Road 'Priority' List Draws Criticism Here

Plans Virtually Ignore Oakland County's Needs

Press to Aid Legislator in Compiling Extensive Data on Area Picture

Oakland County highway officials expressed disappointment today over the apparent failure of the State Highway Commission to include heavily-traveled area trunk lines in the priority list of road improvements to stem from the recent gas-tax hike.

The only Oakland route included in Highway Commissioner Charles M. Ziegler's "priority" list is U.S. 16 from Brighton to east of Farmington. (See complete priority list on page 14.)

Oakland's State Sen. William S. Broomfield (R-Royal Oak) today said he will gather extensive data on the county's needs on roads eligible for the funds and arrange a meeting with Ziegler to discover exactly what the commissioner's plans are for this area.

The Pontiac Press will aid Broomfield in gathering a comprehensive picture immediately.

Some officials today indicated a feeling that Ziegler had "shied away" from Oakland routes because of the toll road proposed to run north through the county.

TOLL ROAD UNCERTAIN

They pointed out that construction of the pay-as-you-go highway is not a certainty and said, even if it is built, congestion will remain heavy on other local state routes.

"I wouldn't say that Ziegler listed his complete thinking," said Broomfield. "I'm still confident Oakland will receive a higher proportion of the funds than other counties, with the exception of Wayne."

"We are the second county in population and will pay the second highest amount of the new taxes. It's only just that we should receive a major amount of new construction."

American Gives Vacation Plan

UAW, Company Reach Tentative Agreement, Recess Talks

DETROIT (AP)—American Motors Corp. and the CIO United Auto Workers have announced tentative agreement on a new vacation plan for the 22,000 AMC workers represented by the union.

The announcement was made yesterday after company and union negotiators recessed talks on a new national contract until July 12.

A company spokesman said the national negotiations were recessed to permit negotiations of the local level at company plants at Milwaukee and Kenosha, Wis.; Detroit and Grand Rapids, and El Segundo, Calif.

American Motors and the UAW opened bargaining talks on a new contract last week. The current company-union pact expires Aug. 13.

The union already has said it will press AMC for a supplementary wage plan similar to that granted earlier this month by General Motors and Ford.

The vacation plan announced yesterday would provide American Motors employees with from 40 hours of vacation pay to a maximum of 120 hours, depending on their seniority.

Meanwhile, Chrysler Corp. and the UAW announced yesterday they will open new contract talks Monday—about a week ahead of schedule. The union is expected to seek a contract settlement for 110,000 hourly rated Chrysler workers similar to that gained from Ford and GM.

'Fatpuffs' Told They're Cutting Down Life Span

TORONTO (AP)—What did your bathroom scales tell you this morning? Are you a "fatpuff" or a "thinier?"

If you're a "fatpuff" then do something about it, for the medical profession is building up an increasingly strong statistical indictment against flabbiness—overweight from the ages of 25 upward is a serious killer of both sexes.

Doctors attending the British and Canadian Medical Association's joint meeting here this week heard British physician Dr. E. R. Cullman discuss the nature, effect and treatment of simple obesity, the label given to about 95 per cent of all problems of overweight.

He made a plea for kindness and sympathy toward the problem of obesity.

"If we laugh off or dismiss overweight in our patients, I think we are doing them a great disservice," he said.

Hearing July 11 on State Pipeline

SEC to Study Finance Plan for Proposed Gas Link With Louisiana

WASHINGTON (AP)—The Securities and Exchange Commission (SEC) has set July 11 for the opening of a hearing on financing plans for a proposed Louisiana-to-Michigan natural gas pipeline.

The pipeline already has been authorized by the Federal Power Commission.

The American Natural Gas Co. and its subsidiary, the American Louisiana Pipe Line Co., seek SEC approval for a 130 million dollar plan to finance the line.

American Natural wants to sell 7,365,556 additional shares of common stock by offering its stockholders rights to buy one share for five shares now held. American Natural would invest 20 million dollars of the proceeds in common stock of American Louisiana and the rest in other subsidiaries.

American Louisiana has proposed to sell 97 1/2 million dollars of 4 1/2 per cent first mortgage bonds with a maturity date of Jan. 1, 1977. The Metropolitan Life Insurance Co. would buy 87 1/2 million of the bonds and the other 9 1/2 million would be taken by the Mutual Life Insurance Co. of New York.

American Louisiana also would issue 12 million dollars worth of interim notes to provide the balance of the financing.

Haircut Prices Going Up? City Barbers Won't Say

The barbers aren't talking—for a change.

It's rumored that haircut prices are going up. Wanting to find out if the reports were true, the Pontiac Press checked several barbershops.

"I'm not authorized to say, but you won't be scooped," one barber said.

"How will we know then? Will the barbers let us know?" he was asked.

"I told you I'm not authorized to say. You'll just have to see when the new price lists go up."

You take it from there.

Steelworkers Reject 10 Cent Hourly Raise

U.S. Steel Studies Next Move to Prevent Strike on Thursday

PITTSBURGH (AP)—U. S. Steel Corp., its offer to boost wages about 10 cents an hour flatly rejected by the CIO United Steel Workers, today studied its next move to head off a threatened strike at midnight next Thursday.

No negotiations were scheduled. But both sides indicated that behind-the-scenes talks were in the works.

David J. McDonald, president of the USW, turned down the offer last night less than an hour after it was made.

Big steel termed it "substantial" and said it "should produce a prompt settlement."

McDonald declared:

"We can see no justification whatsoever to accept a settlement this year—the most profitable in the industry's history—which is approximately one-half of the cost of the settlements already made in the automobile industry. We will not accept such discriminatory treatment."

Steel workers now average \$2.33 an hour.

The USW's two-year contract, which provides for wage talks only this year, permits it to call its members out on strike at midnight June 30 unless an agreement has been reached.

McDonald summoned the union's 170-man wage policy committee to meet here Monday "in light of the critical situation."

Although U.S. Steel did not reply immediately to McDonald's invitation for round-the-clock negotiations if necessary, McDonald indicated he planned to confer during the weekend with John Stephens, chief negotiator of U.S. Steel.

Meanwhile, negotiations with other major producers continued in recess. In the past the industry has followed the contract pattern of U.S. Steel.

Steel companies have indicated that any wage boosts will result in higher steel prices.

Cool and Cloudy Weather Outlook

Weekend weather is due to be cool and somewhat cloudy, according to late forecasts of the U. S. weather bureau.

In fact, the weatherman foresees temperatures about four points below normal for the next five days, with the weather due to warm up about Wednesday.

Today's high in Pontiac is expected to be about 74 degrees. Tonight, the mercury may go as low as 52.

Downtown today's low before 8 a.m. was 52 degrees. The thermometer registered 74 at 3 p.m.

Far Right, Left Push for Power

Gaining Importance in Italy's Current Crisis Over Cabinet

ROME (AP)—Italy's far right and left political factions stepped up their campaigns to gain a greater voice in the government today as the nation's Cabinet crisis went into its third day.

With President Giovanni Gronchi continuing his consultations seeking a successor to Premier Mario Scelba, the two top contenders appeared to be ex-Premier Giuseppe Pella and Budget Minister Ezio Vanoni.

The demands made by the Communists, the fellow-traveling leftwing Socialists and the Monarchists took on new importance since it appeared that a part of the votes needed by any new premier to command a parliamentary majority would have to come from one of the three parties.

The Christian Democrats, the largest single faction in Parliament, have only 262 of the 590 Chamber of Deputies seats—34 short of a majority. Scelba, Pella and Vanoni all belong to this party.

Pella, who leads a right-wing faction that forced Scelba's resignation Wednesday, probably would look to the Monarchist right for unofficial support. Vanoni might seek his supporting votes from the left-wing Socialists led by Pietro Nenni.

Ike Drops Teasing Hint That He May Run Again

WITH EISENHOWER IN NEW HAMPSHIRE (AP)—President Eisenhower's "teaser" suggestion he might seek a second term focused close attention today on his tour of New Hampshire—first state to support him in the 1952 primaries.

The President has two more speaking engagements in the Granite State—one at Lincoln, the other at Franconia Notch—and there was plenty of advance speculation whether he might deal again with the big question: Will he run again?

He dealt with it in only a teasing way in a speech late yesterday at Concord, N. H., but it completely surprised his police-estimated audience of 15,000 persons in State House Plaza.

There was no shred of certainty afterward whether he was just having a bit of fun—or whether he had meant to put across the idea that he is in the market for another term. Many of his listeners were inclined to the latter idea.

It came about this way: The President had been telling the New Hampshire crowd how Sherman Adams, former governor of the state and now Eisenhower's chief aide, boasts about New Hampshire to the White House staff.

Eisenhower said his eagerness to find out for himself was one of "the serious reasons" for his visit to the state.

