\$120 Million Income Tax Bill Introduced

Bipartisan Plan Close to Williams' Proposals; He's Receptive

LANSING (AP) — A state income tax bill designed to net 120 million dollars a year came into the Legislature today, the first of the 1959 session.

The income levy was the main foundation of a 141-million-dollar tax program sponsored jointly by Reps. George W. Sallade (R-Ann Arbor) and Walter H. Nill (D-Muskegon).

Breaking the ice on long-awaited income tax measures, the two members of the House Taxation Committee offered the bill as an answer to the state's long-range need for new revenues.

Basically, it follows the lines of Gov. Williams' tax program outlined in January — with some important differences. It may have obviated the necessity for Williams to introduce his bills.

The governor sent word from Washington, D.C., where he had testified before a Congressional Committee, that he would consider it carefully.

GOP LEADERS COOL

House Republican leaders were less receptive, seeing in the handling of the bill and its timing a political coup by the Democratic governor engineered to dilute his responsibility for the program.

Essentially, the bill proposed a graduated income tax, but the first \$15,000 income — after standard deductions and exemptions — would be taxed at a flat two per cent.

The next \$10,000 would be taxed at three per cent and amounts over \$25,000 at four per cent.

Starting point in calculations would be the adjusted gross income computed on federal income tax forms.

The measure would allow an \$800 exemption for the taxpayer and each dependent and the option of an itemized or \$1,000 deduction, whichever was higher.

Like the governor's plan the Sallade-Nill bill proposed a five per cent corporation profits tax, calculated to produce 110 million dollars annually, and a seven per cent tax on profits of banks and other financial institutions. This latter would yield about 11 million dollars, the sponsors said.

As offsetting factors, the corporation franchise and intangibles taxes, together yielding (Continued on Page 2, Col. 7)

April Showers Forecast Today and Tomorrow

Scattered showers and thunder-showers beginning late this afternoon or evening have been forecast for the Pontiac area. The low tonight will be a mild 52.

Scattered showers are predicted again for Saturday with the temperature cooling off to a high of near 60 degrees. Today's winds southwest to south at 14-22 miles an hour will become northerly tomorrow.

Temperatures will change little through Wednesday. Rain will total near one-half inch Saturday and again about Monday or Tuesday.

The mercury dropped from a high of 74 yesterday afternoon in downtown Pontiac to a low of 54 at 6 p.m. today. The reading at 1 p.m. was 72.

Nixon to Visit Moscow in July

To Open U.S. Exhibit; Talks May Set Stage for Summit Session

WASHINGTON (AP) — Vice President Nixon will visit Moscow in late July. His expected talks with high Soviet officials may help to set the stage for a summit conference.

His designation by President Eisenhower to make the trip also could promote Nixon's chances for the Republican presidential nomination next year.

A White House announcement at Augusta, Ga., late yesterday, said Nixon will make the trip to open an American exhibition in Moscow July 25.

No other details were given but diplomatic officials were sure he would meet with Premier Nikita Khrushchev.

The six-week exhibition is designed to show Soviet citizens how Americans live. The Soviets will stage a similar exhibition in New York City.

If Nixon demonstrates a capacity to deal effectively with Soviet leaders it could give him a boost in his unannounced quest for the presidency in 1960. At a minimum it will focus attention on him in the months leading up to selection of the Republican nominee.

Internationally, the trip means a new round of high-level contacts, following up the January visit here of Soviet Deputy Premier Anastas Mikoyan.

Presumably one of Nixon's purposes will be to demonstrate to the Soviet peoples a friendly American interest in them. He is expected to emphasize a United States desire for better relations. Nixon will be the first high-ranking U.S. official to visit the Soviet Union in many years.

Scene of Uprising

LAST BASTION — This main gate tower is the only portion of the Montana State Prison still controlled by authorities. Heavily armed guards stand ready for further trouble from armed convicts, or the release of the 18 hostages.

Priest Reveals Accord After Deputy Slain

18 Hostages Are Held by Convicts Who Also Stabbed a Guard

DEER LODGE, Mont. (AP) — The chaplain at Montana Prison said today an agreement apparently has been reached to end a 16-hour riot.

Eighteen guard hostages are still held by the rebel convicts who killed a deputy warden and stabbed a guard.

Until the prisoners shouted threats to burn their hostages, authorities had planned to send 150 officers storming the 90-year-old turreted, castle-like prison.

There are 435 prisoners inside. They have access to food and could hold out for many days, officials said.

The riot erupted about 4:30 p.m. yesterday.

Warden Floyd Powell was seized and held at knife point for nearly three hours before a burglar helped him escape.

Deputy Warden Theodore Rothe, 35-year-old former Wisconsin prison officer, was shot through the chest and killed. Guard Bill Cox, 41, was stabbed in the arm. He is in good condition.

CONVICTS ARMED

The convicts armed themselves with weapons stolen from a storehouse.

Powell, 46, said, "A few of the convicts got out on top of the catwalk and took a few rifles. How they did it I don't know. It is not an organized thing. Most of the convicts want no part of it."

The prisoners demand a conference with Gov. J. Hugo Aronson, but the governor flatly rejected the request and instead called out the state troops. He said he wouldn't talk to the convicts until all hostages were released and the inmates returned to their cells.

Powell was released after Earl Howard Jackson, 41, Sayre, Okla., intervened when other prisoners threatened the warden's life. Jackson grabbed a meat cleaver and was quoted as saying: "I will cut the throat of the first — that touches the warden. I'm taking him out of here."

Jackson accompanied the Warden out of the prison and was placed in a compound to protect him from retaliation from other convicts.

Doctor Says Herter Can Do the Job

WASHINGTON (AP) — Christian A. Herter, apparently has cleared the last hurdle standing in the way of his appointment as new secretary of state.

A specially selected doctor is understood to have found that Herter's sometimes painful arthritis of the hips will not interfere with his having an active foreign policy chief.

Herter has long been considered the No. 1 prospect to succeed the ailing John Foster Dulles.

But President Eisenhower is reported to have requested a confidential medical checkup of Herter by a "neutral" physician before making any appointment.

A top Republican official said Thursday night that Eisenhower would announce Herter's formal nomination in a few days. Several senators have said the Senate was ready to confirm Herter promptly.

GOES FOR REST

Accompanied by his wife, Herter left quietly by train for a weekend rest at his family farm outside Charleston, S.C.

In 12 days he must fly to Paris to attend a meeting with the British, French and West German foreign ministers at his side. Then he must confront the Soviet Union's Andrei Gromyko for what promises to be a tough bargaining conference in Geneva.

Hospital to Push News Editors Hear Castro Speak Today

May Take Fight to Hike County. Case Payments Direct to Supervisors

Pontiac General Hospital is thinking of taking its fight over welfare patients directly before the entire Oakland County Board of Supervisors.

How and when a plea might be made before the whole 83-member body has not been determined.

Outside requests usually are taken up by the county board's numerous committees, which report back to the board with favorable or unfavorable recommendations.

Only rarely is an outside group of organization able to appear before the board in person.

The next meeting of the board is April 27, but the board's Welfare Committee and administrators of the Social Welfare Department are scheduled to meet on the Pontiac General problem before then.

Fearing that the meeting will produce an unfavorable recommendation, Harold B. Euler, hospital administrator, broached the possibility of appearing in person at the April 27 session of the supervisors.

"I believe that St. Joseph Mercy Hospital would like to join us in taking our problem before the entire board in person," he told the hospital's Board of Trustees last night.

The two Pontiac hospitals want the county to pay for treatment of welfare patients on an actual cost basis, not a flat rate, as in the past.

Because the 1958 county rate was less than actual cost, Pontiac General lost \$75,078 last year, Euler has said. Sister Mary William, administrator of St. Joseph, put her hospital's loss on county patients at \$62,556.

Euler voiced fears that the Welfare Department would ignore pleas for actual cost payments, and recommend to the Welfare Committee that a new, adjusted flat rate be adopted instead.

Last year the county paid Pontiac General \$33 a day for treatment of each welfare patient, although the average daily cost of treating all patients at the hospital was \$41.22, according to hospital figures.

Negotiations for a new annual contract covering treatment of welfare patients have been under way for about a month.

Plans to hit at another area in (Continued on Page 2, Col. 4)

News Editors Hear Castro Speak Today

WASHINGTON (AP) — A young man never lacking a quick answer meets this afternoon with a group never short on questions.

The twin bill: Fidel Castro and the American Society of Newspaper Editors.

The bearded, 32-year-old Prime Minister is making his first address in the United States since he gained power in Cuba. A question-and-answer period follows.

Questions were expected on the executions of more than 500 military and police officials of Cuba's ousted Batista government, the suspension of some civil rights and reports that Castro is exposed to Communist influence inside and outside his government.

The society finally settled most of its disputes with radio and television broadcasters who complained ASNE was trying to restrict coverage of the Castro appearance.

Officers of ASNE yielded to protests that the society-long an ardent champion of press freedom — was in this case "denying freedom of access to the news."

All networks are being allowed to set up cameras and sound equipment to record the Castro appearance for later broadcast. But it was understood that no direct broadcasts of the speech were planned.

PROTESTS DISTORTIONS

Castro complained Thursday to newsmen that the United States press continued to print distortions about him — including the report that his appearance would be picketed.

However, there were a few young people at the airport with anti-Castro banners when the Cuban leader arrived Wednesday night. And Thursday a group with such banners paraded outside the hotel where the editors were meeting.

But in his travels around the city, Castro was greeted almost everywhere with applause, cheers and smiles. In the afternoon he spent more than an hour chatting with high school students and playing with children in a park near the Cuban Embassy.

Castro's only official engagement Thursday was lunch with Acting Secretary of State Christian A. Herter. The appearance at the ASNE meeting was his only engagement for today.

The nation's newspaper editors also hear a panel discussion today on "where are our great press associations going?"

Slated to take part in the discussion at a morning session of the annual meeting of the American Society of Newspaper Editors were:

Frank J. Starzel, general manager of the Associated Press; Walton A. Cole, deputy general manager of Reuters; and Frank Bartholomew, president and general manager of United Press International.

Vice President Nixon will address the society's annual banquet tomorrow night.

Predicts 6 Million New Car Sales in '59

DETROIT (AP) — Ward's Automotive Reports predicts the automobile industry will make six million new car sales this year.

The statistical agency said yesterday that new car dealers delivered 162,400 U.S.-built cars in the first 10 days of April to "keep intact the first spring upturn in auto sales since 1955."

It said more than a million deliveries are forecast for March-April combined, adding that the brisk rate of buying "puts the industry in line for six million new car sales in entire 1959, including more than 500,000 imports. Previously the target was approximately 5 1/2 million to 5,700,000."

