

ALLIED INSTALLATIONS — This map shows locations of American, South Korean, Australian and New Zealand troops in South Viet Nam. Shaded zones locate areas of combat between the two countries and the Viet Cong.

To Turn Tide in Viet

'More Troops Needed'

(EDITOR'S NOTE: Important decisions on the Viet Nam war are expected when Defense Secretary McNamara reports to President Johnson on his latest trip to that country. Veteran Associated Press correspondent Peter Arnett presents a full account of the situation.)

By PETER ARNETT
SAIGON, South Viet Nam (AP) — Despite the huge American buildup, allied forces in Viet Nam remain insufficient to carry the fight to the Communist Viet Cong effectively.

An important reason: Most U.S. and Vietnamese troops are pinned down by security jobs — including keeping what they hold — so that surprisingly few battalions are available for searching out the Viet Cong.

An influx of troops from Red North Viet Nam has in effect returned the situation to where it was earlier this year, before a surge of new U.S. forces tipped the balance temporarily in the allies' favor.

The Communists in recent weeks have shown themselves willing to sacrifice hundreds of troops. Man for man, they are as well equipped as the U.S. infantryman and have as much, if not more, firepower.

Drivers Urge Crackdown

U.S. Prosperity to Hit Record in 1966—LBJ

Urges Wages, Prices Be Kept in Line With Federal Guideposts

JOHNSON CITY, Tex. (AP) — President Johnson told business leaders today he expects record prosperity without inflation in 1966. He called for wage-price restraint to help achieve that.

In an address prepared for delivery by telephone to the blue-ribbon business council, meeting in closed session in Washington, Johnson called for cooperative decisions by industry, labor and government to keep wages and prices in line with federal guideposts designed to guard against inflation.

In so doing, he cited the sacrifices of American troops in Viet Nam, saying: "We must support them from here as they support each other there. We must equal their sacrifice and uphold their cause."

He restated his offer of unconditional talks aimed at ending the Viet Nam conflict — an increasingly costly war that has sparked public discussion of potential inflationary pressures in the months ahead.

"I have said it before. I say it again now. This nation is ready to talk, unconditionally, anywhere, with peace as our agenda," Johnson said.

"PEACE WILL COME"

"Peace will come because it must. It will come from courage, from constancy, and from concern. It will come because there is no other answer."

"Peace is our commitment. Peace is our goal. Peace will be the only victory we seek. And peace will come."

Johnson's long-distance audience, an unofficial government advisory group, included many of the biggest names in American business.

For them he offered this forecast: "We expect next year to be another record year for the American economy. We are ever alert to danger signs, of course, and when we see them, we will act accordingly. But we do not anticipate any major problem that confidence and cooperation cannot solve."

Johnson noted that wholesale prices have risen 2.5 per cent in the past 12 months while consumer prices have risen 1.8 per cent.

COOKIES FOR VIET NAM — Rebecca Johnson (right), home economics teacher at Waterford Kettering High School, samples some of the cookies made by Margaret Shears (left), 130 N. Josephine, and Juliann Basch, 2191 Kohler, Waterford Township. Cookies made by home economics students and other goodies collected by nearly the entire student body are being sent to American troops in Viet Nam.

Students Engineer 'Airlift' for Viet GIs

State Doctors to Be Polled

American servicemen in South Viet Nam will not be forgotten this Christmas. Waterford Kettering High School students have seen to this.

Packages containing items ranging from peanuts and homemade cookies to magazines tonight will be loaded on trucks by students. Destination — South Viet Nam, by way of Selfridge Air Force Base.

An officer at the base has promised Waterford Kettering Instructor David Briston that the packages will be flown to frontline troops.

The Christmas goodie project was started last month when 1963 graduate David Allen, now serving with the U.S. Navy, made the suggestion in a letter to the student council.

Virtually all of the school's 1,486 students have participated.

Prior to receiving the letter, the student council and a few classes were considering Christmas projects, but none had been started.

Mild Weather Due for Yule Shoppers

The weatherman promises tomorrow will be another pleasant day for Pontiac area Christmas shoppers. Tonight will be mostly cloudy and mild with lows 34 to 40.

Temperatures are expected to soar to 46 to 52 tomorrow. The low recording in downtown Pontiac prior to 8 a.m. was 31 at 2 p.m. the reading was 45.

Criticism Mounts Over Appointment

Criticism of appointing the 23-year-old son of Oakland County clerk-Register John D. Murphy to a high county post increased today with the statement by Murphy that he actually wanted his son in his department.

Murphy's son, Shane, was appointed deputy treasurer Monday by James E. Seeterlin who recently was appointed county treasurer by Murphy and two other county officials.

"I wanted Shane to work in my office," said Murphy. "I felt that I needed him."

"But having him work in my office isn't permitted under a regulation adopted by the board of supervisors in 1941. It says no department head can hire any relative to work under him."

"After I checked with the personnel department, Seeterlin learned that I was interested in having Shane work for me but wasn't allowed."

"Seeterlin said that he was looking for a man to fill a vacancy and he believed that Shane could do the job."

"I never approached Seeterlin about filling the position."

"Naturally, I'm prejudiced but I would be willing to send Shane to the personnel department for another test and put him up against any appointed or elected official in the building."

The appointment of Murphy is not in violation of the county's nepotism policy, but some observers strongly objected to the fact that two persons from one family now hold county administrative posts.

Daniel T. Murphy, chairman of the County Board of Auditors — and no relation to the other Murphys — was one of the critics.

"I think it is a poor policy for a department head to have a family member in any other county department," Murphy said.

PUBLIC RELATIONS

"No other member of my family works for the county," he added. "It's poor public relations."

The board of auditors chairman, a Republican, said that even though the nepotism policy limits employing of relatives within a department headed by a relative, many supervisors feel that no more than one family member should be on the county payroll.

George Googasian, chairman of the county Democratic party, said he hadn't given the appointment much thought but felt it would work out very well.

"I understand that Shane Murphy is a very well on a county test," Googasian said.

"I have no criticism of the appointment and I see no problems. I think Seeterlin had the best interest of the public at heart when he made the appointment."

Dale A. Feet, chairman of the county Republican party, was highly critical of the appointment.

"It's a shame that the county lost the long experience of two qualified men when Seeterlin took office. He then turned around and hired the son of a Democrat who shouldn't have been elected in the first place."

Feet added: "Then there's the money that the county will be paying the Murphys — \$16,000 a year to the clerk and \$8,000 to his son."

He said also that even though the young man "may be eager and a good worker, this job isn't the kind that should be used as a training ground."

Democratic Prosecutor S. Jerome Bronson commented that Seeterlin has the right to appoint whomever he believes will most effectively serve the public, the office and him.

"This is his determination, his judgment," Bronson added.

Richard D. Kuhn, Pontiac attorney and businessman and unsuccessful GOP candidate for the 19th District U.S. Congressional seat last June, was critical of the move.

"I think the appointment was an absolute disgrace to the people of Oakland County," he said.

POLITICAL SPOILS

"Not only has a public official betrayed the public trust, he has continued on Page 2, Col. 4

Public Opinion Poll in County Reflects Need

Faster Suspensions, Action on Drinkers Get Firm Following

Motorists in Oakland County — where traffic deaths set a record last year — are apparently in favor of a crackdown on drinking drivers, quick suspension of license for chronic violators and comprehensive driver education.

These are indications of a study just completed by county officials and citizens on behalf of the Oakland County Traffic Safety Committee.

The study was based on over 7,000 questionnaires sent county residents of almost every age and occupational group.

The results not only included percentages indicating public opinion, but also reflected individual comments.

"Current laws coddle the drinking driver," a plastic surgeon wrote on the questionnaire. "I did not say 'drunk' because you need only to have dulled reflexes for accidents."

CAN SEE RESULTS

"Come to my office," he concluded, "and I'll show you the unfortunate results."

Nine of every 10 persons questioned favored testing drivers for intoxication, with slightly stronger support coming from women.

Nearly half of those surveyed pinpointed restriction or suspension of the driver's license as the most effective way of dealing with violations.

A housewife — who rejected the concept of an "inherent right" to drive — said simply, "Drivers with bad records should not be allowed to drive."

POINT SYSTEM

Almost 70 per cent described as "fair" Michigan's present point system aimed at getting chronic offenders off the roads.

Ranked just behind license suspension as a means of improving road safety were

(Continued on Page 2, Col. 3)

March Deadline Is Set on Insurance

WASHINGTON (AP)—A March 31 deadline has been set for persons 65 and over to enroll in the voluntary medical insurance phase of the new health care program.

Those who fail to meet the deadline will have to wait two years for another chance.

Social Security Commissioner Robert M. Ball emphasized the deadline affects only those who will be 65 or older by Dec. 31.

Those who reach 65 afterward will have three months after the month in which their birthday occurs to enroll for the additional medical coverage.

Although the pending legislation does not contain a money appropriation, later consideration is expected for state operating and maintenance funds for the new medical institution.

Yule Features Begin Monday in The Press

Two Christmas features will begin Monday in The Pontiac Press.

"Legends of Christmas," a religious picture story of two little town legends, and "Santa and the Zabbazara Bus," an adventure tale for children, will continue through Christmas Eve.

Alabama Klansmen's Jury Deliberates

MONTGOMERY, Ala. (AP)—A federal jury began deliberating the case of three Alabama Ku Klux Klansmen today after a 58-minute charge from U.S. Dist. Judge Frank M. Johnson Jr.

The white male jury retired at 10:04 a.m.

Klansmen Collie Leroy Wilkins Jr., 22, of Fairfield, Ala., and William Orville Eaton, 41, and Eugene Thomas, 42, both of Bessemer, Ala., are charged with conspiring to violate the civil rights of American citizens.

The indictment against the three — although not mentioning her name — stems from the killing of Viola Gregg Liuzzo, a Detroit, Mich., white mother of five.

Mrs. Liuzzo, a civil rights worker, was shutting down a jobless rate reaches 8-Year Low of 4.2 Pct.

WASHINGTON (AP) — The nation's jobless rate fell in November to an eight-year low of 4.2 percent, the Labor Department said today.

Total employment was at a record November level of 72.3 million.

Johnston told the jurors that although the men were tried together, "they stand guilty or innocent separately from each other."

He said that whether the Ku Klux Klan or the Southern Christian Leadership Conference were involved "is no concern of mine as judge or yours as juror."

Johnson also said "it is not necessary to establish the defendants did kill Mrs. Liuzzo."

FAIR VERDICT

The judge told the jurors it is their duty "to see a fair verdict is rendered in this case." He also said they "cannot be swayed by sympathy, prejudice or passion."

The courtroom was packed. The Justice Department, headed by Asst. Atty. Gen. John Doar, who heads the department's civil rights division, ended 2½ days of testimony Wednesday and the defense took only 1½ hours to present its case.

In final arguments, the government said testimony from its key witness — Gary Thomas

JOHN C. AUSTIN

Fete Is Slated for Member of Auditor Board

A dinner honoring John C. Austin, who will retire Dec. 31 from the Oakland County Board of Auditors, is scheduled for 6:30 p.m. Wednesday at the Kingsley Inn.

Austin has been a member of the board of auditors since 1938 after serving nine years as an employee of the board's accounting staff. He also served as chairman.

Attorney Clarence K. Patterson, a lifelong friend of Austin, will be toastmaster at the banquet, which is expected to draw 400 persons.

A limited number of dinner tickets are available at the office of Anton J. Goyer, clerk of committees for the Oakland County Board of Supervisors.

Shoppers Warned of Yule Con Men

Streets and stores in the Pontiac area will be crowded during the holiday season with more than just Christmas shoppers, warned L. Raymond E. Meggitt of the Pontiac Police Department.

Among the throngs of buyers, according to Meggitt, will probably be well-dressed, smooth-talking "con" men — and women.

Their target is generally the savings account of a gullible citizen.

"These people are expert psychologists," said Meggitt, "and they play upon the laziness latent in almost everyone."

Meggitt, who described a con artist's ability to select victims as "uncanny," said the basic confidence gimmick is the "pigeon drop"—usually involving a lost wallet or pocketbook.

He outlined the operation in this way:

- The victim is approached by the operator, who says he has found a wallet or large sum of money.
- The victim is asked to put up a substantial sum of money—frequently a hard-earned savings account—as a guarantee of the victim's integrity in "splitting" the "found" cash.
- The operator then gives the victim the "money"—a paper sack stuffed with shredded newspaper—and leaves to contact an "adviser," said to be an attorney or businessman.
- The victim waits and waits for the operator to return before finally opening the bag and finding he has just been bilked of his money.
- "Some of these people report their loss to the police," Meggitt said. "Others—and the number is unknown—feel ashamed and guilty for having been taken and never report these crimes."

NATIONAL WEATHER — Snow is expected from the lower Lakes into New England in the northern Rockies tonight. Rain is likely in the Pacific Northwest and from the western Gulf Coast into the Ohio Valley. It will be warmer from the Lakes area to the Gulf Coast, but colder in the north Atlantic area and the southern Plains.

City Employees Get Pay Hikes

Policemen, Firemen Not Included in Setup

New pay schedules have gone into effect for nearly all city employees except firemen and policemen.

Contained in a salary and job reclassification plan adopted Sept. 1, the new wage scales are retroactive to Aug. 8.

However, while city officials have implemented the new pay rates, a separate check may have to be issued for the retroactive wages.

City officials have selected Dec. 17 as the date for giving the back pay if accounting details can be worked out.

Firemen and policemen will not receive the new pay rates because they voted to reject the plan adopted by the City Commission.

Birmingham Area News

Ready Parking Subsidy Plan

BIRMINGHAM — Details of a subsidy to city hall employees for their parking expenses are being worked out by the city administration.

The City Commission this week directed City Manager Robert Kenning to undertake a two-step plan to provide immediate relief to employees.

Initially, employees will submit a monthly request for reimbursement for actual parking expenses. This is not to exceed 50 cents a day.

Later, when the new parking garage is completed on Lot 4, employees will use the upper decks of the structure and their parking tickets will be validated by the city.

The cost of the program has been estimated by Kenning at \$7,000 a year during the time that there is direct reimbursement, and about \$10,000 annually when the garage is used.

Representatives of city hall employees first brought the matter to the attention of the commission at a special meeting Nov. 10.

They noted the increased cost to employees that has resulted from the change in all-day parking rates in the city operated lots.

Some 55-60 spaces are needed for the 20 employees in the municipal building.

BLOOMFIELD HILLS — Mr. and Mrs. Thomas G. Kuzma, 3810 Carriage, Bloomfield Township, have been named chairman of the Bloomfield Hills Recreation Commission.

They succeeded Merrill O. Bates.

Other husband - and - wife teams elected to commission offices are Mr. and Mrs. William Beebe, vice chairman; Mr. and Mrs. Robert Glenn, secretary; Mr. and Mrs. T. John Young, treasurer; and Mr. and Mrs. Edmund and Aznavorian, liaison.

The Birmingham Skiers Club will sponsor a dance tomorrow night at the United Dairy Workers Hall, 15840 Second, Highland Park.

Music for the 9 p.m.-1 a.m. affair will be supplied by the Carlos Rivera Orchestra. Tickets are available at the door.

County GOP Backs Vetoes

Blame Dems for Not Providing Fiscal Plan

The executive committee of the Oakland County Republican Party went on record today in support of Gov. Romney's veto of a bill for supplemental financial aid to Oakland University and seven other colleges.

They also backed the vetoes of bills to provide tax relief for senior citizens who rent their homes, and to increase veterans' homestead exemptions.

"The irresponsibility of the Democrat majority in the legislature in failing to provide the governor with a fiscal reform program which would produce the revenues to pay for these programs made the vetoes essential," said county GOP chairman Dale A. Feet.

In dealing with the Oakland University situation specifically, Feet said that Chancellor Durward Varner had never contacted a county GOP legislator on the subject of the appropriation or the veto.

MORE

Feet said GOP legislators have produced figures which indicate that Oakland University students have not been given a true picture of what the \$12 million bill would mean to the school in terms of dollars.

QUESTIONS FIGURE

"It is impossible to give an exact figure," said Sen. Ferrell Roberts of West Bloomfield Township, but based on present figures which indicate an increase of 158 students over last year, Oakland University would receive from \$75,000 to \$100,000. This is a far cry from the \$481,767 implied by Varner."

GOP legislators, said Feet, point out that the bill was vetoed because it flouts the new state-wide board of education and sets a dangerous precedent which upsets the entire budgetary process.

County GOP Fete Is Slated for Member of Auditor Board

A dinner honoring John C. Austin, who will retire Dec. 31 from the Oakland County Board of Auditors, is scheduled for 6:30 p.m. Wednesday at the Kingsley Inn.

Austin has been a member of the board of auditors since 1938 after serving nine years as an employee of the board's accounting staff. He also served as chairman.

elevated the political spysystem beyond any reasonable limit."

Kuhn added that he would have no complaint except for the fact that the man appointed is totally unqualified.

"I am sure Seeterlin could have found a well-qualified Democrat."

Seeterlin, former Waterford Township Supervisor, was named county treasurer a month ago following the death of Charles A. Sparks.

He was selected by a three-member panel of county officials including John D. Murphy, Bronson and Probate Judge Donald Adams, all Democrats.

Drivers' Ideas Tabulated in Traffic Survey

(Continued From Page One)

stronger law enforcement and better driver education.

More than 80 per cent proposed that all drivers undergo a regular course of driver education before being licensed.

Aggressive police work — including use of radar and unmarked cars — was supported by between 50 and 70 per cent of citizens questioned.

"When our police make an arrest or issue a ticket, they need to be backed up," said a draftsman.

A student suggested the county needs more policemen on the road and "more freedom" for law enforcement officials.

Only one out of four objected to radar speed control; responses to unmarked cars were divided almost evenly, with strongest opposition coming from younger age groups.

According to 83 per cent of those surveyed, all drivers should take an instructional course.

Nearly 4 of 10 (39 per cent) reported they had already taken a course.

Human nature seemingly prevailed in at least one of the questions posed to citizens.

Just under 40 per cent modestly replied "None," when asked to name the area or areas in which they needed improvement as a driver.

Pick 3 Judges for Junior Miss

Three Pontiac area citizens — a clergyman, an educator and a journalist — have been selected as judges for next week's Junior Miss Pageant sponsored by the Pontiac Area Junior Chamber of Commerce.

Judging the Dec. 11 pageant at Pontiac Northern High School will be Rev. Maurice G. Shackelford, pastor of St. Paul's Lutheran Church; Troy Crowder, instructor at Oakland University; and Mrs. Margaret Demetrak of the Inter-Lake News.

Competing in the annual contest will be senior girls attending high school in the Pontiac area.

Winner of the title will receive a \$100 scholarship, prizes donated by local firms and the opportunity to compete in the state contest in January.

Entry forms for the contest may still be obtained from Jaycee contest chairman Edward Hunter at 562 W. Huron.

Romney, in Address to Auto Makers, Warns of the Threat of Federal Regulation

DETROIT (AP) — Gov. George Romney warned auto makers Wednesday they should get behind state and voluntary safety programs before the federal government steps in.

Speaking at the Detroit Auto Show golden anniversary dinner, Romney called again for strengthened driver education, safety and he said "the threat

(of federal regulation) is real. Romney observed one bill in Congress authorizes the General Services Administration to design, build and test a model safety car.

A REAL THREAT

"We may laugh about the possibility of new government designed cars rolling off the as-

sembly lines, but the threat is not a need for further voluntary action."

Romney asked if the auto industry "has not overemphasized speed and power. 'Before it is too late, I urge each one of you, over the discolored has toyland and every industry leader, to impact. A "Disk-o-tek" combination features a four-speed program to determine if there

Disk-o-Tek Combo

Predictably, all the commotion in Michigan this year, injuries are up 8 per cent and accidents are up 11 per cent over last year.

"I urge you to push and pull and prod state governments into enacting adequate traffic safety programs," he continued. The governor said while highway deaths are down 3 per cent

Meanwhile in Lansing, Secretary of State James Hare warned that Michigan has little time to adopt a licensing, highway and vehicle safety program.

Hare said the American Association of Motor Vehicle Administrators has advised that the federal government will move into driver licensing and

driver improvement functions now administered by the states within a two-year period.

Asphalt is a dark brown to black colored mineral substance. It is found in the earth in liquid, solid and partly solid forms. It is also a natural part of most crude oils.

Choice of Treasurer Challenged by Press

When Waterford Township Supervisor JAMES SEETERLIN was named Oakland County Treasurer, we wished him well.

We still do.

But we take exception to his most recent appointment.

As the number three person in this important department, he has appointed Shane F. Murphy. Mr. Murphy is 23 years old, and was working as an assembler and press operator for a metal products firm. He has worked as a laborer and for a Birmingham door company.

His chief qualification seems to be that his father is Oakland County Clerk-Register JOHN D. MURPHY.

When appointees were being considered for the treasurer post, three men, by law, had the job of making the final selection and appointment.

They were Clerk-Register Murphy, Oakland County Prosecutor S. Jerome Bronson, and Probate Judge Don Adams, all Democrats.

Bronson had another man in mind, but was outvoted by ADAMS and MURPHY. They favored SEETERLIN.

Now SEETERLIN puts MURPHY's son into the \$8,000 a year job, at which he has no experience.

That smells, to most of the electorate,

SEETERLIN says he is giving a bright young man a start, and young MURPHY will be a good County employee. SEETERLIN cites his own lack of experience when he entered public service and politics.

The fact that young MURPHY's father is a Democratic County official had nothing to do with it.

The number three job in the treasurer's office of the second largest county in the State is quite a start.

LBJ, you'd better watch out.

The political ties that bind, it would appear, also bind.

Continuance in Office Congressmen's Aim

An old congressional issue is back for another airing. The question is whether congressmen should be elected for four-year instead of the present two-year terms.

The longer term has support in many quarters. Although President JOHNSON has not declared himself, President EISENHOWER and many other presidents have favored the longer term. They came to the conclusion that congressmen ought not always to be running for reelection.

Under the present system, a congressman, particularly if he is newly-elected, hardly gets his feet under his legislative desk before he begins laying the groundwork for reelection.

This, it is argued, is often conducive to mediocrity in the representation he provides his constituency and a voting record weighted on the side of expediency and self-interest.

But supporters of the status quo contend that a longer term would lessen a representative's responsiveness to shifting sentiment in his district and dilute his accountability to the electorate.

The framers of the Constitution struck a balance between the six-year term for senators, which gives members of the Upper House long-range tenure, and the lower, which sends its lawmakers back to the people at short intervals for approval or disapproval at the polls.

There is, however, one glaring flaw in the theory that a congressman's constituency keeps a watchful eye on his legislative performance and should be enabled to call him to account, via the ballot, every two years.

The weakness resides in the fact that a recent survey showed that 67 per cent of the people do not know who is representing them in Washington.

Until the body politic awakens to the urgent need—never more urgent than now—of intelligently interesting itself in the governmental process, it would seem that the length of the congressional term of office is of little importance.

It is difficult to understand why there are so many cows in Texas, when Texans are constantly shooting the bull.

LBJ Still Walks a Lonely Road

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON—President Johnson still walks a lonely road while the winds of cooperation, sometimes blowing from opposite directions, beat around his ears.

In the past few days there has been a burst of talk about various forms of international get-together. Meanwhile, Johnson must make the decisions on stepping up the war in Viet Nam. The picture isn't pretty there.

Secretary of Defense MARLOW Robert S. McNamara, just returned from Viet Nam, said, "It will be a long road ahead." He didn't say this country is winning. He just said, "We've stopped losing the war."

This country has about 165,000 troops in Viet Nam. Reports say the number will go to 300,000. Will it? McNamara wouldn't say. That's Johnson's decision.

One of the reasons for this country's bombing of North Viet Nam since February was to reduce the flow of North Vietnamese soldiers into South Viet Nam. But McNamara says now they are tripling the rate of infiltration.

The bombing will be intensified. Johnson must decide how much and where. Critics want Hanoi, the Red capital, bombed. But this might bring Red China into the war. Johnson has to think of that, too.

DISARMAMENT CONFERENCE
This week the United Nations General Assembly, without one dissent, voted for a world disarmament conference no later than 1967, with Red China invited. The United States and the Soviet Union voted together on this.

But—while this country said it would be willing to sit down with the Chinese on preliminary negotiations, it refrained from saying it would take part in the conference itself.

And one day later the Soviet Union charged this country is flooding and endangering Western Europe with nuclear weapons.

Tuesday night French President Charles de Gaulle, appealing to his people to elect him by telling them they couldn't do without him, took a crack at the United States by calling the Vietnamese war "stupid."

LIMITED COOPERATION
And, while assuring this country and his European partners that France was a staunch ally, he warned France would cooperate with them only as she pleased.

Here in Washington, a group of American specialists on foreign affairs recommended at the White House Conference on International Cooperation stronger efforts to get along with the Soviet Union. But some of the efforts proposed might damage this country's European alliances.

Waste That YOU Can Do Something About!

David Lawrence Says:

Viet Protests Amount to Treason

WASHINGTON — What's the difference between the "right of dissent" and the alleged right to commit acts that amount to treason?

Individuals have been carrying enemy flags in demonstrations around the White House. Public speeches are being made calling on the United States, in effect, to surrender in Viet Nam.

Yet America's young men are dying by the hundreds in Viet Nam, and the big question is how many more will have to be sacrificed because the enemy

thinks the people of the United States want their government to accept peace at almost any price.

Arthur Goldberg, American ambassador to the United Nations, evidently felt that these demonstrations were important enough for him to discuss in an address at the White House Conference on International Cooperation.

But, while he warns the enemy not to misunderstand the right of dissent in America as a sign of weakness in foreign policy, he places his emphasis on the constitutional right of freedom of speech. President Johnson said the same thing last weekend.

Goldberg's effort to defend

freedom of speech was, of course, well intentioned.

IGNORING FACTS

But too many people are ignoring the fact that a war is going on in Viet Nam and that in wartime the right of dissent is narrowed considerably because the duty to preserve American lives supersedes everything else. Even freedom of the press can be restricted while a war is in progress.

The Department of Justice has the obligation to enforce the laws of the United States, and there are statutes which prohibit acts of treason.

It doesn't take long for the administration to find a way to get a case into court if somebody's civil rights are allegedly trampled on.

But when more and more American soldiers are being killed in Viet Nam because the North Vietnamese government is getting the impression that the United States is wavering, it is pertinent to ask why the law is not being enforced against those who stretch the right of dissent to cover acts of treason that give "aid and comfort" to the enemy.

MISINTERPRETATION

Perhaps the fact that there has been no legal declaration of war is mistakenly interpreted as meaning that treason can be committed without being punished.

But Congress has by resolution formally authorized the use of the armed forces of the United States in Viet Nam.

What is occurring in Viet Nam is manifestly a war. An enemy is actually killing Americans, and hence any "aid and comfort" given the enemy, directly or indirectly, is an act of treason.

Certainly high officials in the government, instead of glorifying the "right of dissent," might well reread the Constitution on the subject of what is treason.

(Copyright, 1965, New York Herald Tribune Syndicate, Inc.)

Smiles

Rudy Rumpot says he never feels his drink because he keeps his fingers out of the glass.

The world sure is shrinking. Nowadays you don't have to go half as far to borrow trouble.

For some, the increased leisure of affluence just provides increased opportunities to get into trouble.

Some barber shops have become men's posh beauty salons, the easier to clip you.

After watching modern dancers, we can't understand how the leg bone remains connected to the hip bone and the arm bone remains connected to the shoulder bone.

Voice of the People:

Urges Animal Owners to Provide Proper Care

As animals cannot choose their keepers, it should be up to those who choose to keep animals to provide them with proper shelter and care. Let's not forget that animals can suffer from hunger, thirst and cold and it is cowardly to allow them to be neglected or misused.

FAIRNESS TO ANIMALS

'Fire Department Goes Beyond Call of Duty'

Through alertness and quick thinking during the recent fire at the Union Lake Feed Store, the Union Lake Fire Department was able to put out the fire and keep the damage down. We in the Union Lake area are fortunate in having such a group of men who go beyond the call of duty in giving assistance. We are happy to have located our business in an area where people feel that being good friends and neighbors comes above everything else.

JOHN A. BETTIE LEWIS
UNION LAKE

Two Readers Question Supreme Court Rule

Where is the pressure coming from that makes one of the strongest and most respected branches of our government pass a ruling that a section of the Subversive Act of 1950 is unconstitutional? Since when is it the right of a minority to jeopardize our rights and beliefs as Americans?

If we support these groups on our own soil by saying that Communists should not be discriminated against, how can we then support our government actions in Viet Nam? These are the very groups we are fighting so hard to defeat.

I support our actions in Viet Nam but I cannot see our reasoning in this ruling of the Supreme Court.

RAY GORDON
1134 ARGYLE

I find Mr. Hathaway's views on the Supreme Court ruling positively frightening. If he truly does not agree with the Communist philosophy, he is naively echoing the line they are peddling in this country. They contend we are smart enough to detect their lies and therefore should have their views open-mindedly.

If we are going to fight the Communists, which we must for our own survival as well as that of others, let's not sacrifice lives in vain. We must fight just as hard at home where the Communist enemy is openly gaining influence — just with better disguised weapons.

JEAN BRAY
CLARKSTON

'Viet Nam Activity Not Without Precedent'

There appears to be one consolation for America's adolescent bullying in the Dominican Republic and America's present Stone Age savagery in Viet Nam—it is not without precedent. Those who are disturbed by America's present day diplomacy need only to think back to last century's brutal slaughter of the American Indian. This should soothe those consciences which can be soothed by precedent.

PAUL A. LANDRUM

Comments on Decreasing Number of Deer

We have just returned from a deer hunting trip in area 26 which is part of Iosco County. We, like everyone else, donated \$5 plus expenses in pursuance of this fine sport. The reaction of the business people in that area was similar to ours with regard to the doe permits and supposed starvation conditions. Lansing awarded nearly 14,000 permits in area 26, not taking into consideration that there aren't that many deer there. Our group consisted of 14 people and there was a total of six deer seen while in the woods.

