Thieves Hit Farmington Township Home

Valuable Jewels Stolen While Family Is Away

Gems' Worth Estimated at $25,000 - $40,000 by Owner

Between $25,000 and $40,000 in jewels were taken by thieves who ransacked the swank Farmington Township home of wealthy meat packer Alfred Loewenstein Sr., State Police said.

The theft was discovered at 4:45 p. m. Wednesday by Mrs. Loewenstein when she returned home after being away since 9:30 a. m.

Detectives said the 2-story frame home at 27455 Fairway Hills, a private road, was ransacked before the thieves found the family jewels in a upstairs closet safe.

The jewels, a diamond collar necklace, a diamond cocktail ring, a set of diamond earrings and other jewelry, were carried off in the 6-by-10 inch safe which had been pried out of the wall.

Loewenstein, a member of the Detroit wholesale meat packing family of Loewenstein and Sons, said it was the servants' day off and no one was at home.

A 3-hour investigation of the home failed to turn up evidence of forcible entry, police reported.

The home, complete with swimming pool, was described as "a complete mess." Bookcases were emptied, contents of drawers were dumped on the floor, beds torn apart and furniture moved about.

Governor, Senators Scrub Streets

AP Wirephoto

FOR TULIP FESTIVAL — Thousands yesterday afternoon lined Holland streets to watch Gov. G. Mennen Williams take part in street scrubbing to open the Holland Tulip Festival. Sen. Fred Nicholson (D-Warren) left, carries water for Gov. Williams. Others (left to right) front row are Sen. Perry Greene (R-Grand Rapids), Sen. Charles R. Feenstra (R-Grand Rapids), Sen. Charles S. Blondy (D-Detroit), and Sen. Clyde H. Geerlings (R-Holland). Man at extreme right not identified.

Fast Veto Seen for Postal Bill

President Expected to Reject Pay Increase of 8.8 Per Cent

WASHINGTON (AP)—A quick presidential veto, perhaps by Monday, reportedly awaits a bill to raise postal workers' pay 8.8 per cent. Sen. Carlson (R-Kan) said he is certain the Senate will sustain the veto if it comes.

The Senate passed the compromise measure 66-11 late yesterday and sent it to President Eisenhower. The House acted Monday 328-66.

Sen. McNamara (D-Mich) was among 64 senators who voted yesterday to adopt the postal pay conference report and send it to the White House. Sen. Potter (R-Mich) was one of 11 who voted against the move.

Carlson said the President never had discussed a veto with him, but it was learned the White House has told key Republican lawmakers they can expect a veto message quickly.

Eisenhower, who favored a smaller raise, has said publicly only that he would study the matter carefully.

The 66-11 tally was far more than enough to override a veto, but Carlson said there would be many switches if and when the question of sustaining the President arises.

Yesterday, 37 Democrats and 29 Republicans supported the compromise. Eleven Republicans voted "No."

Carlson said he would be ready immediately with a 7.6 per cent postal pay bill if the 8.8 per cent measure is killed.

The President has let it be known he would accept an average 7.6 per cent raise, although he originally asked Congress this year for no more than 6.5 per cent.

The present bill would mean a 7 per cent pay hike for all of the half million postal employes, and more than that for most of them. It contains some reclassification features raising pay in the higher brackets by much larger percentages but not the full reclassification asked by the administration.

Bulletin

WARSAW, Poland (AP)—Communist China pledged today that she will fight alongside the Soviet Union and her allies if war is unleashed in Europe.

Patient Maid Sues Swain After 18 Years

VANCOUVER, B. C. (AP)—After 17 years of marching after the cows instead of marching down the aisle, 40-year-old Dorothy Pentland says she is tired of waiting for the farmer to say "I do."

She is suing Banjamin Crowe, 64-year-old farmer, for breach of promise and asking a half interest in his farm.

She complained in court that she had been a housekeeper as well as a milkmaid without pay and "he stayed in bed while I went for the cows—at 4:30 a.m. each day."

She said Crowe promised to marry her in 1937.

Lions Are Reported Seeking Harry Gilmer

DETROIT (AP)—The Detroit Lions are negotiating with the Washington Redskins of the National Football League to acquire quarterback Harry Gilmer.

The Lions confirmed today there had been negotiations for Gilmer, who would be played back of Bobby Layne, regular Lion quarterback.

Sportswriter Watson Spoelstra said in the Detroit News that the Lions "are closing a deal" for Gilmer and "will receive two younger players, as yet unnamed."

Gilmer, 29, was a star passer at Alabama and has played seven seasons of pro football. He joined Washington when Sammy Baugh still was with the Redskins. A knee operation kept Gilmer out of uniform most of 1953 and he played with the defensive platoon last season.

Taipei Paper Doubts Success of Big 4 Meet

TAIPEI, Formosa (AP)—An influential Taipei newspaper took the view today that nothing good could come of President Eisenhower's agreement to a Big Four top-level conference.

"We feel sure," said the United Daily News, "that Mr. Eisenhower will get nowhere."

The paper asserted that when Harry S. Truman was president, he said his government would not meet the Russians "outside the United Nations, and he stuck to his word throughout his term."

It's Tulip Time Again

Governor Bends a Knee as Holland Scrubs Street

HOLLAND (AP) — Gov. G. Mennen Williams got down on his hands and knees and joined in the scrubbing of Holland's main street yesterday.

The scrubbing ceremony signaled the opening of the Holland Tulip Festival.

The governor wore a Dutch costume complete with baggy pants and wooden shoes.

"I'm getting to like this outfit," said the governor, attending the festival for the seventh year. "There's plenty of room in the pants pockets and the wooden shoes are easy on the feet."

Lt. Gov. Philip A. Hart, also sporting a Dutch costume, was a little self-conscious at first. He also wielded a broom in the scrubbing squad.

"I think the costume is fine but I don't quite get the hang of this scrubbing business but I hope to learn," Hart said.

There were 300 scrubbers in the van of the parade. Some carried pails of water on a yoke held over the shoulders, as they used to in the old country, and others pushed brooms to slush the water over the blacktop.

Spectators Splashed

Quite a few spectators got splashed as the pail haulers started tossing water at each other but you can't avoid that if you watch a tulip festival parade.

Mayor Robert Visscher of Holland started the show by proclaiming:

"The streets of this town are dirty."

Hundreds of klompen (wooden shoe) dancers, mostly teenagers, followed the scrubbers and there were seven school bands from Holland and nearby communities including Grand Rapids.

The mayor also opened the Holland Tulip Garden Club flower show, with the choicest display of flowers, following the parade.

An estimated 35,000 persons viewed the parade and inspected gaudy tulips of many colors lining city streets and waving in acres of garden land on the outskirts of the city.

32 MIGs Seen in Attack Area

AF Squadron Leader Describes Scrap Over Yellow Sea

KUNSAN, Korea (AP)—A U.S. Air Force squadron commander said today there were at least 32 Red Chinese MIGs in the Yellow Sea area where his flight of eight Sabre Jets was attacked Tuesday.

Lt. Col. Robert E. Dawson of Dayton, Ohio, told a news conference that half of the Russian-built jets flew protective cover for the attacking Communist planes.

Dawson related details of the eight-minute air scrap in which U.S. fliers shot down two MIGs and probably bagged two others.

The Air Force said all U.S. Sabres returned without a scratch.

Gen. Maxwell D. Taylor, United Nations commander-in-chief, ordered a strong protest before the Military Armistice Commission against "the hostile and illegal attack" by the MIGs.

Taylor sent the instructions to Maj. Gen. Harlan C. Parks, senior U.N. member of the commission.

Dawson declared:

"It was impossible for us to make a hostile act towards them . . . They were far above us.

"There was no damage sustained at all by us. However, three different pilots said they were fired upon."

The Red China radio said one Sabre was shot down and two damaged.

Ferry Victims' Kin Identifying Bodies in Japan

TAKAMATSU, Japan (AP)—Divers brought up dozens of bodies — most of them of schoolchildren—from the cold waters of the Inland Sea today to raise to 133 the number of corpses recovered from Tuesday's fog-shrouded ferry collision.

Still missing are 60 persons. A total of 775 were rescued, including 51 injured.

Long lines of weeping parents and relatives milled through the incense-choked halls of a temporary morgue here, attempting to identify the young victims who carried no identity papers.

They died when the Shiun Maru sank Tuesday five minutes after it was hit by a second ferry.

At Tokyo, Sonosuke Nagasaki resigned as president of the National Railway Corp. which operated the ferry. Following Japanese tradition, he took responsibility for the disaster.

The newspaper Asahi said railway investigators reported a navigation mistake and excessive speed in fog caused the collision.

Merge Detroit, Rochester Banks

Preliminary OK Given, Now Awaits Approval by Stockholders

Proposed merger of the Rochester National Bank with the National Bank of Detroit was announced today by Henry W. Axford, president of the Rochester Bank, and Charles T. Fisher, Jr., president of the National Bank of Detroit.

The merger has been approved by directors of both banks. Preliminary approval has also been received from Federal banking authorities, subject to favorable action by the stockholders of both banks.

Stockholders of the Rochester Bank will receive one and a fourth shares of National Bank of Detroit common stock in exchange for each share of Rochester National Bank stock.

Rochester Bank personnel will continue to serve, and directors of the bank will become members of an advisory committee.

Directors are Henry W. Axford, Dr. G. R. Brooks, A. R. Dillman, Ralph B. Garner, M. H. Haselswerdt, Howard L. McGregor, Jr., A. L. Keyes, C. W. Shepard, and Alfred G. Wilson.

Subject to stockholder ratification, the merger will take place in the fall. Facilities of the Rochester Bank will be expanded and modernized.

The Rochester bank, established in 1933, has shown substantial growth year by year. Deposits now total approximately $10,000,000. The National Bank of Detroit has deposits exceeding $1,677,000,000, is 11th in size among the nation's banks.

Four Witnesses Identify Defendants in Rape Trial

Four witnesses on the stand in Oakland County Circuit Court yesterday identified the quartet charged with kidnaping and raping a Pontiac housewife last March 6.

Martin Weiberg, 24, of 102 S. Merrimac St., said he had taken the woman for a short ride following a wedding reception they both attended.

He pointed to the four defendants as the men whom he saw returning to his auto, which was stuck in the mud off South Blvd. with the housewife still inside, after driving off a short distance with him allegedly to transport him to a gas station for a tow truck.

They are Oscar Chavers, 26, of Gary, Ind., his brother, Richard, 23, of 38 Lake St., Joe Williams Jr., 22, of 38 Lake and Winston Johnson, 25, of 312 Hughes St.

Three police officers also named the four as being in a car with the woman when they stopped it on S. Saginaw at Wilson Sts. about an hour later.

They are accused of criminally assaulting the woman during the ride in their car after Oscar Chavers allegedly pulled her from Weiberg's auto.

