TWO COLORS

# Be Sure to Fly Your Flag on the Fourth of July

Tomorrow is the Fourth of July.

It is a proud day in America's history, the 192nd anniversary of the signing of our Declaration of Independence.

★ ★ ★

Of all days, it is a day to fly the American flag. If you have a flag of your own, by all means let it fly.

But for readers who do not possess one, The Pontiac Press today prints a full-page, full-color replica of the 50-star flag, on the back page of this section.

We do not compare this paper version to the fine folds of Old Glory. We hope you have the real thing, and will proudly unfurl it.

To those who have not, we offer our printed substitute. It will let you show the colors, in your windows at home or at your place of business, wherever it may be.

We hope to see the Stars and Stripes displayed everywhere around the area. On Page 2 you will find some simple rules and customs to help you do it properly.

## Search Continues for Teen

# City Policeman, Boy River Victims

A veteran Pontiac police captain, Donny Ashley, drowned shortly after noon today as he assisted in a search of the Clinton River for two missing Pontiac brothers.

Just after the body of 8-year-old Robert Rosario was recovered from the river in the Opdyke and M59 area, the search craft containing Ashley and Sheriff's Deputy Steve Hubbell capsized. Hubbell was rescued.

★ ★ ★

The 45-year-old Ashley was pronounced dead on arrival at St. Joseph Mercy Hospital about 1 p.m.

Police are still searching for 13-year-old Michael Rosario who, along with his younger brother, had been reported missing since Monday afternoon. The boys are the sons of Mr. and Mrs. Tiburcio Rosario of 330 Judson.

### BOAT CAPSIZED

Pontiac Police Cap. Charles Gale, acting chief today in the absence of Chief William K. Hanger, said the boat being used by Ashley and Deputy Hubbell was swept sideways in rapids and capsized.

Hubbell managed to hang onto the boat, but Ashley was apparently thrown clear, Gale said. His body disappeared until it was spotted about a quarter-mile down the river by Officer Elmo Burgess.

★ ★ ★

Burgess was reportedly walking up toward the search party when he saw something floating in the water. He waded out and discovered it to be the body of Ashley.

Gale termed Ashley a swimmer, but reported that even Hubbell, a member of the county's diving rescue team, found it hard to hang onto the boat because of the undercurrent in the river. Hubbell was taken to St. Joseph Mercy Hospital for observation.

### POLICE VETERAN

Ashley, who lived at 6042 Snow Apple, Independence Township, was nearly a 23-year veteran of the Pontiac police force. He was married and had two children.

### AIDE TO CHIEF

Promoted to sergeant in 1951, Ashley made captain in 1959 and was named to head the uniform patrol bureau. For the past three years he has been administrative assistant to Chief Hanger.

★ ★ ★

The last reported contact with the Rosario boys was made about 4:30 p.m. Monday.

A neighborhood girl questioned by police this morning said she saw the brothers at that time walking north on Paddock and they told her they were going to the Clinton River.

### ABOUT THREE HOURS

This was about three hours after they had left home.

Officers and sheriff's deputies began searching the river area and around Auburn and East Boulevard about noon today, after talking with the girl.

★ ★ ★

"We're going to comb the entire area east from Pontiac along the river," said Capt. Charles Gale, chief of city detectives.

Michael, a student at Eastern Junior High School, is described as 4 feet 9, about 90 pounds, with black hair and brown eyes. He was last seen wearing a blue plaid shirt and gray trousers.

Robert was a St. Frederick's Elementary School student.

# Pilot Denies Soviet Trespass

TOKYO (AP) — The pilot of the U.S. airliner released by the Soviet Union after two days denied today that he violated Soviet airspace. But Capt. Joseph Tosolini said it was "my duty" to sign a letter admitting a violation to secure release of the plane and the 214 Vietnam-bound troops on board.

"I did not stray over Russian territory," said Tosolini of Bethany, Conn., after bringing the plane here. He noted at a news conference that he had flown the same route from Tacoma, Wash., to Japan many times before.

He added, however, that when the Soviets drafted a letter fixing the plane's position inside Soviet territory, "I felt it my duty to sign."

Tosolini told newsmen: "If any of you gentlemen had been through what I've been through for three days, I think you'd have done the same."

The Soviet Union said the plane violated Soviet air space and the U. S. Federal Aviation Administration concluded that Soviet air space was violated because the plane's crew made a navigational error. The State Department apologized, and the Soviet government released the plane with unexpected swiftness.

Tosolini, flanked at a news conference by his 17-member crew that included nine stewardesses, said he signed a letter as a condition for his release. He said corrections in the letter indicated the Soviets had perhaps erred in fixing the plane's position.

The first letter the Russians wrote for Tosolini to sign admitting he had violated Soviet air space listed the time between his plane's interception by Soviet MIGs to the time it landed at the Soviet base at "something like 35 minutes," Tosolini said.

The veteran pilot said he did not sign the first letter. "Then," he continued, "they prepared a second letter in which the time was changed to something like 53 minutes," he said. He indicated other changes were also made.

## Three From This Area on Freed U. S. Plane

Three Pontiac-area servicemen were among the 214 troops aboard the chartered DC8 Seaboard-World Airlines plane forced to land Monday at a Soviet base in the Kurile Islands. The airliner, held by the Soviet Union for violating its air space, arrived today in Japan.

The Pentagon has released the names of Spec. 4 Norbert A. Gross of 889 Palmer, Spec. 4 Robert W. Hall of 191 Gage, and Pfc. Robert L. Munsil of 1753 Hayes, Brandon Township, as being aboard the plane.

Fourteen Michigan servicemen were aboard the Vietnam-bound plane.

# Sniper Shoots 4, Is Killed in NY

NEW YORK (AP) — A man shot a woman to death in a Central Park comfort station today and then wounded an elderly man and two policemen before he was killed, police reported.

Tear gas fired by police flushed the heavy-set, middle-aged gunman from a cluster of trees, near the Metropolitan Museum of Art, to which he had fled.

Carrying a .45-caliber Army revolver, he climbed to the roof of the stone comfort station and crouched with his feet in a six-inch-deep puddle of rain water.

"He was down, but raised up and fired three shots out of his revolver," said Detective Lt. Arthur Deutch. "I let him have 12 in the chest and McLoughlin hit him too."

Deutch and Capt. Robert McLoughlin were both wearing bulletproof vests.

Police said the gunman was carrying a bank book with the name Angel Angeloff of Manhattan.

## Forecast for 4th on Bright Side

The weatherman is doing his part to wish area residents a happy holiday with mostly sunny skies on tap to welcome picnics and parades.

Swimmers may find the holiday weekend a little too shivery for their tastes, however. Temperatures are expected to average about six degrees below the normal high of 82-84 and normal low of 57-63 tomorrow through Monday.

Tonight's forecast is fair and cool with lows of 49 to 53 and light variable winds.

Only minor day-to-day change is expected throughout the weekend and showers are predicted for Sunday or Monday. Precipitation probability for tomorrow is 20 per cent.

The low in downtown Pontiac prior to 8 a.m. was 48. By 2 p.m. the temperature was 68.

# Candidates Aplenty Fill Primary Ballot

Voters in most areas of Oakland County will have an abundance of candidates from which to choose in the Aug. 6 primary for district judges and the Oakland County Board of Supervisors.

Candidates for both positions had until 4 p.m. yesterday to meet the filing deadline.

*Lists of Candidates, Pages B-6 and C-6*

★ ★ ★

In the race for 14 new judicial offices in nine districts are 43 candidates. There is only one district where no primary will be held.

The district court judgeships — each paying a guaranteed $18,000 a year, with local units authorized to add up to another $9,500 — were created by the Lower Court Reorganization Bill signed by Gov. Romney June 17.

### SWEEPING CHANGES

The new system replaces justices of the peace, circuit court commissioners and most municipal judges.

After getting off to a slow start, interest in the newly reapportioned Oakland County Board of Supervisors reached frenzied proportions as the deadline neared.

★ ★ ★

When the count was completed, 132 candidates had filed for the 27 positions. The county election clerk reported 45 hopefuls filed lists of signatures or the $100 fee on the last day.

The Board of Supervisors was reapportioned to comply with one-man, one-vote principles after court battles which delayed the filing deadline. Makeup of the board will be changed dramatically, dropping from 87 members to 27.

### SHIFT SEEN

The supervisors were a nonpartisan group, appointed by cities or else holding the position along with being supervisors of their own townships.

★ ★ ★

With the change to direct election to the board, representation will shift in favor of the more heavily-populated southeast corner of the county.

## One Edition Tomorrow

**The Pontiac Press will publish a single early edition tomorrow so that employes may spend as much of the holiday as possible with their families. Regular editions will resume Friday.**

### Recipient Is Satisfactory

# Heart Kept Alive, Then Implanted

HOUSTON (UPI) — For 24 hours, Maxie Elwood Anderson's hopes of helping someone in death were written in three black lines on a roll of paper.

He was medically "dead." But a team of surgeons at St. Luke's Hospital kept his heart functioning long enough yesterday to implant it into the chest of Henry DeBord, 46, a Texas contractor. It was the world's 24th heart transplant operation.

* * *

The hospital reported today DeBord was in satisfactory condition.

Anderson of Lufkin, Tex. died Monday, a day after suffering a stroke. He was transferred from Veterans Administration Hospital to St. Luke's where Dr. Denton Cooley's surgical team has performed more heart transplants than any group of doctors in the world.

**IRREPARABLE DAMAGE**

An autopsy showed he suffered irreparable brain damage.

Cooley, who has said before he has many potential recipients but a lack of donors, now had a donor but no recipient. Three possible recipients were tested but their tissues did not match Andersons'.

* * *

A respirator kept Anderson's heart and lungs functioning until a recipient could be found. The three black lines on the paper marked his progress.

One ran nearly straight, showing the absence of brain activity. He was legally dead.

**STILL WORKING**

The others ran on an up-and-down pattern. His lungs and heart were still operating.

DeBord suffered a heart attack 11 days ago and had been in constant pain since. Mrs. DeBord said they decided to go to Houston from their home in Helotes, Tex. because he was at a standstill and not doing any good." DeBord arrived in Houston Sunday.

* * *

Yesterday morning Cooley told DeBord a heart transplant was the only thing that would save him. The operation started at 2:35 p.m. EDT and lasted two hours.

The operation was the sixth of its kind performed by Cooley and his team of surgeons. All but one of them involved human-to-human transplants. In the other, surgeons tried to transplant a ram's heart into a man until a human donor could be found. The animal heart did not work.

**DOING WELL**

Two of the recipients — Louis J. Fierro of Elmont, N.Y. and Everett C. Thomas of Phoenix, Ariz., — survived and are doing well in Houston.

## 'Pot' in Planter Brings Charge

A Waterford Township woman today is being held in Oakland County Jail in lieu of $10,000 bond after being arraigned yesterday on a charge of possession of narcotics.

Mrs. Alice Henry, 40, of 3518 Lexington was arrested yesterday by Waterford Township police.

Officers said the arrest climaxed a two-week investigation that grew out of information offered by a neighbor of Mrs. Henry.

The woman, according to Detective Gerald Smith, was growing marijuana in a planter in front of her home. He said he picked 42 of the hemp weeds from the planter.

She stood mute when arraigned before Waterford Township Justice of the Peace Kenneth H. Hempstead. He set July 16 as her examination date.

## Soviets Rebuff West

MOSCOW (AP) — The United States, Britain and France called on the Soviet Union today to overrule East Germany's new restrictions on access to West Berlin, but Soviet leader Leonid I. Brezhnev said East Germany has a "right to protect its territory."

## Ray's Lawyers Map Extradition Ruling Appeal

LONDON (AP) — James Earl Ray's British lawyers today began preparing his appeal against Chief Magistrate Frank Milton's ruling that he should be extradited to the United States for trial on a charge of murdering Dr. Martin Luther King Jr.

Milton yesterday rejected the argument by Roger Frisby, Ray's British attorney, that the killing of the Negro civil rights leader was a political crime and therefore not subject to extradition.

* * *

Frisby planned to enlarge this argument in his appeal to the high court. Ray remained under close guard in London's Wandsworth jail. The appeal will delay his return to the United States until late this month, at the latest.

Ray's court-appointed attorneys have 15 days from yesterday to file their appeal. They were expected to take advantage of almost all this period.

The court then may take several days to schedule a hearing and to hold it.

# Hanoi Offer to Free Fliers Hailed by U.S.

PARIS (AP) — U.S. Ambassador W. Averell Harriman thanked North Vietnam today for its announced decision to release three captured American pilots in what he hopes is a gesture toward future progress in the Paris peace talks.

However, North Vietnamese Ambassador Xuan Thuy, who received Harriman's thanks in today's session of the talks, said "we did not make one centimeter of progress."

* * *

The North Vietnamese news agency had announced before the start of the session here that three captured fliers would be released.

The formal exchange of statements between the two top negotiators again focused on their contradictory demands for de-escalating the war.

**IMPORTANT ACT OF RESTRAINT**

"More than three months ago," Harriman told Thuy, "President Johnson took a major step in reducing the level of hostilities in Vietnam (by limiting the bombing of North Vietnam on March 31). It was an important unilateral act of restraint.

"It is a deep disappointment to us — and to the world — that despite this significant effort to move toward peace, we have seen no related response from North Vietnam."

* * *

Thuy called on the United States to stop all attacks on North Vietnam unconditionally, saying "only in this way can the Paris official conversations progress, and a real step toward peace be made."

## LBJ Surprises Westmoreland

WASHINGTON (AP) — President Johnson made a surprise visit to the Pentagon today and watched smilingly as Gen. William C. Westmoreland was sworn in as the Army's 25th chief of staff.

Johnson, dressed in a snappy, light brown suit, stepped into the office of Secretary of the Army Stanley R. Resor just as Westmoreland, former U.S. military commander in Vietnam, was about to take the oath.

The ceremony also was attended by several congressional figures, all of the Joint Chiefs of Staff and three other military figures closely associated with Vietnam: Retired Army Gen. Lawton Collins, former ambassador to Vietnam Gen. Maxwell D. Taylor, and former Army Chief of Staff Gen. George H. Decker.

### Water Levels Too High

## Holiday Boating Ban Eyed

The Oakland County Sheriff's Department today warned that holiday boating may be curtailed if water levels don't recede in southern Michigan.

"All boating in the county has been restricted due to abnormally high water levels," said Lt. Donald Kratt, head of the water safety division.

* * *

"Boats operated at high speeds create dangerous wakes that cause property damage," he explained.

Kratt described situations in which persons at lake-front homes opened their doors after a speedboat had passed and had waves go right through the house.

**RAMPS CLOSED**

All state-owned launching ramps have been closed in the county and only those people who want to take their boats out to go on vacation are permitted to use the ramps, he said.

"I've been here 14 years and I've never seen water like this," he commented.

* * *

One motel is underwater, Kratt said, and numerous homes, cottages and garages are flooded.

## Pontiac Div. Sales 6% Ahead of 1967

Pontiac Motor Division reported today that its sales for the first half of 1968 were running 6 per cent ahead of those a year ago.

* * *

John Z. DeLorean, a General Motors vice president and Pontiac general manager, said that for the first six months of 1968, 447,231 Pontiacs, Tempests and Firebirds were sold. This compares to 422,806 units sold during the same period last year.

* * *

DeLorean also reported sales of 75,269 for the month of June and 26,449 for the June 21-30 period.

Gov. Ronald Reagan

## Californian Set to Contend at GOP Confab

**By the Associated Press**

California Gov. Ronald Reagan says he'll be a Republican presidential contender at the GOP national convention but not before — and Mississippi delegates appear headed for another seating battle at the Democratic convention.

"I intend to be placed in nomination by the California delegation," Reagan told a news conference yesterday, "and if at that time the convention wishes to consider me a candidate, the convention can do so."

He said his comment last week that he might abandon his favorite son presidential role if the convention appeared committed in advance to someone else was made to questioning that was "hypothetical and a little silly."

"I believe it is an open convention," Reagan said. "I don't believe it is tied up."

Mississippi Democratic "loyalist" and civil rights forces pledged yesterday to challenge the state's predominantly white delegation at the national convention — after a state convention they charged was "railroaded" by Gov. John Bell Williams' states rights forces.

## Holiday Closings Are Announced

Most stores, banks and offices will be closed tomorrow but will open again as normal Friday.

Pontiac Motor Division, GMC Truck and Coach Division and Fisher Body plant will close down production tomorrow and resume normal schedules Friday. Required maintenance and plant protection personnel will work tomorrow.

Pontiac State Bank, Community National Bank, and First Federal Savings of Oakland will be closed for the holiday and open Friday as normal.

City and county offices will follow the same schedules as the banks and plants.

### Birmingham Area

## Supervisors Post Sought by Engineer

BIRMINGHAM—Bennett W. Root of 1741 Bradford, an engineer with the Uniroyal Tire Co., has announced his candidacy for the reapportioned County Board of Supervisors.

He seeks the Republican nomination for the 4th District (Birmingham) in the Aug. 6 primary and if nominated would run in the Nov. 5 general election.

Root, 50, holds an engineering degree from the University of Michigan and has done graduate study at Wayne State University. He is married and has four children, two in college and two at Seaholm High School.

He is former chairman of the Birmingham Planning Board, served eight years on the board of education and is a vestryman at St. James Episcopal Church.

**CHALLENGE CITED**

Root stated, "The office of supervisor seems especially challenging at this time. It is an ideal opportunity to restructure board function, to minimize administrative and executive activities and to place greater emphasis on the policy making function.

"A corollary to this must be the formation of a staff of professionally-trained and experienced personnel to perform the administrative and executive functions delegated by the board.

"This staff should be an appointive one, responsible only to the board and should have the freedom to act outside the domain of partisan politics.

"If elected, I intend to work toward such an establishment," he said.

Two area men have been promoted at Pontiac Motor Division.

J. R. Parr of 2659 St. Joseph, West Bloomfield Township, has been appointed divisional auditor of Pontiac Motor. Succeeding him as director of general accounting is William E. Hoglund of 1099 N. Glenhurst, Birmingham.

Hoglund was director of staff activities analysis for the past year.

Parr joined Pontiac in 1941 as an assistant cashier. He was made a senior clerk at Pontiac in 1946. After service in the time department at GMC Truck and Coach Division. He became director of general accounting in 1965.

**FINANCE ANALYST**

Hoglund joined GM in 1958, working in the GM Assembly Division holding various financial positions before moving to the corporate financial staff in 1964 as an analyst. He came to Pontiac a year later and was named director of staff activities analysis in 1967.

BIRMINGHAM—Unanimously reelected as chairman of the Michigan Employment Security Commission was Chester A. Cahn, 600 Westwood.

A member of the commission for 17 years, he served as chairman for five successive terms from 1952-1957.

Placed in the top post again on June 1, 1967 and reelected this June, Cahn will serve until January, 1972.

He is a management representative on the four-man commission.

# Fire Rips Pontiac Varnish Co.

A blaze in a Pontiac factory last night caused at least $60,000 damage and for a time threatened to burn out of control by reaching highly flammable chemicals.

However, fast work by firemen confined the blaze at the Pontiac Varnish Co., 30 Brush, to an upstairs area of about 30 by 40 feet.

No one was injured.

Five vehicles under the command of Assistant Chief Albert Rayner responded to an alarm from the plant about 8:15 p.m. and were at the scene for more than three hours.

"We spent the first 30 minutes getting it under control so as to keep it away from most of the volatile liquids used there," said one fireman.

Fire Marshal Charles Metz, who said damage to the building was about $60,000, praised firemen for containing the blaze.

The part of the roof over the fire area collapsed about 10:15, doing much of the damage, according to firemen.

Metz said the fire started with a small explosion of still undetermined cause in the plant's mixing room. Containers of thinner and other chemicals were rapidly ignited.

Paul Ziegelbaur, company president, said today his personnel are still in the process of establishing the inventory loss.

"It's roughly around $10,000," he estimated.

## School Plan Conflict Cited

Citing conflicting reports on the attendance area of the Pontiac School District's planned Human Resources Center, District 2 City Commissioner Robert C. Irwin asked at last night's commission meeting for a meeting with the Pontiac Board of Education to discuss the planned complex.

Irwin said he was not ready to accept a concept involving busing of students in what he termed "a sociological experiment."

The commissioner said he and residents in his district were becoming concerned about the center because of reports that the planned attendance area of the center is to include a number of schools not previously mentioned in discussion of the complex.

The center, which would have about 2,000 elementary pupils, is planned to be located mostly on city-owned land east of the City Hall and board of education offices.

**'MISUNDERSTANDING'**

Dr. Dana P. Whitmer, school superintendent, said this morning there is misunderstanding about the planned attendance area.

He said the precise service area has not been finally determined, but it will include all of the present attendance area of McConnell school, ultimately all of Central, probably the greater part of Baldwin and part of Wilson.

He said how much of each attendance area of the elementary schools will be included is still to be determined, dependent on availability of funds among other factors.

Whitmer said plans do not include the amalgamation of Bagley, Webster and Wisner schools.

## Flag Display Procedure

The U.S. flag should be displayed only from sunrise to sunset, though military establishments raise it by custom at 8 a.m.

It should be raised smartly to the top of the staff, and lowered slowly and with dignity.

* * *

When displayed over the middle of a street, it should be suspended vertically with the union (the blue portion) to the north on an east-west street or to the east on a north-south street.

When displayed with another flag on crossed staffs, the U.S. flag should be on its own right, the viewer's left, with its staff in front of the other.

* * *

When other flags are flown from the same halyard, the U.S. flag should be at the uppermost position.

When the flag is displayed other than from a staff it should be displayed flat, with the union uppermost and to the flag's own right, the viewer's left, whether the flag is displayed horizontally or vertically.

## W. Bloomfield JP Is Running for Supervisor

West Bloomfield Township Justice of the Peace Christian Powell has become a candidate on the Republican ticket for the reapportioned Oakland County Board of Supervisors from District 18.

The district includes the City of Orchard Lake Village, the township of West Bloomfield, and the northern portion of Farmington Township.

"I'm convinced," said Powell on entering the race," that this county can be a safe and fine place to live without the imposition of an impossible tax structure."

Powell, 37, of 7618 Barnsbury said he feels he can offer the West Bloomfield-Farmington area the capable and serious representation it will need during the tremendous growth it will experience in the next five years.

* * *

Powell has resigned as cochairman of the dissident 19th Congressional District Republican Committee in order to seek a post on the board of supervisors.

Student Needs Reportedly Are Not Being Met

## Review of Curriculum Urged

*(EDITOR'S NOTE — This is the third of five stories summarizing the report of the Pontiac School District Citizens Study Committee on Equality of Educational Opportunity. Today's article looks at curriculum).*

By DICK ROBINSON

Some Pontiac high school graduates are fearful they are unprepared for college or even for work. These are some of the findings of the Pontiac Citizens Study Committee (CSC) which studied equality of educational opportunity in cirriculum.

* * *

"Black students felt that many people of college potential were being forced into programs of the 'general' level and, thus, would leave school not realizing their full potential." the report says.

"Many students feel that the general curriculum does not adequately prepare them for college nor does it give them an immediate saleable skill as vocational training does."

**REVIEW NEEDED**

● Recommendation: Review the philosophy and major objectives of the general high school program.

CSC reports that there is evidence in Pontiac that the longer disadvantaged students remain in the traditional school setting the further he falls behind.

* * *

Third grade pupils at Pontiac schools with more than 30 per cent Negroes were slightly below grade level in vocabulary and reading comprehension but as eighth graders they were more than one year behind.

The committee concluded that various student needs were not being met.

Standardized tests showed that the predominantly Negro elementary schools of McConnell, Bagley, Wilson, Bethune, Whittier and Franklin and Jefferson and Eastern junior highs rank the lowest in school district.

From these facts CSC concludes:

(1) "When Negro children are in racial isolation, standardized tests are almost totally irrelevant to their true ability and achievement.

(2) "The fact that they have not learned responses to the vocabulary of these tests indicates the irrelevance of the instructional program to their needs."

Test scores are often incorrectly used to place students in courses, according to the committee. This practice contributes to the problem of developing low expectations of students who perform poorly on such tests.

**MORE ATTENTION**

● Recommendation: Pontiac schools should give more attention to implementation of programs designed for individualized instruction.

The committee also recommendes integration of Negro history in social studies programs and establishing an elective Negro history course in high school. This has already been planned for next fall.

Concerning federal programs, CSC suggests that the school board provide money to continue projects such as Head Start for preschool children when interrupted because of no federal funds.

● Recommendation: "The board of education should fully implement the special reading, Head Start and elementary counseling programs. All three will greatly reduce the inequality prevalent in the elementary school."

A wide divergence in the quality of school structures and equipment was found by CSC.

"It appears that the lower socioeconomic groups of both races, living in the older sections of the city, attend the older schools," the report states.

"The depressing effect of living in poor housing is often reinforced by poor school facilities with makeshift walls, shaky floors and poor lighting."

There appears to be no particular pattern concerning the amount of equipment at schools, according to the committee. Some schools reported outstanding science equipment and others indicated they had practically none.

● Recommendation: Completely evaluate school facilities and equipment.

## Child Facility Paid Visit by Workshop

A group of about 50 professional people visited Oakland County's Children's Village yesterday as part of a community resource workshop sponsored by Michigan State University and the city of Royal Oak.

The workshop provides men and women in all fields with the opportunity to study human and material resources available throughout neighboring communities.

Firsthand contact with professional people, experts in their fields, personal observations and tours help class members gain knowledge of local organizations services and to become acquainted with community leaders.

## Ontonagon County off August Draft List

ONTONAGON (UPI) — Ontonagon County in the western end of Michigan's Upper Peninsula, which has given seven of its sons to the Vietnam War, was not included Tuesday in the August draft call.

State Selective Service officials said it was unintentional that Ontonagon County had no quota set.

"It has nothing to do with casualties," said Col. Arthur A. Holmes, state Selective Service director. "It just happens that every once in a while many draft boards, particularly of that size, don't have any men available in the age groups selected. The August draft call was set before the story broke."

* * *

Ontonagon residents had protested that in proportion to the county's size — 10,500 persons — seven killed in Vietnam was higher than any other county in the nation. They asked the Defense Department to stop sending their sons to Vietnam.

**CLAIM DISPUTED**

Holmes Tuesday disputed the Ontonagon claim that the county suffered the highest casualty rate.

"We have at least two counties or possibly three with a higher proportion in Michigan," Holmes said. He said Alcona and Crawford counties suffered higher casualties and possibly Oscoda. Holmes' office did not have exact loss figures immediately available.

Holmes also said as of May 31, 216 Ontonagon County men were in uniform but 163 of them enlisted. He also said Ontonagon had a zero draft quota in February and March of 1967.

# Independence Officials Urge Assessment Changes

By JEAN SAILE

Can a township board reduce the taxes its residents pay?

Not likely, say an assortment of county and township tax officials. Where concessions once were possible, they no longer are.

* * *

In order to reduce tax bills, it would be necessary that budgets for the county, schools and the township all fall below anticipated income.

That's not likely if the current trend toward higher prices and the increased demands of residents continue. Or if state and federal laws continue to promote upgraded services for reasons of health and welfare.

**STRINGS ATTACHED**

There are strings attached to the property tax bill.

One of the concessions Independence Township Assessor William Cobb would like to grant would effect what he believes is a 10 per cent savings in taxes to area residents.

Only Cobb doesn't call it a concession. He calls it a matter of fairness.

Appearing this week before State Tax Commissioner Robert Purnell, Cobb and Independence Township Supervisor Duane Hursfall asked that, in line with state legislative requirements, they be allowed to compute "true cash value" of property on that price received by the seller.

Both Cobb and Hursfall note that this figure is considerably less than the price paid by the purchaser. It would exclude brokerage commissions, points (a varying percentage of the cost regulated by the availability of mortgage money), and mortgage, survey and attorney fees.

* * *

Since 1965, when an attorney general's opinion made it mandatory that all property carry a 50 per cent assessed valuation (the figure millage is applied against), there have been questions regarding what 50 per cent of "true cash value" actually is.

The legal opinion reportedly was based on provisions of the new State Constitution and subsequent action taken by the State Legislature.

There are areas, Cobb and Hursfall point out, where assessments have continued lower, but it's only an illusion as far as tax bills are concerned.

**EQUALIZATION FACTOR**

An equalization factor has been in use in the state since the late 1800s. While it allows for variations from a 50 per cent figure, it increases township assessed valuation as a whole and thereby increases taxes.

It also allows for considerable inequity in assessing practices. For years vacant land carried low assessments, with industry and business carrying the heavy share of the load. Home owners came in somewhere in the middle, but even in these categories, there were differences.

* * *

The result was that some people were paying more than their fair share of taxes, while others got by for less.

Cobb thinks the state has done a good job in getting rid of the inequities, but he adds there must be some protection for farmers and for older people on fixed incomes.

**'FORCED TO SELL'**

"These people are being forced to sell because they cannot afford the taxes on an assessed valuation — based on what the land in our area would be worth for develpment," the inspector said.

"Even zoning can't protect the assessment," Cobb noted. The value of the land is based on its highest and best use.

"Many people will never sell during their lifetimes, and they are being taxed on what for them is a fictitious value," he claims.

* * *

Another thing Cobb would like to see is assessments based on "true cash value" of the two years preceding.

**A FULL YEAR**

"If we were to have a recession and the property values fell, it would take us a full year to make the corresponding change in the tax bills," he said.

"By law we are required to have assessments complete on Dec. 31 of the year preceding the next December's tax bills," he reported.

* * *

Ruefully he notes that nothing short of additional legislation is going to result in any change.

"Our hands are tied," he said.

# Republicans File for Board in 22nd and 23rd Districts

### Lee B. Valentine

Lee B. Valentine of 1750 Lakeview, Oxford Township, present supervisor of the township, announced his candidacy for the reapportioned Oakland County Board of Supervisors early this week.

He seeks the Republican nomination in the 23rd District in the Aug. 6 primary and if nominated would run in the Nov. 5 election.

* * *

The district, the largest in the reapportionment plan, includes six entire townships, Groveland, Brandon, Oxford, Springfield, Independence and Holly (village excluded).

Valentine, 59, has served on the present board of supervisors for three years and is in his fourth term. Under former rules he was an ex-officio member because of his township duties.

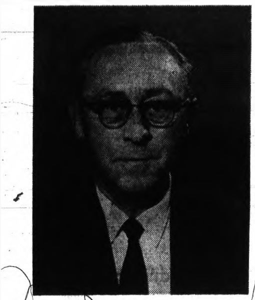
**ON ROADS COMMITTEE**

He is chairman of the board's roads committee and serves on the drains committee.

Valentine stated, "I have been connected with local government for several years and no one will question my interest in rural township problems. I will seek justice on all such issues as assessment equalization, tax allocation, road and drain problems, sewers and other public works projects.

* * *

"I hope our electors will see fit to give me the opportunity to continue to give undivided interest and concern in helping solve problems of rural townships and villages."



LEE B. VALENTINE

### John W. McGee

John W. McGee of 166 N. Detroit, Orion Township, has announced his candidacy for the reapportioned Oakland County Board of Supervisors.

McGee, 33, chairman of his subdivision's committee for better roads and past director of the Orion Jaycees, seeks the Republican party nomination for the 22nd district in the Aug. 6 primary.

* * *

If successful in the primary he would run in the Nov. 5 election to represent a district that encompasses Orion and Pontiac townships and the Village of Lake Angelus.

* * *

Also included in the district is the extreme northeast portion of the City of Pontiac.

McGee said he was not prepared to issue a statement at this time.