Area Men Directing State Fair

BUDDLE WITH NEW CHAIRMAN — With the election yesterday of Eldon C. Rosegart (center), of Drayton Plains, as chairman of the State Fair Commission, the Pontiac area was assured of being better represented than ever in the top management of the Michigan State Fair.

Harry Garling (right), of Orion Township, who served as Commission chairman in 1955 and '56 and continues as commissioner, and Southfield Mayor Donald L. Swanson immediately went into huddle with Rosegart following his election. Rosegart is director of the Pontiac Northern High School Band.

Pontiac Press Ad Has Scent of Spring

The air of spring is bursting through the news columns of The Pontiac Press today. It's the first time in several years that one of our advertisers has used scented ink to give The Press a refreshing springtime aroma.

The WKC ad on page 12 took 40 pounds of ink and one pint of highly concentrated lilac blossom scent to produce the pleasant fragrance.

REIGNS IN COUNTY — Pert Janet Long, 18, was selected by judges as Oakland County Dairy Princess for 1959 at a Farm Bureau party held last night in Davisburg. She is the daughter of Mr. and Mrs. Carlos Long of Long Haven Farm, 3988 Sleeth Rd., Milford.

She'll Represent Oakland

Pick Dairy Princess

A pretty Milford area farm girl was chosen the first Dairy Princess of Oakland County in competition among five fair maidens held at the Davisburg Elementary School last night.

A gala square dance and party for Farm Bureau families of the county preceded the judging. It was the annual get-together for the members. About 125 persons were present to see the dairy princess selected.

Boy Wanders Away, Drowns in Creek

BATTLE CREEK (U)—A two-year-old boy who wandered away from his playmates yesterday fell into a creek about 100 yards behind his Battle Creek home and drowned.

Mrs. Roy J. Krontz was washing clothes in the basement of her home when one of the two neighborhood children her son, Dwane, was playing with called her and said the boy had wandered off in the direction of Waubesaon Creek.

The mother ran to the creek and found the boy's footprints along the bank. Searchers found his body about 25 yards downstream in four feet of water.

Snow and Rain Spatter Spots Around Nation

By The Associated Press

A mixture of spring and winter weather dampened areas from the Rockies into the mid-continent today. Fairly mild weather prevailed in other sections of the country.

Snow and freezing temperatures made it wintry-like in northern areas from the northern Great Lakes region through the Dakotas and from Montana into sections of Colorado and Wyoming.

Snow fell in parts of Montana and Wyoming and across southern North Dakota. Snow mixed with rain and freezing drizzle slicked areas eastward into northern Minnesota while showers extended southward through central Wisconsin, southern Minnesota and parts of Nebraska and northeast Colorado.

In the warmer air to the south, thunderstorms rumbled through central Kansas and Oklahoma while rain splattered across most of Texas.

Safety Scoreboard Erected in Pontiac

Pontiac has a new traffic safety scoreboard today and its message is one of hope.

The Pontiac Area Junior Chamber of Commerce erected the scoreboard yesterday and it spells out for all to see that Pontiac has gone 109 days without a traffic fatality.

The scoreboard is located on the grounds of the Oakland County Courthouse at Huron and Saginaw streets.

"Just about everybody who drives into Pontiac will be able to see the wonderful record the city has achieved," said Clyde R. Haskill, Jaycee president.

"The scoreboard also will serve as a constant reminder that only alert, cautious and courteous driving can keep our streets free from violent death."

The scoreboard compares this year's traffic accidents with last year's, and that record also is impressive.

So far this year, Pontiac has had 96 personal injury accidents. Although last year's record as of April 17 was only 88 personal injuries, there were eight fatalities.

This year, the number of fatalities is indicated by an impressive zero.

The last fatality in Pontiac was Dec. 29, meaning that Pontiac has now equalled the long deathless record achieved in 1957 when the city went 108 deathless days.

But on the 109th day in 1957, someone was killed.

"Today is our 110th day," said Haskill. "Will our record be spoiled today?" he asked.

The scoreboard was prepared by the Jaycee safety committee, headed by Richard Jorgenson. It is considered as one of the most important Jaycee public service projects this year.

109 DEATHLESS DAYS — Officials finish up Pontiac's new traffic record scoreboard, set up at Oakland County Courthouse by the Pontiac Area Junior Chamber of Commerce. From left (standing) are Clyde R. Haskill, Jaycee president; Richard Jorgenson, Jaycee safety chairman; and George D. Eastman, Pontiac public safety director. Kneeling is Dale Richman, Jaycee manager.

Red Tape Snarls Kierdorf Appeal

Legal Tangle Has Held Up High Court Hearing for 5 Months

More than five months after he was sentenced to prison for owning a pistol silencer, former Teamsters Union aide Herman Kierdorf was still sitting by while his attorney and Assistant Prosecutor Jerome K. Barry Jr. were untangling some legal red tape.

Barry said a hearing has been set for April 27 before Circuit Judge Clark J. Adams when Kierdorf's attorney, Eric E. Zisman, and Barry will try to agree on what attorneys call a concise statement of facts of the crime involved to be presented to the State Supreme Court.

Agreement, and Judge Adams' signature on the statement, is needed before Zisman can proceed with Kierdorf's appeal to the high court of his 1-to-15-year sentence.

Meanwhile, Kierdorf, 68-year-old uncle of torch death victim Frank Kierdorf, remains free on a continued \$15,000 bond.

Kierdorf, of Madison Heights, was convicted last Oct. 22 of possessing the homemade silencer which he had turned over to a neighbor hours after he learned his nephew had been burned in a bungled arson job outside Flint Aug. 3.

Judge Adams sentenced the one-time aide of Teamster President James R. Hoffa, Nov. 10. Although notice of the appeal was made immediately afterwards, steps toward the appeal have been slow in coming.

K-h-r-u-s-h-e-h-e-v
Popular With Eggheads

PHILADELPHIA, Pa. (AP) — The local chapter of the National Cystic Fibrosis Research Foundation received a check recently for \$110. Attached was this note:

"This represents a contribution of \$1 each from 110 persons who lost a bet that they could spell K-h-r-u-s-h-e-h-e-v correctly."

The note writer is expected to send another check, for \$1, shortly.

WINS SPEECH CONTEST — Norman W. Diamond, 14, of 3313 W. Grand Ave., Detroit, receives trophy from Buel Burt, president of the Pontiac Optimist Luncheon Club, for winning the zone oratorical contest held yesterday at the Elks Temple. The Pontiac Club was host for the contest which included contestants representing seven area Optimist clubs. Norman will now compete in Ludington May 22-23 in the state finals.

City Hospital to Push Welfare Case Issue

(Continued From Page One)

which the Pontiac hospital has been losing money are also under way.

This area is the emergency service the hospital provides for many patients who cannot pay their bills and do not qualify for welfare aid.

Pontiac General has charged that it is getting more than its fair share of such patients. It says communities in South Oakland County are taking advantage of the city hospital's "open door" policy and are "dumping" indigent emergency patients here, instead of taking care of them themselves.

Euler reported that the Association of Oakland County Hospital Directors has agreed to look into the problem with an aim of distributing the indigent emergency load more equitably, if it is out of balance.

Lynn D. Allen Jr., board member in charge of a special committee covering the problem, said the Oakland County Medical Society's attention had been drawn to the situation.

Pontiac General has threatened to turn away emergency patients who are brought to it from outside of what it considers its territory.

Area Merchants Warned Against Phony Ad Offers

Pontiac area merchants have been warned not to fall for telephone offers of advertisements in a publication which the caller says is the "official" voice of the Michigan Council of State Employees.

The warning came from the Business Ethics Board of the Pontiac Area Chamber of Commerce.

"All they're doing is using an official sounding name to sell advertising," said William L. Belaney, spokesman for the board and assistant chamber manager.

He said some 10 reports have been filed with the Chamber from merchants who said the caller attempts to sell space in publications, often with different names, such as the Michigan State News, or State Capitol News.

"There's no doubt that there is such a publication, whatever they call it, but it in no way represents an official publication for the state of Michigan," Belaney said.

"We'd like to warn our merchants to resist being deceived that they will get preferential treatment by advertising with this so-called official publication," he said.

Waterford Budget Approved

Pay Hikes Due Teachers

With the approval of a \$3,842,320, record-high Waterford Township school budget, all degreed teachers are slated to receive pay raises of from \$300 to \$400 next year, according to William Shunk, superintendent of schools.

The budget, which shows an increase of \$456,985 over last year's, was approved at a meeting of the Board of Education last night.

An additional 5-mill voted tax hike for school operation was approved at a special election March 3, along with a \$5,000,000 school bond issue.

This millage will net the school district \$375,000. State aid from the anticipated increased enrollment will be approximately \$142,000, Shunk said.

The budget increase will provide for 34 additional teachers, 24 of whom will be required to handle an anticipated pupil increase of 760, according to Shunk.

Additional teachers will be needed for two more elementary schools scheduled to open in the fall, and 10 more teachers will be hired to reduce the present pupil-teacher ratio.

There are now 11,336 pupils enrolled in the school system, Shunk said.

One of the new elementary schools, the Laura Smith Hayland School, is in the process of construction on Cass-Elizabeth Lake road near Cooley Lake road.

Another new building will be constructed on Walton boulevard in the Jayno Adams area and is scheduled to open in November.

Also approved in the budget was an \$133,000 increase in teacher salary schedules.

Minimum starting salary has been raised from \$4,200 to \$4,300 for a teacher holding a bachelor's degree, and \$4,400 to \$4,500 for a master's degree.

Minimum salary for teachers with four or five years experience, and a bachelor of arts degree, was increased from \$6,150 to \$6,500, and the maximum salary for teachers with the same experience with a master's degree will now be \$6,700 as compared to last year's \$6,350 maximum salary.

which was set up on three levels, will now be \$25 a month more. "This does not mean that they receive a raise but merely what they could earn," Shunk explained.

Custodial, maintenance, engineer and bus driving personnel received increases in salaries totaling \$9,500.

The hiring of two additional painters, one carpenter, and one bus mechanic was also approved by the Board.

In other business the Board

Contract for Chrysler

WASHINGTON (UPI) — The Army has announced a \$354,704 contract award to Chrysler Corp., Detroit. The contract calls for manufacture of Redstone missile components.

The Day in Birmingham

Newcomers Club Short of Fund Drive Goal

The Newcomers Club held its April meeting at the Community House yesterday and presented a \$200 check to Mrs. Effie Schaffer, house director, Mrs. Charles Chamberland, Newcomers president, reminded members that the house is still nearly \$21,000 short of its \$60,000 goal in the annual fund drive.

