

LBJ Urges Repeal of 'Right-to-Work' Section

U. S. Resumes Air Attacks on N. Viet Nam

Carrier-Based Planes Blast Storage Area South of Capital City

SAIGON, South Viet Nam (AP) — The United States resumed air strikes against North Viet Nam today, a U.S. military spokesman said.

The spokesman said 30 U.S. Navy planes from the 7th Fleet carrier Coral Sea attacked a

WASHINGTON (AP) — A spokesman said today the United States was "disappointed" at the failure of North Viet Nam to respond in any way to the suspension of air strikes against North Vietnamese targets. State Department press officer Robert J. McCloskey said: "We must be aware that the strikes had not been carried out for a number of days, and we have seen no reaction to that fact."

petroleum storage area at Phu Qui, 125 miles south of Hanoi.

Initial pilot reports said severe damage was inflicted on the target, which was reported burning.

The strikes were the first against the Communist North in six days. There was no explanation here for their resumption.

Twenty propeller-driven Sky-raid and jet Skyhawks, supported by 10 Crusader jets, hammered the target with 25 tons of bombs, Zuni rockets and Bullpup air-to-ground missiles in a 30-minute assault, the spokesman said.

LIGHT FIRE

The planes encountered light ground fire and all returned safely, the spokesman said. No enemy aircraft were reported.

In the meantime, the ground war picked up.

Vietnamese troops and U.S. helicopters killed 128 Viet Cong troops and captured 31 in three operations today and yesterday. But 11 government troops were killed and 58 were missing in a Viet Cong attack on a hamlet 100 miles east of Saigon.

\$147.7 Million in Senate Spending Bills OK'd

LANISING (AP) — The Senate approved \$147.7 million in state spending for 1965-66 last night. Senators debated at length a \$100,000 study of higher education by the new State Board of Education before rejecting it.

Then, in a rapid-fire series

of final votes on which not one dissent was recorded, it passed these appropriations bills:

- \$101,661,950 for mental health.
- \$20,431,547 for public health.

BRUCE J. ANNETT

City Realtor to Head UF Committee

Pontiac realtor Bruce J. Annett has been named chairman of the advance gifts committee of the 1965 Pontiac Area United Fund campaign, Calvin J. Werner, general chairman of this year's drive, announced today.

Annett, president and treasurer of Annett, Inc., 28 E. Huron, has been active in United Fund work since 1952.

He was general chairman of last year's campaign and twice served as chairman of the fund's commercial division.

The more than 50 members of the advance gifts committee will begin their activities in September, a month before the regular campaign opens.

Annett, of 2799 Sylvan Shores, Waterford Township, has been active in professional groups holding both the presidency of the Pontiac Real Estate Board and the Michigan Real Estate Association.

He is also past president of the Pontiac City Club and is active in the Pontiac Area Chamber of Commerce.

Romney Raps Budget Cuts

Says Important Items Removed by Dems

LANISING (AP) — Gov. George Romney criticized Democrats today for knocking \$554,000 out of budget bills reported from committees.

The seven items, he said, are more important than some other things left in the budget.

Romney would not pinpoint the budget items he doesn't like but indicated he may exercise his item veto on some of them.

The appropriations he said should have been left in were:

- \$125,000 for the work of a blue ribbon task force on water rights and pollution which would have earned 50-50 matching federal funds.
- \$100,000 for a State Board of Education study of higher education needs throughout the state.
- \$67,000 for night staffing of state parks to provide protection, especially in metropolitan areas.
- \$100,000 for continuation of the two-year-old expenditure management task force, which Romney said has saved the state \$5 million by improving efficiency.
- \$100,000 to study executive office reorganization.
- \$42,000 to provide bicillin, a drug for treatment of rheumatic heart victims, to persons who cannot afford its purchase.
- \$25,000 for a state cultural commission. This appropriation was cut to \$5,000.

Romney declared that the legislature was short-sighted in failing to report out bills for Mackinac Bridge refinancing and reorganization of the state's military organization.

The governor said he was glad that the House "recognized the need to retain this state's fiscal integrity" by sending out bills for increased taxes along with a proposal which would add about \$90 million to Romney's school aid recommendations.

The federal government will also assist in funding the construction.

The state would participate by providing funds for operation of the school and by organizing a 10-man college authority to oversee and operate the college.

At present, the Michigan Association of Osteopathic Physicians and Surgeons is at work raising funds to construct the college.

The federal government will also assist in funding the construction.

The state would participate by providing funds for operation of the school and by organizing a 10-man college authority to oversee and operate the college.

Rain May Visit in Area Tonight, Early Tomorrow

Showers or thundershowers may visit the Pontiac area tonight and again early tomorrow morning.

Temperatures will fall into the high 50s tonight and edge up to 65 to 72 tomorrow. Sunny and cool is the outlook for Thursday.

Forty-six was the low recording in downtown Pontiac before 8 a.m. The mercury reading at 2 p.m. was 72.

Steel Negotiations Will Be Resumed

PITTSBURGH (AP) — The United Steelworkers Union and the basic steel industry announced today their off-intermittent contract talks will resume immediately.

Announcement was made by steelworkers President David J. McDonald and chief industry negotiator R. Conrad Cooper after the first meeting of top-level bargainers in three weeks.

Asks Congress to Boost Wage Floor Coverage

Labor Message Seeks Increase in Overtime Rate to Double Time

WASHINGTON (AP) — President Johnson urged Congress today to repeal Section 14B of the Taft-Hartley Act, which is the basis for so-called right-to-work laws in 19 states.

Johnson also asked Congress to extend minimum wage coverage to an additional 4.5 million workers.

He did not recommend an increase in the present federal minimum of \$1.25 an hour, a major goal of labor leaders.

"The question is not whether the minimum wage should be increased but when and by how much," Johnson said in his labor message to Congress.

"The Congress should consider carefully the effects of higher minimum wage rates on the incomes of those employed, and also on costs and prices, and on job opportunities — particularly for the flood of teen-agers now entering our labor force."

OVERTIME MESSAGE

Johnson also recommended legislation to discourage overtime work in order to spread employment by boosting the overtime pay requirements from time and one-half to double time.

While Johnson's message did not spell out the details, a company paying legislation would require double-time pay only after 48 hours of work in a given week.

This would drop one hour a week over a three-year period to 45 hours a week for workers now covered by the law.

The double-time provision apparently would not apply to the 4.5 million additional workers which the legislation seeks to (Continued on Page 2, Col. 3)

Visiting Pontiac in yesterday's Mayors Exchange Day program was like a reunion with an old friend for Pontiac Mayor William H. Taylor Jr. and Mrs. Schimke.

Schimke lived in Pontiac for a brief time 30 years ago and had made few trips back since then.

At a dinner at Kingsley Inn in Bloomfield Hills last night, he said he was amazed at the progress Pontiac has been making.

FOR SAFETY'S SAKE — Mrs. T. W. Jackson, president of the Traffic Safety division of the Pontiac Area Chamber of Commerce, sponsors of the city's vehicle inspection program, gives James E. Powers, safety director for Pontiac Motor Division and chairman of the program, the first "Safety Check" sticker for the program which opened today and will run through Saturday.

Vehicle Safety Checks Start at Area Locations

Annual voluntary motor vehicle inspections are being held this week in Pontiac and Waterford Township.

The Pontiac inspection program, sponsored by the Pontiac Area Chamber of Commerce, began this morning at five locations.

Waterford Township Junior Chamber of Commerce members will conduct township inspections Friday and Saturday at three locations: The MS9 Plaza, Drayton Shopping Center and the Pontiac Mall.

The Pontiac safety checks are conducted by volunteers from local civic and service clubs.

Check points will be open every day through Saturday from 10 a.m. to 7 p.m.

CAR STICKERS

James E. Powers, 4255 Lanette, Waterford Township, chairman of the Pontiac car inspection this year, reports that stickers will be given those whose cars pass the test.

Threaten Drive to Crush Rebels

Dominican Junta: No to U. S. Peace Plan

SANTO DOMINGO, Dominican Republic (AP) — The Dominican junta today poised the threat of an all-out drive against the rebels after rejecting a new peace plan offered by Washington.

As the junta's ser' tanks and fresh troops with mortars and artillery against rebel holdings in northern Santo Domingo.

UNITED NATIONS, N. Y.

(AP) — Secretary-General U. Thant made a personal appeal today to the warring factions in the Dominican Republic for an immediate halt in hostilities.

Foreign Minister Horacio Viciencia warned that all resistance would be crushed unless the insurgents drop their "absurd and unacceptable pretensions."

The junta president, Brig. Gen. Antonio Imbert Barrera, rejected a U.S. proposal reportedly calling for a coalition, saying it would open the way to a Communist takeover.

The plan offered by presidential assistant McGeorge Bundy and three other officials from Washington reportedly called for a government headed by Antonio Guzman, agriculture minister under exiled President Juan Bosch.

Guzman was known to be acceptable to the rebel regime (Continued on Page 2, Col. 3)

'Mayor for Day' Lauds City's Progress

Visiting Pontiac in yesterday's Mayors Exchange Day program was like a reunion with an old friend for Pontiac Mayor William H. Taylor Jr. and Mrs. Schimke.

Schimke lived in Pontiac for a brief time 30 years ago and had made few trips back since then.

At a dinner at Kingsley Inn in Bloomfield Hills last night, he said he was amazed at the progress Pontiac has been making.

Detroit Police Officer Who Gave Liuzzo Data Gets Transfer

DETROIT (AP) — A police detective inspector disclosed Monday he gave out the police files information on slain civil rights worker Mrs. Viola Liuzzo and was promptly removed from his post.

Inspector Earl C. Miller, head of the Criminal Intelligence Bureau, said he gave the information to Police Commissioner Marvin Lane of suburban Warren, who relayed it to Alabama Sheriff James C. Clark.

Miller made his disclosure to superiors upon his return from Michigan. Besides a police inquiry, the matter has been made a subject for investigation by the State Legislature.

Miller made his disclosure to superiors upon his return from Michigan. Besides a police inquiry, the matter has been made a subject for investigation by the State Legislature.

Police Commissioner Ray G. Gardin, while defending Miller's motives, removed him as head of the bureau. He was assigned elsewhere.

Miller's motives were good, but his judgment was not, Gardin said.

Zoning Report Due on Project Has Tentative Okay of Pontiac Planners

City commissioners tonight are expected to receive a report on a rezoning proposal for a 90-acre site on Pontiac's east side for development of a mid-size housing-shopping center complex.

The commission will receive the recommendation of the City Planning Commission.

City planners considered the rezoning at their meeting earlier this month and gave it a tentative affirmative recommendation.

However, the City Planning Commission gave its recommendation with the understanding that the developer would present a plan of the proposed project.

Final approval of the multiple housing and commercial zoning rests with the City Commission.

OTHER ACTION

In other action tonight, the commission is scheduled to consider appointments to the City Planning Commission and the Pontiac General Hospital Board of Trustees.

In addition, a letter is to be presented from Oakland Community College officials requesting that the college's one-million tax levy go on city tax bills this year.

Threaten Drive to Crush Rebels

(Continued From Page One)

headed by Cal Francisco Calmano Dena. The rebels originally sought the return of Bosch and of the constitution which was junked when the military overthrew him.

"BOSCH PUPPET" — Imbert called Garman a "Bosch puppet." He said he reminded the U.S. envoys that a prime U.S. aim was to prevent the Dominican Republic from falling under Red domination.

U.S. spokesmen have begun retreating from Washington's original contention that Communists were dominating the rebel movement.

The leader of the peace-making team sent to Santo Domingo by the Organization of American States returned to Washington last night and said his group had made no progress.

"Unless and until the Dominican factions decide to trust each other, it is hard to figure how peace can be accomplished in the Dominican Republic," said Ambassador Ricardo Colombo of Argentina.

WITH MISSION

Assigning the OAS mission was Jack Lord Vaughn, an assistant secretary of state for inter-American affairs who went to Santo Domingo with a Bundy.

Gandire echoed for nearly an hour last night north of the U.S.-patrolled corridor through the capital as junta forces waged a house-to-house battle against rebels outside the 28-block rebel area inside the U.S. lines.

Boosted by about 300 fresh soldiers from the armed forces training center at San Lito air base, the junta claimed it's forces had advanced five or six blocks in the northern suburbs in 24 hours.

President Heinrich Luebbe, Chancellor Ludwig Erhard and all Erhard's Cabinet were on hand at Bonn's Wahn Airport for the royal arrival.

Asks Repeal of 'Right to Work' Section

(Continued From Page One)

bring under provisions of present law.

The additional workers to be covered by the \$1.25 minimum wage and the present time and one-half for overtime past four hours a week would be largely in retail trade, laundries and dry cleaning establishments, hotels and motels, restaurants, hospitals and some other industries.

"Unfortunately, these workers are generally in the lowest wage groups and most in need of wage and hour protection," Johnson said.

On the provision to require double overtime pay for the approximately 28 million Americans now covered by the law, Johnson said:

"A significant increase in employment can be obtained by distributing to new employees work which is presently performed through excessive overtime. This can be done without impairment of operating efficiency."

INSURANCE SYSTEM

In another recommendation, Johnson asked Congress to overhaul the federal-state unemployment insurance system and its present patchwork of varying jobs benefits.

"No major improvements have been made since its original enactment 30 years ago," Johnson said of the jobless aid program.

Senate Passes Bill on Exhaust Fumes

WASHINGTON (UPI) — The Senate without objection today passed and sent to the House a bill designed to reduce the air pollution from car exhausts.

The program would take effect starting with the 1968 model domestic and imported autos but would not affect used cars.

The bill would provide that the Health, Education and Welfare Department determine what amount of hydrocarbons and carbon monoxide could be ejected through car exhausts.

The car manufacturers then would decide how to reduce this, either through engine modifications or an exhaust device.

CHANCELLOR GREETES QUEEN — West German Chancellor Ludwig Erhard bows as he welcomes Britain's Queen Elizabeth II upon her arrival at the Bonn airport today.

Queen in Germany for 10-Day State Visit

BONN, Germany (AP) — Queen Elizabeth II and Prince Philip arrived in West Germany today for a historic 10-day state visit and a spectacular demonstration of Britain's deepening friendship with its foe in two world wars.

Elizabeth was the first British sovereign to step on German soil in 52 years, since her grandfather King George V came to the wedding of Kaiser Wilhelm II's daughter Victoria Louise in May 1913. Fifteen months later World War I broke out.

President Heinrich Luebbe, Chancellor Ludwig Erhard and all Erhard's Cabinet were on hand at Bonn's Wahn Airport for the royal arrival.

For many Germans, particularly the youngsters who know World War II only from their history books, the royal visit was an exciting spectacle, a colorful moment in the otherwise drab public life of West Germany.

ROYAL SEAL

Prince Philip, who spent much of his childhood in Germany, has long urged his wife to make the trip and thus set the royal seal on the two nations' postwar reconciliation.

Thousands of officials have worked since before Christmas to prepare for the occasion.

The queen's schedule includes visits to every major West German city and a five-hour stay in West Berlin May 27.

The queen and Philip are staying at the hill-top Petersberg Hotel near Bonn for the three days they are in the capital. The German government requisitioned the entire hotel. It will be British territory until the queen leaves Thursday for a boat trip down the Rhine.

BY TRAIN

From the boat she goes by special train to Munich. The royal couple will spend seven nights in Germany aboard this train.

"On Thursday, the third day of her visit, the queen has the first of three private interludes in her heavy program. That night

Anthropologist Praises OU

Stress on Continuing Education Louder

Noted anthropologist, Dr. Margaret Mead concluded Oakland University's current symposium series on continuing education last night.

Before an audience of over 200 alumni, students, faculty, administrators and guests, Dr. Mead complimented the university for its innovative stress on education as a lifelong process.

"We must change the idea," said Dr. Mead, "that a college or university education is a terminal state."

"Degrees no longer can be thought of as the end. People must continue to learn all through their lives."

She pointed out that a love of learning should be instilled early, saying, "The process of learning when begun at the age of two is easy."

POINT OF LEVERAGE

"It is hard to begin at six, harder at 12 and grim at 18. But the middle point can be a point of leverage, and any change, if made with sufficient vigor, will change the rest also."

Many faculties in the United States, she said, are unresponsive to the idea of continuing education.

They are content to serve as deers and machines, and it is up to Oakland to lead them to accept this challenging new role in systematic education.

Dr. Mead advocated the mixing of generations in the classroom. Each has something to give the other, and it will set a pattern for the younger student to follow.

MAKE COURSES INTERESTING

She urged the faculty to make their courses so interesting that undergraduates will learn to like learning and want more of it.

"Don't put the emphasis on the number of Ph.D.'s you have on your faculty without it."

"Rather emphasize how many people you have who are so good, they got on your faculty without it."

"Help your students become mildly addicted to learning so they won't say as a young interviewer said to me earlier this afternoon, 'But education is so painful, I don't know why anyone would want to go back and get any more of it.'"

The factory worker already has been sentenced to 10-15 years in the State Prison at Jackson in the strangulation of a Bloomfield Township divorcee last December. Pontiac police reopened the case into his first wife's death at that time.

Foster stood mute at his arraignment this morning and a plea of innocent was entered in his behalf by Judge Frederick C. Ziem.

Foster was returned to the county jail to await trial. No trial date was set.

18 Hurt in Mine Blast

TOKYO (AP) — A gas explosion ripped through a small coal mine in Fukuoka, Japan's southernmost Kyushu Island, today injuring 18 miners, six seriously, police reported.

Birmingham Area News

Problems Still Unsettled on Driver License Setup

BIRMINGHAM — The problems of time, space and money in the issuing of drivers licenses with photographs remain unresolved for the city.

The City Commission last night directed the administration to continue talks with the secretary of state in an effort to reach a mutual agreement.

Birmingham has been selected as one of 14 examining stations in Oakland County that will receive camera equipment necessary under the new drivers licensing procedure.

Police Chief Ralph W. Moxley, in a report to the commission, recommended that, because of the limitations on available space, Birmingham should continue as a licensing bureau only if Beverly Hills is permitted to continue the service.

Beverly Hills is among 10 examining stations in the county scheduled to be eliminated.

ALL REQUESTS

"If the Beverly Hills examining station is closed," said Moxley, "we will get practically all of the 2,600 requests they received last year."

Moxley said that a serious crowding condition and hardship will result if the city's plan for dropping Beverly Hills is carried out.

"We can probably absorb the anticipated increase in license demand from the other adjacent areas if Beverly Hills is permitted to continue," said Moxley.

He said that Beverly Hills officials have indicated a willingness to continue its program.

MAY BE DROPPED

Other licensing bureaus that may be dropped are in Rochester, Bloomfield Hills, Berkeley Woods, Keetoowah, Harbor, Orchard Lake, Lathrup Village, Pleasant Ridge, Milford and Oxford.

The state proposes to authorize the remaining bureaus to issue licenses to any person in the state, except those from Wayne and Macomb counties, according to Moxley.

The bureaus that are to be retained are the sheriff's department, Pontiac, Berkeley, Farmington, Ferndale, Madison Heights, Oak Park, Royal Oak, Southfield, South Lyon, Clawson, Troy and Hazel Park.

In addition to Moxley's recommendation, City Manager Robert S. Keating proposed that Birmingham accept original license applications only from city residents.

SERIOUS PROBLEM

Moxley said that the most serious problem facing Birmingham will be the immediate increase in the number of original licenses that will be requested if they are obtainable anywhere in the county.

No action was taken on Moxley's request for the commission to go on record favoring an increase in the number of original licenses that will be requested if they are obtainable anywhere in the county.

2 Groups Sponsoring Community Meeting

The Pontiac Area Urban League and the National Association for the Advancement of Colored People, under the direction of Clarence E. Barnes and Charles M. Tucker Jr., respectively, are sponsoring a community meeting tomorrow at 7:30 p.m. at Lakeside Community building, 535 Branch.

Purpose of the meeting is to inform the public of available jobs, training and retraining programs through the anti-poverty program.

A UNC spokesman said the fate of the South Korean pilot was known and it had not yet been definitely determined whether the flight U.S.-made plane was shot down as claimed by North Korea's official news agency.

According to reports, two pilots of the 25th South Korean Army Division flew to Wujun, about 50 miles east of here, to pick up a plane that had been repaired in that city. Wujun is headquarters of the First South Korean Army.

When the planes took off from Wujun, one pilot headed south but the other apparently lost his bearings and headed north toward the Demilitarized Zone (DMZ) which separates South and North Korea.

As the single-engine plane crossed into the DMZ, friendly groundfire from the south opened up to warn the pilot that he was crossing into Communist territory.

Plane Missing Over N. Korea

SEOUL, Korea (UPI) — A South Korean-manned L19 reconnaissance plane which strayed into Communist air space yesterday is missing and presumed down in North Korea, the United Nations Command (UNC) reported today.

A UNC spokesman said the fate of the South Korean pilot was known and it had not yet been definitely determined whether the flight U.S.-made plane was shot down as claimed by North Korea's official news agency.

New Safety Film Features Sights, Sound of Tragedy

Waterford Township police will use a new tool — a color movie that vividly portrays the sights and sounds of highway tragedy — in its campaign to curb auto accidents.

Patrolman Raymond Wilhelm who showed the 28-minute film to the township board last night, said that the police department plans maximum exposure of the film in the hope it will make motorists fully aware of their responsibilities.

Produced by the Ohio State Highway Patrol, the film is entitled, "Mechanized Death."

It was purchased for the police department by the Lakeside Optimist Club of Waterford.

Plans are to show the film to various township organizations, to a proposed class in traffic safety for flagrant offenders and possibly to high school students, Wilhelm said.

GEORGE A. CRAM

Death Claims Local Attorney

George A. Cram, of 15 Miami, a prominent Pontiac attorney, died yesterday after a long illness. He was 75.

Service will be 1:30 p.m. Thursday in Sparks-Griffin Chapel with burial following in Oak Hill Cemetery.

Surviving are his wife, Lela; a son, George K. of Pontiac; two daughters, Mrs. Donald R. Cooper of Gladwyne, Pa., and Mrs. John Brown of Wheaton, Ill.; and seven grandchildren.

After completing the literary course at the University of Michigan, Cram was graduated in 1913 from the university law school.

