

Reds Veto JFK's Berlin Road Plan

'Cuba Training Force to Attack Dominicans

Armed Forces Chief Fears Castro Regime Preparing to Invade

SANTO DOMINGO, Dominican Republic (AP)—Dominican armed forces chief Gen. Pedro Rodriguez Echavarria claims that Fidel Castro's regime is training an invasion force for an attack on this island nation less than 200 miles from Cuban shores.

Rodriguez Echavarria, the No. 2 man in the government of President Joaquin Balaguer, told newsmen Friday night he had reports that between 1,500 and 2,000 Central Americans were under

Background Story on Page 16

going invasion training at three camps in Cuba's Sierra Maestra Mountains, Castro's stronghold of revolution days.

He charged that the general strikes that have gripped the nation since Tuesday—may have been part of an over-all plan to keep Dominican troops pinned down in the capital.

The strikes, centered in this capital, show signs of losing their steam but Rodriguez Echavarria said military reinforcements have been shifted to northern Dominican areas in anticipation of trouble. "We are not sure," he declared. "We are ready and keeping ourselves mobile."

The military leader said the armed forces have no plans at present to break up the strikes aimed at toppling the Balaguer regime. But he warned that "the security of the state is threatened, that's another thing."

He implied that he felt the strikes would die a natural death once "the strikers are convinced it is a political matter."

Fidel, a Marxist, Admits He Wants Red Nation

HAVANA (AP)—Fidel Castro, proclaiming, "I believe absolutely in Marxism," admitted publicly today he was leading Cuba down the road to communism.

"I am a Marxist-Leninist and will be one until the day I die," the Cuban prime minister declared in a midnight television speech.

"We must all study the experiences in building up the world's first Communist society," he said. "Socialism is a world reality to day as the force defeating imperialism."

"The world is on the road to communism," he added. Castro jokingly added that "sumunno-jum au suu auu" listening to him "he does not need worry because there will be no communism (in Cuba) before 30 years."

EAGER SALESMAN — Goodfellows from six communities take a firsthand look at how a page of The Pontiac Press is made up before going out to sell papers in their annual drives for funds to help the needy and give parties for children at Christmas. Showing them how it's done is William F. DeBats, assistant composing room foreman. The hawkers are (from left) Avondale Fire Capt. William Richards, Pontiac Township Fire Chief Carl Schingee, Rochester Fire Chief George Ross, Waterford Township Kiwanian Elmer O. Johnson, Waterford Township Fire Capt. Clayton Sconrante, Asst. Fire Chief Harold Giggel of the Ginge-ville department and Brooklands Fire Chief Bruce Foree. Their teams will be stationed at all main intersections in their respective areas to solicit donations from both motorists and pedestrians.

Goldfine Holds Goodfellows' Newspaper Sale to Assist Needy at Christmas

TV Newscaster Says Case May Be Biggest Since Teapot Dome

WASHINGTON (AP)—Industrialist Bernard Goldfine, who is in the Pontiac Press, holds the key to a vast political scandal being investigated by the Justice Department, a television newscaster says.

The newscaster, William H. Lawrence of the American Broadcasting Co., reported Friday night that the scandal might be the biggest since the Teapot Dome case in the 1920s.

The Justice Department had no immediate comment.

Lawrence said evidence now before Justice Department investigators implicates both Democrats and Republicans. But, he said, the department has not decided whether to take the case to a federal grand jury.

He said the government's ability to prosecute depends almost entirely on testimony and documentary evidence that might be given in court by Goldfine and his secretary, Mildred Papernan.

Lawrence added there were unconfirmed reports that Goldfine was ready to make full disclosure of his tangled financial affairs.

The 70-year-old Boston textile man is serving a year and a day in prison at Danbury, Conn., for income tax evasion. He also was on probation for five years.

U.S. District Court Judge George C. Sweezy ordered Goldfine to tell the government what became of some \$600,000 the judge was signing out of Goldfine's industrial holdings. That was made a condition of the probation, but there has been no indication that Goldfine has made any disclosures.

Cavanagh Warns Detroit Might Tax Suburbanites

DETROIT (UPI)—Mayor-Elect Jerome P. Cavanagh warned suburbanites Friday that "people who commute to Detroit should pay their fair share of the city's operating costs."

Cavanagh did not mention how he expected to tax commuters to the city but it was thought he was considering an income tax among other items.

The Motor City has been in financial doldrums and recently lost \$10 million in annual revenue as the result of a court ruling.

Congo Resumes Ties With 3 Red Nations

LEOPOLDVILLE, the Congo (AP)—The Congolese government resumed diplomatic relations today with the Soviet Union, Poland and Czechoslovakia.

Goodfellows newspaper sales are being held today to bring a brighter Christmas to the needy of Addison, Pontiac and Waterford townships and the Rochester, Brooklands and Avondale area.

The proceeds from the sale of today's Pontiac Press will introduce the Christmas spirit of hope into these areas in varying ways—from the presentation of clothing and gifts to needy families to arrangements for parties for children.

The Waterford Township drive from dawn 'til dusk is expected to give Christmas baskets, children's clothes, shoes and toys for the needy and also pay for a party for needy children Dec. 23 at the Thurston Theater.

A dozen area organizations are giving volunteer help in the drive which is headed by Fire Department Capt. Clayton Sconrante, president of the Goodfellows.

An estimated 50 Goodfellows are expected to ask motorists' help at main corners throughout the township.

In Addison Township, 18 firemen will sell the papers at main corners in Leonard and Lakeville and at Campbell's Corners in an all-day effort. Co-chairmen Ed-ward Porter, fire chief, and Elmer Powell, assistant chief, hope to raise \$400 to provide Christmas baskets for needy families and for a Christmas party for all the township children.

SET \$1,000 GOAL
Pontiac Township's volunteer fire department and the Metropolitan Club have set a goal of \$1,000 to give Christmas baskets to the needy and hold three parties for township children.

Fire Chief Carl Schingee, chairman of the sale, said 30 members of the two sponsoring groups would sell The Pontiac Press at all major intersections.

The area of Rochester-Brooklands is getting a helping hand from 30 volunteer firemen from Brooklands and Rochester sta-tions, selling The Pontiac Press at major intersections.

Proceeds will go for a Christ-mas party for township children.

Mild Weather Will Continue Over Weekend

Mild temperatures will continue in the Pontiac area through Sunday, the weatherman says. The low will be near 40.

A balmy 56 is the prediction for Sunday with little change in temperature Monday. Morning westerly winds at 3 miles per hour will become 5 to 15 m.p.h. southwest-erly tonight.

There's a chance of scattered showers Monday and Wednesday. The lowest reading in downtown Pontiac preceding 8 a.m. was 41. The thermometer registered 46 at 1 p.m.

May Reveal Future Plans Today

Grayling to Be Scene of 'Appreciation Day'

Grayling will be the scene Thursday of a civic celebration honoring the pioneers and newest citizens, known as "Appreciation Day."

The city's role as a sports and outdoor lover's headquarters will be marked with a banquet that night.

Bob Schulze, president of the chamber of commerce, says Thursday will involve a community-wide how-to the past and a look-to the future.

The banquet will be at the Chief Shoppennaggon house which owner, Roy DeVitt, formerly of Pontiac, will be host to the whole affair. Some 120 people will be there.

News Flashes

WASHINGTON (AP)—Ambassador Adlai Stevenson said he discussed with President Kennedy today whether he should consider a suggestion from Mayor Richard J. Daley of Chicago about running for senator from Illinois.

HOLLYWOOD (UPI)—Singer Dinah Shore announced today she and her husband, actor George Montgomery, are separating and will be divorced after almost 12 years of marriage.

Romney said the constitutional convention had a sound bipartisan organization, and is off to a good start, but that one of the biggest problems will be to communicate the document to the public when it is finished.

The greying automotive leader was suffering from a cold and showed signs of strain from a busy week complicated by rising political issues.

DIOP'S HANDSHAKE
Greeted by a well-wisher before the meeting with the salutation, "Governor," Romney dropped his handshake, offered a wry grin, and moved away.

Romney said his plan for reapportionment was not complex, as it has been labeled by some.

Romney Upset by Political Talk

presented, not screw," he said. Romney left the session early because of another meeting.

Delegate King was optimistic about doing the greatest good for the greatest number of people by revising the constitution. He said he anticipates election of the governor and lieutenant governor on the same ticket for "four-year terms, coming between presidential elections."

Other changes King saw coming from con-con were:

—Reorganization of the executive branch of the state into 20-30

Ulbricht Raps International Highway Setup

Claims That Autobahn Is East Germany's in Published Rejection

From Our News Wires
BERLIN (AP)—East Germany today published a rejection of President Kennedy's suggestion for an international administration of the 110-mile highway lifeline between this city and the West.

The rejection came from the East Germany's top spokesman—Walter Ulbricht, chief of state and Communist party leader, who spoke Friday night at a party district meeting in East Berlin.

An account of what he said was carried today by ADN, official East German news agency.

In his interview with Alexei Adzhubel, editor of the Soviet paper Izvestia, Kennedy suggested a key point in any future negotiations with the Soviets should deal with an international administration of the autobahn to guarantee free movement of goods and persons.

The autobahn between West Germany and Berlin belongs to East Germany, said Ulbricht. He added that East Germany is not a colonial area of the Western powers, especially not of the United States.

'ANSWER CLEAR'
If the Western powers thought they could prepare international control by sending U.S. troops on training missions along the highway, "our answer is clear," said Ulbricht.

He added:

"These are useless speculations. This will never be. Those who make such statements should save their efforts and the paper such statements are written on. There is no sense in such speculations."

The U.S. Army announced Friday that two battlegroups of an estimated 3,000 men would move along the autobahn soon replacing garrison troops in this divided city.

Western powers recognize only Soviet control over the autobahn and insist on freedom of passage. "They (the Americans) should realize that the result of the troop movements will not be a documentation of American strength but merely another proof of the necessity to solve the West Berlin problem successfully," Neues Deutschland said. "The autobahn is property of the German Democratic Republic and nobody can do on it what he wants."

Looks Down on Job

SERVICE FROM THE 'TOP' — A head above them all at Orchard Lake Shell Service, 625 Orchard Lake Ave., and probably the tallest person in Oakland County is Kenneth Hall of 220 W. Chicago Ave. Hall, who stands 6'11 1/2", was snapped by a Press photographer while waiting on customer Ed Ajoian of 72 Washington St. who is 5'3 1/2" tall. No problem with wide windshields when Hall is the man cleaning them.

Boy, 2, Saved From Fire by Pontiac Twp. Father

A Pontiac Township father of four fought his way through smoke and flames last night to rescue his 2-year-old son from their burning home at 355 Doris Road.

John Loveless re-entered a flaming bedroom of his small basement home in search of his son after he and his wife Delores had carried their three other children to safety.

Mr. and Mrs. Loveless were watching television at about 11 p.m. in the living room when they smelled smoke coming from the children's bedroom. They quickly picked up three of the children dressed in their nightclothes and took them outside.

Loveless, thinking that all four children were safe, ran to the house of a neighbor, John Cravin of 255 Doris Road, to call the Pontiac Township Fire Department.

RESCUE BOY
Loveless found the boy partially overcome by smoke on a living room couch and carried him outside. Township firemen arrived minutes after the rescue and revived the boy with an inhalator.

Jeffrey then was rushed to St. Joseph Mercy Hospital where he was treated for smoke inhalation and shock and released. His father's hair, eyebrows and eyelashes were badly singed.

Township Fire Chief Carl Schingee said the bedroom that Loveless entered in search of his son was completely gutted by flames. The rest of the house was damaged by smoke, according to Schingee.

The fire chief estimated damages to the five-room concrete block structure at \$1,000. Firemen had the blaze extinguished by midnight.

The other Loveless children were not injured. They are Doris, 8; Kenneth, 6, and Elizabeth, 11 months.

Schingee said the blaze started in the bedroom where the children were playing with matches taken from a smoking stand in the front room.

U.S., Russia Gamble on Red China

Nations Risk Prestige on Peiping Bid at U.N.

UNITED NATIONS, N.Y.—(AP)—The United States and the Soviet Union have decided to gamble their prestige on the outcome of Peiping's bid for a U. N. seat.

This was made clear Friday as the two big powers clashed head-on in the opening round of the China debate. Both demonstrated they were determined to fight every step on the issue of whether the Formosan government of Chiang Kai-shek or the Communists get the seat.

U.S. Ambassador Adlai E. Stevenson warned delegates that "the whole future of the United Nations is at stake" with the China representation question. The United States has managed to keep the matter shrouded for 10 years.

"If anyone still has any illusions about the Communists' qualifications for membership in this respect, let him be reminded of the use of force by the Chinese Communists in their border disputes with India," Stevenson declared in a no-holds-barred speech.

"In its present mood," Stevenson said of the Red Chinese regime, "it is a massive and brutal threat to man's struggle to better his lot."

"RICKLESS AMBITION" — "Its gigantic power, its reckless ambition, and its unconcern for human values," he said, "make it the major world problem of our time."

In a bid to win over some of Peiping's supporters, Stevenson accused the Communist Chinese of operating camps for young guerrillas in Asia, Africa and Latin America so they could touch off revolutions in their home countries.

Stevenson warned that to admit the Reds would have only one meaning: That the United Nations had knuckled under to Peiping's plan to conquer Formosa and "overthrow and abolish the independent government of the Republic of China."

The Soviet Union's swift return to the American charges against the Chinese Reds made plain the Kremlin has decided to go much further than token support for the Communists' bid.

Sentenced to Life for Murder at Ionia Prison

IONIA, Ind.—Convict Robert Cotte Jr., 23, was sentenced to life imprisonment today upon a finding of second-degree murder by Circuit Judge Morris K. Davis in the Nov. 21 crowd-slashing of another Ionia reformatory inmate, 25-year-old Gerald Mackay of Detroit.

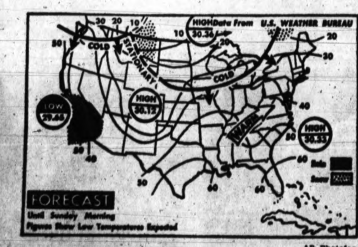

Cotte pleaded guilty to an open charge of murder Nov. 28. Cotte was serving 3 to 15 years for armed robbery on an Oakland County conviction. Mackay was serving 15 to 30 years from Oakland County for the 1959 slaying of Carlo Vitale, a Detroit hoodlum.

Warden George Kropp said Cotte told him Mackay had been "giving me a hard time" and admitted luring Mackay into a storage area on the pretext he had hidden liquor there and killed him with a crowbar.

It will be warmer in the Eastern third of the nation and colder along the Pacific Coast and from Northern Rockies to Northern Great Plains.

Foreign Music Urged Banned as TV Background

WASHINGTON (AP)—Herman Kenin, head of the American Federation of Musicians, called today for a government ban against the use of foreign music recordings as background for American television shows.

Kenin's request was in testimony prepared for a House subcommittee studying the effect of foreign trade on American employment.

Half the TV shows now being produced in the United States use background music recorded abroad at cut rates, he said. The use of such tapes in 35 series currently being filmed is costing American musicians \$742,500 in wages.

He said producers send their music scores to Europe, where they are recorded and the tapes flown back in order to take advantage of foreign costs of approximately \$40 a minute for the finished tape as against \$120 a minute in the United States.

JFK, McNamara Look to Congress

To Ask Nike-Zeus Money

WASHINGTON (AP)—President Kennedy and Secretary of Defense Robert S. McNamara have decided to ask Congress for money to start tooling up for production of the Nike-Zeus anti-missile missile.

Informal sources said today Kennedy and McNamara had agreed on this at their conference in Hyannis Port, Mass., last week. They conferred on the new missile budget to be submitted to Congress next month.

It was understood a recent string of test successes influenced the decision. It represents a victory for the Army in its long battle to get the missile-killing system into production.

HAD DOUBTS — The Kennedy administration, and the Eisenhower administration, had had to do so at low even a start on limited production of the controversial anti-missile system pending additional tests.

Earlier this year McNamara told Congress there were "wide-spread doubts as to whether the Nike-Zeus system should ever be deployed."

Now, it has been learned, Kennedy and McNamara have decided there is enough evidence of indicated success to go ahead with limited production of long lead time for the system.

The Army has contended that a start of production could cut from four to two years the expected time in which an anti-missile defense could be deployed around a limited number of cities.

In the past there have been estimates that it would cost \$8 billion to \$13 billion to provide adequate protection for most major production and population centers and important military bases in the United States.

There was little doubt that Kennedy would seek similar indications against the individual party leaders who ignored the registration requirement.

Kenney said the department had not yet decided what form prosecution of the officers might take, but he said proceedings against individual members for failing to register would wait until Dec. 20 which is the deadline for rank-and-file Reds to comply with the 1950 Security Law.

1st Peace Boom Set

WASHINGTON (UPI)—The world's first nuclear explosion for peaceful purposes is scheduled, 10 a.m. (Pontiac time) Dec. 10. The firing time was announced by the Atomic Energy Commission (AEC) Friday for the benefit of scientists all over the world.

The election, Edwards said, was conducted by Leonard Bennett of the State Medication Board.

The cab company manager said the new contract rates insurance from \$5.00 to \$3.00 and hires sick pay from \$5.00 to \$3.00 per week besides increasing hospitalization. The company pays for all the fringe benefits, Edwards said.

The drivers and cab company employees are members of Teamsters Union Local 614.

Area Trio 'Yak It Up' at MSU

Seeks National Talk Title

EAST LANSING (UPI)—Three Pontiac area Michigan State University students are part of a scheme to grab a national title for MSU.

The collegiate "Talkathon" record set by students at the University of Illinois is under attack by teams of MSU dormitory residents.

Participating in the talkathon are students Dick Clark of Pontiac, Barry Sparks of Clarkston and Bettie Shooka, of Troy.

The men in Butterfield Hall placed a call to cede in West London Thursday at 11 p.m. and as the call passed the 24-hour mark all was well.

The Illinois record for nonstop telephone chatter was 116 hours. The Michigan State students are determined to talk for 168 hours — one full week.

"We got turned down on the first call," said Bob Ball, a Detroit sophomore.

Ball and his roommates, Clark and Sparks, started the "longest conversation for a dime in history."

Their room has been turned into a huge telephone booth and they have moved two of the beds in the room next door, already crowded with three residents.

Their second call was to Maria Menefee, from Ann Arbor, whose campus number was picked at random from the student telephone directory.

"She has been very cooperative," Ball said.

He added that same remark

Ex-Postmaster Dies in Hospital

T. W. Jackson Was Also Chairman of Democrats in Oakland County

T. W. Jackson, retired Pontiac postmaster and former chairman of the Oakland County Democratic Committee, died unexpectedly yesterday afternoon of a heart attack at Pontiac General Hospital.

Born in Pontiac on Feb. 12, 1876, he was educated in Pontiac Public Schools, and Pontiac Business College, as well as the Business Institute at Big Rapids.

He was employed by Michigan Light Co. for 15 years, during the last five years as superintendent of distribution and treasurer of the company.

He later entered the United States Internal Revenue Service for four years, then in 1921 established his own insurance agency with offices at 17 E. Lawrence.

On June 10, 1936 he became postmaster of Pontiac serving the city for 15 years when he retired from the department according to the retirement law.

During his service he was given national recognition in 1942 by Postmaster General Frank W. Walker for his model outline of a postoffice defense organization.

Former president of Pontiac Association of Fire Underwriters, he served as alderman from the Third Ward for two years.

He was a member of First Methodist Church, Masons, Knights of Pythias and state and national associations of insurance underwriters.

Mr. Jackson was a life member of the Exchange Club and honorary member of Metropolitan Club Spirit No. 6. He belonged to the National Association of Retired Civil Employees and was active in the Foundation for Infantile Paralysis and state and national associations of insurance underwriters.

The Day in Birmingham

125 Stores to Participate in Men's Night Monday

BIRMINGHAM — About 125 stores will participate Monday in the annual Men's Night which will officially inaugurate the Christmas shopping season here. Between 7 and 10 p.m. only men will be allowed to shop in the stores.

It is the 10th year that the downtown merchants have offered the service and convenience to the male shopper. The event is sponsored by Birmingham Chamber of Commerce and conducted by the Retail Merchants Division of the organization.

Models will show the latest in fashions in many of the stores and music and refreshments will be provided in others. One store will have producers and dancers teaching the "Twist."

A neighborhood swimming club in the Birmingham Farms subdivision is being planned.

The residents have requested permission from Bloomfield Township officials to have a portion of a township well site for use as a parking area adjacent to the proposed pool.

No decision has been made by the township.

6 Put on Bond; Cite Bad Money

Allegedly Bought, Sold Counterfeit; 3 Are From Oakland County

Six men, including three from Oakland County, were placed on bonds of \$10,000 each in Detroit yesterday for allegedly buying and selling counterfeit money.

