THREE DIE IN CRASH—Three women were killed and 10 other persons injured when a car-bus collision overturned this bus near Dimondale (Mich.) last night. Car involved was completely wrecked.

10 More Injured in M99 Crash; Coach Upsets

Auto Careens Into Pole Killing Lansing Women, One From Toledo

DIMONDALE (AP) — An automobile and a bus collided on the outskirts of Dimondale, killing three women and injuring 10 persons last night.

The Short Way Lines bus overturned. The automobile careened into a utility pole.

Two of the dead were the only occupants of the automobile. An elderly woman died in the tangle of wrecked seats inside the upturned bus. All the injured were bus passengers.

Witnesses told State Police a small panel truck ran over one of the women who was thrown from the car by the impact. He is being hunted as a hit-run driver.

The victims were Mrs. Betty June Hall, 27, and Mrs. Lorna Metzger, 45, both of Lansing, and Mrs. Esther Griffith, 60, of Cleveland, who boarded the bus at Toledo, Ohio.

The crash was at the intersection of M99 and the Dimondale-Holt road between Eaton Rapids and Lansing, a mile west of Dimondale.

Mrs. Hall and Mrs. Metzger, her passenger, were returning in costume from a Halloween party.

Wendell Grummett, of Portland, Mich., was the driver of the bus and was among the 10 treated at Lansing's St. Lawrence Hospital. He was among three dismissed, however, after first aid and the hospital said only one of the seven remaining was believed in serious condition.

Grummett said he was driving along M99 around 55 miles an hour and that the glare of oncoming lights kept him from seeing the car approaching from the rural road.

"There was a terrible lurch," Grummett said, "and I remember fighting the steering wheel. We went about 500 feet but I couldn't hold it. It went into a field and over on its top.

"Everyone was screaming. I do not know how I got out. Somehow I got the ax from the emergency box and broke some windows."

As Mrs. Hall's car careened into the utility pole, she was pinned in the wreckage but Mrs. Metzger was thrown out. Seconds later, State Police said they were told, a panel truck struck Mrs. Metzger's body, but did not stop.

Nearby residents and employes of a gasoline station rushed to the scene, helping Grummett pull passengers from the overturned bus.

CIO Leader Dies of Heart Attack

Robert L. Poe Stricken on Way Back to Lansing Thursday Night

Robert L. Poe, 47, CIO legislative agent at Lansing for the past 12 years, and for many years prominent in union affairs here, died at 5 a.m. today in Sessions Hospital at Northville. He was stricken with a heart attack last night on the way back to Lansing from Pontiac. He lived at 20 Rosshire Ct.

Mr. Poe came to Pontiac last night to watch his son, Arthur, play on the Washington Junior High football team.

Born in Charleston, N. C., Sept. 20, 1906, he was the son of George B. and Edith C. Rice Poe. He came to Pontiac 26 years ago.

He was a charter member of CIO United Auto Workers Union and helped organize Fisher Local 596 here while he was employed in the Fisher trim shop.

He had served as president of the Pontiac Industrial Council and had represented unions in many civic projects. During the war he served as chairman of the Oakland County War Price Control Board.

At the time of his death he was a member of the Firemen's Civil Service Commission for the city, and had earlier represented the city on the Oakland County Board of Supervisors.

Mr. Poe had for many years been an ardent sports fan and gave his support to local teams, volunteering much of his time to assist in training high school athletes.

Besides his widow, the former Vera Mae Clapsadel, he is survived by a daughter, Mrs. Barbara Aldrich of Pontiac, and four sons, Robert L. of Pontiac, Frederick C. of Little Creek, Va., Walter L. and Arthur J., at home.

Funeral will be Monday at 3 p.m. from the Donelson-Johns Funeral Home. Dr. William H. Marbach, pastor of First Presbyterian Church, will officiate and burial will be in White Chapel Memorial Cemetery.

Plane Crashes South of Frisco, Killing Nineteen

Pianist William Kapell Among Dead in British Ship From Australia

SAN FRANCISCO (AP)—"The only survivors here are rescuers."

That's how Coast Guard Chief Wilson Jennings described by radio the grim scene 25 miles south of here yesterday where a British Commonwealth Pacific Airlines DC6 crashed and burned—killing all 19 aboard.

Among the 11 passengers were William Kapell, 31, brilliant New York concert pianist returning from an Australian tour. He was the only American aboard.

Also aboard was an Australian, John Feher, and his 8-year-old son, John, who was being brought to the United States for treatment of a crippled arm caused by polio, according to dispatches from Sydney.

Other victims identified in the Sydney dispatch were two officials of Australia's Victoria State Railway — Cyril McDonald and Jack Butterworth — who were coming to the United States to study American rail techniques and to take 30 new electric engines back home, and a Norwegian sea captain, Paul Olsen, on his way to take over a new ship in the United States.

Two of the eight crew members were hostesses.

The ship was only two minutes from San Francisco Airport on its transpacific journey from Sydney, Australia, via Honolulu. It crashed into fog-shrouded, 2400-foot King's Mountain, disintegrated and burned.

Seventeen charred and dismembered bodies were recovered.

Search for the other two resumes today.

Cause of the crash has not been determined.

Veteran pilot Bruce Dixon had checked by radio with the control tower at San Francisco Airport just before the crash. But there was no indication of impending tragedy as he said:

"Five hundred feet on top (of 1200-foot ceiling)"

Because of the fog, the ship was on instruments.

Rosenberg Aide Points Finger at New Yorker

Uncooperative Senate Witness Is Accused by Convicted Commie

NEW YORK (UP)—Convicted atom spy Harry Gold has identified an American who was once the United Nations' top broadcaster to Russia as a member of a Soviet spy ring, the Senate internal security subcommittee said today.

The announcement said the alleged spy was Alexander Svenchansky, 44, of New York, who appeared before the subcommittee here yesterday and refused to say whether he had been a Communist.

Svenchansky was dismissed from the U. N. early this year for questionable loyalty to the United States, and was awarded $20,000 in indemnities by the U. N. Administrative Tribunal Oct. 13.

Robert Morris, subcommittee counsel, said Gold's statement was received from the Senate permanent investigations subcommittee headed by Sen. Joseph R. McCarthy (R-Wis.)

McCarthy's investigators took the statement from Gold yesterday when they visited him at the Lewisburg, Pa., Federal Penitentiary where he is serving 30 years for his role in the Rosenberg atomic spy ring, Morris said.

Svenchansky who lives in the Jamaica section of Queens, in New York City, was a witness before the subcommittee yesterday.

He had worked for Amtorg, a defunct Russian trading firm, from March 1932 to April 1942, and was asked if he had introduced an Abraham Brothman to an Amtorg official for espionage purposes.

At first Svenchansky stated he "never made any kind of introduction knowing it was for espionage."

Then, pressed about Brothman, a Queens chemical engineer, he refused to answer on the ground that to do so might tend to incriminate him.

Svenchansky admitted yesterday that at times he used the name Shura Swan.

Gold's affidavit said:

"I heard of Shura Swan from a man called Abraham Brothman. Brothman was one of my sources of information for the Soviet espionage organization, of which I was a courier. I met Brothman in September 1941.

"About a half-year after that, Brothman first mentioned Shura Swan. Brothman said it was Shura Swan who had introduced him to Soviet espionage work."

Anti-Communist Prisoners Agree to Attend Interviews

PANMUNJOM (AP) — Violently anti-Communist North Korean prisoners have agreed to attend Communist interviews tomorrow, ending a two-week holdout which threatened to wreck the Neutral Nations Repatriation Commission.

"They are coming out tomorrow for explanations—so they have agreed," said Lt. Gen. K. S. Thimayya, Indian chairman of the commission.

Five hundred North Koreans are scheduled to move out of their compounds at 8 a. m. (6 p. m. EST) Friday for interviews with Red explainers who will try to persuade them to return home. Another 500 are to be interviewed in the afternoon.

The U. N. Command said the Communists requested a meeting of the Military Armistice Commission Saturday to discuss prisoner of war matters.

The meeting will be at 3 p. m. (1 a. m. EST).

The Communists gave no further reasons for requesting the session.

The Koreans' decision to attend the interviews peacefully represented a solid personal triumph for patient Gen. Thimayya.

He told newsmen that after days of delicate negotiations the POW leaders indicated two days ago they were willing to attend explanations. But they asked for time to talk fellow prisoners into attending.

The commission chairman said he was notified Thursday night that the men were ready to start Saturday morning.

The NNRC promptly notified the Communist and U. N. commands that explanations would be held for the first time since Oct. 16 at 8 a.m. Saturday.

These will be the first North Koreans to meet the Reds since the explanations started Oct. 15. On that day the Communists got back 10 of 491 Chinese interviewed.

The North Koreans were scheduled to appear the next day, but massed for a breakout when the

5 AFL Officials to Stand Trial

Teamster Union Officers Charged With Extortion and Conspiracy

DETROIT (AP)—Five AFL Teamsters Union officials must face trial on charges of extortion and conspiracy. If convicted on all counts they could be sentenced to 20 years imprisonment.

The five, now free under $5,000 bond each, were ordered bound over for trial yesterday by Recorders (criminal) Judge Martha W. Griffiths.

Her decision followed a week-long examination, which the defendants demanded after indictment by Circuit Judge Miles N. Culehan sitting as a one-man grand jury. No trial date was set.

Bound over were:

Mike E. Nicoletti, president, and Samuel J. Marroso, business agent for Detroit Local 247; Daniel J. Keating, president, and Louis C. Linteau, business agent, of Pontiac Local 614 in Pontiac, and Frank E. Fitzsimmons, vice president of Detroit Local 299 and a vice president of the Michigan Federation of Labor.

They are accused of shaking down contractors and selling out union members.

Charges were dropped against a sixth official, Anthony Liuzzo, another business agent of 247.

Before the judge presented her ruling, defense attorneys argued that Judge Culehan's grand jury was unconstitutional.

The grand jury's indictment carried four counts: extortion, con-

Ask U. N. Action on GI Atrocities

U. S. Report Charges Reds Tortured, Killed 29,815 Allied PWs

UNITED NATIONS, N. Y. (AP)—The United States today formally asked the U.N. General Assembly to take up its charges that Communists in Korea committed atrocities against American and Allied captives.

The request was contained in a letter from chief U. S. delegate Henry Cabot Lodge Jr. to secretary general Dag Hammarskjold.

The letter merely asked that the item be put on the Assembly's agenda. It was not accompanied by an explanatory memeorandum telling why.

U.N. sources said they expected a meeting of the steering committee Monday to decide whether to agree to the U. S. request.

The British delegation expressed horror at the U. S. Army report telling of the torture, murder and starvation deaths of 29,815 persons—including 6,113 American soldiers—behind Red lines in Korea.

"It is a terrible story," a spokesman declared.

He said the British delegation was consulting with the Americans on the most effective tactics to use in prosecuting the charges in the U.N.

Bedside Wedding Gives Quads Father, New Names

LANSING (AP)—The Trollman quadruplets born four days ago had a father and new first and last names today. And their bride-of-a-day mother sighed: "I'm really happy for the first time in months."

Brief Lutheran rites united Mrs. Jane Trollman, 33, divorcee-mother of the quads, and Glenn W. Van Alstine, 34, a Lansing auto serviceman, yesterday in her hospital room.

Van Alstine's ex-wife signed a waiver to permit the ceremony, since his 60-day waiting period after a divorce would not expire until Sunday. The bride and her first husband were divorced in 1944.

Van Alstine told newsmen he was the father of the quads, adding: "I wanted to marry June a long time ago but we had a little misunderstanding and it never came off."

The couple picked names for the four babies immediately after the ceremony. The first name they chose was John David, for the one who died Wednesday. He is to be buried today with simple graveside ceremonies.

The other three, born late Monday, were named in order of their birth, Donald Dee, Donald Dee and Ruth Ann.

The tiny survivors, weighing three pounds each, were holding their own in incubators on a special formula fed to them through eyedroppers.

Issuance of a marriage license, blood tests, waiver of the state's five-day waiting period, his former wife's waiver and purchase of a ring were rushed through in record time yesterday. Then Van Alstine, who said he had been in love with his bride "for more than a year," arrived at the hospital in blue work pants and shirt for the brief bedside ceremony.

The bride sat up in bed for the wedding. She had changed

2 Plead Guilty in Chaney Killing

Pontiac Men Admit Shooting Bartender in El Chico Bar Holdup

Two Pontiac men pleaded guilty to second degree murder Thursday before Oakland County Circuit Judge Frank L. Doty in the Aug. 9 holdup slaying of a Pontiac bartender.

Judge Doty set sentencing for Nov. 13 and returned Charles A. Cunningham, 22, of 265 Bodwell St., and Melvin Hardiman, 21, of 423 Highland Ave., to Oakland County Jail.

The two pleaded guilty to the shooting of Silas Chaney, 45, at 105 Center St.

Chaney was slain in a gunbattle between a holdup man and another bartender, Harold Mack of 316 Granet, Hazel Park, during an attempted holdup of the El Chico Bar at 374 Franklin Rd.

Cunningham and Hardiman admitted the attempted robbery and slaying to Pontiac Police Sept. 14 after having been arrested a few days before for questioning.

Police were told by Cunningham that he'd thrown the gun that killed Chaney into the Clinton River. Though the river has been dragged, the weapon has not yet been found.

Cloudy and Warmer Tonight, Saturday

Partly cloudy skies and slightly warmer temperatures are in store for the Pontiac area tonight and Saturday.

The U. S. Weather Bureau forecasts a low of 40 degrees tonight and a high of 62 Saturday. A low of 35 and a high of 53 were recorded here Thursday.

Light frost covered the city this morning when the mercury dipped to 38 degrees at 8 a.m. The temperature rose to 62 at 2 p. m. in downtown Pontiac.

Area Officials Promise Support for Survey of New Water Sources

Milton P. Adams, executive secretary of Michigan Water Resources Commission, said Thursday that "we'll do our best" to help solve this area's water supply problems.

And Rep. William S. Broomfield (R-Royal Oak) promised to try to get funds from the Michigan Leg-

(See picture on page 2.)

islature to pay for a commission-conducted survey of supply possibilities — from lakes and underground.

The statements climaxed a water resources commission meeting at Pontiac Motor Division when some 100 city, township and planning officials from Oakland, Macomb and Wayne counties aired their water troubles and asked the commission for a survey.

For the Water Resources Commission, usually concerned with pollution of streams and lakes, the water supply survey would be a new type of work, Adams said.

Six speakers, with T. Ledyard Blakeman, executive director of Detroit Metropolitan Area Planning Commission, as moderator, outlined the water picture in the Detroit region.

"This is a regional problem, not a local one," Blakeman said. "It extends through Macomb, Oakland, Wayne — even part of Washtenaw."

Panelists included Walter K. Willman, Pontiac city manager, who outlined Pontiac's needs; Rep. Broomfield, who discussed the possible survey; and Paul M. Reid, regional planning commission analyst, who discussed the area's future population and industrial outlook.

George Schmid, engineer-manager of Southeastern Oakland County Water Authority, told of the area's needs; L. E. Ayres of Ann Arbor, consulting engineer, the engineering angles of a regional water supply; and L. G. Lenhardt, general manager of Detroit Board of Water Commissioners, explained his city's situation.

Panelists said Oakland County, like the rest of the Detroit region, is faced with dwindling supplies, outgrown distribution systems, and skyrocketing use.

Several possible sources of more water were suggested Thursday.

Among them were Lake Huron, many miles away; Lake St. Clair, not quite so far; underground water not yet tapped; and possibly even small lakes.

By 1970, speakers added, the county will probably have 970,847 people — double the present number — and many more industries.

Schmid said he hoped his southeastern area can solve its problem for a few years by bigger mains and better booster pumps.

As Lenhardt pointed out, Detroit delivers water to Eight Mile Road at plenty of pressure, Schmid said; so the trouble probably lies in too-small pipes and too few booster pumps.

Lenhardt said that although Detroit's water supply is plentiful, Detroit won't turn its back on a regional project.

"Our economy," he said, "depends quite a bit on the healthy economy of the rest of the area."

Willman promised Pontiac will cooperate in a regional survey "even to the extent of carrying our share of the cost."

A later speaker, T. B. Henry, consulting engineer, who spoke on "The Pontiac Problem," pointed out that the water level in Pontiac's wells has dropped 65 feet since 1940. In the same period, the city's average daily water use has gone up from 6,000,000 to 12,000,000 gallons a day.

"We're hardly looked to the far future," Henry said, "because we've been so busy trying to develop our present system just to carry us through next year. Some further sources must be developed."

Claude Stevens, attorney, who spoke on financing, assured the commission and local officials that money problems and legislation to permit an area development probably could be worked out.

Sees Hope for Sale of Bridge Bonds

EAST LANSING, Mich. (UP) — Prentiss M. Brown, chairman of the Mackinac Straits Bridge Authority, said the bond market has improved substantially and he is "somewhat more optimistic" about selling revenue bonds for construction of the straits bridge.

"I am going to New York again next week for consultation on the developments, he told a meeting of editors here Thursday.

Brown said he would try to work out an arrangement whereby the bridge bonds would be sold in their entirety but the authority would draw on the money only as needed for construction. This, he said, would hold down interest payments and save between $6,000,000 and $7,000,000.

Annexation Procedures for Porritt Property, Troy Triangle Are Not Similar

From Our Birmingham Bureau

BIRMINGHAM—With the rapid dwindling of residential building space in Birmingham, the problem of annexation is becoming more and more vital to residents and businessmen.

At present two distinct areas are the object of annexation speculation.

The W. E. Reid Development Co. and the city commission have negotiated a "gentlemen's agreement" for zoning the 40-acre Porritt property, a Troy Township island within the city limits, if and when it is annexed.

The city is also discussing annexation of a 30-acre Troy triangle bounded by Adams and Buckingham and the Grand Trunk Western railroad, to prevent its development with septic tanks and wells.

What is the official procedure for annexation? There are several methods outlined in state statutes, with one method created especially for areas where no voters reside, such as the Porritt land.

In this undeveloped land, annexation may be accomplished by the petition of the legal owner of more than half the property, and majority affirmative votes of the city commission and the township board.

However, with people living in the Troy triangle along Adams road, a different form may have to be used. Annexation proceedings would begin with a petition to the County Board of Supervisors, and a subsequent election in both Troy and Birmingham.

Required signatures on the petition are one per cent of the population as shown by the last census, both of the city and the township. There is a minimum of one hundred signatures, and not less than ten from each city and township.

The Board of Supervisors then submits the question to the qualified electors of the city and township, at either a regular or special election.

Annexation can be accomplished only by a favorable vote in the triangle, and a favorable vote in both Birmingham and Troy. However, annexation does not have to carry in both political units, but is decided by a majority of the combined ballots of the two units.

Thus, 5,000 Birmingham voters could vote "no" on annexing the triangle, to have it go through with a 6,000 vote in favor by Troy residents.

The City Commission has denied the petition for fire protection by the city for the Ford Tractor Division of the Ford Motor Co. at 2500 E. Maple, Troy Township.

Lawmakers agreed that at present the city itself does not have adequate fire protection, and could possibly contract to protect places outside.

Approval was given to studying a system of cooperation with neighboring communities and their fire departments.

Referring to the Detroit United Foundation Torch Drive Harold B. Euler, chairman of the Oakland County Chapter, American Red Cross, said today that, "There will be no separate Red Cross campaign in March in business, industry, schools and government.

"Therefore," he said" we urge that givers in business who have previously contributed directly to our March drive to add their Red Cross dollars to their 1953 Torch Drive pledge."

In keeping with its national policy, Euler said, the Oakland chapter, American Red Cross, will campaign for funds in March among residential contributors. The chapter will be allocated $35,074 from 1953 Torch Drive proceeds.

Skull Fracture Causes Death

Woman Dies in Detroit Hospital After Falling Down Stairs

Mrs. Alma Jean McCallum, 24, of 133 Auburn Ave., died at Mt. Carmel Mercy Hospital in Detroit Thursday morning.

Hospital spokesmen attributed death to a skull fracture.

The hospital reported Mrs. McCallum was brought in about 6:45 a. m. Wednesday by two men who told Detroit police she had fallen down a flight of stairs. The two were questioned and released, police said.

Born in Columbus, Ga., Aug. 31, 1929, Mrs. McCallum was the daughter of Mr. and Mrs. Richard Charon. A former Oxford resident, she is survived by her husband, Donald; one daughter, Donna Jane, and a brother in Georgia.

Service will be Saturday at 2 p. m. at Mabley Funeral Chapel in Oxford, with burial in Oakwood Cemetery.

Theodore B. Hess

Funeral will be held Saturday at 2 p.m. for Theodore Burton Hess, 3-year-old son of Howard B. and Phyllis Ann Mobey Hess of 2564 Premont St. in Waterford Township. The child has been ill since his birth, July 29, 1950.

He died in St. Joseph Mercy Hospital at 10:45 p.m. Wednesday.

The Rev. H. E. Lohr of Seventh Day Adventist Church will officiate and burial will be in Perry Mount Park Cemetery.

Besides his parents he is survived by a sister, LaDonna, at home.

Mrs. Gertrude R. Sears

After a prolonged illness, Mrs. Gertude R. Sears, 50, of 2600 Woodbine Dr. died at her residence early Thursday morning.

Born in Ashland, Wis., Dec. 28, 1902, she was the daughter of Joseph and Rose Kasmarak Mrotek. She married Francis C. Sears at Ashland June 28, 1934, and came to Oakland County 25 years ago.

Mrs. Sears was a member of St. Benedict Catholic Church, and Beta Theta Chapter of Lambda Chi Omega.

Besides her husband, she is survived by a son and two daughters, Ronald, Patricia and Janice, all at home. Also surviving are six sisters, Mrs. Catherine Verbaken, and Mrs. Florence Nelson of Ashland, Mrs. Frances Slack of Duluth, Minn., Mrs. Martha Garrity of Milwaukee, and Mrs. Mildred Foster and Mrs. Helen Hardy of Pontiac.

Rosary service will be held by Knights of Columbus Friday at 7:30 p.m. and the parish rosary will be Sunday at 8 p.m. Funeral is scheduled for Monday at 9 a.m. in St. Benedict Church. Burial will be in Mt. Hope Cemetery.

Nixon Visits States, Rulers in Indochina

SAIGON, Indochina (UP) — U. S. Vice President Richard Nixon flew today from Bangkok, Thailand, to Siem Reap in the Indochinese Kingdom of Cambodia to confer with King Norodom Sihanouk.

The vice president, on an official Far East tour, was scheduled to fly later today to Phnom Penh, the Cambodian capital. Tomorrow he goes to Saigon in neighboring Viet Nam, another Indochinese state in the French Union.

King Norodom has been in voluntary exile from his capital since last June 15 to dramatize his demands that France grant Cambodia complete independence.

Nixon, while in Indochina, will talk with both local and French officials.

Anti-Red Prisoners to Attend Interviews

(Continued From Page One)

Indians prepared to use force to take them before the Reds.

The day after, the Communists contented themselves with Chinese again, getting back 10 of 430.

But then the interviews stopped when the Reds demanded North Koreans—at gunpoint if necessary—and other members of the commission refused to approve the use of force.

The deadlock threatened to break up the five-nation commission, made up of Czechs, Poles, Indians, Swiss and Swedes.

Gets One to Two Years

Harold H. Reed, 24, of 865 Lake Angelus Rd. was sentenced to one to two years in prison today by Circuit Judge Frank L. Doty on a charge of issuing a check without an account. Reed pleaded guilty Oct. 9 to issuing a $70 check Sept. 6 and three other bad checks totalling $75 were turned over to police.

ter sighted the wreckage, ground crews had to claw through tortuous, densely wooded terrain and down a 45-degree slope.

The bodies were lifted out with a winch and 500 feet of cable.

The dead were taken to the Redwood City National Guard Armory on the San Francisco peninsula.

At Honolulu Kapell almost decided to stop over. He changed his mind, however, and continued on the flight to death.

Kapell, who leaves a widow and two young children, was going to Los Angeles to record sonatas. He was booked for a full concert season including appearances with the Chicago and San Francisco Symphony Orchestras.

Sophomore Says He Plans to Read a Book Sometime

NEWPORT, R. I. (UP)—The Rhode Island Library Assn. got a disconcerting report on how young people's reading habits are affected by television.

Miss M. Isabelle Hall, Providence high school teacher, surveyed sophomore reading habits and got these student comments:

"A masterpiece is something you don't understand."

"Books give you an idea of how to get into trouble but never tell you how to get out of it."

"I'm going to read a book sometime. Last night I saw a quiz show and the contestant didn't get a jackpot because he hadn't read a book."

TOKYO (UP) — The Tokyo weather bureau marked its 75th anniversary Thursday with the prediction, "clear skies and fair weather." It rained all day.

General Motors Wants Its TV Show Changed

DETROIT (UP) —General Motors, sponsors of the weekly NCAA television games, has asked the NCAA to change its program of Nov. 7.

That's when the NCAA's second parts of four games, instead of one complete game, is scheduled to be screened nationally.

The NCAA tried this experiment last Saturday and a General Motors spokesman said letters poured in against the four-game setup.

Typical fan comment, the spokesman said, went like this:

"It was like watching parts of four movies at once. I'd rather seen one full picture."

"Did you ever make a date with four girls and try to keep them all. That's how I felt when I tried to keep up with your four-in-one deal on television last weekend."

"Very unsatisfactory."

And, finally;

"Phooey!"

Man Gets 1½ to 14 Years on Bad Check Charge

Frederick V. Parker, 62, of a local hotel, was sentenced to 1½ to 14 years in prison today by Circuit Judge Frank L. Doty on a charge of uttering and publishing.

Parker pleaded guilty Oct. 6 to forging his employer's name to a $500 check. He will serve his term in Southern Michigan Prison at Jackson.

Newest Black-Eye Alibi; Walked Into Helicopter

MUSKEGON (UP) — Patrolman William P. Wilson Jr., has an alibi to end all alibis for a black eye.

"I walked into the tail of a helicopter," he explained to fellow officers Thursday. It happened at Grosse Isle Air Base where Wilson, a reservist was on duty — and can prove the details.

2 Pontiac Youths Sent to Prison for Breakin

Two Pontiac youths were sentenced to 1½ to 15 years in Southern Michigan Prison at Jackson today by Circuit Judge Frank L. Doty on a charge of breaking and entering in the nighttime.

Bernard F. Ladd Jr., 21, of 13267 Locke St. and Donald K. Hester, 20, of 652 Kansas St., pleaded guilty to the charge Oct. 9. They were accused of breaking into a drug store at 1465 Baldwin Ave. on Sept. 17.

Tourist Spending Up

TOKYO (UP)—A total of 33,712 tourists, mostly Americans, spent $13,047,086 in Japan in the first six months of this year—$4,000,000 more than over the same period a year ago, the Transportation Ministry said today.

Officials Favor Sewer Project

$2.5 Million Interceptor Line Gets Attention of Four County Areas

Plans for a $2,500,000 Oakland-Rouge interceptor sewer were endorsed today at a meeting of representatives of Birmingham, Bloomfield Hills and Bloomfield and Southfield Townships and the State Water Resources Commission.

Officials favored the proposed sewer which would carry sewage from the areas into Detroit treatment plants.

Officials from the four county areas petitioned the commission to extend its deadline on an order requiring them to decide whether to undertake the project jointly or individually.