RETURNED TO CITY

After his admission to the bar, Cram spent one year in practice in Detroit, then returned to Pontiac to form a law partnership with the late Circuit Court Judge Frank L. Doty. This continued until Doty went to the bench.

Later Cram was a member of the firm of Cram, Zimmerman and Fallon.

When Pontiac abandoned the Aldermanic form of government in 1911, Cram acted as secretary of the charter commission that drafted a three-man commission plan of government used until 1921.

He was also a charter member of the charter commission which drafted the city's present commission-managerial charter.

FIRST PRESIDENT

Cram was first president of the Pontiac Lions Club, and served as governor of the 11th district of Lions Clubs comprising the Lower Peninsula.

He has also been active in the Knights of Pythias Lodge, serving as chancellor, commander of Pontiac Lodge No. 19, and past grand chancellor commander in the Grand Lodge of Michigan.

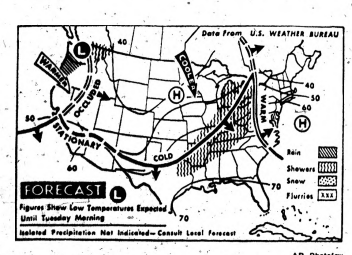

Cram was a member of First Presbyterian Church, and a life member of Pine Lake Country Club.

HAVE GAVEL, WILL TRAVEL — Justices of the Peace Robert F. Scott of West Bloomfield Township (center) and John E. McGrath of Waterford Township (right) accept a gavel from Prosecutor S. Jerome Bronson, marking the opening of a central Justice Court in downtown Pontiac yesterday. Justices

north of 14 Mile Road will use the courtroom in the old Board of Supervisors Auditorium, 1 Lafayette, on a rotating basis. Originated by Bronson to save time and money, the court will be used only for preliminary examinations and trials in state law cases.

School Bill Among 42 Set for Final House Vote

LANSING (AP)—A \$44 million state school aid bill and a \$76 million teachers retirement fund bill headed the list of 42 measures that passed preliminary debate in the House Monday.

Fear Epidemics in E. Pakistan

Cyclone-Tidal Wave Toll Stands at 5,531

CALCUTTA, India (AP)—The unprotected coast of East Pakistan, with its teeming hamlets and riverboat colonies, is one of the world's most vulnerable targets for the fury of cyclones and the tidal waves that usually accompany the winds.

By official count, 5,531 persons were killed by the cyclone and tidal wave which struck a week ago. Unofficial estimates put the dead at 12,000. An estimated 7 million are homeless and damage is estimated at \$200 million. There is still fear that epidemics of smallpox and cholera will sweep the stricken villages where the water is contaminated.

It was the third such disaster in five years to devastate the rice paddies of the Ganges Delta, on the Bay of Bengal. In May 1963, an estimated 12,000 persons died in a storm and tidal wave. About 20,000 perished in 1960-61 monsoon storms, and 21,000 died in 1962 cyclones and tidal waves.

So many die because the population explosion pushes the poverty-stricken masses into low-lying marsh areas in the huge delta.

VAST AREAS FLAT

Vast portions of the coast are flat, with only occasional hillocks and tree lines to break the force of gales.

As the seasonal cyclones roar north across the Bay of Bengal, huge waves—sometimes 12 or 15 feet high—are hurled across the low areas, smashing everything in their path.

With no place else to go, the survivors always go back when the waves recede.

Building homes is not much of a problem. A few sheets of tin and some bamboo are all that is needed.

STANDARD OF WEALTH

An estimated 50,000 head of cattle—the standard of wealth in East Pakistan—have been lost.

The cyclone, with winds of up to 100 miles per hour, smashed in off the Bay of Bengal on the night of May 11. For nine hours it roared across the delta's flatlands and rice paddies, flattening bamboo huts and capsizing uncounted boats.

The tidal wave engulfed coastal islands and wiped out entire communities.

Census statistics have never been accurate in the delta, one of the world's poorest and most densely populated areas. It is impossible to say how many people lived there before the storm hit.

Reds to Visit MSU

EAST LANSING (AP)—Top Yugoslavian agriculture officials, including Agriculture Secretary Jozse Ingolic, will visit Michigan State University this week, primarily to learn how Michigan copes with the cereal leaf beetle. The beetle also plagues Yugoslavia.

House moved 42 measures, many of them appropriations bills, into position for a final vote.

When the smoke from a Friday flurry of committee activity cleared Monday, House members found they had 267 bills on the active calendar and 17 more on the table, most of them fiscal reform bills.

Some 625 of the 1,000 bills introduced were left in committee for the next legislative session.

MEAT INSPECTION

Measures moved to the final voting stage included bills to establish state meat inspection

and milk-pricing regulations; create a Saginaw-Bay State College, provide 75 per cent state funding for community mental health programs, and establish a turkey hunting season.

The only measures to stir up heated debate, however, were a bill to waive law school entrance requirements for legislators and to allow the holding of a driver's license as security before his appearance in court—allowing him to drive on a court permit.

The law school bill was killed with the efforts of its sponsor

Rep. Dale Kilbee, D-Flint, who said he was sorry he "got snookered into sponsoring it." It was a bad bill, he said, which he never expected to win support or get past the House Judiciary Committee.

The traffic bill, which provides for the holding of a person who is apprehended driving on an expired court permit, drew sharp debate.

"This is a rotten bill; there is no other way to describe it," said Rep. Daniel Cooper, D-Oak Park. "We should not expand the sphere of the police officer allowing him to convert your li-

cence to a security for your appearance in court."

Further consideration of the measure was postponed until Wednesday.

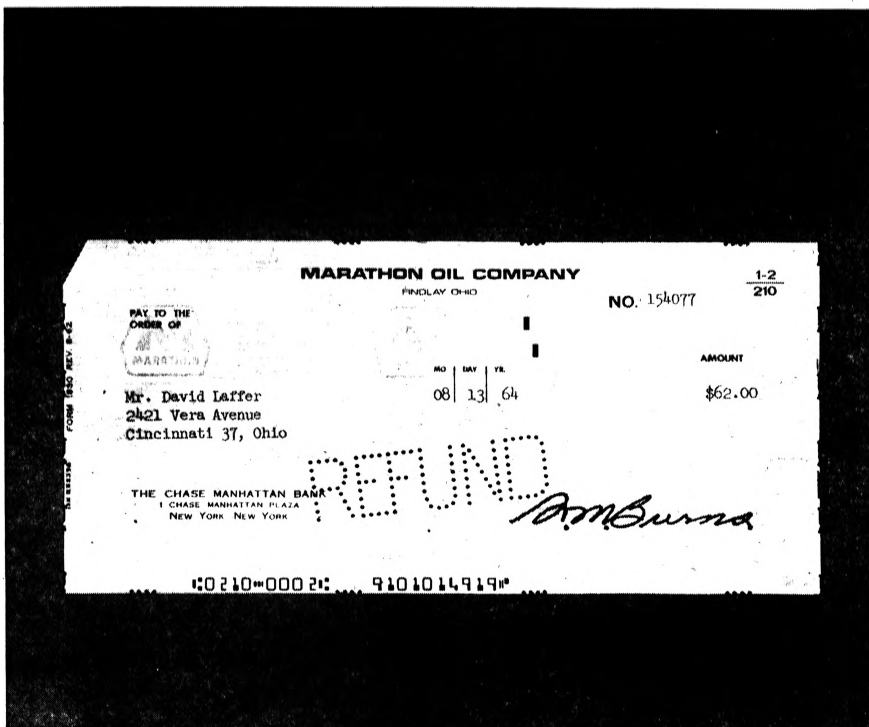

The school aid bill would increase the aid fund by \$112 million.

It includes a \$91 million increase recommended by Lynn Bartlett, retiring state superintendent of public instruction; a \$12 million state aid program for construction and building maintenance in heavily indebted districts, nursery school programs, transportation for students at the state schools for the deaf and blind.

The retirement bill, which is charged against the school aid fund although it is not a part of the aid bill, improves state payments into the fund by \$22.8 million—\$8 million more than was recommended by Gov. George Romney.

Keating Guest Speaker

DETROIT (AP)—Former U.S. Sen. Kenneth B. Keating, D-N.Y., will be the guest speaker here June 2 at the eighth annual dinner of the Friends of Yeshiva (New York) University.

We goofed.

Mr. Laffer was unhappy with some of our service. So we sent him his money back.

Was he surprised? Frankly, yes.

"I was very doubtful," he wrote, "about your guarantee being any more than the usual come-on employed by so many firms. You can't imagine my feelings when I received your check."

Oh yes we can, Mr. Laffer. A lot of people still can't believe we guarantee everything we sell and all our services. But we do. For example, we even guarantee that both Marathon gasolines actually clean your carburetor and fuel line as you drive. Maybe we're sticking our neck out. But we believe in our products. And our dealers.

Does any other oil company offer a guarantee like ours?

No. Not that we know of. But then, we've been too busy to notice.

(Thank you for reading this message from Marathon.)

Soviet Secret Agents Pose Growing Menace, Hoover Warns

WASHINGTON (AP) — J. Edgar Hoover has told Congress Soviet secret agents in the United States pose a growing menace. Unless they are exposed, the FBI chief of 41 years said in a report, they eventually will serve as the nucleus of an extensive, clandestine espionage network.

What's more, Hoover predicted, there is every likelihood that Chinese Communist intelligence activities in this country will increase in the next few years — particularly if Communism is recognized by the United Nations and is thereby able to establish a diplomatic mission in this country.

LATEST REPORT

Hoover delivered his latest report on the espionage threat in testimony before a House Appropriations subcommittee March 4. It was made public Monday night.

"In regard to the Communist espionage attack against this country, there has been no letup whatsoever," he said. "Our government is about to allow them to establish consulates in many parts of the country which, of course, will make our work more difficult."

A growing problem, he said, "is the extent to which the Soviet intelligence services are dispatching undercover spies into the United States. They are well trained, professional intelligence officers and usually bear assumed identities and are supplied with expertly fabricated documents and unlimited funds."

"Their detection among the more than 190 million people in this country is a counterintelligence problem of great magnitude."

Asked whether advantages of cultural exchange would balance a possible intelligence disadvantage of having Soviet consulates around the country, Hoover replied:

"We have found in practically every cultural exchange group or student group that has come to this country, there is always a member of the KGB, the intelligence service of the Russian government. They are called students, but some are 36, 37 or 38 years old."

Senate Chiefs Try to Unite Voting Rights Bill Backers

WASHINGTON (AP) — Senate leaders tried today to unite backers of the voting rights bill. Success, they felt, could lead to an end of debate and passage of the measure late next week.

The apparent key: a vote today on an amendment to head the wounds suffered by some of the bill's backers when their attempt to ban the poll tax in state and local elections was beaten by a 49-45 vote last week.

The administration opposed including a flat ban in the bill, claiming it would be of doubtful constitutionality. This split the bill's backers.

Today's amendment would insert in the measure a congressional declaration that the right to vote in certain states is denied or abridged by making poll taxes a prerequisite to voting.

STRENGTHEN HAND

Losers in last week's battle have urged such a statement. They say it would strengthen the attorney general's hand under another section which directs him to test the poll taxes in court.

The amendment was introduced by Democratic leader Mike Mansfield and Republican leader Everett M. Dirksen.

Mansfield later told newsmen he probably would file a petition to shut off debate later this week.

He would need signatures from two-thirds of the senators to do so. He hoped the poll tax amendment would make this task easier.

Alabama, Mississippi, Texas and Virginia require voters in state and local elections to pay poll taxes. A constitutional amendment has banned the poll tax as a requirement for voting in federal elections.

The Mansfield-Dirksen amendment reportedly has administration backing and, if accepted by the bipartisan antipoll tax forces, could clear away a major stumbling block to passage of the bill.

Sen. Edward M. Kennedy, D-Mass., who proposed the poll tax ban, reserved judgment, but Sen. Philip A. Hart, D-Mich., floor manager for the bill, said he would vote for the leaders' amendments.

"I think it makes a strong bill stronger," he said.

At Monday's session, the Senate rejected 68 to 19 an amendment by Sen. Herman Talmadge, D-Ga., to strike from the bill a requirement that covered states obtain the approval of the attorney general or the federal district court in Washington before putting new election laws into effect.

Talmadge denounced the provision as "blatantly unconstitutional," but Sen. Joseph D. Tydings, D-Md., said it was vital to prevent some states from devising new barriers against the right to vote.

Michigan Week Beams Global Image for State

Keyed to the theme: "Michigan — Dynamic in World Progress," the State this week observes its twelfth annual Michigan Week.

The only state in the Union that signals its attributes in such manner, the period is highlighted by seven significant Days, each reflecting a phase of the program's total concept. These are Spiritual Foundations, Our Government, Hospitality, Our Livelihood, Education, Our Heritage and Our Youth.

General Chairman of the 1965 Week is Woodward C. Smith, vice president of Central Michigan University, with Gov. George Romney heading the celebration as honorary chairman. On the local level, Dale Winnie, Birmingham attorney, is Oakland County chairman.

Identifying with the State schedule of activities, Pontiac gives meaning to Our Government Day (Mayors Exchange Day) when local Mayor WILLIAM H. TAYLOR JR. and Pentwater Village President EDWARD A. SCHMICK trade offices.

In fitting recognition of Our Heritage Day, the Pontiac Federation of Women's Clubs feature cultural and religious displays of some 15 local ethnic groups at its eighth annual "Golden Gavel" dinner.

Neighboring Birmingham stresses the historical aspect of the Week by spotlighting the one-hundredth anniversary of the end of the Civil War. Headline events are the banquet appearance of Michigan's first lady, Mrs. GEORGE ROMNEY, and a climax parade featuring noted band and marching aggregations.

The Press salutes this annual representation of Michigan's praiseworthy spiritual and material values, with commendation for the army of 10,000 men and women who so conscientiously devoted itself to making Michigan Week the outstanding production it has become.

'Medicare' Magnitude Poses Functional Tax

Given the vastness of the Country, numerically and economically, any government undertaking on a national scale necessarily assumes comparable proportions.

The implementation of Medicare, which passed the House April 8 and seems certain of approval in the Senate, would be no exception.

Even though much of the detail would be computerized, considerable midnight oil is already being burned in Social Security centers in Washington, Baltimore and across the land in preliminary action.

The present timetable is for Medicare to become effective Jan. 1, 1966, with benefits to start six months later. Since withholding taxes to support the plan become effective on the date of inception, the six-month lag will have effect of creating a working surplus for operation of the Medicare fund.

But it will take the equivalent of 6,000 new Federal employees from its effective date to tool up the giant mechanism that will start spewing out payment of hospital and medical claims after July 1, 1966.

This preliminary work will be done mostly by present government employees on an overtime basis, but after Medicare is in full operation it is estimated that 5,000 to 6,000 additional workers will be required to operate it.

Estimated costs of Medicare ad-

ministration are broken down into two parts. The expense related to hospital benefits, which are financed by a payroll tax, is pegged in the neighborhood of \$65 million a year—or about 3 per cent of benefits.

But the voluntary, supplemental plan that covers doctor bills, for which beneficiaries pay a small monthly premium, will carry a much heavier annual cost tag—from \$102 to \$102 million. This approximates about 10 per cent of benefits.

All this, of course, is predicated on Medicare's becoming reality. But we think that finding a southsayer who'd sooth to the contrary would make finding the proverbial needle in a haystack a breeze.

Russian astronomers say somebody in deep outer space is trying to communicate with earth people. If so, perhaps a lone survivor of an atomic war on some distant planet is trying to tell us something.

BELIEVE IT OR DON'T, last evening we saw a television commercial in which the product advertised was not referred to as, "New," "Improved," or "New and Improved."

Hectic Summer Seems Assured

By NEIL GILBRIDE

WASHINGTON (P)—President Johnson's hands-off policy toward big labor disputes faces a severe test this summer in two critical industries—steel and aerospace.

A strike in either industry would be a severe blow to Johnson's domestic, defense and space programs, and early trouble signs indicate tough sledding in both sets of negotiations.

The double-barreled crisis—if it crystallizes—will come at the height of the summer heat in August and could melt the White House resolve to let labor and management work out their own problems.

The steel industry is already balking at a pointed White House hint that it can afford to raise wages 3 per cent without a price hike.

In aerospace, militant union spokesmen predict a crisis if their demands for a union shop—plus a big wage hike—aren't met.

COVERS 400,000
The steel takes cover more than 400,000 members of the United Steelworkers Union, AFL-CIO.

Talks in the aerospace industry involve some 150,000 members of the AFL-CIO United Auto Workers and the AFL-CIO International Association of Machinists.

The earliest new steel strike deadline is Sept. 1, with Aug. 1 the date for serving notice to the 10 major firms involved.

Aerospace contracts with Douglas, Lockheed, Boeing and North American expire at various dates from July to September but Auto Workers' Vice President Leonard Woodcock views August as the critical month.

Steel and aerospace union leaders complain recent contracts have not kept pace with White House guidelines, which judge noninflationary wage hikes on the basis of man-hour productivity increases. For industry as a whole, the figure suggested by the President's Council of Economic Advisors is 3.2 per cent.

In a special report on steel, the council suggested 3 per cent as the guideline.

This nettled steel industry officials, who contend it gave union negotiators extra ammunition to carry back to the bargaining table. But the Steelworkers Union says the guidelines figure is too low—it wants 17 or 18 cents an hour. Wages and fringe benefits average \$4.40 an hour.

The auto workers say aerospace production and maintenance workers at \$2.95 an hour lag behind average wages of \$3.07 in the auto industry. The machinists have already laid down a demand for 57 cents an hour spread over three years.

In both steel and aerospace, any strike would shut down the entire industry—not just a few firms.

Verbal Orchids to—

Nathan P. Warner

of Drayton Plains; 80th birthday.

It's Not All Kid Stuff

David Lawrence Says:

Excise Tax Cut Plan Big Gamble

WASHINGTON (P)—Evidently the "big cut" in income-tax rates for individuals and corporations enacted in last year did not bring in enough revenue to wipe out the annual deficit of the federal government.

So President Johnson now has decided on another cut this time in excise taxes—which he hopes will stimulate a further expansion of business and result in increased income for businesses.

The record this far shows that for fiscal year 1965, ending on June 30, individual income taxes will bring in a total of slightly less than was collected in fiscal year 1964.

Corporation taxes have been estimated at \$1.8 billion more, and the federal deficit was figured last January as likely to be \$6.3 billion.

The President in his message to Congress this week indicated, however, that receipts now are at a rate of \$92.6 billion instead of the \$91.2 billion in the January estimate. But even this improvement still means a deficit of approximately \$4 billion.

CUT IN TAXES
Now the President is proposing a cut in excise taxes which will reduce Treasury receipts by approximately \$4 billion.

Will expansion of business bring in an increase in receipts of around \$8 billion to offset the deficit?

It's a big gamble. If it doesn't succeed, the administration will find itself compelled to restore some of the income-tax rates for both individuals and corporations that have been reduced.

Already it is planned to raise Social Security taxes to meet medical costs for the elderly.

LARGER DEFICITS
The alternative, of course, to a raising of income-tax rates generally is to continue larger and larger deficits.

This involves a trend toward inflation, which means higher and higher prices due to the decrease in the purchasing power of the dollar.

Reliance on the removal of certain excise taxes and the enactment of increases in others is, however, the new policy of the administration which Congress is being asked to approve.

Everybody dislikes excise taxes, and hence there is apparently a wave of approval for President Johnson's proposal that such levies be removed in the next few years.

Politically, of course, the re-

moval of excise taxes is popular. And indeed there is pressure from businesses of various kinds to have all such levies repealed. The theory is that sales will immediately increase.

But the real issue is how long the benefits will continue and what will happen when it is apparent that government receipts are inadequate and more taxes are needed.

Tax cuts in themselves are not a panacea. While business appears to be improved for a while, there are other develop-

ments which tend to produce a disequilibrium.

The irresponsible way in which first wages and then prices rise in the national economy is perhaps more than any other factor the influence that affects the ups and downs of sales.

It is to be noted that the pressure for repeal of the excise taxes has come at the very time when business is thriving and national income is at a record high.

By BRUCE BLOSSAT
WASHINGTON (P)—President Johnson is being portrayed in some influential quarters as having handled the Dominican crisis with a kind of trigger-happy impulsiveness.

The charge is grave and deserves to be weighed with great care. When so weighty a charge does not stand up.

Already the President's vehement foreign policy critics here and abroad have accepted the charge as valid and are enlarging upon it. Should this be widely taken as fact, the result could be to build huge fears of Johnson's stewardship in this tremulous nuclear age.

The President's style is partly to blame. He works so hard and talks so much on television and elsewhere in public that he appears to be running a one-man show. But this is far from true. A careful examination of the facts offers proof.

One much-quoted judgment suggests that Johnson rashly thrust the Marines onto Dominican soil almost without seeking advice.

The fact is that from the time the revolt erupted, several days before he sent in the Marines, on April 28, the President was in steady consultation—in the

Voice of the People:

Demonstrations Do Much to Undermine Freedom

I am disturbed over the deep-thinking collegians who do not have the strength of character to live in acceptance of the world today. The sit-ins, teach-ins and other demonstrations protesting the war in Viet Nam are doing as much to undermine freedom as the Viet Cong.

We can no longer be unconcerned that men are denied human rights in Selma or Saigon. The Communists have one clear objective—to control the world. We must intervene. We must take the offensive.

If we can fight them off in Asia, we may not have to fight them in America. If young Americans will start being citizens more and existentialists less, we will be able to guarantee them the freedom to think.

RICHARD F. SIES
WATERFORD TOWNSHIP

Gives Suggestions for City Dump Site

City officials should be complimented for cleaning up and clearing off that unsightly mess that was the former city dump on Orchard Lake Avenue.

It should be permanently closed to dumping of all kinds or a buffer zone created and no dumping allowed within 300 feet of the road. To complete the job, they should cut down the dead trees on the property and then we will have one less permanent eyesore in our town.

SEMINOLE HILLS RESIDENT

'Let's Clean Up Keego Harbor Council'

Let's band together and clean up the city council of Keego Harbor so there will be laws passed to get the kids off the streets by ten o'clock at night. We don't need someone sitting around planning ways to spend our money or how to get more out of us.

