POW Vote Due Today

U.N. Is Pushing for Quick Ballot on Release of 11

Diplomats Predict 45 Member Nations Will Back Allied Demand

UNITED NATIONS, N. Y. (AP)—The U. N. Assembly pushed for a vote today on demands by the United States and its 15 Korean War Allies that Red China yield up 11 American airmen held as spies. Western diplomats predicted at least 45 of the 60 member states would rally behind the call.

Wary delegates prepared to resume debate on the resolution after two meetings yesterday, the second lasting until nearly midnight.

Hopeful of clearing up the item before the Assembly goes into its final scheduled week, they planned to remain in session until they reach a ballot on the 16-power resolution condemning imprisonment of the men and calling on Secretary General Dag Hammarskjöld to work for their release.

Delegates anticipated the resolution would encounter opposition only from the five-nation Soviet bloc, which has fought it bitterly. A scattering of Arab-Asian states were expected to abstain.

Observers believed the resolution could have mustered 55 favorable votes if it had not included condemnation of Red China. This caused apprehension among Arab-Asian nations with little desire to go on record denouncing Peiping. Syria reflected this feeling in yesterday's debate. Her chief delegate, Ahmed Shukairi, said that he favored the speedy release of the airmen but saw little point in denouncing the Chinese if the Assembly sincerely wanted to win the Americans freedom.

Russian's Jacob Malik spearheaded the bitter Soviet bloc attack, angrily denouncing the (Continued on Page 2, Col. 1)

Union to Draft Demands Jan. 12

Twin Conferences in Detroit Scheduled by GM, Ford UAW-CIO

LOS ANGELES (AP)—Final 1955 demands on General Motors and Ford will be drawn at twin conferences scheduled in Detroit Jan. 12 by the CIO United Auto Workers Union.

The conferences will draw plant worker representatives from Ford and GM plants throughout the country. They are scheduled to run three days.

CIO President Walter P. Reuther, who also is president of the UAW, has announced that a guaranteed annual wage in the UAW's No. 1 goal. Auto industry spokesmen have denounced it as unworkable.

The UAW's Ford contract expires June 1. The GM contract expires May 29.

The auto union has announced it expects to raise a 25 million dollar strike fund to back up its demands. The CIO convention adopted a resolution pledging its support to all CIO unions seeking a guaranteed annual wage.

Besides the guaranteed annual wage, the twin Detroit conferences in January are scheduled to map demands on Ford and GM regarding pensions, working conditions and insurance.

Meanwhile, the CIO convention headed into final sessions today after asking Congress to investigate the impact of push-button factory production on the nation's economy.

Delegates approved a resolution asking a nationwide survey on how fast new machines and techniques already are speeding production and displacing workers, how much more can be expected and what should be done about it.

Phone Call to Scotland

TRANSATLANTIC TALK—Mrs. Jane Hamsher, Pontiac Salvation Army worker, has been busy for weeks now making Christmas a little happier for hundreds of this community's needy. This morning, via transatlantic telephone, Mrs. Hamsher talked with her sister, Mrs. Nettie Carmichael of Bishopmill Elgin, Scotland, whom she has not seen since leaving her home to come to America 44 years ago at the age of 13. Arrangements for the call were made by the Pontiac Press. In order to make this holiday season a bit happier for Mrs. Hamsher, attempt was made to have Mrs. Hamsher speak with her mother who is seriously ill, but the mother's illness made it impossible for her to be moved to a telephone.

State Police Backing City's S-D Day Petition Drive

Michigan State Police today lauded this city's stirring efforts in taking the lead in the nation's S-D Day campaign.

Commanding the Pontiac Post, Sgt. Melvin Will said, "Michigan State Police are one hundred per cent in support of Pontiac's drive for an 'Army of 10,000.'"

He added that the local post is experiencing "personal pride that the petition campaign," backing the President's unprecedented proclamation, "is taking place in our post's area."

In the first three days of the drive, headed by Chairman Clyde R. Haskill, over 6,000 persons signed the petition, pledging utmost care on S-D Day which is aimed at curbing all traffic accidents for at least 24 hours.

