

Oxford Patrolman Shot by Gunman

Straley Verdict by Saturday

Thompson Jury Deliberations Begin at Flint

Use of Six Fingerprint Experts Clouds Arson Trial of Teamster

By GEORGE T. TRUMBULL JR.
FLINT — Twelve jurors were to begin deliberating today whether Jack D. Thompson helped his Teamsters Union pal Frank Kierdorf set fire to the Latrelle Dry Cleaners pickup station near here last summer.

The big question in deciding Thompson's innocence or guilt will be which of six fingerprint experts to believe.

Thompson's attorney James E. Haggerty Sr., yesterday opened and closed his case by putting his own fingerprint experts — two former policemen and a Detroit police inspector detective — on the stand in an attempt to tear down the prosecution's No. 1 link of Thompson to the arson.

Prosecutor Jerome F. O'Rourke's major link in a hoped-for chain of circumstantial evidence against the 42-year-old Thompson is three of his fingerprints discovered on Kierdorf's station wagon a day after the fire.

The three defense experts testified the age of the prints could not be established with any degree of certainty.

O'Rourke's three point experts — all of whom are still policemen engaged in fingerprint work, the prosecutor pointed out, while the defense experts are all retired — said Thompson's prints were anywhere from 36 to 24 hours old.

Thompson, a stocky 200-pounder who once served a prison sentence for armed robbery, is charged with aiding Kierdorf, a close friend and business agent like Thompson, with burning the pickup station Aug. 3.

SECRET TO GRAVE
Kierdorf, 56, died four days later in Pontiac's St. Joseph Mercy Hospital. (Continued on Page 2, Col. 2)

Killed as Truck Runs Into Tree

Believe. White Lake Man Fell Asleep at Wheel on Gale Road

A White Lake Township man was killed instantly at 10 p.m. yesterday when his car ran off the road and crashed into a tree on Gale road near Williams Lake road.

Owner of a Pontiac structural steel plant, Carl J. Dipzinski, 46, apparently fell asleep at the wheel of his pickup truck as he was driving to his home, 2509 Blair Dr., according to Oakland County sheriff's deputies.

The tree is only two feet from the edge of the pavement at that point of Gale road and at the water's edge. The truck was partly submerged in Pontiac Lake, deputies said.

Dipzinski was taken to Pontiac General Hospital. Death was caused by chest injuries, doctors said.

Dipzinski owned C. & R. Fabricator Co., 71 W. Walton Blvd. He and his wife have no children. Dipzinski's body was taken to the Coats Funeral Home in Drayton Plains.

Attorneys Make Final Pleas

OUT OF THEIR HANDS — City Attorney William A. Ewart (left) and Clarence L. Smith, counsel for suspended Police Chief Herbert W. Straley, present closing arguments in the chief's

removal hearing before the Civil Service Commission. Ewart's plea — Oust Straley; Smith's — Retain Straley. The hearing ended last night.

'Public Entitled to Know'

Hart Reveals Payroll Data

WASHINGTON (AP) — Freshman Sen. Philip A. Hart (D-Mich.) today joined the small group of senators willing to make public the pay scales of their office employees.

Hart accompanied the list with a lengthy summation of his own salary and expense allowances, a description of his own duties and those of each of his staff members, and examples of the numerous problems a senator is expected to solve.

"I believe," Hart said, "that the public is entitled to know how I view my work and responsibilities, the manner in which my office is staffed, and the general methods that are used to conduct the business of a senator's office."

Publication of the pay scales marked a change of viewpoint on Hart's part. He declined to give pay levels during an earlier furor this year about congressional employment of relatives, but said at that time he employed no relatives.

NO ACCESS
Newsmen have no access to payroll data concerning senatorial office employees. House office payrolls are available for inspection, however.

Senate office staff allowances are based on state populations. Hart said his own allowance, based on Michigan's population, is about \$120,000.

The two top assistants in each office are permitted a maximum annual salary of \$16,370, although none of Hart's 13 employees receives the maximum.

The top three salaries on his list were \$14,062, \$13,573 and \$12,200. He listed eight others in the

\$4,500-\$6,000 range, without giving the exact salary.

He said his Detroit office is maintained in the Federal Building on a rent-free basis.

Hart's salary is \$22,500. In addition he is reimbursed for two round trips a year between Washington and his home in Lansing.

OTHER EXPENSES

Other annual expense allowances he itemized included an \$1,800 allowance for stationery and general office supplies, \$450 a year for air mail and special delivery stamps, \$1,200 for long distance phone calls and \$7,768 for official telegrams.

He said his office has received

and answered an average of 600 to 700 letters a week since he took office in January. He noted that federal law "wisely" provides staff and equipment allowances "to properly handle these requests and adequately represent the 7 1/2 million citizens of Michigan on many hundreds of legislative items."

He gave a three-page summary of the duties of each individual on his staff, whom newsmen generally regard as a competent, hard-working crew, and listed these annual salaries:

William B. Welsh, administrative assistant, \$14,062; Fred B. Burke, (Continued on Page 2, Col. 1)

More Springlike Weather Slated to Return Friday

Partly cloudy and a little warmer is the prediction for the Pontiac area tonight and tomorrow. The low tonight will be near 38, the U.S. Weather Bureau forecasts.

Wednesday night's rain brought temperatures down to the low 30s but Friday will be mild with spring-like temperatures, the high reaching near 58.

This morning's northwesterly winds at 20-25 miles an hour will become light and variable tonight and southwesterly at 10-20 miles an hour Friday.

The lowest recording in downtown Pontiac preceding 8 a.m. was 34 degrees. The reading at 1 p.m. was 43.

