

U.N. Forces Break Up Riots in Gaza

MEMO TO CAESAR

Irate Listeners Turn on Jesus

(Fifth in a Lenten Series)

Tiberius Caesar called his mother, Livia, to him to hear the remainder of the strange letter Pontius Pilate had written from Jerusalem. Aloud he read: ... In Nazareth, Junius followed Jesus into his place of worship on the Sabbath day and there heard Him read from an ancient scroll of the prophet Esaias.

The voice was clear and penetratingly magnetic as it put new meaning into the timeless sentences:

"The Spirit of the Lord is upon me because he hath anointed me to preach the gospel to the poor; he hath sent me to heal the broken-hearted, to preach deliverance to the captives, and recovery of sight to the blind, to set at liberty them that are bruised ..."

After Jesus had returned to his seat in the place of worship, the eyes of everyone fastened upon Him as if they expected to hear more.

Slowly He said: "This day is this scripture fulfilled in your ears."

"Isn't this Joseph's son?" they asked one another, referring to the Nazarene carpenter who was Jesus' father.

But suddenly, according to Junius, Jesus began speaking again. He reminded the people that in the days of olden prophets not everyone in the land was cured of his afflictions, but only certain ones were chosen for the miracles.

This angered the crowd. They pushed the young man, who seems to be about 30 years of age, out of the place of worship and into the streets.

"Take him to the hill. Throw him over the cliff." The crowd shouted and began moving to the edge of the city.

But somehow, Junius says, Jesus was able to walk quietly from the excited, milling throng so that when they got to the hill He was not with them.

They looked for Him everywhere, but He had gone to Capernaum.

May I hear, August Caesar, what you make of all this?

Own 240,000 Shares

Romney Names Wolfsons as Largest Stockholders

DETROIT (AP)—George Romney, president of American Motors Corp., said today that financier Louis E. Wolfson of Miami and his wife have become probably the largest two stockholders in the company.

The Wolfsons reportedly own 240,000 shares of American Motors, which has 48,000 stockholders and 5,670,430 shares outstanding. AM stock closed at \$6.12 Saturday.

Regarding published reports that Wolfson proposes that American Motors sell its Nash, Hudson, Rambler automotive divisions and concentrate on Kelvinator appliances, Romney told newsmen:

"I have seen Wolfson recently. I am always anxious to get the views of our shareholders. I don't know exactly what Mr. Wolfson has in mind in the way of changes or suggestions. I don't know if he has any definite changes in mind.

"As far as I am concerned, the auto division of American Motors is sound. It is a unique operation. There are growing opportunities. The market for the small car will increase."

Wolfson, 45, is a veteran of some of the nation's roughest stockholder-management battles in recent years.

Wolfson was not reached immediately at his Miami home for comment.

There was no immediate indication in Detroit of a tieup between Wolfson and a group of dissident American Motors stockholders headed by S. A. Dann, a Detroit lawyer.

Dann's group lost a fight last month to oust Romney's management.

Dublin's Lord Mayor to Make Jewish Appeal

DETROIT (AP)—Robert Briscoe, Dublin's first Jewish lord mayor, will visit Detroit March 27 on behalf of the United Jewish Appeal. He will arrive in New York from Ireland Thursday and review the St. Patrick's Day Parade there Saturday.

Probe Set to Subpoena Beck

Teamster Chief Rushes Home From Europe

Indicates He'll Testify Without Forcing Senate Unit to Serve Paper

WASHINGTON (AP)—Senate rackets investigators prepared today to subpoena Teamsters Union President Dave Beck and seize his financial records unless he agrees quickly to "be cooperative." Beck indicated he would comply with their requests before being subpoenaed.

The Teamster chief returned unheralded from Europe yesterday, dodged reporters in New York, refused to be interviewed in Chicago, and flew on to his home in Seattle.

Arriving there, Beck said "I don't think so" when he was asked by newsmen whether he would wait for a subpoena. He said he expected to go to Washington "very soon." Beck declined to answer any other questions.

Beck's Teamsters Union—the nation's biggest—has been the focus so far of a special Senate committee's search for evidence of racketeering influences in labor and industry.

For the past two weeks, the committee has received testimony that West Coast Teamster officials were linked with underworld figures and some public office holders in efforts to take over vice and gambling operations in Portland, Ore. The hearings are in recess until tomorrow.

TO QUIZ ON FUNDS

The committee has said it wants to question Beck about charges that union funds were used to pay some of his personal bills, and about the activities of some of his lieutenants.

Informing of Beck's return, Sen. McClellan (D-Ark), chairman of the rackets investigating group, told a newsmen:

"I just assume he (Beck) will get in touch with the committee now that he's back."

Meantime, Portland Mayor Terry D. Schunk was due to take a lie detector test from Secret Service experts to check his denial that he once accepted a bribe.

'No Comment': Beck

DODGES NEWSMEN — Dave Beck (center), president of the giant International Teamsters Union, waves off newsmen with a "no comment" as he was met by a swarm of reporters and photographers at the Seattle-Tacoma International Airport last night. Beck, who has been in Europe, has been invited to testify before a Senate subcommittee investigating racketeering in Oregon.

Tragedy Strikes on a Sunday Afternoon

CATASTROPHE IN MIAMI — With a heavy bus resting on her overturned car, Mrs. Richard D. Vinik, 60-year-old Miami resident, is carried away after she was killed in the collision yesterday afternoon. Her husband, a son and granddaughter were injured. The driver of the empty bus escaped unscathed.

afternoon. Her husband, a son and granddaughter were injured. The driver of the empty bus escaped unscathed.

Search Harbor for Slain Woman

2 Admit Beating, Killing Americans at Acapulco; Stolen Jewels Found

ACAPULCO, Mexico (AP)—Police searched Acapulco Harbor today for a floating body believed to be that of a wealthy Brooklyn widow. She and a New York attorney were slain and robbed after he had put up a desperate fight for their lives.

The body was sighted shortly after midnight, but rough water prevented its recovery.

The victims of the murder-rubbery plot were Mrs. Edith Hallock, 65, and her traveling companion, Joseph A. Michel, 70, who disappeared Feb. 29.

Police said a tourist agent, Luis Fenton, 33, and an unemployed boatman, Daniel Rios Osuna, 38, had confessed beating the couple to death during a nighttime boat ride, robbing them of \$70,000 in cash and jewelry and dumping their weighted bodies from a boat into the sea.

Mrs. Hallock's jewels, or most of them, have been found hidden in the Acapulco garden of Fenton's brother-in-law.

Police said Fenton, described as a U.S. citizen of Mexican parentage, was in Mexico illegally. They said he is a former U.S. Navy man wanted in the United States on bad check charges and in Bogota, Colombia, in connection with a jewelry swindle.

Warnings Cut Tidal Wave Loss

Aleutians Tremble Again With Vigorous Aftershock

By THE ASSOCIATED PRESS

The nervous northeastern rim of the Pacific continued to tremble last night in the wake of Saturday's mighty earthquake in the Aleutian Islands.

The restless earth that sent tidal waves crashing into villages in Hawaii and Japan rumbled again at 7:20:23 p.m., Pacific Standard Time (10:20:23 p.m. EST).

The University of California seismograph at Berkeley was still registering the shock 2½ hours later.

Research assistant John Denoyer said the new quake, apparently another vigorous aftershock of the Saturday quake, appeared again to be in the Aleutians.

Meanwhile, the Coast and Geo-

detic Survey office in Honolulu reported that Mt. Vsevidof on the Aleutian Island of Unmark was belching smoke after lying dormant for 200 years. Officials said it probably had been stirred to life by Saturday's big quake.

In Hawaii, where waves ranging from 3 to 9 feet high slammed up over the beaches Saturday along northern shores of the islands, Gov. Samuel Wilder King said 154 people were left homeless in two villages on Kauai while 4,000 others were isolated by washed-out bridges.

Unofficial damage estimates ranged up to two million dollars.

No direct loss of life was reported because of early warnings, but Paul O. Beam, veteran newsmen, and Sarah Park, Star-

bulletin reporter, were dead in the crash of a plane photographing the waves.

Gov. King said he was waiting full damage reports before asking federal aid, but had declared a 10-mile coastal stretch on Kauai a disaster area.

