City OKs Vast Urban Renewal Plan

ONE COLOR

By ED BLUNDEN

The City Commission adopted the far-reaching Pontiac Plan for its urban renewal lands at last night's meeting.

The plan hopes to change the city's vacant acreage, fallow since 1961, into a $100-million privately built complex of housing, services, recreation and shopping.

The plan has been examined by federal officials and has their preliminary endorsement, according to city officials. The concept — for multiple, varied use — is the brainchild of Bruno Leon and Associates, urban design consultants of Detroit.

Its adoption by the City Commission is a major step toward its implementation.

INDEPENDENT STUDY

Independently, the Pontiac Area Planning Council (PAPC) has a committee, the Downtown Task Force on Feasibility, examining the plan. It will submit a report at the next PAPC meeting, tomorrow at 7:30 p.m. at the Pontiac Board of Education Office, East Wide Track at Auburn.

★ ★ ★

The City Commission's adoption of the Pontiac Plan appeared to be with a note of cautious optimism. However, it was unanimous and positive.

Mayor William H. Taylor Jr. explained the commission feels perhaps too much enthusiasm was poured on two previous plans for the land, which fell through.

The unsuccessful plans centered around construction of a large, new commercial center. The Bruno Leon approach is diversified.

VITALIZING FACTOR

Pontiac Urban Renewal Director James L. Bates calls the project "sound, feasible, acceptable, practical," and "a factor which could revitalize the entire community."

Last month Bates and other planners met with officials of the Housing and Urban Development (HUD) office in Chicago. His report to the commission of the meeting states, ". . . the HUD officials enthusiastically received the Pontiac Plan and pledged their support to doing everything within their means to help us . . ."

The Pontiac Plan has a basic difference from most other cities' plans, Bates said.

★ ★ ★

He explained: "In most cases the land is cleared and then offered to various organizations which would present their idea for development.

"In Pontiac, we present a basic plan and ask the developer to conform. This has many advantages. For instance, a developer will know what to expect will be built adjacent to his property. Though development might be piecemeal, it will be according to a central idea that will not give rise to conflicts such as traffic problems, parking, walkways, etc.," he said.

Probably the most important factor in the Pontiac Plan is underground parking, Bates said. This allows much denser development above ground, he pointed out.

★ ★ ★

Following are some of the construction proposals in the complex: 20-story office building, executive facility hotel, 200-bed convalescent hospital, luxury apartment building about 20 stories high, sports arena (skating, boxing, basketball) seating 6,000 and doubling as a convention center, convention auditorium seating 1,200, 400-seat restaurant, 8-story professional building (doctors, dentists, lawyers), art museum with 200-seat auditorium (possibly a public-owned building), small shopping areas with specialty stores along walkways.

Nixon Honeymoon May Be Short One

WASHINGTON (AP) — Democratic congressional leaders — while not reneging on pledges of cooperation to Richard M. Nixon — are making preparations that could mean a short honeymoon for the new president.

The House Education and Labor Committee drew unmistakable battle lines in three areas yesterday with introduction of a whopping $14-billion school construction bill and measures to continue President Johnson's antipoverty and school aid programs.

On the Senate side, Majority Leader Mike Mansfield of Montana announced he is broadening the scope of the Democratic Policy Committee as a step toward offering party alternatives to Nixon programs.

In the House, Education and Labor Chairman Carl D. Perkins' early trip to the hopper may signal a strategy of pushing popular, but costly, programs to force the Republicans to oppose or trim them.

ON GRAND SCALE

Perkins' school construction bill is a new departure on a grand scale. It calls for annual expenditures of about $2.8 billion for five years to help build elementary and secondary schools.

The money would go to school districts on the basis of the number of pupils they have from low-income families — the same formula used in the Johnson school program.

★ ★ ★

The bill calling for a five-year extension of the antipoverty program also runs counter to the new administration's plans to study the operation of the program and, perhaps, eliminate some of it or transfer parts to other agencies.

In the Senate, Mansfield said that besides its normal duties of scheduling legislation for floor debate, the Democratic Policy Committee will be encouraged to form party policy decisions on major domestic and international issues.

★ ★ ★

Edward M. Kennedy, D-Mass., was added to the committee as the new party whip. Among other new members are Chairman J. W. Fulbright, D-Ark., of the Senate Foreign Relations Committee, a Vietnam war policy critic, and Sen. Philip A. Hart, D-Mich., a leader in sponsoring social welfare legislation.

More Snow Due in Pontiac Today

More snow is headed this way.

According to the U.S. Weather Bureau, snow was to begin falling this afternoon, ending by late tonight. Total will be three to five inches.

★ ★ ★

Temperatures are expected to skid to 12 to 18 tonight and climb to 20 to 25 tomorrow.

Mostly cloudy, windy and colder with chance of snow flurries is the outlook for tomorrow. Partly cloudy and colder is Friday's forecast.

BELOW NORMAL TEMPERATURES

Temperatures through Monday will average four to five degrees below normal, with highs in the 20s and lows near 12 to 15.

★ ★ ★

Precipitation probabilities in per cent are 70 today, 90 tonight and 40 tomorrow.

Eight degrees above zero was the low temperature in downtown Pontiac prior to 8 a.m. today. The mercury had moved up to 21 by 2 p.m.

Radcliffe VP's Daughter Slain

CAMBRIDGE, Mass. (AP)—Investigators searched today for the weapon used to kill Jane Britton, 22, a Harvard graduate student whose body was found sprawled face down across a blood-spattered mattress in her apartment.

MISS BRITTON

A medical examiner said the daughter of the administrative vice president of Radcliffe College had been struck a massive blow on the left side of the head behind the ear by a sharp weapon. Investigators theorized a hatchet or a cleaver was used.

Dr. Arthur McGovern of Cambridge, who ruled the death a homicide, said the shape of the wound indicated that the girl was facing her assailant when struck. He said she had been dead 10 to 12 hours when her body, clad in a disarrayed nightgown, was found at 12:40 p.m. yesterday.

An autopsy performed last night by McGovern disclosed that the girl had also been struck at least twice in the face with the weapon.

LACK SUSPECT

Authorities said the autopsy revealed no evidence of sexual attack.

Police said they were without a suspect. They said there was no evidence of a struggle or of robbery.

The slim, petite brunette was the daughter of Mr. and Mrs. J. Boyd Britton of Needham. A graduate of Radcliffe, she was in her second year as a student in anthropology.

After Ship Sinks

12 Rescued at Sea

NEW YORK (AP)—Twelve men from a research vessel that foundered in the North Atlantic were plucked from a life raft today after spending 26 hours in the open sea, the Coast Guard said. The men were wet and cold but were otherwise unharmed.

The Essikristine, a Norwegian freighter, picked up the men at 2 a.m., a Coast Guard spokesman in New York said, after the deck officer spotted flashlight signals.

The 12 men huddled in the single life raft after abandoning their ship, the Sea Surveyor of New London, Conn., at midnight Monday, 20 minutes before the vessel sank about 280 miles southeast of New York.

The Sea Surveyor, 118 feet long, was owned by the Electric Boat Division of the General Dynamics Corp. An air-sea search was begun after the ship failed to report its position at noon yesterday while on its way to a rendezvous with a U.S. Navy submarine.

ROUGH SEAS

Winds were 20 to 25 knots and waves eight to 15 feet in the area where the men were picked up, the Coast Guard said.

The rescued men included seven crewmen and five observers, including two men from the Navy's Underwater Sound Laboratory.

The ship sailed from New London Sunday, bound for Rotterdam.

The Sea Surveyor checked in at noon Monday and reported no trouble.

The Coast Guard said the cause of the Sea Surveyor's foundering was undetermined.

2 Sirhan Motions Rejected

LOS ANGELES (AP) — Defense motions to set aside Sirhan Bishara Sirhan's indictment and his plea of innocent come before Judge Herbert V. Walker today as his trial resumes on charges of murdering Sen. Robert F. Kennedy.

The case of the People vs. Sirhan opened formally yesterday. Within minutes, one of Sirhan's attorneys asked for a closed session in Walker's chambers to discuss motions.

★ ★ ★

After an hour in chambers, four motions were introduced in open court and Walker — after ruling against two — directed the defense to submit written requests today on the others.

Sirhan, 24, a Jordanian who came to this country as a boy, was neatly dressed in a gray suit when he entered the heavily guarded, 75-seat courtroom.

LEGAL TECHNICALITY

The motion to withdraw the plea of innocent is a legal technicality. Under California law, an indictment can not be quashed while a plea stands. After a plea is withdrawn, and if another indictment is returned, the original plea may be reentered.

★ ★ ★

The motion attacking Sirhan's indictment is based on a contention the grand jury which indicted him was not composed of a proper cross-section of the community, said Russell Parsons, one of three defense lawyers.

The defense also asked Walker for a 30-day delay to prepare the motion on Sirhan's plea and the jury list and requested two juries — one to decide Sirhan's guilt or innocence, the other to set the penalty if he is convicted. Walker ruled against both.

★ ★ ★

Seats in the tiny courtroom were divided about evenly between security officers and newsmen, with only five members of the general public admitted. Sirhan's mother, Mary, 55, and brother, Munir, 21, sat in a back row.

2 Killed, 30 Hurt in Blast at Plant

CHICAGO (AP) — At least two workers were reported killed and more than 30 injured today in an explosion in an industrial plant in suburban Broadview.

Police said the injured were taken to hospitals in Melrose Park, La Grange and Hines, all in the suburban area west of Chicago.

★ ★ ★

The explosion was in the Chase Products Co., a manufacturer of insecticides and other chemical products.

Police said they were told more than 150 persons were employed in the plant. The blast occurred about 8 a.m., shortly after most employes had reported for work.

★ ★ ★

The one-story plant was reported extensively damaged by the blast. Fire equipment converged on the scene.

Bell Breaks Ground for Expansion

Several Pontiac business and civic leaders participated in ground-breaking ceremonies yesterday for an estimated $12.4-million five-story addition to the Michigan Bell Telephone Co. building at 54 E. Huron.

Completion date for the new addition is set for the spring of 1970. It will mean the addition of 200 employes, said Charles B. Woodhead, Michigan Bell's Pontiac community relations manager.

★ ★ ★

The addition will bring new equipment for faster handling of dialed calls, more directory assistance and long-distance switchboard positions, he said.

★ ★ ★

Designed by Ellis Naeyaert Associates of Warren, the 175,000-square-foot addition will be built of structural steel with a limestone exterior. The new portion will face Mill street.

BIG DOWNTOWN PROJECT

The facility will be one of the largest building projects to be undertaken in downtown Pontiac in a number of years, said Mayor William H. Taylor Jr. at a luncheon following the ceremony, yesterday.

Related Photo, Page A-2

After a short address, Taylor presented the key to the city to Kenneth J. Whalen, president of Michigan Bell.

★ ★ ★

Whalen said the building itself will cost about $5 million and house the newest equipment in order to meet customer demands and fulfill company expectations for the future.

He added the new facilities will provide relief for present operations, heavily overburdened in the Pontiac area because of tremendous growth and strong demand for higher grades of service.

'GROWTH TO CONTINUE'

"We believe the economic and population growth of the area is going to continue. We plan to meet area needs as they presently stand and anticipate and meet needs that are certain to exist in the future," Whalen said.

"Pontiac has the potential to be the vital center of this growing area and we are trying to make Pontiac the hub of this (telephone) business in the area," he continued.

★ ★ ★

The original Michigan Bell building was completed in 1929 and expanded both laterally, and vertically to four stories, in 1948. A fifth floor was added in 1957.

Pontiac Press Photo by Ron Unternahrer

GROUND-BREAKING CEREMONY — Participating in ground breaking for an estimated $12.4-million addition to the Michigan Bell Telephone Co. building in Pontiac are: in the cab, Mayor William H. Taylor Jr. (left) and Kenneth J. Whalen, president of Michigan Bell; below (from left) State Sen. L. Harvey Lodge, R-Waterford Township; Robert Eldred, president of Community National Bank; Edward Barker, president of Pontiac State Bank; Howard H. Fitzgerald II, publisher of The Pontiac Press; Robert Lilly, member of the Oakland County Board of Auditors; Martin Caserio, general manager of GMC Truck and Coach Division; E. Eugene Russell, Michigan Bell district manager, and State Rep. Arthur Law, D-Pontiac.

It's Almost Impossible to Get Home Loan, Bankers Agree

Home mortgage loans are proving almost impossible to get in the Pontiac area today, officials of Pontiac's two major banks reported.

The rise in the bank prime interest rate to 7 per cent across the nation has forced local banks to a greater selectivity with regard to their lending practices, according to Edward Barker, president of Pontiac State Bank.

Related Graph, Page D-8

Warren Eierman, executive vice president of Community National Bank, said that Michigan law imposes a legal limit of 7 per cent on home mortgages.

"Until such time as the State Legislature raises the legal limit, it will be exceedingly difficult to get money for homes," Eierman said.

RELIEF UNDER CONSIDERATION

He reported the Legislature is now considering a bill which would allow some relief.

Corporate customers in Michigan have no such limitation and corporate borrowers are now paying above 7 per cent.

Banks which are paying a higher interest rate for the money they borrow are more inclined to lend where the return is greater and the credit assured, both men agreed.

Eierman said that unless relief is soon to come, he can envision small businessmen in need of money incorporating to get outside the limitation and to get money at the greater corporate rate of interest.

READJUSTMENT LIKELY

Consumer loans, which are charged at

BELL ADDITION — This architect's drawing shows how the $12.4-million addition to the Michigan Bell Telephone Co. building in Pontiac will look when completed in the spring of 1970. Ground was broken yesterday for the five-story structure on Mill near East Huron.

Legislature Assembles; Dems Take House Reins

From Our News Wires

LANSING — The 75th Michigan Legislature assembled for the first time today, beginning its 1969 session with a touch of pomp and ceremony.

Democrats made ready to take control of the House of Representatives, which Republicans held by a narrow margin in 1967-68. The Senate, whose members did not face re-election last year, remained 20-18 in GOP control.

★ ★ ★

It is the first split lawmaking body in 32 years, and only the second in Michigan history.

House and Senate members talked mostly about school problems and resigning Gov. George W. Romney's surprise suggestion that parochial schools abandon the teaching of reading, writing and arithmetic.

STATE OF THE STATE

Lt. Gov. William G. Milliken, who will become governor when Romney resigns later this month to become U.S. Secretary of Housing and Urban Development, will deliver his first state of the state address to a joint session tomorrow at 11 a.m.

Milliken is expected to take a different approach to the parochial school matter than that outlined by Romney in his farewell message. Some observers expect the new governor to indicate support for a limited tax aid plan for non-public schools.

★ ★ ★

Attention was focused on the House, where once a major leadership fight had appeared likely. Now, observers thought, majority Democrats had closed their ranks.

If so, Rep. William A. Ryan, D-Detroit, a soft-spoken 49-year-old former miner, Marine and UAW local president, will be elected speaker, or chief presiding officer, of the chamber.

'Home Loans Scarce in Area'

(Continued From Page One)

the effective interest rate of 9 to 14 per cent, have so far not been affected, but both officials foresaw some probable readjustment.

Such loans, made for the purchases of cars, appliances, etc., are set up at 5 to 6 per cent interest rates, but an add-on or discount clause has raised the over-all charges, the officials reported.

★ ★ ★

The rise in the prime bank interest rate was denounced by a congressional expert yesterday as a "robbery" which could cause "depression . . . like we have never seen before."

Rep. Wright Patman, D-Texas, chairman of the House Banking and Currency Committee, attributed the rate rise to the influence big banks exert on the Federal Reserve System.

3RD TIME IN 6 WEEKS

It was the third time in six weeks that inflationary pressures have forced a rise in the prime rate. The prime rate is the interest charged by banks to the biggest and the most credit-worthy borrowers.

The increase in interest rates had an immediate effect on the stock market, which yesterday slumped sharply for the second consecutive day.

★ ★ ★

An economist said, however, the squeeze should finally cool the economy and ease the price spiral.

Vaccine to Bermuda

HAMILTON, Bermuda (AP) — Hong Kong flu vaccine is being flown to Bermuda from Australia to protect the aged and infirm from an epidemic sweeping this British resort island.

State Personal Income in '69 Expected to Rise $1.5 Billion

LANSING (AP) — Michigan's personal income is expected to climb $1.5 billion during 1969 even though many economists predict a decline in economic activity, the Department of Commerce said yesterday.

During 1968, the department said, Michigan experienced "the best year during this entire decade with the exception of the strong year of 1965."

★ ★ ★

"Michigan will continue to register economic gains in 1969 even though a nationwide slowdown in economic activity is widely forecast for the first six months as measures to reduce inflation take hold," the department said.

Gross State Product—(GSP)— the total value of all goods and services—is expected to increase 4.5 per cent to $41.8 billion, the department forecast. Retail sales are expected to climb 4.1 per cent to $16.65 billion.

NOTE OF CAUTION

These projections would raise substantially, the department added, if the predicted slowdown fails to materialize.

In reviewing 1968, the department said personal income payments jumped 10.3 per cent to $32.1 billion; retail sales increased 9.6 per cent to an estimated $16 billion; deposits in federal reserve system member banks jumped 16 per cent, and nonfarm employment rose by 81,000.

★ ★ ★

Significant strides were made during the past year in nonautomotive sectors of the economy, the department said, adding that the largest nonautomotive expansions were made by the Westab Inc. of Kalamazoo, Mueller Brass Corp. in Port Huron and Peerless Cement Co. in Detroit.

Part of the industrial expansion was made possible through the issuance of industrial revenue bonds. Municipalities issued $193 million tax-free bonds during 1968, the department said, creating 5,000 manufacturing jobs.

Upper Michigan's economy during 1969 is expected to be assisted because of a reduction in tolls across the Mackinac Bridge, organization of economic development districts and financial support of the Upper Great Lakes Regional Commission.

Accused Slayer Sued by Family

A Birmingham orthodontist awaiting trial for first-degree murder in the shotgun slaying of his ex-wife and son was sued yesterday for more than $700,000 by his stepdaughter and her husband.

Mrs. Elizabeth M. Mallek, 1524 Fairway, Birmingham, in two suits filed in Oakland County Circuit Court, seeks damages totaling $500,000 for the loss of companionship of her mother, Mrs. Blanche Boucher, 49, and 7-year-old stepbrother, Daniel.

★ ★ ★

Her husband, Ronald, in a separate suit, is asking that he be awarded $200,000 for damage and "extreme mental anquish" suffered when his father-in-law, Dr. Daniel J. Boucher, 44, shot up his home after the double slaying.

Boucher has been held without bond in the Oakland County Jail since the Oct. 16 killings. His trial is scheduled to get under way Jan. 24 before Oakland County Circuit Judge William R. Beasley.

EXCHANGE OF SHOTS

The incident at the Mallek home, which involved an exchange of shots between Mallek and Boucher, reportedly occurred after the killings at Mrs. Boucher's home at 3130 W. Long Lake, West Bloomfield Township.

Problems involving a property settlement between the Bouchers, recently divorced, were attributed by the Malleks at the time of shootings as the cause of Boucher's acts. The Bouchers had been married since 1959.

★ ★ ★

Mallek said in his suit that Boucher had threatened his life "many times."

The three lawsuits, each assigned to a different circuit judge, ask that Boucher pay court costs, interests and attorney fees.

VICTIM'S ATTORNEY

Detroit attorney James H. Hudnut, Mrs. Boucher's attorney, is representing the Malleks in their damage suits.

'Saigon Eager to Talk'

PARIS (AP) — A South Vietnamese delegate newly back from Saigon insisted today his government is anxious for peace talks to begin, but he rejected any idea of equality for the Vietcong's National Liberation Front.

This appeared to be the latest word from Saigon on the deadlock of the Paris talks, and to quash any American hopes that the conference can get started before the Jan. 20 inauguration of Richard M. Nixon as president of the United States.

May Depend on Rezoning

Kresge HQ Moving to Troy?

The S. S. Kresge Co., nationwide variety store chain, apparently is planning to move its national headquarters from Detroit to a site in Troy, it was reported today.

While officials of the company could not be reached for comment on the report this morning, it has been rumored for some time that the company was eying property owned by the Biltmore Development Co. northwest of Big Beaver and Coolidge.

★ ★ ★

A public hearing is scheduled Monday before the City Commission on a rezoning request from the development company, which would change 60 acres to office use.

Norman Cohen, Biltmore attorney and a partner in the firm, stated when the request was introduced that a prospective tenant was seeking a 30-acre site for a $15-million office building.

INVOLVED IN DISCUSSIONS

Kresge has reportedly been involved in discussions with representatives of the City of Detroit about the possibility of relocating its headquarters in a more spacious site within that city.

★ ★ ★

Kresge officials have confirmed previously that the firm is studying plans for proposed relocation, but have not revealed sites under study or any timetable for the proposed move.

The company presently owns a large parcel on Maple near Livernois in Troy, which was purchased in 1966. A Kmart Store is located there.

★ ★ ★

Plans for moving are reportedly prompted by a need for additional offices, the headquarters apparently having outgrown the five-story, block-square building in Detroit which serves as the firm's main base now. About 1,000 employes would be affected by a relocation.

ABOUT 1,000 STORES

The company, founded in 1899, operates about 1,000 variety, department and discount stores with 50,000 employes and over $1 billion in annual sales.

If the firm relocates on the Biltmore property, it would become part of a proposed office-shopping center complex occupying about 120 acres.

★ ★ ★

The development company recently sought successfully rezoning of a 52-acre parcel northeast of Big Beaver and Coolidge to commercial to allow construction of a "regional shopping center."

Rocky Ties Cuts to Tax Increase

ALBANY, N.Y. (AP) — Gov. Nelson A. Rockefeller challenged the legislature today with a plan for a 5 per cent, across-the-board cut in state spending, coupled with a 1 per cent increase in the state sales tax.

The Republican governor had been expected to recommend raising the sales tax from 2 to 3 per cent, but the economy demand was a surprise.

★ ★ ★

In his annual "State of the State" message, Rockefeller told the lawmakers in effect that they either could accept a sharp cutback in state aid to their home districts or raise taxes beyond levels he deemed prudent.

"Our state's economy is sound and growing," he said, " . . but the spending required by law for aid to local government is growing beyond our capacity to meet it."

★ ★ ★

Rockefeller told the 1969 legislature's opening session that, after paring the spending requests of state department and agency heads to the bare minimum, he still faced a $620-million deficit in trying to balance his next budget, expected to hit $6.7 billion. A balanced budget is required by law.

★ ★ ★

To close the gap, he recommended raising the sales tax, a step that he estimated would yield $340 million in additional revenue and cutting 5 per cent from budget spending recommendations, to save $340 million.

SPOCK BACK IN COURT — Appearing in a happy mood as they enter a Boston court yesterday are Dr. Spock (right) and his wife. They heard former Supreme Court Justice Arthur Goldberg appeal the conviction of the renowned baby doctor and three others on antidraft conspiracy charges. Shown with the couple is Michael Ferber, 23, one of those convicted. Goldberg, occasionally wagging his finger at a three-judge tribunal, argued that "no conspiracy has been proven." No decision is expected for two or three months.

Birmingham

Millage Hike to Be Asked for Schools

BIRMINGHAM — School district voters will be asked to approve a new millage rate for operation of the schools during 1969-70.

The board of education last night authorized school supt. John B. Smith to secure permission from the Oakland County Election Screening Committee to hold the special election either March 24 or March 31.

★ ★ ★

Voters will be asked to approve up to 12.75 mills. The board will decide the actual millage rate increase at its Jan. 21 meeting. The ballot will contain a bonding question, yet to be formulated, which will ask funds to build additions to both high schools.

Approximately 7.5 of the 12.75 limit would be renewal of a current tax with the remaining 5.25 an increase. The present program and take care of increased enrollment; .96 mills for essential program improvement; 2.6 mills for salary increases for the system's 1500 personnel; .34 mills for additional program improvement and .5 mills for program research and development. The millage requirements are in accordance with a recommendation in December by the Citizens Advisory Committee.

COMPLIMENTARY LETTER

In other business, the board announced that a complimentary letter had been received from the Traffic and Safety Division of the Michigan State police, praising the school system's excellent condition in the area of school bus transportation.

The board also accepted the resignation, effective Feb. 7, of Richard Zweiback, director of personnel relations for the school system since 1967.

★ ★ ★

Zweiback has been named director of school personnel relations services with the National School Boards Association in Evanston, Ill.

Supt. John B. Smith announced that the new Bingham Farms Elementary School will be open for classes on Jan. 16. Teachers will report on the 15th.

The board also gave the superintendent a new five-year contract retroactive to October 1968 and extending to Sept. 30, 1973. The salary has been set at $35,875 and will be subject to review annually.

The Creative Real Estate Company of Birmingham has purchased the Marquette Building, a 10-story office building in Detroit's downtown financial district for more than $1 million. A modernization and improvement program is planned.

'Public May End Area Gas Strike'

DETROIT (UPI) — Public pressure may be the key to settling the strike by the Oil, Chemical and Atomic Worker Union against seven oil companies in Detroit, according to one top union official.

★ ★ ★

J. Roy Johnson, secretary treasurer of Local 7 389 of the OCAW, said the oil companies may be forced to settle with the union if their gasoline supplies start drying up.

NATIONAL WEATHER — Rain is predicted tonight for the Pacific Northwest and the Rocky Mountain region. There will be snow in the vicinity of the Great Lakes and in the Ohio River Valley.

Navy OKs Oil Tipster Case Review

WASHINGTON (AP) — The Navy has agreed to a Civil Service Commission review of disciplinary action taken against a civilian employe who triggered public disclosure of massive thefts of U.S. military fuel supplies in Thailand.

Sen. William Proxmire, who earlier asked for such a review, announced the Navy's action today. He had complained that the service had retaliated against John McGee, the civilian inspector who first tipped him to the thefts of the oil supplies.

★ ★ ★

Proxmire also said he will insist the civilian heads of the Navy and Air Force give close personal consideration to the cases of McGee and A. E. Fitzgerald, an Air Force management expert who testified that production of an Air Force transport will cost $2 billion more than official estimates.

Both men, Proxmire said, "appear to have been penalized for doing their jobs too well."

McGee said he was abruptly transferred from his assignment in Bangkok, assigned to a make-work job in Virginia and denied a customary in-grade pay increase after he said he complained that official laxity was allowing widespread fuel thefts to go unchecked.

A General Accounting Office report said at least 5.5 million gallons of fuels and lubricants were stolen in 1967 alone.

★ ★ ★

Fitzgerald, a deputy for Air Force management systems, said that 12 days after he testified before Proxmire's government economy subcommittee he was told he had incorrectly been given career tenure due to "computer error."

Probers Hunt Common Cause in 2 Airliner Crashes

BRADFORD, Pa. (AP)—Was there a common cause for the crash of two Allegheny Airlines planes near here under almost identifical conditions and less than two weeks apart?

That is a riddle that government investigators hoped to solve as they worked today seeking to find what caused the crash of the second plane.

★ ★ ★

Eleven persons were killed and 17 injured Monday night when the twin-engine Convair 580 propjet crashed on a golf course five miles from Bradford Regional Airport while flying through snow for a landing.

On Christmas Eve, the same kind of plane slammed into a marshy area while making a landing approach to the same airport, again in a snowstorm and about the same time of night. Twenty were killed and 27 injured in that crash.

MICHIGAN VICTIMS

Seven persons from Michigan or with Michigan connections were killed in the Christmas Eve crash of the plane bound from Detroit to Bradford. Three Michigan persons survived the most recent crash.

"From a factual standpoint, it was the same kind of airplane in the same place," said Russell Abbott, head of the 10-man team of investigators for the National Transportation Safety Board.

★ ★ ★

"Whether the circumstances are the same is far from being resolved."

Abbott added that the situation is "coincident enough to assign the same team" that probed the Christmas Eve crash. No conclusions have been reached about that crash, he said.

CRASHES SIMILAR

An airline spokesman said both planes were approaching the same runway, but from opposite directions.

And in both crashes, the planes clipped off the tops of trees before hitting the ground and flipping over on their backs. In neither crash did the crews give any indication of impending disaster.

★ ★ ★

Even the routes of the planes were the same, although in different directions. The plane that crashed Christmas Eve was Allegheny flight 736. It had left Detroit and landed at Erie, Pa., and was headed for Bradford and Harrisburg, Pa., before flying to Washington.

The plane that went down Monday night was Allegheny flight 737, flying from Washington to Detroit with the same stops.

SEAL OFF AREA

Investigators sealed off the snow-coated Pine Acres Golf Course. They recovered the plane's flight recorder and cockpit voice recorder, devices that keep track of the plane's movements in flight and conversations between the pilot and copilot.

Pilots of both planes were killed in the crashes.

★ ★ ★

A surviving passenger of the second crash, Sandy Cherico of North East, Pa., and a World War II pilot, came up with a theory of his own:

"The flight chart for the airport is off, or there is somebody in the area with a citizens' band radio operating on the same frequency as the airport."

★ ★ ★

An Allegheny spokesman said radio waves could affect a plane's homing device that guides it into airports, but said pilots have other instruments, such as altimeters, to guard against making low approaches.

The first lighthouses were beacons to guide ships into a harbor, rather than warning signals as they are now.

Controversy Clouds Troy School Issue Vote Monday

(EDITOR'S NOTE)—A special election is sceduled for Monday in the Troy School District on renewal of an 8-mill tax levy for operating expenses and approval of a proposed $6.75 million bond issue. This is the first of a series of three articles on the events leading up to that election.)

By TOM GRAY

TROY — The course of many future decisions in this school district appears today to rest on an opinion to be formulated soon in the State Attorney General's office.

GRAY

Auditors from the local audit division of the State Department of Treasury have charged the board of education with "improper" spending to the tune of $858,000, from the district's 1965 and 1966 building and site funds.

The report from the audit division, capping eight months of intermittent feuding and uneasy silence among board members, also offered the opinion that at least one more school could have been built with different use of the money from the two funds.

★ ★ ★

Dissident board member Harold A. Janes, who originally offered evidence on the site fund spending to the attorney general's office in February, was at least partially supported by the audit report.

CONCLUSIONS HIT

However, Schools Supt. Rex Smith said the rest of the board's reaction to the report "was that practically all the adulitors' conclusions and opinions are either erroneous or of little importance."

★ ★ ★

Assistant Attorney General Eugene Krasicky, who will write the upcoming opinion, said last week that district officials now are attempting to show that some of the allegedly misspent funds were used properly.

Krasicky, who did not indicate how much of the $858,000 is involved in the administration's effort, added that he would be contacting officials in the district shortly to check on their progress.

The question of what action, if any, will be taken if the audit report is found to be accurate remains unanswered.

A MATTER OF RECORD

At any rate, the opinion must eventually become a matter of record.

Several other matters which have arisen since the site fund dispute erupted may never be fully aired in public.

For example, the board drew up its 1968-69 budget, containing a number of sweeping cutbacks to trim the district's $650,000 deficit, in a three-hour executive session. Board members then met briefly in public and approved the budget unanimously.

Also, Smith announced recently that he is "not interested" in having his contract renewed when it expires in June, ending a running controversy in which Janes had insisted that board members had agreed to seek the resignations of both the superintendent and business manager Ronald G. Sitter.

The agreement, Janes said, was made in executive session.

Board President Richard C. Snoad has not commented on the allegation, except to say that Smith had said he was looking for another position.

★ ★ ★

The board, however, did fire its auditor, Walter Naftaly of Oak Park, in another executive session.

What the outcome of the attorney general's investigation will be is far from definite, although indications are that some of the allegations in the audit report will not be challenged by the board.

That the opinion will shed light on the past and probable future actions of the board, however, seems certain.

In the meantime, district voters will head for the polls Monday in an election whose outcome, school officials admit, is difficult to forecast.

Area News

Pontiac Press Photo by Ed Vanderworp

SNOW IS BEAUTIFUL — New fallen snow provides this scenic Winter landscape on the grounds of Cranbrook Institute, Bloomfield Hill. The aesthetic aspects of Winter's product often helps one tolerate the hardships of sidewalk-shoveling, road-plowing and ice-scraping. Of course, the cold is best-experienced through pictures.

Detroit Appeals Waterline Verdict

SHELBY TOWNSHIP — The Detroit Water Board has filed an appeal in the State Court of Appeals in Lansing on the $88,000 judgment the township won in a suit last October.

The Water Board's request for a retrial was denied in December. The $88,000 award was the amount the township felt it would cost to tunnel planned sewer lines under the main water line from Detroit to Macomb County rather than run them over it.

★ ★ ★

Township Supervisor Kirby Holmes urged the township trustees last night to reenter negotiations with the water board as soon as possible. Robert Reece, corporation counsel for the water board, said the board probably would be most willing to renegotiate the water main problem.

Holmes said it could take up to a year for the appeal to be heard and during that time the several areas of the township would receive no water, even if the Appeals Court rules in favor of the township.

'FAILED TO GET PERMITS'

The township's suit against the water board was originally filed in May, 1967. It alleged that department employes failed to obtain permits before crossing township rights-of-way in laying a 96-inch water-transmission line in the west end of the township.

The township also charged that the water board violated a contractual agreement by failing to provide tap-ins on the 96-inch main at 23 Mile and 25 Mile Roads.

★ ★ ★

The suit was held in abeyance for a time early in 1968 while a water committee appointed by the township board negotiated with Detroit water board officials.

Holmes could give no indication when the committee and board representatives would resume negotiations.

State OKs Funds for W. Bloomfield School District Use

WEST BLOOMFIELD TOWNSHIP — Two school bond issues totaling $8.5-million received final approval yesterday from the state Municipal Finance Commission.

Residents voted for the first issue, worth $4.5 million, in 1966, and for the second, worth $4 million, last year. Prior to the two elections, the bond issues had received preliminary approval from the sttae department of education.

★ ★ ★

The bulk of the money is earmarked for construction of a new high school on Orchard Lake across from the township hall. The rest will go towards expansion of elementary school facilities and acquiring new sites.

"We hope to have bids let for the high school by March" said West Bloomfield Schools Superintendent Anthony P. Witham.

★ ★ ★

The new school, to be operational by Sept. 1971, will accommodate 1,800 students, according to Witham.

Architects are Linn Smith, Demiene and Adams, Inc.

Farmington OKs 1st Step in Park Funds Request

FARMINGTON — The city council has authorized City Manager John Dinan to send the state a letter of intent explaining this city's plans to apply for a grant from the recently-passed state recreation bond issue. Some $30 million of that issue has been allocated for local park development.

The letter will include details of $125,000 in planned improvements for two city parks, according to Dinan. This includes $59,000 for Drake Road Park, $60,000 for City Park and $6,000 for unforeseen expenses. If a grant is awarded, the city's share of costs could be $31,250.

★ ★ ★

Improvements for the new Drake Park, just south of Grand River, will include a large baseball diamond with lights; two smaller diamonds; a magic square including two tennis courts and a basketball stop; and playground equipment.

Also suggested for the park — acquired last year through federal grants — are a parking lot, storage building, picnic tables, and grading and tree clearing operations.

BASIC IMPROVEMENTS

Improvements planned for the existing City Park include new restroom facilities; storage building; indoor pistol and target range; and playground equipment, additional parking and lighting.

The city has already allocated $11,000 for park improvements from this year's budget.

★ ★ ★

In other recent business, council introduced an ordinance regulating traffic on public school property. A code of traffic regulations had previously been approved by the Farmington Board of Education and sent to the city for approval.

When passed, the ordinance will give law enforcement officials the right to enter school property and ticket drivers violating the code.

SEWER BIDS

The council authorized receiving of bids for construction of a sewer in the Bel Aire subdivision. The bids, to be in by the Feb. 3 council meeting, are for construction of a 15-inch relief sewer on Lamar at a cost of $14,000.

Home-Brew Gasoline or Stay at Home?

By LOIS FRIEDLAND

Bathtub gas? The days of prohibition are long gone but the day of privation may just be coming.

Whereas people in the flapper era brewed bathtub gin the mod set may turn to home-brewed gasoline lest they be forced to sit home.

★ ★ ★

Actually, most of the galoline and fuel oil companies not affected by a current strike of workers claim there is enough professionally refined fuel available to fill every automobile tank and to keep every home warm.

Even some of the companies involved in the nationwide strike by the Oil, Chemical and Atomic Workers Union claim that at least some fuel oil deliveries will be made to heating companies.

The manager of the Mobil Oil Corp. office in the local area categorically stated: "We will not run out" — although he refused to explain how he will receive the fuel.

Keeping gasoline pumps brimming appears to be another matter. This driver saw one harassed-looking lady driver frantically honking at an empty car blocking the entrance to a Gulf station.

★ ★ ★

Most area gas stations supplied by the struck companies indicated that they too would block their entrances this week.

The Cooley Lake Service station, supplied by Shell, ran out of gas the day the strike started.

BRISK BUSINESS

Stations supplied by nonstruck companies, however, have indicated that business is unusually brisk. One cheerful attendant discussed the "fantastic amount" of business his station had done last Saturday when the strike began. That station ran out of fuel by closing time, but the Standard Oil truck came by at midnight to fill the pumps.

Although most gas stations surveyed have indicated only slightly more business than usual, the heating companies have been besieged by panic-stricken customers.

"Our only trouble is panic. People calling for small amounts of oil every five to six days," said Philip Carey, assistant manager of Economy Webb Fuel Oil Co., which is supplied by Gulf.

Carey, and spokesmen for several of the other area fuel companies indicated that if they couldn't get oil from the struck companies — they would attempt to get it elsewhere.

All heating companies stated that automatic keep-fill customers would get preference.

A Shell-supplied company, Smith Oil Co., however, is running on a day-to-day basis.

"We are continuing with normal deliveries but taking no new customers," said President Richard Penman.

★ ★ ★

Meantime, Rep. William S. Broomfield, R-18th District, yesterday urged President Johnson to consider action to relieve conditions created by the strike.

"Exercise of your authority under the Taft-Hartley Act, calling for a 60-day postponement of the strike would alleviate the public emergency and provide a period for constructive negotiations," he said.

Bathtub Gas?

Toss some coal and oil molecules into the tub; heat them chemically; and . . .

I-75 Stretch to Be Opened

LANSING (AP) — A hand-forged chisel and hammer from the tool chest of the late Walter P. Chrysler will be used to "cut the ribbon" Friday as an eight-mile stretch of the Chrysler Freeway is opened.

The State Highway Commission says the section is the longest and most expensive—$65 million—urban freeway ever opened at one time in Michigan. The section is between I-94 and Hazel Park.

★ ★ ★

Except for a one-mile section to be built in Hazel Park—site of a future interchange with I-696—motorists will be able to drive nonstop on I-75 between downtown Detroit and a point just north of Alger in Arenac County.

The dedication marks completion of 87 per cent of I-75 in Michigan, the state's longest freeway stretching 393 miles between Sault Ste. Marie and the Michigan-Ohio border south of Monroe.

Manslaughter Exam for Banker Adjourned

ORCHARD LAKE — Examination was adjourned yesterday in Southfield District Court for a 41-year-old bank official charged in the traffic deaths of two area teen-agers.

The examination was adjourned until 9 a.m. Feb. 10.

Ray A. Lilje of 4431 Dow Ridge was to be examined on two charges of manslaughter in connection with a traffic accident Dec. 12 in Southfield in which two 17-year-old girls were killed.

Lilje is a Michigan Bank vice president.

Orion Twp. PTA Unit Will Meet on Monday

ORION TOWNSHIP — The Proper School PTA will meet Monday at 7:30 p.m. at the school, 4005 Baldwin.

★ ★ ★

Administrators and counselors from Lake Orion Junior High School will be present at the meeting to discuss scholastic and other activities for students who will be entering junior high in the fall.

'U.S. Alert for VC Drive'

TOKYO (AP) — The commandant of the U.S. Marine Corps said today he doesn't know whether the Vietcong plans another big offensive for the lunar New Year this year, but if he does, American forces will be ready for him.

Asked whether he anticipated a repetition of the big assault the enemy made last February at Tet, the Lunar New Year festival, Gen. Leonard E.

Caucus on County Board Restructuring

Dems to Consider GOP Plan Tonight

By JEAN SAILE

Democrats were to caucus tonight to review the Republican plan for restructuring of the Oakland County Board of Supervisors.

"The plan deserves consideration," said Philip O. Mastin, Democratic nominee for chairman of the board, "but I cannot make any decision by myself."

★ ★ ★

Republicans Monday offered a system dividing the board into four divisions, to be responsible for all previous committee functions.

★ ★ ★

Democrats said they received a copy of the plan yesterday afternoon.

LIKELY MOVE

Mastin said he thought the board would move ahead tomorrow (its first official meeting) to set up committees as recommended by the Dem caucus.

Democrats outnumber Republicans by 15 to 12 on the new board.

★ ★ ★

Mastin said he thought the Republican plan would then probably be referred to the proper committees for study.

"We do have an option of changing the committee structure later," he noted.

RECOMMENDATIONS

The Democratic caucus recommendation for vice chairmen of the 12 suggested committees of the board were announced yesterday.

They and the previously announced chairmen are as follows:

Buildings and grounds: Nile Olson of Lake Orion, chairman; William Mainland of Milford, vice chairman.

Equalization and taxation: Albert Szabo of Clawson, chairman; James Brennan of Berkley, vice chairman.

Human resources; Lawrence Pernick of Southfield, chairman; James Mathews of Pontiac, vice chairman.

Law and judiciary: Dennis Aaron of Huntington Woods, chairman; Carl O'Brien of Pontiac, vice chairman.

Legislative: Carl O'Brien of Pontiac, chairman; William Mainland of Milford, vice chairman.

Personnel practices: William Mainland of Milford, chairman; James Mathews of Pontiac, vice chairman.

Public works: Lee Walker of Madison Heights, chairman; George Grba of Pontiac, vice chairman.

Committee on committees: William Richards of Royal Oak, chairman; George Grba of Pontiac, vice chairman.

Finance: Charles Edwards Jr. of Madison Heights, chairman; George Grba of Pontiac, vice chairman.

★ ★ ★

Aviation: Niles Olson of Lake Orion, chairman; Dennis Aaron of Huntington Woods, vice chairman.

Local Affairs: James Brennan of Berkley, chairman; Albert Szabo of Clawson, vice chairman.

Regional affairs: William Richards of Royal Oak, chairman; Charles Edwards of Madison Heights, vice chairman.