The housewife stated Tuesday she had met Weiberg twice before. She said they had seen a younger girl home from the wedding, then taken a ride. Weiberg was turning around to take her home, she explained, when the car became mired. Her husband was hospitalized at the time, the mother of three stated.

Tried to Push Car

Shortly after his car became stuck, Weiberg stated, a car containing two men and two women drove in. The men apparently tried to push his car, without

Senate Passes $22 Million Hike in Business Tax

But House GOP Faces Stiff Battle to Put Over $30 Million Increase

LANSING (AP) — A three-pronged attack on an impending state deficit was being fought in the Michigan Legislature today.

Senate Republicans gave their answer, passing a $22,500,000 increase in the business receipts tax on a 20-8 vote. It would increase the rate of levy from four mills to six.

But House Republicans, trying a $30,000,000 boost in the same tax, plus a revision of the computing method, faced a stiff test in the House.

Success depended entirely on the ability of Republicans to stand together. Loss of three votes to the Democrats could spell doom for the proposal.

Republicans won a victory yesterday on the tax issue, but their one-vote margin left many party leaders gloomy about Republican chances on today's vote.

Whipping members into line at two caucuses, the Republicans defeated a Democratic maneuver to substitute Gov. Williams' corporation profits tax for a Republican-sponsored corporations franchise tax bill. The vote was 45-44.

The corporations profits tax, repeatedly urged on legislators by Gov. Williams, has been bottled up in the general taxation committee.

Democrats pinned their hopes on subbing the bill for the franchise tax up for technical changes. They were expected to make a second try today.

If the House business receipts tax becomes law, the rates for

(Continued on Page 2, Col. 7)

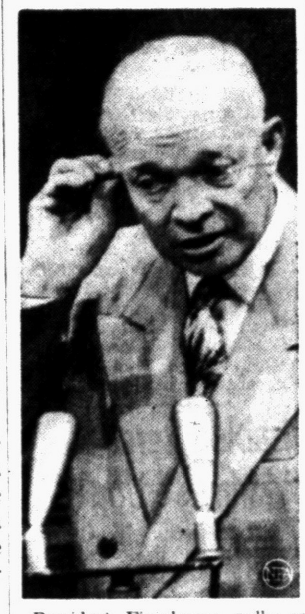
Widely Scattered Showers Forecast

Some widely scattered thundershowers accompanied by slightly warmer temperatures are predicted for tonight by the U.S. Weather Bureau. Low will be 52-56.

Considerable cloudiness with showers and a high near 74 is the forecast for tomorrow. Occasional showers tomorrow night will bring cooler thermometer readings, the weatherman says.

At 8 a.m. the mercury in downtown Pontiac stood at 58 degrees, rising to 72 by 1 p.m.

Ike's Ready



President Eisenhower pulls on his ear as he tells newsmen in Washington that he is ready to attend a Big Four Chiefs of State meeting to test Russia's sincerity on relieving world tension. Mr. Eisenhower added that he preferred such a meeting be held in a neutral country and last about three days.

Vernor Stock Battle Looms

Trust Fund Bequeathed by Late Founder Under Fire by Widow

A legal battle is shaping up in Oakland County Circuit Court over stock valued at more than $1,000,000 in the Vernor Ginger Ale Co.

James Vernor Sr. died last June 30 leaving more than half the firm's stock in a trust fund for grandchildren James Vernor II and Grayce Shannon Vernor, both minors.

Vernor's widow, Emma Fernande Woolson Vernor, was left his Bloomfield Hills home plus 40 per cent of property remaining outside the company stock.

She has filed suit claiming the trust fund is "void and unenforceable" and should be dissolved.

The stock contained in the fund should be turned over to the estate's executor, she asserts, to be distributed under provisions of Vernor's will. This, apparently, would allow her 40 per cent of the trust-fund stocks.

Pontiac attorney William J. Beer yesterday filed a cross bill of complaint on behalf of Vernor's son and two grandchildren who are named to receive benefits from the fund.

The cross bill denies the trust fund is illegal. Original administrators of the trust fund were the senior Vernor, James Vernor Davis and Raymond H. Berry, a Detroit attorney.

On Vernor's death, the remaining two trustees were to name another to take his place. Vernor's widow claims in her bill that she has been named to that post.

In the cross suit, filed by Beer, the court is asked to remove Mrs. Vernor and Berry as trustees and appoint James Vernor Jr. trustee and a third person to be named by him.

In the meantime, the cross bill asks the present trustees be prevented from resigning while the suit is pending or naming any successors. No hearing date has been set.

Views Russia's Peace Package With Skepticism

But Officials Publicly Promise to Consider Program Seriously

WASHINGTON (INS) — U. S. officials privately branded Russia's one-package "peace" proposal a propaganda stunt today although they publicly promised to give it "most responsible consideration."

They made it clear the U. S. would never buy some of the items in the Soviet package and that they are still basing their hopes for peace on the step-by-step process of settling East-West tensions.

This process would begin with the chiefs of state meeting to which the U.S., Britain and France have invited Russian Premier Nikolai Bulganin. There is no word yet on whether he will accept, although he is expected to.

While the Soviets have suggested a deal which they said could wipe out all points of conflict between the free and Communist worlds at one fell swoop, President Eisenhower made it clear yesterday he does not think a miracle such as that is possible.

He told a news conference that he does not believe a Big Four meeting "at the summit" would solve world problems in a matter of days, weeks or months. Its purpose, he said, is to give an impetus to progress toward easing tensions.

Called Propaganda

Other officials called the Russian proposal a propaganda move, which one of them said—"to give the devil his due"—was perfectly timed to take the play away from the Western proposal for a Big Four meeting.

Chairman Walter F. George (D-Ga) of the Senate Foreign Relations Committee also pinned the "propaganda" tag on Moscow's new disarmament plan. But he said he is "inclined to think it is aimed at lulling the German republic into inaction" about rearming itself.

In London, Ambassador James J. Wadsworth, U.S. representative on a subcommittee of the United Nations Disarmament Commission, said "we welcome" some of the Soviet ideas, especially since the Russians had been rejecting them since they were offered by the West years ago.

Longer Lasting Vaccine Tested

Parke, Davis Reveals Field Tests of Polio Shots in Illinois

DETROIT (INS) — Parke, Davis & Co. officials, confident the government will release their supply of Salk polio vaccine after yesterday's safety check, today made public field tests in Illinois with vaccine containing an additive designed to lengthen immunity.

The trials, being conducted on children aged six months to 10 years in De Witt County, are being conducted by the drug firm and the Illinois Department of Health.

The company said the unidentified additive, combined with the vaccine by Parke, Davis chemists, will cause the vaccine to be absorbed into the bloodstream more slowly. This, they said would also increase the vaccine's effectiveness.

Dr. E. M. Thompson, health director in De Witt County, was quoted as saying the test shots were given to 130 children yesterday and that another 250 were scheduled to receive them today.

Last night, after he conducted his "reappraisal," Dr. William G. Workman, head of the Laboratory of Biologics Control of the National Institutes of Health, would say only that he was reporting to U. S. Surgeon General Leonard A. Scheele.

Meanwhile, the surgeon general's "boss," Welfare Secretary Oveta Culp Hobby, found herself in the middle of a political storm caused by her apparent reluctance to tell Congressional investigators about what one of them has called the "muddled" vaccine situation.

MAKE OVER PAGE

Witness Tells of Fight in Trial Defendants

(Continued From Page One)

success, the witness said. He then gave "one of them" a dime to call a service station.

Weiberg dropped off to sleep, he explained, while the woman listened to the car radio. She later woke him, saying he had better see about a tow truck himself. As he got out, a car pulled in containing the first two men plus another pair, said Weiberg.

The four again "apparently" tried to free the car, he testified. "Then I got in with them to go for a truck."

Defense attorney John Brusstar, of Detroit, asked, "Why didn't you take the girl in the car?" "I was suspicious," Weiberg replied.

In answer to further questions by Brusstar, Weiberg said the men did not threaten him, show any weapons or attempt to induce fear.

Car Hit Mudhole

As they drove off for the wrecker, the car hit a mudhole, he stated, and Oscar Chavers said it sounded like the auto lost a fender skirt. Chavers got out, and so did he, said Weiberg.

The witness said he saw no fender skirts on the car. Chavers started running back across the field toward the car containing the woman, said Weiberg, "and I shouted, 'don't go near that girl.'" Chavers continued running, he said and Weiberg walked up the road flagging an auto with three men in it.

Weiberg said he told them what had happened and said they should take him back to pick up the girl. "The driver said he wasn't going back in there," the witness stated.

"As we drove off to a gas station, I saw the other car drive back again to my auto." He then summoned police, giving them the Chavers' car license number.

Police Officers Testify

Police officers testifying were Sgt. John Carman and Patrolman Melvin Glover of Sylvan Lake police. They collaborated with Bloomfield Township Patrolman Richard A. Hoffman in halting the car containing the woman.

Officers said they found a hunting knife and two jackknives on the four defendants and in their car.

Under questioning by Prosecutor Frederick C. Ziem and his chief assistant, George F. Taylor, the officers said they saw none of the defendants pushed or struck in any way.

Several other policemen are slated to testify today in the case continuing before Judge H. Russel Holland. An overflow audience viewed yesterday's proceedings.

Sylvan Lake Policeman Named Chief at Chelsea

Sgt. John E. Carman announced yesterday his resignation from the Sylvan Lake Police Dept. to accept the position of police chief in Chelsea.

Carman, a member of the Sylvan Lake department for six years, said in a letter to Chief George W. Purdy that his resignation would become effective June 1 when he will take over duties of chief of the 6-man department.

He was offered the position after passing a civil service examination, competing with 18 other applicants for the job.

Pontiac's Auto Inspection Program May Be Extended

Only 3,222 autos had been reported inspected up to this morning in the city-wide annual vehicle maintenance program, sponsored by the Safety Committee of the Chamber of Commerce and Police Dept.

"We may have to extend the inspection program," said Clyle R. Haskill committee chairman today, "since it looks like we may not reach the expected quota by Saturday morning."

The committee this year had expected to check at least 20,000 cars in one week with the help of various civic groups. Formerly, the committee had held its vehicle inspections during the entire month of May.

Besides the five reserved lanes handling the inspections throughout the city this week, Haskill said numerous garages and filling stations in Pontiac are checking the autos. The establishments are members of the Pontiac Auto Dealers Assn., cooperating in the annual program.

No report has been received from the association's members, said Haskill, but it had been hoped that 5,000 to 10,000 autos would be inspected by them.

Inspection lanes are located at the following places:

On Johnson street, between Elizabeth Lake and Liberty Sts.; on Hillside drive in front of Lincoln Jr. High School; East blvd., between Auburn avenue and Whittemore street; Municipal Parking lot on Pike street and on West Huron, beside the Oakland County Courthouse.

Is Named Ford Vice-President

George W. Walker, nationally-known industrial designer, has been elected vice president and director of styling of Ford Motor Company, Ernest R. Breech, chairman of the board, announced today.