WILLIAM H. MASON
KEEGO HARBOR

'Vacuuming Disturbs Quiet of Library'

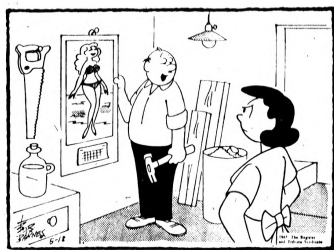

The new Waterford Township Public Library is very attractive and seems well on its way to being a success.

Some portions of the library have light-colored carpeting on the floor which requires frequent vacuuming. The sound of the vacuum cleaner can be very disturbing when people are trying to read or study.

I suggest that either the carpet be changed while the library is not in use or get rid of the carpet.

PERDUE DEL. MONTER
STUDENT, J. D. PIERCE JR. HIGH
WATERFORD TOWNSHIP

The Better Half

"Boy, they sure didn't make 'em like THIS when I was younger!"

Facts Led LBJ Action in Crisis

White House—with Secretary of State Dean Rusk, Undersecretary George Ball, Secretary of Defense Robert McNamara, McGeorge Bundy.

At the other end of a telephone line, in constant contact, was Thomas Mann, undersecretary of state for economic affairs and Johnson's favorite on Latin-American matters.

On Sunday, April 25, the "Dominican task force" was set up in the State Department and began nearly round the clock operations—which of course are still going on. Some working members were back in the operations center next morning after a little sleep.

As a "normal precaution," U. S. fleet units carrying Marines moved out of base early in the revolt period and took up station near the Dominican shore but they were under orders to stay out of sight over the horizon. This allowed their ready response when the situation on the island deteriorated rapidly on April 28.

From the beginning, U. S. alarm represented in fact far more than "normal" concern over threatened American lives.

The revolt itself was not unexpected in this country. More than that, strong indications were at hand that any rebellion, if not quickly crushed, might see an attempt by skilled Communist subversives, newly trained in Havana and Prague, to grab the reins.

Aside from the State Department's "Dominican unit," Mann has had a special task force in operation since late-last year—its purpose to keep tight watch on Red subversive activities in the menaced Caribbean area.

The force was created after Latin-American Reds, convening in Havana last November in a stormy, historic meeting, were given a green light by their Soviet sponsors—who won the day over the Chinese—to step up subversion and terrorism all around the Caribbean basin. The Dominican Republic was on the list of targets, of course.

Venezuela's spectacular arrest a month ago of three Red money couriers, an Italian, a Spanish woman and an Argentine woman of Yugoslav extraction, exposed the scale of Red plans. Hidden in the man's vest and the women's girdles was \$330,000 in hard U. S. cash to finance terrorism in Venezuela and perhaps elsewhere.

Mann's watchdog task force obviously is but one element contributing to an unquestionably heavy flow of information and advice to the President on the Dominican affair from the outset.

However else his actions are to be judged, and more needs to be said on this score, it seems hard from this record to sustain the charge that, acting on impulse with insufficient or inadequate counsel, he made panicky use of American power.

Man in Detroit Gunfight Freed

Unable to Determine
Extent of Involvement

DETROIT (AP) — Husan Mozhan, who escaped without a scratch from a downtown Detroit gun battle in which he killed two men, was free today but under order to appear as a police witness if wanted.

Mozhan, 23, of Detroit was released Monday when police said they could not determine the extent of his involvement.

Mozhan was at a bar in which an argument broke out between Lewis Jones, 25, and William Berry, 24, shortly after midnight Monday. Police said Berry and Jones went to the bar's rest room and Jones was fatally shot. Both had recently been released from Southern Michigan Prison.

Witnesses said Jimmy Chavis, 23, and Mozhan helped Berry carry Jones' body out of the bar and put it into a car. A police cruiser spotted the car a few blocks away and pulled it to the curb. Police Lt. Sebastian Edred said Berry began to fire at the four officers in the car. The police shot back, killing Jones and wounding Berry who died a few hours later.

Mozhan, crouched on the floor of the car, escaped injury.

One of every three American workers is a woman, and nearly three of every five women workers are married.

'BACK TO WORK IN YEAR' Actress Patricia Neal, who suffered three massive strokes just three months ago yesterday, tells a press conference in Los Angeles she expects to return to work in a year, after the birth of her baby. She left with her family for London to continue her recuperation.

Strict Security Imposed as Hubert Visits Dallas

DALLAS, Tex. (AP) — The public was afforded only a fleeting glimpse of Vice President Hubert H. Humphrey as police imposed strict security for his Dallas visit Monday.

Humphrey came to speak at a luncheon meeting of financial supporters of the Democratic party. He briefed contributors on a wide range of subjects, including Viet Nam and the Dominican Republic.

Police met Humphrey's commercial airline flight and quickly transferred him to a limousine.

The vice president was driven to a downtown hotel for the luncheon, from which the public and press were barred. Police were stationed on nearby rooftops and in office building windows. Some officers in the motorcade carried shotguns.

ACROSS CONCOURSE

The vice president's plane landed across the concourse from where Air Force 1 landed Nov. 22, 1963. Humphrey's motorcade bypassed the triple underpass and the Texas School Book Depository building where

an assassin's bullets killed President John F. Kennedy.

Several hundred people had gathered for a look at the vice president. Humphrey waved and smiled at the crowd.

In Fort Worth, 30 miles away, police put Marguerite Oswald, mother of presidential assassin Lee Harvey Oswald, under surveillance until Humphrey left Dallas.

Humphrey said at a news conference that the United States would have to be the "world's policeman" until such agencies as the United Nations and the Organization of American States could do the job.

He also said recent events in Viet Nam gave cause for optimism for the United States, and that U.S. forces would stay in the Dominican Republic until the OAS could insure peace there.

Teen on Bike Killed

SAGINAW (AP) — Charles Green, 14, of Saginaw was killed Monday when the bicycle on which he was riding was struck by an auto here.

People in the News

By The Associated Press

President Johnson will be the commencement speaker June 1 when his daughter Luci, 17, is graduated from National Cathedral School for Girls.

With a smile, he confirmed the reports at a White House state dinner last night.

Asked what he planned to speak about, the President said: "Give to the world the best you have, and the best will come back to you."

That happens to be the motto of his own high school graduating class at Johnson City, Tex.

The President also spoke at the commencement of his older daughter, Lynda, now 21, when she completed her high school course at National Cathedral School several years ago.

Luci plans to go on to Georgetown University School of Nursing in the fall.

Gen. Clark to Be Honored at Dinner

Gen. Mark Clark, 69, who retires as president of the Citadel, Charleston, S.C., June 30, will be honored at a dinner tonight.

Gen. Lucius D. Clay, Albert C. Wademyer and Lauris Norstad will help pay tribute to Clark, who led Allied Armies in Italy in World War II and United Nations troops in the Korean War.

U. S. Envoy Walks Out of Moscow Party

U.S. Ambassador to Russia Foy D. Kohler, who has recently boycotted a number of official functions because of attacks on U.S. policies in Viet Nam, walked out of one for the first time last night.

Kohler walked out of a Bulgarian reception in Moscow when visiting Bulgarian President Georgi Traikov accused the United States of criminal actions in Viet Nam.

"He walked out because he didn't like what was being said," an American official said later.

Actor's Son Faces Brain Surgery

Actor-singer Harold Lloyd Jr., 34, is reported resting quietly in St. John's Hospital in Santa Monica, Calif., while awaiting results of tests of a brain hemorrhage.

Lloyd's father, former film star Harold Lloyd, said his son took ill last Thursday morning while preparing a promotion campaign for his new record album.

Doctors said Lloyd was in satisfactory condition. They said he faces possible surgery and will be hospitalized for a long period.

Avoid Bias, NY Jury Told

NEW YORK (AP) — A federal judge has ordered that an atmosphere "free from prejudice or passion or bias or excitement" be maintained at the trial of three Negroes charged with plotting to blow up national shrines.

Judge William H. Herlands, in scheduling opening statements for today, called on the jurors to help demonstrate a "model of American justice in operation."

A jury of 11 men and one woman was chosen Monday.

Authorities have charged that the Statue of Liberty, the Washington Monument and the Liberty Bell in Philadelphia were marked for dynamiting in a protest of the treatment of Negroes.

The defendants are Robert Steve Collins, 28, named as leader of the alleged plot, Walter A. Rowe, 32, and Khaleel Sultan Sayeed, 22. All are New York City residents.

Conviction could bring a maximum sentence of 10 years in prison and a \$10,000 fine.

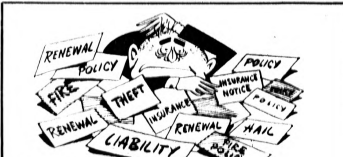

Asst. U.S. Atty Stephen E. Kaufman has declined to say whether a French Canadian white woman, who has pleaded guilty to one charge in connection with the plot, would be called as a prosecution witness.

The woman, Michelle Duches, 26, a former Montreal television personality, last Thursday made a surprise plea of guilty to illegally transporting dynamite into the United States. Sentencing was deferred.

We Take A Back Seat To No One!

Michigan is a great industrial state. True. But don't forget about us. Who are we? We're farmers. Michigan farmers. And we're part of the largest industry in the United States. Agriculture. Fact is, American farmers buy more, sell more, create more jobs than any other industry. Why, in "industrial" Michigan alone, annual cash receipts from farm marketing amount to over \$750 million. **Dairying—Michigan's largest single farm activity—accounts for 27% of that total. Over \$200 million.**

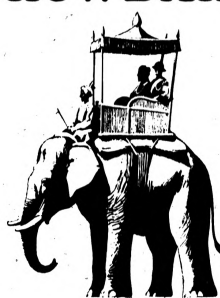

So you see, in Michigan, no one has to take a back seat. Industry and agriculture ride side by side. And we're going places!

MICHIGAN MILK PRODUCERS ASSOCIATION

Owned and Operated by 11,000 Michigan Dairy Farmers

HOWDAH

This is a seat for two or more, usually with a canopy, carried on an elephant's back. Going by howdah is one way of getting there. Though there are better ways—like by Grand Trunk Western, your friendly, courteous railroad.

GTW passenger services are quick, convenient, inexpensive. GTW gives you daily connections at Chicago with mainline passenger trains to western and southern destinations—downtown to downtown service between Detroit, Lansing, Battle Creek and Chicago—frequent bargain-priced GTW excursions from Chicago and intermediate points to Niagara Falls—conveniently scheduled day and overnight services between Chicago and Toronto and a choice of daily commuter trains between Pontiac and Detroit.

With dependable GTW, you have no weather worries, no traffic hold-ups. You have time to think, time to sit back, space to move around. You arrive refreshed, relaxed. Next time, go GTW—your friendly, courteous railroad.

For complete information, call your nearest Grand Trunk Western Representative. In Pontiac he's Mr. W. W. Simpson, Agent, telephone FE 5-8131.

Funds Okayed to Study Avon Sewer Project

AVON TOWNSHIP — Township officials were notified yesterday that the federal Community Facilities Administration has approved their request for a \$66,600 loan.

The money will be used to finance engineering studies for a

ators Patrick V. McNamara and Philip A. Hart.

The initial request for the loan was first submitted to Washington officials in October 1964 by Supervisor Cyril E. Miller, who was elated to learn that the request had been approved.

Announcement of approval of the loan was made by Sen-

Unit Awards Contract on Park Project

The board of commissioners of the Huron-Clinton Metropolitan Authority has awarded a contract for \$36,923 for the construction of three new parking lots and adjoining entrance roads at Stony Creek Metropolitan Park, north of Utica.

The contract was awarded to the L. Loy Construction Co. of Taylor.

Two of the parking lots which will be near additional picnic areas and a shore fishing site, both of which are presently under development, are expected to be available for use sometime this summer.

The five-county regional park agency serves the counties of Livingston, Macomb, Oakland, Washtenaw and Wayne.

Commerce Twp. GOP Club to Meet Tonight

Farm Experts in State Request 5,000 Migrants for Cucumbers

DETROIT (AP) — A panel of said entry permits would be issued only after local labor sources have been exhausted.

Michigan farm experts Monday presented a request to U.S. Secretary of Labor Willard Wirtz asking him to be ready to ship 5,000 Mexican farm hands to Michigan to help harvest the cucumber crop.

The panel said the figure was tentative, dependent on the availability of local labor and the number of acres planted.

Growers already have signed up 8,500 American migrant workers and Wirtz said additional help may come through recruitment of high school students.

Troy OKs Increase in Budget

TROY — A 1965-66 budget which increases taxes by \$1.30 per \$1,000 of assessed valuation was approved by the City Commission last night.

The \$1,766,780 budget is based on a tax rate of 8.40 mills of assessed valuation. It represents a \$306,000 increase over the current budget.

City Manager Paul York said the increase is a result of several things including five additional patrolmen, a fire marshal, a fire truck, a building and a plumbing inspector, a full-time city planner, a full-time parks and recreation director, purchase of four park sites, improvements at the civic center and diverting the existing city hall for use as a library.

The budget includes the following amounts for the various accounts: legislative, \$12,350; city manager, \$36,812; finance, \$47,320; assessor, \$42,610; city clerk, \$31,560; judicial, \$21,660; legal, \$17,520; police, \$259,970.

Others are fire, \$47,060; civil defense, \$164,000; building department, \$60,733; engineering, \$94,490; planning, \$12,150; public works, \$209,790; parks and recreation, \$20,740; library, \$23,400; and miscellaneous, \$17,620.

Mrs. Hackett Seeks Avondale School Post

Mrs. Marion A. Hackett, 1380 Ruby, Rochester, is a candidate for a four-year term on the Avondale School Board in the June 14 election.

Her name was accidentally omitted from the list of school board candidates yesterday.

Preliminary Allocation

Millage Rates Are Set

Oakland County government and Oakland Schools both received slight increases as the County Allocation Board yesterday set preliminary millage rates.

Oakland County's present 5.26 mill share of the total 15-mill tax apportioned to county and township governments and school systems was lifted to 5.30 in the preliminary allocation.

Oakland Schools' share was raised from the present .11 to .14.

The 15-mill limitation includes the total of the county government and county school system levy throughout the county plus township and local school system levies within their specific boundaries.

The preliminary rates were set following a series of hearings on budgets submitted by the governmental units.

A new series of hearings is slated to begin May 25 with final millage rates scheduled to be set May 27.

Variable millage was allocated to four school systems, including Pontiac, which received 1.40 mills to be levied in the city of Pontiac only. The Pontiac schools' base allocation was set at 8.30 mills.

Waterford Township Schools received the same base allocation plus a variable of .40 mills to be levied in Waterford Township only.

Lake Orion Schools received a variable of .18 mills and Southfield .53 mills.

The preliminary base allocation to other school systems was as follows: Avondale, 8.30 mills; Berkeley, 8.70; Birmingham,

8.30; Bloomfield Hills, 8.30; Brandon, 9.70; Clarkston, 8.38; Clawson, 9.70.

Others were Dublin, 8.70; Farmington, 8.30; Ferndale, 8.70; Hazel Park, 9.70; Holly and Huron Valley, 8.70; Lake Orion, 8.38; Lamphere, Lyon and Madison, 9.70; North Oxford, 8.17; Novi, 8.40; and Oak Park, 8.70.

Still others were Oxford and Rochester, 8.59; Royal Oak, 9.70; Southfield, 9.17; Troy, 9.70; and Walled Lake and West Bloomfield, 8.30.

Townships allocated one mill in the preliminary schedule were Groveland, Holly, High-

land, Rose, Royal Oak, Waterford and White Lake.

Lyon and Springfield townships requested no millage and received none. Southfield Township was allocated .53 mills. All other townships received over one mill.

Additional millage allocated 1.29 mills, Avon and Independence, 1.32; Brandon, 1.26; Commerce and Milford 1.38; Farmington, Bloomfield and West Bloomfield, 1.40.

Others were Novi, 1.01; Oakland and Oxford, 1.11; Orion, 1.14; and Pontiac, 1.35.

Welch Mining Town Mourns Lost Men

TONYPANDY, Wales (AP) — "The Blinds were drawn today in the terraced back-to-back houses marching up the grim Rhonda Valley hillside as the families of Tonypandy mourned the death of 31 coal miners in a flash explosion 800 feet below ground."

An electric spark in a pocket of gas was blamed tentatively for the blast Monday at the government-owned Cambrian Colliery. Power Minister Fred Lee ordered a public inquiry.

About 200 men were below ground when the gas exploded. Those who perished were working in a narrow shaft, only 2 feet 8 inches high in places, 2½ miles inside the mountain.

The dead included nine men, aged Ernest Breeze and his assistant, Leslie Williams. They had gone down on a routine inspection.

MINES CLOSE

There was no work at the mines today. Miners stood in groups in the misty rain as investigators went underground.

Police gathered fingerprints from the dead miners' homes in an effort to identify burned bodies.

One miner said the explosion "pulled all the air" from the pit. "They didn't suffer," they died immediately from suffocation and the great heat."

A thunderous rumble from deep below the ground was the first hint of disaster to those working on the surface.

ALARM SOUNDS

"It's a blowout," someone shouted. The mine alarm siren whined. Women ran from their houses in their aprons and hair curlers.

Some of the men tried to get to the coal face.

"But you couldn't put your

nose in there," one said. "The air was so thick you couldn't breathe."

Rescue crews went down with gas masks.

Widow of Aide Dies

Rating Change OK'd for 'Blue'

LANSING (AP) — Michigan Blue Shield will be allowed to add a modified experience rating system to its community rating system July 1, Insurance Commissioner Allen Mayerson announced Monday.

The rating change is a companion to one approved in March for Michigan Hospital Service (Blue Cross).

Both are designed to cut down the loss of subscribers by permitting the nonprofit plans to offer lower rates to low risk groups and hike premiums for the high risk groups.

The change will have no effect on total Blue Shield income or the overall rate level, since "it does not appear any change in the general level of income will be necessary in 1965 and possibly not in 1966," Mayerson said. There will be no change in the premiums of senior contracts, under which special ben-

efits are offered to persons over 65. No change will be made in the rates of groups with fewer than 150 members, nongroup subscribers and those who have left their groups because of lay-off, retirement or illness, he added.

The changes are aimed at stopping the drain of low-cost groups to private insurance firms, which are able to offer lower rates.

At the outset, the new rates will use the present community rates as a base limiting increases to a maximum of 20 per cent a year and to 120 per cent of the base rate then in effect.

Automatic increases will be prohibited and large groups will be encouraged to carry retirees at standard group rates.

The new rates will take effect July 1, Mayerson said, in a gradual process under which one-quarter of the affected groups would experience rate changes every three months, until the last change is made June 30, 1966.

Under the community rating plan in use since the plans' beginning in 1939, all subscribers entitled to the same contract benefits are charged the same monthly rate, regardless of the frequency with which the group members used their insurance.

In the past four years 35 groups who had been using only 85 per cent of their premiums in hospital benefits left the plan," Mayerson said.

These groups accounted for over 37,000 subscribers," he added. "Well-documented information indicates another 50 groups with 66,000 contracts may be lost in the near future unless they are given some return in lower premiums for their low medical care utilization."

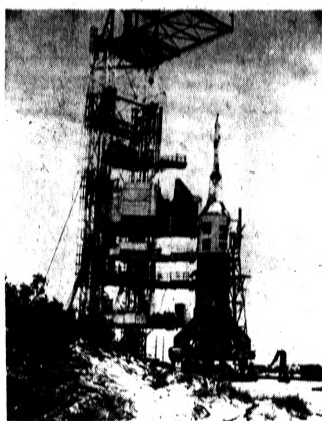

In 1963, he said, 242 groups with 100 or more subscribers used less than 80 per cent of their premiums in medical benefits, while 99 groups had medical bills amounting to more than 120 per cent of their premiums.

Explosion and Fire Destroy State Firm

ROTHBURY (AP) — Fire blamed on an unexplained alcohol explosion Monday destroyed the Kysor Corp. plant, largest employer in this Oceana County community.

A loss estimate was not immediately available.

Employee Henry Schmidt, about 40, reportedly suffered the only injury in a work force of approximately 49 persons, most of them women. He was reported in critical condition.

AP Photo/Star

READY FOR TEST — A test model of the Apollo space capsule sits ready for launching on a little Joe II rocket at White Sands, N.M. The rocket and capsule will be fired to test the escape mechanism, designed to propel the spacecraft and its crew to safety in the event of failure on the pad or in flight.

Installed as officers of the Pontiac Federation of Women's Clubs Monday evening at the annual Golden Gavel dinner were these three. Descending the stairs at Kingsley Inn are (from left) Miss

Lillian Davidson, Camley Street; Mrs. Adrian Ish, Woodbine Street and Mrs. Robert Bego, Hickory Grove Road. Miss Davidson and Mrs. Bego are vice presidents; Mrs. Ish is treasurer.

Pontiac Press Photo by Edward H. Noble

Federation Has Annual Dinner

Tina Diogenis, North Midland Street, dressed in her native Greek costume, is a decorative part of the Greek booth. There were 14 ethnic displays at the dinner, depicting the heritage of Pontiac residents.

Angela Glavan, Sheryl Drive (left), who came from Rumania just a year ago admires one of the articles in the German display. Mrs. Annette Spradell, Spokane Drive was on hand to tell her and all others about the art objects. A number of the guests at the dinner came in costume.

At Golden Gavel Dinner

Women's Section

Mrs. Capsalis Installed as Town Hall Head

Mrs. Aleck Capsalis was installed as president of Pontiac-Oakland Town Hall, Inc. at the annual meeting on Monday.

Mrs. J. R. Slavsky, Orchard Lake, was hostess for the afternoon affair with Mrs. William H. Taylor Jr. and Mrs. Joseph L. Bennett assisting.

Other officers are Mrs. S. V. Sekles and Mrs. Lyman Hedden, vice presidents; Mrs. Keith Leak, secretary; Mrs. William Brace, treasurer; Mrs. Robert E. Nienstedt, corresponding secretary and Mrs. Harold Kendrick assistant treasurer.

DIRECTORS

New directors elected for a three-year term are Mrs. Ben-

nett, Mrs. Kendrick, Mrs. G. A. Sanford, Mrs. Louis H. Schimmel, Mrs. Taylor and Mrs. C. G. Uligian.

A special guest at Monday's meeting was Ethel Kogima who is attending Pontiac Business Institute as a scholarship student of the Town Hall group.