★ ★ ★

The only Democrat elected to the board and not appointed to a chairmanship or vice chairmanship is Thomas O'Donoghue of Ferndale.

According to Mastin, O'Donoghue sought only appointments to the finance and public works committee. He did not seek a chairmanship post, Mastin said.

LONG-TIME MEMBER

O'Donoghue has been a member of the county board for 22 years.

"We will attempt to seat all our candidates for chairman and vice chairman," Mastin said. "The Democratic caucus feels that being the majority party, it has a responsibility to lead.

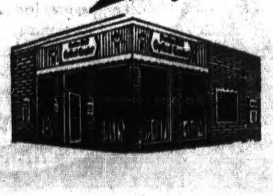

"If the tables are turned in the future," Mastin said he expected that "Republicans would want to make Democratic committee appointments, but retain the chairmanships for themselves."

The 12 committees have been suggested on a 7-man setup — four members to be Democratic and three to be Republican. The chairman of the board, as exofficio member of each committee, would have tie-breaking power in the absence of any members.

Lodge Named as Head Negotiator

As everyone knows, South Vietnam was not an easy ally for the United States during the war. And it shows no signs of being any easier in the quest for peace.

LODGE

Our new head negotiator named by President-elect NIXON will be HENRY CABOT LODGE. With two tours in Saigon as ambassador, LODGE should have the background of the South Vietnam position and this should be helpful.

★ ★ ★

All parties have now learned during the long-range, secret and frustrating negotiations, finding a peaceful solution to the Vietnam war presents problems that are without precedent.

★ ★ ★

Neither Hanoi nor Saigon has abandoned its hopes for political victory, and all of the current tactical maneuverings in both capitals are designed to achieve this goal.

Politics, in this case, is simply an extension of the war.

Since dealing with South Vietnam has been difficult at best during the war, the close association and background that LODGE has had should strengthen the U.S. Paris delegation.

★ ★ ★

LODGE has a reputation for taking a hard-line view of the war. Maybe this is the approach we need right now to get off dead center.

Along with Lodge, Nixon named Lawrence E. Walsh, a Manhattan attorney, and career diplomat Marshall Green who will be detached from his duties as ambassador to Indonesia. Another career foreign service officer in Saigon, Philip Habib, will continue as a member of the U.S. team.

★ ★ ★

It may sound infantile, but oftentimes a new coach can get a team moving and into the win columns. We wish LODGE success and Godspeed in establishing a settlement for this military and political struggle.

We've all had enough!

Rail Travel Making Comeback in Canada

Trains CAN be better than ever. Canada is proving it and what's happening North of the border could, hopefully, be the shape of things to come in the United States.

With all the emphasis on airlines in current transportation news — from new Pacific routes to what appears to be regularly scheduled hijackings — it may have been overlooked that travel by rail is making a comeback in our neighbor to the North.

★ ★ ★

The Turbotrain — a streamlined dream with everything for passenger comfort from cars that are not museum pieces to stewardesses, air-conditioning and food — has gone into service between Toronto and Montreal.

A rocket on the rails, the Turbotrain clicks off 335 miles between the Dominion's two greatest cities in a minute short of four hours. This is a little more than twice the air time (not counting the nerve-shattering delays getting to and from airports) and at a lower fare.

★ ★ ★

Unfortunately, the proposed American superfast train for the Washington-New York-Boston corridor continues to encounter delay after delay.

But someday, before we all forget that a trip by train can be a pleasure rather than a 20th century version of purgatory, it just may, if not get off the ground, at least begin moving along it.

Democrats, Affluent Hardest Hit by Flu Bug

It seems the flu bug is putting the bite on Democrats, but circulating in a most undemocratic manner.

The avalanche of statistics pouring into health offices across the Country since the bug began bugging us indicate that it finds its favored victims among the affluent.

★ ★ ★

Suburbanites, commuters, office workers and students seem to have been getting the worst of it. The less-privileged, who apparently do not get around as much, or at least not in fashionably infectious circles, haven't been hit so hard.

★ ★ ★

As for Democrats, it has bedded President JOHNSON and Vice President HUMPHREY, while letting President-elect NIXON off with a light touch and ignoring Vice President-elect AGNEW.

For a nonvoting virus, and a foreigner at that, it sounds an awful lot like playing politics.

East-West Truce Is Foreseen for 1969

By LEON DENNEN
NEA Foreign News Analyst

UNITED NATIONS, N.Y. — What are the prospects for peace in 1969?

In a world dominated by mighty nations with conflicting ideologies and economic systems, peace is never a certainty. Nevertheless, international crystal ball gazers foresee an East - West truce in 1969 —a relaxation of tensions, if not peace.

DENNEN

The Kremlin leaders, it is increasingly clear, would like to have a summit meeting with Richard Nixon soon after he enters the White House Jan. 20.

Plagued by mounting domestic and international problems, they are again interested in detente — for the present at least.

It is their interest to revive the illusion of peaceful coexistence while they mend their fences at home and abroad.

The Russians, like Americans, would like to see an end to the conflict in Vietnam. They now fear that only their Red Chinese enemies will benefit from the war in a part of the world that is completely dominated by Peking.

UNGRATEFUL ALLIES

Moscow also finds it increasingly burdensome to lavish Russia's limited resources on erratic and ungrateful allies like Egypt's President Nasser and Cuba's Fidel Castro.

However, there is another compelling reason why the Kremlin's uneasy rulers are suddenly eager to meet with the new President of the United States.

★ ★ ★

They obviously hope to recapture at a summit conference some of the prestige they lost after the Red army's invasion of Czechoslovakia.

Communist party boss Leonid Brezhnev and Premier Aleksei Kosygin would like to erase the memory of their brutal assault on the "fraternal" Communist nation. But the heroic passive resistance of the Czechoslovak people keeps Moscow's infamy alive.

RESISTING CONVOCATION

Equally significant is the fact that the Communist parties of Italy, France and other European countries are still resisting the convocation by Moscow of an international Communist conference.

The conference was to have been held last November, but most of the world's leading Reds refused to go to Moscow after the rape of Czechoslovakia.

★ ★ ★

Thus, the Soviet leaders' most pressing task in the coming months is to restore some semblance of unity in the Red world.

The Russians need a breathing spell while they seek solutions to the urgent problems that rock international communism. It is now in their interest to resume discussions with the West, especially with the United States.

★ ★ ★

This means that in 1969 Moscow will pursue a more cautious policy in Europe and the Middle East.

Dead End!

David Lawrence Says:

Teddy Is Presidential Timber

WASHINGTON — Sen. Edward M. Kennedy of Massachusetts may not seek or get the Democratic presidential nomination in 1972 because of his youth, but it's a better-than-even bet that someday he will be selected by the Democratic National Convention for that post of leadership.

LAWRENCE

There is a sharp contrast between the Massachusetts senator and his two brothers, each of whom also served in the United States Senate.

★ ★ ★

Many of those who have known all three speak of Ted Kennedy as "the nicest of the Kennedys."

His decision to enter the contest for assistant majority leader indicates primarily his desire to be what is called a "Senate man."

BEST COURSE

John F. Kennedy did not identify himself closely with the work of the Senate, and neither did Robert F. Kennedy. Both were more concerned with what they believed was the best political course to be followed to obtain the presidential nomination — to give speeches and maintain contacts with political organizations throughout the country.

Edward Kennedy, on the other hand, has been anxious to make friends among senators of both parties, and has taken a deep interest in the work of the Senate itself. As a result, he has been accepted as a conscientious member of the upper house.

★ ★ ★

This is one of the reasons why he was able to win out in the close race for assistant majority leader. Even some of those who voted in opposition speak of him privately in complimentary terms.

The Massachusetts senator is not inclined to engage in what is called "risk politics" — a phrase which was often applied to Robert Kennedy because of a willingness to take chances.

STEADY BUILDUP

Edward Kennedy will try instead to build up his position in the Senate by assisting energetically in leadership tasks as well as sponsoring important legislation.

★ ★ ★

The youngest of the Kennedy brothers has plenty of time to develop prestige inside the party, and it is unlikely that he will attempt to become identified with any one faction.

He is expected to adopt a course of moderation and conciliation because of a belief that this will improve his opportunity not only eventually to win his party's nomination but to be elected president.

The Massachusetts senator comes from a political family, but many observers in Congress say he is much more cautious and less likely to take any extreme position than did his brothers.

The feeling is that he will prefer instead to make a legislative record which would be in keeping with the trend of public opinion at the time he makes his bid for the presidency.

(Copyright 1969, Publishers-Hall Syndicate)

Bob Considine Says:

Language Is Changed by Modern Advances

NEW YORK—Okay, ask me anything about the effect of the stunning advances in technology and communications on the English language.

CONSIDINE

(My surprising knowledge comes mostly from Thomas H. Long, a senior editor in the reference department of Random House, writing in Electronic Age, a quarterly published by RCA.

"It is said that more new words have come into being during the past 50 years than in the 900 years preceding the 20th century," Long tells us.

★ ★ ★

I can clearly see George Washington, fully resurrected, watching a kid sticking a cassette into the hole in the dashboard of his car, prior to turning on the eight tracks of music. Big George asks, "What on earth is that?"

'CARTRIDGE, BABY'

"It's a cartridge, George Baby," the kid says.

"It doesn't look a bit like that newfangled pointed bullet Kosciuszko has been trying

★ ★ ★

to palm off on me," George says.

"It ain't," the boy with hair as long as George's says as he pops on the music good and loud.

★ ★ ★

As the sound of the music bursts forth, Gen. Washington faints. Revived after an hour, he weakly asks, "Who made that infernal racket?"

"Beatles."

"Beatles? Those silly little creatures?"

"Yeah."

George faints again.

PUZZLE TO SHAKESPEARE

Shakespeare knew what program meant, but he would be deeply puzzled by its use as a verb. Apollo 8 was programmed to the moon and back. Jet mainly meant black-black-black, as in hair. Now it means something that flies regularly to Havana against the will of its crew.

★ ★ ★

A bug was for centuries something to step on. Now it is also an eavesdropping device. Channel was mostly a prominent English waterway. Now it's the stop on the TV where, unless you're very careful, you might bungle into "The Beverly Hillbillies."

★ ★ ★

We have stolen ancient words and broken fragements of words to give a local habitation and a name to tools and devices without which 20th century man could hardly exist. For example: telephone, television, cyclotron, automobile, astronaut, insecticide, osophone, antibiotic, osophone, antibiotic, supersonic, etc. The French, somewhat to their surprise and ours, gave us automobile; the Greeks, telephone.

Jeeves, turn on my stereophonic (wipe that stupid look off your face, Beethoven!) and bring me a shot of B12 (okay, Hypocrates, back to that little old pestle.)

But it's still a lousy world.

Verbal Orchids

Mrs. Wellington Clements of 4868 Clinton; 85th birthday.

Mrs. Florence Wallace of Union Lake; 85th birthday.

Voice of the People:

'Suggest Law Prohibiting Non-Returnable Bottles'

We spend thousands of dollars to beautify our roads. Why can't our representatives, who are always looking for ways to get more tax money when they should be looking for more economy in our state, pass a law to outlaw throw-away beer and pop bottles.

★ ★ ★

We would not only save tax money but we would save on tire repair or the cost of a new tire. It would also help clean our streams and lakes. Let's put a five-cent deposit on each bottle.

VICTOR BETTS
6310 SHAPPIE RD., CLARKSTON

'Try Exercising a Bit of Humor in Religion'

In answer to the person who was angry because of an "unfunny Press editorial" fragment, if more people would exercise a bit of humor in their religion, I believe there would be more Christians. The straight-laced approach scares people away because they believe you can't have fun and be religious too. This is not so. The Almighty must have had a sense of humor in order to have given us one, and He wouldn't have given it to us if we were not to use it. I am a Catholic and I got a reverent chuckle out of the joke.

MRS. LU ANN LeVEQUE
1044 CHAREST

'Don't Be Fooled by Conduct of Teen-Agers'

There is a serious problem threatening our general well-being. It's children reaching their teens. Watch out for them. They are out to get you. Don't be fooled by their appearance. They may masquerade in neat, clean clothes, decent haircuts, and they may try and fool you by being polite and well-mannered. They may be interested in music and play instruments. Sometimes they form groups. Stop them immediately. Every time they practice, call the police.

★ ★ ★

Don't be fooled by their inexperience and childlike innocence. If they get a traffic ticket and it's their first offense, they may try and fool you by being honest and pleading guilty. Don't be fooled, judge, sock it to 'em—$75 should do it. Watch their every move. Call the police every time they make a noise. If that doesn't do it, maybe we can build some kind of camp to put them in until they are old enough to go to a war and be of some use to us.

MRS. VIRGINIA THOMPSON
7015 LOCKLIN, UNION LAKE

Question and Answer

Why do pilots, radio operators, etc., say "Roger" instead of O.K. or some such thing?

CURIOUS

REPLY

Roger is the conventional name for the international signal flag for the letter R, and since the reply generally designates "Right!" or "Received!," it was a natural evolvement.

Question and Answer

Is there a gadget that a ham or shortwave operator can be compelled to attach to their sets to do away with interference on TV sets in the neighborhood? Color sets on the street are completely disrupted from morning until after midnight. F.C.C. wants names and code numbers before they'll do anything. Are there rules and regulations for this situation?

A.D.G.

REPLY

Yes, and the Federal Communications Commission sets the rules. There are gadgets which will eliminate interference if the fault isn't in your set, but you can hardly expect F.C.C. to do anything if they don't know who's causing the trouble. Together you and your neighbors should be able to find out who it is, and a licensed operator will probably cooperate with you without action by the F.C.C. If he isn't licensed, he's in trouble there, too. But you'll have to follow F.C.C. regulations.

Reviewing Other Editorial Pages

In the Red

The Denver Post

College football financing may not be universally sick but the situation is reaching the point where fever charts are being examined nervously. Discussion has already started on a West Coast proposal to eliminate two-platoon play and thereby trim costs. Here are recent developments:

Three of the athletic departments of Pacific 8 schools are operating in the red: the Universities of Washington, Washington State and Oregon. This isn't surprising but conference officials predict that all eight schools will be in the red within five years if the trend doesn't change.

★ ★ ★

Even the Big Ten, with its huge stadiums, reported losses at six schools in 1967 and costs continued to climb in 1968.

While much of the difficulty relates to large outlays for plant expansion, Colorado State University at Fort Collins made news last week when a half-million-dollar athletic deficit was projected for the fiscal year ending next June 30.

★ ★ ★

What's the cause? Financial aid to athletes has gone up 149 percent, travel 75 percent, equipment 87 percent and recruiting expenses 151 percent in the last ten years.

Football gate receipts which carried 67 percent of the load ten years ago now bear only 46 percent. TV income has risen in proportion but cannot continue to fill the widening gap. Athletic officials feel student fees and ticket prices are near saturation levels now.

With the fixed costs showing no sign of stabilizing, the option — as far as West Coast officials see the outlook — comes down to cutting costs.

★ ★ ★

Football should pay its own way in any situation where it is matched against the other needs of the school — at least, as much as possible. If there is to be subsidy, academic needs are just as worthy and perhaps more so.

There is, as we said, a dilemma. Something has to give.

Pueblo Sequel

The Ann Arbor News

There seemed to be very little national joy or exhilaration over the release of the crew of the Pueblo. Our conduct was not that of a grateful nation welcoming its boys home. This was a private affair, for the men of the Pueblo and their families.

True, the Apollo mission competed with the arrival home of the Pueblo crew. But the very nature of the mission last January, coupled with the unsatisfactory explanations for the ship's presence in hostile or semi-hostile waters, raised doubts and questions which have not been allayed.

★ ★ ★

Should we regard the men of the Pueblo, who apparently were maltreated, as heroes or merely unfortunate POWs? Is Cmdr. Bucher a ship captain who only followed orders, and did he clutch under fire? Why wasn't the intelligence ship scuttled before all that equipment fell into enemy hands?

★ ★ ★

In short, there are questions here which may never be answered. It's like a puzzle with a number of pieces missing. It's the untold story the country is most curious about, and until the missing pieces are supplied hero status will be withheld and the events of January 1968, will be under a cloud.

TROY — Services for Mrs. Arthur N. (Margaret) Hughes, 52, of 5561 Livernois will be 1:30 p.m. tomorrow at Price Funeral Home.

Mrs. Hughes died Tuesday. Burial will follow in White Chapel Memorial Cemetery, Troy.

Surviving are her husband; one daughter, Susan at home; a son, Arthur R. of the U.S. Air Force; three sisters and two brothers.

Melvin K. Shook

TROY — Melvin K. Shook, 62, of 6791 Livernois, died yesterday. His body is at Prince Funeral Home.

Mrs. Arthur B. Stennick

TROY — Requiem Mass for Mrs. Arthur B. (Alice) Stennick, 65, of 410 Beldale, will be 9:30 a.m. Friday at Guardian Angels Church, Clawson. Burial will be in White Chapel Memorial Cemetery.

Mrs. Stennick died Monday.

Rosary will be at 7 p.m. tomorrow at Price Funeral Home. Mrs. Stennick was a retired supervisor of the telephone order board at J. L. Hudson Co., Detroit.

Surviving are her husband; a daughter, Mrs. Berniece E. Stennick at home; and a brother.

Addison Teen-Ager Is Struck by Auto

A 15-year-old Addison Township boy is in satisfactory condition after he was struck by a car in front of his house yesterday.

Craig C. Denny, 1600 Lakeville, was plowing snow from his driveway and pushed a tractor into the roadway to turn around when he was hit, according to the Oakland County Sheriff's Department. He is at Crittenton Hospital, Avon Township.

Driver of the car, Casper L. Ewelt, 52, of Imlay City, told police he was traveling at about 30 miles per hour. He was ticketed for having no operator's license in his possession.

Snow Dancers

CARSON CITY, Nev. (AP) — It hasn't snowed in normally snowy northern Nevada for two weeks and this city's first-ever winter carnival is just around the corner. So about 40 high school students—members of the Hopi, Shoshone, Pima and Apache Indian tribes—plan to perform a "snow dance" Friday. The dance is similar to those used to ask the gods for rain.

King's Father Is Jury Foreman

ATLANTA, Ga. (AP) — The Rev. Martin Luther King Sr., father of the slain civil rights leader, is Fulton County's (Atlanta) first Negro grand jury foreman.

The Rev. Mr. King was elected foreman Tuesday of a newly sworn grand jury which includes 14 Negroes.

Mental Health Problem Seen

'Six Barriers Face County Center Idea'

There are going to be problems if Oakland County should ever decide to set up a Community Mental Health Center, an authority said yesterday.

Dr. Philip M. Margolis, director of the Washtenaw County Community Mental Health Center, addressed about 50 county leaders at the annual public officials meeting on mental health at the Raleigh House, Southfield.

His topic, "Natural Barriers on the Frontiers of Community Mental Health Services," dealt with six specifics:

- A Community Mental Health Center finds that the community already has mental health agencies; its problem becomes a matter of providing cooperation between existing agencies.
- A center must work out a system of priorities to determine its best function in the face of various and diverging community pressures.
- The future of mental health is in prevention of disease; results are hard to measure.
- Mental health facilities must emphasize training and research for future rather than immediate needs. Again results are hard to see.
- A Community Mental Health Center must not become an umbrella for everything wrong in the community. "An individual's mental health may hinge on personal problems and environment but a mental health center cannot expect to solve a housing problem, for example. It can cooperate with the proper agencies involved, however."
- The delivery of mental health services must change so that more of the population can be helped. "There's a tendency to do things in the way they've always been done, and it's not adequate."

Margolis' talk followed a noon luncheon.

GOP Backs New Building for Legislature

LANSING (UPI)—House Republicans voted unanimously yesterday to support construction of a $250,000 office building adjacent to the Capitol.

Rep. Robert Waldron of Detroit, House GOP leader, said plans are to move state representatives from the fourth floor of the Capitol into the new structure by 1970.

★ ★ ★

The fourth floor of the 90-year-old Capitol has been called a fire trap.

"The guys up there deserve better than that," Waldron told newsmen following a two hour caucus. "At least we all think so."

OFFICE UNITS

The addition, to be located on the west side of the Capitol, would contain 13,000 square feet of space, and replace several temporary office units now located there.

Democratic and Republican leaders have been working on the project for the past few weeks.

★ ★ ★

Waldron said the caucus also established a 10 member advisory council for the 1969 legislative session.

The council will meet weekly to go over major issues and plan strategy. Waldron will serve as chairman and Rep. William Hampton, R-Bloomfield Hills, as vice chairman.

10-Inch Snowfall Hits Quebec City

QUEBEC (AP) — All roads within 50 miles of Quebec City were closed Tuesday by a storm that brought 10 inches of snow.

This raised to more than 100 inches the total snowfall in the region since the start of winter.

★ ★ ★

At nearby Levis, about 300 students were taken into homes when their school buses could not get through.

Robbery in Keego Still Investigated

Keego Harbor police still are investigating the armed robbery Monday of Max's Party Store, 2804 Orchard Lake, in which a lone bandit took $116.

Police said the suspect was wearing a red mask and a ski jacket. The robbery occurred at 8 p.m. The bandit held a pistol on a clerk and ordered him to surrender the contents of the cash drawer. The bandit fled in an auto which was parked in front of the store. The auto was driven by a companion, police said.

Airport-Building Loans Proposed

LANSING (UPI) — The Michigan Aeronautics Commission establishing a loan program for small communities unable to finance construction of an airport.

James D. Ramsey, commission director, said if approved by the Legislature, the bill would provide loans up to 90 per cent of the cost of construction, or $25,000, whichever is less.

The interest rate would be "nominal," Ramsey continued, and would be used solely to cover administrative costs.

Law on Fair Housing Explained in Pontiac

Recent legislation and court rulings in the area of fair housing guarantees in Michigan forbid discrimination in private as well as public housing transactions.

This was the primary topic of discussion by representatives of the Michigan Civil Rights Commission and area realtors and builders at last night's seminar on Michigan fair-housing guarantees held in the Oakland County Courthouse Auditorium.

★ ★ ★

"The passage of laws and legislation does not automatically end discrimination, it requires citizen cooperation because it involves a change in human atittudes," said Julian A. Cook, Jr., Pontiac attorney and cochairman of the Civil Rights Commission.

A large burden falls on the housing industry because it sometimes is in the middle in dealing with sellers and prospective buyers, he added.

EQUITABLE LAWS

Cook said the commission desired to make the laws equitable for everyone including builders, brokers and private individuals.

William Bledsoe, assistant state attorney general and legal counsel for the commission, said that when an individual is publicly involved in the business of selling a house or property he can not discriminate on the basis of race, creed, color or national origin.

★ ★ ★

This is in accordance with the April 1968 ruling of the Michigan Surpeme Court regarding what is commonly known as the Pulte Case, involving the Beech Grove Investment Co., owned by William J. Pulte of Bloomfield Township.

★ ★ ★

He pointed out that in June 1968 the United States Supreme Court ruled that an 1866 federal civil rights law forbids racial discrimination in private as well as public housing transaction

★ ★ ★

Bledsoe said that if court action finds an individual guilty of an infraction of the State Fair Housing Act, which became effective Nov. 15, it may result in fines or, in the case of a realtor or broker suspension or revocation of license.

John Adams and John Quincy Adams were the most closely related of the presidents, being father and son.

Monsignor Assails Romney on Schools

WASHINGTON (AP) — Gov. George Romney's suggestion that Michigan's private and parochial schools abandon secular education was criticized as naive by a spokesman for Roman Catholic schools in this country yesterday.

The Rt. Rev. Msgr. James C. Donahue said Romney's statement "is most disconcerting, coming as it does when he is about to assume the duties of a Cabinet post."

Romney, named as President-elect Nixon's secretary of housing and urban development, suggested Monday parochial schools should confine themselves to afternoon religious instruction, rather than have the states provide aid to maintain such schools for secular education.

Msgr. Donahue, executive director of elementary and secondary education of the U.S. Catholic Conference, issued a statement, asking:

"In the light of Mr. Nixon's two statements encouraging private education during the campaign, how will the governor fulfill his future obligations to administer programs which broadly involve education, specifically the Model Cities program?"

Nixon said in his presidential campaign that there is a significant role for religious-affiliated schools in the future of the country.

★ ★ ★

Msgr. Donahue said Romney's statement "seems to reflect a naivete about both religious education and general education planning."

"Romney," he added, "endorses competition and pluralism in education but easily dismisses it with a proposal that is too simplistic for either public schools or parochial schools.

"To whimsically suggest, as the governor does, that private schools no longer have a role to play in American education is, at best, ill advised. Education warrants much more careful and constructive thinking if the problems confronting it are to be solved."

60 Lawmen Meet to Map Crime Fight

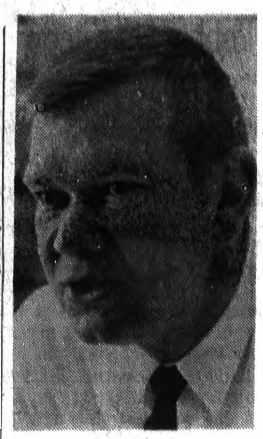

DETROIT (UPI) — Sixty policemen from 30 police departments throughout Wayne County were scheduled to attend an Intelligence Seminar in suburban Livonia today and Thursday as part of an assault on organized crime.

Speakers at the seminar will include Vincent Piersante, chief of the Organized Crime Division of the Michigan attorney general's office; James Burke, agent in charge of the Detroit office of the U. S. Secret Service; Edward Bladen, assistant state attorney general; and officers from the Federal Bureau of Narcotics and the Detroit Police Department.

The two day seminar was arranged by the Wayne County Chiefs of Police Association, Wayne County Sheriff Roman S. Gribbs and Piersante.

Gribbs said the purpose of the seminar was to provide information needed in a coordinated attack on crime.

Police Chief Loren M. Pittman of River Rouge, president of the county police chiefs organization, said the seminar was part of the association's efforts "to combat organized crime."

WILLIAM BAGGS

Dem Renews Fight Against Rep. Holmes

LANSING (AP)—A long-time feud between two Detroit Democrats broke out again Tuesday as one asked the State House of Representatives not to seat the other as a member.

The petition was filed against State Rep. David S. Holmes Jr., who won a third House term last November. It was filed by former Rep. Richard A. H. J. Guzowski, who lost his seat to Holmes in 1964 by 12 votes.

★ ★ ★

Guzowski, who legally added "Honest John" to his name some years ago, charged Holmes was ineligible to serve in the House since he does not live in the district he represents. Holmes denied the charge.

★ ★ ★

"I don't know what he's up to unless he wants a little publicity," Holmes said, adding the same question had been settled in his favor by Wayne County Circuit Court after the elections of 1964 and 1966.

Editor, Nobel Nominee Is Dead at 48

MIAMI, Fla. (AP) — William Calhoun Baggs, a newspaper editor nominated for the Nobel Peace Prize after acting as an intermediary in preliminary peace-talk negotiations between Hanoi and Washington, died Tuesday. He was 48.

Baggs, editor of the Miami News, was a persistent and articulate critic in his daily newspaper columns of President Johnson's Vietnam policy. A bomber pilot in World War II, he strenuously objected to American bombing of North Vietnam.

★ ★ ★

In January 1967 and in the spring of 1968 Baggs and Harry S. Ashmore, chairman of the executive committee of the Center for the Study of Democratic Institutions, traveled to North Vietnam. Baggs was on the center's board.

He was the only American journalist known to have visited Hanoi twice. Last April 5 he and Ashmore returned from the North Vietnamese capital with a secret message from the Central Committee of the Democratic Republic of Vietnam to the U.S. government.

'CERTAIN CONDITIONS'

The message said that nothing of substance would be discussed at peace talks until the United States met certain conditions including "cessation of U.S. bombing raids and all other acts of war," Baggs said later.

President Johnson halted bombing of the North on Nov. 1 and the North Vietnamese agreed to expanded peace talks.

Baggs and Ashmore wrote a book titled "Mission to Hanoi: A Chronicle of Double-Dealing in High Places," after they returned from Vietnam. The book contended double-dealing had come from the Johnson administration, not Hanoi.

NOBEL NOMINEE

Baggs made articles about his mission to Hanoi available to The Associated Press. The Associated Press Managing Editors presented him an award for the series.

Baggs was nominated for the Nobel Peace Prize in 1968.

He was admtited to Miami Heart Institute on Dec. 29 suffering from pneumonia and influenza. He went into a coma after doctors performed a tracheotomy Sunday, and he never recovered. He died at 6:05 p.m.

★ ★ ★

Baggs is survived by his widow, the former Joan Orr, and two sons, Craig and Robert.

Born in Atlanta on Sept. 30, 1920, Baggs turned down an appointment to the Naval Academy to work as a stevedore in Panama. He never attended college, but was widely read and enjoyed the respect of intellectuals.

Goldwater's '64 Speech Writer Endorses New Left

WASHINGTON (AP) — Barry Goldwater's chief speech writer in the 1964 presidential campaign—the man who wrote the famed "extremism" speech—now speaks approvingly of the New Left. "Technically," says Karl Hess, "I am an anarchist."

Hess, who helped draft both the 1960 and 1964 Republican Party platforms, said in an interview that, "I take my stand with the antiauthoritarians, and so does the New Left."

"I'm opposed to authority, to state authority at every level and in every area," he said. "I think people should have the absolute right to their own lives and the control of them and I thought this is what the Republican Party stood for. I think it's turning out not to be the case."

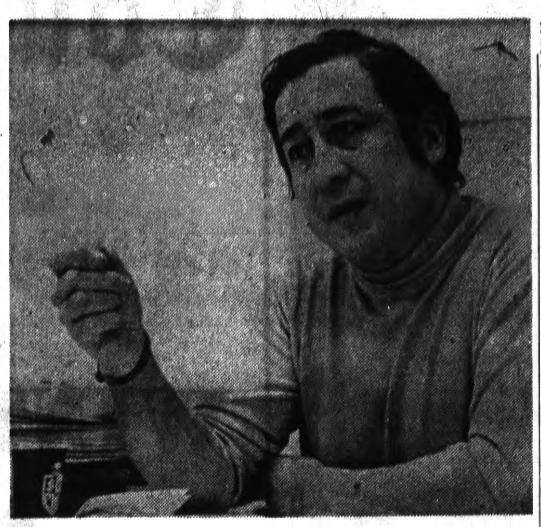

As Goldwater's No. 1 speechwriter, Hess was assigned to draft the Arizona senator's speech accepting the GOP nomination. The final version contained a phrase—"extremism in the defense of liberty is no vice; moderation in the pursuit of justice is no virtue"—that was to be widely interpreted as a challenge to Republican moderates who opposed Goldwater's conservative views, and had fought to deny him the nomination.

'GOLDWATER GREAT'

Hess said he still regards Goldwater as "the greatest American political figure," and indeed he was back in Arizona this year helping his old boss to regain a seat in the U.S. Senate.

He also insisted that his thinking on extremism hasn't changed, and that his progression from the Political Right to New Left involved merely a return to his basic philosophical position—"liberatrianism."

"That's why I'm rather fond of the New Left," said Hess. "This is one of the reasons I find many of the statements and actions of SDS (Students for a Democratic Society) very satisfying. Because they're following the precept of the Declaration of Independence."

AP Wirephoto

HE PREFERS ANARCHY — Karl Hess, chief speech writer for Barry Goldwater in his 1964 presidential campaign, said yesterday: "I take my stand with the anti-authoritarians, and so does the New Left."

That precept, said Hess, is "that if the government steadily encroaches on the freedom of the individual . . . that it's the right and the responsibility of the people to overthrow the government . . ."

CAMPUS-TYPE GARB

As Hess' words echoed opinions popular among campus radicals, so did his appearance, notably a gold turtle neck shirt, lumberjack boots and sideburns at ear lobe length.

★ ★ ★

He granted the interview in offices from which he and an old colleague in the cause of conservative politics, columnist Ralph de Toledano, put out a Washington news letter. It should be noted that de Toledano, who wasn't present, has shown no sign in his writings that his convictions have altered.

With exasperation in his voice he repeated a statement of one of President-elect Nixon's advisers that the pendulum has swung too far to the side of individual rights.

★ ★ ★

"How can it?" Hess cried. "How possibly can it? That is not my position. My pendulum is all the way over there. I think individual rights are the only ones worth worrying about."

Fire Bombs Hit USIA Library

FRANKFURT, Germany (AP) — Two Molotov cocktails were thrown into the U.S. Information Service library early today, causing damage estimated at $1,500.

★ ★ ★

Police said unknown persons broke a windowpane in the center's reading room and tossed in the fire bombs. Bookshelves were set ablaze, but firemen brought the fire under control within a short time.

Agnew Vows to Shed 'Neanderthal' Image

NEW YORK (AP) — Vice President-elect Spiro T. Agnew says he'll need only one year in office to erase any image of him as "the Neanderthal man."

"I fully feel," Agnew said, "that by the time a year has gone by, and I'll have been functioning in this expanded vice president's role that's been given me, and particularly in regard to intergovernmental relationships with the cities, that what I do and what I stand for is going to be so obvious that it's going to be very difficult for the people who are attempting to cast me in the role of the Neanderthal man to continue to think that way."

★ ★ ★

He made his remarks Tuesday night on the CBS television program "60 Minutes," recorded a week ago in Washington.

Agnew resigned Tuesday as Maryland's governor. Chosen as his successor by the Democratic-controlled General Assembly was Marvin Mandel, 48, speaker of the state House of Delegates.

Agnew said in the television interview he could do nothing consciously to alter his image, adding: "I think the worst mistake I could make would be to attempt to placate and satisfy my critics.

"I think I have enough intelligence to know that I could do this; I could say exactly what certain people wanted me to say with a contrived purpose in making them happy, but I can't do that. I've got myself to live with my convictions."

★ ★ ★

Agnew declared it is "a fiction" to say he was "jerked from a zoning board into the vice presidency."

Noting his experience as governor and county executive, he continued, "I don't think it's fair to say that suddenly a yokel has descended upon the national government."

SADDENED BY CRITICISM

At one point in the campaign, the vice president-elect said, he was so "depressed" by criticism that he wondered if he could get up the next day and go through with it. But, he said, he decided he had to "develop a little skin" and had no trouble after that.

AP Wirephoto

GOVERNOR'S FAREWELL—Vice President-elect Spiro T. Agnew appears before a joint session of the Maryland Senate and House of Delegates yesterday to submit his resignation as chief executive of that state. The Maryland General Assembly has chosen Democrat Marvin Mandel to succeed Agnew.

'Particularly in Border Areas'

Chinese Military Buildup in Tibet Told

KATMANDU, Nepal (UPI)—Communist China is stepping up its program to turn Tibet into a formidable military fortress, according to travelers from the land once ruled by the Dalai Lama.

Tibetans are being used as conscripted laborers to dig trenches and to build military barracks in many areas of the thinly populated country of high plateaus and massive mountains topped by Mt. Everest on Red China's southern border.

The travelers said that what appeared to be military installations are being constructed, particularly in the area which borders Bhutan, Sikkim and Nepal.

One monk said "something very big was going on" along the northwest shore of Kokonar lake. He said a 10-square-mile area had been fenced in, and "big machines" were installed there.

BOMB WORKS

He said he had heard from persons working inside the area that it was a munitions factory capable of producing bombs.

The monk said that the feud between Mao and anti-Mao factions erupts into fights regularly in many cities.

In 1968, about 500 persons left Tibet to visit in Nepal. Before they were permitted to leave, however, each family was required to surrender one member to the Chinese authorities as hostage.

One visitor said the hostages assure "our good conduct" during the trip. He said the Communists have threatened to "wipe out the entire family as punishment" if any of the pilgrims discussed military activities in Tibet.

MILITARY UNITS

Some said they saw antiaircraft units around the Worang air base and that they believed new airfields are being built at Shigatse and Tsangpo.

2-Speed Roto-Belt Kenmore Humidifier

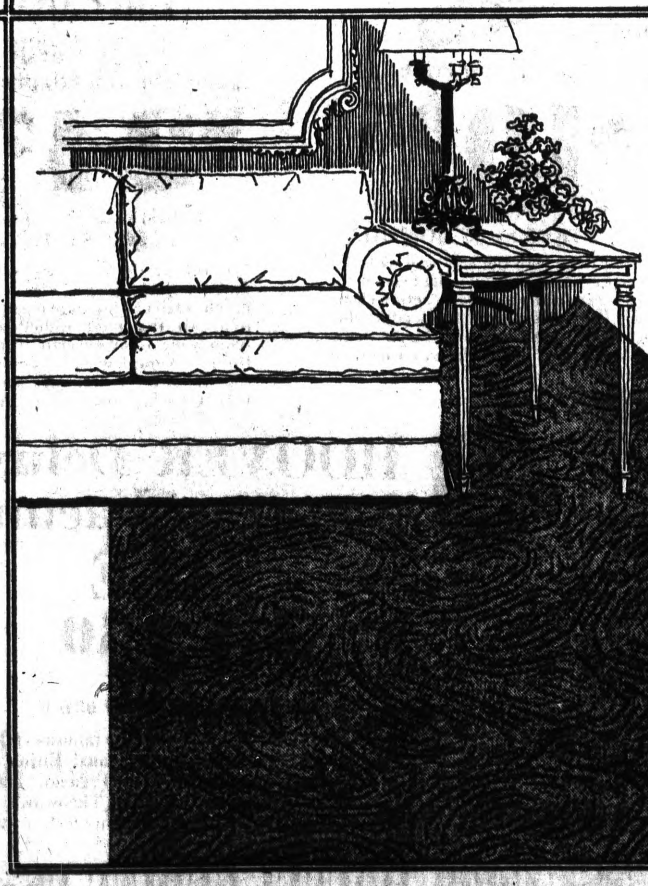

Reg. 64.99 55.88

Heating your home in winter takes vital moisture out of the air. In turn, this air can draw virtually all available moisture from everything it touches, including you! Proper humidification can restore this moisture to help reduce the discomfort and damage caused by too-dry air. This humidifier can add up to 10 gallons of moisture per day to your air. It has signal light, has 8½ gallon tank.

Multi-Speed Humidifier with 10-gallon tank, 28-gal. capacity, Reg. 99.99 . . . . . 86.88

City OKs Vast Plan for Renewal

(Continued From Page One)

Bates said he already has a few tentative commitments. "If we get the ball rolling I'm sure developers will see the advantage of the site," he said. Given the type of response he hopes for, Bates sees the near-completion of the entire complex in five or six years.

The city must get HUD approval of its plan which is a modification of previous ones, but Bates doesn't anticipate failure in that.

MINOR COST REVISION

Some $14 million has been expended in the city's urban renewal effort. The city is responsible for one-third of the total cost and the federal government two-thirds. The new aspects of the Pontiac Plan call for only minor upward revision of the cost figure, according to city officials.

If development proceeds along the lines of the plan the value of the land should be high, Bates pointed out. Thus the city and federal government both stand to get a large part of their investment returned, he said.

★ ★ ★

"This is the aspect of the plan which should appeal to federal officials, particularly in the new administration," Bates said.

"As a matter of fact, the Pontiac Plan may prove to be a model for other cities which have been in the same predicament as ours with their urban renewal programs," he said.

Toll Record for Big Mac

ST. IGNACE (AP) —A record 1.5 million vehicles crossed the Mackinac Bridge during 1968, paying a record $6.7 million in tolls, the bridge authority reports.

December, the last month before tolls on the five-mile span were slashed 60 per cent, also produced record figures of 50,143 crossings and $234,455, it said.

Vehicle crossings during 1968 totaled 1,506,789, an increase of 7.6 per cent from the 1,400,292 reported in 1967.

City Appoints 5 to Stadium Authority

A five-member Pontiac Stadium Building Authority was appointed last night by the City Commission. The authority will be authorized to negotiate for possible construction of a domed stadium near the junction of M59 and I-75.

The facility could serve as a new home for the Detroit Tigers and Detroit Lions baseball and football teams. Some indications have been given that the teams might relocate and several communities, including Pontiac, have been vying to be the site.

★ ★ ★

All actions of the authority would be subject to City Commission approval, it was pointed out.

Those named and their terms include D. B. Eames, Eames and Brown Contractors, one-year; Charles F. Brown, Pontiac division manager, Consumers Power Co., two-years; Howard Fitzgerald, publisher, The Pontiac Press, three-years; Robert R. Eldred, president, Community National Bank, four years; and Harold Cousins, owner, City Beverage Co., five years.

PROPERTY PURCHASE

The commission also decided to exercise its option to buy four parcels of property involving various city projects.

A house and land at 613 Central owned by Mr. and Mrs. Frank Pasikoff is to be purchased for $20,000. The land will be available for the proposed industrial park. Most of the land has been purchased and cleared for the proposed project and it soon will be ready to offer for industrial development, it was announced.

Two lots on Lawrence west of Pike are to be purchased for $17,000 and used for the extension of Wayne and the loop road system downtown. A small lot north of 41 W. Pike is to be obtained for $3,000 for parking purposes.

★ ★ ★

Approval to permit the transfer of the liquor, food and dance license at the Waldron Hotel was granted. The license, being held in escrow, will be changed from the Waldron Hotel Corp. to the Simone Corp. Extensive remodeling reportedly has been done to allow for reopening of the facility.

LICENSE DENIED

Application for a new pool hall license was denied. The request of Eugene Cox of 536 Judson Court was for a hall at 487 S. Sanford. Requesting and receiving a unanimous vote of denial of the license was Commissioner James H. Marshall from that district (7). The proposed pool hall was said to be 200 feet from Wilson Elementary School.

A license for a new roller skating rink at 980 University was approved. The rink, owned by Marshall Street Investment Co., is scheduled to open Sunday. Commissioner of the district (5), Robert F. Jackson, endorsed the request.

★ ★ ★

In other business, the commission:

- Referred to the legal and financial departments a request to participate in a three-way study of the possibility of extending Montcalm across the Grand Trunk Western Railroad tracks to Telegraph to provide an addition access to the County Center. Cost, shared between the city, railroad and county, is not to exceed $75,000 total.
- Sent out bills from assessment rolls to property owners who had not paid for weed-cutting on vacant property.

★ ★ ★

- Set a hearing on special assessment roll for construction of sanitary sewer, ejector station and force main on Auburn and Eastway adjacent to the rail line for Jan. 14 at 8 p.m.
- Heard a report on the tree planting program — 826 trees were planted last fall on 65 streets at a cost of $10,000.