Styling responsibilities previously held by the company's engineering staff recently were transferred to L. D. Crusoe, executive vice president-car and truck divisions. Walker will direct styling activities as a member of Crusoe's staff.

WALKER

Victor Z. Brink, formerly assistant general manager of the Aircraft Engine Division, Chicago, has been appointed styling operations manager.

Walker entered the industrial design field in Cleveland in 1928 and established his offices in Detroit in 1929.

Retained by Ford Motor Company in a consultant capacity for the past 10 years, he has had a major part in the styling of postwar passenger cars.

Active in Detroit civic affairs, he is a member of the Bloomfield Hills Country Club, the Detroit Athletic Club, the Committee of 100, the Recess Club and the Detroit Board of Commerce. He holds directorates in various commercial and industrial firms.

He and Mrs. Walker live in Bloomfield Hills. They have two children and seven grandchildren.

Disabled Persons' Aid May Be Upped

Social security beneficiaries suffering from total disabilities may have their checks increased in July, according to Rex A. C. Atwood, manager of Pontiac district Social Security Office.

This is due to the disability "freeze" provision in the new social security law, intended to protect the social security rights of disabled persons.

"Disability" is defined by law as the inability to do substantial gainful work. "So a person who has worked at least five years under social security and who became disabled before 65 should get in touch with us," Atwood said.

The Pontiac Social Security Office, located at 18 S. Perry St., in the Hubbard building is open 9:00 a.m. to 5:00 p.m. daily.

May Force Support for Marine Corps

WASHINGTON (AP)—Champions of the Marine Corps claimed a fighting chance today in their bid to have the House upset President Eisenhower's plans to trim that service's forces.

But they were less optimistic over the possibility of blocking planned cuts in Army and Navy strength.

The House scheduled votes late today on a series of amendments which would add $409,993,500 to a bill to appropriate $31,488,206,000 to finance the Defense Department for the fiscal year starting July 1.

As drafted by the House Appropriations Committee, the bill approves the President's program to reduce over-all military manpower by more than 100,000 during the year. The Army would be cut 87,000 men.

Girls' Housemother at Pine Lake Dies

Word has been received of the death of Amy G. Shaw of 288 Ravine Rd., Birmingham. She died Sunday in her winter home in Hollywood, Fla.

Born in Oxford, England, she was brought to Detroit as a child.

Miss Shaw was housemother of Holiday House of the Girls' Friendly Society at Pine Lake for 30 years. She had been a social worker for Christ Episcopal Church, 976 E. Jefferson Ave. for many years and had also been a housemother at the old St. Agnes Girls' Home.

Miss Shaw will be at the John E. DeKay Funeral Home, 10549 E. Jefferson, Detroit, until time for the service at 1:30 p.m. Friday in St. John's Episcopal Church, 33 E. Montcalm Ave., Detroit.

Pamela Sue Hayward

Prayer service will be held Saturday at 10 a.m. at the Huntoon Funeral Home for Pamela Sue Hayward, baby daughter of Jerry Forest and Marian La Forge Hayward of 37 E. Walton Blvd. The Rev. Charles S. Maher of the Baldwin Ave. Methodist Church will officiate with burial in Holly.

Pamela was born April 14, 1955 in Pontiac and died last night at St. Joseph Mercy Hospital. She had been ill one day.

Besides her mother and father, the baby is survived by her grandparents, Mr. and Mrs. Forest Hayward and Mr. and Mrs. Merrill Martin.

Osmundt Schrage

Osmundt Schrage, 63, of 229 Oakland Ave. known to his friends as Jack, died Tuesday at his home.

He was born Nov. 26, 1891 in Detroit and was the son of William and Lena Fisher Schrage.

Mr. Schrage, an employe of the Pontiac State Hospital, came to Pontiac from Detroit 15 years ago. He was a veteran of World War I.

Surviving is a sister, Mrs. Clare Mahan of Detroit.

Service will be held Friday at 1:30 p.m. from the Huntoon Funeral Home with the Rev. Theodore R. Allebach of the Oakland Ave. United Presbyterian Church officiating. Burial will follow in St. Charles Cemetery, Detroit.

Mrs. Charles Scott

Mrs. Charles (Mary Helen) Scott, 64, of 6512 Pontiac Lake Rd., died last night at Pontiac General Hospital after an illness of three years.

Born Oct. 20, 1890, in Canada, she was the daughter of John Kelley and married June 12, 1912, in Detroit.

A member of Grace Lutheran Church and the Webford Club, she had lived in the county 35 years.

Besides her husband, she is survived by three sons, George of Lansing, Charles of Spokane, Wash. and Thomas of Birmingham.

Also surviving are eight grandchildren and a sister, Mrs. Winnie Nihill of Toronto, Ontario, Canada.

Funeral arrangements will be announced later by the Huntoon Funeral Home.

100 Prisoners Join AA

CHICAGO (AP)—Alcoholics Anonymous, a group devoted to helping persons addicted to alcoholism, has established a unit in the Cook County Jail and more than 100 prisoners have enrolled.

Jewish Welfare Council Meeting Slated Monday

Jewish Welfare Federation and Council members will meet Monday, 8:30 p.m. at Temple Beth Jacob, 79 Elizabeth Lake Rd., according to H. Malcolm Kahn, secretary.

Business will include the election of three members to the board of directors, report of the 1954 campaign, and reports of progress and activities by the president and treasurer.

ENGAGED TO CIRCUS OWNER—Parents of actress Dodie Heath announced in Seattle, Wash., the engagement of their daughter to John Ringling North, owner of the Ringling Brothers and Barnum & Bailey Circus. The announcement said Miss Heath, 26, and North, 51, will marry at Carmel, Calif., this summer.

Basement Bomb Kills Detroit Boy

Friends Nearby Unhurt as Youth Demonstrates Skill With Chemicals

DETROIT (AP)—Demonstrating his skill at mixing explosives with various chemicals, a 13-year-old boy was fatally injured yesterday when one of his concoctions blew up in his hands.

The victim, Ronald Grzelak, was showing off his talents before two young pals in the basement of his home. The explosion blew off parts of his hands and arms and virtually severed his body at the waist.

Fragments of scrap iron and other ingredients of the "bomb" were blown into the walls of the basement. Ronald's two friends, Michael Icaovvaccio, 14, and Gary Graybold, 17, were unhurt.

Ronald died in Holy Cross Hospital about two hours later.

The boy's father, Bernard, an inspector at a Chrysler Corp. plant, said Ronald had a fascination for explosives and had been told to dispose of a "junior" chemical set the week before.

"I told him he ought to wait until he was older and knew something about that kind of stuff," Grzelak said.

He said his son apparently disposed of the chemistry set but obtained chemicals somewhere else.

Pontiac Boys' Club Official Is Honored

William V. Coulacos, executive director of Pontiac Boys' Club, was elected vice president of the Michigan-Ohio Assn. of Boys' Clubs last night during the annual meeting of the national convention being held in Milwaukee.

The association's purpose is to further Boys' Club interests in the two states and encourage exchange of ideas and closer cooperation.

Coulacos, who had served the group as program director the past year, was not present at the meeting. Representing the local club were Michael Fiorillo and Joseph Chevalier, both staff members.

The Day in Birmingham

City's Fire Chief Retires After 32 Years' Service

BIRMINGHAM—Fire Chief Vernon W. Griffith stepped out of harness today, after 32 years of quelling Birmingham's blazes.

Although he will hold the title of fire chief until Aug. 27, Griffith's resignation officially will take effect at once, since the time between now and the official retirement date will be taken up with accumulated sick leave and vacations.

Park Smith, first assistant chief for the past several years, has been designated as Griffith's successor by City Manager Donald C. Egbert, subject to confirmation by the Birmingham City Commission.

Griffith's retirement comes at a time when the city's fire preparedness has reached new heights. His department is preparing to move out of the downtown station and into two new fire stations on either side of the growing community.

"My reason in asking that my retirement be made effective now is two-fold," Griffith stated.

Health Is Factor

In addition to reasons of health, Griffith said, "I feel now that the new fire stations are assured, and the city has fire protection to serve for multiple alarms, I should step down and given the city the benefit of new officers and new thinking along with the new fire department organization.

"I also feel keenly that the officers and men of the department who have worked so hard in the past two years with me to bring about this increased fire protection should be rewarded with promotions along the line when the older officers have reached retirable age," he added.

"I have enjoyed my many years association with the officers and men of the department, and I will be forever grateful to City Manager Donald C. Egbert, Mayor Charles Renfrew, and the city commissioners and mayors of the past who have given me the support and free hand to operate the department as I have felt it should be operated," he concluded.

Began as Volunteer

Griffith began his fire-fighting career by joining the volunteer department May 10, 1923. He served with that unit until the paid department was established in July 1927.

Since the establishment of the paid fire department, he has served 28 years, the last 24 as fire chief, along with duties of assistant superintendent in charge of water production and storage for the city.

Vernon W. Griffith

Under his guidance, the city has become well-known for technical advances and pioneering. The city's eight wells are all operated by remote control from the fire station.

This makes it possible to vary the number of wells in production without dispatching firemen to the four corners of the cities. It also makes it possible to alert repair parties at the wells, in the event of a blaze.

Will Assist City

Griffith intends to continue to assist the city with its water problems, by aiding in setting up water controls when the city begins using Detroit water.

Eventually he plans to move to property he owns near Lapeer.

City Manager Egbert lauded Griffith for his long years of faithful service to the city, and added that his careful training and selection of personnel has assured the city of continuing the fine tradition of the local department.

C. N. Harlan to Head U.N. Celebration

Gov. Williams today announced the appointment of C. Allen Harlan of 3535 N. Adams St., Bloomfield Township, as Michigan chairman for the United Nations 10th Anniversary Celebration.

Harlan is president of the Harlan Electric Co.

He will help plan Michigan's part in the celebration, scheduled June 20 to 26.

Senate Passes Hike in Business Tax

(Continued From Page One)

most businesses would be hiked from four to seven mills. Public utilities would have to pay two mills instead of one, and multi-state businesses would be taxed on a "three-factor" formula.

The bill passed in the Senate made no change in the taxing method.

Speaker Wade Van Valkenburg (R-Kalamazoo) took the floor to batter at the Democrats' corporations profits tax.

He said it was "obsolete," that it would discourage industry from settling in Michigan and that it would be unstable—subject to the business cycle.

Democrats countered that the tax would be fair and equitable. In contrast, they said, the business receipts tax is a burden on the professional and small businessman.

GM Tax Figured

Rep. Edward Jeffries (D-Detroit) said General Motors Corp. would pay some $26 billion annually under the corporations profits tax, against about $4 million each year under the business receipts tax.

Renewing a charge voiced at the public hearing on the corporations profits, Rep. Ed Carey (D-Detroit) said some smaller businesses had been frightened out of supporting the tax by the "big boys."