Pontiac Second in GM Output

Produce 115,952 Units Through March, a Hefty Increase Over 1958

Pontiac automobiles were firmly entrenched in second place in 1959 production figures of General Motors Corp. passenger cars released today.

Through March, 115,952 Pontiacs were produced. Leading the list in production for the first three months of 1959 were Chevrolets, with 141,989 units rolling off the assembly lines.

Third place was held by Oldsmobile with 114,671 units, followed by Buick; 87,791, and Cadillac, 46,117.

The combined divisions of GM produced 806,470 cars in the United States through March, against 692,663 for the corresponding 1958 period.

Pontiac Motor Division produced 75,225 units during the first three months of 1959.

General Motors Truck & Coach Division produced 23,386 units through March 1959, compared to 17,409 units in the first quarter of 1958.

In March, 38,814 Pontiacs were produced, compared with 18,842 in the same month a year ago. GMC Truck & Coach production was 7,812 in March of this year, and 5,751 a year ago.

GM produced 37,839 passenger cars and trucks in the United States and Canada during March, as compared with 246,948 during March 1958.

Of the total vehicles produced by GM during March, 283,715 were passenger cars and 44,124 were trucks.

Hearing Ends at Marathon 18th Session

Decision on Whether Police Chief Stays Will Be Put in Writing

By MAX E. SIMON

Whether Herbert W. Straley is ousted as Pontiac police chief will be decided by Saturday.

Straley's removal hearing before the Civil Service Commission — which must rule on the suspended chief's future — ended with a marathon session yesterday.

Exhausted commissioners will meet today to begin mulling over testimony taken during 18 sessions. The hearings began Feb. 18.

"We definitely will arrive at our decision by Saturday," Stuart A. Austin, Commission chairman, flatly said.

Austin said a written opinion explaining the reasons for the Commission's verdict will be drawn by the Commission attorney for the hearing, James G. Hartwick.

RACING THE BALLOTS

The Commission is racing against time to decide the case. It may be out of business by Tuesday morning. City voters go to the polls Monday to cast ballots on repealing Civil Service for the Police Department.

Straley is accused of inefficiency and incompetency, insubordination, neglect of duty and failure to maintain good behavior. He was suspended Feb. 9 by City Manager Walter K. Willman.

If the Commission upholds the charges, Straley may appeal the decision to the Oakland County Circuit Court up to 60 days from the date the decision is reached.

Straley's attorney, Clarence L. Smith, has said he will appeal the decision if the Commission rules against the chief.

SUPREME COURT POSSIBLE

The Circuit Court would review the hearing record but no additional arguments.

If Straley's appeal were turned down by the Circuit Court, Straley's attorneys could petition the State Supreme Court for a review of the Circuit Court decision.

Straley would immediately be reinstated as chief with full pay for the period of his suspension if the Commission ruled in his favor.

The hearing ended at midnight after attorneys presented their final arguments before the Commission.

EWART SUMS UP

City Attorney William A. Ewart described Straley as a chief who "directed venom and hatred at" (Continued on Page 2, Col. 2)

Rests in Hospital

WOUNDED POLICEMAN — Roscoe M. Zolman displays his bandaged left hand in a wheel chair at St. Joseph Mercy Hospital. "I was lucky I wasn't hurt worse," he said. Zolman was shot twice by an unknown driver whom the patrolman stopped on suspicion of drunk driving.

Driver's Barrage Inflicts Hand, Leg Wounds

Sheriff's Men Pick Up One Suspect in Massive 5-County Hunt

Police held one suspect today as a widespread search continued for the gunman who wounded an Oxford patrolman twice when stopped for a traffic violation early this morning.

The suspect, picked up because his car matched that of the fleeing assailant, has offered to take lie detector and paraffin tests to clear himself, Sheriff's Detective Harry Mauer said.

Patrolman Roscoe M. Zolman, 28, was in satisfactory condition in St. Joseph Mercy Hospital, awaiting surgery this afternoon on his left hand, which was pierced in a barrage of three, rapid pistol shots fired at close range.

Zolman also suffered a flesh wound on his left thigh, but doctors described neither wound as serious. He had been alone in the patrol car.

A five-county alert failed to pick up the fleeing gunman, although roadblocks were set up within minutes of the 3:30 a.m. shooting.

Zolman said the gunfire began almost as soon as he approached the gunman's car. Spun around and flung to his knees by the impact of the bullet which hit his hand, the officer barely had time to rise to his feet before the car was in motion again, disappearing around a curve.

It apparently was the second shot that wounded Zolman's leg and the third, fired as the car began moving forward, evidently went wild.

Caught by surprise, the officer was able to furnish only a vague description of the gunman, but said his car was a black 1947 or 1948 Chrysler, with license plates beginning with the letters CH.

The gunman appeared to be about 30 years of age, with blond hair and wearing a light-colored, fuzzy wool jacket, the officer said.

Zolman, a three-decorated (Continued on Page 2, Col. 1)

State-Stalled Jobless Bill May Delay Pay for 28,000

LANSING (AP) — A Senate-approved bill to extend jobless pay benefits for Michigan's unemployed to July 1 cleared the House Labor Committee, Rep. Farrell E. Roberts (R-Pontiac), committee chairman, said he hoped the measure would come up for a vote on the House floor Tuesday.

FROM OUR NEWS WIRES

LANSING — Between 25,000 and 28,000 of Michigan's jobless workers today faced delay in collecting their next unemployment compensation check while the Legislature wrestled with a bill to extend payments for 13 weeks.

Disagreement over language kept the bill bottled up in the House Labor Committee yesterday.

Chairman Farrell E. Roberts (R-Pontiac), who had hoped to shift the measure to the House floor today, said it might not clear the committee until next week.