We would like very much to contribute money to a fund earmarked for the removal of those responsible for this kind of wanton slaughter of a deer herd that is rapidly approaching extinction.

ROBERT E. LARSON
MILFORD

Three cheers to Senator Mack for appointing a committee to investigate the Conservation Department in regards to winter kill on deer and for the issuing of permits to kill does and fawns. All deer hunters who are against doe licenses should get behind the Senator with a petition. The decreasing number of deer has been very disappointing the last few years.

PAUL R. ODELL
1340 WEST HURON

Let's all get on the ball if we want to hunt deer as good sportsmen should. The law says shoot the doe, the fawn and the buck and each year we see less deer. Good sportsmen can change this law if we work together. If just the landowners will put up a fight I'm sure we'll get somewhere.

B. PEPPE
ORCHARD LAKE

'Extra Charge for Licenses Is a Racket'

In regard to paying extra money for license plates, anyone can see it is nothing but a racket. Nobody gets protection out of this deal but it sure will help the insurance companies and the Governor. He couldn't get his tax deal through so he tried this. The working man will pay. I didn't vote for the guy.

MARVIN BEYER
664 ROBINWOOD

'Should Let Hell's Angels Fight Viet Cong'

Since the great and glorious "Hell's Angels" have requested of President Johnson to be sent as a special force to Viet Nam, I can see no reason why they should not have the right to do so. As human beings and as citizens of the United States they are completely worthless. If they want to rebel, let's give them the Viet Cong to rebel against.

LEONA DUMAN
ORTONVILLE

Asks for Facts on County Deputy Treasurer

Is that the whole story on Shane F. Murphy? Maybe Mr. Murphy was in the Finance Corps while in the Army, or maybe he has taken some accounting courses. Surely a person must have more qualifications for the post of Deputy Treasurer of Oakland County than those stated in The Press. If so, why were they not mentioned? If not, is this just more of the "Spoils System?"

Offers Readers Advice on Ads

How to Avoid Pitfalls
Explained by Author

Common Sense in
Advertising
by
Charles F. Adams

By CORENNA ALDRICH

If you've ever wondered who needs underwear, pens or storms in the sink — and have felt like taking your headache out on the sponsor — then "Common Sense in Advertising" is for you.

Actually, this book is directed to the professionals who dream up and ADAMS approve such ideas, but the ad-makers may not be so happy with what Charles F. Adams has to say.

As executive vice president of MacManus, John & Adams, Inc., Bloomfield Hills, Charles Adams is an area resident and speaks from wide experience.

He has written more than \$200 million worth of advertising copy, and among his many awards is a citation "For Outstanding Service to Advertising" from the Advertising Federation of America.

On the premise that "there is too much hocus-focus, hanky-panky and mumbo-jumbo in advertising today," the book begins by stating that most people who create advertising live in a dream world.

Adams then outlines the seven deadly sins of advertising, no doubt trampling toes with his "horrible examples." His advice for avoiding these obvious and not-so-obvious pitfalls is concise and straightforward, clear even to the layman.

Through his call for fewer trills and more sense, may offend some creative urges, Adams' supporting evidence is hard to refute.

AVERAGE ADULT

Consider the fact that an average adult is faced with 560 advertisements a day. Of these, only 12 make any impression at all, and three of those are unfavorable. You begin to see the limits of obscure and arty messages when you realize a magazine ad has only about 2 1/2 seconds to get a reader's attention, a TV commercial maybe half a minute.

"Common Sense in Advertising" is written as a handbook for advertising people, and only they can judge its professional merits.

However, from the standpoint of good reading, the general public will find Adams' book most informative and rewarding. Perhaps part of its intrigue lies in the truth of his suggestion that "with the exception of politics and weather, advertising may well be the greatest area of national expertise." It is "everybody's business."

If you question that remark, just read this book and see how long you can keep from offering suggestions for the scrap heap or defending ads you like. You needn't be a professional to become involved with "Common Sense in Advertising."

DOWNTOWN AND DRAYTON PLAINS

CIA Doing Good Job, Not Making Government Policy—Rusk

WASHINGTON (AP)—Secretary of State Dean Rusk says the Central Intelligence Agency is doing a good job, and not making government policy.

Rusk spoke Wednesday at a concluding session of the White House Conference on International Cooperation, then answered questions from some of the 2,000 delegates.

Confronted with a written statement that the CIA "seems to be making policy completely removed from the public and

even from the government," Rusk responded: "The CIA does not make policy and does not initiate actions unknown to the high policy leaders of the government."

Then he added: "There is a tough battle going on in back alleys all over the world. It is not a field that can be left entirely to the other side."

STUDY SUGGESTIONS

Rusk told the conferees that every suggestion they put forth will be carefully studied by the government.

"None will be brushed aside," he said, and promised to let committee chairmen know what is done with the ideas.

"I will even be prepared," he said, "to tell you which of your suggestions already have been tried out on the Russians and have been rejected."

"The proposals covered a variety of subjects ranging from women's rights to avoiding war. They were the product of three days of meetings plus months of preparation by 29 committees.

Rusk and Vice President Hubert H. Humphrey represented Johnson at a final reception at the White House closing the conference Wednesday. It was held in two segments to accommodate participants who had come to Washington at their own expense, hoping to be heard.

The two high officials circulated informally to talk to anyone who wanted to buttonhole them.

In his talk at the final conference luncheon, Rusk sought to describe U.S. policy in terms larger than the jungle and rice

field fighting in Viet Nam. He said the American commitment in Southeast Asia is "the principal pillar of peace in the world."

Treat for Newlyweds

Newlyweds often need major pieces of furniture for their first home. Relatives or friends might band together to give them a really big gift—but make sure of their wishes and decorating tastes, first.

massive movement of troops resisted from the start and that across frontiers is passing out. It is to their interest as well as ours to seek peace.

But he said the matter of infiltration, what he called the misnamed wars of national liberation, remain and it is up to this country to persuade the other side that such efforts will be the horizon.

Say Brink's Suspect Is Arrested

WASHINGTON (U)—The FBI reported yesterday the arrest by Montreal police of a man charged in the burglary of a Syracuse, N.Y., office of Brink's, Inc., in which an anti-tank gun was used and \$423,421 was taken.

The FBI had placed the man, Joel Singer, 22, on its list of 10 most wanted fugitives Nov. 19.

A 20-millimeter cannon was allegedly used by Singer and his uncle, Jack Frank, to blast open the Brink's safe over the weekend of Oct. 23-24. FBI agents arrested Frank Nov. 1. The cannon had been recovered from waters off Jones Beach, Long Island, N.Y., the day before.

The FBI said Singer would be arraigned today and the United States will seek his extradition.

FEDERAL WARRANT

He is charged in federal warrants with violations of the Federal Firearms Act and conspiracy to move stolen property across a state line, and a county grand jury in Syracuse has indicted him on charges of burglary and grand larceny.

Singer is a native of Montreal.

The FBI said burglars had pumped about two dozen blasts from the cannon into the 18-inch thick steel vault walls.

The loot included \$181,000 in coins and currency. The remainder was in checks, police said.

The cannon, the FBI said, was purchased from an Alexandria, Va., arms firm.

Talks Clearing the Air—Briton

MOSCOW (UPI)—Foreign Secretary Michael Stewart said today "mutual understanding is beginning to appear" in his talks with Soviet officials.

Stewart, visiting Moscow in an effort to narrow East-West differences on Viet Nam and other issues, conferred with Soviet Premier Alexei Kosygin in the Kremlin today. He talked to Soviet Foreign Minister Andrei Gromyko yesterday.

The official news agency Tass quoted Stewart as saying prior to his meeting with Kosygin that he and Gromyko converted a wide range of problems "on which mutual understanding is beginning to appear."

Stewart, who arrived here Monday, saw Gromyko for the third time last night at a dinner in the British Embassy.

According to informed sources, Stewart appealed to Gromyko to "forget the past" and concentrate on how to end the war in Viet Nam.

Gromyko repeated the Kremlin position that the Russians cannot negotiate a settlement, it was reported.

Soo Bridge Traffic Up

SAULT STE. MARIE (AP)—Traffic on the International Bridge during November showed a 4 per cent increase over November, 1964, the bridge authority said. Wednesday, Chairman James Brophy said 31,623 vehicles made the crossing in Nov. 1965, bringing the year's total to 2,110,732.

More Allied Forces Said Needed in Viet Nam War

(Continued From Page One)

Communist territory, the U.S. command has found, requires plenty of men to defend them, and this defense job has eaten up battalions.

Jungled areas like Chu Lai, An Khe and Ben Cat, where up to six months ago the Communists moved freely, have become American base locations. Now that the bases are set up, the question is: "Where do we go from here?"

CONTAINING REDS

The allied buildup thus far seems at the most to have had the effect of containing the Communists. Open invasion across the border by North Vietnamese troops has drastically changed the picture.

New U.S. forces had been brought in early this year to forestall a dangerous Viet Cong buildup. Communist ranks were swollen by southerners who had gone north in 1954 when the country was partitioned, and who returned as indoctrinated "liberators."

Now, countering the U.S. buildup, North Viet Nam has sent in its 325th Division, mainly troops born and bred in North Viet Nam, and set the situation back, from the allied viewpoint.

In view of this, there seems little doubt that U.S. Defense Secretary Robert S. McNamara will recommend a large increase in American troops in his report to President Johnson following his visit to Viet Nam early this week. Officials speak privately of having as many as 300,000 U.S. troops.

READY TO FIGHT

Both sides in this war are proving ready and willing to fight. The conflict has become something like a boxing match. Each side leaves its corner for a tussle in the center of the ring, then retires to safe territory until the bell rings for another round.

The U.S. Army's 1st Cavalry, Airmobile Division rang it at Ia Drang by heli-lifting men deep into Red territory. The Communists hammered them, and themselves took heavy losses. The cavalrymen pulled out last weekend.

The Communist side rings the bell by attacking government outposts and base installations. The 81mm mortar, the popular Viet Cong weapon, has a range of four to five miles.

U.S. commanders say that if they have security up to three miles from their main base installations, they are reasonably safe from accurate enemy mortar fire. But this will change if the Communists start using their bigger 75mm pack howitzers more frequently. These have an eight-mile range.

TO NEED MORE MEN

As the Americans establish more base areas for heavy artillery, they will need more men

to secure them. There is a debate going on between U.S. military headquarters in Saigon, wanting bigger artillery in more places, and the U.S. Army 1st Division, preferring fewer artillery bases and more freedom for troops to move.

The role of U.S. Marines differs greatly from what it was in other wars. Historically, Marines were beachhead forces. The Army would come in later, and the Marines would move on. Now they stay put around three coastal enclaves while the Army strikes out.

Burdened with this semimission duty, the Marines make the most of it by attempting pacification of Vietnamese villages. The Marines figure they have pacified everything within 12 miles of the Da Nang air base, but concede that Viet Cong terrorists still can penetrate defenses, mine roads or launch assaults against the air base.

Pacification is a sideline — a byproduct — so far as U.S. forces are concerned. Base areas have been chosen for military reasons. There is one pacification experiment in the Vo Dat area north of Saigon, where U.S. infantrymen guard farmers harvesting rice. Once the rice is in, the area — like other "pacified" areas — will be turned over to the Vietnamese. U.S. officials insist it's an experiment.

FORCES DEPLOYED

Here is how allied forces are deployed in South Viet Nam:

UNITED STATES

Marines, totaling 40,000 have been assigned to the northern coastal part of the country. In South Viet Nam since February, they have established themselves in three main areas: the Da Nang air base, Chu Lai and the Hue-Phu Bai sector.

Most of the U.S. Marine Corps 3rd Division is at Da Nang, preoccupied with protecting the important airbase. Several Marine Seabee battalions work in the area.

One Marine regiment guards the increasingly important Chu Lai air base, 65 miles south of Da Nang, where helicopter and Marine bases are based. Patrols from Chu Lai penetrate about 12 miles into countryside where the Viet Cong operate.

The Marine enclave in the Hue-Phu Bai area devotes itself almost wholly to guarding the air strip there.

MORE AGGRESSIVE

Marine officers say they would like a more aggressive role, but the Marine high command says if its forces can hold the coast and increase control in the lowlands, the Viet Cong can have the mountains and highlands.

"We want the places where the people are," said a Marine officer. "The Viet Cong can have the rest."

Two Vietnamese army divi-

sions fight alongside the U.S. Marines in the 1st Corps area of Viet Nam.

A whole division of U.S. troops — the 1st Cavalry, Airmobile Division — is based in the An Khe Valley in the middle of Viet Nam. This misty mountain area was envisioned as a jumping off point for airmobile operations using the division's numerous helicopters. The division was engaged in fierce fighting against North Vietnamese troops at Ia Drang.

SECURES BASE

One brigade from this division secures the An Khe Base area. Another is free to operate against the enemy. A third is in reserve. The central highlands capital, Pleiku, has been a center for the cavalrymen. The highlands town of Kontum, north of Pleiku, may be another operating area.

The 1st Cavalry's mission is to engage the Communists in a fight to the death. It may have severe actions in the future because the central highlands represent the main infiltration route for the North Vietnamese.

A U.S. Army paratroop regiment from the 101st Airborne Division is based at Phan Rang, a fishing village on the coast, 80 miles northeast of Saigon. The 101st is primarily a reaction force for use in emergencies.

Other American installations in the 2nd Corps area include the main U.S. field force headquarters at the coastal city of Nhatrang, the central highland project port of Cam Ranh Bay, a few miles south of Nhatrang, a huge airfield for jet craft has been completed at Cam Ranh. Big port facilities are being installed.

BIG RED ONE

The U.S. Army 1st Division — the "Big Red One" — is deployed in four areas north of Saigon. One brigade is at the Bien Hoa air base, another at Ben Cat, and the third the lovely town of Phuoc Vinh, beside Zone D. The division headquarters is at Di An, about 17 miles northeast of Saigon.

Attached to the 1st Division is the 173rd Airborne Brigade at Bien Hoa. This brigade has made most of its probes into the southern fringes of Zone D. Other 1st Division battalions have patrolled into Viet Cong areas. But the main work up to now has been to secure bases of operation. As more heavy artillery comes in, more men will be needed to protect it because the Viet Cong seeks to knock out these pieces. As of now, the "Big Red One" probably has five battalions available for aggressive actions against the Viet Cong.

Part of the 1st Division region is Zone C, north of Tay Ninh, where no American troops have yet stepped. The U.S. Air Force,

using jet bombers and B52s, has done the job in Zone C up to now. Eventually the 1st Division may have to go in.

U.S. helicopters have made a base of the old Japanese airfield at Phu Loi, 20 miles northeast of Saigon. U.S. armored and artillery units are there.

Salmon remains the main headquarters for U.S. forces, the seat for Maj. Gen. William C. Westmoreland, U.S. forces commander.

SOUTH KOREAN

Aiding the Vietnamese

Army's two divisions in the highlands is the Korean Capital Division, nicknamed "Tiger." Two Korean regiments numbering 10,000 men are based in the coastal city of Qui Nhon, due east of An Khe, providing security for the U.S. logistic bases there. The Koreans sometimes move out on pacification operations 10-15 miles from Qui Nhon.

A Korean battalion recently moved down to Tuy Hoa, south of Qui Nhon, to help secure the town after Viet Cong troops knocked out several Vietnamese platoons in the area.

The Koreans have 6,000 Marines at Cam Ranh Bay on security duty, and troops at Di An, north of Saigon, building roads and bridges.

Korea is the only foreign ally with a complete hospital which treats Vietnamese as well as Korean wounded and Americans.

AUSTRALIA-NEW ZEALAND The 1,300 men from the Royal Australian regiment, based at Qui Nhon, Nhatrang, Chu Lai and Cam Ranh Bay. A big one is being constructed at the coastal town of Phan Rang.

search and clear operations around Bien Hoa. Occasionally they move into Zone D on search and destroy missions. They are supported by New Zealand artillery men using lightweight Italian artillery pieces that can be easily maneuvered.

SOUTH VIETNAMESE

South Viet Nam's army has 11 divisions and numerous smaller groups such as the Rangers, Marines and airborne troops. Some joint operations have been held with U.S. and other allied troops. A few operations have been directly under U.S. command.

U.S. troops have scrupulously avoided the populated areas around Saigon and in the Mekong Delta, where more than a third of South Viet Nam's population lives. The delta Vietnamese have been traditionally hostile to foreigners and the U.S. command seems to have deemed it better to stay away from them for the time being. In line with this, all combat units based in Saigon, such as helicopter companies and fighter bombers, are being moved away from the capital city to provincial areas.

DELTA'S PROBLEMS

South Vietnamese forces handle the delta's problems, with three infantry divisions.

New air bases are springing up across Viet Nam. There once were three main bases — Bien Hoa, Saigon and Da Nang. Now there are seven. The new ones are at Qui Nhon, Nhatrang, Chu Lai and Cam Ranh Bay. A big one is being constructed at the coastal town of Phan Rang.

Foreign News Commentary

Peru Leader Seeks Better Life for Incas

By PHIL NEWSOM
UPI Foreign News Analyst
Ten thousand feet up in the Peruvian Andes, a statue of the Christ the Conqueror gazes down upon Cuzco, ancient capital of the Incas.

descendants of the proud Incas earned perhaps 17 cents a day and forgot their cold, hunger and fatigue with the help of the narcotic coca leaf.

New Arthritis Drugs Being Checked Out

By Science Service
LONDON — Arthritis sufferers can hope for relief of pain using two different drugs being checked for evidence of side effects.

Indomethacin, called Indocin by Merck, Sharp & Dohme, which furnished supplies of the drug for experimental use in London, has the approval of the U.S. Food and Drug Administration for prescription use, but produces some side effects.

Phenylbutazone, sold under the trade name of Butazolidin by Geigy Pharmaceuticals, likewise has FDA approval, but must also be supervised by the prescribing doctor for its side effects.

Neither of these drugs are steroids (of hormone origin), and they are not related to each other nor given at the same time.

One of the most recent studies of Drs. F. Dudley Hart and P. L. Boardman of Westminster Hospital, London, reported in the British Medical Journal, involved 26 patients with definite rheumatoid arthritis.

EXPRESS PREFERENCE

A double-blind study, in which neither patient nor physician knew which drug was being given, resulted in 15 patients expressing a preference for phenylbutazone, 10 finding the drugs equally effective, and one preferring indomethacin.

They were the special targets of the Cuban, Moscow and Peking-sponsored Communists mixed in with a sprinkling of Trotskyites.

Geographically, Peru is divided into three parts — the coast, the Sierras and the jungle. Most of the Indians live in the mountains, the whites on the coast and the jungle lies almost uninhabited. But within the jungles are rich soils, timber and minerals. Between the three there are almost no communications.

LIVING STANDARD
It was Belaunde's dream to bring the country's 10 million Indians inside the economy, to give them land and to build roads which in turn would open the way to education and a better standard of living.

In his sun-filled study in a suburb of Lima in 1963, Belaunde laid out for this correspondent the maps explaining his \$500-million dream.

It was a 3,000-mile road which would link Colombia, Ecuador, Peru and Bolivia, opening up 12,000 square miles of virgin land.

To further his plan, the United States provided \$40 million under the Alliance for Progress.

But \$500 million is a lot of money to come by in Latin America and time is pressing.

INDIAN PEASANTS

In December 1963, 1,500 Communist-led Indian peasants attacked a farm in Cuzco province, attempting to take over the land. Eighty persons were killed and 22 wounded. In the face of mounting terrorism, Belaunde finally declared his state of emergency.

In the end, Belaunde must have his road. But meantime, his dream remains a nightmare.

An acre is equivalent to 43,600 square feet.

'Space Budget at Crossroads'

WASHINGTON (UPI) — The nation's space budget will decline from a current level of more than \$5 billion a year to around \$2 billion by 1970, unless new projects are proposed and approved soon, physicist Ralph E. Lapp said today.

Lapp, who spotlighted the dangers of radioactive fallout prior to the Nuclear Test Ban Treaty, said the U.S. space program has reached a crossroads at which planning beyond the Apollo Moon Project must begin.

He suggested in an inter-

view with UPI that President Johnson's science adviser, Dr. Donald Hornig, should issue a full-scale report to deal with the situation.

"This report should be in the nature of an accounting and a forecast — of the performance and promise of nonmilitary research and development in space," Lapp said.

He added: "The 60,000 scientists and engineers now employed in the space program represent an im-

mense national asset. A decision needs to be made so that this valuable manpower is used to national advantage."

EMPLOYS 60,000

The space industry employs 60,000 persons. Lapp said certain of the moon project's activities are nearing completion, which means some of these people will be losing their jobs.

There is danger, he said, that ill-conceived efforts to "prop up a sagging budget" will convert the National Aeronautics and Space Administration (NASA) into a WPA-type boondoggle.

"Once men are landed on the moon — in about five years — NASA will have long since completed its research, development, engineering and testing of the big boosters which account for so much of the Apollo cost," he continued.

"NASA will have spent \$11 billion on Project Apollo by mid-1966. Ten billion more will be spent over the next four to five years. The budget for Apollo, as well as the total budget, could decline to about \$2 billion."

MAY LACK SUPPORT

Lapp said ambitious projects to explore the lunar surface might not find enthusiastic public support. He said the outflow of federal dollars into space is very apparent while the backflow of benefits so far "is a vastly propagandized trickle."

Only manned missions will provide the volume of work needed to keep the space industry together, Lapp said. He was pessimistic about the possibility of finding a worthwhile program in proposals now under consideration.

He said NASA lacks well-defined missions for low earth-orbital projects involving manned stations. Though scientists are interested in Mars, he said they are not yet willing to back manned planetary flights in the 1970s.

"It is difficult to believe that the scientific community in the United States really believes in the space research program," he said.

BEST BET

"It appears that NASA's best bet for staying at its present budgetary level is to concentrate on the moon."

"By the time Apollo men land on the moon, however, the United States will have spent \$35 billion on space. The public may demand some reckoning of its return on this prodigious investment."

Senate Fact-Finders Arrive in Saigon

SAIGON (UPI) — A Senate fact-finding group seeking an honorable settlement of the Vietnam war arrived in Saigon today.

The bipartisan delegation of five senators is headed by Majority Leader Mike Mansfield, D-Mont.

Heavy security was imposed at Tan Son Nhut Airport when the Mansfield group arrived from Bangkok. Newsmen were kept behind barricades and Mansfield made no statement.

Few details have been made public on Mansfield's mission, but it is known that he and the other senators are traveling as the personal representatives of President Johnson.

The group held discussions on Viet Nam in Moscow last week with Soviet leaders and met earlier last month with French President Charles de Gaulle.

MET IN BANGKOK

U.S. Ambassador Henry Cabot Lodge met Mansfield and his party in Bangkok and flew back

to Saigon with them, permitting more time for talks on Viet Nam.

Mansfield originally was scheduled to stay here only

one day, but it was announced yesterday that he had extended his visit by about 48 hours.

Traveling with Mansfield are Sens. Daniel J. Bump, D-Hawaii,

J. Caleb Boggs, R-Del.; George Aiken, R-Vt.; and Edmund Muskie, D-Maine.

The group was met at the

airport by Gen. William C. Westmoreland, commander of American forces in Viet Nam, and Deputy Ambassador William Porter.

Gov. Romney, Veteran Chiefs Still at Odds

Substitute for Vetoed Tax Benefits Measure Fails to Get Support

LANSEING (AP)—Gov. George Romney and veterans' leaders continued their collision course over veterans' homestead tax benefits Wednesday.

At a two-hour meeting, Romney presented his proposed substitute for a legislative-approved benefit bill which he vetoed earlier. But the veterans' leaders renewed their determination to fight the veto when the legislature reconvenes Dec. 9.

The only apparent area of agreement between the governor and the veterans was that Viet Nam servicemen should come under the program.

The bill vetoed by Romney would have increased benefits by about \$4.2 million annually. The governor's proposal would cost about \$3.7 million, said State Controller Glenn Allen.

SCALING BENEFITS

Romney said the legislature-approved program did not channel benefits to those most in need. His proposal called for scaling benefits in relation to the amount of a veterans' disability.

At present, disabled veterans, their widows and widows of non-disabled veterans are entitled to property tax exemption on the first \$2,000 state-equalized valuation of their homestead.

The legislature's bill would increase the exemption to \$3,500. Romney's would give widows of non-disabled veterans a \$3,500 exemption. Disabled vets and their widows would get from \$3,000 to \$5,000, depending on the veteran's percentage of disability.

Both sides agreed changes are needed from the 1963 revision of benefits. Prior to 1963, benefits averaged \$106.77, but a change from local valuation to state-equalized valuation in 1963 lowered benefits to an average of \$75.22 and knocked 5,000 beneficiaries off the rolls.

CURRENT PLAN

Romney said the legislature's plan would increase benefits to \$131.65.

Veterans expressed surprise Romney vetoed the bill. The governor asked why they had not contacted him during the year about the question.

Clarence Schumacher, department commander of the Veterans of Foreign Wars, said the leaders were misled by previous actions of their conventions and could only support the legislature's plan.

Apparently only massive vote-switches by Republicans would uphold Romney's veto.

Boniface Maile, lobbyist for the VFW, argued three cents of the cigarette tax had been earmarked for veterans' benefits but was mostly going to the general fund.

Allen said no cigarette tax ever had been so earmarked.

Leadership Conference

Human Relations Unit to Meet

TROY — The Oakland County Human Relations Coordinating Council will hold a leadership conference from 1:30 to 6 p.m. Sunday at St. Stephen's Episcopal Church, 5500 N. Adams.

BURTON GORDIN

For West Bloomfield

Sewage System Eyed

WEST BLOOMFIELD TOWNSHIP — A special session of the Township Board is expected to be called to review plans for a sewage system to serve the northwest quarter of the township.

Supervisor John C. Rehder said the board received the proposal from Oakland County Department of Public Works officials last night but took no action.

DPW director R. J. Alexander presented the plan for the proposed Clinton-Oakland Sewage Disposal System.

At a future meeting, Rehder said he intends to submit to the board an over-all plan that will show the location of sewage lines in relation to the interceptor trunkline.

"I didn't detect any outward opposition to the proposal," said Rehder, "and the board indicated that a special meeting should be held to discuss the plan in depth."

Rehder said the Clinton-Oakland system, which would involve eight communities would serve all the area in the township not served by the Farmington Interceptor.

Other municipalities affected would be the townships of Avon, Pontiac, Waterford, In-

dependence and Orion, and the cities of Pontiac and Orchard Lake.

In mid-November, Alexander said if the communities could agree on a proposed contract in 30 days, work on the project could get under way next summer and be completed a year later.

Rehder said he believed that the DPW was overly optimistic, but that it was possible the township board may make a decision before the deadline.

The system would connect to the Dequindre Interceptor, which the City of Detroit will extend from 14 Mile to 23 1/2 Mile.

Rehder said he believed that the DPW was overly optimistic, but that it was possible the township board may make a decision before the deadline.

The system would connect to the Dequindre Interceptor, which the City of Detroit will extend from 14 Mile to 23 1/2 Mile.

CHRISTMAS SCENE CLOSE-UP—Six-year-old Michael Moran, 250 S. Boulevard, Troy, examines a manger scene to be displayed at a Christmas antique benefit 11 a.m. to 10 p.m. Saturday and Sunday at Avon Community Hall, 1551 Auburn, Avon Township.

Christmas scene is made from an antique hay rake. Antique dealers will display furniture, glassware, dishes and Christmas decorations. Proceeds will go to the Macomb County Humane Society and the Michigan Animal Rescue League.

4-Lane Road to Park Open

To Handle Summer Traffic to Stony Creek

A four-lane divided highway now is open to provide an access route from the Van Dyke Freeway to Stony Creek Metropolitan Park northeast of Rochester.

The highway is a two-mile stretch of 26 Mile, which has been newly paved and widened.

Dedicated in ceremonies held Tuesday, the major access route runs from the Utica bypass section of the Van Dyke Freeway to the park entrance near the junction of Shelby Road.

It is designed to accommodate the heavy traffic to the park on peak summer days.

A federal aid secondary project of the Michigan State Highway Department, the road improvement cost \$650,000.

COST DIVIDED

The federal government paid 50 per cent of the cost, the Macomb County Road Commission 25 per cent and the Huron-Clinton Metropolitan Authority 25 per cent.

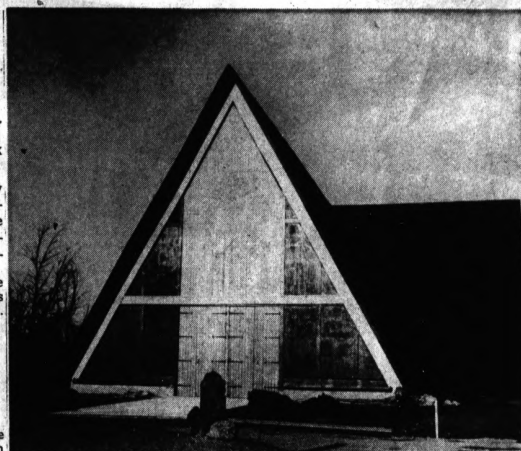

James Clark, Oakland County representative on the seven-member metropolitan authority board of commissioners, stated that more than 1.5 million persons are expected to visit the park by the end of this year.

This covers an 18-month period from the opening of the park in July of 1964 through this month.

Parents Club Slates Christmas Festival

ORCHARD LAKE — The St. Mary's Monks and Nuns Club will hold a Christmas festival from noon until 8 p.m. Dec. 12 in St. Mary's gymnasium.

There will be a variety of booths, including a bake sale, religious articles and refreshments.

