the bar and mixing with the customers.

And how do you pour gin out of a bottle if the liquid would just as soon go up as

down? You could work the gin to the neck of the bottle and then, with a professional wrist motion, pull the bottle away

from the gin, leaving just enough for one martini.

Clumsiness, of course, would not be fatal.

Airliner Lands Safely After Engine Fails Over Ocean

Pilot Planned to Ditch Clipper

Brings Pan American DC7 With 45 Aboard Down in Newfoundland

From Our News Wire

ARGENTIA, Nfld. — A crippled Pan American World Airways clipper carrying 45 persons made an emergency landing here today, ending a dramatic dash over the Atlantic.

The New York-to-London-bound clipper, set down without incident at 11:35 a.m.

A Subana Airlines plane, bound from New York to Shannon, Ireland, flew to the side of the disabled clipper on receiving its distress call. It was refueled by a short stop at the coast of Newfoundland.

At 11:35 a.m., the clipper was sighted by the coast guard, and a U.S. Navy patrol plane, the USSC-1, was dispatched to the scene. The clipper was seen to be in a perilous position, and the Navy plane was ordered to land nearby.

At 11:35 a.m., the clipper was sighted by the coast guard, and a U.S. Navy patrol plane, the USSC-1, was dispatched to the scene. The clipper was seen to be in a perilous position, and the Navy plane was ordered to land nearby.

PORTLAND, ME. — The loading dock at the rear of the new Portland Post Office, 735 W. Huron St., can accommodate 15 trucks at one time. There are three hydro-electric for business Monday morning at 8:30 a.m.

Hopes to Limit Farm Controls

Senate Votes Approval of Bill Tailored to Pass With President

WASHINGTON (AP) — A top-heavy Senate vote revived prospects today that this session of Congress will pass a limited farm bill tailored to escape a presidential veto.

The compromise measure passed the Senate last night by a 62-31 margin after three days and nights of sometimes bitter debate. It now goes to the House, which earlier declined to consider a measure of broader proportions.

As passed by the Senate, the bill generally would provide for lower price supports and fewer government controls over farm production, but it would also authorize the use of federal funds to help farmers in need.

The bill also would provide for the use of federal funds to help farmers in need, and it would also authorize the use of federal funds to help farmers in need.

The bill also would provide for the use of federal funds to help farmers in need, and it would also authorize the use of federal funds to help farmers in need.

AF to Shoot for the Moon

Attempt Likely Between Aug. 15-19

LOS ANGELES (UP) — The Air Force is preparing to launch its first shot at the moon in about three weeks when the moon passes within about 220,000 miles of earth. It was reliably reported today.

The lunar probe is planned for the period when the moon makes its closest monthly approach. That period, according to astronomers, is Aug. 15-19, with the moon being closest Aug. 17.

The small package of instruments which will be fired in a three-stage rocket from Cape Canaveral, will take about two days to reach the moon. It will arrive Aug. 19 at a time when the moon is in its quarter phase and visible up to midnight at locations throughout the world.

What type of probe is planned for the first shot was not revealed by confidential sources. So far officials have stated only that scientists would attempt to send the first probe in "the vicinity of the moon," and that the primary objective is not to hit the moon, although that possibility exists.

It also has been stated the moon probes are designed to provide a "close look" at the moon with instruments which include television cameras, "ground scanning" devices, and other instruments.

At Cape Canaveral, an Air Force Thor blew up a few thousand feet over the Atlantic early today in a test of the "Thor" rocket. The test was a success, and the Thor is now being used for the moon probes.

Doctors Try Desperately to Save Boy

DAYTON, Ohio — A million units of penicillin are being injected into 13-year-old Donald Koe every two hours in a desperate attempt to clear up a brain infection which had sent the youth's temperature to at least 110 degrees.

Thermometers used could not record the temperature beyond that point. Such temperatures ordinarily prove fatal.

Doctors at Good Samaritan Hospital here also operated on Donald, of nearby Philadelphia, who has been kept covered in ice since he was taken to the hospital Wednesday. His temperature today was last reported at 106. He was in a semicomatose condition, and his condition was critical.

The operation was intended to help clear up the infection. Doctors said the fever was caused by a rare type of blood clot at the base of the brain.

The Day in Birmingham Residents Charge Ditch Causing Health Hazard

Through June, compared to some 100,000 in the year 1935, the city of Birmingham, Ala., will see a sharp increase in the number of people who are suffering from health hazards caused by the city's ditching system.

The city's ditching system, which was installed in 1935, has been causing a sharp increase in the number of people who are suffering from health hazards caused by the city's ditching system.

Free Lot Offer Under Scrutiny

Winners' Report \$45 Asked for Recording Deed to Property

The Detroit Better Business Bureau and the Wayne and Oakland County Prosecutors are investigating a "free lot" scheme to see if it is a fraud.

The "free lot" scheme, which was advertised in the Detroit Free Press, offered a free lot to anyone who would pay a \$45 fee to have a deed recorded.

FIRE KILLS DOGS — Four dogs perished in a fire yesterday afternoon when they were locked up in a pen adjoining this barn of Peter Perna, 3451 Mill Lake Rd., Orion Township. Several

pieces of farm machinery and 200 bushels of wheat were also lost. Cause and estimated damage is unknown.

Four Dogs Perish

Barn Burns Down in Orion

ORION TOWNSHIP—Four dogs perished in a fire yesterday afternoon that destroyed a 50-year-old barn on the Peter Perna farm, 3451 Mill Lake Rd.

Also lost in the blaze were 200 bushels of wheat, several pieces of

Air Force Gets Sign for Manned Satellite

WASHINGTON (AP) — The Air Force has been given the go-ahead to build a rocket engine powerful enough to send a manned satellite into space.

As a first step, the Defense Department said a contract had been given the Rocketdyne Division of North American Aviation to construct a million-pound-thrust rocket engine.

The Pentagon said an engine of this type could be used to send up a manned satellite weighing about 20,000 pounds. Defense officials said it also could be employed to fire a vehicle weighing 5,000 pounds on a flight to another planet.

Baptist Youth Group to Hold Party Tonight

ORTONVILLE — The Youth Group of the Baptist Church will hold a teenage party tonight at Green Lake.

Those planning to attend are to meet at the church at 6:45 p.m. to take the bus. Each attendant is to furnish their own hot dogs.

City Police Raid Gambling Game

15 Men and 1 Woman Apprehended at House Early This Morning

Pontiac Police vice squad officers raided a gambling game at 623 Central St. early this morning and arrested 15 men and a woman. Charged with loitering in a gambling house were:

Robert T. McCullum, 38, of 96 Clovess St.; Johnnie W. Wynn, 35, 495 Nevada St.; Robert L. Atkins, 28, of 247 W. Wilson St.; James W. Atkins, 38, of 527 Nebraska St.; and James M. Brunsen, 43, of 36 Maple St.

Others are: Palmer Ross, 38, of 17909 Russell St., Detroit; Robert Briggs, 36, of 201 Fulton St.; Stuart Watson, 36, of 480 Franklin Rd.; George Taylor, 46, of 495 Nevada St.; and David Powell, 50, of 498 Nebraska.

Also: James W. White, 26, of 628 Central; Jerry Dorman, 28, of 1521 Lapeer St.; Flint; Clyde Mays, 26, of 4715 Joslyn Rd.; George Page Jr., 26, of 79 Jackson St.; Henry Croswley, 18, of 372 Howard McNeil St.; and Louise Robinson, 42, of 555 Nebraska.

The raid was conducted by Detective Gerald Navarre, and Officers Earl Skrobeck, August Martinez and Richard Navarre.

In Municipal Court today, all pleaded guilty except White. They were fined \$10 or two days in jail by Judge Maurice E. Finnegan.

Adm. Smoot Arrives for Formosa Command

TAIPEI, Formosa (AP)—Vice Adm. Roland N. Smoot arrived today to take up his new post as top American commander in Formosa.

Smoot is succeeding Adm. Austin K. Doyle, who will leave next Friday to retire after 42 years service in the U.S. Navy. The new commander was formerly deputy chief of naval operations for administration.

Shut Off Kentucky Dam

KNOXVILLE, Tenn. (UPI)—The Tennessee Valley Authority yesterday closed all flood gates at a Kentucky Dam in an effort to reduce flooding along the lower Missouri and upper Mississippi valleys.

More Babies in Britain

LONDON (UPI)—The highest birth rate since 1949 and the lowest infant fatality rate ever recorded in Britain were registered during the quarter of 1958 ending June 30, official figures showed today.

Ike Tees Off, Putting Aside His Worries

GETTYSBURG, Pa. (AP)—President Eisenhower was the first man on the Gettysburg golf course this morning. His mind appeared to be far from the Middle East crisis.

"Oh boy... that's something!" and "Wowie!" were his comments on his practice too shots. His wonderment was not at their power or accuracy but their lowering height.

The President settled for a 190-yard drive and was off with his son, Army Maj. David Eisenhower, for his first 18 holes of golf since he played in Ottawa July 10 on his state visit to the Canadian capital.

But a helicopter was being held ready for a quick takeoff at an undisclosed spot, not too far from the Eisenhower's country estate here, in case of an emergency call from Washington.

Rains Kill 12 in Japan

TOKYO (AP)—The death toll from Typhoon Alice and three days of torrential rains in its aftermath rose to 33 today as Japan got ready for another storm. The national police said the rains had killed 12 persons and injured 17.

Daily Bible School Starts Monday at Ortonville

ORTONVILLE — The Methodist Daily Vacation Bible School will begin Monday according to Mrs. Robert Pickford, supervisor.

The school will be held Monday through Friday from 9-11:30 a.m. and children aged four through eighteen may attend.

Daughter Mails Letter With Trading Stamp

EL MONTE, Calif. (UPI)—Mrs. Nadine Murr received a letter from her vacationing 10-year-old daughter yesterday that had been mailed with a green market trading stamp. It was delivered without question or complaint by the post office.

The first and finest clip of wool may be made on an eight-month-old lamb.

Multibillion-Dollar Package Pending Bills Threaten to Delay Congress' Adjournment

WASHINGTON (AP) — House leaders have put a must label on package that seems likely to touch off a fight that could delay Congress' adjournment.

Democratic Leader John W. McCormack of Massachusetts has called for action on bills for a two-billion-dollar housing bill distressed-area aid, Social Security liberalization and regulation of labor welfare and pension funds. McCormack told the House that if the measures reach the floor there is no reason why the House could not be ready to adjourn by Aug. 9.

But there was belief that this target date may be overoptimistic in view of probable controversies now brewing.

A roadblock already has been erected in the House Rules Committee against clearance of the community public works bill, which its critics call "another WPA boondoggle." It would make low-cost federal loans available for almost any type of public works project.

A battle also faces new housing proposals. The cost of more than two billion dollars plus controversial new federal programs, will provoke strong opposition.

149-Year-Old Russian Wins Defense Medal

MOSCOW (AP) — At an age when most people would be happy to collect a medal for just staying alive, Makhdum Elvazov has got one for staunchly guarding the Soviet Union's frontiers.

Elvazov, who says he will shortly celebrate his 150th birthday, is a collective farmer in Zerbaijan. The Literary Gazette reported today he was decorated by the commander of the regional border guard for "assisting in guarding state borders in a spirit of ardent patriotism."

Tree Surgeon Fined After Branching Out

LOS ANGELES (UPI) — Columbus B. Fulghum, a tree surgeon, was fined \$25 yesterday for not confining his trimming to trees. Fulghum, charged with giving haircuts without a license, said he switches from trees to hair when things get slow in the foliage business.

Adlai Visits Novosibirsk

LONDON (UPI) — Moscow Radio reported last night that former Democratic party presidential candidate Adlai Stevenson had arrived at the central Asian city of Novosibirsk in his tour of the Soviet Union.

It Seems to Me . . .

Average Russian Is Interested and Curious About America

"Fools rush in where angels fear to tread."

This is an axiom of long standing and while the angels stand hesitantly on the side lines with a hush-hush finger on their lips, I lumber forward.

Here it is—in one sentence.

There won't be an all-out war.

★ ★ ★

This assertion is based on factors that I'll enumerate and then you can tell me how wrong I am and why.

★ ★ ★

This past week I heard Dr. HERMAN E. WELLS, President of The University of Indiana, speak on Russia. Dr. WELLS was barely 48 hours in this country and his mind was still filled with impressions and convictions. He spoke many times of the friendliness of the Russian people and their interest in the United States.

★ ★ ★

"People stopped me on the street and asked questions about the United States," he said. "They were eager and above that they were friendly."

"What language did they use?"

"English," said the good Hoosier President. "They're studying English all over Russia. French was the diplomatic and international language at one time, but now English is creeping throughout the world."

★ ★ ★

So, Russian people aren't as hostile and filled with hatred towards us as the Russian leaders wish they were. This means collective enthusiasm for an all-out war with the United States must be rather apathetic. And the top Reds KNOW WHAT'S GOING ON AT HOME.

★ ★ ★

Next, consider the satellite countries. If the Russian nation ever declares a full scale war, Russia won't be able to focus all her attention on her open foes. These undercover hatreds will assert themselves and the Communists will face minor rebellions that might not be so minor. If we can supply these people with the weapons of war, then the manpower and planning will come pronto. No one knows this better than the Reds.

★ ★ ★

Next, who in his right mind could declare war today with both camps so well equipped? We could wreck the world in a physical sense. The bombs that leveled Hiroshima were little Roman candles compared to what the Russians and Americans can uncover today. Nothing but a Pyrrhic victory could grace the banner on either side, win, lose or draw. Does Russia want to win a war that leaves nothing for anyone? Is that a "victory?" Is that worthwhile?

★ ★ ★

The quickest rallying point in a war is an invasion. Japan drew us in overnight by her sneak attack. The United States does not covet land or power. We will never invade Russia first. We don't want Russia—or any part of her. Thus the greatest means of uniting a citizenry behind a war-

mind government is denied the Communies. An indifferent—or worse—an unwilling army is suicidal in itself.