Tonight he will be an overnight guest at the farm of Secretary of Commerce Weeks at Lancaster, N.H. Tomorrow he will settle down for a weekend of fishing at Lake Parmachenee in Maine. After a speech Monday at Skowhegan, Maine, home of Sen. Margaret Chase Smith (R-Maine), he will fly back to Washington.

Social Security Tax Hike Hinted

House Dems Reported Considering 1 Per Cent Boost for New Benefits

WASHINGTON (AP)—House Democrats were reported considering today a future 1 per cent hike in the social security tax to pay for the new benefits they want to give older women and disabled workers.

House Ways and Means committee members were armed with this estimate of the more unpleasant, "how to pay for it" side of the Democratic-sponsored plan as they went into a fourth straight day of closed sessions.

The Democratic majority has already tentatively approved proposals to lower from 65 to 62 the age at which women can receive social security benefits and to allow payments at any age to workers under the system who become totally disabled.

Committee sources said the group has heard from government specialists that the changes would eventually cost the social security program nearly \$2,200,000,000 a year and require about a 1 per cent hike—one half per cent each on the worker and employer—in the social security tax rate.

Payments into the social security fund now come mainly from a 2 per cent tax paid by the worker on his income up to \$4,200 a year plus an equal amount paid by the employer. Under present law this combined 4 per cent, still to be split half and half, is due to go up to 5 per cent in 1960 and another 1 per cent more every five years thereafter until reaching 8 per cent in 1975.

Thus an added 1 per cent from the Democratic-proposed changes would boost the percentages that reach all along the line until it reached 9 per cent in 1975, 4 1/2 per cent each for worker and employer.

The committee was reportedly told that the extra 1 per cent would certainly have to go into effect by Jan. 1, 1957, if the social security fund isn't to go into the red.

Says Commies Cause Tension by Using Force

Tells U.N. That They Can End Cold War by Changing Tactics

SAN FRANCISCO (AP)—Secretary of State John Foster Dulles told Russia in blunt language today that the way to end the cold war is to stop using force against other countries and to stop supporting subversion.

In a stinging attack on communism, Dulles declared:

"To bring the cold war to an end, seven points are not needed; this one is sufficient."

The secretary spoke at the U.N.'s 10th anniversary meeting, which Wednesday heard Soviet Foreign Minister V. M. Molotov propose a seven-point program to liquidate the cold war.

Dulles spoke with President Eisenhower's "full confidence and concurrence." The President himself said so on Monday when he addressed the opening session. He told the delegates the secretary would speak today "on appropriate elements in the foreign policy of this nation."

Dulles pulled no punches as he reviewed the role of communism in recent history. He agreed with Molotov that some problems had been settled recently, but he said they would have been settled years earlier except for the Communists.

"We do not forget," he said, "we dare not forget, that some of those who now hail the recent developments are precisely those who for years sought to stop them."

Dulles strongly defended the North Atlantic Treaty Organization and other regional organizations which Molotov blamed for much of the trouble today. These organizations were based on the spirit of the U.N. Charter, he said, and it was Western strength, backed by these organizations, which had led to the solution of major problems.

Then, in sarcastic language, he took up the problems which Molotov had listed in his speech as having been solved. The Korean War, he said, was ended only after U.N. forces had repelled Communist aggression.

"It is indeed strange," he said, (Continued on Page 2, Col. 2)

Federal Pay Hike Awaits Ike Signing

WASHINGTON (AP)—A 7 1/2 per cent pay raise for more than one million government workers needed only President Eisenhower's approval today to become effective as of last March 1.

The Senate and House both approved yesterday a compromise version of the pay bill and sent it to the White House for expected signature when the President returns from a tour of New England. The measure would cost about 328 million dollars a year.

Sights Being Raised Again on U. S. Business Boom

NEW YORK (AP)—Once more the sights are being raised on the business boom. This time business is feeding on its own growing confidence.

Consumers led the way with purchases that more than made up for the drop in government spending for defense. Now industrial leaders are aiming higher than a few months back and their spending for new plants and modernized equipment is pushing general prosperity to new peaks.

Summer with its heat and vacations may slow the economy down for a spell. But now, almost daily, come reports of new records in autos, steel, aluminum, machine

tool ordering, shoe making, construction, incomes, stock prices, in industrial output in general.

Businessmen's own spending is now backing up the gains in consumer spending. The Department of Commerce reports. Fed by higher incomes, the willingness of Americans in general to spend more this year has given businessmen the confidence necessary to plan for increased capacity to produce.

General Motors, for example, has just announced a new 500 million dollar expansion program for more floor space, new machine tools and presses.

The Commerce and Labor Departments join in boosting their previous guesses on total construction expenditure this year. They now think the total will come to about 42 billion dollars, a record for any year, and at least 11 per cent above last year's mark, the previous record. About 21 per cent more will be spent for new homes this year. The departments note "a trend toward larger and more expensive homes."

Spending on new commercial buildings will be up 30 per cent, on industrial plants up 8 per cent and on private utilities up 4 per cent.

The U. S. Chamber of Commerce is even more optimistic than the two government departments. It sees the speedup in construction assuring that current good times will last well into 1956.

Some solid backing for the anti-

Some solid backing for the anti-

mism comes from current industrial reports.

Steel masters this week are turning out the greatest tonnage of any week in history. Blast furnaces making pig iron also report a record—the steel-making ingredient poured from the furnaces in May at a record total of 6,804,935 net tons.

Aluminum is selling so well that the Office of Defense Mobilization says demand will top supply this summer, even though 200 million pounds is being diverted from shipment to the government stockpile.

Auto makers have already

car this year. In their previous record year it took them until August to reach that mark.

In the stock market new all-time highs are being set regularly of late.

How long can it last? Some caution against overconfidence. One, Henry H. Heimann, executive vice president of the National Assn. of Credit Men, warns:

"One mistake that could set us back for quite some time would be to assume that business can continue without pause at its present high speed. Or that the stock market can go in only one direction — up. Or that debt is

Wilson Lauds U.S. Generosity

Tells Engineer Group American Aid Best Way to Promote Peace

UNIVERSITY PARK, Pa. (AP)—Secretary of Defense Charles E. Wilson cites the United States' policy of "colonialism in reverse" as a basic plan on which the nation may base a hope of maintaining world peace.

"America's efforts after both world wars have been directed towards the rehabilitation of defeated nations. We use our money, time and resources to benefit other peoples," Wilson said last night.

He added the nation's long-time belief in human rights, discoveries in the field of science, and the use of mechanical horsepower and machines to improve the standards of living were other factors on which the nation could base hope for peace.

Speaking before 2,400 engineers attending the 63rd annual meeting of the American Society for Engineering Education, Wilson said colleges and universities must play an important part in helping to develop the understanding that leads to world peace.

Wilson said that George Washington's philosophy to avoid foreign turmoil no longer applied but that his belief in the importance of goodwill and virtue and integrity in all of our international affairs applies today.

The society awarded Dr. Vannevar Bush, retiring president of the Carnegie Institution of Washington, its 1953 Lammie medal for distinguished service in engineering education.

Peron Forming New Cabinet

Says He Will Remain in Office Only Because 'People Need Him'

BUENOS AIRES, Argentina (AP)—President Juan Peron worked on a new cabinet lineup today after telling the Argentine people he is staying in office only because they need him.

"If I were not strengthened by the importance to me of the people," he said in a nationwide broadcast last night, "I would abandon the government this very day. If I have not done it, it was because I really fear the consequences my selfishness would bring down on the nation."

Peron's broadcast reviewing the bloody revolt last week came only a few hours after his 16-man cabinet resigned. The presidential press secretariat said the ministers wanted to let the President reshuffle the government as he wished.

The broadcast and the mass resignation appeared to be new evidence that Peron had retained his grip on Argentina, despite speculation and rumors that the revolt had weakened his power. The radio speech was the President's first public utterance since Saturday.

Diplomatic sources in Montevideo, Uruguay, predicted the new Argentine Cabinet would be composed mainly of military men. These sources said at least four members, including Interior Minister Angel Borlenghi, would not be reappointed. Controlling the all-powerful police, Borlenghi was a key member of the previous government.

Snooze in Car Proves Costly to Pontiac Man

Sleeping in his car in the middle of Telegraph road was a costly snooze for Ulysses E. Evans, 40, of 499 Colorado Ave.

Evans, arrested yesterday while he slept in his car at Square Lake and Telegraph Rds., was sentenced to 75 days in Oakland County Jail by Springfield Township Justice Emmett J. Leib today.

Leib said Evans will spend 90 days in jail if he fails to pay a \$100 fine and \$15 costs.

Bloomfield Township Police said Evans' car was straddling the two northbound lanes of Telegraph while heavy traffic whizzed by on both sides without disturbing the sleeper.

Leib said he gave Evans the heavy sentence for "endangering other motorists and because he was operating his car with a suspended driver's license."

Missing Car, Safe Recovered Thursday

A new car and a 1,000-pound safe, reported stolen from a Rochester auto agency last Thursday, were recovered last night on a country road in Oxford Township.