"We find that the bill, as it is presently written, might exclude some workers who should be covered," he said. "We need to straighten this out and it may take time."

The Republican-sponsored bill, already approved in the Senate, would enable the state to take advantage of federal legislation, signed Tuesday by President Eisenhower, extending the federal jobless pay program through July 1.

Democrats complained the Senate measure, besides extending benefits, was loaded with "fishhooks" restricting coverage of eligible claimants.

They also assailed a provision to nullify a State Supreme Court ruling which awarded jobless pay benefits to some 11,000 Detroit area Ford Motor Co. workers idled by a 1953 strike at a Ford plant in Canton, Ohio.

Robert said, "This feature, more than any other, is the major road-

block to House passage of the bill. August Scholle, Michigan AFL-CIO president, backed the Democratic stand for a simple extension of unemployment compensation with upward revision in maximum benefits.

Senate leaders predicted today the Senate Appropriations Committee will report out a House-approved plan to mortgage the veterans' trust fund.

The committee was scheduled to hear State Treasurer Sanford A. Brown and officials of the University of Michigan and Michigan State University tell how the plan would work, why it was needed and if there are alternatives.

Senate majority leader Frank D. Beadle (R-St. Clair) and assistant floor leader Lynn O. Francis (R-Midland), both members of the nine-member committee, predicted before the meeting the bills would be reported out.

Francis said opposition to the plan in other quarters of the Senate appeared to be waning.

"We have no choice," Francis

Masters Fairways Soggy After Rain

AUGUSTA, Ga. (AP) — A heavy downpour drenched the Augusta National Golf Course shortly before two veterans tied off today to open the 23rd Masters Tournament.

Fred McLeod of Washington, D.C., winner of the National Open in 1908, and Jock Hutchison of Glenview, Ill., winner of the PGA in 1920, were first out in an international field of 88 pros and amateurs. Both are in their 70s.

There was no delay in the 9:42 a.m. (EST) starting time although the 6,880-yard par 72 course was soft and filled with puddles from heavy overnight rains.

10th Anniversary Session Opens

NATO Tackles Problem of Berlin

WASHINGTON (AP) — The 15-nation North Atlantic Treaty Organization (NATO) is meeting here today on its 10th anniversary to take up one of the gravest problems in its history — the Soviet threat to Berlin.

Eisenhower told the North Atlantic Council today that the Western powers intend to make "concrete and realistic proposals" to the Soviet Union for agreements on disarmament, Germany, European security and outer space.

TENSION TO CONTINUE

He said the real need for world peace is that the Communists abandon their "purpose of world domination."

In a speech prepared for the opening session, Eisenhower said that though they strive for settlement, the free nations must expect to live in an atmosphere of tension and conflict with the Soviet Union for years.

To meet that test successfully the greatest need of the non-Communist world is unity and unity is "the very life blood of NATO," he said.

He referred only briefly to the Berlin crisis with which the Allied leaders of North America and Western Europe are preoccupied.

However, the Berlin situation dominates the NATO gathering.

"We shall always open the door of honest discussion — even to those whose creed is world domination," Eisenhower said.

"Our government conducts continuous — almost daily — discussions and negotiations with the Soviet Union. We use regular diplomatic establishments, special committees, organs of the United Nations, and occasional meetings of responsible political leaders.

"No means are overlooked that yield promise of constructive results.

WE SHALL NEGOTIATE

"We shall continue these negotiations and discussions. We shall continue to make concrete and realistic proposals for disarmament, for a just solution to the problems of Germany, for European security and for cooperation in the newly opening realm of outer space."

Eisenhower said that after World War II there was momentary hope that "mankind had begun to put aside the weapons of war in favor of the tools of peace."

But, he went on, the development of nuclear weapons meant that war could threaten entire civilization.

Almost simultaneously with the realization of this fact, Eisenhower said, came the rise of a new dictatorship — Soviet communism — with such great power that it "openly challenged the concepts of justice and freedom which our respective nations adhere to and support."

To meet this threat and protect the spiritual foundation of Western civilization against any kind of attack — military, economic or political — NATO was created, Eisenhower said.

SHOOTING

Shot by Gunman

(Continued From Page One)

rona War veteran, has been an Oxford patrolman 2 1/2 years. Married with three children, he was driving alone on routine patrol in a village police car when events leading up to the shooting began.

Spotting a weaving car on Oxford's east side, Zolman followed it three blocks until it turned east on Lakeville road towards Lakeville.

Suspecting the driver had been drinking, Zolman flashed his red police light and the car ahead of him came to a slow halt in the middle of the road.

"I didn't think there was anything unusual about the car or its driver," the wounded officer said.

"However, I wanted him to pull over to the curb instead of remaining in the middle of the road, so I got out of the police car and walked up the road."

"It was snowing and I had my raincoat on, buttoned up to the top."

"I had my flashlight in my left hand and as I reached the car, the door started to open on the driver's side, so I stepped back a few paces, thinking the driver was going to get out."

"But he didn't. Instead he poked the gun out the door and started shooting. I fell down to my knees in the road, half twisted around, but started to unbuckle my raincoat so I could get at my pistol."

"But by the time I got it half unbuckled, it was too late, the car was gone."

Bleeding badly, the officer thought to look around for gun shells, but found none. Then he hobbled back to the police car to radio for an ambulance and help.

Zolman's flashlight was found in the middle of the road, and embedded in it was the slug that tore through his left hand between his first and second fingers.

The Sheriff's Department planned to send the slug to State Police Headquarters in Lansing for tests.

Zolman, who has been working night patrol for several months, had a partner with him on an auxiliary officer—until 3 1/2 hours before the shooting.

