Court Ruling Could Upset Politics

Julie Andrews, William Squire in "Camelot"

Go, Go Romantic! Go on Press Tour

Planning a second honeymoon?

Or has the woman of the house always been given the excuse from the man of the house that there isn't enough time—or money—for such a trip?

★ ★ ★

Wives, your husbands will have no arguments left if you take that second honeymoon to romantic New York on the Pontiac Press theater trip.

Not enough time? . . . New York is only a short distance away by the American Airlines jet which will whisk you there and back.

In five days and six nights you will see five top Broadway hits including "Camelot," sit in on network television shows, enjoy a yacht cruise around Manhattan Island and take a guided tour of the United Nations Building.

All this and more is only $199 apiece.

Deny Near Accord on Steel Contract

PITTSBURGH (AP)—While top steel negotiators were busy today denying a published report that a contract settlement has been reached, sources in Washington said agreement is very near.

R. Conrad Cooper, chief industry negotiator, and David J. McDonald, United Steelworkers Union president, could not be reached immediately for comment on the newest developments.

In Washington, the Associated Press learned the steel industry and the United Steelworkers were "only a fraction of a cent apart.

It was understood negotiators are close to agreement but have some economic and nonmoney differences to resolve. A settlement is possible in the next few days, the report said.

The negotiators were reported talking of a one-year contract without a wage increase but agreement on this is unsettled and it could end up as a two-year contract.

A wage increase may be included in a two-year pact.

★ ★ ★

The one-year agreement would provide something more than 10 cents an hour in extra fringe benefits such as improved pension, vacation and supplementary unemployment benefits and guaranteed minimum weekly pay, sources indicated.

It was further learned that government officials are now confident final terms of the contract will be noninflationary, probably requiring little or no steel price increases.

President Kennedy and his economic advisers have been urging a noninflationary agreement.

★ ★ ★

Edwin A. Lahey, Washington bureau chief for the Detroit Free Press, said in a story last night that a basic agreement on a new wage contract has been reached.

★ ★ ★

The article said announcement of the settlement is being withheld until the 11 steel companies separately resolve certain noneconomic issues.

FRED V. HAGGARD

Union Head UF Drive Chairman

Fred V. Haggard, president of the Oakland County AFL-CIO Council, has been appointed chairman of the 1962 Pontiac Area United Fund drive.

★ ★ ★

He succeeds Thomas F. Wiethorn, general manager of Fisher Body Division, General Motors Corp.

Active in the United Fund affairs for many years, Haggard pledged an all-out effort in the drive and asked the support of the whole community.

For the past nine years, Haggard has been vice president of the Pontiac Area UF campaign. He also is a member of two statewide UF committees.

★ ★ ★

In community activities, Haggard is a member of 39 different agencies and commissions. These include the Oakland County Mental Health Association, the Pontiac Human Relations Committee and the Waterford Township Planning Commission.

★ ★ ★

Haggard and his wife Mable live at 6909 Terrell Road, Waterford.

This year's UF drive will be the 14th annual campaign in the Pontiac area. It will be held in October between specific dates with the goal to be set in August.

During 13 previous campaigns, $7,042,674 has been pledged in the Pontiac Area. Last year's total was $675,000.

★ ★ ★

Haggard, who picks the heads of five campaign divisions, announced that one post has already been filled. Mrs. Joseph Fox will be running the women's campaign committee.

Chain Reaction Expected From Reshuffle Order

Many Suspect Decision Might Spark Increased Judicial 'Interference'

WASHINGTON (AP) — The Supreme Court's action to place the question of equitable state legislative districting before the federal courts could have a chain reaction on American politics.

While the Tennessee case on which the court ruled Monday involved only legislative redistricting, politicians suspect that if the U.S. courts can decide such matters it might not be long until they were asked to consider congressional districting.

Just as they have with state legislatures, many city voters have felt they have far less representation in Congress than the rural population.

★ ★ ★

As an example, 59,063 voters turned out when Rep. Ralph J. Rivers, a Democrat, was elected at large in Alaska in 1960. But 406,995 went to the polls when

Many Suits Likely, Page 11;

GOP Rep. Marguerite Stitt Church won in the 13th District of Illinois, a Chicago suburban area.

DISTRICTS MINUTE

In Southern districts where there is no Republican opposition, fewer than 25,000 persons often officially choose a representative in the general election.

Most of the states have completed their changes of congressional district boundary lines on the basis of state population gains or losses shown by the 1960 census.

Many of these changes were made by legislatures under control of rural representatives who

Warning Issued as Rusk Leaves Geneva Meeting

'Bad Faith' Charged by Gromyko Against America at Close

From Our News Wires

GENEVA — Secretary of State Dean Rusk flew back to Washington today to report to President Kennedy shortly after Russia announced it will stage a new series of nuclear tests if the United States resumes testing in the atmosphere next month.

Rusk took off at 3:45 p.m. (9:45 a.m. Pontiac time) aboard a U.S. Air Force jet transport following a final speech to the 17-nation general conference on disarmament in which he called for an immediate crash program of controls to reduce the risk of a nuclear war.

But even as he spoke, Soviet Minister Andrei Gromyko shattered the diplomatic calm with new charges of bad faith against the United States and the announcement that Russia would resume nuclear tests.

★ ★ ★

Rusk and Gromyko said in a joint communique issued earlier in the day that their exhaustive talks on Berlin in the past 16 days have uncovered some points of agreement as well as of differences over Berlin.

It was understood from American sources that one of the points of agreement is that neither side wants to become involved in a war over Berlin. But neither side, it was reported, made a change in majority policy.

'HIGHLY DANGEROUS"

The statement was issued just before Rusk and leading members of the American delegation took a plane for Washington to report to Kennedy that the Berlin dispute remains highly dangerous though unlikely to explode in the foreseeable future.

★ ★ ★

Russia still demanded "solution" of the German problem on the basis of a proposed peace treaty with East Germany which would liquidate the allied position in Red-encircled West Berlin. The Western answer to this demand wes still "no."

Rusk left with the East-West test ban stalemate tighter than ever and with both sides preparing to resume experimental explosions. These talks foundered on Russia's complete unwillingness to accept any international inspection to police the ban.

★ ★ ★

This confirmed Rusk's belief that the Soviet Union did not really want a ban because it is anxious for more tests. It also dampened his hopes for general disarmament.

Canadian Foreign Secretary Howard Green submitted a draft declaration to the 17-nation disarmament conference calling for action by no later than Wednesday on outlawing weapons of

City to Hear Bond Plan for New Water Program

City administrators expect to have ready for approval a $3.7-million bond ordinance for the new water supply system at tonight's City Commission meeting.

The ordinance would authorize the city to prepare, advertise and sell revenue bonds in the amount of $3,770,000 — with approval of the Michigan Municipal Finance Commission (MFC).

The bonds would be payable from water department revenue over a 30-year period. They would finance part of the estimated $3,987,000 construction cost of new facilities needed to handle Detroit water.

The remaining $217,000 would come from present surpluses in the water fund.

City officials hope to have MFC approval of the bond issue by this summer.

A pumping station, storage facilities and changes in the city's water main system to be financed by the bonds must be completed before the city can begin using Detroit water.

Detroit water is scheduled to begin flowing into city pipes July 1, 1963. Water rates — expected to double for residential use — won't be increased until after that date.

In other business tonight, a public hearing and final adoption of an ordinance to rezone five lots at Elizabeth Lake Road and Murphy Street is scheduled. The ordinance calls for rezoning from Residential-3 to personal service use.

AWAITS FINAL OK

Also up for final approval is an amendment increasing the area of Waterford Township served by Pontiac sewage treatment facilities. The agreement was given preliminary approval several weeks ago.

★ ★ ★

City Attorney William A. Ewart will report on the feasibility of drawing up an ordinance to prohibit building homes where there is no drainage. The report was requested by Commissioner Winford E. Bottom.

Commissioners also will appoint two members to expiring terms on the city planning commission.

Doctors Disagree but Paret's Wife Says He's Better

NEW YORK (AP)—The wife of boxer Benny (Kid) Paret expressed belief today her husband's condition is improving, despite doctors' word that it remains grave and unchanged.

Mrs. Paret told newsmen, "I

Related Stories, Pages 14, 15

think he's getting better. He's very much improved.

★ ★ ★

"He's still in a coma but he tries to open his eyes. Some times he opens them enough so I can see the eyeballs underneath."

★ ★ ★

She said her husband, who has not regained consciousness since receiving a savage pounding in the ring Saturday night, also seems to recognize her voice.

Frondizi Busy Finding Support

Argentine Head Refuses to Quit Post, Scrambles Around for Help

BUENOS AIRES, Argentina (AP)—President Arturo Frondizi scrambled for support in a series of conferences today after boldly defying military and political pressure to resign.

★ ★ ★

A possible military coup seemed nearer after Frondizi rejected a plea for his resignation from his own chosen mediator, former president Pedro Aramburu.

But despite an announcement of open rebellion by a division commander in the south, there was no sign of military activity except the increased guard of mounted grenadiers at the pink presidential palace.

President Federico Fernandez Monjardin of the Chamber of Deputies first conferred with Frondizi at the president's suburban house. He said the president was "looking magnificent."

★ ★ ★

Monjardin is one of the president's supporters in the crisis. Being Spanish-born he is ineligible for the presidency though a president of the Chamber of Deputies is supposed to be in the constitutional line of succession should Frondizi resign.

★ ★ ★

Another Frondizi supporter is Jose Maria Guido, president of the Senate and also in the line of succession. Guido has said he would take the presidency

Algiers Protests 41 Deaths by Halting Business Activity

ALGIERS (AP)—A protest strike gripped Algiers today, called by European settlers in mourning for the 41 Europeans killed when French troops fired into a crowd demonstrating in support of the Secret Army Organization.

Public transportation was at a standstill. Most European stores were closed. No newspapers appeared. Banks failed to open.

The big outdoor market was silent and deserted. There were reports that electricity would be cut.

★ ★ ★

Hundreds of Europeans strolled the streets and most of them seemed to head for the street corner in front of the main post office where the shooting broke out Monday.

In addition to the 41 settlers killed, about 130 were wounded. Army casualties were one killed and six wounded.

★ ★ ★

Some strollers placed modest bouquets of flowers on the bloodstains in the streets. Debris still littered the sidewalks. Lost shoes and berets lay untouched. Passing automobiles had turned some blood pools into long streaks of red on the street pavement.

DEFIED ORDER

Only a few policemen and soldiers were visible. Reinforcements had been sent in Monday after the secret army called for a demonstration and a march on the encircled suburb of Bab el Oued. Authorities banned the demonstration but the crowds gathered anyway in a gesture of defiance.

★ ★ ★

The clash appeared to have drastically altered relations between the citizens of Algiers and French troops.

★ ★ ★

Initial shock turned to hatred among the European inhabitants. Many shook their fists at the soldiers and screamed over and over: "All we want is to remain French"

★ ★ ★

Spokesmen of the Secret Army Organization, which called the ill-fated demonstration, predicted grimly that President Charles de Gaulle's government "will regret this day."

But De Gaulle in a televised speech from Paris warned the Secret Army it could look forward only to punishment for its campaign to sabotage the cease-fire agreement between France and the Algerian nationalist rebels.

CURFEW IMPOSED

In all parts of Algiers soldiers and security police patrolled the streets under the hostile glares of European residents. The European working class district of

Con-Con Delegates Facing No Wages

LANSING (AP) — Delegates to the constitutional convention were advised today that they may have to work without pay after May 15 if no steps are taken to speed up the pace of the convention.

In a resolution introduced by Glenn S. Allen, R-Kalamazoo, the convention was urged to adopt one or more rules to limit debate on amendments still to be discussed.

If no rules changes are adopted, Allen said, delegates are faced with the alternative of working without pay beyond the May 15 deadline or voting themselves a 50 per cent pay cut for one month to continue the convention another 30 days.

Why Go South? S'nice Here

Sun to Build Up Near 60

The weatherman must like us. He knows most of us can't go to Jamaica, Nassau and the sunny South so he is bundling up his warm temperatures and unpacking them on the Pontiac area. Tonight ht said will be fair with a low of 30.

★ ★ ★

A few clouds and temperatures soaring to near 60 is the forecast for Wednesday. Thursday will continue partly cloudy with the mercury dropping a little.

Morning northwesterly winds at 2 miles per hour will become light, variable tonight and southerly tomorrow.

★ ★ ★

Thirty-one was the lowest recording in downtown Pontiac preceding 8 a.m. The reading at 2 p.m. was 58.

HIGH FLIGHT

Oh! I have slipped the surly bonds of earth
And danced the skies on laughter-silver wings.
Sunward I've climbed, and joined the tumbling mirth
Of sun-split clouds and done a hundred things
You have not dreamed of; Wheeled and soared and swung
High in the sunlit silence, hov'ring there,
I've chased the shouting wind along and flung
My eager craft through footless halls of air,
Up, up the long, delirious, burning blue,
I've topped the wind-swept heights with easy grace
Where never lark or even eagle flew—
And, while with silent lifting mind I've trod
The high untrespassed canctity of space.
Put out my hand and touched the face of GOD.

Cavanagh Tax Plan in Picture

Senators Mull Over Bowman Bill

DETROIT (AP)—Members of the State Senate Judiciary Committee returned to Lansing today to mull over the pros and cons of a bill which would prevent Michigan cities from levying income taxes on nonresidents.

The committee, headed by Sen. Carlton H. Morris, R-Kalamazoo, spent yesterday listening to testimony from a parade of witnesses supporting or opposing the bill, sponsored by Rep. John Bowman, D-Roseville.

Although the committee's primary interest was the Bowman Bill, which already has passed the House by a 63-40 margin, most of the testimony concerned the controversial city-county income tax plan already proposed by Detroit's Mayor Jerome P. Cavanagh.

Cavanagh himself was the first witness to testify against the Bowman bill, following testimony from some 21 witnesses, mostly suburban city officials, supporting it.

CAVANAGH TALKS

The Detroit mayor, defending his own plan, asserted that any other plan yet suggested—such as Gov. Swainson's statewide income tax or reinstatement of the 4 percent nuisance tax favored by Republicans, would be "inadequate for our needs."

* * *

Terming the Bowman bill "narrow class legislation," Cavanagh appealed to the committee not to report it out favorably to the Senate floor for a vote.

Cavanagh's stand was backed by two surprise witnesses—Douglas Fraser, a regional director of the United Auto Workers Union, and Al Barbour, president of the Wayne County AFL-CIO.

Fraser recalled that the union has supported the governor's tax program and said if it had been followed, "many of the problems we now face, such as the legislation here being considered would not have arisen and we would not now be involved in a controversy which pits community against community."

Barbour attacked the Bowman bill as making no contribution to the need for a coordinated metropolitan solution to fiscal problems, but in effect "doing just the opposite."

SUPPORT BOWMAN

Supporters of the Bowman legislation led off with a series of statements in effect contending the Cavanagh plan to be "taxation without representation" and presented 34 resolutions by city councils and other bodies declaring opposition to it.

* * *

Morris, ruling the hearing with a firm hand, several times reminded witnesses to confine their testimony to the Bowman bill instead of campaigning against Cavanagh's program.

The Bowman bill proponents were briefly suburban mayors who have organized to fight Cavanagh's tax program, among them the leaders of the vigilance tax committee which claims to represent some 45 Detroit suburban communities in Oakland, Wayne and Macomb counties.

* * *

Its chairman, Mayor George W. Kuhn of Berkley, was the first witness, and Mayor William Hayward of Royal Oak, who doubles as a Republican state representative from Oakland County, followed him as a front-line spokesman for the anti-Cavanagh group.

Sees 8 Million Vehicles Sold

GM Executive Predicts '62 Will Be Second Best Year in History

CHICAGO (AP) — A General Motors executive forecast today that the motorcar industry will sell a near record eight million vehicles in the United States this year.

J. M. Roche, GM vice president, said a seven million passenger car market, including 350,000 to 400,000 imports, is a real possibility and that at least one million trucks also will be sold.

An eight-million vehicle year would be 18 per cent above the 1961 figure and 6 per cent above 1960, the industry's best year since 1955. A total of 7,169,908 new cars and 957,001 trucks were registered in 1955 for a total of 8,126,909 vehicles.

Roche told the National Installment Credit Conference of the American Bankers Association:

"Barring unforseen developments, it seems reasonable to expect that total car and truck unit sales for the first half of the sixties should average in the neighborhood of eight million plus a year, rising to a 9.3-million level between 1965 and 1970."

He said consumer confidence is good and that consumers are in a position to buy what they want and need from a standpoint of savings and credit capability.

Turning to the future, Roche said:

"We know that with a growing population and an expanding economy, more people with more money to spend will buy more cars. The growth potential of our industry is further strengthened by the fact that more and more Americans are relying upon the automobile for individual, rahter than family, transportation."

He said for every car scrapped, a new one is sold to replace it and that this replacement demand is a stabilizing factor in the auto market.

The Day in Birmingham

Bloomfield Authorizes Survey of Library Needs

BIRMINGHAM — A professional survey of library needs in the area was authorized last night by the Bloomfield Township Board.

* * *

The proposed study would be made in cooperation with the Birmingham Baldwin Library Board, which has agreed to the plan and the hiring of a library consultant.

Other surrounding communities also will be contacted to learn if they are interested in participating in the program. These include the cities of Bloomfield Hills and Troy and the village of Franklin.

If, however, the survey isn't accepted by these communities, it is the intention of the township and Birmingham to undertake the survey in its own immediate areas, according to Township Clerk Delores Little.

She said that Franklin has shown interest in the plan but neither Troy nor Bloomfield Hills has commented on the proposed survey.

The survey would be conducted by Frederick Wezman, professor of the University of Minnesota's School of Library Science.

The cost of the survey has not been determined but Wezman is to contact Birmingham and Bloomfield Township in the near future to discuss his fee.

No date has been set for the survey to begin.

Library services in the township and other neighboring Birmingham communities will be critical in two years when the Birmingham Baldwin Library curtails its services to nonresidents on a fee basis.

The Women's Fellowship of the Congregational Church will hold its last in a series of three programs on religion and the arts April 3.

Rev. Mead M. Bailey, minister of education at the church, will discuss "Religion and Drama."

Luncheon will be served at 12:30 p.m. Reservations must be made by contacting the church office before noon on April 2.

The Birmingham Senior Men's Club will hear a talk by one of the Detroit Lions football players at its Friday meeting at the Community House. This will be followed by a film, "Highlights of '61."

Topic for the club's discussion group will be "After High School, What?" with M. D. Laine acting as moderator.

Birmingham Chapter 220, Order of the Eastern Star, will sponsor a rummage sale from 9 a.m. to 3 p.m. April 4 at the Birmingham Masonic Temple, 327 S. Woodward Ave.

Jackie Awaiting Luncheon Date

First Lady Resting as She Chooses Costume in Honor of Queen

From Our News Wires

LONDON — Mrs. Jacqueline Kennedy went through her wardrobe today to select a costume for the big event of her London visit —tomorrow's lunch with Queen Elizabeth at Buckingham Palace.

No one in the First Lady's entourage would guess exactly what she will wear to the palace, but one expert who ought to know suggested it would be a dark suit with subtle accessories.

* * *

He is Oleg Cassini, who designs much of Mrs. Kennedy's wardrobe and who is in London by coincidence, he says, to buy customs-made shoes for himself.

"I don't know whether she will wear one of my creations or not," he said. "But she is completely prepared for any occasion, as she always is. Whatever she wears will be absolutely appropriate. Of this you can be sure."

America's First Lady was frankly tired. She told reporters and photographers, "I promise you not the slightest bit of news in London. Unless, that is, you can shoot pictures through a bedroom window at a girl asleep."

* * *

Mrs. Kennedy slipped into the heavily guarded seclusion of the small town house of her brother-in-law and sister, Prince and Princess Stanislas Radziwill. A detail from Scotland Yard guarded the house outside and American security men were inside.

* * *

Mrs. Kennedy gave no indication during the morning that she had changed her mind about spending all her time — except for the royal luncheon — at the Radziwill home, only a few yards from Buckingham Palace.

The President's wife arrived here last night from a 15-day tour of India and Pakistan that left her so tired that she said she wanted to spend as much time as possible in London just relaxing before resuming her duties as the hostess of the White House.

AP Photofax

ROWS TO MAILBOX—Checking his mailbox is Jack Buckley of Rome, Ill. His home was one of many surrounded by water yesterday as the Illinois River crested in Peoria at 24½ feet. Homes all along the Illinois River suffered thousands of dollars in damage.

Roads Blocked, Farms Inundated

300 Flee Floods in Midwest

By United Press International

Swollen streams blocked highways, chewed into overtaxed levees and forced nearly 300 persons from their homes in Midwest states today.

Thousands of acres of farmland were inundated. Bridges were eroded by fast-flowing floodwater and battered by giant ice cakes, some of them 50 feet in diameter. Scores more homes were threatened and at least one community—Valley, Nev. — was virtually isolated.

An 8-year-old girl was missing and believed drowned in flooding Pebble Creek, near Dodge, Neb.

At Mount Vernon, Ill., a Red Cross disaster preparedness institute was canceled because most of the instructors were absent on flood duty.

THREE RESCUED

At Pilger, Neb., state police forced spectators from a bridge which was being pounded by ice floes from the Elkhorn River yesterday. Three telephone linemen were rescued after the Elkhorn River washed out a county road and carried away their boat. The three clung to a log until help arrived.

Nebraska's Loup River was three miles wide. Flooding also occurred along the state's Platte and Northfork rivers. Residential areas were inundated at Valley, Pierce and West Point, Neb.

Two hundred persons were homeless at West Point, Neb. and National Guardsmen patroled the area to prevent looting.

All roads leading to Valley, Neb., were cut. Churning water ate away a 100-foot segment of U. S. 275 near Beemer, Neb., yesterday. One bridge was carried away at Beemer and another on U.S. 81 was closed because of flood damage at Madison, Neb.

The Northfork River blocked roads and swirled across farms from Pierce to Osmond, Neb. The Loup River inundated hundreds of acres of farms near Fullerton, Neb.

Waters of Lost Creek washed over a park and golf course at Schuyler, Neb., and Elm Creek flooded a park at Platte Center, Neb. A farm family was rescued near Schuyler.

FAMILIES EVACUATED

Fifteen families were evacuated from homes at Springdale, Iowa, and 28 more asked for help in fleeing.

Two families left trailer homes at Marshalltown, Iowa, and Mayor William B. Crosby said he would advise others to leave the trailer court when the Iowa River level reaches 16 feet.

Sixty-one families asked aid in evacuating homes along Sioux City's Floyd River.

* * *

State highways were under water at Marshalltown, Hinton and Bronson, Iowa, but some traffic was still getting through.

Police Seek Car After Vandalism

30 Companies Report Windows Smashed by Pellets; Damage $6,000

Police this afternoon were looking for an old-model blue car whose occupants may be responsible for shooting out expensive plate glass windows at some 30 business places throughout Pontiac, causing damages estimated at $6,000.

The car was seen leaving the area of the Crystal Bar on North Perry Street about 12:30 p.m., just minutes after front windows of the bar were shattered by pellets from a beebee gun.

Apparently the most serious damage was at the Thomas Economy Furniture Store, 361 S. Saginaw St., where windows valued at $800 were found broken today.

All the damage was caused by vandals who shot out the windows with a pellet gun or air rifle, police said. Other damage estimates ranged from $50 to $700. The stores were located in all sections of the city, according to police.

* * *

The switchboard at police headquarters was flooded with calls this morning as store owners phoned in reports of broken windows. The calls started coming in at 2 a.m. and increased as more stores opened about 9 a.m.

Apparently the report of damage was at the Pontiac Retail Store, 65 Mt. Clemens St. Police estimated the loss of nine large windows there at $500.

Yesterday, the auto dealership was victimized by thieves who took 10 tires and wheels and two tachometers valued at a total of $500 from new cars parked in a private lot.

* * *

Police found small holes, apparently caused by a pellet gun or an air rifle, in broken windows when they investigated about 2 a.m.

The Pontiac Police Officers Association will offer a $100 reward to anyone who aids in the apprehension and conviction of the persons responsible for the malicious destruction of business places hit by vandals last night, PPOA president Sgt. Herbert C. Cooley announced today.

Sift N-Initiative Still U.S. Policy

WASHINGTON (AP) — The White House said today that it has been, and still is, U.S. policy to use "all available means" to prevent the overunning of the West through a massive conventional attack on Europe by the Soviet Union.

This word came in reaction to an article in the Saturday Evening Post by Stewart Alsop quoting President Kennedy as saying that "in some circumstances we might have to take the initiative" in a nuclear war with Russia.

THE STATEMENT

White House press secretary Pierre Salinger did not verify this or other remarks attributed to Kennedy. But he was ready for a question about the article and read this brief statement to newsmen:

"The quotation given in the Alsop article must be read in total context. The President's statement represents no change in American policy.

* * *

"It has always been clear that in such a context as a massive conventional attack on Europe by the Soviet Union, which would put Europe in danger of being over-run, the West would have to prevent such an event by all available means. This has been United States policy since the late 1940's, and it represents no change.

"The real change, as Mr. Alsop points out elsewhere in the article, is in the strengthening of our defensive alternatives to nuclear warfare."

Salinger told a questioner that he had not checked to see whether Alsop quoted the Chief Executive correctly. He said Alsop interviewed Kennedy five or six weeks ago.

Alsop cited a "clear attack on Western Europe" as an example of a situation in which he said Kennedy feels this country must be prepared to use nuclear weapons regardless of the consequences.

He said also that "the President's clear determination to risk nuclear war rather than tamely surrender Berlin has saved Berlin so far."

Taylor Arrives in West Berlin

No Incident Reported in Corridor Commies Had 'Reserved'

BERLIN (AP)—Gen. Maxwell D. Taylor, President Kennedy's military adviser, flew into Berlin today through an air corridor where the Soviet Union had scheduled harassing military flights.

* * *

There were no reports of any incident, and it was not disclosed whether Taylor had spotted any Soviet aircraft.

Taylor and his wife flew from Frankfurt across 195 miles of Communist East German territory. They used the south corridor at a time when the Russians informed the Berlin Air Safety Center they would be making military flights in that corridor.

Gen. Taylor, on a fact-finding trip for the President, is to leave West Berlin for London again Wednesday. He was sent to see Gen. Lucius D. Clay, President Kennedy's envoy to the city; Maj. Albert. Watson II, the U. S. commandant, and Mayor Willy Brandt.

For more than two weeks now, the Soviets have been regularly scheduling flights in the air corridors through the air safety center. Western officials say the Soviets are trying to harass Western traffic since they do not use the corridors as the corridors were meant to be used — for flights between West Berlin and West Germany.

Soviet planes fly into a corridor at one point in East Germany, travel along nearly the whole of its length and then fly out again.

* * *

Since the corridors are only 20 miles wide and the Soviets have all the rest of East German air space at their disposal, Western officials feel the Russian pilots should do their flying somewhere else.

Algerians Halt Business Activity

(Continued From Page One)

Bab el Oued remained sealed off by some 20,000 troops with armored vehicles and heavy weapons.

* * *

Bab el Oued's 50,000 fanatically pro-French inhabitants were virtually imprisoned in their homes under a total curfew imposed after 15 French soldiers were killed in the district on Friday.

It was to give "moral support" to the people of Bab el Oued that the Secret Army had called on the population of Algiers to join a mass protest march. The underground organization told the demonstrators to leave their weapons at home and keep the march peaceful.

One account said the crowd forced its way through one military barrier when security police fired into the air to halt the procession.

Infantrymen behind the marchers may have thought they were fired on, and they did suffer some casualties from bullets apparently fired from nearby apartment balconies. The troops, according to this account, opened up with their weapons to disperse the hostile crowd.

NATIONAL WEATHER—Rain is forecast tonight for Washington and Oregon with rain mixed with snow expected in Montana and Idaho. Snow showers are forecast for northern New England and northern New York. It will be colder in the Gulf Coast region; warmer in the Ohio, Tennessee and Mississippi valleys.

Soviets Threaten to Resume N-Tests

(Continued From Page One)

mass destruction from outer space.

Soviet Premier Khrushchev has claimed that Russian scientists have created a global rocket invulnerable to antimissile defenses that can evade American radar detection installations by attacking from any direction.

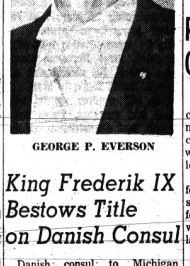

* * *

Both the United States and the Soviet Union in their proposed disarmament plans included provisions reserving outer space for peaceful purposes.

Under Green's declaration the orbiting or stationing in outer space of devices for delivering weapons of mass destruction would be prohibited.

A nation would also be obliged to give advance notice to the United Nations of the launching of space vehicles and missiles.

British Foreign Secretary Lord Home gave strong support to the Canadian proposal. He then left for home, but said he would come back any time his presence is needed.

GEORGE P. EVERSON

King Frederik IX Bestows Title on Danish Consul

Danish consul to Michigan, George P. Everson, has been given the Order of Knighthood of Dannebrog First Class by King Frederik the IX of Denmark.

Everson of 4631 Charing Cross Road, Bloomfield Township, received the title for his many years of service to the Scandinavian country.

He has represented Denmark in the state since 1939.

* * *

During the occupation years of World War II he was actively engaged in working for Denmark and was rewarded with the King Christian X Liberation Medal.

* * *

King Frederik bestowed on Everson the Order of Knighthood of Dannebrog in 1950 for his work as vice consul and in 1957 he was promoted to consul.

Reshuffle Decision Called Monumental

(Continued From Page One)

could be expected to protect as much as possible the interests of congressmen more concerned with agricultural than city problems.

Charles S. Rhyne, an attorney for the urban Tennessee voters, said the court's decision will affect every state and "could pretty well shift control of state legislatures to urban areas."

* * *

The extent to which the city vs. country controversy has progressed is demonstrated by the fact that in many other states suits are pending similar to that instituted in Tennessee.

The possible impact of the federal courts' action in the field was illustrated by Gov. John Patterson's announcement he may call a special session of the Alabama Legislature for a reapportionment of its voter representation on a population basis.

Sen. Herman E. Talmadge, D-Ga., denounced the ruling directing federal courts to hear legislative apportionment cases as being in "direct violation of the constitutional doctrine of separation of the powers upon which our republican form of government is based."

The report could not be confirmed here.

U.S. N-Stocks to Be Doubled in Next 3 Years

WASHINGTON (AP) — High U.S. sources reported today that by 1965 the United States will more than double its stock of nuclear warheads.

* * *

This prospective growth in U.S. atomic power was related in support of an assertion that America could survive a surprise nuclear strike and still demolish its attacker.

Some 800 newspaper, magazine and radio-TV newsmen heard the account during the second day of a two-day foreign policy briefing session by the State Department.

JUST BEFORE VIOLENCE — French troops (foreground) stand firm against a mass of European settlers carrying the Tricolor as the settlers march on the center of Algiers yesterday in answer to a call by the Secret Army. Minutes later this scene at the General Post Office and adjacent streets turned into bloody violence. Some sources place the result at 41 dead and 130 wounded by the time the shooting had stopped.

Quake Shakes Niagara

NIAGARA FALLS, N.Y. (AP) — A 10-second blast, apparently an earth tremor, shook Niagara Falls today and was heard and felt in other sections of Niagara County and in nearby Canadian communities.

Named to State Post

LANSING (AP)—Gov. Swainson has announced the appointment of James Quello of Grosse Pointe Park to the Michigan Veterans Trust Fund Board of Trustees for a term expiring Feb. 25, 1965.

Con-Con Officers Reject 7-Month Recess

LANSING (AP) — A suggestion that the constitutional convention recess next month until after the November elections has received a "thumbs-down" response from top convention officers.

The proposal was made informally last Friday by John A. Hannah, R-East Lansing. It proposed an expanded daily working schedule until April 15th and then a recess until November to take the convention out of the political campaign.

But the idea was described as unfeasible by President Stephen Nisbet, R-Fremont, in a meeting yesterday with Vice Presidents Tom Downs, D-Detroit, Edward Hutchinson, R-Fennville, and George Romney, R-Bloomfield Hills.

Nisbet pointed out that under the proposal the convention would have to give up its quarters in Lansing's Civic Center and would lose its research and secretarial staff for a seven-month period.

★ ★ ★

"Actually, I think part of the staff is going to have to continue for a couple of months after adjournment anyway," said Nisbet, "and I just don't see how we could let them go for seven months and then try to rehire them."

Downs said he saw some merit in the Hannah suggestion, but he also agreed that the obstacles were formidable.

Hannah said he did not plan to submit a formal resolution but preferred to have the convention officers discuss the proposal to determine whether its advantages outweigh its disadvantages.

Under the proposal, the convention's committee on style and drafting would be directed to draw up a draft of the constitution based on proposals already approved by the delegates.

"I can see a plus value in letting the people look at the document," said Downs.

Hutchinson was opposed to the whole idea, however.

"It's just not feasible," he said, adding:

"It would consume too much time and money. It's uneconomical to quit with a half-finished job and come back later. If the election is to have any effect at all it would be to change some positions. This means we'd have to patch, alter and change things if we come back after the election."

Romney, probable Republican nominee for governor, sat in on the discussion but did not comment. He had announced earlier that he did not believe it appropriate for him to express his views in the matter.

★ ★ ★

Nisbet said the officers would prepare a joint statement expressing their feelings and present it to the convention Wednesday. He pointed out that any delegate could submit the proposal in the form of a resolution, however.

In four hours of debate yesterday, delegates tentatively approved one more paragraph of the executive branch article, pertaining to the advise and consent powers of the senate.

★ ★ ★

The convention defeated, 65-61, amendment which would have transferred the function from the Senate to the House.

Under "advise and consent," most appointments made by the governor must be approved by the Senate, thus giving that body a veto power.

Grant Aids U. of M. With Lake Research

ANN ARBOR (AP) — A $233,400 shot in the arm will aid the work of the University of Michigan's Great Lakes Research Division this year.

The money was given to the university by the National Science Foundation to refit a 114-foot ship for major research efforts and build a 50-foot craft for supplementary or smaller scale operations.

Dr. David C. Chandler, director of the research division said both are expected to be ready for service this summer.

The larger ship has been named Inland Seas. It formerly sailed regularly from Houghton to Isle Royale for the National Park Service under the name of Ranger II. The other ship is unnamed.

★ ★ ★

The U. of M. bought the wooden-hulled larger vessel to provide more adequate means for extensive investigation of the lakes. The university had previously used its 34-foot boat, the Naiad, or leased vessels for such research.

The Inland Seas will sleep 20 persons. This will enable scientists to remain at the site of their research for as long a time as necessary.

INTEGRATED INVESTIGATION

Dr. Chandler reports that the larger ship will allow integrated investigation among several scientific disciplines. Such a study might include projects by physicists, chemists, zoologists and botanists in a single area on a lake to determine how these factors interact to affect water quality and water life.

The smaller, steel-hulled vessel will be especially designed and built for research, and will be suited to open water projects involving few scientists. She will also be used for inshore operations, such as studies of currents, sediment, geology or water intake.

The U. of M. Great Lakes program has grown from a $3,500 effort in 1947-48 to nearly $600,000 for the current academic year. This effort is expected to double next year, Dr. Chandler said.

