

Mrs. L. E. Waite Taken by Death

Widow of Former City Merchant Made Home in California

Mrs. L. Edwin (Ada Brown) Waite, 83, widow of one of the founders of Waite's Department Store, died suddenly at the home of her daughter, Mrs. Fritz (Wilma) Taves, 3850 Cedar Ave., Long Beach, Calif. Sunday.

She was born in Petaluma, Calif. in January 1872 and was married at her home there. After her marriage, Mrs. Waite came to Pontiac with her husband who was a partner in Waite Bros. & Co.

Leater Edwin Waite, Edwin Livingston Waite, and Milton G. Robertson founded the firm, Waite Bros. & Co., general merchandise, in February 1884, after buying out the business of J. S. Stockwell.

The original location was at 21 N. Saginaw St. and employed four clerks. Within two years it had outgrown those quarters and moved to the southeast corner of Saginaw and Huron streets, where the S. S. Kresge Store is now located.

L. Edwin and Elwin L. Waite then bought the Congregational Church property across Huron St. and built the present store, moving into it in March 1913.

At that time, Mr. Robertson sold his interest to the two Waite brothers and the business was known as Waite's. In 1939 Waite's joined the Allied Stores Group, the business was incorporated and began operating as Waite's Inc.

L. Edwin Waite retired some years ago and moved with his family to California.

When in Pontiac the family attended All Saints Episcopal Church. Mrs. Waite made her home in Berkeley, Calif., with her daughter, Esther Waite who is now traveling in Europe.

Surviving besides her two daughters, are three grandchildren and one great-grandchild.

The body is to be cremated and the ashes will be buried at a private service Saturday, Feb. 12, in the family cemetery at Petaluma.

Mrs. Peter Stoltenberg

Mrs. Peter (Marie) Stoltenberg, 81, of 56 Seneca St. died yesterday at Pontiac General Hospital after an illness of one day.

Born in Montcalm County Dec. 11, 1873, she was the daughter of Jens and Ane Pedersen Jensen and was married Feb. 25, 1890 in Greenville.

Mrs. Stoltenberg came here 43 years ago from Greenville and was a member of St. John's Lutheran Church.

Surviving are seven children, Ernest, Ernest, Mrs. Adolph Hornblad and Mrs. Robert Taft, all of Pontiac; Mrs. Andrew Rasmussen and Mrs. Emil Peterson, both of Detroit; Mrs. Ernest Chesley of Dearborn, 11 grandchildren and 24 great-grandchildren. A sister, Mrs. Anna Jensen, also survives.

Mrs. Stoltenberg will be taken from the Donelson-Johns Funeral Home Friday at 11 a.m. to the St. John's Lutheran Church, 37 Hill St. for service at 2 p.m. The Rev. Carl W. Nelson, pastor of the church will officiate with burial following in Perry Mount Park Cemetery.

In lieu of flowers, friends are requested to make memorials to St. John's Lutheran Church.

Mrs. James Ralph Yates

Mrs. James Ralph (Peggie Jean) Yates, 29, of 1625 Woodward Ave., died suddenly at St. Joseph Mercy Hospital yesterday morning.

Born in Chubbuck, Ind., Oct. 24, 1925, she was the daughter of William and Grace Cole Bherne. She was married Dec. 24, 1953 in Angola, Ind.

Mrs. Yates attended the University of Indiana and came to Pontiac two years ago from Chubbuck. She had been employed as secretary at the Warren-Alley Mechanical Processing Division until October 1954.

During World War II, Mrs.

MENTIONED—R. W. Cook is considered a likely candidate to succeed Maj. Gen. Kenneth Nichols as general manager of the Atomic Energy Commission. At present, Cook is AEC's deputy general manager.

Yates served as a Wave with the United States Navy.

Besides her husband and parents, she is survived by a son, Douglas Gene, at home. Also surviving are two sisters, Mrs. Paul Herron and Mrs. Hubert Niehter, both of Chubbuck.

Service will be held Friday at 2 p.m. from the Voorhes-Siple Chapel. Complete arrangements will be announced later.

Sees High Cost of Elm Disease

Sen. Broomfield Says Old Budget Inadequate for Control of Blight

It may take as much as \$300,000 to set up an adequate program to fight the spread of Dutch Elm disease in Michigan, Oakland County's State Sen. William S. Broomfield said today.

Broomfield (R-Royal Oak) introduced a resolution yesterday calling for appointment of a three-person Senate committee to work with the State Department of Agriculture in developing a program to stamp out the tree killer.

"The appropriation last year amounted to about \$25,000," the senator said, "which is far from adequate to control the rapidly spreading blight."

It has been taking some 22 days to get reports back from Lansing laboratories on samples of trees suspected of being afflicted, he stated.

In the time it takes to get test results the disease could spread farther. Establishment of a testing station in South Oakland County, which has been hit hardest by the disease, might remedy the problem.

Broomfield would have the proposed committee report back to the legislature in time for a control program to be passed this year.

WASHINGTON (U)—The Securities and Exchange Commission today approved financing to start work on the controversial Dixon-Yates power project.

The commission, dividing 4.1, authorized the issuance and sale of 5 1/2 million dollars of common stock.

The stock is to be issued by Mississippi Valley Generating Co., set up to build a private power plant to feed power into the Tennessee Valley Authority grid as replacement for power supplied by TVA for atomic installations. The contract for the project is with the Atomic Energy Commission.

Fake Cashier Checks Being Cashed Here

The Michigan Bankers Assn. has issued a warning that fake cashier's checks drawn on the Industrial National Bank of Detroit may show up in this area, according to Robert C. Miller, chief investigator for the Oakland County prosecutor's office.

The code number of the bogus checks, 9-33 over 720, is inaccurate. The Detroit bank uses 9-74 over 720.

The bad checks, greenish-blue in color, all have been for \$100 made payable to "James Mathew."

Home-Grown Mink Tie Goes Soapy One Better

LANSING (UP)—Rep. James Goulette (R-Iron Mountain) has come up with what he claims is an answer to Gov. G. Mennen Williams' polka dot bow tie.

It's a mink bow tie. Goulette, who wore a mink tie to the legislative session last night, said "the governor's tie is way out of date."

"This has real style," Goulette said stroking the soft fur. Goulette, who raises mink, said he is certain he has at least one thing over the governor.

"I grow my own," he said.

Driver Held for Trial

James Z. Shelton, 27, of 730 Stirling Ave., was ordered held in the Oakland County Jail yesterday when he was unable to post a \$100 bond, pending trial Feb. 23 on a drunk driving charge. He pleaded innocent before Municipal Judge Cecil McCallum.

Fourth Suspect Nabbed in West

New Mexico Officials Pick Up Last of Quartet Accused of Burglary

The last of four burglary suspects was captured by sheriff's deputies in Tucumcari, N. M., on a warrant charging nighttime breaking and entering in Oakland County, according to Undersheriff Elmer McQuern today.

New Mexico authorities this morning notified McQuern that Clifford Morlann, 18, of Detroit was apprehended on information furnished by State Police of Pontiac.

Detective Jack Davis, of the sheriff's department, and Detective Charles Leaf, of the State Police pool, will return Morlann here for arraignment next week. Morlann, 18, was reported, has waived extradition.

Police said they notified authorities in New Mexico last week that Morlann might return to Tucumcari, where the suspect was picked up and questioned recently about the slaying of a Birmingham filling station attendant.

According to police, the other three suspects, Mrs. Rosemary Anderson, Robert Isaacs and David LaMaster, all 18, also were questioned in connection with the murder when the four were found in possession of newspaper clippings about the murder.

The trio is being held in the Oakland County Jail after demanding examinations on the burglary counts. The hearings are tomorrow.

They are accused of breaking into the Waterford Hardware Store, the Deer Lake Lumber Co. and a Berkeley grocery store two weeks ago. The trio was arrested after Detroit police found Mrs. Anderson sitting in an auto filled with five rifles, taken from the hardware store, and other articles.

During the discussion, Commissioner Harry W. Lutz said he supported the rezoning but he had no objection to the rezoning, which he termed "plywood houses."

"People buying those houses are getting gyped and I don't care who knows it," he declared.

A builder in private life, Lutz wanted a provision inserted in the rezoning proposal restricting the minimum quality of homes in the subdivision.

He was told that was impossible since it would contradict the city building code, which permits Title I (minimum standard, semi-finished) homes.

Commissioner John A. Dugan, in whose district the subdivision lies, said:

"I agree with you on the Title I houses... If you want to sit down and write a tight building code, I'm all for it."

The Commission concurred with the plan board on rezoning lots 56 to 65 in Buena Vista Heights Subdivision to commercial 1, lots 264 to 289 in Marquette Subdivision to commercial 2, lots 19 to 24 of Mount Clemens Hills Subdivision to commercial 1 and the west side of Baldwin avenue from Merrimack south 200 feet to commercial 1.

Tabled for a week was action on a recommended change to manufacturing 1 at 61 Short St. Action is pending in Circuit Court on a suit filed by the city against the owner of the property for operating a firm illegally in a non-manufacturing zone.

Finishing the plan commission reports, the Commission swiftly went through 24 engineer's cost estimates and public hearings for blacktopping city streets.

In addition to the street paving hearings, a public hearing was held on the Merrimack Subdivision rezoning. Final action was delayed pending the deed of land for an alley.

Action was also postponed one week on a report from the city engineer on the estimated cost for

Recording Used as Evidence for First Time Here

A dictaphone recording was used as evidence in a criminal trial yesterday for the first time in the history of Oakland County Circuit Court, according to Prosecutor Frederick C. Ziem.

It played back a statement in which Robert J. Modzelewski admitted a break-in to Birmingham police three hours after they arrested him last Sept. 7.

Modzelewski, 29, formerly of 2027 Spenser, Detroit, was found guilty by a jury. Judge George B. Hartwick set sentencing for Feb. 14.

An accomplice in the crime, Antonio G. Nicolson, 26, formerly of 3007 Maxwell Detroit, pleaded guilty last Jan. 31 and also will be sentenced Feb. 14.

They were accused of breaking into a store at 1265 S. Woodward, Birmingham, and taking \$633 in cash and checks plus electrical appliances.

Wayne Fires Professor Who Refused Questions

DETROIT (U)—Dr. Gerald I. Harrison, assistant professor of mathematics at Wayne University who refused to answer questions of a congressional Communist-hunting committee, has been fired.

The Detroit Board of Education yesterday upheld a university recommendation that Dr. Harrison be dismissed. The board said Harrison and his attorney failed to appear for a hearing.

Accident Victim Remains in Critical Condition

Mrs. Elvira Lucas, 18, of 5638 Hillsboro Rd., Dearborn, who suffered serious injuries in an auto mishap Friday when her six-week-old daughter was killed, is reported in critical condition at Pontiac General Hospital today for the fifth straight day.

She suffered multiple internal injuries after her auto struck a tree on Andersonville road while she was on her way to do some shopping. Oakland County sheriff's deputies said the woman apparently lost control of the auto.

Pontiac City Affairs

Rezoning Proposal Stalls Commission for an Hour

After being stalled for an hour by a single rezoning proposal, the City Commission last night zipped through the bulk of the agenda in record time.

The delay came after a report from the City Plan Commission recommending rezoning the portion of Glenwood Estates Subdivision east of Highwood boulevard.

Edward M. Stout and Joseph Lazebny, owners of the approximately 40-acre tract, had petitioned to change the entire subdivision to a residential classification from its present manufacturing classification.

The plan board tabled for 60 days action on the acreage west of Highwood. Lazebny owns that section.

Attorney Harold E. Howlett, representing Lazebny, told the Commission the two owners had an opportunity to sell the entire section to a building concern which planned to erect about 170 houses.

He said no offer had ever been made to either man to purchase the property for industrial development. He requested that the entire section be rezoned.

Before a motion by Mayor William W. Donaldson to table the matter one week was voted on. Howlett interjected that if the Commission ordered the drawing up of a change in the zoning map, the action would not be final.

Donaldson withdrew his motion and, by-passing the plan commission's report, the Commission voted unanimously to have the city attorney draw up the change, calling for a rezoning of the entire section. Further action will come next week.

During the discussion, Commissioner Harry W. Lutz said he supported the rezoning but he had no objection to the rezoning, which he termed "plywood houses."

"People buying those houses are getting gyped and I don't care who knows it," he declared.

A builder in private life, Lutz wanted a provision inserted in the rezoning proposal restricting the minimum quality of homes in the subdivision.

He was told that was impossible since it would contradict the city building code, which permits Title I (minimum standard, semi-finished) homes.

Commissioner John A. Dugan, in whose district the subdivision lies, said:

Marshal Zhukov Heads Red Defense

(Continued From Page One)

in his approach to world problems. He is just as apt to use the party as a tool for Russian expansion as any nonmilitary party leader.

On a white charger, traditional mount of the military ruler, Zhukov rode in triumph through Moscow's Red Square while the radio and the press blared his glories as the conqueror of Germany.

Stalin himself called upon Zhukov to make a speech on that memorable day in June, 1945. He reacted like a Great Russian. The Great Russian people and the spirit of Russia liberated the world, he told the cheering throng, and the invader of the "sacred soil" perished.

Engineer's estimates were heard and public hearings on the following paving jobs set for next week:

Barkell street from Raskob to Columbia; Beverly avenue from Joslyn to Fuller; California avenue from Franklin road to Bagley;

Edith street from Cass to Michigan Air Line Railroad; South court from Wilson to Michigan Air Line Railroad;

First avenue from Joslyn to Barkell; First street from Barkell to Fuller; Francis street from Pike to Chandler; Quing street from Cass to White-

Harrison avenue from Franklin road to Bagley; West Hopkins avenue from Baldwin to Jesse;

Hazel Bend avenue from Belmont to Stanley;

Following the public hearings, the city assessor was ordered to prepare a special assessment roll and present it at next week's meeting. The streets are:

Bondale avenue from Earlwood to the east line of Woodward Estates subdivision; Bondale drive from Josephine to James K;

Florence avenue from Augusta to Detroit; Grand Haven and Milwaukee Railroad right-of-way;

Stout street from Green to Palmer; Stout street from Saginaw to Baldwin;

Rutgers avenue from Baldwin to University; St. Clair street from Mountain to University;

Summit avenue from Hudson to Montclair; Tennyson avenue from Baldwin to University;

Wilder street from Cass to Short.

Zhukov, alternately commanding field armies and working in the Kremlin on grand strategy, finally came to command troops numbering many millions. When he lifted the siege of Leningrad in 1943, he was made a marshal. Zhukov, too, planned the victory at Stalingrad, drove the Germans from the Ukraine and the Crimea, and blasted into the Baltic countries, Poland and Germany itself. It was Zhukov who sent 4,000 tanks rolling into Berlin.

Zhukov expressed admiration of American tactics, strategy and general boldness in the war, and appeared to have had a warm feeling for Eisenhower.

For almost four years, little was heard of Zhukov. Suddenly he reappeared in Moscow at a Supreme Soviet session, and then at a Communist demonstration in Poland. He gained more and more prominence.

Thus, Zhukov's appointment today begins to look like a deal between the army and the Communist party, a sort of sharing of the rule, the party ruling with the tolerance of the army at the moment.

Du Pont to Purchase Million Shares of GM

WILMINGTON, Del. (P)—E. I. duPont de Nemours & Co., Inc., prepared today to subscribe to one million shares of new General Motors Corp. common stock at \$75 a share.

The stock purchase, announced yesterday, will be in accordance with GM's offer to stockholders of record at the close of business yesterday to purchase one new share of stock for each 20 shares of General Motors now held. The DuPont company now owns 20 million shares of GM common.

DuPont holdings now amount to 22.6 per cent of the GM common. A DuPont spokesman said the purchase of the additional million shares under the option plan would retain the present ratio.

Driver Gets 25 Days for Three Violations

Roy Holsworth, 54, of 4270 Dixie Hwy. pleaded guilty to three traffic violation charges yesterday when he appeared before two different justices, and was sentenced to serve a total of 25 days in Oakland County Jail.

He failed to pay a total fine of \$25 and \$10 costs after he appeared before Waterford Township Justice Donald Adams on charges of leaving the scene of an accident and driving with a suspended operator's license. West Bloomfield Township Justice Elmer C. Dieterla sentenced him to 10 days when unable to pay a \$10 fine and \$10 costs.

The Day in Birmingham Limited Business Area Best Move, Officials Say

BIRMINGHAM — The City Commission and Planning Board saw eye to eye on one thing in particular at a joint closed meeting last night, City Manager Donald C. Egbert said today.

While the meeting was nothing more than an exchange of ideas, said Egbert, "They all agreed that the major objectives as far as our business section is concerned, is to confine business to areas so zoned at the present."

"Our object is not to build a big business but a good, strong one, utilizing property presently zoned for business purposes, thereby protecting residential property," he said.

"We would destroy, if we grew too big, what we have in Birmingham, and especially if we go into a poor type business section," Egbert said. "There should be at least enough business provided to make for competition, without going into poor quality merchandise."

Egbert continued, "There was a strong reason for the City Commission's suggestion that Shain Park be moved one block south and a parking area be provided on the present park. A park to the south would provide a good buffer strip between what would be business and what would be residential."

New officers and directors of the Community House were announced this week, with Harold Hagen named president. Other officers are: Mrs. Robert H. Pease and William Lorch, first and second vice presidents, respectively; Norman Weston, treasurer; Mrs. Harry N. Gruber, recording secretary; and Mrs. Henry M. Jackson, corresponding secretary.

New directors for three-year terms are: Mrs. Charles Kass, Mrs. Preston Weir, Henry M. Foley, James M. Joyce and Russell B. Robins. Serving unexpired one and two-year terms are Edward Kurth and Mrs. Anthony Daley, respectively.

At tonight's meeting at 8 at the Community House, Rebekahs will complete plans for this Saturday's card party. Open to the public, it will be held at the home of Mrs. Edith Hart, 711 Bannville.

Mrs. William L. Holmes Service for Mrs. William L. (Emma L.) Holmes, of 512 Madison Ave., will be at 10 a.m. Thursday at Bell Chapel of the William R. Hamilton Co., with burial in Grand Lawn Cemetery, Detroit.

Mrs. Holmes, who would have been 95 this Friday, died today at Chelsea.

She is survived by her children, Mrs. Ralph Spinning, Mrs. Ruth Gordon, and Harold W., all of Birmingham; and Mrs. A. Griswold of Scarsdale, N. Y.; one brother, W. A. Wheeler of Iola, Kan.; seven grandchildren; and 18 great grandchildren.

Asks Hearing in Assault Case

Lester Wathen Charged in Attack on Girl, 13, Sunday

Lester L. Wathen, 29, of 1055 Vinewood Ave., accused of attacking the 13-year-old daughter of an AFL Teamsters Union business agent for Local 614, demanded examination when arraigned yesterday on a charge of assault with intent to rape.

Failing to post a \$1,000 bond, Municipal Judge Cecil McCallum ordered him held, pending the hearing Feb. 23.

Wathen, who has continually denied the girl's charges, was accused in the warrant issued by Assistant Prosecutor Robert D. Long late Tuesday.

The suspect, after he was apprehended by the girl's stepfather, Alvy Bush, 32, of 91 Judson St., was picked out of a police showup by Carolyn Stottmeyer who told police she was attacked by the man in the backyard of her home about 9:30 p.m. Sunday.

She said the man threatened her with a knife, threw her to the ground and punched her in the face, before he fled. She was treated for cuts at Pontiac General Hospital.

Her screams, according to police, attracted her father who was watching television in the livingroom, at the time of the incident.

Long said conviction on the charge calls for a maximum sentence of 10 years in prison and \$5,000 fine.

Armada Woman Dies When Car Hits Tree

ARMADA — Pearl Elizabeth Slankster, 33, of 2339 East Main St., died instantly Monday afternoon when she lost control of her car on Romeo Plank Road, and crashed into a tree. Funeral service was held at 2 p.m. today at the A. M. Tiffany Chapel, with burial in Willow Grove Cemetery.

Surviving is her mother, Mrs. Cora Slankster, four sons, George, Eugene, Gale and Gary, all of Galesburg, Ill., also five brothers, Harvey, Floyd, Edward and Robert of Armada, Glenn of Rochester, and six sisters, Mrs. Florence Bokolos of Flint, Mrs. Ruth-Bowden and Mrs. Mildred Slankster, both of Armada, Mrs. Viola Butke, and Miss Lillian Slankster, both of Mt. Clemens, and Mrs. Genevieve Bentley of Romeo.

South Bird Island, Tex., is the only white pelican nesting colony on the Gulf Coast of the United States. It is a sanctuary of the National Audubon Society.

Pontiac Airport Gets \$5,900 Grant; Manager Says About \$60,000 Needed

Pontiac Municipal Airport Manager Homer D. Hoskins today expressed disappointment in the \$5,900 grant allocated the city airport by the Civil Aeronautics Administration last night.

"We needed a minimum of \$30,000 from the federal government to get a new 4,000-foot runway in," he said. "The total, with state and city funds matching the federal grant, only amounts to \$11,802. We need \$60,000."

"There isn't an airport in Michigan that needs the money as much as we do," he continued. "The way this was allocated, the airline airports got the money, as usual."

Last night's allocation follows a tussle between the CAA and the Michigan Dept. of Aeronautics which stemmed from the original government grants made last fall.

In October, the CAA tentatively allotted \$551,530 among six Michigan airports. The state board then submitted a plan for re-allocating the funds among 10 airports (including Pontiac's).

The CAA's new plan adopts some changes proposed by Lester J. Maitland, state aeronautics director, but rejects other state recommendations. Pontiac was to receive \$30,000 under the state request.

Here are the allotments proposed by the new CAA plan compared with those suggested in October:

Willow Run \$80,000 and \$100,000, Lansing \$60,000 and \$100,000, Grand Rapids \$165,000, and \$190,000, Detroit-Wayne Major \$80,000, (unchanged) Flint \$60,000 (unchanged) Muskegon, \$65,530 and \$21,530, Pontiac \$5,901 (nothing previously) and Benton-Harbor - St. Joseph \$50,000 (nothing previously).

Two Michigan congressmen, Reps. Bennett and Knox, have attacked the new proposals as "rank discrimination" because the Iron Mountain and Escanaba airports — in their districts — were left out.

They announced they would appeal what they call "irresponsible programming" to President Eisenhower.

"Secretary Weeks has no interest in or appreciation for the problems of small airports in Michigan," they said in a joint statement.

"He has allocated nearly one-

Smokeless powder first was used by the War Department at Sandy Hook, N. J., in 1891.

third of Michigan's entire share to the city of Grand Rapids. It is rank discrimination and we are asking President Eisenhower to review and set aside this irresponsible programming by the Secretary of Commerce."

(The CAA operates under the Department of Commerce.)

Hoskins declined to comment on the statement by a CAA official that Pontiac will be allotted the \$5,900 only if it can be shown that

something useful can be accomplished with that amount.

"I don't know what the outcome will be," he said. "It's too soon to say. It's a matter of waiting to see what further developments will take place."

Faster X-Rays Work Wonders

Bureau of Standards
Opens Public Showing
of New Developments

WASHINGTON (INS) — Broad new fields in the use of X-rays—from treating deep-seated cancers to seeing through 18 inches of steel—are being explored today by government scientists.

Results were placed on exhibit Monday night when the National Bureau of Standards opened its doors to the public for the first time in 17 years.

Highlight of the program is the X-ray televising of the internal parts of an operating engine in the new betatron laboratory.

The lab houses a 50-million volt betatron and an 180-million volt electron accelerators to produce X-rays which permit man to see for the first time through 18 inches of steel or 90 inches of concrete.

Moving parts of a one-cylinder circuit television by converting to visible light the invisible X-rays. The audience could clearly see the piston and rod in motion.

Several hospitals already have initiated treatments with high energy X-rays for cancer and related diseases.

In industry, detection of small flaws in large metallic castings or assembled mechanisms has always been a major problem.

Strong absorption of low energy X-rays by most materials has sharply limited the thickness that could be penetrated, but high energy X-rays reduce the diffusion and penetrate deeper.

The visual image may be photographed by an ordinary camera, televised on a closed circuit or observed by eye, if precautions are taken against radiation.

Scouts and Parents Attend Dinner Meet

Some 95 Boy Scouts and their parents attended a pot-luck dinner and Boy Scout Week celebration this week at Weaver School.

The affair, held in observance of the 45th anniversary of scouting in the U. S., was arranged by Troop 29, sponsored by the fathers of scouts attending Hawthorn School.

Lester Stanley, Hawthorne principal, spoke briefly and showed a film.

James Card, troop committee member, discussed the history of scouting and welcomed the guests.

Scoutmaster Roger Lawrence introduced neighborhood counselor commissioner Glenn Lackey, representing Clinton Valley Council.

Jailed for Paying Job Too Much Attention

FORT WORTH, Tex. (UP) — Joe S. Moore is a man who concentrates on his work.

Assistant District Attorney Jerry Murad told the judge that Moore, sentenced yesterday to two years in prison, was so intent on break-

ing into a hamburger stand that he didn't see two policemen who stood nearby for a while watching his effort.

Grant was the first to have a salary of more than \$25,000 as President of the United States. He began getting \$50,000 for his second term.