★ ★ ★

- Announced intention of setting a hearing at a future date for curb, gutter and paving on Kenilworth from Featherstone to University.
- Heard that an interest rate of higher than 4¼ per cent would be allowable, according to the office of Housing and Urban Development, on $1,034,000 in preliminary loan notes for urban renewal for which bids are to be opened Jan. 14.
- Changed the name of the Municipal Court Violations Bureau to District Court Traffic Bureau to conform with new procedures.

Senate Stall on N-Treaty Gives LBJ a Last Setback

WASHINGTON (AP) — Lyndon B. Johnson's onetime base of power — the Senate — has provided him a last and bitter disappointment in the final moments of his public career.

Chairman J. W. Fulbright of the Foreign Relations Committee made official Tuesday what had long been suspected: Despite presidential urgings there will be no immediate action on the nuclear non-proliferation treaty.

Thus the pact, a New Frontier legacy that became for Johnson something of a personal crusade, probably will bear the signature of a Republican president.

There was no immediate comment from the White House. Nor in the waning days of the delicate transition period to a new administration was one expected.

But for Johnson, a wartime leader who had sought to leave this lasting imprint on efforts to ensure peace, there was ample cause for disappointment.

For one thing, there was his personal devotion to getting it through.

This last satisfaction, ironically, was denied him by a Democratic-controlled Senate where less than a decade after gaining legendary power as majority leader he faced as President some of the bitterest opposition to his Vietnam War policies.

It also was a Senate that turned in four short years from helping him pass a flood of Great Society social legislation to spawning serious challengers from his own party for a job he finally gave up voluntarily.

TREATY EXPLAINED

The treaty that falls to the Nixon administration to ramrod through the Senate would bar signers from sharing nuclear weaponry and know-how with countries lacking them. It would prohibit have-not nations from seeking nuclear arms or help developing them.

It passed the U.N. General Assembly last June, and was signed by 62 nations including the United States, the Soviet Union and Great Britain July 1. The treaty, however, does not become effective until ratified by 40 nations including those Big Three powers.

The other two nuclear powers, Red China and France, have refused to sign or follow the treaty.

Although first suggested to the Geneva disarmament conference in 1962 by the administration of John F. Kennedy, it met with little Soviet enthusiasm.

A STRONG PITCH

In January 1964, Johnson, who had succeeded the assassinated Kennedy, made a strong pitch for the treaty in a message to the Geneva conference.

"He gave us carte blanche to negotiate entirely on it," said a source in the U.S. delegation Tuesday night. "In that sense it was his treaty. He put the drive on it."

The treaty, reported to the Senate last year, must be reported again to the new Congress by a slightly changed Foreign Relations Committee.

Fulbright said no action would be taken until after the inauguration Jan. 20, adding that the committee probably would hold one or two days of new hearings.

HUDSON'S

You'll find these and many other outstanding values during our Savings-Go-Round.

The Pontiac Press Readers: Special INTRODUCTORY OFFER brings you as much as

$10,000.00 EXTRA INCOME WHENEVER YOU GO TO THE HOSPITAL

—Only 25¢ enrolls your entire family for the first month

★ Pays in addition to all other coverage you have—including Medicare

★ Pays up to $10,000.00 tax free cash for each hospital stay

★ Pays you cash benefits that increase each year...to a maximum of $130.00-A-WEEK...at no extra cost to you!

★ Pays all cash direct to you (not to doctor or hospital)

★ No age limit—no medical examination required

★ Pays $100.00-A-WEEK cash each time you go to the hospital...even up to 100 weeks

★ No salesman will call

ACT NOW—YOUR ENROLLMENT FORM MUST BE MAILED BY MIDNIGHT SAT., FEB. 1, OR IT CANNOT BE ACCEPTED

One out of two families will have someone in the hospital this year! It could be you—or some beloved member of your family tomorrow...next week...next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have tripled in just a few short years. They are expected to double again in the few years ahead.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do if your pay check stopped, but living expenses kept going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in the famous Presidential Extra Cash Plan that

... Pays you $100.00 a week tax-free cash when you go to the hospital.

What a blessing it is when you know you have an extra $100.00 cash coming in every week—beginning the very first day you enter the hospital.

Now, Presidential's economy plan enables you to enjoy this protection at once. Because it will NOT cost you $20.00. It will NOT cost you $10.00—or even $5.00. Your special low price is just 25¢ for the first month's coverage for your entire family. Then continue at low Presidential rates.

Your cash benefits increase each year — at no extra cost to you!

And what peace of mind not to worry about rising costs. Your protection automatically increases $3.00 a week each year. The first year you get $100.00 a week. You get $103.00 a week in the second year. $106.00 a week in the third year. $109.00 a week in the fourth year. By the eleventh year, your policy will be worth a full *$130.00 a week* in benefit payments...at no increase in cost to you! This generous cash reserve protection will belong to you for as long as you keep the policy. You can see that your insurance will be worth much *more* than the present "face value" of the policy. Certainly, our increased payments to you will help keep pace with rising costs and—best of all...

... The increasing benefits come to you at no extra cost.

You still pay the regular low Presidential premium!

What other Plan protects you like this today? What other Plan keeps protecting you against rising living costs in the years ahead without increasing your premiums? And that's not all. This special Presidential Extra Cash Plan (#HP 18L-1067)...

... Pays you $100.00 a week CASH for a registered nurse at home.

Yes, in addition to the $100.00 weekly checks we send you during your hospital stay, we pay you an extra $100.00 a week if the doctor says you need a full-time registered nurse to take care of you at home.

How comforting it is to know that—after your stay in the hospital, if you've been there three days or more, you can return home to recuperate and yet not be a burden to your loved ones. Yes, if your doctor says you need a registered nurse full time within 5 days after you come home, we'll send you checks for *$100.00 a week*—for as long as you need the nurse—even up to *50 weeks*. It's like having a reserve of $5,000.00 cash to draw on when you need it. These benefits *also increase* each year by $3.00 a week. Another exceptional feature you have with Presidential...

PAYS up to $10,000.00 CASH for each accident or illness, starting the very first day in the hospital. PAYS up to $7,000.00 CASH at the rate of $70.00-A-WEEK if you are 65 or over... in addition to Medicare.

PAYS $100.00 A WEEK CASH—if you need a full-time registered nurse when you come home from the hospital—up to 50 weeks.

PAYS $1,000.00 EXTRA CASH for accidental death.

PAYS up to $2,000.00 CASH for accidental loss of limbs or eyesight.

PAYS $100.00 A WEEK CASH for each pregnancy, when you go to the hospital, assuming both husband and wife have been enrolled in the Family Plan With Maternity.

PAYS up to $5,000.00 at the rate of $50.00 A WEEK when a child goes to the hospital for any accident or illness when you are enrolled in the Family Plan.

PAYS you cash benefits that increase each year... to a maximum of $130.00-A-WEEK... at no extra cost to you.

PAYS you cash benefits for hospitalization for any accident immediately. Any sickness is covered beginning 30 days after Effective Date of policy.

NO age limit—no medical examination required—no salesman will call.

IF YOU ARE 65 OR OVER YOU WILL COLLECT $70.00-A-WEEK IN ADDITION TO MEDICARE

Why are smart folks over 65 now hastening to protect themselves with the Presidential Extra Cash Plan in *addition* to what Medicare will do for them?

Even though Medicare is a great boon to folks over 65, it will not, of course, pay *all* the bills that quickly pile up as a result of illness or accident.

Regardless of your age, you still need additional health protection.

We have designed this plan as the *important addition* to what you receive from Medicare—or any other health insurance you may have. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be *big ones!* In addition to what you receive from Medicare, Presidential pays you $70.00 a week... EVEN FOR 100 WEEKS if necessary! *You can receive as much as $7,000.00 for each illness or injury when hospitalized!*

... Pays you $100.00 a week cash maternity benefits — up to 100 weeks for each hospital stay!

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to buy all the things you need for the new baby? Now, if both husband and wife are insured in the wonderful *Family Plan With Maternity* for the entire period of the pregnancy, you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days—*as long as necessary*—you get $100.00 a week for every day of your confinement, up to 100 weeks.

All these added cash benefits.

Yes, in addition to $100.00 a week for hospitalization or $100.00 a week maternity benefits and $100.00 a week for a registered nurse at home... you get all this:

Added cash benefits: $1,000.00 cash to your family if death occurs within 90 days from any accidental injury. Think of how handy the cash can be in time of loss. It can take care of burial expenses without burdening your loved ones.

Added cash benefits: Up to $2,000.00 cash for accidental loss of limbs or eyesight, when the loss occurs anytime within 90 days of the accident. The loss of a limb or eyesight is a terrible thing. Nothing can replace the loss, but a check for $1,000.00 or $2,000.00 brings peace of mind during the period of adjustment.

Added cash benefits: Choose *either* Family Plan... and *your* children will be covered too! Presidential pays up to $5,000.00 any time your youngster goes to the hospital... for tonsils, appendicitis, or *any other* illness or injury! Yes, you will receive $50.00 cash, week after week—for as many as *100 weeks*, if necessary.

We pay your premiums when you are not able.

As a special consideration to you—if you are hospitalized just 6 weeks or more, all premiums that come due while you are still in the hospital after this period will be paid by Presidential. And your protection continues as if you were paying the premiums yourself! Then if you leave the hospital and must return for the same condition before you have resumed full normal activities for 90 days, Presidential will again PAY ANY PREMIUMS WHILE YOU ARE IN THE HOSPITAL—*TO A MAXIMUM OF 100 WEEKS* per confinement! This means you pay no premiums, yet your full protection remains in force—*you collect up to $10,000.00 for each confinement!*

THIS LIMITED ENROLLMENT OFFER ENDS SOON
Only 25¢ for First Month — Money-Back Guarantee.

You can now have your first month's protection for your entire family for only *twenty five cents!* But you must act *immediately*. Your request for this wonderful Income Protection Plan must be mailed on the convenient Enrollment Form NOT LATER THAN MIDNIGHT of the date shown.

This midnight expiration hour *cannot be extended*. If your enrollment form is mailed later, *it cannot be accepted*.

These are the ONLY exclusions!

Your Presidential policy covers every conceivable kind of sickness or accident except conditions caused by war or any act of war; mental disorders; intoxicants and narcotics; where care is in a Government hospital; pregnancy except as provided under the maternity benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your policy... during the first 2 years only.

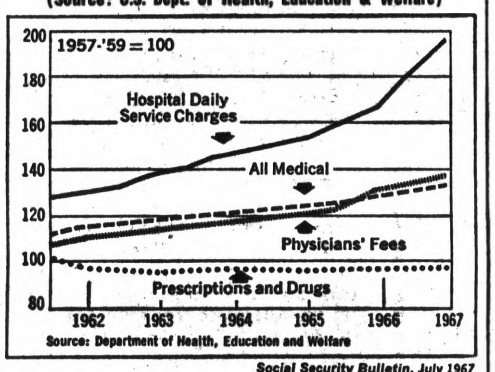

This last item is a real help if you *already* have a health problem. If you are sick *before* you take out this policy, you will *still* be covered for that condition after the policy has been in effect for 2 years. Meanwhile every *new* condition is covered.

How can 25¢ buy so much?

You can buy ordinary insurance at any time and pay the regular rates, if you wish. But Presidential can now provide you and your entire family with tax-free Income Protection for just 25¢ the first month only because we enroll a large number of people at one time—*direct by mail!* This highly efficient "Mass Enrollment" method cuts costs to the bone—*and the savings are passed on to you!*

Medical Costs Skyrocketing!

(Source: U.S. Dept. of Health, Education & Welfare)

Source: Department of Health, Education and Welfare

Social Security Bulletin, July 1967

Govt. figures reveal your present health protection... *may no longer protect you against today's rising medical costs!* Don't leave your loved ones defenseless! Act at once to add up to $10,000.00 to your health protection for only 25¢ for entire family.

Make your decision carefully.

Think how costly a hospital confinement will be. Imagine paying for those indispensible x-rays, doctor bills, medicines and drugs that are *not* covered by your present insurance.

Would you be able to afford the quiet and privacy of a private room and a private nurse, should you so desire? Or a telephone to keep in touch with loved ones? Or the rental of a TV set to help pass the lonely hours? Who would pay your bills that keep on coming in at home? Many folks have lost their life savings, their cars, even their homes trying to meet such expenses. And no one knows whose turn it will be next.

Why you must act before the deadline date shown on your enrollment form—just a few days from today.

Why do we give you so little time to apply for your insurance policy—only a few days? Because, as mentioned *above*, we must receive *your* Enrollment Form *the same time as all the others* in order to pass on to you the savings that come from processing *many* policies *at one time*.

We mail you the policy as soon as we receive your Enrollment Form. When the policy arrives, examine it in the privacy of your own home. Take all the time you need. It's a very short document, and you'll be pleasantly surprised to discover there is NO FINE PRINT. Then—*show it, if you wish, to someone you trust*. Perhaps your lawyer, accountant, or banker. Better still—*show it to your own insurance man... even though he may very well be working for another company!* If he is a personal friend, he has your best interests in mind. So you can believe him when he tells you there is no better bargain available anywhere—at any price!

Money back guarantee—in case you change your mind.

Even after you mail your Enrollment Form below... even after you examine the policy in your own home and talk it over with anyone you wish... even after all this you are still free to return the policy within 15 days *and your quarter will be refunded at once*. There will be no obligation whatever.

Meanwhile, all during the 15 days you are making up your mind—you'll be protected by $100.00-A-WEEK extra cash benefits just as if you had already said "yes." That's right, you will be fully covered all this time for any accident which puts you in the hospital, even if you finally decide to return the policy.

However, after you've seen the policy for yourself, you will surely agree that this is a tremendous value and you'll want to continue this $100.00-A-WEEK extra cash protection under the Plan that's best for you.

PLAN I — INDIVIDUAL(S) ONLY PLAN:

If you want to cover yourself—or yourself and one or more adult dependents (including your spouse)—then this is the Plan for you. Each person must be 18 or over, and shall pay (per person) the rate applicable to his or her age. NOTE: Where there are no dependents, PLAN I is the most economical to choose for a husband or wife (or both).

Age at Enrollment	Monthly Premium
18-39	only $3.95
40-49	only $4.95
50-59	only $5.95
60-74	only $6.95
75 and over	only $8.95

PLAN II — FAMILY PLAN WITH MATERNITY

This plan is for the family that is still growing. To the total of the monthly premium for the adults to be insured, just add $5. This entitles you to all maternity benefits. It also covers all your unmarried, dependent children between the ages of 3 months and 19 years who live at home. Future dependent children will be covered when they reach 3 months of age and without any additional charge.

PLAN III — FAMILY PLAN WITHOUT MATERNITY

This plan is for the family that is no longer growing. To the total of the monthly premium for the adults to be insured, just add $3. With the exception of children yet-to-be-born, PLAN III covers all your unmarried, dependent children between the ages of 3 months and 19 years who live at home.

NOTE: The regular Monthly Premium shown here (for your age at time of enrollment) is the same low premium you will continue to pay; it will not *automatically increase as you pass from one age bracket to the next.* Once you have enrolled, your rate can never be changed because of how much or how often you collect from us—or because of advanced age—but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state.

The Presidential® Extra Income Plan

11401 Roosevelt Blvd., Philadelphia, Pa.

The Presidential Life Insurance Company of America (Home office: Chicago, Ill.) carries full legal reserves for the protection of all policyowners and is LICENSED BY THE STATE OF MICHIGAN

THESE 23 QUESTIONS AND ANSWERS

Tell you how Presidential's COST OF LIVING INCOME REPLACEMENT HEALTH AND ACCIDENT PLAN gives you the protection you need—at amazingly low cost!

1. **How much will my policy pay me when I go to the hospital?** You are paid $100.00-A-WEEK cash every single week. And it starts the very first day you are in the hospital. If you are over 65, you are paid $70.00 a week, in addition to any Medicare benefits you receive. You are paid $50.00 a week up to 100 weeks every time your children go to the hospital when you are enrolled in the Family Plan.
2. **Will I be paid if I am hospitalized for less than a full week?** You certainly will... regardless of whether you are in the hospital for as short a time as one day... or as long a time as a week, month, year or more.
3. **Does the Plan pay you from the first day of hospitalization?** Yes! You receive full cash benefits of $100.00 a week starting the very first day you enter the hospital. The coverage begins when we accept your completed Form and 25¢—that is the day you and your loved ones are covered for any accidents. Sickness coverage begins 30 days after the effective date of the policy.
4. **How much do I receive for a Registered Nurse at Home?** $100.00-A-WEEK for up to $5,000.00 after you have been hospitalized for 3 days or more, and your doctor has you employ a full-time registered nurse within 5 days after you leave the hospital. Ten years from now it will have increased to $130.00 a week in benefits... at no extra cost to you!
5. **Are there any accidental death benefits?** Yes. $1,000.00 cash is paid to your estate when death occurs any time within 90 days of an accident.
6. **Will I be paid extra if I lose a limb or eyesight?** Yes. Presidential pays $1,000.00 for complete accidental loss of one hand or one foot or sight of one eye; $2,000.00 for loss of both hands or both feet or sight of both eyes... when dismemberment occurs anytime within 90 days of the accident.
7. **How much do we receive for pregnancies?** If you have the Family Plan With Maternity, you receive $100.00-A-WEEK for as long as 100 weeks for each pregnancy, childbirth or miscarriage that results in hospital confinement when both husband and wife are enrolled under this plan for the entire period of pregnancy.
8. **Suppose I am paid benefits for any sickness or accident. What happens if I am again hospitalized for the same condition?** Don't worry. You still collect $100.00-A-WEEK for a total of 100 weeks. And if you have already resumed full normal activities for just 90 days, it's considered a new confinement, and you can collect for an additional 100 weeks. Of course, any new condition is covered immediately for a full 100 weeks.
9. **How may I use these benefit payments?** You may use them in any way you wish—for hospital and doctor bills, rent, food, household expenses, or anything else. This is entirely up to you.
10. **May I apply if I am over 65?** Yes, you may. Folks any age are welcome to apply—there is no age limit! Members 65 or over are paid $70.00 a week plus all Medicare benefits.
11. **Can I collect from Presidential even if I carry other insurance?** Of course. This plan will pay you in addition to whatever you may receive from any other policies, including Medicare for folks over 65.
12. **Why do I need this Presidential Plan in addition to my other hospital and health insurance?** While hospital costs have tripled in recent years, very few people have tripled their insurance. The chances are one in seven that you will need money to take care of all your other expenses, as well as your hospital bills. Your Presidential checks are rushed to you by air mail to use as you see fit.
13. **What benefits do my eligible, dependent children get?** If you choose a Family Type Plan, your dependent eligible children, ages 3 months to 19 years, would receive 50% of all the cash benefits of the basic Plan (excluding Waiver of Premium).
14. **May I add future dependent children to my policy after it is in force?** Yes, indeed, if you have the FAMILY PLAN WITH MATERNITY. Just notify us when they are 3 months old and they will be covered without evidence of insurability and any additional charge.
15. **Will my protection be cancelled because I have too many claims?** No, definitely not! Presidential guarantees never to cancel your protection because you have too many claims or because of advanced age. We also guarantee never to refuse to renew your policy unless the premium is not paid before the end of the 31-day grace period, or unless renewal is declined on all policies of this type in your entire state. (Of course, if deception is used in making application, the policy may be ineffective.)
16. **Will my rates be raised as I grow older or if I have too many claims?** No matter how many claims you have, or regardless of how long you keep your policy, your rate will remain the same as it was for your age when you applied. Presidential guarantees never to adjust this rate unless the rates are adjusted on all policies of this type in your entire state.
17. **What is not covered by this policy?** The only conditions not covered are those caused by: mental disorders; intoxicants and narcotics; where care is in a Government hospital; expenses resulting from any sickness or injury you had before the policy Effective Date (during the first 2 years only); act of war. EVERYTHING ELSE IS COVERED—including pregnancy when both husband and wife have been enrolled in the FAMILY PLAN WITH MATERNITY for the entire period of pregnancy.
18. **What are the requirements to enroll in one of the Presidential Plans?** You must not have been refused any health, hospital or life insurance; and, to qualify during this enrollment period, you must enroll before midnight of the date in the coupon.
19. **Why is this offer good for a limited time only?** Because, by enrolling a large number of people at the same time, underwriting, processing and policy issuance costs can be kept at a minimum—and we can pass these savings on to you.
20. **Besides the savings, are there other advantages to joining Presidential during this enrollment period?** Yes, there certainly are. A very important one is that you do not need to complete a regular application—just the brief enrollment form in the lower left hand corner of this page. Also, during this enrollment period there are no other requirements for eligibility—and no "waivers" or restrictive endorsements can be put on your policy!
21. **Can other members of my family take advantage of this special offer?** Yes, as long as they can meet the few requirements listed under Question 18.
22. **How does the money-back guarantee work?** Examine your policy carefully in the privacy of your own home. If for any reason you are not completely satisfied, return it within 15 days and we will promptly refund your money. Meanwhile you will be fully protected while making your decision!
23. **How do I join?** Fill out your brief enrollment form and mail it, with just 25¢ for the first month's protection for your entire family. Mail to: The Presidential Life Insurance Company of America, 11401 Roosevelt Blvd., Philadelphia, Pa. 19154.

Act now — "later" may be too late!

TIME IS PRECIOUS! Act quickly. (No salesman will call.) Get your enrollment form into the mail *today*—because once you suffer an accident or sickness, it's TOO LATE to buy protection at *any cost*. The sooner you mail your enrollment form, the sooner your protection starts. That's why we urge you to act today—*before* anything unexpected happens.

New materials continue to make inroads in the design of contemporary furniture. Here, Plexiglas is an important component of a sophisticated living room grouping by Charlton Company, Inc. It forms the base of both the sofa and chair and is the only material for the intriguing, multilevel table. Seating units are upholstered in Frontera, Tenneco's award winning suede vinyl. Seen at the Chicago Home Furnishings Market now in progress.

Williamsburg reproductions never lose their appeal for they still meet the requirements of contemporary living. Kittinger produces fine mahogany pieces with precise detailing and soft glowing finish. Each piece remains identical to the original. Designers use glowing gold carpeting and documentary wallpaper to bring out the warmth of the polished wood.

She Had to Pay the Piper Without Calling Her Tune

By ABIGAIL VAN BUREN

DEAR ABBY: You told a woman who blamed her husband when she found out she was pregnant and didn't want any more kids, that she should lay off because it was partly her fault, too. You said, "It takes two to tango," or something like that.

Well, you are dead wrong. It takes only one strong determined male to trap a helpless female, but it's the poor woman who pays the price in the end. I ought to know. It happened to me.

NELL

DEAR NELL: That was no tango, Lady.

★ ★ ★

DEAR ABBY: I have been reading your advice every day looking for a solution to my problem, but to no avail . . . so here goes:

I am a 38-year-old married woman with no children. My marriage is a happy one NOW, but for years I didn't draw a sober breath. I haven't touched a drop in two years and I feel in my heart that NOTHING in this world could ever make me touch the stuff again.

Now, what's my problem? Does a nonpracticing alcoholic have to go through life looking like a "hag" for the rest of her life? My drinking has aged me 20 years. My face is covered with deep lines and wrinkles.

I look like an old woman. I've tried all the facials and "tightening" creams and nothing has worked. Is there a good plastic surgeon in the Chicago area who isn't too terribly expensive, and would let me pay on time?

Also, Abby, please tell your readers that there is no better way in the world to learn how to live without alcohol than at ALCOHOLICS ANONYMOUS. I really didn't want to quit drinking but went to a meeting just to get my family doctor off my back, and here I am, sober and happy and eager to face life. If I can quit, ANYBODY can. NAMELESS, PLEASE

DEAR NAMELESS: My hat's off to you. Talk to your family doctor about that plastic surgery, and ask for his recommendation.

★ ★ ★

DEAR ABBY: This is for "DEPRESSED," the 25-year-old wife and mother who wants "shots" to increase the size of her bust:

In the first place, where did she get the idea that all males consider big bosoms important? It just isn't so. What IS important to a man is that a woman should be neat, clean, honest, and considerate.

I have spoken to other men about this, and they agree that a big bust is zero. It doesn't add one thing to a woman's real sexiness. In other words, a real man wouldn't walk around the corner to stare at one of those top-heavy cows. Thank you.

AN IRATE PLUMBER

★ ★ ★

For Abby's new booklet "What Teen-Agers Want To Know," send $1.00 to Abby, in care of The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48056.

Calendar

THURSDAY

Brookside branch, Woman's National Farm and Garden Association, 12:30 p.m. Home of Mrs. E. P. Sammut, Bloomfield Hills. Dessert luncheon.

Women's Society of Bethany Baptist Church, 12:30 p.m. Linda McCollough will speak.

Waterford branch, Woman's National Farm and Garden Association, 1 p.m., home of Mrs. William K. Baer on Winkleman Drive. Mrs. William Shunck will review "That Quail, Robert."

Welcome Rebekah lodge No. 246, 7:30 p.m., Pythian Hall. Installation of officers.

Art Hays to Present Society's Slide Exhibit

The Pontiac Society of Artists will meet Friday for a slide presentation of past PSA exhibits to be given by Arthur Hays at the Pontiac Creative Arts Center.

Hays is a local artist who has received numerous awards and has been commissioned for paintings. He has twice been president of the Society.

A membership and business meeting will follow. Interested persons may attend the 8 p.m. event.

Mix, Don't Match, Is Furniture Trend

Individual taste is the sole criterion these days of the clothes one wears or the furniture one buys. There are trends, of course, but no one thing is "in" while everything else is "out."

Reports from the 1969 Home Furnishings Market currently being held in Chicago make this clear.

As one designer puts it, "Decoration, both professional and 'do-it-yourself, has been on a mixing spree recently, and this trend is evident in the broad spectrum of furniture style presented this season."

'ECLECTIC'

The more sophisticated term for mixing whatever furniture styles appeal to you is "eclectic."

It means you can put great grandmother's rocker in the same room with the new Plexiglas tables, add an Oriental rug and a Mediterranean style stereo cabinet and not be too far out. You must use some judgment in selecting individual pieces so that you have the correct proportions.

Another look in evidence is opulence. Everything looks more elegant, even the informal styles like English oak and Early American maple.

Perhaps this is due to the fact that new upholstery materials which look rich and fragile, but are unbelievably sturdy, are showing up on more furniture.

Special 'Two for One' Offerings in Winter Schedule at YWCA

When the winter term of classes starts at the Pontiac YWCA, several new groups will be meeting.

Heading the list of attractions will be "Pick a Pair" on Wednesdays. Eight different classes will be offered, four each in morning and afternoon; students get two for the price of one.

★ ★ ★

Among these classes are one in Pennsylvania Dutch painting, Bishop sewing and italic writing. This last is the type of writing used on certificates or formal invitations; it is being offered in response to special requests.

★ ★ ★

All the other usual classes will be in session. Information about them and registration are handled by the YW office staff.

Three class luncheons are scheduled for the term. Dates are Jan. 22, Feb. 12 and March 5. A class potluck luncheon and display will close the series on March 19.

NURSERY

Mothers with preschool children may leave them in the YW nursery. There are still openings available for children of class members or for other individuals wishing to take advantage of the nursery school.

All classes begin the week of Jan. 13.

Plenty of Color, Style for Small Woman

If you're five feet four or under and slim, here are tips for you.

One-piece dresses, waistline to hipbone jackets, slim, flared and dirndl skirts are becoming. Wear one and two-toned dresses and costumes, small-patterned checks, plaids and prints, narrow belts and tie sashes, and accessories scaled to your smallness.

The high-bosomed, high waistline is flattering for day and evening. Your coats can be decisive in line but not wide. Consider fly-front and off-center fastenings.

Some of the smartest-looking women with your figure have discovered that bright color makes them look no shorter or wider than dark neutrals and dark ground prints, sometimes emphasized as their cup of tea.

★ ★ ★

Wisely, though, they forego limp fabrics, horizontal stripes, splashy prints, shiny satins and brocades. The woman who's shorter and shorter-waisted makes a habit of good posture and avoids a slumped look — at least, she should.

★ ★ ★

If your neck is short, wear cardigan jackets and coats, or those with small, dropped collars (never a true turtle neck). Choose a coat with a back belt, if you like, but nothing fitted or belted all around.

★ ★ ★

The button-front or zip-front coat-dress is a flattering year-around basic for your wardrobe.

TRY IT AND SEE

Every rule in fashion has its exception. Whatever your height or size, try on anything strongly appealing to you and satisfy yourself that you can or can't wear it.

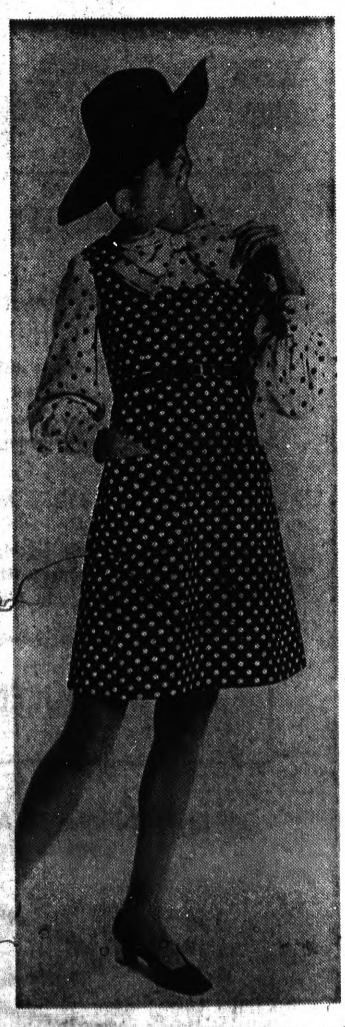

It's rightly said that a woman should have more personality than her clothes. Something about your individual charm, your face or possibly your self-assurance, may mean you can forget a rule.

Patriotic red, white and blue from Pattullo-Jo Copeland's spring '69 collection. Jo Copeland takes a tweedy length of fabric for a cardigan jacket and an A-line dress. The dress has a white yoke and a grosgrain bow at the neck.

Spring's favorite duo, navy and white, are checked in wool knit for Kimberly's sharp three-part suit for spring 1969. The full skirt is cut on the bias and the jacket, worn over a white wool knit shell, is subtly shaped with a drawstring belt of navy kid.

Kasper designs a black and white cotton jumper with a contrasting polka dot silk blouse for his spring '69 collection.

The short slim figure looks charming in high-bosomed, high waisted fashions like this—with or without sleeves.

The shorter figure is flattered by slightly-flared, unbelted fashions (such as the dress shown at left), and by small-collared or collarless necklines.

Why Grow Old?

By Josephine Lowman

OW equals SS, or over weight equals strained seams. This really should read, OW equals SOS, because when the seams are under stress it is time to begin saving the figure!

★ ★ ★

I am currently bringing you my Eight Week Beauty Improvement Plan to help you lose any overweight you may have.

I promised to help you decide what your ideal weight is. This is the first thing we must do.

Today's charts will give you ideal weight for your height and age, not the average weight.

HEIGHT FACTOR

As you know your height is one factor which determines how much you should weigh. So is your build.

Stand in front of a mirror without clothing. Are your bones large, or dainty? Do you have broad shoulders and pelvis and large wrists and ankle bones? It is possible for a woman to have small wrists and ankles and have a medium or large frame. However if your bones appear heavy generally you probably have a large frame.

If they seem to be neither extreme, you have a medium frame. If your bones are light, you have a small frame.

DESIRABLE WEIGHTS FOR WOMEN
According to Height and Frame — Ages 25 and Over

Height With 2½-inch heels	WOMEN SMALL	MEDIUM	LARGE
4' 10"	92- 98	96-107	104-119
11"	94-101	98-110	106-122
5' 0"	96-104	101-113	109-125
1"	99-107	104-116	112-128
2"	102-110	107-119	115-131
3"	105-113	110-122	118-134
4"	108-116	113-126	121-138
5"	111-119	116-130	125-142
6"	114-123	120-135	129-146
7"	118-127	124-139	133-150
8"	122-131	128-143	137-154
9"	126-135	132-147	141-158
10"	130-140	136-151	145-163
11"	134-144	140-155	149-168
6' 0"	138-148	144-159	153-173

Note: Prepared by the Metropolitan Life Insurance Company. Derived primarily from data of the Build and Blood Pressure Study, 1959, Society of Actuaries.

Here are today's reducing menus.

BREAKFAST

1 wedge melon (2 inches x 7 inches)

2 — 4-inch buckwheat pancakes

1 tsp. syrup

1 slice bacon (crisp)

1 glass of skim milk

LUNCH

4 oz. canned red salmon, chilled; sprinkled with lemon juice and capers; served in a lettuce cup

1 hard roll and 1 teaspoon margarine or butter

1 glass skim milk

DINNER

6 oz. broiled chicken; basted with 1 tsp. margarine or butter mixed with 2 tsp. lemon juice and ¼ tsp. dried tarragon.

1 small baked potato, seasoned with garlic salt or chopped chives

Lettuce and sliced radish salad, dressed with your favorite low-calorie salad dressing

Dessert: 2 pear halves (canned) seasoned with rind of ¼ orange, 1 tbs. lemon juice and ⅛ tsp. powdered ginger.

BEDTIME SNACK

1 tbs. soup greens simmered until tender in 1 cup bouillon

Total 1,185 calories.

If you would like to have this plan in a kit called the "Bip Kit" which gives you complete directions, slimming exercises, a calorie chart, additional reducing menus for fifteen days, and a unique chart on which you can watch your beauty line rise as your weight line drops, send 25 cents plus 15 cents for postage and handling and your printed name and address.

Send to Josephine Lowman in care of The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48056.

If you're on the guest list for one of those coming up on Jan. 20, inaugurate a new trend in accessories by wearing this star-spangeled garter, with its own "Presidential seal." This true red, white and blue garter has separate sections for cigarettes, a lipstick and compact.

PTA

WEDNESDAY
Pontiac

Northern; 7:30 p.m. Program on vocational education.

THURSDAY
Pontiac

Madison; 7:30 p.m. First meeting of 1969 will feature Jerry St. Souver of the Oakland County Prosecutor's office speaking on "Dangerous Drugs: Use and Abuse."

WATERFORD

Houghton; 8 p.m., Guest speaker, Rev. Carl Bielby, state chairman of Parent and Family Life Education, will speak on "Sex Education in the Schools." To be followed by question and answer period.

A Spicier Idea

When you are preparing the seasoning flour to roll chicken in before frying, try adding a pinch of dried tarragon, with the salt and pepper to the flour. It gives it a different and very special flavor that you will enjoy.

Youth Orchestra to Play Sunday in Southfield

The Southfield Junior Symphony will present its winter concert Sunday at Southfield High School.

Under direction of Richard Brown, the program will include Haydn's Symphony No. 4 in D Major and the "Scheherazade Suite" by Rimsky-Korsakov.

Louis Horwitz, 16, of Royal Oak, will be the soloist for Haydn's "Trumpet Concerto."

Of some 75 teen-age members, almost 25 per cent are from Birmingham-Bloomfield Hills area with others from Walled Lake, Clawson, Union Lake, Novi, Farmington, Troy, as well as the Southfield-Detroit area.

Brooke Minasian, 15, of Bloomfield Hills is concertmistress for the group.

Rehearsals are held Saturday mornings.

Auditions for a soloist for the spring concert will be held Feb. 17 in Southfield High School. Pianists from grades 7-12 inclusive may contact Mr. Brown at his home on Briarbank Road, Southfield, or Mrs. Harry J. Baker of Lathrup Village.

★ ★ ★

Mrs. C. Robert Ferris of Lathrup Village may be contacted for tickets for the winter concert. Tickets will also be sold at the door. Proceeds are used for scholarship help to symphony members for summer music study.

Concert time is 3 p.m.

Cancel Meeting

The meeting of the Oakland County WCTU, scheduled to be held Friday evening at First Baptist Church, has been cancelled.

Grease spots can be removed from work clothes by soaking the complete stained area for 30 minutes or more in kerosene. Wash in hot suds in the usual manner and rinse thoroughly.

"We've Grown Big by Staying Small"

Just Call It a Big Rash of Cleanliness

BETTY CANARY
NEA Writer

I kept my appointment with the dermatologist with some trepidation.

"Tell me, doctor," I said. "Don't spare me."

He examined my arms and hands carefully

"Is this the heartbreak of psoriasis?" I asked.

★ ★ ★

"It's surprising how many of my patients ask that," he said. "You've been watching too much television."

Was this, then, the result of sitting up and watching all those old South Pacific war movies on The Late Show?

"You mean it's jungle rot?"

"I meant you've watched too many commercials."

"Oh."

"Your problem is dry skin. You take too many baths."

"Cleanliness is next to Godliness," I reminded.

He stopped writing prescriptions. "Are you a Christian Scientist?"

"Finish the prescriptions," I said.

He did. I got them for two ointments, one lotion, a bath oil and some pills. I also got cautioned to wear rubber gloves while lurking around the kitchen sink as well as warnings about wrapping up when I step outside the house.

★ ★ ★

He also cautioned me not to drink while I was taking the pills. This was unnecessary because I once had a cocktail two hours after taking a prescribed medication and I awakened in a hospital emergency room.

Being loaded down with five prescriptions merely because I have dry skin seemed ridiculous and I told him so. However, he informed me that each year his waiting room holds more people with the same complaint. He says we are victims not only of too much bathing but of our good furnaces and tight storm windows.

★ ★ ★

I first visited the dermatologist last summer because a rash developed on my arms, and the diagnosis was that I had become photosensitized.

★ ★ ★

And, he tells me, people are now lining up in his office because this sun poisoning has become a common complaint. Mine was caused apparently by overexposure to the sun. However, various medications can result in our becoming photosensitized. In this pill-taking age, it has become a real problem.

"All the price of civilized living," my doctor said. I know what he meant. After all, I paid his bill, didn't I?

Stains may be removed from china and earthenware by rubbing them with salt applied to a cloth moistened with water.

Neighbors Share Water Problem

TUCSON, Arix., (AP) — Ethel Rounds of Tucson is asking the revocation of the license of building contractors who installed her bathroom. She says in her complaint that when she flushes her toilet, the toilet in the next door apartment also flushes.

★ ★ ★

She insists she has no hot water unless her neighbor lights his hot water heater and that when when he turns off his gas, when when he turns off his gas, hers goes off too. And to add to the trouble, she says when she turns on her water fauces, the floor of the other apartment becomes flooded.

Flower Talk

A FLOWER THAT REALLY LASTS!

The strawflower is one of the few blossoms that is almost as pretty after it has dried out as when it first blooms.

The flowers are yellow, orange, red or white, and the plants will grow to heights of three feet, but the flower is small, only one and a half inches wide.

It is grown by seeds which may be planted outdoors or in a greenhouse.

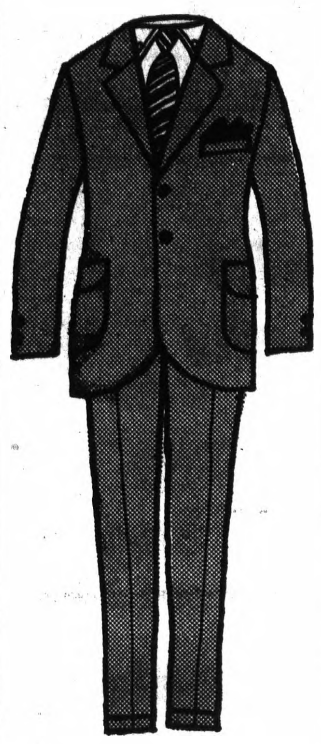

Our flowers are grown scientifically in hothouses and ready for you any season you might want them.

ANNOUNCING OSMUN'S GREAT BOX-SCORE CLEARANCE SALE!

As far as you're concerned, the greatest sale in the world
is a bust if you can't find anything in your size.
But Osmun's is putting both its merchandise and inventory figures
on the table so you can tell whether or not our
annual storewide clearance sale is worth coming to.
It is, from a price standpoint. Examples: $125 cashmere topcoats for $99.90;
$110 Eagle suits for $89.90. And there are reductions of 20% and more on
clothing and furnishings by Eagle, McGregor, Zero King,
Alfred of N.Y., Van Heusen, Esquire, Phoenix, Florsheim and French Shriner.
Check the inventory box-score and see if there's something for you at our sale.
If so, come on over. If not, don't.
The last thing we want you to get at Osmun's is nothing.

Prof Says Brain Drain Hits Blacks

(EDITOR'S NOTE — For the last couple of years, the big rush has been on to recruit "black brains" to white institutions. Now one Negro educator warns that things may be going too far—that black colleges, for instance, may be crippled if the exodus isn't halted.)

NEW YORK (AP) — A Negro educator complains that "increasingly traumatic visits" from white recruiters are producing a brain drain in black communities that threatens to deprive them "of all that is distinctive."

Vincent Harding, chairman of the history department of Spelman College in Atlanta, Ga., contends far-flung recruitment by the "white establishment" is in effect sapping black communities "of their carefully developed strengths."

★ ★ ★

Prof. Harding presented his views in an article in the Columbia Forum, a Columbia University publication. He holds a journalism degree from Columbia, as well as a Ph.D. in history from the University of Chicago.

"The political forces are competing with both business and academe for the most vigorous, creative black leaders," he writes. The rush, he adds, prompts "many sober black persons to believe that the same institutions that helped for more than a century to create, maintain and degrade the northern black urban world now are turning to rape it of all that is distinctive."

IN THE SOUTH

The situation is "distressingly similar" on Negro campuses in the South, including Spelman College.

These days, he says, "Every black Ph. D. who has had his name mentioned twice, or who has published the slightest review, is besieged by northern as well as southern white institutions—most often in response to the . . . demands of their black students."

★ ★ ★

As a result, black faculty members are "mercilessly tempted," Harding continues, as are promising black students who are sought by white institutions. "And so," he adds, "the process of cultural de-racination continues apace, under the cloak of integration."

Harding proposes several steps to prevent the "brain drain."

VISITING PROFS

He suggests that rather than attempt to lure Negro scholars to their staffs, white institutions should establish visiting professorships. That way "the black faculty presence could be made available" without denuding the black campus.

Further, he proposes that white colleges and universities offer financial aid to gifted Negro students but give them the choice of attending black institutions—though attending the white schools for a year as exchange students.

★ ★ ★

To "alleviate the poverty of the black schools," there should be an autonomous black education foundation "funded for substantial creative work on the black campuses," he recommends.