The club approved a charter amendment raising annual dues to \$4.

Plans are in the offing for a Newcomers Tennis Club if enough interest is shown.

Guest speaker at the meeting, Elinor K. Rose, Royal Oak writer of light verse, said her short literary works are not dashed off in a moment.

"Titles are the worst," she admitted. "Some finished verses hang around un-named for as long as two months."

With an excellent flare for comedy, Mrs. Rose worked a number of her verses into her talk. She said she had even written a plea to another columnist who "snatched" one of her verses to please not garble the punch line.

Dealing with everyday things, from caring for a baby to patching a roof, Mrs. Rose brought real life incidents to her 200 listeners which they themselves had experienced.

A brief skit by four members in Hawaiian costume and a comendary by Mrs. Jack Carr were part of plans announced for the spring dance. It will be held May 9 at the Hillcrest Country Club with decorations honoring the newest state of the nation.

The City of Birmingham VFW Post 2645 will install officers at their home on Elm street at 8 p.m. Monday.

The new slate includes Agatha Rathka, president; Mrs. Charles Minton, vice president; Mrs. Floyd Crous, treasurer; Mrs. John B. Brown, secretary; Mrs. Lewis Marcott, chaplain; and Edith Folman, guard.

Roland W. Reese and Thomas T. Monahan, co-chairmen of the annual Chamber of Commerce dinner, are asking members to send the checks for their tickets not later than Monday.

The dinner will be at 6:30 p.m. Wednesday at Devon Gables. Bud Guest will be the speaker, and newly-elected officers will be announced.

The Birmingham Rotary Ann chapter will meet for a 1 p.m. luncheon Monday at the home of Mrs. Walter Anderson, 1398 Chesterfield Rd. Co-hostesses will be

Mrs. William Averill, Mrs. John Rosso, Mrs. George Steelman and Mrs. Robert Peck.

A book review will be given by Mrs. Eugene Barney.

MRS. GEORGE MEASE

Rosary service for Mrs. George (Caroline) Mease, 55, of 1461 Maryland Blvd., will be held at 9 p.m. tonight at the Manley Bailey Funeral Home. The body will be taken to the Frank T. Corden Funeral Home, Cincinnati, Ohio, for services Monday.

Mrs. Corden died Wednesday in Harper Hospital, Detroit, after a long illness.

She is survived by her husband and two sisters, both of Cincinnati.

Income Tax Plan Goes to Legislature

(Continued From Page One)

about 60 million dollars, would be repealed, again following the governor's plan.

A personal property tax credit would further reduce current revenues by another 30 million dollars, producing a net revenue gain of 141 millions.

Williams proposed a \$1,000 exemption for the taxpayer only, coupled with a \$35 tax credit each for the taxpayer, his wife and each dependent. The governor also favored a \$800-per-person exemption and graduated rates ranging from two to six per cent.

Sallade, frequently at odds with Republican leadership in the House said his program would hit about two-thirds of the 2,750,000 families filing income tax returns in Michigan. The Williams' program would tax only about 35 or 40 per cent, with higher income groups paying a bigger share of the bill.

MSUO to Consider Adult Education

(Continued From Page One)

academic department to commit itself to serving the life-long educational need of its graduates?

WHAT OF SUPPORT?

How can MSUO effectively enlist the support of business, industry and other occupational agencies in the "Alumni University" setup?

How can MSUO effectively marshal all of its appropriate resources of the university in support of this program?

The ideas brought forth at the "day-long session may well form the basic philosophy for the continuing education program at the new center of learning, Ekland said.

This will be the fifth seminar devoted to exploring various aspects of university organization and philosophy held at MSUO which will open its doors to a freshman class of 600 in September.

Previous seminars considered new approaches to curricula in the areas of engineering science, teacher education, business administration and liberal arts.

Queen Victoria once sent a command to Buffalo Bill to give a special performance for her. She liked it so much that she demanded a second "command performance."

Seaway Cities Plan to Hold Gala Celebrations

TOLEDO, Ohio (AP)—The opening of the St. Lawrence Seaway this month won't lack for celebration. All around the Great Lakes, port cities are planning to whip it up on and after the event they hope

Duncan Case Killer Awaits Sentence

VENTURA, Calif. (AP)—A jury will decide next week whether Luis Moya gets the gas chamber or life imprisonment for his part in the Nov. 18 slaying of nurse Olga Duncan.

The 24-year-old laborer has pleaded guilty to murder. He tried unsuccessfully Thursday to get a change of venue for his trial.

Mrs. Elizabeth Duncan, the dead woman's mother-in-law, and Augustine Baldonado are under death sentences. Mrs. Duncan hired the men to kill her pregnant daughter-in-law, the prosecution said, because of an extraordinary attachment for her son Frank—Olga's husband.

will mark the beginning of an increase in their foreign trade.

Each port will try to point out its own merits to shipping ships looking for the best deal in dollars and convenience.

But overall, there will be a common cause:

To point out that with the seaway, Great Lakes will be world ports with an all deepwater connection to ports abroad and the potential to bring a new and lasting prosperity to inland America.

Some of the planned festivities follow.

Chicago—An international trade fair July 3-18 with an anticipated attendance of 100,000 business men and 750,000 other visitors. A visit by Queen Elizabeth II aboard the royal yacht Britannia on July 6. In August, the Pan-American games especially sought by the city because this is "seaway year."

Toledo—A "Salute to the Free World" April 27-29 for military representatives of 42 nations, with a program that includes a tour of the port of the "Coast Guard vessel 'Tupelo'."

Cleveland—A series of 10 week-long programs, each honoring a different nation or group of nations. Foreign trade displays by many Cleveland area companies.

Duluth—Tentative plans to send a large freighter, laden with products from the Duluth area, to many foreign lands on a good-will mission. A ceremony in which representatives of lands bordering the seven seas will empty vials of water from those waters into Duluth harbor.

Milwaukee—Ceremonies for a new marine museum and library, "International dinners" featuring world trade programs. At least one university seminar on the seaway.

Detroit—A seaway celebration incorporated in its freedom festival scheduled June 28-July 4.

Buffalo—A special visit in May by the freighter Santa Alicia, to be marked by a downtown parade and a public luncheon.

Erie—In May, dedication of the new Duquesne marine terminal, an old railroad pier converted into a 1,200-foot-long modern terminal.

Muskegon—Civic welcomes for the first ship of the season, the first large ship whose visit is made possible by the seaway depth and touring Naval vessels.

100,000 Suffer Flood Ravages

Three South American Countries Rush Help to Their Destitute

BUENOS AIRES, Argentina (AP) — Flood waters ravaging parts of Argentina, Uruguay and Brazil receded today, and aid was rushed to an estimated 100,000 persons left destitute.

At least 12 persons were believed drowned—7 in Uruguay, 3 in Entre Rios, province of Argentina and 2 in southern Brazil. There were no official casualty figures, for the hardest hit areas were cut off.

The sun shone after five days of steady rains. Relief missions headed for the stricken regions by land, water and air.

U.S. Ambassador Willard Beaulac called on President Arturo Frondizi to offer American aid. Frondizi told him that his government held the situation in hand.

However, Argentine radio stations and newspapers broadcast government appeals for blankets, food and medicine.

The situation was worst along the Argentine-Uruguay border, where the Uruguay River rose 55 feet above its normal level.

About 25,000 persons were driven from their homes in Concordia, a city of 80,000 in the east Argentine province of Entre Rios. Food was flown into the isolated city and the navy sent ships to evacuate the entire population if necessary. There was one unconfirmed report that 5,000 persons were stranded on a hill.

The flood waters swept into Buenos Aires when the River Plata overflowed and drove 10,000 persons in the capital from their homes. About 200 homeless children were given refuge in the presidential mansion.

One out of every six patents issued in the United States is for the automotive industry.

Sect Expects War in Middle East April 22

WACO, Tex. (AP)—Members of the Davidians, a religious sect, gathered in force today with the expectation a major war will flare in the Middle East by April 22.

Mrs. V. T. Houtess, who serves on the order's ruling council, said 400 had registered, representing nearly every state and parts of Canada.

The Davidians are an estranged offshoot of the Seventh-Day Adventist Church. Their leaders have advised them to sever earthly ties and sell all property they can't bring to national headquarters here in central Texas.

The Symbolic Code, a publication of the sect, has stated that war in the Middle East "will pit nation against nation and Christian against non-Christian... after which the way will be open for those Christians who survive to establish the kingdom" of God in Jerusalem.

Say Senators Oppose Labor Bill Changes

WASHINGTON (AP) — Labor union sources said today they believe 55 senators will vote to prevent any major floor amendment to the Kennedy labor regulation bill.

These sources, declining to be quoted by name, have been keeping tabs on the Senate situation as the bill nears the showdown stage. The first vote is expected next Tuesday.

If their tally is correct, the bill is certain to be passed in the form it came to the floor. Fifty senators are a majority of the full Senate membership of 98.

Sen. Barry Goldwater (R-Ariz.) told the Senate Thursday AFL-CIO President George Meany was trying to dictate in "arrogant fashion" what sort of labor bill is passed.

Meany has said his organization will oppose the measure strongly if Congress eliminates a section containing changes in the Taft-Hartley law desired by labor.

Khrushchey 65 Today but There's No Hoopla

MOSCOW (AP)—Soviet Premier Khrushchey was 65 today, but there were no signs of any public celebrations.

The 50th, 60th and 70th birthdays of Soviet dignitaries are usually commemorated with newspaper editorials and other honors.

There also was no indication Khrushchey has returned to Moscow from a holiday on the Black Sea.

Hart Says State Ranks but 24th in Its Spending

WASHINGTON (AP)—Sen. Philip A. Hart (D-Mich.) says Michigan is one of the fastest growing states in the nation but ranks 24th in spending.

Hart told the Women's National Democratic Club yesterday that only California and Florida were growing faster than Michigan.

He said many of the reports that Michigan was spending itself into bankruptcy were untrue, adding that the state ranked 24th in spending and had a per capita debt of \$220 in comparison to the national state average of \$274.

Hart said Michigan spending may have increased from \$500 million a year to \$1 billion, but added that the spending of all states has increased five times since 1946.

In 57 years 159 million motor vehicles were produced.

Treasures Plane Wheels

LIVINGSTON, N.J. (AP)—William Brown has two hulking keepsakes in his basement—the wheels from the first airplane ever to land at Newark Airport.
He treasures them because he invented a device on the wheels

that started them spinning before they touched down on the runway.