Division members point out that "astonishingly little" is known about the Great Lakes. Among studies scheduled this summer will be major research on water quality and currents in Lake Michigan. Other work will include biological and geological investigations, also primarily on Lake Michigan.

★ ★ ★

Research programs of the division are sponsored by several agencies including, besides NSF, the national institute of health and the atomic energy commission.

N. African Grouping to Include Algeria

CAIRO (AP) — The economic ministers of the Casablanca nations met Monday to consider a form of economic grouping that would include Algeria.

★ ★ ★

In their second annual session, delegates from the United Arab Republic, Ghana, Guinea, Mali, Morocco and the Algerian rebel provisional government all declared in opening statements their approval in principle of some form of African economic unity.

The so-called Casablanca nations got their name from the city where they first met in conference in January 1961.

Toy Rocket Blasts Off With Boy's Baby Teeth

NORFOLK, Va. (AP)—Ronald Hackney, 12, has hit upon a space-age way of pulling baby teeth.

He tied one end of a string to a toy plastic rocket, the other end to the useless tooth, pumped the water-filled booster engine about 20 times to build compression, pulled the trigger, and the tooth was in orbit.

Oakland Would Get Portion of JFK's Works Projects

By DICK HANSON

Should President Kennedy's request for $600 million to promote public works projects in heavy unemployment areas be approved by Congress, Oakland County is expected to get a portion of the money.

Just what share the county would receive in either federal loans or grants remains undetermined.

U.S. Rep. William S. Broomfield, R-Oakland County, spoke out against the program yesterday in the House, while Sen. Philip A. Hart, D - Oakland County, has urged President Kennedy to make the request since last June.

Purpose of the program is to initiate and speed up public works projects through federal loans and grants, thus providing new jobs in areas of heavy unemployment.

BLASTS PLAN

Broomfield called the President's plan "a half-billion dollars worth of boondoggles" which "isn't going to solve a thing."

"What happens to these workers when the federal government decides to stop this glorified WPA?" Broomfield asked. "These workers will once again be without jobs, without skills and without any hope for the future.

"Further, anyone connected with public works north of the Mason-Dixon line knows that construction work is at best a six-to-eight month program. You can't build new roads in the snow. . . . Will these people have to go on relief during the winter months?"

★ ★ ★

Broomfield termed the President's program to retrain unemployed persons for existing jobs as a more realistic approach to the unemployment problem.

He also urged dropping the 10 per cent federal excise tax on new automobiles, contending that this would greatly ease the economic problem in Michigan, and afford part of a more permanent solution to unemployment here.

Sen. Hart said the public works program, in addition to creating jobs, would put into effect projects long planned in various communities.

HANDLED BY ARA

If Congress approves the President's program, the money would be administered through the federal Area Redevelopment Administration. And, individual requests for aid from here and elsewhere would have to be approved upon submission to the ARA.

The ARA already has approved broad economic plans for the local metropolitan area totaling $1.2 billion. Oakland County's share of this would be $106.7 million. None of the money has been made available yet.

Broad application of the program in the immediate six-county area would create an estimated 300.77 million labor man hours.

Any funds advanced to Oakland County would speed up public works projects planned for the future, County DPW Director R. J. Alexander has said.

Among such projects, he said, are the Clinton River sewage disposal system to serve Northeastern Oakland County, sewage disposal and water systems in Farmington Township and Troy, and extensions of the system at Michigan State University Oakland as part of the Clinton River project.

Oakland County plans are not soley concerned with solving immediate problems, but represent long-range aims according to projected growth in the county, Alexander said.

Application for ARA funds for each project would have to be made separately. Without such funds the county is limited in the amount of money it can spend because it must remain within a debt limitation set at 10 per cent of the county's evaluation.

The county's present limit is $63 million which it is fast approching.

Happy to Exchange Data

Glenn Would Meet Reds

HOUSTON, Tex. (UPI)—Astronaut John Glenn said today that he would be happy to exchange information with Russia's two astronauts if it could be arranged.

★ ★ ★

He added, however, that he is not campaigning for any such exchange.

Glenn was the first American to orbit the earth.

"Our space flight was open," Glenn said. "We had nothing to hide and we conducted the space flights with all the world watching us."

Lt. Col. Glenn and two other astronauts, Capt. Virgil (Gus) Grissom and Maj. Donald (Deke) Slayton, held a news conference today.

★ ★ ★

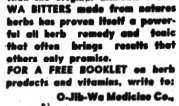

They arrived in Houston last night to talk to Apollo and Gemini Project engineers at the National Aeronautical Space Administration's (NASA) moon-shot laboratory.

Court Martial Convicts Soldier

Reservist Sentenced for Remarks About Rule Against Demonstrations

FORT POLK, La. (UPI) — A court martial, in 27 minutes deliberation, today found a soldier guilty of two violations of military law for describing as "hilarious" his commanding general's order against "we want out" demonstrations.

★ ★ ★

The soldier, Pfc. Bernis Owen, 23, of Seadrift, Tex., was found guilty specifically of conduct prejudicial to good order and discipline and bringing discredit on the armed forces.

The court, after a second deliberation that lasted 15 minutes, sentenced Owen to imprisonment at hard labor for six months and ordered him to forfeit $50 a month in pay while he is in the stockade. He makes $124 a month as a Pfc.

His mother and father, Mr. and Mrs. Paul Owen of Seadrift, put their arms around each other when the sentence was pronounced. They were visibly shaken. The father is an oilfield worker.

★ ★ ★

The son, a reservist, left the University of Texas when he was called to active duty last fall.

Ford Officials Lose $634,380 in Pay, Bonuses

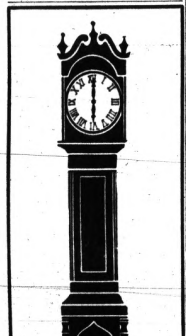

DETROIT (UPI) — Salaries and bonuses of Ford Motor Co. officers and directors were $634,380 less last year than in 1960, it was disclosed yesterday.

★ ★ ★

Salaries as a whole were increased $32,620 but bonuses were chopped $667,000. The figures were contained in the preliminary prospectus issued in connection with the proposed sale of additional Ford stock by the Ford Foundation.

★ ★ ★

John Dykstra, named president during the year, was the biggest gainer financially. His salary was increased from $135,000 to $165,000 and his bonus rose from $240,000 to $260,000.

Executive Board

WILLIAM J. FISHER

Traffic Club Elects Officers, Board Members

A White Owl Express Co. official, William J. Fisher, 4823 Ross Drive, Waterford Township, is the new president of the Pontiac Traffic Club.

Other newly elected officers for 1962-63 include vice president, William M. Kirkland, 1266 Peveril St., Bloomfield Township; secretary, Gus J. Couretas, 606 Third Ave., and treasurer, Donald Baum, 3078 Eastwood St., Auburn Heights.

Executive board members are Victor G. Sebastian, 32240 Marblehead Drive, Farmington, and Clair Newkirk, 4480 Sedum Glen St., Waterford Township.

Fisher succeeds outgoing president S. J. Moore of the Pontiac Motor Division.

Fears Breakup of Laos' Army

U. S. Afraid of Commie Takeover if Military Chief Rejects Coalition

WASHINGTON (UPI) — U.S. military officials are concerned that Laos' American trained army may disintegrate if Gen. Phoumi Novasan, pro-Western strong man, refuses to join in a coalition government and pulls out.

Should this happen, authorities said today, there would be nothing to prevent pro-Communist Pathet Lao forces from overrunning the remaining areas of Laos now held by Phoumi's army which totals about 50,000 men.

This in turn would bring new pressure to bear on hard-pressed South Viet Nam, bordering Laos on the east, and on Thailand to the west.

So far, the United States has been unable to prod Phoumi and Premier Boun Oum into agreeing to a coalition cabinet of rightists, leftists and neutralists under avowedly neutralist Prince Souvanna Phouma.

The royal Laotian government contends such a coalition would lead to a Red takeover. Souvanna Phouma says it would not.

During the past year, since the Pathet Lao launched a major offensive and bobbled up much of Laos, U.S. military advisers have worked to improve the fighting qualities and capabilities of Phoumi's loyal Lao army.

There has been some fighting in recent months, but American officials consider it minor. They say it has amounted to jockeying for position while the political maneuvering goes on.

Pontiac, Nearby Area Deaths

MRS. JOSEPH ARNOLD

Service for Mrs. Joseph (Theresa) Arnold, 84, of 651 Kenilworth St. will be at 7:30 tonight at Sparks-Griffin Chapel. Her body will be taken to Harrisburg, Ill., for service and burial on Thursday.

Mrs. Arnold died at her residence yesterday morning.

MRS. VELMA L. BEAN

Service for Mrs. Velma L. Bean, 85, of 2315 Watkins Lake Road, Waterford Township, will be 1 p.m. Wednesday at the Kammeraad Funeral Home in Grand Haven. Burial will be in Greenwood Cemetery, Grand Rapids.

Mrs. Bean died Saturday in Pontiac General Hospital.

Survivors include two daughters, Mrs. James Wiessner of Waterford Township and Mrs. Jay Bolthouse of Ferrysburg; a grandson; and two great-grandchildren.

ABRAHAM ROSEN

Service for Abraham Rosen, 60, of 31 Mark St. will be 2:30 p. m. today at the Ira Kaufman Chapel, 18325 W. Nine Mile Road, Southfield, with burial at Oakview Cemetery, Royal Oak.

Mr. Rosen died Sunday at Pontiac General Hospital following a brief illness.

A retail clothing salesman, Mr. Rosen was a member of Temple Beth Jacob.

Survivors include his wife Clara, a son Nathan and a daughter, Mrs. Rita Wright, both of Silver Springs, Md., four brothers and two sisters.

BUCK WOOD

Service for Buck Wood, 58, of 437 N. Saginaw St. will be at 1:30 p.m. Wednesday at Sparks - Griffin Chapel with burial following in Perry Mount Park Cemetery.

Mr. Wood died Sunday at Pontiac General Hospital. He had been ill several weeks.

MRS. FRED W. YOUNG

Service for Mrs. Fred W. (Anna B.) Young, 55, of 56 N. Anderson St. will be 1 p.m. Thursday at Voorhees - Siple Funeral Home. Graveside service will be at the Attica Cemetery near Imlay City. She died yesterday at St. Joseph Mercy Hospital after a long illness.

Mrs. Young was an employe of Sears - Roebuck & Co.

Surviving are four daughters, Mrs. Hollie Kalbfleisch of Dryden, Mrs. Lawrence Walker of Lum, Mrs. James Toles of Lake Orion, and Mrs. Herbert Allen of Pontiac; four sons, William of Phoenix, Ariz., Robert of Almont, Russell and Lyle, both of Pontiac; 31 grandchildren; two sisters and four brothers.

MRS. DELIA CLARK

IMLAY CITY — Service for Mrs. Delia Clark, 86, of 270 W. Fifth St., will be 10 a.m. tomorrow at Sacred Heart Catholic Church, with burial to follow at Mount Calvary Cemetery.

Mrs. Clark died Sunday of a heart ailment after a long illness.

She was a member of the Sacred Heart Catholic Church Altar Society.

Surviving are a brother, George Bader of Imlay City, and several nieces and nephews.

Rosary will be said at 8:15 p.m. today at Muir Brothers Funeral Home.

JOSEPH P. FORBES

COLUMBIAVILLE — Service for Joseph P. Forbes, 70, of 467 Indian Trail, will be 1:30 p. m. Thursday at Baird Funeral Home, Lapeer, with burial to follow at Mount Hope Cemetery, Lapeer.

Mr. Forbes died Monday at Veteran's Hospital, Dearborn, after a long illness.

He was a member of Masonic Lodge No. 563 F&AM, Wayne County, and a past vice president of the Pengree Chapter No. 375, Order of Eastern Star, Wayne County.

Surviving are his wife Maisia and a sister.

BENJAMIN F. MARSHALL

HIGHLAND TOWNSIP — Service for Benjamin F. Marshall, 67, 355 Allen Drive, will be 3 p.m. Thursday at Richardson-Bird Funeral Home, Milford, with burial to follow at West Highland Cemetery.

Mr. Marshall died of a heart attack early today at his home.

He was a member of the Veterans of Foreign Wars Post No. 9914, White Lake.

Surviving are two sisters, a niece and a nephew.

MACHINE NO. 2 BERNICE PUBLIC SALE

At 9:00 a.m. on April 6, 1962, a 1960 Chevrolet Sport Coupe, serial number 01837F 278106, will be sold at public sale at 22500 Woodward Avenue, Ferndale, Michigan, that address being where the vehicle is stored and may be inspected. March 27 and 28, 1962

PUBLIC SALE

At 9:00 a.m. on April 6, 1962, a 1960 Rambler Station Wagon, serial number C187186, will be sold at public sale at 22500 Woodward Avenue, Ferndale, Michigan, that address being where the vehicle is stored and may be inspected. March 27 and 28, 1962

Pain-in-Neck Collar Passes Into History

NEW YORK (AP)—It might have been expected, what with the decline of the mustache and the watch chain, that the separate shirt collar also would go.

★

"For all practical purposes the separate collar is no longer a part of the American scene," said Phillips-Van Heusen Corp. today in announcing it was dropping the line after 60 years.

Cluett - Peabody & Co., another large manufacturer, declined comment on its competitor's announcement.

Phillips-Van Heusen was certain of its course.

"For several years," said a spokesman, "the company has been making separate shirt collars strictly as a service to the few who still wear them."

ERA BURIED

The company said it was saddened over what it believed to be the passing of an era in the men's wear field, but "demand has diminished to the point where the cost of continuing this service is prohibitive."

The collar was worn widely during the turn of the century, but it was in the dashing Twenties that it reached a peak of popularity.

In its more proper styles it made thin men look very refined but fat men rather confined. It wasn't as comfortable as it was neat, but it always was very distinguished.

Phillips-Van Heusen says the separate collar has, in recent years, been almost wholly supplanted by the collar-attached shirt. In 1924 it sold 24 million a year, in 1961 just 18,000.

Predicts Tax Bill Will Pass House as It's Written

WASHINGTON (AP) — Speaker John W. McCormack of Massachusetts said today he thinks the House will pass the tax bill pretty much as it was framed by the Ways and Means Committee.

He made his prediction to newsmen after the weekly White House breakfast of Democratic congressional leaders with President Kennedy.

There probably will be some close votes, McCormack said, but he added that there has been increasing support for the tax bill in recent days.

A principal feature of the measure is a modified tax credit for businessmen investing in new production equipment, offset in part by such measures as a withholding tax on dividends and interest.

Kellogg Co. Announces Big Expansion Program

BATTLE CREEK (UPI) — Kellogg Co. has announced a $29 million expansion program for 1962 designed to support what firm President Lyle C. Roll terms "our climbing sales around the world."

Roll made the announcement of the program yesterday at the company's annual stockholders meeting here. He also announced that the firm set new records in sales and profits in 1961.

Cost of Living Hits New High

Food in February Is Reason for Fractional Cent Increase

WASHINGTON (AP) — Higher prices for food pushed living costs up three-tenths of one per cent in February to a new record.

It was the first increase in the government's living costs index in six months and the largest increase since last July.

In announcing it today, Robert Myers, deputy commission of labor statistics, said however that the increase did not appear to signify a new price uptrend. He forecast continued stability but said March living costs probably also will show some increase.

The February increase put the consumers price index at 104.8 per cent of the 1957-59 base period. This was nine-tenths of one per cent higher than a year earlier.

Food prices rose during the month by six-tenths of one per cent, and were the most important cause for the over-all increase. Food prices had been expected to go down instead of up, but Myers said they were influenced by winter storms in southern states, particularly in Florida and Texas.

AF Escapee Steals Plane, Crashes, Dies

HEREFORD, Tex. (UPI) — Airman 3. C. Gary G. Ferguson, an escaped prisoner from the stockade at Little Rock, Ark., Air Force Base, stole a plane today and was killed when it crashed minutes after takeoff.

The plane apparently had only a small amount of fuel in it, and ran out of gas about six miles from the airport.

The crash started a grass fire that burned 320 acres of ranchland, and was seen for more than 20 miles.

Ferguson, 19, was a son of Mrs. Ernest (Mamie) Jarrell of Chino, Calif.

Psychiatric Patient Jumps and Is Killed

DALLAS (UPI) — A prominent dentist's wife, under psychiatric treatment on the sixth floor of a hospital, tried three times today to crawl out on a ledge.

She succeeded on the third attempt and fell to her death from the ledge while swinging at a psychiatrist.

Mrs. Florence Reed McLaughlin Dillon, 41, the psychiatric patient, fell four floors to the roof of a two-story wing under the ledge. She died about three hours after she fell.

Suspect 2 Boys of 13 Break-Ins

Waterford Twp. Youths Released to Parents Pending Hearing

Two 14-year-old Waterford Township youths, apprehended on 13 breaking-and-entering charges, have been released to their parents pending a hearing in juvenile court.

Ten of the burglaries occurred in Waterford Township since last September, and the three others from March 12 to 17 when the youths were away from home. They are suspected of breaking into two homes in Bellview near Lansing and another in Indiana.

Bellview State Police found a wallet containing a picture of an Oakland County Sheriff's Department deputy while they were investigating a break-in. A wallet belonging to the deputy's son had been reported lost and was linked to the missing youths.

State police notified sheriff's department Captain Leo Hazen of their findings, and Waterford Township Detective Arthur Holmes apprehended the youths.

One admitted at least eight break-ins in the Waterford area with the other youth as an accomplice.

Appliances, clothing, furniture and other items were damaged to the extent of $1,500 in the break-ins. Less than $100 was reported stolen.

Attorney Will Appeal Navarro's Conviction

LOS ANGELES (UPI) — Ramon Navarro's attorney said he plans to appeal the silent film star's conviction of misdemeanor drunken driving.

Navarro, 63, was arrested Feb. 2 when he was involved in a minor traffic accident.

A Van Nuys municipal judge found Navarro guilty Monday.

Professor Succumbs

CENTRAL ISLIP, N. Y. (AP)—Frederic M. Thrasher, 70, an early authority on juvenile delinquency, died Saturday. He was a professor emeritus of education at New York University where he taught from 1927 to 1959. He also was a professor at Illinois Wesleyan University.

FROST HONORED — Poet Robert Frost looks at the rarely awarded Congressional Medal after it was presented to him on his 88th birthday yesterday by President Kennedy at a White House ceremony. The award was for his contribution to American letters. Frost remarked: "This is a great, great, great thing." In the picture (from left) are Sen. Leverett Saltonstall, R-Mass.; Interior Secretary Stewart Udall; and Sen. A. Willis Robertson, D-Va.

Scholle Elated Over Decision

Apportionment Ruling Studied Here

LANSING (AP)—State officials and constitutional convention delegates sought today to determine the potential impact in Michigan of a U.S. Supreme Court decision on apportionment of state legislatures.

The high court, in a 6-2 decision yesterday, ruled that lower federal courts may determine whether city voters are unconstitutionally discriminated against in the apportionment of legislative seats.

It was an historic reversal of previous decisions that held such disputes were essentially political and not open to judicial determination.

Many officials here withheld comment on the decision until they have a chance to study the decision.

John A. Hannah, chairman of the constitutional convention committee on legislative organization, said his group would meet on the question after it receives texts of the ruling.

LITTLE EFFECT HERE

Hannah, president of Michigan State University, said it appeared to him that the decision will not have much effect in Michigan.

Attorneys, he said, had advised him that it chiefly involved states which had failed or refused to act to comply with edicts of state constitutions to reapportion the legislature.

Through constitutional amendment, Michigan voters in 1952 approved the present boundaries of the House along population lines every ten years.

The constitutional convention also is considering the reapportionment question.

Highly enthused by the federal court decision was August Scholle, Michigan AFL-CIO president, who saw it as a step forward in his court battle to force reapportionment of the state Senate.

"I'm absolutely elated," he said.

Scholle was rebuffed by the State Supreme Court, which ruled that it had no authority to decide the question.

The union chieftain, contending the wide disparity of population in Senate districts violated the equal protection of the laws guarantee of the U.S. Constitution, appealed to the U.S. Supreme Court. It has yet to rule on the appeal.

★ ★ ★

Democrats are outnumbered 22-12 in the Senate.

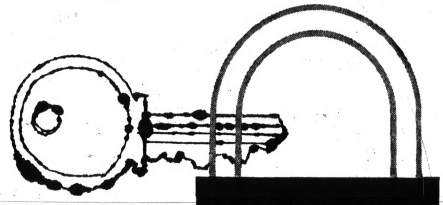

Gov. Swainson called the decision "a landmark case."

"The court decided that legislative apportionment is more than an internal problem of the states," he said.

ASTHMA & BRONCHITIS

Thousands of men, women and children are now finding a simple, easy way to combat difficult breathing, coughing, rattling and wheeziness due to recurring attacks of Bronchial Asthma and Bronchitis. This is by taking NEW Improved, quick-acting MENDACO. Acts fast to combat allergy, relax bronchial tubes and help remove thick, congestive mucus. This usually eases breathing fast, allays coughing; thus promotes sounder sleep. Get MENDACO at druggists. Cheer up and feel better fast.

don't be misled by "terminologies" . . . consider the "actualities" and

PROTECT YOUR SAVINGS!

The United States District Court in Washington, D.C. has ruled that in considering the true differences between a deposit in a Bank and an account in a Savings and Loan Association:

"The Court must look to *actualities* rather than terminologies in this situation. The legal distinctions between the status of a depositor in a Bank and a depositor in a federal Savings and Loan are well defined."**

READ WHAT THE COURT SAID:

"By placing funds in a savings account, the depositor contributes capital to the Savings and Loan Association. In exchange, he acquires a share interest in the capital of the association equivalent to the withdrawal value of his interest. The legal relationship resulting from the creation of this interest is not, however, that of debtor and creditor. At all times, the depositor's sole claim against the association is as a shareholder having a claim in the withdrawal value of his interest at the time of his withdrawal. It is obvious, then, that this relationship is legally distinct from that existing between a Bank and its depositor in which the latter is to the amount of his deposit a creditor of the former. The distinction between the status of the Savings and Loan Association depositor and the Bank savings account depositor in the event of the insolvency of an institution is obvious."

ONLY A **BANK** GIVES YOUR SAVINGS **COMPLETE** LEGAL PROTECTION

***United States District Court for the District of Columbia, Civil Action No. 1647-58, decided October 27, 1960.*

A Savings Account in a Savings and Loan Association is not the Same as a Savings Account in a Bank

Careless Flight Engineer Deserves Stiffer Penalty

When 74 Army recruits died in the crash of a charter airplane last Nov. 2, the usual investigation was initiated.

Poor safety practices were uncovered immediately and Federal Aviation Agency action against the surviving flight engineer and pilot was begun.

Flight Engineer William F. Poythress, 30, of Miami, was charged with 11 major violations of safety regulations. As a result of the hearing, his certification has been canceled.

We feel that this penalty, although apparently all the FAA can do, is not enough. Manslaughter or negligent homicide charges would be more appropriate. He knowingly circumvented safety regulations and allowed an unsafe plane to take off.

★ ★ ★

The pilot also faces FAA charges in the accident. Whether officials of the firm are in line for legal action is not clear at this time.

Allowing any airplane to be placed in service when it is unsafe is just as bad as putting a bomb aboard a plane. We feel the public deserves the protection of more stringent laws regarding the safety of travelers if these laws are not on the books now.

Most Political Smears Not Endorsed by Party

There is no cheer in the Fair Campaign Practices Committee's report that 1960 saw a sharp increase in smear campaigning. Yet, it is encouraging to note that most smears originated independently of the candidates and the responsible leadership of their party organizations.

★ ★ ★

The appeals to racial and religious prejudice, the personal innuendoes, the unjustified hints of "softness toward communism" are all bad enough in themselves. They could be worse if they had party or candidate sanction.

★ ★ ★

The committee notes, however, that party candidates performance on this score was not as impressive in 1960 as in 1958. Obviously this report leaves the politicians no ground for complacent shrugs.

The year 1962 is hardly under way and the smears have already started.

What's the old saying, "All is fair in love and politics"?

Antarctica Power Plant Is Big Step Forward

A vast new life may be opening up as a result of the Atomic Energy Commission's new nuclear power plant in Antarctica. Possibly it will open the way for people to work and produce in some of the forever frozen areas of the earth.

★ ★ ★

The natural resources from some of these regions have been unattainable simply because it was next to impossible to live in the areas.

For years our scientists have felt that vast stores of minerals were under the ice shield in Antarctica. But to date, men have lived in Antarctica only on an emergency basis.

★ ★ ★

Because of the discomforts and dangers, men have not been able to remain in these frozen areas for any length of time.

In the past, they have depended on fuel oil from the National Science Foundation base at McMurdo Sound. The problem of getting the oil by ship, and also unloading it in extreme cold, will now be licked with this new nuclear power plant.

★ ★ ★

The new atomic power plant at McMurdo Sound will need fuel oil only once in two years, yet it will provide a steady output of electric power.

A few more nuclear plants like the one at McMurdo Sound and it will be possible to provide for whole communities. If this is accomplished we can expect soon to harvest whatever resources exist in this vast frozen region.

The Man About Town

Oddities in News

Items That Surely Are Quite Out of Ordinary

By JOE HAAS

At least one pair of robins still seek another location in winter, according to

Mrs. Bess McGillam

of Cass Lake, who has been keeping a close tab on them. For several years they've been doing their nesting near her home. They disappear each autumn, only to return in the spring and again go through their home building, and the task of raising a family. They were back earlier than usual this spring. Mrs. McGillam knows it is the same pair, as one of them has only one leg. It is shown every courtesy and kindness by its mate.

Fox: A chicken that gets a mink from a wolf.

Latest to discover that unfailing evidence of spring is

Jay Wilson

of 73 East Huron St., who saw a large flock of geese flying north.

First Pontiac entry in our baseball contest comes from

Jerry Cook

of 741 Hillcliff St., and the first from out of town from the

Elmer Jewell

family of Drayton Plains, with Detroit's

Norman Cash

as the favorite in each case.

"Most of us thought it was a bad winter," soliloquizes

Pierce Fleetman,

who lives near Mt. Holly, "But our winter resorts are not complaining."

Thanks for the many expressions to the effect that this column's keeping everlasting at it gave the Pontiac area a good record on ice-skating fatalities during the past winter.

Owner of a parcel of land in the proposed big airport, just north of Pontiac,

Mrs. Georgiana Felch

tells of a quick retort by a neighbor who got mad because some of the promoters said that most of the area is unfit for farming, and said, "It grows hot potatoes."

From the poultry yard of

Arthur Hillman

at Holly comes news of a chicken that lays flat eggs. She already has delivered a large number. They're about the same size as the average egg, but the shell is quite flat.

"That page on Oakland County's high school sports in Thursday's Pontiac Press was the best thing of its kind that I ever saw in a newspaper," phones

Herbert Houseman,

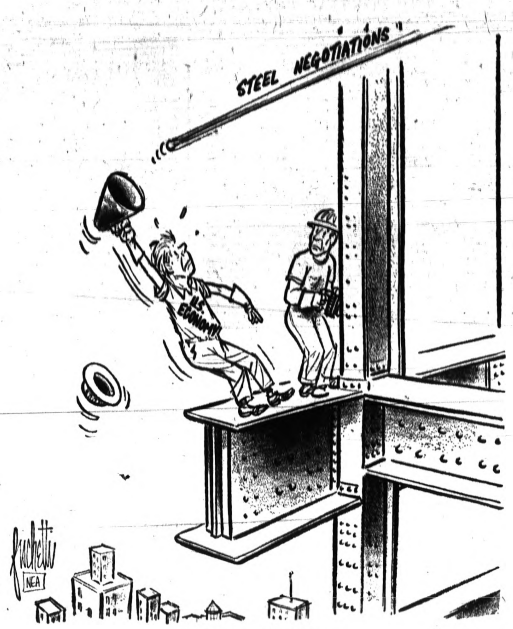

that ever alert Birmingham observer, who says that he reads four daily newspapers.

That first spring growth, skunk's cabbage, is already appearing on Oakland County lowlands. If you wonder why it is so-called, just rumple up a leaf in your fingers.

"Quit squawking about the past winter in the Pontiac vicinity," phones

Bert Falloway

of Rochester, who asserts that it was less severe than anywhere else in Michigan; also that some Texas highways were more bothered with snow, and that on at least two days in January it was warmer in Pontiac than in most Florida points.

Re-Entry Problem

David Lawrence Says:

Capital Needs Corps to Halt Crime

WASHINGTON — Maybe there's a job here in Washington for a new kind of "peace corps." Perhaps it could be recruited among the "intellectuals" from the newly created states in Africa, some of whom have been educated in universities in America and Europe.

For the crime wave in the Nation's capital certainly needs attention, and there is a suggestion now from local officials that race hostility may be among the causes of the unprecedented outbursts of violence.

LAWRENCE

★ ★ ★

Only two cities of comparable size in the United States had more robberies last year than the city of Washington. Chief Judge Matthew F. McGuire of the U.S. District Court said from the bench recently that he's going to crack down on offenders. He then described the situation as follows:

"You can't go out in the street without being hit on the head. You can't ride a bus. You can't close your place of business at night but what thieves get in.

"This thing is really serious and it has got to stop. The only way to stop it is to have the word go out that if you are caught it is just too bad—you go to jail.

ORDER OR CHAOS?

"We are either going to have a community of law and order or we are going to have chaos. Thieves knocking people down in the street and purse snatching have got to stop. What kind of a city are we living in?"

About 54 per cent of Washington's population is Negro. Police records show that 87 per cent of those arrested for robbery last year were Negros and that 75 per cent of the prisoners in Washington's correctional institutions are Negroes.

Donald Clemmer, director of corrections, speaks of racial hostility as a factor in the crime wave here. He told a meeting of sociologists recently that "Washington is not a syndicated, racket-type city" and that only a small number of professional criminals are involved in crimes here.

'NEGRO HOSTILITY'

He suggested that some of the pointless violence noted in Washington's robberies can be traced to "Negro hostility toward whites."

Mr. Clemmer added that some of the hostility has grown out of a feeling of "new-found freedom" among Negro youths as a result of sociological developments related to Federal court rulings on desegregation and the emergence of many African areas as independent states. He predicted that conditions may get worse.

Washington officials were aroused recently by an incident in which a band of Negro teenagers beat up and robbed the white driver of a bus while Negro passengers sat and watched without interfering. Attacks on other buses followed.

★ ★ ★

Congress, which rules the District of Columbia, has been asked for help. The Board of Commissioners — which includes John B. Duncan, the first Negro commissioner and a very able man — is requesting more police. Mr. Duncan says: "As a society, we're going to have to treat youth more firmly than we have in recent years."

The Board of Commissioners has recommended the mobilization of the police reserve corps of 2,000 unpaid volunteers formed for use in emergencies. About 500 are believed to be trained for part-time duty in policing the streets. The regular police force is to expand from 2,700 to 3,000 men.

Two additional judges have just been provided by Congress for the juvenile court, where there is a backlog of 2,000 cases.

(Copyright, 1962)

Dr. William Brady Says:

Some People Get Angry if They Aren't Ailing

"Recently you said 2 quarts of water a day is generally enough for an adult, including the water one gets in tea, coffee, soup, fresh fruits and beverages, and vegetables. You said if one drinks less water than this, it doesn't matter, but if one drinks much more than this, it might be well to ask one's physician whether one is developing diabetes. This is all very good. But you added a bit of uncalled-for sarcasm:

DR. BRADY

"For Pete's sake, if you do so and learn that you are not diabetic, don't get sore and urge the paper to drop this vicious column. Maybe you mean to be ..." (A. R. W.)

I meant what I said. Maybe you think people don't behave like that. To my sorrow I know that some people do.

Once, I replied by mail to a reader's query about the professional standing or repute of a healer who promised to cure something or other. I told the reader the healer was a faker. The reader took my letter to the faker, who threatened to sue for more money than I'd ever have.

Being on cordial terms with the AMA, I asked headquarters about it. They assured me I had nothing to fear, that if necessary, qualified medical authorities would come into court and testify that the charlatan's claims were false.

GAVE A TIP

But they gave me a tip: Better brand the charlatan a quack, for it was difficult to prove anyone is a faker. There was no lawsuit. Anyway, nothing one may say in a private letter constitutes libel or slander.

In a piece about piles, real piles and other conditions often wrongly treated as "piles," I gave readers a gentle reminder that, sometimes, what purported to be piles proved, on proper examination, to be something quite different or maybe something more serious than piles (hemorrhoids.)

And so, I suggested, it is unwise to fool around with so-called "pile cures" and unwise to fool around with doctors who treat "piles" (hemorrhoids) without first making a proper examination with headlight and speculum. An editor, who had been trying this and that remedy for "piles," read the piece and hurried to a doctor for a proper examination.

Unfortunately for me, the doctor found that the editor had piles and nothing more. So he returned to his newspaper office in an angry mood and canceled my column. The paper wouldn't have any "blankety-blank doctor frightening readers."

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

(Copyright, 1962)

The Country Parson

"Just one cross word can start a chain reaction which will lead to anger and sorrow."

Voice of the People:

Local Physician Defends American Medical Assn.

The medical profession is under a barrage of criticism regarding its stand on medical care for the aged.

Now, obviously, the American Medical Association and all of its component state and county societies are not opposed to medical care for the aged. It is a matter of how care should be administered. To make this a matter of payment under the Social Security System would saddle the American people with a debt of immense proportions for which there is no real need.

★ ★ ★

DR. FURLONG

The opponents of the American Medical Association, in order to create an adverse opinion, often say, and it is widely published, that the AMA maintains the biggest lobby in Washington. I furnish the latest figures released by the AMA regarding the amount of money spent in Washington in comparison with labor organizations:

1961 lobbying expense of AMA	**$ 163,404.61**
1961 lobbying expense of labor unions	**$1,024,040.38**
This can be broken down as follows:	
1961 all AFL-CIO unions spent	**$ 706,961.79**
the AFL-CIO parent organization spent	**$ 133,919.01**

Other AFL-CIO affiliates spending large sums were as follows:

Farmers' Educational and Cooperative Union of America	**$ 88,272.56**
United Federation of Postal Clerks	**$ 73,867.83**
International Association of Machinists, District Lodge No. 44	**$ 71,736.62**

In addition, there are some labor figures which are not reported, including the expenses of the Railway Labor Executives Association, which includes 21 AFL-CIO unions and two independent unions, and does not include the expenses of registered lobbyists of 17 unions, including the United Automobile, Aircraft and Agricultural Implement Workers, United Mine Workers of America, United Steelworkers of America and the Amalgamated Meat Cutters and Butchers Workmen of North America.

★ ★ ★

I thought this information might help correct the impression of the medical profession which is projected by the opponents of medicine.

Dr. Harold A. Furlong

940 Riker Building

Does the Kerr-Mills Act give adequate medical care for the aged? A local physician says it does.

★ ★ ★

To get assistance, your annual income, if married, can be $2,500, but this amount includes what the authorities claim your children can afford to pay. You can own personal property up to $2,000 if married. You will have to use up practically all your savings, bonds, stocks, etc. to qualify. The value of your car is included in the $2,000. Outside of your home, clothing and life insurance, you will have to be almost penniless.