The commission made no decision on the petition.

But it did warn Bloomfield and Southfield Townships that they may be judged in default of the commission's "abate pollution" order and taken to court.

Today's session ended a two-day meeting of the Water Resources Commission at Haven Hill Lodge, near Milford.

LIVERPOOL, England (UP) — A bank here cleared a check made payable to "NWGBLGGHRHBSLL."

Accountant Leonard Harris admitted he had to think a bit before he figured out that it was made out to "North West Gas Board Liverpool Group, Group Headquarters, Radiant House, Bold Street, Liverpool, I."

"I think they were having a little leg pull at our expense," Harris said.

spiracy and two claiming solicitation of gifts for favors.

Witnesses during the examination told of what they said were payoffs involving thousands of dollars.

Meanwhile in Pontiac yesterday, a majority of 250 members attending a meeting of Pontiac Teamsters Local 614 dissented when asked to give a vote of confidence to Keating and Linteau.

James A. Hoffa, president of the Teamsters' Joint Council in Detroit, said the vote contrasted to Monday's meeting when a "different segment" of the local voted in favor of the two former officials "until they have stood a fair trial."

Hoffa, who placed the local under trusteeship last week, said yesterday's meeting was the last of four similar sessions to explain trusteeship procedures to members. About 2,500 members have attended the meetings, he added.

A high union official said yesterday that Hoffa may appoint a temporary executive to handle affairs of the local until a regular election can be held once the trusteeship is lifted.

Man Gets 1.5 to 20 Years on an Arson Charge

Grady Young, 40, a roomer at 276 W. Wilson St., was sentenced to 1½ to 20 years in Southern Michigan Prison at Jackson today by Circuit Judge Frank L. Doty on an arson charge.

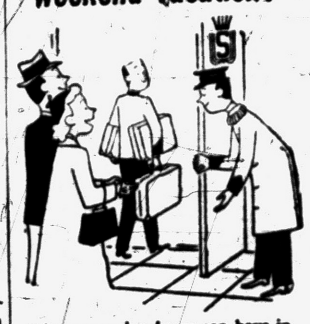

Young pleaded guilty Oct. 8 to setting fire to a home at 249 Rockwell St. last March 20.

Detroiter Sentenced on Weapons Charge

A one to five year prison term was imposed on Lew A. Kanziz, 21, of 19977 Harned St., Detroit, today by Circuit Judge Frank L. Doty for carrying concealed weapons. Kanziz pleaded guilty to the charge Oct. 9.

He was accused of possessing a knife when he got in an argument with the manager of a Hazel Park dry cleaning firm Sept. 19.

Start 2nd Figure Club

Women of Pontiac and vicinity who would like to lose weight and have fun doing it are invited to join a second "Fashion-Your-Figure" club, Leonard T. Buzz of the Pontiac Parks and Recreation Department announced today.

A meeting of all interested persons is scheduled in Room 102 at Pontiac High School at 7 p.m. Nov. 3, Buzz said.

The "Fashion-Your-Figure" organization voted to sponsor a new reducing club to make its successful weight losing methods available to more local women, Buzz explained.

The original club has a membership of over 65, be added, and a group record of about 500 pounds lost in the last six months.

"Advice from dieticians and doctors, cosmetics demonstrations, a fashion show, calisthenics and games will be included in the club program," according to Buzz.

The planning committee for the second group includes Mrs. Donald May, chairman, Mrs. Joseph McLeod, Mrs. Otto J. Jones and Mrs. George Cunningham. Further information is available by telephoning the Parks and Recreation Department, FE 3-7131, said Buzz.

Martin Probing Surplus Agency

Auditor, State Police Investigate Handling of Federal Property

LANSING (AP) — A three-week-old investigation of the state's handling of federal surplus property was disclosed today by Aud. Gen. John B. Martin.

He said his auditors and the State Police have been probing the surplus property unit, a division of the State Department of Administration, to determine whether property has been properly accounted for and properly distributed.

The property involves itmes, except food, received for allocation to schools and health institutions, Martin said.

He disclosed the Department of Administration has suspended the supervisor of its warehouse pending investigation of charges of offering to arrange for office employes to purchase donated articles.

The supervisor is also accused, Martin said, of using poor judgement in the distribution of property and with failure to keep proper records and to follow proper procedures.

Martin said that at the end of the investigation he will recommend procedures to provide all eligible recipients of surplus property with notice and adequate time to request items and for equal apportionment of articles when the demand exceeds the supply.

CBS Gives Julius Own Radio Show

NEW YORK (AP)—Julius La Rosa, fired last week from Arthur Godfrey's radio-TV shows, will have a radio show of his own starting Monday, Nov. 9.

Lester Gottlieb, CBS radio vice president in charge of programming, said yesterday the 23-year-old singer will be heard each Monday, Wednesday and Friday over the CBS network from 7:35 to 7:45 p.m. (EST).

Appearing with La Rosa will be Russ Case and his orchestra and a singing group.

La Rosa is scheduled for a second appearance Sunday night on Ed Sullivan's TV program, "Toast of the Town."

Motorist Argues His Way Out of Wrong Charge

HARTFORD, Conn. (AP) — George Quayle, 32, stepped before City Court Judge John J. Bracken yesterday to prove he did not pass a traffic light at Pearl and Ann streets.

As evidence he produced detailed maps, accurate measurements of the intersection and statistics on braking times and distances.

"These prove I couldn't have passed the light at Pearl and Ann streets," Quayle said.

That's true, said the judge, but found Quayle guilty anyway.

The judge pointed out Quayle was charged with passing the light at Asylum and Ann streets, not Pearl and Ann Streets. Sentence was suspended.

Rather Be In Than Out

LOUISVILLE, Ky. (UP) — Homer W. Wilson, 45, was granted a request by Circuit Judge L. R. Curtis who last November suspended a year's sentence against him for assault and battery. The request was "put me in jail." Wilson said he wanted to get away from liquor and keep out of more trouble. Judge Curtis revoked the suspension.

97-Year-Old Depot Still Needs Electric Lights

SOMONAUK, Ill. (AP)—The Burlington Railroad depot in Somonauk was built 97 years ago, but the station still is trying to get the railroad to install electric lights.

F. E. McHenry, the railroad agent, and L. E. Griffiths, the telegraph operator, work by the light of railroad flashlights after sundown.

McHenry says the railroad has promised that electric lights will be installed early this winter.

"But they have promised the same thing for 35 years," he said.

Expert Sees End to Fishing for Food

ANN ARBOR (INS) — A University of Michigan professor predicts that by the year 2000 A. D. fishermen will fish for fun instead of for food.

The reason, says Prof. Karl F. Lagler, chairman of the school's department of fisheries, is that the growing population is accompanied by an increasing drain on natural resources.

According to the professor, the oldtimer who says "Fishing ain't as good as it used to be" is quite correct in his surmise.

But, adds the professor, because of current conservation practices, the total amount of fish caught in coming years will continue to grow, despite increasing demands against stocks.

Prof. Lagler warned, however, that fishing predictions for the future can be upset unless communities band together to fight pollution of hundreds of rivers and streams.

Fish in the Great Lakes also have another deadly enemy—the Lamprey eel which attaches itself to such species as lake trout and white fish and suck their life-blood.

Best-known of all American steam locomotives was probably the New York Central's old "No. 999." It was the first 100-mile-an-hour engine and held the world's speed record for more than 12 years, after covering a mile in 32 seconds (112.5 miles per hour) near Batavia, N. Y., on May 10, 1893.

Speaks for Private Atom Development

NEW YORK (AP) — Rep. Sterling Cole (R-NY) says private development of peacetime atomic power should supplement the proposed government - financed industrial nucleag power project.

Cole, chairman of the Joint Congressional Committee on Atomic Energy, last night told a dinner meeting of the National Industrial Conference Board that he favors the Atomic Energy Commission's undertaking to build an atomic power plant for peacetime use) but added:

"This is not enough—civilian atomic power plants by private enterprise should by no means be ruled out of consideration."

Cole said he plans to introduce legislation to help such a private development program. He did not give details.

He also suggested that private enterprise in the United States might efficiently produce a mobile atomic power plant to be used in disaster areas where ordinary power has been cut off.

Says U. S. Teachers Afraid to Speak Out

OKLAHOMA CITY (AP)—Fear in the hearts of some teachers is causing the greatest crisis in American education, publisher Hodding Carter of Greenville, Miss., declared last night.

Addressing the opening session of the Oklahoma Education Assn., the editor and publisher of the Delta Democrat-Times called the fear "the gravest domestic danger that faces the United States."

A school board member, Carter said he saw parents "almost in a sob" denounce his superintendent as a radical because he had attended teachers college at Columbia University.

He said teachers are so frightened by public and political criticism they are "afraid to speak out" against demagoguery.

New Safe ALL-in-ONE Capsule Discovery for Easy Reducing!

$2.98 for 80 capsules

SCIENCE NOW HELPS YOU TAKE OFF YOUR FAT WHILE YOU EAT THE FOODS YOU CHOOSE

Do you like sweets, candy, cake and are you a real glutton when it comes to butter, gravy, potatoes? Have you tried one thing after another to reduce, spent dollar after dollar for pills and tablets and in spite of everything you've tried you're still too fat?

Well, be as skeptical as you like, but NOW, right NOW, there's a wonderful new kind of capsule that helps you take off pounds and inches of ugly fat safely, quickly and so much easier you hardly know what's happening.

You don't suffer starvation dieting hunger, you take no drugs, you don't exercise. In fact, you don't even diet one bit more than you want to, because you automatically eat less and here's why . . .

COUNTERACTS HUNGER

Just recently a well known scientist perfected a new tiny capsule that combines not one but ALL THE RECOGNIZED proven aids to reducing he found in all the advertised products offered today. It contains the concentrated proteins you've read and heard about. It combines the vitamins and minerals often lost when cutting off fattening foods containing these needed vitamins and minerals. It combines the vegetable cellulose that has no calories yet expands when it absorbs water thereby helping to give the feeling of a full contented stomach. Yet these tiny new capsules contain not just one but ALL the drugless reducing aids he found to be needed to actually automatically make you eat less without conscious effort and like it! In fact these tiny capsules are so packed with vitamins and minerals, protein and non-caloric filling food, they actually equal and exceed many a meal.

FAT GOES FAST

You'll be surprised at the fat you lose the first week, the inches that disappear, the first month. No hunger, no strict dieting, no drugs, no exercise. And the cost is absolutely nothing unless you grow slim, more youthful-looking, more active and enjoy better health.

ATE ANYTHING I WANTED

"I lost 7 pounds quickly and I ate anything I wanted. In only a few weeks I went from 204 pounds to 190. I think they are grand and they really do what they claim to do. You can actually eat anything and not be hungry."
Mrs. D. M., Pine Bluff, Arkansas

REDUCING PLAN CERTAINLY IS EASY

"I have enjoyed your Reducing Plan, and it certainly is easy. I have gone from a size 18 to a size 14, and my husband thinks I look like the girl he first married."
Mrs. D. R., Black River, N. Y.

CAN NOW WEAR ATTRACTIVE CLOTHES

"I lost 24 pounds and I am feeling fine. I feel so much better and can wear the attractive clothes I have wanted to for so long."

Cleanup Job Speeded

During his election campaign President EISENHOWER promised the country that no effort would be spared to rid the Government of all employes found to be security risks.

A Civil Service Commission report made public at the White House reveals that excellent progress is being made in carrying out this pledge. During the four months beginning May 27 in which the Eisenhower security program has been in operation, 1,456 employes have been separated from Federal payrolls.

★ ★ ★

Of these 863 were dismissed for failure to meet the new security and loyalty standards and 593 resigned under fire. It is significant that only five of the total had been hired by the new Administration, and they like many others in the group had been employed pending investigation.

During the five year life of the TRUMAN Administration loyalty program, 570 employes were fired as security risks and 2,748 resigned or withdrew their applications. It should be noted, however, that these figures do not include unreported dismissals from "sensitive agencies."

★ ★ ★

The report emphasizes the enormity of the task of checking employes for both loyalty and security under the new program. Dismissals and resignations reported here resulted from processing fewer than 100,000 or about one-fourth of those ordered checked last May.

It is reassuring to learn that the work is progressing as rapidly as could be expected considering the complicated procedure required.

Naval Reserve Needs Help

Lieutenant C. J. CASSERLY, commanding officer of Pontiac's Naval Reserve Unit 9-104, has sent out a call for help from Navy veterans of World War II and Korea.

In order to carry out the division's task of training young men for service in the Nation's sea forces, competent instructors are badly needed. Experienced petty officers who are veterans of the two wars are ideally equipped for the work.

★ ★ ★

But, as Lieut. Casserly points out, few have volunteered this service although there is a large pool of qualified veterans in this area.

Here is an opportunity for Naval veterans to continue serving their country and at the same time to earn extra money and time toward promotion in the Reserve.

★ ★ ★

Moreover, volunteers will have the satisfaction of helping Surface Division 9-104 maintain its distinguished record as the best trained unit in the Ninth Naval District.

Parity No Cure-All

It is difficult to disagree with Secretary BENSON'S belief that the 400 man caravan failed to offer a sure-fire cure for the woes of cattle raisers and feeders.

That remedy, according to the resolution unanimously adopted by the delegation from 26 States is price support of livestock at 90 per cent of parity.

★ ★ ★

While Mr. BENSON promised to study the proposal with an open mind, he listed some serious objections to meat price supports. One of these is that meat is perishable and that the Government could not provide sufficient storage space.

Another objection is the difficulty that would result in controlling cattle breeding and beef production. Furthermore, price support of beef would bring instant demand from sheep and hog raisers for similar supports.

★ ★ ★

That livestock men have suffered in the squeeze between price supported feeds and falling cattle prices and from drought, there can be no doubt. But it should not be forgotten that livestock men cleaned up when cattle were at 150 per cent of parity.

Equally important to remember is that high prices encouraged overproduction of cattle. The result was the country's cattle population reached a record high of 94,000,000 as of last January, making price declines inevitable.

★ ★ ★

In summarizing, Mr. BENSON cited the "dismal failure" which resulted from attempts to support the price of hogs and eggs, and the "fiasco" of the potato subsidy.

Then he indicated his greater faith in the indirect Government support now being given the industry. This includes $40,000,000 spent selling feed to growers at half price, $110,000,000 for loans in drought areas and $168,000,000 to buy beef for school lunches.

★ ★ ★

Mr. BENSON'S statement didn't satisfy the cattlemen. But it did spike the purely political charges that the Administration doesn't care what happens to the industry. Probably, as has been suggested, the Secretary could reassure the cattlemen further by indicating what course his long range program will take.

Daffynition

Punctuality: The art of being no later than anybody else.

Founded on the tradition that evil spirits are abroad on All Hallows Eve, the holiday is to be given a new meaning this year. Rather, it is to be an evening of wholesome entertainment; a get together occasion in most communities where all ages will participate. The threat implication in "Trick or Treat" no longer exists. The expression itself is only a carry over from times when communities did not realize their shortcomings in not furnishing the youngsters a more constructive way to give vent to their enthusiasm.

He Seeks Right Solution for Avoiding All Wars

The same selfish interest groups and war monger classes that engineer all wars and also make the peace that loses the peace for future wars are fast driving Americans into the same position in which all other ravagers of war countries find themselves.

These people are helpless and at the mercy of other nations which are fortunately still able to survive the aftermaths of wars.

The time table shows zero hour. The lunatic forces that drive the hearses of war upon the innocent, and wicked as well, have already crossed the intersection.

We must quickly discover some right solution if it is humanly possible at the least expense in money and resources or all is lost.

Uncle Sam Owes No One Lifetime Job but Does Owe Efficiency to Taxpayers

BY DAVID LAWRENCE

WASHINGTON — When the American people voted the Eisenhower administration into power nearly a year ago, they expressed a desire to eliminate waste in government and get efficiency.

But when the present regime starts to put into effect a reorganization of bureaus — even though Congress has approved — protests arise.

They come largely from vested interests — those that want to see certain jobs or certain expenditures continued irrespective of their merits.

Thus, the secretary of agriculture, Ezra T. Benson, finds himself attacked merely because, in seeking, for example, to improve the soil conservation service for the farmer, he eliminates a few federal jobs and places more responsibility on the state conservation units than on the regional offices.

One would think from the clamor raised — and it begins to look as if certain interests are manufacturing drives and caravans for political purposes — that something drastic was being done to the conservation service or that the secretary was proceeding arbitrarily.

Yet the facts are that he submitted his broad reorganization plan to Congress through the President last July, and the Congress agreed to it. Were the reorganization proposals fully discussed beforehand?

The answer is that the secretary of agriculture consulted in advance the Senate and House Agricultural Committees, the Senate and House Appropriations Committees, representatives of all the principal farm organizations, such as the National Farmers' Union, the National Grange, the American Farm Bureau Federation and the National Council of Farm Cooperatives.

But, in addition to these, he talked with officials of the National Association of Soil Conservation districts and various advisory groups inside and outside the government.

From none of these came objections, but now comes a counterattack from some of those groups whose jobs may be affected — a small number, but evidently a powerful one in stimulating objections.

To meet that kind of bombardment, Secretary Benson has sent a letter to the boards of supervisors of all soil conservation districts, declaring that, "because of the great amount of confusion caused by the wide dissemination of false and misleading information," he has prepared a set of questions and answers for their information.

"These plans," says Benson, "propose certain changes in the soil conservation service organizational structure to improve services to the districts. There is no intent to dissolve or destroy the service, nor to change our relationship to the soil conservation districts.

"It has never been our intention to place the soil conservation service or any of its functions in the agricultural extension service."

Benson added that he had told all this to the congressional committees and that he has always regarded the continuance of the soil conservation service as very important.

What then causes the row? It was the proposal to abolish regional offices and place on each state conservation office the responsibility, now in regional offices, to assist the farmer in meeting his conservation problems.

The state offices are to be strengthened by the inclusion of technical personnel, including a state conservation engineer, a soil scientist and a soil conservationist.

In addition, other specialists will be brought in, and no change in the existing technical personnel is to be made, the secretary says, because most of them will be transferred to the states and to Washington.

But there will be lesser personnel who will be released. The same thing is happening throughout the government.

The administration feels it has a mandate from the people to do away with jobs that can be eliminated and money saved.

But every time there is a cutdown, the persons affected or their anonymous spokesmen start a protest.

The people generally want their taxes reduced. Uncle Sam doesn't owe anybody a lifetime job in a bureau of the government.

And if the present administration can get the necessary work done by fewer jobholders, the American people will be happy — and the protests will be drowned out by the applause.

Case Records of a Psychologist

Practical Experiments Helpful to Church Group

Here's a practical experiment with which to entertain a Sunday School class, as well as your Young People's Meeting. It shows you how to employ psychology to aid morality. For it teaches you how to be popular. And unless you are popular, people will not heed your urgings to attend your church! Religion needs better salesmanship.

By DR. GEORGE W. CRANE

Case J-329: Ed Waugler, aged about 55, is a business executive who serves as president of the Bible class that I teach each Sunday in the Chicago Loop.

He wanted me to handle the Friday night class party which is held once per month.

Since we'd had many speeches and movies, I knew the crowd would like some informality and a program in which they could personally participate.

So I started out with a 5-minute talk in which I showed them that you cannot be a good salesman for your church unless you know how to win friends.

For if you are a sourpuss who alienates people how can you win their confidence and friendship long enough to talk about your religion?

Every Christian should be a good salesman for the lofty brand of ethics which the church stands for.

But it is a law of good salesmanship that you must first sell yourself before you can sell your wares or ideas or even your religion.

And this matter of selling one's self involves carrying on conversation easily.

Well, with that as a prelude, I chose a man and a woman from the audience. Then I seated them in front of the crowd, side by side, and told them they were to imagine themselves on an airplane.

"You are total strangers," I warned them. "But you are to start conversation and try to get on friendly terms.

"We'll let the man make the initial move, and then the woman is to pick up her cue and try to further the dialogue.

"You can talk about the weather as a means of breaking the ice, or remember the word H-E-L-P, in which each letter stands for a different field of conversation.

"The 'H' indicates 'Hobbies.' The 'E' includes 'Entertainment,' such as movies, stage plays, athletics, etc.

"The 'L' covers 'Literature,' ranging from comic books to Shakespeare, and the 'P' stands for 'Politics,' including war and world affairs.

"So we'll now give you three minutes. Let's see how well you can make out!"

Obviously, this was a rigid test. For the crowd was looking on and the two "victims" were somewhat jittery.

But this kind of practical test is what Sunday schools and Young People's Societies should sponsor.

For life is full of concrete situations just like the one I described. And the sooner we learn how to handle such dilemmas smoothly, the more popular we'll become.

And popular people can then sell Christian ethics much faster than unpopular folks.

So don't think that these practical experiments in everyday psychology are not religious. Indeed, they are the very heart of true religion, and it is tragic that churches haven't used them centuries ago.

Well, after 3 minutes, I selected another pair, and we let them assume they were fellow passengers on a bus. Then I chose a third pair, etc.

The crowd enjoyed it and the various couples profited by this specific experience. They thought they'd had a most entertaining and enjoyable evening, largely because of audience-participation.

So use this column and its various bulletins to help make your church a more vital factor for morality in your community. The best way to popularize religion is to popularize good people.

Baering Down

By ARTHUR "BUGS" BAER
International News Service

If you think the dollar is worth 54 cents try to buy one for 55.

Listened to a lecturer shooting off his education in short takes. He unrolled a Venetian blind of economic attacks illustrating the biography of the dollar from the cradle to the pocket.

The world's most reliable pocket-piece was divided into triangles. With the pointy end steered like a dagger in the heart. This is the wedge-shaped school of cuneiform intuition originated by the ero-magnon citizen who forgot to copyright it.

By ringing all the changes on the triangles he proved to his own insularity that the dollar was down to 54 cents. And that it wouldn't buy the things it was paying for.

I offered him a two-cent profit on his depreciated loot. He spurned me like I was a mouse-egg in a sugar bowl.

Brady Sorry He Recommended Drug for Rheumatiz Which Proved Harmful

By WILLIAM BRADY, M. D.

A few years ago I had arthritis, writes a downstate woman. It became so bad that I could hardly get around.

I wrote for your pamphlet on rheumatism and took the calcium and vitamin D as you recommended. Am happy to say that I have gotten entirely over it . . . (Mrs. H. C. —).

The lady goes on to say that she told some of her friends about it and they started to take calcium and D for their "arthritis" ($10 word for rheumatiz), but they stopped taking it when they heard it might cause deposits of calcium in their joints, arteries and innards.

She does not say whether they heard that from the neighborhood Saireygamp or the traffic cop at the corner.

In the past year I have observed some extraordinary effects of one of the so-called "miracle" or "wonder" medicines in cases of chronic rheumatiz.

For instance, such relief of pain and stiffness from a few doses by mouth that the patient, long able to move about only gingerly, painfully and for a few yards has astonished every one by getting up and dancing about as though miraculously healed.

Here, I must apologize to readers for some mention I made in this column a few months ago of one such new medicine, namely, butazolidin, sometimes called by another name which I cannot remember at the moment.

I fear my eagerness to tell rheumatiz sufferers about the "miracle" outran caution and good judgment. For alas, the miracle proved chimerical.

The astonishing "improvement" lasted only as long as the action of the drug. Then the old rheumatiz was as bad or worse, and besides, the patient was lucky if he or she suffered no serious untoward effects of the drug.

I shall not dwell upon the untoward effects further than to say they are so frequent and so disastrous, according to reports in current medical publications, that this "miracle medicine" and many others in the same category should be barred from the market, in my opinion.

And I mean market — the cost of this and other such medicines available only on prescription, is stupendous.

This thing has not kept me from getting alseep nights. It has just wakened me from sleep in the middle of the night to chide me.

Now I can only hope and pray that my unwise mention of the medicine here will not encourage laymen or doctors to use it without extreme caution. I believe the injunction of Hippocrates to his followers: Do good if you can but do no harm.

But, children, please try to get this through your head: The total amount of calcium and vitamin D I recommend for the rheumatiz or what have you is not greater than the ration every one should get daily from (a) a quart of milk and (b) a day at the beach or in the hay field.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. Brady if a stamped, self addressed envelope is enclosed, etc.

Farm Benefits Seen in Election

Democrat Says Win in Wisconsin 'Should Mean More Money'

WASHINGTON (AP)—Sen. Clinton P. Anderson (D-NM) said today the recent election of a Democrat in a Wisconsin special congressional election should mean "a barrel of money" for the nation's farmers.

It focused attention on farm dissatisfaction, he said, and will force the 1954 session of Congress to work out a "strong program" of supporting farm income.

Farm belt dissatisfaction, if it continues for another year, will help Democrats greatly in the 1954 congressional elections, he told newsmen.

For instance, he said, it should be a lifesaver for three Democratic senators whose seats the Republicans have made a principal target—Douglas of Illinois, Gillette of Iowa and Humphrey of Minnesota.

Lester R. Johnson, 52-year-old lawyer who won the surprise victory in Wisconsin's 9th District last Oct. 13, came to Washington yesterday for conferences with Democratic leaders. He brushed aside any such title as "terror of the GOP" and told a news conference the farm problem played a key role in his election.

Anderson said he thought several factors contributed to this result, but that he had noted farm unrest throughout the West in travels since Congress quit in August. The drought has helped snowball this feeling, he said.

"One of the big troubles is the farmer doesn't see anything being done in Washington that is really going to help him," he added.

He said the "strong program" of aid for agriculture which he predicted did not necessarily mean high rigid price supports of the type many lawmakers and farm groups are demanding.

The senator, who served as secretary of agriculture under former President Truman, long has favored a system of flexible price supports.

Con Finds He Can't Make 'Honest' Dollar Off Con

TOPEKA, Ka. (UP) — It was highly embarrasing for the con man—he was conned by a teenager.

Police said a man who gave the name of Carl Sims approached the youth on a downtown street and offered to sell him s ring that bore a $19.50 price tag for $3.50. The boy said he would pay all in his billfold and handed it over.

Inside was nothing but play money. The man chased the youth but he escaped and told officers who arrested Sims. The man said he had bought the ring for $1.50. Upon his agreement to leave town vagrancy charges were dropped.

Commies Reject New U. S. Plan

Veto Setting Up Peace Talks Before Deciding Participants

PANMUNJOM (AP) — Communist diplomats today called an American proposal for setting up the Korean peace conference "absurd . . . a trick . . . absolutely unacceptable" and pushed preliminary talks deeper into deadlock.

Although the Red refusal was less caustic than usual, they made it clear their answer was no to U. S. Ambassador Arthur Dean's plan to fix a time and place for the conference now and talk about its composition later.

Unruffled by the Red rejection, Dean agreed to a Communist request that he think over their views. The meeting recessed until tomorrow.

* * *

The Communists insisted that composition of the conference be decided before anything else. They have proposed that five nonbelligerents—Russia, India, Burma, Pakistan, and Indonesia—sit in on the conference.

The Allies have stood firm so far by their plan that the conferences include only the nations which have fought in Korea, plus Russia if the Chinese and North Koreans invite her.

Meanwhile, stubborn, anti-Red Korean War prisoners broke another longer deadlock by agreeing to listen to Communist efforts to persuade them to come home.

