1st Half of WKC Remodeling Is Now Completed

72-Foot Store Front Is Unveiled; Modernizing of Interior Next

Completion of the first phase in a complete modernization program at the WKC store, 108 N. Saginaw, was announced today by J. J. Wainger, firm president, as a new 72-foot-wide store front was officially unveiled.

The new front, which extends several feet above the roof level, is constructed of Italian marble, extruded aluminum and special Virginia brick.

Featured are a marquee which extends seven feet over the sidewalk with nine-foot letters spelling out the store's name in electric bulbs.

"We decided to use bulbs rather than neon because there is so

(See picture, page 2.)

much neon around here," Wainger said. "It costs a little more money but we thought it was worth it."

More than 1,000 square feet of glass are used in the new front, along with a new type window lighting for the jewelry displays.

The lighting provides brilliance without dazzle, Wainger said.

Wainger said the second portion of the re-modeling program for the interior of the store will begin in January, with completion scheduled for April. A new air conditioning system now under construction is also slated for completion by warm weather.

"We believe in the future of Pontiac," Wainger declared. "We still feel it has one of the greatest futures of any city.

"I think within another five years Pontiac will have grown by at least another 10,000 people."

The WKC firm was established in 1928 by Wainger, David Kessler and E. W. Coggan after they bought out the old Wurlitzer store at 118 N. Saginaw.

They chose their three initials for the store name with the idea that they might set up a radio station in the city. The idea was later dropped, but the radio station like name clung.

Wainger subsequently bought out the other partners.

From its beginnings as a small radio and record player shop, WKC has expanded both physically and merchandise-wise.

The store currently carries appliances, furniture, jewlery and other household goods.

Jack P. Toombs as general manager directs all store operations.

UAW Plans to Set Up $25 Million Strike Fund

DETROIT (AP) — The CIO United Auto Workers Union plans to set up a $25 million strike fund to enforce its demand for a guaranteed annual wage in the auto industry, it was learned today.

The increase, if approved at the UAW convention at Cleveland next March, would triple the present $2.50 monthly dues of the union's million-plus members.

Boudreau to Manage A's

KANSAS CITY (AP) — Lou Boudreau, recently ousted manager of the Boston Red Sox, today was named field manager of the new Kansas City Athletics.

Army Cuts Spending

CHICAGO (AP)—The Army has reduced its spending 3½ billion dollars this fiscal year, Army Undersecretary John Selzak said in a speech last night.

Lone Eagle at Pentagon

ON TEMPORARY DUTY—Brig. Gen. Charles A. Lindbergh, known as the Lone Eagle for his 1927 solo flight across the Atlantic in "The Spirit of St. Louis," strides jauntily around a corner in the Pentagon Building, Washington. Lindbergh, wearing the Air Force uniform, is on temporary duty at the Pentagon on a research and development project.

City and County Preparing for Safe Driving Day Dec. 15

By JOSEPH K. SFAIR

Oakland County and Pontiac officials today launched an intensive campaign in preparation for the Dec. 15 national "Safe Driving Day" sponsored by President Eisenhower's Action Committee for Traffic Safety.

Clyle R. Haskill, chairman of the Chamber of Commerce Safety Committee here, has been designated by Sheriff Clare L. Hubbell and Mayor William W. Donaldson to oversee the huge program as director.

Officials said Haskill has been picked for the important job, because of his past work as head of the safety committee.

To get the campaign under way, Haskill said he will request Pontiac commissioners to draft a proclamation, pledging the city's

See Editorial Page 6

cooperation, and will contact other agencies for whole-hearted support.

The purpose of S-D Day is to show that motorists and pedestrians can eliminate traffic accidents by their own actions.

By asking everyone in every state and community to join in the 24-hour demonstration against accidents Dec. 15, "dramatic and convincing results can

Social Season Launched

WASHINGTON (AP)—The White House winter social season opened last night with the first of two state dinners being given by President and Mrs. Eisenhower for the foreign diplomatic corps. A second is planned for tonight.

Suggests Third Censure Issue

Solon Wants McCarthy Attack on Committee Included in Rebuke

WASHINGTON (AP)—Sen. McCarthy said today in response to a move to broaden the rebuke proposed for him that he hopes the Senate will promptly "go ahead and vote all the censure they want to."

Yesterday Sen. Bennett (R-Utah) announced that he will put before the Senate a new count based on McCarthy's attack on a special bipartisan committee that recommended an official rebuke for him. He said he didn't know just when he would file this third count.

Bennett's announcement followed an emotional appeal from the chairman of the special censure committee, Sen. Watkins

(Continued on Page 2, Col. 6)

Say Ike Pledged Full Cooperation With Democrats

Foreign Policy Voice Reportedly Promised Leaders in Congress

WASHINGTON (AP)—President Eisenhower reviewed administration foreign policy with congressional leaders today and reportedly pledged "absolute cooperation and collaboration" with the Democrats.

Eisenhower and Secretary of State Dulles met at the White House with both the Democratic and Republican leaders in Congress in the first postelection test of interparty cooperation. The Democrats will take over control of Congress from the Republicans in January.

Sen. Wiley (R-Wis), now chairman of the Senate Foreign Relations Committee, left the conference early and talked with newsmen.

Asked whether there was any discussion of how the President will handle foreign policy consultation with the Democrats, Wiley replied:

"The President says there will be absolute cooperation and collaboration."

Related foreign and military policy was the scheduled topic of the conference in the White House Cabinet room. Secretary of State Dulles planned a briefing on world-wide developments since Congress adjourned last August. Secretary of Defense Wilson also was to participate.

The significant meeting was the first of its kind since the Nov. 2 elections when the Democrats recaptured control of Congress.

It was held against the backdrop of a controversial foreign policy speech by Republican

(Continued on Page 2, Col. 6)

Gas Customers Will Get Refund

Michigan Consolidated, Consumers Power to Give Rebates

DETROIT (AP) — Customers of the Michigan Consolidated Gas Co. and the Consumers Power Co. have a refund coming but informed sources say it will take months before the machinery can be set up to pay off the rebate.

The exact amount of the refund depends upon the Federal Power Commission's (FPC) decision relative to a recommendation of technicians that the Panhandle Eastern Pipeline Co. owes $28,893,225 to 48 distributing companies for excess payments. The two Michigan gas companies are served by Panhandle Eastern.

Michigan Consolidated's cut of the jackpot would be about $6,000,000. But final jurisdiction as to the setting up the refund machinery and allocations between the company and customers will rest with the Michigan Public Service Commission.

Under Michigan law the customers are entitled to have refunded the full amount of the overcharges paid. Customers of Consumers Power face a similar delay.

Meanwhile in Washington, final approval was given yesterday to construction of a 130-million dollar pipeline to bring natural gas from Louisiana to Michigan. The action means more natural gas ultimately for space heating customers of Michigan Consolidated.

Senators Call on President Today

AP Wirephoto

SENATE LEADERS AT WHITE HOUSE FOR CONFERENCE—Senate majority leader William F. Knowland of California, left, shakes hands with minority leader Lyndon Johnson of Texas as they arrive in a jovial mood for a conference with President Eisenhower, Secretary of State John Foster Dulles and Defense Secretary Charles E. Wilson on foreign and military policy. It is the first such bipartisan session since the election which will reverse the roles of Knowland and Johnson in the next Congress.

Shigley Asks Reinstatement Because of Pension Error

Capt. Edward H. Shigley, who quit his job as head of the Pontiac Police administration bureau last week, asked to withdraw his resignation today after discovering an error in the city's pension plan amendment which was approved in the last election.

Under the new plan Shigley and other officials explained, the veteran policeman would not receive a retirement pension until the age of 65, despite his 28 years on the force.

Wording left out of the amendment, according to City Attorney William A. Ewart and Shigley, who is chairman of the pension board for city employes, renders the past efforts of the board useless, after it had sought for a long time to give city employes an opportunity for retirement after 25 years of service.

Shigley's reinstatement rests largely with Chief Herbert W. Straley who couldn't be reached for comment today. Asked about Shigley's present status with the police department after his letter asking for withdrawal of his resignation, City Manager Walter K. Willman only replied: "No comment."

Shigley's letter to both officials states in part:

"I had assumed that the charter amendment relating to the pension recently passed would allow me to take a deferred retirement

Kaiser Will Sell Wilson Foundry

Firm Negotiating With 3 Groups for Plant and Machinery

Kaiser-Willys Motors Corp. is negotiating to sell their Wilson Foundry Division here as part of a move to consolidate production in Toledo, the company said today.

Three groups of manufacturers are interested in buying the plant and machinery, an official said. He added negotiations have been going on for about three months.

Production has been low most of this year, he stated, with an average 600 persons employed the last few months.

The plant is expected to be down to a standby worker force of undetermined size by Dec. 1, he explained.

"We're taking out very little machinery and expect the plant will be sold to another manufacturer," he stated. The firm expects to buy castings such as those produced by Wilson from an outside source, he added.

The consolidation plans were announced this week by the firm's president, Edgar Kaiser, who said $3,500,000 worth of equipment would be transferred from Kaiser's Detroit Engine Division.

Osmun's Tel-Huron Store Open Every evening till 9.

Sheppard Trial Rocked Again

Reveals Wrist Watch Was Taken From Body After Blood Had Dried

CLEVELAND (AP) — The wrist watch Marilyn Sheppard wore the night she was murdered was ripped off after the blood on her wrist had dried, Coroner S. R. Gerber testified today.

The coroner, pointing to a picture of the pretty young woman's wrist for the jury trying her osteopath husband for murder, said his examination "indicates the bracelet (of the watch) was in position when the blood stains were wet."

"It remained in position until the blood was dry," said the coroner.

Gerber's testimony was aimed at knocking down Dr. Samuel H. Sheppard's contention that a prowler killed his wife and snatched the watch from her wrist, later dropping it while ransacking the house.

The blood-stained watch was discovered on the floor near where Sheppard sat stripped to the waist the morning of the murder.

This wrist watch testimony was the second "surprise" clue hurled by the state at chief defense counsel William J. Corrigan.

The first was Gerber's statement that the bloody outline of a surgical instrument was discovered on the murdered woman's pillow.

The state contends that Dr. Sheppard clubbed his wife to death, then went about the house pulling out drawers and disarranging furniture in an effort to make

10 Horses Killed as Fire Sweeps Greenfield Barn

DEARBORN (UP)—Ten carriage horses were killed late yesterday when fire destroyed the historic 91-year-old Ford barn at Greenfield Village, the model community containing many of the relics of the late Henry Ford and Thomas Edison.

The horses, which had drawn many visitors to the village, were tethered in their stalls in the barn which was originally built on Ford's farm and moved to the village in 1943 at Ford's request.

Employes who tried to free the horses after the fire was discovered were driven back by the intense heat as the tinder-dry structure virtually burst into flames.

Frank Caddy, director of administration at the village, estimated the loss at $20,000.

Only two of the horses kept in the barn survived. They were drawing a carriage at the time.

Fog This Morning, Showers for Tonight

After several days of sunny, Indian Summer weather, Pontiac was hit by a dense fog this morning and can expect clouds and scattered showers tonight and tomorrow.

The fog, which slowed traffic in this area, grounded planes at Willow Run Airport for half an hour today.

The mercury hit 67 degrees at 2 p.m. in downtown Pontiac, but the temperature will drop to a low of 40 to 44 tonight and the high tomorrow will be about 48 to 52.

Temperatures will average five to 10 degrees above the normal low of 30 and high of 45 through tomorrow. After Thursday the weather is expected to cool to normal, and showers will hit again around the weekend.

At 8 a. m. this morning the temperature was 42 degrees.

Noel Field, Wife Leave Prison After 5 Years

Hungarian Communists Quash Spying Charges Against Americans

BUDAPEST, Hungary (AP) —U. S. legation officials formally asked Hungary's Communist government today where American representatives can get in touch with Noel Field and his wife Herta.

The government announced earlier it had released the couple from jail after five years imprisonment and had quashed spy charges against them.

The Hungarian Foreign Ministry, however, promised today to consider a request by the small contingent of Western news correspondents in Budapest for aid in contacting the American couple.

The announcement gave no indication of the whereabouts of the 50-year-old former U.S. State Department employe and his German-born wife.

Although their release was announced early today, official notification was not given to U.S. Minister Christian M. Ravndal until he called at the Hungarian Foreign Ministry at noon.

An Embassy spokesman declined to say whether Ravndal had raised the question of making contact with the Fields. Hungarian authorities had ignored two previous notes from the legation in recent months asking for interviews with them and for their repatriation.

Noel and Herta were among four members of the Field family who vanished at intervals behind the Iron Curtain in 1949 and 1950.

The Hungarian announcement over Budapest radio came only 23 days after Poland's Communist government said it had freed Hermann Field, Noel's brother. Hermann, a Cleveland architect, had been arrested in Warsaw while searching for Noel. He is still in Poland convalescing in a sanitarium.

The latest announcement left only the fate of Noel's adopted daughter Mrs. Robert Wallach still unexplained. Mrs. Wallach, the former Erika Glaser, disappeared in East Berlin Aug. 26, 1950, while searching for her foster father.

* * *

During the intervening years, there was no official indication of what happened to the Fields, although their names cropped up in various Iron Curtain treason trials. Communist propagandists accused Noel of being an "anti-Soviet" American spy and linked him to "Titoist" plots in Hungary.

The Hungarian announcement said the Budapest government has

Estimate on Project Is Revised Upward

DETROIT (AP) — A three-level grade separation at Eight Mile and Woodward will cost $1,403,000 more to build than originally planned, the State Highway Department reported yesterday.

Construction costs first were estimated at three million dollars. But increased cost of labor and acquisition of land for detours to move traffic during construction raised the price to $4,403,000, the department said in a report to Detroit's Common Council.

The city's share will total $505,743. The rest will be divided between Wayne County and the State.

U.S., Korea Settle Feud; $700 Million Aid Promised

SEOUL (AP)—South Korea and the United States today settled their outstanding differences and cleared the way for a 700-million-dollar economic aid program.

U. S. Ambassador Ellis O. Briggs and Prime Minister Pyun Yung Tai signed the agreement, formally ending three months of wrangling.

The settlement sets forth a broad area of agreement on political, economic and military questions and reiterates the interest of the United States and South Korea in achieving common objectives.

The United States agreed to provide South Korea in the next fiscal year with 250 million dollars worth of economic aid and 450 million dollars in military assistance. A reliable source said it would be America's largest single aid program for 1955.

South Korea agreed to:

1. Encourage private ownership of industrial projects.

2. Establish new procedures for converting dollars at "a realistic exchange rate" both for use by United States forces and assistance fund officials.

3. Make "efforts to balance its budget and to continue to resist inflation."

4. Procure aid supplies "wherever in non-Communist countries goods of the required quality can be obtained at the best price." This presumably ends South Korea's bitter opposition to buying from Japan, which once occupied Korea.

Gen. John E. Hull, U. N. Far East commander, and ROK Finance Minister Lee Joong Jae have agreed South Korea will accept repayment of hwan loans to the Allied forces at rates set by the United States.

The ROKs have insisted on repayment at 180 hwan to $1, which U. S. officials considered unrealistic. They will be repaid at $1 for 254 hwan for June, July and August and $1 for 310 hwan for September, October and November.

The formal agreement says South Korea pledges "to cooperate with the United States in its efforts to unify Korea, including possible efforts through the United Nations."

But this does not commit President Syngman Rhee's government to accept a plan without its specific approval.

South Korea also accepted "proposed levels and principles for a strengthened military establishment consistent with economic stability and within available resources."

EIGHTEENTH CHILD—Mrs. Bertha Evans, 44, widowed since last August when her husband was killed in an automobile wreck, displays her 18th child, a boy, born in Tulsa, Okla., last week. Mrs. Evans, of nearby Alsuma community, said she has less trouble with her brood than some parents have with only one child.

Boy, 9, Starts Blaze on Idea From Movie

CLEARFIELD, Pa. (UP)—A 9-year-old boy who state police say admitted starting a church fire so he could watch firemen is awaiting juvenile court action.

Cpl. Robert Rice announced the boy's arrest yesterday. He said the youngster was among the spectators who watched firemen battle to save the West Side Methodist Church Sunday. Firemen estimated the loss at from $3,000 to $5,000.

Rice said burned matches in the choir loft led to the boy's arrest. The boy told him he got his idea on how to set the blaze from a movie, Rice added.

The youngster was not charged. He was released in custody of his parents pending court action.

High Cost of Flying

OGDENSBURG, N.Y. (UP)—The money offered to lease Ogdensburg Airport from the city has doubled. It's now $2 instead of $1 a year.

Morals Conviction Brings 10 to 20 Year Sentence

Floyd Eineider, 28, of 2269 Lakeville, Oxford, yesterday was sentenced to from 10 to 20 years in Jackson state prison to Circuit Judge H. Russel Holland after being found guilty of statutory rape Nov. 5.

Eineider was charged with assaulting a 12-year-old Oxford girl. Judge Holland said the stiff sentence was imposed because of Eineider's previous record including an armed robbery conviction.

Borrows Specs for Test

WOONSOCKET, R. I. (UP)—An applicant for a city job forgot to bring along his glasses when he appeared for a civil service examination. He borrowed a pair from a janitor.

Manager Feud Delays Merger of Philly Operas

PHILADELPHIA (UP)—A disagreement over who'll be the manager is holding up a merger of Philadelphia's two deficit-ridden grand opera companies.

The Philadelphia Civic Grand Opera Company and the Philadelphia La Scala Company admitted the difficulty yesterday at a meeting of City Council's Recreation Committee.

• • •

Both companies have asked the committee for $50,000 to meet deficits and finance new performances. Humbert A. Pelosi, general manager of La Scala, said both sides are convinced that Philadelphia needs one good, solvent opera company.

"My friends told me I ought to be the new manager," said Pelosi. "I listened to them. I think maybe they were right."

However, Pelosi nodded at Anthony Terracciano and said, "Some thought he ought to be manager."

Pelosi said there was some talk of one man managing one season and the other the next.

Labor Secretary Sees Few Changes for T-H

CINCINNATI, (UP)—Secretary of Labor James P. Mitchell said at a news conference here yesterday that he is "not optimistic" about any major changes being made in the Taft-Hartley labor law in the next Congress.

Here to address the convention of the AFL United Brotherhood of Carpenters, he said his department would make certain recommendations about the Taft-Hartley law—which he declined to disclose—but he added he did not believe there would be any major changes.

A POST EXCLUSIVE

"I would not murder for the Soviets"

When Nikolai Khokhlov gave himself up to the Americans last February, it was front-page news all over the world. Now in the United States, he tells the whole story. Don't miss his revealing account of his 13 years as a Red saboteur and spy—and why he finally chose to surrender rather than go through with the assassination of an innocent man. Be sure to get your copy of the Post today and read Khokhlov's sensational exposé!

Gas Customers Will Get Refund

Michigan Consolidated, Consumers Power to Give Rebates

DETROIT (AP) — Customers of the Michigan Consolidated Gas Co. and the Consumers Power Co. have a refund coming but informed sources say it will take months before the machinery can be set up to pay off the rebate.

The exact amount of the refund depends upon the Federal Power Commission's (FPC) decision relative to a recommendation of technicians that the Panhandle Eastern Pipeline Co. owes $28,893,225 to 48 distributing companies for excess payments. The two Michigan gas companies are served by Panhandle Eastern.

Michigan Consolidated's cut of the jackpot would be about $6,000,000. But final jurisdiction as to the setting up the refund machinery and allocations between the company and customers will rest with the Michigan Public Service Commission.

Under Michigan law the customers are entitled to have refunded the full amount of the overcharges paid. Customers of Consumers Power face a similar delay.

Meanwhile in Washington, final approval was given yesterday to construction of a 130-million dollar pipeline to bring natural gas from Louisiana to Michigan. The action means more natural gas ultimately for space heating customers of Michigan Consolidated.

Senators Call on President Today

AP Wirephoto

SENATE LEADERS AT WHITE HOUSE FOR CONFERENCE—Senate majority leader William F. Knowland of California, left, shakes hands with minority leader Lyndon Johnson of Texas as they arrive in a jovial mood for a conference with President Eisenhower, Secretary of State John Foster Dulles and Defense Secretary Charles E. Wilson on foreign and military policy. It is the first such bipartisan session since the election which will reverse the roles of Knowland and Johnson in the next Congress.

Shigley Asks Reinstatement Because of Pension Error

Capt. Edward H. Shigley, who quit his job as head of the Pontiac Police administration bureau last week, asked to withdraw his resignation today after discovering an error in the city's pension plan amendment which was approved in the last election.

Under the new plan Shigley and other officials explained, the veteran policeman would not receive a retirement pension until the age of 65, despite his 28 years on the force.

Wording left out of the amendment, according to City Attorney William A. Ewart and Shigley, who is chairman of the pension board for city employes, renders the past efforts of the board useless, after it had sought for a long time to give city employes an opportunity for retirement after 25 years of service.

Shigley's reinstatement rests largely with Chief Herbert W. Straley who couldn't be reached for comment today. Asked about Shigley's present status with the police department after his letter asking for withdrawal of his resignation, City Manager Walter K. Willman only replied: "No comment."

Shigley's letter to both officials states in part:

"I had assumed that the charter amendment relating to the pension recently passed would allow me to take a deferred retirement

Kaiser Will Sell Wilson Foundry

Firm Negotiating With 3 Groups for Plant and Machinery

Kaiser-Willys Motors Corp. is negotiating to sell their Wilson Foundry Division here as part of a move to consolidate production in Toledo, the company said today.

Three groups of manufacturers are interested in buying the plant and machinery, an official said. He added negotiations have been going on for about three months.

Production has been low most of this year, he stated, with an average 600 persons employed the last few months.

The plant is expected to be down to a standby worker force of undetermined size by Dec. 1, he explained.

"We're taking out very little machinery and expect the plant will be sold to another manufacturer," he stated. The firm expects to buy castings such as those produced by Wilson from an outside source, he added.

The consolidation plans were announced this week by the firm's president, Edgar Kaiser, who said $3,500,000 worth of equipment would be transferred from Kaiser's Detroit Engine Division.

Sheppard Trial Rocked Again

Reveals Wrist Watch Was Taken From Body After Blood Had Dried

CLEVELAND (AP) — The wrist watch Marilyn Sheppard wore the night she was murdered was ripped off after the blood on her wrist had dried, Coroner S. R. Gerber testified today.

The coroner, pointing to a picture of the pretty young woman's wrist for the jury trying her osteopath husband for murder, said his examination "indicates the bracelet (of the watch) was in position when the blood stains were wet."

"It remained in position until the blood was dry," said the coroner.

Gerber's testimony was aimed at knocking down Dr. Samuel H. Sheppard's contention that a prowler killed his wife and snatched the watch from her wrist, later dropping it while ransacking the house.

The blood-stained watch was discovered on the floor near where Sheppard sat stripped to the waist the morning of the murder.

This wrist watch testimony was the second "surprise" clue hurled by the state at chief defense counsel William J. Corrigan.

The first was Gerber's statement that the bloody outline of a surgical instrument was discovered on the murdered woman's pillow.

The state contends that Dr. Sheppard clubbed his wife to death, then went about the house pulling out drawers and disarranging furniture in an effort to make

10 Horses Killed as Fire Sweeps Greenfield Barn

DEARBORN (UP)—Ten carriage horses were killed late yesterday when fire destroyed the historic 91-year-old Ford barn at Greenfield Village, the model community containing many of the relics of the lives of the late Henry Ford and Thomas Edison.

The horses, which had drawn many visitors to the village, were tethered in their stalls in the barn which was originally built on Ford's farm and moved to the village in 1943 at Ford's request.

Employes who tried to free the horses after the fire was discovered were driven back by the intense heat as the tinder-dry structure virtually burst into flames.

Frank Caddy, director of administration at the village, estimated the loss at $20,000.

Only two of the horses kept in the barn survived. They were drawing a carriage at the time.

Fog This Morning, Showers for Tonight

After several days of sunny, Indian Summer weather, Pontiac was hit by a dense fog this morning and can expect clouds and scattered showers tonight and tomorrow.

The fog, which slowed traffic in this area, grounded planes at Willow Run Airport for half an hour today.

The mercury hit 67 degrees at 2 p.m. in downtown Pontiac, but the temperature will drop to a low of 40 to 44 tonight and the high tomorrow will be about 48 to 52.

Temperatures will average five to 10 degrees above the normal low of 30 and high of 45 through tomorrow. After Thursday the weather is expected to cool to normal, and showers will hit again around the weekend.

At 8 a. m. this morning the temperature was 42 degrees.

Noel Field, Wife Leave Prison After 5 Years

Hungarian Communists Quash Spying Charges Against Americans

BUDAPEST, Hungary (AP) —U. S. legation officials formally asked Hungary's Communist government today where American representatives can get in touch with Noel Field and his wife Herta.

The government announced earlier it had released the couple from jail after five years imprisonment and had quashed spy charges against them.

The Hungarian Foreign Ministry, however, promised today to consider a request by the small contingent of Western news correspondents in Budapest for aid in contacting the American couple.

The announcement gave no indication of the whereabouts of the 50-year-old former U.S. State Department employe and his German-born wife.

Although their release was announced early today, official notification was not given to U.S. Minister Christian M. Ravndal until he called at the Hungarian Foreign Ministry at noon.

An Embassy spokesman declined to say whether Ravndal had raised the question of making contact with the Fields. Hungarian authorities had ignored two previous notes from the legation in recent months asking for interviews with them and for their repatriation.

Noel and Herta were among four members of the Field family who vanished at intervals behind the Iron Curtain in 1949 and 1950.

The Hungarian announcement over Budapest radio came only 23 days after Poland's Communist government said it had freed Hermann Field, Noel's brother. Hermann, a Cleveland architect, had been arrested in Warsaw while searching for Noel. He is still in Poland convalescing in a sanitarium.

The latest announcement left only the fate of Noel's adopted daughter Mrs. Robert Wallach still unexplained. Mrs. Wallach, the former Erika Glaser, disappeared in East Berlin Aug. 26, 1950, while searching for her foster father.

* * *

During the intervening years, there was no official indication of what happened to the Fields, although their names cropped up in various Iron Curtain treason trials. Communist propaganists accused Noel of being an "anti-Soviet" American spy and linked him to "Titoist" plots in Hungary.

The Hungarian announcement said the Budapest government has
(Continued on Page 2, Col. 4)

Estimate on Project Is Revised Upward

DETROIT (AP) — A three-level grade separation at Eight Mile and Woodward will cost $1,403,000 more to build than originally planned, the State Highway Department reported yesterday.

Construction costs first were estimated at three million dollars. But increased cost of labor and acquisition of land for detours to move traffic during construction raised the price to $4,403,000, the department said in a report to Detroit's Common Council.

The city's share will total $505,743. The rest will be divided between Wayne County and the State.

HERTA FIELD

NOEL FIELD

U.S., Korea Settle Feud; $700 Million Aid Promised

SEOUL (AP)—South Korea and the United States today settled their outstanding differences and cleared the way for a 700-million-dollar economic aid program.

U. S. Ambassador Ellis O. Briggs and Prime Minister Pyun Yung Tai signed the agreement, formally ending three months of wrangling.

The settlement sets forth a broad area of agreement on political, economic and military questions and reiterates the interest of the United States and South Korea in achieving common objectives.

The United States agreed to provide South Korea in the next fiscal year with 250 million dollars worth of economic aid and 450 million dollars in military assistance. A reliable source said it would be America's largest single aid program for 1955.

South Korea agreed to:

1. Encourage private ownership of industrial projects.

2. Establish new procedures for converting dollars at "a realistic exchange rate" both for use by United States forces and assistance fund officials.

3. Make "efforts to balance its budget and to continue to resist inflation."

4. Procure aid supplies "wherever in non-Communist countries goods of the required quality can be obtained at the best price." This presumably ends South Korea's bitter opposition to buying from Japan, which once occupied Korea.

Gen. John E. Hull, U. N. Far East commander, and ROK Finance Minister Lee Joong Jae have agreed South Korea will accept repayment of hwan loans to the Allied forces at rates set by the United States.

The ROKs have insisted on repayment at 180 hwan to $1, which U. S. officials considered unrealistic. They will be repaid at $1 for 254 hwan for June, July and August and $1 for 310 hwan for September, October and November.

The formal agreement says South Korea pledges "to cooperate with the United States in its efforts to unify Korea, including possible efforts through the United Nations."

But this does not commit President Syngman Rhee's government to accept a plan without its specific approval.

South Korea also accepted "proposed levels and principles for a strengthened military establishment consistent with economic stability and within available resources."

EIGHTEENTH CHILD—Mrs. Bertha Evans, 44, widowed since last August when her husband was killed in an automobile wreck, displays her 18th child, a boy, born in Tulsa, Okla., last week. Mrs. Evans, of nearby Alsuma community, said she has less trouble with her brood than some parents have with only one child.

Boy, 9, Starts Blaze on Idea From Movie

CLEARFIELD, Pa. (AP)—A 9-year-old boy who state police say admitted starting a church fire so he could watch firemen is awaiting juvenile court action.

Cpl. Robert Rice announced the boy's arrest yesterday. He said the youngster was among the spectators who watched firemen battle to save the West Side Methodist Church Sunday. Firemen estimated the loss at from $3,000 to $5,000.

Rice said burned matches in the choir loft led to the boy's arrest. The boy told him he got his idea on how to set the blaze from a movie, Rice added.

The youngster was not charged. He was released in custody of his parents pending court action.

High Cost of Flying

OGDENSBURG, N.Y. (UP)—The money offered to lease Ogdensburg Airport from the city has doubled. It's now $2 instead of $1 a year.

Morals Conviction Brings 10 to 20 Year Sentence

Floyd Eineider, 28, of 2269 Lakeville, Oxford, yesterday was sentenced to from 10 to 20 years in Jackson state prison to Circuit Judge H. Russel Holland after being found guilty of statutory rape Nov. 5.

Eineider was charged with assaulting a 12-year-old Oxford girl. Judge Holland said the stiff sentence was imposed because of Eineider's previous record including an armed robbery conviction.

Borrows Specs for Test

Manager Feud Delays Merger of Philly Operas

PHILADELPHIA (AP)—A disagreement over who'll be the manager is holding up a merger of Philadelphia's two deficit-ridden grand opera companies.

The Philadelphia Civic Grand Opera Company and the Philadelphia La Scala Company admitted the difficulty yesterday at a meeting of City Council's Recreation Committee.

* * *

Both companies have asked the committee for $50,000 to meet deficits and finance new performances. Humbert A. Pelosi, general manager of La Scala, said both sides are convinced that Philadelphia needs one good, solvent opera company.

"My friends told me I ought to be the new manager," said Pelosi. "I listened to them. I think maybe they were right."

However, Pelosi nodded at Anthony Terracciano and said, "Some thought he ought to be manager."

Pelosi said there was some talk of one man managing one season and the other the next.

Labor Secretary Sees Few Changes for T-H

CINCINNATI, (AP)—Secretary of Labor James P. Mitchell said at a news copference here yesterday that he is "not optimistic" about any major changes being made in the Taft-Hartley labor law in the next Congress.

Here to address the convention of the AFL United Brotherhood of Carpenters, he said his department would make certain recommendations about the Taft-Hartley law—which he declined to disclose—but he added he did not believe there would be any major changes.

U.S. Tries to Contact Couple Freed by Reds

1st Half of WKC Remodeling Is Now Completed

72-Foot Store Front Is Unveiled; Modernizing of Interior Next

Completion of the first phase in a complete modernization program at the WKC store, 108 N. Saginaw, was announced today by J. J. Wainger, firm president, as a new 72-foot-wide store front was officially unveiled.

The new front, which extends several feet above the roof level, is constructed of Italian marble, extruded aluminum and special Virginia brick.

Featured are a marquee which extends seven feet over the sidewalk with nine-foot letters spelling out the store's name in electric bulbs.

"We decided to use bulbs rather than neon because there is so

(See picture, page 2.)

much neon around here," Wainger said. "It costs a little more money but we thought it was worth it."

More than 1,000 square feet of glass are used in the new front, along with a new type window lighting for the jewelry displays.

The lighting provides brilliance without dazzle, Wainger said.

Wainger said the second portion of the re-modeling program for the interior of the store will begin in January, with completion scheduled for April. A new air conditioning system now under construction is also slated for completion by warm weather.

"We believe in the future of Pontiac," Wainger declared. "We still feel it has one of the greatest futures of any city.

"I think within another five years Pontiac will have grown by at least another 10,000 people."

The WKC firm was established in 1928 by Wainger, David Kessler and E. W. Coggan after they bought out the old Wurlitzer store at 118 N. Saginaw.

They chose their three initials for the store name with the idea that they might set up a radio station in the city. The idea was later dropped, but the radio station like name clung.

Wainger subsequently bought out the other partners.

From its beginnings as a small radio and record player shop, WKC has expanded both physically and merchandise-wise.

The store currently carries appliances, furniture, jewlery and other household goods.

Jack P. Toombs as general manager directs all store operations.

UAW Plans to Set Up $25 Million Strike Fund

DETROIT (AP) — The CIO United Auto Workers Union plans to set up a $25 million strike fund to enforce its demand for a guaranteed annual wage in the auto industry, it was learned today.

The increase, if approved at the UAW convention at Cleveland next March, would triple the present $2.50 monthly dues of the union's million-plus members.

Boudreau to Manage A's

City and County Preparing for Safe Driving Day Dec. 15

By JOSEPH K. SFAIR

Oakland County and Pontiac officials today launched an intensive campaign in preparation for the Dec. 15 national "Safe Driving Day" sponsored by President Eisenhower's Action Committee for Traffic Safety.

Clyle R. Haskill, chairman of the Chamber of Commerce Safety Committee here, has been designated by Sheriff Clare L. Hubbell and Mayor William W. Donaldson to oversee the huge program as director.

Officials said Haskill has been picked for the important job, because of his past work as head of the safety committee.

To get the campaign under way, Haskill said he will request Pontiac commissioners to draft a proclamation, pledging the city's

See Editorial Page 6

cooperation, and will contact other agencies for whole-hearted support.

The purpose of S-D Day is to show that motorists and pedestrians can eliminate traffic accidents by their own actions.