Albert Roberts, Oxford Village police chief, said it was the first time an officer had been wounded in the line of duty during his 18 years on the force.

All available Sheriff's Department patrol cars were immediately dispatched on the search, plus cars from the Pontiac State Police Post and Lake Orion.

Within minutes deputies had joined in the alert in St. Clair, Lapeer and Macomb counties, as well as state police from the St. Clair, Romeo, Center Line, Detroit, Flint and Brighton posts.

Detroit police used 20 scout cars to seal off the north city limits along Eight Mile road.

Teams of police checked roads and driveways throughout the Oxford-Lakeville-Lake Orion area, searching for a car that matched the description of the gunman's.

Senator Hart Tells His Payroll Data

CARL BABER

SUSAN E. JOHNSON

2 Area Winners Seek Higher Elks Awards

A Lake Orion boy has entered a national leadership contest and a Clarkston girl is seeking a state scholarship award, both sponsored by the Benevolent Protective Order of Elks after they won similar local contests.

Carl E. Baber, 18, son of Mr. and Mrs. Ray Baber of 984 Heights Rd., Lake Orion, first received a \$100 U.S. Savings Bond for the Pontiac Area Youth Leadership Contest sponsored by Pontiac Lodge 810 of the BPOE.

He went on to win the state contest and received another \$100 bond.

His application has been sent to the national contest. Winners will be announced at the national Elks convention in Chicago in July.

Susan E. Johnson, 17, daughter of Mr. and Mrs. Kenneth L. Johnson of 44 E. Church St., Clarkston, received \$100 for each of the four years she plans to attend college studying elementary education.

This award was also made by the Pontiac Elks Lodge.

The top five scholars including Susan who entered the area contest will now compete in the state contest and the winners will be announced May 23 and the Elks' state convention held in Port Huron.

Judges of both local contests were Cecil B. McCallum, Pontiac municipal judge; Dr. William J. Emerson, superintendent of Oakland County Schools; and the Rev. Karl Ostberg, associate pastor of First Congregational Church of Pontiac.

Ralph Dawe was chairman of the scholarship contest and Ralph Norvell headed the youth activities contest. Students from 10 Pontiac area high school entered each of the contests.

Carl, a senior at Lake Orion Community High School, plans to attend Michigan State University Oakland this fall and study business administration.

Susan will enter Central Michigan College in Mt. Pleasant at the same time.

Ruling on Straley Vowed by Saturday

(Continued From Page One)

of step except the chief," he asserted.

"The city manager was the best friend Straley ever had in Pontiac," the city attorney told the Commission. "And now the chief says he's out of step."

Facing the audience in the City Commission chambers, Smith, in a solemn, clear voice said:

"There are not 10 people in here who possess the high character of Chief Straley."

EASTMAN RESPONSIBLE

"Although the charges against him were forwarded to this Commission by Mr. Willman, the man responsible for them was Public Safety Director George D. Eastman."

"In his heart, the city manager to this day knows that he did not want to press charges."

Smith charged Willman had been pressured into forwarding Eastman's charges by "individuals in high places." He did not elaborate.

CHARGE SAID FALSE

"I have tried to show," Smith told the Commission, "that the city's contention about the chief gunning for certain officers was false."

"I believe I have proven the reverse true. A small clique of officers in the Pontiac Police Officers Assn. was gunning for the chief."

Smith urged the Commission to keep in mind the 90-day statute of limitations on charges when considering testimony.

"Many of the things brought up," Smith said, occurred years before these charges were filed before the Commission.

Smith accused Eastman of deliberately attempting to provoke Straley into acts of insubordination.

He had harsh words for the Civil Service Act. "Under it," Smith said, "the chief had no power to appoint, discipline or remove officers."

Tornado Rips Florida City

Dade County Hard Hit by Winds and Rains; Crop Damage Heavy

DADE CITY, Fla. (AP)—A tornado struck here before daylight today, injuring an undetermined number of persons and doing extensive property damage.

John Andre of radio station WDCF said the twister hit just after 6 a.m. in the northwest section of this small city about 35 miles northeast of Tampa.

Andre said roofs were taken off a number of houses, a drive-in restaurant was demolished, and several fruit stands ripped to pieces.

Power and telephone lines were torn down and station WDCF had to go off the air.

Andre said no count of the injured has been possible so far but that many have been taken to hospitals. He knew of no fatalities, he said.

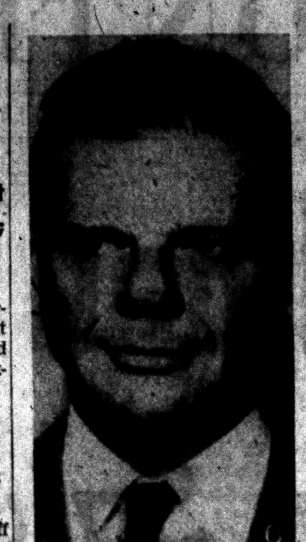

Heavy March rains already had washed out spring vegetables in Dade County, usually the nation's 10th ranking producer, and killed farmers' hopes for a profit.

Crop disease and lack of storage space—added to the rains—will leave 300 farmers in worse financial shape this year than after the withering cold of 1958, Asst. County Farm Agent Nolan Durrie predicted Wednesday.

About 25 per cent of the potato crop is still in the rain-soaked ground. Most of it is rotting there.

Durrie said most Dade farmers are taking a beating. "Pole beans and squash prices are good but mostly because disease wiped out so many crops."

Durrie figured agriculture gross revenue in Dade in 1959 will run between only 25 million and 37 1/2 million dollars, about half the usual total.