* * *

Lt. Gen. K. S. Thimayya, Indian chairman of the prisoner repatriation commission, said the first 500 of 7,800 Koreans will meet Red interviewers Saturday, ending a two-week holdout that threatened the entire Communist persuasion program.

The unyielding Red tand on the peace conference discussions did not seem to mar Dean's optimism.

He told newsmen after the 52-minute session that despite the lack of progress at this fifth meeting there was "generally a better attitude in the discussions."

At today's meeting, Dean suggested the dispute over admission of nonbelligerents might be tossed to the conference itself.

* * *

But he repeated that he is willing to exchange views on composition if agreement first is reached on a time and place.

The American lawyer told the Reds in soothing words that by negotiating first on the "simpler subjects" like time and place the rival delegates might "create more harmonious working relations."

Wichita, Kansas, Grows Over Its County Line

WICHITA, Kan. (UP) — Kansas' largest city has grown out of its home county.

M. S. Haigh, is a Wichitan, works here, has a Wichita telephone and gets his mail at 16049 East Ninth, a Wichita street address, not a rural box number. But his home is nearly a mile over the line in the next county. An estimated 1,000 persons live in Wichita's easternmost residential area, a fast growing community.

Seven Debaters Win Certificates

Pontiac High Team Is Busy With Tournament and Clinic

Debaters took the stand recently when the entire team attended the Saginaw Valley Conference Tournament at Flint Central High School.

The discussion contest embraced students from six schools representing Saginaw Valley.

Pontiac High debaters made a proud stand as seven students received superior certificates. The orators were Janet Allen, Valerie Durnen, Russel Holland, Lucan McVeatt, Joann Van Tassel, Linda Schroeder and Walter Hodge.

The following Saturday, a squad of eight from the debate team attended the annual Michigan Debate Clinic at the University of Michigan. Wide-eyed students joined the throng of 1,500 "clinickers" who arrived from 55 state schools.

Today is the day Pontiac High will sponsor a practice debate tournament which will be held in the old alma mater. Twelve high schools are scheduled to participate.

Future activities include a conference debate tournament scheduled for Nov. 10 at Saginaw Arthur Hill. Each of six conference schools will enter six teams in the two rounds of debate.

St. Mike's Essayist Wins Grand Prize

Dorothy Feltz, St. Michael's essayist, penned herself a grand prize victory when she won the school essay contest on "Why We Need a Free Church."

Expressing their views on this subject were other winners who included two seniors, Donald Axtell and Dolores Taylor. Patricia LaBarge represented the junior division in the winners' circle and Mary Ann Lane and Mary Singles did their best for sophomore honors. Freshmen victors were Patricia Martin and Alice Adams.

Mike Sophs Set for 'Pumpkin Frolic'

'PUMKIN' PLANNERS—Brushes, paint and ideas flew as four sophs put their heads together and came up with "The Pumkin Frolic," this year's Halloween project at St. Michael. With visions of witches, skeletons and harvest moons, Jerry Steinhelper (left) of 483 Spence St. makes a comment to fellow poster painters Marian Harrington, 226 Edison St., and Jack and of 490 N. Plan Safe, Sane Halloween Fun

Records Are to Whirl as Witches Skirl, 8:30 to Midnight

Watch out, the goblins will get you if you're not careful! Or maybe a ghost, witch or skeleton. This Halloween will resound to the "screech" of records and the "wail" of songsters as eager St. Michael Sophomores get set for their "Pumpkin Frolic."

Discs will spin from 8:30 to midnight as a "safe, sane and fun-filled" Halloween will be enjoyed by all. Chairmen for the dance, Jack Erb, Fred West, Mariam Harrington and Colleen McEnery promise an all-Hallows treat for the lucky sophs.

Crews worked madly to get done in time for festivities, as the decoration committee, headed by cochairmen Mariam and Colleen, can rightly testify.

Their hard working assistants included Ruth Coleman, Marsha Kramer, Richard Haak, Jeannette Ganje, Mary Heitjan, Jerry Kucera and William Bookie. Also dangling skeleton forms were James Fitzgerald, James Lauinger, John Adams, Robert Bender, Elizageth Taylor, Elaine Neussendorfer, Mary Lee Tunny, Rose Weishar and Joan Weigant. Pumpkin strewers included Gloria Vizza, Marlene Miller and Nancy Wright.

Taking care of the food department were Margaret McIsaac, Carole Vanitvelt, Nancy Wright, Gerald Simpson, Richard Soucy and Frances Sorbelli. Also assisting chairman Pat Schertzer were Shirley Fox, James Keesling, Francis Hayes, James Houghton and Hugh Walker.

Cochairmen Jerry Steinhelper and Joanne Allen were chosen advertising heads and boasted an able crew of poster painters. Included in the list were James Ebert, Mary Singles, Mary Ellen O'Connell, Ann McCarty, Pat Lauinger and Roberta Wright.

"Passing" out tickets were Philip Mativa, Daniel Stark, Ronald Meed, Thomas McIssac, Lawrence Moran, Mary Hubbath, and Marlene Scott. The group was supervised by Cochairmen Margaret Bateman, and Fred West.

St. Michael Students Busy Preparing for Gay-Spirited Halloween Weekend

Halloween neared its ghostly head as Pontiac students began preparations for a festive holiday.

St. Michaelites got out their dancing shoes, as sophomores put the finishing touches to their "Pumpkin Frolic."

At St. Frederick, superstitious beings roamed the halls and chanted the praises of the St. Fred football team. The ghosts turned out to be senior girls who were part of a pep assembly designed to spirit the Rams on to victory tonight.

Although no special doings echoed from the red brick keeps, underclassmen were busy with activities ranging from visiting a fish hatchery to attending a debate tournament.

Monday records and flips were all the rage as English classes listened to recordings of panel discussions. In the laboratory everything was alive for the time being, as senior chemists viewed a film on the structure of the atom.

Eight From Council at Detroit Institute

Student Council got into full swing with plans, plans and more plans flying thick and fast.

Representatives from the Pontiac High School council attended the 5th annual High School Institue for Democratic Living held at the Central YWCA in Detroit.

The speakers for the affair included Dr. Robert M. Frehse, and S. E. Gerard, Priestly. Two of the topics discussed were "Social Relations" and "Combatting Rumor."

Listening to these words of experience were Alice Webber, Nancy Dickinson, Harold Titus, Ed Shaw, Bill Rose, Jackie Duboy, Joyce Crager and Zack Athanas.

On Wednesday the council chiefs attended the 9th annual citizenship conference at Ann Arbor. The five officers participated in group sessions throughout the day. The conference was conducted in the Rackham Building and was sponsored by the Bureau of School Services at the University of Michigan.

Pontiac High Seniors Elect Class Officers

January loomed even closer as prospective Pontiac High graduates named Tom Metzdorf to lead them through the coming hectic "pre-releasement" days.

Jim Honchell overtook the post of vice president and Rosemary Johnston found herself elected class secretary. The winter graduates are entrusting their hard-earned funds to the hands of Bud Osmun as he steps into the role of treasurer.

Hi-Y President Gives Out List of Novitiates

Hi-Y president Russel Holland announced the roll of new members, as the novitiates were formally initiated into the society recently.

New club members are Robert Kline, Carl Mapley, George Hilborn, James Wilcox, Tom Kimmel, Tom Chester, Charles Corks, Fred Wilson, Dale Hannan and Bill Sigler.

Offering their services are John Hovis Bennie Cooper, Gary Montgomery, Harold Richards, Jack Sprung, Jack Spurlock, James Stanley, Tony Ledesma, Robert Parker and James Stephens.

Crentiss Harris, Richard Floyd, William Hancock, Richard Frederick, William Sparks and Bill McLarty complete the list of newcomers.

Faculty adviser is Gordon Henry.

Driver Found Guilty in Collision Death

An Oakland County Circuit Court jury Thursday found Joe Hardy of 3439 Woodward Ave., Detroit, guilty of negligent homicide in the June 5 traffic death of a Highland Park man.

He was released on $500 cash bond by Circuit Judge Frank L. Doty and sentencing was set for Nov. 13.

Hardy is charged with the death of James C. Morrison of 84 Buena Vista St., who was killed in a collision on Dixie Highway at Scott Lake Rd.

High School and College Conference Set Nov. 4-5

ANN ARBOR—The 25th annual principal-freshman and junior college conference will be held at the University of Michigan Nov. 4-5.

Sponsored by the U-M registrar's office, the theme of the meeting will be how high schools, junior colleges, and the university can work together for the best preparation and prientation of college students.

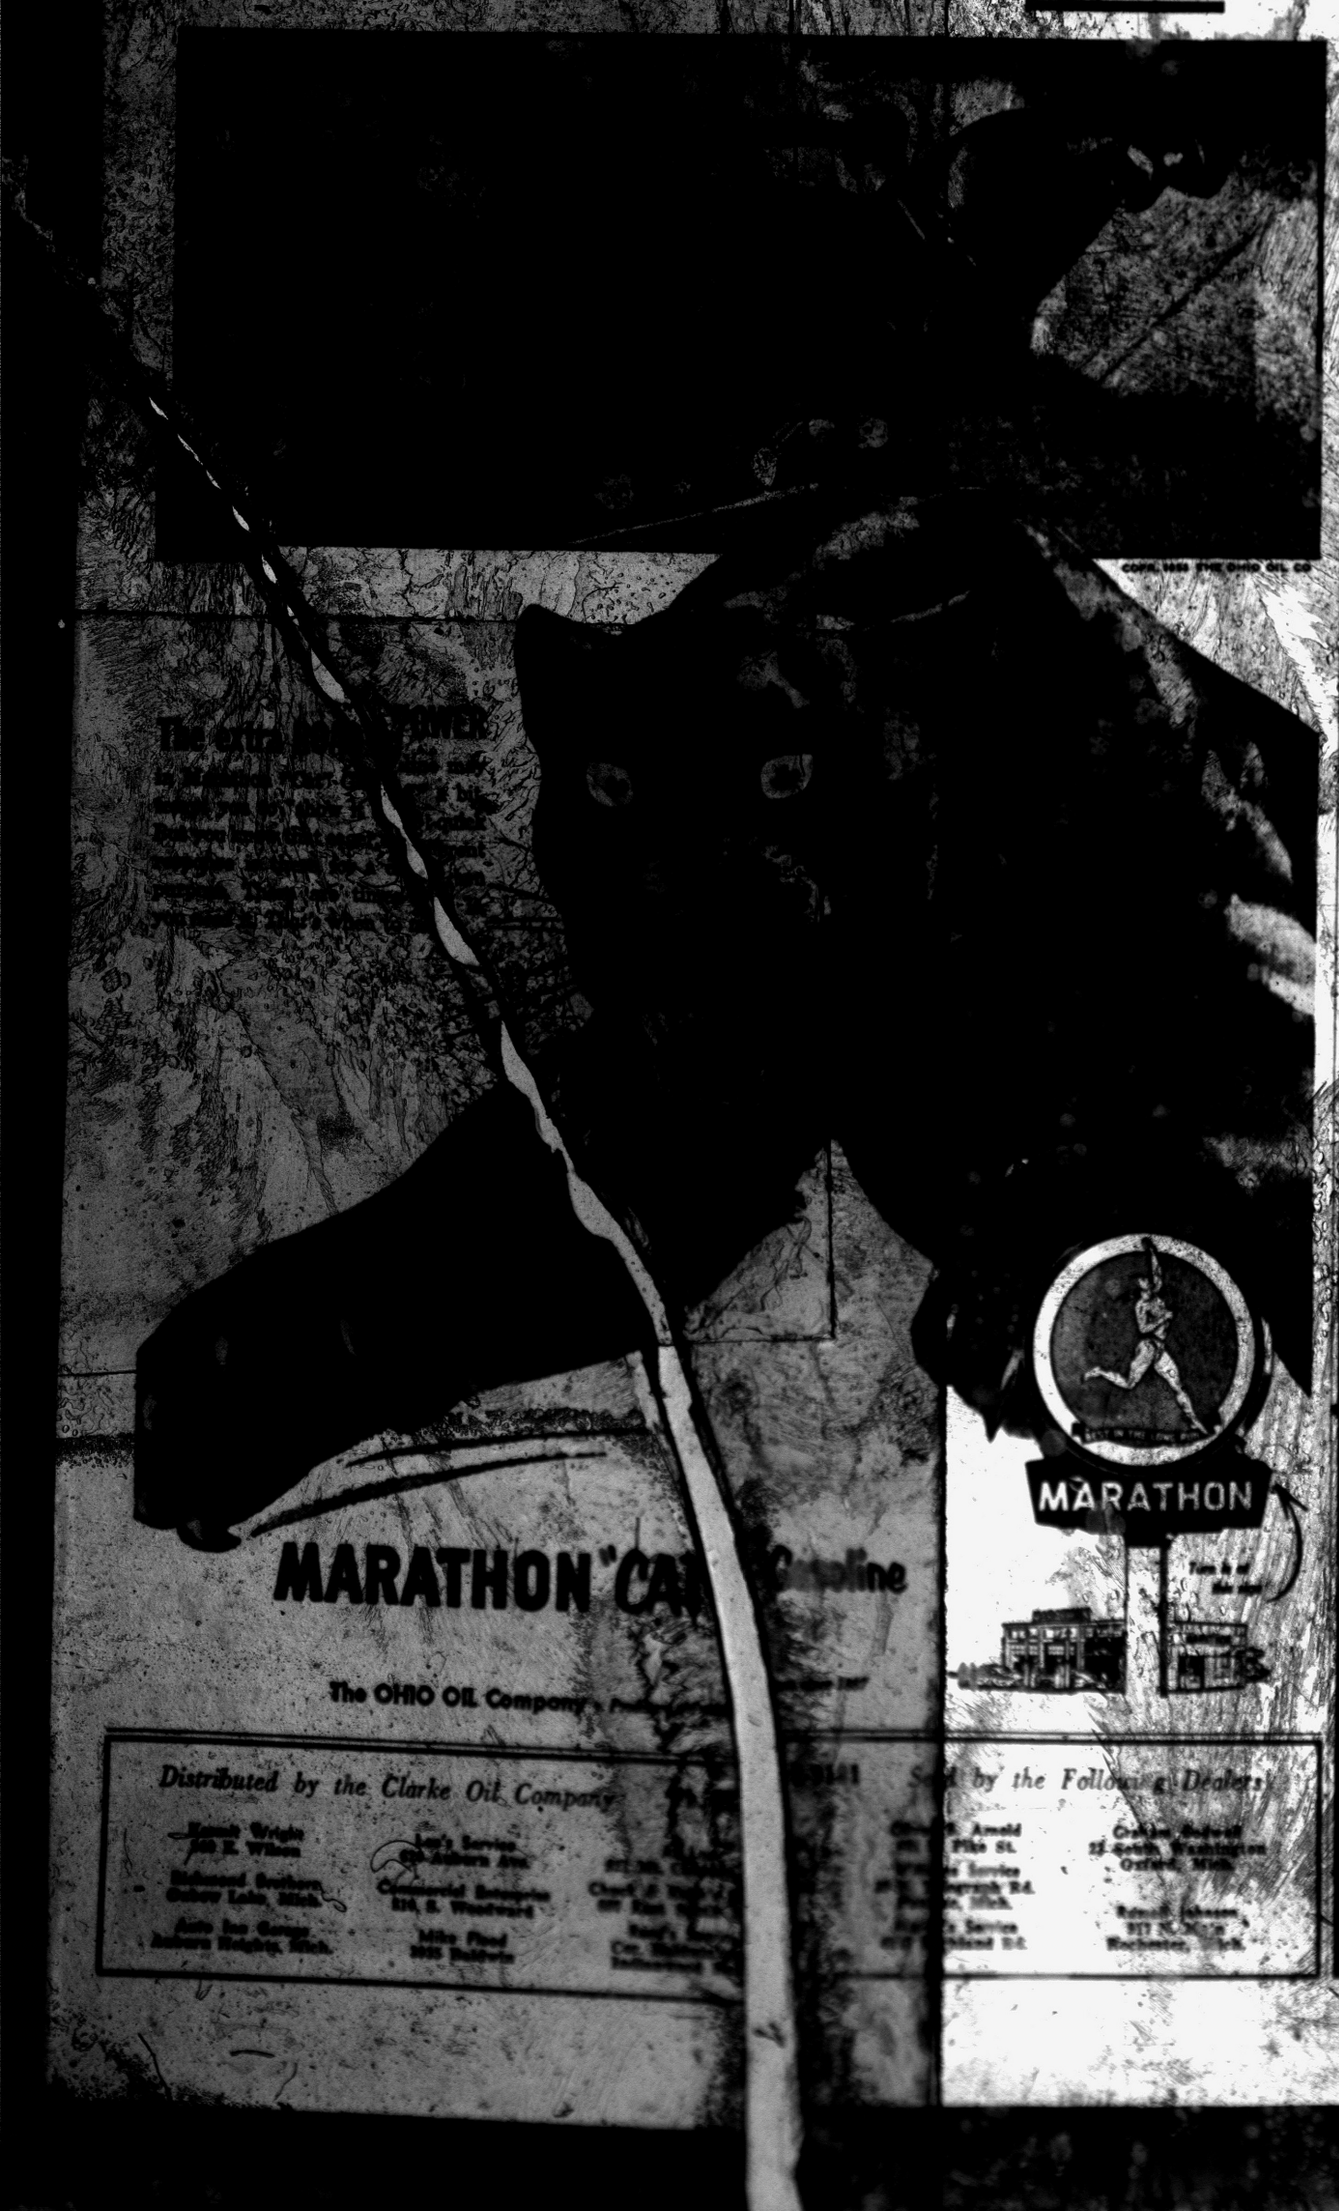

Some 350 representatives are expected from 176 high schools and nine junior colleges which have students new to the university this year.

The deans, counselors and principals will interview each of their evaluate their preparation for the University.

St. Mike's Choral Club Elects Slate of Officers

Elections were still in the limelight at St. Frederick as the Choral Club elected its officers for the coming year. Taking over the gavel is President William La Rose. Assisting him in the role of veep will be Norma Bader, with Mary Drake, choral scribe, and Earl Lowen handling the finances.

Retiring Mark Clark to Be Honored Today

WASHINGTON (AP) — Tall, lanky Mark Wayne Clark, just one day away from doffing his general's uniform, draws a final salute today from the Army he served more than 36 years—in glory and in controversy.

The last senior U. S. commander of World War II to end his active duty career, the 57-year-old soldier is being honored late today with a parade and reception at Washington's Ft. McNair.

The Army band, units from the 3rd Infantry Regiment and a saluting battery of field guns are taking care of the formal field honors. A reception at the Ft. McNair officers club follows, with Army Vice Chief of Staff Gen. Charles L. Bolte acting as host in the absence of Gen. Matthew B. Ridgway, Army chief of staff.

Diplomatic, congressional military and civil defense officials have been invited.

State, Local Employes Now Getting Benefits Not Previously Had

CHICAGO (UP)—Social security benefits are being extended to an increasing number of state and local government employes, according to the American Municipal Association.

The association said a score of laws have been passed this year extending the benefits of old age and survivors' insurance under the Federal Social Security Act to government employes.

Prior to 1950, the federal act did not apply to employes of state and local governments. But in 1950, amendments to the act permitted states to pass enabling legislation.

Under such enabling legislation, a governor is authorized to enter into an agreement with the Federal Security Administrator to extend old age and survivors insurance to those state and local employes not already covered by a state or local pension plan.

The associatoin said all but five states have passed such enabling legislation.

Virginia, Iowa, Oregon, South Dakota and Wyoming liquidated their existing retirement plans, enacted enabling legislation for social security coverage, and then establish a new retirement system to supplement social security.

Mississippi, which did not have a state plan, brought its employes under social security and then adopted a supplementary retirement system. Recently, Arizona acted in a similar manner.

Wisconsin's state retirement system originally was designed to have social security as a base on which the state would superimpose its retirement plan. This year Congress passed an amendment specifying that Wisconsin could cover its employes with social security and its own state plan.

Virginia Dems Get Opposition

GFOP's Dalton Puts Up Stiff Fight for Tuesday's Governorship Election

RICHMOND, Va. (AP)—The Virginia Democratic organization of Sen. Harry F. Byrd, spurred by what it regards as the first serious Republican challenge in 24 years, is fighting to keep the governorship in the party.

The campaigning leading up to next Tuesday's general election is in blaring contrast to the apathy of most previous years, when everyone knew the governor had been selected when the Democratic nominee was picked. Democrats have ruled in Virginia since Reconstruction days.

* * *

But this time the Republicans have put up a proven vote getter, GOP National Committeeman Theodore Roosevelt Dalton, 52, whose pre-dominantly Democratic district keeps sending him back to the State Senate. The Republicans have written a platform that has drawn praise from some Democrats and have buckled down to a vote-hustling job unmatched since their latest big, though unsuccessful, effort in 1929.

The Democratic candidate, blessed by the Byrd organization, is Thomas B. Stanley, a former congressman and a businessman whose main campaign plank calls for continuation of "sound fiscal policies."

Some Republicans concede their present big effort is a "now or never" attempt to make a lasting political realignment out of the 1952 Eisenhower sweep in Virginia—helped along by Byrd's refusal to support the national Democratic ticket.

* * *

And an 11th-hour sensation may have given the Republicans a political asset.

Sidney S. Kellam, director of Stanley's campaign, was indicted 19 days before the election date on federal income tax evasion charges involving returns of a Virginia Beach taxi corporation in which he holds stock.

Kellam resigned as campaign chief, protested his innocence and charged the indictment grew out of a Republican plot to embarrass the Democratic campaign.

A wall 45 feet high and the width of the standard gauge railroad track, could be built around the borders of the U. S. from the bituminous coal mined last year in this country.

"Don't blame your car when you stall!"

Yes, ice, when it's 58° to 28° above zero is a major cause of engine stalling. When you press the starter, the gasoline needed for starting and warm-up is vaporized. This evaporation chills the carburetor below freezing. Chilled metal causes moisture in air to condense and freeze on carburetor parts. *A thin film of ice* forms on the carburetor throttle plate. Ice shuts off the flow of fuel during idling. Then, when you make a stop, your fuel-starved engine sputters and dies. New STANDARD WHITE CROWN Premium Gasoline contains a costly DE-ICER additive which prevents carburetor ice from forming.

New Standard Premium does what no other gasoline will do!

remarkable DE-ICER *additive prevents stalling!*

Believe it or not, when your engine quits in traffic at this time of the year, chances are that ice does it. Yes, ice causes *cold-motor stalling* even on Indian Summer mornings! Carburetor ice! And this amazing fast-freeze is likely to occur when the temperature registers between 58° and 28° above zero!

For years motorists have mistakenly blamed their cars for this cold-motor stalling. *Actually* no mechanical carburetor adjustment can cure it. But now Standard scientists have solved it. New STANDARD WHITE CROWN Premium Gasoline contains a costly DE-ICER additive, a built-in anti-freeze that prevents the formation of a thin ice film. Ice that can cripple the action of your carburetor!

Here is fresh proof that you can *expect* more from Standard and *get* it. In addition to anti-stalling, Standard brings you a premium gas that is at the highest octane level in its history. *And you can't buy a more powerful gasoline!*

Your neighborly Standard Oil dealer—who is a member of the finest service team in the country—invites you to stop in today to get your car ready for Winter and to fill up with New STANDARD Premium. Now you can get the gasoline that prevents stalling due to carburetor ice. It's the gasoline that does what no other gas will do!

Try a tankful today!

You expect more from STANDARD *and get it!*

Early America Maps on Display at Ann Arbor

ANN ARBOR — The "Minute Man's" ideas of urban defense, or maps of Revolutionary War strongholds and their fortifications, currently are on display at the University of Michigan Clements Library.

Corresponding in use to the present-day news photo or newsreel in picturing the war, these choice Revolutionary War maps are from the papers of Sir Henry Clinton, British Commander in Chief in America from 1778 to 1782.

The collection contains half manuscript maps, the only copies in existence, and half printed ones published for public information.

Also in the display is a linen-mounted map of St. Augustine's harbor and its defenses. Held by the British, the territory was a haven of loyalists. After the war, America obtained the harbor and promptly gave it to Spain in return for that country's help.

According to another exhibit piece, the Spanish had captured Pensacola in 1781, and the diagram carefully shows the battle stations of the fleet used in the maneuver.

The Clements Library exhibit is open to the public from 9 a. m. to 5 p. m. Monday through Friday. The present display will last until the middle of December.

Theoretically, 2.2 pounds of uranium have the explosive power of 40 million pounds of TNT.

Phone Difficult for Average Man to Get in Britain

LONDON (INS)—Getting a telephone in Britain is a tedious business—unless you are one of the privileged few with a high priority rating or you are a farmer.

The General Post Office, that runs the nationalized telephone service, says there is a back-log of about 400,000 would-be subscribers. 270,000 of these are private householders.

Officials say they cannot predict when these applicants will be getting their telephone. They admit it is "not unusual" for a private subscriber to wait for a year before he gets his telephone installed and connected.

Farmers, because the important role they play in feeding the nation, get favored treatment. An average of 11,000 farm telephones are being hooked-up each year.

Despite this inability to meet the demand for telephones, officially attributed to the lasting effects of wartime shortages, Britain is now reaching the 6,000,000 telephone mark.

It takes a crew of 20 painters six years to paint the Ambassador Bridge between Detroit and Windsor, Ontario. When they finish, it's time to start all over again at the other end.

How the CROSLEY Picture-Sentry gives you true-to-life pictures

In the studio—cameras pick up perfect image. Diagram represents television wave pattern as it appears on engineer's oscilloscope.

But outside interference—a passing truck, a neighbor's vacuum cleaner—can distort TV waves. Such interference scrambles the wave pattern like this.

Scrambled TV waves ruin reception on ordinary TV-sets. Picture becomes streaked and distorted, starts to roll over. Crosley engineers tackled wave distortion . . . developed the exclusive Picture-Sentry.

Crosley Picture-Sentry (an advanced electronic circuit) controls TV wave pattern; guards against scrambling. The image on your '54 Crosley stays as clear, sharp, true to life . . . as in the studio.

Cowgirls Recommended

Horse-Sense Rules Make Happy Hubby

By DOROTHY ROE
Associated Press Women's Editor

Cowgirls make wonderful wives, because the rules for keeping a husband happy are much the same as those for handling a horse, to wit:

1—Don't ride him too hard.

2—Ease up on the curb bit occasionally.

3—Use spurs only when necessary.

4—Give him enough rope.

5—Let him try out greener pastures once in a while—so he'll be glad to get back to the barn.

6—Feed him plenty of oats.

7—Frequently turn him out to graze.

8—Keep a firm hand on the reins most of the time, but sometimes give him his head.

9—Keep a quirt handy, but use it seldom.

10—Don't fence him in.

I gleaned these interesting bits of information recently while lunching with Lillian Jenkins, publicity director of Madison Square Garden, and five highly decorative cowgirls, all dressed to the teeth in Western attire including tight pants, 10 gallon hats and fancy boots.

The sensation created among the male customers of the midtown Manhattan restaurant as we led the cowgirl brigade to a table was something like an atomic blast, or an unscheduled performance of Gypsy Rose Lee.

As we engaged in light chit-chat, it developed two of the five lovely cowgirls were married, and the others intended to be at the first possible opportunity. It was at this point that Miss Jenkins gave out with her horse-husband analogy.