Haskill, who said that many of the petitions so far are unreported, added that 145 Pontiac merchants and downtown stores have copies of the petitions for patrons to sign. Twenty-four industrial plants and 85 clergymen also voiced support (Continued on Page 2, Col. 2)

Aching Back Forces Snead From Tourney

MIAMI (UP)—Aging Sam Snead, a favorite to capture the Miami Open for the 6th time, withdrew today because of back trouble before he teed off in the 2nd round. Snead showed up at the Miami Springs Course and reported that he injured his back on the 14th hole yesterday while shooting a three under par 67 to gain a three-way tie for 2nd place.

Julius Boros of Mid Pines, N. C., led the field with a 66 despite an old hand injury he reinjured in a hunting accident recently.

Snow Blankets Upper Midwest

Belt of Wintry Weather Reaches Appalachians; Rain Drenches East

(From Our Wire Services) A blanket of snow stretched from the upper Midwest to the northern Appalachians today, turning highways into treacherous death traps in many areas.

Scores of traffic accidents, many of them fatal were reported in the Midwest and safety experts warned many highways were still dangerous.

Elsewhere in the nation, rain pounded the Middle Atlantic coast and southern New England, reaching .33 inches at Boston, Mass.

More rain hit all the way from southern California and Arizona to the Canadian border. Southern California downpours included a half inch at Los Angeles, where it caused traffic jams, and at Point Arguello, Santa Maria, Fresno and Point Piedras Blancas.

Temperatures rose five to 10 degrees in New England, but dropped just as much in the Ohio Valley and in parts of the Gulf states.

Sheppard Tells of Being Struck in Wife's Room

Testifies of Rushing to Aid Marilyn When She Cried Out

CLEVELAND (AP)—Dr. Samuel Sheppard testified today that he was struck down from behind in his slain wife's bedroom by the mystery assailant he says killed her.

After long preliminary questioning by defense attorney William J. Corrigan, the 30-year-old osteopath arrived at the point where he fell asleep early on the morning of July 4 while his wife went on to bed.

"The first thing I can recall," Dr. Sheppard began, "was hearing Marilyn call out my name once or twice, followed by moans, loud moans, and noises of some sort."

"I was awakened by her cries and in my drowsy recollection decided to go to Marilyn which I did as soon as I could navigate. My subconscious feeling was that Marilyn was experiencing convulsion as she had earlier in her pregnancy."

"I ascended the stairway and went into her room and I felt I could visualize a form of some kind with a light top."

"I felt I was struck from behind and my recollection was cut off. The next thing I remember doing is a very vague recollection of coming to, right next to Marilyn's bed, facing south. I recall vaguely recognizing my wallet on the floor beside me."

"Was there any way to determine the length of time between the time you were knocked out and the time you came to?" asked Corrigan.

"No, sir," replied Dr. Sheppard. "No way I know of." Then he identified the wallet when it was presented to him and a recess interrupted his recital at that point.

Paris Treaty Given First German Okay

BONN, Germany (AP)—West Germany's upper House of Parliament gave a preliminary vote of approval today to the Paris treaties granting sovereignty to the Bonn government and providing for its rearmament. But the Bundestag refused to "Europeanize" the Saar.

The treaties now go to the Bundestag, the lower House, for action before coming back to the upper chamber for a final vote.

Both houses are expected to take final action on the pacts in January.

Canada Ford Still Out

WINDSOR, Ont. (AP)—The wage walkout of 7,500 Ford of Canada workers moved into its 62nd day today with settlement apparently no closer than it was eight weeks ago. The major stumbling block on the way to an agreement is the question of province-wide negotiations with the automobile firm's three plants in Ontario.

Rains Send Irish Rivers to Flood Stage

RAILWAY BRIDGE OUT—Bridge of the Great Northern Railway rests in roaring waters of the Tolka River in Dublin as residents of the city and stalled traffic line the river banks. Thousands of Irishmen were trapped in their homes in worst flood in memory of residents of the capital.