Rep. Charles Boyer (R-Muskegon) said: "I'm one of those 'browbeaten' businessmen. I've never been intimidated on this thing. A corporation is only a group of small businessmen stretched out around the world."

Woman Reports Attack in Royal Oak Township

A 28-year-old Royal Oak Township mother of two children today reported to the township's police that she had been forced into an auto on Eight-Mile Rd. at Mendota and attacked by the driver.

The woman was quoted by Detective Samuel J. Whitfield as saying the driver threw her out of the car in the dead-end street and sped away. She was able to get the man's description and auto license plate number which she gave police.

Police said the woman had been returning home, crossing Eight-Mile, from work.

JAMES HARRY McREYNOLDS

Lecture on Prayer to Be Given Friday

The effectiveness of scientific prayer in solving everyday problems will be the topic of a lecture on Christian Science to be given in Pontiac Friday, May 13 by James Harry McReynolds of Dallas it was announced today.

A member of the Christian Science Board of Lectureship, McReynolds will speak under the auspices of First Church of Christ, Science: The Way of Obedience Williams and Lawrence Sts. at 8 p.m.

His subject will be "Christian Schience: The Way of Obedience to Divine Law." The lecture is free, and open to the public.

Israel Battles Drug Addiction

Hemp Is Cultivated to Supply Narcotics Users With Hasheesh

NAZARETH (UP)—Israel's police are campaigning against the growing of hemp plants to be used for supplying drugs to addicts. In some homes they have found the plants growing in kitchens from which part of the floor has been removed.

The police have a standing offer of 15 per cent of the value of the hemp being grown to persons informing them of such a practice.

Nevertheless, the number of addicts is on the increase, chiefly among immigrants from Moslem countries.

Since drug addiction is a relatively recent phenomenon in Israel, a new word had to be coined to describe it.

Scholars of the Hebrew language and the Bible familiar with the word "mitmakker," meaning "devotee," are surprised to learn that in recent months it has taken on the additional meaning of "addict."

The chief centers for the narcotics trade in Israel are Nazareth and Beersheba.

In Nazareth police make occasional raids on a narrow street in the old part of the city. If a raid has been planned well, they may capture a big distributor carrying small lumps of yellowish brown hasheesh in concealed pockets.

Hasheesh, a product of hemp, is known in America as marihuana. Because of its low price in comparison with other narcotics, it is the most widely used drug by addicts.

Recently, heroin has become popular, according to police records.

Israel consumes 150 kilograms of hasheesh a month. This, compared with the 2 tons daily consumed in Egypt, seems hardly worth the bother given to it. Nevertheless, in comparison with the country's population, it constitutes a serious health problem.

The army, too, is seriously concerned with weeding out addicts in its ranks, and recruits from countries condoning the use of narcotics are put under special observation.

Israel has few facilities for dealing with addicts. They are sent to the mental hospital in Acre or to prison. This year, a 21-bed ward is planned for addicts in one of the mental institutions.

Hasheesh addiction is mostly confined to the poorer classes. A half gram cost one Israeli pound.

Hasheesh is preferred by many in an eastern water pipe known as a nargeeleh. It is frequently smoked in cigarettes which Americans know as "reefers."

Immigrants from Persia and Iraq accustomed to chewing hemp seeds are steady customers of hasheesh vendors.

Fluoridation Works, 10-Year Trials Show

PEORIA, Ill. (UP)—The President says that tests in Michigan, New York and Canada prove the safety and effectiveness of fluoridation in preventing tooth decay "beyond any reasonable doubt."

Dr. Daniel F. Lynch of Washington said he based his statement on reports from Grand Rapids, Mich., Newburgh, N. Y., and Brantwood, Ont. He said all three communities have completed 10-year tests with the program.

Addressing the annual meeting of the Illinois State Dental Society, Lynch said that nearly 1,100 U. S. communities with a combined population of 21 million now drink their water with fluorides added. Several million more have it naturally in their water supply, he said.

Tahiti Plagued by Cars

PAPEETE, Tahiti (UP) — Civilization is so well established on this once primitive island that automobile accidents have risen at an alarming rate. French authorities now are studying proposed new and drastic traffic laws to punish offending drivers.

Origin of the Albanian people is unknown. They speak a language of their own, which belongs to the Aryan family and is distantly related to Greek and Latin.

Police Fooled Last Time

OMAHA, Neb. (UP) — Police Chief Harry Green ordered his squad captains to get more inquisitive about names and addresses of criminal suspects after an embarrassing check on gambling violators. Several of the suspects gave phony addresses. One address checked was a comfort station in a city park.

RECOVER THAT LOSS through a Lost Ad! Scores have done so before you! Call FE 2-8181.

Post Office Airs Cheese

DECATUR, Ill. (UP) — Paul J. Fields found a package notice in his postoffice box, but a post office employe couldn't locate the package. Finally the parcel was found on the loading dock outside the building. It was easy to understand why it was there. It contained $8 worth or aromatic German hand cheese, Roquefort and Camembert.

Termites have a life span of 30 years or more.

1,000 Studying in China

TOKYO (UP) — Red China says nearly 1,000 students from 14 foreign countries are studying there. Most of them are from Russia and Iron Curtain countries. But Peiping says there also are students from Finland, India and Indonesia.

EMIL ZAMORSKI

New Man Joins Child Guidance Clinic in City

Joining the staff of the Pontiac Child Guidance Clinic as a psychiatric social worker, Emil Zamorski will work with parents and children, focusing on the emotional problems of children who come to the clinic.

Experienced in social service work, Zamorski has been on the staff of the Detroit Family Service Agency as a caseworker and was a day camp counselor and boys' supervisor at the Oakland County Boys' Ranch.

During 1950-52 he was employed as a juvenile probation officer for Lenawee County.

Born in Chicago, Ill., in 1927, Zamorski attended public schools there. He served with the 9th Air Force in Germany in 1945-46, as an administrative specialist.

He graduated from Adrian College in 1951, receiving a B.A. degree, with major in sociology. Enrolling in Wayne University Graduate School of Social Work in 1952, he graduated in 1954 with M.S.W. degree, specializing in psychiatric social work.

To live at 59 Monroe Street here, Zamorski plans to work in child guidance and to undertake graduate work in clinical psychology.

Nautilus to Embark on 'Shakedown' Trip

GROTON, Conn. (AP)—The atomic submarine Nautilus is expected to make a second try today at starting on its first long shakedown cruise.

The Nautilus returned to her berth here yesterday after a steam pipe burst off Block Island, R.I. She had started on the cruise Tuesday with Adm. Robert Carney, chief of naval operations, on board.

The spokesman said the pipe break occured after Adm. Carney was transferred to another ship off Long Island for a flight back to Washington.

Transit Relic May Be Doomed

NEW YORK (AP)—The Third Ave. El, transit relic of days when hearts now old were young and gay, creaks into history tonight—maybe.

The CIO Transport Workers Union has gone into court seeking a shot of legal adrenalin for the rattly old thing.

Matter to Be Argued Today

The matter is to be argued today, and it could happen again that reports of the El's pending demise are premature.

The Transit Authority, which must worry about all of New York's subways, elevateds and a good share of its buses, has decreed that the last old train will roll north to the Bronx at 6 p. m.

After that it will run intermittently up in the Bronx, but Manhattan will be left without any of the above-ground arteries that have, over the years, blocked out considerable amounts of its sunlight.

The Sixth Ave. El reached the end of its line in 1938. The Ninth Ave. and the Second Ave. followed.

The long, long trail of girders and rails that is the Third Ave. El began to stretch toward the Bronx from South Ferry, the tip of lower Manhattan, 77 years ago.

Ran Along the Bowery

It ran along the Bowery—now Skid Row but then the glamorous heart of the city's amusement area—and into Third Ave. to 42nd St. A few years later it was sending its "spacious, elegant coaches, decorated with all the taste and finish of a boudoir" up to 129th St.

In 1891 the doughty Third Ave. crossed the Harlem River and roamed on, finally reaching the city line by 1920.

Original steam locomotives gave way to electricity and the El went merrily along through the years. But the subways came, and buses, and the city changed, and so did people's traveling habits.

Buildings along the tracks deteriorated. Some were so close that an El rider could almost step across into a window. The mile upon mile of girder pillars supporting the El structure became traffic hazards that cluttered up a wide avenue.

Threats to tear it down grew in number.

Not long ago, a group of railroad fans paid $5.50 each for a final, sad ride over the old line in a special train—and the Third Ave. was reprieved again.

Death Knell Is Sounded

The El's death knell was sounded in a Transit Authority announcement saying the line carried only 70,000 passengers a day, or 35,000 individuals on round trips, compared with 275,000 several years ago.

By contrast, the subways carry 4½ million riders a day.

The El, the authority said, was losing money at the rate of $40,000 a week. It was in such bad shape that officials kept their fingers crossed every minute of the day, hoping that no accident occurred.

Rehabilitation Cost High

The cost of rehabilitation was estimated at more than 80 million dollars.

To many, the departure of the El structure will mean opening a new frontier for development on an island without spare real estate. Nevertheless, protests against the closing are legion. Mostly they deal with the alleged lack of alternative transport.

But to one youngster living under the El it is a thing of the heart. "My 12-year-old son weeps inconsolably and refuses to eat," his distraught mother wrote the Transit Authority.

Solons Approve School Aid Bill

Hike in Per-Student Payments Earmarked for Teachers' Pay

LANSING (AP)—The Senate passed $347,166,000 worth of appropriation bills last night in an action-packed four-hour session.

Making up for a day spent at the Holland tulip festival, the senators labored to within seven minutes of the mandatory midnight deadline for adjournment.

The house will vote this afternoon on 300 million dollars worth of money bills.

The senate voted to give junior and community colleges their first general fund money for operations—$750,000 in addition to the $1,500,000 they now get from the state school aid fund.

It passed the 181 million-dollar school aid bill, which boosts per student payments seven dollars to $177 and $157 for high school and elementary pupils, respectively—but earmarks the increase for teachers' pay.

Snow Removal Allowance

It voted $350,000 for snow removal allowances to northern counties.

It voted $212,500 for local airport matching funds.

It voted $4,627,000 for repair and maintenance of state institutions $7,227,500 out of the hospital bond issue for mental hospital construction and plans and $113,626,518 for general institutional construction—a down payment on a 35 million dollar construction program for the next few years.

Passing a $15,443,000 appropriation for mental hospital operations, the senate increased the amount for curative drugs from $100,000 to $175,000, approved $175,000 for a new psychiatric research unit at the University of Michigan and agreed to spend $22,000—$500 less than the governor gets—for a man to coordinate mental treatment in all state hospitals.

U.P. Library Branch

The senate added $25,000 for an Upper Peninsula branch of the State Library, $50,000 for operation of the Michigan College of Mines' forestry operation on the former Ford Motor Co. Elberta property and set up $500,000 to plan a $1,597,000 civil engineering and geological building at the mining college in place of a proposed new library.