Pontiac Press Photo

READY FOR OPENING — Avon Players officially will open their new A-frame playhouse on Washington Road, Avon Township, tomorrow night with a presentation of "Inherit the Wind." Five performances are scheduled for the first play to be staged in the new building. The play will be given at 8:30 p.m. tomorrow, Saturday and Dec. 9, 10 and 11. General admission tickets are available at the Village Box Office, 100 E. University, Rochester, today and tomorrow and on Dec. 9 and 10 from 10 a.m. to noon and from 3 to 5 p.m.

News of the Area

To Preserve Union Lake

Subdivision Groups Unite

UNION LAKE — Twenty five subdivision associations are uniting to preserve the condition of the lake.

Some 350 persons attended the incorporation meeting of the Union Lake Shores Association at Keith Elementary School.

Officers of the representative association were elected and by-laws and a constitution adopted.

Heading the unit is Milton Dolan, 7825 Locklin, West Bloomfield Township.

Other officers are William S. Maybee, 7010 Willow, vice president; Mrs. Roy Lee, 7845 Locklin, secretary; and Mrs. Louis Sparling, 1560 Furnwall, treasurer, all of West Bloomfield Township.

Groundwork for the association was laid last summer when area residents organized to register complaints with county officials that the water level of the lake was dropping.

Each subdivision will have a representative in the association. The next meeting of the full board will be held Jan. 12.

Village President Resigns in Holly

HOLLY — John F. Oldani, nearing the end of his fourth year as village president, has resigned his post.

Oldani, an engineer, has accepted a position in Dallas, Tex. and will be moving there.

Councilman Lot Everly has been named to serve the remaining four months in the president's term. Dr. James Greig, 216 Park, will fill the council vacancy.

Oldani, who was a councilman for a year before becoming village president, and Everly, a councilman for three years, ran on the Citizens party ticket here. The two terms expire in March.

Holly Teachers to Hear Union Representative

HOLLY—Local teachers Monday night will hear about the position of Teachers in the relationship between school boards and their employees.

Mrs. Mary Ellen Riordan, Detroit Federation of Teachers president, will speak to Holly School District teachers at a 7:30 p.m. meeting in the high school library.

Aim of the program is to give Holly teachers background information for the current discussion about the choice of bargaining agents for teachers.

Mrs. Riordan's appearance here was arranged by a group of teachers who also plan to schedule a talk by a Michigan Education Association spokesman.

Mrs. Arnold L. Brown of Orchard Lake (left) takes a closer look at one of the characters in the miniature stage setting of "Faust." Her luncheon hostess, Mrs. Lynn Townsend of Island Lake, and Mrs. James W. Gell of Wishbone Drive (seated) agree on its authenticity. The Wednesday luncheon brought together chairmen of the Detroit Grand Opera Association.

Judge Talks to Auxiliary at Luncheon

Circuit Court Judge William J. Beer spoke on "Family Relations" before the Oakland County Bar Association Auxiliary, Wednesday, in Devon Gables.

A social hour in the Oriental Room, welcoming new members, preceded the auxiliary's first luncheon and business meeting of the year.

Mrs. A. M. BeGole of Birmingham and Mrs. Richard Kuhn were in charge of the hospitality committee.

A special committee has been authorized to investigate areas of juvenile activity in Oakland County where members can volunteer their services. Mrs. Tom Reese is chairman.

Cranes Speak Recent Vows in the East

St. Stephen Catholic Church, Oil City, Pa., was the setting for the recent marriage of Judith Charlene Jetter to Gerald Stirling Crane, son of the Robert Cranes of Green Lake.

Attending their sister at the nuptial Mass were Peggy, Martha and Joyce Jetter. They are the daughters of the Charles Jettors of Oil City.

Clark Hall of Detroit was best man. Ushers included Larry Crane and Charles Jetter, brothers of the bride couple.

The newlyweds will reside in Berkeley after a honeymoon in New York City.

Dinner Dance

Mr. and Mrs. Harold A. Fitzgerald of Ottawa Drive, entertained a group of friends at a dinner dance Wednesday evening in the Bloomfield Hills Country Club.

Don't Anticipate Trouble Before It Even Materializes

By ABIGAIL VAN BUREN

DEAR ABBY: My mother refused to give my husband and me consent to marry, so when I turned 18, we eloped.

We had my father's consent. In fact, he even helped us. My mother still refuses to recognize our marriage. When she writes a card or letter to me she refuses to put "MRS." in front of my name.

She refuses to visit our home when my husband is home, and she won't let him in HER house. She is a very stubborn woman, Abby, but she is my mother just the same, and I still love her.

I am going to have a baby. Would I be justified in refusing to let my mother see the baby until she accepts my husband?

DISTURBED: Why don't you wait until you have

the baby? Perhaps by then she will have recognized your marriage and accepted your husband?

Don't waste your energy trying to solve a problem that doesn't exist. It may never materialize.

DEAR ABBY: If there's anything I can't stand, it's a woman who lies about her age. I wonder what happens to all the years that women subtract from their ages?

DEAR ABBY: Please help me get my brother back. He needs me as much as I need him only he doesn't realize it.

We were very close all our lives until two years ago. Then he married a girl who ran after him for nearly four years. She is not pretty, not smart and she is always sick with something.

My brother told me that her doctor called him in and told him HE would have to make a choice between HER and ME, so he was choosing HER!

He said they are moving out of the state very soon because of HER health. When they go I will take a gun and blow my brains out, and it will be all her fault. Sign this,

A LOVING SISTER

DEAR SISTER: If you had sent me your name and address I would have directed you to the nearest Mental Health Clinic in your area.

I don't know how sick your brother's wife is, but you are sicker. Please tell your story to a doctor — ANY doctor.

DEAR ABBY: If there's anything I can't stand, it's a woman who lies about her age. I wonder what happens to all the years that women subtract from their ages?

HOMO SAPIENS DEAR SAP: Don't worry, they are not lost. They add them to someone else's.

CONFIDENTIAL TO SAMMY: Patience, man. Never cut what you can untie.

Troubled? Write to ABBY in care of The Pontiac Press. For a personal reply, enclose a stamped, self-addressed envelope.

WOMEN'S SECTION

At Mrs. Townsend's Home

Opera Group Lunches

By JEANNE NELSON

Fur trims were much in evidence at Wednesday's Detroit Grand Opera Association's luncheon. Hostess, Mrs. Lynn Townsend was especially attractive in a red sleeveless sheath with the wide band of fur around the hemline.

The real topic of conversation (beside the oh's and ah's about the Townsend's new home) was the authentic-looking scene in the entrance hall depicting Act II, Scene I of "Faust."

Mrs. Richard Baird and Mrs. Francis Cogsdill arranged for the puppets to be made in New York but they designed and made all the costumes.

Their husbands designed and made the set, complete with lighting.

Island Lake, where the Townsend home is located, was a ripple of blue and white waves

as visitors arrived at the contemporary yellow brick home designed by Alden Dow of Midland.

The luncheon took place in the recreation area on the lower level. It overlooks the lake at one angle and a glass enclosed swimming pool (complete with fireplace) from another.

ANNOUNCE OVERTURES

One high point of the afternoon was the announcing of the "Overture to Opera" programs and their dates by Dr. David DiChiera.

The first will be a matinee and evening performance on Feb. 4 at Rackham Memorial Building.

To date, Pontiac is slated for two of these overture programs with Mrs. Sam Williams of Hammond Lake singing the lead parts.

Recently, the Pontiac area opera committee joined with the Birmingham-Bloomfield group and the two will be working together henceforth.

Mrs. Arnold L. Brown is the new chairman of the Pontiac segment with Mrs. James W. Gell as cochairman.

Others from the area on the committee include Mrs. Harold A. Fitzgerald, and Mrs. Harold Furlong.

The list continues with Mrs. Melvin Eller, Mrs. Ferdinand Gaensbauer, Mrs. James Howlett, and Mrs. Martin Kabcenell.

Still others are Mrs. George Putnam, Mrs. Newton Skillman, Mrs. Maxwell Shadley, Mrs. Robert Turpin, Hortense Riddick, Mrs. William Asher, Mrs. Arthur Young and Mrs. Alphonse Zujko.

The real scene-stealers at Wednesday's Grand Opera Association luncheon were these miniature characters from "Faust." Made from wood with movable joints, and papier-mache heads, these tiny replicas were dressed by Mrs. Francis

Cogsdill of Birmingham (left) and Mrs. Richard Baird of Robinhood Circle. The women designed and made the costumes following every detail of the original costumes.

Mrs. Elliott Leads Group

Mrs. Ross Elliott was leader at the Wednesday afternoon meeting of the Junior Women's Association for the Masonic Temple on East Lawrence.

The demonstration group included Mrs. Lester Oles, Mrs. Ervin Christie, Mrs. Fred Goines, Mrs. E. M. Evans, Mrs. Vernon Jeans, Mrs. Charles Crawford and Mrs. Paul Gorman.

Newly-elected permanent parliamentarian, replacing Mrs. Joseph Panter who has left the area, is Mrs. Lee Hill.

'65 'Christmas Walk' to Benefit Symphony

By SIGNE KARLSTROM

The Junior Women's Association for the Detroit Symphony Orchestra invites their members and friends to the 1965 Christmas Walk on Dec. 10 for the benefit of the orchestra maintenance fund.

In this area, seven homes will be open from 1:00 p.m. to 5:00 p.m.

At the home of Mr. and Mrs. Robert B. Aikens, there will be a tree in their formal living room and in their family room, a second tree reminding every-

one of an old-fashioned tree in its decorations. Here, Mrs. John Bower will be the hostess.

In the Gordon E. Areen home there will be music, perhaps, by their daughter who plays the harp. Mrs. Charles T. Grissom is in charge.

Music is also promised at the Max Fruhauf's new home on Lowell Court where Mrs. Henry Whiting Jr. will be in charge.

ORGAN MUSIC

At the F. W. Misch home on Cranbrook Court, the decor will be Oriental. An organist playing carols will add to the festivity of Christmas. Mrs. Robert Winter will be hostess.

The Elwood P. Engels who recently moved to their beautiful home on Lons Pine Road will welcome guests and Mrs. Robert Dewar will be in charge of hostesses.

At the Robert G. Wild home on Vaughn Road, Mrs. Robert T. Reason will be in charge and at the junior Bernard P. Costello, Mrs. Douglas Dameron will greet arrivals.

TICKET CHAIRMEN

Mesdames Richard Femmel and John F. Shantz are in charge of tickets for the Christmas Walk.

Other members taking a leading role in this project are Mesdames James S. Morgan, John A. Twomey, Richard B. Wehrman and Terrell Thomas.

Name Three as Advisers

Three area residents are among 17 women named to the newly-created Advisory Committee for Education of Women of the Applied Management and Technology Center, Wayne State University.

They are: Priscilla Jackson of Oakland University; Nellie M. Knorr, Knorr Broadcasting Corp.; and M. Virginia Sink, Chrysler Corporation.

The committee's function is to make women in the Detroit area aware of the type of education available at the center, to review and to evaluate courses and to make recommendations.

The Philip E. Rowstons of Spokane Drive announce the engagement of their daughter Elizabeth Ann to Alvin Harold Cischke, son of Mr. and Mrs. Harold R. Cischke of Harper Woods. She attends Olivet College.

ELIZABETH ANN ROWSTON

JUDITH ANN LEMBKE

Pontiac Press Photo

Previewing some of the items to be sold at the bazaar in St. Stephen's Lutheran Church on Sashabaw Road are (from left) Mrs. Charles G. Burgin, Bender Street and Mrs. William A. Innis of Clarkston. Date is Saturday; time—1 to 7 p.m. Open to the public.

Guild Plans Bazaar

The Ladies Guild of St. Stephen Lutheran Church will sponsor a bazaar from 1 to 7 p.m. Saturday in the church.

Cochairmen for the event are Mrs. William Innis and Mrs. Gerald Mielke.

Other committee chairmen are Mrs. Charles Burgin, Mrs. Robert Melke, Mrs. Eugene Meyerhofer, Mrs. George Becker, and Mrs. Neldren Paul.

More include Mrs. Charles Meyka, Mrs. Dale Evanson, Mrs. Herman Reppuhn and Mrs. John Sauter.

A hot luncheon will be served continually under the direction of Mrs. Clayton

Ross and Mrs. Edward Schlereth.

Slate Auction for Sorority

A "Hobby Auction" will be held by members of the Alpha Chi Omega, North Woodward Alumnae group 1 when they meet Tuesday at 8 p.m. in the Forbes Drive home of Mrs. Charles Low.

Handmade Christmas decorations, candies, jellies and such will be presented by auctioneer, Mrs. John Harnett.

Assisting Mrs. Harnett will be Mrs. W. W. Birchard, Mrs. Chester Bobel and Mrs. Michael Kelly.

Those wishing more information may call Mrs. Kelly of Birmingham or Mrs. Richard Souder also of Birmingham.

Why Grow Old?

By JOSEPHINE LOWMAN

The winter season is upon us and if we are to weather it with soft hands and smooth heels we will have to begin preventive measures now. A few simple techniques can make all the difference!

• Of course wear gloves whenever you go outdoors even if the occasion does not necessarily call for them and the weather is not really severe.

• Wear rubber, cotton-lined gloves, when your hands are in hot water for dishwashing.

• Always apply a good hand lotion immediately after washing the hands. Massage a lotion or cream into the skin before going to sleep at night.

• A few nights a week, or at least once a week, sleep with cotton gloves on after applying a hand cream.

EXTRA CARE

Many women find that they need a cuticle oil or cream during winter months even when they do not during milder seasons.

• Heels are certain to become rough without regular care. Use a rough washcloth or a medium-hard bath brush on the heels when you bathe after soaking for a while. When the skin is soft you can rub off much of the dead epidermis.

• Before going to sleep at night massage a cream or oil

into the heels and around the toenails. It's a good idea to keep cream or oil by your bedside table and also in your bathroom.

Often we fail in small beauty routines because the equipment or products necessary are not conveniently at hand.

• At least twice a week sleep with a pair of the little heel covers after massaging cream into the heels.

• Do not keep galoshes and rubbers on when in the house. This causes the feet to perspire and may lead to irritation of the skin.

If you would like to have my exercises for the feet send a stamped, self-addressed envelope with your request for it to Josephine Lowman in care of The Pontiac Press.

These Four Are Initiated

Mrs. Paul Lowry of West Huron Street was hostess for a meeting of Delta chapter, Beta Theta Phi sorority on Wednesday.

Initiated into the chapter were Mrs. Kenneth Nothart, Diane Gern, Sue Foster and Lauretta Gurdziel.

The group plans to aid a needy area family as a part of the annual Christmas project.

To measure the shoulder seam correctly, draw a line from the bone at the top of the arm along the highest point of the shoulder to the neckline.

Stocking Stuffer

Cut a length off the leg of an old nylon hose. Sew up one end and stuff with the other old nylon hose and sew up the other end. You now have a cloth that you can use many times in cleaning around the house. It's easily washed and quickly dried.

Face Debts or Matters Will Get Worse

By MARY FEELEY
Consultant in Money Management

Dear Miss Feeley:
After seven months of marriage, we are in debt.

My husband handles the money, and I do not know when, were or how the money is spent. All I know is that our rent is \$130 a month; that we pay \$13 a month for utilities; \$7 a month for the telephone; and that we have car payments of \$83 a month.

My husband earns approximately \$9,000 a year. Would you work out a budget for us?

E. F., Riverdale, N.Y.

Dear E. F.:

Unless you and your husband are willing to get together on money right now, you're headed straight for the rocks. Don't let it happen. There will be many things in your life you can't control. But at this point, with an income of \$9,000 a year, your marriage should be off to a pretty good financial start.

Unless you have some substantial debts which you don't mention in your letter, you can control your living expenses.

Keep in mind that a \$9,000 annual income is not the income you actually have to live on. After taxes, your husband's take-home pay may be nearer \$7,500. Set your budget up on his take-home pay. Pin him down as to exactly how much money you have to deal with.

Of course, you shouldn't have to pin him down. He should insist that you know what his income is. A loving wife's conscience is one of the finest buffers a man can have to keep him from running into debt.

After you sell him on that point — and do your darndest — set your budget up on some practical rules of sound money management:

Keep your basic expenses —

food, clothing, and rent — under 50 per cent of your take-home income. Figure it by the week or month to start with, as it's easier than trying to figure by the year.

One rule of thumb where housing is concerned is to make sure it doesn't exceed one week's take-home pay.

A young couple should be able to eat quite well on \$20 a week, assuming you're a fair cook and shopper, and eat at home most of the time.

Allow from 5 to 15 per cent of the take-home income for savings. Since you've been married for only seven months, you both probably have adequate wardrobes, so for the next year you could allow 8 per cent of your income for clothing. That's the logical minimum, but later on, when the trousseau has become threadbare, the cost of

clothing will go up to 10 or 15 per cent of your take-home pay.

It will probably take about \$40 a month to operate your car, in addition to the monthly payments for the car itself. You may have to consider this part of your recreation expenses, in order to keep your savings intact.

Other items you'll have to put down on paper while you're working out your budget are: utilities; medical costs; gifts; contributions (and don't think these don't mount up during the year); a vacation fund; personal allowances — your husband's lunches, haircuts, newspapers, incidentals — and may be your hair-do and pin curlers.

To sum it up: If you have that sickening feeling that you're going into debt, now's that time to take your medicine.

(For Mary Feeley's new booklet, "Make Every Dollar Count," send \$1 to Dollar Book in care of The Pontiac Press.)

Fitful Sleep Often Gives Mom Blues

NEW YORK — One of the reasons women feel blue in the morning is that they haven't slept during the night "listening for baby." Men, on the other hand, sleep while baby cries, but have little trouble getting up when they want to, according to The Insider's Newsletter.

Researchers at Duke University Medical Center and the Durham (N.C.) Veterans Administration have found that fitful, easily interrupted sleep is one of the most significant conditions accompanying depressive disorders which occur twice as frequently among women as among men.

They say that the difference in frequency may be connected with the motherly instinct which causes women to sleep with "one ear open for baby's cries."

In a series of tests conducted by the researchers, normal, healthy subjects were subjected to various types of noises as they slept, including a baby's cry. At every level of sleep, a significantly higher number of women than men were aroused by the noises.

NECESSITY

The investigators said the hyperactive arousal system of women is a necessity of life in the mothering role and is probably related to differences in the system of female hormones and enzymes or to differences in the nervous system.

They added that motivation has a lot to do with whether a person will awaken to certain noises. This may explain why men have little trouble waking for an early golf game, but hear nothing when baby cries.

A family dinner and open house Sunday will honor Mr. and Mrs. Cleveland R. Vincent of Meadow Street on the occasion of their 50th wedding anniversary. The couple has five children all of whom are hosting the affair in the West Walton Boulevard home of Mrs. Glen Hasting. They are Charles, Tullio, Mrs. Hasting, Eugene and Chester. The couple who was wed Dec. 7, 1915 in Lake City, Ark., have 13 grandchildren and two great-grandchildren.

It's Long Time Since Many of Us Were 18

By RUTH MILLETT
Newspaper Enterprise Assn.

It's going to be mighty depressing this fall and winter for any woman to be over 18.

No one any older can really get away with the styles that Paris has dreamed up for women.

Skirts so short that some dresses look like extra-long blouses. Space boots with purple or tomato red textured stockings. Little girl dresses that copy fashions first dreamed up for six-year-olds just starting to school-in women's sizes, yet.

For a grown woman to thumb through a fashion magazine these days is ego shattering.

If she lets herself think,

"How would I look in that?" about most of the styles she sees she is bound to think it is time she retired from the world of fashion.

Clothes are described as "mad, mad, mad" by the fashion writers.

And that's exactly how they make any woman over 18 look if she ventures to step out in them—mad as a March hare.

Just look at any woman pushing 30 or 40 or 50 in a little girl dress above her knees when she stands up and way, way above the knees when she sits down—and it's a sad sight.

For nothing makes a woman look older than wearing clothes suitable only for the very, very young.

Polly's Pointers

Rainy Day Bank

DEAR POLLY — We keep a separate bank for unexpected expenses. This money is ready if Johnny breaks his glasses or Mary loses her pen.

Each member of the family contributes to the bank according to salary or allowance and if the money grows beyond a certain amount the extra is used for a family treat. This makes children as well as adults more careful with their possessions.

The children tend to remind one another, so the fund does not have to be used for avoidable losses and there is more chance for a treat.—MRS. J. M.

DEAR POLLY — When my husband and I exchanged cars there was a confusion as to which key was which. He has a yellow car and mine is blue. I painted the top of each car key with color to match the car to avoid confusion.—MRS. S. S.

DEAR POLLY — My husband's grandmother lost her voice at 90 but otherwise was in good health. She was forced to write notes and we hit on the idea of keeping magic slates on hand.

We write on them with a wooden pencil and erase the message by lifting the top sheet.

—HARRIET
DEAR POLLY — Perhaps some of the girls are thinking of special place mats or tablecloths to use on Christmas tables.

I use crayons to draw de-

sired designs and then press with a warm iron after the cloth with the design is placed between two paper towels. The edges of rectangular mats or cloths can be fringed.

—LOUISE

DEAR POLLY — The time is here for washing curtains and draperies so they are spotless for the coming holidays. For easy ironing use a folding picnic table covered with two double blankets. I lay the curtains flat, attach an extension cord and walk around the table and iron without moving the curtains. They come off straight and smooth.—MRS. A. G.

GIRLS — I would cover the blankets with a sheet so there would be no danger of scorching good blankets. Accidents can happen no matter how careful we may be.—POLLY

Let It Drip Dry

When laundering corduroy, do not wring or squeeze dry. Instead, let it drip dry in a warm, breezy place and brush the nap lightly while drying. Press lightly with a steam iron.

The median family income rose to \$6,500 last year from \$6,200 in 1963, the Census Bureau reports. Last year's median was 117 per cent higher than the \$3,000 of 1947.

Pillows make a nice Christmas gift. Today's variety should please everyone. Materials include silk, velveteen, linen, felt, rayon and Mexican cotton. For trim, you may

choose ribbon, Schiffr or wool embroidery, or appliques. Prices of these Nettle Creek pillows range from \$4.95 up. Can be ordered locally.

Choose, Place Carefully

Pillows Create Dramatic Look

Pillows are like costume jewelry. Like pearls with basic black, they dress up a room. They accent and dramatize, add excitement and color.

Who says so? Pete Cano says so, and Mr. Cano knows, because not only does he decorate with pillows, he also — as stylist for Nettle Creek Industries — designs them.

Cano believes in using lots of pillows on sofas and beds. Most people use too few, he contends, and they simply look lost.

For sofas, he suggests a duplicate arrangement at either end in a formal room; an asymmetric balance in an informal setting. If you like understated interiors, let the color scheme of the pillows be monochromatic; for a more dramatic effect, use sharp, close-keyed colors.

MORE THAN ONE

On a love seat or in a chair, use several small pillows rather than a single large pillow. Or use a small bolster at either end of a loveseat.

On a bed, pillows should be arranged mathematically, not tossed casually. Use great quantities of shapes, colors, sizes and textures, building from large squares at the back to small round pillows in front, so you can see all of them.

In selecting as well as in designing pillows, Mr. Cano points out that there are lots of elements one must consider, such as:

• Shape — Shall pillows be round, oblong, cylindrical or square?

• Size — The most popular size in a square pillow, for example, is 13 inches. But numerous other sizes are available, from 11-inch miniatures to big 24-inch cushions to sit on.

• Styles include knife-edge and well-edge pillows, picture frames, and pillows with buttons, pompons or tassels. Bolsters are of two types, either flat or cylindrical.

• Fabrics range from silks and taffetas to felts and cot-

tons, plus velveteens, linens, wools, leathers, vinyls and furs.

• Colors are almost as numerous as all of the other elements put together! Among the most popular currently are avocado, brass, cerise, walnut, flame, asparagus, melon, terra cotta and turquoise.

• Trimming is largely dictated by a pillow's basic fabric, and may be braid, ribbon, embroidery, fringe, applique, pompons, tassels — or even a couple of these in combination.

When buying pillows, Cano advises "trying them on" — that is, working out their arrangement on a surface similar to the one on which they'll be used in your home. Then you can be sure the shapes, sizes, styles, fabrics, colors, trimmings and patterns are just what you want!

The Smithsonian Institution in Washington, D.C., world's largest museum, attracts 14 million visitors a year.

Tells About Work Flow in Kitchen

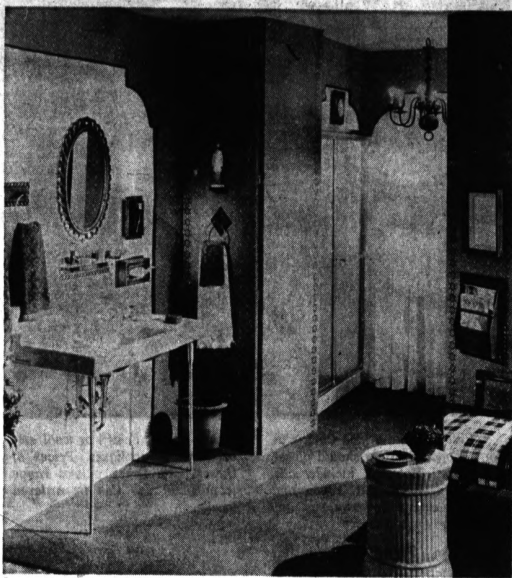

Department of Information Services
Michigan State University
EAST LANSING — Is your kitchen stealing your life away?

The homemaker who feels her kitchen tasks are taking too much of her time and energy, might steal a few ideas from the Seventh Commercial Kitchen Planning Seminar, held recently at Michigan State University.

CONSIDER MENU
Kitchen equipment should be selected to suit the menu to be prepared, counseled Gladys Knight, commercial kitchen planning authority with the MSU School of Hotel, Restaurant and Institutional Management.

The kitchen should be planned around what it is to produce, she continued. It should operate like a factory assembly line, she said, with the materials going in at one end and the prepared food coming out the other.

The George J. Kilians of Virgie Lane, West Bloomfield Township, announce the engagement of their daughter Carol Ann to Aaron L. Martinez, son of Mr. and Mrs. Antonio G. Martinez of Scottwood Avenue. Both attended Michigan Christian College and the future bridegroom is a senior at Oklahoma Christian College, Oklahoma City.

Bathrooms can join the rest of the house in a unified decorating theme. Above, a spare room becomes a warm and welcoming place with a Country French look. The mirror, clock, magazine rack, towel

holders and toilette necessities are by Syroco. The folding screens are covered in the same banding print wallpaper as the plywood arches over sink, shower and window. Syroco items available locally.

Of the 90,935 active civil air-report, 2,193 belonged to airlines; 88,742 were listed as general aviation craft. The 1964 statistical era aviation craft.

Some Travel and Some Pledge

Collegiate Happenings

Mary Jean Thornton, daughter of Mr. and Mrs. Aden Thornton, Crocus Street, left Nov. 27 for Salzburg, Austria. A junior at Alderson-Broadbent College, Philippi, W. Va., Mary is one of the first group of 21 students participating in the college's new Off-Campus Education Program.

While in Salzburg, they will take classes relative to that country. They will return home March 1.

U OF D

Roger L. Smith of Gregory Street has been pledged to Delta Sigma Pi, Gamma Rho Chapter, professional and business fraternity at the University of Detroit.

Ursuline Academy, Cincinnati, Ohio was host to a University of Detroit Journalism "trainshop" last weekend.

Betty Crawford was chosen by Rev. James Magner, S.J., department chairman, to teach feature writing. She is the daughter of the Emil J. Javorskis of Stanley Avenue.

Joseph Slowik, son of Dr. and Mrs. Stanley L. Slowik, North Squirrel Road, Auburn Heights, is a member of the University of Detroit Chorus which will perform for Madrigal dinners in the U-D student union ballroom Saturday and Sunday and Dec. 11 and 12. A junior in the college of arts and sciences majoring in radio and television, Slowik is

business manager of the chorus.

CMU

Douglas Stranahan of Fremont Street, Central Michigan University junior, and Walt Dawson of Birmingham, sophomore, were among CMU students participating in the recent Bradley Speech Tournament, the nation's largest college speech contest.

Dawson was on the winning debate team, and Stranahan was cited for extemporaneous speaking during the competition in which Central for the fifth straight year won a first-

place trophy for individual events.

Colleen Corpron, daughter of Mr. and Mrs. Victor Corpron, Marie Circle, has been accepted by Alpha Tau Chapter, Delta Psi Kappa, national physical education fraternity.

MERCY COLLEGE

Two area students are in the cast of "The Play of Daniel," a Thirteenth Century musical drama, to be presented Dec. 9-12 by Mercy College of Detroit.

Players are Susan Bateman of St. Jude Court and Dan McClellan, Bloomfield Hills.

Double-Take for Doubles

BUFFALO, N.Y. (AP) — Passengers of American Airlines at Greater Buffalo International Airport are a bit confused these days, now that 20-year-old identical twins are working as passenger service representatives for the company.

Old-Fashioned Fare

For cool weather fare a warm Corn Pudding hits the spot. Cook finely chopped onion and celery in butter. When tender, combine with a can condensed cream of mushroom soup, 4 beaten eggs and a 1-pound 1-ounce can of cream-style corn. Season with pepper and pour into a buttered shallow casserole. Bake in a moderate oven (375 degrees) 45 minutes until set. Carry it to the table warm-from-the-oven. Six servings.

Most of the time Jean and Joan Hartnett are on different shifts, and frequent travelers who don't know there are two of them often ask "Don't you ever go home?"

But the mistaken identity situation can be even stranger when they occasionally are on duty together.

"Once," explains Joan, "I was helping a man get a seat on a flight and when I left him

Baker's

Pontiac Mall Shopping Center

SEW SIMPLE

By Eunice Farmer

Dear Eunice:

I just love the new skirts with more ease in the front. My favorites are the ones with a center front panel, slightly gathered in the center front panel only. But why, oh why, do the skirts always have those pockets at the front? My stomach, as well as most women's, doesn't need emphasizing!

Mrs. B. G.