Accused of conspiracy to buy counterfeit \$10 bills were Richard W. Franklin, 37; Edward J. Kryoforski, 31; and John C. Wolk, 34; all of Detroit.

Accused of conspiracy to buy counterfeit money were two Royal Oak men, Franklin Spaulding, 27, of 320 Fifth St., and Burton W. Gillard, 28, of 1222 Owana St.

The six men, arrested by Secret Service agents in Detroit, appeared before Federal Judge Thaddeus M. Macrowich who set examination for Dec. 15.

Asst. U.S. District Attorney Herbert M. August said Federal agents were trying to determine which of the men were connected with a bogus money syndicate.

He said passers of bad money in the area reportedly have access to 17 mail routes, including one from an unknown source. The arrests were made after a Secret Service agent was told where \$25,000 in phony bills could be purchased for \$5,000.

Woolfenden ventured that the constitutional convention will not split on a strictly partisan basis.

In answer to a question from the audience, Woolfenden said he strongly favored submitting the constitution for approval as a single document. King said he would like to see it come to the people in two parts, with one part on re-apportionment, and the other part everything else.

Oakland County con-con delegates not attending were Richard Kuhn, 205 Gateway Drive, Waterbury Township, who was at a con-con committee session at Marygrove College; Lee Walker, of Madison Heights, stranded by motor trouble coming home from Lansing; and Arthur G. Elliott Jr., of Pleasant Ridge, who had no other commitments for the evening.

Firemen from the Avondale Fire Department will edit editions of the Pontiac Press to buy Christmas baskets for needy families. The Christmas party for underprivileged children, shortly before Dec. 25.

In the past, driver chairman Fire Captain Williams said, about \$150 in similar drives.

Try to Keep Out Freedom Riders

McOMB, Miss. (AP)—City officials planned today to seek a federal court injunction to prevent the arrival of more freedom riders after groups of white men attacked visiting newsmen.

The Mayor C. H. Douglas announced the city's intention to enjoin the Congress of Racial Equality after six freedom riders successfully desegregated the Greyhound Bus Terminal Friday under heavy police protection.

In Washington City, Gen. Robert F. Kennedy, a segregationist, Douglas and other city officials for maintaining law and order in this southwestern Mississippi city.

DOUGLAS ENFORCED — Douglas had promised to enforce the Interstate Commerce Commission's ruling, which bans segregated facilities in terminals used for interstate commerce and to keep order after an incident earlier in the week when a group of white persons beat five Negro freedom riders at the terminal.

Despite the increased police measures, an Associated Press photographer, two Life Magazine men and a Time Magazine man were attacked on McComb streets Friday.

A half-dozen youths surrounded AP photographer Fred Kaufman after he had taken pictures of Negro freedom riders and asked him if he was "a nigger lover."

When Kaufman replied that he was "just trying to do a job," one of the youths grabbed and punched him. As Kaufman tried to break away, the man punched him on the head and behind the right ear, but Kaufman escaped to the office of the McComb Enterprise-Journal.

Earlier four white men attacked Don Urick and Don Underwood of Life Magazine and Simon G. Denton of Time. Underwood suffered a swollen lip when the men shoved him through a plate glass window.

Angry crowd waits — A crowd mills around outside the city hall in McComb, Miss., Friday after several freedom riders arrived on a bus and left in a private car. The crowd vented their anger on newsmen and photographers, and police took them into the building.

The city, beset by trouble, planned today to seek a federal court injunction to stop the arrival of more freedom riders. Six riders successfully desegregated the Greyhound bus terminal Friday under heavy police protection.

The city, beset by trouble, planned today to seek a federal court injunction to stop the arrival of more freedom riders. Six riders successfully desegregated the Greyhound bus terminal Friday under heavy police protection.

RIGGED FOR SOUND — Cairo newspapers are charging that an Egyptian official, with the help of 12 others in an alleged French spy ring, took a \$14,000 bribe to help a French firm get the

contract to wire the ancient Sphinx for sound. The famed landmark has been giving history lessons to tourists since April via recorded voices.

Less Than 1 Pct. Put In Complaints

Most Men Called to Duty Don't Gripe

WASHINGTON (AP) — Pentagon sources say that out of 119,000 Army Reservists and Guardsmen called to active duty, less than 1 per cent have put in complaints. This estimate, the sources said, is based on letters and other communications received at all Army levels—the field commands, the Continental Army Command at Ft. Monroe, Va., and Army headquarters here.

The president of the National Guard Association, Maj. Gen. William H. Harrison, also spoke up about griping. He said in a statement: "The griping of a few individuals involved in the recent military call-up is casting a shadow upon the patriotism and spirited response of the more than 150,000 National Guardsmen and Reservists now on active duty."

Apparently he included in his figures Air Force and Naval Reservists.

"FILLER" RESERVISTS
"It is evident," said Harrison, "that most of the complaints are coming from individual Reservists called upon and used as 'fillers' to bring organized units to full strength. These complaints, in

some instances, are from men who have already served on extended active duty and resent a second call-up when so many of their friends and neighbors have performed no military service."

To remedy this, he said, there should be changes in the law and policy.

He said also that the Defense Department had failed to indoctrinate the men "with the importance of their service and the contribution they are making to the preservation of a just peace."

"But the President has spoken well on this point, has recognized the sacrifices of those involved and has reaffirmed the important role they are playing," he added. President Kennedy took note of

Union Backs BB
in Stand Against
Rightwing Army

PARIS (UPI) — The French actors' Union backed up Brigitte Bardot today in her stand against the rightwing underground "revet army."

Miss Bardot said Thursday she had received a letter demanding that she donate \$10,000 to the rightist "French Algeria" cause. Instead she reported the demand to the press and filed suit for attempted extortion and blackmail.

The union-French equivalent of Actor's Equity—issued a statement Friday night urging the government to put a stop to "such undertakings jeopardizing the liberty and safety of persons and goods."

Later Passed Examinations

Pilot in Air Disaster Failed Tests

WASHINGTON (AP) — The pilot of the stricken in which 74 Army recruits died near Richmond, Va., Friday, Nov. 8, had failed three flight tests.

Unordered Merchandise!

Already, citizens of Pontiac are receiving unordered Christmas cards, ties and other merchandise through the mail.

Be smart! Never pay for articles which you have not ordered. Ignore threatening letters demanding payment. Companies operating the unordered merchandise racket thrive only because many people do not know their rights.

Help Stop This Racket!
Never Pay for Unordered Merchandise!

BUSINESS ETHICS BOARD

of the
Pontiac Area Chamber of Commerce

Edward E. Stattery Jr., public relations officer for the Civil Aeronautics Board's Bureau of Safety, compared Conway's early failures with those of a young attorney who fails to pass his bar examination on the first try. He said he does not consider it a black mark against a pilot.

Conway was pilot of the Imperial Airlines plane which crashed near Richmond while flying Army recruits to a Southern training camp. In addition to the recruits, three crewmen were killed. Conway and the flight engineer survived.

The CAB will review his hearings into the crash next Tuesday in Miami. Conway may be recalled at that time, officials said.

FAA records showed that Conway failed to pass his commercial pilot's test, on March 31 and again on April 2, 1954, but later succeeded.

Again, on April 18, 1955, Conway failed his initial test for an instrument flight rating, but later passed it.

The commercial pilot's test was taken on a single-engine piper plane, and the instrument test on a single-engine Bonanza. Both light planes were vastly different from the four-engine constellation destroyed in the Richmond crash.

The CAB said Conway later passed his multi-engine tests and, most of all, his examinations for an air transport rating, without a failure.

Winning Candidate Collapses at Recount

POTTSVILLE, Pa. (AP) — Mayor Joseph H. Long of nearby St. Clair was reelected officially Friday but he collapsed while watching the outcome.

Long, seeking his second term as mayor of this central Pennsylvania community, was brought to Pottsville Hospital and placed in an oxygen tent. Cause of the collapse was listed as exhaustion.

The count after the Nov. 7 election had Long tied with Democrat Benjamin Bauman, 1,253 votes each. A check of three ballot boxes Thursday gave Long a lead of 18. He picked up three more votes Friday after two additional boxes were counted.

ers in response to flashing lights
and geometric symbols to learn
if orbital flight might be danger-
ous for man.

Doctors want to know if he per-
forms his tasks as well now as he
did before and during the orbital
flight he made Wednesday.

The results will help determine
if the United States will go all-
out to orbit a man this year—and
there is every indication officials
are pushing to accomplish this
late in the month, probably dur-
ing Christmas week.

On the basis of Enos' excellent
performance during the 3-hour
21-minute flight—most of it in a
weightless state — doctors said a
man could have survived a similar
ride.

THOROUGH CHECKUP
The important thing now is
whether there will be any un-
pleasant aftereffects. So Enos will
be given thorough physical and
mental checkups and his per-
formance on the lights and levers
monitored closely for some time.

Enos' space capsule also is un-
dergoing careful study. Techni-
cians are taking a close look at
the vehicle's cooling and control
systems, which malfunctioned
during the flight and forced Enos
to be brought back to earth after
two orbits instead of the intended
three.

★ ★ ★

Officials said a man passenger
could have corrected both diffi-
culties and the flight continued
satisfactorily.

Bicycle Damage Suit Is Settled at \$1,500

MOUNT CLEMENS (AP) — A \$2-
500 damage suit filed against a
10-year-old boy on behalf of an 8-
year-old girl who contended he
ran into her with his bicycle was
settled for \$1,500 Friday.

The suit for Camille Kidd of
Warren was settled before the
damage case went to the jury in
the court of Circuit Judge Alton
H. Noe.

The suit charged Keith Reuter
of East Detroit with reckless op-
eration of a bicycle. It alleged the
girl was playing on the sidewalk
when the boy struck her with his
bike and broke her arm.

The boy's parents, Mr. and Mrs.
Raymond Reuter, said their son
was only 8-years-old at the time
and pleaded extreme youth. But
the girl's lawyer contended Michi-
gan law allows damage suits in
negligence against anyone 7-years
or older.

Admitted Wife Slayer Gets 15-Year Sentence

CASSOPOLIS (AP) — Admitted
wife slayer Vernell Wilson, 53, of
Dowagiac, was sentenced Friday
by Circuit Judge David Anderson
to a term of 15 to 20 years in
prison.

Wilson pleaded guilty of second
degree murder Nov. 17 in the
shooting slaying of his wife Evelyn, 36,
as the result of a family quarrel.

The POWER of FAITH by Howard Brodie

It Seems to Me
Brazil's Current Relationship
With Russia Is Unfortunate

One of the dismal notes of the day lies in the fact Brazil is re-establishing diplomatic relations with Russia. This is bad news. Brazil's a Latin American leader. Communist spies, fifth columnists, undercover workers and outright orators now have a strong springboard from which to implement additional operations. Former President Janio Quadros who folded without warning leaned heavily toward the Soviets, but the current administration has gone further. This is a feather in the cap of KHRUSHCHEV's Cuban puppet, CASTRO. He has always longed for a strong foothold in South America as a sustaining force for his own Red activities and now he finds a fellow traveler in the biggest nation on the continent.

They have yet to reckon with one underlying factor and that's the Catholic Church. Brazil is overwhelmingly Catholic and the Catholic Church is one of communism's most unrelenting foes. Russia's godlessness allows no shred of Soviet recognition by any part of the Catholic hierarchy, anywhere. Prime Minister TANCREDO NEVES is struggling to be all things to all people in Brazil, and right now he stands in the Red camp with both feet trying to lean desperately toward freedom. It's a gymnastic gyration he can't contrive. Russia has scored a signal victory in a country where we regret it intensely. But the end is not yet.

Where's 'Soapy' In all this tremendous shakeup in the State Department, there's no mention of Michigan's "Soapy" WILLIAMS. When he was sidetracked to Africa, rumor suggested that he'd arise to a commanding spot. Over there he made us a new flock of enemies and returned. Later he went back and managed to keep out of ambassadorial disgrace, but in his current promotions, KENNEDY didn't even glance in WILLIAMS' direction. What gives?

Some people think he may announce for the Senate against McNamara. This would be a stirring battle for last place, but The Press favors "Soapy." He has much greater education, background and finesse. And he couldn't vote any more blindly Democratic.

It would be a change. And it might be for the better.

Promote Home Game Central and Northern played their fall contest before a paid attendance of 3,125. The receipts were \$3,067.75.

The Pontiac Press once suggested that we'd like to promote an annual battle between these two great schools. We believe that within a few short years we could have the crowd up to 8,300—the capacity of Wisner Stadium. Furthermore, we think seats between the 40 yard lines would go for \$2.00 at the start—and ultimately \$5.00.

I took the subject up with DANA WHITMER once and he filed an immediate objection with the assertion: "We need the receipts." The Press will give Central and Northern precisely what they got

this year—100 per cent—and then donate the balance to charity. This could be a fine civic event just as it is in many other cities with two big, splendid high schools, where "the town turns out." There could be a rousing between the halves show with both schools staging a demonstration. And The Press would try to get Miss Peach Blossom, Miss Pontiac, Miss Junior Miss and Miss Beautiful in general. Originally, our conception was a Thanksgiving Day game, but Lions' fans say the Tiger Stadium would cut the crowd. Let's have it early in October on a warm, balmy Friday evening when you can turn out in shirt sleeves. Anyone for football at Wisner?

Help Philippines With "Yanqui—no" and its derivatives an international slogan, it's refreshing to contemplate those lovely people in the Philippines. They elected a candidate who was charged by his "nefarious opponents" as "more pro-American than the Americans themselves." Three cheers. Let the welkin ring.

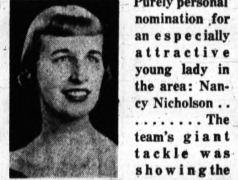

Strategically, the Philippines are within nodding distance of many Asiatics and you can rest assured that the Chinese Reds and the rascally Russians are watching. They can only save their oriental physiognomies by slipping silently into the shadows.

We must help these friendly Philippine Islands at every turn of the road. DIOSDADO MACAPAGAL—we salute you from a distance. But we salute—vigorously.

And in Conclusion Jottings from the well-thumbed notebook of our peripatetic reporter:

HARRY WISMER is coiling a noose around his neck with that battle against Football Commissioner Foss. Marine Captain Joe shot down 26 Jap planes and an Eastern scribe says: "WISMER should tip his hat in deference every time he passes Foss." Have you heard this one? When CHESTER BOWLES calls the Treasury Department, he says: "Hello, Mr. DILLON. This is CHESTER." Social note: Mr. and Mrs. JOHN F. GORDON are attending the Army-Navy football game today. The President of GM graduated from Annapolis.

I can't prove it, but I'll bet a sugar cookie "Cleopatra" will be the sexiest item ever made for regular consumption.

Purely personal nomination for an especially attractive young lady in the area: Nancy Nicholson. The team's giant tackle was showing the coach his grades. "What am I gonna do?" The mentor studied the card with four "E's" and a "D." Finally he spoke. "Moose, it looks as though you've been putting too much time on one subject." Wife: "How many fish did you catch last Tuesday?" Husband: "Five." Wife: "Huh. That butcher charged us for seven." Insider's Newsletter says scientists have conceived a machine so terrible

Joseph led the way to Bethlehem. The "just man" protected and guided his beloved wife, Mary. He would dignify fatherhood, fostering the Son: Providing a home, imparting the dignity of labor, yet, allowing the freedom for the Son's spirit to develop. "And the child grew, and waxed strong in spirit, filled with wisdom . . . and in favor with God and man."

Days of All Faiths:

Advent Is Period of Preparation

By DR. HOWARD V. HARPER. We are now entering the fourth week of Advent, which the second season of Advent call the Season of Expectancy. It is now but not always been a time of preparation for Christmas. Certainly everyone—Christian or not—is preparing for Christmas these days, but we may be sure that when the Church adopted this season it did not have in mind the frenzy, the fatigue, the budget-excesses and the panhandling that now characterize these weeks before Christmas. So it is Sunday that although the altar during Advent is clothed in purple (the color for penitence) the choir also sing alleluia—anthems of joy. Protestants, with their emphasis on the social aspects of Christianity, also see in Advent the hope of the coming of a "new world," a society organized on the basis of Christian principles. Advent begins on the Sunday before November 30 (St. Andrew's Day) and ends on Christmas Eve. (Copyright 1961)

Dr. William Brady's Mailbag:

Weather Doesn't Cause Trouble With Sinuses

You say the weather has nothing to do with sinus trouble. Yet I can predict the weather better than . . . (W.G.M.) And . . . So can my girl friend, children, grandchildren, secretaries, professional associates, neighbors, and readers. When the weather makes bowling impossible, I'm impossible, too. All I mean to say is that weather does not CAUSE sinus trouble. Unless you know you know better, you may get some helpful advice by studying Little Lesson No. 3, "Call It C.R.I." for which send me, in care of this newspaper, 35 cents and a stamped, self-addressed envelope.

I myself and several others I know have enjoyed complete relief from migraine for several years now, thanks to your advice . . . (E.S.) And . . . Anyway it can do no harm. For instructions send a stamped, self-addressed envelope and ask for the free pamphlet "Why Have Headaches?" Would you advise clipping the baby's hair from his entire head to promote hair growth? (Mrs. C. J.) Ans. — No. Cutting or clipping or shaving does not make the hair grow. Leave the baby's hair alone and look after his nutrition. Your recommendation of calcium and vitamin D give my mother a new lease on life. She was having severe cramps and losing sleep and unable to do housework. Doctors tried high frequency current and started to talk about necessity of an operation. We happened to see your piece about tetany . . . she began to improve in a few days and is now in the best of health . . . (H.S.) And . . . Would you recommend cramps in feet or legs, sometimes in wrists or arms of persons past the middle period of life are common manifestations of tetany, a nutritional deficiency disease. Send me a stamped, self-addressed envelope for free pamphlet 34, "Adult

Tetany and Growing Pains in Children." Signed letters, not more than one each, will be returned. Personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, M.D., a licensed physician, in care of The Pontiac Press. (Copyright, 1961)

Voice of the People:

Suggests Everyone Forget Disputed Football Game

There is too much publicity regarding the recent disputed game between Syracuse and Notre Dame, ending in a 17-15 victory for Notre Dame. My feeling is that Notre Dame played the best it knew how and played well, indeed. Syracuse gave its very best and the game was well-fought and exciting. Who won the game is not that important that had feelings should develop over a disputed decision. The officials made their ruling, honestly. Whether that decision was right or wrong, good or bad is irrelevant. The matter should be dropped and forgotten.

F. Dwight Egan, Syracuse '54

'Need Participation in Avondale Sports'

When will the Avondale School District wake up and start yelling for more efficiency in the schools? The football team has 27 boys and 4 coaches. The junior varsity team didn't have enough boys to have an intrasquad scrimmage. If athletics are a part of the educational program, why aren't more boys taking part? Other schools seem to have from 60 to 150 taking part. My boy probably won't make the varsity and Avondale doesn't have an intrasquad program. The education gained through athletics can be shared only by the athletically talented. Every boy should be allowed to compete against his own level. Where's the leadership in Avondale athletics? We need new books, buildings, and other materials and I'll willingly say my share, but boys and girls need the extracurricular, too. Concerned

'Refusing Pamphlets Seems Senseless'

What does "T.E." who is going to refuse the civil defense pamphlet on nuclear war, expect our government to do if some crackpot in Russia decides to chance it? "T.E." doesn't make much sense. L.B.

The Almanac

By United Press International. Today is Saturday, Dec. 2, the 36th day of the year with 29 to follow in 1962. The moon is approaching its new phase. The morning star is Venus. The evening stars are Jupiter and Saturn. On this day in history: In 1804, Napoleon Bonaparte crowned himself Emperor of France. In 1859, John Brown was hanged in the public square at Charlestown, Va., for his raid on Harper's Ferry in October. In 1862, the atomic age began when scientists working under the football stadium at the University of Chicago demonstrated a self-sustaining nuclear chain reaction. In 1952, President-elect Eisenhower arrived in Korea to fulfill his campaign promise to visit the nation in hopes of ending the war. A thought for the day: Naval officer Chester Nimitz said: "A ship is always referred to as 'she' because it costs so much to keep one in paint and powder."

