CAESAR

Livia Gives Pilate Secret Orders

(Another in a Lenten Series)

Livia, Caesar's mother, replied to Pilate. . . . You write that this man Jesus speaks and acts as though he were pre-destined to certain things. Is this so impossible? I have often, myself, had a sense of being pushed along — not by people and events but by some force I do not understand.

Mark you, Pilate. I cannot wholly believe this in my own case. I have seen both good and evil come of choices I have made deliberately in certain matters.

But if I feel a sense of destiny in a small way, could it not be that someone else — this Jesus, for example — feels it much more powerfully?

Why must we try to explain everyone else on the basis of our own selves?

For that matter, who can explain how things come to be at all? My son is now Caesar, ruler of the world. Who can say he would have been so, if Augustus had not adopted him in his youth, or if countless other things had not happened? Or, who can say he would not have been?

We simply do not know. Yet we must have some philosophy.

something to accept and believe in. Perhaps this Jesus is giving a faith to the humble and the poor which could help them bear their humbleness and their poverty better. From what you have written me, I can imagine that he might conceive that as his destiny.

But I am merely guessing.

Assuredly, the man's preaching is going to have an impact on the world. For he has let loose ideas that will live on, even if his enemies succeed in doing away with him.

I hardly expect that his ideas will get far among the Romans. Humility is not one of our traits!

I have talked frequently with Caesar about this whole affair. I have wondered if it might not be interesting to bring the man to Rome, if only as a matter of curiosity. He tells me quite bluntly that you will handle the matter as you see fit and that so far as he is concerned that will be the proper way.

On the sly, however, I desire that you keep a protective eye on the man. I feel there is some good in him and there is too little good in the world to have any of it crushed needlessly.

(Signed) Livia.

Teamster Boss to Strike Back

Will Launch Campaign Against Foes of Labor — in Union or Outside

WASHINGTON (INS) — Teamsters' President Dave Beck struck back yesterday by asserting that powerful behind-the-scenes forces in and out of the labor movement are engaged in a "conspiracy" to take over his union.

The ruddy-faced Teamster boss issued a news release announcing the launching of a public relations campaign to "fight off anti-unionism" and to "meet head-on the opponents of labor who would build an alliance with self-serving forces within the labor movement."

Labor sources interpreted the statement as a veiled attack on Beck's detractors in the AFL-CIO and on the Senate rackets committee.

These sources said that Beck realizes he is in the fight of his life, and that he must persuade the 1,400,000 members of the Teamsters' Union that he is battling for them if he hopes to be re-elected as Teamster president at the union's convention next September. He has announced that he will be a candidate for another five-year term.

The AFL-CIO is investigating the union to determine whether it is dominated by "corrupt influences." Also, it has suspended Beck as an AFL-CIO vice president and will try him May 20 on charges of malfeasance for invoking the Fifth Amendment in answer to charges made before the Senate committee.

Magic Personality?

WEST, Tex. (P) — Mayor George Kacir has won his 11th straight two-year term. He has never had an opponent.

Ike, Williams Address Educators

Back U. S., State School Aid Plans

EAST LANSING (P) — As Gov. Williams reads the election results, they mean public support of increased spending for local schools and higher education.

He told a meeting of school administrators last night that people were wrong who pointed to defeat of a school tax proposal in Detroit and said it indicated an unwillingness of the people to spend more on education.

"Quite the opposite conclusion is the only one that meets the facts," he told a dinner of elementary school principals of the Michigan Education Assn.

"The people of Michigan had given an overwhelming mandate in favor of increased school aid, but they had indicated that they see no reason why the school district should increase its local property tax while the state is cutting back on its promised support," the governor said.

LOGICAL EXPLANATION

"It is the only conclusion which squares the state returns and the Detroit millage vote."

Williams said far more significant than the Detroit school money issue was the vote for Democratic state-wide candidates, who campaigned vigorously for more help for schools.

"And those same voters rejected, by heavy majorities, Republican candidates who had endorsed the view of the Republican legislative leaders that state aid to the primary and secondary schools should be reduced."

"Nor did we hedge on the issue of additional revenue," he said. "During the campaign, we said the Republican position was to cut back schools to avoid taxing corporation profits."

City Bond Vote Shoved Higher

Financial Technicality Increases Request by \$200,000

The scheduled city hospital sewage treatment plant general obligation bond vote was shoved \$200,000 higher last night when the city learned it was not capable of issuing \$600,000 in revenue bonds.

But City Manager Walter K. Willman assured city commissioners that this wouldn't mean a change in the expected 1 1/2 mill tax boost.

He further explained that the \$200,000 would be subtracted from the original treatment plant issuance of revenue bonds and tacked onto the general obligation bond issue.

"This was upon the advice of our bond attorney Claude Stevens who said the city cannot safely carry \$600,000 more in revenue bonds," Willman said.

He cited as a reason paying off the present treatment plant \$650,000 revenue issue plus increased costs of operating the plant due to industrial wastes.

\$4,550,000 TOTAL

As it stands now, the general obligation issue up for vote will total \$4,550,000, while the revenue issue will amount to \$391,000.

Broken down, the general obligation bonds would mean \$2,700,000 for the plant, \$1,500,000 for completing the new hospital wing, and \$350,000 for a 300-unit hospital parking lot.

The remainder of the \$3,091,000 auxiliary sewage plant would be financed by the revenue issue.

All voters will be eligible to ballot on the slated one-mill tax increase while property owners and spouses must approve by a 60 per cent majority the issuance of the general obligation bonds.

The other half mill of the tax boost will be pulled from a 1954 one-mill hospital vote, half of which was not levied.

Williams said the probable voting day of May 20 would be confirmed next Tuesday.

Adams Case Near End

LONDON (INS) — The defense for Dr. John Bodkin Adams suddenly rested its case today and began a final address to the jury of 10 men and two women who will decide whether the family physician murdered a wealthy widow patient to enrich himself.

\$87 Million in Federal Funds Is Start

Philadelphia to Rebuild 4-Mile Slum Area

PHILADELPHIA — A gigantic slum-clearance and redevelopment plan involving four square miles of lowland at the southwestern tip of Philadelphia has received the green light from the federal government.

The plan calls for conversion of the Eastwick lowlands into a \$400,000,000 city-within-a-city.

The Federal Urban Renewal Administration has allocated \$87 million to the project. Of this, \$22 million is an outright grant; the remainder a loan.

The massive undertaking calls for transforming the marshy sector from a public liability into a residential, commercial and industrial area which is expected to add

\$275,000,000 to the city's real estate value within a decade.

LONG PLANNING
Years of planning have gone into the project.

The work will entail moving out some 2,400 families, whose homes are to be condemned along with more than 100 commercial and industrial establishments.

Many of the houses are of good quality, but quite a few are shacks occupied by squatters, and more than a score of the commercial places are automobile graveyards.

As presently visualized, the swamp and dump lands of Eastwick will be transformed into an attractive, ultra-modern, self-contained community for 45,000 or more persons.

Summerfield Speaks Out

WARNS OF SERVICE CUT — Postmaster General Arthur Summerfield tells newsmen in Washington that a cut in his department's request for funds may bring drastic cuts in postal service.

Summerfield Urges Fast Action on Funds

WASHINGTON (P) — Postmaster General Summerfield has made a renewed plea for more funds to avoid a drastic cutback in mail services, starting tomorrow.

There was no indication whether Congress would heed his appeal.

Summerfield contends he needs 47 million dollars to carry on postal operations at present levels during the remaining three months of this fiscal year. He has said unforeseen expenses stemmed from increased mail volume and the need to serve widening residential areas.

A House Appropriations subcommittee this week recommended only 17 millions of that amount, despite word from Summerfield that he planned to curtail services unless he got the 47 millions.

Last night, Summerfield sent

a telegram to Chairman Cannon (D-Mo.) of the House Appropriations Committee asking him to "expedite urgently the action and report of the Appropriations Committee to the House so that if further funds are voted they will be available before too much damage is done to the service."

