IN STORM'S WAKE — Central Upholstering Co., 105 S. Saginaw St. is left with a broken window and a dangling sign as a result of the driving gale. There was similar damage up and down Saginaw street.

Savage Storms Whip Midwest; Claim 9 Lives

335 Marooned 8 Hours as Trains Hit 12-Foot Wisconsin Snowdrifts

By The Associated Press

A savage winter curtain call of fierce wind, snow and rain storms howled across the midwest during the weekend and swept eastward with undiminished fury.

At least nine deaths were blamed on the whiplash storms.

The late winter storms left thousands of persons stranded for hours.

Included were 335 passengers of four Chicago & North Western trains which got stuck in 12-foot snowdrifts in Wisconsin. All of the trains had sufficient fuel to heat the cars and all passengers had food during their enforced layovers, ranging up to 12 hours.

The last of the stalled trains, with 150 passengers aboard, was pulled free Sunday night, eight hours after it was halted by huge drifts about 12 miles north of Green Bay.

Striking as spring stood waiting in the wings for its seasonal debut on Saturday, the storms brewed tornadoes which killed three persons in Arkansas.

The rigors of snow shoveling claimed two lives in Iowa. One person was killed on a highway Sunday in Michigan when a heavy snowfall reduced visibility; a pulp cutter died of exposure in his cabin in northwest Michigan.

In Cleveland Heights, Ohio, a man was blown off a second-story porch and killed Sunday during a windstorm which carried gusts up to 82 miles an hour.

In Texas, a firefighter was fatally burned while helping subdue a prairie fire that burned over thousands of acres of range and timber lands in the western and north-central portions of the state. The fire destroyed several buildings and some cattle were killed by the flames.

More than a score of persons suffered injuries in the storms. Property damage was heavy.

OUT OF ROCKIES

The massive storm center, rolling out of the Rockies Saturday, dumped heavy snow on Wisconsin, Iowa and Nebraska. The vicious winds battered northern Midwest areas with gusts up to 78 m.p.h.

Roof Debris Lines Saginaw Street

WIND DAMAGE — Tarpaper from the windstruck Chapman Hotel lines Saginaw street in front of Lynn Jewelers & Opticians, where a plate glass window was smashed by flying debris in yesterday's windstorm. The car was driven in front of the store to protect the windows from further damage, as high winds raked the area throughout the day.

60 M.P.H. Wind Topples Trees in Oakland Area

Vicious Storm Strips One Waterford Home of All Its Shingles

Pontiac and Oakland County cleaned up today in the wake of a late-winter gale that whipped the area yesterday with blasts upwards of 60 miles an hour.

Shingles were ripped from hundreds of homes, trees toppled, store windows shattered, and wires were downed.

Traffic was blocked twice on Saginaw street as roofing from the Chapman Hotel and Goodman's Department Store was ripped loose and scattered over the pavement.

Seven large plate glass windows at the S. S. Kresge Miracle Mile store were smashed, causing more than $5,000 damage.

Merchandise blew out of a downtown jewelry store window and one Waterford Township home was completely stripped of shingles.

The weather bureau said the blasts would level off today around 20-30 miles an hour, accompanied by a few snow flurries and temperatures in the mid-thirties.

The mercury dropped 15 degrees in two hours around noontime yesterday as the sudden gale brought a sharp end to the balmy taste of early spring.

Roofing and lumber from the Goodman store, 515 S. Saginaw St., were hurled into the southbound lane in front of the store, blocking traffic for more than 1½ hours.

City crews had to chop the debris into pieces in order to remove it from the street.

Two truckloads of tarpaper were collected from the streets after roofing was ripped loose from the three-story Chapman Hotel, 4 S. Saginaw St.

Pieces of tarpaper blew crazily over the corner of Pike and Saginaw, with one large 24-inch chunk smashing through a plate glass window in Lynn Jewelers & Opticians store, 1 S. Saginaw, across the street.

About $100 worth of merchandise on display in the window blew away, said the store owner, Jerry Lynn.

Windows also were broken at Fred N. Pauli Co., Jewelers, 28 W. Huron St.; Central Upholstering Co., 105 S. Saginaw St.; Hibbler's Five to a Dollar Store, 430 Oakland Ave.; and Winkleman Brothers Apparel, Inc., 7 S. Telegraph Rd. in the Tel-Huron Shopping Center.

A glass sign was smashed at Baker Optical Co., 86½ N. Saginaw and the Central Upholstering sign was ripped half loose.

No wires or trees were downed in Pontiac streets, said Police Lt. George T. Scott, although roads were blocked in the county in many places.

Ike Places Heavy Stress on Berlin Speech Tonight

WASHINGTON (UPI) — President Eisenhower delivers his radio-TV report on Berlin tonight against a background of crisis described as "the most serious since Korea, perhaps more serious."

The President, who will speak over all major radio and television networks from 9:30 to 10 p.m., E.S.T., was said to regard the speech as one of the most important he has delivered since entering the White House.

The seriousness of the Berlin situation was emphasized by Assistant Senate Democratic Leader Mike Mansfield (Mont.) who called for Eisenhower to "lay it on the line" in his address to the nation.

Mansfield urged the government to evacuate U.S. military dependents from Berlin so American forces there would be ready for any showdown with Russia.

The President may work on his speech almost until broadcast time. He passed up church services Sunday and restricted his appointment list today to work with Malcolm Moos, the chief Presidential speech writer.

Eisenhower is expected to couple his report on the Berlin situation with a strong new defense of his military and foreign aid programs, both under heavy fire in Congress.

UAR-Iraqi Tensions at Boiling Point

From Our News Wires

BEIRUT—Steadily deteriorating relations between the United Arab Republic and Iraq plunged to a dangerous new low today.

The tense situation had become so acute, the Cairo newspaper Al Ahram reported from Damascus, that Iraqi authorities ordered all UAR citizens in Iraq to get out of the country within 24 hours.

At the same time in Moscow, Nikita Khrushchev accused President Gamal Abdel Nasser of the United Arab Republic today of stirring up trouble in Iraq and warned: "The Soviet Union is not indifferent to the situation."

Khrushchev spoke at the signing of a Soviet-Iraqi economic agreement in the Kremlin.

Moscow radio quoted him as saying "we are all pained" by Nasser's recent anti-Communist speeches in Damascus.

Relations between the two Arab nations, already strained, reached the breaking point last week with the abortive Iraqi revolt centered around Mosul, which Baghdad blamed on the UAR. Both nations have since traded vitriolic insults and 12 UAR diplomats were expelled from Baghdad last week.

★ ★ ★

The hate-Iraq campaign of United Arab Republic President Gamal Abdel Nasser reached a crescendo in Cairo today where tens of thousands of screaming demonstrators hanged effigies of Iraqi Premier Abdel Karim Kassem alongside an insulting assortment of dead dogs, cats and mice.

The mammoth anti-Kassem demonstration started with a memorial procession through the streets of Cairo, honoring the Iraqis who died in the revolt in northern Iraq last week.

The marchers, caught up in hysteria, screamed "enemy of God!" every time Kassem's name was spoken. They called Nasser "hero of Arab nationalism."

In the latest demonstration in a massive anti-Kassem, anti-Iraq propaganda campaign, marchers carried red-painted coffins with pictures of Kassem plastered on the sides. The pictures were labeled "the Baghdad executioner" and "killer of women and children."

Lenten Guidepost to Plenty in Life

Teaspoon, Gallon Bucket— Choice of Dipper Is Ours

By ERNEST HOLMES
Founder of the Church of Religious Science

A working mother came into my office recently in a state bordering on despair. Regardless, she said, of how earnest were her prayers, how humanly good she attempted to be, how hard she worked, (and she did work hard), she could not seem to realize in her life the bare necessities — let alone adequate supply or complete abundance.

HOLMES

She wanted my help, through prayer, and I was more than willing to give it, "but you will have to cooperate," I told her.

"What more can I do?" she asked simply.

"Try an experiment which may, at first, seem rather pointless to you. Go down to the ocean," I suggested. "Sit on the beach and imagine how many grains of sand there are; then how many fish in the sea. Next go to a nearby park and estimate how many leaves and buds grow effortlessly on each tree. Tonight, look up at the uncounted number of stars that spangle the sky—try filling yourself with the thought of the lavishness, the extravagance of Nature."

After her years of perspiration and striving, this seemed almost too simple—to go out and "consider the lilies." Yet I was certain from past experience that she needed to open up her consciousness to a larger concept, to an Infinite Storehouse which can supply all things in abundance.

It has been my experience, for example, that when I pray for two people—one used to doing things in a big way, and the other used to performing in a rather small way—when both were open to receive, the one accustomed to big things received big things, and the one accustomed to little things received less.

Why was this so?

Because it is my conviction that there is a law of God, ready, willing and able to respond to us directly in proportion to how much faith we have.

Since God can only give what we will take, and since taking is a mental act, we must train our minds to believe and to accept. That is why Jesus said . . . "and as thou hast believed, so be it done unto thee."

The working mother before me had entered a downward spiral, asking for, and thereby receiving, less and less of the things she wanted from life. Yet, we can go to the Infinite Storehouse with

Flint Father Kills Wife, Tots

Hacks Spouse, Drowns 2 Daughters; Blames Slayings on 'Urge'

FLINT (AP)—A 32-year-old public school music teacher and symphony orchestra member was held today in the hatchet slaying of his wife and drowning of two small daughters.

All three were put to death in pre-dawn hours yesterday at the family home. Two other daughters were spared.

In custody is the husband and father, James R. Seeley, part-time school teacher, who police said blamed the slayings on "an urge to kill."

The wife, Carol, 32, was hacked to death in her bed with a hatchet and knife.

One daughter, Connie, 6 months old, was drowned in the bathroom toilet and the other, Carol, 4 years, in the bathtub, police said.

The other two girls, Karen, 8, and Martha, 9, were left unharmed in a third bedroom where they slept together.

Police Lt. John Burton said that Seeley, respected in his neighborhood and in the city's schools, admitted taking the three lives upon returning home at 2 a.m. from a round of bar visits.

Burton said Seeley told of going to bed, then awakening with "an urge to kill."

Seeley said the urge left him after he killed Mrs. Seeley, Carol and Connie and that he did not molest the other two girls, Burton reported.

Seeley drove the five miles from the family's ranch-type home to police headquarters to report discovering the deaths when he came home.

However, Burton said he admitted later after hours of questioning that he had been the killer.

HELD IN TRIPLE SLAYING — James R. Seeley, 32, of Flint is taken into the detective bureau by Patrolman James Burke. Police say Seeley has admitted killing his wife and two younger daughters. He spared two older daughters sleeping in another room. Seeley is a musician and part-time music teacher in the Flint Public Schools.

Straley's Side of Story Due

Tonight's Hearing to Get Defense Testimony on Ouster Charges

Defense witnesses for suspended Police Chief Herbert W. Straley will occupy the spotlight tonight as the Civil Service Commission resumes its hearing

★ ★ ★

The hearing will begin at 7:30 p.m. in the City Commission chambers.

On the stand will be Police Lt. Clayton Randolph, who was commander of the Traffic Bureau until Dec. 31, 1958, when the bureau was abolished by Public Safety Director George D. Eastman.

Straley was suspended Feb. 9 by City Manager Walter K. Willman. He is accused of incompetency and inefficiency, insubordination, neglect of duty and failure to maintain good behavior.

★ ★ ★

Civil Service Commissioners have indicated they will also hold hearings Wednesday and Friday evenings in an effort to conclude the case by March 31.

They reportedly wish to wind up the hearing before April 6, when a vote is scheduled on whether the city will retain the Civil Service Act.

Sees Good Climate for New Car Sales

DETROIT (AP) — Dealers' new car stocks totaled 703,897 units on March 1, compared with 650,193 on Feb. 1, Automotive News said today. On March 1 last year stocks totaled 865,566 units.

The trade paper said:

"The February addition of fewer than 55,000 new units to stocks, together with firmer profits and economy-model shortages, added up to a selling atmosphere vastly superior to that of a year ago.

"Supporting the improved pre-spring outlook was the fact that shortages of 'cheapie' models and hot higher-priced units are prevalent so long after '59 introductions.

"Chevrolet, Ford and Plymouth dealers all chant one chorus of, 'Send me more stripped sixes.'"

Wind Becomes Switch-Engine for Coal Gondola

A powerful gust of wind yesterday acted like a switch-engine, shunting a coal gondola from its Romeo siding onto the main Grand Trunk line, and rolling it along for a mile and a half.

The runaway car was first seen as it crossed 32 Mile road all by itself with the automatic flasher lights on at the crossing, Romeo State Police reported today.

Troopers Donald Ulrey and Robert Bratschi set out in pursuit in their patrol car. They caught up with the empty car at a crossing at Powell and 33 Mile roads.

The officers boarded the car and set the handbrakes bringing it to a halt. It caused no damage on its runaway trip.

6 Fires Kill 33 Children, 4 Adults

Detroit Blaze Claims 4 Tots

Carleton Bank, Stores, Redford Church Also Burn This Weekend

By The Associated Press

Six fires in as many states killed 37 persons, 33 of them children, during the weekend and early today.

Four of the children perished in a Detroit fire.

At Cross Hill, S.C., a tenant farmer and 10 children died in a fire that destroyed a five-room farm house early Sunday.

Dan Byrd Jr., 32, eight of his children, and two of their young friends were unable to escape from the flaming house.

Authorities speculated the fire started from a woodstove.

In Philadelphia, eight children of one family died today when fire destroyed their three-story brick dwelling in the North Philadelphia section.

Fleeing the blaze were the parents, Mr. and Mrs. Cornell Johnson, and two daughters, Helen, 4, and Willie Mae, 17.

The dead were identified as Annie Lee, 20, Alice, 19, Patricia, 15, Delethine, 12, Julie, 5, Nadine, 2, and twins Darnell and Calvin, one year old.

In addition to the fatal Detroit fire, two other wind - whipped blazes swept a Detroit church and part of the business district of nearby Carleton Sunday.

OLDEST WAS 5

The four child victims, trapped in a blaze Saturday in their basement apartment home with their parents absent, were Marvin, 5; Michael, 4; Tyrone, 3, and Anthony, 16 months.

The father, Ellis Taylor, 28, said he was absent on a brief errand. The mother, Regina, 24, was visiting friends.

A bank and three stores were damaged in the Carleton fire. Damage was estimated at $50,000.

The Redford Baptist Church of Detroit, unoccupied at the time, was swept by a blaze believed to have started in joists under the first floor.

At Superior, Wis., a father and his five small children perished early today in a fire which swept their duplex home.

The dead were John Anderson, 34, and his children—Marjie, 7; Rita, 6; Charles, 4; Johnny 2½; and Dorothy, 1.

In Halfway, Ore., fire erupted in a home here Sunday and three children died in a closet where they apparently attempted to escape the flames.

The two boys and one girl were the children of Mr. and Mrs. Warren Yardly, aged 4 and 2 years, and 9 months.

Police Chief Ellis Makison said it appeared the children were playing with matches when they were supposed to have been asleep. The parents were away.

In Buckingham, Va., fire burst through a small log cabin occupied by seven persons in rural Buckingham County early today, taking five lives.

Only the husband of one of the victims and an infant escaped.

The building burned so rapidly that firemen were not summoned.

David Moseley, about 20, told authorities of this central Virginia county he was awakened about 3 a.m. by his wife who said the cabin was in fire. He said he roused the other occupants, all sleeping in the same room, grabbed a 7-month-old child and ran outside.

When he tried to re-enter the house, he said, he was driven back by the flames.

Thompson Trial to Open in Flint

Select Jury Tomorrow in Arson Case Tied to Kierdorf Torch Death

Details of the sensational fatal 'torch' burning of Teamsters business agent Frank Kierdorf last summer will come to life again tomorrow as the arson trial of Kierdorf's fellow business agent, Jack D. Thompson, opens in Flint.

The trial of Thompson — once described as Kierdorf's "closest friend" — will start with the impaneling of a jury in Genesee Circuit Court. Thompson's attorney requested a jury trial. No judge has been selected as yet.

★ ★ ★

Genesee County Prosecutor Jerome F. O'Rourke said he has 91 potential witnesses for the state, including Atty. Gen. Paul L. Adams, who directed the investigation.

Seventeen witnesses are from the Pontiac area.

Included are Oakland County Prosecutor Frederick C. Ziem, Chief Assistant Prosecutor George F. Taylor; Kierdorf's uncle, Herman, of Madison Heights, and Leaun Harrelson, president of Pontiac Teamsters Local 614.

★ ★ ★

Others are mostly Pontiac police officers and detectives who investigated the case after Kierdorf, near death with burns over 85 per cent of his body, stumbled into St. Joseph Mercy Hospital early Aug. 4. Nurses and a doctor who treated Kierdorf have been subpoeaned to testify also.

★ ★ ★

The baffling mystery of the 56-year-old Kierdorf, an ex-convict who had refused to answer questions by the Senate Rackets Committee, was rekindled in December with the arrest of Thompson. Both Thompson and Kierdorf were members of Flint Teamsters Local 332.

Investigators believe Kierdorf received his fatal burns Aug. 3 as he attempted—along with Thompson — to burn down the Latreille Dry Cleaners shop on the outskirts of Flint.

As yet, investigators have not been able to discover why the alleged arson was committed.

The Day in Birmingham

Police Aid Accord Among 15 Departments to Get OK

BIRMINGHAM — City commissioners are expected to approve the proposed Reciprocal Police Aid Agreement tonight. The plan calls for a "trading" of personnel and equipment between 14 area communities and Royal Oak Township police departments.

The agreement would be put into effect in the event of man-made or natural emergencies when extra officers, cars and first aid equipment would be needed, according to Birmingham Police Chief Ralph W. Moxley.

★ ★ ★

Mayor Carl Ingraham has been notified by the Michigan Week Committee that Birmingham will exchange mayors with Saugatuck City on May 18.

City Engineer Grover E. Serenbets is asking city commissioners to approve the amendment of vehicle weight and load ordinances immediately. He said weight controls are all ready being enforced on "flexible base" streets.

The proposed modification deals mainly with fines levied against excessive weights. None shall exceed $500 on the basis of a sliding scale running from 2 cents per pound to 8 cents per pound according to the total overweight, Serenbetz said.

Two area schools suffered damages during the wind storm which swept the area yesterday. At Birmingham High School, seven windows were destroyed, and at Vaughan Elementary School a large section of copper flashing was torn from the eaves.

Several area stores had windows broken and awnings ripped by the high winds.

Architect Linn Smith of Smith, Tarapata and McMahon will speak at the Friends of the Baldwin Public Library meeting at 8:15 p.m. tomorrow in the library auditorium.

He will discuss the proposed addition to the 32-year-old building and will explain the problems of such construction.

Smith, with Ralph Ulvling and Charles M. Moorhardt, director and assistant director of the Detroit Public Library, has been working on the Baldwin plans for nearly a year.

"Hobbies" will be featured at the Baldwin Elementary School PTA meeting at 8 tonight in the school. Among the hobbies exhibited will be historical souvenirs, Indian crafts and model trains. Parents and students are taking part.

Ray Filkins

Services for Ray Filkins, 71, of 751 Chestnut St. were to be held this afternoon at the Bell Chapel of the William R. Hamilton Co. with burial at White Chapel Cemetery.

Mr. Filkins died at his home Friday after a long illness.

He retired in 1955 after 39 years with the Ford Motor Co. as a machinist. For the past two years he has been employed by the Birmingham Police Department as a school crossing guard at Hunter boulevard and Oakland avenue. He was a member of the First Presbyterian Church.

Surviving besides his wife, Iva, are a daughter, Mrs. Dale G. Ballard of Orlando, Fla.; three sons, Rex of Troy, Robert of Walled Lake and Jack of Clawson; a brother, and 14 grandchildren.

Mrs. Carrie Y. Mitchell

Mrs. Carrie Y. Mitchell, 76, of 24447 Bloomington Ct., Franklin, died at her home Saturday after a long illness.

She is survived by her son, William H. in Franklin, with whom she lived; a brother, a granddaughter and two great-grandchildren.

The body is being sent today from the Bell Chapel of William R. Hamilton Co. for services and burial in Louisville, Ky., tomorrow.

was at 297 W. Wilson Ave., where a tree toppled against the front of a home.

There was about $700 damage to merchandise and counters at the Kresge store, said the manager, Richard Williams.

Half the windows in the store were boarded up today. Windows in four other stores in the shopping center were also smashed.

The C. E. Haynes home at 149 Avery St., Waterford Township, lost all is shingles.

The Haynes and their three children were quietly watching television when winds attacked the roof, sweeping all the shingles away within a matter of minutes.

★ ★ ★

Pontiac Municipal Airport reported that the blasts reached 60 miles an hour there, although bursts up to 78 miles an hour were recorded at Willow Run Airport.

Robert A. Stierer, assistant city manager, said that other damage in Pontiac was light. Freak accidents and wind damage were reported throughout the Oakland County area.

Wires were downed at Andersonville road and U.S. 10, blocking traffic and leaving the area without power.

★ ★ ★

A 4 x 12 - foot fiberglas awning blew off a house at 151 Millville Rd., near Lapeer, landing 30 feet up in a tree. Lapeer County Sheriff's deputies were called to haul it down before it fell on cars which were passing underneath.

Officers from the Lapeer County Sheriff's department, Romeo State police and Lake Orion police departments were called out to remove trees which had fallen over roads in the three areas.

Traffic was rerouted at 29 Mile road and Van Dyke, south of Romeo, when a sputtering wire fell across the highway.

A power line snapped and set fire to a transformer on a utility pole one-half mile north of 34 Mile road, near Romeo last night leaving some 2,000 residents of the nearby community of Almont without electric power for about an hour.

★ ★ ★

A showroom window blew out in the Ford salesroom at Buckhorn Lake near Lake Orion at the height of the blow, Lake Orion police reported today.

A sudden gust of wind Sunday forced a wall to collapse on a garage on Wolcott Rd., southeast of Romeo, causing the roof to cave in too, Romeo State Police said.

In Romeo, a large plate glass window in Chamberlin's Hardware on S. Main street was shattered by high winds, and all street lights were out in the community, except in the business district, last night when a downtown power line was severed.

Awnings on two Main street stores in Romeo were ripped to shreds yesterday by the winds. Large metal letters above several local business places were also blown down or damaged, local police said.

The winds were expected to die down even more tonight. Tonight's low was expected to reach the low-twenties while tomorrow's high is predicted at 40.

Virtually no section of the state escaped the onslaught.

Northern Michigan was struck by up to a foot of snow and schools were closed in many places.

Driving was described as very dangerous in the northern and western portions of the state, where hundreds of automobiles were reported abandoned on icy, snow-swept roads.

At least one death was attributed to the storm. The body of exposure-victim Charles Marsh, 59, was discovered in his cabin in Benzie County.

★ ★ ★

About 30 homes west of Pontiac General Hospital were without electricity for about an hour after a falling limb damaged a Consumers Power Co. transformer.

Power failed briefly due to transformer trouble along Lafayette street, while about 40 homes throughout the city were affected when branches snapped individual power lines.

At least 500 homes elsewhere in Oakland County were powerless for varying lengths of time yesterday, Detroit Edison Co. said. Edison crews repaired 39 line breaks and restored four toppled poles.

The lowest temperature recorded in downtown Pontiac preceding 8 a.m. was 24 degrees. At 2 p.m. the thermometer read 31.

Williams Calls for GOP Action

Challenges Legislators to Solve State's Crisis as Bond Plan Fails

From Our News Wires

LANSING — With the practical deadline for a borrowing solution to the state's cash emergency already past, Gov. Williams today challenged Republican legislators to come up with an alternative proposal.

★ ★ ★

"It's going to be impossible to meet the cash situation without legislative action, of that I'm sure," the governor told a news conference.

The last chance for a borrowing solution went down the drain Friday when Senate Republicans rejected a house-approved proposal for an April 6 statewide vote on a 50 million dollar bond issue.

A well aged proposal to cure Michigan's fiscal woes by tapping the Veterans Trust Fund was off the shelf again today as the Legislature went into its 10th week.

★ ★ ★

The proposal, which was first made by Williams the first week the legislature met, was put aside when it appeared there was a chance for agreement on a bonding plan that would go on the April 6 ballot.

But the bonding plan was defeated Friday and one of Williams' aides said last night he knew of no new plan that had been developed over the weekend.

There was expected to be little urgency in the proceedings when the weekend recess ends at 8 p.m. despite a warning by state controller James W. Miller that the state's cash position is "steadily deteriorating."

5 County Meetings Set by GOP on State Crisis

Oakland County residents will be given five opportunities to find out why the State Legislature is bogged down in trying to reach a solution to Michigan's financial fiasco.

But the answers to their questions will all come from Republicans.

The Republican Committee of Oakland County has announced five town-hall type meetings in various spots throughout the county in order to afford citizens the chance "to exchange views with their state representatives on the hottest political issue of the moment . . . state taxation and Michigan's fiscal dilemma."

Ready to answer questions will be Oakland's State Sen. L. Harvey Lodge, and Reps. Lloyd L. Anderson (Waterford Township), Farrell E. Roberts (West Bloomfield Township), and William Hayward (Royal Oak).

★ ★ ★

"The people of Oakland County are entitled to know just why, apparently overnight, a supposedly solvent state is suddenly 100 million dollars in debt; why continuity of essential state services is threatened; why thousands who depend in some measure on state-collected and state-distributed tax dollars are faced with living from their savings; and why welfare payments to the needy are in jeopardy," declared Arthur G. Elliott Jr., committee chairman.

The meetings will be:

March 20 at the White Lake Township Hall, 7525 Highland Rd. Lodge and Anderson will be moderators. It's arranged primarily for residents of White Lake, Holly, Groveland, Brandon, Rose, Highland, Waterford, Springfield and Independence Townships.

March 26 at the Lake Orion Methodist Church, East Flint street. Lodge and Anderson moderators. For Lake Orion, Oxford, Addison, Oakland and Pontiac areas.

March 26: Southfield School Number 10, West 10 Mile and Berg roads; Roberts as moderator. For residents of Southfield, Farmington, Franklin, Beverly Hills, Lathrup Village, Oak Park, Berkley, Novi, Northville, Wixom, South Lyon, Bingham and Woodcreek Farms areas.

★ ★ ★

April 2, West Bloomfield High School; Roberts as moderator. For residents of West Bloomfield, Bloomfield, Birmingham, Troy, Avon, Rochester, Bloomfield Hills, Orchard Lake, Commerce, Keego Harbor, Walled Lake and Milford areas.