Just outside the metropolis of Calcutta, India there are two villages with interesting names. One is called Dum-dum and the other is Budge-budge.

Serious About Safety

LOCKPORT, N.Y. (AP)—Mark Gamble's enthusiasm for his job knows no bounds. He's a member of the student safety patrol at Emmet Belknap School here, and was discovered at a downtown intersection recently, arms spread

to prevent pedestrians from crossing before the light changed.

Most people on earth belong to four major religions: Christians, Mohammedans, Brahmins and Buddhists. There are also about 11 million Hebrews.

Dow Builds in Britain

MIDLAND (AP)—Dow Chemical Co. has announced its Dow Agrochemicals Ltd. division will build a new plant in King's Lynn, Norfolk, England. The new plant will produce Downpon, a selective grass-killer. Dow said the plant site

will cover 66 acres. Initial investment in the plant is two million dollars.

A 965-mile 32-inch oil pipeline is now being built from Iran through Turkey to the Mediterranean shoreline. Cost will be 500 million dollars.

WACs

HONOLULU (AP)—The U.S. Army is assigning women soldiers to Hawaii next summer for the first time since World War II.
A detachment of WACs will be stationed at Ft. Shafter near Honolulu for clerical and administrative

Only about eight per cent of the nation's estimated 350,000 blind persons are presently employed, according to the American Foundation for the Blind.

COFFEE WESTERN STYLE — Bloomfield Hills High School juniors will return to the 1880s Thursday and Friday when they present "Desperate Ambrose," a farce-comedy about the wild West. From left, Lynn Marshall of Westwood Lane pours a cup of old-fashioned coffee for Jack Bohr of Charnwood road, who portrays the leading character. Deanne Laughlin (center) of Club drive seems to have caught Ambrose's eye.

Lake Orion Singers Schedule Concert

By DIANE DOLECEK
"Springtime in Song" is the title of the annual spring vocal concert to be held at Lake Orion Community High School Thursday.

Groups participating in the 8 p. m. concert include the Boys Glee Club, Girls Glee Club, Girls Ensemble and a special production, "Cindy," by the A Cappella Choir.

Proceeds will be used for scholarships to Interlochen National Music Camp. The Y-Teens will usher for the event and Karen Winship, Mark Miller and Bonnie Bowden will accompany.

Committee chairmen for the concert are Al Kochanowski, decorations and posters; Gary Strich, tickets; John Bixby, speech teacher; lighting; Peter Bahle, art teacher, artistic effects, and Mrs. Marge Hodges, school secretary, programs.

Name 2 Troy Pupils to Attend Institute

Monica Wynne and John Duncan, both juniors at the Troy High School, have been selected for the senior demonstration class that will run concurrently with the summer institute for high school and college teachers of mathematics at the University of Kansas, Lawrence, Kansas. This event is sponsored by the National Science Foundation.

These two Troy students are the only students in the State of Michigan to be elected for this honor, and college teachers of mathematics from all over the country.

Classes will start on June 14 and continue through July 26. Members will be taught two courses throughout the six weeks period.

Special activities such as lectures, laboratory inspection trips and other special assignments will fill Saturday mornings.

GLENN GROMMET

CARL SCHWARTZ
Co-Salutatorian

Select 3 Holly High Scholars

By JUDITH WOOD
The scholars of the Holly Area High School June 1959 graduating class are Glenn Grommet, Jessica Wycoff and Carl Schwartz.

Glenn, who will lead a graduating class of 75 in the June commencement exercises, has been named valedictorian. He is a member of the varsity basketball team, the golf team, copy editor of

the Tell Tale, secretary of the Varsity Club and a member of the Pep and Science clubs.

He plans to enter Oberlin College in Oberlin, Ohio, this fall to study chemical engineering.

Jessica, who is co-salutatorian with Carl, is a member of the Girls Athletic Association, junior play cast, Future Teachers of America

and Pep Club. She is treasurer of the senior class, art editor of the Tell Tale and senior representative of the Student Council.

Carl is a member of the varsity football team and served as the 1958 captain; band member for two years, Pep Club, president of the Varsity Club, sports editor and editor of the Round-Up, the yearbook, and business manager of the Tell Tale.

Northern Plans Variety Show

By COLLEEN ADAMS.
A variety show is slated at Pontiac Northern High School Thursday for all students who have sold at least \$3 in subscriptions in the magazine drive now in progress.

The school's first magazine drive started this week and will end April 27.

Twenty students have signed up to participate in this show. They include Ronda Wigginton, Elsie Volk, Sherry Gremore, Mary Jo Koren, Dick Eley, Beatrice Greshover, Janet Hoidane, Bonita Sherman, Lola Wood, and Sherri Everett.

Others include Pauline Herron, Darlene Marcum, Norma Reid, Joyce Dewese, Peggy Clark, Bob Dombroske, Dave Pearson, Dave Termarsh and Richard Lamphere.

The show will include a variety of acts from pantomime to tumbling and baton twirling.

Plans for the junior and senior proms are being made. At a meeting of senior social committee

representatives, seniors decided against inviting juniors to their prom. Juniors, likewise, want a prom of their own.

Another meeting was held Tuesday evening for members of the senior class and their parents concerning activities after the prom. The meeting enabled parents to know where their children plan to go on prom night. June 6 has been chosen for the night of the dance.

INVITE JANUARY GRADS
The senior class has decided to invite students who will be January graduates to be part of this prom. There are not enough students to form a prom of their own next year.

★ ★ ★
Juniors, on the other hand, had a meeting Wednesday night to start plans for their prom. A date has not yet been decided.

★ ★ ★
Six members of the Pontiac staff recently took a trip to Southfield High School for the Inter-Lakes Press Conference. The list of editors and staff

members who made the trip include Jackie Loomis, Ron Miller, James Talley, Dennis Pawley, Jean Isbell and Colleen Adams. Mrs. George Morrow, Pontiac advisor, supervised the trip.

The PTSA sponsored a candy

sale Wednesday. The money received through the sale will go toward a scholarship for a Northern senior.

★ ★ ★
Thursday was a busy day for Northern students. Two assem-

blies took place Thursday morning. During homeroom, a Student Union assembly was held featuring Frederic Sjoborn, pianist. The show was balanced with favorite classics, novelty and popular selections.

NORTHERN TALENT? — Sherry Gremore, (right), a Pontiac Northern High School junior, of 20 W. Brooklyn St., looks somewhat annoyed as she listens to two of her competitors practice for the talent show slated for Thursday. They are Elsie Volk, a senior, of 678 E. Mansfield St., with banjo in hand and Ronda Wigginton, a senior, of 44 Lowell St.

Juniors Begin Candy Sale Today at Waterford High

By JEAN REXFORD
Juniors of Waterford Township High School will be looking for prospects with a sweet tooth.

The class' candy sale starts today. Proceeds will be used to help pay individual expenses for the senior trip.

WTHS winners of the area second semester speech contests held at Southfield High School were Fred Gross, extempore speech; Carol Saul, interpretive reading and Barbara Harthun, declamation.

Rev. Richard Thomas from St. Benedicts.

The Rev. Walter J. Teeuwissen, from the United Presbyterian Church in Drayton Plains told the views of his church.

★ ★ ★
Again this year WTHS Student Council will hold a joint banquet with the student councils from Pierce and Cray Junior High schools.

Telling his ideas last week about education and his hopes for Future Teachers organization at its meeting was James S. Fry, principal of Waterford Township High School.

Members of GAA Better Club and Hi-Y held a volleyball social on Monday in the gym.

CLERGY VISITS CLASS
Three area clergymen were guest speakers in the Home and Family Living Classes last week. Rabbi Goodman from the Temple Beth Jacob told the classes the Jewish views on religion and marriage. Presenting the Catholic point of view towards this subject was the

Final rehearsals for the forthcoming inter-class competitive talent assembly will be held next week.

Making plans for the senior edition of the Anchor the newspaper, are Susan Rennie, chairman; Karen Anderson, Linda Bollinger, Jane Dovletian, Fran Spencer, and Ruth Ann Vaughn.

★ ★ ★
Anyone who is interested in being a waitress or a doorman for the senior prom May 16 should contact Edward Mott, WTHS French teacher.

Central's Student Council Sponsors Magazine Sale

By BARBARA GRIFFIN
Pontiac Central High School's annual magazine drive starts today. The drive was kicked off with an assembly this morning when the functions of the sales campaign were explained.

Duke Relyea, president of the Student Council, Don McMillen, an instructor, and C. T. Forsman, assistant principal, are in charge of the drive which is sponsored by the Student Council. It will continue through April 27.

A last minute auction and potato chip sale enabled Dorothy Bell's junior homeroom to con-

tribute the most money to the American Field Service Drive. Thus it won the privilege to having the AFS foreign student in its home room next year.

Jean Smith's homeroom came in second and Fred Zittel's placed third.

Tom Eley and Marian McDermott are the master and mistress of ceremonies for the Dolphin Water Show, "Music Through the Ages," to be held May 6, 7, 8 and 9 at the Pontiac Northern High School pool. Tom and Marian were chosen Monday night after try-outs. They were judged by members of Dolphins and their sponsors, Madeline McConnell and Nelma Wood.

tween the Lucky Strikes, champions of the first 10 weeks, and the Head Pins, champions of the second 10 weeks.

The Lucky Strikes, with Karen Antolich, Joe Parks, Charlotte Johnson, and Art Silverthorn, beat the Head Pins with Marcey Agree, Steve Gordon, Nancy Walker and Garry Barger.

Trophies will be awarded tomorrow afternoon at a banquet at West Side Recreation to Diana Rigotti as the highest average girl bowler and to Rich Goodwin, highest average boy bowler.

★ ★ ★
Trophies will also be awarded to the championship team and to Janet Riechert, high series girl bowler, Diana Rigotti, high game girl bowler, Rich Goodwin, high series boy bowler and Bob Vollmar, high game boy bowler.

Council Readies Today's Carnival

Clarkston High Annual Fund-Raising Project Opens at 7:30 P.M.

By JOAN PAYNE
The music and atmosphere of a carnival will surround Clarkston High School tonight when the Student Council presents its annual fund-raising project.

Larry Powell, president of the council, is in charge of the entire carnival which will open to the public beginning at 7:30 p. m.

Highlight of the evening of fun for children of all ages will be the crowning of the carnival King and Queen and Prince and Princess.

Contestants for the King are John Tisch, Bob Porritt, Gil Hellman and Ron Zumburnum. Vying for Queen will be Beverly Jennings, Carol Lum, Ruth McNeil and Kathy Taylor. All are students in grades 10 through 12.