'Keep Weapons for Ourselves'

Renunciation of Germany is a problem by itself. Germany was first united under Bismarck for "the domination of the world." To insure this they started the war of 1870. Again in 1914 they started another war of domination. The U.S.A. and others helped build Germany on the thesis that Germany would be a bulwark against communism. And then another war in 1939. Now we are doing the same thing once more. We should never release control of nuclear weapons to the Germans. Stephen Garrard

Highland

The Country Parson. Heavy is the rain now falling . . . In the bitter arctic air . . . And to know it will be turning . . . In our city everywhere . . . And the frozen earth will vanish . . . Under blankets soft and white . . . Where it will be soundly . . . Sleeping . . . Through the winter's silent night . . . When the street lamps will be shining . . . On the heavy emerald snow . . . In the dark my little garden . . . Like a thousand stars will glow . . . Then if later there is moonlight . . . When the sky is clear again . . . There will be a snowflake . . . Hanging on my window pane . . . I shall wait at home with patience . . . For the sunshine to return . . . And my kindle the meadow . . . Logs to give me warmth will burn. (Copyright, 1961)

Smiles

Some kids think home life is tied up in a series of notes. Elephants live longer than humans because they never worry about losing weight.

Case Records of a Psychologist:

Don't Worry Unduly About Health

I guess it is rather silly to be so excessively afraid of disease in this safe modern age, isn't it? she added with a smile. "But do you think we shall go on to another classroom called heaven?" And I definitely assured her that I did. "Yes, and there will be thousands of interesting jobs up there that you will enjoy," I added. "Whom do you wish to see first when you reach heaven?" "God," she said simply, "and Jesus. Then my relatives."

"Anybody else?" I persisted. "Well, I'd like to talk to Moses and Abraham. And Peter and the other Apostles."

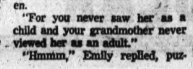

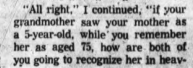

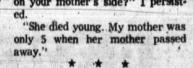

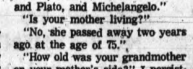

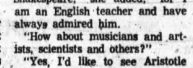

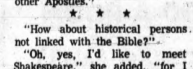

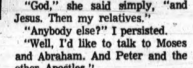

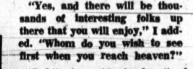

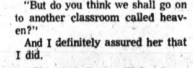

"How about historical persons not linked with the Bible?" "Oh, yes, I'd like to meet Shakespeare," she added. "For I am an English teacher and have always admired him."

"How about musicians and artists, scientists and others?" "Yes, I'd like to see Aristotle and Plato, and Michelangelo."

"Is your mother living?" "No, she passed away two years ago at the age of 75."

"How old was your grandmother on your mother's side?" I persisted. "She died young. My mother was only 5 when her mother passed away."

"All right," I continued, "if your grandmother saw your mother as a 5-year-old, while you remember her as aged 75, how are both of you going to recognize her in heaven?" "For you never saw her as a child and your grandmother never viewed her as an adult." "Hmmm," Emily replied, puzzled.

Syria Awaiting Election Results

Most Voting Completed in First Parliamentary Balloting Since Coup

DAMASCUS, Syria (UPI)—Syria begins counting votes today in the first parliamentary election since the army coup overthrew this country's ties with the United Arab Republic two months ago.

Interior Minister Abdel Salam Tarzouli announced Friday night that voting had been completed in a majority of Syria's 59 districts where more than the necessary 51 per cent of the eligible voters went to the polls.

But voting continued in some districts today under a Syrian law which nullifies returns where fewer than 51 per cent of the eligible citizens voted.

Voting in Damascus was orderly despite fears that the record number of 1,876 candidates for 165 parliament seats and a campaign by supporters of U.A.R. President Gamal Abdel Nasser for an election boycott would stir violence.

The new parliament will have a total of 172 seats, but only 165 are being contested. The other seven already have been awarded to tribal representatives, who ran unopposed.

The relatively peaceful election was a blow to Nasser's prestige here. The pre-election campaign had been marred by bombings and other violence.

Changes Affect Trio at Pontiac Motor Co.

Organizational changes affecting general supervisor of the cost department members of the Pontiac Motor Division accounting department staff, effective Dec. 1, have been announced by Russell L. Norris, divisional controller.

George W. Burt has been appointed general supervisor of the newly established operations analysis department.

John R. Parr succeeds Burt as

Hitchhikes Way 350 Miles With Deer He Shot

DETROIT (AP)—Terry Kinney, 20, shot a deer and then hitchhiked home with it—nearly 350 miles.

"I went up with some friends but they had to leave earlier than I wanted to, so I stayed on," Kinney said.

He borrowed a rifle and hunted near Sault Ste. Marie in Michigan's Upper Peninsula. He shot a 150-pound buck Tuesday and started home to Detroit Friday.

"There I was and there was the deer and I wanted to get it home and the only way was to hitchhike, so I did," he said.

He got a ride in the biggest part of the way with a southbound deer hunter who had his own buck on a trailer.

WINKLEY

A Pontiac High School graduate, Burt joined Pontiac Motor Division in 1938. Assigned to the cost department in 1939, he progressed to assistant supervisor in 1947, supervisor in 1949 and to the position of general supervisor in 1959.

Burt resides with his wife and son at 184 Lochaven Road, Union Lake, where he is active in community affairs.

BURT

Born in Winchester, Ind., Parr attended high school and Ball State University in Muncie, Ind., and joined Pontiac Motor in 1941. He held various positions of responsibility in the billing, cost and general accounting departments and was named general supervisor of billing in 1959. He resides at 2658 St. Joseph St.

PARR

A native of Bay City, Winkley graduated from Pontiac High School and started with Pontiac in the billing department in 1940, becoming supervisor of accounts receivable in 1961. He is married and resides at 141 E. Huron St.

Dr. E. Engstrom, Engineer, Named RCA President

NEW YORK (AP)—Dr. Elmer W. Engstrom, 60-year-old engineer with a strong background in research, today was named president of Radio Corp. of America.

He succeeds John L. Burns who resigned for personal reasons after heading the nation's largest all-electronics company for over six years.

David Sarnoff continues as board chairman and chief executive officer.

Engstrom has been senior executive vice president since 1965 with special responsibility in the fields of research, defense products and space exploration. He joined RCA as an engineer in 1930.

Post Office Branch Is Closed for Move

The Auburn Heights Branch of the Pontiac Post Office was closed today after noon in order to complete its move across the street.

The present branch is at 3310 Auburn Road, where the branch has been since 1945. The new office will be open regular hours Monday at 3329 Auburn Road.

History of Red Party Case

WASHINGTON (UPI)—Here is the chronology of the Communist party case:

September 1950 — Congress passed the Subversive Activities Control Act requiring registration of "Communist-action" organizations.

Nov. 22, 1950 — The Justice Department petitioned the Subversive Activities Control Board to require the Communist party to register.

February 1955 — A three-judge federal court threw out the party's suit to bar further proceedings.

April 23, 1951 — The board began taking testimony that lasted 15 months.

April 20, 1953 — The board ordered the party to register as a Communist-action organization.

Dec. 22, 1954 — The U.S. Court of Appeals here found the law constitutional and upheld the board order.

April 30, 1956 — The Supreme Court sent the case back to the board "to make certain that it bases its findings upon uncontradicted evidence."

Dec. 18, 1956 — The board again ordered registration.

Jan. 9, 1958 — The appeals court sent the case back to the board again so the party could see certain FBI reports.

Feb. 9, 1959 — The board, for the third time, ordered registration of the party.

July 30, 1959 — The appeals court

Notes Concern on Jobless Laws

Abuse of Unemployment Taxes Upsets Business in State, Says Stahlin

CADILLAC (AP)—Michigan businessmen and industrialists are seriously concerned about "abuses of workmen's compensation laws and high unemployment compensation taxes," Sen. John H. Stahlin, R-Belding, said today.

Stahlin heads a team of eight lawmakers who are visiting seven cities in the Northwestern Lower Peninsula to find out what the legislature can do to improve Michigan's economic picture.

"In all five cities that we visited Friday, we found that the business community is most concerned about workmen's compensation and a unemployment compensation laws, where the legislature is concerned," Stahlin said.

Increases in jobs pay taxes on employers which went into effect Friday stirred up new protests against the unemployed, Stahlin said.

"These people don't hesitate to speak out on this issue, and it is a good thing," he said. "They want the legislature to do something to relieve the tax burden that they bear."

The lawmakers, most of them members of the joint Legislative Committee on Economic Growth, visited Belding, Morley, Big Rapids, Reed City and Cadillac Friday and were to tour Traverse and Elk Rapids today.

The committee plans a series of tours to listen to complaints and gather recommendations for legislative action.

Hermit Prepared to Argue Charge of Vagrancy

MINNEAPOLIS (AP)—A hermit summoned from his cave-board and bare-branch hideout to answer a charge of vagrancy came prepared to tussle with the law.

Walter M. Harvey, 52, a bearded recluse, argued his own case in Municipal Court Friday. He explained to Judge Donald E. Barbeau he had been studying the vagrancy laws because he figured he'd be picked up.

Barbeau freed Harvey and complimented him on his presentation, which he said was better than some lawyers argue a case.

Advent Sunday to Be Observed

Holy Communion at Both Worship Hours at Orchard Lake

The sacrament of Holy Communion will be celebrated at the Advent Sunday worship services of the Orchard Lake Community Church, Presbyterian, tomorrow.

Rev. Edward D. Auchard, pastor, will preside at 9 and 11 a.m. on "The Humanity of God." The Chancel Choir will sing "Sing Now With Great Rejoicing" by Bach at both worship services.

Mr. and Mrs. J. O. Stevens, of Grace Purdy will meet at 4 p.m. with the executive committee of Senior High Fellowship in the chapel at 6 p.m.

The concluding session of the series on "Facing the Challenge of Communism" will follow under the leadership of the pastor at 8 p.m.

The Rev. Mr. Auchard will address the monthly meeting of the women's Presbyterian Society of the Detroit area at the First Presbyterian Church in Birmingham on "An Introduction to Romans." The Book of Romans is the basis of Bible study in United Presbyterian Church throughout the United States during 1962.

The Men's Council of the Orchard Lake Church, under the leadership of Walter Johnson, will present Wesley D. Johnson, superintendent of the Oakland County Youth Home, Wednesday at 8 p.m. Wives and friends of the men are invited.

Douglas Smith is planning a meeting for Junior High Fellowship on Korea, where he is stationed while in the armed forces. The young people of the Orchard Lake Church support a Korean orphan, Kim Young Hak, through the Christian Children's Fund.

Trinity Pastor Starts Sermons on Christmas

The beginning of the Christmas season will be observed Sunday at Trinity Methodist Church, Waterford Township with Rev. Ronald Thompson preaching on "The Way to Bethlehem" at 10:30 a.m.

Mrs. William Nerec and Jackson Byers will sing a duet entitled "No Candle Was There and No Fire," and the choir will sing a Christmas hymn.

All services are held in the Schoolcraft School on Macdonald Drive, Sunday school is at 9:30 a.m.

The first family night of the church is scheduled for tomorrow from 6 to 9 p.m. in the Community Activities Center on Williams Lake Road.

A film entitled "Teen-agers Christmas" will be shown. Young people will continue the sale of Christmas cornucopias.

Guest Speaker Sunday

Rev. G. H. Thompson of Salem, Ore., will be guest speaker at 9 a.m. Sunday at the Collier Road Community Church. Rev. Richard said the public is invited.

FEAST OF LIGHTS — Lighting the first candle for the festival of Chanukah or Feast of Lights as she will at sundown today is Carol, 10-year-old daughter of Mr. and Mrs. Barney Yagoda, 6261 St. James Court, West Bloomfield Township. Thirteen-year-old Sheryl will light the second of the eight candles Sunday. The girls are shown with their parents. This Jewish festival is also known as Hanukkah.

Church News

ST. STEPHEN'S EPISCOPAL
Rev. Carl R. Sayers and members of the congregation of St. Stephen's Episcopal Church will be hosts to Rev. and Mrs. Samuel Stout and the congregation of Embury Methodist Church, Birmingham Sunday evening.

The two congregations will gather in St. Stephen's parish house at 7 p.m. for a cooperative dinner for an evening of fellowship including a discussion of the Bible-Pike proposal for church merger.

An explanation of the merger which would unite the Episcopal, Methodist, Presbyterian and United Church of Christ churches will be given. A question and answer period will follow.

PROVIDENCE MISSIONARY
Rev. Claude Goodwin with the choir and congregation of Providence Missionary Baptist Church will be guests of Mt. Zion Baptist Church, Detroit at 3:30 p.m. Sunday. The occasion will be in honor of Rev. R. W. Wright of the host church.

A service of Holy Communion and Baptism will be observed at 7:30 p.m. in the Providence Church with the Rev. Mr. Goodwin in charge.

AUBURN HERBERTS U.P.
"Mary, a Woman of Meditation," will be the theme of Rev. William Palmer's sermon at 11:15 a.m. Sunday at the United Presbyterian Church in Auburn Heights.

Dr. Jerry Lockyer will lead the responsive reading and the Chancel Choir will present "O Master, Let Me Walk With Thee." Helen Norwood will play the piano accompaniment for the hymn, "God Watches Over All the World."

The Post Hill and Youth Fellowship will meet tomorrow at 6:30 p.m.

Jews Observe Chanukah, Feast of Lights Festival

For more than 2,000 years Jews have celebrated Chanukah or Hanukkah as a reminder of the first battle of religious liberty in recorded history.

The story of Hanukkah is being retold in synagogues, religious schools and at family gatherings during this eight-day Festival of Lights.

The winter festival which begins at sundown today is being observed by Congregation B'nai Israel with worship at 9 a.m. Sunday followed by a brunch for the whole congregation. It is sponsored by the Sisterhood at 11 a.m.

There will be an exchange of gifts among the children, a candle lighting ceremony and singing of festival songs.

Services also will be held every morning at 9 through the week. A Chanukah party will be given children of the Hebrew School from 4 to 6 p.m. Thursday. The final service will be at 8:15 p.m. Friday. Spiritual leader is Rabbi Israel Goodman.

TEMPLE BETH JACOB
Children of the religious school at Temple Beth Jacob will participate in the Hanukkah service at 8:30 p.m. Friday.

A Hanukkah Brunch is planned for 11:30 a.m. on Dec. 10 at the temple. The children will present a play, candles will be lit and children will exchange gifts. Rabbi Nathan Hershefeld is the leader.

As recorded in the Books of the Maccabees, the story tells of the gallant fight waged by a handful of Jews against the mightiest army on earth.

For three years, Jewish warriors led by Judah Maccabee, battled the Syrians who had contaminated the Temple in Jerusalem with images and tried to compel the Jews to bow down to them.

RESTORE TEMPLE
Finally victory came to the Jews and their first act was to restore the temple. The word Hanukkah meaning education, refers to that ceremony of reconstruction.

A legend tells of the way that the supply of oil used for the Temple lights lasted for eight days when it was thought it would last but for one.

Owosso College Sends Singers on Concert Tour

The Owosso Chorale, a group of Owosso College students, will present a program of religious music at 7 p.m. Sunday in Pilgrim Holiness Church.

The choir of 40 voices tours cities in the middle west bringing and falling giving sacred concerts. Programs include choral masterpieces, Negro spirituals, hymns, anthems and gospel songs.

The members pledge is to "Christian character through consistent talent." Their belief is found in the motto, "Ours Best Is Worthy of God's Benediction."

The purpose of Owosso College is to make available to young people opportunities for education from the viewpoint of Christian philosophy. It is the senior liberal arts college of the Pilgrim Holiness Churches of America.

Presbyterians Mark Advent

Will Welcome New Members at Second Worship Service

The First Sunday in Advent will be observed at both homes of morning worship with the celebration of Holy Communion at First Presbyterian Church tomorrow.

All persons who have united with the church during October and November will be publicly welcomed at the 11 o'clock hour of worship.

"The Chancel Choir will sing the anthem, 'Salvation is Created' by Tschernofsky, and an octet composed of Diane Beach, Jeanette Chausser, Barbara Harris, Louise Everett, Jack Hillan, Harry Bandy, Royce Everett and Gerry Bax, will present 'Lord, For Thy Tender Mercies Sake' by Farrant.

Mr. and Mrs. William Hilderley and the Richard Wrights will be hosts for the coffee and fellowship hour after the second morning service.

Men of the church will hold a dinner meeting at 6:30 p.m. Wednesday with Bradley Scott in charge of arrangements.

Brigade Boys Service Sunday

LeRoy Koch to Present
Charters to Leaders at
Oakland Ave. U.P.

The Christian Service Brigade Boys of Oakland Avenue United Presbyterian Church will receive recognition at the service Sunday evening.

Committee Chairman LeRoy Koch will present charters to Robert Miller and Ernest Watson, leaders of the group. Membership cards will be given to men of the church supporting the work.

Older boys will receive membership cards from Alfred Berner, Al Jackson and Mr. Watson. Cards also will be given to men of the church supporting the work.

Youth groups will meet at 8:45 p.m. Sunday. "Remember Pearl Harbor" will be the theme of Pioneer Youth Fellowship. The Builders will study and discuss "John and Grow."

The Post Hi young people will continue the study of the Book of Revelations.

Nominating committees for the election of church officers for 1962 will meet Monday evening. Serving for the elders are Charles Eide and Howard W. Johnson. Robert Andrews and Mrs. Ralph Osborne are on the trustee committee, and Circuit Court Judge Frederick Eide, Joyce Sweet and William Coffing on the congregational committee.

FAMILY PRAYS—Kneeling in prayer at the altar of Gloria Dei Lutheran Church, formerly St. John's, is the Harry Santala family of 2271 Montvale Ave. They participated in the 24-hour prayer vigil which began this morning. The period of prayer is one of the many ways in which the congregation has prepared for observing Advent and Loyalty Sunday tomorrow. Shown are (from left) Jeanne, Jim, Kathryn, Mr. and Mrs. Santala, Ed and Ted. Directed by Gordon Storaasli of the Augustana Lutheran Church, 80 visitors will be commissioned Sunday morning to go out calling two by two in the homes of all members tomorrow afternoon.

Advent Hymns Open Services Sunday

The Christian season of Advent is a reminder to us that Christmas is coming. It is a reminder that beyond the rush of shopping, mailing packages and greeting cards there is still another dimension to the preparation for Christmas.

This is opened to us by hearing and singing the great Advent hymns of the church, by hearing again the traditional prayers, and by opening our minds and hearts to hear and receive the judgment and promises told by prophets in the Scripture.

The period of Advent is one of expectancy and also a period of penitence.

An old Christmas custom has been revived the past few years. This is the custom of the Advent Wreath, a simple ritual of Christian symbolism carried out during the four weeks preceding Christmas.

Both Protestants and Catholics observe the custom.

The wreath easily fashioned of a circle of evergreen twined around a wire hoop made from a clotheshanger, represents the cycle of time from Adam until the coming of the Redeemer.

Within the evergreen circle are placed four candles, three purple and one pink. They represent the four weeks of Advent, the time of spiritual preparation before the birth of Christ.

The candles also represent as they are lit, "Christ the Light of the World."

WREATH ON TABLE
The wreath may be placed as a centerpiece at the dinner table and the ritual of prayer and lighting the candles said daily as a grace before dinner, though the ceremony could be used as an evening prayer or a morning one.

Each week a new candle is lit and allowed to burn during the family meal and prayer. The first Sunday the youngest in the family first week. On the second week the

same candle is lit as well as one more, making two burning. Three are burned the third week and four, the fourth week.

COMPLETE COURSE — Werner Bossard of Switzerland (second from right) explains the construction of the scale model of Noah's Tabernacle to Mr. and Mrs. Gene Salokoski, residents of Pontiac (left) who are leaving for El Salvador

to serve under Jehovah's Witnesses. With Tautum Mura of Japan they have just completed an intensive 10-month course of instruction in the Bible and organization management of the witnesses.

On Christmas Day all new candles are placed in the wreath.

Families bow their heads in prayer before lighting the candles.

ASCENSION LUTHERAN
This year as in the past the Lutheran Church of the Ascension will provide means for supplying Advent wreaths to each home of the parish.

Families are working today at the church constructing wreaths for members.

The annual stewardship visitation program will be conducted during the week under the direction of Albert Heil and Leona Crew. Twenty men of the congregation will assist in making personal calls.

The annual Advent meeting of United Lutheran Church Women will be held on Dec. 18 at the church. A Christmas program is planned with members wearing authentic costumes in demonstrating and explaining Christmas customs in Scandinavian countries.

Rev. William La Fountain will preach on "Christmas — Preparation or Perplexity," Sunday morning.

English Baptists Decide on Four Resolutions

LONDON (AP) — The Baptist Union of Great Britain and Ireland, at a recent meeting passed resolutions calling for:

1. "A radical change of policy (by) the Portuguese authorities, to meet its demands of the Africans" in Angola;
2. "Complete renunciation of nuclear tests by all nations and a resumption of disarmament talks";
3. "Continued support of the United Nations";
4. Integration of separate Jamaican congregations in British churches "as in the eyes of all it will appear as if the church is initiating segregation."

Students Request Mission Shift

WHEATON, Ill. — A shift in emphasis for evangelical Protestant missions from rural to urban has been called for in a conference of over 800 students from colleges in seven midwestern states.