April 3, Royal Oak Kimball High School; Hayward and Roberts as moderators. For residents of Royal Oak, Huntington Woods, Pleasant Ridge, Madison Heights, Ferndale, Hazel Park, Clawson and Royal Oak Township.

All five meetings will begin at 8 p.m.

Winds gusted at 80 m.p.h. in the Cleveland area.

★ ★ ★

Rain and winds up to 92 m.p.h. battered southern Ontario yesterday. Seven persons were injured at Niagara Falls when two plate glass windows in a restaurant blew in.

Among those hurt were a honeymooning couple from Harper Woods, Mich. — Mr. and Mrs. John Hudd—who were hospitalized with cuts.

Three churches were damaged. Roofs were blown off at other points and a number of windows were shattered. In St. Catherines the tall brick chimney of a school crashed across a home, slicing it in half.

Jobless Aid Extension Nears Okay

WASHINGTON (AP) — Fast House passage appeared assured today for a bill to continue temporary federal unemployment benefits for some 300,000 jobless workers who would otherwise lose them April 1.

★ ★ ★

Although falling short of Democratic proposals, the three-months "tapering-off" measure had bipartisan support as about the best that could be passed before the present jobless pay law dies March 31.

★ ★ ★

To beat the expiration deadline, leaders sent the bill to the floor under procedure limiting debate to 40 minutes and requiring a two-thirds vote for passage. Its passage today would give the Senate two weeks to complete action.

★ ★ ★

The bill was opposed as inadequate by some northern Democrats from industrial areas still experiencing substantial unemployment. They called for a one year extension of the existing program.

House Republicans, who have opposed anything but a sharply limited extension of the program, pronounced the bill acceptable to President Eisenhower.

It's Spring, He Explains

LONDON (UPI)—Leonard Pennington, 73, was fined $14 today for necking with a lady friend in Hyde Park. "It's spring," Pennington explained to the judge.

Waterford Due to Award Bids for Blacktopping

When the Waterford Township Board meets tonight they will probably award blacktopping bids to contractors on the recommendations of engineers Johnson & Anderson, clerk James Seeterlin said today.

Six bids were opened at last week's meeting for the blacktopping of Lansdowne and Marion streets and were referred to the township engineers for study.

A postponed hearing will be resumed at 8 p.m. for the blacktopping of Lansdowne street and the board is expected to establish a date for a final hearing on Marion street to review the special assessment for this project.

Renewal bids on comprehensive general liability and moneys and securities insurance policies of the township will be opened at 9 p.m.

These policies expire this month, Seeterlin said.

The Annual Township Meeting will be held Saturday, April 4 beginning at 1 p.m. Waterford Township residents voted to continue the township meetings at the general election last November.

County Road Official to Attend Conference

Paul Van Roekel, highway engineer for the Oakland County Road Commission, will take part in a three-day annual Michigan Highway Conference opening tomorrow in Grand Rapids.

Van Roekel will be one of four speakers on a panel discussion on how to improve traffic use of local roads and streets. Van Roekel will speak on traffic accident problems on local roads and streets.

The conference is sponsored by the County Road Assn., of which Oakland is a member, the Michigan Municipal League, and the Michigan State Highway Dept. and the University of Michigan.

'Paper Bag Bandit' Gets 75 Years

DETROIT (AP)—A former Detroit policeman was sentenced to 75 years in prison today for three unsuccessful Detroit bank holdups.

★ ★ ★

Marmion S. Pollard, 29, tagged "the paper bag bandit," didn't get a penny in his attempts to rob two branches of the Bank of the Commonwealth and one branch of the Detroit Bank & Trust Co. during two weeks last spring.

★ ★ ★

U.S. District Judge Theodore Levin imposed the sentence after finding Pollard guilty in a trial without jury. Pollard pleaded temporary insanity.

★ ★ ★

Judge Levin said the maximum sentences of 25 years on each of the three attempts would allow Pollard to undergo months of intensive examination by psychiatrists, psychologists and penologists Levin said a new law makes such a provision in the case of the 25-year sentence.

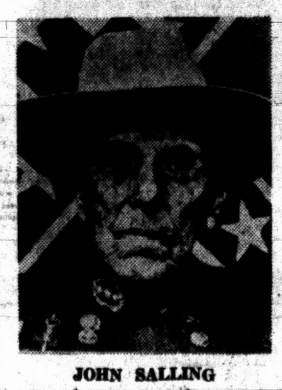

Youths Can't Find Slot for Coin in Ancient Rack

LONDON (UPI)—Two youths gazed wistfully at an ancient rack in the Tower of London exhibition of torture instruments yesterday, then asked the guard:

"Could we put a penny in it to see how it works?"

Civil War Vet Dies at 112

JOHN SALLING

KINGSPORT, Tenn. (AP)—The roll of Civil War veterans was cut in half today with the death of 112-year-old John Salling, a confederate soldier from nearby Slant, Va.

★ ★ ★

The Rebel veteran, stricken by pneumonia last week, was brought to a Kingsport clinic Thursday. But doctors said he was too old to fight off his last illness.

Salling's death leaves only one other known survivor of the war which disrupted the nation almost a century ago. He is Walter Williams of Houston, Tex., also a confederate veteran now past 116 years of age. He has been bed-ridden for several months.

The Virginian retained his mental faculties until his last illness and enjoyed talking about his boyhood experiences. He was only 16 when he enlisted in the Virginia forces opposing the Yankees.

★ ★ ★

Scores of descendants survive the old soldier, whose wife died nearly 20 years ago.

At his bedside when the end came were Mrs. H. A. McCamy, a daughter; Hobert Hawkins, a grandson; and Miss Linda Hawkins, great granddaughter, all of Bristol, Va.

Area Man Injured When He Falls Asleep Driving

Charles D. Scott, 35, of 5680 Eldridge St., escaped serious injury when he fell asleep while driving east on Elizabeth Lake road at 3:30 a.m. today, said Waterford Township police.

He told police that he awoke just as his car was leaving the road, but couldn't stop before hitting a utility pole and tree at Cooley Lake road.

Scott was treated for minor injuries at Pontiac General Hospital and released.

U.S. Gives States Surplus Property

WASHINGTON (UPI)—The federal government has been helping individual states by transferring to them surplus property for educational, public health, and civil defense projects.

Under the provisions of the Federal Property and Administrative Services Act of 1949, "property no longer needed by the federal government" is distributed by regional offices of the Department of Health, Education and Welfare to needy states.

Property transferred includes hospital building sites and buildings suitable for dormitories, as well as office, school and hospital furniture.

In April, May and June of 1958 alone, $3,721,205 worth of real and $87,882,345 worth of personal property was given to various states.

DUNCAN HINES

Dining Adviser Dies of Cancer at Home Sunday

BOWLING GREEN, Ky. (AP)— Duncan Hines, 78, who made a business of advising people where to eat, died of lung cancer at his home here Sunday.

Hines published guidebooks which contain recommendations of restaurants, hotels and motels and vacation areas.

The Duncan Hines Institute, which publishes the guidebooks and two cookbooks at Ithaca, N.Y. said Hines traveled more than two million miles in his inspections of food and lodgings.

The Hines home contains one of the largest cookbook collections in the nation.

The remoras, or disk fish, which ride about attached to other marine animals by disks that act like suction cups, are the hitchhikers of the sea. Some reach a length of three feet and ride about on giant sharks, sea bass and other large fish.

'The Babe and I'

By MRS. BABE RUTH with Bill Slocum

(Condensed from "The Babe and I." Copyright, 1959, by Mrs. Babe Ruth and published by Prentice Hall, Inc.)

By MRS. BABE RUTH
with Bill Slocum

(Condensed from "The Babe and I," copyright 1959, by Mrs. Babe Ruth and published by Prentice Hall, Inc.)

Everything that happened to my husband in his childhood was bad except one thing. And that, without doubt, was the best thing that happened to him in all his strange life.

This would be the fact that a man, 6½ feet tall, saw something in the Babe that nobody else could see. He saw, for one thing, a great potential baseball player. But he also saw that Babe was inherently a decent human being despite outward appearances which, in Babe's childhood, were all to the contrary.

The 6½ foot giant was Brother Matthias, a teacher at St. Mary's Industrial School in Baltimore. Babe was in and out of St. Mary's five times. Had it not been for Brother Matthias, Babe Ruth was flatly convinced, he would have wound up in jail.

"Brother Matthias liked me before he ever saw me hit or throw a baseball," he once said.

Babe Ruth was officially judged "a hopeless incorrigible" at the ripe old age of seven, although it should be stated that the judge thought the Babe was actually eight at the time.

A YEAR TOO OLD

In 1933 Babe required proof of American birth for his passport, and learned then that he was born February 6, 1895. He had always understood his birth date to be February 7, 1894.

This paper that made him a year younger than he thought he was also set aside a few rumors. It showed his name to be George Herman Ruth, Jr. as he had always said. It was not Earhart, Gerheardt or anything but Ruth.

No doctor was present at his birth and he was delivered by a midwife, Mrs. Minnie Graf. He was the first born of George Herman and Katie Ruth. He spoke virtually no English as a child. German was his normal tongue.

Although Babe always insisted he had an older brother, John, who died when Babe was quite young, his sister, Mrs. Mamie Moberdy, of Baltimore, agrees with the official record that Babe was the first born. There were eight Ruths in all, including two sets of twins.

George Herman Ruth Sr., owned a struggling barroom at 426 West Camden St. His son, George, was hanging around it when he was five years old. And chewing tobacco when he was seven. And drinking whiskey before he was 10.

There is a common legend that Babe was an orphan in infancy. At St. Mary's, some of the kids were indeed orphans. Others runaways. And yet others were bad boys committed to the institution by court order.

The Babe at the age of three.

Babe was committed by court order.

NOT AN ORPHAN

"I was a bum when I was a kid," he told me many times. "I stole, although almost always from my own parents. But, no matter what they write, I was never an orphan."

The facts bear that out. His mother died when Babe was 15. He was 23 and already married when his father died.

He went into St. Mary's first on June 13, 1902, committed by court at the request of his parents. They were indeed poor, but poverty was not the reason for Babe's banishment to an institution that had only the best of motives but nevertheless had walls and iron surrounding its bleak buildings and grassless campus.

His first stay in St. Mary's was just over a month. But he was back again in 1902 for another month. He didn't return until 1904 and stayed four full years.

Shortly after Mrs. Ruth died in 1910, Babe was sent back to St. Mary's by his father. He was in a year and out a year. His last trip was in 1912 and he was to stay until February 27, 1914.

Babe always talked of St. Mary's with wry affection and deep pride. There is no doubt in my mind that he came to love the place. Nor that he hated every minute he spent within its walls.

The disipline was strict. The food was of the plainest. The Xaverians wanted to help as many boys as needed help so they had no choice but to run a taut and economical operation.

ALWAYS BIG BROTHER

Babe often wondered what would have happened to him had he been released, as the law demanded, at the age of 21 to go into the world with some small skills as a tailor and shirt-maker. And the knowledge, so good and so bad, that he had picked up in his Spartan enviroment.

But, he did not have to run that risk thanks to a skill God gave him and the sympathy and love a giant of a man found time to give a "hopeless incorrigible."

When Babe Ruth was 23, the world loved him. When he was 13, only Brother Matthias loved him.

Babe spoke often of Brother Matthias. Many times when the Yankees were in Washington Babe got up to Baltimore to speak with Brother Matthais. And many times when the Babe was in a jam the Yankees got Brother Matthias up to New York to speak to the Babe.

"Brother Matthias was the greatest man I ever knew," the Babe said often.

The Babe wanted to imitate Brother Matthias in every way he could. I don't know how close the Babe came to achieving this ambition but I think his odd pigeon-toed walk told much about him and the man he loved. Brother Matthias had an odd, pigeon-toed walk.

The brother taught Babe to read and write; the difference between right and wrong (and there was a job); and he taught him a game called baseball.

Babe always said, "I think I could hit the first time I picked up a bat. But Brother Matthias made me a pitcher and a fielder. He knew baseball and loved it."

He knew Babe, too, because he gently, but firmly, talked Babe out of an ambition to be a priest that came upon him when he was about 15. Brother Matthias would have much rather guided a young man into the priesthood than into a big league job. But he saw no call.

Babe, for some strange reason, was a catcher in the beginning. A left-handed catcher is as rare in baseball as a knock-kneed ballet dancer. In time, he became a pitcher, always playing on teams of boys three and four years his senior.

The man who taught my husband baseball was Brother Matthias; the man who got him into baseball was Brother Gilbert. Brother Gilbert was a friend of Jack Dunn, who owned the Baltimore Orioles.

Brother Gilbert told Dunn of Babe's remarkable skills. He surely also told his friend Dunn of Babe's talent for misbehaving. But, like Brother Matthias — and probably under Brother Matthias's persuasion — Brother Gilbert told Dunn that the boy was decent beneath his waterfront exterior.

Dunn signed papers with the State of Maryland making him responsible for Babe until Babe was 21, and on February 27, 1914, Babe stood behind the barred gate of St. Mary's, shaking hands with Brother Matthias.

The last words he heard at St. Mary's were Brother Matthias's and they were.. "You'll make it, George."

Tomorrow: Wild tales of his wild youth are overshadowed by the facts of his sudden and fabulous success.

Let's Take Mr. Hill's Advice

MERRITT D. HILL'S speech to the Pontiac Rotary Club was much more than just a pep talk. HILL, a graduate of Pontiac High School and a local citizen for a number of years constructively elucidated the true facts of the case.

★ ★ ★

The reputation of our State is in jeopardy. Let's face it squarely as Mr. HILL suggests and cut out this petty bickering which if continued will ring the death knell for sure.

Over the years we have been a proud State. We still can be, but not without an about face from all of our eight million citizens. Blaming the other fellow and constantly haranguing each other is pure folly.

★ ★ ★

We are faced with a reputation, because of our inept handling of governmental affairs. In the words of Mr. HILL, "We have hurt ourselves in the eyes of outsiders, and we have done it for some very selfish, short range motives."

Okay, let's take off the gloves and all join the same team. What's needed now is a positive approach. It is up to the lawmakers in Lansing to call a halt to partisan politics and stop making a national spectacle of our state.

★ ★ ★

New York State just recently settled their financial problems after a rather brief skirmish, New York lawmakers took the statesmanlike course and put forth a tax program which exempted no group and discriminated against no one group. They reached a settlement without causing a national scandal.

We should follow suit, but in an orderly fashion. Once this problem is settled we can go ahead with a constructive approach to our economic problems.

★ ★ ★

Unlike some other states and areas, we are blessed with many natural resources. Mr. HILL cited proof of Michigan's advantages from several standpoints and pointed to the following assets:

1. Our population growth is exceeding that of every other state but California.

2. Michigan ranks first in the nation in per cent of total income derived from manufacturing.

3. We have the highest percentage of home ownership in the country.

4. We are a leader in world trade.

This should be the sales pitch for our State's eight million residents, each of whom has a stake in the state's economic future. We must band together as one unit and commence telling about the State's advantages, and work constructively together to help solve our joint problems.

★ ★ ★

Mr. Hill warned that destructive criticism can kill the State. The die is cast. Either we pick ourselves up off the floor and stop this everlasting back-stabbing or wind up a poverty-ridden secondary state.

Let's go forward as a team proud of our State and ourselves.

Military Aid Programs Should Be Reviewed

Congress is likely to take a second look at President EISENHOWER'S foreign aid program after a House subcommittee reported misuse of military assistance by Allies.

For example, there was the case of a motor pool with tires enough to supply 44 for each truck in a single year and in another instance only one spare carburetor for a whole fleet of trucks. Military supplies and equipment have been used to build civilian apartment houses.

★ ★ ★

A military installation equipped by the U. S. was found to be building airplanes for the personal use of certain officers of the national armed forces. One supply depot reported shortages had stock records of so many cases of "This Side Up." Then, too, there is the problem of pilfering, a big temptation to poverty stricken peoples.

★ ★ ★

It is not surprising to find such conditions when we think of language barriers, lack of supply technics and training by our standards. Some of our military program abroad may not be improving our defenses. This, of course, is not true of our major alliances. But it is true in some underdeveloped countries where we are feeding and supplying thousands of foreign soldiers who might be better employed growing food for their starving countrymen.

★ ★ ★

What the subcommittee found in many cases is about what investigators have turned up in our own country from time to time. While not publicly naming the countries involved, the subcommittee urged prompt action to correct abuses. Perhaps what we need in backward countries is more emphasis on technical and economic programs for lasting benefits and less on military aid.

The Man About Town

Were Brothers

First Settlers in Pontiac and Flint Were of Same Kin

Nickel: A coin that now goes further than ever before — until you can buy something with it.

A close perusal of the history of the two cities shows that the first settlers of both Pontiac and Flint were brothers. The three men who brought their families to the present site of Pontiac in 1818 were

Major Joseph Todd, Orrison Allen and William Lester,

who came for the Pontiac Company which had been organized in Detroit by

Colonel Stephen Mack,

and they spent that winter in a two-room shack where the Oakland Theater is now located.

Their families comprised 14 people, all of whom lived in those two rooms. Todd's brother,

John Todd,

about the same time became the first permanent white resident on the present site of Flint, going there for a

Jacob Smith

who had been trading with the Indians at that point. Both first settlements were made on the Saginaw Indian Trail which led from Detroit to Saginaw Bay.

A clipping from The Pontiac Press of 40 years ago, sent me by

Cornelius Rathborne,

announces that the city council had ordered the chief of police to round up all loafers within the draft age, and order them to get a job or enter the army.

Writing me from his present home in Chicago,

Harry Halverson

says that on June 6, 1908, he won a bet of $20 by walking from the Detroit city hall to the Pontiac courthouse in eight hours. His wager was that he could do it in less than ten hours.

Master of All He Purveys

David Lawrence Says:

Summit Is Last Place for Any Deal

WASHINGTON — Is the world about to witness one of the biggest hoaxes of all times — another "summit conference"?

Although a foreign ministers' meeting is to be held in Geneva in May, its failure is anticipated already as the cry is raised for a "summit conference."

LAWRENCE

Dispatches from abroad indicate that Prime Minister Macmillan has been forced into a political corner on the issue and favors a conference of heads of states. Also in the United States certain antiadministration spokesmen who are gullible enough to believe the Soviets will make concessions are speaking out in favor of "summit conferences."

In fact, it now is being suggested by Chairman Fulbright of the Senate Foreign Relations Committee that such conferences be held twice a year as a regular procedure.

But the average man will ask: "What is there about a 'summit conference' that makes it such an attractive idea to its sponsors?"

So far as the Soviets are concerned, it gives them a propaganda show. The men in the Kremlin can thereby demonstrate to their own people how the rest of the world comes to them begging for crumbs at the table of discussion.

As for the Allied side, it's a politcial issue in Great Britain, where the Socialist Party pounds away at the Macmillan government by giving the impression that acceptance of a "summit conference" invitation means peace and that a refusal could lead to war.

Something of the same attitude characterizes the views of some opposition party leaders in the United States. Thus, it is asserted Nikita Khrushchev has so much power that it is useless to talk to anyone else, and it is being said in addition that there is no "number two man." The inference is that Khrushchev must be humored, and that he alone can make a "deal."

Actually, a "summit conference" is about the last place in the world that any deal can be made between governments. It isn't a quiet, deliberative affair held in a secluded spot where there is an opportunity for reflective discussion by the four top men concerned.

On the contrary, at a "summit conference each of the heads of state has at his side half a dozen people—aides and advisers—plus clerks and stenographers.

If the Soviet government really wants to draft some kind of agreement to settle the Berlin controversy, it needs only to call in the American or British or French ambassador at Moscow, and the way could be paved for such an accord. Also, a foreign ministers' conference furnishes every opportunity for an agreement to be consummated.

Unless the one to be held in Geneva in May is successful, President Eisenhower sees little value in a "summit conference" later on.

★ ★ ★

The Soviets fully expect the West to yield to their demands. They look on democracies as weak, unstable, disunited countries which care more for material comforts than they do for principle. Unfortunately, this was the way things looked to the dictators in Europe in the 1930s, but when the chips were down the Allies fought a world war and won it.

Firmness by the West will alone save the world from another war. There is a staunch and courageous will to resist at the White House and in the leadership of our armed forces.

But despite the honeyed words about unity that lately have come from Capitol Hill, the Soviets are convinced that the opposition party in the United States isn't really back of the American government.

It's a mistaken belief, but, judging from the utterances of some of the Democratic leaders and the qualifying phrases they use in giving lip service to national unity, the Moscow chieftains can readily get the idea that there's a real chance to wring concessions from the West.

This could mean surrendering the military position which NATO has hitherto maintained in Western Europe as a safeguard against potential aggression.

THOUGHTS FOR TODAY

But when he saw Jesus afar off, he ran and worshiped him.—Mark 5:6.

★ ★ ★

Be purity of life the test, leave to the heart, to heaven the rest. —Charles Sprague.

Dr. William Brady Says:

Forget 'Chest Complex,' Breathe From Diaphragm

The diaphragm is a dome-shaped muscle stretched across the trunk, partitioning the lesser thoracic or chest cavity from the greater abdominal cavity. It forms the floor of the thoracic or chest cavity, the roof of the abdomen.

DR. BRADY

When the diaphragm contracts it presses down on the liver, gallbladder, stomach, spleen and other structures in the abdomen. This pressure, with each contraction of the diaphragm (inhalation, inspiration), not only inflates the bellows (expands the belly) but pumps blood out of the splanchnic pool, the vast network of veins in the abdomen back to the right side of the heart, whence it goes to the lungs for re-oxygenation.

The splanchnic pool is capable of holding nearly one-fourth of entire volume of blood in the body, so this is the booster pump action of natural breathing (belly breathing).

The diaphragm is comparable to a tarpaulin on a haystack. It is attached to the tip of the breastbone, the inner surfaces of the lower six ribs and the lumbar vertebrae.

If your grade school education was genteel and ladylike you may imagine you breathe with your chest. Millions of Americans harbor the chesty complex, including the military brass who still have a marked preference for the tin soldier, goose-stepping, ramrod caricature of the physically fit man.

AN ABSURDITY

Pushing out one's chest and pulling on one's belly ("stomach" to you?") is no more absurd than it is to regard mammary hypertrophy, exploited in movies, TV and comic strips, as feminine beauty.

The diaphragm is the breathing muscle. Paralyze it and the individual will hardly get enough air to remain alive. Other muscles help the individual to get air, but without the diaphragm breathing is feeble indeed.

Daily belly breathing exercise—and I don't mean freak "deep breathing"—is good for stagnation of the splanchnic pool, hemorrhoids, dysmenorrhea, high blood pressure, coronary insufficiency, asthma, cold feet, chronic bronchitis (winter cough), gallbladder trouble, insomnia and the willies.

Pamphlet "Belly Breathing" is free if you'll send stamped, self-addressed envelope. For booklet "How to Breath," send 35 cents and stamped, self-addressed envelope.

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Sees Northern High School as Inspiration for Pontiac

Pontiac can well be proud of its wonderful new high school. I was unable to attend the open house, but thanks to the excellent brochure The Pontiac Press prepared, I had a fine armchair tour.

★ ★ ★

Next on the agenda should be a community house. After reading the Press supplement, I'm sure Pontiac can do anything it sets its mind to. Various men's and women's clubs should sponsor the project by giving dinners, dances, plays, etc., with proceeds going to a community house fund. There's nothing like a worthy cause to put added zest into an evening's entertainment.

★ ★ ★

Thanks again, Pontiac, for the new high school which should be an inspiration to us all to work toward bigger and better things for Pontiac.

Trusting in Pontiac.

'Animal Lover' Prompts Letters

What does Animal Lover think of this? A couple near us has a dog that kills cats, and the couple knows it, but still let it run and kill. It has killed several kittens and will continue to kill if let run. What can be done about this, since dogs are allowed to run in Waterford?

Fed Up

I'm an animal lover, too, but wouldn't it be kinder to keep them confined rather than turn them loose to be hit by a car, find poison or other ill fate? I live in Waterford where dogs run in packs and there's one in the neighborhood who kills cats, chickens, etc. If that law from Lansing doesn't pertain to Waterford, there doesn't seem to be anything that can be done about this situation.

Curious Animal Lover

Maybe Animal Lover can explain to a five-year-old that it's all right for dogs to chase him, knock him to the ground, cover him with filth because it's too cruel to keep them penned or on their owners' property.

★ ★ ★

Have you ever tried to tie up a snarling dog that's unknown to you in order to have it picked up by the animal shelter? And by all means call the owners. Decent human beings who value a child above an animal are only too willing to cooperatie. They love their animals and live with them. They don't make everyone else live with them. But such intelligent people are few and far between.

★ ★ ★

Maybe someone like Animal Lover will come over and tell my son not to be afraid of dogs, even his own, and not to cry in his sleep. Which would you rather see dead —a dog or a child?

Kennedy's Religion Brings Comment

I wonder how many people were fooled by a recent article by Senator Kennedy which stated he believed church and state must keep separated.

I didn't believe him and since then two of his own church's publications said a man could swear to an oath, but if he disagreed with parts of it, he was not obligated to uphold his sworn oath of office.

Anyone who is qualified to vote should know that Senator Kennedy's first allegiance is to his church and his second to the United States of America.

Not Fooled

'Why Do We Allow Places Like That?

Why do we allow such dirty, filthy second-hand stores as some I've seen recently? I wish the fire marshal would clean up places like that.

Wondering

Analyzes Reasoning of State Democrats

Democrats prefer the income tax because they know sales tax might give them only the funds they need and not additional millions to pour down other political sewers. A year from now when they've found other areas for socialization there would not be the hue and cry from a small percentage increase in income tax as there would be to an additional cent of sales tax.

★ ★ ★

Or maybe Democrats only want to create a few jobs to make up for the ones Soapy has driven out of the State. Under additional sales tax they would

CONTRIBUTIONS

Contributions and gifts paid during the year to charitable, religious and certain other organizations are generally deductible if you itemize your deductions on Page 2 of Form 1040.

★ ★ ★

You may not claim a deduction for contributions if you use the card Form 1040A.

Only those contributions actually paid during the year are deductible. Unpaid subscriptions or pledges to be paid in the future are not deductible.

Institutions to which deductible contributions are made consist of government agencies and organizations in the United States who use the amounts given for religious, educational, charitable, scientific or literary purposes.