Hours after the alert had ended in Hawaii, nine-foot waves crashed into fishing villages on Hokkaido, northernmost of the main Japanese islands. Police reported one house washed away with others wrecked and more than 50 flooded.

The 3½-foot wave that belatedly rolled into San Diego Bay late Saturday night yanked an 85-foot boat slip from its moorings and caused damage estimated at \$5,000.

In Berkeley, seismologist Denoyer said he could not tell whether last night's aftershock, the fifth, would cause more tidal waves.

Pot-O-Gold Worth \$300

Win Prize by Having Fun!

If at first you don't succeed, you certainly have plenty of opportunity to try again with Pot-O-Gold. Another new puzzle starts on page 9 today, giving everyone a chance to try for the \$300 now in the pot.

Even if a winner is found for last week's puzzle, No. 41 will be worth at least \$100, which is nothing to sneer at, especially considering the fun you have trying to solve it.

To make things a little easier, we have a list of words containing all the right answers. Read them carefully, check the rules and solutions clues very carefully, and then send us the results. We're anxious to give away that money, and you might be the recipient.

Baize, blade, bold, cold, dicker, duel, fan, fare, faro, fuel, glade, hold, hood, hook, hoop, kit, ladder, maize, man, nob, nub, oily, riddle, slabs, slats, ticker, torch, touch, wily, wit, wood, wool.

Balmy Gulf Breezes Warming Pontiac

Strong southerly winds blowing warm air from the Gulf of Mexico are responsible for the warmer weather trend in this area.

Pontiac's lowest temperature prior to 8 a.m. was only 35 degrees, while a high near 55 has been predicted for today.

Windy and warmer with scattered showers and a chance of scattered thunderstorms, low 44 to 48, is tonight's forecast.

Tomorrow will be partly cloudy with a high of 46 to 50 degrees. At 1 p.m., the mercury registered 42.

Joe Haas Reports Standing Room Only in Florida

State Car Licenses Lead in Florida Keys

KEY WEST, Fla. — Hotels and motels of the better class have been standing 'em up nights in Southern Florida this winter.

In fact, as you approach this southern tip of the nation, its only

frost-free point, some of them are accused of cording up the tourists in a horizontal manner after they've been lulled to slumber by the soothing breezes off the Gulf Stream.

We've seen good people sleeping in their cars, or on the

ground, because they had no advance reservations. And they're a pitiful sight, especially when there are children or when it rains—which is does a plenty.

But the rains are wonderful when you have a place to stay, although it descends like a deluge. We'd call it a coluburst in Pontiac. It is a real pleasure to stand out in it, although it is so dense that you must protect your nose and mouth with your hand or you'll drown standing up.

However, the flooded streets are all dry again within a few minutes after it ceases. An 8-ft. elevation on the Keys is called Mount Ararat and the motel on it is named Noah's Ark.

The shortage of accommodations starts even north of St. Petersburg which city's chamber of commerce has worked nothing into a multi-million annual business, and created a supreme jealousy in its neighboring double-sized Tampa.

For St. Pete, not much larger than Pontiac, has become world-famous, although it offers nothing in the climate line over any other location as far north in Florida. It really is too far north for the climate that makes Florida brag. But the C. of C. publicity keeps 'em coming.

Its benches haven't changed a bit since our first visit there 20 years ago, only there's a lot more

of them. They still offer our nation's best evidence of a passive and acceptable non-resistance and contentment with a life of rusting out.

As the northerners bring their overcoats and electric blankets,

Use Tear Gas to Turn Back Angered Arabs

Insurgents Say They'll Work Only After Egypt OKs Government

GAZA (AP)—The battle for the Gaza Strip is still on despite the Israeli withdrawal.

U.N. forces had to use tear gas and shoot in the air yesterday to disperse Arabs claiming to represent more than 1,000 civil workers employed in the strip before the Israeli invasion said they would work only if Egypt approved the civil administration set up for the strip by the U.N. Emergency Force.

The rioting stemmed from the temporary administrative setup headed by Danish Col. Carl Ingelholm as military governor. He named a committee of five residents of Gaza City to supervise all civil affairs in the town itself.

Ingelholm will preside over the council. Munir Rayess, Gaza mayor under the Egyptian administration who was held a political prisoner for 45 days during the Israeli occupation, was asked to serve. He declined, saying that the pre-invasion Municipal Council objected.

There is strong feeling among the 310,000 residents of the strip, including some 215,000 Palestine Arab refugees, against even the appearance of international control in the strip.

STORM STREETS

About 300 Arabs stormed through the streets, waving banners and shouting for the return of Egyptian administration. When U.N. troops in vehicles herded the demonstrators down Gaza's main street and out of the center of town, the rioters began throwing stones.

The Arabs tried to smash the gates of the UNEF police headquarters. The U.N. troops, using tear gas and firing over the rioters' heads, forced them to disperse. The demonstrators made several unsuccessful efforts to reform their ranks.

No casualties were reported on either side.

After the outbreak, a curfew previously ordered for 6 p.m. was moved up to 1 p.m. Sound trucks drove through the streets ordering the population to obey, but the military police had difficulty in getting the excited Arabs to comply.

The clash between UNEF and the Arabs erupted while Maj. Gen. E. L. M. Burns, UNEF commander, was in Gaza for talks with his staff on plans to transfer his headquarters from the Suez Canal zone to Gaza.

SUSPECTS REDS

Burns, who witnessed the demonstration, was asked by newsmen (Continued on Page 2, Col. 8)

Low Supply of Vaccine Expected to Hit Detroit

DETROIT (AP)—Salk anti-polio vaccine may be at a premium in starting late this month.

The State Health Department said Saturday that increased public interest had caused the supply to dwindle. It said it had enough vaccine on hand to last a week or 10 days.

The two major producers of the vaccine, Parke Davis & Co., and Eli Lilly & Co., said a new supply would be available by the second week in April.

Grass Fires Harass City, County

Weekend Fires Hurt 2 Fighters

City Hit by 500 Calls, Burning Rubbish Now Serious Hazard

Township and city fire departments were harassed by grass fires that scorched hundreds of acres of land and threatened homes throughout the county over the weekend, it was reported today.

Two fire fighters were injured and two fire trucks damaged as a result of the more than 200 calls to field blazes. High winds contributed to the "record breaking weekend."

The Pontiac and Waterford Township fire departments were hit the hardest, rushing to 50 and 45 fires, respectively, from Friday noon through Sunday.

Romeo and Washington volunteers fought with brooms, buckets of water and small extinguishers as a 100 acre field burned, threatening a number of homes in the vicinity. These two departments answered eight alarms Saturday afternoon.

One of the firemen, Peter Perrino, 35, of 7324 Smale St., Washington, was injured at a 100 acre field blaze at 20 Mile road and Mound road. He jumped off a moving fire truck to get a pump, lost his footing, and slid beneath the vehicle. Perrino's left leg was gashed by the truck door and the back wheel ran over his foot and ankle.

A raging grass fire in a field on Ewell street in Romeo threatened nearby Clinton and Dickenson street homes. Police said that flames, fanned by strong winds, reached heights of eight and nine feet.

A Lake Orion fireman was injured Saturday when his truck struck a bump in a frozen field. The unidentified fireman was thrown from the vehicle, but his injuries were not reported serious.

One of the Pontiac Fire Department's trucks was damaged Sunday when high winds, which caused the grass fires to spread so quickly, blew open the doors of Fire Station Number Four, Goldenwood Ave. and Montcalm St., as the driver was backing the truck into the building.

Another Pontiac fire truck was slightly damaged Sunday when a curious driver skidded into the vehicle as it was parked at a field blaze on Woodward Ave. across from St. Joseph's Mercy Hospital.

Answering a number of such grass fire calls over the weekend were Lake Orion, 15; Rochester, 30; Romeo, 8; Bloomfield Township, 16; Troy, 22; Farmington, 5; Pontiac, 50; and Waterford Township, 45.

Fire chiefs say that most of the fires were caused by home owners burning rubbish and by youngsters who are not careful with matches.

"A rash of these grass fires breaks out every year at this time when the snow dries up and leaves the fields very dry," said Oakland County Sheriff Frank Irons.

"A carelessly thrown cigarette can touch off a field easily this time of the year. Not only are these fires hazardous and dangerous to lives and property, but a nuisance to fire and police departments that may be needed for more serious matters. A little extra caution will prevent this."