The full committee has not yet acted on the subcommittee's recommendation. Cannon, however, has indicated displeasure at what he says is a department effort to use "threats" on Congress.

In his telegram, Summerfield said that "with total reluctance" his department is planning to curtail postal service to meet the cut "imposed" by the subcommittee.

Summerfield has said that unless more money is assured, he plans to order, effective tomorrow, a halt in Saturday mail deliveries in cities and rural areas, and a reduction in deliveries to city business districts, discontinuance of money order sales, and other service cutbacks.

Thermometer Rises; Can't See It for Fog

Fog, product of last night's milder temperatures, and a three-tenths inch rainfall, blanketed most of the southern part of the lower peninsula this morning, slowing traffic and temporarily canceling Willow Run Airport flights.

Occasional rain and warmer with a low of 38 to 42, is the outlook for tonight.

Tomorrow will be mostly cloudy with scattered showers and a little cooler, high 46 to 50.

Downtown Pontiac's lowest temperature preceding 8 a.m. was 40. At 1 p.m. the mercury registered 47.

'Vacationland' Stuck at Straits With 66 Aboard

'Mackinaw' Hits Floes to Make Clear Path for Trapped Vessel

ST. IGNACE (AP) — The automobile ferry Vacationland, stranded in an ice jam in the Straits of Mackinac for 18 hours with 66 passengers aboard, is now stuck on a mud bank in a heavy fog.

ST. IGNACE (P) — The Coast Guard icebreaker Mackinaw cut her way today to the automobile ferry Vacationland, stranded 16 hours in the ice-jammed Straits of Mackinac with 66 passengers aboard.

The Mackinaw then began battering highly piled floes in an attempt to make a path for the Vacationland to the nearby docks at Mackinaw City. First progress was slow.

East winds ranging up to 70 miles an hour yesterday plugged the straits between Lake Michigan and Lake Huron with a gigantic ice jam, whipping in big floes from Lake Huron.

The Vacationland, rated an icebreaker herself, was caught and stalled as the heavy winds stacked the ice high and packed it tightly along her long sides. She is more than 300 feet in length.

When trapped, the Vacationland was making a four-mile run from St. Ignace, its terminal on the upper Michigan shore, to tie up ahead of the approaching storm at Mackinaw City.

In addition to passengers the vessel carried its own crew and the crew of two other carriers. The Coast Guard said it could not estimate how many crew members were on board. The ferry is equipped with lounges and a snack bar.

Ice conditions in the straits have halted all ship traffic and are holding up the start of the Great Lakes navigation season.

The Mackinaw must break up ice in the straits before it can move up to the Sault Ste. Marie locks to lead a convoy of freighters into Lake Superior.

Freighters originally were scheduled to lock through at the Soo Wednesday. The opening of the Soo locks generally is taken to mark the beginning of the navigation season on the Great Lakes.

Coast Guard officials said they did not know how long it would take the Mackinaw to open shipping lanes in the straits. The Michigan's Upper and Lower Peninsulas.

Marty Furgol Cards 73 in Delayed Round

AUGUSTA, Ga. (INS) — The big names of professional golf struggled against rain and a concerted drive by the game's younger players today as the Masters tournament moved into its second round.

Marty Furgol, caught on the course by darkness yesterday, bogied the 18th hole this morning, and started the second round in a tie for third place at 73. A par 4 would have put him in a tie for the runner-up spot.

Blizzards, Rain From Rockies to Atlantic

April Storms Lash Wide Area of Nation

By THE ASSOCIATED PRESS

A rash of violent early April storms battered broad areas from the Rockies to the Atlantic Coast today.

Blizzards hit parts of the north central region. Ground blizzards halted and disrupted travel in east central Colorado and the southeast corner of Wyoming, hit earlier in the week by the worst spring snowstorms in many years.

Heavy snow gave wintry-like scenes to sections of the Northeast.

Rain and wind storms buffeted many other areas in the eastern half of the nation.

The tornado activity appeared abating in Southern areas after causing widespread property damage and deaths. The intense storm system which lashed most of the eastern half of the country moved northward.

Heavy snow fell in the Central Plains and the eastern Dakotas and the storm spread into Minnesota, Michigan, Wisconsin and Iowa. Falls ranged up to nearly 2 feet in parts of South Dakota and more than a foot was expected in sections of Minnesota, with lesser amounts in northern Wisconsin, Upper Michigan and Iowa.

A blanket of white covered up New York state, with 4 to 8 inches reported since yesterday morning.

The snow storm was expected to

extend into New England, with 3 to 5 inches of snow indicated in Massachusetts, New Hampshire and Vermont. New York City's 2-inch fall of wet snow yesterday

was a record for that date. Air travel was curtailed.

Heavy rain and violent thunderstorms (Continued on Page 2, Col. 2)

COLD COFFEE BREAK — Singer Jane Morgan tries to keep warm with a cup of coffee in New York's Central Park in Thursday's heavy snow.

MAKE OVER Bus Negotiators Note Progress

Pontiac City Lines and Drivers Try to Agree on New Contract

"Some progress was made" in an all-day bargaining session yesterday between drivers and the Pontiac City Bus Lines, Inc., in an attempt to draft a new contract.

Forty drivers, members of Local 1079 of the Amalgamated Assn. of Bus and Streetcar Operators, AFL, are asking for 20-cent hourly pay hike.

E. W. Dresher, transportation superintendent of the company, said if the request was granted it would drive the firm "out of business."

He declined to elaborate if any agreement was reached on the request during yesterday's session.

Dresher said both the company and the union have asked for a member of the State Labor Mediation Board to assist in the negotiations. Another session is scheduled for next week.

Drivers are presently operating under a day-by-day agreement. Dresher said. They receive \$1.65 an hour.

PRESENTING URBAN LEAGUE AWARD — Charles Harris, left, director of personnel for the Community National Bank, is shown above as he accepts the annual Urban League Award on behalf of the bank from Judge Cecil McCallum, a

member of the board of directors of the Urban League, at the annual dinner meeting last night at the Pontiac Savings and Loan Association civic room.

Urban League Cites News Flashes

The Community National Bank of Pontiac last night received the Urban League's annual award for doing the most during the past year to improve race relations in the city.

During the Seventh Annual Urban League dinner meeting held last night in the civic room of the Pontiac Federal Savings and Loan

Association Building, Charles Harris, director of personnel at the Community National Bank accepted the award on behalf of the bank.

In accepting the award, Harris told the members how the bank decided to start a program of hiring qualified Negroes.

The speaker for the evening, John G. Field, Executive Director Michigan State Fair Employment Practices Commission, spoke on "Employment Discrimination in Michigan."

Rev. Richard H. Dixon Jr., president of the Oakland County Ministerial Fellowship Association, presented a plaque to the Urban League on behalf of the association for its continued effort to improve conditions in the city for all people.

John Perdue, principal of Bagley School, and Rev. Richard H. Dixon Jr., pastor of the Trinity Baptist Church, were elected to the board of directors to replace Attorney Leon H. Hubbard, and Rev. Lenworth Miner, whose terms expired last night.

The law is simple according to U. of M. Prof. Alfred F. Conrad. It takes away responsibility for seeing that estates are properly handled from corporations issuing stocks and bonds.

Instead, Conrad explains, the responsibility falls on executors and administrators of estates, their bonding companies and local probate courts.

Conrad says corporations have handled these details for 110 years. It has created extra paperwork and unnecessary delays, he points out. Often the time gap has been accompanied by a devaluation of the securities.

Conrad says the model law already has been introduced in the Illinois and New York legislatures. He says the state bar associations of Michigan, Delaware and Florida now have it under consideration. He hopes it wins support from the Michigan group and goes before the next legislative session at Lansing.

Among the members of the committee which drafted the law is Millard Vandervoot of Battle Creek.

