

## School Mergers, Bond Plans on Area Ballots

The future of the Dublin and North Oxford school districts — for at least the next five years — will be decided by voters in five Oakland County districts tomorrow.

A proposed reorganization plan will be on the ballot in the Dublin, North Oxford, Oxford, Walled Lake and Waterford Township districts.

Devised by the Oakland County School District Reorganization Committee, the plan calls for Dublin-Walled Lake and North Oxford-Oxford school mergers.

All the voters in the five districts will ballot as a unit on the question.

If a majority does not approve the proposal, another plan cannot be offered for five years.

### STATE STATUTE

The proposal was formulated in compliance with a 1964 state statute which abolishes school districts not having full kindergarten-through-12th-grade programs.

Some 867 children now are attending classes at Dublin School, with another 320 students from the district enrolled in ninth through 12th grade in Walled Lake schools.

There are 26 pupils in kindergarten through sixth grade at the one-room North Oxford School and about eight from the district attending Dryden schools.

Some 58 per cent of the 42,845 electors qualified to vote on the issue tomorrow are in the Waterford Township district.

### SMALL PORTION

They have been given a voice in the matter because the proposed reorganization of the Dublin and Walled Lake districts includes a small portion of White Lake Township property now in the Waterford Township School District.

As plans for the reorganization developed, Walled Lake school officials indicated they

(Continued on Page 2, Col. 2)

Three propositions will face Walled Lake School District voters at the polls tomorrow — two bonding proposals and a county school reorganization plan.

They will be asked to approve a \$9,150,000 bond issue to build and equip a senior high school, two elementary schools and to purchase future school sites.

The second proposition seeks \$550,000 to build and equip a swimming pool in the proposed high school.

Annexation of the Dublin School District plus 367 acres of the Waterford district to the Walled Lake district constitutes the third proposition.

Schools Supt. George G. Garver said approval of the two bonding proposals will increase taxes by only 1 mill or \$1 per \$1,000 of equalized valuation.

### NECESSARY LEVY

The district now levies six mills for debt retirement and to be eligible to borrow from the State Bond Loan Fund, it must levy seven mills.

Garver also explained that the increase will remain the same, even if the school building is approved and the swimming pool rejected.

The pool, he explained, was put in a separate proposal so as not to jeopardize the school buildings in case voters turned down the pool.

"We want people to know that this pool is not just for high school students," he said. "It is for all the elementary and junior high school pupils as well as the entire community."

### LOWER COSTS

Construction costs for the pool will be much lower if it is built in conjunction with the high school rather than as a later addition, he said.

Garver said that 70 per cent of the square footage in the new high school will be used for instruction whereas 60 per cent is normally considered good. The school will feature two amphitheater-type classrooms for large group instruction.

The new building is designed for a capacity of 1,500 students. By placing ninth grade students in the two senior highs, officials estimate both schools will have an enrollment of 1,475 when the new building opens in 1969.

This arrangement should also alleviate crowded conditions in the district's two junior-high schools.

### CROWDED SCHOOL

School officials are now concerned about the present high (Continued on Page A-4, Col. 4)

# Draft Eyes Men Past 26

## Recheck Could Call In 50,000

WASHINGTON (AP) — Some young men who got past their 26th birthday on draft deferments may be called to military service after all.

Selective Service confirmed last night that it is ordering preinduction physical examinations for all 26-to-35-year-olds who had deferments but are now classified 1-A or 1-A-O.

The national recheck could produce about 50,000 potential draftees — about one month's quota in terms of this month's draft call.

A man's draft liability normally ends at his 26th birthday. But if he was deferred for any reason — often to continue his schooling — he is draft-eligible until age 35.

Deferments held past age 26 have in recent years meant draft exemption, because Selective Service has not inducted from the older group.

A spokesman said last night, however, that 28,153 men in the previously deferred 26-35 bracket already have been found qualified for service.

### UNPUBLISHED MOVE

Local boards were ordered in an unpublished move two weeks ago to give physicals to the remaining 41,780 men in this category.

Under normal acceptance-rejection patterns, about half would pass the physical.

The spokesman said the completed inventory would indicate how many older men would be available if needed.

They would be placed in what is known as the fifth priority category for induction.

### MARRIED MEN

Some men in the fourth category — those married in recent years during a period of automatic deferment for married men — are now being drafted.

The categories affected by any given monthly draft call varies from local board to local board, depending on manpower availability.

Thus, one board might fill its quota from all young, single men while another board might eventually have to call a previously deferred 35-year-old.

The draft call for October is 49,200 men due to a recent boost of 10,000. The present November plan is to induct 43,700.

The Pentagon said earlier it expects a lower call in December since training of recruits does not begin during the holiday season.

During the Korean War, draft calls reached 80,000 a month.

## Temperature Due to Dip

Brief showers late today will bring cooler temperatures. Lows are expected to fall into the high 30s tonight.

Mostly cloudy and cool with higher in the 50s is tomorrow's forecast and fair and warmer is the outlook for Thursday.

Morning is 15 to 35 mile-per-hour winds, westerly, will become northerly late today, diminishing slowly tonight and tomorrow.

The low temperature in downtown Pontiac prior to 8 a.m. was 58. By 1 p.m. the mercury had moved to 60.

**SOLDIERS TRY BOATING** — Members of the 2nd Battalion, 173rd U.S. Airborne Brigade, board an inflated rubber boat complete with outboard motor on the Swift Song Be River in South-Viet

Nam's D Zone. The paratroopers are part of Operation Sioux City which began last week. Troops moved in by boat to an area too dense with jungle for copter landings.

## Avon Likely to End Sewer Plan Holdout

AVON TOWNSHIP — The proposed Clinton-Oakland Sewer Interceptor, estimated at the combined principal and interest cost of \$28,627,500, moved another step closer to reality yesterday.

In a special meeting of the Avon Township Board yesterday afternoon, R. J. Alexander, County Department of Public Works director, promised to cut Avon's share of payment in the interceptor from 26.1 to about 23.4 per cent.

Alexander received a verbal commitment from Township Supervisor Cyril Miller that he was willing to go along with such a proposition.

Avon has been the only holdout of six townships involved in the county sewer plan.

The board passed a resolution instructing township engineers and attorneys to meet with Rochester and Oakland counterparts to work out details regarding the proposed Avon-Rochester Utilities Authority and financing in light of the county-wide plan.

The village of Rochester which recently voted to incorporate, can, if plans move quickly enough, still be made to bear a portion of Avon Township's cost, according to DPW officials and financial consultants.

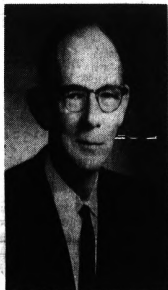

### RATIFIED CHARTER

Only if the village has a ratified charter could it hope to stay out of the overall plan, according to William Hettiger, financial consultant with Stratton Assoc.

Last week, Avon Township ratified its participation in an Avon-Rochester Utilities Authority, the prime concern of which would be the construction of a \$300,000 Paint Creek Arm sewer draining into the village sewage disposal plant.

The village failed to ratify it at its last council meeting and the matter was tabled and due to be brought up at next Monday night's meeting.