SEN. MORTON

Seems Likely to Lead GOP

Kentucky Senator Says He'd Take Position Vacated by Alcorn

WASHINGTON (UPI)—Sen. Thurston B. Morton of Kentucky was described in informed Republican quarters today as the probable successor to retiring GOP National Chairman Meade Alcorn.

A new chairman will be elected at the Republican National Committee's meeting April 10-11 after a seven-member subcommittee consults President Eisenhower.

In Kentucky, Morton said he was available for the job if the National Committee and all segments of the party wanted him. He also said that, if elected, he would retain his Senate seat.

Alcorn's surprise decision to resign was announced yesterday after he advised Eisenhower he had to quit the chairmanship for compelling personal reasons.

RETURN TO HARTFORD

He said he had to return to his Hartford, Conn., law practice but would retain his seat on the National Committee.

Alcorn succeeded Leonard W. Hall of New York in the chairmanship Feb. 1, 1957.

With Eisenhower's backing, Alcorn this year has launched an ambitious rebuilding program to bring the GOP back from its 1958 defeats.

His letter to the President yesterday expressed the belief this program "holds strong promise for our party's resurgence."

Eisenhower replied that he felt "great regret" about the resignation and that Alcorn had been "an outstanding spokesman for our party."

He predicted the Alcorn program would become "a major milestone in Republican history."

The Day in Birmingham

Two Teens Held in Theft Found Town Wasn't 'Easy'

BIRMINGHAM—Two teenagers in the custody of local police today have revised their opinion that "Birmingham is an easy town to make."

A third youth is being sought by the authorities here on the same theft charge.

Two of the youths were apprehended yesterday when they were spotted by Police Sgt. Richard Brown as they rolled a stolen tire and wheel out of the Birmingham Rambler Inc. new car lot at 666 S. Woodward Ave.

Sgt. Brown ordered the boys to halt. When they chose to run instead, he fired a shot over their heads. William J. Furie, 17, of 19161 Omira St., Detroit, raised his hands in surrender. The other two fled.

They told officers they had come to Birmingham because they had been told it was "an easy town to make," evidently meaning Birmingham is an easy place to commit thefts, said Sgt. Brown.

They also told officers that they had made an unsuccessful attempt to break open the trunk of a new car at the Sumner Buick Sales lot at 808 S. Woodward Ave. and at two other car dealer lots in Royal Oak and Ferndale, according to Brown.

John S. Osler

Service for John S. Osler, 55, of 894 W. Gleggery Circle, Bloomfield Village will be held at 3 p.m. tomorrow from Christ Church Cranbrook.

Mr. Osler, prominent commercial artist in the area, died yesterday in William Beaumont Hospital after a brief illness.

Partner in the art firm of Gilchrist and Osler, he had studios in Detroit since 1935.

He was a charter member of the Bloomfield Village Volunteer Fire Club, the Orchard Lake Country Club and served on the

Bloomfield Township Planning Committee

Surviving besides a wife is a daughter, Mrs. James Hubbard Jr., a son John S. Jr., and one grandson.

The body is at the Bell Chapel of the William R. Hamilton Co. Burial arrangements are still pending.

MRS. HANS H. RAYMOND

Service for Mrs. Hans H. Raymond, 58, of 4670 Middlebelt Rd., Bloomfield Township will be at 1 p.m. tomorrow from the Bell Chapel of the William R. Hamilton Co. Burial will follow in Roseland Park Cemetery, Royal Oak.

Mrs. Raymond retired in January as president of the Duro Oil Co. of Detroit, wholesale fuel distributors.

Besides her husband, she is survived by two sons, Thomas T. and John R. both at home.

State Medical Society Building Is Under Way

Designed by noted architect Minoru Yamasaki of Birmingham, the new headquarters for the Michigan State Medical Society has been launched at Lansing with ground-breaking ceremonies.

Scheduled for completion by June 1960, the two-story center will provide 20,000-square feet of floor space.

Yamasaki is a member of the Yamasaki, Leinweber & Associates architectural firm at 1025 E. Maple Rd., Birmingham.

Industry Makes Sweet Music Square Dance Caller Williams Hears Upbeat

DETROIT (AP)—Gov. Williams, famed as a square dance caller, has put his musical ear to the ground and heard a new sound in Michigan.

"It's an upbeat that is drowning out the villainous which, during the last few months, gave

"This upbeat," the Governor continued, "is being sounded to the tune of more than 600 million dollars in new plants and expansion of present facilities."

Williams called this "quite a sizable sum for a state which our detractors would have the people believe is gasping its last breath."

Williams cited these industrial expansion plans: Detroit—Consumers Power Co. will spend 117 million dollars in its largest one-year program in history; Detroit Edison, Michigan Bell, Michigan Consolidated Gas and General Telephone all have multi-million dollar programs for 1959; Great Lakes Steel plans a 100-million dollar expansion; Ford Motor Co. intends to invest 35 million in steel facilities;

Upper Peninsula—The armed services to spend more than 6 million; possibility of natural gas may mean industrial renaissance for the area;

Muskegon—Brunswick-Balke-Clender Co. ready to start two million dollar plant;

Lansing—Oldsmobile will spend 7½ millions on new warehousing facilities;

Jackson—Winter Seal Corp. preparing to spend 1½ millions; Grand Rapids—Steel Case to invest one million dollars in expansion;

Kalamazoo—Upjohn Co. will spend 23 millions; Holland—Board of Public Works plans upward of five million dollars in construction.

"On top of this," Williams said, "the economists are predicting that 1959 will be a year which will see all automobile production records smashed."

"These things," he added, "can mean only that we have a great present and an even greater future."