★ ★ ★

Thus, I believe the Russians will nudge Nasser and their other henchmen and stir up the maximum trouble and foment disorder and rebellion wherever possible. But I believe they'll stop short of World War Three. There may be a Korea of sorts, but I just can't believe in 1958 that 200 million people can throw an entire globe into armed conflict, mass murder and the destruction of most of the great cities of the leading nations.

★ ★ ★

And then, finally, anything so horrible and so terrible as this would call for the intervention of The Greatest Power of all.

Do you think I'm wrong?

And in Conclusion . . .

Jottings from the well thumbed notebook of your peripatetic reporter:

Early this week I attended a business meeting and luncheon on Mackinac Island. I rode to the airport in an automobile, flew to St. Ignace in an airplane, took a taxi to the docks, rode a ferry boat to the island and jogged to the Grand Hotel behind a team of nice, bay horses. A 10:00 o'clock meeting was followed by a luncheon and an address and then I was back in The Pontiac Press at 4:30. . . . The smash newspaper picture hit of 1958 to date was the U.S. Marines landing in Lebanon. It ran from coast to coast.

★ ★ ★

The book of James Couzens' life shows he started working on a 12 hour shift, seven days a week, at \$40 a month. . . . Post card from Len Lewis says he parked "right next to a Pontiac" in Oxford (England). . . . I don't drink coffee but Frank Starzel, General Manager of The Associated Press, tells me instant coffee is improved immeasurably by heating the cup well. . . . Two of the latest Sherman Adams gags: "A vicuna's a Republican mink"; and, "From Adams and Eve to Adams and Evil." . . . Sack dress jokes are tapering off but here's one you may not have heard: "A gal in a sack dress looks just like a kangaroo with everyone home."

★ ★ ★

ADLAI STEVENSON says privately the Dems "have no candidate." He says KENNEDY is out on three counts: youth, wealth and religion. I don't think the three combined are important. They told me in New York Adlai is very, very receptive personally. . . . One of the top masters of ceremonies in this section is BOB EMERICK. . . . Purely personal nomination for an especially attractive individual: GERALDINE BLANZY. . . . Sign in gas station: "Have gun—Will grease." . . . The greatest U.S. gal swimmer of all time is 14 year old CHRIS VON SÄRLZA. Last year she got straight "A's" in school. . . . TED SMITH, A.P. sports boss told me the Yank players expect to win the pennant by 20 games.

—HAROLD A. FITZGERALD

The POWER of FAITH

by Howard Brodie

ST. JOHN, called the "beloved disciple of Christ," was the only one of the original 12 apostles to escape martyrdom. A fisherman, he was mending his nets with his brother, James the greater, when Christ approached along the shore and promised to make them "fishers of men." The call to faith was immediately answered by the two brothers.

When Jesus died on the cross, He entrusted His mother to John's care, saying "woman, behold thy son." A tender avowal of the esteem in which John was held by his master, John, the author of the fourth gospel, is generally believed to have lived to a very advanced age.

Days of All Faiths

Honor Nine Non-Christian Saints

By DR. HOWARD V. HARPER

Friday, August 1, a large part of the Christian Church honors nine saints who never came within two centuries of being Christians, and probably would not have been Christians even if they had lived in the Christian era.

In the year 180 B.C., the Syrian king Antiochus Epiphanes, who had conquered the Jews and was occupying their little country, decided he would introduce the sophisticated Greek culture to replace the Jewish ways, which he considered crude and primitive. What he did not know, but soon found out, was that Jewish law was inseparably tied up with religion. It was not just a matter of changing a few customs.

He was shaking the foundations, and he ran into a solid wall of resistance. Furious, Antiochus devised a strategy. If he could get the Jews to eat pork, that would be a breakthrough. And if he could get their most pious and respected citizen, a 30-year-old man named Eleazar, to eat the forbidden meat, then the chances were the others would follow.

So, they tried to persuade Eleazar, then to bribe him, and finally to force him. But they got exactly nowhere with the devout old man. They put him to death—the first of the Holy Martyrs whose steadfastness is celebrated today, and the only one whose name is known.

Then followed seven brothers and their mother, bringing to a total of nine the number of martyrs executed for the crime of not eating pork.

WHY CALLED MACCABEES?

Maccabees was the surname of the rebel leader Judas, who headed the Jewish revolt against Antiochus Epiphanes. His popularity was so great among the oppressed Jews that his name was adopted by all who became his followers in resistance against the foreign king. A tradition, impossible to support now, says that the relics of the seven brothers are in the Church of St. Peter ad Vincula ("St. Peter's where the chains are") in Rome.

MOSES WITH HORNS

In this same church in the city of Rome stands (or sits) the famous Michelangelo statue of

Moses, which shows the great Jewish leader with two horns on his forehead. A reader, recently returned from Rome, writes in to ask "Why the horns?"

The answer is that they are based on a mistaken translation of the passage in Exodus, Chapter 34, Verses 29 and 30, which tells how Moses came back down from Mount Sinai bringing with

him the stone tablets on which were engraved the Ten Commandments. It is recorded there that "the skin of his face shone."

The translator, using his own judgment, rendered it "his face was horned," and not only Michelangelo but several other medieval artists depicted Moses with horns. (Copyright 1956)

Dr. William Brady Answers:

I'd Be Creaking With Age if Calcium Is Dangerous

I have been eating calcium and vitamin D as you advise for "rheumatism" and getting wonderful results. But whenever I tell my friends what has helped me so much they usually remark that this causes calcium deposits. . . . (Mrs. H. P.)

Answer—Both Mrs. Sumner and Ben Told? If eating calcium and D caused calcium deposits I should be creaking like DR. BRADY an abandoned windmill now.

I am using your iodine ration and it has done wonders. Haven't felt or looked so well in years. May I have your pamphlet "YOUNG FOLKS AND OLD FOLKS?" (Mrs. J.H.S.)

Answer—Any one may have it FREE if he encloses stamped, self-addressed envelope. If you begin supplementing your diet with the three vitamins and three minerals recommended in the pamphlet, remember that one of them is iodine, so you will no longer need the iodine ration.

If milk is so essential in the diet of young people, why do athletic coaches forbid teams to drink milk for hours before and hours after important games? (W.C.M.)

Answer—Probably because the coaches think 19th century notions are better than newer knowledge. I have always wanted to have a baby either at home or in the rooming-in manner you described in your column June 5. Please direct me to such doctors or hospitals. . . . (Mrs. S.W.F.)

Answer—I'm sorry, I can't afford to maintain a directory service. I tried to do so years ago, but found it a thankless and very costly task.

Thanks to your pamphlet, "WHEAT TO EAT," we have discovered a new delight—eating bread made from wheat we grind ourselves. This is but one of many reasons why we. . . . (G. E.)

Answer—Thank you. The pamphlet is FREE to any reader who asks for it and provides a stamped, self-addressed envelope. Wheat meal or flour should be used within 24 hours after the grinding, never more than a week old.

Is cream of tartar oxidized in the body like the citric acid in oranges and other citrus fruits, or is it harmful like vinegar? Is the cream of tartar sold in this like spices

made from apples or is it made from something else? (S. A.)

Answer—It is not oxidized in the body, but is often a good remedy to take, as a mild diuretic (increasing kidney function) and to acidify alkaline urine. It is made from grapes, from the tartar deposited in the casks when wine is fermenting.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan. (Copyright 1958)

Case Records of a Psychologist:

Awkward Son Needs Dad's Help

Dick's father woke up after my talk mentioned before. He did as dramatic a rightabout face as Scrooge. For when he tested himself by the Marshall Field yardstick, he found he was already living at the millionaire level. And so are you! So don't be classified as a "Vacation Dad" when your "butterfingers" son needs you 52 weeks in the year as a pal.

By DR. GEORGE W. CRANE
Case V-372: Dick B., aged 9, is a forlorn little fellow.

"My Daddy hasn't time to play with me," he began, "for he is always too busy."

"He says one of these days he'll make a pile of money and then we can have a lot of fun."

"But the other kids call me 'butterfingers' 'cause I drop the ball so much. That's why they don't pick me when they DR. CRANE choose up kids for ball teams."

"If Daddy would only play ball with me, maybe I'd learn how to catch and wouldn't be such a 'butterfingers'."

VACATION DADS
Dads, beware of the danger which Dick mentions. And don't limit your camaraderie with your kids to a brief vacation period in August.

Kids crave more than "vacation Dads." They want you to

Voice of the People

'Should Unmarked Cars Be Able to Stop Drivers?'

Since when do unmarked police cars have the right to pull other cars over to the curb? State police are doing just that.

★ ★ ★

Now are we supposed to know the driver behind the other wheel is a police officer? Any car which is not plainly marked "Police" and tries to force me over to get a darn good chase for his money, because for all I know, the occupant of that car may be trying to burglarize me or do other harm.

★ ★ ★

Drivers, how about your wives? Do you want them pulling over to the curb at the mere beep of a horn from any ordinary car? Now let's get sensible and make some laws which will straighten out this situation.

Angry Driver

Bible Interests Clarkston Reader

A short time ago someone mentioned wishing to correspond with others interested in the Bible. I'm interested not from a clergy theoretical thinking, but the individual's understanding that the Bible is a life's movement in thought. It is an expression of thought, expressing a higher thought through the physical life's movement. In other words, the body reveals what the life thoughts are. The Bible has certain key words in its text that throw a most interesting light upon the whole text. I'm not interested in taking issue with religious beliefs, but for the sole purpose of writing these thoughts to another and thus find the Bible's facts rather than fiction.

'School Book Cost Should Be Lower'

With the fall school term rolling around, I wonder how many readers living in the Walled Lake area feel as I do about buying books.

Last year we enrolled twins at the Junior High and it cost us \$36 for books. At the end of the term we received a refund of \$7 and the books were in good condition.

All other schools around us have the book rental system and I for one am in favor of this. Maybe if everyone interested would write the superintendent, we could have the same system.

Tax Rates on Property Differ Greatly by States

(From Our Wire Services)

Wide variations in local property tax assessments in each of the 48 states have been revealed in a recent government release, according to Commerce Clearing House, national reporting authority on tax and business law.

★ ★ ★

In a state-by-state survey portrayed on a map prepared by Commerce Clearing House from Census Bureau figures, the ratio of assessed value to sales price for residential property varies from 6 per cent in South Carolina to 80 per cent in Rhode Island.

State and local governments, CCH points out, depend on three main revenue sources: property, sales and income taxes. In view of the often-expressed opinion that property taxes are about at a maximum now, it is interesting to note the correlation in three of the most populous states:

New York, with an income tax but no state-wide sales tax, has a property tax ratio of 43 per cent; Illinois, with a sales tax but no income tax, has a property tax ratio of 40 per cent; California, with both sales and income taxes, has a property tax ratio of only 20 per cent.

Figures on the CCH map summarize the results as to non-farm residential real property, which accounts for about one-half of all

locally assessed realty in aggregate assessed value. Property in this category accounted for 32½ per cent of assessed value and over \$3 billion in sales value, the CCH report said.

Transfers of real estate during a six-month period in 1956 were covered in the survey. The buyers of 118,640 pieces of real property were asked to report assessed value, type of property and sales price.

Generally, assessment ratios were somewhat lower for farm property, with only four states, Illinois, Rhode Island, South Dakota and Wisconsin, having ratios of over 40 per cent. Vacant lots generally carry ratios between those applicable to residential property and those applicable to farm land.

★ ★ ★

Sales of commercial and industrial property were also studied for the period, but the available sample was too small to be conclusive.

Some of the state ratios shown on the CCH map were qualified in the report as follows: Illinois—as equalized by the state; Minnesota, Montana and North Dakota—taxable value; and Texas—county valuations. No allowance was made for homestead, veterans' and similar exemptions granted in 30 states, the CCH report explained.

BUDDIES GET SET FOR LONG HAUL — Don McLean, 18, of 185 Elizabeth Lake Rd., gets some help with his seabag from four friends. The five Pontiac area youths—long-time friends—enlisted under the Navy's "Buddy Program" at the local Naval Recruiting Station and will leave for Great Lakes Training Center as a group, Monday morning. From left to right, helping

with the bag, are Andy Martin, 18, of 805 St. Clair St.; Frank Gordon, 17, of 3 Rosshire Ct.; Jack Bergstrom, 17, of 2546 Silver Lake Rd., Waterford Township; and Danny Maloney, 18, of 40 Chippewa St. Looking on with visions of how each will look with his own seabag is Chief Pipefitter Charles A. Helmke, of the Pontiac Recruiting Substation.

Join Rebel Defense

Young Girls Fight in Lebanon

By RICHARD MORIN

BEIRUT, Lebanon (AP) — The machine guns chattered, bullets smacked against the wall and heavy dynamite blasts rumbled in and around Basta, the rebel-held hilltop section of Beirut.

Three teen-age Lebanese girls manned posts in the barricades beside the men.

They have had only two weeks basic training but they carry arms and are on duty 15 hours a day. Why?

"Because (President Camille) Chamoun is unjust to the Lebanese people and because he is

an aggressor," said brown-eyed Samira Sunno. She added "so are you Americans. What are you doing in Lebanon supporting an unjust man?"

One of her companions, Zeynab Masri, said of her duty: "I give you two reasons, first because I love my country and I feel I am defending it. Second to set an example for the men."

Zeynab Masri is 16. So is the third girl, Houde Ajouz.

They are among at least 50 women and girls being trained for military duty by the rebels. They

said they thought of joining the popular resistance movement, as they call it, when the rebellion first began in Lebanon nearly three months ago.

Two weeks ago they volunteered. Now they're in uniform.

Two—have not finished high school. Samira Sunno had completed her first training as a nurse.