Pleads Insanity in Trial for Murder of Ex-Wife

LOS ANGELES (AP) — A plea of innocent by reason of insanity was entered yesterday by James Merkouris, 40, on trial for the slaying of his former wife.

Merkouris, formerly of Grand Rapids, is charged with killing his

ex-wife, Mrs. Despines Forbes, 34, and her husband, Robert, 49, in her ceramics shop last Sept. 20. He was arrested in Hot Springs, Ark., five days after the murders.

The U. S. Army in the Frankfurt, Germany, area employs 45 German dentists and 148 German dental assistants and X-ray technicians in its clinics.

Invalid, 81, Dies in Blaze Started by Wife's Iron

BRIGHTON (AP) — Elmer Blum, 81-year-old invalid, died yesterday in a fire that swept his home near the Livingston County community of Lakeland.

Blum was confined to his bed after suffering a stroke. Firemen

said the blaze started after Blum's wife, Winifred, 67, left an iron unattended on an ironing board.

Businessman Dies

MIDLAND (AP) — David W. Bye Sr., 52, prominent Midland businessman, died of a heart ailment Tuesday at Midland hospital. Funeral services will be held Thursday.

The pyramids of Egypt were built from 3000 B. C. to 1800 B. C.

Bob Considine Says:

Civil Aeronautics Board Hampering U.S. Airlines

NEW YORK (INS)—The passing show:

American Airlines, Inc. developed the air highway between New York and Mexico City at the request of the government shortly after Pearl Harbor.

Without subsidy, the line financed, built and maintained instrument stations, an airport and intermediate landing fields in Mexico, the first such facilities for night and instrument flying.

The company established one-stop flights between the two great cities, coach services, bought a lot of equipment, and spent a lot of money on public relations, promotion and advertising. (Its loss on this operation from 1942 to last November: \$812,615.)

Eastern Air Lines, tying in with Pan-Am, followed with additional service, and, with American, controlled the air traffic between the two points.

Now American, and the other U.S. companies, have barely 15 per cent of the New York-Mexico City business. Air France, given authority just a year ago to pick up Mexico City-bound New York passengers and vice versa, has captured 85 per cent of the trade. Air France is a fine airline but the consensus in the industry is that it won the preferential rating because of two things (1) it can offer nonstop N.Y.-Mexico City service, and (2) it isn't hampered by the Civil Aeronautics Board.

American Airlines, for example, asked the CAB to approve non-stop service eight years ago. A temporary okay came through a year ago, provided the Mexican government approved. Mexico notified the line that it would grant the request only if a Mexican airline would be given similar authorization by the U.S. This involved more hearings, meetings, conferences. They continue.

Further delays in final approval of conditions which will enable U.S. flag carriers to operate on an even basis with foreign carriers (which are, of course, government-backed) have been caused by bids from New Orleans for non-stop service between that city and Mexico City.

In the meantime, U.S. flag carriers are gradually being driven out of business on the New York-Mexico City run, and American Airlines has been forced to drop its Los Angeles-Mexico City run because the CAB insists that it makes a stop at El Paso whereas the competing Mexican company can fly non-stop.

The attitude of the U.S. carrier is, "the more the merrier, but for Peter's sake let's all start even."

My friend Cappy Wells, whose contributions toward the understanding of West Point and its

illustrious products will never be fully measured or appreciated, is beating a kettle for John Ford's magnificent new Columbia picture, "The Long Gray Line." Characteristically, Cappy, who sang the praises of Rosy O'Donnell, Blondie Saunders, Gene Vidall, Chris Cagle, Ed Carlsch, Elmer Oliphant, Tom Trapnell, Moe Daly, Chick Harding and many another great, delayed accepting the present job until he had seen the picture.

"Now I have no regrets," he wrote in a recent note. "The picture is really outstanding."

"The Long Gray Line" is the story of Marty Maher, West Point's snow-capped old trainer and character builder who still thinks of the class of '15—Eisenhower, Bradley, Harmon, etc., etc.—as kids. He was a tradition around West Point even by the time he helped the immortal Oliphant tack up on the gym wall a bit of verse knocked out by the academy's dashing young superintendent, Brig. Gen. Douglas MacArthur:

Upon the fields of friendly strife
Are sown the seeds
That upon other fields, on other days,
Will bear the fruits of victory.

"The Long Gray Line" is a wonderful picture. It makes you a bit prouder than ever to belong to this country, and to know it belongs to you.

Schimmel School Plan Given Strong Support

It is not surprising that a plan advanced by Louis H. Schimmel promises a way to solve the problem of keeping pace with Michigan's school building needs.

Mr. SCHIMMEL, a veteran member of Pontiac's Board of Education, is widely known as a tax expert. For many years he has been a director of the Municipal Advisory Council.

The SCHIMMEL plan is based on his contention that the school building problem in many instances is the result of deficient and restrictive tax laws rather than actual financial hardships.

"It is not the size of the debt," he argues, "that handicaps a district, as much as it is the burdensome way that the debt has to be paid."

His remedy is a constitutional amendment to create a State backed fund from which school districts could borrow on a year to year, actual need, basis. Hereafter school bonds could be retired over a 25 to 30 year period, which automatically would reduce the interest rate. Under existing laws, building bonds have to be paid off in 12 years.

Districts borrowing from the fund would not have to spread more than 13 mills. Any excess necessary to meet principal and interest would be obtained from the State fund and the district would continue levying 13 mills until the debt is paid.

This plan not only makes sense, but it points the way for school districts to solve their building problems without attempting to pass on to either state or federal governments any portion of their building costs, and at a rate that will be less of a burden to the taxpayer.

In truth, it seems to be so fundamentally sound that already it has the support of State Republicans, Gov. WILLIAMS and the Michigan Education Association.

French Assembly Ousts Dynamic Mendes-France

For many in France as well as the free world itself, the fall of the MENDES-FRANCE cabinet was a real loss.

It would not be correct to say that this 20th French political crisis since World War II was unexpected. The truth is that our Ally's most colorful and dynamic premier in many years had stepped on so many toes during his seven months in power that it is surprising his defeat hadn't come earlier.

Actually, Mendes-France's downfall came on the last of a score of votes of confidence. Immediate cause of it was rejection of his policy of self rule for Tunisia, reforms in Algeria and pledge of reforms in Morocco.

Besides the enmity of plantation owners in North Africa, the premier had antagonized organized taxpayers, many of whom are artists at dodging taxes. His crusade for milk instead of wine, also aroused the hatred of France's wine and liquor interests.

Until a successor is designated by President Corvi and safely installed in office, it is impossible to gauge the effect of the Assembly's action on German rearmament and kindred matters.

But even if the next French government strongly favors these pacts, there will be unavoidable delay in their final disposition.

Boy Scouts' Anniversary

It is a pleasure in this 45th anniversary week of the Boy Scout movement to extend a special salute to members of Clinton Valley and Pontiac troops.

This pleasure is heightened by the fact that Executive Director Leland reports the organization has enjoyed a 17 per cent increase in membership in the last year. Scouts, cubs, explorers and leaders alike are justified in looking ahead into the movement's 46th year with satisfaction and confidence.

At present there are 94 troops in the Clinton Valley Council with a total membership of 2,672 scouts. In addition there are 60 Cub Packs with 2,584 members and 12 Explorer units with 139 members, giving a grand total of 5,395.

Of these, 21 troops, 12 Cub Packs and 5 Explorer units are in Pontiac. The leadership roster now contains more than 1,700 names.

As has been the practice in the past, Camp Agawam at Tommy's Lake will continue to be a focal point of scouting activity for the Clinton Valley Council. The camp has been enlarged and its facilities improved in recent months and it operates on a year round basis with a capacity of more than 130 boys.

We are proud to commend the work of this splendid organization and wish it another year of success and growth.

The Man About Town

Levels of Our Lakes

Definite Observation Shows Them to Be a Little Higher

Young: What we are only once after that we have to think up some other excuse.

The levels of the many lakes in the Pontiac vicinity are generally a little higher than last year. When the ice closed the measuring devices of

Clifford J. Cartwright near his home off Ward's Point on Cass Lake, the water was two and one-half inches higher than at the same time last year. At an expense that runs into five figures, Mr. Cartwright installed the equipment to accurately determine the water level. It is diligently looked after by his son.

Charles (Chuck) Cartwright, a high school student, who has the daily records for several years past. Our informants along the Great Lakes also send word that they are expected to reach a new high water mark the coming spring and summer.

The Pontiac Kiwanis Club numbers among its members,

Ralph T. Norvell, the new president of the Chamber of Commerce, also

Dr. George M. Petroff, its vice president, and

Irving Steinman, its secretary. In fact, Norvell is the eighth Kiwanian to head the C. of C. and

Fred J. Poole, recently voted by the Jaycees to be Pontiac's most outstanding young man of the year, also is a Kiwanian—and Petroff had that distinction last year.

I never see one of those midget foreign cars without thinking of the driver of the big truck who looked down from his seat at one of them, and asked, "What other toys did you get for Christmas?"

Speaking of names, I notice that Lottie Worthy is running for treasurer up at Imlay City, and

William Treadgold and William Touchette also are seeking offices at the same place.

Still putting on a brilliant display in the southeastern skies just before sunrise is the planet Venus, which

Orren Mohler at the McMath-Hulbert Observatory at Lake Angelus tells me will continue to do so for several more weeks. It has held that honor since last autumn.

It was only 40 years ago today that the Pontiac Press announced that

State Senator George A. Barnes had introduced a bill in the Michigan Legislature to require all vehicles, "horse drawn or otherwise," to carry a light at night.

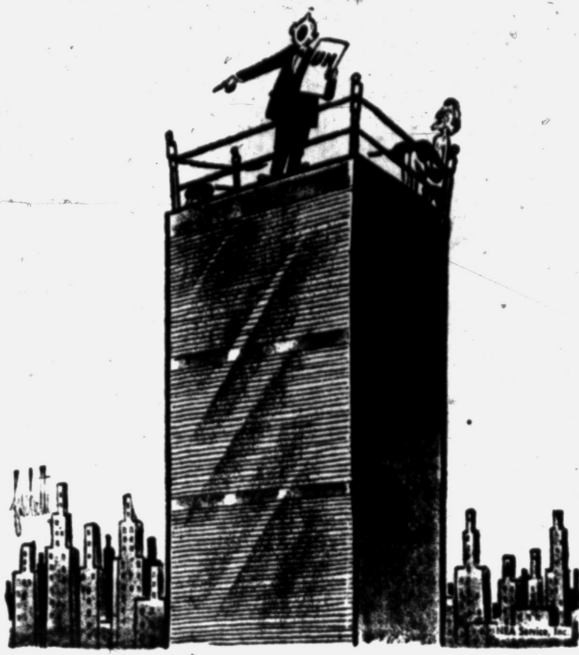

This column is quite in agreement with a letter from

"One Who Wants the Truth," who says, "We need a new court house, but it is not brought any closer by the occupants of the present one greatly exaggerating its lack of room."

Verbal Orchids to—

Mr. and Mrs. Charles W. Cole of Oxford, sixty-first wedding anniversary.

Mrs. Agnes Mosher of Holly, ninety-first birthday.

"... And in This Corner—We Hope—Red China!"

David Lawrence Says:

Resignation of Malenkov Indicates Internal Trouble

WASHINGTON—Internal trouble in Soviet Russia rather than external policy is back of the forced resignation of Premier Malenkov. Every bit of evidence for many weeks has pointed that way.

The news was not a surprise to any of the persons in this country who constantly study the trends inside Soviet Russia. The question has not been whether the Malenkov regime could last but how soon it would be terminated from within.

The picture presented to the world is not that of a parliament or an electorate changing rulers but the secret maneuvers of a little clique of men who name a new dictator from their own number.

The sorry spectacle of a deposed premier proclaiming submission, at the behest of a clique, that he has been guilty of inefficiency is one that could happen only in an oligarchy, where the people are not permitted to express themselves and where death faces the top man if he doesn't do the bidding of the group.

Will it mean peace or war? This question cannot be answered even by the coterie of men who call themselves rulers in Moscow. For the fact is that Soviet Russia isn't producing enough food for her growing population and the men in command know their tenure will be short-lived unless the food crisis is solved.

In desperation—and in an effort to consolidate the people by arousing their patriotism—there could be a move made that would threaten world peace. But experience has shown that during World War I when the army really got concerned about internal affairs and a revolution occurred, a separate peace with the enemy was made despite all the patriotic appeals.

So the present rulers face the danger that, if they try to capitalize on the crisis, they may bring about their own undoing.

The chances are that the circumstances which forced Malenkov out of office have to do with the long-range planning of the Communist Party leaders who have been trying to apply their socialistic doctrine. They have been defeated thus far by the workings of human nature—the refusal of the peasants to produce food for others when they cannot make a livelihood themselves.

The frequency with which the word agriculture is used in the statements and addresses attending the ouster of Malenkov and his own emphasis on his lack of success in that direction serves to confirm the belief that internal troubles have been growing rather than diminishing inside Russia.

With such an unrest developing, the efforts of the Politburo will be concentrated on preventing any new problems from arising—such as a new war in the Far East—which could put an extra drain on the already strained Soviet economy.

The coincidence of the dismissal of Malenkov and the boastful statement by Foreign Minister Molotov that Soviet Russia is far ahead of the United States in hydrogen-bomb development cannot be overlooked. The Soviet Committee which planned the firing of Malenkov knew it would be regarded by the world as a sign of weakness, and they prepared what might be called an anticipatory rebuttal.

Aunt Het

I'll play fair with any woman reformer. I'll stop the fault in me that she objects to, if she'll agree to stop one of her faults that I don't like.

But this version of the change which the Politburo has just made will not be accepted throughout the world and least of all in the areas bordering on the Soviet Union. Inside Poland, Czechoslovakia, Rumania, Bulgaria, Hungary, and the Baltic countries the people will know that a premier has been dismissed. They will suspect weakness.

The situation will not fell in Moscow for some time, and it will not be possible to know what new policies may ensue to annoy, if not threaten, the Western world with a new program of bluff.

Obviously the advocates here of more rather than less armament and more inflation through unbalanced budgets will continue to try to scare the Congress into voting bigger appropriations.

But the trouble in Moscow, if anything, vindicates the judgment of President Eisenhower, who is making the armament budget fit the realities of today. This means a firm reliance on nuclear power to prevent any big war from happening and a steady pressure of potential resistance in areas like the Far East to keep a local situation from growing into a major war. Some day the Politburo itself will be overthrown and there will be real peace in the world.

THOUGHTS FOR TODAY

The neighbors therefore, and they which before had seen him that he was blind, said, Is not this he that sat and begged?—John 9:1.

Every believer is God's miracle.—Bailey.

Case Records of a Psychologist

Tongue-Tied Suitor, 17, Is Speechless on Dates With High School Sweetheart

Millions of men and women are in the same boat with Norman. So memorize your sales talk before you go on a date. Just as the beginning salesman learns his "canned" sales patter before he rings doorbells to sell magazines or brushes. It takes fore-thought to win in this world, so learn the "H-E-L-P" formula at once.

By DR. GEORGE W. CRANE

Case N-345: Norman W., aged 17, is a high school senior.

"I'm in love with Anne, who is in my senior class," he spoke morosely, "but I can't seem to get to first base with her."

"That's because I don't know what to talk about when we have a date. I run out of words."

"It's very embarrassing. The last time I was with her, I'd gone along for maybe five minutes without a word, when she exclaimed, 'For heaven's sake, say something!'"

Dr. Crane, my mind just goes blank. So is there any memory system to help a guy make conversation?"

Yes, use the memory device which is symbolized by the word "H-E-L-P."

Each letter thereof stands for an entire field of conversation. Take the "H," for example, which indicates "Hobbies."

Ask your companion if she (or he) had any hobbies when in grammar school. Did she collect bottle caps or old coins or stamps or pads of paper matches, etc?

You can often get into a jolly conversational mood about your past ambitions and hobbies that may carry you through an entire evening, even without recourse to the other letters of that key word.

However, if you run out of conversational ammunition on that letter "H," then shift to "E," which stands for "Entertainment."

Ask her about her preferences re dancing vs. going to a movie. Athletics falls under this heading, too. Stage shows vs. movie versions can likewise launch an interesting debate.

When asking your companion a question, try to offer two choices in your query, for that elicits a quicker response. Thus, don't inquire:

Voice of the People

Why Should We Taxpayers Pay for Police and Fire Department Pensions at Age 55?

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Are the taxpayers being taken for a ride? The Pontiac Press reported that our vote on the city pension plan in April is "merely to correct a mistake." Now I discover that they start the police department and fire department retirements at 55, but the pension isn't paid until 65.

What's wrong with that? Why should firemen and policemen get pensions at 55 and expect us taxpayers to provide the money when we can't get pensions ourselves until 65?

I don't think there was any mistake made when we voted pension money to start at 65. If we made a mistake, it was to allow retirement at 55 even without pensions.

I'll vote for pensions at 55 years when I get one myself. Is there something sacred about being a fireman or a policeman instead of a welder?

Weider (And a Good One)

Even Sparrows Chirping About Fluoridation!

A reader wanted to know whether fluoridated water would spoil a highball made of Scotch and water. You said, "no." That suggests an entirely new plan. Instead of having fluorine put into the water, let's put in Scotch.

Enthusiastic

I hear sparrows don't like fluoridated water. Is that true?

B. L.

Editor's Note: You'll have to ask the sparrows.

'Keeling Booster' says Mr. Keeling is on the wrong side. Mr. Keeling is on the right side, just as he's on God's side and my side. I know Mr. Keeling will agree that fluoridation is a device of the Devil.

A Real Keeling Booster

Believes Patrol Cars Should Use Blinkers

If I, as one of the driving public, use a spotlight on my car as anything more than an emergency light I am violating a law, so I am told.

I am admitting that I have been stopped for a traffic violation and paid a fine, but that is beside the point. My objection is: When I was stopped the officers used their spotlight, flashing it through my rear window almost blinding me and forced me to the curb nearly causing an accident. At no time did they use a siren or a blinker.

I again saw a patrol car force another car to the curb shining their spotlight on his car. After forcing him to the curb, they just drove on leaving him at the curb. We hear and read of our young

people not respecting the law. I ask how can they show respect for an officer or officers, when the officer or officers show no respect for the people they are supposed to protect?

I make one request and that is, "why not have our officers use their blinkers or their sirens in sending a motorist to the curb instead of endangering the motorist's life by blinding him with a spotlight."

Mrs. Edith B. Shultz
 9081 Erve Avenue
 Clarkston

Editor's Note: According to the Pontiac Police Department, any car may be equipped with one or two spotlights and may be used as long as the light is not projected into the eyes of another driver. The siren and flashing red light are used only in aggravated or emergency cases.

'Truthfulness Essential for Peace in World'

This is an reference to Associate Supreme Court Justice William O. Douglas' suggestion that the ultimate political settlement of the Chinese problem "involves recognition of the two Chinas and the grant of seats in the U. N. to both of them."

In dealing with the Communist governments, the United States is dealing with nations that in the past have broken their word on solemnly pledged promises time after time.

If a nation, being no different than an individual, would give a solemnly pledged promise and keep that promise a better understanding between nations could be secured.

War is a device of immature governments, of little children who have not learned their lessons yet. All nations should grasp each other's hands and solemnly pledge a promise of peace and stand behind their promises.

Let all governments of the world in this year of 1955 combine their forces for the good of all men patterned after the government of the Almighty God.

Ross Wade

Urges Defeat of Two Bills on Parcel Post

In the 83rd Congress, two bills proposing repeal of Public Law 199 were presented. H. R. 2685 and Senate 3263. They were identical and if passed will return the heavy traffic to the post office.

The reasons for putting Public Law 199 on the books are just as good today as when advanced in the session of Congress approving it. Parcel Post service was never intended to cover the handling of heavy, freight type traffic and it was unfair to other types of transportation which must make a profit to stay in business.

Milford

Also, the taxpayer should not again be burdened by paying the deficit resulting from the handling of lower-than-cost shipments.

In the interests of free enterprise, write your Washington congressman in both House and Senate to defeat the passage of these bills.

Baering Down

By ARTHUR "BUGS" BAER
 (International News Service)

Our old pal Sen. McCarthy dropped through January like there was a hole in history.

Just a couple of short investigations ago Mac was setting prettier than a double-barreled hen. He was chumming around with Welch, Schine and et ultra thicker than cold suet.

It sagged into a sort of travel bureau. A general went to Japan, a private migrated to Alaska and the Democratic bees swarmed in mid-winter.

Only a dentist came through with running colons. We are investigating the constitutional privileges of a bigamist's brothers-in-law. Have they any legal rights to workmen's compensation enjoyed by a pool shark with a sprained wrist?

While shifting the dregs to the apex how did a dentist ever become a kernel? For bravery in the face of the enemy?

Does a dental kernel outrank a major dentist by one tooth?

Will the flossy kernel gum it some day at a retired jiggader-brindle?

We know that Gen. Zwicker recommended the dismissal of the dented dentist on three-quarters suspicion. The Pentagon tied in with Zwicker until the paperwork loaded the annex. They were firing muzzle-bursts with self-filling fountain pens and smothering recommendations in triplicate.

Portraits

By JAMES J. METCALFE

Some people scheme and worry when... They ought to go to bed... And keep the hours that they need... If they would get ahead... They sacrifice their slumberland... They do not count the sheep... And they are always wide awake... When they should be asleep... They are the ones who try too hard... To make a fortune quick... And more than often they wind up... By getting mighty sick... With headaches and with ulcers they... Grow weaker every day... And long before their given time... They droop and pass away... However great the wealth or fame... They finally acquire... They never reach the pinnacle... To which their hearts aspire.

Old Household Remedies Still Apply to Nosebleeds

By WILLIAM BRADY, M.D.

Most frequent cause of nosebleed is a punch on the nose, or if your insurance doesn't cover brawls say collision with a door which some one has carelessly left open or closed without notifying you of the hazard. I've lost more patients by such cracks.

Second in frequency is injury of the septum or partition between the nostrils by the fingernail in the practice of picking the nose. Fortunately, when bleeding of this nature cannot be stopped by ordinary efforts the doctor can locate the bleeding spot by using speculum and head light, cauterize it and stop the bleeding until next picking season.

Old household methods of stopping nosebleeds are (1) Keeping nostrils closed by gentle pressure of finger and thumb on sides for five minutes, the patient sitting quietly, breathing through mouth. (2) Applying something very cold to forehead between the eyes or to nape of neck, preferably ice.

Breathe only through the open mouth, and do not blow the nose even gently for an hour or two.

Frequent nosebleed in a child, particularly when the bleeding is obviously from only one nostril, may indicate presence of a foreign body and therefore calls for examination by a physician.

The use of styptic such as alum, adrenalin, tampons or other agents to control nose bleed is safe only in the hands of the physician.

Remember, the loss of a half pint or a pint of blood is of no particular consequence to a

blood donor, so the loss of half an ounce or an ounce via nosebleed need cause no alarm.

How much fact or how much fancy there may be in the familiar idea that occasional nosebleeds may be good for a person with plethoria, high blood or a tendency to apoplexy (stroke, cerebral hemorrhage), I don't know. All I can say is that it probably does no harm. Perhaps we don't bleed people for such conditions nowadays because we or our medical fathers found it was not effective.

Still, I don't know. One of the best bowlers on our green or in America, for that matter, is well along, an abstemious man, of enviable equanimity even at the critical moment of a tournament final.

I have feasted up with him on jaunts to other greens, where we might play all day. At the end of the day he'd be as fresh as ever, while I'd be "wore to a frazzle" (apology to Lum). From time to time the guy has nosebleeds of considerable duration.

But I think I know why my playmate has so much vite at 55. He still has all his own teeth. If you will review Little Lesson No. 16, "The 7 Keys to Vite," for which send 25 cents and a stamped, self-addressed envelope, you'll see that the first key is Little Lesson No. 1. Save Your Teeth.

Should letters run more than one page or the words long, pertaining to personal health and hygiene, do not discuss, diagnosis or treatment, will be answered by Dr. William Brady if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Mich.

Tree Leaf Is Mystery

GREENSVILLE, Pa. (AP) — J. D. Rimer found a giant sycamore leaf measuring 14 inches across and 12 inches high in his yard. The discovery was particularly startling because Rimer said there isn't a sycamore tree within miles of his property.

Famous Trichologist Tells Truth About Saving and Improving Hair

This new method of home treatment for saving and growing thicker hair will be demonstrated in Pontiac, Michigan, Friday ONLY, February 11, 1955. These private demonstrations will be held at the Pontiac Hotel on Friday ONLY, February 11, 2 P. M. 'til 9 P. M.

CHICAGO (Special)—In an interview here today Mr. E. V. Safranski, internationally famous trichologist and director of the Millard Hair and Scalp Specialists said: "There are 18 different scalp disorders that cause most men and women to lose hair. Using common sense, a person must realize no one tonic or so called cure-all could correct all the disorders," he explained.

GUARANTEED
"The Millard firm, recognizing that most people are skeptical of claims that hair can be grown on balding heads, offer a guarantee," Safranski said.

Once a person avails himself to the Millard treatment his skepticism immediately disappears. To insure this, we offer this guarantee: "If you are not completely satisfied with your hair progress at the end of 30 days your money will be returned."