Postmaster Gives Tips for Speedy Christmas Mail

WASHINGTON (AP)—With only 15 more days to Christmas, Postmaster General Summerfield today offered this check list for getting the fastest results from the mailman:

1. Mail early.
 2. Use postal zone numbers on cards, letters and packages.
 3. Print both the address and the return address, including zone number on every item.
 4. Tie Christmas cards in separate bundles for mailing marked "local" and "out-of-town". Printed slips with these labels are obtainable from postmen and post offices.
 5. Place all packages in secure, well-padded cartons, and wrap them in well-bound strong paper.
 6. Put in each parcel, inside the wrapping, a slip with both address and return address so that if the outside wrapping becomes undone, the package will not be lost.
- When packages are sealed, but offered at parcel post rates, they must be labeled "may be opened for inspection."

2 Men Indicted in Phenix City

Prosecuting Attorney, Former Deputy Named in Patterson Killing

PHENIX CITY, Ala. (AP)—A prosecuting attorney and a former sheriff's deputy who rose to power during the racketeering heyday in Phenix City have been indicted as the killers of the man whose crusade against vice had won the approval of Alabama voters, Circuit Solicitor Arch Ferrell and former Chief Deputy Sheriff Albert Fuller were held without bond on first-degree murder charges for the slaying June 18 of Atty. Gen.-nominee A. L. Patterson.

Neither indictment said which of the two men the state contends fired three .38-caliber shots into Patterson's body.

Under Alabama law a murderer and an accomplice are equally guilty and can be put to death in the electric chair.

A third unidentified defendant was indicted with Ferrell and Fuller yesterday by the same grand jury which had smashed the vice empire that reigned here for many years.

River Shannon Inundates 4,500 Farms in Ireland

DUBLIN, Ireland (UP)—The River Shannon flooded 4,500 farms in the midlands of Ireland today, and the government said the floods had reached the critical stage there.

Floodwaters were receding in Dublin, which suffered one of its greatest disasters yesterday, but authorities said 5,000 persons still were homeless. The water reached depths of five and six feet in the city.

Heavy rains which brought the rivers Liffey and Tolka to new levels in Dublin ended at nightfall, but more rain, sleet and snow were predicted today.

The River Shannon was still rising, however, and government authorities reported 4,500 farms flooded in the area south of Lough Ree and "numerous" houses swept away.

Telephone lines to the stricken area were cut and the government gave Gen. Collins Powell, commanding officer of the western command, a "free hand" to organize relief.

Athlone, a town of nearly 10,000 on the Shannon south of Lough Ree and 70 miles west of Dublin, was spared, but the river broadened into a 2-mile wide lake below the city for a distance of 10 miles. Trains in the hard-hit Athlone area were running on skeleton schedules as the flood waters spread while soldiers and workmen labored to open all lines leading from Dublin.

Soldiers and Red Cross volunteers rescued 14 families in the Clonowas area of Athlone and the ruins of nearby Adamson castle became a refuge for many homeless persons.

One of these was Michael Curley who said, "I took refuge here in 1924 but this time was far worse."

Goodfellows Selling in Troy Area Today

Troy Township Goodfellows, 40 strong, turned out today on street corners throughout the township to sell newspapers in their annual fund drive.

A happier Christmas for all needy residents is the pledge of chairman Lauren Ford, and both Ollie Schroeder and William Renshaw, Goodfellow officials, have voiced hopes for a banner year.

Besides Christmas baskets, the funds collected are used throughout the year to aid Troy families in emergencies.

69,000 Persons Holding Jobs in November

Work Expected to Hold at Current Levels Up to Mid-January

Area employment reached a new high for the year in mid-November when 69,300 persons were employed, the Pontiac office of the Michigan Employment Security Commission reported today.

At the same time, the number of jobseekers was reduced sharply to the year's lowest level—3,200, or 3.9 per cent of the total labor force.

Despite the recent gains, employment still remains about 2,600 below the November, 1953 level.