RONALD SWANSON
Salutatorian

KURT METZGER
Valedictorian

Metzger, Swanson Lead Brandon's Senior Class

The president of the 1959 June graduating class of Brandon High School in Ortonville has been named valedictorian. He is Kurt Metzger, son of Mr. and Mrs. Kurt Metzger of 880 Granger Rd.

Salutatorian is Ronald Swanson who lives with Mr. and Mrs. David Bussell, 4071 Oakwood Rd.

Kurt has a scholastic average of 3.85 out of a possible 4. In the ninth grade he was a member of the baseball team. He also has participated in speech contests, the junior play and was vice president of the junior class and editor of the annual.

He has also presided over student court and worked on the school newspaper, Student Council and announced football games.

Ronald, who has an average of 3.41, has been a member of the band for four years, was president of it in his junior year and was awarded a scholarship to Interlochen Music Camp for his musical ability.

★ ★ ★
He has been drum major for the past two years. In his junior and senior years, he was active in track and basketball and the Varsity Club.

St. Mike's Pupils to Hold Hawkins Dance Tonight

By CAROL BAUER
A Sadie Hawkins hop will be held tonight at St. Michael's High School from 8:30 to 11:30.

The junior class project will include Chuck Lewis, disc jockey who will spin the records.

Committee chairmen of the event are Paul Harding, decorations; Jo Ann Wilhelm, refreshments; Paul Chapdelin, coat room; Diana Adams, tickets; Donny Patterson, prizes and Patrick Donahoe, chaperons.

Complete First Aid Course at St. Fred's

By MARY SUE RITTER
Biology students at St. Frederick's High School have completed a first aid course and are now awaiting to receive the American Red Cross identification cards.

Sister Grace Ellen instructed members of the Future Teachers Club ways of teaching arithmetic to youngsters as well as the fundamentals of teaching at the group's meeting this week.

Rehearse Comedy at Bloomfield Hills

"Desperate Ambrose," a three-act farce comedy, is the title of the Bloomfield Hills High School play to be presented Thursday and Friday in the school gym.

Curtain time is 8:15 p. m. Glenn Wooster, drama coach, is the director.

The cast includes Jim Wolfe, Jack Bohr, Jeff Howard, Jim Howarth, Dave Herzog, Nick Steen, John Webber and Bob Haeffner.

Others are Karen Slade, Lynn Marshall, Sally Wilson, Sharon Newman, Linda Albertson, Carolyn Whittlesey, Mary Jocelyn, Wendy Sanderson, Beverly Chiegar, Gretchen Kuschwa and Sue Fry.

Disc Data and Chatter

Music in the Round

World Pacific have given us the most exciting performance to hit record stores in several years.

This does not fall into the pit that so-called "all-star" performers performing separately but not playing together.

Five Acres: Tops in the Pontiac area on sales charts is "Happy Organ" (Dave Cortez), unchanged this week.

★ ★ ★
Second place is held by "Sea Cruise" (Frankie Ford). Third spot goes to "Guitar Boogie Special" (The Virtues). Fourth spot is taken by "Come Softly to Me" (The Fleetwood) and in fifth place is "So Fine" (The Flinstars).

★ ★ ★
Easy On the LP Ears: For a few Columbia LPs of interest try "Porgy and Bess" (CL-1274) by Miles Davis with Gil Evans' Orch.; "Jazz From Peter Gunn" (CL-1319) by the Joe Wilder Quartet; "What Is There to Say" (CL-1307) by Gerry Mulligan Quartet; and "Happy Session" (CL-1324) by Benny Goodman's Orchestra with Andre Previn and Russ Freeman.

'We Arabs Have No More Allies'

Nasser Scores Russia and West Alike, Spurns 'Bribe' of Rubles

By WILTON WYNN

CAIRO (AP)—President Nasser says that Arab Communists plotted in Moscow to break up the United Arab Republic and make Baghdad the command post of an Arab nationalism.

The President of the U.A.R. coupled his attack on Moscow with some sharp words directed at Britain and the United States and declared, "We Arab nationalists have no more allies."

Nasser was speaking in an interview with the editor of the Indian weekly news magazine Blitz.

He held open the door for reviving his former friendship with the Soviets but said he was "not ready to sell our country for 700 million rubles of Soviet aid."

The Soviets have promised the U.A.R. 400 million rubles (100 million dollars) in economic and technical assistance on the construction of the Aswan high dam and are expected to help with later phases of the vast project. The Soviet bloc also has sold Nasser large quantities of arms in exchange for Egyptian cotton.

Nasser said Arab Communists worked out plans at the 21st congress of the Soviet Communist party in Moscow early this year to establish an "Arab Soviet" in the Middle East.

State to Sell Land

LANSING (AP)—The State Conservation Department will hold a public auction of 144 units of tax reverted lands in 15 northern lower peninsula counties April 28 at Clare.

Dutch Royalty Opens Film Run of 'Anne Frank'

AMSTERDAM, Netherlands (AP)—The film version of "The Diary of Anne Frank" was given its European premiere Thursday night here in the city in which the young Jewish girl wrote her diary while hiding from the Nazis.

Queen Juliana and Crown Prince Beatrix headed the audience, which stood in silence at the close of the film. Anne died in a German concentration camp after her family's hideout was discovered.

Critics praised director George Stevens for capturing Amsterdam's atmosphere and comedian Ed Wynn for his portrayal of the dentist Dussel, another Jew hiding with the Frank family. But they said the film placed too much emphasis on the romance that de-

veloped between Anne and a boy in the hideout.

Mayor Gijbert van Hall asked the audience to help keep Anne's th conversion of the building which was the hiding place. It is being made into an international youth center.

The movie had its world premiere in New York a month ago.

Wyandotte Man Killed

DETROIT (AP)—Charles Bowman, 49-year-old suburban Wyandotte father of three children, was killed Thursday when the motorcycle he was riding skidded on an oil slick on a west side Detroit street and threw him under the wheels of a passing truck.

U. of M. Post Filled

ANN ARBOR (AP)—Timothy E. Johnston, 19, of Grosse Pointe Woods, has been named business manager for next year of the University of Michigan's yearbook, the Michiganian.

Dinner Will Honor Michigan's Movie

MARQUETTE (AP)—Michigan Week is going to get off ahead of schedule this year with a dinner in honor of the movie "Anatomy of a Murder."

The dinner at nearby Negaunee High School will honor the movie, its cast and State Supreme Court Justice John D. Voelker, who wrote the book on which the movie is based.

The dinner, a week ahead of Michigan Week opening was set for May 11 because the movie troupe is slated to be gone by Michigan Week, May 17-23.

"Anatomy of a Murder," now being filmed at Marquette, has been chosen as Michigan's "Product of the Year" to be honored during the week.

Detroit City Workers to Picket Over Wages

DETROIT (AP)—The Public Employees Council, dissatisfied with a proposed wage increase for Detroit city employees, today announced plans to picket the city-county building here next Tuesday.

Joseph F. Bogan, co-ordinator of the Council in Detroit, said between 2,500 and 4,000 pickets would protest at 4 p.m.

He said city employees believe they were entitled to a bigger pay increase than that in Mayor Louis Miriani's 1959-60 budget. Miriani has offered the city employees a 10-cents-an-hour or a four per cent boost in pay.

Bronson Woman Dies

BRONSON (AP)—Mrs. Ruth Miller, 40, of rural Bronson, was killed Thursday when the pickup truck she was driving ran out of control and struck a tree four miles south of here.

WET SEAT — Nineteen-months-old Ralph Closson of Presque Isle, Maine, bursts into tears as he suddenly found himself setting in his mother's scrub pail. Perhaps the brush at the bottom had long bristles.

Dalai Lama Resumes Trip

Travels Now by Car to Permanent Quarters of Refuge in India

By WATSON SIMS
TEZPUR, India (AP) — The Dalai Lama of Tibet resumed his epic journey into Indian exile to day after resting five days at the village of Bomdila in India's rugged northeast frontier sector.

Traveling by automobile for the first time since he fled on March occupying Lhasa, Tibet's fugitive god-king is due to reach Tezpur Saturday. A huge welcoming ceremony is planned.

Only a few Buddhists live at Tezpur. But many have come from surrounding mountain areas to see — and be blessed by the sight of — the 23-year-old spiritual leader.

K. P. Agarswala, mayor of this city of 10,000, will present the Dalai Lama a scarf, traditional Buddhist gesture of respect. The women of Tezpur will present scarves to the Dalai Lama's 57-year-old mother and 37-year-old sister. They are in the 80-member entourage which fled 300 miles by foot and horseback past the guns of the Chinese occupation forces to reach the haven of India.

Racial Incident Reported in Detroit

DETROIT (AP) — Three white persons were beaten up by Negro youths in an outbreak of violence on Detroit's east side last night, police said today.

Sgt. Edward Boggs of the Police Department's special investigation squad said preliminary reports indicated the attacks were without provocation and grew out of fights between white and Negro juvenile gangs.

Twenty Negro youths, ranging from 13 to 19, were rounded up for questioning after they clashed with police attempting to disperse them.

Morris King, 31, and his wife, Julia, 41, and Ernest Rose, 29, were injured when they were attacked without warning by groups of Negroes roving the Charlevoix-St. Jean neighborhood, police said. The area has both Negro and white residents.

Bowles Sees Little Gained by Summit

DETROIT (AP) — No major settlement of East-West tensions can be expected from a summit conference this summer between Soviet Russia and the Western Powers, Rep. Chester Bowles (D-Conn.) said here last night.

The illness and resignation of Secretary of State Dulles, he said,

"are particularly unfortunate in any event." Bowles, former ambassador to Moscow, spoke to some 600 persons at a conference on "removing the roadblocks to world peace."

He said that Christian A. Herter, undersecretary of state who has been named to replace Dulles at the pre-summit negotiations, will be at a disadvantage, explaining: "Dulles, besides being a brilliant negotiator, was known to be tough. He could make a concession and get full value for it, where Herter can't make his concessions look as good."

To Hire Weed Killers

LANSING (AP) — The State Highway Department says it expects to save about \$30,000 this year by hiring private contractors for combined chemical spraying and machine mowing of weeds on highway edges instead of keeping it a department project.

The pessimist complains that taxes here are too high; the optimist rejoices that we are still paying them in dollars, not rubles. . . . It's more difficult to climb the ladder of success if you have cold feet. —Earl Wilson.

House Passes AF Money Bill

3 Air Bases in State Would Share Nearly \$6 Million for Building

WASHINGTON (AP) — A bill authorizing the spending of \$5,875,000 at three Michigan air bases has been passed by the House and now awaits Senate action.

Under the bill, \$1,232,608,001 is to be spent for military construction in the United States and abroad. The House passed it yesterday.