Trading Stamp Bill Goes to Legislature

LANSING—Cash value of unredempted trading stamps may be collected by the state from stamp companies, if a bill introduced in the Legislature becomes a law.

The bill was introduced by Sens. Lewis G. Christmas (R-Ann Arbor) and Harold M. Ryan (D-Detroit).

Under the measure, the cash value of trading stamps unredeemed seven years after the date of issue would have to be paid by trading stamp companies into the state's General Revenue Fund.

Companies would have to render annual reports to the State Board of Escheats on their business dealings to establish a basis for any cash payment that ultimately would have to be made.

Dial Phones Eliminate That Personal Touch

BLOCK ISLAND, R. I. — This island's telephone service switched yesterday from the magnetic system to dial telephoning, and some of the 357 subscribers are not happy about it.

The islanders used names instead of numbers and the telephone operators knew where to get practically everybody.

"We're losing something," said George Steadman, "We're going to miss the personal touch those operators gave us."

State Senate Gets Profits Tax Proposal

LANSING — Gov. Williams' proposal for raising an additional 76 million dollars in annual state revenue to help finance his recommended 1937-38 spending of 411 million dollars has come into the Legislature.

Essentially, it provides for a switch in the present corporation franchise tax from a net worth to a net income basis. This is the so-called corporation profits tax which Williams has recommended for years.

On the proposed new base, the levy would produce an estimated 132 million dollars annually, instead of the 52½ million anticipated from the existing corporation franchise tax.

An added feature of the Williams plan is to grant a \$50 a year forgiveness in liability under the business activities tax, thereby, excluding from payment an estimated 25,000 small business enterprises.

The resulting 3½ million dollars in revenue loss would bring the net of additional revenue under the package down to 76 million dollars.

The bill was brought into the Senate yesterday by Sen. John B. Swanson of Detroit, Democratic minority leader, and five other Democrats.

April Storms Bring Rain, Snow, Winds

(Continued From Page One)

storms lashed the southernmost tier of wet weather. More than 5 inches of rain fell in Mobile, Ala., in 24 hours.

Earlier yesterday violent storms ripped sections of Louisiana, Alabama, Tennessee, Georgia, Texas and Kentucky.

Floods threatened in many of the rain-drenched areas in the Gulf states, and the Ohio and Mississippi Valley regions. The Ohio river was reported rising at a rapid clip in some sections of Ohio and Pennsylvania, while other streams were reported near flood stage in parts of Indiana, Illinois and Missouri.

All for Art, Marilyn?

NEW YORK (INS) — Marilyn said: "Usually I play a 'dumb blonde.' All my parts are variations on that theme... I'd like to try... something sexy!"

Egypt Agrees on Gaza Guards

To Ban Barbed Wire, Minefields on Border With Israelis

CAIRO, Egypt (U)—The newspaper Al Ahran said today U.N. Undersecretary General Ralph Bunche, and Egyptian officials have agreed that no barbed wire barriers or minefields will be placed along the Gaza Strip's borders with Israel.

The paper said the agreement was reached in negotiations on the functions of the U.N. Emergency Force in the strip.

Bunche stayed in Cairo to negotiate details after U.N. Secretary General Dag Hammarskjöld reached a "gentlemen's agreement" with President Nasser during Hammarskjöld's recent visit.

The paper said Bunche and the Egyptians agreed the Egyptian-Israeli armistice lines should be made to conform with the 1949 armistice ending the Palestine War, plus amendments to it in 1952 and 1954.

Al Ahran said Bunche's agreement with the Egyptians also called for:

1. Transfer of UNEF headquarters from Gaza to Rafah, on the Sinai-Gaza Strip border. This appeared another step in getting UNEF out of towns in the center of the strip.

2. Israeli forces to pull out of the El Ajla demilitarized zone between Egypt and Israel's Negev Desert, in compliance with the 1949 armistice.

In Tel Aviv, Israeli army headquarters reported a long exchange of gunfire between Israelis and Syrians early today on the frontier east of Lake Hula. No Israeli casualties were reported.

'Mrs. Michigan' Wins Title, Prize With Fancy Ham

DETROIT (U)—A 37-year-old Detroit housewife, mother of seven children, is "Mrs. Michigan of 1937."

She is Mrs. Mary Weitzel, who was chosen today from among seven finalists who showed off cooking, ironing and other homemaking skills in the statewide contest.

Mrs. Weitzel will represent Michigan in the "Mrs. America" finals at Fort Lauderdale, Fla., May 11.

The attractive, brown-haired Detroit housewife, who said she spends \$60 a week for food for her family, will receive a year's supply of groceries free as one of her prizes.

Mrs. Weitzel piled up her winning point margin, the judges said, with her cooking. She prepared a broiled ham decorated with lemons sculptured to represent Easter bunnies and vegetables shaped like Easter baskets.

Mrs. Weitzel's list of prizes includes a two-week vacation with her husband at Fort Lauderdale, a gas range and refrigerator, sewing machine, ironing table, electrical appliances, cooking utensils and dishes and one share of General Foods common stock.

7th Nuclear Test Held This Week by Russians

LONDON (U)—The Russians carried out another nuclear test Wednesday, the British Defense Ministry announced.

It was the seventh Soviet test reported since last August, when the U.S. Atomic Energy Commission announced the start of a Russian test series.

2 Hurdles Blocking Water Plan

He said it would be best that the Senate kill the bill as it stands today. It passed the House March 19 over the objections of five Oakland County representatives. The sixth did not vote.

Willman outlined many features of the foundation's recommendation.

He said the proposal would not be new to Detroit as it provides water to 46 fringe communities presently.

Water rates under the plan would be reviewed by a joint board as assuring city and outlying area users of carrying just costs of the program.

Booths for the Pontiac Junior Chamber of Commerce's fourth annual Home Improvement Show April 25-28 are going fast, according to Donald Weedle, chairman.

He announced that 40 city and area business firms have purchased booths for the show to be held for the first time this year at the Tel-Huron Shopping Center. He said a total of 70 booths are available.

This year's exhibits will be housed in a 60 by 180-foot tent on the southwest parking apron of the center. Plenty of free parking will be available, Jaycees promised.

Homeowners attending the show will get a peek at the latest innovations to modernize their homes.

Here are just a few of the things which will be shown: construction materials and methods, heating and air conditioning units, electrical appliances, furniture, paints, fuels, insulation, garages, and storm windows and screens.

The youth fund of the Pontiac Jaycees will receive proceeds from the four-day show.

HENRY J. TAYLOR

Banker, radio commentator and industrialist, Henry J. Taylor, is slated to become new United States Ambassador to Switzerland in the near future.

Anne Wheaton Tackles Task

First Woman to Hold High Post With Press at White House

WASHINGTON (U)—When Mrs. Anne Wheaton moves into a small White House office May 1, a lot of people will be watching to see how she'll do a man's job as the President's associate press secretary.

Mrs. Wheaton, the first woman to get such a post, will have to work with a predominantly male press corps.

For the past 30 years her major concern has been with women's organizations, mostly as director of women's publicity for the Republican National Committee. But she's been dealing with the press for many years and is thoroughly experienced in public relations.

The word from newspapermen and women in Washington is practically unanimous in favor of "Annie," who will be the No. 2 press liaison with the President and the White House. Intelligent, capable, respected, trustworthy, even-tempered is what they had to say about her.

Press secretary James Hagerty, who will be Mrs. Wheaton's new boss, says, "She's a pro."

Mrs. Wheaton has plenty of know-how in politics. She's been to every GOP National Convention since 1940. She says she's watched women "build a niche for themselves" in politics to a point where they are a power sought by politicians.

She succeeds Murray Snyder, now in a top Defense Department press post.

If she does the job of her predecessor, she will be handling picture arrangements for the President and top visiting personalities at the White House, press releases, details on presidential trips. It will probably be the routine, rather than policy-level operations.