Dear Mrs. B. G.:

I, too, love the new skirt styles, with the extra ease for comfort as well as appearance. The pockets probably would look well only on a very thin figure. You would need plenty of ease in the skirt or they would bulge out in front when you sit down. This type of skirt would be just as attractive if the pockets were eliminated. Stitch on the seamline, continuously from the hem to the waist.

TAILOR TRIX WINNER

"When sewing with nylon thread, remove the little felt pad under the spool on the spool holder. This will keep the thread from unwinding too fast as you sew and prevent tangles and broken thread—as well as frayed nerves.

This week's Tailor Trix pressing board award goes to Mrs. W. D. Reilly, Chicopee Falls, Mass., for this suggestion.

Dear Eunice Farmer:

I just love to sew, but fitting is my biggest headache. My nearest neighbor lives miles away and my husband just doesn't understand how to help me! You have discussed many products in your column in order to guide us. What is your opinion of a dress form?

Mrs. M. M. C.

Dear Mrs. M. M. C.:

I am convinced that even more women would sew if they could fit themselves. (Over 60,000,000 are now sewing in the U. S. and struggling with this problem.)

As I told you before, I do not approve of the rigid type forms, they may give you the correct measurements, but they do not give you the correct body contour, and their firmness makes it impossible to complete a garment and still try it on.

I am happy to tell you that at last there is a new type dress form that seems to be the answer for all of us. It is made of foam plastic (not rubber), which is durable and will not deteriorate. A heavy poplin cover is actually fitted very snugly to your body and then zipped over the form. Every curve will be identical and the length of bodice will be right. You can pin it, the shoulders are soft. You can steam press on it and, best of all, if you gain or lose weight, just remove the cover and take it in or let it out. I know I sound like I'm on a bandwagon, and I really am! It works!

KNIT NOTES

If the crocheted edge of a sweater curls over, it is probably due to using a lighter weight yarn for the edge than you did for the sweater. It can be corrected by adding several more rows of crochet to the edge or by slip-stitching a piece of grosgrain ribbon to the wrong side of the sweater front for more body.

A July wedding is being planned by Vicki St. Dennis, daughter of Mr. and Mrs. Delore St. Dennis of Lakeside Street and Airman 2 C. Gilbert Joseph Hoffman Jr., son of the Gilbert J. Hoffmans of Edison Street. Her fiance, Scott AFB, Columbus, Ohio, attends classes at Ohio State University.

Personalize Yule Letter

Here's an idea for a personalized Christmas letter to send special friends.

The National Cotton Council suggests that you decorate plain white fold-over stationery with colorful red and green cotton rickrack.

Use the narrow size, gluing the trim in alternating red and green bands around the front of the note paper.

Or you might arrange the rickrack in letters to form a "Merry Christmas" message on the front of the stationery.

COLORED INK

Write your letter inside the decorated note paper in red or green ink.

The ratio of land value to the sales price of an average house is 19.7 per cent, according to the Federal Housing Administration.

Sex and the College Student—2

Final Decision Is Always Up to Student

By MURIEL LAWRENCE

What is a college's moral responsibility toward students in this controversial matter of "Should it or should it not sanction student's sex experience?"

I asked this question of a person whose thinking I like — Mary S. Calderone, M.D., M.P.H., former medical director of the Planned Parenthood Federation and now executive director of the Sex Information and Education Council of the United States.

"The college's moral responsibility is to require students to make their own sex decisions," she said.

"College authorities interfere with young people's obligation to struggle through to their own sex decisions, both by forbidding sex experience and by cooperating with it.

"To forbid it is to deprive the young person of the lonely, unsupported, inwardly balancing labor of deciding for or against it.

"By sanctioning it, the young person is also deprived of the decision struggle. In both cases, the decision is made by the college authorities."

"That's fine with me," I said. "Now I want to know what you have in your mind for students who make the decision for unmarried sex experience."

Where are they to get contraceptive assistance? Because neither of us approve of colleges sanctioning their decision, it follows that neither of us can approve colleges' provision of contraceptive assistance. Where then are they to find it?"

"The names of physicians competent to give birth control counsel should be posted on college bulletin boards," said Dr. Calderone. "The college's obligation ends with making this information available. The decision to use the information must be clearly understood to be the students' responsibility."

"What you're saying," I added, "is that making it clear that the decision belongs to the young person, we also make it clear that its consequences are his."

Otherwise, he gets the notion that we can somehow protect him against those possibly painful consequences.

The truth is that with all the good will in the world and all the experience its consequences."

"That's about it," said Dr. Calderone.

If this view offends you, please write and tell me so that I can elaborate on my reasons for holding it.

Cookie Cutters Help You Decorate Cake

To decorate a large sheet cake for Christmas, use a Christmas tree cookie cutter and press lightly here and there in fluffy white icing. Fill in the outlines with icing that has been tinted green.

A Santa Claus cutter may be used on a chocolate cake and the outline filled in with appropriate red and white frosting.

Cowardly Cat Can't Complain, Can He?

By PATRICIA MCCORMACK (UPI)—Blame it on a sonic boom. Blame what? Blame, that is, the extent to which I am out of sorts with types believing in kindness to animals—over and beyond the call of duty, that is.

The sonic boom, which happened recently at our homefront, caught a cowardly cat unaware as he chased a field mouse or some other beastie in our yard.

After the boom, the cat meowed—and yelled and screamed. Then he leaped into our cellar and made torture-chamber noises all night.

Emergency Brings Out Ingenuity

Necessity was certainly the mother of invention during the now famous big blackout. While a great mass of people groped about banging shins and burning fingers, a discovery was made.

With not a candle to be found anywhere, some resourceful young secretaries on the 11th floor of a darkened New York skyscraper calmly put two of their company's products together and invented an instant homemade candle that burned throughout the dark night.

The products that saved the day were two familiar household regulars. When the chips were down—or rather, the lights were out—what did the girls do?

They stuck a "Q-Tips" cotton swab into a jar of "Vaseline" petroleum jelly, struck a match and VOILA!—light. And, this funny looking little charmer with more appeal than an old Chianti bottle saved the night.

Just think. The ingredients for a compact and charming little emergency lamp are right in the medicine cabinet.

Food, he ignored. For a whole week, he tore the air with his terrible noises.

To make matters worse, he huddled near the furnace and all his yappings came up through every room of the house via the heat pipes.

Now, believe you me, a week's worth of this kind of noise 'round the clock is enough to put you in prime shape for the men in white coats.

Civilized types, we eventually helped the feline to conquer his fears and coaxed him out of his hiding place with plates full of vitamin-enriched kitty food.

He no sooner got on the doorstep than he sprang into the house and proceeded to take it over. That, despite a 60 pound dog who makes like a tornado when a stranger—even a cat—crosses the doorstep.

What puts me out of sorts with humane-society types is the way the dog chases the cat—and the reverse. They

make a worse whirlpool than a dog chasing his tail.

At night they take turns trying to leap into beds. The occupants of the once happy homestead spend their nights pushing the unwanted onto the floor.

The cat, as I say, is the straw that breaks the camel's back when it comes to being kind to animals.

Through the years, we were patient about other little excursions into our life by animals, birds and bees.

I am sure the humane society would agree that we demonstrated ultra kindness to the animals, birds and bees when:

• The pup in our house had colic and we took turns through the night cuddling and burping him, between feedings.

• We fought the urge to kill when moles ripped up the petunia patch to get moisture from the roots during a drought.

• We failed to take a pot-shot at the squirrels who took

the lid off the bird feeding station and consumed all the food.

• We didn't beat off the blue jays who dug into our front door with their claws so their beaks could make clean pick-ins of the dried corn we had hung on the door in the spirit of the autumn harvest.

• We let the mother bird take care of her young when she hatched her eggs in the bassinet stored in the garage.

• We didn't disturb the bees who made hives in an abandoned car in our driveway.

• We almost got to like the raccoon who tried to break into the French doors on the sundeck outside our bedroom.

• We didn't press charges against the pig who pressed a door of our car as we were driving through Georgia.

The proof? Positive. We have tried to be good friends to animals and other helpless types.

But this cat, the flurry aftermath of a sonic boom, makes it all seem in vain.

The puss will have to get the boot.

Or else we'll have to add "bats in the belfry" to our zoo.

Early February vows are planned by Cynthia Amberg, daughter of the Norman R. Ambergs of Spruce Drive, and Robert J. Mooney, son of the James S. Mooneys of Cambourne Place, West Bloomfield Township. She attended Central Michigan University where her fiance is in his junior year.

Fabrics Coming Up Bonded

Bonded fabrics are making fashion news this year, the National Cotton Council reports.

There's a practical reason. Stylish A-line and slimmer fashions need underlinings in order to keep their easy-fitting shapes. New bonded fabrics come with underlinings already attached. The fabric is fused to a special knit or woven backing, or it's laminated to a thin layer of foam.

The bonding process makes it possible to extend the uses of such open-weave fabrics as cotton lace. Bonded lace is sturdy enough to be fashioned into flared theatre coats or easy-fitting evening suits.

COTTON KNIT
Cotton knit is another popular bonded fabric available in both ready-to-wear and piece goods. Two favorite patterns bonded cotton knits are a heringbone design and a hounds-tooth check.

Odds and Ends—unique quality!

New Law Crimps Rum Runs to Mexico

NUEVO LAREDO, Mexico (AP) — A new U.S. customs law is putting a big crimp in the "rum run" and other buying services because a family could take one back with no problem. Now I've got only one."

No longer can a tourist casually cross into Mexico, buy a gallon of rum, tequila or brandy at \$1 to \$2 a quart, and drive home to fill his liquor cabinet.

Some Mexican liquor merchants say their business has dropped 50 per cent since the new regulations went into effect Oct. 1. A jewelry store in Nuevo Laredo reports a loss of 30 per cent in trade.

The new law, advocated by President Johnson to help stem the gold outflow, limits duty-free imports of liquor to one quart per person every 30 days. Formerly, residents of most states could take back four duty-free quarts each month.

40 PER CENT CUT

The law also reduces from \$100 retail value the amount of merchandise a tourist can bring back every 30 days from south of the border. This amounts to a cut of about 40 per cent.

"I'm not a guy who cries," says Russell Deutsch, owner of a quality specialty shop not far

across the International Bridge in Nuevo Laredo. "We still do tax of 44 cents a quart, but business boomed, since quality rum sold for \$1.75 a quart, excellent for \$1.25 a quart, and \$2.25 a fifth."

At Tijuana, across the California border, the new law has had little effect. The liquor business never did prosper there because California law prohibited state residents from bringing back any liquor from Mexico, and out-of-state tourists did not create an exceptional amount of business.

Nevertheless, most liquor stores in Tijuana have posted large signs outlining the new regulations so customers won't get in trouble at the border.

Raul Melguizo, owner of Las Dos Republicas bar in Matamoros, across the border from Brownsville, Tex., laments that the new law will have repercussions far beyond the border.

CUT IN HALF

It was estimated that about 4,000 gallons of Mexican liquor cleared the Nogales, Ariz., port of entry on a busy weekend. Now the traffic is estimated at half that amount.

At Texas border points, out-of-state residents formerly were allowed to bring back a gallon of liquor every 30 days, while Texans were restricted to a

The Tourism Department of the Mexican government says it plans no immediate action as a result of the law, and there appears to be no serious adverse effects in the interior of the country. The growing tourist business seems to be offsetting any loss in business along the border.

Policeman's Killing Ruled 'Excusable'

DETROIT (AP) — The fatal

shooting of an armed off-duty private guard by a rookie Detroit police officer last Saturday was ruled excusable homicide Wednesday by Wayne County Prosecutor Samuel H. Olsen.

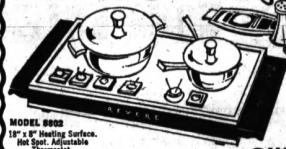

Olsen said Patrolman Howard Allen, 21, acted in self-defense when he killed Willard Redding, 46, in a Detroit laundry. Allen said Redding pointed a pistol at him when he tried to arrest the man for carrying a concealed weapon.

Allen remains off duty pending an investigation by the police Board of Inquiry.

CHURCH DESTROYED — Firemen battle flames that destroyed the 60-year-old Episcopal Church of St. Matthew and St. Timothy in New York City yesterday. The church roof collapsed and fire spread to a nine-story apartment house next door. Six persons were injured.

People in the News

By The Associated Press
Secretary of State Dean Rusk and comedian Bob Hope were presented "Splendid American" awards by the Thomas A. Dooley Foundation last night, in New York City for their exemplification of the ideals of America to the peoples of the world, particularly to Southeast Asia.

The foundation is named for the late Dr. Dooley, who operated a hospital in Southeast Asia for years. Rusk's award was accepted for him by James Roosevelt, "ambassador to the Economic and Social Council of the United Nations."

A special "Splendid American" award went to Marlene Thompson, who represented 35 stewardesses from eight airlines who worked as volunteers with the foundation in Southeast Asia as nurses, teachers and medical technicians.

Mastroianni Will Portray Valentino
Marcello Mastroianni hopes to give Rome a rare Christmas present this year: His musical-comedy debut as Rudolph Valentino. He's the only male in the cast. It's a song-and-dance treatment of the life of what Mastroianni calls "the greatest Latin lover of them all." Valentino, who took Hollywood by storm in the silent film era, died in 1926 at the age of 30.

GEMINI CRICKET READY — As the blast-off nears for Gemini 7 at Cape Kennedy this weekend, two junior astronauts in Lexington, Mass., plan a simulated flight in their own Gemini Cricket 1 at the same time. Commander Nick Vanvingerden, 11, (left) and Jonathan Lewis, 14, systems engineer, already have logged a 36-hour "flight" in their homemade capsule.

50,000 Doctors Oppose Medicare, Says Official

CHICAGO (AP) — More than 50,000 doctors will refuse to take part in the federal health care program, says an official of the Association of American Physicians and Surgeons.

Harry E. Northam, the association's executive director, said Wednesday he based his figure on letters and actions of local and state medical societies.

The association, formed in 1943 to represent the business needs of doctors, claims 15,000 members. It is conducting a nationwide campaign against the health care program.

Northam said the dissenting doctors would not go on strike, but would refuse to accept direct federal payments for medical services.

The American Medical Association has advised the nation's doctors they would face prosecution under the Sherman Antitrust Act if they act in concert to boycott the program.

A Social Security spokesman in Washington said no direct payments to doctors are planned.

Reasonable charges, he said, are to be determined by intermediary agents who will collect the funds from the government and then pay the doctors.

Northam said his group takes the position that the program is a scheme that will result in inferior medical care.

NO COERCION

Nonparticipation may be advocated by any group, Northam said, as long as decisions are not influenced by coercion or penalties.

May Realign Strategy

U.S. Has Eye Out on Price Trends

By STERLING F. GREEN
WASHINGTON (AP) — Business, banks and unions face the prospect of more and tougher "government by guideline" as the Viet Nam war heightens the hazard of inflation.

There is no keen alarm over price trends nor any contemplation of mandatory controls, well-informed officials insisted today. The scale of warfare forceable does not justify Korea-type compulsion, they said.

But they indicated there may be broader and deeper federal intervention — if price wage or interest rate developments warrant — in the form of publicity, persuasion, and the fixing of voluntary goals and guidelines.

Some specific strategy may result from a meeting next week, at the LBJ Ranch in Texas, of President Johnson and the four officials he calls his economic "quadrant."

PRICE UPTREND

Though a White House spokesman said the meeting did not imply "undue concern" over prices, the price uptrend has quickened. An announced multi-billion dollar step-up in government spending, mostly for the military buildup in South Viet Nam, could accelerate the rise.

The White House spokesman said the foursome — Secretary of the Treasury Henry H. Fowler, Gardner Ackley, Economic Council chairman, Budget Director Charles L. Schultze and William McChesney, Federal Reserve Board chairman — will "discuss the general economic picture."

Johnson has shown his willingness to lean the government's weight heavily against price or wage excesses.

In the recent aluminum case, he risked his popularity with businessmen by an obvious and successful pressure play — the threat of heavy sales from the

government stockpile to force producers to cancel a price increase.

HEAR COMPLAINTS

That brought complaints of "government by guideline" and "managed economy" from some industry quarters. But most business groups seemed little disturbed; some simply took the episode as evidence that Johnson was more concerned over the price problem than he had ever admitted.

Others quickly raised the question whether Johnson had the inclination — or the weapons — to crack down on a union, if it made a steep wage de-

mand, as he had cracked down on the industry group.

Secretary Fowler vowed that he would — that the administration "stands ready to blow the whistle impartially on labor and on business."

Excessive wage demands also can be dealt with, other officials said, by such techniques as were used last August when steel wage negotiators were brought right into the White House to settle their differences in noninflationary fashion in the full glare of publicity.

TO RENEW APPEAL

The President's messages to the new session of Congress in January are expected to renew his appeal to industry and labor to adhere to the wage-price guidelines posted early in the Kennedy administration — and perhaps to make those guidelines a bit more stringent.

An example of the direction in which the administration is moving is the campaign to resist higher interest rates, which Johnson considers a threat to the 57-month-old business expansion.

Some banks have advanced lending rates, and Fowler and other officials have warned in recent speeches that credit

tightening could choke off prosperity.

For the moment, however, the nation's money markets have rebuffed such pleas. The prices of Treasury bonds skidded Wednesday, which had the effect of boosting interest yields on some issues to their highest levels in 40 years — 4.5 per cent or more.

RESCIND HIKES

Under heavy persuasion from the government last year, several banks rescinded increases they had made in their prime interest rate — the one they give to their most credit-worthy customers.

But Wednesday's developments put the government in the position of asking banks to maintain a basic interest rate which it is unable to enforce on its own bonds.

Quiet Return for Runaway

ENCINO, Calif. (U) — Mary Wilson, 16, who ran away to work in a Bangkok, Thailand, orphanage, is home again.

Miss Wilson's arrival at home Wednesday night was almost as quiet as her departure 13 days earlier.

Mary and her mother, Mrs. George Wilson, left Los Angeles International Airport almost immediately after arriving aboard a Pan American airliner. After receiving letters from Mary, Mrs. Wilson had followed her daughter to Bangkok.

A spokesman for the family declined to give details of the family reunion, but did confirm that the two women had returned safely.

Plenty of Suggestions

"What else is new?" is a good question for Santa to ask himself when checking for gift ideas. Stores and departments serving the home will provide plenty of giftworthy answers.

5 ACRES

We have divided 80 beautiful, gently rolling acres into 5, 10 and 20-acre parcels. Near Milford, Kensington Park, G.M. Proving Grounds and expressway. Downing of Three Jets Brings U.S. Plane Losses to Over 150

SAIGON, South Viet Nam (AP) — Communist gunners downed three U.S. jet fighters, including one from the newly arrived atomic-powered aircraft carrier Enterprise, during raids on North and South Viet Nam in the past 24 hours, U.S. spokesmen reported today.

Another fighter from the Enterprise crashed into the sea while trying to land on the 85,000-ton carrier, the world's largest. The accident occurred on the Enterprise's first day of combat operations in the South China Sea.

The losses pushed the number of American planes downed in operations in Viet Nam beyond 150.

One of the planes hit was an Air Force F105 during an attack on a bridge 50 miles north of Hanoi Wednesday night. Pilots reported they saw four surface-to-air missiles in flight in the area but said none scored hits.

ATTACK TWO SITES

U.S. spokesmen said Air Force planes attacked two missile sites 35 and 40 miles northeast of Hanoi Wednesday afternoon. Heavy dust and smoke obscured immediate assessment of damage.

On the ground, 14 Viet Cong

were reported killed in a multi-battalion government operation near Go Cong City, 30 miles south of Saigon, Wednesday.

The South Vietnamese forces also took four prisoners and seized a large stock of weapons and ammunition while incurring only light casualties, spokesmen said.

River assault boats took part in the day-long hunt by regular army troops, militiamen and popular forces.

HIT BINH CHANH

Continuing their hit-and-run tactics, the Communists fired mortars and small arms this morning at a district headquarters in Binh Chanh, 10 miles southwest of Saigon. They were beaten off by sorties of U.S. Army helicopters and government mortars and artillery. Spokesmen reported no U.S. or Vietnamese casualties and no confirmed enemy losses.

Other South Vietnamese troops operating in the North near the 17th Parallel demilitarized zone killed 12 Viet Cong Wednesday while suffering only light casualties, the spokesmen said.

U.S. troops saw little action. Marines conducted numerous

patrols in the Da Nang-Chu Lai area.

NO AMERICANS LOST

They killed one Communist, nabbed another and took three suspected Viet Cong in a sweep just south of the Chu Lai

airport, spokesmen reported. No American casualties were reported.

U.S. spokesmen reported favorable results from attacks on suspected Viet Cong coastal positions by 7th Fleet destroyers Wednesday. The ships trained

their five-inch guns at three areas along the northern coast, and one in the Mekong Delta south of Saigon. Fire and explosions indicated possible scores on munitions or fuel dumps, spokesmen said.

The Enterprise plane that

was shot down was an F4B jet, which was the victim of Communist fire 50 miles north of Saigon. Spokesmen said both crew members were believed to have been rescued but one was injured.

The two crewmen of the F4B

that crashed into the sea also were rescued.

Communist guns brought down the two other planes during raids on strategic targets in North Viet Nam's Red River Delta. No parachutes were spotted by other American aircraft

in the area and the two pilots were feared killed.

Besides the Air Force F105, a Navy A4 Skyhawk went down in an attack on a bridge 30 miles north of Hanoi. Returning pilots reported heavy anti-aircraft fire.

Washington Scene

Defense Cuts Embarrassing

By Esther Van Wagoner Tufty

WASHINGTON — The action of the administration in curtailing defense expenditures immediately after the death of President Kennedy is now proving an embarrassment.

The defense budget, beginning with the budget submission of December 1963, was reduced by the new President, Lyndon B. Johnson, by not less than \$3 billion from that programmed by the late President Kennedy.

The reductions were largely in the area of procurement for the conventional military forces. These are the forces now fighting in Viet Nam.

possible without having to increase the federal budget over \$100 billion annually. (It will go over next year).

To make the reduced defense expenditures possible the secretary of defense reduced the defense industrial base in addition to curtailing procurement of ammunition, equipment, and other long leadtime supplies.

The secretary now says that additional funds made available by Congress at the end of the session are being used to buy ammunition and equipment but mostly to buy production capacity.

What the secretary does not say is that this lack of capacity was eliminated by him over the strong protest of the military and many members of Congress.

the suit leader
that's a way of life —
Mr. YOUNG by clipper craft

\$59⁹⁵

Young men who set trends are right on target with Mr. Young's "Drexel" suit. Tailored by Clipper Craft with a dash of individuality but always within the limits of good taste, the "Drexel" is newsworthy from its high two-button front to its side vents and lingered-over notch lapels. Richly varied all wool worsteds in the season's most flattering patterns and tones.

Troops, Planes Poised

British Set for Zambia Duty

LONDON (AP) — British troops and planes were poised today to move into Zambia, on the northern border of rebellious Rhodesia.

British government sources said Zambian President Kenneth Kaunda had given the go-ahead but had not agreed to the terms under which the troops would be stationed in his country.

Prime Minister Harold Wilson's government reinforced its military preparations with stringent new economic sanctions against Prime Minister Ian Smith's rebel regime in Rhodesia.

A squadron of Javelin jet fighters and large air transports waited in Nairobi, Kenya, for orders to fly to Zambia. The 54,000-ton aircraft carrier Eagle cruised off the East African Coast.

GROUND TROOPS

Ground troops were reported alerted at staging depots in Africa, Britain and the Middle East British protectorate of Aden.

Prime Minister Wilson offered Kaunda a battalion of ground troops, a fighter squadron and a radar station, but the two reportedly disagreed over command of the British force. Wilson wants the British to give the orders while Kaunda reportedly wants at least a share in the command structure.

Kaunda asked for the British forces to guard his country's electrical supply from the Kariba Dam, which the Rhodesians operate on the border between the two countries. He wants the British planes to invade Rhodesia and overthrow Smith's white minority government.

Wilson told the House of Commons the troops will fight if necessary to protect Zambia's power supply, but he ruled out any unprovoked attack against Rhodesia.

BRITISH PLANES

Wilson also disclosed that British planes would go into Zambia only if the British were given control of the country's main airports. This would enable the British to oppose any attempt to bring in air forces from other powers.

The British prime minister said Kaunda was under extreme pressure from African nationalists in his own country and in other African states to move against Smith's white minority regime and reject the British terms for help.

Much of the pressure is coming from the Organization of African Unity, whose council of ministers meets Friday in Addis Ababa, Ethiopia, to consider the Rhodesian situation.

The new British economic sanctions were designed to hit Rhodesia's 220,000 whites more quickly than those imposed after the independence declaration. The new measures increased the cutoff in trade between Britain and Rhodesia to 95 per cent.

PENSIONS

They include a ban on payment of British pensions to Rhodesian nationals, many of whom served in World War II and had received veterans' allowances.

Wilson also banned payment of wages to employees of British subsidiaries in Rhodesia and payments of dividends to British government stockholders in the breakaway colony.

Britain had already suspended Rhodesia from the sterling area and banned import of Rhodesian tobacco and sugar.

Hearing Aid Dealers Support Licensing

LANSING (AP) — The Michigan Hearing Aid Dealers' Association has decided to support the licensing of hearing aid dealers, reports Atty. Gen. Frank Kelley. Kelley, whose office has been investigating fraudulent hearing aid sales, termed the decision public-spirited and gratifying.

Accuse Justice of Misconduct

8 Offenses Compiled as Probe Continues

DETROIT (AP) — Grand Juror Edward Piggins Wednesday again sought removal of Nankin Township justice of the peace because of alleged misconduct in office.

Piggins petitioned Gov. George Romney to remove George Perry. Piggins listed eight offenses which he said might be the basis for criminal charges against Perry.

Last week, Piggins asked the removal of Michael W. Bradley, the township's other justice of the peace. Bradley vacated his office voluntarily.

Piggins listed the following alleged instances of misconduct by Perry:

NO FORWARDING

Failure to forward abstracts of traffic offenders' convictions to the Secretary of State.

Conviction of traffic offenders of offenses without complaint or warrant.

Entering of convictions against traffic offenders for violations when the defendants had not appeared in court, had not been represented and had no knowledge of their convictions.

Filing of entries of proceedings that never took place.

Requests for fees from the county treasurer for services that Perry in fact did not perform.

Failure to tell the Circuit Court of his knowledge of ticket fixing or adjustments by members of the sheriff's race patrol.

Granting new trials without authorization.

Acting as defense attorney in a case before fellow justice Bradley, called a violation of ethics by Piggins.

Lansing Bishop, 74, Claimed by Illness

LANSING (AP) — The Most Rev. Joseph H. Albers, who began his service to God and country as a brave young chaplain in World War I, died yesterday after 28 years as bishop of the 220,000-member Lansing diocese.

Bishop Albers, who was 74, died in a Lansing hospital where he had been confined since July 19 by a long illness.

The Roman Catholic Lansing diocese takes in 15 counties from Flint nearly to Chicago.

Bishop Albers became its spiritual leader when it was established May 22, 1937, by the late Pope Pius XI.

Liquor Act Changes Explored at Hearing

GRAND RAPIDS (AP) — Suggestions for possible rewriting of Michigan's 1933 Liquor Control Act were heard Wednesday in a public session before the House Liquor Control Committee.

Bar operators and allied interests urged easing of certain regulations. Opposing views were presented by individuals, including church groups.

NEW DIRECTOR — Sargent Shriver (left), head of the Office of Economic Opportunity, yesterday introduced Dr. Franklin A. Johnson as the new director of the Job Corps. Dr. Johnson, a native of Rochester, N.Y., was president of California State College at Los Angeles when he accepted the post. He will assume the post Jan. 1, succeeding Dr. Otis A. Singletary.

CLAYTON'S "where quality furniture is priced right"

2133 Orchard Lake Rd. — 333-7052
Open Evenings 'til Christmas

SCENE AT SHIP'S MESS — Marine Cpl. Jess Wheat (left) looks like he's got "some-one in his T-shirt with him" say his buddies. The Leatherneck is a steady patron of the ship's mess, which he terms, "a 24-hour orgy."

Mess Is 24-Hour Orgy on Ship off Viet

By TOM TIEDE
ABOARD THE USS INDEPENDENCE (NEA) — Marine Corporal Jess Wheat weighs 235 pounds going on 250. With a tee shirt on he looks like he's got someone in there with him.

"So, naturally," he will explain, "I like to eat."

Indeed so.

This morning his mess tray looked like a table at an Elk picnic.

From left to right, top layer first, there were: five eggs, two slices of toast, a dozen strips of bacon, a piece of bread with chopped beef gravy, grits, four hot cakes with syrup, fried potatoes, some sausage, an orange and coffee.

"I ain't feeling perky," he apologized, "so I'll skip dessert."

CAN COME BACK

No matter. Cpl. Wheat, and any of the other 3,600 enlisted men on board this buffet with a blig, can come back for dessert (Boston cream pie, ice cream, bear claws, devil's food cake, strawberry snails), at any time of the dawn or dark.

Mess on the Independence is a 24-hour orgy. The only thing missing is dancing shoe girls.

Guy's waving turkey legs and sucking grapes at all hours except 1 a.m. to 2 when, presumably, they are all out somewhere working up an appetite ... by working at the war.

Navy food is traditionally belly-busting, but this is some sort of record.

COULD LAST MONTH

Fellows here consume enough chow in a month to last the average family of four for 265 years.

Nearly 90 tons (180,000

pounds) are chewed or swallowed whole every 24 hours.

Bread disposal alone is staggering. Fifteen ovens bake around the clock to supply the 900 loaves consumed. That's 1,500 pounds of flour, 50 pounds of yeast and 70 pounds of shortening to make 1,400 pounds of bread and sandwiches.

As one baker puts it: "I never figured to be making this much dough."

AVERAGE BREAKFAST

Then, for the average breakfast, nearly 5,000 eggs are cracked, the first of the day's 17,000 potatoes are peeled, and 100 pounds of bacon fried.