Employment is expected to remain at "approximately current levels" until mid-January, said James H. Dudley, branch manager.

"Anticipated gains in motor vehicle plants will be offset by losses in primary metals (Wilson Foundry)," Dudley said.

"Non-manufacturing will increase during December for the usual Christmas season and diminish after the holidays. Some further small employment losses will occur in outdoor types of work."

All of the October to November employment rise took place in manufacturing industries. Factories boosted staffs by 2,400 and auto makers upped pay rosters by 2,100.

Non-electrical machinery industries and metal fabricators added 160 workers each, while non-durable goods producers took on 300 additional employees.

The only loss in manufacturing was in primary metals, which was down 100 workers, due to the Wilson Foundry shut-down, Dudley said.

In non-manufacturing industries, curtailment of outdoor work cut construction employment by 100 and service employment another 100.

Temporary expansion for the Christmas shopping season raised employment in retail outlets by 300.

The 3,200 unemployed in mid-November compared to 5,200 unemployed in October and 10,500 in September, when local automotive plants were down.

"According to employer reports, the reduction in unemployment should continue over the next two months," Dudley said.

Unemployment insurance activities dropped sharply during November as employment increased.

During the month, the Pontiac branch office issued 5,169 state and veterans unemployment insurance checks valued at \$252,617. These figures compared with 11,005 checks valued at \$548,140 in October and 10,627 checks totaling \$478,965 in September.

Big 3 to Consult on Soviet Reply

Will Answer Red Note Warning of Buildup in Communist Power

WASHINGTON (AP)—The United States, Britain and France will consult soon on a reply to Russia's latest note warning of a buildup in Communist military power to counter the proposed rearmament of West Germany.

Washington officials feel the note does not really foreshadow a new Red military buildup, but that it has some propaganda purposes.

The note, given to the three Western Powers in Moscow last night, said "The Soviet Union and other peace-loving countries will carry out all necessary measures to step up their armaments and to safeguard their security."

It also said that making West Germany a partner in the Western member of the North Atlantic Alliance would render the unification of Germany impossible.

Both statements reflect the standard Soviet policy line which was developed almost a year ago at the Berlin Big Four conference and in a subsequent series of notes to Washington, London and Paris.

For propaganda purposes, the new Soviet warning is assumed here to be aimed at creating popular uneasiness and political division over the German rearmament issue in both France and West Germany.

AP Writer Picks Year's 10 Best Stories

RECESSION AND RECOVERY, Stocks and Proxies, Cars Hold Business Spotlight

By SAM DAWSON
NEW YORK (AP)—It's open season for "the big 10"—the 10 best stories of the year, the 10 dimes who spend the most (of their husband's money) on clothes. And so, here's a nomination—just one man's opinion—for the 10 top business events of 1954:

1. The recession. Its course was watched anxiously by both businessmen and their employees from the first worrisome months of the year through the somewhat tentative leveling off at midyear and its apparent death early in the fall.
2. The bull market. The year-long climb of stock prices, and particularly their spectacular post-election spurt onto new high ground since the 1929 debacle fascinated most readers. By year's end bullish sentiment had brought

the public into the market and made stock prices table conversation again after years of relative indifference by the average citizen.

3. Battles for proxies. Robert R. Young's successful wresting of the New York Central from what he called "Wall Street banker domination" was watched from one end of the country to the other. Patrick B. McGinnis won the New Haven in a somewhat similar proxy battle. And at year-end Louis E. Wolfson was slugging it out with Chairman Sewell Avery for control of Montgomery Ward.

4. The Detroit story. The auto companies are out with new high-style models for a race that may settle the question of how many, and who, will survive. Early in the year a knockdown and drag-out fight between Ford and General Motors for sales leadership sent Chrysler reeling and sent the little independents scurrying to the shelter of mergers.

5. Coffee. Rarely has the American housewife got so mad as last June when—with the cost of the brew already more than doubled since the war—Brazil hiked the price once more. Imports of coffee dropped off drastically in the summer. Brazil had to back-water, and prices fell here—but not very far.