**HOPELESS CASES
DISCOURAGED**

First the Millard specialists are quick to tell hopeless cases that they cannot be helped. But the "hopeless" cases are few. Only if a man is completely, shiny bald is he in this lost category.

If there is fuzz, no matter how light, thin, or colorless, the Millard people can perform wonders.

Every one is given a complete, private examination to determine the condition of his scalp, and cause for his hair trouble.

Financial Reference: South Chicago Savings Bank
2959 East Ninety-Second Street, Chicago, Illinois

FREE EXAMINATIONS

This examination is very thorough and highly technical. It requires 20 to 30 minutes. There is no charge for this examination and no appointment is necessary. After examination he is told the required length of treatment and how much it will cost.

After starting treatment, he makes regular reports to the Millard firm in Chicago, and a trichologist will return to check his progress periodically.

To spread the opportunity of normal, healthy hair to the thousands who are desperately looking for help, the Millard firm is sending specialists to various cities throughout the United States to conduct examinations and start home treatment.

NO CURE-ALL
"We have no cure-all for slick, shiny baldness," Safranski emphasizes. "If there is fuzz, the root is still capable of creating hair and we can perform what seems to be a miracle."

There is one thing Safranski wants to be certain every man and woman knows. If a recession appears at the temples or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention.

HAIR FOR LIFETIME

"If clients follow our directions during treatment, and after they finish the course, there is no reason why they will not have hair all the rest of their lives," Safranski said. "Our firm is definitely behind this treatment. It all depends on the individual's faithful observation of a few simple rules."

HOW'S YOUR HAIR?
If it worries you call Trichologist S. Fischer at the Pontiac Hotel in Pontiac, Michigan, on Friday ONLY, February 11, 2 P. M. to 9 P. M. The public is invited. You do not need an appointment. The examinations are private and you will not be embarrassed or obligated in any way.

Giesler's Success Secret

Attorney Never Refuses Anonymous Phone Calls

Editor's Note: This is the last in a series on Jerry Giesler, the attorney who has handled so many headline trials in Hollywood.

By ALINE MOSBY

HOLLYWOOD (UP)—A rule that helped make Jerry Giesler the West's most famous criminal attorney is "never refuse an anonymous phone call."

"I never permit my switchboard to ask who's calling while I'm on a big case," Giesler revealed today while recalling his 47 years as movietown's famous "mouthpiece." "Sometimes you learn information that is extremely valuable."

"It's the breaks you get that have a lot to do with a lawsuit," he added.

The friendly attorney never refuses a call from the press, and his home phone is listed in the telephone book, spelled both "Giesler" and "Giesler." He interviews all prospective clients who call at his office.

"It takes up a lot of time but you never know from one minute to the next what person is coming through that door," he said.

"That's what makes my life so interesting. In that green chair," he said, pointing to my chair, "a lot of famous actresses have sat and cried."

"I take every collect call, and I get some in the middle of the night, some absurd. I have a file of odd letters wanting me to handle the strangest cases."

"Barbara Hutton called me at home when she separated from Cary Grant. She was at a party and said to come immediately. I went and got her and she stayed at my house three or four months."

Giesler's deceptively mild manner is another key to his success. He is soft-spoken and dignified, and in court often assumes the appearance of a friendly preacher. He apologizes to witnesses for asking questions but sometimes, when talking to the jury, he will pound on the railing.

The attorney's affability is a rule he has followed since he first broke onto the legal scene.

Giesler, a small town boy from Wilton Junction, Iowa (Pop. 300 then), studied law at the University of Southern California here. While a student he formed a collection agency and one day got a bill against the late famed lawyer, Earl Rogers.

"I used to watch him in court," said Giesler. "When I tried to collect from him, I asked for a job and got one as officeboy for \$25 a month. No, I never collected that bill."

After Giesler took his bar examinations he became Rogers' associate for 17 years. One of their most interesting cases was helping defend the late attorney Clarence Darrow on a charge he took a bribe while defending James and John McNamara, accused saboteurs of a Los Angeles newspaper building.

"I was the attorney of record on the case and sat through the trial for three months," he said. "I was convinced Darrow was framed."

On his own for 30 years, Giesler now has offices in a small, white building on the edge of Beverly Hills. His staff includes three attorneys and five secretaries. In his office hang photographs of his idols, Rogers and Darrow.

Giesler lives with his second wife. He has a son in the Marines, 18, and two married daughters, 20 and 24. The former mouthpiece for such notorious characters as the late Bugsy Siegel (charged with murder) is prominent socially.

I asked the balding attorney why he does not retire after his long and lucrative career.

"I love the law," he said. "Most

of the time you do some good, and it's extremely interesting."

The confidant of stars and keeper of movietown secrets paused a moment and added, "Some stars are appreciative for what you do. Some are not. You'd be surprised to know who they are."

26 County Men Face Draft During March

LANSING (AP)—Local draft boards in Michigan were ordered yesterday to produce 602 men for military service during March, the second smallest monthly call in more than a year.

Col. Arthur A. Holmes, state selective service director, said all draftees taken will be at least 20 years old, except for younger men who volunteer.

He said the majority of the call will come from volunteers since local boards report a continuing volume of young men desiring to complete their military service at the most convenient time.

The call in Oakland County was for 26 men.

Advise Williams Against Lease

Cost of Building to House Departments Said Too High

LANSING (AP)—State officials have advised the governor against leasing a downtown Lansing office building to house governmental agencies now scattered through the city.

State Controller James W. Miller said the two-story Sears building was a "reasonably good deal, but we can't afford it."

Gov. Williams had asked Miller to investigate the cost of leasing the building to see if such an arrangement would be economical.

Miller said a five-year lease would cost the state an estimated \$115,000 a year, including the cost for remodeling and heating.

"At that rate, we would be paying about \$1.50 per square foot," Miller said. "Some of the agencies we would move in there are only paying 36 cents a square foot now."

The administrative board had approved the idea of leasing the building, but instructed Miller to

look into the possibility of purchasing it.

"We have asked the owner if he was interested in selling the building and he said no," Miller said.

"We are still interested in negotiating for a building at a price we can afford," he added.

Top priority will be given to finding a building in which to process applications for the Korean war veterans bonus, he said. The military establishment says it needs about 12,000 square feet to process the claims.

State officials are studying the possibility of erecting a new office building to house agencies now scattered in the city and take the strain off some crowded departments.

Nearly 400 types of cheese are produced in the United States.

JUST LIKE OLD TIMES

A FAMILY GET-TOGETHER WITH A LONG DISTANCE CONFERENCE CALL

Doesn't it seem ages since the last time your family was all together? If you're miles apart now, you may feel it's impossible to assemble as often as you'd like.

Have you tried a telephone conference call? It will bring your family together even though each member lives in a different city. Just tell the Long Distance operator that you want to make a conference call. Give her the telephone numbers of the people you want to speak with. She'll call each of them and let you know when your family is "together." Then all of you will be able to talk to and hear each of the others. It will seem just like old times.

Keep the family in close touch by Long Distance conference calls. They're easy to make—usually you can be connected in minutes. The cost? Surprisingly little, especially if you call after 6 P.M. during the week or any time on Sunday.

MICHIGAN BELL TELEPHONE COMPANY

Private Atomic Reactor Planned

Group of Big Industries to Build Research Unit in New York Area

NEW YORK (U)—Construction of the nation's first nuclear reactor entirely owned and operated by private industry is planned for the New York metropolitan area.

Invitations to join the project have been sent to about 10 large companies in the fields of electronics, petroleum, food, pharmaceutical and chemical products, ceramics, rubber, metals, textiles,

agriculture, machinery and others.

Plans for the reactor, to use radiation for confidential experiments by the cooperating companies, were announced yesterday by the American Machine & Foundry Co.

Gen. Walter Bedell Smith (ret.), vice chairman of the company's Board of Directors, said in a statement:

"We envision the development of many new and important commercial products and the improvement and extension of a great number of industrial processes."

Among the expected uses of the project are sterilizing and preserving foods and agricultural products, processing drugs, producing plastics and making measurements.

The cost is estimated between 1 and 1½ million dollars.

Formosa Pact Heading for OK

Only a Few Senators Oppose Ratification of Defense Treaty

WASHINGTON (U)—The mutual defense treaty with Formosa headed today toward almost certain Senate ratification over the opposition of a handful of members.

In advance of formal debate opening this afternoon, the Foreign Relations Committee worked on accompanying language designed to put the Senate on record that the pact is not intended to

solve the question of the ultimate sovereignty of the island.

Some committee members have expressed concern that the pact might be interpreted as recognizing Chiang Kai-shek's regime in perpetual control of the island refuge. Taken from Japan at the end of World War II, Formosa's sovereignty has since remained legally unsettled.

The committee report, not yet officially filed, also expresses as an understanding of the Senate that the United States would be under obligation to resist "only . . . external armed attack" against Formosa and the Pescadores.

In 1898, R. A. Fessenden perfected the electrolytic detector, which led to the development of headphones.

Dancer Sentenced on Assault Charge

MONTREAL (U)—A New York nightclub dancer got 12 days in jail — already served — and costs yesterday for beating up a union representative who tried to collect \$100 in back dues.

The penalty was assessed against Robert E. Smith, 26, after the judge found him guilty of assaulting Eddy Munn, 43, a Canadian field representative of the American guild of Variety Artists AFL. The 12 days Smith has spent in jail since his arrest constituted his sentence.

Munn told the court the battle occurred Jan. 26 when he went to Smith's dressing room in an effort

to collect dues he said the dancer owed the union.

Looking at Munn, who appeared in court with one arm in a plaster cast and his nose still bandaged, the judge commented:

"The evidence is still visible."

The United States has never issued any gold certificates below the denomination of \$10.

VA MEDICAL HEAD—Dr. William S. Middleton is now the chief medical director of the Veterans Administration, replacing Adm. Joel T. Boone. Dr. Middleton is the dean of the University of Wisconsin Medical School.

Foreign M.D.s Pose Problem

U. of M. Medical Dean Asks Closer Screening of Such Doctors

CHICAGO (U)—The dean of the University of Michigan Medical School has stated that foreign-trained medical students entering the United States may soon outnumber American medical graduates.

Dean A. C. Furstenberg told the annual Congress of Medical Education and Licensure that between 5,000 and 10,000 foreign medical men may be attempting to practice medicine in North America in 1955.

This number, he said, is increasing every year. Dr. Furstenberg said that U.S. medical schools graduate only 6,000 or 7,000 students annually.

The influx of foreign students, he said, poses a challenge "shared alike and unavoidably by our medical schools and the state boards of registration in medicine."

He said that although no American medical school tries to discriminate, educators who have visited foreign schools report they are for the most part unfavorable.

Dr. Furstenberg recommended that screening boards give oral examinations to foreign educated doctors. Passing such an exam, the doctor would again be examined by the state board of registration.

If a candidate were rejected, Dr. Furstenberg said, he would have to take a minimum of one year in a basic science course in a top medical school, and then be re-examined.

Local Library Adds Twenty-One Books

Twenty-one new books were added to the Pontiac City Library collection this week, according to Librarian Adah Shelly.

The additions include 14 works of adult non-fiction and seven of adult fiction. A listing follows:

Adult Fiction

NEW MIRACLE DRUG WORKS FASTER!

AMAZING THROAT RELIEF

...lasts twice as long!

Neo-Aqua-Drin throat lozenges with powerful antibiotic Tyrothricin work faster to combat Gram-positive germs responsible for most throat discomforts. Wonderfully soothing, Neo-Aqua-Drin is guaranteed to contain up to twice as much pain-relieving local-anesthetic as any other leading product. Nothing better—nothing safer. Neo-Aqua-Drin is the new medicinally approved relief for minor throat irritations due to colds or other throat distress.

NEO-AQUA-DRIN — a McKesson Product

Congress Pay Raise Set for Vote in Week

WASHINGTON (U) — House leaders scheduled for a house vote a week from today a bill to raise the pay of Congress members. Only nominal opposition is now evident. Approved yesterday by the House.

Itchy Pimples Kill Romance

Many shattered romances may be traced directly to scratching of skin blemishes. Why tolerate itching of pimples, eczema, angry red blotches and other irritations when you can get fast relief with soothing Peterson's Ointment? 50c all drugists. One application delights or money refunded. Also for tired cracked feet.

Judiciary Committee, the measure calls for a \$10,000-a-year salary increase for senators and House members.

Congressmen presently receive \$12,500 salary plus \$2,500 in expense money—a total of \$15,000 a year. The House bill would raise this to \$25,000. A companion Senate bill calls for a \$7,500 raise to \$22,500. No time has been fixed for Senate action.

Flu Hits Tokyo Children

TOKYO (U) — A flu epidemic has stricken at least 5,836 Tokyo children, the Health Bureau reported today.

Wildcat Strike Ends at Oak Ridge A-Plant

OAK RIDGE, Tenn. (U) — Work returned to normal today at an atomic plant construction project here after the end of a wildcat strike by 188 AFL painters. The painters, who had posted pickets when the strike began Monday, returned after trustee W. E. Palmer, of Local 437, informed the men yesterday that their differences with Rust Engineering Co. would be submitted to arbitration. Rust is prime contractor on the top-secret job—a remodeling of the Y12 electro magnetic center for separating uranium-235 from raw uranium. Neither Rust nor union officials would discuss the nature of the

grievances, except to say they did not pertain to wages.

Causing Avalanches Is Part of Army Duty

CAMP HALE, Colo. (U) — Avalanche inducing has become part of Exercise Hail Storm at this two-mile-high Army post. The 21st Engineer Battalion considers it one of the more dangerous tasks of the mountain and cold weather training exercise. The task is to knock down with TNT blasts huge overhangs of snow which threaten to come down at any moment of their own accord. One did come crashing Jan. 27 and nearly claimed the life of a serviceman. Robert E. Peary reached the North Pole on April 6, 1909.

Boudoir Chinchilla Ranch Nets \$10,000 in 18 Months

By PHYLLIS BATTLE. NEW YORK (INS) — Donna Stevens is the kind of girl—honey hair, nice shape, good teeth and all—who could marry herself into a mink coat with no strain. She is not a bit interested, however, for two very sound reasons. First, she doesn't believe in acquiring a husband for the purpose of providing life's candy-coated accoutrements, and second, she doesn't like mink. "Chinchilla is better," she says. So what is Donna doing to get a chinchilla coat? "Raising chinchillas in the bedroom, of course," she says.

Mrs. Stevens and her boudoir-breeding farm for costly rodents, may appear to be a revival of the good old pioneering spirit of American womanhood which went out with the first washing machine. But Donna says it's nothing of the sort. There's nothing pioneering in her instinct at all, she claims. It's just an easy way to pull in a few hundreds of dollars toward the little luxuries of life.

"In a year and a half of chinchilla raising I've cleared slightly more than \$10,000, which is hardly what you would call roughing it like the old pioneers. Furthermore, it is less trouble breeding chinchillas than it is taking care of one dog, and they're almost as much fun as babies, to have around the house."

Mrs. Stevens, a widow with a two-and-a-half-year-old son named Jay, tends to bubble over with womanly adjectives when she refers to the little beasts whose family lives have made her fortune. Whereas Webster labels them simply "small South American rodents (Chinchilla Laniger)" and lets it drop there—Mrs. S. thinks they're "adorable little vegetarians."

She says they are also clean and odorless and cost only one penny a day in upkeep. "Of course, the initial cost of buying a pair is rather high," Donna concedes, "but once you have them in their little cage, all they require is hay and one small vegetable pellet a day apiece to keep the brood going."

And do they go? The females breed two or three times a year, having one to five offspring in each litter. This means that a bedroom is fast running over with chinchillas and—with great regret and great profit—a pair or two must be sold. At about \$1,000 per couple.

For the sake of those of us who did not clear \$10,000 last year for doing virtually nothing, Mrs. Stevens described how she picked up her lucrative hobby. She got a part-time secretarial job with the Chinchilla Breeders' Association on Long Island, became intrigued with the little animals as they scooted in and out of the office like berserk gray-blue rabbits, and thought she'd like one for a pet.

One? said her boss. Impossible. Take two for \$795. Or \$250 and easy \$30 monthly payments.

Donna did it. By the end of a year she had sold a dozen pairs—to private parties, at \$1,000 a couple. "I could have sold them back to the association," she explains, "but they would only pay wholesale prices. Everybody out in my neighborhood is interested in raising chinchillas since they saw what's happening to my bank account, so I sell to them."

The idea of all this home breeding, of course, is to build up the nation's stockpile of chinchilla pelts, to put them in the same class with mink—a fur within the budget of millionaires. At the moment chinchillas being so small and so scarce (there are only 250,000 pairs in the U. S. and Canada, and it takes 180 pelts to make a respectable coat), they are twice the price of the best mink.

Mrs. Stevens says a lot of people throughout America are chipping in the family fortunes to do what she's doing, and I wish them all well. Personally, however, I don't think I'll invest—and my reasons for not raising chinchillas are as good as her reasons for breeding 'em.

First of all, I'm afraid none of my acquaintances would have the inclination or the money to buy the little beasts, and I would be stranded up to my windowsills in live pelts. This is a problem that a potential breeder must face: Has he any real rodent-loving friends?

Second, I prefer mink.

(Tomorrow: There ought to be a new freedom in America, says Miss Battelle — Freedom of romance for the sake of Miss Margaret Truman.)

(Copyright 1953)

Israel Snubs Egypt

JERUSALEM, Israel (U) — A meeting of a special committee to the Israel-Egypt Mixed Armistice Commission scheduled for tomorrow has been canceled after Israel's refusal to meet with Egyptian officials. Feeling has been running high here since the execution of two Jews in Cairo on spy charges.

Father John's Medicine Brings Soothing Relief

From Coughs That Are Due to Colds

Father John's Medicine has been used by young and old during 99 years to relieve coughs and throat soreness due to colds by soothing the throat irritation. If you need more Vitamin A—and three out of four of us do—Father John's Medicine helps build stronger resistance to colds by supplying this essential vitamin in a natural form, also Vitamin D. The high reputation of Father John's Medicine is due to the results obtained by four generations of satisfied users. Its rich, wholesome ingredients contain no alcohol or harmful drugs.

Felonious Driving Charged to Motorist

A warrant charging felonious driving was ordered yesterday against Everett M. Clayton, 47, of 67 Tregent St., who, police say, rammed his auto into a Detroit-Edison truck last Saturday causing a lineman to lose a leg.

Royce J. King, 29, of 624 Burgess, Milford, is recovering in Pontiac General Hospital from an amputation above the left knee.

King was standing at the truck's rear when the car struck him, police stated, and jammed him under the three-ton repair trailer.

Clayton will be arraigned on the charge today in Pontiac Municipal Court, according to Chief Assistant Oakland County Prosecutor George F. Taylor. Conviction of felonious driving carries a maximum four-year prison term.

The term set for the president of the Confederate States of America was six years.

TODAY'S ASSIGNMENT FOR: JUNIOR EDITORS

A FUNNY FOLD-UP FROG

This fold-up frog will look a lot like a real one about to hop off the ground.

You can color him light green and make the spots a darker green. Paste the picture on stiff paper, preferably a green one. Cut carefully along the outside heavy lines.

Now cut out the mouth opening along the dark line and cut along the dark line above and around the eyes. Fold the eyes so they stand out. Fold the whole frog along the center dotted line.

Fold the frog's knees along the dotted lines and spread the legs. Paste his legs to a sheet of cardboard so that he will sit up, as in the small drawing resting on his knees and elbows.

Ike May Create Office to Handle Job Complaints

WASHINGTON — President Eisenhower is reported considering adding a member to the White House staff to take care of complaints that Republicans aren't getting enough government jobs.

The President was said to have come up with this suggestion when a delegation from the Senate Republican policy Committee called on him yesterday to discuss dissatisfaction on the part of many GOP senators with the job situation.

... GOP Senators Carlson of Kansas, Duff of Pennsylvania and Francis Case of South Dakota, who formed the delegation, would not comment on their mission.

It was learned from other quarters, however, that Eisenhower promised to do something about their chief complaint—that hold-over Democrats still are in control of the personnel divisions of many departments and are not letting Republicans in.

It takes 10 tons of falling water to generate one kilowatt-hour of electricity.

Band Parents Plan Dinner

Members of the Washington Junior High School Band Parents' Club are sponsoring a fish dinner Friday evening in the school cafeteria. Proceeds from the dinner will be used to pay for new jackets and hats purchased for the band members.

The Washington Junior High School Band will be the only junior high band from Pontiac which will participate in the February band festival at Ypsilanti. If they win a first division rating they will travel proudly to Michigan State College for another contest.

Tickets for Friday's dinner are being sold by members of the band and may also be purchased at the door. Fred West is director of the band.

Vasa Lodge Names Dance Committee

Pontiac Scandinavian Vasa Lodge will sponsor a Valentine party and dance Saturday evening at Chieftain Hall. Pontiac Scandinavians and their friends are invited to attend.

Committee members for the event are Mr. and Mrs. Alex Nilsen, Mr. and Mrs. Jack Malmquist and Mr. and Mrs. Carl Gustavson.

Tight Hats Bad

Tight hats are poison to a scalp because they hamper circulation. If you wear such a bonnet for long periods of time.

Sandra Hufton of South Genesee avenue, Tom Osler of Garland avenue and Jay Hall of Navajo road (left to right) are three members of the Washington Junior High School Band who are looking forward to wearing their new jackets and hats when they attend the band festival at Ypsilanti during February. A fish dinner will be held Friday evening in the school cafeteria to help raise funds for the recently acquired jackets and hats.

Beauty Clinic

by Edythe McCulloch
MAKE UP

There are almost as many ideas about applying makeup as there are people to use it. As one extreme you find women who wear only lipstick. At the other extreme you see the "crepe paper effect" which is the result of too much powder on a dry skin.

If you eat correctly and take the right care of your skin you should not need cosmetics to cover up. In fact the intent of makeup isn't to cover bad skin but to enhance a good skin.

The subtle effect intended by the use of cosmetics can only be attained if they are carefully applied. It is much better to follow a simple routine and do it expertly than to strive for an elaborate effect if you do not do it well. If you haven't been using much makeup and want to start a program, I suggest that you follow a progressive plan.

Begin with the essentials and continue with these only until they have become a habit. The essentials are the lips and eyebrows. To have the semblance of good grooming, lipstick must be carefully applied and the eyebrows must be neatly shaped.

MR. and MRS. EARL R. ARTHUR JR.

Couple on Honeymoon Following Baptist Rite

First Baptist Church was the setting for the Saturday evening wedding of Joyce Esther Smith and Earl R. Arthur Jr. of South Parke street.

The bride is the daughter of Mr. and Mrs. Shirley Smith of Scottwood avenue, and his parents are the Earl R. Arthurs of Vanceburg, Ky.

The Rev. William E. Hakes, assistant minister of First Baptist Church performed the 7:30 ceremony.

The bridal gown was designed with a Chantilly-type lace bodice, and the lace skirt was inset with side panels of accordion pleated satin. The skirt ended in a chapel length train and a fingertip veil was held by a princess tiara of seed pearls.

The bride carried a bouquet of white carnations with a white orchid center.

Mrs. Jack Teague, the bride's sister was matron of honor. She wore a gown of yellow tulle and lace and carried a colonial cascade bouquet of violets with a rose center and matching violet streamers.

Mary Smith, another sister of the bride along with Rose Seibert, Nelma Cravens and Joanne Cravens of Van Dyke were the bride's other attendants.

Mary, Rose and Nelma wore orchid bouquets and carried colonial bouquets of violets and matching streamers. Joanne's gown was yellow like the honor matron's.

Nancy Harroun as flower girl wore a white satin dress and carried a white basket and yellow ribbons and yellow rose petals.

Forris Cravens of Van Dyke was best man and seating the guests were Andy Noland of Rochester, Carl Borders Jr., Sidney Borders, Dale Borders and Francis Harrington of Detroit.

For her daughter's wedding Mrs. Smith wore a dress of

Several Participate in Friday Program

Mrs. Asa L. Drury led the program. "We're All in This Together" when Women's Association of First Presbyterian Church met Friday at the church.

The topic, "Ecumenical Mission Proclaims Jesus Christ the Way" was discussed by Mrs. Kenneth Carman, Mrs. John Maginnis, Mrs. Robert Boggs, Mrs. E. D. Auchard, Vera Bassett and Mrs. Lyndon Salathiel.

Fifteen members of the association attended the meeting of Detroit Presbyterial Wednesday.

Members were reminded of World Day of Prayer on Feb. 25. Mrs. Roy Foshender gave devotions for the meeting and luncheon was served by the July-August group.

Sorority Gathers

Mrs. Leo Halpenny opened her home on Lewis street Tuesday evening to members of Omega Mu Sigma Sorority. Mrs. Milo McClintock of Birmingham served as co-hostess.

Joyce Smith and Earl R. Arthur Jr. spoke their marriage vows Saturday evening in First Baptist Church. She is the daughter of the Shirley Smiths of Scottwood avenue, and his parents are the E. R. Arthurs of Vanceburg, Ky.

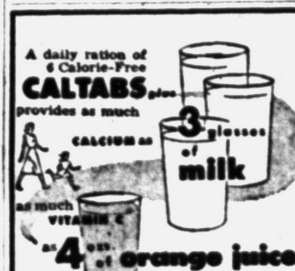

Pre-Lenten Party Set February 22

Plans for a pre-Lenten party to be held Feb. 22 were made at the Tuesday evening meeting of St. Michael Altar Society held in St. Michael Hall.