★ ★ ★

What do these limitations provide? The Oakland County Medical Society listed surgeons' fees and physicians' fees. Investigation reveals that these are provided only in the hospital. The Kerr-Mills act does not provide medicines. If you do not agree with the physician that this is adequate medical care for those over 65, let your legislators in Washington know your feelings. Write the Ways and Means Committee of the House. The American Medical Society reported the spending of $146,854 in lobbying in Washington during the first six months of 1961. They are making their feelings known.

M.M.

'Girl Scout Leader Thanks The Press'

On behalf of the 9,000 Girl Scouts in the Northern Oakland County Council, I would like to thank the Press for its part in helping tell the story during Girl Scout week.

Through its program of informal education, this agency of the United Fund does much to help girls become happy and resourceful citizens.

Jean W. Morgan, Chairman
Public Relations Committee

'Right Wing Group Helpful to Country'

Much is said concerning the right wing which is exposing the Communists. The right wing is not a threat to our country, but to the fellow travelers. The John Birch Society has been blackballed and the term Birchite put upon anyone who is anti-Communist just because of the wild statements of one man.

When men like Rev. Billy Hargis or Dr. Carl McIntire expose the National Council of Churches for their pro-Communist pronouncements they immediately attack the person's character rather than face the evidence.

Gus Hall, Secretary, Communist

(Continued on Page 7, Column 1)

Case Records of a Psychologist:

Beware of Abnormal 'Crushes'

By DR. GEORGE W. CRANE

CASE L-468: Lelia S., aged 25, is a legal stenographer.

"Dr. Crane, I am very much worried about Lelia," her father informed me during our conference.

DR. CRANE

"She is too fond of a girl friend, with whom she shares a small apartment on the north side. This girl was her roommate at college. The two had a crush on one another, which during their campus days I thought was innocent enough.

"Now they are as devoted as man and wife. They hug and kiss like two newlyweds. Their behavior is so sentimental and mushy as to be nauseating.

★ ★ ★

"The other girl is the more masculine of the two. Lelia is the feminine type. Whenever she comes back home for a visit or for Sunday dinner, her roommate telephones repeatedly to check up on her whereabouts and to make sure she isn't out with somebody else. She is more jealous than a husband.

"Dr. Crane, what do you think of the situation?"

BEWARE OF 'CRUSHES'

Lelia and her roommate illustrate what I have pointed out in this column previously. They have not developed emotionally in the normal fashion, but have stopped at the gang or homosexual level. Such "crushes" are hazardous.

That may seem innocent enough for girls of 10 to 12, but they are a dangerous sign of emotional retardation among older men and women.

It is perfectly normal for us to prefer our own sex during the later years in grammar school.

But normal emotional development demands that we shall transfer our interests to the opposite sex after we enter puberty and experience sexual maturity.

HOW HOMOSEXUALITY STARTS

When girls have "crushes" on each other, it simply means that their new sexual development is compelling them to look for an adequate love object on whom to expend their affection.

This love object is normally supposed to be a man. If circumstances, or prudish maternal dominance, or isolation in a girl's school, prevent the girl's having access to a boy friend, then she may find herself becoming abnormally attached to a member of her own sex.

She will hug and kiss and fondle her girl friend, and show all the evidences of love and romance which normally should be developed only between a boy and a girl.

Because most people view such a situation in the same light as leprosy, they can hardly bring themselves to name the dreaded word, adult homosexuality.

One of my coed students, in describing her roommate, beat around the bush for half an hour and finally exclaimed, "Oh, Dr. Crane, you know what I mean. She's one of those things!"

CURING HOMOSEXUALITY

The best way to treat homosexuality is to prevent it by letting boys and girls attend school and social affairs together. Encourage young people to look to the opposite sex for sweethearts.

After we encounter a fully developed case of homosexuality in girls like Lelia, we have difficulty changing the situation.

When a girl is ardently in love with a boy friend, it is a difficult task trying to interest her in another man.

★ ★ ★

So it is with homosexuals. They are just as much in love with each other and usually don't want to change. But they are indulging in

juvenile behavior and would be far happier if they would grow up emotionally.

Homosexuals can change, however, if they will resolutely restrain themselves to date desirable members of the opposite sex, for nobody is born with a specific love for anybody.

Specific loves develop as habits, like fondness for wheaties vs. oatmeal. We are born with hunger, but habit determines whether we'll select wheaties or oatmeal. So it is with love for our own sex or the opposite sex.

The Associated Press is entitled exclusively to the use for republication of all local news printed in this newspaper as well as all AP news dispatches.

The Pontiac Press is delivered by carrier for 50 cents a week; where mailed in Oakland, Genesee, Livingston, Macomb, Lapeer and Washtenaw Counties it is $18.00 a year; elsewhere in Michigan and all other places in the United States $26.00 a year. All mail subscriptions payable in advance. Postage has been paid at the 2nd class rate at Pontiac, Michigan. Member of ABC.

Voice of the People

(Continued From Page 6)

Party, flatly declares: "If the tactical problem is solved correctly, it will be possible to slam shut the door on the ultraright."

If Communists are all against the right wing it must be good for our country. Write the U.S. Government Printing Office for the booklet "The New Drive Against the Anti-Communist Program."

Raymond Konkle

240 N. Cass Lake Road.

'Reflectorization Fee Was Unfair Bungle'

The handling of the 35 cent reflectorization fiasco is shabby. The fee was collected apparently without authorization. An additional "credit" slip was requested which was to be checked against records in Lansing to see if we were entitled to the return of our money.

The "credit slips" were then returned with a letter telling us that we must furnish our 1961 tab numbers. Why wasn't this request made on the TR-35 "credit slip"? Thousands of us will not take the time and money to protest this bungling but we will not forget to vote at the next opportunity.

B. Carrier

Drayton Plains

'Company Didn't Act on Colored Salt'

Colored salt would be helpful to restaurants, housewives and people with impaired vision. I wrote the Morton Salt Company and suggested it. After a signing a flock of papers it was dropped. I couldn't help thinking about it when I read about those poor babies.

Mrs. Woody

Writers Interested in Jackie's Trip

Jackie Kennedy is accepted with the highest esteem and courtesy in every country. She has the highest standards of education, mannerism and intelligence, yet we women who should pay her the highest respect criticize her clothes, hairdos, shoes, diamonds and cars. Should she represent the United States in patches or do we want her to continue as she is?

★ ★ ★

She tours with her head and God knows, my dear women, is intelligent enough to represent us in all parts of the world and leave behind a little of us and America, too.

60-Year-Old Mother Who Flaunts Neither Politics nor Religion

Jackie Kennedy is creating a better image of this country than all the world travelers we have. More power to her and I hope she tours the Orient and creates just that much more favorable publicity for all of us. The United States needs it and needs it badly. She's a charming lady and a wonderful saleswoman.

Republican

The $100,000 it is costing the taxpayers to have Jackie's trip filmed could feed a lot of hungry people. Kennedy seems to be trying to go down in history as the last of the big spenders and with the aid of his family it looks as though he will make it. After his term in office there will be nothing left to spend and no cash or credit.

If he is sending members of his family out looking for the "New Frontier" it would be nice if he used some of the Kennedy millions.

Fed Up With Ks

'Teachers Must Keep Informed'

The master's degree may not be the criterion for a good teacher, but it's logical that these higher demands will help to produce better teachers. Often it is only "that night school course" which enables a teacher to maintain contact with the academic world.

As the demand for knowledge is accelerated, so must the abilities and interests of the teacher be broadened. Since interested parents generally want "the best" for their children, the demand for more highly-qualified teachers reflects the interest of the people.

A. C. Hayden

Wants Coverage on Auto Races

Not a word was said March 22 on the sport pages about the forthcoming international automobile races at Sebring, Fla., one of the two events which contributes points for the world championship. Tempests are competing.

★ ★ ★

This is not the first time your paper has failed to give this sport coverage (i.e., the Italian Grand Prix at Monza where Phil Hill was the first American to become the world's champion; Nassau Speed Weeks). Your sports department says that the public isn't interested. According to the television documentary program more spectators attend automobile races than any other sports event.

★ ★ ★

We have the Oakland County Sportsmen's Road Racing Club and its events attract thousands. The club deserves your cooperation.

Mrs. John Whitlock

(Editor's Note: The Press sports department mentions something about every sport that makes the news even if only one paragraph. A story out of Sebring was used in Friday's paper on page 25 and a 2-column story and picture was used in Saturday's sports page.)

'Pontiac Residents Most Fortunate'

After living for over 50 years in the Pontiac area, we moved to Ann Arbor. Nine times out of ten here, the taxi drivers would just as soon shut the door on your fingers. It also costs ten cents extra for each extra person.

★ ★ ★

The newspapers never carry news of interest to Ann Arbor folks. There are no "carry out" boys at the stores. You can't find a place to park. If you wear over a size 18 dress, just try and find one. At church no one asks your name, let alone shake your hand.

★ ★ ★

Lastly, you always get the mail that's for the guy on the next street. Take care and love Pontiac. We miss it.

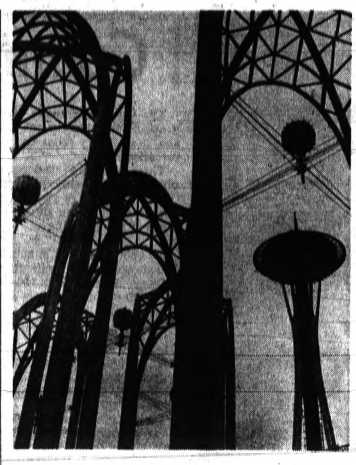

Mrs. Carl Snow

Syria Sends Delegation to Plead Case in U. N.

DAMASCUS, Syria (UP) — Syria dispatched yesterday a five-man delegation to handle the Syrian case against Israel before the United Nations Security Council Wednesday.

★ ★ ★

Both Israel and Syria have complained about clashes around the Sea of Galilee which have heightened tension in the Holy Land. The Syrian delegation is headed by Dr. Alah Turazi, new chief delegate to the U. N.

AP Photofax

AT SEATTLE FAIR — This pictorial study shows group of space Gothic arches, each with its own electric lamp, built to symbolize man's quest for knowledge. The arches stand at the entrance to the picturesque $10-million U. S. Science Pavilion at the Seattle World's Fair. Framed in an arch at right is the giant 600-foot-high space needle which has a revolving restaurant and observation platform on top. The fair is scheduled to open a six month run April 21.

Dayton Landmark on the Move Again

DAYTON, Ohio (UP) — Time once again has caught up with Newcom Tavern, Dayton's first plastered house, first store, first hotel, first courthouse, first tavern and first jail.

In 1896 it was moved from its original location, log by log, to make way for an apartment house.

Now it is to be moved again. Its present site is too busy an intersection, city historians say, and passing motorists who might otherwise visit the tavern go by too quickly.

Romney to Be Guest

MARSHALL (UP) — George Romney, candidate for the GOP nomination for governor, will speak here Friday night at the city's Heritage Day activities, said James Dies, chairman for the event.

Deserted After Volcano, Dogs Turn Into Savages

LONDON (UP) — Dogs on Tristan de Cunha turned savage hunters after their owners left the volcano-wrecked island in the South Atlantic last fall, the Royal Society have reported.

Its expedition to the island said it was forced to shoot the dogs because they destroyed all but 15 of 700 sheep left behind. The dogs also killed calves in the cattle herd. Cats and chickens left on the island were reported doing well as volcanic activity receded. The island's 260 inhabitants have been resettled in Britain.

County 'Home'...It's Real

The Oakland County Medical Care Facility on Telegraph Road, proudly notes its director, Thomas J. Leonard, is a far cry from the old infirmary as most people visualize it.

The facility has undergone a major face lifting, both physically and spiritually, in the past 10 years.

The soft hum of an electric floor polisher in the halls mingling with the music of a distant radio program hints of the new life.

★ ★ ★

Ice-cube making machines, electric pressure pads and oxygen tents belie the stereotype of a county infirmary. So does the 110-member nursing staff busily seeing to it that 230 guests are comfortable and happy.

A far cry from the "vegetable bin" of another age, the modern facility humanely encourages its guests to find joy in living.

In a well-equipped library lounge, cronies can be found engrossed in a pinocle match, or shooting pool. Platform rockers are all filled in a semicircle around the television set.

Then there's the important function of rehabilitation. Physiotherapists patiently teach stroke victims to walk again.

PRINTING OR WEAVING

In an occupational therapy room, those still under medical care, or recuperating, paint with oils, weave or take part in handicraft work.

And the food—served steaming-hot, family style, in a big airy dining room—that's the best. At noon, when the day's largest meal is served, one is likely to find baked ham accompanied by yams, peas, a Waldorf salad, and for dessert, fresh strawberries swimming in cream.

For many of the guests, a whole new world opens to them in the facility. A newly organized activity program includes Thursday night movies, musical recitals and volunteer entertainment.

MORALE BOOSTER — There's nothing like getting a new permanent and having your hair set to feel better again, Mrs. Daisy Bilbo shows her appreciation to volunteer beauty operator Mrs. Clarence Shelton as they wait for the waving solution to "set."

Sundays and four nights weekly, there are religious services. The daily visit of a clergyman is a bright spot for many with ailments both physical and mental.

"It's an outdated picture people have that the facility is a place where people go to die," Alma Oakley, superintendent of nurses, explained, "We'd like to erase that image. This building has become a fine modern hospital."

AT LAST — It was two days before Addie LaFrance got a new pipe to smoke after her other one fell on the floor and was smashed. She is shown taking the first puff on the new one at the rejuvenated Oakland County Medical Care Facility. Addie has been smoking a pipe for the last 20 years and although confined to a wheelchair, manages to keep others laughing with her Irish wit.

Photos and Story by Reba Heintzelman

BIG JOKE — When Charles Peacock got his fingers all tangled up in the rug-weaving loom at the Medical Care Facility, he got to laughing so hard at his mistake that Dorothy Dickens, occupational therapist, had to come to his rescue. Beautiful works of art are turned out by paitents in the occupational room of the hospital. Occupational therapy is an important part of the program at the county facility.

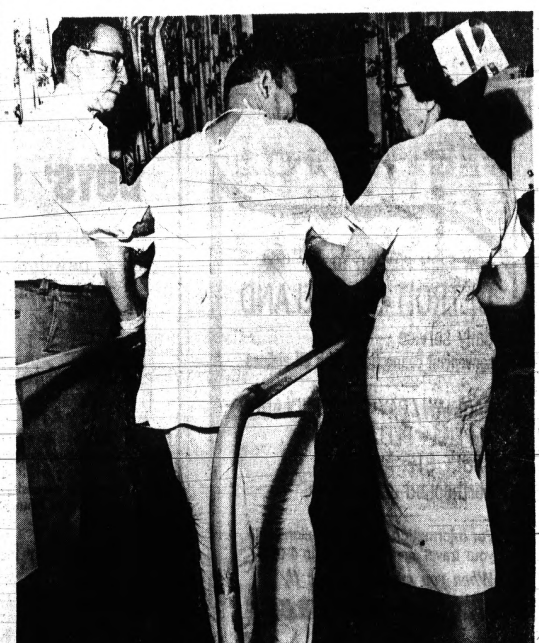

AS HOURS GO BY — Frank Caruso and Mrs. Irene Bibiolka turn out placemats during their stay at the Oakland County Medical Care Facility. Many times high school teenagers of the Future Nurses of America groups assist hospital attendants in making life more enjoyable for those convalescing at the hospital.

BUT OF COURSE — Mrs. Edith Blocher sent away for this important sign which is in the lobby of the big Medical Care Facility building, formerly known as the county infirmary. The entire building is going through a spring renovation project, with colorful walls, ceilings and floors.

IT GOES LIKE THIS — Showing Mrs. Francis Griffin how to place colorful tile squares on a flower pot is occupational aide Mrs. Jack Evans. This is only one of many activities that consume leisure time at the Medical Care Facility while patients are convalescing. County patients sign over their monthly pension checks, with the exception of "pin money," and receive top medical care.

A HELPING HAND — Many people learn how to walk again in the physiotherapy department of the Medical Care Facility on Telegraph Road. Shown above is Bradley Averill being assisted by Carl Greenup and Ella Loseman. Since a recent stroke, he has had to learn how to walk again and is improving daily.

TRUMAN GETS DEGREE—Former President Harry S. Truman dons the traditional mortarboard yesterday as he was awarded an honorary doctor of laws degree at Canisius College in Buffalo, N.Y. Truman addressed Canisius students on the office of the presidency in a political science lecture. The Very Rev. James J. McGinley, president of the college, is next to Truman and Most Rev. Joseph A. Burke, bishop of Buffalo's Catholic Diocese, is at right.

City Boys Club Set to Reopen

Fire Damage Repaired With Aid of Community and Members

The Pontiac Boys Club will resume a full schedule of recreational activities tomorrow for the first time since fire gutted the interior of its headquarters at 530 E. Pike St. Nov. 14.

★ ★ ★

The reopening of the fire-damaged building was made possible "through the concern of the community and by the work of the boys themselves, according to Cressy Larson, director.

"It would take a list a mile long to name all the individuals and firms which contributed to the club during the past four months," Larson said. "The entire club was damaged."

Larson said costs for refurbishing the interior and replacing furniture, games and equipment lost in the blaze would easily reach $30,000. The gymnasium floor was waterlogged and had to be replaced. The senior and prep boys' lounges and the games room were completely gutted.

★ ★ ★

Many of the nearly 2,000 members repaired tables, painted walls and cleaned rooms piled high with rubble. The boys will reap the benefits of their hard work this week as the club begins its regular schedule—3:30 to 10 p.m. weekdays and 10 a.m. to 10 p.m. Saturdays.

Israel to Buy Bonds

UNITED NATIONS (AP) — The Israeli government informed acting Secretary General U Thant yesterday it will buy $200,000 dollars worth of U. N. bonds. Israel is the 18th country signifying its intention to take some of the $200 million bond issue to help meet the world organization's financial crisis.

Boy Has Future Figured Out— for 2,296 Years

NEW ORLEANS, La. (AP)—Scott Wing, 8, a second-grade pupil at Newman School, has the future figured out.

Scott's teacher asked her class to write a composition on what age they'd like to be.

Scott came up with this: "I would like to be 2,296 years old because I could be in future travel. I could be the world's oldest man. I would spend all my life sitting in a chair smoking a pipe, reading, eating and that kind of stuff."

The soybean is one of the oldest staple crops of the Far East. Meal from the bean is high in protein. Its oil is used in the manufacture of shortening and margarine.

'A Man Ought to Keep Busy' -- Jimmy Stewart Should Know

By HAL BOYLE

NEW YORK (AP)—"I feel I'm a little lazy myself," said James Stewart, "but I think a man ought to keep busy."

Although graying a bit now, Jimmy still wears the shy, deceptively easy-going air of "the boy next door" that has been his acting trade mark for a generation.

BOYLE

The record shows he has kept pretty busy. In addition to a series of Broadway plays, he has been in some 70 films, won an Oscar and been nominated for an Academy Award three other times.

★ ★ ★

Outside his profession, he has been equally active. He has done everything from flying bombers in wartime to shooting tigers in India.

Currently he is a trustee of Princeton University, a member of the board of the Air Force Association, a brigadier general in the Air Force Reserve, a regional Boy Scout executive, and participates in a number of community affairs.

HOBBYIST, TOO

He also enjoys half a dozen hobbies, ranging from hunting, fishing and photography to flying his own airplane.

★ ★

Jimmy came here for a little Broadway sightseeing after completing his latest film, John Ford's production of "The Man Who Shot Liberty Valance," in which he is costarred with John Wayne, Vera Miles and Lee Marvin.

★ ★ ★

Over a huge chunk of luncheon roast beef, Stewart discussed the philosophy of living that has enabled him to stay on top in show business for so long.

"I place tremendous importance on physical health and well-being," he remarked. "Health is the reservoir of any achievement. It is so important anyone ought to do everything he can to keep it."

Everyone pays lip service to this goal, but how can you stay healthy in a world of deepening tensions of every kind?

Here is Jimmy's recipe:

HIS SURE CURE

"First, exercise. Don't necessarily make a big thing of it. Just make it a part of your daily life, even if you only walk around the block.

"Second, allow for a certain amount of relaxation from your work. Do something that is completely foreign to your way of earning your living, or the needs of taking care of your family.

★ ★ ★

"But make it a real activity, a kind of personal mission. If you have a special type of work, it is important that the activity you take up for relaxation be so exciting or interesting that it will be impossible for you to think about your work while you're doing it.

"Then when you come back to your job, you are really relaxed—and find it easier to do than before.

"Third, and this is very basic, get a real enjoyment from your work.

"A man is tremendously fortunate if he likes his work—if he is not bored with his job.

"Boredom is a terrible thing. It destroys more people than anything else I can think of. But if you like your line of work, and try your best to be good in your job, it's unlikely you'll be bored at it.

"I've never been bored with the movies—ever. I've always looked forward to getting to the studio in the morning, and I'm always glad to get back to it after a time away."

Stewart grinned a little self-consciously. He isn't used to giving recipes on how to get the most out of life.

★ ★ ★

And he left out one secret: the big problem of how a successful man can keep his success from becoming a burden to him.

Jimmy Stewart hasn't. He wears success as if it were an old and comfortable sports coat. It fits him well, and he feels good in it.

IQ What's your child's physical IQ?

Chances are it doesn't measure up. The fact is that almost half of our youngsters today lack the strength and agility to pass a simple physical achievement test.

The remedy? More emphasis on vigorous physical activity. At least 15 minutes of every daily physical education period devoted to vigorous body-building exercise.

What to do? At your next PTA meeting, urge the adoption of a program that will give all youngsters a chance to develop their bodies.

It could be the program of The President's Council on Youth Fitness—or a similar one—easy to administer at little cost to your school. Act!

A Real Opportunity for BIG SAVINGS

KRAZY KELLY'S FURNITURE and APPLIANCES

Rochester Rd. at Tienken Rd. — North Hill Plaza Center, Rochester

Rewold Rochester President

ROCHESTER — Roy Rewold last night was elected Rochester village president by unanimous vote of the council. A veteran of three years in village government, he succeeds Jay Eldred in the top post.

A unanimous ballot also was cast for the election of former village attorney Roscoe R. Martin as president pro-tem. Martin was elected to his first term on the council in the annual spring election March 12.

In both instances, the new office-holders were the only nominees for the elective positions.

After Paul York, Maxine Ross and Arthur R. Cox were unanimously elected manager, clerk and attorney, respectively, the appointment of the village auditor caused the only split vote at the council's organizational meeting.

Prior to the vote, York reviewed council action on the recent change of auditors for new councilmen Dr. John S. Terry, Edwin M. Aldrich and Martin.

Effective Feb. 1, Thurley E. Allen, certified public accountant of Rochester, was appointed to succeed Guest, Wright and Co. of Detroit, the auditing firm that had served the village for over 13 years.

WANTED ALLEN RETAINED

This action was taken last Dec. 26 by a 5-2 vote of the council. Allen had not had an opportunity to function in his new capacity because the books are just now ready for auditing, York said.

In an attempt to retain Allen in his new position, Eldred reaffirmed his previous stand that the job should go to a local man.

He cited among his reasons Allen's qualifications, his interest in the community, previous experience in setting up the auditing system now in use in Birmingham and competitive cost of his firm's operation.

However, after York stated that he and the village treasurer had been 100 per cent satisfied with the job done by Guest, Wright, a 3-2 vote favored reinstating the Detroit firm as village auditor.

OTHER ACTION

In other action, councilman John Lowes and York were named by the new village president to serve on the Avon Township-Rochester Liaison Committee.

Appointed to the Township-Village Recreation Study Committee were Eldred, chairman, Aldrich and Terry. They will serve with Mrs. Helen V. Allen and Mrs. Frances Covert of the township.

Councilman John Boeberitz was reappointed to represent the village on the Avon Youth Service and Recreation Association with Martin named as alternate.

A resolution was passed to ask the Michigan Public Service Commission to make the necessary study of the unsafe conditions that exist at the New York Central Railroad crossings on Woodward avenue and Main street.

The low bid of Avon Oil Co. for gasoline for village use was accepted by the council. It was 12.3 cents per gallon.

AREA NEWS

DECORATE BRANCHES—Festooning branches of a tree with paper crab apple "blossoms" are two members of the Rochester branch of the Woman's National Farm and Garden Association which will sponsor a sale of the live trees in town this weekend. They are Mrs. Tage Ketelsen, left, and Mrs. Howard W. Ludwig, local WNRGA branch president.

Apple Tree Days Set in Rochester

ROCHESTER — Flowering Crab Apple Tree Days here Friday and Saturday will feature the sale of five varieties of the tree, the village's official landmark plant or tree.

★ ★ ★

The annual nonprofit sale to promote the planting of flowering crab apple trees for community beautification is conducted by the Rochester branch of Woman's National Farm and Garden Association.

Since the annual event began in 1953 when the Village Council designated the tree Rochester's official landmark plant, 1,125 trees have been sold and 60 have been donated for planting on village property.

Friday and Saturday have been proclaimed "Flowering Crap Apple Tree Days" by the Village Council.

★ ★ ★

The sale will be held at Mitzelfeld's Department Store from 9 a.m. to 9 p.m. Friday and from 10 a.m. to 6 p.m. Saturday. Orders will be taken for trees to be picked up late in April or early in May.

Arrangements for the sale were made by the Garden Club's Civic Improvement Committee. Members are Mrs. Edward Potere, chairman; Mrs. F. A. Simon, Mrs. Tage Ketelsen and Mrs. Joseph A. Watson Jr.

Clarenceville Voting Today

Bond Issue for School Construction, Plus Tax Being Decided

FARMINGTON TOWNSHIP — A proposed $1.25-million bond issue for new construction and a five mill tax levy are to be decided today by voters in the Clarenceville School District.

Approval of both proposals would mean no tax increase, according to school officials.

Of the five mills being sought only one is over and above the current levy. The other four mills would be a renewal of funds that expire with the current school year in June.

The bond issue would be used to finance the construction of additions to several elementary schools, a science classroom and library at the junior high and a physical education unit at the senior high.

Also planned is an administration and maintenance building.

Increased property valuation would provide the additional funds to retire the bonds without increasing taxes, the school board has stated.

Operational millage would stay within the current levy even with the addition of one mill by reducing the debt retirement service.

The polls are open until 8 p. m.

$125,000 Charlotte Fire Traced to Heating Plant

CHARLOTTE (AP) — Faulty heating equipment is blamed for a $125,000 downtown Charlotte fire yesterday.

Fire Chief Calvin Fullerton said the blaze, which firemen fought for four hours before it was brought under control, apparently started in the heating system in the basement of a two-story building occupied by Cartwright's Shoe Store.

The shoe store on the lower floor of the building was destroyed and offices on the second floor suffered heavy damage.

Despite OK of Sewage Treatment

Vlasic Ponders Future in Area

IMLAY CITY — Whether Vlasic Food Products Co. will keep its pickle-packing plant here is still uncertain despite state approval of a proposed company-owned sewage treatment plant.

The company, one of the largest employers here, has yet to determine whether building the sewage treatment facility would cost less than moving its plant to another community, according to Earl Butler, transportation and maintenance manager.

Earlier estimates had placed the cost of a sewage treatment plant in the neighborhood of $130,000. Butler said a topographical survey and other studies still are necessary for an accurate cost estimate.

★ ★ ★

He said only two of the many other Michigan communities inviting Vlasic to their areas had sewage treatment facilities adequate to handle the company's operation.

When the company is operating at peak production during the pickle-packing season in July, a treatment plant capable of serving 10,000 persons is required.

★ ★ ★

Although the State Health Department and Water Resources Commission have granted permission to dump treated sewage into the Belle River, transporting the waste to the river may be too costly, Butler said.

DEPENDS ON DIRECTION

Approximately 15,000 feet of pipe will be necessary, he explained. If too much footage goes uphill, requiring pumping, the company cannot afford to build and operate a sewage treatment plant, he said. If most of the pipe goes downhill, prospects for remaining in Imlay City are good.

The state had given the firm a deadline of June 30 to halt the heavy waste through the Imlay City disposal plant into the Belle River. The city treatment plant's capacity is for a population of only 3,000.

★ ★ ★

If constructed, the company's treatment plant would be a "pond type" with waste being stored in a pond and dumped into the river only when the water level is high during the winter and spring.

★ ★ ★

Butler said he thinks an extension of the June 30 deadline would be granted if the company decides to build the treatment plant, a decision expected in 60 days.

New City Hall Needed in Troy

Report Claims Present Facilities Only 50 Pct. Adequate for Now

TROY — The city needs a new city hall, the City Commission was told at its meeting here last night.

★ ★ ★

Even if the city has no further growth, present city hall facilities are only 50 per cent adequate, according to the progress report presented by the City Hall Committee.

A city hall complex containing city offices, police station, fire department headquarters, public library and other city departments of the same location was recommended by the committee.

Chairman of the 21-member citizens' committee is former mayor Frank Costello, who presented last night's report along with John Lohla, a subcommittee chairman.

The committee was appointed Nov. 27.

In other action last night, the commission adopted rates for the recently approved city garbage and rubbish collection service.

★

Rates will be $4 quarterly or $15 yearly for curb collection, and $6.25 quarterly or $24 yearly for off-curb collection.

This compares with a cost of $2 to $2.50 a month now paid for rubbish collection to private firms by most city residents, according to City Manager David Firsstone.

Aerosol Corp. to 'Open House'

Rochester Firm Invites Area Residents to See Plant in Operation

ROCHESTER—Residents of this area will have a chance to see the inside of Rochester's newest industrial firm when the Rochester Aerosol Corp. holds an open house from 7 to 9 p. m. Friday.

The company's production line is now moving and the firm is in full operation, President Robert Willihnganz said today.

A total of 32 persons are employed at Aerosol, 24 of them in production. Four or five more are expected to be added, Willihnganz said.

★ ★ ★

Organized last July, largely through the efforts of the Rochester Area Development Corp., the company is equipped to package a complete line of aerosol products including insecticides, hairsprays, home maintenance products, shaving creams and pharmaceutical sprays.

Willihnganz said his firm now is packaging an aerosol window cleaner for the Drackett Co. of Cincinnati, Ohio.

The new plant is at 607 Woodward Ave., on the site of the old Oakland Foundry and Machine Co.

Barn Destroyed by Flames From Burning Trash

ORION TOWNSHIP — An innocuous fire in a trash burner suddenly lost its harmlessness and burnt down a barn here yesterday.

The flames from the trash burner set off a grass fire that spread to the barn on the property of Mr. and Mrs. R. W. Lee Jr. at 855 Hemingway Road.

Three horses stabled in the barn were led to safety by Mrs. Lee and were not injured.

★ ★ ★

Lake Orion firemen doused the fire, but not before the barn was totally destroyed, along with two saddles and 20 bales of hay. No estimate of damage was immediately available.

Cassady Camp Escapee Captured; One at Large

DETROIT (AP) — Louis Rillet Jr., 17, of 865 Creston St., Troy, one of two convicts who escaped from the Cassady Lake Prison Camp near Jackson Saturday, was captured by Detroit police last night.

★ ★ ★

Rillet was arrested when he was thrown from a car which had jumped a curb in an attempt to elude police. Two other men jumped from the car and fled on foot.

Police said one of the two was identified by Rillet as William D. Harris, 18, of Detroit, the other fugitive from the prison camp.

Rillet was being held in Receiving Hospital where he was taken after injuring his ankle.

★ ★ ★

Two patrolmen spotted the trio in a stolen car. The car sped off and officers blocked an exit with their scout car. When the car jumped the curb, it grazed Patrolman Frank Winkler, 31, who had gotten out of the police car. Winkler was treated for bruises and released.

Rillet had been serving 1½- to-2 years for auto theft. Harris was serving a 2-to-4 year term for writing bad checks. The third man was not identified.

Avon Twp. Boy, Struck by Car, in Fair Condition

A 3-year-old Avon Township boy who was struck by a car near his home is one of two persons hospitalized in Pontiac today with injuries suffered in area traffic accidents yesterday.

In fair condition with a possible fractured skull at St. Joseph Mercy Hospital is David L. Poulin, son of Mr. and Mrs. Robert Poulin of 3142 Devondale St.

James H. Savedge, 25, 2907 Dearborn St., Avon Township, told Oakland County Sheriff's deputies he was driving about 20 miles per hour on Devondale street when the boy darted out in front of the car. Savedge said he was unable to stop in time.

An Oxford man, Raymond R. Woods, 49, 91 Tanview Drive, suffered cuts and bruises when his panel truck went off Baldwin Road just north of the Pontiac city limits and struck a telephone pole.

Woods said the steering mechanism on his truck broke just before the mishap. He is in satisfactory condition at Pontiac Osteopathic Hospital.

Minister to Talk of Missions at Rochester Church

ROCHESTER — "Around the World in Eighty Minutes" will be the theme of an address by missionary Rev. C. Robert Avery at 8 p.m. Thursday at First Congregational Church here.

Rev. Avery will talk on the missions of the South Pacific Island, Mexico, Japan and the Near East.

Director of the publications department of the Near East Mission of the United Church Board for World Ministries, Rev. Avery lives in Istanbul, Turkey, where he and his wife have served as missionaries since 1949.

His address has been arranged by the Pilgrim Fellowship Groups headed by Mr. and Mrs. Joseph Fox and the Missions and Social Action Committee of the church.

Boy Hit, Killed by Car

FLINT (AP) — Michael A. Rex, 7, of Burton Township, was killed yesterday when he ran into the path of a car near his home.

SUE ANNETTE VANCIL

Mr. and Mrs. W. Paul Vancil of 759 Squirrel Road, Auburn Heights, announce the engagement of their daughter, Sue Annette, to John McKee, son of Mr. and Mrs. Raymond McKee of 1788 Alsdorf St., Avon Township.

To Tell of CD Course Slated in White Lake

WHITE LAKE TOWNSHIP — The Oakland County director of training for medical emergency will give a preview of a planned civil defense course at a public meeting here Thursday.

Mrs. Marie Rodriguez, a registered nurse, will give the 8 p.m. briefing at the Township Hall. The course, planned to begin in September, deals with survival and disaster medical training.

★ ★ ★

The course will not be a regular first aid class, but will cover such areas as shock and burns, psychological first aid, child delivery, radiation fallout, hypodermic technique, emergency sanitation and psychological warfare.

★ ★ ★

The classes will be taught by qualified instructors and area doctors.

Stream of Court Actions Possible

See Shake-Up in State Legislatures

By The Associated Press

A Supreme Court ruling that a citizen may ask a federal court to decide if his state's legislature is out of balance between city and rural representatives appears likely to set off court suits and special legislative sessions in many states.

One suit was filed within two hours after the decision was handed down Monday. A taxpayer in Atlanta asked that Georgia's county unit system be thrown out. Under the system, he argued, a man's vote in cities is worth much less than that of a country voter.

His argument is an old one. Many states have such suits pending. But the city voters had a new weapon in hand today in their long fight to prod rural representatives out of some of their seats in state capitols and get more representation for themselves.

★ ★ ★

Because of Monday's decision, their hopes were higher.