Paying for 100 M.P.H.

Clocked up to speeds of more than 100 miles per hour, Jake Cole, 39, of 75 Snyder St., Lake Orion, paid \$85 in fine and court costs and was sentenced to three days in jail yesterday when he appeared before Orion Township Justice Helmar Stanaback.

READ FOR WASHINGTON—Pontiac Press carriers are competing during the next five weeks for a three-day trip to Washington. Four boys will make the trip with all expenses paid. Pictured above is Arlo McCully, suburban circulation manager of The Pontiac Press, telling four carriers of their opportunity to win a three day educational trip by air to the nation's capital.

This all-expense trip is open to all Pontiac Press carriers and will be awarded to the four carriers obtaining the most new orders in the current contest, which started Saturday and will continue through April 13th. The carriers pictured above (left to right) are William Gann, John Gollschalk, Larry Crews and John Erickida.

Pontiac Deaths

Charley Durkee

Service for Charley Durkee, 88, of 487 W. Huron St., who died yesterday at Bloomfield Hospital.

CHARLEY DURKEE

will be held Wednesday at Donelson-Johns Funeral Home. Rev. John E. Yuells of the First Congregational Church, Rochester, will officiate, with burial at Oak Hill Cemetery.

Surviving children are: Glenn H. Durkee and Frank E. Durkee of Pontiac, Mrs. Frank Renshaw of Oxford, Mrs. Maynard Maltrott of Rochester, and a sister, Mrs. Daniel L. Kellogg of Pontiac.

Mrs. Arthur Graham

Service for Mrs. Arthur (L. Marie) Graham, 39, of 97 E. Huron St., who died at 6:30 a.m. yesterday at St. Joseph Mercy Hospital, will be held at 2 p.m. Wednesday at Sparks-Griffin Chapel.

Dr. William H. Marbach of the First Presbyterian Church will officiate.

Surviving besides her husband and her mother, Mrs. Arthur Davidson of Pontiac, are children, Russell Lee Graham, stationed with the Army in Germany, and Carol Ann at home.

William McVay

William McVay, 72, of 465 Going St., died yesterday at his home.

Surviving besides his widow, Mary, are children, Robert of Indiana; John of Chicago and Thomas, Mrs. Violet Shaw and Mrs. Margaret Ketzler, all of Pontiac, and a brother.

Service will be held at 1:30 p.m. Wednesday at Huntoon Funeral Home, with Rev. Frank Vore of the Brethren in Christ Church, Leonard, officiating. Burial will be in Perry Mt. Park Cemetery.

Maurice W. Milward

Maurice W. Milward, 87, former Pontiac resident, died Saturday at the Elks National Home, Redford.

A brother, Frank Milward, of Ironton, survives. The Elks Lodge of Sorrow will be conducted at 8 p.m. tonight from Grace Smith Funeral Home. Service will be at 2 p.m. tomorrow at Grace Smith Funeral Home, with Rev. C. George Widdifield of All Saints Episcopal Church, officiating, with burial at Perry Mt. Park Cemetery.

TV is blamed for the closing of another British theater—Queen's Theater, Poplar—where Gracie Fields played her first London engagement.

Flint Man Says Billboards Will Go Up

Threatens 'Speed Trap' Action

A Flint motorist was threatening today that billboards may blossom on Dixie Highway, calling attention to a so-called "speed trap" by Waterford Township police.

That will be the result, said department store manager Jack L. Masin, if the township board tonight fails to promise action.

Masin said he and several other Flint residents will appeal to the board for measures correcting alleged police irregularities in ticketing drivers.

The appeal comes after an investigation by Prosecutor Frederick C. Ziem produced no tangible evidence of charges by Masin and other Flint drivers.

'VERY WRONG'

Masin believed Ziem's conclusions were "very wrong," and added that "more and more people are getting very mad about the unfair police tactics."

If the board fails to take "corrective action," Masin said, an association of drivers will be

formed, possibly at tonight's meeting.

"We've got \$500 promised to start putting billboards along Dixie Highway with the general warning

to motorists 'Don't Be a Victim.' We're going to go through with this campaign one way or the other," Masin said.

The charges against police have been flatly denied by Police Chief Frank Van Atta. They include: Officers boost the actual speed of cars when ticketing violators; officers wearing civilian clothes ride in unmarked cars at night to fool drivers; and officers pounce on motorists before they have had time to slow for speed zones.

Two companions from Royal Oak and Pigeon were reported in fair condition.

James McDougall, 22, of 309 Farnum, Royal Oak, suffered numerous cuts and bruises, Ronald Schmidt, 22, of Pigeon suffered a broken leg and head injuries.

The car, driven by McDougall, crashed into a railroad sign and a utility pole on M142 near Pigeon. Weir was thrown from the car.

Haas Finds Florida Filled to Capacity This Season

(Continued From Page One)

plush resorts, where they come mostly to get away from troubles at home, and reflect on them in a quiet spot, New York and other eastern states beat us out.

We were at one of those places last winter, and that's why we have to detour around that area this time.

We've called on many Pontiac people, never to eat or sleep on them, as we never travel on our friends.

We're quite impressed with those who've shown such good judgment and understanding of the situation to buy or rent winter homes in such ideal locations as the Nokomis-Venice district on the Gulf Coast.

There we found them all happy. And they should be happy, for they're living where happiness is a habit. It's contagious, and nobody's immune.

That area is so ideal that a vacant waterfront lot costs almost as much as the very substantial house you'll build on it. We know, because we priced 'em—for somebody else.

The only complaint we heard in that vicinity came from one man. With him joy is otherwise absolutely complete, except that he has not been receiving The Pontiac Press. His subscription went in by air mail.

While it is the first city of any size within the really agreeable Florida west coast climate, Fort Myers somewhat resembles St. Petersburg in its winter population.

Its royal palms are world beaters, and are its principal attraction, coupled with the Edison-Ford estates. It savors of a rustling out spot for those who can afford to get beyond St. Pete.

The Tamiami Trail, so called for Tampa and Miami, across Florida's lower section and through its Everglades, is an extremely fascinating back-to-nature drive, especially if you take the side trip from Homestead.

There you see in its native sur-

roundings animal, bird and reptile life you hardly knew existed in our entire nation. They're even quite chummy with you, as they've learned they're protected by law. And wild life protection means just that in Florida. Today I read of three Detroit men each paying \$150 for a quail apiece.

In Pontiac today you're eating fresh strawberries, tomatoes, celery, lettuce, carrots and other vegetables grown in the Homestead area in Florida. A long train of refrigerated railroad cars leaves there every night for the north.

I saw a carload of tomatoes consigned to a Pontiac store. I scratched my initials on a tomato. If you get it, phone FE 3-8181.

They are raised in a field exactly the same size as is Oakland County township, six miles on every side, with several hundred workers, and a fleet of employee buses larger than that of the Waterford Township schools. After the day's work is completed the roadides abound in crap shooting.

The Florida Keys, prime object of our trip, will we deal with in our next article. As a prelude, let me say that Key West hasn't much but climate and the means of getting to it.

Inquiry Opened on Freak Crash

Plane Bounces, Flips in Landing; Injures 7; 2 From Michigan OK

LOUISVILLE, Ky. (INS) — An investigation was underway today to determine what caused an Eastern Air Lines plane with three crew members and 31 passengers aboard to flip over and skid 100 feet on its back while landing at Standiford field in Louisville.

Seven of the passengers were slightly injured yesterday in the freakiest crash of the twin-motored plane which left the passengers belted to their seats, wrong side up.

The Martin 404 Silver Falcon, en route from Chicago to Miami, Fla., touched the runway in Louisville, and then strangely bounced 40 feet into the air and flipped over.

It hit the runway and skidded 100 feet to a halt.

Six of the seven injured passengers were given treatment on the spot but a seventh, William A. Brown, 61, of Birmingham, Ala., was hospitalized with what were said to be minor head and back injuries.

Lester Alverson of Roseville, Mich., and Mrs. Dwight Howell of Ann Arbor, Mich., were listed as passengers aboard the flight, but were not injured.

Talks Resume in Oil Strikes

Union Leaders Arrive in Detroit to Bargain With Socony, Standard

Negotiations were resumed in Detroit today in continued attempts to put an end to a strike of two unions at Socony Mobil Oil and Standard Oil Co.'s.