Mrs. Robert Gallo is general chairman for the event. It was announced that the National Council of Catholic Women convention will be held on March 31 in Hotel Statler, Detroit. Mrs. Howard Estes was speaker for the Tuesday meeting.

It's Sophisticated

The jumper is sophisticated this spring. It turns up in silk and in versions that are sheath-like or full-skirted.

A daily ration of 8 Calorie-Free CALTABS provides as much as 4 glasses of milk plus PHOSPHORUS, IRON, VITAMIN B-1 and TRACE MINERALS. The human body needs more calcium than any other mineral for healthy growth and maintenance. Children, expectant or nursing mothers or older folks who do not tolerate milk, find pleasant tasting CALTABS plus an invaluable, thrifty-priced calcium diet-aid. CALTABS plus tablets, pure, natural bone-meal product of the famous Wm. T. Thompson vitamin laboratories, are pleasantly flavored, easy to chew and free of "chalky" taste. They are a good way to help prevent calcium deficiency. Try them today.

Husbands, Guests Acclaim Tuesday Musicale Artists

By DORA DAWSON

A concert that won the acclaim of husbands and guests was the one given by Tuesday Musicale Club, in their honor Tuesday evening in the auditorium of the High School.

Duo-pianists, Margaret Oakley and Christine Gaensbauer played and Rebecca Gould, contralto, accompanied by Golda Hogue presented a delightful program.

Listening to Mrs. Oakley and Mrs. Gaensbauer play with such ease, one does not comprehend the obstacles toward perfecting their playing; the need for two pianos where hours and hours are spent in practicing, the concentration in memorizing, and the absorbing attention to each type of composition.

Out of this has come an aim at perfection that is remarkable.

They were heard in three groups, ranging from Bach and Brahms through to present day composers who have a decided tendency to broken rhythms and dissonances, but in each number, there was re-

tained flexibility or precision, a consciousness of each other's part and of the mood of the number that made their playing fascinating.

Among these compositions that were especially appealing were "En Bateau" Debussy of liquid singing tones, a stately Brahms "Theme and Finale," and the swing of the "Blue Danube" waltzes of Strauss.

The rich resonant voice of Rebecca Gould was heard to ad-

vance in this auditorium, in five well-chosen songs that closed with the dramatic "Seguidilla" from the opera "Carmen."

Seldom does one hear clearer enunciation, a fine balance of beautiful tone throughout the voice and an ease of production that transports her songs to her hearers.

Mrs. Gould was accompanied by Mrs. Hogue, who is equally an artist, supporting the singer in every way to give the songs the finest possible rendition.

Mrs. Paul Kern, president of the Tuesday Musicale Club welcomed the guests and members and expressed appreciation of the enthusiasm of the audience.

Serving as ushers were members of the Senior and Junior Leagues of the Club, who were Norma Lee Braid, Karen Bowman, Lee Patterson, Barbara Hess, Nancy Lowery, Judy Dunham, Marsha Stapp, Sharon Gale, Judy Baker, JoAnn Dearing, Lynn Benter and Gale Blamy.

Margaret Silk of South Johnson avenue and James Wilcox of Wenonah drive will be crowned queen and king of All Saints Episcopal Parish's youth groups at a ceremony Sunday at 5 p.m. James is king-elect of the Order of Sir Galahad, and Margaret is the new queen of Fleur de Lis. The public is invited to attend the ceremony.

Graduating Class Plans Reunion

A reunion is being planned for members of the January 1930 graduating class of Pontiac High School.

Several members of the class gathered Sunday at the Indianwood Lake home of Mr. and Mrs. Ray Elkins to formulate plans for the 25th anniversary celebration.

Some committees were formed and preliminary work was started with expectations of having the reunion in the near future.

All members of the class are asked to contact Mr. and Mrs. Elkins or a member of the committee which includes Mrs. Oscar Aue of Owosso, Mrs. Elmer Jewell, Mrs. Howard Hess, Mrs. Lillian Hilton, Mrs. Clarence Boyer and Frank Blanchard Jr.

Hoedowners' Club Has Box Social

Hoedowners Dance Club held its annual box-social recently in Owen School. Cecil Elsholz was master of ceremonies.

Callers for the evening were Bob Grosjean, Roy Burch, Ralph Monroe, Harvey Gilchrist, Dewitt Hart and Art Thomas.

Guests of the group were Mr. and Mrs. Bruce Priddy and Mr. and Mrs. Dave McGinnis.

All Saints Will Hold Ceremony

A fanfare of trumpets will open the ceremony Sunday at 5 p.m. when James Wilcox and Margaret Silk are crowned king and queen of the youth groups of All Saints Episcopal Parish.

James is king-elect of the Order of Sir Galahad and Margaret is the new queen of Fleur de Lis.

The ceremony, which is open to the public, will include vesting, enthroning and crowning by the rector of the church, the Rev. C. George Widdfield.

Flags, banners and shields bearing heraldic devices will decorate the church for the occasion. Young people from both organizations will participate in the ceremony, robed in the costumes of their various degrees.

In the queen's retinue will be Julie Hutchins, retiring queen; Lynn Filer, Connie Clinton and Virginia Norvell, train bearers; Linda Elwell, scepter bearer and Carol Ann Riley, mantle bearer.

Others are Karen Christenson, crown bearer; Judith Colpus, herald; Linda Morris and Dianne Copenhagen, testimonial readers; Barbara Cole, flag bearer and Margaret Christenson, lady in waiting.

Princesses are Carolyn Leacher, Barbara Hutchings, Ann Whitting and Joyce Schnorkian.

The king's retinue includes, Hugh Ambler, retiring king; Gerald Barnfather, Shan Griffith, Stephen Lewis, past king's attending knights; Norvel Sears, Fred Honeycutt, Jerome Wilson and Jack Sampson, guards of honor.

Others are Donald Sweetman, herald; Ronald Delderfield, flag bearer; Frank Crawford and Jack Couzens, testimonial readers; Thomas McGrath, mantle bearer; Victor Thomas, crown bearer and Phillip Thingstad, bearer of Excalibur.

Woman's Literary Club Holds Silver Tea at YW

A Silver tea and guest day was enjoyed Monday by members of the Woman's Literary Club who gathered at the YW.

Hostesses were Mrs. Charles Manville, Mrs. V. E. Nelson, Mrs. A. F. Winters and Mrs. Dale Moats. Fifty members and guests were present.

Among the honored guests were Mrs. Paul Gorman, president of Pontiac City Federation of Women's Clubs; Mrs. Maurice Baldwin, president of Pontiac Woman's Club and Mrs. H. E. McCulloch, president of the Round Table Club.

Mrs. Robert McNeil, program chairman of the day, introduced the guest speaker, Mrs. Zoia Schroeder of Cross Pointe. "Thunder to the South" was the topic of the speech delivered by Mrs. Schroeder.

She is past president of the southeastern district of the State Federation of Women's Clubs, and Pan American Division Chairman of General Federation of Women's Clubs.

Mrs. Schroeder told of historical, economical and political conditions of the Central American countries and of her trip to Brazil.

Saony
"fashion
pointer"
a
silken-look
success!
\$25

This is the suit that doesn't have to watch the clock—it's lovely at all hours! Gifted Saony tailored it softly of textured acetate with a silk-and-worsted look, gave its gently rounded jacket a duo of cross-grained bands, its bracelet sleeves' flippant turn-back cuffs. Designed to hold its beautiful shape almost indefinitely, it's proportioned to fit misses and half sizes without costly alterations, comes in current-favorite muted tones. "It's a wonderful buy!"

A new look for '35, this subtle, simple, gently curving version of the so-important lady-like suit. Its fabric, by the makers of Palm Beach, looks like a costly handweave, is a choice blend of wool, nylon, rayon and acetate. You'll wear this beautifully detailed, lightly lined suit the year 'round, always looking up-to-the-minute. Happy footnote: it sheds wrinkles over night, refuses to wilt, and retains its shapely beauty almost forever! Saony proportions it to fit misses and half sizes perfectly. "It's a wonderful buy!"

Word 'Lady' Rarely Used in This Case

Necessary at Times to Point Out Code of Behavior

By EMILY POST

A reader writes me as follows: "Not long ago you advised one of your readers to refer to a certain friend of the female sex as a 'woman friend' and not as a 'lady friend'."

"Would you be kind enough to explain when one uses the word 'lady' and when one uses the word 'woman'?" I find it necessary to use one or the other of these words frequently and would appreciate knowing how to correctly apply them."

It is difficult to give a definite rule, but an approximate one is this: When the implication is unmistakably that a lady is intended, the word woman is preferred.

The word "lady" is rarely used in ordinary conversation unless it is necessary to qualify an admirable code of behavior or high-minded point of view.

Dear Mrs. Post: Is it proper for a woman whose divorce is not yet final to wear the engagement ring of another man? My fiancé has just presented me with a diamond ring and I am hesitant about wearing it in public as my divorce will not become final for several months. Could this be criticized?

Yes, I'm afraid it would be. You will have to wait until your divorce becomes final before you may wear the ring of another man.

Dear Mrs. Post: I would like to know the correct way to eat a shrimp cocktail. I am referring to the large-size shrimp. Should they be cut with a knife or fork, or should they be eaten directly from the fork by biting half off at a time?

If you are able to do it, you cut it in half with the fork against the side of the glass, or else you lift it out and put it on the plate underneath and cut it in half with the fork.

Clean All of Face

Keep the skin around your eyes clean. A washing that cleans your face in areas that look like a Halloween mask isn't sufficient. Get lips, eyelids, hairline and nose.

Delicately tinted as a butterfly's wing is this enchanting Paisley print on a magic-like crepe. Sized for juniors, the dress is a slim, easy sheath bound at the waist with a wide cummerbund that slips under the decorative strip of buttons down the front. The flat round collar lies smoothly over the shoulder.

Do Not Judge a Career by a Snob's Standards

By ANNE HEYWOOD

Vocational prejudice, it seems to me, is on the increase in this country, and it accounts for a lot of personal tragedies.

For example, take Eleanor R. Eleanor is 18 years old, a plain girl but very pleasant, newly graduated from high school. Eleanor loves to work with her hands, and had her heart set on learning to be an upholsterer.

It would mean beginning as a glorified apprentice, and studying nights at a trade school.

and Eleanor's face brightened up and became beautiful when she discussed it with me.

"But," she announced sadly, "Mother won't hear of it. Mother says it's practically factory work, and she insists that I go to business school and become a secretary. She wants me to 'improve myself.' But I think I would die if I had to spend my life pushing papers around!"

This mother is typical of many who practice vocational prejudice, who insist that their children "improve" themselves. Usually they mean that they want their daughters to go into a white collar job, in a "classy" office.

But the outcome is usually tragic. The girl hates the job, and even if she is very conscientious, she just pushes and drives herself, hating every minute of it, and failing miserably.

She ends up either a dried-up, bitter old maid, or she marries the first man she can snare, just as an escape from the horrible job, and makes him a miserable wife.

"However," such mothers point out, "I know lots of girls who have done beautifully in secretarial jobs." Yes, provided their heart was in it.

Some people love one kind of work and some people love another kind of work, and the only way any given girl can "improve" herself is by getting into work she loves.

Fortunately, Eleanor's mother saw the light. I took her through my files, and showed her all the people who had begun in the fields of upholstery, beauty culture, carpentry, auto mechanics, and how, if it was right for them, they succeeded in ending up the owner of a successful shop.

In short, there are many roads to success, but each of us must follow our own road.

South Sea islanders sometimes use one half of the shell of a giant clam as a bathtub.

Solitary Life Can Be Active, Rewarding

By MARY MARGARET McBRIDE

Dear Mr. Lowell Ditzen: You ask how I handle the "human problem of aloneness and loneliness," and how I think other individuals may use their "solitariness" to live fruitfully and constructively instead of negatively.

Before I begin to answer, may I just express the hope that your proposed book, "You Are Never Alone," may find an answer not only for loneliness but for emptiness, not necessarily the same thing.

Some of the most miserable (and the most misery-making) mortals I know are the empty ones who never seem to think of anything except themselves, who wallow in self-pity and fear.

A woman who has had a happy marriage will feel desperately the loss of her husband. But the same qualities that made a good marriage will create a satisfying new life when she intelligently applies them to her changed situation.

Her husband is gone, the children are grown, what is to take their place? A job? Volunteer services? Developing a hobby into an avocation? For the thinking, alert person, there is always a

substitute for even the dearest treasure lost.

I know women who fill their minds with creative thoughts, have taken courses in languages, studied stenography, flower-arranging, started small businesses in their homes. I know others who, in a sort of helpless despair, have sunk deeper and deeper into the mire of their own negative vacant thinking.

The latter are the ones who keep the doctor's waiting room full.

I am not often conscious of loneliness, though I've had periods when, away from family and friends, I've felt acutely that sense of isolation. But all through my life I've had two happy backstops: work in which I'm interested and for which there are deadlines, and—perhaps even more important to carry me out of myself—books. I can always bury myself ostrich-like in a good book when life is too much for me.

I think I'll tell you about some simple devices that two women, with names that you'd all recognize, use to fight loneliness. One travels on business a good deal and sometimes finds herself at weekends in strange cities with time on her hands.

"If I feel a little low and start being sorry for myself," she told me, "I go for a walk and make up little stories about people I see. She's a secretary all dressed up because she's going to meet a new young man." I decide about a pretty girl.

"And then I start looking for a likely lad for her. It's just a game, but it amuses me, takes me out of myself, and I go back to my hotel refreshed, hungry and ready to carry on."

Another friend, a writer, actually plays games with herself to ward off loneliness. She's never told me this but her secretary did.

"She even entertains at pretend-tea parties, as children do," said the secretary. "One day I was amazed to see her open the door, greet herself graciously and

invite herself to have some tea. She went into the studio, ate toast-English muffins and played she had company for an hour or more. Then she started to work again, probably with new dialogue and fresh ideas."

Good luck, Dr. Ditzen, to "You Are Never Alone." It could be a help to many.

No Blistered Heels
No "Holey" Sox
No Weary Feet

when they wear
Step Master
SHOES

Step Master Shoes are made with a patented one-piece lining of genuine leather. No back seams, ridges, or wrinkles to chafe little feet, make blisters and calluses on heels, or rub holes in sox.

The linings in Step Master Shoes are perforated so that little feet can breathe. Perspiration is absorbed—feet stay cool, dry, fresh and comfortable.

Width range from
Narrow to Chubby.

A variation on the Dutch collar, squaring off the neckline is a new fashion note. The collar is a pointed turn-over type offering a soft, flattering frame to the throat. The neckline can be filled in with festive jewelry or worn in a simple style for tailored wear. The short sleeves have little turned back cuffs. This delightful designer cashmere comes in white, black, aqua, hunt red, amethyst and shocking pink.

Change in Sight for Education

ITHACA, N. Y. (UP)—Education of women in the future presents special problems, says Dean Helen G. Canoyer of the New York State College of Home Economics.

"The primary function of home economics is and has been the coordination of all sciences and arts towards constructive family life," she explains. "As women's status in society has changed, home economics education has broadened."

The women of tomorrow, Miss Canoyer says, will need an even broader education.

"Women are playing an increasingly active role as wage earners and citizens—in addition to home-making. More married women," she said, "work outside the home now than at the height of World War II."

Recent estimates, she says, show that more than one-third of the people employed are women; one-half of the women workers are married, and one-fifth of married women work.

Dry Hair Requires Oil Treatments

If you're plagued with dry hair, try to keep it oiled or salved as much as possible. This means picking a night and a day when you're not going out.

For example, try an application after you get home Friday nights. Wear a scarf Saturday and shampoo Saturday afternoon.

All Crying Young Infants Need Mom's Tenderness

By MURIEL LAWRENCE

When young Mr. B. was a little boy, he had a rope swing. One day he set out to show a friend how he could increase his momentum by swinging on it in a standing position.

As he reached the crest of his arc, there was a sharp crack!—and the wooden seat split in halves under his feet. He screamed out of terror at the wooden seat's sudden withdrawal of expected support.

One rainy night not long ago, he experienced similar intense anxiety. His car's brakes suddenly withdrew their customary reassuring resistance in the middle of a skid.

In the flash of time before his brain got around to offering him a solution of his problem, he felt again that uncanny terror we feel whenever some familiar reality of our environment suddenly isn't there. He was sweating before he got his car back under control. Yet at dinner last night, this

same young Mr. B. insisted on subjecting his infant son to this anxiety.

Demanding that his wife ignore their baby's crying, he said, "What do you want to do—spoil the kid? If you're going to make a habit of running to him every time he squawks, he'll learn that all he has to do is squawk to get what he wants. I don't want a spoiled kid. So let him cry it out."

His reasoning is that of people who do not know that a mother is her baby's environment. And that when it reaches for her by his crying, it expects the same response young Mr. B. expected from his car brake and the seat of his rope swing.

It is reasoning by a person who does not understand his own experiences of anxiety but who, nonetheless, resents them. And so begrudges to his baby the comfort he doesn't know he needed and did not receive.

Dr. Harry Stack Sullivan was one of psychiatry's great pioneering teachers. Of crying babies, he writes, "ANY crying of a very young infant is a sign to its mother that the infant needs tenderness."

People around young mothers might keep this in mind. Her emotional gears require her to respond to her infant's crying with tenderness. When we tell her that her responsiveness is "spoiling" him, we interfere in emotional meshings we know nothing about.

If we don't stop threatening her, she will lose her certainty of her right to respond. Torn between her own impulse and the self-doubt with which we have infected her, she will only be able to give her baby comfort made useless by fear that she's doing the wrong thing.

It is then that her child learns to "squawk" for what he wants. He has not received what he "squawked" for.

For the mermaid who wants to be pretty this "Daisy Dance" swim suit in black cotton print is the perfect answer. Note the modified bloomer that looks well either pushed up and puffed or pulled down to slimmness. Black ground prints are showing early popularity in swim suits.

Sugar, Spice, Everything in This Cake

Mrs. W. F. Doggett
 Bakes Raisin Treat
 for Easy Dessert

By JANET ODELL

Pontiac Press Food Editor
 We don't often get a spice cake recipe in this column. So we are happy to give you Mrs. William Doggett's recipe for Dutch Spice Cake. It sounds like good party fare as well as wonderful dessert for lunch boxes.

The Doggetts, who live in Commerce have just moved into their own home; they bought an old house and remodeled it. This job has kept Mrs. Doggett busy for some time lately. She has a two-year-old son. Sewing, knitting, an Extension group and her church circle all contribute to Mrs. Doggett's active life.

DUTCH SPICE CAKE
 By Mrs. William F. Doggett
 1/2 pound raisins
 3 cups water
 Boil together until there is one cup of juice. While hot add:
 1/4 cup lard or other shortening
 1 teaspoon soda
 Let these melt, then add:
 2 cups sifted flour
 1/2 teaspoon cinnamon

Manners MAKE FRIENDS

"What did your husband give you for your birthday?" Some women ask such personal questions of their friends, but it isn't good manners to be so inquisitive. It just might be he didn't buy her anything or she has already exchanged the gift he gave her for something else.

One good answer to the impertinent question is—"a dozen beautiful arguments."

Patent leathers are best cleaned with a dampened cloth and neutral soap.

Borrowed Item Gives Her Excuse

Evening Together
 May Start Things
 for Them Again

By ELIZABETH WOODWARD

"Dear Miss Woodward: I lie awake nights thinking of him. You see, when he first started liking me I didn't like him, but later I liked him very much. I wasn't the kind of girl he was used to going with."

"He's very popular and was accustomed to having girls do things his way. I wouldn't let him have his way all the time."

"It didn't mind it so much when he stopped coming over, but now I've decided I like him again. I think about him all the time—especially when I'm out with other boys."

"The problem is to get him to like me again. But I don't want to be the one to call him first. If it's at all possible I'd like to get it through to him that I like him, but since we don't go to the same school it would be hard."

"The last time I saw him he borrowed a record and hasn't yet returned it. Could that be an opener?"

It's a made-to-order opener—that unreturned record. And it's ample excuse for calling him up. But you won't be satisfied with just talking to him on the phone for a minute or two. You want to see him again.

So use that phone call as an excuse for inviting him over to the house. Cook up an informal party and include him in it. Ask him to bring along some of his new good records, and remind him (if he still has it around) to dig up your disc and bring it back.

An evening of fun together might start things percolating again. It might also rid you of your haunt—and give you a chance to get some sleep at night.

"Dear Miss Woodward: We stopped going steady because we wanted to be free and have other dates. But we still planned on seeing each other. Recently he went away for a week and he said he would write, but he never did, and he hasn't called either since he came home."

"He lives quite a trip from here and the only time I can see him is when he visits me. My best friend is his cousin. Is there any way I could let him know how much I miss him?"

You could call him up and tell him that, but it might not get you much closer to seeing him and being with him. So why not plan a weekend visit? Enlist the help of your best friend. He could stay at her house probably—and the excitement will go on at yours.

Invite him for dinner, plan a gathering of some of your other friends for Saturday night, or fix up a double date to the movies with your girl friend. If you plan fun that will make it worth his while to make the trip, he might do it often.

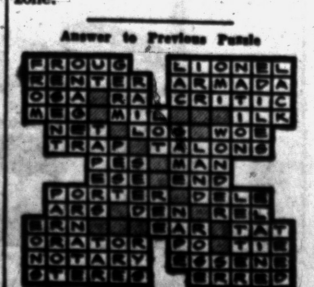

by Laura Wheeler

Combine dainty filet crochet with regular crochet—make this stunning new doily or centerpiece!

Pattern 678: Directions for crocheted doily or centerpiece. Use No. 30 mercerized cotton for 22-inch doily; No. 50 for smaller size; bedspread cotton for larger.

Scout Troop 66 Marks Birthday

Explorer Post Given
Charter; 150 Present
for 12th Anniversary

Boy Scout Troop 66, sponsored by Joslyn Avenue United Presbyterian Church, marked its 12th birthday at a dinner at the church Monday night attended by over 150 persons.

Explorer Post 66, newest senior scout unit in the Pontiac District, received its charter at the affair. Van R. Braidwood, district executive, presented the charter to King Stetler, post adviser.

The occasion also marked the 45th anniversary of the Boy Scouts of America, incorporated in the U.S. in February 1910.

Braidwood also presented three ribbons won by Post 66 at the explorer winter sports event Jan. 29-30 at Kensington Park. These included first place in cross-country skiing, second in downhill skiing, and third in junior speed skating.

At a troop Court of Honor after the dinner, nine boys were invested as tenderfoot scouts by Scoutmaster Nelson Kirby. He also awarded nine merit badges.

Wayne Kline was presented with his first-class scout pin. Nine boys who received second-class pins were Norman Mallory, Larry Markell, Arnold Haynes, Michael Fauss, Billy Mihalick, Carl and Bill Saloe, and James O'Dea.

Kirk Overstreet, camping director, reviewed last year's outdoor program and outlined plans for 1955 activities. Robert Dunham, troop committee chairman, showed movies of a canoe trip taken by the scouts last summer.

Senate Seems Sure to Extend GI Credits

WASHINGTON (AP)—The Senate appeared virtually certain to approve today a House-passed measure to allow persons who were in service before Feb. 1 to continue piling up GI education credits.

The bill — which won 366-0 approval in the House last month — was expected to whip through the Senate after little debate.

The President has let it be known he would go along with legislation to keep schooling benefits alive for those in uniform before Feb. 1.

Boys Dress Up; Shame Girls in Sloppy Outfits

DOVER, N.J. (AP)—All the eighth-grade lads at McFarland Street Grammar School wore their "Sunday best" to class yesterday—and made a big impression on the girls.

That was their intention. The "dress-up" plan actually was a protest against the girls who come to school wearing blue jeans, saddle shoes and other too-informal garb.

So in marched the 70 boys—all in white shirts and ties and highly polished shoes. They made their point. A teacher said the girls decided to mend their ways.

There are almost seven pounds of calcium in a 150-pound man — 99 per cent of it is in his teeth and bones.

Chinese Seen Bolder After Red Shakeup

By JAMES D. WHITE
Associated Press Staff Writer

The Soviet shakeup is likely to make Red China bolder than ever.

Georgi Malenkov, as Russian premier, stood for a "coexistence"

policy which inhibited Red Chinese adventures from the end of the Korean War until recently.

Malenkov had no experience with the Chinese aside from his contacts with them in Moscow. On

New Soviet Premier Holds Respect for U.S. Strength

sham (D-Okla), who visited Russia last November, is believed to be one of the last Americans to have talked with the new Soviet premier, Marshal Nikolai A. Bulganin. In the following article, Wickraman gives a graphic description of his meeting with Bulganin and the impressions he gained of the man who became Russia's premier.

By VICTOR L. WICKRAMAN
Democratic Congressman from Oklahoma
(Written for International News Service)

WASHINGTON — Nikolai Bulganin is a man of strength who respects America's strength. He also is a man of temperament, who might prove more quick on the trigger than his predecessor, Georgi Malenkov.

When I talked with Bulganin in the Kremlin the night of November 7, 1954, he alternately was a man of good will and an old warrior ready to do battle. In the group with me were attaches from the United States, Great Britain, France and Canada.