A full-blooded Indian (Ottawa and Chippewa), Miss Kogima comes from Potoskey. She is editor of the school paper at PBI.

Town Hall has also contributed to the Pontiac Symphony Orchestra, the Lita O. Kern scholarship at Oakland University, St. Joseph Mercy Hospital School of Nursing, Pontiac General Hospital and the Citizens Committee on Youth of the City of Pontiac.

STARTS IN OCTOBER

The 1965-66 program of Town Hall will start Oct. 13 with Dwight Cooke, foreign correspondent, author, news analyst and commentator.

Others to appear are Willie Snow Elbridge, Bob Wright, Vincent Price and Ulick O'Connor.

Tickets may be purchased from Mrs. Andrew Gulacsk, Mohawk Road, who is ticket chairman; or by mail from Pontiac-Oakland Town Hall, 830-840 Riker Bldg., Pontiac.

Name Mrs. Grimm

Mrs. Lewis Grimm was named delegate to the district convention, Detroit, from the Fannie E. Tompkins Temple No. 41, Pythian Sisters at the Monday evening meeting.

It was announced that two new members would be initiated at the convention May 26.

Seems They Agree With You; Could Be That's the Trouble

By ABIGAIL VAN BUREN

DEAR ABBY: I wish people would quit feeling sorry for a woman just because she's not married.

I am 36, unmarried and intend to stay this way. I have been married (twice) so I don't know what I'm missing.

I earn my own living, pay my own bills and don't have to nag a man to give me a dollar every time I need one.

I come and go as I please and don't have to worry about a two-timing, lying husband who thinks he's doing me a favor by living with me.

Don't think I'm lonesome because I'm far from it. I have four steady boy friends and I see them as much as I want to. And, believe me, I like it better this way.

INDEPENDENT

DEAR ABBY: I first became acquainted with the woman across the hall when I heard a child screaming so loud I thought someone was killing her.

I later learned it was the usual mealtime battle. Penny is four years old and the way her mother explained it, she's always been a very poor eater.

The mother said she took the child to the doctor and he said there was nothing wrong with her — they should put the food in front of her and if she didn't eat it, take it away. And when Penny got hungry enough, she'd eat.

The mother said she tried it once but it didn't work, and she couldn't stand to see the child "starve," so now she holds the kid's nose and forces the food down her. The child gets nervous and upset and gives the food back afterwards, so I can't see where this method is any good.

Have you or any of your readers any suggestions for making a child eat?

FRIENDLY NEIGHBOR

DEAR NEIGHBOR: The

doctor offered the best suggestion. Urge your neighbor to follow his orders before she has to take the child back to him with a more serious problem.

Calendar of Events

TUESDAY

Pontiac Business and Professional Women's Clubs, 6 p.m., Devon Gables. Dinner and election of officers.

Oakland County PBX Operators, 7 p.m., Pontiac General Hospital.

Oakland County Dental Hygienists Society, 7:30 p.m., Aunt Fanny's Restaurant. Dinner meeting.

Fashions Set for Club

The women of Orchard Lake Country Club and their guests will view the latest summer fashions at a luncheon in the clubhouse Friday noon.

Don Thomas' Sporthaus will present the fashions with club members doing the modeling. Displaying seasonal modes will be Mrs. William Bachman, Mrs. Thomas Branson, Mrs. Joseph Conway, Mrs. Richard Darragh, Mrs. Ralph Fox and Mrs. C. B. Harman.

Others will include Mrs. Richard Hartle, Mrs. Harry Lichtwardt, Mrs. Nicholas Martin Jr., Mrs. Frederick Matthaei Jr., Mrs. Henry Nolte Jr. and Mrs. Richard O'Reilly.

Cochairmen for the event are Mrs. Stephen Booth and Mrs. Lawrence Finn.

Mrs. H. F. Kendrick, Cherokee Road, and Ethel Kogima, Norton Street, arrive at the annual meeting of Pontiac-Oakland Town Hall, Inc.

together. Ethel, who is the recipient of a scholarship from this organization, attends Pontiac Business Institute.

New Clubs Welcomed

By JANET ODELL

Pontiac Press Women's Editor

Two mayors and the city commission as special guests — a gain of 172 members at one time — and a talk on our heritage were highlights of the ninth annual Golden Gavel dinner of the Pontiac Federation of Women's Clubs Monday evening.

Mayor-for-a-day, Edward A. Schimke of the Village of Pentwater, Pontiac Mayor, William H. Taylor Jr., plus their wives and the city commissioners' wives, swelled the guest list at the dinner in Kingsley Inn.

About 225 were present.

NEW CLUBS

Six new clubs were welcomed, raising the membership list to over 4,000 women.

Newcomers are Womens' Division, United Fund; General Motors Girls' Club; St. Joseph Mercy Hospital Auxiliary; Land-O-Oaks chapter, American Business Women's Association; St. Maria's Society of St. George Rumanian Church and Pontiac-Oakland Town Hall, Inc.

Mrs. Donald E. Adams, state chairman of Heritage Day for Michigan Week and president of the Oakland County Pioneer and Historical Society, told the audience they have a right to be proud of their state.

She lauded the 14 ethnic displays, saying that we mustn't lose our individual characteristics in the mob.

It is important, Mrs. Adams said, to keep in mind what America stands for, what the early settlers came here for and what later immigrants have contributed. These are the things we must pass on to our children.

She paid tribute to the women's groups that have helped restore the Moses Wisner home on Oakland Avenue, and who contribute time and money to its upkeep.

HOME OPEN

The home will be open all this week, Mrs. Adams announced.

Others were Mrs. H. N. Watson, Mrs. Florence May White, Mrs. Fred Gottschalk, Mrs. C. W. Mossey, and Mrs. Joseph J. Panter.

Mrs. Hill was named as delegate to the state convention along with alternate, Mrs. McCully.

SUMMER PARTY

Projects chairman, Mrs. L. H. Haskins, announced a party scheduled for July 19 at 7:30 p.m. in the First Federal Savings of Oakland building. Proceeds will benefit "Girls Town" at Bellevue.

A picnic on June 12 will convene at 12:30 p.m. in the Adah Shelly Library.

nounced, and again all summer.

She said the historical society is anxious to have more children come to visit and to see and feel tangible evidences of the "good old days."

They will appreciate their heritage and the present more by doing so.

Golden gavel awards for the best attendance went to Omega Mu Sigma sorority and the Pontiac League of Women Voters.

Mrs. Paul Gorman installed the officers for 1965-66. Mrs. David Saks who was chairman of the dinner is the president.

OFFICERS

She will be assisted by vice presidents, Lillian Davidson, Mrs. Robert Bego and Mrs. William Dean.

Secretaries are Mrs. Milton Hathaway and Mrs. Paul Spadafora; treasurer, Mrs. Adrian Ish.

Mrs. Gorman is parliamentarian with Mrs. Joseph J. Panter, parliamentarian emeritus. Mrs. Raymond Peterson is auditor.

Hostesses for the evening were Mrs. Charles Barrett, Mrs. Fritz Stoddard, Mrs.

Mrs. Hill Installed as President

At the Monday luncheon meeting of the Pontiac Women's Club, Mrs. Lee Hill, new president, received the gavel from Mrs. Herbert Learned. A slate of new officers was presented at this time.

Elected were Mrs. Turris McCully, first vice president; Mrs. W. E. C. Huthwaite, second vice president; Mrs. H. F. Simmons, Mrs. Frank Sparks, and Mrs. Grace Steeves, secretaries; and Mrs. Earle Haskins, treasurer.

Others were Mrs. H. N. Watson, Mrs. Florence May White, Mrs. Fred Gottschalk, Mrs. C. W. Mossey, and Mrs. Joseph J. Panter.

Mrs. Hill was named as delegate to the state convention along with alternate, Mrs. McCully.

SUMMER PARTY

Projects chairman, Mrs. L. H. Haskins, announced a party scheduled for July 19 at 7:30 p.m. in the First Federal Savings of Oakland building. Proceeds will benefit "Girls Town" at Bellevue.

A picnic on June 12 will convene at 12:30 p.m. in the Adah Shelly Library.

George Shearer and Vera Bassett.

Mrs. Saks announced that the Federation will sponsor an international market some time in November.

UF to Have Training for Visitors

The Friendly Visitor committee of the Pontiac Area United Fund women's division, offers a combined orientation and refresher program Wednesday at 10 a.m. in the Community Services Building.

"There are currently some 40 men and women visiting lonely elderly people in the area through this program," says Mrs. John Bills, chairman.

NEED GREAT

"Many lonely people are waiting for a friendly chat to ease the drab hours of advanced years, and anyone interested in becoming a visitor should attend Wednesday's meeting."

Rev. Theodore R. Allebach, pastor of the Oakland Avenue United Presbyterian Church, will present the film "This Is My Friend."

Members of the advisory board will perform a skit emphasizing the right and wrong approach to visiting. Mary Pauli, advisory board chairman and executive director, Pontiac Visiting Nurse Association, will be the moderator.

Appearing in the cast will be Mrs. Bills, Mrs. Jacob L. VanWagoner and Mrs. Alice Stone, nursing home coordinator, Oakland County Health Department.

Hostesses selected include Mrs. William Coulcas, chairman, Mrs. James R. Fleming, Mrs. Anna Gibbs and Mrs. Evelyn Viemba.

Miss Stiller Given Shower

Mary Bernadine Stiller of Valencia Drive was honored at a recent bridal shower in the home of Mrs. Bert Stuart on Stout Street.

She is the daughter of the Lawrence Stillers and will wed Roger Terry Hopewell, son of the John Hopewells of Cooley Lake Road, on June 19.

Among some 24 guests were mothers of the honoree and her fiancé, also Mrs. Barney Odoerfer, Mrs. Robert Stuart and Helen Lark, all of Royal Oak.

Yarn Trim for Sweater

For the loveliest sweater of the year, begin with a white jacket-type sweater. If you're not a knitter, you may begin with a purchased sweater.

Take four long strands of mohair yarn in three of your favorite colors and braid them together very loosely. (They will be about 1 1/2 inches wide when braided.)

Tack this braid lightly to the outer edges and neck edge of your sweater and you'll find that this one offering can coordinate with your entire summer wardrobe.

About 3 million color TV sets were in use last year. The total is expected to increase to 5 million by the end of 1965.

Mrs. Sproull Honored for Service

Mrs. William C. Sproull of North Adams Road, Birmingham, was honored at a "Women Who Care" brunch at the Statler-Hilton Hotel today in recognition of her 24 years of volunteer service for the Oakland County Chapter of The American Red Cross.

Mrs. Sproull was chosen one of this year's top five women volunteers in the Metropolitan Detroit area by a panel of judges of the Women's Advertising Club of Detroit.

During most of her 24 years in volunteer service, she has been chairman of Hospital Volunteers of the American Red Cross who, until a recent change in name, were called Gray Ladies.

Mrs. Sproull entered Red Cross service in Detroit in 1941 when she took her Gray

Lady training for service in Grace Hospital.

In 1942 she helped organize and train the first class of American Red Cross hospital volunteers in Oakland County to serve in Pontiac General Hospital.

Her activities later broadened to include training and organizing volunteers for other hospitals and nursing homes, under her title as Chairman of Hospital Volunteers for the Oakland County Chapter of the American Red Cross.

As chairman, she currently directs activities of ARC hospital volunteers serving under the unit chairmen in each of 10 hospitals and nursing homes in Oakland County.

In addition to her Red Cross activities, she finds time for membership in the Christ Church, Cranbrook choir, the board of Planned Parenthood, and the Pontiac Board for the Aging.

In 1962 she was awarded the

UF plaque for the Women's Division of the Pontiac United Fund.

FIRST VOLUNTEER

She was also the first volunteer elected to membership in the Altruus Club of Greater Birmingham.

She has two children, William C. Jr. of Fairfax, Va., and Mrs. Mike Quinn of Laytonville, Md., and five grandchildren.

She Could of Stayed and Talked

By The Emily Post Institute

Q: I had a date last evening and as the young man arrived at my house earlier than expected, I was not quite finished dressing.

My sister opened the door and showed him into the living room and told him I would be ready shortly. She then left.

I thought she was very rude. I thought she should have sat and talked with him until I was ready. May I please have your opinion?

A: Unless your sister was in the midst of doing something which she could not leave, it is not very polite to leave him alone and she should have gone in and sat and talked with him until you were ready.

SCHOOL DANCE

Q: When a girl invites a boy to her school prom, is she expected to pay all the expenses, such as transportation, refreshments, etc., in addition to paying for the tickets?

A: She pays for the tickets and provides for the transportation and pays for any refreshments he may invite her to have after the dance.

Q: My wife and I live in a large apartment building.

When guests leave, do we say goodbye at our door, or does courtesy exact that I walk to the elevator with them?

A: You should see them into the elevator.

The Emily Post Institute offers readers booklets on a variety of subjects concerning etiquette.

Planning a July 30 wedding are Loretta Mary St. Pierre, daughter of Mr. and Mrs. J. Raymond St. Pierre of East Walled Lake Drive, Commerce Township, and Robert Lee Carter, son of the William A. Carters of Gladys Street, Commerce Township. He attended Flint Junior College.

Bake Sale and Party to Help Raise Funds

Members of the Italian American Club (IAC) have made a pledge to the Pontiac Central Catholic High School Fund.

To help raise this money, the group has scheduled a luncheon card party and bake sale on Wednesday in the club hall.

Chairmen include Mrs. Albert DeSantis and Mrs. Robert Gaines, Mrs. Frank Amantea and Mrs. John Grego and Mrs. Joseph Spadolore.

Assisting them will be Mrs. Joseph Pollins, Mrs. Sam Calabrese, Mrs. Gerry Traynor and Mrs. Frank Soda.

Tickets may be obtained at the door.

Planned Parenthood Unit to Meet at Luncheon

A noon luncheon and board meeting will be attended by members of the Planned Parenthood League of Wayne and Oakland Counties at the Bloomfield Open Hunt Club on Wednesday.

Robert H. Kaulzer, chairman, will give the most recent figures on the league's fund-raising campaign now underway.

He will speak about the proposed clinics being established for the indigent.

Expected to attend from this area are Mrs. Samuel Lang, Mrs. Norman Weston, Mrs. Homer Sale, Mrs. William Woodside, Mrs. Arthur E. Moore, Mrs. Fraser Pom-

Didn't Get Her License

WYOMING, Mich. (AP)—Mrs. Rosena Kremers, 56, was taking her driver's test, with George Isler as the testing official.

She put the car in drive instead of reverse, jumped a concrete bumper and rammed a police station.

Damage was slight. Mrs. Kremers' learner's permit was renewed for two months.

Wrap Eggs in Foil
To safely boil a cracked egg, wrap it in aluminum foil.

Sorority Has Meeting to Make Plans

Mrs. Carl L. Coster of Birmingham entertained members of Omega Mu Sigma sorority at a recent meeting. She was assisted by Lola Strom.

Plans in the near future for this group include the annual breakfast on June 6 at Pine Lake Country Club and a husband and wife picnic on July 10 at the Troy home of Mr. and Mrs. Richard Branstner.

Breakfast chairman, Mrs. Branstner, will be assisted by Mrs. Coster, Mrs. Patrick Gullen and Mrs. Kuga Kojima.

Planning the picnic with the hostesses are Mrs. Ray Peterson, Mrs. Russell Gustavson and Mrs. Merritt A. Snyder.

Art Students Exhibit Oils

Members of the Zoner Studio of Art will exhibit to the public some 300 oil paintings. Sunday, from 10 a.m. until 5 p.m., in the Westcases Clubhouse.

Mrs. John Oslin, chairman of the show which will include landscapes, seascapes, portraits, flowers and animals, is assisted by fellow-artists from Pontiac, Detroit, Rochester, Brighton, Farmington, Novi, Wixom, Walled Lake, Union Lake, Milford and Commerce.

On Saturday evening, Mrs. John Zoner will receive her students at a previewing. About 300 are expected at the reception.

Richard Is Here

Mr. and Mrs. John R. Main of St. Clair Shores announce the birth of a son, Richard John on May 13. The John S. Mains of South Pemberton Road, are the paternal grandparents.

Mr. and Mrs. Robert Spezia of Rochester announce the engagement of their daughter, Jean Louise to Jim Roland Piefer, of North Perry Street. He is the son of Mrs. Lillian Koehler of Freeport, Ill. and Frank Piefer of Pocahontas, Tenn. An August wedding is being planned.

Mrs. Richard Jorgensen (left), Sylvan Lake and Mrs. Clyde Haskill, Woodbine Street, pack the car before setting off for the Jaycee State convention in Grand Rapids this past weekend. They took along blouses the local Jaycee Auxiliary sells to raise money for its Junior Miss scholarship fund. Mrs. Jorgensen whose husband is executive di-

rector of the state Junior Miss pageant accompanies the state winner on her travels. Because Patrice Gaubert, the Michigan Junior Miss became America's Junior Miss in March, Mrs. Jorgensen's duties will be assumed by a national chaperone this year. She was with Patrice in Grand Rapids

Carpet Care Books Ready

Two new carpet care and maintenance booklets are available from Chemstrand: "How to Care for Your Carpet Made With Acrilan," and "How to Care for Your Carpet of Cumuloff Pile." Both booklets deal with general maintenance, daily care and emergency spot removal.

Carpeting is one of the home's most important furnishings... and one of the largest investments. Good sense in care and maintenance will prolong carpet life and keep it new looking for years to come.

Copies are available from Carpet Care Department, Chemstrand Company, 350 Fifth Avenue, New York, New York 10001.

A Mild Astringent to Condition Skin

Unless skin is unusually oily, a mild astringent is effective as skin conditioner and tonic before applying makeup.

Good quality witch hazel makes an ideal mild astringent because it is pure herbal extract. It contains no chemicals and is safe even for so-called problem skin.

Reception in the Oakland County Sportsman's Club followed the recent visit of Barbara Ellen Pearsall and Daniel William Chamberlain in the Drayton Plains United Presbyterian Church. Parents are the Frederick T. Pearsalls, Orangeville Street and the Charles Chamberlains, South Lake Road. Austrian apple enhanced the bride's sheath gown of delustered white satin with court train. Attendants were the Michael Powells, the Kenoff Morgans, the Harold Tipots, the Robert Osabecks, Karen Morgan, Diane Roberts, Bernadette and Beth Chamberlain and Sherri Osabeck; David and Randy Chamberlain, Roy Harris, Bob Livingston and Mark Morgan. Rev. Walter J. Tecuassen Jr. performed the candlelight rite.

New Duties for These Members

Mrs. William McMillin will be installed as new president of the Woman's Society of Christian Service (WSSC) of Trinity Methodist Church, Thursday, in Maurice's Catering Hall.

Also taking office will be Mrs. Alger Chambers, vice president, Mrs. Earl Campbell, treasurer, Mrs. James Matteson, secretary, Mrs. Stewart Turner and Mrs. Norman Carver.

Committee heads include Mrs. Kuga Kojima, Mrs. Charles Thomas, Mrs. Homer Feneley, Mrs. Ross Lamb, Mrs. James Haslock, and Mrs. Charles Tuson. Other chairmen are Mrs. Shirley McClellan, Mrs. William Mercer, Mrs. William Newhall, Mrs. Arthur Burleson and Mrs. H. T. Amos.

Rev. John Hayes of St. Michael's Catholic Church will be guest speaker and the Rev. Ronald Thompson, pastor at Trinity, will conduct the installation. Mrs. Amos is general chairman of the banquet.

Springtime at Interlochen. These localities attended the 48th convention of the Michigan Federation of Music Clubs over the weekend. In front is Mrs. George Putnam, Sylvan Lake. Standing are, from left, Mrs. Victor Lundquist, Ottawa Drive; Mrs. Ralph L.

Curtis, Oxford, past president of the Federation, and Mrs. W. A. Schmitz, West Kennett Road. Mrs. Lundquist and Mrs. Schmitz are president and vice president of Pontiac Tuesday Musicals.

Fat Children Remain Fat

NEW YORK (UPI) — Most plump children remain plump when they reach adulthood, Dr. Louis H. Nahum reports in the journal "Connective Medicine."

Nevertheless, he noted, many persons brush aside the problem of obesity in children and adolescents. They think the child will lose weight as he grows older.

It's a fallacy, according to data collected by researchers probing overweight.

White House Rite

The first wedding ceremony held in the White House was in 1812 when Mrs. James Monroe's sister, Lucy, was married to U.S. Supreme Court Justice Thomas Todd.

Zonta Club to Have Tea

The Zonta Club of Pontiac is making plans for a benefit tea on June 6. The country home of Dr. Sarah Van Hoosen Jones and Miss Alice Serrell on Romeo Road will be opened during the afternoon.

Helen Travis, is chairman and assistant of the committee working on arrangements.

Funds from the tea will be given to the YWCA building fund as part of Zonta's pledge to that fund.

Hooded Parkas High for Spring

Unlined hooded parkas in bleeding and non-bleeding madras rate high on the boy's wear front for spring. The zipper model predominates.

Second on the list, a pop-over kangaroo pocket model.

U.S. Army Team Sets Up 'LBJ Ranch'

By HAL BOYLE
GIA VUC, South Viet Nam (AP) — As you land on the small runway in a plane that contains native soldiers, some chickens and ducks, five squealing pigs, and three small stoves, the first thing you see is a sign saying "The LBJ Ranch."

That sign is the way a U.S. Army Special Forces team has chosen to say that America is here "to stay" for the duration.

The LBJ Ranch is engaged in a better fight against enemy forces.

It is typical of many Special Forces bastions throughout South Viet Nam which seek to protect villagers from the Viet Cong.

IN A VALLEY
Gia Vuc lies in a valley bordered by rugged and lovely hills 80 miles south-southwest of Da Nang, the country's second largest city. It is outside the famous Ho Chi Minh trail, the dirt north and south highway for infiltrators.

The ranch covers some 30 square miles in which 3,000 Montagnards, or mountain tribespeople, till their farms and dwell in a dozen closely grouped hamlets of thatched huts. The group of a dozen Americans is led by Capt. William A. Hicks of Linden, N.C.

It is his job to work closely with a strike force of 35 native troops who make up a miniature United Nations themselves. They consist of the hillbilly Montagnards and Vietnamese and 25 Nungs, who are Chinese mercenaries.