At lunch, 2,000 pounds of beef boiled.

At dinner, 700 chickens and 900 pounds of shrimp.

To wash it all down, at least 120 large cans of fruit juice disappear every meal and 100,000 gallons of fresh water every day.

LACK ROOM

There's hardly enough room left for the 7,500 cups of ice cream.

Grinned Cpl. Wheat, between bites: "What I like about it is that it's always here. If they ain't serving a regular meal then they are serving express line stuff ... snacks, you might say."

Snacks? Over 6,000 hamburgers are inhaled between meals and dozens of deep fat fryers bubble to keep untold thousands of French fries moving.

Then there may be macaroni au gratin, poundcake, fruit hermits, veal loaf, whipped potatoes or Harvard beef.

It's enough to make a man on Metrolink sob.

The 280 members of the kitchen staff work 12 hours a day. Night deck people think nothing of going 20 hours on a stretch.

Mechanics and maintenance men below deck have gone days with little except cat naps. And in the steam rooms, machinists lose five pounds a shift in the 110-degree heat.

"We earn a good plate," said Wheat. "We buy every calorie."

The corporal's tray emptied. He sat picking his teeth and stacking orange peelings. Men about were getting up or sitting down.

Wheat patted his belt.

"Hey," he mumbled, "all this talk about food makes a guy hungry. You wanna go get a sandwich or something?"

Hurricane Season Featured by Betsy

MIAMI, Fla. (AP) — The 1965 hurricane season, which spawned the most destructive storm in U.S. history, comprised two tropical storms and four hurricanes between June 1 and Nov. 30.

The one hurricane that reached the U.S. mainland was Betsy, which slammed into Miami on Sept. 8, then roared across the Gulf of Mexico and battered New Orleans two days later.

Betsy left 75 persons dead in Florida and Louisiana and a damage toll of more than a billion dollars. The previous record holder was a storm in 1965 which caused \$800 million damage in New England.

Admissions Trends in Next Decade

Educator Sees More College Competition

ANN ARBOR — Associate director of admissions at the University of Michigan Gayle Wilson often uses a four-letter word in discussing the national trends in college and university admissions during the next decade.

The word is "more."

It pops up when Wilson describes forecast changes in application standards. "More and more colleges will become competitive ones as the colleges with 'open door' policies are deluged with applications." In short, top-notch students will be competing with each other to be admitted to those universities which, in turn, are competing with more of their own kind for superior students only.

With this increase in scholastic admissions standards, Wilson says, will come a need to get applications for admissions in earlier. "No college admissions committee should wait until after the (high school) pupil's junior year for obvious reasons, but the pupils are being urged now to get their applications in no later than the first semester of their senior years."

An interesting trend which Wilson says "could well become critical" is: more girls.

"It's a dilemma that's really a maturation problem," Wilson points out. "Girls as a group

when applying for university admissions are better students than boys; at that point in their lives, say 18 years old, they are ready for college."

"But," Wilson adds, "the boys catch up scholastically, and usually even pass the girls in college, and colleges want potential graduates."

The chief hesitation about admitting more girls than boys, though, stems from the fact that girls are less likely to stay in college than boys are, Wilson says. The "hazards" to a girl's college education which Wilson cites are:

1. Marriage.
2. A lack of motivation which frequently crops up once the female has been admitted to college.
3. The fact that some women are really not career-minded because they don't intend to be future bread-winners.
4. If a family has a son and a daughter at school and finances get tight at home, the girl is more likely to have to drop out.
5. Attractive jobs around the college community often lure women from their classrooms.

Another trend which Wilson sees as "a kind of national movement" is the search by universities for creative talents among high school students seeking admissions to colleges.

"More and more colleges are coming out in the open and saying they want these types of people," Wilson states. These sought-after students are those who have shown definite talents in art, music, forensics, writing,

etc., but who might "be lost in the shuffle if judged only scholastically by strict admissions standards."

"LOPSIDED?"

"This is such a new trend," Wilson admits, "that there are no studies yet, to my knowledge, which would indicate whether or not these students would get a 'lopsided' education doing well scholastically in subjects only related to their particular talents."

Another "more" which Wilson sees as a definite trend is "more college students spending their first two years in junior colleges with their final study at universities."

"Most of the students involved in this trend," Wilson says, "have long-range education programs, medicine for instance, and will go to a junior college for a couple of years to save money; it will be by choice." Related to this is "a very startling rise in the number of students going on for graduate degrees," Wilson notes.

At the same time, he says, more students than ever before will be studying at their own state universities.

Presently, more than 80 per cent of the college students in Michigan are in their own state-supported institutions.

Bank Robbery Foiled by Pair

HIGHLAND PARK (AP) — Three men were held today for investigation of robbery from a Detroit bank Wednesday which was foiled by an alert private guard and a passing motorist. Police identified the three as Sanford C. Williams, 22, Stanley D. Bowers, 20, and his brother Clifford, 19. All were held in connection with the \$4,191 robbery of the First Federal Bank.

Officers said Horace Frisbie, an armed guard for an armored car company, arrived at the bank in time to see a man walk from the bank with a drawn gun. He fled in the man, who fled in a waiting car. Sam Levine, 68, told police he was driving by the bank when he heard the shots and followed the fleeing car two miles to a motel here. When the men in the car entered the motel, Levine called police.

Officers broke into the motel room and arrested Williams and the elder Bowers, they said. Bowers' brother arrived a short time later and also was arrested, police said. They said \$4,191 was found in the motel room.

Shad fish are considered less palatable in Europe than this country.

Two Killed on Way to Funeral

WILMINGTON, Ill. (UPI) — Two cars were carrying mourners to a funeral from different directions. Their paths crossed at a rural intersection.

Walter Hatley, 68, Chicago, and his wife, Gertrude, about 65, were killed when their car collided with one driven by Herbert G. Warriner, 53, Wilmington.

Authorities said they were driving here for the funeral of William Harding, 66, Ritchie, Ill., who died Sunday. Warriner and a passenger in the Hatley car were hospitalized.

UNUSUAL GARDEN GROWTH — A 52-foot cabin cruiser nears completion in a garden in Ferndale, South Africa. Much of

the work on the 30-ton luxurious ocean-going boat has been done by two petio victims. The vessel has taken six years to build.

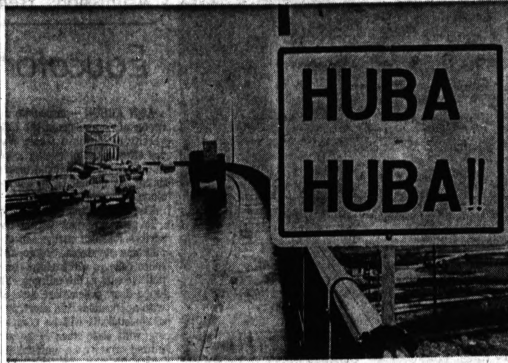

Mishap, Gale Close Seaway

ST. CATHARINES, Ont. (AP) — A gale and a grounded freighter closed two sections of the St. Lawrence Seaway Wednesday a little more than two days before the seaway is scheduled to close for the winter.

The winds that reached 55 mph along the St. Lawrence river forced the closing of three locks there and gave rise to fears that some of the 96 ocean vessels still in the seaway may be trapped.

The Welland Ship Canal was closed during the day with the added complication of a grounded ocean freighter. There were still 30 ocean ships to clear the canal into Lake Ontario.

The Welland Canal was scheduled to close Wednesday night and the entire seaway by Friday midnight. But a seaway authority spokesman said the locks will remain open on a day-to-day basis as long as ice conditions permit.

NEW TRAFFIC TWIST — This sign on the Mississippi River Bridge in New Orleans is a new twist as far as traffic signs go. Bridge authority executive director Charles Macauley, who designed the sign, said he

thought it was a nice way to tell motorists to hurry up. "Huba huba" is a slang expression that originated with U.S. occupation in Japan meaning "hurry up."

Champion Courtney Pleistfoot came the first dog to win the of-show awards at Westminster. ("Ricky"), a whippet, has be-dog-show "triple crown"—Best—Chicago, and Long Beach.

Push Fiscal Reform, Unit Urges Dems

EAST LANSING (AP) — A panel of Michigan State University advisors is urging Michigan Democrats to push for fiscal reform now — without waiting for a graduated tax.

The MSU chapter of the Democratic Academic Resource Committee called "tax reform the most important issue facing the Michigan Legislature."

"Because of the importance and the past public identification of the Democratic Party with tax reform, further procrastination by the legislature on this issue is intolerable," the panel of MSU professors said in a resolution presented to Democratic state chairman Zolton Ferency. It added:

"The core of immediate reform is the adoption of a system of personal and corporate income taxation at flat rates... the inaction of the legislature cannot be condoned on constitutional or technical grounds."

Where Do You Fit In?

Boyle Leans Toward 'Realist'

By HAL BOYLE

NEW YORK (AP) — If you could live in any period of the world's history, which would you choose past, present or future?

Your answer shows whether you are a romanticist, a realist, or a gambler.

The romantic soul aches for the imagined glamour of bygone times he never knew.

If he is a henpecked husband, he may yearn for the caveman days, when each fellow was master of his niche in the cliff and woman received equal rights by being belted over the head with a club.

OVERLOOKS FACT — Or he may pine for the chivalrous glories of knighthood. He overlooks the fact that riding off to battle in a suit of clanking armor must have been largely just a noisy adventure in claustrophobia.

The gambler, contrary to the romanticist, thrives on great expectations. The future is his dish.

He wants to zoom through space, build a desert villa on the moon, and explore Mars in search of red-eyed, little green people-like creatures with antennae on their noggin. He doesn't have any real idea what life will be like in the 21st or 22nd centuries. But he is sure it would be wild, and weird and wonderful.

So much for the backward lookers and the forward seek-

ers. That leaves us with the realists. They are the ones who aren't hungry for a fabled past or thirsty for a fabulous future.

WALK TIGHTROPE — They walk the tightrope of the present—between a dream and a dream. They prefer to banquet on the bread and wine of now, satisfied with the menu as it changes in the course of their lifetime.

What is the best time to live? When you get right down to it, what's the matter with right now?

A man who has achieved the full maturity of middle age in this most murderous of centuries is a privileged adventurer indeed.

He has survived two world wars and one of the worst depressions our country ever knew.

GAVE WAY — He has seen the horse and buggy give way to the auto, the street car replaced by the bus, the railroad succeeded by the jet plane, artillery outmoded by the atomic bomb.

He used to worry about getting enough to keep him alive. Now he worries that if he eats too much he'll die sooner than he has to.

Air-conditioning and new heating methods have relieved him of the ordeals of the weather. Radio and television have extended his hearing and vision by thousands of miles—and also brought the marketplace into his living room.

New machines keep giving

him more leisure, and new governments keep promising to make his life even more free or thirsty for a fabulous future.

FULL OF WONDERS — Yes, he lives in a time full of wonders. Among the things he wonders about are which wonder drug prescribed for him will have the fewest side effects, where to find a parking place, and how to find the money later to pay for the things he is buying now.

From birth the middle-aged man today has been surrounded by change.

He has seen more change than any other individual his age in history. But it is possible for a man to get a bellyful of change. Change isn't always for the better.

That's the reason that now, for many a thoughtful man, is the best of all times in which to live. He'd rather pause and enjoy today's goodies — before tomorrow comes along and improves him to death.

MSU Answer Filed in Court

GRAND RAPIDS (AP) — Michigan State University filed in U. S. District Court Wednesday its reasons for denying re-admission June 21 to graduate student Paul M. Schiff who claims he was expelled after a student rights controversy.

A three-judge panel of the court last October directed MSU to give Schiff a personal hearing and a letter of explanation. The answer filed in court Wednesday was signed by John A. Fuzak, university vice president for the faculty committee on student affairs.

The university charged that Schiff refused to abide by regulations against door-to-door distribution of publicity items in dormitories.

It said Schiff refused to desist. In violation of regulations, in publication of a pamphlet for an unrecognized student group.

OPEN ATTACK — The communication said that by his attitude and "open attack" on the enforcement of regulations he encouraged others to do the same.

It further claimed that Schiff refused to abide by MSU regulations requiring student organizations to secure campus recognition before functioning; that he subjected a member of the faculty to ridicule at a public meeting on the campus, and that by his words and conduct he induced students to participate in acts of civil disobedience.

Deaths in Pontiac, Neighboring Areas

ORMAN BEACH

Service for Orman Beach, 60, of 1415 Oakland, will be 3 p.m. tomorrow at the Hutton Funeral Home with burial in Oak Hill Cemetery.

Mr. Beach, an employee of F. J. Poole Co., died yesterday after a brief illness.

Surviving are a daughter, Mrs. Alene Waldorf of Flint; three grandchildren; a great-grandchild; two sisters, Mrs. Richard Steel of Highland Township and Mrs. Wallace Bell of Waterford Township; and two brothers.

ROBERT J. BIRD

Service for former Pontiac resident Robert J. Bird, 67, of Carmichael, Calif., will be 1:30 p.m. Saturday at the D. E. Pursley Funeral Home with burial in White Chapel Memorial Cemetery, Troy.

Mr. Bird, an employee of Douglas Aircraft Corp., died Sunday after a long illness.

Surviving are his wife, Ruth; a daughter, Mrs. John K. Arnold of Santa Clara, Calif.; a sister; and a brother.

CHARLES D. CHAMBERLIN

Service for former Pontiac resident Charles D. Chamberlin, 73, of Phoenix, Ariz., will be 1 p.m. tomorrow at the Grimschaw Funeral Home in Phoenix with burial there in the Greenwood Cemetery.

Mr. Chamberlin, a former employee of Pontiac Motor Division, died yesterday after a long illness.

Surviving are a son, Charles Jr. of Phoenix; two daughters, Mrs. Florence Rensi of Phoenix and Mrs. Margaret Walsh of Pontiac; and three grandchildren.

HOWARD HICKS

Howard Hicks, 55, of 3539 Lincolnshire, Waterford Township, died today. His body is at Sparks-Griffin Funeral Home.

EDGAR KENNEDY

Service for Edgar Kennedy, 68, of 307 S. Anderson, will be 1 p.m. Saturday at the William F. Davis Funeral Home with burial at Oak Hill Cemetery.

Mr. Kennedy, formerly employed at G.M.C. Truck & Coach Division, died Tuesday after a long illness.

Surviving are three daughters, Eleanor Hampton of Pontiac and Mrs. Hermance Neal and Aline Kennedy, both of Buffalo, N.Y.

DAVID D. MARCUM

Service for David D. Marcum, one-year-old son of Mr. and Mrs. William J. Marcum of 150 W. Rutgers, will be 11 a.m. tomorrow in Voorhees-Siple Chapel with burial in Perry Mount Park Cemetery.

The infant died yesterday. He had been ill since birth.

Surviving besides the parents are grandparents, Mr. and Mrs. William Hughes of Lake Orion and Mrs. Amy Marcum of Pontiac; great-grandmothers, Mrs. Nancy Hughes of Mancelona and Mrs. Pearl McCarty of Pontiac.

Also surviving are great-grandmothers, Mrs. Ella Marcum of VanDyke, Mrs. Nel- le Boroff of Mecosta and Mrs.

Nona McCarty of Mancelona; and a sister, Amy S. at home.

JOHN J. O'CONNOR

John J. O'Connor, 71, of Dearborn, a former Pontiac resident, died yesterday. His body is at the Voorhees-Siple Funeral Home.

Mr. O'Connor was a retired employe on special assignments at Pontiac Motor Division.

Surviving are a sister and two grandchildren.

HUGH R. ROWAN

Service for Hugh R. Rowan, 67, of 348 S. Edith will be 11 a.m. Saturday at Donelson-Johns Funeral Home with burial in Perry Mount Park Cemetery.

Mr. Rowan, a driver for Yesterday at Oak Hill Cemetery.

Surviving are a son, Hugh L. of Clarkston; a daughter, Mrs. Maylon Graham of Holly; 11 grandchildren; two great-grandchildren; and a brother, Harry W. of Rochester.

ALFRED J. RYDER

Service for Alfred J. Ryder, 76, of 124 Jackson, will be 1 p.m. Friday at the Newman AME Church, with burial at Oak Hill Cemetery by the William F. Davis Funeral Home.

Mr. Ryder died Tuesday after a long illness. A retired mechanic for Oakland County, he was a member of the Newman AME Church, Troy.

Surviving are his wife, Nellie; four daughters, Mrs. Florence Crump of New Jersey, Margaret, Mrs. Catherine Webb, and Mrs. Patricia Williams, all of Detroit; four sisters, Elizabeth Milburn of Pontiac, Lucille Walden of Detroit, Thelma Blackmon of Palo Alto, Calif., and Gertrude Barnes of Seattle, Wash.; and three brothers, Lewis of Palo Alto, Morrison of Lansing and Earl of Pontiac.

MRS. DOUGLAS WILLIAMS

Service for Mrs. Douglas (Clara B.) Williams, 70, of 82 N. Johnson, will be 1:30 p.m. Saturday at the Sparks-Griffin Funeral Home with burial at White Chapel Memorial Cemetery, Troy.

Mrs. Williams died yesterday. She was a member of First Baptist Church, Smith, Mo.

Surviving are four daughters, Mrs. Vera M. Baylis, and Mrs. Arvilla Behrick, both of Pontiac; Mrs. Thomas Smith of Lake and Mrs. Phyllis Hendrickson of Waterford Township; and two sons, Vern Mathews Jr. of Pontiac and Robert E. Mathews of Union Lake, and six grandchildren.

ANN MARIE YOUNCE

Service for Ann Marie Younce, infant daughter of Mr. and Mrs. James R. Younce of 290 Florwood, will be 11 a.m. tomorrow at the Coats Funeral Home in Waterford Township with burial at Crescent Hills Cemetery.

The one-month-old girl died yesterday after a short illness. Surviving besides her parents, are two sisters, Susan and Julie, and a brother, Richard, all at home, and two grand-grandmothers, Mrs. Mabel Walker and Mrs. Lucille Nord, both of Pontiac.

REV. LEO C. CUNNINGHAM

SPRINGFIELD TOWNSHIP — Requiem Mass for Rev. Leo C. Cunningham, 77, of Colomiere College will be 10 a.m. tomorrow at the college chapel. Burial will be in Colomiere College Cemetery.

A member of the Society of Jesus, Father Cunningham died yesterday after a long illness.

Surviving are a brother and two sisters.

EDWIN J. GREENE

FARMINGTON TOWNSHIP — Service for Edwin J. Greene, 54, of 2775 Drake will be 1 p.m. Saturday at Heene-Sunquist Funeral Home. Burial will be in West Farmington Cemetery.

Mr. Greene died yesterday after a long illness. He was a painter and decorator.

Surviving are his mother, Mrs. Grace Rexin of Farmington; two sisters, Mrs. Thelma Hagadone and Mrs. Elaine Brown, both of Farmington; and two brothers, George W. and Donald M., both of Farmington.

MARTY HANTUK

SOUTHFIELD — Service for Marty Hantuk, 41, of 30600 Angrest will be 1 p.m. Saturday at Vani-Lynch Funeral Home, Royal Oak. Burial will be in White Chapel Memorial Cemetery, Troy.

Mr. Hantuk died yesterday after a long illness. He was owner of the All Aving and Storm Window Sales of Pontiac.

Surviving are his wife, Janet; four sisters; and three brothers.

ALEXANDER J. LE MIRE

TROY — Service for Alexander J. LeMire, 66, of 2864 E. Maple will be 10 a.m. Saturday at Price Funeral Home. Burial will be in Evergreen Cemetery, Detroit.

Mr. LeMire died yesterday after a short illness. He was a retired employee of the Jefferson Plant of the Chrysler Corp., Detroit.

Surviving are his wife, Eusebia; three daughters, H.N. Grace LeMire of the United States Naval Hospital, San Diego, Calif., and Susan and Wendy, both at home; one son, Richard at home; two sisters; and one brother.

AUGUSTA B. MEISER

WEST BLOOMFIELD TOWNSHIP — Service for former resident Augusta B. Meiser, 85, of Detroit will be 3 p.m. tomorrow at the Bell Chapel of the William R. Hamilton Co., Birmingham. Burial will be in Roseland Park Cemetery, Berkley.

Miss Meiser died yesterday following a brief illness. She was a retired Detroit teacher.

She was a member of the Orchard Lake Community Church, Women's Principal Association, Circle Dramatic, American Association of University Women, and the Countryside Association of Orchard Lake.

Surviving is a brother, Paul J. Meiser of Detroit.

Local Youths Cited by OEO

Two Pontiac youths were among 15 Job Corps enrollees from Michigan recently singled out for achievement.

Robert Simmons of 28 Maine was selected from among enrollees at the Crab Orchard, Ill. Job Corps Center to help prepare the Mingo, Mo., center for its opening.

Michael J. Harper, of 398 Howland, has graduated from the Colomiere, Ill. center and is assigned to the Custer Job Corps Center, Battle Creek, for vocational training.

The Job Corps is a major youth program in the war on poverty being conducted by the Office of Economic Opportunity.

Ex-Coordinator Feted by Judicial Group

Gerald A. Terrien, former justice court coordinator for Oakland County, was honored last night by the Oakland County Judicial Association for his 15 years of service to justices of the peace.

Terrien of 1730 Silver Bell, Orion Township, was recently transferred to the accounting department of the County Drain Commission.

LEGAL NOTICE

At a regular meeting, December 2, 1965 at 7:30 p.m. at the Court of Oakland County, Michigan, the Independence Township Board will consider a resolution of the Board to acquire a portion of land located on White Lake Road near the Grand Trunk Railroad crossing from Suburban Farms District to Manufacturing 3 District, 8.735 acres of which would be used as a junk yard and/or auto dismantling or salvage yard.

INDEPENDENCE TOWNSHIP COURT

December 2, 1965

STATE OF MICHIGAN — The Probate Court for the County of Oakland County, Michigan, do hereby certify that the following is a true and correct copy of the will of the deceased.

It is Ordered that on January 3, 1966 at 10 a.m. in the Probate Courtroom of Oakland County, Michigan, a hearing be held on the petition of William Earl Upton for the appointment of an administrator of said estate and to determine who are or were at the time of death the heirs at law of said deceased.

Publication and service shall be made as provided by Statute and Court Rule.

2nd Refugee Flight Awaited

MIAMI, Fla. (AP) — A second planeload of refugees in a U.S.-financed air shuttle from Cuba was awaited today even as some of the first arrivals embarked on a new life in the North.

The airlift is expected to bring 900 Cubans weekly and continue indefinitely. Rosario Gonzalez, 19, looked forward to joining her husband in Chicago, whom she married by proxy three months ago in Havana. But she wept intermittently because she had to leave her parents in Cuba.

EXILED THREE YEARS

"I hope to see Alfredo in a day or two, for the first time since he went into exile three years ago," she said. "We are

going to live in Chicago and forget about communism."

The Alfredo referred to is Alfredo Diaz of 2944 W. Armitage, Chicago.

"I had promised the Virgin of Santa Barbara (a saint revered by Cuban Roman Catholics) that I would wear red if I could go to the United States." The patroness is identified with that color.

RETIRED BUSINESSMAN

The first to be resettled from Miami were Emilio Diaz Quintero, 81, a retired funeral home owner of Batabano, Cuba; his son, his granddaughter and her husband, and two great granddaughters. They went to Elizabeth.

Awaiting them, Diaz Quintero said, would be two of his daughters, Ester Diaz de Rodriguez and Amelia Diaz.

"We also plan to see five sons I have living in New York City," he added. "I look forward to life in exile without fear. The only fear I had was living under communism."

The State Registry of Motor Vehicles announced the requirement will be instituted next spring. The present system of vision tests at age 70 will be continued.

MIAMI CUBANS ON HAND — Cubans in Miami wave from an observation deck at the Miami, Fla., airport today as 82 refugees

from Cuba arrived on the first plane of the airlift that is scheduled to bring thousands to this country.

MOLDED MINCEMEAT PUDDING

Fish Chowder Dates Back to Early American Days

Chowders and other fish stews have been popular in America since colonial days. Although a British dictionary of foods credits its fish chowder with an American origin, the word "chowder" actually came from the French "chaudiere," the name of a large copper cooking pot used for fish stews.

Appetizing, as well as nourishing, chowders make hot and hearty lunches — ideal for the nippy days of fall and the cold winter ahead. With the addition

of crackers, a salad or crisp vegetables, and a little dessert, this Savory Fish Chowder is an easy-to-prepare meal in itself.

Roasting Time Depends on Many Factors

Sometimes your roast reaches 150 degrees in two hours. Another it takes two and one-half hours. But the roasts were the same weight, the oven temperature the same!

The second roast may have been chilled more than the first roast when it was put into the oven. Initial internal temperatures may vary as much as 5 to 10 degrees.

If the roast is purchased brought home and cooked, it is probably not as cold as one which you've refrigerated.

Though weighing the same, the diameter of the cut may be different. The smaller the diameter, the shorter is the total cooking time. The style of the cut, whether it's boneless or bone-in, rolled or tied also has some effect on actual cooking times.

A roast meat thermometer is always the best guide to cooking time.

Mocha Eggnog Is Sure to Please Youth

Welcome the younger set at your house during the holidays with Hot Mocha Eggnog. In a saucepan, combine 1 quart dairy eggnog, 2 cups milk, and 1/4 cup chocolate syrup. Heat together until almost scalding.

Serve in small cups, topped with miniature marshmallows and a dash of nutmeg. This makes about 12 one-half cup servings.

By JANET ODELL
Pontiac Press Food Editor

Open a jar of good mincemeat and the fragrance is tantalizing. It is reminiscent of ancient spice routes and Victorian days when holiday cooking went on for weeks and weeks.

There are interesting goodies to be made with mincemeat; you needn't use it only for pie. Filled cookies are the first suggestion. The original recipe calls for mincemeat pie filling, but you may substitute regular mincemeat.

Mincemeat Filled Cookies
1 1/2 cups shortening
1/4 cup brown sugar
1/4 cup sugar
1 egg
4 1/2 tablespoons milk
1 1/2 teaspoons vanilla
4 cups sifted all-purpose flour
1/4 teaspoon salt
1/4 teaspoon soda
1 No. 2 can (2 cups) mincemeat pie filling or prepared mincemeat
1/2 cup orange marmalade

Cream shortening and sugars together until fluffy. Add egg, milk, and vanilla; beat well. Sift dry ingredients together; add to creamed mixture and mix well. Wrap dough in waxed paper and chill well.

Roll 1/4 of dough at a time on a floured surface to 1/4-inch thickness. Cut with a 2 1/2-inch round cutter. Place cookies 1-inch apart on an ungreased baking sheet.

Combine pie filling or mincemeat with marmalade; place 1 tablespoon of mixture on each cookie. Roll 1/4 of dough as directed; cut with 2 1/2-inch cutter and cut a small hole in center of each cookie with a small cutter.

Place over filling, centering hole; seal edges by pressing with a fork. Bake at 375 degrees for 10 to 12 minutes. Re-

Potato Nests for Chicken

Frankly fancy to the eye but so easy to do that they belie their good looks are Duchess Potato Nests to fill with creamed ham and mushrooms or Chicken a la King.

Just add beaten egg or egg yolks to the freshly-made mashed potatoes and, with a spoon or pastry tube, make potato nests on a lightly buttered cooking sheet. The no-work se-fakes easily when tested with a fork. Season with salt and pepper to taste. Makes 6 to 8 in time, money, fine flavor, and good eating.

peat with remaining dough and filling. Makes 4 1/2 dozen.

A second cookie is an unbaked confection.

Chocolate Mincemeat Confections

2 packages (6-oz.) chocolate pieces
1 package (9-oz.) condensed mincemeat
1/2 cup coarsely chopped nuts
1/2 cup miniature marshmallows
1/2 cup flaked coconut

Melt chocolate pieces over hot, not boiling water. Break mincemeat with a fork. Add to melted chocolate. Mix in chopped nuts, marshmallows and coconut; stir after each addition. Cool briefly.

Shape mixture by teaspoonfuls to form one-inch balls. Roll in additional chopped nuts

or coconut until completely coated. Place on greased cookie sheet. Refrigerate about 45 minutes, or until firm. Makes 4 dozen.

MINCEMEAT COOKIES

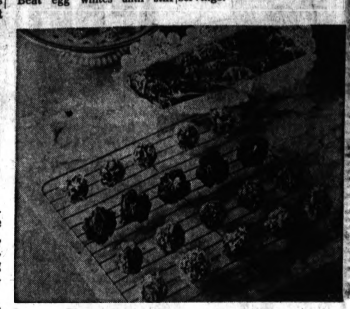

Molded Mincemeat Pudding is a luscious low calorie dessert made with sucaryl.

Molded Mincemeat Pudding
1 1/2 tablespoons unflavored gelatin
1/4 cup cold water
3 eggs, separated
2 tablespoons sucaryl solution
1 1/2 cups orange juice
1/4 teaspoon salt
1 teaspoon orange rind
1/4 teaspoon cinnamon
1 cup mincemeat

Soften gelatin in cold water. In top of double boiler, combine egg yolks, sucaryl, orange juice, salt, orange rind and cinnamon. Cook over hot water, stirring constantly, until slightly thickened.

Remove from heat; add softened gelatin, stirring to dissolve

gelatin. Chill until mixture begins to thicken slightly; fold in mincemeat. Spoon into a 4-cup mold; chill until set. Makes 4 servings.

Homemade Herb Bread Is Fragrant

HERB BREADS — Homemade bread is always welcome treat. At the left is an herb loaf with poppy seed sprinkled generously

over the top. The round loaf is a casserole type bread with a saffron flavor and caraway seeds on top. Both are simple to make.

Sprouts, Chestnuts Choice of Cook

Here's a delightful vegetable and nut combination!