Under the countywide plan, (Continued on Page A-4, Col. 1)

JESS FOSTER

## Scout Exec to Speak at UF Function

The commercial division of the Pontiac Area United Fund will kick off for a \$259,501 goal tomorrow at a noon luncheon.

Some 250 commercial solicitors will hear Jess Foster, Battle Creek Boy Scout executive, following the luncheon at the Elks Temple, 114 Orchard Lake.

Foster has been in professional scouting 28 years.

He is a former rural school teacher and was once principal of a high school in Lake Bronson, Minn.

He has been active in Kiwanis since 1946.

### THE SPONSORS

Charles Woodhead, commercial division chairman, will be master of ceremonies at the luncheon sponsored by J. L. Hudson Co., Pontiac Mall and Michigan Bell Telephone Co.

Team chairman appointed by Woodhead are John Napley, chapter plans; Harold Davis, small teams; Joseph Warren, government; Mitchell Tendler, education, and Al Little, professional.

This year's total UF goal of \$1,043,000 will help operate 54 agencies.

Participating will be fire de-

A kitchen, a car and a boat are scheduled to be set afire tomorrow night with a propane gas blaze thrown in for good measure at the second annual festival of the Pontiac area fire fighters.

The incendiaries, set for Wisner Stadium at 7 p.m., will mark local observance of National Fire Prevention Week, which began yesterday and extends through Friday.

Participating will be fire de-

partments from Pontiac, Pontiac Township and Waterford Township, with a generous "glush" of preventive equipment from Pontiac Motor Division, GMC Truck & Coach Division, the Oakland County Road Commission, and the Phillips Petroleum Co.

At the reins of the festivities will be Capt. Albert Rayner of the Pontiac Fire Department.

Rayner has scheduled a

## Peking Bars Soviet Planes

Off-Limits Decision  
Blocks Airlift to Viet

LONDON (UPI) — Peking has barred Soviet aircraft from flying over Communist Chinese territory, thus blocking an airlift of Red aid to North Viet Nam, Iron Curtain sources said today.

The move was said to stem from Peking's refusal to cooperate with Russia and its East European allies in a coordinated aid program to Hanoi.

Growing Red Chinese hostility toward Russia, moreover, has led to the elimination of all cooperation with the Russians who are now also suspect of spying, the sources said.

Chinese technical troops in North Viet Nam are under orders to keep away from Russian technicians and advisers there.

### A VIRTUAL BLOCK

The sources said this has virtually blocked any idea for the time being of the use of Russian volunteer fighters in North Viet Nam.

series of fire prevention demonstrations by the county road commission and Sheriff's Department; an exhibition of chemical "warfare" against flames by the Pontiac Fire Department; and a "quickie" put-out of a gas fire by the Phillips firm.

### TUG-OF-WAR

In addition, spectators will see a tug-of-war between "East" and "West," with firemen from

either side of the county battling each other.

Fire Prevention week is also being observed in a special exhibit at the Pontiac Mall this week.

The Waterford Township Fire Department is playing pictures of fires, showing causes and damages; use of rescuers and extinguishers; and question-and-answer sessions with firemen.

AP Wirephoto

**DIES IN N.Y.** — Sherman Billingsley, owner of the famed Stork Club in New York, died today in his apartment. He was 68. Billingsley entertained a generation of cafe society in his nightclub, which is now closed.

## Judge Rejects New Trial in Stern Case

Oakland County Circuit Judge Frederick C. Ziem refused to grant a new trial this morning for 20 men convicted more than a year ago in the Madison Heights Stern Assembly Club gambling case.

Ziem had taken the motion for the new trial under advisement after hearing arguments for two days last week.

Defense attorney Carlton Rosser of Pontiac is expected to contest the ruling in the Michigan Court of Appeals.

Rosser argued a total of eight hours last Wednesday and Thursday, citing 30 reasons why his clients should receive a new trial.

The 20 men were among 49 persons arrested Oct. 11, 1963, when Michigan State Police raided the private club. Charges against the others have been dismissed.

### PRISON SENTENCES

Sixteen of the 20 received prison sentences following their three-week trial in Manistee. All are free on bond pending their final appeal.

## Divorce Clears Way

## Army Life Without Wife

DECATUR, Ala. (UPI) — Army regulations were explicit. Lay preacher-farmer Franklin Delano Beggs either would have to give up his dream of becoming a soldier or give up his beautiful, "Liz Taylor-looking" wife.

Army recruiter Sgt. Jim Silvers had seen a lot of Beggs, 26, during the past three years, but he knew when Beggs walked into his office that October morning that he was the step of conviction.

"I divorced my wife, now can I enlist?" Beggs announced.

"We enlisted him because he's the kind of young man who knows what he wants out of life and had the courage to do something about it," Silvers said.

The recruiter said Beggs had been a member of the National Guard and Army Reserve for six years and had tried for three years to join the regular Army and go to Viet Nam.

### GETS REPLY

His application got lost in Army paperwork, but finally, in October 1965, he got an answer. It carried a hitch. Beggs' wife, Linda, and small son constituted one too many dependents for enlistment.

That's what Beggs, who used to preach at the Walnut Grove Baptist Church on Sundays while farming during the week, decided to give up his wife — temporarily.

Beggs won honors in basic training and graduated three months ago in the upper half of his class at Ft. Benning, Ga., helicopter pilot training school.

He remarried his ex-wife after graduation and the couple now has another son.

Viet Nam?

The Army said Warrant Officer Beggs would leave Ft. Dix, N.J., today for a 13-month tour of duty in the Southeast Asia battleground.

# Judge Denies Injunction; Carpenters Still on Strike

Carpenters in Oakland and four other counties in southeastern Michigan remained off their jobs today after a federal judge refused to force them back to work.

More than 16,000 carpenters in the Detroit Metropolitan area went on strike yesterday in a dispute over a health insurance plan.

## Big 3 Hikes

## Cost of Some Auto Options

DETROIT (AP) — General Motors, Ford and Chrysler said yesterday they have raised prices on some of the optional equipment for the new 1967 cars.

Ford said its automatic transmissions are up \$12 for the 6-cylinder and 8-cylinder cars but that its prices on power brakes, power steering and radios are unchanged from the 1966 model prices.

General Motors said its prices are unchanged on all major options including power brakes, power steering and automatic transmissions and that it is holding the line "for the most part" on other optional items.

Some options have been increased, a GM spokesman said without giving examples.

Chrysler cited various increases for optional equipment. Automatic transmissions and power steering and power brakes are generally the most often acquired options.

# Swindle Charge Dropped

A Detroit man accused by Pontiac police of attempting to bilk a man in a money-swindle scheme was released yesterday after the Oakland County Prosecutor's office declined to issue an order for a warrant.

Homer Rogers, 38, was freed, police said, on a ruling that the 25-year-old complainant in the case had not actually given Rogers money.

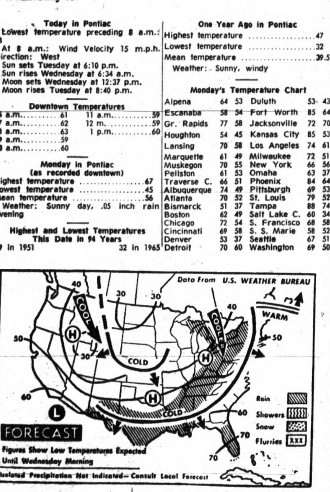

Rogers was apprehended on a downtown street Saturday after James McMorris pointed Rogers out to police as one of two men who allegedly attempted to swindle McMorris.