The bill originally authorized spending \$6,539,000 for the Michigan projects, but \$664,000 was cut from that figure by the House Armed Services Committee.

The Michigan projects include: (Figures in parentheses are the amounts originally proposed which were cut.)

K. I. Sawyer Municipal Airport, Marquette, training, maintenance, supply, administrative and community facilities and troop housing, \$2,779,000 (\$2,814,000).

Selfridge Air Force Base, Mount Clemens, maintenance facilities, \$612,000 (\$925,000).

Wurtsmith Air Force Base, Oscoda, operational, maintenance and supply facilities and utilities, \$2,484,000 (\$2,800,000).

Corn has been the major U.S. crop as far back as official records go. Approximately three bushels in four are fed by the grower to his livestock and poultry.

3 Young Brothers Suffocate in Fire

PITTSBURGH, Pa. (AP) — Three young brothers suffocated in an apartment fire Thursday. Police said they may have barred their rescue by slamming shut a door which locked.

A neighbor had to take time to kick down the locked door of the second-floor apartment. Then he was forced back by heat and smoke.

A passer-by and Supt. of Police James Slusser went to the rear of the two-story frame house and climbed to the second-floor bedroom where the children had taken refuge.

Pulled unconscious from the building, the youngsters were dead on arrival at Pittsburgh Hospital. They were Norvalle, 3, Charles, 2, and Vincent, 1, the children of Mrs. Marlene Jones.

Mrs. Jones, who was not home at the time, said she had asked a neighbor, Mrs. Esther Perkins, 77, to look in on the children while Mrs. Jones went to pay a bill. Mrs. Perkins said later the door had been slammed shut.

The flames swept the upper floor of the building, causing damage estimated by firemen at \$10,000. The cause was not determined.

The victims were Negroes.

Oil Rules to Be Aired

LANSING (AP) — A public hearing will be held April 23 in the Lansing Civic Center by the State Oil Board to discuss proposed regulations for oil and gas operations at two formation pools in Calhoun, St. Clair and Macomb counties.

About one-half of the weight of a broiler chicken is lost between the farm and the dining room table.

CREDITORS DEMAND CASH I MUST RAISE \$50,000 AT ONCE!

THE TRUTH!

Yes, I am embarrassed. I have to be so blunt as to say CREDITORS DEMAND CASH. But I have no alternative . . . I bought too much . . . Business has been slow, considering the volume I must do and now I must raise cash . . . I can't urge you enough to be sure and be at my store for these amazing bargains in suits, topcoats, jackets, pants, sportswear. These are the facts and facts don't lie.

Bill Suggests Song for State

Backs Opus Composed of Pair of Teachers From Saginaw

LANSING (AP)—Two Saginaw school teachers, backed by their singing pupils and a friendly lawmaker, hope their original composition "Michigan, My Homeland" will become Michigan's official state song.

Rep. Holly E. Hubbell (R-Saginaw) has introduced a bill to recognize it as such.

The lyrics were written by Miss Mable DeFere and the music by Miss Gloria Wharton, both teachers at Webber Elementary School in Saginaw. Miss DeFere was instrumental in a move that led to adoption of the white pine as Michigan's state tree in 1955.

Webber School pupils sang the song to House members recently and Hubbell said they're ready to do it again for the House State Affairs Committee, which is considering his bill.

Secretary of State James M. Hare said he'd like the Legislature to wait a while before making an official selection.

Last year, Hare sent out a call for suggestion on a state song and got 16 or 18 original compositions from songwriters all over the state. He turned them over to music faculties at the University of Michigan, Michigan State University and Wayne State University.

"They report that at least three of them are good possibilities and I'm hopeful we'll have some definite recommendations by mid-summer," Hare said.

Unofficially, "Michigan My Homeland" is generally recognized as the state song.

Claims Venus, Mars Spying on Our Planet

MILAN, Italy (UPI)—Venus and Mars are spying on us, says Italian flying saucer expert Alberto Perego.

In a recent address here, Dr. Perego said he believed there were about 3,000 flying saucers from Venus and Mars continually hovering around European and Italian skies.

Perego, president of the Italian Study Center for Electromagnetic Aviation, illustrated his statement with photographs purportedly showing mysterious flying objects in Italian skies.

He recently claimed that a flying saucer hovered over Vatican City at about the time Pope John XXIII was elected in the Oct. 28 conclave.

Return for 'Seconds'

NORFOLK, Va. (AP)—The turkey stolen from Chesterfield Heights School here must have been good. The thieves returned a few nights later for a second helping.

Bob Considine Says:

Strong Men Shielded Eyes at Jet Show

LAS VEGAS—In the golden age of vaudeville the program usually opened with a team of Oriental acrobats. They soon dissolved into the woodwork to make way for the big acts that followed, like Lester Allen or Nora Bayes or Blossom Seeley and Benny Fields.

Well, they opened the most explosive air and firepower show in history with the National nine-pilot Thunder Tiger aerobatic team here the other day—and the crowds were still talking about these boys when the day was done.

Even the birds left the skies to make way for these Chinese in F96s. Strong men shielded their eyes during some of the exuberant antics, performed wing to wing at nerve-wracking speed. It was an extra-superb 10 minutes in a thoroughly spectacular show of jet aircraft and what can be done with such weapons.

The second most awe-inspiring attraction was not human. It was the demonstration of the Sidewinder, the super-super-sonic rocket which apparently ends all further thought of romantic dog fights among dashing fighter pilots.

The Sidewinder just can't miss, once launched in the direction of

an enemy jet. It seeks and inhumanly finds the nearest heat-producing object ahead of it, at 2,000 m.p.h. It will fly up the hot tailpipe of a fleeing enemy and burst him into a million pieces. Here the Sidewinder was demonstrated as an anti-missile missile.

Two F104s, the fastest fighters in regular service, blazed over the grandstand at a thousand miles an hour, shot two standard air-to-ground missiles, then sent two Sidewinders after the fleeing missiles. The relentless Sidewinders caught the supersonic missiles unerringly and blew both to bits.

We sat in the stands next to Jimmy Doolittle, and as one supersonic plane after another shot past, exploding sonic booms that threatened to knock people off their seats, Doolittle spoke of another day in aviation.

"I made news once upon a time by flying a DH4 biplane nonstop across the United States, the first time it had ever been done," he said, shaking his head as he looked at planes which could beat the sun westward across the land. "Took 21½ hours. That was 1921. Ten years later I flew a Laird across in

11½ hours, the first time it was done under 12. Now look."

An F101 reconnaissance plane came straight at the stands at close to 600, and roared just over our heads. It's a paralyzing sight. The purpose of the pass was to take a photograph of the crowd.

FORGOT SMILE

"Shucks," Doolittle said as the

McNamara Sights Upturn for State

WASHINGTON (AP)—Sen. Pat McNamara (D-Mich) sees an encouraging upturn in the economic situation in Michigan.

The Detroit Democrat said yesterday there has been a pickup there in the last 60 days, and added that "the state had gained 600 million dollars worth of new industry in the first three months of 1959."

McNamara said Michigan still suffers from tremendous unemployment but said he feels the state will "snap out of it as fast as any other state."

blast of the twin-engine jet beat up the spectators. "I forgot to smile."

Doolittle, who is now head of Space Technology Laboratories, led the first raid on Tokyo 17 years ago Saturday. He will fly over to Tucson from here for the annual reunion of those intrepid men who threw the first counterpunch this country was able to direct against Japan's jaw, after we got off the floor at Pearl Harbor.

Of the 30 men who flew the B25 off the deck of the carrier Hornet that stormy morning of April 18, 1942, 57 are still alive. A majority remains in the Air Force, mostly as temple-graying colonels plus a few brigadiers. One, Col. Bob Emmons, is air attache at the U. S. Embassy in Tokyo, of all places.

But the strangest postwar story of the Tokyo raiders is that of Sgt. Jacob Deshazer, a member of one of the two crews who were captured by the Japanese after bailing out over occupied China after the raid. Deshazer underwent shocking treatment in prison until the end of the war.

Liberated and mustered out, he entered a theological school, be-

came a missionary, asked to be sent back to work among the people who had nearly cost him his life.

There are no rich men among the Doolittle fliers but, combined, the survivors support that mission of their forgiving buddy, Deshazer.

Italian Senate OKs NATO Missile Bases

ROME (AP)—The Senate Thursday night endorsed the government's plan to install NATO missile bases in Italy, within striking range of the Soviet Union.

After two days of hot debate, the Senate voted 138-87 to defeat a Communist-Socialist protest against the government's decision to set up the bases. The required majority vote for the protest was 111.

The Senate approved a government motion saying acceptance of the missile bases is "a normal part of the nation's obligations under the Atlantic Pact and a legitimate action in defense of democratic liberty."

MAKE OVER PAGES

KANSAS CITY, Mo. (AP)—John A. McCone, chairman of the Atomic Energy Commission, says the United States has offered the Soviet Union a final plan for stopping atomic weapon tests.

"We said we will agree with the Soviets to stop tests in the atmosphere," McCone said Thursday night in a speech at Rockhurst College. "A simple detection system will be installed. This will stop adding radioactive debris to the atmosphere. Gradually, fallout will be reduced. The only tests will be made underground."

Both Remarkable Men

Castro and Nasser Are Much Alike

By WILLIAM L. RYAN
Associated Press News Analyst

Some striking parallels between the two careers and personalities might well make one wonder: Is Fidel Castro a sort of Nasser of the Americas?

The question is likely to occur to many who have the opportunity to see and hear the Cuban revolutionary leader on his current visit to the United States.

To suggest this casts no aspersion on the man who toppled an entrenched Latin-American dictatorship against almost impossible odds. Egypt's Gamal Abdel Nasser, like Castro, is, to say the least, a remarkable man.

The following is true both of Cuba and Egypt: before the revolution, the country was in the grip of a corrupt, and often brutal regime. The revolution's victory was welcomed by a great preponderance of the thinking people in the Western world. It was considered a hopeful development, a chance that the lowly citizens so long

abused and neglected at last could look forward to a decent break.

Like Nasser's, Castro's postrevolution approach to his monumental problems sometimes has seemed more emotional than practical. Indeed, even in his mannerisms, his gestures, his way of rolling his eyes heavenward, his eloquence and his personal charm, Castro inevitably reminds one strongly of Nasser.

Even Castro's stoutest supporters in the United States will admit he has a Nasser-like inclination to pour out the slightest doubt is cast upon his pronouncements or intentions.

Like Nasser, Castro came to power as a young man — very young for the job of coping with the vast complexities inherited from the corrupt old regime. As in Nasser's case, there is a suggestion of political immaturity in Castro's approach.