★ ★ ★

Contributions, to be deductible, do not have to be paid in cash. Fair market value of property donated or expenses paid in rendering services to a qualified organization are also deductible.

Any amount given to individuals, political parties or candidates, social clubs or tuition to schools operated by a church are not deductible.

There is a limitation on the amount of contributions deductible. The amount of the limitation and other facts about contributions can be found in the Form 1040 instruction booklet.

Case Records of a Psychologist:

Bad Teacher Can Squelch Student

Billy has a very common medical ailment. It illustrates the subject of psychosomatic medicine. But it also shows why thousands of fine youngsters get soured on school and wish to drop out. So send for the "Teacher's Test" below and use it for Sunday School as well as public school teachers everywhere.

By DR. GEORGE W. CRANE Ph.D., M.D.

CASE A-479: Billy Z., aged 5, recently entered a Chicago kindergarten.

★ ★ ★

DR. CRANE

"But he couldn't attend regularly," his worried mother informed me, "for he has had a lot of trouble with his stomach. "He couldn't hold his breakfast down, but would complain of pain and often vomit.

"This happened so often that I finally took him to our family physician. The doctor decided that Billy was simply allergic to his teacher, for she scared him and thus got him upset.

★ ★ ★

"Although Billy sincerely believes he is sick, the doctor says he is just using his upset stomach as a means of avoiding the austere teacher who frightens him."

MEDICAL ALIBIS

Many people subconsciously convert an emotional conflict into some medical complaint for which they can gain sympathy and behind which they can hide from facing the real facts.

★ ★ ★

And don't think kindergarten youngsters are the only developers of such aches! Many a mother may likewise have a headache because she wishes to avoid making a little talk in public.

"I'm scared. I get stage fright. I simply cannot make this report to my organization," would be the true situation if she faced reality.

But she finds it more convenient to have a headache and actually tricks herself into believing her ailment is organic, instead of a subterfuge.

A man may likewise get a headache because of eyestrain or also because his mother-in-law is living at his house.

BILLY'S PROBLEM

Billy is a shy "only" child who was suddenly shoved into the school room with little advance preparation, so it was a double shock to him.

For his teacher was a hatchet-faced woman who had little fondness for youngsters. Unlike most teachers who enter the field because of love for children, she chose teaching as a convenient way to earn a pay check.

And she seldom smiled!

The first asset of every good teacher, especially in the lower grades, is a smile and cordial greeting to the youngsters.

★ ★ ★

For they shift from their "home mamma" to what should be a substitute loving, cordial "school mamma."

Billy's teacher was a soured divorcee, tactless and unfeeling. In fact, her principal told me he had received complaints for the past several years from many parents.

And 27 of her youngsters had been sent to psychiatrists because of the problems that stemmed from this austere female!

★ ★ ★

The principal also told me that he spent all summer vainly trying to get rid of this unfit teacher, who was blindly supported by her teacher's union.

She was ruining the entire future career of many youngsters because she gave them an intense hatred of school. This kind

of tragedy is terrible, for it is a crime to mar the future educational careers of youngsters by unfit teachers.

And an "unfit" teacher may have an M.A. or even a Ph.D. degree, so don't focus too heavily on college background in picking teachers for the early grades.

★ ★ ★

We need our BEST teachers for our youngest pupils, since at that age the teacher is a symbol of education. If the youngsters dislike her, they automatically hate school. If they love her, they will like education.

So send for my "Test for Good Teachers," enclosing a stamped return envelope, plus 20 cents (nonprofit). Use it at PTA. See that your School Board has it, too. And it also applies to Sunday School teachers.

★ ★ ★

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

The Remarkable Story of Wide-Track Wheel Design

How It Started • How It Works What This Highly Successful Pontiac Achievement Means to You

It all started, as most innovations do, with a problem to be solved.

The problem was that when you turned a corner or rounded a curve your car swayed and everybody aboard leaned with the force of the turn.

Over the past few years car *body* widths have been increased to give you more passenger room and comfort. But widths *between the wheels* have not increased proportionately. This between-wheel width is called the "track".

A wide body without a wide track is top-heavy, lacks balance, looks awkward. It's a little like a husky football player, wearing wide shoulder pads and dainty ballet slippers, running with his feet close together.

THE SOLUTION

The answer was simply to widen the track to match the body. We moved the wheels five inches farther apart. This widened the stance, but not the car. This was the birth of Wide-Track Wheel design.

You use the same principle and feel a similar effect when you stand erect with your feet spread wide apart. You're braced and steady.

LEAN AND SWAY REDUCED

Our first road tests showed how significantly we had reduced lean and sway. The car held to the turns

ONLY PONTIAC HAS WIDE-TRACK WHEELS

WHEELS ARE FIVE INCHES FARTHER APART. DOTTED LINES SHOW CONVENTIONAL WHEEL POSITIONS.

and hugged the curves as had no other car we had ever driven, except for sport cars which of course are not designed primarily for passenger comfort.

This greater stability gave the driver a noticeably improved feeling of security, control and confidence. All passengers, back and front, rode with less fatigue, more comfort.

OTHER ADVANTAGES

With the wheels farther apart, there was more space in the luggage and engine compartments.

The extra luggage space was certainly welcomed and we found we could easily pack more than 14 good-size suitcases and bags. A lot more than most compartments will take.

The additional space under the hood meant a better circulation of air around the engine and was also welcomed by servicemen and gasoline station attendants who find it tough to work on and around the engines in most cars today.

IMMEDIATE PUBLIC ACCEPTANCE

It usually takes car owners a little time and many miles to be convinced of the merits of many automobile engineering improvements. That's because some improvements are far removed from the car owner's everyday driving experience.

Not so with Wide-Track Wheels. There was an immediate understanding of what we had done and a fast and favorable response to its advantages.

From the first week our dealers began demonstrating the 1959 Pontiac, we knew Wide-Track Wheel design was every bit the accomplishment we had hoped for. People who drove the car told us it was the finest, easiest handling automobile they'd ever been in.

WHO'S BUYING ALL THE NEW PONTIACS?

Pontiac sales, we are happy to report, have confirmed public opinion. This car has apparently captured the imagination of tasteful people who were looking for clean, uncluttered styling. People attracted by the quality of workmanship and attention to detail we give every single Pontiac we build. And, of course, people quick to grasp the remarkable story of Wide-Track Wheel design.

YOUR NEW PONTIAC

Investing in a brand-spanking new automobile, fresh, sweet-smelling and totally different is a wonderful thing to happen to a family in the spring. Wouldn't it do your morale good to become the owner of a gorgeous new Wide-Track Pontiac within the next few weeks?

We are confident it is an automobile in which you will take great pride and from which you will reap much personal satisfaction and enjoyment.

only have to instruct people to multiply by four instead of three, while the income tax will require a whole new tax department, hundreds of employes and thousands of the tax dollars spent before a net gain would be shown. I don't want part of my tax dollar to go for more government overhead. If's time Soapy operated the State in the manner he expects his soap company to be run.

Yankus Plight Stirs Readers

If we only had more men like Stanley Yankus who stand up for the principle of wheat farming and not the money side of the deal. I hope Michigan will not lose this man to another state. It would be our loss and their gain.

Mrs. Myron Hafner

Not being a farmer I had no idea what they go through until the Yankus story came out. I thought if you owned land you could plant and raise whatever you wished. Little did I dream you could be fined if you raised too much.

This story makes for good Communist propaganda, doesn't it? Over there the government owns the land and the people work it and receive wages. Here we have our own land, work it and are fined. We criticize their way of government and I'm learning a few things about our own that disturb me a great deal.

Offers Nomination for Meanest Person

The meanest person in Oakland County is one that abandoned a beautiful boxer-like female dog during this cold weather. She was found on Middlebelt Road with eight puppies bedded down in straw. Neighbors fed them and took them in or they probably would have frozen to death. I'm sure the mother will not forget the kindness during these weeks. If people would only wake up to the fact that we have two shelters in Oakland County for unwanted animals and you can take your animals there and not burden other people who have their own.

Older Citizen Balks at Courthouse Move

When an older person goes to Pontiac to do a little shopping and perhaps has a little business at the Courthouse and has to take a bus to get there, how is it going to work out with the Courthouse so far away?

* * *

It could be built on the present site by leaving the alley open at the first floor and building the other stories over the alley, as Hudson's in Detroit is. With elevators it could go up as many stories as necessary.

* * *

If present supervisors can't see it that way, it should go to a vote of all residents of the county. Then if the supervisors can't see it that way, we should have a whole new board of supervisors.

'Can't Beat Them? Then We'll Join'

To all Michigan drivers and automobile insurance carriers, write your Secretary of tSate and let him know we don't want New Jersey's state insurance provision. If people can't show certificate of liability insurance at license plate time, don't sell plates for that car. Put responsibility where it belongs. If everybody is going to be the government, let's all carry only coverage and let someone else share our troubles, too.

'What Can We Do About This?'

I'm another Waterford resident who resents the dogs running loose. For two years I've watched a big boxer kill off children's pets all around us.

* * *

The owners know it and laugh when anyone calls. The man's the type you'd hate to tangle with; therefore no one has courage to file a complaint. This dog has killed three cats for one little girl, and she's alone with a mother and no father to fight for them.

* * *

Can't something be done? You can't tell cats to stay home and neither can you explain to little ones they can't play outdoors without a fence. If this man won't tie up the dog, he should be made to put him in a fenced yard.

Droves of Brides Seeking Jobless Benefits in N. Y.

NEW YORK (AP) — The State Employment Division reports it has been deluged with calls from brides seeking unemployment insurance.

* * *

The calls came after the Court of Appeals handed down a decision in a 1956 case granting unemployment benefits to a woman who quit her job as a clerk to marry and move to another part of the state.

The courts held that since she quit her job for a good cause, to be near her husband, and she began looking for a new job when she arrived at her new home, she was entitled to benefits.

* * *

The division says it is explaining this to the women who call in, telling them they must have remained actively in the labor market to qualify. Women who marry men in the same city or quit their jobs to become housewives aren't eligible, the agency said.

Eire's President Arriving Today

NEW YORK (UPI)—Irish President Sean T. O'Kelly arrives here today for a 15-day goodwill visit that includes St. Patrick's Day with President Eisenhower at the White House.

The 76-year-old chief executive and his wife, Phyllis, are accompanied by Ireland's foreign minister, Frank Aiken, and Deputy Premier Sean Lemass, who will open the new Irish Airlines office here Wednesday.

O'Kelly, who has been president for 14 years, will take a magnificent piece of Waterford glass to Washington to present to Eisenhower on behalf of the Irish American Society. He will participate in the capital's observance of St. Patrick's Day tomorrow.

4 to Travel 60 Miles to School

HOWELL (AP) — Four teenagers today began a 60-mile daily trip to school—in Owosso—as a result of a school boundary dispute.

And since the children are going to school, their parents won't have to face prosecution.

Mothers of the four youngsters—three girls and a boy—are to dive them the 30 miles to Owosso and back daily, on an alternating schedule.

The mixup for Marjorie Wright, 13; Karen Rutter, 14; Rosemary Hoag, 15, and Donald Butler, 14, followed from their parents' refusal to send them to school in Fowlerville.

★ ★ ★

The four had been attending high school in Howell. Then the Thaywer School District, midway between Howell and Fowlerville, was divided. The children were assigned to Fowlerville.

Since last semester, the children have been out of school while their parents have vainly fought the change.

Last week Livingston County Prosecutor Wilfred Ervin said he would have to bring charges against the parents for keeping the children out of school.

But now he won't do so.

Ervin said there is no basis for charges "as long as the children are in school—Owosso or anywhere."

Invents Vegetable Cutter for Food Preparation

PORTLAND, Maine (UPI) — Howard K. Waig has invented a vegetable cutter he hopes will save the food preparation trade a lot of time.

The device has two 5½ inch steel knives and holes for a dozen half-inch knives if needed. Waig says it can handle 11 bushels of onions an hour with its motor of one-third horsepower.

Top U.S. Men Confident of Present Strength

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Out of the intense soul searching forced on this country by the Berlin crisis have come self-confident revelations about the present and deeply troubling questions about the future.

These revelations—to give a total picture—have had to be fitted together from various statements by President Eisenhower and his top military advisers.

They might prove erroneous in case of war—since the Soviets then would have to be heard from—but here they are:

1. Eisenhower himself last week said we certainly won't fight a land war with the Soviets. They outnumber us on the ground. "Why in the world would we dream of fighting a ground war?" he asked. "You have got to have other means."

2. Earlier this month Secretary of Defense Neil H. McElroy said we have "offensive superiority over the Soviets at this time."

★ ★ ★

3. Since we could not win on land but have offensive superiority then the only way we could fight a war is with planes using nuclear bombs.

Eisenhower has not ruled out nuclear weapons. McElroy has emphasized American dependence on its bombers.

But Democratic leaders—even though seeming to accept the idea of American superiority at present—question our ability to stay ahead.

They question Eisenhower's wisdom in not putting more money and effort into defense—looking years ahead—since the Soviets are pushing missile development and missiles may make bombers obsolete.

This is the troubling question implicit in their criticism.

Even though the Soviets may be afraid to start all-out war now, what happens if and when they gain superiority? Will they blackmail us into one surrender after another?

★ ★ ★

Last week the Senate Preparedness subcommittee, which has been quizzing top military leaders behind closed doors, released some heavily censored portions of the testimony.

Sen. Lyndon B. Johnson of Texas, chairman of this group and leader of the Senate Democrats, said the military chiefs agreed they had adequate plans and strength to meet the Berlin Crisis.

The Soviets have demanded the Allies pull their troops out of West Berlin and leave it a free city in the heart of Communist East Germany.

★ ★ ★

But Johnson, apparently accepting the idea this country is in adequate military shape now, said the adequacy applied only to the "immediate situation."

Then, trying to separate what we might be able to do now from what we might not be able to do in the future, he added: "Now and down the road are two different things."

The testimony of Gen. Maxwell D. Taylor, Army chief of staff, showed he agreed with Eisenhower we could not cope with the U.S.S.R. on the ground. He was asked if the only alternative to ground war is all-out war.

Although all-out war would mean nuclear war, "We must be willing to go all the way down the road," Taylor said. "We can't turn back at any point."

★ ★ ★

Even Sen. Richard Russell (D-Ga), chairman of the Senate Armed Services Committee, appears to accept American superiority at this time. He has spoken of this country's ability to devastate Russia in a war now.

But he seems less confident about the future, saying "there is no question the Soviet Union is ahead of us in the missile field."

County Road Curbs on Weight to Start

Spring weight restrictions for Oakland County roads, other than blacktop and gravel, will go into effect tomorrow noon, according to Tom Kennedy, county weighmaster for the Road Commission.

Restrictions will be 13,500 pounds for single axle trucks and 24,000 for tandem axle on special tandem (Class A) routes.

For rigid (Class B) routes, the restrictions will be 13,500 for single axle and 19,500 for tandem axle.

Restrictions for the county's blacktop and gravel roads went into effect at midnight March 4. These are limits of 11,700 for single axle trucks and 16,900 for tandems.

Restrictions are put into effect each year at this time as roads begin to break up as spring thaws loosen several feet of frost which has accumulated under the road surfaces during the winter.

BELL SYSTEM'S TRANSISTOR

MAKES LIFE MORE ENJOYABLE

MAKES LIFE MORE SECURE

The lady is hard of hearing. But thanks to the volume control device* on her telephone, she can hear her son perfectly when he calls her from New York for their weekly visit. A transistor makes this possible.

Similar transistors operate the guidance systems of the Nike Hercules—developed by the Bell Telephone Laboratories. The nuclear-headed Hercules has been called "the most powerful air defense weapon known."

Today you'll find transistors in radios and radar, in hi-fi's and high-soaring missiles, in hearing aids and even in our satellites.

Three telephone company scientists invented the transistor ten years ago. At first, it was simply one more step in the constant search to improve your phone service. Since then it has come a long way, proving once again that the benefits of telephone research are limitless.

*Volume control telephones which make phoning enjoyable for people with impaired hearing are also helpful in noisy locations. Call your Telephone Business Office for details.

NEW ... Mutual of Omaha offers an expanded Senior Security Policy
FOR MICHIGAN RESIDENTS

HOSPITAL-SURGICAL INSURANCE FOR ALL MEN AND WOMEN 65 AND OVER
REGARDLESS OF PAST OR PRESENT HEALTH!

... that covers you 60 days in the hospital
... that covers you in convalescent or nursing homes

ONLY MUTUAL OF OMAHA'S NEW SENIOR SECURITY POLICY OFFERS ALL THESE OUTSTANDING ADVANTAGES:

Longer coverage . . . This policy provides you hospital, convalescent or nursing home coverage for as long as 60 days—not just 30 days.

Better coverage . . . The benefits provided for convalescent or nursing care following hospitalization are a much-needed feature that no other plan offers.

Pays up to $1,000.00 for additional hospital expenses . . . After you pay the first $100.00, your policy pays 80% of the actual charges for expenses such as operating room, blood transfusions, xrays, and others specified in the policy.

Pays from $4.50 to $225.00 for surgical operations . . . Benefits are payable on a scheduled basis according to nature of the operation.

No physical examination . . . You do not have to take a physical exam to qualify.

No health questions . . . There are no health questions to answer.

10-day money-back guarantee

Prompt local service . . . Wherever you live—wherever you go—Mutual of Omaha is at your service with over 325 Service Offices throughout the U. S., Canada, Hawaii, Canal Zone and portions of the West Indies.

So examine this plan. Study it. You'll find it gives you the truly thorough coverage you've been looking for. The cost is small: Only $8.50 per month. And you're covered for BOTH accidents and sickness. So act now. Mail your application today. For surely this is your insurance chance of a lifetime.

LIMITED ENROLLMENT PERIOD—ACT NOW!

Policy good in any regular hospital, convalescent or nursing home—anywhere in the world. Naturally your policy does not provide benefits for treatment in any place used primarily as a clinic, rest home or health resort. In relation to this, services provided or paid for by the United States Government or any state or county tuberculosis, or mental institutions, are not covered since such services are normally provided without cost.

There is no limit to the number of times you may collect benefits for each hospital confinement due to a different accident or sickness. If confined more than once for the same or related cause, within a 6-month period, any benefits not used during the first confinement may be used for the second; however, benefits for hospital "extras" are payable only while you are eligible for hospital room benefits. When confinements for the same or related causes are separated by 6 months or more full benefits start over again.

Covers both illness and injuries except those caused by war or covered by Workmen's Compensation or Employer's Liability Laws: alcoholism or drug addiction.

Pays in addition to other insurance—you can carry any additional insurance you want and still receive Senior Security Benefits. The only restriction is that you can have just one Senior Security Policy.

MUTUAL OF OMAHA'S Senior Security Policy GUARANTEE

Mutual of Omaha guarantees that your policy can not be cancelled because of the number of times or the amount of benefits you may collect in this respect, your Senior Security Policy is much like group insurance in that it cannot be cancelled nor can the premium be increased unless such action is taken on all Senior Security Policies in your state!

V. J. Skutt, President

10-day money-back guarantee. When you receive your policy, examine it. Examine the information sent with it. If you decide for any reason that you do not want to continue with it, return your policy within ten days and your $8.50 will be quickly and cheerfully refunded.

Are you eligible? Yes—if you are 65 or over by April 15, 1959—you are eligible. And be sure you understand that this plan is not intended for just those 65. It is intended for anyone 65 or any age beyond 65.

Note to residents of other states: If you reside in any of the states listed, you are also eligible. Complete the application and mail today to Mutual of Omaha, Omaha, Neb.—Ala., Alaska, Ariz., Ark., Colo., Conn., Del., D. C., Fla., Ia., Ida., Ill., Ind., Kan., Ky., Me., Mich., Minn., Miss., Mont., Nebr., Nev., N. M., N. D., Ohio, Ore., Pa., R. I., S. C., S. D., Tenn., Utah, Va., Wash., West Va., Wyo., and Hawaii.

You get these specific benefits with Mutual of Omaha's Senior Security Policy

1 **Pays hospital — convalescent — or nursing home benefits, up to a total of 60 days, in the following manner:** Pays up to $10.00 daily room and board benefit while confined to the hospital; Pays up to $5.00 per day for further care of the same condition while confined in a convalescent or nursing home when such confinements immediately follow at least 5 days in the hospital.

2 **You receive from $4.50 to $225.00 for surgery** regardless of where operation is performed—home, hospital or doctor's office. Benefits are paid on a scheduled basis and vary according to the nature of the operation. Although dental surgery, service or repair is not covered, you can still receive room and board benefits if hospital confinement is necessary.

3 **You receive additional hospital benefits up to $1,000.00.** Your policy pays 80% of the cost, in excess of $100.00 for these expenses:

Operating room	Oxygen
Surgical dressings and casts	Anesthetics
Medicines and hypodermics	Xray
Blood transfusions	Laboratory services

4 **You receive immediate protection** for accidents which occur, or sickness which originates after the issue date of your policy.

5 **You are also protected** for conditions you had before your policy was issued, provided the hospital confinement begins—surgical operation is performed—after your policy has been in force six months.

LIMITED ENROLLMENT, YOU MUST ACT NOW!

Enrollment period ends April 13, 1959 To be eligible, you must be 65 or over by April 15, 1959, the date the policy will be issued. So don't miss out! Mail your application today.
1. Print your name, address, and birthdate in the application below.
2. Sign your own name.
3. Enclose check or money order for $8.50, payable to Mutual of Omaha, to cover first month's premium.
4. Mail application before midnight, April 13 1959 to your local Mutual of Omaha agent or office, or to Senior Security Division, Mutual of Omaha, Omaha, Nebraska. Your policy will be issued and effective April 15th, 1959.

Secretarial Workshop Is Held

Dr. Lyle Maxwell, left, educational director of Michigan State University's business education and secretarial studies school, gave the luncheon address when Pontioak Chapter of the National Secretaries Association (International) sponsored its third annual secretarial workshop. The all-day program was held Saturday at Madison High School. Mrs. Kay Rector (center) and Mrs. William Robinson were photographed with the speaker before the luncheon got under way.

Pontioak Unit Stages 1-Day Event

Secretaries, commercial students, teachers and office personnel from Oakland and neighboring counties attended a secretarial workshop entitled "Invest One Day in a Better Future," Saturday at Madison Junior High School.

The one-day program, sponsored by the Pontioak Chapter of the National Secretaries Association, International, was designed to supply fresh viewpoints on a variety of problems which face modern women in business, education and public affairs, as well as create a desire for further knowledge in the largest association for women in one profession.

Presiding was Mrs. Kay Rector, workshop chairman, who introduced the chapter president, Mrs. William Robinson. A welcome was extended by Pontiac Mayor Philip E. Rowston.

TELEPHONE TIPS

Charles Bruillet of Michigan Bell Telephone Company opened the morning session. His topic was "Your Voice Is You." He was assisted by Jeanne Kern and presented a film.

Also speaking during the morning was Kirtley S. Winn of the First National Credit Bureau who spoke on "An Executive's View of a Secretary's Job."

Receiving recognition during the luncheon were Mrs. Mariam Averill, certified professional secretary, and Mrs. Russell Brackett, 1958 Secretary of the Week of Oakland County.

Keynote speech was a luncheon talk of "Professional Trends for Secretaries" by Dr. Lyle Maxwell, educational director of the School of Business Education and Secretarial Studies at Michigan State University.

AFTERNOON SPEAKER

Closing the afternoon session was Fred Canady, in charge of employe relations at General Motors Corporation and Dale Carnegie representative, whose topic was "So You're going to Have a Meeting."

Mary Johnson assisted the workshop chairman, Mrs. Kay Rector. Other committee leaders were: Mrs. Russell Brackett, publicity; Mrs. Roberta Trayer, reservations; Edythe Perry, Mrs. John Duncan and Mrs. Anthony Gaigalas, exhibits; Mrs. Michael Kerensky, decorations; Mrs. Garland Woody, finance.

"Invest One Day in a Better Future" was the theme of the Saturday workshop. Here Edythe Perry receives her identification tag for the day from Mrs. Roberta Trayer. In addition to hearing several outside speakers, members also saw displays of newest improvements in office equipment.

Installing new officers when members met Thursday at the home of Mrs. Mabel Reynolds on North Roselawn drive were Mrs. Verne Warden, Mrs. John Snover and Mrs. Mary Erickson.

Eleanor Lockman, left, and Norma Ainsley of The Pontiac Press arrived in Honolulu at the right moment, just when Congress voted to make Hawaii the fiftieth state. They couldn't have chosen a better time to make their first visit to the islands!

16 Oakland Girl Scouts Train for National Rally

Northern Oakland County Council's 16 senior Girl Scouts who will attend the 1959 Senior Girl Scout Roundup to be held in July at Colorado Springs, Colo., are training and acquiring new skills for the affair. One of these skills is photography.

★ ★ ★

Edward Vine and Wilbrun Seconder of a local photography studio have instructed the girls in lighting, procedure for taking pictures and how to develop proofs.

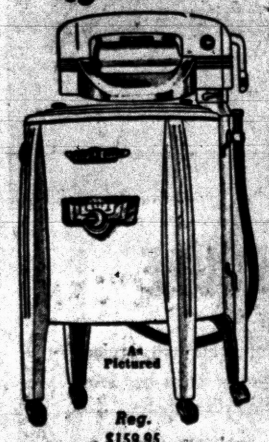

★ ★ ★

Theme of the Roundup is "New Frontiers," which includes four phases: Frontiers of Home, the Western Frontier, the World Frontier and Widening Frontiers.

More than 8,000 girls and adults will be among those from other states and countries taking part in the roundup.

Dear Abby . . .

She Has Everything but Affection

By ABIGAIL VAN BUREN

"DEAR ABBY: I am married and have two beautiful teenage children. I have a good husband who provides me with a nice home, plenty to eat, a nice car and everything a woman could ask for — except what she wants the most. A little affection. I don't remember the last time he kissed me. Our friends think we are an ideal couple. We never argue and he is really sweet to me. But, Abby, you don't know how lonesome a woman can be with her husband sleeping right beside her. I am going out of my mind. It would be heaven if only he would put his arms around me and say, 'I love you, Honey.'"

HEARTBROKEN

DEAR HEARTBROKEN: Get a new hair-do. Rearrange the furniture. Buy a new negligee. Then put your arms around this insensitive clod and say, "Honey, I love you — now what are you going to do about it?