They were found by two Detroit youths, Denver Snelson, 19, and Larry Maser, 20, who were returning from a fishing trip when they made the discovery on Oakwood road, two miles east of M24.

The safe, reportedly containing \$1,000 in cash and \$2,000 in checks, was blown open, Sheriff's deputies said.

The car and safe, found in bushes near the road, were taken from Houghton and Son Inc., 528 N. Main St., Rochester.

Dulles Stingingly Attacks Commies

(Continued From Page One)

"to hear this triumph of collective security now hailed as proof of the peace-loving character of the aggressor and its supporters. If they had had their way, we would today be commemorating the fifth anniversary of the demise of the United Nations."

Dulles said further: The Indochina fighting was ended by agreement in Geneva, but only after the United States and other nations made it clear that continued fighting might call for collective action within the framework of the U.N. charter.

The Austrian treaty should have been signed years ago, but it was delayed while one of its occupying powers exploited its economy for a decade.

Yugoslav-Soviet relations have been improved but they were bad in the first place only because Yugoslavia had broken away from "an alien yoke."

The recent Soviet overtures to West Germany and Japan came only after years of abuse and hostility from Russia.

Then Dulles listed five major problems, which he hinted he would like to see tackled by the summit meeting of the Big Four in Geneva next month. He did not list them specifically as agenda items, but he enumerated them as he led into his discussion of the Geneva talks.

They are:

1. Unification of Germany.
2. The problem of the Eastern European satellites of Russia.
3. Communist China's use of force and threats of force in Korea, Indochina and Formosa.
4. Efforts of "international communism" to overthrow governments by conspiracy.
5. Disarmament.

"These are some of the problems that confront us as we face the future," Dulles said. "They are problems which cannot be met if we shut our eyes to them, or if we are weak, confused, or divided."

"They are problems that can be met if we are faithful to the principles of our charter, if we work collectively to achieve their application, and if we are prepared to labor and sacrifice for the future as we have in the past."

It was here Dulles asserted the cold war can be ended by halting the use of force and subversion. Early in his speech Dulles referred to "abuse" of the veto in the U.N. Security Council and said this led to the creation of regional organizations under Article 51 of the charter. This article provides that member nations can defend themselves individually or collectively against aggression.

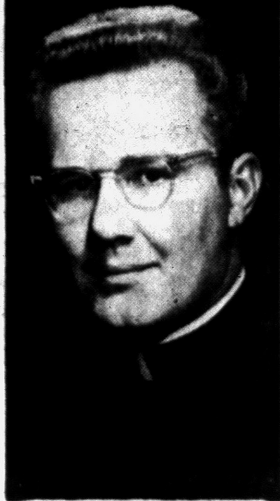

Dulles' speech follows one of the most cordial private meetings ever held between the secretary of state and Molotov. They dined together yesterday at Molotov's suburban villa and reportedly settled the arrangements for the summit meeting of the Big Four in Geneva next month.

REV. WILLIAM C. GRAFE

New Church to Open in Bloomfield Area

BLOOMFIELD TOWNSHIP—The Lutheran Church of Bloomfield Township will hold its opening day service at 9:30 a.m. Sunday in its new church, a reconstructed schoolhouse at Telegraph and Square Lake Rds.

One of the former classrooms has been converted into a sanctuary to accommodate 125 worshippers. A second room will serve the Sunday School department, whose class sessions will begin July 10.

The church, of grey stucco, is finished inside with light green and sandalwood. The altar and lectern were designed to conform to the building, and a new electric organ has been installed.

The Rev. William C. Grafe of Westacres will have charge of the mission church. Pastor Grafe finds himself in the unique position of establishing a church in the same school building in which he received his grade school education.

The new church is affiliated with the Missouri Synod.

Memphis Snubs Power Combine

Decides to Build Own Plant Rather Than Use Dixon-Yates Electricity

MEMPHIS, Tenn. (AP)—The city of Memphis has decided to build its own electric plant rather than accept power from Dixon-Yates. So what happens now?

The City Commission's move yesterday was the ace in the hole for backers of the Tennessee Valley Authority who bitterly oppose any tie up with the private power Dixon-Yates combine.

A new congressional attack on the controversial Dixon-Yates contract seems virtually assured. President Eisenhower, who backed the Dixon-Yates contract solidly, once told a news conference he would like to see Memphis build its own plant. But there was no immediate comment on the Memphis move from high administration officials.

The controversial Dixon-Yates contract was conceived to provide electricity for the Memphis area, replacing TVA electricity used in atom plants.

Health Service Backs Up Experts' OK of Vaccine

WASHINGTON (AP)—The Public Health Service, agreeing with the opinion of a panel of medical experts, says "we continue to endorse the manufacture and use" of Salk polio vaccine.

The health service statement, reaffirming its earlier stand, was issued as the House Commerce Committee completed two days of unusual hearings in which researchers expressed opinions which added up to an 8-2 vote of confidence in the vaccine.

There still was no word, however, on how soon additional supplies of the vaccine might be available. A special vaccine clearance committee which advises the health service met late yesterday, but took no action on supplies awaiting clearance.

The verdict of the panel was immediately endorsed by U.S. Surgeon General Leonard A. Scheele in a statement saying:

"The Public Health Service repeats its belief that the present Salk vaccine is effective and safe for use. We recognize the need for a substitute for the Mahoney virus strain. We agree that research should be carried out to improve further potency measurements and safety testing procedure. In short, we continue to endorse the manufacture and use of this vaccine."

There still was no word, however, on how soon additional supplies of the vaccine might be available. A special vaccine clearance committee which advises the health service met late yesterday, but took no action on supplies awaiting clearance.

The health service statement, reaffirming its earlier stand, was issued as the House Commerce Committee completed two days of unusual hearings in which researchers expressed opinions which added up to an 8-2 vote of confidence in the vaccine.

County Builder Given Sentence

Ex-Teacher Ben Bayer Draws Jail Terms on Larceny Charges

An Oak Park builder, who launched his business with more than \$800,000 in loans from the Detroit Teachers Credit Union, was sentenced to 2 to 5 years in Jackson State Prison yesterday in Detroit Recorder's Court.

Ben Bayer, 43, also was sentenced to 1 1/2 to 5 years in Jackson Monday in Oakland County Circuit Court on a similar larceny charge by conversion.

Bayer is attempting to perfect an appeal on both convictions.

The one-time college basketball star, and former Detroit teacher, still owes the credit union more than \$180,000. The firm said its investment is protected by mortgages on 16 of the 38 homes Bayer built in Oak Park.

The company's manager said he could not explain how the loans, dating from March 6, 1948, were made, since they occurred before he began duties.

Bayer, of 16815 Linwood, said the homes cost more to build than he anticipated and he could not finish construction of several or return down payments made by customers.

The Oakland charge was brought by Nicholas Grigoros, of 13720 Courtland, Oak Park. Grigoros claimed he made a \$5,000 down payment, then discovered there is \$13,400 still owed to contractors who worked on the home he intended to buy. Bayer could not return the deposit, Grigoros alleged.

The Day in Birmingham

Stockholders Will Receive Wabeek Merger Proposal

BIRMINGHAM (AP)—On Monday stockholders of Wabeek State Bank and the Detroit Trust Co. will receive a merger proposal approved Wednesday by directors of both firms.

A vote is scheduled for July 26 and the proposition must also be approved by the State Banking Department.

MOVE EXPLAINED

The change affects six Wabeek branches, one in Birmingham. What the move means locally as well as in other offices, was explained by Fred C. Schlorff, Wabeek vice president:

"We will expand our customer services by adding a trust division, which we have never had before," he said. "This means that we will be handling estates, guardianships, transfers for large corporations and other things of that nature."

Officials said months of planning preceded the announcement and said consolidation will bring total resources to \$170,000,000. Combined capital, surplus and undivided profits will total about \$15,000,000.