The girls are deadly serious.

Starting at 6 a.m. they get two hours training, handling weapons. Then they work in the rebels' clean but under equipped hospital. It was formerly a mosque.

"We do not come here to pray any more," an interne said. "We come here to fight." At sundown the three girls go into their respective barricade positions in the Basta.

They remain until midnight.

Have they come under fire?

They burst into laughter, "Of course. There's almost always some firing."

Have they ever killed a man?

Laughter evaporated.

There was a moment of silence.

Then Houde Ajouz, patting a .22-caliber pistol in a hip holster, said

"if they attack of course I will try to kill them."

She's an orphan who lives with her brothers.

Masri's father is a prosperous motion picture distributor. Sunno is the daughter of a vegetable merchant.

You ask the three girls if they realize they can get killed, even in minor skirmishes.

"It's better to die fighting than to do nothing at a time like this," Samira Sunno said.

Canada leads the world in the production of nickel, asbestos and pet companies tour the United States every year.

Reflections

WE'RE SERVANTS

Show me the person with many friends and I'll show you a man who has willingly served. He has never been too busy to help carry a load, listen, inspire, point the way. That person is the first to open his purse and the last to condemn, he is the first to arrive on the job and the last to leave.

He will never promise more than he can fulfill. He has faith in himself and in those around him. He is reverent, accepts the tenets of the Bible as his guide to happier, healthier living. He's no softy either; he'll fight for what he knows is right and quickly apologizes if he is wrong. He is the servant of others for the joy it brings to him.

A happy family is composed of servants; the mother serves her husband and children; the husband smiles in delight when he gives joy to wife and children and the children take their cue from their parents—they serve to make them happy.

Be a servant! Be happy.

Question Keeps Auto Industry Guessing:

Is Small Car Penetration Near Peak?

By DAVID J. WILKIE
AP Automotive Writer

DETROIT (AP) — Is the small car—100-inch wheelbase or less—nearing the peak of its U.S. market penetration?

The question is arousing almost as much speculation in automotive circles as the possibility of an upturn in the industry's overall sales volume next year. The answers are widely divergent.

European auto makers who have been supplying most of the small cars sold in this country say demand will continue to mount. Major U.S. car builders, with small

units already well developed in their styling and engineering departments, may put them into production late next year. But they are not presently convinced their share of the smaller car market will be profitable.

Meanwhile American Motors has pulled itself out of the red with its Rambler car and Studebaker-Packard has the same goal with a shorter wheelbase model for 1959. Most of American Motors' success has been with its 106-inch wheelbase Rambler, although it also has revived its earlier 100-inch vehicle called the Rambler American.

Studebaker-Packard, which completed its 1958 model run a couple of weeks ago, will start 1959 model production in September. The new smaller car reportedly will be on a 108-inch wheelbase.

Persons close to the industry's activities say the smaller units currently in development by the larger auto builders also will be on 108-inch wheelbase chassis. That would make them only 8 to 9 inches shorter than the present minimum wheelbase length of some conventional models.

Current indications are that about 4,000,000 minimum length new cars will be sold in the United States this year, including about 325,000 imported units. This would compare with last year's total sales of 5,982,000 units, including about 213,000 foreign-built cars.

The imports, of course, were not all small cars, but most of them were.

Those who say the small car penetration will peak at around 400,000 units annually insist the

chief appeal of the smaller vehicles is their lower price tags and their fuel economy. They question also whether the rise in demand for the smaller cars would have been quite so rapid in a normal overall market.

A swing to lower priced vehicles always develops in periods of tightened purse strings.

Whether the major U.S. car makers can and will build a smaller car to compete both in initial cost and fuel economy with imported makes is a question yet to be answered. The fact they are developing cars on 108-inch wheelbase chassis suggests price tags at least a little higher than those of the imported vehicles in greatest demand.

The more popular Volkswagen and Renault models have part of entry prices of \$1,625 and \$1,645, respectively, including excise tax and import duty. There are numerous others with even lower prices.

A fact the major American auto makers must also consider in deciding whether to produce smaller cars is that, unless they are priced substantially lower, they will be competing with their own lower-priced standard size models.

Chrysler still is saying little about its small car planning.

Air Transport Punch Revealed in Lebanon

PARIS (AP) — The American landings in Lebanon took the wraps off an air transport punch that dwarfs the famed cold war airlift into Berlin.

The decision to land troops in Lebanon was immediately backed by an airlift that could deliver—over a distance 20 times as great—more supplies than ever were flown from West Germany to Berlin during a 24-hour period.

The airlift has been going on at this rate for almost two weeks and Air Force officers confidently predict it can continue as long as needed while routine flying chores are handled also.

In addition, the U.S. 6th Fleet is giving massive seaborne support to the Marines who landed at Beirut.

The airlift is run from a small control room at Evreux, France, 50 miles west of Paris, where the U.S. 322nd Air Division is based. A single telephone call from there can reroute planes from Oslo to Istanbul.

At its height, the Berlin airlift of 1948-49 never quite reached carrying a million pounds daily. The longer airlift to the Middle East has several times beaten that by some 200,000 pounds.

However, like the Berlin airlift, this one is no lark. The crews have been worked so hard that a flight surgeon now stands on the flight line to insure that no over-enthusiastic pilot gets into the air too tired to handle the huge planes safely.

The commander of the 322nd, Col. Clyde Box, a former bomber pilot from Nevada, Tex., has flown 50 hours on the airlift himself.

With a telephone call, he can put into the air 110 big transports—C130 turbojet Hercules, C124

Globemasters and the old C119 twin-boomed Flying Boxcars.

At the start these planes were beamed up by another 80 planes from Ardmore, Okla., and Stewart Air Force Base, Tenn.

This global force had never really strained its muscles until President Eisenhower's decision July 14 to send troops to Lebanon.

'Honest Mistakes' Cost Him U. S. Post

WASHINGTON (UPI) — The Administration has gotten rid of a minor headache by withdrawing the nomination of a federal official who admitted he made some "honest mistakes" on past government job applications.

President Eisenhower yesterday withdrew the nomination of Bernard L. Flanagan to be a member of the Civil Service Commission. He acted officially at Flanagan's request.

The 39-year-old native of St. Albans, Vt., who had been serving as an interim civil service commissioner, wrote the President saying he didn't want to be used for "political harassment" of the Administration.

Reports Soviet Troops Have Left Romania

VIENNA (AP)—Bucharest radio said today the last Soviet troops have left Romania.

The Kremlin announced May 27 that Soviet troops who had been in Romania since late in World War II would leave and the number of Soviet soldiers in Hungary would be reduced about 12,000 from the estimated 50,000 to 100,000 there.

Asks Public Support for Mideast Policy

ST. LOUIS (AP)—Former President Harry S. Truman says President Eisenhower deserves the support of the American people in the Middle East crisis.

"When there is trouble and the President makes a decision, it is up to those of us in the ranks to get behind him and help him," Truman told the Missouri Department of the American Legion and its auxiliary yesterday.

The Democratic ex-President previously had expressed approval of Eisenhower's decision to send Marines into Lebanon.

"At election time, we reserve the right to do as we please, say what we please and act as we please," Truman said.

"In international affairs, that's another matter."

Spot Reducing

Try These Three Top Exercises

By JOSEPHINE LOWMAN
Buy women who are figure conscious often ask me for a very short routine of exercise which includes an exercise for the three spots most vulnerable to fat—the waist, abdomen and hips. They especially request that I select just one for each fault and that it be the one I know to be most effective.

There are dozens actually hundreds of exercises, but because of my experience with private classes I have had the opportunity to observe those motions which streamline most beautifully and most rapidly. In selecting one I cannot say that there are not others in about the same category but, these three are tops.

If you will do them faithfully every day, beginning with about 10 times each and working up to 40 or 50 times daily, you will be happy with the results.

For the waist: Stand tall with your feet comfortably separated. Bend the trunk as you drag the fingertips of both hands down the left leg as far as possible and on to the toe of the left foot if possible. Drag the fingertips up

the leg and pull back to the right. Continue this for a while.

Now drag the fingertips down the right leg as far as possible. Drag them up the leg and pull back to the left. Continue. This exercise also is corrective to the

pads of fat which sometimes accumulate in the back over the hipbone and just below the waist.

ABDOMEN
For the abdomen: Lie on the floor on your back with your legs straight and your arms resting on

the floor overhead. Raise the left leg and the left arm at the same time. Touch the leg with the fingertips. Lower arm and leg simultaneously.

This time raise the right leg and arm and touch. Lower to floor. Continue alternating left and right. Keep the knees stiff throughout the exercise.

This is the second part of the same exercise and the part which will really whittle the inches away. If it's too difficult at first, keep practicing the first part until you can do this.

Do not change the starting position, but this time raise BOTH arms and legs and touch the fingertips to the toes. Slowly lower both arms and legs to the floor. At this point take time to stretch out on the floor making yourself as long as possible. Continue. This exercise should be done slowly.

One of my pupils reduced her abdominal measurement six inches with this exercise. She did not diet. In fact she gained four pounds because she became firmer.

For the hips: Sit on the floor with your legs stretched out on the floor in front of you. Raise the legs from the floor and roll onto the right hip, catching yourself with BOTH hands. Now push off with your hands and roll onto the left hip catching yourself with BOTH hands.

Your legs are stiff and touch the floor only at the end of each roll. Lift your legs just far enough off the floor to bring your body weight over the largest portion of your hips.

If you would like to have my routine for abdominal reduction, waist reduction or hip reduction, send a stamped, self-addressed envelope with your request for leaflet No. 5. Address Josephine Lowman in care of this newspaper.

Bend the trunk as you drag the fingertips of both hands down the left leg as far as possible. This is for the waist.

Bridal Attendants Named at Party

Bride-elect Shirley Webb, who will marry Fred Burt Jr., Aug. 9, announced her attendants at a shower held Monday in the Williams Lake road home of Mrs. Richard J. Cascone.

Parents of the couple are Mrs. Thomas Webb of Dexter, Mo., and the Fred C. Burt of Brighton.

Geraldine Temple will be maid of honor with Mrs. Cascone and Betty Gillespie, sister of the bridegroom, as bridesmaids.

Cathy Carey will be flower girl and Michael Womford will be ring-bearer.

Ross Griswold will serve as best man and ushers will be Donald Armstrong and Dennis Lewis. All are from Brighton.

4808
SIZES
10-18

by Anne Adams

Enjoy carefree sewing and care-free living with fashion's favorite chemise. Slim and smart—note wide-away collar, double-breasted effect created by decorative buttons, back pleat. Choose cotton or skip-iron blend.

Printed Pattern 4808: Misses' sizes 10, 12, 14, 16, 18. Size 16 takes 3 1/2 yards 35-inch fabric.

Printed directions on each pattern part. Easier, accurate.

Send 50c in coins for this pattern—add five cents for each pattern for 1st-class mailing. Send to Anne Adams, care of The Pontiac Press, 137 Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address with zone, size and style number.

II, as the guest of honor at a party, you receive a gift, open it as soon as it is given to you. It isn't good manners to wait until you get home to open a gift.

Children and Dad Can Be the Victims

By RUTH MILLETT

In his newspaper health column, Dr. Edwin P. Jordan recently called his readers' attention to the following item which first appeared in the Journal of the American Medical Association:

"During recent summers a 'new syndrome' has appeared. It is characterized by the pale, flabby, tired child who has gained excessive weight during the warm weather because he has stayed indoors in an air-conditioned house watching television most of his waking hours and has indulged in frequent between-meal snacks that spoiled his appetite for well-balanced meals."

That's not the half of it. Judging from my mail a lot of men are suffering from the same complaint.

Actually, it is their wives who are doing the complaining. The men are just sitting—right in front of the TV set.

Some of them don't even get up to go raid the ice box. They just ask their wives to bring 'em a snack during commercials.

Yes, the men are getting pale and flabby—just like the kids. Because instead of mowing the lawn when they get an afternoon off, they are sitting in front of that TV set again, watching a ball game, and sipping that liquid refreshment that sponsors so many TV programs.

Just like the kids, they're tired.

too. Too tired to take their wives to a movie, too tired to fix a leaky faucet, too tired even to move.

So that makes everybody in the family tired. And you can bet Mama sure is sick and tired of being married to a man who hasn't enough energy to do anything but watch TV.

Children Are People

Children and teenagers take to her immediately, because she doesn't limit her conversation with them to asking questions. And she doesn't talk down to them. She simply treats young people like anyone else.

Make Up in Public?

Many women sighed with relief when they found it was all right to apply makeup in public. However, it still doesn't look very nice. And wouldn't you rather keep such secrets to yourself?

Rinse hairbrushes in a solution of alum and water to restore stiffness to their bristles.

Have You Tried This?

Coffee, Cloves Give New Flavor to Devil's Food

By JANET ODELL

Pontiac Press Home Editor

"What kind of cake shall I make?" You can be pretty sure the answer will be, "chocolate." If you're planning a cake for this weekend's picnic, try Mrs. Robert Graham's Creole Devil's Food cake. It's moist and real chocolatey.

★ ★ ★

Mrs. Graham is currently busy settling her family in their new home in Lakewood Village. The entire family enjoys water sports like swimming, water skiing and boating. Bowling is her wintertime hobby.

CREOLE DEVIL'S FOOD CAKE

By Mrs. Robert Graham
2 1/2 cups chocolate, melted

2 1/2 cup hot coffee
1 1/2 cups sifted flour
1/2 cup sugar
1/2 teaspoon soda
1/2 teaspoon salt
1/2 cup butter
1/2 cup soft shortening
2 eggs

Combine chocolate and coffee. Sift dry ingredients into bowl, add buttermilk and soft shortening. Beat two minutes.

Add eggs and cooled chocolate-coffee mixture. Beat another two minutes. Pour into two greased 9-inch layer pans or a 9x13 pan.