★ ★ ★

"DEAR ABBY: In your column a few weeks ago some office worker wrote that full skirts and ruffled petticoats should not be worn in an office. I agree. But I'd rather see an outfit like that in an office than a maternity dress. Why girls don't have pride enough to leave when they have to wear maternity dresses is beyond me. Companies should force a girl to quit as soon as she starts to show her condition."

DISGUSTED

DEAR DISGUSTED: Move over. I am also disgusted. With you! Women who wear maternity dresses to work would rather be home and off their swollen ankles but cannot. A little more compassion, please.

"DEAR ABBY: What is your opinion of mothers who humor their children by letting them answer the telephone every time it rings just because the children "want to." The youngsters are too young to be understood and are too young to listen properly or relay a message. After about five minutes of "WHO IS THIS" from the child, the mother will finally take over. Why do mothers do this foolish and annoying thing?"

EXASPERATED

DEAR EXASPERATED: Because they don't realize how foolish and annoying it is.

★ ★ ★

"DEAR ABBY: If "CHEATED" (the baby sitter who complained of being underpaid) is the one who came to our house, smoked a carton of cigarettes, gained five pounds, accepted our twenty dollars, plus a two-dollar tip and an eight-dollar Christmas gift, and then left with the grocery money, a new bed sheet and my curlers, please tell her we won't "cheat" her again. We can't afford her."

SITTERLESS

★ ★ ★

CONFIDENTIAL TO JIMMY: The husband who spends too many evenings "with the boys" shouldn't be surprised if his wife does likewise.

Enthusiastic Wife Sets Key to Life

By RUTH MILLETT

"Enthusiasm is the most dynamic of all human qualities." That statement is quoted from a book written for businessmen. But it holds every bit as true for the woman who has chosen homemaking as her lifelong career.

A woman without enthusiasm never manages to do more than a halfhearted job as homemaker, wife and mother.

★ ★ ★

It takes enthusiasm to encourage a husband when he misses a stop on the way up the success ladder. It takes enthusiasm to joyfully share his success.

It takes enthusiasm for the job of housekeeping to turn it into anything but a weary round of dull chores.

It takes enthusiasm to enlist the cooperation of husband and children in projects that ultimately will benefit the whole family.

It takes enthusiasm to give a home a hospitable atmosphere where guests feel welcome and admired.

It takes enthusiasm for a woman to work with others in community affairs—and a great deal of it if she is to head a committee or an organization.

It takes enthusiasm for a woman to pitch in and make the most, instead of just making the best, of living conditions that are far from perfect.

It takes enthusiasm for a mother to inspire her children to acheivement, instead of wasting their opportunities and talents.

★ ★ ★

It takes enthusiasm for a woman to be a bright, gay and cheerful companion to her husband, her children, her neighbors and her friends.

Look around at the happy, industrious, ambitious, having-a-wonderful-time families of your acquaintance and it's a safe bet you won't find one where the wife is not an enthusiastic, optimistic person.

Symphony Program Is Revealed

The Brandenburg Concerto No. 3 by Bach, and Symphony No. 104 "London," by Haydn, will be featured on the program of the Pontiac Symphony Orchestra to be held at 8:30 p.m. Tuesday evening at Pontiac Northern High School.

Celia Merrill Turner, associate conductor will direct the first half of the program with Francesco DiBlasi, conductor, directing the second half.

Included in the second half of the program will be "Danse Macabre" by Saint Saens with the violin solo by Jack Boesen, "Andalucia" by Lecuona, and selections from the "King and I" by Richard Rodgers.

Feuding Can Be Awkward for Hostess

By EMILY POST

"Dear Mrs. Post: The other afternoon I went to visit a friend. When the hostess ushered me into the living room, a Mrs. "A," with whom I am not on speaking terms, was also there. When I saw her, I did not sit down but turned to the hostess and said that I would be in to see her another time, and left promptly.

"I have since heard that my friend thought me very rude for walking out. Don't you think I was justified in doing what I did and that she was the one who was really at fault for not telling me that Mrs. "A" was there when she let me in?"

Answer: If your friend knew you were not on speaking terms with the woman who was there, she should have warned you so that you could have come some other time. If she did not know, you should have made an exception and said, "how do you do?" and one or two impersonal remarks to the woman you dislike, before remembering an important appointment that you had to hurry to.

"Dear Mrs. Post: I have just recently returned home from visiting friends for a weekend and in my rush to catch the train, I forgot to tip the maid before I left. She was very kind to me and went out of her way to make me comfortable. Is there anything I could do for her now?"

Answer: Buy her a present and send it with a note telling her that you appreciate all that she did to make you comfortable during your visit.

"Dear Mrs. Post: Will you please tell me how far over the edge of the table the cloth should hang?"

Answer: Fifteen inches over the edge of a small table and eighteen inches over a large one is about right. A difference in size would be better less rather than more.

Michigan State University Oakland will open in the fall of 1959 for a freshman class only.

Bachelor King's Visit Good News to Girls

WASHINGTON (UPI)—Unattached capital society girls—apparently thrilling to the love story of Grace Kelly and the Prince of Monaco—are shamelessly besieging the Jordanian embassy for invitations to meet perhaps the most eligible royal "bachelor" in the world today.

★ ★ ★

The handsome monarch on whom they want to try their wiles is 23-year-old King Hussein of Jordan, who arrives in the capital March 23 for a four-weeks American visit.

Unlike many of his Moslem compatriots, the young king has had only one wife, a distant cousin from whom he is now divorced. His mother, the dowager Queen Zien, is currently baby-sitting with his four-year-old daughter at the palace in Amman while the all-male royal entourage circles the world.

★ ★ ★

Ambassador Midhat Juma, the king's delightful new envoy to Washington, disclosed during an exclusive interview that his embassy has been inundated by requests from "single girls" to attend the dazzling parties which will honor his royal majesty.

★ ★ ★

Chuckling at the contrast between our forward American females and their carefully sheltered Moslem counterparts, Juma confided: "We are keeping a list of all the women, just in case we should decide to invite them."

King Hussein is unquestionably a royal "catch." Educated at Britain's Sandhurst Military Academy, he not only speaks perfect English, but shares the hobbies of many Americans.

★ ★ ★

He pilots his own planes, even the new jets; and as a racing car enthusiast without peer, he heads the Automobile Racing Club of the Middle East, with headquarters in Beirut, Lebanon. Besides this, he excells at hunting, skeet shooting and ballroom dancing, and can reportedly hoof a mean rumba.

No wonder American females, recalling the royal marriages of Wallace Warfield Simpson and Grace Kelly, pine to meet the unattached Jordanian king!

★ ★ ★

Conditions are stable in his Arab kingdom now, and the youthful monarch has no reason to fear the fate which overtook his cousin, King Faisal of Iraq, who was murdered during the revolution last July. British troops, which rushed to the defense of Jordan while American troops sped to protect Lebanon last summer, have now been withdrawn. The king is supreme on his throne while making a tour of the world.

Fans of Martha Rountree will be intrigued to know that King Hussein will sleep in the former bed and bedroom of the glamorous television star during his Washington visit. The bed is a giant-sized one on the top floor of Martha's former house, which the Jordanians recently bought furnished, for use as its embassy.

★ ★ ★

For the duration of the king's Washington sojourn, the ambassador and his beautiful Egyptian-born wife will move to the fashionable Shoreham Hotel, to give their monarch free rein at the embassy.

After his five days of wining and dining with President Eisenhower and state department officials, the dashing king will pursue his mechanical interests by touring airplane factories, automobile assembly lines and American military bases throughout the country.

Whether his heart will remain intact after his departure from cupid-aspiring Washington remains to be seen.

Before Bathing Soap Tub Ring

Bathtubs scrubbed immediately after use seldom require vigor in removing the telltale ring.

But after it has dried, a housewife needs to rub hard to get rid of it. To ease such scrubbing, rub a bar of soap around the tub before the bath.

Wear Rubber Gloves

Wet Work a Hazard to Hand Beauty

By JOSEPHINE LOWMAN

If we think for a minute about the construction of the skin, we will readily understand why "wet work" or the constant emersion of hands in water will make them more susceptible to roughness and dermatitis.

The skin is composed of layers of cells which constantly move toward the surface where they eventually shed. In the process of moving up they form a horny layer which is made up almost entirely of keratin cells; these act as a protective mantle for the skin. These cells swell and soften when hands are soaked in water so that they wash off faster than they can be replaced.

Unprotected by keratin cells, or the horny layer, the vulnerable lower layer of the skin is exposed to harsh household agents, bacteria and fungi, creating a condition which may lead to infection. I think that most authorities agree that wet work is one of the main hazards to hand beauty and health.

Surveys indicate that eczema flare-ups of the hands are especially common during the first 10 months after the birth of a child, due in part at least to the tremendous amount of wet work the young mother must do.

One young mother whose routine was closest to the average of those interviewed was the mother of a 5-month-old daughter and a 3-year-old son. She kept her hands wet approximately three hours a week handling baby's diapers and an equal time washing dishes.

Washing and sterilizing baby's bottles and preparing the formula, a scalding job for which the hands need protection, required 119 minutes a week. Then, of course, there was the usual hand wetting due to personal care such as baths and shampoos, and many more hand wetting household duties.

One researcher, Doctor William Leifer of New York University Medical School, called attention to the fact that the wedding ring may be a hazard in more ways than one. The band holds soap particles long after dishes and laundry are done. This may trigger an eczema on the housewives' water-logged hands.

Dermatologists strongly recommend rubber gloves when doing housework which brings your hands in contact with strong agents or with water for any length of time. Cotton lined gloves usually are preferred since these absorb moisture.

Prventative care is important not only for the appearance of your hands but in order to prevent serious inflammation.

★ ★ ★

Tomorrow: "In Life, You Have to Roll With the Punch."

Since "wet work" is so much a part of a housewife's daily routine, rubber gloves are recommended by dermatologists.

Dima Opera Ensemble to Present 'Prodigal Son'

Debussy's cantata, "The Prodigal Son," arranged for presentation by opera, will be performed by the Dima Opera Ensemble as part of the program at 8:15 p.m. Friday at the Isaac Crary Junior High School.

The appearance of the ensemble, comprised of 20 persons, is sponsored by the Luther League of Christ Lutheran Church. The Luther League is a group of 40 youths of the church.

The league also has a choir directed by Mrs. John Wiley, a member of the opera ensemble. The choir is making plans to attend the International Lutheran Youth Convention in Texas next December. Counsellors of the league are Mr. and Mrs. Jercld Mejeur and Mr. and Mrs. Richard Blasey.

★ ★ ★

Tickets for the opera program may be secured at the door Friday evening.

A modern minute man is one who can make a round trip to the refrigerator while the commercial is on.

Serve the Whole Family With a Can of Crab Meat

By JANET ODELL
Pontiac Press Home Editor

Getting a little weary of meatless meals? Your appetite will sit up and take notice when you put Crab Patties on the family dinner table. These would be delicious for a luncheon, too.

Today's cook is Mrs. Don Kaiser of Mohawk Lake. The mother of three daughters, she is a tireless seamstress. In the outdoor hobby line, she likes water skiing and fishing. She is a member of Beta Chapter of Beta Theta Phi.

CRAB PATTIES
By Mrs. Don Kaiser

1 can (7½-oz.) crab meat
2 hard cooked eggs, mashed
1 tablespoon onion juice
¾ cup fine bread crumbs
1½ cups medium white sauce

Mix all ingredients together and chill. Form into patties. Roll in bread crumbs, then in slightly beaten egg and again in crumbs. Fry in deep hot fat or in ½ inch of fat in a skillet. Serve with catsup or a mushroom sauce. Makes 7-8 patties.

Widows, Widowers Hold Open Dance

Friends and interested area residents have been invited to attend a St. Patrick's Day dance party being sponsored by the Widow and Widowers Club Tuesday evening.

The affair will be held from 8 to 11 p.m. at the Malta Temple Hall on Perkins street.

Arrangements for prizes, music and refreshments have been headed by Mrs. Adeline Govan and Mrs. Georginna Witkopp.

Infants' Apparel Sewn at Meeting

Members of the Queen Mary Section of the Needlework Guild sewed infants' garments at a meeting Friday with Mrs. Walter Galbraith of Miami road.

Plans were discussed for raising funds and reports from the sewing and knitting committees were heard.

Mrs. Henry Milligan invited the group to her home on Belmont street for the March 26 meeting.

One Reason for Rise: Profits Are Up

Bull Market Fascinating, Amazing

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Stock price averages keep on climbing to new heights to the fascination of most and the amazement of many.

Among the reasons offered there is one that is quite tangible—corporate profits have been climbing, too. And many company executives are predicting still better days ahead.

★ ★ ★

This is something that Wall Street understands even better than it does such a psychological reason as the wide belief that continuing inflation is now written into the American economy, or a technical reason as that growing investment and pension funds have more money to put to work.

The upward swing in profits was evident in the final months of 1958, when they advanced sharply from the summer months. The profit again was steeper than that in industrial production. It contrasted sharply with unemployment, which has stayed stubbornly high.

That the profit trend is carrying over into the first quarter of 1959 is shown in the first reports by corporations whose fiscal year ends before the calendar year, and whose 1959 first quarter is now a matter of record.

Some 28 of these have reported on earnings so far, and 21 of them show gains over the same three months of the previous year. For most of them, true, the 1959 results are weighted by comparison with a very bleak period a year ago.

★ ★ ★

But of the seven who report a decline this time, the sharpest and largest drop is that of a farm equipment company that was strike bound through most of the 1959 first quarter. (International Harvester, which made 6¾ million dollars the previous year but lost 3½ million dollars this time.)

This weighs the sampling of 28 corporations to the downside almost as much as a comparison with the recession depths weighs the average to the upside.

There was only one other to report operating in the red in the 1959 period, while there were five in that predicament in the previous year.

★ ★ ★

Combined the 28 report net profit after taxes in this first quarter of their fiscal year as $46,799,000, an increase of 8.3 per cent over the $43,207,000 the same companies made the previous year.

There are other reasons for the gains than just a comparison with recession days. Chief is a pickup in sales. But important, too, is the cost cutting the recession inspired, which gives them a better margin of profit on each dollar of sales.

For many firms increased efficiency of new plants and equipment either has cut sharply into labor costs or has at least offset any rise in wage scales. And always, after the fixed charges of their business have been met, there is a rising return on each additional sales dollar.

Most corporations have two weeks to go on their first quarters. But a number of them already have predicted pleasant profit gains in prospect.

★ ★ ★

Among them are: Youngstown Sheet & Tube, General Tire & Rubber, Sears, Roebuck and Montgomery Ward. Also Studebaker-Packard, American Motors, Whirlpool, Mueller Brass, Seeburg, Timken Roller Bearing, Texas Pacific Coal & Oil, Smith-Douglass, A. J. Bayless Markets—and the Assn. of American Railroads.

From Sale of Ontario Reservation

Indians to Get Millions

SARNIA, Ont. (AP)—A 6½-million-dollar bonanza is coming up for the Chippewa Indian tribe living along the St. Clair River.

Over the weekend the Canadian government approved the sale of the tribe's 3,600-acre reservation to the Crown Trust Co. of Canada for industrial development.

The plans for the future mean that many of the 450 Indians of Chief Telfer Adams' tribe will live in comparative luxury.

Other members, the approximately 120 land owners, stand to collect on an average of $27,000. Half the purchase price is to go into a trust fund for the Indians, the other half to the land owners.

A model village, including homes, churches, schools and a council hall, is to be set up on 400 acres of the land. Flimsy shacks house many of the Indians today.

A tribesman, Sylvester Stone, employe of a Detroit architectural firm, is designing the village.

At the same time, Chief Adams expressed caution.

Recalling that a similar transaction collapsed two years ago, Adams said the "actual cash" must be produced before he celebrates.

Japanese Planes to Machine Gun Pesky Walruses

TOKYO (AP) — Japan's air force has been ordered to machine gun invading swarms of walruses hampering fishing operations in the North Pacific.

★ ★ ★

The defense agency ordered the action to meet appeals from fishermen who claim the huge mammals caused $55,000 loss in wrecked nets and lost fish last year.

Date of the first attack was not set. Two strikes are planned this month and three in April, a spokesman said.

The attack site will be "Todo-Iwa" (Walrus Rock) ½ mile off the southern coast of Japan's northern island of Hokkaido.

★ ★ ★

Previous attempts by the coast guard to scare the walruses or scatter them with shotguns have failed.

"We plan to send out four F86F Sabrejets each time, equipped with six 50 caliber machineguns," the air force reported. "Each aircraft will make three passes."

Jayne Draws Mickey's Door Prize Number

PALM SPRINGS, Calif. (UPI) —Actress Jayne Mansfield dipped her hand into a bowl filled with door check stubs and pulled out the winning number of the first door prize at a $50-a-couple society fund raising ball.

There was a brief hesitation and then her husband, Mickey Hargitay, stood up and claimed the prize, a mink stole.

Another guest at the celebrity-studded Women's International Adoption Foundation event Saturday drew the stub for the second door prize.

This time Miss Mansfield had the winning ticket for an original oil painting by desert artist John Morris.

Actor Mickey Rooney, master of ceremonies, said with a nervous laugh, "it was a thousand in one chance."

A woman guest explained that Miss Mansfield apparently thought at first that Hargitay was kidding when he claimed the stole.

"Then it became apparent he wasn't," she said. "So, my dear, she kept it . . . and the painting too."

Rockefeller Hails the New Seaway

ALBANY, N. Y. (AP) — The St. Lawrence Seaway "will give a tremendous impetus to economic expansion in our state," Gov. Nelson A. Rockefeller said today.

Rockefeller proclaimed 1959 as "Great Lakes-St. Lawrence Seaway Year," acting in concert with governors of seven other states bordering the Great Lakes.

Great Lakes commerce, Rockefeller said, "will contribute in no insignificant measure to the prosperity and economic well-being of millions of Americans."

Salt Vital Commodity in Earth's Early Eras

WASHINGTON — Salt was premium-priced for centuries—yet it is one of the world's most common minerals.

The salt contained in oceans, lakes, and seas could blanket the entire earth with a white mantle more than 100 feet deep. Seemingly inexhaustible deposits also lie beneath the earth, and mines in Texas and Louisiana alone can supply salt for an estimated 300,000 years, the National Geographic says.

Yet the need of salt provoked wars and revolutions, opened new traffic routes, and pinpointed locations of cities. It was traded as money. Salt aroused superstitions and religious beliefs. Plato called it "dear to the gods."

Salt crystals were wrung from boiled seaweed by the Chinese in 2000 B. C. Sea-trading Phoenicians peddled salt from open galleys in the Mediterranean, and early Egyptians seasoned food and embalmed their dead with salt long before the Christian Era.

Three Are Injured in Head-On Crash

Three persons were injured in a two-car head-on collision Sunday evening on M24 south of Pontiac road in Pontiac Township.

Oakland County Sheriff's Deputies said the most seriously hurt was a 12-year-old Rochester boy, Larry G. Kester, of 312 Griggs St., who suffered severe face and head cuts when he was thrown through the windshield.

The lad is described in "fair" condition today at Pontiac General Hospital. His mother, Lois, 47, who was driving the car, was treated and released.

The other driver, Edsel A. Jewell, 34, of 237 Atwater St., Lake Orion, was admitted to the hospital and is also reported in fair condition today with face and neck injuries.

Deputies said Jewell's auto skidded across the center line smashing into the oncoming Kester car.

A Penny Saved . . .

WOONSOCKET, R. I. (UPI) — For eight years, Antonio Valois, an electrical contractor, saved zinc-covered pennies. The other day he took his hoard down to the bank for deposit. There were 102,000 pennies.

More Auto Parts to Be Mexican

American Car Makers Affected by New Edict of President Mateso

MEXICO CITY (AP)—The Mexican government has ordered foreign automobile manufacturers here to use more Mexican-made parts and materials in their vehicles or face fines and shutdowns.

A decree, effecting General Motors, Ford, Chrysler and Italy's Fiat, becomes effective Wednesday. The decree was signed yesterday by President Adolfo Lopez Mateso.

The automakers must continue to use Mexican parts and materials which they are already putting into cars, trucks and buses assembled here. The new order gave them six months to begin using Mexican-made upholstery and electrical systems.

The government also indicated it would order the use of other Mexican materials as they become available.

In Detroit, Ford, General Motors and Chrysler had no immediate comment on the new order.

Book jackets made of tough plastic film are now being offered in roll form, ready to be cut to fit books. This enables libraries to get the film's performance advantages without the higher cost of pre-cut jackets.

GOP Said Losing Its Hold on Nation's Midsection

WASHINGTON (AP) — Republicans rapidly are losing their hold on Main Street, the farmers and white collar people, Sen. Barry Goldwater (R-Ariz) said today.

Goldwater said in a report prepared by the Republican Senatorial Campaign Committee, which he heads, that the whole central area of the country has turned away from the GOP. He said it can be regained only if the party comes out fighting in 1960 on a platform of basic principles.

"There are eight million voters who left the party between 1954 and 1958," Goldwater said. "Some of these are Republicans who never before have voted Democratic. These eight million could tell you something about the Republican party."

The Goldwater report was made available to a new party program committee organized here over the weekend with Charles F. Percy of Chicago as chairman.

The program committee was put to work with instructions to draft a statement of principles aimed at luring independents and wavering Democrats into the GOP.

"We want to draft a program that will be attractive to independents and wobbly Democrats who have the decisive vote in elections," Percy said.

Four task force groups will meet in April to begin detailed work of assembling recommendations for the policy statement. National Chairman Meade Alcorn has set Sept. 1 as its completion.

Goldwater's report pointed to the Midwest as the area of greatest potential danger for the Republicans.

★ ★ ★

"The election of last November could not be described as a sudden earthquake," Goldwater said. "The losses of 1958 are but a continuation of a decline which set in 30 years ago, after the 1928 election."

He said a comparison of 1954 and 1958 midterm elections indicates the Republicans' heaviest city losses were among the business and professional people

Goldwater said figures show that as late as 1954 two-thirds of college educated voters supported the GOP. In only four years, he said, that advantage was lost and about half of this group went Democratic in 1958.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H.** Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded.

Shelbyites Favor Race Track 12 to 8

"Would you have any objection to a Big Car Race Track in Shelby Township?"

This question was asked of 21 township residents at random by a "man-on-the-street" reporter from The Pontiac Press.

The results of this informal poll showed that 12 persons had no objection, eight were definitely opposed to the proposed track and one — for business reasons — was a fence-sitter.

The proposed major car race track would be located on the Curtiss-Wright Corp. property which covers 675 acres between 22 and 23 Mile roads, Mound road and Van Dyke. There is an existing 2½-mile track on the property which was built by the former owners, the Packard Motor Car Co., as a test track in 1929.

Curtiss-Wright plans to develop the facility for races of Indianapolis "500"-type cars. Also included will be a winding track within the large oval designed for sports car racing.

The township rezoned the property to permit auto racing after an advisory vote of the township electorate which favored the move by a 2 to 1 majority last Nov. 4.

Since then a group of township homeowners initiated a lawsuit against the township charging that, among other things, the rezoning action was "illegal." Curtiss-Wright subsequently entered the suit as a "party defendant."

Mrs. Helen Schwark, R. N., Utica school nurse, of 45435 Cass Ave., said: "I hope this legal battle will come out satisfactorily. It (the track) is not going to make everyone happy, but I think the majority of people will be satisfied."

Mrs. Schwark

Andrew Simkus

Andrew Simkus, real estate man who lives at 86360 Mary Ann St., stated: "I have no objection whatever. I feel it's something we will have to try, and I'm willing to try it. It will stimulate the real estate end of things. At the start it will cost the taxpayers money, but in the end it will benefit them."

Mrs. Glenford Harmer, housewife, of 47230 Pinecrest Rd., said: "I have no objection. I think a lot of people think taxes will go up, but I think business people will be way ahead on that. There are bound to be a lot of people coming in."

Mrs. Floyd Spudowski, housewife, of 47640 Eldon St., said she had no objection. "I think it's going to be a good thing. For one thing, I think taxes will go down, and property will be worth more."

Mrs. Spudowski

Melvin Gell

Melvin Gell, proprietor of Gell's Drugstore on Van Dyke in Utica, stated that as a member of the Uptown Merchants group he wants the things "that will benefit the community most. We will go along with the best thinking in the community," he said.

Charles Fredley, toolmaker, of 12141 25 Mile Rd., had a different point of view than others because he lives north of the track. He observed that he'd have to go through more traffic than those who live south of the facility. "I don't know if it would help taxes or not, but I'm for it nonetheless. It will add some business here if they get it."

★ ★ ★

One of the first opponents of the track encountered by the roving reporter was Arthur Krug, mechanist, of 53101 Shelby Rd. He said: "I do have some objections. There will be too much congestion, too much traffic and the people who might hang around the track are riff-raff who might have a bad influence on our children."

Arthur Krug

Mrs. David Fox

Mrs. David Fox, housewife, of 7498 21 Mile Rd. said she personally has no objection. "I can sympathize with the homeowners who live in that immediate area though. They feel the track might bring undesirable individuals into the area."

Thomas Aragona, Ford Motor Co. painter, of 53300 Suzanne Rd., (north of 24 Mile road) states that he voted against it Nov. 4. "The one thing I object to is the congestion on the roads. I signed the homeowners' petition asking for a referendum vote on this thing. Noise from the track and traffic will constitute a nuisance. I'm originally from Detroit, and we moved out here to be in the country. I would have bought more property if I could have afforded it."

Aragona added that he had talked to people around the "Eight-Mile Speedway and Hazel Park race track and they're both awfully congested at race time, and that traffic is hard to get through."

★ ★ ★

Lawrence Sharpless, disability retired, of 47450 Condor St., Utica, said: "The bunch who are complaining are newcomers from Detroit. I've lived here 30 years and knew the track when it belonged to Packard. It as built in 1929 as a race track, but it couldn't be used because the concrete ate up the tires too fast. Now the state will widen Van Dyke immediately instead of five years from now, and Curtiss-Wright will have adequate room for parking. There will be no litter outside the grounds."

L. Sharpless

Curtis Woods, boring mill operator, of 8142 Elizabeth Ann St., states that his main objections are to the confusion, traffic and extra expense. "We moved out here to get away from confusion, and this is just not the place for a track. I can't understand why the politicians here are so strong for it. If there is something good about it, I'd like to know what it is."