6. Farm prices. The government lowered dairy supports. Butter prices dropped, and sales went up. The battle over farm price supports in general threatens to break out again in the new Congress. The role of the middleman in food prices is also due for an airing.

7. Taxes. Business profits stayed high this year largely because of the death of the excess profits tax. The drop in individual income withholding taxes

boosted consumer purchasing power.

8. The building boom. Homes, office buildings, stores sprang up at a rate that confounded the experts and worried anyone given to fretting about the growing mountain of public and private debt.

9. Mergers. The greatest rush in years to make big ones out of little ones had the business world whirling, the stock market gyrating, and the U.S. Justice Department restudying the antitrust laws. Bethlehem Steel and Youngstown's proposed marriage, and a series of mergers in the languishing textile world caught most attention, along with the auto get-togethers.

10. Antitrust suits. When a federal judge the other day threw out the suit against Du Pont, General Motors and U.S. Rubber, many businessmen thought it might lead to an agonizing reappraisal in Washington of both the law and the Justice Department's attitude toward the issue of bigness in business.

Evergreen Sewer Group Seeks Engineering Studies

From Our Birmingham Bureau
BIRMINGHAM — Out of yesterday's meeting of the Evergreen Interceptor Sewer Advisory committee came a resolution to negotiate for engineering studies of the proposed \$2,740,000 project.

City Manager Donald C. Egbert said a contract with the firm of Hubbell, Roth and Clark should be presented for approval at a December 17 meeting of the advisory committee.

Also in time for the meetings, preliminary discussion will be held to appoint legal and financial consultants for the project, started after the Michigan Water Resources Commission ordered pollution abatement of the Rouge River by Dec. 31.

The state commission ordered Birmingham, Bloomfield Hills, the City of Lathrup Village, and Southfield and Bloomfield Townships to appear at a January meeting to show why they should not be held in default of this order.

Although not cited, Troy Township is in on the proposed project.

William Roeder, Southfield supervisor, told representatives that a millage increase to provide necessary funds would again be put to township voters at a special election to be held in conjunction with the general primary on Feb. 21.

The increase, defeated in the November election, would pay for 62 per cent of the total construction cost.

Want your youngsters to get a letter from Mr. S. Claus himself, and postmarked at the North Pole? Then Mrs. Grace Reilly suggests that mothers and fathers helping with the letter-writing task pick up Santa stationery at Birmingham Travel Service. Letters must be written and returned to the office no later than Dec. 16.

Following a Wednesday night committee session with fire Chief Vernon W. Griffith, the city commission is expected to authorize the hiring of six additional men for the new fire stations at next Monday's meeting, raising to a total strength of the department to 33.

Members and friends of the Congregational Church are invited to

attend a Christmas party planned for 6:45 tonight by the Supper Club. Highlighting the program will be films of Mexico taken recently by Mr. and Mrs. John Kinsey.

A topsy-turvy hay or sleigh ride is on the docket for the T. N. T. Club tonight, as part of a busy December schedule. Lined up for tomorrow is a casual dress dance at the Community House.

The YMCA's Teen-Age square dance for junior high-schoolers will take place in the lounge tomorrow from 7-8 p. m. Callers will be Donald Parry and Frederick Meyer, with Mr. and Mrs. Leslie Schaefer, Mr. and Mrs. Wayne Stettbacher, and Mrs. Thomas Stolberg as chaperones.

Mrs. Nellie Smith Wimsatt

Service for Mrs. Nellie Smith Wimsatt, 60, of 835 Stanley St., will be held at 1 p. m. Monday at the Manley Bailey Funeral Home, with burial in White Chapel Memorial Cemetery. She died suddenly at her residence this morning.

Born in Clarkston, she came here 34 years ago. Survivors include one daughter, Mrs. George Forester of Birmingham, one sister, Mrs. Clarence Bouquin of Pontiac, and a brother, Alvin Smith of Detroit.