Lillian uses many of these rules in keeping her own husband happy. He's a sportsman named Fred Podesta, who is promotion director at the garden. And when he wants to see a fight or a wrestling match with the boys, Lillian lets him go without a murmur. Says she:

"A man has to have some outside interest to make him an interesting person. I think a man who is interested in sports has a broader outlook, a more easy-going personality and makes a better husband than the hothouse or bookworm type. Me, I like sportsmen."

Lillian has been employed at the garden in various capacities since 1935, probably has more friends among sports celebrities, performers and fans than any woman in the world.

She has learned the terminology and individual foibles of the circus, the rodeo, boxing, wrestling, the ice show, hockey, basketball, the horse show and all the other sports and spectacles that show up at the garden.

But for one of America's best-known career women, she has curiously old-fashioned ideas about marriage, such as this:

"I think a woman is silly to keep on working after marriage. I've told my own daughter that when she gets married, she's going to quit work and that's that. Any wife can do more good taking care of her husband and helping him to get ahead than she can holding down a job of her own.

"What about me? Well, I started working young, and now I'm stuck with it."

Three Birmingham Girls Plan Late Autumn Rites

By RUTH SAUNDERS

BIRMINGHAM—Three Birmingham girls are being married the week ends of Nov. 27 and Dec. 4.

Betty Whitelaw, daughter of Mr. and Mrs. C. Hugh Whitelaw of Waddington road, is now sure of her fiance's arrival from Korea and will be married Friday afternoon, Nov. 27 in Christ Church Cranbrook to Lt. F. Jerome Tone III.

Lt. Tone, son of Mr. and Mrs. F. J. Tone Jr. of Niagara Falls, N. Y., formerly of Birmingham, is getting out of uniform this week and is visiting at the Whitelaw home.

In his honor Mr. and Mrs. W. D. Pittman Jr. will entertain this evening at a bridegroom's shower. On Saturday Jack Moses will entertain the couple.

Betty will have her sister, Mrs. Richard Downing Jr. of Denver, Colo., for her matron of honor and Mrs. Clyde Thompson, Mrs. William J. Daley of Buffalo, N. Y., and Marjorie Andrew of Essex Fells, N. J., as bridesmaids. William Tone will be his brother's best man.

A reception will be given at Orchard Lake Country Club after the wedding ceremony.

* * *

At 4 o'clock the following afternoon, Nov. 28, Eloise Day, daughter of Mrs. Vance H. Day, will be married to Nelson Berkeley Noland of St. Clair Shores. They also will be married in Christ Church Cranbrook, and their reception will take place at Bloomfield Hills Country Club.

Nancy Breckenridge of New York will be maid of honor and Anne Bennett, Mary Stringer and Susan Hubbard of Birmingham and Mrs. George T. Trumble Jr. of Franklin, Ind., will be bridesmaids.

George William Duffield of Grosse Pointe will be best man.

On Nov. 7 the couple, with Susan Hubbard and her fiance, Loren Spademan, will be honored at a cocktail party which Mr. and Mrs. Horace C. Ford and the Trumbulls will give in the Ford home at Grosse Pointe.

* * *

A week later, Dec. 5, Beverly Whiting, daughter of Mr. and Mrs. Henry Whiting, will speak her marriage vows with Roger Aten of Canton, Ohio. Her wedding will also take place in Christ Church Cranbrook and a reception will follow at Birmingham Country Club.

Mrs. Frederick Maltby Warner will be matron of honor and bridesmaids will include Mrs. John Bones, Mrs. Samuel Highberger and Suzanne Anderson.

Mrs. Robert Drummond will give a dinner for the bride-elect Tuesday evening and Nov. 7 Mr. and Mrs. Alvan Macauley Jr. and Mr. and Mrs. Edward Macauley will give a dinner-dance for their niece, Beverly, and her fiance at the Little Club in Grosse Pointe.

Nov. 15 Joanne Frederick, Jean Flanagan, Marjorie Fabler and Lucile Soderstrom will give a supper party for Miss Whiting.

Mrs. Clark Bennett is planning a luncheon for Beverly Nov. 18 and Mr. and Mrs. Frederick E. Booth will give a supper the following Sunday. Mrs. Bones and her mother, Mrs. Thompson Tjaarda, will also entertain.

Entertains Teachers

Mrs. John Balch was hostess in her Liberty street home Thursday evening for a fall dinner attended by teachers of Emerson School.

Mrs. Russell Wright and Mrs. Alexander Kirkpatrick were in charge of arrangements.

Girl Asks Advice Pronto on First Date, a Hayride

By ELIZABETH WOODWARD

"Dear Miss Woodward: Quick, urgent — I need to know the do's and don'ts desperately—I've never dated before and I've accepted an invitation to go on a hayride next week!"

Other girls are going, so check pronto on what they're going to wear. Bet it's blue jeans, shirt, sweater and jacket, with a scarf in the pocket to warm up nipped ears.

On the big night, be ready on time when your boy friend stops by to pick you up. Then let yourself be taken for a ride! You need no special talent — and no rules — for joining in the chatter and the singing and the business around the campfire, if there is one.

Stay close to your boy friend so he'll know you know you're with him. And when he drops you off at your door afterwards, let him know you had a scrumptious time — and it was all his fault!

"Dear Miss Woodward: I'm going to give a birthday party and I want it to be a hayride, but I have quite a few friends (34 plus the chaperone and driver) and my family can't afford refreshments for so many.

"I'd like to know if it would be all right to ask the girls to bring lunches for themselves and their dates?"

When a girl gives a party, especially a party to celebrate her own birthday, it seems to me she should go all the way with it, or not at all. Since your party is still in the planning stage, find out exactly how much it will cost to rent a hay-wagon.

Then figure out the cost of feeding some 25 people. Estimate on hot chocolate and doughnuts, for instance. Or homemade sandwiches, pop and a birthday cake. Five quarts of ice cream and a birthday cake wouldn't cost a fortune.

Or itemize the menu you'd need for a real wiener roast. Add the food to the wagon and divide by 25 — that's the cost per guest. Then you can figure out how many guests you can afford to invite.

You may find that by cutting your guest list a little bit, and serving the least expensive refreshments, you can squeeze into your family's budget. Maybe if your family skips other presents, your grandmother pitches in, and you contribute your allowance, you can get by.

And then this birthday party will be really your party. Your friends who think of it are likely to bring you presents, and it's a bit too much to ask that they should pay for part of your party, too.

When a group of girls cooks up a big evening, it's understood that each pays her share of the expenses and feeds her own man. But when one girl sends out invitations for a party in her own honor, it follows that her guests should enjoy the fun at her expense.

Girl Scout Makes Jolly Pear Salad

Top Hat Creation Is the Contribution of Joan Monteith

By JANET ODELL
Pontiac Press Food Editor

Because this is Girl Scout Week, we wanted a recipe from a member of that organization.

Ten-year-old Joan Monteith, an enthusiastic member of Troop 190 at Daniel Whitfield School, is already an experienced cook. She originated the recipe she gave us for Pear Top Hat Salad.

Since the age of 8, Joan has been able to prepare a complete meal for her family. She thinks that cooking is "very, very important for all girls to learn."

Summertime finds her happily doing various kinds of outdoor cooking. This charming little girl, talented in sewing and art as well as cooking, gives promise of becoming a fine homemaker.

PEAR TOP HAT SALAD
By Joan Monteith

1 can of pears, drained
6 marshmellows
Raisins
Lettuce

Put half a pear on lettuce. Cut marshmallows in half; use half as hat and cut remaining half in two for brim. Place raisins for eyes, nose and mouth on smaller end of pear. Put hat on top of pear. Serve with mayonnaise, if desired.

Manners

MAKE FRIENDS

Never refer to an unmarried woman as an old maid. Instead say that she is unmarried. That is even better than saying she has never married. For the latter sounds as though you don't expect she ever will.

Always refer to a person in a way that wouldn't embarrass you if the person should overhear your remark.

Some girls' diaries could more appropriately be called scrapbooks.

Mary Margaret McBride Says:

Favorite Vanities Serve as Harmless Ego-Props

My friend Stella bought a little farmhouse a few years ago. It is perched on the side of a hill overlooking a great, calm lake rimmed by towering mountains—the kind of place that makes hurrying motorists slow up suddenly to gawk at purple and gold sunsets and spectacular moonrises.

MISS McBRIDE

Stella has one vanity: Her view. Sometimes I think she goes out of her way to meet new people just so she can invite them to the farm for the weekend and then stand around, looking carefully casual and feeling satisfactorily smug, as they go into ecstacies at their first sight of her magnificent panorama.

I'm a pretty welcome guest, chiefly because I can sit for hours contemplating water, mountains, sky and exclaiming.

One recent autumn day, an old friend arrived unexpectedly. She immediately took a good look at the view and commented approvingly and briefly. Then she turned the conversation to personal matters.

She was facing a serious operation. Her son was having combined wife and job troubles. Also, she had brought us a present, a chocolate cake—she's famous for her cakes — and she hovered, like an anxious mother hen, as we tasted, savored and pronounced it the best we'd ever eaten.

Then, naturally, she murmured that she hadn't turned out a really decent cake for weeks—something to do with her stove, she said.

No sooner had her car disappeared down the hill than Stella muttered in a bleak little voice, "Well, I guess Siglinda didn't think much of my view."

Those of us who remained protested loudly that Siglinda had loved the view and that she had said so repeatedly; it was just that she was upset and had wanted to get something off her chest. Why, she'd even remarked that the view had made her feel better, we told Stella. But our hostess couldn't be comforted.

"I know just how she feels," sighed Cynthia. "Stella expects everyone to go overboard at the sight of this incomparable thing of hers. Once she gets a satisfactory response she can relax and turn modest and even deprecatory. But until then, she has to keep nudging and prodding.

"Siglinda's little vanity is her baking skill. She watched our reactions to that chocolate cake just the way Stella eyed her to see how the view would strike her.

"I'm the same way about my garden. Every time a person comes to my house for the first time, I wait anxiously for him to notice my flower beds and vegetable patch.

"Unless he comments promptly and ecstatically, I feel like sticking the spading fork in his back. If he does, I promptly say, 'Oh, it's awful this year because of all the rain.'"

All this time I'd been listening and feeling superior. I'm not view-proud, cake-proud nor garden-proud. But Cynthia hadn't finished.

"As for you," said the disagreeable gardener, suddenly turning on me, "you are book-proud. If anyone comes to your apartment and doesn't swoon at the sight of your book-lined rooms, in roughly three minutes you begin wondering out loud whether there isn't danger of the floor collapsing from the weight of the volumes. Or you stroll over and call attention to a special book so we'll all notice how many there are."

When my slight annoyance subsided, I admitted she was right, and even added a few examples to point the moral — the man who prides himself on his ability to fix anything that goes wrong with the plumbing or electric wiring, the woman who loves to have you ask "Who decorated your lovely house?" so she can answer with fake modesty "Of course it's not so much—but I did it all myself."

I'm smiling a little at us, but I think after all it's a harmless enough bolstering-up of ego. Want to tell me your favorite vanity?

Curb Gossip to Protect Self, Others

Wagging tongues are responsible for two of the most sickening sensations known to man, and more often, women. One is being caught gossiping, and the other is discovering that you are being gossiped about.

The best way to stop gossip about you is to stop the activity that is causing it. Gossip is never directly traceable. Therefore you can't get results by arguments or a frontal attack.

It takes patience to undermine gossip, but there is almost always a slow but sure justice that clears you, if you can wait for it.

Nice idle gossip is the simplest form of talk. It's easy to fall into it without any effort.

Watch your conversation particularly when you are tired or depressed. That's when you're ready to think the worst — and say it.

Try not to discuss one person for more than five minutes. At the first sign that the talk is heading for the downgrade, change the subject.

Listening to gossip is as bad as spreading it. The gossiper need a listener. Don't let it be you!

If you discover you are being gossiped about, watch your temper. Don't go all out for denial. When you protest too much, it sounds suspicious. Let your actions talk for you.

A good rule to remember is that when two people are discussing a third, the one who likes her is right.

Considerate Adults Use Diversion

Such Tactics Are Better With Small Youngsters

By MURIEL LAWRENCE

It's the custom of Henry's parents to give him a lollipop and story at bedtime. He is 4 years old.

A childless aunt of his disapproves of this custom. Recently she said to his parents, "Why do you bribe the child to go to bed?" Don't you think it's time that he faced the fact that he should go to bed when bedtime comes — You two are spoiling Henry."

This criticism has been worrying Henry's mother. "Is it bribery to give him a bedtime candy and story?" she writes.

How could it be if we enjoy his pleasure in them? Bribes are motivated by fear, not affection.

If we have Henry's comfort in mind, our bedtime candy and story can no more spoil him than air-conditioning installed by a considerate factory owner spoils his employes.

Henry's bedtime is a lonely, separating time for him. Some day when he has learned to read and is more certain that we'll be where he wants us when he wakes up in the morning, he will not need candy and stories at bedtime.

Now he is not sure enough of us to be able to say goodnight to us happily without their comforting reassurance.

Just as the considerate factory owner's air-conditioning unit protects his employes against resentment of their work in hot weather, our candy and story protect Henry against fear of the lonely adventure into sleep.

What we and the factory owner are doing is not bribing, but accepting human limitations.

Nor are we bribing our small Babsy when we evade the issue of her interference with our telephone call. As she clambers up on our lap and tries to take over, we don't say, "Leave mother alone when she's phoning."

We point to her doll and say, "Look, poor Belinda may slide off the sofa if you don't run to help her." Though we hope that Babsy will one day learn to mind her own business, we know that she is now too young to be able to distinguish between her business and ours.

This does not mean that we must never say "Don't" to Babsy. It simply means that we consider her limitations as often as we can. Childless relatives often criticize us for our diversive tactics with little boys and girls. They think we should always make direct demands and insist on instantaneous obedience. So it's a good idea to know why we sometimes use diversive tactics with small children.

If we know that we're using them not out of fear of making direct demands, but out of consideration for their limitations, the criticism won't bother us.

Nor will we forget to discard diversive tacts in emergencies when a direct demand is required.

As a graceful cocktail hour accessory, this Swiss watch will command attention from the most discriminating. The shimmering yellow gold case and delicate, filigreed bracelet are linked in beauty by leaves bearing tiny diamonds.

Homemade Christmas Presents Spare Your Budget and Develop Useful Skills

By ANNE HEYWOOD

Emerson says, "The best gift is a portion of thyself," and I think of this often when I hear homemakers bemoaning the fact that "the budget simply won't afford presents for all the people to whom I want to give."

Always, in the month or two before Christmas, my office is filled with women who want temporary jobs, or work to do at home, so they can give their friends Christmas presents. But this is never easy.

Temporary jobs before Christmas are usually very strenuous ones, and by the time you pay to replace yourself at home with the children, there is little profit left.

And work at home requires hours and hours of labor for a few pennies — unless you are particularly gifted or very ingenious and imaginative.

It is far more profitable and far more pleasing to the recipient, if you plan to make presents which truly reflect you.

For example, the Christmas that my son was 3, I got the best present in the world from a 65-year-old widow, an old friend of the family who was poorer than a church mouse.

It was a card which she had lettered to look like a department store's gift certificate. It said, "This card entitles you to 100 hours of free baby-sitting, at any time which suits your convenience. Good for one year."

It was signed, "Merry Christmas, Aunt Ella." What better present for a young, overworked mother?

Two sisters whom I know, both busy young homemakers and mothers, have for several years worked out joint Christmas presents which we, their friends, are crazy about.

Barbara is an elegant cook and makes up tremendous batches of Swedish Christmas cookies. Martha, her sister, has no cooking skill, but is quite artistic.

She has learned how to make really lovely little baskets, and she works at it in spare moments all year long. At Christmastime, we receive a charming basket filled with cookies.

The baskets are useful forever, and I for one would be extremely disappointed if they were to stop this charming habit and send orthodox, "boughten" presents.

Another friend loves to work with leather, has a book on it, and has worked out beautiful slim belts of various colors, which she gives to her friends at Christmastime.

They are wonderful presents, and they afford her an outlet for her skill all year long. She is forever experimenting with new colors and new textures.

Never underestimate the delight of a homemade Christmas present.

If you learn to make yours, you are not only sparing the budget, you're also developing a useful skill, and making your friends happy.

To quiet a creaking floor, work moist soap into the cracks between the boards.

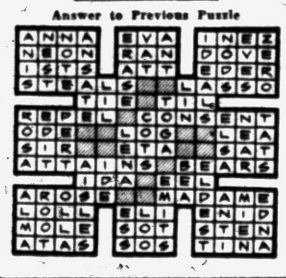

Separate Nylon

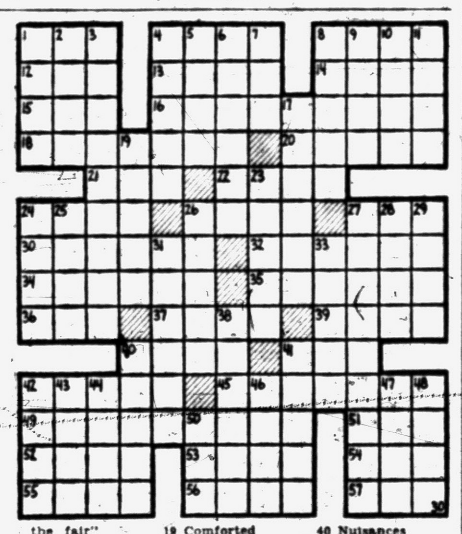

Wash white nylon separately from colored garments. Although colors may appear to be fast, they often leave enough discoloration to cause an off-white tinge to the nylon.

Red Deserter Reports Labeled as 'Not Solid'

BERLIN (AP)—U.S. State Department officials said today reports of Soviet army deserters fighting in anti-Communist underground bands in East Germany are "not solid."

The State Department's Neue Zeitung published a report yesterday that Soviet deserters have been raiding Soviet and East German police installations in Saxony and Thuringia. The newspaper attributed its information to "Soviet zone inhabitants."

State Department officials said there was no substantiation of the report by Allied intelligence.

Lieutenant Loses Fight for Release From Air Force

TOPEKA, Kan. (AP)—An Air Force lieutenant who contended he was being unlawfully retained on active duty has lost his federal court fight for an order directing his release.

U. S. Dist. Judge Delmas C. Hill yesterday ruled 1st Lt. James S. Morris, Lawrence, Kan., was not entitled to the habeas corpus writ he sought.

Morris said he received written orders last Aug. 25 releasing him from the service but on the day before he was to leave the orders were orally rescinded.

The Air Force contended Morris had applied for special training in an aircraft observer school and completion of the course carried with it a commitment to remain in the service for three more years.

It said the written orders Morris received directing his release were the result of "an administrative error."

Sawdust Was Tip-off to Theft of Power Saw

OGDEN, Utah (AP)—Police officers Vern Lundgren and Don Mueller, returning from an investigation into the theft of a power saw, stopped a car that ran a red light. The two men in the car had sawdust on their pants, the officers observed.

Under questioning, they admitted the theft.

Ex-U. N. Staffer Won't Answer

Refuses to Tell Solons if He Introduced Pair for Spy Purposes

NEW YORK (AP) — A former United Nations employe has refused to say whether he introduced an American to a Russian official for purposes of espionage.

Alexander Svenchansky, 44, of Jamaica, Queens, was dismissed as a U. N. radio announcer broadcasting to the Soviet Union after refusing last year to say whether he ever had been a Communist Party member.

Yesterday, Svenchansky was quizzed by the Senate internal security subcommittee headed by Sen. William E. Jenner (R-Ind).

The witness was asked whether he had introduced Abraham Brottman, a Queens chemical engineer, to an official of the Amtrog Trading Corp., a defunct Soviet organization, for espionage purposes.

Svenchansky refused to answer on grounds of possible self-incrimination.

Brothman was convicted in 1950 of conspiracy in the case of Harry Gold, a Philadelphia biochemist and confessed atomic spy. Gold is serving a 30-year prison term as a co-conspirator of Julius Rosenberg, executed with his wife, Ethel, for handing over atomic secrets to Russia.

After Svenchansky lost his job, a U. N. administrative tribunal set aside his dismissal and awarded him $20,000 in lieu of reinstatement.

Svenchansky testified yesterday he was not a Communist during his U. S. Army service in World War II, but he declined to say whether he had been a party member before or after his military service.

Compares Marilyn With 'Moon Is Blue'

BALTIMORE (AP)—Judge Herman M. Moser told the chairman of the State Board of Motion Picture Censors yesterday that "Marilyn Monroe standing still is more suggestive than anything I saw in "The Moon Is Blue."

The judge made his observation at a Circuit Court hearing of an appeal by United Artists Corp. from a statewide ban on the film, "The Moon Is Blue." The board called the movie "indecent" and "immoral."

Sydney R. Traub, board chairman, said at the hearing he considered it "suggestive—a little off color." That evoked Judge Moser's observation about Miss Monroe, who starred in "Gentlemen Prefer Blondes," which passed the Maryland censors intact.

Youngster Lies; It Doesn't Work

Insists He Is Nephew of Jane Froman, Hopes to Be on Double or Nothin'

NEW YORK — A 12-year-old youngster parked himself determindly at the stage entrance of television's "Double or Nothing" and refused to budge until he spoke to Walt Framer, the show's producer.

He insisted he was a nephew of Jane Froman and said she had told him Framer would put him on the program.

When Framer asked him where Miss Froman was at the time, the youngster said she was at her New York apartment. But Framer knew Miss Froman was in Europe.

The youngster, upon further questioning, finally admitted that he had never known Miss Froman. But this sort of thing is all in the day's work for the "Double or Nothing" producer.

Each week, for example, at least a half-dozen persons come to the theater saying their name is Parks and that they are distantly related to emcee Bert Parks, in the hope that this will influence their being selected as contestants for the program. It has never worked out.

For three consecutive years, a woman claiming that she is a shrimp boat captain has come up to the "Double or Nothing" offices at intervals of two months trying to get on the show.

She says the reason for her persistency is that most of her friends in New Orleans refuse to believe that she takes these periodic trips to New York.

And, according to Framer, it seems as though almost everyone from Atlanta, Georgia, who is visiting New York, wants to get on the program because they feel proud that Bert Parks, a local boy, has made good in the big city.

Even if the natives of Atlanta cannot get on the show, they keep bombarding the happy emcee with homemade cakes, jellies and jams. And then pride makes it increasingly difficult for him to keep from putting on weight.

Atom Power to Alter Future Naval Ships

LONDON (AP)—The use of atomic ships and guided missiles probably will alter completely the makeup and operation of future navies, according to Jane's Fighting Ships, an authoritative British naval publication.

The new 1953-54 edition of Jane's, published yesterday, said it is likely, also, there will be greater specialization in the duties of future ships. The jack-of-all-trades warship will be out of date.

"The construction of the first atomic powered vessels, namely the large U. S. submarines Nautilus and Sea Wolf marks the beginning of a new era of propulsion," said Jane's. These atomic vessels, it declared, "can have far reaching effects not only in the field of naval architecture but also on military strategy in general and naval tactics in particular."

Parolee Not Pleased With Winning Freedom

THOMASTON, Me. (UP) — Edward Graffam, 77, served 52 years of a life sentence for murder before winning parole. He wasn't happy about the sudden interest shown him when it was tim for him to leave.

Warden Allen Robbins of Maine State Prison, asked to question Graffam about his wishes, relayed this reply:

"He wishes people would just leave him alone. He's been in prison for 52 years and people never showed any interest in him during that time."

WHICH WITCH?—Whether you like the long (6-foot Siri) or the short (four feet-eleven Claudia Hall) of Halloween, these witches could park their broomsticks on nearly any doorstep. Glancing at the two lovely video actresses, we find it hard to decide which witch we'd like to find entangled in our television aerials.

Church Youth 'Beg' Clothing

Young People Here Plan Halloween Pick-Up for World Needy

Five collection depots have been selected for the Halloween clothing drive being sponsored by young people from 14 Pontiac area churches.

A similar collection is planned at Four Towns.

Trinity Lutheran Church will serve as a depot for its own young people and youths from Covert Methodist and First Congregational Churches; Oakland Park Methodist for Central Methodist and Oakland Park young people; Baldwin Avenue Evangelical and United Brethren for its Phalanx Club and First Methodist young people.

All Saints Episcopal Church will be a depot for its group, while First Presbyterian and Ascension Lutheran groups and Grace Lutheran, besides its own young people, will serve Bethany Baptist of Pontiac and Trinity Methodist of Keego Harbor.

Clothing will be sorted and packed at the five depots and then taken to the Oakland County 4-H grounds for storage over the weekend. On Monday it will be shipped to Church Worl Service in St. Louis, which has facilities for distribution in Korea, East Germany and Greece.

The young people are asking that warm clothing, clean and in good condition, be ready and on the porch.

Collection will be from 5 to 8 p. m. and if anyone is missed bundles may be brought to Central Methodist Church.

Following the canvass the young people will attend one of the duplicate parties being held at First Methodist and Congregational Churches, the parties will end at 10 p. m. with a dedication service at Central Methodist Church.

Rather than beg for themselves, these young people are "begging for a needy world."

Marriage All Over for Frank and Ava

HOLLYWOOD (AP) — It's all over for Frankie and Ave.

Glamorous Ava Gardner says "it's final this time" and she'll sue Crooner Frank Sinatra for divorce.

"There's no chance of reconciliation," the shapely star said yesterday.

The reason? Frankie said there was career trouble but Ava denied this and wouldn't say what caused the split. There's no third party involved, however, she declared.

It's the third Ava Gardner marriage to hit the rocks. Husband No. 1 was Mickey Rooney, whom she married when he was playing in Andy Hardy films and she was a studio starlet.

No. 2 was intellectual bandleader Artie Shaw, who took books along on their honeymoon. "He told me to leave, so I left," the farmer's daughter from Smithfield, N. C., said after their breakup.

Honeymoon's Over

BALDWIN (UP)—Fire destroyed the new home, furniture and wedding gifts of Mr. and Mrs. George Taylor Thursday. They had been married but two weeks.

Friday past commanders of the 18th District, which includes most of Oakland County, will travel to Southfield Post 407 for a Past Commanders' Banquet at 8 p.m.

A Halloween Party will start at 7 p.m. Saturday at the American Legion building at 206 Auburn Ave. Movies and dancing will follow a box social luncheon prepared by the member's wives.

World War I veterans of the famed 32nd "Red Arrow" Division will hold a dinner Sunday prepared by the American Legion Auxiliary.

Owen Cleary, Michigan secretary of state will speak to about 90 legionnaires Nov. 11 following an Armistice Day breakfast. The breakfast will be held at the legion hall from 8:30 to 10 a.m.

Some Uses of Sales Tax Money Illegal

LANSING (AP)—Counties may not use sales tax diversion money to finance health departments ar appropriations to tourist associations, even if their townships consent, an attorney general's opinion said today.

The opinion said the Arenac County Board of Supervisors had secured the consent of its townships to contribute sales tax ships to contribute sales tax money for those purposes.

(Counties receive no part of the sales tax themselves).

Atty. Gen. Frank G. Millard held that county and district health department expenses are not legal subjects for township funds. Such activities must be financed from county general funds, Millard said.

The opinion was requested by Dennis J. O'Keefe, Standish attorney.