The conference was sponsored by Inter-Varsity Christian Fellowship and met at Wheaton College in February. A statement adopted at the meeting which was critical of present Protestant missionary strategy has just been released.

The statement — contained in a number of points called "February Theses" — criticized evangelical Protestants for being guided more often by sentiment than good sense and called for new strategy "with a drastic shift in emphasis from the rural to the urban."

The growth of cities throughout the world is of greatest significance today, the statement said, and added that "these growing cities are in the throes of great intellectual and revolutionary ferment. Christians dare not withdraw from or oppose for opposition's sake these strong tides of change. They must learn to live with revolution."

"Missionary strategy," the theses went on to say, "must take into consideration the cities, the crowds, the universities, the intellectuals, and even the com-

munist. Mission societies must make their best use of missionaries and their gifts in the light of these high priorities."

Among the conclusions contained in the statement were:

"It is far more strategic to reach dialectically-armed 'Aucas' in the reinforced concrete jungles of the cities than the spear-toting 'Aucas' in the backwoods." (The Aucas are a primitive tribe in Ecuador who in 1946 killed five missionaries who tried to evangelize them.)

"It is far more intellectually and spiritually demanding to reach educated classes than primitive peoples. It is easier to evangelize

one's cultural inferior than his cultural equal or superior.

"Despite all the debate and need for greatly increasing the number of lay witnesses overseas, the fact remains that for today and into the foreseeable future full time lay devoted to furthering the missionary purpose of God."

**New Hope Baptist Offers
Special Music, Speaker**
The Charmettes, a musical group directed by Mrs. Bobbie White, will present special music at the 11 a.m. worship hour at New Hope Baptist Church, Holy Communion will be observed at this time.

At 7:30 p.m. Rev. S. M. Edwards, his choir and congregation of Liberty Baptist Church will be in charge of the preaching and music. Dr. Thomas Hilt Jr. is pastor of New Hope Church.

'Bread of Life,' Pastor's Theme

Members to Start Study
of 'The Doctrine of God'
at First Methodist

Holy Communion will be observed at both the 8:30 and 11 a.m. worship hours at First Methodist Church tomorrow. Rev. Paul T. Hart will give the meditation, "Bread of Life" and the Sanctuary Choir will present "Let Us Break Bread Together."

Methodist Youth Fellowship will meet for study and discussion at 8:15 p.m.

The pastor will start the study of "The Doctrine of God" at the Wednesday evening service of prayer. Some of the questions to be answered include "Does God Really Exist," "What Is His Nature" and "What Are His Natural and Moral Attributes?"

Charles B. Irvin of Nashville, Tenn. will be guest speaker at the district rally of Methodist Men to be held at Southwestern High School in Flint Thursday evening.

The Women's Society of Christian Service is sponsoring a Penny Supper from 5 to 7 p.m. Friday. The public is welcome, said the Rev. Mr. Hart.

The Aurora Class will get together in the church parlors at 6:30 p.m. Saturday to pack Christmas candy.

Revival at Friendship

Coming from Humble, Tenn. to conduct a revival at Friendship Missionary Baptist Church, 96 Williams St. are the Miller Brothers. Services will be held Monday through Dec. 15. Rev. Alvin Hawkins is pastor.

The First Christian Church will observe Sunday as Women's Day with the theme, "For the Living of These Days." Delivering the morning message will be Mrs. Paul Colton, president of the Christian Women's Fellowship. Norma MacKellar will be in charge of the service in which a special litany for the occasion will be used.

MRS. PAUL COLTON.

The offering anthem, "Christian Hymns," will be sung by the Women's Choir and Mrs. Jack Clark will present a solo. Serving as organist will be Mona Rieble.

Elders at the Communion table will be Mrs. Joe Morgan, and Mrs. James Boaz. Morning deaconesses include Mrs. Ed Williams, Mrs. Howard Reynolds, Mrs. Levi Gessler, Mrs. Frank Webster, and Mrs. Eugene Thompson.

Mrs. Velva Ball, Mrs. John Graham and Mrs. Raymond Reysse also will serve. Rev. Jack Clark is pastor.

Pastor Somers in Vandercook

Sunday School Leaders Earn Subscriptions to Christian Magazine

Robert L. Gavette, Christian Education director at Marimont Baptist Church, will speak at the morning services tomorrow and the following Sunday in the absence of Rev. Philip W. Somers who is conducting an evangelistic campaign in Vandercook.

Rev. Orval Dunkeld, Christian Education director at First Baptist Church, will preach at the two evening services.

Philip W. Somers Jr. will direct the choir in singing "Hand and Hand with God" tomorrow morning and Bert Bevel will lead the singing Sunday night.

The following teachers of the Sunday School earned subscriptions to Christian Magazine by having the best increase in attendance for November in the month of October: Mrs. Howard Morris, John Clark, Pat Johnson, Ernie Stewart and Mrs. Fred Hassenzahl.

The Ruth Lee Missionary Circle will meet at the church at 10 a.m. Tuesday to hear Ione R. McMillan and to wrap Christmas boxes. A cooperative luncheon is scheduled at noon.

The newly-organized young ladies' service group will meet Tuesday evening at the home of Ardith Watts in Bloomfield Hills.

The Boy's Brigade of Marimont Church will play basketball against the First Baptist team in Lake Orion at the Hawthorne School at 7:30 p.m. Thursday.

To Enter Monastery Founded by Daughter

CANTON, Ohio—A widow who retired recently after 20 years with the city water department will begin training in January to become a nun in the same order as her daughter.

Mrs. Mae Francis, 62, will enter Our Lady of the Angels Monastery, Birmingham, Ala. It was founded by her daughter, Mother Mary Angelica, who has been a nun 17 years.

In Birmingham, Mother Angelica said: "I'm overjoyed at my mother's decision. Now the tables are turned. I will be calling my mother 'Sister' and she will be calling her daughter 'Mother'."

7th Day Adventist Opens Drive

The 58th Annual World Mission Appeal, sponsored by the Pontiac Seventh-day Adventist Church, opens today with house-to-house calls accompanied by Christmas carolers.

Leading the volunteer workers participating in the three-ward drive is Mrs. Hazel W. Perry, church home missions director. The goal here is \$8,700.

Funds will go toward extending welfare, disaster aid, and educational services at home as well as a widespread medical, welfare, and educational ministry in 194 other countries.

The local church operates a Welfare and Health Center at 188 E. Mt. Clemens St. Persons in need of assistance or knowing others needing material aid may call the church.

On a world basis, volunteer Adventist workers in 1960 gave 6,930,464 hours in welfare services to 6,899,332 persons.

More than \$1 million in cash, some 6,536,313 dollars of clothing, and 4,195,104 food baskets were contributed.

Seventh-day Adventist members themselves contributed more than

\$30 million last year toward the support of their world church program, in addition to welfare activities.

One of those calling at your home might be 11-year-old Richard L. Edens of 3865 Pontiac Lake Road, pictured above.

RICHARD EDENS

Need to Train Medical Staffers Great in Africa

OAK PARK, Ill. (CNS) — The need to train medical assistants, laboratory and X-ray technicians, nurses, administrators, and full-fledged doctors is one of the greatest needs in Africa, according to the executive director of the Christian Medical Society which has its headquarters here.

This was pointed out by J. Raymond Knighton upon his recent return from a tenation survey of the continent. Accompanying Mr. Knighton were two doctors — Dr. C. Everett Koop, professor of surgery at the University of Pennsylvania, and Dr. Gustave A. Hagen, a physician and surgeon from Chicago. Included in the survey were the medical establishments of 20 missionary organizations, eight university and government hospitals, and six medical schools.

"Probably the greatest one area of the future medical missionary work is in the field of medical education. If the Church cannot train qualified medical personnel, but also by precept and example show them that the greatest thing they can give their people is the healing of the soul through believing and accepting Jesus Christ as Saviour and Lord, we will have fulfilled our mission."

Mr. Knighton said they were told by the chief medical officer of one of the countries, "We will always need the dedicated, loving, and compassionate care that our people need and receive from the mission hospital."

Singspiration Scheduled for Memorial Baptist

Oakland County Youth for Christ is sponsoring a Singspiration at 9 p.m. Sunday at Memorial Baptist Church, 389 Michigan Ave. Music will be provided by Carolyn Simmons of Pontiac Central High School and Dan Swift of Milford.

Mr. and Mrs. Paul Gehman will sing a duet and a quartet of girls will present a number. Leading the singing will be Terry Walker.

Pastor Lists Services

Pastor Joseph W. Moore will preach on "Man's Efficiency and God's Sanctimony" at 11 a.m. Sunday at Trinity Baptist Church. A service of Holy Baptism and Holy Communion is scheduled for 7 p.m.

Edgar Billups Gives Recital

First in Series of Musical Programs Scheduled at All Saints Church

Sunday evening will mark the beginning of this season's series of special musical programs at All Saints Episcopal Church, Williams and West Pike Streets.

Edgar Billups, organist and choirmaster, at All Saints, will present an organ recital featuring three sonatas for organ and strings by Mozart at 8 p.m.

Solo works to be played by Mr. Billups will be the Great Prelude and Fugue in E minor by Bach, and the Lamentoso and Allegro from Vidor's Sixth Organ Symphony.

Assisting with the Mozart sonatas will be John Cataldo, Violin I; Stella Raicevich, Violin II; and Mario di Fiore, Violoncello.

The next program in the series will be the Bach Christmas Oratorio for choir, soloists, organ and orchestra. This will be presented at 8 p.m. on Jan. 5.

During the Lenten season a third program will feature the Bach Cantata No. 54 for contralto and orchestra. The series will conclude in May with a program for brass, choir and organ. The public is invited, Mr. Billups said.

Every year in Episcopal churches throughout the country men and boys make a special observance of the beginning of the new year, Advent Sunday, in a service of Corporate Communion.

The service will be held at 7 a.m. Sunday at All Saints Church with breakfast following in Stevens Hall.

Boys who have completed the training course will be inducted into the Acolyte Guild at this service.

Order of Nuns Second Largest

Sisters of Mercy Unit Numbers Over 24,000 Throughout World

On December 12, 1831, in Dublin, Ireland, Mother Catherine McAuley, along with two companions, pronounced religious vows in the chapel of the Presentation Nuns, Dublin.

This was born the Order of the Religious Sisters of Mercy, destined in a little more than a century to circle the globe with convents, schools and hospitals in England, Scotland, Newfoundland, Central America, West Indies, South America, Australia, New Zealand and South Africa.

From the original three members, the Order has grown to more than 24,000, making it the second largest order in the world, second only to St. Vincent de Paul's Daughters of Charity, founded nearly 400 years ago.

In this country over 12,000 Sisters of Mercy operate institutions in 29 of the states. Approximately 6,000 have amalgamated and are known as the Sisters of Mercy of the Union in the United States of America.

The Detroit Province is one of the nine divisions of this Union. It was established in 1940, although the first Sisters of Mercy came to this area in 1873.

In the Detroit province, there are 79 institutions operated by the Sisters of Mercy: one college, 23 hospitals, two sanitariums, three nursing homes, 50 grade, junior and high schools. A total of 21,413 students are taught annually. Some 792,676 patients are treated annually in the Provincial hospitals.

Make Unity Candles to Burn at Prayers

ST. JOSEPH, Minn. (UP) — The Sisters of St. Benedict are making beeswax candles for Catholics to burn each Thursday in their homes while joining with Pope John XXIII in prayers for Christian unity.

Thursday was chosen because it was on this day that Jesus instituted the Holy Eucharist and offered prayers for unity.

Church unity candles were originated at the Benedictine abbey of Niederaltaich, Germany, the scene of many early discussions between Catholics and Protestants.

Accent Is on Youth

Concerts to Herald Yule

Of special interest on the community cultural calendar are several vocal and instrumental Christmas concerts planned by young people and their instructors at Pontiac secondary schools.

At 7:30 p.m. Wednesday the Northern Area Instrumental Concert with bands from Lincoln, Madison Junior High and Pontiac Northern High school will be presented along with the orchestras from Madison and Northern. Conductors for the performance in Northern High's auditorium will be Roger Welton, Lincoln; William Brown, Madison; Eldon Rosegar, Northern; and Burton Apple, the two orchestras.

The Central Area Band Concert is slated for 8 p.m. Thursday in Pontiac Central High's gymnasium with the following groups and directors: Jefferson Junior High, Robert Wolters; Washington Junior, Gerald Irish; and Pontiac Central High, Richard Morse.

Washington Junior High's gymnasium will be the scene of the Dec. 13 City Wide Advanced Youth Orchestra and All City Junior High Orchestra concert at 8 p.m. Conducting will be Robert Peterson and Mr. Apple and George Eckroth, respectively.

'AMAH and NIGHT VISITORS'

The vocal music department at Pontiac Northern High School is in the midst of final rehearsals for "Amahl and the Night Visitors." Four performances are scheduled. Matinees will be at 8, Dec. 14 and 16, all in Northern's auditorium.

Concluding the series of musical events will be the Annual Community Christmas Concert at 3 p.m., Dec. 17, in Pontiac Central's gymnasium. Directors and their groups appearing will be Melvin Larimer, Northern High; Jerry Libby and A. Michael Dempsey, Central High; George Scott, Pontiac Women's Chorus; and Mr. Larimer, MacDowell Male Chorus.

No admission charge is planned for the three instrumental concerts. A free will offering will be taken for student scholarships at summer music camps. The Annual Community Christmas Concert also will be open to the public free of charge.

LEWIS G. WATERFIELD
Lewis G. Waterfield of Pontiac received a bachelor of science degree in accounting from Ferris Institute. His fraternity is Sigma Alpha Delta. He is the grandson of the Glenn Waterfields of Michigan Avenue and the son-in-law of Mrs. George Dittler of Dwight Avenue. He will reside in Flint.

The News of Social Happenings

By RUTH SAUNDERS

BIRMINGHAM — At a recent dinner at the Detroit Athletic Club Mr. and Mrs. Herman G. Klemm of Bristol Lane announced the engagement of their daughter Barbara Ellen to Morgan Richard Davis of Huntington Woods. He is the son of Mrs. Ray E. Davis and the late Mr. Davis.

Mr. and Mrs. Richard Andress have come from their home in Fort Huron to spend this weekend with Mr. Andress's brother and sister-in-law the Wayne A. Andress of Half Moon drive, who will entertain at dinner for their guests this evening.

Guests at dinner will include Dr. and Mrs. John L. Wiant, Mr. and Mrs. William Cutting and Mr. and Mrs. Richard Devereux.

Mr. and Mrs. Robert W. Budd have returned to their home in Charlottesville, Va., after a visit with their son-in-law and daughter Mr. and Mrs. William B. Saunders and their children. The Budds formerly lived in Bloomfield Hills.

Hostesses at separate luncheons, Dec. 5 are all working for the same goal, namely, to benefit Bloomfield Country Day School on East Square Lake road.

Scores of the different games played will be pooled and tallied together.

Luncheon hostesses include Mrs. Earl S. McPherson (chairman), Mrs. Rose Jenkins (co-chairman), Mrs. John E. Bloquist, Mrs. James H. McPhail, Mrs. A. James Stirling and several others.

Dinner hosts for the same benefit will be Robert G. Wild and the Donald A. Nicholles.

Travelers planning to be back in time for Christmas include Mr. and Mrs. Wallace Dodds and Mrs. H. Meyer. Mr. and Mrs. William L. Mahon are exceptions. They will stay in Arizona until spring.

Gowned in Satin
Pearl-frosted Alencon lace accented Sharon Ann Noble's princess-line gown of white satin, styled with Empire bodice, when she became Mrs. Valmor R. LeClair this morning for Our Lady of the Lakes Church. Silk lining veiling fell from a seed pearl crown, and she held white roses centered with an orchid.

A breakfast in Alway Lounge on Highland Road followed the ceremony performed by Rev. John L. Phelan. Parents of the newbrides were the John Nobles of Forest Avenue, Waterford Township, and the Valmor LeClairs of Flint, formerly of Waterford.

White fur hats and muffs topped with holly complemented green nylon and velvet dresses for bridesmaids Janet LeClair, Sandra Smith and A. Michael Hallenbeck. Honorary matron Mrs. Frederick Gibb Jr. of Clarkston carried white carnations and red roses.

CARRIED RINGS
Cynthia Ann Noble was flower girl, and John P. Donelson of Ulia carried the rings. Frederick Gibb was best man. Seating guests were Donald Myers, William and John J. Noble, brothers of the bride, Kenneth N. Donelson of Ulia, and David H. Gustafson.

After an evening reception in the Knights of Pythias Hall, the newbrides will leave for northern Michigan, returning to a home in Clarkston.

Pink roses and white carnations complemented Mrs. Noble's beige lace sheath over buttercotch taffeta. Mrs. LeClair chose a caramel silk sheath with bodice of Chantilly lace and corsage of yellow roses and white carnations.

Chicago Police Reject Compacts

6-Month Test Shows Small Cars Don't Give Image of Authority

CHICAGO (UPI) — The Chicago Police Department tested compact cars for six months and found them unsuitable for most of its work, in part because the smaller automobiles gave the impression of authority.

George Rupprecht, director of automotive maintenance for the force, said, "The smaller vehicles tend to detract from the image of the police officer as a figure of strength and authority."

Although operational costs were less than for standard models, Rupprecht said policemen noted the following disadvantages in the compacts:

—They were "too bouncy," failed to hold the road properly at high speeds and tended to slip on curves at high speeds.

—They had limited visibility and were difficult to see in traffic because of their size, resulting in several accidents.

—They occasionally caused "excessive fatigue" for the driver, as well as backaches and cramped muscles.

—Low roofs made it difficult to wear hats, as required by police regulations.

—Taller members of the force had to slump or crouch in the seats.

Rupprecht said no more compacts will be purchased. There are 125 of them service in the department's fleet of 1,300 cars.

Kennedy's Plan Holiday Season in Palm Beach

WASHINGTON (AP) — President and Mrs. Kennedy will spend Christmas and New Year's holidays in Palm Beach, Fla., using the spacious ocean front home of family friends.

Except for the holidays themselves, the time the President will spend at Palm Beach is uncertain now, White House Press Secretary Pierre Salinger said.

Kennedy has under consideration a visit this month to Venezuela and Colombia and Mrs. Kennedy is to go along if the trip is made.

Salinger said the first lady will go to Palm Beach about Dec. 15 to stay through the entire holiday period unless there is a Latin American trip.

Power Fight in Dominican Crisis

By BEN F. MEYER

WASHINGTON (AP) — An assortment of political groups that suddenly exploded into activity in a country that has never known democracy may be a major factor in the Dominican Republic's political crisis.

U.S. officials, greatly disturbed by the violent struggle for power in the island, emphasize they have not lost hope that responsible political leaders and the Dominican government may yet find a peaceful solution.

The struggle began when Generalissimo Rafael Trujillo, the country's dictator for more than 30 years, was assassinated May 30.

It reached its peak late last month after Trujillo's two brothers, his son Rafael Jr. and other members of the family fled the country.

A nation long under tyranny took to the streets demanding a new era.

The Trujillos left behind as president, Joaquín Balaguer, who had been handpicked by the old dictator himself. After the tough generalissimo was shot down, the Trujillo family's power began disintegrating, until finally all of them were out of the country.

This left Balaguer without major political power, but with an uncertain amount of support from the military.

The overwhelming political strength in the nation is held by the National Civic Union, a self-styled nonpartisan organization. It calls itself a civic group and has a broad base of support from workers, businessmen, professional and industrial people.

It appears to represent about 65 or 70 per cent of opposition strength.

The 14th of June party has two major wings. One is considered just left of center with the other wing far to the left. Its strength has been estimated at about 20 per cent of the opposition forces.

The Dominican Revolutionary party, largely led by long-time exiles, is considered moderate if liberal, and less potent than the 14th of June group. Juan Bosch, its leader, is regarded as a

'Other Congo' Marks Its 3rd Anniversary

BRAZZAVILLE, Republic of the Congo (AP) — The "Other Congo" celebrated its third anniversary of independence with riotous fun-making this week. It was in sharp contrast to the misery and frustration that plague the country on the opposite side of the Congo River.

That country, formerly under Belgian rule, is known generally as "the Congo." This nation, once the heart of French Equatorial Africa, is formally known as the Republic of the Congo.

The residents of this country, in general poorer and more humble than those of the former Belgian Congo, are looking back on three years of relative stability.

AT&T Head Sees '62 Critical for Satellite System

SAN FRANCISCO (AP) — Next year will be critical in development of communications satellites, the head of the American Telephone & Telegraph Co. said Friday.

Frederick B. Kappeler, board chairman of AT&T, told a commonwealth club luncheon such satellites which commercial companies have been working on for years, will be ready for testing in 1962.