The senate added $100,000 to the University of Michigan appropriation for development of its north campus and $151,160 for a utility tunnel at the children's hospital.

It gave Western Michigan College $125,000 more for an addition to McCracken Hall.

It boosted the state police building allowance to $200,000 to provide for posts at Saginaw, Grand Haven and Clinton.

Prison Chapel Out

It eliminated plans for a chapel at Southern Michigan Prison and set up $40,000 for two guard houses and a cyclone fence.

In the house, Rep. John J. McCune (R-East Lansing) tried unsuccessfully to tack on an amendment to the conservation appropriation requiring visitors to certain state parks to pay 10 cents apiece.

Democrats tried in vain to up the public safety budget to allow an addition of 117 state police. The bill in its present form would allow the state to hire 50 more policemen.

United Press Photo

HOLY SMOKE! — Joe, a pet blackbird, "puffs" on a cigarette as he perches on the arm of his owner, cab driver Ralph Steadman of Kansas City, Mo. Found with a broken wing a year ago, Joe was nursed back to health by Steadman. He's shown no desire to fly away since. Steadman says the bird is a good weather prophet. Rain or snow always follow, he says, when Joe is observed fluffing his feathers and making bird chatter.

Propose to Give President Vaccine Distribution Power

WASHINGTON (AP)—A move was gaining momentum in Congress today to give President Eisenhower sweeping standby powers to clamp controls over distribution and prices of Salk polio vaccine.

Rep. Wolcott (R-Mich) said the proposal seems to be a "happy compromise" between contradictory demands for only voluntary guides and for drastic compulsory and immediate controls.

He said he thought standby powers should be satisfactory to the Eisenhower administration, which has opposed federal controls so far.

Wolcott, usually a foe of federal controls, is senior Republican on the House Banking Committee, which is considering a wide variety of vaccince control bills.

* * *

Committee Chairman Spence (D-Ky) said standby controls "might well be the best solution," but he was not ready to commit himself yet.

* * *

Rep. Davidson (D-NY), another committee member, said sentiment for standby control powers is "very strong" among both Republicans and Democrats and he is convinced Congress will approve them.

These comments came today while:

1. The Public Health Service continued an on-the-spot recheck of vaccine manufacturing at the Parke, Davis and Co. laboratories in Detroit, the first of five manufacturers to be inspected. Surgeon General Leonard Scheele has called for a halt in the nationwide vaccination of schoolchildren pending these plant-by-plant rechecks.

2. Scheele agreed to go before the Banking Committee tomorrow to explain the situation further.

3. Some House members fired growing criticism at Mrs. Oveta Culp Hobby, secretary of health, eduation and welfare, who has general supervision over the Public Health Service, which Scheele heads.

4. A Public Health Service count showed the number of confirmed polio cases among children already vaccinated has risen to 62, out of an estimated five million children who have received the serum.

5. Parke, Davis and Co. said it has developed what it expects to be an improved version of the vaccine, and is testing it in De Witt County, Ill. It said a new substance has been added to slow down absorption into the blood stream. This should both increase the vaccine's effectiveness and provide a longer period of immunity, a company spokesman said.

* * *

Rep. Multer (D-NY) said he would urge the Banking Committee to adopt a resolution calling on the President to direct Mrs. Hobby to appear as a committee witness.

* * *

"The whole program has been manhandled," he said, "and the fault lies at the door of the secretary, Mrs. Hobby. This is her problem, not the problem of the surgeon general."

Rep. Bolling (D-Mo) told the House yesterday she appears to be ducking her responsibilities by disappearing "into the background" and shoving Dr. Scheele out front "when there is really a tough problem."

More Than 90 Women Seeking British Posts

LONDON (AP)—The British House of Commons was all male until 36 years ago, when Lady Nancy Astor took a seat.

Virginia-born Lady Astor showed the way to women with a political bee in their bonnets. There were 21 women among the 625 members in the House of Commons just dissolved.

More than 90 women are running for seats in the May 26 election of a new House. Perhaps 30 of them look like winners.

* * *

Among the current members are the Labor party's two leading ladies—"Battling Bessie" Braddock, 55, a 250-pound political foe of communism and Laborite left-wingers, and Dr. Edith Summerskill, 54.

* * *

On the Conservative side, the most vocal are red-haired Patricia Hornsby-Smith, 41, a junior minister with the reputation of being a snappy dresser, and 66-year-old Dame Florence Horsbrugh, who would pass for anybody's auntie.

Hardly a week passes without some of the Westminster lassies getting their names in print.

Last month Laborite Jennie Lee, 51, hit front pages with the opinion that Secretary of State Dulles' diplomacy "has all the delicacy of an elephant treading on eggs." Miss Lee once delighted her constituents by disclosing she had a special pair of woolen bloomers for speaking from drafty platforms. She is the wife of Aneurin Bevan, and as far to the left as he.

* * *

Mrs. Braddock has cornered her share of headlines too with two major libel actions—she lost them both—and a suspension from the House of Commons for talking back to the speaker.

Dr. Summerskill frequently attacks boxing and boxers. She calls them morons and says they should get their brains tested before they get them beaten out.

Pontiac Press Photo

SMILE WELCOMES VISITORS — St. Joseph Mercy Hospital Nurse Betty Beck of the nursing service division flashes an appropriate smile today on Florence Nightingale's birthday, being observed throughout the United States as National Hospital Day. Conducting visitors through the hospital today, Mrs. Beck displays literature which is being distributed to persons touring the hospital today and throughout Hospital Week. The hospital is emphasizing careers in medicine and allied fields during the week's program. St. Joseph's, Pontiac's largest hospital, had 14,802 admissions during last year with an average daily census of 337. The hospital handled 15,394 emergencies and treated 2,803 outpatients also admitted. Hospitals in the United States cared for more than 20,000,000 patients last year, the greatest number in any year of hospital history. With a total of 7,000 hospitals in the United States, the national hospital bed deficit was reported last year at an estimated 800,000 beds. Employes at St. Joseph Hospital number 648. The day's program urges young men and women to enter the medical fields, which are in need of thousands of nurses, doctors and technicians.

Junior Achievers to Hold Annual Program Tonight

With the books closed ontheir most successful operating year to date, Southeastern Michigan's Junior Achievers, along with the business and industrial leaders who support the JA program, will meet at 8 o'clock tonight in Detroit's Masonic Temple for the fifth annual "Future Unlimited" celebration.

The evening's program under general chairman Ross Roy, vice president of the JA board and president of the Ross Roy, Inc. advertising agency, will honor the area's most outstanding participants.

College scholarships, plaques and scrolls will be awarded boys and girls who, starting last October in 236 JA firms, sparked the building of a junior-sized financial empire in eight months.

Among the firms to be honored are one from Pontiac and two from Birmingham.

Larry Decker, 17, of 267 Elizabeth Lake Rd., president of Plastico, will receive an award honoring his company as the top JA firm in the area in the plastics manufacturing category.

Plastico, sponsored by GMC Truck & Coach Division, was one of the dozen Pontiac firms which operated in the JA Center located at 53 N. Mill St.

Birmingham companies to be honored are J-Ad, advertising agency sponsored by the Birmingham Eccentric, and Wee-Ma-Kit, sponsored by Detrex Corp.

J-Ad is headed by Ted Donay, 18, of Birmingham, and Wee-Ma-Kit by Dick Martin, 17, of Birmingham.

Achievers, operating both manufacturing and service corporations under the guidance of advisers from business and industry, grossed $80,000 in their operations this year.

This sixth program year has seen the Southeastern Michigan area become the largest JA operation in the nation—a long way from the opening of JA in Detroit in 1949 when 600 boys and girls operated 63 companies.

Participating in the evening's program will be Achievers from the cities which now comprise JA of Southeastern Michigan: Ann Arbor, Birmingham, Dearborn, Detroit, Ferndale, Monroe, Plymouth, Pontiac, River Rouge, Wayne Wyandotte and Ypsilanti.

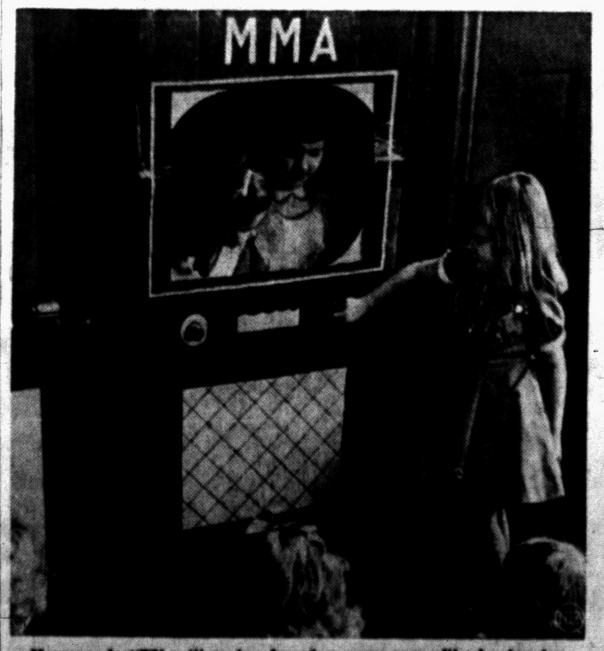
Two Detroiters Injured When Auto Overturns

After their car overturned on Commerce road near Hiller road early today, two Detroit men were treated for cuts and bruises at Pontiac General Hospital.

The driver, Richard A. Ostrowski, 32, of Hamtramck, told Oakland County Sheriff's deputies he lost control of his car when it skidded on a curve. His passenger, Alexander K. Hillcoat, of Detroit, was treated for an injured shoulder, suffered when the car overturned into a ditch.

Pittsburgh Pupils Use Homemade 'TV' Set

The first grade in Mt. Mercy Academy in Pittsburgh is an assortment of TV actors, writers, producers and newscasters. It's all due to a homemade "TV set" which has a prominent spot in the room. It is an effective incentive for learning. The class writes and dramatizes plays — their favorite is "Three Billy Goats Gruff" complete with hoofbeat sound effects on the bridge and the scary voice of the troll. Daily newscasts are written by a news staff and presented with a mop-stick microphone.



Homemade "TV set" makes learning seem more like having fun.

Nothing makes speech errors so obvious as a tape recorder.

First-grader George Schiavone seems at home before "mike."

Mark Moore's toothbrush "commercial" leaps right out at you.

Pontiac Man Re-elected to Chiropractic Board

Dr. James O. Whitmer, 107 E. Berkshire, recently was elected to his third term as Secretary-Treasurer of the Michigan Academy of Chiropractic, Inc. at its convention in Detroit. Dr. W. E. Vander Stolp of Grand Rapids and member of the board of directors, was elected president.

Committee Says Gasoline Still Best Bargain

"The average increase in gasoline prices since 1925 in 30.8 per cent, substantially below other basic commodities and below the average for all items, which is 53.1 per cent," local oil company owner James C. Clarke said yesterday.