Rogers and a second man, McMorris said, asked him to put up cash as security in return for sharing in a "large sum of money."

McMorris' complaint followed by one day the loss of \$85 by a Pontiac man who said he gave two men the money in return for a handkerchief which turned out to be tied around a folded wad of paper.

# The Weather

Full U.S. Weather Bureau Report  
PONTIAC and VICINITY — Mostly cloudy, windy and turning cooler today and tonight with a chance of brief showers. Temperatures this morning near 60 to the mid 60s falling by this afternoon. Low tonight 36 to 40. Wednesday mostly cloudy and cooler. Highs in the 50s. Winds southwest to west 15 to 35 miles becoming west to northwest this afternoon, diminishing slowly during tonight and Wednesday. Thursday's outlook: Fair, slightly warmer in the afternoon. Precipitation probabilities in per cent: today 20, tonight 20, Wednesday 10.

NATIONAL WEATHER — Showers are forecast tonight for the Gulf States northward into the Lakes region and mid-Atlantic states. Showers are possible in the southern Rockies and Plains. It will be cool in the Rockies and central states.

NEW 990—This 990 and the top-of-the-line DPL were introduced for 1967 today by American Motors Corp. A V-profile grille, vertical headlights and extruded side-window frames are cited by company engineers as a "new product position." Ambassador goes on sale Thursday.

# New Ambassador in a Stylish Debut

A 1967 Ambassador model embodying "an entirely new product position" was introduced today by American Motors Corp.

The new Ambassador, including the DPL and 990, is scheduled to go on sale Thursday at the following Pontiac area dealers:

Rose Rambler, 8145 Commerce Township; Russ Johnson, 8145 Commerce Township.

# Chrysler Plant Layoffs Begin

## Strike Is Cause; Ford, GM Have Walkouts

DETROIT (AP) — Five days after introducing its new cars, Chrysler Corp. today took action to lay off more than 10,000 workers across the country by Thursday because of a stamping plant strike.

The nation's third largest auto firm said it may idle virtually all its hourly rated labor force of 110,000 by the end of next week if a United Auto Workers strike is not ended at Chrysler's biggest stamping plant, in Twinsburg, Ohio.

Meanwhile, 4,850 UAW workers struck the main assembly plant of Ford Motor Co. of Canada at Oakville, Ont., Monday and 400 union members walked out of a General Motors Corp. plant at Livonia, Mich.

Chrysler began plant shutdowns Monday by laying off 8,100 workers at its Hamtramck assembly plant in suburban Detroit.

Lynn A. Townsend, Chrysler president, said 14,300 workers would be laid off at the end of their shift today in two assembly plants at Detroit and one at Newark, N.J.

Another 15,900 will be laid off at the close of shifts Wednesday in assembly plants at Belvidere, Ill.; St. Louis, Mo., and Windsor, Ont., the firm said. An additional 1,800 are slated for layoffs at the Los Angeles assembly plant at an undetermined time.

The shutdowns put a big crimp in Chrysler's production of 1967 models, and Townsend said the Twinsburg walkout will benefit General Motors and Ford.

The firm reported its sales in the last 10 days of September, including two days with 1967 models, were 16 per cent higher than in the same period of 1965.

# Library Role on City Agenda

An administration recommendation of the future role of Pontiac in the North Oakland Library Contract System (NOLCS) heads tonight's City Commission agenda.

Operation of the system whereby area communities join together to provide library service has been under study for several months.

Since Pontiac with its library is the foundation for NOLCS, the city's withdrawal could mean the end of the eight-year-old system.

In other business, the commission is to receive a report on the procedures to be followed to obtain federal funds for housing code compliance projects.

Planning and Urban Renewal Director James L. Bates is to make the report.

Also, the commission is given further consideration to proposed commercial rezoning for a nearly 7-acre parcel at Woodward and the projected East Boulevard extension.

flowing lines and a modified fast-back design.

VERTICAL GRILLE

Flank the ribbed horizontal grille. A round "gunshot" hood ornament features the Ambassador crest.

Top-of-the-line DPL models have full-length dual pin stripes on the crown of the body line. A lower body molding with lower panel in satin chrome paint is also available.

The Ambassador's roof panel flows downward to the rear deck, which has a modified "V" design. A ribbed trim panel extends the full width of the car, blending into the divided taillights which are designed to provide side visibility.

The Ambassador DPL convertible features a new top mechanism which folds flush with the body line. The entire unit folds behind the rear seat instead of part of it going into side housings, so that the convertible becomes a full six-passenger automobile.

LARGER CAPACITY

Station wagons, with much larger capacity than before have a step-down design, which has been a keynote of American's wagons, plus a chrome roof luggage carrier.

Wagons have a new fold-down mechanism for the second seat, which extends the cargo area to the back of the front seat. Three-seat wagons now carry a covered spare tire, instead of having four double-chamber tires as in the past.

The sidehinged rear door, instead of a tail gate, continues as standard on three seat models. The hidden storage compartment has been enlarged.

# Big Three Set Output Record

## September Car Total Is Largest in History

DETROIT (AP) — Three U.S. auto companies built more cars last month than in any previous September in history as they hurried to get a full supply of 1967 models to the market place.

General Motors, Ford and Chrysler set their September production records in the same month as their highest American Motors' showing was its strongest September since 1964.

Preliminary production reports from the four companies set September output in U.S. plants at 646,843 cars, far ahead of the 491,546 built in September last year.

The healthy production record came as cheering news to the auto industry whose 1967 line either has been or is about to be introduced in dealer showrooms.

October production schedules called for about 876,000 cars as the buildup of 1967's continued to pick up momentum.

The September and nine months production reports by companies showed:

|              | September | 1966      | 1965      |
|--------------|-----------|-----------|-----------|
| GM           | 312,236   | 236,022   | 232,230   |
| AMC          | 23,230    | 20,642    | 18,061    |
| Ford         | 184,061   | 177,121   | 127,286   |
| Chrysler     | 127,286   | 124,782   | 646,843   |
| U.S. Tot.    | 646,843   | 491,546   | 468,399   |
| Jan. 1-Sept. | 5,967,300 | 5,194,181 | 5,355,156 |
| GM           | 1,985,919 | 1,825,008 | 1,754,238 |
| AMC          | 1,754,238 | 1,643,398 | 1,582,402 |
| Ford         | 1,643,398 | 1,582,402 | 1,458,919 |
| Chrysler     | 1,458,919 | 1,458,919 | 1,458,919 |
| U.S. Tot.    | 6,794,664 | 6,194,664 | 6,194,664 |

## Birmingham Area News

# Ring Road Plans Due Study

BIRMINGHAM — An in-depth study was approved by the City Commission last night of the various proposals for the east leg of the ring road.

The decision was made after the commission received a report from the city's traffic consultants, Reid and Cool, recommending the study.

The report outlined a number of objections voiced at a recent meeting by members of the Birmingham-Bloomfield Chamber of Commerce Auto Traffic and Safety Committee over the use of Hunter Boulevard as the east leg.