"The country is also approaching the critical stage in determining how a commercially-operable satellite system can best be organized and conducted," Kappeler said.

He endorsed proposals for a non-profit corporation to act for United States communications companies in the development, management and promotion of satellites off which signals would be transmitted for world wide communication.

'Cheez, Lady, You SAID to Pack Everything; So—'

MINNEAPOLIS, Minn. (AP) — "Pack everything" was the instruction given by a family that moved from here recently.

At their new destination the family found the van company had included a banana left on the kitchen sink, a pair full of garbage, and a dead cat.

moderating influence in the current crisis.

The Dominican Popular Movement is led by Communist Maximo Lopez Molina, a long-time friend of Fidel Castro. He and his openly pro-Castro and pro-Communist group were put into business by the old dictator apparently in hopes of establishing a bargaining weapon to deal with the United States and to foster noninterference in Dominican affairs. Castro. The movement is regarded as having little political power but is intensely active.

At this stage, Dr. Viriato A.

Fiallo, 65, leader of the National Civic Union appears the leading figure in the country.

A long-time university professor, he is considered by many young members and in the midst to be a sound thinker with modern ideas. Some Dominicans say he may have missed a golden opportunity when he rejected Presidential Balaguer's early formula for solving the political crisis—elections in January.

Fiallo's Civic Union, with many young members and in the midst to be a sound thinker with modern ideas. Some Dominicans say he may have missed a golden opportunity when he rejected Presidential Balaguer's early formula for solving the political crisis—elections in January.

Your Neighbor's House

See Old Charm in Kreeger Home

By JANET ODELL
Pontiac Press Home Editor

There's a split rail fence around the yard where magnificent trees shade the low red brick house. At the rear of the 15000-foot lot is a canal, one of the many in Shorewood Hills.

This is the homestead of the Elmer Kreegers who built in this area about 2 years ago. They are former residents of Livonia.

Until she moved, 16-year-old Karen had her own horse and won many ribbons and trophies at horse shows. These have a place of honor in the lower level family room, but Karen feels the horse wall decoration in her bedroom hardly takes the place of her live friend.

Eleven-year-old Kristan is a houncy young lady, just full of life. A pair of cockers — mother and son — help her work off her energy. There's also a black cat and a canary that should be called "Johnny-One-Note" sharing the home.

Kreeger, an artist, designed his home. Fred Korzon the subdivision builder, put it up, although Kreeger has done some of the interior finishing work himself.

One side of the entrance hall is open to the dining room three steps below. There's a railing along this open side. A long deck of pine and maple was a Christmas present from him to her. The light fixture near the front door is amber.

Rugs are all heavy rug ones in a mixture of brown and green. The floors are pegged ranch oak.

One wall of the dining room is knotty pine. Ceiling beams are the same wood. The wall around the windows has documentary paper on it in shades of brown, beige and green. Gold cafe curtains hang on brass rods.

Above the antique gateleg table hangs an old gas light fixture, now electrified. The shade is amber glass. Along one wall is an enormous pine hutch cabinet. Near the windows is a dry sink.

DREAM KITCHEN

Mrs. Kreeger's kitchen is a model of efficiency and, according to her, a dream to keep clean. The floor here and in the adjoining breakfast room is common brick which needs only vacuuming to keep it looking right. Range and oven are built into the brick wall at the right as you enter. Small cupboards are set in around the range opening.

Counter tops and splash backs in the work area are maple. Cupboards are pine. On the upper part of the walls and in the breakfast room there is blue and beige wallpaper. All accessories are antiques. Refrigerator and freezer are built in.

The beamed ceiling continues through this part of the house. A tongue and groove pine door with antique hardware closes off the garage. Other doors to the utility room and the dining room are half length swinging louvered doors.

A pine trestle table and matching benches are placed under the front windows. Cafe curtains match the wallpaper.

The living room is three steps lower than the dining room. Two walls have the same paper on them as is in the dining room. The third wall is painted a buff shade to match the background of the wallpaper. The fireplace takes up the fourth wall where a heavy beam runs across the top.

The fireplace is made of fieldstone. This stone ends in a diagonal line above the pine mantel. The rest of the space is paneled in pine and has one shelf mount-

ed above the mantel. The hearth is brick.

A deep window seat invites occupants of the house to pause and admire the outside view. Gold draperies frame the glass. There is a smaller window on the north side of the room, behind the piano.

Furniture is informal and comfortable. Chairs include a red leather one with matching footstool; a gold wing chair and a couple of Victorian chairs. The sofa on the wall opposite the windows has a brown tweed covering.

Tables and lamps had such interesting origins. Being antique hunters, the Kreegers pick up items and refinish them themselves. The coffee table was a cobbler's bench. A harness maker's bench became a lamp with its own table.

SPIRAL

The stairway to the lower level is a spiral one. On one side is the fieldstone of the fireplace; a pine railing is on the other side.

The floor down here, like in the kitchen, is red brick. In front of the brick fireplace is an unusually wide hearth about half a foot higher than the floor. A wide oak sill edges it. Barn beams were used to frame the fireplace area and make a wall on the other side.

Red cafe curtains hang at the windows that look out onto a covered path. The door is near the fireplace.

TV, hi-fi and an old player piano provide music in a number of ways. Bookcases are built into one wall with an old settle next

to them. Karen's ribbons and trophies are in this area.

More of the old wood from the barn is used to frame the wide doorway to the bar, four steps below the family room. One wall in the bar is made of the same weathered, silvery gray wood. The other walls are brick.

The bar itself is made of two thick pieces of oak. A steel beam at one end is hidden inside an oak pillar.

On the back-shelf there are two wine kegs. In front of the bar is a small round ice cream table with an oak top. Two chairs and a stool have oak seats.

Sliding doors close off the bedroom area from the living rooms. All the bedroom doors are solid tongue and groove, painted white with black latches.

In the bathroom there's a marble topped vanity. The medicine chest has a louvered door. Next to it is a mirror in an antique gilt frame. Tile is deep sandal-wood with fixtures a paler shade of the same color. The tiny ruffle above the window shutters matches the blue, cream and beige wallpaper.

BEDROOM BAY

The master bedroom at the front of the house has three windows set in a bay. These have shutters on the lower half with short white cafe curtains above.

The floor is made of random width oak boards. On it is a blue braided rug. The north wall has built-in storage and closets, all painted cream. The beamed ceiling is painted

white. Walls are papered in deep blue with a minute white design.

The maple bed has a string-tied canopy. A handmade quilt serves as a spread over the white dust ruffle. The rest of the furniture is pine and maple. One of the chests of drawers came from Amish country.

Karen's room has one brick wall. The other three are papered in beige with a tiny red and green geometric design. Her Elmer Allan furniture is arranged along one wall with a desk at the end. The desk chair is a Hitchcock.

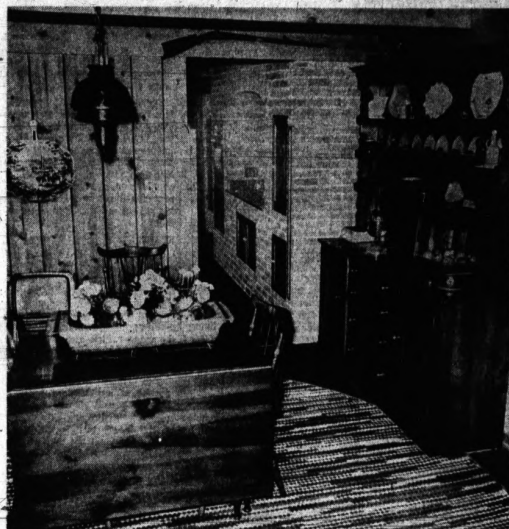

Tailored green cord spreads on the twin beds match the cafe curtains which have white hall fringe trim. Above the bed a black metal horse gallops across the brick wall.

In Kristan's room the paper is pale gold. Draperies are flowered. A chest and closet are built into one wall.

Her bed is a low poster pine one. Another interesting pine piece is an old farmer's workbench. The front folds down like a slant-top desk. That's exactly what Kristan uses it for.

Inside are drawers and an opening in the center section where once flour was stored. Above is a screened cupboard. Here, once upon a time, pies were kept after baking.

The exterior of the house is reused brick and white board and batten. The mortar between the bricks has not been wiped completely off; this gives a rough appearance to the exterior. Trim on the house is white.

PINE ROOM—In the dining room three walls are paneled in pine and a huge pine hutch cabinet occupies most of one wall. The rug rug is brown and green. The handsome gate-leg table is an antique, as is the dough trough on it. The light fixture, once used with gas, has an amber shade.

Background for LIVING

SHADES OF THE PAST—The Kreegers' love of things antique shows up in this picture of their living room. The coffee table was a cobbler's bench. All the accessories have been carefully collected. Notice the different use of stones and paneling on the chimney wall. (Yes, it is finished.) Furniture is informal and comfortable.

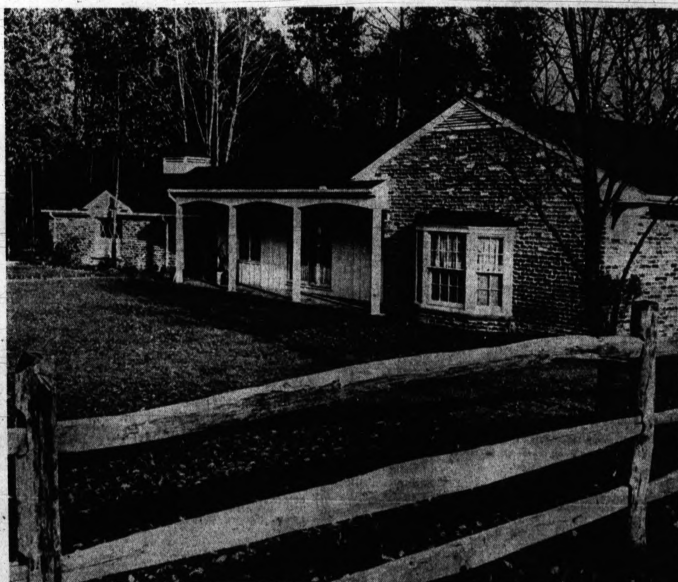

WHAT'S NEW—Mrs. Kreeger looks for a recipe for The Press Home Editor. Her range and oven are built into this brick wall. Light comes from an antique lamp. The floor in the kitchen and breakfast room is common brick. Ceilings are beamed.

CRISP LOOKING—Blue and white wallpaper and white curtains give this room a clean, crisp look. The floor is made of random width oak boards. The beamed ceiling is white. That unusual tester is hand knotted string, made some where in the South. The spread is also hand-made.

FRIENDS—Karen and Kristan pose with their pet cockers down in the family room. The fireplace here is of reused brick with heavy beams from an old barn above and around it. The end section is paneled in pine. At the left is an open place to store wood. The hearth and floor are common brick. Accessories are all antiques the Kreegers have picked up at sales and in shops. The stairway in the living room is visible at the left.

RUSTIC APPEARANCE—The Elmer Kreeger home in Shorewood Hills has a rustic appearance. The rough finish of the exterior brick and the rail fence around the property contribute to this look. Kreeger designed the house and had Fred Korzon Builder, Inc. do the construction work. White trim and a white board and batten porch accent the brick. The Kreegers moved here from Livonia about two years ago.

Ranch Has Efficiency Plus Rustic Warmth

BY JULES LOH

Rustic warmth, emphasized by a contemporary version of the old-fashioned front porch, characterizes this up-to-date three-bedroom ranch.

Its suburban charm doesn't end at the threshold, either. The interior design, practical and convenient in every way, features a sunken living room which extends beyond the rear walls of the house and has windows on three sides. It also has a homey, floor-to-ceiling stone fireplace separating it from the entrance foyer.

B-95 STATISTICS

A three-bedroom ranch with living room, combination kitchen-dining room, family room, entry foyer, one full bath, a lavatory, washroom, one-car garage and partial cellar.

Overall dimensions are 35' deep and 62'3" wide, containing 1,315 square feet of living area not counting 281 square foot garage, 124 square foot front porch, 98 square foot basement. Basic house contains 14,988 cubic feet.

also has a homey, floor-to-ceiling stone fireplace separating it from the entrance foyer.

Designer of House of the Week B-95 is architect Samuel Paul. The house contains a modest 1,315 square feet of living area in overall dimensions of 35' deep and 62'3" wide. Paul suggests a 75' by 100' lot to take full advantage of the exterior features.

Its floor plan is a well ordered

The living room fireplace, as desirable as it is for its homey effect, is offered as an optional feature by architect Paul who realizes a person's desires don't always conform to the family housing budget.

Should you decide in favor of the budget, an ornamental rail would be substituted as a divider in the foyer, producing a balcony two steps above the sunken living room. If the fireplace is constructed, however, the boiler flue would be placed within the chimney and thus the vanity in the wash room would be lengthened considerably.

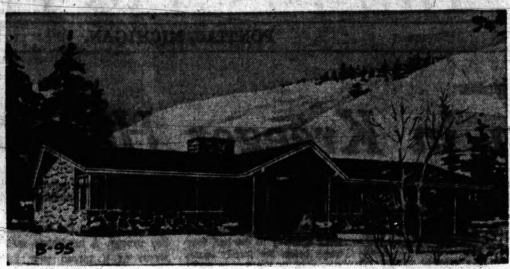

The wash room, incidentally, deserves further attention. For reasons of plumbing economy, it couldn't be placed in a better place. Far from being a duplication of the adjoining bathroom facilities, this innovation eases the morning rush those of us who have lived in one-bathroom houses are familiar with, and in addition provides a handy and attractive powder room for guests.

The kitchen-dining area of this house is ideally laid out. The step-saving U-shaped kitchen (with sink overlooking the terrace for excellent supervision) is separated from the dining area by hanging cabinets. Sliding glass doors lead to the large, flagstone rear terrace.

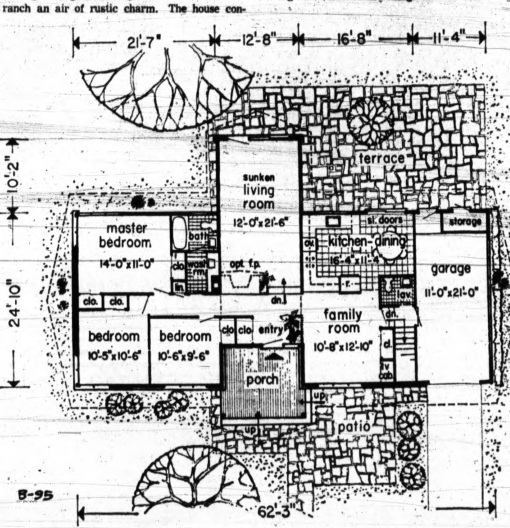

The terrace also is accessible from the living room and the garage, making it an excellent relaxing area you'll appreciate more in the warmer weather.

The front porch—a rarity nowadays—can be appreciated to all kinds of weather. It provides the best of all covered entrances in rain or snow, and in warm weather is good for just sitting-like grandpa used to do. If nothing else, though, in combination with the front patio the porch serves as a pleasing and gracious entrance.

BOOK NOOK—Charming library can be created from drab corner with addition of rich western red cedar wall paneling and book shelves. Shelving is hung on wall brackets. Irregular spacing and varying length of shelves creates pleasant note of surprise.

PLEASENTELY RUSTIC—A contemporary version of the old-fashioned front porch, plus an intersecting roof, gives this up-to-date three bedroom ranch an air of rustic charm. The house contains 1,315 square feet in dimensions of 62'3" wide by 35' deep. Interior features a sunken living room, cathedral ceiling.

FLOOR PLAN—Shape of this house is unusual, but consists of simple rectangular forms which permit framing system. Stone fireplace in living room is optional feature. If built, boiler flue would be inside chimney, and vanity in wash room lengthened. Note efficient plan of kitchen.

AP Newsfeatures

Time was when only beat-up floors were painted. But now it is fashionable to paint floors for contrast or to give a lift to a tired, dull room. One is likely to see the best of floors wearing a coat of paint in the newest, gayest decorator colors.

Old floors may require preparation before they are painted. Cracks should be filled in. Caulking compounds are available for that purpose and their oil ingredients permit the part that is exposed to slip to harden as it protects and keeps elastic the compound not on the surface.

You can't sand over these floor fillings so it is best to sand in advance of the floor treatment.

Many people prefer a professional sander. The job is dirty, tiresome, noisy and unpleasant and amateurs are likely to give up in despair or do a slipshod job. Sanding machines may be rented at hardware, lumber and general stores and the rental agent will give instructions on the operation of the machine and use of sandpaper.

You may prefer to paint your floors without any sanding. It has been done successfully and works out best when a darker color is used over existing paint or when floors have not been previously painted.

But paint experts advise that it is always better to prepare a surface that is to be painted, for more satisfactory paint adhesion.

Floors should be painted when

the room is relatively cool and dry.

You can mix your own paint colors or have them mixed. If you want a color that is not available in the paint store, tubes of oil color may be added to white in varying amounts and combinations until you evolve the desired color.

Blue floors and green floors were highlighted at a recent decorating show and were a definite asset to the Early American furnishings in the rooms.

Many homeowners combine painted furniture with painted floors in a contrasting color. Painted furniture can be a great asset to a room that must be furnished on a small budget.

A dining alcove is an ideal place to start your paint decorating experiment. Mustard-color chairs and table on a floor that has a pickled finish or robin's egg blue furniture on a blue-green floor are two pretty combinations.

Painted floors go well with modern, too. One neophyte painter picked a floor with water-base paint, starting with a small amount of white paint to which he'd added a considerable amount of water. He painted over dark floors in a room decorated with sculpture and abstract paintings. The mottled, streaked look he achieved was exactly the floor he wanted.

Hardboard Can Replace Table Glass

If the glass on a coffee table breaks, replace it with a hardboard panel which may be decorated attractively. Here are some ideas on the decor:

Have an artist friend paint a familiar scene—perhaps of a home, garden or picnic picnic spot. Masonite tempered hardboard is widely used by artists for a more durable than canvas. The artist may spray a plastic coating over his masterpiece to protect it from adding saucers.

Mount a photo blowup of a favorite subject. Protect the surface as the artist would his painting.

Cover the surface with a wall-paper of unusual pattern.

Glue to the Masonite a fabric of color that blends with colors of the wall.

FOR ALL WEATHER—Barbecuing weather is all too short even in the most temperate parts of our country, but this cleverly designed, semi-enclosed roofed patio will add many weeks of outdoor living time each year. Light Douglas fir framing lumber and common boards form the roof with a simply woven half wall of one inch western red cedar boards.

Points May Be Charged on Some FHA Mortgages

WASHINGTON (UPI)—The controversial question of discounts on home loans percolated up to the press conference level recently.

A reporter asked President Kennedy "Can something be done to require mortgage bankers to quit enriching themselves" by charging discounts on home loans insured by the Federal Housing Administration (FHA).

The President said he would look into the matter. Later the White House released a letter from FHA Commissioner Neal J. Hardy to Sarah McClendon, the reporter who had asked the question. It turned out that Mrs. McClendon had complained a few days earlier to Housing Administrator Robert C. Weaver after she had paid \$235 in "points" in selling her house. Hardy's letter, in answer for Weaver, was being prepared even before Mrs. McClendon raised the issue at the press conference.

In releasing the letter, White House Press Secretary Pierre Salinger suggested that Mrs. McClendon's problem was personal, not general. She denied this, asserting that many home buyers and sellers throughout the country were confused and victimized by discounts.

Hardy said in his letter that lenders sometimes "May demand earnings in excess of \$10,000 which are in excess of FHA permitted maximum interest rates."

The lender does this by advancing to the borrower less than the face amount of the loan.

For example, a lender who charges two "points" on a \$10,000 loan actually lends the borrower only \$9,800. The interest, however, is computed on \$10,000 and it is \$10,000 that must be repaid over the life of the loan.

Lenders most commonly charge discounts or "points" when the going interest rate on conventional loans is higher than the maximum FHA rate—now 5 1/2 per cent for single-family houses. Discounting also occurs on loans guaranteed by the Veterans Administration, which also may bear an interest rate of no more than 5 1/2 per cent.

Does This Picture Resemble You?

East is east and west is west but all over the East, West, South and North during the next few months, Mr. Home Builder will meet Mr. Home Buyer. What are they like?

She Anascondo Company, which supplies them with copper tube for water supply and drainage systems, has compiled the following profiles.

"The typical builder? According to recent studies, he's 41 years old, has been in business 11 years and builds about 20 houses a year. His chief worry is finding good land to build on and he is also concerned about such things as community facilities, antiquated building codes and, of course, Mr. Home Buyer."

"The typical new home customer? He's in his mid-thirties, somewhat younger than the typical builder. His wife is still on the morning side of thirty. They have two or three children. He is looking for a six-room house that sells for \$15,000. He earns around \$135 a week and thinks there's nothing like owning your own home."