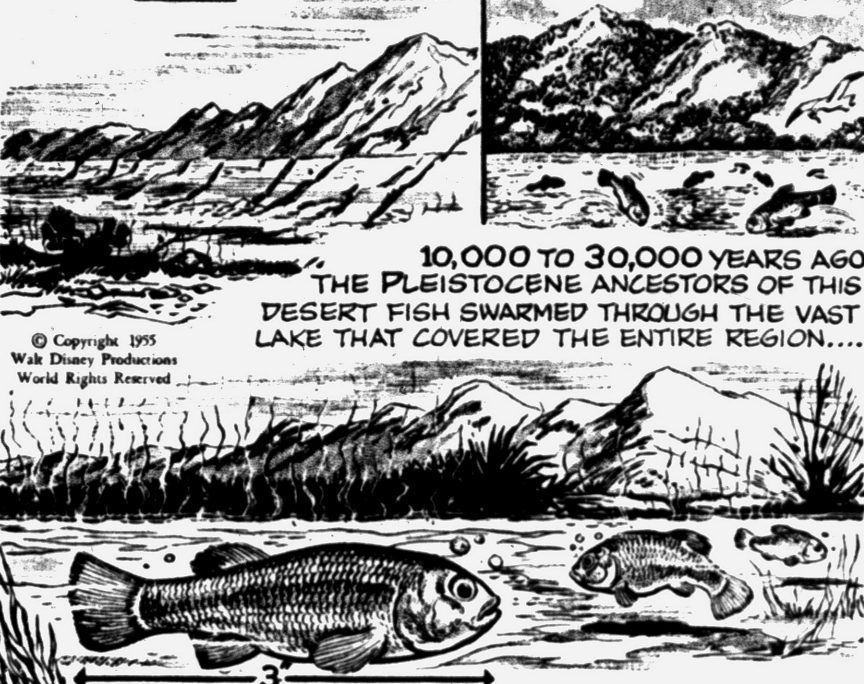

Pretzel Fees High

SAN DIEGO, Calif. (AP) — L. K. Taylor left by air for Pakistan but he forgot the pretzels he usually takes on air trips. Banker Millard Smith thought it would be

sporting to ship a two-bit bag of pretzels to Taylor in that pretzel-less place. It took three custom declarations and \$4.50 postage. Current population of Tokyo is estimated as 7,825,810.

Inquisitive Boxer Explores Inside of Heating Plant

MILWAUKEE (UP) — A \$200 boxer puppy toured his Milwaukee home recently via hot and cold furnace pipes.

Champ, owned by Mrs. Hazel Poquette, emerged unscathed from his perilous trip.

William Reimer, a roomer at Mrs. Poquette's home, said the dog pulled off the guard of the hot air register, and disappeared. Nearly a half hour passed. Then Reimer heard a scratching noise at the cold air return in the basement recreation room.

Reimer removed the return's guard and out popped a dirty but unharmed boxer.

Reconstruction of the tour indicated that the dog must have landed inside the bonnet of the

old-fashioned furnace, stumbled around it, fallen into the cold air return and crawled along it. Fortunately the gas burner, with its thermostat set at 65 degrees, didn't cut in while the dog was making his tour.

Kite-Flying Dangers Outlined by Expert

CHAMPAIGN, Ill. (UP) — A University of Illinois extension safety specialist calls the flying of kites a dangerous business.

O. L. Hogsett said electrocution and injuries from falls are among the hazards of the sport. Hogsett advised parents to make sure their children fly kites in safe areas and with proper string.

Hogsett said a safe area was one away from power lines and one without obstructions, ditches and other conditions to trip and injure a running child. The right kind of string in non-metallic, dry string.

Health Formula: 40 Cups of Coffee

MILWAUKEE (UP) — Chief Ben American Horse, 81-year-old leader of 12,000 Dakota Sioux Indians, had this advice for the white man when he visited Milwaukee recently:

Move easy, stay loose. Avoid whiskey, thin out the juice.

Confine your drinking to beer and ale.

Smoke without fear, but don't inhale.

Stay away from vitamin pills. Move to South Dakota's hills. Forty cups of coffee daily.

Keep the muscles feeling gaily.

West Bloomfield, Walled Lake Dances to Aid Frey Family

Benefit Victims of Fatal Crash

Saturday, July 1 Events to Help Father, Six Injured Children

By TOM BUCHANAN
With donations going to aid members of the Richard Frey family, who were hospitalized June 3 after a car-truck crash in the Shingleton, citizens in the Walled Lake area are planning two benefit dances Saturday night.

The dance funds will reduce some of the hospital expenses for Frey and six children, three girls and three boys, injured in the collision. The Freys live at 6504 Farmington Rd., Walled Lake.

Jerry Frey, 3, and Francis Teiter, Frey's brother-in-law, were killed when the car collided head-on with a semi-truck, near Munising on highway M28.

Darlene, 6 months, had been left with Mrs. Frey's aunt before Frey started north.

DANCE SLATED SATURDAY

Three West Bloomfield residents are making preparations for the first benefit dance to be held Saturday from 9 p.m. to 1 a.m. at the West Bloomfield Township Hall, 4460 Orchard Lake Rd.

Music will be provided by R. L. French and his orchestra, and Jack Whitehead will serve as square dance caller. Tickets are \$1.50 per person, with the night's receipts going to the Freys.

The affair is being arranged by Mrs. H. Bretzloff, Mrs. Karl Weber and Mrs. Robert French, who also organized a neighborhood fund which totals \$100 to date.

Any donations for the Frey family may be sent to the Robert French home, 4570 Orchard Lake Rd.

PLANNED AT WALLED LAKE

A second dance will be at the Walled Lake Casino July 1 where owners Albert and Elmer Tolettene are lending the use of the casino and are defraying part of the cost of Pee Wee Hunt's orchestra.

Tickets are \$1.00 per person and may be purchased from Mrs. Stanley Dennis, 404 Pontiac Trail, or Mrs. F. A. Murray, 531 Pontiac Trail, Walled Lake.

When the accident occurred, Frey was going north to bring back a relative to care for his eight children, as his wife, Grace, was in St. Joseph Mercy Hospital, Pontiac, undergoing treatment.

Frey and his daughter, Alice, were hospitalized in Munising. Three other children were taken to St. Luke's Hospital in Marquette, and two were treated and released. Alice and her father have since been transferred to St. Joseph Mercy Hospital here and are reported to be in fair condition.

Medical bills have mounted steadily, and the funds from the benefit dances will help alleviate the financial situation.

Frey is a carpenter and a member of Local 92, AFL.

The steamship Savannah, which left Savannah, Ga., on May 22, 1919, and arrived in Liverpool, England, on June 20, was the first steamship to cross the Atlantic.

Barth-Hergert Vows Received in Capac Church

IMLAY CITY — Marion Ruth Hergert and Donald Barth spoke their marriage vows last week in a double ring ceremony at the Federated Church, Capac.

The bride is the daughter of Mr. and Mrs. Conrad Hergert of Imlay City, and the bridegroom's parents are Mr. and Mrs. Archie Barth of Detroit.

Given in marriage by her father, the bride chose a full-length gown of imported Chantilly lace over satin. Her finger tip veil was held in place by a seed pearl tiara, and she carried a white orchid with Stephanotis.

Joan Hergert, sister of the bride, was the maid of honor. Bridesmaids were Ellen Brooks of Tallahassee, Fla., Sandra Barth DuPont of Birmingham, and Nancy Thorpe of Imlay City.

Hugh Barth served as his brother's best man. Ushers were Paul Barth, Robert Brown and Robert Morris, both of Dearborn.

Following the ceremony, a reception was held in the home of the bride's parents, where a buffet luncheon was served.

New Osteopathic Doctor to Practice in Oxford

OXFORD — A new osteopathic physician, Dr. E. Hugh Heck, will take up practice in Oxford about July 1, it was announced this week. He will be affiliated with Dr. H. J. Brown, in offices at 65 N. Washington St. He will conduct obstetrics and general practice.

Dr. Heck studied at Albion College and the Chicago College of Osteopathy, and is completing his hospital training at Flint Osteopathic Hospital. He has a wife and two small sons.

MR. AND MRS. LAURENCE L. STEWART JR.

Ardena Myers Married

OXFORD — The Oxford Methodist Church was the scene Saturday of the double-ring wedding ceremony uniting Ardena Louise Byers and Lawrence L. Stewart Jr.

The bride is the daughter of Mr. and Mrs. Roland Byers. Mr. and Mrs. Lawrence Stewart are the parents of the bridegroom.

For the afternoon rites the bride wore a floor-length white lace over satin gown, with an Empire collar and fitted bodice that flowed into a full satin skirt with an overskirt of white lace and tulle.

Doris Sweeney was maid of honor, and other attendants were bridesmaids Thelma Stewart and Mrs. Robert McMeans, and junior bridesmaids Linda Byers.

Robert McMeans was best man.

Clifford Hustlers 4-H Club Names New Officers

CLIFFORD — The Clifford Hustlers 4-H Club elected officers for the coming year at a meeting this week.

President of the group is Andy Schriber, and Gaye Clothier was chosen as vice president.

Mary Ellen Willson is secretary; Ellen Papke, treasurer; Sally Chappel, reporter; and Bernie Willson, Andy Schriber and Johnny Clothier are sergeants-at-arms. Jim Clothier and William LaBlanc are in charge of health and Eileen Kelly and Robert Schriber will handle recreation.

Next meeting of the club will be Mary Ellen and Bernie Willson.

Rochester C of C Plans Move to New Quarters

ROCHESTER — The Rochester Chamber of Commerce will move into its new headquarters in the Rosso Building, Fifth and Main Sts., on July 1, it was announced at a board meeting this week.

Plans to hire a professional secretary and keep the office open from 10 a.m. to 4 p.m. daily have been made. President Robert Warren said. The building formerly was occupied by the Van Hoesen Dairy Products.