Bake layers 30-35 minutes in a 350-degree oven. Bake the loaf cake 40-45 minutes. Frost with your favorite white frosting. Polka-dot the frosting with dabs of cooled melted chocolate.

Spadea's american designer pattern

1346
Ceil Chapman

Ceil Chapman makes it a point to design dresses that men like to see on their women and that give women a definite feeling of absolute femininity. In an era of the chemise, this party model stands out for its terrific body lines, its attitude of knowing sophistication.

The front of the bodice is cut on the bias and is lined to hold it to the figure, the neckline is daringly draped in front, takes a pretty plunge in back. The skirt slim and molding is caught up on the side with your own jeweled pin.

An assured success in black rayon or silk crepe, heavy sheers or thin, pliable party fabrics, it is equally good in certain of the new novelty cottons or rayon mixtures. Select your correct size from this size chart.

Bust	Waist	Hips	Neck to
8	23	33	34
10	24	34	35
12	25	35	36
14	26 1/2	36 1/2	37 1/2
16	28	38	39
18	30	40	41

Size 12 requires 2 1/2 yards of 39 inch material for dress and 1/2 yards of 39 inch material for lining.

To order Pattern No. 1346, state size, send \$1.00. For new 96 page Pattern Book No. 15 with many chemises, send \$1.00— for CEIL CHAPMAN label, send 25c.

Address SPADEA, Box 535, G.P.O., Dept. P-6, New York 1, N. Y. If paid by check, bank requires 4c handling charge.

ROBERT L. LABARGE

To instruct in the Pontiac Public School system this fall is Robert L. LaBarge, son of Mr. and Mrs. Albie J. LaBarge of North Cass Avenue. A graduate of Central Michigan College, he received the U.B.E.A. Smead Award and the F. E. Robinson scholarship.

Choose Cosmetics to Match Skin Tone

Selecting correct shades of cosmetics is difficult. The key is to know the colors that match your skin tone.

Warm hues, generally, are best for skins with other or olive tints while pink or reddish complexions take cool tone colors.

Help Hostess

The house guest who unobtrusively helps her hostess with the little things that have to be done instead of merely saying, "Tell me, if there is anything you want me to do," is a joy to have around.

Rude to Be Late

Some people make it a habit to arrive everywhere at least 30 minutes late. Maybe they think it makes them look important. But all it does, actually, is make them seem rude.

A new bushel-size plastic laundry basket features a side clothespin compartment. It's also convenient for easy access to small wash items.

Let us take a load off your hands!

Enjoy the summer! Bring dress shirts here for expert laundry service... and let us clean the family's summer cottons and sports wear with our special NOVA-TEX and LUSTRE-SHEEN Methods!

LUTHERANS BELIEVE THE BIBLE IS FOR EVERYONE

What good does an earth satellite do you? It depends on whose satellite it is—and on what its purpose is.

What the Holy Bible can do for you also depends upon whose book it is and what its purpose is.

The Christian Church says, "The Holy Scriptures... are able to make thee wise unto salvation through faith which is in Christ Jesus. All Scripture is given by inspiration of God." (II Timothy 3, 15-16)

Don't dismiss that claim lightly. When the headlines announced a satellite, you believed it. Give at least as serious consideration to the claims of the Christian Church whose message has changed our world more than any space missile. Closer to home, the fact that your Lutheran neighbors, who are (on the whole) a fairly stable lot, believe the Bible is God's Word to man should make you take a serious second look at this book.

At first you might think it's an enemy missile for sure. It tells you that your nature is evil and

your death will mean an eternal exile from God. But once you train your sight on the Gospels, you'll see it's on your side. You'll see God is on your side! He has given you a way to salvation through the work of His Son, Jesus Christ. The Bible urges you to accept His love and be saved!

It took sixteen centuries to launch the Bible's sixty-six books. Their orbit has expanded through the years. If you have read this far, the Bible's message has reached you, too! Accept it. Check in with the Church. Make this weapon yours!

Confident Living

New Start Is Possible Despite Past Failures

By NORMAN VINCENT PEALE

His name was Jim. He was a big man, but shy. He was a salesman. His company employed a large sales force and Jim's record was nearly the worst of all. It seemed only a question of time before his employer would have to let Jim go.

PEALE

Yet, only a year after his superiors had decided to give Jim one last chance, he passed every other salesman employed by his company to become its top producer. At the annual sales meeting, the sales manager called Jim up to the platform to give him the prize for being top man for the year. As the manager handed him a check he said: "Jim, you're a mystery to us. You've never been anywhere near the top in sales before, but now you've reached it. Besides, you came up from the bottom of the list. How did you do it? I want you to tell the boys here."

Jim was embarrassed. "There's really nothing I can tell them," he said. "I just got hold of something that changed me and made me a new man."

"What was that?" the manager asked curiously.

"I simply found thirteen lucky words—and they've been worth their weight in gold to me. You see, when I was told you were going to fire me if I didn't improve, I got to thinking. I went home that night, gave my wife some money and told her to take the kids to the movies because I wanted to be alone. I sat in my chair thinking, and believe me, boss, I was pretty honest with myself.

"Well, after a while, I happened to see an old Bible my mother had given me but which I hadn't looked at for years. She told me if I ever got into trouble I'd find an answer to it in that Book. Well, I was in real trouble. Maybe this was the time. Anyway, I took it from the shelf, blew the dust off it, and began to leaf through it, reading here and there. There were lots of good things in it, but it wasn't until I was almost going to close it in discouragement that I found exactly what I must have been looking for."

Talking religion wasn't his line, but he continued doggedly. "I found these thirteen words: 'Behold, I make all things new... He that overcometh shall inherit all things.'"

"Well, those words struck me like a ton of bricks. If anyone needed to be made new I was the man!

"I closed the Bible, got down on my knees and prayed to God to make me a new man: to help me stop being such a flop in life. I meant this prayer too, and I felt much better. Then my wife and kids came home and we went to bed. I had the best sleep in weeks. I felt more peaceful and confident.

"The very next morning, I repeated those thirteen words to myself several times. And because I was determined to change everything about me and make it all new like the words said, I went downtown and bought a complete new outfit and took it home. Then I undressed, got into the tub and scrubbed myself as hard as I could. It seemed like I wanted to wash all the failures off of me. Then I dressed and, before going out, knelt down and prayed for God's help and guidance. I looked in the mirror on my way out, and believe it or not, I actually looked like a new man. I know that sounds crazy, but it's the way it seemed.

"I said, 'God, I'm going out now to make my calls and do the best I can, with your help.' I found myself taking a lot more interest in the people I called on. I was more enthusiastic. I began to sell, and I realized I was enjoying myself. Everything perked up because I was perked up. I guess that's all there is to it."

The man who told me about this said that at this point you could hear a pin drop. Then, suddenly, there was cheering such as had never been heard before at any sales meeting. Jim's friends had seen actual proof that a man, with God's help, can make himself over, despite past failures, and start life anew. There are always new beginnings for new men. (Copyright, 1958)

"BENEDICAT VOS OMNIPOTENS DEUS"—The century-old words of blessing, "May Almighty God bless you in the name of the Father, the Son and the Holy Spirit," are imparted to his family by newly ordained priest, the Rev. George B. Zelenik, at St. Benedict's Church.

In this solemn blessing, parents and priest share their joy and reward for mutual sacrifices that have led to the priesthood. Shown are (from left) Joseph, a brother; Sister Pauline, a sister; his mother; Joseph Zelenik, his father; and another brother, Paul.

Women of Trinity Baptist Plan Services, Banquet

Celebrating annual women's month, Mrs. W. L. Calhoun and Mrs. Richard H. Dixon Jr., are in charge of all services during July in Trinity Baptist Church.

Mrs. S. D. Ross, whose husband is pastor of Shiloh Baptist Church, Detroit, will be guest speaker at the 11 a.m. Women's Day service tomorrow.

Mrs. Ross attended American College and was graduated from Spellman College, Atlanta, in 1928. After her marriage in 1936, she continued her studies at Wayne University.

Presently a teacher in the Detroit Public School system, she is first vice president of the women's department of the National Baptist Convention, Inc., and director of religious education of the Wolverine Baptist Convention of Michigan.

Others assisting in the day's services will be Mrs. L. C. Black, Mrs. Rosaree Kinder, Mrs. Sarah Gary, Mrs. Marie Garling, Mrs. Mattie Taylor and Mrs. Eula M. Mickens.

Janice Hatchett and Mrs. Booker Yancey will lead the community singing at the annual Mother and Daughter Banquet at 8 o'clock tonight.

Gideons Being Asked for More Bibles

LOUISVILLE, Ky. (AP)—Gideons International has been asked to step up distribution of Bibles next year.

P. J. Zondervan, Grand Rapids, publisher and president of the organization, urged the National Convention to increase distributions to 3,600,000 copies—almost one million more than last year. He said 2,832,135 Bibles were distributed by Gideons in 41 nations during the 1957-58 year.

Silver and gold have I none; but such as I have give I thee: In the name of Jesus Christ of Nazareth rise up and walk.

Who then is this, that even the wind and the sea obey him?

Percy Walley to Be Speaker

Julie Dovre, Andrea Allen to Lead Senior, Junior High Fellowship

After a three weeks vacation in Iowa, Percy M. Walley, minister of education at Bethany Baptist Church, has returned and will preach at both the 8:45 and 11 a.m. services tomorrow. Michael Rooney will be youth assistant at the early service and Jean and Lillian Hilton will sing a duet.

At the later service, Diane Cottrill will be youth assistant. Mrs. George Zannoth and Ralph Bergemann will sing.

Mr. and Mrs. Floyd Foren of Lake Angelus will open their home to the Senior High Youth Fellowship for the meeting tomorrow afternoon and evening.

Julie Dovre, chairman, announces cars will leave the church at 2 p.m. The program will include a discussion on "How to Make Friends," swimming and games.

Andrea Allen will be the leader of the Junior High Youth Fellowship to be held at the Fenton Hamilton home, 1438 Oakwood, at 4:30 p.m. Sunday. "How Good a Samaritan Are You?" will be the topic.

B. M. Wilton of the long-term planning commission of Bethany affairs stated the Rev. Lawrence Jensen of the American Baptist Home Mission Societies will lead a survey at Bethany.

Communion to Be Observed

Dr. Edwin T. Dahlberg Coming to Church as Speaker in March

The Sacrament of Holy Communion will be celebrated tomorrow at the 9 and 11 a.m. services of the Orchard Lake Community Church, Presbyterian. Members recently received by the Session will be welcomed.

The pastor, Rev. Edward D. Auchard, will preach on "Christ at the Door." Mrs. Kay Rosier will sing "Lift Thou Our Burdens, Father" at the early service and "Just for Today" will be sung by Mrs. Patricia Reich at 11 a.m.

The Rev. Mr. Auchard will attend a workshop on preaching Monday through Saturday at the Summer conference for ministers sponsored by the McCormick Theological Seminary, Chicago.

Charles Tunon, chairman of the worship committee, announces the following guest preachers during the pastor's vacation, Dr. G. Merrill Lennox, executive director of the Michigan Council of Churches; Lloyd Collins, a Detroit manufacturer who is president of the National Council of Presbyterian Men; and the Rev. Charles House, Detroit area representative of Alma College.

Dr. Edwin T. Dahlberg, president of the National Council of Churches, will be guest of the Orchard Lake Church in March.

Pastor of the Delmar Baptist Church in St. Louis, Mo., Dr. Dahlberg was a neighbor of the Rev. Mr. Auchard when he was pastor of Grace Presbyterian Church, St. Louis.

Boy Convinces Dad He Wants That Dog

HONOLULU UP—A boy, oft times, can be a dog's best friend. Especially in the case of 11-year-old Steve Doughty, and his dog, Rusty, a 2-year-old beagle.

When Steve's family moved to Hawaii last September, they had to leave Rusty behind with relatives in Northridge, Calif. Steve's father, Navy Chief Photographer Robert Doughty, promised he would pay the lad's fare back to the West Coast to get Rusty if Steve could save half of it—about \$65.

For five months, Steve washed cars, mowed lawns, went without ice cream, saved his 50-cents weekly allowance. Finally, he saved \$62 and his dad put up the rest. Steve went back to California to pick up Rusty.

8 Young People to Give Reports at Worship Hour

Attending a Youth Fellowship Conference on the campus of Muskingum College, New Concord, Ohio are Carol Beatty, Norman Clark, Brenda Forbush, Sheryl Isenhardt, Darlene Rose, Danny Shaw, Louise Smith and Bon Weston.

The group will give reports of the conference sessions at the 11:15 morning worship service on July 27 in the Auburn Heights United Presbyterian Church.

Men of the church have challenged the church boys' softball team to a game at 6 p.m. Thursday at the Auburn Heights Grade School field.

Presently the boys' team is leading the Avondale Church League with a 9-1 record for the season.

Worshippers Escorted to Church Seats by Cat

BRISTOL, England—The burial place of a remarkable cat is marked by the simple epitaph, "The Church Cat, 1912-27," in the churchyard of St. Mary Redcliffe Church at Bristol.

Members of the church say that for many years this cat met worshippers at the door of the church and escorted them to their seats. As a reward it was allowed to live in the church. At night it would often sleep in the pulpit.

THE OLD RUGGED CROSS

GEORGE BENNARD

1. On a hill far a way stood an old rug-ged cross, The

LOVED BY MILLIONS—Written in 1913 by the Rev. George Bennard of Reed City, "The Old Rugged Cross" has become one of America's best beloved hymns. The Rev. Mr. Bennard will be speaking at the 2:30 p.m. camp meeting service in Evangelistic

Tabernacle, 2800 Watkins Lake Rd., tomorrow. With his wife, he will sing at both the 10:30 morning service and 7:30 evening worship period.