Speaking for the Pontiac Oil Industry Information Committee, Clarke said, "If you discount federal, state and local taxes, over which neither oil men nor competition have any control, the increase since 1925 is only 7.3 per cent. Gasoline taxes have increased 250 per cent in the same period.

"At the same time, competition among oil companies to develop better products has brought about remarkable improvements in gasoline quality—two gallons of modern gasoline will do the work that required three gallons of the 1925 type.

"Gasoline continues to be the average family's best shopping bargain," he concluded.

Salk Boon to Lollypops

NEW YORK (UP) — Parents aren't the only ones to hail the Salk anti-polio vaccine as a boon. The National Confectionery Salesman's Association said today the practice of giving lollypops to youngsters after their vaccinations has given the lollypop "the greatest prestige in its history."

California has 25 million acres of national forests.

'Stork Assistants' to Rate Fancy Title After Class

PITTSBURGH, Pa. (UP) — Ambulance drivers of the Pittsburgh Police Dept. often are nicknamed "stork assistants" by fellow officers. Now they will be entitled to the more formal title "obstetrical first aidmen." The title will be included in a certificate to be given to policemen completing a course taught by Dr. Clarence Ingram.

Fifty police — all ambulance drivers — enrolled for the first classes.

Officer John Pektas, a member of the police force for 14 years, was the student picked as most likely to succeed. He has assisted at 44 deliveries and says: "Mothers and children all have done well."

It can be sudsed in a second and dries just as fast.

Author Abhors the General's Fashion Dictates

By MARY MARGARET McBRIDE

For the second spring in a row I've been having an attack of Dilley-itis, an irritation brought on by rising gorge.

My disease stems from published reports that Col. John Dilley, U.S. Army detachment commander in Frankfort, Germany, has reissued to the female dependents of his troops his 1954 spring ban on public appearances in bare midriff costumes, halter sunsuits, strapless low-cut dresses, shorts, jeans and unconcealed pincurlers.

Evidently the colonel fancies himself either as a fashion or morals arbiter, for a short time back he instructed his soldiers to put on neckties off-duty and cut out sport shirts at night.

That's all right with me if the men want to take it, but I hope the women won't.

I agree that many a woman looks something less than her best in shorts or even jeans. But I maintain that's her lookout.

And, pray, is there anything about a naked pincurler gleaming in the sunshine to arouse the base passions of man?

What I should like to know is where this military Mainbocher got the qualifications to lay down the law about what women shall wear. Does West Point maybe include dressmaking haute couture among its required courses?

It's obvious that the colonel doesn't even have a thumbing acquaintance with the fashion magazines or he wouldn't be so outraged by sunsuits. It is also clear that he hasn't spent much time lately in the United States.

Even Yonkers, N.Y., which for years fought against girls in shorts, has given in and anybody who has been in a suburban supermarket during the past four years could assure the commander that jeans and slacks are just about the most popular shopping costume in our borders.

A female in shorts and pincurlers hardly draws a second glance unless, of course, she has three legs or an armadillo on leash.

Colonel Dilley is supported undoubtedly — in addition to the eagles on his shoulders — by a deep-rooted conviction about what looks nice and modest on a lady.

But somebody ought to tell him a homely truth most men have learned by this time: That women will wear exactly what they want to wear regardless of what men, even colonels, may say or do.

Oh, maybe they'll fling a raincoat over the shorts or a scarf over the pincurlers to save trouble if they're likely to meet up with the colonel or one of his spies.

Taste is a highly personal matter and it is my contention that it is the inalienable right of woman to be in bad taste if she pleases.

And I reiterate that Colonel Dilley is taking unfair advantage of his rank when he tries to make the civilian womenfolk of the men in his command conform to his prejudices.

I may allow Christian Dior to suggest what I shall wear, but I'd never accept the word from some fellow in khaki who thinks he can tell me what I should do just because my husband is serving his country.

The colonial trial of Judith Catchpole, who was charged with infanticide, is remembered in American history because the jury was composed entirely of women. It was the first all-woman jury in the New World.

14½—24½
by Anne Adams

From this minute on, you'll wear and love the slenderizing sheath dress with the box jacket. Make it in cotton, linen, or shantung. It's easy to sew—proportioned to fit and flatter the shorter, fuller figure.

Pattern 4773: Half sizes 14½, 16½, 18½, 20½, 22½, 24½. Size 16½ dress takes 3¼ yards 35-inch fabric; jacket, 2⅜ yards.

This pattern easy to use, simple to sew, is tested for fit.

Send 35 cents in coins for this pattern—add 5 cents for each pattern for 1st-class mailing. Send to Anne Adams, care of Pontiac Press 137 Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address with zone, size and style number.

Blue Star to Send Youngster to Camp

Through the sponsorship of Blue Star Mothers Chapter Four, a one-week stay at Camp Oakland is in store for some youngster.

Members approved this move when they met Tuesday evening at the YMCA. Other action saw Mrs. Grace Fitzthomas elected delegate to the department convention, which will take place June 5-8 in Jackson, taken into membership was Mrs. Dorothy Almas.

Plans are under way for a Memorial Day ceremony, and the local chapter will forward a $100 check to the Blue Star Mothers' Veterans Memorial Stadium in Chillicothe, Ohio.

Handyman Needs His Thinking Hat

Puttering Hours Call for Relaxing First to Avoid Disaster

By HUBBARD COBB

A few weeks back there was a report in the papers on the thousands of people who were hurt last year by being part time plumbers, carpenters, painters, masons and general handymen.

Now while we believe in fixing things yourself, we don't want anyone to end up in a hospital or at the doctors just because he tried to save a few dollars or get a little relaxation out of doing odd jobs about the house.

We've been fooling around with ladders, saws, hammers and power tools for a good many years now and when we've been hurt there has always been just one reason—we stopped thinking of what we were doing and started to think about something else.

If you start hammering a nail and start thinking about something else besides that hammer and that nail, there is a fair chance that you will hit your thumb with the hammer.

If you are using a saw or chisel and forget what you are doing, you are darn likely to cut yourself.

There is one good way to avoid injury on any sort of job and that's to think safety every minute.

If you are too tired for this sort of concentration—do something else like sitting down and not think at all.

Too many of us try working on jobs in the evening after a hard day's work on jobs that require us to think safety and we are just too tired to do so.

Jobs like this should be left to the week-ends when we are fresh and rested up.

Too many of us try to do everything in one day and end up by getting over tired and over-strained. It's not worth it.

We feel darn sure that anyone smart enough to do odd jobs about the house is smart enough not to get hurt if they are mentally alert and are able to concentrate on what they are doing and on safety.

PTA Activities

Hawthorne

Hawthorne School PTA is sponsoring a roundup Friday at the school. Dinner will be served from 5 to 7 p.m. and booths will open at 7 p.m.

Pick Utah Site for Sled Tests

Experiments in Descent to Be Conducted Atop Pioneer Mesa

HURRICANE, Utah (UP) — A 12,000-foot-long trench in a 300-foot-wide muddy cleaning atop Pioneer Mesa, three miles northeast of Hurricane, marks the location of a unique project in American military history.

By midsummer, the trench will have been transformed into the underpinning of a rocket sled track that will be used by the armed services in testing ways that crews could use to escape from supersonic aircraft in emergencies.

The multi-million dollar project is code-named 'Operation Smart.' The name is derived from the initials of the project—Supersonic Military Air Research Track.

The Utah rocket sled track will be an extension of the pioneer Navy installation near Mojave, Calif., and the Air Force's famed project at Almogordo, N.M., where an officer recently traveled more than 600 miles an hour on a sled.

The Pioneer Mesa development will have one major difference. The older tracks were equipped so that the sleds, after traveling at high speed, stopped at the end.

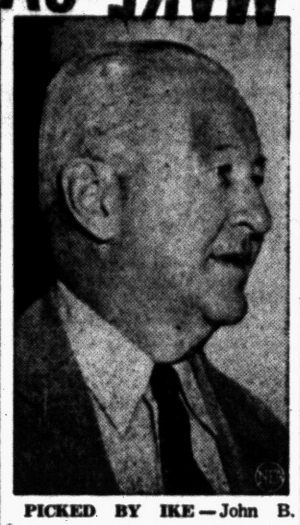
In Utah, the sled will stop but its cargo—instruments or dummies, with human passengers excluded—will be shot on off into space, in a duplication of the effect of ejecting a pilot's cockpit from a jet fighter or bomber.

The south end of the mesa, where the track will end, is a sandstone cliff. The "cap-rock," geologists call it the Shinerump formation, forms a wall some 200 feet straight up and down.

Below the cap rock, the rock and sluffed-off sand descends so sharply that the test capsule need be shot only a few hundred feet off the end of the mesa to have a vertical descent of 1,500 feet.

That is why the Pioneer Mesa was selected for the development after surveys of a score or more possible sites in this country and even on oceanic islands.

Instrument mounts — now used by surveyors but later to hold cameras—have been carefully installed at 28 locations on the edge of the clearing. The track, 6 feet, 8 inches wide when finished, will be in the middle.



PICKED BY IKE—John B. Hollister has been named Foreign Operations Administrator by President Eisenhower. The former congressman, born in Cincinnati, Ohio, succeeds Harold E. Stassen, who is slated to be special assistant to the President on dirarmament.

There are more than 275,000 blind Americans.

For Tired Husbands—One Lost Weekend a Month

WASHINGTON, May 11 (UP)—Ladies: Does your husband start fidgeting as soon as he's sat still for 30 minutes?

Does he take a vacation only to race madly to see how much you can see and do within allotted time?

Is he getting a paunch?

What he needs, said a psychologist today, is one long, lost weekend every months.

Just a blank weekend—not lost by drinking, but simply lost.

"You should order your life so that there comes a long weekend every month, or every two months at the most, when there is nothing wrong with doing nothing," said Dr. Nathan Kohn Jr., a personnel consultant from Clayton, Mo.

He was talking to wives of men gathered in Washington for the convention of the National Industrial Advertisers Assn.

"The Care and Feeding of Husbands" was his topic.

The problem is growing worse and worse, he said. It's the automation age coming upon us.

Moreover, pressures are multiplying for the creative person—the one who is an administrator or executive.

"Your husbands and all of us who try to think have tremendously increased pressure," he said.

"When he comes home he wants to discharge tension; he wants to get something out of his system. But there's the wife; she's thinking, 'Oh, good, he can watch out for the kids so I can get things on the table.'

"Try to put yourselves in his place; try to understand.

"But don't feel sorry for him. Don't think 'Oh, the poor thing.' Then you become mothers instead of wives. You create new tensions."

* * *

Dr. Kohn had this advice on the care and feeding of husbands:

Give them a good diet, but a varied one.

Do not let your family living get into a stereotype.

Arrange times for doing nothing.

Accept your husband without reservation, be critical of incidents but not of him.