By asking everyone in every state and community to join in the 24-hour demonstration against accidents Dec. 15, "dramatic and convincing results can (Continued on Page 2, Col. 4)

Social Season Launched

WASHINGTON (AP)—The White House winter social season opened last night with the first of two state dinners being given by President and Mrs. Eisenhower for the foreign diplomatic corps. A second is planned for tonight.

Suggests Third Censure Issue

Solon Wants McCarthy Attack on Committee Included in Rebuke

WASHINGTON (AP)—Sen. McCarthy said today in response to a move to broaden the rebuke proposed for him that he hopes the Senate will promptly "go ahead and vote all the censure they want to."

Yesterday Sen. Bennett (R-Utah) announced that he will put before the Senate a new count based on McCarthy's attack on a special bipartisan committee that recommended an official rebuke for him. He said he didn't know just when he would file this third count.

Bennett's announcement followed an emotional appeal from the chairman of the special censure committee, Sen. Watkins (Continued on Page 2, Col. 6)

Say Ike Pledged Full Cooperation With Democrats

Foreign Policy Voice Reportedly Promised Leaders in Congress

WASHINGTON (AP)—President Eisenhower reviewed administration foreign policy with congressional leaders today and reportedly pledged "absolute cooperation and collaboration" with the Democrats.

Eisenhower and Secretary of State Dulles met at the White House with both the Democratic and Republican leaders in Congress in the first postelection test of interparty cooperation. The Democrats will take over control of Congress from the Republicans in January.

Sen. Wiley (R-Wis), now chairman of the Senate Foreign Relations Committee, left the conference early and talked with newsmen.

Asked whether there was any discussion of how the President will handle foreign policy consultation with the Democrats, Wiley replied:

"The President says there will be absolute cooperation and collaboration."

Related foreign and military policy was the scheduled topic of the conference in the White House Cabinet room. Secretary of State Dulles planned a briefing on world-wide developments since Congress adjourned last August. Secretary of Defense Wilson also was to participate.

The significant meeting was the first of its kind since the Nov. 2 elections when the Democrats recaptured control of Congress.

It was held against the backdrop of a controversial foreign policy speech by Republican (Continued on Page 2, Col. 6)

Gas Customers Will Get Refund

Michigan Consolidated, Consumers Power to Give Rebates

DETROIT (AP) — Customers of the Michigan Consolidated Gas Co. and the Consumers Power Co. have a refund coming but informed sources say it will take months before the machinery can be set up to pay off the rebate.

The exact amount of the refund depends upon the Federal Power Commission's (FPC) decision relative to a recommendation of technicians that the Panhandle Eastern Pipeline Co. owes $28,893,225 to 48 distributing companies for excess payments. The two Michigan gas companies are served by Panhandle Eastern.

Michigan Consolidated's cut of the jackpot would be about $6,000,000. But final jurisdiction as to the setting up the refund machinery and allocations between the company and customers will rest with the Michigan Public Service Commission.

Under Michigan law the customers are entitled to have refunded the full amount of the overcharges paid. Customers of Consumers Power face a similar delay.

Meanwhile in Washington, final approval was given yesterday to construction of a 130-million dollar pipeline to bring natural gas from Louisiana to Michigan. The action means more natural gas ultimately for space heating customers of Michigan Consolidated.

Senators Call on President Today

AP Wirephoto

SENATE LEADERS AT WHITE HOUSE FOR CONFERENCE—Senate majority leader William F. Knowland of California, left, shakes hands with minority leader Lyndon Johnson of Texas as they arrive in a jovial mood for a conference with President Eisenhower, Secretary of State John Foster Dulles and Defense Secretary Charles E. Wilson on foreign and military policy. It is the first such bipartisan session since the election which will reverse the roles of Knowland and Johnson in the next Congress.

Shigley Asks Reinstatement Because of Pension Error

Capt. Edward H. Shigley, who quit his job as head of the Pontiac Police administration bureau last week, asked to withdraw his resignation today after discovering an error in the city's pension plan amendment which was approved in the last election.

Under the new plan Shigley and other officials explained, the veteran policeman would not receive a retirement pension until the age of 65, despite his 28 years on the force.

Wording left out of the amendment, according to City Attorney William A. Ewart and Shigley, who is chairman of the pension board for city employes, renders the past efforts of the board useless, after it had sought for a long time to give city employes an opportunity for retirement after 25 years of service.

Shigley's reinstatement rests largely with Chief Herbert W. Straley who couldn't be reached for comment today. Asked about Shigley's present status with the police department after his letter asking for withdrawal of his resignation, City Manager Walter K. Willman only replied: "No comment."

Shigley's letter to both officials states in part:

"I had assumed that the charter amendment relating to the pension recently passed would allow me to take a deferred retirement (Continued on Page 2, Col. 3)

Kaiser Will Sell Wilson Foundry

Firm Negotiating With 3 Groups for Plant and Machinery

Kaiser-Willys Motors Corp. is negotiating to sell their Wilson Foundry Division here as part of a move to consolidate production in Toledo, the company said today.

Three groups of manufacturers are interested in buying the plant and machinery, an official said. He added negotiations have been going on for about three months.

Production has been low most of this year, he stated, with an average 600 persons employed the last few months.

The plant is expected to be down to a standby worker force of undetermined size by Dec. 1, he explained.

"We're taking out very little machinery and expect the plant will be sold to another manufacturer," he stated. The firm expects to buy castings such as those produced by Wilson from an outside source, he added.

The consolidation plans were announced this week by the firm's president, Edgar Kaiser, who said $3,500,000 worth of equipment would be transferred from Kaiser's Detroit Engine Division.

Fog This Morning, Showers for Tonight

After several days of sunny, Indian Summer weather, Pontiac was hit by a dense fog this morning and can expect clouds and scattered showers tonight and tomorrow.

The fog, which slowed traffic in this area, grounded planes at Willow Run Airport for half an hour today.

The mercury hit 67 degrees at 2 p.m. in downtown Pontiac, but the temperature will drop to a low of 40 to 44 tonight and the high tomorrow will be about 48 to 52.

Temperatures will average five to 10 degrees above the normal low of 30 and high of 45 through tomorrow. After Thursday the weather is expected to cool to normal, and showers will hit again around the weekend.

At 8 a. m. this morning the temperature was 42 degrees.

Noel Field, Wife Leave Prison After 5 Years

Hungarian Communists Quash Spying Charges Against Americans

BUDAPEST, Hungary (AP) —U. S. legation officials formally asked Hungary's Communist government today where American representatives can get in touch with Noel Field and his wife Herta.

The government announced earlier it had released the couple from jail after five years imprisonment and had quashed spy charges against them.

The Hungarian Foreign Ministry, however, promised today to consider a request by the small contingent of Western news correspondents in Budapest for aid in contacting the American couple.

The announcement gave no indication of the whereabouts of the 50-year-old former U.S. State Department employe and his German-born wife.

Although their release was announced early today, official notification was not given to U.S. Minister Christian M. Ravndal until he called at the Hungarian Foreign Ministry at noon.

An Embassy spokesman declined to say whether Ravndal had raised the question of making contact with the Fields. Hungarian authorities had ignored two previous notes from the legation in recent months asking for interviews with them and for their repatriation.

Noel and Herta were among four members of the Field family who vanished at intervals behind the Iron Curtain in 1949 and 1950.

The Hungarian announcement over Budapest radio came only 23 days after Poland's Communist government said it had freed Hermann Field, Noel's brother. Hermann, a Cleveland architect, had been arrested in Warsaw while searching for Noel. He is still in Poland convalescing in a sanitarium.

The latest announcement left only the fate of Noel's adopted daughter Mrs. Robert Wallach still unexplained. Mrs. Wallach, the former Erika Glaser, disappeared in East Berlin Aug. 26, 1950, while searching for her foster father.

* * *

During the intervening years, there was no official indication of what happened to the Fields, although their names cropped up in various Iron Curtain treason trials. Communist propaganists accused Noel of being an "anti-Soviet" American spy and linked him to "Titoist" plots in Hungary.

The Hungarian announcement said the Budapest government has (Continued on Page 2, Col. 4)

Estimate on Project Is Revised Upward

DETROIT (AP) — A three-level grade separation at Eight Mile and Woodward will cost $1,403,000 more to build than originally planned, the State Highway Department reported yesterday.

Construction costs first were estimated at three million dollars. But increased cost of labor and acquisition of land for detours to move traffic during construction raised the price to $4,403,000, the department said in a report to Detroit's Common Council.

The city's share will total $505,743. The rest will be divided between Wayne County and the State.

NOEL FIELD

U.S., Korea Settle Feud; $700 Million Aid Promised

SEOUL (AP)—South Korea and the United States today settled their outstanding differences and cleared the way for a 700-million-dollar economic aid program.

U. S. Ambassador Ellis O. Briggs and Prime Minister Pyun Yung Tai signed the agreement, formally ending three months of wrangling.

The settlement sets forth a broad area of agreement on political, economic and military questions and reiterates the interest of the United States and South Korea in achieving common objectives.

The United States agreed to provide South Korea in the next fiscal year with 250 million dollars worth of economic aid and 450 million dollars in military assistance. A reliable source said it would be America's largest single aid program for 1955.

South Korea agreed to:

1. Encourage private ownership of industrial projects.

2. Establish new procedures for converting dollars at "a realistic exchange rate" both for use by United States forces and assistance fund officials.

3. Make "efforts to balance its budget and to continue to resist inflation."

4. Procure aid supplies "wherever in non-Communist countries goods of the required quality can be obtained at the best price." This presumably ends South Korea's bitter opposition to buying from Japan, which once occupied Korea.

Gen. John E. Hull, U. N. Far East commander, and ROK Finance Minister Lee Joong Jae have agreed South Korea will accept repayment of hwan loans to the Allied forces at rates set by the United States.

The ROKs have insisted on repayment at 180 hwan to $1, which U. S. officials considered unrealistic. They will be repaid at $1 for 254 hwan for June, July and August and $1 for 310 hwan for September, October and November.

The formal agreement says South Korea pledges "to cooperate with the United States in its efforts to unify Korea, including possible efforts through the United Nations."

But this does not commit President Syngman Rhee's government to accept a plan without its specific approval.

South Korea also accepted "proposed levels and principles for a strengthened military establishment consistent with economic stability and within available resources."

The Day in Birmingham

School Board Authorizes Forming Citizens Group

From Our Birmingham Bureau

BIRMINGHAM — With seemingly unsurmountable school problems snowballing at a faster pace than ever, the school board for the first time in its history last night authorized the formulation of a citizens committee to serve the board in an advisory capacity.

Up for voter approval next year will be a possible millage increase for school operation. This is the last year the school system can operate on the present 3.5 mill tax levy.

The committee, as designed by the school board, would be a sounding board of public opinion on building, operating and curriculum subjects.

The project will be turned over to the Birmingham PTA council at its meeting next week when the Council will name a steering committee to set up the three study groups.

Board members also faced the unpleasant task of approving condemnation proceedings for acquisition of an approximate 30 acre parcel of property at the southwest corner of Lahser and 14 Mile road.

The Southfield township property falls within the Birmingham school district. With projected plans calling for erection of a junior high school on the north 20 acres, the remaining ten would provide an elementary school site.

However, of the eight parcels to be acquired, it was noted that options have been secured on six.

John E. Martz, school attorney, was authorized to begin the condemnation proceedings.

• • •

Steve Gromek, star pitcher for the Detroit Tigers, will be the guest speaker at tonight's annual fall "C" Club banquet at Cranbrook School. He will address lettermen of the various school sports, particularly football and soccer, in whose honor the dinner is being held.

Special awards and citations will also be given to individual players and Paul A. Thompson, athletics director, said some 50 boys have earned varsity letters.

"C" Club members, whose president is Joe Braff, are responsible in addition to athletic service, for refreshments during home games, public address system commentary for sports events and assistance with Homecoming preparations. This fall the club donated $100 to the Cranbrook band to help furnish uniforms.

• • •

Beverly Elementary School parents have been invited to attend the school's first open house at 8 tonight, starting with a general assembly in the auditorium and a brief business meeting.

The new school opened this fall. John Tomes, president of the PTA, has announced that a record 273 parents turned out as charter members of the PTA.

• • •

City Commissioners this week pondered the best zoning use for former residences now surrounded by business areas and turned the problem over to the building code committee for further recommendations.

While the present building code limits business use in some of the larger and older frame buildings to the first floor only because of possible fire hazards, lawmakers were of the opinion that a limited type business use, such as professional offices, would not create additional hazards any more than substandard residential use would.

• • •

Dr. W. Glen Harris, minister of the First Presbyterian Church, will speak on, "Evanston from the Desk of a Delegate," when the Men's Club of the First Methodist Church hosts the Presbyterian and Lutheran men's clubs at a dinner at 6:45 tonight.

• • •

The modern living department of the Women's Club has scheduled a pot luck supper meeting for 7 tonight and will travel to the Pleasant Ridge home of Yvonne Marshall, Oxford drive, for the affair. A program will follow.

• • •

Not quite a sell-out yet is the annual variety show that some 500 Birmingham High School students will star in tomorrow and Friday night in 8 p.m. performances in the school gym.

The "County Fair" will feature 30 variety acts, from roller skating solos to dancing or singing choruses of 100 teenagers. Ticket sellers are senior class members, for since the first such show was presented in 1939, part of the proceeds help cover senior expenses for such things as year books and and Skip Day assessments.

This year's production is being directed by Angelo Angelocci, speech instructor, with the aid of 24 faculty committe members.

• • •

"Seven Years in Tibet" is the book to be reviewed by Mrs. George Woolfenden when the AAUW Evening Book Study Group meets at 8 tonight at the home of Mrs. Charles Branyon, S. Bates street.

Because of Thanksgiving, the meeting was moved up a week.

• • •

Knowing that Christmas is just around the corner, Newcomers Club members have invited Rea Barr Baker, educational toy consultant, to bring them some shopping ideas following a 12:30 p.m. luncheon at the Community House tomorrow.

"Building Family Relationships Through Play" is to be the theme used by Mrs. Baker, who is with the J. L. Hudson Co. speakers bureau. "Toys and games to live with, to learn with, to grow with," will receive special attention as well as educational toys.

Mrs. Baker, who is director of the Toy Advisory Bureau, will illustrate her program with a display of play materials for all ages, and will conclude with a question and answer period. Hostesses will be Mrs. Eugene Hesz, Mrs. Richard Bird, Mrs. Robert Stapleton, Mrs. Kenneth Sanden, Mrs. Alfred Ryan and Mrs. Lon King.

• • •

Classrooms will be open and teachers will be on hand to meet parents attending the Pierce School PTA open house at 8 tonight. Work of the children will be displayed and teaching methods will be explained.

A. C. Spierling, membership chairman, will also conduct his annual drive for PTA membership, with a room mother stationed in each room to direct parents as they enter.

• • •

Miss Alice Lillian Hargreaves

Miss Alice Lillian Hargreaves, 79, 656 Purdy Avenue, Birmingham, died yesterday at her home after a short illness.

Born Oct. 4, 1875, in Burlington, Iowa, she had lived in Birmingham for six years, coming from Santa Barbara, Calif. She was a member of the St. James Episcopal Church.

She is survived by two sisters, Miss Meaud Hargreaves, Mrs. Matthew B. Whittlesey and a sister-in-law, Mrs. Robert C. Hargreaves, all of Birmingham.

Service will be at the Bell Chapel of the William R. Hamilton Co., at 2 p. m. Thursday. Burial will be in Woodlawn Cemetery, Detroit.

• • •

Mrs. Margaret A. Haines

Rosary service for Mrs. Margaret A. Haines, 42, of 25 N. Brown St., will be held at 8:30 p. m. tomorrow at the Bell Chapel of the William R. Hamilton Co.

Funeral service will be at Holy Name Church at 9:30 a. m. Friday, with burial in Roseland Park Cemetery.

Mrs. Haines, who was secretary of the Northview Golf Practice Club, owned by her husband Robert S., died yesterday at Harper Hospital, Detroit.

She was a graduate of Miss Newman's School in Detroit. In addition to her husband, she is survived by a son, William L. and her mother, Mrs. Mel D. Wilson.

NEW FACE—Sporting a brand-new look is the WKC store at 108 N. Saginaw St., which has just had its "face" lifted. Used in the construction of the 72-foot-wide front were Italian marble, extruded aluminum and a special Virginia brick, according to J. J. Wainger, store president. The second phase of the store's remodeling program is slated to get under way in January and will feature changes to the store interior.

Bank Robber's Wife Convicted

Detroit Woman Found Guilty of Having Role in Stolen Car Deals

DETROIT (AP) — A Recorder's Court jury of 10 women and two men yesterday found the 22-year-old wife of a convicted bank robber guilty of obtaining money under false pretenses.

Mrs. Floria Reyes Thompson of Detroit had been accused of being a party to her husband's alleged stolen-car dealings. Police said her name had been used on the title of a stolen 1953 Dodge which was sold by her husband, Simon H. Thompson, to a used-car dealer.

Thompson, 37, convicted Oct. 19 of the June 28 holdup of the Trenton State Bank, told the jury his wife knew nothing about his "hot-car deals."

Thompson was brought to testify at the trial from the Wayne County Jail where he is awaiting federal sentence on the bank robbery conviction.

"I'm not in the habit of telling my wife anything," Thompson said. "She does as I say: She's my wife."

Mrs. Thompson will be sentenced Nov. 24. She faces a maximum penalty of 10 years imprisonment.

Asks Reinstatement After Pension Error

(Continued From Page One)

effective at voluntary retirement age (55).

"However, I have been advised that the deferred retirement section of the amendment does not take effect until age 65, the said section having been drawn through error."

Ewart called the "honest mistake," approved in the last election when 22,377 voters went to the polls, a "strange thing."

The retirement age was voted on by the people under the pension proposal although the age was not mentioned specifically. It was contained in the section reading "and other adjustments."

The amendment, however, did mention the 20 per cent pension boost for city employes.

One city official, who asked his name be withheld, said the "intent was there but someone forgot to change the wording of the old resolution."

Ewart said the amendment proposal may be resubmitted to the people at the next election.

The older proposal, passed Jan. 1, 1946, specified that an employe was eligible for retirement when 10 years of service were completed after the proposal's approval and at the age of 55.

The last amendment was to change that to allow retirement after 25 years of service, regardless of age. As it stands, if an employe, such as Shigley who is 52, retires before the age of 55, he would have to wait until the age of 65 before drawing the pension.

Shigley said he forwarded his resignation because he thought the resolution had been changed.

Somewhere along the line, officials say, the mistake occurred. Ewart said he received the amendment's draft from A. G. Gabriel, a pension expert, and relied on information given to him for the draft.

Apparently, Shigley and Ewart said, they as well as others approving the final draft, failed either to read it or see the new amendment.

"Probably, everone relied on someone else," said Ewart.

The proposal was approved for balloting by the city commission after the recommendation was made by the pension board. It then was forwarded to the pension expert and returned to city officials.

Shigley's resignation was to become effective officially Dec. 31.

His letter of withdrawal also reads:

"I hope you do not feel that I have caused embarrassment, other than for myself, to you and other members of the police division."

Sheppard Murder Trial Rocked Again

(Continued From Page One)

it appear a robber had committed the crime.

The weapon that killed Marilyn never has been found.

The coroner then went under cross-examination at the hands of Corrigan.

Dr. Gerber's face bore a faint smile as Corrigan began questioning him about his performance of his official duties. Last July, Dr. Gerber had the defense lawyer thrown out of the inquest he was conducting into Marilyn's death when Corrigan insisted on trying to get statements of his own put into the record.

Met Star to Sing

ANN ARBOR (AP) — Leonard Warren, baritone of the Metropolitan Opera, will give the sixth concert in the current Choral Union Series at the University of Michigan Sunday. He will sing selections by Handel, Monteverdi, Caccini, Ravel, Bizet and Verdi.

Hungarian Commies Free Noel Fields

(Continued From Page One)

dropped all spy charges against Noel and Herta after a review of their case indicated they could not be substantiated.

• • •

(In the United States, admitted former Communists Whittaker Chambers and Hede Massing have testified that Noel Field was once a member of a Communist apparatus in Washington.)

After Poland released Hermann Field, Western observers here anticipated that Noel would be turned loose. But American diplomats said the Hungarian government ignored two notes sent by the U.S. legation in the last six weeks demanding his freedom. The sources said they received no private hints Hungary intended to comply.

In London Mrs. Hermann Field said today the release of Noel and Herta Field by Hungary does not change her plans to meet her husband soon in Switzerland.

Hermann's British-born wife disclosed last week that her husband will leave Warsaw soon for a "complete rest" in Switzerland. She declined to say exactly when and where she would meet him.

Officials Preparing for Safe Driving Day

(Continued From Page One)

be achieved," urges the action committee.

The real test confronting every community in the nation on S-D Day will be to remain completely free of traffic accidents for the 24-hour period.

Haskill said that every church, school, police department, club and other organization in the country will be asked to give close support of the program.

On a nation-wide basis, the campaign is being directed by Harlow H. Curtice, president of General Motors Corp.

Curtice said the intensive public education program "will give great stimulus to existing safety programs and, therefore, foster year-around attention to the necessity for safe driving and safe walking."

The committee, alarmed over recent high death and injury tolls due to traffic accidents, revealed the following facts:

1. Last year, we Americans killed one person on the average every 14 minutes, around the clock and throughout the year. The total 1953 death toll: 38,300.

2. In 1953 there was an injury in traffic approximately every 23 seconds. A total of 1,350,000 persons were injured to the point where they were disabled beyond the day of the accident.

3. For every fatality, one or more persons was totally and permanently disabled, thereby becoming a financial burden, either to his family, or to the community, or both.

4. The price of traffic accidents in 1953 in terms of money is estimated to have been $4 billion.

5. Traffic accidents last year were the greatest single killer of farm people. They were a big killer of children in early school years, and of young people between the ages of 15 and 24.

6. There were nearly 10 million traffic accidents in 1953. In addition to approximately one million fatal and personal injury accidents, there were about 3½ million property damage accidents.

The committee has set up a scoring system which will be kept in cooperation with public officials, press associations and newspapers so that results of the nationwide S-D Day efforts may be measured.

The Pontiac Press has been asked by President Eisenhower's committee to lend its support to help initiate the project in Oakland County where officials hope S-D will be everyday of the year.

Life Insurance Claims in Michigan Increase

NEW YORK (AP) — The Institute of Life Insurance says Michigan families received $66,879,000 in life insurance death benefit payments in the first nine months of this year. The figure compares with $67,263,000 for a corresponding period last year.

Policy claims jumped from 39,683 in 1953 to 40,317 this year, the institute said.

Sauce for the Gander

MEMPHIS (UP)—Police reported today a radar device installed to discourage speeding in a school zone netted T. E. Hildebrand. He was driving the school bus.

Unanimous OK Likely for Ike's Atom Proposal

UNITED NATIONS, N.Y. (AP) — Diplomats from both sides of the Iron Curtain predicted today that President Eisenhower's atoms-for-peace plan would win the same unanimous approval the U.N. Assembly accorded the East-West disarmament proposal.

Russia's Andrei Vishinsky was scheduled to speak before the Assembly's main Political Committee today after two days of closed-door talks with American and other Western diplomats on the seven-power resolution to promote the Eisenhower program.

• • •

U.S. Chief Delegate Henry Cabot Lodge Jr. expressed confidence yesterday that the Assembly would give solid support to the proposal to set up an international afomic agency. East European diplomats were reported making the same prediction.

Speculation mounted that if Russia decides to go along with the seven-power proposal, Vishinsky might follow up by announcing the Kremlin will match the U.S. offer of fissionable material to start an international atomic stockpile for peaceful purposes.

Removal Pleas Ruled Illegal

Says Governor Has No Jurisdiction in Lapeer Sheriff Case

LANSING (AP)—Atty. Gen. Frank G. Millard held today that petitions for the removal of Sheriff Clark W. Gregory of Lapeer County are not legally sufficient.

Millard also held that an allied complaint against Carl A. Williams, former special Lapeer County prosecutor, also was insufficient.

Complaints against the two men were filed by groups of Lapeer County residents as an aftermath of controversy over the bankrupt Lapeer Farmers Mutual Fire Insurance Association.

Williams acted as a special prosecutor against persons arrested in a riot accompanying the eviction from their homes for non-payment of assessments against the company.

Sheriff Gregory led the eviction party.

Millard, to whom Gov. Williams referred the petitions, said that they were not sufficient under the law to give the governor jurisdiction to proceed further.

Real Estate Broker Plans to Surrender

LANSING (AP) — Gov. G. Mennen Williams' legal adviser said today Leo J. Klem, Detroit real estate broker, is expected to surrender at Portsmouth, Ohio, Thursday morning to face embezzlement charges.

Klem was the target of an extradition request from Ohio. The hearing on it was delayed last week to permit principals to negotiate a settlement.

Alfred B. Fitt, Williams' legal adviser, said he had been advised by Klem's attorney that Klem would surrender to Scioto County authorities at 9:30 a.m. Thursday. Klem is charged with embezzling $10,000 from Garland Williams of Detroit in the purchase of a Portsmouth auto dealership.

Fitt said that if Klem does not surrender as planned "we will issue our extradition warrant."

4 Jap Newspapermen Visiting U. of M. Today

ANN ARBOR (AP)—Four Japanese newspapermen were to visit the University of Michigan today as part of the State Department's international exchange program.

They are: Kenichiro Ichikawa, editor-in-chief of the Hokkai Times; Tadashi Nagano, president of the Oita Radio and Godo Press Co.; Yoshitaro Nishida, editor-in-chief of the Hakodate branch of the Hokkaido Shimbun; and Naosada Takabatake, editor-in-chief and member of the board of education of the Kahoku Shimpo, Sendai.

Ike Conferring Today With Congressmen

(Continued From Page One)

Senate Leader Knowland of California and intermittent outbreaks of "hot war" between Chinese Communists and Nationalists around Formosa.

The New York Times said today that powerful Republicans would "look very coldly" upon any plan to bring the Democratic leaders into regular domestic legislative discussions with Eisenhower during the next Congress.

A Washington dispatch to the Times said the GOP leaders expect intimate liaison between the new Democratic - controlled Congress and the Republican White House to be confined to high foreign and military policy.

The story quoted Speaker Joseph W. Martin Jr. (R - Mass), as saying that to have the Democratic congressional leaders join the Republican chiefs in their customary weekly legislative talk with the President would "lead to the destruction of the whole principle of the two-party system."

Knowland two days ago called for a searching congressional review of administration foreign and defense policy to determine if "a basic change in the direction of our policy is warranted" in view of what he called "this clear and present danger." He lashed out at talk of "peaceful coexistence" with Russia, terming Soviet feelers in that direction a Trojan horse tactic aimed at winning time for Russian atomic armament and ultimate Communist victory.

Dulles told his news conference yesterday he believes Eisenhower's foreign policy adequately covers the present world situation and that he knows of no emergency requiring an extraordinary review.

Suggests 3rd Issue for Censure Ballot

(Continued From Page One)

(R-Utah), who asked his colleagues what they were going to do about McCarthy's statement that the Communist party had extended "its tentacles" into the Senate itself.

An indignant Watkins denounced as a "hit-and-run speech" McCarthy's accusation that the special committee had acted as an "unwitting handmaiden" of the Communist party in recommending censure. He said the Senate should make this a third count against McCarthy.

"It was the Senate who called upon us to perform this duty," said the 67-year-old Watkins, a man spare in speech and manner. "Therefore I ask what is going to be done about it?

"How can the Senate of the United States hold up its head among other free deliberative bodies of the world unless it does something about this matter?"

Sen. Bridges (R-NH), temporary president of the Senate, said in an interview Bennett, proposed additional charge will make it "a little more difficult" to try to work out a compromise. Bridges has been active in behind-the-scenes talks aimed at developing some compromise formula on the censure issue.

The Watkins committee, composed of three Republicans and three Democrats, recommended unanimously that McCarthy be censured both for his treatment of Zwicker and for what it called his contemptuous conduct toward a Senate elections subcommittee that probed his finances in 1951-52. One member, Sen. Case (R-SD), has since announced he will not vote for censure on the count involving Zwicker.

Nips Space Ship Rumor

WASHINGTON (UP) — Defense Secretary Charles Wilson said yesterday if military officials are working on space ships he doesn't know anything about it. They have "enough problems on earth," he quipped.

Midland Fair Elects

MIDLAND (AP) — Harry M. Whittaker has been re-elected president of the Midland County Fair Assn. Other officers elected Tuesday at the association's annual meeting were Leon Doyle, vice president; H. D. Parish, secretary; and Leo F. McMillan, treasurer.

Pontiac Deaths

Mrs. John Anderson

Funeral for Mrs. John (Monna) Anderson, 54, formerly of Pontiac, will be held Thursday at 2 p.m. from the First Wesleyan Methodist Church here. The Rev. Claude D. Friess, pastor of the church, will officiate. Burial will follow in the Drayton Plains Cemetery on Williams Lake Rd.

Surviving are her husband, five daughters and four sons, Mrs. Robert Kline of Gobles, Mrs. George Cole of Indiana, Mrs. John Schauman, Mrs. Phillip Carol, Mildred Anderson, Alfred and Gary all of Flint, Robert of Wayne and Raymond of Clio.

Mrs. Anderson died at her home 2812 Thom St., Flint, yesterday. She will be at the Brown Funeral Home in Flint until tomorrow morning when she will be brought to the church at noon.

Joseph H. Binney

Joseph H. Binney, 55, of 2454 Walnut Lake Rd. died suddenly at his home at 1:30 p.m. yesterday.

The son of Joseph and Mary Ann Reese Binney, he was born Sept. 11, 1899 and was married to Carrie Mae Hibler in St. Petersburg, Fla.

Mr. Binney came to Oakland County 28 years ago from Florida. He was a member of the Presbyterian Church of Springfield, Ill., and last employed as watchman of the Community National Bank.

Besides his widow, he is survived by two daughters, Mrs. Jean Pritchett, Mrs. Henrietta Locke and one grandchild, all of Pontiac.

Also surviving are two sisters and two brothers, Mrs. William Hood, Mrs. Floyd Barr and Floyd Binney of Detroit and Roy Binney of Florida.

Mr. Binney is at the Pursley Funeral Home. Arrangements will be announced later.

Elmer R. May

Elmer R. May, 61, of 451 S. Telegraph Rd. died yesterday in an automobile accident.

Born in White Feather Feb. 23, 1893, he married Gertrude Towns in Angola, Ind. June 6, 1939. He came to Pontiac 3 years ago from Bay City.

Mr. May was a member of the Loyal Order of Moose and was last employed by the General Motors Truck & Coach Division.

Besides his widow, a daughter, Mrs. Genevieve Drobo of Ball Club, Minn., survives. A sister, Mrs. Rhoda Goodwin of East Tawas and a brother, Milton of Greenbush, also survive.

In lieu of flowers the family requests that donations be made to the Cancer Fund. Funeral arrangements will be announced later by the Sparks-Griffin Funeral Home.

Mrs. Roy Oliver

Service for Mrs. Roy (Ada Pearl) Oliver 54 of 24 N. Francis St., will be held Thursday at 1:30 p.m. from the Sparks-Griffin Chapel. The Rev. H. T. Starkey of the Merriman Road Baptist Church will officiate with burial in Perry Mount Park Cemetery.

Mrs. Oliver died Monday at St. Joseph Mercy Hospital. She had been ill two years.

Mrs. Ernest Stanley

Word has been received of the death of Mrs. Ernest (Ruth) Stanley, 61, formerly of 28 Whitfield St. She died this morning at her home at Barnes Lake, North Branch.

Besides her husband, six children survive, Ernest of the U. S. Army in Texas, James of West Branch, Arthur of Philadelphia, Pa., Mrs. Betty Caldwell of Hazel Park, Mrs. Helen Sanburn and Mrs. Gladys Sowish of North Branch.

Also surviving are a sister, Mrs. Esther Lee of Columbiaville; two brothers, David Knowles of Detroit and Joseph Knowles of Pontiac.

The funeral will be held Saturday at 2 p.m. from the Blackburn Funeral Home at North Branch. Burial will follow in Kingston.

Daniel Zumbrunnen

Daniel Zumbrunnen, 82, of 144 Raeburn Court died early this morning after a three-year illness.

Born in Switzerland June 2, 1872, he was married there to Martha Beetchen. Mr. Zumbrunnen came here from Iowa 25 years ago and was last employed at the Wilson Foundry. He was a member of the Greater Beneficial Union.

Besides his widow, he is survived by eight children, Daniel Jr., Emiel, Albert, Martha Houzts, Lydia Lynerson, Lena Nelen, Ruth Hecter and Walter of Drayton Plains, 20 grandchildren and 13 great-grandchildren.

The funeral will be held Friday at 3 p.m. from the Brace-Smith Chapel. The Rev. Lee La Lone of the Donelson Baptist Church will officiate with burial following in Oakland Hills Memorial Park Cemetery.

Heavy Fog Blamed for Morning Crash

BLOOMFIELD TOWNSHIP — Heavy fog was blamed for a school-bus and five car pile up on Maple between Telegraph and Lahser Roads this morning, causing a rush hour traffic jam.

School children had not yet boarded the Birmingham School District bus.

Barbara H. Chaplow, 20, of 9249 Tampay Dr., Walled Lake, driver of the east-bound car that collided with the west bound bus, was the only injury.

She was treated for neck and back injuries at St. Joseph Mercy Hospital, Pontiac. The bus driver was Mrs. Emma Colburn, 50, of 976 Ruffner, Birmingham.

Police said both vehicles were damaged on the left sides, and theorized that Miss Chaplow must have crossed the center line without seeing the bus in the dense fog.

The accident resulted in four rear-end collisions behind Miss Chaplow's car.

Tot Crushed by Truck

DETROIT (AP) — Three-year-old Kathleen Tofilski was killed Tuesday when she was crushed beneath the wheels of a truck as it pulled out of a driveway near her home. Another child, Laura Drotar, 2, was pulled unhurt from beneath the truck by an employe of a firm where the truck had just unloaded steel.

There are about 230 million radio receiving sets in the world.