Chestnut Brussels Sprouts

1 quart container brussels sprouts

1 1/2 cups boiling water

1/2 pound chestnut (shells and

brown skin removed, cooked halved or quartered)

1/4 cup butter

Salt to taste

Remove any outside blemishes leaves and trim bottom

of sprouts. Add 1 teaspoon salt

to 1 quart cold water and soak sprouts for 20 minutes; drain

Into a 10-inch skillet turn the sprouts and boiling water; cover and boil gently just until tender

crisp — about 10 minutes; drain. Halve or quarter any large

sprouts and return to dry skillet with chestnuts, butter and salt;

reheat. Makes 6 servings.

A loaf of Old-Fashioned Herb Bread and/or Easy Saffron Bread on the buffet supper or luncheon table will be drawing cards as well as conversation pieces. They are so easy to make with herbs at arms reach on your spice and herb shelf.

Marjoram, dill, thyme and rosemary are used in the herb bread with poppy seed sprinkled over the crust.

Marjoram is one of the most popular of all the herbs and is one of the most fragrant. It is a member of the mint family.

These are spicy, pungent herbs which with the poppy seed topping give the bread a delightful flavor and tantalizing aroma, especially when baking. The flavor is

superb when spread with butter or margarine, cream cheese or other mild spreads.

Saffron is the dried stigma of a plant of the crocus family. Each plant yields only 3 stigmas. They are delicate orange-yellow in color and must be picked by hand. It takes 225,000 stigmas to make a pound of saffron. No wonder it is the world's most expensive spice!

But as we buy it in small amounts, the cost is not so great. It has a pleasantly bitter flavor and rich yellow color that we like in breads, rice, poultry dishes and many other dishes.

Old-Fashioned Herb Bread
1 cup warm water
1 package active dry yeast

1 1/2 teaspoons salt
2 teaspoons sugar
1 tablespoon soft shortening
1 teaspoon marjoram leaves
1/4 teaspoon dill weed
1/4 teaspoon thyme leaves
1/4 teaspoon rosemary leaves
3 cups sifted all-purpose flour
poppy seed

Pour water into bowl; sprinkle yeast on top. Stir until dissolved. Add salt, sugar, shortening and herbs; stir. Add flour to make a soft dough. Turn

dough out on lightly floured board and knead until smooth and elastic, 5 to 7 minutes.

Put dough in greased bowl; turn to bring greased side up. Cover; set in warm place and allow to rise to double in bulk, about 1 1/2 hours.

Shape dough into a roll 18

inches long. Place on greased baking sheet. With sharp knife make 1/4-inch deep slashes in top of loaf, about 1 1/2 inches apart. Brush with water. Set in warm place and allow to rise to double in bulk, about 1 hour.

Brush again with water. Bake in 425 degrees oven 15 minutes. Brush a third time with water and sprinkle poppy seed on top. Bake 15 minutes longer. Makes 1 loaf.

Easy Saffron Bread
1 cup milk
3 tablespoons sugar
2 tablespoons butter or margarine
2 teaspoons instant minced onion
1/4 teaspoon crushed saffron pieces

Let rise to more than double in bulk; about 40 minutes. Stir batter down and beat vigorously 1/2 minute. Turn into greased 1 1/2-quart round casserole; sprinkle top with caraway seed. Bake in 375-degree oven 1 to 1 1/2 hours. Makes 1 loaf.

2 teaspoons salt
2 packages active dry yeast
1 cup warm water
4 1/2 cups all-purpose flour
caraway seed

Scald milk. Stir in sugar, butter, onion, crushed saffron and salt. Cool to lukewarm. Sprinkle yeast over warm water in a large mixing bowl. Stir until dissolved, then add milk mixture. Add flour; stir until well blended. Cover and set in warm place.

Let rise to more than double in bulk; about 40 minutes. Stir batter down and beat vigorously 1/2 minute. Turn into greased 1 1/2-quart round casserole; sprinkle top with caraway seed. Bake in 375-degree oven 1 to 1 1/2 hours. Makes 1 loaf.

Call Off Prison Sit-Down Strike

Was Mostly Protest Against Daily Menu

JACKSON (AP)—Settlement of a sitdown strike at the State Prison of Southern Michigan was reported yesterday.

"We appealed to their sense of fair play and the prisoners agreed to cooperate," said Louis Uless, administrative assistant to Warden George Kropp. "They agreed to go back to work as of today."

The peaceful strike, involving some 700 inmates of the world's largest walled prison, was mostly a protest against the prison menu.

Prisoners objected they were being given too many soft foods and asked for more meat in the menu.

Uless said a check of the menu was promised and the prisoners were told the menu would be changed where it was possible.

SOME GET STEAK?
"This doesn't mean they'll all be getting steak for dinner today," he added.

It was explained that with a limited number of cooks and the large number of men to feed, certain items are easier to prepare than others.

The prisoners objected they were getting too many soft dishes such as macaroni and cheese, chili and casseroles.

The strike started in the stamping plant, which manufactures license plates, and spread to other sections of the prison industries.

There was no violence and no threat to prison security, Uless said.

BOAT PLATES AFFECTED

The strike affected sales of boat license plates, due to start today.

The boat plates were stamped out but were not packaged for delivery. Secretary of State James Hare urged boat owners to check with local license plate offices before going to purchase the plates.

AP Photofax

OFFICER REINSTATED — Michael B. Hannon, a Los Angeles police officer who was suspended from his job for six months for participating in civil rights demonstra-

tions, went back to work yesterday following his reinstatement. He was assigned to a small booth in the city treasurer's office in which he can't smoke or read.

Mother Angry at Draft

A Christmas Not So Merry

DENVER (UPI) — Mrs. Norma Riedel knew her 19-year-old son was going to be drafted.

But when the word came for the young pressman's helper to report two days before Christmas, she started her own war. Mrs. Riedel had formidable foes—President Johnson and the U. S. Army.

In identical telegrams sent yesterday to Johnson and Fifth Army headquarters in Chicago, the suburban Denver mother said.

"One of America's mothers would like to know if our war position is so crucial that we have to draft our son during Holy Week. Or are we just taking the Christ out of Christmas."

She said she was "just stunned" when she received word yesterday ordering her son, Robert Schnabel, 19, to report for induction at 7 a.m. Dec. 23.

"IT'S HIS DUTY"
"I want my son to serve. It's his duty," Mrs. Riedel said. "But I don't want him on the plates."

the road with a bunch of strangers on Christmas Eve."

She said it would be Robert's first Christmas away from home.

"I'd rather he go right away so he could be situated some place," Mrs. Riedel said. "Aren't all those captains, colonels and sergeants going to be off for Christmas?"

Robert said he is ready to go into the Army. He said he does not like the fuss his mother is making.

"I could go into the National Guard," he said, "but I'd rather put in this hitch and get it over with."

Mrs. Riedel said it was "unfair" to induct youths at Christmas.

"Two or three more days won't make that much difference in Viet Nam," she said.

Col. Howard E. Reed, Colorado selective service director, said the monthly draft calls come from Chicago and nothing can be done locally.

"There will be a lot of boys over in Viet Nam this Christmas," he said.

Tailor-Made Antibodies Viewed for Near Future

By RALPH DIGHTON

PASADENA, Calif. (AP) — Research in the molecule-size jungle warfare going on constantly in our bloodstreams has generated a new theory which could lead to factory-made immunity against germs and viruses.

The theory is that the ability to produce antibodies, which plasma cells in the blood manufacture in countless variety to combat viral and bacterial invaders, is inherited.

This would explain why some people are more resistant to a given disease than others.

If the theory is proved out, one researcher believes plasma cell cultures can be selectively bred to yield antibodies against many kinds of bacteria and viruses—even those which have not yet evolved.

BODY PROTECTION

"And someday," he says, "man-made antibodies will be in use to manufacture tailor-made antibody molecules to protect us against disease."

The researcher is Dr. William J. Dreyer, professor of biology at the California Institute of Technology. Dreyer and Dr. J. Claude Bennett of the University of Alabama proposed the theory in recent proceedings of the National Academy of Science.

In an interview, Dr. Dreyer said he and Dr. Bennett, and many others, have found evidence that each blood plasma cell carries a blueprint in its genes for making a particular kind of antibody.

Genes are tiny structures in the nucleus of all cells which direct growth and function. They assure that children will be much like their parents, apparently even in the ability to produce antibodies.

ATTACHMENT

Dr. Dreyer describes antibodies as worm-shaped molecules, each designed to attach itself to a certain kind of virus or bac-

teria — called an antigen — as a key fits into a lock.

Several antibodies can attach to one antigen, in effect creating a capsule around it and making it harmless.

Dr. Dreyer and Dr. Bennett believe that a part of each antibody is made by a particular gene active in all plasma cells. The rest of the antibody, they propose, is made by some other gene which is not active in all plasma cells.

Since antibodies, like all life molecules, are made up of chains of amino acids strung together like beads, and scientists are learning to make and string these beads in laboratories, Dr. Dreyer believes antibodies eventually will be produced synthetically. "Selective live tissue-culture production of antibodies may come within five years," he says. "Mass production of antibodies by chemical machines may take decades, but I believe it will come."

LBJ Calls Rusk, Freeman for Talks on Growing Food Shortage in India, Pakistan

JOHNSON CITY, Tex. (AP) — President Johnson called Secretary of State Dean Rusk and Secretary of Agriculture Orville L. Freeman to the LBJ Ranch today to discuss America's role in combating looming food shortages in India and Pakistan.

The threatened food crisis abroad is developing at a time when big and costly food surpluses are evaporating in the United States, making it more difficult for this country to meet foreign demands for foodstuffs.

Johnson wanted to discuss the complex situation with Rusk and Freeman as part of his preparation for a meeting here or in Washington later this month with President Mohammed Ayub Khan of Pakistan.

India, too, is very much a

part of the picture and her prime minister, Lal Bahadur Shastri, is expected to visit Johnson and his top advisers soon, perhaps next month.

'Quit My Sight'

Prowler Flees Macbeth

WHITCHURCH, England (AP) — The scene: a garden in Shropshire. The time: midnight.

Frank Rawlings Grocott, retired thespian, lies reading in a summerhouse, dressed as a copy of Anne Hathaway's cottage.

Enter a burglar.

Grocott emerges from summerhouse bearing lantern and sword and shouts:

"Avant! And quit my sight! Let the earth hide thee! Thy bones are marrowless, thy blood is cold!"

Exit burglar, running.

Grocott explained that he saw the prowler fiddling with a window of the main house.

"It called," he said, "for drastic action. Macbeth seemed to fit."

must reach decisions soon on how the United States can best contribute to easing the growing food shortages of India and Pakistan — shortages which Indian officials predict may reach famine proportions.

There is the question of how much food — notably wheat — the United States can offer. And there are related questions about reshaping some aid programs to promote increased food production within the two countries.

Moreover, the situation is complicated by two other factors:

Food shipments have been put on a month by month basis since India and Pakistan got into a military scrap, now held by a truce, over disputed territory. India in particular wants longer-range assurances of food shipments.

The United States is taking a tougher attitude toward selling surplus foods for local currencies. It wants to make more sales for dollars and avoid adding to the hoard of foreign soft

Find Ancient Tomb by Bulgaria Town

SOFIA, Bulgaria (AP) — A living in the Danube Basin which today is part of Bulgaria and Romania.

The Princess was a member of the Thracian Aristocracy, and was bedecked with golden earrings showing sirens, gold spangles, and gold buttons. Arrows, spears, clay vessels, and a mirror were found in the tomb.

The Thracians were a highly civilized Indo-Germanic tribe which today is part of Bulgaria and Romania.

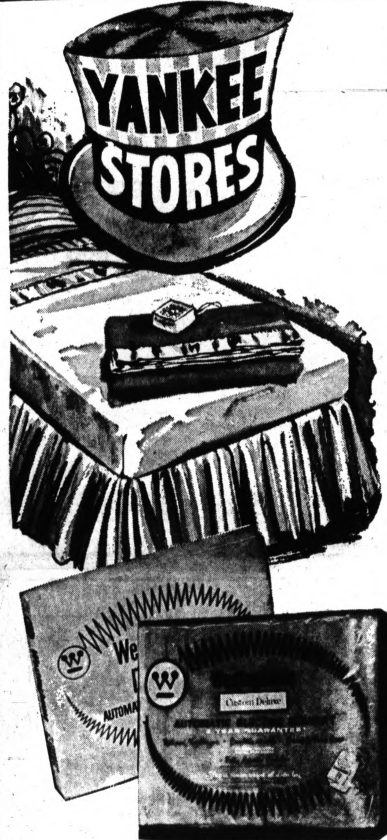

Customs Violation

MOUNT CLEMENS (AP) — Wallace S. Gerlach, 59, of Mount Clemens was fined \$578 Wednesday by the Bureau of Customs of the Treasury Department for illegally transporting whisky into the United States from Canada. Officers said Gerlach brought seven cases and three bottles of whisky into the country Sept. 16 aboard his boat.

during the conference at the Mackinac Bridge Authority said Wednesday traffic across the span reached an all-time high in November, with 117,263 vehicles making the trip. The figure compares with 95,381 crossings in November, 1964.

Former Northville Prep Star Honored

MSU's Steve Juday Named to AP All-America Team

NEW YORK (AP)—Steve Juday, who quarterbacked Michigan State through an undefeated season, was named on the Associated Press All-America football team announced Wednesday.

The former Northville high

school star brought the Spartans from a so-so campaign in 1964 to the No. 1 position in the national ratings this fall.

He passed for 1,137 yards and seven touchdowns at MSU defeated 10 opponents en route

to winning the Big Ten championship. The senior signal caller also rushed for 133 yards.

Rounding out the offensive backfield are Heisman Trophy winner Mike Garrett of Southern California, Donny

Anderson of Texas Tech, a runner on the AP team, and Illinois fullback Jim Grabowski.

Notre Dame's Nick Rasmussen, Johnny Roland of Missouri and George Webster of Michigan

State are the defensive backs selected on the 23-man squad which takes into account the two-planet game.

The 23rd man is Charley Gogolak, the Hungarian-born, soccer-style placekicker from Princeton.

The inclusion of a placement specialist does not indicate the establishment of a precedent but rather honors a player of remarkable, record-breaking ability in this field.

Gogolak converted all 33 conversion tries and booted 16 field goals from as far away as 54 yards for 81 points.

All first team players were hard pressed by other candidates but none more than at halfback and offensive center.

TWO EDGED

Syracuse's Floyd Little was an outstanding ball carrier edged by Garrett and Anderson. Pat Kilgus, 1964 All-America offensive center from Syracuse, was bumped to a second team berth by once-beaten Alabama's Paul Crane. The latter is a two-way athlete who goes in at line-backer at critical stages and is tabbed by Coach Bear Bryant as Alabama's best all-around player.

For the second successive year, NFL prime pick Tommy Nobis of Texas, much better known as a line-backer, was named as offensive guard.

Nobis has so much ability he is the interior lineman best suited for double duty, saw plenty of action on the attack for the Longhorns and received consideration by Southwest board members at both positions.

Nobis, picked in pro first rounds by Atlanta and Houston, is joined at guard by a future choice of '64, Notre Dame's versatile Dick Arrington who also worked at defensive tackle. He was drafted by Cleveland of the NFL and Boston of the AFL.

Glen Ray Hines of unbeaten, untied Arkansas and Purdue's Karl Singer, Boston Patriots' first round draftee, are at offensive tackle while the incredible

Howard Twilley of Tulsa and Florida's Charles Casey operate from the ends.

On defense the line-backers are Oklahoma's Carl McAdams, Tennessee's Frank Emanuel, and Dwight Kelley of Ohio State. Aaron L. Brown of Minnesota and Ed Weisacosky of Miami of Florida are the ends, Nebraska's Walt Barnes and Arkansas' Lloyd Phillips the tackles and George Patton of Georgia the middle guard.

Brown, Kansas City, and McAdams, St. Louis, were

quick pro choices. The defensive line and line-backers average 229 pounds.

Garrett followed his Heisman selection with a 112-yard, three-touchdown effort in his varsity finale. It enabled him to set a national collegiate three-year rushing record of 3,168 yards, bettering the mark of 3,166 set by Ollie Matson 1949-51.

In 10 games Garrett rushed for 1,440 yards and 15 touchdowns, caught nine passes for 94 yards and a score, completed two of the four passes he at-

tempted for touchdowns and hauled back kicks a total of 340 yards.

Anderson, an almost unprecedented first round future pick of the Green Bay Packers a year ago, found himself in a new flanker role this season when Tech had to alter its offense due to injuries. He wound up rushing 706 yards, catching 60 aerials for 797 yards, returning 22 kickoffs for 541 and five punts for 64.

Says Anderson's coach, J. T. (Continued on Page D-3, Col. 1)

ALL-AMERICA-1965

Goovert Gains Recognition

Steve's Selection No Surprise

By FLETCHER SPEARS

The young man from Northville made good and it surprised no one.

Steve Juday is the young man, and for those who are not followers of college football, he quarterbacked the Michigan State Spartans to a 10-0 record this season, a campaign that included the Big Ten Conference championship.

And come New Year's Day, Juday and the Spartans will take on UCLA in the Rose Bowl.

Numerous honors have been heaped on this personable young man during the past seven years—in high school at Northville and college at MSU—but perhaps the greatest honor of all for a football player came today when he was named quarterback on the Associated Press All-America team.

The United Press International All-America squad was also announced today and Steve made the second team at quarterback, losing the first-team spot to Purdue's Bob Griese.

Another former county star who tolled with MSU's defense

this season also came in for a share of All-America honors.

He's Ron Goovert, a 5-11, 205-pound line-backer, who was named to Look Magazine's All-America defensive squad, and he landed a berth on UPI's second team plus an honorable mention on the AP team.

"This came as no surprise," said a well-pleased Northville coach Ron Horwath, when informed of Juday's selection.

"Well, maybe it was a sur-

prise in a way, Horwath continued.

"We knew it was Steve's great leadership that brought him through. They (MSU) played a type of offense that didn't need a great passer.

"We knew he'd play ball when he went to State. I felt he was the finest defensive back we ever coached, and we told them at State that if they needed a defensive back he could do the job."

PREP STAR

Juday climaxed a successful high school career at Northville by leading the Mustangs to a 9-0 record and the Wayne-Oakland League championship in 1961.

Following that '61 performance, Steve collected the Outstanding Player Award, given to the top Oakland County football player each year, along with All-State recognition.

Steve's football success continued at Michigan State.

Coach Duffy Daugherty handed him the starting assignment at quarterback in his sophomore year (1963), and (Continued on Page D-3, Col. 5)

RON GOOVERT

Little Time for Bowlers

Time waits for no one, not even bowlers who wait too long to enter a tournament which could earn some Christmas money.

The deadline for the Pontiac Open City Bowling Championship is at midnight tonight. Entries should be delivered, mailed or called in to either 300 Bowl or Huron Bowl.

The handicap tournament based on 70 per cent of scratch offers a big purse headed by an \$800 first prize.

Qualifying score to shoot for is "601" and this will move the bowler into the semifinal round a week from Sunday.

U-D Five Triumphs; CMU Nips Western

By The Associated Press

Games involving three of Michigan's major college teams featured the first big night of basketball action in the state Wednesday.

Two of the teams—Michigan and Detroit—won, but Western Michigan was ambushed by Central Michigan.

U. of D. had its hands full with Aquinas, before winning 83-76.

Central Michigan nipped Western Michigan, 76-73, with Don Edwards and Willie Iverson each getting 16 points for the winners and Bill Yearnd icing the triumph with two free throws with 17 seconds remaining.

Michigan Tech edged Superior, 83-79; Adrian thumped Oberlin, 79-56; Eastern Michigan came out getting 16 points for the winners and Bill Yearnd icing the triumph with two free throws with 17 seconds remaining.

Michigan Tech edged Superior, 83-79; Adrian thumped Oberlin, 79-56; Eastern Michigan came out getting 16 points for the winners and Bill Yearnd icing the triumph with two free throws with 17 seconds remaining.

Aquinas stormed back and narrowed the gap to four points, 80-76, before the Tikes regained control to take command again.

Dennis Alexander of Aquinas topped all scorers with 32 points.

Michigan Slips by Tennessee

ANN ARBOR (UPI)—Michigan got more than it expected from a stubborn and surprisingly strong Tennessee team before Cazzie Russell took over to lead the Wolverines to a 71-63 opening game victory.

The Wolverines, ranked second in the preseason poll, found the Volunteers reluctant to roll over and play dead. A shorter Tennessee team kept abreast with the Wolverines on the boards throughout the game.

Michigan shot out to a 7-1 lead in the opening minutes with Oliver Darden and John Clawson sparking the play. Russell, who had a game high of 29 points,

failed to score in the first six minutes.

However, before the Wolverines could call it a rout Ron Widby led a determined comeback to knot the score at 10-10.

Michigan then pulled out to a slight lead and held it through the first half leaving the floor at intermission with a 37-34 advantage.

DELIBERATE GAME

Tennessee, playing a deliberate slow-moving game, had the Wolverines off stride through much of the first half and parts of the second half. But Michigan countered with an effective zone press that caused the Vols to make numerous mistakes especially in the last five minutes.

Widby topped Tennessee with 22 points while Austin Robbins notched 13. Clawson, a senior making his first start for the Wolverines, hit for 20 points to help out Russell.

Craig Dill, though the tallest man on the floor at 6-10, scored only one basket.

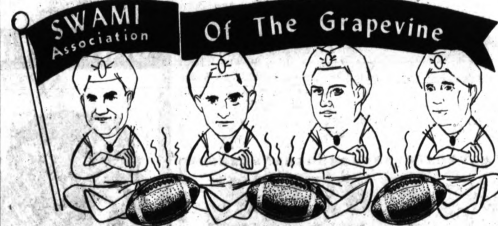

Michigan Tech trailed in its game until the final minute of the first half. The Huskies extended their lead to 16 points midway through the second half, then had to scramble after (Continued on Page D-4, Col. 6)

SPORTS

Aussies' Ace Runner to Duel Record Holder

MELBOURNE, Australia (AP)—Australian distance star Ron Clarke will meet Kenyan world record breaker Kipchoge Keino over 5,000 meters in Melbourne Dec. 21.

It will be their first clash since Keino broke Clarke's world record for the distance by 1.5 seconds, clocking 13:24.2 at Western Springs Stadium in Auckland, New Zealand Tuesday night.

The Grapevine is bare! Swami Spears claims the title after last week's debacle which saw four big games end in ties and Swami Craig falling from one game to four games behind Swami Spears.

This week's light college schedule completes the Grapevine for the season, and unless Swami Spears misses most of them the chairmanship of 1965 belongs to him.

In a last ditch effort Swami Craig goes for the upsets this week. Swami Kearns saved his best for last, missing only four last week and now has hopes of pushing Swami Vogel out of third spot. This is possible but not probable as Vogel has a five-game edge.

On with the final prognostications:

Chiefs, Huskies Invade Flint Tomorrow

League Action on Two Fronts

The battle for honors in the Wayne-Oakland and Oakland A leagues gets under way tomorrow night with a full slate of action scheduled for both loops.

In the W-O, defending champion Bloomfield Hills has a date at West Bloomfield, Northville entertains Holly, Clarkston visits Brighton and Clarenceville journeys to Milford.

In the O-A, pre-season favorite Rochester visits Warren Cusino, Avondale plays host to defending champion Troy, Madison visits Clawson and Lake Orion entertains Fitzgerald.

Bloomfield Hills dropped its opener Tuesday night at Oak Park, 6-4, but the Barons will be favored to taste victory against the Lakers, who'll be opening their '66 season.

Northville's Mustangs, who romped to an easy win over South Lyon Tuesday, have most of last year's squad returning and are favored to dethrone Bloomfield Hills.

SPARKS ATTACK

Sparking the Mustangs is Jerry Inland, a center-forward, who poured in 27 points in the win Tuesday.

Clarkston is led by guard Dan File, who posted a 17.5 average last year, and with the slender junior in the lineup, the Wolves should have little trouble with Brighton, which dropped its season opener to Howell Tuesday.

Rochester's hopes are cen-

tered around Bob Mills, a 6-2 senior forward who has earned two letters with the Falcons.

Troy lost a lot of talent from last year's squad that posted a 12-1 record. Much of the scoring responsibility will be dropped on the shoulders of 6-3 forward Bruce Baas.

Avondale will have strength around the basket in 6-5 senior Dave Erwin, who can play either forward or center.

Lake Orion may pull a surprise and Fitzgerald could be the first to feel it.

The Dragons have 6-5 Dennis Brophy, who'll team with forward Roy Kibbe (6-3) and guard Dave Dewey. If coach George Elias comes up with a couple of other steady starters, the Dragons could breathe some fire.

The Dragons have 6-5 Dennis Brophy, who'll team with forward Roy Kibbe (6-3) and guard Dave Dewey. If coach George Elias comes up with a couple of other steady starters, the Dragons could breathe some fire.

The Dragons have 6-5 Dennis Brophy, who'll team with forward Roy Kibbe (6-3) and guard Dave Dewey. If coach George Elias comes up with a couple of other steady starters, the Dragons could breathe some fire.

The Dragons have 6-5 Dennis Brophy, who'll team with forward Roy Kibbe (6-3) and guard Dave Dewey. If coach George Elias comes up with a couple of other steady starters, the Dragons could breathe some fire.

WINNING FORM

Pontiac Central's Ken Frank shot diving honors in the opening swim meet of the season as PCH whipped Flint Central, 78-27. Frank had a total of 173.80 points.

PCH Tankers in Easy Win

Sophomore John Mason captured two events last night in leading Pontiac Central's swimming team to a 78-27 victory over Flint Central in a Saginaw Valley Conference opener for both squads.

Mason posted a time of 2:29.1 in taking the 60-yard freestyle event, and he took the 100-yard butterfly with a time of 1:09.7.

The visitors took only two events. Randy Hansen took the 100-yard breaststroke and Dick Hiltch won the 400-yard freestyle.

USE ROOKIES

Boston played without blue-line regulars Leo Bolvin, Ted Green and Al Langlois and used rookies Barry Ashbee, Dallas Smith and converted forward Ed Westfall in the emergency.

The victory moved Chicago into a first place tie with Montreal. The Bruins remained tied for fifth place with Detroit, three points back of the Rangers, who had to settle for a tie after blowing a 2-0 lead to Toronto.

St. Louis 5 Ends Slump, Tops Pistons

DETROIT (AP) — Zemo Reaty and Bill Bridges provided the scoring power and rebounding as the St. Louis Hawks ended a 10-game road losing streak by beating the fading Detroit Pistons 110-101 Wednesday night in the second half of a National Basketball Association double-header.

In the opener, the Baltimore Bullets made it three straight victories and four out of their last five games by crushing the New York Knicks 139-125.

St. Louis had last won on the road in its season's opener at Cincinnati on Oct. 15.

Ray Scott led the losers with 23 points.

Lloyd Leaves Pistons

DETROIT (AP) — Earl Lloyd, chief talent scout for the Detroit Pistons since 1958, Wednesday announced his resignation to work for Dodge division of Chrysler Corp. Dennis Butcher will take over scouting duties for the club.

WINNING FORM — Pontiac Central's Ken Frank shot diving honors in the opening swim meet of the season as PCH whipped Flint Central, 78-27. Frank had a total of 173.80 points.

Toronto, N.Y. Tie

Hull Back, Hawks Win

By The Associated Press

Bobby Hull is back and doesn't the Bruins know it.

The Bruins, harboring ambitions of climbing out of the depths in the National Hockey League standings, ran into Hull Wednesday night and came off second best, 4-2.

In the only other game played Wednesday, Toronto rallied with a pair of third period goals to beat the New York 2-2.

Hull, who had sat out four games with a damaged knee after scoring 15 goals in his first 12 games, turned playmaker against the Bruins, who played without three regular defensemen.

The Golden Jet set up goals by Doug Mohns, Doug Jarrett and Chico Maki and blazed one shot at Boston's rookie goalie, Bernie Parent, that nearly tore the youngster's right hand off.

Parent, who again stood out in the Bruins' nets suffered an injured finger on the play and had to leave the game late in the third period when the finger began to bother him.

Four Ski Resorts Announce Opening

GRAND RAPIDS (AP) — Four resorts plan to open for skiing Saturday, the West Michigan Tourist Association reports in its first official weekly report of the new season.

Areas and conditions follow:

Boyne Mountain, Boyne Falls — 14 inches natural snow; making snow the past week; skiing excellent; opening Saturday.

Caberfae, Cadillac — 4-6 inches base; skiing fair to good; opening Saturday on limited basis.

Crystal Mountain, Thompson Valley — Opening Saturday; four inches packed snow on three runs; making snow.

Mt. Manalunga, Manalunga — 6-8 inches firm snow base; skiing good; opening Saturday.

Ring Vet Rodriguez After 10th in Row

LOS ANGELES (AP) — Ring veteran Luis Rodriguez of Miami, Fla., guns for his 10th straight victory of the year and a possible title match with middleweight champion Dick Tiger when he faces Eddie Pace of Santa Monica, Calif., tonight.

Rodriguez is better than a 2-1 choice to defeat Pace over the 10-round route at the Olympic Auditorium.

Heads Swim Group

WASHINGTON (AP) — Walter J. Schlueter of Arizona State University at Tempe became president of the American Swimming Coaches Association today.

Indian Quintet, Southwestern Are Road Foes

N. Farmington Plays Kettering; Vikings 5 Plays First Game

Pontiac Northern and Central will don traveling uniforms tomorrow night as they invade Flint to take on a pair of the Auto City's quintets.

Flint Central plays host to PCH's Chiefs in a Saginaw Valley Conference contest, while Southwestern entertains the Huskies of PNH.

The game is the first of five this month for PNH before it begins Inter-Lakes League play in January. Other I-L teams opening tomorrow are Walled Lake, against visiting Plymouth, and Farmington, entertaining Livonia Bentley.

Waterford is idle after dropping its debut at PCH Tuesday night. Kettering of the Tri-Country circuit will travel to North Farmington (Northwest Suburban AA).