Curtis Woods

One woman, who did not want to be quoted, voiced her disapproval of the track. Another declined to give her name, but said if it would be anything like it was during World War II when they were testing tanks there, she would not want any part of it.

★ ★ ★

Edward Nowak, machine operator, who lives at 47801 Van Dyke near 21 Mile road, said: "There would be too much noise, probably dust and carbon monoxide from traffic and the cars on the track which burn special fuel."

Mrs. George Pesha, housewife, of 8490 Millis Rd., stated that she did object. "I think Utica is too small for that sort of thing. It would lower property valuation. There would be too much traffic and confusion, and it would raise taxes. The township would have to hire extra help to keep the area around the track clean. And it would bring a lot of riff-raff here that we could do without."

Mrs. G. Pesha

★ ★ ★

Coincidentally, the next person interviewed used to live in Indianapolis. He is W. J. Collier, a retired sales executive, of 8164 McKay Ct., Utica. He said: "I'd have to say I like it, because I am originally from Indianapolis. When I was a kid, I worked at the Speedway. I know it did great things for Indianapolis — brought a business boom. They'll have to do something about the roads to handle traffic though — that's very definite."

★ ★ ★

The latest development in the legal hassle was at the pre-trial hearing last Friday where "certain preliminary matters were determined," Macomb County Circuit Judge Howard R. Carroll of Mount Clemens said.

He added that the defense (Curtiss-Wright and the township) claims the ordinance rezoning the property was lawful and that if the question of "nuisance" is raised, it's "premature" to decide it. The track has to be in operation before that can be determined, Carroll said.

A pre-trial "discovery" is scheduled for 9:30 a.m. Friday at which time one of the plaintiffs, Xenophon Maguire, will be allowed to appear to give information for the trial.

Man Killed, 10 Left Homeless as 3 Houses Burn in County

8 Killed in Crash on Arizona Highway

PEACH SPRINGS, Ariz. (UPI)—Eight persons were killed last night and four were injured in a violent head-on two-car collision two miles west of Peach Springs on Highway 66.

All were killed outright. Most were pinned in the wreckage. The dead were from three states. Peach Springs is 30 miles east of Kingman, Ariz.

Arizona Highway Patrolman Randy Wakefield said a westbound 1956 sedan believed driven by Joe Williams, 32, of Peach Springs, apparently crossed the center line and struck an eastbound car driven by Henry Manuel Goke, 38, of Albuquerque, N.M.

Women to Hold Organization Meet at Church

ROCHESTER — The Women's Assn. of the University Presbyterian Church located on Adams road just west of here will meet at 8 p.m. Wednesday to organize into circles. All women of the church are urged to attend.

Primary objects of the circles will be Bible study, the study of current world situations and missionary support. Social activities will be planned within the circles and for the association as a whole, a church spokesman reported today.

Church membership automatically makes a woman a member of the association, but membership is open to all women interested in its activities, she added.

READY LENTEN TEA — Members of the Altar Guild of St. Philip's Episcopal Church, Rochester, are completing plans for a tea and antique show to be held at 2 p. m. Wednesday at the church. Here Mrs. Francis King, show chairman, left, pours a cup of tea for fellow Guild member, Mrs. Harold H. Shuart. She uses an antique Japanese tea pot, Limoges cup and saucer and an Ironstone sugar bowl. The candlestick is from China.

Area Church Group Plans Annual Tea, Antique Show

ROCHESTER — A backward look at the past will be offered Wednesday when the Altar Guild of St. Philip's Episcopal Church here sponsors its annual Lenten tea and antique show in the undercroft of the church.

Many treasured antiques and family heirlooms will be on exhibit. The silent "host and hostess" of the show will be portraits of a great-grandfather and great-grandmother of present-day Rochester residents.

There will be several pieces dating back into the 16th and 17th centuries. One of these is a water clock made in Salisbury, England, in 1699 by the Lawrence family which was related to George Washington. This is an heirloom belonging to Mr. and Mrs. Francis King, 207 Williams Rd., Rochester.

Mrs. King is chairman of the antique show.

Mrs. Harmes Drewes will show a collection of heirlooms from Holland. She has a coal burner used in the 17th century for pressing clothes and a doff pot, which was used by people centuries ago to keep their fire overnight, and other items of interest.

★ ★ ★

There will be many articles which reflect the work of housewives in bygone times, which have become curiosities through progress, Mrs. King said. They are watches, silk quilts, and a typewriter of early vintage. A set of plates brought to America by an Army officer after the Boxer rebellion in China will also be featured.

Mrs. Maurice Garabrant of Bloomfield Hills will be the guest speaker of the day. She will talk on "Women of the Bible."

Mrs. Garabrant has attended classes conducted by many of the great religious thinkers of today including Harry Emerson Fosdick and Henry Sloan Coffin among others.

The Altar Guild takes care of the altar and its preparation for service every Sunday and of the church linens. The tea is the only public function the guild sponsors during the year.

The event is open to the public.

Blame Neglected Cigarette in Death, as 2 Escape Fire

A Ferndale man was burned to death and a Lake Orion area family of 10 left homeless as three houses caught fire in Oakland County over the weekend.

Alva W. Turner, 76, was found dead in his bed as the result of a fire which destroyed his home at 574 Stratford Rd. in Ferndale early Sunday morning. Two others in the house at the time escaped the flames, the Ferndale Fire Dept. reported today.

According to Fire Lt. Larry Brown the blaze was started by a cigarette left burning in the living room after the occupants had retired for the night.

The victim's daughter and her husband who were living with him said they were awakened by the smell of smoke at about 2:45 p.m.

Floyd E. Williams, the son-in-law, told firemen he got up to find the living room couch on fire. He said he and his wife tried to drag the couch out of the house but gave up when flames ignited the wood-paneled walls in the living room.

★ ★ ★

Williams said he called his wife's father but received no answer. Assuming that Turner was already outside, Williams said, he and Mrs. Williams fled to the street in their nightclothes.

She called the fire department from a next-door neighbor's home.

Firemen estimate damage to the house and furnishings at $10,000.

WALL DESTROYED

A family of 10 was left homeless Saturday night when fire destroyed one wall of their frame home at 2196 S. Lapeer Rd., just south of Lake Orion, George Schick, Lapeer fire chief reported today.

Mr. and Mrs. Robert Robinson and their eight children fled from their home at about 9:30 p.m. when they saw flames leaping up the walls in the dining room to the roof.

The Robinson children are Linda, 14, Phyllis, 13, Robert 12, David, 9, Danny, 7, Mary, 5, Ronny, 4, and Mike, 2.

★ ★ ★

An overheated chimney was blamed for the fire which caused an estimated $1,000 worth of damage, Schick said.

Schick credited firemen with saving most of the home because of their prompt action and cooperation at the scene. Firefighters fought the blaze for about an hour and a half, he said.

A $25,000 home in Springfield Township was destroyed by fire of an undetermined origin at midnight last night. No one was injured.

The Springfield Township Fire Dept. was called out at midnight to battle the blaze in a home owned by a Detroit woman at 9252 Sherwood Dr.

They fought the flames for about an hour and a half but were able to save only an attached garage.

Mrs. Lilley (first name unknown) is believed to be in Detroit at this time. Authorities have not been able to contact her as yet.

Fire Chief Charles Hillman is investigating the cause of the fire. He offered no theory as to how it got started. He noted that none of the utilities were turned on in the house at the time.

The alarm was turned in by a next-door neighbor, Mrs. Albert Hill, who was awakened by a passing motorist on nearby U.S. 10 at about 11:45 a.m. The house was engulfed by flames by that time.

Suspect Held in Troy Robbery

Question Warren Man in Holdup, Theft of $55 at Maple Lane Store

TROY—A Warren man, William D. Nowicki, 24, is being held by Troy police for investigation of robbery at the Maple Lane Party Store, 1037 E. Maple Rd. here last night, according to Troy police.

Mrs. Ann Krivens told police the man entered the store about 11 p.m. and asked for a package of cigarettes. When she handed them to him, he said, "This is a holdup." Mrs. Krivens said she handed over the contents of the cash register or about $55.

Mrs. Krivens, who is the mother of the store owner, Harry Krivens, notified authorities and gave a description of the getaway car.

Clawson police apprehended Nowicki shortly after on Rochester road just inside the Clawson city limits. Police Chief Frank Cribb said no gun was found on Nowicki nor in his car.

Mrs. Krivens said she did not see a gun nor did her son, Dennis, 19, working with her at the time.

Draftee, You Just Haven't a Chance, Says Lawyer

WASHINGTON (UPI)—The chief counsel of the Selective Service says a male teenager has "virtually no chance" of passing draft age eligibility without some kind of military service.

Col. Daniel Omer said the only way it would be possible to escape would be to marry before age 23, become a father and turn 26 before a call is issued for class 1-A fathers.

Would Require All Districts to Have Kindergarten through Grade 12

K-12 School Plan Stirs Hot Dispute

LANSING (AP) — The little red schoolhouse is gradually going the way of the horse and buggy in Michigan, but not without a struggle.

State Legislators are girding for a fight on the latest attempt to abolish so-called primary school districts that don't offer classes beyond the eighth grade.

Seventy-seven per cent, or 1,828 of Michigan's 2,375 school districts, fall into this category. Paradoxically, they represent only 225,000 of Michigan's 1½ million school children.

A public hearing is scheduled in the capitol Wednesday on a bill to put all school-age children into districts offering instruction from kindergarten through high school. Appropriately, it's called the K-12 plan.

Here's how it would work:

Under a timetable starting July 1, all primary school districts would be given 30 months to form their own high school districts or join existing ones—with approval of the state Superintendent of Public Instruction.

During the first 24 months, county boards of education would conduct area studies to establish the pattern of reorganization.

After a Jan. 1, 1962, deadline, county boards would step in to force annexation or consolidation of hold-out districts.

During the ensuing six months, however, or any time after the reorganization pattern was established, any protesting district could appeal the county board's decision to the state Board of Education.

The state board would exercise the final authority, completing the reorganization by July 1, 1962.

★ ★ ★

Announcement of the plan touched off a lively dispute between the "consolidators" and the so-called "little red schoolhouse" group.

On one side, pushing the program, is an impressive array of organizations including the state Department of Public Instruction, the Michigan Congress of Parents and Teachers, and the Michigan Education Assn. Leading the opposition are many primary school districts, a good scattering of city school districts, the Michigan Farm Bureau and the Assn. of Rural Education.

Supporters offer these arguments for K-12 districts throughout the state:

★ ★ ★

1. Every school child would be assured of access to a high school education in his home district, eliminating the need for some districts to hunt for high school facilities in neighboring areas.

A classic example occurred last year when about 100 high school students in Cass and Van Buren counties were left without schools to attend. Nearby districts refused to accept them unless their districts agreed to annex. Places were found for all, some in Indiana, but the solution is only temporary.

2. Voters in present districts would have a voice in operation of the high schools their children attended.

3. Larger districts could offer a better education, more efficient operation.

4. School transportation systems could be run more efficiently. As it is, three or four school buses sometimes run through a single area to transport pupils to three or four different school districts.

5. The state would save about four million dollars annually in tuition paid to districts that enroll non-resident pupils.

Opponents come up with these arguments:

1. Schools costs would go up in present primary districts. This state school officials concede.

2. School district consolidation is going ahead steadily, so why push? From a peak of 7,362 districts in 1912, the total has dropped to 2,375. School authorities hope the number eventually will settle at between 400 and 600.

3. From the cities comes the argument that adoption of the K-12 plan would strip them of one of their chief weapons to force political annexation.

4. Cites also might lose some of their taxing power. Saginaw School Superintendent Charles C. Coulter, for instance, pointed out that his district now competes only with the county for millage under the 15-mill tax limitation. Annexation of rural areas would force it to compete with townships as well as the county, bringing a possible revenue loss of $300,000 annually.

★ ★ ★

Answering this complaint, Lynn M. Bartlett, state Superintendent of Public Instruction, said "every consideration" would be given to parent cities under the K-12 program.

"We have no intention of losing tax revenues for them through annexation," he said.

Some districts (such as Bay City) which take in rural areas levy split millage, with city residents paying a higher school tax than rural taxpayers.

School Near Air Base May Go Underground

SANTA MARIA, Calif. (UPI)—A school district here is "very seriously" thinking about building an 18-classroom school underground because of rocket launchings at nearby Vandenberg Air Force Base.

Joseph Nightingale, superintendent of the Orcutt School District, said rough plans already have been submitted to the division of architects to the state Department of Education.

Passenger Car Taxes Drop $784,000 in 1958

LANSING (AP)—The secretary of state's office reports motor vehicle tax collections for passenger cars in 1958 dropped $784,000 from the $33,193,000 collected in 1957.

On the other hand, collections of commercial vehicle taxes rose $711,000 from the $19,448,000 figure for 1957.

Researchers Gather Disease Data

Farmers' Hearts Being Studied

INDIANAPOLIS (UPI)—A study that can have life-or-death impact on the nation's farmers has reached its first five-year plateau.

Scientists at Purdue University, led by Dr. L. S. Hardin, have been studying the every-day lives of 400 working farmers, about half of whom have heart diseases.

The 400 farmers are followed about by researchers as they do their chores and the amount of energy needed for different tasks is measured under varying conditions.

"The Indiana Farm Cardiac Study," in progress since 1953, now is seeking additional funds to carry on its work beyond the original closing date of July 1, 1959.

★ ★ ★

The American Heart Association, one of six sponsors of the study, already has compiled a guide based upon the preliminary findings.

These findings, reviewed at the 1958 Third World Congress of Cardiology at Brussels, admonish all farmers over 50 to quit chasing hogs on a hot day.

If the critters won't come in or go out of their own accord, drive them with a jeep or tractor, or "send a couple of boys to do the job," say the researchers.

Other farm activities which put a heavy strain on the heart were found to be:

Lifting or carrying heavy loads, sacks or bales; climbing up machinery; restraining livestock for castrating, ringing, or similar operations; pulling or pushing heavy barn doors or feed carts; carrying anything in deep snow or over heavy soil.

Weather, rate of work, rest periods, the individual's physical condition, his emotional balance, all must be considered in determining a safe work load.

"Most, if not all, of the major physical stresses in farm work can be reduced and many can be eliminated," the study found. "Other tasks can be modified with little expense."

The scientists report a slow, steady rate of work, interrupted with brief rest periods, gets the same job done with less effort.

Also, the same job on a hot, humid day with no wind puts a greater burden on the heart than a cool day.

For a farmer working in the sun, an aluminum-lined sun helmet of light color with air space between the lining and the head is ideal.

The use of sunshades on tractors also was recommended. Farmers are advised to skip the heavy noon meal in favor of a light mid-day meal in summer weather.

Air-conditioned cabs on combines and tractors are in the future of mass-produced farm machinery and should be helpful to the cardiac.

Power steering on tractors reures indicating farmers with heart to 65 per cent on various types of work. The scientists also report that worry about the price of a new tractor can do as much harm, in some cases, as not having one.

★ ★ ★

The Indiana study produced figures indiating farmers with heart disease may live longer than non-farmers similarly afflicted. The average age at which death from arteriosclerotic heart disease occurred was 74.3 years for the farm group, compared with 67 for the non-farmers.

U.S. Excess Set at $7 Billion

Federal Agencies Urged to Make Use of Items Already on Hand

WASHINGTON (UPI)—The government had $7,043,000,000 worth of "excess" material and equipment on hand in the fiscal year 1958, and the supply may be larger by now.

The figure was included in a new handbook on government purchasing issued to civilian federal agencies by the General Services Administration which acts as Uncle Sam's housekeeper.

It appealed to the agencies to help trim down the "excess" by requisitioning such materials instead of buying new goods wherever possible. It noted that such materials could be acquired at "fair prices which range from zero to 50 per cent of acquisition cost."

The handbook did not say specifically what items were included in the "excess." But it spoke generally of such things as cloth, sheet metal, paper products, shop equipment and electrical wiring.

★ ★ ★

Government purchasing officers were cautioned to be wary in placing new orders "because of the possibility of 'over buying' and the resultant criticism when portions of such inventories may be declared 'excess.'"

The handbook defined excess materials as those which have no further use to the agency having custody but which might be of use to other agencies. This is a step short of surplus which means the materials are of no use to any federal agency.

Between 1946 and 1956, Communism gained control of more than five million square miles of territory inhabited by more than 600 million people.

Billy's Australian Finale Sets Record

MELBOURNE, Australia (AP)—Billy Graham wound up his month-long crusade in Australia's second largest city Sunday with the biggest crowd of his career, more than 140,000 people.

★ ★ ★

Graham's previous record audience—100,000—was at New York's Yankee Stadium in 1957.

Australian clergymen said the American evangelist's final local meeting was Australia's greatest religious gathering. Leaders of virtually every church, including Roman Catholic and Jews, praised the North Carolina Baptist's crusade.

TOTAL NEARLY 700,000

During this month Graham has drawn audiences totaling nearly 700,000. Millions have heard him on radio and television.

Graham spoke from a platform in the center of the five-acre Melbourne Cricket Ground, site of the 1956 Olympic Games. Sir Dallas Brooks, Lady Brooks and church leaders sat on the platform.

★ ★ ★

Graham opened his sermon by reading greetings from President Eisenhower. In his religious message he said man could serve either self or God, but only by serving God could man attain heaven.

"I am only a spokesman for the churches," Graham said. "Without the support of the churches, we would not have drawn a corporal's guard to our meetings."

FLIES TO TASMANIA

Graham flew to Tasmania today for two meetings. After a two-week holiday at the shore in Queensland, he will start a crusade in New Zealand in April.

He Had the Clincher

Gas, Gas, Everywhere but...

LOS ANGELES (AP)—A truck tanker slammed into a stalled auto and spilled 4,000 gallons of gasoline on the Harbor Freeway.

After 40 policemen and eight fire companies cleaned up the mess Sunday, officers asked Booker Williams why he had left his car there.

"I was out of gas," he told officers.

Lack of Funds May Cut School Milk Program

LANSING (UP) — Michigan faces loss of the cut-price milk program for school children unless a special appropriation is made by Congress, Dr. Lynn M. Bartlett, state superintendent of public schools.

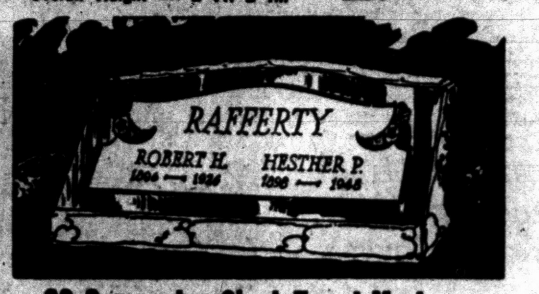

Bartlett said he has wired Congressmen urging passage of a $70,000 deficiency appropriation to cover an anticipated deficit in the state's special milk program. The deficit stems from an 18 per cent increase in milk consumption this year.

More than 135 million half-pints of milk were served in Michigan schools last year, Bartlett said. The average cost to the child under the subsidized program was 2½ cents per milk ration.

Bob Considine Says:

10 Years of NATO Decisions All Unanimous

NEW YORK—NATO, the North Atlantic Treaty Organization of which we are a dues-paying member, will be 10 years old April 4. Our commitment is little understood by the American taxpayer who helps support the alliance. The Russians pay NATO much more heed. For a full decade they have given it the ultimate compliment: Denunciation.

The tall, distinguished American who commands NATO's sea forces, Adm. Jerauld Wright, is concerned by the U. S. public's indifference to an unprecedented alliance whose members have agreed that "an armed attack against one or more of them in Europe and North America shall be considered an attack against all."

"It's not all beer and skittles," Wright told us the other night. "We're not always happy with what this or that NATO member is up to. But the important thing is that 15 nations are bound together by pact and united command to prevent Soviet pressure and aggression. And for 10 years we haven't lost a foot of ground to the Soviet Union.

"Since the day it was born, every major decision has been unanimous. This country has never been in such an alliance. It's the first one in history with real teeth, thoroughly organized, completely in agreement on plans, mission and everything else that matters. There's a slot for every man, a place for every gun, plane, ship."

We asked the admiral how long it would take NATO to react if the Red army, Red air force, and Red missiles people threw a concerted punch.

"We're ready to go," he said quietly, confidently. "We're ready to go with 15 nations acting in perfect concert, a force with much more power than 15 nations responding individually. Can you imagine what would happen if those 15 nations fought separately against a common enemy? We'd be shooting down each others planes, sinking each others submarines.

"Under NATO, we work as a team. We have standardized all communications equipment, signals, radar, planes and their parts, missiles, tanks, guns and, to a degree, ships. We have standardized consumable supplies, food and medicine, for example, and the logistics involved. And we have standardized procedures — tactics, orders. We work together."

Each country has contributed to the whole. France, for example, has developed an anti-submarine patrol plane, with British engines, which has been adopted by all the others.

"A year or so ago, Russia put a lot of pressure on Norway on the question of missile bases," Admiral Wright recalled. "Norway put up its dukes and wouldn't yield. It had 14 of us standing behind it. But could it have resisted if it had not been a part of NATO?

"As for us, NATO is a great bargain. We wouldn't be in a very happy position if we had to worry about the defense of Europe as well as the defense of the United States. It would be terribly expensive, for one thing, and spread us cruelly thin.

It's a big one, this alliance. Stretches from the northern tip of Norway to the eastern flank of Turkey and across the Atlantic by means of the stepping stones of Britain, Ireland (a base), Iceland, Greenland, Baffin Island, Labrador, Newfoundland, Canada and the United States.

Fifty divisions, fleets of planes, are manned by Americans, Canadians, Icelanders, Norwegians, Britons, Dutch, Danes, Belgians, Luxemburgers, Portuguese, French, Italians, Greeks, Turks and West Germans.

★ ★ ★

We've chipped in $12,000,000,000, about a third of the total cost of the operation. Its our first important security pact with Europe since the French Alliance of 1778, and the first time in the history of this nation that we've promised to go to war before being hit ourselves.

Top Honors Go to 3 High School Papers

Three Oakland County high school newspapers received first place honor awards in the annual writing contest of the Columbia Scholastic Press Assn.

They are "The Blue and White" publication at Farmington Senior High; "The Crane" at Cranbrook School for Boys in Bloomfield Hills and "The Highlander" at Birmingham Senior High School.

The contest, sponsored by Columbia University in New York City, is for the improvement of student writing and betterment of publications.

High school publications throughout the nation were judged in groups according to the size of student enrollment. Eighteen Michigan papers received awards.

Headhunting Feasts Cost Too Much to Hold

By GENE KRAMER

BAWANG ASSAM, Sarawak (AP) — "Yes, it's just as well headhunting was abolished. It cost too much to hold a feast every time a head was brought in," said the tattooed old chief.

★ ★ ★

He was wrinkled, 73-year-old Penghulu Nanta Anak Itar, chief of this district of Sea Dyaks, or Ibans, better known at the turn of the century as the head hunters of Borneo. They are now a peaceful farming people, except for a brief flareup of headhunting against Japanese soldiers at the end of World War II.

"Most of us are christians now, Methodists," the chief said.

"I'll give you four reasons we used to take heads—first, to show bravery in war; second, because whenever anybody took a head there was a special feast and much merriment; third, to get the best seat at feasts, which went to the men with the most heads; fourth, to impress the girls."

★ ★ ★

The chief said two dozen smoke-blackened human skulls dangling in baskets from the rafters of his longhouse had been taken by his ancestors more than a century ago and were kept to show visitors.

When the chief was asked about his own exploits, an interpreter replied, "He is ashamed to talk about his own heads, they were so few."

★ ★ ★

Engkamat, leader of 36 families, spoke up: "My father was considered one of the bravest men. He took about 15 heads in many fights. I haven't taken even one because it is against the law now."

The Ibans work in rubber plantations and rice paddies.

These Flowers Smell Too Strong, Strange

TULSA, Okla. (AP) — Odors from a flowerbed at the Neil L. Tucker residence here got too stale for posies and gas company workers were called.

One sniff and the gas men called an oil company. Its workers posted "danger-no smoking" signs around the flowers.

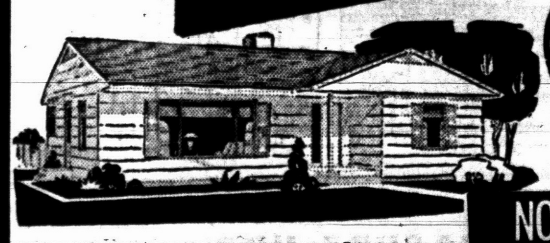

Workers digging into the bed discovered an abandoned gas well still emitting a small volume of natural gas. They expected to have the well capped soon.

8 Road Deaths Over Weekend

Heavy Snow in Upper Part of State Increases Driving Hazards

By The Associated Press

Eight persons died in traffic accidents on Michigan highways over the snowy, mid-March weekend.

Heavy snow in the northern part of the state was blamed for the death of a 5-week-old boy in a two-car collision in Newaygo County.

High winds caused drifting and blowing snow which left many main highways north of a line from Houghton Lake to Manistee all but impassable.

The Associated Press fatality count started at 6 p.m. Friday and ended at midnight Sunday.

Herman Hyma, 59, of Grant, was killed Saturday in a two-car collision on M46 east of Kingston in Tuscola County.

Hazen L. Gibbs, 42, and his wife, Wilma, 42, of Millington, died Saturday when their pickup truck was involved in a collision with a freight train at a crossing in Clio, Genesee County.

Francis L. Bullock, 43, his wife, Hattie, 45, of Vassar, and Mrs. Erna Schultz, 45, of Saginaw, were killed Friday night in a car-truck collision on U.S. 23 near M59 in Monroe County.

Douglas L. Putnam, 26, of Caro died Friday night when his car went out of control and struck a tree on a rural road near Elkton.

David Tawney, 5-week-old son of Mr. and Mrs. Leon Tawney of rural Sand Lake, was killed Sunday when the car in which he was riding with his parents collided with another auto in Newaygo County about 10 miles west of Grant.

Broomfield to Seek Alaska Land Reform

A drive to end land profiteering and speculation in Alaska homesteads will be sought by Congressman William S. Broomfield (R-Oakland County).

Broomfield said today he has been informed by Congressman Wayne N. Aspinall, chairman of the House Interior and Insular Affairs Committee, that only a "very small percentage" of land homesteaded in Alaska is actually farmed on a continuing basis.

Less than 20,000 acres in the entire newest and largest state is being harvested for crops, he added.