11-Alarm Fire Guts Block in Baltimore

BALTIMORE, (AP) — An entire square block of South Baltimore was burned out last night by an 11-alarm fire that swept through a lumberyard and spread to adjoining buildings.

More than half of the city's first-line equipment — 61 pieces out of 110—were rushed to the scene.

The lumberyard, two trucking firms, a garage, a tool company, numerous smaller firms and apartment houses were wiped out. Many other buildings were damaged.

At least 150 persons were driven from their homes.

Three explosions rocked the area but only one person was reported injured, a fireman hospitalized with burns on both feet.

No official damage estimate was given immediately

'32' Painted Everywhere Defied Reds in Guatemala

By LAURA Z. HOBSON

GUATEMALA CITY (INS) — "What's that 32 for?" I asked my almost-English speaking guide. "Every third or fourth house seems to be marked 32."

"Not house number," he explained. "Anti-Communista, was. Very big propaganda against Communista."

In crude ink or bright crayon, slapped onto the sides of white or blue or pink houses and fences and posts, that 32 had caught my eye again and again as I went sightseeing in a taxi around this handsome city just south of Mexico.

Not on the more fashionable streets, I don't mean. But as we left the shopping and residential districts behind us, and began driving through the outskirts, that puzzling 32 bobbed up lots more often.

I knew perfectly well it was no house number or zone number. But what sort of symbol it was, and what it stood for, I certainly did not know.

"Article 32 in our constitution," my guide went on, and what with his explanations and some research I did myself later on, I learned that Article 32 is the one which prohibits "parties of a foreign or international nature."

Obviously anything calling itself the Communist Party would have a rough old time getting around Article 32.

Equally obviously, when the Communists started digging in deeper and deeper into Guatemala's life and labor unions and politics about a decade ago, such minor little blocks didn't block them at all.

The "Guatemalan Labor Party" sounded lots prettier anyway, and its out-and-out influence on the pro-Communist Arbenz regime talked louder than pretty words.

But then those 32's started appearing — as if by magic in the middle of the night.

That was back last January, nearly six months before last June's anti-Communist revolt and victory, led by Col. Castillo Armas, now Guatemala's new president.

"We're on to your phony name, those painted numbers shouted at the Communist leaders. "Call yourself anything you want—you're not kidding us."

The message got across—a kind of shorthand of defiance, and the regime in power knew perfectly well what it meant for the future.

It became a crime to paint 32 anywhere; a mall sentence—or worse—was to be the fate of anybody caught with a paintbrush or colored crayon or piece of chalk after dark.

But each night for nearly half a year, more 32's would mysteriously appear on still more walls and fences—just as other night signs of various resistance movements have appeared in other countries so many times during the troubled years behind us.

And looking at Guatemala's 32's, I realized suddenly this was the closest I myself had ever come in person to any such resistance symbols.

I hadn't been in France or Denmark or Holland or Belgium right after the war, when anti-Nazi signs might still have been visible on a few walls and posts and nonuments. And of course any defiant signs in the lands of the Iron Curtain are hidden as yet from us all, except for an occasional photograph.

So even with Guatemala's new government solidly entrenched, these ghostly reminders of the forbidden numbers really pleased something strangely deep inside me . . . . 32's that really hit the target hard.

Symphony Marks Arrival of Jews

WASHINGTON (AP)—The National Symphony Orchestra premieres tonight a new symphony celebrating the 300th anniversary of the arrival in this country of the first Jewish immigrants.

The symphony is entitled "Ahavah." It is pronounced aw-haw-vaw and means "brotherhood." The composer is David Diamond, 39, of Rochester, N.Y.

* * *

Howard Mitchell, the National's conductor, called the new symphony "highly appropriate to our times."

Mitchell said the work's emphasis on the theme of brotherhood makes it particularly suitable for the Thanksgiving season. He expressed the hope its playing would become traditional at this time of the year.

Nine Die in Explosion as Fireworks Go Off

SARNO, Italy (AP) — Fireworks stored in a house here for Christmas blew up yesterday, killing at least nine persons. Several others were listed as missing.

The blast destroyed three homes and badly damaged a third.

The Santa Fe railway was named for Santa Fe, New Mexico, but never ran through it. Instead a spur line of the railway serves Santa Fe, which is the capital of the state.

Bob Hope Most Cussed, Discussed Comic Among Hollywood People

By EDDIE CANTOR

In the Brown Derby, famous Hollywood restaurant, the other evening, a half dozen comedians sitting in the big booth on the left as you come in, were discussing—well, naturally—another comedian. Bob Hope is the most cussed and discussed comic around Hollywood.

The people who cuss him are the sponsors whose programs have no Hope. In discussing Hope, every comic comes up with a line that Robert has said on this occasion or the other.

I remember attending a broadcast where Bob appeared with Tallulah Bankhead, and when Tallulah barked (kidding, of course) "Get off the stage until I call for you," Bob snapped, "Don't lower your voice to me. I knew you when you were Louis Calhern."

Jack Benny loved Hope's definition of debutantes: "Bare backs with greenbacks."

He and Bing Crosby have made a fortune out of their phony feud. Bob says, "I'm not playing golf with Crosby any more. Would you play with a guy who cheats—a guy who picks up the ball when nobody's looking and throws it toward the hole? Of course you wouldn't—and neither will Crosby."

Ski-nose was in fine fettle on the Sunday television show when he, Abbott and Costello, Donald O'Connor, Martin and Lewis and myself appeared together. The Thursday before he had received an Oscar from the Academy of Motion Picture Arts and Sciences.

Bob made his entrance on our show in a full-dress suit, carrying the Oscar, saying, "I haven't been home since Thursday." After the laugh, he cracked, "Ladies and gentlemen, isn't this Oscar lovely? I made twelve bucks this afternoon just letting other actors touch it."

America is a better place because of faith, Hope, and charity. By the way, that's Bob in the middle.

(Copyright 1954)

Just a Little Drive to Soothe the Nerves

CHICAGO (UP)—A 12-year-old boy who smashed up his father's hardtop convertible and two other cars told police he took the car for an after-midnight spin because he couldn't sleep.

• • •

The boy, Robert Ferring, said his father had taught him how to drive a jeep, but not the family car, a lavender-colored Cadillac. He didn't get far from home yesterday before he plowed into a car and then caromed into a parked auto. He was not hurt. Police estimated damage to the three cars at $1,500.

• • •

Robert was ordered to appear in Family Court.

When the first Welland Canal between Lake Ontario and Lake Erie was operating in 1831 it carried 210,104 bushels of wheat during the year. Today a single large ship using the canal can carry 750,000 bushels in a single triy.

AT LAST! PERFECT CREAM PIE FILLING in 30 seconds!

With magic Amazo Instant Dessert you can whip up luscious pie filling in 30 seconds, spoon it right into your baked pie shell and serve at once. Only Amazo sets *instantly*, and *stays* creamy-smooth when you cut into it, or chill it.

ONLY Amazo won't "weep" and make pie-crust soggy

AMAZO BANANA CREAM PIE

Slice one fully ripe banana into deep bowl; whip with rotary beater to mash. Add 1¾ cups milk, 2 tsps. lemon juice and 1 pkg. Vanilla Amazo*; whip 30 seconds. Spoon into pie shell. Garnish with banana slices and grated rind of 1 lemon—and it's ready to serve!

*Be sure to use Amazo. So-called instant puddings will not work in this recipe.

VANILLA, CHOCOLATE, BUTTERSCOTCH

Urges Variety in News Stories

Iowan Outlines Views for Managing Editors at Tampa Meeting

TAMPA, Fla. (AP)—The Associated Press Managing Editors Assn. was told today the American press ought to give newspaper readers a wider variety of news coverage.

What the typical American is looking for in his newspaper is something other than police court news, said Frank Eyerly, managing editor of the Des Moines Register and Tribune.

• • •

Eyerly, as general chairman of the APME Continuing Study Committee for 1954, outlined to editors of AP member newspapers at the opening of their annual meeting ways in which his committee feels the news report can be improved.

It isn't that the committee feels that too much wordage is being given to Marilyn Monroe's domestic problems, or to stories dealing with New York school problems, or the like, he said.

• • •

"What this criticism really grows out of is a feeling that the newspapers and the press associations have too much preoccupation with the news that can be lifted from a police blotter, and not an adequate concept of American life," he said in a prepared talk.

"The typical American family, we believe, has a home and sometimes a yard and frequently a family. He and his family have interests that range from skeet shooting to croquet, from bird watching and outdoor cookery to fine arts and gardening."

• • •

Praise for the work performed by the Continuing Study Committee and by the association during the past year came from Wallace Lomoe, managing editor of the Milwaukee Journal, association president.

Lomoe said studies had been completed with a distinct professional polish. He was impressed by the amount of time and effort editors had spent in trying to develop a better news product.

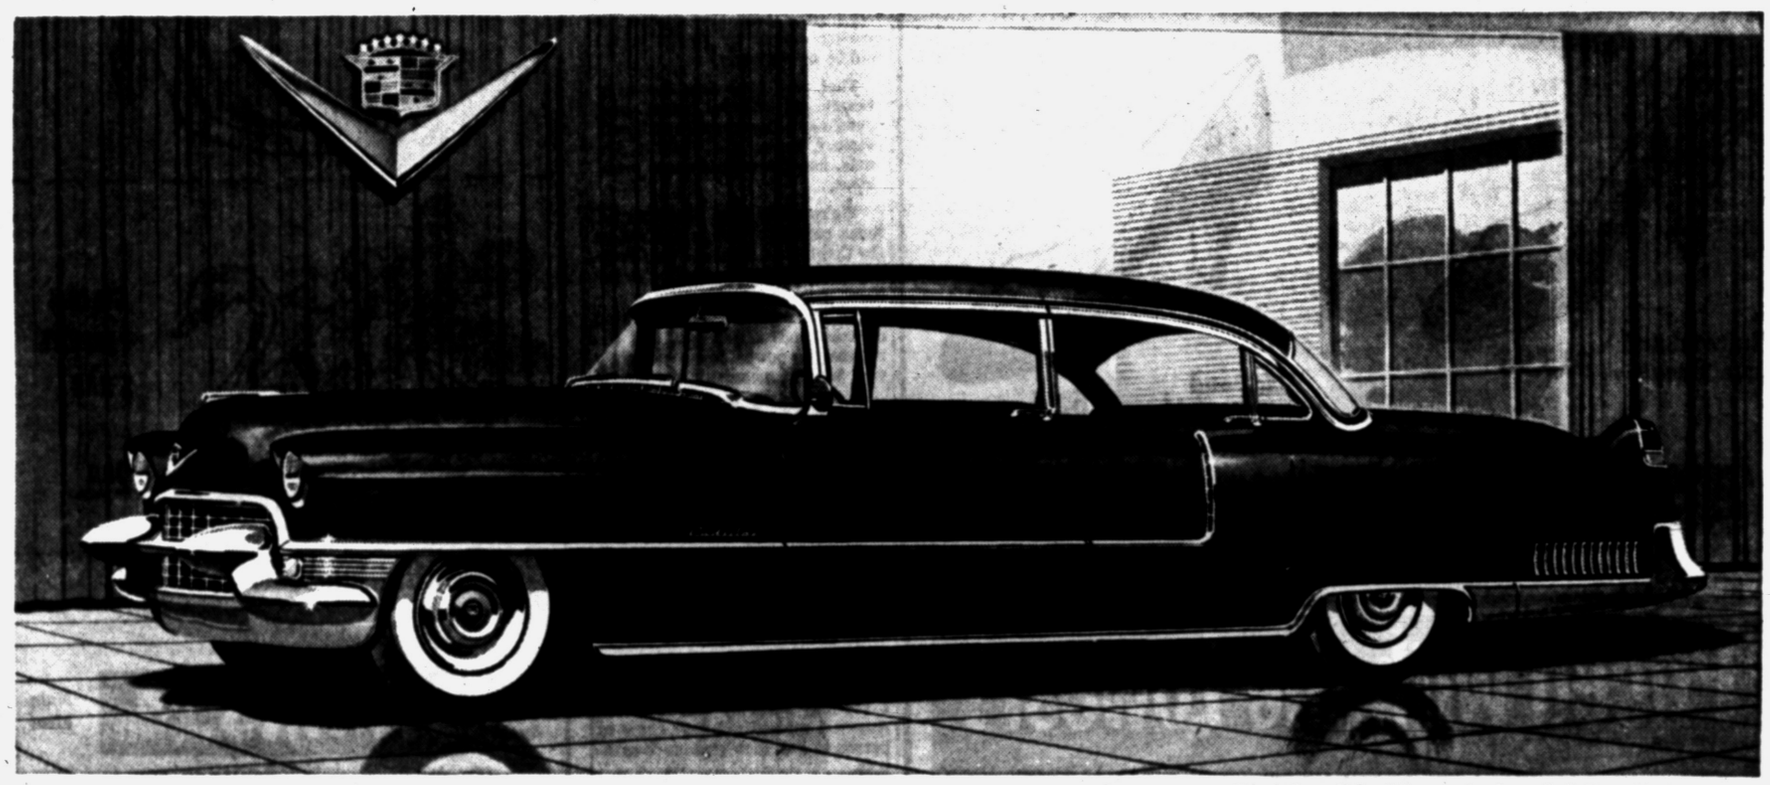
Cites Disadvantage of Nuclear Reactors

BLOOMSBURG, Pa. (AP)—An official of the Atomic Energy Commission says that although the cost of nuclear fuel is cheaper than coal, nuclear reactors as a source for commercial power aren't yet as economical as more standard devices.

W. Kenneth Davis, deputy director of the AEC's reactor development program, said also in a speech last night that even a nuclear reactor now being built privately at Shippingport, Pa., would not be as economical as present power producing methods.

Just a Loan, Officer Well, It Might Have

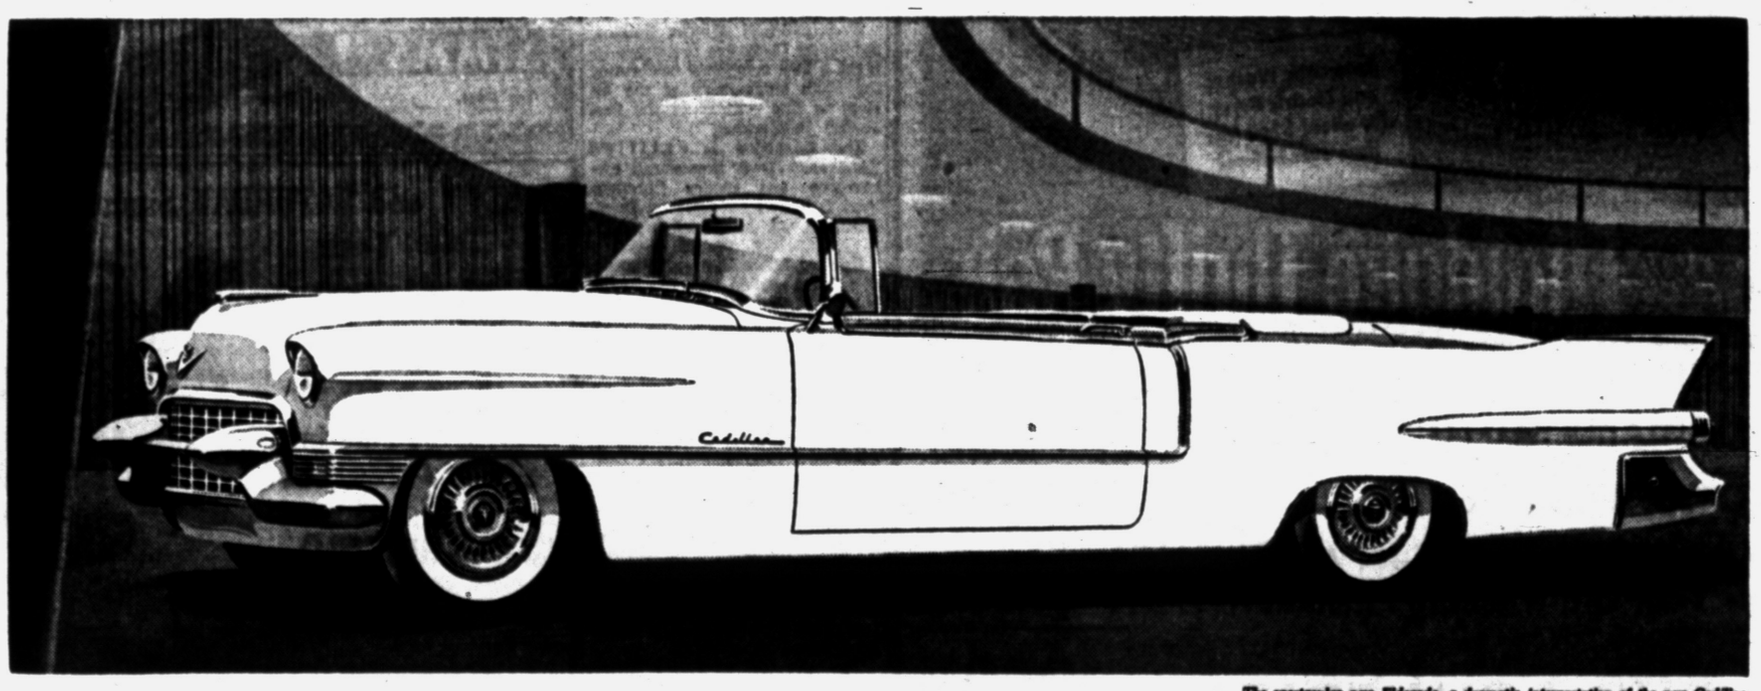
HARTFORD, Conn. (UP)—Police who found Charles Evanowski inside the refrigerator of a meat company with two cuts of meat under his arm, said he told them he was "borrowing" the meat and would return it the following week.



The new Series 60 Special, representing the standard 1955 models, features a new Florentine-curved roof line, a new slender center post, and a great new 250-h.p. engine.

CADILLAC for 1955

Presents the Most Beautiful and Finest Performing Motor Cars in Its History!



The spectacular new Eldorado, a dramatic interpretation of the new Cadillac styling, offers many unique features, including a new 270-h.p. Cadillac engine.

This is one of the most significant new-car announcements in Cadillac history.

For it introduces to the world's motorists the most magnificent creations in Cadillac's fifty-three years of motor car production.

Three new Cadillac series are offered for your consideration in 1955—the famous Series Sixty Special, the beautiful Series Sixty-Two, and the distinguished Series Seventy-Five . . . in addition to the spectacular new Eldorado.

They are, as you can readily see, magnificent in beauty—with a new, jewel-like grille and front-end assembly . . . with dramatic and graceful new sculptured side styling . . . and with added dignity and bearing in every detail.

They are magnificent, too, in performance. There is a great new Cadillac engine, the most dynamic and powerful ever offered in a production motor car . . . an improved Hydra-Matic Drive . . . advanced Cadillac Power Steering . . . and, as an option at extra cost, refined Cadillac Power Braking.

And they are magnificent in luxury . . . to a degree unusual even for Cadillac. Their interiors are almost unbelievably beautiful . . . and they are offered in a remarkably wide selection of gorgeous and colorful fabrics and leathers.

Beyond any question, these new Cadillac creations represent a new Standard of the World—and we urge you to see and inspect them tomorrow during their premier showing in our display room.

You will be most welcome at any time—and we know you will find your visit one of the most interesting and educational experiences of your motoring life!

U.S. May Train Viet Nam Army

Gen. Collins Negotiates for America to Assume Responsibility

SAIGON, Viet Nam, (UP)—Gen. J. Lawton Collins announced today that he is negotiating with the French and Vietnamese for the United States to take over "basic responsibility" for the training of troubled, Communist - threatened South Viet Nam's national army.

Collins, President Eisenhower's special ambassador to Viet Nam, quickly added that there were no plans for immediately replacing the French military officers and men now training the 250,000-man native Army which has been equipped largely by the United States.

* * *

Instead, he explained to his first news conference since arriving in Saigon 10 days ago, an American-advised training program similar to that used in South Korea, Greece and Turkey is anticipated.

The over-all program had not been finally worked out, he added, and therefore he could not say whether American units ultimately would take over the entire training program.

He emphasized that Gen. Paul Ely, French commander in chief in Indochina, who also heads the Viet Nam army, will continue to hold final authority and that his orders will be carried out by the U.S. training mission.

* * *

Prior to the Geneva armistice agreement, French officials had rebuffed suggestions that the Americans take a hand in training the Vietnamese army. The change in attitude was seen as new evidence of a stepup in American influence in the country since Collins' arrival.

The general's presence also is credited with playing a part in the decision by Gen. Nguyen Van Hinh, Viet Nam army chief of staff, to leave tomorrow for France after two months of refusing Premier Ngo Dinh Diem's demands that he quit his post.

* * *

Officially Hinh is making the trip to consult with the Viet Nam chief of staff, ex-Emperor Bao Dai. Informed sources say Bao Dai will kick the general upstairs to an important new job, leaving the army in the hands of someone more likely to take Premier Diem's orders.

Baby Knows Best

MEMPHIS, Tenn. (UP) — Mrs. Perry E. Johnson had just about lost her patience with her 21-month-old son, Steven, who didn't want his dinner. "You know what I ought to give you," the mother said, thinking in terms of a spanking. "A cookie?" the little boy asked. Mrs. Johnson gave him a cookie.

Can United States Have One Day Accident Free?

All hail S-D Day.

Wednesday, December 15th has been officially named as Safe Driving Day and it is sponsored by President Eisenhower's Action Committee for Traffic Safety.

The official objective is:

"For every community to remain completely free of accidents for that 24 hour period."

★ ★ ★

Last year we Americans KILLED ONE PERSON ON THE AVERAGE EVERY FOURTEEN MINUTES. This commenced at midnight January 1st and kept on around the clock for the entire year.

The deaths totaled 38,300.

What a slaughter!

★ ★ ★

In addition to those whose lives were completely snuffed out, there was an injury in traffic every twenty-three seconds. The word "seconds" is correct. We don't mean minutes. An astounding total of more than 1,350,000 persons was injured sufficiently to be incapacitated at least the day beyond the accident.

More minor crack-ups are ignored.

★ ★ ★

For every death, one or more persons was TOTALLY AND PERMANENTLY DISABLED, thus becoming a financial burden to the family, the community or both. And in addition to this, the victim faces a lifetime of — well, you figure it out.

★ ★ ★

The price of traffic accidents in 1953 in terms of money has been estimated at *four billion dollars*. This includes medical expenses, property loss and other damages. This is nearly five times as much as all the fire losses in the United States combined.

In 1953 we witnessed nearly TEN MILLION TRAFFIC ACCIDENTS.

★ ★ ★

Well, what to do?
Can we sit idly by?
President Eisenhower thinks not.

★ ★ ★

He has asked Governor Dan Thornton of Colorado to "enlist the support of all the governors" and have a trial day to see what real careful driving will do. A "D-Day Director" will be appointed in every locality. He will marshal local resources and for 24 hours the United States will drive with EXTREME CARE to see how the average number of accidents and deaths can be reduced.

★ ★ ★

Everyone's help is needed.

Everyone takes part.

Pontiac has a bigger stake in this program that most cities. WE BUILD AUTOMOBILES. Anything that makes them safer will help the local product of which we are all so proud. We are vitally interested.

You will hear more about this later, but in the meantime, why not do a little home work on your own personal driving and begin to practice for "S-D Day?"

Water Instead of Wine

Recent Paris news reveals another somewhat surprising side of French Premier Mendes-France's personality.

Moderate to the point of near abstinence in his use of alcohol, the Premier is urging his wine loving fellow countrymen to substitute water for the juice of the grape during working hours.

★ ★ ★

His anxiety over France's growing problem of alcoholism was revealed during a tour of northern sections of the country. A milk drinker himself, he told the workers that adoption of his suggestion would increase efficiency, reduce accidents and improve national health.

Sound though this advice unquestionably is, observers doubt that it will be adopted generally by a people known as the world's greatest wine growers and most discriminating consumers.

★ ★ ★

Nonetheless, the Premier deserves credit for calling attention to a national problem which already has caused the French medical profession deep concern.

Enlightened Co-operation

Unanimous approval by the City Commission made Pontiac the third community to enter formally into a five sided co-operative fire fighting agreement.

★ ★ ★

Under its terms this City, Birmingham, Royal Oak, Hazel Park and Ferndale can call on each other for help in cases of emergency. Each party to the agreement is obliged to send at least one truck and four men when aid is needed. The community lending aid, however, may withdraw its crew if necessary.

★ ★ ★

The municipalities have been exchanging men and equipment for several years. The formal agreement was deemed advisable to provide tighter control for Civil Defense purposes.

The Commission's action is common sense approval of what we believe is enlightened inter-community co-operation.

It is a healthy thing for the country that increasing thousands of voters are learning that a party line is a purely imaginary one, and that no particular effort or hazard is involved in crossing it.

The Man About Town

High Percentage

Not Many Pontiac Homes Are Without Telephones

Civil service: What we get in restaurants between wars.

A survey recently completed in Michigan cities of 50,000 or more by the

Michigan Bell Telephone Company

shows that 86 per cent of Pontiac's homes have phones. According to

District Manager Edward Novak,

this is the same percentage as Detroit, approximately the same as Flint, and above Saginaw and Bay City. Jackson tops the state with 92 per cent, with Grand Rapids, Lansing and Kalamazoo just above Pontiac.

Living on the edge of Murphy Park,

Mrs. Doris Anselman

phones that two deer have taken refuge there since the season opened. It is within the city limits, and of course they're safe from legitimate hunters.

My principal Florida scout sends a clipping, "It Happened in the United States," taken from

The Miami Herald,

in which all of the five items in the story happened in Michigan. He writes, "Apparently Michigan IS the United States, according to this great Florida newspaper."

Two Bobs are in disagreement about the spelling of the name of that Welsh town of 58 letters. One is the Pontiac Press syndicated writer,

Bob Considine,

who used it in a story in our issue of Nov. 8. The other is

Bob Haslock

of Davisburg, native of England, who often has visited that town, and says that Considine did not spell it correctly, and produces printed matter from there to prove his assertion. The correct spelling is "Llanfairpwllgwyngyllgogerychwyrndrobwllllantysiliogogogoch." And, what's more, Mr. Haslock can pronounce it, which we doubt is within the powers of the other Bob.

That line, "In care of postmaster," no longer is needed in overseas mail to men in the armed service, according to

Postmaster Leslie H. Dean,

who says that all now needed is the APO number, reducing the address to three lines.

One of Pontiac's biggest conservation boosters,

Donald Songenrath, Sr.,

of 390 Whittemore St., writes a poem. "Rod in hand," that urges clear thinking and the use of good sense when in quest of game.

Verbal Orchids to—

Voice of the People

Dances for Teenagers Are Held Weekly by American Legion in Auburn Heights

(Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.)

In reply to "Disgusted's" letter regarding places of recreation for teenagers, I would like to state that the American Legion of Auburn Heights has been holding dances every Saturday night for the sole purpose of giving the teenagers a place to go.

Although this is not in Pontiac, it is but a short distance to travel for good, clean fun. The admission is small and we have a uniformed Special Deputy on duty to discourage any person who may have any ideas other than good, clean fun.

I assure you, "Mrs. Disgusted."

Looking Back

15 Years Ago

NAZIS OCCUPY two Czech schools.

GENERAL MOTORS and three affiliates get $5,000 fines for violating anti-trust law.

20 Years Ago

TEN SELFRIDGE fliers in Mitchell Trophy Race.

FOUR STATE counties left without State aid.

Hoffman States Public Litters Up Sidewalks

I disagree with City Manager Walter K. Willman who states the magazine stand and bus stop are the cause of much of the litter on West Huron near Saginaw. The writer as a boy has sold daily and Sunday papers on almost every corner of Saginaw and knows the wrapping paper was never allowed to blow away. It was always placed in the container provided.

This is especially hard to believe about the individual in business on the corner in dispute. He has been a vendor there more than 25 years and I believe that people in every walk of life to whom he sells papers will testify to his character.

As for the bus stop, wherever people gather for any length of time, refuse is bound to be scattered about. Before this corner, the buses stopped at Pike and Saginaw where the same problem must have arisen.

Perhaps the picture was intended to shame the people of Pontiac rather than to criticize the cleaning method of our city streets.

Anthony P. Hoffman
3900 Elizabeth Lake Rd.

More Praise Given Mr. Francis Staley

I am another privileged ex-student of Eastern Jr. High and I'd like to join in the praise for Mr. Staley.

He is indeed warm and understanding. To him every student is an individual. His office door was, and is, always open to any student who has a problem. May he continue to be the swell fellow behind that door.

I shall never forget him, the most wonderful principal in the world.

Case Records of a Psychologist

High Schoolers Should Play the Field, Get Better Acquainted With Other Sex

Should a girl go steady or play the field? This would make a good debate question in a high school English class, for there are some excellent arguments on both sides. But in the long run, it pays to shop around and learn psychology by different dates.

By DR. GEORGE W. CRANE

Case M-369: Mel Stonecipher, aged about 39, is an executive of the Journal at East St. Louis.

He graciously took me to luncheon with a group of business and professional men.

They brought up several questions which the women later asked me during the afternoon session.

"Dr. Crane, how do you stop teenage infatuations?" one of the men inquired. And do you think it is wise for high school students to go steady with just one member of the opposite sex?"

No, it is usually better to play the field during the high school years.

For when you are young, you should date many members of the opposite sex in order to get acquainted with various types of personalities.

In our cities nowadays, the average age of marriage for a girl is about 21, so don't rush the matter unduly. You girls have a life expectancy of 71 years, and will thus have 50 years of marriage ahead of you even if you delay marriage till you are old enough to vote.

Oh, I realize there are certain advantages in having a steady boy friend during your junior and senior years of high school.

For then you can count on having a regular escort to the prom, as well as to other school affairs. And it makes many a girl feel big or sophisticated to have a steady.

But there are more advantages in being a free lance who can play the field and shop around. Obviously, you may be left alone

occasionally when you had hoped to be escorted to some high school event.

But in the after years, you will have more poise and be better able to carry on an interesting conversation, if you shop around.

You will also get better acquainted with the opposite sex. You will be better applied psychologists. And you will have a better chance to pick a suitable mate.

For when you shop around, you are playing the batting averages. If you go steady with the first romeo you meet, how do you know he will be as congenial on the many points necessary for a permanently happy marraige?

And, girls, please remember it is permanently happy marriage you should aspire to, not just marriage itself. For marriage may end in divorce if you don't use typical feminine bargain-hunting and shop around.

If you date 10 boys, you should have a better likelihood of picking a congenial mate, than if you date only one.

A generation ago, when a boy took his girl to a dance, he exchanged dances with many other fellows. Thus, he and his girl friend had a chance to meet possibly a dozen members of the opposite sex.

Nowadays, young people are making a psychological mistake by sticking to their companion exclusively throughout the entire dance program!

So you high school leaders should immediately go back to the former custom of exchanging partners at dances.

That's one reason nowadays why square dancing is gaining at the expensive of ball room dancing. For teenagers subconsciously realize that it is wise to meet many people in a social way.

You high schoolers should not go steady, for dating is a valuable part of social education, so play the field.

Aunt Het

I reckon it's sinful but what I do that is wrong don't seem to worry me as much as the times I made a fool o' myself.

David Lawrence Says:

Debate on 'Co-Existence' Designed to Prevent War

WASHINGTON — Everybody in the government here, including the Congress, seems to be in favor of co-existence with Soviet Russia but nobody is quite sure it's going to be peaceful.

That's the crux of the debate precipitated Tuesday by Senator Knowland, Republican of California, majority leader, who wants to discuss frankly and in the open just what the present Communist activities in the world really mean.

This doesn't mean that Mr. Knowland is necessarily at variance with the White House. Nor is there any real evidence that either the President or the secretary of state are averse to having the Semte debate the issues. For it is apparent that, as Secretary Dulles himself told a press conference after the Knowland speech, there is some difference of opinion between Moscow and Washington as to just what "peaceful co-existence" means.

As far as this government and perhaps also most all of the Western countries known as a part of the free world are concerned, peaceful co-existence means honorable intercourse, a willingness to keep out of each other's affairs, and particularly it means the absence of any aggression.

But the suspicion here, which is shared by the executive branch of the government, is that, just as the Soviet Union claims it is a democracy, so will it also distort the meaning of peaceful co-existence.

To the United States, peaceful co-existence does not mean the repeated shooting down of planes on peaceful errands or a threat to invade weaker countries such as is now being witnessed in the Far East and Southeast Asia.

Since it is apparent that Moscow isn't sincere and refuses to be peaceful, the debate on what co-existence means has been opened up in timely fashion by Senator Knowland. There are indications that Senator Lyndon Johnson, who speaks as Democratic Party leader, and other Democrats in Congress are aware of the importance of full discussion, especially as it relates to the meaning of peaceful co-existence.

It is of the utmost importance, too, that Soviet Russia should not misconstrue the meaning of the last election. In Britain, Clement Attlee of the Labor Party was quoted not long ago as saying that a Democratic victory in the congressional elections would mean a change in America's stand against admission to Red China into the United Nations.

There are some Democrats, like Senator Hennings of Mississippi, who by their speeches at any rate give the impression that they believe there is no alternative to peaceful co-existence except an atomic war. There are, moreover, some impressions conveyed occasionally by the President's remarks at his press conferences which have led to a belief that he is against war no matter how much American rights may be violated.

The truth is the President is not a "peace at any price" man and has never deliberately given that impression. On the contrary, he is the kind of President who, like Woodrow Wilson, is known for his pacific desires and tendencies but, then the big overt act comes and there is no alternative but to fight it out, he courageously makes that decision.

The big wars in history have come because the enemy has misconstrued the patience of the democracies and miscalculated what they might do if their allies were attacked.

The purpose of the debate started by Senator Knowland is to let Soviet Russia know that America isn't going to sit passively by while the Communists gobble up nation after nation in Asia or while they carry on their subversive propaganda inside peaceful nations. The idea of severing diplomatic relations with the Soviet Union is often mentioned by Mr. Knowland as one of the alternatives to war. It is a step considered as one means of impressing the Soviet that she cannot count on a co-existence policy that envisages a continuance of the cold war by the Soviets.