In one breath, Bulganin talked to us of our nations and the Soviet bloc living peacefully together. In the next, he was challenging us to fight. His manner was half jocular, half serious.

I was convinced after our meet-

ing that Bulganin and Marshal Georgi Zhukov would soon come to power in Russia, and I have been predicting such a coup in recent talks around the nation.

Bulganin showed neither great respect nor fear for Malenkov. He showed both, however, for America's achievements in atomic and hydrogen weapons.

He told us: "I've lived through three wars, but we ought to live and work together. I don't like your American 'h's and atoms'."

All the time he talked, he drank vodka — probably 20 all told — with vodka, champagne and wine. With each drink, he became a bit more moody.

He said: "You fellows don't have any gray hair. You have your whole lives before you. You ought to live in peace."

Then, in the midst of talking about peace, he broke off and demanded: "Do you want to fight? Do you want to fight? Do you want to fight?"

He also boasted: "I guess you Americans are jealous of our army — we have a good Army."

Bulganin is a man who is both friendly and firm. He has a sharp goatee, and a ruddy complexion, and carries himself erect with the old Stalin-style military bearing.

When, during our conversation, Malenkov sent a message for him to return to the main banquet table for further toasts, Bulganin rather slurrily told the messenger: "Tell him to drive on — tell him to drive on."

Then, Bulganin continued to talk with us in a leisurely fashion. This occurred a second time before he finally went back to the head table.

Bulganin is a man with whom we will have to have greater patience than we have had in the past. He said he wanted peace, but I have no way of reading his mind.

I do know that he can be a man of peace one moment and a man of war the next. I also know that our strength impresses him.

If we stay prepared and are firm, he will continue to respect our power, and we can have peace," but the only way we can assure that peace is to preserve our military and economic might so that Bulganin dares not meet us on the battlefield.

Suggests Local Aid to Save Bus Service

LANSING (UP) — The passenger bus is doomed to go the way of the horse and buggy unless cities offer some sort of "subsidy," a state transportation official said today.

"The increased use of automobiles has put the bus service in a serious plight and there's no sign of this trend ever changing," William L. King, supervisor of the motor vehicle section of the Public Service Commission, said.

King—who said he was speaking "privately" and not as a commission spokesman—said cities should offer financial assistance or face the prospect of leaving a large segment of their population stranded at home.

"Operating costs are mounting and passenger revenue is declining," he said. "The bus people are at a dead end."

King said such measures as curtailing schedules are only "stop-gaps."

Many companies are at a "point of diminishing return" and realize an increase in rates would only discourage passengers, rather than solve the problem, King said.

Globe Girdler Weds En Route

Everything but Bride Was Included in Duke's Travel Advice to Men

NIAGARA FALLS, Ont. (UP)—Young Tom Houston figured his trip around the world on 5 pounds sterling was challenging but lacked the "sporting" element.

So the 25-year-old Englishman took a bold step to the altar and faced the world today with (1) a pretty young bride, (2) 80 pounds of luggage, and (3) 9 pounds sterling (about \$25).

Aid Houston wants to know one thing: Is the Duke of Edinburgh listening?

It was on the duke's suggestion that Houston left England with 5 pounds (\$14.15), determined to circle the globe. The duke, Queen Elizabeth's husband, told an Oxford University audience that any young man worth his salt had to travel the world on 5 pounds and earn enough money to see all the interesting sights.

He didn't say anything about getting married en route and honeymooning at Niagara Falls.

Houston worked his way across the Atlantic by grooming three horses on an airliner. Once in the United States, he picked up money washing dishes, clerking in a supermarket, addressing envelopes in a mailorder house and putting his knowledge of Russian and Arabic to good use by translating for Radio Free Europe.

From New York, he hitchhiked to Toronto, where he met a 24-year-old miss from England whom he would identify only as Caroline.

The Canadian Press, in a Toronto datelined story yesterday, said Houston married Caroline Neave in Toronto Monday.

Baffling Burglar Trades Clothes—but No Pants

INGLEWOOD, Calif. (UP)—The pants burglary caper has police intrigued today.

Albert W. Hobbs, an aircraft worker, reported yesterday that someone entered his room and made an exchange of clothing.

The burglar took a pair of gray trousers, white shirt and a blue jacket. He left behind a tan shirt, blue coat, blue sweater and gray tie—but no trousers.

the other hand, Marshal Nikolai Bulganin, his successor, paid an extended visit to Peiping several months ago. With him was Nikita Khrushchev, the first secretary of the Russian Communist party, who looms as the big man in Russia.

Foreign Minister Molotov also has spent time in Peiping. His remarks on nuclear warfare yesterday tended to overshadow another new element in Soviet policy. This was his unqualified support for Red China's claim to Formosa. Russian support previously had been lukewarm.

Bulganin has a reputation among Asians as the first prominent Soviet figure to display a marked interest in Chinese possibilities since Russia pulled out of China in 1927. This dates back to a speech he reportedly made at Komsomolsk in eastern Siberia in 1946, when he outlined a policy of developing Chinese Communist strength and proclaiming, in 1952, a joint Sino-Soviet "Eurasian Monroe Doctrine" to tell the rest of the world to keep its hands off both Europe and Asia. It didn't work out, but it fits with known ambitions of both powers.

On my desk for the past month has been an unconfirmed report from Asia indicating that under

Malenkov's coexistence policy the Russians had developed serious differences with Peiping over Formosa.

The report says that up to last summer the Chinese had been demanding arms and material, including submarines and jet planes, to support a 300,000-man invasion of Formosa before the end of 1954. The Russians disagreed on the timing and on the Chinese strategy which, in Russian opinion, would inevitably involve a fight with the U.S. 7th Fleet. They hedged, and proposed an invasion for the spring of 1957. The report concludes that by October relations had reached a "new low" with Russia.

Since then, the Chinese have dealt coexistence two haymakers. In December they suddenly announced conviction on "spy" charges of American airmen captured in Korea. Last month they invaded Yikiangshan and forced evacuation of the Tachens.

It could be that it was the Formosa issue which toppled Malenkov, rather than his somewhat outdated failures in Soviet agriculture.

In any case, the Chinese have every incentive to use this opportunity to move more boldly and thus nail down more Russian support.

Ike's School Aid Plan Splits Congress

But OK Seen for Proposal

Eisenhower's Program Would Give States Federal Aid

WASHINGTON (UP)—President Eisenhower's aid-to-education program seemed headed today into a battle between two divergent schools of thought—one praising the plan for avoiding "paternalism," the other assailing it as "wholly inadequate."

Congressional backers of the President's proposal yesterday hailed it as a stimulus to states and local communities to work out their own schoolroom shortage problems.

Opponents, mainly members who have introduced legislation calling basically for federal school grants to states, contend it is a federal responsibility to see that the nation's public school children have adequate classroom facilities.

But house speaker Rayburn (D-Tex) said he believed Congress "in all probability" would enact a program along the lines of Eisenhower's plan.

The President, in a special message, outlined a three-year plan contemplating the outlay of \$1-100,000,000 in federal funds to be used mainly (1) to help states buy local school district building bonds which cannot be marketed otherwise at reasonable interest rates, and (2) to furnish grants to hard pressed school districts, with the states sharing the expense.

Sen. H. Alexander Smith (R-NJ) and Rep. Frelinghuysen (R-NJ) introduced bills to carry out the President's program.

Smith said "vital interests and responsibilities of the states and local communities concerning public education are more perfectly preserved by these recommendations than by any program for general federal handouts, with or without matching provisions."

But the President's proposals were described as "wholly inadequate" by Rep. Bailey (D-WVa), chairman of the House education subcommittee. He told newsmen his group would report out its own bill which authorizes whatever federal funds are necessary to overcome current classroom shortages.

Pianist's Mother Wants to Rejoin Liberace Clan

LOS ANGELES (UP)—Mrs. Frances Casadonte wants back her old name, Frances Liberace.

She's the mother of Liberace, the pianist, whose name used to be Lee Liberace before he dropped the given name.

Mrs. Casadonte applied yesterday to the court for permission to resume the name she acquired when she married Samuel Liberace, a horn player in a symphony orchestra. She divorced him and married Alexander Casadonte, who died several years ago.

Director Recovering From Appendectomy

HOLLYWOOD (UP)—Movie director and writer Joseph L. Mankiewicz, 45, is reported doing "just fine" in Cedars of Lebanon Hospital after an appendectomy yesterday.

Mankiewicz, winner of Academy awards in 1949 and 1950, was stricken Monday night.

FLIGHT PALS—First Lt. James A. Mills, of Charlotte, N. C., puckers up for a kiss from his Chihuahua "Senor Sabre" upon returning to Yokota Air Base after a routine patrol mission over Japan in his F-86 Sabrejet. The mascot is always lonely when Mills is flying and often perches on one of his master's helmets to appease his feelings.

Increased Pay for Motorcycle Officers Under Consideration by City Manager

City Manager Walter K. Willman yesterday told members of the Pontiac Police Officers Assn. that he still is considering a recent request for a 10 per cent wage increase for motorcycle policemen.

The association which had requested the increase among other

Truck Lands Last Blow During Brawl in Street

DETROIT (UP)—A street fight ended in death last night for Richard Misorski, 28-year-old father of four children.

Police in neighboring River Rouge said Misorski died under the wheels of a steel-laden truck during a fight with Curtis Lawson, 35.

Officers said the fight broke out in the street following an argument in a bar. Lawson was held for questioning.

Cars and Planes Bring Better Rail Travel

By JOE HAAS
HONOLULU — Improvements in long distance travel during the last few years have greatly changed most of its methods. This is particularly true of the Hawaiian trade.

These glamorous islands in the Pacific can only be reached by water or air.

What still requires five days from the coast of the United States

HAAS by fastest steamship, now is done in eight hours by air. On the round trip this is a saving of nearly ten days.

It is done with the same or more comfort by strato clipper than by the so called luxury liner on the water. Air sickness no longer is even thought about while sea sickness remains quite common. And the cost of either of these means of transportation is about the same for comparable accommodations.

It must also be admitted that most of the water transportation in this service is by steamships of an old vintage, while the airplanes are quite new.

In land transportation the railroads generally saw their passenger business dwindle to a liability when the auto age took over our highways. Then the airplane seemed about to deliver a solar plexus blow.

But in the face of all this, the nation's biggest railroads, particularly those in the west, decided to fight back. They saw a good ally in the careless auto driver. He became their biggest booster.

The slaughter on the highways makes them our most hazardous means of travel. The 1954 figures show that we are in over 25 times the danger of death in an automobile than in a modern railroad car or plane.

And the railroads which have gone into this fight are winning out. Their weapons are: Diesel power, all metal cars, dome coaches, faster schedules and better connections.

The dome coach, first designed less than ten years ago, has made it possible for travelers to commune with our nation's greatest outdoor natural and man-made wonders in a more intimate manner than they ever had dreamed.

In crossing our great western mountain ranges, the people in railroad cars previously were denied, this scenery except that which might happen to be visible

Seeks Additional Penalty for Disregarding Summons

Pontiac Police Chief Herbert W. Straley today said he is preparing to submit a resolution for approval by the city commission, calling for additional fines against violators who ignore traffic summons after court dates.

Although there is an extra \$5 charge imposed on violators against whom warrants are issued under the present setup, Straley said no added fee is collected by the violations bureau if the ticket is paid in response to a courtesy letter.

The present procedure, Straley explained, gives an overdue ticket holder a 72-hour grace period

after receiving the courtesy notice that the fine had not been paid.

Claiming that some violators ignore the ticket or the notice until the last minute, the chief said the practice creates a heavy backlog of cases which requires an unusual amount of work by the small bureau.

"It's a matter of cooperation between the traffic violator and the police department," said Straley. "We realize it's a mistake on the motorist's part, but the mistake still calls for a penalty as prescribed by law."

He added that it's an inconvenience to the motorist who is arrested on a warrant and brought to headquarters, as it is for the police department which must make out a warrant and follow other involved work.

The resolution, he said, may encourage ticket-holders in paying the tickets on time.

Meter and prohibited parking violations fines, calling for assessments of \$1 and \$2 respectively, may be mailed to the Violations Bureau at 40 E. Pike St., said Straley. Fines for other violations also may be mailed after the ticket-holder has learned the amount of the fine by calling the violations bureau.

Straley said many fines are paid by mail daily. The practice has been in effect here for several years, he said.

House OKs 4 Year Extension of Draft

WASHINGTON (UP)—The House voted 394-4 yesterday to extend the military draft for another four years beyond June 30.

The measure, which now goes to the Senate, continues authority to draft able-bodied youths between 18½ and 26 years of age for two years' active duty, followed by six years in the reserves. Draft calls now are running about 11,000 monthly.

House passage came as expected with no important opposition. Four Republicans voted against it, after debate during which no one attacked the idea of continuing some form of draft.

level. This is particularly true in recent years, when the planes seek the upper air.

Rearranged schedules now make it possible to cover comparably the same distance in the same business time by train as by air.

Present schedules enable one to go from Chicago to the Pacific Coast cities in two nights and one day, leaving from the center of one city and arriving at the center of the other.

Recently we made that run, going through the Rockies, Cascades, Sierra Nevada and other mountain ranges by daylight and in dome cars, with a luxury that can hardly be surpassed. That train of 12 all-metal coaches carries a crew of 38 persons. Yes, the railroads should win such a fight. In the memory of some of us oldsters it is a far cry from the days before the auto and plane ages.

Says Man Took Food, Teeth to Eat It With

LOUISVILLE, Ky. (U-P)—A thief who took some food from Charles Green's home made sure he could eat it. He took along Green's false teeth.

In Municipal Court yesterday, Green identified the culprit as Mose Scott Jr., and said he lost a bag of potatoes, eight eggs, a pair of trousers and his teeth.

Scott, who did not testify, was held to the grand jury on a grand larceny charge.

Denies Drunk Driving

Jesse W. White, 25, of 86 Putnam St., pleaded innocent to drunk driving yesterday when he appeared before Municipal Judge Cecil McCallum who ordered trial for Feb. 23. White was released on \$50 bond.

MRS. ERNESTEAN DENNIS

Marine Auxiliary Installs Officers

Mrs. Ernestean Dennis Is Named President of Oakland County Unit

Nichols - Conklin Auxiliary of the Marine Corps League, Oakland County's only chartered Marine auxiliary, has received its charter and held installation ceremonies.

Installed were: Mrs. Ernestean Dennis, president; Shirley Van Horn, senior vice president; Mrs. Kay Garlinghouse, junior vice president; and Mrs. Dana Meissner, secretary - treasurer.

Others were: Mrs. Jean Blackberry, historian; Mrs. Gloria Van Horn, judge advocate; Mrs. Joan Price, hospital chairman; and Mrs. Jean Lenigan, service officer.

With a goal of enlisting as many county residents as possible, the group will make further plans at a Feb. 19 meeting at 86½ N. Saginaw St.

Mothers, wives, sisters and daughters of ex-Marines or those still in service are eligible. The auxiliary will meet the first and third Thursdays of each month and interested women may contact any member.

GOP Road Plan May Be Junked as Snarl Looms

LANSING (U-P)—House Republicans, faced with the possibility of having to junk their highway program, looked toward a compromise with Gov. Williams today as a solution to the highway financing tangle.

Republican leaders said the "package bill" introduced by Rep. Emil Peltz (R-Rogers City) and backed by most Republicans may be unconstitutional.

Peltz' proposal calls for a referendum on a two-cent gas tax increase, the revenue to be channeled into a separate construction fund. Part of this fund could be used by local units to back revenue bonds for highway construction.

Rep. Allison Green (R-Kingston), majority floor leader, said the constitution prohibits referendums which involve appropriations.

"The question of constitutionality arose out of a 1932 decision of the Supreme Court involving a similar measure," Green said.

The decision was handed down, he said, after the CIO petitioned for a referendum on a gas tax increase that had been passed over the governor's veto.

The Supreme Court said a referendum could not be held on the increase because the measure involved appropriations, Green said.

For Ex-Presidents

WASHINGTON (U-P)—Sen. Kilgore (D-W.Va.) has introduced a bill to seat former presidents in the Senate as senators-at-large. They would have all senatorial privileges except the right to vote.

Woes of Lake Michigan Are Boon to Lake Huron

ANN ARBOR (U-P)—The devil that is ravaging the Lake Michigan shore is the saint that keeps Lake Huron ships sailing. Engineers want to be rid of one and keep the other.

But what engineers want and what they will settle for are two different things. Their enigma centers around the levels of Lake Michigan and Lake Huron, both essentially the same.

On one side of the state of Michigan, high water waves wrack the picturesque sandy beach, toppling expensive homes and lake cottages, and continually changing the Lake Michigan shoreline.

On the Lake Huron side, the high level permits heavily-laden boats to ply the channels of the Detroit and St. Clair Rivers.

Another area with a Great Lakes interest is Chicago, where city leaders have been balked since 1930 by the U.S. Supreme Court from letting Lake Michigan waters flow down the Illinois Waterway. This, Chicago argues, would aid navigation on the lakes-to-the-gulf waterway and cleanse the slow-moving waters of the Lake Michigan to Missouri River channel.

The Corps of Engineers, the U.S. Lake Survey, the University of Michigan's Engineering Research Institute, and the Michigan Water Resources Commission have faced some or all of the problems.

Losses by Fire Double in 1934

Two Die, Ten Injured as Damage Total Hits \$580,133.40

Losses due to fires in Pontiac during last year more than doubled as compared with 1933 losses, according to an annual report by Fire Chief John F. Schroeder.

Deaths also doubled and fires injured more persons, the report says.

The report states that losses were set at \$580,133.40 in 1934 as compared with the previous figure of \$265,265.34.

Two persons were killed and 10 injured. In 1933, one person was reported killed and seven injured in fires here.

Schroeder explained that the fire of the Jack Habel garage last year caused a bigger loss alone than for the whole 1933 total loss. The Benson Lumber Co. fire last year, he said, also contributed to the high losses.

Building fires last year totaled 371 as compared with 352 in 1933. He said that the department made 1,407 runs in 1933 and answered 1,467 last year.

Grass fires also increased since 1933. The report shows that 237 of them were put out in the previous year and 266 last year. There were 82 vehicle fires last year as compared with 66 in 1933.

Rescue and emergency runs showed a decline with 382 last year, eight less than in 1933.

Schroeder said that 129 false alarms were turned in as compared with 69 in the previous year, mostly occurring in the fall. The department also investigated 113 fires, slightly more than the 107 in 1933.

Manslaughter Exam Set for Feb. 24

Examination of a 19-year-old woman charged with manslaughter in the death of five Oxford residents last Dec. 5 on M24's "Slaughter Hill" has been postponed to Feb. 24.

Mrs. Erlene Wagenschutz's hearing before Springfield Township Justice Emmett J. Leib was set for tomorrow, but has been adjourned because Deputy Coroner Dr. Isaac C. Prevette is ill and could not give needed testimony, said Assistant Prosecutor Homer G. Gerue.

Mrs. Wagenschutz, of 75 W. High, Metamora, drove a car which crashed head-on with another a mile north of Oxford. She is accused of driving recklessly, at high speed and "under influence of intoxicating liquor."

Syria's Acting Premier Refuses to Form Cabinet

DAMASCUS, Syria (U-P)—Faris el Khoury, Syria's "caretaker" Premier, told newsmen today President Hashem Attassi had asked him to form a new government, but that he had declined.

El Khoury submitted his 10-member coalition Cabinet's resignation last Monday.

Driver Fined, Jailed

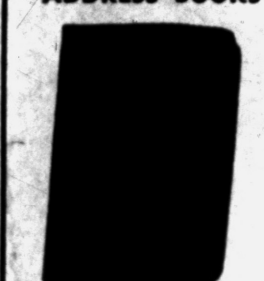

Eldon Robinette, 48, of 45 Whitfield Ave., who struck a policeman's car last week at Perry and Huron Sts., pleaded guilty to drunk driving yesterday before Municipal Judge Cecil McCallum.

Robinette, who paid a \$100 fine, also was sentenced to four days in the Oakland County Jail. Neither Robinette nor Patrolman Clarence Smith Jr. was hurt in the accident.

The uncontrolled movement of livestock from one range area to another is called "drift."

Revenue from hydroelectric power installations on Bureau of Reclamation projects in the West topped \$50,000,000 for the first time in history during fiscal year 1934.

Flite-Fuel

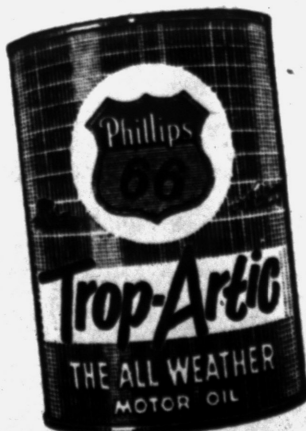

Phillips 66 brings you the only gasoline with the added super aviation fuel component Di-isopropyl.

Phillips Petroleum Company was the first to make Di-isopropyl and also HF Alkylate. These two components are so valuable to smooth motor performance that, until recently, their use was restricted by the U. S. Government to high performance aviation gasoline. Now authorities have removed restrictions.

New Phillips 66 FLITE-FUEL provides increased power, higher anti-knock and greater fuel economy. And you benefit from famous Phillips 66 controlled volatility. In addition, Phillips 66 FLITE-FUEL gives you the clean burning qualities that result from use of natural and aviation gasoline components. Fill up today with FLITE-FUEL!

Only Phillips 66 FLITE-FUEL contains added Di-isopropyl. Get it at stations where you see the orange and black Phillips 66 Shield.

A Year around motor oil that can double engine life!

TROP-ARTIC is the new all-weather motor oil that protects your car winter and summer. It flows easily at temperatures below zero, yet at extremely high engine heat it retains its film strength. Compared to ordinary oils it can reduce wear 40% or more... can cut oil consumption 15% to 45%... keeps pistons and piston rings cleaner. TROP-ARTIC Motor Oil is the perfect running mate for FLITE-FUEL. They go together for better performance!

Wind Reunites Two Churches

Baptist Congregations to Worship Together as Result of Tornado

COMMERCE LANDING, Miss. The ill wind that killed 20 persons here last week blew some good: It may reunite two church congregations that split 58 years ago.

From the wind-torn debris of two frame churches will rise a single edifice for the Baptist tenants of the 10,000-acre Abbey and Leatherman plantation.

Mrs. S. R. Leatherman Sr. said her family will pay for the new church, which will replace the plantation Mt. Olive and Gospel Temple churches. Everyone seems satisfied.

The quarrel that split the Negro congregation was whether the pastor should preach one Sunday each month, or two. It was forgotten long ago. But the division re-

mained until last week's violent weather.

The high winds ruined both churches, 60 tenant houses, an elementary school and a cotton gin.

Nothing could be found of Gospel Temple, located a quarter-mile from Mt. Olive, except the steps, a battered piano and a concrete cornerstone.

Mt. Olive, a 100-year-old frame structure, was minus walls and roof. But the altar, pews, piano and stove were left intact, together with the church bell, mounted on a tower of logs behind the building.

About 150 tenant families live on the plantation, which borders the Mississippi River, 30 miles south of Memphis.

Reissues Fire Exit Warning

State Law Requires Multiple Housing Units to Have 2 Entrances

A recent fire in an apartment house at 58 S. Parke St., where authorities found only one means of exit, brought a warning from Pontiac Fire Marshal Charles E. Metz today to owners of multiple dwellings.

Metz, who said a state housing law requires two means of exit, has sent a notice to the building owner, ordering him to comply with the law within 30 days.

The fire marshal said the family of five persons might have perished in the fire if the pet dog hadn't awakened them with his barks. "The fire eventually would have prevented the occupants from reaching safety through the only means of exit."

The blaze had reached the doorway when the dog aroused the family, he also said.

Metz explained he had thought that most owners of multiple dwellings in Pontiac had complied with the law after several warnings and numerous inspections last year when 250 dwellings were found in violation of the law.

"But we're going to increase our investigations and prosecute owners who don't comply with the law after having been ordered to do so," added Metz.

The lowest street in Mexico City is more than a mile higher than the topmost points of New York's skyscrapers.

Court Refuses Sheppard Bail

Judges Will Not Send Case to High Bench; Attorney Still Trying

CLEVELAND (U) — Osteopath Samuel Sheppard's chances of obtaining freedom on bail during an appeal of his wife-murder conviction appeared doubtful today.

Three Court of Appeals judges, who previously had denied Sheppard bail:

1. Refused to send the bail question to the Ohio Supreme Court, and

2. Indicated they would deny bail again, even if assured by the state's high court that Sheppard legally could be released.

Only an appellate court or a trial judge can grant bail, under Ohio law.

Pending the appeal on his second-degree murder conviction, the handsome, 31-year-old doctor is being kept in a cell at county jail.

Sheppard was found guilty of fatally bludgeoning his pregnant, 31-year-old wife Marilyn last July 4. He is under a life imprisonment sentence.

Corrigan said he intends to go to the Supreme Court with the bail question.

Young Victims of Asthma Aided by Shots of GG

NEW YORK (U)—Monthly shots of GG—gamma globulin—help prevent attacks of asthma in asthmatic children, Dr. Ralph Bowen, of Houston, Tex., said today.

The GG builds up more defenses against respiratory infections which make these children easy prey for asthmatic sieges, he said. GG, a blood component carrying antibodies against various types of germs and viruses, has been widely used in the fight against polio.