But, when Jim Hagerty is away, Mrs. Wheaton will be in charge of press queries. At times, she may be called on to handle a news conference where what she says or does could have international import.

This will be a new challenge for blue-eyed, silver-haired "Annie," who says she's "over 60."

The Day in Birmingham

Approve Annual Wage Increase for Teachers

BIRMINGHAM — Affecting over 450 teachers in the Birmingham School District the Board of Education has approved an annual wage increase of \$300.

This represents an additional expenditure of about \$138,000 from school funds and was made possible through the voter approval of the millage increase at a special election March 25.

Dwight B. Ireland, school superintendent, recommended the salary increase along with the citizens committee after an extensive study of district affairs.

Educators looking into the future predicted trouble if Birmingham did not keep pace with teachers' salaries of neighboring communities. The lower wages here they felt would reflect in the type of teachers Birmingham could employ. With lesser educational achievements in their own training teachers' shortcomings would in turn be reflected on the classroom work and accomplishments of children attending the public schools.

Birmingham fire department recorded a total of 64 runs for the month of March. Including 54 for fires and fire investigations. Although property damages amounted to only \$380 fire Chief Park Smith listed property endangered at \$2,599,500.

Henry Johns, inspector for the Birmingham Sanitation Dept. and sealer of weights and measures, is reported as slightly improved at Henry Ford Hospital. A spokesman for the family this morning said they were quite encouraged with early hospital reports. Johns underwent surgery Monday.

Residents are reminded that at 1 p.m. the Civil Defense siren test will be held. Sirens are mounted at the Bowers and Chesterfield Fire Stations. The test will follow the pattern established last month.

Civil Defense, Robert Kenning said no plan has yet been worked out to incorporate the regular fire sirens and so provide for greater coverage.

John LeRoy Covington Service will be from the Manley

Statue of Liberty to Glow From Dusk to Dawn

WASHINGTON (INS)—The government shined economy aside yesterday to give after-dark travelers in New York Harbor "the thrilling spectacle" of the flood-lit Statue of Liberty.

Interior Secretary Fred Seaton announced that floodlights will illuminate the "Goddess of Liberty" from dusk-to-dawn starting Sunday instead of only from dusk-to-midnight.

Seaton said insufficient funds had previously permitted only dusk-to-midnight floodlighting. The additional cost of the after-midnight illumination was estimated at \$3,700 a year.

Full Work Force Tackles Mackinac Straits Bridge

(This is the first of a three-part series on the Mackinac Bridge.)

ST. IGNACE (A)—Things are stirring high out over the Straits of Mackinac—something like the awakening of a fairy tale giant.

Ant like, men clamber through and over spidery steel, fitting little pieces into place here and there. Work is under way once again on the gigantic Mackinac Straits Bridge, from which icy weather drove men last fall.

And on April 20 steel, big steel, is scheduled to move out by barge to be fitted into the last approach spans to the 532-foot towers. Then on May 22, the first of 87 sections of the suspension span is slated to go out.

When the 120-foot, 100-ton suspension sections begin to go in place, United States Steel Corp. expects to have 300 to 400 men swarming over the 100 million dollar structure, all with a single target; linking Michigan's two peninsulas by Nov. 1 for the first time in history.

WONDER BRIDGE
Work on this, one of the world's wonder bridges, began three years ago—May 7, 1934. At one time as many as 3,082 men have been employed at the site by 10 different contractors, and five of them have met death here.

U. S. Steel's American Bridge division sent the first 1937 crews to the bridge last week, readying machinery, placing guard rails along already laid roadway, and generally tidying up for the race against next winter.

Prentiss M. Brown, chairman of the Mackinac Bridge Authority, said he "feels certain" contractors will meet their Nov. 1 deadline for automotive traffic.

But the bridge actually will not be finished until mid-1938. Such things as cable wrapping must await hanging of the suspension span, and painting cannot be done until the bridge is up and summer's warm weather is back.

Incidentally, 1,500 gallons of red lead paint will be needed for coating the cables before

wrapping goes on, and 25,500 gallons of paint will be needed to paint the four-mile long bridge from end to end—St. Ignace to Mackinaw City.

While winter halted work on the structure itself, it didn't stop work on the bridge altogether. Around 100 were employed at nearby Moran Point prefabricating suspension spans and stockpiling other supplies.

The first major accomplishment of 1937 is expected to be completion of the approach spans, only two of which now are missing: One to each cable anchor pier. This is the work that is slated to begin April 20 and be completed 10 days hence.

When the spans reach the anchorage piers, the Straits will have been bridged by steel, giant cables spun from 41,000 miles of tough wire having been strung across the tall towers from the anchorage piers last year.

Completion of the approach spans will be followed by the spectacular swinging of the suspension span, section by section. Barges will get the 68-foot wide, 40-foot thick sections to the site, then cranes will lift them to 2½-inch wire ropes dangling at 39-foot intervals from the cables. They'll be bolted fast to the ropes.

The suspended roadway will arch from 138 feet above the water at the towers to 50 feet in the center. From anchorage to anchorage, the suspension span will be the longest of its kind in the world: 8,614 feet, compared with 6,450 for San Francisco's Golden Gate.

The Bridge Authority expects almost two million vehicles to use the bridge in its first full year of operation, 1938, compared with 890,671 which got from one Michigan peninsula to the other via state-owned ferries in 1936.

The Authority says it hopes to adopt a straight \$3.50 or \$3.25 toll fee for each car and its passengers. The ferries now get \$2.75 per car and 25 cents for the driver and each passenger, which the Authority says averages out to about \$3.44 per car. Buses and trucks, of course, pay more.

Skin Specialist Shows How To Rinse Away Blackheads

"Thrilled and delighted," says Miss Jeanne Rains (left) after demonstration. "Could hardly believe my eyes!" said Miss Gilda D'Ambrosi (center). "It's true! I can't believe it! Where did the blackheads all go?" exclaimed Miss Shirley Stremus (right).

Reveals Valuable Complexion Secret

RICHARD ESTRIN
of Queen Helene
"Now no woman need despair of getting rid of ugly blackheads that mar an otherwise clear and lovely complexion. For here is a wonderfully simple treatment that gives dramatic proof of what it will do the very first time you use it. In thousands of beauty salons across the country, thousands of women have paid from \$3 to \$10 for single Queen Helene Treatments. However, I have arranged for this store to bring you the very same treatments at a cost of less than 12¢ each... to yourself at home."
We both guarantee you will be delighted with results. If you are not, your money will be cheerfully refunded.

Fast, Easy Treatment now available for home use

by CLAUDE HOFFMAN

NEW YORK, N. Y.—I was one of an audience of truly surprised men, women and teen-agers yesterday, when a leading New York skin specialist demonstrated a new rapid way of removing blackheads. Each demonstration took only 15 minutes—and the results were

frankly amazing! Ugly blackheads actually rinsed away and many could be seen on the white cleansing tissues that finished each treatment. But this wasn't all! The treatment also helped reduce enlarged pores and made rough, muddy complexions look cleaner, clearer and smoother.

Here's what I saw...

Five women and two men were each given three products and told how to use them. The specialist himself did nothing but direct them—it was so easy!

First, he had them cleanse their faces thoroughly. Not with any cream that takes off only surface dirt, but with a scientific laboratory-developed pore cleanser that softens and loosens even the grime that has been caked and cemented into the pores for weeks. It is called *Queen Helene's Whipped Cleansing Cream*. As it is applied, it liquefies and floats out much of the pore "filler" with its rapid emollient action.

I was amused at the look of amazement on one woman's face as she touched off the cream. The tissue was literally gray with dirt—and she confided to me that she had washed her face before taking part in the demonstration! I'm convinced that any woman who sees, with her

own eyes, the dirt this cream floats out of her skin—will begin to understand why it is so important to use a cleanser that really works.