Something more than mere talk about peace is being sought. Senator Knowland's remarks, which have already been misinterpreted as belligerent and probably will be twisted by critics who want a "peace at any price" policy, are designed solely to apply moral force to prevent a third World War from breaking out. That's why the debate that has started is a healthy sign. It may be that Moscow will be convinced by the discussion that there is more for the Soviet government to do on the "peaceful" end of "co-existence" than has been apparent thus far from Moscow.

Baering Down

By ARTHUR "BUGS" BAER
(International News Service)

There has been a good dearth of flying saucers that just about vacuumizes the results of the saloons being closed on election day.

Less than two years ago all the roof-spotters were seeing 144-piece set crockery of the cosmos pattern.

We never saw a picture of one although many an amateur photographer got his head stuck in a rubber boot. It proved to be a bit of light housekeeping at Yucca Flats.

Einstein and the other scientists-at-loggerheads gave us a bit of bottled sky-writing on the subject. Just about the time Vesuvius started to stutter.

Books were written about them, lectures hiccuped at occult quorums and fuzzy filibusters run around the dial. It proved we can make a fad out of a panic.

Believe-it-or-nix Ripley told me about the flying saucers 15 years ago. The ultra-strato influence on the high-stacked dishes left them in the terrestrial sink.

The famous astronomers aimed their double-jointed stovepipes at infinity and failed to score. An astronomer is a man who stays up all night for nothing. He doesn't even get a headache next morning. A scientist is the only tenant in the world who will sue his landlord for fixing the hole in the roof.

About the same time folks started seeing men from Mars. They were the waiters for the flying saucers. They dealt 'em off the arm.

THOUGHTS FOR TODAY

My son, attend to my words; incline thine ear unto my sayings.—Prov. 4:20.

Remember this: They that will not be counseled cannot be helped. If you do not hear Reason, she will rap your knuckles.—Franklin.

Sour Milk Healthful Drink Only Because It Contains Calcium Like Sweet Milk

By WILLIAM BRADY, M.D.

Old timers will remember Prof. Elie Metchmikoff's discovery of the way to prolong life: Take daily about two glasses of skimmed milk which has been boiled, rapidly cooled to a 70 to 80 degrees temperature and sown with Bulgarian lactic baccilus culture and allowed to ferment, sour or curdle in a warm place for several hours, say, over night.

Unfortunately Elie didn't live long enough to see all the old customers quit Bulgarian milk and go for Acidophilus milk. He turned up his toes in 1916 at the tender age of 71.

Whenever I hear of a good man taking such a premature leave, I wonder how much longer he might have stuck around had he taken his daily ration of Ca, D, P, I, Thiamin, and Riboflavin as suggested in the pamphlet "Young Foks and Old Folks," available on written, signed request if you provide a stamped, self-addressed envelope.

Why, I even wish I could have buttonholed him on the bowling green or at the club and convinced him of the importance of rolling six somersaults every morning and doing the belly breathing exercise two or three times every day.

Judging from the queries of people who write to me, Acidophilus milk, yogurt and other sour milk products no longer stir the imagination of the American public. More and more people today seem to understand that lactic acid milk, sour milk, buttermilk, cultured milk (whole or skimmed or separator milk), whether produced by nature, by sowing with plain Lactobacillus, Acidophilus, Bulgarian or other strain of milk souring germ, is just sour milk.

Sour milk is a healthful drink or food, under whatever name, if you like it.

The lactobacilli which are naturally or normally present in fresh, pure, sweet milk and, by their multiplication and their fermentation of the sugar in milk (lactose), produce lactic acid which sours and curdles milk, continue the fermentation of sugar in the intestine, producing lactic acid there, and maintaining a slightly acid reaction of the contents of the intestine, which discourages the multiplication of pathogenic (disease-producing) germs.

All this is physiological and conducive to health, but it is silly to imagine the lactobicillus "fights" or "destroys" harmful germs.

Metchmikoff's belief that the consumption of sour milk products by the Bulgarian and other Balkan people prolonged life may have had a grain of truth which the great bacteriologist himself did not recognize, but which, because of our newer knowledge of nutrition, we believe may have accounted for the beneficial effects of eating or drinking sour milk products.

It is this: Every one of these products is an excellent source of calcium. Furthermore, an acid reaction in the intestine favors assimiliation of food calcium. And by now students of the question ought to have at least a suspicion that calcium deficiency may have something to do with the namby-pambyism that makes so many American youths unfit for military service.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. Brady if a stamped, self addressed envelope is enclosed, etc.

Barrymore Funeral Planned Tomorrow

HOLLYWOOD (AP)—The body of Lionel Barrymore will be placed in a crypt next to those of his wife and his brother John after Roman Catholic funeral services tomorrow.

A requiem mass will be said at 10 a.m. in the tiny chapel of Calvary Cemetery.

The 76-year-old actor died Monday of heart congestion. He bought the crypt for himself 18 years ago after the death of his second wife, actress Irene Fenwick.

Honorary pallbearers will include Eddie (Rochester) Anderson, Lew Ayres, Francis X. Bushman, author Gene Fowler, Bob Hope, L. B. Mayer, Mickey Rooney, Dore Schary, Robert Taylor, Spencer Tracy, Darryl Zanuck and director Frank Capra.

Great Salt Lake City was renamed Salt Lake City in 1868.

Silenced Bells Will Peal Again Via Electricity

READING, Pa. (AP)—The bells of St. John's Lutheran Church, silenced because their swaying weight had cracked the church's steeple, will ring again on Advent Sunday thanks to the magic of electricity.

The three bells, weighing a total of 11,851 pounds, originally were hung in the German building at the St. Louis Exposition of 1904 and there were rung by the late President Theodore Roosevelt.

* * *

Later, they were bought for and moved to St. John's Church here. Recently, the church tower had begun to rock whenever the bells were rung by the nine bellringers —three to a bell.

Now the clappers will be operated electrically.

Eight states produce most of America's coal.

ILO Planning Study of European Wages

ROME (AP)—The International Labor Organization is undertaking a comprehensive study of European wage structures.

In most European countries the employer, in addition to paying basic wages, must contribute to national social security plans, pay special cost of living bonuses and —in Italy—meet the expense of a "bread allowance." The result is a great gap between base wages and the amount the employer actually pays out.

ILO officials feel the projects will show both labor and employers how the complex setup of wages and contributions in each nation affects its competitive position in international trade.

In constructing Hoover dam enough concrete was used to build a modern paved highway across the entire United States.

Amazing Discovery Tightens Plates Like "Living Tissue"

Not a paste! Not a powder! Not a cream or wax pad! But a new, soft plastic that holds plates firm and tight!

Just released—Amazing soft plastic SNUG Denture Cushions! Grip loose fitting plates tight and firm—yet feel and hold like "Living Tissue." Eases sore gums due to loose fitting plates. You eat, talk, laugh without embarrassment. SNUG stays cushion-soft—can't harden and ruin plate. Tasteless, odorless, cleaned in a jiffy—easily removed when replacement is needed. No more daily bother with "stickums." Get SNUG Denture Cushions today and do away with your plate troubles. Money-back if not satisfied. At all druggists.

America's Classic Murder Trials

Many Still Question Hauptmann's Guilt in the Lindbergh Baby Kidnap-Murder

Editor's Note: Famed reporter James L. Kilgallen continues today his personalized stories of American murder trial classics

By JAMES L. KILGALLEN
INS Staff Writer

The melodramatic trial of Bruno Richard Hauptmann for the kidnap-murder of the Lindbergh baby was called "The Trial of the Century." And indeed it was.

No trial in our time approached it from the standpoint of public interest and controversy.

It transformed the small town of Flemington, N. J., into the news capital of the world for a period of six weeks in the snowy winter of 1935.

Covering the proceedings in the century - old Hunterdon County Courthouse was the greatest array of reporters the nation's metropolitan newspapers, press services and radio could muster.

They included star byline writers, columnists, leg men, sob sisters, authors, criminologists and experts of all types numbering at least 250.

Hauptmann, a sullen, moody-tempered, 36-year-old German-born carpenter, sat shackled hand and foot in the courtroom each day.

Only six feet away sat Col. Charles A. Lindbergh whose 20-month-old son Hauptman was accused of having kidnaped on the night of March 1, 1932, from the Lindbergh home near Hopewell, N. J.

The jury, after hearing reams of testimony, which was reported in detail to all quarters of the globe, returned a verdict of "guilty," sealing Hauptmann's doom.

I had covered the case from its start . . . the finding of the baby's body on a lonely New Jersey road two months after the kidnaping, the long investigation of countless clues, the relentless manhunt and ultimately, the arrest of Hauptmann in New York City on Sept. 19, 1934.

In the midst of the trial I interviewed Hauptmann exclusively for International News Service in the jail adjoining the courthouse. On that occasion he said:

"I am innocent. But if I have to die, I will die like a man!"

I drew the assignment to cover Hauptmann's electrocution. On the night of Friday, April 3, 1936, Hauptmann was executed in the gloomy death chamber inside the grim walls of the state prison at Trenton.

Pale as a ghost, Hauptmann walked through a door to the left of where sat the eye-witnessing reporters. He strode to the chair with a firm step. He did not utter a word. He died stoically.

Twenty-two years have passed since little Charles Augustus Lindbergh Jr. was kidnaped from his home. Controversy still lingers today. People ask:

"Was Hauptmann really guilty? Did he have an accomplice?"

When the baby was kidnaped from his crib sometime between 9 and 10 o'clock on the night of Tuesday, March 1, 1932, the curtain was rung up on the greatest manhunt in history.

The crime shocked the entire world. For the baby's father was internationally known and idolized for his epic feat in flying alone non-stop from New York to Paris in the pioneer days of aviation.

On that fateful, stormy night a ladder was placed against the window of the baby's room in the Lindbergh mansion, and the infant was abducted.

A crudely written note, left behind on the second-floor window sill, demanded $50,000 ransom for the child's safe return.

Public indignation flared as the news of the kidnaping came out. Lindbergh and his wife, the former Ann Morrow, daughter of a one-time American ambassador to Mexico, were frantic with worry.

The hunt began. There were countless clues and tips, most of which led nowhere.

Finally, Dr. John F. Condon, an elderly retired Bronx (New York City) school teacher, came into the picture coincident with the collapse of many tips purporting to give the whereabouts of the baby.

Condon (known as "Jafsie") was contacted by the kidnaper and became an intermediary with Lindbergh. Immediately after he was contacted, Condon got in touch with Lindbergh. The latter suggested that Condon try to meet the kidnaper.

As a result, Condon, on March 12, 1932, met a man in the Woodlawn Cemetery in the Bronx. This man was later identified as Hauptmann. He used the name "John" at the time.

The meeting had been arranged for in a note delivered to "Jafsie" by a taxi driver, who later testified (at the trial) that Hauptmann gave him the message.

On April 2 of that year, Condon paid the $50,000 ransom to "John" in St. Raymond Cemetery in the Bronx. Lindbergh sat in a car parked nearby.

Lindbergh heard the kidnaper's voice but didn't see him.

The ransom money was paid in gold certificates, the serial numbers of which had been carefully recorded in advance.

Lindbergh was instructed to go to Martha's Vineyard, Mass., where the kidnaped baby was supposed to be kept on a boat. The colonel flew to the scene, only to find he had been cruelly hoaxed.

The search proceeded.

Seventy-one days after the kidnaping, the baby's body was found on May 11, 1932, in a shallow grave five miles from the Lindbergh home in Hopewell. Its skull had been crushed.

The following year, on Sept. 19, Hauptmann was arrested in Manhattan.

Ransom money had been showing up along New York's East Side subway line, chiefly in the German-inhabited Yorkville section.

The tip-off which led to Hauptmann's arrest came when a filling station employe wrote down the license number of a car after the customer paid for his fuel with a gold certificate $10 bill from the ransom money.

Police found $14,600 of the ransom money secreted in Hauptmann's home and garage in the Bronx. The day after the ransom money had been paid, it developed, Hauptmann had quit his job as carpenter and thereafter had taken it easy.

Much of the money was found in holes bored into the garage and the rest in a shoe box in a closet in the Hauptmann home.

Hauptmann's alibi regarding the money was that it had been left in his safekeeping by a friend, Isidor Fisch, when the latter left for his native Germany.

When Fisch died of tuberculosis in Germany, in 1933, Hauptmann said he opened the package Fisch entrusted to him and found the money.

Hauptmann was ultimately brought to trial for the kidnap-murder in Flemington, N. J.

It was a dramatic and spectacular trial, the likes of which had never been seen in America. Hauptmann's meek-looking wife, Anna, was there with her 5-year-old son Manfred. She had been thoroughly investigated.

She claimed Hauptmann handled all family funds and doled out to her only what she needed to run the household. She said she knew nothing of the ransom money.

Col. Lindbergh took the stand and identified Hauptmann's voice as the one he heard the night "Jafsie" turned over the ransom money. Condon also identified Hauptmann as the man in St. Raymond Cemetery.

Hauptmann's appearance in the witness chair was a highlight of the trial. He insisted he was innocent. His efforts to establish an alibi for the night of the crime broke down into hazy memories and uncertain recollection.

Evidence at the trial was largely circumstantial. Some of the more than 130 prosecution and defense witnesses were unconvincing. The state, however, contended it made a strong presentment against Hauptmann.

The case finally went to the jury. And the verdict was:

"Death in the electric chair."

Tomorrow: The Loeb-Leopold Case.)

Baby's Glands Transplanted

Thyroids Still Living in Woman Two Years After Operation

By ALTON L. BLAKESLEE
AP Science Reporter

ATLANTIC CITY, N.J. (AP) — Glands taken from a dead baby are apparently still living and working two years later in a young woman's body, two surgeons reported today.

They are the thyroid gland and the parathyroids, little glands which ride piggy-back on the thyroid.

* * *

They are apparently the first case of successful transplanting of these glands for this long a time.

The dramatic case was described to the American College of Surgeons by Doctors Julius A. Sterling and Ralph Goldsmith, of Albert Einstein Medical Center, Philadelphia.

* * *

The woman, now 31, had her own thyroid and parathyroids removed in 1941 because her thyroid was too active.

Later, she began suffering from muscular spasms, tremors and pain due to lack of calcium, which is controlled by the parathyroids. An attempt, at another hospital, to transplant parathyroids in 1949 failed.

* * *

She grew worse, had to go to the hospital as often as four times daily for calcium injections. She also suffered from lack of thyroid hormone.

Just two years ago, she was given the glands from a baby who died at 21 days of age. The baby's parents gave permission for removal of the glands from the infants neck within an hour after death.

* * *

The glands were placed in the woman's groin. Blood vessels of the glands were connected with her own blood vessels.

She has been free of disease complications ever since, Sterling said. Once in a while she takes calcium pills. She no longer needs thyroid pills or other medicines.

Many Michigan People Say O-JIB-WA BITTERS Greatly Helps Arthritis

Many customers proudly tell us of the wonderful results that they are getting from O-JIB-WA BITTERS. In appreciation, these sufferers from rheumatism and arthritis relate their experiences below. Their recommendations are offered here as more convincing proof that O-JIB-WA BITTERS is worth your trial.

Mr. V. Handy
Battle Creek

"I suffered terrible pains from rheumatism and arthritis in my hip and legs for over four years, and spent over $500 for medicines and treatments with no results. Then, I tried O-JIB-WA BITTERS and after three months feel like a different person. I am beter now, and found O-JIB-WA the surest and cheapest treatment of them all."

Mrs. Machine Inkster

"I was afraid I might be an invalid for the rest of my life as my right knee pained and swelled so that I couldn't get around at all. After using O-JIB-WA BITTERS just 20 days, my knee was completely better. I have only the highest praise for this wonderful herb medicine, and recomend it highly to all who suffer from rheumatism and arthritis."

Mrs. Kneeshaw
Algonac

"The pain of arthritis in my feet was so bad that many times I just sat and cried as I thought I would never walk again. Treatments failed to help me until I tried O-JIB-WA BITTERS. Why, in three weeks I could see a world of difference and in about two months I was entirely better and up and around again as good as ever. O-JIB-WA is truly a remarkable medicine."

Mr. Neesma
Dearborn

"O-JIB-WA BITTERS not only did wonders for arthritis in my wrist, but at the same time gave me lots of pep and energy. I was always tired and run down and suffered continually from indigestion and stomach trouble, but now feel better than I have in years and give full credit to O-JIB-WA. I always recommend it to the people I meet who suffer like I did."

Announce New Way to Relieve Pain of Arthritis and Rheumatism Without Pills!

Greaseless, odorless cream penetrates deep—speeds up flow of fresh, rich blood into sore areas—actually helps drive away pain-causing congestion and pressure.

New York, N. Y. (Special)—Science has now developed an odorless, greaseless cream that acts in a new way to bring a new kind of relief from pains of arthritis, rheumatism, and muscular aches and pains. This new cream relieves these pains without the need of taking pills and other internal medicines that may only upset the system.

Gently rubbed into painful areas, this cream penetrates so deep and completely that it actually vanishes. Quickly a comforting feeling of warmth develops and the whole painful area takes on a pleasing glow. This is striking evidence of the power of this cream to penetrate quickly and stimulate the circulation of the blood. This glow illustrates how it speeds up the flow of fresh, rich blood into the sore areas and actually helps drive away the pain-causing congestion and pressure.

146 British and French doctors are so satisfied with this new help for patients suffering from arthritis and rheumatism that they have prepared written reports of success based on hundreds of cases. Further, one of the leading arthritis and rheumatism clinicians in the United States has now confirmed the findings of these doctors.

Now for the first time this remarkable cream can be obtained without a prescription at drug stores throughout America—under the name InfraRUB®. The price of InfraRUB is only 98¢ for a large tube. InfraRUB is backed by the amazing guarantee that sufferers from the pains of arthritis, rheumatism, lumbago, neuritis, neuralgia or muscle injuries or sprains will get hours and hours of comforting relief or their money will be refunded in full.

Hal Boyle Says:

Widow Reminded Often of Gestapo Raid on Home

BRUSSELS, UP—The scar of a German Gestapo agent's bullet still can be seen in the neat green doorway of Mme. Josef Duchene.

Every time she goes through the door the mark reminds Mme. Duchene, an Irish-born widow of 85 who has become a symbol of Belgian civilian courage, of the terrible price she paid for sheltering two fugitive British soldiers during the last war.

"People used to come often to look at the bullet hole," said Mme. Duchene, a sweet-faced, white-haired old lady with apple pink cheeks, who wears a black ribbon at her throat. "But no one has come now for a long time."

• • •

Born Anna Hodges in Waterford, Ireland, in 1869, she came here at 18 as a nursery governess. This is the story she told me as we sat in her small living room, hung with pictures of her late husband, her two dead children, King Albert, Belgium's first world war hero, and the present Queen Elizabeth of Britain.

"I felt so young and strange and homesick when I first came here," she said, "but people were nice to me and I felt better after I learned their language and their ways. Later I married Josef, coachman to the King. I forget the year, but I remember I was 30."

• • •

During the first World War her husband was sent to England with the King's horses. Mme. Duchene remained here during the German occupation with her children, Leopold and Florrie. No funds reached them and they had a difficult time.

"Often we were hungry," she recalled. "But we made out.

During this period Leopold, although underage, ran away and joined the army, later was captured by the Germans.

Reunited, the Duchene family had a tough struggle in the years between the wars. Money was scarce, but Mme. Duchene now looks back wistfully upon this as a happy time, because those she loved were at least together.

• • •

After the collapse of the Allied lines in the last war, two young Scottish soldiers, John McCubbin and Bobby Conville, leaped from a Nazi prisoner train near here and escaped.

"The woman who hid them became frightened, recalled Mme. Duchene. "I couldn't let the Germans take those boys again, so I said they could hide with us. We had a bed but no mattress, so Florrie and I ripped open our sofa pillows and made them a mattress, so the poor lads would sleep easier.

"That Bobby — he was such a good little boy. Always laughing. My daughter ran a millinery shop, and Bobby used to help her make hats.

• • •

The two British soldiers hid in the Duchene home at night for 14 months, sometimes moving to other places during the day.

One day, while Bobby was out, three Gestapo agents knocked at the door. They searched the house and found McCubbin, shot and wounded him when he tried to escape.

"I told Florrie to run out the back, that it made no difference if the Germans took me as I wouldn't live long anyway, said Mme. Duchene. "But she wouldn't leave me.

• • •

Mother and daughter were put in solitary confinement in prison here. Neither would give any information to their captors. After 9 months, during which her husband had died, Mme. Duchene was released.

"But they took Florrie to Ravensbruck, that awful place, she said, "and later to Belsen, the most terrible of all.

"When she fell ill, they took her away from the other prisoners one day. I have asked and asked what happened to her after that, and no one will tell me.

"She was so good and nice . . so kind to everybody."

• • •

Bobby Conville was smuggled back to Britain by the Belgian underground. John McCubbin, despite a bullet in his back, survived his wartime stay in a German prison camp.

Both men got in touch with Mme. Duchene as soon as they could to thank her. Three grateful governments — Belgium, Britain, and the United States — have honored the gallant old widow with citations and medals for her valor.

She lives now on a small government pension which she says is all she needs. She does her own housework, reads and sews.

But her son, Leopold, has died since the war and she is now all alone.

• • •

Does she ever regret taking the two escaped British prisoners into her home, an act that changed her life.

"No, I make out, she said sturdily. "I have no regrets except that I have lost my two children. That is the worst of all.

There was a silence; then, as if the words were dredged forcibly from her heart, Mme. Duchene said:

"It had to be so."

As she let me out, she looked quietly at the paint-covered bullet scar on her door.

"Time passes," she said. The door closed, leaving the old lady alone with her medals and her memories.

YOU MAY HAVE PIN-WORMS AND NOT KNOW IT!

Fidgeting, nose-picking and a tormenting rectal itch are often telltale signs of Pin-Worms . . . ugly parasites that medical experts say infest *one out of every three* persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do . . . and here's how they do it:

***First*—a scientific coating carries the tablets into the bowels before they dissolve. *Then*—Jayne's modern, medically-approved ingredient goes right to work—*kills* Pin-Worms quickly and easily.**

Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for *genuine* Jayne's P-W Vermifuge . . . the small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedies for over 100 years.

JAYNE'S P-W for PIN-WORMS

Finds Barter System Slightly Unprofitable

ST. JOSEPH, Mo. UP—Police Detective Austin Beierle tells this sad story:

Last week his automobile and another collided. The owner of the second car said he had no cash to pay damages but he'd give Beierle his old car.

Yesterday the detective reported he lost on the deal.

Damages to his automobile totaled $35. He sold the car given to him for $12.50.

Tokyo Youth Confesses He Started 17 Blazes

TOKYO UP — Police yesterday arrested a 15-year-old boy who told them he set fire to 17 schools and homes since Oct. 9 because he was "shunned by my playmates and distrusted by my mother."

All 17 fires were put out before much damage was done. Police picked up the boy in an alley where, they said, he was getting ready to start a fire.

Americans between 30 and 49 are the heaviest coffee drinkers.

NOTICE!

It is dangerous to let cough from common cold hang on

Chronic bronchitis may develop if your cough or chest cold is not treated. Start quick using Creomulsion as directed. Creomulsion soothes raw throat and chest membranes, loosens and helps expel germy phlegm, mildly relaxes systemic tension and aids nature fight the cause of irritation. No narcotics. For Children get milder, faster Creomulsion for Children in the pink and blue package at your drug counter.

America's new robot telephone exchanges for long-distance use a tape-punching machine that goes into action as soon as the call is dialed. It takes down the number of the caller, the number being called, and how long the conversation lasts. If there is a busy signal or no response, the tape records that fact. Later the tape is fed through other machines to figure the monthly bill.

Water Company Strikes Uranium Ore on Property

DENVER (AP)—News of a uranium strike on property belonging to the Denver Water Board brought quick action yesterday.

After hearing a report that some assays of the ore run up to $1,850 a ton, the board instructed Water Department Manager E. L. Mosley to negotiate for development of the strike with a royalty payment to the city of Denver.

The reported strike is in South Platte River Canyon near Waterton. Mosley said its extent has not been determined. Many uranium mines produce ore worth less than $50 a ton.

Lottery Suspect Called to Trial

Phenix City Clean-Up Now Aimed at Accused Numbers Racketeers

PHENIX CITY, Ala. (AP) — With former Chief Deputy Sheriff Albert Fuller under seven-year prison sentence for taking vice payoffs, the state shifted its attention today to an accused partner in a five-million-dollar lottery racket.

Pudgy, baby-faced Godwin Davis Jr. was called to trial on the first of 44 indictments for lottery operation.

• • •

The younger Davis, his father Godwin Sr. and his uncle George T. Davis Sr. are charged with bossing a multimillion-dollar numbers syndicate broken up last summer in the vice cleanup resulting from the murder of racketbuster A. L. Patterson.

Fuller filed notice of appeal from his bribery conviction. He is accused of taking "protection" money from the owner of a notorious bawdy house.

He was permitted to return home under house arrest.

Youth Prefers Death Over Attending School

MONTICELLO, Ky. (AP)—A teenager who preferred death to school killed himself yesterday, using a stick to push the shotgun trigger.

The blast struck 15-year-old Paul Morris in the heart.

Police Chief John Blevins said Mrs. Albert Morris, a widow and mother of five other children, told him she and Paul had argued over school attendance. "He said he would rather die than go to school," she said.

Ray Freeburys Plan Theme of Square Dance

The Ray Freeburys decorated the Owen School gymnasium Saturday evening so that members of the Hoedowners Square Dance Club "saw red" when they arrived at the Hunters' Ball.

Callers for the evening were Art Thomas, Ralph Monroe, Robert Grosjean, Dewitt Hart, Cecil Elsholz, Ben D'Arcy and the newest member, Roy Burch, making his debut.

Mr. Grosjean was master of ceremonies and welcomed Mr. and Mrs. Walter Anderson and Mr. and Mrs. Lowell Wilkison as new members.

Guests among the 32 couples were Mr. and Mrs. Kenneth May, Mr. and Mrs. Randall May, Mr. and Mrs. Harold Nadiger, Mr. and Mrs. Russell Blockett, Mr. and Mrs. Ed Farr, Alice Nichollis and Leslie Wingar.

The next dance will be held Nov. 27.

Church of Christ was the setting for the Saturday evening wedding of Shirley Ann Moore and Adam Zutant. She is the daughter of the Robert Pattersons of Union street, and his parents are the Adam Zutants of Beckley, W. Va.

MR. and MRS. ADAM ZUTANT

Know Your Town Theme of Voters

The November Unit meeting of the League of Women Voters was held Monday evening at the Cherokee road home of Mrs. D. B. Eames. The program topic for the year is, "Know Your Town."

Mrs. Arthur Bell of Rochester presented a film strip entitled, "Pontiac Past," depicting the beginning of Pontiac to 1900. The film was produced by Mr. and Mrs. Bell. Mrs. Harold Muldowney was introduced as a new member.

Shirley Moore Repeats Vows on Saturday

Shirley Ann Moore became the bride of Adam John Zutant in an evening ceremony performed Saturday in the Church of Christ.

The bride's parents are the Robert Pattersons of Union street, and his parents are the Adam Zutants of Beckley, W. Va.

The bride wore a ballerina length gown fashioned of Chantilly type lace and tulle. A Peter Pan Collar and long pointed sleeves complemented the bodice and the skirt was ruffled.

A seed pearl tiara held an English illusion finger tip veil, and she carried a white orchid on a prayer book.

Carrol Wells, as maid of honor wore a coral crystalette ballerina length gown. She carried yellow rosebuds in a colonial bouquet. Elaine Fought was bridesmaid wearing a gown that matched the honor maid's, and carried a bouquet of red roses.

Chesley Zutant, the bridegroom's brother was best man and ushers were Gene Moore Morris and William Harding.

A reception was held at the church. The bride's mother greeted guests wearing a light blue faille. A dress with navy accessories with a white rosebud corsage. The bridebroom's mother wore a peacock blue dress with black accessories and white rosebud corsage.

The newlyweds are residing on Hudson street.

Taffeta is Texture

White taffeta has broken out in texture. It blooms with velvet, black and rich. A finicky fabric for care, but worth its effort for the one dress of the season.

After eight weeks of strict calorie counting and friendly rivalry the second weight reduction contest of the Fashionette Club drew to a close Tuesday evening. Winners in the three categories were (left to right) Mrs. Peter Hernandez of East Pike street, Mrs. Harry C. Kersten Jr. of Third street and Mrs. James Parems of Franklin road. Mrs. Robert Smith of Grandview boulevard (extreme right) was the winner of a trophy in a contest between members who attained their ideal weight. Mrs. Oliver Korb won a trophy for losing the most weight during the last two weeks.

Fath Styling Is Praised

PARIS (INS)—The last 12 gowns created by Jacques Fath have demonstrated for fashion history that the 42-year-old Paris designer who died a few days ago was an all-time expert in emphasizing the feminine woman.

With his' last group of dressy clothes for the party season, Fath proved for the final time that his styles were feminine, flattering and Parisian.

A lovely satin outfit in deep strawberry red with a scoop neckline and a full skirt was typical of the group—all done in striking colors and with an outstanding feeling for beauty.

The designer, who believed that the first and main purpose of a dress was to make a woman look more lovely and more feminine, gave to his last creations the lines and colors of his noted talent.

His was the idea that a one-color outfit would flatter a woman without distracting too much from her personality.

In this last show most outfits carried this one color theme through from the dresses to the accessories including shoes, gloves and hair-ornaments.

There was a turquoise chiffon dress with a long torso bodice and a skirt fully flounced out from the hips. A jewel green satin dress and another in red satin with matching accessories were also shown.

Fath also believed that necklines should be either deep and scooped or strictly high. For these last creations, he outlined wide decolletes leading into a firmly draped bustline.

Fath also liked fun in fashions as long as it was in good taste—like the stockings with the black lace applique on the instep and the diamond studded garter tips he introduced recently.

The loveliest evening dress that Fath designed just before his fatal illness has the style, the shade and the beauty of a timeless costume.

Overblouse Good

The overblouse is everywhere this fall and winter. It's a far cry from the old poplin middy, for it blooms in the most romantic fabrics. For evening wear, there's even one made of ermine.

Personal News of Interest in Pontiac

Mrs. Bernard Bogue of Birmingham and Mrs. Bradford Smith of Oriole road have returned from a week's vacation at the Barbazon Plaza in New York City.

• • •

Pvt. James L. Howlett of Ft. Leonard Wood, Mo., will return to his base Thursday after visiting with his parents, Mr. and Mrs. Harold E. Howlett of East Iroquois road for 10 days.

The MARGARET ANN SHOP
37 West Huron In Riker Bldg.

Bernadette Zywicki Wed in Hills Rite

St. Hugo of the Hills was the setting for the Saturday morning wedding of Bernadette Ann Zywicki and Ronald O. Jorgenson.

She is the daughter of Mr. and Mrs. Theodore D. Zywicki of Auburn Heights, and he is the son of Mrs. William Mannerow of Bay street.

For the 10 o'clock ceremony the bride wore a white floor length gown. The Chantilly lace bodice featured an illusion neckline and long pointed sleeves. Lace insets complemented the skirt which was fashioned of tulle net over imported satin.

Her fingertip veil was held by a Juliet cap trimmed with seed pearls, and she carried a cascade bouquet of white carnations and roses with white pompon streamers.

Beverly Elmy wore a shrimp colored floor length gown of tulle and nylon. She is Bernadette's niece and was maid of honor. She carried a bouquet of brown chrysanthemums tied with shrimp colored ribbon.

Other attendants were Nancy Chaulkline, the bride's cousin from Green Bay, Wis., Darlene Schultz, the bridegroom's sister, of Detroit, and Bonita Goodell of Auburn Heights.

They wore purple floor length gowns styled like the honor maid's. Susan Meger and the bridegroom's sister, Cheryl Mannerow were flower girls. They wore lime green net over taffeta and carried baskets of white and yellow flowers. The attendants carred chrysanthemums with pompon streamers.

Harry Goodell of Auburn Heights was best man and seating the guests were Louie Zywicki, Wayne Schultz and Louie Fournier of Rochester.

Mrs. Zywicki greeted guests at the Auburn Heights Community Hall wearing purple crepe with purple and black accessories and a pink rose corsage. Mrs. Mannerow wore a dress of blue taffeta with navy accessories and a rose corsage.

After the reception the bride changed to a charcoal gray suit with black accessories for a motor trip through the southeastern states. They will reside in Keego Harbor.

Bernadette Zywicki and Ronald Jorgenson spoke their vows Saturday in St. Hugo of the Hills. He is the son of Mrs. William Mannerow of Bay street, and her parents are the T. D. Zywickis of Auburn Heights.

MR. and MRS. RONALD JORGENSON

Western Whirlers Gather Saturday

Twenty-two couples enjoyed the calling of Pete Lergen at the Western Whirlers Square Dance, Saturday evening. On display at the affair, which was held at the West Bloomfield Township Hall, was the club history book.

Guests from Detroit were Mr. and Mrs. Don Popa, Jerry Pearsall and Kathy Beck, Mr. and Mrs. Sid Moase, Mr. and Mrs. Robert Widmaier and Mr. and Mrs. Ira Evans. Mr. and Mrs. Stan Hale and Mr. and Mrs. Albert Noble were guests from Canada and Pontiac residents attending as guests were Mr. and Mrs. Ron Allcorn, Mr. and Mrs. Jerry Rose and Mr. and Mrs. Charles Callahan.

The next dance of the Western Whirlers will be held Nov. 27.

Pledge Ritual Held by Beta Sigma Phis

The Zeta Eta Chapter of Beta Sigma Phi sorority held a pledge ritual Monday evening at the Old Mill Tavern. The ritual was given by the president, Mrs. William Doyon, to Peggy Nelson and Sally Passmore. Each girl was presented with a yellow rose, the sorority flower, and a pledge pin.

The next meeting will be held Dec. 6 at the home of Mrs. Joseph Galardi on North Ardmore street.

Mrs. Ed Markham Entertains Chapter

Mrs. Ed Markham's Josephine avenue home was the meeting place for Gamma Psi Chapter of Beta Sigma Phi sorority Tuesday evening. Plans were made for the children's Christmas party to be held Dec. 18 at the YWCA.