Funeral Service Set for Mrs. Otto Zoller

LAKE ORION — Funeral service for Mrs. Mary Elizabeth Zoller, 80-year-old widow of the late Otto Zoller of 159 N. Shore Dr., will be held at 11 a.m. Saturday from Allen's Funeral Home. Burial will be in Woodmere Cemetery, Detroit.

Mrs. Zoller died Wednesday in Bloomfield Hills. Her late husband was credited with being the originator of Michigan's first gasoline filling station, an enterprise that grew out of a used car lot he had at First and Fort Sts. in Detroit.

Mrs. Zoller was a past noble grand of Esther Rebekah Lodge 225, IOOF, and a life member of OES Orion Lodge 340 and Western Shrine 33, Order of White Shrine of Jerusalem. Born in Canada Nov. 25, 1874, she had lived 30 years in Lake Orion.

She leaves two daughters, Mrs. George Fieger of Oak Park, Mrs. J. Floyd Johnson of Detroit; one brother, Charles Michelson of Canada; four grandchildren and six great-grandchildren.

Falconry, the ancient method of hunting game with trained falcons, or hawks, still is practiced by small groups in the Netherlands, England and America.

Lace, Satin Gown Choice of Bride Patricia Watson

DRAYTON PLAINS — A full-length gown of Chantilly lace and tulle over bridal satin was Patricia Ann Watson's choice for her marriage to Nathan Bangs Williams Jr. Saturday.

The ceremony was performed in St. Andrew Church, Ann Arbor, at 2:30 p.m., with 80 guests in attendance.

The bodice of the gown was also of lace, with a strand collar accented with seed pearls. Her fingertip veil fell from a crown decorated with seed pearls.

Mr. and Mrs. Kenneth C. Watson are the parents of the bride, and Dr. and Mrs. Nathan B. Williams are the bridegroom's parents.

Marion T. Bergen was the maid of honor, and Rita M. Beaudoin and Mrs. Paul V. Gadola Jr. were the bridesmaids.

Robert J. Norton and Wallace B. Eberhard seated the guests. David J. Williams, brother of the bridegroom, was the best man.

A reception followed immediately after the ceremony, in the church parish house.

The couple will return to live in Ypsilanti after a trip to the Smoky Mountains.

MRS. N. B. WILLIAMS JR.

Questions a Woman's Prerogative

She's Hot-Headed Over Keeping Hat One-of-Its Kind

By EMILY POST

The following letter presents a very difficult situation: "What can one say when asked point blank by someone, 'Where did you get your hat?' and then proceeds to ask, 'Do you mind if I get one like it. It's just the type I've been looking for.'"

"I ran into this situation the other afternoon and, not knowing what to say without being rude, I said of course I did not mind and then told her where I bought it."

"But I did mind—very much. No woman likes to see her hat on somebody else. But what does one do?"

Answer: This is a very unfair question for anyone to ask because as you yourself say it is very hard to refuse—in fact almost impossible, unless the hat was especially designed for you.

In which case you could say that it was especially made for you and frankly you don't want to have it duplicated. If it is a stock model you really have no excuse.

"Dear Mrs. Post: I have a problem which I hope you will be able to solve for me."

"Very soon I will have to introduce a young married couple to several friends of mine and I am not sure how it should be done."

"You see, the wife is a doctor and her husband is not."

Answer: If you wish to introduce them both at the same time you can say, "Mr. John and Dr. Mary Brown," or more probably you will introduce one first, and then the other—"Dr. Brown" and then "Her husband, Mr. Brown," or "Mr. Brown" followed by "His wife, Dr. Brown."

"Dear Mrs. Post: Recently I wrote a personal letter to a friend who lost her mother and I did not receive a reply."

"Am I right in feeling that this letter should have been acknowledged?"

Answer: Your letter should have been acknowledged but surely you realize the state of mind your friend must be in and if I were you I would forgive rather than criticize her for not answering your letter.

Crescent Lake Beach, Park Being Built

To Meet Sunday for Discussion

Association Frontage Completion Hoped for by Early July

CRESCENT LAKE—A new beach and park is in the making at Crescent Lake, and residents in the Crescent Lake Country Club Subdivision have been urged to turn out at 2 p.m. Sunday at the beach site.

Plans for the beach will be outlined, and discussion held on best method of having it ready by the early part of July.

The Crescent Lake Country Club Park Assn., whose membership is comprised of residents in the subdivision, currently owns 450 feet of lake frontage. Dredging has been going on at the beach for the past 10 days.

Playground equipment, purchased during the sale of a government housing project, will be erected in the park area upon completion of the beach, according to Thomas Salisbury of 400 Pinegrove St., president of the association.

When completed, the private recreation site will include a boat-well for members' boats, swimming beach, playground and picnic area.

Membership in the association is open to residents with dues set at \$5 per year per property owner. A nominal initiation fee is charged to new members.

The association, which had been dormant, was first formed in 1937 and reorganized last year. Current officers, in addition to Salisbury, include Sanford Stearns, vice president, Sally Nelson, secretary, Robert Ollila, treasurer, and Walter Nelson, Lewis Long and Forrest Thompson, trustees.

30 Residents Attend Observer Meeting

ROME—Some 30 local citizens attended the first ground observer class at the First Methodist Church last night.

The Rev. Peter Vos, chief ground observer presided over the meeting. He introduced Staff Sgt. Richard Heaton of the Grand Rapids Filter Center, who showed an instructional film entitled "The Sky is Your Target."

More than 80 citizens have already offered their services to man the Romeo GOC post, according to Rev. Vos. He added, however, that an assistant to the chief observer is still needed, as well as substitutes to serve when regular volunteers are unable to stand their scheduled two-hour watches.

In explaining the program, Rev. Vos said that a roster of 168 would allow the post to be manned with maximum efficiency. According to present plans, operations at the recently-completed post will begin the morning of July 5.

Lamoreaux Roses Source of Many

MAKE OVER DATE

Mrs. Maude Lamoreaux believes she probably has started more gardens in Pontiac with cuttings from her rose bushes than any other area gardener.

Her hobby is not only growing beautiful roses, but sharing them with neighbors, sick people, and other gardeners.

"That's the joy of growing flowers," she says. "Sharing." In a back yard plot, 10x50 feet, Mrs. Lamoreaux grows over 40 varieties of roses. In addition she has a host of other flowers— "pretty nearly every plant there is," she says.

The roses are her favorites. She makes her own compost, keeps the plants fertilized with bone meal and other rose fertilizer, and sprays religiously.

EIGHT-INCH BLOOMS
Large, well-shaped blossoms are the reward for her care—some of her roses have measured up to eight inches across.

Best all-around rose, this gardener believes, is the Crimson Glory. She has four bushes

of this variety, and says she likes the deep, velvet-red petals and the fact that blossoms are continuous. The Peace rose she considers exceptionally beautiful, though blossoming time is shorter.

Mrs. Lamoreaux, a widow, was an art supervisor in Indiana and

Iowa schools before her marriage. **HOME BUILT BY SEELEY**

Her home, which she has occupied for the past 30 years, is one of Pontiac's old houses—a grey frame built originally by former Pontiac mayor Thad Seeley. Her son, Rex, an art student at Wayne University, and her 88-year-old

mother, Mrs. Jesse Lee, lives there with her.

The house has a personality quite its own. It stands on a 4x150 foot lot, not far from the downtown section.

Mrs. Lamoreaux modestly re-

fers to her garden as a "horrid lot," and refuses to have it photographed. But many a gardener in the Pontiac vicinity carries a special feeling of warmth for the fertile spot that has been the source of so many lovely rose gardens.

PROUD OF PEACE ROSES — Mrs. Maude Lamoreaux of 190 N. Perry St. arranges five perfectly-shaped yellow Peace roses as a centerpiece for her table. She admits she is "just a little proud" of the pink-edged blossoms which measured over five inches in diameter. Part of the arrangement is from a hybrid tea bush Mrs. Lamoreaux started 15 years ago. Other roses in the picture were taken from a climber that in two years has grown to a height of 10 feet.

Quizzing the Gardener

Q—Help wanted on how to grow Honey Rock melons. Each year they bloom and set fruit, but none ripen, as the frost gets them first. Would reducing the number of blossoms, allowing but a half dozen or so to mature, be of any help?

A—Thinning of blossoms would not hasten maturing of the melons. Honey Rocks are a high temperature melon, requiring 85 to 90 days of real warm growing weather.

They must be grown in full sunlight in a sandy loam soil, properly drained, with sufficient lime and organic matter to give good root growth. They want a steady supply of moisture. Old manure plus a fertilizer weak in nitrogen should be thoroughly mixed with the soil before setting plants or sowing seeds.

You might try a shorter season variety like Harvest Queen or Honey Rock plants started under glass.

Q—The foliage on three of our peonies has wilted and died after the appearance of a gray mold. What is the solution to this problem?