Finally, Harding suggests a cooperative effort in graduate level training of teachers in Afro-American studies, which he calls "the area of greatest demand by black students."

AUTONOMY BEST

Black institutions, "if properly funded and organized, can probably do this best," Harding says. He notes that an Institute for Advanced Afro-American Studies is being formed in Atlanta, and this will need financial aid "in the millions." Some of the money, Harding suggests, should come from northern institutions "which now are demanding instant expetrs" in the field.

Filing Cabinet Not Theftproof

DOUGLAS, Ariz. (AP) — For 25 years, Police Chief Percy Bowden has been keeping large amounts of money in a filing cabinet in the security room of the Douglas police headquarters in the belief the cabinet was virtually burglarproof.

Apparently, some thieves did not know the cabinet was burglarproof. They recently stole more than $10,000 from it.

Electoral-Vote Tally: Who's Winner? West Wonders

By DICK WEST

WASHINGTON (UPI) — The counting of the electoral votes by Congress was one of those rare moments of suspense and high drama that keeps you sleeping on the edge of your chair.

WEST

The only thing that compares with it, pins-and-needles-wise, was that nail-biting period last Friday when the House and Senate appointed a committee to notify the President that they were back in session.

★ ★ ★

Unbearable anxiety built up while the senators and representatives awaited word as to whether the committee had managed to contact the President and transmit this vital bit of information.

When the report finally arrived that the mission was successful, some law-givers fell to their knees. I'm not certain whether they were thankful or drunk.

Monday's joint session at which the electoral votes were counted was, if anything, even more of a cliff-hanger. Tension in the air was so thin you could have cut it with a laser beam.

It was apparent from the outset that the vote was going to be close. Sen. Edmund Muskie, the only candidate present, entered the chamber and immediately began shaking hands with everyone in reach.

Apparently he was doing some last-minute campaigning in hopes of swinging the victory his way.

Vice President Hubert Humphrey would normally have presided at the session, but had another duty to perform elsewhere. That spared him the ordeal of having to count himself out.

The electoral votes of each state were announced in alphabetical order. George Wallace jumped out to an early lead with 10 votes from Alabama. Four states later, Richard Nixon overtook him.

Then Connecticut gave eight votes to Humphrey, which made it a three-way race.

★ ★ ★

As tension mounted, dismounted and then remounted sidesaddle, someone challenged a North Carolina vote for Wallace, claiming it should have gone to Nixon.

★ ★ ★

At that point, Nixon had only 188 of the 270 votes needed to make him president, so the challenged vote could have been crucial. My palms were getting sweaty.

For two agonizing hours, the count was suspended while the lawmakers debated the matter. They finally let the challenged vote stand.

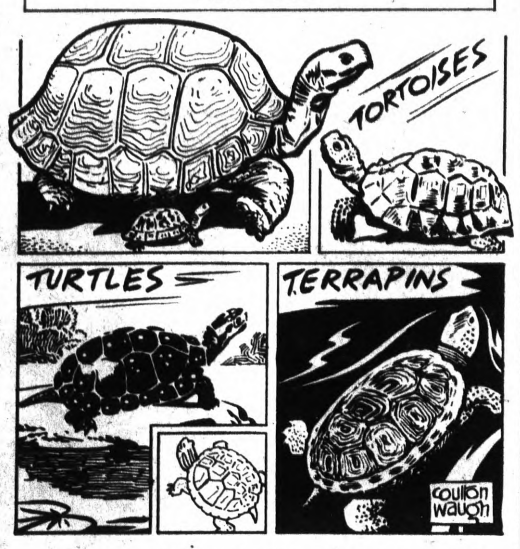

★ ★ ★

It turned out that Nixon won handily without it, amassing 301 electoral votes, to 191 for Humphrey and 46 for Wallace.

★ ★ ★

Muskie left the chamber still shaking hands.

Junior Editors Quiz on TURTLES

QUESTION: What are the different kinds of turtles?

★ ★ ★

ANSWER: Reptiles with hard shells of the order Chelonia are spoken of generally as turtles. This is an ancient animal group which has survived with little change, perhaps because the shells protect them so well.

Chelonians are often divided in this way: Tortoises, those which live strictly on land; Turtles, the ones which live partly or entirely in water, including sea water; Terrapins, the hardshelled fresh water kind, which have a definite market value for food.

We illustrate the giant tortoise of the Galapagos Islands, which can weigh 250 pounds. It lives, according to some reports, up to 400 years.

At the upper right is the smaller gropher tortoise of the southern U.S. The familiar spotted turtle represents a number of turtles which live in or near fresh water. The young one below him is the kind which are often sold for pets—the young of the American slider, a common species.

The handsome diamond-back terrapin (lower right) is prized for food.

Turtles continue their species by laying eggs, generally digging a nest in soft ground, depositing from one to 100 eggs, according to the kind they represent.

(You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

18 Yanks Die in Viet War

WASHINGTON (AP) — Eighteen servicemen killed in action in the Vietnam war have been named in a Defense Department casualty list.

The list includes seven men from the Midwest.

Killed in action:

ARMY

MICHIGAN — Spec. 4 James I. Cutler, Muskegon.
MINNESOTA — 1st Lt. William S. De Boer, Ray.

Do FALSE TEETH Rock, Slide or Slip?

Don't live in fear of false teeth loosening, wobbling or dropping just at the wrong time. For more security and more comfort, just sprinkle a little FASTEETH on your plates. FASTEETH holds false teeth firmer. Makes eating easier. No pasty, gooey taste. Helps check "denture breath". Dentures that fit are essential to health. See your dentist regularly. Get FASTEETH at all drug counters.

SALE
City Owned Land
Pontiac, Michigan

The City of Pontiac will receive sealed bids for the purchase of the site of the former incinerator building and former Parks and Recreation storage area, consisting of approximately 6.49 acres at the southwest corner of Featherstone and East Boulevard, extending along the new route of Clinton River. The City reserves the right to a Water Main Easement on the property. The bids will be received until 2:00 P.M., Monday, January 27, 1969 at the office of the City Clerk, 450 Wide Track Drive, East, Pontiac, Michigan at which time and place all bids will be publicly opened and read aloud. Metes and Bounds description, Plats and description of water main easement of the property are available at the office of the Department of Planning and Urban Renewal, Room 206 City Hall, and may be obtained at no cost. Bidders will be required to submit a preliminary site development plan of the proposed use and an estimate of time when construction will start and be finished. A ten per cent (10%) Good Faith deposit is required with each bid. The unsuccessful bidders deposit will be returned after the determination of the successful bidder. The bids will be reviewed by the City Commission of the City of Pontiac and acceptance will be based on the highest and best use allowed by the present zoning consistent with the future development of the City of Pontiac. The City reserves the right to accept or reject any or all bids, and to split or allocate frontage satisfactory to the bidders.

Activity Ideas for Retirement Boyle Over

By HAL BOYLE

NEW YORK (AP) — Many women married to men who have retired complain:

"My husband is always underfoot. He doesn't seem to know what to do with himself."

BOYLE

★ ★ ★

This shows a dismal lack of masculine initiative. No matter how active a life he has led, no man at 65 has achieved a quarter of the vagrant daydreams and fleeting ambitions that have crossed his mind.

★ ★ ★

Why not pursue a few of them now? Does he have anything better to do?

A FEW IDEAS

Every man has his own list of fugitive goals and idle aspirations he has never acted on. But probably most men at 65 have never—

Panned gold in the Klondike.

Acted as a carnival shill.

Flowed over Niagara Falls in a barrel.

★ ★ ★

Worked as a moonshiner's helper in the southern mountain area.

Waited at a London street corner for a blind date with a lady-in-waiting.

Walked across the Brooklyn Bridge or the Golden Gate Bridge.

HAGGLING IN EGYPT

Haggled in a Cairo marketplace with a Syrian rug merchant.

Peddled a better mousetrap as a door-to-door salesman.

Been included in a Gallup poll report.

Put down a native rebellion.

★ ★ ★

Caught a souvenir football flung into the stands by an exuberant pro player after making an 87-yard touchdown run.

Stood before a firing squad and told the awed captain, "I do not choose to be blindfolded."

Volunteered to go along on the first passenger flight to the moon.

TOSSED OUT

Been tarred and feathered and ridden out of town on a rail.

Held a $100,000 winning ticket in a state lottery.

Lost weight from the strain of carrying too heavy a money belt.

★ ★ ★

Ridden shotgun on a stagecoach.

Hunted tigers with an Indian maharajah.

Picketed a meeting of the P-TA in protest against its policies.

CAPITOL SPEECH

Made an after-dinner speech at the White House.

Had a whale of a time in a whale boat.

Bugged a secret session of the Mafia.

★ ★ ★

Filtered alone through enemy lines at night in order to bring help to a besieged battalion.

Taught spelling to a student class of skywriters.

Escaped from a castle dungeon.

CIA, BOUDOIR

Sent a key message in code to the Central Intelligence Agency from the boudoir of a beautiful foreign spy.

Lassoed or bulldogged a bull hippopotamus.

Been mentioned in dispatches by a grateful government.

★ ★ ★

Filled a cavity in a polar bear's aching tooth.

Grown a walrus mustache—or a tomato that took first honors at a county fair.

Sung or strummed the guitar in an old folks' rock 'n' roll group.

BEAT OFF A SHARK

Gone scuba diving and fought off an enraged shark by smashing a fist against his muzzle.

Sailed as first mate aboard a flying saucer.

Climbed Mt. Everest alone simply because it was there.

★ ★ ★

Trapped and caged an Abominable Snowman.

In a world full of so many wonderful things to do, why should any retired man let his wife be in a position to complain that he is always underfoot?

If nothing else, he can always run away from home and join a Gypsy caravan. Then what'll she say?

BUS MISHAP INJURES 26 — Twenty-six of the 38 passengers aboard this Washington-to-New York bus were injured yesterday when it careened onto its side on I-295 near Bellmawr, N.J. Four of those hurt were listed in serious condition. Police said they were not able to determine what caused the accident.

Police Seek 2 in Ottawa Murder Case

OTTAWA (AP) — The Ontario provincial police announced Tuesday they were seeking two men in connection with the slaying of two men — one from Michigan — last Friday near Carp, Ont.

The police identified the two sought as Donald Joseph Phillion, 29, a native of Cobalt, Ont., with no fixed address, and David or Daniel Breault, 23, a native of Ottawa with no fixed address.

★ ★ ★

Chief Inspector J.S. McBride of the criminal investigation branch, announced the names at a news conference where he disclosed that police had found an abandoned rented car in Montreal containing two semiautomatic rifles, one with a broken stock.

Kenneth D. Vallee, 42, of St. Clair Shores, and his nephew, Gerald McDonald, 31, of Ottawa, were gunned down by three men who flagged their cars on a deserted stretch of highway about 25 miles west of Ottawa.

KILLERS LEFT CLUE

Part of a rifle stock was left behind by the killers.

McBride said the car, a 1969 Chevrolet, had been rented in Sudbury a month ago.

It was found in a Montreal parking lot.

He said the rifles were the same sort of sawed-off .22-caliber rifles used in the slaying.

The two victims had been driving with their wives in separate cars when they were flagged down by three men, police said. When MacDonald and Vallee stepped out of their cars, they were hit by a spray of bullets.

Their wives watched the shootings from their cars, but were not harmed.

At Commonwealth Confab

Migration Issue Is Simmering

LONDON (AP) — A row over race relations simmered behind the scenes of the Commonwealth Conference today and threatened to breach the surface calm of the 28-nation summit meeting.

The dispute pitted Africans against Asians and both Africans and Asians against the British. The West Indians were anxious spectators.

★ ★ ★

Ministers of eight involved countries agreed to form a special group to study ways of regulating the flow of commonwealth migrants to Britain. But some delegates feared this might be a device to sidetrack the issue. Pakistani Foreign Minister Arshad Husain served notice he might raise the problem before the full conference in Marlborough House.

At stake is the future of thousands of persons of Asian descent who soon may seek new homes in Britain after losing their livelihoods in such African commonwealth countries as Kenya, Uganda and Zambia.

FORCED OUT

The Asians are being forced out because the African governments want their businesses for their own people. Most of the Asians hold British passports. But Britain now has severe curbs on immigration and wants the Asians to go to the countries their forebears came from, India and Pakistan. Neither one wants them and feels the immigrants are solely a British responsibility.

Delegates from the West Indies were reported insisting on a thorough review of commonwealth migration trends. Many of Britain's million colored immigrants came from the Caribbean islands, and their home governments don't want them to be the victims of new prejudice resulting from the influx of Asians.

The main conference business today was a review of world political problems with three prime ministers listed to speak: Sir Dawda Jawara of Gambia, Leabua Jonathan of Lesotho and Dudley Senanayake of Ceylon.

Colombian DC4 Hijacked

HAVANA (AP) — A Colombian airliner with 56 passengers and crew members was forced to fly to Cuba Tuesday by one of the passengers, a young man with a pistol.

All aboard except the young man were expected to return today to Colombia.

★ ★ ★

The Avianca DC4 took off from Riohacha, near the Venezuelan border, on a flight to another Colombian city. The Pilot, Capt. Jorge Otalora, radioed: "We are heading for Cuba. Hijacked."

The control tower at Santiago in southeast Cuba, reported the plane landed there Tuesday night, and added: "Don't worry, we'll take care of it."

FIFTH HIJACKING

The passengers were believed to be Colombian tourists

Five Avianca planes have been hijacked and flown to Cuba in recent months.

Aussie Will Auction 15 Rolls-Royces

BRISBANE, Australia (UPI)—Fifteen rare Rolls-Royces, every one a collector's gem, will be auctioned March 20 in one of the biggest such sales of the British luxury cars ever held.

The cars are from the collection of Paris Palfreyman, a multi-millionaire rancher and engineer. The sale will take place at his property at Ingleside.

★ ★ ★

Palfreyman, who began his collection of 26 Rolls-Royces 12 years ago, decided to keep only 11 "veterans" — cars built before 1914.

A Sydney auctioneer, George Sevenoaks, is handling the sale.

HUNDREDS EXPECTED

Hundreds of collectors are expected to attend the sale.

The Rolls-Royce Co. is also expected to send a buyer from London, to bid for vehicles missing from their own collection.

Sevenoaks said he had received enquiries from England and America, and expected bidding from international buyers to be keen.

"One person from England has written wanting to know if he could buy the lot before the auction, but as it already has been advertised, the auction will take place," he said.

T. J. Farrell, Australian sales manager for Rolls-Royce, said "The sale will attract considerable interest all over the world."

S. Viet Push Reflects Better Military Stance in Delta

CA MAU, Vietnam (AP) — A probe by about 5,500 Vietnamese rangers, marines and army regulars in the tangled U Minh Forest reflects an improved allied military stance in the new year in and below the vital Mekong Delta.

No government or American officials profess to believe the Vietcong have been defeated or that all is well in the nation's rice bowl. They say, however, there is more pressure today on the guerrillas than ever before.

★ ★ ★

Succes is counted in modestly expanding security rings around major cities and the comparative ease lately of driving along Route 4, the main delta highway. The majority of the 7,500 square miles of the delta and its 7 million people remain under Vietcong influence.

"We started cold from the (1968) Tet offensive when we were all holed up in our forts," said an American colonel who is an adviser to the South Vietnamese.

HELICOPTER USE

The chief factor is a large force of U.S. helicopters now available to make the three Vietnamese delta divisions more mobile, able to pile on reinforcements when a contact is made. Much of the delta for the first time is now routinely patrolled by scout and gun-ship helicopters.

★ ★ ★

There had never been a major campaign before in the U Minh Forest, 250 square miles of matted woods and swamp near the Gulf of Siam 150 miles southwest of Saigon. It never was militarily feasible before, a U.S. adviser said.

★ ★ ★

The U Minh serves as the supply dump and headquarters for the Vietcong's 3rd military region which commands 19,000 guerrillas in the six southernmost provinces, intelligence officers say.

Starting Dec. 26, 11 Vietnamese battalions were sent in by helicopter. Their supporting artillery followed within minutes in a typical U.S.-style maneuver.

COMBED FOREST

Vietnamese marines combed a northern finger of the forest while rangers and regulars of the 21st Division, one of South Vietnam's best, exploited the middle.

Through the first 10 days of sporadic contacts, the Vietnamese reported 479 enemy killed, 300 by air strikes, and 291 surrendered.

The Vietnamese command feels the troops actually overran the regional headquarters and several main supply dumps. More than 100 tons of munitions were found, along with binds of medical supplies, telephone switchboards and a 10-ton printing press.

The captured weapons count stood at 263, including 69 recoilless rifles, antiaircraft machine guns and mortars.

LOW CASUALTIES

Extremely low government casualties were reported: 19 dead and 82 wounded. Most were the result of mines and booby traps.

Most of the enemy main force troops were missed. This was the case, officers said, because large groups of the enemy were resting and refitting across the Cambodian border, and those troops left behind seldom operate now in groups larger than 20 or 30 men.

A Million Dollars to Relieve Itch of Piles

It is estimated that over a million dollars a year is spent on varied remedies to relieve itch of piles. Yet druggists tell you that cooling, astringent PETERSON'S OINTMENT soothes pile torture in minutes. Either a box or 95c tube applicator. PETERSON'S OINTMENT gives fast, joyful relief from itching. Be delighted or money back.

Retarded GI Tested, Awaits Army Ruling

SCAPPOOSE, Ore. (UPI) — Army Pvt. Robert J. Hinkle, 21, whose greatest ambition in life is to be a federal game bounty hunter, waited at home yesterday while the Army decides his military future.

His father, Robert R. Hinkle, who contends his son is mentally retarded and unqualified for service, succeeded Monday in persuading the Army to put his son through a series of psychological tests.

★ ★ ★

The tests, to determine whether young Hinkle should be shipped to Vietnam or discharged, were given at Ft. Lewis, Wash., where he had earlier been scheduled to be processed for duty.

★ ★ ★

The father said he was told by his son's commanding officer that it would "definitely be two weeks" before a decision was made by the Army. However, an Army spokesman said the decision would be ready in a couple of days.

WAITING AT HOME

Either way, young Hinkle will await the answer at the family's 10-acre ranch near the Columbia River, northwest of Portland.

"He is just going to be trapping and hunting and taking it easy," said his father. "His psychiatrist said give the boy rest."

★ ★ ★

Hinkle explained there were 16 traps on his property, and Robert and Hinkle's 19-year-old twin sons did quite a bit of trapping. He said the twins were classified 4F, not eligible for the military.

★ ★ ★

"The biggest amibition in Slug's (Robert) life is to be a federal bounty hunter," his father said. "The regional people in the bounty program said they are willing to waive a number of requirements if we could only get him to read and write so he could fill out the forms."

DUBIOUS DOCTORS

But Hinkle said even the Army psychiatrists who examined his son at Ft. Lewis were doubtful the youth ever would be able to learn to read and write.

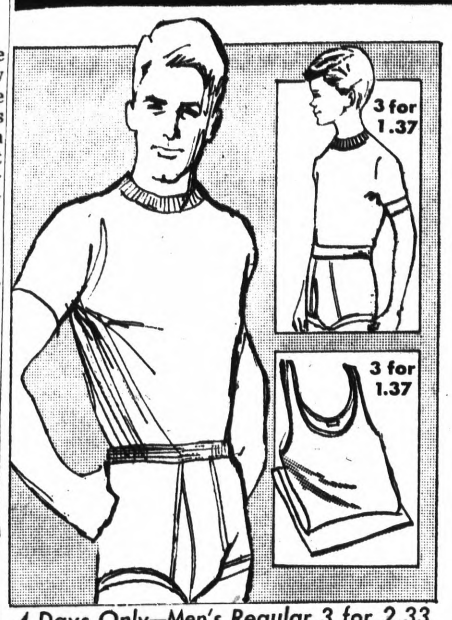

★ ★ ★

He said they expressed an interest in being informed if anyone ever was able to teach him those skills.

Some historians believe that Cape Cod Mass., is the "Keel Cape" mentioned by Thorvald the Viking in 1004 A.D.

On Death Row 9 Years, Convict Still Has Hopes for Freedom

CANON CITY, Colo. (AP) — Almost one-fourth of Sylvester Lee Garrison's life has been spent on death row at the Colorado penitentiary.

But the tall, 36-year-old light-complexioned Negro says he has never lost hope that he eventually will be cleared of the murder that has placed him under the threat of death in the gas chamber for nine years.

★ ★ ★

"You've got to have hope in this place, or you might as well give up," he said.

Garrison was moved into a cell on death row Jan. 29, 1960, and has spent a longer time there than any other condemned prisoner in the state's history.

'LAST MEALS'

"I've eaten my last meal twice," he said with a slight smile. "That shakes you." Each time a court stay in the final hours kept him from the death house.

Garrison added, "I've had 12 stays of execution."

★ ★ ★

An official of the Colorado Department of Institutions said records showed Garrison has had only six stays. He added that, apparently, Garrison had counted court appearances on technicalities as stays.

ON APPEAL

Garrison's case is on appeal with the U.S. Circuit Court in Denver. In all of his appeals to state and federal courts, Garrison has contended there was neither a confession nor an eye-witness to the crime he was convicted of—killing an elderly Denver man, Mort Freelander, in 1958.

★ ★ ★

A bible rests on a stand near the cot in Garrison's narrow cell, but he said, "I'm no more religious than I was when I came in here."

"Religion is just a crutch for a lot of guys who come into prison." He said. "They grab up the Bible and act like it right away makes them somehow better.

"But I'm not a phony. I'm my own man."

SPORTS FAN

Garrison said that by way of radio and television he is a sports fan—any sport. "If they should invent a new sport, I'd keep at it until I knew all about it," he said.

"And politics—I could talk to you about politics. I hope to be out of here in time to vote for Sen. Ted Kennedy for president in 1972. I'm a Kennedy man all the way."

Garrison said his mother, Mrs. Leeanna Curry of Denver, and other relatives visit him as often "as I'll let them." He has a daughter in Denver who made him a grandfather last May, but he wouldn't tell her name. He was married at the time of the death sentence, "But we're not together any more," he said quietly.

A gleam of amusement came into Garrison's large protruding eyes when he was asked his attitude toward what he had heard of black power and racial disturbances.

POWER THEORY

"There are two kinds of power," he said. "Knowledge"—he touched his temple with a long forefinger—"and money.

"You have knowledge and a lot of those dollars, and you have power whether you're black or white."

Scientists Find Less Altruism in Own Class

NEW YORK (UPI) — Four scientists were heartened by their own discovery that many people believe "Human responsibility includes an obligation to help improve the state of living" for all people.

It went to show, they said, that "A strong sense of altruism is not altogether dead in our modern world."

★ ★ ★

But they were distressed that one class of people "seem less apt to express the sentiment and also show less willingness to operate on it." This was their own class — scientists, lawyers, and other professionals.

They made their discoveries in turning up public attitudes toward volunteering for experiments which are essential if new drugs and new medical techniques are to "improve the state of living" for all. Ethical and moral safeguards for human experimental subjects are hotly debated in medical and other scientific circles.

RELUCTANT SUBJECTS

The four scientists took notice of that by saying: "Those presently discussing and conferring about the use of human subjects, those who will in all likelihood eventually decide the fate of this major enterprise for generations to come, are of the reluctant group."

They recommended taking the discussion to the public because the subjects must come from the public and because "professional men do not necessarily represent the intent and will of the larger community."

The scientists were Drs. Daniel C. Martin and John D. Arnold, both medical scientists, and Drs. T. F. Zimmerman and Robert H. Richart, behavioral scientists. All work at the University of Missouri Medical School.

They found that county jail prisoners volunteered to be experimental subjects largely for the prestige it gave them in jail society.

They gave "informal consent," which is standard ethical requirement for all human experiments, but despite the full information they received they proved to be no better informed than prisoners who hadn't volunteered and had had no information.

A cross-section of the Kansas City population, classified according to socioeconomic status, was also questioned. From the results, the scientists "inferred that people of lower socioeconomics circumstances show the greatest willingness to participate as subjects.

Acheson Credits JFK Success in Cuban Crisis to 'Luck'

NEW YORK (AP) — President John F. Kennedy was "phenomenally lucky" in resolving the Cuban missile crisis with the Soviet Union, says Dean Acheson.

★ ★ ★

Acheson, in an article in the current issue of Esquire, wrote that Kennedy's decision to reply to a note from Premier Nikita Khrushchev "was a gamble to the point of recklessness, but skillfully executed, with ideas contributed by Robert Kennedy . . . The amazing result was that by the very next morning this 100-to-1 shot appeared to paying off."

★ ★ ★

The article is entitled "Dean Acheson's Version of Robert Kennedy's Version of the Cuban Missile Affair."

Acheson, secretary of state from 1949 to 1953, was an adviser to President Kennedy, and undertook a mission for him during the crisis, which ended Oct. 28, 1962, when Khrushchev announced he was withdrawing the missiles from Cuba.

POSTHUMOUS CRITIQUE

Acheson said his criticism of Sen. Robert F. Kennedy's memoir—published last year after his death—was that it did not face the possibility that a blockade of Cuba would give the Russians time to make some or all of their missiles operative.

"Sen. Kennedy (then attorney general) seemed at the time—a view strengthened by his account—to have been moved by emotional or intuitive responses more than by the trained lawyer's analysis of the dangers threatened and of the relevance to these of the various actions proposed," Acheson wrote.

★ ★ ★

"It does not detract from President Kennedy's laurels in handling the Cuban crisis that he was helped by the luck of Khrushchev's befuddlement and loss of nerve," Acheson added.

Wrong House Preserved by History Unit?

CHARLESTON, S.C. (AP) — In its passion for things old and historical, the Charleston Preservation Society may have preserved the wrong building, which may be named for a man who never lived there.

Involved is the Lining House which the society bought in 1961 for about $26,000 and since has spent $60,000 restoring it. The society thought it was a former residence of Dr. John Lining, who came to Charleston in 1730 and was the first to conduct scientific weather observations in America.

★ ★ ★

But an article in the January issue of Preservation Progress, issue of Preservation Progress, the society's magazine, says Lining bought the house March 5, 1757 and returned it to the seller on the same day.

★ ★ ★

The article by Elias Ball Bull said the only property Lining ever owned in Charleston is some distance from the Lining House and it is unlikely that Lining ever lived in the house which was renovated.

★ ★ ★

But the society has some consolation: Its offices are in the house and other office space is rented to private tenants.

Fuel Flights to Biafra Halt

GENEVA (AP) — The International Red Cross Committee said today that the government of Equatorial Guinea has banned its flying motor fuel to Biafra, halting the Red Cross relief airlift to the besieged territory.

★ ★ ★

The Red Cross explained that it has to fly in fuel for its vehicles which transport the relief supplies from the airstrip at Uli Ihiala to more than 100 points in Biafra. Unless it can fly in the fuel, which is about 2.5 per cent of the relief shipments, the supplies will pile up at the airstrip because the Biafrans have no transport, the committee said.

★ ★ ★

The announcement said the Swiss Red Cross Relief coordinator, Auguste Lindt, had warned the Guineans their ban had paralyzed the Red Cross distribution of food and medical supplies in Biafra "with tragic consequences for 850,000 children, women and aged persons."

★ ★ ★

Food and medical supplies have been flown daily since last August from the Guinean island of Fernando Poo, then a Spanish possession, to the Biafran air strip near Uli Ihiala. The Red Cross said that after Guinea became independent last fall, "difficulties arose with the authorities which in effect compromised the working of the relief airlift.

GRIM CONSEQUENCES

It has not been possible so far to settle these differences, the gravest of which was the decision to forbid the ICRC to take fuel to Biafra for its own transport system."

★ ★ ★

The Guinean measures do not affect the relief flights to Biafra sponsored by Roman Catholic and other church organizations.

Profs, Execs Talk Engineering at OU

Experts from the academic side of engineering will join forces with those from industry in presenting an engineering conference at Oakland University this week.

★ ★ ★

The conference, "Technical Management in a Dynamic Society," will be held tomorrow and Friday. This conference coincides with the dedication of OU's new Dodge Hall of Engineering.

★ ★ ★

Speakers will include seven academics and six executives from General Motors Corp., whose engineering staff is cosponsoring the conference with the OU School of Engineering.

Detroit Firm Is Showing Fast Cart System for Airport Baggage

DETROIT (UPI) — Driverless electric carts which can deliver baggage to 400 plane passengers in less than 10 minutes may be one of those necessary ingredients for air travel in the next decade.

The Jervis P. Webb Co. of Detroit announced yesterday that it has been demonstrating the carts for the Department of Aviation and airline officials at O'Hare International Airport in Chicago.

★ ★ ★

Preparing for the big 747 jet transports with hundreds of passengers and their baggage, Webb engineers built a prototype which demonstrates their so called Webb Zip System. The last bag off a 400-passenger aircraft will be at the claim area in less than 10 minutes, Webb spokesmen said.

Carts, capable of carrying eight bags in a removable tray, move along a single track at speeds up to 20 miles per hour. The track can be laid along endless varieties of routes and even from one level to another with automatic switches and automatic stops and starts.

The company said it was possible for the carts to start their high-speed journey from the airport parking lot and end up in the baggage hold of the aircraft. Luggage placed in the trays on the carts at check in would not be touched again until retrieved from the same tray by the owner at his destination.

The ultimate, of course, in such a system would be to carry people as well as their luggage. Webb spokesmen predicted they could develop such a "human transport" setup also.

★ ★ ★

For example, people could be whisked along on a unit automatically controlled from a centrally located computer, or controlled by the passenger himself who would "dial" his airport or parking lot destination.

The Webb baggage system has also been presented to airline officials at Kennedy Airport and at the Dallas-Fort Worth airport.

Webb is the world's largest manufacturer of custom engineered material handling systems with 17 U.S. plants and 15 firms and licensees in Canada, Mexico, England and elsewhere.

Birth of Ray Has Aquarium Staff Beaming

DETROIT (AP) — It may not be exactly in the blessed event class, but the freshwater rays at Detroit's Belle Isle aquarium have produced what may be the first baby rays ever born in captivity.

Robert McKee, aquarium curator, said the rays are more feared than the formidable piranha fish in the Amazon River basin where both flourish.

★ ★ ★

As such, the rays are not exactly cuddly, even as wee ones. The ray can inflict a painful jab from the poisonous spine near the base of its long tail.

McKee said the rays were born alive and swimming after a gestation period of nearly two years. Aquarium supervisors learned only recently that the female parent was pregnant.

The pair has been at the aquarium for about six years.

Related to sharks and saltwater rays, freshwater rays are flat, with a color like the muddy river bottoms where they live.

Teacher Scores, Sets New Tone in Math Class

QUINCY, Mass. (UPI) — An enterprising Quincy teacher has developed a way to make mathematics more palatable to his junior high school students. He uses music — Brahams, Rameau, Handel and even the Beatles.

Kenneth Boatner, both teacher and concert pianist, uses the fractional values of musical notes to make arithmetic more meaningful to his youngsters.

★ ★ ★

"Today's teen-agers all dig music, even if it's only rock 'n' roll," Boatner said. "In relating to the values of musical notes, they find a new interest in fractions."

Calling his system musimatics, Boatner finds his students are fascinated to learn that musical notes can be added, substracted, multiplied and divided just as numbers.

For other teachers anxious to apply the new system to their own students, Boatner has written a book, "Introduction to Music Theory."

Special Election Set to Fill House Seat

LANSING (UPI) — Gov. George Romney has set Feb. 25 as the date for a special election to fill the 41st District House seat of the late Rep. Frederic J. Marshall of Allen.

A Feb. 4 primary will be held if more than one candidate files for the vacancy on the Democratic or Republican ticket.

Romney said Jan. 20 at 4 p.m. is the deadline for candidates to file for the post, and Jan. 23 at 4 p.m. is the last time a person may withdraw.

The 41st House District includes Branch and Hillsdale counties, and part of Lenawee County. Marshall, a Republican, had served the area since 1950.

Murder Hearing

MUSKEGON (AP) — A 25-year-old Muskegon Heights mother of four has bound over to circuit court for a hearing next Monday on an open murder charge in the stabbing of a Muskegon Heights man. Vera Mae Walton was charged in the Dec. 28 death of Eddie Bradford, 33.

NIGHT SHOPPING Thurs. Fri. Sat. till 9:00. Elizabeth Lake Rd-Telegraph

TURKEY SOUP — Hearty Turkey Soup is made with diced cooked turkey roast, spinach, cream, and milk and is thickened with mashed potatoes. Combined with Bar-Le-Duc (cream cheese and jelly on crackers), it is just right for Saturday lunch appetites.

Blend Turkey, Spinach in Soup

Hearty Turkey Soup can be made quickly in your electric blender with cooked turkey roast, mashed potatoes, spinach, cream and milk. You can even make it earlier in the week with leftovers and keep it in the freezer.

You and the family will be intrigued with the lovely green color and the unusual flavor. They'll never guess that the unusual little nip is from the dash of lemon peel that you add.

★ ★ ★

Heat a loaf of Boston Brown Bread and, for dessert, serve that old standby, Bar-Le-Duc.

To make it, simply beat a package of cream cheese with milk or cream until it is light and spreadable. Put it in your favorite jelly dish and make a hole in the center. Fill with current jelly (if you want to be traditional) or your favorite jelly or jam. Serve it with hot toasted saltines.

HEARTY TURKEY SOUP

1 package (10 oz.) frozen chopped spinach
½ cup thick mashed potatoes
2 cups diced cooked turkey
2 cups half and half cream
1 cup milk
½ teaspoon chicken seasoned stock base
¼ teaspoon poultry seasoning
Seasoned salt, to taste
Shredded lemon peel (optional)

Cook spinach according to package directions. Drain. Blend together spinach, potatoes, 1 cup turkey, cream, milk, stock base and poultry seasoning until almost smooth. Pour into saucepan along with remaining 1 cup turkey. Add seasoned salt and lemon peel, if desired. Heat thoroughly. Yield: About 5 cups.

Honeyscotch Yummy on Ice Cream

No matter how much we enjoy extra-elegant, sophisticated desserts — especially during this "dessert-iest" season of the year — every so often nothing tastes quite as delicious as a good old-fashioned sundae. Vanilla ice cream topped with a sweet and simple sauce is one of those very satisfying treats that give pleasure to one and all.

Now here is a new recipe for a delectable warm honey sauce, buttery-rich and crunchy with chopped pecans. Pour it over scoops of vanilla ice cream, and you have a wonderful Honeyscotch Sundae — an old-fashioned dessert with a new-fashioned difference.

★ ★ ★

Since the honeyed sauce is so easy to prepare, you might want to plan on having the makings of the sundae ready for the younger guests at your holiday gathering of the clan.

Honeyscotch Sundae

6 tablespoons butter
2 teaspoons cornstarch
⅓ cups honey
½ cup chopped pecans
Vanilla ice cream

Melt butter over low heat; stir in cornstarch. Add honey and cook, stirring constantly, until mixture boils. Add pecans. Serve warm over ice cream. Makes about 1½ cups sauce.

HONEYSCOTCH SUNDAE — With honey as its main ingredient, this warm golden sauce is good on almost any kind of ice cream. Keep some on hand for those times when you want a simple dessert.

Fix Chicken With Chili

This Mexican-style chicken is delicious with cornbread or rice. Chili powder adds tempting aroma to many other stews and casseroles as well.

CHILI CHICKEN

2 broiler-fryer chickens (2 to 3 lb. each) quartered
⅓ cup instant minced onion
4 teaspoons salt
¾ teaspoon instant minced garlic
1 can (1 lb.) tomatoes, cut up
1 can (12 oz.) whole kernel corn
1½ teaspoons chili powder

Place chickens into a large saucepan. Cover with water (about 3½ cups). Bring to boiling point. Add minced onion, salt and minced garlic. Reduce heat, cover and simmer about 40 minutes or until tender.

★ ★ ★

Cool chicken. Remove skin and take meat off the bones. Strain chicken broth, reserving 2 cups. Return meat and the 2 cups broth to the saucepan. Add tomatoes, corn and chili powder.

★ ★ ★

Simmer, covered, 30 minutes longer. Serve hot with corn bread, if desired. Yield: 6 portions.

It's Dressing or a Dip

As American housewives learn that classical Spanish food does not necessarily burn the tongue they are adapting many traditional recipes to typically American uses.

The recipes below is an authentic Spanish salad dressing. But served with crisp, fresh vegetables or corn chips it becomes marvelous cocktail party dip.

American know-how makes it possible to prepare either recipe in a jiffy. Full Spanish flavor is guaranteed when bottled lime juice, garlic salt and dried parsley flakes are used. And an electric blender cuts chopping and mixing time to seconds.

SALSEO DE GAMBAS
(Shrip sauce)

1 8-ounce package cream cheese, cubed
1 cup sour cream
2 tablespoons mayonnaise
1 teaspoon salt
½ teaspoon pepper
1 tablespoon bottled lime juice
1 tablespoon olive oil
¼ teaspoon garlic salt
3 tablespoons dry California Sherry
½ pound cooked shrimp, chopped
1 tablespoon chopped parsley

Place ingredients through sherry in blender and whirl a few seconds. When well blended fold in shrimp. Serve with crisp celery, raw cauliflower and other vegetables as a dip. Or use over lettuce wedges for excellent salad dressing.

Blend a can of apricot nectar with a small bottle of cranberry juice cocktail. The tart but pleasing flavor will bring everyone back for seconds.

Include Dill Pickle in Next Meat Loaf

The Swedish have a wonderful way with meat loaf — a way that involves a sour cream dill sauce. Served hot for dinner, it's as flavorful a main dish as you ever sat down to on a winter night. Sliced cold, it's good for lunch, supper, or a late evening snack.

One bite of this delicious meat loaf and you're bound to be curious about what makes it so good. The answer lies in basic ingredients plus unusual flavor makers: ground beef, bread crumbs, and eggs for flavor and texture, plus chopped dill pickle, Worchestershire sauce, catsup, and onion for its special zest. There's more chopped dill pickle and some of the pickle juice in the sour cream sauce.

★ ★ ★

If you serve the meat loaf hot, the sauce should be hot, too. For a cold meal, chill the sauce. Either way, the sauce is an important — but easy-to-make — part of the total tastiness.

The recipe makes a generous two-pound loaf, enough for two meals for many families. Make the whole recipe and serve it hot for one meal and cold the second time around.

SWEDISH STYLE MEAT LOAF

1½ cups soft bread crumbs
⅓ cup catsup-ketchup
2 eggs, beaten
1 tablespoon Worcestershire sauce
2 teaspoons salt
¼ teaspoon pepper
2 pounds ground beef
½ cup finely chopped onion
½ cup finely chopped dill pickle

Combine bread crumbs, catsup, eggs, Worcestershire sauce, salt, and pepper; let stand about 5 minutes. Add meat, onion, and pickle; mix well. Pack into 9x5x3-inch pan. Bake in moderate oven (350 degrees) until done, about 1 hour. Serve hot or cold with heated or cold Sour Cream Dill Sauce. Yield: 8 servings.

Sour Cream Dill Sauce

½ pint (1 cup) dairy sour cream
½ cup chopped dill pickle
¼ cup dill pickle juice
¼ cup mayonnaise or salad dressing
1 tablespoon flour

Combine ingredients; mix. Heat slowly, stirring constantly until thickened. Serve hot with meat loaf. If cold sauce is desired, omit flour.

Polish Feasting

When the first star twinkles in the heavens on Christmas Eve in Poland, the family partakes of the "Feast of the Star." After sharing a loaf of unleavened bread, a traditional dinner of fried carp, cabbage and mushrooms is served on a table set with a snowy-white cloth on a bed of straw symbolizing the manager.

VEGETABLE COCKTAIL BOUILLON—Simmer together for 6 minutes one can concentrated chicken consomme and one can vegetable juice cocktail. Add 1½ cups cooked asparagus cuts and tips, drained, and heat again. Garnish with halved lemon slices and a little chopped parsley, if desired. Serve in bouillon cups from soup tureen. Makes 4-6 servings.

Brighten Winter Meals With Salad

By JANET ODELL
Food Editor, The Pontiac Press

Although this is the season for soups, stews and hearty food, let's not forget salads. Not only are they essential to a well balanced diet, but they make a good contrast to the other foods in a menu.

You may want to change the type of salad you serve in these cold months. But there is no dearth of supplies.

There is a wide variety of salad greens available all year long.

★ ★ ★

Dieters lean heavily on salads. This one made with Brussels sprouts is unusual.

California Diet Salad

2 packages (10 ounces each) frozen Brussels sprouts, partially thawed
½ teaspoon monosodium glutamate
6 tablespoons low-calorie Italian dressing
6 lettuce leaves
6 hard-cooked eggs, sliced
1 canned pimento, cut into 6 strips

Prepare Brussels sprouts according to package directions, adding monosodium glutamate. Drain, if necessary. Mix with 4 tablespoons of the dressing. Chill several hours, stirring occasionally.

Arrange approximately ½ cup marinated Brussels sprouts on each lettuce leaf with 1 egg and 1 pimento strip. Sprinkle each serving with 1 teaspoon of remaining dressing. Makes 6 servings.

Approximately 118 calories per serving.

Regal Purple Plum Ring

1 (1 lb.) can or jar purple plums
1 (3 oz.) package orange-flavored gelatin
2 (3 oz.) or 1 (6 oz.) package lemon-flavored gelatin
1 envelope unflavored gelatin, softened in 2 tablespoons water
1 (8 oz.) package cream cheese, softened
¼ cup chopped nuts
1¼ cups plum puree and syrup
Sherry Mayonnaise

Drain plums, reserving syrup. Halve and pit whole plums or use canned halved plums, without pits. Set aside 10 halves to drain.

Puree or mash remaining plums and add enough plum syrup to make 1¼ cups. Dissolve orange gelatin in 1 cup boiling water. Add ½ cup cold water.

Arrange plum halves in bottom of oiled 6½ cup ring mold. Pour in enough orange gelatin to cover plums. When partially set, pour in remaining orange gelatin. Chill until set.

SECOND LAYER

Dissolve lemon gelatin in 2 cups boiling water. Stir in softened, unflavored gelatin. To ½ cup lemon gelatin, beat in cream cheese, nuts and ½ cup cold water. To remaining lemon gelatin, stir in plum puree.

Pour cheese mixture over orange layer. Chill until set. Pour plum mixture over cheese layer. Chill until firm.