The program for the evening, "The Art of Dress," was presented by Joanne McLain. Mrs. William Cheal was a guest for the evening

Beauty Clinic
By Edythe McCulloch

YOUNG OR YOUTHFUL

To be as young and attractive as possible is probably the secret ambition of most women. Often young matrons and even middle aged women are inclined to adopt the styles of the girls. (Let's say girls are under 21.)

Now it does seem reasonable that if we wear the things girls wear it will have a tendency to make us look more like a girl . . . but this only a half truth.

Young styles on the young reveal what the person has . . . youth. Young styles on the older woman reveal what she has . . . age!

The young style to look young on the older woman, must be modified, or changed in order to camouflage what time has done . . . then the result wil be youthful and very attractive. This principle applies to clothes as well as hair-dos.

Phone Edythe McCulloch Beauty Shop, FE 2-7431, 608 Pontiac Bank Bldg.

Pontiac Press Photo

LeBaron Set for PTA Fair

The doors of LeBaron School will be opened wide Friday from 6 until 9 p.m. for the PTA Fair. Pies, cakes, hot dogs, barbeques, ice cream and coffee will be made available.

They will also find a convenient check room, needlework booth, fish pond, game room, and booths containing used toys, dressed dolls, house plants, white elephants, comics, balloons, popcorn and cotton candy. You will be able to do your weeked shopping at the country store.

A main attraction will be three shows to be presented by a professional magician. The first show will begin at 6:15. Mrs. Kenneth Lyons is general chairman of the fair and Mrs. LaVerne Westphal is publicity chairman.

Group Members Meet at Church

Mrs. Martha Reeves was elected president of the Flora Shelly group of First Presbyterian Church when the group met Friday at the church.

Also elected were Mrs. Louella Minard, vice president; E. Grace Clark, secretary and Jessie Axford, treasurer.

Hostesses for the dinner were Clara Gaylord, Lula Mcgregor and Margaret LaCoq. Mrs. Allan Monroe will be hostess for the December meeting at her home on Cherokee road.

Sorority Gathers in Setter Home

Plans to receive new members were made recently when Beta Alpha chapter of Sigma Beta sorority met at the home of Joyce Setter on South East boulevard.

Announcement was made that the national convention will be held in Washington, D. C. in 1955. The next meeting will be held Dec. 1 at the home of Marie Kerchoff on Chippewa road.

MR. and MRS. JOHN G. BREWER

Married Saturday evening in First Presbyterian Church were Patricia Reaume and John Brewer. He is the son of the J. R. Brewers of North Saginaw street, and she is the daughter of Mrs. Charlotte Reaume of Blaine avenue.

Patricia Reaume Is Bride

Patricia Ellen Reaume spoke her vows with John Gerald Brewer Saturday evening at First Presbyterial Church. Dr. William H. Marbach performed the ceremony in the presence of 100 guests.

The bride is the daughter of Mrs. Charlotte Reaume of Blaine avenue and his parents are the J. R. Brewers of North Saginaw street.

For her wedding the bride chose a gown of white nylon net over satin with a lace bodice and illusion neckline. She wore a strand of pearls belonging to her grandmother.

A close fitting headpiece held the finger tip veil, and she carried baby chrysanthemums centered with a white orchid.

Joan Kissock was maid of honor in a light blue gown of net over taffeta with a lace bodice. Her bouquet was composed of roses and carnations.

Carol Fox, another attendant wore an identical gown and carried a bouquet of bronze carnations and chrysanthemums.

Best man was James R. Brewer of Atlanta, Ga. and Franklin Brewer seated the guests.

For her daughter's wedding Mrs. Reaume chose a pink faille dress with brown accessories and a corsage of yellow roses. Mrs. Brewer's choice was a blue faille dress with blue accessories and a pink rose corsage.

About one ton of water is required to finish the woolen cloth needed for a three-piece suit of clothes.

Book Offers Guidance to Young People Yearning for Careers in Video

For Earnest Aspirants

Describes the TV World

By ANNE HEYWOOD

Several young people have written recently asking how they can get into the TV field.

"It's so glamorous," is the usual theme of the letters. "I intend to make it my life work, but I have no idea how to get into it."

Sme of them, of course, are just vaguely in love with the general idea of excitement, glamor and prestige. But a good many of them are serious and willing to work, and for them I have a suggestion.

Get a copy of "Your Place in TV," by Edwin B. Broderick, which is subtitled "A Handy Guide for Young People." And it certainly is that!

The author does not pretend that it is easy to get into the field, but he does believe there are many opportunities here, and a great challenge to young men and women with talent and creative ability and a willingness to work hard.

The book includes a concrete list of all the positions which exist in the field, together with the required qualifications.

He gives a director of colleges which offer courses in TV, and a good list of recommended reading.

Top experts in the field, heads of the major TV networks, have contributed the introductions to the various chapters.

Best of all, the book gives a clear picture of just what kind of jobs the real beginner—the person right out of school—can hope for, and how to go about it.

It discusses starting in a big station versus a small one; what kinds of skills you must have; how best to overcome the competition — which is tremendous — and lots of back doors in, such as via the advertising agency or the trade magazine in the field.

(Copyright 1954)

One pattern part for each item! Dress, cape, hat, overalls, blouse, petticoat, panties and robe are so easy to sew for your daughter's dolly. Mother this is the best idea—let your little girl spend happy hours helping you to make these clothes! Use scraps and remnants—thrifty! Pattern 4600 for dolls 14, 16, 18, 20 inches tall. See pattern for yardages.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Feeds Large Group With Macaroni

Mrs. Taup's Souffle Holds Top Rating at Church Luncheon

By JANET ODELL
Pontiac Press Food Editor

When the women of the recently organized Congregational church in Birmingham entertained the Detroit Women's Fellowship not long ago, their main dish was a delicious Macaroni Souffle. One of our "agents" was at the luncheon and raved about the food. So we ran it down and obtained from Mrs. Milton J. Taup of Birmingham her Macaroni Souffle recipe.

Mrs. Taup is active in the young church, active also in the Birmingham branch of AAUW. She has two children in high school. Laughingly, she said she is a collector—but not of antiques; she collects for charitable drives.

MACARONI SOUFFLE
By Mrs. Milton J. Taup

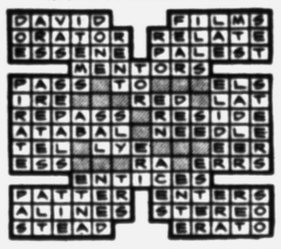
This recipe is for a large amount. It may successfully be made in 1/3 the quantity for a party of 10-12.

6 cups (3 boxes) ready-cut macaroni
6 cups scalded milk
1½ cups melted margarine
6 cups soft bread crumbs, firmly packed
2 small cans pimientos
6 tablespoons minced parsley
3 tablespoons salt
1½ pounds old English cheese
18 eggs, separated
4 small onions, chopped

Cook macaroni. Melt cheese in milk. Beat egg yolks. Mix all ingredients together, adding stiffly beaten egg whites last. Bake for an hour to an hour and a half in a 350-degree oven. If made in a small quantity, place pan in larger pan of hot water. If made in larger quantity, place a pan of hot water in the oven.

Cut into squares for serving. The above recipe will serve 36 people. Top with a sauce made by adding ¼ cup milk to each can of cream of chicken soup used.

Answer to Previous Puzzle



Guest Finds Drawers Locked Up

She Feels Insulted, Thinks That Hosts Are Distrustful

By EMILY POST

A reader would like my opinion on the following matter: "My husband and I were invited to spend a week with very old friends who recently moved to another city. My husband and I occupied the spare room.

"Much to my amazement, several of the dresser drawers were locked. This hurt my feelings very much and rather spoiled my visit as I felt that we were not trusted.

"My husband thinks I am too sensitive for my own good, but wouldn't you feel this way too, Mrs. Post, if you encountered this same treatment? I wouldn't dream of doing such a thing in my own house."

Answer: I can't even imagine why you feel as you do. Drawers full of your hosts' things would certainly be useless for you, and it was entirely proper for your hosts to lock them.

Dear Mrs. Post: Will you please tell me the proper thing to say to an anniversary couple when going down the receiving line at a 25th wedding anniversary celebration?

Are congratualtions in order? I know one is not supposed to say congratulations to the bride on her wedding day, but does the same thing apply at a wedding anniversary?

Answer: There is nothing wrong in saying congratulations for their having lived happily together for 25 years. Or, if you like it better, you might say, "All best wishes for your continued happiness."

Dear Mrs. Post: I would like to know what is the proper expression to use when referring to a woman with whom I have been going for the past six months.

She is a woman in her 40s and it doesn't sound right to refer to her as my "girl friend," and as we are not engaged I cannot call her my fiancee. Would it be proper to say "lady friend?"

Answer: Please don't say "lady friend." Simply say "a woman friend of mine" when speaking about her to others.

Manners

MAKE FRIENDS

Bill's a card. He's always disguising his voice on the telephone and pretending to be someone he

isn't. After a while the person at the other end of the line figures out it is just Bill trying to be funny.

But the only person who feels like laughing is Bill.

For the festive party season, the hand gloved in a white pull-on is elegant and sleek. White gloves are the essence of good taste and fashion. This new version is in double-woven cotton with full pique seams to stress the slender, ladylike, dressy hand. They're delicately edged in pearl or gold beading.

Every Date Needn't Be Romantic

Girls Miss Fun by Insisting on Glitter and Excitement

By ELIZABETH WOODWARD

Unless you're crazy about him there's no point in going out with him? Is that the way it is with you?

Lots of girls just can't see the sense in bothering with dates that aren't star-decked and bespangled with dazzle-dust.

It's not enough that some nice boy has asked for three or four hours of their company. There has to be suspense, yet. Glamor and twitters of excitement.

And what perfectly good, harmless, wholesome fun they're missing!

Here's a girl, for instance, who can't bear the thought of dating a boy who's just a friend of hers. She writes:

"Dear Miss Woodward: He likes me very much, but I like him only as a friend and nothing more. That's why I went out with him when he asked me.

"He wanted to get me a ring, but I told him not to because I wouldn't wear it. He keeps asking me to go out every week and he calls me up several times a day.

"I try to ignore him by not answering his calls and not going out nights, but it doesn't seem to be the answer. I would tell him how I feel, but we've never really discussed the matter. Can you help me?"

It wouldn't hurt you to go out with him now and then — and you'd be doing him a big favor. He's doing everything he can think of to get better acquainted with you while you're doing your best to stall him off.

Is there any real reason why he shouldn't become and remain a good friend of yours? Occasional junkets to the movies or a game or a dance could be pleasant evenings with you doing your best to make him glad you're with him.

Make such dates random enough so he (and all of the other boys) will not get the idea you're going steady with him. Your casual companionship will let him know just where you stand.

Taking him in small doses will calm down his "if at first you don't succeed" fever. And it might be real fun for you.

"Dear Miss Woodward: I'd like your advice on what to do when you've made a date with someone for whom you don't care.

"I was pushed into this date by friends on the spur of the moment, and I'd like to back out of it. But how — without hurting his feelings?"

Why not go through with it this once? You don't have to go out with him a second time if this first date is a bust. Too many people and feelings are lined up against your own indifference to warrant your spoiling the evening for everybody.

Those few hours are just a drop in a lifetime's bucket. Look your prettiest and have fun if it kills you. (It won't — at least not for long).

Bird-Watching No Longer for the Birds

By MARY MARGARET McBRIDE

My friend Margaret Ford Kieran, who used to be if not anti-bird, at least bird-indifferent, has become a bird-watcher.

There was a time, only a few years back, when Margaret, a pretty brown-eyed writer and children's book reviewer, did very funny imitations of bird-fans and thought a yellow-bellied sapsucker was merely a scornful name to call someone you disliked.

After seven years of marriage to John (Information Please) Kieran, however, Margaret talks about birds with a rapt look in her eye, demonstrates bird calls and has collaborated with the nation's best-known bird-watcher, her husband, on a biography of the most famous bird-watcher of all time, John James Audubon.

It was only a scant five years ago that Margaret, in an article prominently featured in a magazine, complained that one does not become the WIFE of a nature lover, one becomes his widow since he constantly gets up at dawn and vanishes into the wild blue yonder to stalk birds.

At that time Margaret not only didn't know the difference between a myrtle warbler, a palm warbler and a western palm warbler, she definitely didn't care.

The conversion started when one of her jobs as Mrs. John Kieran was to man her husband's bird feeding stations.

"The birds came around in droves for the seeds, suet and peanuts," she explains helplessly. "Chickadees, nuthatches, woodpeckers, white-throated sparrows. You couldn't help getting to know them.

"Besides I read the columns that said you should share your husband's interests. So, I started going out with him on walks early in the morning . . ."

That did it.

"Now," continued Margaret, "I say to John, 'See any myrts today?' That's what we call myrtle warblers. And the other day I telephoned him all over town to tell him I'd spotted two red-breasted nuthatches out one of the windows and could hear another going 'chrrp, chrrp' at the front door."

John, who had been listening beningly, smiled affectionately at his wife and demanded "What could we talk about if she didn't know anything about birds?" Then he promptly answered: "Charge accounts."

"So now we talk about birds and charge accounts," she summed up.

Here the Kierans got into a little argument.

"The other day I saw an olive-backed thrush and a gray-cheeked thrush, said John. "It was my first gray-cheeked thrush this year.

"No dear," said Margaret, "it was your second gray-checked thrush. You're forgetting the one we saw in Jerome Woods."

John subsided, thinking it over, and Margaret continued: "I did the human interest parts of John James Audubon' and John did the ornithological parts."

It's a very pretty picture of a happy husband-and-wife team but I, for one, think Margaret was more fun when she was doing devastating imitations of bird-watchers.

'I'll Do It for You' Causes Child's Misbehavior Skid

By MURIEL LAWRENCE

Mark started going into his skid of misbehavior as soon as he got home from school.

Told that his father was bringing a guest home for dinner, he protested doing an errand until his mother had to turn her pie into a pudding.

Then, learning that the guest's presence would make it impossible for him to watch his favorite TV adventure, he gave vent to a defiant "Dammit!" And rebuked, he kept insisting that this forbidden word was justified.

Next, asked to wash, he dried himself with a guest towel that had to be replaced. Finally, when she found him sprawled in a litter of magazines spilled from her carefully arranged rack, his mother lost her temper.

She said, "Get up from that sofa—and get out to the yard! Goodness, what's got into you this afternoon? If ever a boy had a talent for housewrecking, it's you! Hurry up! Get out of this room so I can get it back into one piece again . . ."

As she spoke, she gave him a little push. Stumbling, he toppled over the end table beside him—and with it, its china container of after-dinner mints.

And suddenly, as he looked from the rolling candies back to his mother in dismay, she knew what was wrong with Mark.

Irritation went out of her like a fever dropping. She said, "All right, darling. Pick them up. Put them back. Then pick up the magazines and arrange them the way you found them."

And the skid was over.

It was over because Mark had found the traction he needed to regain his self-respect. Finally, after an afternoon of mistakes corrected for him, he had been given his chance to put one right himself.

Every parent experiences these "skids" occasionally. For every parent gets preoccupied occasionally. And in this state, they start children off on their "skids" by resentfully correcting some mistake they have made for them.

They begin as they began with Mark.

Under the momentum of his rapidly draining self-respect, he's sped helplessly from one bad performance to another until it looks as though the very demon of contrariness has taken him over.

The real Demon's name was "I'll do it for you." The instant Mark's mother realized this, she could brake his "skid" by arranging for him to correct his last mistake himself.

The earliest modern form of insurance was for the safety of ocean vessels.

PETUNIA!

Add molasses—
Serve 'em hot
(And be prepared
To make a lot!)

Good touch, Petunia! Three tablespoons of molasses added to your flapjack batter make 'em extra delicious.

BISHOP-BRACKEN

Under-the-Stairs Shelves Cure Storage Headaches

By ELIZABETH HILLYER

Space that's almost useless as it is, under the basement stairs, can solve a storage problem.

And if the stairs go down into a recreation room, the space can be made useful for an attractive addition to the furnishings of the room. Deep shelves like these can be cut from hardboard.

First, nail a hardboard panel to the underside of the steps. Nail two 1x2 posts to the panel, then notch them and fit in supporting cleats of wood.

Nail the shelves to the cleats. Here, split lengths of rattan or bamboo are nailed to the posts and shelf edges to give a decorative finish to a wonderfully roomy rack for magazines and game equipment.

But the same shelf unit undecorated is also a good idea for the storage of canned food and varied supplies in the basement without a recreation room.

LOST 50 POUNDS
Get A Lift And
Shine With Rennel

So many Rennel users are trading a handicap for a lift. When that lift brings about the usual weight loss and follows through with better health there is satisfaction and joy in the hearts of men and women who have placed their faith in Rennel Concentrate. Ethel M. Knapp, 414 Greenwich Pl., Kalamazoo, Mich. is pleased indeed to have chosen Rennel as her aid. She writes, "Five years ago I was stricken with heart trouble and my weight was against me. I was put on a strict diet but could not stay on it. So I started taking Rennel and brought my weight down from 215 to 165 pounds. I still take Rennel and like it. During the past four years I have held my reduced weight. I am feeling fine now and naturally am very thankful for Rennel."

If not pleased with the very first bottle return it to the manufacturer for your money back. Price $1.40. Insist on and be sure to get Rennel.

Red Candidates Try for Foothold in West Berlin

BERLIN (UP)—The Communists will try to win a political foothold in Allied West Berlin through the City Parliament elections Dec. 5.

Campaigning under the banner of the Socialist Unity party (SED), the Reds have only a slim chance of making any sort of a showing. They will have to poll 5 per cent of the total vote—expected to run around 1,400,000—to be eligible for representation in the City Assembly.

• • •

The Communists have not gambled at the polls out of their own domain since October 1946. Then, in voting in all of Berlin, they received 15 per cent of the total. Since the city split into the Allied West and Communist East in 1948, there have been two West Berlin elections and the Reds did not venture into either.

• • •

Their entry this year, at the risk of a disastrous public rebuke, puzzles Western politicians. Some suggest they hope to make propaganda capital of the campaign by loudly calling for peace and German unity and promising an end to unemployment in six months.

Tallest lighthouse in the United States is at Cape Hatteras, North Carolina. It is 194 feet high.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

INDIAN LORE—The American Bison

Here is an American Bison for your Junior Editors' Indian collection.

The bison is known by the name of buffalo. There once were millions of them in the United States, but most were killed by western pioneers. Now they are protected by law, and their number is increasing.

Many zoos have small buffalo herds, and one of our coins has the picture of a buffalo on it. Do you know which coin that is?

Here's how to make this bison:

1. With water colors or crayons, color the bison light brown on the rear half of body, dark brown on the shoulders, front legs and head. Make grass green, streaked with brown.
2. Mount this square on cereal box cardboard with white library paste. Press it under heavy books until dry.
3. Cut out along the heavy lines, leaving the grass-colored base attached. Fold base back to make it stand. Cut out the area, too, between his legs.

Glance at Phone Book Reunites Brother, Sister

OKLAHOMA CITY (UP)—A brother and sister were reunited for the first time in 66 years because of a leisure glance at a telephone directory.

Bert Prigmore, 76, Oklahoma City, hugged and kissed his sister Mrs. J. A. Martin, 77, Fort Smith, Ark., and both were laughing and crying.

"You couldn't say I recognized her. She was just 11 years old the last time I saw her, but I knew it was her and I was glad she came," said Prigmore.

Mrs. Martin, visiting her granddaughter here, happened to glance through the telephone book and saw Prigmore listed.

They last saw each other in 1888 when the family split up after their father's death.

Johns Are Plentiful

Nixons Turn Up in Philadelphia on Shopping Trip

PHILADELPHIA (UP)—Vice president Richard M. Nixon and his wife came to Philadelphia yesterday for a bit of shopping and some meatballs with spaghetti.

• • •

Nixon turned up unexpectedly at a downtown hotel. With him were Mrs. Nixon and Maj. Gen. and Mrs. Wilton B. Persons. The general is deputy assistant to President Eisenhower.

• • •

Over his luncheon of meatballs and spaghetti, Nixon told newsmen Gen. Persons had decided to visit the clothing establishment of an old friend, Benjamin H. Freeman. The general invited Nixon, another old friend, to accompany him to Philadelphia to look for a suit. Mrs. Persons invited Mrs. Nixon, a close friend.

• • •

After their shopping tour and the spaghetti luncheon, the party went back to Washington by train.

$18 Million Airport Planned in Warren Township

Highway Federal Aid Boost Will Help County---But Little

By BURDETT C. STODDARD

Michigan's federal aid for highway construction will be increased the next two fiscal years from $19,250,000 to $29,900,000 per year, according to State Highway Commissioner Charles M. Ziegler.

What does this mean to Oakland County?

The increase in aid available for roads maintained exclusively by the county will amount to about enough to construct one-fifth of a mile of two-lane concrete pavement.

Under the new law beginning July 1, 1955, the county will get $126,000 per year, compared with $116,000 under the present two-year plan, said Oakland County Road Commission Engineer-Manager Leon V. Belknap.

Ziegler has said cost of building a half mile of two-lane concrete road is about $50,000. The county's added $21,318 amounts to a drop-in-the-bucket when compared with needs.

Actually, Oakland County will probably receive more of the $29,000,000 through federal aid expenditures on state and U. S. trunklines here, Belknap points out.

"But federal aid will continue to be a small part of our program" as relates to the over 1,900 miles of county roads.

Total federal aid money available to the 83 Michigan counties for each of the next two fiscal years will be $5,890,571, according to figures obtained by Belknap from the State Highway Department.

This money will be split, with 60 per cent, or $3,534,343, allotted directly to counties and 40 per cent, or $2,356,228, retained by the highway department to be spent on county roads by the state.

The present two-year money was split 73 per cent to counties and 27 to the highway department.

The state's portion was upped, Ziegler has said, to make more money available for paving the 1,000 miles of state secondary trunk lines which are still gravel roads.

Federal aid money allotted to the counties is allocated on the basis of land area, population and road mileage.

As Oakland County grows it obtains a higher percentage of federal aid money, Belknap said. He considers this "about as fair a plan as could be worked out."

As much of the highway department's 40 per cent could be spent here as the department feels necessary.

Pontiac Press Photo

FRIENDLY 'WEAPON'—Equipped with a knife like the one T. P. Robertson (above) owns, most outdoorsmen could grab a toothbrush and be off for the backwoods at a moment's notice, without worrying about having forgotten some odd piece of camping equipment. Robertson, chief inspector for the city engineering department, got the gadget as a birthday gift from a nephew on Army leave in Japan. tSarting at the top and moving counter-clockwise, it has a can opener, a saw, a fork, a punch, a screwdriver, a screwdriver-file, a cork-screw ("for snake bits in the woods"), a spoon, a large knife blade, a can and bottle opener and a pair of scissors.

Oakland Group Pushing Plans

Site Would Be Located 18 Miles From Pontiac in Macomb County

Petitions are being circulated in Oakland County to obtain a hoped-for 50,000 signatures supporting construction of a major airport for airline use in Macomb County bounded by 12 Mile, Ryan, 14 Mile and Dequindre Rds.

To be financed and operated by Detroit, the "Tri-County Airport" would be an expansion to two square miles of the existing Warren Airport located 14 miles from Pontiac (18 miles by car).

A citizens committee for the airport has been formed by residents of Wayne, Oakland and Macomb Counties.

Another committee is being organized in Oakland under chairmanship of C. B. DeVlieg, Ferndale industrialist, "to specifically look after county interests in air facilities."

Detroit owns the Warren Airport and is attempting to condemn land around it for the $18,000,000 project.

Warren Township, in Macomb County where the site is located, is attempting to block the project through a Wayne County Circuit Court action to condemn the 74-acre Warren Airport for a park. Hearings on the suit have been put off until February.

"Well developed plans have been formulated to provide Oakland, Wayne and Macomb with adequate facilities for air service through the Tri-County Airport," DeVlieg said today.

"People interested in blocking these plans have played on vague fears and today Detroit remains among the few American metropolitan areas not prepared to benefit from the immense aerial expansion. . . . There is not much time remaining. . . .

"The port would lie four miles from the Detroit city limits in the heart of the area's fastest growing industrial section.

Willow Run, the present airline terminal, is situated to conveniently serve only 35 per cent of the metropolitan area's population, DeVlieg stated.

If the Tri-County facility is built, the airlines would serve both it and Willow Run. "The Tri-County Airport is vitally needed to accommodate the remaining 65 per cent of population," DeVlieg asserted.

Pontiac is located about 40 miles from Willow Run by car, but only 18 from the Warren site, DeVlieg stated. Taxi-cab rate from any point in Oakland County to Willow Run is "prohibitive," he asserted.

"The airport would be built by Detroit at no cost to Oakland County," he explained. It could begin airline service in about five years, DeVlieg added.

"The Oakland committee realizes the eventual threat to the wealth of our area posed by inadequate airport facilities in a new air age."

Adequate airport facilities for passenger traffic, freight and company planes protect "wage earners, taxpayers and business firms both large and small against the loss which will result if we do not keep pace."

"We cannot fall behind other major metropolitan areas without great loss."

United Press Photo

STOP—YOU'RE KILLING ME—Perhaps the skeleton in the family closet of this anthropoid specimen in the museum section of Rome's zoo was the fact that he wasn't such a tough guy—was even a bit ticklish in fact. He still almost breaks up at a light touch or two in the ribs. For the sake of his appearance, he faces such a dire possibility at weekly grooming sessions.

Chrysler Strike Gets Worker OK

DeSoto Disagreement Second to Hit Firm Within Week

DETROIT (AP) — CIO United Auto Workers (UAW) Voter overwhelmingly last night in favor of a strike at the Chrysler Corp.'s two DeSoto plants in Detroit.

Phil Sumeracki, president of Local 227, said the vote was 2,944 to 265, in favor of striking. Local 227 represents both plants and claims a combined membership of 7,400 workers.

The strike threat is the second to hit Chrysler within a week. UAW employes of the corporation's Automotive Body Division (ABD) in Detroit and Evansville, Ind., voted to strike last week.

Sumeracki said that "the bargaining procedure" at the DeSoto plant "has absolutely bogged down." He listed seniority as one of the most serious points of disagreement.

Sumeracki said the company had sought union permission to hire women during a labor shortage. Now, he said, the company refused to grant those women their seniority rights.

Sumeracki said the local has asked the international union's authorization to strike. The authorization is necessary under the UAW constitution.

Nearly 27,000 UAW workers are involved in the strike threat against the two ABD plants. Emil Mazey, secretary-treasurer of the UAW, cited "a general breakdown of collective bargaining" in announcing that strike vote.

The ABD plants were purchased recently from Briggs manufacturing Co. The plants produce bodies for Chrysler's five lines of cars: Plymouth, Dodge, DeSoto, Chrysler and Imperial.

A strike there could shut down assembly lines and paralyze production on the 1955 models.

Girl Scouts Meeting

GRAND RAPIDS (AP) — Girl Scout leaders are attending a three-day regional conference here. The conference opened Tuesday with a talk by Dr. Charles L. Anspach, president of Central Michigan College of Education of Mount Pleasant.

McCarthy Censure Session Cost High in Lost Tempers, Low in Dollars, Cents

WASHINGTON (AP) — The Senate session called to consider censure of Sen. McCarthy (R-Wis) may be costing a lot in terms of frayed tempers and frazzled nerves but not much in dollars and cents as such things go.

Senators get no extra salary for it. Regardless of the time they put in in Washington, they get the same annual amount — $12,500 salary and an expense fund of $2,500.

• • •

The biggest cost of the special session is earmarked for travel expenses. Senators get 20 cents a mile from home to Washington and back again when called here on official Senate business.

• • •

Total tab for travel is estimated by the Senate disbursing office at between $40,000 and $50,000.

Next costliest item would seem to be the printing bill for the Congressional Record. The daily record, which includes a transcript of everything said in Senate debate, costs $84 a page.

Since the Senate returned here Nov. 8, 199 pages have been added, plus 36 pages to the appendix.

At $84 a page, that totals $19,740, not counting yesterday's debate. The cost may reach to more than double that.

Labor expenses have not increased, Senate officials said. Most Senate employes, such as official reporters of debates, doorkeepers, page boys and parliamentarians, are paid on an annual basis.

• • •

Nor is there any additional expense in keeping the Capitol heated or lighted. It's heated and lighted anyway.

As to other drains on the taxpayer, no specific amounts are available. But they would include the small expense of purchasing newspapers all over the nation for the use of Senators. And the expense, also minor, of pencils and pads of paper and special bottled water. And, of course, the snuff box in one corner of the Senate chamber must be kept filled.

Actually, no senatorial hand has been seen pinching snuff out of that box for 20 years or more.

Fermi to Get Award for Atomic Research

WASHINGTON (AP) — Italian-born physicist Enrico Fermi, who pioneered in the development of the first atomic bomb, is the winner of the Atomic Energy Commission's first special award for outstanding achievement in the nuclear field.

The AEC announced yesterday that Dr. Fermi, builder of America's first nuclear reactor which made the A-bomb possible, would get $25,000 for his accomplishments, which the commission described as of "tremendous importance."

AEC Chairman Lewis L. Strauss said in a statement that "as much as any individual, he is responsible for the achievement of the controlled release of nuclear energy."

In Chicago, Dr. Fermi said he was "deeply honored and gratified." He now is a physics professor at the University of Chicago's Institute for Nuclear Studies. He is a Noble prize winner.

Rejects New Hearing on Pipeline to Michigan

WASHINGTON (AP) — The Power Commission said yesterday it has denied applications for a new hearing on its opinion authorizing American Louisiana Pipe Line Co., Detroit, to build a 130 million dollar natural gas transmission system.

The line would run from North Tepetate, La., to market areas in Michigan and Wisconsin.

Chinese Skipper Tells of Red Torpedoing

TAIPEH, Formosa (AP)—The captain of the Nationalist Chinese destroyer escort sunk by Communist torpedo boats near the Tachen Islands Sunday wept today when he and 145 other survivors landed at Kaohsiung, a southern Formosan port.

"I am bitter but not beaten," said Capt. Tang Ting-hsiang.

The survivors of the 1,800-ton warship Taiping brought the body of a seaman who died of his wounds.

• • •

They left the unrecovered bodies of 28 fellow crewmen, 5 officers and 23 enlisted men.

• • •

Capt. Tang said the torpedo that sank the Taiping ripped a 10-foot hole in the starboard side and knocked out one engine. The blow threw Tang against the ceiling, injuring his head.

Pumps could not cope with the inrushing water. Soon the bow was submerged.

The ship's generator was knocked out. Not until it was repaired could Capt. Tang send out distress signals. When rescue ships reached the scene the Taiping, formerly the USS Decker, was sinking.

• • •

American warships arrived when the rescue work was nearly complete, Tang said.

About 5½ hours after the torpedo struck, Tang gave orders to abandon ship.

• • •

"Many of the crew refused to leave," he said. "I had to renew the order, time and again, before they would go.

"I intended to go down with the ship, but a warrant officer dragged me into the sea."

Col. Baker Resigns as Head of Veterans

GRAND RAPIDS (AP)—Col. Walter J. Baker announced yesterday his resignation as commandant of the Michigan Veterans Facility.

Baker has served as head of the big veterans institution since 1939.

His resignation terminates a long-standing feud with the facility's board of managers. The board suspended the 60-year-old Baker last Aug. 1, charging he had failed to carry our directives.

Baker announced his resignation at a State Civil Service Commission hearing called to investigate charges brought against Baker by the board of managers.

A commission spokesman said the board had agreed to drop charges against Baker and remove them from the record.

Maj. Wilber G. Graham will serve as acting commandant at the facility until a successor is named to replace Baker in the $12,000-a-year post.

British Prime Minister Will Be 80 Nov. 30.

Churchill at 79 Seems to Grow Younger Each Year

By TOM A. CULLEN

LONDON (NEA)—"With a cigar in its mouth, every baby looks like me," England's indestructible Sir Winston Churchill once commented on his own world-famed facial features. "I, of course, look like every baby," he added.

But Sir Winston's features are also extremely mobile. According to Artist Graham Sutherland, commissioned by the combined Houses of Parliament to paint Prime Minister Churchill's 80th birthday portrait, every thought that passes through Sir Winston's mind is reflected in his face.

Which will it be—statesman, warrior, artist, wit — when the full-length portrait is unveiled at Churchill's 80th birthday party in Westminster Hall on Nov. 30?

The artist himself has some doubts, for Churchill himself was not adverse to giving Sutherland a hand with the brush during the sittings. And the world, too, may wonder which of the many Churchills will be remembered longest.

But for 60 million Britons there can be no doubt. There is only one Churchill, as far as they are concerned — the bulldog warrior, growling, chomping a cigar, his fat fingers held up in the Victory sign.

This is the Churchill whose "fight them on the beaches" speech could stir a nation to resist invasion, and yet, curiously enough, bring comfort to those who had suffered losses—so that "a thousand years from now, men will say, 'This was their finest hour.'"

It was his finest hour, too, and remembering, thousands of humble folk are expressing their gratitude by contributing to an 80th Birthday Presentation Fund, which will be used for charity. Typical is this message enclosed with a shilling note:

"A 71-year-old pensioner sends her mite with a hundred thousand thanks for all Sir Winston has done."

• • •

But the war years have receded, and now politicians are saying that having strutted his hour onstage, Sir Winston should retire, make way for younger men of ability. Indeed, he is likened to an actor who wears out the audience's patience in fumbling for an exit cue.

For taunts of this sort Sir Winston reserves his most withering scorn. Recently, picking up a copy of the tabloid Daily Mirror in which the headline "Churchill Must Go" faced a cheesecake photo of a bathing beauty, Sir Winston cried:

"Just look at it—on one side lechery, on the other treachery."

There is the growing legend that Churchill is indestructible. Like Cleopatra, age seems neither to wither him, nor custom to stale his infinite variety. True, he depends upon a hearing aid, and his step is not as firm as it once was, but his spirit is still youthful and his wit rapier-like.

Not even the Tories have been spared the razor edge of his tongue. After listening to a Tory minister's speech on foreign affairs, Sir Winston commented dryly:

"I thought it was a very good speech. It must have been good, for it contained every platitude known to man with the possible exception of 'Prepare to meet Thy God' and 'Please adjust your dress before leaving this public convenience.'"