Sees No School Threat

ANN ARBOR (AP)—John S. Brubacher, University of Michigan professor of higher education, said in an interview public schools in general are not threatened by attempts to establish private schools in Arkansas and Virginia. He said, "after 100 years of public schools, it would be very difficult to establish a state-private system."

Coeds Can Now Smoke

GREENSBORO, N.C. (AP)—Guilford College, 122-year-old Quaker school in this tobacco-producing state, has finally given the go-ahead. Women students, who weren't allowed to smoke within a mile of the school, may now do so at the college soda shop.

Wheel, Rail Assist Handling of Boats

EVERETT, Mass. (UPI)—A "Boat-Veyor" has been developed for the boating enthusiast whose vessel is too heavy for him to put on top of his car by himself but too small to warrant the expense of a trailer.

The device, manufactured by the Market Forge Co. here, includes a small wheel attached to the bow of the boat, which can

then be wheeled up a monorail that is opened up to lead from the ground to the roof of the auto.

The "Boat-Veyor" is said to be capable of handling boats up to 14 feet in length and 200 pounds in weight.

Explaining how hail can form in the summer, the Weather Bureau points out that on an average July day over Washington, D.C., water freezes at 2.75 miles and that the temperature dips to 30.5 degrees below zero F. at six miles.

Train Derailment Puts 11 in Hospital

MACHINE 1

ATKINS, Iowa (AP)—The swift Milwaukee Road Arrow, with 96 sleeping passengers aboard, was derailed in the Atkins railroad yards early today.

Authorities said 11 persons—9 passengers and 2 crewmen—were brought to St. Luke's Hospital in nearby Cedar Rapids. At least 20

other passengers were bruised and shaken up, but did not require hospitalization.

The Chicago-bound Arrow, one of the Milwaukee Road's finest trains, was made up of two coaches, a pullman, three baggage and mail cars, and a twin diesel unit.

All cars except the first diesel unit were derailed but remained upright. The skidding cars tore up about 1,600 feet of track on the main line.

The official languages of NATO are French and English.

TELLS OF SUB DETECTOR — Vernon M. Bugg, who claims he has developed a device to detect missile-bearing submarines 240 miles away under water, examines some electronic

equipment at his home last night. The 65-year-old inventor said his "medo-wave system" will make sonar obsolete. Sonar is the Navy's present method of underwater detection.

3 Thugs Invade Dinner Party

Actress One of Victims in \$35,000 California Robbery

LOS ANGELES (AP) — Three masked gunmen invaded a home in exclusive Bel Air Wednesday night and robbed dinner party members, including actress Susan Walters, of \$35,000 in jewels and furs.

Police said the robbers, wearing silk stockings on their faces, entered the home of Nina G. Anderson while she was entertaining Miss Walters and Elred Meyer, a Beverly Hills business man.

Miss Walters and Meyer were forced at gunpoint into a den where they were bound.

Mrs. Anderson was ordered to open a safe in the basement. It was empty. Then she was tied to a chair in the den.

Police said Mrs. Anderson, hairless to a neck, told them she freed them after 20 minutes. Mrs. Anderson said the robbers took her \$10,000 diamond necklace, a \$10,000 brooch and other furs. Miss Walters said they took her \$10,000 gold ring. The robbers' losses were a \$100 emerald ring, a \$100 wrist watch and \$100 in cash.

This was the third time Mrs. Anderson has been robbed. In 1954 four men forced their way into her home and took \$100,000 in jewels. In 1958 she reported loss of \$200,000 worth of jewels. She said this theft was the worst of a notorious California mob, headed by Graham Dennis.

Four Killed as Car Loses Train Race

ARDMORE, Okla. (AP) — A speeding auto failed to make a railroad crossing near here Wednesday and was hit by a Santa Fe Texas Chief passenger train. Four people were killed, two critically injured.

"The only thing I saw when I hit was flying glass," said a witness near Ford, Okla. The car was a 1958 Ford Mustang. The victims were identified as Dale Know, 20, Pearl Williams, 40, her daughter, Kristina, 18, and of Bristol, Okla., and Mrs. Betty Joyce, 21, Gower, Okla.

In critical condition was Armon Roger Joyce, 22, and his 3-month-old son, Jimmy. Joyce was the car's driver.

One Brother Is Killed in Tiff Over Profanity

DENVER, Colo. (AP) — Two brothers argued Wednesday when one swore at their mother. The two scuffled outside their home.

Then, police said, Rayes Trujillo, 28, pulled a

board from a fence. His brother, Ernest, 31, grabbed a butcher knife.

Rayes died a few minutes later of stab wounds in the chest and back. His brother was jailed without charge.

No Easy Task to Raise Children in Hollywood

My BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD — Bing Crosby has admitted what other famous fathers have discovered: it's not easy to raise children in Hollywood.

Speaking of his four elder sons, the crooner commented in an interview: "I think I've failed them by giving them too much work and discipline, too much money and too little time and attention."

Bing is not the only star to be troubled by his children. His brother Bob's son, Chris, 15, was once arrested when police said he tried to steal a car.

Edward G. Robinson Jr., has been in the news repeatedly with drunk arrests.

John Barrymore Jr. made the papers recently with a felony hit and run, drunk driving charge. His half-sister, Diana, wrote a tearful book about her long battle with alcoholism.

Charles Chaplin Jr. has a police record for drunkenness.

Barbara Ann Burns, daughter of the late comedian Bob Burns, was sentenced to 90 days for drug addiction.

Chris Crawford, adopted son of Joan Crawford, was arrested on a delinquency charge in Greenvale, N.Y., after a shooting spree with an air rifle. Cheryl Crane, daughter of Lana

Turner, killed her mother's lover, but was later absolved of blame.