Unmold and serve with Sherry Mayonnaise. Makes 10 to 12 servings.

Sherry Mayonnaise: Stir 2 tablespoons sherry wine into ¾ cup mayonnaise. Garnish with chopped nuts.

Artichokes With Salmon Salad

½ cup mayonnaise
1 tablespoon vinegar
2 tablespoons lemon juice
½ teaspoon salt
Dash white pepper
1 can (1 pound) salmon, drained
1½ cups chopped celery
¼ cup chopped onion
3 tablespoons sliced pimiento-stuffed olives
2 tablespoons chopped pimiento
¼ cup undrained sweet pickle relish
6 cooked artichokes, chilled

Blend mayonnaise, vinegar, lemon juice and seasonings in large bowl.

Remove large bone and skin from salmon. Add salmon and all remaining ingredients except artichokes to the seasoned mayonnaise; toss lightly until well blended. Chill to serve as a stuffing for the artichokes. Makes 6 servings.

ARTICHOKES WITH SALMON — California's winter-kissed artichokes are filled with a salad of canned salmon from our Pacific waters and posed beneath a Nineteenth Century print of the then gentlemanly sport of Salmon Fishing.

MARKET BASKET

Make Party Salads Fit Occasion's Mood

To keep the spark and refreshing mood which permeates wintry air, offer a molded salad. Snappy Winter Salad combines cool green grapes, crisp celery, and sun-ripened bananas in a sea of lime and lemon flavor gelatin.

Preparation is simple and can be done in advance. For a large crowd, you may want to make individual molds too. Cupcake tins and custard cups work well. Snappy Winter Salad supplies the lilt to mealtime that helps keep in tune with the elements.

SNAPPY WINTER SALAD

1 package (3 oz.) lime flavor gelatin
1 package (3 oz.) lemon flavor gelatin
1 teaspoon salt
2 cups boiling water
1½ cups cold water
4 teaspoons vinegar or lemon juice
1½ cups sliced bananas
½ cup sliced green grapes
½ cup finely diced celery

Dissolve gelatin and salt in boiling water. Add cold water and vinegar. Chill until slightly thickened. Then fold in bananas, grapes, and celery. Pour into 8 individual molds or 1½-quart mold. Chill until firm. Unmold. Garnish with crisp greens and mayonnaise, if desired. Makes 8 servings.

SHOWER SALAD

For a shower menu, make it simple and light. Begin with bubbling pink champagne. Serve a salad plate featuring shrimp stuffed tomatoes accompanied by garlic toasts and piping hot rolls. Top the meal with an angel cake with strawberries and whipped cream.

SHRIMP STUFFED TOMATOES

1 pound cooked cleaned shrimp
1 tablespoon lemon juice
3 tablespoons capers and liquid
6 medium to large tomatoes
Salt
1 cup thinly sliced celery
2 hard cooked eggs, diced
½ cup sour cream

Chop shrimp, reserving 6 for garnish. Marinate cut-up shrimp in lemon juice and capers for several hours in refrigerator.

★ ★ ★

Cut a slice from top of tomatoes; scoop out centers. Sprinkle inside of tomato with salt and turn upside down on paper towels to drain; refrigerate until serving time.

Add celery and eggs to cut-up shrimp. Add sour cream and toss lightly. Spoon into tomatoes; top with reserved shrimp. Makes 6 servings.

GARLIC TOASTS

Melt ¼ cup butter in a shallow pan; stir in ⅛ teaspoon garlic or onion salt. Arrange sliced party rye bread in butter; toast in a 400 degree oven for 21 minutes. Drain on paper towels.

Minted Salad Pleases Men

As Arabian as its name is this mint-scented mixed vegetable salad. This will be especially popular with men.

FATOUSH
(Mixed Vegetable Salad)

1½ cups croutons
6 tablespoons olive or salad oil
3 cups cherry tomatoes, halved
3 cups diced, peeled cucumbers
½ cup sliced radishes
1 tablespoon mint flakes, crumbled
1 tablspoon dried chives
1½ teaspoons salt
⅛ teaspoon ground black pepper
1½ teaspoons lemon juice

Combine croutons with oil; toss until well coated. Set aside. Combine remaining ingredients in salad bowl. Add croutons. Toss gently. Serve with lamb or beef. Yield: 6 portions.

Sweet Arrival

When the silver fleet arrived safely in Spain during the early 1600's the Court of Philip IV was in raptures. Because along with the silver treasure it might have precious sugar from the Spanish possessions in the New World — to be made into the never-ever-enough royal confections, or mixed into the newly fashionable but bitter chocolate drink.

Lettuce is the most important salad plant grown in the United States, and its fresh goodness is available throughout the year. Arizona and California dominate commercial production of the leafy green.

Iceberg is the best known member of the lettuce breed as well as the day-to-day favorite. It is often referred to as "crisphead" because of its firmness and tightly woven texture.

Lettuce clambers on stage most any time during a meal; as an accompaniment or an entree, and accepts a rather unique image ranging from Chef to Caesar.

LETTUCE SALAD WITH AVOCADO MAYONNAISE

1 medium-sized ripe avocado, peeled and mashed
¼ cup mayonnaise
1 tablespoon fresh lemon juice
1 teaspoon freeze-dried chives
1 teaspoon salt
⅛ teaspoon pepper
1 large head iceberg lettuce, cut into 6 wedges

Thoroughly blend avocado, mayonnaise, lemon juice, chives, salt and pepper together. Serve over lettuce wedges. Makes 6 servings.

Note: If thinner consistency is desired, blend in additional mayonnaise.

HEALTHFUL ICEBERG LETTUCE

2 tablespoons fresh lemon juice
1 medium-sized fresh ripe tomato, peeled and finely diced
1 teaspoon fresh minced onion
1 small clove garlic, minced
1 medium-sized ripe avocado, peeled and mashed
1 teaspoon salt
Dash cayenne
1 tablespoon salad oil
1 large head iceberg lettuce, cut into 6 wedges

Combine lemon juice, tomato, onion, garlic and avocado. Stir in salt, cayenne, salad oil and blend well. Serve with lettuce.

Winter Salad Is Green and White

Here's a stick-to-the-ribs winter salad.

Tangy Cauliflower Salad

1 medium cauliflower
½ cup tangy French dressing
3 carrots, shredded
1 small avocado
½ cup sliced green stuffed olives
¼ cup Roquefort cheese, crumbled
6 lettuce cups

Wash and separate the cauliflower into flowerets. Cut them into crosswise slices. Cover with French dressing and let stand at least 1 hour. Just before serving, shred carrots and dice avocado. Add these along with olives and cheese.

Toss lightly and serve in crisp lettuce cups. Makes 6 servings.

SHRIMP STUFFED TOMATOES — Serve shrimp stuffed tomatoes for a bridal or baby shower. Tuck fresh or artificial posies in a paper napkin flower pocket made from two deep color dinner napkins. Complete the feminine motif with a floral adorned glass candlestick and nosegay corsage.

LETTUCE SALAD — Since lettuce is low calorie, we can splurge a bit with an avocado-rich dressing which adds up to a good, crisp salad full of vitamins and minerals.

CALIFORNIA DIET SALAD — Brussel sprouts, eggs and pimento are featured in a colorful, bountiful, satisfying luncheon or supper dish.

SALAD INDIENNE — An utterly delicious combination featuring canned sweet peas, apple and celery. It's served with a curry dressing and help-yourself accompaniments of coconut, peanuts and sliced banana.

If You Like Curry, Here's Your Salad

A good cook had a fine idea. She was inspired by the ingredients East India cooks often use in hot curry dishes, and with a flick of the imagination she turned these into a cold salad that's utterly delicious.

Just to keep things East Indian, she serves her salad with some of the accompaniments that are often partners to hot curry dishes.

SALAD INDIENNE

¼ cup mayonnaise
¼ cup commercial sour cream
1 teaspoon lemon juice
½ teaspoon curry powder
¼ teaspoon salt
⅛ teaspoon pepper
1 can (1 pound, 1 ounce) sweet peas, drained
1 large apple (preferably tart), diced (about 1½ cups)
½ cup diced celery
2 tablespoons minced onion
Lettuce leaves

In a large bowl stir together the mayonnaise, sour cream, lemon juice, curry powder, salt and pepper. Add the peas, apple, celery and onion. Mix gently but thoroughly. Cover tightly and refrigerate for 1 to 2 hours before serving.

Line a salad bowl with lettuce leaves; add the salad mixture. Garnish with a center mound of flaked coconut surrounded with dates.

Serve with help-yourself-bowls of salad accompaniments: flaked coconut, salted peanuts, and sliced bananas. Makes 6 to 8 servings.

REGAL PURPLE PLUM SALAD—Canned purple plums glisten through a layer of shimmering orange gelatin in this festive salad. Cream cheese and pureed plums star in the second and third layers. Mayonnaise, flavored with sherry, makes the dressing.

What Is America Thinking?

Mondays, Wednesdays, Fridays, The Pontiac Press brings editorial comments from distinguished publications across the continent (and occasionally from Europe and Asia)

Hundreds have appeared, mostly from this list of publications as

Nixon Organization Mulls Key Pentagon Personnel, Policies

WASHINGTON (AP) — The incoming Republican administration is reported weighing whether to keep some key civilian officials now holding top Pentagon jobs under the Johnson regime.

A source familiar with the deliberations under way said he would not rule out the possibility that one or two such officials might be retained under the new secretary of defense, Melvin R. Laird.

★ ★ ★

Mentioned in this connection are three who are considered technicians, although their jobs are in the political appointee class.

They are Thomas D. Morris, assistant secretary of defense for installations and logistics; Dr. John S. Foster, director of research and engineering; and Robert C. Moot, the Pentagon's comptroller.

CONTINUITY

Their presence would provide continuity in important areas during the period while the Nixon organiaztion is settling into the complex job of running the defense establishment.

There is a precedent for at least a limited holdover in the case of Dr. Herbert York, who was Pentagon research chief in the Eisenhower administration. York stayed on for several months under the Kennedy administration.

★ ★ ★

Meanwhile, there is some feeling that Laird probably will make slight changes in the Pentagon's systems analysis organization, despite President-elect Nixon's campaign pledge to root out what he called the "whiz kid approach" to reaching weapons and strategy decision.

Dr. Alain Enthoven, the chief whiz kid, soon will leave to take a vice presidency in industry. But he told a reporter most of his staff of economists and other specialists are expected to stay on.

DOUBTS DENIGRATION

Enthoven said he doubts that Laird will downgrade his office —"He won't, certainly, if he means what he says about maintaining firm control."

Enthoven said the selection of David Packard, a high-powered electronics industry executive, to be deputy secretary of defense makes it more likely that systems analysis will remain as a tool in Pentagon decision-making.

★ ★ ★

A source in the Nixon camp said nothing has been finally decided about the future of the systems analysis group, but, he added: "I don't think that Laird's is going to abolish that spot."

As a Republican defense spokesman in Congress, Laird sounded like a severe critic of former Secretary of Defense Robert S. McNamara and of McNamara's management ideas, which heavily involved systems analysis and the cost-effectiveness approach in decisions on weapons and forces.

LAIRD ACTION

Since being named the next defense chief, Laird has attempted to disengage himself from that image of critic.

★ ★ ★

Laird told a news conference earlier this week that many of the things that were put into effect by McNamara, particularly some of the reorganizations, "have been very helpful."

★ ★ ★

"I did have disagreements with Secretary McNamara," Laird said, "but I was in agreement with him more often that I was in disagreement with him."

we care

A&P

no matter who makes it, if A&P sells it, A&P guarantees it!

For example.

Your A&P may sell as many as six or seven different brands of canned peas—national, regional and A&P's own brands.

It doesn't matter what company cans them . . . if A&P sells them . . . A&P guarantees them.

Unusual?

Not for A&P . . . because WE CARE . . . about your complete satisfaction.

Is this a good reason for shopping A&P?
It's one of many!

Czechs Try to Ease Sting of Demotion

PRAGUE (AP) — Czechoslovakia's Communist leaders tried to ease the blow of Josef Smrkovsky's demotion Monday night by naming another liberal to replace him.

The party's 21-member presidium recommended unanimously that Petr Colotka be appointed chairman of the nation's new Federal Assembly. Smrkovsky, president of the old National Assembly until Czechoslovakia became a federation on Jan. 1, was named Colotka's deputy chairman.

Colotka, a deputy premier and until a month ago the nation's press chief, is generally regarded as a liberal. He is a Slovak, and both the Czech and Slovak branches of the Communist party have gone on record in favor of a Slovak holding the position to give an ethnic balance in the top official rank. Smrkovsky is a Czech, and with him in the post the division was 3-1 in favor of the Czechs.

The presidium nominations will go to the National Front made up of all political parties, which is expected to approve them and submit them to the assembly's two houses. The deputies will select the chairman and deputy by secret ballot later this month.

Smrkovsky accepted the party's decision in advance and urged that the public also accept it.

Workers and students had threatened demonstrations and strikes unless he got the top assembly post, claiming his demotion would symbolize a final turning away from the reforms embarked on before the Soviet invasion last August. But Smrkovsky's demotion had been certain since Monday night, and there was no adverse public reaction Tuesday.

★ ★ ★

The presidium's announcement said Smrkovsky, considered by the public the most reform-minded member left in the party leadership, would remain in the "inner leadership of the party."

He was also recommended for chairmanship of the House of Peoples, one of the houses in the new federal assembly. Evidently he will retain his membership on the party presidium.

As National Assembly president Smrkovsky was one of the "Big Four" with President Ludvik Svoboda, Premier Oldrich Cernik both Czechs also, and party chief Alexander Dubcek, a Slovak. As deputy chairman of the Federal Assembly, Smrkovsky would rank lower. The Soviet occupiers have repeatedly snubbed him and wanted him removed.

Steel Firm Hikes Prices

WARREN (AP) — Jones & Laughlin announced Tuesday plans to increase prices of nickel-bearing grades of stainless steel products.

The hikes, averaging 3½ per cent, will be effective Thursday, the firm announced at its stainless and strip division plant in Warren.

★ ★ ★

The increase will affect semi-finish, hot-rolled and cold-finish bars, rods, wire, cold-rolled sheet and cold-rolled strip products, a spokesman said.

Japan Car Industry Booms

TOKYO (UPI) — Japan's automobile industry, the world's second largest, produced 4,089,500 four-wheeled motor vehicles in 1968 — 30 per cent over the previous year.

Japan exported 605,000 of these cars, a startling 67 per cent increase over the 1967 figure. The production figure for 1968 surpassed the target of 3,900,000 set at the beginning of the year.

Passenger car production totaled 2,058,400, an increase of 49.6 per cent over 1967. The industry also produced 1,992,700 trucks, a 14.3 per cent increase, and 38,400 buses, a boost of 40.5 per cent.

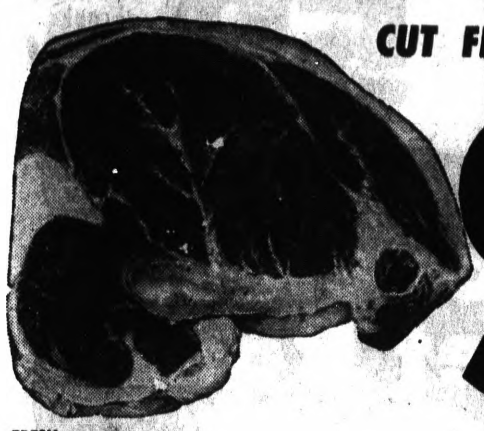

The total value of car exports including parts, came to $1,078,000,000 or 49.7 per cent more than in 1967.

PROTECTION NEEDED

The figures were supplied by the Japan Automobile Manufacturers Association, a closely knit organization that maintains that although the Japanese automobile industry is No. 2 in the world, it still is not strong enough to stand without the protective shield provided by the Japanese government.

SKIPPER HAS STRUGGLE — Waterford's Bill Foley has the basketball but he also has drawn a crowd of Kettering defenders last night at the WKHS gym. Jerry Velzy (51) fouls Foley while teammates Dave Powell (arms upraised) and Rick Colonna are ready to prevent any attempted shot by the Skippers' forward.

Waterford in Biggest Win, 74-50

Skippers Cruise Past WKHS

JERE CRAIG

Waterford Township's Skippers have set their course for the school's best varsity basketball record and Tuesday night they filled their sails with a strong wind at the expense of No. 1 rival Kettering.

Waterford breezed past the unwary Captains, 74-50, for the biggest WTHS victory in the eight-year series.

In posting only win No. 5 in the 16-game rivalry, the Skippers upped their season mark to 5-1, ended a five-game series losing streak at the hands of WKHS, registered their highest point total and widest victory spread against Kettering.

The Captains suffered their second loss in five outings this season. Coach Joe Duby, suffering with a case of the mumps but out of the contagious period, directed the losers.

"The doctor said I would only be hurting myself by coming," he reported. His attempt at therapy through coaching proved an unsuccessful remedy.

OUTPLAYED

The host Kettering quintet was outshot and outrebounded by the visiting Skippers whose present success is the best start in the 19-year WTHS basketball history.

Making 6 of 11 shots and outscrapping WKHS by an 11-7 count for rebounds in the first quarter, the Skippers trailed only at 4-2. A Roger Reed field goal put them in front for good at 6-4.

Although Kettering had fewer turnovers and more baskets and field goal tries in the opening half, WTHS continued to add to its lead with free throws as the Captains plunged into foul trouble.

Bruce Carlson — the county's outstanding prep gridder - scholar last fall — dominated the backboards with 13 of his 22 rebounds and sparked the Skippers' attack with 11 of his 15 points as they took a 32-24 lead into the locker-room at the half.

Joe Beseau had five field goals on seven tries in the opening 16 minutes for Kettering. Dave Powell also had all seven of his points during the same span.

The second half began with the host squad working its deficit down to six points at 36-30. Then Waterford — behind the driving and shooting of guard Mike Sheldon — spurted for 13 straight points.

Beseau finally snapped the draught for the Captains with a pair of free throws to close out the period with the scoreboard reading, 49-32, in WTHS's favor.

★ ★ ★

Sheldon had four of seven from the floor in the quarter and the spring-legged Carlson grabbed five more rebounds.

The speedy senior backliner Sheldon matched his eight points with some sharp foul shooting in the fourth period and grabbed scoring honors for the night with 18 points.

Waterford continued to build its cushion, finally reaching 26 points twice. The winners made 13 of 16 free throws in the last quarter and ended the game with a 28 of 39 night.

Their field goal margin was only three, 23-20, as both teams just topped the 41 per cent mark with their shooting. But WKHS was handcuffed with a 10-for-27 mark at the charity stripe.

Led by Carlson's strong backboard work, Waterford's Skippers managed a 48-37 edge in rebounds. The winners also led in violations, losing the ball 19 times without a shot while Kettering had 18 turnovers.

CAPTAINS COLLABORATE — Two Kettering rebounders team up Tuesday night to corral a loose ball during the first half of their meeting with Waterford. Dave Powell (glasses) snares the ball with one hand while the Captains' Jerry Velzy is ready to recover the ball should Powell have any trouble.

Poise, Persistence Help PCH

Oakland Halts Windsor Rally for 77-69 Win

Oakland University shrugged off the ineffectiveness of its reserves to thwart Windsor University's rallying attempts and post its second straight triumph of the New Year Tuesday night.

★ ★ ★

The Pioneers, ahead by 20 points in the first half when coach Gene Boldon went to his bench, held off the Canadians for a 77-69 decision that gives them a chance to square their record at 4-4 against Aquinas Friday on the OU court.

Last night's conquest was Oakland's first on the home court this season, having gained its previous success at Chicago and Olivet.

★ ★ ★

Big Tom Allan and newcomer John Eley were the positive factors for the Pioneers (3-4). Allan scored 18 points and grabbed 22 rebounds. Eley pulled down 18 retrieves and led the attack with his 19 points.

TRANSFER

Eley, a transfer from Eastern Michigan University, just joined the OU lineup last week and has 33 points and 29 rebounds in his two starts. He is a 6-foot-5 ex-Detroit prep performer.

★ ★ ★

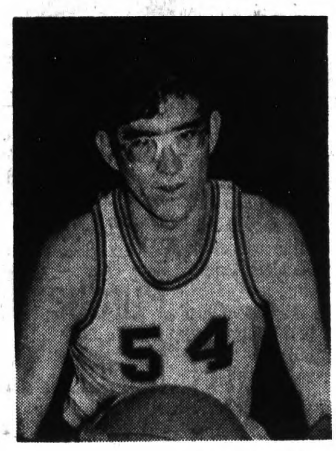

Oakland ran up a 45-25 lead before Boldon elected to give the reserves some game experience. The lead was down to 47-35 at the intermission and the mentor was having some second thoughts about his strategy.

★ ★ ★★

Windsor kept its momentum going long enough against the Pioneer first liners to cut its deficit to six points midway through the last half. But Oakland kept its poise and maintained control of the backboards sufficiently to outlast its visitors.

HIGH SCORER — Leland Loutzenhiser scored 24 points for Ortonville Brandon last night as the Black Hawks edged archrival Goodrich, 66-65, in a Genesee Suburban League basketball game.

Brandon Holds Off Arch Rival, 66-65

The Blackhawks of Ortonville Brandon overcame an early 10-point deficit to go ahead of arch rival Goodrich in the second period and hung on for a 66-65 basketball victory Tuesday night.

The winners squared their record at 2-2 with the aid of a 20-6 advantage in the second period after trailing 25-15. Lee Loutzenhiser's 24 points paced the victory.

Ahead by two with 14 seconds remaining, the Blackhawks missed a pair of clinching free throws, then regained possession and Mike Wilcox sank the decisive point on a foul shot with six seconds remaining.

Goodrich added a final field goal as time ran out. Jerry Welch led the losers with 22. An 18 of 32 performance at the charity stripe earned the win for Ortonville.

ORTONVILLE (66)	FG	FT	TP	GOODRICH (65)	FG	FT	TP

Chiefs Topple Midland After Early Trouble

Speical to the Press

MIDLAND — The valuable traits of poise and persistence are evolving quickly in Pontiac Central's young Chiefs.

Burned by the red-hot first half of host Midland Tuesday night, the Chiefs nonetheless came home 79-71 conquerors with a torrid second half of their own.

The victory was PCH's fourth straight Impressive victory after losing its Saginaw Valley Conference opener to Flint Central's co-pacesetters.

The other leader, Flint Northern will bring its 3-0 SVC mark to Pontiac Friday night as the crucial games continue for the talented and surging Chiefs.

Last night Northern's Vikings routed Bay City Handy, 106-61, as 13 players scored. Dave Frost's 29 and Larry Banks' 20 led the winners who are 4-1 over-all. Northern scored 31 points in the third period after leading, 51-32, at the half.

Central's victory at Midland, meanwhile, snapped a three-game win string for the Chemics and left PCH (3-1 in the SVC) tied with Saginaw Arthur Hill for third place in the circuit.

RATLIFF LEADS

Jerry Ratliff scored 25 points for the Chiefs to lead their pointmaking for the third time this season. The 6-2 junior forward had help from junior Monte Herring and sophomore Anthony Styles, each with 18.

Central, now averaging 87 points a game for the last four starts and 83 over-all, fell behind after one quarter, 22-15, and was down, 47-38, at the break as Midland hit 67 per cent of its field goal tries.

The Chiefs, though, managed 53 shots

Brother Rice 5 Beaten, 75-68

Birmingham Brother Rice, the state's sixth-ranked Class A prep cage squad in the weekly Associated Press poll, failed to overcome the dominance of Detroit Austin Tuesday night and suffered its first defeat of the season.

Austin defeated the Warriors, 75-68, for their third loss in their last 18 games — all at the hands of the Austin club. The victory enabled the Pirates to tie Brother Rice at 5-1 for the Central Division lead in the Detroit Catholic League.

OL St. Mary Resuming Flight

Titans Coast to Victory, but Remain Second Best

The hot pace of Pontiac Catholic's young Titans on the basketball court continues to find them still No. 2 and having to wish a bit harder for help in the Northwest Catholic League.

PCHS blasted winless host Detroit St. Rita, 72-51, behind Sam Brady's 28 points Tuesday night for its third straight conquest and win No. 6 in 7 starts.

But that lone defeat was administered by unbeaten Orchard Lake St. Mary and no one seems able to sidetrack the Eaglets unless PCHS does it in their rematch later this month.

Ferndale St. James needed one overtime period to down Royal Oak St. Mary, 56-51, and join St. Francis de Sales — a 96-56 victor over Farmington Our Lady of Sorrows — in a third place tie at 4-3. ROSM slipped to 3-4 and is fifth after last night's battles.

A 20-7 opening quarter and 21-12 final session enabled Pontiac Catholic to coast past St. Rita. Herb Larson's 15 points, and 10 each from Kellie Dean and Steve Hoffman backed Brady's big night.

COOL SHOOTING

The Titans had a comfortable cushion both at the foul stripe and from the field although they shot around 35 per cent in their field goal attempts.

The winners also controlled the backboards as Brady snared 27 rebounds. He has scored in twin figures in all seven PCHS games this season, while Larson has only missed double digits once.

The Titans will be hosts to St. Francis de Sales Friday in a key contest.

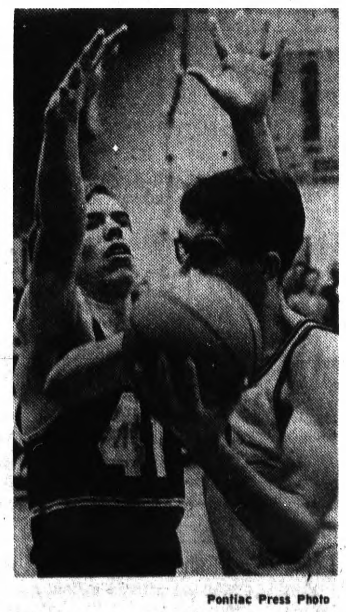

VERSATILE

All-State football end Gary Johnson notched 18 markers to lead St. James' scoring, but the Dales needed four points from Frank Wigman in the overtime period to gain the decision.

Ken Donr had sent the game in overtime by tying the score at 48 with a pair of free throws in the final half minute of regulation time.

★ ★ ★

St. Mary led much of the game until going without a field goal in the third quarter and being outscored 13-4 after holding a 30-24 lead at the halftime break.

Pontiac Press Photo

DON'T GO VERY FAR — Dave Powell controls a rebound for the Kettering Captains Tuesday night but immediately finds Waterford's Gary Pullins blocking his path up court. Powell led the WKHS rebounders with six retrieves.

Unbeaten Eaglets Roll to 7th Win Despite Layoff

The Eaglets are maintaining their high level of flight.

Not even an almost three-week break from their cage wars slowed down Orchard Lake St. Mary's undefeated Eaglets last night.

The Northwest Catholic League pacesetters flew past Waterford Our Lady of Lakes, 83-49, for win No. 7. The victory capped a day which saw them voted the No. 2 spot in the state Class C weekly Associated Press prep poll.

It also was their 13th straight against the Lakers in their history. WOLL has never beaten St. Mary who, also, now has downed 23 straight league rivals over the past three years.

GOOD START

Jerry Yezbick tried to make a battle of it for the Lakers (2-5) by scoring eight points in the opening quarter, but OLSM ran off to a 21-11 lead and added to the margin in every succeeding session.

★ ★ ★

Making 30 of 62 field goal tries for nearly 50 per cent, the Eaglets ran up their second largest point total of the season and upped their per game average to almost 76 points a game.

As usual, defending county prep scoring champ Tim Megge led the sharpshooting. He connected for 29 markers despite only notching three in the first quarter and one in the third.

BIG NIGHT

Young Mick Krogulecki posted his varsity high with 20 points and pulled down 14 rebounds. Tom Sudek, Megge's backcourt partner, added 18 points with the help of a perfect 8-for-8 at the charity stripe.

OL ST. MARY (83)	FG	FT	TP	WATERFORD OLL (49)	FG	FT	TP

Bloomfield Squads Register Cage Conquests

Four Bloomfield Hills hoop squads traveled south in the county last night and came home with triumphs over their hosts.

The Andover and Lahser varsity quintets took cues from their junior varsity units and completed twin bill sweeps. Andover's Barons trimmed Birmingham Groves, 61-52; Lahser dunked Southfield Lathrup, 64-49.

Rugged junior Dick Souther, 6-foot-3 Andover forward dropped from the starting lineup by coach Hal Henderson, showed the mentor he wants his job back by scoring 20 points plus leading the Barons' control of the backboards.

BIG OUTBURST

He notched 7 of his 20 tallies in the fourth quarter when the winners, now 3-2, swept past the host Falcons. Groves, who is 1-5, had led until the end of the third quarter when the count was knotted at 39.

Scott Roley contributed five of his points also in the winning outburst. Andover notched 10 of 15 free throw tries in the final period. It overcame Groves' 20-17 edge in field goals for the night with a 27-47 mark at the free throw line.

★ ★ ★

Both Henderson and new coach Al Vordermark, who was promoted to the Birmingham No. 1 spot after the death of Tom Carson last month, made extensive use of their reserves.

Nine players scored for the winners while the Falcons had eight tally in a losing effort. Scott Love and Jim Cameron led Groves with 13 each.

ANDOVER (61)	FG	FT	TP	GROVES (52)	FG	FT	TP
Roley	1	4-10	6	Cameron	4	5-6	13

Birmingham Groves	14	10	15	13	52

At Lathrup, Bill West notched 14 points and grabbed 13 rebounds to guide Lahser to its second straight victory after three opening defeats. Ralph Kontry had 10 points and 12 retrieves for winless Lathrup.

Lahser made 40 per cent of its shots from the field in outgoaling the Chargers, 25-13. A 32-18 spread in the middle sessions was too much to overcome for Lathrup.

Ken Rump and Tim Graham produced 10 points each for the winners. In all, 10 Knights figured in the pointmaking.

Michigan Keeps Fans on Edge; Spartans End Losing Streak

Hull, Howe Lead All-Star Balloting

NEW YORK (AP) — Chicago's Bobby Hull and Detroit's Gordie Howe, 1-2 in the National Hockey League scoring race, and super defenseman Bobby Orr of Boston were unanimous choices among 24 standouts selected today for the NHL's first East-West All-Star Game.

Detroit left wing Frank Mahovlich was named to the second line of the east squad.

★ ★ ★

Hockey writers in the 12 NHL cities selected 12 players in each division for the 22nd annual All-Star classic, to be played in Montreal Jan. 21. Stars from the East Division will oppose standouts from the expansion West Division for the first time. The old All-Star format matched the defending Stanley Cup champions against stars from the other clubs in the league.

St. Louis Coach Scotty Bowman, the West pilot, and former Montreal Coach Toe Blake, who will direct the East squad, each will name seven more players later in the week, completing the 19-man All-Star squads.

Hull, Howe and Orr topped the voting in the East, drawing the maximum 90 points apiece, while St. Louis center Red Berenson headed the West team with a total of 86 points.

Joining right winger Howe and left winger Hull on the East's top forward line is Boston center Phil Esposito. Toronto veteran Tim Horton followed the 20-year-old Orr in the defensemen balloting and New York's Ed Giacomin nailed the goaltender's berth.

★ ★ ★

Jacques Plante of St. Louis is the West's No. 1 goalie, with teammate Al Arbour and Los Angeles' Bill White on defense and Minnesota right winger Claude Larose and Oakland left winger Gary Jarrett flanking Berenson.

Other East team selections are goalie Gerry Cheevers of Boston, defensemen J.C. Tremblay of Montreal and Pat Stapleton of Chicago, right winger Bob Nevin of New York, center Jean Beliveau of Montreal and left winger Frank Mahovlich of Detroit.

★ ★ ★

The second six in the West voting were goalie Glenn Hall of St. Louis, defensemen Ed Van Impe of Philadelphia and Elmer Vasko of Minnesota, right winger Bill Hicke of Oakland, center Ted Hampson of Oakland and left winger Danny Grant of Minnesota.

The NHL All-Star selections (with total points in the balloting in parentheses):

East Division

Goal—Ed Giacomin, New York (63); Gerry Cheevers, Boston (45)

Defense—Bobby Orr, Boston (90); Tim Horton, Toronto (52); J.C. Tremblay, Montreal (42); Pat Stapleton, Chicago (28).

Right wing—Gordie Howe, Detroit (90); Bob Nevin, New York (32).

Center—Phil Esposito, Boston (84) Jean Bliveau, Montreal (37).

Left wing—Bobby Hull, Chicago (90); Frank Mahovlich, Detroit (25).

West Division

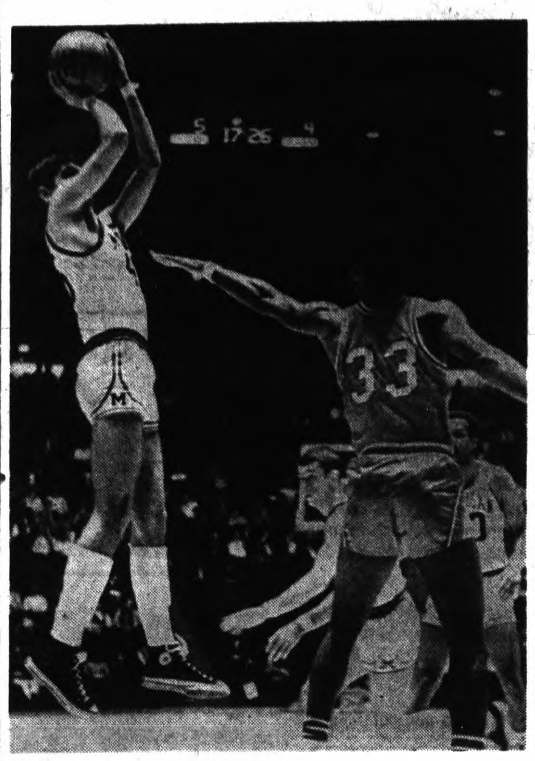

Goal—Jacques Plante, St. Louis (66); Glenn Hall, St. Louis (48)

Defense—Bill White, Los Angeles (79); Al Arbour, St. Louis (65); d Van Impe, Philadelphia (48); Elmer Vasko, Minnesota (20).

Right wing—Claude Larose, Minnesota (61); Bill Hicke, Oakland (51).

Center—Red Berenson, St. Louis (86); Ted Hampson, Oakland (36).

Left wing—Gary Jarrett, Oakland (52); Danny Grant, Minnesota (44).

AP Wirephoto

RECORD NIGHT — Michigan's Rudy Tomjanovich fires away for one of the two-pointers he collected last night in leading the Wolverines to an 89-87 overtime victory over Indiana. Big Rudy scored 48 points, which set a record for the Michigan Events Building and tied a team mark by former All-American Cazzie Russell. Guarding Tomjanovich is Kenny Johnson (33). In front of Johnson is Michigan's Dan Fife.

Tomjanovich Scores 48 in Overtime Win

ANN ARBOR (AP) — Coach John Orr said his Wolverines weren't "mentally right" for their basketball game against Indiana Tuesday night.

But after the game, probably few of the 10,000 spectators were "mentally right" either after watching Michigan win its second straight overtime Big Ten game with an exciting 89-87 triumph over Indiana.

★ ★ ★

The fans were on the edge of their seats wondering about the outcome and they were also cheering Rudy Tomjanovich in hopes of seeing a record-breaking performance.

When it was over, Tomjanovich tied the Michigan single game scoring record of 48 points set by Cazzie Russell against Northwestern in 1966. As a matter of record, however, one of those points came in the overtime period.

NOT READY

"I knew we were going to have a little trouble," Orr said in the U-M locker room. "We weren't mentally ready after our big win Saturday and Indiana's loss to Ohio State. The guys thought it would be a little easier than a Big Ten game usually is."

The Wolverines beat Iowa 99-92 in an overtime thriller Saturday.

★ ★ ★

But despite Hoosier tenacity, the Wolverines broke out of their one-man first-half show to lead for most of the second half and then salvage the win after nearly losing in the closing minutes.

Tomjanovich scored 28 of his points in the first half, yet Michigan went into the locker room trailing 43-39. The 6-foot-7 junior center scored 20 of his team's first 26 points but in the second half his teammates came alive.

FOUR STRAIGHT

Dennis Stewart, the team's second leading scorer who was blanked in the first half, hit on four straight baskets to take Michigan to a 45-44 lead. Michigan stayed ahead thereafter, until Joe Cooke's jumper with 1:46 to go gave Inidana an 80-79 lead.

Captain Ken Maxey was then fouled by Hoosier substitute Rick Atkinson with 29 seconds left and sank his free throw to tie the score 80-80 and send the game in overtime.

★ ★ ★

Indiana dominated the overtime period but the Wolverines stayed close. With 32 seconds left Stewart sank a jump shot to make the score 87-all. After the Hoosiers lost possession, Jeff Stocksdale fouled Michigan substitute forward Bob Sullivan.

Sullivan tossed in two free throws with 10 seconds left to give the Wolverines the victory and push their over-all record to 8-3. Indiana is now 4-6 over-all and 0-2 in the Conference.

★ ★ ★

Forward Ken Johnson topped Hoosier scorers with 21 points, followed by 18 by Stocksdale.

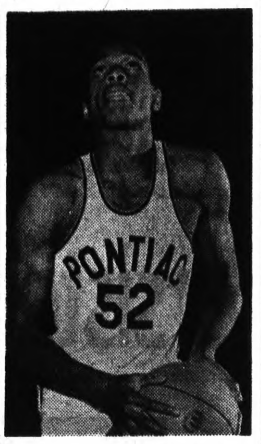

Stewart finished the game with 17 points, second behind Tomjanovich's 48.

BIG CHIEF — Pontiac Central's Jerry Ratliff spearheaded last night's 79-71 Saginaw Valley Conference victory over Midland by scoring 25 points. He is a junior forward.

Michigan State Topples Chilly Badgers, 77-67

Quick Start Enables MSU to Even Record in Big Ten Play

EAST LANSING (AP) — It took a "little bit of confidence" to break a five-game losing streak, said Michigan State coach John Benington. But Wisconsin shooting, as cold as the icy outdoors, also helped the cause.

In taking a 77-67 Big Ten basketball victory over Wisconsin Tuesday night, Michigan State jumped to a 7-0 lead and then took advantage of Wisconsin's continuing first-half scoring drought.

★ ★ ★

The Spartans expanded a 19-11 lead at 10:36 in the first half to 30-11 with 6:22 left, and Wisconsin coach John Powless removed his first team from the floor, saying he got more hustle out of his second five.

"Our first guys weren't even playing hard. The second group did a good job. We had to sacrifice size for speed," Powless said.

SCORELESS MINUTES

Michigan State ran up a 42-26 halftime edge, but the Spartans also suffered from the scoreless malady, going the first eight minutes in the second half without scoring.

At that time, however, the Spartans still had a secure 42-35 lead and resumed scoring enough to coast to victory.

★ ★ ★

Lee Lafayette and Harrison Stepter paced MSU with 20 points each. James Johnson had 16 points for Wisconsin.

MSU now is 1-1 in conference play and 5-5 for the season. The Badgers are 0-2 in the Big Ten and 5-6 over-all.

"That's a relief to get a losing streak off our backs" said Benington.

POOR PRACTICE

"Yesterday we had the worst practice since I've been here, but tonight we came out and hit right at the start.

"We stayed loose and were moving on offense. We started playing with a little bit of confidence," he said.

★ ★ ★

"Bernie Copeland played with a lot of enthusiasm and Jim Gibbons did a good job on defense," Benington said.

"I thought Wisconsin was a tougher team to play than Northwestern," he said. The Spartans dropped their conference opener to the Wilrcats last Saturday.

MSU hit 48 per cent of its field shots for the game, including a 73 per cent mark for the first half.

Wisconsin's field goal average was 39 per cent.

Blues Down Kings, 5-0; Montreal Wins

By The Associated Press

St. Louis, with still another shutout performance by Glenn Hall, padded its whopping lead atop the West Division while Montreal added to its slim margin in the East in the only two National Hockey League games scheduled Tuesday night.

Hall turned aside 26 shots in St. Louis' 5-0 victory over the Los Angeles Kings, while Montreal blew a two-goal lead, but rallied for a 6-3 decision over the Minnesota North Stars.

★ ★ ★

St. Louis now leads the West by 14 points, and Montreal increased its edge over Boston, second in the East, to three.

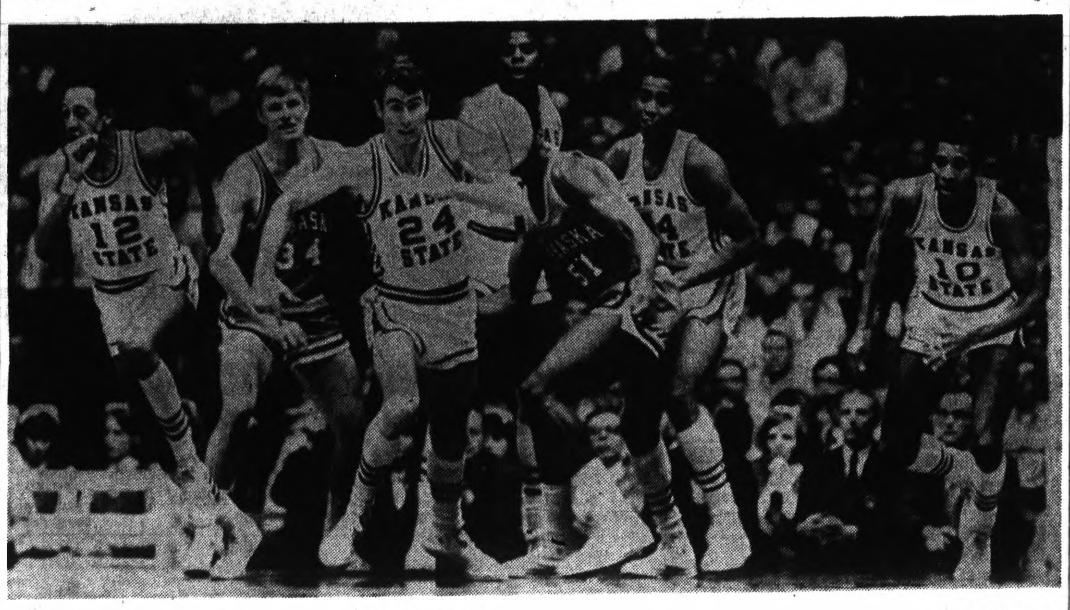

Hall's shutout was his fourth of this season.