The committee wants the city to abandon its plan to use Hunter, and to consider, among other proposals, the utilization of Brownell-Park as the east leg.

In addition, the chamber favors traffic moving two-ways on the route around the downtown district, rather than one-way, counter-clockwise, as adopted earlier by the commission.

## ERASE ENTRANCES

Merchants claim that the use of Hunter, under the plan submitted by the Michigan State

Highway Department, would stimulate vital entrances to the business community and make access to the central business district inconvenient and difficult.

The traffic consultants say this is not true.

Reid and Cool also oppose two-way traffic on the ring road, saying that to be effective it must be an attractive route which will induce significant traffic to leave Maple Road.

Until the project is completed, however, the ring road must operate as a two-way system, they said.

WRIGHT C. COTTON

ENOCH ELEY

# Comptroller for Pontiac Motor Is Promoted; Successor Named

Wright C. Cotton, Pontiac Motor Division comptroller, has been named assistant comptroller of General Motors Corp.

Enoch Eley succeeds Cotton as divisional comptroller, according to John Z. Deloraine, General Motors Corp. vice president and division general manager.

Both appointments are effective immediately.

Cotton, 32, Martell, Bloomfield Hills, has been divisional comptroller at Pontiac Motor Division since 1964.

He joined General Motors Corp. in 1935 and served in various accounting positions before being appointed comptroller of that division in 1962.

Eley, 47, Highmore, Bloomfield Township, has been comptroller at Detroit Diesel Engine Division since 1963.

As comptroller at Pontiac, Eley returns to the division in which he previously served for 31 years.

# GE, Unions to Meet at Pentagon

WASHINGTON (AP) — Negotiators for General Electric Corp. and its strike-threatening unions met today with government and military officials striving to end a contract dispute that could affect the U.S. war effort in Viet Nam.

Secretary of Defense Robert S. McNamara, the Joint Chiefs of Staff and the service secretaries are to brief company and union officials on what Secretary of Labor W. Willard Wirtz calls "the vital importance of continuing production at GE to the national defense."

Wirtz called the afternoon meeting a procedural session and said negotiations to end the threat of a nationwide strike against the huge defense producer will resume immediately after the talks — perhaps at the Pentagon.

GE manufactures aircraft and helicopter engines and other military items.

## AGREE TO REQUEST

The AFL-CIO International Union of Electrical Workers and 10 associated unions agreed Sunday to a request by President Johnson to postpone the strike for two weeks.

Some 20,000 of GE's 120,000 union employees walked off the job at four plants after their contracts expired at 12:01 a.m. Monday. Local union leaders said the strikes involved local issues and thus were not affected by national negotiations.

He joined General Motors Corp. in 1927 with Pontiac's predecessor, the Oakland Motor Car Co.

Eley was transferred to the Buick-Oldsmobile-Pontiac Sales Co. in 1934 in 1932.

He returned to Pontiac Motor Division in 1934 and held various financial posts in the division until 1960, when he was named comptroller of the Diesel Equipment Division in Grand Rapids.

# Powell Again Found Guilty

NEW YORK (AP) — Rep. Adam Clayton Powell, D-N.Y., has been found guilty of civil contempt for a second time in a defamation of character suit against him.

State Supreme Court Justice Harry B. Frank, in his decision Monday, said that if Powell appeared before him Friday, he could avoid a second civil arrest warrant being issued against him.

Early in 1964, the Harlem Negro congressman was found guilty of civil contempt for not paying a \$33,000 judgment against him by Esther James, a Negro charwoman whom he called, on a television program, a "bag woman" — a collector of graft for corrupt police.

After failing to collect that sum, Mrs. James filed another suit charging that Powell had transferred ownership of his Puerto Rican home to avoid payment. That judgment stands at about \$151,000, including interest.

Also slated for board attention tomorrow will be the use of mail added levy proposed by the county to pay \$236,500 to the County Building Authority on the new courthouse wing and \$54,530 on drain assessments.

# Injunction Issued

# Teacher Curb Denied

A request for a court order preventing a special education instructor from teaching a retarded child she is accused of whipping was denied yesterday by Oakland County Circuit Judge Clark J. Adams.

Adams did, however, grant an injunction restraining the Pontiac teacher, Mrs. Deliah Matthews, from assaulting or molesting the youngster, Michael G. Schneider, 10, a pupil at LeBaron School.

The boy's father, Oscar Schneider, 619 Second, sought the order prohibiting Mrs. Matthews from conducting class for his son.

He is asking \$5,000 damages as a result of the alleged whippings which he contends occurred on two occasions last April.

In his suit filed Sept. 20, Adams said he is seeking \$20,000 in damages.

BLOOMFIELD TOWNSHIP — The proposed rezoning of land at the corner of Adams and Big Beaver roads to allow construction of a shopping center was tabled by the Township Board last night for further study.

Strong opposition to the proposal was expressed by several of the 250 persons attending the three-hour public hearing on the matter.

They said they feel the property is adequately zoned as it is and that there is no need for a commercial development in the area.

C. Allen Harlan and the Cranbrook Realty Co., owners of the land, have requested a rezoning from multiple housing to commercial to allow for construction of a \$15 million neighborhood shopping center.

The center is planned to include a bank, a supermarket, a drug store and parking space for 425 cars.

## PETITION

There has also been a petition filed with the Oakland County clerk containing signatures of township and Birmingham residents requesting annexation of the parcel to Birmingham.

The eight-acre plot is bounded on the east by Adams, on the north by Big Beaver and diagonally on the south and west by the Grand Trunk Railroad tracks.

# County Action on '67 Budget Set Tomorrow

The Oakland County Board of Supervisors will act tomorrow on a proposed \$18.8-million county budget for 1967 that provides an average 8.5-per cent pay hike for employees.

Besides a projected salaries expenditure of \$8,530,380, the new budget calls for \$6,321,526 for departmental operations and \$3,762,023 for nondepartmental operations.

A \$386,865 budget deficit as of Jan. 1, 1966 is included as an expense in the proposed budget and \$150,000 in personnel turnover adjustments is entered as a credit in the budget total.

County receipts of \$4,341,845 for services and tax revenue of \$14,520,962 will bring a total income of \$18,862,807 to balance the budget.

The tax revenue is based on a 5.4-mill tax levy on the county's state equalized valuation of \$2,899,070.738.

Also slated for board attention tomorrow will be the use of mail added levy proposed by the county to pay \$236,500 to the County Building Authority on the new courthouse wing and \$54,530 on drain assessments.

# Teacher Curb Denied

against the teacher and the Pontiac Board of Education, Schneider claims Mrs. Matthews struck the boy about the body with a pussy willow stick.

## BOARD NAMED

Schneider named the school board codefendant for allegedly failing to take action against Mrs. Matthews when he reported the incidents.

Mrs. Matthews, 39, of Detroit, has been a teacher in the Pontiac School District for 10 years.

Judge Adams said it was the responsibility of the school board, and not his, in deciding if Mrs. Matthews should be prohibited from teaching the class.

No hearing date on the damages suit is scheduled.