"Suction Action"

The second step in this skin specialist's treatment was an application of *Queen Helene's Masque*, a delightfully mint-medicated cream. He had them smooth it on with their finger tips, applying it very generously on "trouble spots" such as around the nose and mouth.

Any woman will really enjoy this part of the treatment! For within two or three minutes your skin begins to feel a marvelous stimulation, as though being "massaged" by the action of the medicated ingredients in the masque. Next your face feels alternately "hot" and "cold"—followed in a few minutes by a delightful sensation of utter relaxation. Then your skin feels tighter and tighter...

It was explained this way: A special absorbing agent called *Argilla* dries and turns the cream into a plastic-like masque. As this firms and hardens, its suction action draws on the waste matter in the pores... This, he informed us, was the most important part of the treatment.

SEE BLACKHEADS GO IN 15 MINUTES—OR NO COST! they just rinse away!

Complete treatment takes only minutes—produces startling results!

1. APPLY QUEEN HELENE WHIPPED CLEANSING CREAM. It liquefies instantly on skin and floats out dirt with emollient action. Wipe off with cleansing tissue.

2. APPLY QUEEN HELENE MEDICATED MASQUE. As masque tightens and hardens, feel drawing action of special absorbing agent start to draw out blackheads and other pore impurities.

3. RINSE OFF. In about 10 minutes, rinse off. The masque dissolves in seconds. You'll see blackheads and other impurities come off on the cleansing tissue.

4. FINISH WITH QUEEN HELENE PENETRATING ASTRINGENT. This special formula astringent helps close "emptied" pores, tones up complexion, makes skin feel vibrantly fresh and alive.

LOOK IN MIRROR—SEE THE BIG DIFFERENCE!

But don't be satisfied with one treatment—repeat daily until complexion is firm, smooth, and pores are reduced.

\$3.98 (Plus Federal Tax)

Complete Queen Helene Scientific 3-Way Skin & Beauty Treatment Professional size (66 treatments) \$5.95 (Plus Federal Tax)

TRY THIS TEST! Wash face thoroughly, then apply treatment; rinse off... Now you can see... tiny specks of black on your washcloth that were once ugly blackheads and imbedded pore dirt.

READ WHAT BEAUTY EDITORS SAY:

"A royal blessing for those who've been bothered and blighted by blackheads."—*Ruth Muggelberg, Women's Editor, BOSTON DAILY RECORD*
"When a skin specialist is responsible for a cosmetic line from his private formulas you have something."—*Antoinette Donnelly, NEW YORK DAILY NEWS*
"Effective way to banish blackheads... If stubborn blackheads bother you, you'll be thrilled in using a brand-new treatment which does wonders toward clearing a disturbed complexion."—*BOSTON DAILY GLOBE*
"Thanks to a doctor's remarkable discovery comes a scientific three-way skin and beauty treatment that takes only 10 minutes but produces startling results."—*BOSTON EVENING AMERICAN*

Rinses away with water

After about 10 minutes, the masques were rinsed away with water. Hot or cold makes no difference—the hardened cream dissolves in seconds. You simply wipe your face and—your amazement—you see blackheads and other pore "filler" actually come off on your washcloth or tissue! Your skin feels clean—really clean—and refreshed and smooth, like velvet!

Pore sponging and closing

The third and final step in the treatment was a quick dousing with *Queen Helene's Penetrating Astringent*. I found out that this was a very special astringent that sinks deep into your pores and performs the final necessary dissolving, soaking-up action—after which it helps tighten the pore openings and leaves an invisible film that helps protect your skin for hours against dirt and reinfection.

What will happen when you use this 3-step treatment?

You'll find the answer when you look in your mirror. Even after a single treatment, you are bound to see a marked improvement in your complexion. The chances are you'll find it hard to believe your eyes.

For example, some of the blackheads and whiteheads should be gone—either completely or partially—while others will be softened and made ready to be drawn out in another treatment or two. You will also see that many of your most prominent pores appear to be smaller—that your skin looks smoother—and feels fresher and more alive!

In short, after a single treatment taking less than fifteen minutes, you can expect to see results that normally you would not dare hope for even after many weeks of treatment... but don't expect everything to once, just the same! The damage done by years of neglect and improper care cannot be undone in a single day. But—with 3 or 4 treatments a week, taking less than 15 minutes each—you may confidently look forward to startling complexion improvements within the next 30 days. From then on, a single treatment a week—or every second week—will probably be all that your skin will need to be kept beautiful and healthy-looking.

Entire Contents Copyrighted By Para Labs Sales Corp. 1936

Try this skin treatment in your own home without risking a penny

Clinical demonstrations of this treatment have been so startling that we know the results you'll see in your mirror will delight you. This is why we invite you to try *Queen Helene's 3-Way Skin and Beauty Treatment* without risking a penny. This treatment, developed by a leading New York Skin Specialist for home use, will not only enable you to rinse away troublesome blackheads, but it will also help smooth and beautify your complexion so that you yourself will see the difference—or the treatment won't cost you a cent! All you need to do is return what you haven't used, and your purchase price will be refunded. It's as simple as that. You have complexion loveliness to gain—and nothing to lose!

No matter what your skin may be like now—if it is anything less than perfect—*Queen Helene* promises you results you can see in your first 15-minute home treatment and dramatic improvements within 14 days. After the first two weeks, you will discover whether you need to keep on using the treatment several times a week, or less often, depending on how fast your complexion clears. But act now! So right now, while you are determined to help yourself, send in the coupon or phone today!

Bob Considine Says:

Our Gals Don't Tempt Red Athletes

NEW YORK (JNS) — If Allen Dulles of the U. S. Central Intelligence Agency really was assigned to corrupt the Russian Olympic team at Melbourne, even to the point of dangling fast women before its stalwart heroes, he sure did a lousy job. The Russians knocked our brains out.

As one who believes everything he reads in Moscow's "Literary Gazette," which made the charge, I say let's get rid of Dulles now while we're still building for the 1960 games at Rome.

There must be others around who can do a better job along those lines. If Dulles knows a single Broadway press agent, or nightclub loiterer, I'd be surprised. We plainly need somebody much more hep. Billy Rose? Eddie Jaffe?

If the temptresses Dulles is supposed to have tossed in front of those red-blooded Russian boys looked anything like our standard chorus girls, no wonder they were "contemptuously pushed aside," as the "Literary Gazette" says.

They probably were mistaken for boy basketball players, or some such. Ladies built along the lines of the girls on the Russian team certainly would not have been pushed aside.

NOBODY STRONG ENOUGH
In the first place, there wasn't anybody in Melbourne strong enough to move them. And, besides, there would have been the dread fear of being pushed back, and probably mangled.

Seems that our side also "tried" to subvert the Russian sportsmen by attempting kidnappings, sneak-thievery and frameups on espionage charges.

We can't fault Dulles for failing on those scores. What puzzles me is that the good gray "Literary Gazette" didn't explain with pride just how the Russians managed to avert such calamities.

They had a real good defense against such dastardly American plans, really. They stuck together like unfissioned atoms.

The only member of the Russian expedition who got separated from the fold was a stewardess on the Russian ship which lay at a Melbourne wharf and served as a hotel for Russian Olympic officials and as a prospective floating Siberia for any athlete who dared step out of line.

The stewardess escaped in the confusion of a trip to the Melbourne Zoo a few days before the games began, and apparently is still running—probably in fear of what Dulles had up his scheming sleeve.

CONSTANTLY WATCHED
As for those who couldn't take it on the lam that day, they were watched night and day at Olympic Village, outside Melbourne, where the teams of the world lived in harmony and peace.

It was difficult for them to go to the washroom without a guard. On walks outside the wire of the village, a group of five or six would be stalked by two and sometimes three guards.

There was never any thought of their being driven to the stadium or other sports places except in chartered buses under the command of MVD men, all wearing Olympic badges.

There were a few nights when a little combo around the American canteen would strike up a tune and the happy athletes of all nations would drop in to watch the cats go to town. The faces of the Russians often pressed wanly against the windows, and our people would beckon to them to come in and join the fun.