A—Your peonies are infested with Botrytis blight. Carefully remove all diseased leaves and stems, place immediately in a paper bag and burn, and wash your hands before touching other plants. Spray nearby plants and soil with ferrous or bordeaux mixture now, and again next spring as the shoots start to come through the soil. Repeat in a week or 10 days.

Water Lawns Heavily During Dry Weather

A daily light sprinkling is required to supply newly seeded lawns with the constant moisture needed to insure proper germination and to help the resulting seedlings root themselves in the soil.

However, once the seedlings have developed sufficient root growth to reach moisture available below the surface, a light sprinkling has little value.

Then an inch or more of water must be applied at a time.

In general, lawns on sandy soil need to receive an inch of water every four days, a loamy soil needs it once a week and clay should get it every two weeks.

When rainfall is scarce, then the gardener must get busy and make up the deficit.

Shifts in Population

Affect Churches Little

ST. PAUL (UP) — The shifting population from metropolitan centers to suburban areas has little effect on church participation of those who move, a University of Minnesota study reported.

A survey of 200 who recently became suburbanites showed only 15 per cent participated less in church affairs after moving than before, said Roy G. Francis, assistant professor of sociology. Most of those probably will increase their participation in community religious life soon, he said.

Many families use the church to establish themselves in new communities, Francis found.

Tigers Meet Nats With 2nd Division Close

WASHINGTON (AP) — Their once stable 9½ game lead over the Boston Red Sox shattered, the Detroit Tigers moved into Washington to hold 4th place in the American League by a slim one percentage point.

Two home runs in "friendly" Fenway Park — homerun haven of the Red Sox — behind the two-hit pitching of Frank Sullivan, cut the Tigers' full game margin yesterday as the Sox swept the 3-game series with a 7-0 shutout.

It was Boston's 14th victory in 16 games. It was Sullivan's 8th win against 6 defeats.

Both Boston homers — by Jackie Jensen and Norm Zauchin — and all the Sox's runs came on 6 hits off Duke Maas who suffered his 4th defeat in 9 starts.

Babe Birrer took over for Maas in the 5th. He gave up one hit before he was replaced by Paul Foytack in the 8th. Foytack gave up another hit.

Detroit nicked Sullivan for only a

pair of doubles. Bill Tuttle collected one in the 4th and pinch-hitter Ferris Fain got another in the 8th.

Jensen capped a 5-run 4th inning with a grand slam homer into the left field screen. Zauchin drove home Ted Williams in the 3rd with a 4-bagger that tipped the top of the net in left. It was Jensen's 14th home run of the season and Zauchin's 13th.

Boston, with 46 home runs in

their first 56 games, now have hit 21 homers in the 10 games they've played since returning to the home precinct.

Boston's other run came in the 4th on a walk and two singles.

Williams staved off an incipient Tiger threat in the 4th when he raced to the scoreboard, reached high and backhanded Earl Torgerson's drive with Tuttle waiting on second.

It was the Tigers' first 3-game

losing streak since May 28-30 and their 6th loss against two victories on the present road game.

Right now, Detroit with a 32-30 season record has a .516 reading. Boston with 34 wins against 32 losses has .515 mark.

Billy Hoelt with a 6-3 record is scheduled to meet Bob Porterfield in tonight's game with Washington. Porterfield has won seven games in 16 starts.

Vic Gets Day's Rest

Seixas' Shoulder, Decaying of Center Court Worry Wimbledon Tennis Heads

WIMBLEDON, England (AP) — Vic Seixas' ailing shoulder and the decaying center court cast shadows today over the Wimbledon Lawn Tennis championship.

Seixas hoped overnight treatment would take the pain out of his powerful serving arm. The Philadelphia planned a morning workout on a back court to see if he can again make overhead shots.

If so, he and his Davis Cup doubles partner, Cincinnati's Toy Trabert, will take the court against a young British pair—Bobby Wilson and Tony Pickard.

The match was postponed a day to give Seixas additional rest for his shoulder. He injured the muscle two weeks ago, playing in the French championships.

If Seixas and Trabert, top-seeded doubles pair in the tournament, are forced to scratch, much of the glamour will be gone from the Wimbledon competition.

And if Seixas injury proved serious, it would be a tremendous loss to United States' chances of retaining the Davis Cup this fall.

Seixas already has been eliminated from the Wimbledon singles, losing to Gil Shea of Los Angeles two days ago.

As for Wimbledon's fabled center court, the question is whether the ground keepers can patch it

up to last through the tournament, which still has a week to run.

The ground around both base lines is breaking up. And there are bare patches in the grass at the base lines and around the net.

One match on the center court was called off yesterday. Officials announced "failing light" as the

reason, but actually, it was postponed to give the groundkeepers more time to work on the grass.

Some observers believe the present foot fault rule—allowing players to strike their service while poised on one foot—is responsible for the condition of the center court. Players now have a tendency to dig in as they serve.

Elite of Track, Field Tangle in AAU Meeting

Bragg - Golliday and Santee-Dwyer Matches Today's Features.

BOULDER, Colo. (AP) — Five world record holders, eight Olympic champions and other stars begin competition today in the National AAU track and field championships—an event rated as the "semifinals" for selection of the 1956 U.S. Olympic team.

Collegiate aces and even high school sensations will challenge veteran AAUers for titles that will virtually assure the winner a trip to the Olympics in Australia next year.

There are 321 athletes competing in the two-day event with 9 finals today and 12 tomorrow.

Featuring today's program beginning at 3:30 p.m. (EST) will be finals in the 100 yard dash, mile run, high jump and shot put.

Former Morgan State star Art Bragg will defend his century crown against a classy field of sprinters including Jim Golliday of Northwestern, the NCAA champion, Rod Richard, the Pan American Games winner, and Bobby Morrow, the Abilene (Tex.) Christian College freshman who's unbeaten in 37 starts.

The mile run matches Wes Santee, the Kansas cowboy now in the Marines, against his long-time rival and defending AAU champion Fred Dwyer. Also in the field is Bobby Seaman of UCLA who was timed at 4:01.4 this spring at the Compton, Calif., Invitational where Santee won in 4:00.5.

Martinez and Varona on TV

SYRACUSE, N. Y. (AP) — Third-ranked welterweight Vince Martinez of Paterson, N. J., is an 8-5 favorite for his 10-round scrap tonight with the tough-punching Cuban, Chico Varona.

Both are itching to meet the new welter king, Carmen Basila, it will be Martinez' first 1953 start.

He has contended that a dispute with the Boxing Managers' Guild prevented him from getting fights. The bout will be televised nationally (NBC) from the War Memorial Auditorium.

Squaw Valley Promoter Is Likened to 'David' in Landing 1960 Winter Olympics for California

LOS ANGELES (AP) — There is a tremendous amount of work ahead but the 1960 Olympic winter games at Squaw Valley in Northern California can be made into a highly successful venture.

This is the opinion expressed by John Jewett Garland of Los Angeles, a member of the International Olympic Committee.

Just returned from the IOC meeting in Paris, where Squaw Valley won the winter games and Rome the summer carnival, Garland related some of the interesting behind-the-scenes activities.

None of the IOC delegates except himself had ever heard of Squaw Valley. And having visited the place but once, in the off-season in the summer of 1949, Garland wasn't too familiar with Squaw Valley either.

But the man who sold the site to the IOC was Alexander Cushing of New York, president of the company that controls Squaw Valley.

Garland described young Cushing as a "David who slew three Goliaths"—the backers of three famed winter sports resorts in Europe, Innsbruck, St. Moritz and Garmisch-Partenkirchen.

The European people had expensive brochures prepared. Innsbruck had wine and dined the IOC members in 1951, taking them by special train to inspect the place.

Squaw Valley and Cushing were rank outsiders. Cushing had a replica of Squaw Valley made in plaster, eight by six feet in size. "It cost \$1,000 to air mail it to Paris," Garland recounted. "And

Bass, Bluegill Entries Liven Press 'Derby'

A new leader in the bass division and the initial entry in the bluegill class were the latest developments Thursday in the annual Pontiac Press "Big Fish Derby."

Charles Knechtel, 9960 Cooley Lake Road, took over 1st place in bass competition when he reported at the Press sports department yesterday with a 5 pound 9 ounce largemouth.

The 15-year-old Knechtel, once a Press newboy, landed the big catch in private 20-acre lake near his home Wednesday afternoon.

Knechtel used a spinning rod and night crawler harness to capture the fish, which put up a stiff fight before surrendering. The fish was 22 inches long and 15½ inches in girth.

Keith Parker of Royal Oak was the previous leader with a 5 pound 4 ounce bass caught last Saturday.

Ray Reed, 21, of -3064 Joslyn Road, recorded the 1st entry in the bluegill group. He caught two of them early Thursday morning in Little Silver Lake while fishing for bass.

Both were large specimens, the contest entrant weighing 1 pound and 1 ounce and measuring 11 inches in length and 10¼ inches around. The other bluegill weighed 14 ounces.