# 2 Supervisor Candidates File

### Leo A. Frankowski

Leo A. Frankowski of 987 Sunnybeach, White Lake Township, has filed his candidacy for the reapportioned Oakland County Board of Supervisors.

Frankowski, a 25-year-old bachelor, seeks the Republican nomination for the 25th District in the Aug. 6 primary. If nominated he would appear on the Nov. 5 ballot.

* * *

The district is approximately the northern half of Waterford Township and the northeast corner of White Lake Township.

Frankowski, a designer of electronic optical equipment who works for a Detroit research company, stated it is important that the board take immediate action on problems of high taxes and adequate law enforcement.

* * *

He is an Air Force veteran and served with the Strategic Air Command.

"It is vital that the people of Waterford and White Lake receive honest and qualified representation," he said.

"We face increasing problems. It is time the government is placed back in the hands of the citizens. I pledge to keep the people of the district informed and will represent them in a fair and independent manner," he stated.

### Ross Rector

Ross Rector of 229 Thalia, Avon Township, early this week announced his candidacy for the reapportioned County Board of Supervisors.

He seeks the Republican nomination in the 1st District in the Aug. 6 primary and if nominated would run in the Nov. 5 election.

* * *

He seeks to represent a district that encompasses a three-township area, Addison, Oakland and Avon, including the city of Rochester.

Rector is an alumnus of Michigan Christian College and Wayne State University and is married and has two children.

**'TO RESIST EXPANSION'**

Rector said, "I pledge to resist any increase in the size of county government beyond that absolutely necessary. I will vote to keep the post a nonsalaried, part-time function."

* * *

He claimed the present board of supervisors has unduly spent money on new buildings, including the County Center. Opposing the planned expansion of Oakland-Orion Airport, Rector indicated the issue should be placed on a countywide ballot.

Criticizing the present appointed board, Rector said they have been proceeding contrary to the wishes of the people and pointed out under the reapportionment "for the first time the people of the county will be able to directly elect their representative."

# Imlay City to Lose Village Manager

IMLAY CITY — Harvey Weatherwax, village manager of this community for the past five years, has resigned. He has accepted an offer to become city manager in the central Michigan community of St. Johns.

* * *

The manager's post becomes vacant officially on July 12.

# Huron-Clinton Metro Parks Set for Holiday Weekend

Parks of the Huron-Clinton Metropolitan authority are in readiness for the Fourth of July weekend, covering Thursday through Sunday.

Kensington Metropolitan Park, one of the most popular parks in southeastern Michigan, has two bathing beaches along Kent Lake, each with dressing rooms, showers, first aid stations, food service and coin-operated lockers.

* * *

The "Island Queen," a replica of an old Mississippi River-boat, makes 45-minute tours around Kent Lake daily from noon through 6:00 p.m. Charges are 25 cents for children and 50 cents for adults.

Other facilities in this 3,500-acre recreation area include 13 large picnic areas, nature trails, a nature center, scenic drives, boat-launching ramps, boat rental service, pier fishing and a golf course. Swimming hours are 9 a.m. to dusk and only at beach sites.

**PARK ENTRANCE**

The park entrance is along the I-96 freeway between Milford and Brighton.

Stoney Creek Metropolitan Park, west of Utica, offers swimming until dusk at Baypoint Beach along Stony Creek Lake. The beach house has heated showers, restrooms, dressing rooms, coin-operated lockers and food service.

There are six large picnic areas, all with water and sanitary facilities, some with playground equipment. In addition there are areas of shore fishing, a large boat launching ramp, nature trails, and a nature center.

Marshbank Metropolitan Park is primarily a picnic-playground type park. Cooling breezes from Cass Lake and shade trees make this 115-acre tract a pleasant family picnic spot. No swimming is permitted.

The park entrance is along Hiller at the junction of Commerce Road.

# Fireworks Show Set in Rochester Thursday

ROCHESTER — Fireworks, donated by local business people, will be set off by the Rochester Volunteer Fire Department at darkness tomorrow at the Rochester Senior High School athletic field, Livernois and Walton.

* * *

If it rains there will be a one-day delay in the show, according to firemen.

The sale of candy preceding the show will help finance the fire department's clown car act.

# Addison Pay Raises Due Legal Opinion

ADDISON TOWNSHIP — Pay raises which the Township Board recently granted to itself, reportedly as a result of an annual meeting vote, are due for a legal opinion here.

Mrs. Clinton Barrett, a member of the committee named at the township's annual meeting to investigate the raises, objected to the board's action without committee recommendation.

* * *

She said it was her understanding that the committee had a full year in which to make a recommendation, and she further believed that it was illegal to grant the raises after they had been held up at the annual meeting.

On June 3 the board granted $1,000 increases to the supervisor, clerk and treasurer, and trustees' pay was raised from $15 to $25 a meeting. The action was taken, according to the board, because of the committee's failure to act and on the basis of a tabled vote by electors at the annual meeting.

The Township Board referred the question of pay raises to the township attorney for an opinion.

**MORE CONTROVERSY**

More controversy in this township resulted when a letter from Richard A. Young, 10-year member of the old zoning board, stated his intent to resign from the new planning commission. His letter was tabled.

The letter triggered a suggestion for the resignation of Dr. Robert Small as chairman of the commission. Small's election over Young as chairman first occasioned a 4-4 vote of the commission and he was elected after Young then withdrew from the contest.

* * *

Said Young in his letter, "Your recent appointment of four charming, but totally unqualified people, to the planning commission rendered the resultant nine-man group inoperative."

Young charged that each of the four new members are opposed to industrial zoning for the township and that if this can't be done, they believe such zoning must be confined to the southerly portion of the municipality.

**SPECIAL INTEREST**

He claimed that all four live in the north of the township and that this "only compounds the special interest aspect."

"Moreover," he said, "planning and zoning is much, much broader than just the industrial segment."

* * *

The request for Small's resignation, made by Mrs. Barrett, was based, she said, on the fact that former township supervisor Billy VanArsdel had resigned when he became involved in a zoning suit with the township.

Small, she contended, has filed suit against VanArsdel in a back-up attempt to keep industrial zoning out of the Hosner-Lakeville Roads area.

She said she felt that anyone involved with a private zoning suit in the township should not serve on a public planning board.

## Rains Swell Drowning Possibilities

Many a child has drowned in less than a foot of water. Law enforcement officers will tell you that those small bodies of water are often just as deadly as our lakes.

Good examples are drainage ditches, rivers and creeks. These seemingly innocent bodies of water become potential killers at times such as these when they have been swollen by heavy rains.

Last week a Pontiac youth nearly drowned in the Clinton River Drain. He was trying to cross the river using an inner tube when the swift waters swept him through a 150-foot tunnel under Paddock. Luckily, he was rescued by a passing motorist.

**On a larger scale, it is worth noting that we are now in the midst of the season when drownings and water accidents reach their peak on area lakes. Only through diligently heeding water safety rules and regulations can we hope to hold drownings and accidents to a minimum.**

* * *

In any case, children should never be allowed to swim in areas where there is not adequate adult supervision. Stay away from those drains and ditches. Stick to properly posted swimming areas.

## Cities Long Marked by Recurring Crises

The urban crisis preoccupies the 1960s even more than the suburban explosion did the 1950s. Innumerable books, newspaper stories and magazine articles have examined the problems of the cities from what would seem to be every conceivable angle.

Cities have always had problems, many of them similar to those of today. One of JULIUS CAESAR's first acts on taking power was to ban wheeled vehicles from the center of Rome during the day.

* * *

**This was done as a pedestrian safety measure. But Caesar soon was forced to ban chariot traffic at night as well, because the clatter of wheels on Rome's cobblestones kept the city's residents from getting enough sleep.**

And the air of Victorian London, by DICKENS' account, appears to have been more polluted than it is today. Moreover, the horse-drawn vehicles of that day produced a special kind of pollution now happily vanished.

Little is new under the smog-dimmed city sun. American cities, it has been written, contain a host of "the destitute . . . who are condemned . . . to a hereditary state of misery and degradation." The same author predicted that our cities would perish "unless the government succeeds in creating an armed force which, while it remains under the control of the majority of the nation, will be independent of the town population and able to repress its excesses."

**This did Alexis de Tocqueville appraise America's urban crisis of the 1830s.**

## Horsepower Supplanting Manpower in Lawn Care

America's love affair with the internal combustion engine has moved from the highway to the driveway.

From a $62-million annual volume five years ago, the power mower industry has roared to a hefty $234 million estimated for 1968.

Center of all this are riding mowers and lawn and garden tractors, which are expected to account for a third of the industry's sales this year —some 900,000 units—while manufacturers compete in a horsepower, options and styling race that would make Detroit proud.

**Standard equipment for the new tractors includes three-speed transmissions, wide oval tires, parking brakes, fuel gauges and, on many models, electric starters. Horsepower has inched up from four or five a few years ago to seven to 12 today.**

That's only the beginning. The new suburban status symbols can be decked out with headlights, weather cabs, automatic shifts, whitewall tires, chrome hub caps, wide-track axles, multi-instrumented control panels, cigarette lighters and even high-fidelity radios.

* * *

Nearly 50 attachments are available — hydraulically operated, of course — ranging from mowers and snow throwers to spreaders, seeders, sprayers and sweepers.

Surprisingly, nearly as many home garden tractor owners live in the cities as in the suburbs — 23 per cent to 26 per cent.

**Which goes to prove once again that you can take the boy out of the country, but . . . Or, as long as there's a patch of grass to mow, give a man some horsepower he can ride.**

## *Mideast Talks at U.N. Salutary, Too*

By LEON DENNEN

UNITED NATIONS, N. Y. (NEA) — In New York, as in Paris, the diplomacy of peace which has been dormant since the escalation of the war in Vietnam is again in motion.

The American - Vietnamese confrontation in the French capital gets the headlines, but the discreet, behind-the-scenes talks in the United Nations about the Middle East are of equal historic significance.

* * *

With the consent of Egypt, Jordan and Israel, Gunnar Jarring, the United Nations' trouble-shooter, has succeeded in shifting the Middle Eastern negotiations to New York where the United States and Russia are in a more favorable position to exert a direct influence on Israel and its Arab neighbors.

This has given new impetus to the U.N. peace efforts based on the Security Council resolution which calls for the withdrawal of Israeli forces from Arab territories and Arab recognition of Israel's sovereignty and right to exist.

MORE DANGEROUS

The Middle East crisis is potentially more dangerous than Vietnam. In the Middle East, unlike in Vietnam, there is always the danger of a direct American-Russian military confrontation.

Peace in the Middle East is by no means around the corner. It will take many weary months of patient bargaining before the Arabs are finally brought to the conference table with Israel.

* * *

The dramatic turn in international relations is as much a result of President Johnson's tireless search for peace as of Russia's wish to be rid of the Vietnamese and Middle Eastern burdens.

With Czechoslovakia and Romania virtually in revolt against Soviet domination, the Russians have urgent problems in their own back yard.

MORE UNREALISTIC

They find it increasingly unrealistic to divert their military and economic resources to Vietnam and the Middle East They need the resources at home and to keep Czechoslovakia and other East European countries in the Communist camp.

The Soviet leaders also live in constant fear of a United States rapprochement with their Red Chinese enemy. This was recently advocated by Vice President Humphrey.

* * *

To discourage Washington from a rapprochement with Peking — and in order to mend their political fences in East Europe — the Russians seem to have decided that, for the present at least, it is in their national interest to co-operate with the United States in the search for peace.

Recent Soviet pronouncements on the Middle East reflect Moscow's interest in seeing the Arabs reach some kind of agreement with Israel.

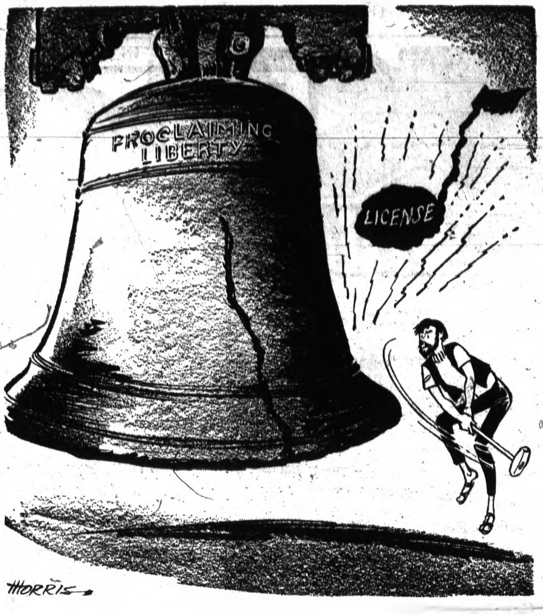
ENDORSEMENT

A leading editorial in Moscow's Pravda implicitly endorsed Arab-Israeli negotiations on the basis of the Security Council resolution mentioned earlier in this dispatch.

More important and revealing was Pravda's insistence — for the first time since Israel's victory in June — that the resolution "provides not only the withdrawal of Israeli troops from the occupied Arab territories, but also the cessation of the state of war between Israel and the Arab countries."

* * *

In the Middle East, as in Vietnam, the road to peace is still long and tortuous. But for the first time since 1965 there is some hope for peace in the world's major areas of tension.



Wrong Pitch!

David Lawrence Says:

## 'Independent' Bloc Significant

WASHINGTON — Perhaps the most significant fact which is reflected in virtually all the public-opinion polls that have been published recently is that there is no majority for either the Republican or the Democratic party as such.

LAWRENCE

Wherever more than 51 per cent is attained by any presidential aspirant in a poll, it is usually with the aid of a huge segment of what now is being called the "independent" vote.

What this means, in effect, is that a large number of voters do not consider themselves regular members of any party, but indicate only their preferences for individual candidates or for groups who favor a specific position on a public question. The day of the party "regular" is passing.

* * *

The latest Gallup Poll, for instance, asks this question: "In politics, as of today, do you consider yourself a Republican, Democrat or independent?" Twenty-seven per cent classed themselves as independents.

Only once since 1940 has either party gotten more than 50 per cent in this poll. That was in 1964, when the Democrats were given 53 per cent. Again and again, a bloc of independent votes has been required for either party to get a majority.

NOT EXPLAINED

These weaknesses in party strength as such are not explained by any of the polls.

The voters today seem naturally inclined to pick a candidate, rather than a party, though there is in both the Democratic and Republican parties a substantial segment of what might be called "regulars."

* * *

But it is apparent that national elections are not being decided or likely to be by those who have traditionally adhered to a particular ticket.

The latest Gallup Poll confirms a trend that has been growing for many years — namely, that neither the Republican party nor the Democratic party has defined its prospective programs or offered the voters a clear enough picture of the policies which are to be pursued in the event of victory at the polls.

The chances are that the "resentment" vote, which reflects a protest for many reasons against the party in office, is going to decide this year's election.

Many of the voters will still insist that they are Republicans or Democrats, as the case may be, but that they are voting for or against the men who have been nominated for the presidency.

* * *

The capability of the individual and the appeal of policies he unequivocally proposes to carry out will be the deciding factor, rather than whether he happens to be a Republican or a Democrat.

This is really a trend toward a "balance of power" by the independent voters of America who disregard party preferences of the past.

They favor the nominee whose party not only has come out with a clear-cut platform but which has named a candidate whom the majority of voters in the country believe will be a courageous leader and will conscientiously endeavor to carry out the principles of that platform.

## *Who Will Get the Job of Shaping Up People?*

By WARD CANNEL

NEW YORK (NEA) — As we understand it, the argument against strong gun-control legislation goes something like this: "Guns don't kill people. People kill people."

And after considerable thought, we are forced to agree that it appears to be a reasonable argument.

* * *

Consequently, we are also forced to agree that cars don't kill people. Drivers kill people. And as for the defense of pornography, we must admit that words and pictures aren't dirty. It's people who have nasty minds.

So, any way you look at it, people are simply too chaotic and will either have to shape up or ship out. (The way we look at it, things are in terrible disrepair when the auto industry, the National Rifle Association and Fanny Hill are all on the same side). That agreed, only one small problem remains — namely, who is going to shape up people and make order out of the chaos that is human nature.

Naturally, the job cannot be left to politics. Politicians, being people, are just as chaotic as anybody else. President Johnson, for example, has left the field completely rather than further the disorder. And Gen. de Gaulle has not only left but has also returned.

* * *

In that regard, there is no sense in calling on professional standards to guide human behaviour toward order. If our understanding of the argument is correct, illness isn't expensive. Doctors are expensive And crime doesn't pay — unless you get very rich clients.

In older simpler times, this problem would have been handed to the universities to ponder and solve. But pondering appears to be somewhat disorganized these days. Philosophical speculation never hurt anybody, of course. But students and policemen do.

SCIENTIFIC PROBLEM?

So, as we said, human nature may be in disrepair. But just who is going to put it back in working order is hard to figure out.

* * *

Sooner or later, of course, the problem will be turned over to science to handle, the theory being that laboratory research has largely resolved the confusion of the world by getting to the true facts.

But we cannot see the profit in knowing how to calculate the area of a circle, the speed of light or the average life expectancy of a child born in 1968. Not when you don't know what you want, where you're going or who you are.

If the National Rifle Association and Fanny Hill don't mind our saying so, the trouble with people is that they know all of the answers — but they seem to have forgotten what the questions are.

With the help of the Supreme Court and Attorney General Clark, the crooks are about to take over our country. The "Sob Sisters" want to help by taking away the citizen's right to own arms. ### 'Residents Have Petitioned for School Bus'

The residents of Crestbrook Subdivision have presented a petition to the Waterford school board for a school bus. We are only nine-tenths of a mile from school and the requirement for a school bus is one mile. Our children must walk on a pathway which has never been finished, on the edge of the woods where glue sniffing and beer parties were recently raided by the police. We don't want to wait until a child is molested or killed before we get our school bus. What must we do to convince the school board of our need for it?

### Comments on Mobile Home Living in Area

I enjoyed reading the section on mobile home living. It shows people that mobile home residents are not the low class of riffraff that many believe. However, I suggest that if people buy a mobile home they don't plan on moving it. Nobody will take you in another park but all parks want you to buy from them.

* * *

**We purchased a mobile home in Maryland and planned to make our home in the Pontiac area. We found one park that would accept us but you pay a $200 entrance fee for the privilege of living in the park and the money is not returned. I will move back to Maryland before I will sell or pay the outrageous demands of the parks in this great state.**

### 'Primary Votes Favor Eugene McCarthy'

Voters in primaries throughout the country have shown they favor Eugene McCarthy. He is a man of courage, progress and peace. Democratic delegates have the responsibility to nominate the best man in their party. Eugene McCarthy would be the only candidate having needed support from the independents and Republicans, as well as Democrats. The people want government that responds to their wishes.

### Two Express Views on Recent Sentencing

Three years in jail for second degree murder? Is that all a black man's life is worth? A man murders an innocent person and a judge makes a mockery of it. Why must we, the black people, experience such racism daily?

DAVE M. SIMMONS JR.
490 FILDEW

It's a real pity to see our sane and just courts sentence a man who pleaded guilty to second degree murder to three years in jail. It would be an intolerable act to society if a black man were sentenced to three years for this. The sentence placed on the Jones killer was nothing but another big slap in the black man's face and at bettering relationships between black and white.

## Reviewing Other Editorial Pages

### Giddyap!

*Tulsa Tribune*

An Oklahoman recently sat down in a barber's chair in a small town in Maryland and struck up a conversation with the man behind the clippers.

"You're from Oklahoma?" the barber said. "I get back there on my vacation every year. A friend has an acreage near Bristow. We're partners in the Quarter Horse business."

The barber is just one of thousands of Americans turning a dollar on one of the fastest growing little industries in the country. Oklahoma, with 38,210 Quarter Horses now ranks third in the nation behind Texas and California.

* * *

The booming horse business, including Thoroughbreds and other breeds, is catering to America's new hunger for horse ownership. The boom has caught the U.S. Department of Agriculture flat-footed. The horse population declined so rapidly after World War II that USDA finally dropped its horse census.

There are several factors behind the sudden popularity of horses, whether for breeding, racing or just riding in the countryside. Horses are fun to ride, fun to race and their upkeep is not overwhelming.

* * *

A generation raised on television is now of age and so many oaters have passed before their eyes that the men think they are the Marlboro Man and the women think they are Barbara Stanwyck astride her horse on a cliff overlooking The Big Valley.

### Crackdown

*Salt Lake City Desert News*

If some university presidents are prone to coddle student hoodlums who seize buildings and destroy school property, Congressmen certainly are not.

The recent House vote, 306 to 54, to deny federal funds to such student vandals is indicative of the ire aroused in the nation's lawmakers by the recent rash of campus demonstrations and violence. Moreover, angry House members rejected several attempts to soften the provisions. The measure now goes to the Senate, which ought to pass it as swift, sure evidence that anarchy on the campus will not be tolerated.

* * *

That goes for the taxpayers, too. They shouldn't be expected to finance the schooling of students who destroy public property or waste public money by creating chaos at institutions of learning.

States should follow the federal example in cutting off tax funds — such as scholarships and loans — to any student rioters who haven't already been expelled.

# 'Young Turks' Ready to Abandon the Moderate NAACP

By AUSTIN SCOTT

WASHINGTON (AP) — The "Young Turk" militants whose aggressive demands nearly broke up the National Association for the Advancement of Colored People's annual convention this past week are walking out of that moderate civil rights organization.

The basic dispute is more complex than that, however. Lewis argues that a nonviolent, nonracist Black Power—clearly labeled as such and used to build economic and political power in the ghettoes—is the country's only salvation.

He is angry at the large southern NAACP delegation that bloc voted against the Young Turk resolutions.

"The southern black man is like the southern white man, he's a goddamn conservative," Lewis said. "Plus the black South is going through the same hangup the black North went through 20 years ago, going into hotels, restaurants, airports. They actually think there's hope assimilation will occur. We've been through this, we know it won't . . . They still think that if they sing enough, and march enough, and pray enough, they will overcome."

That is not the kind of rhetoric the present NAACP leadership likes to deal in.

"We're going to hew to the line—fight segregation, get new job opportunities for our people, continue to work to improve the opportunities for ghetto dwellers," said Henry Lee Moon, the organization's public relations director.

* * *

"We're trying to make the Negro more a part, a sharer, in the good things of American life. We believe it can be done within the framework of our system . . . I would feel that we're still on course."

* * *

Faced with this situation, Lewis said he and 200 to 300 unhappy NAACP delegates decided at a postconvention conference to call a meeting in December to explore links with other groups.

"We're going to have a series of meetings around the country . . . with people in SNCC, SCLC, CORE," he said. "It's very general, nothing specific . . .

"In the meantime we'll have a national committee working on a week to week basis to plan strategy, to make it a national conference . . . there are a host of possibilities. The only conclusive thing now is that most of us cannot participate in the NAACP and still maintain our integrity."

## News Analysis

They hope to forge a new link between themselves, the Congress of Racial Equality, The Southern Christian Leadership Conference and the Student Nonviolent Coordinating Committee.

* * *

NAACP leaders are probably relieved to see them go.

The leaders weren't worried about the perennial militant threat to their control. Despite loud boasts, the Young Turks failed this year for the fourth straight time to get any of their resolutions close to a passing vote.

But NAACP leaders, who have a deep faith in orderly procedure, were aghast at having to call Atlantic City police onto their convention floor to end a noisy, scuffling demonstration.

### TRIGGERED WALKOUT

That was also the act that triggered the walkout of militants who say the convention tolerated worse disruptions when staged by friendly delegates.

The first to leave was Dr. Eugene T. Reed, an NAACP board of directors member for the past five years, who revealed his resignation Monday with a blast at the "Nazilike atmosphere of strong-arm techniques . . ." at the convention.

* * *

Dr. Reed, an Amityville, N.Y., dentist and a two-time past president of the New York State conference of branches, has long argued that the NAACP's emphasis on bringing Negroes into the existing American social system is behind the times.

"You and the board of directors," he telegraphed Executive Director Roy Wilkins, "not only demonstrated this past week an unwillingness to change, but that you are willing to use any and all means to keep the association from being relevant to the many problems of black people."

### WILL RESIGN

Monday afternoon Chester Lewis, a well-to-do Wichita, Kan., attorney who succeeded Reed as leader of the militant faction, said he would resign as branch president and legal counsel, and renounce his life membership.

Lewis, 48, accused the NAACP leadership of using Money, favors and threats to buy convention votes and said the 2-1 margin by which his proposals were beaten don't reflect the delegates' true sympathies.

* * *

"We've reached the conclusion that we can't meet the organized force they put against us," he said in a telephone interview.

An NAACP spokesman, in turn, accused Lewis of being unwilling to abide by the convention's decision. "At no time did they have the voting strength that could have passed anything," said Glouster Current, NAACP director of branches.

## Atlanta Prison Stabbing Fatal to Detroit Inmate

ATLANTA, Ga. (AP) — An inmate at the U.S. Penitentiary in Atlanta was found fatally stabbed in his cell Tuesday, according to Warden O. G. Blackwell.

Blackwell identified the victim as Joseph Hunter Thomas, 27, of Detroit, who was serving 15 years for bank robbery with assault.

* * *

The warden said the prisoner was taken to the prison hospital where he was pronounced dead after failing to respond to treatment.

Thomas' assailant has not been identified, Blackwell said, and the case has been referred to the Federal Bureau of Investigation.

# SDS Actions Echo Past Techniques

(Last of three)

By RAY CROMLEY

WASHINGTON (NEA)—Some Students for a Democratic Society operations show evidence of a thorough study of the riot-demonstration techniques of Adolph Hitler, Che Guevarra, Mao Tse-tung and Ho Chi Minh:

- In the Columbia University riots the students made repeated vicious, personal physical attacks on police to insure a police reaction. Ho's men used these tactics repeatedly in his buildup to enable his people to charge police brutality and win sympathizers.

* * *

- Some SDS leaders have consistently attempted to involve as many young people as possible in illegal actions. Once they have a police record, or have been in a strong emotional confrontation with the police or other authorities, the Mao theory runs, the students are committed to fighting "the establishment." They have no other place to go.
- In some demonstrations, goon squad types strong-arm those not in sympathy with the SDS and its allies. This is straight from Hitler's operations.

**MANY MORE**

These are three examples. There are many more.

It is one thing to study the tactics of Mao, Ho, Che and Hitler and to use some of their techniques successfully; it is quite another to be able to build a successful revolutionary movement.

* * *

SDS men have learned from Vietnam, Cuba, prewar Germany and China that a few men, using a few standard techniques, can raise a lot of havoc and create situations very difficult for government, college administrators and police to handle.

It is especially difficult for a government which lives by democratic, Christian rules if the rioters are young students and women, for whom most people have a great deal of sympathy.

**REQUIRE MORE**

But successful insurgencies require a great deal more than techniques. Mao and Ho, for example, have shown a genius for organization, a persistence and a ruggedness that is phenomenal. They have shown the ability to sacrifice personal comforts, to live in want and isolation and to go to prison for long periods to accomplish their aims.

The major weakness of the SDS is that neither its leaders nor its members have thus far shown the ability to discipline themselves or to sacrifice for what they say they believe in.

* * *

For the most part, SDS leaders and their members have not been able to become one with the people whose causes they espouse. They respond like bureaucrats.

Their own instructions to their cadres carefully point out that it will not be necessary to suffer in order to go down and work with people in the slums.

**SUGAR-COATED**

SDS planners are forced to urge their people to help in the poor city areas by sugar-coated urgings: " . . . students will learn that organizing in poor and working-class neighborhoods is not the ascetic, austere, monklike trip that (they imagine . . ."

Even with this promise, however, the SDSers are finding their people more ready with riots and demonstrations than with the slow, unglamorous hard work among ordinary people. Says one SDS leader:

"We talk of going in to organize neighborhoods or factories, or relating to those projects with some professional skill, but too few of us have moved."

* * *

No revolution can be successful with the reluctant attitudes these SDS men and women have. Ho's successes and Mao's successes came about because their cadres moved in with the people on their own living standards.

Most SDS members however, remain isolated from the Negro, the poor, the worker—intellectually, emotionally and financially. They are like the bureaucrat or the aristocrat of old, daintily walking into the slums, handkerchief over nose, handing out charity.

The fact that these men and women may put on dirty clothes and talk sex, play guitars and use four-letter words doesn't enable them to forget that they are university men and women and that any day they can pick up their kit and walk into another world.

Numbers of these SDS activists are enamored of words. As one says, "We create symbols which have no content . . . What does it mean to 'expose the bankruptcy of electoral politics?' . . . What does 'anti-imperialism' mean? . . . We have great difficulty using these words that are bandied about so freely."

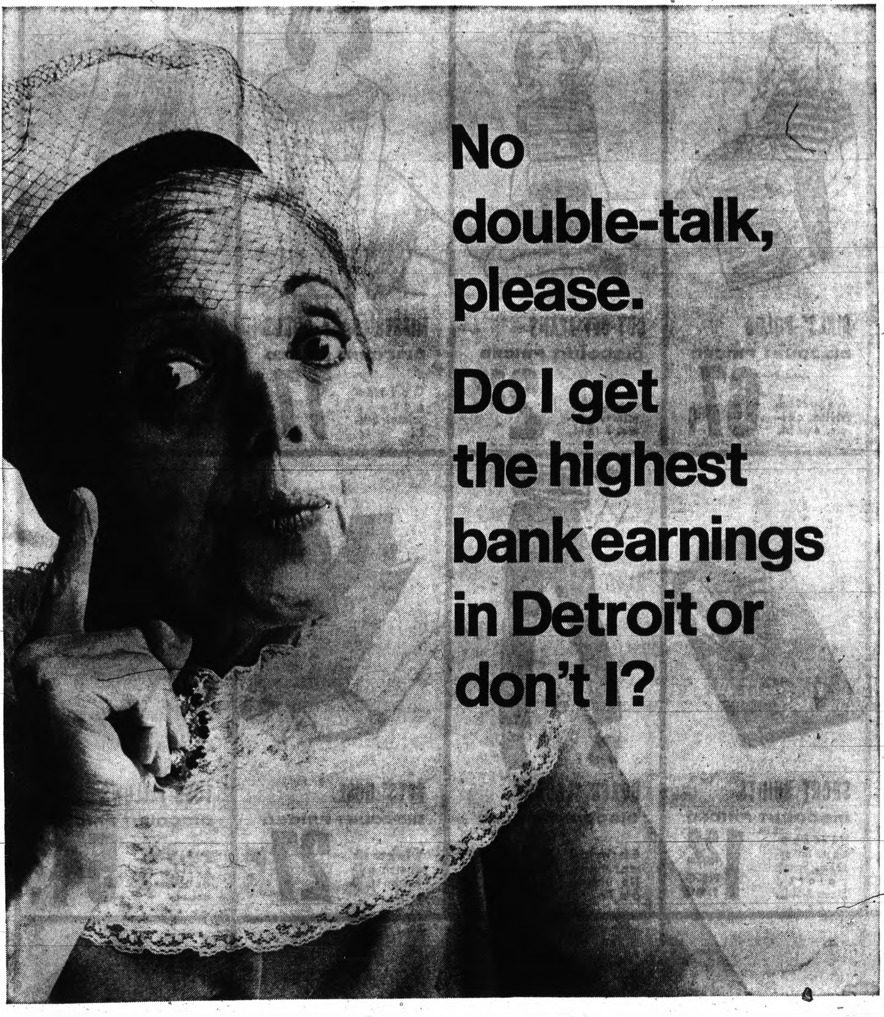
* * *

In short, many of these SDSers are children playing at revolution. Many are playing only so long as they're certain they won't be hurt seriously.