Another Troy — a tall, gloomy colleague—he refers to as "that Wuthering Height."

Churchill's work habits are awe-inspiring. Seldom retiring before midnight, he is capable of presiding at a morning Cabinet meeting, conferring with several ministers in the afternoon and squeezing in an evening audience with the Queen at Buckingham Palace.

• • •

Nor does he follow his doctor's advice to cut down on spirits and tobacco. Of the former, he says, "I have taken more out of alcohol than alcohol has taken out of me." As for his cigar-smoking, "If I had not smoked so much I might have been bad-tempered at the wrong time."

Vanity is perhaps his outstanding weakness. Few who saw him at the Coronation of Elizabeth II will forget the sight of Churchill decked out in the velvet robes and plumes of a Knight of the Garter.

All but overlooked, however, was the by-play between Sir Winston and a Boy Scout, who insisted on holding an umbrella over the prime minister as he walked from Westminster Abbey to his carriage in downpouring rain.

"Don't hold that thing over me, son," he snapped irritably, "I want to be seen."

• • •

As he flung himself into the carriage, his Garter robes trailing behind him, Lady Churchill could be heard admonishing, "Now, then, dear, tuck in your pinny."

Is Churchill really indestructible? Has time played him a mad prank, making him grow younger instead of older with each succeeding year? Political hopefuls whose progress he has retarded sometimes get this impression.

• • •

This nightmare of clocks in reverse, of time gone berserk, was captured by a British newspaper cartoonist. He showed Churchill in 1984, a rubicund, young man telling an enfeebled carpet-slippered Anthony Eden that he, Eden, must go—that he is "too old."

"Winston," the cartoonist adds, "gives a half promise that he will resign on reaching the age of 15."

Whatever they think of him privately, all the notables—2,000 of them—will be there at Winston's birthday party, Labor MPs mixing with archbishops and peers. One of his most prized birthday gifts will be a "Book of Gratutude" signed by every Member of Parliament from the Speaker on downwards.

Bound in green morocco and with the Spencer-Churchill code of arms, the book will contain this passage from Bunyan's "Pilgrim's Progress:"

"You have been so faithful and so loving to us, you have fought so stoutly for us, you have been so hearty in the counselling of us, that we shall never forget your favor toward us."

The common people in Britain hoping that Sr Winston will remember the words which follow further in the text: "O that we might have thy company to our journey's end."

SIR WINSTON AND YOUNGEST CHURCHILL—With his own 80th birthday close at hand, the British Prime Minister smiles at the christening of his well wrapped up youngest granddaughter, Charlottee Clementine Soames, here held by her mother, the former Mary Churchill, while Capt. Christopher Soames looks on.

Writes Confession in Theft of Airplane

GRAND RAPIDS (AP)—Darryl W. Spaulding, 18-year-old youth who stole a plane from a Grand Rapids airport and flew it to Gladstone last Sunday, faces a charge of unlawfully taking and using an airplane.

Kent County Prosecutor Stuart Hoffius said yesterday the youth has made a written confession of his illegal flight.

Hoffius said he has received no word from Lear, Inc., owner of the plane, on whether it would recommend leniency for the youth.

Spaulding said he took the plane to pay a pre-induction visit to his grandmother. He has enlisted in the Army.

Plant Shut After Clash of Officials and Pickets

DETROIT (UP) — The strike-bound Midwest Rubber Co. was closed down indefinitely today after three company officials clashed with pickets at the plant.

V. A. Crider, assistant to the president of the firm and one of the officials beaten by pickets, announced it would be closed "until further notice" after he left the plant under police escort late yesterday. Crider and other company officials had conferred with Macomb County officials in Mount Clemens.

Crider, W. A. Kurt, Midwest president, and Eugene Wieczorek, plant engineer, tangled with pickets as they entered the plant earlier in the day. The pickets charged that Kurt had attacked them with a wrench.

It Medicates as it Penetrates

2 New Polio Cases Reported in County

New polio cases in the county continued to decline with only two reported for the past week, according to a weekly summary by the Oakland County Dept. of Health.

None was reported for Pontiac.

Cases of chickenpox were reported at 43 as compared with 15 the previous week.

The department's report follows:

	Past Week	Week Ending Nov. 6, '54	Nov. 14, '53
Chicken pox	43	15	19
Measles	3	2	91
Pneumonia (all forms)	0	0	2
Poliomyelitis	2	4	1
Scarlet fever	4	3	0
Tuberculosis (all forms)	14	1	6
Whooping cough	3	1	5
Mumps	6	33	35
Influenza	1	0	0
Hepatitis	3	0	1
Diarrhea	2	0	2

Only two cases of chicken pox were reported in Pontiac as compared with four the previous week, according to a report by Dr. John D. Monroe, director of public health.

The report for Pontiac follows:

	Past Week	Week Ending Nov. 6, '54	Nov. 19, '53
Chicken pox	2	4	7
Measles	0	2	0
Mumps	2	0	1
Pneumonia	0	0	1
Rubella	0	0	1
Scarlet fever	1	0	1
Tuberculosis	3	4	0
Whooping cough	0	1	0
Salmonella	0	0	3

Meat was shipped in an ice refrigerated car for the first time in 1862.

Young Wife Held for Mental Tests Following 'Hate' Slaying

ROCKVILLE, Md. (AP)—A married 15-year-old girl, who police said admitted the fatal strangling of her 6-year-old stepsister because "I hated her," was held today for mental tests.

Police said Mrs. Marion Mosley would be examined today to determine whether charges will be placed against her in the death yesterday of Katherine Nadine Bannister.

The dead girl was found in her home tied to a door knob by a dish towel looped around her neck.

Police said Mrs. Mosley called them to the home and related she had strangled her stepsister with a towel. They said she later told them the strangling took place after she had an argument with the girl's mother Mrs. William Bannister.

Mrs. Bannister told police she didn't know of her daughter's death until officers entered the home and found the body.

Mrs. Mosley was held at the Montrose School for Girls, a detention home at Reisterstown.

Stassen Wants Nation to Draft Ike for 1956

HOUSTON (AP)—Harold Stassen said yesterday President Eisenhower, regardless of whether he seeks re-election in 1956, should be drafted "for the good of the country."

Stassen, twice a candidate for the Republican nomination, said he will not announce again in 1956 because Eisenhower should be allowed to continue his program.

Slate Meeting to Settle School Dispute

CIO Urges Employers to Hire Local Residents

Passed by the Oakland County CIO Council and sent to the Pontiac City Commission, a resolution calling on local industry to hire county workers was tabled by the commission last night.

The deferring motion was made by Commissioner Roy V. Cooley, who said the commission should have further time to study the resolution and to see whether the body had any authority to endorse it.

The CIO resolution, in part, declares:

"Employers in and around the City of Pontiac are hiring new employes to meet their production demands, and some of these employes are being imported into the city from outstate.

"Consideration is not given to people who live in or around the City of Pontiac to fill these vacancies. . .

"We have approximately 5,000 or more employes who are now unemployed and are available for employment in the plants which are in need of hiring new employes. . .

"It is requested that the Pontiac City Commission request all employers in this locality to first employ the local employes before hiring outstate employes."

Commissioner John A. Dugan commented:

"I don't know if what they say is accurate but with Wilson Foundry and Yellow Cab (GMC Truck and Coach Division) the way they are, I feel employers should do everything possible to hire local people."

Copies of the resolution were sent to the Chamber of Commerce, the Pontiac Press and the Pontiac Manufacturers Assn.

CIO Council President Fred V. Haggard told the Press that in stating "outstate employes" in the resolution, the council was referring both to workers from outside of Michigan and from other parts of the state.

"We mean any workers other than local," he said.

Animal League Opens Resale Shop in Pontiac

The Michigan Animal Rescue League, Inc., of Pontiac, is opening a Resale Shop here in the city, in one of several money-raising efforts to build an animal shelter.

The shop, to have its public opening at 10 a.m. Saturday, is located at 297 Oakland Avenue.

Anyone wishing to do so may contribute any article, or take articles there to be sold on a commission basis. All proceeds above actual expenses will go toward the shelter fund.

The Animal Rescue League, organized here in May, 1953, hopes to establish a shelter run on the most humane principles.

They have already acquired ground at the corner of East boulevard and Featherstone road for the building.

The League board is composed of seven members and a humane education director. They are: William A. Browne of Rochester, president; Dr. Campell Harvey, Orchard Lake, vice-president; Mrs. Robert Bartlett of Oxford, treasurer; Mrs. Ruth Townsend of Pontiac, secretary; Mrs. Martin J. Davis of Rochester, corresponding secretary and B. J. Edwards Jr., Pontiac, humane education director. Additional board members are Mrs. David Turner and Miss Georgia Hoyt of Pontiac, the latter active in humane work in Oakland County for the past 40 years.

PTA Group Plans Program Evaluation

WATERFORD TOWNSHIP—The township-wide PTA program planning committee will meet Monday at 8 p.m. in the home and family-living room of the high school.

All parent - teacher program chairmen, mental health, study group, and adult education chairmen have been invited to attend.

The agenda will include an evaluation of the fall workshops, conducted by the University of Michigan, some plays on mental health and a film preview.

Friday Talk Set in Carver Matter

Move Follows Closing Yesterday as Parents Surround Building

ROYAL OAK TOWNSHIP — A special meeting of the George Washington Carver School Board aimed at ironing out teacher-parent-board member differences will be held Friday at 10:30 a.m. in the county building, Pontiac, at 1 Lafayette St.

The school was ordered closed yesterday by Oakland County Chief Assistant Prosecutor George F. Taylor after some 100 incensed parents refused to allow either teachers or students to enter the building.

The parents, claiming they are not properly represented at school board meetings, took action following a board meeting Monday night at which a board member and school janitor exchanged blows.

The school's 2,200 predominately Negro pupils were left unsupervised Monday as 63 teachers left classrooms to demand their pay from Supt. Walter Buffington which was delayed, he said, because the board lacked a secretary to sign checks.

Clair M. Taylor, state superintendent of schools, will attend Friday's meeting, according to Prosecutor Taylor who was called in with police to maintain order yesterday as about 250 people stood outside the school.

"We hope once and for all to straighten out matters between the board, teachers and Citizens Improvement Committee," said Taylor.

Samuel Jackson elected to the board in a recent recount of July 12 election ballots, and James Harrison elected July 12, were backed by the improvement committee.

A split between them and the other three board members came to a head when the majority elected Mrs. Loretta Baker secretary Monday. The minority members claimed the election was carried out in whispers so opponents would not know she was elected.

At Friday's meeting, Taylor said he hopes to see the teachers' pay released and the school reopened.

Prosecutor Frederick C. Ziem said three complaints filed with him against participants in the affair would not be acted upon until fully investigated.

The pair involved in Monday night's fisticuffs were board member Chester Carter and school janitor Cash Bates.

County Deaths

George H. Barrett

HOLLY—Service for George H. Barrett, 81, of 14452 Milford Rd., will be held at 2 p.m. Friday, from the Dryer Funeral Home, Holly, with burial in Lakeside Cemetery. He died Tuesday.

Twelve seniors are included in the comedy, with Walter Goetz playing the role of the male student.

Pontiac City Affairs

Commission Moves Swiftly Through Routine Business

Moving rapidly through routine business, the City Commission completed its 21-point agenda in less than 60 minutes last night.

Commissioners first heard a report on an agreement with Sherwood Homes for curb, gutter, grading and graveling on Roland road and Canterbury drive.

The commission passed a resolution approving the agreement, permitting the firm to go ahead with the work.

The city assessor was authorized to prepare a special assessment roll for a two-inch bituminous recap on Telegraph road, from West Huron to Elizabeth Lake road.

The request of Earl E. Peters for transfer of an SDM license from 513 Osmun St. to 332 S. East Blvd. was approved, as was the introduction of an ordinance to rezone property in the Joslyn-Grace-Fuller-Peacock section.

Commissioner John A. Dugan, who acted as mayor pro-tem in Mayor William W. Donaldson's absence, cast the single dissenting vote against the ordinance introduction.

Approval, subject to the nod of the city attorney and city manager, was given a contract with the Boschma Co. for removal of the municipal market building from its Mill street site.

Public necessity was declared for a water main on Second avenue from Ivy to Laurel, and on Laurel avenue from Second to Third.

A bid from Robert C. Costello for purchase of 50 feet of lot 2, assessor's plat 7 on Le Grande avenue, was accepted and the city attorney authorized to prepare a deed.

Referred to the City Planning Commission was a request for rezoning to manufacturing 1 classification lots 274 to 278 and 281 to 287 of the Civic Improvement Co.'s Marquette subdivision number 1.

An ordinance was passed to rezone to residential 3 classification lot 14, Evelyn Court, lots 6 to 11 of assessor's plat 38, and lots 9 to 11 of assessor's plat 127.

A communication from the Howard Building Co. regarding damage to the water main on Rutgers avenue and removal of earth from its property by the Costello Excavating Co. was referred to the city manager.

Official blessing was given an application for placing a banner across Saginaw street by GMC Truck and Coach Division next week, and official receipt made of a thank-you letter from Harlow H. Curtice, GM president.

Public hearings were held on intention to construct and the city assessor authorized to prepare special assessment rolls for the following projects:

Curb, gutter, drainage and related work on Whitfield from Saginaw to Edison, and on Tennyson from Baldwin to Hollywood.

Sanitary sewer on Oakland from Northview to Kinney, Kinney from Oakland to Stanley, Stanley from the trunk sewer to Kinney.

Combined sewer on Stanley from Dearborn to Kennett.

A public hearing was deferred one week on rezoning to commercial classification lots 137 to 140 and 166 of assessor's plat 138.

Special assessment rolls for the following were confirmed.

Sidewalk on the west side of Motor from South boulevard to Luther; sidewalk on the east side of Douglas from E. Pike to Mechanic.

Curb, gutter, drainage and related work on Edith from Wilson to Michigan Air Line Railroad.

Juveniles Ask for Examination

Will Face Justice Court Arraignment in Damage to Lake Homes

Faced with a possible 15-year prison term, three teenage boys charged with causing an estimated $20,000 in damage to 18 Woodhull Lake summer homes Nov. 2 through 5, demanded examination when arraigned before Springfield Township Justice Emmett J. Leib yesterday.

Jurisdiction in the case had been waived earlier by Probate Judge Arthur E. Moore to Oakland County Prosecutor Frederick C. Ziem, who secured a breaking and entering in the nighttime warrant against them.

The boys are Harold Parker, 16, of 9410 M15, Clarkston; Eugene Buchheister, 15, of 5789 Clarkston-Orion Rd., and Robert Withey, 16, of 4655 Lakeview, Woodhull Lake.

Examination was set for Nov. 26 at 9:30 a.m. in the county courthouse. The youths are held in Oakland County Jail on $6,000 bond each.

The accused trio broke into the homes during a 4-day period, State Police say, smashing furniture, fixtures and appliances.

Bentley Arrives in Puerto Rico on Goodwill Trip

SAN JUAN, P. R. (UP) — Rep. Alvin M. Bentley (R-Mich) who was gravely wounded when Puerto Rican Nationalists shot up the House of Representatives in March, arrived here yesterday on a goodwill mission.

"I came to express to the Puerto Rican people my gratefulness because during my illness I received more than 4,000 letters daily from Puerto Rico expressing wishes or prayers for my recovery."

Bentley, speaking in Spanish, told a crowd of 5,000 welcoming him at the airport, he was sure there is sincere appreciation rather than ill feeling towards Puerto Rico in the United States.

Bentley and his wife were officially welcomed by commonwealth Secretary of State Roberto Sanchez Vilella on behalf of Gov. Luis Munoz Marin, San Juan Mayoress Felisa de Gauthier and other officials.

They were guests of honor at a reception given by Munoz Marin at La Fortaleza government palace last night.

Urges U.S. Recognition of Communist China

Dr. Mao Lin Han, of Auburn Heights, addressed the Oakland County Torch Club at the Birmingham Community House Tuesday evening. He discussed American policy in the Orient.

He urged American recognition of Red China and admission of China to the United Nations. He declared that if we would cooperate with China, renounce Chiang Kai-shek, and turn over Formosa to China, all our troubles in the Orient would be over.

Police Probe 2 Gun Deaths

Toll at Five as Hunting Season Moves Into 3rd Day in Michigan

By THE ASSOCIATED PRESS

Two hunting deaths were under official investigation today as Michigan moved into the third day of the state's 15-day deer hunting season.

With the gunfire death toll at five police were investigating the deaths of Mrs. Betty Wettberg, 38, of Ironwood and Hugh Flake, 68, of Carsonville.

The other three gunfire deaths were Richard D. Sexton, 17, of Negaunee, Arny (Sparky) Hale of Flint and Rudolph Franson, 47, of Ishpeming.

Mrs. Wettberg was found shot to death Tuesday six miles south of Ironwood three-quarters of a mile from her home. She had been shot in the forehead. Police said her own shotgun, a shell (Continued on Page 2, Col. 5) **discharged, was found clenched in her right hand.**

Gogebic County Prosecutor Theodore G. Albert said Tuesday night an autopsy report stated she died of "a cerebral laceration and hemorrhage and shock from a gunshot wound." The report showed the shot was fired at close range.

Pieces of lead and shell wadding will be sent to the state police crime laboratory in East Lansing for examination.

Flake was shot and killed late Tuesday while deer hunting in Haring Township in Wexford County. Fifteen-year-old Mike Stevens of Cadillac was held for questioning in the death.

State Police quoted Stevens as saying he had stolen a .22 rifle from a house in Cadillac and that he was hunting squirrels when he accidentally shot Flake. Flake was shot from behind three times in the head.

Police said the youth drove to Cadillac in Flake's car to report the shooting. Stevens has a long record of charges of breaking and entering and car theft. He is a former inmate of the Boys Vocational School.

In the other gunfire deaths, Sexton was shot through the head as he hunted in Marquette County with his father, David H. Sexton, proprietor of a Negaunee restaurnat. State Police said the bullet was fired by Cyrse A. Nocenti, 30, of Negaunee, hunting with another party. Nocenti said he mistook the boy for a deer.

Hale, a widely known Michigan sportsman and insurance firm president, was killed opening day by another hunter in the Pigeon River Forest, 20 miles northeast of Gaylord.

In addition, four hunters have died of heart attacks in deer country or on their way to northern woods. And Rudolf Franson, 47, of Ishpeming, was killed in a preseason mishap when a pistol accidentally discharged at a Marquette County hunting camp.

Two East Lansing youths sought by State Police and conservation officers since their disappearance Monday were found by two trappers Tuesday night in Dead Stream Swamp in Roscommon County northwest of Houghton Lake. Both boys—David Price, 17, and Pete Scamger, 18—were suffering from shock and exposure.

Three Detroiters who became lost separately also were found. They are Jack McBride, 28, in Mackinac County; Leroy Metro, in Oscoda County, and John W. Anderson, 17, in Ogemaw County.

The latest heart attack victim was Walter Fraser, 47, of Utica. He was stricken while hunting in the Grand Marais area and died in a hospital at Newberry.

No Michigan Activity on McCarthy Signatures

DETROIT (AP)—Michigan isn't officially represented in the nationwide drive to obtain signatures in support of Sen. McCarthy (R-Wis).

Drive chairman Rear Adm. John G. Crommelin said in New York yesterday "We have received several requests for petition forms from Michigan but it is one of the states not yet officially represented."

Later Crommelin named Charles A. Maculey of Detroit to the national committee of the "Ten Million Signatures for McCarthy" group.

Owner Reports Theft at Auto Parts Store

Two auto transmissions valued at $150 were reported taken from 181 E. Pike St., Auto Parts store, Pontiac Police said.

Owner Charles Finkelstine said entry was made through a side window. He also reported theft of two sets of pressure plates valued at $25.

Leroy Youth Killed

BATTLE CREEK (AP) — Oliver A. Moffett, 17, of East Leroy was fatally hurt Tuesday night when his car crashed into a tree in Leroy Township, Calhoun County. State Police said the youth may have fallen asleep at the wheel.

Children Found Tied to Bed; Mother Held

MUNISING (AP) — A 23-year-old mother of two was held in the Alger County Jail today for examination next month on a charge of abuse to children.

State Police said they arrested Mrs. Clara Salo, of Eben, after they found her children, Michael, 4, and Terry, 2 locked in a second floor bedroom tied to a bed by a heavy cord.

Troopers said as the older child watched them free his little brother he asked plaintively: "Will you untie me too?"

Police went to the Salo home on the complaint of neighbors. The father, Toivo, a sailor, is away from home on a Great Lakes ship.

Troopers said the mother had been away from home Sunday from 5 p.m. until midnight leaving the children alone in the house.

Fire Razes House Trailer, Damage Set at $6,500

Damage was estimated at $6,500 today after a fire destroyed a housetrailer at 23 Shimmons Rd., Pontiac Township.

Township firemen said the blaze, of unknown origin, broke out at about 12:55 a.m., apparently starting in the bedroom. No one was home.

Didn't Owe Any Taxes, So Man Gives Donation

SACRAMENTO, Calif. (UP) — The state franchise tax board received a letter and a $10 check from a Palo Alto man even though he didn't owe any taxes.

"I am of the opinion," said the letter from Paul Madsen, "that since it has been a great pleasure to me to live in this state I do owe it something in exchange for its great service to not only me but every one in this state and, to help out in keeping it so, I am enclosing my check for $10 as my contribution for that end."

Aly Voted Male Marilyn by El Morocco Adorers

By EARL WILSON

NEW YORK — Whom do you ladies think is the "male Marilyn Monroe"?

The gals who go to El Morocco pass up Frank Sinatra, Eddie Fisher, Marlon Brando, Gregory Peck and Rock Hudson — and vote for Aly Khan.

The Prince was at Morocco last night with Princess Francesca Strongoli, "the most beautiful woman in Naples," but danced a long time with Ethel Merman — in fact he may dance an hour at a time with one gal, and they like him because he will dance all night, because he's so energetic. "We go to get that guy a 9-to-5 job of some kind."

ALY KHAN

★ ★ ★ ★

Pretty Joyce Mathews is becoming an actress again — she's going into "Put Them All Together," playing Fay Bainter's daughter. The play, written by Viola Rubber, directed by Eddie Dowling, opens in New Haven and will be in Boston Jan. 3. Joyce, who hasn't been on the stage in 3½ years, was invited to do the part by Dowling and, as she told a friend, "I just couldn't say no."

The Mason-Dixon line's now called "the Dixon-Yates line" by Gov. Clemens of Tennessee. . . . I saw photographer Joe Rosenthal, who took the Iwo Jima flag-raising picture in '21 and, being a student of photography, asked him what was the first thing he did after snapping the picture. "I got the hell out of there," he replied.

JOYCE MATHEWS

★ ★ ★ ★

Bob Hope tells in his new book, "Have Tux, Will Travel," by Simon & Schuster, how his onetime dance partner, Kathleen O'Shea, quit him, went back to Morgantown, W. Va., and opened a dress shop—and engaged him as her "New York buyer."

Hope tells of shopping for $10 and $16.75 dresses on 7th Av. to be sold to the chic ladies of Morgantown.

"Nobody knows about this except an elderly busybody named Crosby," relates Hope. "It's supposed to be a deep secret. But when I do a bad scene at Paramount, he's apt to remark, 'That was pretty good for a dress buyer.'"

★ ★ ★ ★

Dick Halliday and his wife, Mary Martin, have a Rolls-Royce (there's a story right there: a Texas gal not having a Cadillac).

Since their delightful show "Peter Pan" came to town, their car's Connecticut license plate has been puzzling people. For its initials are "MRRH."

JOAN DURELLE

Being terribly nosey, I checked up and found that it's all very simple. Mary Martin insisted on no billing for herself; so "MRRH" stands for MR. R (for Richard) H (for Halliday).

★ ★ ★ ★

"Frank Sinatra: Gaunt. But Not Forgotten" — Robin Rustic.

THE MIDNIGHT EARL . . .

Marilyn Maxwell, here to do "Best Foot Forward" on TV Nov. 20, will wed Screen Writer Jerry Davis a day or two later, "assuming, of course, that the show gets enough good notices that he'll have me," she says . . . Ethel Merman reportedly got 25G's for that "Panama Hattie" TVer; whole show cost $250,000.

Recording star Karen Chandler's expecting again . . . Pretty Joan Durelle will give Garry Moore an award on his TV show.

★ ★ ★ ★

Eddie Fisher and Debbie asked Nat Cole to play "That's My Girl" and "Our Love Is Here to Stay" at the Copa . . . Ted Briskin and Coleen Miller may announce the date any day . . . Maureen O'Hara and ex-husband Will Price will have a custody hassle soon, over their daughter.

★ ★ ★ ★

WISH I'D SAID THAT: "One thing I can't understand is how a rumor that hasn't a leg to stand on manages to travel around." — H. G. Hutcheson.

TODAY'S BEST LAUGH: TV commentator John Tillman, who has five shows a day, says, "If it weren't for television, my kids would never see me."

(Copyright 1954)

Gable Studies Another Role

Reading Galley Proofs of Unpublished Book, 'The Lion's Share'

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — Right in Clark Gable's hand is the galley proof of "The Lion's Share," a powerful book by Eleanor Buckles, which Jack Warner has just purchased.

Everyone at the Warner studio played dumb about it, but I happen to know that a deal is being discussed. Clark is being sought to play the hero who starts out as a test pilot and ends up a big business executive. Bruce Manning is preparing the adaptation, and Willis Goldbeck will produce.

Clark has two assignments ahead, but the Warner picture isn't slated until spring of 1955. This book must be entertainment because Clark says that he won't make any picture that has a message.

• • •

The voice of Woody Mahoney in "Finian's Rainbow," the most old-cat-cool feature, will be that of Frank Sinatra.

Incidentally, "Finian's Rainbow" has been rewritten since it was last seen on Broadway, and anything that was deemed objectionable from a political point of view has been deleted.

Producer Maurice Binder and Director John Hubley, who are the creators of "Gerald McBoing-Boing," flew to Las Vegas to see Frankie, who is playing at the Sands Hotel.

• • •

I kept hearing about Kerwin Mathews from Wynn Rocamora, and I'll admit I didn't pay very much attention. I thought it was an agent's enthusiasm over a new client.

But I had to pay attention when Jerry Wald told me that young Mathews may very well be a male Kim Novak. Jerry says that the young actor, who is in "Five Against the House," for Columbia, is now being tested for one of the male leads in "Joseph and His Brethren" and that he's great, just great.

• • •

Although Marilyn Monroe dates only Joe DiMaggio, the most elaborate floral gift she received at the hospital (and there were hundreds) was from—surprise, surprise—orchestra leader Ray Anthony.

Ray sent a tray with six imported crystal cocktail glasses with a different floral cocktail in each glass.

Considering that Anthony admits that he and his wife are parted, and that he once wrote a song "Marilyn" which he dedicated to the Monroe and played at a big party in her honor—well, what do you make of this, Mrs. Watson?

• • •

Snapshots of Hollywood collected at random: John Wayne goes into St. John's Hospital Monday for treatment of his left ear, which is so painful he's barely able to finish "The Sea Chase."

Hear tell Howard Duff was very attentive in Palm Springs to Mary Jane Hicks, ex-wife of Marion Hicks, realtor.

Jane Froman is showing her gratitude in a practical way by planning a benefit for the Menninger Clinic in Topeka, Kan. She feels they helped her so much after her tragic accident.

A very cute twosome at a table for two at Jacks at the Beach was Joanne Gilbert and Robert Francis. Two talented young people.

The Ritz brothers opened with a sock at the Flamingo in Las Vegas—in more ways than one. Al Ritz collided with one of the acrobats leaving the stage and is sporting a real shiner.

Things I gotta see: Boris Karloff doing a song and dance number with Donald O'Connor on an upcoming TV show of Don's.

Honeymooners Kirk Douglas and Anne Buydens are cutting their Mexico vacation a week short so Kirk can be in New York for the pre-release publicity on "20,000 Leagues."

Bullets, Boomerangs —Hoppy Ducks 'Em

ADELAIDE, Australia (UP)—Hopalong Cassidy — actor William Boyd—almost came to the end of the long, long trail at Adelaide's Norwood Oval last night.

The idol of American youngsters stepped forward on the stage in the center of the arena to speak to the crowd during an exhibition of boomerang throwing.

At that moment the wind caught the fast-traveling missile, dipping it under the awning of the stage. Hoppy heard the whistling, ducked quickly, and the boomerang missed his head by inches.

The boomerang later was presented to Hoppy.

Lame Duck Swan Song

MIDDLETOWN, Conn. (UP) — Before Mayor Stephen K. Bailey resigned as a Wesleyan University professor to take a job at Princeton University he made a "farewell speech" to his students which he entitled "The swan song of a lame duck."

'Yuma Crossing' Is a Fabulous Story

"Yuma Crossing," by Douglas D. Martin. Published by the University of New Mexico Press.

Historians will undoubtedly say that "Yuma Crossing" is to the Southwest what documented accounts of Lewis and Clark are to the Northwest.

The casual reader is already saying that here is a book so fabulous in fact that it rivals the most fanciful fiction ever written about this country's wide frontiers.

It took an inveterate newspaperman, Douglas D. Martin, former managing editor of the Detroit Free Press, and his infinite respect for facts to develop "Yuma Crossing."

It is the saga of four centuries of mankind and its struggle to have and to hold the tiny ford which once provided the only safe passageway from Arizona to California.

Located at the point where the Gila River merges with the mighty Colorado, Martin found that the records behind the Yuma story unveils the tale of the Southwest.

Humor teams with pathos, savagery with humanitarianism, bravery with cowardice and greed with generosity in the story of Yuma Crossing. Characters range from colorful Spanish dons and nobles, to peasants, soldiers and the stalwart colonists who finally held this outpost in the name of the United States.

Martin adopted the West as his home a few years ago and his new book reveals the affection he has developed for this part of the country.

Dead Bunny Wins Case

LOUISVILLE, Ky. (UP)—State Conservation Officer Malcolm Cocke produced a dead rabbit in court to back up his charge that James Lewis was rushing the season by a week.

Convinced by the evidence, the judge fined Lewis $30 for hunting without a license and hunting out-of-season game.

COUGHS DUE TO COLDS
FATHER JOHN'S Medicine Gives QUICK RELIEF by its soothing effect on the throat

History Repeats Itself, Much to Boy's Regret

FORT EDWARD, N. Y. (UP)—Ten-year-old Michael De Sole learned to his dismay that history can repeat itself.

Mike broke his right leg when he fell from his bicycle at a village grammar school. It was the same leg he broke two years ago this fall when he tumbled down steps at the same school.

Taken to nearby Glens Falls Hospital, Mike felt right at home. He had the same hospital bed and the same nurse as he did after the previous mishap.

Instruct Painter of Portrait How You Want to Appear

By MARGARET LATROBE

Trouble in paradise, again! This time it's a hassle between a society lady and Salvador Dali, the surrealist painter who did Madame's portrait, sent in a tab for $7,000 and can't collect.

"It's a heck of an unpleasant picture—real grim!" quoth the lady's husband to the reporters. "It was sort of slapped together," said he. "My wife was sort of standing against a rock with shells around. Sort of like walking away from a monster—"

Quoth the lady—"Sort of scares me!"

Sort of a tough break, eh?

Well, that's what happens when you get to fooling around in art circles beyond your depth. This Dali fellow, with talent as flourishing as his waxed moustache, is no amateur, you know. He's been surrealizing in the higher income brackets for some years. He can afford to paint 'em as he sees 'em.

Now you take an old art critic like myself. In selecting a painter to wedge me onto canvas I sure didn't go running to Mister Dali for the job. A friend next door who just took up art and needs practice agreed to run off my likeness for 20 bucks, plus the paint. Makes sense to me.

If you get mixed up in portraiture for posterity, there are certain stipulations you should put in writing. These artists have the ugly habit of painting what they see, not what the subject wishes she saw. Such nonsense upsets the whole apple cart completely. Who wants to pay out good money to look scary on canvas? When the job is done, who wants to say—"This is a portrait?" In shrill tones.

No, sir. I arranged everything with my painting friend in advance. "Take off 10 pounds and 10 years," I told him. From me, that is. Make me look in need of vitamins instead of the vitamins needing me, I told him. Complexion, peaches and cream, natural-like. Hair, molten gold. (Bought no white paint, as precaution.)

"Hands, delicate and smooth with long manicured nails like in the advertisements for nail polish. Dress by Hattie Carnegie (see newspaper sketch; paint in the label for posterity, too). There we are, that's me! (I say "that's me" rather than "that's I" because columnists frequently over-use "I.")

On second thought, maybe we could skip the portrait and use that old high school snapshot. Just something for the children to have later on, you know. Oh yes, dears, Mother was young and beautiful once upon a time. Young, I said.

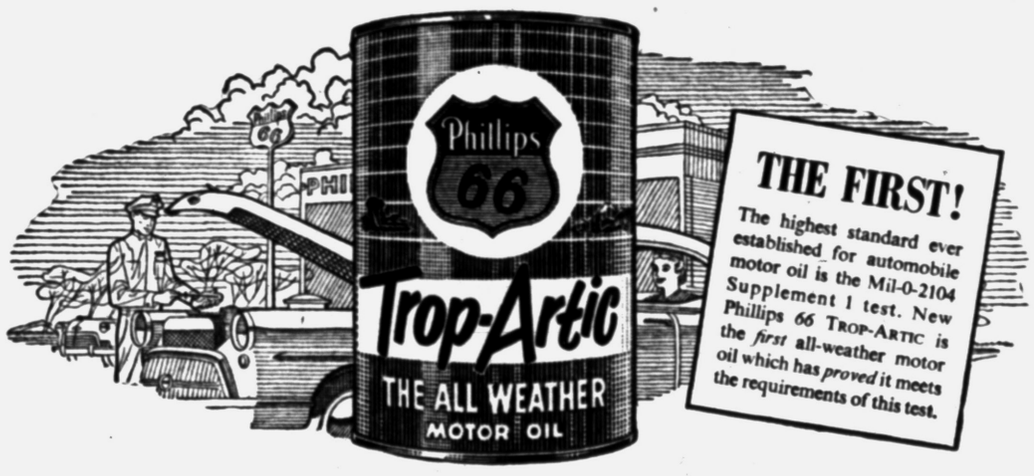
Oil Consumption Reduced 45% with Trop-Artic



If your car has been using oil, and if you could *reduce* this consumption of oil by as much as 15 to 45 per cent, it would be worth a great deal to you, wouldn't it?