In addition, Aspinall told Broomfield that complaints against "land agents" and "land locaters" who charge fees to assist persons in applying for public lands are becoming widespread, and that new laws will be proposed to control this practice.

Woman Market Proprietor Tells Off Armed Thug

COMPTON, Calif. (AP)—"Turn your back and walk to the rear of the store," the young gunman told market owner Mrs. Jere Ledet.

"I will not," snapped Mrs. Ledet.

"Where's your money?" demanded the gunman.

"I don't have much and you're not going to get it — I work 13 hours a day."

"Go ahead and shoot."

The gunman blinked at Mrs. Ledet and ran out of the store.

She told police: "I was scared to death, really."

Newlyweds Honeymoon in Their Rocking Chairs

NEW ORLEANS (AP) — Emily Mitchell and Thomas McKnight were married in a quiet church ceremony Sunday, then settled back in their rocking chairs to admire flowers from friends. They had known each other nearly half a century.

The bride is 90, the groom 85.

'The Best Is Yet to Be'

Solons 'Head' Artists

WASHINGTON (AP)—Never slouches at headline hunting, members of Congress are becoming proficient as headline writers.

★ ★ ★

Some interesting eye-catchers show up from time to time in the appendix of the Congressional Record, where members can publish almost anything and write their own headlines.

Some recent examples, and their authors:

Do Ducks Smoke?—Rep. A. S. Herlong (D-Fla), in an article about ducks, as well as cigarette smokers, being victims of cancer.

Can the Republican Elephant Be Whitewashed?—Rep. Ken Hechler (D-WVa), in an article criticizing the Republican party leadership.

The Best Is Yet to Be—Sen. Homer E. Capehart (R-Ind), painting a rosy picture of the future of the United States.

God and Mr. Dulles—Rep. Wayne N. Aspinall (D-Colo), discussing foreign policy toward Red China.

GI Joe and Honest John—Rep. Daniel J. Flood (D-Pa), in an article asserting the need for foot troops in the missile age.

★ ★ ★

The Plot to Move Baltimore—Rep. Samuel N. Friedel (D- Md), discussing a proposal to remove a freight differential granted to Baltimore 82 years ago.

Poison in Your Water—Rep. John D. Dingell (D-Mich), in one of a series of articles on water pollution.

They're Stealing My Dollars, Robbing My Children, Grandchildren, and Great Grandchildren—Rep. Clare E. Hoffman (R-Mich), complaining about inflation.

The most unhappy girl in America on Thursday was Nanette Fabray, who took off for New York Wednesday night. She was scheduled out on a jet flight, which was cancelled because of weather conditions. She started hitchhiking planes on odd flights because she had to be in New York Thursday to start rehearsals for the Perry Como Show.

Nanette ended up in Ypsilanti, Mich., when the plane was forced down because of a fire aboard. When she called her husband, Randy MacDougall, in Hollywood, she was in tears for fear she'd miss her rehearsals.

To Ask for Hike in Debt Ceiling

Treasury Chief Tells Need for Higher Limit to House Group

WASHINGTON (AP) — It won't be long until the Treasury asks Congress for another raise in the national debt ceiling.

Advance notice was given by Secretary Robert B. Anderson at closed hearings of the House Appropriations Committee. His testimony was made public today.

The debt is now within the temporary limit of 288 billions which Congress last year authorized until July 1.

★ ★ ★

Last year, Congress increased the permanent statutory debt limit to 283 billion dollars. To enable the Treasury to meet its obligations, it added another five billion dollars to the maximum debt limit for one year.

★ ★ ★

In only four of 14 years since the end of World War II has there been a budget surplus — in 1948, 1951, 1955 and 1956.

During that period the public debt has risen steadily from its 1948 postwar low of 252 billions to an estimated 285 billion at the end of the current fiscal year on June 30. The Treasury estimates it will stay near the 285-billion-dollar level in 1960.

Algae Fossils Play Important Industry Role

WASHINGTON — Mention of the diatom in casual conversation may produce a blank stare, yet fossils of this microscopic marine plant play an increasingly important part in industry.

Packed in huge deposits over millions of years, the fossils from diatomaceous earth, or diatomite. Man has used the hard, compact rock of diatomite in building for the last 2,000 years, but it is only within recent decades that its larger potential has been realized, says the National Geographic Society.

Today the substance is used for such varied jobs as filtering antibiotics and strengthening highway concrete. Diatomite is vital in the production of camouflage paint used in wartime. Only recently it was incorporated into a new cigarette filter. It is used to insulate blast furnaces, and it makes a fine abrasive for silver polish.

Diatoms are members of the algae family. They help nourish plankton, the vast, floating sea pastures that provide food for many forms of marine life. The unicellular plants have the remarkable ability to extract silica from the water in which they live, and with this silica they build external skeletons of incredibly delicate design. When the diatoms die, the skeletons remain. They sink to the floors of seas and lakes.

Mrs. Williams Sees Tax Rise

Predicts Sales Levy Increase in Address at Seattle Stop

SEATTLE (AP)—Mrs. Nancy Williams, wife of Michigan's Gov. G. Mennen Williams, stopped here last night on her way to Tokyo and talked to Seattle Democrats on subjects ranging from Michigan's financial ills to her husband's Presidential ambitions.

She said Williams' ambition for the Presidency was "not a serious thing at the moment. He's too busy being governor and wrestling with some acute financial problems."

To bring the state more revenue, Mrs. Williams told Washington State Sen. Luke Graham, she thought the present Legislature would raise the state sales tax above the present three per cent. She would not predict how much the raise might be.

Mrs. Williams, accompanied by Mrs. Elizabeth Abernathy, wife of Governor's Aide John Abernathy, left shortly before midnight on a non-stop flight to Tokyo. They are on a world tour that winds up May 10 at the World Health Assembly in Geneva, Switzerland.

The women will stop at Seoul, Hong Kong, Manila, Singapore, Bangkok, Rangoon, Calcutta, Delhi, Kabul, Teheran, Tel Aviv and Rome.

Mrs. Williams was invited to make the tour to inspect the work of the United Nations World Health Organization.

Sales Meeting Turns Out to Be Stinking Affair

TAMPA, Fla. (AP) — The sales meeting of a typewriter firm at a hotel turned out to be a stinking affair.

HOW DOES YOUR TOWN MEASURE UP?

An industry always takes the measure of a town before thinking seriously of locating a plant there.

Make your own check list and measure your town for yourself.

You might start by marking yes or no on each of the following questions: Does our town have good industrial sites?_____; Financing available for plant construction?_____; Modern and adequate schools?_____; Attractive shopping facilities?_____; Pleasant residential sections?_____; Well supported churches?_____; Good streets and highways?_____; Progressive municipal government?_____; Adequate public services?_____; Widespread community spirit?_____; Strong civic leadership?_____; Wise zoning provisions?_____; Good community planning?_____

If your check list shows much room for improvement, it indicates the job to be done.

Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.

Pontiac Central, Holly, Romeo in Quarter-Finals

Chiefs Battle Fordson at U-D; Bulldogs Face Broncos at Birmingham

By BILL CORNWELL

Oakland County area interest in the 1959 Michigan high school basketball tournament soared to fever pitch over the weekend as three local quintets advanced to the state quarter-finals.

The fate of the bracketing will remove at least one when Wednesday night's quarter-final round has ended.

Pontiac Central, Holly and Romeo are the three county area schools still in contention for state championship honors, but the latter two will meet head-on in the quarter-finals and only one can keep going.

PCH, which reached the quarters with a 53-49 victory over Livonia Bentley last Friday at Southfield, collides with Dearborn Fordson Wednesday evening in the University of Detroit Memorial Building as part of a giant Class A twin bill.

★ ★ ★

Hamtramck and East Detroit will clash at 7 o'clock in the opener of the U-D doubleheader, followed by the PCH-Fordson game at 8:30. The winners tangle Friday in the semifinals at Michigan State's Jenison Fieldhouse in East Lansing.

Holly and Romeo hold their quarter-final scrap Wednesday at Birmingham High at 7:30.

Fordson qualified to meet Pontiac Central with a hair-raising victory Saturday night in the regional final at Trenton. The Tractors came from behind to upset Taylor Center, 59-57, in double overtime.

★ ★ ★

Holly also staged an upset to enter the quarter-final round. With big George McDaniel pouring in 30 points and teammate Ron Morian contributing 17, the Broncos toppled favored Flushing, to win the Class B regional crown at the Flint IMA Saturday evening.

The Broncos played one of their finest games of the year to oust the rangy Flushing cagers from the Michigan prep tourney.

Romeo fought its way to the "B" quarter-finals by dumping Port Huron St. Stephens, 88-71, in the Pontiac Central gym last Friday.

★ ★ ★

New Haven, the Southern Thumb League's last hope for state title honors, fell by the wayside Saturday evening in the Class D regional final at Birmingham.

Nate Petty scored 19 points for the Southern Thumb co-champs, but Grosse Pointe St. Paul had too much balance and power for New Haven as the Pointers rolled to an easy 63-46 triumph.

Flint Northern whipped Flint Central twice during the regular season, but the Vikings couldn't get past their city rivals a 3rd time when the two teams met Saturday in the Class A regional final at the IMA. The Indians defeated Northern, 64-57, to enter the quarter-finals for the 2nd straight year.

Wednesday's state quarter-finals pairings and sites were announced this morning by the Michigan High School Athletic Association from its Lansing office.

Zernial's Temper Erupts in Game-Winning Homer

'Big Gus' Booms for Tigers

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

LAKELAND, Fla. — Maybe it was a good thing — big Gus Zernial's temper matching the 78-degree temperature out at Lakeland's Henley Field Sunday afternoon.

Zernial was near the boiling stage as the Detroit Tigers and Chicago White Sox squared off for the Bengals' seventh Grapefruit League exhibition of the spring season. The big slugger who has pumped 230 major league home runs and driven 750 runs across the plate had been almost completely overlooked this spring, despite a lustrous 1958 record.

Zernial was the club's leading slugger, percentage wise, and hit the ball at a .323 clip, batting 124 times in 68 games. Yet, manager Bill Norman had used him only nine innings and in two pinch hitting roles this spring.

Big Gus got the call from Norman at just the right time Sunday, two out, a man on in the ninth and the Tigers trailing by a 1-0 count. Zernial hit a 1-2 pitch from righthander Bob Shaw against the left field wall, 10 feet foul, then picked on an identical slider on the next throw.

This time Gus lofted the ball up into a jet stream blowing into left, the ball sailing at 50-foot altitude as it passed the wall at the 350-foot mark. That ended the hostilities in a 2-1 Tiger triumph.

When it was over, one of the other Tigers remarked jokingly to Zernial that "49 more and you've got your 50 this year."

"The rate I've been going," Zernial answered, "I won't have 50 at bats all season."

Zernial has been one of the hardest workers in camp at a ripe baseball age of 35. Once one of the most feared hitters in the American League while with Chicago and Philadelphia (42 homers in 1953), Zernial has been working out at first base in an effort to work into the regular lineup.

"I know Gail Harris is the regular over there, but you can't tell. Injury might cut him down, maybe Norman will want a right-handed hitter at the spot, too, during the season. And I know I can help the club," Zernial insists.

"Look at the record, you'll see that I frequently pick up those 20 or 25 homers if I play around 100 or 110 games."

Big Gus, a powerfully-built Texan at 6-2 and 215 pounds, no sooner had returned to the New Florida Hotel than a telegram was handed him. It was from a Detroit fan, back in snowy Michigan.

"Congratulations, Gus, you should be in there all the time" it read.

"I don't know about that, but don't think I'm not going to try and do something about it," he answered, and not immodestly.

Actually, Zernial was forced to share laurels, despite his dramatic home run shot. Pete Burnside, 28, a lefty in the chain of the San Francisco Giants for 10 years without making the grade, was the other hero.

He worked six innings on the mound, holding the Chisox to one hit and runless over that route. He walked only one man and faced 19, one over regulation.

Tom Morgan worked the last three, giving the Sox one run and three hits.

The Chicagoans got their lone run in the seventh on a leadoff double by Nellie Fox, a pair of infield rollers, one of which moved him to third, and a two-strike single to right with big Ron Jackson reaching out and hitting a "waste" pitch.

Billy Pierce went four frames for the losers, giving up nary a run and two hits while walking two. Barry Latman worked from the fifth through the eighth and Zernial with the juicy pitch he belted out of the park.

WINS FOR TIGERS — Big Gus Zernial, shown here taking some practice swings as Pontiac Press sports editor Bruno L. Kearns watches, took a real healthy cut yesterday. The slugging Zernial clouted a two-run homer in the bottom of the 9th inning to give the Detroit Tigers a 2-1 exhibition victory over the Chicago White Sox at Henley Field in Lakeland, Fla.

It Was a Bad Weekend for Spartans

Louisville Beats MSU Cagers in NCAA Tourney

North Dakota Defeats State in Finals of Hockey Meet

By The Associated Press

It had to end some time. The march of big time athletic conquest by teams from the state of Michigan ground to a halt over the weekend.

Michigan State's Big Ten championship basketball team bowed out of the NCAA tourney by losing to Louisville, and MSU's crack hockey team lost out in NCAA rink finals to North Dakota.

Only a week earlier MSU completed in flying colors its sensational 12-2 Big Ten championship basketball record and the University of Michigan swept up both the Big Ten swimming and indoor track titles.

★ ★ ★

MSU's cagers fell before Louisville 88-81 in the Mideast Regional finals at Evanston, Ill., and the hockey team bowed to North Dakota 4-3 in overtime at Troy, N.Y.

Michigan State got off fast against Louisville, leading 35-28 at one time in the first half and 43-40 at the half.

But the Cardinals of Kentucky, getting a big break when State's Horace Walker fouled out, took charge in the second half and made it stick. In the first four minutes of the second half Louisville got 12 straight points.

★ ★ ★

The Spartans took a 19-3 record into the game against Louisville, which had only an 18-10 mark. But MSU was outshot, sinking but 36.9 per cent from the field against 44 per cent for the Cardinals.

MSU's Johnny Green scored 29 points as the game's high man. Bob Anderegg got 22. Jim Turner led Louisville with 22. Don Goldstein got 21.

In the NCAA hockey final, MSU rallied for two third-period goals that tied the score, 3-3, only to lose out at 4:18 of overtime.

The NCAA basketball championship will be decided in a big weekend marathon this Friday and Saturday at Louisville's Freedom Hall. In Friday's semis, West Virginia clashes with Louisville and Cincinnati battles California. The winners square off Saturday for the national title.

STUCK — A sign scrawled in the snow tells the story of these Van Cleve, Iowa, basketball fans who were stranded in Des Moines last night because of a raging blizzard which blocked highways. The 25 persons who came by bus to the finals of the girls' state basketball tournament spent the night, with about 5,000 others, in Veterans Auditorium.

Beer City Five Seventh in ABC

ST. LOUIS (AP)—Although scoring has slacked off in the other divisions, it has picked up in the open team division at the American Bowling Congress tournament during the last few days.

When the Milwaukee Bridge Co., team rolled a 3,101 series last night to take seventh place in the team standings, it marked the fifth day in a row that a score of 3,100 or better had ben racked up. The Milwaukee club's outburst was the seventh time in this tournament that a score of 3,100 or more had been rolled.

★ ★ ★

Despite the new avalanche of scoring in the team division, most experts have conceded the 1959 title to the Detroit Pfeiffers, who rolled a record 3,243 on Feb. 25. The 72-day tourney has 42 days to run.

The only other standings change yesterday came as Kenneth Blount of St. Louis moved into fifth place in the all-events with 1,941.

Hawks End 'Y' Season With Clean Record

Unbeaten Hi-Y Hawks from PCH went all the way in the YMCA cage season without a blemish, closing with a 64-53 victory Saturday over Rochester Hi-Y.

Rochester tied the game up at 33-33 at the half, but Hawks moved out front steadily in the finale. Dave Graybill's 24 points led losers, while Hawks were paced by Jerry Andrews, with 25 points. Dick Brown had 17, Tom Nichols 13 for winners.

Individual trophies were awarded the Hawks, winners of both regular season and playoff.

Maples 3rd, Kimball 5th in Swim Meet

7 Records Fall at MSU

Paced by a pair of brilliant young swimmers in Owen Kleinschmidt and Steve Thrasher, Ann Arbor HS Saturday night won the state prep championship, in a record-breaking, thrilling aquatic contest against a field of 43 schools. Meet was the biggest in MHSAA history. It took place in MSU's new pool.

Birmingham's fine squad made a race of it, along with Battle Creek. Maples finished third, two points back of Battle Creek. Ann Arbor compiled 41, Battle Creek 40. Other points were: Lansing Sexton 31; Kimball 27; Bay City Handy 18; Dondero 14; Jackson 14; Arthur Hill 13; G. Pte. 10; Pontiac 2.

Maples could have won the title with a win in the last event, the 200-yard freestyle relay, won by Royal Oak Kimball with a state record 1:33.8 (old 1:34.6). Maples were 2nd in a great finish by anchorman Bill Buick who swam the final leg in 22.4.

Four national prep records were battered, besides three other state marks that went by the boards.

National marks included the 100-yard butterfly in which Terry Labradie of Battle Creek turned in 54.5, faster than the same event was made in the recent Big Ten meet. Others were the 200-yard freestyle, by Kleinschmidt (1:52.9; national, 1:54.5); 100-yard orthodox breaststroke, John Baker, Battle Creek (1:06.4; national, 1:07.5); medley relay, 200-yards, Battle Creek, 1:45.5 (national, 1:48.5).

Maples' Bill Driver was 3rd in the orthodox at 1:07.2, under the record also as was 2nd place, 1:06.5 by a Grand Rapids boy.

Chiefs' Bruce Norvell was 5th. He accounted for all the Chiefs' points.

State marks also were set in the 400-freestyle by Kleinschmidt, Friday (4:15); for the 150-yard individual medley by Thrasher (1:20.4; old 1:33.5); 200-yard freestyle, relay by Kimball (1:33.8; old 1:34.6).

Dave Smith (1:30.9), Dennis Collins (1:39.9), Birmingham, were 2nd and 3rd, with John Bucholz, Mt. Clemens, 5th in the individual medley for the first time a Bather ever reached a state swim final.

An 84-point total gave East Grand Rapids the class B title for the 12th year in a row. East Lansing was 2nd with 40. Four records were set.

Hazel Park's Black Mat Champion

Hazel Park's 103-pound sensation Ruford Black was the only Oakland County wrestler to win a state championship as Lansing Sextet, Jackson and Ypsilanti dominated the weekend meet involving 192 boys from 47 schools at Michigan State.

Winfred Miracle of Pontiac Northern scored the only point among four city contestants as his 1st conqueror Fred Lett of Ypsi went on to repeat as 138-pound champion. Huskey Maurice Lackey was the only local boy to win a match.

Central hopefuls Duke Relyea and Jerrel Reid were dropped out of the running Friday.

Besides Black, five other county grapplers finished in the top four in their weights.

★ ★ ★

Doug Vickers of the Parkers lost out in the 112 finals after an fourths were George Fawcett (Heavyweight) and Ton Peckham (112) of Farmington, Paul Short (95) of Royal Oak Kimball and Leroy Phillips (175) of Hazel Park.

A total of 34 county prep stars took part in the big event as qualifiers from the Farmington regional.

Sexton wound up with 74 points as Jackson had 73 and Ypsilanti 56. East Lansing was 4th with 38 and Hazel Park No. 5 with 29.

★ ★ ★

Other scores in order: Lansing Eastern, the defending champ, 28, Battle Creek had 25, Port Huron 24, Kalamazoo Central 21, Bay City Handy 18, Farmington and Flint Northern 11 each, Willow Run and Ann Arbor St. Thomas 12 apiece, Adrian, Williamston and Nashville 11, Royal Oak Kimball 10, Ann Arbor 8, Garden City 5, Fitzgerald, Allegan, Dearborn Fordson, Dowagiac, East Grnad Rapids and Trenton 2.

★ ★ ★

Also, Berkley, Royal Oak Dondero, Sturgis, Portage Township, Niles and Livonia Bentley 1 each. Scoreless schools included: Lansing Everett, Lowell, Michigan School for the Blind, Oak Park, Wayne Memorial, Davison, Dearborn Edsel Ford, Dearborn and Thurston.

The other individual champions were:

95—Ron Shavers of Jackson.
112—Roy Wilbanks of Ypsilanti.
120—John Laing of East Lansing.
127—Tom Mulder of Lansing Sexton.
133—Dave Chester of Port Huron.
145—Nate Haehnle of Jackson.
154—Andy Fink of Ypsilanti.
165—Don Mains of Jackson.
175—Emerson Boles of Lansing Sexton.
Heavy—Ed Young of Ypsilanti.

VICTORS TAKE THE SPOILS — Aided by his victorious players and happy fans, University of Louisville basketball coach Bernie Hickman, left, is hoisted along with an assistant coach to cut the basket from the hoop Saturday night after Louisville downed Michigan State, 88-81, in the Mideast Regional finals of the NCAA basketball tournament at Evanston, Ill.

St. John, NYU Called Equalizers

NY Final Looms in NIT

NEW YORK (AP)—A pair of unseeded local teams today have the wags around Madison Square Garden talking about the possibility of the first all-New York final in the history of the National Invitational Tournament.

St. John's and New York University suddenly have appeared as equalizers in the 22nd NIT and no one is taking them lightly.

NYU started the ball rolling with its 90-81 victory over Denver Saturday.

★ ★ ★

"They're the best team I've seen in this tournament," Coach Charley Orsborn of top-seeded Bradley said. His team may have the Violets as a semifinal round opponent, after eliminating Butler 83-77.

NYU plays fourth-seeded Oklahoma City in one quarter-final game tomorrow night while second seeded St. Louis meets Providence, a spine-tingling 68-66 winner over Manhattan Saturday.

St. John's took care of third-seeded St. Bonaventure 82-74, with soph Tony Jackson leading the Redmen with 27 points, 17 rebounds and numerous blocked shots.

★ ★ ★

Orsborn was not pleased with his team's performance against Butler. Possibly with an eye toward NYU, which pressed Denver all the way, he made no bones that his squad would have to go all out.

Cal Ramsey and Tom Sanders continue to use their rebounding and shooting to give NYU added push. They have a distinct edge over Oklahoma City, which counts on speed to compensate for a height disadvantage.

Providence also relies on its speed and scrappiness in its bout with St. Louis, led by towering Bob Ferry. Either team will have its hands full with St. John's dogged defenders.

Milford Bowlers Gain Leads in Women's Event

Bowlers from the Milford area took over leads in two of the three major divisions during the 3rd weekend of the annual City Women's tournament being held at Montcalm Centre.

The event comes to a close Sunday.

Milford Floor Covering became the third different team pacesetter in as many weeks with a total of 2962 with newcomer Reliable Window Co. of Pontiac becoming the only city entry among the top five.

Frances Johnson of Milford piled up a 698 score with a 557 actual to top the singles class as Dorothy Hammond of Keego Harbor also bettered previous leader Betty Given with 693.

Eleanor Needham and Marvel Szot remained the only Pontiac leader topping doubles despite some strong bids.

Howe's Lanes of Clarkston continued to hold the high team actual series with 2352. Julie Lawson-Pat Donner of Pontiac hit the high doubles game with 470. Marvis Peterson has the high single of 277 with handicap. Bernice Driver holds the high actual at 232 and Mary Salek is the new leader in actual series with 598.

Sterling Metal Co. of Detroit took over 1st in team handicap for the only major change in the State Men's tourney at Detroit. Fred Pevitt and Stan Ganfield of Romeo combined for a 1,264 to gain 2nd in doubles at the State American Legion meet at Owosso. There are no area leaders in the Moose State meet at Ann Arbor.

No Oakland County entries made the top five in any division as the Elks State tourney closed at Ann Arbor. Chuck Roche of Detroit won in singles with 739, Baugher's Sport Center of Niles took team honors with 3,094, Detroit's Ken Haviland was all-events king with 1,826 and Steve Hegeus-Don Janowiak of Muskegon won in doubles with 1,337.

The city women's standings:

One-Stroke Win for Louise Suggs

Fires 297 to Beat Out Betsy Rawls; Wiffi Smith 3rd

AUGUSTA, Ga. (AP) — Louise Suggs won her fourth Women's Titleholders championship with a 297 yesterday, playing under the kind of pressure that seems to produce her best brand of golf.

The cool competitor from Sea Island, Ga., fired a one under men's par 71 over the Augusta Country Club course to withstand a brilliant bid by Betsy Rawls and pull away from faltering Wiffi Smith.

A three foot putt that danced around the cup at the final hole and then dropped in gave Miss Suggs the victory by just one stroke.

Miss Suggs finished with 78-73-75-71—297. Miss Rawls had 78-76-74-70—298.

Miss Smith, the young St. Claire Mich., pro, was third with 75-76-75-77—303. She led after the first round and was tied for first with Miss Suggs at the end of the second and third rounds.

Wings Retain Slim 'Cup' Hopes

Trip Hawks 4-1 as New Yorkers Lose to Toronto

Detroit Must Take Final Three Starts to Have Chance

CHICAGO (UPI)—The last-place Detroit Red Wings out checked and outpassed the Chicago Black Hawks Sunday night to take a 4-1 victory and knock the Hawks out of second place in the National Hockey League.

The Red Wings' victory evened their 1958-1959 games with the Hawks at six wins, six losses and a tie. The two teams wind up their season's series at Detroit Tuesday night. The loss dropped the Hawks to third place in the league standings, two points behind the Boston Bruins, who beat first place Montreal, 5-3.

Each team in the loop has three games left with play ending Sunday. Jostling for Stanley Cup berths may go down the wire. Detroit would have to win the rest of its games and have New York lose its last three to gain a tie for the coveted 4th slot. Toronto would also have to drop its games to help the Wings. One Ranger victory would settle it.

Terry Sawchuk, the agile Detroit goalie, defenseman Marcel Pronovost, Alex Delvecchio, the veteran left wing, and center Norm Ullman were standouts in the Detroit lineup yesterday.

Ullman got an unassisted goal and an assist on another in the last two Detroit markers which came in a seven-second cluster three quarters through the last period.

* * *

Pronovost drew the first penalty of the game, at :33, for tripping and stayed out of the box thereafter to lead in breaking up the Hawks' attack and to score the Red Wings' first goal. It came at 7:52 of the second period and was his eighth marker of the season.

After Pronovost's goal, the teams went scoreless until :53 of the third period, when Detroit opened up and put the game away. First Delvecchio laced the net with a stab of Kelly's pass beyond Chicago goalie Glenn Hall.