## GOP Candidate

LANSING (AP) — David Diehl, 49, Dansville, cocaptain of the 1938 Michigan State University football team, has announced his candidacy for the Republican nomination for the MSU Board of Trustees. Diehl is a member of the University Executive Alumni Board and the MSU Athletic Council.

Shortest war on record is said to be that between Great Britain and Zanzibar in August 1896. It lasted 38 minutes.



No double-talk, please.
Do I get the highest bank earnings in Detroit or don't I?

You'll get them, if you bring your savings to Bank of the Commonwealth.

We're the only bank in the city that continuously compounds 5% interest on savings certificates to *net* you even more.

That means we figure interest every minute of every day on our computers. Every minute you're getting interest on your savings *plus* interest on the interest you've already earned.

We'll guarantee these earnings for 12 months or 46 months, whichever you prefer. With our 12-month certificate, you'll earn an effective rate of 5⅛%. At the end of 46 months, you'll receive an effective interest rate of 5½%.

If you prefer greater flexibility, you can get 5% certificates that mature in 90 days and are automatically renewable.

One last thing. You don't need big money to start earning big money. Just $100 starts you off at Commonwealth—not the $1,000 or more you need at other financial institutions.

Now that that's all cleared up, why not stop in and look us over? We'll be happy to give you the straight-talk on savings, checking or any other banking need you have, too.

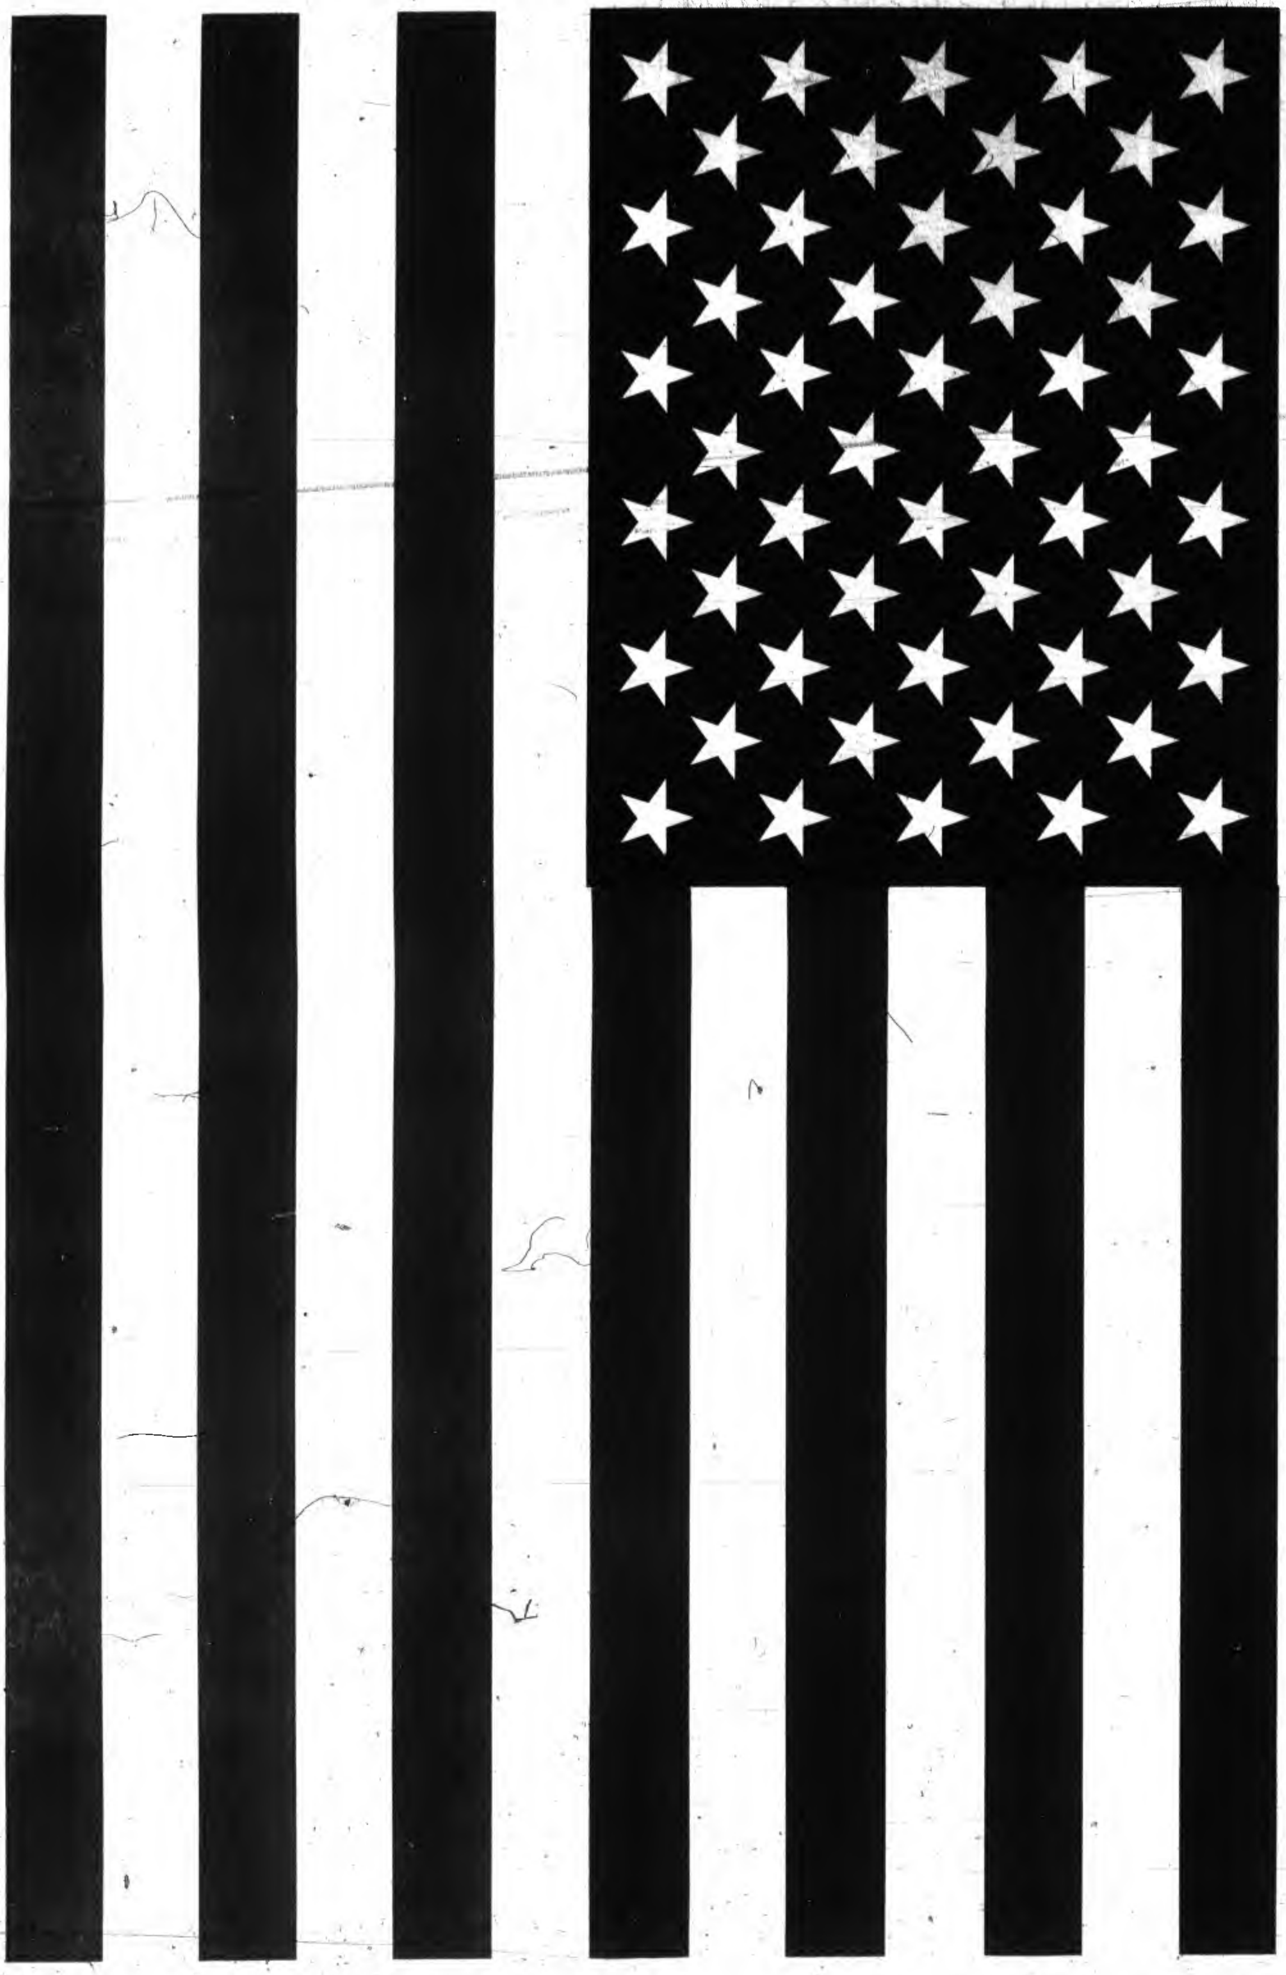
# TWO COLORS



# Do Go Near the Water

*Sleek, silky Enkalure nylon in a softly tailored shirt and teeny weeny bikini teams up with white double knit pants. Here, a Haitian inspired print in an over-sized abstract floral splashes vividly in sun yellow, gray and black on Enkalure nylon. Enkalure is the new nylon fiber that feels luxurious next to the skin. It won't cling, stretch or ride up, and holds its shape beautifully.*

*A water-jewel, more precious than the ocean's pearl, the covered-up look of the tonal paisley bijou swimshift. Smart, figure-flattering—for holiday swimming or sun basking. From Cole of California.*

# Women's Section

WEDNESDAY, JULY 3, 1968 B—1

*Frivolous . . . quietly seductive zip front Bandura mio can stay zipped or tantalizingly unzipped —down, down, down as far as you dare—followed all the way by white pleated organdy frills. In solid color 100 per cent texturized nylon. Black, Brown, Navy, by Cole of California.*

## Personal News of Area

The Joseph Warrens of Cherokee Road are expecting his brother, Douglas C. of Detroit, for a family gathering on the Fourth.

Daughters, Barbara Jean, home from studies at Albion College, and Janet, will accompany their parents on Sunday to East Lansing to visit their brother Joseph A. III who teaches at Michigan State University.

* * *

Mrs. Ostrander's mother, Mrs. George Wasserberger, went along with the family.

* * *

The Patrick J. Kanes of Orchard Lake will spend much of the long holiday weekend traveling back and forth to Warwick Hills Country Club and home for the Buick Open tournament in Grand Blanc.

## Martha Kurzweil, W. J. Windscheif Exchange Vows

In a Saturday afternoon wedding in Orchard Lake Community Presbyterian Church, Martha Kurzweil became Mrs. William J. Windscheif.

Parents of the couple, Mr. and Mrs. Charles Kurzweil of Westacres and Mr. and Mrs. William Windscheif of Colony Boulevard, West Bloomfield Township, joined the newlyweds at their reception in the church fellowship hall.

* * *

The bride chose a daisy-trimmed, Empire gown of peau de soie over nylon taffeta with matching train. She carried Phalaenopsis orchids, Stephanotis and lily of the valley.

Sister of the bride, Mrs. John Juntunen, served as matron of honor, with bridesmaids Mrs. Stanley Youtt and junior attendant, Connie Juntunen, a niece.

Ronald Karvonen was the bridegroom's best man with William Madigan and Carl Windscheif ushering.

*MRS. WILLIAM J. WINDSCHEIF*

## Fashions Reflect Femininity

After three years of capitulation to the youth kick, women have had it. They want to grow up again, to be hatted and gloved ladies, figured the way nature intended.

Anyway that was how it seemed after more than two weeks of fall fashion previews came to an end.

As mini skirts dropped, bonnets, booties and baby doll dresses disappeared back to the nursery.

Arrogant leather-jacketed motorcycle devils roared off somewhere too as tough chic disappeared. But they left their leather fashions behind, slicked up, sophisticated.

Fashion's fascination with ear-assaulting discotheque life and psychedelic turn-ons have ceased.

From wild colors and patterns, the scene has turned serene, to quiet hues or black, and conservative styling, too.

Specifically, the trends that came out of the previews were:

- Fashions with ethnic origins — the Mexican gaucho and the Asian Indian have replaced U.S. cowboys and Indians. Russian midi and maxi skirts banded with fur are fashion's plan for co-existence.

* * *

- Silhouettes — There is only one "IN" shape. It makes the most of the midriff with high, wide belts, or corselets, or, for evening occasionally, bare. Bosoms are ample.
- Colors are dull or pale or patriotic. Anything not shades of white, beige or gray are brown or black but sometimes red, white and blue.

# 'Quit Horsing Around' Says Abby

By ABIGAIL VAN BUREN

DEAR ABBY: Herb and I have had a fairly good marriage for 14 years — until five months ago, when he started giving driving lessons after work to supplement his income.

**ABBY**

Most people can learn to drive a car in a month, but there's this attractive divorcee he's been giving lessons to for nearly four months. Every time I ask about her, he tells me she is far from being ready to take her driver's tests as she is a slow learner. Herb always gives this woman his last appointment, and he comes home very late at night, dead tired. People are starting to talk.

How much longer should my husband give this lady lessons before I tell him I think he's taught her all she can learn?

MILWAUKEE MRS.

DEAR MRS.: It appears that your husband is "supplementing more than his income." Tell Herb that if his slow-learning client can't drive a car by now, she should get a horse, and quit horsing around with the driving instructor.

* * *

DEAR ABBY: The sidewalk in front of our house was all torn up, so the city decided to replace it. They had just poured the cement and had it all smoothed over, when my son, age four, went outside to play.

I told him that if he went near that freshly-poured cement walk, I would break his neck. He was out there all morning and he never went near it.

A neighbor boy, age five, came over to play with him, and I told him the same thing. That kid wasn't there ten minutes when I saw him put his foot into the fresh cement. It was no accident. He didn't "fall," and nobody pushed him. He deliberately stepped into it, then he took off like a shot.

I went right to his house and told his mother. She promptly located the workmen and they repaired it. But here is my point. The mother said that since I saw the damage done, and it was repairable, I could have just as easily located the repairman myself and left her out of it. Now I am the villain and the neighborhood stool pigeon. Was I wrong to tell her or not?

BAD NAME

DEAR BAD NAME: Mothers who want their children to learn the difference between right and wrong are more than grateful for information regarding their misconduct.

Apparently your neighbor is an oddball. And those who would condemn you for doing what you did are as odd as she is.

* * *

DEAR ABBY: A while back I was in a very bad automobile accident. Since that time I have been afraid to get into a car.

I am all but ruining my social life. My husband said I must control myself and cut out this foolishness, but I just can't. It is torture for me to get into a car. I become so tense and nervous just thinking I will never get out of that car alive.

Can you or any of your readers give me any good advice? I am sure there must be others who have gone through the same thing.

PITTSBURGH

DEAR PITTSBURGH: Your "fear" is nothing to be ashamed of, but the "foolishness" is in allowing it to go unchecked. Ask your family doctor to recommend a psychiatrist to help you resolve your fears.

DEAR ABBY: I am a widow and I go out very often so my neighbor (an elderly lady) baby-sits with my two children, a girl seven and a boy four. Here's my problem:

Every time this lady comes to my home to sit, she brings a little gift for my daughter, but never anything for my son. Sometimes it's candy, a toy, or something of that order. Naturally, it makes the little boy jealous and causes trouble.

I have told her in as nice and subtle a way as I could to bring for both or neither one, but it's like she doesn't hear me. A good sitter is hard to find and I don't want to have to look for another one, so tell me how can I make her understand the trouble she's causing me?

NEEDS HELP

DEAR NEEDS: You may not be able to, in which case you would be ahead to start looking for another sitter. Perhaps if you skipped the "subtle" approach and simply TOLD her, "either—or," you'd accomplish more.

For Abby's new booklet "What Teen-Agers Want to Know," send $1.00 to Abby, care of The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48056.

## Saturday Vows Are Exchanged by Newlyweds

University Presbyterian Church was the setting for Saturday evening vows spoken by Kathryn Ann Stoutenburg and James Robinson Hodges.

* * *

The bride's peau de soie gown, appliqued with Chantilly lace, featured a batteau neckline. She chose a bouffant veil of illusion secured to a headpiece of daisies.

Phalaenopsis orchids, daisies and Stephanotis comprised her bouquet.

**HONOR ATTENDANT**

Mrs. Pamela Ferguson Teeman was matron of honor for the daughter of the Herbert N. Stoutenburgs of Heidelberg Drive, Avon Township.

Attendants were Nancy Sue Stoutenburg, Linda Hodges and Judith Graham.

Standing as best man for the bridegroom, son of the Wallace R. Hodges of Brewster Road, Avon Township, was his brother, Wallace, of Ann Arbor.

Ushers were Brian Stoutenburg, Michael H. Hodges and William Blanchard.

* * *

Following a reception in Lawnridge Hall, the couple left for a honeymoon in Barbados.

*MRS. JAMES R. HODGES*

## *Two Area Women to Exhibit China*

MRS. T. L. BARBER

### Barber-Russo

Candlelight vows Saturday evening in St. Hugo's of the Hills Catholic Church united Michele Marie Russo and Terrance Lee Barber.

Their parents are the Michael T. Russos of Alveston Street and the Wayne Barbers of East St. Louis, Ill.

* * *

Alencon lace highlighted the bride's gown of ivory peau de soie featuring a full train.

Her mantilla veil was fashioned of matching lace and illusion and she carried a Spanish lace fan with roses and Stephanotis.

* * *

Marie Russo was her sister's maid of honor with bridesmaids, Linda Allen, Mary Jane Wurth, Ann Ulveling and Maureen Barber.

Wesley Barber was best man with Wayne Barber Jr., Vince Roach, Jerry Burns, Jeff Garesche, Edward DiVincenzo and Anthony Harris as ushers.

Following a reception in Forest Lake Country Club the couple left on a honeymoon to New York and the Virgin Islands. They will reside in St. Louis upon their return.

### Brown-St. Lawrence

Alencon lace accents highlighted a bridal gown for Judy Kay St. Lawrence as she repeated vows Friday evening in Central Christian Church with James Monroe Brown.

Her silk illusion veil was secured to a crown of seed pearls and crystals and she carried white roses and carnations on a white Bible.

* * *

Mrs. Lawrence Hornsby stood as matron of honor for the daughter of Mr. and Mrs. Alfred R. St. Lawrence of Wyman Drive. Bridesmaids were Lorene Brown, Cheryl Faust and Janice Marsh.

Standing as best man for the son of the Paul W. Browns of Lakeside Street, was Loren B. Brown. Ushers were Donald Brown, Lawrence Hornsby and Paul Marsh.

* * *

Assuming new posts were Mrs. Richard Jones, president; Mrs. Robert Lenz, president elect; Elizabeth Fabeck, treasurer; Karen Baer, and Joy Andress, secretaries.

# Respect Is Child's Debt to Her Parents

By MURIEL LAWRENCE

DEAR MRS. LAWRENCE: I am so frightened by my complete change of feeling toward the oldest of our four children (all adopted). As a baby, her health was delicate and we adored her. It was during her teens we learned that she was telling people she was the heiress of British aristocrats and that we were being paid to raise her. We never mentioned this lie to her.

Now that she is married to a responsible young man, I realize I dislike her. Why? What has happened to me, Mrs. Lawrence?

* * *

ANSWER: As I'm no Second-Sight Sally, friend, I don't know what's happened to you.

However, in a situation like yours, I might perceive what had happened to me. I might realize that I had resented this child for some time and refused to admit it, lest any hint of it produce more accusing, retaliatory behavior. I might even move on to further realize that her "responsible" husband's responsibility for her had freed me to finally feel a resentful impatience I had hitherto been too scared to feel.

What's more, I would be delighted with my impatience. I would welcome it as a self-respect that was long overdue. For I'm not a person who obliges herself to enjoy kicks in the teeth.

The chances are I would not have ignored that "heiress" business. I wouldn't have condoned such disparagement of my efforts to be as decent a parent as I could, no matter what the consequences of my open indignation.

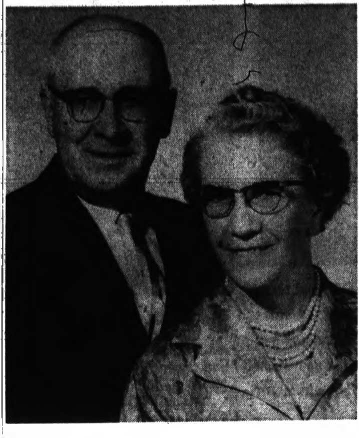
* * *

I suppose I should say that such indignation is available to me for one reason — success is not an ethic of mine, success in parenthood or success in anything else. Effort is my ethic. The mere trying to do well is what commands my whole respect.

If I had tried to be as good a mother as I could to a delicate baby, making as many efforts as possible to bring her through to physical health, I'd have been wild at lies that my struggle had been bought by the money of British aristocrats.

* * *

Somehow, America has made it very hard for us to respect human effort. We give it lip-service respect but in the end its failure to produce success makes it nothing. And that goes for our parenthood, too. If the kids behave successfully, we're in. But if they don't, all the effort we made in their behalf dissolves into nothing in our own eyes. And so, in their eyes, too.



*Mr. and Mrs. Joseph J. Willis of Wise Road, Commerce Township will celebrate their golden wedding anniversary today. They were married July 3, 1918 in Toronto, Ont. and moved to Pontiac in 1925. An open house takes place in their home Sunday from 1-7 p.m., hosted by their children: Alfred, Lawrence, Mrs. Glenn Casey, Howard of Scottsdale, Ariz. and Harold. There are 15 grandchildren and 8 great-grandchildren.*

### Polly's Pointers

## File Those Old Photos

DEAR POLLY—Like Mildred, I had quite a collection of family pictures and many had belonged to mother. Today's generation have so many cameras and are taking so many pictures which adds to the problem. I decided my children would have so many of their own they are not going to have the time or patience to look through those made 50 or 60 years ago and, to my regret, probably won't even be interested in a picture of great grandma and her first boyfriend.

I threw away as many as I could bear to part with, then got together a batch of big envelopes and put in each those that would be of particular interest to certain members of the family, and mailed the envelopes to them. To my delight, they all seemed pleased and threasure them. Now it is up to them to discard their pictures.

* * *

I put some of the really old ones in one box and more recent ones in another. I am waiting for time and patience to put each child's school pictures in a large frame with a glass and then they can all be seen, enjoyed and compared much quicker.

It is a time-consuming job but I am glad that I can now clean out my storage without the usual tears from that vast collection of pictures.

—MARTHA

DEAR POLLY — I store cherished old family pictures in three old-fashioned metal boxes where they are perfectly safe from dust and mice. I picked the boxes up at a rummage sale for 10 and 25 cents each.—SIGRID

DEAR POLLY — I have recently filed a lot of family pictures in shoe boxes with cardboard dividers separating the different categories.

* * *

These dividers were cut from cardboard that came in hosiery so as to labeled. I marked mine as "Vacation 1967" or "Family Reunion 1956" and so on. I also sorted through the negatives and put them in envelopes right with the pictures. I was amazed at how many will go in one shoe box.—BELVA FROM ARKANSAS

* * *

DEAR POLLY—One pair of my expensive glass fiber draperies is faded, so I would like to remove all the beige coloring, then tint them another pastel color. Would you know how this could be done without ruining the fabric?—MRS. A. K.

## Dortha Foust, James Atkins Exchange Vows

Friday evening vows in Baldwin Avenue United Methodist Church were exchanged by Dortha Gayle Foust and James Willard Atkins.

* * *

Their parents are the Woodrow Fousts of Tregent Street and the John Atkinses of Clarkston.

The bride selected a gown of satin, highlighted with Chantilly lace and featuring a full length train.

Her bouffant veil of illusion was secured with a pearl tiara and she carried a white Bible with carnations and ivy.

* * *

Mary R. Barnett was maid of honor, with the bride's sister, Aura Lou, as bridesmaid. Best man duties were performed by Stephen Everett with usher, Carl R. Barnett.

* * *

Following a reception in Fisher Body Union Hall, the pair left for a honeymoon in the south.

NOTHING NEW—ONLY REARRANGED

"There is no new thing under the sun," according to a profound statement found in the Bible.

In the realm of flowers—with the hundreds of new varieties and colors, appearing, we can easily see the varied results of man's efforts to change them. With all our botanical tricks and methods of adding to, taking away, rearranging . . . we seldom improve the beauty of their original wildness.

Our policy is to offer the loveliest flowers that are available.

# Grill Packets of Spinach, Fish

No authentic Hawaiian Luau is complete unless a "LauLau" course is on the menu. "LauLaus" are made by wrapping meat or fish in ti leaves or fresh spinach and steaming the bundles until they are cooked through.

* * *

The LauLaus, which take only minutes to prepare, can be made up early in the day and refrigerated until shortly before cooking. Allow the LauLaus to reach room temperature while the barbecue coals heat up.

* * *

Add Oriental flair to your Luau-inspired meal by accompanying the LauLaus with a Crunch Bean Sprout Salad.

* * *

This crisp blend of canned bean sprouts and a variety of colorful vegetables tossed with a soy sauce dressing provides the perfect texture contrast to the fish rolls.

## Fish LauLaus

½ pound fresh spinach leaves
4 fillets (approximately 1 pound) of sole, flounder or ocean perch, each about 6 inches long
Salt and pepper; onion or garlic salt, as desired
Juice of 1 lemon
1 tablespoon soy sauce
1 package (10 ounces) frozen fried rice, thawed or 1 can (13.5 ounces) fried rice
4 squares of aluminum foil, 12 inches by 12 inches

Wash spincah leaves well, cutting off tough stems and singling out the largest leaves; drain. One at a time, place fish fillets between two pieces of plastic wrap or waxed paper.

With a mallet, the side of a heave knife or can, pound fish lightly until each fillet is flattened to approximately 4 inches across the widest part. Sprinkle fish with seasonings, lemon juice and soy sauce.

Divide fried rice between 4 fillets and wrap fish around rice to make a fat roll.

**WRAP UP**

Place 4 or 5 good-sized spinach leaves in the center of each square of foil. Set each fish roll on spinach leaves and wrap leaves around fish, covering fish completely. (Add extra spinach leaves to each, as needed.)

Wrap foil around spinach in tight bundles, sealing ends tightly to prevent juices from leaking out during cooking.

* * *

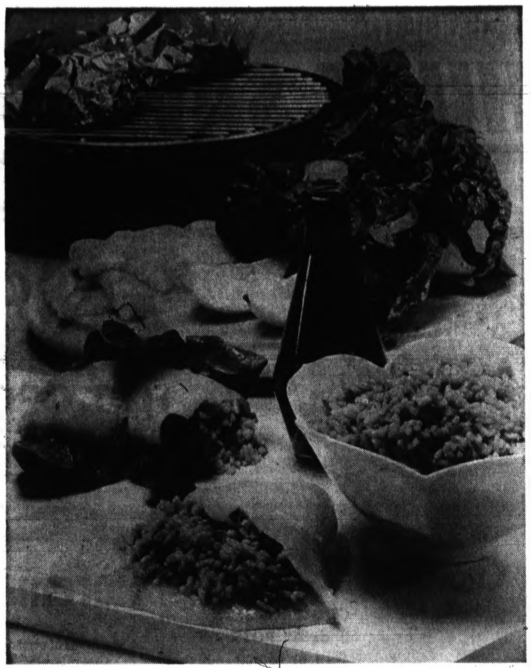
Place bundles on barbecue grill about 6 inches above grey (not red-hot) coals; cook for 45 minutes, turning frequently. (If preferred, place bundles in baking pan and bake in 350 degree oven for 45 minutes.)

Serve bundles to diners, allowing each person to unwrap his own. Makes 4 servings.

**CRUNCHY BEAN SPROUT SALAD**

1 cup thinly sliced celery crescents
1 cup thinly sliced carrots
1 cup thinly sliced green onion, including some tops
1 can (1 lb.) bean sprouts
1 can (No. 303) cut green beans
1 can (No. 303) green peas
¼ cup sliced stuffed green olives
¼ cup salad oil
¼ cup wine vinegar
1 tablespoon soy sauce
½ teaspoon paprika
½ cup confectioners sugar (or less, to taste)

Drain all vegetables and combine. Mix remaining ingredients and pour over vegetables; cover and chill. Serve on crisp lettuce leaf shell or on shredded Chinese cabbage. Makes apporximately 6 to 8 servings.



LAULAUS — Hawaiian cooking technique makes interesting outdoor cookery idea. Fish fillets topped with canned or frozen fried rice, lemon juice and soy sauce are rolled in fresh spinach leaves and wrapped in aluminum foil bundles. Resulting "LauLaus" can be cooked on an outdoor barbecue or baked in the oven, if preferred.

TIVOLI SANDWICH PLATTER — Swing into summer by offering family or friends a platter of open Danish sandwiches. Serve them a Tivoli sandwich platter of the Danish delicacies.

# Guests Enjoy Open Sandwiches

For the perfect party fare . . . offer a smorgasbord of Danish open sandwiches. They are as tasty as they are colorful and eye-catching. Bright garnishes of cheese sticks, cherry tomatoes, egg slices, pickle chips, radish and cucumber slices attract the initial attention.

But, the savory flavors of the luncheon meats used will be the lasting impression.

* * *

The delicate yet distinctive flavor of ham . . . and the full-flavor of hard salami will ring through when layered on bread spread with creamery butter and topped with a crisp lettuce leaf.

The Danish open sandwiches are ideal for entertaining! Offer a Tivoli sandwich platter for card parties, receptions, graduation celebrations or simply as fourth meal snacks.

For a fast deal at your next card party . . . assemble a platter of these party sandwiches.

On the relish tray, add a bright accent by wrapping green onions with slices of pickle loaf luncheon meat.

**TIVOLI SANDWICH PLATTER**

¼ pound butter
10 slices hard salami
6 slices cooked ham
1 slice process Swiss cheese, cut in strips
2 Cheddar cheese cubes
1 hard cooked egg, sliced
12 oval slices of dark rye bread
Leaf lettuce
Radishes, thinly sliced
Sour cream
Sweet pickle chips
Cherry tomatoes
Cucumber slices
Chives
Capers

Butter generously each slice of bread. Top each slice with a lettuce leaf.

On six of the slices, add a slice of boiled ham that has been folded into thirds. Garnish two of the ham sandwiches with three slices of hard cooked egg and capers.

**Top two with radish slices and sour cream, and two with a wooden pick skewered with a sweet pickle chip, a cherry tomato, and Cheddar cheese cube.**

Cut four slices of the hard salami in half. On the remaining six slices of bread, place one whole slice of salami folded in half.

Add another half slice of salami and garnish two of the sandwiches with Swiss cheese-strips. Garnish two more with a cucumber slice topped with sour cream.

* * *

And top the last two with a wooden pick skewered with a sweet pickle chip, a cherry tomato and half a salami slice, folded in half.

## Lemon Cookies

Just for a change, add lemon flavoring to sugar cookie dough. A half teaspoon of the flavoring will be enough for a recipe that calls for about 2½ cups of flour. Along with the flavoring you may also add a little grated lemon rind.

GEORGIA WAFFLE GLACIERS — Roll 6 large scoops vanilla ice cream in finely chopped pecans to form balls. Freeze until firm. Heat one 9-oz. package pre-baked frozen waffles on cookie sheet or foil in 400-degree oven about 7 minutes; or heat in toaster. Heat one bottle caramel sauce. For each serving, top 2 waffle sections with an ice cream ball and warm caramel sauce. Makes 6 servings.