One night the big Russian babe who stole the hats in London previously got out on the dance floor and did a fox trot with one of our basketball players. Brought down the house figuratively and nearly literally.

FATHETIC YOUTH
And there was the time a pathetic Russian boy, loose for a moment, seized the hand of young Frank McKinney, of our swimming team. "Friend," the Russian said, his blue eyes searching McKinney's face. "Friend Friend." He kept saying it until an MVD man roughly pulled him away.

Anyway, congrats to the Russian team for resisting the Ziegfeld, Copacabana and Latin Quarter girls Dulles flung at it. But we'll get 'em yet! The Russian team, that is.

Heads Rescue Group
HILLSDALE — George E. Woods, of Hillsdale, has been named Michigan director of the International Rescue and First Aid Assn. The organization, with headquarters in Alexandria, Va., is made up of organized rescue squads, ambulance and first aid units. It aims to develop a code of ethical standards and promote safety education.

Service Impartiality!

MADISON, Wis. — The Madison Marine Corps Reserve training center said today that it was bogged down under a mountain of paper work. Reason: At its last training exercise, a Navy corpsman in an Army jeep bumped into

an Air Force truck driven by a Marine.

The Atlantic and Pacific oceans are on the same level. But the Pacific has a tide variation of 20 feet, and the Atlantic varies only 2 feet.

Home Made Economy

TOKYO — The Japanese Cabinet agreed today that its members from now on will drive in Japanese-built cars instead of the big American automobiles now in use. Economy appears to be the object.

Independence Seeks Cemetery Official

INDEPENDENCE TOWNSHIP—First meeting of the Township Board here was held Tuesday. A motion was made by Harold Bauer to continue the present building inspection department personnel for a period of not less than 30 days until permanent appointments can be made. The resolution was supported by Carl Anthony Jr.

George Thomas electrical inspector, is working on a temporary basis at present. James Gardner is the building inspector. Supervisor Duane Hursfall was authorized to solicit applications for a cemetery superintendent to fill the present vacancy. The next regular meeting will be April 15.

Honeymooning in North McNeal-Wright Rite Read

LAKE ORION—An evening wedding at Emmanuel Baptist Church, Pontiac, united Shirley Wright of 2885 St. Claire St., Avon Township, and Ronald Dale McNeal, Saturday.

She is the daughter of Troy Wright of Harrison, Ark., and the late Mrs. Wright, and Ronald is the son of Mrs. Clara McNeal of Lake Orion and the late Glenn McNeal.

Shirley chose a white ballerina gown of crystal with a full hoop skirt and princess styling. The pleated cummerbund became a huge bow in the back. A tiara of pearls held her shoulder length veil in place. She carried a white orchid on her white prayer book.

Sharon Suor, Richard Rosen Speak Vows

DRAYTON PLAINS—The marriage of Sharon Lynne Suor and Richard Henry Rosen was performed by the Rev. W. J. Teetuisen of the United Presbyterian Church here on March 30. About 150 guests were present at the 7:30 p.m. service.

Sharon is the daughter of Mr. and Mrs. Alvin Wings of 2941 Voorheis Rd. while Richard is the son of Mr. and Mrs. Harry Clark of 4150 Meyers Rd. here. Wearing a floor length gown with long sleeves of embroidered nylon tulle, the bride carried a Bible with a white orchid and stephanotis. The cap headpiece was trimmed with sequins and seed pearls and featured a fingertip veil.

Serving her cousin as matron of honor was Mrs. Richard Pitcher of Pontiac with Charlotte Rosen, sister of the bridegroom as bridesmaid. Junior bridesmaid was Sue Monroe of Pontiac, another cousin of the bride.

David Cook of Drayton Plains attended as best man with Dick Cory of Allen Park, Lambert Suor, brother of the bride, and George Emmons of Pontiac, seating the guests.

A reception was held in the church parlors for the couple. They will reside on Auburn avenue.

Saturday Dance Set by Faculty to Benefit School

SASHABAW PLAINS—Members of the faculty of the new Pine Knob School will sponsor a dance at the Clarkston High School cafeteria on Saturday at 8:30 to 12:30.

The teachers hope to raise enough money to finish paying for the furniture in the lounge at the new building. A four-piece orchestra with a caller will provide music for both old time and modern dancing.

'Great Caesar's Ghost' Play Tonight at Dublin

WHITE LAKE TOWNSHIP—The ninth grade class of Dublin school will present a play entitled "Great Caesar's Ghost" at 8 p.m. tonight in the school auditorium.

The play, a comedy, revolves around two wealthy ladies and a maharaja, who later turns out to be a crook. A friendly ghost finally scares the maharaja out of the lives of the honest ladies.

The play is directed by Mrs. Joan Bantz, a member of the Dublin teaching staff.

The cast includes Sharon Schultz, Sharon Bortoloss, Allan Warner, Marie Roy, Joan Allen, Virginia O'Brien, Pete Pipia, Yvonne Eberle, Tom Cory.

Reds Say Spain Spent All the '37 Gold Deposit

LONDON—Pravda said today Republican Spain deposited 500 tons of gold in the Soviet treasury in 1937 but later spent all of it fighting Franco's revolutionary forces.

In an article broadcast by Moscow radio, the Soviet Communist party organ denied what it said were "fabrications" by the foreign press that much of the gold was spent or retained by the Soviet government.

The article said the U.S.S.R. granted the Spanish Republican government a credit of \$5 million dollars, but only 35 million dollars was repaid.

Salary Catches Up on Civic-Minded Mayor

WEST CONSHOHOCKEN, Pa.—Harry F. Mosman has been burgess, or mayor, of West Conshohocken for 18 years, and has always managed to fight off efforts of the Borough Council to pay him a salary.

He says his only interest is "work for the borough and its people."

The other night, the Council again voted him a salary. At long last, Mosman gave in, saying, "Well, if you insist..." He'll get \$120 a year, retroactive to Jan. 1.

Bowlerama Entries to Close Tonight

Today is the very last day for entering the big Pontiac Press Bowlerama which will be held at four local alleys during the next three weekends with the winners and other top performers to divide \$2,500 in cash and several trophies. Bowlers interested in taking part who have not yet turned in their applications must do so by midnight tonight in order to be eligible unless left at the Press.

Sixth Annual Test

Press Golf Tourney May 27

BY H. GUY MOATS
Waterford High's 1956 Pontiac Press Invitational prep golf tournament champions are expected to be back for defense of their crown against another strong field come May 27. Date for the 6th annual links test, only one of its kind in Michigan, has been set following formal approval by Charles E. Forsythe, Michigan High School Athletic association head.

Pontiac's Municipal Course for the event. Out of this number it is expected that another big field will be entered. There were 15 schools in the test in 1956.

The tourney, 18 holes of medal play, with winner determined by lowest five-man totals, will afford a fine test for the young links stars. A big rotating team trophy goes to the champion, with individual gold medals to top team, plus awards to tourney medalist and runnerup. There will also be Class A and B-C medals for top individuals in those classes, although the event is a wide-open team competition.

All participants must be eligible under MHSAA rules and must be under direction of approved school officials, or coaches. Play will be governed by USGA regulations and exact starting times will be published (determined by numbers of entries as soon as list is determined). In case of bad weather sufficient to make play impossible, tourney will be held Tuesday, May 28.

Entry deadline is May 22. Invited schools should file their lists as soon as possible.

Eight PWBA Teams in State Tourney

Eight teams representing the Pontiac Women's Bowling Association will compete in the Women's State Tournament at Flint this weekend. The 40 team members will also bowl in singles and doubles competition.

Teams and their captains are as follows: Graham Cleaners, Georgia Conover; Huron Bowl No. 1, Gen. Bradley; Huron Bowl No. 2, Agnes Mazza; Huron Cleaners, Peggy Bender; Electric Heating and Insulation of Rochester, Phyllis Johnson; Griffiths, Eva Miller; Maury's, Martha Foster; and Fleet Carrier led by Vera Outzke.