Do You Know Type of Heat?

Do you know what type of heating system you have in your home? The odds are 3 to 1 that you don't.

According to a study conducted by the National Better Heating-Cooling Council, 3 out of 4 homeowners say they have a "gas" or "oil" heating system, confusing the fuel with the type of system.

This is a common error, says the Council.

The difference between heating systems is determined by the type of heating plant and water as the medium. Water "carries" heat from the boiler, through a system of finger-size piping, to the room heating units, usually baseboard units or convectors.

A hydronic system can use any type of fuel — gas, oil or coal.

The nation's maintenance and repair bill for buildings of all kinds has grown to around \$20 billion a year.

Combat Winter's Attack

Be Prepared to Face Bad Winter Storm

No matter how winter-tight your home may be, a sudden storm and strong winds may present fresh hazards with little to cope.

How well you meet them depends on how well prepared you are.

The time to lay in a supply of rock salt is before you need it. Use salt or some other chemical deicer to rid walks and concrete steps of treacherous ice. You can go yourself a trip to the hospital — or to court, if someone else falls.

If the power has failed, use hot water and towels to thaw a frozen pipe. A blow torch will do the job but must be used cautiously — hold it at a distance and keep it moving back and forth.

Turn off the water supply. Open the faucet and start thawing from the faucet end.

Keep water lines that run outside or through unheated parts of the building turned off and drained.

Power failures are more likely when wires get heavy with ice. Make certain that flashlights have fresh batteries. Have a supply of candles and matches on hand. If electricity is your source of heat for cooking, a camp stove — or at least one of the canned heat stoves — could be a wise investment.

If the power line is down near your house, steer clear of it. Call the power company and let them take care of it. Post a sign to keep others away.

AVOID BURNOUTS

Domestic appliances such as refrigerator and freezer that run continuously until you are certain power is back on and back at full voltage. If it goes back on at a partial voltage, motors can burn out trying to make up for the difference. Keep refrigerator and freezer doors closed. Stored up, cold air will continue to protect foods for about 24 hours.

Heavy winds can lift and tear away roof shingles. If you discover a leak, prepare to make

temporary repairs from the inside, if space under roof is unobstructed.

For this, you should have on hand some asphalt cement and some scraps of tar paper or sheets of plastic material. A stapling gun will make the work go faster.

Spread the cement over the leak on the underside of the roof. Cover with tar paper or plastic. Before covering run a wire or nail through the roof so that later you can find the leak and make permanent repairs outside.

When the weather subsides, you might be able to spread cement over the leak from the outside and nail down the shingles. Later, when warm weather returns, repair or replace the damaged shingles.

A window that breaks suddenly in the midst of a storm needs immediate blocking. Repairs of a permanent nature can follow later. A plastic sheet can be taped or stapled or both over the opening until the storm is over.

Snow and ice can burden gutters to the breaking point. Electric heating cable placed in the gutters ahead of time can prevent this. This same cable can be wrapped around a frozen pipe for a safe, slow job of thawing.

Handyman Lags Behind Professional

The intrepid do-it-yourself homeowner has been the subject of much controversy in the building industry for many years, with estimates as to his numbers and market impact extending over a bewildering range.

But a new study by the Census Bureau has cleared away the confusion, at least for the year 1960. Laid end to end, the U.S. do-it-yourself home owners in 1960 reached a monetary distance of nearly \$3 billion. About half that amount was spent for additions and alterations and the rest for maintenance, repairs and replacements.

Compared to that, around \$6.5 billion was spent in 1960 by owners of one-to-four-family units for the same types of work placed with contractors, such as ceramic tile contractors for permanent improvements to kitchens, baths, entrances and other areas of the home.

Census reported that the entire amount spent for home repair and improvement in 1960 came to \$13.1 billion. Added to the \$6.5 billion previously mentioned there were additional billions spent by non-resident owners.

The do-it-yourselfer, therefore, accounts for around 23 per cent of the total "fixup" market. Of the money he spent in 1960, 43 per cent went for painting and exterior work like walkways, swimming pools, patios, fences and barbecues.

Southern Pine Paneling Adds Beauty With Age

The great reception halls and parlors of some of the nation's oldest mansions are distinguished by the golden beauty of Southern Pine paneling — still in excellent condition after 200 or more years of service.

A hard wearing surface, highly resistant to bleach and mar, is one of the chief "beauty secrets" of the species. In modern homes, the performance and appearance of Southern Pine paneling have been further enhanced by industry-wide seasoning techniques and finishing devices, such as penetrating sealers.

Buyers Are Sure of Higher Rates

Home buyers will face substantially higher interest rates for homes bought in the next 18 months, *Manufactured Homes Magazine* warns in a by-lined article by Sidney Kay, Executive Vice President of the Advance Mortgage Corporation.

"Mortgage rates have already started to rise," the article reports. "Over the next 18 months this rise will amount to at least one-half per cent in interest rate, the equivalent of four points discount. Some time during this period we expect that FHA will move its rate up again, either one-quarter or one-half per cent, in response to the market forces."

"The combination of higher house prices, lower down payments and longer terms, which are features of today's market, is putting a strain on the mortgage money at a time when general business conditions are improving. The result is bound to be a tightening in the market," he stated.

Manufactured Homes Magazine is distributed to leading builders, home manufacturers and suppliers throughout the country. It is the only publication devoted exclusively to reporting news of the home manufacturing industry.

Once 'Dead' Industry Becomes a Giant

By the beginning of the 20th century, lumber manufacture in the South had been continuous for 300 years, and some leading economists decided it had run its course. What they feared was a timber famine, and they predicted that the forests and the industry would be extinct by 1930 "at the very latest."

However, at the same moment this "death sentence" was passed, the "condemned" gave birth to forest management. And, today, the old gloomy forecasts have been completely reversed.

According to the U.S. Forest Service reports, the present growth of Southern Pine sawtimber so dominates the national picture that it exceeds the growth of all other structural species combined. Furthermore, the Forest Service predicts the eventual concentration of the nation's entire lumber production in the South.

Cleaning and Painting Gutters Is Fall Chore

House gutters, whether of metal or wood, will last longer if given an asphalt-asbestos protective coating on the inside and a coat of paint on the outside.

The gutters should be checked at least once a year to determine whether the pitch is correct for proper drainage, whether the fastenings are secure and to clear out all leaves, snot and other debris. If a downspout is clogged, it can be cleared with a weight attached to a rope or piece of wire.

HOMES FOR AMERICANS

SINGLE LEVEL. — This seven room ranch-type home is ideal for people who dislike climbing stairs. All its rooms are on one level. Chief features are cross-ventilation through living and dining rooms and an L-shaped work counter in the kitchen. The architect is Jan Reiner, P. O. Box 96, New Port Richey, Fla. and the plan is HA161R.

Women Pay Price With Aching Legs

Are we raising a race of spavined females? One west coast lumberman charges that the use of concrete floor slabs is injuring the health of housewives.

"The lot of women," said Arthur W. Pritault, Portland lumber economist, "limping into doctor's offices today complaining of leg and back troubles, is a public disgrace. It stems from the fad of building houses on concrete slabs."

"Any builder or designer should know," Pritault pointed out, "that the hardest thing to stand or walk on is rock or concrete, yet, these same gentle creatures crawl women to live on concrete floors."

Any foot doctor will tell you, the Portland lumberman commented, that wood makes the best possible floor, because it has a certain give and resilience which is easy on the feet. You don't find foot trouble, he said, when women have wood joint floors in their homes.

A concrete slab, he said, may or may not be cheaper than wood, but it is far less comfortable. A good

framework of Douglas fir joists makes the ideal base for any floor and it makes lots more sense than a concrete slab.

Avon Triumphs, 43-39; Late Basket Saves Barons

Orion Scares Yellow Jackets Before Losing

Troy Barely Manages Win Over Clawson; Fitzgerald Triumphs

By DON VOGEL
Watch out for Lake Orion!
No, the Dragons didn't manage to upset Avondale Friday night, but they threw a first class scare into the Yellow Jackets before yielding, 43-39.

Inexperience sent the Dragons down to defeat in the Avon gym in the opening game for both teams. What was supposed to be a relatively easy Oakland A League win for even the graduation riddled Yellow Jackets almost turned into an upset.

Clawson almost tormented the league's procession sheet before it was hardly dry, but Troy prevailed in this contest by a 43-39 count. Fitzgerald was the only easy winner, trouncing Oak Park, 52-42.

Dave Perry dropped in a free throw with a minute gone in the first period to give Lake Orion a 14 lead. It was the last time the Dragons held the advantage. They trailed by as much as 10 points in the third quarter and by as few as two in the final eight minutes.

Perry was the only Orion player with any previous experience. The remainder of the first string was composed of players up from last season's reserve squad. And the obvious inexperience showed at the wrong times.

PASSING PROBLEM?

The Dragons made it in hostile and aggressive rebounding which they lacked in smoothness. Bad passes and failure to find the hands on the ball cost them the game.

They lost the possession more than two dozen times. Errant passes, five in the third quarter, were the most costly. Some sharp defensive maneuvers by Avondale's Roger Jacobs, Bill Rice and Roger Van Conant that led to several interceptions and thefts didn't help matters.

This trio of Yellow Jackets plus Dale Yarger are holdovers from last year's championship club. Yarger and Van Conant were starters. They made the usual first game mistakes, but far fewer than their opponents.

Lake Orion, under new coach George Elias, gave the impression that it will be a team to reckon with before the season is over. The Dragons can expect to take their lumps in the early going, but should improve with each contest.

Avondale's defense kept the Dragons off balance most of the first quarter. Orion's first basket was tallied by Mike Williams with 7:30 gone in the game and Avon in front, 8-1. The cold start and only making three of 13 free throws hurt the Dragons.

Lake Orion pulled in within 37-35 and 39-37 of the Jackets in the closing minutes, but Avondale managed to stall out the clock. Bob Rose, a newcomer to the team, helped tie the game in the final minutes with a layup.

Perry and Yarger each scored 10 points for their respective teams.

The Jackets are expected to improve, too, and they have a head start in experience on the Dragons.

COMEBACK WIN

Clawson won as fortunate as Avondale. Troy trailed until the final one minute and 20 seconds when Tom Kelly dropped in a fielder to put the Colts in front. They were never headed.

Peyton Goodwin's title favorite had an uphill pull after trailing at the half, 35-31.

Big Hank Alkin scored 16 points and Kelly 14 for the winners. Clawson's points were closely divided between the starters with none in double figures.

Oak Park held a 14-12 lead at the end of the first quarter. But it was the last time the Redskins were in the game. Duane Piaszek pumped in 18 points for the winners. Robbie Goldberger garnered 17 for Oak Park.

SPORTS

COMIN' AROUND — Avondale's Bill Rice dribbles around a surprised Jim Upthegrove of Lake Orion during the second quarter. Waiting for the Yellow Jacket guard are Orion's John Cuckey (53) and Tom Lipford (41). Roger Van Conant (30) of Avondale watches the action. Avondale won the Oakland A contest, 43-39.

Chiefs Open Cage Campaign Tonight

St. Marys Tough for Mikes, Rams

By BRUNO L. KEARNS
Sports Editor, Pontiac Press
Defending champion St. Mary's and top challenger Orchard Lake St. Mary played a "rusty" suburban Catholic League basketball game last night at Madison Junior high and there were more floor violations called than there were field goals.

There were actually three parts of competition to the contest and the Eagles won them all. St. Mary's came out on top on the scoreboard 33-28 and the Eagles also had more floor violations, 21-17.

The third battle took place between the two cheering sections which vibrated the little gym and the alternate voices from Orchard Lake out-shouted the predominately female screams on the other side.

Royal Oak St. Mary made clear its bid as a top contender in the SCL this year by whipping St. Mike, 45-32 behind Pat Morandi's 22 points. St. Mary led 16-13 at halftime and maintained this margin through most of the second half. In other league games St. Ben defeated St. Rita, 45-37 and St. Clement edged St. James, 45-40.

St. Fred was not very sharp for its opener. The Rams made their first point with almost five minutes gone and after missing the first 12 shots at the basket, St. Mary moved out in front 40-

and lost the lead only once, that being in the third quarter when only 1:47 left to play. Jim Schachner put the Rams ahead 14-12. A free throw by John St. Mary and a field goal by John Rempel put the Eagles ahead 15-14. St. Fred tied again at 16-16 and after that the Eagles slowly pulled away.

Twice the Rams got within two points but at 3:26 Emil Mazar made it 23-25. The Eagles began playing deliberate ball and slowly

pushed the margin to 33-26 with 1:17 left to play. Rempel led the St. Mary scoring with 12 while Miller had 11. Chuck Dean had 10 for St. Fred.

Groves Gets Tougher in Intra-City Rivalry

The new intra-city rivalry in Birmingham is getting real-tough now. During football season Birmingham Seaholm had trouble making by Groves, 15-13, but the brand new school got even last night by beating the Maples at the basketball court, 45-40 in overtime.

What makes the pill more bitter for Seaholm is that it was moved up into class A ranks for the first time this year.

Meanwhile, neighboring Cranbrook school took a trip to Hazel Park and came back with a 36-33 setback.

The Groves-Seaholm game started out as a bundle of nerves and it was only 43 after the first period for Groves. At halftime the Maples led 16-13, but in the next two periods the two teams battled neck and neck. It was 27-26 after three periods and with two seconds to play East Bitter hit a bucket to send it into overtime, 36-36.

Seaholm got the first overtime basket, but Jim Kokones connected on a three pointer with Bitter, Fred Bailey and Ron Thomas are hitting buckets to pull out of reach. Kokones led with 13 while Gene Schmidt had 10 for Seaholm.

At Hazel Park the Cranbrook pulled a second half rally after losing 32-11 at intermission, but it wasn't quite enough.

Mike Dibble led Cranbrook with 14 while the best for the Parkers was Buford Ehrhidge with nine.

Last Minute Fielder Trips Holly by 52-51

Northville Wins Easily; Lakers, Clarkston Gain W-O Victories

Tom Melrose's basket in with 45 seconds to play gave Bloomfield Hills a 52-51 victory over defending champion Holly-Friday in first night Wayne-Oakland League action.

Melrose stole the ball from a stalling Holly and dribbled down the floor for the field goal that kept the Barons from being the league's first upset victims.

Northville lived up to its reputation as title favorite by rolling over Northville, 62-40; West Bloomfield won a slow moving game from Milford, 42-37; and Clarkston trounced Clarenceville, 56-42.

Holly, its starters missing from the 1960-61 championship team, held the upper hand from early in the second quarter until the final minute.

"Our inexperience showed in the final minutes," said Holly mentor Bob Pence. "We lost the ball three times on poor passes only to get it back when they (Bloomfield Hills) missed shots. Then Melrose stole the ball while we were trying to stall and that was the game."

Rick Fricks took scoring honors for the Barons with 13 points. Holly managed to hold normally high scoring Art Tregenza to 10. Joe Fisher tossed in 16 for the Broncos.

Northville stormed to a 38-15 halftime lead. Dan Brown scored 20 points for the Mustangs. Craig Bell added 11. Seven other Northville players broke into the scoring column.

Mal Pearsall with 16 and Don Pearsall with 15 paced Brighton. West Bloomfield and Milford dropped to 17 field goal attempts between them, about average for one high school team in a game. But the Lakers hit over 50 per cent, 18 of 35, while the cold Redskins connected on 10 of 30.

The Lakers gained an 18-11 intermission edge and then blasted out with 17 points in the third quarter to take a commanding lead.

Bill Ellison topped the winners with 11 markers. Gary Painter of Milford took game honors with 14.

Clarkston routed to a 38-17 halftime lead and coach Don Marti let the reserves play most of the second half. Chuck Funk was high scorer for Clarkston and the game with 17 points. Seven others scored for the Wolves.

Dave Graves topped the Trojans with 14. Phil Wheeler was tied to four points by the Clarkston defense. He equally hit well into double figures.

The new coach is Chuck Holloy, who's really not new at all to followers of prep basketball in the state of Michigan.

Holloy coached at Detroit Austin Catholic for nine years and it was 1958 when he guided the Frars to the Class A state title behind the individual brilliance of Dave DeBusschere.

Holloy's Austin team was a finalist in 1957, bowing to Muskegon Heights, and the last time one of his Austin clubs met a Van Wyke-coached team was 1960 when the Frars lost an overtime decision to PCH in the semis of the Michigan tournament.

The Pointers will put five new faces on the hardwoods this evening.

Guards Gary Spade and Vic Dhooze, forwards Marc Loneak and Rick Bryges, and center Jim Feder are expected to start against PCH. All were members of the junior varsity team last year.

The Pointers had only one returning letter winner this season, guard Jerry Brennan, and he won't be a starter. There are only three seniors on the varsity roster and Bryges is the lone senior among the starting five.

Pontiac Central, which starts its Saginaw Valley Conference campaign next Friday evening at Flint Central, will field a lineup boasting height and pretty good experience.

Otto Kennedy, stringbean 6-4 senior, will start at center for the Chiefs. Rudy Ransom and Paul Brown are slated for forward spots with Roy Couser and Clarence Douglas getting the call at guard.

LONG REACH — Doug Bisbal of Lake Orion (35) reaches high for a rebound over Avondale's Roger Van Conant (30), Bob Rose (behind Bisbal) and Lynn Thorpe (left).

Little Rochester Guard Big in Coach's Debut

By HERB PETERS
When Ralph Vanzo moved up to varsity coach at Rochester this season he figured on three-year veteran Jerry Olsen to be the Vikings' mainstay, and the five-year guard didn't let the new mentor down in his debut at home last night.

Olsen was Mr. Everything as he scored the tying and winning goals to give Rochester a hectic, 45-44 come-from-behind decision over Walled Lake in overtime.

The Vikings were first victimized when Olsen tied the score at 41-41 with only 30 seconds remaining in regulation time to force the overtime.

Then Jim Horvath's crew went down for good as the Falcon fielder brought Rochester back again from a 44-43 deficit midway through the extra session.

Olsen pumped in 20 points to score scoring honors easily as the nearest teammate had only six. But he saved three of his eight field goals for the stirring finish.

He tallied from the floor to tie the game at 33-33 with two minutes to play, and then the final pair delivered Walled Lake's Bob Wozniak a chance to be the hero.

Wozniak had sent the Vikings ahead with a bucket at the 1:50 mark. After Ed Fliss and Ted Swoboda came overtime free throws for Rochester. Wozniak put Walled Lake back on top temporarily with a three-point play on a field goal and a free throw.

It was like that most of the way although the Vikings built nine-point leads in the second and third quarters. Each time the Falcon rallied, trailing 23-18 at halftime and 32-28 after three periods.

Fouls kept the overtime action at a feverish pitch and the crowd in an uproar. Four Vikings were whistled out via personals but the Falcons make good on only two of eight free throws. But then the Vikings muffed a last chance, too, as Jim Webb missed a free throw with only 17 seconds left.

Junior Bob Tuck was high point man for Walled Lake with 12 and Gary Alderson was next with 11.

Dondero Nips Kimball 45-43
The intra-city battle in Royal Oak got the basketball season started last night and Dondero ended a bucket by Tom Fraus in the final 30 seconds to keep Kimball 45-43.

Fraus, who led the night's scorers with 16, drove in for a layup shot. Kimball got another crack at the basket but the ball rimmed out and a jump ball was called with two seconds. Time ran out as the ball went into play.

Dondero led 22-21 at halftime and held a close edge most of the way. Jack Dobson had 12 and Steve Sturgell had 9 for Dondero behind Fraus while Craig Kirby and Bill Chilton each had 10 for Kimball.

Imlay City Wins, North Branch Loses
Hanley Sparks Bulldogs
John Hanley tossed in five baskets at the start of the third quarter to blow open a tight game and start Romeo to a 47-27 rout of Oxford Friday night.

The first half was a slow moving affair with neither team being able to find the basket. The Bulldogs were a little less rugged and held a 14-8 lead at the half.

Then Hanley went on his rampage and the host Wildcats fell under a downpour of Romeo fielders. When the fatal period ended, the Bulldogs held a comfortable 26-18 lead.

Hanley took scoring honors with 17 points. Ten Romeo players figured in the scoring. Jerry Phillips was high for Oxford with six.

Imlay City had some trouble, but the Spartans manager to post their second victory in the season, 65-56, over visiting Saginaw Buena Vista.

Imlay held a 33-26 halftime lead and twice in the last two periods the losers pulled to within five

Reflections

BROTHERHOOD

Brotherhood is very much in evidence; broken toys are collected and repaired to make youngsters happy; clonal groups are practicing to bring joy to strangers; choirs are rehearsing Christmas music to lift the hearts of fellowmen; committees are arranging baskets for the less fortunate.