# Malted Milk Began as Food for Babies

Malted milk was the first milk in powder form to achieve commercial success at the retail level. Its early development was inspired by humanitarian motives.

* * *

Because of the difficulty in securing a clean, safe milk supply for infant feeding in the 1870's, a group of physicians asked a baby food manufacturer to try to make a powdered food of milk and cereal grains. The process of making malted milk was finally developed in 1883, but the product was not placed on the market until 1887.

* * *

The introduction of malted milk immediately won the favorable attention of the medical profession because of its convenience, nutritive value and high digestibility. The malted milk flavor appealed to many adults and children and so encouraged public acceptance of the product.

It's not a diet tuna. It's real tuna. Empress uses only the plumpest filets of white Albacore. We call it skinny tuna because of the way we pack it. Most tuna comes packed in oil. Fatty oil. You can pour off the oil but not the calories. Skinny tuna, packed in water, has only half the calories of the oil soaked kind. And with no oil to disguise the taste Empress has a fresher, more natural flavor. Serve your family a tuna that tastes like tuna. Empress, the skinny tuna. Half the calories of the oil-packed kind. You don't need a weight problem to love it.

**Empress, the skinny tuna.**

Only you can prevent slogans

Yes, folks, careless reading and listening to slogans can brainwash you into a dull rut. When a big smokescreen of fiery hoopla and blazing headlines tells you to buy this soft drink or that soft drink, you may not see the forest for the trees. Like missing the gingery flavor of Vernors. And we couldn't bear that. You'd be missing a unique flavor and taste that no other soft drink has. Why, Vernors is so different it doesn't even need a slogan. Whether it's Vernors or Vernors One-Calorie, its flavor just can't be described in words that do it justice. So next time you're on a picnic or a hike in the woods, bury all those slogans that are cluttering up your mind and think clear. Think and drink Vernors. Remember, only you can prevent slogans.

~~Vernors is a zippy, tangy, jim dandy~~

GUS CIFELLI

## Ex-Gridder Enters Race for Judgeship

Gus Cifelli, an attorney from Bloomfield Township and former tackle with the Detroit Lions, has entered the race for judge of the 48th District in Oakland County.

The district, which will be served by two judges, includes the cities of Birmingham, Bloomfield Hills, Sylvan Lake, Keego Harbor and Orchard Lake and the townships of Bloomfield and West Bloomfield.

* * *

A native of Philadelphia, Cifelli, 43, of 377 Kendry, has law offices in Detroit.

A 1950 cum laude graduate of Notre Dame, majoring in philosophy, Cefelli received his law degree three years ago from the University of Detroit.

**ON A CHAMP TEAM**

Following his graduation from Notre Dame, he played with the Detroit Lions during their championship years in the early 50s.

Later he served as coach for the Detroit Raiders in the Ontario Football Union, leading the team to the only championship ever won by a U.S. team in Canadian football.

* * *

He was a candidate for the Detroit Common Council in 1961. Married, he has two stepdaughters and a stepson.

Cifelli is a member of the Michigan Bar Association, Detroit Bar Association, Detroit Lions Alumni Association, Knights of Columbus and Veterans of Foreign Wars.

## 'Stop and Frisk' Law Is Passed in Detroit

DETROIT (UPI) — Common Council passed a "stop and frisk" law Tuesday night, 5-2.

The law gives policemen the authority to stop persons whom they believe are carrying weapons or about to commit a felony, and search them, as outlined in a recent U.S. Supreme Court decision.

* * *

The council action followed months of debate, during which several suburbs enacted the controversial ordinances.

Mayor Jerome P. Cavanagh has the power to veto the ordinance, which he has not supported.

# Bids Received on Indian Village Storm Drains

Residents of the Indian Village area who have experienced a number of water disasters due to heavy rain and flooded streets and sewers in recent days can look forward to relief from sewer overflow next spring.

Director of Public Works and Service Joseph E. Neipling told city commissioners last night that bids on two major storm sewer projects in that area have been received.

He said necessary procedures, including four or five months involved in getting approval of a bonding issue, and an expected 150 days for constructions means that the drains can be expected to be completed about next April or May.

Bids on the two drains totaled about $654,000, which is about $150,000 more than engineering estimates of last year, he said.

Neipling said the drains would provide adequate storm sewerage facilities for the area south of Elizabeth Lake Road, north of Orchard Lake and west of Johnson.

He said in most cases the construction would entail new paving for the streets which will be torn up to allow placement of the drains.

* * *

The smaller Guyer drain will be placed on Genesee from Menominee to Niagara. This will tie an existing storm drain to another which runs behind Navajo. Neipling said this would redistribute water flow to more ably handle the loads of two existing drains.

The Brewer drain will be construction from the northern point of Iroquois along West Iroquois to Chippewa, to Voorheis, to the Clinton River.

**ASSESSMENTS**

The two drains will be paid for by a bond issue. The bonds will be retired by assessments of the city at large.

Neipling also outlined for the commission storm sewer projects which are scheduled to be placed before the county drain commission in 1968.

They are:

- A $6-million improvement of the Pontiac Creek, which has been put into the hands of the drain commissioner.
- Storm drainage in the vicinity of Perry and Pontiac Road.
- Storm drainage in the area of University Drive and Bay to include the extension of the Perry Park storm drain to Galloway Creek.

* * *

Neipling said the city has scheduled for construction two storm sewers to be financed by the city's capital improvement fund.

This includes construction of the Earlmoor sewer to provide a connection to the Murphy Drain to correct flooding south of Orchard Lake Avenue in the vicinity of Washington Park and construction of a sewer outlet on Oakland in the vicinity of Pershing.

Neipling said serious consideration should be given to improvement of that portion of the Clinton River that has not been previously improved, that is, from East Wide Track to Telegraph, to further improve the city's storm drainage capabilities.

## City Affairs

# Street Projects Are Approved

City commissioners last night approved resurfacing and reconstruction projects for eight major streets.

The commission, following the recommendations of the administration, gave preliminary approval to the project and authorized seeking construction bids.

* * *

Streets to be included in the resurfacing program for 1968 are:

Columbia, Baldwin to Price; Edison, Rundell to Chamberlain; Seneca, Perry to University; Ottawa, Huron to Orchard Lake; and Howard, Saginaw to Perry.

**RECONSTRUCTION**

Streets slated for reconstruction are: Madison, Barkell to Perry; Kennett, Perry to Joslyn; and Summit, Oakland to High.

* * *

Resurfacing projects are those which call for a limited amount of curb repair with asphalt resurfacing placed on the existing surface.

* * *

Reconstruction projects call for removal of existing surfaces, new street surfaces and extensive curb replacement.

The projects are to be financed from the capital expansion street fund which is funded by state gas and weight tax returns.

**SIGNIFICANT FUNDS**

Joseph E. Neipling, director of public works and service, said this is the first time in several years that there are significant funds for such a program.

Neipling said three factors were used to judge which streets should be improved. They are, the amount of money available, the probability of immediate benefit and the consideration of streets which could have their useful life prolonged to the greatest extent.

In other business, the commission:

- Approved engineer plans and estimated cost ($28,325) for an off-street parking facility on the south side of West Huron between Telegraph and Genesee.
- Authorized receiving construction proposals July 22 for the 1968 sidewalk repair program.
- Authorized receiving construction proposals July 22 for projects which will provide a right-hand-turn lane from Golf Drive east of Telegraph to Telegraph and a left-hand-turn lane from Eastbound Auburn onto West Wide Track.

# $7,750 for 'Selling' Stadium Bid Okayed

City officials who will plead Pontiac's case for becoming the home city of a new football and baseball stadium for the Detroit Tigers and Lions will have the services of an architectural and planning firm to help them.

City commissioners last night approved spending $7,750 with the firm of Driker and Associates of Birmingham for materials to be used in a presentation to the Metropolitan Stadium Committee when the city makes its bid Sept. 11.

* * *

Under contract terms, the firm is to prepare a brochure of data involving population, transportation, land features, social factors, utilities and other facts of concenrn to the committee in selecting the best site within the metropolitan region.

The data will be incorporated into a 30-minute slide presentation, James L. Bates, director of planning and urban renewal, said.

He said 100 copies of the brochure will be available. The material also can be utilized by the city for promotion of industrial, commercial and residential construction, he said.

# Insurer Pacts Authorized by Commission

City commissioners last night approved low bidders and authorized contracts to cover public liability and property damage insurance for city cars and workmen's compensation for certain hourly city employes.

Citizens Mutual Insurance Co., bidding through the Hansen, Metty and Hunt Agency in Pontiac, was the lowerst of three bidders on the public liability and property damage insurance.

* * *

The company quoted a price of $24,799 for the year.

Michigan Mutual Liability Co. was the lowest of two bidders on the compensation insurance with a quoted annual net premium of $13,694.

* * *

The two carriers are the same companies which handled the city's insurance during the past year.

# July is a bad time of year to buy clothes at regular prices.

## Come to Osmun's great storewide summer clearance sale.

July is when Osmun's stages a spectacular clearance sale. We do it, really, to clear the place out...to make room for the new merchandise we'll be showing for Autumn. So suits and sport coats and topcoats and shoes and zip jackets and slacks and you-name-its are going for much lower prices than you'd pay at other times. (You-name-its with names like: Eagle, Petrocelli, Ronald Bascombe, Ambassador, Phoenix, Martinelli, French-Shriner, Crosby Square, M'sieur, Esquire, Fashion Park, etc.) And everything that's now sale-priced at Osmun's previously was regular-priced at Osmun's. It's all merchandise right off our racks. And it's all right on our racks now. Specially tagged. With savings, in some cases, up to 45 per cent. So come and look. The sale goes on all of July. But don't wait too long. An Osmun's sale is a bad time of year to wait too long.

### Wilson Stops California, 3-1

# Latest Victory Helps Tiger Manager Get More Sleep

DETROIT (AP) — Detroit Tiger manager Mayo Smith expects to sleep better now that one of his big worries about the American League pennant race has been solved — at least temporarily.

"I feel pretty sure I will get a good night's rest now," he told sportswriters after the Tigers nipped the California Angels 3-1 Tuesday night to up their league lead to 8½ games.

* * *

Smith explained that he had some restless nights of late worrying about the way his starting pitchers, with the exception of Denny McLain, had performed.

"All we needed was to get a couple of real good games out of them and things would be okay," he said. Smith admitted he could find little fault with the back to back pitching performances of Mickey Lolich and Earl Wilson who took the first two games of the four game California series.

**NINE STRIKEOUTS**

Wilson posted nine strikeouts, six of them in the first three innings, as he went the route in beating California Tuesday on a seven hitter. The night before, Lolich fanned 14 while beating California 5-1 in a nine-inning performance.

"A couple of pitching performances like that can do a lot to a pitching staff and both men looked real good out there," he explained.

* * *

McLain (14-2) was tagged to start tonight's game against Jim McGlothlin (6-4).

"Denny has been pitching real fine and I hope that Joe Sparma (6-8) will go the distance Thursday in the series windup for we would be in a great pitching shape then with four starters in the groove."

Smith tossed aside writers' questions as to whether he did not feel he had a pretty good claim staked out on the pennant with about an 8½ game lead just before the break for the All Star game.

"This season is far from over," he said as he brushed aside other questions about the Tigers lead which was boosted as second place Cleveland bowed to Minnesota Tuesday night.

Smith said Wilson's performance probably was his second best of the year, topped only by a game he pitched against Baltimore earlier in the season.

"He had his fast ball zipping in the early innings and he mixed the pitches up pretty well later in the game," explained Smith.

The Tiger manager admitted Lady Luck smiled on Wilson several times as he pitched himself out of jams. The Angels got the leadoff man on base in four different innings and in the second had the bases loaded before Wilson got two strikeouts and an infield out to get out of more trouble.

"You don't like to see those guys on base so early in the ball game but Earl kept coming back after them and I can find no real fault with the game he pitched," Smith said.

**DECIDING BLOW**

Tiger outfielder Willie Horton settled the game before many of the 17,892 fans had gotten settled in their seats.

With two out in the first, Jim Northrup doubled off California starter and loser Tom Murphy. Norm Cash walked on a 3-2 pitch and both runners moved up on a wild pitch. Horton then ripped a double into left field to make it a 2-0 ball game.

* * *

Rookie Tom Matchick hit his first major league homer in the seventh off reliever Larry Sheree to make it a 3-0.

It stayed that way until Jim Fregosi ran his game hitting streak to 12 by banging a high inside pitch into the left field stands in the eighth for his seventh home run of the season and the only time California got on the scoreboard.

# Wins Round in Buick Open

## State Amateur Champ Regains Tourney Berth

GRAND BLANC — Michigan State Amateur Lynn Janson, who at first was an apparent loser, turned out to be a winner, again.

Janson, a 20-year-old Michigan State University junior who won the amateur title last week at Charlevoix, tried to qualify Monday for the $125,000 Buick Open which starts here tomorrow.

He shot a 73 in the qualifying at Flint Golf Club but wasn't listed among those making the cut. After some inquiry, tournament officials checked the scores, found Janson's 73 and reversed their decision.

**IN STARTING LINEUP**

He'll be on hand tomorrow and will tee off at 9:28 along with Bob Deakin of Placida, Fla., and Steve Isakov of Flint.

* * *

Janson is one of several of Michigan's top amateurs who'll be around to try and pick up the huge trophy that goes to the winner of the Buick title.

**ODDS NOT GOOD**

The odds are against an amateur winner. All of the previous 10 titles were taken by professionals, and the likes of Julius Boros, Lee Trevino and a host of other top names are expected to be the front runners this year.

* * *

Other amateurs from Michigan making the starting lineup along with Janson are Peter Green of Franklin, medalist in last week's amateur tournament and winner of two titles already this year — Michigan Medal Play and Horton Smith Memorial; John Grace of Grosse Pointe Shores; Jim St. Germain of Northville; and Jerry Snable, 16-year-old Saginaw High School student.

The Warwick Hills course, well dampened by the rain that hit the state last week, is drying fast in sunshine and gentle breezes and PGA officials indicated it would be a little sticky at first but should be sharper as the tournament progresses.

**BIG FIELD**

The field of 144 swings into action tomorrow morning over the 7,001-yard, par-72 layout that has been completely redesigned.

Most of the players were on the course yesterday for the final official practice round, and most were back today for the pro-am that serves as the kickoff to the rich tournament.

Single 18-hole rounds are slated for tomorrow through Sunday.

Bidding for his third title in the Buick event will be Boros, 38, who'll have a lot of competition from the younger players now making a lot of noise on the tour.

Among the state professionals who'll be trying for a big slice of the Buick cash are Gene Bone of Pontiac, former Michigan Open and PGA champion; Mike Souchak of Oakland Hills, former Buick Open champion (1960) and winner of this year's Michigan Section PGA title; Bill Bisdorf of Grosse Ile, former Colorado PGA Section champion; and Wally Burkemo of Detroit Golf Club, former national PGA champion.

## Reserves Trigger Victory for Twins

CLEVELAND (AP) — Cal Ermer reached into his reserve bag and pulled out a 6-0 victory over the Cleveland Indians Tuesday night. He's keeping the bag handy.

* * *

"Yes sir," the Minnesota Twins' manager said with a smile, "they really picked us up. I just may go with them again tonight."

* * *

They and them are Rich Reese, Jackie Hernandez and rookie Jim Holt. The three had a combined batting average of .188 before the game.

"Reese got two big hits, Hernandez got two and Holt got one," Ermer continued. "And Holt saved Jim Kaat's shutout with that catch against Max Alvis in the eighth."

* * *

The new trio was playing for Harmon Killebrew, Bob Allison and Rod Carew.

**SEVEN-HITTER**

Kaat, 6-4, scattered seven hits, but it was over for the Indians in the fourth inning when Reese and Hernandez both doubled in a four-run rally. Hernandez rapped one to right field, scoring Reese and John Roseboro.

Cesar Tovar's single scored Hernandez, then Tovar raced home from first on Holt's single to center.

* * *

That was more than Kaat needed. "He pitched a whale of a game," Ermer said. "He pitched it, he didn't throw it. He's a real craftsman. He didn't overpower them."

* * *

Kaat confessed he wasn't "a shutout pitcher. But it was a great example of the way we won (the pennant) in 1965. I had some good plays behind me."

**SACRIFICE FLY**

The Twins made it 5-0 on Frank Quilici's sacrifice fly in the fifth and Ted Uhlaender tripled for the final run in the ninth.

The victory left Minnesota tied with Baltimore for third place—both 10 games out—and 1½ games behind the second-place Indians. Detroit has a substantial lead, but Ermer isn't conceding the race.

* * *

"You'd think they would go into a bad spell," said Ermer, expressing the same sentiments about Detroit as Indians' Manager Alvin Dark. "I hope they don't get too far ahead before it's too late."

"There are still 90 games to go," he added. "We can't get discouraged."

## Mud Hens Losing Grip on 1st Place

With Merv Rettenmund leading the way, the Rochester Red Wings once again have propelled themselves to within chinning distance of the International League lead.

* * *

Rettenmund hit two home runs Tuesday night as the Red Wings outlasted the Richmond Braves 8-6 and moved to within a game of the front-running Toledo Mud Hens, who lost to the Columbus Jets 7-3.

* * *

The Jacksonville Mets knocked off the Syracuse Chiefs 7-5 and the Buffalo Bisons swept a twin bill from the Louisville Colonels, 5-3 and 2-1 in 10 innings.

* * *

The spread among the first seven teams shrank to 3½ games. Last-place Syracuse is only five games back.

## State Golfers Leading in Junior Tournament

State golfers led in three boys' divisions and shared the lead in the fourth grouping as the second round opened this morning in the National Junior Golf tournament at Spring Lake Country Club near Clarkston.

The state also boasted two leaders and a share of another division in the girls' competition.

**SHARE LEAD**

In the boys' 16-17 age bracket, Bill Dickens of Sandusky and Dennis Lacey of Clarkston had 82s in the opening round to share the top spot in that class.

In the 14-15 group, Jerry Pratt of Lima, O., and Pontiac's Rick Vershure were deadlocked for the lead with 88s.

* * *

Scott Rabakon of Albion had the day's best round, a 78, to lead the 12-13 group, while Steve Stoppert of Clarkston managed a 51 to take the 11-and-under lead.

**GIRLS' LEADER**

Sandi Baker of Ohio carded an 86 to lead the girls' 16-17 group.

* * *

Sharing the lead in the 14-15 group were Cindy Baker of Ohio and Denise Wait of Oxford. Leslie Wurm of Lake Orion was setting the pace in the 12-13 group after an opening 108, while Vivian Booker's 87 was best among the 11-and-under shooters.

## Bantamweight King Defeats Challenger

TOKYO (AP) — World bantamweight champion Lionel Rose of Australia rested today after successfully defending his crown while his manager agreed to a nontitle fight against a Mexican boxer in Los Angeles Aug. 29.

Rose beat Japan's Takao Sakurai in a 15-round split decision Tuesday in his first defense of the crown he won Feb. 27 by dethroning Masahiko "Fighting" Harada of Japan.

Rose's manager, Jack Rennie, said he accepted an offer from American promoter George Parnassus to put the 20-year-old champion against one of three Mexican bantamweights—Jesus Castillo, Ruben Olivares or Jose Medel.

## Yarborough Is Favored Driver in Daytona Race

DAYTONA BEACH, Fla. (AP) — Cale Yarborough will start in the second row and he's only the second fastest qualifier. But he is the driver to beat in the Firecracker 400 late model stock car race Thursday because his Daytona luck is all good.

Yarborough is going for his third straight victory on the high-banked, high-speed 2.5-mile Daytona International Speedway. He won the Daytona 500 in February and the Firecracker 400 a year ago.

* * *

The blond speedster from Timmonsville, S.C., will have to outdo a fast field topped by record qualifier Lee Roy Yarbrough of Columbia, S.C., Richard Petty of Randleman, N.C., and the surprise pole sitter, Charlie Glotzbach of Georgetown, Ind.

Glotzbach grabbed the pole in his 1968 Dodge and Petty the other front row spot in his 1968 Plymouth when their cars were ready to run Sunday as qualifying began. They conformed to a rule interpretation limiting the forward slant of bodies and the distance of the ground.

**ANOTHER DAY**

The twin 1968 Mercury Cyclones of Yarbrough and Yarborough needed another day to make the changes. When done, Yarbrough set a record 187.049 miles an hour and Yarborough was second best at 185.750.

Glotzbach did 185.156 and Petty 183.342.

"We didn't know about the body changes until 5 p.m. Saturday," Yarborough declared.

Petty said he had ample notice and came to Daytona with his car prepared.

* * *

In the first three days, 13 cars of the 14 who qualified beat the old Firecracker 400 qualifying record of 179.802 m.p.h. set last year by Darel Dieringer of Charlotte, N.C.

Yarbrough approached but didn't erase the 189.222 set by Yarborough in February. The end of the nose-down body slant and required use of the same type tires in qualifying as in racing combined to reduce speeds an estimated average of three miles an hour.

**CAPABLE COMBOS**

While the spotlight is on the starters in the first two rows, about 15 of the 40 entrants have the combination of man and machine capable of winning.

There is David Pearson of Spartanburg, S.C., Firecracker winner in 1961 and hottest driver on the National Association for Stock Car Auto Racing (NASCAR) circuit this year. He starts fifth in a 1968 Ford Torino he qualified at 184.789.

In sixth is A. J. Foyt of Houston in a similar Ford. He's a three-time Indianapolis 500 winner and twice victor in this Fourth of July race.

## Pontiac Thinclads Gain Top Honors

Pontiac athletes captured top honors in eight events at a U.S. Track & Field Federation meet last night in Ann Arbor.

The locals checked in with two victories in the junior division and six in the novice class.

Cary Wiley turned in a 44.1 second clocking to take the intermediate hurdles, while the team of Ed Watkins, Wiley, Jon Costello and Jerry Seay won the mile relay in 3:34.7 in the junior competition.

In the novice division, Nelson Gibson won three events to pace that class. He took the intermediate hurdles in 48.6 seconds, the 120-yard lows in 15.7 and the long jump at 16-feet-4-inches.

Rick Griggs won the 100 in 11.2 seconds, Jeff Cottrell took the pole vault with a leap of 11 feet, and the team of Pat Burch, Griggs, Robby Furney and John Burch won the mile relay.

# Amateurs May Help Wimbledon 'Fund'

WIMBLEDON, England (AP) — Arthur Ashe and Clark Graebner U.S. Davis Cup stars with the booming services, set out today to try to save the All-England Club $4,320.

That is what would happen if the two Americans defeated their Australian professional opponents to reach the final of the first Open Wimbledon Tennis Tournament.

Ashe, of Richmond, Va., faced Rod Laver, the Wimbledon champion of 1961 and 1962. Graebner, of New York City, had to play Tony Roche.

There are prizes at stake of $4,800 for the winner and $3,120 for the runner-up. But Ashe and Graebner, as amateurs, are competing for expenses only and can accept the gift vouchers worth $240.

If Laver and Roche lose in the semifinals, they will pick up only $1,800 each. The unclaimed prize money would then go back into the pot.

* * *

The success of the amateurs is one reason why officials are happy over the outcome of the first Open Wimbledon Tournament. They've been saved plenty of money by the success of amateurs over pros.

* * *

Ashe helped the Wimbledon kitty Tuesday by knocking out Tom Okker of The Netherlands 7-9, 9-7, 9-7, 6-2 in the quarter-finals. Okker ranks as an amateur and plays on his country's Davis Cup team, but was competing here for prize money with the approval of the Dutch Tennis Federation. As a losing quarter-finalist, he won only $960.

Graebner, piling up the points with his big service, hammered amateur Ray Moore of South Africa 6-2, 6-0, 9-7. Both were unseeded.

The fans, who have had a feast of fine tennis unprecedented in Wimbledon's 91-year-old history, waited to see whether the booming services of Ashe and Graebhander, is the oldest of the semifinalists at 29. Ashe and Graebner are each 24, and Roche is 22.

Laver, the wiry and hard-hitting lefthander, is the oldest of the semifinals at 29. Ashe and Graeber are each 24, and Roche is 22.

**OLD SCORES**

Groebner has some old scores to play off against Roche, who played him often before turning pro last year.

* * *

"I think he leads me 4-1 altogether, and 2-1 on grass," Graebner said.

Ashe never has played Laver.

Mrs. Billie Jean King of Long Beach, Calif., the defending champion, faced an old rival in Mrs. Lesley Turner Bowry of Australia in the women's quarter-finals.

* * *

The rest of the women's quarter-finalists lined up like this: Mrs. Margaret Smith Court, Australia vs. Judy Tegart, Australia; Nancy Richey, San Angelo, Tex., vs. Maria Bueno, Brazil; Mrs. Ann Jones, professional, Britain, vs. Francoise Durr, professional, France.

# Fearless Juan Keeps Winning

By the Associated Press
Associated Press Sports Writer

Juan Marichal apparently has nothing to fear from the rest of the National League in his quest for a 30-game season. It's his injury incidence he has to worry about.

Marichal, whose greatness has been hampered only by a series of injuries, breezed to his 15th victory against three defeats Tuesday night, pitching a five-hitter as San Francisco defeated Atlanta 5-0.

The triumph gave Marichal a victory over every team in the league, made him the winningest pitcher in the majors and placed him at the halfway mark in his effort to become the first 30-game winner since Dizzy Dean in 1934.

In other games, St. Louis defeated Los Angeles 5-3, Houston blanked Cincinnati 2-0, Pittsburgh edged New York 2-1 and Chicago defeated Philadelphia 5-3.

For Marichal, a four-time 20-game winner, this is the earliest he's ever won his 15th. Previously, the earliest he reached this point was July 15, 1966.

**SECERAL INJURIES**

But in that season, as in all but one, 1963, the 29-year-old right-hander lost some pitching time because of injuries.

In 1966, Marichal failed to win from July 25 to Aug. 23. During that time, however, he had a car door slammed on his right hand and he sprained his left ankle during running exercises.

Last year the Dominican native had 14 victories when, on Aug. 4, he pulled a hamstring muscle, again while running in the outfield. He pitched only once the rest of the season.

Going back to the early days of Juan's major league career, he missed most of the last month of both 1961 and 1962 with foot injuries, and in 1964 he missed a number of starts because of a back ailment.

* * *

It was a slightly different story in 1965. Instead of being out of action because of an injury to himself he missed 11 days because of an injury to John Roseboro, who was then with the Dodgers. That was when Marichal hit the catcher on the head with a bat and was suspended for 11 days.

Marichal is just about through the first half of the season without an injury, but most of his non-pitching problems have come in the second half. That's what he has to worry about this year.

The victory over the Braves was his first against them since Sept. 26, 1966. Willie Mays provided much of the support, rapping three straight hits, including a run-scoring single and a bunt single that set up another run.

**THE HARD WAY** — The Los Angeles Dodgers came up with a double play but the St. Louis Cardinals made it interesting during their game in Los Angeles last night. At top, Cards' Mike Shannon leaps over the tag of third baseman Bob Bailey as Bailey tries for the second out of the double play. At bottom, Shannon tries unsuccessfully to approach the bag from the other side, but Bailey has the ball and is lying on the bag. Bailey had tagged Bob Tolan in a rundown seconds earlier for the first out. Catcher is Tom Haller. Cards' coach Joe Shultz and umpire Shag Crawford watch the play. Cardinals won, 5-3.

## Pennsylvania Team Pacing Horse Event

The No. 1 team of Westmoreland Hunt of Pennsylvania checked in with a slim lead in the Class C Tri-State 10th Regional Rally at Centrau Farm Stables yesterday.

The Pennsylvania team rolled up 502 points, while just two points off the pace was the Chagrin Valley Hunt Club of Ohio.

**TAKES THIRD**

Hudson Pony Club of Ohio was third with 470, while Oakland County's No. 2 team was fourth with 456.

Among the Class B riders, Lynn MacGuire of Harts Run Hunt in Pensylvania set the pace with 176 points, picking up 100 of those in the 22-jump, 2.2 mile course yesterday.

**FALLS BACK**

Miss MacGuire started the day only five points ahead of Lynn Roark of Bloomfield Township, but Miss Roark fell back after picking up only 76 points in the cross-country event.

Pitcher Roger Reynolds allowed only a second-inning single last night as Town & Country ran its record to 13-1 with a 6-0 verdict over Ron's Roost (9-5).

* * *

While Reynolds was taming the opposition, Bob Overcasier and Ron Lacharite led a seven-hit assault with two safeties apiece.

In other Fastpitch games, Local 594 (11-2) stayed close to T & C with a 13-7 nod over Union Lake Merchant (2-12), Milbur Industry (7-8) nipped J. A. Fredman (4-10), 7-6, and Timberlanes (5-8) edged Ray's Sunoco (4-9), 3-2.

Milbur scored six times in the fourth on only four hits. Nick Halesma, Bill Holcomb and Jay Williams led the attack with two hits apiece.

* * *

Bob Minton capped a three-run rally in the bottom of the seventh with a single that sent Rich Fitzgerald across with the winning marker for Timberlane.

## Walled Lake Stars Have Brother Act

There'll be a brother act in when the all stars of the Walled Lake Industrial League take the field in August.

Coaches of the teams leading the two Divisions — A and B — will be the pilots for the all-star contest. Currently, Tom Burke's Wixom squad is heading the 'A' loop, while his brother, Joe, is coaching the 'B' leader — Penny Manufacturing.

* * *

In a contest last night, John Fawcett clouted a three-run homer to lead Wixom to a 6-4 win over Big Boy.

## Hitters Lead Junior Teams

The hitters took the bows yesterday in city Class E junior baseball action.

Lakeland AC (2-1) pounded out 16 hits in whipping House of Barbers (1-2), 10-6, while Alger Black (2-1) collected 12 safeties in handing the Hawks (1-1) a 10-3 loss.

In a Class D game, the XL's (2-1) pushed acros sfour runs in the third to break open a tight game and went on to a 6-3 victory over the Pontiac Police (3-1).

## Mrs. Werner's 'New Look' Leads Field

There's something new in the golf game of Mrs. T. M. Werner of Indianwood Country Club.

Playing with her first set of new clubs in 15 years, Mrs. Werner fashioned a 38-38—76 yesterday to lead a field of 92 in the Women's District Golf Association weekly outing at Plum Hollow.

* * *

The round was the best of the season in the WDGA, indicating what might have happened had the WDGA medal play tournament not been rained out last week.

Mrs. Werner is the defending medal play champ but rain prevented her from defending the title. But those new clubs could come in handy when the association opens its match play the latter part of this month at Western Golf and Country Club.

## Bat Power Supplied by Harrelson

BOSTON (AP) — Ken Harrelson's heavy hitting is getting most of the headlines for the Boston Red Sox these days while Carl Yastrzemski fights a batting slump. But sometimes not everything shows up in the box score.

"Yastrzemski won that game for us with his base-running," Harrelson said after driving in three runs with a single and a double to lead the Red Sox to a comeback 4-3 victory over the Oakland Athletics Tuesday night.

* * *

"Yaz' base-running has to be the big play," Manager Dick Williams agreed.

Yastrzemski was on first and pinch runner Jose Tartabull on second with one out and the Red Sox trailing 3-2 in the eighth inning. Harrelson then belted a high drive toward the short left field wall.

Left fielder Jim Gosger went back to the wall with an apparent chance for the ball, just as Yastrzemski has done in his defensive position there many times. Gosger leaped at the last second, but the ball hit the wall and bounded away.