Officials of Local 11-389 of the Oil, Chemical and Atomic Workers' International Union were in session with Standard officials this morning. Tomorrow union representatives are scheduled to confer with the Socony company.

The president and administrator of Central States Petroleum Union arrived in Detroit to begin bargaining sessions between their union and both companies.

Local 102 of CSPU, representing drivers, loaders, and warehouse men, joined Local 11-389 last Thursday in the walkout at Detroit and Pontiac area terminals. The OCAU union walked off their jobs Feb. 28.

BEGAN PICKETING

Local 102 pickets at 7:30 this morning began picketing the non-union Birmingham terminal of Standard Oil Co. This stopped all deliveries from the yard, including fuel oil supplies to the Ford Motor Co. Tractor & Implement Division plant.

Deliveries have stopped at the Pontiac Standard Oil Co. yard, while a temporary injunction issued last week in Circuit Court have opened the gates to normal business at the non-union local Socony yard, 521 S. Telegraph Rd. Contracts have expired between the two companies and the unions. Union members are asking wage increases.

The Day in Birmingham Reports, Not Public Hearin Slated for Commission

BIRMINGHAM —Reports rather than public hearings hold the majority spot on the agenda for tonight's city commission session. City Manager, Harold D. Schone, will report on such items as alley improvement, gas service, sewage disposal authority funds and replacement of worn forestry and police department equipment.

The cost figures on municipal building remodeling also will come up for discussion.

Additional items from the manager's office include a confirmation of the appointment of the water department superintendent the proposed fire prevention code and weight control on a number of city streets.

A date will be set for the review of the annual police report and plans discussed for the placing of memorial markers in Booth and St. James Parks.

TO PRESENT REVISION

City attorney Richard M. Adams will present the proposed revision of the off-street parking ordinance stressing changes in the present rulings.

Among the new items to come before commissioners will be the request from Mrs. Geraldine Schubeck to permit the development of city-owned land as a neighborhood playground. The land is located on Bowers street at the rear of the fire station.

Painting teachers at the Community House, Mrs. Kathleen Bush and Mrs. Virginia Hunter, judged the three categories in the school student poster contest sponsored by the Community House.

Judy Anderson took first place, Rod Buchanan, second and Connie Gordon, honorable mention for the high school.

From the Barnum ninth grade Ene Allik was first with Kitty Doyle second. At Holy Name School Mary Ann Stone and Judy Larkens teamed up to prepare the winning poster.

Posters designed to support the current roll-call drive are being taken from the House this week and placed in store windows throughout the community.

Mrs. Hope Lewis will review the "Big Thaw" by C. L. Sulzberger, noted New York columnist, at the Ruth Shain International Relations Class in the Community House at 10 a.m. tomorrow.

Birmingham Recreation Board said skating will be on a day-to-day basis now. "If the weather permits, there will be ice; if in doubt call the Eden Park rink," the Board spokesman commented.

Spring is arriving in the Bloomfield-Birmingham area, heralded by robins, kites, baseball games—and grass fires. Both fire departments summed their weekly activities as "just a mess of grass-fires."

Walter R. Barkley

A native of South Dakota and resident of Birmingham for the past 15 years, Mr. Barkley of 695 Henrietta, died yesterday in William Beaumont Hospital after an illness of one month. He had been a mechanical engineer at the General Motors Truck and Coach Division. He was a member of Birmingham First Church of Christ Scientist, Birmingham Lodge No. 44 F&AM, Albert Pike Consistory, Valley of Jackson Hills Camera Club and the American Society of Mechanical Engineers.

He is survived by his wife.

Mildred L., a daughter, Patricia B., at home and two sisters, Mrs. Archie Lihman and Mrs. George Boon of Parker, South Dakota.

Service will be complete at the Bell Chapel of the William R. Hamilton Co. at 11 a.m. Wednesday with burial in White Chapel Cemetery.

Pontiac Board Reviews Taxes

Will Hear Complaints Concerning Real Estate Assessments

Some 15 national issues—including proposed federal aid for education—will be discussed when the Governmental Affairs Committee of the Pontiac Area Chamber of Commerce convenes tomorrow noon.

The issues were aired Feb. 28 at a "Congressional Issues Clinic" held in Detroit and sponsored by the U. S. Chamber of Commerce. Seventeen members of the Pontiac Chamber attended the clinic.

According to John W. Hirlinger, Chamber manager, the purpose of Tuesday's session is to evaluate the issues discussed and take appropriate action directed toward Congress.

Besides federal aid for education, other matters to be discussed include reduction in federal spending and questions of increasing taxation.

The proposed reduction in federal spending, Hirlinger said, is directly related to the U. S. Chamber's recommendation to President Eisenhower on how he can cut his record 1957-58 \$72 billion national budget.

U.N. Forces Stop Arab Riots in Gaza

(Continued From Page One)

whether he thought Communist tactics were used to foment the trouble. He replied: "I think so." In Egyptian eyes, the administration UNEF has set up in Gaza goes beyond the U.N. General Assembly's resolution setting up the international force.

Burns declined to say whether the Egyptian government is demanding formally that it resume control in Gaza. He said that such questions would have to be answered at U.N. headquarters in New York.

Israeli settlers near the Gaza Strip borders were reported to have appealed to the Israeli Army for increased protection. They said infiltrators had been slipping over the frontier from Gaza to steal valuable equipment.

Japan Asks Russians Suspend Nuclear Tests

TOKYO (AP)—Japan for the first time asked Russia today to suspend her nuclear tests.

The Foreign Office said Charge d'affaires Kinya Niseki had delivered a note in Moscow to the Soviet government asking for a halt in the tests. The Russians began a new nuclear weapons test series last August. Since then the U. S. Atomic Energy Commission has reported four Soviet nuclear blasts.

MEN PAST 40

Troubled with GETTING UP NIGHTS
Pains in BACK, NECK, LEGS
Tiredness, LOSS OF VIGOR

If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular Inflammation is a constitutional disease and medicines that give temporary relief will not remove the causes of your troubles.

Neglect of Glandular Inflammation often leads to premature senility, and incurable malignancy.

The past year men from 1,000 communities have been successfully treated here at the Excelsior Institute. They have found soothing relief and a new zest in life.

The Excelsior Institute, devoted to the treatment of diseases peculiar to older men by NON-SURGICAL Methods has a New FREE BOOK that tells how these troubles may be corrected by proven Non-Surgical treatments. This book may prove of utmost importance in your life. No obligation. Address Excelsior Institute, Dept. 5560, Excelsior Springs, Mo.

Cut Spending, People Cry, but Not Our Pet Subsidies!

By DAVID LAWRENCE
WASHINGTON — This seems to be the era of "buck-passing" in government.

The executive says to Congress: "You cut the budget."

The Congress says to the President: "You cut the budget."

The American people say: "You—both Congress and the President—cut the budget."

But don't touch our pet projects—our agricultural subsidies, our business subsidies, our social security subsidies, our school lunches, our highway subsidies, and all the other things that make it possible for us in this community to get our share of the money that's being spent.

But whose responsibility really is it to cut the budget? The Constitution gives the President the power to "recommend" but not to legislate. The Constitution says:

"No money shall be drawn from the treasury, but in consequence of appropriations made by law."

This means that the final decision is up to Congress. But when Congress tackles the job what does it find? First, that 63 per cent of the total budget is for national security—assurance of survival in an atomic age.

FIXED BY CONGRESS

Next, 25 per cent of the budget is for programs fixed by Congress in laws passed in previous years. This includes veterans' benefits, agricultural price supports, soil bank payments, grants to the states for welfare payments and interest on the federal debt.

Thus we have 88 per cent in these two categories alone and, as the secretary of the treasury, George Humphrey, explained it in a speech in Detroit last week, "This leaves but 12 per cent of federal spending in which there is some elasticity in the opportunity to save money."

In actual totals this 12 per cent is a sum of \$8.6 billions. It cannot all be eliminated. Mr. Humphrey says: "It therefore becomes quite obvious that while some savings can always be made by ferreting out waste, extravagance and duplication, the really substantial reductions in government spending can come only from changes in programs. These programs now in effect by decision of the Congress can be changed only by new decisions of the Congress."