COURT SWITCH

In 1946 the Supreme Court said that "courts ought not to enter the political thicket. The remedy for unfairness in districting is to secure state legislatures that will apportion properly, or to invoke the ample powers of Congress."

Monday the court decided 6 to 2 a federal court can step in and determine whether city voters are unconstitutionally discriminated against in the apportionment of legislative seats.

The case had to do with Tennessee where there has been no reapportionment in 61 years. The decision had meaning in many other states.

In Pennsylvania, a watchdog group called the Committee of Seventy, declared it would bring suit unless the legislature redistricts during its session which begins in January.

Gov. John Patterson of Alabama said he may call a special session of the legislature. Last summer a group of Alabama voters sued in Montgomery, asking the district court to compel the legislature to reapportion itself. Their pending suit requested the court to force candidates for House and Senate to run at large this year unless the legislature was reapportioned.

★ ★ ★

In Topeka, Kan., Dist. Judge Marion Beatty said any action on a pending suit seeking to force reapportionment of the legislature would be delayed to permit all concerned to study the Supreme Court decision. Briefs had been due Friday.

In its decision in the Tennessee case, the Supreme Court said it would be improper for it to consider now what remedy would be most appropriate if the city voters prove their case at the trial.

★ ★ ★

Supreme Court sources, however, said this would be the follow-up on the ruling.

AP Photofax

ELEPHANT TO CAMEL — Mrs. Jacqueline Kennedy (right) and her sister, Princess Radziwill, take a side saddle ride on a camel led by the world's most noted camel cart driver, Bashir Ahmad, in Karachi, Pakistan, Sunday. The First Lady had expressed a desire to ride a camel—having already ridden an elephant in India—while delivering a message to the Pakistani camel man from Vice President Johnson who was Ahmad's host in the United States last year.

Castro Scolds Comrade, 'Fires' Him for Ambition

HAVANA (AP)—Prime Minister Fidel Castro assailed "old Communist militants" Monday night for believing they are the only ones capable of leading the Cuban revolution. He accused one of them, Aníbal Escalante, of creating "real chaos" in Cuba by trying to enhance his own political power.

★ ★ ★

Castro charged that Escalante, a top planner in Cuba's march toward communism, had sought through personal ambition to model Cuba's new monolithic political party along his own sectarian lines.

★ ★ ★

The Cuban leader denounced his Communist aide in a radio-television address to the nation before a considerable number of ranking government members in the studio audience.

Castro did not specify that Escalante had been dismissed from his top posts but indicated he had, saying: "We have come to explain the separation of this companion whom we consider culpable."

HAS EXTRA JOBS

Escalante, 53, founder and former editor of the Communist newspaper Hoy, only two weeks ago was named to the 25-member national directorate of the Integrated Revolutionary Organizations—ORI.

Last year he was given the job of welding all Cuban organizations, including Castro's 26th of July Movement and the Popular Socialist (Communist) party, into a single party to be known as the United Party of the Socialist Revolution.

It was in carrying out this task, Castro charged, that Escalante "abused the confidence entrusted in him and tried to create an apparatus to pursue personal ends."

★ ★ ★

Castro again denounced the so-called personality cult. He charged that Escalante had much to do with fostering a spirit of sectarianism which, Castro said, has led many to believe that the only ones who can be given important posts are "the old and militant revolutionaries."

"The boastfulness of the old Communist militants and the belief that those revolutionaries who don't belong to them are not able to occupy important posts is an absurd, negative, stupid policy," Castro shouted.

"They thought they had won the revolution in a raffle."

Suspect Reds Have Shelters

Allied Observers Find Evidence That Soviet Cities Have Protection

MOSCOW (AP) — Evidence that the Soviet Union may have built a series of air raid shelters in its major cities in years past has been discovered by Western observers.

★ ★ ★

Some of the official specialists doubt the evidence, however, and even the convinced suspect that the program has been stopped.

The evidence is primarily in the form of air vents protruding in various parts of the city. For a long time they were looked upon as merely air vents leading to the subway or to central heating establishments.

Then some Western officials stumbled on an air raid school and demonstration center that has been operated for several years in an outlying part of the city. It is visited mostly by students in their teens.

DESIGNS SHOWN

It exhibits designs of air vents leading from air raid shelters. These are not photographs, just designs of how you would build an air vent — if you were building an air raid shelter.

They resemble those around Moscow.

Students are shown how they should huddle in the basements of their apartment houses as one of the first places to escape some of the blast of an atomic war. But the lecturer indicates there is no security from any real nuclear blast in such basements.

Soviet officials of all categories including Marshal Rodion Malinovsky, defense minister, have insisted that the Soviet Union has no air raid shelter system and is not planning to build one.

★ ★ ★

But the presence of the vents in many places in Moscow — together with what appear to be exits from underground places — has led some to believe that there is a vast network of shelters.

Biblical Argument Ended by Shooting

LANDRUM, S. C. (AP) — Mr. and Mrs. George Arledge were discussing the Biblical theory of the husband-wife relationship.

★ ★ ★

She argued the Bible says a husband should respect his wife. He said the Bible tells wives to respect their husbands.

Suddenly the quarrel intensified, police said, and he reached for the family Bible as she grabbed a .22 rifle. Two shots were fired, and Arledge was hospitalized with a bullet wound near the heart and one in the cheek.

★ ★ ★

Mrs. Arledge was placed under technical arrest and permitted to stay home to attend to her five children, all of whom have mumps.

Driving Expert Killed

SANTA MONICA, Calif. (AP) — Dr. Franklin Fearing, 69, who once studied the behavior of motorists at intersections, was struck by a car in a crosswalk last night. He died two hours later at Santa Monica Hospital.

No Color Bar in Church, Pope Tells Negroes

VATICAN CITY (AP) — Pope John XXIII told a Negro group he received in special audience today "There is no color bar" in the Roman Catholic Church.

The group, including a young Negro priest recently ordained, his mother and two brothers, and a Negro student priest from Raywood, Tex., was received along with other persons. But the pontiff signaled out the little group for his words.

"I am very happy to see you here today," said Pope John. "As you know there is no color bar in the Catholic Church. Today we have a Negro cardinal (Laurian Rugambwa of Tanganyika), many Negro bishops and very many Negro priests."

One of the chief products of Aitkin, Minn., is native wild rice.

Careless smoking and careless use of matches is said to be No. 1 among causes of fire in the United States.

'Too Many on Overseas Payroll'

Solon Hits 'Relaxed Americans'

WASHINGTON (AP)—Sen. Stephen M. Young, D-Ohio, complained in the Senate today that the government has too many relaxed Americans overseas "living high on the hog."

★ ★ ★

"Their salaries and fringe benefits are excellent," Young said, "and their social life seems active."

He said the administration should eliminate "at least 10 per cent" of its diplomatic, foreign aid and international intelligence employes by not filling vacancies when resignations and retirements occur.

The American traveling abroad, Young said, "will be amazed . . . at the multiplicity of our . . . advisers, observers, consultants, and other representatives . . . in every corner of the globe."

CITES AGENCIES

He cited employes of the Foreign Aid Policy, the U.S. Information Agency (USIA), the Central Intelligence Agency (CIA), military missions, "and representatives from virtually every federal agency on special missions of one kind or another."

Young said that Congress should have watch-dog authority over the hush-hush CIA.

"Over the past two years we have seen ample evidence to cause us to doubt the efficiency and good judgment of employes and officials of the CIA," he said.

He added "the main function of many of these officials seems to be to send communications to each other."

Young quoted a Soviet embassy official here as saying there are 3,000 employes at the new CIA headquarters at McLean, Va., and this will be increased to 11,000.

"For the sake of American taxpayers," Young continued, "let's hope that the Soviet Union is wrong again."

THE REDS KNEW

The embassy reported gave the figures to Lytton H. Gibson, a Washington attorney. He said he had tried unsuccessfully for months to obtain them for a real estate developer from the CIA and the White House, then tried the embassy.

Young said that on visits to South America and the Far East, "I have experienced wonderment of the huge number of relaxed Americans."

Young said the USIA has more than 8,000 on the payroll overseas and nearly 3,000 at home.

The Agency for International Development (AID) which runs the foreign aid program, he said, has more than 6,000 abroad and 2,200 here, and the State Department's payroll shows 24,000, over 16,000 serving abroad.

JFK to Talk to Press

WASHINGTON (AP) — President Kennedy plans to hold a news conference Thursday at 11 a.m. (Pontiac time). White House Press Secretary Pierre Salinger said yesterday he would give consideration to any requests for live coverage by radio and television networks.

Office Training Leads to Good Jobs for
pbi Mature Women

Mature women are now finding good jobs and high salaries in the business world.

A shortage of well-trained office employees has shown bosses that the mature woman's experience is a real asset. She now is eagerly sought.

If you are such a woman, you can learn business skills—or brush up on former skills—with a quick course here.

The cost is low. Instructors are experienced and understanding. You will soon have the abilities and confidence you need for an office position.

Thousands of mature women have entered office work recently. You, too, can do it, with our training and the help of our Placement Service.

Phone our office for more facts. We will be happy to discuss your opportunity in office work. But do act now.

Some Folks Leave on Trips, Others Are Arriving Home

Arriving in Madrid, Spain, by jet flight last week, Mrs. Edward B. Leland, with her daughters Sharon and Katherine, were met by Capt. Leland who is serving with the U.S. Air Force there. After a short vacation in Madrid, the family will proceed to Zaragoza, Spain, where Capt. Leland is stationed.

Mrs. Leland and the girls have been living with her parents, the Harley Levelys, of Illinois Avenue. His parents are the Edward H. Lelands of Middle Belt Road. The Lelands' daughter Jeanne flew in from Milwaukee last week to wish her sister-in-law and nieces bon voyage.

★ ★ ★

The Russell Bassetts returned to their East Iroquois Road home on Saturday after a six-week vacation in California.

They were guests of their son-in-law and daughter, the Herbert Bauers at Irvingdale, and met their new grandson Herbert Russell who was baptized March 18 at the Sierre Madre Methodist Church, Sierre Madre.

Godparents for the infant are the Rt. Rev. Ivol I. Curtis, bishop of Los Angeles, and Mrs. Raymond L. Cole of Lincolnshire Drive, Waterford Township. The senior Bauers were hosts at a dinner party on the Saturday evening preceding the baptism. Their guests included the Rt. Rev. and Mrs. Curtis, the Bassetts and the junior Bauers.

★ ★ ★

A son, David Michael, was born March 21 in Pontiac General Hospital to the Richard N. Siviters (Barbara D. Johnson) of Drayton Plains.

Grandparents of the baby are the Raymond F. Johnsons of Elizabeth Lake Road and the John N. Siviters of Commerce.

Mr. and Mrs. Earl Barker (Joyce Amsden) of Maumee, Ohio, are receiving congratulations on the birth of their second child and first son William Earl Monday in Toledo.

The infant was born on the birthday of his maternal grandfather Arthur Amsden, Clarkston. Paternal grandparents are the Donald A. Barkers, Menominee Road.

★ ★ ★

Mrs. Arthur Forton of Detroit was the weekend guest of Mrs. Mary Wagner of Oriole Road.

★ ★ ★

Due to a change of employment, Mr. and Mrs. F. M. LeRoy of South Avery Road, Waterford Township, are now making their home in Tallahassee, Fla.

★ ★ ★

The Donald G. Osbornes, newcomers to Red Mill Drive, announce the birth of a son, James Ryan, March 6 in Pontiac General Hospital.

Grandparents of the infant are the Ryan W. Thompsons and the James H. Osbornes of Rainelle, W. Va.

★ ★ ★

Juanita Christie, daughter of Dr. and Mrs. Howard Christie, of Wing Lake, flew in from the College of Mount St. Joseph, near Cincinnati, Ohio, to be godmother to Peter Vincent Bronsing, who was baptized recently in St. Joseph Church, Lake Orion. John Roscobb of Mt. Clemens was the godfather.

Peter was adopted Feb. 28 by the Vincent Bronsings of Walter's Lake, Clarkston.

★ ★ ★

Mrs. Lonnie Joe McGill (Linda Hallmark) is presently visiting her parents, the Patrick L. Hallmarks of Clarkston, en route to Chicago to join her husband in their new home. The McGills have been living in Blytheville, Ark., since their marriage.

June vows are planned by Arlene Ruth Glaske, daughter of the Ernest E. Glaskes, Houston, Texas, to Melvin A. White, son of the Howard L. Whites of Avondale Drive, Sylvan Lake. She is an alumna of University of Michigan where her fiance is studying dentistry.

Bringing Up Baby®

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

I think you'll find most doctors will agree that it's more important for your baby to learn to like to eat than how much he eats. Forcing never made a baby a bigger or better eater, a variety of good-tasting food often has.

Menu variety not only lays the foundation for future good eating habits but teaches baby the delights of many different flavors. Gerber offers over 50 creamy-smooth strained foods so you can rotate colors and kinds of food. Here's a sample Gerber menu that's designed to tune up a taste bud or two.

Gerber® Menu Magic
Beef High Meat Dinner
Creamed Spinach
Orange Pudding Topped with Peaches
Formula or Milk

*Gerber Baby Foods now wear a brand new, Shop-Easy label with the variety name right at the top. Speeds shopping time, makes quick selection a cinch.

Incentive plans. A good-sized, brightly colored ball gives a creeper a wonderful incentive to "go, go, go". When you have time, drag a pull-toy slowly across the floor and watch your creeper scamper after it. Fun for both of you!

Creepers will be socially acceptable on your carpets in Gerber Baby Pants. Made of soft, polyvinyl film, they're waterproof, leak-proof, acid-proof. Won't stiffen, will stay soft for the life of the pants. Amply cut to allow for growth. Pull-on or snap-on styles. Medium, large, extra large — all machine washable.

Grandmother gift. If grandmother sits for you from time to time, here's a nice way to say "thank you." Draw an outline of baby's hand on a couple of linen fingertip towels and embroider in gay colors. She'll be pleased with the personal touch. Gerber Baby Foods, Fremont, Michigan.

New officers of Pontiac Young Women's Christian Association Board of Directors were elected and installed during the board's March meeting.

★ ★ ★

Re-elected president was Mrs. Fred Stimpert of Drayton Plains. Vice presidents are Alice Serrell of Rochester, and Mrs. Edward Ladd. Secretaries are Maude Chambers, recording; and Avis Carey, corresponding. Mrs. Richard Balmer was elected treasurer.

Chairman of the nominating committee was Mrs. William A. Crisp Jr. and Mrs. Fred Haushalter installed the officers.

★ ★ ★

Mrs. Stimpert was presented a silver charm bracelet with a miniature gavel. A gold charm bracelet was presented to Amy Krueger who became the Pontiac association's first Honorary Board member at the seventeenth annual meeting in February.

★ ★ ★

Hospitality chairman Mrs. Ladd served dessert and coffee. She was assisted by Miss Krueger and Mrs. Everett Russell.

Unit Observes Anniversary

Sixteen members of Chapter CL, PEO Sisterhood, met Monday noon at Rotunda Inn for a luncheon celebrating the eighth anniversary of the chapter. The business meeting and program were held later at the East Hammond Lake Road home of Mrs. Charles Buck.

Elden Johnson, of Pontiac Northern High School and former special education teacher at Fairlawn School in Pontiac State Hospital, was the speaker. His subject was mental health.

Golden Age Club to Hold Dinner

The Golden Age Club of Waterford will hold a cooperative dinner Friday at the Waterford Community Center on Williams Lake Road.

There will be card playing and dancing at the 6:30 p.m. affair open to everyone over 60.

SALLY ROSE SAMSON

The Manley J. Samsons of Mount Clemens announce the engagement of their daughter Sally Rose to Raymond L. Jenkins, son of Mr. and Mrs. Newton L. Jenkins of Middle Belt Road, Orchard Lake. Both are Michigan State University seniors.

Reread Your Tarzan Books, Abby Told Again and Again

By ABIGAIL VAN BUREN

DEAR ABBY: What do you mean Tarzan and Jane were NOT married. They most certainly were!

ABBY

For your information they were married on page 312 in "The Return of Tarzan" by Edgar Rice Burroughs. Professor Porter, Jane's father, was an ordained minister and he performed the ceremony.

Librarian

DEAR LIBRARIAN: My thanks to you (and to the hundreds of other Tarzan fans) who informed me of my error. Many other librarians have written me that, since that letter appeared in my column, there has been a run on the Tarzan books.

★ ★ ★

DEAR ABBY: How can a girl, who is five feet eleven inches tall, get a date with a man who is at least as tall as she is? All the runts run after me. I have been a skyscraper ever since I was 13, and no one will know how I suffered in high school. I outgrew every boy I ever went with.

I am not horsy. I am graceful, have a nice complexion and I don't act loud. I would like to dance with a fellow for a change who comes up higher than my belt buckle. Can you help me? I hear there are actually clubs for tall people.

TOO TALL

DEAR TOO TALL: There ARE clubs for tall people. Check with your Chamber of Commerce. They can give you the local contact. But remember, kindness, integrity and goodness don't come by the linear foot.

★ ★ ★

DEAR ABBY: Your Italian correspondent is wrong. NO ONE eats pizza with his "fingers." It is eaten with the mouth.

ANOTHER SON OF ITALY

One spruce tree of about 225 pounds will provide newsprint for 180 newspapers of 38 pages.

Dache Gives Rules

You Men: Watch That Hat

By JOSEPHINE LOWMAN

I have always thought that a hat can make as great a difference in a man's appearance as it can in a woman's, possibly a greater difference since men do not have hairdos to help the wrong hat. The wrong hat can make a man look like a thug while the right hat can make the same man look like a diplomat.

Many men like to have their wives help them select their hats but few women know what rules to follow. With this in mind I went to that internationally famed milliner, Lilly Dache, who has put so many beautiful hats on so many women for so many years.

Miss Dache had some very definite ideas about hats for men. She pointed out that a woman may buy a hat to match her costume or her mood. A man in the wrong hat will get a laugh, as every joker knows.

She feels that what a man wants in a hat may be a sense of self-assurance, a touch of maturity or sophistication, or youthful verve and confidence. A hat can also add stature and improve the complexion and coloring, and balance the face and figure.

Miss Dache noted that "present trends in hat styles for men go along with the trim look of narrow coat lapels, slim neckties, neat shirt collars and the like, but by and large, a man does well to study his own most flattering styles and shapes and choose accordingly."

Lilly Dache feels that some men, like some women, can be quite dashing and carefree in their choice of headgear but for most men she says:

"A tall slender man should try a tapered medium crown, a brim that's not too narrow and a contrasting band to break up height and give a horizontal dimension. And tall men should tilt the hat a bit to one side.

NEEDS HAT

"The slender fellow who is short may eschew elevator shoes but he really needs a hat for added stature.

"Tapered crown and turned up brim are usually best for him. Ordinarily a narrow brim is to be recommended but a too narrow brim may appear too juvenile for a slight thin face.

"The short, plump man should avoid all extremes in dress and so his hats should be moderate in crown and brim. A low crown would make him look shorter while a narrow brim would make him look heavier than he really is."

★ ★ ★

Men with big ears may want to avoid brims that are too narrow. This designer who reminded me that expert hatters say a man with a receding chin looks best in a low tapered crown with a narrow band and a shallow snap brim. An oversize nose may get some optical correction from a slightly tilted hat, as may a jutting jaw or some similar facial irregularity.

Cora Bailey PTA Meets Thursday

Cora Bailey Parent Teachers Association will meet Thursday at 7:30 p. m. to elect officers and hear a talk on the "Problems of Children." Mrs. Fern Perrin, head of the visiting teachers, will be featured speaker preceding the scheduled business meeting.

★ ★ ★

Nominees for office are: president, Mrs. Keith Brown; vice president, Mrs. George Pappas; teacher vice president, Mrs. Elwin Hodges; father vice president, Keith Brown; secretary, Mrs. Charles Hobgood; and treasurer, Mrs. Edward Hoffmaster.

Refreshments will be served.

March Coiffures in Windy Orbits

The wild March hair. The windy, blustery March days are here. Protect hair with hat or scarf. Wind is not only destructive of hair-do, it is drying.

★ ★ ★

Another March beauty hint. Before going out, give the skin a quick weather conditioning by patting on a mild astringent like good quality witch hazel.

Church Groups Hold Meetings

Twenty-three members of the Ladies Guild of the Oakland Avenue United Presbyterian Church met Thursday in Fellowship Hall. Mrs. Percy Blynn and Mrs. Edna Matheny were cohostesses.

The 90th birthday of Mrs. Ada Mortenson was honored and new member Mrs. Charles Hollerback was welcomed.

Rev. Theodore Allebach gave devotions. Mrs. Allebach and Mrs. George Reissman were guests.

A cooperative luncheon is set for April 26 in Fellowship Hall.

The Dorcas Class met last week in the Drayton Plains home of Mrs. David Wagner, with Mrs. Guy Caswell, vice president, presiding. Members answered roll call with a Bible verse. Mrs. Myrtle Dare and Mrs. Caswell assisted the hostess.

Twenty visits to the sick were reported for the month.

ACCEPTED BY MANY!
Model of New Miniature Hearing Aid Given

A most unique free offer of special interest to those who hear but do not understand words has just been announced by Auditone. A true-life, actual size replica of the smallest Auditone ever made will be given absolutely free in addition to a free hearing test to anyone answering this advertisement. Wear-test it in the privacy of your own home without cost or obligation of any kind. It's yours to keep, free. The size of this Auditone is only one of its many features. It weighs less than a third of an ounce and it's all at ear level, in one unit. No wires lead from body to head. Here is truly new hope for the hard of hearing.
These models are free while the limited supply lasts, so we suggest you call or write for yours now. Again, we repeat, there is no cost and certainly no obligation.

Tigers Blow Lead With 2 Out in 9th, Lose to Yanks

From The PRESS BOX

Havana Radio yesterday blasted what it called criminal methods of professional boxing in the United States in the critical injury of Cuban Kid Paret.

★ ★ ★

Jake Gibbs, a $100,000 bonus boy, was among six players farmed out yesterday by the Yankees. Another was pitcher Al Downing, who finished 1961 with the club.

★ ★ ★

Veteran official Max Macon says he will never work another game for Kentucky hoop coach Adolph Rupp. "I just got tired of taking the abuse," says Macon. Rupp claims he had asked that Macon not be allowed to handle any future Wildcat games. Macon is a minor league pitching coach for the Detroit Tigers.

★ ★ ★

Italy's famous "Mille Miglia" open road auto race has been called off this year. It was to have been held in June and toned down to little more than a rally so officials decided not to lend "a glorious name to an event no longer glorious." Numerous deaths had caused the "toning down."

AP Photofax

DEFENDS JUDGMENT—Referee Ruby Goldstein (right) and New York State Athletic Commission counsel James P. Fusscas leave the commission hearing room yesterday. Goldstein defended his action in not stopping the Emile Griffith-Benny Paret fight sooner.

SPORTS

Marquette Cagers Hit With Suspension

MILWAUKEE, Wis. (UPI) — Three Marquette University students, including two varsity basketball players, have been suspended from classes for breaking into a school building to obtain a copy of a history examination.

★ ★ ★

The suspension, described as a "stopgap measure" was imposed yesterday by Marquette's dean of men, the Rev. John Holbrook.

Father Holbrook said the final decision of the Marquette disciplinary committee would replace his action in the next two or three days.

Starting basketball center Len Jefferson, 21, of Selma, Ala., and reserve forward William Johnson, 21, Chicago, along with Joseph T. Carberry, 21, Chicago, were taken into custody yesterday.

All are juniors and Carberry is an "A" student, Father Holbrook said.

CHASED BY POLICE

The youths were chased by police after a brother had reported he saw three persons going into a building housing the history department.

Father Holbrook said the break-in was regarded by the university as an intellectual and moral problem rather than a legal matter for authorities, and the students were released to the university after questioning.

They told police they had broken into the building in an attempt to get an advance look at a history test they were scheduled to take yesterday.

Special assistant Dist. Atty Hugh O'Connell said he was not going "to be holier than the church" in the matter, but indicated he would want a full report on the disposition of the case by the Jesuit school.

★ ★ ★

Jefferson broke into the starting basketball lineup about midseason, and save for an injury suffered near the end of the year was a starter thereafter.

Johnson started a few games in the early part of the year and was then sent to the bench. He transferred to Marquette last year from Parsons Junior College, Parsons, Kan.

AP Photofax

FORCED AT SECOND—Jake Wood, Detroit Tiger second baseman, is forced at second in the third inning of yesterday's exhibition game with the New York Yankees. Second baseman Bobby Richardson of the Yanks makes a throw to first in a futile attempt to double Bubba Morton. New York won 6-5 in 10 innings.

Misjudged Fly, Errors Combine for 6-5 Defeat

Colavito Homers Twice, Boros, 2 Yanks Once; Casale Hurls Well

FORT LAUDERDALE, Fla. (AP) — The Detroit Tigers are at it again.

The Bengals blew a three-run lead in the last of the ninth inning, and saw the New York Yankees, tie the score, then win the game, 6-5, in the tenth inning.

Two errors on a routine grounder and a misjudged fly ball led to the Tigers' downfall.

John Blanchard started the ninth with a pinch-hit home run.

With one out and a man on first, Tom Tresh grounded to Jake Wood for the second out. Pedro Gonzalez, who had singled, went to second on a wild pitch and scored on a Don Lock single.

Tom Timmerman walked Joe Pepitone, and Tiger manager Bob Scheffing called in relief ace Terry Fox.

Elston Howard picked on Fox's first offering and sent a groundder to Dick McAuliffe. The Tiger shortstop juggled the ball for one error, then threw the ball past Jake Wood, scoring Lock with the tying run.

LONG FLY

Blanchard singled with one down in the tenth and raced home when Gonbales sent a high fly over Bubba Morton's head which rolled to the 401-foot sign. Morton's last-second leap at the ball was too late, and the Yankees had their 12th victory in 16 games.

Five homers were hit, and there were six errors in the long battle.

Rocky Colavito had two circuit clouts and Steve Boros banged one for Detroit, while Mickey Mantle contributed the other for the winners. Both of Colavito's blasts landed over 400-feet away from home plate.

Gonzales was told before the game started that he had been optioned to Richmond of the International League.

LOSING PITCHER

Fox was the losing pitcher, with Frank Caprin picking up the win for the Yankees.

Jerry Casale started for the Tigers and gave up three hits and no runs in five innings. He fanned three and walked one.

Leo Marentette worked three innings before Timmerman took over in the ninth.

The loss gave the Tigers a 6-9 exhibition record.

Paret Still in Coma, Griffith Prays

NY Governor Studies Report of Title Bout

Doctors Says Chances 10,000 to 1 Against Complete Recovery

NEW YORK (AP) — Benny (Kid) Paret continued in a coma today as Gov. Nelson A. Rockefeller studied a rush report by the State Athletic Commission on the grudge fight that cost Paret his world welterweight title—and maybe his life.

★ ★ ★

A medical bulletin from Roosevelt Hospital, reported that the Cuban-born boxer was in critical condition and the outlook was "extremely grave."

★ ★ ★

Emile Griffith, the new welterweight champion who battered Paret senseless at Madison Square Garden Saturday night, said in a radio interview:

BAD DREAMS

"It's all a nightmare. . . . I pray for Benny's recovery very fast. It's all in God's hands."

The State Athletic Commission, which supervises boxing, went into secret session Monday under orders from the governor, who had said he was "deeply concerned and disturbed."

★ ★ ★

The commission viewed films of the fight, which was seen by millions on television, and heard testimony from nine witnesses.

★ ★ ★

The principal witness was referee Ruby Goldstein, who has been criticized by the Paret camp for not stopping the fight sooner in the 12th round when Griffith kept bashing Paret's head, caught between the ropes.

After the hearing, the commission Monday night rushed a report to the governor's New York City office. It was transmitted by teletype to Rockefeller at the executive mansion in Albany.

KEPT SECRET

Contents of the report were not made public immediately.

Dr. John Crisp, a chief surgical said Paret is being maintained under hypothermia (treatment to lower his body requirements.)"

"There has been little discernible change since his admission Saturday night," Crisp added.

"A tracheotomy (an incision into the windpipe) has been performed to ease breathing, and blood and intravenous fluids administered as needed. No further operation at this time is contemplated."

★ ★ ★

Crisp said at a news conference that the chances are 10,000 to 1 against Paret's ever regaining full control of his body after the brain damage he suffered. The doctor said that if he lives he might remain in a coma for a year or more."

Brain surgery was performed on Paret early Sunday.

Abolishment Cries Follow Beating

Newspapers both here and in Europe today expressed horror at the savage beating Benny (Kid) Paret took in losing his world welterweight championship to Emile Griffith last Saturday.

Some even called for the abolishment of boxing. Legislators in both New York State and in Europe called for the sport to be outlawed.

★ ★ ★

Some of the comment:

Dan Parker, sports editor of the New York Mirror: "The sport should be abolished. Public conscience has been so numbed to the abuses which are ignored by its regulatory bodies that it takes something like the Benny Paret case to awaken public opinion to the seriousness of a menace which television has compounded by bringing sordid spectacles into millions of American homes in the guise of sporting events."

CALLED PRIMITIVISM

New York Post: "Boxing is organized primitivism conducted for the financial gain of many dubious characters who never get into the ring. It should be outlawed."

★ ★ ★

New York Journal American: "This revolting incident may well give professional boxing a bigger black eye than the revelations of gangster influence which the people who control this so-called sport have been reluctant to shake off."

★ ★ ★

Paul Menton, sport editor of the Baltimore Evening Sun: "Various investigations are likely to show no negligence. Paret apparently was a healthy 25-year-old fighter in good physical condition until he became unconscious."

Los Angeles Times: "National television can not long hope to offer public executions as entertainment. Boxing is in the docks today and the charge is 'murder.' The degree is not important. The indictment is overwhelming, a true bill written in the blood and tears of the victims of the most savage sport known to man since Nero and the Lions."

SHADY BUSINESS

Lloyd Larson, sports editor of the Milwaukee Sentinel: "That was a sickening, downright revolting sight as the fight came to an end. . . . The majority of the people involved in boxing have been and still are far short of the model citizen class. . . . Operations are on the shady and irresponsible side which removes the last defense for the sport."

Hartford, Conn., Courant: "Perhaps this incident may be enough to cause a revision in our national thinking. Perhaps even a realization of what a violent nation we have become. Fighting is a brutal, bloody business."

★ ★ ★

Atlanta Constitution: "In a few more seconds Paret might have been killed right there in the ring before a national television audience. Each blow landed on the defenseless Paret pounded a little more life out of an already wobbly sport."

London Daily Herald: "The fight is expected to lead to new demands for a ban on professional boxing."

SOME SHOCKED

London Daily Sketch: "The most murderous world title fight in history has shocked some of the big names in boxing."

Le Figaro of Paris: "This fight certainly will have repercussions."

New Champ Can't Sleep

NEW YORK (AP)—Three days after he regained the world welterweight championship, Emile Griffith walks the streets of New York sleepless, haggard, grim-faced.

"No," said Griffith today, "I haven't had much sleep. I've been doing a lot of thinking and praying."

★ ★ ★

"I haven't seen him (Paret)," Griffith said. "I was at the hospital a couple of times. Once they wouldn't let me upstairs. When I went back some of Benny's friends were in the hall and I decided that I'd better not go in."

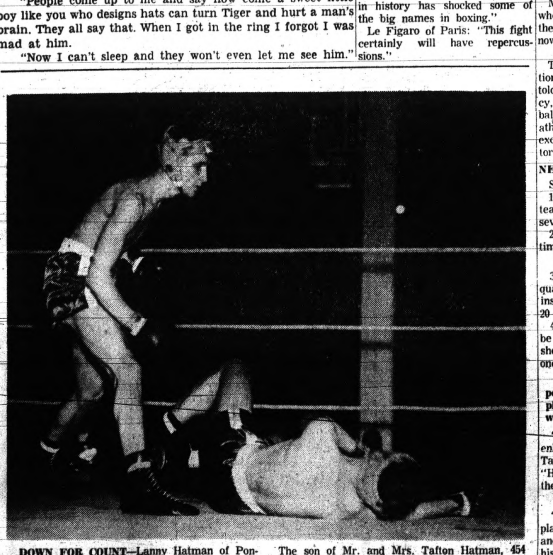

Griffith, a hat designer when he isn't in the ring, is tormented by the fact that there were hard feelings between him and Paret before the fight. He is the first to admit it.

"Now," he said sadly, "they're trying to get me to say I wanted to kill him. All I wanted was to be champion again. I didn't want to hurt him.

★ ★ ★

"People come up to me and say how come a sweet little boy like you who designs hats can turn Tiger and hurt a man's brain. They all say that. When I got in the ring I forgot I was mad at him.

"Now I can't sleep and they won't even let me see him."

DOWN FOR COUNT—Lanny Hatman of Pontiac won the Kyushu Inter-Service Welterweight Novice Boxing Championship recently with a second round knockout (above) at Sasebo, Japan. The son of Mr. and Mrs. Tafton Hatman, 454 First St., he is in the navy stationed aboard the carrier Yorktown.

Atlanta 500 Delayed to Saturday by Rain

ATLANTA (AP) — Fifty-one race cars, their radiators drained and batteries disconnected, will remain under lock and key until Saturday, new date of the Atlanta 500.

Rain, which arrived seven hours ahead of schedule, washed out the big 500-mile stock car race Sunday. Raceway officials had to settle for the Saturday date because the racing calendar of the National Association for Stock Car Auto Racing was filled.

At stake is approximately $60,000 in prizes. First place is worth at least $15,000.

Stengel's Experiment Backfires by 18-8

By The Associated Press

With only two weeks to go before New York's spanking new Mets begin firing in earnest, Casey Stengel wanted to take a good long look at one of his frontline pitchers—Jay Hook.

It turned out a shattering experience — for the grizzled old Case and for the young right-hander.

★ ★ ★

Facing the Baltimore Orioles Monday before a meager turnout of 736 spectators at Miami Stadium, Hook was belted with abandon as the American League club bombed the new National League entry 18-8.

The Orioles rocked Hook for six innings, clipping him for 17 of their 21 hits and 16 of their runs, with a finishing burst of 9 hits and 8 runs in the sixth. Then they collected two more runs and four hits against rookie Evans Killeen.

FIVE HOMERS

Included in the outburst against Hook were two homers by Dave Nicholson, and one each by Brooks Robinson, John Powell and Russ Snyder.

The 25-year-old Hook, a $125,000 premier player drafted by the Mets from Cincinnati, was distraught at the pounding but emphasized he held no grudge against Stengel for leaving him in. And the manager commented:

★ ★ ★

"I left him in there because I want to make him a starting pitcher—a nine inning pitcher — and he worked the equivalent of nine innings. Anyway, I don't think it hurt him. And it might make a better pitcher of him."

Elsewhere in exhibition action —the streaking St. Louis Cardinals made it eight in a row, shading the Cincinnati Reds 7-6; the New York Yenkees tripped the Detroit Tigers 6-5 in ten innings; the Houston Colts trounced the Los Angeles Angels 7-0; the Los Angeles Dodgers beat the Milwaukee Braves 7-3; the Pittsburgh Pirates edged the Chicago White Sox 10-9; and the Chicago Cubs hammered the Cleveland Indians 10-4.