\$10 A MONTH
The Nungs get roughly \$10 a month each, paid for by Uncle Sam. That is about three times what the other native troops earn. But they will high praise from the Americans here.

They are real good troops, about the best you could ask for," said Lt. Charles A. Carroll Jr. of Delmar, N.Y. Sgt. Dominick Tardella of Waterville, N.Y., added, "It was into any real trouble, the first thought of the Nungs is to cover the Americans."

BEN CASEY
ALL THROUGH DINNER I'VE BAWLED SOMETHING COOKING... BEFORE THE BOSS, NOW WHAT GOES?

C'WON, BLAINE, WHAT'S THE SCOOBY?

THERE'S THE DOOR—BUT IT'S PRIMARILY THE MOUNTAIN!

MOHAMMED WOULDN'T GO TO THE MOUNTAIN, SO THE MOUNTAIN COMES TO MOHAMMED!

THE BERRYS
AND ONE MORE THING, MR. PORTLY—IF YOU DON'T LIKE IT, YOU CAN GO (CHUCKLE IN THE LAKE!)

THERE! THAT WILL HOLD THE OIL WARD (FOR A WHILE!)

PETER! YOU SHOULDN'T TALK TO YOUR BOSS LIKE THAT!

ONE OF THESE DAYS, HE'S GOING TO FOOL YOU AND NOT HAVE UP FIRST!

See article for bidding and opening lead.	

By JACOB AND SON
As Edgar Kaplan points out in "Competitive Bidding in Modern Bridge" the main purpose of the weak jump overall is to deprive your opponent of a valuable bidding space.

Sometimes this tactic winds up badly when you get doubled; on other occasions the opponents go on to their normal successful contract, but once in a while the bid upsets their lines of communication and gets them into the wrong contract.

If West passes or bids two diamonds over South's one heart opening, North will raise to two hearts. If West had bid two diamonds, East will probably get into the act and bid three clubs. In either case South is likely to try a three heart bid and will play the hand at that contract.

There is no problem to the play at three hearts. South has to lose four tricks and there is no way for him to do any better or worse. He collects 140 below the line and 100 points for honors.

Now let's see what happens if West bids three diamonds over

Astrological Forecast

By SYDNEY OMARR
For Wednesday
The wise man controls his destiny.
Astrology points the way.
ARIES (Mar. 21 to Apr. 19): Time to advance career interests. Shores idea of PROGRESS. Means don't stand still! Success overcomes that. Be careful! Success overcomes that. Be careful! Success overcomes that. Be careful!

TAURUS (Apr. 20 to May 20): Good Moon aspect, spotlight. The army Read. Absorb knowledge. Let big ideas crowd out petty notions. Respect your self — then others will also.

GEORGINA (May 21 to June 20): No time for fear. Investigate areas previously considered. You can gain by TRY. Push ahead with full EFFORT and energy.

CANCER (June 21 to July 21): If you lack patience, you lack a vital ingredient for success. Day to be careful and THOROUGH. Help advice from partner or mate. Don't rush, force or push.

LEO (July 22 to Aug. 22): Opportunity to make good. Enter a new idea about early in day. Examine offers and make rapid decisions. Day to be vital, confident. Understand.

VIRGO (Aug. 23 to Sept. 22): Good luck spotlight. Good luck. Action, romance, special hobby. Examine various possibilities. Be careful! Give full play to intellectual curiosity.

LIBRA (Sept. 23 to Oct. 22): Emphasis now on business, protection, promises made to close friends. Perform better. Avoid sensationalism. Stick close to regular base, if possible.

SCORPIO (Oct. 23 to Nov. 21): Improve status with associates. Watch. Don't take undue for granted. Watch. What you do and say now has profound effect. Virgin words.

SAGITTARIUS (Nov. 22 to Dec. 21): Ability to get most for your money now in spotlight. Be aware of budget. Read. Be open to opportunity. Seek influence. Don't postpone telephone call to important person.

CAPRICORN (Dec. 22 to Jan. 19): Listen well to advice. Continued success continues long. Favorable aspects provide opportunity. No one to fear. Welcome friend who shares "DISCOVERY."

AQUARIUS (Jan. 20 to Feb. 18): Time to be alert. Caution! Caution! could result in valuable knowledge. Don't be too busy. Keep an eye on important observer with TRUTH your major goal.

PISCES (Feb. 19 to Mar. 20): Contacts made now can further hopes. Talk and explain. Don't be restricted by false modesty. Display of sense of humor, versatility will work wonders!

IF WEDNESDAY IS YOUR BIRTHDAY
... you are an original thinker. Often you surprise associates by refusing to agree with majority. Your unique and intriguing qualities can carry you far.

GENERAL TENDENCIES: Cycle high for CAPRICORN, AQUARIUS, PISCES. Special word to VIRGO: A change of scenery could prove beneficial. (Copyright 1964, General Fingerprint, Corp.)

Poor Hill Man Fights Claim

Solon Takes His Side Against U.S. Officials

WASHINGTON (AP) — The U.S. government is trying to collect \$1,717.52 from a Tennessee mountaineer who says he is so hard up that poverty looks good to him.

The money represents timber that the hill man cut — on his own farm, he says. The government claims it was on national forest land.

Rep. James H. Quillen, R-Tenn., has taken up the case with the Department of Agriculture, which runs the Forest Service.

Quillen wrote Secretary Orville L. Freeman: "If we cannot solve this small problem of \$1,717.52, then we had better forget about winning any war against poverty."

POVERTY ANGLE

Quillen got the poverty angle from a letter, laboriously handwritten but forceful, that the mountaineer, Wilford Metcalf of Del Rio, Cocke County, Tenn., wrote him.

It said, in part: "I read in the paper that Congress was and the President was fighting poverty. That's good and I am for it, but tell the President if he has any poverty left over from some other place to please send it down here. It's better than our mountain folks has been used to."

G. Wilson Horde, assistant U.S. attorney at Knoxville, wrote Metcalf on April 28 that he had 30 days to meet the government claim.

Metcalf asked Quillen to try to get the government to run a new survey to make sure just who owned the land where Metcalf cut the timber.

Metcalf also wrote: "This big bill of \$1,717.52 staggers me. Do you realize how much that is? My whole farm ain't worth that, much less the little dab of timber that was cut."

"I ain't had a good night's sleep since the government lawyer writ me."

Between Seasons

'Beverly Hillbillies' Cash In

By BOB THOMAS

AP Movie-Television Writer HOLLYWOOD — 'Tis the season for television stars to go out and round up the loot, and the "Beverly Hillbillies" are doing it.

Irene Ryan is playing Las Vegas and Donna Douglas is co-starring in a movie with Elvis Presley during the between-season hiatus. Max Baer has a more pressing engagement with the U.S. Army, but he may be relieved of his reserve duty in time to pick up some cash with personal appearances.

Buddy Ebsen, the big daddy of the "Hillbillies," is playing it cool. He'll make a record album with his fellow players, another on his own, and he'll play in "Paint Your Wagon" for two weeks at the Valley Music Theater. Most of the rest of his time before the July start of shooting for next season will be spent amid his follia on boats on Balboa Bay, 50 miles south, where he maintains his home.

BIT OF PHILOSOPHER

Buddy is a bit of a philosopher about career matters. While he enjoys the heights now, he knows the lows as well. In fact, he suffered a longer period of bad luck than any actor I know. "Yep, for seven years I didn't work — seven years," he remarked.

This, he explained, came after he had spent three years in the Army, a year in "Show Boat" on Broadway and two years touring with "Goodnight, Ladies." Then the drought set in.

DIDN'T SAVE

Had he saved his money? He shook his head. His Army service and a costly divorce had wiped out his prewar earnings. So how did he survive?

"Friends," he explained. "That was my sole source of support — friends. Otherwise I would have been forced to go into another line of work, as many people advised me to. One of the most important people in this town, whose name I won't mention, told me to get out of show business."

"Later I wrote him a letter

thanking him for what he did. He made me so mad that I was more than ever determined not to quit."

I asked him what he did during the dry period. He became an expert furniture maker. He grew well acquainted with his family, which grew to a brood of four daughters — plus two by his first marriage. He wrote songs. But mostly he waited.

LUCK CHANGED

Finally in 1953, his luck changed. The first break came when he was cast in some Rex Allen Westerns at Republic. More films followed, then a big blast as Davy Crockett's sidekick, a role in the "Northwest Passage" series, etc. All this led up to his starring in the immensely popular — except with the critics — "Beverly Hillbillies."

Buddy is content with his lot as the haysed patriarch and doesn't mind if the series goes on and on, he considers producer-writer Paul Henning a genius at devising comic situations for the show. But while Buddy is content, he is not complacent. He was stubborn about refusing to resign show business; he is just as stubborn about writing plays.

"I'm a scribbler," he explained. "I've been writing plays since I was a kid on Broadway. I've never earned any money from them, but a few of them have been produced, one this year in Atlanta. I get immense satisfaction from writing, and one of these times I'm going to get me a hit."

In view of his past record, you can't really say he's wrong.

Unaging Film Star Will Serve as Judge at Cannes Festival

CANNES, France (AP) —

Some 26 years after she played the memorable role of Melanie in the film classic "Gone With the Wind," Olivia de Havilland seems to have a personal claim on the fountain of youth and charm.

Now 46 — but looking 20 years younger — the brown-eyed actress is serving as president of the 10-member jury that will choose the best film shown at this year's Cannes International Film Festival. Miss De Havilland also is the official U.S. representative on the jury, which includes Britain's Rex Harrison.

"This is my third Cannes Film Festival," Miss De Havilland said. "I hesitated a long time about taking a post on the jury panel, but finally I was persuaded by a friend who convinced me."

The friend was Robert Favre Le Bret, director general of the Cannes festival.

IT'S DIFFICULT

"It's difficult for a performer to formally judge the presentation of other performers," the actress said. "But I think any

artist has to be critical. I am thinking here only of the festival and the works we are seeing. I am blotting out any notions I may have as a performer."

As a performer, she is one of the few actresses with two Hollywood Oscars — in 1946 and 1949.

Although well-known in France for her work in U.S. films, Miss De Havilland never has made a French movie.

Asked why, she said: "It's because of my accent. I speak French with a recognizable foreign accent, which means I could only play the role of a foreigner. Not that I would consider this a bad role. On the contrary, it might be a very good one. But one has not yet been offered to me."

LIFE IN FRANCE

Despite her accent, Miss De Havilland is completely fluent in French and has adapted to life in France. She lives in Paris with her husband, a magazine executive, and her teen-age son. Reviewing her screen career, Miss De Havilland says her favorite costar was Henry Fonda.

"He appeared to be the most remarkable to me, not in a film, but in the Broadway production of 'A Gift of Time,' in which we played opposite each other. With her partners on the jury, Miss De Havilland will judge 52 feature length films and short subjects before the Cannes festival ends May 28.

S. Korea Chief Finishing Visit

WASHINGTON (AP) — Visiting South Korea President Chung Hee Park addresses the National Press Club and holds a final round of talks with President Johnson today.

Renewed U.S. declarations of military and economic support for South Korea are expected, including \$150 million in long-term, low-interest development loans. A communique will be issued after the late afternoon meeting of the two presidents.

Before heading to the White House, the 47-year-old soldier-president had a busy schedule including a breakfast with Secretary of Defense Robert S. McNamara, a mid-morning meeting with Secretary of State Dean Rusk, the Press Club speech, and a mid-afternoon tea at the capitol with Sen. J. W. Fulbright, D-Ark., chairman of the Senate Foreign Relations Committee.

Park was also scheduled to plant a Korean flowering tree at Arlington National Cemetery.

After arriving here yesterday from Williamsburg, Va., Park met with Johnson and was reassured about the U.S. commitment to defend South Korea if it is attacked again by the Communists.

The President repeated the assurances at a state dinner last night.

The state dinner ended with gay dancing, as President Johnson led Mrs. Park onto the floor for a solo twirl to the strains of his campaign song "Hello, Dolly," played by the Marine Corps dance band. Other guests applauded.

'Le Grand Charles' Throws Weight Around

U.S. Busy Defending Policies From French Attack

By PHIL NEWSOM
UPI Foreign News Analyst

For most of the last week, the United States has been defending policies which the administration of President Lyndon B. Johnson feels there should be no necessity for defending.

NEWSOM
ident Charles de Gaulle.

Accustomed to dealing with affairs far outside the sphere of French influence, the de Gaulle government had let it

be known that "France disapproved and wants the withdrawal of troops who have landed in Santo Domingo."

Against this, the French President had Johnson's own summation of the U.S. position in the Dominican Republic. It was:

"... the people of that country must be permitted to freely choose the path of political democracy, social justice and economic progress... we intend to carry on the struggle against tyranny, no matter in what ideology it cloaks itself."

AGAINST U.S. POSITION

Against the American position supported by most U.S. NATO allies, that escalation of the war in Viet Nam is morally, politically and militarily justified, was the already well known French demand for Vietnamese

neutrality and withdrawal of foreign forces, specifically the United States.

De Gaulle already had underlined his opposition to U.S. involvement in Viet Nam by a virtual withdrawal from SEATO, the Southeast Asia Treaty Organization which among other things guaranteed the integrity of South Viet Nam.

These were not the only areas in which "Le Grand Charles" was throwing his weight around.

He had vetoed a move supported by France's partners in the European Common Market to renew explorations toward European political unity.

APPALLED W. GERMANS

He had appalled West German supporters by the fanfare with which he had entertained Soviet

Foreign Minister Andrei Gromyko and German apprehensions were heightened when Gromyko implied that France accepted the existence of two Germanys.

A lukewarm French denial did little to quell German fears.

Nor did the Germans take any more kindly to a Gaullist suggestion that the reunification of Germany should be left primarily to a European solution, with France and Germany to be the chief negotiators.

Germans of all parties believe there can be no settlement of the reunification problem without participation of the United States.

TAKE HIM PHILOSOPHICALLY

As for the United States, it

seemed to be learning to take de Gaulle philosophically.

Depending upon his health, it seemed likely that de Gaulle would be around for some time to come. It generally is accepted that he will run for another term in office in elections next December.

The United States also was willing to admit, as de Gaulle himself frequently proclaims, that it was de Gaulle who restored France to political stability.

And even a Gaullist and obstructionist France is better than the politically fragmented France that he inherited under the French Fourth Republic.

The largest yearly gain in nonfarm payroll employment since 1959, 1.5 million, was recorded last year.

Weeks Of Back Pain Now Relieved

"After weeks of pain in my back and hips, I tried DeWitt's Pils—got with 'definit relief', says Mrs. R. Gardner, Waterloo, Iowa.

People were in every day praising the remarkable relief they get with DeWitt's Pils.

DeWitt's Pils act fast with a proven analgesic to relieve pain of backache. They mild diuretic action helps to eliminate retained fluids and flush out irritating bladder wastes that can cause physical distress. If pain persists, see your doctor. DeWitt's Pils often succeed where others fail—quickly relieve minor muscle aches and pains, too. Insist on the genuine DeWitt's Pils.

Over 1½ million DeWitt's Pils are sold by druggists day after day after day, the world over—a tribute to their amazing action!

Discover Tribe in New Guinea

Large Band Spotted
Living in Back Area

PORT MORESBY, New Guinea (AP) — A tribe of between 800 and 1,500 New Guinea people has been discovered in a remote corner of New Guinea's Sepik District. The tribe was sighted from a helicopter by James Wearne, assistant district officer.

A report to administration headquarters from Warne said large villages were built on mountainsides in the Mt. Stoll area 30 miles north of the government patrol post at Telefomin.

In Port Moresby, the acting director of district administration, T. Acheson, said the government had been aware there were some people living in the Mt. Stoll area, but had no idea they were in such numbers. Patrols often skirted the area, he said, but never had been able to penetrate and make contact.

Acheson said a patrol would be sent as soon as possible to contact the tribe. He said he expected the people would be similar to Telefomin tribes people.

Telefomin men are infamous for savagery. They have attacked several government patrols and a few years ago ambushed and murdered a young Australian patrol officer.

The Mt. Stoll area is described by Acheson as among the most difficult country in New Guinea. He said a patrol into the area would have to cross a 9,000-foot, densely timbered mountain range.

Dissolves harmful deposits... your engine runs clean! You feel the extra surge of power!

Your car sluggish? No zip? Carburetor and combustion chamber deposits have no doubt done their dirt, if you have been using ordinary gasoline.

It's easy to change all that! You can release all the hustle that's hidden under your hood, by using Ashland A-Plus Super Gasoline or Ashland Regular—both are Vitalized with AG-105. Vitalized gasoline cleans your carburetor and keeps it clean, reduces combustion chamber deposits, increases horsepower. Just a touch of your toe—and you feel that extra surge of power!

So get Vitalized Gasoline—Ashland A-Plus or Ashland Regular—and get up to 10% more miles per gallon!

Chisox Pace American League, 10 Games Ahead of Yankees

Chicago Gains in Race With Win Over A's

New York Continues Floundering Ways in 9-2 Loss

By The Associated Press

A year ago today, the New York Yankees were 10 percentage points behind the Chicago White Sox. Today, the Yankees are 10 games behind.

The White Sox are in the same position they were in 1964 — first place in the American League. But the Yankees are nowhere near the second spot they held down at that time. They are in eighth place.

Chicago continued its torrid play by clobbering Kansas City 13-2 Monday night for its eighth consecutive victory. The Yankees, on the other hand, continued along their floundering way, dropping a 9-2 decision to Baltimore.

The pitchers for the Yankees and White Sox more or less typified the teams' 1965 fortunes. **FORD ROUTED**

New York's Whitey Ford lasted only four innings against the Orioles en route to his fourth straight defeat. At this time in 1964, the 36-year-old left-hander had started eight games, completing five for a 4-1 record and a 1.66 earned run average.

Ford currently has completed only one of eight starts and owns a 2-5 mark with a 6.07 ERA.

Gary Peters, however, is slightly ahead of his pace of a year ago after going the distance for the first time in seven starts. The victory against the Athletics brought his record to 4-2 and 3.60.

In 1964, the 28-year-old southpaw had not completed a game in seven starts while posting a 3-5 mark and a 3.73 ERA. **NEED TIME**

The Yankees wound up winning their fifth straight pennant last season, and it certainly is too early to say they won't make it a sixth this year. Ten percentage points, though, can be wiped out in one night. It takes a little longer to erase 10 games.

In the only other AL game Monday night, Los Angeles edged Minnesota 5-4 in 10 innings.

Peters scattered eight hits in handling the Athletics their first loss after two triumphs under their new manager, Haywood Sullivan.

Floyd Robinson, Pete Ward and Ken Berry led the White Sox 16-hit attack, each slugging a home run. Robinson and Berry also singled in a run apiece in the six-run seventh inning while Bill Skowron knocked in a pair with a single. Milt Pappas limited the Yankees to five hits, one of them Joe Pepitone's two-run single in the first inning.

Iowa Griddler Drowns

IOWA CITY, Iowa (AP) — Ivory W. McDowell Jr., 21, a defensive starter for the University of Iowa football team, drowned Monday when he tried to swim across an inlet in Coralville Reservoir, north of here.

PLEASANT NIGHT'S WORK — Baltimore Oriole Jackie Brandt slides past the straining tag of New York Yankee catcher Doc Edwards for the first run in a 9-2 victory by the Orioles last night. Brandt was driven in by Bob Johnson.

BIRD IN FLIGHT — Luis Aparicio, Baltimore Oriole shortstop, soars over the hard slide by New York Yankees' Phil Linz during the seventh inning of last night's game. Aparicio completed the double play with a throw to first to nip Doc Edwards who had grounded to pitcher Milt Pappas.

Tire Problems Hit '500' Race Entries

INDIANAPOLIS (AP) — Tire experts and race officials struggle today with problems of rubber and rules that might keep several already-qualified cars from starting the 500-mile race May 31.

Cars that might be affected include the No. 1 Sheraton-Thompson Lotus-Ford, which defending 500-mile champion A. J. Foyt of Houston qualified Saturday at a record 161.233 miles an hour.

The trouble started Monday when the tires on Foyt's car threw chunks of tread during an endurance run at the Indianapolis Motor Speedway. Rookie Billy Foster of Victoria, B.C., and Don Branson of Champaign, Ill., had similar experiences. All were running on Goodyear tires. Rules require that a car must run in the race on tires of the same make and specifications as those used in qualification.

Bill Neely, spokesman for Goodyear's racing division, said, "If we can't find the answer, we'll have no choice but to ask that our tires be withdrawn from the race."

Bone Pro-Am Winner at Tam O'Shanter CC

Pontiac's Gene Bone, Lancaster Hills pro and Merle Osborn, won the weekly pro-am tournament yesterday at Tam O'Shanter by firing a best ball 62.

Bone and Al Serra teamed for a 63, tying them for second with Walt Laskey and Dick Wibel, and Walt Burke and Tom Lowry.

Bone and Tom Shannon of Orchard Lake took pro - pro honors, each firing best ball 64's.

ex-Detroit Tiger farmhand. The two combined for seven of Baltimore's 14 hits and six of the nine runs. Johnson had four hits (including a double), two runs batted in and two runs scored.

SPORTS

Phils Defeat Cardinals

Belinsky Wins First NL Game

By United Press International

One really could not expect Bo Belinsky, one-time playboy of the Los Angeles Angels, to win his first game in the National League in the tranquility that marks most contests in tradition-bound baseball.

One would suppose that a Belinsky victory for the Philadelphia Phillies would be heralded by something extraordinary, like a far attacking an umpire during a rhabarb on the field.

Tony Taylor's second home top of the season in the top of eighth inning gave the Phils what proved to be the winning run in their 2-1 victory over the Cardinals Monday night.

In the bottom of the eighth, Phil Gagliano led off with a pinch single.

He advanced to second on a passed ball and scored on Lou Brock's single. Curt Flood followed with a double and Brock was thrown out at the plate trying to score the tying run.

The rhabarb started. Cardinal third base Coach Joe Schultz came roaring down the baseline to protest to plate umpire Shag Crawford. Manager Red Schoendienst dashed out of the dug-out to join the protest and wound up holding Schultz away from Crawford. Schultz was ejected.