Ken Wharram got the single Chicago score at 8:41, but then Johnny Wilson made it 3-1 on Ullman's pass at the three-quarters mark and, seven seconds later, Ullman got the final marker unassisted.

* * *

The loss came to the loud disappointment of a crowd of 10,506 gathered for the last Chicago home game of the regular season, and including fans who had lined up for Stanley Cup tickets before the game.

Johnny Bucyk, the former Wing who beat Detroit with two late goals Saturday, did the same thing to Montreal Sunday with a pair in the last period. Dickie Moore had a goal and two assists to give him 93 points—three shy of Gordie Howe's all-time record. Jean Beliveau caked two.

Toronto completed a weekend sweep of New York with a 6-5 Sunday triumph following a 5-0 verdict Saturday. Bob Pulford scored from 50 feet out to decide the game yesterday.

Pistons Tie Playoffs

DETROIT (UPI) — As Walter Dukes goes, so go the Detroit Pistons.

Dukes, the only seven-footer in the National Basketball Association, scored 21 points last night and picked off seven rebounds to help the Pistons to a 117-103 playoff victory over the Minneapolis Lakers.

The triumph evened the best two-of-three game series and made necessary a decisive third game which will be played at Minneapolis Wednesday night.

Actually Dukes was the second best scorer for the Pistons. Teammate Gene Shue led the attack with 32 points.

* * *

But coach Red Rocha said Bukes' contribution was vital in the triumph.

"He's the big man for us all right," Rocha said. "Even if he doesn't score many points, we're okay if he's rebounding."

The 17 rebounds which Dukes picked off were the most by a player on either team.

Elgin Baylor, the prize rookie of the Lakers, also played a top all-around game. He scored 26 points in a losing cause and grabbed 16 rebounds.

* * *

The Pistons, who dropped a 92-89 decision at Minneapolis in the playoff opener Saturday night, never were behind in the second game. Detroit moved into a 32-21 lead after 12 minutes and held a 52-40 advantage at halftime.

The Pistons hit their hottest scoring streak in the third period with 40 points as they stretched their lead to 92-71.

* * *

Rocha sent in his reserves midway in the final period when the Pistons were possessors of a commanding 22-point lead. Minneapolis whittled down the deficit somewhat but couldn't close the gap enough to challenge seriously.

The winner of the series will oppose the St. Louis Hawks, Western Division champions, in a best-of-seven game set beginning Saturday night. St. Louis is the defending NBA champion.

* * *

The Eastern series was settled yesterday as Syracuse had no trouble eliminating New York in a 131-115 romp. The Nats will start a best-of-seven battle at Boston Wednesday.

Traded Piston George Yardley was again a key figure for Syracuse. He garnered 24 in 32 minutes as a reserve to give him 46 points in 61 minutes of playoff action. Johnny Kerr hit 34 yesterday.

Harney Wins at Pensacola

PENSACOLA, Fla. (AP)—Slender Paul Harney, the long hitting professional from Worcester, Mass., accomplished three major objectives by winning the $15,000 Pensacola Open Golf tournament yesterday.

His superb 19 under par 269 set a tournament record, virtually clinched an invitation to the Masters tournament at Augusta, Ga., and assured him of a chance to play in the rich Tournament of Champions at Las Vegas.

* * *

The 29-year-old prematurely grey golfer's 69-65-65-70—269 was four strokes better than the tournament record of 273 set by Art Wall Jr. of Pocono Manor, Pa., in 1957. It also won him $2,000 in prize money.

Harney has wanted to play in the Masters ever since he turned pro in 1954. He now leads the winter circuit by a comfortable margin and the two top players in the circuit are invited to the Masters.

Jay Hebert of Sanford, Fla., took second place and $1,500 with a fine 16 under par 272 over the 6,500-yard par 36-36—72 Pensacola Country Club course.

Hebert posted a 68-72-65-67—272. His two final rounds included 11 birdies and an eagle. The third round was rained out Saturday and all contestants had to play 36 holes yesterday.

Tied for third place were 45-year-old Chandler Harper of Portsmouth, Va., and Bob Rosburg of Palo Alto, Calif. Harper had a 69-67-70-70—276 and Rosburg a 75-67-62-72—276. Each picked up $1,100 in prize money.

Walter Burkemo, of Franklin Hills, Mich., finished in a six-way tie for 13th place. Burkemo put together 74-68-73-68—283.

3rd NAIA Crown to Tennessee A&I

KANSAS CITY (AP) — Tennessee A&I loses three aces that have carried the all-Negro team to the NAIA basketball championship three years running, but indications are the Tigers will be the team to beat again next year.

* * *

The hot shooting team from Nashville, coached by John McLendon, won its third National Intercollegiate championship here Saturday night, beating a good Pacific Lutheran College club 97-87 in the finals.

* * *

Tennessee A&I's big three—Dick Barnett, John Barnhill and Jim Satterwhite—had completed their NAIA eligibility after three successful trips to the tournament. Barnett made 26 points against Pacific Lutheran to run his three-tournament total to a record 390 points.

Young Swimmers in AAU Tourney

Usually the state high school championships conclude the prep swimming season. But there's still another event on the calendar, this final one for the area restricted to athletes 16 years and under.

The meet takes place Saturday in Kimball's pool in Royal Oak under the aegis of the Michigan AAU.

For this event Birmingham and Kimball will combine their eligible boys to compete as a club.

Pontiac will have one swimmer. Bruce Norvell will swim the orthodox breaststroke as a member of the Detroit Athletic Club team.

Dearborn Man Keeps Lead in Keg Classic

CHICAGO (AP) — Kenneth Vogel of Syracuse, N.Y., rolled 1,646 in eight games last night to take second place in the $250,000 Petersen Bowling Classic. He missed taking over first place by seven pins. Leading the classic is John Ruggiero, of Dearborn, Mich., with an eight-game total of 1,652.

Vogel, a 51-year-old production supervisor at the General Electric plant in Syracuse, built his total on games of 200, 219, 203, 191, 207, 190, 221 and 215.

The tournament continues through June 20.

New Lombardo Racer Built for Record Try

NEW YORK (UPI)—Guy Lombardo will return to unlimited power boat racing this summer.

The veteran orchestra leader overrode the objections of his wife and brothers to pilot his new Tempo VII which is under construction at Kawkawlin, Mich.

Lombardo said he intends to try for the world straightaway speed record on Lake Meade, Nev., in October. Donald Campbell set the mark of 248.62 miles an hour in his jet-propelled Bluebird last fall.

Juvenile Hockey Title Captured by Michigan Six

DULUTH, Minn. (AP) — Houghton, Mich., yesterday became the second American team to win the International Juvenile Hockey Tournament with a clinching 5-3 victory over Fort William, Ont.

It was the third triumph without a defeat for Houghton in the four-team round robin tournament. Regina, Sask., won second place by defeating Duluth, 4-1.

Regina finished 2-1, Duluth 1-2 and Fort William 0-3. Only other American team to win the title since the tournament was started in 1952 was Marquette, Mich., three years ago. The competition is open to players up to 18 years of age.

Emery Ruelle and Bob LePage each scored twice in Houghton's victory over Fort William.

Area Dogs Winners in Flint Contest

Pontiac area dogs took top honors in the obedience portion of the Genesee County Kennel club's annual winter show at Flint IMA, Sunday. Others from Pontiac and Oakland county were among winners in the regular all-breed portion.

Top award for the entire show went to Chris Teeter of Birmingham with his basset hound, Acres Blaze Boy, who won over a field of 620.

John Eicher's Mitzi of Judan, a golden retriever, was top utility dog with 197. She also took first in open B division with 199½, highest in the trial which included 48 entries.

First novice B went to Mrs. George Cooke's miniature poodle, with 196; Pontiac's Eleanor Strehle was 3rd in novice B with her cocker spaniel (192) which won a 3rd leg toward a CD.

Alice Swiderski, Rochester, won best of variety with a cocker, Rexpointe's Klassy Chassis, also had best opposite sex with Rexpointe's Ringmaster. Charles Barnes, Pontiac, got a first for 9-12 months puppies with Mitzi's Son Mickey, who also went reserve male.

Ex-Maple Swimmers Earn Frosh Numerals

BLOOMINGTON, Ind. (UPI) — Four Michigan swimmers have been awarded freshman numerals at Indiana University.

Fred Rounds, Battle Creek; Barry Shapiro, Detroit; and Dave Rider and Pete Sintz, both of Birmingham, will vie for varsity spots next season.

Franz Szuzina, Bremen, Germany middleweight, formerly worked as a carpenter.

NAACP Urging Action in Texas

Hopes to Avoid Suits by Asking Voluntary Steps in Houston Area

HOUSTON, Tex. (AP) — The National Assn. for the Advancement of Colored People will seek to avoid lawsuits by urging local voluntary integration of schools in east Texas, an official of the group says.

Executive Secretary Roy Wilkins, New York, told delegates to the NAACP Texas State Conference Sunday the organization will wage a stepped-up campaign with that aim this year.

★ ★ ★

Plans also call for membership, poll tax payment and voting drives in observance of the 50th anniversary of the NAACP, Wilkins said.

Wilkins told newsmen integration must get under way in east Texas and that the collapse of Virginia's "massive resistance" against desegregation proves state law cannot avoid it.

★ ★ ★

Informed that the Houston School Board is drawing up plans for desegregation, Wilkins said his group favors such planning in its quest to "avoid lawsuits and arousing of feelings."

Wilkins also termed Sen. Lyndon Johnson's (D-Tex) civil rights bill as "deceitful and valueless." The bill would set up a conciliation service for civil rights problems.

Still Must Pare Road Death Toll

Hare, Says Michigan Ranks Favorably With Other Industrial States

ANN ARBOR (UP)—Traffic safety on Michigan highways compares favorably with other industrial states but the death toll must be reduced even more, Sec. of State James Hare said here Saturday.

★ ★ ★

"We have reduced the deaths in Michigan from 2,016 in 1955 to 1,352 in 1958," Hare said. The aim this year, he added, is to reduce the fatality count to about 1,200.

★ ★ ★

Hare spoke at the University of Michigan, addressing teachers attending the institute for teachers of auto mechanics and the institute for teachers in driver education.

How was the death count reduced and what is being done to lower it even further?

★ ★ ★

Hare said a speed limit which went into effect in 1956 helped. So did vast extension of divided, two lane highways and strong enforcement programs.

"In addition," he explained, "we have stepped up to a tremendous degree the number of re-examinations of accident-prone drivers and violation-prone persons. Over a four-year period the number of persons re-examined for poor driving abilities has increased ten-fold."

But Hare said two problems are yet to be conquered.

★ ★ ★

"First, there is the fact that the four-year improvement in highway safety has taken place in two areas almost exclusively — the urban, metropolitan centers and the state trunk lines. But rural roads have not improved their conditions at all.

"Secondly, we face a substantial problem with the drinking driver. All known statistics from other states indicate that more than 50 per cent of all fatalities either involve a drinking driver or a drinking pedestrian."

Gunman 50 Cents Poorer After Trying Store Holdup

BALTIMORE (AP) — A young gunman came out 50 cents short in a grocery store robbery.

David Silberman, 79, the grocer, said the teen-age bandit spent about 30 minutes waiting for customers to leave. While biding his time, he bought two soft drinks, a pretzel and a pack of cigarettes.

When the place was clear, he pulled a gun, Mrs. Silberman screamed. The bewildered youth fled without taking anything.

Bed-Talking Wife Deprives a Man of 'Peace of Mind'

LONDON (AP) — Frederick Hearn got a divorce because he wasn't getting enough sleep.

It seems his German-born wife Hildegard liked to talk in bed.

★ ★ ★

Night after night, sometimes for weeks on end, Hildegard kept Fred awake nights by talking, a divorce court judge said.

★ ★ ★

Sometimes Fred would fall asleep, but Hildegard only thought he was kidding to annoy her.

Sometimes he snored.

★ ★ ★

In the end, said the judge, Hildegard got so annoyed she struck him, clawed him, tore his hair out —and once rushed him out of bed.

★ ★ ★

The court granted Fred a decree on grounds of cruelty, ruling Hildegard had deprived him of "the peace of mind which would enable him to sleep soundly."

Education Aid Funds Lacking

Congress Fails to Back Program With Money Despite Act's Promise

WASHINGTON (AP)—Unless Congress unexpectedly loosens its purse strings, the government's 887-million-dollar program of federal aid to education is going to fall considerably short.

★ ★ ★

It's all because there is sometimes a difference between what Congress says it may do when it passes a bill and what it actually does when it appropriates the money.

★ ★ ★

For instance, the aid to education bill authorized expenditures of more than 183 million dollars during the 1959 fiscal year, which ends next June 30. However, Congress thus far has appropriated only 40 million dollars.

★ ★ ★

Even if Congress approves President Eisenhower's request for a supplemental appropriation of 75 million dollars, the total will still fall about 68 million dollars short.

★ ★ ★

The request for supplemental appropriations has been sent to a special House subcommittee. No action is expected until after the Easter recess. Thus, even if the extra funds are voted, they probably will come too late in the school year to be of substantial help.

This is particularly true in the case of the student loan programs.

Honolulu Is Now Southernmost City

KEY WEST, Fla. (AP) — No longer is Key West the southernmost city in the United States. Congress saw to that in voting to admit Hawaii to the union.

Mayor Delio Cobo, after a look at a map confirmed his worst suspicions, wired Honolulu's mayor:

"Congratulations to the southernmost city in the U.S. from Dr. Delio Cobo, mayor of Key West—formerly the southernmost city in the U.S."

Key West, like most of the Florida keys, is situated between 24 and 25 degrees north of the Equator. Honolulu is 21 degrees, 19 minutes north.

Judges Will Mull Over Changes in Court Rules

LANSING (UP) — Circuit judges from Saginaw and four nearby counties will meet in the Saginaw courthouse May 17 to discuss proposed revision of Michigan court rules.

The State Supreme Court summoned judges from Saginaw, Bay, Huron, St. Clair and Tuscola counties for the conference. John R. Dethmers, chief justice, will preside.

Clampdown Due on Stock Credit

Federal Reserve Acts to Discourage Buying on-the-Cuff

WASHINGTON (AP)—The Federal Reserve Board plans a new clampdown on credit in the stock market. It wants to discourage on-the-cuff speculation.

The board announced late yesterday a series of proposed changes in rules governing market credit. It acted after the New York Stock Exchange had closed for the week-end with prices at record levels.

Downpayment, or margin, requirements would not be affected. And investors still would have to put up at least 90 per cent cash when buying stock.

The proposals are aimed primarily at people who bought stocks on credit when margin requirements were lower. As recently as last October, you could buy stocks with a down payment of 75 per cent, borrowing the rest from a broker or bank.

Most important, the board would tighten up rules which now permit an investor to sell stocks bought on lower margin and reinvest 90 per cent of the proceeds in other securities.

The new rules would permit reinvestment of only half the proceeds in many cases. More could be reinvested only if the amount of credit in the account was cut to 10 per cent.

A board spokesman said he did not know when the changes might go into effect. The board gave interested parties until April 6 to submit comments in writing.

Phantom Painter Wields Brush for Aesthetics

GOSFORTH, England (UPI)—Workmen who worked for a week to paint a 25-yard wooden fence green were amazed to find it repainted white Saturday morning.

Whoever had accomplished the transformation during the early morning hours of darkness left a plaque screwed to the fence which read:

"This fence was repainted in the interests of aesthetics, by voluntary labor."

Wheat Futures at New Highs

CHICAGO (AP) — Old crop wheat futures were bid up to new high prices for the season in brisk early dealings today on the Board of Trade.

Rye and soybeans also moved well ahead while corn and oats lagged in a narrowly mixed range.

A sale of about 1,400,000 bushels of hard wheat to India over the weekend and purchases by the United Arab Republic caused some of the demand for March and May wheat. Some brokers said, however, there appeared to be scare buying by short interests who feared a possibility of a tight supply in deliverable commercial stocks.

New crop soybeans lead the advances in that pit.

Wheat was ¼ to 1¼ cents a bushel higher after about an hour, March $2.09¼; corn ⅜ higher to ⅜ lower, March old type contract $1.18; oats ¼ higher to ¼ lower, March 65½; rye ⅝ to 1½ higher, March $1.45½; soybeans ½ to 1⅞ higher, March $2.21⅞.

Steel Industry to Talk Contract

NEW YORK (AP) — Negotiations between the United Steelworkers of America and representatives of the basic steel industry will open here May 18.

Contracts expire June 30, so both parties have just six weeks to reach an agreement covering 600,000 employes.

Union officials have given no hint of what their major bargaining objectives will be.

The starting date for talks was announced Saturday by Steelworkers President David J. McDonald and R. Conrad Cooper, executive vice president of United Steel Corp., the country's major steel producer.

Novi Police Seek Youth Scratched by Diseased Dog

Novi police are looking for a youth described as "about 19 years old" who was reportedly scratched by a dog this weekend behind the home of Richard Yates, 49880 Grand River ave., Wixom.

Yates called in a "mad dog report" to Oakland County Sheriff's Deputies late Saturday afternoon. Yates told deputies when they arrived that his dog, tied up behind his house, had become increasingly destructive and he shot him shortly before they arrived.

Yates said the dog was "foaming at the mouth." Police learned that an unidentified teenage boy had been scratched by the dog.

Tests will be run on the dog to see if it had rabies as suspected.

The first corps of U.S. Army Engineers (1838) were all commissioned officers. Non-commissioned engineers were included in 1846.

Tot Plays With Matches, Causes $3,000 Fire

A 9-year-old Waterford Township boy playing with matches was responsible for a fire causing $3,000 damage at 5 p.m. Sunday, according to township firemen.

The son of James Craft, of 4967 Dixie Hwy., was playing with lighted matches in his father's small upholstering shop at the rear of the Craft home when materials caught fire.

The boy escaped from the building uninjured. Firemen worked for more than an hour to bring the blaze under control. Building and contents were valued at $9,000 by firemen.

Profit Taking Drops Market

NEW YORK (AP)—Mild profit taking skimmed the cream from the top of the stock market's surge to record highs early today. Trading was heavy.

Some of the glamour stocks declined as much as 5 points or so as traders took profits.

Most key stocks were off from fractions to about a point. Scattered gains gave a trend of spotty improvement as trading wore on.

Prominent among the casualties were Zenith, off about 5; Thiokol and Polaroid, both down about 3 apiece.

★ ★ ★

American Telephone bucked the downtrend, rising about 2 at the opening then cutting the gain to a fraction. Radio Corp. advanced about a point.

An irregular decline was registered by steels, motors, nonferrous metals and oils.

Fractional losses were posted for such stocks as U. S. Steel, Ford, Royal Dutch, Chesapeake & Ohio and American Airlines.

Off a point or so were American Tobacco, Raytheon, Philco, Kennecott, Union Carbide and United Airlines.

Up fractionally were Chrysler, Douglas Aircraft, Sperry Rand, Commonwealth Edison, New York Central and Merck.

The ticker tape was as much as 3 minutes behind transactions as it ran late for a period of 21 minutes.

Ramblers Are Selling at 800 Autos Per Day

DETROIT (AP)—American Motors reported today its retailers delivered 8,180 Rambler cars in the first 10 days of March. Retail sales in the first 10 days of February numbered 6,945. In the first 10 days of March last year they totaled 3,779 units.

The company said retail sales of Rambler cars since last Oct. 1, marking the start of its fiscal year, numbered 127,216 units. In the comparable preceding period they totaled 51,829.

For London's Diplomatic Corps

$33.60-a-Week Machinist Holds a Tea

LONDON (UPI)—The inivtations tions to the tea party were gilt edged and formal, and the diplomatic corps turned out in force to meet the guest of honor, Cmdr. R. A. Allen, member of parliament.

People on the street did double takes when the limousines began arriving at the house in Lydford Road, located in the less than swanky Paddington area of London.

So did the diplomats as they strode up a narrow, dingy staircase with discolored paper hanging from the ceiling and walls to the apartment of the Hon. W. H. Burborough and Mrs. Burborough.

★ ★ ★

The 25 or so diplomats, accustomed to more formal receptions in embassy-filled London, gallantly carried on though there were no red plush and mirrors—just a roof that had stopped leaking.

The invitations had said: "The Hon. W. H. Burborough and Mrs. Burborough request the pleasure of your company at tea held in honour of Commander, R. A. Allen, M.P."

Burborough is a $33.60 a week machinist. Mrs. Burborough is a $25.20 a week charwoman.

★ ★ ★

Diplomats from Yugoslavia, Bulgaria, Lebanon, Sudan, Libya, Czechoslovakia, Romania, Hungary, Iraq and the Philippines sipped tea and cakes while waiting for the guest of honor to arrive.

He never did and after awhile they drifted off to their limousines, thanking their host and hostess.

The Burboroughs said Allen had helped them get their leaky roof fixed and they had wanted to do something for him so they gave a tea party.

"We were grateful to him and arranged the party so that he could meet members of the diplomatic corps informally," Mrs. Burborough explained. "We thought it would further his career."

As for the "honorable" in front of his name, Burborough explained, "Our title is no joke. We believe we can trace our ancestors back to the Earl of Crawyn, one of William the Conqueror's lieutenants."

Call Stock Experts for Du Pont

CHICAGO (AP) — Counsel for E. I. du Pont de Nemours & Co. and General Motors Corp. today call the first of seven market experts they are relying on to scuttle a government proposal for ending close trade relations between the two giant firms.

★ ★ ★

The government's antitrust suit against Du Pont and GM resumes before U.S. District Judge Walter J. La Buy after a week recess. The court is hearing proposals for disposing of Du Pont's 23 per cent stock ownership of the automobile firm in accordance with a Supreme Court ruling.

★ ★ ★

The governmet has proposed that Du Ponf sell 20 million of its 63 million GM shares on the open market over a 10-year period and distribute the remainder among Du Pont shareholders.

★ ★ ★

Lawyers for the two companies are opposing the plan on grounds that dumping of large blocks of stock on the open market would depress the market, injure shareholders and generally affect the national economy. They advocate that Du Pont be divested of its voting rights in the stock but that it be permitted to retain title and dividend benefits.

GM to Display 'Space Age' Car

Firebird III Does Away With Steering Wheel, Brake and Gas Pedals

Firebird III — the spectacular new General Motors space age inspired car—will make its first Detroit appearance Tuesday, March 17, when it goes on display in the Exhibit Hall of the General Motors Building.

The sleek, silver missile-like car is the first ever designed around a single stick control system which eliminates the conventional steering wheel, brake pedal and accelerator. It is the easiest-to-drive car ever built.

★ ★ ★

Firebird III will be displayed and demonstrated daily in the Exhibit Hall through April 3. Hours will be 9 a.m. to 10 p.m. daily through Saturday and 1:30 p.m. to 10 p.m. on Sunday. There is no admission charge.

The car has just returned from a tour of nine cities in the South and West where it was shown to press, civic and highway officials and engineering students as a report on newest automotive thinking at the GM Technical Center where it was built.

In the short time since it was introduced in New York as the automotive star of the GM Motorama of 1959, the car has become a world famed symbol of American automotive imagination in action. It traveled to Boston, Montreal and Toronto with GM's Motorama.

★ ★ ★

A two-passenger, gas turbine powered car, it employs tools of the space age — electronics, transistors and computors — to guide the car automatically and control passenger comfort.

Inviting Detroiters to inspect Firebird III, GM President John F. Gordon called it "an unparalleled advancement in automotive controls which will lead to greater pleasure for the motorist of the future."

★ ★ ★

Besides stick control and automatic "no-hands" steering, other Firebird III features include the most advanced passenger compartment ever designed, use of two engines, a tapered fiber glass body with twin plastic bubble canopies over the passengers and a host of other new engineering and styling developments.

Wyandotte Company Has 2nd Best Year

DETROIT (AP)—Wyandotte Chemicals Corp. says its 1958 sales of $82,116,603 were the second best in its history.

It said the figures compared with 1957 sales of $85,028,009 and earnings of $4,775,157.

Wyandotte said "the 1958 earnings were the equivalent, after provision for $522,644 dividends on preferred shares, of $1.67 on the $1,422,873 common shares. This compared with $2.98 and 1,421,563 common shares outstanding at the end of 1957 and preferred dividends of $33,475."

Science Fair Awards Given

City Youngsters Get Honors for Projects at Pontiac Central

Pontiac Science Fair awards and ribbons were given to local students Saturday at Pontiac Central high school.

Named as grand prize winners in elementary science were Richard Hsu and Bobby Bell of Webster School, whose projects were radio and the eye, respectively.

The highest individual scores of 100 and 99 were achieved by Linda Ross and Kitty McBride, both sixth graders at Webster School.

The grand prize in the Junior High Division went to William Pollitin, of Pierce Jr. High School, Waterford. His project was on alkaloids.

Miriam Forbes copped the grand prize in the chemistry, physics and math division with a project on a diffraction grating spectroscope. She is a senior at Waterford High School.

Ronald Hoekman of Pontiac Central High School was awarded grand prize in the biology section with a project on the photoperiodic response of algae.

Judges of the event were Glenn Husted, Miss Muriel Strobe, Mrs. Irma Johson, Dr. Jerome Fink, and Dr. Ted Ward of Pontiac.

Other judges were Dr. Jack Stockton and Dr. Lincoln Potit from Michigan State University, Dr. Warren Stoutmire of the Cranbrook Institute of Science, Miss Ruth Hodomen of the McMath Hulbert Observatory and Leonard Doube of the Parke Davis Co.

Grand prize winners will receive books of their choice.

Dinner Set Friday in Queen Contest

Thirteen Waterford Township girls will be dinner guests of the Waterford Township Junior Chamber of Commerce at 7 p.m. Friday at the Old Mill Tavern.

The banquet will open festivities of the Jaycees Fifth Annual Sports and Builders Show to be held Friday through Sunday at the Community Activities Center, Williams Lake road.

The girls will be dressed in formal gowns for the banquet, and will be judged on their ability to conduct themselves in public and their conversational poise. The queen will be chosen at 9 p.m. Sunday night according to chairman William Goulet.

Two Commies Removed

LONDON (UPI) — Sabir K. Kamalov, first secretary of the Uzbek Republic's Communist Party, and Mirza Akhmedov, Central Party committee member, have been removed from their posts in a shakeup, Radio Moscow reported yesterday. A broadcast said they were found guilty of "serious shortcomings and mistakes."