Castro even has sounded like Nasser when he poked loudly of

neutrality in world affairs and of the "United States imperialists" whom he accused of profiting in his country at the expense of the population. Like Nasser, Castro even has hinted that if the United States annoys him sufficiently, he knows where to turn.

Nasser was not satisfied to develop his own revolution. He diverted and halted its more hopeful programs for the sake of interfering in the affairs of other Arab countries. He seemed to picture himself the liberator of a great area, much of which did not particularly want to be liberated.

It is to be hoped Castro will

want to develop his own revolution. It has a great deal of promise. It may be interrupted, perhaps set back many years if he chooses to encourage Cuban adventuring in the Caribbean and elsewhere in Latin America for the purpose of "liberating" areas which may not long for his own particular brand of liberation.

The Cuban situation is vastly unlike the Egyptian in this respect: Cuba, alongside of Egypt, is a fabulously rich land. If Castro's attempt at a social revolution should go the way of Nasser's, Castro will have far less excuse than Nasser had.

Policeman's Ball
Much Too Expensive

QUINCY, Mass. (AP)—A Quincy police officer edged past the Cadillac parked in the driveway and knocked on the door of the magnificent home.

"Yes?" asked the lady of the house, standing in the spacious reception hall.

"Would you be interested in buying a ticket to the policeman's ball?" asked the officer. "They're only \$1."

"No. I'm sorry," she replied. "I really couldn't afford it."

More than one million deer have been killed or captured in Minnesota during the past 35 years—but the state's deer population has nevertheless increased seven-fold.

May Lead Through GoutBy FRANK CAREY
Associated Press Science Writer

ATLANTIC CITY, N.J. (AP)—Take heart, all you sufferers from gout: there's new scientific evidence that your affliction may be a hallmark of intellectual greatness.

Two government researchers came up today with a report of laboratory evidence—culled from tests of American soldiers—suggesting that gout might be associated with higher-than-normal intelligence.

Dr. Dewitt Stetten Jr. and Dr. John Heerson, of the National Institute of Arthritis and Metabolic Diseases, told a scientific meeting here that their research was an attempt to confirm this impression, long held by various scientists.

Scientifically, gout is associated with increased amounts of uric acid in the blood and with periodic attacks of extreme pain and swelling in one of the joints of the body, often in the feet.

The research project described today to the closing session of the 43rd annual meeting of the Federation of American Societies for

Experimental Biology ran this way:

The scientists measured the uric acid concentrations of blood samples which had been routinely taken from a group of 817 successive inductees at Ft. Dix, N.J. Then they obtained the scores achieved by the same men on the Army Classification Battery (ACB)—a group of tests designed to measure general intelligence as well as special aptitudes of interest to the armed forces.

The upshot: "There was a 'small but definite correlation' between the scores achieved on the intelligence test and the concentration of uric acid in the blood. That is, the higher the uric acid, the more likely it was that the individual had score on the ACB."

The researchers said there were two alternative conclusions that could be drawn:

1. That increased amounts of uric acid in the blood tend to promote intelligence; or
2. That successful people are prone to eat a diet richer than usual in certain chemicals that are uric acid producers.

Slow Starts Old Stuff for Tiger Teams

'52 Team Ended in Cellar After Poor Beginning

Bengals Play Chicago in Start of 3-Game Weekend Series

CHICAGO (U) — Motionless get-aways are nothing new for the Detroit Tigers.

Actually, the wheel-slipping Motor City team, loser of five straight, is far away from its own record for futility at the start of a season.

The Tigers of 1929 lost their first 13 games, a Major League record they share with the 1904 Washington club.

But Bill Norman's current Tigers, who try again today for their first victory against the Chicago White Sox, are off to Detroit's worst beginning since 1952. The Tigers are the only winless team in the American League.

Red Rolfe's club in 1952 lost the first eight. Art Houtteman finally ended the Tigers' miseries with a one-hit victory.

Norman could take a look at the final records of the 1929 and 1952 seasons and find it ominous.

The Tigers fought their way into seventh place in 1929. But Hugh Jennings, manager for 14 seasons, lost his job at the end of the campaign. Ty Cobb took over in 1921.

Rolfe failed to survive the season after his 1952 team floundered at the start. Freddie Hutchinson replaced him in July. The Tigers wound up last, the only time in their history.

Norman maintains the 1959 Tigers are a first division club.

"That's all I ever said," Norman recalled. "And I still think we'll make it to the first division. My guys are pros. I'm sticking with them and they'll get rolling."

"We've played pretty good ball in every game. But we couldn't get the key hit. We couldn't even get a fly ball when we needed one."

In three of their defeats, a well-timed sacrifice fly could have produced a victory for the Tigers. None was forthcoming and the Tigers have left baserunners stranded in droves.

Norman called a special practice at Briggs Stadium yesterday.

Right hander Jim Bunning didn't accompany the Tigers here. He was left at Detroit's Harper Hospital with a virus infection in his throat. Bunning will miss at least one turn in the Tigers' pitching rotation.

Frank Lary, loser to the White Sox last Sunday, will pitch today's first game of the three-game series here. Dick Donovan, who beat Lary, was to face him again.

The Sox haven't been faring too well since leaving Detroit with three straight victories. They lost two games of three with Kansas City.

Norman will give Billy Hoeltz his first start tomorrow. The left-hander, off to a good start at spring training, had to begin all over when a sore arm and knee injury shelved him. Manager Al Lopez has named Billy Pierce to pitch for the Sox tomorrow.

SPORTS

Orioles Whip Yanks, Bertioa Paces Washington

Garver Blanks White Sox

By The Associated Press

At 33, Kansas City's Ned Garver is perhaps the American league's No. 1 dealer in soft curve and brass. He makes the most of his nothing ball against the Chicago White Sox.

The stubby right-hander has made a career of taking from them what has for them what ain't, rolling up a 116-133 record in 11 seasons of pitching for second division clubs. The White Sox have been tagged for 24 of those victories, the most Garver has taken from any single club.

He got the latest in his 24-15 life-time record against Chicago

shutout that included but one walk, as the Kansas City Athletics handed the White Sox a second straight defeat 6-0.

It was Garver's 15th shutout in the Majors, seventh best among still active pitchers in the AL, and his third consecutive success against the White Sox. It also squared his season record at 1-1, after a one-run defeat by the Cleveland Indians, the league's lone unbeaten club.

The New York Yankees finally fell yesterday, losing their first in a 7-4 decision at Baltimore that gave the Orioles their first victory. Washington whipped Boston 7-5.

Garver gave up nothing but singles and breezed home for the first complete game by the A's staff this season. He got help on two-run homers from Frank House and Bob Cerv off Early Wynn (1-1), who gained his 25th victory last week.

The Orioles broke through against the Yankees with a four-run eighth inning capped by Billy Gardner's first hit of the season — a bases-loaded triple. Starter Art Ditmar was the loser, but it was Ryno Duren, the champ's fire-balling relief ace, who gave up a tying single by Gene Woodling ahead of Gardner's clincher.

Billy O'Dell won it in relief of George Bamberger, a rookie who blanked the Yanks on three hits for five innings in his first start after 13 years in the minors.

Willie Tasby homered and opened the big eighth with a single for the Orioles, who also got a home run from Bob Nieman. Elston Howard homered for the Yankees, while Norm Siebern drove in three runs with a bloop, double and a single.

Right-hander Pete Ramos, the only winner (2-0) and complete-game pitcher Washington has had so far, resumed his old habit of beating the Red Sox. He did it although giving up 10 hits, weathering a three-run ninth for a 14-9 life-time record against the Red Sox, who had beaten him four times in a row. Rookie Bob Allison's first Major League homer, a three-run swat, and Norm Sautin's second of the year gave the Nats a four-run fourth inning against loser Herb Moford. It was Reno Bertioa's two-run single in the eighth that put it away, however.

RENO SAFE — Reno Bertioa, ex-Tiger now with Washington, slides safely across home plate as Boston catcher Sammy White stretches for a high throw in their game at Fenway Park yesterday. The relay throw to White was made by Dick Gemert. The umpire is Jim Honochick. The Nats defeated the Red Sox, 7-5. Bertioa had three hits to lead the winners.

From The PRESS BOX

A special bout scheduled for tonight between boxer Marty Marshall and wrestler Lou Klein at the Detroit State Fair Grounds matches has been deferred by State Boxing Commissioner Floyd Stevens. The remainder of the wrestling card will go on.

Arlon McCellan was named head basketball coach at Sparta High School. He succeeds Bob Fitch.

Chick Harbert was in a 13-way tie for 17th place after the first round of the Houston Golf tournament. He shot a 33-37-70 yesterday.

Hazel Park Harness Raceway opens its 48th stand Monday April 27th and continue through June 20th. Grand Circuit racing is scheduled from June 6th through June 15th.

Avondale Church League softball entries will have an organizational meeting at the United Presbyterian Church in Auburn Heights at 7:30 tonight.

Canadiens 1 Game Away From Title

PICKOFF TRY — New York's Bobby Richardson hustles back to first safely as Baltimore's Bob Boyd tries to tag him out. Richardson singled and catcher Gus Trainos fired the ball to Boyd in the pickoff try. Richardson later scored, but the Yanks lost, 7-4.

Montreal Wins 3-2 Decision From Toronto

Defending Champions Hope to End Series at Home Saturday

TORONTO (U) — Coach Toe Blake of the Montreal Canadiens, needing only one more victory for an unprecedented fourth straight Stanley Cup, isn't taking anything for granted.

"I must say we're in a good position," he said last night after the Canadiens edged Toronto 3-2 to take a 3-1 lead in the National Hockey League's best-of-seven final series. "But then the New York Rangers thought the same thing about three weeks ago."

Blake was referring to Toronto's come-from-behind ability that sent them into the playoffs on the final night of the regular season while the Rangers were losing six of their last seven games.

Big Bernie (Boom Boom) Geoffrion led the way as the Canadiens exploded for three third-period goals to take a commanding lead over the Leafs. Toronto had broken a scoreless tie on a goal by Bill Harris at 3:45 of the final period before the Canadiens put on their winning spurt.

Rookies Ab McDonald and Ralph Backstrom scored the first two goals with Geoffrion getting an assist on each. Then Geoffrion took a pass from Henri Richard and beat goalie Johnny Bower for a 3-1 edge.

Although coach Punch Imlach pulled goalie Bower off the ice and used a sixth forward after his Leafs had pulled within one goal of the Canadiens on a score by Frank Mahovlich, they couldn't break through the Montreal defense.