Fans threw debris onto the field and one spectator left the stadium and charged Crawford, who pushed him away.

FAN EJECTED

Stadium guards escorted the unidentified fan from the ball park. Auggie Busch, owner of the stadium, did not press charges, his policy being merely to eject such fans.

In the only other National

League contest, Sandy Koufax struck out 13 Astros for the second time in succession and the Dodgers bested Houston 5-3 in 11 innings.

No other teams were scheduled.

edy (3), Bentley (7) and Harsha.

Tigers Back Home Happy With Horton

DETROIT (AP) — Bursting with pride after a second consecutive successful road trip, the Detroit Tigers open a lengthy home stand tonight with hopes of atoning for a so-so record the last time they were in town.

Washington, victims of the Tigers' surge and Willie Horton's thunderous bat in the nation's capital last week, helps open the home stay.

Hank Aguirre and Phil Ortega are the probable starting pitchers.

The Tigers showed a lot of promise in their first series at Tiger Stadium but failed miserably in the end of it and left town with a five-game losing streak.

Unhappily for the Tigers,

their worst performances of the year came before the second largest crowd of the young season. That happened when they lost a doubleheader to Boston after taking the first two games of the series.

SOME CHANGES

There have been a few changes since the Tigers last appeared before the home fans. Pitcher Julio Navarro, first baseman Bill Roman and catcher John Sullivan have departed. They were optioned to Syracuse when all teams had to trim their rosters to 25 men.

Willie Horton has emerged the victor in the game of musical chairs played in left field for the first three weeks of the season. Horton won out the only way he knew how — with his bat.

ANOTHER MOVE

Another change soon to be made will be the return of Manager Charlie Dressen to full time duties. Dressen, sidelined by a minor heart attack during spring training, arrived in Detroit Monday and will act as an observer until he feels he's ready to take command.

Bob Swift, who continued his record as a winning interim manager while at the helm, will return to his coaching job.

The Tigers' home stay will be interrupted by a two-game series in Chicago next Monday and Tuesday.

Dressen's Set to Watch Team

Tiger Skipper Says He'll Return May 26

DETROIT (AP) — Detroit Tiger Manager Charlie Dressen arrived here Monday after recuperating in California from a heart attack he suffered during spring training.

Dressen said he will be a spectator until May 26. That's the day the Yankees come to town and Dressen said he would then resume his chores at the helm of the Tigers.

"I feel good. I've been walking three miles a day," he told newsmen.

He had nothing but praise for the team, interim manager Bob Swift, and Coach Frank Skaff. "Bob's done a darn fine job and I really appreciate it," he said. "And they tell me Skaff is one of the best third base coaches in the business, so I'm going to leave him right there."

And what about Willie Horton, the league's leading hitter?

"Jimmy! That boy must be really something. And he's going to get even better."

Joe Sparrina has moved up as the No. 5 starting pitcher and Phil Regan has been returned to the bullpen after losing three times as a starter.

Willie Horton has emerged the victor in the game of musical chairs played in left field for the first three weeks of the season. Horton won out the only way he knew how — with his bat.

ANOTHER MOVE

Another change soon to be made will be the return of Manager Charlie Dressen to full time duties. Dressen, sidelined by a minor heart attack during spring training, arrived in Detroit Monday and will act as an observer until he feels he's ready to take command.

Bob Swift, who continued his record as a winning interim manager while at the helm, will return to his coaching job.

The Tigers' home stay will be interrupted by a two-game series in Chicago next Monday and Tuesday.

Nicklaus Still Holds Lead in Golf Winnings

PALM BEACH GARDENS, Fla. (AP) — Jack Nicklaus is still the top money winner in professional golf this year, with \$49,688 in official and unofficial earnings.

The Professional Golfers' Association in a report Monday credited Nicklaus with \$38,900 in official PGA sanctioned, Tournament earnings, followed by Doug Sanders with \$37,166 official and a \$47,115 total.

Nicklaus has won one of nine tournaments he entered and Sanders won two of the 17 he started.

Dick Mayer, winner of \$20,562 in the Greater New Orleans Open Sunday, is ninth on the list. His total winnings are \$21,462.

Bruce Devlin was listed third, with \$31,695 in official and \$24,339 in unofficial earnings.

Pontiac Press Photo

FLYING BARON Tom Kearney of Bloomfield Hills is favored to win the mile run in the state Class A finals Saturday at East Lansing. The senior track star has his sights set on lowering the 4:13.2 state record for the mile. He ran a 4:13.8 last Saturday in the regional.

How Fast Can Hills' Ace Run Mile?

Kearney Eyes State Record

Two Prep 'Nines' Near Loop Championships

Ran 4:13.8 Regional Meet Standard

How fast can Bloomfield Hills' Tom Kearney run the mile? Nobody really knows because the senior track star hasn't been pushed since the Mansfield Hays and that was really too early in the spring to tell.

He won in 4:19.6 that day to set a Mansfield record. He broke the old standard set by Bob Richards of Bloomfield Hills last year.

Since then, Kearney has been running in the 880 and 440 during dual track meets. He has started the mile only four times. The fourth outing was a record for the Clarensville regional at last Saturday and very close to the state standard which can only be set in the state finals.

Kearney was clocked in 4:13.8. This is only six-tenths short of the state mark.

"We've had to run Tom in the shorter distances or he would have been running by himself," said Bloomfield coach Don Hall. Kearney had the regional mile all to himself. He won by 60 yards.

Hoff made the decision for Kearney to run the mile instead of the 880 because "he has a good chance to break the record and besides he placed in the half mile at the state meet last year."

The smooth striding Kearney has already been clocked in 1:54 for the 880.

THE OPPOSITION
A check on comparative times indicates Kearney may have the state finals pretty much to himself at the finish but not by 60 yards.

His closest rivals are expected to be Ben Madera, Wyandotte (4:23.2); Nor Nehring, Kalamazoo Central (4:24.8); and Brian Moore, Detroit Cass Tech (4:26.4).

Waterford ran away from Rochester 98-11 and Fitzgerald defeated Lake Orion, 62½-36½, yesterday.

Milford and Hazel Park moved closer to league baseball titles Monday with key victories in the Wayne-Oakland and Southeastern Michigan Association races, respectively.

Milford had a big six run inning in downing West Bloomfield, 8-0, and the Redskins moved into first place when Northville overcame a seven-run sixth inning by Bloomfield Hills for a wild 9-8 win. Both Hills and the Mustangs are 4-4 and Milford is 8-3.

Clarkston (7-5) kept its slim hopes alive with an 11-0 romp over Clarensville, and Holly downed Brighton, 3-1.

In the SEMA, Hazel Park moved within two wins of clinching the title by downing Southfield, 3-1, behind Gary Eddings, Runner-up Birmingham. Seaholm tripped Royal Oak Kimball, 7-4, with three runs in the sixth inning.

STRUGGLES
Tri-County League action saw Waterford Kettering nip L'Anse Creuse at Mount Clemens, 1-0, in eight innings and Romeo edged Oxford, 3-2, in another tense struggle. Both winners are fighting to catch league-leading Lapeer.

In Catholic League games, Orchard Lake St. Mary made St. Michael its fourth straight victim, 3-1. Royal Oak Shrine nipped Redford St. Mary, 3-2, and Detroit Austin ripped Birmingham Brother Rice, 11-1.

Milford used four hits, two

Legislators Shelve Greyhound Racing

LANSING (AP) — A greyhound racing bill was scratched in the House Monday after it got further than any odds-maker would have predicted.

The bill was reported out Friday without recommendation by the State Affairs Committee. The lack of a recommendation usually means the measure is tabled.

Through a technical slip, however, the bill made it to the active calendar.

Rep. John Fitzpatrick, D-Detroit, chairman of the committee, asked that the bill be moved to the head of the calendar. The House membership approved, voted on one amendment, and then voted to shelve the bill.

It will take a majority vote now even to bring the controversial measure to a vote.

Top AHL Defenseman

ROCHESTER, N.Y. (UPI) — Al Arbour of the Rochester Americans, one of a handful of hockey players who wears glasses while playing, today was named the American Hockey League's outstanding defenseman for the 1964-65 season.

The 185-pound former Detroit Red Wing from Sudbury, Ont., received 38 out of a possible 45 points in the balloting of the league's press, radio and television representatives.

walks and two errors for its six-run rally over West Bloomfield. Mike Painchaud fanned 10 to get the win.

Bloomfield Hills took an 8-3 lead at Northville aided by two run singles by Greg Anderson and Dave Hobbard in the seven-run sixth, but the Mustangs first five batters reached base and scored with only one out in the bottom of the frame to tie it.

An error let in the winning run in the seventh.

Holly's Dick Krouse homered with a man on in the first inning and blanked Brighton in relief for the Broncos' win, while Gary Pearson's three-hitter and strong hitting by Tom Allen, Chris Paladino and Steve Barnett paced Clarkston.

Eddings doubled in the two runs he needed and Lamed 13 for Hazel Park. An error opened the gates for Seaholm's winning rally against Kimball.

Denny Campbell's triple and Dale Manning's 17 strikeouts featured Kettering's victory;

while Romeo's Boggs singled home the winning marker at Oxford.

Comme Krogulec singled in the tying run and scored the winner for OLSM. Roger Cook's base running led to St. Mike's run.

Heavyweights 'Spar'

PHILADELPHIA (AP) — Heavyweight boxing champion Cassius Muhammad Ali (Clay), and challenger Sonny Liston, sparred (verbally) at a telephone-booth news conference Monday night, both predicting they would win next week's championship bout at Lewiston, Maine, by a knockout.

The pair spoke from their respective training camps to an audience which included three former heavyweight champs — Joe Louis, Jersey Joe Walcott and Jim Braddock — and the Olympic title-holder, Joe Frazer.

The former boxing greats and fans jammed a downtown restaurant for the piped-in news conference.

Clay, his usual ebullient self, told newsmen:

"I'm going to win by a knockdown, but I'm not picking the round, because then no one would come to see the fight."

SONNY DISAGREED

Liston his usual taciturn self, also saw a knockout in his future, but disagreed with Clay as to who would be the one standing up.

Confab Sought by Argentina

Want Latin Meeting on Dominican Crisis

BUENOS AIRES, Argentina (AP) — Argentina is trying to put together a conference of seven South American foreign ministers to discuss the Dominican crisis and bolster the inter-American system.

Foreign Minister Miguel Angel Zavala Ortiz had announced Monday night he had invited his colleagues — from Brazil, Chile, Peru, Bolivia, Uruguay and Paraguay — to Buenos Aires to seek a solution to the Dominican problem threatening hemispheric solidarity and consultation.

Whether the ministers can come "will depend on their present commitments and obligations," Zavala Ortiz said. Chile's Gabriel Valdes at once said he couldn't, that his schedule was too full, and that he couldn't brief a representative "on such short notice."

BY TELEPHONE

Zavala Ortiz said consultations could be held by telephone if some of the ministers could not make it to Buenos Aires. The invitations were issued last week.

Those asked to come are from South America's "southern cone" of countries. They are sharply split on the Dominican civil war and U.S. intervention in it. Argentina, Brazil, Bolivia and Paraguay generally back the landing of U.S. troops in Santo Domingo. Chile, Peru and Uruguay bitterly oppose it.

Uruguay spearheaded an anti-U.S. drive in the U.N. Security Council debate on the Dominican situation.

Argentina reportedly feels disunity among the South American countries is hampering peace efforts by the Organization of American States and is weakening the whole inter-American system.

HOPED TO CONVENE

Reliable sources said Zavala Ortiz hoped to convene the meeting by Thursday or Friday. Uruguayan Foreign Minister Luis Vidal arrived unexpectedly Monday night and met with Zavala Ortiz. He told newsmen: "I understand other foreign ministers will come."

Informed sources said Paraguayan Foreign Minister Luis Sapena Pastor was expected here today.

Arts-Crafts Confab to Hear Architect

Bengt L. Swenson, architect and interior designer, 4079 W. Maple, Bloomfield Township, will be a featured speaker at a two-day Arts-Crafts Conference to be held in Traverse City Saturday and Sunday as a climax to Michigan Week Cultural Activities.

Subject of Swenson's talk will be "What Can Arts and Crafts Do to a More Enlightened Public?"

Mr. and Mrs. William Nicholai, 4045 Sashabaw, Waterford Township, will show color films of Michigan artists and craftsmen at work in their studios and shops, Saturday evening.

The doors of our establishment are always open to those seeking advice or counsel pertaining to funeral matters.

Deaths in Pontiac Area

MRS. CHESTER HALL. — Service for Mrs. Chester (Constance) Hall, 39, of 2242 Garland, Sylvan Lake, will be at 3:30 p.m. Thursday at Sparks-Griffin Chapel with burial in Perry Mount Park Cemetery.

Mrs. Hall, a member of All Saints Episcopal Church, died this morning.

Surviving are her husband; and a brother.

MRS. CHARLES BEAGLE. — Service for Mrs. Charles (Mary Jane) Beagle, 75, of 523 Pontiac Trail will be 11 a.m. Thursday at the Richardson Bird Funeral Home. Burial will be in Oak Grove Cemetery, Milford.

Memorial service will be 8 p.m. tomorrow at the funeral home under the auspices of the Lawrence A. Simms VFW Post No. 3952.

Mrs. Beagle died yesterday.

Waterford Agrees to Aid Study

After some sharp exchanges between Waterford Township Supervisor James E. Seetler and Trustee Loren Anderson, and township board last night agreed to cooperate on a proposed six-county area transportation and land use study.

The \$3.6-million study which is expected to take about three years to complete would include Oakland, Wayne, Macomb, Washtenaw, St. Clair and Monroe Counties.

James Miller of the Detroit Metropolitan Area Regional Planning Commission, one of the proponents of the study, last night asked the board to agree to a memorandum of understanding for the program.

He pointed out that this preliminary action would not obligate the township financially since the cost of the program would be borne at the county level, by the city of Detroit and with matching federal funds.

The memo of understanding is being sought from all communities in the six-county area so that an application for federal aid can be filed by the July 1 deadline, Miller said.

TAKES ISSUE

Anderson took issue with the lengthy description of the proposed study which he described as vague from cover to cover as far as expenditures are concerned.

Also stating that it appeared to be a study of a previous study, Anderson said he was unwilling to sign a blank check for anything.

Seetler accused Anderson of attacking the principle of federal funds rather than the specific study proposal.

Joining Anderson in opposition to the memo of understanding was Trustee Frank Richardson.

Trustee Rudy Mansfield, supported the motion of Clerk Elmer Fangbner to approve the memo.

after a long illness. She was a member of the Benton Parkway Auxiliary Barracks No. 267 of Plymouth and the Simms VFW Ladies Auxiliary, Wixom and Walled Lake.

MRS. LELAND CONLEY. — PONTIAC TOWNSHIP — Mrs. Leland (Anne) Conley, 75, of 71 Hillfield died yesterday after a short illness. Her body is at the Harold R. Davis Funeral Home, Auburn Heights.

Surviving is one brother, W. E. Cole of Clarkston.

MRS. CHARLES F. KINGSTON. — TROY — Mrs. Charles F. Kingston, 83, of 1800 John St. died this morning after a long illness. Her body is at the Price Funeral Home.

CHARLES A. KREIDLER. — BLOOMFIELD TOWNSHIP — Service for Charles A. Kreidler, 72, of 1756 Yorkshire will be 1:30 p.m. Thursday at St. James Episcopal Church, Birmingham. Place of burial will be announced.

Mr. Kreidler died suddenly yesterday. He was associated with Schmidt-Ellis Investment Brokers, Detroit. He was a member of the Detroit Stock Exchange and a member of St. James Episcopal Church.

Surviving are his wife, Hazel W.; one daughter, Mrs. Floyd R. Griffith of Birmingham; one son, William W. of Orlando, Fla.; and six grandchildren.

Arrangements are being handled by the Bell Chapel of the William R. Hamilton Funeral Home, Birmingham.

MRS. WALTER MAGEL.

HADLEY — Service for Mrs. Walter (Emma A.) Magel, 80, of 3656 Davenport will be 1:30 p.m. Thursday at the Baird-Newton Funeral Home, Lapeer. Burial will be in Farmer's Creek Cemetery.

Mrs. Magel died yesterday after a long illness. Surviving besides her husband are three sons, Iroy and Wallace of Hadley and Irwin of Pontiac; six grandchildren; and five great-grandchildren.

GRANT C. RHODES.

WASHINGTON TOWNSHIP — Service for Grant C. Rhodes, 46, of 58379 Romeo Plank will be held yesterday at Roth's Home for Funerals, Romeo, with burial following in the Romeo Cemetery.

Mr. Rhodes died Friday. He was a member of Davis Lodge, F&AM, and the Davis Grange.

Surviving are his wife, Betty; two daughters, Susan at St. Joseph Academy, Adrian, and Mary Jeanne, at home; two sons, Gerard and John, both at home; his parents, Mr. and Mrs. Frank Rhodes of Pontiac; and two sisters.

MRS. WILLIAM C. THOM. — ROCHESTER — Service for Mrs. William C. (Elizabeth A.) Thom, 83, of 2627 Norton Lawn will be 11 a.m. Thursday at the William R. Potere Funeral Home. Burial will be in Mount Avon Cemetery.

Mrs. Thom died yesterday after a long illness.

Surviving besides her husband are two daughters, Mrs. Alec Dykes of Columbiaville and Mrs. Fred Lowrie of Wayne; two sons, Roland J. and William P., both of Rochester; two sisters; 10 grandchildren; and five great-grandchildren.

MRS. THEODORE WEDYKE. — TROY — Mrs. Theodore (Dorothy) Wedyke, 49, of 876 Robinwood died this morning after a short illness. Her body is at the Price Funeral Home.

Suicide Threat Made by Girl

A 15-year-old Waterford Township girl last night threatened to jump from atop the water tower on Macey Drive but later heeded the pleas of police and her boyfriend and climbed down.

The girl said she was despondent because her parents had forbidden her to see her boyfriend, according to township police.

Waterford patrolmen Donald Bailey and Richard Gilchrist climbed the tower to talk to the girl, who sat at the summit with her boyfriend for about 15 minutes.

Dies in 2-Car Crash

GREENVILLE (AP) — Herbert F. Lyon, 78, of Belding, was killed Monday in a two-car crash at an M91 intersection near here. State police said Lyon apparently ran a stop sign.

WAYNE N. MCCANDLESS

City Merchant Lions Official

At the state convention of Lions International in Detroit this week, Wayne N. McCandless, owner of McCandless Carpets, 11 N. Perry, was elected district governor for 36 Lions Clubs in Oakland, Macomb and St. Clair counties.

McCandless, of 4255 Lakewood, Waterford Township, is a former zone chairman, sergeant-at-arms, committee chairman and deputy district governor.

He is also a past president of the Lions Club of Pontiac.

Lions International now has clubs in 129 countries, with 18,993 clubs and 741,975 members.

Son of Polish Envoy Flees to W. Berlin

BY JOHN O. KOEHLER

BERLIN (AP) — Another defection from Poland's diplomatic colony in Berlin was reported today. U.S. authorities said the 19-year-old son of the Polish economic attaché in East Berlin escaped to West Berlin two weeks ago and asked for political asylum.

The chief of the Polish military mission in West Berlin, Wladyslaw Tykocinski, defected Sunday and was flown to West Germany. U.S. officials said his request for political asylum in the United States was under consideration.

The economic attaché's son was Marek Radomski, who presented a diplomatic passport to the East German border guards at checkpoint Charlie on May 5 and crossed through the Berlin wall.

On the West Berlin side, Radomski told U.S. military policemen at the checkpoint that he wanted political asylum.

U.S. officials contacted Tykocinski's Polish mission in West Berlin and arranged for Polish diplomats to talk to the boy to satisfy them that his decision was entirely voluntary.

U.S. Plan Will Aid Poor Preschoolers

President Johnson today announced plans to give a half million poor children, 567 of them in Oakland County, an educational "head start" this summer.

The program is designed to prepare the disadvantaged children so they can hold their own with others when formal schooling starts in the fall.

It combines administration efforts in the education and antipoverty fields.

Oakland County will receive an initial grant of \$111,223 from the federal government, according to U.S. Sen. Billie Farnum of the 19th Congressional District.

Another \$143,485 will have to be raised locally to implement the program.

40 CENTERS. During the eight-week program the children will get the attention of 49 professionals in health and education at 40 different centers throughout the area.

In addition there will be 49 part-time workers with lesser skills, plus 110 volunteers, according to Farnum.

In a statement to a news conference, Johnson said the "head start" program will enroll 530,000 youngsters at 11,000

Selma Sheriff Not Expected to Take Stand

SELMA, Ala. (AP) — Defense attorneys fighting a contempt of court complaint against Sheriff James G. Clark were expected to wind up their case without calling the sheriff as a witness.

Clark said he did not expect to take the stand.

A symbol of segregationist resistance to the civil rights movement, Clark is accused of violating a federal court injunction prohibiting him from interfering with prospective new Negro voters.

U.S. District Judge Daniel H. Thomas, presiding over the federal court hearing, expressed disappointment that attorneys failed to finish Monday.

REVIVED MEMORIES

The hearing, now in its fourth day, has revived faded memories of the street demonstrations and mass arrests in the early weeks of the right to vote struggle in Selma.

The almost daily freedom marches to the courthouse ceased more than a month ago, so did the accompanying arrests which on some days sent hundreds of Negroes to jail.

Clark faces a possible contempt of court citation because of the earlier arrests.

A Selma Negro businesswoman and civil rights leader, Amelia Boynton, filed the complaint, charging the sheriff with disobeying orders handed down by Judge Thomas on Jan. 23. She asked the court to hold Clark in contempt and punish him under the Civil Rights Act.

Detroit Is Held in \$6,842 Robbery

DETROIT (AP) — James Lark, 45, of Detroit today was held for questioning in connection with the \$6,842 robbery of the Federal Savings and Loan Association.

The bank was robbed Monday by a man wielding a long-barreled revolver.

Police said they also were questioning Lark about two previous robberies at the bank, one of \$5,655 and the other of \$5,402.

Disaster Relief Funds

Available to Michigan

WASHINGTON (AP) — President Johnson made \$750,000 of federal disaster relief funds available to Michigan Monday for reconstruction of public property damaged by storms and tornadoes on Palm Sunday.