**STREAKED HOME**

Yaz, who had circled second base, streaked home behind Tartabull with the eventual winning run.

"That might be the greatest single exhibition of instinct I've ever seen in baseball," Harrelson said.

"He's the only man in baseball who could have scored on that ball. He's played out there, he knew the ball was going to be be off the wall."

Yastrzemski said he wasn't that positive, and in fact feared at the last split second that the ball might be caught, but "it's a judgement play."

## Local Wins Two in City Baseball

Faulty fielding by the opposition plus some timely hitting enabled CIO Local 594 to take a pair of victories last night in City Class A recreation baseball.

The CIO squad took the opener 3-2 over Talbott Lumber behind the three-hit pitching of Dale Manning and came back in the nightcap with a 6-1 verdict over Uncle Charlie's Pet Shop.

**HIKES RECORD**

The wins raised CIO's record to 5-4. Talbott skidded to 4-5, while Uncle Charlie's boys suffered their ninth straight setback.

A walk, two errors and a single by Ray Heaton produced a couple of runs for CIO in the first inning against Talbott, and the winners came up with the deciding run in the third on back-to-back doubles by Manning and Gene Luppino.

**TWO HITS**

Lincho Chavez rapped out two hits for Talbott and scored one of the squad's two runs.

* * *

Six errors by Uncle Charlie paved the way for an easy CIO win in the nightcap. Paul Oliver went the distance, scattering seven hits and fanning five.

Two Pet Shop errors and four CIO hits led to four runs in the third and errors led to two more in the fifth. Bob Burt picked up two hits to pace CIO.

## Two Triples Help Spencer

Jerry Hesse clouted a pair of triples, knocking in two runs and scoring another to lead Spencer Floor (14-0) to a 3-2 victory over Clarkston Appliance (5-9) last night in Waterford Township softball action.

John Studt singled in the fifth, moved around on a sacrifice and came home with the winning run on Hesse's fly to deep left field.

In a second game, Jim Attard banged a two-run homer and Dexter Jarrett spun a six-hitter as Lighthouse (4-9) Lanes downed Huron Bowl (5-11), 6-2.

## Beatle Haircut Costs Soccer Player $150

MANCHESTER, England (AP) — George Best, a soccer star with the Beatle haircut, counted the cost of a single trip to the barber today and it came to $150.

The haircut itself cost only $1.50. The rest was for his return air ticket from his vacation home in Majorca to the barber shop in Manchester.

George, outside right of Manchester United's European Cup winning team, explained: "The only man who knows how I like my hair cut is Malcolm Wagner, and he's in Manchester. I didn't want anyone else to touch it."

## Top Honors Won

Mrs. Jean Looney walked away with top honors at this weeks Silver Lake Ladies Golf Outing.

Mrs. Looney tied with Madeline Castleberry for low gross with a score of 48. She also took low net honors for the first flight with 39 and had the lowest total putts of the day with 14.

In the second flight Wanda Ziem and Margaret Coops tied for honors with 42's and in the third flight, Marge Schmidt came out on top with a 44.

I BET YOU DIDN'T KNOW

*By John Carter*

What's the highest batting average a big league player ever made for one season? . . . The record for a regular player was set by Hugh Duffy of Boston in the National League in 1894 . . . That season Duffy hit .438 for the all-time mark.

★ ★ ★

Did you know there was once a big league baseball game in which BOTH pitchers hurled a no-hit game! . . . It happened in 1917 when pitchers Fred Toney and Hippo Vaughan faced each other and each pitched no-hitters for nine innings . . . Vaughan finally gave up some hits and a run in the 10th, and lost 1-0 . . . Toney finished with a 10-inning no-hitter.

★ ★ ★

Here's an interesting fact . . . What's the record for a big league baseball team scoring the most runs in an inning after two were out, and the bases were empty? . . The Dodgers set the record in a game in 1954 when they scored 12 runs after they had two out and nobody on base.

# Kicker Signs Detroit Pact

### De Poyster Second Choice in Draft

DETROIT (UPI) — The Detroit Lions Tuesday announced the signing of their second-round draft choice, kicker Jerry De Poyster of Wyoming.

Contract terms were not disclosed.

* * *

De Poyster holds NCAA career records for most points by kicking and or the most field goals. The 6-1, 200-pound De Poyster kicked 15 field goals last season, including a record 49-yarder in the Sugar Bowl. De Poyster's 22nd birthday is Saturday.

Lions field goal kicking last season was shared by Wayne Walker and Garo Yepromian, a soccer-style booter. The two hit on seven of 21 attempts.

Lions officials said the only drafted players still unsigned were Olympic track hopefuls Earl McCullouch of USC and Ed Caruthers of Arizona.

### Players Reject Owners' Offer

# Ingredients Point Toward NFL Strike

**By the Associated Press**

There's nothing official, but the ingredients are beginning to stack up for a strike by National Football League players.

Officially, the players are saying nothing. That's through attorney Dan Shulman, counsel for the NFL Players Association.

* * *

Unofficially, there are numerous reports of strike talk by the players.

And time is running out. Rookies are scheduled to begin reporting for practice next week. Veterans will report later. Reporting dates vary for each club. The exhibition season is less than a month away.

The player representatives and an owners' group failed to come to an agreement at their super secret meeting at Pine Lake Country Club last weekend.

**SILENCE BROKEN**

Art Modell, NFL president and owner of the Cleveland Browns, broke the long silence with a prepared statement in Cleveland Tuesday.

"We regret exceedingly that the players have rejected the results of the very fruitful negotiations we had in Detroit on Friday and Saturday," Modell's statement said. "We think, perhaps, the players may not have fully understood our position."

In Chicago, Shulman said: "We have agreed to no comments in the press and we intend, at least for the present, to adhere to that."

Asked if another date had been set for further negotiations, Shulman replied: "No comment."

An authoritative source in Atlanta said about 97 per cent of the players so far contacted were not satisfied with the owners' offer.

And in Knoxville, Tenn., the News Sentinel said NFL players have voted 377-17 not to report to preseason camps.

"There figures to be a strike unless the NFL club owners and the players association come to an agreement this week," the newspaper said.

The Los Angeles Times quoted an unidentified Ram as saying the owners' offer "was an insult. If they don't increase it, we're all staying home next week."

Among other things, the players are seeking improved pension benefits, $500 for ach exhibition game, and a guaranteed minimum salary, such as exists in baseball.

At present, players get $10 a day allowance when in training or playing an exhibition game.

In Atlanta, Falcon player representative Sam Williams said the owners offered $350 an exhibition game to five-year players, and $300 to four-year men. He declined to say if the players were willing to accept the latest offers.

## Lions' First Captain Dies

DETROIT (UPI) — George Christensen, 58, captain of the first Detroit Lions professional football team in 1934, died Monday night at his home of a heart attack.

Christensen, a tackle at Oregon before joining the Lions, played with the team from 1934 until 1938. He is survived by his widow and one daughter. Service will be Thursday with burial at Aspen, Colo., Friday.

### One of Four Hunters Connected

# Deer-Hunt Success Best in U. P.

LANSING (AP) — The odds are more than 5 to 1 against your bagging deer this fall while hunting in Michigan.

But you can reduce the odds to 4 to 1 if you decide to stalk whitetails in the Upper Peninsula.

* * *

The odds are calculated on the basis of last year's kill which was slightly higher than the 10-year average.

Only 18.4 per cent of the hunters who went afield last autumn brought home venison, the Department of Conservation reports. A total of 552,480 sportsmen killed 101,620 animals.

In 1966, about 17 per cent of the hunters were successful.

**HIGHER RATIO**

The high kill ratio in the Upper Peninsula was recorded despite heavy deer losses resulting from the severe winter of 1966-67.

Upper Peninsula hunters bagged 10,690 bucks and 14,040 anterless deer, a drop of about 4,300 animals from the previous season.

* * *

Hunter success was lowest in the southern Michigan where only one hunter in 10 managed to fill his freezer with venison.

A total of 105,090 sportsmen stalked the woods and fields in the southern portion of the state killing 10,120 animals.

In the northern Lower Peninsula, an army of 343,300 hunters managed to shoot 66,770 deer.

The number of bucks killed last year dropped to 56,110, compared to 62,100 killed during the previous year.

The Department of Conservation also reports that liberalized deer hunting will be permitted this fall at the Ft. Custer Military Reservation near Battle Creek.

The Michigan National Guard will open about 12,000 acres to hunters during weekdays. The reservation will be closed to hunters during weekends while troops are training.

* * *

This fall daily permits will not be required.

* * *

The acreage will be opened to deer hunters when the archery season begins Oct. 1. It will be closed Nov. 14, and reopned Nov. 15 when firearm hunting is legal.

* * *

Ft. Custer has long had a reputation for harboring great herds of whitetails, but the department reports that deer numbers on the military reservation have been reduced by hunter harvests and heavy browsing which limits the food supply available to deer in the winter.

* * *

Game biologists predict that hunter success at Ft. Custer this fall will not be any higher than at other state-owned game areas in that part of the state.

## No Mountains of Alewives This Summer

KALAMAZOO (AP) — The Lake Michigan shoreline may be spared a major invasion by alewives this summer, a State Conservation Department official said today.

There is every indication that last year's mountain of dead fish on Lake Michigan beaches won't be repeated this year, according to Jack Bails, administrative assistant in the Conservation Department's Fish Division

* * *

Bails said last year's record dieoff of the alewives was traced to a record birth in 1964. He said the fish which have a three-year life span showed a smaller birth rate in 1965.

Bail said an aerial survey of Lake Michigan just completed by Melvin R. Greenwood, base director of the Federal Bureau of Commercial Fisheries, found only a few of the fish off Evanston, Ill.

* * *

Last year, the bad-smelling mountains of dead alewives that washed up on Lake Michigan beaches kept many tourists away and resulted in joint efforts by the federal government and Michigan and neighboring states

**PRIVATE POND** — A newly-hatched whooping crane stands on one leg in a saucer of water at the Patuxent Wildlife Research Center in Laurel, Md. It hatched from one of 10 crane eggs captured in the wilds of Canada's Northwest Territories by biologists. Fewer than 50 of the rare birds remain in the wild and the Interior Department is trying to increase the flock by taking the eggs and hatching them.

## AuSable Canoe Races Scheduled for Aug. 2-4

The 22nd annual World AuSable River Valley Canoe Race has been set for Aug. 2-4, a Michigan Canoe Racing Association spokesman announced this week.

Some of the top national and international professionals are expected to be on hand to compete for a share of the more than $2,000 in prize money.

The 240-mile section of the river, which connects Grayling with Mio and Mio with Oscoda will once again be the course for both professional and amateur teams.

Contests for amateurs and pros in both sprints and long distance paddling will be held Friday evening, Saturday, and conclude Sunday August 4.

**REAL NESTFUL**—This nest containing 23 pheasant eggs was found near the tank testing track of the U.S. Army Tank-Automotive Command in Warren. Conservation Department officials say it is rare for a pheasant to lay that many eggs.

## Safe Boating Week Starts

### Special Activities Are Being Planned

"The week for week end skippers has arrived," says John Fleming, Director of the National Safety Council's Public Department."

* * *

By Presidential proclamation, June 30 thru July 6 is National Safe Boating Week."

* * *

Local chapters of the 19 groups forming the National Safe Boating Committee are presenting demonstrations and activities emphasizing boating safety.

* * *

These groups include the U.S. Coast Guard and the Coast Guard Auxilliary, the U.S. Power Squadrons, local boating clubs, and the National Safety Council.

* * *

About 7,500 volunteers will spark-plug the week's activities in 1,000 waterfront communities, Fleming announced.

* * *

The activities scheduled for the week include safety demonstrations, boat safety clinics, parades, contests, water shows, and free boat safety examinations.

### Illustrated Husband's Work

# Mrs. Knight Carries on Solunar Tables

Mrs. Jacqueline Alden Knight sees the outdoor scene through the lens of her camera. She joined John Alden Knight-Richard Alden Knight, authors of Solunar Tables and Outdoors column, in February, 1959 as the wife of the latter.

Now author of Solunar Tables and Outdoors column, Mrs. Knight photo illustrated numerous articles authored by her late husband for sporting magazines. She worked the camera for the Knights on four outdoor books — "The Complete Book of Fly Casting," "The Boys Book of Gun Handling," "Mastering the Shotgun" and Fishing."

* * *

She also did two photo series for Winchester brochures on Scotland and Mexico.

Pictures aren't the only thing Mrs. Knight can shoot. The only child of a now retired major general of New York State Guard E. M. Podeyn and wife Marion, Jackie was introduced to pistols when she was very young.

"I was checked out with rifles when I could hold them straight, but that took a few years — they were heavy!"

Her dad also had a string of polo ponies and Jackie played kids' polo. She grew up on Long Island swimming, sailing her 16 foot boat and riding horses.

Mrs. Knight attended St. Lawrence University, Canton, N.Y. and transferred after two years to Tobe-Coburn School, New York for merchandising. She entered the retail advertising and promotion field after college and in a few years switched to a job as stylist and set decorator for Patston-Hesse Studios, one of the leading commercial photo studios.

* * *

Mexico was a popular vacation spot for Jacqueline Knight and she decided to set herself up as a free lance buyer of Mexican goods for the stores in the United States. She did this for five years using her photography as an aid in selling. While in Mexico, she met Richard Alden Knight.

Jackie came back to the United States to marry Richard Knight and began to assist him in his work with Solunar Tables. John Alden Knight was the creator of the Solunar Theory in 1926.

It was first published in 1935 and since then appears in seven foreign languages. John Alden Knight's son Richard grew up with the Solunar theory knowledge and continued the Solunar Tables and Outdoors column after his dad's death in 1966.

Richard Alden Knight and Jackie worked as an outdoor team promoting sporting tournaments in the United States, Canada, and Mexico. They traveled extensively, trout fishing, saltwater flyfishing or hunting. In each sport they were proving the effectiveness of Knight's Original Solunar Tables.

Richard Alden Knight died last March and now from father to son to widow, Knight's Original Solunar Tables and Outdoors column continues with Mrs. Knight reporting the knowledge of hunting and fishing known only by the Knights.

SOLUNAR TABLES

The schedule of Solunar Periods, as printed below, has been taken from John Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

## Weather Takes Toll of Fishing in Area

Heavy rains and high winds all but wiped out the fishing in Southeastern Michigan last week.

* * *

Some perch were taken from the breakwater at Caseville and bass continued to hit on Oakland County lakes despite the high water.

* * *

Lake St. Clair fishermen were generally idle because of rough water

**Chance of a Lifetime— Perhaps YOUR Lifetime!**

This could be it, because we're looking for a number of men with some business experience—preferably sales—to join our steadily expanding staff of account executives in Detroit. This experience may—or may not—have been in the brokerage business.

These are the men we pay to help people invest their money as wisely as possible.

To become one, you work—and work hard.

If you have no previous brokerage experience, you go through seven months of the most intensive training, including three months of classroom sessions in New York City.

You get paid while you learn, of course—receive a salary based on your background, your experience and your personal requirements.

If your'e seriously interested in a lifetime career with us, to do work that pays in terms of both money and satisfaction, we'd like to hear from you.

Tell us in writing about your background, education, and experience; be sure to include your address and telephone number—then send your letter in confidence to—

## Clever Thieves Loot Jewelers

BOSTON (AP) — Police were searching today for clues to a gang of thieves who looted a jewelry shop of nearly $500,000 by snaking a cable through walls to bypass the burglar alarm.

The cable was attached to a burglar alarm relay in the basement, then snaked past pipes and drains into a second floor bathroom and hooked into the alarm circuit in the office of I. Kopelman & Sons Jewelry Co. on Washington Street.

* * *

When the gang broke through the door, the bypass cut off the alarm.

Police said the gang smashed the combinations of two safes and selected the best of the diamonds, rings, watches and other jewelry.

## Bankers' Officers

MACKINAC ISLAND (AP) — Richard M. Gillett, 44, of Grand Rapids has been elected president of the Michigan Bankers Association. Other officers named were: H. Andrews Hays, Lansing, first vice president; Harold A. Elgas, Gaylord, second vice president; and James H. Tamblyn, Bad Axe, treasurer.

## I-75 Timetable

LANSING (AP) — The State Highway Department hopes to complete the 60-mile stretch of Interstate 75 between Grayling and Standish by early 1972. Commissioner Wallace Nunn said 14 miles are now under construction, and contracts for the remainder are scheduled to be let beginning in November.

## This Optometrist Needs Glasses

GREAT BEND, Kan. (AP) — Dr. Frank Reinhardt, a local optometrist, failed to read the small print on a couple of dinner tickets he held. He and his wife arrived a bit late at the dinner and took the only vacant chairs they saw. When no one took his tickets, he asked someone at the table: "Isn't this the Republican convention?" He found it was not. He was at the dinner for the delegates to the Association of Postmasters.

His tickets were for the GOP dinner to be held the next night in the same room.

**LAND FOR SALE**

## Drivers Strike Against Beer Distributors

Negotiations have reportedly broken off in a three-day-old strike that could "dry up" Oakland County in about two weeks. Local 38 of the Brewery Workers Union has been on strike since Monday.

Beer deliveries to almost all of the county have been cut off. Anthony Trentacosta, local president, said the strike is against the Oakland County Beer Distributors Association over a contract for deliveries in the county.

* * *

One of the smaller firms which distributes four lesser-known beer brands plus a firm handling imported beer have settled contracts, Trentacosta said. However, this only represents about 5 per cent of county beer consumption, he said.

The union's employes also work in Wayne County and downriver communities, where contracts reportedly have been settled.

* * *

Trentacosta said Oakland County warehouses may have about two weeks supply of beer on hand. The strike was called after disagreements involving working hours, among other things, both local distributors and the union indicated.

Rally Is Brisk

## Stock Market Broadens Gains

NEW YORK (AP)—The stock market broadened its gains in a brisk rally early today.

Gains outnumbered losses by nearly 500 issues on the New York Stock Exchange. The Dow Jones Industrial Average increased its earliest gain to about 4 points.

* * *

Fairchild Camera rose 4, Commercial Credit 2, Sunasco and Allis-Chalmers a point or more.

Xerox and Control Data spurted more than 2 points each.

Up more than a point were Occidental Petroleum, American Broadcasting, Penn Central, Avco, and High Voltage Engineering.

**IN DEMAND**

The savings-and-loan holding companies were in demand. California Financial and Imperial Corp. of America set the volume pace for this group, rising fractionally.

* * *

Gains of about a point were scored by Chrysler, Sunasco and Sperry Rand.

The rally came on the eve of a four-day market recess. Stock exchanges will be closed for the July 4 holiday Thursday and also on Friday.

* * *

Prices rose on the American Stock Exchange. Leasco Data Processing rose 4, Computer Sciences around 3, Aero-Chatillon and Technicolor about a point each. Active fractional gainers included Westbury Fashions, Commonwealth United and H&B American.

## Hughes' Offer for ABC Hit

### Network May Fight Bid, Says President

WASHINGTON (AP) — An offer by billionaire industrialist Howard Hughes to purchase a controlling interest in American Broadcasting Co. is too low and the network will fight it in court if it must, says ABC President Leonard H. Goldenson.

Goldenson commented Tuesday after representatives of ABC and Hughes Tool Co. of Houston, Tex., met with all six members of the Federal Communications Commission to discuss Hughes' offer to buy two million shares of ABC stock for $148.5 million.

* * *

Goldenson said the offer "is substantially below the instrinsic per-share asset value of ABC and overlooks future growth prospects of the company."

The offer by Hughes Tool, wholly owned by Howard Huges, would take in about 43 per cent of ABC stock. An FCC official said 35 per cent would constitute de facto control.

He said that commission records show one ABC stockholder with 9 per cent and 15 others with between 1 and 3 per cent.

## 6-Month Auto Sales Totals Up

DETROIT (AP) — Cash registers in auto dealer showrooms rang out a merry tune in the first six months of 1968 as the U.S. auto industry appeared well on the way to what could be its second or third best sales year in history.

General Motors, Ford, Chrysler and American Motors revealed their half-year sales totals Tuesday, and the figures were healthy ones. All four companies reported sales ran ahead of a year ago.

* * *

For the U.S. industry as a whole, companies reported half year sales of over 4.3 million cars, about 9.1 per cent ahead of the 1967 pace.

The figures appeared to bear out the predictions made in many auto quarters early in the year that new cars sales in the U.S., including an estimated 800,000 imported cars, would be in the nine-million area.

## Two Brokers Back Certain Fee-Splitting

WASHINGTON (AP) — Fee splitting by brokers dealing for mutual funds — a practice the Securities and Exchange Commission says costs the public money — has been supported in testimony before an SEC hearing.

Two New York brokers said Tuesday eliminating the practice could cost the mutual funds money and would make their own commissions unstable.

* * *

Officials of two more brokerage houses, Jefferies & Co. of Los Angeles, and Dominick & Dominick of New York City, were called to testify today.

Both the American and New York Stock Exchanges have voted to eliminate fee-splitting which is ordered by a mutual fund and to develop a discount on the fees charged for handling large transactions.

**DESIRE STATUS QUO**

But Michael J. Heaney, senior partner in a brokerage firm which bears his name and a member of the American exchange, told the hearing Tuesday he wanted no change in the present system of handling stock sales and purchases for mutual funds.

Upsetting the present system could cost mutual funds money, he said.

The SEC wants the savings passed on to investors.

## News in Brief

Wesley Eagle of 5187 Tubbs, Waterford Township, reported to township police yesterday that two bicycles, worth a total of about $70, were stolen from the yard of his home Monday night.

## Supermarket Exec Running for Supervisor

Edwin L. Adler of 2813 Silverhill, Waterford Township, vice president and manager of Food Town Supermarkets, Inc., has announced his candidacy for the reapportioned Oakland County Board of Supervisors.

* * *

He seeks the Democratic nomination in the 25th District in the Aug. 6 primary and if nominated would run in the Nov. 5 election.

* * *

The district is the northern half of Waterford Township and the northeast corner of White Lake Township.

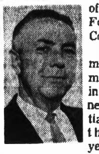
Adler, 30, is a graduate of Michigan State University and Detroit College of Law. He has served both community and Democratic party functions.

* * *

He said he supports better roads and feels they should have priority over airport construction. He said he also favors increasing the county road patrol to relieve overburdened local police forces

## Business Notes

E. W. Newman of 2070 Lake Angelus Shores, Lake Angelus, has been elected vice president of Continental Food Brokerage Co., Detroit.



NEWMAN

An account manager, Newman has been in the food business in the Pontiac area for the past 30 years.

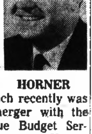
Continental Food Brokerage has offices in Grand Rapids, Flint, Toledo, Ohio and Fort Wayne, Ind.

John A. Streit, president of the Pontiac North Kiwanis Club, and vice president Walter Shelton are attending the 53rd annual international convention of Kiwanis International in Toronto, Canada. The convention is emphasizing the rapid expansion of Kiwanis in nations abroad and the 1967-68 theme "Be a Builder—Get Personally Involved."

Two Detroit men have been promoted by the Highland Appliance Co., which has a store in The Pontiac Mall.

They are Paul Ruggirello, former manager of the Mount Clemens store, who has been named supervisor for sales and sales personnel for the chain, and Harry Limauro, stores supervisor since 1964, who was named the chain's operations manager.

A Farmington man, Albert O. Horner of 24078 LeQuinnie, has been elected president of Credit Counseling Centers, Inc., a non-profit professional agency that counsels families which have over-extended their credit.



HORNER

Horner will be chief operating officer of the organization which recently was formed in a merger with the Michigan League Budget Service, a similar agency Horner formerly headed.

An Eastman Kodak vice president, Herman H. Waggershauer, has been elected a director of Garlock, Inc., producer of mechanical packings, seals, industrial rubber and plastic products.

Waggershauser

The marketing and engineering offices of Garlock's Precision Seal Division are in Walled Lake.

## COG Chairman in Board Race

William L. Mainland, Milford Township supervisor and chairman of the Southeast Michigan Council of Governments (COG), has announced his candidacy for the reapportioned Oakland County Board of Supervisors.

He seeks the Democratic nomination in the 26th District in the Aug. 6 primary and if nominated would run in the Nov. 5 election.

* * *

The district covers Milford, Highland and Rose townships, all but the northeast quarter of White Lake Township and the northeast quarter of Commerce Township.

Mainland, 67, of 2205 E. Commerce, has served on the present board for the last four terms, holding the office ex-officio as a result of being elected his township's supervisor.

* * *

He is an orchard owner with many affiliations in local and regional civic and business organizations. He was elected the first chairman of COG when that body, which carries on planning functions for the six-county area surrounding Detroit, was formed this January.

Mainland said the county has enjoyed excellent government, "clean, thorough, prudent and farsighted. Our task is to preserve this heritage and build an even better structure for the more-demanding needs of the future."

The smallest bird in the world is the bee hummingbird, which lives in Cuba and is 2½ inches long.

## Avon Man to Head Bank in Rochester

William D. Decker of 4139 Runyon, Avon Township, has been named president of the National Bank of Rochester, according to Carlton M. Higbie Jr., chairman of the board.

Decker has been with the bank since May 1965. He was elected to the board of directors last January. His appointment as president became effective Monday, following the retirement of Everett W. Barber, former president, Higbie said.

* * *

Decker is a member of the board of governors of the Oakland County Chapter, American Institute of Banking. He is secretary of the house committee of Rochester Elks Lodge No. 2225, a member of the Rochester Lions Club, and chairman of Avon Community Chest fund campaign.

He is a division chairman for Junior Achievement and a member of St. Paul's Methodist Church.

GRAND TRUNK WESTERN

Pontiac Press Photo

RETIRING — Hector J. Chambers, called Ike because of his strong resemblance to former President Eisenhower, has retired after 25 years of service with the Grand Trunk Western Railroad Co. Ike resides at 5574 Pleasant, Waterford Township.

## Ike Look-Alike Retires After 25 Years at GTW

Hector J. Chambers of 5574 Pleasant, Waterford Township, retired recently after 25 years of service with Grand Trunk Western Railroad.

* * *

The commuter conductor is known as Ike by friends and fellow workers because of his strong resemblance to former President Eisenhower.

* * *

Chambers said he has never met the former president, although he admitted that he was once mistaken for Eisenhower while visiting Washington, D. C.

Ike started with the GTW in 1943 in the Detroit subdivision, as a brakeman on freight service. He has since worked in both freight and passenger service.

He has punched literally hundreds of thousands of commuter tickets on the north suburban line.

Chambers, 65, likes to fish, hunt and travel. He and his wife plan to take his retirement "one day at a time."

Opening lead—♥J

By OSWALD AND JAMES JACOBY

Anyone can cash his aces and kings. Most players can do all right with queens and jacks but it takes a really fine player to make use of an apparently worthless six or seven spot.

JACOBY

As anyone who looks at all the cards can see, South can make six no-trump by two routes. One is to cash his minor suit cards and throw West in with the heart to force his lead of a spade. The other is to duck one spade and wind up squeezing West.

In the actual play South won the first heart with dummy's queen and ran off four diamond tricks. East followed suit while West had to make two discards. West could see that he was going to have to discard two spades sooner or later and decided to do so right away in oeder to give the impression that he was getting rid of trash.

* * *

South continued by playing three rounds of clubs. East followed with the three, nine and ten and hung on to the seven spot. Then South led a heart to his king and another one back to dummy's ace. East had to discard and let the deuce of spades go.

* * *

This would have given South an overtrick if he held both ace and king of spades but was essential against South's actual holding. If East had chucked his little old seven of clubs South would have been able to throw West in with the heart and make his contract in perfect safety.

When the seven of clubs failed to appear South was in a real quandary. Who held it? Finally South worked things out to his own satisfaction. West held it and had carefully blanked his king of spades early in the play. Meanwhile East was holding on to the jack-10-nine of spades. South played his ace of spades and still will hardly believe that West didn't drop the king!

# De Gaulle Victory Deflates Communist Hopes for New Regime

By GEORGE SIBERA

News Analysis

PARIS (UPI) — The French Communist party called itself democratic and raced out to embrace the voters. The Communists got knocked flat. They do know what hit them—Charles de Gaulle.

"Blackmailer" and "dictator" are two of the more printable words party leader Waldeck Rochet and his comrades are using today to describe the president they had thought they had cornered.

The Communists gambled in May that student street-rioting and a 10-million man general strike had finally doomed Gaullism. They joined hands with non-Communist left-wingers and demanded a new parliament, a new government.

Rochet thought he saw what he might have called a rosy-fingered dawn rising in France. The day of the left had come.

TEMPORARY REGIME

Francois Mitterrand, chairman of the Leftist Federation, conferred with the Communists and went so far as to announce he was ready to replace de Gaulle as president and run the nation until the Communists and other leftist could organize a new regime.

Rochet announced that his comrades were strictly law-abiding, constitution-loving, non-violent-overthrow Reds. Communists to be sure, but with table manners.

Careful not to smudge the new face of communism, Rochet denounced street violence done by far left anarchist student groups, the naughty boys. Rochet's propaganda machine however backed student-worker demands for sweeping reforms and more pay. Then de Gaulle counterattacked.

He called the elections the Communists said they wanted. And then he blamed the Reds for the woes of France. He told Frenchmen they must chose between himself and "totalitarian dictatorship -- attempts at enslaving Frenchmen under a tyranny." The 77-year-old master politician used more than words in the brief election campaign.

VISUAL EVIDENCE

His aides pointed to burning automobiles, flaming Molotov cocktails and flying cobblestones as the handiwork of a subversive drive for power. De Gaulle himself, always a man for the dramatic, suddenly flew from Paris to confer with military commanders. Soon tanks rumbled throughout northern France.

The Communists vainly fought back. Rochet claimed de Gaulle was painting a wrong picture. The Reds beat their chests, shouted their devotion to democracy. We make no plots, they said, we abide by the constitution. The Communists had to fight a two-front political war.

* * *

Besides trying to calm the great middle classes, the party got into an eyeball-gouging verbal dustup with extreme left-wing groups which accused Rochet's men of being traitors to the revolution.

Political observers said the far left managed to convince many youthful voters that the Communist party betrayed the cause of the students by its observance of democratic rites.

RECKONING VOTE

The reckoning came at the ballot box. The number of Communists in the 487-member National Assembly dropped from 73 to 34. Mitterrand's federation fell from 121 seats to 57. De Gaulle had won as no democratic leader had ever won in France.

Still, one Frencmen in five cast his ballot for the Communists—a voting bloc watered down by seperating each race. The Rochet dreams of power in the foreseeable future died. It raised new possibilities.

The hasty romance of the Communists and Mitterrand's federation may be dying. And no doubt Rochet and the comrades are trying to decide if they should continue paying lip service to the rites of democracy.

# Marines Take Lion's Share of Yank Casualties in Vietnam

WASHINGTON (AP) — The Marines are taking much heavier casualties proportionately than the other U.S. armed services in the Vietnam war.

Marines have suffered about one-third of the combat killed and wounded although numbering less than 14 per cent of the total 615,000-man U.S. troop commitment in Southeast Asia.

The Army has lost more dead and wounded than the Marines —but has more than four times as many men involved in the war.

The Air Force and Navy have been hit lightly compared with the Marines and Army troops which carry the brunt of the ground war.

**MORE AVAILABLE**

Pentagon officials said the Marines have a bigger slice of their force available for battle than the Army because they are furnished supply and other support by the Navy and, to some extent, by the Army.

The Army supports its own combat troops, as well as manning huge depots and other rear echelon facilities.

* * *

As of June 22, the United States had lost 25,367 killed in combat and 157,517 wounded.