There have been no entries as yet in the pike division. The derby continues until Labor Day and awards \$50 U.S. Savings Bonds to anglers catching the heaviest bass, bluegill, and pike.

Braves' Fans Showing No Signs of Losing Interest

MILWAUKEE (AP) — It was 373 games ago that the Braves transferred out of Boston and their grass still grows green at Milwaukee County Stadium.

Green, you say? What about Milwaukee fans booing Braves' Manager Charlie Grimm during a losing spell. And weren't there rumors that Grimm would be replaced. And how about the strong criticism of the team for lack of hustle as it dipped into the second division a few weeks back?

Isn't that like some of the baseball men said?—Give the Braves

Woodhull's Hit Wins for CIO in Last Inning

Elks Are Edged Out, 5-4, in Class A Tilt at Wisner Field

A single hit by Ron Woodhull with 2 out in the last inning brought CIO 5-4 victory over Elks 723 in Class A City League baseball play Thursday at Wisner Field.

The rally spoiled a comeback by the Elks club which trailed 4-0 after 5 innings. The Union nine had put together doubles by Tom Stott and Jim Brown for a run in the 2nd, a single by Jim Long and Jerry Hesse's triple for another marker in the 3rd.

Hesse clubbed an inside the park homer with a mate aboard in the 5th inning, but the Elks began to fight back in the 6th. A 3-run rally cut the deficit to a single run, and the score was tied in the top of the 7th on Johnny Smith's pinch double.

Then in the CIO half of the 7th with one out, Hesse's 3rd hit started the rally. He then stole 2nd and rode in with the winning run on Woodhull's safety.

Steve Keblor went the route for CIO and was the winner on a 7-hitter. Bill Maguire twirled for the Elks and recorded 13 strikeouts, but was touched for 9 hits, with Hesse's 3 leading the way.

Lion 9 Spoils 1st Place Bid

Drayton Drug was in sole possession of 1st place in the Waterford Softball League today without playing a game. Second-place Dick & Wes missed a chance to pull into a tie when the Waterford Lions handed the Sports nine a 4-1 loss at Drayton last night.

In the other game on the regular Thursday twin bill, Day's Sanitary Service downed Sylvan Center, 8-6, although getting only 2 hits. Eight Sylvan errors and numerous bases on balls turned the trick.

"Fat" Keith pitched 3-hit ball and struck out 10 in the Lions' win, while Jim Long wielded the potent bat. In the 3rd inning, Al Dowd doubled and was singled home by Long, who scored on Marshall Rose's double.

Long doubled in another run in the 5th and scored on a throwing error.

Campy Regains Lead in All-Star Poll

CHICAGO (AP) — Brooklyn's Roy Campanella, who seems to be headed for his 7th All Star baseball catching assignment in Milwaukee County Stadium July 12, took the individual lead again today in the national baseball poll.

Campanella moved to the front with a deluge of 319,179 votes in the latest tabulation. Larry (Yogi) Berra of the New York Yankees, took second place with 317,024 ballots to trail Campanella by 2,155.

Miss Bugas, Dennehy Win Feature Events

By BILL CORNWELL

Two outstanding riders, Jani Bugas of Bloomfield Hills and Charles Dennehy of Lake Forest, Illinois, won the feature events in Thursday's opening competition at the 38th annual Detroit Horse Show at the Bloomfield Open Hunt Club in Bloomfield Hills.

Miss Bugas, 15-year-old daughter of the Ford Motor Co.'s John Bugas, captured the grueling Junior F.E.I. "Big Jumping"

event, a top competition for young riders.

Miss Bugas, riding Supreme Lady, covered a modified Olympic course twice without a fault. All together, 19 managed to clear the 3 foot 9 jumps without a fault, calling for a jump-off.

With the jumps raised to 4 feet 3, Miss Bugas again cleared all obstacles flawlessly to eliminate the field. It was one of the few times in horse show competition that

judges discarded "junior" rules for a major event and used regulation senior competitive standards for the jump-off.

Dennehy, 24-year-old Equestrian team member, was victorious in the Midwest United States Equestrian Team Challenge Trophy class.

Dennehy also was forced into a jump-off to win. Black Watch, Dennehy's mount, was tied with Reno Kirk, ridden by Warren Wolford of Milford, Kan., after the pair had completed one faultless trip over the rugged course, studded with 5-foot jumps. Dennehy won by running the route without error a 2nd time as Reno Kirk stumbled.

Plenty, the defending champion, failed in a bid for 2 in succession. Miss Budweiser, champion Olympic horse, surprised the multitude by refusing a spread jump 3 times to be automatically eliminated.

Dennehy also took 1st place in 2 other classes. He won the Junior Handy Hunters event on Potato Chips and the Spread class on Alt Meister.

Oakland County area riders gave a good account of themselves. Besides Jani Bugas, other winners were Skip Dowd and Paul Garlick of Bloomfield Hills. Kitten James, also of Bloomfield Hills, was a runner-up.

The show continues today through Sunday. Feature events scheduled today are the U.S.E.T. Equitation Medal, the Michigan Hunts Perpetual Junior Challenge Trophy, the Knock-Down-and-Out Sweepstakes, the Junior Equestrian team jumping event, and the F.E.I. "Big Jumping" competition.

Tonight's program starts at 7:30. Saturday shows are scheduled at 9 a.m., 12:30 p.m., and 6 p.m.

Jones, Larson and Hayward Play Key Roles for Griffs

CLASS D

Griff's 9th 1-4 000 000 1-4 7 0
City Janitors 10 000 000 1-4 7 0
Knights 10 000 000 1-4 7 0
Senators 20 000 000 1-4 7 0
Boys Club 20 000 000 1-4 7 0
Orioles 19 000 000 1-4 7 0

Fielding is often shoddy among junior league sandloters, but it was a spectacular play afield that highlighted Thursday's play in Pontiac's Class D City League.

As the week of practice games concluded, Griffs Griff nosed out Mets, 5-4, behind the 3-hit pinchup of Jim Jones, plus a final inning clutch play by Arnold Larson.

With the score tied at 4-4, the Mets' leadoff batter in the 7th walked. After one out, Bill Davis hit to right center. Larson made a great over the head catch, then threw to 1st base doubling the runner and killing the rally.

In the Griffs' half of the 7th, a walk, sacrifice and Al Hayward's single made a winner of Jones, who fanned 14.

Two no-hitters were pitched in the Knottville League. Bob Newman worked 5 innings of hitless ball as the Orioles drubbed Earle's Market, 19-1, and Boys Club walked over the Indians, 20-0, with Bob Singleton pitching hitless ball for 3 innings.

In other junior games, City Janitor Service laced West Side Kiwanis, 18-9; Boys Club walloped Don Nicholas, 14-1; and the Senators routed Wing Lake, 24-5.

State Champ Wins

SPRING LAKE (UP) — Mrs. Edgar Reynolds of Lansing, 1954 Michigan State women's champion, held the Spring Lake Women's Open golf title today following a victory over a 21-year-old Kalamazoo girl who has the same name.

Mrs. Reynolds defeated pretty Judy Reynolds, 4 and 3, in the final 18 hole match yesterday to clinch the crown.

Wilson Dines on Octopi, Clambers Up Acropolis

By EARL WILSON

ATHENS—I ate octopi, showed off my Davy Crockett cap to the Palace Guards and wore a hairnet while getting barbed in this wonderful city where every sign reminds you of college fraternities and sororities.

But mostly I met my American friends. Marilyn Monroe's boss, Spyros Skouras, the ex-St. Louis bartender, has a nephew here with an interesting name—Spyros Skouras.

Going to his barber, Tony, for a haircut, I was asked if I wished a manicure. "Neh, neh," I replied, giving it the Hollywood-Broadway pronunciation.

So I got one—"Neh, neh" meaning "Yes, yes" in Greek.

Greek gentlemen take great pride in their looks. One was getting black hair dye rubbed on his hair with a toothbrush. I recoiled when Tony put a hairnet on me—but it was to help my hair look curly.

I tried the octopi—served cold, vinegary and rubbery—with-Socrates Chalkas of the Associated Press. "Soc"—born in Pittsburgh, reared in Charlotte and Asheville, N. C., and once of Rollins College, Fla.—forked some octopus into his kisser and said, "Tasty, isn't it?" I didn't answer.

"Save those fish heads for me," spoke up his nice bride. "That's the part of the fish I like—the head."

My climb up the Acropolis to the Parthenon was typical. My wife quit half-way up.

Roaming around with Orchestra Leader Ted Straeter, Earl Blackwell of Celebrity Service, Society Photog Jerome Zerbe, Millie Considine and Hedda Hopper, we bumped into lovely "Miss Greece."

The pretty Rita Dialanya, who married a Greek boy in New York after the Miss Universe contest in Long Beach, is honeymooning here.

King Paul's Palace Guards were nice about my Davy Crockett cap—but they should be. They wear skirts and fur-tufted alippers.