Also to report complete signatures of their employees to the Pontiac City Lines, Edward Confield, a member of the S-D Day Committee and on the Chamber of Commerce Safety Committee, reported that all of Pontiac's trucking firms are cooperating in the campaign.

Pontiac residents are urged to sign the petition when asked by one of the many volunteers. The main enrollment station is manned by Pontiac Police and firemen on the southeast corner of Saginaw and Huron Sts.

Hasikill said that all totals by those holding petitions yesterday were reported Monday at Federal 4-0533. The petitions should be turned over to Hasikill by Tuesday, he added, so the long and impressive scroll will reach the President by S-D Day on Wednesday, Dec. 15.

Highways Cleared After 1-Inch Snow

(Continued From Page One)

In local temperatures yesterday with a high of 35 and a low of 23, the wind today at 10 a. m. was from the northwest at 15 miles per hour.

The five day prediction for this area is for warmer over the weekend, turning colder early next week. Precipitation is expected to total about a half inch. Tomorrow's high is set at 34 to 38.

The temperature in downtown Pontiac today was 32 at both 8 a. m. and 1 p. m., with little change expected.

French Move Nearer to German Arms Okay

PARIS (UP)—The National Assembly's foreign affairs committee today recommended ratification of the three Paris agreements for freeing and rearming West Germany, and providing for a settlement of the French-German dispute over the strategic Saar.

The advisory recommendation does not bind the Assembly, which is to begin ratification debate Dec. 20. Premier Pierre Mendes-France has urged prompt approval to permit an early start on Western defense plans.

Boyd Elkins Sentenced on Juvenile Charge

Boyd Elkins, 21, of 6974 Mather Rd., Waterford Township, was sentenced to 15 days in Oakland County Jail after he pleaded guilty yesterday to contributing to the delinquency of two Waterford Township girls, both under 16, on Nov. 6.

Waterford Township Justice Willis D. LeFurgy, who arraigned Elkins, also fined the youth \$25 and \$25 costs or an additional 45 days in jail.

Lakeville Woman Hurt as Auto Skids on Ice

Mrs. Hazel V. Dunn, 53, of 1390 Mill, Lakeville, was admitted to Pontiac General Hospital with injuries she received yesterday when her auto skidded on icy pavement and ran into a ditch off Lakeville road, one mile east of Oxford.

Hospital attendants report that Mrs. Dunn's condition is satisfactory. She suffered head injuries,

Nash-Hudson Forces Linked

American Motors Head Says Merger Complete Ahead of Schedule

DETROIT (UP)—George Romney, president of American Motors Corp., says Nash-Kelvinator Corp. and Hudson Motor Car Co. will be in combined production this month—from six to eight months ahead of schedule.

The two firms joined to form American Motors Corp. last May 1. At that time it was expected to take from a year to 14 months to iron out the consolidation of the two companies' product programs and manufacturing operations.

Romney said in a statement that American Motors has used only \$9,156,026 of an \$11,000,000 reserve to make the integration of product lines. The unused balance has been returned to earned surplus.

Romney said the corporation showed a net loss of \$11,071,237 for the fiscal year ended Sept. 30, 1954 which, he said, reflected abnormal costs resulting from the merger program. Both the loss from operations and charges to the merger reserve were cushioned approximately 50 per cent by recovery of federal income taxes paid by Nash-Kelvinator in previous years, Romney said.

Romney said the corporation's annual report will be mailed to shareholders sometime after Jan. 1. It will show, he said, current assets of American Motors and consolidated subsidiaries totaling \$169,841,320 and current liabilities of \$37,756,815 at the close of the fiscal year. The difference, representing net working capital is \$82,084,505. Cash amounts to \$45,402,788. Bank loans stand at \$29,200,000 compared with \$69,600,000 at the date of merger, leaving \$43,800,000 as the unused portion of the corporation's bank credit.

Detroit Traffic Toll 213

DETROIT (UP)—The traffic death toll in Detroit so far this year jumped to 213 persons today, matching the total killed in auto mishaps throughout all of 1953. The number killed at this time last year totaled 194.