The Marines suffered 8,445, or 33 per cent, killed and 55,480, or 35 per cent, wounded.

**ARMY FIGURES**

The Army sustained 15,545, or 61 per cent, of the battle deaths and 94,984, or 60 per cent, of the wounded.

The roughly 60 per cent share of total U.S. casualties borne by the Army is very close to the Army's 59.5 per cent of the total U.S. commitment in Vietnam, Thailand and on ships offshore.

* * *

The Army accounts for 356,000 men in Vietnam, plus about 10,000 in Thailand.

The 84,000 Marines in Vietnam represent about 13.6 per cent of the total U.S. armed forces in Southeast Asia. Thus, their proportion of casualties is more than twice their representation in the war.

The Air Force, with 61,000 men in Vietnam and Thailand, has lost 561, or 2 per cent-plus of the war's combat dead and 1,995, or 1 per cent-plus of the wounded total.

The over-all Air Force contingent totals 15.6 per cent of the U.S. military force in Southeast Asia.

* * *

Only a small fraction of the Air Force men see combat. The vast majority maintain and supply the aircraft at their bases.

The Navy, with 68,000 men in Vietnam or operating offshore, has lost 816 killed. This is somewhat more than 3 per cent of the U.S. total. Its wounded number 5,058, also a 3 per cent slice of the over-all total.

**SURFACE ACTIONS**

Some of the Navy dead were pilots in the air war, but most died in surface actions, such as river patrols.

* * *

The Air Force far outstrips the other services in the total of missing or captured, reflecting losses of aircraft over North Vietnam.

* * *

The latest report showed 500 Air Force men missing and 122 captured.

The Navy, which also has lost air crewmen in the bombing of North Vietnam, reported 109 missing and 124 captured.

**ARMY'S MISSING**

The Army listed 200 men missing, while only 24 are regarded as captured.

The Marines said 104 men are missing and 17 captured.

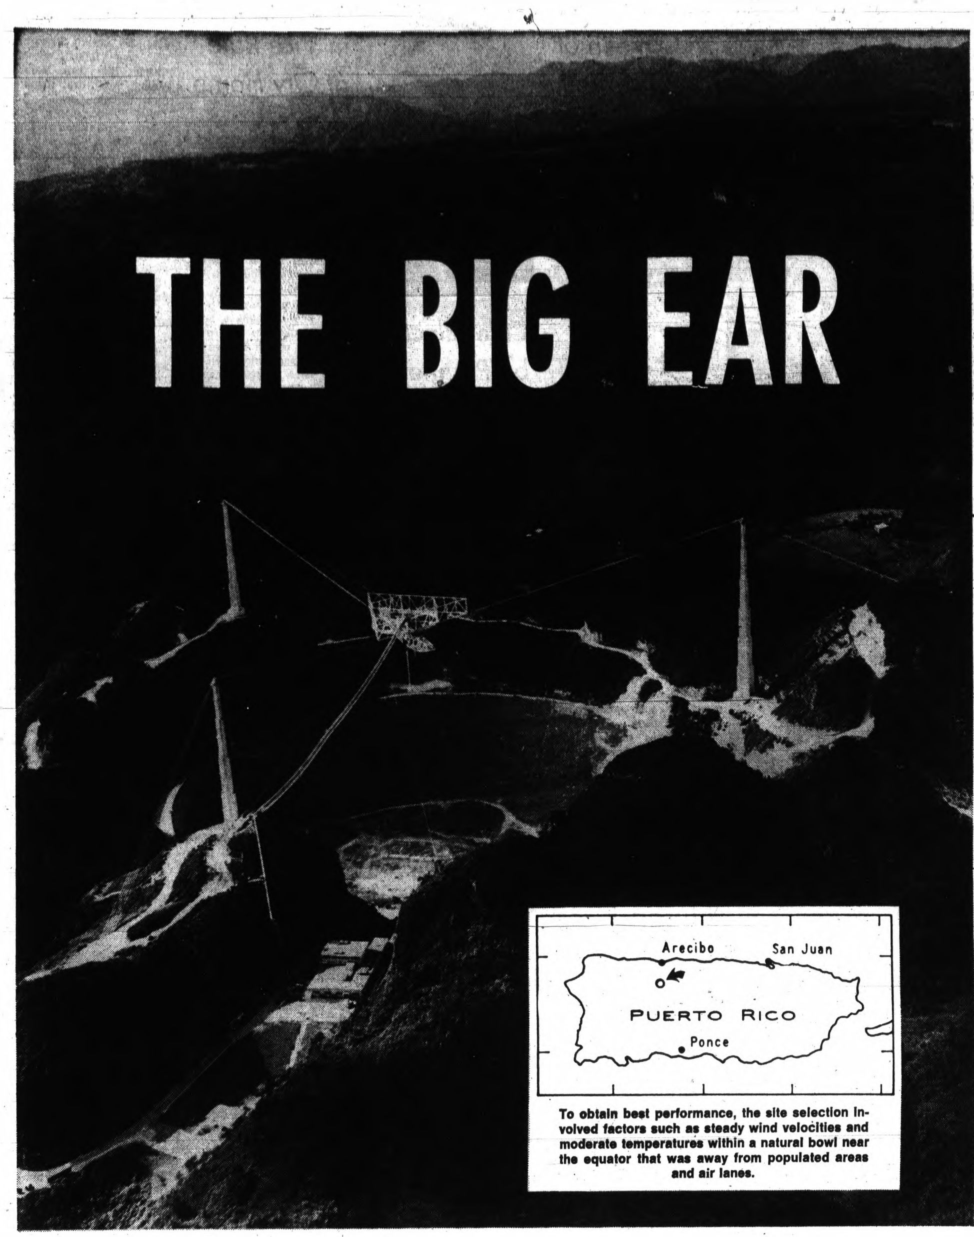
# THE BIG EAR



To obtain best performance, the site selection involved factors such as steady wind velocities and moderate temperatures within a natural bowl near the equator that was away from populated areas and air lanes.

A scientist checks a sample on the catwalk and wave guide leading to centrally-suspended triangular support platform.

To assist atmospheric physicists, astronomers and other qualified scientists studying outer space, the Arecibo Ionospheric Observatory makes available its 2.5 million watt transmitter and 1,000-foot diameter reflector throughout the year.

The radar-radio telescope, whose primary function is the radar study of the earth's ionosphere, was conceived and designed by Professor William E. Gordon of the Cornell University School of Electrical Engineering.

After 3½ years of construction on 125 acres of mountainous countryside in Puerto Rico, the $9.3 million project was opened on November 1, 1963.

The largest such device in the world, it functions both through transmission of pulsed signals (radar) and listening to energy emitted by spatial radio sources (radio).

Operated by the University under a research contract with the Air Force Office of Scientific Research, the telescope is concurrently operating three subprograms dealing with outer space.

The primary program studies the ionosphere, measuring the electron density, temperature and influence on the earth's magnetic field of that region several hundred to several thousand miles high. Such studies are carried out to help scientists understand the influence of the ionosphere on earth's weather and communications.

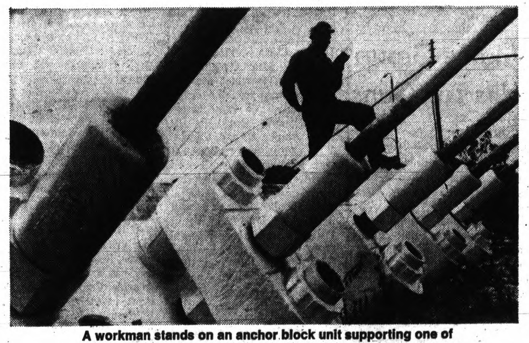
The second program is planetary radar studies, where more precise recordings of radio echoes help determine orbits of planets and the moon. At the same time, surface contours can be measured in areas as small as 12 miles in diameter.

The third program is radio astronomy, where to date more than 3,000 radio sources have been located in space, while only 100 or so have been optically identified.

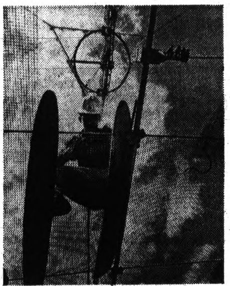
Recent discovery of spaced pulsations of regular occurrence is only one of the astronomical phenomena which the unit is capable of revealing.

Able to operate both day and night, in any weather, the telescope is capable of observing through a range of the electromagnetic spectrum far wider than the relatively narrow band of visible light to which current optical instruments are limited.

In this capacity, the "Big Ear" listens billions of light-years into space to seek what is past the known limits of the universe.



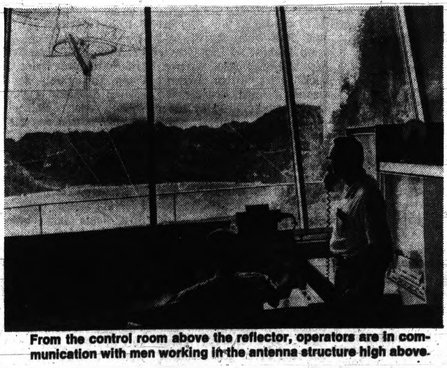
A workman stands on an anchor block unit supporting one of the three towers which suspend the triangular platform.



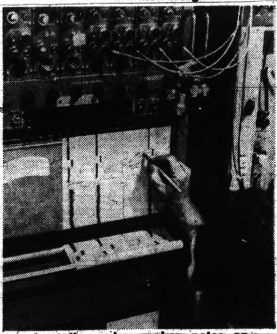
To properly maintain the curvature of the half-inch square wire mesh reflector, workmen move over its surface on water skis to distribute their weight.

Weighing 207 tons, the 1,000-foot diameter bowl-shaped reflector is examined by a workman for damage or litter.

Two staff members check the linkage on the mesh-supporting cables above the reflector.



From the control room above the reflector, operators are in communication with men working in the antenna structure high above.



A staff member makes notes on computerized "listenings."

# 3 in Air Crash Are Improving

Three persons from Oakland County injured in a plane crash on Detroit's east side Monday were in improved condition in Detroit hospitals today.

Hurt were the pilot, Fred Hargrave, 23, of 737 Ludlow, Rochester, and two of his passengers, Joellyn Peterson, 19, of 495 Miller, Rochester, and Mrs. Paul Sabourin, 21, of 22 Sparrow Hill, Orion Township. Mrs. Sabourin's husband, 24, was also in the crash but not hurt.

The three are hospitalized in Detroit but were reported in either fair or satisfactory condition today.

Hargrave's plane apparently ran out of fuel while the group was cruising and watching the fireworks display Monday night over the Detroit River near downtown, according to Detroit police.

The plane went down while on its way to Detroit Municipal Airport to attempt a forced landing. It hit a tree and building and was almost demolished.

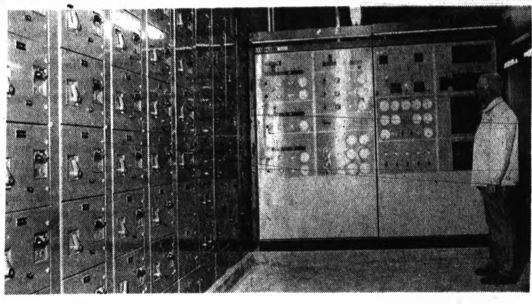
**NERVE CENTER**—Consumers Power radio dispatcher Al Robinson assigns emergency work orders to repairmen via radio. About half of the company's servicemen are prerouted and the rest keep in contact with the dispatcher to receive emergency runs and meter turns-ons and turn-offs. Customer emergency calls received after normal office hours are relayed directly to the radio room, where the dispatcher receives them and sends out night repairmen if necessary.



**AUTOMATION**—George Surratt, resident field engineer of the new center during construction, studies dials on the banks which control heating and air-conditioning for the Consumers Power center. The system is completely automatic. Human hands only flick two dials twice a year to run the entire system.

# Consumers Power Unveils $3.75-Million Service Unit

Consumer Power Co.'s new service center at 1030 Featherstone was opened for a press preview yesterday. Employes have been working in the building since April 27, although minor finishing work is still undone because of the building trades strikes.

The building proper encompasses 130,000 square feet, of which 48,000 are for office area. The remainder is for stores, garage and equipment repair.

* * *

Other facilities include yards for storing gas and electric equipment, carports and parking lots for employes. The 28-acre site has its own railroad siding for handling Consumers Power supplies.

Center architects were MacKenzie, Knuth and Klein, Architects, Inc., of Flint. General contractor was J. A. Fredman Co. of Pontiac.

**PRIME PURPOSE**

A. H. Aymond, chairman of the CP board of directors, was in Pontiac yesterday for the preview. He said: "The primary purpose of a building such as this is to allow us to better serve our customers in this fast-growing market area."

W. A. Hedgecock, vice president of division and customer service, also attended the preview.

* * *

Charles F. Brown, Pontiac division manager, explained the need which dictated building a new center:

"The amount of customers has increased by 75 per cent since 1960 and we have also added more employes due to the expanded volume of business. We have outgrown the old service center.

**STAYING IN CITY**

"One reason we chose this site was because we wanted to remain in the corporate limits of the city because we think that Pontiac will be the hub of Oakland County for a long time to come.

"The Pontiac division is growing at an annual rate of about 7 per cent compounded," added Brown.

* * *

"The new service center also allows us to consolidate most of our operations in one area. We'll be holding a public open house in the fall for Pontiac residents," said the division manager.

The old service building at 55 Wessen was sold to the city and vacated last April.

**CUSTOMER FACILITIES**

Brown also emphasized that customer-relation facilities have remained in the lower floors of the downtown office at 28 W. Lawrence. This includes appliance sales, bill payment, customer credit and account information, portable appliance repair and lamp bulb renewal facilities.

The new center and land cost approximately $3,750,000, according to Brown.

* * *

The Pontiac division serves 14,555 electric customers, and 63,242 gas customers. Its revenue was $25,011,932 in 1967. There was a 48 per cent increase in gas customers from 1962 to 1967.

Some 412 employes work at the new center.

# Cong Potshots Miss Freeman

CAN THO, Vietnam (AP) — Vietcong guerrillas fired on a helicopter carrying U.S. Secretary of Agriculture Orville Freeman over the Mekong Delta today. Neither Freeman nor the five helicopters with him were hit.

"I could see the tracers coming toward us," said Freeman later, adding: "It's not the first time I've been fired at."

* * *

Freeman was wounded in World War II.

Two U.S. Army Cobra helicopters escorting the secretary's party attacked the points from which the ground fire came, but their crews did not know if they had hit the guerrillas.

* * *

Freeman arrived in Saigon Tuesday for a five-day stay in South Vietnam.

# Pontiac Petitioners Seek More Police

City commissioners last night received petitions signed by some 500 persons requesting more police officers in the city to quell crime.

The petitions were circulated by PTA organizations in the city.

* * *

Mayor William H. Taylor, Jr., noting that the petitions were circulated in March and April, said the city has already taken steps to hire an additional 12 police officers and hopefully will hire another 12 in the next fiscal year.

# *Boy, 14, Dies in Cave-In of an Old Well*

BIG RAPIDS (UPI) — Firemen and police dug frantically for three hours Tuesday night in a vain attempt to rescue a teen-age boy who was trapped 20 feet below ground in the cave-in of an old well.

The boy's companion was saved, but one fireman was buried for 20 minutes when the walls collapsed during the rescue operation.

* * *

Mecosta County sheriff's deputies said David Hillman, 14, and his friend, Gordon Shields, 14, were in an empty field, near a housing development that belonged to David's father, digging in the hole and shoring the sides up with wood.

David was at the bottom of the hole about 8:30 p.m. when the sides suddenly collapsed, burying him under the sandy soil. Gordon was trapped in the rubble.

**ONE FREED**

Firemen quickly freed Gordon and took him to the city's hospital, where he was treated for cuts and bruises and released.

A bucket brigade began as firemen tried to empty sand from the hole to reach David.

* * *

Fireman Ed Worth was filling buckets at the bottom of the pit when the walls collapsed, trapping him and pouring more rubble on David.

Worth was rescued shortly before 10 p.m. and hospitalized for observation.

**USE MACHINES**

Tractors and crane machines were used to clear the hole but it was 11:30 p.m. before they pulled David from the hole. He was pronounced dead at the scene.

# *Nixon Eyes Reaction to TV Program*

CHICAGO (AP) — The future strategy of Richard M. Nixon's campaign for the Republican presidential nomination may depend on audience reaction to a paid political telecast aired Tuesday night in Chicago and Los Angeles.

Professional researchers are to test audience reaction to the half-hour program "The Nixon Stand" before it is used nationwide, said a spokesman at Nixon campaign headquarters in New York.

* * *

The program consisted of tapes made during question-and-answer sessions in an Oregon telethon, meetings with small groups of supporters during primary campaigns and a gathering of the American Society of Newspaper Editors.

A somber, intense Nixon stressed his experience and disinclination to make "promises that can't be kept" as he answered questions on a variety of subjects including crime, foreign aid and Vietnam.

**'NO ANSWERS'**

On stopping the trend toward inflation, Nixon said: "I'm not telling the American people there are easy answers. This is no time for gimmickry. It's no time for making promises that can't be kept."

With candor that was characteristic of the entire program, Nixon answered a newspaper editor's question on what urban Negroes could gain from supporting him. He said: "I have serious doubts that any program I could advocate could get a majority of the Negro vote."

* * *

But he added: "I don't have any pat formula. The greatest engine of progress is private enterprise, it may not promise as much but it produces more."

# City Income Tax Adopted in Jackson

JACKSON (AP) — By a 5 to 3 roll call vote, the Jackson City Commission Tuesday adopted a city income tax ordinance.

The new ordinance will require residents to pay 1 per cent of their incomes in taxes, while nonresidents working in the city must pay ½ per cent. It takes effect in 30 days. The city expects to collect $1.2 million in revenue for the first year of the tax.

PAUL VanROEKEL

# *Chief Elected by Planners in Waterford*

The Waterford Township Planning Commission last night elected Paul VanRoekel to a one-year term as commission chairman, effective immediately.

VanRoekel of 2871 Adlake, Waterford Township, served during the past year as vice chairman of the commission. He has been a member of the commission since 1964.

* * *

He has been Oakland County highway engineer since 1967. He succeeds Carlos G. Richardson as the commission's chairman.

Also elected last night were Mitchell Sioma, vice chairman; and E. Frank Richardson, reelected secretary.

* * *

In other business, the commission discussed a possible revision in multiple dwelling section of the township zoning ordinance.

# 3 Seek Nominations for Court of Appeals

Three candidates, two of them from Oakland County will vie for the two nominations in the Aug. 6 primary race for a new seat on the Michigan Court of Appeals, District 2.

The candidates meeting yesterday 4 p.m. deadline for filing petitions were Oakland County Prosecutor S. Jerome Bronson, John F. Foley of Birmingham, presently one of three Appeals Court commissioners; and Robert J. Danhof of East Lansing, Gov. Romney's legal adviser.

The 2nd District includes the 16 counties of Genesee, Hillsdale, Huron, Ingham, Jackson, Lapeer, Lenawee, Livingston, Macomb, Monroe, Oakland, St. Clair, Sanilac, Shiawassee, Tuscola and Washtenaw.

# *Maine Group Hits Toy Guns*

PORTLAND, Maine (AP) — Formation of Toy Disarmament, a statewide group seeking to have youngsters give up their toy guns, was announced Tuesday.

The group said in a statement that it believes that giving children toy guns "has encouraged them to play at killing." "We believe that the time has come for us to stop this encouragement."

* * *

A member of the group, toy distributor Payson Sawyer of Falmouth, has said he would contribute 10,000 guns, ranging from water pistols to toy anti-tank weapons, to a bonfire.

# *Anvil Shoot Marks Fete*

DECATUR, Ala. (AP) — William Harrison will open Decatur's July 4th Spirit of America Pageant Thursday with a bang — an old-time anvil shoot.

Harrison's hobby is educating the modern generation about anvil shooting, a rather common practice on holidays many years ago.

* * *

Black powder is stuffed into a saucer-like depression in one of the anvils and the second anvil is placed on top of the first one. A trail of powder is laid away from the anvil and a hot poker is touched to the powder trail. Not only is there a boom, but the top anvil is thrown several feet into the air.

There are 8,580 retail establishments in San Francisco.

# *4 Charged in Vice Raid at City Home*

Four persons were arrested by Pontiac vice squad officers in a raid on an alleged house of prostitution late yesterday morning.

Officers entered the house at 102 Wessen about 11:30 a.m. and took into custody two women on separate charges and two men on charges of loitering in a house of prostitution.

* * *

Arraigned yesterday for maintaining and operating a house of prostitution was Louise Starks, 51, of the Wessen address. She and Vicky Allen, 21, of the same address, charged with soliciting an act of prostitution, are free on $100 bond, according to police.

James Jessup, 51, of the Wessen address and James Williams, 48, of 501 Alton were charged with loitering and are free on $50 and personal bonds, respectively.

* * *

All four face preliminary examination Tuesday, police said.

With 89 new manufacturing plants opening in Kansas in 1967, manufacturing wages and salaries in that state exceeded $1 billion for the first time last year.

## Death Notices

**BAKER, RAY**; July 3, 1968; 265 Indian Lake Road, Oxford Township; age 61. Funeral arrangements are pending at the Flumerfelt Funeral Home, Oxford.

THE CLASSIFIED DEPARTMENT

### Card of Thanks 1

MR. AND MRS. GEORGE LONG and family wish to express their gratitude, for the expressions of sympathy and help received by relatives and friends in their recent berievement.

### In Memoriam 2

IN LOVING MEMORY OF our Father and grandfather, Edmund Vanderworp, who passed away July 3, 1961.
Nothing can ever take away
The love a heart holds dear;
Fond memories linger every day
Remembrance keeps him near.
Sadly missed by children and grandchildren.

IN LOVING MEMORY of Bonnie Lamkin who passed away one year ago today:
God saw you getting weaker,
So he did what he thought best,
He came and stood beside you,
Avnd whispered come to rest.
You wished no one a last farewell,
Not even to say good-bye,
You had gone before we knew it
And only God knows why.
Sadly missed by sons, Leon and William Lamkin.

IN LOVING MEMORY of Edmund Vanderworp who passed away July 3, 1961.
I have only your memory, dear husband
To remember my whole life through;
But the sweetness will linger forever
As I treasure the image of You.
Sadly missed by wife Mabel.

IN LOVING MEMORY of Percy Tinson, who passed away July 3, 1966. Many a day we speak his name, many hours he is in our thoughts, a link in the family chain is broken, he is gone from our home but not from our hearts. Wife, children and grandchildren.

# Rosemary Clooney Says She'll Retire

RENO, Nev. (UPI) — Rosemary Clooney last night announced her retirement to an opening night audience at Harold's Club.

Miss Clooney, 40, said she would call it a career at the end of her engagement at the Reno nightclub July 25, and become a full-time mother to her five children.

* * *

She is divorced from actor Jose Ferrer.

Among her biggest hits were "Come On-a My House," "Hey There," "Tenderly," and "Botcha Me." She also appeared in several films and, at one time, had her own television show.

# Job-Hunting Lad Unshaken as Car Rams Into Room

OKLAHOMA CITY (AP) — Sixteen-year-old Jerry Ray Chitwood was sitting in an Independent Postal System of America office filling out a job application Tuesday when a car smashed through the wall of the building, bowling over chairs and splintering desks.

His reaction?

* * *

He just looked up and kept writing, said Orville Declaire, general manager.

Declaire didn't say if the youth got the job — or if he still wanted it.

## A Look at Television

# 'Of Black America' Is Devastating

By RICK DU BROW

HOLLYWOOD (UPI) — "Of Black America," CBS-TV's seven-part series about Negro history, arrived Tuesday night. Much of the first hour was devoted to how the film industry helped create a Negro stereotype. It was one of the most devastating broadcasts television has ever shown.

* * *

A major reason for the impact was the narration of the on-camera host, Bill Cosby. Using a notable script by Andrew Rooney and Perry Wolff, his masterful, informal approach opened up a new dimension in the narration of television documentaries. With a total lack of affectation, Cosby's matter-of-fact, good-natured, personal communication to viewers only made his obvious underlying sadness more powerful, and the total effect was overwhelming.

It helped get the series, which is "tracing the history of the Negro and relating it to his place in the United States," off to an imposing start. The second program, next Tuesday, will concern black servicemen from the Revolutionary War to Vietnam.

**EFFECT ON CHILDREN**

Tuesday's opening broadcast dealt not only with the film stereotype, but the little-known achievements by blacks and the psychological effects on Negro children who have had little chance to develop the pride of identity because of past treatment of black history.

There were several riveting sequences Tuesday night about the effect on children of an absence of pride, identity and dignity. One showed how these factors emerged in drawings by youngsters. Another, utterly fascinating, took us to an Afro-American pre-school in Philadelphia where a teacher — giving children a sort of emotional protection — made them stand before him and taunted them purposely until they shouted back their pride in being black.

**CAN'T BE BLAMED**

After this sequence, Cosby, referring to the entire broadcast's tracing of attitudes toward Negroes, said: "Can you blame us for over compensating?"

**PAINFUL VIEW**

The passages of film clips from old movies which we have often enjoyed were painful when looked at from the viewpoint of the Negro. Aside from "Birth of a Nation" — well known for its outright antiblack feelings — there were the movies that seemed more innocent but everlastingly portrayed the Negro man as a comical coward, lazy and dumb, and of course servile.

* * *

As for the black women who always played those loyal, reliable, trustworthy maids, Hattie McDaniel, who won an Oscar for "Gone with the Wind," once explained it this way: She said she had two choices in Hollywood — she could either play the part of a maid for $7,000 a week, or be one for seven dollars.

# World's Most Exciting City? Why, It's Li'l Ol' New York

By EARL WILSON

The headline in the London Sunday Express said: "The World's Most Exciting City ..."

But the story wasn't about London. It was about New York.

WILSON

"Chinatown with phone booths shaped like pagodas . . . an old-fashioned banjo band in Greenwich Village . . . singing waiters . . . baked chicken topped with spaghetti and cheese in a softly lit Italian restaurant . . . night life that goes on and on . . . a place where the gaslights are not dimmed until 4 a.m. . . .

"A little comedian, Jerry Bergen, who's so short, he could milk a cow standing up," as Fred Allen once said.

* * *

The British writer went on and on exclaiming about Our Town. While we New Yorkers want to go to London or Hong Kong, not knowing we've got the big excitement right here.

**So what's going on here? . . . Jackie Kennedy's staff packs her bags for her to leave for Hyannis Port for most of the summer . . . There's so much "Hawaiian mist" (cold and chilly weather) overlying New York, that Hank Meyer, the Miami Beach publicist to twit us says, "When is New York expecting snow?"**

Shapely Esther Tohbi with a very important voice opens at the Copacabana with comedian Scoey Mitchlll (that's right, 3 l's) who says, "The weather's so bad, Superman took a cab." He also confesses that he didn't go to college, "Only one thing stopped me . . . High School."

* * *

Maureen O'Hara and husband Charles Blair, the pilot, told a typical American story at Danny's. On one flight, a woman passenger had trouble breathing. The stewardess thought it was a heart attack. The captain looked at the sick woman and said, "Is she going home for a visit?" . . . She was . . . "She probably put on a tight girdle so she'd look good to everybody at home," the pilot said. The woman was taken to the ladies' room and her tight girdle was removed, and her breathing became normal.

## THE MIDNIGHT EARL . . .

**Mayor Lindsay**, opening the Schaefer-Central Park Jazz Festival, told the crowd: "I thought I'd turn this rain off for you, but I guess I don't have that kind of connection" . . . **Ethel Merman**, at Umberto's with **Erik Palm**, said, "Please spell his name right. He's a wonderful guy, and at least deserves that!"

**Joe Levine** saw "Lion in Winter" and told **Peter O'Toole**: "You might as well kill yourself — you'll not do anything better than this!" . . . **Two dozen Miss Universe contestants** prettified El Morocco . . . At Gallagher's: **Larry Blyden** with a small blonde and a big McCarthy button . . . Producer **Martin Ransohoff** has two network bids to make a TV series of his "Ice Station Zebra" . . . **Virna Lisi's** unhappy at references to her as "another **Marilyn Monroe**" (so quit it, y'hear?) . . . Veteran golfer **Walter Hagen** gave **Joe E. Lewis** golf lessons in the middle of Toots Shor's. A waiter watched Joe E.'s hip-swing and asked, "What's he learning — the rhumba?"

**TODAYS BEST LAUGH:** Any purchaser of a new home will tell you that "patio" is a Spanish word meaning "about $500 more." — Webster's Unafraid Dictionary.

**REMEMBERED QUOTE:** "There are many books on how to live graciously on a small sum after you retire. What we need is a book on how to do that before you retire."

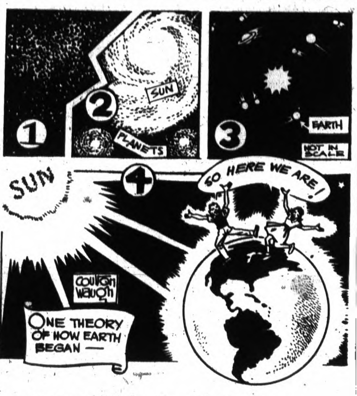
## Junior Editors Quiz on EARTH'S FORMATION



QUESTION: How was the earth formed?

ANSWER: The story of the creation is told with great beauty and dignity in the first chapters of the Bible. Many people accept the Bible story. Others feel that scientific discoveries are in conflict; still others find they can accept scientific findings and the words of the Bible as well.

We illustrate a theory about the origin of the solar system now accepted by many scientists. This starts with a nebula, or large mass of gas and dust, swirling around in space (1).

**The central part of this may have collected together to form the sun (2). Meanwhile, as it revolved, the nebula flattened out; sections of it began spinning like whirlpools (2).**

Gas and dust collecting at the centers of the whirlpools formed the planets (3). The gaseous centers of these turned into liquid balls, which cooled slowly. In the case of the earth, a hard crust finally formed.

Because of great internal pressure, the matter of the sun became so hot that it started to blaze by atomic fusion (4) giving us the light and heat we need to maintain life on our home planet.

*(You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize).*

## Nickels a Joke, but Tax Isn't

HOPKINSVILLE, Ky. (AP) — Kentucky's 5 per cent sales tax, sought by Gov. Louie B. Nunn, became effective on April Fool's Day.

It didn't go unnoticed in Hopkinsville, either. A lot of wooden coins were circulated around town, the coins bearing a picture of a buffalo on one side and the words "Nunn's Nickel" on the other.

# Mobility Will Prevent Millions From Voting

WASHINGTON — The United States is a nation of nomads.

Every year about one-fifth of its people change their residence, the National Geographic Society says. Most remain within the same county, perhaps even within the same community, but about one out of six moves to another state.

* * *

Moving will cost millions of Americans their voting rights this November, because states have varying residence laws. Most states require a voter to reside within the state for six months or a year before the election. New York leniently allows a person to vote after only three months; Mississippi calls for two years.

Even if a citizen has merely moved from one precinct to another, he may be temporarily disfranchised. Precinct residence requirements range from 10 days in Iowa to a year in Mississippi.

Despite the loss of voting rights, Americans are constantly in motion, mainly for economic reasons. Employers transfer them or they seek better jobs elsewhere.

Curiously, affluent people move the longest distances while those in economically depressed areas tend to stay put. Youngsters in their twenties are the most mobile age group. The sedentary are people over 65.

One migration trend is a continued influx of rural people into cities — some half million a year — attributable partly to the mechanization of agriculture. In 1960 the United States had a farm population of 15.6 million, nearly nine per cent of the nation's people. By 1965, the farm population had dropped to 12 million, or six per cent of the nation.