Symptoms of Crosby's "failure" as a father: two sons have been arrested for drunk driving; all four have haunted the gay world of Las Vegas; Philip and Dennis married showgirls; the parties of Gary and Lindsay have brought complaints from neighbors.

Of course, these headlined scions of the famous don't tell the whole story.

There are far more sons and daughters of stars, who, over the years, have never made scandalous news.

Examples: actress Maria Montton (Marlene Dietrich); budding performers Pat Wayne (John); Jody McCrea (Joel); Ronnie Burns (George and Gracie); Ricky and David Nelson (Ozzie and Harriet); James MacArthur (Helen Hayes); director Andy McGlen (Victory) and baseball executive Joe Brown and baseball executive Joe. rown (Joe E).

But there are enough troubled stars to point a trend. Why? There appear to be two big reasons:

1. The position of a movie star can be an overpowering one, but leaves little time for family matters.

2. It can be hard for anyone to bear a noted name.

Bob Crosby has observed, "It's a natural urge for all kids to compete with their fathers. When the father is famous, the urge to compete comes in the form of publicity."

Dante's Beatrice 1st to Bathe Daily

Beatrice, beloved of Dante and immortalized in his writings, is credited with being the first female of that period to take a daily bath and wash her hair regularly.

"She bathed, despite the fact that bathing was considered to be bad for the body, leaving a person weak and open to disease."

To make a dustless duster, wring a soft cloth out in a mixture of one quart warm water and one tablespoon lemon oil.

Philathea Class Bids Farewell to Mrs. Vancil

Twenty-one members and friends of the Third Philathea Class of First Baptist Church honored Mrs. R. A. Vancil, teacher, at a farewell dinner Wednesday evening. The group met at Hotel Waldron.

Mrs. Vancil is moving to Alto Pass, Ill. She was presented with a reference Bible as a parting gift from the class by president Russell Crawford.

The program featured remarks entitled "Meditations" given by Mrs. Ira Davis, assistant teacher. Vocal solos were presented by Mrs. George Underwood, and Mrs. Elmer Bogardus showed slides of Nova Scotia. Mrs. Suard Schultz offered the invocation.

For Good Posture Learn to Relax

Good posture can be relaxed. Many pull themselves up tightly with a resulting pompous or sway-backed look.

Stand straight, but relax and lift your head so your gaze is level. Pull out the small of the back and tuck hips under. Relax knees slightly and hold hands gracefully at the side.

Color is one of the most exciting things about new spring shoes. This pair, made of a new soft, unlined leather, comes in platinum and turquoise. May be purchased locally.

Make Summer Clothes Now but With Care

Right now is a fine time to make your new summer clothing or remodel any that you had left over from last summer. There are a few things to keep in mind before starting your sewing.

Be sure to take your body measurements before buying

patterns for your summer clothes. There may be a change in your measurements since you last bought patterns. Just make a record of your measurements and then compare with chart of measurements found in either the front or back of pattern book before you purchase the pattern. Use a tape measure that won't stretch when taking your measurements. Always measure over a well fitting foundation garment and a simple dress with set-in sleeves.

DELEGATES PACK FOR TRIP—Four area senior Girl Scouts pack their bags in preparation to leave for Chicago where they will attend the Region 7 Girl Scout Conference Friday and Saturday. They are, from left, Betty Ann Toomey of Green Lake, Mary

Grile of Union Lake, Kathy Schultz of Waterford and Sharon Darling of Lake Orion. They will represent the Northern Oakland County Girl Scout Council.

Represent North Oakland County

4 Girl Scouts to Attend Convention

Four area girls will represent the Northern Oakland County Girl Scout Council at a senior conference of Region 7 Friday and Saturday in Chicago. They are Betty Ann Toomey of Green Lake, Mary Grile of Union Lake, Sharon Darling of Lake Orion and Kathy Schultz of Waterford.

A Council committee chose the girls to make the trip on the basis of merit and achievement after screening all candidates eligible from the district encompassed by the Council.

Sharon, 16, is the daughter of Mr. and Mrs. Herbert E. Darling, 656 Miller Rd., Lake Orion. Kathy's parents are Mr. and Mrs. Eral

Schultz, of 3015 Orange Grove Rd., Waterford. She is 15.

Royal Oak Parking Plan Gets House OK

LANSING (AP)—A bill to enable Royal Oak to proceed with a big downtown parking area development moved into the Senate today after a 90-4 approval in the House. The measure authorizes municipalities to levy special assessment bonds to retire revenue bonds still outstanding. The House voted it immediate effect.

Rep. William Hayward (R-Royal Oak), former Royal Oak mayor and sponsor of the bill, said the measure would enable his city to retire some \$200,000 in revenue bonds, the remainder of a \$400,000 issue which financed development of 1,300 parking spaces in the downtown area.

Proposed special assessment bonds, he said, would provide funds for development of a free parking area for another 2,200 cars. The project would cost between 2 1/2 and 3 million dollars, he said.

Baldwin PTA to Get Facts

How Good Our Schools?

ROCHESTER — A panel discussion on the subject, "How Good Are Our Schools?" will highlight next Wednesday's meeting of the Baldwin School PTA to be held at 8 p.m. in the multipurpose room of the school.

Donald C. Baldwin, superintendent of schools, will give the preliminary talk. He will be introduced by Mrs. George Beatty.

Members of the panel will be Wallace Hodges, treasurer of the Rochester Board of Education; Douglas Land, director of instruction, Rochester Community Schools; Harlan Johnson, high school principal, and Frank Richardson, junior high school principal.

Others will be Donald Weston, principal of Baldwin and Wood-

ward schools, and Mrs. Opal Walker, kindergarten teacher at Baldwin School.

During this session, the nominating committee of the PTA will present its slate of officers for the coming year. Election will be held at the May meeting.