The White House said Gov. George Romney had asked for the money. Johnson previously had declared the state a major disaster area and thereby made it available for federal financial help.

At the same time, the man police believed to be the brains of the gang was arrested in Lugano, Switzerland, and extradited to Italy.

The strange case, called the "Case of the Capuchin Smugglers" by the Italian press, started a week ago when one of the Albano friars, Antonio Corsi, turned up at a Rome hospital with a man he said had been injured in an auto accident.

The next morning Friar Corsi told police he had found the body of another man apparently injured in the same accident.

GATEWAY SMASHED

Although Corsi said he had found them on a highway, a full-scale police investigation showed that the gateway into the monastery had been smashed and the injured man and the dead man had been involved.

The case took another turn when police discovered 30 cases of contraband cigarettes worth about \$48,000 inside the monastery.

After a week of checking, police said they had what they thought were complete details.

Waterford OKs Expansion of Township Water Plan

The Waterford Township Board last night authorized a \$1.05 million expansion of the township water system to include some areas excluded in the system's present plan.

In a formal resolution, the board requested the Oakland County Department of Public Works to proceed on the expansion program.

The DPW is acting as agent for the township in the present \$7.35 million water system project started a year ago.

The new phase of the water system project, like the initial phase, will be financed by sale of bonds.

In other action last night, the board authorized expenditure of \$31,400 to match county funds for road improvements. This will be earmarked for Macey Road between Nelsley and Williams Lake Road.

Also last night the board approved a dog ordinance provision prohibiting pets from being kept in an area within 15 feet of a neighbor's occupied building.

Acting on a recommendation from the fire marshal, the board rejected the request of Robert Larson to establish a pool hall at 1775 Williams Lake.

The board also introduced an amendment to the township's carnival ordinance calling for mechanical inspection of amusement rides.

Action on the proposal is slated next Monday.

Couple Gets 20 Years for Starving Son

JACKSONVILLE, Fla. (UPI) — A sailor and his wife, convicted of manslaughter for starving their 3-year-old son to death yesterday were sentenced to 20 years in prison, the maximum punishment.

Circuit Judge John McNatt said during sentencing he could not imagine "a more horrible crime."

Noel Lee Smith Jr. and Juanita Smith were first charged with first degree murder but were allowed to plead guilty to the lesser charge of manslaughter.

The child, Ronald Lee Smith, weighed 15 pounds last September when his father took him to the Naval Hospital here. An autopsy showed the boy died of malnutrition. "The boy's twin brother was also suffering from malnutrition when he died two years ago, but the cause of his death was listed as bronchial pneumonia."

The couple have three other children. Doctors said they were in good health.

Their lawyer asked for mercy. He said society had been unable to watch out for the mentally ill.

"We were forewarned in this case and we did not take this warning," he said, referring to the death of the first child.

'Friars Aided in Smuggling'

Clerics Incriminated in Rome Operation

ROME (UPI) — Police said today Capuchin friars at a monastery near Rome played a role in a large cigarette smuggling operation.

Two of the six friars at the convent of Albano, in the "Roman Castle" hills just south of Rome, were incriminated by police but have not yet been charged.

At the same time, the man police believed to be the brains of the gang was arrested in Lugano, Switzerland, and extradited to Italy.

The strange case, called the "Case of the Capuchin Smugglers" by the Italian press, started a week ago when one of the Albano friars, Antonio Corsi, turned up at a Rome hospital with a man he said had been injured in an auto accident.

The next morning Friar Corsi told police he had found the body of another man apparently injured in the same accident.

GATEWAY SMASHED

Although Corsi said he had found them on a highway, a full-scale police investigation showed that the gateway into the monastery had been smashed and the injured man and the dead man had been involved.

The case took another turn when police discovered 30 cases of contraband cigarettes worth about \$48,000 inside the monastery.

After a week of checking, police said they had what they thought were complete details.

Pontiac Man New Leader of Guard Unit

The Pontiac National Guard unit, Company A, 2nd Battalion of the 125th Infantry, has a new commander.

First Lt. David W. MacGillis, 34, of 259 W. Columbia took command of the company Saturday.

Capt. Robert G. Garland of Mount Clemens, former commander, has been named intelligence officer for the 2nd Battalion in Flint.

Garland joined the Pontiac unit in 1947. He was a veteran of the American Division in the Pacific Theater during World War II.

MacGillis, Pontiac dog warden, joined the National Guard in 1946.

He received his commission in 1959 and joined the Pontiac unit as executive officer in 1962.

93rd Birthday Today for Bertrand Russell

PENRYN DEUDRAETH, Wales (AP) — Bertrand Russell, the philosopher and a ban-the-bomb campaigner, observed his 93rd birthday here today.

Lord Russell, who is an earl and grandson of a prime minister, was spending the day quietly at his Welsh home overlooking the Glastyn River. With him was the American-born Countess Russell.

Election Notice, Ballot Approved

The June 14 school election notice and ballot were approved last night at a special meeting of the Pontiac Board of Education.

Three candidates have filed for the two board posts which will be filled.

Incumbent William H. Anderson will be faced by Dr. Robert R. Toppin and Mrs. Lucille D. Marshall in the contest for the positions.

Total Justice Must Prevail in Alabama Murder Trial

America is still discussing the verdict in the COLLEGE LARRY WILLIAMS Jr. murder trial in Hayneville, Alabama.

The defense attorney pulled out all the time-honored stops and gave it the full treatment. He even tried to besmirch the name of the FBI agent whose testimony was so damaging. Poor GARY ROWE was almost aligned with Russian communism and our FBI was practically painted as an unholly and un-American organization.

The jury voted ten to two.

The United States of America is receiving this verdict unhappily, by and large. The final decision rested in the hands of these twelve jurors and ten of them declared the prisoner guilty. This constitutes an amazing showing for guilt in the light of past history in such Alabama cases.

These are days of desegregation. The country is striving at great length to bring about justice and equality. This court was considering murder. Color had no place at all. Several times the prosecuting attorney made the point that the case concerned a brutal slaying. Sentiment, personal preferences and past practices were unimportant.

Alabama juries must face the facts of today and do so now. The Nation, the law and the courts have spoken. We can't have a separate set of circumstances governing a few areas that still bow before tradition and the prejudices of a century.

A desperate attempt was made to discredit the name and memory of the murdered Detroit woman. Whether she was as weak as painted—or whether she was an angel—isn't the point.

She wasn't on trial. She'd been brutally slain. This jury came very close to conviction. It was a step in the right direction, but a step isn't sufficient. Nothing less than one hundred per cent justice should prevail.

There will be a re-trial. That's as it should be.

"Bobby" Kennedy . . .

Before the last Democratic convention, opponents of "Bobby" KENNEDY were afraid he might crash the gate on the strength of his family name and become the Vice-Presidential nominee. The loyal and very vocal KENNEDY contingent was ready to support him, but LYNDON B. JOHNSON tossed the official nod to Minnesota's HUMPHREY.

JOHNSON was the Big Boss. KENNEDY didn't even rank as a pal.

When Bobby's older brother wielded the magic wand, Bobby snubbed the Texan and it wasn't done behind a veil of secrecy. LBJ stood up "and took it." He didn't demur. But the schism was apparent and Washingtonians understood it fully. Hence Kennedy's defiance of the head man in the past few days occasioned no great surprise. A big handful of Senators went along with Bobby and dispassionate news dispatches said his open opposition to the Dominican Republic crisis actually strengthened his position in the District of Columbia.

Bobby did his part skillfully.

Some commentators suggest now he might not wait until 1972 to toss

his hat into the Presidential circle. They feel that if he receives any appreciable encouragement and support from influential Democrats he can well appear in 1968 as an avowed candidate for the top spot.

This would constitute very dubious judgment. The picture can change in the interim, but Lyndon B. Johnson is the wheel-horse with all the face cards stacked in his own hands. Bobby has his followers and he could solidify what opposition there is to Johnson. But LBJ's Democratic opponents will be swept under a very small rug when a showdown comes, unless he commits a monumental party faux pas between now and the summer of 1968.

And in Conclusion . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

Baseball attendance and game TV viewing are slumping and they will continue to do so, until they speed up the game. The grotesque spectacle of a three dollar pitcher posing for 40 seconds before delivering "ball two" is sending thousands of fans home for good and turning off TV sets all over the land. . . . Overheard: "He invented a cigarette with ear plugs. You can't hear the advice of friends that suggest you stop." . . . In the last ten days, the leaves have simply popped and nature is especially lovely everywhere.

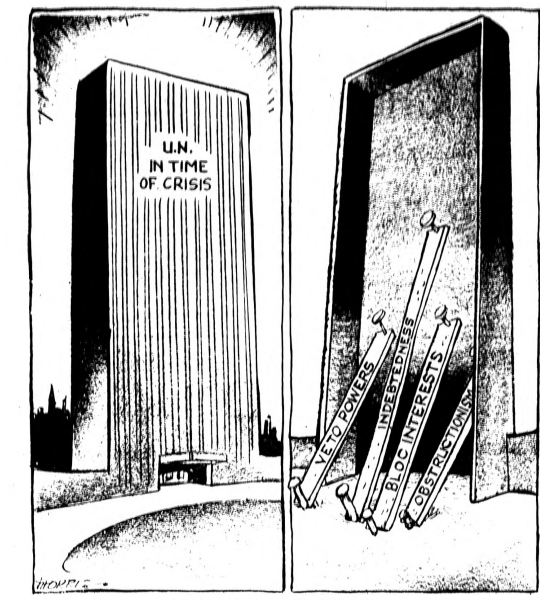

There are only 12,000 people in the whole U.S. 100 years old—and up. . . . Overheard: "My dog never barks but he's the most wonderful watchdog you ever saw. His bite's so much worse than his bark." . . . How many Oakland County residents know that one of Jerome Bronson's very capable young assistants is a grandson of former GM President William S. Knudsen? . . . The latest in Gotham is panhandling in groups of three to five. . . . Stan Swinton, Director of A.P. World Services, has had by-lines on news dispatches in more than 100 different countries.

One of Michigan's best established and most honorable firms brought 27 indigents up from Appalachia to help the Government battle. Within three weeks, every one returned—to live in leisure on the taxpayers' . . . Overheard: "When people tell you something 'for your own good,' it's usually for their own satisfaction." . . . LBJ is tendering the olive branch to TV and radio. He ought to. He gave them raw, rough deals the last few times out. . . . Dept. of Cheers and Jeers: the C's—That Alabama jury.

—HAROLD A. FITZGERALD

Now and then all traffic laws and regulations should be suspended for a weekend, during which sensible people would, of course, stay out of traffic, and reckless drivers would scratch off and go hurtling along the highways, killing off a considerable number of one another.

"Russian is not a difficult language to learn," says a professor. At any rate, it is doubtless much easier to learn to understand Russian than Russians.

David Lawrence Says:

Latin Crises Being Compared

WASHINGTON Comparisons of the manner in which three presidents—Eisenhower, Kennedy and Johnson—have handled situations in the Caribbean are being made nowadays.

For instance, former Sen. Kenneth Keating of New York, Republican, said a few days ago:

"If we would have dealt with Cuba the way we were acting in the Dominican Republic, then the Cuban situation would never have gotten out of hand."

What John F. Kennedy might have done in the Dominican crisis is a matter of conjecture, but his brother, Sen. Robert Kennedy, said the other day that he felt President Johnson was wrong in not consulting the Organization of American States before sending Marines to the Dominican Republic.

Now former President Eisenhower has expressed himself on both the Dominican Republic and Cuba. He told a news conference that he thinks President Johnson was "absolutely right" in what he did to protect American property and to allow a legitimate government to be organized in Santo Domingo.

Mr. Eisenhower rejected the suggestion that he himself should have taken similar action when Castro came into power in Cuba, and pointed out that the situation then "was by no means similar."

WORST DEGREE

"I think the United States would have been called 'interventionist' and 'imperialist' of the worst degree if we had moved quickly in that situation."

Eisenhower argued that there is no analogy between the present situation and the revolt in Hungary in 1956.

He declared that any action by the United States in Hungary would have meant that the United States would have had to send its military forces through other countries, for which it probably could not have gotten permission, and that the only effective military way would have been to "go directly to Russia with our bombs"—something that would have brought on a major war.

When Soviet missiles were discovered in Cuba in 1962, the Kennedy administration mobilized American military power and demanded that the missiles be removed.

NOT KNOWN

To this day, it is not known whether the missile bases have been rendered completely useless or whether the trained Russian technicians who remain in Cuba can still activate such bases in a short time.

But, just as Eisenhower says that the people of the United States would not have sanctioned intervention in Cuba during his administration, so it may be argued that public opinion would not have favored more drastic steps than

were taken by the Kennedy administration during the missile crisis.

There will, of course, always be those who say that the Soviet Union would not have engaged in a war with the United States just because of Castro. The mere fact that the Soviets had publicly agreed to withdraw their missiles is regarded as a sign that they were willing to call it quits.

Under these circumstances, the verdict of history may be

that the Kennedy administration acted in conformity with American public opinion at the time.

If the Cuban story should, however, have another chapter and America should be endangered once again by reason of missiles bases in Cuba, there will be a renewed demand that the United States take the necessary risks and rid itself of a hostile base so close to the shores of this country.

Bob Considine Says:

Japanese Balloon Bomb Strangest WWII Weapon

NEW YORK — Just 20 years ago, while America was happily celebrating the wrap-up of the war in Europe, the U.S. mainland and portions of Canada were under attack by the most bizarre weapon system of the war, the Japanese paper balloon barrage.

One such unmanned bag of hydrogen, launched in Japan, briefly halted production on the still supersecret U.S. atomic bomb.

By incredible chance, it sailed thousands of miles against the Pacific, prodded along by the jet stream that prevails at heights between 25,000 and 40,000 feet, and came to rest on some naked power lines leading from Bonnevill Dam to the Hanford, Wash., plutonium plant. The lines were short-circuited.

The essence of the bomb that eventually fell on Nagasaki and broke the spine of Japan's resistance was being refined at Hanford that day.

It was a zillion to one shot, of course, and never made the newspapers because of censorship. But the whole adventure was spooky, as the U.S. Naval Academy's Clark G. Reynolds, Ph.D., relates in the current issue of "The Airpower Historian," a fascinating journal put out by the Air Force Historical Foundation, Maxwell Air Force Base, Montgomery, Ala.

In all, 9,000 balloons were launched before the campaign against the U.S. was dropped late in June 1945.

Thousands fell harmlessly in the Pacific, miles short of their objectives. Interceptors at Hawaii and in the Aleutians shot down many more as they drifted by. A Montana sheriff plugged one with a rifle bullet.

They came down in areas as widely separated as Alaska and Oxnard, Calif., and drifted as far east as Nebraska.

Some 230 of them were accounted for by authorities. But the lid was kept on the story to a remarkable degree.

What pried it loose was the tragedy of May 5, 1945, at Lakeview, Ore.

Voice of the People:

Reader Sounds Praises for British Entertainers

The British musical groups are much better than any American group. The unkempt ones are American. Maybe some of the English groups aren't the most handsome men in the world, but at least they can sing and play their instruments.

The English groups also aren't afraid of saying and doing what they like even though it may hurt their popularity. If they want to date or get married, they do. They admit they want money, but they want to enjoy it, so they do.

AN ENGLISH REVOLUTIONIST

'Automobile Insurance Rates Are High'

When is something going to be done about the high cost of automobile insurance? What does a person pay accident insurance for? As soon as an accident is reported to the insurance company we are given a notice of cancellation. When we apply for other insurance we are now an assigned risk and coverage costs over \$400. A person has no choice but to drive without insurance or leave his car parked in the garage.

BERNADETTE M. SPURGEON

'Small Mark Can Make Big Difference'

Why do people misquote dignitaries? This time Leroy Dean of Highland misquotes and declaims of fraudulence when he states that FBI promised the mothers of America that "Our boys will never again fight on foreign soil." Note that period at the end of statement and watch where it factually goes.

Roosevelt promised: "Our boys will never again fight on foreign soil unless we are attacked."

Let's be careful with punctuation. It can distort the meaning badly.

DOT DASH

Kosygin Is Escort

Red Carpet Greets Shastri

LENINGRAD, U.S.S.R. — Prime Minister Lal Bahadur Shastri of India, whose visit to the United States was postponed by President Johnson, is being shown around Leningrad by Premier Alexei N. Kosygin personally.

Indian sources said the two leaders are very pleased with their personal contacts.

Shastri was scheduled to pay a spring visit to Washington for talks with Johnson but Johnson postponed the visit until the fall because of what he called a heavy work load and a heavy schedule of other visitors.

Kosygin dropped his work in Moscow to come here yesterday with Shastri.

The sources said they had not had any political talks here, devoting the time instead to seeing Kosygin's old home town.

UNUSUAL

Such a personally escorted visit to this former czarist capital is unusual.

Diplomats in Moscow considered Kosygin's presence here a sign of special Soviet attention to India.

Shastri and Kosygin visited the Leningrad metal works where turbines are made for Indian power plants.

"Can we get more of them?" Shastri asked Kosygin.

HAVE TO PAY

"Yes, but you will have to pay for them," the Soviet premier replied.

Shastri said he was very impressed with the factory. He thanked the workers for sending equipment to India.

No Policy Genius

Nashville Banner

Hippity-hop comes Sen. Robert F. Kennedy to yap at President Johnson's heels for sending the Marines into the Dominican Republic without consulting the OAS for advice and consent. It wasn't, he said, the way his brother would have done it.

Hardly can Senator Kennedy lay claim to genius in this field of policy operations. For America has not forgotten the Bay of Pigs debacle and the presidential bungling that led to that military disaster.

The Senator, then attorney general and brotherly team advisor, sat in on the decisions and the switching of signals that turned prospects of victory into overwhelming defeat.

On the Latin front their sparks was to first deny that they were flying or fire faging, then when the evidence was in beyond all refutation, call a conference, poll the international assembly on what policy should be, and proceed from there according to whether it came up heads or tails. It was the latter more frequently than the former.

and subsequent encounters with the enemy there entrenched — whose subversive operations, military and otherwise, are conditioned on hemispheric defense forces standing still.

Senator Kennedy's formula didn't accomplish any security when — riding the official tandem family saddle — he helped make policy. And it won't now.

President Johnson is in charge of policy, and executing it with courage. He should be spared the habitizing of hacks whose needing can only give aid and comfort to divisionists in the OAS.

Senator Bobby should go 'limb another mountain.

Too Many . . .

The Atlanta Constitution

Praying is an art. Too many of us ask the Lord to guide us, then grab the steering wheel ourselves.

Inactivity

The Decatur Review

The United Nations Security Council hearings on the crisis in the Dominican Republic seemingly have turned into a "talkathon" of inactivity.

In one way, this is fortunate. The Security Council did not rush headlong into passing a resolution sponsored by the Soviet Union condemning the United States' action in the Dominican Republic. The Council waited, at the U.S. request, for the

Organization of American States to act.

Meanwhile, the OAS has indeed acted, voting by a bare two-thirds majority to send a peace force to the Dominican Republic.

Nevertheless, the Security Council debate has provided the world with the unappealing spectacle of diplomats calling each other dirty names, with no visible good coming out of it.

The debate once again points up the crisis which faces the United Nations, an organization which has peace as its goal but is at war within itself; an agency split by many blocs, factions and coalitions.

Actions, it is often said, speak louder than words. If this is true, the United Nations — where words are flung with abandon — is indeed a small voice in a troubled world.

Repeal Taft-Hartley Section—LBJ

\$147.7 Million in Senate

Spending Bills OK'd

LANSING (AP) — The Senate approved \$147.7 million in state spending for 1965-66 last night. Senators debated at length a \$100,000 study of higher education by the new State Board of Education before rejecting it. Then, in a rapid-fire series

of final votes on which not one dissent was recorded, it passed these appropriations bills:

- \$101,661,959 for mental health.
- \$20,431,547 for public health.

- \$29,109,429 for corrections.
- \$2.8 million for study and preliminary planning of capital outlay projects.
- \$2 million for scholarships to college students.
- \$673,460 for local airport development.

The figures were close to those recommended by Gov. George Romney in his Budget message.

NOT IN HOUSE

But that wasn't the case in the House, where a \$544 million school aid bill moved without debate into position for final passage. That measure is nearly \$20 million above Romney's suggestion. The House also moved a flock of other spending bills up to the final vote position.

The Senate put over until tomorrow preliminary debate on a school and proposal which is \$62 million less than the House measure.

The Senate ran out of time before it could vote on a \$185.9-million higher education bill. It was first on the agenda for today.

Osteopathic College Study Added to Bill

The State Senate yesterday approved a study of the proposed Michigan College of Osteopathic Medicine, to be located in Pontiac.

The action came after a lengthy debate in the upper House. The vote was 17-11 in favor of appropriating funds for the study.

A bill which would have provided operating and maintenance funds for the school was killed last Friday in the appropriations committee.

Sen. Carl O'Brien (D-Pontiac) Sen. Raymond Dzendzel (D-Detroit), backed the study amendment on a \$2.8-million project study bill.

"Despite the fact that our osteopaths provide the basic health care for one-third of our state's population, there has never been a college in our state," Dzendzel said.

At present, the Michigan Association of Osteopathic Physicians and Surgeons is at work raising funds to construct the college.

The federal government will also assist in funding the construction.

The state would participate by providing funds for operation of the school and by organizing a 10-man college authority to oversee and operate the college.

U.S. Resumes Air Attacks on N. Viet Nam

Carrier-Based Planes Blast Storage Area South of Capital City

SAIGON, South Viet Nam (AP) — The United States resumed air strikes against North Viet Nam today, a U.S. military spokesman said.

The spokesman said 30 U.S. Navy planes from the 7th Fleet carrier Coral Sea attacked a petroleum storage area at Phu Qui, 125 miles south of Hanoi.

Initial pilot reports said severe damage was inflicted on the target, which was reported burning.

The strikes were the first against the Communist North in six days. There was no explanation here for their resumption.

Twenty propeller-driven Skyraiders and jet Skyhawks, supported by 10 Crusader jets, hammered the target with 25 tons of bombs, Zuni rockets and Bullpup air-to-ground missiles in a 30-minute assault, the spokesman said.