Asthmatic attacks were cut in half among 75 children getting GG as compared with 75 others not given GG, Bowen said in a report prepared for delivery to the American Academy of Allergy. Fewer of the GG children had to be hospitalized with severe asthma.

The shots are given during the six months between fall and spring when colds and other infections are most common. GG is no cure-all, but seems definitely helpful when added to other protective treatments, Bowen said.

WHAT EVERY GIRL SHOULD KNOW ABOUT SICKENING MONTHLY CRAMPS

Here's real news for all women and girls who suffer the tortures of "bad days" of functionally-caused menstrual pains: headaches, backaches, cramps, "dragged-out" feelings!

In doctors' tests, Lydia Pinkham's Compound or Tablets gave complete or striking relief of such distress to 3 out of 4 women... often on first day of period! Get Lydia E. Pinkham's Vegetable Compound or new convenient Tablets with blood-building iron added. Grand for hot flashes of "change of life", too.

Boy Scouting Encourages Mastery of Many Skills

(Editor's note: This is the third in a series of articles presented in observance of the 40th anniversary of the Boy Scouts of America.)

Education and the stimulation of interests in a wide range of fields are provided in a unique way by the Boy Scouts of America.

Besides their overall programs of outdoor skills and crafts, Boy Scouts have the opportunity to work toward merit badges awarded for proficiency in 100 different sports, crafts, hobbies and vocational classifications.

That the program is popular and effective is evidenced by the fact that 2,935 merit badges were awarded in the Clinton Valley Council last year.

To win a merit badge, a scout must first learn his subject, then prove his ability in the selected field. He goes before a board of review for an examination, oral, written or practical, by which a panel of men familiar with the subject decide whether the scout should be awarded his merit badge.

To aid boys in completing merit badge projects, Clinton Valley Council has on call 275 merit badge counselors, representing 100 different activities and skills, who

work with scouts on a volunteer basis.

In this way, a Boy Scout working for a merit badge in first aid to animals, for instance, can get help from a veterinarian. A youth who selects fingerprinting has a member of the police department to show him the tricks of the trade.

While more than half of all the merit badges awarded to Clinton Valley Scouts in 1954 were in 11 of the most popular subjects, the scope of the program is pointed up by the fact that badges were won in such fields as zoology, railroad engineering, pigeon raising and sculpture.

A total of 166 boys received merit badges in swimming last year, while the totals for citizenship in the home, cooking, first aid and home repairs were nearly as large.

To get an idea just what is required to win a merit badge, here are the requirements for the small embroidered circle of cloth with a hand and sparks symbolizing proficiency in electrical work:

1. Illustrate the experiment by which the laws of electrical at-

traction and repulsion are shown. 2. Understand the difference between direct and alternating current, and show the uses of each. Give a method for determining which one is flowing in a given circuit.

3. Make a simple electro-magnet. 4. Have an elementary knowledge of the construction of simple battery cells, and of the working of electric bells and telephones.

5. Be able to replace fuses and to properly splice, solder and tape rubber-covered wires.

6. Demonstrate how to rescue a person in contact with a live electrical wire, and have a knowledge of the method of resuscitation of a person insensible from a shock.

7. Diagram a typical electric lighting and wiring system of an automobile.

8. Make and submit a diagram or sketches showing the lights, switches and convenience outlets which are controlled by each fuse in your dwelling or another house.

9. Read correctly an electric meter and compute a residence bill.

Think you could do it? Well, a lot of Boy Scouts can, and prove it by winning their merit badges while they learn new skills that will make them better, more useful citizens in the years ahead. (Tomorrow—Leadership training in scouting.)

Diplomat Winding Up Career of 44 Years

NEW YORK (AP)—A veteran foreign service officer returned home yesterday to wind up a 44-year career. Jefferson Caffery, ambassador to Egypt, is retiring at the end of the month to his home in Lafayette, La.

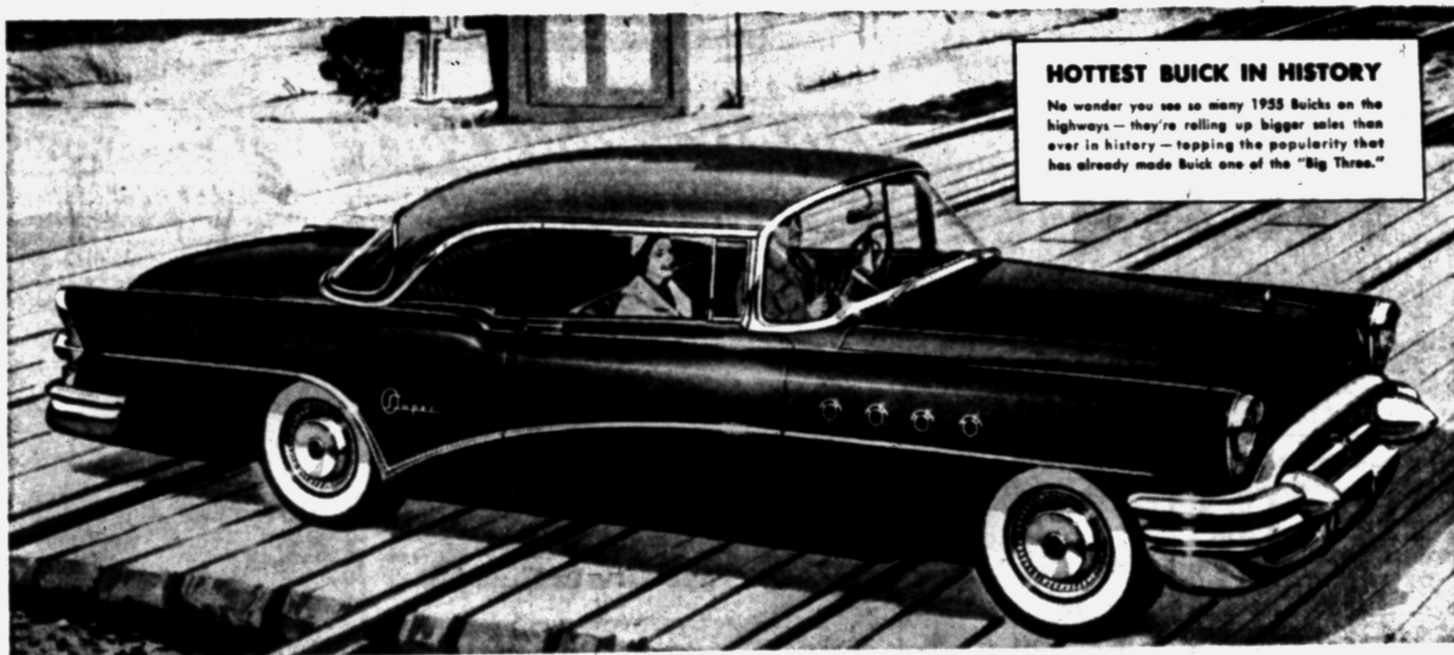

He expressed doubt of an early peace between Egypt and Israel.

**County Pie Title Last
for Mount Pleasant Boy**

MOUNT PLEASANT, Mich. (U-P)—When Richard Wood, Mount Pleasant High School football star, recently tied for the Isabella County cherry pie baking championship, he had visions of going on to higher honors.

But he has been stymied. Richard has been notified that the state contest, to be held here Thursday, is limited to women and girls.

Reed M. Roberts, secretary of the state contest committee, noted that the prize might be embarrassing to someone like Richard. It's a scholarship in homemaking.

Natives of the jungle village of Mengale in French Cameroon, West Africa, are summoned to their mission church by the ringing of a locomotive bell, the gift of an American railroad.

Comedians Give Cheer for Morey Amsterdam

By EARL WILSON

NEW YORK — There's a strange loyalty among New York comedians.

On a bitterly cold night, they turned out to salute a fellow comic—Morey Amsterdam—who was opening at the Copacabana. Morey began his act by passing a tin can among them.

"I'm taking up a collection for Jackie Gleason," he said.

Milton Berle, Jack E. Leonard, Joey Adams and Harvey Stone—oh, yes, and Terry Moore, and her mama, and Terry's escort, Ray Katz—were there and it was Morey's big night.

"Did you hear what happened on the subway today?" he asked. "A woman had twins! What a sneaky way to get a seat." And he mentioned that with TV sets and refrigerators now looking so much alike, a woman woke up one morning and found her husband with his eyeballs frozen to the ice tray.

Jackie Gleason recently tried to ban fat man jokes from his TV show, but they'll never die.

Jack E. Leonard—who's likely to become the movies' new Sydney Greenstreet—uses them successfully. "I got so big I almost became a city," he says. "I'm kinda tired from flying around all day and wearing that Goodyear sign."

In Marrakech, Morocco, where Winston Churchill vacations, the exclusive gambling casino's introducing crap games, with "American dealers awaiting your pleasure."

Which brings up the tale of a gal playing roulette in Las Vegas. Advised to play her age, she put her chips on 23. She swooned when the wheel stopped at 35.

But to John Roosevelt goes the cup for the best laugh-getting crack spoken recently. He did it in two words. The Roosevelt who was for President Eisenhower arose at a political meeting and said: "Fellow Republicans."

THE MIDNIGHT EARL . . .

Arthur Cohen, U-I's award-winning director, made a color film in Jamaica with Shirley Forrest . . . The Queen of Iran and Fleur Cowles sipped champagne with Pearl Bailey at a backstage party at "The House of Flowers." When someone began to sing at Martin Block's ABC anniversary party, Debbie Reynolds sighed, "Everybody sings at these shows—doesn't anyone ever dance?" The singer she was listening to: Eddie Fisher.

Garbo lunched solo at the Patio . . . Nat "King" Cole's adding a dancing number with chorus girls to his act at the Sands . . . Albert Carlo, who hoaxed everybody at "The Egyptian" premiere, goes to Italy this month to open a cafe . . . William Saroyan and Duke Ellington are working on an opera.

TODAY'S BEST LAUGH: Victor Vito knows a lot of are on rigid diets. actresses who are just inches away from success—and they The Las Vegas gambling has sure changed the desert, notes Al Fields. Now when people hear a rattling they don't fear a snake—just snake-eyes. That's earl, brother.

(Copyright 1955)

Sheree North Goes Dramatic in Next Movie

By LOUELLA O. PARSONS

HOLLYWOOD (INS)—The enthusiasm over Sheree North at 20th is growing. Now she's going dramatic, and Sam Engel is readying "Woman of the Woods," a melodrama set in the lumber country in Oregon, for Sheree.

Popular young Richard Egan, who is becoming one of 20th's top actors, plays opposite her, and Rita Moreno has been penciled in to play the Indian girl.

"Woman of the Woods" will follow "How to Be Very, Very Popular," the Nunnally Johnson epic first readied for Marilyn Monroe. It will precede "Pink Tights."

Right on the heels of this announcement comes the word that Darryl Zanuck has stepped up production 40 per cent so that there will be 22 additional pictures made at 20th this year. This sounds like business is good!

My morning was considerably brightened by a caller in the person of handsome, six-foot-three Lance Fuller, who acted as his own publicity agent, and brought me his best news to date. He has been signed to play opposite Virginia Mayo in "Black Pearls" for Ben Bogaus.

"It's the best role I've ever

had," said Lance, "and I'm very happy about it."

Lance, who made his screen debut with a one-line bit in "All American" with Tony Curtis, had a better role in "Son of Cochise" and again in "Cattle Queen of Montana," but he says he's never had anything like "Black Pearls."

Another lucky actor to get a participation deal at Universal-International is Richard Widmark. He not only gets this, but Aaron Rosenberg as his producer for "Fort Starvation." Widmark's first at U-I.

The story is by Frank Gruber and it's the same type of action story as "The Far Country," "Bend of the River" and others which Rosenberg has made so successfully with Jimmy Stewart.

Mrs. Robert North, whose husband died of polio last December in Thailand, is in town to show his last picture, "Santi-Vina," which was filmed there.

Mrs. North, who was formerly a secretary in the legal department at Columbia Studio, is having the help of Max Arno, of Columbia, in editing her picture.

"It's all in Niamese," Mrs. North told me, "and my husband shows the Buddhist ceremonies and something about the little known country of Thailand. We are going to have English subtitles, which will be written as soon as we cut it."

Snapshots of Hollywood col-

lected at random: Doris Dowling and Artie Shaw are trying to hold their marriage together and both are consulting a psychoanalyst.

Veronica Lake is negotiating a deal to become a disc jockey in New York.

Chiefs Upset Highland Park in Overtime Thriller

By BILL MARTIN

Pontiac High's basketball team snapped its 2-game losing slump in spectacular fashion here last night, upsetting once-beaten Highland Park 56-50 in an overtime thriller.

Chiefs actually won the contest from the free throw line, converting 26 of 34 chances. Each team

scored 15 goals from the floor, but the Parkers missed 19 of 39 foul shots.

Victory pushed Pontiac's season mark to 6-4. For Highland Park, it was the 2nd loss in nine starts this year and the 7th setback in the past five years.

Most of the game's action came

in the hectic 4th period, which saw a total of 18 personal fouls called as Pontiac rallied to overcome a 7-point deficit and force an extra period.

Rod Treas' 1-hander midway through the opening period accounted for Pontiac's only field goal as the visitors moved into an 11-5 advantage. The two teams

played on a par through the next two quarters, with Highland Park leading 24-18 at halftime and 33-26 at the three-quarter mark.

A fast-break bucket by Treas and three straight baskets by John James chopped the margin to 34-32 in the following quarter. Walt Poe tied the score with a pair of free throws with six minutes left.

Count was tied twice more, at 36-36 and 40-40, before the Parkers pulled away to lead 47-42 with only a minute and 35 seconds remaining. Dick Blacklaw then sank two of four free throws and Poe added two more while HP's Jerry Fields was dropping a single charity toss.

John James intercepted a Highland Park pass and drilled in a jump shot with 36 seconds left to knot the count for the final time at 48-48.

Fired-up Chiefs really went to work in the 3-minute extra period. Blacklaw hooked in a fast field goal and dropped a free throw to start the action. He made good on two more foul shots and Poe sank three straight as the Parkers fouled freely trying to get back into the game. Bears' only points in the overtime came on single free throws by Joe Wussels and Don Schwittier.

Four of the six Pontiac players to see action finished in double figure scoring. Poe, who dropped 14 of 16 chances at the free throw

PONTIAC	HIGHLAND PARK

Free throws missed—Pontiac (8): James 2, Treas 1, Blacklaw 1, Poe 2, Williams 1, Schwittier 4, Mills 2, Wussels 2.	
Personal fouls—Pontiac (22): James 4, Treas 4, Blacklaw 4, Poe 2, Williams 2, Taylor 3, Fields 4, McMeekins 1, Zill 2, Schwittier 4, Wussels 2.	
Shots at basket—Pontiac 40 (306); Highland Park 39 (304).	

Colonials Extend Win Streak

By THE ASSOCIATED PRESS

A guy named Joe has George Washington on the move in college basketball and the Colonials figure they're rolling into another NCAA playoff berth.

The Colonials, ranked No. 6 in this week's Associated Press poll, stretched their winning streak to seven games last night with a 73-67 victory over 11th-ranked Maryland. And once again it was Joe Petcavich who kept GW hustling.

Joe, a 6-5 junior, pumped in 33 points—12 in succession as GW stretched a first-half lead. Maryland thought it had the Colonials solved by holding Walt (Corky) Devlin to six points, his lowest

output of the season, but Petcavich took up the slack.

He did the same thing last week, taking charge with superb floor play as GW slipped past Furman 76-71 to stay among the Southern Conference leaders.

The victory, second this season over the Terps, made GW's mark 16-3.

Even though it was a non-conference defeat, Maryland lost a share of the Atlantic Coast Conference lead as North Carolina State, No. 7 nationally, blitzed Virginia 114-97. NCS, which now has scored 233 points in two games, and the Terps lead the ACC with 8-2 marks.

In other top games, Colorado Western State blocked Idaho State's bid to wrap up a third straight Rocky Mountain Conference title and an automatic NCAA berth 76-67. It was Idaho State's first conference defeat in nine games—they have one left—and only their second league setback in three seasons.

Penn strengthened its Ivy League lead with a 62-54 decision over

Columbia while Princeton knocked off defending champ Cornell 71-47. In the Big Seven, Iowa State defeated Kansas 77-59; and in the Southwest Conference it was Rice 79, Texas 70.

Holy Cross whipped Yale 80-56 after falling from the top 20 in the poll with defeats by Niagara and Syracuse last week. Both losses were considered upsets and Syracuse kept at it last night by spilling Niagara 87-83.

British and Canadian Pros Learning on Winter Tour

TUCSON, Ariz. (AP)—British and Canadian golfers are using the winter tournament circuit as a postgraduate school of golf.

They are more interested in knowledge and experience than money. Most agree they are getting something money couldn't buy.

Three of the young English golf-

ers here for the first time are impressed with two aspects of the U.S. game: the hard work put in by the pros and their superiority from within 150 yards of the hole.

The group of five Englishmen will play through the Houston, Tex., tournament and then head for home, their eyes opened by U.S. methods.

The English players have been surprised and a bit disappointed that they are called upon to play an 18-hole qualifying round before being admitted to the tourney proper. John Pritchett and John Jacob qualified yesterday with 3-under-par 69s. Tony Harmon made it easily with 70. Peter Allis and Herman Hunt were exempt from qualifying as Ryder Cup players.

The eight Canadians didn't fare as well. Al Balding, Gerald Kes-selring, Robert Dean, Eddie Nizur-leck, all of Toronto, and Jack Kay, Montreal, Que., all qualified. Bob Wylie, Calgary, Alta.; Hal Butler, Toronto; and Jim Walker, Halifax, N.S., missed.

Harmon and Jacob both praised the U.S. game around the greens. Harmon said, "Your pros pitch and putt far better than we do in England."

"They work harder at the game, because they have more opportunity. All your courses have huge practice areas. About half of ours don't have any at all."

Drug 5 Wraps Up Loop Title

Clincher Is 66-30 Win; J-A Triumphs for First Time

Drayton Drug clinched the regular season championship of the Waterford Recreation basketball league Tuesday night and Johnson-Anderson Engineering ended a 9-game losing streak in games at Crary Junior High gym.

Sam Fraser's last-minute basket gave the Engineers a 36-25 victory over Poole Lumber, the 1st win of the year for J-A. Fraser and Poole's Ducky Oertel each had eight points to lead their respective teams.

The Drug quintet rolled to its 10th consecutive win and will carry the regular season title into the playoffs, Feb. 21. Chuck Beers and Phil Myers each collected 14 points to pace the Druggists to a 66-30 decision over Beattie Motors.

Jack Richards' eight points were high for the losers.

Joyce Ziske Drops Amateur Golfer Status

ST. PETERSBURG, Fla. (AP)—The Ladies Professional Golfers Assn. has added Joyce Ziske of Waterford, Wis., to its ranks and adopted three rules to better its public relations.

Miss Ziske — 1954 North-South champion, Wisconsin State amateur champion for 1952 and 1954 and low amateur at the Tam O'Shanter last year — entered the \$5,000 St. Petersburg Open which starts Thursday.

The LPGA also adopted rules that each member must make one public appearance per week if she is asked to do so, and that players in tournaments must sign appearance agreements 30 days in advance and that once signed, they will not pick up in the middle of the tournament.

Dupas Beats Howard, Seeks Ryff Rematch

NEW ORLEANS (AP)—Third-ranked lightweight Ralph Dupas of New Orleans today clamored for a rematch with unbeaten Frankie Ryff to reverse the only serious blot on his record and force a chance at champion Jimmy Carter.

The 19-year-old Dupas routed seventh-ranked Ritchie (Kid) Howard of Canada on a unanimous 10-round decision, Tuesday night to brush aside the last remaining obstacle to a rematch with Ryff, the Brooklyn sensation who defeated Dupas in New York last September.

'Pants' Rowland Elected Player Association Proxy

LOS ANGELES (AP)—Election of Clarence Rowland, executive vice president of the Chicago Cubs as president of the Assn. of Professional Baseball Players of America was announced at the annual banquet.

Big 4 Shelves 'No Raid' Pact Until Next Year

At Same Time Makes Promise to Keep Peace in League

TORONTO (AP)—The Canadian Big Four League has shelved any effort for a no-raiding pact with the National Football League until next year, and in the same move compromised its own position in the cold war.

Just last month, the Big Four voted 3-1 to honor NFL player contracts and options. Now the league has decided to honor NFL contracts but make it an open season on players merely under option to NFL clubs.

The compromise kept peace in the Big Four, Toronto, with seven NFL players already under contract, had objected to the January decision after dropping its 10 U. S. imports in a shuffle to better its third-place finish in 1954.

In changing its decision, the Big Four let Toronto keep four of the U. S. players already signed, but confiscated the other three for disposition. At the same time, the league tightened the U. S. player limit from 10 to 8 for any team and ruled its members will be allowed only two "Canadianized" Americans (imports with four years in Canadian ball) instead of three.

Under the new ruling—an answer to the problem that threatened to drop Toronto from the Big Four because of its stand against the no-raiding motion—the Argos have decided to reconsider their decision not to rehire their 1954 imports.

Miss Romack Rated Palm Beach Favorite

PALM BEACH, Fla. (AP)—Barbara Romack of Sacramento, Calif., the National Amateur Golf champion, is one of the favorites in the Palm Beach Women's Amateur golf tournament which opened match play here today.

Her opposition includes some of the nation's top amateurs, among them Pat Lesser of Seattle, Wash., who defeated Miss Romack in the Helen Lee Doherty finals at Miami recently, and Mary Ann Downey of Baltimore, Md., who set a women's record 69 in the qualifying round here Tuesday.

First Loss for Lenox

EAST LANSING, Mich. (AP)—Ted Lenox, Michigan State's blind wrestler, lost his first match in five starts Tuesday night as Illinois downed the Spartans, 16-10, in a dual meet.

Lenox was decisively by Larry Tempas, the NCAA runner-up in the 157-pound class last year.

Juvenile Champion Makes Winter Debut at Hialeah

MIAMI, Fla. (AP)—The wraps were taken off Nashua, belair Stud farm's 1954 juvenile champion, for his much-heralded winter debut today in a \$6,000, 7-furlong race at Hialeah Park.

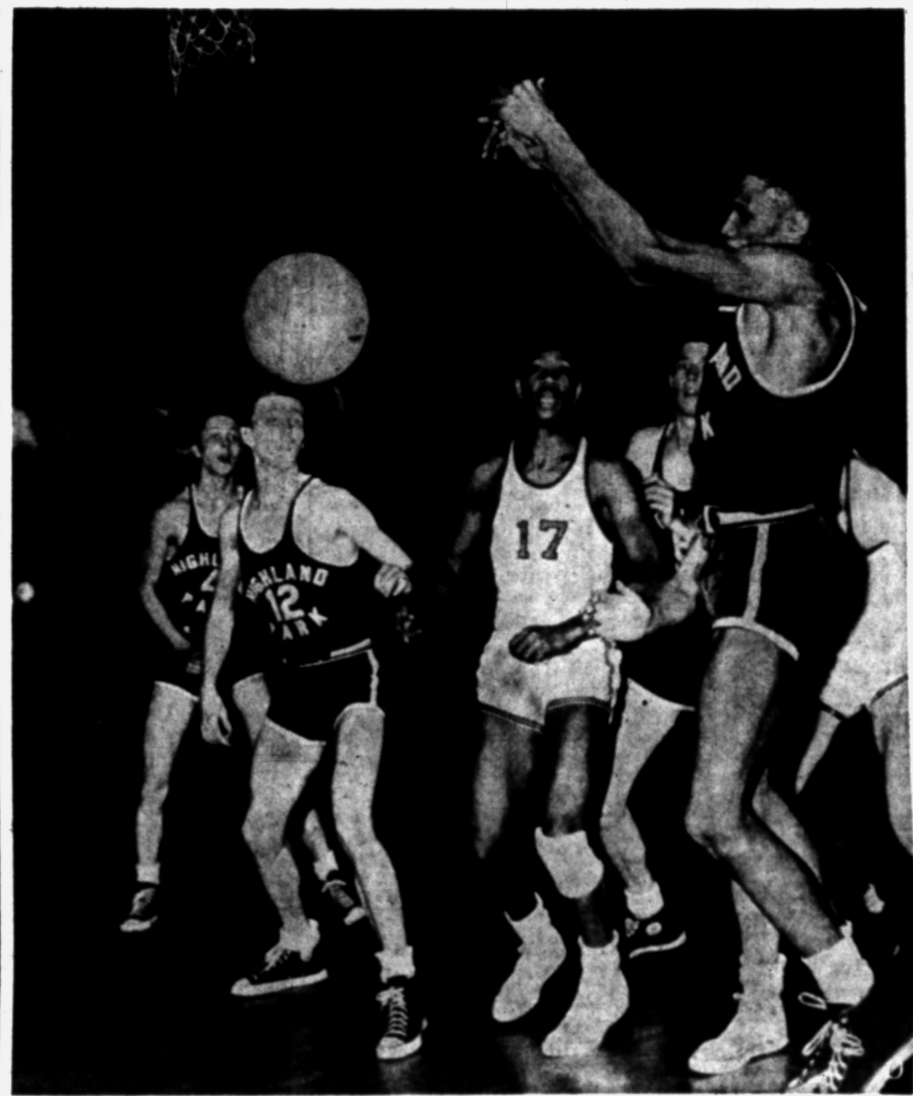

The event threatened to steal the Thunder from the day's feature, the \$15,000 Florida Breeders Stake, for Nashua is an early favorite in

Cubs Sign Sauer, Cole, Plus Young Collegian

CHICAGO (AP)—Veteran outfielder Hank Sauer and pitcher Dave Cole returned their signed contracts to the Chicago Cubs Tuesday, bringing to 41 the total signed for the 1955 season.