Names Psychiatrists to Examine O'Brian

For the Record

Public Can Combat Evil by Probing Own Failures

In this article, Budd Schulburg, author of "What Makes Sammy Run," "The Disenchanted" and "The Harder They Fall," tells how public indignation stirred up by findings of a New York State Crime Commission, helped rout underworld bosses from the New York City waterfront.

By BUDD SCHULBERG

Several years ago, in the course of some research for a forthcoming movie on the waterfront, I met a number of longshoremen and prominent waterfront figures who interested me so much that I took a little excursion into journalism, writing articles on harbor conditions and personalities for periodicals as diverse as The New York Times Magazine and Commonweal.

SCHULBERG

I awoke one morning to find myself an "expert" on as complex and dynamic a problem as we have in America—the New York waterfront. Radio commentators called to ask if I will appear with them to discuss the crucial struggle between the new AFL dockworkers' union and the entrenched, mob-ridden ILA.

Magazine editors urge me to state my views on the outcome of the waterfront war for control of harbors from New England to New Orleans. There seems to be an expert born every minute in America and I am afraid I have been put up for membership in this over-populated club.

So it is with genuine humility that I take a few paragraphs to talk about this seething waterfront of ours and the lessons I have learned from it.

Several years ago I heard an articulate Broadway actor conversationally interest in social problems, say this of the waterfront situation:

"It's hopeless to talk of reforms. The mess down there will never change. At least not under our economic system. Look at Big Bill McCormack, he owns the city. He's got the oil concession and the cement, and the tug-boats, and stevedore companies and the Lord knows what else.

"He hand-picks the mayor and has Joe Ryan sitting on his knee. As long as we allow the Bill McCormacks to run riot, the longshoremen will stay behind the eightball and reform is out of the question."

There was a Broadway glibness about this that disturbed me even though the actor seemed to have marshalled a good many painful truths on his side. Bill McCormack has been a dominating figure in the City of New York and he did have one hand on the waterfront tiller and the other on the guide wheel of City Hall.

But last fall a democratic chain-reaction was set off that clearly refuted the actor's doomsday views. The governor of New York, after some extensive pussy-footing, finally called the New York State Crime Commission into being, and this body, presided over by pesky Judge Proskauer, began to do the sort of job that not even its most optimistic supporters thought it could do.

The whole rotten belly of waterfront crime and corruption was laid open by the investigatory surgeons and no few bosses of Lower Manhattan were grilled and exposed before Joe Ryan and Bill McCormack themselves faced investigators.

For ten weeks the public was given the facts, without which we cannot maintain an enlightened and reactive citizenry.

It took the crime investigation disclosures to rally public opinion, to nudge the New York and New Jersey governors into action, to evoke a new law ending the notorious shape-up and barring habitual criminals from such key positions as hiring boss on the docks.

Events of the past year have proved our actor friend wrong. We don't need a new economic system to give longshoremen job security and freedom from violence. It can be done—better than any other way—in a democracy.

But not by sitting around and reciting our virtues. No, by admitting and probing our weaknesses and failures. By having the courage to back numerically weak but morally strong groups (like those few honest locals in the crime-sodden ILA) against their ruthless, powerful, entrenched, well-heeled adversaries.

The actor was wrong. But we are only right — as the eventual waterfront victory can teach us—when we work to be right.

Wonders of Sea Program Nov. 5

Optimist Chairman of Event Says Proceeds to Go for Youth Work

A noted student of undersea life, A. "Doc" Pilkington, will present his "Wonders of the Sea" program at Pontiac High School on Nov. 5 at 8 p.m.

Sponsored by the Pontiac Optimist Cluz and Parks and Recreation Departments, proceeds of the program will bolster youth work here, according to David R. Ewalt, Optimist chairman for the affair.

"Pilkington's adventures while diving to the ocean floor in search of specimens for his extensive collection are fascinating to hear," Ewalt said.

Pilkington will display his collection of sea-shells, various forms of sponge life, coral and strange fish.

He also will show movies on shrimp fishing in the Gul fof Mexico and oyster farming on the west coast of Florida.

Sun Shines on Italy; Floods Diminish

MILAN (AP) — A bright sun broke over Northern Italy today ending a week of heavy rains which had raised fears of a major flood disaster.

Rivers and streams which last night still were ripping out small bridges and washing away roads began to recede and officials said the situation was no longer alarming.

STAR GAZER—Harold Berridge, 3050 Catalpa Ct., makes final adjustments on 10-inch telescope he recently finished building. Construction, including tedious job of mirror polishing, took him just one year.

Completed After Year of Tedious Work

Pontiac Man Watches Heavens Nightly Through Home-Made 10-Inch Telescope

By JOHN R. CLOCK

A Pontiac man has a backyard full of rugged scenery but he can catch a glimpse of it only on nights when the sky is clear.

The man is Harold Berridge of 5020 Catalpa Ct. and his "backyard" includes the moon and all of space.

Berridge visits his holdings whenever weather permits via the powerful eye of a home-made 10-inch telescope he recently completed.

The telescope, one of three of its size in Pontiac area, took Berridge just one year to build. The job involved hours of precision metal work — not to mention the tedious and often exasperating task of mirror polishing.

Scoffers said an amateur astronomer could never do it.

One tiny piece of glass, called the secondary mirror had to be polished down to one 10 millionth of an inch.

And Berridge's only guide during the pains-taking undertaking was the North Star.

This is how he explained the process:

Rays from the star are picked up by a big mirror at the base of the telescope, flashed to the secondary mirror near the other end of the tube and reflected back to the eye-piece opening.

There, shadows cast on the edge of a razor blade tell the grinder where to polish.

Berridge hasn't discovered any new planets, constellations or flying saucers as yet, but that doesn't keep him from a nightly vigil with the all-seeing eye when he returns home from the afternoon trick at Pontiac Motor.

He became interested in building his own telescope when he acquired a pair of Japanese naval binoculars after World War II and discovered "how well you can see the Ambassador Bridge from Bald Mountain."

Today the binoculars still share tripod space in Berridge's backyard with the telescope.

He says the moon's terrain is fascinating, mountainous country, with jagged peaks, deep craters and long chains of boulders. Venus appears very similar, he adds.

Yet like all astronomers since Galileo, Berridge has one complaint to register:

"Can't see much on Saturn at all. Too many smoke rings."

Judge Appoints 3 From Pontiac

Each Doctor to Submit Separate Report on Own Findings

Circuit Judge Frank L. Doty appointed three psychiatrists today to examine Donald V. O'Brian, 27-year-old landscape gardener, who has admitted the Aug. 4 rape-slaying of Mrs. Hallie O. Perkins, 55, of 76 W. Longfellow Ave.

The Oakland County judge stipulated that each doctor examine O'Brian separately and submit separate written reports to the court when the examinations are completed.

Named by the court to conduct the examination are Drs. L. Jerome Fink, Clinton J. Mumby and Abraham Tauber, all of Pontiac. They were chosen from a list of qualified psychiatrists approved by the Michigan Department of Mental Health.

The psychiatrists were appointed following the filing of a petition by O'Brian's wife, Patricia, 19, to have him declared a criminal sexual psychopath.

An attack on a 16-year-old girl and attempted attacks on three other Pontiac women were admitted by O'Brian after his capture Sept. 9.

Driver's Report: 'Saw Shadow, Hit Same—Hard'

"Saw shadow. Looked like mule. Hit shadow. Was mule."

Using this accident report as a lesson to night drivers, Cornelius Bylenga, president of the Trucking Industry of Michigan, has named November as Safe Night Driving month.

"The night driver must keep his eyes open and be alerf for every shadow," warned Bylenga, who explained that night drivers see in two ways—first by the direct reflection of the light from his headlights and second by the observance of shadows, created by lights of other vehicles, from store windows or from street lights.

Red Beauty Queens Measured by Work

CHICAGO (AP)—A former Czechoslovakian beauty queen says present beauty contests behind the Iron Curtain are not the same as in the United States.

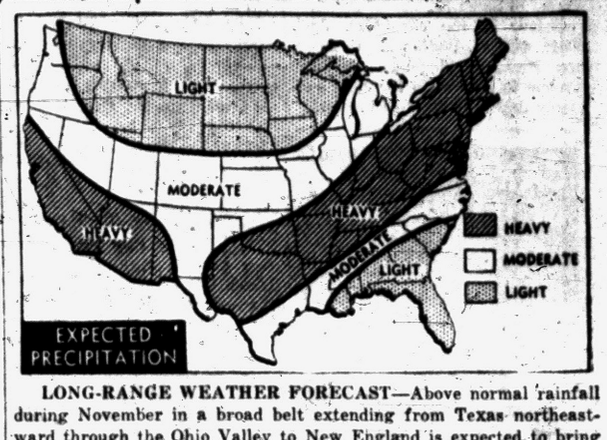

"The Communists are trying to set new beauty standards based on points gained for girls' work for the party," said the former Nikki Nicolai, who was Miss Prague of 1946.

"Perfect legs or bust measurements don't count any more compared to distributing so many thousand pamphlets or meeting a quota in a factory. Communist 'beauty' judges are more interested in how many bricks a girl can lay in a day than looking at her eyes."

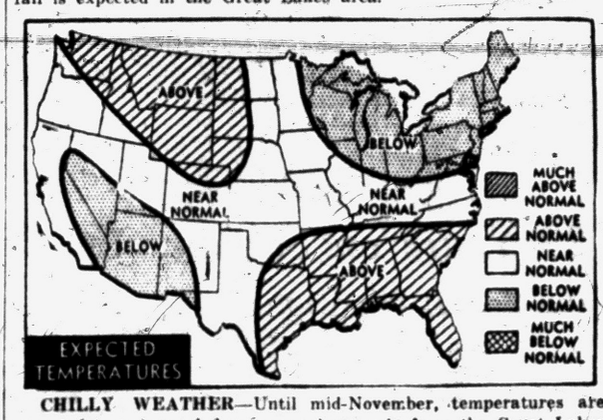

Miss Nicolai is the wife of Robert V. Johnson, a Chicago engineer whom she met while he was a soldier in Europe.

Seek Another Drive-in

JACKSON (AP)—The National Bank of Jackson plans to apply to the comptroller of currency for permission to build another drive-in auto bank. The National Bank already operates one unit of that type.

LONG-RANGE WEATHER FORECAST—Above normal rainfall during November in a broad belt extending from Texas northeastward through the Ohio Valley to New England is expected to bring relief to drought-stricken areas. These rains may begin in quantity next week. Somewhat more rain than usual is expected in the Southwest, with less than normal amounts on the northern plains, northern Rocky Mountain states and the Southwest. Moderate rainfall is expected in the Great Lakes area.

CHILLY WEATHER—Until mid-November, temperatures are expected to average below seasonal normals from the Great Lakes region eastward to the Atlantic coast and also in the far Southwest. Gulf and South Atlantic States and the northwest quarter of the nation can expect warmer temperatures than usual.

Bronze Statue Racket Makes Rose Chuckle

By BILLY ROSE

A sculptor phoned me a few days ago and asked whether I'd like to sit for him — that he wanted to do a bust of me in bronze.

I thanked him and, without even asking what it would cost, turned him down. It might amuse you to know why . . .

BILLY ROSE

In 1946 while in Germany, I dropped in to pay my respects to the commanding general of our occupation forces.

While we were chatting, a well-tailored captain walked into the office without being announced and, instead of saluting his superior, waved a swagger stick at him.

"I want you to meet my friend Nicky," said th egeneral. "He's one of the most valuable men around headquarters."

When the general and I had finished our chat, Nicky invited me to lunch and we drove to his place in Weisbaden in a shiny Mercedes Benz. His "place" turned out to be a spacious country house with five running showers and half a dozen running servants.

"Level with me," I said to the captain. "I'm an old hustler myself and I can spot a brother in an East River fog. How come all this magnificence?"

Nicky grinned and walked me into a high-ceilinged room which was fixed up as an artist's studio. In the center was a life-sized statue of the commanding general. Around the room were half a dozen bronze busts of other generals.

"So that's the gimmick," I said. "You're turning the top brass into bronze."

"It hasn't always been a soft touch," said Nicky. "During the Battle of the Bulge, for instance, a two-star general had me set up shop in an open trench and posed with his arms folded during a bombardment.

"Another time, I was almost killed in an air raid when a famous Corps commander refused to take shelter until he saw how his nose came out.

"Since the armistice," the captain went on, "life has of course been a lot easier. Recently, as a matter of military necessity, we requisitioned a small bronze foundry in Weisbaden, and now half the generals in Germany are waiting their turns.'

"I've heard of goldbricking," I said, "but bronze-bricking is a new wrinkle."

"Its old as the hills," said Nicky. "When you see an antique coin with the face of Alexander the Great on it, remember he probably posed for it. . . ."

Four years later I again met up with Nicky — this time in Buenos Aires. His blue suit was made of Italian shantung silk, and he was driving an even more luxurious Mercedes.

"Juan or Evita," I asked.

"B'o t h," said Nicky. "The Perons have fixed up a studio for me at the palace . . ."

And that, amigos, is why I refused to sit for the sculptor who phoned a few days ago. I knew that as soon as he picked up his chisel — or whatever he works with — I'd think of Nicky and bust out laughing.

MAPS PLANS FOR PLAY—A Pontiac Civitan club committee maps plans for the club's annual play, "Annie Get Your Gun," which will be presented by Broadway actors Nov. 14 at 8:30 p. m. in Pontiac High School auditorium. Above committee members in charge of ticket sales are (left to right) Claude A. Evans, David Dunsky and John Wilson (front row), and William B. Lane and Theodore Wiersema. Proceeds from the play will be used for Pontiac Camp Fire Girls resident camp and to loan service of hospital beds and wheel chairs for needy home patients, the club's two main projects. Tickets go on sale at Paull Jewelers, Coles Drug Store, Gallagher's Music House, and Thrifty Drugs, or may be purchased from club members.

Greenlease Case Spurs Action

FBI Director Offers Kidnaping Precautions to Parents, Teachers

(Editor's Note: In an effort to stamp out kidnapings, J. Edgar Hoover, director of the Federal Bureau of Investigation, has released a list of safety precautions that should be taken by school officials and parents. His findings are presented below.)

By J. EDGAR HOOVER

Since September 28, 1953, when six-year-old Bobby Greenlease fell victim to a ruthles kidnaping plot, the attention of the Nation has been focused upon the kidnap threat.

Assuredly, a more heinous crime cannot be conceived. In luring the Greenlease child from the custody of his school and taking his life, the boy's kidnap-murders have caused America's parents, schools, and youth organizations to re-evaluate the protection they provide youngsters.

HOOVER

Criminals who would profit by selling the lives of kidnap victims for as great a sum as the traffic will bear represent a sordid national problem.

From the passage of the Federal kidnaping statute on June 22, 1932, to the present time, the FBI has investigated 459 cases of kidnaping. Of this total, 457 have been solved, and the other two are still under active investigation.

Invariably, when kidnapings occur, Federal and local officers find that public - spirited citizens are prepared to render every assistance which is requested of them. Momentarily, the Nation's foremost concern is for the safe return of the victim.

In the case of Bobby Greenlease, he was killed shortly after being kidnaped and before the family, law enforcement, or anyone had a chance to intervene.

The apprehending and convicting of kidnapers is a deterrent—but greater preventive action is necessary. Perhaps the realization of this fact is the motive which has caused many parents, teachers, youth leaders and local law-enforcement agencies to analyze the protection they provide our youngsters.

Because schools are charged with the care of millions of children throughout a great part of the year, each education system should establish and enforce stringent protective measures. These measures doubtless will vary from community to community, but they should include at least the following basic rules:

1—Whenever possible before releasing a child to anyone except his parents during the regular school day, a teacher or administrative official should telephone one of the child's parents or guardians for approval.

2—When parent telephones a request that a child be released early from school, the identity of the caller should be confirmed before the child is permitted to leave. If the parent is calling from his home the school can verify his request by a return telephone call.

In the event the telephone call is not being made from the child's residence, the caller should be asked intimate questions about the child. These questions might include the child's date of birth, the courses he is studying, names of his teachers and classmates, and similar facts which should be known to his parents.

3—Faculties of schools should be alert to observe suspicious persons who loiter in school buildings and on the surrounding grounds. If such persons cannot readily provide a logical explanation for their presence, the police should be notified immediately.

The identity and a description should be obtained.

4—Schools, as well as parents and youth agencies, should take steps to make sure that adult supervision is provided in school recreational areas.

The responsibility of parents, however, greatly surpasses that of public and private institutions. As instructors in the world's greatest classroom, the parents' have the obligation of teaching their children the fundamental rules of self-protection. Specifically, children should be instructed to:

1. Travel in groups or pairs.

2. Walk along heavily-traveled streets and avoid isolated areas where possible.

3. Refuse automobile rides from strangers and refuse to accompany strangers anywhere on foot.

4. Use city-approved play areas where recreational activities are supervised by responsible adults and where police protection is readily available.

5. Immediately report anyone who molests or annoys them to the nearest person of authority.

6. Never leave home without telling their parents where they will be and who will accompany them.

7. Loudly cry for help if a stranger attempts forcibly to detain them.

In addition to impressing their children with the necessity of following these rules, parents also must exercise a practical degree of supervision over their youngsters' activities.

For example, grade-school children should not be permitted to travel the streets at night unless accompanied by a reliable adult. Other precautionary measures which parents should employ are:

1 Make certain that outside doors, windows and screens are securely locked before retiring at night.

2. Keep the door to the child's room open so that any unusual noises may be heard.

3. Be certain that the child's room is not readily accessible from the outside.

4. Never leave young children at home alone and unprotected and be certain that they are left in the care of a responsible, trustworthy person.

5. Instruct the children to keep the doors and windows locked and never to let in strangers.

Three Commerce Zoning Law Hearings Set

Pontiac 3-Year-Old Hit by Automobile

A three-year-old Pontiac girl was treated for bruises at Pontiac General Hospital yesterday morning after she was hit by a car at Oakland Ave. and Wisner St.

The victim is Joan P. Cook, daughter of Mr. and Mrs. Morris Cook, 18 Short St.

Driver of the car, Mrs. Jack Clift, 4428 W. Walton Blvd., Drayton Plains, told police she was unable to stop when the child suddenly darted in front of her car.

Three Seek 2 Posts on Sylvan's Council

Two incumbents and one new candidate are seeking two posts on Sylvan Lake's City Council in the Nov. 3 election, according to City Manager Ernest Ethier.

Petitions have been filed for re-election by Mayor Anthony Kreps and Councilman Joseph Gilson. The third candidate is Allan Cady of 1729 Beverly, Warwick Subdivision.

The polls at City Hall will be open from 7 a. m. to 8 p. m. Ballots can be cast for not more than two candidates.

Special Meets Open to Public

1st Scheduled Monday Evening at Union Lake School

COMMERCE TOWNSHIP—Three public hearings have been set on a proposed zoning ordinance for Commerce Township, the zoning board has announced.

The first has been scheduled for Monday at Union Lake School at 8 p.m. The school is located at the intersection of Commerce and Union Lake Roads.

Second hearing will be Nov. 9 at Walled Lake High School at 8 p.m.

Final official hearing in the proposed ordinance will be Nov. 23 also at Walled Lake High School.

First action on the ordinance came in 1952 when it was ordered drawn up by the zoning board. Earlier, Commerce residents turned down zoning of the area in 1949 election.

According to the board, a copy of the zoning plan and zoning map may be examined by residents at the Township Hall at 2840 Fisher Ave.

Township residents this week were urged by John Westerdale, Citizens' Advisory Subcommittee on Zoning chairman, to attend the public hearings in order to become acquainted with the proposal.

Working on the ordinance in cooperation with the board is the counceling firm of Waring and Johnson.

2 Seeks Re-election at Orchard Lake

ORCHARD LAKE — Two commissioners will be named to Orchard Lake Village Commission when voters go to the polls in the village election here Tuesday.

Seeking reelection are Harold A. Cousins and Arthur J. Underwood, incumbents.

Others contesting for the posts are John E. Quirk and Milner W. Thom.

Polls will be located in Orchard Lake Village Hall.

Walled Lake Youth Hurt in Two-Car Collision

A Walled Lake youth suffered face cuts Wednesday when the car in which he was riding collided with another on Commerce road, one-half mile north of Pontiac Trail.

Raymod Swartz, 15, of 3010 Woodlawn St., the injured boy, was riding with his brother, William H., 17, when their auto collided with one driven by Howard Cole, 27, of 174 Standard St., New Hudson according to Oakland County sheriff's deputies.

MR. AND MRS. THOMAS KELLY JR.

Walled Lake Couple Wed at Orchard Lake Church

WALLED LAKE — Before an altar banked with white crysanthemums at Orchard Lake Community Church, Miss Norma Jean Hausauer Wednesday became the bride of John Thomas Kelly Jr.

Norma is the daughter of Mr. and Mrs. John J. Hausauer of 7545 Lilac Ct., Walled Lake, and the bridegroom's parents are Mr. and Mrs. John Thomas Kelly Sr. of 1944 Bogie Dr., Walled Lake.

For her wedding, the bride chose a white nylon tulle brocade gown with fitted bodice, long pointed sleeves and featuring a double nylon tulle over satin skirt.

Her fingertip veil of nylon tulle was held by a rhinestone and seed pearl tiara.

Matron of honor, Mrs. Pauline Hausauer of Walled Lake, was attired in a floor-length gown with a fitted bodice and a full gathered skirt of double nylon tulle over blue taffeta. She also wore a matching jacket with gauntlets.

Attired identically was the bridesmaid, Shirley Green of Pontiac.

Serving as best man was Charles Lawson of Walled Lake. Kenneth Enzor and Kenneth Hausauer, both of Walled Lake, were ushers.

A reception for the 85 guests was held in the church parlors after the ceremony.

Following a wedding trip in Northern Michigan, the bride will live with her parents, and the bridegroom will report to Ft. Lewis, Wash., where he is stationed with the Army.

'Voice' Outlines Revised Policy

U. S. Radio to Transmit Facts to Soviets, 'Hard Hitting Stuff' to Satellites

WASHINGTON (AP) — The Voice of America's new policy, as spelled out today, aims at sending unadorned facts to the news-starved Russian people but "hard-hitting stuff" to the restive Soviet satellite states.

This pincer attack on Communist expansion was outlined by Theodore C. Streibert, former radio executive who heads the United States Information Agency (USIA), to his first news conference yesterday.

His explanation came the day after President Eisenhower told newsmen the USIA, under a new policy order, would shun propaganda in putting before the world evidence that America's policies advance the cause of freedom everywhere.

It was not yet clear how the new policy would appeal to some Voice of America critics — members of Congress and others — who have called for more forceful presentation of America's side of the cold war story.

Streibert said the dual approach will work this way:

1. Nothing but straight facts in broadcasts beamed to Russia because citizens of the Soviet tune in the Voice only at the risk of their lives — "what these people really want is what's going on in the outside world and there's what we're trying to give them."

2. The "opposite" for Iron Curtain countries "growing restive under the yoke" — "we want to give them the hope of eventual liberation . . . that will be hard-hitting stuff."

Streibert said his agency already is sending out the U. S. Army's documented report alleging Communist atrocities in Korea. He said brochures, including atrocity pictures taken from the report, are being sent to 82 non-Communist countries.

Given Workshop Lesson

AVON TOWNSHIP — Elmwood Extension Club members this week were given a lesson on Christmas Workshop when they met at the home of Mrs. Russell Zurbrink. Mrs. George Kipp and Mrs. Zurbrink presented the lesson. Next meeting will be Nov. 17 at the home of Mrs. Jack Wilzs of 8795 Andersonville Rd. Textile painting will be the lesson.

Franklin Driver Dies of Injuries

Fatally Hurt in Crash at Telegraph, Cromwell Yesterday

A Franklin lumber broker died last night at Pontiac General Hospital from injuries suffered yesterday afternoon in an auto accident at Telegraph Rd. and Cromwell St. in Bloomfield Township, according to Michigan State Police of the Redford Post.

Dwight L. Dickinson, 69, of 24800 Cromwell St., Franklin, owner of the Dickinson Lumber Co. at 17304 Lahser Rd., was fatally injured when his car collided with an auto driven by George S. Bosse, 39, of 28495 Joy Rd., Garden City.

Bosse, an employe of the Michigan Society for Crippled Children, told troopers he was driving south on Telegraph when Dickinson's northbound auto pulled in front of him, apparently attempting a left turn on Cromwell street.

Statements will be taken by the Oakland County Prosecutor's Office today, troopers said.

Bosse suffered chest and knee injuries, and a passenger, Horace Charles, 63, of 12005 Mendota, Detroit, received leg and face injuries. They were treated at Pontiac General Hospital.

Costello Out of Jail, Goes to New York

NEW YORK (AP)—Gambler Frank Costello returned to his old haunts today from Milan, Mich., Federal Prison. He avoided newsmen waiting at Grand Central Terminal by leaving his train at a stop outside the city.

Train personnel said Costello and a party of nine others left the train at Harmon, engine switching junction in Westchester County.

The gambler was released yesterday after serving about a year of his 18 months sentence for contempt of the United States Senate. Ahead of him, however, are legal hurdles.

He must stand trial on four charges of income tax evasion and denaturalization proceedings.

30 Mau Maus Killed

NAIROBI, Kenya (AP) — Kenya security forces, including members of the Kikuyu Home Guard, killed 30 and captured nine others of a 50-member Mau Mau gang in a battle today in the Ft. Hall district.

Rochester Pair Are Wed in Service at Bride's Home

ROCHESTER—The Rochester home of the bride's parents was the scene Saturday for wedding rites that united Miss Alice Lavona Franks and David W. Snow.

Mr. and Mrs. A. C. Franks are the bride's parents and the bridegroom's parents are Mr. and Mrs. Edward Snow of Oakland Calif.

For the rite, the bride chose a blue and white taffeta street-length dress with a corsage of white carnations and centered with a red rose.

Mildred Murphy of Rochester was the bride's only attendant. She was attired in a black and white suit and wore a red and white carnation corsage.

Robert Farris of Pontiac served as best man.

The couple is planning to make their home in Rochester.

Spook Party Set for Tonight at Boys Club

Some 400 boys will don "spooks costumes" and attend the "most popular event" of the year at Pontiac Boys Club at 730 p.m. today, according to William V. Coulaeos, the club's executive director.

Thomas Loignon, 18, will perform in a whip act and Mike McNair, 14, will do stunts. Twenty-five games will be offered to the youths later in the evening.

Coulacos said a slight fee will be charged. Proceeds will be presented to the Pontiac Area United Fund. Pontiac Mayor Arthur J. Law will accept a check on behalf of the UF from one of the club members following the party.

Radford in Germany

FRANKFORT, Germany (AP) — Adm. Arthur W. Radford, chairman of the U. S. Joint Chiefs of Staff, arrived here by plane from Paris today for a five-day "get acquainted" visit in the U. S. zones of Germany and Austria.

Probation for Man Guilty of Assault

A Detroiter found guilty by an Oakland County Circuit Court jury Oct. 12 of felonious assault in the pistol-whipping of another motorist was placed on probation today by Circuit Judge Frank L. Doty.

Leo A. Skupin, 37, of 6316 McKenzie St., was give two years probation and assessed $250 costs for assaulting Benjamin H. Kitzmiller, 43, of 4700 Dixie Hway.

The assault occurred July 6 after a minor traffic accident on Dixie highway at Telegraph road.