* * *

Population is also shifting west. For many years, California has averaged an annual net influx of more than 100,000 people.

## Convict Foe of Gun Curbs —Broomfield

WASHINGTON (AP) — A penitentiary inmate has written Rep. William S. Broomfield, R-18th District, that he is "against a gun control bill in any shape or form."

Congress recently enacted a crime law including restrictions on the sale of firearms and is considering more far reaching legislation, including registration of all firearms.

* * *

"I am a convicted criminal interned in a federal prison, yet I feel I am a patriotic citizen of the United States," an inmate of the federal reformatory at El Reno Okla., wrote Broomfield. The congressman did not identify the convict.

* * *

"A law against guns will only disarm law-abiding citizens. Guns used in crimes are seldom legally obtained so it will have little effect on the lawbreaker," he wrote.

* * *

Many criminals are hestiant about robbing private homes, the convict wrote, because home owners often are armed.

"Even in a maximum security prison a criminal can obtain firearms," he wrote. "Laws can only restrict law-abiding people."

## PR Appointment

LANSING (AP) — The Michigan Association of Nonpublic Schools has announced the appointment of Stanley Fedewa as a public relations consultant. Fedewa, 29, was employed by the Michigan Catholic Conference from 1965 through 1967, when he resigned to return to graduate school.

# Be Sure to Fly Your Flag on the Fourth of July

Tomorrow is the Fourth of July.

It is a proud day in America's history, the 192nd anniversary of the signing of our Declaration of Independence.

* * *

Of all days, it is a day to fly the American flag. If you have a flag of your own, by all means let it fly.

But for readers who do not possess one, The Pontiac Press today prints a full-page, full-color replica of the 50-star flag, on the back page of this section.

We do not compare this paper version to the fine folds of Old Glory. We hope you have the real thing, and will proudly unfurl it.

To those who have not, we offer our printed substitute. It will let you show the colors, in your windows at home or at your place of business, wherever it may be.

We hope to see the Stars and Stripes displayed everywhere around the area. On Page 2 you will find some simple rules and customs to help you do it properly.

**ROOFTOP BLAZE** — Firemen play twin streams of water from the fire department's platform truck to the roof of the Pontiac Varnish Co., 30 Brush, where a blaze last night caused at least $60,000 damage. The section of roof over the area in which the fire was confined eventually collapsed. No one was hurt. (Story, page A-2)

# Jet, GIs Released; Pilot Denies Error

TOKYO (AP) The U.S. airliner carrying 214 Vietnam-bound troops that was held for two days by the Soviet Union flew to Tokyo today and the pilot denied that he violated Soviet air space.

The chartered four-engine jet, which also carried a crew of 17, flew to Yokota, 30 miles west of Tokyo, from Iturup, in the Kurile Islands north of Japan, where Soviet fighter planes forced it to land Monday.

* * *

The U.S. Federal Aviation Administration had concluded that Soviet air space was violated because the plane crew made a navigational error. The State Department apologized, and the Soviet government released the plane with unexpected swiftness.

Especially because the big DC8 was carrying U.S. troops to Vietnam, some American officials had feared the incident might develop into a long exchange, with Red China and North Vietnam trying to bring pressure on the Kremlin.

### NO INDICATION

The airliner, owned by Seaboard World Airlines, was forced down as it headed for a refueling stop at Yokota, en route to Cam Ranh Bay, in Vietnam.

"I did not stray over Russian territory," said Capt. Joseph Tosolini of Bethany, Conn. He said he had flown the same route from Tacoma, Wash. to Japan many times.

Tosolini said he argued with the Russians over the content of a letter that he signed indicating the plane's position. He said he was made to sign the letter as a condition for the release of the plane and its passengers.

* * *

Navigator Larry Guernon said his calculations showed the chartered four-engine jet was well outside the line defining Soviet air space off the Kurile Islands when it was intercepted by Russian MIGs.

### *'Straw in Wind' for Peace Talks?*

# N. Viet Decision to Free 3 Fliers Hailed

PARIS (AP) — Ambassador W. Averell Harriman said today he hopes that North Veitnam's decision to release three American prisoners is a "straw in the wind" pointing toward progress in the peace negotiations.

Going into the 11th session of his talks with North Vietnamese Ambassador Nguyen Thuy, Harriman told newsmen "naturally we would be very much gratified" if Hanoi carries out its broadcast that it would free three American fliers shot down in North Vietnam.

Hanoi Radio's brief announcement today did not give the pilots' names.

Harriman said his only information on the matter was what the broadcast said.

"We like to think that perhaps it's a straw in the wind," he said. "You remember Secretary of Defense Clark M. Clifford spoke of straws in the wind as related to progress in these talks."

### HINTS OF PROGRESS

Clifford said two weeks ago he saw some straws and hints of evidence of progress in the talks.

Harriman returned to the conference table for a new attempt to get North Vietnam to de-escalate the war in Southeast Asia, but he faced another rejection.

On the eve of the weekly meeting, the official North Vietnamese newspaper Nhan Dan said that North Vietnam is resolutely and unalterably determined to reject the U.S. demand."

Harriman has told Thuy repeatedly that Hanoi must reduce its war effort before President Johnson will meet North Vietnam's demand that he end all bombing of the North. The North Vietnamese have repeatedly turned down such "reciprocity."

* * *

Harriman returned Monday night from a trip to the United States which included consultations with President Johnson and other officials. The U.S. negotiator said he hoped the North Vietnamese were "ready to get down to serious discussions."

Harriman also indicated that he brought no instructions for changes in U.S. policy or tactics at the conference.

# Three From Area on Freed Plane

**Three Pontiac-area servicemen were among the 214 troops aboard the chartered DC8 Seaboard-World Airlines plane forced to land Monday at a Soviet base in the Kurile Islands.** The airliner, held by the Soviet Union for violating its air space, arrived today in Japan.

The Pentagon has released the names of Spec. 4 Norbert A. Gross of 889 Palmer, Spec. 4 Robert W. Hall of 191 Gage, and Pfc. Robert L. Munsil of 1753 Hayes, Brandon Township, as being aboard the plane.

Fourteen Michigan servicemen were aboard the Vietnam-bound plane.

A Crivitz, Mass., man, Pfc. Dan Bugarsky described the soliders' reactions to the forced landing.

"There was no panic. Everybody was calm and cheerful. But we were really glad to get to Misawa, I can tell you," he said.

The plane refueled at Misawa, 300 miles north of Tokyo, after leaving the Kuriles yesterday.

# Candidates Aplenty Fill Primary Ballot

Voters in most areas of Oakland County will have an abundance of candidates from which to choose in the Aug. 6 primary for district judges and the Oakland County Board of Supervisors.

Candidates for both positions had until 4 p.m. yesterday to meet the filing deadline.

*Lists of Candidates, Pages B-6 and C-6*

* * *

In the race for 14 new judicial offices in nine districts are 43 candidates. There is only one district where no primary will be held.

The district court judgeships — each paying a guaranteed $18,000 a year, with local units authorized to add up to another $9,500 — were created by the Lower Court Reorganization Bill signed by Gov. Romney June 17.

### SWEEPING CHANGES

The new system replaces justices of the peace, circuit court commissioners and most municipal judges.

After getting off to a slow start, interest in the newly reapportioned Oakland County Board of Supervisors reached frenzied proportions as the deadline neared.

* * *

When the count was completed, 132 candidates had filed for the 27 positions. The county election clerk reported 45 hopefuls filed lists of signatures or the $100 fee on the last day.

The Board of Supervisors was reapportioned to comply with one-man, one-vote principles after court battles which delayed the filing deadline. Makeup of the board will be changed dramatically, dropping from 87 members to 27.

### SHIFT SEEN

The supervisors were a nonpartisan group, appointed by cities or else holding the position along with being supervisors of their own townships.

* * *

With the change to direct election to the board, representation will shift in favor of the more heavily-populated southeast corner of the county.

## One Edition Tomorrow

**The Pontiac Press will publish a single early edition tomorrow so that employes may spend as much of the holiday as possible with their families. Regular editions will resume Friday.**

# Forecast for 4th on Bright Side

The weatherman is doing his part to wish area residents a happy holiday with mostly sunny skies on tap to welcome picnics and parades.

* * *

Swimmers may find the holiday weekend a little too shivery for their tastes, however. Temperatures are expected to average about six degrees below the normal high of 82-84 and normal low of 57-63 tomorrow through Monday.

Tonight's forecast is fair and cool with lows of 49 to 53 and light variable winds.

* * *

Only minor day-to-day change is expected throughout the weekend and showers are predicted for Sunday or Monday. Precipitation probability for tomorrow is 20 per cent.

The low in downtown Pontiac prior to 8 a.m. was 48. By 12:30 the temperature was 68.

### *Recipient Is Satisfactory*

# Heart Kept Alive, Then Implanted

HOUSTON (UPI) — For 24 hours, Maxie Elwood Anderson's hopes of helping someone in death were written in three black lines on a roll of paper.

He was medically "dead." But a team of surgeons at St. Luke's Hospital kept his heart functioning long enough yesterday to implant it into the chest of Henry DeBord, 46, a Texas contractor. It was the world's 24th heart transplant operation.

* * *

The hospital reported today DeBord was in satisfactory condition.

Anderson of Lufkin, Tex. died Monday, a day after suffering a stroke. He was transferred from Veterans Administration Hospital to St. Luke's where Dr. Denton Cooley's surgical team has performed more heart transplants than any group of doctors in the world.

**IRREPARABLE DAMAGE**

An autopsy showed he suffered irreparable brain damage.

Cooley, who has said before he has many potential recipients but a lack of donors, now had a donor but no recipient. Three possible recipients were tested but their tissues did not match Andersons's.

* * *

A respirator kept Anderson's heart and lungs functioning until a recipient could be found. The three black lines on the paper marked his progress.

One rain nearly straight, showing the absence of brain activity. He was legally dead.

**STILL WORKING**

The others ran on an up-and-down pattern. His lungs and heart were still operating.

DeBord suffered a heart attack 11 days ago and had been in constant pain since. Mrs. DeBord said they decided to go to Houston from their home in Helotes, Tex. because he was at a standstill and not doing any good." DeBord arrived in Houston Sunday.

* * *

Yesterday morning Cooley told DeBord a heart transplant was the only thing that would save him. The operation started at 2:35 p.m. EDT and lasted two hours.

The operation was the sixth of its kind performed by Cooley and his team of surgeons. All but one of them involved human-to-human transplants. In the other, surgeons tried to transplant a ram's heart into a man until a human donor could be found. The animal heart did not work.

**DOING WELL**

Two of the recipients — Louis J. Fierro of Elmont, N.Y. and Everett C. Thomas of Phoenix, Ariz., — survived and are doing well in Houston.

## 'Pot' in Planter Brings Charge

A Waterford Township woman today is being held in Oakland County Jail in lieu of $10,000 bond after being arraigned yesterday on a charge of possession of narcotics.

Mrs. Alice Henry, 40, of 3518 Lexington was arrested yesterday by Waterford Township police.

Officers said the arrest climaxed a two-week investigation that grew out of information offered by a neighbor of Mrs. Henry.

The woman, according to Detective Gerald Smith, was growing marijuana in a planter in front of her home. He said he picked 42 of the hemp weeds from the planter.

She stood mute when arraigned before Waterford Township Justice of the Peace Kenneth H. Hempstead. He set July 16 as her examination date.

## Soviets Rebuff West

MOSCOW (AP) — The United States, Britain and France called on the Soviet Union today to overrule East Germany's new restrictions on access to West Berlin, but Soviet leader Leonid I. Brezhnev said East Germany has a "right to protect its territory."

## Ray's Lawyers Map Extradition Ruling Appeal

LONDON (AP) — James Earl Ray's British lawyers today began preparing his appeal against Chief Magistrate Frank Milton's ruling that he should be extradited to the United States for trial on a charge of murdering Dr. Martin Luther King Jr.

Milton yesterday rejected the argument by Roger Frisby, Ray's British attorney, that the killing of the Negro civil rights leader was a political crime and therefore not subject to extradition.

* * *

Frisby planned to enlarge this argument in his appeal to the high court. Ray remained under close guard in London's Wandsworth jail. The appeal will delay his return to the United States until late this month, at the latest.

Ray's court-appointed attorneys have 15 days from yesterday to file their appeal. They were expected to take advantage of almost all this period.

The court then may take several days to schedule a hearing and to hold it.

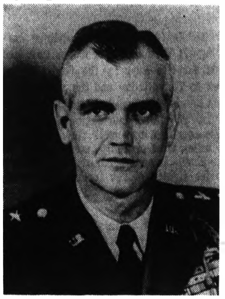
# *LBJ Surprise Visitor as General Sworn In*

WASHINGTON (AP) — President Johnson made a surprise visit to the Pentagon today and watched smilingly as Gen. William C. Westmoreland was sworn in as the Army's 25th chief of staff.

Johnson, dressed in a snappy, light brown suit, stepped into the office of Secretary of the Army Stanley R. Resor just as Westmoreland, former U.S. military commander in Vietnam, was about to take the oath.

"Mr. President, golly, you're always surprising me," Westmoreland commented as he stepped forward to shake hands with his commander-in-chief.



GEN. WILLIAM C. WESTMORELAND

The ceremony also was attended by several congressional figures, all of the Joint Chiefs of Staff and three other military figures closely associated with Vietnam: Retired Army Gen. Lawton Collins, former ambassador to Vietnam Gen. Maxwell D. Taylor, and former Army Chief of Staff Gen. George H. Decker.

**WIFE AT SIDE**

Westmoreland took the oath, standing straight, chin out, right hand raised. His wife Katherine in a rose linen dress was at his left side.

"Westy," as he is known to many, said he accepted the Army's top uniformed job with "pride and humility."

* * *

Paying tribute to the men who served under him during his 4¼ years in Vietnam, he said, "The recognition given to me this morning is in large measure a result of their steadfast effort."

He thanked his predecessor, Gen. Harold K. Johnson, who retired Tuesday, and the Joint Chiefs of Staff for their support during the war and concluded: "To the authorities over me and to the troops under me I pledge my loyalty."

After the oath was administered and Westmoreland had spoken, the President stepped forward to say quietly: "Nice going."

### *Water Levels Too High*

## Holiday Boating Ban Eyed

The Oakland County Sheriff's Department today warned that holiday boating may be curtailed if water levels don't recede in southern Michigan.

"All boating in the county has been restricted due to abnormally high water levels," said Lt. Donald Kratt, head of the water safety division.

* * *

"Boats operated at high speeds create dangerous wakes that cause property damage," he explained.

Kratt described situations in which persons at lake-front homes opened their doors after a speedboat had passed and had waves go right through the house.

**RAMPS CLOSED**

All state-owned launching ramps have been closed in the county and only those people who want to take their boats out to go on vacation are permitted to use the ramps, he said.

"I've been here 14 years and I've never seen water like this," he commented.

* * *

One motel is underwater, Kratt said, and numerous homes, cottages and garages are flooded.

## *Pontiac Div. Sales 6% Ahead of 1967*

Pontiac Motor Division reported today that its sales for the first half of 1968 were running 6 per cent ahead of those a year ago.

* * *

John Z. DeLorean, a General Motors vice president and Pontiac general manager, said that for the first six months of 1968, 447,231 Pontiacs, Tempests and Firebirds were sold. This compares to 422,806 units sold during the same period last year.

* * *

DeLorean also reported sales of 75,269 for the month of June and 26,449 for the June 21-30 period.

## Californian Set to Contend at GOP Confab

**By the Associated Press**

California Gov. Ronald Reagan says he'll be a Republican presidential contender at the GOP national convention but not before — and Mississippi delegates appear headed for another seating battle at the Democratic convention.

"I intend to be placed in nomination by the California delegation," Reagan told a news conference yesterday, "and if at that time the convention wishes to consider me a candidate, the convention can do so."

* * *

He said his comment last week that he might abandon his favorite son presidential role if the convention appeared committed in advance to someone else was made to questioning that was "hypothetical and a little silly."

"I believe it is an open convention," Reagan said. "I don't believe it is tied up."

**CHALLENGE PLEDGED**

Mississippi Democratic "loyalist" and civil rights forces pledged yesterday to challenge the state's predominantly white delegation at the national convention — after a state convention they charged was "railroaded" by Gov. John Bell Williams' states rights forces.

Some of Vice President Hubert H. Humphrey's advisers, meanwhile, were urging him to concentrate on winning delegates and abandon until fall efforts to drum up large campaign crowds.

* * *

Despite publicity buildups by local officials Humphrey drew unusually small crowds in Denver and Cleveland during a seven-state campaign swing highlighted by his proposal for a foreign aid-like "Marshall Plan for the Cities" to help finance redevelopment.

New York Gov. Nelson A. Rockefeller closed out a four-state effort in the West today to convince delegates he would more likely be a presidential winner in November than would his GOP rival Richard M. Nixon.

### Birmingham Area

## *Supervisors Post Sought by Engineer*

BIRMINGHAM—Bennett W. Root of 1741 Bradford, an engineer with the Uniroyal Tire Co., has announced his candidacy for the reapportioned County Board of Supervisors.

He seeks the Republican nomination for the 4th District (Birmingham) in the Aug. 6 primary and if nominated would run in the Nov. 5 general election.

Root, 50, holds an engineering degree from the University of Michigan and has done graduate study at Wayne State University. He is married and has four children, two in college and two at Seaholm High School.

He is former chairman of the Birmingham Planning Board, served eight years on the board of education and is a vestryman at St. James Episcopal Church.

**CHALLENGE CITED**

Root stated, "The office of supervisor seems especially challenging at this time. It is an ideal opportunity to restructure board function, to minimize administrative and executive activities and to place greater emphasis on the policy making function.

"A corollary to this must be the formation of a staff of professionally-trained and experienced personnel to perform the administrative and executive functions delegated by the board.

"This staff should be an appointive one, responsible only to the board and should have the freedom to act outside the domain of partisan politics.

"If elected, I intend to work toward such an establishment," he said.

BENNETT W. ROOT

Two area men have been promoted at Pontiac Motor Division.

J. R. Parr of 2659 St. Joseph, West Bloomfield Township, has been appointed divisional auditor of Pontiac Motor. Succeeding him as director of general accounting is William E. Hoglund of 1099 N. Glenhurst, Birmingham.

Hoglund was director of staff activities analysis for the past year.

Parr joined Pontiac in 1941 as an assistant cashier. He was made a senior clerk at Pontiac in 1946. After service in the time department at GMC Truck and Coach Division. He became director of general accounting in 1965.

**FINANCE ANALYST**

Hoglund joined GM in 1958, working in the GM Assembly Division holding various financial positions before moving to the corporate financial staff in 1964 as an analyst. He came to Pontiac a year later and was named director of staff activities analysis in 1967.

Birmingham — Unanimously reelected as chairman of the Michigan Employment Security Commission was Chester A. Cahn, 600 Westwood.

A member of the commission for 17 years, he served as chairman for five successive terms from 1952-1957.

Placed in the top post again on June 1, 1967 and reelected this June, Cahn will serve until January, 1972.

He is a management representative on the four-man commission.

# *Fire Rips Pontiac Varnish Co.*

A blaze in a Pontiac factory last night caused at least $60,000 damage and for a time threatened to burn out of control by reaching highly flammable chemicals.

However, fast work by firemen confined the blaze at the Pontiac Varnish Co., 30 Brush, to an upstairs area of about 30 by 40 feet.

No one was injured.

Five vehicles under the command of Assistant Chief Albert Rayner responded to an alarm from the plant about 8:15 p.m. and were at the secene for more than three hours.

"We spent the first 30 minutes getting it under control so as to keep it away from most of the volatile liquids used there," said one fireman.

Fire Marshal Charles Metz, who said damage to the building was about $60,000, praised firemen for containing the blaze.

The part of the roof over the fire area collapsed about 10:15, doing much of the damage, according to firemen.

Metz said the fire started with a small explosion of still undetermined cause in the plant's mixing room. Containers of thinner and other chemicals were rapidly ignited.

Paul Ziegelbaur, company president, said today his personnel are still in the process of establishing the inventory loss.

"It's roughly around $10,000," he estimated.

## School Plan Conflict Cited

Citing conflicting reports on the attendance area of the Pontiac School District's planned Human Resources Center, District 2 City Commissioner Robert C. Irwin asked at last night's commission meeting for a meeting with the Pontiac Board of Education to discuss the planned complex.

Irwin said he was not ready to accept a concept involving busing of students in what he termed "a sociological experiment."

The commissioner said he and residents in his district were becoming concerned about the center because of reports that the planned attendance area of the center is to include a number of schools not previously mentioned in discussion of the complex.

The center, which would have about 2,000 elementary pupils, is planned to be located mostly on city-owned land east of the City Hall and board of education offices.

**'MISUNDERSTANDING'**

Dr. Dana P. Whitmer, school superintendent, said this morning there is misunderstanding about the planned attendance area.

He said the precise service area has not been finally determined, but it will include all of the present attendance area of McConnell school, ultimately all of Central, probably the greater part of Baldwin and part of Wilson.

He said how much of each attendance area of the elementary schools will be included is still to be determined, dependent on availability of funds among other factors.

Whitmer said plans do not include the amalgamation of Bagley, Webster and Wisner schools.

## *Flag Display Procedure*

The U.S. flag should be displayed only from sunrise to sunset, though military establishments raise it by custom at 8 a.m.

It should be raised smartly to the top of the staff, and lowered slowly and with dignity.

* * *

When displayed over the middle of a street, it should be suspended vertically with the union (the blue portion) to the north on an east-west street or to the east on a north-south street.

When displayed with another flag on crossed staffs, the U.S. flag should be on its own right, the viewer's left, with its staff in front of the other.

* * *

When other flags are flown from the same halyard, the U.S. flag should be at the uppermost position.

When the flag is displayed other than from a staff it should be displayed flat, with the union uppermost and to the flag's own right, the viewer's left, whether the flag is displayed horizontally or vertically.

# Independence Officials Call for Assessment Reform

By JEAN SAILE

Can a township board reduce the taxes its residents pay?

Not likely, say an assortment of county and township tax officials. Where concessions once were possible, they no longer are.

* * *

In order to reduce tax bills, it would be necessary that budgets for the county, schools and the township all fall below anticipated income.

That's not likely if the current trend toward higher prices and the increased demands of residents continue. Or if state and federal laws continue to promote upgraded services for reasons of health and welfare.

**STRINGS ATTACHED**

There are strings attached to the property tax bill.

One of the concessions Independence Township Assessor William Cobb would like to grant would effect what he believes is a 10 per cent savings in taxes to area residents.

Only Cobb doesn't call it a concession. He calls it a matter of fairness.

Appearing this week before State Tax Commissioner Robert Purnell, Cobb and Independence Township Supervisor Duane Hursfall asked that, in line with state legislative requirements, they be allowed to compute "true cash value" of property on that price received by the seller.

Both Cobb and Hursfall note that this figure is considerably less than the price paid by the purchaser. It would exclude brokerage commissions, points (a varying percentage of the cost regulated by the availability of mortgage money), and mortgage, survey and attorney fees.

* * *

Since 1965, when an attorney general's opinion made it mandatory that all property carry a 50 per cent assessed valuation (the figure millage is applied against), there have been questions regarding what 50 per cent of "true cash value" actually is.

The legal opinion reportedly was based on provisions of the new State Constitution and subsequent action taken by the State Legislature.

There are areas, Cobb and Hursfall point out, where assessments have continued lower, but it's only an illusion as far as tax bills are concerned.

**EQUALIZATION FACTOR**

An equalization factor has been in use in the state since the late 1890s. While it allows for variations from a 50 per cent figure, it increases township assessed valuation as a whole and thereby increases taxes.

It also allows for considerable inequity in assessing practices. For years vacant land carried low assessments, with industry and business carrying the heavy share of the load. Home owners came in somewhere in the middle, but even in these categories, there were differences.

* * *

The result was that some people were paying more than their fair share of taxes, while others got by for less.

Cobb thinks the state has done a good job in getting rid of the inequities, but he adds there must be some protection for farmers and for older people on fixed incomes.

**'FORCED TO SELL'**

"These people are being forced to sell because they cannot afford the taxes on an assessed valuation — based on what the land in our area would be worth for develpment," the inspector said.

"Even zoning can't protect the assessment," Cobb noted. The value of the land is based on its highest and best use.

"Many people will never sell during their lifetimes, and they are being taxed on what for them is a fictitious value," he claims.

* * *

Another thing Cobb would like to see is assessments based on "true cash value" of the two years preceding.

**A FULL YEAR**

"If we were to have a recession and the property values fell, it would take us a full year to make the corresponding change in the tax bills," he said.

"By law we are required to have assessments complete on Dec. 31 of the year preceding the next December's tax bills," he reported.

* * *

Ruefully he notes that nothing short of additional legislation is going to result in any change.

"Our hands are tied," he said.

# Republicans File for Board in 22nd and 23rd Districts

### Lee B. Valentine

Lee B. Valentine of 1750 Lakeview, Oxford Township, present supervisor of the township, announced his candidacy for the reapportioned Oakland County Board of Supervisors early this week.

He seeks the Republican nomination in the 23rd District in the Aug. 6 primary and if nominated would run in the Nov. 5 election.

* * *

The district, the largest in the reapportionment plan, includes six entire townships, Groveland, Brandon, Oxford, Springfield, Independence and Holly (village excluded).

Valentine, 59, has served on the present board of supervisors for three years and is in his fourth term. Under former rules he was an ex-officio member because of his township duties.

**ON ROADS COMMITTEE**

He is chairman of the board's roads committee and serves on the drains committee.

Valentine stated, "I have been connected with local government for several years and no one will question my interest in rural township problems. I will seek justice on all such issues as assessment equalization, tax allocation, road and drain problems, sewers and other public works projects.

* * *

"I hope our electors will see fit to give me the opportunity to continue to give undivided interest and concern in helping solve problems of rural townships and villages."

### John W. McGee

John W. McGee of 166 N. Detroit, Orion Township, has announced his candidacy for the reapportioned Oakland County Board of Supervisors.

McGee, 33, chairman of his subdivision's committee for better roads and past director of the Orion Jaycees, seeks the Republican party nomination for the 22nd district in the Aug. 6 primary.

* * *

If successful in the primary he would run in the Nov. 5 election to represent a district that encompasses Orion and Pontiac townships and the Village of Lake Angelus.

* * *

Also included in the district is the extreme northeast portion of the City of Pontiac.

McGee said he was not prepared to issue a statement at this time.

# 2 Supervisor Candidates File

### Leo A. Frankowski

Leo A. Frankowski of 987 Sunnybeach, White Lake Township, has filed his candidacy for the reapportioned Oakland County Board of Supervisors.

Frankowski, a 25-year-old bachelor, seeks the Republican nomination for the 25th District in the Aug. 6 primary. If nominated he would appear on the Nov. 5 ballot.

* * *

The district is approximately the northern half of Waterford Township and the northeast corner of White Lake Township.

Frankowski, a designer of electronic optical equipment who works for a Detroit research company, stated it is important that the board take immediate action on problems of high taxes and adequate law enforcement.

* * *

He is an Air Force veteran and served with the Strategic Air Command.

"It is vital that the people of Waterford and White Lake receive honest and qualified representation," he said.

"We face increasing problems. It is time the government is placed back in the hands of the citizens. I pledge to keep the people of the district informed and will represent them in a fair and independent manner," he stated.

### Ross Rector

Ross Rector of 229 Thalia, Avon Township, early this week announced his candidacy for the reapportioned County Board of Supervisors.

He seeks the Republican nomination in the 1st District in the Aug. 6 primary and if nominated would run in the Nov. 5 election.

* * *

He seeks to represent a district that encompasses a three-township area, Addison, Oakland and Avon, including the city of Rochester.

Rector is an alumnus of Michigan Christian College and Wayne State University and is married and has two children.

**'TO RESIST EXPANSION'**

Rector said, "I pledge to resist any increase in the size of county government beyond that absolutely necessary. I will vote to keep the post a nonsalaried, part-time function."

* * *

He claimed the present board of supervisors has unduly spent money on new buildings, including the County Center. Opposing the planned expansion of Oakland-Orion Airport, Rector indicated the issue should be placed on a countywide ballot.

Criticizing the present appointed board, Rector said they have been proceeding contrary to the wishes of the people and pointed out under the reapportionment "for the first time the people of the county will be able to directly elect their representative."

# Imlay City to Lose Village Manager

IMLAY CITY — Harvey Weatherwax, village manager of this community for the past five years, has resigned. He has accepted an offer to become city manager in the central Michigan community of St. Johns.

# Huron-Clinton Metro Parks Set for Holiday Weekend

Parks of the Huron-Clinton Metropolitan authority are in readiness for the Fourth of July weekend, covering Thursday through Sunday.

Kensington Metropolitan Park, one of the most popular parks in southeastern Michigan, has two bathing beaches along Kent Lake, each with dressing rooms, showers, first aid stations, food service and coin-operated lockers.

* * *

The "Island Queen," a replica of an old Mississippi River-boat, makes 45-minute tours around Kent Lake daily from noon through 6:00 p.m. Charges are 25 cents for children and 50 cents for adults.

Other facilities in this 3,500-acre recreation area include 13 large picnic areas, nature trails, a nature center, scenic drives, boat-launching ramps, boat rental service, pier fishing and a golf course. Swimming hours are 9 a.m. to dusk and only at beach sites.

**PARK ENTRANCE**

The park entrance is along the I-96 freeway between Milford and Brighton.

Stoney Creek Metropolitan Park, west of Utica, offers swimming until dusk at Baypoint Beach along Stony Creek Lake. The beach house has heated showers, restrooms, dressing rooms, coin-operated lockers and food service.

There are six large picnic areas, all with water and sanitary facilities, some with playground equipment. In addition there are areas of shore fishing, a large boat launching ramp, nature trails, and a nature center.

Marshbank Metropolitan Park is primarily a picnic-playground type park. Cooling breezes from Cass Lake and shade trees make this 115-acre tract a pleasant family picnic spot. No swimming is permitted.

The park entrance is along Hiller at the junction of Commerce Road.

# Addison Pay Raises Due Legal Opinion

ADDISON TOWNSHIP — Pay raises which the Township Board recently granted to itself, reportedly as a result of an annual meeting vote, are due for a legal opinion here.

Mrs. Clinton Barrett, a member of the committee named at the township's annual meeting to investigate the raises, objected to the board's action without committee recommendation.

* * *

She said it was her understanding that the committee had a full year in which to make a recommendation, and she further believed that it was illegal to grant the raises after they had been held up at the annual meeting.

On June 3 the board granted $1,000 increases to the supervisor, clerk and treasurer, and trustees' pay was raised from $15 to $25 a meeting. The action was taken, according to the board, because of the committee's failure to act and on the basis of a tabled note by electors at the annual meeting.

The Township Board referred the question of pay raises to the township attorney for an opinion.

**MORE CONTROVERSY**

More controversy in this township resulted when a letter from Richard A. Young, 10-year member of the old zoning board, stated his intent to resign from the new planning commission. His letter was tabled.

The letter triggered a suggestion for the resignation of Dr. Robert Small as chairman of the commission. Small's election over Young as chairman first occasioned a 4-4 vote of the commission and he was elected after Young then withdrew from the contest.

* * *

Said Young in his letter, "Your recent appointment of four charming, but totally unqualified people, to the planning commission rendered the resultant nine-man group inoperative."

Young charged that each of the four new members are opposed to industrial zoning for the township and that if this can't be done, they believe such zoning must be confined to the southerly portion of the municipality.

**SPECIAL INTEREST**

He claimed that all four live in the north of the township and that this "only compounds the special interest aspect."