The Cubs also announced signing 20-year-old Clyde Kaiser of East Central State Teachers College, Ada, Okla., to a bonus contract for an undisclosed sum.

The American Bowling Congress has sanctioned 28,144 leagues this season.

WHOOFS—MISSED IT!—A rebound slips through the outstretched fingers of Highland Park forward John McMeekins (right) in the above action during last night's Parker-Pontiac High basketball game here. Highland Park's Don Schwittier (4) and Jerry Fields (12) and Pontiac's John James (17) look on. Chiefs staged a late rally to upset the once-beaten visitors, 56-50, in overtime.

M-59 Speedway Announces Working Agreement With New Racing Group

Directors of the Pontiac M-59 Speedway have reached an agreement with Continental Auto Racing Society for the sanctioning of racing events at the suburban track this season.

Announcement of the tie-up was made Tuesday by track manager Don Pike.

The president of CARS is Ed Jones of Utica, who operates a used car lot in Pontiac, is a 20-year veteran in racing circles. Secretary-treasurer of the organization is Felix Brooks of Detroit, well-known hardtop and late-model stock car driver. Track officials feel that the new

Only Three Giant Players Haven't Yet Signed Pacts

By THE ASSOCIATED PRESS

The world champion New York Giants undoubtedly will have a contented crew of athletes on hand when the spring reports to Phoenix for squad training March 1.

Usually after a team wins a World Series, it has trouble at contract-signing time. But the Giants have had little difficulty coming to terms with their players.

Two pitchers, Hoyt Wilhelm and Ramon Monzant, were added to the fold today to bring the total signed to 33. Only Sam Maglie, Bob Lennon and Foster Castleman still are unsigned.

Wilhelm, the knuckleball relief ace, had a 12-4 won-loss record last season, compiling a 2.11 earned-run average. No salary figures were disclosed, but it is estimated he will receive about \$16,000.

Sweden Breaks Russia's Grip on Skating Title

FALUN, Sweden (AP)—Russia's stranglehold on the European speed skating championships was broken yesterday by tall Sigge Ericsson who gave Sweden its first title in eight years.

In the two-day competition, Ericsson won the 5 and 10,000-meter events, was third in the 1,500 and 19th in the 500. He wound up with 205.960 points.

James T. Mulloy, 24, of Brooklyn pleaded innocent yesterday to charges of assault and battery. Municipal Judge Frank W. Tomaseo continued the case until Friday.

Fan Who Hit Lindsay in Court on Friday

BOSTON (AP)—A hockey fan who police say whacked Capt. Ted Lindsay of the Detroit Red Wings on the head at Boston Garden during a National Hockey League game last Saturday night was free today on \$50 bail.

James T. Mulloy, 24, of Brooklyn pleaded innocent yesterday to charges of assault and battery. Municipal Judge Frank W. Tomaseo continued the case until Friday.

More Power to Chisox Thin Bench Hurt Club in '54, Stronger Now

Sixth of a series of articles under the manager's own bylines on prospects for 1955.

CHICAGO WHITE SOX By MARTY MARION

CLAYTON, Mo. (AP)—Lack of power and a thin bench were among the reasons why the White Sox did not win the pennant last year. I think we have corrected both those weaknesses by adding fellows like Walter Dropo, Bob Nieman, Clint Courtney and others in deals with Detroit and Baltimore.

Frankly, I like our chances this year. We were in the race last

year until we started to fade in the stretch but we had injuries and we didn't have the bench to stick with the Indians and Yankees. We've tried to remedy that situation this past winter.

We'll have another running club and if George Kell holds up physically we'll be tough. In fact, we could win it all. To win in this day and age, you've got to have a strong bench. You've got to have a man here and there to shove in and spell your regulars. The Yankees won several pennants that way and Cleveland's bench was instrumental in the Indians' success last year.

I think we have added balance to the whole club. We have added power without weakening the defense. Right now our lineup stacks up this way: Carrasquel, ss; Fox, 2b; Minoza, lf; Dropo, 1b; Rivera, cf or rf; Kell, 3b; Nieman or Groth, rf or cf; Lollar or Courtney, c.

We're ready to go. Somebody has to beat us to win. If we win, I think the Yankees are the team we will have to beat. They would have won last year if their pitching had been better. The Indians had the pitching. That's why they won. Man for man, excluding pitching, I'd say they are a better ball club than the Indians.

Next: Stan Hack, Chicago Cubs.

Senate Is Asked to Compile Data About 'Fixing'

Solon Says Hearings May Be Necessary to 'Look' at TV Sports

WASHINGTON (AP)—Sen. Magnuson (D-Wash.) said today he has asked Senate investigators to assemble data "on reports of fixed fights and other complaints from captive audiences of televised sports events."

"We may have to hold some hearings later on this," Magnuson said in an interview. He is chairman of the Senate Commerce Committee.

"If we do, it will not be an investigation of boxing or other sports as such, but rather a look at the radio-TV programs that go into our homes."

The Senate last week gave Magnuson's committee \$200,000 for a variety of investigations, including a look at developments in the field of radio and television.

Magnuson said he recently had discussed the possibility of a Senate inquiry into televised boxing with Gene Tunney, former world heavyweight champion. He said he "told Gene we might ask him to come down informally some time and talk this over."

Sen. Kefauver (D-Tenn.), who headed the now defunct Senate Crime Investigating Committee, has been pushing for a Congressional probe of "reports that racketeers are entering the fields of both amateur and professional sports."

Baker Puts No. 4 Rating on Block

Tangles Tonight With Unranked Willie James Before TV Audience

BALTIMORE (AP)—Heavyweights Bob Baker of Pittsburgh and Willie James of Roxbury, Mass., meet here tonight in a nationally televised 10-round bout in which Baker's No. 4 heavyweight ranking will be at stake.

The fight in the Baltimore Coliseum will be televised (CBS) at 10 p.m. (EST).

The 28-year-old Baker towers 6-foot-2 and will enter the ring weighing about 215. James, 27, is an inch taller and weighs about 210.

In 20 fights, the unranked James has won 16 and lost four. He's known as a good puncher — 11 of his opponents failed to finish — but sportsmen say he hasn't got Baker's ring savvy.

Detroit's Harris Halts Perrault's Win String

SAGINAW (AP)—Duke Harris of Detroit cut off Jimmy Perrault's victory string at 12 last night as he stopped the St. Paul, Minn., fighter in the 6th round of a scheduled 10-round bout.

Harris weighed 15½ and Perrault 14½.

Harris concentrated on Perrault's body during the early rounds, but in the 5th started blasting away at his head. In the final seconds of the round, Perrault went down for a mandatory 8-count from a series of heavy combinations to the jaw.

Confusion Reigns U.S. Officials Trying to Organize Trip to Pan-American Games Site Worried

NEW YORK (AP)—All is not well South of the Border, it developed today, and U.S. officials trying to get things organized for the Pan American Games next month are worried.

The opening of the big carnival is just a month and three days away and the Americans don't yet know how they're going to get into Mexico City, site of the event.

"We've received two different sets of instructions from Mexico," said J. Lyman Bingham, executive director of the U.S. Olympic Committee — the fellow who has the unenviable task of organizing the safari.

"I put forth two queries concerning visas for our team and received two answers from people in authority that contradicted each other," he said. "We've just about ironed everything out from this end."

How about money, the big problem of every Olympic team? "The funds are well in hand. No worries on that count."

How much in the bank? "I won't tell you," he laughed. "But we figure it will take about \$100,000 to get the team and all the officials there. We plan to take 278 athletes with us. All told there will be 360 in the party."

"We won't have too many officials in our entourage because in the Olympics in Melbourne in 1956, the officials will be permitted to total only 15 per cent of the athletes. Something had to be done to cut

Emporia Cager Stages 1-Man Freeze of Ball

Dehlinger's Stall Pays Off With Free Shots in 65-55 Victory

BALDWIN, Kan. (AP)—Charley Dehlinger, College of Emporia star, came up with his own answer against racehorse basketball, only it is not calculated to befuddle the spectators.

In a game against Baker, Dehlinger stood motionless with the ball for a full five minutes with his team ahead 35-33, daring his opponent to try to take it away. Baker players succeeded only in fouling Dehlinger. He sank two free throws and when his team regained the ball, Dehlinger went into his icing tactics again. The crowd booed. Baker players did nothing. After five minutes Baker players went after the ball and fouled Dehlinger. He sank two free throws.

When Emporia got the ball again, Dehlinger resumed his deep freeze. The crowd booed. And so it went throughout the rest of the game.

Dehlinger sank 19 free throws as C of E made only four field goals in the second half. Emporia won 65-55.

'Shoe' Back at Work, Hangs Up Triple Win

ARCADIA, Calif. (AP)—Willie Shoemaker, the 1954 national riding champion, was back at work at Santa Anita Park today — and still in command.

On Willie who has won 42 races on 162 mounts at the current meeting, had his 8th triple victory day Tuesday which saw him back in action after a 5-day suspension.

Lions Sign Star End

LOGAN, Utah (AP)—The Detroit Lions have signed Charles Hatch, star end of the Utah State College football team for the past three seasons. Hatch is a six-foot-one, 188 pounder.

It's the little annoyances that can get you down, he implied, citing the rule that prohibits foreign photographers on the fields.

"We hope to get them to change that," he said.

The games will run from March 12 through March 26, and the United States will participate in all sports on the program with the exception of soccer.

Milford Wins Despite 'Cold Shoulder' Wildcats' Aide Named to Fill Voigts' Post

Milford's high-scoring Redskins were put in the deep-freeze Tuesday night and emerged well-chilled, but victorious for the 11th time in 12 games this season.

Brighton, with a mediocre 5-6 record, found another way of making cage headlines. Beaten by an even 50 points in their first meeting with Milford, Rex Carrow's Bulldogs vowed the margin would be smaller this time.

Brighton declined to take shots

even when it fell behind by seven points and held the score to an old-time 19-13 margin.

In other games, Clarkson cuffed West Bloomfield, 61-34; Rochester routed Davison, 73-30, for its 6th straight win; unbeaten Utica made it 10 straight by beating Warren, 55-48; and Imlay City shattered Almont's 13-game winning streak, 56-50.

Brighton began its slow-down

tactics right from the opening whistle. After a 9-9 1st period, Milford broke loose for eight points in the first four minutes of the 2nd quarter.

The Redskins touched the ball only on the 3rd and 4th quarter tip-offs, thereafter. Brighton, which scored its only two baskets of the game in the 1st period, was content to hold the ball, right to the bitter end.

"I don't call it basketball, but

I suppose we'll see some more of it before the season ends," Milford coach Jack Minzey observed philosophically this morning.

Clarkston had a surprisingly easy time with its Keego Harbor rivals. With Dick Johnston and Lanny Leak bottling up Frank Rogers and Johnston doing the rebounding, the West Bloomfielders were out-classed.

Four Wolves hit double figures with Johnston and Leak getting 15

apiece. Bill Nicholson starred for the 2nd straight game for Keego and also tallied 15 points.

With only eight men available following a siege of flu, Rochester overpowered Davison. The Falcons had a 22-8 advantage after one period. Earl Kitchen was high with 19 points and Bill Dean added 15. Junior Jim Purdom made his 1st start and hit 13.

Utica started slowly, and had only a tie in the 3rd quarter, but pulled away in the finale to outlast Warren. Lou Haase scored 18 points, including 12 of 16 free throws and Pat Schutte netted 16.

Imlay got a stiff battle all the way but had too much for Almont. Larry Dorow's 19 points set the pace. Larry Kirsten led Almont with 16. Imlay's record is 11-2, while Almont is 12-2, both losses to Imlay City.

Berkley made it 8 straight by drubbing Clawson, 72-41; Shrine added another victory by beating Lourdes, 57-52; and Farmington topped Wayne, 58-48, with Jerry Rice scoring 19 points.

Lou Saban Is Looking Forward to Good Team at NW This Year

EVANSTON, Ill. (U)—Lou Saban, new head football coach at Northwestern, is looking forward to a good team this year but is reserving specific predictions until after spring practice.

Saban, 33-year-old former Indiana University and Cleveland Browns back, was appointed to succeed Bob Voigts yesterday. Saban was one of Voigts' four assistants last season.

Voigts resigned last week because of alumni criticism. He had been head coach of the Wildcats for eight years.

"We have a good freshman team coming up and the varsity presents an excellent nucleus," Saban said. "We should have a good ball club but we really won't know until after spring practice."

Saban signed a one-year contract at an undisclosed salary.

He was a star quarterback at Indiana from 1940 through 1942 and a defensive specialist for the professional Cleveland Browns through the late 1940s.

He has already made one decision: "We'll operate from the basic T rather than the split T."

Under Voigts last season, Northwestern used the split T and finished with two triumphs and seven losses.

Problem at LSU: To Go Big Time or Stay 'Small'

BATON ROUGE, La. (U)—Louisiana State University began a search for a new football coach today, seeking a decision on whether to hire a nationally-known successor to ousted Geynell Tinsley.

The decision was expected at least indirectly during the first meeting of a special committee directing the hunt.

Committee members said privately they did not expect to receive applications at the session. They said business would center around organizing the committee, setting up procedure for interviewing candidates and deciding whether to combine the posts of athletic director and coach.

Athletic Director T. P. Heard was retired by the board of supervisors Saturday at the same time the board fired Tinsley.

A source close to the school said a decision on combining the two jobs would determine whether LSU would seek Tinsley's successor from the ranks of nationally known coaches.

Tinsley's salary was reported at \$12,500 yearly and Heard's at \$9,800. The source said if the jobs were kept separate LSU probably would be unwilling to meet the salary demands of a higher-priced coach. Combining the posts would put the salary in the bracket a major coach would expect.

Hopman Wants to Quit Post

Friends Think Aussie Net Captain Plans to Retire This Year

NEW YORK (U)—It's Harry Hopman's aim to win back the Davis Cup from the United States this year, give his critics the well-known "rasberry," then retire.

This is the word from Hopman's closest friends in the United States, who say recent letters from the controversial Australian tennis captain indicate a strong desire to quit his present post and devote himself fully to writing.

"Harry would have stepped out this year if the United States hadn't won the Davis Cup," one associate who didn't wish to be identified said. "But fierce pride forced him back for one more year."

Inglis Urged to Reconsider HP Race Dates

DETROIT (UP)—State racing commissioner James H. Inglis said today he would give "careful consideration" to a request by the Hazel Park Racing Association that three days trimmed from its 1955 meetings be restored.

John R. Monaghan, Hazel Park attorney, said at a meeting with the commissioner yesterday that "confiscation of three days . . . will stand as an enduring reproach to all the concepts of fair play and good sportsmanship. Therefore, we respectfully urge the commissioner to reconsider."

Inglis last week announced this season's dates for Hazel Park and the Michigan Racing Association. The MRA was awarded 62 dates. Hazel Park which had requested 56, was awarded 53.

Andy Shepard Threatens All Huron Records

YPSILANTI (U)—There's a scoring demon at Michigan Normal College who is boldly threatening to break all scoring records at the school.

He is freshman Andy Shepard, a Saginaw sensation who has been averaging 20 points per game.

Another Saginaw star—Webster Kirksey—holds both the freshman and all-time scoring records at Michigan Normal. Kirksey netted 335 points in his freshman year and added 369 as a sophomore, a mark which still stands.

But Shepard, a 6-foot-3 pivotman, is closing in on both records. Furthermore, he has the added advantage of playing two more games this season than Kirksey had in his days.

A sharp-eyed shooter, Shepard recently ranked 11th in the nation in foul shooting, connecting on almost 80 per cent of his shots. From the floor, he was hitting an amazing .461.

Lake Trout Angling Affords Change for Ice Fisherman

By JACK PATTERSON

Ice fishing for the usual run of the mill species is all well and good and provides a great deal of harmless entertainment for enthusiasts. There comes a time, though, (usually during periods of inactivity on the part of the fish) when the winter fisherman longs for something a little different from the stuff he usually catches. Something rare, or big or exotic.

PATTERSON or maybe all three, but at any rate something new.

It just so happens that there is such a fish—a fish that can be taken legally through the ice and in Oakland county, too. We are talking, of course, about Cristivomer Namaycush, the lake trout or gray trout as it's known in Canada.

Long time Maceday Lake fisherman Horace Gratz advises us that these fish are present in that lake in numbers sufficient to make

fishing for them worthwhile. Although they don't run very large, averaging somewhere in the neighborhood of 18 inches, one taken the other day by Gratz went 24 inches and weighed a solid three and one half pounds. A good fish for these parts and the fact that it was a trout—any kind of a trout—makes it even better.

Catching these lakies is a fairly deep water proposition. A small minnow, fished a foot off the bottom in about 55 feet of water, seemingly is the surest bet.

Lake trout have been planted by the state in several Oakland county lakes, but the fish division has never considered the results particularly satisfactory. Whether they don't take hold in some lakes or whether nobody fishes for them is still an open question. Success of

anglers in Maceday may interest the Fish Division in further stocking experiments.

Some time ago we mentioned that '35 would see some new guns, or at least guns with new model numbers on the market. One of the few that is really new is the Browning Double Automatic, a two-shot autoloader that represents a complete change in design from the familiar five-shot Browning.

Gone is the high receiver and the chunky fore-end. The new DA looks very much like a trimmed down Remington Sportsman, but there the resemblance ends. The non-removable fore-end houses a soft recoil mechanism which combined with a very short recoil permits the construction of a comfortable light-weight (6 lbs. 13 oz. in the lightest model) 12 gauge.

Quick loading through a port on the left side of the receiver, two-finger takedown and 12 second barrel interchangeability are two features of the new gun which should appeal to automatic enthusiasts who have long wrestled with the rather awkward loading and take-down features on standard autos.

Why two shots? Because there is no magazine in the fore-end for additional loads. Dispensing with the conventional magazine has resulted in a trim, shallow fore-end which brings the left hand up closer to the line of sight, which should improve the average shooter's accuracy.

This gun is in production now, will be available shortly. Comes in two grades—lightweight and standard—26, 28, or 30 inch barrels with a choice of ribs. The gun is being manufactured now in twelve gauge only.

State Tying With Red-Eared Sunfish Species

LANSING—Sunfish with red ears may someday swell the Michigan angler's warm water creel.

Conservation department research workers are currently experimenting with the red-eared sunfish, a native found only in a few southern Michigan lakes.

They hope to spread the range of the red-ear to other areas of northern Michigan. A few experimental introductions were made in northern lakes in 1934 and more work is expected this year.

The red-ear grows larger than the ordinary sunfish—to about the size of a mature bluegill—and is a colorful species.

State fisheries workers consider him the red-eared hope in at least one respect; he is not so prolific as the bluegill. At present, one of the big problems in Michigan fish management is the over-production of bluegills.

Hunters, Trappers Cash in for \$67,200

LANSING—Hunters and trappers bountied 3715 coyotes, 23 wolves and 627 bobcats during 1934 for a total of \$67,200 in bounty fees.

In the previous year, woodsmen bountied 3186 coyotes, 27 wolves and 58 bobcats. Bounties were paid on bobcats only during January of 1933.

The 1934 total did not include payments for bobcats bountied through local sheriffs.

Big Tree-Planting Program Projected

TRAVERSE CITY (AP)—Some 1,250,000 trees will be planted in File Lake forest in 1935, the forestry management announced today.

This planting is a part of a long range program which will last until 1974 when it is estimated the trees planted in 1949, when the plan was launched, will be ready for harvest.

Game is given primary consideration in the entire plan and openings are left in suitable places where game foods are introduced.

The HUNGRY SPORTSMAN & Eddie Meier

CURRIED CROW BREASTS

Crows you get at this time of year are not springers by any stretch of the imagination. Even so, with a bit of extra preparation they can be made into appetizing dishes. For one, curried crow breasts.

There are three ways of toning down old crows: 1, soaking overnight in salt water (1 teaspoon salt per quart of water); 2, soaking 3 or 4 hours in vinegar-salt water (1 part vinegar to 3 parts water with 1 teaspoon salt per quart of solution); or 3, parboiling 30 minutes in water to which 1 tablespoon soda has been added.

Dredge 8 crow breasts in seasoned flour and brown quickly in butter in a deep skillet, sprinkle with 2 teaspoons curry powder, add 1/2 cup water, cover skillet and simmer 20 minutes or until breasts are tender. Gradually stir in 2 1/2 cup sour cream and serve when thoroughly heated.

State May Add 700 Acres of Territory

LANSING—About 700 acres of land will be considered for purchase when Michigan's conservation commission meets on Thursday and Friday.

About 260 acres will be considered for addition to state forests, 250 acres for game lands under the Pittman-Robertson program and 190 acres for state parks.

G. S. McIntire, chief of state forestry work, will present a summary of state forest policies and procedures in an informal portion of the monthly meeting.

OCSC Rifleman Take Double-Barreled Win

Oakland County Sportsmen's Club shooters handed Multi-Lakes Conservation Association's team a double defeat in a match at the M-L layout yesterday.

OCSC won 950-811 on actual scores and 1030-1008 on handicap scoring. John Treeful of the winners fired a 192 to take top actual score honors. C. Henry's 213 was the high handicap card.

Rawlings Beats Brown

CHICAGO (AP)—Luther Rawlings won a unanimous decision over Johnny Brown Tuesday night to become the welterweight champion of Illinois in a non-television round bout at Marigold Gardens. Rawlings weighed 150, Brown 152.

Underwater Swim Gear May Aid Study of Fish

LANSING—Snorkel tubes and flippers have come to the aid of science.

Fish researchers are exploring the possibilities of extensive use of underwater swimming gear in gathering data about Michigan fishes.

Some work was done during the summer of 1934 using underwater equipment. One state survey party studied 17 lakes during 1934 and 14 of these had water clear enough for use of the diving gear.

Yellow perch, suckers and minnows seemed to enjoy watching the underwater swimmers at work. Often, fish swam within a few feet of the research workers.

The workers were able to make spot checks of lake bottoms to a depth of 30 feet, but most of the work was done in shallower water. The workers were able to study bottom soils, extent of vegetation and the amount of cover available to fish at various depths.

Some minnow types were hard to seine during the work. The swim-

mers poked along under water until schools of the minnows were located. Then they herded them into shallow water for capture.

New Jersey and Wisconsin researchers also report using "skin diving" techniques to gather fisheries information.

One-Day Field Trial Set for This Weekend

Michigan Fox Hunters Assn. Expects 75 Dogs to Run Sunday

Outdoors enthusiasts of the area are offered opportunity Sunday, to watch an unusually interesting field trial. Plans for a one-day trial for fox hounds were announced today by James R. Abney of Davisburg, head of the Michigan Fox Hunters Association.

The event, to be held without the use of firearms, starts at 7 a.m. Sunday on a rolling area on Oakwood road, one mile east of M34 and four miles north of Oxford. The public is invited to watch the tests of a field of fox hounds, expected to total more than 75. There is no charge.

"This type of field trial has been popular in the past," Abney says. He explains that it is a different sort of test from most trials. "In this kind of trial the fox is hunted under actual hunting conditions, and the dogs must hunt and run wild fox. They are judged on their respective merits in hunting, trailing, speed, drive and endurance."

"There are many types of hounds that will run a fox. But there are very few that can run a fox with the speed and endurance of a standard-bred fox hound," Abney says.

"Many stories have been related of great hounds that ran until they fell from exhaustion."

"The Michigan Fox is not noted for running ability. He will stay in heavy cover, usually, and depends on ducking and dodging to stay in front of the hounds."

"However, some good races may be had in the early spring, and late winter, during the breeding season. The male fox at this time will run for hours."

Further information may be had by calling Abney at Holly, ME 4-3712. Other officers for the MFHA for 1935, include besides Abney: vice president, Virgil Williams, Royal Oak and secretary-treasurer, William (Clay) Shaw of Pontiac.

OK, FISHES, LET'S GO—Bundled up with plenty of clothes, mittens, scarf and coonskin cap, four-year-old Erik Lindskog looks like a true son of the north as he ignores the cold for an ice-fishing session on frozen-over Lake Harriet, near Minneapolis, Minn. He's all ready for a small-fry fish-fry, too, with line and sinker in one mitt and a spear in the other.

Missouri Prep Star Hits for 93 Points

WINONA, Mo. (AP)—J. D. Boyer, a 6 foot 5 center, amassed 93 points in a high school basketball

game last night to better the state scoring record.

He made 37 field goals and 19 free throws in Winona's 126-57 victory over Freemont, Mo. The total bettered the record of 92

points set in 1933 by Luke Wilson of Elsberry, Mo.

The Atlantic coast athletic conference marked its second year during 1934.

Nationalists, Reds Dueling With Words for Quemoy

QUEMOY, Off Red China — While a gun duel rages almost daily between this Nationalist-held island and the Communist mainland only three miles away, a battle of words and ideas is also boiling.