St. Louis wrapped it up in a hurry, with Gary Sabourin, Ron Schock and Red Berenson scored in a four-minute span of the first period. Noel Picard and Frank St. Marseille added the other two.

★ ★ ★

The Canadiens blew a 2-0 lead to the North Stars, fell behind 3-2, then rallied. John Ferguson tied it at 3-3 and Yvan Cournoyer's second goal of the game put Montreal ahead to stay in the middle period, 4-3.

Cournoyer also had an assist to go with his two goals, Ferguson had a goal and three assists and Jean Beliveau had a goal and two assists.

AP Wirephoto

ON THE MOVE — Kansas State guard Jeff Webb (24) picks off a deflected Nebraska pass and starts a fast break for the Wildcats in their 95-72 victory last night. Other KS players are Eddie Smith (12), Eugene Williams (background), Jerry Venable (44) and Steve Honeycutt (10). Nebraska players are Bob Gratopp (34) and Leroy Chalk (51).

Swim Victory for Southfield

Steve Craig won two events last night in pacing Southfield to a 65-39 swimming victory over Highland Park. He won the 200-yard freestyle in 2:05.2 and the 400 freestyle in 4:30.4.

Southfield 65, Highland Park 39

200 Relay — Southfield (Steffl, Rogers, Ortega, Howard) 1:48.4.

200 Freestyle — Steve Craig (S), Creeger (S) 2:05.2.

50 Freestyle — Don Haney (S), Reton (HP) :25.1.

200 Individual Medley — Norman (HP), Coualieri, (S) 2:38.7.

Diving — Martin (HP), Darrel Jorgenson (S), Oliver (HP) 157.0 points.

100 Butterfly — Norman (HP), Scheeter (S), Merollis (S) :58.4.

100 Freestyle — Reton (S), Otto (HP), Covalieri (S), :56.3.

100 Backstroke — Floyd (HP), Ryan (S), Danto (S) :53.2.

400 Freestyle — Steve Craig (S), Don Haney (S), Bedigian (HP) 4:30.4.

100 Breaststroke — Dan Rogers (S), Matz (S), Bachmann (HP) 1:13.0.

400 Freestyle Relay — Southfield (Pat Howard, Dave Creeger, Jim Steffl, Greg Ortega) 3:38.7.

Holly, Lapeer Still Slumping

Unbeaten St. Michael Rallies to Win

Holly and Lapeer both journeyed outside of the Flint Metro League Tuesday night but weren't able to correct their slumping seasons.

Holly gave unbeaten Flint St. Michael a hard battle only to sag in the last period for a 77-67 defeat. Lapeer fell to once-beaten Davison, 75-61.

★ ★ ★

Holly's Broncos led St. Mike, now 7-0, by a 41-39 count at the half and were still in front, 54-53, entering the last session.

FOULS OUT

But high-scoring Bronco L. M. Thomas fouled out in the fourth quarter and Holly's offense sagged. Thomas led all sharpshooters with 24 points.

Tim Fagan's 21 and 15 each by Bob Preville and Dan Blair helped the Flint cause. Holly is now 2-5.

★ ★ ★

Lapeer's cagers, grieved by the tragic death of regular center Dave Leonard in a traffic accident last week, couldn't keep pace with Davison's hot-shooting twosome of Steve Scharrer and Doug Armbrecht. They tallied 53 points as Scharrer hit 29.

Clarke Adams again paced the Panthers (1-4) with 17. They trailed, 44-31, at the half and never caught up.

Eastern Michigan Falls to Arizona

TUCSON, Ariz. (AP) —The University of Arizona rallied in the second half Tuesday night to defeat Eastern Michigan 89-72.

The Wildcats trailed through most of the first half and grabbed the lead twice in the second half before hanging on for the win.

Sophomore Walt McKinney paced Arizona's attack.

Eastern Michigan's 6-6 forward Kennedy McIntosh led his team with 17 points.

Takes State Position

HARRISBURG, Pa. (UPI) — Charles "Chuck" Bednarik, former Pennsylvania All American lineman and all pro player with the Philadelphia Eagles, is the newest member of the Pennsylvania State Athletic Commission.

Junior Tourney Set

NEW YORK (UPI) — The 1970 U.S. Junior Amateur Championships will be played at the Athens, Ga., Country Club from July 28 Aug. 1.

Shrine, Clawson Win

Ferndale Remains Undefeated

Ninth-ranked Ferndale stayed among the undefeated Tuesday night in a nonleague frolic; Royal Oak Shrine and Clawson each scored a league triumph in other southern Oakland County prep outings.

Ferndale ripped Royal Oak Dondero, 55-39, with a three-man effort in posting its fifth straight success.

Clawson spurted in the early going and defeated Madison, 62-51, in an Oakland A League contest. Both are now 2-3 in the loop.

Royal Oak Shrine	14	20	16	11—61
Detroit Servite	15	26	10	8—59

Shrine upped its mark to 4-2 with a 61-59 squeaker past Servite who lost its third straight game for the first time in seven years. The Knights needed an 11-8 edge in the slow final period to gain the victory.

TRIO STARS

Ferdale's Mike Staton (17) and Tyrone Lewis (16) provided most of the points, and Dennis Miito (13) hauled down most of the rebounds in handing Dondero's Oaks their fourth loss in a row.

Dondero couldn't manage more than eight points a quarter until the final eight minutes against the Eagles' reserves. The winners had a 20-12 advantage in field goals.

★ ★ ★

Bill Simpson scored 20 and Bud Krause added 15 to lead Shrine's win. Simpson hit 12 of 14 free throws as the Knights earned the win with a 17-9 charity stripe bulge. The winners outscored Servite, 27-18 in the last half.

★ ★ ★

Madison couldn't overcome Clawson's 15-4 lead after one period. Tom Joyce topped the winners with 18 points and tied Madison's John McWilliams for game laurels.

Clawson had an edge over the Eagles both from the field and the foul line.

Second Half Rally Wins for Chiefs

(Continued from Page D-1)

to the Chemics' 27 in that span and only trailed their hosts in baskets, 18-16.

In the last half there was a turnabout. PCH didn't need the second and third tries as it made 19 of 31 tries for 61 per cent. The losers managed only nine baskets and a 33 per cent tempo.

GOES IN FRONT

Central (5-1 over-all), while holding Midland without a field goal for the first four minutes of the half, couldn't move in front until there were 4:25 left to play.

Styles' short jumper gave PCH a 66-65 lead. He joined senior Clayton Burch for successive buckets in a 10-second span and the Chiefs led, 70-65 with three minutes to go.

The winner's improved defense also was a factor in their taking charge. They forced Midland into 16 turnovers in the last half while PCH had 14 for the entire game.

The Chiefs finished with a 36-28 advantage in field goals. Chris Young and Lynn Kaweck sparked the Chemics' offense with 18 and 17 points, respectively.

PCH had a 49-29 margin in rebounds.

Country Day '6' Records Win

Detroit Country Day pinned a 5-1 defeat on Bloomfield Hills Andover last night at Detroit Olympia in an International High School Hockey League outing.

One of the goal-getters for the Country Day squad was Blade Lindsay, son of former Red Wing star Ted Lindsay.

Oxford Plays Tonight

An afternoon snow squall forced postponement of last night's Wildcats-Lamphere basketball game until tonight in the senior high school gymnasium.

A junior varsity contest is slated for 6:30 p.m. followed by the varsity clash. Both Oxford and Lamphere are 1-1 in the Central Suburban League.

Ashe Defeats Addison

MELBOURNE, Australia (AP) — Arthur Ashe of Richmond, Va., trounced Terry Addison 6-4, 8-6, 6-0, Charles Pasarell of Puerto Rico outlasted John Alexander 20-18, 6-4, 7-5 and Bob Lutz of Los Angeles ousted Ray Keldie 6-3, 4-6, 11-9, 11-9 in the second round of the Victorian Open Championships.

Purdue Upsets Illinois, 98-84

Boilermakers Tied for Big Ten Lead

CHICAGO (AP) — Rick Mount poured in 37 points and shattered the ratings Tuesday night as he led Purdue to a 98-94 victory over previously undefeated and fourth ranked Illinois.

The victory left Purdue in a first place tie with Michigan in the Big Ten race.

★ ★ ★

Purdue gave the rankings a jolt by whipping Illinois and the Boilermakers will stay on top in the Big Ten for nearly two weeks since they will be idle until they face Minnesota Jan. 25.

Illinois gave the Boilermakers a battle and come off a 13-point defciit to take 51-47 lead in the second half. But Purdue took charge after that and Illinois' winning streak came to an end.

TOP SCORER

Mount's 37 points were far and away high for the Boilermakers while George Faerber added 17. Dave Scholz was high for Illinois with 23 and Mike Price followed with 22.

Big Ten teams will be idle until Saturday when Indiana goes to Iowa, Michigan invades Minnesota, Wisconsin advances on Ohio State and Illinois goes to Northwestern in a regionally televised matinee.

Avon Matmen Square Record; Clarkston Wins

Avondale and Clarkston checked in with wrestling victories last night.

The Yellow Jackets of Avondale evened their record at 2-2 with a 39-15 decision over Detroit Country Day, while Clarkston upped its mark to 4-0 by downing Waterford, 27-19.

Avondale 39, Country Day 15

95 — Burman (CD) forfeit; 103 — Watson (A) forfeit; 112 — Walton (A) pinned Archanbalt, 1:21; 120 — Robert Dow (CD) dec. Kim Sager, 6-3.

Bloomfield Lahser Skiers Post Win

The girls and boys of Bloomfield Hills Lahser came out with victories yesterday as they opened the skiing campaign against Clarkston.

Kim Popelier (29.5) was first and Brad Matteson (33.8) third as the boys posted a winning time of 133 to 143.8. Clarkston's Vern Sturdy came in with a 33.3 time.

Judy King (34.5), Sid Simonian (40.0) and Gale Leithauser (41.0) went 1-2-3 for the girls as Lahser won, 115.5 to 243.3 on the slopes at Mt. Holly.

Places for U.S. Girls

GRINDELWALD, Switzerland (AP) — Gertrude Gabl of Austria beat an elite field of 35 from 12 nations, including the U.S. girl skiiers Kiki Cutter and Judy Nagel, who finished third and fourth, respectively in the special slalom of an international Alpine meet.

WHIZZER HONORED — Supreme Court Justice Byron R. White (right), known as "Whizzer" during his collegiate football career at Colorado and later in the pro ranks, receives the National Collegiate Athletic Association's highest award from NCAA president Marcus L. Plant of Indiana University at a ceremony in Los Angeles last night. The Theodore Roosevelt Award is presented annually to a distinguished citizen of national reputation.

Komives Spurs Pistons Attack

By the Associated Press

The Detroit Pistons had to fight through three rallies and a full-court press late in the game by the Philadelphia 76ers Tuesday night, but diligence and 22 points by Howard Komives helped gain a 117-114 National Basketball Association victory.

★ ★ ★

In other games, the Los Angeles Lakers unleashed 6-foot-7 Elgin Baylor, just back after the flu, to take a 100-93 victory over the eastern division leaders, the Baltimore Bullets; Milwaukee stopped Cincinnati 116-101; Chicago edged New York 102-101, halting a 10-game Knickerbocker winning streak; Phoenix topped Seattle 116-112 and San Diego defeated San Francisco 113-108.

★ ★ ★

Philadelphia's full-court press in the third quarter cost Detroit an eight-point lead, but the Pistons bounced back to build a 12-pointer, 78-66.

★ ★ ★

Again the 76ers pressed, scoring 11 straight points to close to within four, 84-80 at the end of the third period.

ON TARGET

Jimmy Walker and Walt Bellamy found the range in the fourth period and Detroit pulled out 111-101. Philadelphia struck again.

With the score 115-114 and 42 seconds left to play, Bing popped a 10-foot jumper to put the game out of reach.

★ ★ ★

Baylor pulled off his late bit of handy work after Baltimore, its ranks depleted by technical fouls, rallied from 14 points behind to cut its deficit to 93-91 with just 1:51 left.

But then Elgin hit his three field goals and Mel Counts added a free throw and the Lakers intercepted three Bullet passes in the last 48 seconds to sew it up.

★ ★ ★

The Lakers, playing without injured Jerry West, had built a 54-41 lead in the third quarter before Earl Monroe and Gus Johnson sparked the futile come back attempt. The Bullets had six technical fouls called on them during the game, and Jack Marin, Bob Ferry and trainer Skip Feldman were ejected from the Bullet bench.

Monroe led Baltimore with 22 points, while Wilt Chamberlain had 15 and 18 rebounds for the Lakers.

CLUTCH BUCKETS

Rookie Tom Boerwinkle scored 22 points, including a pair of clutch baskets in the last 37 seconds to enable Chicago to end New York's streak—the Knicks' longest ever.

★ ★ ★

Willis Reed, who scored 11 of his 28 points in the final quarter, had guided the Knicks from 10 points behind in the third quarter to a three-point edge with 12 minutes left.

Jim Barnett led the way as San Diego drilled in eight straight points in the closing minutes to move from a 101-100 deficit to victory over the Warriors.

★ ★ ★

San Francisco had trailed by as many as 14 points in the second quarter, but gradually caught up and tied it at 99-99 with 4:15 to play.

In Super Bowl

Rival Coaches Discount Odds

FORT LAUDERDALE, Fla. (AP) — The oddsmakers say the Baltimore Colts are an 18-point better football team than the New York Jets. But you never would guess it from talking with Weeb Ewbank. Neither would you, for that matter, after listening to Don Shula.

The two head coaches, Ewbank of the American League champion Jets and Shula of the National League's kingpin Colts, were loud in praise of each other's troops today as they talked of pro football's Super Bowl in Miami's nearby Orange Bowl Sunday.

★ ★ ★

"We have come a long way since the start of the season," said Ewbank as he talked of the chance of an AFL team coming out on top in this third clash between the champions of the two leagues. The NFL, represented by the Green Bay Packers, won the first two handily against Kansas City in 1967 and Oakland last year.

About the time Ewbank was heaping praise on his quarterback, two of several top flight runners and a trio of brilliant pass catchers in George Sauer, Don Maynard and Pete Lammons, Shula was getting in a good word for the Jets at the Colts' headquarters a half-mile away.

LAUDS FOE

Shula, who also had praise for the Jets' linebackers, likened the New York front wall to the great Packers defense of recent years. "All are quick and agile," he added. "The Jets always have been strong offensively. Now they have added a great defense.

"We don't see many of the types of defense used by the Jets in our league. Yes, we came down here expecting a real football game and I can't see us 18-point favorite."

★ ★ ★

In further discussing his players, Ewbank put Namath in the class with Colts' Johnny Unitas, when the latter broke in with the NFL champions 13 years ago. Only Sunday Unitas will be sitting this one out as he has not been able to oust Earl Morrall, one-time second stringer, since recovering from injuries.

"They're pretty much the same except John had good wheels (legs)," Ewbank continued. "Both can pass long. Both are fine signal callers and have fine receivers. Both can get back there between 1.2 and 1.5 seconds for that eight yards deep pass."

★ ★ ★

Ewbank also compared favorably the Colts with Green Bay's great championship teams.

Barons' Skiers Sharp in Debut

Bloomfield Hills Andover opened the ski season yesterday at Mt. Holly on a successful note as both the girls and boys won in competition against Southfield.

★ ★ ★

The Barons' girls gained the nod with a combined time of 118.6 seconds to 153 for Southfield, while the boys prevailed with a clocking of 125.1 to 152.2 for Southfield.

★ ★ ★

Barbe Goode of Andover paced the girls with a time of 33.5 followed by Southfield's Sue Bloch (39.0) and Andover's Dale Demming (40.1).

Andover took the top four spots in the boys competition. Scott McLean (29.7) set the pace, followed by Rick Reininger (30.3), Jeff Burns (32.5) and Kurt Hubert (32.6).

PNH Tankers Drop 6th Meet

Hazel Park Dunks Northern, 62-39

The Candy-stripers of Pontiac Northern managed only three firsts last night as they went down to their sixth swimming defeat of the season. Hazel Park prevailed, 62-39.

★ ★ ★

Kevin Dushane won the 100-yard backstroke, Jim Black took the 100-yard freestyle and PNH added its other win in the 200-yard medley relay.

The PNH sophomore squad swims at Birmingham Groves at 5 p.m. next Tuesday. The varsity returns to action next Wednesday against visiting Groves.

Hazel Park 62, Pontiac Northern 39

200 Medley Relay — Pontiac Northern (Nakas, Dushane, Bartholomew, Berman) 1:49.3.
200 Freestyle — Stone (HP), Morisette (HP), Weaver (PN) 2:10.2.
50 Freestyle — Lindholm (HP), Black (PN), Fields (HP) :24.5.
200 Individual Medley — Takacs (HP), Wyzgoski (PN), McBeth (HP) 2:19.0.
Diving — Sunquest (HP), Seniw (HP), Vick (PN) 188.20.
100 Butterfly — Jones (HP), McBeth (HP), Newman (PN) 1:13.9.
100 Freestyle — Black (PN), Zmikly (HP), Turnbull (PN) :56.7.
100 Backstroke — Dushane (PN), Wyzgoski (PN), Ruprecht (HP) 1:03.4.
400 Freestyle — Morisette (HP), Nakas (PN), Weaver (PN) 4:53.1.
100 Breaststroke — Jones (HP), Hasted (PN), Bartholomew (PN) 1:14.0.
400 Freestyle Relay — Hazel Park (Johnson, Jack, Krywki, Zmikly) 4:21.7.

Millington Romps; Imlay City Tumbles

Undefeated Millington routed winless Brown City, 76-38, last night to remain atop the Greater Thumb B League standings with a 4-0 record.

Birch Run stayed close behind, at 3-1 with a 76-66 triumph at Imlay City. The winners led, 38-31, at the intermission. Birch Run had a 33-26 advantage in field goals.

Paul Van Doeselaar's 18 and Dave Rowley's 12 led the Imlay attack. The Spartans are 1-3 in the league. Five players were in double figures for Birch Run.

Urbana College Posts Easy Win Over State '5'

URBANA, Ohio (UPI) — Urbana College had eight players in double figures Tuesday night as it scroed an easy 117-63 win over Michigan Christian.

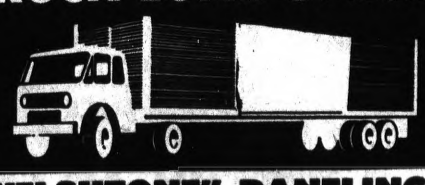

It was the fifth time in ten starts that Urbana scored more than 100 points.

Ron Mescher had 11, while John Plunkett, Mark Todd, Harold Howe, Steve Barrett, Mike Bescker, Allan Wassermuth and Steve Stewart each added ten points.

For Michigan Christian, M. Fields led both teams with 21 points and was closely followed by G. Pleasant with 18. D. Ludwick had 14.

Prep Front

By FLETCHER SPEARS

Just a short while back, Bob Mistele stepped from one challenging position to an even more demanding task.

Mistele, 48, is a former baseball and football player and later a high school coach of both sports. Now, he's state director of the national Fellowship of Christian Athletes (FCA).

The FCA of Michigan was formed last fall, giving the state the distinction of being first in the nation to form its own organization. Serving as president of the group this year is Jack Cotton, athletic director of Farmington schools, who was a teammate of Mistele's when the two played football in the late 1940's at Wayne State University.

MISTELE

Mistele is a graduate of Central State Teachers in Oklahoma and he held coaching positions in Oklahoma and Texas before returning home to Michigan.

LONG ACTIVE

He's been active in FCA since its birth in Oklahoma City in 1956, but only on a parttime basis. Now it's full time. He took the FCA post after four years as teacher and coach at Farmington High.

★ ★ ★

Mistele's maintaining a busy speaking schedule now as he informs various community organizations around the state that FCA does exist and attempts to enlist their aid in furthering the program.

BIG NAMES

Many great names in the world of sports are listed on the FCA member list. Performers such as Don Shinnick, Rich Volk, Bobby Boyd, Bob Vogel, Fred Miller, all members of the Baltimore Colts, who'll face the New York Jets in the Super Bowl in Miami Sunday.

★ ★ ★

FCA now publishes a magazine, "The Christian Athlete," with a mailing list of 50,000. The organization conducts conferences at various sites around the country. Last year, these conferences attracted 8,000 young men. Some 10,000 are expected to participate in the 14 scheduled conferences this year, one of which is expected to be at Central Michigan University at Mount Pleasant.

MISSES COACHING

While he's doing the work he likes best, Mistele misses coaching. "Oh yes, I miss it. I love the coaching because it's a tremendous challenge," says Mistele. "It's like a chess game; it's great to see what can be done in something like football. I miss that part of it."

★ ★ ★

Bob was in the Chicago White Sox organization and spent parts of three seasons (1944-45-46) with the parent club. As a pitcher, he says "I threw fast and wild."

As a football player, Mistele played tackle and center in high school. In college, he was at end and finally wound up as a quarterback at Wayne State.

★ ★ ★

Mistele's available to discuss FCA with any organization. He and his wife, Louise, and children reside in Farmington. He may be contacted at 474-3008.

GUESTS WIN

Here's a case where the guest had a ball, at the host's expense.

Archery League to Open Fire

The Waterford Township Archery League will commence firing 7 p.m. Thursday at the C.A.I. Building in a 14-week program.

★ ★ ★

The entrance fee is $1.25 plus a $1.25 fee each shooting night. Registration may be done in advance at the recreation department office or Thursday night.

Waterford Township and Waterford Kettering high school ski teams entertained a team from Manistee Friday, housing the team overnight and then engaging in skiing competition Saturday afternoon on the slopes at Mt. Holly.

★ ★ ★

The Manistee boys then compiled a time of 276 seconds in the slalom to beat both Kettering (283.3) and Waterford (308.7).

The hosts did salvage something, however. Their girls won. Waterford's girls led the way with 252.7 seconds, followed by Kettering (259.2) and Manistee (285.9).

Patriots Fire Mike Holovak

Directors Oust Coach After Eight Seasons

BOSTON (AP) — After two season of mounting fan discontent it was 'goodbye Mike' for real today with the announcement that the Boston Patriots had fired their long-time head coach and general manager, Mike Holovak.

★ ★ ★

The former Boston College star, a fixture with the Pats since the inception of the American Football League in 1960, had an over-all record of 52-46-9 in his nearly eight full seasons at the coaching helm. But he became the target of boos and catcalls as the team slumped in the past two seasons.

★ ★ ★

The decision to relieve Holovak of his present duties was reached by the 10-man board of directors at a Monday night meeting, but the announcement was withheld until Tuesday so that club President William H. Sullivan Jr. could inform him personally.

★ ★ ★

Neither was immediately available for comment.

Northern Wrestlers Fall to Fitzgerald

With their winning streak at end, Pontiac Northern's Huskies will be trying to start a new one when they take on powerful Walled Lake in a wrestling duel Friday night.

★ ★ ★

The Huskies, who hadn't lost a dual match since Jan. 28, 1966, fell victim last night to Warren Fitzgerald, 20-19.

In another meet, Troy pushed its record to 3-2 with a 27-21 decision over Center Line.

TOUGH MATCH

The Huskie prospects at Walled Lake Friday aren't promising.

★ ★ ★

The Walled Lakers are coming off a triumph in the Oakland County Invitational tournament and they're currently ranked fourth among the state's Class A teams. PNH is unranked.

TOP TEAM

Leading the way among the state Class A squads is Ypsilanti. Setting the pace in the Class B division is Durant, while Williamston holds the No. 1 spot in the Class C-D lineup.

Northern and Fitzgerald were deadlocked at 11 points each after seven bouts, but the Warren squad took three of the final five matches to sew it up. With the contest out of reach, PNH's Mario Castillo made it close by pinning his foe at 1:23 of their heavyweight bout.

Warren Fitzgerald 20, Pontiac North, 19

95 — Jerry Thompson (WF) dec. Doug Bushey, 8-5; 103 — Dennis Odziana (WF) dec. Bob Gutierrez, 1-0; 112—Vince Foss (WF) draw Mickey Glover (PN), 0-0; 120 — Robin McIlroy (PN) dec. Glen Malstrom, 5-0; 127 — John Dunn (PN) dec. Joe Odziana, 10-0; 133 — Epi Gomez (PN) dec. Bob Collie, 10-0; 138—Dave Liberato (WF) dec. Joe Gonzales, 8-1; 145 — Steve Martines (WF) dec. Mike Kane, 3-0; 154 — Bob Long (PN) dec. Mike Kish, 2-0; 165 — Jim Charles (WF) dec. Sterling Woods, 3-0; 175 — DeWayne McCave (WF) dec. Maurice Jolin, 8-3; heavyweight — Mario Castillo (PN) pinned John Myska, 1:23.

Troy 27, Center Line 21

95 — E. Augustyne (C) pinned Kidder, 3:56; 103 — D. Augustine (C) pinned Hartzell, 4:53; 112 — Ferguson (T) pinned Zane, 5:43; 120 — Marv Thomas (T) dec. Wiegand, 10-1; 127 — Blake (T) dec. Roby, 7-3; 133 — Kolmetz (C) dec. Mike Thomas, 7-3; 138 — Cahill (C) dec. Pettypiece, 7-5; 145 — Lenivov (T) dec. Bantlan, 2-1; 154 — Korkowicz (C) pinned Bennett, 3:45; 165 — Micheli (T) pinned Foy, 1:57; 175 — Woods (T) dec. Nakis, 5-4; heavyweight — Chisholm (T) pinned Lampien, 3:51.

Freeland Five Romps

ST. CHARLES (AP) —Undefeated Freeland High School showed its league-leading form and then some Tuesday night, tromping host St. Charles 105-37. Freeland has a 4-0 record so far, and St. Charles is 0-8.

'M's New 'Bo' Names Aides

Coach Brings Along Six Miami Helpers

ANN ARBOR (AP) — Michigan's new head football coach Glenn "Bo" Schembechler today named six of his former assistants at Miami University of Oxford, Ohio to join his 10-man staff.

The appointments complete the staff that includes Schembechler and three coaches retained from last year's Michigan squad.

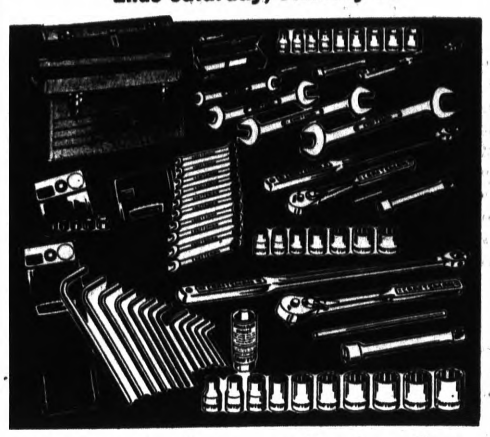

Those named today were Jim Young, head defensive coach at Miami last season; Jerry Hanlon, offensive line coach; Chuck Stobart, offensive backfield coach; Larry Smith, end coach; Gary Moeller, freshman coach; and Dick Hunter, defensive backfield coach.

★ ★ ★

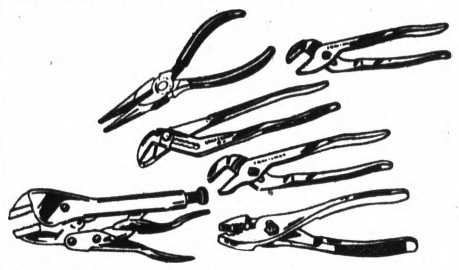

Schembechler said he hasn't set specific jobs of the new assistants.

The three Wolverine assistant coaches who remain are George Mans, end coach; Frank Maloney, defensive line coach; and Bob Shaw, offensive line coach.

with DON VOGEL—Outdoor Editor, Pontiac Press

Registrations Lag for Snowmobiles

Snowmobiling is coming of age in Michigan and so are laws governing the sport.

Beginning Jan. 1 it became mandatory to register snowmobiles. Thousands of owners haven't complied, according to a report from Secretary of State James M. Hare.

★ ★ ★

Another rule that has been on the books for some time, but is often violated, says no operating snowmobiles on public roads. A crackdown by the Oakland County Sheriff's Department a year ago cut sharply into this activity.

The Natural Resources Department also is becoming concerned over an increase in snowmobiles operating off designated trails on state lands and some damage caused at access sites along lakes.

Snowmobile registration follows the same procedure as used for a motor boat. Applications are available at secretary of state branch offices. The fee is $5 for three years.

URGES ENFORCEMENT

Hare said there are between 50,000 and 75,000 snowmobiles in Michigan, but only 15,000 have been registered. He said local law enforcement authorities have been asked to stiffly enforce the registration law to "guard against potential misuse and possible disregard for property."

The law exempts only those snowmobiles operated exclusively on the owner's private land from state registration.

★ ★ ★

Conservation officials reported extensive "wandering all over the place" in state recreation areas.

"We have trails specifically for snowmobiles at Highland, Holly and Pontiac Lake," said DRN District Law Supervisor George Bruso of the Pontiac Lake office, "but some drivers seem to tire of them quickly and take off cross country."

★ ★ ★

Bruso also said that ice fishermen are complaining about snowmobiles buzzing shanties and groups of anglers. "The situation is getting critical on Lake St. Clair," he said.

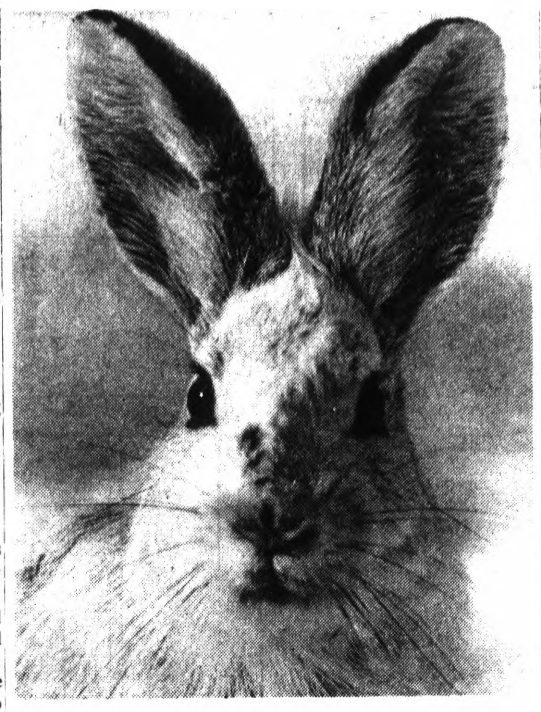

PRIVATE PROPERTY

Major problem at the access sites is driving across private property adjacent to the sites.

"We don't want to be old Scrooges about this," said Bruso, "because many people enjoy snowmobiles. But there are rules and they are going to have to be obeyed."

★ ★ ★

The state currently offers 47 marked snowmobile trails in Michigan. Most of them are in the northern two-thirds of the state.

Pontiac Press Photos

COLD FUN — Whether it be hunting the ghost-like snowshoe rabbit (top) in Northern Michigan and his cousin the cottontail or fishing on an ice covered lake, winter activities continue regardless of the weather. The fishermen (below) are huddled in five above temperatures on Union Lake. A few big bluegills and small calicoes were caught.

Two Hearings on Waterfowl Hunting Set

Waterford hunting at White Lake and Lake Sherwood will be aired during two public hearings scheduled by the Hunting Area Control Committee.

The White Lake hearing will be Jan. 14 in the Highland Township hall and the Commerce Township offices will be the site of the Jan. 22 session on Lake Sherwood. Both hearings will start at 7:30 p.m.

REQUESTS MADE

The hearings were requested by the respective township boards acting on ctiizen complaints that the lakes cannot be hunted without danger to residents and property.

Comprising the Hunting Area Control Committee is a representative of the Oakland County Sheriff's Department, State Police, Department of Natural Resources and township supervisor.

The committee will make recommendations to the DRN Commission which in turn will return its decision to the township boards for approval or disapproval.

Field Trial Slated for Pointing Breeds

There will be a warmup trial for all pointing dogs Sunday at the Russ Dixon farm near New Haven.

This will be a shooting trial with pheasants being planted. It will start at 9 a.m. The farm is located at 26691 Twenty-Seven Mile, west of Gratiot.

Members of the sponsoring National German Shorthaired Pointer Association of Michigan will explain the use of non-game birds for out-of-seasnn training and also help novices manage their dogs.

4-H Club Plans Adult Sessions in Dog Training

Adults will get a chance to help youth in a project being arranged by the Oakland County 4-H Canine Club.

As a fund raising project, the club is organizing a dog training class for adults. It will start with a demonstration next Tuesday at 8:30 p.m. at the 4-H fairgrounds on North Perry.

★ ★ ★

People attending the demonstration are requested to leave their dogs home. Actual class work will start the following week. The classes are open to all adults and a health certificate is required for each dog.

Mrs. Linda Blanchard, club leader, said enrollment will be limited. Additional information can be obtained by phoning FE 5-7296. The club currently is engaged in a dog training program for 4-H members.

Dog Obedience Class at CAI

A 12-week dog obedience class is scheduled to begin Jan. 15 at the C.A.I. Building under the auspices of the Waterford Township Recreation Department.

The cost is $12 per dog. Additional information is available from the recreation office at 674-0376.

Area Park Attendance Tops 2 Million

Attendance at the seven Department of Natural Resources parks and recreation areas in Oakland County topped the two-million mark during 1968.

District Parks Supervisor Alfred Masini reported that 2,289,224 persons journeyed to the areas with Dodge Park No. 4 again the most popular facility. The park on Cass Lake attracted 436,080 users.

★ ★ ★

Next in line came Rochester-Utica, 411,657; Proud Lake, 366,304; Pontiac Lake, 337,164; Holly, 270,796; Highland, 260,658; and Bald Mountain, 206,565.

★ ★ ★

These figures are conservative, according to Masini, because many people use the recreation areas without being observed by park personnel.

CAMP PERMITS

Public camping is available at five of the areas and 14,130 permits were issued. Proud Lake drew the highest number of campers with a total of 7,383. Holly was next in line with 4,119.

★ ★ ★

The annual increase in park usage is expected to continue during 1969 as new swimming, picnic and camping facilities are completed.

Bird Counting Placed on Ice

The annual Christmas bird count by members of the Pontiac Audubon Club was put on ice for another year.

Part of a North American program co-ordinated by the National Audubon Society, the PAC's count was scheduled Dec. 28 near Lake Orion.

★ ★ ★

Icy roads, however, made it impossible for members to reach the prescribed location. A bird feeder tally will be taken in place of the field trip.

SLIDE PROGRAM

Mrs. Elna Plassey will present a slide program at tonight's monthly meeting in All Saint's Episcopal church at 7:30.

New PAC officers are Ron Piotter, president; Warren Hill, vice president; Kay Frick, secretary; and LeNoel Brendel, treasurer. James Stevens and Don Hart were named to the Seven Ponds Nature Center governing committee.

Salmon-Trout Report Cards Now Overdue

Fishermen must now turn in their 1968 salmon and trout catch report forms to the Lansing Office of the Department of Natural Resources.

Although Dec. 31 was the deadline for submitting the records, the DNR is giving fishermen some leeway in returning the reports.

★ ★ ★

By law, the new 1968 "report cards" must show the dates, places, and numbers of trout and salmon caught in the Great Lakes from April 6 through Nov. 30.

INLAND STREAMS

The same information must give a record of angler success in designated inland streams from April 6 through April 26 and from Sept. 9 through Nov. 30.

Boating Instruction Available in Area

Boating classes sponsored by the Birmingham Power Squadron will start Jan. 15 at East Hills Junior High School in Bloomfield Hills.

Outboard, inboard and sailing instruction is scheduled.

Registration for the free classes will be Jan. 15 and Jan. 22. at 7:30 p.m.

Beaver Limit Cut Proposed for 1969

LANSING (AP) — Beaver trappers in the western Upper Peninsula probably will be able to take only six beaver during the trapping season this spring, two less than a year ago.

Proposed regulations would curtail the limit in order to build up the area's beaver population. In other areas, the regulations will be similar to last year's.

★ ★ ★

Final action on beaver and otter trapping rules is expected during the Natural Resources Commission meeting Thursday and Friday in Lansing's Jack Tar hotel. The Thursday session will be informal and start at 1:30 p.m. and the Friday meeting at 9:30 a.m.

"This doesn't mean beaver numbers are in jeopardy," said Dave Arnold, the Department of Natural Resources' beaver specialist.

'GOOD YEARS

Instead, he explained, the beaver would be permitted to increase its numbers in areas of prime habitat.

"We've had three good beaver years in a row," he said. "We still think there'll be a good supply across the state. We figure a take of somewhere over 12,000 beavers."

Trappers last year took 13,482 beaver during the March and April season.

★ ★ ★

Counties affected by the restricted regulations are Gogebic, Ontonagon, Keweenaw, Houghton and Baraga, and Marquette County north of U.S. 41. The area comprises what the department calls Area A.

Iron County, which used to be included in Area A, was switched this year to Area B. Trappers in that county also will be restricted to six beaver per year and a shorter season. Area B comprises the remainder of the Upper Peninsula with the exception of Menominee County.

Although fur prices fluctuate, trappers last year received about $25 for a big beaver pelt. The average price, however, was around $15.

I BET YOU DIDN'T KNOW

By John Carter

Has there ever been another football team like this one: the 1947 Notre Dame team had a total of 44 different boys who were good enough to eventually play pro football! . . . And, the team was so deep in talent that a fifth - string end was picked for the College All - Star team!

★ ★ ★

Did you know that Bart Starr the all-star Green Bay Packer quarterback, goes by his middle name instead of his first name? . . . Starr's real full name is Bryan Bartlett Starr.

★ ★ ★

Here's quite an oddity that happened once in a high school football game . . . This game had the longest time out in the history of football . . . It was in a game several years ago between two high schools in Ohio, Brecksville and Solon . . . Brecksville led 20-0 with 5:29 to go in the third quarter . . . Fog closed in and the officials called time . . . But the fog never cleared that night and the game was resumed the next night, 22½ hours later . . . Brecksville won 22-8 after a time - out that lasted 22½ hours!

★ ★ ★

I bet you didn't know . . . Not everyone can afford the price of a superior tire product like the new 78 Series Dunlop Elite, but no one can really afford to be without its safety. Want to dream a little — Come on down and we'll show you.

Opening lead—♥ A

By OSWALD and JAMES JACOBY

The late P. Hal Sims was a most superstitious bridge player but all his superstitions were common sense. He believed firmly that aces were lucky cards and spades the luckiest suit. He believed that when you were dealt a spade suit you should bid it.

South's opening spade bid would meet Mr. Sims' full approval as it does with ours. He only has 10 high card points but he holds very good spades and plenty of distributional values.

The rest of the bidding is interesting. South rebid his spades freely. North made two slam tries by cue bidding hearts but South was so ashamed of his lack of high card strength that he merely signed off at three and finally four spades.

We sort of think that Hal Sims would have been carried away by his superstition and reached the slam.

South had no trouble making 12 tricks. He ruffed the heart lead in dummy, ruffed a diamond, led a spade to dummy's queen, ruffed a second diamond, led a spade to dummy's jack to account for the adverse trumps, discarded two clubs and two hearts on the rest of the diamond suit and lost one heart at the finish.

The game was an international Match Point affair and South was rather unhappy with the result. He apologized profusely to his partner for having bid like a coward.

★ ★ ★

He had no need to apologize. At the other table South wasn't going to open a 10-point hand. He passed. West bid a club, North jumped to two diamonds. East bid two hearts and South passed again. West tried two no-trump; East went to three hearts and once more South kept quiet about his spades.

★ ★ ★

It was his last chance because West and North passed. Furthermore South was most disappointed when the smoke of battle had cleared away. East managed to make his three-heart contract.

♥♣CARD Sense♠♦

Q—The bidding has been:

West	North	East	South
			1 ♠
Pass	2 ♣	Pass	2 ♥
Pass	3 ♠	Pass	?

You, South, hold:
♠ K J 6 5 4 ♥ A K Q 9 8 ♦ 5 4 ♣ 2
What do you do now?

A—A delicate slam try is indicated and you have one at your disposal. Bid four hearts. This shows very good hearts and a sound hand and implies worry about diamonds. All with this one bid.

TODAY'S QUESTION

Your partner continues to five no-trump. What do you do now?

Answer Tomorrow

21 Oppose Yorty

LOS ANGELES (AP) — Mayor Sam Yorty will face 21 opponents in his reelection bid April 1, including the producer of his recent "Sam Yorty Show" on television. Producer John F. Rourke, 50, who barely made Monday's filing deadline, said he's running against Yorty "with some reluctance."

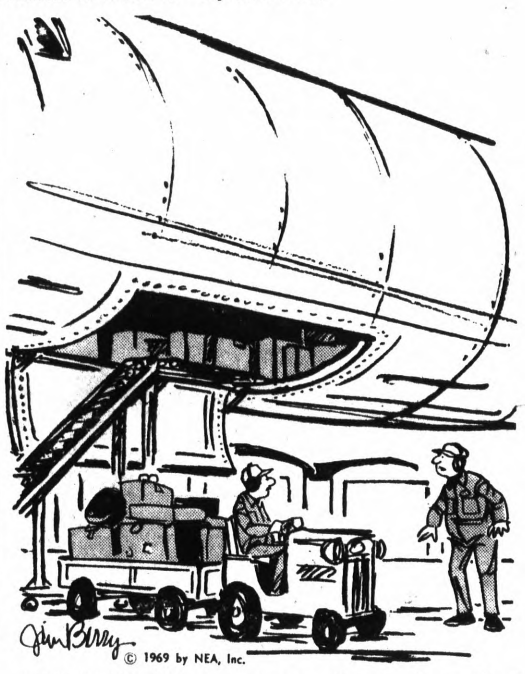

Emphysema is a lung disease that kills more than 17,000 Americans every year.

Astrological Forecast

By SYDNEY OMARR
For Thursday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (March 21-April 19): Unless you pay heed to warnings, requests—there is difficulty. Don't force issues where mate, partner are involved. One who is ill may say things which are based on pain, irritation.

TAURUS (April 20-May 20): Not easy to change routine—but necessary today. If you hang on to outmoded methods, price is high. Know that sentiment doesn't mix with progress. Relative who whines is fooling you.

GEMINI (May 21-June 20): You wanted excitement—tonight you get it. Emotional impact of decisions is strong. Opposite sex is involved. Children make demands. Your energies are pulled to and fro — maintain balance.