"Moreover," he said, "planning and zoning is much, much broader than just the industrial segment."

* * *

The request for Small's resignation, made by Mrs. Barrett, was based, she said, on the fact that former township supervisor Billy VanArsdel had resigned when he became involved in a zoning suit with the township.

Small, she contended, has filed suit against VanArsdel in a back-up attempt to keep industrial zoning out of the Hosner-Lakeville Roads area.

She said she felt that anyone involved with a private zoning suit in the township should not serve on a public planning board.

## Fashions Reflect Femininity

After three years of capitulation to the youth kick, women have had it. They want to grow up again, to be hatted and gloved ladies, figured the way nature intended.

Anyway that was how it seemed after more than two weeks of fall fashion previews. came to an end.

As mini skirts dropped, bonnets, booties and baby doll dresses disappeared back to the nursery.

Arrogant leather-jacketed motorcycle devils roared off somewhere too as tough chic disappeared. But they left their leather fashions behind, slicked up, sophisticated.

Fashion's fascination with ear-assaulting discotheque life and psychedelic turn-ons have ceased.

From wild colors and patterns, the scene has turned serene, to quiet hues or black, and conservative styling, too.

Specifically, the trends that came out of the previews were:

- Fashions with ethnic origins — the Mexican gaucho and the Asian Indian have replaced U.S. cowboys and Indians. Russian midi and maxi skirts banded with fur are fashion's plan for co-existence.

* * *

- Silhouettes — There is only one "IN" shape. It makes the most of the midriff with high, wide belts, or corselets, or, for evening occasionally, bare. Bosoms are ample.
- Colors are dull or pale or patriotic. Anything not shades of white, beige or gray are brown or black but sometimes red, white and blue.

## 'Quit Horsing Around' Says Abby

By ABIGAIL VAN BUREN

DEAR ABBY: Herb and I have had a fairly good marriage for 14 years — until five months ago, when he started giving driving lessons after work to supplement his income.

ABBY

Most people can learn to drive a car in a month, but there's this attractive divorcee he's been giving lessons to for nearly four months. Every time I ask about her, he tells me she is far from being ready to take her driver's tests as she is a slow learner. Herb always gives this woman his last appointment, and he comes home very late at night, dead tired. People are starting to talk.

How much longer should my husband give this lady lessons before I tell him I think he's taught her all she can learn?

MILWAUKEE MRS.

DEAR MRS.: It appears that your husband is "supplementing more than his income. Tell Herb that if his slow-learning client can't drive a car by now, she should get a horse, and quit horsing around with the driving instructor.

* * *

DEAR ABBY: The sidewalk in front of our house was all torn up, so the city decided to replace it. They had just poured the cement and had it all smoothed over, when my son, age four, went outside to play.

I told him that if he went near that freshly-poured cement walk, I would break his neck. He was out there all morning and he never went near it.

A neighbor boy, age five, came over to play with him, and I told him the same thing. That kid wasn't there ten minutes when I saw him put his foot into the fresh cement. It was no accident. He didn't "fall," and nobody pushed him. He deliberately stepped into it, then he took off like a shot.

I went right to his house and told his mother. She promptly located the workmen and they repaired it. But here is my point. The mother said that since I saw the damage done, and it was repairable, I could have just as easily located the repairman myself and left her out of it. Now I am the villain and the neighborhood stool pigeon. Was I wrong to tell her or not?

BAD NAME

DEAR BAD NAME: Mothers who want their children to learn the difference between right and wrong are more than grateful for information regarding their misconduct.

Apparently your neighbor is an oddball. And those who would condemn you for doing what you did are as odd as she is.

* * *

DEAR ABBY: A while back I was in a very bad automobile accident. Since that time I have been afraid to get into a car.

I am all but ruining my social life My husband said I must control myself and cut out this foolishness, but I just can't. It is torture for me to get into a car. I become so tense and nervous just thinking I will never get out of that car alive.

Can you or any of your readers give me any good advice? I am sure there must be others who have gone through the same thing.

PITTSBURGH

DEAR PITTSBURGH: Your "fear" is nothing to be ashamed of, but the "foolishness" is in allowing it to go unchecked. Ask your family doctor to recommend a psychiatrist to help you resolve your fears.

DEAR ABBY: I am a widow and I go out very often so my neighbor (an elderly lady) baby-sits with my two children, a girl seven and a boy four. Here's my problem:

Every time this lady comes to my home to sit, she brings a little gift for my daughter, but never anything for my son. Sometimes it's candy, a toy, or something of that order. Naturally, it makes the little boy jealous and causes trouble.

I have told her in as nice and subtle a way as I could to bring for both or neither one, but it's like she doesn't hear me. A good sitter is hard to find and I don't want to have to look for another one, so tell me how can I make her understand the trouble she's causing me?

NEEDS HELP

DEAR NEEDS: You may not be able to, in which case you would be ahead to start looking for another sitter. Perhaps if you skipped the "subtle" approach and simply TOLD her, "either —or," you'd accomplish more.

## Saturday Vows Are Exchanged by the Hodges

University Presbyterian Church was the setting for Saturday evening vows spoken by Kathryn Ann Stoutenburg and James Robinson Hodges.

* * *

The bride's peau de soie gown, appliqued with Chantilly lace, featured a batteau neckline. She chose a bouffant veil of illusion secured to a headpiece of daisies.

Phalaenopsis orchids, daisies and Stephanotis comprised her bouquet.

**HONOR ATTENDANT**

Mrs. Pamela Ferguson Teeman was matron of honor for the daughter of the Herbert N. Stoutenburgs of Heidelberg Drive, Avon Township.

Attendants were Nancy Sue Stoutenburg, Linda Hodges and Judith Graham.

Standing as best man for the bridegroom, son of the Wallace R. Hodges of Brewster Road, Avon Township, was his brother, Wallace, of Ann Arbor.

Ushers were Brian Stoutenburg, Michael H. Hodges and William Blanchard.

## Wilson Stops California, 3-1

# Latest Victory Helps Tiger Manager Get More Sleep

DETROIT (AP) — Detroit Tiger manager Mayo Smith expects to sleep better now that one of his big worries about the American League pennant race has been solved — at least temporarily.

"I feel pretty sure I will get a good night's rest now," he told sportswriters after the Tigers nipped the California Angels 3-1 Tuesday night to up their league lead to 8½ games.

* * *

Smith explained that he had some restless nights of late worrying about the way his starting pitchers, with the exception of Denny McLain, had performed.

"All we needed was to get a couple of real good games out of them and things would be okay," he said. Smith admitted he could find little fault with the back to back pitching performances of Mickey Lolich and Earl Wilson who took the first two games of the four game California series.

**NINE STRIKEOUTS**

Wilson posted nine strikeouts, six of them in the first three innings, as he went the route in beating California Tuesday on a seven hitter. The night before, Lolich fanned 14 while beating California 5-1 in a nine-inning performance.

"A couple of pitching performances like that can do a lot to a pitching staff and both men looked real good out there," he explained.

* * *

McLain (14-2) was tagged to start tonight's game against Jim McGlothlin (6-4).

"Denny has been pitching real fine and I hope that Joe Sparma (6-8) will go the distance Thursday in the series windup for we would be in a great pitching shape then with four starters in the groove."

Smith tossed aside writers' questions as to whether he did not feel he had a pretty good claim staked out on the pennant with about an 8½ game lead just before the break for the All Star game.

"This season is far from over," he said as he brushed aside other questions about the Tigers lead which was boosted as second place Cleveland bowed to Minnesota Tuesday night.

Smith said Wilson's performance probably was his second best of the year, topped only by a game he pitched against Baltimore earlier in the season.

"He had his fast ball zipping in the early innings and he mixed the pitches up pretty well later in the game," explained Smith.

The Tiger manager admitted Lady Luck smiled on Wilson several times as he pitched himself out of jams. The Angels got the leadoff man on base in four different innings and in the second had the bases loaded before Wilson got two strikeouts and an infield out to get out of more trouble.

"You don't like to see those guys on base so early in the ball game but Earl kept coming back after them and I can find no real fault with the game he pitched," Smith said.

**DECIDING BLOW**

Tiger outfielder Willie Horton settled the game before many of the 17,892 fans had gotten settled in their seats.

With two out in the first, Jim Northrup doubled off California starter and loser Tom Murphy. Norm Cash walked on a 3-2 pitch and both runners moved up on a wild pitch. Horton then ripped a double into left field to make it a 2-0 ball game.

* * *

Rookie Tom Matchick hit his first major league homer in the seventh off reliever Larry Sheree to make it a 3-0.

It stayed that way until Jim Fregosi ran his game hitting streak to 12 by banging a high inside pitch into the left field stands in the eighth for his seventh home run of the season and the only time California got on the scoreboard.

# Wins Round in Buick Open

## State Amateur Champ Regains Tourney Berth

GRAND BLANC — Michigan State Amateur Lynn Janson, who at first was an apparent loser, turned out to be a winner, again.

Janson, a 20-year-old Michigan State University junior who won the amateur title last week at Charlevoix, tried to qualify Monday for the $125,000 Buick Open which starts here tomorrow.

He shot a 73 in the qualifying at Flint Golf Club but wasn't listed among those making the cut. After some inquiry, tournament officials checked the scores, found Janson's 73 and reversed their decision.

**IN STARTING LINEUP**

He'll be on hand tomorrow and will tee off at 9:28 along with Bob Deakin of Placida, Fla., and Steve Isakov of Flint.

* * *

Janson is one of several of Michigan's top amateurs who'll be around to try and pick up the huge trophy that goes to the winner of the Buick title.

**ODDS NOT GOOD**

The odds are against an amateur winner. All of the previous 10 titles were taken by professionals, and the likes of Julius Boros, Lee Trevino and a host of other top names are expected to be the front runners this year.

* * *

Other amateurs from Michigan making the starting lineup along with Janson are Peter Green of Franklin, medalist in last week's amateur tournament and winner of two titles already this year — Michigan Medal Play and Horton Smith Memorial; John Grace of Grosse Pointe Shores; Jim St. Germain of Northville; and Jerry Snable, 16-year-old Saginaw High School student.

The Warwick Hills course, well dampened by the rain that hit the state last week, is drying fast in sunshine and gentle breezes and PGA officials indicated it would be a little sticky at first but should be sharper as the tournament progresses.

**BIG FIELD**

The field of 144 swings into action tomorrow morning over the 7,001-yard, par-72 layout that has been completely redesigned.

Most of the players were on the course yesterday for the final official practice round, and most were back today for the pro-am that serves as the kickoff to the rich tournament.

Single 18-hole rounds are slated for tomorrow through Sunday.

Bidding for his third title in the Buick event will be Boros, 38, who'll have a lot of competition from the younger players now making a lot of noise on the tour.

Among the state professionals who'll be trying for a big slice of the Buick cash are Gene Bone of Pontiac, former Michigan Open and PGA champion; Mike Souchak of Oakland Hills, former Buick Open champion (1960) and winner of this year's Michigan Section PGA title; Bill Bisdorf of Grosse Ile, former Colorado PGA Section champion; and Wally Burkemo of Detroit Golf Club, former national PGA champion.

## Reserves Trigger Victory for Twins

CLEVELAND (AP) — Cal Ermer reached into his reserve bag and pulled out a 6-0 victory over the Cleveland Indians Tuesday night. He's keeping the bag handy.

* * *

"Yes sir," the Minnesota Twins' manager said with a smile, "they really picked us up. I just may go with them again tonight."

* * *

They and them are Rich Reese, Jackie Hernandez and rookie Jim Holt. The three had a combined batting average of .188 before the game.

"Reese got two big hits, Hernandez got two and Holt got one," Ermer continued. "And Holt saved Jim Kaat's shutout with that catch against Max Alvis in the eighth."

* * *

The new trio was playing for Harmon Killebrew, Bob Allison and Rod Carew.

**SEVEN-HITTER**

Kaat, 6-4, scattered seven hits, but it was over for the Indians in the fourth inning when Reese and Hernandez both doubled in a four-run rally. Hernandez rapped one to right field, scoring Reese and John Roseboro.

Cesar Tovar's single scored Hernandez, then Tovar raced home from first on Holt's single to center.

* * *

That was more than Kaat needed. "He pitched a whale of a game," Ermer said. "He pitched it, he didn't throw it. He's a real craftsman. He didn't overpower them."

* * *

Kaat confessed he wasn't "a shutout pitcher. But it was a great example of the way we won (the pennant) in 1965. I had some good plays behind me."

**SACRIFICE FLY**

The Twins made it 5-0 on Frank Quilici's sacrifice fly in the fifth and Ted Uhlaender tripled for the final run in the ninth.

The victory left Minnesota tied with Baltimore for third place—both 10 games out—and 1½ games behind the second-place Indians. Detroit has a substantial lead, but Ermer isn't conceding the race.

* * *

"You'd think they would go into a bad spell," said Ermer, expressing the same sentiments about Detroit as Indians' Manager Alvin Dark. "I hope they don't get too far ahead before it's too late."

"There are still 90 games to go," he added. "We can't get discouraged."

## State Golfers Leading in Junior Tournament

State golfers led in three boys' divisions and shared the lead in the fourth grouping as the second round opened this morning in the National Junior Golf tournament at Spring Lake Country Club near Clarkston.

The state also boasted two leaders and a share of another division in the girls' competition.

**SHARE LEAD**

In the boys' 16-17 age bracket, Bill Dickens of Sandusky and Dennis Lacey of Clarkston had 82s in the opening round to share the top spot in that class.

In the 14-15 group, Jerry Pratt of Lima, O., and Pontiac's Rick Vershure were deadlocked for the lead with 88s.

* * *

Scott Rabakon of Albion had the day's best round, a 78, to lead the 12-13 group, while Steve Stoppert of Clarkston managed a 51 to take the 11-and-under lead.

**GIRLS' LEADER**

Sandi Baker of Ohio carded an 86 to lead the girls' 16-17 group.

* * *

Sharing the lead in the 14-15 group were Cindy Baker of Ohio and Denise Wait of Oxford. Leslie Wurm of Lake Orion was setting the pace in the 12-13 group after an opening 108, while Vivian Booker's 87 was best among the 11-and-under shooters.

## Bantamweight King Defeats Challenger

TOKYO (AP) — World bantamweight champion Lionel Rose of Australia rested today after successfully defending his crown while his manager agreed to a nontitle fight against a Mexican boxer in Los Angeles Aug. 29.

Rose beat Japan's Takao Sakurai in a 15-round split decision Tuesday in his first defense of the crown he won Feb. 27 by dethroning Masahiko "Fighting" Harada of Japan.

Rose's manager, Jack Rennie, said he accepted an offer from American promoter George Parnassus to put the 20-year-old champion against one of three Mexican bantamweights—Jesus Castillo, Ruben Olivares or Jose Medel.

## Pontiac Thinclads Gain Top Honors

Pontiac athletes captured top honors in eight events at a U.S. Track & Field Federation meet last night in Ann Arbor.

The locals checked in with two victories in the junior division and six in the novice class.

Cary Wiley turned in a 44.1 second clocking to take the intermediate hurdles, while the team of Ed Watkins, Wiley, Jon Costello and Jerry Seay won the mile relay in 3:34.7 in the junior competition.

In the novice division, Nelson Gibson won three events to pace that class. He took the intermediate hurdles in 48.6 seconds, the 120-yard lows in 15.7 and the long jump at 16-feet-4-inches.

Rick Griggs won the 100 in 11.2 seconds, Jeff Cottrell took the pole vault with a leap of 11 feet, and the team of Pat Burch, Griggs, Robby Furney and John Burch won the mile relay.

# Amateurs May Help Wimbledon 'Fund'

WIMBLEDON, England (AP) — Arthur Ashe and Clark Graebner U.S. Davis Cup stars with the booming services, set out today to try to save the All-England Club $4,320.

That is what would happen if the two Americans defeated their Australian professional opponents to reach the final of the first Open Wimbledon Tennis Tournament.

Ashe, of Richmond, Va., faced Rod Laver, the Wimbledon champion of 1961 and 1962. Graebner, of New York City, had to play Tony Roche.

There are prizes at stake of $4,800 for the winner and $3,120 for the runner-up. But Ashe and Graebner, as amateurs, are competing for expenses only and can accept the gift vouchers worth $240.

If Laver and Roche lose in the semifinals, they will pick up only $1,800 each. The unclaimed prize money would then go back into the pot.

* * *

The success of the amateurs is one reason why officials are happy over the outcome of the first Open Wimbledon Tournament. They've been saved plenty of money by the success of amateurs over pros.

* * *

Ashe helped the Wimbledon kitty Tuesday by knocking out Tom Okker of The Netherlands 7-9, 9-7, 9-7, 6-2 in the quarter-finals. Okker ranks as an amateur and plays on his country's Davis Cup team, but was competing here for prize money with the approval of the Dutch Tennis Federation. As a losing quarter-finalist, he won only $960.

Graebner, piling up the points with his big service, hammered amateur Ray Moore of South Africa 6-2, 6-0, 9-7. Both were unseeded.

The fans, who have had a feast of fine tennis unprecedented in Wimbledon's 91-year-old history, waited to see whether the booming services of Ashe and Graebhander, is the oldest of the semifinalists at 29. Ashe and Graebner are each 24, and Roche is 22.

Laver, the wiry and hard-hitting left-hander, is the oldest of the semifinals at 29. Ashe and Graeber are each 24, and Roche is 22.

**OLD SCORES**

Groebner has some old scores to play off against Roche, who played him often before turning pro last year.

* * *

"I think he leads me 4-1 altogether, and 2-1 on grass," Graebner said.

Ashe never has played Laver.

Mrs. Billie Jean King of Long Beach, Calif., the defending champion, faced an old rival in Mrs. Lesley Turner Bowry of Australia in the women's quarter-finals.

* * *

The rest of the women's quarter-finalists lined up like this: Mrs. Margaret Smith Court, Australia vs. Judy Tegart, Australia; Nancy Richey, San Angelo, Tex., vs. Maria Bueno, Brazil; Mrs. Ann Jones, professional, Britain, vs. Francoise Durr, professional, France.

## Yarborough Is Favored Driver in Daytona Race

DAYTONA BEACH, Fla. (AP) — Cale Yarborough will start in the second row and he's only the second fastest qualifier. But he is the driver to beat in the Firecracker 400 late model stock car race Thursday because his Daytona luck is all good.

Yarborough is going for his third straight victory on the high-banked, high-speed 2.5-mile Daytona International Speedway. He won the Daytona 500 in February and the Firecracker 400 a year ago.

* * *

The blond speedster from Timmonsville, S.C., will have to outdo a fast field topped by record qualifier Lee Roy Yarbrough of Columbia, S.C., Richard Petty of Randleman, N.C., and the surprise pole sitter, Charlie Glotzbach of Georgetown, Ind.

Glotzbach grabbed the pole in his 1968 Dodge and Petty the other front row spot in his 1968 Plymouth when their cars were ready to run Sunday as qualifying began. They conformed to a rule interpretation limiting the forward slant of bodies and the distance of the ground.

**ANOTHER DAY**

The twin 1968 Mercury Cyclones of Yarbrough and Yarborough needed another day to make the changes. When done, Yarbrough set a record 187.049 miles an hour and Yarborough was second best at 185.750.

Glotzbach did 185.156 and Petty 183.342.

"We didn't know about the body changes until 5 p.m. Saturday," Yarborough declared.

Petty said he had ample notice and came to Daytona with his car prepared.

* * *

In the first three days, 13 cars of the 14 who qualified beat the old Firecracker 400 qualifying record of 179.802 m.p.h. set last year by Darel Dieringer of Charlotte, N.C.

Yarbrough approached but didn't erase the 189.222 set by Yarborough in February. The end of the nose-down body slant and required use of the same type tires in qualifying as in racing combined to reduce speeds an estimated average of three miles an hour.

**CAPABLE COMBOS**

While the spotlight is on the starters in the first two rows, about 15 of the 40 entrants have the combination of man and machine capable of winning.

There is David Pearson of Spartanburg, S.C., Firecracker winner in 1961 and hottest driver on the National Association for Stock Car Auto Racing (NASCAR) circuit this year. He starts fifth in a 1968 Ford Torino he qualified at 184.789.

In sixth is A. J. Foyt of Houston in a similar Ford. He's a three-time Indianapolis 500 winner and twice victor in this Fourth of July race.

## Clever Thieves Loot Jewelers

BOSTON (AP) — Police were searching today for clues to a gang of thieves who looted a jewelry shop of nearly $500,000 by snaking a cable through walls to bypass the burglar alarm

The cable was attached to a burglar alarm relay in the basement, then snaked past pipes and drains into a second floor bathroom and hooked into the alarm circuit in the office of I. Kopelman & Sons Jewelry Co. on Washington Street.

* * *

When the gang broke through the door, the bypass cut off the alarm.

Police said the gang smashed the combinations of two safes and selected the best of the diamonds, rings, watches and other jewelry.

## Bankers' Officers

MACKINAC ISLAND (AP) — Richard M. Gillett, 44, of Grand Rapids has been elected president of the Michigan Bankers Association. Other officers named were: H. Andrews Hays, Lansing, first vice president; Harold A. Elgas, Gaylord, second vice president; and James H. Tamblyn, Bad Axe, treasurer.

## I-75 Timetable

LANSING (AP) — The State Highway Department hopes to complete the 60-mile stretch of Interstate 75 between Grayling and Standish by early 1972. Commissioner Wallace Nunn said 14 miles are now under construction, and contracts for the remainder are scheduled to be let beginning in November.

## This Optometrist Needs Glasses

GREAT BEND, Kan. (AP) — Dr. Frank Reinhardt, a local optometrist, failed to read the small print on a couple of dinner tickets he held. He and his wife arrived a bit late at the dinner and took the only vacant chairs they saw. When no one took his tickets, he asked someone at the table: "Isn't this the Republican convention?" He found it was not. He was at the dinner for the delegates to the Association of Postmasters.

His tickets were for the GOP dinner to be held the next night in the same room.

## Drivers Strike Against Beer Distributors

Negotiations have reportedly broken off in a three-day-old strike that could "dry up" Oakland County in about two weeks. Local 38 of the Brewery Workers Union has been on strike since Monday.

Beer deliveries to almost all of the county have been cut off. Anthony Trentacosta, local president, said the strike is against the Oakland County Beer Distributors Association over a contract for deliveries in the county.

* * *

One of the smaller firms which distributes four lesser-known beer brands plus a firm handling imported beer have settled contracts, Trentacosta said. However, this only represents about 5 per cent of county beer consumption, he said.

The union's employes also work in Wayne County and downriver communities, where contracts reportedly have been settled.

* * *

Trentacosta said Oakland County warehouses may have about two weeks supply of beer on hand. The strike was called after disagreements involving working hours, among other things, both local distributors and the union indicated.

Lighter Plane Favored

## Scrapping of Navy F111 Near

WASHINGTON (AP) — The Navy version of the controversial swing-wing F111 jet fighter-bomber has been all but junked by Congress in favor of a lighter, more maneuverable plane.

The House Armed Services Committee—approving a $21 billion defense procurement bill Tuesday—agreed to the Senate's cut of all current funds for the plane, the F111B. The full House is virtually certain to concur.

"Although the Air Force version of this plane (the F111A) appears to be satisfactory," said Chairman L. Mendel Rivers, D-S.C., of the House committee, "it is obvious that the attempt at commonality between the Air Force and Navy versions has failed.

"We are now looking to a new lighter aircraft that will have the capability the Navy needs," Rivers said. "It is presently designated the VFX-1."

The chief complaint of Navy brass has been that the plane is too heavy for aircraft carrier use.

Former Secretary of Defense Robert S. McNamara fought for the common basic plane, originally known as the TFX, over strong opposition from military officials. He said the common use could save $1 billion in development costs.

The Defense Department had asked $425 million for eight production versions of the Navy F111B and 60 Phoenix missiles.

The House committee approved $170 million for development of the VFX-1, including $100 million originally intended for the F111B. The Senate also approved $170 million for the VFX-1.

## Hughes' Offer for ABC Hit

### Network May Fight Bid, Says President

WASHINGTON (AP) — An offer by billionaire industrialist Howard Hughes to purchase a controlling interest in American Broadcasting Co. is too low and the network will fight it in court if it must, says ABC President Leonard H. Goldenson.

Goldenson commented Tuesday after representatives of ABC and Hughes Tool Co. of Houston, Tex., met with all six members of the Federal Communications Commission to discuss Hughes' offer to buy two million shares of ABC stock for $148.5 million.

* * *

Goldenson said the offer "is substantially below the instrinsic per-share asset value of ABC and overlooks future growth prospects of the company."

The offer by Hughes Tool, wholly owned by Howard Huges, would take in about 43 per cent of ABC stock. An FCC official said 35 per cent would constitute de facto control.

He said that commission records show one ABC stockholder with 9 per cent and 15 others with between 1 and 3 per cent.

## 6-Month Auto Sales Totals Up

DETROIT (AP) — Cash registers in auto dealer showrooms rang out a merry tune in the first six months of 1968 as the U.S. auto industry appeared well on the way to what could be its second or third best sales year in history.

General Motors, Ford, Chrysler and American Motors revealed their half-year sales totals Tuesday, and the figures were healthy ones. All four companies reported sales ran ahead of a year ago.

* * *

For the U.S. industry as a whole, companies reported half year sales of over 4.3 million cars, about 9.1 per cent ahead of the 1967 pace.

The figures appeared to bear out the predictions made in many auto quarters early in the year that new cars sales in the U.S., including an estimated 800,000 imported cars, would be in the nine-million area.

## Two Brokers Back Certain Fee-Splitting

WASHINGTON (AP) — Fee splitting by brokers dealing for mutual funds — a practice the Securities and Exchange Commission says costs the public money — has been supported in testimony before an SEC hearing.

Two New York brokers said Tuesday eliminating the practice could cost the mutual funds money and would make their own commissions unstable.

* * *

Officials of two more brokerage houses, Jefferies & Co. of Los Angeles, and Dominick & Dominick of New York City, were called to testify today.

Both the American and New York Stock Exchanges have voted to eliminate fee-splitting which is ordered by a mutual fund and to develop a discount on the fees charged for handling large transactions.

**DESIRE STATUS QUO**

But Michael J. Heaney, senior partner in a brokerage firm which bears his name and a member of the American exchange, told the hearing Tuesday he wanted no change in the present system of handling stock sales and purchases for mutual funds.

Upsetting the present system could cost mutual funds money, he said.

The SEC wants the savings passed on to investors.

## News in Brief

**Wesley Eagle of 5187 Tubbs,** Waterford Township, reported to township police yesterday that two bicycles, worth a total of about $70, were stolen from the yard of his home Monday night.

EDWIN L. ADLER

## Supermarket Exec Running for Supervisor

Edwin L. Adler of 2813 Silverhill, Waterford Township, vice president and manager of Food Town Supermarkets, Inc., has announced his candidacy for the reapportioned Oakland County Board of Supervisors.

* * *

He seeks the Democratic nomination in the 25th District in the Aug. 6 primary and if nominated would run in the Nov. 5 election.

* * *

The district is the northern half of Waterford Township and the northeast corner of White Lake Township.

Adler, 30, is a graduate of Michigan State University and Detroit College of Law. He has served both community and Democratic party functions.

* * *

He said he supports better roads and feels they should have priority over airport construction. He said he also favors increasing the county road patrol to relieve overburdened local police forces.

## Business Notes

E. W. Newman of 2070 Lake Angelus Shores, Lake Angelus, has been elected vice president of Continental Food Brokerage Co., Detroit.

NEWMAN

An account manager, Newman has been in the food business in the Pontiac area for the past 30 years.

Continental Food Brokerage has offices in Grand Rapids, Flint, Toledo, Ohio and Fort Wayne, Ind.

John A. Streit, president of the Pontiac North Kiwanis Club, and vice president Walter Shelton are attending the 53rd annual international convention of Kiwanis International in Toronto, Canada. The convention is emphasizing the rapid expansion of Kiwanis in nations abroad and the 1967-68 theme "Be a Builder—Get Personally Involved."

Two Detroit men have been promoted by the Highland Appliance Co., which has a store in The Pontiac Mall.

They are Paul Ruggirello, former manager of the Mount Clemens store, who has been named supervisor for sales and sales personnel for the chain, and Harry Limauro, stores supervisor since 1964, who was named the chain's operations manager.

A Farmington man, Albert O. Horner of 24078 LeQuinnie, has been elected president of Credit Counseling Centers, Inc., a nonprofit professional agency that counsels families which have overextended their credit.

HORNER

Horner will be chief operating officer of the organization which recently was formed in a merger with the Michigan League Budget Service, a similar agency Horner formerly headed.

An Eastman Kodak vice president, Herman H. Waggershauer, has been elected a director of Garlock, Inc., producer of mechanical packings, seals, industrial rubber and plastic products.

Waggershauser

The marketing and engineering offices of Garlock's Precision Seal Division are in Walled Lake.

WILLIAM M. L. MAINLAND

## COG Chairman in Board Race

William L. Mainland, Milford Township supervisor and chairman of the Southeast Michigan Council of Governments (COG), has announced his candidacy for the reapportioned Oakland County Board of Supervisors.

He seeks the Democratic nomination in the 26th District in the Aug. 6 primary and if nominated would run in the Nov. 5 election.

* * *

The district covers Milford, Highland and Rose townships, all but the northeast quarter of White Lake Township and the northeast quarter of Commerce Township.

Mainland, 67, of 2205 E. Commerce, has served on the present board for the last four terms, holding the office ex-officio as a result of being elected his township's supervisor.

* * *

He is an orchard owner with many affiliations in local and regional civic and business organizations. He was elected the first chairman of COG when that body, which carries on planning functions for the six-county area surrounding Detroit, was formed this January.

Mainland said the county has enjoyed excellent government, "clean, thorough, prudent and farsighted. Our task is to preserve this heritage and build an even better structure for the more-demanding needs of the future."

The smallest bird in the world is the bee hummingbird, which lives in Cuba and is 2½ inches long.

## Avon Man to Head Bank in Rochester

William D. Decker of 4139 Runyon, Avon Township, has been named president of the National Bank of Rochester, according to Carlton M. Higbie Jr., chairman of the board.

Decker has been with the bank since May 1965. He was elected to the board of directors last January. His appointment as president became effective Monday, following the retirement of Everett W. Barber, former president, Higbie said.

* * *

Decker is a member of the board of governors of the Oakland County Chapter, American Institute of Banking. He is secretary of the house committee of Rochester Elks Lodge No. 2225, a member of the Rochester Lions Club, and chairman of Avon Community Chest fund campaign.

He is a division chairman for Junior Achievement and a member of St. Paul's Methodist Church.

RETIRING — Hector J. Chambers, called Ike because of his strong resemblance to former President Eisenhower, has retired after 25 years of service with the Grand Trunk Western Railroad Co. Ike resides at 5574 Pleasant, Waterford Township.

## Ike Look-Alike Retires After 25 Years at GTW

Hector J. Chambers of 5574 Pleasant, Waterford Township, retired recently after 25 years of service with Grand Trunk Western Railroad.

* * *

The commuter conductor is known as Ike by friends and fellow workers because of his strong resemblance to former President Eisenhower.

* * *

Chambers said he has never met the former president, although he admitted that he was once mistaken for Eisenhower while visiting Washington, D. C.

Ike started with the GTW in 1943 in the Detroit subdivision, as a brakeman on freight service. He has since worked in both freight and passenger service.

He has punched literally hundreds of thousands of commuter tickets on the north suburban line.

Chambers, 65, likes to fish, hunt and travel. He and his wife plan to take his retirement "one day at a time."