**AWAITING VOTER APPROVAL.**—Tentative plans call for a new high school which will look similar to architect's rendition of Walled Lake School District voters approve a \$9.15 bond issue tomorrow. Designed by the Warren Holmes Co. of Lansing, the proposed building contains 228,000

square feet, 70 per cent of which is devoted to instructional space. On the right is a gymnasium, auditorium, cafeteria and pool, which must be approved in a separate \$500,000 bond issue. Two elementary schools and land purchases are included in the larger bond issue.

## Avon Is Expected to End Sewer Interceptor Holdout

(Continued From Page One)

the DPW would construct the Paint Creek Arm, using 54-inch pipe in place of the 24-inch pipe which the utility planned to install.

**INVESTMENT RETURN**  
Alexander said the project could be done for \$100,000 less than the local municipalities and that they could, by going along with the DPW, get 90 per cent of the investment returned as a comm. fee's farther north hooked onto the arm.

DPW officials and financial consultants said the authority still might be used for the construction of laterals.

Village Manager William Sinclair, when contacted by The Press this morning, said raffi-

## Two-Car Accident Hospitalizes Five

**ELBA TOWNSHIP**—Five persons are in satisfactory condition at Lapeer County General Hospital today following a two-car accident last night on M21 two miles west of Lapeer.

Injured in the accident which occurred at 11:45 p.m. were Donald Nesbitt, 28, and Sue Nesbitt, 23, both of Chicago, in one car.

Injured occupants of the second car were Flossie J. Brown, 35, of 787 S. Saginaw, Lapeer; Arian Brown, 42, of the same address; Beatrice Groth, 40, of Cas City; and William McCool, 37, of Kingston.

Arian Brown was treated and released.

## For Novi Manager

## Sewer Funding Study Ordered

**NOVI**—Village Manager Harold Ackley was directed by the Village Council last night to look into methods of special assessments on a joint sewer project with the city of Walled Lake.

Ackley said it will be up to him to decide whether to finance the project through special assessments as set up in the charter or to use Public Acts 185 setting up a special assessment district through the Oakland County Department of Public Works.

The charter limits the special assessment to 15 years, he said, while the DPW allows 30 years.

He explained that the charter could provide for 30 years if it were amended through a vote of the people which would take time.

**NOT DECIDED**

It will also have to be decided, he said, whether to special assess the laterals and all trunks or just the laterals and let the county DPW put in the trunks.

Ackley is to report his findings on Oct. 17.

The two communities are considering a joint sewage treatment plant, a trunk line sewer and an internal sanitary sewer system to serve the residents of Walled Lake and those residents of the northern portion of Novi around the lake.

Of the \$4.4-million total cost, Walled Lake would pay \$3,154,448 and Novi \$1,245,552.

cation of the authority would now do the village no good.

★ ★ ★  
"We have our laterals all constructed," he said. "It's the township which must build laterals."

**REASONS CITED**  
Alexander made a point of speeding the contractual agreement for three reasons: one, that Rochester could then be involved to the tune of a \$3 million savings for the township in the early years; two, that if the project does get moving quickly enough there is some chance that the city of Pontiac and Orchard Lake Village may come in, thereby spreading the costs thinner over the involved areas; and three, once contracts are signed, there is greater hope of receiving federal aid.

Discussion preceding the verbal agreement leaned toward the need for future planning and such a sewer, but township officials were worried about paying for it in the early years before usage rises to the point of making it a self-paying proposition.

The figure, 3.5 mills spread over the township, was discussed by Charles Moon, bonding attorney; that figure being reduced to a possible 2.5 mills if the village of Rochester is brought into the plan.

★ ★ ★  
Moon said such a tax was light compared to what other communities are planning and that it should be necessary for only the first two or three years.

**FUTURE USAGE**

The plan offers Rochester future usage of the interceptor once its own sewage disposal plant is loaded. It would also mean that the village would stand to get more volume for its

sewage plant with the DPW constructed 54-inch sewer, DPW officials were quick to point out.

Alexander said once Avon signs the contract for the Clinton-Oakland Interceptor, work could begin immediately on the Paint Creek Arm in order to have it ready for the opening of Crittenton Hospital sometime next spring.

Alexander said he would spread the 2.3 per cent promised to alleviate Avon's financial burden among the other five townships of Pontiac, Orion, West Bloomfield, Independence and Waterford.

★ ★ ★

He said that reduction would be made in deference to the exclusion of Rochester from the plan and that it would remain whether or not Rochester is eventually brought in.

The point was also made that should Rochester incorporate and should it choose to annex portions of the township in later years, those portions would bring their liabilities with them in regard to the DPW sewer interceptor.

★ ★ ★

**School Board OKs 2 Rules**

Two new regulations in regard to new regulations in regard to the Avondale Board of Education at a special meeting last night.

In an over-all safety program, the board moved to require that each employee be required to have a tuberculosis X ray at the time of hiring and to take one every two years thereafter.

A new policy of hiring teacher aids for teachers who have extremely large classes was initiated by the board.

A salary of \$2 an hour was voted. The board decided to look for women having 60 hours college credit.

★ ★ ★

In other business, Mrs. Karen Adams was employed as a secondary manual arts department head.

(Advertisement)

**Can You Qualify in Pontiac?**

It could mean a \$50,000 income in your own business with one of America's most sought after franchises.

A marketing study just completed shows Pontiac not only is ready, but long overdue, for an AAMCO Transmission Center. Current registration shows 307,786 cars already in the county, with an estimated 58 million dollars going for parts and repairs. Since most cars over two years old need some transmission work, an AAMCO center in Pontiac could possibly show annual earnings exceeding \$50,000. We are now seeking the one man in Pontiac to profit from this growing billion dollar market. No previous automotive experience is necessary.

The man who qualifies for the AAMCO transmission center will be completely trained in a four week intensive program. He'll learn every phase of the transmission business, including proven management and merchandising techniques. AAMCO pre-plans every center from layout and design to total marketing and sales. And backs each franchise with a year round advertising and promotion program featuring nationally known celebrities. If you're ready to step up and be your own boss in Pontiac... if you're ready to make it big in a ready made market... if you can invest about \$17,500... if you'll attend our training program... AAMCO will put you in business, and show you the way to a rich and rewarding future. Call, write or wire now.

## Walled Lake Has 3 Issues

(Continued From Page One)

School building for next year. Garver said it was designed to hold 1,300 pupils and it currently accommodates more than 1,800.

Enrollment predictions indicate this figure will reach almost 2,300 before the new school can be ready in 1969.

The new building is to be located on New Road between Maple and Pontiac Trail.

★ ★ ★  
The enrollment pressure is also being felt in the district's elementary schools. A new elementary school will be needed by 1968 and a second one by 1970.

**FUTURE SITES**

Officials also feel it is necessary to acquire land for future sites now while prices are still reasonable.

Garver said Walled Lake's total tax levy of 26.20 mills places the district 22nd out of 29 Oakland County school districts in terms of total millage.

He said that approval of the bond issues will only move the district up to 21st.

Only property owners may vote on the bond issues, but all registered voters are eligible to vote on the reorganization plan.

## Benefit Sale Stated by St. Mary's Guild

**LAKE ORION**—St. Mary's Guild of St. Mary's-in-the-Hills Episcopal Church will conduct its annual benefit sale Friday and Saturday in the undercroft, 2512 Joslyn.