CANCER (June 21-July 22): Social activity increases. Entertain at home. Show appreciation to one who has backed you. Includes parent, older person. Know that you do owe—and be willing to pay debt.

LEO (July 23-Aug. 22): You are drawn between desire to change, travel — and feeling that you are needed at home. Make intelligent compromise. Morning hours should be devoted to family. Later —take that short trip.

VIRGO (Aug. 23-Sept. 22): Study LEO message. You can't accomplish everything at once. But you can have fun—and still make progress. Take no chances where investments are concerned. Tighten purse strings.

LIBRA (Sept. 23-Oct. 22):: Cycle high —but day features sudden change. Child or other loved one makes extravagant demand. Domestic adjustment occurs. You are presented news which can be described as "startling."

SCORPIO (Oct. 23-Nov. 21): What was confined or secret breaks into open. Continue to be discreet. Changes, threats, cajoling — these need not cause panic. Others look to you as example. Be dignified, fair and firm.

SAGITTARIUS (Nov. 22-Dec. 21) Friends may appear eccentric. Not wise to reply upon promises. Back up assertions with facts—cash. Call upon individual with experience. The others are filled mostly with hot air.

CAPRICORN (Dec. 22-Jan. 19): Some who have much to say about your activities appear uncertain. Realize one phase is over, another about to begin. Don't hang on to outmoded concepts.

AQUARIUS (Jan. 20-Feb. 18): Activity centers around travel, long-distance communication. Future indications are accented. Means what occurs now is subject to change. You get news which stimulates and encourages.

PISCES (Feb. 19-March 20): If you choose to argue about money you pay consequences. Day to utilize tact. Applies especially where legal documents, finances are concerned. Don't push.

★

IF THURSDAY IS YOUR BIRTHDAY you attract others with their problems. You are a counselor. People depend upon you during a crisis. Cycle now is powerful; much money involved and you can draw success.

★ ★ ★

GENERAL TENDENCIES: Breakup of marriage, partnership makes news. On international front—pact between nations is torn apart.

Daily Almanac

By United Press International

Today is Wednesday, Jan. 8, the eighth day of 1969 with 357 to follow.

The moon is between its full phase and last quarter.

The morning stars are Jupiter and Mars.

★ ★ ★

The evening stars are Saturn and Venus.

On this day in history:

In 1815 Gen. Andrew Jackson won the Battle of New Orleans, killing some 700 British troops.

★ ★ ★

In 1867 Congress approved legislation providing suffrage for Negroes in the District of Columbia.

In 1918 President Wilson presented his 14-point plan for peace to Congress — which later turned it down.

In 1963 the first session of the 86th Congress opened. It did not adjourn until Dec. 30th.

License Plate Slogan

Buy Now, Avoid Rush

Less than two months remain for the purchase of 1969 Michigan passenger vehicle license plates.

Legally, that is.

★ ★ ★

Actually, it is traditional for procrastinators to wait until the deadline day before scurrying down to a secretary of state's branch office.

Often, some of these balk at the sight of huge lines of fellow procrastinators and wait past the deadline day.

BUY SOON

Area drivers hoping to avoid traffic tickets for invalid 1968 plates after the Feb. 28 limit are advised to buy soon and avoid the rush.

North Oakland County branch office purchasing places are 96 E. Huron in Pontiac, 4520 Pontiac Lake in Waterford Township, 329 Walnut in Rochester and 141 E. Walled Lake Drive in Walled Lake.

★ ★ ★

Fees are payable in cash, payroll checks or cashier's checks, but not personal checks.

Weekday office hours at the four area branches are 9 a.m. to 5 p.m. Saturday hours are 9 a.m. to 1 p.m. in Pontiac and Rochester and 9 a.m. to noon in Waterford Township and Walled Lake.

Upward Trend for Home-Loan Rates Seen

LANSING (UPI) — Interest rates on home loans are likely to rise more often than they fall over the next 10 years, an official of the Michigan Savings and Loan League said yesterday.

Donald F. Wall of Lansing, the league's executive vice president, warned that recent upward trends in interest rates "may become commonplace and ordinarly.

★ ★ ★

However, he added, credit demands and a slowdown in the economy should stablizie interest charges on loans made in 1969.

Wall's comments were contained in his annual report on Michigan savings and loan industry, which he said grew by $210 million in 1968 to $3.4 billion.

Penny-Wise Bureaucrat Riles Councilman

NEW YORK (UPI) — Joseph Modugno is a member of the city council in New York.

A very angry member.

As if Monday weren't blue enough, he got to his desk at City Hall, slit open an envelope from the finance department, and found a bill for the unpaid portion of his 1968 city income tax.

Modugno at his happiest has a reputation around city hall for his fiery temper.

PENNY WISE

He blew up when he read the dunning notice. For it told him he had paid $147.82 and he should have paid $147.83.

"One cent," Modugno muttered. "It cost six cents to mail the notice!"

The Queens Republican sat down at his desk, pulled a penny from his pocket and sent it in a letter to city finance administrator Fioravante Perrotta.

"Dear Fred:

"I am enclosing herewith one penny in cash to comply with notice received from your department that this amount is due and payable on my 1968-69 personal income tax.

"I hope that same will assist you in balnacing the $6-billion municipal budget.

HARD TO BELIEVE

"I must admit that I read and reread the notice several times and even showed it to my accountant to make sure the total amount due was one penny and that the city was spending six cents to collect it."

Modugno groused that he has received in the past 18 months many letters from angry constituents who complain they have not yet received refunds for overpayments on their 1967-68 income tax.

Perrotta accepted the letter and penny and said:

"Our computers fear no one. It was indeed conscientious of the councilman to reply so quickly and thus avoid a follow-up. We are certain that the councilman would have also been horror-stricken if we owed him a penny and had not refunded it."

Bosh, retorted Modugno.

"If they owed me a penny they could keep it. With this system, only the post office makes money."

Preacher Author of 23 Volumes

FORT WORTH, Tex. (AP) — Dr. W. Hershcel Ford, Baptist evangelist, practices what he preaches but he also publishes what he preaches. He is the author of 23 books of sermons — 314 messages altogether.

When he goes to a church to hold a revival, he always promises not to preach any of his published sermons lest his host pastor has already preached them or a variation of them.

Trading Active

Brief Market Rally Erased

NEW YORK (AP) — A very brief technical rally in the stock market was quickly erased as traders cashed in profits early this afternoon. Trading was active.

★ ★ ★

The Associated Press average of 60 stocks at noon was down .9 at 349.5, with industrials off 1.6, rails off .7 and utilities up .4.

★ ★ ★

The market spurted at the start, with gains outnumbering losses by about 2 to 1. Sellers took advantage of the higher price level to unload stocks, and the market backed away from its gains at the end of the first half-hour.

★ ★ ★

The flash-in-the-pan rally followed two sessions of sharp decline. The market retreated Tuesday in reaction to news of another boost in the prime rate, the basic interest rate charged by leading commercial banks to their best credit risks. The rate went to a record 7 per cent from the previous record 6¾ per cent.

LOSSES TOP GAINS

As the decline resumed in the afternoon, losses outnumbered gains by about 230 issues on the New York Stock Exchange.

Prices turned mixed on the American Stock Exchange after an early rise. Four Seasons Nursing erased an early gain after a trading halt called pending announcement of its 2-for-1 split. Then the stock canceled its gain and showed a loss of about 2.

Overheated Iron Blamed

Blaze Destroys Home

An overheated iron has been blamed by the Waterford Township Fire Department for a fire that destroyed a home at 745 Hogarth yesterday. No one was injured.

Fire Chief Lewis A. Goff estimated the damage to the home of F. R. Campbell at $12,500, total value of the building and contents.

★ ★ ★

The fire started in the basement of the four-bedroom frame home when an iron was left on while Mrs. Campbell went to the store, Goff said.

The blaze, which was reported by a neighbor shortly after 2 p.m., was controlled by the fire department in about an hour and a half.

Killing Suspect Bound to Court

A 38-year-old Orion Township woman yesterday was bound over to Oakland County Circuit Court to stand trial on an open charge of murder in the shotgun death of her husband.

Mrs. Barbara Trudell, 881 Vernita, was ordered held without bond in the Oakland County Jail by District Judge Kenneth H. Hempstead of Waterford Township.

★ ★ ★

She will be arraigned Jan. 17 before Circuit Judge Robert L. Templin, and her trial set at a later date.

Mrs. Trudell's 34-year-old husband, Lyle, was killed while lying on a living room couch early Christmas day. He had been shot in the head.

The couple's five young children reportedly were at home at the time of the shooting.

Tracks Lead to Arrest of City Youth

A 17-year-old Pontiac youth was charged with the armed robbery of a Pontiac gas station early this morning after police officers reportedly found him by following his footprints in the snow.

The youth, Herbert A. Pippen, 107 Wessen, is suspected of being one of two bandits who wielded a tire iron in holding up the Kayo service station, 625 Orchard Lake.

★ ★ ★

The station attendant, Lonnie L. Swett, 21, told police one of the bandits threw him into a corner while the other struck him on the head with a tire iron. The pair took $40-$50 from his shirt pocket and ran east toward Thomas Street.

Police officers said they followed a set a footprints from the station to a car parked on Thomas Street near Orchard Lake Road.

★ ★ ★

They found Pippen lying on the car seat and a tire iron in the trunk, according to police.

Another set of footprints was followed by a police tracking dog who lost the scent at Florida and Iowa streets, police said.

Police Action

Pontiac police officers and Oakland County sheriff's deputies investigated 74 reported incidents and made eight arrests the past 24 hours.

A breakdown of causes for police action:

Vandalisms—3
Burglaries—8
Larcenies—9
Auto thefts—2
Disorderly persons—4
Assaults—2
Shopliftings—3
Armed robberies—1
Bad checks—1
Property damage accidents—10
Injury accidents—10
Obscene phone calls—1

Y Sets Classes on Fitness for Preschoolers

The YMCA of Greater Pontiac will offer a special total fitness program for preschool children beginning this month.

It is called the ABC program (aquatics, balance and coordination) and is available to children 3 to 6 years old.

★ ★ ★

The activity is designed specifically for preschool children and will be directed by Mrs. Muriel Wilson. The program includes exercise, balance coordination, swimming instructions and provides an opportunity for social development.

Beginning Jan. 14 there will be a class for children from 3 to 4½ years old to be held Tuesdays from 9:30 to 11:30 a.m. Begining Jan. 16, a second class for children 4½ to 6 years old will be held on Thursdays from 9:30 to 11:30 a.m.

CLASSES LIMITED

Each class is eight weeks long. The fee is $18 per child for YMCA members and $23 for nonmembers. Classes are limited to 15 children who must be registered in advance.

★ ★ ★

Physical fitness activity is currently available for adult members. In addition to men's programs a women's trimnastic program is offered Tuesday and Thursday from 9:30 to 11 a.m., and from 6:15 to 7 p.m.

★ ★ ★

Baby sitting service is available for morning classes at a nominal fee.

Plans for Marina Given Approval by South Haven

SOUTH HAVEN (AP) — Plans for construction of a marina at South Haven were approved by a 4-2 vote of the City Commission Monday, but which of the proposals will be adopted hinges upon a decision by the state.

★ ★ ★

The state must decide whether to add additional funds to a grant of $131,500, half of the estimated cost, or approve one of the alternates.

★ ★ ★

One alternate would reduce the number of slips from 84 to 64 and would cost the city and state $173,500 each. Another plan would reduce the slips to 52 and would cost $190,500.

Canonie Construction Co. of South Haven was low bidder on the project, which is expected to be completed by July 15.

Death Notices

BLACKETT, BERYL F.; January 6, 1969; 8351 Big Lake Road, Springfield Township; age 59; beloved wife of Russell A. Blackett; dear mother of Mrs. Daniel (Carolyn) Mangier, Mrs. Siegward (Corrine) Osicki, Nadine N., Darrel D. and Larry L. Blackett; also survived by six grandchildren. Card of Thanks 1

THE FAMILY OF Chloe Smith would like to thank the Voorhees Funeral Home, Rev. Robert Richardson and our many friends, neighbors and relatives for the kindness during our bereavement.

In Memoriam 2

IN LOVING MEMORY OF our grandfather, Fred Coe, who passed away January 8, 1966.
Your presence is ever near us,
Your love remains with us yet,
You were the kind of a grandfather,
Your loved ones would never forget.
Sadly missed by his grandchildren,
Sally and Rick Barnes.

IN LOVING MEMORY OF my husband, Fred Coe, who passed away January 8, 1966.
Just a thought of sweet remembrance,
Just a memory sad and true,
Just the love and sweet devotion,
Of one who thinks of you.
Sadly missed by his wife, Eunice Coe.

IN LOVING MEMORY OF My father, Fred Coe, who passed away January 8, 1966.
You're not forgotten father, dear,
Nor ever shall you be;
As long as life and memory last
I shall remember thee.
Sadly missed by his daughter, Eleanor Barnes.

A Look at TV

News 'Magazine' Debuts

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK—NBC last night joined the educational network and CBS in presenting a magazine-format show from its news department.

In "First Tuesday," NBC has a giant, economy-size show consisting of assorted features which relate to its daily news programs in about the same way that a Sunday newspaper magazine section relates to its news pages.

★ ★ ★

The initial two-hour show Tuesday night opened with a report on Dr. Philip Blaiberg, now celebrating his first anniversary with a new heart. The South African dentist was most interesting when giving a firsthand report on the surgical procedures for his heart transplanting that he had "more discomfort and pain" in the course of the repair of a hernia a year or so before. The program moved on to a grim report on the competitive spirit of the young girls entered in a national baton twirling contest, making it obvious that most mothers of majorettes are likely to be poured from the same mold as stage mothers and Marine drill sergeants.

BACKSTAGE REACTION

One little girl, who ruptured her jugular vein in an accident, and was close to death, was so determined to be in the contest that she was tossing her baton 10 days later—and came in second. The segment showed something that no network ever touches—the tearful, sometimes hysterical backstage reaction of the disappointed losers.

The longest portion of the show was a pictorial report on the state of Castro's revolution, largely interpreted by dedicated young Pro-Castro students — American and Cuban. Activities of Cuban exiles in the Miami area also were shown.

★ ★ ★

Short features included some film. showing Charles Atlas, who made a profitable career out of selling exercises to 97-pound weaklings, and who, now 76, still has a trim muscular body.

The program concludes with a feature on Rita Hayworth, once a film love-goddess and World War II pinup girl, who is now frankly 50 and wants to play mature roles in Hollywood—but finds no takers.

LIKE MOVIE MAGAZINE

Sandur Vanocur, the host of the program, tried to portray Miss Hayworth as lonely, but the pictures of her charming house and pool and the sight of her teeing off at her golf club gave this whole thing the tone and quality of a movie-fan magazine piece.

The program encountered most of its problems because of its length—it seemed to have trouble filling the two hours. Vanocur handled his role of host and chief interrogator with a sort of cautious formality and was devoid of the humor which might have helped the program.

City Ills Critical, Udall Contends

LOS ANGELES (AP) — Secretary of the Interior Stewart L. Udall says "cities should come first" in the spending of public funds. "The trouble in our cities is now," he told a Town Hall audience Tuesday.

★ ★ ★

"I tend to be earth-minded, and when we finish the moon missions we should put that money into our cities and into improving and enhancing our environment," Udall said.

Answer to Previous Puzzle

Very Serious Questions? No, Just a Giggle of Gags

By EARL WILSON

NEW YORK — A great many very serious questions have to be answered in 1969 if we are all to live in peace and harmony —and here are some of them.

Maybe you can help.

"How can a real nothing, no-good son-in-law who doesn't deserve to marry your daughter manage by some miracle to become the parent of the most beautiful and brilliant grandchildren in the world?"

O.K.? "And why is it that of your two favorite teachers, one has no class and the other has no principle?"

"How do we stop the war in Vietnam? ("That's easy. Book it on ABC and it'll be canceled in 13 weeks.") Milton Berle gave me that one.

WILSON

How do you stand on pets? This man went to a psychiatrist. "My trouble is, I think I'm a dog" . . . "How long has this been going on?" . . . "Since I was a puppy."

We have to take a definite stand on hobbies in '69. One of the B'way shows had this one: "What are your hobbies?" . . . "I hunt and I drink" . . . "What do you hunt?" . . . "Something to drink."

What is the exception to the rule "What goes up must come down?" (Greta Thyssen's miniskirts.)

What does Comedian Irvin C. Watson say about his chances, as a Negro, of getting on TV, in his act at the Copa? He says, "I'll be on Channel 5 from 4 to 7, so be sure to watch me, if you're up that early."

★ ★ ★

Are women fair? George Jessel doubts it. He once had a girl guest who ordered everything through the drug store—coats, dresses, etc. Her drugstore bill came to hundreds a month. Finally he roared, "What disease has she got—cholera?"

Well, when we've settled these various issues, we can take up some of the lighter problems.

THE MIDNIGHT EARL . . .

Craziest Rumor Yet: There was a movement this a.m. to try to get Baseball to rehire deposed Commissioner **William Eckert** . . . Singer **Steve Rossi** and Comedian **Joe E. Ross** will amicably end their brief partnership ("Rossi & Ross"); Steve will get a new partner or go it alone.

Liz Taylor's suffering acutely from her back problem which'll delay her Las Vegas filming slightly . . . **Bobby Darin,** without toupee, in blue denim jacket and pants but with tux shirt, was really himself opening at the Copacabana. He has no mgr., no agent, no press agent, he's doing his own thing wonderfully. Bravo!

★ ★ ★

Charles Carey, St. Regis-Sheraton boss, had the courage to bring in a Negro singer, **Doris Hines** of Yonkers, mother of 6, grandmother of 4, who was quite a hit at the Maisonette. He'd seen her in Minneapolis and promised her a NY break. Salvador Dali was ringsiding, waiving his cane.

George Abbott, 81, director of "Fig Leaves Are Falling," rhumba'd briskly with **Maureen O'Sullivan** at the show's Act One premiere party. (**Jane Morgan** was there with her husband **Jerry Weintraub,** who was nattily attired—and wearing a Mickey Mouse watch) . . . Margaret Whiting, opening stylishly at the Rainbow Grill, told diners, "Go ahead with your meal. My daughter's home from school—so I'm used to people eating while I sing" . . . **Leo Durocher** said at Camelot he'll sell his Beverly Hills home, buy one in Acapulco.

★ ★ ★

Art Garfunkel (of famed Simon & Garfunkel) makes his acting debut in "Catch 22" . . . **George Wein** and his Newport Festival All-Stars'll play at the inaugural ball . . . A major recording company offered **Warren Beatty** a 7-figure deal to sing for 'em . . . **Keir Dullea's mother** walked on the set of "De-Sade," as he was working in the nude with five girls. She asked, "Don't you think you'll catch cold, dear?"

TODAY'S BEST LAUGH: Danny Klayman heard of a guy who was arrested for impersonating a doctor. People got suspicious when he agreed to make house calls.

WISH I'D SAID THAT: Vince Haggerty figured he has the Hong Kong flu—instead of a tongue depressor his doctor used chopsticks.

REMEMBERED QUOTE: "A parent is someone who won't listen to his children because he remembers what fools they were when they were babies."—George Bernard Shaw.

EARL'S PEARLS: A newlywed discussed married life: "So far all my wife can do is open cans and charge accounts."

Sam Jaeger, the colorful waiter at Lindy's, has been invited to a "citizens' lunch" with Mayor Lindsay. "But at noon—who can eat so early?" he grumbles. "So I'll take a doggy bag and bring the food home." . . . That's earl, brother.

(Publishers-Hall Syndicate)

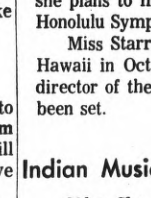

AP Wirephoto

SHE MAY BE IN TROUBLE—Frolicking in the surf, Roslyn Gardiner, 19, of North Cottesloe, seems unconcerned. But a new Australian law says her bikini must measure at least two inches at the hip.

People in the News

By The Associated Press

Comedian Groucho Marx's third wife, suing for divorce, claims he has an "uncontrollable temper" and "hostile and abusive moods." Edna Eden Marx, 38, says the comic, 73, struck her on New Year's Eve two years ago, threatened to kill her and is often "belittling and ridiculing" her in front of guests, relatives and servants.

MARX

Mrs. Marx also asked for division of an estimated $3 million in community property in the suit filed yesterday in Superior Court in Santa Monica, Calif.

They married in July 1954 at Sun Valley, Idaho. They have no children.

Marx was divorced in 1942 from his first wife of 22 years. They had no children. Marx divorced his second wife in 1950, after five years of marriage. He has a daughter, Melinda, 22, by the second marriage.

South Dakota Governor Aids Lady in Distress

On the eve of his inaugural as South Dakota governor, Frank Farrar helped a young lady in distress.

Joan Brown of Pierre lost control of her car at an icy intersection Monday night. The car became stuck in a snowbank.

Farrar, en route home, noticed the car and stopped.

"He got right out in front and pushed," she said. "I think he's a great guy for helping a girl, especially the night before his inaugural."

Mia Farrow to Play Peter Pan in Film

Mia Farrow will play Peter Pan in a film to be started in England in September by Universal Pictures.

★ ★ ★

The 23-year-old ex-wife of singer Frank Sinatra will be taking on a role traditionally played by females on the London stage and on U.S. television.

★ ★ ★

Fel Ferrer will produce the picture.

65th Wedding Anniversary Held in Hospital

Mr. and Mrs. William Holland celebrated 65 years of marriage with cake and champagne despite being confined to a hospital in Penn Yan, N.Y.

Holland, 86, and his wife, 91, have been in the Soldiers and Sailors Memorial Hospital since July.

Philadelphia Concert Pianist to Wed

Philadelphia concert pianist Susan Starr said yesterday she plans to marry Robert Arrow, assistant manager of the Honolulu Symphony Orchestra.

Miss Starr, 30, appeared with the Honolulu orchestra in Hawaii in October. Arrow, 30, is a former public relations director of the Baltimore Symphony Orchestra. No date has been set.

Indian Musician to Be Released From Hospital

Uday Shankar, a leading exponent of Hindu dance and music, says he hopes to be released from the hospital Friday and is anxious to perform again but is not sure how soon he will be able.

Shanker, 69, suffered a heart seizure and cerebral hemorrhage in November while appearing in San Diego, Calif., with his 30-member troupe. The troupe since has returned to India.

"I feel a little better every day," Shankar said yesterday. He plans to return to Calcutta after leaving the hospital.

Fogs That Charm Poets Create Havoc With Airlines

WASHINGTON — The autumn and winter fogs that enchant poets appall airline executives.

The cottony mists annually cost the domestic airlines an estimated $75 million in flight cancellations.

★ ★ ★

Efforts to disperse fog have often had curious side effects. A few years ago authorities at Orly Airport, near Paris, tried burning propane gas along runways to dissipate a white swirling mass.

The fog changed into snow, causing auto accidents on a nearby road.

★ ★ ★

In the United States, recent experiments sponsored by the Air Transport Association have been more successful, the National Geographic Society says. Chemical seeding of fog by small aircraft opened runways at Sacramento, Calif.; seeding and special ground equipment dispersed fog in the Cape Cod area.

★ ★ ★

Proposals have been made for operational fog dispersal systems in 1968-69 at Sacramento and at Portland, Ore.

Fog usually forms when warm, moist air blows over colder land or water, or when cold, damp air blankets a warmer surface. The moisture in the air cools and condenses on dust, salt, or other tiny particles, forming a cloud.

A fog's density depends upon the number of water droplets in a given volume of air; the more droplets, the lower the visibility. Droplets are so small that it would take seven billion to fill a teaspoon.

Dispersal experts often classify fogs according to the temperature of the water droplets. In warm fog, droplets measure above 32 degrees Fahrenheit; in cold fog, they form at subfreezing temperatures. Warm droplets account for about 95 per cent of the fog in the contiguous 48 states.

★ ★ ★

The New England and California coasts are among the foggiest regions in the United States. Nearly 400 years ago, Sir Francis Drake beached his ships north of present-day San Francisco.

Drake spent nearly a month near the great harbor, but never discovered it because of murky conditions. The English explorer complained bitterly of "those thicke mists and most stringing fogges."

On the ocean, "avection," or moving "sea" fogs are common. Dense mists appear when warm, moist air flows over cold water.

★ ★ ★

The Grand Banks near Newfoundland qualify as one of the world's foggiest stretches of water.

The Labrador Current lowers sea temperatures in this area just north of the warm waters of the Gulf Stream. When the mild air from the Gulf Stream drifts over the cold water, gray smothering blankets billow up.

★ ★ ★

A mantle of low-lying, gray-black fog covering thousands of miles constantly advances and recedes in Arctic waters. The so-called "skodde" sometimes hangs so low that sailors on deck cannot see one another, but lookouts in crow's-nests can sight masts of other vessels poking through the eerie mist.

Rooms Must Be Smoke-Filled

BOISE, Idaho (AP) — This classified advertisement appeared in the Idaho Daily Statesman the week before the 1969 Legislature convened:

"Five-room semibasement apt. Close in. Clean. Legislators or adults preferred."

City OKs Vast Urban Renewal Plan

By ED BLUNDEN

The City Commission adopted the far-reaching Pontiac Plan for its urban renewal lands at last night's meeting

The plan hopes to change the city's vacant acreage, fallow since 1961, into a $100-million privately built complex of housing, services, recreation and shopping.

The plan has been examined by federal officials and has their preliminary endorsement, according to city officials. The concept — for multiple, varied use — is the brainchild of Bruno Leon and Associates, urban design consultants of Detroit.

Its adoption by the City Commission is a major setp toward its implementation.

INDEPENDENT STUDY

Independently, the Pontiac Area Planning Council (PAPC) has a committee, the Downtown Task Force on Feasibility, examing the plan. It will submit a report at the next PAPC meeting, tomorrow at 7:30 p.m., at the Pontiac Board of Education Office, East Wide Track at Auburn.

★ ★ ★

The city Commission's adoption of the Pontiac Plan appeared to be with a note of cautious optimism. However, it was unanimous and positive.

Mayor William H. Taylor Jr. explained the commission feels perhaps too much enthusiasm was poured on two previous plans for the land, which fell through.

The unsuccessful plans centered around construction of a large, new commercial center. The Bruno Leon approach is diversified.

VITALIZING FACTOR

Pontiac Urban Renewal Director James L. Bates calls the project "sound, feasible, acceptable, practical," and "a factor which could revitalize the entire community."

Last month Bates and other planners met with officials of the Housing and Urban Development (HUD) office in Chicago. His report to the commission of the meeting states, ". . . the HUD officials enthusiastically received the Pontiac Plan and pledged their support to doing everything within their means to help us . . ."

The Pontiac Plan has a basic difference from most other cities' plans, Bates said.

★ ★ ★

He explained: "In most cases the land is cleared and then offered to various organizations which would present their idea for development.

"In Pontiac, we present a basic plan and ask the developer to conform. This has many advantages. For instance, a developer will know what to expect will be built adjacent to his property. Though development might be piecemeal, it will be according to a central idea that will not give rise to conflicts such as traffic problems, parking, walkways, etc.," he said.

Probably the most important factor in the Pontiac Plan is underground parking, Bates said. This allows much denser development above ground, he pointed out.

★ ★ ★

Following are some of the construction proposals in the complex: 20-story office building, executive facility hotel, 200-bed convalescent hospital, luxury apartment building about 20 stories high, sports arena (skating, boxing, basketball) seating 6,000 and doubling as a convention center, convention auditorium seating 1,200, 400-seat restaurant, 8-story professional building (doctors, dentists, lawyers), art museum with 200-seat auditorium (possible a public-owned building), small shopping areas with specialty stores along walkways.

Nixon Honeymoon May Be Short One

WASHINGTON (AP) — Democratic congressional leaders — while not reneging on pledges of cooperation to Richard M. Nixon — are making preparations that could mean a short honeymoon for the new president.

The House Education and Labor Committee drew unmistakable battle lines in three areas yesterday with introduction of a whopping $14-billion school construction bill and measures to continue President Johnson's antipoverty and school aid programs.

On the Senate side, Majority Leader Mike Mansfield of Montana announced he is broadening the scope of the Democratic Policy Committee a sa step toward offering party alternatives to Nixom programs.

In the House, Education and Labor Chairman Carl D. Perkins' early trip to the hopper may signal a strategy of pushing popular, but costly, programs to force the Republicans to oppose or trim them.

ON GRAND SCALE

Perkins' school construction bill is a new departure on a grand scale. It calls for annual expenditures of about $2.8 billion for five years to help build elementary and secondary schools.

The money would go to school districts on the basis of the number of pupils they have from low-income families — the same formula used in the Johnson school program.

★ ★ ★

In the Senate, Mansfield said that besides its normal duties of scheduling legislation for floor debate, the Democratic Policy Committee will be encouraged to form party policy decisions on major domestic and international issues.

Edward M. Kennedy, D-Mass., was added to the committee as the new party whip. Among other new members are Chairman J. W. Fulbright, D-Ark., of the Senate Foreign Relations Committee, a Vietnam war policy critic, and Sen. Philip A. Hart, D-Mich., a leader in sponsoring social welfare legislation.

More Snow Due in Pontiac Today

More snow is headed this way.

According to the U.S. Weather Bureau, snow was to begin falling this afternoon, ending by late tonight. Total will be three to five inches.

★ ★ ★

Temperatures are expected to skid to 12 to 18 tonight and climb to 20 to 25 tomorrow.

Mostly cloudy, windy and colder with chance of snow flurries is the outlook for tomorrow. Partly cloudy and colder is Friday's forecast.

BELOW NORMAL TEMPERATURES

Temperatures through Monday will average four to five degrees below normal, with highs in the 20s and lows near 12 to 15.

Precipitation probabilities in per cent are 70 today, 90 tonight and 40 tomorrow.

Eight degrees above zero was the low temperature in downtown Pontiac prior to 8 a.m. today. The mercury had moved up to 13 by 12:30 p.m.

Flash

CHICAGO (AP) — At least two workers were reported killed and more than 30 injured today in an explosion in an industrial plant in suburban Broadview.

Radcliffe VP's Daughter Slain

CAMBRIDGE, Mass. (AP)—Investigators searched today for the weapon used to kill Jane Britton, 22, a Harvard graduate student whose body was found sprawled face down across a blood-spattered mattress in her apartment.

MISS BRITTON

A medical examiner said the daughter of the administrative vice president of Radcliffe College had been struck a massive blow on the left side of the head behind the ear by a sharp weapon. Investigators theorized a hatchet or a cleaver was used.

Dr. Arthur McGovern of Cambridge, who ruled the death a homicide, said the shape of the wound indicated that the girl was facing her assailant when struck. He said she had been dead 10 to 12 hours when her body, clad in a disarrayed nightgown, was found at 12:40 p.m. yesterday.

An autopsy performed last night by McGovern disclosed that the girl had also been struck at least twice in the face with the weapon.

LACK SUSPECT

Authorities said the autopsy revealed no evidence of sexual attack.

Police said they were without a suspect. They said there was no evidence of a struggle or of robbery.

The slim, petite brunette was the daughter of Mr. and Mrs. J. Boyd Britton of Needham. A graduate of Radcliffe, she was in her second year as a student in anthropology.

After Ship Sinks

12 Rescued at Sea

NEW YORK (AP) — Twelve crewmen from a research vessel that foundered in the North Atlantic were plucked from a life raft today after spending 26 hours in the open sea, the Coast Guard said. The crewmen were wet and cold but were otherwise unharmed.

The Essikristine, a Norwegian freighter, picked up the men at 2 a.m., a Coast Guard spokesman in New York said, after the deck officer spotted flashlight signals.

The 12 men huddled in the single life raft after abandoning their ship, the Sea Surveyor of New London, Conn., at midnight Monday, 20 minutes before the vessel sank about 280 miles southeast of New York.

The Sea Surveyor, 118 feet long, was owned by the electric boat division of the General Dynamics Corp. An air-sea search was begun after the ship failed to report its position at noon yesterday while on its way to a rendezvous with a U.S. Navy submarine.

ROUGH SEAS

Winds were 20 to 25 knots and waves eight to 15 feet in the area where the men were picked up, the Coast Guard said.

★ ★ ★

All 12 men, including Adrian Lane, the skipper, are employes of General Dynamics. The ship sailed from New London Sunday and was due back tomorrow or Friday.

The Sea Surveyor checked in at noon Monday and reported no trouble.

The Coast Guard said the cause of the Sea Surveyor's foundering was undetermined.

2 Sirhan Motions Rejected

LOS ANGELES (AP) — Defense motions to set aside Sirhan Bishara Sirhan's indictment and his plea of innocent come before Judge Herbert V. Walker today as his trial resumes on charges of murdering Sen. Robert F. Kennedy.

The case of the People vs. Sirhan opened formally yesterday. Within minutes, one of Sirhan's attorneys asked for a closed session in Walker's chambers to discuss motions.

★ ★ ★

After an hour in chambers, four motions were introduced in open court and Walker — after ruling against two — directed the defense to submit written requests today on the others.

Sirhan, 24, a Jordanian who came to this country as a boy, was neatly dressed in a gray suit when he entered the heavily guarded, 75-seat courtroom.

LEGAL TECHNICALITY

The motion to withdraw the plea of innocent is a legal technicality. Under California law, an indictment can not be quashed while a plea stands. After a plea is withdrawn, and if another indictment is returned, the original plea may be reentered.

★ ★ ★

The motion attacking Sirhan's indictment is based on a contention the grand jury which indicted him was not composed of a proper cross-section of the community, said Russell Parsons, one of three defense lawyers.

The defense also asked Walker for a 30-day delay to prepare the motion on Sirhan's plea and the jury list and requested two juries — one to decide Sirhan's guilt or innocence, the other to set the penalty if he is convicted. Walker ruled against both.

★ ★ ★

Seats in the tiny courtroom were divided about evenly between security officers and newsmen, with only five members of the general public admitted. Sirhan's mother, Mary, 55, and brother, Munir, 21, sat in a back row.

HHH Considers 3 for Top Dem Post

WASHINGTON (AP) — Congressional sources say the three leading contenders being considered by Vice President Hubert H. Humphrey to become the new Democratic National Chairman are Oklahoma Sen. Fred Harris, Michigan Rep. James G. O'Hara and former North Carolina Gov. Terry Sanford.

Lawrence F. O'Brien's resignation as chairman was announced yesterday in a letter to Humphrey, titular head of the party. Both O'Brien's letter and Humphrey's acceptance were dated last Saturday.

★ ★ ★

A close Humphrey associate said the vice president definitely plans to recommend a successor to the National Committee when it meets here next Tuesday in its first session since the Democratic defeat in November.

Before finally deciding, Humphrey plans to confer with key party leaders including Sen. Edward M. Kennedy of Massachusetts.

Bell Breaks Ground for Expansion

Several Pontiac business and civic leaders participated in ground - breaking ceremonies yesterday for an estimated $12.4-million five-story addition to the Michigan Bell Telephone Co. building at 54 E. Huron.

Completion date for the new addition is set for the spring of 1970. It will mean the addition of 200 employes, said Charles B. Woodhead, Michigan Bell's Pontiac community relations manager.

★ ★ ★

The addition will bring new equipment for faster handling of dialed calls, more directory assistance and long-distance switchboard positions, he said.

★ ★ ★

Designed by Ellis Naeyaert Associates of Warren, the 175,000-square-foot addition will be built of structural steel with a limestone exterior. The new portion will face Mill street.

BIG DOWNTOWN PROJECT

The facility will be one of the largest building projects to be undertaken in downtown Pontiac in a number of years, said Mayor William H. Taylor Jr. at a luncheon following the ceremony, yesterday.

Related Photo, Page A-2

After a short address, Taylor presented the key to the city to Kenneth J. Whalen, president of Michigan Bell.

★ ★ ★

Whalen said the building itself will cost about $5 million and house the newest equipment in order to meet customer demands and fulfill company expectations for the future.

He added the new facilities will provide relief for present operations, heavily overburdened in the Pontiac area because of tremendous growth and strong demand for higher grades of service.

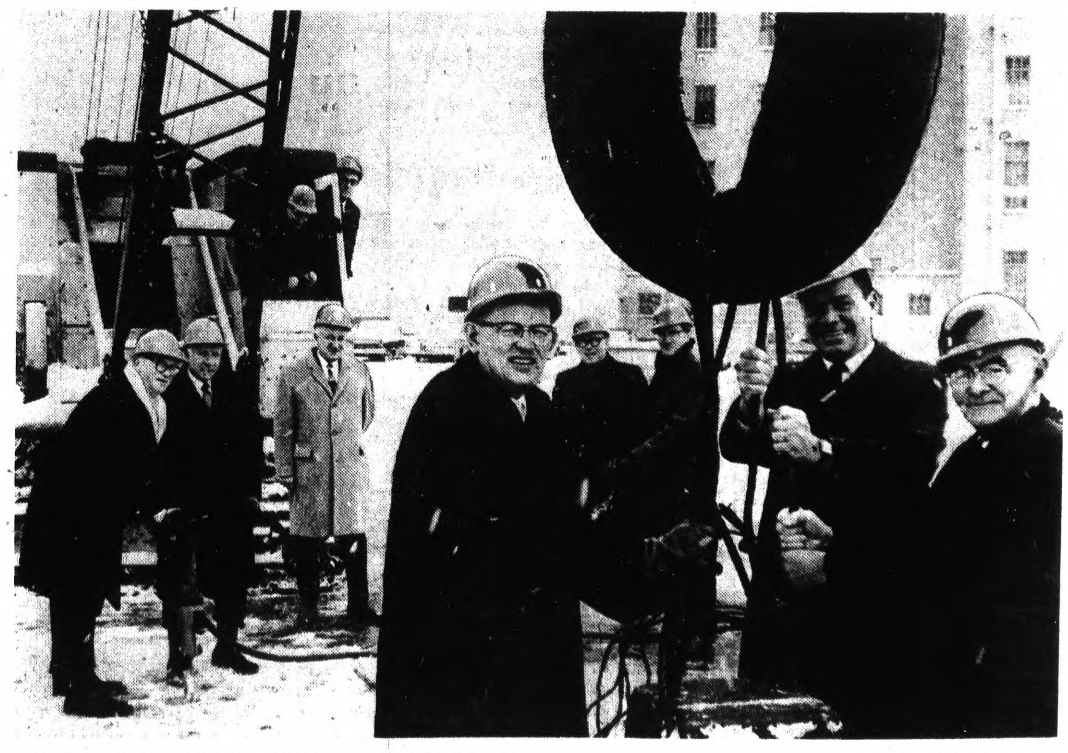

'GROWTH TO CONTINUE'

"We believe the economic and population growth of the area is going to continue. We plan to meet area needs as they presently stand and anticipate and meet needs that are certain to exist in the future," Whalen said.

"Pontiac has the potential to be the vital center of this growing area and we are trying to make Pontiac the hub of this (telephone) business in the area," he continued.

★ ★ ★

The original Michigan Bell building was completed in 1929 and expanded both laterally, and vertically to four stories, in 1948. A fifth floor was added in 1957.

Pontiac Press Photo by Ron Unternahrer

GROUND-BREAKING CEREMONY — Participating in ground breaking for an estimated $12.4-million addition to the Michigan Bell Telephone Co. building in Pontiac are: in the cab, Mayor William H. Taylor Jr. (left) and Kenneth J. Whalen, president of Michigan Bell; below (from left) State Sen. L. Harvey Lodge, R-Waterford Township; Robert Eldred, president of Community National Bank; Edward Barker, president of Pontiac State Bank; Howard H. Fitzgerald II, publisher of The Pontiac Press; Robert Lilly, member of the Oakland County Board of Auditors; Martin Caserio, general manager of GMC Truck and Coach Division; E. Eugene Russell, Michigan Bell district manager, and State Rep. Arthur Law, D-Pontiac.

It's Almost Impossible to Get Home Loan, Bankers Agree

Home mortgage loans are proving almost impossible to get in the Pontiac area today, officials of Pontiac's two major banks reported.

The rise in the bank prime interest rate to 7 per cent across the nation has forced local banks to a greater selectivity with regard to their lending practices, according to Edward Barker, president of Pontiac State Bank.

Related Graph, Page D-8

Warren Eierman, executive vice president of Community National Bank, said that Michigan law imposes a legal limit of 7 per cent on home mortgages.

"Until such time as the State Legislature raises the legal limit, it will be exceedingly difficult to get money for homes," Eierman said.

RELIEF UNDER CONSIDERATION

He reported the Legislature is now considering a bill which would allow some relief.

Corporate customers in Michigan have no such limitation and corporate borrowers are now paying above 7 per cent.

Banks which are paying a higher interest rate for the money they borrow are more inclined to lend where the return is greater and the credit assured, both men agreed.

Eierman said that unless relief is soon to come, he can envision small businessmen in need of money incorporating to get outside the limitation and to get money at the greater corporate rate of interest.

BELL ADDITION — This architect's drawing shows how the $12.4-million addition to the Michigan Bell Telephone Co. building in Pontiac will look when completed in the spring of 1970. Ground was broken yesterday for the five-story structure on Mill near East Huron.

Legislature Assembles; Dems Take House Reins

From Our News Wires

LANSING — The 75th Michigan Legislature assembled for the first time today, beginning its 1969 session with a touch of pomp and ceremony.

Democrats made ready to take control of the House of Representatives, which Republicans held by a narrow margin in 1967-68. The Senate, whose members did not face re-election last year, remained 20-18 in GOP control.

★ ★ ★

It is the first split lawmaking body in 32 years, and only the second in Michigan history.

House and Senate members talked mostly about school problems and resigning Gov. George W. Romney's surprise suggestion that parochial schools abandon the teaching of reading, writing and arithmetic.

STATE OF THE STATE

Lt. Gov. William G. Milliken, who will become governor when Romney resigns later this month to become U.S. Secretary of Housing and Urban Development, will deliver his first state of the state address to a joint session tomorrow at 11 a.m.

Milliken is expected to take a different approach to the parochial school matter than that outlined by Romney in his farewell message. Some observers expect the new governor to indicate support for a limited tax aid plan for nonpublic schools.

★ ★ ★

Attention was focused on the House, where once a major leadership fight had appeared likely. Now, observers thought, majority Democrats had closed their ranks.

If so, Rep. William A. Ryan, D-Detroit, a soft-spoken 49-year-old former miner, Marine and UAW local president, will be elected speaker, or chief presiding officer, of the chamber.