Montreal is heavily favored as the series shifts to Canadiens home ice for the next game Saturday night.

Imlach was not happy about the Leafs' shooting that drew the vocal wrath of the 13,329 fans in the early periods. However, he refused to give up.

"This is the first time we've been really close to elimination since we made the playoffs. This club won't quit. We've had shooting troubles before and it's still haunting us."

Blake had high praise for everybody, especially McDonald who had not scored since mid-February.

"It was McDonald's goal that gave our bench a terrific lift," he said, "the whole gang came right up as one man."

CHALLENGER ARRIVES — Brian London, British heavyweight boxing champion who will meet world heavyweight champion Floyd Patterson in a title fight in Indianapolis May 1st, gets a ride in an Indiana State Police car upon his arrival in the city. He was accompanied by his father and brother.

Challenger in Camp for Heavyweight Bout

INDIANAPOLIS (U) — The Floyd Patterson-Brian London heavyweight championship bout, scheduled for the Fairgrounds Coliseum here May 1, began jelling today after weeks of mystery.

The challenger is here and working out in Municipal Gardens a city recreation site on the west side of town, and Patterson is scheduled to arrive tomorrow. The champion will train in the coliseum.

Officials said final contracts, including a return bout clause if London wins, will be signed shortly after Patterson arrives. The bout originally was scheduled for Las Vegas, Nev., then switched to Indianapolis. In the interim the date was changed from April 21 to May 1.

Then came the announcement that Cecil Rhodes of Cranford, N. J., had been replaced as promoter, with Al Farb of Indianapolis and the Hoosier Boxing Club taking over. Assisting will be Bill Rosensohn, who is promoting the Patterson-Ingemar Johansson fight in Yankee Stadium at New York, June 25.

The promotion evidently was the angle that kept a cloud of secrecy surrounding the fight. After the switch, Cus D'Amato, Patterson's manager said the "fight in Indianapolis definitely will take place May 1."

D'Amato's positive statement that the fight will be in Indianapolis was backed up by an announcement from NBC television and the sponsor that the fight will be shown on home television.

London, former British heavyweight champion, who lost his title to Henry Cooper last January, denied trying to dodge reporters in New York.

"I was registered at the Hotel New Yorker under my own name," he said.

The 6-foot, 210 pound London warned Americans to be cautious about thinking of the bout as only a warmup for Patterson.

"He (Patterson) might be a little over-cautious. He's taking this as a tuneup, but he might get surprised," London said.

When asked how he expected to fight Patterson, London said, "I go forward. I fight the American style, and I punch with either hand."

3 U. of M. Athletes Named All-Americans

ANN ARBOR (UPI) — Three Michigan athletes have been named to All-America squads chosen by coaches. Defenseman Bob Watt and forward-defenseman Bob White were named to the All-America collegiate hockey team and Ed Cole was selected to the All-America gymnastics unit.

Bill Skinner, another Wolverine gymnast, was named to the third team by the National Association of Gymnastic Coaches.

3-Stroke Edge Held by Suggs

DALLAS (U) — Louise Suggs in a head-to-head battle with Betty Rawls for top money winner in women's golf, entered the second round of the \$10,000 Dallas Civitan Open today leading her rival by three strokes.

Miss Suggs, the 35-year-old veteran from Sea Island, Ga., conquered high winds with a 1-under-par 70 yesterday to take the first round lead. Miss Rawls, the 30-year-old star from Spartanburg, S.C., who says she is playing her best golf yet, had a 73.

In fact, Miss Rawls wasn't even in second place. That spot went to Jo Ann Prentice of Birmingham, Ala., who had a sharp 72.

In money winnings, Miss Rawls has raked in \$5,692.52 and Miss Suggs, in second place, has won \$371.30 less.

NCAA Reaches Top Membership

NEW YORK (AP) — Membership in the National Collegiate Athletic Assn. has reached 541, an all-time high, the organization announced today.

Walter Byers, executive director, said 25 members have been added since last September. He said the rolls now include 498 colleges and universities, 30 allied conferences and 13 affiliated associations.

The association began in 1905 with 13 members.

AMERICAN LEAGUE	Won	Lost	Pct.	Behind
Cleveland	4	2	1.000

Kansas City at Cleveland, 2 p.m.
New York at Boston, 2 p.m.
Detroit at Chicago, 2 p.m.
Washington at Baltimore, 2:05 p.m.

Jones Favored at OSU Relays

COLUMBUS, Ohio (UPI) — Michigan's powerful Big Ten indoor track champions and Eastern Michigan star Hayes Jones are favored to grab many of the laurels in the 17th annual Ohio State relays tomorrow at Ohio Stadium.

Wolverine coach Don Canham selected a 34-man squad for the Buckeye event.

Tom Robinson, Michigan sprint star from the Bahamas, and Jones are the top choices in the 110-yard dash. Robinson tied the Big Ten indoor record of 6.1 seconds in the 60-yard dash three times during the conference meet.

The spring classic, which has attracted more than 600 athletes from 27 schools, features a 27-event program.

The top attraction appears to be the 400-meter race which pits

Glenn Davis, the ex-Buckeye star, against such stalwarts as Mel Barnwell of Pittsburgh, Purdue's

sensational freshman, Dave Mills, and Wayne Etherton, also of Purdue.

Davis, who holds world records in the 400 meter hurdles and the 440-yard dash, does his running now for the Ohio Track Club.

The meet is conducted on an individual basis with no team championship. But potent Michigan is expected to take most of the honors.

Bob Gutowski, formerly of Occidental College and now in the Marines, is the man to beat in the pole vault. Gutowski has vaulted 15 feet, 9 inches, an NCAA and American record. The mark was ruled out as a world record because Gutowski's pole passed under the cross bar as he cleared the record height.

In a dual meet at Ohio University last week, Robinson ran the 100 in 9.2 or better, which is under the listed world mark. Robinson equalled the Big Ten indoor record of 6.1 in the 60-yard dash on three occasions during the recent Western Conference meet.

Jones is the choice to take the 120-yard high hurdles but might get stiff competition from Willie May, Indiana's Big Ten champ.

Rep. E. D. O'Brien (D-Detroit) said "Michigan residents are discriminated against in employment opportunities" at some Michigan tracks.

O'Brien said some Florida people, coming to Michigan to work at tracks a few months, drew Michigan unemployment compensation after the track season ended.

Solly Hemus Fined \$50

LOS ANGELES (AP) — St. Louis manager Solly Hemus was fined \$50 Thursday for his dispute Wednesday night with umpire Dusty Boggess.

Hemus objected loudly, and was thrown from the game, after Stan Musial was called out on a close play at the plate.

Hemus was notified of the fine in a wire from National League President Warren Giles.

Revision Sought for Track Code

Claim Floridans Get Preference for Jobs at Racing Plants

LANSING (UPI) — A proposed revision of the state's racing code was before the Senate today after going approval of the State Affairs Committee yesterday.

The House approved bill would take away some of the powers of the State Racing Commissioner.

In the House a lawmaker called for an investigation of complaints that Florida residents were getting race track job preference over jobless Michigan workers.

Rep. E. D. O'Brien (D-Detroit) said "Michigan residents are discriminated against in employment opportunities" at some Michigan tracks.

O'Brien said some Florida people, coming to Michigan to work at tracks a few months, drew Michigan unemployment compensation after the track season ended.

Tiger Woes Follow Lund

ANN ARBOR (UPI) — Michigan baseball coach Don Lund is far from the Detroit Tigers now but he's having the same troubles as his former boss, Tiger manager Bill Norman.

But Lund's Wolverines hope they've found the right combination in Eastern Michigan. Lund, in his rookie year as Michigan coach, won his initial game against Duke several weeks ago but then went into a tailspin with seven straight defeats.

The streak was broken by a 4-1 victory over Eastern Michigan Tuesday and the Wolverines were set to meet the Hurons again today.

Michigan opens its Big Ten season next weekend with a three-game series against Michigan State opening with a single game on Friday in Ann Arbor and a doubleheader Saturday at East Lansing.

Thousands Have Perished

Seek Way to Lift 'Killer Fogs'

WASHINGTON (UPI) — Must assuming it was non-nuclear) their use to small areas, such as would contaminate the fog and airports.

Many successful experiments have been conducted both here and abroad in the use of dry ice pellets, or silver iodide particles, to condense some of the moisture in a fog.

The technique is the same as used in rain-making. The dry ice pellets are dropped into the fog from a plane or the silver iodide particles are sent up from a ground smoke generator.

If the fog conditions are just right, these techniques will produce temporary, local dissipation. But the cost, difficulty and unreliability of both processes have limited their use to small areas, such as would contaminate the fog and airports.

The earliest modern experiments were made in Britain during World War II at the instigation of Prime Minister Winston Churchill. Fog over RAF landing fields was severely handicapping fighter operations during the Battle of Britain, so Churchill gave top priority to a project dubbed "FIDO"—Fog Dispersal Operation.

It yielded one practical solution: when vast quantities of petrol were burned near the runways of air fields, the heat thrown off created a sort of "tunnel" in the fog through which returning fighters were able to land.

The same principle "theoretically" could be invoked to dissipate a potential killer fog over a big city like London, according to Norman P. Hagen, U. S. Weather Bureau meteorologist.

FUEL IS PROBLEM
"But it would require prodigious quantities of fuel," Hagen said. "The amount of heat required to dispel a heavy fog over a large area staggers the imagination. No economically feasible way of producing so much heat is now known."

How about exploding bombs in the air to break up the fog? "Not practical," said Hagen. In the first place, it wouldn't work, and in the second place the waste products from the explosion (even

assuming it was non-nuclear) their use to small areas, such as would contaminate the fog and airports.

Another method which sometimes works well in a limited area is to blow the fog away with giant fans. It was done at some fighter strips during wartime — by using the propellers of many parked planes as fans.

It's so effective, company engineers claim, that you can stand in the shadow of the muffler and carry on a normal conversation while the jet engine is running full blast.

By 1950 the average hen on American farms produced 167 eggs compared with the previous 10-year average of only 147 eggs per layer.

There may be another, simpler and better way that no one has thought of yet. That's why the research is continuing.

Big Silencer Muffles Roar of Jet Engines

FARMINGDALE, N.Y. (AP)—The 20,000-pound thrust jet engines of the F-105 jet fighter-bomber have been muffled at Republic aviation's airfield here by a huge silencer.

Snubbed around the tail of the big plane, the two-story high \$250,000 silencer soaks up the roar when the J-75 engines are being tested.

It's so effective, company engineers claim, that you can stand in the shadow of the muffler and carry on a normal conversation while the jet engine is running full blast.