Author of Gospel Songs, Speaker

The Rev. George Bennard of hymns, will be speaking at 2:30 p.m. Sunday in Evangelistic Tabernacle, 2800 Watkins Lake Rd. The guitar playing evangelist

and preacher will sing with Mrs. Bennard at both the morning and evening services which will close the 18th annual Holiness Camp Meeting.

It was in 1913 when he was studying about the Cross that the Reed City pastor said he was moved to write the song.

"I was praying for a full understanding of the Cross, and its plan in Christianity. I read and studied and prayed. I saw Christ and the Cross inseparably.

"It was like seeing John 3:16 leave the printed page, take form and act out the meaning of redemption. While watching the scene with my mind's eye, the theme of the

song came to me and with it the melody; but only the words of the theme, "The Old Rugged Cross," came. An inner voice seemed to say "Wait."

The Rev. Mr. Bennard was holding evangelistic meetings in Michigan when the first revelation came. It wasn't until he had conducted services out of the state and returned that the song was finished. He has written about 400 gospel songs.

Meetings have been held daily at the tabernacle since July 17. The day begins with morning prayer at 7:30. Worship service is at 2:30 p.m.; a young people's service at 6:30 p.m. and a revival service at 7:30 p.m.

The Rev. J. C. Brillhart of Battle Creek and the Rev. Ivan Sisk of San Diego, Cal., director of "Youth for Christ," have been preaching daily.

Other speakers during the 10-day meetings have been Mrs. Clara Hendrickson of South America, the Rev. H. M. Jobe from India, Mrs. E. H. Eberle of St. Petersburg, Fla. and Mrs. E. H. Shelhamer of Washington, D.C.

Overnight guests are staying in the new 20-unit motel just completed and in homes of church members. Breakfast, lunch and dinner are served in the dining hall on the camp grounds.

The Rev. A. H. Baughney, pastor, is also president of the camp meeting.

150,000 Devoted Due in New York

Jehovah's Witnesses to Stage Biggest Religious Spectacle of All

NEW YORK (AP)—Massive preparations are going on here for one of the biggest religious spectacles of them all.

The Jehovah's Witnesses are coming to town.

Already the vanguard of an expected 150,000 devotees of the "new world" order are streaming into the city for the eight-day international assembly, opening Monday.

Both Yankee Stadium and the Polo Grounds, linked up by 26,000 feet of loud-speaker wiring, are being transformed into paradise-like settings for the affair.

Trees, flowers, towering white columns, flagstone walks—even artificial mountains covered with evergreens and a waterfall with a stream flowing into a 5,000-gallon "lake"—are being set up to adorn the ballfields.

Two orchestras will supply music, to go with the thousand-throated hymn singing.

The "ministers" or "publishers" of the organization—everyone who belongs is a preacher—are coming from 120 countries by land, sea and air transport, including: Two chartered transatlantic liners.

More than 500 chartered planes. About 500 chartered buses.

One cavalcade of 18,000 automobiles, gathering in numbers along the way, will roll into town from the west.

With the convention expected to overflow every hotel and motel in the vicinity, about 10,000 volunteers have been roaming the metropolitan area for weeks, lining up private rooming accommodations.

Ringed doorbells is a practiced art with the Witnesses, who do much of their evangelistic work that way, plus preaching on curbstones, in parks, business offices and homes.

Even with the extra private housing they've arranged, there's expected to be a big contingent staying in tents and trailer-camps around the city's edge.

REV. AL PAYEA

Eastern Evangelist to Preach Sunday

The Rev. Al Payea, well known evangelist of Rochester, N.Y., will fill the pulpit tomorrow and Aug. 3 at the Christian and Missionary Alliance Church, 220 N. Cass Lake Rd. at M59.

A former actor and boxer, the Rev. Mr. Payea has been in evangelistic work for some 25 years traveling through the United States, Europe and the Holy Land.

The pastor, the Rev. G. J. Bersche, is conducting Morning Watch Services for two weeks at the Christian and Missionary Alliance Central District Camp Meeting at Beulah Beach, Ohio.

'Lutheran Night' Set for Friday

10,000 Seats Secured for Tigers, Baltimore Orioles, Detroit

Members of all Lutheran Churches in this area are taking part in a special "Lutheran Night" to be held at Briggs Stadium, Friday.

Aim of the effort is "to give sports-minded Lutherans in the State of Michigan an opportunity to demonstrate their appreciation to the Detroit Tiger baseball team for the many hours of fine entertainment they provide through the summer."

In pre-game ceremonies, special honors will be paid to the following Lutherans on the Tiger team: Harvey Kuenn, Billy Hoelt, "Red" Wilson, Tito Francona, Bill Fischer and Mel Ott, radio broadcaster.

Ten thousand seats have been secured for the game between the Tigers and the Baltimore Orioles.

Churches are taking reservations now, as the deadline for placing orders is Monday.

With all thy getting get understanding.

Hollywood Headlines:
Ann Sothorn to Produce Her Own Show on TV

By BOB THOMAS
AP Motion Picture Writer
HOLLYWOOD (AP)—Ann Sothorn and Lucille Ball were walking together along a street at Desilu Studios.

"Don't you get a funny feeling in this place," said Lucille, gazing around her.

"I sure do," said Ann. "We used to be starlets together when the studio was RKO. Now you own the place and I'm a producer."

It's a curious turn of events, but then, that's show business. Lucille and her husband Desi Arnaz became owners of the studio through the success of I Love Lucy and their other TV ventures.

Now Ann, with one successful TV series behind her, is blossoming out with another. This time she's nobody's Private Secretary. She's the boss.

"Yes, I'm going to produce the series myself," she said. "I don't know exactly how I got into this. I'm really more interested in what I'm doing before the camera than with worries about scripts, dressing rooms, casting and so forth."

But she's plunging right into the new series. It's called, of all things, The Ann Sothorn Show. "That's against my wishes," she commented. "I wanted to sell it as Career Girl. But everybody told me people would refer to it as The Ann Sothorn Show anyway."

"I think we have great prospects for a powerhouse lineup on CBS Monday nights. First will come Father Knows Best, then Danny Thomas and my show, followed by Desilu Playhouse."

Ann gets out from behind the typewriter this time. She plays the assistant manager at a swank New York hotel. Ernest Truex is the fussy manager and Reta Shaw his amply-proportioned wife. There are several wacky continuing characters to enliven the fun. And since it's a hotel, there's no end to the new figures who can be introduced.

Among those who are already scheduled to sign the register are Lucy and Desi themselves, and Jim Arness.

The new series will find Ann on TV every week, whereas she used to alternate with Jack Benny with Private Secretary. She'll have to film 32 shows, and that will keep her hopping until next March.

"I've got a beautiful house waiting for me at Sun Valley, but I won't get to see it except for a three-week vacation," she sighed.

'Show Biz' Lends Theme to Romeo Children's Parade

ROME—"Show Biz" has been chosen as the theme of the Children's Parade, opening event of the Romeo Peach Festival program on Labor Day. Co-chairmen Mrs. Marvin Miller Jr. and Mrs. Charles Komraus say this theme offers unlimited possibilities for floats and individual entries.

They suggest ideas may be found in the media of television, the legitimate stage and movies as well as the old "horse opy."

Churches, area organizations, neighborhood groups and families usually begin construction of the larger floats this month, the chairmen said.

Prizes will be offered for the outstanding entries in each of four categories: Large floats, small floats, walking groups and individuals. The parade traditionally attracts more than 100 participants and is one of the highlights of the three-day festival program, officials agree.

Dem Candidates to Tour Monday, Tues.

Democratic candidates for county offices, state senator, Congress and representative from the six districts will tour southern Oakland County on Monday and the Pontiac area on Tuesday, the Democratic committee announces. They will be accompanied by Lieut. Gov. Phil A. Hart, Democratic candidate for United States senator.

The Pontiac area schedule will include breakfast in Rochester, a tour of Pontiac shopping centers and the business district, and a noon luncheon at the Roosevelt Hotel where Lieut. Gov. Hart will be guest speaker.

A rally for residents from townships of northern Oakland County will be held at 8 p.m. in the Pontiac Township Hall on Opdyke road.

Texan Voters Ballot Today

Lone Star State Issue
Once Again Liberals
vs. Conservatives

DALLAS (AP) — Texans ballot today in their big biennial political showdown with the issue again liberals vs. conservatives.

Democrats and Republicans scheduled significant night precinct conventions.

Democrats nominate a senator, governor, 4 U.S. representatives and hundreds of other state and local officers.

Republicans will merely be going through the motions in their primary, since only one candidate has announced for each of the scattering of offices they seek — with one major exception.

This is the House seat from Dallas, now held by Bruce Alger, only Republican in Texas' congressional delegation. He is opposed by former Democrat Grover Cantrell, young Communications Workers of America leader. Three Democrats seek nomination for that office.

The liberal-conservative fire is expected to flame hottest in precinct conventions. Conservatives now control the party's State Executive Committee, and a combine of liberal-labor-party loyalists seek to wrest the leadership. The final decision on control will come in September at the state convention.

The conservatives generally are identified with the group which in 1952 and 1956 through Democrats-for-Eisenhower committee. The President carried Texas both times. If the liberal-labor-loyalist group can win in the state convention, it may have a great bearing on the 1960 presidential race.

Jobless Pay Shows Rise During July

WASHINGTON (AP) — Both regular and temporary unemployment insurance benefits showed a rise for the week ended July 12.

The government reported yesterday that regular payments increased by 36,500 to 2,625,400.

Temporary extra benefits in effect in some states went to 80,500 additional workers, making for a total of 335,100. These payments went to jobless workers in states that have adopted programs to extend duration of benefits for those exhausting their unemployment insurance rights.

Eight states — Michigan, New York, Pennsylvania, Indiana, New Jersey, Massachusetts, Illinois and Alabama — accounted for 85 per cent of the extra benefit payments.

An increase in insured unemployment is customary at this time of year when workers ineligible for vacation pay claim benefits during temporary summer plant shut downs. Those receiving vacation pay allowances are ineligible for jobless payments.

There was a 45,000 drop in new claims for jobless benefits during the weekend ended July 19. The total submitted was 251,200.

Mail Carriers to Go to Routes Via Taxis

DES MOINES, Iowa (UPI) — Letter carriers attached to a sub-station here will begin traveling to their routes via taxi Monday.

Postmaster Dave Cranshaw said postal officials figured out that a group of letter carriers can ride together in a taxi for 17 cents each — three cents less than they have been paying for bus fare.

About 42 per cent of Brazil's people are under age 15.

DR. ESTHER L. HIBBARD

A Congregational Christian missionary, Dr. Esther L. Hibbard, who taught in Japan, will be the guest speaker Sunday at the 9:30 a.m. service of the First Congregational Church, Rochester. "Because Christ Came to Japan" will be the title of her address. She is the final speaker in the month-long 131st anniversary celebration of the church. Dr. Hibbard has taught English literature, social and religious classes at the Doshisha University, Kyoto, Japan, since 1929.

Sputnik Rocket Will Be Visible Over Michigan

CAMBRIDGE, Mass. (U) — The rocket carrier of Sputnik III will be visible several times over the weekend to Michigan residents.

The Smithsonian Astrophysical Observatory said the rocket carrier first will cross northeastern Canada Saturday morning from about 1 to 1:05 a.m. (EST) and will be visible throughout the northeast part of the country and the Great Lakes area.

Other Saturday passes visible in Michigan are scheduled a little before 2:50 a.m., about 4:30 a.m., and 11 p.m. On Sunday, the rocket carrier can be seen at 1 a.m., 2:50 a.m., and 11:30 p.m. Monday, the schedule is 1 a.m., and 2:50 a.m.

To Return Suspect in Police Murder

VALDOSTA, Ga. (U) — A 25-year-old Chicagoan wanted in the killing of a Ludington, Mich., policeman is to be returned to the Michigan town today by police officers.

The prisoner, Charles Hanna, was picked up in this south Georgia city Wednesday after he pawned a spare tire. Valdosta Police Chief Wilbur Perkerson said the prisoner told officers he was driving a stolen car and was wanted in the slaying of Ludington policeman Orlo Slagle.

He signed a waiver of extradition, and the Michigan officials planned to leave with him by train early today.

Hanna gave Perkerson a signed statement saying he did not remember firing the shots which killed Slagle after he and two other officers answered a disturbance call at a Ludington tavern.

Canadian Deficit at \$64.9 Million
OTTAWA (AP) — Canada's government is \$64,900,000 in the red after the first quarter of its fiscal year.

This is only a dent in the 648-million-dollar deficit the government has budgeted, however.

Finance Minister Donald M. Fleming announced last night the government had its largest deficit this fiscal year in June, when it spent 108 million dollars more than it received. This wiped out a net surplus for April and May, the first two months of the Canadian accounting year.

Rochester Firemen Set Annual Fish Dinner

ROCHESTER — Tomorrow, the Rochester Firemen's Annual Fish Dinner will be held at The Fireman's Cottage, Randall Beach on Tommy's Lake.

Dinner will be served from noon until 2 p.m. and approximately 150 village and township officials and local businessmen will attend the public dinner.

Medics Offer Advice to Ulcer Sufferers

MEMPHIS, Tenn. (UPI) — The medical unit at the University of Tennessee yesterday offered this prescription for ulcer sufferers: "Take one shaded creek bank, a fishing pole and forget the bait."

Mailman Kills Rattler, All Quiet on Dog Front

RUTHERFORDTON, N.C. (UPI) — Mail carrier J. F. Orders encountered no vicious dogs on his new route yesterday — only a three-foot rattlesnake. He promptly killed the reptile.

California's gold was discovered in 1848, only 10 days before the treaty ending the Mexican war and transferring the territory to the United States was finally signed.

Rebels in Cuba Call for Strike

HAVANA (U) — Cuban rebels again are calling for a general strike to topple President Fulgencio Batista. There is no indication the workers will heed the call.