Service Clubs, dedicated to the betterment of Pontiac give generously for entertainment of children, the aged, the blind; this is brotherhood in the broadest sense.

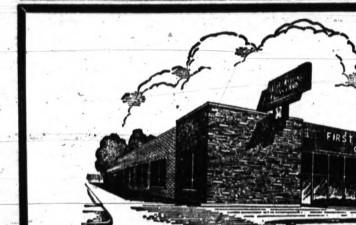

Lodges are smoothing the paths of brothers, helping them to reconcile difficulties, inspiring them to greater levels of service. Brotherhood, to them, is service in the purest, interpreted.

We hear a tinkling bell, see a tripod and a pot. These are symbols of Brotherhood. Our souls are the material out of which will be built a bridge over a chasm of despair. This is applied Brotherhood.

Our Postal Department is staggering under a heavy load of Brotherhood—communications that bring love and happiness, gifts that give their merry way to the after Brotherhood. Indeed, wherever we look we find an ideal of Brotherhood.

DEPARTING SHOT — After nearly three years as Michigan Insurance Commissioner Frank Blackford took a blast at what he called influenced peddlers, shysters and fixers Friday as he left office. Blackford resigned the \$11,500-a-year post to take a federal job. He was appointed by former Gov. Williams but his appointment was never confirmed by the Senate.

MRS. ARTHUR DEMBERGER
Service for Mrs. Arthur (Edith V.) Demberger, 81, formerly of Pontiac, will be 11 a.m. Monday in Byron. Burial will follow there.

Mrs. Demberger died yesterday in Durant Hospital, Durant, after a 17-day illness. She lived at 12954 S. Byron Road. She was a member of the Golden Age Group Y.W.C.A., Pontiac.

Surviving are a son, Elton Shepard of Byron; two daughters, Mrs. Roy Nichols and Mrs. Paul Triphey; a brother, Jay Hathorn of Pontiac; five grandchildren and a great-grandchild.

MRS. FRANKLIN MORELAND
(Mrs. Franklin (May A.) Moreland, a former Pontiac resident, died at her residence 218 Center St., New York City early this morning after a long illness. She was 84.

Mrs. Moreland is survived by three daughters, Mrs. Anna Beck of Medina, Mrs. Dorothy Stewart of New York City, and Mrs. Neal J. Scott of Pontiac; two sons, George A. of Detroit, and Harry of Kent, Ohio; 13 grandchildren, and 32 great-grandchildren.

Friends may call at the Voorhees-Siple Funeral Home from 10 a.m. to 2 p.m. Monday. Burial will follow at 3 p.m. in Perry Mount Park Cemetery.

EDWARD NEWMAN
Service for Edward Newman, 75, of 733 Oswego Drive will be 1:30 p.m. Monday at All Saints Episcopal Church. Burial will be at Perry Mount Park Cemetery.

Mr. Newman died yesterday at home. He was a member of Pontiac Lodge No. 810, Benevolent and Protective Order of Elks and Pontiac Lodge No. 21, F.A.M.

Surviving besides his widow, Clara B., are a son, Raymond G. of Pontiac; two sisters, Mrs. Stan Stroud of Ontario; two brothers and a grandchild.

CHARLES H. SMITH
Charles H. Smith, 74, of A-85 E. Huron St. died early this morning at Pontiac General Hospital after an illness of several days.

A retired painter, he leaves his wife, Martha; four daughters, Mrs. Gertrude Sipe, Mrs. Lillian McIntyre, Mrs. Alice Hubback, Mrs. Lena Campbell, all of Pontiac; four sons, Melvin of Clarkston, Harold, Richard and Arnold, all of Pontiac; 23 grandchildren; 12 great-grandchildren; and a sister, Mrs. V. J. Voornhees.

Pontiac Area Deaths Scout Honored for Saving Boy

Waterford Twp. Teen Rescued Water Skier on Silver Lake in '60

A Waterford Township teen-ager has been given an award of commendation by the Clinton Valley Council of Boy Scouts of America for rescuing an injured water skier on Silver Lake last Labor Day.

Donald L. Humphries, 14, son of Mr. and Mrs. Donald Humphries of 2664 Dixie Highway, was presented the commendation at a recent court of honor.

Humphries, a member of Weaver-Hawthorn Troop 29, was riding in a boat pulled by a fellow scout, Paul Bowers, 12, of Silver Lake, when Bowers hit a floating object and fell.

The executive board of the council said the commendation was for Humphries' "fine display of scout training" and his "prompt and correct handling of the situation prevented Bowers from suffering worse injuries."

Humphries dove into the water, carried Bowers back to the boat and applied first aid. Bowers suffered a broken collarbone.

A pupil at Washington Junior High School, Humphries is the oldest of four children.

Broomfield Plans Talk on Far East, Communist China

The Far East and Red China will be discussed Monday night at Madison Heights by Congressman William S. Broomfield, R-Oakland County.

Broomfield, a member of the House Foreign Affairs Committee, will deliver his first address since his return from a two-week inspection trip of the Far East.

The congressman will be featured speaker at the 6 p.m. symposium and meeting of the Tri-City Republican Club of Madison Heights, Ferndale and Hialeah Park. The meeting will be at the Madison Heights High School.

Club members said they have sold some 500 tickets. They are billing the affair "non-partisan in nature."

"They'll demonstrate this by having House Foreign Affairs Majority Bill S. Hoffman introduce the congressman. Although he just submitted his resignation from the Oakland County Democratic Committee, Hoffman still will be an active Democrat."

Stock Exchange Members

NEW YORK (UPI) — At last count, the New York stock exchange had 3,166 member offices located in 772 different cities in the United States and in 23 foreign countries.

'Cuba Training Force to Attack Dominicans'

Armed Forces Chief
Fears Castro Regime
Preparing to Invade

SANTO DOMINGO, Dominican Republic (AP)—Dominican armed forces chief Gen. Pedro Rodriguez Echavarria claims that Fidel Castro's regime is training an invasion force for an attack on this island nation less than 200 miles from Cuban shores.

Rodriguez Echavarria, the No. 2 man in the government of President Joaquin Balaguer, told newsmen Friday night he had reports that between 1,800 and 2,000 Central Americans were under-

Background Story
on Page 16

going invasion training at three camps in Cuba's Sierra Maestra Mountains, Castro's stronghold of revolution days.

He charged that the general strikes that have gripped the nation since Tuesday may have been part of an over-all plan to keep Dominican troops pinned down in the capital.

The strikes, centered in this capital, show signs of losing their steam but Rodriguez Echavarria said military reinforcements have been shifted to northern Dominican areas in anticipation of trouble. "We are not fools," he declared. "We are ready and keeping ourselves mobile."

The military leader said the armed forces have no plans at present to break up the strikes aimed at toppling the Balaguer regime. But he warned that if "the security of the state is threatened, that's another thing."

He implied that he felt the strikes would die a natural death once "the strikers are convinced it is a political matter."

Fidel, a Marxist, Admits He Wants Red Nation

HAVANA (AP)—Fidel Castro, proclaiming, "I believe absolutely in Marxism," admitted publicly today he was leading Cuba down the road to communism.

"I am a Marxist-Leninist and will be one until the day I die," the Cuban prime minister declared in a midnight television speech.

"We must all study the experience in building up the world's first Communist society," he said. "Socialism is a world reality to day as the force defeating imperialism."

"The world is on the road to Castro jokingly added that if listening to him "he does not need worry because there will be no communism (in Cuba) before 30 years."

WAGER SALESMAN — Goodfellows from six communities take a firsthand look at how a page of The Pontiac Press is made up before going out to sell papers in their annual drives for funds to help the needy and give parties for children at Christmas. Showing them how it's done is William F. DeBats, assistant composing room foreman. The hawkers are (from left) Avondale Fire Capt. William Richards, Pontiac Township Fire Chief Carl

Schingeck, Rochester Fire Chief George Ross, Waterford Township Kivianian Elmer O. Johnson, Waterford Township Fire Capt. Clayton Soncrante, Asst. Fire Chief Harold Gingell of the Gingeleville department and Brooklands Fire Chief Bruce Force. Their teams will be stationed at all main intersections in their respective areas to solicit donations from both motorists and pedestrians.

Selling Papers to Aid Needy at Christmas

12 Organizations Give Volunteer Help to Assist Annual Drive

Goodfellows newspaper sales are being held today to bring a brighter Christmas to the needy of Addison, Pontiac and Waterford townships and the Rochester, Brooklands and Avondale area.

Proceeds from the sale of today's Pontiac Press will introduce the Christmas spirit of hope into these areas in varying ways — from the presentation of clothing and gifts to needy families to arrangements for parties for children.

The Waterford Township drive from dawn 'til dusk is expected to buy Christmas baskets, children's clothes, shoes and toys for the needy and also pay for a party for needy children Dec. 23 at the Huron Theater.

A dozen area organizations are giving volunteer help in the drive which is headed by Fire Department Capt. Clayton Soncrante, president of the Goodfellows.

An estimated 50 Goodfellows are expected to ask motorists' help at main corners throughout the township.

In Addison Township, 18 firemen will sell the papers at main corners in Leonard and Lakeville and at Campbell's Corner in an all-day effort. Cochran, Ed-ward Porter, fire chief, and Elmer Powell, assistant chief, hope to raise \$400 to provide Christmas baskets for needy families and for a Christmas party for all the township children.

SET \$1,000 GOAL. Pontiac Township's volunteer fire department and the Metropolitan Club have set a goal of \$1,000 to give Christmas baskets to the needy and hold three parties for township children.

Fire Chief Carl Schingeck, chairman of the sale, said 30 members of the two sponsoring groups would sell The Pontiac Press at all major intersections.

The area of Rochester-Brooklands is getting a helping hand from 38 volunteer firemen from Brooklands and Rochester area. (Continued on Page 2, Col. 5)

Looks Down on Job

SERVICE FROM THE 'TOP' — A head above them all at Orchard Lake Shell Service, 625 Orchard Lake Ave., and probably the tallest person in Pontiac is Kenneth Hall of 220 W. Chicago Ave. Hall, who stands 6'11 1/2", was snapped by a Press photographer while waiting on customer Ed Ajolan of 72 Washington St. who is 5'9 1/2" tall. No problem with wide windshields when Hall is the man cleaning them.

Goldfine Holds Ulbricht Vetos Kennedy Plan to Internationalize Berlin Road

TV Newscaster Says Case May Be Biggest Since Teapot Dome

WASHINGTON (AP)—Industrialist Bernard Goldfine, who is in jail, holds the key to a vast political scandal being investigated by the Justice Department, a television newscaster says.

The newscaster, William H. Lawrence of the American Broadcasting Co., reported Friday night that the scandal might be the biggest since the Teapot Dome case in the 1920s.

The Justice Department had no immediate comment.

Lawrence said evidence now before Justice Department investigators implicates both Democrats and Republicans. But, he said, the department has not decided whether to take the case to a federal grand jury.

He said the government's ability to prosecute depends almost entirely on testimony and documents. Evidence that might be given in court by Goldfine and his secretary, Mildred Papernan.

Lawrence added there were unconfirmed reports that Goldfine was ready to make full disclosure of his tangled financial affairs.

The 70-year-old Boston textile man was sentenced a year and a day in prison at Danbury, Conn., for income tax evasion. He also was put on probation for five years.

The U.S. District Court Judge George C. Sweeney ordered Goldfine to tell the government what became of some \$600,000 the judge said was siphoned out of Goldfine's industrial holdings. That was made a condition of the prosecution, but there has been no disclosure.

Grayling to Be Scene of 'Appreciation Day'

Grayling will be the scene Thursday of a civic celebration honoring its pioneers and newest citizens, known as "Appreciation Day."

The city's role as a sports and outdoor lover's headquarters will be marked with a banquet that night.

Bob Schulze, president of the chamber of commerce, says Thursday will involve a community-wide look to the past and a look to the future.

The banquet will be at the Chief Sheppersons whose owner, Roy Duffell, formerly of Pontiac, will be host to the whole affair. Some 120 people will be there.

From Our News Wire
BERLIN — East German Communist Leader Walter Ulbricht has rejected President Kennedy's suggestion that the highway access route to isolated West Berlin might be internationalized, the Communist press reported today.

Ulbricht said in a speech it was useless "speculation" to talk, as Kennedy did, about safeguarding Western Allied freedom of access to Berlin by giving control of traffic to some international authority.

Kennedy made the suggestion in an interview with Alexei Adzhubev, editor of the Soviet government newspaper Izvestia and son-in-law of Premier Nikita Khrushchev. The interview was published by Izvestia early this week.

"The (East) German Democratic Republic is no colonial possession of the Western powers," Ulbricht said. "It is no colony of the United States."

"There must be complete clarity about this. Those who make such statements should save their breath. There is no point in such speculation."

Ulbricht made the speech Friday to a meeting of the East Berlin branch of the Communist party. It was carried today by the East German news service ADN.

Ulbricht rejected any thought of international control of the 10-mile highway crossing Communist East Germany to Berlin and critical U. S. Army convoys moving over the road.

He said the convoys were heating up the cold war and hurting chances for east-west negotiations.

The official East German Communist party newspaper Neues Deutschland today told the U.S.

Army to halt its "dangerous convoys" along the highway.

It said in an editorial the highway belongs to East Germany and no one can do what he pleases on it.

The Communist attacks raised the possibility of a showdown on Western access rights when the U.S. Army defies the West challenges and stages its largest postwar road movement of troops between Berlin and the West.

The U.S. Army announced Friday that two battle groups of an estimated 600 men would move along the autobahn soon replacing gas ration troops in this divided city.

Western powers recognize only Soviet control over the autobahn and insist on freedom of passage.

"They (the Americans) should realize that the result of the troop movements will not be a documentation of American strength but merely another proof of the necessity to solve the West Berlin problem successfully," Neues Deutschland said.

Mild temperatures will continue in the Pontiac area through Sunday the weatherman says. The low will be near 40.

A balmy 56 is the prediction for Sunday with little change in temperature Monday. Morning west winds at 3 miles per hour will become 8 to 15 m.p.h. southwest-ly tonight.

There's a chance of scattered showers Monday and Wednesday. The lowest reading in downtown Pontiac preceding 5 a.m. was 41. The thermometer registered 46 at 1 p.m.

May Reveal Future Plans Today

Battered Republican gubernatorial candidate George Romney of Bloomfield Hills said last night he felt speculation on his political future was hindering his work as a delegate.

Meeting with Republican party leaders today, however, Romney is expected to make some announcement on his political plans.

The American Motors President, who is a Republican vice president of the constitutional convention, appeared with three other Oakland County con-con delegates at a meeting sponsored by the Oakland Citizens League in Birmingham.

Other delegates attending the session at the Birmingham Community House which attracted 125 persons were Richard G. Van Dusen of Birmingham; Raymond L. King, of 2173 St. Clair St., and Henry L. Woolfenden, of Bloomfield Hills.

Romney said the constitutional convention had a sound bipartisan organization, and is off to a good start, but that one of the biggest problems will be to communicate the document to the public when it is finished.

The grayling automotive trade was suffering from a cold, and showed signs of strain from a busy week, complicated by rising political issues.

The grayling automotive trade was suffering from a cold, and showed signs of strain from a busy week, complicated by rising political issues.

DROPS HANDSHAKE

Greeted by a well-wisher before the meeting with the salutation, "Governor," Romney dropped his handshake, offered a dry grin, and moved away.

Romney said his plan for reappointment was not complex, as it has been labeled by some. "It is based on population and sur-

Boy, 2, Saved From Fire by Pontiac Twp. Father

A Pontiac Township father of four fought his way through smoke and flames last night to rescue his 2-year-old son from their burning home at 355 Doris Road.

John Loveless re-entered a flaming bedroom of his small basement home in search of his son after he and his wife Deiores had carried their three other children to safety.

Mr. and Mrs. Loveless were watching television at about 11 p.m. in the living room when they smelled smoke coming from the children's bedroom. They quickly picked up three of the children and dressed in their nightclothes and took them outside.

Loveless, thinking that all four children were safe, ran to the house of a neighbor, John Cravin of 355 Doris Road, to call the Pontiac Township Fire Department.

After returning to his front yard, Loveless learned from his wife that their young son Jeffrey was trapped in the burning building.

He re-entered the children's bedroom which by this time was completely enveloped in smoke and flames. Loveless was looking for the boy when he heard him whimpering in the living room.

REVIVE BOY Loveless found the boy partially overcome by smoke on a living room couch and carried him outside. Township firemen arrived minutes after the rescue and revived the boy with an inhalator.

Jeffrey then was rushed to St. Joseph Mercy Hospital where he was treated for smoke inhalation and shock and released. His father's hair, eyebrows and eyelashes were badly singed.

Township Fire Chief Carl Schingeck said the bedroom that Loveless entered in search of his son was completely gutted by flames. The rest of the house was damaged by smoke, according to Schingeck.

The fire chief estimated damages to the five-room concrete block structure at \$1,000. Firemen had the blaze extinguished by midnight.

The other Loveless children were not injured. They are Doris, 6; Kenneth, 4; and Elizabeth, 11 months.

Schingeck said the blaze started in the bedroom where the children were playing with matches taken from a smoking stand in the front room.

U.S., Russia Gamble on Red China

Nations Risk Prestige on Peiping Bid at U.N.

UNITED NATIONS, N. Y. (AP)—The United States and the Soviet Union have decided to gamble their prestige on the outcome of Peiping's bid for a U. N. seat.

This was made clear Friday as the two big powers clashed heads in the opening round of the China debate. Both demonstrated they were determined to fight every step on the issue of whether the Peking government of Chiang Kai-shek or the Communists get the seat.

"U. S. Ambassador Adlai E. Stevenson warned delegates that 'the whole future of the United Nations is at stake' with the China representation question. The United States has managed to keep the matter shelved for 10 years.

"If anyone still has any illusions about the Communists' qualifications for membership in this respect, let him be reminded of the use of force by the Chinese Communists in their border disputes with India," Stevenson declared in a no-holds-barred speech.

"In its present mood," Stevenson said of the Red Chinese regime, "it is a massive and brutal threat to man's struggle to better his lot."

"RECKLESS AMBITION" "Its gigantic power, its reckless ambition, and its unconcern for human values," he said, "make it the major world problem."

In a bid to win over some of Peiping's supporters, Stevenson accused the Communist Chinese of operating camps for young guerrillas in Asia, Africa and Latin America so they could touch off revolutions in their home countries.

Stevenson warned that to admit the Reds would have only one meaning: That the United Nations has decided to support the assembly's plan to conquer Formosa and "overthrow and abolish the independent government of the Republic of China."

The Soviet Union's swift return to the American charges against the Chinese Reds made plain the Kremlin has decided to go much further than token support for the Communists' bid.

Soviet Deputy Foreign Minister Valerian A. Zorin accused Stevenson of trying to make the assembly believe that the Peiping government had split with Moscow.

Arctic Air Chills Northern Edge of United States

By The Associated Press

A mass of arctic air chilled the northern edge of the nation from Idaho to the Dakotas today, causing snow flurries to develop over much of the area.

Mild, dry weather prevailed over most of the rest of the country. The main exception was California, dampened by showers and occasional rain.

Snow accumulation in the northern areas was generally less than one inch. Temperatures near midnight had dipped to 2 degrees above at Cutbank, Mont., and 5 above at Great Falls in the same state.

At one time up to about 1500 Brazil produced and exported 90 per cent of all the world's rubber.

Later Passed Examinations

Pilot in Air Disaster Failed Tests

WASHINGTON (AP)—The pilot of the airplane in which 14 Army recruits died near Richmond, Va., Friday, Nov. 8 had failed three flight tests.

But the pilot, Ronald H. Conway, later passed these preliminary tests and went on to complete his examination for an air transport rating without a failure, the records showed.

Edward E. Statter Jr., public relations officer for the Civil Aeronautics Board's Bureau of Safety, compared Conway's early failures with those of a young attorney who fails to pass his bar examination on the first try. He said he does not consider it a black mark against a pilot.

Conway was pilot of the Imperial Airlines plane which crashed near Richmond while flying Army recruits to a Southern training camp. In addition to the recruits, three crewmen were killed. Conway and the flight engineer survived.

The CAB will resume its hearings into the crash next Tuesday in Miami. Conway may be recalled at that time, officials said.

FAA records showed that Conway failed to pass his commercial pilot's test, on March 31 and again on April 2, 1954, but later succeeded.

Again, on April 16, 1955, Conway failed his initial test for an instrument flight rating, but later passed it.

The commercial pilot's test was taken on a single-engine Piper plane, and the instrument test on a single-engine Bonanza. Both light planes were vastly different from the four-engine Constellation destroyed in the Richmond crash.

The CAB said Conway later passed his multi-engine tests and most of all, his examinations for an air transport rating, without a failure.