Entries may be left in the drop box located in the front of the Press building up to 8 a.m. Saturday.

All mailed entries should be sent to tournament manager Les Roth-

barth in care of the Press sports department. These must be postmarked before midnight.

Qualifying begins tomorrow noon at three alleys and resumes Sunday at 11:30 a.m. with a total

of 264 competing. All remaining entries will qualify April 13 at the same locations — Land-O-Lakes, Auburn Lakes and Dixie Recreation. Finals are April 20 at Huron Bowl.

Qualifiers on the final day will be made up largely of Elks, women and other contestants who enter this week. The tourney dates were extended to benefit the Elks and women who are bowling in other tourneys this weekend.

This singles handicap event offers an excellent chance for anyone to take home the top prizes of \$400 and \$200 for men and women respectively. There are no favorites in such competition.

Top scores or averages are not required for entering the tournament. All residents of Oakland County who are sanctioned with ABC or WBC are eligible to shoot for title honors.

In most cases, participants will be bowling on strange alleys as manager Rothbarth conducts a drawing to determine the squads for the various establishments. So everyone starts off even.

There will be a long list of prizes topped by six guaranteed awards in each division and trophies for the leading men and women qualifiers at each alley.

The top 10 per cent of the qualifiers at each location will move into the championship round and will be assured of finishing in the money. This means one out of every 10 entries will take home some prize money. Hard to beat that percentage.

Everyone will bowl at least three games in the tournament with qualifiers rolling another series in the finals. Qualifying will have no bearing on the championship score. It only serves to determine the eligible bowlers.

The championship and other places down the line will be decided by the scores posted only on the crucial last day when all bowlers will be required to bowl three games across six alleys.

The times and locations for all women, Elks and men who have entered this week will be printed in the sports section April 11.

CHECKING UP — Nine-year-old John Carry (left) and Boys' Club physical director Bill Nunez look over some of the baseball equipment to be issued youngsters trying for BC teams. Workouts begin Monday.

Here Is List of Qualifiers

Qualifying for the Press Bowlerama begins this weekend at three alleys. Here is the complete list of bowlers who will bowl tomorrow and Sunday along with their designated times and alleys.

All bowlers are requested to be at the alley 30 minutes before their scheduled bowling time. Entries not listed here along with all women and any entries received this week before midnight tonight will qualify at one of the three mentioned alleys on Saturday April 13th.

Rollins Nine Downs Touring MSU, 9-3

WINTER PARK, Fla., (AP)—Rollins College pounded out an easy 9-3 decision over Michigan State in their baseball game yesterday.

The win was Rollins' 4th in 12 games. State now has a 5-4 won-loss record on its spring training trip with two more games against Rollins left to go.

Spartan captain Alan Luce hit a 400-foot home run over the fence in right center in the sixth inning.

Michigan State 001 011 000—3 6 3
Rollins 101 106 000—9 13 2
McCormick, Mansfield (4), and Luce, Bennett and Coffey.

Billiards Champ Increases Lead Over Challenger

CHICAGO (AP)—Champion Harold Worst of Grand Rapids, Mich., increased his lead over challenger Joe Chamaco of Mexico City by taking last night's match in their three cushion billiards title series 60 to 44 in 68 innings.

Worst had a high run of 5 and Chamaco, who committed three fouls, a high of 4.

Worst won the afternoon match 60 to 51 in 67 innings and had a high run of 7 against 6 for the challenger. Worst now has won 9 out of 10 books in the 1,200 points match and leads 600 to 436 points in 546 innings.

Ex-Wolve Star Dies

CHICAGO (AP)—George B. Dygett, 86, captain of the University of Michigan football team in 1893, died yesterday of a heart attack.

After several years of playing the equivalent of professional football with a team sponsored by mining interests in Butte, Mont., Dygett set up law practice. He came to Chicago in 1917.

Andy Carey of the Yankees fanned five straight times in the 1956 world series.

Cus D'Amato manager of world's heavyweight champion Floyd Patterson, was a military policeman at Camp Shanks, N. Y.

Mixed Market Firms Slightly

NEW YORK (AP) — The stock market opened mixed and then firmed slightly in early trading today.

After the usual activity at the opening the market quieted down to a routine pace.

Early firmness appeared in television issues, under the leadership of Zenith. That stock rose more than 2 points to a new high for the year. Philco and RCA advanced.

While steels were mixed, Youngstown Sheet continued with the upturn which got under way yesterday. It added more than a point while Republic and U. S. Steel gained fractions.

Metals were mixed. Phelps Dodge again was under some pressure on reports of a disappointing earnings prospect but American Smelting and International Nickel gained.

U. S. Gypsum rose a point in the building materials group in a belated response to action of the House Banking Committee yesterday in passing a new housing bill.

A big block totaling 16,100 shares of Atchison Preferred crossed the tape at 10, unchanged.

Among large opening blocks were 6,400 shares of American Bosch at 25, up 1/4. The stock pushed up further in subsequent dealings, going to a new high for the year.

Curtis Publishing, active and higher yesterday, opened up 1/4 at 11 1/2 on a 3,000 share block. Raytheon, also active and higher yesterday, started out at 19 1/2, up 1/2 on 3,500 shares.

El Paso Natural Gas opened on 10,000 shares at 35 1/2, up 1/2.

Believed Due to 3 Men Ousted Earlier Bar Bombing Fatal to Six

By PAT MCNULTY

LOS ANGELES (AP)—A makeshift gasoline bomb turned a quiet neighborhood bar into a funeral pyre for at least six persons shortly before midnight.

The coroner said six persons died at the scene on a quiet street in south central Los Angeles. At least five others were injured.

Police said the bomb apparently was thrown through the front door of the Club Mecca by three men who had been ejected earlier when they tried to dance with one of the cocktail bar's regular women customers.

Asst. Fire Chief R. A. Williams said the men sloshed a bucket of gasoline, or some other highly inflammable liquid, onto the floor and then threw a match in after it.

"It went up like a blow torch," said the bartender, Larry Fenton, 24, who escaped uninjured out the back door.

Inside, the small cafe was a blackened ruin.

The three men, who threw the bomb escaped in a car amidst a barrage of gunfire from a passer-by. Vernon Waggy, 24, told police he was walking down the street when he saw the men running.

"I pulled out a .32 caliber automatic which I carry for protection and fired at them. I think I hit one," he said.

Miguel Martinez, 29, a student, said he was walking near the cafe when a car pulled up in front.

"Two men jumped out," he said. "One sloshed a big can of some sort of liquid into the bar."

Then, Martinez said, the second man swung his arm like a soft-ball pitcher and the cafe erupted in flames. Police said the man apparently tossed in a match.

Art Hartner said he was driving home with his wife Juanita when he saw the cocktail lounge belch flames onto the sidewalk.

"The whole place was a wall of flames and I saw a girl stumble out on the sidewalk," Hartner, a truck driver, said.

"She was all on fire, her hair, her clothes, even her shoes."

"I wrapped her in my coat and tried to beat out the flames as she cried: 'Why did they do it? What about my children?' The woman, tentatively identified by police as Jackie McGinnis, in her early 20s,

Urges Control on Baby Sitters; Doesn't Say How

DETROIT (INS)—Detroit Police Commissioner Edward S. Piggins told Common Council there is need for control over the employment of baby sitters in the motor city.

Piggins, pointing out there is no ordinance or regulation on the subject at present, suggested legislation when asked by council to comment on the slaying of two-year-old Patricia Tiernan of Pontiac.

Madelon Roberta Sue Allred, 18, also of Pontiac, a baby sitter, confessed she drownded Patricia in a bathtub at a Detroit hotel on March 15.

Miss Allred has been committed to the Ionia State Hospital for the criminally insane. She was released only last July from the Pontiac State Hospital.