European Reds Losing Strength

Senators Report That Membership and Union Support Have Waned

WASHINGTON (AP)—The Communists have "lost heavily" in membership and trade union support in Western Europe during recent years, a Senate foreign relations subcommittee said in a report published today.

The 60-page study surveys the strength, tactics and objectives of the Communist movement throughout the world, country by country and region by region.

While the report said Red strength in Western Europe reached a peak prior to 1947 and since has declined, it expressed no complacency about the Red menace there or elsewhere in the world.

* * *

On the contrary, Sen. Wiley (R-Wis) said in an introduction that "perhaps the most basic impression which will arise from this study is the very rapid growth of the Communist movement."

Wiley is chairman of the Foreign Relations Committee and of its security affairs subcommittee, or which the study was prepared.

It said that, although Communist party membership in Western Europe has dropped heavily, the Reds have succeeded in maintaining electoral strength in Italy, France and Iceland.

* * *

Wiley commented, however, that "very often, large Communist votes, as in France and Italy, represent not so much pro-Communist votes, as anti-government votes." But he cautioned that a small, highly disciplined Red group can succeed "in a wrecking operation."

In less than four decades since the Bolshevik Revolution in Russia, he observed, the Communists have grown in strength until they now control governments of one third of the population and one fourth of the area of the world.

To underestimate the Communist strength "could prove to be suicidal blindness," especially in view of the Soviet military potential, he said.

* * *

In the 16 countries of Western Europe, the report said, the Communist parties have an estimated three million members and in national elections poll about 13 million votes.

Britain, U. S. Plan Trieste Withdrawal

LONDON (AP)—Britain and the United States reportedly have worked out detailed arrangements for withdrawing their troops from Zone A of the bitterly-disputed Trieste territory and handing the area over to Italy.

Informants said the plans were drawn up in four days of secret talks ending yesterday. They presumably will go into effect when the two nations decide to carry out their Oct. 8 declaration that the strategic zone would be ceded to Italy.

The U.S.-British conferees reportedly also considered methods of dealing with any emergency that might arise as a result of the withdrawal.

Yugoslav President Tito has threatened to march his troops into Zone A the moment Italian forces set foot there.

She Robs the Blind

LOS ANGELES (AP)—A woman helped blind Carl Carstensen across the street last night and led him to the door of his home. Then, he told police, she took his billfold from his pocket, removed $53, put the wallet back in his pocket and drove away in an auto.

Wears Uniform Illegally but Judge Has Mercy

ALBUQUERQUE, N. M. (AP)—Federal Judge Carl Hatch has dismissed a charge of wearing an Army uniform illegally.

Charles Edward Collins, 18, told the judge he donned the clothes believing they would help him hitchhike from Battle Creek, Mich., to see a sick relative in California.

Hatch said he himself might be guilty. He said he gardens in an old khaki shirt his son, a former Air Force pilot, discarded.

Reports False Fires, Then Cleans Out Tills

BUTTE, Mont. (AP)—Somebody called three hotels early yesterday and said smoke was streaming from top floor windows. While night clerks in two of the hotels investigated the report, thieves cleaned out the tills. They got about $229.

The scheme backfired at the third hotel, however. A porter remained at the desk to give the alarm in case of fire.

Zoo's Italian Elephant Must Learn English

BALTIMORE (AP)—The Baltimore Zoo will need an interpreter when a 3-year-old elephant it has ordered arrives next week.

The elephant, born in India but reared in Milan, Italy, responds only to Italian commands and ignores those given in English.

"She'll have to change her ways," said Zoo Director Arthur R. Watson. "Just give our elephant trainer a few weeks . . ."

English Regaining Trimmer Figures

LONDON (INS)—There is more meat available in Britain today so middle-aged Englishmen are regaining their former slim, boyish figures.

A London doctor explained the mystery of the disappearing bulges this way:

"Under strict rationing there was nothing for it but to fill up with starchy foods. People ate more bread and potatoes.

"Now they are able to have more meat their diet is more sustaining and they do not eat as much."

British tailors confirmed this slimming trend among the middle-aged men and report doing good business in altering suits to fit the customers.

California Ranks First

WASHINGTON (INS)—California ranks first in national forests with more than 25 million acres. Idaho, Alaska, Montana and Oregon follow in that order.

Beekeeper Puts Bee on Neighbor Complaints

WEST HARTFORD, Conn. (INS)—Neighbors complained about the bees Otto Swenson kept in his yard and had him arrested. He quickly brushed up on the law. The judge dropped the case.

Swenson had learned that the law says that neighbors or no neighbors, all he had to do to keep bees legally is get a permit from the town clerk. The permit cost him twenty-five cents.

Bob Considine Says:

Giant Clean-Up Business Headed by Ex-Footballer

NEW YORK (INS)—The phone on the bedtable of Dan Fraad Jr., head of Allied Maintenance Corp., rang loudly in the gloom of 4:30 a.m. The big, bald ex-football star pawed at it, husked a hello, and a shocked voice on the other end said:

"Mr. Fraad, I just broke 'Lunar Asparagus.' "

This might have unnerved a more fragile man than the mammoth Fraad, or a less versatile one.

Fraad left college in the middle 1930's to take an active interest in the family firm which attends to such services as protecting the Statue of Liberty from the obscenities of seagulls, washing the dishes of all trans-Atlantic planes stopping at Gander, cutting the grass at Ebbets Field, draining the grease pits under the presses of the N. Y. Journal-American, and removing poetry from rest room walls at the Trenton, N. J., railroad station.

"Sweep it up as best you can and I'll talk to them in the morning," Fraad commanded the stricken man who had broken "Lunar Asparagus."

In the morning he went to the Modern Museum of Art, which his company keeps scrubbed and as spotless as art browsers will permit, and surveyed the ruins.

It is difficult to know whether modern sculpture is whole or broken. But Fraad, for all his robustness, is a connoisseur. In an instant he recognized that "Lunar Asparagus," which had been three big plaster stalks rising out of a stiff mess of plaster, was irrefutably broken. It was in 1,001 pieces.

Stepping over the sorry white mound, Fraad sought out a curator, told him the news, and confessed the company's guilt. "Lunar Asparagus' you say?" the man shouted delightedly. "Wonderful! It was a mistake to show it in the first place."

Fraad, grandson of a hard-working Danish immigrant who came to America in 1880 and got a job trimming wicks on Pennsylvania Railroad locomotive headlights, is still called "Junior" by most of the veterans among his 4,000 employes.

His father, who did much to build Allied Maintenance into a $15,000,000 a year business, died only recently—vigorous to the end.

"People follow certain patterns of behavior in defacing, vandalizing and committing nuisances," he philosophied over a post-luncheon cigarette. "I watched a guy every morning for four months carefully fold his paper and flip it up on an inaccessible ledge at Penn station.

"I know commuters who light a cigar at Great Neck and drop the butt in the same corner in Penn Station. I know people who spit in the same place each day."

Gum droppers are increasing, Fraad reported. "But I wish they they drop the stuff in the middle of the rooms we service, we could get it up better. They find strange corners, or the oddest places."

Fraad hoped to be a teacher of anatomy but one day he found himself on the ledge of the 21st floor of 200 Madison Avenue, with bucket of water and a squeegee—his first job. "Ever since then when people ask me what's my business I say I'm a window washer. Saves argument."

Barfly Balad Composer Turns Out to Be One

LONDON (INS)—The composer of the barfly's ballad, "Show Me the Way to go Home," recently was placed on three years probation after testifying that liquor led to his downfall.

James Alexander Balfour Campbell Tyrie, 50, who wrote songs under the name of Jimmy Campbell, pleaded guilty to obtaining $10 credit by fraud.

The magistrate ordered Tyrie to spend a year of his probation in an institution for the treatment of alcoholism.

Trial of 6 Communists to Start Monday in Detroit

DETROIT (UP) — Government and defense attorneys in the conspiracy trial of six Michigan Communists began a long weekend recess today to prepare opening statements which they will present on Monday.

Federal Judge Frank A. Picard granted the extra-day recess Thursday after a jury of seven women and five men was chosen to weigh evidence in the trial.

The defendants, five men and one woman, are charged under the Smith Act of conspiring to teach or advocate violent overthrow of the government.

They are Saul Wellman, Nat Ganley, William Allan, Philip Schatz, Thomas Dennis Jr., and Mrs. Helen Winter. Three of them are being defended by Detroit attorney Earnest Goodman. The others are representing themselves.

When proceedings resume Monday, the government and Goodman each will have an hour to make their opening statements. A spokesman for three arguing their own cases will have an hour before the first witness is called.

Because of the length of time the trial is expected to run, four alternate jurors also were chosen. Picard hastened jury selection Thursday by using a mimeograph machine to reproduce the 49 questions put to prospective jurors by the defense and prosecution.

The defense used 24 of its 30 possible challenges and the prosecution used three of its six in picking the jury.

Died in Red Prison

TRAVERSE CITY (UP)—Mr. and Mrs. Archie Ballantine were notified Thursday of the death of their son, Cpl. Ralph B., 19, in a Communist prison camp. The telegram said that "evidence from fellow prisoners indicates that he died of dysentery, June 18, 1951."

Frederika Tells of Remembrance 'to Girl on Plane'

WASHINGTON (AP) — Queen Frederika of Greece, returning to Egypt from a trip to South Africa to see her husband during their World War II exile, was unhappy and lonely.

Two American soldiers on the same plane, she recounted yesterday to Theodore F. Koop, president of the National Press Club, saw her in tears and tried to cheer her up.

She never learned their names, she said, and didn't tell them who she was.

When the Queen arrived in New York Wednesday she was handed a florist's box, she told Koop, and inside was a single red rose and this note:

"To the girl on the plane."

Complete Bypass Paving

JACKSON (AP)—The paving of the U. S. 12 by pass around Jackson was completed today between M50 (Clinton Rd.) and the present U. S. 12. Opening of the bypass will take place on schedule Nov. 25, it was announced by stat highway department officials. It passes north of Jackson, parallel to the present route.

N. Y. Milk Talks Break Down

Union Delegates Leave Negotiations; Meeting Slated for Today

NEW YORK (AP)—Marathon negotiations to end the five-day-old milk strike broke down early today and Mayor Vincent R. Impellitteri immediately called a mediation meeting at City Hall later in the day.

A deadlock in the wage-hours dispute became apparent at 2:30 a.m. when representatives of the AFL Teamsters Union walked out of the bargaining room and union attorney Samuel J. Cohen told newsmen:

"We're going home to sleep."

* * *

Industry negotiators said they would attend the City Hall meeting. There was no immediate word from the union.

The walkout seemed on the verge of settlement for the past two days, with federal, state and city mediators taking part in the lengthy sessions.

Yesterday, on the basis of optimistic statements issued by negotiators, fleets of big milk trucks rolled toward the city, ready to supply fresh milk for 12 million metropolitan area consumers in New York and northern New Jersey. They were stopped, however. Long-distance trucks were not involved in the walkout.

* * *

The strike began Sunday when 15,000 drivers and plant workers stopped work over their demand for a $15 weekly wage increase and a 35-hour work week instead of 40 hours.

Fresh milk supplies were exhausted almost immediately in retail stores and restaurants. Milk depots ran out on Tuesday. But plenty of powdered and evaporated milk has been available.

KALAMAZOO (AP)—Roger Prindle, 28, of Lawton was out collecting money for the Community Chest, until he bumped into a patrolman.

Today he was serving a 15-day sentence in county jail. He told Judge Clark M. Olmstead he had collected $10 under false pretenses.

Then he spent all but a nickle on drinks.

Queen Elizabeth's Party Is Social Event of Year

LONDON (AP)—London's diplomatic corps turned out in best bib and tucker last night for its main social event of the year—Queen Elizabeth's dazzling presentation party at Buckingham Palace.

The Duke of Edinburgh and Prime Minister Churchill were on hand, both wearing ful evening dress with knee britches and the emblem of the Garter, Britain's oldest order of chivalry.

The Queen wore a dress of pale green and pink tulle with a spray of pink artificial roses on her left shoulder and a diamond tiara, necklace and earrings.

Writer Visits Lugosi on Eve of Halloween

By BOB THOMAS

HOLLYWOOD (AP) — Tonight being the night before Halloween and all that, I decided to pay a call on that famed menace, Bela Lugosi.

As I approached his residence, I thought I recognized the place. It was a dark old house of the kind you see in Charles Addams cartoons. But I was doomed to disappointment. Lugosi lived next door in a modern apartment.

I rang the bell and Lugosi answered. Another disappointment. No cloak, no devilish appearance. In fact, he was amazingly handsome for his 65 years.

He was attired in a dressing robe and puffed a cigar. He ushered me into the apartment, just like Inner Sanctum.

"Hey, what are you going to do Halloween?" I asked eagerly.

"I have no plans," he replied wearily. "I told my agent to find me a TV job, but I haven't heard from him. I'm open to suggestions — if there is money involved."

"How about the house next door? It looks nice for haunting."

"Oh, yes, that."

"What about holding a wake with Boris Karloff? Are you two on spooking terms?"

"I haven't seen Boris for two or three years. Yes, we are friends. I started him out on his career as a bogeyman. After I did 'Dracula' at Universal, they wanted me to do the monster in 'Frankenstein'."

"But when I tested the make-up, it was heavy and painful. Then I read the script. I didn't have a word of dialogue. I got out of the role by having my doctor say it would be bad for me. I suggested Karloff for the role. You might say I created my own Frankenstein monster—competition for horror roles."

"But you've been able to scare up a good living, haven't you?"

"I have managed to get by. But it is tough being typed only as a bogeyman. Ever since I did 'Dracula' on the New York stage in 1927, I have been able to do nothing else but menace. Yet I played romantic leads before that. I was the John Barrymore of Hungary.

"Alas, producers cannot see me in anything but horror roles. They say they know I can do other things, but they fear the public will not accept me as anything different."

Some of Lugosi's worldly goods went at public auction a couple of days ago, fittingly enough in Halloween week. I asked him about this.

"As you know, I was divorced a few weeks ago," he explained. "My wife took what belongings she wanted, and I took enough for this three-room apartment. I auctioned the rest."

His belongings were strewn about the apartment, into which he had just moved. There was nothing spooky about them at all. There were many paintings, including a willowy nude and a life-size portrait of Lugosi as a young actor.

"I'm sorry I can't offer you a drink," he remarked. "I'm a member of A. A. You know — Alcoholics Anonymous. No, I was never a problem drinker; I never missed a performance or got involved with the police. But I found drinking was bad for my health.

"So I joined A. A. to find help through God. I attend meetings three or four times a week and get a great deal of benefit from them. You'd be surprised how many well-known actors, producers and directors attend, too.

"I tried to give up drinking three or four times before, but never succeeded. Now I'm free of it. And I've thrown out all my medicine and dismissed my doctor."

Lugosi added that the horror circuit is on the upbeat.

Briggs Stockholders to Get Proxy Statements

DETROIT (UP)—Briggs Manufacturing Co. said today it will send proxy statements to stockholders "as soon as practicable" describing the terms of its agreement with Chrysler Corp.

Chrysler announced last week it had negotiated to buy Briggs holdings for $35,000,000. The figure covered land, buildings, machinery and equipment of Briggs auto body and aircraft divisions but did not include current assets or the Beautyware plumbing fixture division. Briggs said "arrangements are contemplated" that will allow Chrysler to also buy Briggs inventories.

Alert Detectives Nab Trio in Car

One Clings to Moving Stolen Auto, Steering It Into Parked Truck

The alertness of two Oakland County sheriff's detectives yesterday led to the arrest of three Royal Oak juveniles and the recovery of a stolen car, after one of the detectives clung to the side of the moving car and steered it into a parked towing truck.

Detectives Elmer McQuern and Loyal Wertz, warned by a Birmingham Police radio message that the stolen car might be heading north on Woodward avenue, parked their auto at Woodward and Square Lake Rd. to watch for the auto.

The stolen car, heading north on Woodward, was held up by a traffic light after it turned left at Square Lake road. McQuern drove up behind the stolen car, which was blocked in front by a truck. The light turned green and the youths, realizing that police officers were behind them, attempted to speed away.

It was then that McQuern leaped to the side of the car, guiding it finally into the garage wrecker.

The youths are being held at the Oakland County Children's Home.

Buries Cash for Home, Later Finds It Gone

BALDWIN PARK, Calif. (UP)—A 39-year-old machinist, Caryl E. Purcell, planned to buy a house. He cashed in a $10,000 life insurance policy for $7,900, he told police, then some bonds he had accumulated.

He wanted the money where he could get it in a hurry. So he buried it under his garage. Yesterday he decided to take a look at his cache. It was gone.

Gasped Mrs. Purcell, 36, his wife of 11 years: "I didn't know he had that much money."

Area Man Pleads Guilty to Charge of Assault

Vodra Bridges of 841 N. Lake Angelus Rd. pleaded guilty Thursday before Oakland County Circuit Judge Frank L. Doty to a charge of assault with attempt to rape.

Big Test for Maples; PHS Faces Royal Oak 11

Pressure All Rests on Port Huron Tonight

Maples Out to Avert 4th Straight Loss to Big Red Eleven

TONIGHT'S GAME FACTS
OPPONENTS—Birmingham and Port Huron.
TIME—8 p.m.
PLACE—Pierce Field, Birmingham.
COACHES—Vince Secontine (B); Bob Hayes (PH).
NICKNAMES—Maples (B)—Big Reds (PH).
1952 RECORDS—Birmingham 5-3-1; Port Huron 9-0.
1953 RECORDS—Birmingham 2-2-1; Port Huron 6-0.
PROBABLE STARTERS—
BIRMINGHAM
ENDS—Bill Watkinson and Chris Christie.
TACKLES—Jerry Beck and Dick Thalacker.
GUARDS—Howard Blake and Ernest Teichman.
CENTER—Bill Hohmeyer.
BACKS—Jerry Wedge (qb); Tom Beck and John Appleford (hbs) and Wayne Geggie or Phil Barger (fb).
PORT HURON
ENDS—Ray Wilkins and Dick Falk.
TACKLES—Lou Masters and Chuck Martin.
GUARDS—Gerald Spadafore and Jack Bradley.
CENTER—Larry Stevens.
BACKS—John Thomas (qb); Bob Boyd and Dave Winfield (hbs) and Al Davis (fb).

Birmingham High School shoots the works tonight in an attempt to halt the 25-game winning streak of Port Huron's rugged Big Reds at Pierce Field. Kickoff is at 8 p.m.

Vince Secontine's Maples are smarting from three straight setbacks from Port Huron. In 1950, it was 32-19; in 1951, 13-0; and last season, 27-7. The 1951 loss hurt the most, spoiling an otherwise perfect season for Birmingham.

Pressure this time is all one-sided. Birmingham is going nowhere in the Eastern Michigan League while Port Huron can clinch no worse than a tie for its 3rd straight title by winning.

In addition, there is the long winning streak, which now stretches Back to the final game of the 1950 season, and the Big Reds' state championship hopes.

Secontine will use the Maples' regular line, but his backfield probably will be revamped due to injuries to halfbacks Dave Allen and Payson Chapman. Junior Tom Beck will move back to left half, while sophomores John Appleford and Wayne Geggie are the likely candidates to round out the quartet.

Lions, Rams Meet in 'Big One'

LOS ANGELES (AP) — For the fourth straight week, the Detroit Lions will be battling for first place when they meet the high-powered Los Angeles Rams here Sunday.

There seems to be no letup for the Lions, who are seeking to retain the Western Division championship. The heat has been on since the season started.

But this is, as they say, the "big one." Winner will take over first place, and very probably go on to win the divisional title.

Rams are seven-point favorites but, in a game like this, odds don't mean much. Both teams strike quick, and often, and it should be a high-scoring tilt.

The teams go into the game with 4-1 records. Los Angeles' only loss was a one-point decision to San Francisco. The Lions, lone setback was to Los Angeles two weeks ago when the Rams walloped them, 31-19.

Game marks the mid-way point in the 12-game season and Rams officials expect a crowd of 75,000 to fill the Coliseum. Starting at 5 p. m., it will be televised into Detroit.

Both teams are bothered with injuries, although the Lions seem to be in better shape.

Buddy Parker, Lion coach, expects to get at least partial service from all his injured players. The one he'd really like to see take his regular turn, however, is halfback Bob Hoernschemeyer.

"Hunchy" didn't play at all in last Sunday's victory at San Francisco but he says he'll be ready to go against the Rams.

On the other side, Los Angeles has said its ace end, Tom Fears, will miss the game with injuries. But Parker isn't taking any chances and has been working his club last week for pass protection against Fears, Elroy Hirsch and Bob Boyd.

Game could easily settle into a passing duel, since both clubs are crippled in the backfield and both possess fine passers.

MOGULS IN GOOD HUMOR—They've got plenty of serious worries—about the future of the Pacific Coast League, but Charley Dressen (left), new manager of the Oakland Oaks, and owner P. K. By BILL MARTIN

Pontiac High's thrice-beaten football team strangely enough has an undefeated record to protect tonight at Royal Oak.

Chiefs, who have suffered three consecutive setbacks by Saginaw Valley Conference foes this season, haven't been defeated by a non-league opponent since 1951. They beat Wyandotte and Hamtramck and tied Lansing Sexton last year, and this season posted victories over all three.

PHS' record against "outside" competition is indicative of the caliber of the Valley loop. The conference always ranks as one of the state's strongest and is particularly tough this year. SVC teams have won 18 of 21 contests with non-league opposition this season.

Royal Oak, driving toward the Border Cities Conference title with a 4-1 mark, is undoubtedly the toughest non-conference foe to face Pontiac this year.

Acorns are sparked by two of Oakland County's top runners. Halfback Jack Drawbaugh is the team's leading ball-toter with a 7-yard average in 46 tries. He also handles most of the passing from Coach Jim Manilla's "T" and single-wing attacks. Nash, playing his 3rd year on the RO varsity, has split opposing lines for an average of 5.6 yards in 42 carries. He also kicks off and boots conversions and does some passing.

Anchoring the Royal Oak line that will outweigh Pontiac by 13 pounds a man is guard Joe Moyer, who calls both offensive and defensive plays for the Acorns. Moyer, at 175 pounds, is the line's lightest man.

Pontiac Coach Ed Graybiel will give punter Kirk Hobolth his 1st starting assignment tonight at left half. Hobolth, a 150-pound senior, has seen only limited offensive action this season. He's collected 88 net yards in 22 plays and his shifty running style belies the fact that this is his 1st year of high school football.

Hobolth played the game at Lincoln Junior High School, but was too small for high school football until this season.

Talented Chiefs Ready for First Regional Trials

PHS Harriers Take Fine Record Into Meet; Are Favored in Big Field

Pontiac High's talented cross country team goes to Birmingham Saturday to compete in a MHSAA regional meet. Test will mark the 1st time regional meets have been held in the state.

Chiefs, boasting an undefeated string of 28 dual meets and the 1953 S V C Championship are rated favorites in the 17-team Class A field. Fifteen teams are entered in the Class B section of the meet.

Royal Oak, which suffered its only dual meet loss of the season to Pontiac, is expected to provide the toughest opposition for Pontiac. Other "A" teams entered include; Birmingham, Dearborn, Detroit Catholic Central, Detroit St. Joseph, Southfield, Hamtramck, Hazel Park, Highland Park, Lincoln Park, Mt. Clemens, Monroe, Plymouth, Waterford, Port Huron and Wyandotte.

Class B teams: Allen Park, Avondale, Belleville, Croswell-Lexington, Detroit Lutheran, Redford Union, Farmington, Livonia-Bentley, Clarenceville, Milan, Milford, Romulus, St. Clair, Trenton and Walled Lake.

First 15 individual finishers will be eligible for the state meet, Nov. 7 at Ypsilanti, regardless of their teams' standings. First six teams also will qualify.

Meet will get under way at 11 p. m., with the Class B run. Class A runners will follow the lower class event.

By FRANK LEAHY
Notre Dame Football Coach

It's when things don't go quite according to plan that a man learns just how many real friends he has, and I have certainly been blessed with having a great many more than my share of good friends.

Actually, I would like to devote this entire column to thanking those who made my recovery so speedy. But instead, I will limit it to my wife, Father Edmund Joyce and Dr. Nick Johns, whose moral, spiritual and medical aid made it possible for me to leave the hospital last evening.

The fact that Notre Dame came out in the 2nd half to beat a great Georgia Tech team certainly didn't do anything to hinder the recovery.

I was extremely proud of the manner in which our team played against Georgia Tech, and although I won't be able to be with them tomorrow, no one in the stadium will be more attentive toward the game then I, from my home.

We all know that Navy has always proven to be one of the toughest foes on the Notre Dame schedule and the fact that they lost their 1st game last Saturday will send them into our game in a very competitive frame of mind.

Since many people have been kind enough to inquire about my health I would just like those who are interested to know that I feel very fortunate to be home, and according to the medical people will be able to resume my place on the practice field next week.

It was just a combination of a lot of things which set me down last Saturday, but according to all the tests and reports there is no illness of any lasting nature.

I definitely intend to try to take things a bit easier at the games from now on, but when you are playing a team of the calibre of Georgia Tech is just doesn't seem very conducive to relaxation.

In brief, if I am sensible and take care of myself there should be no health worries.

Hogan Named Top Pro by PGA Members

Bantam Ben Selected one 803 of Thousand Ballots Returned

CHICAGO (UP) — Bantam Ben Hogan today stood unmatched in the esteem of his fellows in professional golf.

Hogan, by a count of 803 out of 1,000 ballots returned, Thursday night was named the professional golfer of the year for 1953. The sturdy little Texas golfer won the top annual pro honor previously in 1948, 1950 and 1951.

His recognition by his colleagues emerged from what the Professional Golfers Association termed "the greatest response" of any year to its annual poll of newsmen and its membership of 3,200.

Lew Worsham was Hogan's runner-up in the vote with a tally of 55 votes.

Hogan said, at his home, that he was "very pleased" to have been chosen as the top man among the year's professionals.

"I consider it a great honor, of course, and I'm very happy."

Many Experts See Bay City Upset Tonight

Wolves Will Be Rated Favorites, However, in No. 1 Prep Game

By THE ASSOCIATED PRESS

Powerful Bay City Central is favored to defeat Flint Northern tonight in the No. 1 high school football game of the season.

Wolves are expected to stretch their winning streak to seven straight games and take a firmer hold on first place in the Saginaw Valley Conference.

But . . . and this is a big but . . . Flint Northern seems to have the guns to pull an upset, and many experts expect the Vikings to do just that.

Northern has lost only one of five starts, to Ann Arbor, but it probably should have won that one, too. Viking defenses relaxed in the final period and Ann Arbor, facing its first defeat in a long, long time, rushed across three touchdowns for a 20-13 triumph.

However, several sports writers who covered the game came away with the feeling that Flint Northern was the better team. It just didn't score the most points.

Experts also point to Bay City's wobbly showing last Saturday night when the Wolves had to stage a mighty rally to defeat Owosso, 26-20. Favored by as much as three and four touchdowns, Bay City was held to 20-20 going into the final minutes. Then, in a desperate surge, coach Elmer Engel's crew bit off the yardage in a substained drive to score the winning touchdown. It was a close call and it proved, beyond doubt, that the Wolves can be scored upon and possibly can be taken.

At any rate, a crowd of 10,000 is expected to jam Flint's Atwood stadium for this game which far overshadows all other prep action this weekend.