THE MIDNIGHT EARL

Noel Coward's whipping up a huge deal with CBS to produce, direct and appear in three TV spectaculars—at about \$100,000 each—Terry Moore bounced back from Turkey and started rehearsals for summer stock.

Comedy writer Coleman Jacoby has been secretly wed for some time to dancer Gaby Monet. (He said about a previous marriage, "I don't get along with my wife—she understands me.") Stripper Rose LaRose is shelving her G-string to go on an African safari. Parouk's sending dinner invitations to American businessmen in Europe; he's hunting a job as an overseas representative.

"Porgy and Bess" will tour South America next month. Ezio Pinza's wife surprised him with a new car.

WISH I'D SAID THAT: Sonny Sands claims you're getting old when you whistle at girls under your breath. That's Earl, brother.

250 Concerts at Music Camp

Season at Interlochen Will Have Operettas, Ballets on Schedule

INTERLOCHEN, Mich.—The first contingent of more than 1,600 music students reported yesterday for the 28th season's opening of the national music camp.

Dr. Joseph E. Maddy, founder and director of the camp said: "As we have always tried to do in the past, we again want to provide an opportunity for gifted young people to strive for self-improvement in artistic expression."

The University of Michigan music professor founded the camp in 1928. It is a non-profit organization devoted to development of the nation's talented youth from children through university age.

The camp has scheduled 250 concerts, choral and operetta productions, ballets and other presentations for its eight-week season ending Aug. 22.

Dr. Maddy said two new lodges are being built this summer. Funds were donated by the Texas Federation of music clubs and the Dallas, Tex., Junior chamber of commerce.

The lodges will be rented to tourists with proceeds marked for a scholarship fund for Texas students.

The campers this year include 10 international scholarship students from Germany and one each from Austria and Japan. Several Canadian students, one from the United States, and representatives of 41 states round out the enrollment.

Pontiac Police in an Auburn Avenue used car lot office here, returned to Oakland County for \$2,000 bond pending argument in Circuit Court Monday.

Charged with breaking and entering, John Muscia, 24, of Chicago, waived examination when he was arraigned yesterday before Municipal Judge Maurice E. Finn.

Muscia, arrested Monday night, was returned to Oakland County for \$2,000 bond pending argument in Circuit Court Monday.

MAYBE GET INTO ACT
Over Smog Problems

LOS ANGELES (AP)—The movies are now getting into the smog act. The air pollution foundation announced yesterday that a motion picture executive has been appointed to the foundation's board of trustees. He is Y. Frank Freeman, production head at Paramount Studios.

The foundation's announcement explained:

"Smog frequently has hampered outdoor shooting on location, and at times has even interfered with shooting of movies on enclosed sets, where atmospheric pollution has been unavoidably drawn in through air intakes."

One-fifth the area of the earth is believed permanently frozen.

Minister Has Varied Career

Teaching and Preaching, Banking and Farming All Part of His Living

DECATUR (AP)—Doctor, lawyer, merchant, chief . . . go down the old rhyme with Henry Houseman and he'll pick out three occupations for himself—teacher, preacher and farmer.

To give him one of his titles, the Rev. Mr. Houseman is supply minister of the Methodist Harmony Chapel at nearby Edwards Corners.

Farmer Houseman raises muck crops as a part-time occupation on his plot of land in Decatur.

And teacher Houseman goes over readin', writin', and 'rithmetic as principal of Decatur High School—a post he's held for 28 years.

Between times the 58-year-old Houseman is continuing his studies as a candidate for full ordination as a Methodist minister.

STARTED AS BANKER

The Rev. Mr. Houseman started his working career at only one job—in the Citizens State Bank at Decatur. But he soon took up studies to become a teacher at Western Michigan College in Kalamazoo.

Before he got his degree he started teaching in Augusta High School. He returned to Decatur High, from which he had graduated, and has been there for 30 years—28 of them as principal.

Houseman's interest in the ministry began with part time preaching appearances at churches in the area. He won a full-time appointment in the late 1930s as pastor of the Volinia Baptist Church.

He helped reorganize the church, which had been about to close, and then was given a post at the Plainwell Presbyterian Church. In 1941 he was invited to preach as a guest minister at the Morris Methodist chapel in Niles—and stayed eight and a half years.

He has held the pulpit at Harmony Chapel for nearly five years. He is taking graduate work at Winona Lake, Ind., school of technology.

A fourth job might be added to the Rev. Mr. Houseman's list—he's also the father of four children. His wife is also a teacher and is employed in the Lawton Elementary Schools.

RAF Makes Norway-Alaska Polar Journey

FAIRBANKS, Alaska (AP)—Three British Royal Air Force officers flew across the North Pole in a jet bomber from Norway to Alaska yesterday, landing 4 1/2 hours by the clock before they left Europe.

The twin-engine Canberra, first of its kind to fly across the pole, roared onto Ladd Air Force Base at 4:27 p.m., Alaska time, 6 hours and 23 minutes after leaving Bardufoss, Norway. They had left the European airport at 9:04 p.m. Norway time.

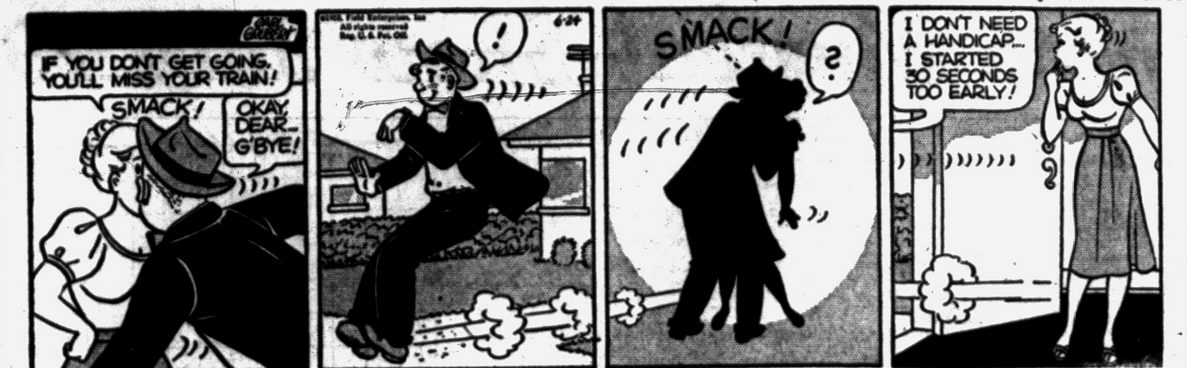

The 3,200-mile jaunt was completed at an average speed of 500 m.p.h., gaining all the way on the sun, which had been setting when they left Bardufoss.

(At this latitude, the relative speed of the sun across the sky is much slower than at the Equator, where it approximates 1,000 miles an hour).

Pilot of the plane was Wing Cmdr. M. D. Lyne. He reported a "fine flight" and a good view of the polar ice even though the long, slim, gray plane was flying at 50,000 feet when it crossed the pole.

With him were Squadron Leaders D. Bower and R. A. Seymour both navigators.

THE BERRYS

Port Huron, Ypsi Near End of Contest

NEW YORK (AP)—Port Huron and Ypsilanti are among 22 U. S. cities reaching the final round of judging in the all-America cities award competition.

Awards will go to the 11 cities judged to have done outstanding jobs of solving local civic or governmental problems through "intelligent, concerted citizen action."

The awards are given by the National Municipal League and Look Magazine. Winners will be announced at the national conference on government at Seattle July 25-26.

Pastor Notified Ike Will Visit Colorado Again

DENVER (INS)—The pastor who presides over the church where President Eisenhower worships during his summer vacations in Colorado says he has received notification Mr. and Mrs. Eisenhower will again visit Colorado this summer.

The Rev. Robert S. Lutz, pastor of the Corona Presbyterian Church in Denver, said he received word from the nation's chief executive that Ike and Mamie would be on hand Sept. 12 for dedication of a new pulpit donated by the Eisenhowers.

Rev. Lutz said there was no

hint when the presidential party would definitely arrive in Colorado. However, Lowry Air Force Base officials reportedly are expecting to once again set up a summer White House at the base east of Denver.

The Eisenhowers have spent several weeks vacationing in Colorado the last two summers. Both times they made their home with Mrs. John Doud, the President's mother-in-law, in Denver. Mrs. Eisenhower was born in Denver.

Racer's Smashup Is Double Trouble

INDIANAPOLIS (AP)—Herschel L. Dunn, Indianapolis stock car race driver, was unluckier than he knew when he cracked up at the 16th Street Speedway last week.

He was charged with bigamy today as an indirect result of the wreck.

The county prosecutor's office reported two wives showed up to console Dunn in Methodist Hospital. Mrs. Betty Dunn said she married the racer here in 1945. Mrs. Phyllis Belcher Dunn said she married him in Mooresville, Ind., last March.