Hours of the sale are from 10 a.m. to 7 p.m. Friday and 9:30 a.m. to noon Saturday. William Barcome and Mrs. Arthur Heckman are cochairmen of the sale.

## Speaker Listed

**LAKE ORION**—A representative of the Oakland County Service Center will address members of the Lutheran Church Women, King of Kings Church, at 7:30 p.m. tomorrow.

# Utica School Vote Expected on \$15.5-Million Bond Issue

## News of the Area

**UTICA**—A \$15.5-million bond issue for construction of new schools and an additional 6 mills to operate them will probably be asked of voters in the Utica School District next Dec. 10.

Though not yet adopted by the board of education, the plan for coping with the area's fast growing population was presented to a cross-section of 150 of the district's taxpayers at a special meeting last night at Shelby Junior High School.

Schools Supt. Philip E. Runkel reports that reaction to last night's presentation was 95 per cent favorable, and that the board will undoubtedly adopt the building program at its meeting Monday night.

Facts brought out by Utica's citizens' committee for schools were that in 1969, Utica would be short 112 elementary classrooms, 64 junior high rooms, and 25 senior high rooms.

This, they pointed out, is after all facilities now in the process of construction, including four elementary schools and the Adlai Stevenson High School, are in use.

**INCLUDED IN TOTAL**

The bonding total, highest ever in the district, includes \$6.7 million for six new elementary schools; \$6.1 million for two new junior high schools; \$800,000 for a swimming pool at the new Adlai Stevenson High School; and \$1 million for a future site fund which officials believe will effect a savings over the years.

Another \$900,000 is earmarked for research centers in

those elementary schools which do not now have them, storage facilities, an updating of such items as the science laboratories in the old high school, and remodeling of other facilities.

Though the total far exceeds the 1964 bond issue of \$8.4 million, Runkel says cost of the building program will be negligible to the taxpayer due to the state's ruling that school districts do not have to levy over 7 mills for debt payment.

★ ★ ★  
Since Utica now levies 6.68 mills, the net cost to taxpayers will be .32 mill. The state, according to Runkel, loans at no interest and in the belief that

as the area grows, income will rise to meet obligations.

**STAFF EXPENSES**

Where taxpayers are apt to feel the rub, according to Runkel, is in the six mills needed for operational expenses to staff and maintain the new buildings proposed.

Runkel says his department has figured that bonds and millage together would cost an owner of a \$10,000 market value house \$2.62 a month; a \$15,000 home, \$5.25 a month; a \$25,000 home, \$6.56 a month; and a \$30,000 home, \$7.87 a month.

Since the majority of homes in the Utica district sell for about \$20,000 Runkel feels the average householder will pay an additional \$5.25 a month to support the program should it pass.

## Draft Tests

Nov. 18-19 at State Centers

**LANSING (UPI)**—College student military deferment tests will be given Nov. 18-19 at 16 centers in Michigan, the Selective Service said yesterday.

Col. Arthur Holmes, state Selective Service director, said students, who have not previously taken the test, are eligible for the three-hour examination.

Applications to take the test must be postmarked no later than Oct. 21, Holmes said.

Test scores may be used as a means of determining draft deferments for college students.

★ ★ ★

The 16 test centers will be on college campuses at Ann Arbor, Berrien Springs, Dearborn, Detroit, East Lansing, Escanaba, Flint, Grand Rapids, Houghton, Ironwood, Kalamazoo, Marquette, Rochester, Saginaw, Sault Ste. Marie and Traverse City.

More than 30,000 students took the tests last spring with nearly 90 per cent of them achieving a passing score.

## In Clarenceville District

# Voters OK 5-Mill School Levy Renewal

**FARMINGTON TOWNSHIP**—22.90 mills or \$23.90 per \$1,000 of state equalized valuation.

The district also levies 9.85 mills for debt retirement.

★ ★ ★

**Students Can Meet Officials**

College-bound students and their parents from Northville, Farmington, North Farmington and Walled Lake high schools will have an opportunity to meet with college representatives to night at Northville.

The evening will consist of separate meetings with representatives of specific colleges and universities and of panel discussions on general college matters.

The event will be held from 7 to 10 p.m.

bringing the total tax to \$25.95 per \$1,000 of equalized valuation.

Had the millage been turned down, McDowell said, it would have been necessary to hold another vote.

★ ★ ★

**SECOND VOTE**

Yesterday's vote was the second on a millage renewal this year. In January, voters approved renewal of a seven-mill levy for 10 years.

Money from the five mills will be used for operating expenses, including salaries of both teaching and non-teaching employees and maintenance of school buildings.

# This Is All I'd Have to Wear . . . If No One Ever Rang the Doorbell

But they do . . . dozens of times a day. So I just wear light, summery house dresses all Winter long at home. That's all you need even in the coldest weather when you have Smith's Complete Heating Oil Service.

They give you Automatic "Keep-Full" Service and the very best Burner Service. You never have to wonder or worry. It's all done for you.

All their deliveries are accurately metered so that you always know that you're getting full value.

Then, they have a "Painless-pay" Plan that keeps your monthly payments smaller.

But, what I enjoy most is their Insurance Plan that pays all your fuel oil bills in case of sickness or accident.

Isn't that the most wonderful way to keep the whole family toasty warm all Winter? We think so. So why don't you call . . .

**YOUR MODERN OIL HEAT DISTRIBUTOR**

(The man who supplies the surest, safest, savinest fuel of all!)

## Federation Slates District Meeting

More than 300 members and state officers of District I, Federated Garden Clubs of Michigan, Inc., are expected to attend the annual meeting, Wednesday, in the Red Run Golf Club, Royal Oak.

Hostesses will be the Lone Pine Garden Club of Bloomfield

Hills, one of four in the Pontiac area, which are among the 53 garden clubs in District I.

Dr. F. R. Nicholas Carter of South Bend, Ind. will show slides of his home, "Normandy Close," a typical Normandy estate in its walled enclosure.

It took him over 30 years to build the house, a show-place of the midwest.

His talk is titled "A Garden Is As You See It."

Mrs. Robert C. Palmer, district director, will preside, and Mrs. John Willingham, president of the Lone Pine Garden Club will welcome the assembly.

Among area exhibitors of interpretive arrangements titled "Lines that Bind" will be Mrs. Robert McLeod, Lone Pine Garden Club chairman, Mrs. Charles Pollock, Orchard Lake Flower and Garden Club; Mrs. Derral Mould and Mrs. John Musto, Beverly Hills Garden Club; Mrs. Joseph Craig, Botsford Garden Club and Mrs. Walter Coon, Farmington Garden Club.

## Award Text to Groups on Campus

By ELIZABETH L. POST

I want to thank college students and the many house-mothers who wrote in response to my plea for information about campus etiquette activities.

I printed excerpts from a few letters some time ago, and would like to quote some others today. On the first of October I will choose, as promised, the six most interesting letters, and the fraternities or sororities of which the winners are members will receive copies of "Etiquette."

Kappa Delta Sorority, American University, Washington, D. C.: "The sorority publishes a 25-page booklet titled 'Miss Gracious Living.' It covers the areas of dress, dining, correspondence, introductions, campus courtesies and general information.