WORK CLOSELY

"The executive branch must, of course, work closely with the Congress to arrive at the best judgments as to what the various programs must provide for. That is exactly what the Eisenhower administration is currently doing with the Congress in this campaign which has received so much public notice recently in searching to find ways and means of reconsidering existing programs so as to make substantial reductions in government spending without either impairing our security or the necessary services to be rendered the public."

"Whose job is it to cut federal spending? It is everybody's job. It needs the active support—not just the approval—of the public. Basically, it is the job of the American people, for it is with the people—at the thousands of crossroads over the nation—that the pressures for spending begin."

"A group of people who want some assistance or who get into

trouble of some kind, turn to the federal government for help on the mistaken theory that money from the federal government does not cost anybody anything. The pressures applied are well known and are visible in Washington every day . . .

PUBLIC EDUCATION

"We need a campaign of public education so that the public will better understand the facts of life about federal spending. They must realize that there is no bottomless well of unlimited money in Washington . . .

"There is all too prevalent an

attitude of 'getting our cut so long as everyone else is getting theirs.'"

The current budget can be cut by perhaps two or three billions—which is something. But what is more important is to prevent the budget from going even higher next year.

This is everybody's job which means the electorate really has to keep informed so that political demagoguery doesn't produce a rivalry in spending for welfare purposes and exploitation on the stump by one political party of the cuts made by the other party.

Mr. Eisenhower isn't going to run for office again but the Republican Party in Congress faces an election in 1958.

It can be defeated once more as it was in 1956 in the West because the Democrats deliberately blamed low farm prices in the failure of the Republicans to spend more money to subsidize agriculture. Only last week the Democrats were trying to push upward in Congress the soil bank payments despite all the talk about cutting the federal budget. It's the uninformed or short-sighted, selfish voter who really is responsible for past failures to cut the budget. (Copyright, 1957)

Liam Shiels, 14, who ran away to join the British Navy, is back home in Dublin. His father flew to Manchester to bring his son back.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months.

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a

problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H. Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.

Save an extra nickel out of every dollar

—to help keep prices from going higher

Don't let anyone tell you that living costs have to keep climbing. We can check inflation.

One of the main causes of rising prices is overspending. If each of us will save only an extra nickel out of every dollar we earn, we will put a strong brake on inflation.

For this will produce billions of dollars in savings—money which is urgently needed to finance more factories, homes and schools.

And, of course, you get a personal bonus from your extra savings—the feeling of independence and security that a growing nest egg brings . . . the feeling that your house is in order.

As a second step to fight inflation, all of us should support every reasonable move to reduce government spending—federal, state and local.

Sure, all this means a sacrifice. But isn't it worth it, if this means continuing our prosperity—and keeping it sound?

106 million policyholders have made life insurance America's most widely used form of thrift. In the interest of these policyholders—in the interest of all of us—the life insurance companies feel they have a duty to help preserve the purchasing power of the dollar.

BRANDON SCHOOL ADDITION — Completion of this \$444,223 addition to Brandon Elementary School is expected by September, 1957, according to Supt. E. J. Hungerford. Classroom furniture will amount to \$35,000, while special equipment for science rooms will cost \$8,360 extra. The addition will include principal's office, seven

classrooms, home economics room, two science labs, band and music room, shop, arts and craft room, library, book room, study hall which can double as cafeteria, kitchen, boiler room and storage space. Smith and Smith of Royal Oak are architects and Smith and Andrews are the building contractors.

Tree Growers Plan Meeting

To Discuss Problems and Hear Reports on Christmas Trees

Christmas Tree Growers in the Detroit and "Thumb" areas are encouraged to attend "The Thumb of Michigan Tree Growers Assn." meeting March 18, at 8 p.m. in Mayville Community School, Mayville. Lester Bell, MSU forester, will be present to discuss income tax reporting, production, and marketing of Christmas trees.

Many residents will be planting, shearing, spraying and cutting evergreens in the country week-end this summer instead of spending their leisure time at resorts. Specialized tree farming is a type of farming city residents can operate efficiently in their spare time. A fair profit may be earned from many healthful hours spent in the country.

In the past people have been misled in believing enormous profits could be made in planting thousands of Christmas trees. Nature permits less than one-third of the trees planted to develop into saleable trees for Christmas. Insects, deer, fire and dry weather have caused complete plantation losses.

Competition is also cutting the profits in the Christmas tree business. There were approximately 2,000,000 Michigan trees sold in 1956. There were more than 10,000 seedlings planted last spring for Christmas tree purposes. In addition the consumer is demanding a higher quality tree. Low quality trees will not have a market in the future.

Realizing these factors growers and residents in the "Thumb" area of Michigan formed an association to provide educational information in growing and marketing Christmas trees to its members. Meetings are open to the public.

For further information contact Robert Wilson, 31305 E. Co-op Circle Dr., Royal Oak, a member of the board of directors.

Walled Lake Group to Offer Swimming

WALLED LAKE — The Walled Lake Civic Welfare Club will sponsor swimming instructions for children in the district this summer if parents indicate that they are desirous of having their children learn to swim and are willing to assume a part of the cost of the lessons.

According to Mrs. L. M. Philp, chairman of the committee, a qualified instructor will be hired if parents will register their children prior to April 1. Registrations will be accepted by Mrs. R. J. Granlund, Pontiac Trail.

Annual Fashion Show Slated by Auxiliary

LAPEER — Members of Lapeer County General Hospital Auxiliary have completed plans for the Annual Benefit Fashion Revue to be held on Thursday, March 21, at the Veterans Memorial Building at 8 p.m.

Mrs. Kenneth Smith, program chairman, announces that the Fashion Revue will feature latest spring styles as selected by the Julie Shop under the direction of Marjorie Baldwin, who has staged this event for the past three years.

Dr. Collins to Speak at Orion Lenten Dinner

LAKE ORION — Lenten Fellowship speaker for the Lake Orion Methodist Church dinner on Wednesday at 6:30 p.m. is Dr. Oliver J. Collins, pastor of the Trinity Methodist Church, Highland Park. His theme will be "Words of Eternal Life." For dinner reservations call Mrs. Arthur Rupert, MY 3-5782.

'Adopted' Pair to Leave Romeo for Delaware

ROMEO — Dr. and Mrs. Johann F. Haessner, Polish couple "adopted" by the first Congregational Church here, are leaving town Friday.

Offer County Women Gray Ladies Course

A Red Cross course for Gray Ladies will be offered Oakland County women starting Tuesday, March 26, at the Red Cross Chapter House, 118 Franklin Blvd., Pontiac, according to Mrs. W. C. Sproull, of Birmingham, county chairman for Gray Ladies.

The first meeting will begin at 1:30 p.m., with subsequent ones on Tuesday and Thursday, from 9:30 to 11:30 a.m. at Pontiac General Hospital.

There will be six meetings in all, Mrs. Sproull said, for a total of 12 hours, followed by 20 hours of supervised floorwork at the hospital. The floorwork will be given one day a week at the students' convenience.

Walled Lake Voting Today on Reclassifying

WALLED LAKE — The Walled Lake School District is holding a special election today to determine whether the district should be reclassified from a fourth to a third class district.

The election was set after the Board of Education received petitions from more than 300 electors requesting the election.

The only change under the proposed classification which is mandatory is that the Board of Education would be changed from a five to a seven man board.

Polls in all five precincts will remain open until 8 p.m. and anyone in line at that time may vote.

County Calendar

Leonard — Country Corners Extension Club will hold its regular meeting on Tuesday at 7:30 p.m.

The Methodist WSCS will meet at the home of Mrs. Joyce Terry on Thursday at 8 p.m.

TEBO — Poppleton Preschool group will meet Tuesday at 8 p.m. for election of officers and a discussion on the coming year.

TAILORED TERRIER — Chico, a Tabordale Yorkshire terrier, doesn't appear too happy muffled in a canine duflie coat as it awaits the opening of a dog show in London, England.

Capture Pair in Oak Park

Breaking and Entering Charge Held Against Two Area Youths

OAK PARK (INS) — Oak Park Police today were holding a 23-year-old man and a juvenile boy for investigation of breaking and entering after they captured the pair inside a grocery early yesterday.

Officer Matthew Gubacz was making his rounds alone when he noticed a car that had not been there 20 minutes earlier parked in front of a row of stores.

He found the keys in the ignition and heard noises in the store at 8250 W. Nine Mile. The officer radioed for help and patrolmen Donald Nagel and Charles Palmer answered the call.