Bolt Hits Transformer Behind Romeo Market

ROMEO — Lightning hit a transformer on a pole at the rear of the local A&P supermarket on S. Bailey street here at 7:30 last night starting a fire which caused only momentary interruption of service, Romeo Police reported today.

The Romeo Fire Dept. was called to put out the blaze.

Alarm Comes by Air

HARRISBURG, Ill. (UPI)—The Henry Ammon family near Harrisburg wondered why a pilot was "buzzing" their house in his plane.

After rushing outside, they found out why. The roof of the house was on fire. There is more forest than farm acreage in the U.S.

Teagarden Sings Blues Over American Music

By MURRAY FROMSON
 For Bob Thomas

HOLLYWOOD (AP)—Jack Teagarden, the old pro of Dixieland jazz, wants to put heart-back into the music business.

After 35 years of trombone tooting on three continents, Teagarden says he's a little frightened by some trends in American music. With a nostalgic look in his eyes, he told of the era which produced Tatum, Goodman, Miller, Bigard and Armstrong.

"You hear a lot of noise these days, but what does it all mean? There's hardly a demand for anything good any more. Every one used to enjoy music. It was festive. It was gay. It was romantic. You could dance to it. It came from the heart."

"Everything is a tad now. Echo chambers, chimes, howling choruses—anything to get a different sound."

Teagarden isn't worried about the quality of today's performers. "Technically, they're better than the musicians of 20 or 30 years ago," he said.

Jack does much of the arranging for his own band. On a recent tour of Asia for the State Department, he stopped in New Delhi and asked for the score for the Indian national anthem.

The only one available was for the 90-piece Minneapolis Symphony Orchestra, which visited India a few years ago. Teagarden hurriedly re-arranged for his sextet. That tour ended, Teagarden entered a hospital here for a stay of two months. The effects of extensive surgery show. He has a gaunt look and seems older than his 53 years.

Despite the changes in music Teagarden still finds large audiences for his playing, which has ranked him among the all-time greats of American jazz.

What bothers him is that rock 'n' roll and "cool" jazz are causing Americans to lose touch with real American jazz.

"It's our own art form and we're losing it," he said.

Retiring Chief of Great Lakes Ore Fleet Feted

CLEVELAND (AP)—A reception was held at a downtown hotel yesterday for Don E. Muehl, who is retiring as commander of the U.S. Steel Corp's Pittsburgh Steamship Fleet, with which he has worked 14 years.

Muehl began his career with the Pittsburgh fleet in 1944 at the age of 20 and became a master mariner in 1953. His last ship, the ore carrier Callaway, is flagship of the 55-ship Pittsburgh fleet.

Last July at command, Muehl was named to the newly created post of commander.

He and his wife Ruth plan to spend their retirement in their apartment at Port Huron, Mich. He was born in Port Huron, son of a Great Lakes sailor.

His apartment overlooks the St. Clair River, and Muehl says that he guesses "I'll be looking out the Callaway when she sails past our living room window."

Ike to Attend Dedication of Taft Memorial Tower

WASHINGTON (AP)—President Eisenhower plans to attend the dedication of the Robert A. Taft memorial bell tower on the Capitol grounds April 14.

In announcing this, the White House said there was no word on whether the President would speak at the ceremony honoring the late Republican Senator from Ohio.

The White House also said that the President would be accompanied by the seventh annual Republican Women's Conference at a dinner here April 12.

Politics behind for private citizen Bill Knowland.

Knowland Fished Out of Goldfish Bowl

Jolt to Private Citizen 'Not Bad'

By SAUL PLETZ

SAN FRANCISCO (AP)—For the last 50 years, Big Bill Knowland has been a public figure.

At 25, he became California's youngest state senator; at 36, its youngest U.S. senator. They called him a "young man in a hurry."

For the last 13 years in the U.S. Senate, he was Republican leader and there were those who called him a "young man in a hurry."

Today, at 55, Big Bill Knowland is a private citizen again. He is no longer a senator, but he is still a public figure.

He is still a public figure because he is still a public figure.

missing the sense of being on the inside, of being there while history is made.

"In Washington, I had a great feeling of being in touch with the nation and the world. There were the regular Tuesday conferences with the President where, of course, many decisions were discussed long before they became public. There were the off the record meetings of the Foreign Relations Committee with the secretary of state after his return from a trip abroad. There were the many contacts with visiting presidents and premiers from around the world.

"Most of all, I miss the friends I made. The Senate, you know, is small enough to know all these senators pretty well and some of them very well. I had friends on both sides of the aisle.

"But remember, I grew up in politics. My father served many years in the House. We knew that in politics you can only win or lose. I had a good batting average until I came out on the short end last fall. I have no regrets about running for governor or fighting on the issues I did."

What in Washington does Bill Knowland miss least? He had to think about that one.

"Well, I can't say that I miss being called in the middle of the night. Some of my constituents in California used to forget the three-hour difference in time.

"I don't particularly miss the life in the goldfish bowl, although I never let it get me down."

As of now, Knowland says, he has no political plans; he intends to remain in the newspaper business. When he ran for governor, he says, he did not intend that as a stepping stone; he did not plan to seek the presidential nomination in 1960.

Who is his personal choice for the nomination?

"As of now, my choice is the vice president. He's from my state."

New Robbery Weapon

TOLLEDO (AP)—A man who used an unusual weapon in a robbery here last night was arrested today.

William Hall, 54, was arrested here from a bank. Hall told police one of the men threw stuff in his eyes, then watched him escape.

Knowland is a newspaper publisher, a newspaper editor, a newspaper writer. It was here that he learned the fight for progress last fall.