Communist and Nationalist Chinese blare at each other from half a dozen loudspeakers each. The Communists harp on Nationalists' close ties to America, calling Quemoy defenders "errand boys," but the Nationalists brag about the close relationship, apparently hoping to capitalize on traditional Chinese friendship for Americans.

But the strangest — and most important — phase of the battle of words takes place when Communist and Nationalist fishing

crews gather in the East China Sea. The fishermen swap gossip about living conditions, price of rice and other topics vital to the daily life of mainland and island Chinese.

"The talk they trade is more important and helpful to us than millions of leaflets dropped on the mainland," a Nationalist spokesman says.

The Nationalists are proud of what they have done on Quemoy, a flat, treeless island dotted with huge black boulders with red clay soil.

"Before we came here in 1949," the spokesman says, "Quemoy was practically a desert island. There were no schools, few roads, no hospitals. More than 50,000 persons had left to try to scratch out a living in Malaya, Java and elsewhere. More people left than the 40,000 who stayed behind."

The spokesman said the Nationalist soldiers helped build an irrigation system, 46 primary schools and a high school, a hospital, housing developments and factories.

The spokesman said fishermen from the mainland often drop in and see the transformation of Quemoy for themselves. He said a group of fishermen had recently returned from Quemoy to the mainland to spread the word.

"We know they have started a very effective whispering campaign on the mainland," he said. In addition to word-of-mouth advertising, the Nationalists beam broadcasts over six loudspeakers to the nearby mainland boasting of their accomplishments. "All the people on the mainland know what Quemoy was before," the spokesman said, "and we are telling them what it is now."

The Reds on the mainland set up a dreadful din by beating gongs and shouting when the broadcasts from Quemoy begin to try to drown them out, the spokesman said.

The Nationalists claim they make no effort to drown out the Red loudspeakers and their propaganda.

"It is good for morale for our soldiers and civilians to listen to them. They get lots of laughs," the spokesman says.

900 Assemble at Romeo High

Milk Producers Group Ask Bylaw Changes, Call Future Meeting

ROMEO—Two resolutions were adopted by some 900 dairymen who assembled at the Romeo High School last night in an effort to take positive action in the present milk price situation.

The first resolution, which was passed by a large majority of those present, asked the removal of George Irvine, Federal milk marketing administrator in Detroit, by the secretary of agriculture.

Romeo MMPA members have led a fight for a grand jury investigation into price fixing and market manipulation in the Detroit milk market.

The resolution added that copies of the resolution, "together with other developments of record to date, be forwarded to president Eisenhower, secretary of agriculture Ezra Benson, the United States Justice Department, and the Detroit branch of the U.S. anti-trust division."

As the first step in its "housecleaning" plan, as instigated by the action committee of the Michigan Milk Producers Assn., the resolution requests the ouster of Irvine because of several incidents cited in the resolution, which stated that there was "serious doubt" as to whether Irvine is "now in a position to open-mindedly administer the controversial milk-marketing act in a quasi-judicial manner in this area."

Forty-eight locals of the MMPA from 17 counties were represented at the meeting.

The Irvine resolution followed an address by Ben D'Arcy, of an agricultural laboratory in Almont, who discussed the Detroit federal milk-marketing order and "how it affects our present dairy situation." One point stressed by D'Arcy was the need for reclassifying sales I, instead of Class II, to receive a higher price for the product.

Another issue he emphasized was the "program of subsidizing the handlers out of the producer's milk check."

Harold Fritz, president of the Romeo local of the MMPA, said that the group "can't do anything about the federal milk marketing order, but possibly can get some results by doing something about the administrator."

Fritz said, "I don't think federal officials will remove Irvine because of this resolution, but they might look into the situation."

The second resolution, and called by Fritz the most important to date, asked for certain amendments to the bylaws of the MMPA, to get "democratic control." It asked for a simple majority vote instead of a two-thirds majority in voting, and requested a board of directors consisting of 14 members with one year terms, with no director holding office more than three consecutive terms.

The resolution requested a special meeting of all duly elected delegates at 11:30 a.m. April 16, 23, or 30, at the largest possible meeting place at East Lansing, to amend the bylaws and to nominate 14 new members to the board of directors in accordance with the bylaw amendments proposed last night.

Special Program Planned by PTA at Pontiac Lake

WATERFORD TOWNSHIP — A special Founders Day program is scheduled for the Pontiac Lake PTA meeting at the school at 7:30 p.m. Thursday.

A skit entitled "Where, Oh Where but in America" will be narrated by Mrs. Richard Morgan.

Open house, for parents to meet the teacher of their children will be held in the classrooms beginning at 7:30 p.m.

Set Church Service for Scouts Sunday

DRAYTON PLAINS—Boy Scouts of this area will be recognized at a special vespers service at 4 p.m. Sunday at the Community United Presbyterian Church.

Representatives from the different troops and the area office will participate in the service. The offering from the service will be used to help the Scouting program overseas.

PATRICIA MAYS

The engagement of their daughter Patricia to Archie Carpenter has been announced by Mr. and Mrs. W. G. Hays, of Pine Lake Avenue, Keego Harbor. He is the son of Mr. and Mrs. A. Carpenter of West Virginia. No date has been set for the wedding.

Class Popularity Brings It Back

Ballroom Dancing Hit at CAI Now Slated to Continue Soon

WATERFORD TOWNSHIP — Rapid progress and the "just plain fun" experienced at the recent course in ballroom dancing, has prompted the recreation department to extend the classes, starting next week.

A new course for beginners, ages 12 to 17, will also be started provided registrations are sufficient. Both courses will begin Feb. 16 and will be held each Wednesday at the CAI building. Advanced lessons will be from 7 to 8 p.m., with lessons for beginners from 8 to 9 p.m. Mrs. Carol Wolfe will be the instructor.

Registrations may be made by calling the recreation office, weekdays from 8 a.m. to 4:30 p.m. and Saturdays from 9 a.m. to noon.

Some 200 boys and girls attended the party which climaxed the first instruction class.

Jackson Parents Believe Son Slain

JACKSON — Disturbed by anonymous telephone calls, Mr. and Mrs. Charles E. Gibson yesterday petitioned the court to authorize disinterment of the body of their son, George, 33, contending he may have been murdered.

The petition to justice John C. Dalton says the Gibsons have strong reason to believe their son did not commit suicide as Calhoun County authorities have ruled.

The younger Gibson's body was found Sept. 20, 1953, lying beneath his car, which was parked in the driveway of his home eight miles north of Battle Creek.

A blanket was draped over Gibson's body and the exhaust pipe of the car. Authorities said his hands were burned, apparently from gripping the exhaust pipe while the car motor was running.

A suicide note was found inside the car.

In their petition yesterday, the parents, who live in Jackson, said their son may have died "as a result of poison, violence or other criminal acts."

The Gibsons said they had received numerous telephone calls, all anonymous, informing them that the death was not a suicide.

Children Group Planning to Meet at Williams Lake

WILLIAMS LAKE — "Understanding of Self and Others" will be the topic of discussion when the Child Study Club meets at 8 p.m. Thursday at the school.

A panel consisting of Mrs. Marion Shipman, Mrs. Glenn Byington, Mrs. Frank Braker, Mrs. George Underwood, and Mrs. Leslie Pickup will open the meeting.

Freida Huggert, township visiting teacher, will be discussion leader. The public has been invited to the meeting.

The record high temperature for one Main weather station is 106 degrees Fahrenheit compared to the record of one Florida station — 96.

Deaths in Nearby Communities

Mrs. Clarence Dockham — DRAYTON PLAINS — Service for Mrs. Clarence (Mabel Agnes) Dockham, 47, of 4811 Hatchery Rd., will be held at 1 p.m. Friday at the Coats Funeral Home, with burial in Drayton Plains Cemetery. She died Tuesday.

Surviving besides her husband is a son, Leslie G. Weatherhall, of Waterford Township, three brothers: William Kendrick of Calif., Clifford Kendrick and Lee Kendrick, both of Piggott, Ark., and two sisters, Mrs. Jean Huffman of Piggott, and Mrs. Theda Alexander of Miami, Fla.

Elmer Gamertsfelder — LAKE ORION — Service for Elmer Gamertsfelder, 69, of 803 Lake Ave. will be held at 1:30 p.m. Saturday at the Hutton Funeral Home, with burial in Oakland Hills. He died today.

Surviving besides his widow Mae, are a son, Lyle of Dearborn, a daughter, Mrs. W. Callison of Lake Orion, and three sisters, Mrs. Esther Lacy of Clio, Mrs. Ethel Kotch of Boyne City, and Emma Gamertsfelder of Pontiac.

Mrs. James Goodwin — WHITE LAKE TOWNSHIP — Service for Mrs. James (Ethel) Goodwin, 65, of 1919 Grove St., will be held at 3 p.m. Friday at the Richardson-Bird Funeral Home, Milford, with burial in Highland Cemetery. She died Tuesday.

Son Cut From Father's Estate for Marriage to Girl Not Born Jewish

BOSTON — Harold B. Gordon, of Attleboro, Mass., cut off from his father's will because he married a girl not born a Jew, plans to take to the U.S. Supreme Court his fight for a share in the \$500,000 estate.

The Massachusetts Supreme Court yesterday upheld the right of the late Joseph Gordon to cut off his son from the will because he married a Roman Catholic.

The son contends his wife was born of the Jewish faith because she converted shortly after their marriage in 1949 and in the Orthodox Jewish creed her conversion was retroactive to birth.

He asserted also that the marriage clause in the will was invalid on the grounds it was against public policy to restrict marriage.

Harold Gordon married Veronica Ann Albaugh, of Berlin, N.H., in Elkhart, Md., on May 11, 1949. The father died in 1944.

The State Supreme Court's ruling, written by Justice Raymond S. Wilkins, said the marriage clause in the will was not restrictive. The decision said also:

"All the testator said, in effect, was that his property should not be received by a son or daughter who should marry one born to parents not of the Hebrew faith at the time of the child's birth. There is no condition based on the religious belief of anyone at the time of the marriage."

"From the religious point of view of the Orthodox Jews, conversion to Judaism becomes, with minor exceptions, as though the person was born a Jew. But this conception is not accepted by all Jews. Some contend that such conversion has no retroactive effect."

By its ruling, the court ordered the son removed as trustee of the trust which has been administering the estate, including bus companies in Taunton, Mass., and Berlin, N.H. Gordon said he will appeal to the U.S. Supreme Court.

Opposing contest of the will were four of Gordon's five daughters: Dr. Minerva Gordon and Mrs. Mary C. Pite, both of Miami, Fla.; Mrs. Lillian G. Silverman, of Montreal, and Mrs. Sadye Freedman, of East Orange, N.J. The fifth daughter is Mrs. Sarah Lewitsky, of Lynn, Mass.

Club Plans Busy Day: Meal, Election, Program

WATERFORD TOWNSHIP — An illustrated talk on "Your Voice and You" will highlight tomorrow's meeting of the Webford Club. Members will gather at the Glenn Hickson home, 74 Preston St., to hear a representative of the Michigan Bell Telephone Co. speak on the subject, demonstrating with a tape recorder.

A 1 p.m. potluck luncheon will precede election of officers and the program.

Noon Potluck Scheduled

WATERFORD TOWNSHIP — The Waterford Center Ladies Aid of Sunnyvale Chapel have planned a noon potluck luncheon and Valentine party for the Thursday meeting at the home of Mrs. Ezra Lincoln at 685 Crescent Lake Rd.

Boys, Dads to Dine

WATERFORD TOWNSHIP — The Brotherhood of Christ Lutheran Church is sponsoring a Father and Son banquet at 6:30 p.m. Thursday.

The program will include a movie on outdoor life in Michigan, a barbershop quartet, and other musical numbers.

Valentine Theme Set for Weekly CAI Youth Night

WATERFORD TOWNSHIP — Pete Aris and company will provide music with a Valentine theme at the weekly recreation Youth Nite tomorrow at the Community Center.

Membership cards are still available at the door for any Waterford High School student. To date an

average of 200 members and 100 non-members have made up weekly attendance. Aris and his band played recently for "Showboat," and will now work out new arrangements for playing at Youth Nite and other engagements.

Banquet Scheduled

LAKEVILLE — The annual father and son banquet will be held at 6:30 p.m. Thursday in the Methodist Church basement.

Announce New Way to Relieve Pain of Arthritis and Rheumatism Without Pills!

Greaseless, odorless cream penetrates deep—speeds up flow of fresh, rich blood into sore areas—actually helps drive away pain-causing congestion and pressure.

New York, N. Y. (Special) — Science has now developed an odorless, greaseless cream that acts in a new way to bring a new kind of relief from pains of arthritis, rheumatism, and muscular aches and pains. This new cream relieves these pains without the need of taking pills and other internal medicines that may only upset the system.

Gently rubbed into painful areas, this cream penetrates so deep and completely that it actually vanishes. Quickly a comforting feeling of warmth develops and the whole painful area takes on a pleasing glow. This is striking evidence of the power of this cream to penetrate quickly and stimulate the circulation of the blood. This glow illustrates how it speeds up the flow of fresh, rich blood into the sore areas and actually helps drive away the pain-causing congestion and pressure.

146 British and French doctors are so satisfied with this new relief for patients suffering from arthritis and rheumatism that they have prepared written reports of success based on hundreds of cases. Further, one of the leading arthritis and rheumatism clinicians in the United States has now confirmed the findings of these doctors.

Now for the first time this remarkable cream can be obtained without a prescription at drug stores throughout America—under the name **InfraRUB**. The price of InfraRUB is only 98¢ for a large tube. InfraRUB is backed by the amazing guarantee that sufferers from the pains of arthritis, rheumatism, lumbago, neuritis, neuralgia or muscle injuries or sprains will get relief and hours of comforting rest or their money will be refunded in full.

Bingo Expose Uncovers a New Variety of Addicts

By MARGARET LATROBE

It seems to me that this world is full of addicts of one kind or another. Can it be that all of us are borderline neurotics, that we "can't do without this," "have to have that," depend on one or two entrenched habits to keep us going?

Who hasn't run out of cigarettes at a late hour, and literally torn the house apart looking for mashed up "snips"? Searched through elderly raincoat pockets, on the off-chance of finding a crushed packet of tobacco? Or perhaps you have the movie bug, and the whole afternoon is ruined if you miss a show? Whatever gives you satisfaction, you are enslaved.

Not until reading Bill Davidson's recent magazine piece "Is Bingo Getting Too Big?" did I know there are bingo addicts. People follow these prize-package games from church basement to church basement, town to town, even state to state—ever hoping, ever dreaming of winning the big money.

"Bingo—" they yell, when the corn kernels line up on their cards—and some kind gentleman with nothing but charity in his heart pays them a thousand dollars. Or more likely just 10 or 20 bucks. But they won, which is the object, the rainbow's end.

But big-scale bingo games are crooked, my friend. Your chances of winning any real vacation money are about as likely as peace with Russia. A million and a half-to-one are the odds on your taking home the bingo bacon on the first five numbers called, for instance.

Davidson finds that "thoughtful church leaders have begun to study the bingo problem with a great deal of concern." Some churchmen feel that it is a harmless way of raising funds which will be used to further their

good work. Others denounce bingo as the work of the devil.

Regardless of differing points of view, the fact is that mobsters and professional gamblers have moved in. They sponsor some church games, they encourage "charity parties" which, while providing a dollar for charity, provide 10 crisp bills for the gambler's pocket.

But right or wrong, legal or not, the "bingo addicts" will find a game somewhere. It can be in the church or in the carnival, at the fair or at the town hall. They came to play. They came to win.

Hand out the corn, boys. My ears are listening for 18, 39, 47 and 11. Bingo-o-o!

(Copyright 1953)

Two in 'Tea House' Facing Dope Charge

LOS ANGELES (U)—Two young actresses in the stage hit, "The Tea House of the August Moon," were booked yesterday on suspicion of possessing marijuana.

Arrested were Barbara Ann Luna, 17, who plays the geisha girl Lotus Blossom in the sellout play, and Patty C. Suzuki, 24, who has a minor role. Miss Luna was released to the custody of the play's manager so she could appear last night.

Detective Don Grant said he found three marijuana cigarettes and loose marijuana in their apartment. He and Detective E. J. Berger visited the apartment, he said, to discuss a theft of money which Miss Luna had reported.

Both actresses are members of the New York company of the play.

Cancer Victim Kills Self Before Surgery

SAN FRANCISCO (U)—Walton Hall Smith, 57, former Hollywood writer and novelist, shot himself to death yesterday rather than face a cancer operation which would have left him speechless, police reported.

Officer Vincent Mazzaferri rushed to Smith's luxurious apartment after the writer had called the police station, but reported "I was too late."

Two notes were left, one to police and one to the coroner, telling about the operation which had led him to decide on suicide.

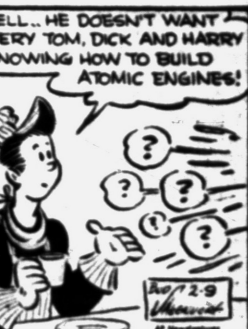

Animal films are the most popular of all movies in Japan.

Wheat Pricks Price Bulge

CHICAGO (U)—An opening price bulge in grains held on the Board of Trade today. Some cereals, notably wheat, fell back below previous closing prices after the first few minutes of quiet active dealing.

Commission houses had buying orders on hand at the opening and that accounted for the early price rise. Apparently some of the buying came from people who felt the increasing world tensions would have an inflationary aspect on the domestic economy.

Professional traders, however, were not inclined to make very large commitments at the moment. They seemed to be following an old market maxim "When in doubt, do nothing."

Wheat near the end of the first hour was 1/4 to 1/2 lower, March 2.26 1/2; corn 1/4 lower to 1/2 higher, March 1.53 1/2; oats unchanged to 1/4 higher, March 76 1/2; rye 1/4 lower to 1/2 higher, March 1.22 1/2; soybeans 1/4 lower to 1 cent higher, March 2.81 1/2; and lard 3 cents lower to 2 cents a hundred pounds higher, March 12.67.

Grain Prices

CHICAGO, Feb. 9 (AP)—Opening grain:

Stocks Recover After Brief Dip

NEW YORK (U)—The stock market staged a modest rebound today from the drubbing it took yesterday when a late selling wave hit suddenly.

The uptick came as Russia changed government heads in a surprise shakeup. Most of the day the market maintained a steady front, but in the final hour selling swept through the air and other divisions.

Pair of Gagsters Took Challenge

Davenport and Greene Follow Raft of Writers Fired by Comedy Star

NEW YORK — Bill Davenport and Johnny Greene, two comedy writers who look more like Wall street brokers, find themselves today feeling like General Custer's horse.

They are the sole survivors of the embattled legion of Red Buttons' writers. Not only have the two debonair jokesmiths survived the recent purges among the comedian's gag writers; they have emerged unscathed and exuding goodwill toward Buttons. As for Red, he is so delighted with the new format that Davenport and Greene have devised for him that he has just signed them to a lifetime contract.

There have been times lately when a contract for Buttons' lifetime was not any guarantee of lengthy employment as the curly-haired comic has been in the hospital twice recently after collapsing from the effects of trying to make people laugh for a half-hour three weeks out of every four.

Both Davenport and Greene are veteran humor writers who have been writing for many of the top comedians on television. Bill, a 34-year-old Hollywood bachelor, has ground out scripts for Bob Hope, Dennis Day, Favorite Husband and Ozzie and Harriet.

Johnny, a somewhat older but equally dapper father of two, has fashioned funny lines for Amos 'n' Andy, Burns and Allen, My Friend Irma and Dear Phoebe.

"It's funny about TV writers," Greene said. "You're well paid but treated like a dog. You feel like an expensive dog, though... sort of like a poodle. It hasn't been like that with Red."

Davenport and Greene, who had worked together once before, found themselves teamed up again in the last shuffle of Buttons' writers.

"We looked on writing for Buttons as a challenge," they said. "We felt like a good golfer who was told he couldn't break par. We both felt the answer was a domestic comedy."

They both confess, however, that after writing their first script they approached the task of reading it to Buttons and his producer with the enthusiasm of someone invited to join a game of Russian roulette.

"I read it aloud to the group," Davenport recalls. "Only one guy laughed. Johnny! I was mentally packing my bag as I read. Finally I got to the end of the first act. Red jumped up and said 'Great!' That was it. We were the first writers in months who got to the end of the first act without being on their way out the door!"

Now that the writers have a lifetime contract and are up to their typewriters in goodwill, their only problem is that they miss their homes in California.

THE BUTTONS—The picture of domestic bliss is represented by Mr. and Mrs. Red Buttons on his show. Red just acquired a new TV wife in a switch by new writers to a new format of domestic comedy. The new Mrs. Buttons is Phyllis Kirk, stage and screen actress.

Like Backs Broadcasts Beamed to Red Lands

WASHINGTON — President Eisenhower has called on Americans to "help intensify the will for freedom" in Soviet satellite countries by supporting private broadcasts beamed behind the Iron Curtain.

Eisenhower made the appeal last night in a White House talk transmitted over a "closed" television circuit to Crusade for Freedom meetings in 35 U.S. cities.

The equatorial circumference of the earth is 24,902.3 miles.

Hal Boyle Says:

Young Welsh Girl Brings Own Lifeboat to America

NEW YORK (P)—Few visitors arriving in New York by ship bother to bring along their own lifeboat anymore.

But Miss Janet Jones, a young lass from Wales, did. Stepping ashore clad in a red cloak, an 18th Century style Welsh dress and a high-topped black beaver hat, she took one look at busy Manhattan and exclaimed:

"Aeth a ty agwnt i fwrdd yn symyd mor gyflym!"

This, as any Welshman would grasp instantly, meant:

"It takes my breath away—everything moves so fast!"

Miss Jones—a name as common as Kim in Korea or Smith in America—won over 1,100 other contestants to become the national hostess of Wales. She is here for a seven-week, coast-to-coast goodwill tour. With her she brought a corge, a coracle, a collection of wooden love spoons, a black Bible made from a block of coal, a 5½-foot harp, and a walking stick which once belonged to the Welsh statesman, David Lloyd-George.

The corge turned out to be an understanding, mystified, homesick lady dog named Ceri, and pronounced "Kerry."

"The word corge means cur or mongrel," explained Janet, who is 21, pretty, auburn-haired and blue eyed.

"The corge has been honored in Wales since Howell the Good passed a law in 916 exempting the breed from taxes because they kept the pastures free of lurking wild animals. The corge has been adopted by the British royal family. It is now the 'Falla' of Buckingham Palace."

The coracle turned out to be an ancient type Welsh boat made of wicker and cowhide, so light even a girl could pack it on her back.

This is believed to be the first coracle ever brought to the United States.

Now about those wooden love spoons?

"In the old time," said Janet, "instead of giving the girl of his choice an engagement ring, a Welsh boy would come to her with a spoon he had carved. The more beautiful the carving, the more he loved her."

"If she accepted the spoon, they were engaged. That is where the term 'spooning' came from. If she turned down the spoon, it was love's labor lost."

"Very occasionally the old custom is still followed. It is much easier today to buy an engagement ring. But I'd much rather have a love spoon myself."

However, Janet made it quite clear she expects no love spoon on this trip.

"I'll be much too busy to look for a husband," she said, "and it's him that should be doing the looking anyway."

Miss Jones, daughter of a Presbyterian minister, comes from a tiny Welsh village only 50 miles from the town with the longest name in the world. It is—here we

five seconds from a standing start.

"In English," she said, "it means 'St. Mary's Church, in a hollow of white hazel, close to a rapid whirlpool and St. Tysilio's Church, and near a red cave.'"

"But the people who live there simply call it Llanfair. P. G."

Even so, after all these centuries, the town still has a population of only 1,200.

Old-Time Pastors Claim Churches Too 'Superficial'

DALLAS (P)—There's just too much superficial Christianity in our churches," the Rev. M. V. Clark, 84, of Snyder, Tex., said yesterday.

"Why, I can remember when

there were 40 or 50 people all standing at once and shouting their faith—and in a Methodist church, I mean."

This brought a chuckle from the Rev. C. E. Clark, of Houston, 82, a cousin of the Snyder preacher.

"That's right," the Houston parson said. "But if that happened today—half of the congregation would jump up and run off."

The retired circuit riders met

unexpectedly at a Methodist ministers' meeting.

Locate Iron in Thailand

BANGKOK (P)—Bangkok radio said last night Thai government geologists have found extensive deposits of high-grade iron ore in northern Thailand. The government radio station said foreign investment would be welcomed to finance a smelter to be constructed nearby.

Expect Red Riots During Sessions of Pact Ministers

BANGKOK (P)—Pro-Communist rebels are expected to create disturbances in Laos during the conference of the eight Manila Pact foreign ministers, according to reports reaching Thai police last night.

Police said they had information that Prince Souphanouvong, the Laotian rebel leader, had been ordered by the Vietnamese in adjoining North Viet Nam not to cooperate with the Laotian government.

Earlier it had been reported Souphanouvong was negotiating with the new Laotian Cabinet of Thao Kratal to settle their differences.

Rebel forces—known as "Pathet Lao"—reportedly control four districts in northern Laos, one of the three associated states of Indochina.

Fourteen U. S. National Guardsmen won the Medal of Honor during World War II.