MORE POWER

A seven-run explosion in the fourth inning, started by Ken Boyer's bases-empty homer and climaxed by Minnie Minoso's homer with two on, enabled the Cards to top the Reds. Cincinnati had jumped ahead 5-0 against Curt Simmons before the Cards found the range against Jim Maloney.

★ ★ ★

A grand slam homer by Joe Amalfitano, plus the four-hit pitching of Bob Bruce and Jim Umbricht paced the Colts over the Angels. Bruce allowed just two hits in his seven innings of work.

★ ★ ★

The Dodgers raked Lew Burdette for five runs in five innings for all they needed against the Braves. Jim Gilliam led the winners with two doubles and a single, raising his spring average to a lofty .552.

The Pirates got by the White Sox despite a batting spree by Joe Cunningham, who whacked homers his first three times up and added a single on his fourth try. Pittsburgh, getting homers from Bill Mazeroski and Roberto Clemente, smacked Early Wynn for six runs in three innings and Juan Pizarro for four more in the next two.

Can't Beat Yanks

Russia Asks Changes in Basketball Rules

MOSCOW (AP — The Russians, who never have been able to beat the United States in basketball, now want to change the game.

★

The coach of the Soviet's national team, Stephan Spandaryan, told Tass, the Russian news agency, in an interview that basketball "must become more skillful, athletic, faster and, hence, more exciting for players and spectators."

NEW IDEAS

Spandaryan's suggestions:

1. Increase the size of each team from five players to six or seven.

2. Permit substitution without time out.

★ ★ ★

3. Break the game into four quarters of 10 or 12 minutes each instead of having two halves of 20 minutes each.

4. Cut the period the ball may be held under the net before a shot from 30 seconds to 20 seconds.

Spandaryan said the most important proposal was that of replacing players during the game without stopping play.

"The new rule would greatly enhance the role of the coach," Tass reported from the interview. "He becomes an active player, the conductor for the whole team.

★ ★ ★

"He will have to foresee the replacements on the opposing team and regulate the composition of his own accordingly. Other conditions being equal, his actions will become decisive for victory."

The Russians have made this proposal to the International Basketball Federation, which sets the Olympic rules. They were told to try out the novelty first and then report back to the ruling body.

Three games have been played in Russia under the new rules, Tass said, adding: "The comments were unanimous: The game became more dynamic, aggressive, much more interesting to watch."

★ ★ ★

The suggested rules changes will be brought up again at the time of the next world's championship in December.

'MUST BE CHANGED'

Spandaryan said also the tactics of the game must be changed to become "more simple and economic."

Victory, he added, goes to those teams "who succeed in becoming the master of the situation under the opponents' net."

So the Russians, the coach said, will put greater emphasis on boys 2 meters tall (6 feet, 6¾ inches) and better.

"Contemporary basektball rules out the participation of athletes of small size," he added significantly.

No Changes at Hialeah

MIAMI, Fla. (AP) — Hialeah Park's directors re-elected all officers and directors and declared a $2.50 dividend at their annual meeting Monday.

Eugene C. Mori was named president-treasurer and his father, Gene Mori, board chairman of the horse racing plant.

Halas Defends NFL in Big Antitrust Suit

BALTIMORE (AP) — The National Football League, nearing the end of its defense in a $10 million antitrust suit, was expected to call George Preston Marshall to the stand today.

Marshall, president of the Washington Redskins, once opposed expansion of the NFL.

The American Football League, which filed its suit in U.S. District Court, contends the NFL moved into Dallas and Minneapolis-St. Paul to undermine the formation of the new league.

★ ★ ★

George Halas, majority owner, general manager and coach of the Chicago Bears, testified Monday that the NFL planned its move into Dallas long before the AFL was founded.

Halas said he was named chairman in 1958 of an expansion committee charged with exploring a move into the South and West.

First Call for Schedules

All area prep coaches and athletic directors are requested to send their complete spring sports schedules to the sports dept of The Pontiac Press.

AP Photofax

WINS FIRST MONEY—Winner of the $50,000 Miami Invitational golf tourney, Bill Casper Jr. (right), shakes the hand of Paul Bondeson, the runnerup. Casper shot a 283 for 72 holes to take first money of $9,000. Bondeson fired 284.

In Close Golf Finish

Bill Casper Edges Nervous Rookie

MIAMI, Fla. (AP)—It was right there for the taking—a bundle of cash bigger than he had yet dared to dream of, and an upset golf victory of major proportions.

Paul Bondeson, a remarkable young player at 22, but still a bit gun shy in the company of the great, had it right in his hands in Monday's final round of the $50,000 Doral Country Club open.

But when the showdown came on the final holes, and the $9,000 winner's purse rode with every stroke, the tournament-tested veteran, Bill Casper, pushed through to win in dramatic fashion over the nervous rookie.

PRESSURE GOLF

Leading Casper by four strokes through the 11th, Bondeson got the jitters and lost his entire margin on two straight double bogies. They were all even going into the 15th. Here Casper lived up to his reputation as one of the game's best putters by dropping a 35-footer to take the lead.

The blonde, gray-eyed Bondeson still had a chanec to salvage a deadlock and force Casper into a sudden death playoff when he steped up to try for a 10-foot birdie putt on the 18th.

The pressure was fierce on the youthful newcomer who had won only $192.50 in 15 pro tournaments. His ball rolled around the rim of the cup but wouldn't drop.

"I thought he had made it," said Casper, who was afraid to look. "But when I heard the gallery groan, I knew I had lucked out on him."

FIVE UNDER

Casper wound up with a 71 for a four-round total of 283, five under par, and one stroke ahead of Bondeson, who slipped to a 73.

The green youngster still won $4,600 for second place, sufficient money to keep him on the tour at a time when he was about to give up for lack of funds and return to Northbrook, Ill., where he is a teaching pro.

Casper's victory boosted him from 16th to fourth among 1962 golf money winners with a total of $15,048.

Jack Nicklaus, who has competed in only 10 tournaments, took third in the Doral at 285 and won $3,000, the biggest purse of his career.

The old master, Ben Hogan, tied with Ted Kroll for fourth at 286.

Arnold Palmer's 11th place finish and $1,230 check made him the year's biggest money winner with $15,408. The previous leader, Gene Littler, finished out of the money.

2 Michigan Golfers Win Senior Matches

ST. AUGUSTINE, Fla. (AP) — Fred Riggin of Port Huron, and C. J. Farley of Grand Rapids, were in contention today at the start of the second round of the Ponce De Leon senior amateur golf tournament.

★ ★ ★

Riggin, 77-year-old "dean" of the entries, won his opening match over James Derr of Syracuse, N.Y., 4 and 2 yesterday. Farley defeated Gabe Summers of Jacksonville, Fla., 2 up.

Riggin faced Walter Cope of Jacksonville, Fla., today and Farley was matched against Francis Francis of Nassau, Bahamas.

Pontiac Golfers Honored

By BILL CORNWELL

Three Pontiac golfers were named to the Michigan Publinx Golf Association's first annual honor roll in the MPGA's annual spring meeting at Maple Lane Golf Club.

Mike Andonian, Wally Smith and Roy Iceberg were among the state's top 10 public links players on the inaugural honor roll, which pays tribute to those who made the best competitive showings last year.

Andonian, runnerup in the 1961 Michigan Amateur and a quarter-finalist in the National Public Links tournament, was ranked 3rd. Smith took 6th place and Iceberg 7th.

Detroit's John Molenda, National Public Links finalist last summer, was rated No. 1. Ypsilanti's Doug Wilson, state publinx match play champion for the past two years, occupied 2nd spot.

Completing the honor roll were: Jay Law, Harper Woods, 4th; Roy Cullenbine, Detroit, 5th; John Kurach, Detroit, 8th; Claude Dwight, Detroit, 9th; Lee Gohs, Detroit, 10th.

For the first time since 1957, the MPGA will have a new president this year. Iceberg, state publinx prexy for the past four years, has stepped down in favor of Royal Oak's Don Nelson.

The 32-year-old Nelson, former U. of D. team captain, was elected president at the Maple Lane meeting.

★ ★ ★

Other newly elected officials were: Doug Woody, Detroit, 1st vice president; Stan Sabat, Birmingham, 2nd vice president; Charlie Barker, Pontiac Board of Directors; Ray Cane, Detroit, Board of Directors.

Barker replaces Sal Pomante of Hazel Park on the board while Cane is replacing Tom Stevens of St. Clair Shores.

Reelected to their offices for another year were secretary Pete Baker of Detroit and treasurer Clyde Bates of Highland.

Guest speakers at the meeting, including Don Soper, president of the Michigan PGA, and Dearborn's Ralph Ellstrom, the state publinx group's new USGA representative. Ellstrom is replacing Ed Atlas, who has retired.

★ ★ ★

Fourteen events dot the MPGA calendar this year, highlighted by the national tourney July 9-14 at Tonawanda, N.Y. The complete schedule:

May 6—MPGA Handicap, Maple Lane.
May 19—Quad-City 16-man team match, Morey's.
May 21-27—MPGA Best Ball, Sylvan Glen.
June 3—MPGA Handicap, Romeo.
June 14—D. & Amateur Public Links qualifiers, Franklin Hills and Plum Hollow.
June 21-24—State Publinx Match Play Championship, Lincoln Golf Club, Grand Rapids.
July 9-14—U. S. Amateur Public Links Championship, Sheridan Park Golf Club, Tonawanda, N.Y.
July 28-29—MPGA 54-hole medal play tournament, Bob O'Link.
Aug. 15—MPGA Handicap, Idyl Wyld.
Aug. 25—MPGA 4-man team handicap best ball (tentative, course to be announced).
Sept. 1-3—George Sadowski Memorial Best Ball tourney, Rochester and Bunnybrook.
Sept. 9—MPGA Handicap, Morey's.
Sept. 29-30—MPGA vs. Golf Association of Michigan in 16-man team challenge match at Black River.
Oct. 7—MPGA Handicap, Lilac Brothers Golf Club.

IN BERMUDA TOURNEY—William Lightbody (left), 1498 Yosemite St., Birmingham, and Dr. Richard Graft of Madison, N.J., check their scorecard after the opening round of the Bermuda Invitational Amateur Golf Tournament. Lightbody lost, 2-up, to Dr. Graft. The eventual tourney winner was Warren Tibbetts of Manchester, N.H.

National AAU Cage Tourney Starts in Denver

DENVER (AP) — A dozen teams scattered from Jacksonville, Fla., to Spokane, Wash., and from Porterville, Calif., to the nation's capital were called to action today in the national AAU basketball tournament.

Two games in the abbreviated opening day program last night cut the starting field to 22. The two winners plus those winning today and tonight will advance to tomorrow's second round of eight games.

They will be joined by eight other teams that drew first round byes. Among them are top-seeded Denver Truckers, Bartlesville, Okla., seeded second; Akron, Ohio, third, and the Marine All-Stars from Quantico, Va., fourth.

The way the bracket is set up, if these four teams sidestep disaster in the next two days, they will reach the semi-finals Friday night — Denver against the Marines, and Bartlesville against Akron, Ohio.

A new champion will be crowned Saturday night as the Cleveland Pipers, winners in 1961, joined the American Basketball League this season.

Carl Hunter's 28 points paced San Diego to a 69-62 victory over Denver YMCA in the tournament' initial game last night. Then Denver Sports Center outscored Calhoun (Ga.) 99-76 despite a fine shooting performance by playing coach Billy Bearden of the Georgians, who racked 36 points.

College Golfers Vie

HOUSTON (AP) — The All-America Intercollegiate Invitation meet, one of the top college golf tournaments, will start at Pine Forest Country Club tomorrow.

Boxing Savagery Easiest to Condemn

By BOB CONSIDINE

NEW YORK — It is somehow easier to condemn the savagery of boxing than that of any other sport. Many times as many American boys died or became hospital cases as a result of football injuries last season than succumbed to or were winged in boxing.

★ ★ ★

There was even a death in Little League Baseball, and quite a few in swimming. Probably some heart attacks in tennis, golf, handball and the like.

★ ★ ★

But the pitilessness of Saturday night's slaughter in Madison Square Garden gave it special evil. Anybody who had seen more than two fights in his life must have known that Benny Paret was terribly hurt there in the 12th round. He hung from the top rope, braced by the angle of the ring's corner, like a man suspended from a noose. A man who had been hanged was then dogged.

The New York State Athletic Commission, which countenances the fraudulent buffoonery of professional wrestling, and endows these obscenitites with a licensed referee, or accomplice, also takes a light view of men's lives in the brutally honest business of fist-fighting. It will not permit a wounded gladiator's handlers to throw in the towel, or re-cognize that soggy flag of surrender if it is thrown.

Under the law, if Paret's handlers had tried this appeal to mercy on Saturday night, and that alone stood between him and his opponent, Paret would never have left the ring alive.

★ ★ ★

Referee Ruby Goldstein has explained since that in the past he has been pilloried for stopping fights too soon, when, in his judgment, a loser was taking too inhuman a beating. True, but it seems to me that Ruby went the other way in the slaughter in question. He should know that entreaties of "stop it, stop it!" do not necessarily always come from blokes who will win a bet if action is indeed suspended.

TANGLED IN ROPES

Paret could not fall. He could not fall because of the ropes that snared him like a trapped animal and the torrent of calculated punches with which he was being struck by his dervish of an opponent. The cruel impact of those punches did as much to keep Paret upright as anything else. Certainly, there was no rigidity left in his legs. He must have been knocked out not once but, in effect, four or five times — with attendant damage to his brain.

And we wince at bullfighting!

There was an era in baseball when catchers, beginning with Roger Bresnahan, were hooted at for wearing shinguards and chest protectors. The catcher's mask came even later. It wasn't until the last few years that the wearing of plastic helmets became universal for major league batters. Willie Mays, the last of the holdouts in that respect, will be protected this year as he takes his turns at the plate.

So why not bigger, softer gloves for fighters? Or some kind of headgear, perhaps not as cumbersome as that worn in training, but effective? Nobody — not even those who cheered viciously as Paret was beaten to the brink of death — paid admission to the Garden to witness manslaughter.

★ ★ ★

Somewhat less gore would have sufficed, and kept the endeavor at least loosely in the framework of sport. What it turned out to be was not sport, as we remember sport. It possessed all the sporting tradition that must well in the breast of a sledge-hammer swinger in an abbattoir.

Monday's Fights

By The Associated Press

SYDNEY, Australia — Sid Prior, 147½, Australia, stopped J. D. Ellis, 137½, Trenton, N.J., 5.

NEW YORK—Angel Morales, 115, New York, outpointed Ronnie De Cost, 111, Brooklyn, Mass., 8.

PANAMA—Pedro Carvajal, 107, Panama, outpointed Ernesto Barrera, 111½, Mexico, 10.

290 Game Rolled

Georgia, Carter Fives ABC Classic Threats

DES MOINES, Iowa (AP) — Brunswick of Atlanta, Ga., and Don Carter Gloves of St. Louis, threatened leaders in the Classic Division team race of the American Bowling Congress Tournament Monday night by getting off two of the best starts in the 6-game professional team test.

The Brunswicks, with a 714 series by 22-year-old Ralph Brunt, rolled 3138, best 3-game opening block of any Classic team so far. Team games of 1061, 1035 and 1042 gave the Atlantans a shot at the lead of 6233 posted on March 20 by the Fresno Bombers of Fresno, Calif. They will need a 3096 series tonight to take the lead.

The Don Carter team, this year's national match team game champions, posted a 3052 series before nearly 4,000 fans who turned out to see Don Carter, Dick Weber, Ray Bluth, Pat Patterson and Tom Hennessey.

THIRD BEST

Bluth led the team with a 632 series and the total was third best opening block by a Classic team. Patterson had 626, Hennessey 627, Carter 610 and Weber 567.

Jerry Coplan of Vincennes, Ind. and Gene Skelton of Evansville, Ind., bowled together for the first time as partners Monday and took over the lead in regular division doubles with a 1335 score.

Coplan had a 90 game to close out his series and Skelton a 238 for 528, third highest doubles team game in tournament history.

Coach Bryant Said Run Down, Must Stay Home

TUSCALOOSA, Ala. (AP) — Paul Bryant, University of Alabama football coach, has canceled all away-from-home engagements for about three months on his doctor's advice.

★ ★ ★

Bryant said Monday that he had a checkup two weeks ago and that his doctor told him he was run down.

"He said there's nothing wrong that work won't cure but to do it at home," Bryant added. "So I've canceled all engagements for a while."

That includes his plans to coach in an all-star game at Buffalo, N.Y., June 23.

Palmer Takes Lead in Golf Earnings

MIAMI, Fla. (AP) — Arnold Palmer vaulted from third to first place in professional golf's 1962 money winning ranks Monday with his 11th place finish and his $1,230 earnings in the Doral Country Club Open.

He passed Gene Littler, who finished out of the money here, and Phil Rodgers.

Palmer has picked up $15,408 this year to $15,362 for Littler and $15,216 for Rodgers.

Bill Casper's $9,000 purse for winning the Doral event boosted him from 16th to 4th in the standings with $15,048.

Washington State Now Eligible for Big Five

LOS ANGELES (AP) — Dr. Arthur R. Kooker, faculty athletic representative at the University of Southern California, says Washington State University is eligible for membership in the Big Five Conference.

"Washington State has raised its entrance requirements to where they are comparable to the University of Washington," said Dr. Kooker. "I am sure WSU will be the first addition to the conference."

Cup Semifinals Open at Toronto and Montreal

Hawks Given Chance to Repeat; Rangers Confident

By The Associated Press

The defending champion Chicago Black Hawks tangle with the revenge-minded Montreal Canadiens and the New York Rangers meet the Toronto Maple Leafs tonight as the best-of-7 Stanley Cup semifinals get under way on two National Hockey League fronts.

★ ★ ★

The Hawks, who carted home the cup last year after the Canadiens had won it five years' running, are in Montreal for the first two games. The Rangers, who haven't made the playoffs since 1958, and the Leafs will play their first two games in Toronto.

Despite finishing third in the regular-season race, the Hawks are rated a chance to whip the Canadiens because they have the greater size (important in a short series), the league's top goal-getter (Bobby Hull) and one of the most effective goalies (Glenn Hall).

Furthermore, Montreal's speedy center, Henri Richard, is sidelined with a broken wrist.

The Canadiens' big problem will be to stop Hull, the 23-year-old whiz who scored his 50th goal of the season Sunday to tie the record of most goals in a single campaign held by Rocket Richard and Bernie (Boom Boom) Geoffrion.

GOOD SHOOTING

Hull has scored 35 goals in the last 31 games.

The Rangers, who barely squeezed into the playoffs, finished in fourth place. They lost all seven of their games at Maple Leaf Gardens in the regular season.

"We're going to surprise a lot of people and win the first series," said Ranger general manager Muzz Patrick bravely when the team arrived in Toronto. "We're in good shape physically. We're going into the series on high momentum. We've been playing better lately."

★ ★ ★

Only right winger Ken Echinkel is sub-par for the Rangers. He has a sore knee. Bert Olmstead will be on the sidelines for the Leafs and Carl Brewer is a doubtful starter.

★ ★ ★

The Rangers are basing most of their hopes on the fact that this is an aging Leaf team they are playing — one that is apt to tire in a red-hot series.

Berenson Inks Pact for NHL Playoffs

MONTREAL (AP) — Gordon (Red) Berenson, star forward of the University of Michigan hockey team will join the Montreal Canadiens in the start of the Stanley Cup playoffs tonight.

★ ★ ★

The Canadiens announced yesteray that Berenson, 23, had signed a contract after completing a four-game tryout with the club.

Berenson made arrangements with school officials to miss two weeks of classes, then agreed to terms in a telephone conversation with Montreal officials. Terms of the contract were not disclosed.

Two problems had to be ironed out before the Canadiens decided to sign the six-foot, 185-pound center at this stage of the season.

The club had to get permission from the university since Berenson hasn't completed his undergraduate studies.

DRAFT MOVE

Then it had to be decided whether it was worthwhile to keep him because the signing means he'll have to be protected from the NHL draft next summer.

Berenson played well in his professional baptism during the last week of the season and Claude Provost, scoring one goal and assisting on two others.

The goal was a big one. It was the fifth in Canadiens' 5-2 victory at Detroit last night and enabled the club to break its own league record for most goals in one season, 259.

★ ★ ★

Berenson was born in Regina and in 1958 played in the world amateur hockey championships with the Belleville, Ont., McFarlands.

★ ★ ★

He was an All-America center on the Michigan hockey team the last two years and also was the Western Collegiate Hockey Association's leading scorer with 40 goals and 27 assists this year.

He was in his last semester at the university when the Canadiens decided to give him a trial.

Berenson becomes the second U.S. college player to make the grade in the NHL in reecnt seasons.

★ ★ ★

Bill (Red) Hay was signed to a professional contract by the Canadiens in 1958 after starring with Colorado College.

The Canadiens later sold Hay to Chicago for $25,000 and with the Hawks he has developed into one of the best centers in the NHL.

Hoop Title League's First Since 1947

Valley Proud of Saginaw

By BILL CORNWELL

The Saginaw Valley Conference, now nine members strong, was one big happy family Saturday evening after Saginaw downed Benton Harbor to win Michigan's 1962 Class A high school basketball championship.

It was the first state crown for a Valley power since 1947 when Flint Northern seized the throne by defeating Port Huron.

Saginaw became the 8th Valley quintet to win a state title in the 37-year history of the MHSAA-sponsored event.

The Trojans' victory brought them their 2nd crown. Larry Laeding, dean of Valley cage coaches, also was at the helm when Saginaw annexed its first title in 1942.

Three Valley members currently own all of the loop's state titles, Flint Northern heads the list with five crowns (1933, 1936, 1939, 1940 and 1947). Arthur Hill conquered Kalamazoo Central in 1944 to post the Valley's other Michigan title.

GAIN REVENGE

Saginaw's conquest of the Tigers Saturday at East Lansing evened an old score. The Trojans lost to Benton Harbor, 34-28, in the 1941 state finals.

The Trojans owe their occupancy of the throne room to fabulous Ernie Thompson, whose out-of-this-world effort sent happy Saginaw fans into orbit.

Saginaw's 6-foot-3 jumping jack, who must appear to be 6-10 when he leaps into space to grab a rebound, tallied 68 points in two nights to pace the Valley kings to their state crown.

Thompson scored 36 to lead the rout of Detroit Pershing in Friday's semis, then climaxed his brilliant prep career with 42 markers in the finals. His spree against Benton Harbor set a new tournament record.

Saginaw's annexation of the crown vindicated The Associated Press pollsters who had voted the Trojans No. 1 throughout the season.

★ ★ ★

The win over the Tigers concluded a spotless 21-0 mark for Saginaw, which lost only once in 19 games last season.

Put this all together and Saginaw boasts the remarkable attainment of 39 wins, just one loss, two straight Valley titles and a climactic state crown.

Most of the credit for this phenomenal success can be traced directly to the peerless Thompson, who has numerous college scouts bidding for his services, including U. of M., MSU, U. of D. and Western Michigan.

★ ★ ★

River Rouge also made the pollsters look good by winning its 2nd consecutive Class B title and 5th in the last nine years. Rouge, which ruined Northville's perfect 20-0 slate in Friday's semis, was rated No. 1 all season.

Rouge ended the season with a 25-1 record as coach Lofton Green's incomparable machine smashed East Grand Rapids into tiny bits.

Muskegon Christian (20-6), unranked during the regular season, won its 2nd state title at Kalamazoo Christian's expense in Class C.

Flint St. Matthew won the first Class D crown in the school's history by trimming Brimley from the Upper Peninsula. The Matts posted a 24-1 record.

All attendance records were broken during the weekend wind-up, the MHSAA announced. There were 26,240 fans at eight semi-final games and 37,080 saw the four state finals for a total of 63,320. Another 35,279 watched the quarter-finals, a record grand total of 98,599.

Lucas, Other Stars Picked

Pistons Draft DeBusschere, Harding

NEW YORK, (AP) — Jerry Lucas of Ohio State, and the University of Detroit's Dave DeBusschere were selected as territorial draft choices to open the National Basketball Association's annual draft yesterday. Lucas went to the Cincinnati Royals, DeBusschere to the Detroit Pistons.

★ ★ ★

Billy McGill, national scoring leader last season with a 38.8 game average, was the first choice of the Chicago Packers. The Packers had first choice following territorial picks.

The New York Knickerbockers, who had been after McGill, selected Paul Hogue, 6-foot-9 center for Cincinnati's NCAA championship squad.

Zelmo Beatty of Prairie View, Texas, NAIA small college titlist, was the first pick of the St. Louis Hawks.

Other first round choices were Len Chappell of Wake Forest, Syracuse, Wayne Hightower, former Kansas player now playing amateur basketball in Spain, Philadelphia; Leroy Ellis of St. John's of New York, Los Angeles, and Ohio States's John Havlicek, Boston.

NAME HARDING

Territorial choices counted as first round choices for Cincinnati and Detroit.

The Pistons pulled a surprise in the fourth round when they selected Reggie Harding, former Detroit Eastern all-stater. Harding, 19, a seven-footer, played high school beseckeball in Nashville, Tenn., last season. His high school class in Detroit graduated last year.

Under league rules, a high school player may be drafted if he does not enter college and has been out a full year, which clouds Harding's status.

Other players picked by the Pistons were, in order, Kevin Loucery, St. John's; Harold Hudgens, Texas Tech; Lindberg Moody, South Carolina; Ed Noe, Morehead State; John Bradley, Lawrence Tech; Mike Rice, Duquesne; and Bill Nelson, Hamline.

NEW YORK (AP) — This is the order of the college draft Monday by the National Basketball Association:

CHICAGO — Billy McGill, Utah; Terry Dischinger, Purdue; Don Nelson, Iowa; Charles Vaughn, Southern Illinois; Cornell Green, Utah State; Bil Hansen, Washington; Jerry Arden, Tulane; Larry Burtiful, Kentucky; Carroll Broussard, Texas A&M.

ST. LOUIS—Zemo Beaty, Prairie View (Tex.); Bob Duffy, Colgate; John Barnett, Grambling; Jerry Groce, Loyola, Calif.; Tom Hatton, Dayton, Ohio; Jay Carty, Oregon State; Bob Morse, Marshall; Terry Bal, Washington State; Marvin Trotter, Elizabeth City.

NEW YORK—Paul Hogue, Cincinnati; John Budomekin, Southern California; Bob Reason, Western Kentucky; Cliff Luk, Florida; Bob Burgess, Marshall; Ken Stanley, U. Pacific; Richie Swartz, Hofstra; Warren Fouts, Oklahoma; Paul Bmec, Duquesne.

SYRACUSE—Len Chappell, Wake Forest; Chet Walker, Bradley; Porter Merriweather, Tennessee State; Bob McCully, St. Bonaventure; John Windsor, Stanford; Len Van Eman, Wichita; Bob Sharpenter, Georgetown; Jerry Harkness, Loyola, Chicago; Vince Brewer, Iowa State.

CINCINNATI—Jerry Luca, Ohio State; Bod Olsen, Louisville; Chris Appel, Southern California; Jack Thobe, Xavier Ohio; Mike Wronkowski, Kansas State; Jerry Foster, Drake; Gary Cunningham, UCLA; Ed Bento, Loyola, Los Angeles; Chris Jones, Carson-Newman.

DETROIT—Dave Debusschere, Detroit; Kevin Loughery, St. John's; Harold Hudgens, Texas Tech; Begie Hardy, Detroit high school; Lindberg Moody, South Carolina; Ed Noe, Morehead State; John Bradley, Lawrence Tech; Mike Rice, Duquesne; Bill Nelson, Hamline.

PHILADELPHIA—Wayne Hightower, Kansas; Hubis White, Villanova; Dave Feder, Purida State; Garry Roggenburg, Dayton; Jack Jackson, Virginia Union; Jim Hudock, North Carolina; Bill Montgomery, Pan American; Bill Kerwin, Xavier, Ohio; Tom Kiefer, St. Louis U.

LOS ANGELES — LeRoy Ellis, St. John's; Gene Wiley, Wichita; Johnny Green, UCLA; Jan Loudermilk, Southern Methodist; Art Whisnant, North Carolina; Bucky Keller, VMI; Seventh round pass; Bill Garner, Portland; Bill Matson, Minnesota.

BOSTON — John Havlick, Ohio State; Jack Foley, Holy Cross; Jim Hadnot, Providence; Roger Strickland, Jacksonville; Gary Daniels, The Citadel; Jim Hooley, Boston College; Cyde Arnold, Duquesne; Chuck Chevalier, Boston College; Mike Chester, Brown.

DeBusschere Faces Trotters on April 6

DETROIT (UPI) — Dave DeBusschere, the University of Detroit's finest basketball player, will make his pro debut here April 6 at Olympia Stadium when he teams with the United States Stars against the Harlem Globetrotters.

★ ★ ★

Abe Saperstein, owner-coach of the Globetrotters, announced yesterday that DeBusschere had agreed to play for the Stars in the spring series which will pit the clubs against each other in games at Detroit, Cleveland, Fort Wayne, Chicago, Cincinnati, Moline, Ill., St. Louis and Denver.

If DeBusschere sings a contract with Saperstein, it will end his college career at U-D and make him ineligible to play basebell for the Titans this spring. He is a pitcher.

Pistons Host Los Angeles Tonight Needing Victory

DETROIT (AP) — The Detroit Pistons, outshot, out-rebounded and outplayed by Los Angeles in the first two games of their best-of-seven playoff series for the National Basketball Association Western Division crown, hope for better things tonight in the switch to Detroit.

★ ★ ★

Los Angeles holds a 2-0 edge in the series, gained on the coast last weekend.

★ ★ ★

If the third game in the series tonight isn't exactly on a home floor for the Pistons, at least it isn't in Los Angeles. The Pistons haven't won a game in Los Angeles since the Laker franchise was moved there two years ago.

Tonight's game will be played at the University of Detroit Memorial Building, a court the Pistons haven't played on since last year's first round Western Division playoff with the Lakers. The Pistons won both games on the U-D floor in that series, but again were beaten by their inability to win in LA.

★ ★ ★

Piston Coach Dick McGuire said he plans on using Walter Dukes and Bob Ferry, his two big boys, on the floor at the same time in an attempt to counteract the Laker scoring punch of Pfc Elgin Baylor and Jerry West.

"We had them in the game together Sunday and the combination helped reduce a 23-point deficit to seven points,' McGuire said. "But we can be in real trouble if both get into foul trouble."

★ ★ ★

Thursday's game will move into Convention Arena, where the Pistons have played most of their home games this season. Then it's back to Los Angeles Saturday if necessary.

Americans Win First Matches in Puerto Rico

SAN JUAN, Puerto Rico (AP)—Ron Holmberg of Brooklyn and Crawford Henry of Atlanta won first round matches Monday in the Puerto Rico International Tennis Tournament.

Holmberg defeated Cliff Hourston of Puerto Rico, 6-0, 6-1 and Henry ousted Alberto Carrero, also of Puerto Rico, 6-0, 6-0. Roy Emerson of Australia, top seeded, eliminated Ronnie Othenberger of Puerto Rico, 6-2, 6-3.

★ ★ ★

Maria Bueno of Brazil led the favorites among the women, beating Cindy Golbert of Puerto Rico 6-0, 6-0. U.S. Champion Darlene Hard of Montebello, Calif., advanced by default over Grace Valdes. Christine Truman of England defaulted to Maria Habicht of Brazil because of illness.

Colorado Considers Davis for Grid Job

BOULDER, Colo. (AP)—Signs point to William E. (Bud) Davis as the new football coach for Big Eight champion University of Colorado.

★ ★ ★

The naming of a coach to succeed Everett (Sonny) Grandelius was put off until today by the CU regents at a meeting Monday.

Athletic director Harry Carlson said that the regents are considering someone currently on campus for a possible one-year contract.

★ ★ ★

That narrows the choice to Davis and several members of the Grandelius staff including end coach Bob Ghilotti and defensive coach Charles (Chuck) Boerio.

Grandelius was fired March 17 because of alleged violations of recruiting rules of the Big Eight and NCAA.

★ ★ ★

Davis, 33, is a former high school coach, and now CU alumni director.

Browns Add Fullback

CLEVELAND (AP)—The Cleveland Browns announced Monday that they have obtained Charles Scales, reserve fullback for the Pittsburgh Steelers, in exchange for an undisclosed draft choice.

Check Ex-Tank Champ

HONOLULU (UPI) — Former Olympic swimming champion Duke Kahanamoku was admitted to Kaiser Medical Center yesterday for what hospital officials termed a "medical investigation."

The hospital declined to comment on the 71-year-old patient's ailment other than to say he was being observed following a check-up.

Bank Buys Pool Hall

MIAMI, Fla. (AP)—A Miami bank recently bought a pool hall.

★ ★ ★

It wasn't intended as a recreation area for tired executives. The bank explained the building, adjoining the bank, was considered an eyesore. So it will be remodeled and leased as an attorney's office.

Hull Is Official Scoring Champ

Beats Out Bathgate on 22 More Goals; Plante Top Goalie

MONTREAL (AP)—Bobby Hull of the Chicago Black Hawks is the National Hockey League's official scoring champion for the 1961-62 season, although he and Andy Bathgate of the New York Rangers tied with 84 points.

★ ★ ★

The league office, reporting the final statistics today, said Hull will receive the scoring trophy because he scored 50 goals to 28 for Bathgate, but each will receive a $1,000 bonus that goes to the scoring leader.

VEZINA WINNER

The Vezina Trophy, for the goalie of the league's least scored-on team, will go to Jacques Plante of Montreal for the sixth time. Plante allowed 166 goals in 70 games, an average of 2.37 goals per game. In addition to the trophy, Plante also gets a $1,000 bonus.

★ ★ ★

Hull—also champion in 1960—wound up with 50 goals—matching the season record set by Rocket Richard and matched later by Boom Boom Geoffrion. Bathgate was the leader with 56 assists.

The final scoring leaders:

	G	A	Pts
1. (tie) Hull, Chicago	50	34	84
Bathgate, New York	28	56	84
3. (tie) Howe, Detroit	33	44	77
Mikita, Chicago	25	52	77
5. Delvecchio, Detroit	26	43	69
7. Backstrom, Montreal	27	38	65
8. Ullman, Detroit	26	38	64
9. Hay, Chicago	11	52	63
10. Provost, Montreal	33	29	62

GETS AWARD — Painter Charles Sheeler was named yesterday in New York as the recipient of the American Academy of Arts and Letters' Award of Merit medal. He also receives $1,000 prize with the 1962 medal. His paintings are stark and classical done in bright colors with a great deal of white.

Ex-Dem Chairman, Guilty of Mail Fraud

WASHINGTON (AP) — John R. Franco, former Democratic chairman in Michigan, was convicted yesterday of 15 counts of mail fraud.

A district court jury found Franco guilty of ordering shipments from suppliers of costume jewelry and novelty items, with no intention of reimbursing the suppliers.

Asst. U.S. Attorney Luke C. Moore charged that Franco, 54, used a telephone answering service, a rented warehouse and a misleading "credit rating" to create the impression of a responsible and prospering enterprise.