The planes encountered light ground fire and all returned safely, the spokesman said. No enemy aircraft were reported.

In the meantime, the ground was picked up.

Vietnamese troops and U.S. helicopters killed 128 Viet Cong troops and captured 31 in three operations today and yesterday. But 11 government troops were killed and 58 were missing in a Viet Cong attack on a hamlet 100 miles east of Saigon.

More than a battalion of South Vietnamese troops hit a Viet Cong training camp 30 miles south of the Da Nang airbase early today. During seven hours of fighting they killed at least 40 guerrillas and captured six along with a number of weapons, grenades and mines, U.S. officials reported after a body count of the dead.

There was no immediate report of government casualties in this operation.

In Binh Tuy Province, two companies of Viet Cong attacked a village 65 miles east of Saigon Monday. Four U.S. helicopters battered the Communists while ground troops reinforced a regional forces company defending the village.

A U.S. spokesman said 50 Viet Cong were killed — 30 of them by fire from the helicopters — while five of the defenders were killed and four were wounded.

Mayor for a day Edward Schimke of the Village of Pentwater wondered why he should be in the picture with all the pretty women. He seems to be enjoying the experience, surrounded by (from left) Mrs. David Saks, president of the Oakland County Federation of Women's Clubs (the group giving the dinner Schimke attended yesterday evening at Kingsley Inn); Mrs. William H. Taylor Jr.; and Mrs. Schimke (other dinner pictures on Page 11).

'Mayor for a Day' Amazed at Progress Made by City

Visiting Pontiac in yesterday's Mayors Exchange Day program was like a reunion with an old friend for Pentwater Village President Edward A. Schimke.

Schimke lived in Pontiac for a brief time 30 years ago and had made few trips back since then.

At a dinner at Kingsley Inn in Bloomfield Hills last night, he said he was amazed at the progress Pontiac has been making.

"We've been royally treated. The people have been wonderful to us — everyone from the mayor on down," he said.

"It's been an exciting day and a memorable one."

MUST HAVE MONEY

"Wide Track Drive, all those buildings (both municipal offices and the county service center were on his itinerary) are amazing. You must have money in Pontiac."

Greeted at the city limits by a police escort, Pontiac's mayor-for-a-day and his wife arrived at City Hall about 10 a.m. Coffee and donuts refreshed the Schimkes for their busy day.

They were guided by Mayor Pro Tem and Mrs. Leslie H. Hudson.

A motor tour of the city's loop road — Wide Track — led off the Mayors Exchange Day visit.

At midday, Pontiac Motor Division hosted a luncheon for

the visitors. Representatives of the city's three auto plants attended. An auto plant tour followed.

The Oakland County Service Center was toured in the afternoon.

In the evening, the Schimkes and members of the Pontiac City Commission attended the Heritage Day dinner.

Leaving for Pentwater this

morning, the Schimkes took with them a key to the city, model Pontiac cars and a stuffed toy tiger; all to remind them of their visit to Pontiac.

Meantime, Mayor William H. Taylor Jr., in a switch from normal happenings, will fulfill his end of the Mayors Exchange Day on Friday, visiting the Village on the Lake Michigan shore about 15 miles south of Luding.

Skirts Minimum Wage Boost in Labor Message

Urges an Extension of Coverage; Seeks Hike in Overtime Pay

WASHINGTON (AP)

President Johnson urged Congress today to repeal Section 14B of the Taft-Hartley Act, thus wiping out right to work laws in 19 states.

Johnson also asked Congress to extend minimum wage coverage to an additional 45 million workers.

He did not recommend an increase in the present federal minimum of \$1.25 an hour, a major goal of labor leaders.

"The question is not whether the minimum wage should be increased but when and by how much," Johnson said in his labor message to Congress.

"The Congress should consider carefully the effects of higher minimum wage rates on the incomes of those employed, and also on costs and prices, and on job opportunities — particularly for the flood of teen-agers now entering our labor force."

OVERTIME MESSAGE

Johnson also recommended legislation to discourage overtime work in order to spread employment by boosting the overtime pay requirements from time and one-half to double time.

While Johnson's message did not spell out the details, accompanying legislation would require double-time pay only after 48 hours of work in a given week.

This would drop one hour a week from a three-year period to 45 hours a week for workers now covered by the law.

The double-time provision apparently would not apply to the 4.5 million additional workers which the legislation seeks to bring under provisions of present law.

IN RETAIL TRADE

The additional workers to be covered by the \$1.25 minimum wage and the present time and one-half for overtime past 40 hours a week would be largely in retail trade, laundries and

(Continued on Page 2, Col. 3)

Say U.S. Plane Was Shot Down Over N. Korea

TOKYO (AP) — Pyongyang radio said a light U.S. L-19 reconnaissance plane was shot down today over Communist North Korea.

In Seoul the United Nations Command reported an announcement that a South Korean L-19 aircraft was reported missing and presumed down in North Korea after it strayed across the demilitarized armistice zone.

The U.M. Command said the plane belonged to the Republic of Korea. The fate of its Korean pilot was not immediately known.

An announcement said it still was not definitely determined if the L-19 plane had been shot down as claimed by a North Korean radio broadcast.

The broadcast monitored in Tokyo claimed the U.S. reconnaissance plane "illegally intruded into the territorial air" of North Korea at "2:42 p.m."

Threaten Drive to Crush Rebels

Dominican Junta: No to U.S. Peace Plan

SANTO DOMINGO, Dominican Republic (AP) — The Dominican junta today poised the threat of an all-out drive against the rebels after rejecting a new peace plan, offered by Washington.

As the junta sent tanks and fresh troops with mortars and artillery against rebel holdouts in northern Santo Domingo, Foreign Minister Horacio Vicioso warned that all resistance would be crushed unless the insurgents drop their "absurd and unacceptable pretensions."

The junta president, Brig. Gen. Antonio Imbert Barrera, rejected a U.S. proposal reportedly calling for a coalition, saying it would open the way to a Communist take-over.

The plan offered by presidential assistant McGeorge Bundy and three other officials from Washington reportedly called for a government headed by Antonio Guzman, agriculture minister under exiled President Juan Bosch.

Guzman was known to be acceptable to the rebel regime headed by Col. Francisco Caamano Dengo. The rebels originally sought the return of Bosch and of the constitution which was junked when the military overthrew him.

'BOSCH PUPPET'

Imbert called Guzman a "Bosch puppet." He said he reminded the U.S. envoys that a prime U.S. aim was to prevent the Dominican Republic from falling under Red domination.

U.S. spokesmen have begun retreating from Washington's original contention that Communists were dominating the rebel movement.

FOR SAFETY'S SAKE — Mrs. T. W. Jackson, president of the Traffic Safety division of the Pontiac Area Chamber of Commerce, sponsors of the city's vehicle inspection program, gives James E. Powers, safety director for Pontiac Motor Division and chairman of the program, the first "Safety Checked" sticker for the program which opened today and will run through Saturday.

Vehicle Safety Checks Start

Inspections Are Held at Area Locations

Annual voluntary motor vehicle inspections are being held this week in Pontiac and Waterford Township.

The Pontiac inspection program, sponsored by the Pontiac Area Chamber of Commerce, began this morning at five locations.

Waterford Township Junior Chamber of Commerce members will conduct township inspections Friday and Saturday at three locations: The MS9 Plaza, Drayton Shopping Center and the Pontiac Mall.

The Pontiac safety checks are conducted by volunteers from local civic and service clubs.

Check points will be open every day through Saturday from 10 a.m. to 6 p.m.

CAR STICKERS

James E. Powers, 4255 Lanette, Waterford Township, chairman of the Pontiac car inspections this year, reports that stickers will be given those whose cars pass the test.

Lights, brakes, turning signals, exhaust systems, tires, windshield wipers, and rear view mirrors will be checked, according to Powers.

Approximately 6,000 cars were tested last year, and the committee is hoping they reach at least 10,000 this year.

CHECK POINTS

Check points will be located on West Huron at Franklin Boulevard, Mount Clemens near Featherstone; North Johnson, near the Grand Trunk Railroad crossing west of Cass, Montcalm at Pingree and on Orchard Avenue east of Telegraph.

Chairman of the safety inspection program in Waterford Township is Gary Robinson.

Car and truck checks are scheduled Friday from 5 to 9 p.m. and Saturday from noon to 9 p.m. at the three Waterford locations.

Rain May Visit in Area Tonight, Early Tomorrow

Showers or thundershowers may visit the Pontiac area tonight and again early tomorrow morning.

Temperatures will fall into the high 50s tonight and edge up to 65 to 72 tomorrow. Sunny and cool is the outlook for Thursday.

Forty-six was the low recording in downtown Pontiac before 8 a.m. The mercury reading at 1 p.m. was 70.

For Advanced Gifts

Realtor to Head UF Unit

Pontiac realtor Bruce J. Annett has been named chairman of the advance gifts committee of the 1965 Pontiac Area United Fund campaign, Calvin J. Werner, general chairman of this year's drive, announced today.

Annett, president and treasurer of Annett, Inc., 28 E. Huron, real estate and property management firm, has been active in United Fund work since 1952. He was chairman of last year's campaign and in 1952 and 1962 served a chairman of the fund's commercial division.

The more than 50 members of the advance gifts committee will begin their activities in September, a month before the regular campaign opens.

They will solicit funds from the more than 300 individuals and companies whose contributions top \$100.

Annett, of 2799 Sylvan Shores, Waterford Township, has been active in professional groups holding both the presidency of the Pontiac Real Estate Board and the Michigan Real Estate Association.

He is also past president of the Pontiac City Club, and is active in the Pontiac Area Chamber of Commerce.

BRUCE J. ANNETT

Detroit Police Officer Who Gave Liuzzo Data Gets Transfer

DETROIT (AP) — A police detective disclosed Monday he gave out the police files information on slain civil rights worker Mrs. Viola Liuzzo and was promptly removed from his post.

Inspector E. J. Miller, head of the Criminal Intelligence Bureau, said he gave the information to Police Commissioner Marvin Lane of suburban Warren, who relayed it to Alabama Sheriff James C. Clark.

Police Commissioner Ray Girardin, while defending Miller's motives, removed him as head of the bureau. He was assigned elsewhere.

"Miller's motives were good, but his judgment was not," Girardin said.

SENT TO CLARK

The information was sent to Clark at Selma, Ala. Ultimately, it found its way into the hands of the Ku Klux Klan.

Investigations followed in

Zoning Report Due on Project

Has Tentative Okay of Pontiac Planners

City commissioners tonight are expected to receive a report on a rezoning proposal for a 90-acre site on Pontiac's east side for development of a multiple housing-shopping center complex.

The commission will receive the recommendation of the City Planning Commission.

City planners considered the rezoning at their meeting earlier this month and gave it a tentative affirmative recommendation.

However, the City Planning Commission gave its recommendation with the understanding that the developer would present a plot plan of the proposed project.

Final approval of the multiple housing and commercial zoning rests with the City Commission.

OTHER ACTION

In other action tonight, the commission is scheduled to consider appointments to the City Planning Commission and the Pontiac General Hospital Board of Trustees.

In addition, a letter is to be presented from Oakland Community College officials requesting that the college's one-half tax levy go on city tax bills this year.

The Weather

NATIONAL WEATHER — Showers and thundershowers are expected from the middle Mississippi Valley to the Ohio Valley tonight with occasional rain and showers in the Pacific Northwest. It will be warmer in the Pacific Northwest and cooler in the central part of the nation.

Threaten Drive to Crush Rebels

(Continued From Page One)

ing team sent to Santo Domingo by the organization of American States returned to Washington last night and said his group had made no progress.

"Unless and until the Dominican factions decide to trust each other, it is hard to figure how peace can be accomplished in the Dominican Republic," said Ambassador Ricardo C. Lombardo of Argentina.

WITH MISSION

Accompanying the OAS mission was Jack Hood Vaughn, an assistant secretary of state for inter-American affairs, who went to Santo Domingo with a Bunsen.

Gunfire echoed for nearly an hour last night north of the U.S.-patrolled corridor through the capital as junta forces waged a house-to-house battle against rebels outside the 20-block rebel area inside the U.S. lines.

Boostered by about 300 fresh soldiers from the armed forces training center at San Isidro air base, the junta climbed 115 forces had advanced five or six blocks in the northern suburbs in 24 hours.

It is estimated that 300 rebels were making a stand against more than 1,500 junta soldiers.

CROSSED BRIDGE

The junta force moved into the rebel area from the north, crossing the President Peynado Bridge over the Isabella River. They set up a line west of the rebels near the Quisqueya baseball stadium and began pressing eastward.

Clark said the call "threatened the lives of my wife, my children and myself." The call never has been traced.

BUSINESS AGENT

Mrs. Liuzzo's husband, Anthony, is a business agent of the Teamsters Union.

The information on Mrs. Liuzzo sent to Clark reportedly included details of the Liuzzo family background. It came from confidential files of the police.

Girardin said earlier the file was prepared as a matter of police routine and for the protection of the Liuzzo family in view of the public attention aroused by her slaying.

Meanwhile, the name of a third police officer came into the picture.

PUT IN TOUCH

The Detroit News said in a dispatch from Washington that former Sheriff Forrester Lucas of Michigan's St. Clair County declared he had put Clark in touch with Lane.

Lucas is executive director of the National Sheriffs' Association. The association has offices in Washington.

INSURANCE SYSTEM

In another recommendation, Johnson asked Congress to overhaul the federal-state unemployment insurance system and its present patchwork of varying jobs benefits.

"No major improvements have been made since its original enactment 30 years ago," Johnson said of the jobless aid program.

Johnson discouraged labor's drive to cut the present federal standard workweek of 40 hours.

"I do not think the time for change in the law has come," Johnson said.

But he left the door open for later action on both higher minimum wages and a reduced workweek.

PERIODIC INCREASES

"As average wages rise, the minimum wage level should be increased periodically," Johnson said in suggesting that Congress review the matter.

On the question of the workweek, Johnson said: "I am requesting the National Commission on Technology, Automation and Economic Progress to include in its agenda full consideration of the matter of 'work periods.'"

Johnson's comments on the repeal of Section 14B of the Taft-Hartley Act were brief.

REDUCING CONFLICTS

He said "with the hope of reducing conflicts in our national labor policy that for several years have divided Americans in various states, I recommend the repeal of Section 14B of the Taft-Hartley Act with such other technical changes as are made necessary by this action."

CHANCELLOR GREETING QUEEN — West German Chancellor Ludwig Erhard bows as he welcomes Britain's Queen Elizabeth II upon her arrival at the Bonn airport today.

Queen in Germany for 10-Day State Visit

BONN, Germany (AP) — Queen Elizabeth II and Prince Philip arrived in West Germany today for a historic 10-day state visit and a spectacular demonstration of Britain's deepening friendship with its foe in two world wars.

Elizabeth was the first British sovereign to step on German soil in 52 years, since her grandfather King George V came to the wedding of Kaiser Wilhelm II's daughter Victoria Louise in May 1913. Fifteen months later World War I broke out.

Prince Philip, who spent much of his childhood in Germany, has long urged his wife to make the trip and thus set the royal seal on the two nations' postwar reconciliation.

Thousands of officials have worked since before Christmas to prepare for the occasion.

The queen's schedule includes visits to every major West German city and a five-hour stay in West Berlin May 27.

The queen and Philip are staying at the hill-top Petersberg Hotel near Bonn for the three days they are in the capital. The German government requisitioned the entire hotel. It will be British territory until the queen leaves Thursday for a boat trip down the Rhine.

BY TRAIN

From the boat she goes by special train to Munich. The royal couple will spend seven nights in Germany aboard this train.

On Thursday, the third day of her visit, the queen has the first of three private interludes in her heavy program. That night she goes to Wolfsburg Castle near Darmstadt for dinner with Prince Ludwig of Hesse and his wife, Princess Margarete. The prince is a brother-in-law of Prince Philip's late sister, Princess Cecilia.

The other two private visits also are with Philip's relatives. The queen will spend the weekend with her sister-in-law, the Margravine of Baden, at Salem Castle in southern Germany.

The third private occasion will be a dinner at Langenburg Castle as the guest of Philip's sister Margareta, widow of Prince Gottfried of Hohenlohe-Langenburg.

18 Hurt in Mine Blast

TOKYO (AP) — A gas explosion ripped through a small coal mine in Fukuoka, Japan's southernmost Kyushu Island, today injuring 18 miners, six seriously, police reported.

HAVE GAVEL, WILL TRAVEL — Justices of the Peace Robert F. Scott of Bloomfield Township (center) and John E. McGrath of Waterford Township (right) accept a gavel from Prosecutor S. Jerome Bronson, marking the opening of a central Justice Court in downtown Pontiac yesterday. Justice

Anthropologist Praises OU

Stress on Continuing Education Lauded

Noted anthropologist, Dr. Margaret Mead, concluded Oakland University's current symposium series on continuing education last night.

Before an audience of over 200 alumni, students, faculty, administrators and guests, Dr. Mead complimented the university for its innovative stress on education as a lifelong process.

"We must change the idea," said Dr. Mead, "that a college or university education is a terminal state."

"Degrees no longer can be thought of as the end. People must continue to learn all through their lives."

She pointed out that a love of learning should be instilled early, saying, "The process of learning when begun at the age of two is easy."

POINT OF LEVERAGE

"It is hard to begin at six, harder at 12 and grim at 18. But the middle point can be a point of leverage, and any change, if made with sufficient vigor, will change the rest also."

Many faculties in the United States, she said, are unresponsive to the idea of continuing education.

They are content to serve as degree machines, and it is up to Oakland to go to them to accept this challenging new role in systematic education.

Dr. Mead advocated the mixing of generations in the classroom. Each has something to give the other, and it will set a pattern for the younger student to follow.

MAKE COURSES INTERESTING

She urged the faculty to make their courses so interesting that undergraduates will learn to like learning and want more of it.

"Don't put the emphasis on the number of Ph.D.'s you have on your faculty," she said.

"Rather emphasize how many people you have who are so good, they got on your faculty without it."

"Help your students become mildly addicted to learning so they won't say as a young interviewer said to me earlier this afternoon, 'But education is so painful, I don't know why anyone would want to go back and get any more of it.'"

"Oakland University," she concluded, "is to be commended for attempting to innovate, without any alumni to speak of, and care for all other alumni in this country and the world."

2 Groups Sponsoring Community Meeting

The Pontiac Area Urban League and the National association for the Advancement of Colored People, under the direction of Clarence E. Barnes and Charles M. Tucker Jr., respectively, are sponsoring a community meeting tomorrow at 7:30 p.m. at Lakeside Community building, 535 Branch.

Purpose of the meeting is to inform the public of available jobs, training and retraining programs through the anti-poverty program.

No action was taken on Moxley's request for the commission to go on record favoring an increase in the number of original licenses that will be requested if they are obtainable anywhere in the county.

Storms Rake Parts of U.S.

By United Press International

Thundershowers with brilliant lightning hit Minnesota, Iowa, Nebraska and Texas early today. Tornadoes skirted Manitoba, and Waseca, Minn., and York and Grand Island, Neb.

Hail the size of marbles pummeled Andrews, Tex. Thundershowers dumped more than an inch of rain on Omaha, Neb., temporarily severing power to some sections.

Frigid winds clocked at more than 40 miles per hour plummeted temperatures in the northern plains. Readings dropped to the 40s in North Dakota. Butte, Mont., reported a pre-dawn reading of 29 degrees.

Skies were clear along the Pacific Coast, in the Rockies and throughout the southeast. Showers moved out to sea from New England and northeast skies began clearing.

Tornadoes destroyed farm buildings near Decatur, Tex., yesterday and thundershowers pelted the Great Plains. A storm piled hail two inches deep at Bantam, Conn., and blew down several outbuildings.

Birmingham Area News Problems Still Unsettled on Driver License Setup

BIRMINGHAM — The problems of time, space and money in the issuing of drivers licenses with photographs remain unsolved for the city.

The City Commission last night directed the administration to continue talks with the secretary of state in an effort to reach a mutual agreement.

Birmingham has been selected as one of 14 examining stations in Oakland County that will receive camera equipment necessary under the new drivers licensing procedure.

Police Chief Ralph W. Moxley, in a report to the commission, recommended that because of the limitations on available space, Birmingham should continue as a licensing bureau only if Beverly Hills is permitted to continue the service.

Beverly Hills is among 10 examining stations in the county scheduled to be eliminated.

ALL REQUESTS

"If the Beverly Hills examining station is closed," said Moxley, "we will get practically all of the 2,600 requests they received last year."

Moxley said that a serious crowding condition and hardship will result if the state's plan for dropping Beverly Hills is carried out.

"We can probably absorb the anticipated increase in license demand from the other adjacent areas if Beverly Hills is permitted to continue," said Moxley.

He said that Beverly Hills officials have indicated a willingness to continue its program.

MAY BE DROPPED

Other licensing bureaus that may be dropped are in Rochester, Bloomfield Hills, Huntington Woods, Keego Harbor, Orchard Lake, Lathrup, Pleasant Ridge, Milford and Oxford.

The state proposes to authorize the remaining bureaus to issue licenses to any person in the state, except those from Wayne and Macomb counties, according to Moxley.

The bureaus that are to be retained are the sheriff's department, Pontiac, Berkeley, Farmington, Ferndale, Madison Heights, Oak Park, Royal Oak, Southfield, South Lyon, Clawson, Troy and Hazel Park.

In addition to Moxley's recommendation, City Manager Robert S. Kenning proposed that Birmingham accept original license applications only from city residents.

SERIOUS PROBLEM

Moxley said that the most serious problem facing Birmingham will be the immediate increase in the number of original licenses that will be requested if they are obtainable anywhere in the county.

No action was taken on Moxley's request for the commission to go on record favoring an increase in the number of original licenses that will be requested if they are obtainable anywhere in the county.

Copter Is Top State Product

Built With Backing of 6,200 U.P. Residents

DETROIT (AP) - A unique three-place helicopter, built with the financial backing of some 6,200 residents of Northern Michigan's Menominee area, was named Monday as Michigan Week Product of the Year.

The craft, known as the F-28, was shown at a Michigan Week dinner attended by Gov. George Romney, Mayor Jerome Cavanagh of Detroit and more than 500 leaders of the business, labor and civic community at Cobb Hall.