And finally—"You have to be willing to not talk too much so he can tell you his troubles."

Commercial Plate Deadline Saturday

Midnight Saturday is the deadline for obtaining commercial half-year licenses, Willis M. Brewer, manager of the local secretary of state office, announced today.

Licenses may be purchased at the office's new location, 53 N. Parke St., a half block north of the Municipal parking lot. The office is open weekdays 9 a. m. to 5 p. m.. Saturdays from 9 a. m. to 12 noon.

It is the only office in Oakland County where the half-year tags are available. About 600 of the 1,200 commercial licenses expected to be issued have been given out, Brewer said.

Rat Chases Councilman Investigating Town Dump

CAMPBELL, Ohio (UP) — Councilman Frank Reichard, after hearing complaints about rats at the city dump, went down to the dump himself. He reported to his fellow councilman that a big rat attacked him, forcing him to flee from some distance before he finally was able to kill it with a stone.

After Reichard's experience, the city started scattering rat poison on the dump.

Pigeons Move With Cafe

CLEVELAND (UP) — Lou Watson, who recently moved his restaurant from downtown Cleveland to suburban Lakewood, several miles away, says a flock of pigeons which patronized the back door of his old place now visit his new one. He says he's sure they're the same ones because they are so tame.

Cholera Kills 57 in India

CALCUTTA, India (UP)—A cholera epidemic was announced in Calcutta today. Authorities said 57 persons, including many children, died of the disease in the first week of May.

Even Grandma Can Dance the 'Merengue'

By PHYLLIS BATTELLE

NEW YORK (INS) — There are not many things that Porfirio Rubirosa can teach Miss Zsa Zsa Gabor, for she is pretty well up on the tricks of the trade — "trade" in this case meaning the exchange of social niceties and fisticuffs and marriage vows, as they are swapped in Rubi's "internafional set."

But there is one thing he taught her, and that was the "Merengue." Not the meringue like you eat with strawberries and whipped cream, but the Merengue like they dance down in Rubirosa's homeland, the Dominican Republic.

It is a new step executed with a fluttering hip and a limp leg, and is said to be the hottest innovation in the dance world since the Black Bottom.

"You really must learn it," said a representative of the Dominican Embassy to me on the phone. "Within six months, it will have swept the country and completely replaced the Mambo."

So — visualizing the awakward moment when a local Romeo might ask me to Merengue and I would have to say that my feet were killing me — I took off for a lesson in this brand new art of Terpsichore.

The teacher was Chancellor Guillermo Nadal of the Dominican consulate, and we met in a back room at Arthur Murray's. All very businesslike, because Mr. Murray was there as chaperone. Also two of his girl teachers, "Miss Debbie" and "Miss Betty." They were wearing snug skirts, to illustrate a point.

"It is a very subtle dance," said Chancellor Nadal. "The hip move is important."

To show what was meant, Miss Debbie thrust out a likely left hip. "See?" said Nadal.

It was hard even for a woman to miss.

"That is the first half of the basic movement of the Merengue," said Mr. Murray, sticking his hip into the conversation. "The other half is a sort of limp with the right leg. In other words, here's how it goes — sway out with the left hip, drag the right foot, sway with the left, drag with the right, sway with the left, draw with the right."

Someone had put a "Merengue" record on the phonograph and suddenly everybody was swaying and dragging for fair. The room looked like one big happy rehabilitation center.

While they limped and bumped gracefully, I analyzed the music. It was like an urgent, sensual contest among a sax, a male voice and a tom-tom. . . similar to Calypso in the repetition of its tune pattern, but really like nothing you've ever heard.

"This dance is really a one-step, in which you do a sort of a Fox Trot with one leg, and Rhumba with the other," said Mr. Murray, clinically. "It will replace the Mambo easily, because the Mambo is a dance that can only be done by a young, exhibitionistic crowd.

"This is much easier," he said, heaving lightly.

Mr. Nadal regretfully gave up Miss Betty and returned to the discussion, speaking loudly over the tom-toms. "The dance is at least 100 years old," he said. "It is said it originated when a Dominican soldier returned with a crippled leg, and a dance was held in his honor. We are great lovers of dancing down there in the Republic, you know.

"He could only limp when dancing so, in homage to the guest of honor, the rest of the people copied his style. And that is how the Merengue is said to have started."

Do you believe that? I asked him.

"No," snorted Nadal. "But I have no other stories."

The reason that Merengue is being introduced around the U. S. today, Murray and Nadal admitted, is two-fold: To give the dance-loving Dominican Republic some extra-Rubirosan stature, and to re-inspire interest in ballroom Terpsichore in America.

"It's been a long time since we had a new dance that the older people could enjoy," they pointed out, "but this is an easy, relaxing series of steps they should do with the same ease as the youngsters."

In fact better, perhaps. From what I saw of the Merengue, with its lame duck action, every little infirmity may help.

Calms TV Tempers by Getting Rid of Set

FAIRBANKS, Alaska (AP) — Television, still new to the north, always drew a faithful — but not peaceful — audience around the set in the Nordale Hotel lobby.

Tempers were prone to grow short and arguments long over which of the two available channels should be tuned in.

The hotel management solved the problem.

It removed the set.

Obliging Fire Turns in Alarm Via Water Pipe

NEW ULM, Minn. (AP)—A fire in Dr. F. H. Dubbe's office turned in its own alarm.

It melted a soldered pipe joint in the closet where it started.

The water dripped on the floor and soaked through the ceiling.

Investigating the source of the leak, a policeman found the fire and doused it quickly.

Petty Cash Box Thief Trapped by Chemistry

FREDERICKSBURG, Va. (AP) — Detective Hugh T. Rose spotted a janitor suspected of dipping into the petty cash box of an insurance firm after closing hours when he dusted the bills in the box with an invisible fluorescent chemical and took the serial number of the bills. When the next shortage was discovered the janitor was invited down to headquarters.

He held his hands under an ultra-violet light. And his guilt glowed.

The clincher was a couple of marked bills found in his pocket.

MAKE OVER PAGES

Rochester Home Week Set May 30 to June 5

IN FINAL REHEARSAL — Acting out a scene from "Sabrina Fair" are Avon Players David Keena, Mrs. David Keena and Mrs. Ed Kucera of Rochester. The hit play will be presented by the Avon group Friday and Saturday nights in the Rochester High School, with curtain time set at 8:30 p. m. The sensitively written drama, packed with both humor and pathos, is the final production this season of the Avon Players.

Sabrina Fair to Run 2 Nights

Hit Play Ready to Open Tomorrow at Rochester

ROCHESTER—The Avon Players checked on props and brushed up on their lines today, as they made final preparations to present the hit play, "Sabrina Fair," tomorrow and Saturday in the Rochester High School Auditorium.

The curtain will go up at 8:30 p.m. both nights on this, the Player's final production of the season.

The sensitively written play has a goodly supply of both humor and pathos. Filmed by Hollywood under the title, "Sabrina," it met with substantial success and received several "Oscar" nominations. It starred Audry Hepburn and Humphrey Bogart.

It tells the story of a chauffeur's daughter and her difficulties with love in a wealthy family. The plain girl goes to Paris to study cooking, and returns a sophisticated, alluring and exciting woman. From there on, things happen.

Directing the production is Richard McGowan with Mary Chapman as assistant.

On stage will be Pat Kucera (Sabrina), Jim Jackson, Marj Whitlock, Jean Lilly, Gerry Germaine, Dorothy Duffield, Duke Baldes, Henry Purd, Alice Spitler, Betty and Dave Keena, Joan Mackey (as narrator), Bob Halbach, Judy Bachor and Don Blome.

Behind the scenes will be Bob and Betty Holbach directing the staging, Ed and Cynthia Wise handling properties and Louise Akers, make-up.

The Avon Players is a non-profit organization for people who like to act or work around the stage. The group acquired 50 new members this year, bringing the total membership to 260, and plans are under way for a new playhouse.

Tickets to "Sabrina Fair" will be available at the door.

Meeting Tonight on Weed Issue

Lake Orion Residents Will Hear Proposal for Low-Cost Spray

LAKE ORION—The completion of Lake Orion's biggest lake improvement project—the elimination of objectionable weeds in the waters of the lake—depends on the action of property owners who attend a mass meeting at 8 p.m. today in the Township Hall, 571 S. Broadway (M24).

The Lake Improvement Assn., recently organized to promote the project, has contacted all property owners on the 22-mile shoreline and asked their support.

Frank Dexter, association president, recently conducted Dr. D. Domagala, bio-chemist, on a survey tour of the lake. Dr. Domagala represents a firm which has successfully sprayed a number of Michigan Lakes, including Indianwood Lake, Dexter said.

At tonight's meeting questions will be answered about the chemical spray treatment to destroy unclean weeds, and captains will be appointed for the various sections of the lake to canvass residents and work out financial arrangements.

Cost to property owners is estimated at 23 cents per foot of frontage, to free the lake of weeds.

Township OKs Protection Plan

Pontiac Area Contracts With Oakland Sheriff for Extra Policing

PONTIAC TOWNSHIP — The Pontiac Township Board has approved contracting with the Oakland County Sheriff's Department for police protection within the township.

The township would pay the equivalent of one deputy's salary.

In other action, the board has tabled for 30 days action on an ordinance requiring subdividers to blacktop roads in new plats.

It was also decided that the township would not pay part of the cost of oiling roads.

The installation of a street light at the corner of Opdyke and Walton Boulevard was approved.

The board also approved an ordinance restricting the moving of buildings into or within the township.

30th Robbery Too Much

BOSTON (UP) — Two gunmen walked into Bedro's Asadrian's variety store and robbed him of $85. But that one incident wasn't what made Asadrian angry. It was the 30th time in 20 years that he had been a robbery victim.

County Deaths

Lawrence Alfred Seyforth

LAKE ORION—Service is pending for Lawrence Alfred Seyforth, 50, of 194 W. Shadbolt St., at Flumerfelt Funeral Home, Oxford. He died yesterday.

Urge Residents to Participate

Lions Club Show to Be Big Feature of 7-Day Festivities

ROCHESTER—Village President Clarence Burr has proclaimed the week of May 30-June 5, as "Rochester Home Week."

"Whereas the Rochester Lions Club has undertaken to organize a 'Rochester Home Show' in order to publicize the many advantages of living in this area, with its excellent location, neighborly citizens and forward-looking businessmen," Burr cited as reasons for issuing the proclamation.

It urges residents to make the week the occasion for beautifying their homes, renewing their appreciation of home and family life, and for observing the period in any other befitting manner.

The Lions Club show is scheduled for June 3, 4 and 5 at Halbach Field. Income from the affair will be used by the Lions for community projects.

The Rochester Village Council accepted the proclamation at its meeting this week, and also took action on several village matters.

Tax Rate Set

Taxes will remain at the same 17-mill rate as in 1954, with 13 mills allotted to the general fund and 4 mills for the highway fund. The Council accepted a report of 1955 assessment roll of $6,001,500, as received from village assessor Grace M. Crissman. This represents an increase of $336,500 over last year's figure.