Coach Dick Hall of PNH says the Huskies give a tough opening win to Southwestern on the home floor last season, and will see two familiar faces tomorrow in Flint.

While Roy McMurray has few returns from last season's 14-7 team, two of them are Roy West (6-1) and Jesse Mangham (6-3). Both faced PNH when the Colts rallied for a slim victory. The other veteran is 6-3 Wayne Malin, a junior.

STARTERS

Starting for Northern will be 6-5 Larry Frye and speedy guard Bob Harris from last year's I-L championship regulars. Jack Brown, a 6-1 junior forward, appears a definite starter, also.

In the battling for the other forward spot are sophomore Dennis Cain and junior Tom Webb (both 6-2). The remaining guard role will go to Jim Hester or Archie Powell.

Pontiac Central's impressive win over Waterford, a 74-47 rout, has made the Chiefs the favorite over Flint Central. The Indians — small and lacking experience — were trounced by Ann Arbor last Saturday.

Still, the Indians showed good shooting potential and will have the home floor advantage. PCH will need to utilize its rebounding edge and quickness to get a fast start in the Saginaw Valley Conference race.

Coach Fred Zittel is expected to stay with the same starting lineup, at least until some of the promising reserves can get game experience as substitutes.

Kettering should have its hands full at North Farmington. The Raiders have several key starters back from the team that shared the NWSAA title last season.

Rick Lorenz and Rich Schultz combined for a 33-point average last season and are back to do battle under the boards.

LACKS HEIGHT

Kettering doesn't have the height to offset them, but returns Dick Miceli and Bob VonBargen may pick up scoring burden after fine sophomore season.

Walled Lake is debuting under new coach Ken Butler with John Huebner, Russ Streeter, Terry Lehman and Jack Ashby as veteran winners from the Viking team that reached the state class A quarter-finals last winter.

NEW YORK (AP) — Weeb Ewbank, who coaches the highest-priced bonus rookie of them all — Joe Namath — says the practice of giving big money to sign untied college football players has reached the point of foolishness.

"It's silly, just silly, what these kids are asking and what they're getting," the coach of the New York Jets said Wednesday.

"Even the bonuses for the good ones are out of line. And all of them, all down the line, want at least \$20,000 or \$25,000 to sign."

Ewbank said one of the Jets' lower choices in this year's draft demanded a \$20,000 bonus. "I was told he wasn't even considered outstanding in his own conference, so I told our man to let him go," he added.

IDENTIFIED

The player later was identified as Preston Ridelhuber, a Georgia halfback who signed with the San Francisco of the rival National Football League.

Ewbank indicated the Jets were not concerned about losing some of the lower draft picks, saying, "When you get past the first few rounds, you're only grabbing names."

Sonny Werblin, owner of the American Football League Jets, went on a stratospheric signing spree last season, in signing rookies and reportedly laid out \$250,000 to land his No. 1 choice this year — Jackie Bill Yearby of Michigan.

Otherwise, the Jets haven't

Spartan Quarterback Among Grid Elite

(Continued from Page D-1) a guy outgains your whole team," Indiana coach John Pont said after Grabowski rushed 180 yards in that game.

"It's a heck of a note when The big power back shattered

three Big Ten rushing records—three-year: 2,106; previous 2,019 by Alan Ameche; season: 996; previous 919; J. C. Caroline, season attempts: 201, previous 178, Bob White. He also topped most of the Caroline and Red Grange standards at Illinois.

BIG HANDS

Twiley is the 5-foot-10 phenomenon with the huge hands and amazing moves who broke every NCAA game and season reception mark.

Runner-up in the Heisman balloting, he is the first line-man ever to win the NCAA

scoring crown on his 127 points.

He caught 134 passes for 1,779 yards and 16 TDs. His coach, Glenn Dobbs, calls him:

"The greatest pass receiver who ever lived, an honor student and a great competitor."

Florida's Casey cracked two Southeastern Conference standards as he grabbed 58 aerials for 809 yards and eight scores.

Little, Michigan State's Clinton Jones, Idaho's Ray McDonald and Steve Spurrier of Florida make up the second team offensive backfield.

Ex-Hazel Park Star Honored

(Continued From Page D-1) Steve had the squad headed for the Big Ten title until a shoulder separation forced him out of action.

The Spartans went on that year to finish in a tie with Ohio State for a second place in the Big Ten with a 4-1-1 record, missing the title and a trip to the Rose Bowl when they lost a 13-0 decision to Illinois on Thanksgiving Day.

After the near miss in '63, the Spartans tumbled last year to a 4-5 record, 3-3 in the Big Ten, with a relatively young team. No one expected much of the squad this season.

Behind Juday, the squad caught fire and sailed through a rugged schedule unbeaten.

GREAT LEADER

Daugherty was mentioning Juday in terms of an All-American player a few weeks back. "We wouldn't be half the team we are without Juday," says Duffy.

"He is a great leader and all-around talent. He is a fine passer and he's proved there is more danger in the threat of the forward pass than in the pass itself."

"He has broken every school passing and total offense record in the MSU book and he had to top the achievements of men like Earl Morrill, Jim Nowinski, Tom Yewsis, Al Darow and Dean Look."

Goovert starred as an end and linebacker in high school and was named to the All-Oakland County team along with Juday in 1961.

At Michigan State, Goovert held down a linebacker post with the best rushing defense in the nation this past season.

"The best linebacker in the country," said Daugherty on a number of occasions.

"He was the mainstay on defense as a middle linebacker, even though he weighed only 165," said Chuck Skinner, Hazel Park football coach.

"In fact, he was so small that when we took him up to see Duffy following graduation, we had him put on his dad's big overcoat to make him look bigger."

PAJAMAS—comfortable, roomy combed cottons. Prints or solids, contrasting trim.

TARTAN ROBES—of Vellona fabric finely tailored, authentic colors and patterns. Three roomy matched pockets.

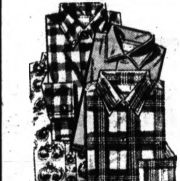

DRESS SHIRTS—to team up with his favorite suit. Comfort proportioned, collar and cuff style.

NECKWEAR—from our very carefully chosen collection of today's most-wanted colors and patterns. Pure silks, challis, blends from.

LEATHER GLOVES—Light, supple pigskin or cowpkin for warm, comfort. Fine workmanship.

SPORT SHIRTS—drip dry fabrics, solids or patterns, smartly styled.

CARDIGANS—luxurious lambswool in long sleeve and sleeveless styles. Top fashion shades with contrasting trim.

JEWELRY—Cuff links, tie bars, gold or silver, plain or with semi-precious stones.

LEATHER WALLETS—Key cases, pocket secretaries, handsomely crafted leather.

MUFFLERS—rich cashmere - and wool blend for soft luxury, extra warmth and wear. Plain or patterned.

Jacoby on Bridge

By JACOBY & SON
Active defense consists of making attacking plays that involve risk. Passive defense consists of playing safe and waiting for declarer to play to you. The winning player should know how to combine the two.

West considered a passive lead of a trump but came to the conclusion that active defense was indicated so he opened the ace of spades. This set up dummy's king and

a diamond or heart and West would be able to discard on it. Hence it was essential that West continue his active defense by promptly shifting to

Neither vulnerable

West	North	East	South
♠ 8 5 3 2	♠ K 8 3 2	♠ 7 4 3	♠ A 10 9 8
♥ 10 9 8	♥ 7 4 3	♥ 6 5 4	♥ 2
♦ 10 9 8	♦ 7 4 3	♦ 6 5 4	♦ 2
♣ 10 9 8	♣ 7 4 3	♣ 6 5 4	♣ 2

Opening lead—♠ A

South discarded one heart on the king of spades, but had to lose a heart trick eventually.

♦ CARD SENSE ♦
Q—The bidding has been: West North East South
Pass 2♦ Pass 2♥
Pass 3♦ Pass 3♥
You, South, hold:
♠ A J 7 6 5 4 3 2 ♣ K 9 8 4 3 2 ♦ 10 9 8 ♣ 7 6 5 4 3 2
A—Bid three no-trump. Your partner may hold only two spades and your queen of diamonds should be of great value at no-trump.

TODAY'S QUESTION
Instead of bidding three spades, your partner has jumped to four spades over your three hearts. What do you do now?
Answer Tomorrow

Astrological Forecast

By SYDNEY OMAR
For Friday
The wise man controls his destiny. Astrology points the way. All indications encourage initiative, originality and action. Cycles of change, new ideas, new personality and appearance. Encourage constructive change. CREATIVE CHALLENGE.
TAURUS (Jan. 20-Apr. 19): Secretly not to be disclosed. Act on available information of friends or associates. Don't let yourself down to one who is not your equal. Aries (Jan. 20-Mar. 20): Excellent evening for social activity. Spent time with friends. Don't be too full of yourself. Cancer (June 21-Jul. 21): You may be called upon for extra duty. Don't brood. Check details. Realize you are the one to receive praise. Discovery possible which lifts you further toward ultimate goal.
LEO (July 22-Aug. 23): Find the way of things. Don't be satisfied with superficial indications, answers. Good lunar aspect indicates knowledge, travel. Gain through publishing, advertising, written word.
VIRGO (Aug. 23-Sept. 23): Push forth. No time to be taken. Look and observe. Material gain likely if you are confident. Make or pursue goal come up with INVESTMENT OPPORTUNITY.
LIBRA (Sept. 23-Oct. 23): Important to guard against falling into the hands of a snake. Utilize innate sense of intuition. Carefully weigh various considerations. Close to financial success.
SCORPIO (Oct. 23-Nov. 21): Key to accomplishment. Pieces fall into place. Success becomes clear. You are able to move with confidence. Four strong influences can be used. You can gain cooperation from basic sources.
SAGITTARIUS (Nov. 22-Dec. 21): Fine for making announcements. Opportunity for wide appeal exists. Personal matter of high importance. Member of group also see due to 414.
CAPRICORN (Dec. 22-Jan. 19): Note

"I think that I speak for our entire board when I say that we feel LBJ doesn't love us any more!"

GIFT FOR HORSE—Actor Alan Young has solved the problem of a Christmas gift for Mr. Ed, his television co-star. He gave the talking horse a sweater that matches his own, including elbow pads and pockets. Mr. Ed has a 73-inch waist, so his sweater required 34 skeins of yarn.

U.N. Unit Turns Attention to Complete Disarmament

UNITED NATIONS, N. Y. (AP) — The General Assembly's main political committee today turned its attention to the last disarmament item on its agenda — general and complete disarmament.

The 117-member committee yesterday sent to the General Assembly a resolution to make Africa a nuclear-free zone. The resolution sailed through the committee by 105-0 vote with three abstentions.

The committee previously acted on resolutions calling for treaties banning the spread of nuclear weapons and extending the partial nuclear test ban treaty to include underground experiments.

It also approved a resolution urging the convening of a world disarmament conference to be held not later than 1967 including the participation of Communist China.

The General Assembly adopted all three resolutions and was expected to take up the denunciation of Africa tomorrow.

MAJOR POWERS
U. N. officials and spokesmen for some of the major powers continued to voice optimism that this current session of the General Assembly would be able to adjourn on schedule Dec. 21.

As work in the committees speeded up the administrative and budgetary committee yesterday voted 92-4 in recommending a French-spon-

sored resolution aimed at streamlining and strengthening the monetary operation of the heavily indebted United Nations.

According to provisions of the resolutions, which gained U. S., British and Soviet support, Secretary General Thant is to create a 12-man committee of financial experts to study all aspects of the United Nations' financial procedures.

It is hoped the recommendations of the committee would enable the world organization to avoid duplication in its specialized agencies and lead to a reduction of costs in all phases of its operation.

U. N. FINANCES
Thant himself is to draw up an analysis of the finances of the United Nations including the amount of money committed for the various U. N. peace-keeping operations which have become a source of deep controversy.

France and the Soviet Union have insisted they are not obligated to pay assessments for U. N. peace-keeping operations in the Congo and the Middle East.

The United States and Britain said it was their understanding that the AD HOC Committee to be set up under the provisions of the resolution would not impede the work of the 33-nation group established during the last session to study the overall problem of financing peace-keeping operations.

Loewe Stopped Composing to Concentrate on Pleasure

By BOB THOMAS
PALM SPRINGS, Calif. — he has donated royalties that through the chaparral. After may amount to a million dol-

lars, plus other gifts of cash. It music, reads or walks about the door, Frederick Loewe kicked was a significant but brief in- grounds. He seldom goes out for off his shoes interruption of the composer's dinner preferring to entertain and loosened his daily routine, which is devoted friends at his home.

"I'm not to the pursuit of pleasure. 64 YEARS OLD

Born in Vienna 64 years ago, Loewe came to this country in 1924 as a concert pianist.

"My first 21 years here were extremely lean," he commented. "It wasn't until 1946 that Lerner and I had our first success, 'The Day Before Spring.'"

He referred to his longtime collaborator, lyricist Alan Jay Lerner, whose "On a Clear Day You Can See Forever" recently opened on Broadway. It was the first work since "Camelot" for Lerner, who collaborated with Burton Lane after an unsuccessful attempt with Richard Rodgers.

Loewe philosophized: "You can't make a fine dinner merely by assembling the best of ingredients. Somebody must know how to cook it."

"Why should I?" he asked. "I am having too good a time as it is. All that is required for my kind of life is a good liver, peace of mind, and good health. Fortunately, I have all three."

LIKE A KING
With his returns from the shows, especially the epochal "My Fair Lady," he can live like a king — and does. He spends two summer months aboard his yacht on the Riviera. He takes September to tour the major capitals — Paris, London, Vienna, New York.

Then he returns here for nine months amid the desert scenery he loves. He insisted on showing the visitor the 13½ acres he has transformed from a rocky wilderness into a minor Shangri-La. He proceeded at a lope, displaying with enthusiasm his automatic waterfall, a pond of goldfish that come when called, a garden where he grows roses the year around, a grassy plateau overlooking the full sweep of the desert.

Loewe is up with the sun and by 6:30 may be pruning his roses or riding horseback

Drivers Favor Highway Crackdown

'Brassy' Youths Have Run of SAC Base

CASCADE AIR FORCE BASE, Calif. (UPI) — Sentries heaved to attention and gave snappy salutes as the lieutenant colonel and his two junior officers drove through the gates of this Strategic Air Command base. No one seemed to notice that the officer with the silver oak leaves on his shoulder was barely tall enough to see through the windshield.

But despite his lack of height, the sheriff's office disclosed yesterday, the 14-year-old "colonel" and two 13-year-old companions repeatedly entered this base in the uniform of officers last month.

In the course of about two weeks, Sgt. Gordon Tyler said, the youths made off with thousands of dollars in government equipment — including four trucks.

COOKIES FOR VIET NAM — Rebecca Johnson (right), home economics teacher at Waterford Kettering High School, samples some of the cookies made by Margaret Shears (left), 130 N. Josephine, and Julian

Students Engineer 'Airlift' for Viet GIs

American servicemen in South Viet Nam will not be forgotten this Christmas. Waterford Kettering High School students have seen to this.

Packages containing items ranging from peanuts and homemade cookies to magazines tonight will be loaded on trucks by students. Destination — South Viet Nam, by way of Selfridge Air Force Base.

An officer at the base has promised Waterford-Kettering instructor David Briston that the packages will be flown to front-line troops.

The Christmas goodie project was started last month when 1963 graduate David Allen, now serving with the U.S. Navy, made the suggestion in a letter to the student council.

Virtually all of the school's 1,486 students have participated.

Prior to receiving the letter, the student council and a few classes were considering Christmas projects, but none had been started.

The project is the students' reaction to recent demonstrations against the war in South Viet Nam, said home economics teacher Rebecca Johnson.

Also, at least two 1964 Waterford-Kettering graduates are stationed in South Viet Nam, and three other alumni are reportedly on the way.

Each student was asked to donate a small package accompanied by a letter. Most of them complied, according to Briston, who is the student council advisor and project chairman.

Although items such as gum, packaged soups, and popcorn were included among contributions, the emphasis was on "the domestic touch, particularly homemade goodies," said Miss Johnson.

Home economics and chef students prepared baked goods during class time. English students wrote letters, Miss Johnson said.

The students now plan to start their annual Christmas-basket project, benefiting needy families living in the township. Approximately \$2,500 was raised in last year's campaign.

State Doctors to Be Polled

Views on Proposed Merger Being Sought

A secret poll of Michigan's nearly 9,000 medical and osteopathic doctors will be conducted to determine their views on a possible merger of the two professions.

The poll is an outgrowth of two days of public hearings earlier this week before the House State Affairs Committee.

The hearings were held preparatory to further consideration in the next legislative session of a bill to provide state assistance for the osteopathic college proposed for Pontiac.

The college is to be located at Auburn and Odyke.

Rep. John J. Fitzpatrick (D-Detroit), committee chairman, said details of the poll are to be worked out with representatives of the Michigan State Medical Society (MSMS) and the Michigan Association of Osteopathic Physicians and Surgeons (MAOPS).

BY MAIL

The poll, asking several questions, will be conducted by mail. Physicians will not have to sign their names to the questionnaire.

Fitzpatrick said the forms would be mailed by Dec. 10. He expected the final tally to be completed by the middle of January.

Conflicting testimony was presented Monday and Tuesday on the amalgamation of the two doctor groups before the 13-member House committee.

A spokesman for the medical society said that his information was that a majority of the osteopaths were in favor of amalgamation.

DENIES CLAIM

A past president of MAOPS denied this claim, calling it a "misrepresentation of the facts."

Although the pending legislation does not contain a money appropriation, later consideration is expected for state operating and maintenance funds for the new medical institution.

Deadline Set on Insurance

WASHINGTON (AP) — March 31 deadline has been set for persons 65 and over to enroll in the voluntary medical insurance phase of the new health care program.

Those who fail to meet the deadline will have to wait two years for another chance.

Social Security Commissioner Robert M. Ball emphasized the deadline affects only those who will be 65 or older by Dec. 31.

Those who reach 65 after will have three months after the month in which their birthday occurs to enroll for the additional medical coverage.

The voluntary insurance costs \$3 a month and is designed to cover doctor bills and other medical expenses. The program, which goes into effect July 1, provided basic hospital insurance.

LBJ Sees Record U.S. Prosperity

JOHNSON CITY, Tex. (AP) — President Johnson told business leaders today he expects record prosperity without inflation in 1966. He called for wage-price restraint to help achieve that.

In an address prepared for delivery by telephone to the blue-ribbon business council, meeting in closed session in Washington, Johnson called for cooperative decisions by industry, labor and government to keep wages and prices in line with federal guidelines designed to guard against inflation.

In so doing, he cited the sacrifices of American troops in Viet Nam, saying: "We must support them here as they support each other there. We must equal their sacrifice and uphold their cause."

He restated his offer of unconditional talks aimed at ending the Viet Nam conflict — an increasingly costly war that has sparked public discussion of potential inflationary pressures in the months ahead.

"I have said it before. I say it again now. This nation is ready to talk, unconditionally, anywhere, with peace as our agenda," Johnson said.

'PEACE WILL COME'

"Peace will come because it must. It will come from courage, from constancy, and from concern. It will come because there is no other answer."

"Peace is our commitment. Peace is our goal. Peace will be the only victory we seek. And peace will come."

Johnson's long-distance address, an unofficial government advisory group, included many of the biggest names in American business.

For them he offered this forecast:

"We expect next year to be another record year for the American economy. We are ever alert to danger signs, of course, and when we see them, we will act accordingly. But we do not anticipate any major problem that confidence and cooperation cannot solve."

Johnson noted that wholesale prices have risen 2.3 per cent in the past 12 months while consumer prices have risen 1.8 per cent.

"This situation has now fairly stabilized," he said, "and we do not expect such an outbreak next year. In the past four months, both wholesale prices and consumer prices have been advancing at a rate of less than one per cent a year."

Public Opinion Poll in County Reflects Need

Faster Suspensions, Action on Drinkers Get Firm Following

Motorists in Oakland County — where traffic deaths set a record last year — are apparently in favor of a crackdown on drinking drivers, quick suspension of license for chronic violators and comprehensive driver education.

These are indications of a study just completed by county officials and citizens on behalf of the Oakland County Traffic Safety Committee.

The study was based on over 7,000 questionnaires sent county residents of almost every age and occupational group.

The results not only included percentages indicating public opinion, but also reflected individual comments.

"Current laws coddle the drinking driver," a plastic surgeon wrote on the questionnaire. "I did not say 'drunk' because you need only to have dulled reflexes for accidents."

CAN SEE RESULTS

"Come to my office," he concluded, "and I'll show you the unfortunate results."

Nine of every 10 persons questioned favored testing drivers for intoxication, with slightly stronger support coming from women.

Nearly half of those surveyed pinpointed restriction or suspension of the driver's license as the most effective way of dealing with violations.

A housewife — who rejected the concept of an "inherent right" to drive — said simply, "Drivers with bad records should not be allowed to drive."

POINT SYSTEM

Almost 70 per cent described as "fair" Michigan's present point system aimed at getting chronic offenders off the roads.

Ranked just behind license suspension as a means of improving road safety were stronger law enforcement and better driver education.

More than 80 per cent proposed that all drivers under a regular course of driver education before being licensed.

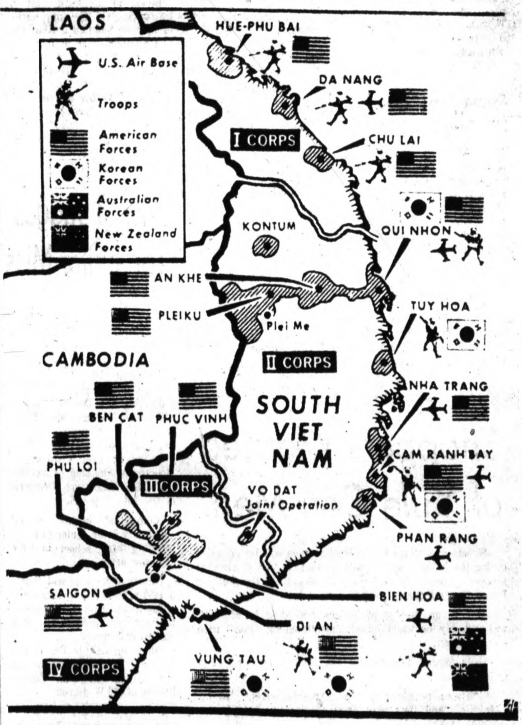

Aggressive police work — including use of radar and unmarked cars — was supported by between 50 and 70 per cent of citizens questioned.

NEED BACKING

"When our police make an arrest or issue a ticket, they need to be backed up," said a draftsman.

A student suggested the county needs more policemen on the road and "more freedom" for law enforcement officials.

Only one out of four objected to radar speed control; responses to unmarked cars were divided almost evenly, with (Continued on Page 2, Col. 3)

ALLIED INSTALLATIONS — This map shows locations of American, South Korean, Australian and New Zealand troops in South Viet Nam. Shaded zones locate areas of combat between troops of these countries and the Viet Cong.

More Allied Forces Said Needed in Viet

(EDITOR'S NOTE: Important decisions on the Viet Nam war are expected when Defense Secretary McNamara reports to President Johnson on his latest trip to that country. Veteran Associated Press correspondent Peter Arnett presents a full account of the situation.)

By PETER ARNETT

SAIGON, South Viet Nam (AP) — Despite the huge American buildup, allied forces in Viet Nam remain insufficient to carry the fight to the Communist Viet Cong effectively.

An important reason: Most U.S. and Vietnamese troops are pinned down by security jobs — including keeping what they hold — so that surprisingly few battalions are available for searching out the Viet Cong.

An influx of troops from Red North Viet Nam has in effect returned the situation to where it was earlier this year, before a surge of new U.S. forces tipped the balance temporarily in the allies' favor.

The Communists in recent weeks have shown themselves willing to sacrifice hundreds of troops. Man for man, they are as well equipped as the U.S. infantryman and have as much, if not more, firepower.

Seldom mentioned any more in Saigon is the theory that a U.S. platoon, because of its fire power, could easily wipe out a Viet Cong company.

BLOODIER BATTLES

The war now probably will produce bigger and bloodier battles. It seems likely that only if U.S. troops can wipe out large Communist units will the enemy return to the harassing hit-and-run guerrilla-type war.

Allied forces in Viet Nam total a little over 685,000. Of these 165,000 are American, 500,000 Vietnamese, 18,000 South Korean, 1,300 Australian and 300 New Zealand.

In addition, the U.S. Navy has major forces deployed off the coast.

At least four aircraft carriers and numerous destroyers are in action in the South China Sea all the time. One carrier provides aircraft only for South Viet Nam.

DESTROYERS USED

Destroyers are used with greater frequency to bombard Viet Cong facilities and provide fire support for villages and outposts under attack.

U.S. strategy is to punch deep into enemy territory and hold as much of it as required to operate base installations. One U.S. aim is to keep its major base installations outside the range of Communist weaponry.

But putting bases deep in (Continued on Page A-11, Col. 1)

Appointment Draws Mounting Criticism

Criticism of appointing the 23-year-old son of Oakland County Clerk-Register John D. Murphy to a high county post increased today with the statement by Murphy that he actually wanted his son in his department.

Murphy's son, Shane, was appointed deputy treasurer Monday by James E. Seeterlin who recently was appointed county treasurer by Murphy and two other county officials.

"I wanted Shane to work in my office," said Murphy. "I felt that I needed him."

"But having him work in my office isn't permitted under a regulation adopted by the board of supervisors in 1941. It says no department head can hire any relative to work under him."

"After I checked with the personnel department, Seeterlin learned that I was interested in having Shane work for me but wasn't allowed."

"Seeterlin said that he was looking for a man to fill a vacancy and he believed that Shane could do the job."

"I never approached Seeterlin about filling the position."

"Naturally, I'm prejudiced but (Continued on Page 2, Col. 4)

Roche Talks Today at Pontiac Event

General Motors President James M. Roche is the featured speaker at a noon luncheon today in Pontiac attended by an expected 600 service club members as well as the general public.

The luncheon, sponsored by The Pontiac Press, is being held at the Elks Lodge, 114 Orchard Lake.

Roche, in one of his rare public appearances since becoming GM President last June, is scheduled to discuss the current status of the automobile business and the future outlook.

JAMES M. ROCHE

Mild Weather Due for Yule Shoppers

The weatherman promises tomorrow will be another pleasant day for Pontiac area Christmas shoppers. Tonight will be mostly cloudy and mild with lows 34 to 40.

Temperatures are expected to soar to 46 to 52 tomorrow. Saturday will be partly cloudy with a chance of showers and somewhat cooler.

Winds southwesterly at 15 to 25 miles tomorrow will become 18 to 25 tonight.

The low recording in downtown Pontiac prior to 8 a.m. was 31 at 1 p.m. the reading was 44.

Yule Features Begin Monday in The Press

Two Christmas features will begin Monday in The Pontiac Press.

"Legends of Christmas," a religious picture story of two little known legends, and "Santa and the Zabbazara Bus," an adventure tale for children, will continue through Christmas Eve.

19 DAYS TILL CHRISTMAS

19 DAYS TILL CHRISTMAS

19 DAYS TILL CHRISTMAS

MONTGOMERY, Ala. (AP) — A white federal jury was instructed for instructions from the judge today before beginning deliberations to decide the fate of three Alabama Ku Klux Klansmen.

Opposing sides rested their cases Wednesday in the trial of Collier Williams Jr., 23, of Fairfield, Ala.; William Orville Tilton, 41, and Eugene Thomas, 42, both of Bessemer, Ala.

They are charged with conspiring to violate the civil rights of American citizens in the killing of Viola Gregg Liuzzo, a Detroit motorist of five, although she is not specifically named in the indictment.

She was shuttling demonstrators from here to Selma after the historic march to this Alabama capital March 25 when she was killed by shots fired from her car.

At the close of final arguments, U.S. District Judge Frank M. Johnson Jr. delayed his charge to the jurors and warned them to reach no opinion until they had been instructed of the laws involved in the federal trial.

The Justice Department, headed by Asst. Atty. Gen. John Doar, who heads the department's civil rights division, ended 2½ days of testimony Wednesday and the defense took only 1½ hours to present its case.

In final arguments, the government said testimony from its key witness — Gary Thomas Rowe Jr. — was backed by living people, laboratory analysis and physical evidence.

Rowe, who said he had been asked by the FBI to infiltrate the KKK, testified at length Wednesday of how he was with

the defendants the night their car overtook Mrs. Liuzzo and shots were fired into her vehicle.

Defense attorney Art Hanes, a former Birmingham mayor, attempted to discredit Rowe as a witness in his final arguments, comparing Rowe to Judas Iscariot.

Rowe, in his third trial appearance, told the jury earlier of how he violated a Klan oath and divulged Klan activity.

Hanes also charged that time differences in testimony from Rowe and Lefroy Moton, a Negro civil rights worker who was in the death car with Mrs. Liuzzo, indicated the Klansmen could not have been at the scene when she was killed.

Three Pontiac area citizens — a clergyman, an educator and a journalist — have been selected as judges for next week's Junior Miss Pageant sponsored by the Pontiac Area Junior Chamber of Commerce.

Judging the Dec. 11 pageant at Pontiac Northern High School will be Rev. Maurice G. Shackell, pastor of St. Paul's Lutheran Church; Troy Crowder, instructor at Oakland University; and Mrs. Margaret Demetrek of the Inter-Lake News.

Competing in the annual contest will be senior girls attending high school in the Pontiac area.

Winner of the title will receive a \$100 scholarship, prizes donated by local firms and the opportunity to compete in the state contest in January.

Entry forms for the contest may still be obtained from Jaycee contest chairman Edward Hunter at 562 W. Huron.

John C. Austin, chairman of the county Republican party, was highly critical of the appointment.

"It's a shame that the county lost the long experience of two qualified men when Setetler took office. He then turned around and hired the son of a Democrat who shouldn't have been elected in the first place."

Feet added: "Then there's the money that the county will be paying the Murphys — \$16,000 a year to the clerk and \$8,000 to his son."