It can be found in all K.D. libraries. All chapters are supposed to include etiquette programs in their yearly schedules, and to encourage the spirit of courteous living. Each one presents a 'Miss Gracious Living Award' to the pledge who best exemplifies the quality."

Sigma Alpha Epsilon Fraternity, University of Washington: "As the 'Emily Post' of my chapter, my job is to stress good manners and deportment to pledges. We are assisted by a 'Little Sister' group; women students who are our advisors on dating etiquette, dress and manner."

We do not have a house-mother so it is up to the active membership to be examples to the new men. Some of us acquire social grace at home, and others away from home. For many students the college social affairs are new experiences and so a great deal of help is needed and appreciated."

you don't want anyone around. Not even the one you love.

I would appreciate your opinion on this. Also anyone else's.

DEAR SATISFIED: If you are satisfied, and he is satisfied, then so am I. Of all the reasons to marry, because people think you ought to is the poorest.

CONFIDENTIAL TO J. M.: Training should start early. It's almost impossible to carve rotten wood.

Troubled? Write to Abby, care The Pontiac Press. For a personal reply, inclose a stamped, self-addressed envelope.

## Elect Mrs. Baker to District Post

Mrs. Katherine Baker of Orchard Lake has been elected area director of area 2, district 5 of Zonta International.

During her two-year term Mrs. Baker will assist the governor of the district and serve on the district board of directors. She is a member of the Zonta Club of Pontiac.

The "Rickshaw" suit in black and white houndstooth check wool designed by Geoffrey Beene, winner of a Coty American Fashion Critics' "Return Award" for 1966.

Judith Ann Cosgrove of Ann Arbor, daughter of the Cecil J. Cosgroves, West Strathmore Avenue, and Robert Victor Herbert, son of the C. Victor Herberts of Wilmette, Ill. were wed recently in the Lloyd C. Douglas Memorial Chapel, Ann Arbor.

MRS. ROBERT VICTOR HERBERT

## Robert Victor Herberts

## Pair Weds in Ann Arbor

The Lloyd C. Douglas Memorial Chapel, Ann Arbor, was the setting for the recent marriage of Judith Ann Cosgrove of Ann Arbor to Robert Victor Herbert.

At a luncheon in "The Canopy" in Brighton following the family ceremony were their parents, the Cecil J. Cosgroves, West Strathmore Avenue and the C. Victor Herberts of Wilmette, Ill.

The bride chose a white wool suit banded in royal blue grosgrain which matched her headpiece and accessories. She held a nosegay of miniature white roses and blue bachelor's buttons.

Susan Scott Cosgrove attended her sister and C. Theodore Herbert of Evanston, Ill. was her brother's best man.

The couple will reside in Evanston after a northern honeymoon.

She is a graduate of the Borgess School of Nursing, Kalamazoo.

## They Tour Capital

Janice Antonia of West Ann Arbor Avenue and her cousin, Claudia Macchi of Milan, Italy spent last week in Washington D. C. where Miss Antonia introduced her cousin to historic landmarks.

mazon and attended University of Michigan where her husband earned his law degree.

## A European Tour for Cunninghams Following Vows

The Marcus Eddy Cunninghams left for an extended wedding trip to Spain, Italy, France and England after recent vows in the chapel of Kirk in the Hills Presbyterian.

The former Mrs. Marilyn Enok Williams wore a Ferdinand Sarni costume of champagne Chantilly lace, accented with dark ranch mink.

Mrs. Elliott E. Redies of New London, Ohio attended her sister and Theodore W. Cunningham of Pittsburgh was best man for his brother.

A small family reception in the Oak Hill Estate of the bridegroom in Bloomfield Hills followed the ceremony performed by Dr. Harold C. DeWitt and Pastor Emeritus Dr. Frank Fitt of the Grosse Pointe Memorial Church.

The couple will reside in Bloomfield Hills and Golden Beach, Fla. She is a graduate of the University of Michigan and a member of the Fine Arts Society of Detroit. He is an alumnus of Yale University.

## Calendar

### TODAY

Nurses Alumnae Association, 8 p.m., St. Joseph Mercy Hospital Nurse's Residence. Any registered nurse in the area may attend.

### THURSDAY

Women's Society of Christian Service, Central Methodist Church, 12:30 p.m., in the church. Luncheon with Mrs. Eleanor Driver of Oakland University speaking on "Changing Roles of Women in Today's Society."

Fashion Your Figure Club of Pontiac, 7:30 p.m., Adah Shelly Library. Regular meeting.

## Male Designers Win Fashion Awards

Elizabeth Ashley (Mrs. George Peppard), Betsy Talbot Blackwell, chair-

man of the jury of 64 fashion editors, designed the 1966 trophy "Winnie" to Dominic of Matty

Talmack, a comparative newcomer to the big name American fashion.

Dominic Toubex of Matty Talmack came to this country only three years ago after ten years in the Paris couture. In succeeding seasons with the dress firm of Matty Talmack, he has established an independent look which the jury characterized as "both fresh and sophisticated."

He received his training in French schools and as assistant to Antonio del Castillo in the Paris House of Lanvin-Castillo.

Geoffrey Beene of Geoffrey Beene, New York, designer and president of the firm which is known for highly original and superlatively worked dresses, coats and suits, is a native of Louisiana. He has received the Neiman Marcus and the Cotton Fashion Awards.

The Dominic presentation opened with clothes from his resort and advance spring collection, including his misty short-in-front evening dresses with uneven hemlines.

Another series was of his elegant albino or dinner pajamas in silk, double-faced satin and silk linen. Some of these were worn with tailored or embroidered jackets, others with coats, and one was all-over sequined.

Dominic's long evening dresses were of two types, the first group characterized by rippling movement, and another by shaped skirts.

The opening group of decisively-designed dresses and costumes by Geoffrey Beene, in strong and pristine black and white emphasized the designer's use of wide contrasting borders as decoration — as, black with a white satin hem band. Suits and costumes in extrovert checks followed.

For evening, short beaded slip dresses describable as all sparkle preceded a group of short white "puffball" dresses trimmed with maribou.

White wool worsted for this umbrella shaped paneled coat designed by Dominic for Matty Talmack, winner of the 1966 Coty American Fashion Critics' Award "Winnie." Underneath the coat: A sliver of a dress in pale apricot crepe.

## WOMEN'S SECTION

## It's Shuffle off to Buffalo if You Want to Save Marriage

By ABIGAIL VAN BUREN  
DEAR ABBY: I am 29 and am married to a pretty little 22-year-old girl from West Virginia. A few weeks after our marriage I got transferred up to Buffalo, N.Y. My wife lived with me for 29 days, and then she packed up and went to West Virginia because she was lonesome for her mother.

She has been down there since May 5th, and I have been sending her support money. I love her a lot and want her with me but she doesn't say when she's coming home. I don't want to give up this job and go to West Virginia after her. What should I do?

DEAR LONESOME: Your bride is behaving like a spoiled child, and your spinelessness is letting you nothing but solitude. Be a man.

This woman is your wife, so quit sending her money and tell her to shuffle off to Buffalo where she belongs. (And be sure she doesn't bring her mother with her.)