Piggins made no specific recommendations but said, "There is need for such control" and offered to work with council on the subject.

The Police commissioner restated his warning that families should carefully investigate any baby sitters they plan to hire.

Driving Initiative!

RENO (AP)—Just because he can't get the long cast on his broken leg into his car doesn't stop contractor P. W. Burge from driving. He removed the door and rigged up a platform to rest the leg on. He hangs a red warning flag from the cast.

Galveston, Texas, terminus of the Canada-to-Gulf highway, was named in 1782 for Bernardo de Galvez, then governor of Louisiana.

Boys Admit Vandalism

KALAMAZOO (AP)—Four boys 8 to 12 years old have admitted doing \$3,000 worth of vandalism at the Gull Lake summer home of John Baker, Battle Creek teacher.

said plaster was ripped from the walls and ceiling, furniture and fixtures smashed, upholstery slashed and records smashed.

Turkey has set up an Istanbul office to administer new price control regulations.

1-Vote Error Breaks Tie

CHARLOTTE (AP)—A tie vote for Charlotte Alderman in Monday's election was broken by a re-check which showed Republican Charles Fielder the winner by one vote. He polled 285 votes to Dem-

ocrat Dale Hennings, 284. Election officials said the error came in tallying election machine totals.

A Brazilian group is seeking American capital to help develop large copper deposits in the State of Maranhao, Sao Luiz learns.

29 Seek Title of Queen

BENTON HARBOR (AP)—Pretty girls from 29 communities in southwest Michigan have signed up to compete for the title of Queen of the annual blossomtime festival April 29 through May 11.

The festival opens with the ceremony of blessing the blossoms and closes with a giant floral parade, which is expected to attract 200,000 spectators.

Northern Ireland already has issued 30,342 licenses for TV sets.

Easter Fashions

fresh on the scene ...

Easter's exciting new fashions

that will bloom on and on into Spring and Summer!

3-piece Eton suit
Sizes 1 to 5 **3⁹⁸**

Claire Bloom Plays Victoria

Van Doren Sought as Emcee on New Show 'The Lively Arts'

By JACK O'BRIAN

NEW YORK (INS) — "Cinderella" will be repeated on TV, probably will be expanded to Broadway length, and a movie is almost a cinch already. The Rodgers & Hammerstein musical was on TV exactly 14 years to the day after the premiere of their first huge hit "Oklahoma!"

Claire Bloom plays the old Helen Hayes role of "Victoria Regina" Monday on the Montgomery show.

Charles Van Doren is up for the emcee chore of CBS-TV's "The Lively Arts" . . .

We're advised the next star to break through the Calypso craze to possible Nat King Cole stature is "King Charles," of the Royal Calypso of the Bon Air Hotel, Augusta, Ga. . . . The top scouts already are there with big bids . . .

Ricky Nelson now gets most of the swoon mail sent to the "Ozzie and Harriet" cast . . .

JUST WON'T WATCH
Networks can't lick their worst summer problem: Just about half the TV viewers simply won't tune in from June to September . . .

Len Goldenson predicts a quarter-billion-dollar year for ABC in 1957, pretty fantastic for a network only two years ago fighting from 'way back . . .

Ted Mack's Sunday amateurs will be Guatemalans, in a show filmed in Latin America . . .

Hollywood was supposed to take over all TV but only 20 per cent of NBC's TV shows are Hollywood-based . . .

Schwerin Research Corp. states: "Over a quarter billion dollars of advertising money is being wasted annually on ineffective TV commercials." (At least!) . . .

ANOTHER COPCAST
NBC-TV's new "Code 3" is a smooth though standard copcast, using the Los Angeles Sheriff's Office as the peg to hang its badge; not as good as "Lineup," but better than "Dragnet," with none of the latter's Webb-footed mannerisms . . .

Simmons and Lear, Martha Raye's last TV writers, and cousins to boot, split up after nine years of gags in their combined mouths . . .

Peggy King goes dramatic on an NBC Matinee Theater . . .

"Hold That Note" is holding its breath, with the sponsor canceling . . .

After its 12.1 per cent boost in earnings for fiscal '56, CBS handed out a general 7 per cent salary boost . . .

Said One Big-Mouth of Another, 'Hi Slob'

By EARL WILSON

NEW YORK—I have to disagree with big-mouth Paul Douglas, the actor not the Senator, who called big-mouth Arthur Godfrey a slob in an interview.

Arthur enjoys hooch, female companionship and risqué stories (not exactly a unique taste). But he doesn't fit Funk & Wagnall's "slob" definition: "A careless, negligent or incompetent person." Careless, maybe. Big Daddy's only one-third of a slob.

Paul Douglas is a friend of mine, but he's slobbier than Arthur.

"Douglas," somebody said, "has the gift of nastiness." Another admirer said, "Success didn't change Douglas—he's still a heel."

Alas, those detractors don't understand Our Hero. Paul suffers from acute windiness. He'll discuss any subject fully, whether he knows anything about it or not. He mastered this while radio-announcing. It's an art. His vocal cords go on talking while Paul's asleep. But Paul's gifted tonsils twitch to snarl out insults, because for years they prattled mostly sugary commercials. Anyway, Paul probably used "slob" affectionately. But if he was only being a big tease, Paul should have said so.

He could have paused in his mouth marathon, when he said that there'd always be slobbs listening to slobbs like Godfrey, and that TV is run by 11-year-old minds, to give his definitions.

I regret that in this tangle with "The Man Godfrey," he was careless and negligent. He was two-thirds of a slob. Two-thirds is a majority. That makes him a full slob if you want to be mathematical. It's unfortunate, because he's such a nice fellow.

We just wish he wouldn't use language like that. It ain't considered nice where I come from.

THE MIDNIGHT EARL . . .

Eddie Cantor's medics told him to avoid all show biz excitement . . . Peggy Ann Garner (Mrs. Albert Salmi) had a baby girl . . . Tallulah's off to Hollywood to do the Jack Benny TV show but'll hasten back.

Friends of Vikki (The Back) Dougan look at her amazing pictures and scream, "She was never that way! This is too much" . . . Magda Miller of Britain's controversial "Over 40" Club is on "The Vise" TV show seen here.

EARL'S PEARLS . . . When a woman says, "I'll be ready in a minute," you can be sure of just one thing—she talks English.

TODAY'S BEST LAUGH: A guy told us sadly, "I never really knew my wife's true worth—till the judge gave her \$500-a-week alimony." . . . That's earl, brother. (Copyright 1957)

No U.S. Plans to Fill 'Vacuum'

Regard British Slash in Military Strength as Unavoidable

WASHINGTON (AP) — Diplomatic and military officials reported today that the United States has no plans to fill any "vacuums" which may be created by Britain's announced intention to cut back its military forces.

The reduction program, announced in London yesterday, is regarded in official quarters here as an unhappy but unavoidable result of Britain's need to cut costs.

The net result, it was generally agreed, will be a weakening of the available security strength of the free world although this effect will be offset in some degree by providing greater firepower for the smaller British forces, partly with U.S. aid.

The United States has already committed itself to provide the British with 1,500-mile-range guided missiles as soon as they become available.

The eventual establishment of missile bases in Britain—with atomic warheads stored nearby under American control—will give the British a striking power against Russia which they have not heretofore had.

The British program, on which there have been consultations with the United States, calls for cutting armed forces from 690,000 to 375,000 within five years. It is designed to lower defense costs by 600 million dollars in 1957-58. It calls for a cut of 13,000 men in the British forces in West Germany this year. The present total is 77,000.

Deputies Hit Jackpot on Pinball Machine

SAN JOSE, Calif. (AP)—This pinball machine, taken in a raid, really paid off — to the county: A personal check for \$40. A government check for \$17. An IOU for \$50. And \$80.50 in greenbacks and silver. Sheriff's deputies figured the machine's cash drawer was used to keep records.