'U.S. Is Served by U.N., Must Keep Leadership'

WASHINGTON (AP) — Undersecretary of State George W. Ball says the United Nations serves American national interests and the United States should continue as its "leading member."

Ball gave this strong defense of Kennedy administration stress on the United Nations yesterday in a speech which aides described as a major rebuttal to recent criticism.

Sen. Henry M. Jackson, D-Wash., last week said the United States should rely less on the United Nations and more on military power, a stronger Atlantic community and direct diplomacy.

This and other comments from influential persons, among them past U.N. supporters, have disturbed administration leaders.

Astrological Forecast

For Wednesday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (Mar. 21 to Apr. 19): The challenge of competition should prove exciting. Permit inventive powers to shine through. Take new steps in new directions. Exercise independence of thought, action.

TAURUS (Apr. 20 to May 20): Appreciation for efforts of others key to your success. Others look to you for encouragement, particularly members of your family. Help fulfill their needs.

GEMINI (May 21 to June 21): Budget matters should be checked . . . and it would be good idea to analyse "emotional" budget, also. Are you wasting energy trying to obtain something you really do not need?

CANCER (June 22 to July 21): Wonderful day to conserve energy. Not so good for striving to get your way. Best to lean back and survey situation, both personally and professionally. Play waiting game and you win.

LEO (July 22 to Aug. 21): A day in which pettiness is to be avoided at all costs. If choice is between buying and penny pinching . . . be willing to spend. What counts is that you are true to yourself.

VIRGO (Aug. 22 to Sept. 22): Now you can speak up . . . and put thoughts on paper. Great for advertising and for letting others know what you have to offer. Today could bring surprises.

LIBRA (Sept. 23 to Oct. 22): Your own judgment apt to be best today. Well-meaning friends could misguide you. See not only immediate outcome . . . but also future possibilities. Security is a key word.

SCORPIO (Oct. 23 to Nov. 21): Emphasis on meeting new people, experimenting, self-expression. Try to view the day as one of opportunity. Best to be active rather than sit back and brood.

SAGITTARIUS (Nov. 22 to Dec. 21): Study details where financial transactions are concerned. Don't ignore fine print or take word of those who assure you everything is in order. Ask questions . . . get answers.

CAPRICORN (Dec. 22 to Jan. 20): Lunar cycle nearing peak. You can rely upon own judgment now. Relax! Tension has been mounting . . . now crisis should be over. If opportunity for improvement presents itself . . . grab it.

AQUARIUS (Jan. 21 to Feb. 18): Be considerate of those in less fortunate position. This includes visits, a note of thanks or encouragement. A self-centered attitude could cause regret. Be generous.

PISCES (Feb. 20 to Mar. 20): Tendency is to rush. Better take time to check speed. Review goals, desires. Be sure you are not going after something which does not exist.

IF WEDNESDAY IS YOUR BIRTHDAY . . . year is one in which you browse, work, iron out details. By October, you begin to "see the light." Remember that your efforts will pay off. You have been through testing period. It is likely that you are going to "pass" with flying colors.

GENERAL TENDENCIES: What previously seemed "far away" could startle by becoming reality. Better not be in position of one who scoffs . . . only to find he is scoffing at truth. This could be day when "dreamers" prove to have been the most practical. Those under SAGITTARIUS, CAPRICORN, AQUARIUS.

Senate Returns to Schedule

Southerners End Poll Tax Filibuster

WASHINGTON (AP)—The Senate goes back to its regular schedule today after Southerners suddenly broke off their 10-day talkfest against an antipoll tax amendment.

★ ★ ★

Senate leaders now feel the amendment will sail through the Senate by the end of the week.

★ ★ ★

The debate, which stopped committee hearings and held up other legislation, ended late Monday. The Senate then agreed 62 to 15 to take up the minor bill—to make Alexander Hamilton's home a national monument—that will serve as the vehicle for the amendment.

DIRKSEN CONFIDENT

After the vote Senate Republican Leader Everett M. Dirksen of Illinois told newsmen he was confident the matter would be cleaned up this week with overwhelming passage of the amendment.

★ ★ ★

Senate Democratic Leader Mike Mansfield of Montana said he was quite hopeful of the same outcome. One Southern senator said privately he felt the final vote would come by the end of this week.

The Southerners had tied up almost all Senate business with their word war, but they folded late Monday without using all of the weapons at their command.

DIDN'T BOTHER

Each senator was entitled to speak twice, but several Southerners did not bother to make their second speech, even though they oppose the poll tax ban.

★ ★ ★

The sudden decision to end the speeches apparently meant the Southerners fighting the antipoll tax measure were convinced they had built up a satisfactory record of opposition with the voters in their home states.

SINGLES OUT PAIR

Contributing to this, Mansfield took occasion to single out Sens. Lister Hill, D-Ala., and John Stennis, D-Miss., as the chief obstructionists against Senate action on the matter.

While Hill and Stennis listened smilingly, Mansfield described his two colleagues as "bulldoggers" who had gone to great lengths to prevent a vote. He accused them in a gentlemanly way of "holding my feet and the Senate's feet to the fire."

It seemed obvious Mansfield felt the sooner he could help establish Southern opponents' positions with the home voters, the quicker he would get a roll call test in the Senate.

★ ★ ★

Once the vote hurdle was cleared, Mansfield quickly relaxed the pressure he has maintained on his colleagues.

Ask Study of College for Saginaw Valley

LANSING (AP) — Eight House members called last night for appointment of a legislative committee to look into the possibility of establishing a state-supported college in the Saginaw Valley area.

★ ★ ★

The area is one where there may be a need for a four-year state institution, the resolution said.

The school would serve Saginaw, Bay, Midland, Iosco, Arenac, Huron, Tuscola and Sanilac counties.

★ ★ ★

The Seeate has passed and sent to the House a bill to set up a vote on expanding the recently created Delta College, serving Midland, Saginaw and Bay counties, into a four-year institution.

Seven Legislators Honor Colleague Clare Hoffman

LANSING (AP)—Seven Michigan legislators have honored Congressman Clare E. Hoffman, R-Allegan, who has served 14 terms in the U.S. House of Representatives.

A concurrent resolution honoring Hoffman, who plans to retire at the end of his present term was introduced in the House last night.

It was sponsored by Republican Reps. Edson V. Root Jr., of Bangor; Ben E. Lohman of Hamilton, Andrew W. Cobb of Elsie, Carroll C. Newton of Delton, Floyd E. Wagner of Cassopolis, Gain Handy of Eau Claire and Don R. Pears of Buchanan, speaker of the House. All are from Hoffman's congressional district.

★ ★ ★

The resolution called Hoffman "dean of the Michigan delegation in Congress" and characterized him as "a sharp-witted, sharp-tongued trial lawyer."

Selected Issues Resist Trend

Stock Mart Decline Continues

NEW YORK (AP)—The stock market continued an irregular decline in moderate trading early this afternoon but steels and selected issues resisted the trend. Tobaccos were still weak.

Losses of most key stocks were small, a few stretching to a point or so. Tobaccos were an exception, some declines in that group running to around 3 points.

The tobaccos were still reacting to attacks on cigarette smoking here and abroad. Street opinion was that most of the selling came from foreign sources.

Steels perked up on news that the steel labor negotiators are very close to a new contract agreement and they held their gains even after top steel negotiators denied a published report that a basic agreement on a new wage contract had been reached.

★ ★ ★

News of a sharp decline in machine tool orders in February was discouraging but the rise in living costs to a new record in February was bullish.

American Tobacco and Philip Morris fell about 4 apiece, Liggett & Myers around 3 and Lorillard more than 2.

Burroughs (ex dividend) topped a long advance by losing 2⅞ at 49⅜ on successive blocks of 15,200 and 4,200 shares.

Other large transactions included: Pennsylvania Railroad, off ¼ at 16 on 12,800 shares; and El Paso Natural Gas, off ¼ at 24¼ on 8,300 shares.

★ ★ ★

Prices were mixed on the American Stock Exchange. Trading was moderate. Beck Shoe was down a point while Murray Ohio Manufacturing and Insurance Co. of North American fell more than a point. Other losers were Hamilton Electro, Molybdenum and Miami Industries "A." Up about a point were Airport Parking "A" and Irving Air Chute. Other gainers included Wood Newspaper Machinery, Gulf American Land, Syntex and Canaveral International.

Bond Prices Moving Up

NEW YORK (AP)—Bond prices were steady to a shade higher in spots at the opening of trading today.

Over the counter dealers in U.S. government bonds quoted intermediates and long issues up 1/32 or 2/32 in quiet dealings.

Most of the corporate list traded on the New York Stock Exchange was mixed. Rails edged upward and showed the only moves amounting to a full point or more.

They included New York, Lackawanna and Western 4s by 1¼ at 44¼ and Chicago, Indianapolis & Louisville 4½s by 1⅜ at 29⅜.

★ ★ ★

Fractionally higher were: Pennsylvania Railroad 4½s of 1981 at 74½, Republic Steel 4¾s at 100⅞ and New York Telephone 3⅜s at 86.

'Half of '62 Shy of GNP Goal'

Commerce Secretary Says Economy to Miss the Mark, but No Crisis

WASHINGTON (AP) — Secretary of Commerce Luther H. Hodges said today the economy will operate below the expected levels through the first half of 1962, "but not enough to be disturbing."

Hodges told a news conference that the gross national product (GNP) — the value of all goods and services produced — will fall to match, through June, the forecasts on which the administration's January budget message was based.

He declined to give any probable figures for GNP but other sources said the annual rate for the first three months of 1962 would be about $550 billion. The original forecast was for $553.5 billion.

★ ★ ★

Hodges' was the first administration figure to concede that the second quarter forecast — of between $565 billion and $570 billion — will not be reached.

"I think generally speaking, the pattern of consumer spending, about which we have worried in the past few months, has gotten a little brighter," he said. He noted that personal income is back at record levels while auto deliveries are running 25 per cent higher than a year ago.

On other subjects, Hodges said the United States probably would reject any official request by either Communist China or North Korea for American wheat and barley.

NOT FROM OFFICIALS

Last Friday, Hodges announced rejection of an American exporter's request for a license to ship $400 million of grain to those Communist countries in Asia. He emphasized at the time that there was nothing on the record to indicate that the grain order stemmed from the governments of the two countries.

Asked if the request might have been granted had the order come from official Chinese and Korean quarters, Hodges said:

"I couldn't answer you positively. My own feeling as of now is that we would probably turn it down."

★ ★ ★

Some observers had felt that an official appeal for grain to alleviate food shortages might have been honored for humanitarian and propaganda purposes.

Waterford OKs Recreation Fund

Township Board Votes $18,219 Appropriation for Coming Year

The Waterford Township Board Monday night approved an appropriation of $18,219.13 to the Waterford Township Recreation Department for the fiscal year beginning July 1.

★ ★ ★

Last Thursday in a special meeting the Waterford Township School Board approved the same expenditure for recreation. Customarily the two contribute on a 50-50 basis and their total allocation makes up the bulk of the recreation department's yearly budget of approximately $48,000.

Township board members discussed a proposed disorderly persons ordinance for the township as drawn up by the township attorney.

They decided that the two Waterford Township justices of the peace should review the ordinance before the board takes action.

ELIMINATES WARRANTS

In effect the ordinance would eliminate the necessity of obtaining warrants from the Oakland County Prosecutor's office.

Board trustee John Coleman objected to the section of the proposed ordinance that dealt with persons in possession of obscene literature.

He questioned whether police officers were qualified to make a judgment on the matter and suggested that some persons might be arrested unjustifiably.

★ ★ ★

Trustee Loren Anderson disagreed, saying that officers are required to judge whether a person is drunk or not. This is a similar decision, he added.

★ ★ ★

In other action board members set April 16 as the date for a hearing on the Edgefield sewer special assessment roll.

Physician Tells of Pain Pills for Martha Raye

HOLLYWOOD (AP) — Actress Martha Raye had taken a couple of sleeping pills before she collapsed of exhaustion on a lonely stretch of Malibu Beach, says her physician.

★ ★ ★

Dr. Morris Katz told newsmen Monday he prescribed the pills to lessen pain Miss Raye was suffering from a fall last week on the set of the film, "Jumbo."

"It was merely a precautionary measure," said Dr. Katz. "Miss Raye has been in terrible pain since her fall in the studio."

The actress was found unconscious on the beach Sunday night. Her daughter Melodye, 18, told sheriff's deputies Miss Raye left her apartment about an hour earlier, saying she was going for a walk.

U.S., Rebels Make Informal Contact

WASHINGTON (AP) — A high-ranking U.S. official says the United States has made informal contact with the Algerian rebel government with full knowledge of France.

★ ★ ★

The official, who would not be quoted by name, said the contacts were made on the working level in Tunis, provisional head Premier Ben Youssef Ben Khedda.

★

The spokesman said the United States fully recognized that France remains responsible for Algerian affairs in the interim period of the cease-fire agreement between France and the rebels.

Feels U.S. TV Nullifies Benefit of Foreign Aid

WASHINGTON (UPI) — Hugh Carleton Greene, director general of the British Broadcasting Corp., suggested last night that the good work of U.S. foreign aid may be undone by U.S. television programs.

★ ★ ★

Greene said Americna western and adventure television programs shown abroad might cause young people to "turn for their ideals elsewhere."

★ ★ ★

"One cannot help wondering whether the good that has been done by program after program of foreign aid is in danger of being undone by the image of America as it appears on program after program on the television screens of the world."

'Papers Point to Nazi's Guilt'

'Documents Drenched in Jewish Blood' Told in Case Against Eichmann

JERUSALEM (UPI) — The State of Israel charged today that hundreds of documents, "all drenched in Jewish blood," point to Adolf Eichmann's guilt in the slaughter of European Jewry.

★ ★ ★

Israeli Attorney General Gideon Hausner opened the fourth day of the hearing on Eichmann's appeal against his death sentence with an assault on Eichmann's defense that he was only a "small cog" in the giant Nazi machines that murdered six million Jews.

Hausner was expected to finish the summation before the Israeli Supreme Court today.

★ ★ ★

Despite Eichmann's attempts to destroy all traces of his activities, Hausner said, "hundreds of documents have survived, all drenched in Jewish blood."

Eichmann, who had been starling at Hausner, dropped his eyes to the floor.

Hausner turned to Eichmann's treatment of French Jews, and especially the deportation of Jewish children to the gas chambers.

DEPORTED CHILDREN

"Eichmann determined when shipments of Jewish children from France were to go out," the attorney general said. "And deportation meant death.

"Documents prove how Eichmann exerted himself to overcome all obstacles in his path which interferred with his work. In France, Eichmann employed all his techniques of deception and camouflage to conceal the Jews."

"Eichmann in all cases refused to make any exceptions for individual Jews. In one case, he said that doing so would prevent 'cleaning out France of Jews.'"

Queen Contest for Married Gals Planned by CAI

A queen contest for married women will be one of the highlights of the Community Activities, Inc., 18th annual fair set for June 15-17.

The search for candidates is now in progress, according to Robert Bauer, director of CAI and chairman of the fair.

A contestant must be married, over 21 and a resident of Waterford Township. Details on entering the contest may be obtained by calling the chairman.

Other features of the fair will be carnival rides, exhibits, games and various contests.

St. Helena has been the island of exile for Napoleon, a Zulu chieftain, a Sultan of Zanzibar and 600 Boer War prisoners.

Army Working on Nerve Gas

Secretary States Russia 'Has Stockpile of Such a War Poison

WASHINGTON (AP)—Asst. Secretary of the Army Fin Larsen says the Army is making considerable progress in developing a nerve gas that could incapacitate large populations for several hours without doing permanent injury. And he says the Russians are stockpiling large amounts of a similar gas.

His statements came in testimony before the Senate Armed Services Committee which was made public yesterday.

Larsen agreed with the chairman, Sen. Richard B. Russell, D-Ga., that the gas could be used by Russia in an attempt to cripple the Western European industrial complex without destroying it.

Sen. Strom Thurmond, D-S.C., said he learned of the gas while attending the Army's command and staff college as a Reserve general.

"At the time it was stated that a gas could be dropped on a city like New York and just disable everybody for a few hours and they could march in — there wouldn't be any fighting," Thurmond said.

★ ★ ★

He said he had seen a film of of the effects of the gas on soldiers.

"They would be marching and they would just drop out and go in different directions and seem to lose their cuilibrium or balance or control."

★ ★ ★

Larsen said the gas "disorients" a person, makes a person incapable of realizing what he is doing. Its effects last quite a few hours.

But, he added, the gas does not produce permanent injury.

New archeological studies suggest that man may have made his first tools — crudely chipped stones — about 500,000 years ago.

Death Notices

ARNOLD, MARCH 26, 1962. THERESA, 651 Kenilworth; age 84; dear mother of Mrs. Lloyd Wilkinson, Mrs. Finley Pulkerson and Frank J. Arnold; also survived by three grandchildren. Interment in Attica Cemetery with graveside service at 3 p.m. Mrs. Young will lie in state at the Voorhees-Siple Funeral Home.

In Memoriam 2

IN LOVING MEMORY OF TECHnical Sergeant, Leonard A. Lyons who passed away 4 years ago today, March 27, 1958.
Our hearts hold you dear.
Fond memories keep you near.
Sadly missed by wife, Catherine and son, Leonard.

IN LOVING MEMORY OF MY daughter Thelma Slater who passed away two years ago today March 27, 1960.
To my heart I hold you, to see her smile.
To sit and talk with her awhile.
To be together, hand in hand.
Would be my dearest wish today.
Sadly missed by her Mother

Balanced Budget Hopes Grow Dim

WASHINGTON (AP) — President Kennedy's hopes for a balanced budget in the coming fiscal year are fading fast, due partly to legislative proposals and partly to the economy's recent sluggishness.

While administration officials refuse to concede that the battle is lost, they are increasingly less certain about achieving their economic and budgetary goals.

* * *

In January, Kennedy proposed spending $92,537,000,000 in the 1962 fiscal year which begins July 1. He foresaw record revenues of $93 billion—enough to produce a slim surplus of $463 million.

The slower rate of economic advance early in 1962 has put the biggest damper on January's optimism. Other factors have added to the potential swing toward continued red ink spending.

BIG ITEMS

For instance, enactment of the public works program which Kennedy proposed Monday would add $350 million to spending. The tax reform bill awaiting House action would subtract $350 million from revenues.

The public works program, for areas of high unemployment, would whittle the indicated surplus to $113 million. The tax bill, if also enacted, would swing the budget into the red by $237 million.

These figures assume, of course, that all other factors would remain unchanged—which they won't. On the one hand, Congress will be paring down the administration's spending plans. On the other, the possibility of a less vigorous economic advance will present a threat to revenues.

* * *

The House Appropriations Committee so far has acted on money bills for five federal departments. It has lopped $290 million from these, much of which would have been spent in fiscal 1962. In addition, failure of Congress to pass the school aid bill would cut another $100 million-plus from indicated spending.

$3 BILLION SHORT?

Whatever amount Congress may chop from spending with its economy ax could easily be more than offset, however, by a revenue decline if the economy continues sluggish.

In the January-March quarter, the gross national products—GNP—apparently totaled about $550 billion, at an annual rate. This would be $3 billion to $4 billion short of January forecasts.

* * *

Administration economists express hope that the balance of the year will see a spending spree by consumers and a step-up in capital investments by business. If both occur, there might be some hope of still achieving the administration's estimate of a 1962 GNP of $570 billion. Instead of a GNP of $570 billion, it now seems more likely that the total will be $565 billion, or perhaps less.

AP Photofax

DOG AND RESCUER — Mrs. Ronald Reinke, 20, braved the honeycombed Lake Superior ice Sunday to rescue this half-breed German shepherd dog. Mrs. Reinke of Duluth, Minn., walked about a block out onto the creaking ice to reach the dog who was suffering from a fractured leg.

Senate Delays Confirmations

Count Sufficient Votes for Inglis but Scholle Seems Out

LANSING (UPI) — James H. Inglis today appeared a good bet to keep his $12,500 a year job as chairman of the Michigan Public Service Commission and get Senate confirmation to the post.

At the same time, it looked like Michigan AFL-CIO President August (Gus) Scholle was on his way out as a member of the State Conservation Commission.

Senate Democrats combined with six Republican "moderates," including Farrell E. Roberts of Pontiac last night to adjourn the session after a two-hour stalemate and put off action on the two controversial appointments by Gov. John B. Swainson until the two coalitions could muster their forces today.

The vote for adjournment was 16-15.

The adjournment headed off a move by Old Guard Republicans to send the two appointments back to the Senate Business Committee.

Inglis, former state racing commissioner, and Scholle would then continue to serve at the pleasure of the governor but without the blessings of the Senate.

The GOP-controlled committee sent Inglis' appointment to the floor last week without recommendation for approval. One committee Republican said the Senate had decided to fire Inglis because of his "attitude on public versus private power" in utilities.

The regular Republicans wanted to send the appointments back to committee last night however after learning in caucus that the "moderates" would side with the Democrats to confirm Inglis if the matter came to a vote.

The moderates-Democrat coalition put off a final vote on Inglis until today to await the return of Sen. John Stahlin, moderate Republican from Belding, who was expected to vote for Inglis.

Two Men Sentenced in Rochester Theft

Two Troy men were sentenced today by Circuit Judge Stanton Dondero for the burglary of the Rochester Radio and TV store Feb. 17.

George Lawrence, 25, of 1210 Glaser St., was given 1-15 years in Jackson Prison. His companion, Rex Chambers, 27, of 1475 Cambria St., was placed on three years' probation and ordered to pay $100 court costs and $462 restitution.

Both men had pleaded guilty to a charge of breaking and entering.

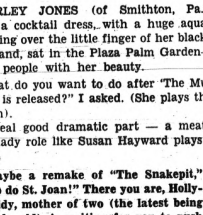

Clerks Union Delays Supermarket Strike

DETROIT (UPI) — Local 876, Retail Clerks Union, today postponed a threatened strike against some 225 southeastern Michigan supermarkets to make another try at reaching agreement on a new contract.

Herschel Womack, business manager for Local 876, said the "last ditch" meeting was requested by officials of the United Supermarket Association and will be held next Monday.

Over the weekend, members of the local voted "overwhelmingly," Womack said, to reject the association's latest offer in bargaining that has been in progress since the old contract expired Dec. 2.

Answer to Last Friday's Puzzle

U Thant Claims Concern About U.N. Unjustified

UNITED NATIONS, N.Y. (UPI) — Acting Secretary General U Thant said certain Western powers were showing "unnecessary nervousness" about the United Nations which is "not at all justified."

* * *

Thant said he agreed with President Kennedy that reliance on regional organizations "should in no way conflict with reliance on the United Nations."

* * *

The Burmese diplomat did not mention criticism of the U.S. role in the world organization made last week by Sen. Henry M. Jackson, D-Wash., but his statement was an obvious reply.

* * *

"As far as this organization is concerned," Thant said, "I feel very strongly that the United Nations has grown in strength, is growing and its influence will, in the future, not be diminished."

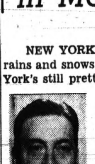

* * *

Only five islands are inhabited—St. Mary's, Tresco, St. Martin's, St. Agnes and Bryher—of the 140 in the Isles of Scilly off the coast of England.

Bad Girls Getting Better in Movies Says Actress

By EARL WILSON

NEW YORK — What a town, what a town. Even when it rains and snows the same day . . . even when it's bad . . . New York's still pretty good.

SHIRLEY JONES (of Smithton, Pa.), wearing a cocktail dress, with a huge aquamarine ring over the little finger of her black-gloved hand, sat in the Plaza Palm Garden—dazzling people with her beauty.

"What do you want to do after 'The Music Man' is released?" I asked. (She plays the Librarian).

"A real good dramatic part — a meaty leading lady role like Susan Hayward plays!" she said.

WILSON Maybe a remake of "The Snakepit," she laughed. "I'd love to do St. Joan!" There you are, Hollywood. Lovely Mrs. Cassidy, mother of two (the latest being Patrick William, 10 weeks old), is waiting for you to push her into the Ingrid Bergman-Olivia DeHaviland League.

* * *

Shirley — who played a bad, bad girl in "Elmer Gantry" and got some letters from mothers who said, "You're my daughter's idol; how could you play such a part?"—told me that she is a much better girl in "The Music Man."

"I think things are leveling off with Hollywood making such musicals as 'Camelot' and 'State Fair' and the girls are going to be better," Shirley said.

"How's your mother going to like you playing a spinster librarian in 'The Music Man' " I asked her.

"I suspect," she said, "My mother's going to adore anything I do."

* * *

THE MIDNIGHT EARL . . .

Roz Russell is reported chickening out on doing her own vocalizing in **"Gypsy"** — but may do it yet . . . **Carole Lawrence'll** be signed for a TV series. . . . **Tommy Sands** is one-third finished with the novel he's writing, about "social problems."

Teresa Brewer's buying an island in the Bahamas.

* * *

. EARL'S PEARLS: Today's child knows the value of a nickel. That's why he asks for a dime.

TODAY'S BEST LAUGH: "They're piping music into Internal Revenue offices," reports Bill Gold. "What's the album —'Music to Pluck Taxpayers By'?"

WISH I'D SAID THAT: Taffy Tuttle's catty description of a girl: "She should make veils popular again."

A comic noted for stealing other gagster's jokes boasted he was going to make a record, "What'll you call it," asked Jackie Kannon, "— 'The Best of Everybody'?" That's earl, brother.

(Copyright, 1962)

County Auditor Talks of Data Automation

Is Oakland County big enough for automation?

County auditor Robert Lilly suspects so. He is calling for a study to determine if the expense of an electronic data processing machine would be warranted.

At a County Board of Supervisors' committee meeting yesterday Lilly promoted spending an initial $25,000 in 1963 to enter the automation field.

* * *

He appeared before the ways and means committee during hearings on a tentative $16,673,208 county budget for next year.

"Do you think we (county government) are big enough for data processing electronically," Harry Horton, Royal Oak supervisor, asked.

"Frankly I don't know, but my preliminary estimate is that we are past due," Lilly replied.

"You have to get at least 80 per cent capacity of such a system to make it worthwhile," declared Horton.

* * *

Lilly pointed out that the $25,000 expenditure would provide for only the first step toward fully processing county data electronically.

* * *

The money, he said, would be used to set up a three-member department, under the board of auditors, to compile and sort data for day-to-day use.

COST WOULD BE HIGH

"A more sophisticated system," Lilly added, "would provide electronic answers needed in many fields of local government by speedily selecting information from a central index.

"Eventually the system's cost would run many times more than your current figure ($25,000)," county planning director George Skrubb noted.

He recommended a complete analysis of every county government operation as it might be affected and to determine what savings might result before any expenditure is made.

"The cost of such a study would be $100,000 at least," Lilly said. He urged an immediate study of what the sorting machine would do, instead, "and let the analysis grow from there."

* * *

Lilly said continued study would indicate the county's further needs and what sayings would be realized by extending the system.

* * *

According to Lilly, automation in local government would not reduce county employment but would release personnel for other duties in the over-all operation.

The ways and means committee reached no decision. The matter was left open for further consideration.

S. Africa Church Raps 'Sinful' Stripteases

JOHANNESBURG, South Africa (AP)—The powerful Dutch Reformed Church lashed out Monday at striptease performances and appealed to the public to have nothing to do with "this sinful occurrence."

* * *

In recent months, new strip clubs have sprung up in such resort cities as Cape Town and Durban. Newspapers have been publishing pictures of strip girls in action.

America's best customers for export are Canada and Japan.

IS THIS JUSTICE?—The miffed expression on this poor poodle's face is not without cause. She was short-changed in the weight department and she's up in the air over it. Owned by Nellie Shroyer of St. Petersburg, Fla., the poodle is three months old and weighs 15 ounces. Mrs. Shroyer says few poodles weighing less than a pound live.

'Northern Segregation Tougher Than Dixie's'

DETROIT (AP)—Informal segregation in the North is a much more serious problem than segregation in the South, a sociologist told 4,000 elementary school principals Monday.

★ ★ ★

Dr. Raymond W. Mack, chairman and associate professor of sociology at Northwestern University, said, "We are rapidly and efficiently breaking down the last legal barriers of segregation in the South. In fact, legal segregation is on its last legs.

WILL TAKE LONGER

"But it will take longer to break down the informal segregation, most of which is in northern cities.

★ ★ ★

"The Southern problem is being solved either by outmigration, or movement of people out of the South, or it is being taken off the hook because their system is vulnerable to law, and so bit by bit it is breaking down."

★ ★ ★

Dr. Mack addressed the Department of Elementary School Principals of the National Education Association.

EFFICIENT SEGREGATION

"In the North, we have unofficial segregation. You cannot take it to the Supreme Court. It is an efficient segregation, based on where you live and where you go to school," Dr. Mack said.

"It is difficult to be a responsible educator and not devote some thought to how this problem of desegregation can be solved.

★ ★ ★

"If you are a professional educator, it is your obligation to fight for educational opportunity without regard to race, color or creed."

JOBS WILL DECLINE

Dr. Mack said that as the degree of automation in industry increases, there will be a decline in the number of jobs which used to be assigned to the lowest grade unskilled workers. He said Negroes were assigned most of these jobs in days past.

★ ★ ★

He urged educators to realize that in the years ahead there will be fewer jobs in the lowest unskilled labor class and that these workers will have to be given educational opportunities to fit them for jobs in higher classifications.

Arab Students Picket Theater; Then Get Theirs

KINGSVILLE, Tex. (AP)—Arab students picketing the Texas theater because of its showing of the movie "Exodus" had competition Monday.

★ ★ ★

Bill Diamond of Lake Jackson, Tex., started picketing the pickets.

The Arabs, students at Texas Arts and Industrial College, claim the movie which depicts the struggle between Jews and Arabs for control of Israel is unfair to their people.

★ ★ ★

Diamond, also a Texas A&I student, said he thought it was a fair presentation.

"Of course," he said, "I'm Jewish."

President Proclaims Youth Fitness Week

WASHINGTON (AP) — President Kennedy has proclaimed the week starting May 6 as national youth fitness week.

"The future strength, welfare and progress of our nation will be determined, in large measure, by the mental, emotional, spiritual, social and physical fitness of its people," Kennedy said yesterday in issuing his proclamation.

Jackie's Stepbrother Divorced in Nevada

LAS VEGAS, Nev. (AP)—Hugh Dudley Auchincloss Jr., 34, stepbrother of Jacqueline Kennedy, has been divorced.

★ ★ ★

Alice Lyon Auchincloss charged mental cruelty and obtained a decree in a closed district court hearing Monday. The court approved a property settlement providing for the couple's 3-year-old twins, May Lillalya and Cecil Lyon Auchincloss.

The couple married Feb. 1, 1958, in Washington, D.C.

Auchincloss is a son of Hugh D. Auchincloss Sr., a Washington broker. The latter married Mrs. Kennedy's mother, Janet Lee Auchincloss, in 1942, two years after her divorce from John Bouvier III, late father of the first lady.

Shoot 'Security Risk'

TAMPA, Fla. (AP) — Armed guards at MacDill Air Force Base shot an intruder to death. The victim was an eight-foot alligator that slithered onto a runway Monday and was considered a hazard to B47 bombers landing and taking off.

BUDMAN'S

Meeting to Focus on the Exchange Student Program

Discussion of the foreign exchange student program will highlight the Greater Waterford Community Council sponsored meeting 8 p.m. Wednesday at Pierce Junior High School.

Mrs. Rachel Andreson, director of the program for the Michigan Council of Churches, and Mrs. William Wright, program chairman for the Michigan Congress of Parent Teachers, will be the speakers.

Mrs. Andreson will explain the workings of the exchange student program, and Mrs. Wright will discuss PTA participation. The meeting is public.

★ ★ ★

The GWCC is trying to raise $300 to bring two students to Waterford Township next year. The following year the organization hopes to have sufficient funds to send two local students abroad.

UAW Resources Hit Record $57,698,925

DETROIT (AP) — Resources of the United Auto Workers Union are at an all-time high of $57,698,925, an audit disclosed Monday.

The union added more than $3 million to its treasury last year despite strikes at both Ford Motor Co. and General Motors Corp. during contract negotiations.

Membership dropped 135,000 from 1960, averaging 1,001,018 last year.

20th Century Warns Dancer Under Contract

LOS ANGELES (AP) — Juliet Prowse is still under contract to 20th Century-Fox and others who use her services are inviting legal action, the studio says.

The South African dancer said Sunday she is ending her contract with Fox for "breach of agreement." She says the studio hasn't used her services as required for 40 out of 52 weeks yearly.

Truck Crashes Into Dress Shop

15 Injured, 5 Admitted to N. J. Hospital After 'Dusty Nightmare'

WEST ORANGE, N.J. (UPI) — A 14-ton grocery truck, its brakes gone, roared down a 3,000 foot hill into the ABC Dressmaker's Shop yesterday, injuring 15 persons, including 12 seamstresses.

★ ★ ★

Five persons were admitted to Orange Memorial Hospital. The other 10 were treated and released. No one was injured critically.

"I heard an impact like an explosion," said Alice Appalla, 41, a sewing machine operator. "All this black dust hit me. A wall fell on some of the girls. They were pinned to their machines. They were screaming.

"I didn't know what it was. It was like a nightmare, so foggy and dusty. Everything was falling, the ceiling and the wall. I was more of less in shock. I ran out like a maniac."

★ ★ ★

Her sister, Josephine, 40, who lives with her was knocked unconscious when the wall collapsed.

"It took 35 men to hold up the wall and get her out," Miss Appalla said.

Turtle Is Accomplice—Unwittingly—in Zoo Theft

PHILADELPHIA (AP) — A youth clubbed a gatekeeper at the Philadelphia Zoo Monday and made off with $73 from the cash register.

The weapon? A four-pound turtle.

★ ★ ★

Zoo Director Freeman M. Shelley said the turtle belonged to the zoo. It was returned to its pit.

The gatekeeper, F. Robert Gilpin, 79, was treated for head cuts.

Doom crabgrass the same day you seed

HALTS® creates an invisible barrier that destroys crabgrass as it sprouts—yet it lets good grass sprout unharmed. Apply HALTS the same day you sow all-perennial, weed-free Scotts seed, and crabgrass won't get a chance to spoil your success later on. TURF BUILDER® is the all-important third step in your one-day spring program. It supplies the protein-building nutrition new and established grass needs to thrive.

Do all three jobs easily and accurately with the Scotts Spreader. You'll never spend a more rewarding afternoon on your lawn.

Ask us about the Scotts guarantee . . . a better lawn or your money back!

Reds Threaten New N-Tests

Julie Andrews, William Squire in "Camelot"

Go, Go Romantic! Go on Press Tour

Planning a second honeymoon?

Or has the woman of the house always been given the excuse from the man of the house that there isn't enough time—or money—for such a trip?

★ ★ ★

Wives, your husbands will have no arguments left if you take that second honeymoon to romantic New York on the Pontiac Press theater trip

Not enough time? . . . New York is only a short distance away by the American Airlines jet which will whisk you there and back.

In five days and six nights you will see five top Broadway hits including "Camelot," sit in on network television shows, enjoy a yacht cruise around Manhattan Island and take a guided tour of the United Nations Building.