Caliber of Japanese Baseball Improving; True 'World Series' May Become Reality

By GAYLE TALBOT

NEW YORK (AP)—It sounded very far-fetched a couple of springs ago out in San Francisco when the business manager of the Tokyo Giants declared in all seriousness that the time was coming fairly soon when there would be played each fall a "true world series of baseball."

* * *

When that time comes, he saaid the winner of our American, or sectional, playoff will face the champion club of Japan as a matter of course for the world title. He said this would have to wait some years until the new postwar generation of Japanese boys has gotten its full growth and learned to play the game.

* * *

These new boys, he explained, had gotten away from the old Japanese diet of fish and rice since the Americans came and were filling out their bones with red meat and lots of fresh vegetables. Already, he said, the average player in his country was several inches taller and pounds heavier than his prewar counterpart, and getting bigger every year.

"Before the war," he said, "we were too small to play against your big leaguers. Our pitchers had little speed and our batters seldom hit anything longer than a single. Also, we had only college teams in those days. Now we have two major professional leagues, the same as you, and the class of play is improving each season. There is no reason we should not match you within a few years."

* * *

It all sounded, as we remarked before, rather dreamlike at the time, but the conversation keeps coming back as we read the daily dispatches from Jaan. Both the New York Giants and Eddie Lopat's all-stars are winning practically all their games, true enough, but they are being given a surprising run for their money. Few of the contests have been one-sided. Mainly the scores have been representative of an average big league day.

Bobo Olson, Four Other Middleweights Advanced

NEW YORK (AP) — The recent flurry of action in the lively middleweight class, including the title scrap between Carl (Bobo) Olson and Randy Turpin, has resulted in an overhaul of the ratings of the 160-pound division by Ring magazine. Only a few minor changes were made in the other weights.

* * *

Olson's decisive triumph over Turpin gave the division its first champion since Ray Robinson retired Dec. 18, 1952.

Turpin, of England, was placed on the No. 1 contender's spot, followed by: (2) Rocky Castellani, now fighting out of Cleveland; (3) Joey Giardello, Philadelphia (4) Gil Turner, Philadelphia; (5) Joey Giambra, Buffalo; (6) Ernie Durando, Bayonne, N. J.; (7) Charley Humez, France; (8) Ralph (Tiger) Jones, Yonkers, N. Y.; (9) Randy Sandy, New York; (10) Garth Panter, Salt Lake City.

Turner, Durando and Panter were not on last month's list and Giardello was moved up a notch. Humez fell from No. 4 to No. 7.

The heavyweight ranks were kept intact with Roland La Starza, Ezzard Charles, Nino Valdes, Dan Bucceroni and Heinz Neuhaus running in that order behind champion Rocky Marciano.

Pie King May Miss Big Race

British Colt Doubtful Starter for Rich Garden State Stakes

CAMDEN, N. J. (AP)—The Pie King, much talked about British 2-year-old champion, was a doubtful starter today for the world's richest horse race — tomorrow's Garden State Stakes.

* * *

The uncertain status of the Pie King further complicated the line-up of the $266,000 gallop of a mile and one sixteenth. It's anybody's guess as to how many sophomores will be entered but it will be quite a cavalry charge.

Racing officials were guessing anywhere between 18 and 24 of the best juveniles in America would answer the call if their owners feel they're worth the $1,500 tab.

The Pie King, flown here for the race by his owners Ray Bell and Elwood Johnston of California, came down with a case of equine "athlete's foot" yesterday. Johnston said he was awaiting results of another examination today before making up his mind on whether to enter the Irish-bred colt.

Name Shanafelt Captain for Penn Game With UM

PHILADELPHIA (AP)—Big, bruising Jack Shanafelt, Pennsylvania tackle, who calls defensive signals for the Red and Blue, will lead his Quaker eleven against Michigan at Ann Arbor tomorrow.

Shanafelt takes the place of team captain George Bosseler, a halfback, who has been plagued with a knee injury. The Quakers leave by plane today for Detroit whence they will go directly to Michigan stadium for pre-game workouts.

Seniors in Semifinals

PINEHURST, N. C. (UP)—D. D. Cooke, home course champion, met D. D. Hill of Cincinnati today in the semifinals round of the North and South Seniors Invitation golf tournament, while O. V. Russell of New York city faced J. H. Ackerman of New York in the other.

Season Ends Saturday

JACKSON (AP) — Montie Spencer, winner of the first race at $20.60, and Brownie McKay, winner of the second, paid a $117.60 daily double last night at Jackson Raceway.

The season ends for the Jackson track tomorrow. Post times today and tomorrow have been set back to 8:15 p. m. to handle the expected crowd.

Irish 11 Aroused to Win for Frank Leahy

SOUTH BEND, Ind. (AP) — With their ailing coach confined to his home 30 miles away, Notre Dame's Fighting Irish have aroused themselves to beat Navy tomorrow for Frank Leahy.

There have been little signs in practice that the Irish have suffered any letdown after their spirited 27-14 conquest of Georgia Tech last Saturday. Between halves of that game, with Notre Dame hanging on to a 7-0 lead, Coach Leahy collapsed in the dressing room.

Match With Teddy Davis Vital to Araujo's Career

NEW YORK (AP)—The honeymoon is over for George Araujo, the Providence, R. I., fighting man.

* * *

Jimmy Carter's right hand ruined his shiny dreams of becoming lightweight champion of the world at the age of 22. That was his last Madison Square Garden fight. A Sept. 10 defeat in Boston by the veteran Teddy (Red Top) Davis rubbed most of the luster off his fine record.

Now Araujo starts all over again in a third match with Davis.

The 10-rounder at 10 p.m., EST, will be carried on ABC radio and NBC television.

Since the last Davis fight, Araujo was married. Now he goes back to work in a rugged test that could be a turning point his his career.

The odds favoring Araujo at 9 to 5 overlook his upset by Davis at Boston in his first fight after his 13th-round technical knockout by Carter. In 54 fights, since 1948, Araujo has a 49-4-1 record. He was stopped only once—by Carter.

* * *

Davis, 30, enjoyed a tremendous spurt this year after stumbling along at a .500 pace through most of his career. He has been fighting since 1946 with a record of 52-46-2. Victories over Fabela Chavez, Charley Riley, Tom Collins and Araujo boosted him to the No. 2 spot among featherweight contenders.

Because Davis won the New England lightweight title by beating Araujo at Boston, that championship will be at stake tonight.

The big question Araujo must answer is this: is he gunshy after the thumping he took from Carter.

Dangerous Dreams!

CUSHING, Okla. (AP)—Johnny Hilyard, turning up with a dislocated knee, sheepishly told coach Melvin Kelton he suffered the injury dodging an onrushing blocker during nightmare.

The hefty 180-pound center said he didn't think he could play tonight against Bristow High School.

"You can order light practice," moaned the coach, "but how are you going to keep them from dreaming?"

The Naval Academy is located at Annapolis, Md., but none of Navy's varsity grid squad is from that state.

Aims at Oakland B Lead

Auburn Heights' 11 Could End Title Drought With Victory Over Fitzgerald

By JACK SAYLOR

It's been quite a spell since an Auburn Heights football team won a league championship. When the suburban Pontiac school became Avondale High School and joined the new Oakland B Conference in 1950, it found itself a doormat.

First Fitzgerald, then Roseville mopped up the league. Then last year in their 1st season under Frank Crowell and Don Spencer, the Yellow Jackets became a contender.

Avondale took a 13-0 lead over Roseville, who at the time was sporting a 13-game winning streak. Dick Gellasch's passing led the Wildcats' back to two touchdowns in the second half, but Avon still clung to a 13-12 lead with a minute to play.

Then Gellasch hit all-state end Bob Wagner with a 40-yard touchdown pass and the Jackets' title hopes went up in smoke with an 18-13 loss. They finished as runnersup to Roseville, which continued unbeaten in league competition.

Avondale chances looked good again this season, but star halfback Ron Shore suffered a broken ankle in the second game of the year at Lake Orion. Jackets lost to Orion and also dropped two of the next three, including a 26-7 decision to Roseville.

Now opportunity is knocking again. Avondale's neighbors at Troy, also trying to drop the doormat mantle, lent a helping hand by upsetting Roseville, but nobody has stopped Fitzgerald.

Avondale gets that chance tonight. A victory would virtually assure Avon a tie for the title with the winner of the Nov. 6 Roseville-Fitzgerald game. Jackets will enter the game as underdogs.

Principal figures in the Auburn Heights' bid are Marv Evans and Joe Schwerin. Evans has taken up the backfield slack nicely since Shore's injury and is among the county's leading scorers.

Schwerin was an all-league guard a year ago, then switched to end last week and turned in another top performance.

Two games tonight are of vital importance in another prep league. Wayne-Oakland leading Northville goes to Holly, while once-beaten Keego Harbor visits Milford.

Pontiac High travels to Royal Oak, while Wisner Stadium is the site for the St. Mikes-St. Freds tilt. Other top games have Van Dyke at Walled Lake, Clarkston at Oxford, Rochester at Romeo and North Branch at Capac. Latter two are undefeated.

The schedule:

TODAY
Pontiac at Royal Oak; St. Michael vs St. Frederick (Wisner Stadium); Keego Harbor at Milford; Northville at Holly; Clarkston at Oxford; Van Dyke at Walled Lake; Berkley at Farmington; Southfield at Belleville; Rochester at Romeo; Lake Orion at Ionia; Avondale at Fitzgerald; Troy at Clawson; Lapeer at Melvindale; Inkster Roosevelt at Clarenceville; Roseville at Madison; Port Huron at Birmingham; Ferndale at Hasel Park; Mt. Clemens at East Detroit; Utica at Warren; Center Line at South Lake; Lake Shore at Eastland; Millington at Imlay City; Mayville at Michigan Lutheran; North Branch at Capac; Almont at New Haven; Armada at Memphis; Brown City at Dryden; Huron Valley at Bloomfield Hills; Pinckney at South Lyon; Brighton at East Lansing.

SATURDAY
Western Reserve at Cranbrook; Shrine at St. Gregory.

SUNDAY
St. James at OL St. Mary; St. Benedict at RO St. Mary.

Pontiac Press Photos

CARRY TITLE HOPES—Sparking Avondale High School's football team in its crucial Oakland B Conference game at Fitzgerald tonight will be Marvin Evans (left) and Joe Scherwin. Evans, a fullback, has scored seven touchdowns for the Yellow Jackets this season, while Schwerin, a guard who was shifted to end last week, is a defensive standout. Avondale could tie for the league lead by winning.

Notre Dame Picked Over Navy; Maryland to Stay Unbeaten Also; Michigan Given Nod Over Quakers

By GRANTLAND RICE

NEW YORK—What figured to be one of the top games of the season prior to last Saturday doesn't rate that ranking this week. This is Notre Dame and Navy. Navy's defeat by Pennsylvania (not knocking Penn) drags Navy down a peg or two. But it can still be a hot game if Navy slips back to her Princeton form.

* * *

Notre Dame is unwhipped and untied. Maryland is running neck and neck, nose and nose with the Irish.

* * *

These look to be the two best. Although West Virginia has a powerful team but no schedule to speak of. It is doubtful that the Navy can drag itself up from the Penn assault to beat Notre Dame. Here it goes:

* * *

EAST—Cornell-Columbia. The Big Red belongs above the Light Blue. Cornell. Penn State-West Virginia. Fine game. West Virginia gets the call. Yale-Dartmouth. Yale. Army-Tulane. Army gets the winning call. Harvard over Davidson and Fordham over Miami. Syracuse should head off Holy Cross.

SOUTH—Maryland-South Carolina. Maryland to remain unbeaten, Alabama over Georgia, Florida to beat Auburn, Texas A. and M. over Arkansas, Wake Forest above Clemson and Tennessee over North Carolina.

* * *

WEST—Navy-Notre Dame. Navy proved she was not invulnerable last week. Penn played stout-hearted football and Navy didn't deserve to score. This figured to be big game after Navy-Princeton test. It doesn't now. Navy may rebound, but Notre Dame to stay untied and unbeaten.

* * *

Minnesota-Pittsburgh. Minnesota with Giel's running and passing. Pennsylvania-Michigan. Another close game. Both very erratic. Michigan. Better backs. Texas-SMU. One of the tough picks of the day. SMU gets the call. Baylor-TCU. We like Baylor. Missouri over Indiana. Wisconsin gets the nod over Iowa and Kansas State over Oklahoma.

Ohio State has a better backfield than Northwestern. California-UCLA. One of the best games of the season. UCLA. Purdue and Illinois. I doubt that Purdue can repeat last week's upset. Illinois has the edge.

Tonight's Game Crucial Test for Mikes

TONIGHT'S GAME FACTS

GUARDS—Dave Grosse, Mike Wells.
CENTER—Don Younce.
BACKS—Tom Monroe (Q), Mike Payette, Maurice Yarnold (H), Mike Murray (F).

Pontiac's two parochial football teams reach the high spot in their schedules tonight, when they clash in the 19th renewal of their traditional rivalry at Wisner Memorial Stadium.

Kickoff is set for 8 p.m.

Pep rallies were held at both schools today, but they weren't really necessary. St. Michael and St. Frederick followers don't need organized meetings to get steamed up for this anpual meeting.

Tonight's game is a crucial one for the Shamrocks, currently in the thick of the Suburban Catholic League championship race. Mikes must win to keep alive their hopes for the loop title. Rams, on the other hand, can make a success of an otherwise drab season by upsetting the favored northsiders.

Winner of the contest will receive possession for a year of the Stephen J. Griffin Memorial trophy, now held by St. Michael. Award is named for the late Steve Griffin, former Pontiac sports figure and member of St. Michael's parish. Presentation to the winning team will be made by Rose Griffin.

Mikes will be shooting for their 4th consecutive victory in the series and their 6th win in nine starts under Coach Mineweaser. Shamrocks won, 26-24, in 1950 and followed up with 19-14 and 14-13 victories the next two years.

Northsiders have lost only two of six starts this season, while Coach Charles Talbot's Rams have dropped four of five games.

Talbot is undecided who will take over the halfback spot vacated by injured Ted Reaver. Maurice Yarnold has been running at the position, but junior end Don Cox may be moved to the backfield to take over the slot.

Mineweaser will start his regular offensive lineup.

Detroiter Loses Bout

COLUMBIA, S. C. (UP)—Benny Christano of Detroit was hammered to the canvas four times Thursday night during his loss to welterweight Emmett Gurney, former University of South Carolina boxing star.

The Detroiter was dropped twice in the fourth round for an automatic eight count and got the same treatment in the eighth. Christano closed one of Gurney's eyes early in the bout.

Bob Topp Key Figure in UM Battle Plans

Kazoo End Rated Top Pass Receiver in Big 10 Conference

ANN ARBOR (AP) — A lanky Kalamazoo basketball player — turned footballer — rates as one of Michigan's chief offensive weapons as the Wolverines prepare for Saturday's non-conference game with Penn.

Bob Topp, fugitive from coach Bill Perigo's Michigan basketball team, has come into his own on the gridiron. Three league games show Topp as the most effective receiver in the Western Conference.

He has caught 10 passes for 178 yards and one touchdown. That put him just a step ahead of Joe Collier, Northwestern's fine end, who has snared eight for 137 yards in his two league games.

In Michigan's five games to date, Topp has caught 13 passes for 203 yards.

The blond, 6-foot-2 senior actually is capitalizing on his basketball ability. Topp has a fine pair of hands that have enabled him to make some exceptional catches and that has been a factor in Michigan's four victories in five starts.

As an all-around performer, Topp is just an average end. But when you add that ability to snare the ball downfield, he is more than that.

With Snow in Sight, Rabbit Hunters Start in Earnest

By JAMES A. O. CROWE
Associated Press Outdoor Writer

LANSING (AP) — Though rabbit hunting has been legal for some weeks, it is only now about to hit its stride.

Hunters of the cottontail rabbit in the south and the snowshoe hare in the north normally defer concerted hunting until late in the bird season. Rabbit seasons run much longer, so hunters go for the birds when they can.

Besides snow on the ground is a big help in rabbit hunting. The telltale tracks save time in looking for bunnies.

The rabbit season runs through January south of the Bay City-Muskegon line and through February north of it.

Rabbits generally get themselves into pretty thick brush by the time the snow comes, but if you are lucky enough to find a place where they have to cross open ground to get to food, you'll get some easier shooting.

Many a rabbit hunter will get together with a few friends to drive the swamps and swales for the scampering little animals.

But the best way to hunt rabbits is with a beagle. These low-built hounds not only smell out your prey for you but will run it into gun range.

When pursued, rabbits normally make a big circle, so if a dog kicks one up near you, all you have to do is stand still and wait for the rabbit to show up again.

College Football Attendance Is Down Slightly

But Ivy, Southeastern, Southern, Border Loops Have Increased

NEW YORK (AP) — Although the first half of the 1953 football season has produced a slight overall decline in attendance at major college games, several conferences show an increase over last year.

An Associated Press mid-season survey showed yesterday that the Ivy League and Border, Southern and Southeastern Conferences are the only groups which have been filling their stands with more consistency than in 1952 during September and October.

At the same time, other major conference are having difficulty breaking even with last year's totals.

The Ivy League, depending primarily on the "family" attendance of alumni, students and their friends and relatives to pack the stadiums, has accounted for an attendance gain of 4.37 per cent.

In 27 games the eight Ivy League teams have played to an average attendance of 23,873. This is 1,000 a game more than the total for 28 games at the same time last season.

The seven Border Conference schools have played 23 games. The attendance has improved 4.48 per cent over 1952 with an average of 10,482 at each game.

Southern Conference, despite having seven members drop out to form the Atlantic Coast Conference, boasts a 1.18 per cet increase while crowds at Southeastern Conference games reveal a gain of 0.79 per cent.

Statistics also show that teams in 11 major conferences, plus 14 "major" independents, have taken part in fewer games so far than they had at this time a year ago. Drop in attendance comes out to 3.335 per cent. Big 10, in 36 games has a minus 3.61 percentage.

Last season 324 games attracted 7,800,840 fans for an average of 24,077 per game. This year 7,168,514 spectators have turned out at 308 games for a 23,274 average, only 803 less per game.

MSC Fraternity Offers to Guard Spartan Statue.

EAST LANSING (UP)—A Michigan State College fraternity has volunteered to post an all-night guard around the famed MSC athletic landmark, on the eve of the MSC-Michigan football game Nov. 14 to discourage "Rowdism."

Members of Sigma Alpha Epsilon said they would keep a 24-hour vigil before the game to prevent painting of the statue, which still bears traces of last year's dousing.

"We have 30 pledges to send in as shock troops should trouble arise," Ted Miller, SAE president said.

Canucks Dump Leafs in Thursday Tilt to Take 4-Point NHL Lead

By The Associated Press

Home ice hasn't been of to much help to National Hockey League teams this year. But it's one of the reasons the Montreal Canadians are in front this early in the season.

High-flying Canadiens dumped the Toronto Maple Leafs last night, 3-1 to take a four point lead over the second-place Detroit Red Wings. The win made it six-for-six for Montreal at home. Overall, NHL clubs have won 15 of 26 home games.

Defenseman Tom Johnson, operating at center in place of the injured Jean Beliveau, drove home two goals in the third period to give Montreal its victory. Kenny Mosdell registered the Canuck's other tally while Eric Nesterenko scored Toronto's lone marker.

National Hockey League standings, including Thursday's game:

Maryland Fans Still Thinking About Baseball

Sports Editor Stirs Controvery With 'Beat Yankees' Club

CUMBERLAND, Md. (UP) — It has been almost a month since the New York Yankees won their fifth straight World Series, but the history-makers of Casey Stengel continue as the "talk of the town" in this Western Maryland city of 40,000.

It all started when J. Suter Kegg, sports editor of Cumberland's Evening and Sunday Times, picked the Brooklyn Dodgers to win the World Series in four straight games.

Yankees, of course, won the first two and a tidal wave consisting of letters and telephone calls flooded the editorial office of the Times.

Although he was in water over his head as a result of the unlucky prediction, Kegg decided to continue harassing the many Yankee fans in the Cumberland area.

This he did by proposing a "Beat the Yankees Club" and asking for written suggestions on how the New York baseball empire could be wrecked.

Suggestions rolled in, as did letters of bitterness from the big Yankee following. This prompted additional action with lapel buttons bearing the wording: "Beat the Yankees" being ordered . . . these buttons are being issued by the Times to all who want to see the Yankees beaten.

Former Big 10 Cage Coach, H. G. Olsen, Dies

RICE LAKE, Wis. (UP)—Harold G. Olsen, a basketball luminary for nearly 30 years, died last night at Lakeside Hospital. He had been in ill health for two years.

Olsen, about 58, was dean of Big Ten basketball coaches when he left Ohio State in 1946 to coach the Chicago Stags professional team.

No Cash Paid for Ball Club in Coast Loop

Owners Will Reimburse PCL $100,000 It Paid Paul Fagan

LOS ANGELES (UP) — The San Francisco baseball club, once priced at 2½ million dollars, belongs today to a modest income group which got it for nothing on the line.

Directors of the league, heading into another closed session today, awarded the franchise to the Seals' former general manager and one-time bookkeeper, Damon Miller and his syndicate.

The league bought the franchise for $100,000 from wealthy Paul Fagan, and awarded it Thursday to the Miller group. Fagan once tried to sell the club, including Seals Stadium, for 2½ million.

Miller and company, Miller said, paid no cash for the valuable franchise and players.

He said little was said about cash but that, of course, his syndicate will have to reimburse the league. Fagan still has a string on the franchise. He has an option for 5 years to rebuy it at $100,000 if major league baseball comes to San Francisco.

Miller, 43, started out with the Seals 20 years ago as an assistant concession manager when the late Charles Graham owned the club.

Miller admitted there was some opposition to the award. He intimated that the matter was questioned by general manager Jimmy Gallagher of the Chicago Cubs, who sat in on the session with his boss, owner P. K. Wrigley of the Cubs and the Los Angeles Angels.

All was apparently not too serene in the day long meeting.

President Bob Cobb of the Hollywood club, who has been served an eviction notice by the territory-controlling Angels when his lease expires in 1957, indicated this when he related that he told Wrigley his club would not be a "stumbling block" if a major league club came into Los Angeles.

Cobb declared that he told Wrigley Hollywood will step aside for a "very equitable settlement" rather than bar a major club entrance between now and 1957.

ONE-HAND TACKLE—Washington quarterback Art Poe (on ground, right) reaches up one arm while flat on his back to bring down Eastern halfback Arnold Larson (21) in the 4th quarter of Thursday's junior high game here. Coming in to assist on the tackle are Braves Freeman Watkins (27) and Bob Holloway (21). The two teams tied, 6-6, to give Washington its 2nd straight SJHS League title.

Eastern Ties Braves, but Washington Wins 2nd Title

Eastern battled Washington to a 6-6 deadlock Thursday afternoon, snapping the Braves' 9-game 2-season winning streak. The tie was enough to give Washington its 2nd straight Suburban Junior High School League football championship, however.

Indians held a 6-0 halftime lead after driving 60 yards to a touchdown in the opening period. Halfback Arnold Larson climaxed the march with a 2-yard plunge.

Washington recovered an Eastern fumble on the Indians' 4-yard stripe in the 2nd period, but fumbled away its chances for a score on the next play.

Coach Em Ghianni's champions pushed across the tying marker in the 3rd quarter, with quarterback Art Poe going 30 yards on an option play. Eastern made one more bid for victory, when the Indians reached Washington's 15-yard line in the final stanza. A penalty for delaying the game ended the threat.

Eastern's line, sparked by the defensive play of end Dawsey Reed, outplayed the Washington forward wall throughout the game, and only consistent gains by 200-pound fullback Charlie Spann kept the Braves in contention.

One more game, Waterford vs Lincoln next Thursday, is left on the league docket.

Shaughnessy Tells His Major Loop Plan

MONTREAL (UP)—Frank Shaughnessy, president of the International Baseball League, today outlined plans he has submitted to major league clubs for the addition of eight teams to the present 16-club setup.

Shaughnessy said he based his plan on the fact there are too many "losing teams" in baseball at present.

His plan hinges on finding eight cities capable of building ball parks seating at least 35,000 and getting owners capable of financing a major league club.

Four teams would be added to each of the present leagues which would be subdivided into East and West sections.

At the end of the season, sectional winners would play each other with the winners meeting the World Series.

Cockell Next Foe for Rocky Marciano

PARIS (UP — World heavyweight champion Rocky Marciano will fight the British champion, Don Cockell, in a 15-round title bout next June, Al Weill, world titleholder's manager, said today.

The match will be held either in London or in America, "wherever we could get more money," Weill said.

'Crazy-Quilt' Football Season Starts Last Half

By ED CORRIGAN

NEW YORK (AP)—The crazy-quilt college football season swings into the second half tomorrow with Notre Dame, Maryland, Baylor and West Virginia the only undefeated-untied survivors among the big boys.

* * *

The Irish, the No. 1 team in the country, tackle Navy at South Bend minus their coach, Frank Leahy, who collapsed during the halftime intermission of the game with Georgia Tech last week.

* * *

Notre Dame rates a better-than-three-touchdown favorite over the Middies, who until they were upset by Penn last week, were regarded as about the strongest team in the East.

* * *

Maryland, the class of the South and No. 2 in the weekly Associated Press poll, has a breeze in South Carolina as it races toward the championship of the new Atlantic Coast Conference and a bid to the Orange Bowl.

* * *

Baylor, which is stepping cautiously in its quest for the Southwest Conference title, plays Texas Christian in a loop game.

* * *

West Virginia, ranked fifth behind Illinois, holds the longest current winning streak of major teams—11—but its opposition has been on the weak side. The Mountaineers play Penn State tomorrow, and if they win, their place in the top 10 will be solidified.

* * *

Penn, the Ivy League club with the suicidal schedule, tackles Michigan at Ann Arbor, and it would be too much to ask George Munger's lads to spring two upsets in a row. Their 9-6 triumph over Navy must have taken plenty out of them.

* * *

The new favorite for the Big Ten title, Illinois, also gets a stiff test in Purdue, the outfit that pulled the shocker of the season by handing Michigan State its first defeat in 29 games last Saturday.

* * *

For its part, Michigan State will be in no mood to trifle with Oregon State and the Spartans could run up a big score. Georgia Tech, State's brother under the skin—it had a 31-game undefeated string snapped by Notre Dame last week—also has a relatively easy assignment in Vanderbilt.

* * *

The NCAA's coast-to-coast television game of the day will send Pitt against Minnesota at Minneapolis.

* * *

In the Far West, South California, which has looked better with each passing week, is the choice over Oregon, while UCLA, which would like nothing better than to make the Rose Bowl, has no softie in California.

MSC in Poor Physical Shape for Beaver 11

Three Players to Miss Game; Another Trio on Doubtful List

By ROBERT E. VOGES

EAST LANSING (AP) — Coach Biggie Munn was gloomily checking his sick list today as Michigan State prepared for Saturday's football meeting with Oregon State.

"We've never had so many players hurt or ill at the same time in the past four seasons," Munn said. "We're in bad physical shape for the game."

Quarterback Earl Morrall of Muskegon, a victim of glandular fever, is definitely out of the game.

So are center Jim Neal, also of Muskegon, and tackle Randy Schrecengost, regular kickoff man. Both sustained injuries against Purdue.