Today the good news is that you *can* do it. It's been *proved* you can do it by changing from ordinary winter oil to new Phillips *66* TROP-ARTIC All-Weather Motor Oil.

Not only does TROP-ARTIC reduce oil consumption . . . it can reduce engine wear 40% or more. It keeps pistons and piston rings cleaner. New TROP-ARTIC oil can even *double the life of an automobile engine!* And it saves you money by increasing gasoline mileage.

TROP-ARTIC is a superior *all-weather* oil . . . S.A.E. 10W-30. Therefore it flows instantly for easy starting at sub-zero temperatures, and yet it retains the film strength necessary to prevent engine wear under *high* temperature driving conditions. Any car, in any climate, at any time of the year, will perform better with Phillips *66* TROP-ARTIC All-Weather Motor Oil.

Better, cleaner gasoline
Phillips 66
Flite-Fuel

Phillips *66* FLITE-FUEL is the new gasoline—the *only* gasoline to which is added the super aviation fuel component Di-isopropyl.

FLITE-FUEL gives you increased power, higher anti-knock quality and greater fuel economy. You get all the special benefits of famous *controlled volatility* plus the *clean burning* qualities resulting from the use of natural and aviation gasoline components.

Chiefs to Stay in SVC

Pontiac High Officials Deny That School Contemplates Withdrawal From Valley

Editor's Note. This is the 1st in a series of three articles dealing with Pontiac High's athletic past, present and future in the Saginaw Valley Conference.

By BILL MARTIN

Are Pontiac High School athletic officials contemplating withdrawal from the Saginaw Valley Conference?

That question arises from time to time (usually after a particularly unsuccessful football season) and this year was even asked editorially in an article in a Valley newspaper.

The answer, from PHS authorities themselves, is a clear and unequivocal "No". In fact, according to Pontiac High principal John Thors Jr., at no time has there ever been any discussion of the possibility by anyone in authority.

The afore-mentioned newspaper story claimed that Pontiac is becoming an "outsider" in the league and that more and more issues are being decided by 5-1 votes. Pontiac High spokesmen reply that such is simply not the case, pointing out that next year's football schedule has been revised to meet PHS requests.

A schedule change was necessitated next year by the elimination of the traditional Arthur Hill-Saginaw Thanksgiving Day game. First draft of the new slate left Pontiac with four straight home games in 1955 and four consecutive road games the following year. The schedule was altered with the complete cooperation of the other five member schools to correct the situation.

It is very likely that the Saginaw Valley Conference lineup will undergo a change in the not-too-distant future, but the alteration will increase rather than decrease the size of the circuit.

At least two teams in the Saginaw-Bay City area have made overtures to conference officials, and the possibility of enlarging the loop may be discussed at one of the SVC meetings this winter.

An additional one or two teams in the conference would greatly alleviate the problems currently besetting schedule-makers. An 8-team league is ideal for scheduling purposes, according to school officials.

(Tomorrow: Should Pontiac leave the Valley?)

Michigan Scout Dufek High in Praise of Buckeyes' 11

ANN ARBOR (AP) — Michigan, like David, knows the size of the football Goliath it meets Saturday in Ohio Stadium.

Few Michigan partisans believe that the Michigan team is at all equal to the Ohio State team that has gone unbeaten since Michigan handed it a 20-0 setback in the last game of last season.

"Ohio State has excellent balance," Michigan coach Bennie Oosterbaan warned his team.

"They can run and they can pass equally well."

And Don Dufek, assistant coach who scouted the Buckeyes, added: "They have a very fast backfield and their line is the best I have seen. They start very quickly.

What they didn't say was that three of Ohio's backs and at least three linemen are All-America possibles.

The Michigan coaches are also aware that Ohio has already met and defeated some fine defensive teams, on a par with Michigan which has the top defense in the Big Ten.

Dufek, who saw the Buckeyes defeat Purdue, Pitt and Northwestern, says that the "Ohio team is sharp and aware."

Dufek also says that the Ohio team is hard to defend against: "All four of their backs are so good that you can't concentrate your defense on any one."

He pointed to the latest performance, Ohio's 28-6 defeat of Purdue, for an example of what the Buckeye backfield can do. Together they piled up 407 yards rushing.

Howard (Hop Along) Cassady ground out 157 yards. Bob Watkins, right half, made 97; Hubert Bobo, fullback, 85, and Dave Leggett, quarterback, 41.

Hamilton Won't Speculate on New Pitt Boss

Red Dawson to Resign When Contract Closes in February

PITTSBURGH (AP) — Capt. Tom Hamilton, Pitt's athletic director who has been doubling as head football coach, said Wednesday he will not engage in any speculation over who will do the coaching next season.

Hamilton made the statement about 12 hours after Lowell (Red) Dawson, announced he will resign at the expiration of his three-year contract Feb. 1, 1955.

The athletic director has been filling in for Dawson since Red was sidelined by a minor heart ailment after Pitt's first three games. Under Hamilton, the Panthers have won four of five games and have a 4-4 record going into Saturday's finale here against Penn State (6-2).

* * *

"I said six weeks ago that no decision will be taken on the coaching job until after the season ends," Hamilton declared. "I don't know how soon we'll act. Personally, I want to get a breathing spell. Right now, we're interested very much in our plans for Penn State."

Dawson's action, announced late Tuesday at a news conference which he called, was not entirely unexpected.

There had been rumors Dawson, 47, wanted to enter private business. And that's exactly what he plans to do, he declared, saying he has no intention of resuming his 2-year gridiron coaching career. His undivulged business activity probably will take him out of Pittsburgh, he said.

Irish, Loyola Quints Open Sugar Bowl Test

NEW ORLEANS (AP) — Notre Dame will meet Loyola of the South in the opening game of the 1954 Sugar Bowl basketball tournament Dec. 29 and defending champion Holy Cross will take on Bradley University in the 2nd game, basketball committee chairman Claude Simons said today.

SMU's Eidom Back of Week

Mustang Star Sparks Victory Over Arkansas Last Saturday

DALLAS (AP) — Frank Eidom, who travels as recklessly on a football field as a hot rod on a steep incline, is national back of the week and his coach, Woody Woodard of Southern Methodist, says it couldn't have happened to a finer player.

The catapulting halfback of SMU won the honor with his mighty showing against Arkansas last week when his team took over leadership of the Southwest Conference with a 21-14 victory. All he did was run for 163 yards, score all of his team's touchdowns, play a grand defensive game and block like a steamroller.

Baltimore NBA Entry 'Skating on Thin Ice'

NEW YORK (AP)—The Baltimore Bullets today were given 48 hours to raise money or the franchise would be disolved by the National Basketball Assn.

NBA President Maurice Podoloff met with co-owner John Knox of the Bullets unti the early hours of the morning, and although neither issued a statement, a source close to the situation said the Bullets have only until Friday to raise the necessary cash to stay in the league.

Virgil Trucks Signs '55 Contract With Chisox

CHICAGO, (AP)—Virgil Trucks, 35-year-old veteran righthanded pitcher Tuesday signed his 1955 contract with the Chicago White Sox.

Trucks, who came to the White Sox from the St. Louis Browns in June 1953, compiled a 19-12 record last season. In 1953, Trucks won 15 and lost 6 for the White Sox and had a 20-10 record for the season.

Younger, Perry Staging Battle in Rushing Race

Detroit's Layne Jumps to 2nd Place Behind Ram Ace in Passing

PHILADELPHIA (AP) — Paul Younger, familiarly dubbed the Tank, and Joe (Jet) Perry are waging a yard-by-yard struggle for the ground-gaining title in the National Football League.

League statistics disclosed today that Younger of Los Angeles and Perry of San Francisco have averaged 6.7 yards each time they carried the ball. Perry holds a slight edge in that the 49er flyer has gained 656 yards on 98 runs against 610 yards on 91 attempts for the LA back.

Perry won ground-gaining honors last year, while Younger, long-hidden beneath the hulking shadow of Deacon Dan Towler on the Rams squad, managed only 350 yards in 12 games. Each has four games remaining and the run for top honors between the two should be an interesting one.

Norman Van Brocklin continues to show the way with the quicker and less hazardous forward pass. Van Brocklin, also of the Rams, has posted a 10.33 per pass average with 97 completed of 176 for 1,818 yards and nine touchdowns.

Detroit's Bobby Layne, who has played in one less game, has jumped from 4th to 2nd place in the passing race. Layne has tossed 128, completed 70 for 1,049 yards—and eight TDs. Bobby Thomason of the Philadelphia Eagles is tied for 3rd with Detroit's 2nd-string quarterback, Tom Dublinski. Thomason has figures of 139 thrown, 70 completed, 1,128 yards—8.12 average—10 TDs, and Dublinski, 48 for 92, 747 yards, 5 TDs and an identical 8.12 average.

Other departmental leaders are:

Billy Wilson of San Francisco, pass receiving, 42 caught.

Bob Walston, Philadelphia, scoring, 87 points. Doak Walker of Dettroit pulled within 9 points of Walston with 78—4 TDs, 30 conversions, 8 field goals.

Norm Van Brocklin, punting, 44.8 average.

Veryl Switzer of Green Bay, punt returns, an average of 12.3 on 21 returns.

Bill Bowman of Detroit, kickoff returns, a 33.8 average.

Paul Cameron of Pittsburgh, intercepting, six.

Sugar Meets Rindone in Comeback Opener

DETROIT (AP)—Sugar Ray Robinson, former middleweight boxing champ who quit the ring two years ago to become a night club entertainer, makes his 1st comeback appearance at Detroit's Olympia Stadium Dec. 8. Robinson will meet Joe Rindone, a Boston middleweight, in a 10-round fight.

Robison will fight a six-round exhibition bout at Hamilton, Ont. Nov. 27.

3 City Parochials Among Leading Scorers for SCL

FINAL STANDINGS

	W	L	T	PF	PA
St. Clement	6	1	0	174	67
St. Rita	6	1	0	85	47
St. Mary, OL	5	2	0	82	13

St. Mary, RO	3	4	0	59	120
St. Frederick	0	6	1	54	156
St. James	0	6	1	31	172

Final statistics for the 1954 Suburban Catholic League football season today revealed that three Pontiac players placed among the top seven individual scorers.

St. Frederick end Dick Doyon finished 3rd with 40 points, while Bud Schwartz of St. Michael was 4th with 37 and teammate Mike Lauinger 7th with 36 points.

Leading the point parade were two stars from the co-championship St. Clement of Center Line team. Fullback Dick Daldine finished in 1st place with 74 points, far ahead of his teammate Dick Fortin's 42.

St. Michael's Shamrocks, who placed 4th in final league standings, were 2nd in both offense and defense. Mikes averaged 19.5 points per game, while holding the opposition to 4.85. St. Clement was the top scoring unit with 24.8, while Orchard Lake St. Mary had the best defensive mark with a 4.71 average.

Michigan's Kramer Is Lineman-of-Week

AP Wirephoto

LINEMAN OF WEEK—Ron Kramer, Michigan's sophomore end from East Detroit, today was picked as the Associated Press "lineman of the week." Selection of the 19-year-old, 6-foot 3-inch, 220-pounder was made for his magnificent play against Michigan State Saturday. Wolverine coach Bennie Oosterbaan enthused: "Kramer is the best football player I've seen at Michigan."

3 Share Aerial Honors

NEW YORK (AP)—No doubt about it. The three best passers in college football this year are Oregon's George Shaw, California's Paul Larson and Purdue's Lennie Dawson. All three wrap up their seasons this Saturday and each apparently has a national title cinched.

* * *

According to NCAA statistics released Wednesday Shaw still ranks No. 1 in total offense, with Larson making a strong bid to overtake the leader and win the crown two years running. The California ace, meanwhile, has a new national pass completion record almost in hand.

Dawson, the youngster who upset Notre Dame, holds the lead in pass yardage.

* * *

Shaw, leading all season, has a total yardage net of 1,415 yards as he winds up against Oregon State. Larson takes a 1,375-yard total against Stanford. Dawson, with 1,309, opposes Indiana.

Larson could become the second collegian to win the total-yardage crown in successive years—Oklahoma A & M's Bob Fenimore did it in 1944-45 and Drake's Johnny Bright pulled it off in 1948-50—but at worst he'll be tops in completions. Thus far he's hitting at 64.2 per cent, completing 111 of 173 tosses. Washington's Don Henrich set the present accuracy record of 60.9 per cent in 1950. Shaw is second in completions with 86 and Dawson third with 81.

Lawson's leading air yardage is 1,400, with Larson second on 1,387. The Purdue ace also has the most touchdown passes with 14.

In rushing, the top three ball carriers also rank as the leading scorers, and in the same order—Arizona's Art Luppino, Penn State's Lenny Moore and Army's Tommy Bell.

Luppino, a sophomore, looks like the champ in both departments with two games remaining while his closest competitors have but one. He has scored 138 points (only 20 short of the highest total in 34 years) and has rushed to 1,025 yards. Moore, a junior, has scored 78 points and netted 1,014 yards and Bell, in his final year, has scored 72 points and gained 914 yards.

Ties Commonplace

Irish, Iowa Renewing Big Rivalry Saturday

CHICAGO (AP) — The rivalry which surrounds the Notre Dame-Iowa classic Saturday was exemplified Tuesday by Notre Dame Publicitor Charles Callahan thusly:

* * *

"There's none of this may the better team win business—We want to win."

Callahan made the statement at the Chicago Football Writers meeting while pointing out three of the last four games played by these two teams ended in ties.

None is remembered better than last year's 14-14 feigned injury episode.

With a player injured on the field, the clock stopped in the last few seconds of the first half giving the Irish time for another play which turned out to be a touchdown. The game finally ended in a tie, the only blot on Notre Dame's record.

* * *

Iowa cried: "Wait 'till next year." Notre Dame groaned under the publicity the injury received.

Also the tie kept the Irish from the mythical national championship.

This year the Irish are among the top teams in the nation—4th in the AP poll this week—while Iowa is 19th.

But the Irish aren't underestimating the Hawkeyes. Notre Dame has only one loss, 27-14 to Purdue. Iowa bounced Purdue, 25-14.

Iowa lost to Minnesota by two points, Michigan by one and Ohio State by six.

"So far as we're concerned," said Callahan, "Iowa is nine points away from the Big Ten title."

Cards' Official Hits Stydahar's Criticism

CHICAGO, (AP) —Walter Wolfner, managing director of the Chicago Cardinals, says that the management will not stand for any criticism of officials of the National Football League by its coaching staff.

Coach Joe Stydahar reportedly criticised officiating of Sunday's game at Los Angeles in which the Rams defeated the Cardinals 28-17.

Stydahar was quoted in Los Angeles as saying "the officials gave us a rooking. They stole the game from us."

Used Special Glove

Giant catcher Wes Westrum used a specially-made glove to catch the offerings of Hoyt Wilhelm.

Head Football Coach
Drake University

Mississippi Southern leads Memphis State, 13-0, with only four minutes of the game played. The Southern stands are wild with elation because your Memphis State Tigers have been ruled the favorite.

But the Southerners received the initial kickoff and went 75 yards for a quick score, then returned your punt for a 2nd touchdown a few plays later.

Now you have returned the kickoff to your own 37-yard line, midway between the sideline stripes, where it is 1st down and 10.

As the Memphis State quarterback on the single wingback formation, rate these plays 1, 2, 3 and 4 for this spot:

Long pass

Fake pass with a Statue of Liberty (back takes ball behind passer and swings wide with three linemen blocking)

Fullback spinner with a trap on the defensive left tackle (let tackle through, block him from side)

Double reverse with an end carrying wide around defensive end

(Answer elsewhere on the sports page)

Rams, Cardinals Conclude Series

LOS ANGELES (AP)—An immediate aftermath of the rowdy football game here last Sunday between the Los Angeles Rams and the Chicago Cardinals is that the teams probably will not meet for as least six years.

Tex Schramm, executive assistant to Dan Reeves, president of the Rams, has nixed future games between these teams.

"We do not feel that what took place Sunday is good for professional football," said Schramm. "If that is the extent to which Ram-Cardinal relations have deteriorated, we will not be in favor of any further meetings."

The Rams were required by National Football League rules to play the Cardinals the last two years, but it will be several years before they are required to meet again in league play. Schramm indicated that the exhibition games the Cards and Rams have engaged in will be abandoned.

NFL Will Name Dates, Sites for Playoff Tilts

PHILADELPHIA (AP) — The sites and dates for any divisional title playoffs in the National Football League will be decided at a meeting called for Philadelphia Nov. 22.

NFL Commissioner Bert Bell announced the meeting Tuesday. All contenders for top sport in each division have been invited to attend.

The NFL title game, between the Eastern and Western Conference winners, has been set — barring playoffs — for Dec. 26 at the home park of the Eastern champion.

Unbeaten Dryden Places Five on All-League Team

An undefeated, untied season for little Dryden High School was capped by having 5 of its players named to the Southern Thumb League's all-star team.

It was the 2nd unbeaten season in 4 years for the Dryden, coached by Fred Bernat. The Cardinals are the only Class D team in the Class C Southern Thumb League. They also went undefeated in 1951.

Right guard Vance Chapman was named most valuable player. Others selected on the all-STL were center Walter Faulds, end Ron Kalisz, fullback Henry Schalau and halfback Dick Avery.

Quarterback and team captain Boyd Blair was named to the 2nd team.

Warriors' '53 Stars Return

Trio of Standouts That Figured in Near-Upset Back at MSC Saturday

EAST LANSING (AP) — Three players who nearly upset Michigan State's Rose Bowl chances last year will return when MSC closes out its football season against Marquette Saturday.

Marquette showed little respect for the Big Ten co-champs last year. Although the Spartans took an early 14-0 lead, Marquette came back to take a 15-14 edge before finally bowing 21-15.

Marquette had 24 lettermen returning this season. The Spartans who played last year will best remember quarterback Dick Shockey, end Tom Braatz and halfback Ron Drzewiecki.

Drzewiecki, who runs from left half, carried 12 times for 73 yards and led the Warriors in rushing. Shockey and Braatz figured in all the scoring between them.

Shockey, a good option quarterback, completed 10 passes for 196 yards and both touchdowns. He also made 55 yards rushing—an unusual figure for a passing quarterback.

Lopez Doesn't Know Where He Will Use Kiner

Great Homer Slugger Comes to Tribe From Chicago Cubs

CLEVELAND (AP)—All year long, the manager of the Cleveland Indians should have problems like this:

Where in his lineup can he fit Ralph Kiner, one of the National League's greatest home run hitters?

The Tribe got Kiner from the Chicago Cubs yesterday for an unnamed player and an undisclosed amount of cash. Indians manager Al Lopez, reached for comment after a round of golf in his home town of Tampa, Fla., said he didn't know yet where the big outfielder will play.

KINER

"Wherever he is used, he will strengthen the position," Lopez declared. "He gives us that extra long ball hitter, and you can't have too many of those."

Kiner's salary is still to be negotiated, and general manager Hank Greenberg predicted "that's going to be tough to do."

WEDNESDAY'S PRO BASKETBALL

Soph Flanker's Work Against Spartans Cited

Ex-East Detroit Star Tops in All Phases Saturday

By THE ASSOCIATED PRESS

Ron Kramer, Michigan's great sophomore end, today was picked as the Associated Press lineman of the week for his magnificent play against Michigan State Saturday.

Kramer, a 19-year-old 6-foot 3-inch 220 pounder, was the difference as the Wolverines battered Michigan State 33-7. "He was our big guy," is the way Michigan coach Benny Oosterbaan put it.

Big Ron was tops in all departments. He kept rushing the MSC passers all afternoon and twice broke through to block punts. He picked up one blocked punt and ran for a touchdown. The other blocked punt led to another score. Offensively he snared several passes and blocked well. He is a good punter, too.

Later Oosterbaan enthused: "Kramer is the best football player I've seen at Michigan."

Line coach Jack Blott added: "Kramer is the best all-around end I've ever seen. He is a great competitor and a great natural athlete."

Kramer is the 3rd end to gain linesman of the week honors this season. The others were Fred Glatz of Pitt and Ron Beagle of Navy.

Franklin Brooks, Georgia Tech guard, was praised for his play against Alabama. He made nine solo tackles, took his man out of the play on 22 of 26 blocking assignments, recovered a fumble to set up a touchdown and intercepted a pass.

Others nominated included: Kurt Burris, Oklahoma center; Jim Pyburn, Auburn end; Eddie Rayburn, Rice tackle; Herb Gray, Texas guard; Bob Cochran, Harvard end, and Paul Kernaklian, Syracuse tackle.

Baldacci Selected UP's Back of Week

ANN ARBOR (UP)—Michigan's Lou Baldacci, equally destructive at quarterback and fullback, was named "Midwest Back of the Week" today by the United Press.

Baldacci, 20-year-old son of a former Akron U. football coach, has played a major role in keeping his Michigan team in the running for the Big Ten championship and a possible trip to the Rose Bowl.

He contributed two touchdowns to Michigan's 33-7 triumph over arch-rival Michigan State last Saturday and backed up his offensive work with a stout defensive performance at linebacker.

36 Colleges to Take Part in NCAA Event

EAST LANSING (AP)—Thirty-six colleges will send 199 runners to the 16th annual NCAA cross-country championships at Michigan State College Monday.

Absent will be the University of Michigan, which last week won an upset championship of the Big Ten after years of non-participation in the sport.

Davidson Easy Victor

DETROIT (AP)—Embrel Davidson, 209½, of Detroit, outpointed Bert Whitehurst, 189½, of Baltimore, Md., last night in an 8-round heavyweight bout at the Motor City Arena.

Dodgers Are Reported Seeking Switch to Coast, but Los Angeles Writer's Story Brings Denials

NEW YORK (AP)—The baseball winds were blowing west again today with a report that the Brooklyn Dodgers may move to Los Angeles.

* * *

John B. Old, writing in the Los Angeles Herald-Express, said the tentative plans to switch the Dodgers were "hush, hush," and that they would be aired at a special meeting here Nov. 22.

* * *

Old's story brought denials from National League President Warren Giles and Brooklyn Vice President Fresco Thompson.

Also, perhaps coincidentally, the Brooklyn Junior Chamber of Commerce announced the organization of a drive to "keep the Dodgers in Brooklyn."

Old warned his readers to "look for and expect vigorous denials" concerning the proposed switch.

"Walter O'Malley, Brooklyn president, has long eyed Los Angeles as a possible future home for the Dodgers," he wrote. "...the special meeting, quietly arranged without previous publicity, was called to offset the urging of Cleveland's Hank Greenberg that the American League expand to 10 clubs at the earliest possible opportunity."

* * *

Old also said Cincinnati might join the move and shift to San Francisco. Owner Powell Crosley has been "quietly liquidating his vast interest," he said.

* * *

"It never has been suggested to me that the Brooklyn club be moved to Los Angeles," said Giles when told of Old's story. "How could we have one club out there and the other seven way back here?"

Giles admitted there was a meeting scheduled for Nov. 22, but said it was to consider a revision of the constitution and bylaws.

Brooklyn President Walter O'Malley was en route home from Puerto Rico and could not be reached, but Thompson said:

"We don't know anything about it."

Carter Favored to Regain World Title Tonight

By BOB MYERS

SAN FRANCISCO (AP) — Mechanical Jimmy Carter steps into the ring tonight favored to regain the world lightweight championship from Brooklyn's Paddy DeMarco, the young man who relieved him of the title 10 months ago.

* * *

The setting for the 15-round encounter between the top two 135-pounders in the nation is the overly spacious Cow Palace in South San Francisco, where some 7,000 fight fans are expected to gather.

* * *

The contest, a replay of an upset registered by the 26-year-old Paddy in New York last March 5, will be televised coast to coast by the Columbia Broadcasting System, (channel 2).

The main event goes on at 10 p.m. (EST), and as usual, the San Francisco area for a 75-mile radius will be shut out of the TV operation.

Carter, a veteran of 30 years, remained a 2-1 betting favorite today to whip his more unorthodox fellow New Yorker. The workmanlike fighter from Harlem already has the peculiar distinction of having lost and then regained the same lightweight title.

He will be the first in ring history in the division to perpetuate such a stunt for the second time if he wins tonight.

Actually, Jimmy isn't concerning himself with distinctions such as being a two-time loser and winner. He merely wants the championship back.

* * *

Carter first captured the crown in May 1951, when he knocked out Ike Williams in Madison Square Garden.

* * *

A year later, in a tremendous surprise, he lost the title to Lauro Salas in Los Angeles, via a decision. Carter corrected this situation six months later in Chicago.

* * *

He successfully defended the honor by a massacre of Tommy Collins and decisions over George Araujo and Armand Savoie.

Then came DeMarco, with an awkward, windmill, crowding style of fighting, and once again Carter was without title.

* * *

DeMarco has not fought since the engagement with Carter. A rematch was twice postponed by the champion — last June and then in September — because of a virus and then an elbow ailment.

* * *

Paddy has trained hard and is confident. He said he beat Carter and received a unanimous decision and he frankly sees no reason why he can't do it again.

Presumably, he is not worried over lack of formal ring warfare since March.

* * *

Carter, generally a silent man who lets his manager, Willie Ketchum, do the talking, pulled a switch. He said he expects to win decisively, if not by a knockout.

For the record, DeMarco has never been officially knocked out, nor has Carter.

* * *

Paddy has won 69 out of 82 fights, seven by knockout. Carter has won 68 out of 93, 26 by kayo.

Gopher Fullback Is Big 10 Scoring Ace

CHICAGO (AP) — Bob McNamara, the player who Minnesota coach Murray Warmath called an All-America "if I ever saw one" scored a pair of touchdowns against Iowa Saturday and has taken the Big Ten scoring lead.

The Minnesota fullback ran his touchdown total to 11 for 66 points to go ahead of Iowa's Earl Smith.

Smith scored once and held onto 2nd place with 60 points.

Bobby Watkins of Ohio State remained in 3rd place with 57 points while three other players tied for 4th.

Cool Subject

Michigan State's ice arena in Demonstration Hall has an ice surface measuring 200 foot by 87 feet, and twelve miles of piping are used to freeze the ice.

Boudreau Still No. 1 Candidate for Kaycee Job

Johnson Expected to Name His Field Pilot Some Time Today

KANSAS CITY (AP)—Lou Boudreau, onetime "boy wonder" pilot of the Cleveland Indians and later Boston Red Sox manager, looks like the No. 1 choice for manager of the new Kansas City Athletics.

* * *

Arnold Johnson, the Chicago millionaire who acquired the Athletics from Philadelphia last week, indicated he would name his field manager today at a press conference.

* * *

Boudreau's name has popped up most frequently in speculation on the field post, although Johnson said he had received a flock of applications.

Only last week Boudreau said he had been in contact with the Chicago industrialist but "nothing is definite yet."

Others mentioned as possibilities included Eddie Joost, who managed the Athletics in their last stand at Philadelphia; Bobby Bragan, pilot of the Pacific Coast League's Hollywood club; and Lefty O'Doul, also a veteran Coast League manager.

* * *

O'Doul, however, eliminated himself recently by signing to manage the Coast League's Oakland team. Bragan has no major league experience as a manager.

Boudreau, 37, has a decade of managerial experience in the majors.

Official Proposes 1 Set of Ring Officials

PHILADELPHIA (INS) — Pennsylvania state athletic chairman Frank Wiener proposed today the training of a selected nationwide corps of boxing referees as one answer to the current furore about "hoodlumism" in the fight game.

Wiener advocated also abolition of the use of judges, with sole responsibility placed in the hands of the referee to decide the winner where a ruling is needed.

He suggested that a group of 15 or 20 widely known, highly respected and intelligent sportsmen be chosen to referee bouts in all parts of the country.

State Grid Audiences Hang Up New Records

DETROIT (AP) — Michigan apparently set a football box office record over the weekend. The Detroit Lions played host to 58,431 spectators yesterday—the largest crowd ever to see a football game in Briggs Stadium—as they beat San Francisco, 48-7. Saturday, 97,239 fans jammed Michigan's stadium at Ann Arbor when Michigan defeated Michigan State, 33-7. It was the 1st time since 1949 that the Wolverine stadium had been filled.

Pontiac Press Photo

CONTEST ENTRY—First entry in the Pontiac Press' 1954 deer contest is the 6-point shown above with hunter James March of 647 Tennyson Ave. March bagged the 165-pounder while hunting near Standish on opening day. The buck is entered in the "best rack" division of the contest.

Oxford's Spencer on Top in Area Grid Point Parade

On the reasonably safe assumption that Roy Soldan of Royal Oak will not score 31 points in his team's Thanksgiving Day game with Brimingham, Larry Spencer, Oxford High School's hard-hitting senior fullback is declared the 1954 prep football scoring champion of Oakland County.

SPENCER

Spencer drove to 12 touchdowns and ran for 13 extra points for a total of 85 points as Jean Harkness' Wildcats rolled to 8 straight victories.

Pete Dawkins of Cranbrook finished 2nd with 13 touchdowns (high in that department) and a lone conversion for 79 points. Marvin Evans of Avondale was 3rd for the 2nd straight season with 75 points.

Spencer's 85 points was far below the 102 scored by St. Michaels' Russ Shindorf in taking the crown last year. Dick Nash of Royal was 2nd a year ago with 96 points to 90 for Evans.

Soldan is in 6th place with 1 game to play, but would need 31 points to tie Spencer.

Others in the top 10 include Jack Brown of Hazel Park, Jerry Hunter of Holly and Tom Kalasz of OL St. Mary.

Four players, Pat Thompson of Clarkston, Fred Courville of Southfield, Ed Leach of Lake Orion and Freeman Watkins of Pontiac, tied for the last 3 spots.

Spartans Show Off Promising Freshmen Talent

Chicagoan Outshines Ninowski at Signal Calling Spot

EAST LANSING (AP)—In typical big car industry fashion, Michigan State staged a preview of what might be expected for next year.

The public was invited to the showing of new MSC players on the assembly line—being held in Macklin Stadium. The seniors on this year's squad also were among those attending.

Critical newspapermen and other sideliners worked hard to try to figure out the talent coming up for next year to support the sagging Spartans.

A lot of the youngsters looked good but the opinion was it was a business of freshmen playing against freshmen. Mike Panitch, from Chicago, was sometimes sensational as quarterback throwing several touchdown passes. He even outshone Jim Ninowski, of Detroit, the quarterback for the losing team who was the most highly rated freshman.

A couple of recruits from small towns in Massachusetts, looked especially promising. But their names are bound to confuse newspapermen and radio announcers.

Tony Kolodzies, an end from Northhampton, Mass. caught one of the touchdown passes. Walter Kowolcyzi, from Westfield, was voted most valuable by his teammates.

Others who showed well in the workout were Bob Handloser, from Detroit Catholic Central, who made one of the scores for the losers; Dave Kaiser, the Alpena prospect who transferred from Notre Dame; and Jim Wulff, a halfback from Chicago.

Jimmy Bryan Wins 100 Mile Silver States Race

LAS VEGAS, Nev. (AP) — Jimmy Bryan of Phoenix, Ariz., roared out from pole position, grabbed the the lead and held it for all 100 miles of the AAA Silver States Auto Race.

Second in the big race recently was Manny Ayulo of Burbank, Calif., with Jimmy Davis of Pacoima, Calif., third and Rodger Ward of Los Angeles, fourth.

Bryan, 26, American Automobile Assn. champion, won by half a lap. His time for 100 turns around the mile track was 1 hour, 44.37 seconds, an average of 84.82 m.p.h.

Only two American-bred horses have won the English derby.

Area Hunters Continue to Report Success

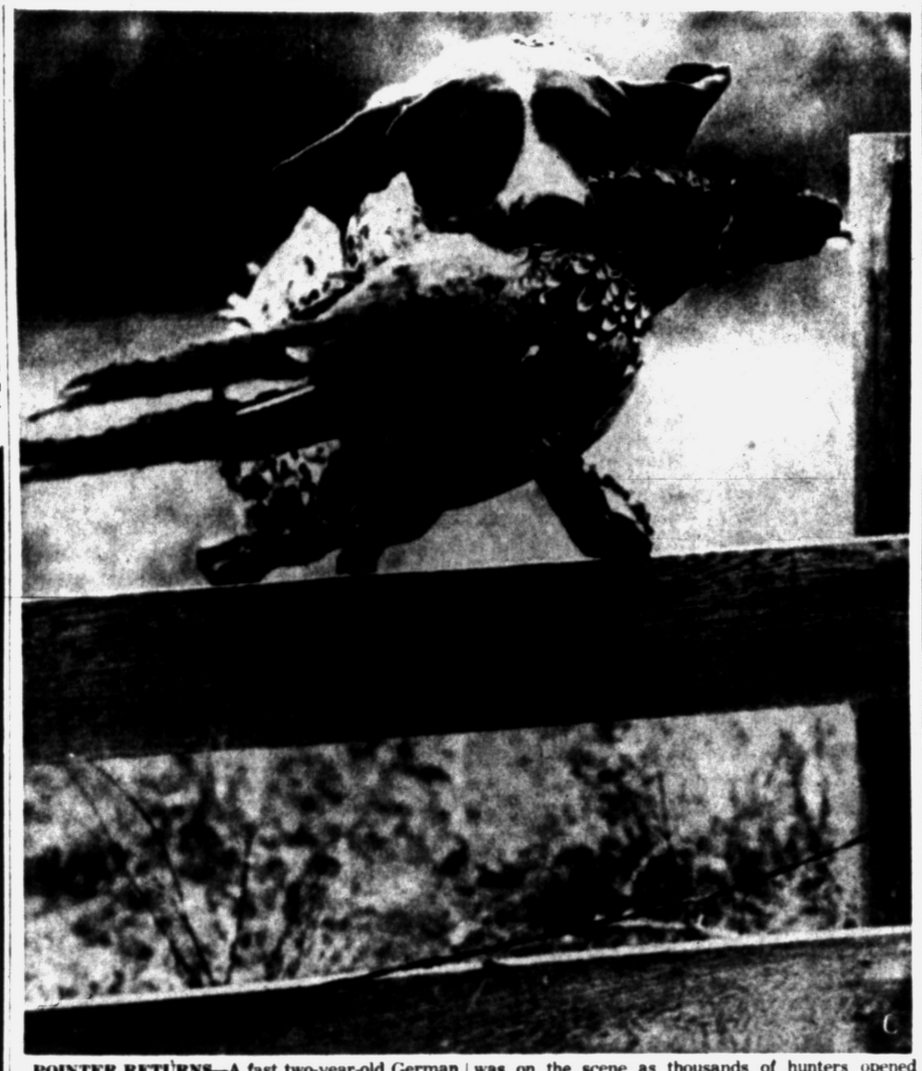
Illinois Deer Increasing; Hunting Season Is Hinted

CHAMPAIGN, Ill. (UP) — State conservation officials are hinting about a legal deer season in Illinois.