Rebel attempts to drum up general strikes in the past 12 months have flopped. But the rebels still say a strike is the best way to force the downfall of Batista's regime.

Leaflets circulated in Havana and throughout the other five provinces in Cuba said "a general revolutionary strike will be maintained as the decisive arm for the definite triumph of the people."

However, there seems to be no visible sentiment in favor of a strike. Three general walkouts called by rebel leader Fidel Castro within the past year failed for lack of public support and lack of coordination.

Rebel bulletins say, "Civic resistance is indispensable in the fight against oppression."

They called upon all Cubans, pending a new general strike call, to apply an economic squeeze this way:

1. Stay away from all public spectacles.
2. Buy only basic essentials.
3. Use automobiles as little as possible.
4. Do not buy national lottery tickets.
5. Cooperate economically with the revolution.

The powerful Cuban Federation of Labor, with 1,200,000 members,

has cold-shouldered rebel calls for a strike.

Eusebio Mujal, its secretary general, said communists supporting the rebel movement have from time to time tried to stir up strikes in factories and industrial plants.

Mujal said agitators were being weeded out rapidly and Cuba's workers, as a whole, would not join "any political strike" urged by the rebels.

Mae Clarke Loses Suit for One Million Dollars

LOS ANGELES (AP) — Mae Clarke lost her million-dollar invasion of privacy suit over a television skit depicting her as a "poverty-stricken has-been."

"Well, it's God's will," said the actress yesterday when a Superior Court jury returned a verdict in favor of the defendants.

Paramount Television productions, Inc., and actress Ottola Nesmith, who portrayed Miss Clarke were defendants. They contended Miss Clarke is a public figure and has no right of privacy.

Singer Peggy Lee Ill

HOLLYWOOD (AP) — Singer Peggy Lee is seriously ill and may be hospitalized today, her physician says. Miss Lee has infectious mononucleosis as a result of overwork, said Dr. Richard T. Barton. It is a virus infection that affects the glands and blood.

2 Men, Insects Soar in Balloon

Navy Hoping 30-Hour
Flight to Be Stepping
Stone to Space

CROSBY, Minn. (AP) — Two earth men went aloft before dawn today on a 30-hour balloon flight the Navy hopes will be a stepping stone to space.

Cmdr. Malcolm Ross and ex-Navy balloonist M. Lee Lewis began their trip to the sky at 4:45 a.m. from a cavernous open pit iron mine. The daring flight, undertaken in darkness after unfavorable weather delayed the launching three days, marked the first time man has left earth carrying with him the same atmospheric conditions existing on the surface.

The towering 17-story plastic balloon jerked away from a truck on which a seven-foot aluminum gondola rested. The big gas bag veered slightly to the east as it rose out of the 400-foot pit, then cleared the rim and headed skyward.

Ross, 29, and Lewis, 45, carried with them a tiny television camera and some 10,000 insects.

The balloon is expected to reach an altitude of more than 80,000 feet, or nearly 16 miles into the sky.

Cmdr. L.P. Pressler, the flight coordinator, said the balloon probably will come down sometime after sunrise Sunday in the vicinity of Aberdeen, S.D.

Gen. Chennault Shows 'Marked Improvement'

NEW ORLEANS (UPI) Ailing Li, Gen. Claire Chennault has shown "marked improvement" and has

been removed from the critical list, a spokesman at Ochsner Foundation Hospital said yesterday. The former head of the Flying Tigers in World War II is undergoing treatment for bi-lateral lung cancer.

A woman who has a temper she can't control often has a husband she can't... A man doesn't really object to a woman getting the last word. What bothers him is that it takes her so long to get to it.—Earl Wilson.

GUARDIAN OF THE HEARTH — She's a Chihuahua and her name is Bebe. As dogs go, she's already an old lady. Mrs. Notch persuaded her to sit on the hearth long enough to have her picture taken. This modern fireplace is made of buff brick. The brass sunburst clock matches the fireplace fittings. The hearth is made of multi-colored slate.

OUT SASHABAW ROAD — The Peter Notch home sets well back from the road, right on the shore of Seymour Lake. Their close-to-an-acre of ground was once the potato patch of the Gladys Sherwood farm. Miss Sherwood is a Press correspondent.

Pontiac Press Photos by Ed Vanderwey
ent. The Notches' one story home has a full basement. The exterior is buff brick. Mr. and Mrs. Notch did their own designing and subcontracting. They did all the painting and insulating.

WITH A LAKE VIEW — This is a real picture window with a view of Seymour Lake. Walls and carpeting are plain aqua. Draperies and furniture have pattern. Tables are mahogany and lamps have white shades. After years of working

full time and caring for an eight-room house, Mrs. Notch is now able to take life at a more leisurely pace and to participate in community and church affairs. She is delighted with her new life.

Background for LIVING

Your Neighbor's House

Peter Notches Choose Lake Site

By JANET ODELL
Pontiac Press Home Editor

Moving to the country has been the long-range ideal of millions of city-bred Americans. Today, many have halfway achieved their desire by moving to suburbia; at least, they live in a semi-rural atmosphere.

The Peter Notches, however, settled for nothing less than a 75x400 foot lot (almost an acre) on Seymour lake. Their former home was an eight-room model, only a few blocks from downtown Pontiac. Mrs. Notch had a full-time confining job. But she could dream about the house she wanted.

The Notches worked hard to make that dream come true. They planned their house themselves and did their own subcon-

tracting. They did all the painting, both inside and out. They put in insulation and the bathroom tile. The job took about nine months.

Last summer the Notch family lived in their new home on Sashabaw road, but they came back to town in the fall. Their older daughter, Joy, had a job she wanted to keep. In February she went off to Eastern Michigan College and a month later her family made their permanent move. Reluctant about the whole business at first, now Paula, the eleven-year-old, loves country living. Mrs. Notch thinks it's heavenly.

Set way back from the road, the buff brick house has patios on both front and rear. Mrs.

Notch tends a good-sized garden that includes flowers and vegetables. Mr. Notch has plenty of lawn to keep mowed all around the house.

JOY MADE DRAPERIES
From the rear patio you step directly into the living room. This room has windows at each end. Those on the front display a delightful lake view. Both are framed in white draperies with a coral, gold and black design. Joy made all the draperies for the new house.

Walls in this room are aqua. Carpeting is a deeper shade of the same color. The sofa is covered in a textured material, rosy beige with a silver thread. On either side of the fireplace there are matching wing chairs covered in beige

damask. Near the front window is a cream colored leather arm chair and matching ottoman. Tables are mahogany.

The buff brick fireplace is modern in style. The bricks extend to the ceiling, with two stone planter shelves at different heights. The low hearth is multi-colored slate. Fixtures are brass. In front of the fireplace there's a rose braided rug.

The house has two bedrooms with a bathroom between. The front bedroom has pale green walls and gray carpeting. Curtains are flowered and bedspreads white. Twin beds, a Mr. and Mrs. chest and another tall chest are all blonde. The closet has sliding doors.

Paula's room is on the lake (Continued on Page 14)

1661 South
Telegraph
Pontiac**Here's How to Make
a Beach Table**

A folding table for use at the beach can be easily carried, and can be stored in a small space.

The top is two panels, each consisting of two 1 by 10-inch boards, 34 inches long, and joined with 2 butt hinges. Make each panel by edge-gluing and doweeling, and by rounding the outer corners. A hand hole may be made near the outer edge of each panel, as shown.

Use 1 by 2-inch lumber for the rails and legs. The longer rails are 22 inches long, the shorter ones are 12 inches long. Fasten the rails to the under sides of the panels with glue and No. 4 flat-head wood screws, 1 1/2 inches long. Drill 3/4-inch holes, 1/2-inch deep into the lower edge of the rails,

complete the holes through the rails with a 7/64-inch drill, and fasten the rails from beneath.

The legs are rounded at each end. At the top of each leg bore a hole 1/4-inch in diameter in the center line and 1 inch from the top. Bore corresponding holes in the long rails, and pivot the legs on 1/4 by 2-inch carriage bolts. Place two washers between the legs and the rails. Card table hinges are used to secure the legs in upright position.

Round all sharp edges by rasping and sanding, and finish the table with a clear outside varnish.

**Building Permits
Rank in Top Ten**

Eight Oakland county communities issued over 100 building permits in the second quarter of this year. This report, sent out by the Detroit Metropolitan Area Regional Planning Commission, lists three of these communities among the top ten of the region.

Madison Heights, Royal Oak City and Waterford Township issued 620, 365 and 311 permits respectively. Waterford Township replaces Bloomfield Township in the top ten.

Substantially, the number of building permits issued in the second quarter of 1958 were higher than the number issued in the first quarter. Oakland County, however, issued 1,100 fewer permits during the first half of 1958 than for the same period last year. This is a 27 per cent drop.

It is suggested that strikes in the building industry may have created a backlog of building permits and that the last half of this year may see an upturn.

Mountain lions still roam some of the isolated forest areas of New Mexico, posing little threat to people but preying on sheep and cattle. Until recently, the Department of Game and Fish retained a professional, full-time lion hunter.

**Tests on Screens Show
Values of Aluminum**

Window screens can help keep your home cooler in summer, warmer in winter, says Mrs. Mary Hardy, Oakland County home demonstration agent. They affect the amount of light, heat and air that pass through.

The United States Department of Agriculture recently tested three screening materials; aluminum wire, galvanized metal wire and a punched louvered aluminum material. The results might help you if you're in the market for new screening.

Aluminum wire allowed the most heat to come into the house. It also let the most light through; 66 per cent as much as came through an unscreened window. It wears well, doesn't rust and is in the medium price range.

Galvanized metal wire ran a close second in the amounts of heat and light it let through. It is least expensive of the three, but does rust.

The louvered aluminum material allowed only 16.5 per cent of the sun's heat into the house and only half as much light as did the other two screenings. It would keep your home cooler, which is fine in

summer, but what about warding off old man winter?

According to Mrs. Hardy, the report suggests that louvered aluminum screens could be made so they reversed in winter. They reflect so much of the sun's heat that the home owner should be able to reverse the screening to help warm his house on cold days.

Privacy is one of the advantages of louvered aluminum screens—you can see out, but it's hard for the neighbors to look in. It needs more care than the other two screenings, however, because it tends to tear. It is the most expensive of the three tested.

Aluminum wire, galvanized metal wire and the louvered aluminum material rated about equal when it came to the air movement they allowed. The louvered aluminum tended to direct the air upward.

Storage Space Must Fit Needs

It takes a heap of storage space to make a house a home.

If your family is still trying to find places to store belongings, some sober reflection on storage units might help transform the house into a home.

In general storage facilities should match contents with materials. In other words a closet for storing mops, brooms and carpet shampoos should be surfaced with such waterproof and easy-to-clean materials as ceramic tile and quarry tile. Another cardinal rule is to spot the storage facilities near the point where the stored articles are used.

Here are suggestions for the four basic units:

1. Shelves. Because the types of articles as well as the number vary with each family, flexibility is important. Therefore most shelves should be adjustable. Height of the tallest articles determines distance between floor of the unit and first shelf.

2. Full-access fronts. For accessibility closets should have a full front opening. Conventional door-in-wall closet limits access to the storage space because the sides and space near ceiling are blocked by the jamb and head of the door.

3. Doors. Various kinds of doors can be used on full-front closet openings: sliding, folding or hinged doors. Sliding or folding doors are ideal for limited space. If storage racks for accessories are to be used on the inside of the door, a hinged door is necessary.

4. Drawers. Drawers should be as shallow as possible for the type of article to be stored.

Plastic Pipe Takes Water to Right Spot

You can have water where you need it, when you want it, if you install extra water lines to the garden, the garage or the back-yard barbecue. Installing these water lines is simple and easy to do if you use plastic pipe.

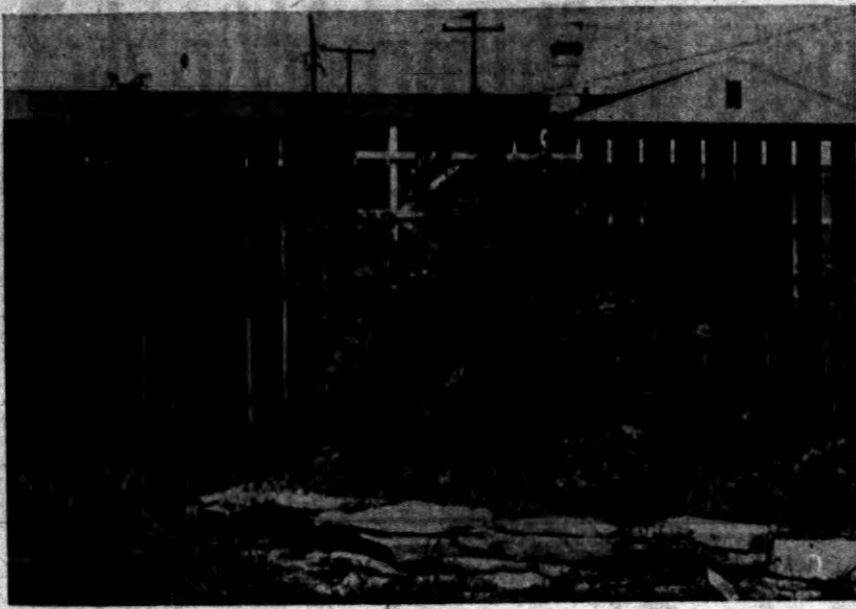

Modern plastic piping is available in a wide selection of sizes and is easily joined with the wide variety of fittings. Either flexible or rigid plastic pipe can be used. In choosing the plastic pipe you use, make sure that you get plastic pipe bearing the seal of approval of the National Sanitation Foundation.

This is your guarantee that the pipe meets the rigid standards set up to make sure that the plastic pipe you use will not impart any taste or odor to the water.