DEAR ABBY: My problem is one of my best girlfriends. She is a wonderful kid in many ways, but she has one big fault. A couple of times when the two of us were talking to a boy we both like, she has come right out and said to me, "Would you mind taking a walk. I want to say something to him in private."

vate." This is very embarrassing. What should I do if this happens again?

EMBARRASSED: Watch for the boy's reaction. If he doesn't say, "No, please stay," take a walk.

DEAR ABBY: I have been divorced and have no desire to marry again. I have been keeping company with a fine gentleman for 2 years. He is also divorced. We have marvelous times together, taking in shows, going boating, fishing, swimming, motoring. (All very discreetly.)

He would marry me if I wanted it that way, but I believe that when two people live together they grow tired of each other. We love and respect each other, but there are times when we like to go our separate ways.

I don't recommend this way of life for the young, or for those with children, but ours are grown and we are in our fifties, and are quite set in our ways.

Now the problem: Many of our friends, and especially our children, believe we ought to get married. Why should we marry just to please people? I like my freedom and so does he, and there are times when

## Newlyweds Are Honored After Vows

Reception in the Woodstock Drive home of the Basil L. Kimballs followed the recent marriage of their daughter, Nancy Jeanne, to Gene Odell Holbrook in the chapel of Central Methodist Church.

The bridegroom is the son of the Willard Holbrooks of North Tasmania Avenue.

A shoulder-length illusion veil complemented the bride's street-length A-line gown of white Rochelle lace over taffeta. She held cascading miniature pink roses and white carnations.

Attending the couple were Kay Lynne Chidester, maid of honor; Lawrence A. Schultz, best man and Richard C. Wagner, usher.

## Goldwater Policies Are Echoed

### Percy Nearing Race Reentry

Senate Campaign to Resume This Week

CHICAGO (AP) — The campaign of Republican Charles H. Percy for the U.S. Senate is expected to resume this week.

It was halted Sept. 18 with the slaying of his daughter, Valerie, 21, in the Percy home in the Chicago suburb of Kenilworth.

About 30 community headquarters across the state are to be reopened Wednesday.

A Percy aide said Monday that Percy and his family are expected to return to Chicago in midweek from seclusion in California. Percy was reported in telephone communication with his campaign manager.

Meanwhile, Sen. Paul H. Douglas, D-Ill., Percy's opponent, has been marking time in his campaign, pending resumption of activities by Percy. He is seeking his fourth term.

**NEWS CONFERENCE**  
A formal news conference at which Percy will outline his plans is expected later this week.

The race for Douglas' Senate seat gained another contestant Monday when Mayor Robert Sabonjian of Waukegan announced he would seek write-in support as an independent Democrat.

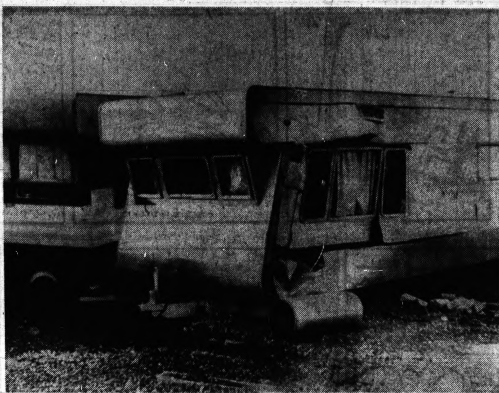

Sabonjian, who was in the news during rioting in Waukegan's Negro neighborhood in August, said he decided to be a candidate because of encouraging reaction to an amateur group's effort to promote him as a third choice.

Sabonjian, in his third term as mayor, said his platform will be "to uphold law and order" despite pressures of special interests to bend government to their own purposes.

### Peace Prayer Led by Pope

VATICAN CITY (AP)—Pope Paul VI led the world's Roman Catholics today in special prayers for peace in Viet Nam.

The Pontiff scheduled an outdoor mass and a speech in St. Peter's Square late this afternoon. He was expected to urge again that every effort be made to end the fighting in Southeast Asia.

DAMAGED IN VIOLENCE — Above is one of several trailers damaged yesterday when violence erupted at the strikebound Western Iowa Pork Co. plant in Harlan, Iowa. Trail-

ers had been brought in to house new employees. Several pickets and replacement workers had cuts and bruises.

### To Ease East-West Tension

## 9 Small Europe Nations Meet

UNITED NATIONS, N.Y. (AP)—Foreign ministers from nine small nations confer today in an attempt to put new life into a U.N. call for improvement in East-West relations in Europe.

The General Assembly gave unanimous approval last year to the proposal sponsored by the nine nations representing the Warsaw Pact group, the North Atlantic Treaty Organization and the neutral camp.

Secretary General U Thant hailed the plan as a "welcome indication of the progressive ending of what has become known as the Cold War." But the proposal has lain dormant for the past 11 months.

It calls for breaking down barriers to trade and cultural relations among countries of different political systems and for a return to the spirit of good neighborliness.

**MEET IN BELGRADE**  
Representatives of the nine nations met in Belgrade last month to discuss ways of getting the plan into motion.

"We are meeting at the foreign ministers' level to try to

get the ball rolling on this idea," said a representative of Romania, one of the nine sponsors of the resolution.

"We are hopeful of getting help from such agencies as UNESCO (the U.N. Economic Scientific and Cultural Organization) and ECOSOC (the Economic and Social Council) to implement our plan."

The nine sponsors are Belgium and Denmark for NATO, Sweden, Finland, Austria and Yugoslavia for the nonaligned group, and Romania, Bulgaria and Hungary for the Warsaw Pact. Their foreign ministers are in New York to take part in the assembly's general policy debate.

**RUSK RETURNING**  
Secretary of State Dean Rusk was returning to New York today to continue talks with various foreign ministers attending the assembly. It was considered likely he would discuss the nine-nation plan which the United States has endorsed.

The nonaligned nations have long sought, without much suc-

cess, to come up with some plan that would ease East-West differences, but this is the first time that Communist and non-Communist nations have gotten together on such a plan.

The Soviet Union, France and Britain were left off the list of sponsors despite the fact that the proposal directly affects them. The sponsors were limited to smaller nations in the belief that the plan might have a better chance of success if the big powers were not directly involved.

### Moscow-N. Y. Air Talks Are Resumed

WASHINGTON (AP) — The United States and the Soviet Union are resuming long-stalled negotiations on direct New York-Moscow airline service.

If a final agreement is reached, jet flights between the two cities are expected to begin late next spring.

A State Department spokesman, announcing immediate resumption of the talks, said Monday night the decision gives "positive meaning to our frequent statements that we seek areas of agreement with the Soviet Union in spite of differences arising out of the Vietnamese conflict."

WASHINGTON (AP) — Top Republicans are giving GOP campaigners some hard-line advice on domestic matters and on the war in Viet Nam.

To some extent, it sounds an echo of the policies Barry Goldwater advocated in his losing campaign for the White House.

A Republican spokesman said the policy statements, issued by the Republican Coordinating Committee, will be sent to all the nominees now campaigning to rebuild the party's battered fortunes in Congress and in state offices.

GOP National Chairman Ray

C. Bliss cautiously forecast "reasonable gains" in the elections now little more than a month away.

But he also reported that GOP polls show "a reasonable number of people undecided," and he said the situation is volatile.