They found Richard W. Loveday of Ferndale, and the boy inside the store.

The pair told police they drove the automobile against the side door to help force it open.

Deaths in Nearby Communities

Mrs. Durwood (Lorena) Lewis — **ORTONVILLE** — Service for Mrs. Durwood (Lorena) Lewis, 45, of 565 Oakwood Rd., who died Sunday, will be held Wednesday at 2 p.m. from the Christ Lutheran Church in South Hadley with burial in the Christ Lutheran Cemetery. Mrs. Lewis will be at the C. F. Sherman Funeral Home until 12 noon Wednesday.

She is survived by her husband; four sons, Kenneth, Jerry, Larry and Gary, all at home; her parents, Mr. and Mrs. Bernard Smith of Goodrich; two brothers, Ralph and Richard Smith of Ortonville, and one sister, Mrs. Frieda Peterson of New Jersey.

Mrs. Fred (Violet) Lahr — **FARMINGTON TOWNSHIP** — Service for Mrs. Fred W. (Violet)

Lahr, 62, of 28190 List, who died Sunday, will be held from the Thayer Funeral Home at 2 p.m. Tuesday. Burial will be in Glen Eden Cemetery with the Rev. Eric Butterworth officiating.

Mrs. Lahr is survived by her husband; one daughter, Mrs. Dorothy Bracken of Farmington; three sons, Fred W. of Northville, Jack of Stanton and Robert of Southfield Township; one brother, Ed Trotter of Ontario, and 10 grandchildren.

Francis James McNab — **WHITE LAKE TOWNSHIP** — Service for Francis James McNab, 70, of 508 Avonlea Dr., who died Sunday, will be held Wednesday from the Richardson-Bird Funeral Home at 3 p.m. Burial will be in Commerce Cemetery with the Rev. Robert Worgess officiating.

Mrs. McNab is survived by his wife, Florence; eight sons and daughters, Francis Allen of Roseville, Mrs. Laurel Pointer of Detroit, Mrs. Robert Manke, Roland and Henry all of Pontiac, Mrs. Richard French of Oxbow Lake, Francis James Jr. and Vivian at home; three stepchildren, Rosemary, Shirley and Helen Belinski, all at home; two brothers and two sisters, 17 grandchildren and 11 great-grandchildren.

John T. Haymore — **WALLED LAKE** — Service for John Thomas Haymore, 81, of Indianapolis, Ind., will be at 2:30 p.m. Wednesday from Trenton Presbyterian Church, Trenton, Tenn. His body was taken there yesterday from Richardson-Bird Funeral Home here, and burial will be in Oakland Cemetery. Mr. Haymore died suddenly Saturday at the home of a son Thomas White, Walled Lake.

He is survived by one other son, Hershel White, of Indianapolis and three grandchildren, three great-grandchildren.

Senior high principal, Albert Stickle, announced a box social and film presentation to be held at the Band Booster Club meeting at 8 p.m., March 18.

PTA members at their recent meeting here elected the following officers:

President, Mrs. Thelma Edwards; mother vice president, Mrs. Mary Schmidt; father vice president, William Beadle; teacher vice president, Mrs. Sarah Burkitt; secretary, Mrs. Ruth Haack, and treasurer, Mrs. June Sillers.

Senior high principal, Albert Stickle, announced a box social and film presentation to be held at the Band Booster Club meeting at 8 p.m., March 18.

WXYZ Moving to Southfield

To \$4 Million Site on 10 Mile

Land Planner Receives 400 Protest Signatures on 1,000-Foot Tower

SOUTHFIELD — Plans are under way for Station WXYZ to move from its present location to new \$4 million quarters at Ten Mile west of Northwestern highway.

President James G. Riddell of the Detroit station said the firm's entire radio and television facilities will be moved into the new studio within two years, providing approval is given by Southfield, the Federal Communications Commission, and the Civil Aeronautics administration.

WXYZ's present station in the Macahees building would be abandoned.

Plans call for three color television studios, three radio studios and complete administrative facilities in a colonial setting on the new site.

An option on a 93-acre tract has been acquired by the station, Riddell said, and added that only 40 acres would be used for the new radio and television station. The rest would be sold.

Riddell said the proposed 1,000-foot tower at the new site would be as beyond Flint. He said the present 445-foot tower on the Macahees building, Detroit, is inadequate to reach the fast-growing suburbs.

In the meantime, residents in the area are already protesting the construction of the 1,000-foot antenna.

Southfield's Land Planner James H. Hickey said this morning he has received a petition bearing close to 400 signatures protesting the tower.

Annual Book Sale Set in Rochester

ROCHESTER — Operation Books gets under way as the Rochester Junior Woman's Club announces May 23-25 as the dates for the second annual book mart at Oberg's Appliances. Proceeds will go to the various charitable endeavors of the Juniors.

For pick up of books call Mrs. Keith Crissman, OL 2-5791 or Mrs. Carl R. Simon, OL 1-0595.

Orion Episcopal Group Slates Lenten Dinners

ORION TOWNSHIP — Starting Thursday and continuing through Lent, the St. Mary's-in-the-Hills Episcopal Church will have fellowship dinners each Thursday at 8:30 p.m. Reservations are not necessary for the cooperative meal.

A worship service will be held at 8 p.m. each Thursday with the Rev. William C. Hamm using the theme, "Prayer and the Inner Self," throughout the series.

(Advertisement)

Waterford Dem Clubs Plan Supper Event

WATERFORD TOWNSHIP — The Waterford Township Democratic clubs are sponsoring a pancake supper from 5 to 8 p.m. Tuesday, March 19 at the Community Activities building on Williams Lake road.

Local candidates will be on hand to meet the public and several of the state candidates are scheduled to attend.

(Advertisement)

Co-chairmen of the family-style supper are Mrs. John Coleman and Mrs. James Seeterlin. Ticket chairmen are Mrs. Melvin Hampton and Mrs. Fred Haggard. Lewis Ruelle and Pat Daly are in charge of the kitchen and dining room.

Set Saturday Banquet

GROVELAND TOWNSHIP — The annual Father and Son Banquet will be held on Saturday at Mt. Bethel Methodist Church, corner of Jossman and Bald Eagle Lake roads. Serving begins at 7:30 p.m.

New Skim Milk Recipe Takes Off Weight Fast

By Ruth Whitney

A new "hi-vi" skim milk cocktail that helps you lose weight without feeling tired or suffering hunger pangs, has greatly impressed doctors today.

It's based on the discovery that your overeating of fattening foods can be due to a lack of vital nutrients in your body. To make up for this lack, you eat the foods that make you fat.

To overcome this deficiency, a new high-vitamin powder has been created. It is named Addit because you add it to a glass of skim milk (or water, orange juice or other liquid) and drink it before meals, 3 times a day.

The result is sensational. You lose those hunger pangs, eat less—lose weight fast. Addit actually contains food catalysts that help you "burn" fat away.

Then, as Addit floods your system with a concentration of 13 vitamins, minerals, other nutrients (and as you lose those excess pounds), you quickly lose that overtired feeling, gain in vitality. As Mrs. Evelyn White says: "I'm no longer nervous and listless."

Addit is delicious, too. Get a bottle at any drug store. Results are guaranteed or money back.

FREE BOOKLET, "Now...Reducing Can Be Easy!" Tells all you need to know for safe, fast reducing the Addit way. Contains a large selection of easy, tested reducing recipes, plus calorie information on all common foods. Illustrated. Easily worth 35¢-50¢. Just write Addit, P.O. Box 5215, Grosse Pointe 36, Mich., Dept. S-2

Clarkston Rated 'Dark Horse'

By BILL CORNWELL

There's a Class B regional basketball tournament coming to Pontiac High this week and if you're looking for a dark horse, Clarkston fits the role.

Mighty Walled Lake, Utica, Orchard Lake St. Mary and St. Clair will complete the "B" field here, and the strength of each team goes without saying.

But if the Wolves continue to

play like they did in the weekend district tourney, their opposition should prepare for trouble.

Clarkston became a giant killer Saturday night in the "B" finals at Pontiac High. The Wolves toppled

favored Rochester, 66-61, in a sensational, see-saw battle to annex the district championship.

Their triumph was a great moment for head coach Dom Mauti. His jubilant players immediately hoisted him to their shoulders and gave him a victory ride across the gymnasium floor.