Fourth Husband Also Got Arsenic

Joyful Grandmother's List of Victims Mounts; Expect More Reports

TULSA, Okla. (INS)—The body of Frank Harrelson, husband of Nannie Doss claims the "really loved," contained arsenic just as did three other mates the widow admits poisoning.

Officers at Anniston, Ala., reported to Tulsa police, who are holding Nannie for the murder of her fifth husband, that a "large quantity" of arsenic was found in Harrelson's body, exhumed at Jacksonville, Fla.

The round-faced grandmother admits she spiked her second mate's "rotgut whiskey" with rat poison in 1945 "to teach him a lesson" when he came home drunk. Authorities also disclosed yesterday that an examination of the body of Mrs. Sarah Lanning, third mother-in-law of the 49-year-old Tulsa widow, showed no arsenic poisoning.

The bodies of Nannie's sister, Mrs. Dovie Weaver, and a grandson, Robert Lee Higgins, also were exhumed at Jacksonville and a toxicologist's report on their deaths was expected today.

In addition to the murder charge in Tulsa for killing Samuel L. Doss last Oct. 10, the widow faces three other murder counts for the deaths of Husband No. 4, Richard L. Morton Sr., of Emporia, Kans., and No. 3, Arlie J. Lanning of Lexington, N.C., and her mother, Mrs. Louisa Hazel, also of Lexington.

The apparent natural death of Mrs. Lanning dropped to 14 the number of admitted or suspected poison victims of the jolly grandmother. Although confessing she poisoned four of her five husbands because they did "little things" that got on her nerves, she stoutly maintains she did not kill "any blood kin."

Wolfson Fires Shot in Battle for Ward's

CHICAGO (INS)—Attorneys for financier Louis Wolfson have fired another shot in his battle to wrest control of Montgomery Ward and Company from Sewell L. Avery.

They filed in Chicago's Circuit Court yesterday a motion for a declaratory judgment in Wolfson's favor in a suit which charges the "staggered term method" now used to elect Montgomery Ward officers is unconstitutional.

Wolfson contends in the suit filed last month that all company directors should be elected at the same time.

The court will set today a date for arguing of the motion.

Sees Demand for Ike in 1956

Sen. Millikin Believes GOP Is Unshaken by McCarthy's Attack

WASHINGTON (AP)—Sen. Millikin (R-Colo.) said today there already is an "irresistible demand" among Republicans for President Eisenhower to become a candidate again in 1956.

Millikin, who heads the Conference of All GOP Senators, discounted in an interview any major split in the party because of the attack by Sen. McCarthy (R-Wis.) on the President—a view generally shared by other Republicans and by some Democrats.

"I don't expect any split in the Republican party and neither do I expect any third party movement," Millikin said. "There already is an irresistible demand that the President be a candidate for another term and I don't think he can be beaten if he runs."

GOP National Chairman Leonard W. Hall said yesterday a personal survey of Republican sentiment

has convinced him that, as a result of the McCarthy criticism, "the President will find even greater unity and support among Republican members of both the Senate and House during the next two years."

Sen. Flanders (R-Vt.), who wrote the original censure resolution, said that increased support for Eisenhower among members of his own party "would seem to me to be a normal result of the kind of attack the junior senator from Wisconsin made."

Freed Canadian Back

VANCOUVER, B.C. (AP)—Squadron leader A. R. MacKenzie, 34, released after two years in a Red Chinese prison, arrived here by plane from Tokyo yesterday and was met by his blonde wife Joyce. They planned to fly today to Montreal, where their four children are waiting at home.

Soviet Church Appeals

MOSCOW (AP)—The Russian Orthodox Church appealed today in the government newspaper Izvestia for Christians of the world to support Soviet proposals for a European security system. The appeal criticized Western plans to rearm West Germany.

Show Business

Noel Coward Uses Life as Theater—Has Been Toast of 2 Continents

By EDDIE CANTOR

Since his fifth Christmas, when his mother gave him a toy theater, show business has been part of him. But Noel Coward doesn't just make the theater his life, he makes life his theater—and how well he knows them both.