'Home Loans Scarce in Area'

(Continued From Page One)

the effective interest rate of 9 to 14 per cent, have so far not been affected, but both officials foresaw some probable readjustment.

Such loans, made for the purchases of cars, appliances, etc., are set up at 5 to 6 per cent interest rates, but an add-on or discount clause has raised the over-all charges, the officials reported.

★ ★ ★

The rise in the prime bank interest rate was denounced by a congressional expert yesterday as a "robbery" which could cause "depression . . . like we have never seen before."

Rep. Wright Patman, D-Texas, chairman of the House Banking and Currency Committee, attributed the rate rise to the influence big banks exert on the Federal Reserve System.

3RD TIME IN 6 WEEKS

It was the third time in six weeks that inflationary pressures have forced a rise in the prime rate. The prime rate is the interest charged by banks to the biggest and the most credit-worthy borrowers.

The increase in interest rates had an immediate effect on the stock market, which yesterday slumped sharply for the second consecutive day.

★ ★ ★

An economist said, however, the squeeze should finally cool the economy and ease the price spiral.

Vaccine to Bermuda

HAMILTON, Bermuda (AP) — Hong Kong flu vaccine is being flown to Bermuda from Australia to protect the aged and infirm from an epidemic sweeping this British resort island.

State Personal Income in '69 Expected to Rise $1.5 Billion

LANSING (AP) — Michigan's personal income is expected to climb $1.5 billion during 1969 even though many economists predict a decline in economic activity, the Department of Commerce said yesterday.

During 1968, the department said, Michigan experienced "the best year during this entire decade with the exception of the strong year of 1965."

★ ★ ★

"Michigan will continue to register economic gains in 1969 even though a nationwide slowdown in economic activity is widely forecast for the first six months as measures to reduce inflation take hold," the department said.

Gross State Product—(GSP)— the total value of all goods and services—is expected to increase 4.5 per cent to $41.8 billion, the department forecast. Retail sales are expected to climb 4.1 per cent to $16.65 billion.

NOTE OF CAUTION

These projections would raise substantially, the department added, if the predicted slowdown fails to materialize.

In reviewing 1968, the department said personal income payments jumped 10.3 per cent to $32.1 billion; retail sales increased 9.6 per cent to an estimated $16 billion; deposits in federal reserve system member banks jumped 16 per cent, and nonfarm employment rose by 81,000.

★ ★ ★

Significant strides were made during the past year in nonautomotive sectors of the economy, the department said, adding that the largest nonautomotive expansions were made by the Westab Inc. of Kalamazoo, Mueller Brass Corp. in Port Huron and Peerless Cement Co. in Detroit.

Part of the industrial expansion was made possible through the issuance of industrial revenue bonds. Municipalities issued $193 million tax-free bonds during 1968, the department said, creating 5,000 manufacturing jobs.

Upper Michigan's economy during 1969 is expected to be assisted because of a reduction in tolls across the Mackinac Bridge, organization of economic development districts and financial support of the Upper Great Lakes Regional Commission.

Accused Slayer Sued by Family

A Birmingham orthodontist awaiting trial for first-degree murder in the shotgun slaying of his ex-wife and son was sued yesterday for more than $700,000 by his stepdaughter and her husband.

Mrs. Elizabeth M. Mallek, 1524 Fairway, Birmingham, in two suits filed in Oakland County Circuit Court, seeks damages totaling $500,000 for the loss of companionship of her mother, Mrs. Blanche Boucher, 49, and 7-year-old stepbrother, Daniel.

★ ★ ★

Her husband, Ronald, in a separate suit, is asking that he be awarded $200,000 for damage and "extreme mental anquish" suffered when his father-in-law, Dr. Daniel J. Boucher, 44, shot up his home after the double slaying.

Boucher has been held without bond in the Oakland County Jail since the Oct. 16 killings. His trial is scheduled to get under way Jan. 24 before Oakland County Circuit Judge William R. Beasley.

EXCHANGE OF SHOTS

The incident at the Mallek home, which involved an exchange of shots between Mallek and Boucher, reportedly occurred after the killings at Mrs. Boucher's home at 3130 W. Long Lake, West Bloomfield Township.

Problems involving a property settlement between the Bouchers, recently divorced, were attributed by the Malleks at the time of shootings as the cause of Boucher's acts. The Bouchers had been married since 1959.

★ ★ ★

Mallek said in his suit that Boucher had threatened his life "many times."

The three lawsuits, each assigned to a different circuit judge, ask that Boucher pay court costs, interests and attorney fees.

VICTIM'S ATTORNEY

Detroit attorney James H. Hudnut, Mrs. Boucher's attorney, is representing the Malleks in their damage suits.

'Saigon Eager to Talk'

PARIS (AP) — A South Vietnamese delegate newly back from Saigon insisted today his government is anxious for peace talks to begin, but he rejected any idea of equality for the Vietcong's National Liberation Front.

This appeared to be the latest word from Saigon on the deadlock of the Paris talks, and to quash any American hopes that the conference can get started before the Jan. 20 inauguration of Richard M. Nixon as president of the United States.

May Depend on Rezoning

Kresge HQ Moving to Troy?

The S. S. Kresge Co., nationwide variety store chain, apparently is planning to move its national headquarters from Detroit to a site in Troy, it was reported today.

While officials of the company could not be reached for comment on the report this morning, it has been rumored for some time that the company was eying property owned by the Biltmore Development Co. northwest of Big Beaver and Coolidge.

★ ★ ★

A public hearing is scheduled Monday before the City Commission on a rezoning request from the development company, which would change 60 acres to office use.

Norman Cohen, Biltmore attorney and a partner in the firm, stated when the request was introduced that a prospective tenant was seeking a 30-acre site for a $15-million office building.

INVOLVED IN DISCUSSIONS

Kresge has reportedly been involved in discussions with representatives of the City of Detroit about the possibility of relocating its headquarters in a more spacious site within that city.

★ ★ ★

Kresge officials have confirmed previously that the firm is studying plans for proposed relocation, but have not revealed sites under study or any timetable for the proposed move.

The company presently owns a large parcel on Maple near Livernois in Troy, which was purchased in 1966. A Kmart Store is located there.

★ ★ ★

Plans for moving are reportedly prompted by a need for additional offices, the headquarters apparently having outgrown the five-story, block-square building in Detroit which serves as the firm's main base now. About 1,000 employes would be affected by a relocation.

ABOUT 1,000 STORES

The company, founded in 1899, operates about 1,000 variety, department and discount stores with 50,000 employes and over $1 billion in annual sales.

If the firm relocates on the Biltmore property, it would become part of a proposed office-shopping center complex occupying about 120 acres.

★ ★ ★

The development company recently sought successfully rezoning of a 52-acre parcel northeast of Big Beaver and Coolidge to commercial to allow construction of a "regional shopping center."

Rocky Ties Cuts to Tax Increase

ALBANY, N.Y. (AP) — Gov. Nelson A. Rockefeller challenged the legislature today with a plan for a 5 per cent, across-the-board cut in state spending, coupled with a 1 per cent increase in the state sales tax.

The Republican governor had been expected to recommend raising the sales tax from 2 to 3 per cent, but the economy demand was a surprise.

★ ★ ★

In his annual "State of the State" message, Rockefeller told the lawmakers in effect that they either could accept a sharp cutback in state aid to their home districts or raise taxes beyond levels he deemed prudent.

"Our state's economy is sound and growing," he said, " . . but the spending required by law for aid to local government is growing beyond our capacity to meet it."

★ ★ ★

Rockefeller told the 1969 legislature's opening session that, after paring the spending requests of state department and agency heads to the bare minimum, he still faced a $620-million deficit in trying to balance his next budget, expected to hit $6.7 billion. A balanced budget is required by law.

★ ★ ★

To close the gap, he recommended raising the sales tax, a step that he estimated would yield $340 million in additional revenue and cutting 5 per cent from budget spending recommendations, to save $340 million.

AP Wirephoto

SPOCK BACK IN COURT — Appearing in a happy mood as they enter a Boston court yesterday are Dr. Spock (right) and his wife. They heard former Supreme Court Justice Arthur Goldberg appeal the conviction of the renowned baby doctor and three others on antidraft conspiracy charges. Shown with the couple is Michael Ferber, 23, one of those convicted. Goldberg, occasionally wagging his finger at a three-judge tribunal, argued that "no conspiracy has been proven." No decision is expected for two or three months.

Birmingham

Millage Hike to Be Asked for Schools

BIRMINGHAM — School district voters will be asked to approve a new millage rate for operation of the schools during 1969-70.

The board of education last night authorized school supt. John B. Smith to secure permission from the Oakland County Election Screening Committee to hold the special election either March 24 or March 31.

★ ★ ★

Voters will be asked to approve up to 12.75 mills. The board will decide the actual millage rate increase at its Jan. 21 meeting. The ballot will contain a bonding question, yet to be formulated, which will ask funds to build additions to both high schools.

Approximately 7.5 of the 12.75 limit would be renewal of a current tax with the remaining 5.25 an increase. The present program and take care of increased enrollment; .96 mills for essential program improvement; 2.6 mills for salary increases for the system's 1500 personnel; .34 mills for additional program improvement and .5 mills for program research and development. The millage requirements are in accordance with a recommendation in December by the Citizens Advisory Committee.

COMPLIMENTARY LETTER

In other business, the board announced that a complimentary letter had been received from the Traffic and Safety Division of the Michigan State police, praising the school system's excellent condition in the area of school bus transportation.

The board also accepted the resignation, effective Feb. 7, of Richard Zweiback, director of personnel relations for the school system since 1967.

★ ★ ★

Zweiback has been named director of school personnel relations services with the National School Boards Association in Evanston, Ill.

Supt. John B. Smith announced that the new Bingham Farms Elementary School will be open for classes on Jan. 16. Teachers will report on the 15th.

The board also gave the superintendent a new five-year contract retroactive to October 1968 and extending to Sept. 30, 1973. The salary has been set at $35,875 and will be subject to review annually.

The Creative Real Estate Company of Birmingham has purchased the Marquette Building, a 10-story office building in Detroit's downtown financial district for more than $1 million. A modernization and improvement program is planned.

'Public May End Area Gas Strike'

DETROIT (UPI) — Public pressure may be the key to settling the strike by the Oil, Chemical and Atomic Worker Union against seven oil companies in Detroit, according to one top union official.

★ ★ ★

J. Roy Johnson, secretary treasurer of Local 7 389 of the OCAW, said the oil companies may be forced to settle with the union if their gasoline supplies start drying up.

NATIONAL WEATHER — Rain is predicted tonight for the Pacific Northwest and the Rocky Mountain region. There will be snow in the vicinity of the Great Lakes and in the Ohio River Valley.

Navy OKs Oil Tipster Case Review

WASHINGTON (AP) — The Navy has agreed to a Civil Service Commission review of disciplinary action taken against a civilian employe who triggered public disclosure of massive thefts of U.S. military fuel supplies in Thailand.

Sen. William Proxmire, who earlier asked for such a review, announced the Navy's action today. He had complained that the service had retaliated against John McGee, the civilian inspector who first tipped him to the thefts of the oil supplies.

★ ★ ★

Proxmire also said he will insist the civilian heads of the Navy and Air Force give close personal consideration to the cases of McGee and A. E. Fitzgerald, an Air Force management expert who testified that production of an Air Force transport will cost $2 billion more than official estimates.

Both men, Proxmire said, "appear to have been penalized for doing their jobs too well."

McGee said he was abruptly transferred from his assignment in Bangkok, assigned to a make-work job in Virginia and denied a customary in-grade pay increase after he said he complained that official laxity was allowing widespread fuel thefts to go unchecked.

A General Accounting Office report said at least 5.5 million gallons of fuels and lubricants were stolen in 1967 alone.

★ ★ ★

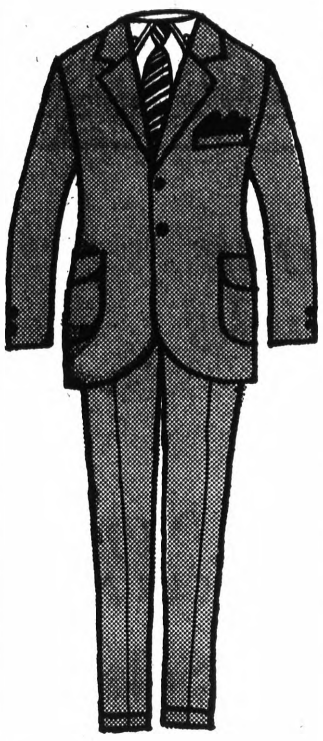

Fitzgerald, a deputy for Air Force management systems, said that 12 days after he testified before Proxmire's government economy subcommittee he was told he had incorrectly been given career tenure due to "computer error."

ANNOUNCING OSMUN'S GREAT BOX-SCORE CLEARANCE SALE!

As far as you're concerned, the greatest sale in the world
is a bust if you can't find anything in your size.
But Osmun's is putting both its merchandise and inventory figures
on the table so you can tell whether or not our
annual storewide clearance sale is worth coming to.
It is, from a price standpoint. Examples: $125 cashmere topcoats for $99.90;
$110 Eagle suits for $89.90. And there are reductions of 20% and more on
clothing and furnishings by Eagle, McGregor, Zero King,
Alfred of N.Y., Van Heusen, Esquire, Phoenix, Florsheim and French Shriner.
Check the inventory box-score and see if there's something for you at our sale.
If so, come on over. If not, don't.
The last thing we want you to get at Osmun's is nothing.

Activity Ideas for Retirement Boyle Over

By HAL BOYLE

NEW YORK (AP) — Many women married to men who have retired complain:

"My husband is always underfoot. He doesn't seem to know what to do with himself."

BOYLE

★ ★ ★

This shows a dismal lack of masculine initiative. No matter how active a life he has led, no man at 65 has achieved a quarter of the vagrant daydreams and fleeting ambitions that have crossed his mind.

★ ★ ★

Why not pursue a few of them now? Does he have anything better to do?

A FEW IDEAS

Every man has his own list of fugitive goals and idle aspirations he has never acted on. But probably most men at 65 have never—

Panned gold in the Klondike.

Acted as a carnival shill.

Flowed over Niagara Falls in a barrel.

★ ★ ★

Worked as a moonshiner's helper in the southern mountain area.

Waited at a London street corner for a blind date with a lady-in-waiting.

Walked across the Brooklyn Bridge or the Golden Gate Bridge.

HAGGLING IN EGYPT

Haggled in a Cairo marketplace with a Syrian rug merchant.

Peddled a better mousetrap as a door-to-door salesman.

Been included in a Gallup poll report.

Put down a native rebellion.

★ ★ ★

Caught a souvenir football flung into the stands by an exuberant pro player after making an 87-yard touchdown run.

Stood before a firing squad and told the awed captain, "I do not choose to be blindfolded."

Volunteered to go along on the first passenger flight to the moon.

TOSSED OUT

Been tarred and feathered and ridden out of town on a rail.

Held a $100,000 winning ticket in a state lottery.

Lost weight from the strain of carrying too heavy a money belt.

★ ★ ★

Ridden shotgun on a stagecoach.

Hunted tigers with an Indian maharajah.

Picketed a meeting of the P-TA in protest against its policies.

CAPITOL SPEECH

Made an after-dinner speech at the White House.

Had a whale of a time in a whale boat.

Bugged a secret session of the Mafia.

★ ★ ★

Filtered alone through enemy lines at night in order to bring help to a besieged battalion.

Taught spelling to a student class of skywriters.

Escaped from a castle dungeon.

CIA, BOUDOIR

Sent a key message in code to the Central Intelligence Agency from the boudoir of a beautiful foreign spy.

Lassoed or bulldogged a bull hippopotamus.

Been mentioned in dispatches by a grateful government.

★ ★ ★

Filled a cavity in a polar bear's aching tooth.

Grown a walrus mustache—or a tomato that took first honors at a county fair.

Sung or strummed the guitar in an old folks' rock 'n' roll group.

BEAT OFF A SHARK

Gone scuba diving and fought off an enraged shark by smashing a fist against his muzzle.

Sailed as first mate aboard a flying saucer.

Climbed Mt. Everest alone simply because it was there.

★ ★ ★

Trapped and caged an Abominable Snowman.

In a world full of so many wonderful things to do, why should any retired man let his wife be in a position to complain that he is always underfoot?

If nothing else, he can always run away from home and join a Gypsy caravan. Then what'll she say?

Open Daily 10-10; Sun. 11-6

SKIPPER HAS STRUGGLE — Waterford's Bill Foley has the basketball but he also has drawn a crowd of Kettering defenders last night at the WKHS gym. Jerry Velzy (51) fouls Foley while teammates Dave Powell (arms upraised) and Rick Colonna are ready to prevent any attempted shot by the Skippers' forward.

Waterford in Biggest Win, 74-50

Skippers Cruise Past MAKE OVER WKHS

JERE CRAIG

Waterford Township's Skippers have set their course for the school's best varsity basketball record and Tuesday night they filled their sails with a strong wind at the expense of No. 1 rival Kettering.

Waterford breezed past the unwary Captains, 74-50, for the biggest WTHS victory in the eight-year series.

In posting only win No. 5 in the 16-game rivalry, the Skippers upped their season mark to 5-1, ended a five-game series losing streak at the hands of WKHS, registered their highest point total and widest victory spread against Kettering.

The Captains suffered their second loss in five outings this season. Coach Joe Duby, suffering with a case of the mumps but out of the contagious period, directed the losers.

"The doctor said I would only be hurting myself by coming," he reported. His attempt at therapy through coaching proved an unsuccessful remedy.

OUTPLAYED

The host Kettering quintet was outshot and outrebounded by the visiting Skippers whose present success is the best start in the 19-year WTHS basketball history.

Making 6 of 11 shots and outscrapping WKHS by an 11-7 count for rebounds in the first quarter, the Skippers trailed only at 4-2. A Roger Reed field goal put them in front for good at 6-4.

Although Kettering had fewer turnovers and more baskets and field goal tries in the opening half, WTHS continued to add to its lead with free throws as the Captains plunged into foul trouble.

Bruce Carlson — the county's outstanding prep gridder - scholar last fall — dominated the backboards with 13 of his 22 rebounds and sparked the Skippers' attack with 11 of his 15 points as they took a 32-24 lead into the locker-room at the half.

Joe Beseau had five field goals on seven tries in the opening 16 minutes for Kettering. Dave Powell also had all seven of his points during the same span.

The second half began with the host squad working its deficit down to six points at 36-30. Then Waterford — behind the driving and shooting of guard Mike Sheldon — spurted for 13 straight points.

Beseau finally snapped the draught for the Captains with a pair of free throws to close out the period with the scoreboard reading, 49-32, in WTHS's favor.

★ ★ ★

Sheldon had four of seven from the floor in the quarter and the spring-legged Carlson grabbed five more rebounds.

The speedy senior backliner Sheldon matched his eight points with some sharp foul shooting in the fourth period and grabbed scoring honors for the night with 18 points.

Waterford continued to build its cushion, finally reaching 26 points twice. The winners made 13 of 16 free throws in the last quarter and ended the game with a 28 of 39 night.

Their field goal margin was only three, 23-20, as both teams just topped the 41 per cent mark with their shooting. But WKHS was handcuffed with a 10-for-27 mark at the charity stripe.

Led by Carlson's strong backboard work, Waterford's Skippers managed a 48-37 edge in rebounds. The winners also led in violations, losing the ball 19 times without a shot while Kettering had 18 turnovers.

Poise, Persistence Help PCH

Chiefs Topple Midland After Early Trouble

Speical to the Press

MIDLAND — The valuable traits of poise and persistence are evolving quickly in Pontiac Central's young Chiefs.

Burned by the red-hot first half of host Midland Tuesday night, the Chiefs nonetheless came home 79-71 conquerors with a torrid second half of their own.

The victory was PCH's fourth straight impressive victory after losing its Saginaw Valley Conference opener to Flint Central's co-pacesetters.

The other leader, Flint Northern will bring its 3-0 SVC mark to Pontiac Friday night as the crucial games continue for the talented and surging Chiefs.

Last night Northern's Vikings routed Bay City Handy, 106-61, as 13 players scored. Dave Frost's 29 and Larry Banks' 20 led the winners who are 4-1 over-all. Northern scored 31 points in the third period after leading, 51-32, at the half.

Central's victory at Midland, meanwhile, snapped a three-game win string for the Chemics and left PCH (3-1 in the SVC) tied with Saginaw Arthur Hill for third place in the circuit.

RATLIFF LEADS

Jerry Ratliff scored 25 points for the Chiefs to lead their pointmaking for the third time this season. The 6-2 junior forward had help from junior Monte Herring and sophomore Anthony Styles, each with 18.

Central, now averaging 87 points a game for the last four starts and 83 over-all, fell behind after one quarter, 22-15, and was down, 47-38, at the break as Midland hit 67 per cent of its field goal tries.

The Chiefs, though, managed 53 shots

Oakland Halts Windsor Rally for 77-69 Win

Oakland University shrugged off the ineffectiveness of its reserves to thwart Windsor University's rallying attempts and post its second straight triumph of the New Year Tuesday night.

★ ★ ★

The Pioneers, ahead by 20 points in the first half when coach Gene Boldon went to his bench, held off the Canadians for a 77-69 decision that gives them a chance to square their record at 4-4 against Aquinas Friday on the OU court.

Last night's conquest was Oakland's first on the home court this season, having gained its previous success at Chicago and Olivet.

★ ★ ★

Big Tom Allan and newcomer John Eley were the positive factors for the Pioneers (3-4). Allan scored 18 points and grabbed 22 rebounds. Eley pulled down 18 retrieves and led the attack with his 19 points.

TRANSFER

Eley, a transfer from Eastern Michigan University, just joined the OU lineup last week and has 33 points and 29 rebounds in his two starts. He is a 6-foot-5 ex-Detroit prep performer.

★ ★ ★

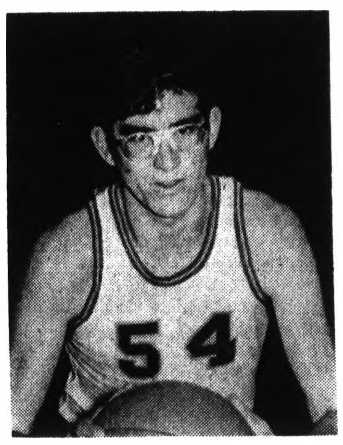

Oakland ran up a 45-25 lead before Boldon elected to give the reserves some game experience. The lead was down to 47-35 at the intermission and the mentor was having some second thoughts about his strategy.

★ ★ ★★

Windsor kept its momentum going long enough against the Pioneer first liners to cut its deficit to six points midway through the last half. But Oakland kept its poise and maintained control of the backboards sufficiently to outlast its visitors.

HIGH SCORER — Leland Loutzenhiser scored 24 points for Ortonville Brandon last night as the Black Hawks edged archrival Goodrich, 66-65, in a Genesee Suburban League basketball game.

Brandon Holds Off Arch Rival, 66-65

The Blackhawks of Ortonville Brandon overcame an early 10-point deficit to go ahead of arch rival Goodrich in the second period and hung on for a 66-65 basketball victory Tuesday night.

The winners squared their record at 2-2 with the aid of a 20-6 advantage in the second period after trailing 25-15. Lee Loutzenhiser's 24 points paced the victory.

Ahead by two with 14 seconds remaining, the Blackhawks missed a pair of clinching free throws, then regained possession and Mike Wilcox sank the decisive point on a foul shot with six seconds remaining.

Goodrich added a final field goal as time ran out. Jerry Welch led the losers with 22. An 18 of 32 performance at the charity stripe earned the win for Ortonville.

ORTONVILLE (66)	FG	FT	TP	GOODRICH (65)	FG	FT	TP
Westerby	3	4-5	10	Burt	3	1-1	7
Wagner	4	0-5	8	Sorenson	5	7-10	17

Bloomfield Squads Register Cage Conquests

Four Bloomfield Hills hoop squads traveled south in the county last night and came home with triumphs over their hosts.

The Andover and Lahser varsity quintets took cues from their junior varsity units and completed twin bill sweeps. Andover's Barons trimmed Birmingham Groves, 61-52; Lahser dunked Southfield Lathrup, 64-49.

Rugged junior Dick Souther, 6-foot-3 Andover forward dropped from the starting lineup by coach Hal Henderson, showed the mentor he wants his job back by scoring 20 points plus leading the Barons' control of the backboards.

BIG OUTBURST

He notched 7 of his 20 tallies in the fourth quarter when the winners, now 3-2, swept past the host Falcons. Groves, who is 1-5, had led until the end of the third quarter when the count was knotted at 39.

Scott Roley contributed five of his six points also in the winning outburst. Andover notched 10 of 15 free throw tries in the final period. It overcame Groves' 20-17 edge in field goals for the night with a 27-47 mark at the free throw line.

★ ★ ★

Both Henderson and new coach Al Vordermark, who was promoted to the Birmingham No. 1 spot after the death of Tom Carson last month, made extensive use of their reserves.

Nine players scored for the winners while the Falcons had eight tally in a losing effort. Scott Love and Jim Cameron led Groves with 13 each.

ANDOVER (61)	FG	FT	TP	GROVES (52)	FG	FT	TP
Roley	1	4-10	6	Cameron	4	5-6	13

At Lathrup, Bill West notched 14 points and grabbed 13 rebounds to guide Lahser to its second straight victory after three opening defeats. Ralph Kontry had 10 points and 12 retrieves for winless Lathrup.

Lahser made 40 per cent of its shots from the field in outgoaling the Chargers, 25-13. A 32-18 spread in the middle sessions was too much to overcome for Lathrup.

Ken Rump and Tim Graham produced 10 points each for the winners. In all, 10 Knights figured in the pointmaking.

OL St. Mary Resuming Flight

Titans Coast to Victory, but Remain Second Best

The hot pace of Pontiac Catholic's young Titans on the basketball court continues to find them still No. 2 and having to wish a bit harder for help in the Northwest Catholic League.

PCHS blasted winless host Detroit St. Rita, 72-51, behind Sam Brady's 28 points Tuesday night for its third straight conquest and win No. 6 in 7 starts.

But that lone defeat was administered by unbeaten Orchard Lake St. Mary and no one seems able to sidetrack the Eaglets unless PCHS does it in their rematch later this month.

Ferndale St. James needed one overtime period to down Royal Oak St. Mary, 56-51, and join St. Francis de Sales — a 96-56 victor over Farmington Our Lady of Sorrows — in a third place tie at 4-3. ROSM slipped to 3-4 and is fifth after last night's battles.

A 20-7 opening quarter and 21-12 final session enabled Pontiac Catholic to coast past St. Rita. Herb Larson's 15 points, and 10 each from Kellie Dean and Steve Hoffman backed Brady's big night.

COOL SHOOTING

The Titans had a comfortable cushion both at the foul stripe and from the field although they shot around 35 per cent in their field goal attempts.

The winners also controlled the backboards as Brady snared 27 rebounds. He has scored in twin figures in all seven PCHS games this season, while Larson has only missed double digits once.

The Titans will be hosts to St. Francis de Sales Friday in a key contest.

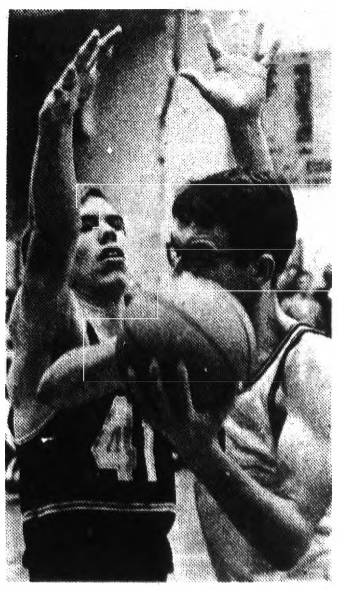

VERSATILE

All-State football end Gary Johnson notched 18 markers to lead St. James' scoring, but the Dales needed four points from Frank Wigman in the overtime period to gain the decision.

Ken Donr had sent the game in overtime by tying the score at 48 with a pair of free throws in the final half minute of regulation time.

★ ★ ★

St. Mary led much of the game until going without a field goal in the third quarter and being outscored 13-4 after holding a 30-24 lead at the halftime break.

Pontiac Press Photo

DON'T GO VERY FAR — Dave Powell controls a rebound for the Kettering Captains Tuesday night but immediately finds Waterford's Gary Pullins blocking his path up court. Powell led the WKHS rebounders with six retrieves.

Brother Rice 5 Beaten, 75-68

Birmingham Brother Rice, the state's sixth-ranked Class A prep cage squad in the weekly Associated Press poll, failed to overcome the dominance of Detroit Austin Tuesday night and suffered its first defeat of the season.

Austin defeated the Warriors, 75-68, for their third loss in their last 18 games — all at the hands of the Austin club. The victory enabled the Pirates to tie Brother Rice at 5-1 for the Central Division lead in the Detroit Catholic League.

BR. RICE (68)	FG	FT	TP	AUSTIN (75)	FG	FT	TP

Unbeaten Eaglets Roll to 7th Win Despite Layoff

The Eaglets are maintaining their high level of flight.

Not even an almost three-week break from their cage wars slowed down Orchard Lake St. Mary's undefeated Eaglets last night.

The Northwest Catholic League pacesetters flew past Waterford Our Lady of Lakes, 83-49, for win No. 7. The victory capped a day which saw them voted the No. 2 spot in the state Class C weekly Associated Press prep poll.

It also was their 13th straight against the Lakers in their history. WOLL has never beaten St. Mary who, also, now has downed 23 straight league rivals over the past three years.

GOOD START

Jerry Yezbick tried to make a battle of it for the Lakers (2-5) by scoring eight points in the opening quarter, but OLSM ran off to a 21-11 lead and added to the margin in every succeeding session.

★ ★ ★

Making 30 of 62 field goal tries for nearly 50 per cent, the Eaglets ran up their second largest point total of the season and upped their per game average to almost 76 points a game.

As usual, defending county prep scoring champ Tim Megge led the sharpshooting. He connected for 29 markers despite only notching three in the first quarter and one in the third.

BIG NIGHT

Young Mick Krogulecki posted his varsity high with 20 points and pulled down 14 rebounds. Tom Sudek, Megge's backcourt partner, added 18 points with the help of a perfect 8-for-8 at the charity stripe.

OL ST. MARY (83)	FG	FT	TP	WATERFORD OLL (49)	FG	FT	TP

Along the Outdoor Trail

with DON VOGEL—Outdoor Editor, Pontiac Press

Registrations Lag for Snowmobiles

Snowmobiling is coming of age in Michigan and so are laws governing the sport.

Beginning Jan. 1 it became mandatory to register snowmobiles. Thousands of owners haven't complied, according to a report from Secretary of State James M. Hare.

★ ★ ★

Another rule that has been on the books for some time, but is often violated, says no operating snowmobiles on public roads. A crackdown by the Oakland County Sheriff's Department a year ago cut sharply into this activity.

The Natural Resources Department also is becoming concerned over an increase in snowmobiles operating off designated trails on state lands and some damage caused at access sites along lakes.

Snowmobile registration follows the same procedure as used for a motor boat. Applications are available at secretary of state branch offices. The fee is $5 for three years.

URGES ENFORCEMENT

Hare said there are between 50,000 and 75,000 snowmobiles in Michigan, but only 15,000 have been registered. He said local law enforcement authorities have been asked to stiffly enforce the registration law to "guard against potential misuse and possible disregard for property."

The law exempts only those snowmobiles operated exclusively on the owner's private land from state registration.

★ ★ ★

Conservation officials reported extensive "wandering all over the place" in state recreation areas.

"We have trails specifically for snowmobiles at Highland, Holly and Pontiac Lake," said DRN District Law Supervisor George Bruso of the Pontiac Lake office, "but some drivers seem to tire of them quickly and take off cross country."

★ ★ ★

Bruso also said that ice fishermen are complaining about snowmobiles buzzing shanties and groups of anglers. "The situation is getting critical on Lake St. Clair," he said.

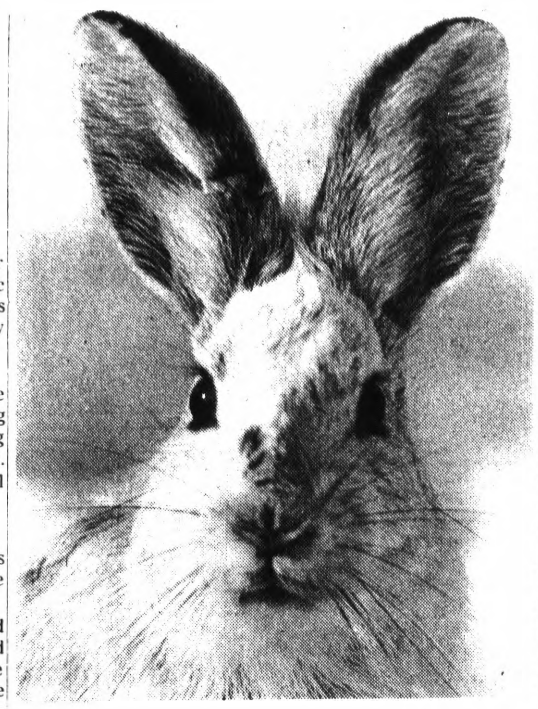

PRIVATE PROPERTY

Major problem at the access sites is driving across private property adjacent to the sites.

"We don't want to be old Scrooges about this," said Bruso, "because many people enjoy snowmobiles. But there are rules and they are going to have to be obeyed."

★ ★ ★

The state currently offers 47 marked snowmobile trails in Michigan. Most of them are in the northern two-thirds of the state.

Pontiac Press Photos

COLD FUN — Whether it be hunting the ghost-like snowshoe rabbit (top) in Northern Michigan and his cousin the cottontail or fishing on an ice covered lake, winter activities continue regardless of the weather. The fishermen (below) are huddled in five above temperatures on Union Lake. A few big bluegills and small calicoes were caught.

Two Hearings on Waterfowl Hunting Set

Waterford hunting at White Lake and Lake Sherwood will be aired during two public hearings scheduled by the Hunting Area Control Committee.

The White Lake hearing will be Jan. 14 in the Highland Township hall and the Commerce Township offices will be the site of the Jan. 22 session on Lake Sherwood. Both hearings will start at 7:30 p.m.

REQUESTS MADE

The hearings were requested by the respective township boards acting on ctiizen complaints that the lakes cannot be hunted without danger to residents and property.

Comprising the Hunting Area Control Committee is a representative of the Oakland County Sheriff's Department, State Police, Department of Natural Resources and township supervisor.

The committee will make recommendations to the DRN Commission which in turn will return its decision to the township boards for approval or disapproval.

Field Trial Slated for Pointing Breeds

There will be a warmup trial for all pointing dogs Sunday at the Russ Dixon farm near New Haven.

This will be a shooting trial with pheasants being planted. It will start at 9 a.m. The farm is located at 26691 Twenty-Seven Mile, west of Gratiot.

Members of the sponsoring National German Shorthaired Pointer Association of Michigan will explain the use of non-game birds for out-of-seasnn training and also help novices manage their dogs.

4-H Club Plans Adult Sessions in Dog Training

Adults will get a chance to help youth in a project being arranged by the Oakland County 4-H Canine Club.

As a fund raising project, the club is organizing a dog training class for adults. It will start with a demonstration next Tuesday at 8:30 p.m. at the 4-H fairgrounds on North Perry.

★ ★ ★

People attending the demonstration are requested to leave their dogs home. Actual class work will start the following week. The classes are open to all adults and a health certificate is required for each dog.

Mrs. Linda Blanchard, club leader, said enrollment will be limited. Additional information can be obtained by phoning FE 5-7296. The club currently is engaged in a dog training program for 4-H members.

Dog Obedience Class at CAI

A 12-week dog obedience class is scheduled to begin Jan. 15 at the C.A.I. Building under the auspices of the Waterford Township Recreation Department.

The cost is $12 per dog. Additional information is available from the recreation office at 674-0376.

Area Park Attendance Tops 2 Million

Attendance at the seven Department of Natural Resources parks and recreation areas in Oakland County topped the two-million mark during 1968.

District Parks Supervisor Alfred Masini reported that 2,289,224 persons journeyed to the areas with Dodge Park No. 4 again the most popular facility. The park on Cass Lake attracted 436,080 users.

★ ★ ★

Next in line came Rochester-Utica, 411,657; Proud Lake, 366,304; Pontiac Lake, 337,164; Holly, 270,796; Highland, 260,658; and Bald Mountain, 206,565.

★ ★ ★

These figures are conservative, according to Masini, because many people use the recreation areas without being observed by park personnel.

CAMP PERMITS

Public camping is available at five of the areas and 14,130 permits were issued. Proud Lake drew the highest number of campers with a total of 7,383. Holly was next in line with 4,119.

★ ★ ★

The annual increase in park usage is expected to continue during 1969 as new swimming, picnic and camping facilities are completed.

Bird Counting Placed on Ice

The annual Christmas bird count by members of the Pontiac Audubon Club was put on ice for another year.

Part of a North American program co-ordinated by the National Audubon Society, the PAC's count was scheduled Dec. 28 near Lake Orion.

★ ★ ★

Icy roads, however, made it impossible for members to reach the prescribed location. A bird feeder tally will be taken in place of the field trip.

SLIDE PROGRAM

Mrs. Elna Plassey will present a slide program at tonight's monthly meeting in All Saint's Episcopal church at 7:30.

New PAC officers are Ron Piotter, president; Warren Hill, vice president; Kay Frick, secretary; and LeNoel Brendel, treasurer. James Stevens and Don Hart were named to the Seven Ponds Nature Center governing committee.

Salmon-Trout Report Cards Now Overdue

Fishermen must now turn in their 1968 salmon and trout catch report forms to the Lansing Office of the Department of Natural Resources.

Although Dec. 31 was the deadline for submitting the records, the DNR is giving fishermen some leeway in returning the reports.

★ ★ ★

By law, the new 1968 "report cards" must show the dates, places, and numbers of trout and salmon caught in the Great Lakes from April 6 through Nov. 30.

INLAND STREAMS

The same information must give a record of angler success in designated inland streams from April 6 through April 26 and from Sept. 9 through Nov. 30.

Boating Instruction Available in Area

Boating classes sponsored by the Birmingham Power Squadron will start Jan. 15 at East Hills Junior High School in Bloomfield Hills.

Outboard, inboard and sailing instruction is scheduled.

Registration for the free classes will be Jan. 15 and Jan. 22. at 7:30 p.m.

Beaver limit MAKE OVER PAGES Proposed for 1969

LANSING (AP) — Beaver trappers in the western Upper Peninsula probably will be able to take only six beaver during the trapping season this spring, two less than a year ago.

Proposed regulations would curtail the limit in order to build up the area's beaver population. In other areas, the regulations will be similar to last year's.

★ ★ ★

Final action on beaver and otter trapping rules is expected during the Natural Resources Commission meeting Thursday and Friday in Lansing's Jack Tar hotel. The Thursday session will be informal and start at 1:30 p.m. and the Friday meeting at 9:30 a.m.

"This doesn't mean beaver numbers are in jeopardy," said Dave Arnold, the Department of Natural Resources' beaver specialist.

GOOD YEARS

Instead, he explained, the beaver would be permitted to increase its numbers in areas of prime habitat.

"We've had three good beaver years in a row," he said. "We still think there'll be a good supply across the state. We figure a take of somewhere over 12,000 beavers."

Trappers last year took 13,482 beaver during the March and April season.

★ ★ ★

Counties affected by the restricted regulations are Gogebic, Ontonagon, Keweenaw, Houghton and Baraga, and Marquette County north of U.S. 41. The area comprises what the department calls Area A.

Iron County, which used to be included in Area A, was switched this year to Area B. Trappers in that county also will be restricted to six beaver per year and a shorter season. Area B comprises the remainder of the Upper Peninsula with the exception of Menominee County.

Although fur prices fluctuate, trappers last year received about $25 for a big beaver pelt. The average price, however, was around $15.

I BET YOU DIDN'T KNOW

By John Carter

Has there ever been another football team like this one: the 1947 Notre Dame team had a total of 44 different boys who were good enough to eventually play pro football! . . . And, the team was so deep in talent that a fifth - string end was picked for the College All - Star team!

★ ★ ★

Did you know that Bart Starr the all-star Green Bay Packer quarterback, goes by his middle name instead of his first name? . . . Starr's real full name is Bryan Bartlett Starr.

★ ★ ★

Here's quite an oddity that happened once in a high school football game . . . This game had the longest time out in the history of football . . . It was in a game several years ago between two high schools in Ohio, Brecksville and Solon . . . Brecksville led 20-0 with 5:29 to go in the third quarter . . . Fog closed in and the officials called time . . . But the fog never cleared that night and the game was resumed the next night, 22½ hours later . . . Brecksville won 22-8 after a time - out that lasted 22½ hours!

★ ★ ★

I bet you didn't know . . . Not everyone can afford the price of a superior tire product like the new 78 Series Dunlop Elite, but no one can really afford to be without its safety. Want to dream a little — Come on down and we'll show you.

Ends 2 Days of Decline

Lively Stock Mart Rebounds

NEW YORK (AP) — The stock market rebounded in lively trading early today after two days of sharp decline.

Gains outnumbered losses by about 2 to 1 on the New York Stock Exchange. Averages and indexes moved upward moderately, the Dow Jones industrial average rising more than 3 points.

Most gains ranged from fractions to a point or so on the Big Board.

The action was a continuation of the recovery move late Tuesday, which cut losses as the market entered a technical rebound from a greatly oversold condition.

Among higher priced issues, IBM gained more than 2 and Polaroid about 3. U.S. Smelting advanced nearly 2.

★ ★ ★

Up a point or so were American Smelting, Phelps Dodge, du Pont, M-G-M and McDonnell Douglas.

International Utilities leaped into the top spot on volume as it traded on a block of 120,000 shares, off 2½ at 38.

Steels were slightly higher but most of the top auto stocks were fractional losers.

Analysts predicted the technical recovery late Tuesday as the market was trimming losses taken in a sharp drop triggered by a rise in the prime rate—the basic lending rate by leading Banks—to a record 7 per cent from the previous record 6¾ per cent.

★ ★ ★

Tuesday The Associated Press average of 60 stocks fell 4.2 to 360.4.

Prices rose at the opening on the American Stock Exchange.