St. Frederick's hopes for a Class C district title ended in despair, however. The Rams bowed to Almont, 45-35, in the same PHS gym.

Anyone who thinks there is no longer a place for the little man in basketball will have to come up with a solid argument to convince Mauti. For the Clarkston mentor has two of them and they were the ringleaders in Rochester's demise.

George Lang and Leroy Parks, a clever pair of diminutive guards, ruined the Falcons. Lang fired 23 points, Parks accounted for 20, and their dribbling and deft ball-handling were beyond reproach.

The Clarkston-Rochester game was thrilling to watch from start to finish. Both teams played superbly and the decision could easily have gone either way.

Fourteen times the lead changed hands. The score was tied 19 occasions, nine times in the 3rd quarter. At halftime the score was 30-30.

Clarkston gained the lead for keeps, 50-48, entering the final period. It was 63-61 with less than a minute to go and the Wolves added three insurance points from the foul line.

Dave Peters was magnificent in defeat. The classy southpaw tossed in 23 points in addition to starting on the boards. Three other Falcons broke into double figures, but this was a case as where balanced scoring didn't win.

It was too much for Larry Kersten as far as St. Fred was concerned. Almont's lanky center netted a dozen field goals and five free throws for 29 points. Most of his total was garnered underneath the basket.

St. Fred held a 14-12 lead going into the 2nd quarter, but the Raiders forged ahead at halftime, 25-21. They never relinquished their advantage.

Tom Derocher scored 11 points for St. Fred. The Rams ended their season with a respectable 11-5 record.

Vikings 'B' Champs

By CHUCK ABRAH

"Bring on those regionals." Is the cry out at Walled Lake this week as the power-packed Vikings prepare to meet the area's best Class B quintets in the tournament slated for Pontiac High beginning Wednesday.

Walled Lake will likely enter the regional tourney in the favorite role on the basis of the easy style in which it handled Brighton and Northville in the District tourney at Walled Lake over the past weekend.

The Vikings, coached by Bill Ullenbruch, completed the sweep Saturday night by handling Northville an 81-57 trouncing in a razzle-dazzle type contest marred by repeated trips to both foul lines. A total of 97 free throws were taken in the game.

Inspired Northville gave the impression it might give the home club a battle by racing to an early 9-3 lead and holding on to end the 1st quarter in front by 14-13. But Walled Lake took charge from then on, just as it had Friday after a close initial period ended Brighton.

Scoring and rebound see Larry Hughes pumped in two successive fields and Dennis McClellan added a 3rd to send WLLHS ahead to stay in the opening minutes of round two. Another six-point spree followed a Mustang foul and it was a question of how high the final tally would go the rest of the way.

The half ended 34-19 and it was

60-39 following a red-hot 3rd quarter in which 46 points were scored in eight minutes, 26 by the victors. Both teams emptied their benches in the finale enabling a total of 28 players to see action, 20 of them garnering points.

Hughes paced all the scorers with 26, 12 in that 2nd period thrust that completely changed the complexion of the contest. He hit 10-50 per cent of his floor shots and better than 66 per cent from the foul stripe.

Second in scoring but equal to Hughes as a sparkplug was southpaw Tom Willwerth with 15 points and some excellent all around play. Steady John Walker added 10, Dick Berry heaped 15 and Mac Burns swished 13 for the losers, who lost four players on personal fouls.

Ullenbruch who was carried around the court and almost tossed in the shower by his elated charges, had praise for every member of his squad but especially cited the big performances of Willwerth in the clinching of District crown.

"If he keeps going like that for us we could go all the way," commented the usually pessimistic Walled Lake boss, Willwerth was the tourney high point man with 37 big digits in two games.

Losing skipper Stan Johnston had nothing but praise for his team's conquerors following the final whistle. "We lost to the state champions. I don't see how anyone can beat them," he said.

With 32 Teams

NAIA Tourney Begins

KANSAS CITY (AP)—The week-long, 32-team "National Intercollegiate (NAIA) basketball tournament opened in Municipal Auditorium today and there's only the slightest inkling which team will take the championship trophy home Saturday night.

Eight teams were seeded when the pairings were drawn up. Pacific Lutheran of Parkland, Wash., was given the top spot, primarily because its 27-1 season record in-

cluded two victories over Seattle's AAU champions.

Texas Southern, which was beaten in the finals by McNeese State of Lake Charles, La., last year, was seeded 8th despite its 31-1 record, best in the field, and the fact it has all of its 1956 personnel returning.

McNeese is not in the tournament this year.

The other high seeded teams include, Youngstown, Ohio, University (19-3), No. 2; West Virginia Tech (31-2), No. 3; Western Illinois (21-2), No. 4; Portland, Ore., University (17-11), No. 5; Hamline (19-3), No. 6; and Southeastern Oklahoma State (22-5), No. 7.

WEEKEND FIGHTS
HOLLYWOOD, Calif.—Joe Louis, 36, Los Angeles, outpointed Larry Bateman, 120, Los Angeles, 36.
HAVANA—Victor Mendez, 135, Cuba, stopped Ike Vaughn, 136½, Cincinnati, 1.

Utica Wins at Troy

Eagles Stop Barons, 48-33

By H. GUY MOATS

A slow start made it rough for a time Saturday night for St. Mary's Eagles (OL). But former Eagles' star Rev. John Rakoczy sent his charges back in the 2nd half to grab the Bloomfield Hills "B" District title going away.

Eagles trailed early in the game, were tied at the half. They blew the game open in the 3rd period, went on to win easily, 48-33, over the host club, Bloomfield Hills.

Utica, tangle with Royal Oak Shrine at Troy High's gymnasium, also compiled 48 points to win the Troy District Class B crown. Shrine collected only two more points than Hills' 35.

Both St. Mary's and Utica will play in the Pontiac "B" Regional. Draw for this tourney was to be made today.

Win over the Hills boosted the Eagles' season mark to 17-10.

Hills put up a hot scrap during the first half, fell apart after intermission when they scored only 9 points. A lone basket by Chuck Mazey and a gift shot by Bob Barrett provided the last period production.

St. Mary's defense stiffened after the 24-24 first half, while the Eagles were flying in for layups and hitting from the corners. Barons' shooting was hurried and inaccurate, accounting for many lost points.

Three Eagles got in the double-figure class. Top man was Art Goidzinski with 13. Stan (Stash) Montuska had 12 and Captain Pete Madelans collected 12. Madelans was the playmaker and the rebounder, along with Goidzinski. Stucky Paul Frankowiak was a strong defensive player, added 7 points to the score.

Dave Drury, the big noise in the Barons' 64-46 win over Oak Park on Thursday night, suffered a drought Saturday, bagging only two goals compared to his 20-point production in the 1st game. Bob Elston, Randy Barrett and Chuck Mazey each had eight.

Utica grabbed a 2-point edge over Royal Oak Shrine at halftime 22-20, went on to pull away in the finale for a 48-33 count. Utica had a 33-28 edge going into the wind-up, of this Troy Class B district title test. First half was close.

Three of the winners' aces hit double figures, led by Lou Haase

with 15, Ken Thompson with 14 and Jim Cole with 13. Tom Ropers' 15 led Shrine.

Return to Home Town Triumphant for Eddie

By EARL WILSON

NEW YORK — The music publishing guys are all flocking to Philly to see Eddie Fisher's triumphant return to his home town. They have great faith in his appeal to the teenagers... and incidentally, whatever happened to all the girl recording stars?

Eddie's piling people in, making a million disc jockey appearances, and getting ready for Boston and Las Vegas. He and manager Milton Blackstone are hitting it off fine.

"He just needs a record," somebody said.

"Don't we all?" wailed one of the publishers.

Abbe Lane's such a hit with the Xavier Cugat TV show that Coogle says, "What a switch! She used to work for me. Now I'm workin' for her"...

Phil Harris had a severe kidney attack and Alice Faye was plenty worried for a few hours. And Anna Maria Alberghetti arrived in town sick.

"Some men go to great lengths to shorten their lives"—Rube Rustic... Allen Scott, the Philly radiocaster, told somebody that's standing by psychoceramics, and was challenged... "You mean psychoceramics, don't you?"... "Nope, psychoceramics," he insisted. "Crackpots."