With plastic pipe transporting water to where you use it, you will never again have the back-breaking chore of carrying heavy buckets of water.

Light weight, easy-to-use plastic pipe can quickly be installed to carry drinking water to almost any point on your property where you might need water.

When applying paint with a roller, always begin on an unfinished area and work toward a finished space. It makes a smoother job.

LOUVERED FENCE—Don Wharff of 2454 Middlebelt road constructed this louvered fence around his back yard. It is redwood stained. The inside sections are so made that they may

be removed from the framework. The fence provides a background for the Wharff flower garden.

Plastic Panels Brighten Patios and Carports

The age of plastics is made to order for the home handyman looking for ways to improve and beautify his property during summer's extra daylight hours.

Translucent plastic panels, for instance, are ideally suited for finishing a patio or carport. These colorful panels, which are available in a variety of eye catching shades, admit light while cutting down on glare. They provide sturdy protection against the elements and—most important of all—may be installed by almost anyone with ordinary tools.

Home improvement specialists pass along some useful tips that will enable the do-it-yourself enthusiast to achieve professional results.

First, make a rough sketch of the area to be covered by the plastic panels. Your local lumber or building materials dealer will then be able to provide you with the lumber and other materials needed to build a framework.

Translucent panels are available in 26-, 34-, and 40-inch widths and 8-, 10-, and 12-foot lengths. A popular panel is the 40" x 12" size. If this is used, the distance between rafters or studs should allow for the overlapping of one corrugation where the panels meet. If the framework is already built, panels may be sawed to fit existing dimensions.

Plastic panels are nailed to rafters or studs and cross braces. Overlapping should take place over these.

Paint Can Lower Ceiling

In these days of remodeled buildings, the size of the rooms often has been so reduced that the high ceilings seem all out of proportion. Take care of this by extending the color of the ceiling down the side walls in a band of whatever width looks attractive. The ceilings will seem lower.

Prefabrication homes now represent more than 12 per cent of all single-family homes sold.

supports. Nail at the crown of the corrugation, making sure to drill holes before inserting nails. For best results aluminum nails and neoprene washers are recommended.

Nails should be spaced from 12 to 18 inches apart. An interesting shadow effect can be obtained by staggering cross braces in alternate rows.

Carports or patios finished in these panels add striking color to your home's exterior. Although light in weight, they are extremely sturdy and corrosion-resistant and possess the easy-to-clean characteristics of plastic materials. Their translucent qualities insure plenty of light and privacy.

Follow Rules for Cutting Glass Easily

Glass is easier to cut than you'd think. Just follow these rules:

Rest the glass on layers of newspaper, felt or a blotter. Wipe off all dirt and grit. Lubricate the wheel of your glass cutter with household oil.

Use a wooden yardstick to guide the cut, dampening the underside of the yardstick to keep it from slipping.

Draw the cutter across the glass toward you once—never more. Don't bear down hard, but use a gentle, steady pressure; a fine line is all that's necessary. The sound of tearing silk as you cut is a sign that all's well.

Hold the glass firmly on both sides of the cut and break it with a quick down-bend motion.

Texture Paint Helpful

A texture paint can be helpful in concealing cracks, rough or patched plaster, or dry wall seams. Thicker than regular paint, it's brushed on and then stippled with a brush or sponge.

Ductless Houses Cooled by Water

"Liquid cooling" is the ideal system for air conditioning a house that has hot-water heating, says the Better Heating-Cooling Council.

When a house has no heating ducts, a contractor can "snake" flexible tubing through walls without opening them up.

The tubing carries chilled water from a central unit to each room, and air cooled by the water is blown through grilles in the walls. The cooled air displaces warm air, which rises into the return grille of the unit.

Insulation is important, says the Council, because it can save money on original equipment costs, and operating expenses, and make the cooling system more efficient.

The Council adds that a reputable contractor should be consulted, both for the air conditioning and mineral wool insulation, since the job must be "engineered," just as in a heating installation.

FHA Remodeling Loans

A Title I FHA loan has proved a low interest way for homeowners to finance remodeling projects like replacing old siding with asbestos cement shingles. Over 21 million homeowners have borrowed 11 billion dollars from the FHA for home improvement since such loans were made available.

Pliers Hold Nail Firmly

Small nails bend, usually, when they are driven into tough stock such as hardboard, maple, birch, and oak. Next time, try squeezing the nail in the jaws of pliers while you pound. The pressure keeps the nails straight.

The Silvery Moon?

An old superstition among certain natives of Central and South America is that mahogany trees should be cut by the light of the moon because, according to this theory, they're sounder, freer of sap and of a richer color at night than during the day. Actually, the National Lumber Manufacturers Association says, this belief has no basis in fact.

Aguirre Ejected From Contest

After Leaving

DETROIT (U)—Hank Aguirre, the losing pitcher in last night's 4-3 Tiger loss to Washington, was ejected from the contest by plate umpire Ed Runge.

Aguirre, who faced only one batter before manager Bill Norman took him out, was mad at Eddie Fitzgerald. The Washington batter got a pinch single that kept a ninth inning rally going—it was the third straight time.

Disturbed because Fitzgerald sliced a single to right field, Aguirre yelled to him "why don't you swing the bat?"

there was some bench jockeying going on between Runge and the Tiger pitcher. Runge finally thumbed Aguirre to the clubhouse — and he was charged with the loss, besides.

TODAY'S 2-MINUTE MYSTERY

THE CASE OF
AFTER THE GAME

Eighteenth of a series

By DONALD J. SOBEL

"The boat shed is about a quarter mile from the fraternity house. Somebody lured Riley out there for the money he was carrying, but hit him too hard. The boy might never recover consciousness," said Inspector Winters.

"Didn't the interne at the emergency ward say that Riley had been drinking?" asked Haledjian. "Yes," replied the inspector. "The fraternity held a victory party after the State-Aggle game. Liquor is forbidden, but everyone knew about Riley's jug."

"He kept a gallon of gin in his room. During the party he got an empty quart bottle of soda, filled it with gin, and spiked everyone's punch. 'A tonic,' he called it."

"After Riley had made three trips to his room to fill the soda

Somebody lured Riley out there for the money he was carrying.

bottle, he began to get slightly tipsy. He apparently drank as much as he gave away. After the fourth filling, at midnight, he commenced bragging about the money he had in his wallet.

"State was the short ender at 5 to 11. Riley told about winning several hundred dollars."

"Who was the last person to speak with him?"

"Three of the brothers saw him talking briefly with Curt Hammond, the fraternity president, at ten minutes after one. I questioned Hammond. He said that he advised Riley to quiet down. Riley retorted that he was going to his room to refill the bottle, and Hammond could drop dead if he didn't like it."

"Riley went out of the parlor and that was the last anyone saw him till he was found in the boat shed this morning. The party by then had got pretty wild. Anyone could have slipped away without being missed."

"Even the president," said Haledjian.

WHY DIDN'T HALEDJIAN BELIEVE HAMMOND'S STORY?

"Three of the brothers saw him talking briefly with Curt Hammond, the fraternity president, at ten minutes after one. I questioned Hammond. He said that he advised Riley to quiet down. Riley retorted that he was going to his room to refill the bottle, and Hammond could drop dead if he didn't like it."

Bagwell Denies Plans to Raid Dem Primary

LANSING (AP) — Republicans have no plans to "raid" the Democrats at the Aug. 5 primary, declared Paul D. Bagwell, GOP gubernatorial aspirant.

Speaking at St. Ignace last night, Bagwell termed the Democratic claim "a prime example of political irresponsibility."

Democrats had issued statements saying that Republicans were conspiring to vote for William L. Johnson of Ironwood, gubernatorial candidate of the State Democratic Club, a splinter group, as a confusion tactic.

"If they know of any organized plot to invade their primary contest, they should present the evidence and not make a lot of untrue statements to create controversy," Bagwell said.

Child Star in the Chips

LOS ANGELES (AP) — Superior Court has approved 8-year-old actress Evelyn Rudie's contract with a talent agency which may "earn her a million dollars over the next six years. Evelyn was accompanied to court by her father and her pet parakeet, Pootsy.

HALF ACRE CASTLE

Dems, GOP Join Voices for Money

LANSING (AP) — Michigan's dog-and-cat fighting Republican and Democratic parties have agreed unanimously on one thing — they both need more money.

A joint statement was issued by the two parties in support of the American Heritage Foundation campaign to broaden the basis of financial support for political parties.

Nell Staebler chairman of the Democratic State Central Committee, and Lawrence B. Lindemer, Republican State Central Committee chairman, were in accord in their support.

They said both parties will participate in a program undertaken by the foundation to encourage voters to contribute to the party of their choice.

The fund drive will kick off this fall with a national advertising campaign.

Democrats will conduct a "Dollars for Democrats" drive and Republicans will stage a "Neighbor to Neighbor" campaign.

The Bureau of Engraving and Printing of the Treasury Department produces all the paper money and other securities of the federal government.

Log From Truck Kills Two in Auto

CRESCENT CITY, Calif. (AP) — A 70-year-old woman and her son-in-law were killed yesterday when a huge log rolled from a passing truck and crushed their car.

The truck driver, Myrand V. Austin of Grants Pass, Ore., was charged with manslaughter.

Killed were Mrs. Etta Galles, 66, and her son, Carl, 34, who was slightly injured.

Austin was charged also with gross negligence, speeding, driving unsafe equipment and failing to keep his truck under control on a mountain road.

Chemistry Grows Yearly

CHICAGO — Since 1946 the American chemical industry has been building plants at the rate of a billion dollars a year.

Queen Staying in London After Sinus Attack

LONDON (AP) — Queen Elizabeth II remained in London this weekend, still suffering from catarrhal sinusitis.

Her three doctors visited her this morning at Buckingham Palace but did not issue a statement. They said last night she was making good progress.

The doctors advised her to stay at the palace today and tomorrow. Usually at this time of the year, the Queen spends weekends at nearby Windsor Castle or visits friends at their country homes.

Deaths in Pontiac and Nearby Areas

PETER HEALY

Peter Healy, 84, of 40 Auburn Ave. died yesterday morning. He had been ill several years.

A former construction worker, he leaves a sister, Mrs. Nina Sine of Rochester.

Service will be at 10 a.m. Monday from the Purley Funeral Home.

OTTO E. HOLBROOK

Service for Otto E. Holbrook, 64, of 61 E. Walton Blvd. will be at 3 p.m. Monday from the Voorhees-Siple Chapel with burial following in Ottawa Park Cemetery.

A car salesman, Mr. Holbrook is survived by his wife, Beatrice; his stepmother, Mrs. Della Holbrook Elvins of Missouri; a daughter, Mrs. Wayne Garrett of Pontiac; three stepdaughters, Mrs. Ronald Kohnman of Dundee, Mrs. Glen Nadenoff and Mrs. Raymond Wagner of Pontiac; a brother, Howard of Auburn Heights, and a sister, Mrs. Ethel Carr of Seattle, Wash.

Mr. Holbrook died suddenly early yesterday morning in Pontiac General Hospital.

MRS. CHARLES E. TRAFFORD

Mrs. Charles E. (Sallie) Trafford, 75, of 23 Hibbard Ct. died Wednesday after an illness of several days.

She was a member of Newman AME Church, Rose of Sharon Court No. 471, Miller Baptist Society and St. Ann Chapter No. 26 of the Eastern Star.

A sister, Mrs. Mollie Orsborne of Beech Grove, Tenn., survives.

Service will be at 1 p.m. Monday from the Newman AME Church with burial in Oak Hill Cemetery.

Mrs. Trafford's body will be at the Frank Carruthers Funeral Home after 3 p.m. Sunday.

BABY GIRL WILSON

Graveside service will be held at 11 a.m. Monday at the Lakeview Cemetery, Clarkston, for Baby Girl Wilson, infant daughter of Carl F. and Maria Wilson Jr., 5595 Aylesburg St., Waterford Township.

Surviving besides her parents are a brother, Terry; and grandparents, Mr. and Mrs. Carl F. Wilson of Clarkston, and Mr. and Mrs. D. A. Byerly of Terre Haute, Ind.

The baby was dead at birth yesterday in Pontiac General Hospital.

THOMAS S. CRABTREE

MILFORD—Service for Thomas S. Crabtree, 73, of Ye Olde Hotel, will be held at 2 p.m. Sunday at

the Richardson-Bird Chapel. Burial will be at the West Highland Baptist Cemetery.

Mr. Crabtree died Friday in Pontiac following a seven month illness.

He was a member of the Milford Methodist Church.

Surviving are six sons, Harold of Woodstock, Ohio, Charles of Highland, Robert of Milford, John of Hope and Wesley and Lewis, both of Brighton; five daughters, Mrs. Violet Deering, Springfield, Ohio, Mrs. Nellie Howland of Walled Lake, Mrs. Leona Elkins and Mrs. Helen Frisbie, both of Brighton; two sisters of Ohio; 46 grandchildren and five great-grandchildren.

VALDEN M. CRIGER

ROSE CENTER — Service for Valden M. Criger, 76, of 225 Franklin St., will be held at 1:30 p.m. Monday at the Bendle Funeral Home, Holly. Burial will be in Grand Lawn Cemetery, Detroit.

Mr. Criger died suddenly Friday at the home of his daughter, Mrs. Thomas Hoy, 225 Franklin St., Rose Center.

Surviving are his daughter, Mrs. Thomas Hoy of Holly; two brothers, William of Dayton and a grandson, Tim, in the U.S. Army, Korea.

MRS. JACK KUHN

MILFORD — Service for Mrs. Jack (Sallie) Kuhn, 63, of 340 Harvey Lake Rd., will be held at 1 p.m. Tuesday at the Memorial Funeral Home, 3033 Puritan, Detroit. Cremation will take place at White Chapel Cemetery, Troy.

Mrs. Kuhn died Friday morning at Ford Hospital, Detroit, following a brief illness.