All this and more is only $199 apiece.

Doctors Disagree but Paret's Wife Says He's Better

NEW YORK (AP)—The wife of boxer Benny (Kid) Paret expressed belief today her husband's condition is improving, despite doctors' word that it remains grave and unchanged.

★ ★ ★

Mrs. Paret told newsmen, "I think he's getting better. He's very much improved.

"He's still in a coma but he tries to open his eyes. Sometimes he opens them enough so I can see the eyeballs underneath."

She said her husband, who has not regained consciousness since

Related Stories, Pages 14, 15

receiving a savage pounding in the ring Saturday night, also seems to recognize her voice.

★ ★ ★

"I tell him, 'Honey, hold my hand,' and he tries to. He touches my face and holds my hand very tight."

'TRYING TO TALK'

When she speaks to him, she said, Paret bites hard on a tube in his mouth and seems to be trying to talk.

★ ★ ★

However, only a few minutes before Mrs. Paret spoke with newsmen, doctors at Roosevelt Hospital said the 25-year-old Cuban-born fighter's condition was extremely grave, and termed it "remarkable" that he had changed so little.

Frondizi Ouster by Military Seen

Argentine Coup Nearer After President Rejects Aramburu Plea to Quit

BUENOS AIRES (AP) — A military coup to topple President Arturo Frondizi appeared to draw nearer today after he rejected a plea for his resignation from his own hand-picked mediator, ex-President Pedro Aramburu.

★ ★ ★

Frondizi's insistence on holding on to the office to which he was elected four years ago drew a proclamation of open rebellion from Gen. Franklin Rawson, commander of the 3rd Cavalry Division based 180 miles south of Buenos Aires.

Rawson accused the president of betraying Gen. Aramburu's mediation efforts and said the use of force remains the only path open to those opposing Frondizi. He called on all other military units to join him in rebellion.

★ ★ ★

There was no immediate evidence that Rawson's threat was being implemented by action on any front. The position of the air force and a large segment of the army was still not clear. The navy was all for ousting Frondizi

Extra security precautions were taken at Government House. A company of mounted grenadiers wearing battle fatigues arrived during the night.

★ ★ ★

Unconfirmed reports indicated all was normal at Tandil, Rawson's headquarters. However, the same reports spoke of unusual predawn activity at the naval base and nearby military establishments at Bahia Blanca, 350 miles southwest of the capital.

TALK AFTER MIDNIGHT

Aramburu conferred after midnight with Frondizi in the president's private suburban residence, then told newsmen that Frondizi had declared "he is not resigning and will not resign."

The ex-president, one of Argentina's most respected figures because he ended military government three years after the overthrow of dictator Juan Peron, issued a proclamation declaring the consensus of everyone he had consulted was that Frondizi's resignation was the only solution.

Frondizi's office confirmed that "the president of the nation expressed to Gen. Aramburu that he maintains firmly his decision not to resign his post."

Could Change Politics

Court Ruling Monumental

WASHINGTON (AP) — The Supreme Court's action to place the question of equitable state legislative districting before the federal courts could have a chain reaction on American politics.

★ ★ ★

While the Tennessee case on which the court ruled Monday involved only legislative redistricting, politicians suspect that if the U.S. courts can decide such matters it might not be long until they were asked to consider congressional districting.

Just as they have with state legislatures, many city voters have felt they have far less representation in Congress than the rural population.

★ ★ ★

As an example, 59,063 voters turned out when Rep. Ralph J. Rivers, a Democrat, was elected at large in Alaska in 1960. But 106,995 went to the polls when

Many Suits Likely, Page 11;

GOP Rep. Marguerite Stitt Church won in the 13th District of Illinois, a Chicago suburban area.

DISTRICTS MINUTE

In Southern districts where there is no Republican opposition, fewer than 25,000 persons often officially choose a representative in the general election.

Most of the states have completed their changes of congressional district boundary lines on the basis of state population gains or losses shown by the 1960 census.

Many of these changes were made by legislatures under control of rural representatives who could be expected to protect as much as possible the interests of congressmen more concerned with agricultural than city problems.

Charles S. Rhyne, an attorney for the urban Tennessee voters, said the court's decision will affect every state and "could pretty well shift control of state legislatures to urban areas."

★ ★ ★

The extent to which the city vs. country controversy has progressed is demonstrated by the fact that in many other states suits are pending similar to that instituted in Tennessee.

The possible impact of the federal courts' action in the field was illustrated by Gov. John Patterson's announcement he may call a special session of the Alabama Legislature for a reapportionment of its voter representation on a population basis.

Sen. Herman E. Talmadge, D-Ga., denounced the ruling directing federal courts to hear legislative apportionment cases as being in "direct violation of the constitutional doctrine of separation of the powers upon which our republican form of government is based."

FRED V. HAGGARD

Union Head UF Drive Chairman

Fred V. Haggard, president of the Oakland County AFL-CIO Council, has been appointed chairman of the 1962 Pontiac Area United Fund drive.

He succeeds Thomas F. Wiethorn, general manager of Fisher Body Division, General Motors Corp.

Active in the United Fund affairs for many years, Haggard pledged an all-out effort in the drive and asked the support of the whole community.

For the past nine years, Haggard has been vice president of the Pontiac Area UF campaign. He also is a member of two statewide UF committees.

★ ★ ★

In community activities, Haggard is a member of 39 different agencies and commissions. These include the Oakland County Mental Health Association, the Pontiac Human Relations Committee and the Waterford Township Planning Commission.

Haggard and his wife Mable live at 6309 Terrell Road, Waterford.

This year's UF drive will be the 14th annual campaign in the Pontiac area. It will be held in October between specific dates with the goal to be set in August.

During 13 previous campaigns, the Pontiac Area Last year's total was $675,000.

★ ★ ★

Haggard, who picks the heads of five campaign divisions, announced that one post has already been filled. Mrs. Joseph Fox will be running the women's campaign committee.

'Contract Near in Steel Talks'

Only Fraction of Cent Apart on Agreement for One Year

By NORMAN WALKER
Associated Press Labor Writer

WASHINGTON — Steel negotiators in Pittsburgh are very close to a new contract agreement but still have some economic as well as nonmoney differences to resolve, reliable sources said today.

The industry and steelworkers union were described as being "only a fraction of a cent apart" on an agreement which would replace existing contracts due to expire on June 30.

An agreement in the next few days is possible. If so it would mean a peaceful settlement a full three months ahead of the old contract expirations — an unprecedented thing in the usually rough-and-tumble steel labor picture.

Government officials are now confident that the final terms will fall within the realm of what President Kennedy and his economic advisers consider to be non-inflationary, probably requiring little or no steel price increases.

The negotiators are talking of a one-year contract without any wage increase but with something more than 10 cents an hour in extra fringe benefits such as improved pension, vacation and supplementary unemployment benefits and guaranteed minimum weekly pay.

However, the matter of a one-year agreement is unsettled as yet, and the deal could wind up as two years. In that event, a wage increase may be included for the second year.

The negotiators were said to have been arguing during the past few days about problems other than money. Union efforts to limit "contracting out," or a ban against steel firms giving out certain types of work to other employers, has been under active discussion lately, for example.

A tipoff that a basic agreement has been reached, or substantially so, will come when the Union calls in local bargaining committees. These will have to bargain out specific company problems for inclusion, with the general economic terms, in separate company contracts.

Sunny Weather Will Continue Here Tomorrow

The weatherman must like us. He knows most of us can't go to Jamaica, Nassau and the sunny South so he is bundling up his warm temperatures and unpacking them on the Pontiac area. Tonight he said will be fair with a low of 30.

★ ★ ★

A few clouds and temperatures soaring to near 60 is the forecast for Wednesday. Thursday will continue partly cloudy with the mercury dropping a little.

Morning northwesterly winds at 2 miles per hour will become light, variable tonight and southerly tomorrow.

★ ★ ★

Thirty-one was the lowest recording in downtown Pontiac preceding 8 a.m. The reading at 1 p.m. was 55.

Quake Shakes Niagara

NIAGARA FALLS, N.Y. (AP) — A 10-second blast, apparently an earth tremor, shook Niagara Falls today and was heard and felt in other sections of Niagara County and in nearby Canadian communities.

235 Die on Highways

EAST LANSING (AP)—Traffic accidents have claimed 235 lives in Michigan so far this year, provisional figures compiled by state police showed today. The toll on the same date last year was 302.

Water Supply Revenue Source

To Hear Bond Ordinance

Detroit water is scheduled to begin flowing into city pipes July 1, 1963. Water rates — expected almost double for residential use — won't be increased until after that date.

City administrators expect to have ready for approval a $3.7-million bond ordinance for the new water supply system at tonight's City Commission meeting.

The ordinance would authorize the city to prepare, advertise and sell revenue bonds in the amount of $3,770,000 — with approval of the Michigan Municipal Finance Commission (MFC).

The bonds would be payable from water department revenue over a 30-year period. They would finance part of the estimated $3,987,000 construction cost of new facilities needed to handle Detroit water.

The remaining $217,000 would come from present surpluses in the water fund.

City officials hope to have MFC approval of the bond issue by this summer.

A pumping station, storage facilities and changes in the city's water main system to be financed by the bonds must be completed before the city can begin using Detroit water.

In other business tonight, a public hearing and final adoption of an ordinance to rezone five lots at Elizabeth Lake Road and Murphy Street is scheduled. The ordinance calls for rezoning from Residential-3 to personal service use.

AWAITS FINAL OK

Also up for final approval is an amendment increasing the area of Waterford Township served by Pontiac sewage treatment facilities. The agreement was given preliminary approval several weeks ago.

★ ★ ★

City Attorney William A. Ewart will report on the feasibility of drawing up an ordinance to prohibit building homes where there is no drainage. The report was requested by Commissioner Winford E. Bottom.

Commissioner also will appoint two members to expiring terms on the city planning commission.

SPRING'S A BALL — Kids all over Oakland County broke loose from the dreary confines of winter yesterday as temperatures soared into the mid-50s. Rope-skippers, marble-shooters and basketball-throwers frolicked in the bright, warm sunshine. Shown above are Steve Renda and Bob Tucker as they sprinted along North Perry Street on their way to Madison Junior High School.

Algiers in Mourning With Protest Strike

ALGIERS (AP)—A protest strike gripped Algiers today, called by European settlers in mourning for the 41 Europeans killed when French troops fired into a crowd demonstrating in support of the Secret Army Organization.

Public transportation was at a standstill. Most European stores were closed. No newspapers appeared. Banks failed to open. The big outdoor market was silent and deserted. There were reports that electricity would be cut.

Hundreds of Europeans strolled the streets and most of them seemed to head for the street corner in front of the main post office where the shooting broke out Monday.

In addition to the 41 settlers killed, about 130 were wounded. Army casualties were one killed and six wounded.

Some strollers placed modest bouquets of flowers on the blood stains in the streets. Debris still littered the sidewalks. Lost shoes and berets lay untouched. Passing automobiles had turned some blood pools into long streaks of red on the street pavement.

DEFIED ORDER

Only a few policemen and soldiers were visible. Reinforcements had been sent in Monday after the secret army called for a demonstration and a march on the encircled suburb of Bab el Oued. Authorities banned the demonstration but the crowds gathered anyway in a gesture of defiance.

★ ★ ★

The clash appeared to have drastically altered relations be-

(Continued on Page 2, Col. 5)

Senate Delays Confirmations

Count Sufficient Votes for Inglis but Scholle Seems Out

LANSING (UPI) — James H. Inglis today appeared a good bet to keep his $12,500 a year job as chairman of the Michigan Public Service Commission and get Senate confirmation to the post.

At the same time, it looked like Michigan AFL-CIO President August (Gus) Scholle was on his way out as a member of the State Conservation Commission.

Senate Democrats combined with six Republican "moderates," including Farrell E. Roberts of Pontiac last night to adjourn the session after a two-hour stalemate and put off action on the two controversial appointments by Gov. John B. Swainson until the two coalitions could muster their forces today.

The vote for adjournment was 16-15.

The adjournment headed off a move by Old Guard Republicans to send the two appointments back to the Senate Business Committee.

Inglis, former state racing commissioner, and Scholle would then continue to serve at the pleasure of the governor but without the blessings of the Senate.

The GOP-controlled committee sent Inglis' appointment to the floor last week without recommendation for approval. One committee Republican said the Senate had decided to fire Inglis because of his "attitude on public versus private power" in utilities.

The regular Republicans wanted to send the appointments back to committee last night however after learning in caucus that the "moderates" would side with the Democrats to confirm Inglis if the matter came to a vote.

The moderates-Democrat coalition put off a final vote on Inglis until today to await the return of Sen. John Stahlin, moderate Republican from Belding, who was expected to vote for Inglis.

Warning Issued as Rusk Leaves Geneva Meeting

Gromyko Claims Soviets Will Resume Blasts if the United States Does

From Our News Wires

GENEVA — Secretary of State Dean Rusk flew back to Washington today to report to President Kennedy shortly after Russia announced it will stage a new series of nuclear tests if the United States resumes testing in the atmosphere next month.

Rusk took off at 3:45 p.m. (9:45 a.m. Pontiac time) aboard a U.S. Air Force jet transport following a final speech to the 17-nation general conference on disarmament in which he called for an immediate crash program of controls to reduce the risk of a nuclear war.

But even as he spoke, Soviet Minister Andrei Gromyko shattered the diplomatic calm with new charges of bad faith against the United States and the announcement that Russia would resume nuclear tests.

Rusk and Gromyko said in a letter in the day that their exhaustive talks on Berlin in the past 16 days have uncovered some points of agreement as well as of differences over Berlin.

It was understood from American sources that one of the points of agreement is that neither side wants to become involved in a war over Berlin. But neither side, it was reported, made a change in majority policy.

'HIGHLY DANGEROUS"

The statement was issued just before Rusk and leading members of the American delegation took a plane for Washington to report to Kennedy that the Berlin dispute remains highly dangerous though unlikely to explode in the foreseeable future.

Russia still demanded "solution" of the German problem on the basis of a proposed peace treaty with East Germany which would liquidate the allied position in Red-encircled West Berlin. The Western answer to this demand was still "no."

Rusk left with the East-West test ban stalemate tighter than ever and with both sides preparing to resume experimental explosions. These talks foundered on on Russia's complete unwillingness to accept any international inspection to police the ban.

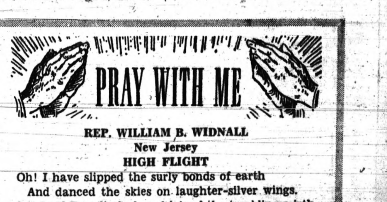

This confirmed Rusk's belief that the Soviet Union did not really

News Flashes

WASHINGTON (AP) — Higher prices for food pushed living costs up three-tenths of one per cent in February to a new record.

FORT POLK, La. (UPI) — A five-man court martial found Pfc. Berris Owen, 23, guilty today of being disrespectful to his commanding general by criticizing the general's order against "We want out" demonstrations.

REP. WILLIAM B. WIDNALL
New Jersey
HIGH FLIGHT

Oh! I have slipped the surly bonds of earth
And danced the skies on laughter-silver wings.
Sunward I've climbed, and joined the tumbling mirth
Of sun-split clouds and done a hundred things
You have not dreamed of; Wheeled and soared and swung
High in the sunlit silence, hov'ring there,
I've chased the shouting wind along and flung
My eager craft through footless halls of air,
Up, up the long, delirious, burning blue,
I've topped the wind-swept heights with easy grace
Where never lark or even eagle flew—
And, while with silent lifting mind I've trod
The high untrespassed cancity of space.
Put out my hand and touched the face of GOD.

Cavanagh Tax Plan in Picture

Senators Mull Over Bowman Bill

DETROIT (AP)—Members of the State Senate Judiciary Committee returned to Lansing today to mull over the pros and cons of a bill which would prevent Michigan cities from levying income taxes on nonresidents.

The committee, headed by Sen. Carlton H. Morris, R-Kalamazoo, spent yesterday listening to testimony from a parade of witnesses supporting or opposing the bill, sponsored by Rep. John Bowman, D-Roseville.

Although the committee's primary interest was the Bowman bill, which already has passed the House by a 63-40 margin, most of the testimony concerned the controversial city-county income tax plan already proposed by Detroit's Mayor Jerome P. Cavanagh.

Cavanagh himself was the first witness to testify against the Bowman bill, following testimony from some 21 witnesses, mostly suburban city officials, supporting it.

CAVANAGH TALKS

The Detroit mayor, defending his own plan, asserted that any other plan yet suggested—such as Gov. Swainson's statewide income tax or reinstatement of the 4 per cent nuisance tax favored by Republicans, would be "inadequate for our needs."

★ ★ ★

Terming the Bowman bill "narrow class legislation," Cavanagh appealed to the committee not to report it out favorably to the Senate floor for a vote.

Cavanagh's stand was backed by two surprise witnesses—Douglas Fraser, a regional director of the United Auto Workers Union, and Al Barbour, president of the Wayne County AFL-CIO.

Fraser recalled that the unior has supported the governor's tax program and said if it had been followed, "many of the problems we now face, such as the legislation here being considered would not have arisen and we would not now be involved in a controversy which pits community against community."

Barbour attacked the Bowman bill as making no contribution to the need for a coordinated metropolitan solution to fiscal problems, but in effect "doing just the opposite."

SUPPORT BOWMAN

Supporters of the Bowman legislation led off with a series of statements in effect contending the Cavanagh plan to be "taxation without representation" and presented 34 resolutions by city councils and other bodies declaring opposition to it.

★ ★ ★

Morris, ruling the hearing with a firm hand, several times reminded witnesses to confine their testimony to the Bowman bill instead of campaigning against Cavanagh's program.

The Bowman bill proponents were chiefly suburban mayors who have organized to fight Cavanagh's tax program, among them the leaders of the vigilance tax committee which claims to represent some 45 Detroit suburban communities in Oakland, Wayne and Macomb counties.

★ ★ ★

Its chairman, Mayor George W. Kuhn of Berkley, was the first witness, and Mayor William Hayward of Royal Oak, who doubles as a Republican state representative from Oakland County, followed him as a front-line spokesman for the anti-Cavanagh group.

Sees 8 Million Vehicles Sold

GM Executive Predicts '62 Will Be Second Best Year in History

CHICAGO (AP) — A General Motors executive forecast today that the motorcar industry will sell a near record eight million vehicles in the United States this year.

J. M. Roche, GM vice president, said a seven million passenger car market, including 350,000 to 400,000 imports, is a real possibility and that at least one million trucks also will be sold.

An eight-million vehicle year would be 18 per cent above the 1961 figure and 6 per cent above 1960, the industry's best year since 1955. A total of 7,169,908 new cars and 957,001 trucks were registered in 1955 for a total of 8,126,909 vehicles.

Roche told the National Installment Credit Conference of the American Bankers Association:

"Barring unforseen developments, it seems reasonable to expect that total car and truck unit sales for the first half of the sixties should average in the neighborhood of eight million plus a year, rising to a 9.3-million level between 1965 and 1970."

He said consumer confidence is good and that consumers are in a position to buy what they want and need from a standpoint of savings and credit capability.

Turning to the future, Roche said:

"We know that with a growing population and an expanding economy, more people with more money to spend will buy more cars. The growth potential of our industry is further strengthened by the fact that more and more Americans are relying upon the automobile for individual, rahter than family, transportation."

He said for every car scrapped, a new one is sold to replace it and that this replacement demand is a stabilizing factor in the auto market.

Says Con-Con Workers Eligible for State Plan

LANSING (AP) — Employes of the constitutional convention are eligible for membersip in the State Employes' Retirement System, Atty. Gen. Frank J. Kelley ruled today.

Lawrence J. Farrell, executive secretary of the retirement system, said the opinion affects only a few convention employes formerly employes in other state positions.

The Day in Birmingham

Bloomfield Authorizes Survey of Library Needs

BIRMINGHAM — A professional survey of library needs in the area was authorized last night by the Bloomfield Township Board.

★ ★ ★

The proposed study would be made in cooperation with the Birmingham Baldwin Library Board, which has agreed to the plan and the hiring of a library consultant.

Other surrounding communities also will be contacted to learn if they are interested in participating in the program. These include the cities of Bloomfield Hills and Troy and the village of Franklin.

If, however, the survey isn't accepted by these communities, it is the intention of the township and Birmingham to undertake the survey in its own immediate areas, according to Township Clerk Delores Little.

She said that Franklin has shown interest in the plan but neither Troy nor Bloomfield Hills has commented on the proposed survey.

The survey would be conducted by Frederick Wezman, professor of the University of Minnesota's School of Library Science.

The cost of the survey has not been determined but Wezman is to contact Birmingham and Bloomfield Township in the near future to discuss his fee.

No date has been set for the survey to begin.

★ ★ ★

Library services in the township and other neighboring Birmingham communities will be critical in two years when the Birmingham Baldwin Library curtails its services to nonresidents on a fee basis.

The Women's Fellowship of the Congregational Church will hold its last in a series of three programs on religion and the arts April 3.

Rev. Mead M. Bailey, minister of education at the church, will discuss "Religion and Drama."

Luncheon will be served at 12:30 p.m. Reservations must be made by contacting the church office before noon on April 2.

The Birmingham Senior Men's Club will hear a talk by one of the Detroit Lions football players at its Friday meeting at the Community House. This will be followed by a film, "Highlights of '61."

Topic for the club's discussion group will be "After High School, What?" with M. D. Laine acting as moderator.

Birmingham Chapter 220, Order of the Eastern Star, will sponsor a rummage sale from 9 a.m. to 3 p.m. April 4 at the Birmingham Masonic Temple, 327 S. Woodward Ave.

Berlin Corridor Incident Feared

Reds Schedule Flight Same Time Gen. Taylor Using Airlane

BERLIN (AP) — An informed source said the Soviets scheduled two flights today at about the same time and in the same corridor that Gen. Maxwell D. Taylor, President Kennedy's military adviser, was to use for a flight to Berlin.

Gen. Taylor and his wife were due at West Berlin's Tempelhof Airport at about 6 p.m. (noon Pontiac time). Flying from Frankfurt, their plane would normally use the southernmost of the three Berlin air corridors. It crosses red-held territory for 195 miles.

The Taylors' plane would be over the Communist area, under a normal flight plan, between 5:15 and 6 p.m., approximately. The informed source said the Soviets informed the Berlin Air Safety Center yesterday that they were scheduling flights by military planes in this area between 5:31 and 6:32 p.m. and between 5:51 and 6:57 p.m.

★ ★ ★

Gen. Taylor, on a fact-finding trip for the President, is to leave West Berlin for London again Wednesday. He was sent to see Gen. Lucius D. Clay, President Kennedy's envoy to the city; Maj. Albert. Watson II, the U.S. commandant, and Mayor Willy Brandt.

For more than two weeks now, the Soviets have been regularly scheduling flights in the air corridors through the air safety center. Western officials say the Soviets are trying to harass Western traffic since they do not use the corridors as the corridors were meant to be used — for flights between West Berlin and West Germany.

Soviet planes fly into a corridor at one point in East Germany, travel along nearly the whole of its length and then fly out again.

Since the corridors are only 20 miles wide and the Soviets have all the rest of East German air space at their disposal, Western officials feel the Russian pilots should do their flying somewhere else.

Jackie Awaiting Luncheon Date

First Lady Resting as She Chooses Costume in Honor of Queen

From Our News Wires

LONDON — Mrs. Jacqueline Kennedy went through her wardrobe today to select a costume for the big event of her London visit —tomorrow's lunch with Queen Elizabeth at Buckingham Palace.

No one in the First Lady's entourage would guess exactly what she will wear to the palace, but one expert who ought to know suggested it would be a dark suit with subtle accessories.

★ ★ ★

He is Oleg Cassini, who designs much of Mrs. Kennedy's wardrobe and who is in London by coincidence, he says, to buy custom-made shoes for himself.

"I don't know whether she will wear one of my creations or not," he said. "But she is completely prepared for any occasion, as she always is. Whatever she wears will be absolutely appropriate. Of this you can be sure."

America's First Lady was frankly tired. She told reporters and photographers, "I promise you not the slightest bit of news in London. Unless, that is, you can shoot pictures through a bedroom window at a girl asleep."

★ ★ ★

Mrs. Kennedy slipped into the heavily guarded seclusion of the small town house of her brother-in-law and sister, Prince and Princess Stanislas Radziwill. A detail from Scotland Yard guarded the house outside and American security men were inside.

★ ★ ★

Mrs. Kennedy gave no indication during the morning that she had changed her mind about spending all hey time — except for the royal luncheon — at the Radziwill home, only a few yards from Buckingham Palace.

The President's wife arrived here last night from a 15-day tour of India and Pakistan that left her so tired that she said she wanted to spend as much time as possible in London just relaxing before resuming her duties as the hostess of the White House.

ROWS TO MAILBOX—Checking his mailbox is Jack Buckley of Rome, Ill. His home was one of many surrounded by water yesterday as the Illinois River crested in Peoria at 24½ feet. Homes all along the Illinois River suffered thousands of dollars in water damage.

Business Firms Hit by Vandals

15 Companies Report Plate Glass Windows Smashed by Air Rifles

Vandals armed with beebee guns smashed expensive plate glass windows on at least 15 business places throughout Pontiac during the night, causing damages estimated at $2,000.

★ ★ ★

The switchboard at police headquarters was flooded with calls this morning as store owners phoned in reports of broken windows. The calls started coming in at 2 a.m. and increased as more stores opened about 9 a.m.

The Pontiac Police Officers Association will offer a $100 reward to anyone who aids in the apprehension and conviction of the persons responsible for the malicious destruction of business places hit by vandals last night, PPOA president Sgt. Herbert C. Cooley announced today.

Apparently the most serious damage was at the Pontiac Retail Store, 65 Mt. Clemens St. Police estimated the loss of nine large windows there at $500.

Yesterday, the auto dealership was victimized by thieves who took 10 tires and wheels and two tachometers valued at a total of $500 from new cars parked in a private lot.

★ ★ ★

Police found small holes, apparently caused by a pellet gun or an air rifle, in broken windows when they investigated about 2 a.m.

★ ★ ★

The same type of rifle was used to shoot out windows at the Hollywood Drive-In Restaurant, 1001 Orchard Lake Ave.; Community National Bank, 30 N. Saginaw St.; Avenue Bar, 137 Oakland Ave., and several other business places being investigated by police this morning.

Pain-in-Neck Collar Passes Into History

NEW YORK (AP)—It might have been expected, what with the decline of the mustache and the watch chain, that the separate shirt collar also would go.

★ ★ ★

"For all practical purposes the separate collar is no longer a part of the American scene," said Phillips-Van Heusen Corp. today in announcing it was dropping the line after 60 years.

Cluett-Peabody & Co., another large manufacturer, declined comment on its competitor's announcement.

Phillips-Van Heusen was certain of its course.

"For several years," said a spokesman, "the company has been making separate shirt collars strictly as a service to the few who still wear them."

ERA BURIED

The company said it was saddened over what it believed to be the passing of an era in the men's wear field, but "demand has diminished to the point where the cost of continuing this service is prohibitive."

The collar was worn widely during the turn of the century, but it was in the dashing Twenties that it reached a peak of popularity.

★ ★ ★

In its more proper styles it made thin men look very refined but fat men rather confined. It wasn't as comfortable as it was neat, but it always was very distinguished.

Phillips-Van Heusen says the separate collar has, in recent years, been almost wholly supplanted by the collar-attached shirt. In 1924 it sold 24 million a year, in 1961 just 18,000.

Roads Blocked, Farms Inundated

300 Flee Floods in Midwest

By United Press International

Swollen streams blocked highways, chewed into overtaxed levees and forced nearly 300 persons from their homes in Midwest states today.

Thousands of acres of farmland were inundated. Bridges were eroded by fast-flowing floodwater and battered by giant ice cakes, some of them 50 feet in diameter. Scores more homes were threatened and at least one community—Valley, Nev. — was virtually isolated.

An 8-year-old girl was missing and believed drowned in flooding Pebble Creek, near Dodge, Neb.

At Mount Vernon, Ill., a Red Cross disaster preparedness institute was canceled because most of the instructors were absent on flood duty.

THREE RESCUED

At Pilger, Neb., state police forced spectators from a bridge which was being pounded by ice floes from the Elkhorn River yesterday. Three telephone linemen were rescued after the Elkhorn River washed out a county road and carried away their boat. The three clung to a log until help arrived.

Nebraska's Loup River was three miles wide. Flooding also occurred along the state's Platte and Northfork rivers. Residential areas were inundated at Valley, Pierce and West Point, Neb.

Two hundred persons were homeless at West Point, Neb. and National Guardsmen patroled the area to prevent looting.

All roads leading to Valley, Neb., were cut. Churning water ate away a 100-foot segment of U. S. 275 near Beemer, Neb., yesterday. One bridge was carried away at Beemer and another on U.S. 81 was closed because of flood damage at Madison, Neb.

The Northfork River blocked roads and swirled across farms from Pierce to Osmond, Neb. The Loup River inundated hundreds of acres of farms near Fullerton, Neb.

Waters of Lost Creek washed over a park and golf course at Schuyler, Neb., and Elm Creek flooded a park at Platte Center, Neb. A farm family was rescued near Schuyler.

FAMILIES EVACUATED

Fifteen families were evacuated from homes at Springdale, Iowa, and 28 more asked for help in fleeing.

Two families left trailer homes at Marshalltown, Iowa, and Mayor William B. Crosby said he would advise others to leave the trailer court when the Iowa River level reaches 16 feet.

Sixty-one families asked aid in evacuating homes along Sioux City's Floyd River.

★ ★ ★

State highways were under water at Marshalltown, Hinton and Bronson, Iowa, but some traffic was still getting through.

Soviets Threaten to Resume N-Tests

(Continued From Page One)

want a ban because it is anxious for more tests. It also dampened his hopes for general disarmament.

Canadian Foreign Secretary Howard Green submitted a draf declaration to the 17-nation disarmament conference calling for action by no later than Wednesday on outlawing weapons of mass destruction from outer space.

Soviet Premier Khrushchev has claimed that Russian scientists have created a global rocket invulnerable to antimissile defenses that can evade American radar detection installations by atta king from any direction.

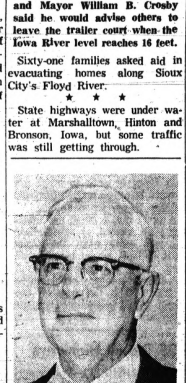

INCLUDE SPACE BAN

Both the United States and the Soviet Union in their proposed disarmament plans iincluded provisions reserving outer space for peaceful purposes.

Under Green's declaration the orbiting or stationing in outer space of devices for delivering weapons of mass destruction would be prohibited.

A nation would also be obliged to give advance notice to the United Nations of the launching of space vehicles and missiles.

British Foreign Secretary Lord Home gave strong support to the Canadian proposal. He then left for home, but said he would come back any time his presence is needed.

GEORGE P. EVERSON

King Frederik IX Bestows Title on Danish Consul

Danish consul to Michigan, George P. Everson, has been given the Order of Knighthood of Dannebrog First Class by King Frederik the IX of Denmark.

Everson of 4621 Charing Cross Road, Bloomfield Township, received the title for his many years of service to the Scandinavian country.

He has represented Denmark in the state since 1939.

★ ★ ★

During the occupation years of World War II he was actively engaged in working for Denmark and was rewarded with the King Christian X Liberation Medal.

★ ★ ★

King Frederik bestowed on Everson the Order of Knighthood of Dannebrog in 1950 for his work as vice consul and in 1957 he was promoted to consul.

Named to State Post

LANSING (AP)—Gov. Swainson has announced the appointment of James Quello of Grosse Pointe Park to the Michigan Veterans Trust Fund Board of Trustees for a term expiring Feb. 25, 1965.

Algiers Mourns 41 Dead

(Continued From Page One)

tween the citizens of Algiers and French troops.

★ ★ ★

Initial shock turned to hatred among the European inhabitants. Many shook their fists at the soldiers and screamed over and over: "All we want is to remain French"

★ ★ ★

Spokesmen of the Secret Army Organization, which called the ill-fated demonstration, predicted grimly that President Charles de Gaulle's government "will regret this day."

★ ★ ★

But De Gaulle in a televised speech from Paris warned the Secret Army it could look forward only to punishment for its campaign to sabotage the cease-fire agreement between France and the Algerian nationalist rebels.

CURFEW IMPOSED

In all parts of Algiers soldiers and security police patrolled the streets under the hostile glares of European residents. The European working class district of Bab el Oued remained sealed off by some 20,000 troops with armored vehicles and heavy weapons.

★ ★ ★

Bab el Oued's 50,000 fanatically pro-French inhabitants were virtually imprisoned in their homes under a total curfew imposed after 15 French soldiers were killed in the district on Friday.

It was to give "moral support" to the people of Bab el Oued that the Secret Army had called on the population of Algiers to join a mass protest march. The underground organization told the demonstrators to leave their weapons at home and keep the march peaceful.

One account said the crowd forced its way through one military barrier when security police fired into the air to halt the procession.

Infantrymen behind the marchers may have thought they were fired on, and they did suffer some casualties from bullets apparently fired from nearby apartment balconies. The troops, according to this account, opened up with their weapons to disperse the hostile crowd.

JUST BEFORE VIOLENCE — French troops (foreground) stand firm against a mass of European settlers carrying the Tricolor as the settlers march on the center of Algiers yesterday in answer to a call by the Secret Army. Minutes later this scene at the General Post Office and adjacent streets turned into bloody violence. Some sources place the result at 41 dead and 130 wounded by the time the shooting had stopped.

Chinese Reds Slam 'Opportunist' Nikita

HONG KONG (AP)—Chinese Communists have denounced Soviet Premier Khrushchev as a "revisionist, chauvinist, sectarian and opportunist" at political meetings, the South China Morning Post reported today.

Quoting recent arrivals from Communist China, the Post said the meetings were called by Communist party members throughout the country beginning in January.

Speakers at the meetings, according to the paper, usually pointed out their criticisms of the Soviet leaders were merely their personal views. However, the report said, people who attended the meetings were aware the speakers were "transmitting the official Chinese Communist party lines."

MAKE OVER PAGES

Insight Into Interesting Items and Topics

'Dentists Give More for Your Money'

By SAM DAWSON
AP Business News Analyst

NEW YORK — Dental bills come higher these days than a generation ago. Most bills do.

Much of this is due to the same bogey that has raised charges for most services—rising operating equipment and material costs.

★ ★ ★

But dentists contend you get a lot more for your money than your parents did. They also insist that their productivity rate has put to shame the rise in industry in general.

This may be of some comfort to Americans who spend $2 billion a year on dental services, usually with noticeable reluctance.

42 PER CENT GAIN

The American Dental Association says dental productivity—the amount of work done for patients per hour—increased 42 per cent between 1951 and 1960. The government index of industrial productivity—the amount of goods turned out per man hour of labor—increased 27.6 per cent in that period, from 111.2 in 1951 to 141.9 in 1960.

★ ★ ★

The association says new techniques, ideas, equipment and procedures let today's dentist increase the number of patients he can serve. For example, high-speed drills, billed as painless, lessen preparation time for cavity filling.