He said also that even though the young man may be eager and a good worker, this job isn't the kind that should be used as a training ground.

A dinner honoring John C. Austin, who will retire Dec. 31, from the Oakland County Board of Auditors, is scheduled for 6:30 p.m. Wednesday at the Kingsley Inn.

Austin has been a member of the board of auditors since 1958 after serving nine years as an employee of the board's accounting staff. He also served as chairman.

Attorney Clarence K. Patterson, a lifelong friend of Austin, will be toastmaster at the banquet, which is expected to draw 400 persons.

A limited number of dinner tickets are available at the office of Anton J. Guyer, clerk of committees for the Oakland County Board of Supervisors.

Tyler said the 14-year-old, from Merced, Calif., confessed tearfully after his arrest Nov. 18 while dressed in the complete flying uniform of a lieutenant colonel.

Tyler said the episode, which county officers now call "The Case of the Crying Colonel," began early last month when the three youngsters rode their bicycles onto the base.

The youth told authorities he and his friends visited the base exchange and officers' club, where they stole Air Force officer uniforms with rank of lieutenant colonel.

The boy said they revisited the SAC base several days later — this time one of them dressed as a lieutenant colonel and another as a captain.

Tyler said the youths received sharp rebukes from the sentry as they drove two Air Force trucks off the base, drove them around nearby Merced, and returned them. They came back to the base about a week later and took another truck for a joy ride.

Authorities said the masquerade came to an end Nov. 16 when two Air Policemen spotted a truck in downtown Merced which had been reported missing from the base.

After a high-speed chase, the truck was stopped — and there at the wheel, in a lieutenant colonel's uniform, was a 14-year-old boy barely tall enough to see over the dashboard.

Human nature seemingly prevailed in at least one of the questions posed to citizens.

Just under 40 per cent modestly replied "None," when asked to name the area or areas in which they needed improvement as a driver.

According to 63 per cent of those surveyed, all drivers should take an instructional course.

Nearly 4 of 10 (39 per cent) reported they had already taken a course.

Human nature seemingly prevailed in at least one of the questions posed to citizens.

Criticism Mounts on Appointee

(Continued From Page One)

I would be willing to send Shane to the personnel department for another test and put him up against any appointee or elected official in the building."

The appointment of Murphy is not in violation of the county's nepotism policy, but some observers strongly objected to the fact that two persons from one family now hold county administrative posts.

Daniel T. Murphy, chairman of the County Board of Auditors and no relation to the other Murphys — was one of the critics.

"I think it is a poor policy for a department head to have a family member in any other county department," Murphy said.

"No other member of my family works for the county," he added. "It's poor public relations."

The board of auditors chairman a Republican, said that even though the nepotism policy limits employment of relatives within a department headed by a relative, many supervisors feel that no more than one family member should be on the county payroll.

George Googasian, chairman of the county Democratic party, said he hadn't given the appointment much thought but felt it would work out very well.

"I understand that Shane Murphy scored very well on a county test," Googasian said.

"BEST INTEREST" "I have no criticism of the appointment and I see no problem. I think Setetler had the best interest of the public at heart when he made the appointment."

Dale A. Feet, chairman of the county Republican party, was highly critical of the appointment.

"It's a shame that the county lost the long experience of two qualified men when Setetler took office. He then turned around and hired the son of a Democrat who shouldn't have been elected in the first place."

Feet added: "Then there's the money that the county will be paying the Murphys — \$16,000 a year to the clerk and \$8,000 to his son."

He said also that even though the young man may be eager and a good worker, this job isn't the kind that should be used as a training ground.

A dinner honoring John C. Austin, who will retire Dec. 31, from the Oakland County Board of Auditors, is scheduled for 6:30 p.m. Wednesday at the Kingsley Inn.

Austin has been a member of the board of auditors since 1958 after serving nine years as an employee of the board's accounting staff. He also served as chairman.

Attorney Clarence K. Patterson, a lifelong friend of Austin, will be toastmaster at the banquet, which is expected to draw 400 persons.

A limited number of dinner tickets are available at the office of Anton J. Guyer, clerk of committees for the Oakland County Board of Supervisors.

Tyler said the 14-year-old, from Merced, Calif., confessed tearfully after his arrest Nov. 18 while dressed in the complete flying uniform of a lieutenant colonel.

Tyler said the episode, which county officers now call "The Case of the Crying Colonel," began early last month when the three youngsters rode their bicycles onto the base.

The youth told authorities he and his friends visited the base exchange and officers' club, where they stole Air Force officer uniforms with rank of lieutenant colonel.

The boy said they revisited the SAC base several days later — this time one of them dressed as a lieutenant colonel and another as a captain.

Tyler said the youths received sharp rebukes from the sentry as they drove two Air Force trucks off the base, drove them around nearby Merced, and returned them. They came back to the base about a week later and took another truck for a joy ride.

Authorities said the masquerade came to an end Nov. 16 when two Air Policemen spotted a truck in downtown Merced which had been reported missing from the base.

After a high-speed chase, the truck was stopped — and there at the wheel, in a lieutenant colonel's uniform, was a 14-year-old boy barely tall enough to see over the dashboard.

City Employees Get Pay Hikes

Policemen, Firemen Not Included in Setup

New pay schedules have gone into effect for nearly all city employees except firemen and policemen.

Contained in a salary and job reclassification plan adopted Sept. 1, the new wage scales are, retroactive to Aug. 8.

However, while city officials have implemented the new pay rates, a separate check may have to be issued for the retroactive wages.

City officials have selected Dec. 17 as the date for giving the back pay if accounting details can be worked out.

Firemen and policemen will not receive the new pay rates because they voted to reject the plan adopted by the City Commission.

The Pontiac Firefighters Association is currently involved in mediation with the city, while the Pontiac Police Officers Association recently won a collective bargaining election to represent policemen.

The first negotiation session with the police group was scheduled for this afternoon.

No new negotiating meetings have been set with city firefighters.

Birmingham Area News

Ready Parking Subsidy Plan

Operating under the authority of the Bloomfield Hills Board of Education, the commission is comprised of 12 members appointed on the basis of school administration and PTO recommendations.

Donald C. Hyde, a school board trustee, and Eugene L. Johnson, schools superintendent, are ex officio members.

The Birmingham Skiers Club will sponsor a dance tomorrow night at the United Dairy Workers Hall, 15840 Second, Highland Park.

Music for the 9 p.m.-1 a.m. affair will be supplied by the Carlos Rivera Orchestra. Tickets are available at the door.

Other husband-and-wife teams elected to commission offices are Mr. and Mrs. William Beebe, vice chairmen; Mr. and Mrs. Robert Glenn, secretaries; Mr. and Mrs. T. John Young, treasurers; and Mr. and Mrs. E. M. and Aznavarian, liaison.

The cost of the program has been estimated by Kenning at \$7,000 a year during the time that there is direct reimbursement, and about \$10,000 annually when the garage is used.

The garage is to be built on the L-shaped lot fronting Woodward and Willis.

Representatives of city hall employees first brought the matter to the attention of the commission at a special meeting Nov. 18.

They noted the increased cost to employees that has resulted from the change in all-day parking rates in the city operated by the city.

Some 55-60 spaces are needed for the 82 employees in the municipal building.

Bloomfield Hills — Mr. and Mrs. Thomas G. Kuzma, 3810 Carriage, Bloomfield Township, have been named chairmen of the Bloomfield Hills Recreation Commission.

They succeeded Merrill O. Bates.

Shoppers Warned of Yule Con Men

Streets and stores in the Pontiac area will be crowded during the holiday season with more than just Christmas shoppers, warned Al. Raymond E. Meggitt of the Pontiac Police Department.

Among the throngs of buyers, according to Meggitt, will probably be well-dressed, smooth-talking "con" men — and women.

Their target is generally the savings account of a gullible citizen.

"These people are expert psychologists," said Meggitt, "and they play upon the larceny latent in almost everyone."

Meggitt, who described a con artist's ability to select victims as "uncanny," said the basic confidence gimmick is the "pigeon drop"—usually involving a lost wallet or pocketbook.

He outlined the operation in this way:

• The victim is approached by the operator, who says he has found a wallet or large sum of money.

• The victim is asked to put up a substantial sum of money—frequently a hard-earned savings account—as a guarantee of the victim's integrity in "splitting" the "found" cash.

• The operator then gives the victim the "money"—a paper sack stuffed with shredded newspaper—and leaves to contact an "adviser," said to be an attorney or business man.

• The victim waits and waits for the operator to return before finally opening the bag and finding he has just been bilked of his money.

"Some of these people report their loss to the police," Meggitt said. "Others—and the number is unknown—feel ashamed and guilty for having been taken and never report these crimes."

Pick 3 Judges for Junior Miss

Three Pontiac area citizens — a clergyman, an educator and a journalist — have been selected as judges for next week's Junior Miss Pageant sponsored by the Pontiac Area Junior Chamber of Commerce.

Judging the Dec. 11 pageant at Pontiac Northern High School will be Rev. Maurice G. Shackell, pastor of St. Paul's Lutheran Church; Troy Crowder, instructor at Oakland University; and Mrs. Margaret Demetrek of the Inter-Lake News.

Competing in the annual contest will be senior girls attending high school in the Pontiac area.

Winner of the title will receive a \$100 scholarship, prizes donated by local firms and the opportunity to compete in the state contest in January.

Entry forms for the contest may still be obtained from Jaycee contest chairman Edward Hunter at 562 W. Huron.

John C. Austin, chairman of the county Republican party, was highly critical of the appointment.

"It's a shame that the county lost the long experience of two qualified men when Setetler took office. He then turned around and hired the son of a Democrat who shouldn't have been elected in the first place."

Feet added: "Then there's the money that the county will be paying the Murphys — \$16,000 a year to the clerk and \$8,000 to his son."

He said also that even though the young man may be eager and a good worker, this job isn't the kind that should be used as a training ground.

A dinner honoring John C. Austin, who will retire Dec. 31, from the Oakland County Board of Auditors, is scheduled for 6:30 p.m. Wednesday at the Kingsley Inn.

Austin has been a member of the board of auditors since 1958 after serving nine years as an employee of the board's accounting staff. He also served as chairman.

Attorney Clarence K. Patterson, a lifelong friend of Austin, will be toastmaster at the banquet, which is expected to draw 400 persons.

A limited number of dinner tickets are available at the office of Anton J. Guyer, clerk of committees for the Oakland County Board of Supervisors.

Tyler said the 14-year-old, from Merced, Calif., confessed tearfully after his arrest Nov. 18 while dressed in the complete flying uniform of a lieutenant colonel.

Tyler said the episode, which county officers now call "The Case of the Crying Colonel," began early last month when the three youngsters rode their bicycles onto the base.

The youth told authorities he and his friends visited the base exchange and officers' club, where they stole Air Force officer uniforms with rank of lieutenant colonel.

The boy said they revisited the SAC base several days later — this time one of them dressed as a lieutenant colonel and another as a captain.

Tyler said the youths received sharp rebukes from the sentry as they drove two Air Force trucks off the base, drove them around nearby Merced, and returned them. They came back to the base about a week later and took another truck for a joy ride.

Authorities said the masquerade came to an end Nov. 16 when two Air Policemen spotted a truck in downtown Merced which had been reported missing from the base.

After a high-speed chase, the truck was stopped — and there at the wheel, in a lieutenant colonel's uniform, was a 14-year-old boy barely tall enough to see over the dashboard.

Human nature seemingly prevailed in at least one of the questions posed to citizens.

Just under 40 per cent modestly replied "None," when asked to name the area or areas in which they needed improvement as a driver.

According to 63 per cent of those surveyed, all drivers should take an instructional course.

Nearly 4 of 10 (39 per cent) reported they had already taken a course.

OPEN EVERY NIGHT 'TIL CHRISTMAS TO 9 P.M.

Gov. Romney, Veteran Chiefs Still at Odds

For West Bloomfield

Sewage System Eyed

WEST BLOOMFIELD TOWNSHIP — A special session of the Township Board is expected to be called to review plans for a sewage system to serve the northwest quarter of the township.

Supervisor John C. Reharg said the board received the proposal from Oakland County Department of Public Works officials last night but took no action.

DPW director R. J. Alexander presented the plan for the proposed Clinton-Oakland Sewage Disposal System.

At a future meeting, Reharg said he intends to submit to the

board an over-all plan that will show the location of sewage mains in relation to the interceptor trunkline.

"I didn't detect any outward opposition to the proposal," said Reharg, "and the board indicated that a special meeting should be held to discuss the plan in depth."

Reharg said the Clinton-Oakland system, which would involve eight communities would serve all the area in the township not served by the Farmington Interceptor.

Other municipalities affected would be the townships of Avon, Pontiac, Waterford, In-

dependence and Orion, and the cities of Pontiac and Orchard Lake.

In mid-November, Alexander said if the communities could agree on a proposed contract in 30 days, work on the project could get under way next summer and be completed a year later.

Reharg said he believed that the DPW was overly optimistic, but that it was possible the township board may make a decision before the deadline.

The system would connect to the Daquindre Interceptor, which the City of Detroit will extend from 14 Mile to 23½ Mile.

Substitute for Vetoes Tax Benefits Measure Fails to Get Support

LANSING (AP)—Gov. George Romney and veterans' leaders continued their collision course over veterans' homestead tax benefits Wednesday.

At a two-hour meeting, Romney presented his proposed substitute for a legislative-approved benefit bill which he vetoed earlier. But the veterans' leaders renewed their determination to fight the veto when the legislature reconvenes Dec. 9.

The only apparent area of agreement between the governor and the veterans was that Viet Nam servicemen should come under the program.

The bill vetoed by Romney would have increased benefits by about \$4.2 million annually. The governor's proposal would cost about \$3.7 million, said State Controller Glenn Allen.

At present, disabled veterans, their widows and widows of nondisabled veterans are entitled to property tax exemption on the first \$2,000 state-equalized valuation of their homestead.

The legislature's bill would increase the exemption to \$3,500. Romney's would give widows of non-disabled veterans a \$2,500 exemption. Disabled vets and their widows would get from \$3,000 to \$3,500, depending on the veteran's percentage of disability.

Both sides agreed changes are needed from the 1963 revision of benefits. Prior to 1963, benefits averaged \$108.77, but a change from local valuation to state-equalized valuation in 1963 lowered benefits to an average of \$75.22 and knocked 5,000 beneficiaries off the rolls.

Romney said the legislature's plan would increase benefits to \$131.65.

Veterans expressed surprise Romney vetoed the bill. The governor asked why they had not contacted him during the year about the question.

Clarence Schumacher, department commander of the Veterans of Foreign Wars, said the leaders were mandated by previous actions of their convention and could only support the legislature's plan.

Apparently only massive vote-switches by Republicans would uphold Romney's veto.

Boniface Maille, lobbyist for the VFW, argued three cents of the cigarette tax had been earmarked for veterans' benefits but was mostly going to the general fund.

Allen said no cigarette tax ever had been so earmarked.

Holly Teachers to Hear Union Representative

HOLLY—Local teachers Monday night will learn about the position of the American Federation of Teachers in the relationship between school boards and their employees.

Mrs. Mary Ellen Rindan, Detroit Federation of Teachers president, will speak to Holly School District teachers at a 7:30 p.m. meeting in the high school library.

Aim of the program is to give Holly teachers background information for the current discussion about the choice of bargaining agents for teachers.

Mrs. Rindan's appearance was arranged by a group of teachers who also plan to schedule a talk by a Michigan Education Association spokesman.

Leadership Conference

Human Relations Unit to Meet

TROY — The Oakland County Human Relations Coordinating Council will hold a leadership conference from 1:30 to 6 p.m. Sunday at St. Stephen's Episcopal Church, 5500 N. Adams.

Keynote speaker will be Burton Gordin, executive director of the Michigan Civil Rights Commission.

He was appointed to the commission in April 1964 after serving as executive director of the Philadelphia Commission on Human Relations.

Gordin is also regional chairman, board member and treasurer of the National Association of Intergroup Relations Officials.

The Human Relations Coordinating Council includes human relations and civil rights groups throughout the county. Member organizations include the Detroit and South Oakland County round tables of Catholics, Jews and Protestants; the Pontiac Urban League; Oakland County Jewish Community Council; Archbishop's Committee of Human Relations; the Oakland County Board of Supervisors' Human Relations Committee, and the Oakland County NAACP.

BURTON GORDIN

4-Lane Road to Park Open

To Handle Summer Traffic to Stony Creek

A four-lane divided highway now is open to provide an access route from the Van Dyke Freeway to Stony Creek Metropolitan Park northeast of Rochester.

The highway is a two-mile stretch of 26 Mile, which has been newly paved and widened.

Dedicated in ceremonies held Tuesday, the major access route runs from the Utica bypass section of the Van Dyke Freeway to the park entrance near the junction of Shelby Road.

It is designed to accommodate the heavy traffic to the park on peak summer days.

A federal aid secondary project of the Michigan State Highway Department, the road improvement cost \$650,000.

COST DIVIDED

The federal government paid 50 per cent of the cost, the Macomb County Road Commission 25 per cent and the Huron-Clinton Metropolitan Authority 25 per cent.

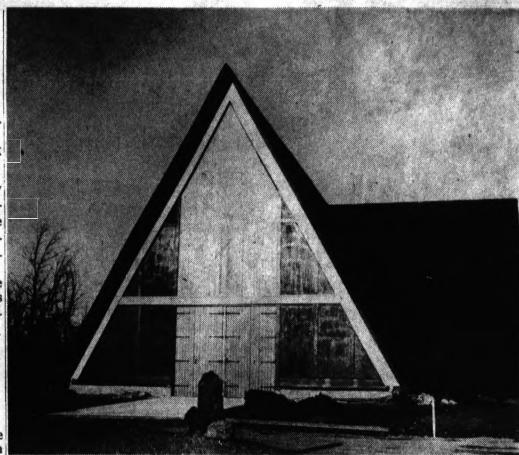

James Clarkson, Oakland County representative on the seven-member metropolitan authority board of commissioners, stated that more than 1.5 million persons are expected to visit the park by the end of this year.

This covers an 18-month period from the opening of the park in July of 1964 through this month.

Parents Club Slates

ORCHARD LAKE — The St. Mary's Moms and Dads Club will hold a Christmas festival from noon until 6 p.m. Dec. 12 in St. Mary's gymnasium.

There will be a variety of booths, including a bake sale, religious articles and refreshments.

Pontiac Press Photo

READY FOR OPENING — Avon Players officially will open their new A-frame playhouse on Washington Road, Avon Township, tomorrow night with a presentation of "Inherit the Wind." Five performances are scheduled for the first play to be staged in the new building. The play will be given at

8:30 p.m. tomorrow, Saturday and Dec. 9, 10 and 11. General admission tickets are available at the Village Box Office, 100 E. University, Rochester, today and tomorrow and on Dec. 9 and 10 from 10 a.m. to noon and from 3 to 5 p.m.

To Preserve Union Lake

Subdivision Groups Unite

UNION LAKE — Twenty five subdivision associations surrounding Union Lake united last night to preserve the condition of the lake.

Some 150 persons attended the incorporation meeting of the Union Lake Shores Association at Keith Elementary School.

Officers of the representative association were elected and by-laws and a constitution adopted.

Heading the unit is Milton Dolan, 7825 Locklin, West Bloomfield Township.

Other officers are William S. Maybee, 7010 Willow, vice president; Mrs. Roy Lee, 7946 Locklin, secretary; and Mrs. Louis Sparling, 1560 Furnwall, treasurer, all of West Bloomfield Township.

Groundwork for the association was laid last summer when area residents organized to register complaints with county officials that the water level of the lake was dropping.

Each subdivision will have a representative in the association. The next meeting of the full board will be held Jan. 12.

Village President Resigns in Holly

HOLLY — John F. Oldani, nearing the end of his fourth year as village president, has resigned his post.

Oldani, an engineer, has accepted a position in Dallas, Tex. and will be moving there.

Councilman Lott Everly has been named to serve the remaining four months in the president's term. Dr. James Greig, 210 Park, will fill the council vacancy.

Oldani, who was a councilman for a year before becoming village president, and Everly, a councilman for three years, ran on the Citizens party ticket here. The two terms expire in March.

Good Measure

To measure the shoulder seam correctly, draw a line from the bone at the top of the arm along the highest point of the shoulder to the neckline.

Stocking Stuffer

Cut a length off the leg of an old nylon hose. Sew up one end and stuff with the other old nylon hose and sew-up the other end. You now have a cloth that you can use many times in cleaning around the house. It's easily washed and quickly dried.

Face Debts or Matters Will Get Worse

By MARY FEELEY
Consultant in Money Management

Dear Miss Feeley:
After seven months of marriage, we are in debt.

My husband handles the money, and I do not know when, where or how the money is spent.

All I know is that our rent is \$130 a month; that we pay \$13 a month for utilities; \$7 a month for the telephone; and that we have car payments of \$83 a month.

My husband earns approximately \$9,000 a year.

Would you work out a budget for us?

E. F., Riverdale, N.Y.

Unless you and your husband are willing to get together on money right now, you're headed straight for the rocks. Don't let it happen. There will be many things in your life you can't control. But at this point, with an income of \$9,000 a year, your marriage should be off to a pretty good financial start.

Unless you have some substantial debts which you don't mention in your letter, you can control your living expenses.

Keep in mind that a \$9,000 annual income is not the income you actually have to live on. After taxes, your husband's take-home pay may be nearer \$7,500. Set your budget up on his take-home pay. Pin him down as to exactly how much money you have to deal with.

Of course, you shouldn't have to pin him down. He should insist that you know what his income is. A loving wife's conscience is one of the finest buffers a man can have to keep him from running into debt.

After you sell him on that point—and do your darndest—set your budget up on some practical rules of sound money management. Keep your basic expenses—

food, clothing, and rent—under 50 per cent of your take-home income. Figure it by the week or month to start with, as it's easier than trying to figure by the year.

One rule of thumb where housing is concerned is to make sure it doesn't exceed one week's take-home pay.

A young couple should be able to eat quite well on \$20 a week, assuming you're a fair cook and shopper, and eat at home most of the time.

Allow from 5 to 15 per cent of the take-home income for savings. Since you've been married for only seven months, you both probably have adequate wardrobes, so for the next year you could allow 8 per cent of your income for clothing. That's the logical minimum, but later on, when the trousseau has become threadbare, the cost of

clothing will go up to 10 or 15 per cent of your take-home pay.

It will probably take about \$40 a month to operate your car, in addition to the monthly payments for the car itself. You may have to consider this part of your recreation expenses, in order to keep your savings intact.

Other items you'll have to put down on paper while you're working out your budget are: utilities; medical costs; gifts; contributions (and don't think these don't mount up during the year); a vacation fund; personal allowances—your husband's lunches, haircuts, newspapers, incidentals—and may be your hair-do and pin curlers.

To sum it up: if you have that sickening feeling that you're going into debt, now's that time to take your medicine.

(For Mary Feeley's new booklet, "Make Every Dollar Count," send \$1 to Dollar Book in care of The Pontiac Press.)

Fifful Sleep Often Gives Mom Blues

NEW YORK — One of the reasons women feel blue in the morning is that they haven't slept during the night "listening to baby." Men, on the other hand, sleep while baby cries, but have little trouble getting up when they want to, according to The Insider's Newsletter.

Researchers at Duke University Medical Center and the Durham (N.C.) Veterans Administration have found that fitful, easily interrupted sleep is one of the most significant conditions accompanying depressive disorders which occur twice as frequently among women as among men.

They say that the difference in frequency may be connected with the motherly instinct which causes women to sleep with "one ear open for baby's cries."

In a series of tests conducted by the researchers, normal, healthy subjects were subjected to various types of noises as they slept, including a baby's cry. At every level of sleep, a significantly higher number of women than men were aroused by the noises.

NECESSITY
The investigators said the hyperactive arousal system of women is a necessity of life in the mothering role and is probably related to differences in the system of female hormones and enzymes or to differences in the nervous system.

They added that motivation has a lot to do with whether a person will awaken to certain noises. This may explain why men have little trouble waking for an early golf game, but hear nothing when baby cries.

A family dinner and open house Sunday will honor Mr. and Mrs. Cleveland R. Vincent of Meadow Street on the occasion of their 50th wedding anniversary. The couple has five children all of whom are hosting the affair in the West Walton Boulevard home of Mrs. Glen Hasting. They are Charles, Tullio, Mrs. Hasting, Eugene and Chester. The couple who was wed Dec. 7, 1915 in Lake City, Ark., have 43 grandchildren and two great-grandchildren.

It's Long Time Since Many of Us Were 18

By RUTH MILLETT
Newspaper Enterprise Assn.

It's going to be mighty depressing this fall and winter for any woman to be over 18.

No one any older can really get away with the styles that Paris has dreamed up for women.

Skirts so short that some dresses look like extra-long blouses. Space boots with purple or tomato red textured stockings. Little girl dresses that copy fashions first dreamed up for six-year-olds just starting to school—in women's sizes, yet.

For a grown woman to thumb through a fashion magazine these days is ego shattering. If she lets herself think,

"How would I look in that?" about most of the styles she sees she is bound to think it is time she retired from the world of fashion.

Clothes are described as "mad, mad, mad" by the fashion writers.

And that's exactly how they make any woman over 18 look if she ventures to step out in them—mad as a March hare.

Just look at any woman pushing 30 or 40 or 50 in a little girl dress above her knees when she stands up and way, way above the knees when she sits down—and it's a sad sight.

For nothing makes a woman look older than wearing clothes suitable only for the very, very young.

2-Story Home Is Hit by Fire

Pontiac firemen brought under control in just over an hour yesterday a fire which broke out in a two-story frame house at 257 Irwin.

Cause of the blaze, according to Assistant Chief Charles Marion, was an overheated coal furnace in the basement of the building.

No injuries were reported. Marion estimated loss of contents at \$500 and damage to the building at \$1,500.

Open Daily 10-10, Sun. 12-7 FRIDAY, SATURDAY, SUNDAY

Homemade Herb Bread Is Fragrant

HERB BREADS — Homemade bread is always welcome treat. At the left is an herb loaf with poppy seed sprinkled generously over the top. The round loaf is a casserole type bread with a saffron flavor and caraway seeds on top. Both are simple to make.

Sprouts, Chestnuts Choice of Cook

Here's a delightful vegetable and nut combination!
Chestnut Brussels Sprouts
 1 quart container brussels sprouts
 1½ cups boiling water
 ½ pound chestnut (shells and

brown skin removed, cooked halved or quartered)
 ½ cup butter
 Salt to taste
 Remove any outside blemished leaves and trim bottom of sprouts. Add 1 teaspoon salt

to 1 quart cold water and soak sprouts for 20 minutes; drain. Into a 10-inch skillet turn the sprouts and boiling water; cover and boil gently just until tender; crisp — about 10 minutes; drain. Halve or quarter any large sprouts and return to dry skillet with chestnuts, butter and salt; reheat. Makes 6 servings.

A loaf of Old-Fashioned Herb Bread and/or Easy Saffron Bread on the buffet supper or luncheon table will be drawing cards as well as conversation pieces. They are so easy to make with herbs at arms reach on your spice and herb shelf.

Marjoram, dill, thyme and rosemary are used in the herb bread with poppy seed sprinkled over the crust.

Marjoram is one of the most popular of all the herbs and is one of the most fragrant. It is a member of the mint family.

These are spicy, pungent herbs which with the poppy seed topping give the bread a delightful flavor and tantalizing aroma, especially when baking. The flavor is

superb when spread with butter or margarine, cream cheese or other mild spreads.

Saffron is the dried stigma of a plant of the crocus family. Each plant yields only 3 stigmas. They are delicate orange-yellow in color and must be picked by hand. It takes 225,000 stigmas to make a pound of saffron. No wonder it is the world's most expensive spice!

But as we buy it in small amounts, the cost is not so great. It has a pleasantly bitter flavor and rich yellow color that we like in breads, rice, poultry dishes and many other dishes.

Old-Fashioned Herb Bread
 1 cup warm water
 1 package active dry yeast

1½ teaspoons salt
 2 teaspoons sugar
 1 tablespoon soft shortening
 1 teaspoon marjoram leaves
 ¼ teaspoon dill weed
 ¼ teaspoon thyme leaves
 ½ teaspoon rosemary leaves
 3 cups sifted all-purpose flour
 poppy seed

Pour water into bowl; sprinkle yeast on top. Stir until dissolved. Add salt, sugar, shortening and herbs; stir. Add flour to make a soft dough. Turn dough out on lightly floured board and knead until smooth and elastic, 5 to 7 minutes. Put dough in greased bowl; turn to bring greased side up. Cover; set in warm place and allow to rise to double in bulk, about 1½ hours.

Shape dough into a roll 18

inches long. Place on greased baking sheet. With sharp knife make ¼-inch deep slashes in top of loaf, about 1½ inches apart. Brush with water. Set in warm place and allow to rise to double in bulk, about 1 hour.

Brush again with water. Bake in 425 degrees oven 15 minutes. Brush a third time with water and sprinkle poppy seed on top. Bake 15 minutes longer. Makes 1 loaf.

Easy Saffron Bread
 1 cup milk
 3 tablespoons sugar
 2 tablespoons butter or margarine
 2 teaspoons instant minced onion
 ½ teaspoon crushed saffron pieces

2 teaspoons salt
 2 packages active dry yeast
 1 cup warm water
 4½ cups all-purpose flour
 caraway seed

Scald milk. Stir in sugar, butter, onion, crushed saffron and salt. Cool to lukewarm. Sprinkle yeast over warm water in a large mixing bowl. Stir until dissolved, then add milk mixture. Add flour; stir until well blended. Cover and set in warm place.

Let rise to more than double in bulk, about 40 minutes. Stir batter down and beat vigorously 1½ minute. Turn into greased 1½-quart round casserole; sprinkle top with caraway seed. Bake in 375-degrees oven 1 to 1½ hours. Makes 1 loaf.