She operated Hi-Land Manor, Milford.

Surviving are two sisters and two brothers.

WILLIAM MCCRORY

SOUTH LYON — Service for William McCrory, 90, of 38699 11 Mile Rd., will be held at 2 p.m. Monday at the Phillips Funeral Home. Burial will be in South Lyon Cemetery.

Mr. McCrory died early this morning at his home following a one-week illness. He would have been 91 tomorrow.

Surviving are a son, Allen of South Lyon; a daughter, Mrs. Raymond Schoening of South Lyon; two granddaughters and two great-granddaughters.

JACK H. McDOWELL

AVON TOWNSHIP — Service for Jack H. McDowell, 63, of 3371 Greenwood Dr., will be held at 12:30 p.m. Monday at the Christian Missionary Alliance. The body will be at the Donelson-Johns Funeral Home until 10 a.m. Monday. Burial will be at the Eagle Grove Cemetery, Eagle, Michigan.

Mr. McDowell died Friday of cancer, at his home.

Surviving are his wife, Ida Pearl; two sons, Jack P. of Pontiac and the Rev. Neil H. of Danville, Ind.; a daughter, Mrs. Loren Purdy of Pontiac; three sisters, Mrs. Al Petrie of Brighton, Mrs. Earl Kelch of Pontiac and Mrs. J. Anderson of Flint; four brothers, Louis of Lansing, Bert of Flint, Clark of Pontiac and Frank of Flint, and seven grandchildren.

CONSTANT A. SUAVE

WALLED LAKE — Service for Constant A. (Charlie) Suave, 71, of 1615 Ladd Rd., will be held at 10 a.m. Monday at St. William's Catholic Church. The Rosary will be said at 8 p.m. Sunday at the Richardson-Bird Funeral Home. Burial will be in Holy Sepulchre Cemetery.

Mr. Suave died suddenly Friday at his home.

He was a member of the St. Wil-

liams Catholic Church, and was a machinist in the movie projector industry.

Surviving are his wife, Louise; a son, Charles of Detroit; two daughters, Mrs. George Kitzhazy and Mrs. Bruno Costa, both of Detroit; two sisters and eight grandchildren.

JOHN J. ZBOCH

NORTH BRANCH — Service for John Joseph Zboch, 82, of Jefferson road, will be held at 10 a.m. Monday at St. Peter and Paul Catholic Church. The Rosary will be said at the Blackburn Funeral Home at 8 p.m. Sunday and burial will be in Holy Sepulchre Cemetery, Detroit.

Mr. Zboch died Thursday at the Ferguson Convalescent Home, La-per.

Surviving are his wife, Nellie; four sons, John Jr. of Lincoln Park, Alan J. of Dearborn, Edward of Centerville and Frank of Eugene, Ore.; one sister, eight grandchildren and two great-grandchildren.

Deaths Elsewhere

WILMINGTON, Del. (AP)—Dr. W. Hale Charch, 60, whose research led to development of moisture-proof cellophane and other synthetic fibers for E.I. du Pont de Nemours, died yesterday. He suffered a stroke July 13. Dr. Charch joined Du Pont in 1925. He was identified with early work on orlon acrylic fiber and dacron polyester fibers.

MINNEAPOLIS (AP)—Mrs. William Adger Moffett, 70, whose husband Adm. Moffett commanded Great Lakes, Ill., Naval Training Station during World War I, died yesterday at Deephaven, Lake Minnetonka, Adm. Moffett headed the Bureau of Aeronautics from 1921 to 1933 when he died in the crash of the dirigible Akron off the New Jersey coast.

DETROIT (UPI)—Mrs. Grace Fleming, 80, died yesterday in Old Grace Hospital while funeral services were being held for her husband Samuel, 81, vice president of Manufacturers National Bank. Mrs. Fleming had been hospitalized three weeks. Friends said they didn't think she was aware her husband had died Tuesday.

Runs Into Car Path, Man Hurt Critically

An Independence Township man, Robert Kelly, 52, is listed in critical condition at St. Joseph Mercy Hospital today after running into the path of a car on U.S. 10 last night, according to Pontiac State Police.

Kelly, of 6445 Dixie Highway, suffered two fractured legs and head injuries, the hospital reported. Troopers said he was struck by a northbound auto driven by Frank B. Fielder, 35, of 321 S. Adelaide St., Fenton.

Witnesses told police that Kelly walked from west to east to the center of U.S. 10 just several hundred feet north of Andersonville Rd., Waterford Township. He then attempted to run the rest of the way and stepped in front of Fielder's car, they said.

Fielder was not held and is scheduled to make a full statement at the Oakland County Prosecutor's Office Monday morning, said police.

Search Gravel Pit for Possible Victim

Oakland County Sheriff's Deputies are continuing a search which began shortly before 7 p.m. last night in an Oxford Township gravel pit for a possible drowning victim.

Deputies were notified by Phyllis Hill, of 510 Draher Rd., that she had heard calls for help coming from the pit across the street from her home.

She told deputies she ran to the pit and saw someone splash around, yell for help, and then go under. She thought it was a young boy, deputies said.

An hour of searching by Deputy skin-diver Bill Jackson, failed to turn up a body. No missing persons were reported in the area. Deputies found foot prints leading to a piling but none leading away from it.

He Blames Squirrels

HARTFORD, Conn. (UPI)—Little Paul Sherman doesn't like squirrels anymore.

He used to like them, but after what one did to him yesterday afternoon — Well, that was the last straw.

Seven-year-old Paul was in the process of blowing the biggest bubble-gum bubble he'd ever blown.

Three judges of the bubble-gum contest watched as the bubble grew and grew to a record size — Paul was a sure winner.

Then it happened.

A squirrel high in the tree above Paul dropped a chestnut. It burst Paul's bubble — and with it his dream of becoming bubble-gum champion.

"Nuts to the squirrels!" says Paul.

ENGINEERS CONFER — Prof. Wendell E. Mason, right, vice chairman of the engineering department laboratories at the University of California at Los Angeles, compares notes with E. M. Estes, Pontiac chief engineer. Professor Mason made a five-day tour of the company as part of his participation in the General Motors conference for engineering and science educators.

By Visiting Engineering Professor

Pontiac Motor Praised

Words of praise were bestowed upon Pontiac Motor Division and its employees as Prof. Wendell E. Mason, noted west coast educator, wound up a five-day tour of the company's manufacturing, assembly, and engineering facilities.

Prof. Mason, vice chairman for the department of engineering in charge of laboratories at the University of California at Los Angeles, lauded the division's inspection techniques, observing that he "had never seen an operation with such careful and so frequent checks."

"I also was highly impressed with the most apparent good feeling and teamwork between management and employees," he added.

Pontiac's "foundry and plating techniques, gear and axle manufacturing processes, and the modern and complete engineering facilities," also drew acclaim from the professor.

Prof. Mason was one of 29 college and university faculty members participating in the seventh annual General Motors Conference for Engineering and Science Educators. The conference included meetings conducted by various General Motors executives at GM Technical Center, GM Institute, and the GM Proving Ground, in addition to the five-day field assignments.

Western Union Gets Air Force Contract

Western Union announces it has received orders to provide a 12,000-mile facsimile network for distribution of weather maps to 49 Air Force bases. This network will initially replace, and later expand an existing Air Force facsimile network which provides specialized weather facsimile services, designed exclusive for support of USAF strategic, tactical and transport air operations.

The new leased facsimile system, largest yet installed by Western Union will consist of a primary national system and three area sub-networks, all inter-connected. Installation of the primary network of 13 stations, extending coast-to-coast, is scheduled for completion by Dec. 1 and full operation of all networks is planned by March 15, 1959.

Romeo Newlyweds Tour West on Honeymoon Trip

ROMEO—On a two-week honeymoon trip to Yellowstone National Park are newlyweds Mr. and Mrs. William B. Stade, who were married in a recent ceremony in the home of the bride's parents, Mr. and Mrs. K. M. Knuppenburg of W. 32 Mile Rd. The Rev. Peter Vos performed the evening rite in the presence of the immediate families.

The bride is the former Dottie Knuppenburg and the bridegroom is the son of William C. Stade of Davis.

For her wedding, the bride chose a ballerina-length gown of white organza fashioned with a tucked bodice, cap sleeves and a graceful, full skirt. A matching organza bow held her shoulder-length veil. She carried a bridal bouquet of white roses and lilies of the valley centered with a white orchid.

The couple's only attendants were Nancy Ojala and Richard Schoenher, both of Romeo.

Following the nuptials, a wedding reception was held at The

Villa Inn in Lake Orion. Before leaving for Yellowstone, the young couple spent a few days at Silver Valley.

News in Brief

Charles A. Ridley, 16, of 3370 Hurd Rd., Metamora, is reported in satisfactory condition at Pontiac General Hospital today after falling from a tractor driven by Gary Skene, 15, of Metamora, on Baldwin road, south of Farmer Creek road, near Metamora yesterday afternoon, according to Pontiac State Troopers.

WILSON, July 25, 1958. BABY GIRL WILSON, infant daughter of Carl F. and Maria Wilson Jr., 5595 Aylesburg St., Waterford Township, died yesterday morning at birth in Pontiac General Hospital.

Surviving besides her parents are a brother, Terry; and grandparents, Mr. and Mrs. Carl F. Wilson of Clarkston, and Mr. and Mrs. D. A. Byerly of Terre Haute, Ind.

Graveside service will be held at 11 a.m. Monday at the Lakeview Cemetery, Clarkston, for Baby Girl Wilson, infant daughter of Carl F. and Maria Wilson Jr., 5595 Aylesburg St., Waterford Township.

Surviving besides her parents are a brother, Terry; and grandparents, Mr. and Mrs. Carl F. Wilson of Clarkston, and Mr. and Mrs. D. A. Byerly of Terre Haute, Ind.

The baby was dead at birth yesterday in Pontiac General Hospital.

Graveside service will be held at 11 a.m. Monday at the Lakeview Cemetery, Clarkston, for Baby Girl Wilson, infant daughter of Carl F. and Maria Wilson Jr., 5595 Aylesburg St., Waterford Township.

U. S. to Study Mideast Setup

Baghdad Pact Nations Anxious to Pull Us Into Closer Alliance

LONDON (UPI)—The United States and Britain will set the stage this weekend for a revised defense setup in the strategic Middle East, sources said today.

Secretary of State John Foster Dulles flies here tonight from Washington—after a brief stopover in Bonn—to attend the conference of Baghdad Pact members Monday.

It was expected new attempts will be made to get the United States to offer stronger support of the alliance which was weakened by the Iraqi revolt.

The United States belongs to the pact's military, political and economic committee but has refrained from becoming a full member.

Dulles and British Prime Minister Harold Macmillan will meet with leaders of Iran, Turkey and Pakistan to shore up and revamp the alliance.

Diplomatic sources said the United States and Britain were determined to save the alliance as a vital Western barrier against Russia's southward expansion toward the strategic Middle East.

Set Open House to Fete 50 Years of Marriage

OXFORD — Open house will be held at the home of Mr. and Mrs. Sheldon Winslow, 3757 Bowers Road, Lapeer, in honor of Winslow's parents, Mr. and Mrs. Verne Winslow of Oxford, who will celebrate their 50th wedding anniversary. The affair will be held from 2 to 6 p.m.

North Branch Class of '49 Slates Reunion

NORTH BRANCH — The North Branch High School class of 1949 will hold a reunion at the Deerfield Town Hall tomorrow. A dinner is planned at 2 p.m. All attending are asked to bring table service.

Ex-Senator Stricken

DENVER (AP)—Former Republican U.S. Sen. Eugene D. Millikin, 67, of Colorado, bedridden for months with arthritis, has been stricken with pneumonia. He is seriously ill, relatives said last night.

Safety authorities claim 80 percent of shop and occupational accidents involve the factor of human failure.

PUBLIC SALE

1952 Pontiac, Ch. 400, 4-SPWH-3231. Public Sale to be held Friday, August 8, 1958, 10:30 A.M. at 601 Pontiac State Bank Bldg., 2nd Floor, 2nd St., Pontiac, Michigan.

ADVERTISEMENTS

Notice to Contractors: Received at the Waterford Township Clerk's Office, 4905 W. Huron St., Pontiac, Michigan, until 8:00 A.M. on Tuesday, July 28, 1958, they will be publicly opened and read aloud for the following: Construction of 2.5 miles of 12-inch water main and appurtenances on South Cass Lake Road, from 1st St. to 2nd St. Plans and specifications and bidders instructions may be obtained at the office of the Township Engineer, 4905 W. Huron St., Pontiac, Michigan. The right to accept any proposal, to reject any or all proposals and to waive defects in proposals is reserved by the Township of Waterford.

GENERAL PRIMARY ELECTION

To the Qualified Electors: Given that a General Primary Election will be held in the Township of Brandon, County of Oakland, State of Michigan, on Tuesday, August 5th, 1958, at the place of holding the election in said township as indicated below:

Freehold 1-Township Hall, 486 Mill St., Orionville.

Freehold 2-Township Hall, 486 Mill St., Orionville.

For the purpose of placing in nomination by all political parties participation therein, candidates for the following offices, viz:

State Governor, Lieutenant Governor, Congressional United States Senator, Representative in Congress, Representative in State Senate, Representative in State House of Representatives, County-Prosecuting Attorney, Sheriff, County Clerk and Register of Deeds, County Treasurer, Auditor in County, Surveying same, Drain Commissioner, Electing and such other officers as are nominated at that time.

Notice Relative to Opening and closing of the Polls

Section 720: On the day of any election the polls shall be opened at 10 o'clock A.M. and shall remain open continuously open until 5 o'clock in the afternoon and no longer. Every qualified elector shall be permitted to vote at the polls at the hour prescribed for the closing thereof shall be allowed to vote. The polls shall be closed at 5 o'clock P.M. of said day of election.