How could they? The Sigma Chi boys at Southern Methodist didn't give Jayne Mansfield a tumble when they picked their "Sweetheart" in 1952. The college yearbook shows she was a brunette then!

THE MIDNIGHT EARL...

Peggy King, rehearsing for the Ray Bolger TV'er, showed off a three-carat engagement ring from Andre Previn... Socialists Dick Cawell got into a Miami Beach hassle with someone who objected to his scanty swim suit.

Robert ("Most Happy Fella") Weede tried vainly to stomp Charles Van Doren on the picture on the cigaret tax stamp. (DeWitt Clinton's)... Pretty Merry Anders will go dramatic on TV's "Cheyenne" series.

Hope Hampton and her Egyptian prince called the romance off... Georgiana Carhart, once the bouncy hit of "Life Begins at 80," is in a N.Y. nursing home... Jayne Meadows will leave "I've Got A Secret" for two weeks to accompany Steve Allen to H'wood.

MARY ANDRES

EARL'S PEARLS...

A spinster's a gal who's been kissed goodbye more often than she's been kissed good-night.

WISH I'D SAID THAT: "Marriage is the most expensive way I know to get your laundry done free."

TODAY'S BEST LAUGH: Someone described a crabby character: "He's the kind who spreads good cheer wherever he doesn't go."

There'd be fewer divorces if women hunted husbands, with as much thought and care as they hunt bargains. That's earl, brother.

(Copyright, 1957)

Pontiac C. of C. to Discuss Aid

Will Evaluate 15 Issues Presented in Meeting With Detroit Group

The Pontiac Board of Tax Review today moved into its second week of public hearings on 1957 assessments and taxes.

Today through Wednesday the morning and afternoon sessions in the assessor's office in the City Hall will be devoted to any questions or complaints citizens might have on real estate assessments.

Hours for the hearings before the five-man board are 8 a.m. until noon, and 1 p.m. until 4 p.m.

Approximately 350 persons appeared before the board last week seeking tax exemptions or reductions for reasons of retirement or diminished incomes.

James F. Spence is chairman of the board, while Gerald W. Kehoe and Bernon K. Archer are members. William A. Ewart, city attorney, and Oscar Eckman, director of finance for the city, are ex-officio members.

The assessments in question are those upon which city, school, and county taxes for the year must be paid by Pontiac residents.

Next week's session will be devoted to questions on personal property assessments, according to Mrs. Charles Boshears, clerk of the board.

American Imports Bulls as Ireland Eyes Export

SHANNON, Ireland — Fifteen purebred Irish Aberdeen Angus bulls left here by air last night for New York.

They were bought for W. Houghton of Queenstown, Md., for an estimated \$20,000 and are believed the first Irish-bred bulls ever purchased by an American breeder.

A government official said Ireland is hoping to build up exports of cattle to the United States, a field so far dominated by Scottish breeders.

Quiz Whizzes Tell Techniques

How They Get Answers Amazing as Ability to Answer Questions

NEW YORK (INS) — Teacher Charles Van Doren and lawyer Vivienne Neering will be mentally "squeezing," "associating," and "visualizing" tonight in efforts to break their tie on a big-money TV quiz show.

The two quiz contestants explained just how they think in separate interviews in New York before resuming their battle of wits and knowledge on TV's "Twenty-One."

Van Doren has beaten challenger after challenger to bring his winnings up to \$143,000. Mrs. Neering — "Television's Brainiest Blonde" — has tied him three times.

Tonight the winner gets \$2,000 for each point difference in their scores—\$42,000 if the score is 21 to 0—and knocks the loser off the program. If they tie again, the battle continues in the next game with the value per point raised to \$2,500.

Van Doren and Mrs. Neering agreed that the "Twenty-One" show atmosphere, the desire to win and the "isolation booth" create excellent conditions for dredging up the answers.

"The conditions of maximum anxiety," said Van Doren, "apparently make us think better."

Many answers, both find, are right on the tops of their minds. But often the answer isn't so easy. "You recognize that the question is one you can answer," said Van Doren, "but the problem is to remember."

Vivienne Neering finds association most helpful. "If I have read it," she said, "and don't remember the answer, I try to remember where I read it, in what book. Or if I heard it in a conversation, I try to remember what conversation."

"Sometimes I think about something closely related. I was asked about the Teapot Dome scandal, and I worked out the answer by remembering the law suit involved."

Both Van Doren and Mrs. Neering also use a technique of elimination. Mrs. Neering was asked to name the last opera of Rimski-Korsakov. First she eliminated all those she knew had been played during his life, and then her mind "jumped" to one I knew had been played for the first time after his death because of censorship problems — "Le Coq d'Or." She was right.

Van Doren was asked to give the date of the battle of Trafalgar, 1805. He said:

"I didn't know that I had ever known the date, but I knew I could figure it out from other things I knew about Trafalgar."

"I knew the news got to Napoleon immediately, and then he marched across Europe to win the battle of Austerlitz in 1805. I knew that from 'War and Peace'."

DAMASCUS, Syria — The Iraq Petroleum Co. announced today it would start pumping Iraqi oil for Western Europe through its sabotaged Baniyas pipeline across Syria within 48 hours. The company said the amount pumped would be 40 per cent of normal.

Suleiman Mudarres, chief representative of IPC, said oil would begin flowing through the pipeline to Tripoli, Lebanon, at the same rate toward the weekend.

A 32-inch line runs to Baniyas and a 16-inch pipe to Tripoli. Syrian army units sabotaged the pipeline pumping stations 127 days ago, when Britain and France launched their invasion of the Suez Canal Zone. Syria would not let the company begin repairs until Israel withdrew her troops from the Gulf of Aqaba area and the Gaza Strip.

A government official said Ireland is hoping to build up exports of cattle to the United States, a field so far dominated by Scottish breeders.

Securities Group Begins Crackdown on Juggling and Fraud in Stock Sales

WASHINGTON (INS) — A new crackdown by the Securities and Exchange Commission on high-pressure stock sales may bring criminal charges against 125 persons in New York City alone.

Testimony released by the House Appropriations Committee disclosed multi-million dollar broker profits were being made through stock market "manipulation" and fraudulent salesmanship on long distance telephones.

The SEC said it was "working actively" on a dozen criminal reports for the Justice Department which should involve 75 to 325 defendants in the New York City area.

'BOILER ROOM'

One or two of these so-called "boiler-room" operations were reported to have been "nipped in the bud" in Los Angeles and a quick halt was made in others planned for Chicago and Washington, D. C.

The commission said six "boiler-room" operators sold nine million shares for 30 million dollars during one six month period last year. The loss to buyers in the first six months was 50 per cent, the SEC said, and early this year the loss rose to 75 per cent. The brokers were said to have reaped a profit of \$4,500,000.

The report disclosed that a Canadian high-pressure operation "took \$15,000 out of Spartanburg, S. C., in one week."

VIOLATED LAW

Chairman J. Sinclair Armstrong said the law was violated through "misrepresentation of the value, assets and earning power of the security; and most important of all, by a misrepresentation of its future appreciation."

Armstrong, describing the methods used by the fraudulent brokers, said: "The pitch they

Sentence Ex-Bailiff in Killing of Farmer

WHITE CLOUD (AP) — James M. King, former Wayne County Common Pleas Court bailiff, was sentenced to 20 to 30 years in prison yesterday in the Nov. 16 fatal shooting of Newaygo County farmer George L. Krise.

The 48-year-old Detroit man was convicted of second degree murder Feb. 16 by a Newaygo Circuit Court jury. He had pleaded self defense in the shooting on the grounds that Krise had threatened him with a shotgun.

Krise, a father of six, was shot five times with a .38 caliber pistol after ordering King and several hunting companions off his 80-acre farm.

Circuit Judge Earl C. Pugsley granted an audience in his chambers to King and defense attorney S. Allen Early before pronouncing sentence, but declined to reveal what was said.

King heard the sentence with tear-filled eyes and quivering lips. He could have been sentenced to as much as life imprisonment.

WORRIED OVER DEBTS?

Urge Outside Training

WASHINGTON (AP) — Administration officials have urged Congress to approve a bill permitting all government agencies to send federal employees to outside training schools.

Frederick J. Lawton, member of the Civil Service Commission, told a Senate committee that one Air Force physicist, who received a \$282 training course, later designed an improvised missile test control system estimated to reduce operating costs by several million dollars.