He can write a drama, a comedy, a revue, a musical comedy. He can write lyrics and music, he sings, he dances, he can act. For more than a quarter of a century, he has been the toast of two continents.

I saw his musical play, "Bitter Sweet," six times. I think one of the most beautiful songs ever written is "I'll See You Again." During World War II Noel Coward sang this song, and others he has written, for our allied troops, giving more than 500 performances. Quite a guy.

His witty dialogue is not confined just to his plays. He is an amusing companion. Many years ago one of his first comedies, which had been a smash hit in London, was produced in New York. But the big city would have none of it.

A week after the opening, Beatrice Lillie cabled him from London, "How is it going?" Coward cabled back two words—"It's gone."

In 1913, when Noel was engaged, with several other children, to play with the Liverpool Repertory Company, he met a jolly curly-haired youngster with whom he fell in love instantly. Her name—Gertrude Lawrence.

On the night of the late Gertrude Lawrence's opening in the Broadway hit, "The King and I," Coward called Western Union and dictated a gag telegram to her, signed it General Douglas MacArthur. The Western Union operator said, "I'm sorry, sir, but you're not allowed to sign a telegram with someone else's name."

Said Coward, "Very well. Just sign it Noel Coward." "Oh, no," objected Western Union, "that's just as bad." "But I am Noel Coward," he answered. "Well," said Western Union, "in that case you can sign it General Douglas MacArthur."

Jean Goldkette Seeks to Help Others

Celebrated Musician Is Man With Great Purpose

By **ABBIE K. KUCERA**

A man with a mission paused in this city Wednesday, delving deeply into his treasured gift of melody to share it with his lucky listeners for a little while, and was gone.

However, Jean Goldkette, internationally celebrated musician, here for two scholarship benefit concerts sponsored by the Pontiac American Association of University Women, left behind him — inspiration.

The artist — father of swing — and organizer in the late 20's of the famous Jean Goldkette Victor Recording Orchestra, all his life has had the great urge to help all struggling creative artists to find themselves and to succeed in life.

It was this great urge which took the gifted man from Hollywood where two major studios have "The Jean Goldkette Story,"

under consideration for filming in the near future.

Goldkette is on a 39-city concert tour, which he expects will take him until spring, when he will return to Hollywood.

Until then, his concerts are helping to develop a large number of scholarships for the National Artists Foundation, a national non-profit, talent finding

and development organization of which he is founder and president.

The great French-American, outstanding personality in the annals of modern American music, has triumphed both in Europe and America as a concert pianist.

This is the 25th anniversary of the first successful tour of the Goldkette recording orchestra.

JEAN GOLDKETTE

Hoagy Carmichael also got his start with the band.

For a man of such accomplishment and success, Jean Goldkette is an extremely humble and unaffected man. His manner is a concerned and friendly one.

Following his afternoon concert for the youngsters at the high school, a small group of youthful admirers crept around the wings backstage to question in a whisper "Do you suppose we could have HIS autograph?"

The artist beckoned them to his side at the backstage piano and greeted them all, one by one.

He asked their names, whether they took music lessons and their favorite numbers. He took a sincere and unhurried interest in all, signing each program with a friendly message and his name.

Jean Goldkette, when interviewed by the Press reporter, seemed only to have one purpose in mind, that of helping other artists, as yet undiscovered. Cigar in hand, he stressed over and over his desire to help others.

The movie which will be made on "The Jean Goldkette Story" will help others too. For in it, Goldkette said it is planned that there will be some celebrities, but that mostly, they expect to find and introduce new talent in the picture.

The artist told the reporter, too, that one thing which had given him great satisfaction was the establishment of "McKinney's Cotton Pickers," first all-colored band in the country, led by Don Redman.

When he left the city of Pontiac, Jean Goldkette left behind him inspiration. Inspiration to those with a purpose, and perhaps even to those who heretofore have known the feeling of futility. To this great artist, helping others is really "living."

Dance Club Holds Party at Webster