Duncan Case to Jury Today

VENTURA, Calif. (AP) — The long, hard-fought murder case of Elizabeth Duncan goes to the jury today.

The jury of eight women and four men will start deliverating Mrs. Duncan's fate after hearing Superior Court Judge Charles F. Blackstock's instructions.

They will determine whether Mrs. Duncan, 54, hired two men to kill her son Frank's pregnant bride, Olga, as the prosecution charges.

During the four-week trial the state produced a mass of evidence intended to prove that Mrs. Duncan was so jealous of her son that she arranged to eliminate her daughter-in-law.

The defense contended that two minor criminals, Augistine Baldonado, 26, and Luis Moya, 20, kidnaped Olga in a ransom plot last Nov. 17 and then killed her.

Baldonado and Moha confessed strangling the 30-year-old Canadian nurse and said Mrs. Duncan had promised them $6,000 for the job. Both testified against Mrs. Duncan.

Baldonado and Moya have withdrawn pleas of innocent and are awaiting trial on a plea of innocent by reason of insanity.

Speed Up Work on Army Missile

All Phases of Pershing to Be in Development at the Same Time

HUNTSVILLE, Ala. (AP) — Acceleration of an already speeded up missile program was announced at the Army Ordnance Missile Command at Redstone Arsenal Sunday.

The missile involved is the Pershing and the extra speed-up is in the development of its weapons system.

★ ★ ★

"Technology is advancing so rapidly that we cannot afford the sequential, time-consuming approach," said Maj. Gen. J. B. Medaris.

★ ★ ★

All phases of the Pershing development are being tackled at once, said Medaris, as opposed to the old system whereby a missile was planned, manufactured, tested, and returned for modifications.

The new program extends to the training program too. Medaris said this calls for early use of troop trainees in the missile test firing phase.

The U.S. House of Representatives requires 219 votes for a majority since the admission of Alaska as a state, and 20 more are required for control.

BRANDON SCHOOL DISTRICT TO VOTE ON SPECIAL MILLAGE

Public school systems must periodically stake their survival on the willingness of citizens to vote for school tax increases.

Immediately upon the mention of increased taxes for school operation you hear: taxes are too high . . . taxes must not be increased regardless of the consequences . . . it's high time for budget-cutting and the schools are a good place to start. Let's stop to consider that residential property values in a town go down if the public schools deteriorate. Good schools attract good families—who pay higher prices for homes. If school issues are repeatedly defeated, it is evidence of a declining area, a community which has gone into the shadow; where the people refuse to support the public schools there can arise an instability of property values.

Our schools in the Brandon District will finish the 1958-1959 school year with an accumulated deficit of approximately $40,000. This is an accumulation from 3 years of deficit financing because we feel that proper education of our children is a very good investment in the future. Our present condition brings us to about the end of the line for state approval for borrowing.

In an effort to combat this situation and get our school system back on its feet, the school board is urging that the electors of the district vote yes April 2 on a proposal to increase the school operating millage by 8 mills for 1 year. This proposal would mean an increase of only 4 mills in your total school taxes as we are dropping 4 mills from the building millage. Since these funds cannot be co-mingled, the proposal must be advertised as an 8 mill increase in operation and not just as a 4 mill increase in school taxes. We hope that when you think of the 8 mill increase, you also think of the 4 mill decrease or a net increase of school taxes of only 4 mills.

Some people have already asked if April 2 isn't a little early. We must know by this date what to expect for income for next year to formulate a budget and hire staff personnel according to that budget. This is the time of year for teacher contracts, and unless you know whether you have to operate on an ecohomy budget or a critically reduced budget the job of hiring would necessarily be quite precarious. It would be a rather clumsy situation to have teachers already hired and then find that operations had to be drastically cut, and you had too many teachers under contract. On the other hand, if you hire light and then find that you need more teachers, you find yourself using the leftovers or less desirable teachers.

With an expected enrollment next year of 1,210 students, we hope to operate with the same number of teachers as this year when we had 1,151 students. This would mean a teacher staff of 40½ as compared to 42 a year ago when we had 1,156 students. Unless the April 2 proposal is approved, it will be necessary to, in some manner, reduce the staff as we cannot continue deficit financing.

We might also mention that for the last 2 years, of our total income, we received only 18.7% from local taxes. This is far below the state average. Also, our operating cost per pupil last year was among the lowest in the county.

Approval of this 1 year, 8 mill proposal would allow us to balance next year's budget and possibly wipe out completely the existing deficit. Because of an existing state hardship formula, the state would add to our income approximately one-half the amount received locally from the additional millage. The quick pay-off of the deficit also means a savings of interest on borrowed money.

We wish to urge you to register and then exercise your right to vote. It is not necessary that you be a property owner to vote in this type election, but you must be a qualified, registered voter. Registration deadline is March 20, 1959.

To show how the proposal would affect your school taxes, below is an example (in number of mills) of 1958 as compared to 1959 with the increase:

	1958	1959
Allocated (operation)	8.38	8.38
Extra millage (operation)	0.00	8.00
Building	14.00	10.00
Total school millage	22.38	26.38

Example in dollars of your school taxes for property with an assessed value of $2,000:

	Assessed Formula-Value		Equalizing Factor		Mill.	=	School Tax
1958	$2,000	x	1.882784	x	22.38	=	$84 27
1959	$2,000	x	1.882784	x	26.38	=	$99.34
Increase							$15.07

Divide the $15.07 increase by the number of days in a year and it amounts to only .04c a day more than in 1958.

May we have your support April 2?

MARKER FOR PET — James Vaughan, owner of a monument shop in Lafayette, Ind. presents a marker to nine-year-old Mike Lawson, center, and his brother Jimmy, 10. Vaughan got six cents for it. The boys dropped in to see Vaughan after they lost their pet, a Pekingese, in a dog fight with a larger dog. All they had was six cents. Vaughan took it from there.

Sets Record for Staying Under Water

SAN RAFAEL, Calif. (AP) — An electronics technician held his breath under water for 13 minutes and 42.5 seconds — long enough to have written a letter—if he'd had a ball point pen.

He claimed a new world record.

Robert Foster, 32, of Richmond, Calif., a member of the Marin Skindivers Club, said he beat the old record by 7.5 seconds. Before entering the pool, Foster gulped pure oxygen administered by an anaesthetist for 30 minutes to drive all carbon dioxide from his lungs.

SEWAGE DISPOSAL BOND ORDINANCE

To the electors of the City of Pontiac, Michigan:

Notice is hereby given that there shall be submitted to the electors of the City of Pontiac at a Special City Election to be held in conjunction with the Biennial Spring Election, Monday, April 6, 1959, Ordinance No. 1382. Said Ordinance provides for the issuance of $3,300,000 Sewage Disposal System Bonds. The following is Ordinance No. 1382.

An Ordinance to provide for the borrowing by the City of Pontiac, Michigan, of the sum of $3,300,000 and for the issuance of the full faith and credit bonds of said city therefor, to defray the cost of improving, enlarging and extending the City's Sewage Disposal System.

The City of Pontiac Ordains:

Section 1. The City Commission of the City of Pontiac, Michigan is hereby authorized to borrow the sum of Three Million Three Hundred Thousand Dollars ($3,300,000) for the purpose of defraying the cost of improving, enlarging and extending the city's sewage disposal system, and to issue therefor the full faith and credit bonds of the city in the aggregate principal sum of Three Million Three Hundred Thousand Dollars ($3,300,000), said bonds to be in the denomination of $1,000 each, to mature in the principal amount of $110,000 on the first day of April in each of the years 1961 thru 1990, to bear interest at a rate to be determined after competitive bidding for the purchase of said bonds but not to exceed 6% per annum, payable semi-annually, except that the first installment of interest may be for a period of less than six (6) months. The said bonds shall be paid from taxes to be levied therefor in each year beginning with the year 1960.

Section 2. The City Commission shall have power to adopt such resolutions and ordinances as may be necessary to carry out the purpose of this ordinance. The bonds herein authorized may be issued in one or more series at the same or at different times.

Section 3. This ordinance shall be submitted to the electors of the city qualified to vote thereon at a special municipal election to be held on the 6th day of April, 1959, and if three-fifths of the votes cast at said election upon the question of the adoption of this ordinance and the issuance of said bonds shall be in favor thereof, then this ordinance shall be considered as adopted and shall take effect immediately upon its publication subsequent thereto.

PHILIP E. ROWSTON,
Mayor
ADA R. EVANS,
City Clerk

The foregoing Ordinance is published in accordance with provisions of Section 3, Chapter X, of the City Charter, as amended.

By order of the City Commission.
Dated February 5, 1959.

In Memoriam 2

IN LOVING MEMORY OF MAY E. Thompson, who passed away one year ago today, March 16, 1958.
The world may change from year to year,
And friends from day to day;
But never will the one we love,
From memory fade away.
Sadly missed by her husband, Leonard E., her children, grandchildren and great-grandchildren.

IN LOVING MEMORY OF GERtrude M. Clayton, who passed away March 16, 1956.
In our hearts your memory lingers,
Always tender, fond and true;
There is not a day, dear mother,
That we do not think of you.
Sadly missed by Husband, Children and Grandchildren

In Memoriam 2

IN LOVING MEMORY OF EDward W. Leonard, who passed away March 16 1955.
You bid us not farewell,
You said good-bye to none;
Your loving heart had ceased to beat,
Before we knew you were gone.
God saw that you were suffering,
And the hills were hard to climb;
And so He closed your weary eyes,
And whispered peace be thine.
Sadly missed by his wife, Anna, Daughter Son-in-law, and Grandchildren.

Eddie Chase to Quit CKLW Radio Staff

DETROIT (AP)—Disc jockey Eddie Chase, who has been spinning records in the Detroit area for 17 years, says he plans to leave the staff of radio station CKLW March 27.

Chase announced his resignation yesterday. He has been with CKLW for 12 years.

Chase said he was resigning because "I always have taken a great deal of pride in my work and devoted hours of time to planning programs. Management's new policy of having all programs follow a certain pattern made me realize I couldn't continue."

There was no comment on Chase's resignation from station management.

Herter Argues Against Cuts in Foreign Aid

WASHINGTON (AP) — Acting Secretary of State Christian A. Herter urged Congress today to vote President Eisenhower's $3,930,000,000 foreign aid program. He said no other expenditure could contribute more "to the achievement of the great objectives of our national life."

★ ★ ★

Herter opened the administration's drive to head off the cuts many members of the heavily Democratic Congress are determined to make in the program.

★ ★ ★

Appearing before the House Foreign Affairs Committee, Herter emphasized what he called the immediate need of the $1,600,000,000 for military aid, designed to enable allies to keep forces of five million on the ready.

Milford Man in Hospital After Pickup Hits Tree

David L. Hansel, 22, of 571 Lakeside St., Milford, is in satisfactory condition at Pontiac General Hospital today with injuries suffered in an auto accident Saturday.

Hansel, according to sheriff's deputies, was hurt when his pickup smashed into a tree on Ormond road north of M59, in White Lake Township, at 6:10 p.m.

He told deputies he applied his brakes to avoid hitting another vehicle that pulled into his lane to pass another car. The brakes locked, throwing his truck out of control, Hansel stated.

Closes Plant Sooner

BLOOMFIELD, N. J. (AP)—The General Electric Co. closed down its air conditioning plant today in the wake of a sit-in strike by eight employes over the weekend. The shutdown came two weeks ahead of schedule.

Car Skids Into Sanders

MONTPELIER, Vt. (UPI) — A city truck stopped suddenly while spreading sand on ice-covered roads to prevent skidding. A car behind it skidded into the truck, causing $200 in damages.

STANDARD PROCEDURE? — A housewife who can really step lively, Mrs. M. E. Vincent, carries the flag in smart style at the British Royal Armored Corps barracks in Bovington, England. National standard bearer for the British Legion (Women's Section) in 1956 and 1958, Mrs. Vincent is practicing for this year's competition. Here, she snaps to attention at the command of Sergeant-Major J. A. Naylor. Winner gets the honor of carrying the standard at the British Legion Festival in November.

He's Doing Quite Well for an Ex-Delinquent

By EARL WILSON

NEW YORK — "Rocky Graziano, I hear you've been going back to the old neighborhood?"

★ ★ ★

Rocky: "Yeah, back downtown where I was the champeen juvenile delinquent. But it wasn't social. It was for some TV work. I brought Zsa Zsa Gabor down to a bar there. She says 'Vot's a-matter, you crazy in the head? These men look like they'd robe me of my diamonds.' They would, too."

WILSON

E.W.: "I hear you did some stickup scenes?"

Rocky: "Robbin' guys playin' cards. I used to play poker pretty good when I was fightin'. The fights we had between the cards was better'n the fights in the ring."

E.W.: "But you don't go back there socially any more?"

Rocky: "I avoid goin'. I'm afraid somebody'd say 'You're a bum.' There'd be trouble. I gotta record now longer'n some guys doin' life. I always tell guys, 'Lemme alone, will ya?' If I ever got in any trouble with the law again I'd commit suicide."

GRAZIANO

E.W.: "They say you've a real luxurious home at Lido Beach?"

Rocky: "Yeah, the whole movie actor bit. Right on the bay, and I got a 19-foot boat. Pretty good for a bum that grew up with the Mad Dog Esposito Brothers?"

E. W.: "If you had to do it over, would be be a fighter?"

Rocky: "Sure, see what fightin' done for me! I met Eisenhower, Truman, J. Edgar Hoover. (There's a guy looks like a gangster or a heavyweight.) I met Frank Costello, a wonderful man; Al Capone. Truman's a h . . l of a nice guy. He's the funniest guy I ever met."

★ ★ ★

E. W.: "Is Zsa Zsa in the Naked City' series with you?"

Rocky: "Naw, in a movie called 'A Country Music Holiday.' They ask me how do I like the picture and I said 'I think it's a bomb.' But this Zsa Zsa broad is a real nut."

E.W.: "How can you say that?"

Rocky: "She thinks I'm a great actor. She thinks I don't really talk like this."

WISH I'D SAID THAT: A local husband says his wife complains she hasn't a thing to wear: "But her closet's packed so full there are moths in there that haven't learned to fly!" . . . That's earl, brother.

Detroit's 59ers Roll On With Record Mileage Day

DAWSON CREEK, Alta. (UPI) — The intrepid 59ers from Detroit continued on the Alcan Highway today, on their way to homestead sites on Alaska's Kenai Peninsula.

The 59ers rolled into Dawson Creek last night after a day's run of 379 miles — including 200 over gravel — for the best time on the road so far.

Kennedy Children Named in Acid-Tossing Threat

WASHINGTON (AP)—Threats that acid will be thrown into the eyes of his six children have been received by Robert F. Kennedy, chief counsel of the Senate Labor-management Committee.

It was understood the FBI has been informed. Kennedy declined any comment on the threats reportedly made by an anonymous telephone caller over a period of weeks — most of them last December.

★ ★ ★

Kennedy told the committee about the calls at a closed door meeting Tuesday, it was learned Sunday night.

However, he reportedly did not ask the committee to take any specific steps to protect his family.

An acid throwing incident—the blinding of New York labor reporter Victor Riesel — set off the Labor-Management hearings early in 1957.

★ ★ ★

Acid was hurled into Riesel's eyes minutes after a broadcast in which he denounced labor racketeering.

Kennedy told the committee about the threats at the same time he reported to the group about offers of political support having been made for his brother, Sen. John F. Kennedy (D-Mass) in exchange for deals to go easy on some committee witnesses.

Sen. Kennedy is considered a potential candidate for the 1960 Democratic presidential nomination.

★ ★ ★

The counsel told the committee he had rejected the offers and the group voted unanimously not to go further into the matter.

Gaullists Hail Victory in France

PARIS (UPI)—The Gaullist government claimed victory today over Communist-Socialist "popular fronts" in yesterday's local elections, but the Communists hailed their 20 per cent of the vote as a "great success."

Interior Minister Jean Berthoin reported it still was too early for significant results in the 17,670 town and village elections, but he said:

"It is clear that the popular front alliances have not been successful and on the other hand the coalition lists against the Communists have scored marked successes."

The Communist party Newspaper L'Humanite, apparently basing its claims on the relatively high popular vote scored by the Reds, reported in bold headlines, again." It also declared success for its "popular front" candidates, which marked the first Communist-Socialist coalition in 23 years.

Pontiac UF Director Murray Resigns

Pontiac Area United Fund President Leonard T. Lewis today announced the resignation of Jack W. Murray, United Fund public relations director, effective April 1.

Murray is leaving the local United Fund to become director of public relations for the United Fund of Summit County, Akron, Ohio.

The United Fund public relations director came to Pontiac in June 1957 from East Lansing, where he attended Michigan State University. He had served as Lansing news editor of the Catholic Weekly newspaper and as associate editor of the Farm Bureau's company house organ.

Murray lives at 3432 Levee St., Drayton Plains, with his wife Mary Lou and a 19-month-old son, Scott Brian.

Firemen Picket at Detroit in Fight for Raise

DETROIT (AP) — Detroit firemen formed a picket line around the City-County Building today in support of demands for a pay increase.

The demonstration, in support of a $1,100,000 pay increase demand, was believed to be the first of its kind in the history of the department.

Pickets carried signs addressed to Mayor Louis Miriani saying: "Open up the door, Louie. Two years has been a long, long time."

Miriani said he was unperturbed by the picketing. He said he felt just as frustrated as the firemen over the city's financial situation. Detroit city employes received their last pay increase two years ago.

★ ★ ★

Miriani said he planned no action against the pickets. All were off-duty firemen. The mayor said he is seeking ways to grant city employes a 10 per cent an hour pay increase.

Sees Electronics as Way to Cut Auto Accidents

BOSTON (AP) — An authority on safety said today that new electronic devices to take control of a car when the driver fails might be the answer to accident prevention on the highways.

Dr. James L. Malfetti, executive officer of the safety division project of Columbia University Teacher's College, said:

"If the driver is fatigued, his car would be guided down the center of a lane or through a change of lane. If his reactions fail, he would be prevented from getting into a collision through control of speed and headway.

If he is intoxicated, an electronic ignition system depending on driver coordination would prevent his starting the motor."

Malfetti spoke at the 38th annual Massachusetts safety conference.

Lee James, Magazine and Film Artist, Dies

SANTA MONICA, Calif. (AP)—Lee Roy F. James, magazine and motion picture artist, is dead at 80.

James, who died Sunday at a rest home, was an illustrator for Colliers, Red Book, Ladies Home Journal and other magazines. He was a member of the Metro-Goldwyn-Mayer motion picture studio from 1935 until he retired in 1947.

Trial Begins in Teel Murder

Graying Divorcee Goes Before Court in Slaying of Drug Executive

INDIANAPOLIS (AP) — Connie Nicholas, pale and tearful, went on trial today for the slaying of a wealthy drug executive who spurned her after 15 years for a younger woman.

The graying divorcee arrived with a jail matron a quarter-hour before the trial opened, dabbing her eyes.

★ ★ ★

She said she had slept only three hours since Friday and reported she was feeling nervous but "still optimistic."

She wore a gray suit. Her hands were in harnesses because of paralysis she has suffered since her near-suicide after the shooting.

★ ★ ★

All the 60 public seats in the little, dingy courtroom were filled. Curious spectators milled outside in the basement corridor in the ancient Marion County Courthouse.

Questioning of prospective jurors is expected to take several days.

Forrest Teel, 54, was shot to death last July in his parked Cadillac.

★ ★ ★

The state contends Mrs. Nicholas, 42, a divorcee, followed Teel and shot him three times with a small revolver after he returned to his car from a late night visit with the younger woman.

The defense claims the shooting was accidental and occurred during a violent struggle after Teel began beating Mrs. Nicholas.

Frances Langford Effort Hashy, Patchwork Affair

By WILLIAM EWALD

NEW YORK (UPI)— Frances Langford Presents, a special NBC-TV hours last night, was an uneven show; Partly mediocre, partly dismal.

★ ★ ★

It was a patchwork affair into which all sorts of strange filmed snippets has been tossed—A Bob Hope monolog in Alaska, Edgar Bergen exchanging wooden talk with his wooden friends, George Sanders hovering around the edges, a few songs from Julie London and Miss Langford popping in and out of this weird hash in an attempt to impose a fake unity on it all.

NBC-TV's Omnibus tongue-in-cheeked George M. Cohan's creaky "Forty Five Minutes From Broadway" yesterday and fashioned a moderately delightful hour. The musical, which dates from 1906, contain a plot of incredible wheeziness and some lines that may have been copied off the great Pyramid.

Faced with an artifact of such staggering antiquity, choreographer Gower Champion, who co-directed with William Graham, wisely decided to go along with the gag. The piece was partly camadaed with an eye working outside the action—like a photographed stage play—and partly with hte close-in eye of the standard TV exercise.

SHORT SHOTS: A spot check on Hawaii's weekend popularity—a Hawaiian setting on CBS-TV's Your Hit Parade, a grass skirt poke on the NBC-TV Steve Allen Show, a Hawaiian song from Dinah Shore.

THE CHANNEL SWIM: Lawrence Welk's Saturday night ABC-TV hour has been renewed through July, 1960. Rod Sterling's half hour series, Twilight Zone, looks a sure bet for the CBS-TV fall schedule. So does another show, Countdown, ticketed in for Tuesday night on the CBS-TV docket.

Noted Saxophonist Lester Young Dies

NEW YORK (AP) — Lester Young, whose lazy tenor saxophone style made him famous in jazz circles, is dead at 49.

He died of a heart attack Sunday, only a few hours after he returned from a six-week European tour.

★ ★ ★

Young became prominent in the late 1930s, when he played with Count Basie's band. His effortless style produced a languorous, breathy tone.

He was born in Woodville, Miss., and started playing the saxophone at 13 while traveling through the Midwest with his father, a carnival bandleader.

Famed Underground Gone Bankrupt, to Be Abandoned

Chicago's Freight Tunnel System in Final Hours

CHICAGO (UPI) — Forty feet below Chicago's Loop, two flimsy freight cars piled high with cardboard cartons and dusty office furniture block a narrow-gauge railroad track.

Off to one side, where dispatchers formerly routed freight from 28 railroads, are some based-in steel lockers, a shoe, an ashcan full of junk, two rusty ice cream parlor chairs, and a hanging coat rack, attached by one hook to the concrete wall.

A brown-stained American flag droops over a heap of empty bourbon bottles.

But the litter and neglect don't matter any more. Once the pride of the city, Chicago's once-famed underground tunnel system is going under for the last time.

Unless Mayor Richard J. Daley can save it, the vast network, the only urban underground freight transport system in the world, will be the domain of two old-timers and relics of past glory.

★ ★ ★

In its heyday, over 600,000 tons of package freight were delivered each year through 62 miles of concrete tunnels, six feet wide and seven feet high. Electric cars toted away more than 30,000 carloads of cinders and 70,000 carloads of mud or excavated material annually from the heart of the downtown area.

Now, although 42 miles of city-owned tunnels—and the trolley wires, by-passes, dumps, loading platforms, and switches—still remain, water is seeping in, tracks are in poor repair, and the fire doors bulge out of shape.

The once proud network has gone broke.

The victim of cheaper truck competition, the 58-year-old railroad has served only as a trash-hauler for a few Loop buildings the past three years.

Fred Schmidt, 60, who has been with the Chicago Tunnel Co., operators of the system, for 38 years, can't remember when the railroad ever made money.

Wednesday, a federal court granted the company permission to ask the Interstate Commerce Commission for approval to abandon the operation.

★ ★ ★

If approval is granted, the railway, estimated by trustee George Lennon to have a replacement cost of 80 million dollars, would be for sale.

Mayor Daley thinks it would cost between 50 and 60 million dollars to make it operable for public transportation.

Termed a "white elephant" by the attorney for the trustee in court, the possibility of it being rehabilitated is remote.

Lennon estimated that the company could get about $80,000 for the salvage value of the worn-out tracks and the 30-year-old rolling stock. But the salvage value of lifetimes spent in the tunnel service is harder to figure.

"Fourteen men who'd been with the company over 30 years were let go last week," Schmidt said. "Now there are only seven of us left—three in the office, two watchmen and two in the tunnels."

One man, who started with the system in 1901 as a muleskinner, was among those discharged when operations ended March 4, Schmidt said.

"Don't know what we're going to do," Schmidt said. "I'm not eligible for a pension for another five years and the wife and I like to eat."

The other man and woman in the office, both 36-year tunnel veterans also looked worried—and lost.

Will Still Pay Taxes, Be Drafted

Average Hawaiian Won't Notice Any Difference

WASHINGTON (AP) — The man on the street in Honolulu, Hilo or Kaunakakai will hardly notice the difference when Hawaii becomes a state.

★ ★ ★

He'll have a big burst of patriotic pride, but—

He'll pay the same federal taxes he's paying now.

His first-class postage stamp will still cost four cents.

He'll still have to go when his number comes up in the draft.

But if he doesn't like it—he'll have a vote.

He will be able to write his senators and congressman and tell them how to vote.

★ ★ ★

And then in 1960—to cap things off—he'll walk into the voting booth and cast his first vote for president and vice president of his country.

Hawaii, as a territory, and Alaska too, had to obey all the federal laws applicable to the rest of the country.

Alaska's new senators and congressman have three votes in the Congress on taxes—how they're levied, and how they're spent. Hawaii, still a territory, with one voteless delegate in Congress, can ask for lower taxes—but can't do a thing about it when it comes to a vote. That will be changed with statehood.

It might cost the Hawwaii man on the street a little more in state tax than he had to dig up for the territory.

The federal government now pays the Hawaii governor—a federal appointee—his salary and expenses. It pays the territorial legislators, on the theory that anything they do can be vetoed, irrevocably, by the federally appointed governor, or by Congress. It pays the territorial judges, also presidentially appointed.

When Hawaiians get to elect their own governor for the first time under statehood, they'll have to pay his salary. They'll also have to pay their state legislators and their judges.

They figure it might cost an average of 75 to 80 cents a person each year.

They think it's worth it.

★ ★ ★

There'll be one other change. Hawaiians will get to vote at age 20. They have to be 21 now to vote even in their limited way—for delegate to Congress and for territorial Legislature. They wrote the change into their proposed state constitution in 1950. Congress, in the statehood bill, said it was OK.

Alaskans now vote at 19. Each state sets the qualifications of its own electors.

Women see physicians more often than men, especially at the ages of 15 through 44, according to the Health Information Foundation. During childhood, however, boys receive more medical care than girls.