A recent state publication said studies show that in at least two areas, near Rockford and on the Horseshoe Lake Refuge in southern Illinois, there are too many deer.

Deer now are reported present in at least 74 of the 102 Illinois counties.

The conservation department says a legal hunting season in "over-populated" areas may be an answer to proper herd management.



POINTER RETURNS—A fast two-year-old German short-haired pointer, named Mark Trailer, leaps a fence with a pheasant he retrieved in mouth. He was on the scene as thousands of hunters opened the recent Illinois upland game season.

Drayton, City Nimrods Enter Press' Contest

Louis Henson Gets His Buck Without Leaving Oakland County

Reports from successful hunters continued to pour into the Pontiac Press sports department today as the statewide deer season moved into its 3rd day.

Two entries have been filed thus far in the "best rack" division of the Press' 3-way deer contest.

An 8-pointer was entered by Tom Campbell of 6347 Rowley street, Drayton Plains, while James March of 647 East Tennyson Ave., Pontiac, entered a 6-point buck.

Campbell bagged his deer, which weighed 147 pounds, while hunting near Glennie in Alcona County. March's buck was downed near Standish at 7 p.m. opening day.

Louis Henson of 4771 Dixie Hwy., Drayton Plains, didn't have to go so far to get his buck. He shot a 140-pounder near Springfield Tuesday morning.

One of the earliest successes was that of James Hampton of 825 W. Huron. He killed a 4-point buck at the Oakland Hunt Club near Fairview at 7:45 a.m. Monday. Another big 6-pointer was shot by Donald Hitchcock, of 257 S. Shirley St., near Maion yesterday morning.

Press' deer contest is open to all full-time Oakland County residents. Its divisions are,

1—Best-balanced rack.

2—Best over-all head.

3—Biggest deer (dressed-out weight only considered).

Entries are taken at the Press' sports department from 8 a.m. to 3 p.m. on weekdays and from 8 a.m. to 12 noon on Saturdays. Deer should be brought to the Pontiac Press for measuring and photographing.

Entries in the biggest deer division must be accompanied by a weight slip, signed by the hunter, the weigher and a disinterested witness.

A $100 U.S. savings bond will be awarded to the winner in each of the three divisions.

Michigan Outdoors:
Hunters Are Urged to Spare Elk Herd

By MORT NEFF

Deer hunters working north and east of Vanderbilt, all the way to Black Lake and Onaway are very likely to spot one or more of our herd of elk in Michigan — the only herd of any size east of the Rocky Mountains. Every year a half dozen or more of these majestic animals are either mistaken for deer and shot or wantonly killed by the trigger-happy variety of so-called sportsmen. Either, of course, is inexcusable.

NEFF

Game men in our conservation department, basing their figures on count from aircraft, believe that we may have as many as 300 elk roaming our Michigan range today.

Once upon a time tremendous numbers of elk ranged across Michigan—a native game animal abundant around Bladwin, Saginaw, Bay City and the Thumb area. This was wilderness country in those days, inhabited by a few Indian tribes who made good use of the heavy hides and meat of the elk.

With the encorachments of civilization the elk gradually disappeared from the scene.

Long after the last native elk had vanished the Conservation Department released some 18 animals in the Pigeon River country back in 1918. The herd grew very slowly, grazing across the valleys in summer, stripping bark from trees in the winter.

There's no reason for mistaking an elk for a deer. The adult elk may weigh up to 1,000 pounds—almost four times as much as a very large deer.

So keep an eye out for Michigan elk while you're deer hunting this fall. A good sportsman will help build this herd by guarding it against marauders.

Hunting Ended, Archers Looking for New Action

PAA Members Succeed in Early Season, Plan Turkey Shoot Nov. 21

With a successful deer hunting season out of the way, members of the Oakland county archers contingent are looking ahead to a still busy late fall and winter program.

At least 8 representatives of the Pontiac Archery association were successful in the recent Michigan archery season. They included Morris Cascadden, Gene Calhoun, Perry Dick, LeRoy Addison, the veteran George Marks, Ray Meyers, Charles Blake and L. G. Green.

Devotees of the bow and arrow sport aren't going to hang up their unstrung bows, they point out, as archery is a year-round activity.

First of the special affairs expected to attract many of the area's enthusiasts is a turkey shoot on Nov. 21. This contest has been set for the outdoor range at Pontiac Lake Recreation area. It will offer plenty of action for a mixed field and hunters' round of 28 targets, shooting will begin at 10 a.m.

Another date of importance to the fraternity is the Nov. 28 start of the indoor shooting season. The program is set for the indoor range at Pontiac City Airport. This event will be a national mail tournament covering a round of 56 targets.

On Dec. 6 the archers will open competition in the Indoor League. Two nights a week will be devoted to these shoots, Mondays and Thursdays.

Beginners instruction will again be offered this winter. It will be started soon, at a date to be announced, with Tuesday nights devoted to the teaching periods.

Hawks Buy Creighton

CHICAGO (UP) — Center Dave Creighton was purchased by the Chicago Blackhawks hockey club from the Toronto Maple Leafs Tuesday for an undisclosed sum of cash. The 25-year-old Creighton played with Boston last season and was credited with 20 goals and 20 assists.

Boxer Winner of Wild Bout Against Buck

Wounded Deer Chases Youth, but Loses Tilt in the End

MOUNT PLEASANT, Mich. (UP)—Fred Cashen, a 19-year-old amateur boxer, got his buck on the second day of Michigan's deer hunting season yesterday after a slugging match as rough as any he has encountered in the ring.

• • •

Cashen wounded the animal in the head with his first shot. The deer got up and charged. Cashen fired again, hitting the buck in the ribs.

• • •

The deer charged again. Cashen ran with the deer close behind.

The boxer ducked behind a tree and clubbed the oncoming deer with his rifle. The rifle broke.

Cashen dodged from tree to tree for almost 30 minutes before the deer, weakened by loss of blood, broke off the fight. Cashen picked up a tree branch and finished off the buck.

Birmingham Dog Wins Coast Event

GRIDLEY, Calif. (UP)—Palladian Perseus, a superbly working dog, yesterday won the open championship of the 1st National Gun Dog trials of the Weimeraner Club of America.

Palladian Perseus, owned by Overton W. Ogilvie of Boston, worked faultlessly both in the pheasant field and in his water retrieving, the judges reported.

Second place dog was Igor of Arvis owned by Lawrence Smith of Glenn, Calif.

Winner of the open derby stakes, for dogs under two years, was Heinrick Vanyl-Acker, owned by Betty Hoover of Birmingham, Mich., and handled by Henry Kowalesky of Chesaning, Mich.

Conservation Work Continues on Lake Trout

LANSING — Though sea lampreys have nearly wiped out lake trout populations in Lakes Michigan and Huron, conservation department and U. S. Fish and Wildlife Service workers are continuing hatchery and research work with an eye toward the future of the fish.

There is hope that combined efforts of man and nature will control future lamprey depredations.

If this occurs, conservationists want to be ready with additional research knowledge and "brood stock" fish for inland and Great Lakes plantings.

Specialists from the Fish and Wildlife Service are making a long-range study of the little-known fish.

Commercial Anglers Make Fish Sandwich

Saginaw Bay Fishermen Prepare Tasty Dishes With Herring

LANSING — Now, it appears, is the season of fish sandwiches.

With herring running in Saginaw Bay and prices at the dock at their annual minimum, commercial anglers have come up with what they claim is a tasty culinary diversion.

You start by filleting some herring. Then mix an egg, batter mix and a dash of water until a creamy solution is obtained. Salt the fish, dip in the solution, roll in a mixture of flour and cornmeal and fry in deep fat until it looks ready.

If you serve it on a bun, it is a fish sandwich. Catsup, the recipe adds, will change the taste, agreeably.

If you decide against fish sandwiches, herring is still available at many other recipes at Bay docks at low prices. Runs are expected to last a few more weeks.

Planting Brook Trout Costs Only 11 Cents

LANSING (UP) — Planting a legal-sized brook trout costs sportsmen only about 11 cents, a conservation department study shows.

Records kept at the Watersmeet State Hatchery show that it costs exactly 10.9 cents to plant one of the fish. The figure includes labor, food, transportation and other incidental expenses.

Conservation officials said it took 6.6 of the fish to weigh a pound. At that rate, the trout cost about 72 cents per pound.

Tagged Fingerling Trout to Be Planted

LANSING — State fisheries workers are preparing to release about 1,100 tagged fingerling hatchery trout in a mile-long stretch of Baldwin Creek as part of the research experiment now under way on that stream.

Earlier, fisheries workers shocked, tagged and released 1,100 fingerling wild browns in the creek.

The stretch of water is near the public fishing site south of Baldwin.

Next fishing season, anglers who fish the stream will be asked to report their catches.

Additional shocking experiments will be carried out to give additional information next year.

Coach Holds Record

Michigan State's freshman football coach, Everett (Sonny) Grandelius, set the MSC Spartan season rushing record in 1950 with a total of 1,023 yards gained on the ground.

You Be the Quarterback

(Answer)

4. Double reverse. No! Your team is a little upset. Chances for a fumble are high. If you don't fumble on this delayed play, you still may lose and your morale suffers.

3. Long pass. Not too good. An interception here would really hurt. This play may also suggest to your teammates that you are desperate.

2. Statute of Liberty. The defense might expect a long pass, so this play could have a chance. But don't start out with trick stuff here.

1. Spinner. Best call. There are 56 minutes left to play. You are rated the stronger team. If you are worried, don't let your team know it. Call a conservative play, run it well and your superiority will start to assert itself.

BULLETIN
IT'S GOOD BEER LONG BEFORE
IT'S BUDWEISER
...AND HERE'S THE DIFFERENCE!
Budweiser is good beer long before it is fully brewed and aged. But it can be better . . . much better. It can reach Budweiser perfection only by continuing on with the costliest brewing and ageing process on Earth.
So, instead of being readied for sale, this beer is moved from storage to lager cellars for much longer ageing. There it goes through a second fermentation. S-l-o-w-l-y it reaches that Budweiser mellowness and Budweiser maturity. S-l-o-w-l-y it acquires that Budweiser taste and character.
And that's the beer we *do* sell . . . Budweiser. So many people know the difference . . . will have nothing else . . . that Budweiser is the largest-selling beer on Earth.
When you know your beer
. . . IT'S BOUND TO BE BUD

Bob Considine Says:

Send Best U.S. Athletes Abroad as Ambassadors

CLEVELAND (INS) — Among the scores of letters I received today from the Ratanakosin Hotel, which (of course) is in Bangkok, Thailand, was one from INS correspondent Marvin Stone, relating the partial saga of a unique U. S. ambassador who carries a vaulting pole instead of a portfolio.

Marv tells it better:

"His name is already in the Olympic record books, on the Sullivan Trophy and the Helms Award. But as I see it, President Eisenhower ought to give Bob Richards the White House, or some such recognition.

"Bob's been doing a split week in India. He's the greatest thing that has hit Calcutta since they cleaned out the black hole. He's been traveling around places like Mysore and Bombay, Poona and Madras, pole-vaulting and — more than just incidentally — making friends in a country where America could use a few.

"One of the things I was interested in when I landed in Bombay was to gauge the real extent of anti-Americanism. I'd heard it was deep-rooted and open, and in fact it is. Actually, I was ready to give up on the place until I heard about the Richards story.

"Wasn't off the plane five minutes when the British Overseas Airways porter (incidentally, BOAC gives tremendous service), a little Indian lad, asked in halting English whether I knew Richards. Said I knew of him, but had never met the fellow . . . Why?

"Boy says 'Mr. Richards good American, teaching Indians how to win next Olympics.'

"For the next week there wasn't a newspaper in India I picked up that didn't give Richards more space than Red China. He'd been traveling around since Sept. 14 demonstrating the pole vault technique and other decathlon events to Indian athletes and to stadiums crowded with Indian fans.

"I'd say Richards, who accompanied his demonstrations with a little talk on good sportsmanship, reached 3,000,000 Indians, either personally or through the pages of papers like the Times of India, the Madras Hindu or the Calcutta Statesman.

"It's no fun touring India, East Lynne is heaven by comparison. But Rev. Richards hit the road and I guess he succeeded in selling American sports (and thus, America) to more Indians than Nehru could possibly hope to disenchant in a year's time.

"The Olympic diver, Sammy Lee, preceded Richards by a month and I understand he captivated the Indians with his diving skill. It's a shame that Uncle Sam can't dig up a few thousand dollars to send abroad other American athletes. They're a lot more effective than comic books in making friends for our side.

"Anyway, as the Hindu said, Richards's visit was 'A great day for Madras' and I sort of suspect it was a lot greater for all of us."

Mr. Stone brings up a point which has been generally ignored by the State Department since its organization. There is no reason to believe that any recognition henceforth will be made of the efficacy of sports as a soother of ruffled feelings.

But I'd bet J. F. Dulles a hat that he could do a lot worse than keep a stream of great U. S. athletes fanning through the world. Not as officials of the State Department, of course. Some of them wouldn't know how to extend a pinkie properly at the insufferable teas that waste the hours of diplomacy. I'd suggest they go in the semi-semi capacity of touring scholars or as a part of an organization akin to the Voice of America.

In fact, how about a "Muscle of America" organization? Rocky Marciano, the heavyweight champion of the world, was a poor kid around Brockton, Mass. Now he's one of the most famous and beloved Americans. Send him through Italy and communism there would be set back a dozen years. Trouble in the Belgian Congo? Send Willie Mays.

And so on down the line. Who dares say the plan would flop? Our sports champs are priceless national resources. Why keep sending a lesser material named money?

Grains Recede After Firm Start

CHICAGO, Ill. (AP) — Grains fell back after getting off to a firm start on the Board of Trade today. Some contracts dropped below the previous close.

Dealings were active at the start but subsided later. Wheat again assumed market leadership on the early advance. Profit taking appeared to be the main reason for the subsequent retreat.

Wheat near the end of the first hour was unchanged to ⅞c lower. December $2.29⅝, corn ⅛ lower to ⅛c higher. December $1.40⅛, oats unchanged to ⅜c lower. December 81⅛, rye unchanged to ¾c lower. December $1.28⅛. Soybeans ¾c lower to ¼c higher. November $2.77½ and lard 5c to 10c cents a hundred pounds lower. November $14.55.

Mart Shoots Up in Early Rush

NEW YORK, Nov. 17 (UP)—The stock market shot forward with a great rush today in early dealings.

The drive took prices up between 1 and 3 points in some instances, although most gains were fractional.

Large blocks dotted the tape initially with such force that the tape had to fall behind in reporting actual floor transactions. At one time it was as much as four minutes late.

Here are some significant blocks: Pacific Western Oil 9,000 shares up 2 at 39¼. Bethlehem Steel 2,500 off 1 at 93½. U. S. Steel 4,000 off ⅞ at 67. New York Central 3,600 up ¼ at 24. Boeing 5,000 up 1 at 63. General Electric 5,000 up ⅜ at 45⅞. Pan American World Airways 6,500 up ¼ at 16½. Radio Corp. 4,500 up ¼ at 38¾. Greyhound Corp. 11,000 up ¼ at 13. International Telephone 3,000 up ⅛ at 24⅝. Rexall Drug 7,600 up ⅛ at 7¾ and J. P. Stevens 5,000 up ⅝ at 26¾.

Goodrich, up 3¾ yesterday, fell back 3½ at 118 today after directors proposed a two for one stock split and increased the dividend. The stock has been strong in recent sessions.

Yesterday's market was strong following a dip on Monday. The rise put the Associated Press average up 90 cents at $143.80, another new 25-year high mark.

METAMORA — The November meeting of the Metamora PTA Thursday will be a family night, with a potluck dinner. There will be a Thanksgiving program.

DONALD U. BATHRICK

American Bank of Fort Lauderdale, Fla., today announced the appointment of Donald U. Bathrick as the bank's new president and chief executive officer. Mr. Thomas F. Fleming resigned due to press of business.

Mr. Bathrick is a former sales manager of the Pontiac Motor Division, a director of Street and Smith Publishing Co., New York; By-Webb, Inc., St. Louis, real estate and investments; and Motor Car of New England, Boston, Mass.

American Bank first opened its doors for business in January, 1954 and has had a phenomenal growth in fast-growing Fort Lauderdale. Present assets exceed six million dollars.

Chrysler Announces 1955 Model Prices

DETROIT (AP) — List prices for Chrysler Corp.'s 1955 line of cars were announced today and include some reductions and some advances.

In the Chrysler Imperial line there are increases of $180 and $120 described as due to the inclusion of power steering and four-way seat controls as standard equipment.

List prices on the 1955 Plymouth line, six-cylinder models, range from an increase of $14 to a reduction of $39. On models powered with a V-8 engine, introduced on 1955 models for the first time, prices are $96 higher than the same models equipped with six cylinder engines.

Factory list prices announced by the Dodge Division range from $1,838 for the Coronet two-door, six-cylinder model, to $2,521 for the custom Royal Lancer convertible with V-8 engine.

Prices for the 1955 line of DeSoto models range from $2,268 for a V-8 four-door sedan to $2,875 for a V-8 convertible.

All prices announced today are factory list and do not include such items as state and local taxes, distribution, excise and handling charge or transportation charges.

J. H. Lamb Is Named Cadillac Purchasing Head

DETROIT (AP) — General Motors Corp. announced today the appointment of J. H. Lamb, former operations manager for the Cleveland tank plant, Cadillac Motor Car Division, as manager of purchases for the Cadillac Motor Car Division in Detroit.

Lamb succeeds R. A. Vogel who has been appointed executive in charge of corporation procurement and schedules activities.

Yule Show Remodeling to Close Ford Rotunda

A huge Christmas fantasy show will be installed in the Ford Rotunda automotive display building in Dearborn during the week of Nov. 20 through 26, causing the building to be closed during the period.

The Christmas show will be opened to the public at 8:30 a.m. Saturday, Nov. 27. Nearly 500,000 visitors saw the 1953 Christmas Show.

Death Notices

BINNEY, NOVEMBER 16, 1954, Joseph H., 2454 Walnut Road, Pontiac Twp., age 58, beloved husband of Mrs. Carrie Mae Binney, dear father of Mrs. Jean Pritchett and Mrs. Henrietta Locke, dear brother of Mrs. William Hood, Mrs. Floyd Barr, Floyd Binney and Roy Binney. Mr. Binney is at the Pursley Funeral Home where arrangements will be announced later.

FORMAN, NOVEMBER 14, 1954, Mrs. Gayla Devonah, 36 Dennison St., Oxford, Michigan, age 51, beloved wife of Francis Ray Forman, dear mother of Mrs. Jewett Graves and Bruce Forman. Funeral service will be held Thursday, November 18th, at 2 p.m. at the Emmanuel Congregational Church in Oxford with Rev. Lawrence D. Graves officiating. Interment in Ridgelawn Cemetery, Oxford. Mrs. Forman will lie in state at her residence at 36 Dennison Street, Oxford, Michigan, until time of service on Thursday when she will be taken to the church. Funeral arrangements by Allen's Funeral Home, Lake Orion, Michigan.

MAY, NOVEMBER 16, 1954, ELMER P., 451 S. Telegraph Road, age 62, beloved husband of Mrs. Gertrude May, dear father of Mrs. Geneviève Drobo, dear brother of Milton May and Mrs. Rhoda Goodwin. Funeral arrangements will be announced later by the Sparks-Griffin Funeral Home. In lieu of flowers the family requests that donations be made to the Cancer Fund.

OLIVER, NOVEMBER 15, 1954, ADA Pearl, 24 N. Francis St., age 54, beloved wife of Roy Oliver, dear mother of Mrs. Roy Waltz and Orin L. King, dear daughter of Mrs. Callie Gardner, dear sister of Earl Gardner, Wayne Gardner and Ernest Gardner, Mrs. Nell Adcock and Mrs. Faye Reeves. Funeral service will be held Thursday, November 18th, at 1:30 p.m. from the Sparks-Griffin Chapel with Rev. H. T. Stanley officiating. Interment at Perry M. Park Cemetery. Arrangements by the Sparks-Griffin Funeral Home.

ZUMBRUNNEN, NOVEMBER 17, 1954, Daniel, 144 Parburn, age 83, beloved husband of Mrs. Martha Zumbrunnen, dear father of Daniel Jr., Walter, Emiel Zumbrunnen, Martha Houtz, Lydia Lynerson, Lena Neier, Ruth Hecter and Albert Zumbrunnen. Funeral service will be held Friday, November 19th, at 1 p.m. from the Brace-Smith Funeral Home. Interment at Oakland Hills Memorial Park Cemetery. Mr. Zumbrunnen is at the Brace-Smith Funeral Home.

Card of Thanks 1

WORDS CAN NEVER EXPRESS my grateful appreciation for the kindness, help and sympathy of our good friends & neighbors during the long illness and death of my beloved wife and mother of our children. To have, to hold and then to part is the greatest sorrow of my heart. She was the best wife and mother a man ever had. Clark J. Green & family.

In Memoriam 2

A BUD THAT THE GARDENER gave us —
A pure and lovely child
He gave him in our keeping
To cherish undefiled
But just as it was opening
To the glory of the day
Down came the Heavenly Gardener
And took our flower away
Father, Mr. David Cook

IN LOVING MEMORY OF FRANK R. Bradford who passed away 3 years ago today.
Not a day do we forget you
In our hearts you are always near
God alone knows how much we miss you
As this ends the third sad year
Sadly missed by his wife Mary
daughter Gladys and son Glenn

NOT A DAY DO WE FORGET you
In our hearts you are always near
God alone knows how much we miss you.
As this ends the third sad year
Sadly missed by his wife Mary
daughter Gladys and son Glenn

DON'T TRY TO PLAY SALESman—it is costly and aggravating. Too many foul balls make you lose any game. List your property with a competent broker and let him find you a qualified buyer. Don't waste your time bungling sales that your broker would have made. Just call—

PAUL JONES REAL ESTATE 832 W. Huron FE 4-3585

MAKE SENSE?

If you live in the Waterford, Drayton Clarkston or surrounding lake areas to list your property with a firm that concentrates on selling exclusively in your area? That does extensive advertising of your area? Whose sales force lives in your area? That knows the values of your area? And the financing possibilities of your area? YES, it is logical that we are the ones to do the best job selling your property. Call us today for action. We have the buyers for the Waterford, Drayton, Clarkston and surrounding lake areas.

Worried About Her Christmas Gift?

Give her the present that would please her most—a home she can call her own.

We offer you a lovely three bedroom brick home in the Waterford High School area, that we know she would be proud to own. It would indeed be a pleasure for her to prepare the family meals in the nicely arranged kitchen and serve in the bright dining area. The full basement will permit the children to play even in the severest weather and Dad can entertain in the large recreation area provided. A forced-air oil furnace and automatic gas water heater will provide comfortable living for the entire family. A ceramic tile bath and plastered walls tend to enhance the beauty of these exceptional homes. Plan to see these homes today!

CATCH UP ON YOUR READING

Good Housekeeping
Has kept this 1953 Buick V-8 four door in fine shape. Low mileage and LOTS of extras.

Reader's Digest
Any facts important to the purchase of a good used car, and this 1951 Dodge four door is the stylish car of that car.

Seventeen
Mechanics have assured us this 1954 Pontiac two door is as good as new and at a new low price.

Weird Tales
Are told by some car owners but the lucky buyer of this 1948 Buick will have something to brag about. A good car throughout.

Fortune
Will smile upon the buyer of this 1952 Plymouth Club Coupe, good tires, large heater and clean throughout.

Inter-American Center Planned

$200 Million Cultural, Trade Project Will Be Located at Miami

MIAMI BEACH, Fla. (UP)—A plan designed to expand and intensify two-way commerce within the Western Hemisphere was outlined here today with announcement of the new Center of the Americas.

The 200 million dollar operation will be privately operated, self sustaining and self-liquidating, and is scheduled to open in 1958.

An addition to the cultural and trade center would be a world fair that would be "an unexcelled subtropical garden attracting up to 15 million visitors the first year and returning, on that basis, an operating outfit of $24,421,000." the announcement said.

Ebasco Services, Inc., a consulting firm, said the project would call for an initial investment of $78,217,700.

Of this, 60 million dollars would come from a revenue bond issue to be repaid from profits. The remainder would be made up by concessionaires, exhibitors and others.

In a summary of its findings, Ebasco said some 1,800 acres just north of Miami on U.S. Highway 1 is the "ideal location." The City of Miami owns most of the land.

Harry A. McDonald, former chairman of the Reconstruction Finance Corporation, is managing director-designate of the center.

Preliminary financing has begun, the announcement said. Lehban Brothers and Van Alstyn Noel, New York investment houses, have entered into an agreement by which the final underwriting of the $60,000,000 bond isue will be consummated.

White potatoes were once believed to be poisonous.

Acted in Films After the Army

Four-Line First Role Soon Grew to Leads and a TV Contract

NEW YORK — Blond, husky Richard Webb stars as "Captain Midnight" in television's upcoming weekly series of that name.

He was born in Bloomington, Ill., attended public school in Atlanta, Ill., went on to John E. Brown College in Siloam Springs, Ark.

For a time he considered going into the ministry, but later decided on the theater.

His career route proved a bit devious, however. After leaving school, he worked on a farm, modeled for advertisements in New York for six months, was a log cutter, among other temporary jobs.

Came the war and he enlisted as a private. He was graduated from Officer Candidate School, became an instructor — courses covered high explosives, hand-to-hand combat, judo and the bayonet. He was separated after four years of service with the rank of captain, infantry.

Webb then went to Hollywood, was immediately cast in the Alan Ladd picture, "OSS." He enrolled in a little theater for six months, then made "Sands of Iwo Jima" and "The Invisible Monster." A move to New York and television followed.

Webb's rise on television was rapid. His first role consisted of four lines; three months later he was doing leads on many of the popular half-hour and hour dramatic shows.

Jack Warner saw Webb on television, placed him under contract and immediately put him to work in "I Was a Communist for the FBI."

Webb remained at Warner's for a year, played many and varied roles. Then he left, to return to New York and television.

A year and 26 TV and stage shows later, he returned to Hollywood and was cast in "The Nebraskan" at Columbia, the start of another cycle of movie and television portrayals.

Webb is expert at such diverse skills as wood carving, sculpture, fencing, flying his own plane, knife-throwing, horseback riding, outboard motor racing, deep sea and trout fishing, and collecting and polishing semi-precious stones.

College in Mississippi Uses Installment Plan

HATTIESBURG, Miss. (UP)—Mississippi Southern College students may now go through school on the installment plan.

President R. C. Cook said the system is designed to "make it easier on the parents footing the bills."

The total yearly cost of attending Southern is $437.40. Cook said parents, instead of making the entire payment this fall, may pay the tuition in six installments.

"We want to make the paying process less painful," Cook said.

Smart Dogs Do Everything but Sign Own Autographs

By HARMAN W. NICHOLS

FARMER CITY, Ill. (UP) — A lot of dogs are smarter than a lot of people I know. Particularly girl dogs.

Take "Queenie," a six-year-old Golden retriever, the kind that when you throw something they fetch it back.

I fell to chinning with Wayne (Swede) Fuller, an old friend and former neighbor of mine. He said:

"You know what?" After I said "what?" he said "Watch this." Swede went into the house and got a bunch of letters.

Then he turned to the Golden retriever mother of several and said:

"Go get your fan mail."

Queenie didn't waste a second. She legged it to the pile and came back in a nonce, her own mail in her mouth.

Swede has done a wonderful job with these blooded fetchers.

He has toured the country in the past few years making them perform at county fairs, on television and at sportsman's shows.

The beautiful puppies can do about everything but sign an autograph.

I asked Swede how he does it.

"I can't rightly tell you," he said, "except that you have to have the patience of Job. You can't make pets of them, and you can't make pets of them, and you overfeed 'em they get fat and lazy and are no good for show purposes. You try to teach the dogs something and you have to repeat and repeat and repeat."

Swede can keep his secret.

When I went to visit my former neighbor, the boss man was in the shower. I had seen his act on television out of Chicago and knew "Queenie" by name only. I said: "Which one is "Queenie" and seven dogs started to bark.

Swede Fuller uses three methods in training and showing his canines. They respond to command via whistle, hand-signals and voice.

Just to show you, he had a couple of youngsters working in his back yard another time I happened along. They were one-year-olds.

He would say "sit down." They sat. Then he would throw a rubber prop into the driveway, and they would kick up a heel. Then he would toot his whistle. Two pups would dig in. Then he would say: "Everybody go." And both of them would.

They also can be taught a routine that runs into everything from jumping over one another and walking on their hind legs to crawling on their bellies and standing on their heads.

"They are nice things to have around when you are putting on a show," Swede told me. "Last summer, my wife and I were at a fair and I forgot the routine myself. I stalled a little and the dog that was supposed to be in the next act saved my neck. It was her turn and she knew it, and came forward."

Swede is an old hunter. But he doesn't hunt with his canine lovelies.

"It would spoil them for show business. How much can you get for a dead duck or a pheasant?"

Futile Subterfuge

HARTFORD, Conn. (UP) — George A. Barber told police he was robbed of $2,800 after he had carried it on his person for two months to keep it from his wife.

FAST RELIEF FROM HEADACHE

When you suffer from pain of Headache, Neuralgia or Muscular aches you want relief and you want it fast... That's Bayer Aspirin! A tablet starts disintegrating almost the instant you take it—therefor is ready to go to work with amazing speed.

BAYER ASPIRIN

Gigantic Squid Oozes Ashore on West Coast

LONG BEACH, Calif. (AP)—One of southern California's distinguished guests today is a giant 37-pound squid 9 feet 9 inches long.

Biologists at the California Department of Fish and Game laboratory on Terminal Island, who caught the 10-armed deep-sea monster, said yesterday it is the first taken off the California coast and the fifth caught in Pacific waters since 1872.

The squid, which resembles an octopus, will be turned over to Dr. S. Stillman Berry, of Redlands, Calif., an authority on marine life.

Hubby Talks Suicide, Comes Near Homicide

CINCINNATI (AP) — Despondent because he was separated from his wife, Cecil Hamm, 24, last September threatened to jump from a bridge here. Today he is in the workhouse for chasing her with a knife.

He was sentenced to 10 days on an assault and battery charge after his wife Hattie said he dragged her outside her home here last weekend and chased her with a knife. They have been separated.

Holdup Men Surprise Burglar Alarm Tester

WALTHAM, Mass. (AP)—William Hues, 27, who works for a burglar alarm company, was in a liquor store testing the burglar alarm last night.

Three masked men, one carrying a gun, held up the place and robbed the proprietor and a clerk of about $200.

They frisked Hues but he had no money on him.

Hues ruefully told police the alarm was in good working order.

It is estimated there are about 3,500,000 acres of peat, generally used as a fuel in many parts of Great Britain.

Famous Trichologist Tells Truth About Saving and Improving Hair

This new method of home treatment for saving and growing thicker hair will be demonstrated in Pontiac, Michigan Thursday ONLY, November 18, 1954. These private demonstrations will be held at the Pontiac Hotel on Thursday ONLY, November 18, 2 p. m. till 9 p. m.

CHICAGO (Special)—In an interview here today Mr. E. V. Safranski, internationally famous trichologist and director of the Millard Hair and Scalp Specialists said "There are 18 different scalp disorders that cause most men and women to lose hair. Using common sense, a person must realize no one tonic or so called cure-all could correct all the disorders," he explained.

GUARANTEED

"The Millard firm, recognizing that most people are skeptical of claims that hair can be grown on balding heads, offer a guarantee," Safranski said.

Once a person avails himself to the Millard treatment his skepticism immediately disappears. To insure this, we offer this guarantee: "If you are not completely satisfied with your hair progress at the end of 30 days your money will be returned."

HOPELESS CASES DISCOURAGED

First, the Millard specialists are quick to tell hopeless cases that they cannot be helped. But the "hopeless" cases are few. Only if a man is completely, shiny bald is he in this lost category.

If there is fuzz, no matter how light, thin, or colorless, the Millard people can perform wonders.

Everyone is given a complete private examination to determine the condition of his scalp, and cause for his hair trouble.

FREE EXAMINATIONS

This examination is very thorough and highly technical, it requires 20 to 30 minutes. There is no charge for this examination and no appointment is necessary. After examination he is told the required length of treatment and how much it will cost.

After starting treatment, he makes regular reports to the Millard firm in Chicago, and a trichologist will return to check his progress periodically.

To spread the opportunity of normal, heathy hair to the thousands who are desperately looking for help, the Millard firm is sending specialists to various cities throughout the United States to conduct examinations and start home treatment.

NO CURE-ALL

"We have no cure-all for slick, shiny baldness," Safranski emphasizes. "If there is fuzz, the root is still capable of creating hair and we can perform what seems to be a miracle."

There is one thing Safranski wants to be certain every man and woman knows. If a recession appears at the temple or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention.

HAIR FOR LIFETIME

"If clients follow our directions during treatment, and after they finish the course, there is no reason why they will not have hair all the rest of their lives," Safranski said. "Our firm is definitely behind this treatment, it all depends on the individual client's faithful observation of a few simple rules."

HOW'S YOUR HAIR?

If it worries you call Trichologist S. Fischer at the Pontiac Hotel in Pontiac, Michigan, on Thursday ONLY, November 18, 2 p. m. to 9 p. m. The public is invited. You do not need an appointment. The examinations are private and you will not be embarrassed or obligated in any way.