Winning Candidate Collapses at Recount

POTTSVILLE, Pa. (AP)—Mayor Joseph H. Long of nearby St. Clair was reelected officially Friday but he collapsed while watching the outcome.

Long, seeking his second term mayor of this central Pennsylvania community, was brought to Pottsville Hospital and placed in an oxygen tent. Cause of the collapse was listed as exhaustion. The recount after the Nov. 7 election had Long tied with Democrat Benjamin Botzer at 1,253 votes each. A check of three ballot boxes Thursday gave Long a lead of 18. He picked up three more votes Friday after two additional boxes were counted.

The First Christian Church will host of the Christian Women's observance Sunday as Women's Day Fellowship. Norma MacCallister will be in charge of the service in which a special litany for the occasion will be used.

MRS. PAUL COLTON

The offering anthem, "Christians Rise," will be sung by the Women's Choir and Mrs. Jack Clark will present a solo. Serving as organist will be Mona Ritchie.

Elders at the Communion table will be Mrs. Joe Morgan, and Mrs. James Boaz. Morning deaconesses include Mrs. Ed Williams, Mrs. Howard Reynolds, Mrs. Levi Geasler, Mrs. Frank Webster, and Mrs. Eugene Thompson.

Mrs. Velve Ball, Mrs. John Graham and Mrs. Raymond Reysse also will serve. Rev. Jack Clark is pastor.

To Enter Monastery Founded by Daughter

CANTON, Ohio (U-P)—A widow who retired recently after 20 years with the city water department will be beginning training in January to become a nun in the same order as her daughter.

Mrs. Mae Francis, 62, will enter Our Lady of the Angels Monastery, Birmingham, Ala. It was founded by her daughter, Mother Mary Angelica, who has been a nun 17 years.

In Birmingham, Mother Angelica said, "I'm overjoyed at my mother's decision. Now the tables are turned. I will be calling my mother 'Sister,' and she will be calling her daughter 'Mother.'"

Sunday School Leaders Earn Subscriptions to Christian Magazine

Robert L. Gavette, Christian Education director at Marimont Baptist Church, will speak at the morning services tomorrow and the following Sunday in the absence of Rev. Philip W. Somers who is conducting an evangelistic campaign in Vandercook.

Rev. Orval Dunkeld, Christian Education director of First Baptist Church, will preach at the two evening services.

Philip W. Somers Jr. will direct the choir in singing "Hand and Hand with God" tomorrow morning and Bert Bevel will lead the singing Sunday night.

The following teachers of the Sunday School earned subscriptions to Christian Magazine by having the best increase in attendance for November in the month of October: Mrs. Howard Morris, John Clark, Pat Johnson, Ruth Stewart and Mrs. Fred Hasselstahl.

The Ruth Lee Missionary Circle will meet at the church at 10 a.m. Tuesday to hear Ione R. McMillan and to wrap Christmas boxes. A cooperative luncheon is scheduled at noon.

The newly-organized young ladies' service group will meet Tuesday evening at the home of Ardith Watts in Bloomfield Hills.

The Boys' Brigade of Marimont Church will play basketball against the First Baptist team in Lake Orion at the Hawthorne School at 7:30 p.m. Thursday.

7th Day Adventist Opens Drive

The 58th Annual World Missions \$30 million last year toward the One of those calling at your Appeal, sponsored by the Pontiac support of their world church pre-hike might be 11-year-old Rich-Seventh-day Adventist Church, gram, in addition to welfare aid L. Edens of 505 Pontiac Lake Road, pictured above.

Leading the volunteer workers participating in the three around drive is Mrs. Hazel V. Perry, church home missions director. The goal here is \$8,700.

Funds will go toward extending welfare, disaster aid, and educational services at home as well as a widespread medical, welfare, and educational ministry in 194 other countries.

The local church operates a Welfare and Health Center at 168 E. Mt. Clemens St. Persons in need of assistance or knowing others needing material aid may call the church.

On a world basis volunteer Adventist workers in 1939 gave \$530,464 hours in welfare services to 6,899,323 persons.

More than \$1 million in cash, some 6,406,913 articles of clothing, and 4,105,104 food baskets were contributed.

Seventh-day Adventist members themselves contributed more than

Need to Train Medical Staffers Great in Africa

OAK PARK, Ill. (CNS)—The need to train medical assistants, laboratory and X-ray technicians, nurses, administrators, and full-fledged doctors is one of the greatest needs in Africa, according to the executive director of the Christian Medical Society which has its headquarters here.

This was pointed out by J. Raymond Knighton upon his recent return from a ten-nation survey of the continent. Accompanying Mr. Knighton were two doctors—Dr. C. Everett Koop, professor of surgery at the University of Pennsylvania, and Dr. Gustave A. Henry, a physician and surgeon from Chicago.

Included in the survey were the medical establishments of 20 missionary organizations, eight university and government hospitals, and six medical schools.

"Probably the greatest one area of the future medical missionary work is in the field of medical education. If the church cannot obtain trained qualified medical personnel, but also by precept and example show them that the greatest thing they can give their people is the healing of the soul through believing and accepting Jesus Christ as Saviour and Lord, we will have fulfilled our mission."

Mr. Knighton said they were told by the chief medical officer of one of the countries, "We will always need the dedicated, loving, and compassionate care that our people need and receive from the mission hospital."

Singspiration Scheduled for Memorial Baptist

Oakland County Youth for Christ is sponsoring a Singspiration at 9 p.m. Sunday at Memorial Baptist Church, 599 Michigan Ave. Music will be provided by Carolyn Simmons of Pontiac Central High School and Dan Swift of Millard.

Mr. and Mrs. Paul Gehman will sing a duet and a quartet of girls will present a number. Leading the singing will be Terry Walker.

Pastor Lists Services

Pastor Joseph W. Moore will preach on "Man's Efficiency and God's Sufficiency" at 11 a.m. Sunday at Trinity Baptist Church. A service of Holy Baptism and Holy Communion is scheduled for 7 p.m.

The Methodist Church today has 1,500 men and women in 44 countries overseas, teaching, preaching, healing, and ministering to a wide variety of man's needs. Training given to Methodist mis-

Edgar Billups Gives Recital

First in Series of Musical Programs Scheduled at All Saints Church

Sunday evening will mark the beginning of this seasons series of special musical programs at All Saints Episcopal Church, Williams and West Pike Streets.

Edgar Billups, organist and choirmaster, at All Saints, will present an organ recital featuring three sonatas for organ and strings by Mozart at 8 p.m.

Solo works to be played by Mr. Billups will be the Great Prelude and Fugue in E minor by Bach, and the Intermezzo and Allegro from Vidor's Sixth Organ symphony.

Assisting with the Mozart sonatas will be John Cataldo, Violin I; Stella Raicevich, Violin II; and Mario di Fiore, Violoncello.

The next program in the series will be the Bach Christmas Oratorio for choir, soloists, organ and orchestra. This will be presented at 8 p.m. on Jan. 5.

During the Lenten season a third program will feature the Bach Cantata No. 54 for contralto and orchestra. The series will conclude in May with a program for brass, choir and organ. The public is invited, Mr. Billups said.

Every year in Episcopal churches throughout the country men and boys make a special observance of the beginning of the church year, Advent Sunday, in service of Corporate Communion.

The service will be held at 7 a.m. Sunday at All Saints Church with breakfast following in Stevens Hall.

Boys who have completed the training course will be inducted into the Acolyte Guild at this service.

Order of Nuns Second Largest

Sisters of Mercy Unit Numbers Over 24,000 Throughout World

On December 12, 1831, in Dublin, Ireland, Mary Catherine McAuley along with two companions, pronounced religious vows in the chapel of the Presentation Nuns, Dublin.

This was born the Order of the Religious Sisters of Mercy, destined in a little more than a century to circle the globe with convents, schools and hospitals in England, Scotland, Newfoundland, Central America, West Indies, South America, Australia, New Zealand and South Africa.

From the original three members, the Order has grown to more than 24,000, making it the second largest order in the world, second only to St. Vincent de Paul's Daughters of Charity, founded nearly 400 years ago.

In this country over 12,000 Sisters of Mercy operate institutions in 39 of the states. Approximately 6,000 have amalgamated and are known as the Sisters of Mercy of the Union in the United States of America.

The Detroit Province is one of the nine divisions of the Union. It was established in 1940, although the first Sisters of Mercy came into this area in 1872.

In the Detroit province, there are 78 institutions operated by the Sisters of Mercy: one college, 23 hospitals, two sanitariums, three nursing homes and 50 grade, junior and high schools. A total of 2,413 students are taught annually. Some 792,476 patients are treated annually in the Provincial hospitals.

Make Unity Candles to Burn at Prayers

ST. JOSEPH, Minn. (UP)—The Sisters of St. Benedict are making beeswax candles for Catholics to burn each Thursday in their homes while joining with Pope John XXIII in prayers for Christian unity.

Thursday was chosen because it was on that day that Jesus instituted the Holy Eucharist and offered prayers for unity.

Church unity candles were originated at the Benedictine abbey of Niederalteich, Germany, the scene of many unity discussions between Catholics and Protestants.

Accent Is on Youth

Concerts to Herald Yule

Of special interest on the community cultural calendar are several vocal and instrumental Christmas concerts planned by young people and their instructors at Pontiac secondary schools.

At 7:30 p.m. Wednesday the Northern Area Instrumental Concert with bands from Lincoln, Madison Junior High and Pontiac Northern High school will be presented along with the orchestras from Madison and Northern. Conductors for the performance in Northern High's auditorium will be Roger Weldon, Lincoln; William Brown, Madison; Eldon Rosegar, Northern; and Burton Apple, the two orchestras.

concert at 8 p.m. Conducting will be Robert Peterson and Mr. Apple and George Eckroth, respectively.

'AMAH! AND NIGHT VISITORS'

The vocal music department at Pontiac Northern High School is in the midst of final rehearsals for "Amah! and the Night Visitors." Four performances are scheduled. Matinees will be at 8, Dec. 14 and 16, all in Northern's auditorium.

Concluding the series of musical events will be the Annual Community Christmas Concert at 3 p.m., Dec. 17, in Pontiac Central's gymnasium. Directors and their groups appearing will be Melvin Larimer, Northern High; Jerry Libby and A. Michael Dempsey, Central High; George Scott, Pontiac Women's Chorus; and Mr. Larimer, MacDowell Male Chorus.

No admission charge is planned for the three instrumental concerts. A free will offering will be taken for student scholarships at summer music camps. The Annual Community Christmas Concert also will be open to the public free of charge.

★ ★ ★

The Central Area Band Concert is slated for 8 p.m. Thursday in Pontiac Central High's gymnasium with the following groups and directors: Eastern Junior High, Robert Wolters; Jefferson Junior High, Fred Smith; Washington Junior, Gerald Irish; and Pontiac Central High, Richard Morse.

Washington Junior High's gymnasium will be the scene of the Dec. 18 City Wide Advanced Youth Orchestra and All City Junior High Orchestra

Pearsall-Goodrich Vows Spoken

White satin bows marked family pews for the vows of Sue Ann Lois Goodrich of Hammond Street to Ronald A. Pearsall this afternoon in the First Methodist Church, Hudson.

Receiving some 300 guests in the church parlors were the bride and groom and their parents, the Milton Goodrichs of Hudson and the William Pearsalls of Drayton Plains.

Triple tiers of imported bridal illusion fell over the bouffant tulle of white bouquets. Almond lace applique trimmed the bodice and unpressed side pleats which fell into a chapel train. White gardenias, gypsophylla, lily and stephanotis were arranged in a cascade.

Attendants in red moire sheath dresses with overskirts were matching shoes and carried hats. Matron of honor Mrs. David Gehman of El Segundo, Calif., carried white gardenias and stephanotis with gold leaves.

Play Bridge

The Wednesday Duplicate Bridge Club met in the Elks Temple for its weekly tournament.

Winning first this week were Mrs. Dan MacPherson and Mrs. Lester Hamilton, north and south, and Mrs. Carl Bolten and Mrs. Charles Patrick, east and west.

Other winners were Mrs. Paul Potter and Mrs. Robert Dawson; Mrs. Adolph Magnus and Mrs. Howard Marsh; Mrs. Ira Benjamin and Mrs. Ernest L. Guy; Mr. and Mrs. Luther Green.

December games will be played at 12:30 p.m. in the Hotel Waldron.

POMPONS AND GRAPES

Bridesmaids Hazel Abel of Adrian, Mrs. Vernon Hosack

The bride, an alumna of Adrian College, teaches in Bloomfield Hills. The bridegroom attended Central Michigan University. Returning from a northern Michigan honeymoon, the couple will reside on North Perry Street.

Green cymbidium orchids and moss green accessories accented Mrs. Goodrich's beige crepe dress. Wearing beige satin, Mrs. Pearsall chose a cascade of pink sweetheart roses.

Green cymbidium orchids and moss green accessories accented Mrs. Goodrich's beige crepe dress. Wearing beige satin, Mrs. Pearsall chose a cascade of pink sweetheart roses.

Ladies' Guild Has Luncheon

Some 24 members of the Ladies Guild of Oakland Avenue United Presbyterian Church met Thursday for a cooperative luncheon in Fellowship Hall, Cohassetes were Mrs. Fred Shields and Mrs. Charles Hearner.

Mrs. Howard Hall was elected president for the coming year; Mrs. Clarence Felling, vice president; Mrs. Foster Berdan, recording secretary; Mrs. C. W. Seaman, corresponding secretary; Mrs. Marion Brown, treasurer.

Guests for the afternoon were Mrs. Clifton Cole and Audrey Linkemmen.

The December meeting will be with Mrs. Ada Mortenson of Tasmania Avenue.

Guests for the afternoon were Mrs. Clifton Cole and Audrey Linkemmen.

Figure Fashioners Cite Mrs. McLeod

The Fashion-Figure Club of Pontiac met Thursday evening in the Adah Shelly Library.

Mrs. Joseph McLeod won the weight loss trophy for the week. Mrs. Robert Sawyer and Mrs. Thomas Lewis shared runner-up honors. Mrs. Robert Westland reported the highest number of pounds gained.

The group is sponsored by Pontiac Parks and Recreation Department.

Janice Antons's citizenship class honored members of the group who became naturalized this week with a graduation program and party Wednesday evening in Pontiac Central High School.

Mrs. William Todd, American chairman of the Daughters of the American Revolution, General Richardson Chapter, and Mrs. Joseph Phillips, American chairman of the American Legion Auxiliary, Chief Pontiac Post, gave brief talks and presented the honorees with American flags and flag codes.

Alex Bogar showed films of the class picnic last September. New citizens honored were the Frank Mulholland, the Raymond Garanti, the Gilbert Gauthiers, the Hermann Wurda, Mrs. Florence Yari, Anthony Kiefer, Mrs. Lee Eby,

Mrs. Elsie Hillan, Mrs. Marlene Hampshire, Waldemar Bauer, Roland LeClerc, Mrs. Annelies Qualls, Mrs. Elizabeth Kirk and son Michael, Mrs. Maria Smith, Mrs. Elsie Lieber and Alex Bogar.

Mrs. Daisy Langton, member of the board of directors of the Citizens' League, was a guest. Refreshments were served by the ladies of the class under the chairmanship of Marjorie Davis, Hilda Carpenter and Frieda Philipps.

Lewis G. Waterfield

Lewis G. Waterfield of Pontiac received a bachelor of science degree in accounting from Ferris Institute. His fraternity is Sigma Alpha Delta. He is the grandson of the Glen Waterfields of Michigan Avenue and the son-in-law of Mrs. George Dittler of Dwight Avenue. He will reside in Flint.

The News of Social Happenings

By RUTH SAUNDERS

BIRMINGHAM — At a recent dinner at the Detroit Athletic Club Mr. and Mrs. Herman G. Klemm of Bristol Lane announced the engagement of their daughter Barbara Elsie to Morgan Richard Davis of Huntington Woods. He is the son of Mrs. Ray E. Davis and the late Mr. Davis.

Mr. and Mrs. Richard Anderson have come from their home in Port Huron to spend this weekend with Mr. Andrew H. Davis and his wife. Dr. and Mrs. William Cutting and Mr. and Mrs. Richard Devereaux.

Mr. and Mrs. Robert W. Budd have returned to their home in Charlottesville, Va., after a visit with their son-in-law and daughter Mr. and Mrs. William B. Saunders and their children. The Budds formerly lived in Bloomfield Hills.

Hostesses at separate luncheons Dec. 5 are all working for the same goal, namely, to benefit Bloomfield Country Day School on East Square Lake road.

Scores of the different games played will be pooled and tallied together.

Luncheon hostesses include Mrs. Earl S. McPherson (chairman), Mrs. Read Jenkins (cochairman), Mrs. John E. Blumquist, Mrs. James H. McPhail, Mrs. A. James Stirling and several others.

Dinner hosts for the same benefit will be Robert G. Wild and the Donald A. Nicholles.

Travelers planning to be back in time for Christmas include Mrs. L. Phelan, Patricia of the newweds are the John Nobles of Forest Avenue, Waterford Township, and the Valmor LeClairs of Flint, formerly of Waterford.

White fur hats and muffs topped with holly complemented green nylon and velvet dresses as bridesmaids Janet LeClair, Sandra Smith and Michael Hallenbeck. Honor matron Mrs. Frederick Gibb Jr. of Clarkston carried white carnations and red roses.

CARRIED RINGS

Cynthia Ann Noble was flower girl, and John P. Donelson of Utica carried the rings.

Frederick Gibb was best man. Seating guests were Donald Myers, William and John J. Noble, brothers of the bride, Kenneth N. Donelson of Utica, and David H. Gustafson.

After an evening reception in the Knights of Pythias Hall, the newweds will leave for northern Michigan, returning to a home in Clarkston.

Pink roses and white carnations complemented Mrs. Noble's beige lace sheath over butterscotch taffeta. Mrs. LeClair chose a caramel silk sheath with bodice of Chantilly lace and corsage of yellow roses and white carnations.

Mr. and Mrs. Robert W. Budd have returned to their home in Charlottesville, Va., after a visit with their son-in-law and daughter Mr. and Mrs. William B. Saunders and their children. The Budds formerly lived in Bloomfield Hills.

Reflections
BROTHERHOOD

Brotherhood is very much in evidence; broken toys are collected and repaired to make youngsters happy; choral groups are practicing to bring joy to strangers; choirs are rehearsing Christmas music to lift the hearts of fellowmen; committees are arranging baskets for the less fortunate.

Service Clubs, dedicated to the betterment of Pontiac give generously for entertainment of children; the aged, the blind; this is Brotherhood in the broadest sense.

Lodges are smoothing the paths of brothers, helping them to reconcile their duties, inspiring them to greater levels of service. Brotherhood, to them, is service in the purest interpretation.

We hear a tinkling bell, see a tripod and a pot. These are symbols of Brotherhood. Our hearts are the material out of which will be built a bridge over a chasm of despair. This is applied Brotherhood.

Our Postal Department is staggering under a heavy load of Brotherhood-communications that bring love and happiness, gifts that sing their merry way to the altar of Brotherhood. Indeed, wherever we look we find an ideal of Brotherhood.

Pontiac Area Deaths Scout Honored for Saving Boy

Waterford Twp. Teen Rescued Wp. Skier on Silver Lake in '60

A Waterford Township teen-ager has been given an award of commendation by the Clinton Valley Council of Boy Scouts of America for rescuing a injured water skier on Silver Lake last Labor Day.

Donald J. Humphries, 14, son of Mr. and Mrs. Donald Humphries of 2864 Dixie Highway, was presented the commendation at a recent court of honor.

Humphries, a member of Weaver-Hawthorne Troop 29, was riding in a boat pulled by a fellow scout, Paul Bowers, 13, of 2500 Riverside Drive, Waterford Township, when Bowers hit a floating object and fell.

The executive board of the council said the commendation was for Humphries' "fine display of scout training" and that his "prompt and correct handling of the situation prevented Bowers from suffering worse injuries."

Humphries dove into the water, carried Bowers back to the boat and applied first aid. Bowers suffered a broken collarbone.

A pupil at Washington Junior High School, Humphries is the oldest of four children.

Humphries lived into the water, carried Bowers back to the boat and applied first aid. Bowers suffered a broken collarbone.

Broomfield Plans Talk on Far East, Communist China

The Far East and Red China will be discussed Monday night in Madison Heights by Congressman Broomfield, a member of the House Foreign Affairs Committee.

Broomfield, a member of the Madison Heights, Ferndale and Hazel Park. The meeting will be at the Madison Heights High School.

November Toll in Traffic - 134

Report Reduction of 17 From November 1960 Road Deaths in State

EAST LANSING — There were 134 traffic deaths in Michigan in November, a reduction of 17 from the 151 killed during the same month last year, state police reported today.