Johnny Matsock, Detroit quarterback, now is a doubtful starter because of a bad cold.

This leaves Tom Yewcic only quarterback with experience ready for the game.

End Ellis Duckett of Flint also is a question mark because of a battered ankle but may see part-time service. Don Dohoney of Ann Arbor, the other end, has just showed up for practice after being hospitalized with a cold and also may be fit for only limited duty.

Despite the dark picture painted by Munn, Michigan State was still the top-heavy favorite.

It was figured that the Spartans were due to roar back and take out their wrath on Oregon State after the 6-0 defeat by Purdue that ended their 28-game string of victories.

Oregon State was due in here today after a trans-continental train trip.

Grid Star Licks Polio

By WILL GRIMSLEY

NEW YORK (AP) — Fourteen months ago he was a few short gasps from death—paralyzed, helpless, aflame with fever and already given the last rites of the church.

* * *

Tomorrow afternoon at the Polo Grounds he'll snatch up a helmet from the field and take his place in the Fordham backfield against the University of Miami (Fla.) football team.

This is the almost unbelievable story of Jack Hyatt, 22, left halfback and co-captain of the Fordham Rams.

On Aug. 24, 1952, the blond Jersey City, N. J., athlete was stricken with an attack of bulbar polio. It was the kind of blow which would fell an ordinary man.

While lying in bed, choked with mucous and burning with a 107-degree temperature, he heard an attendant tell another not to change the bed clothes—"he won't live long anyway." He was conscious when a priest administered the last rites.

"It got me," he said later. "I was determined to pull through."

Hyatt's recovery was miraculous. Still, it seemed impossible that he could ever play another game of football.

* * *

Yet, okayed by doctors, he reported for spring practice. Fifteen pounds below his normal 175 pounds, he fought for and won his regular place in the backfield.

* * *

"We tried to nurse him along but he wouldn't stand for it," said Coach Ed Danowski. "He insisted on staying out on the field doing sprints when all the others were through. We couldn't stop him.

"Jack has started a couple of games for us and he sees plenty of action, but he is still some eight pounds short of his playing weight and not as strong as in 1951 when he led our team in scoring.

It's Time Out!

"That manager of mine sure has a heart of gold . . . always has his chauffeur shove my car when it won't start!"

Norris Overworked, Wedding Postponed

NEW YORK (AP) — International Boxing Club President Jim Norris, who has had several of his promotions called off, was himself a victim of a postponement today.

Norris, who was scheduled to marry columnist Betty Betz in Chicago Nov. 6, yesterday was ordered to take a complete rest for two weeks.

Examining physicians said Norris apparently had worked too hard on the IBC's recent championship fights—the Rocky Marciano-Roland LaStarza heavyweight bout and the Randy Turpin-Bobo Olson middleweight scrap.

Norris is resting at his winter home in Coral Gables, Fla.

Elks Hunter Roundup Scheduled on Jan. 7

Long-range preparations are under way now for the annual B. P. O. E. No. 810 "Hunters' Roundup." Dinner and program will take place at the Elks' quarters on Jan. 7.

Dr. H. A. Miller, chairman for the event, says there will be no speeches, but a very interesting program. Secretaries of deer hunting clubs, members from the Pontiac area, are invited to register for the party with the Elks Club, Orchard Lake Avenue, or with the Pontiac Press sports department.

Jockey Ted Atkinson never looks at the odds boards before a race. He thinks it is bad luck.

Sain Announces His Retirement

Yankee Hurler Quits to Enter Auto Business in Walnut Ridge, Ark.

WALNUT RIDGE, Ark. (AP)—New York Yankee pitcher Johnny Sain has retired from baseball to operate an automobile agency here.

* * *

Sain, who played in the major leagues for 11 years and in organized baseball for six years before that, won the opening game for the Yankees in the 1953 World Series in a relief role. His record for last season with the Yankees was 14 victories to 7 defeats.

* * *

He said yesterday he mailed his resignation to the Yankees this week.

The 35-year-old hurler, a native of Newport, Ark., got his start with the old Boston Braves in 1942 and played with them until 1951, when he was sold to the Yankees for $50,000.

* * *

The Yankee hurler said he had decided last spring that this would be his last year and when the Yankees clinched the pennant in September he told Yankee Manager Casey Stengel that he would retire.

Davidson Earns Shot at State Title With KO

DETROIT (AP) — Detroit heavyweight Embrell Davidson knocked out John Holman of Chicago in the 2nd round of their scheduled eight-round fight last night at Motor City Arena.

Davidson, 214½, floored Holman, 201½, three times with right hand smashes.

The victory earned Davidson the right to meet George Powell for the Michigan heavyweight championship. The date is undecided.

In preliminary four round bouts, Heck Charette, 157½, Windsor, gained a decision over Johnny Mack, 161¼, Detroit Al Hogan, 179, Toronto, outpointed Alphonso Green, 164¼, Detroit Willie Williams, 159½, Detroit, outpointed Mike Sassian, 159½, Detroit.

Fred Schwanz and Ed Schutte of Butte, Mont., had the same average after 69 games of bowling this season. Each man knocked down 10,481 pins for a 151 average.

CASE — Forward Body Movement.

For A Relaxed Start — Graceful form, easy to copy, is that of former world match champion

Junie McMahon. From the beginning — his stance — he is a picture of relaxation.

As the sketch shows, he holds the ball below waist line position, in the palm of the left hand to relieve the right hand of all pressure. The right hand, he emphasizes, does not take over until the ball goes into backswing following push-away action.

Holding the ball low, he says, gives a feeling of its weight and makes it easy to put into swing. More important, it pulls shoulders down into what is called a "forward body lean" and is the answer to relaxation.

Mantle Scheduled for Operation Next Week

NEW YORK (AP) — New York Yankee hopes for a sixth straight American League pennant may hinge on an operation to take place in Springfield, Mo., next Monday.

Mickey Mantle, whose right knee has been giving him trouble since he pulled a cartilege in the second game of the '51 World Series, will have the injured member operated on by Dr. Dan Yancey, a specialist.

Grains Recover Part of Losses

CHICAGO (AP)—Grains sold off at the opening and then recovered part of their losses on the Board of Trade today. Wheat got back close to the previous close on the recovery movement. Japan bought five cargoes of Pacific Coast white wheat over night, plus one cargo of corn. Soybeans had an easier trend than the rest of the market.

Wheat near the end of the first hour was unchanged to ½ cent lower, December $1.97¼; corn was ½ to one cent lower, December $1.49½, and oats were unchanged to ⅛ lower, December 77⅛. Soybeans were ¼ to one cent lower, November $2.73¼, and lard was five to 28 cents a hundred pounds higher, November $14.45.

Two Pontiac Men in River-Land Deal

ANN ARBOR (AP)—Five Detroit and Pontiac businessmen Friday announced the purchase of the 500 acre Loch Alpine tract off the Huron River Drive near Ann Arbor.

The tract, formerly the private estate of the late Detroit millionaire W. W. Blakely, will be developed as a combined residential and recreational area.

The purchasers were Fred H. Gottfurcht, A. Green and Dr. Samuel Coggan of Detroit; and J. J. Wainger and Jerome S. Varon of Pontiac.

Federal-Mogul Corp., Bearings Co. to Merge

DETROIT (AP)—Directors of Federal-Mogul Corp. of Detroit and the Bearings Co. of America, Lancaster, Pa. have approved a plan to consolidate.

G. S. Peppiatt, Federal-Mogul president, and J. W. Brady, Bearings president, announced the plan jointly yesterday. The proposal will be presented to stockholders of both companies Dec. 8. Federal-Mogul would acquire the name, assets and business of the Bearings Co. in return for payment of 72,300 shares of Federal-Mogul stock.

STATE OF MICHIGAN—In the Probate Court for the County of Oakland Juvenile Division.

In the matter of the petition concerning Russell Irving Clark, alias Fitzpatrick, minor. Cause No. 12412.

To Irving Clark and Mary Fitzpatrick, parents of said child.

Petition having been filed in this Court alleging that the present whereabouts of the parents of the said minor child is unknown and the child has violated a law of the State and that said child should be placed under the jurisdiction of this Court.

In the name of the people of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the Court House in the City of Pontiac in said County, on the 10th day of November A.D. 1953, at nine o'clock in the forenoon, and you are hereby commanded to appear personally at said hearing.

It being impractical to make personal service hereof this summons and notice shall be served by publication of a copy one week previous to said hearing in the Pontiac Daily Press a newspaper printed and circulated in said County.

Witness, the Honorable Arthur E. Moore, Judge of said Court, in the City of Pontiac in said County, this 29th day of October A.D. 1953.

Stocks Holding, Rails Look Up

NEW YORK (AP) — The Stock Market was mixed today with profit-taking cutting in on an early rise.

Changes either way were small. Most major divisions displayed a mixture of gains and losses.

Higher on balance, however, were railroads, rubbers, steels and oils. In the mostly lower cases were motors and coppers.

The Stock Market yesterday made one of the better advances of the year with virtually all sections of the market joining in. A final surge ahead was scored, and the market closed with prices right around their highest levels of the day.

Higher stocks included Southern Railway, Loew's, Bethlehem Steel, and Schenley Industries. Lower were Phelps Dodge, American Cyanamid, General Electric, U. S. Steel, and Studebaker.

Corporate bonds were mixed at the start.

Employment Level at Low for Year

DETROIT (AP)—Michigan has hit a new low for the year in industrial employment, the Michigan Employment Security Commission said today.

It was likely too, the commission said, that the employment level would fall still more because of expected or announced short term, mass layoffs in the auto industry for model changeovers in November and December.

September's employment was 1,213,000, including 508,000 in the auto industry.

Plan to Televise Ike's Address at Ottawa Nov. 14

WASHINGTON (AP) — Television cameras will be permitted in the Candian Parliament for the first time when President Eisenhower makes a major address to a joint session of the Canadian Senate and House of Commons on Nov. 14, the White House reported today.

Press Secretary James Hagerty said the address, climax of a two-day visit of the President and Mrs. Eisenhower in Ottawa, will deal with Canadian-American affairs and possibly matters of wider scope.

Hagerty released a rough schedule of events arranged for the goodwill visit. The President will leave Washington by train at 5:30 p.m., EST., Nov. 12.

The address will be delivered at 11 a.m. Nov. 14 in the House of Commons chamber, a rectangular hall about one third the size of the House of Representatives here.

Ex-Teacher Speaks to Business Women

WATERFORD TOWNSHIP—Mrs. John McLean, former teacher of dramatic arts at Columbia University and who has studied at the British Museum on the history of dramatic arts, was guest speaker for the Business and Professional Women's Club when it met at the Hangar Tuesday evening.

Her topic was "Vocations of Women — Past and Present."

Mrs. McLean told the history of women from the beginning of time and told of how and when women's work first took place out of the home. The invention of the tin can was the beginning, she said; industry was the second, and teaching was the third. The fourth was the establishment of offices for mills and factories. It was about this time that business schools were established.

Games and refreshments completed the evening's program.

Parties Planned at Two Schools

WATERFORD TOWNSHIP — Area Kiwanis and Rotary members, in cooperation with Waterford Township Recreation Board, have parties at Donelson and Jayno Adams Schools Saturday.

According to Thomas Belton, township recreation director, the parties which will begin at 7 p.m., will be for children 6 to 11 years old from the vicinity of the schools.

Refreshments will be provided by the Kiwanians and Rotarians. Parents will supply transportation, Belton said.

Greek Royalty Visits U.S. Thumbs Her Nose at Reds

By PHIL NEWSOM

Greece is back in the news for two widely separated reasons — one is the visit of the Greek king and queen to the United States, and the other is that once more Greece has thumbed her nose at Russia.

The link between the visit and the nose thumbing is Greece's unswerving friendship for the United States.

Coincidental is her refusal to be bullied by the Russian giant despite the fact that Communist troops stand at her borders.

The Greeks have rejected a Russian protest against the agreement giving the United States the right to use certain Greek air and naval bases, in the same way that similar agreements have been reached with Turkey, Denmark and Norway.

The gist of the Russian protest was that the Greeks had granted territory "for preparation for a new war" and that no one was threatening Greece anyway.

For the latter point, the Greeks undoubtedly have a word.

Greece fought a civil war against Russian-directed Communists and probably would have lost it had it not been for timely United States aid which included the services of U. S. Gen. James A. Van Fleet.

Greece, along with Turkey is well aware of Russian ambitions toward the Dardanelles and Bosphorus exist from the Black Sea and also knows that any sudden Russian thrust almost certainly would come through neighboring Bulgaria.

Further, she has daily evidence of the Communist threat.

A tiny Communist underground still is active in Greece, and receives daily encouragement and instructions in broadcasts from Iron Curtain countries.

Agents slip in from neighboring Red satellites with radio transmitters and supplies for the Communist cells.

Last year Greek authorities uncovered an underground radio station which had been transpitting political and military information to Bulgaria and Albania. Only a few weeks ago police located an underground printing plant which had been publishing an illegal newspaper and pamphlets.

A station calling itself "Free Greece Radio" and apparently operating in Bucharest, beams Greek language programs and propaganda three to four times a day.

A major subject is the "American occupation of Greece."

Both leaflets and broadcasts turn visits of American officials and businessmen into "evidence" of U. S. domination.

Posing a constant threat is a Red Guerrilla force of 20,000 troops which fell back behind the Iron Curtain at the end of the two-year Greek civil war.

The exiled central committee of the Greek Communist Committee boasts that it stands with "arms at foot," awaiting only the opportunity to push back into Greece.

A further menace are the several thousand kidnaped Greek children taken behind the Iron Curtain by the Reds. The Greeks charge they are being trained as shock troops for an eventual invasion.

Condemnation Trial Set for January 12

Trial date for Pontiac City's petition to condemn property at 11-49 Parke St. for a public parking lot was set for Jan. 12 today by Oakland County Circuit Judge Frank L. Doty.

The petition for condemnation was filed by City Attorney William A. Ewart in Oakland County Clerk's office last August.

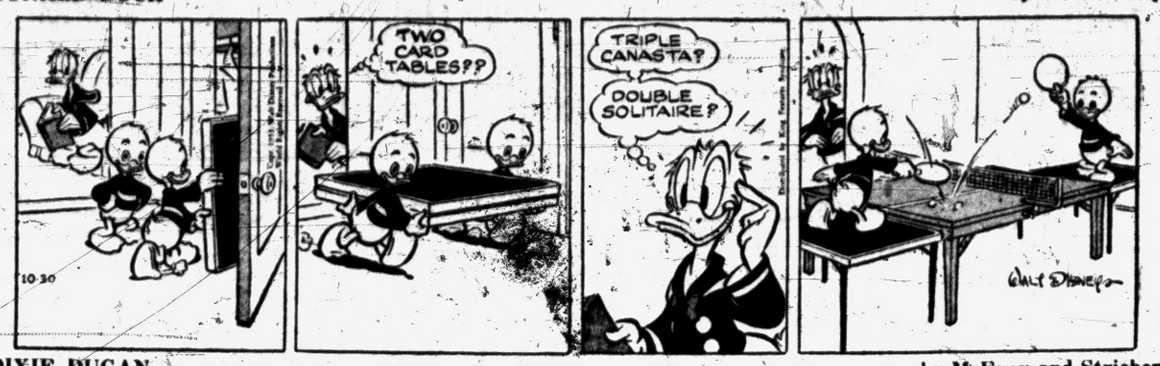

Use of the land plus adjoining city-owned land for a 200-car metered parking lot was deemed a public necessity by city commissioners.

The land is bounded on the east by Parke street, west by the Clinton River, north by Slater apartments and the city-owned land to the south.

Summerfield Defends Plans

Explains His Claim to Post Office Savings of One Million Per Day

SAN FRANCISCO (AP)—Postmaster General Arthur H. Summerfield last night defended his program "to bring the postal budget more nearly into balance."

The former Republican national chairman spoke at the closing session of the National Association of Postmasters. He discussed his controversial claim that "savings" of a million dollars a day have been achieved under the Republican administration.

Summerfield was the object of a highly critical speech Wednesday before the convention by Sen. Olin D. Johnston (D-SC). Johnston charged that the Postal Department was operating on a level far removed from the average postmaster and postal employe. And he added that Summerfield wasn't running things too well either.

* * *

In reply, Summerfield said his first effort was to cut 152 million dollars from the budget requests of his Democratic predecessors.

* * *

Then, he declared, by shifting various Post Office expenses—such as airline subsidies, franking and penalty mail costs—to other federal departments, the Post Office deficit was cut from 746 million dollars to 440 million.

He declared that future efforts to balance the Post Office budget would come from proposal to increase mail costs and efficiencies in mail handling and distribution.

Well Digger Caught, Dies in Cave-in

MT. CLEMENS, Mich. (UP) — Well digger David R. Wilkins, 28, died Thursday while fellow workers tried frantically to free him from a cave-in that piled earth up to his chin.

Wilkins was working at the bottom of a 25-foot well when falling earth entombed him. Fellow workers ignored his pleas to stay out of the well because of the danger of additional slides.

"Stay away," he gasped, "or you'll get hurt, too."

As workers dug tediously in an effort to save him, Deputy Sheriff Leon Kandt was lowered into the well with a resuscitator. When the apparatus failed to keep him alive the Rev. Thomas Esper of St. Louis' Catholic Church went into the well and administered final rites.

Then a doctor pronounced him dead. Wilkins' body was removed from the well several hours later.

Hiring Costs Cut by Co-op Agency, Companies Find

LOS ANGELES (UP) — More than 100 small businesses receive the benefits of a large personnel department through their co-operatively run employment organization.

The Mutual Employers Association, Inc., supported by 116 small companies, hires an applicant for any one of its firms at about one-fifth the usual cost and without charging the applicant, usual practice here.

MEA companies run from three to 350 employes. A company of more than 350 should have its own employment group, according to the association which was formed by businessmen four years ago and which now occupies 23 office rooms and has 14 employes.

Testing and interviews produce a profile of the applicant which is then referred to a specific company. The company or MEA may do the actual hiring. An applicant who merely comes to the organization is, in theory, applying to 116 companies.

Fingerprinting gets rid of undesirables, who customarily depart in a hurry.

MEA's income is derived from member firms. The association says the usual outside hiring cost runs to $300 per person while its cost is only $60.

Senator Calls Tax Hike Unfair

Social Security Levy Should Not Be Raised, Says George

WASHINGTON (AP)—Sen. George (D-Ga) said today Congress should knock down the billion-dollar social security tax increase which becomes effective Jan. 1.

George, senior Democrat on the tax-handling Senate Finance Committee, said in an interview it would be "less than fair" to persons in low-income brackets to let the increase stand while income tax rates go down.

The net result, he said, would be a bigger tax load on "the little fellow" and a tax saving to others. Many persons don't earn enough to be liable for income taxes, but the big majority of wage earners must pay social security taxes to finance the federal retirement and death benefit program.

Personal income tax rates, under existing law, will go down about 10 per cent on the first of the year. The excess profits tax on business expires at the same time. But Jan. 1 is also the date when social security taxes are due to go up from the present 1½ to 2 per cent each on employes and employers.

The Treasury has estimated this total increase, from 3 per cent to 4 per cent on a worker's earnings, will bring in about a billion dollars more a year. Social security taxes are collected on only the first $3,600 of a worker's wages, so the maximum social security tax jump will be $18 a year.

President Eisenhower last summer asked Congress to delay indefinitely the social security tax increase, but Congress took no action and the request was not pressed.

"Congress and the executive department are morally committed to eliminate the excess profits tax and to let the last raise in income tax rates expire," George said.

* * *

"The scheduled increase in social security taxes should not be retained if the other taxes are allowed to decline."

He said he thought the tax rate could be rolled back to the existing 1½ per cent each for employer and employe "for some reasonably brief period" without impairing the social security fund's stability.

Sylvan Lake Men's Club Aids Park Courts Fund

The Men's Club of Sylvan Lake has donated $440.38 toward constructing two shuffleboard courts and a horseshoe court equipped for night play at Sylvanite Haven Park, City Manager Ernest Ethier said today.

Ethier estimates total cost of the project at $1,050. The courts are expected to be put into use next spring, said Ethier.

Expect Gas Heating Go-Ahead by Dec. 1

LANSING (AP)—Prospects of adding 9,600 additional space-heating customers by Dec. 1 were considered hopeful today by Michigan Consolidated Gas Company—but the outlook for an even larger expansion in the near future was dim.

Michigan Consolidated said its affiliate, Michigan-Wisconsin Pipeline company, had asked the Federal Power Commission to modify the tariff under which it supplies Natural gas to Michigan Consolidated.

It is the tariff which Michigan Consolidated has contended prevents if from obeying a state public service commission order to add the 9,600 customers.

A spokesman for the gas company said the petition must lie before the FPC for 30 days awaiting protests, but that it did not expect any objections. If none are filed, it said, it can start adding the 9,600 new customers Dec. 1.

Detroit Woman Succumbs

JACKSON (AP) — Mrs. Mary Schmidt, 57, of Detroit died in Mercy Hospital Thursday after she was reportedly taken ill Wednesday night while watching the harness races at Jackson Raceway. Her family has requested Coroner Edward H. Montgomery to perform an autopsy.

Bethlehem Steel Tells of Record Earnings

NEW YORK (AP) — Bethlehem Steel Corp., the nation's No. 2 steel producer, is rushing into 1953's final quarter at 104 per cent of its rated production capacity and with a fat earnings record of $9.25 a share behind it for the past nine months. The nine months earnings of $93,525,340 smashed the previous nine months record of $90,800,000, equal to $8.96 a share, set in 1950.

Third quarter earnings of $34,030,204, or $3.38 a share broke the 1950 third quarter high mark of $33,563,841, or $3.33 a share.

Wages in Building Trades Show Rise

WASHINGTON (AP)—Building trades workers were earning an average of $2.71 an hour on Oct. 1—10 cents an hour above the level at the start of the year, the Bureau of Labor statistics reported today.

The bureau said average union wage scales in the construction trades rose slightly in the July-September period, but at a slower rate than in the third quarter of 1952.

The bureau made public the results of its quarterly survey of seven major building trades in 85 cities. Their wage level on Oct. 1 was about one-third higher than the 1947-49 average, it said.

Sylvan Lake Acts on Icebox Menace

Sylvan Lake residents having old icebox or similar containers, with doors which cannot be opened from the inside, are asked to remove the doors or call the city hall to have them picked up and destroyed, according to City Manager Ernest Ethier.

Other city business, Ethier said, includes a meeting in early November with a representative of a firm of bond consulting attorneys and Consulting Engineer Lewis M. Wrenn, for a report and consideration of methods to finance a Sylvan Lake water project.

On Nov. 1, Ethier stated, a penalty will be added to unpaid sewer charges for the period from April 1 to Oct. 1.

Hal Boyle Says:

Teeners Can't Spell Money 'Til They Write Home for It

NEW YORK (AP) — Facts and figures with which a husband can impress his wife:

Do you have a kid in high school you'd like to help get ahead in life later? . . . then teach him yourself how to spell.

An insurance company poll of graduates of today are more alert, self-confident and mature than those of 20 years ago . . . but their "spelling is awful."

Some can't even spell money until they go to college and have to write home for it . . .

Fishing trips cause trouble in some marriages . . . if your wife objects to your going fishing, tell her what a swell sport Cleopatra was . . .

She not only built a luxurious floating palace to take Mark Anthony on angling journeys up the Nile River — she even hired divers to go down and put fish on his hooks! . . .

No wonder she became famous . . . but where can a man find a girl like that today?

Of the gals who bump up against the law, 20 per cent are now arrested fo rdrunkenness . . . the best increase in feminine criminals is among teen-agers . . .

Had your wife's head under a microscope lately? . . Some beauty salons now are using microscopic analysis to see which one of the seven basic hair types a customer's tresses fall under . . .

The technique is supposed to help determine the right kind of permanent wave to give her . . . barber shops haven't gone in for it much . . . few men would let anybody look at their head through a microscope . . . but they wouldn't object to a telescope . . .

It is estimated there are 314,000 blind people in the U. S., of whom 78,000 are employable but can't find work . . . some 60,000 more people will lose their sight in the next 10 years, including some, of course, who could give a job to a blind man or woman now if they chose to . . . could you yourself use a seeing-eye conscience? . . .

Toy manufacturers say Santa Claus will tote 450 million dollars worth of playthings down the nation's chimneys this Christmas Eve. . . . and the pessimist figure the kids will have all but about 10 dollars worth of this loot busted by New Year's Day . . .

The late Wilson Mizner, Broadway's fabulous wisecracker, also was one of the most successful men in history with the ladies . . . he married a widow reported to be worth $7,500,000, and his biographer, Alva Johnston, says the penniless jester borrowed 10 thousand dollars from the lady 24 hours after meeting her . . . even Casanova didn't work that fast . . .

"You can't wear amusing hats in the daytime," says Helene Orcel, famous French milliner . . . maybe not, but 50 million American women are making a game try to prove she's wrong . . . nothing improves the average woman's hat like an ecilpse . . .

Have you ever thought of cutting down your electric bills by illuminating your home with lightning bugs?

Well, don't bother . . . it would take 1,000 to 2,000 fireflies to match the light from a candle, and 137,000 to equal a single 60-watt frosted bulb . . . It is beginning to look more and more as if Thomas A. Edison was on the right track.

Goering's Yacht Sails in Long Island Sound

GREENWICH, Conn. (UP)—A yacht built for Nazi Hermann Goering, but completed while he was contemplating suicide in an Allied jail, is now sailing the waters of Long Island Sound.

The 55-foot craft, Groote Beer (Great Bear) was built by Dutch shipwrights to Goering's specifications. But the craftsmen found every excuse to delay its completion, and when it was finally finished, the war was over and Goering was in custody.

A Greenwich exporter, Charles L. Donnelly, bought the yacht and had it shipped to this country.

Mississippi University Sets Up Stills—Legally

OXFORD, Miss. (UP) — Four first cousins to the backwoods moonshine still are slated to go into operation on the University of Mississippi campus here and "revenooers" say they're legitimate.

Registered with the bureau of Internal Revenue, the stills will be used in the college's new $50,000 chemical engineering laboratories for experiments in purifying turpentine, refining petroleum and producing drinking water from salt water.

The college says the new equipment will give the student "basic knowledge to prepare him for any situation"—but officials add the professors will carry the keys to the room housing the four stills.

Thunderbolts Grounded

NIAGARA FALLS, N. Y. (UP) —The U. S. Air Force's last F-47 Thunderbolt fighter plane was placed on "inactive duty" at the air base here recently. The Air Force now uses F-86 Sabrejets.

Normal Animal Actions Cause Shocking Results

PHOENIX, Ariz. (INS) — Veteran line repairmen of the Salt River Power District are no longer surprised at the causes of power stoppages.

They listed a few of the "normal" causes as follows:

A snake crawled up a lattice steel pole to get at a bird's nest on a cross-arm. Crossing high voltage cables, the snake blew the line.

An inquisitive owl looked for bugs in a disconnecting switch, causing a flashover and burning a hot wire in two. The wire dropped on another line and started a real fireworks display.

Birds building nests pick up strands of fine wire. On their way to the nesting area, they rest on a power line. The wire touches another line. Blowout.

New electric utility plants to be built in the United States by 1956 will consume 46 million tons of coal annually.