Proprietors of the North Hill Subdivision appeared before the council and presented a formal financial agreement whereby $203,000 would be deposited in the Manufacturer's National Bank of Detroit, to be used for those utilities that the Village of Rochester is responsible for in the properties of the North Hill Subdivision.

All of the water, sewers, paved streets, sidewalks, storm sewers of the subdivision that are inside of the village limits are included in the figure, and funds can only be released by the village.

At a special meeting last night, financial agreements, ownership papers and the final plat of the subdivision were signed.

Tag Days Approved

Permission to hold tag days was granted three groups. The American Legion Auxiliary and Veterans of Foreign Wars will have their Poppy Sale on May 26, 27 and 28. The Band Booster's Club will hold its tag day on May 21.

A petition from 12 property owners on Helen street to construct curb and gutter on Helen from Third to Fifth streets was received, and Manager Robert Slone was authorized to map the foot frontage and plan for a public hearing.

Permission to tap in on the village water main was given to H. P. Kjolhide for Lot 2 of Paint Creek Hills Subdivision.

President Burr announced that Village Manager Robert Slone had been elected secretary of District Four, Municipal League.

Oak Park Postpones Hospital Fund Drive

OAK PARK—A fund campaign to build a $500,000 hospital in Oak Park has been postponed, Councilman John M. Suiter announced yesterday.

Suiter said that the city would have a hospital "within the foreseeable future," but that the campaign would be delayed until a governing board "truly representative of the community" could be organized.

Banquet Is Tonight

SOUTHFIELD TOWNSHIP—The mother and daughter banquet of the United Presbyterian church will be held Friday, beginning at 6:30 p.m.

Saturday Deadline Nears

CLARENCEVILLE—A deadline of 4 p. m. Saturday has been set for filing nominating petitions for the Board of Education election, scheduled here June 13. The term of Fred Bailey expires June 30, and one person will be elected to the board for a three-year term.

Petitions must be signed by not less than 50 nor more than 75 qualified electors, officials pointed out.

General registration for this election must be completed by 5 p. m. June 3. Registrations will be taken at the Township Hall or city office of the respective areas.

The Clarenceville school district No. 5 fractional is inclusive of the townships of Farmington, Livonia and Redford, and the Counties of Oakland and Wayne.

Students Set for Prom

IMLAY CITY—The annual junior-senior prom will be held Friday night in the school gymnasium. The theme will be "Hawaiian Holiday."

Almont School Chorus to Give Minstrel Show

ALMONT — The Junior High School Chorus of the Almont Community School will present a minstrel show Friday night in the High School auditorium.

Curtain will go up on the presentation at 8 p.m. Melvin West is the music instructor in the school.

Three City Youths Hurt in Collision

Three Pontiac youths were injured, not seriously, last night in a 2-car collision at South Boulevard and Adams road, Oakland County Sheriff's deputies said.

Warren H. Anders, 17, of 106 Omar St., the driver, and his passengers, Eddie Martin, 16, of 118 Omar, and David Cox, 16, of 229 Mechanic St., were treated for bruises at Pontiac General Hospital.

Anders' car collided with one being driven by Kenneth W. Hardenburgh, 33, of 3009 Eastwood St., who was unhurt. Anders said he failed to see a stop sign at the intersection until it was too late to stop.

Grains Ease in Quiet Trade

CHICAGO (AP) — Most grains eased in rather quiet dealings on the Board of Trade today.

There were a few exceptions to the main trend. Most notable was May wheat, again supported by short covering. Oats also displayed early resistance to the downward movement although they weren't able to push higher.

Wheat near the end of the first hour was ⅜ lower to ⅝ higher, May $2.19⅜; corn ⅛ to ½ lower, May $1.45⅜; oats unchanged to ⅛ lower, May 73¾; rye ¼ lower to ¼ higher, May $1.01¾; soybeans ¼ to 1½ lower, May $2.51½; and lard 3 to 7 cents a hundred pounds lower, July $12.65.

Chrysler Institutes New Supply Division

DETROIT (AP) — Chrysler Corp. has formed a new manufacturing division to be called the supply division.

It embraces four of the company's plants in Indiana—present manufacturing plants in Indianapolis, New Castle and Kokomo, formerly operated by Dodge Division, and a new automatic transmission plant now being constructed at Kokomo.

The various units in the supply division produce major components for all Chrysler Corp. passenger cars and trucks.

R. S. Bright will be general manager of the new division.

Livestock

DETROIT LIVESTOCK

DETROIT, May 12 (AP)—Hogs—Salable 125. Not enough offered early to make a market; asking strong to higher.

Cattle—Salable 300. Market mostly steady to today. Compared last Thursday: slaughter steers very spotty, good and choice fully $1.00, spots $1.50 lower; lower grades and heifers 50-1.00 lower; cows and bulls uneven but mostly steady; stockers and feeders steady to weak; fairly good clearance; 8 head choice and price 1084 lb steers 25.00; six loads high choice 1000-1166 lb steers 24.25-24.75; bulk high good and choice fed steers 20.00-24.00; commercial and low good steers 15.00-20.00; small lots choice to prime 796-834 lb heifers 15.00-20.00; small lots choice to prime 796-834 lb heifers 21.50-22.50; bulk utility to good heifers 13.00-18.00; bulk utility and commercial cows 12.00-14.00; few high commercial cows to 15.00; canners and cutters mostly 10.00-12.50; bulk utility and commercial bulls 13.50-16.00; load choice 348 lb stock steer calves 24.00; bulk good and choice stockers and feeders 20.50-22.00; medium good stockers and feeders 18.00-19.50.

Calves—Salable 50. Today's market steady. Compared last Thursday: market uneven, vealers steady to instances $1.00 lower; broad demand for lightweight lower grade kinds; most good and choice 18.00-26.00; high choice and prime 27.00-30.00, not many above 28.00 late; utility and commercial 13.00-18.00; culls down to 8.00.

Sheep—Salable nothing. Today's market unchanged. Compared last Thursday: receipts mainly shorn slaughter lambs. Most lots ather highly mixed for quality and finish; demand narrow and uncertain; no shipper buying; clearance incomplete; sales shorn slaughter lambs unevenly $1.50-2.00 lower; extremes $3.00 or more lower since no reliable outlet shorn lambs; sheep steady; sales good and choice 89-103 lb shorn lambs number 1 and 2 pelts early 19.00-20.50; mixed utility to choice, mostly good shorn lambs numuber 1 and 2 pelts 15.00-17.00; utility kinds down to 12.00; few cull to choice shorn slaughter ewes 2.00-8.50.

CHICAGO LIVESTOCK

CHICAGO, May 11 (AP)—Salable hogs 10,000; market very slow and uneven, generally a full 25 lower on butchers; sows steady to 25 lower; bulk choice 190-230 lb. butchers 17.00-17.75; mainly 17.50 and above on choice No. 1 and 2's 190-210 lb.; a few lots choice No. 1's up to 18.00; most 240-280 lb. 16.25-17.00; 280-320 lb. 15.25-16.25; a few lots 330-350 lb. 14.75-15.25; sows under 450 lb. in larger lots 13.25-14.75; a few choice 300-325 lb. to 15.00; bulk larger lots 450-600 lb. 12.00-13.25.

Salable cattle 7,000; salable calves 300; steers moderately active unevenly 25-1.00 higher; heifers mostly 25 higher, spots 50 up; cows steady to 25 higher; bulls strong to 50 higher; other classes steady; around a dozen loads high choice to mostly prime steers 25.50-28.00; bulk choice to low prime steers 22.00-25.25; good to low choice grades 19.00-21.50; commercial steers down to 16.00; several loads high choice heifers held above 23.25; most good to high choice heifers 19.00-23.00; utility and commercial cows 11.25-14.50; canners and cutters 9.50-11.50; utility and commercial bulls 13.75-16.00; good and choice vealers 22.00-27.00; utility and commercial 12.00-21.00; two loads good and choice 608 lb. yearling stock steers 21.75; a few good stockers 21.00 and 21.25.

Burroughs to Acquire Todd Firm of New York

DETROIT (AP)—Burroughs Corp. of Detroit will acquire the Todd Co., Inc., of Rochester, N. Y., under plans announced jointly today by heads of the two firms.

If the Todd stockholders approve, they will receive Burroughs stock at the rate of 1 1/3 shares for each one share of Todd stock held.

The Todd stockholders will vote June 3 on the proposal.

One inch of water on one acre of surface amounts to 27,154 gallons.

Stock Prices Slip Sharply

NEW YORK (AP) — Stock prices slipped sharply today in a quiet stock market in early dealings.

It was the second straight day of quiet but pronounced decline in prices. There were, however, some excellent efforts at recovery among individual issues.

The Associated Press average of 60 stocks was off $1.20 yesterday at $162.70.

Today losses went to between 1 and 3 points while gains were small except for some scattered wide movers.

Steels and motors were definitely lower along with aircrafts, utilities, oils, and railroads. In the mixed class were airlines, mail order shares, distillers, and radio-televisions.

GM Framingham Union Taking Strike Vote

DETROIT (AP)—CIO United Auto Workers officials looked expectantly today to Farmington, Mass., where members of General Motors Local 422 were to vote on whether they are willing to strike to support contract demands.

The local is the first among units representing 325,000 GM production workers to take a strike vote.

GM and the union will resume contract talks Monday.

STATE OF MICHIGAN—In the Probate Court for the County of Oakland, Juvenile Division.

In the matter of the petition concerning James Morris, minor. Cause No. 13219.

To James Oscar Morris, father of said child.

Petition having been filed in this Court alleging that the present whereabouts of the father of said minor child is unknown and said child has violated a law of the State and that said child should be placed under the jurisdiction of this Court.

In the name of the people of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the Court House in the City of Pontiac in said County, on the 24th day of May A.D. 1955, at nine o'clock in the forenoon, and you are hereby commanded to appear personally at said hearing. It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy one week previous to said hearing in the Pontiac Press a newspaper printed and circulated in said County.

Witness, the Honorable Arthur E. Moore, Judge of said Court, in the City of Pontiac in said County, this 9th day of May A.D. 1955.

Seal ARTHUR E. MOORE.

A true copy Judge of Probate.

GEORGIENA R. MUNTHA,

Probate Register, Juvenile Division.

May 12, 1955.

State Public Utilities to Pay More Taxes

LANSING (AP) — Michigan public utilities assessed by the State Board of Assessors will pay 10.6 per cent more taxes this year.

The board reported today it had assessed these companies at a record $563,887,700 and set the average tax rate at $29.69.

The combination of the two, which determines how much the utilities shall pay into the primary school fund in lieu of property taxes, will take $16,742,572 from the companies.

The assessment is up 5 per cent and the tax rate of $29.69 compares with $28.20 last year.

Death Notices