Other examples of time savers are increased use of assistants, dental hygienists, new types of anesthesia, faster techniques for taking mouth impressions and new amalgams for fillings.

It also may comfort you to know (if you're worried about Russian scientific and technical advances) that in the number of dentists, at least, the United States has the U.S.S.R. skinned by a country mile. The association reports 93,000 practicing dentists here compared with 45,000 in the Soviet Union.

HIGHEST LEVEL

It adds that the United States has the highest level of dentistry in the world. Rising productivity is credited with achieving this in the face of the failure of the number of dentists to increase as fast as the population in general. In 1940 there were 62 dentists for each 100,000 Americans, the association says, and in 1960 there were 56.

But the number of specialists has increased markedly, as in other fields.

★ ★ ★

In 1940 there were 500 orthodontists in the country. Today there are more than 3,500. You know the orthodontist chiefly as the person who put braces on your teeth when you were young. But he corrects many teeth irregularities and today adults as well as children visit him.

The association adds that in 1940 each orthodontist could treat about 50 patients a year and treatment time might extend over six years and cost up to $2,000. Increased productivity lets each orthodontist today treat nearly twice as many patients, with an average time of two years and an average cost of $900. It credits new techniques and materials, such as prewelded and prefabricated bands.

NEW TECHNIQUES

And ahead are new techniques, such as lighter wires, promising less discomfort to the patient and maybe shorter correction time.

As for that $2 billion annual dental bill, the association has some explanations.

It says dentists spend about $275 million a year on supplies and equipment. It says a dentist puts in a minimum of six years in college at an average cost of $18,000 and then must spend about $10,000 to equip his office as it should be. Also there's the payroll for assistants, the rent, the utilities and the cost for materials used.

★ ★ ★

Almost all of these items have gone up in cost over the years, except the price of gold. Dental gold has stayed reasonably stable, based on the U.S. Treasury's official price of $35 an ounce for monetary gold since 1934.

But alas for dental costs as a whole, gold fillings aren't as popular now as they were a few generations back.

County Expects to Share in Any Works Program

If President Kennedy's request for a $600 million public works program is approved by Congress, Oakland County is expected to get a portion as a depressed area with a surplus labor market.

Just what share the county would get is as yet undetermined.

The money would be administered throughout the county by the federal Area Redevelopment Administration if Congress approves the President's program.

And individual requests for aid from here and elsewhere would have to be approved by the ARA.

★ ★ ★

Purpose of the program is to initiate and speed up public works projects, thus providing new jobs in many areas of heavy unemployment.

The ARA already has approved broad economic plans for the local metropolitan area totaling $1.2 billions. Oakland County's share of this would be $106.7 million.

None of the money has yet been made available. Application must be made on each project as ARA funds become available.

★ ★ ★

Broad application of the program in the immediate six-county area would create an estimated additional 300.77 million labor man hours.

Any funds received by Oakland County would speed up public works projects scheduled for the future.

One of the first such projects to benefit would be the piping of Detroit water into Farmington Township dry areas. Construction of this $2.8 million project is scheduled to begin this spring.

★ ★ ★

ARA assistance in numerous other water and sewer projects would be sought as funds were made available. Without such funds the county is limited in the amount of money it can spend for the projects because it must remain within a debt limitation set at 10 per cent of the county's valuation.

Two Men Sentenced in Rochester Theft

Two Troy men were sentenced today by Circuit Judge Stanton Dondero for the burglary of the Rochester Radio and TV store Feb. 17.

George Lawrence, 25, of 1210 Glaser St., was given 1-15 years in Jackson Prison. His companion, Rex Chambers, 27, of 1475 Cambria St., was placed on three years probation and ordered to pay $100 court costs and $462 restitution.

Both men had pleaded guilty to a charge of breaking and entering.

Signed Local 594
Executive Board

WILLIAM J. FISHER

Traffic Club Elects Officers, Board Members

A White Owl Express Co. official, William J. Fisher, 4823 Ross Drive, Waterford Township, is the new president of the Pontiac Traffic Club.

Other newly elected officers for 1962-63 include vice president, William M. Kirkland, 1266 Peverril St., Bloomfield Township; secretary, Gus J. Couretas, 606 Third Ave., and treasurer, Donald Baum, 3078 Eastwood St., Auburn Heights.

Executive board members are Victor G. Sebastian, 32240 Marblehead Drive, Farmington, and Clair Newkirk, 4480 Sedum Glen St., Waterford Township.

Fisher succeeds outgoing president S. J. Moore of the Pontiac Motor Division.

New Guinea Talk 'Broken Down'

Indonesia Disappointed Over Dutch Position; Envoy 'Won't Return'

WASHINGTON (AP) — U.S. officials are still hopeful that secret talks between the Netherlands and Indonesia will be resumed, but diplomatic sources here say negotiations over the disputed West New Guinea territory have broken down.

The talks at an estate near here ended last Thursday with announcement of a recess, not an adjournment. But Indonesia has announced that its representative, Ambassador Adam Malik, would not return to the talks because of disappointment over the Dutch position.

The Netherlands controls the West New Guinea territory. Indonesia claims it as part of its republic.

★ ★ ★

Diplomatic sources say the main point of contention is administration of the territory. They say Indonesia feels there has been no real change in the Dutch position, which opposes Indonesian administration of the disputed area.

★ ★ ★

Ambassador J. H. Van Roijen of the Netherlands is reported to have proposed international control of the area after which the Papuan natives could vote on whether to join Indonesia, remain independent, or become part of a larger New Guinean government.

Fears Breakup of Laos Army

U.S. Afraid of Commie Takeover if Military Chief Rejects Coalition

WASHINGTON (AP) — U.S. military officials are concerned that Laos' American trained army may disintegrate if Gen. Phoumi Novasan, pro-Western strong man, refuses to join in a coalition government and pulls out.

Should this happen, authorities said today, there would be nothing to prevent pro-Communist Pathet Lao forces from overrunning the remaining areas of Laos now held by Phoumi's army which totals about 50,000 men.

This in turn would bring new pressure to bear on hard-pressed South Viet Nam, bordering Laos on the east, and on Thailand to the west.

So far, the United States has been unable to prod Phoumi and Premier Boun Oum into agreeing to a coalition cabinet of rightists, leftists and neutralists under avowedly neutralist Prince Souvanna Phouma.

The royal Laotian government contends such a coalition would lead to a Red takeover. Souvanna Phouma says it would not.

During the past year, since the Pathet Lao launched a major offensive and bobbled up much of Laos, U.S. military advisers have worked to improve the fighting qualities and capabilities of Phoumi's loyal Lao army.

There has been some fighting in recent months, but American officials consider it minor. They say it has amounted to jockeying for position while the political maneuvering goes on.

Communist China Opens Parliament

TOKYO (AP)—Communist China's rubber-stamp parliament opened its first session in two years in Peiping today.

Peiping radio said Chinese Communist party chairman Mao Tse-tung, government chairman Liu Shao-chi and Premier Chou En-lai attended the opening of the National Peoples' Congress along with 1,017 of the 1,027 registered deputies and more than 800 observers.

The congress is officially the supreme organ of state power but actually automatically ratifies all party decisions submitted to it.

The broadcast said Chou delivered a report on the work of the government. It gave no details.

Noted Artist Succumbs

WOODSTOCK, N.Y. (AP)—Anton Otto Fischer, 80, a noted marine artist, died Monday. Fischer, who had been in semi-retirement since he suffered a heart attack in 1959, had done illustrations for books and stories by Jack London and several magazines. He was born in Munich, Germany, and came to the United States in 1908.

The Statue of Liberty is made of copper and weighs 225 tons.

C. of C. Backs Tariff Cut Bill but Not Idle Pay

WASHINGTON (UPI) — The U.S. Chamber of Commerce yesterday recommended that Congress give President Kennedy the tariff-cutting powers he wants but deny liberalized jobless pay for workers displaced by imports.

It put the business organization at odds with the AFL-CIO, which has made its support for the trade bill contingent upon retention of the aid for displaced workers.

Chamber director A. C. Sparboe told the House Ways & Means Committee that there was no justification for Kennedy's proposal to provide greater allowances for import-displaced workers than for workers displaced for other reasons.

★ ★ ★

Payment of federal trade readjustment allowances to workers, he said, "would initiate a dual system of unemployment compensation and could readily lead to federalization of the state systems."

Message Expected Soon

WASHINGTON (AP) — President Kennedy's special message on transportation is expected to go to Congress next week. But the White House said there's a possibility it may be ready to go to Capitol Hill later this week.

Boxer Benny Paret in Familiar Setting

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK — Millions of sports-watchers on Saturday night saw boxer Benny Paret, after absorbing many blows, slip unconscious onto the floor of the ring. Then the television cameras showed doctors working over the fallen and critically injured ex-champion and his removal on a stretcher.

★ ★ ★

The scene is a familiar one to anyone who has watched the many television and movie dramas about prizefights. But Saturday night it was different: those were real blows Paret was taking, and his slump to the floor was that of a man who had suffered a serious injury. And, to judge from comments by viewers, it was a chilling thing to see.

★ ★ ★

But, perhaps the most unfortunate part was the decision of ABC to re-run immediately the tape showing the final moments of the fight, complete with scenes of emergency treatment of the unconscious man.

It is somehow ironic that this occurred at a time when television's critics are complaining of excessive violence and brutality in its program content. But the offensive violence and brutality is the Hollywood type—phony, compounded of fierce swings that miss their mark by inches and heroic tussles by stunt men using breakaway furniture.

In covering field sports—football and baseball, in which there are occasional injuries—it is customary for the television cameras to avoid close-ups of accidents.

"We don't think the audience wants to see a man writhing in pain," said one network sports director. "But we do have our announcer keep the audience informed about the situation. We say, 'Don't show injuries'."

Attorney Will Appeal Navarro's Conviction

LOS ANGELES (AP) — Ramon Navarro's attorney said he plans to appeal the silent film star's conviction of misdemeanor drunken driving.

Navarro, 63, was arrested Feb. 2 when he was involved in a minor traffic accident.

A Van Nuys municipal judge found Navarro guilty Monday.

Professor Succumbs

CENTRAL ISLIP, N.Y. (AP)—Frederic M. Thrasher, 70, an early authority on juvenile delinquency, died Saturday. He was a professor emeritus of education at New York University where he taught from 1927 to 1959. He also was a professor at Illinois Wesleyan University.

Suspect 2 Boys of 13 Break-Ins

Waterford Twp. Youths Released to Parents Pending Hearing

Two 14-year-old Waterford Township youths, apprehended on 13 breaking-and-entering charges, have been released to their parents pending a hearing in juvenile court.

Ten of the burglaries occurred in Waterford Township since last September, and the three others from March 12 to 17 when the youths were away from home. They are suspected of breaking into two homes in Bellview near Lansing and another in Indiana.

Bellview State Police found a wallet containing a picture of an Oakland County Sheriff's Department deputy while they were investigating a break-in. A wallet belonging to the deputy's son had been reported lost and was linked to the missing youths.

State police notified sheriff's department Captain Leo Hazen of their findings, and Waterford Township Detective Arthur Holmes apprehended the youths.

One admitted at least eight break-ins in the Waterford area with the other youth as an accomplice.

Appliances, clothing, furniture and other items were damaged to the extent of $1,500 in the break-ins. Less than $100 was reported stolen.

Pontiac, Nearby Area Deaths

MRS. JOSEPH ARNOLD

Service for Mrs. Joseph (Theresa) Arnold, 84, of 651 Kenilworth St. will be at 7:30 tonight at Sparks-Griffin Chapel. Her body will be taken to Harrisburg, Ill., for service and burial on Thursday.

Mrs. Arnold died at her residence yesterday morning.

ASTHMA & BRONCHITIS

Thousands of men, women and children are now finding a simple, easy way to combat difficult breathing, coughing, rattling and wheeziness due to recurring attacks of Bronchial Asthma and Bronchitis. This is by taking NEW Improved, quick-acting MENDACO. Acts fast to combat allergy, relax bronchial tubes and help remove thick, concessive mucus. This usually eases breathing fast, allays coughing; thus promotes sounder sleep. Get MENDACO at druggists. Cheer up and feel better fast.

AP Photofax

FROST HONORED — Poet Robert Frost looks at the rarely awarded Congressional Medal after it was presented to him on his 88th birthday yesterday by President Kennedy at a White House ceremony. The award was for his contribution to American letters. Frost remarked: "This is a great, great, great thing." In the picture (from left) are Sen. Leverett Saltonstall, R-Mass.; Interior Secretary Stewart Udall; and Sen. A. Willis Robertson, D-Va.

Scholle Elated Over Decision

Apportionment Ruling Studied Here

LANSING (AP)—State officials and constitutional convention delegates sought today to determine the potential impact in Michigan of a U.S. Supreme Court decision on apportionment of state legislatures.

The high court, in a 6-2 decision yesterday, ruled that lower federal courts may determine whether city voters are unconstitutionally discriminated against in the apportionment of legislative seats.

It was an historic reversal of previous decisions that held such disputes were essentially political and not open to judicial determination.

Many officials here withheld comment on the decision until they have a chance to study the decision.

John A. Hannah, chairman of the constitutional convention committee on legislative organization, said his group would meet on the question after it receives texts of the ruling.

LITTLE EFFECT HERE

Hannah, president of Michigan State University, said it appeared to him that the decision will not have much effect in Michigan.

"Attorneys, he said, had advised him that it chiefly involved states which had failed or refused to act to comply with edicts of state constitutions to reapportion the legislature.

Through constitutional amendment, Michigan voters in 1952 approved the present boundaries of the House along population lines every ten years.

The constitutional convention also is considering the reapportionment question.

Highly enthused by the federal court decision was August Scholle, Michigan AFL-CIO president, who said he saw it as a step forward in his court battle to force reapportionment of the state Senate.

"I'm absolutely elated," he said.

Scholle was rebuffed by the State Supreme Court, which ruled that it had no authority to decide the question.

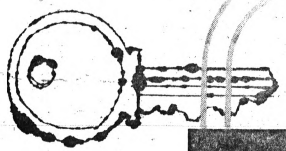

The union chieftain, contending the wide disparity of population in Senate districts violated the equal protection of the laws guarantee of the U.S. Constitution, appealed to the U.S. Supreme Court. It has yet to rule on the appeal.

★ ★ ★

Democrats are outnumbered 22-16 in the Senate.

Gov. Swainson called the decision "a landmark case."

"The court decided that legislative apportionment is more than an internal problem of the states," he said.

don't be misled by "terminologies" ... consider the "actualities" and

PROTECT YOUR SAVINGS!

The United States District Court in Washington, D.C. has ruled that in considering the true differences between a deposit in a Bank and an account in a Savings and Loan Association:

"The Court must look to *actualities* rather than terminologies in this situation. The legal distinctions between the status of a depositor in a Bank and a depositor in a federal Savings and Loan are well defined."**

READ WHAT THE COURT SAID:

"By placing funds in a savings account, the depositor contributes capital to the Savings and Loan Association. In exchange, he acquires a share interest in the capital of the association equivalent to the withdrawal value of his interest. The legal relationship resulting from the creation of this interest is not, however, that of debtor and creditor. At all times, the depositor's sole claim against the association is as a shareholder having a claim in the withdrawal value of his interest at the time of his withdrawal. It is obvious, then, that this relationship is legally distinct from that existing between a Bank and its depositor in which the latter is to the amount of his deposit a creditor of the former. The distinction between the status of the Savings and Loan Association depositor and the Bank savings account depositor in the event of the insolvency of an institution is obvious."

ONLY A BANK GIVES YOUR SAVINGS COMPLETE LEGAL PROTECTION

** *United States District Court for the District of Columbia, Civil Action No. 1647-58, decided October 27, 1960*

A Savings Account in a Savings and Loan Association is not the Same as a Savings Account in a Bank

Careless Flight Engineer Deserves Stiffer Penalty

When 74 Army recruits died in the crash of a charter airplane last Nov. 2, the usual investigation was initiated.

Poor safety practices were uncovered immediately and Federal Aviation Agency action against the surviving flight engineer and pilot was begun.

Flight Engineer William F. Poythress, 30, of Miami, was charged with 11 major violations of safety regulations. As a result of the hearing, his certification has been canceled.

We feel that this penalty, although apparently all the FAA can do, is not enough. Manslaughter or negligent homicide charges would be more appropriate. He knowingly circumvented safety regulations and allowed an unsafe plane to take off.

★ ★ ★

The pilot also faces FAA charges in the accident. Whether officials of the firm are in line for legal action is not clear at this time.

Allowing any airplane to be placed in service when it is unsafe is just as bad as putting a bomb aboard a plane. We feel the public deserves the protection of more stringent laws regarding the safety of travelers if these laws are not on the books now.

Most Political Smears Not Endorsed by Party

There is no cheer in the Fair Campaign Practices Committee's report that 1960 saw a sharp increase in smear campaigning. Yet, it is encouraging to note that most smears originated independently of the candidates and the responsible leadership of their party organizations.

★ ★ ★

The appeals to racial and religious prejudice, the personal innuendoes, the unjustified hints of "softness toward communism" are all bad enough in themselves. They could be worse if they had party or candidate sanction.

★ ★ ★

The committee notes, however, that party candidates performance on this score was not as impressive in 1960 as in 1958. Obviously this report leaves the politicians no ground for complacent shrugs.

The year 1962 is hardly under way and the smears have already started.

What's the old saying, "All is fair in love and politics"?

Antarctica Power Plant Is Big Step Forward

A vast new life may be opening up as a result of the Atomic Energy Commission's new nuclear power plant in Antarctica. Possibly it will open the way for people to work and produce in some of the forever frozen areas of the earth.

★ ★ ★

The natural resources from some of these regions have been unattainable simply because it was next to impossible to live in the areas.

For years our scientists have felt that vast stores of minerals were under the ice shield in Antarctica. But to date, men have lived in Antarctica only on an emergency basis.

★ ★ ★

Because of the discomforts and dangers, men have not been able to remain in these frozen areas for any length of time.

In the past, they have depended on fuel oil from the National Science Foundation base at McMurdo Sound. The problem of getting the oil by ship, and also unloading it in extreme cold, will now be licked with this new nuclear power plant.

★ ★ ★

The new atomic power plant at McMurdo Sound will need fuel oil only once in two years, yet it will provide a steady output of electric power.

A few more nuclear plants like the one at McMurdo Sound and it will be possible to provide for whole communities. If this is accomplished we can expect soon to harvest whatever resources exist in this vast frozen region.

The Man About Town

Oddities in News

Items That Surely Are Quite Out of Ordinary

By JOE HAAS

At least one pair of robins still seek another location in winter, according to

Mrs. Bess McGillam

of Cass Lake, who has been keeping a close tab on them. For several years they've been doing their nesting near her home. They disappear each autumn, only to return in the spring and again go through their home building, and the task of raising a family. They were back earlier than usual this spring. Mrs. McGillam knows it is the same pair, as one of them has only one leg. It is shown every courtesy and kindness by its mate.

Fox: A chicken that gets a mink from a wolf.

Latest to discover that unfailing evidence of spring is

Jay Wilson

of 73 East Huron St., who saw a large flock of geese flying north.

First Pontiac entry in our baseball contest comes from

Jerry Cook

of 741 Hillcliff St., and the first from out of town from the

Elmer Jewell

family of Drayton Plains, with Detroit's

Norman Cash

as the favorite in each case.

"Most of us thought it was a bad winter," soliloquizes

Pierce Fleetman,

who lives near Mt. Holly. "But our winter resorts are not complaining."

Thanks for the many expressions to the effect that this column's keeping everlasting at it gave the Pontiac area a good record on ice-skating fatalities during the past winter.

Owner of a parcel of land in the proposed big airport, just north of Pontiac,

Mrs. Georgiana Felch

tells of a quick retort by a neighbor who got mad because some of the promoters said that most of the area is unfit for farming, and said, "It grows hot potatoes."

From the poultry yard of

Arthur Hillman

at Holly comes news of a chicken that lays flat eggs. She already has delivered a large number. They're about the same size as the average egg, but the shell is quite flat.

"That page on Oakland County's high school sports in Thursday's Pontiac Press was the best thing of its kind that I ever saw in a newspaper," phones

Herbert Houseman,

that ever alert Birmingham observer, who says that he reads four daily newspapers.

That first spring growth, skunk's cabbage, is already appearing on Oakland County lowlands. If you wonder why it is so-called, just rumple up a leaf in your fingers.

"Quit squawking about the past winter in the Pontiac vicinity," phones

Bert Falloway

of Rochester, who asserts that it was less severe than anywhere else in Michigan; also that some Texas highways were more bothered with snow, and that on at least two days in January it was warmer in Pontiac than in most Florida points.

Verbal Orchids to—

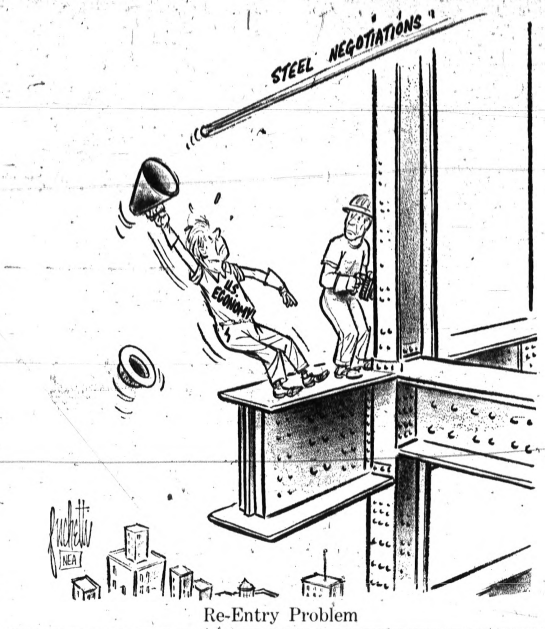

Mr. and Mrs. Wilfred F. Featherstone of 21 Monroe St.; golden wedding.

Mr. and Mrs. William R. Hamilton of Menominee Road; golden wedding.

Mr. and Mrs. Henry W. Kline of Leonard; 55th anniversary.

Mr. and Mrs. Daniel V. Hall of Davison; golden wedding.

Mrs. Artie McKinstry of Highland; 91st birthday.

Re-Entry Problem

David Lawrence Says:

Capital Needs Corps to Halt Crime

WASHINGTON — Maybe there's a job here in Washington for a new kind of "peace corps." Perhaps it could be recruited among the "intellectuals" from the newly created states in Africa, some of whom have been educated in universities in America and Europe.

For the crime wave in the Nation's capital certainly needs attention, and there is a suggestion now from local officials that race hostility may be among the causes of the unprecedented outbursts of violence.

LAWRENCE

★ ★ ★

Only two cities of comparable size in the United States had more robberies last year than the city of Washington. Chief Judge Matthew F. McGuire of the U.S. District Court said from the bench recently that he's going to crack down on offenders. He then described the situation as follows:

"You can't go out in the street without being hit on the head. You can't ride a bus. You can't close your place of business at night but what thieves get in.

"This thing is really serious and it has got to stop. The only way to stop it is to have the word go out that if you are caught it is just too bad—you go to jail.

ORDER OR CHAOS?

"We are either going to have a community of law and order or we are going to have chaos. Thieves knocking people down in the street and purse snatching have got to stop. What kind of a city are we living in?"

About 54 per cent of Washington's population is Negro. Police records show that 87 per cent of those arrested for robbery last year were Negros and that 75 per cent of the prisoners in Washington's correctional institutions are Negroes.

Donald Clemmer, director of corrections, speaks of racial hostility as a factor in the crime wave here. He told a meeting of sociologists recently that "Washington is not a syndicated, racket-type city" and that only a small number of professional criminals are involved in crimes here.

'NEGRO HOSTILITY'

He suggested that some of the pointless violence noted in Washington's robberies can be traced to "Negro hostility toward whites."

Mr. Clemmer added that some of the hostility has grown out of a feeling of "new-found freedom" among Negro youths as a result of sociological developments related to Federal court rulings on desegregation and the emergence of many African areas as independent states. He predicted that conditions may get worse.

Washington officials were aroused recently by an incident in which a band of Negro teenagers beat up and robbed the white driver of a bus while Negro passengers sat and watched without interfering. Attacks on other buses followed.

★ ★ ★

Congress, which rules the District of Columbia, has been asked for help. The Board of Commissioners — which includes John B. Duncan, the first Negro commissioner and a very able man — is requesting more police. Mr. Duncan says: "As a society, we're going to have to treat youth more firmly than we have in recent years."

The Board of Commissioners has recommended the mobilization of the police reserve corps of 2,000 unpaid volunteers formed for use in emergencies. About 500 are believed to be trained for part-time duty in policing the streets. The regular police force is to expand from 2,700 to 3,000 men.

Two additional judges have just been provided by Congress for the juvenile court, where there is a backlog of 2,000 cases.

(Copyright, 1962)

Dr. William Brady Says:

Some People Get Angry if They Aren't Ailing

"Recently you said 2 quarts of water a day is generally enough for an adult, including the water one gets in tea, coffee, soup, fresh fruits and beverages, and vegetables. You said if one drinks less water than this, it doesn't matter, but if one drinks much more than this, it might be well to ask one's physician whether one is developing diabetes. This is all very good. But you added a bit of uncalled-for sarcasm:

DR. BRADY

"For Pete's sake, if you do so and learn that you are not diabetic, don't get sore and urge the paper to drop this vicious column. Maybe you mean to be . . ." (A. R. W.)

I meant what I said. Maybe you think people don't behave like that. To my sorrow I know that some people do.

Once, I replied by mail to a reader's query about the professional standing or repute of a healer who promised to cure something or other. I told the reader the healer was a faker. The reader took my letter to the faker, who threatened to sue for more money than I'd ever have.

Being on cordial terms with the AMA, I asked headquarters about it. They assured me I had nothing to fear, that if necessary, qualified medical authorities would come into court and testify that the charlatan's claims were false.

GAVE A TIP

But they gave me a tip: Better brand the charlatan a quack, for it was difficult to prove anyone is a faker. There was no lawsuit. Anyway, nothing one may say in a private letter constitutes libel or slander.

In a piece about piles, real piles and other conditions often wrongly treated as "piles," I gave readers a gentle reminder that, sometimes, what purported to be piles proved, on proper examination, to be something quite different or maybe something more serious than piles (hemorrhoids.)

And so, I suggested, it is unwise to fool around with so-called "pile cures" and unwise to fool around with doctors who treat "piles" (hemorrhoids) without first making a proper examination with headlight and speculum. An editor, who had been trying this and that remedy for "piles," read the piece and hurried to a doctor for a proper examination.

Unfortunately for me, the doctor found that the editor had piles and nothing more. So he returned to his newspaper office in an angry mood and canceled my column. The paper wouldn't have any "blankety-blank doctor frightening readers."

★ ★ ★

Signed letters, not more than one page or 300 words long pertaining to personal health and hygiene, not disease diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

(Copyright, 1962)

The Country Parson

"Just one cross word can start a chain reaction which will lead to anger and sorrow."

Voice of the People:

Medical Care for the Aged Concerns Doctor, Reader

The medical profession is under a barrage of criticism regarding its stand on medical care for the aged.

Now, obviously, the American Medical Association and all of its component state and county societies are not opposed to medical care for the aged. It is a matter of how care should be administered. To make this a matter of payment under the Social Security System would saddle the American people with a debt of immense proportions for which there is no real need.

DR. FURLONG

★ ★ ★

The opponents of the American Medical Association, in order to create an adverse opinion, often say, and it is widely published, that the AMA maintains the biggest lobby in Washington. I furnish the latest figures released by the AMA regarding the amount of money spent in Washington in comparison with labor organizations:

1961 lobbying expense of AMA	**$ 163,404.61**
1961 lobbying expense of labor unions	**$1,024,049.38**
This can be broken down as follows:	
1961 all AFL-CIO unions spent	**$ 706,961.79**
the AFL-CIO parent organization spent	**$ 133,919.01**

Other AFL-CIO affiliates spending large sums were as follows:

Farmers' Educational and Cooperative Union of America	**$ 88,272.56**
United Federation of Postal Clerks	**$ 75,867.83**
International Association of Machinists, District Lodge No. 44	**$ 71,736.62**

In addition, there are some labor figures which are not reported, including the expenses of the Railway Labor Executives Association, which includes 21 AFL-CIO unions and two independent unions, and does not include the expenses of registered lobbyists of 17 unions, including the United Automobile, Aircraft and Agricultural Implement Workers, United Mine Workers of America, United Steelworkers of America and the Amalgamated Meat Cutters and Butchers Workmen of North America.

★ ★ ★

I thought this information might help correct the impression of the medical profession which is projected by the opponents of medicine.

Dr. Harold A. Furlong

940 Riker Building

Does the Kerr-Mills Act give adequate medical care for the aged? A local physician says it does.

★ ★ ★

To get assistance, your annual income, if married, can be $2,500, but this amount includes what the authorities claim your children can afford to pay. You can own personal property up to $2,000 if married. You will have to use up practically all your savings, bonds, stocks, etc. to qualify. The value of your car is included in the $2,000. Outside of your home, clothing and life insurance, you will have to be almost penniless.

★ ★ ★

What do these limitations provide? The Oakland County Medical Society listed surgeons' fees and physicians' fees. Investigation reveals that these are provided only in the hospital. The Kerr-Mills act does not provide medicines. If you do not agree with the physician that this is adequate medical care for those over 65, let your legislators in Washington know your feelings. Write the Ways and Means Committee of the House. The American Medical Society reported the spending of $146,934 in lobbying in Washington during the first six months of 1961. They are making their feelings known.

M.M.

'Girl Scout Leader Thanks The Press'

On behalf of the 8,000 Girl Scouts in the Northern Oakland County Council, I would like to thank the Press for its part in helping tell the story during Girl Scout week.

Through its program of informal education, this agency of the United Fund does much to help girls become happy and resourceful citizens.

Jean W. Morgan, Chairman
Public Relations Committee

'Right Wing Group Helpful to Country'

Much is said concerning the right wing which is exposing the Communists. The right wing is not a threat to our country, but to the fellow travelers. The John Birch Society has been blackballed and the term Birchite put upon anyone who is anti-Communist just because of the wild statements of one man.

When men like Rev. Billy Hargis or Dr. Carl McIntire expose the National Council of Churches for their pro-Communist pronouncements they immediately attack the person's character rather than face the evidence.

Gus Hall, Secretary, Communist

(Continued on Page 7, Column 1)

Case Records of a Psychologist:

Beware of Abnormal 'Crushes'

By DR. GEORGE W. CRANE

CASE L-468: Lelia S., aged 25, is a legal stenographer.

"Dr. Crane, I am very much worried about Lelia," her father informed me during our conference.

"She is too fond of a girl friend, with whom she shares a small apartment on the north side. This girl was her roommate at college. The two had a crush on one another, which during their campus days I thought was innocent enough.

DR. CRANE

"Now they are as devoted as man and wife. They hug and kiss like two newlyweds. Their behavior is so sentimental and mushy as to be nauseating.

★ ★ ★

"The other girl is the more masculine of the two. Lelia is the feminine type. Whenever she comes back home for a visit or for Sunday dinner, her roommate telephones repeatedly to check up on her whereabouts and to make sure she isn't out with somebody else. She is more jealous than a husband.

"Dr. Crane, what do you think of the situation?"

BEWARE OF 'CRUSHES'

Lelia and her roommate illustrate what I have pointed out in this column previously. They have not developed emotionally in the normal fashion, but have stopped at the gang or homosexual level. Such "crushes" are hazardous.

That may seem innocent enough for girls of 10 to 12, but they are a dangerous sign of emotional retardation among older men and women.

It is perfectly normal for us to prefer our own sex during the later years in grammar school.

But normal emotional development demands that we shall transfer our interests to the opposite sex after we enter puberty and experience sexual maturity.

HOW HOMOSEXUALITY STARTS

When girls have "crushes" on each other, it simply means that their new sexual development is compelling them to look for an adequate love object on whom to expend their affection.

This love object is normally supposed to be a man. If circumstances, or prudish maternal dominance, or isolation in a girl's school, prevent the girl's having access to a boy friend, then she may find herself becoming abnormally attached to a member of her own sex.

She will hug and kiss and fondle her girl friend, and show all the evidences of love and romance which normally should be developed only between a boy and a girl.

Because most people view such a situation in the same light as leprosy, they can hardly bring themselves to name the dreaded word, adult homosexuality.

One of my coed students, in describing her roommate, beat around the bush for half an hour and finally exclaimed, "Oh, Dr. Crane, you know what I mean. She's one of those things!"

CURING HOMOSEXUALITY

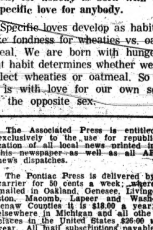

The best way to treat homosexuality is to prevent it by letting boys and girls attend school and social affairs together. Encourage young people to look to the opposite sex for sweethearts.

After we encounter a fully developed case of homosexuality in girl like Lelia, we have difficulty changing the situation.

When a girl is ardently in love with a boy friend, if is a difficult task trying to interest her in another man.

★ ★ ★

So it is with homosexuals. They are just as much in love with each other and usually don't want to change. But they are indulging in

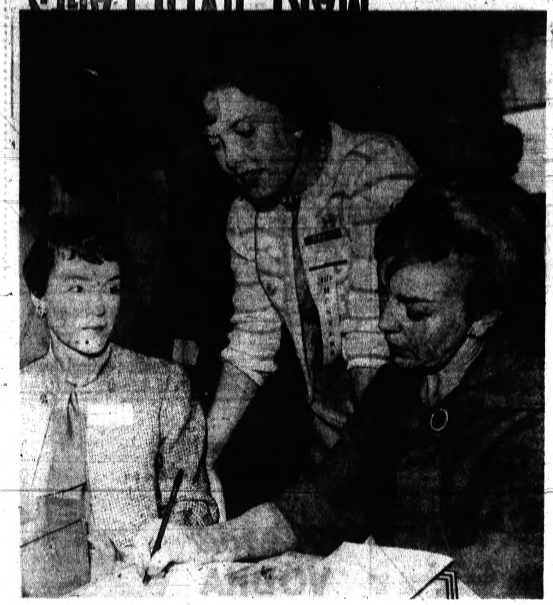

juvenile behavior and would be far happier if they would grow up emotionally.

Homosexuals can change, however, if they will resolutely restrain themselves to date desirable members of the opposite sex, for nobody is born with a specific love for anybody.

Specific loves develop as habits, like fondness for wheaties vs. oatmeal. We are born with hunger, but habit determines whether we'll select wheaties or oatmeal. So it is with love for our own sex or the opposite sex.

The Associated Press is entitled exclusively to the use for republication of all local news printed in this newspaper as well as all AP news dispatches.

The Pontiac Press is delivered by carrier for 30 cents a week, mailed in Oakland, Genesee, Livingston, Macomb, Lapeer and Washtenaw Counties it is $18.00 a year; elsewhere in Michigan and all other states in the United States $20.00 a year. All mail subscriptions payable in advance. Postage has been paid at the 2nd class rate at Pontiac, Michigan. Member of ABC.

Pontiac Press Photo

With the conclusion of the 1961-62 World Report Lectures Monday, members of the Michigan State University Oakland Music Foundation Scholarship committee started work on next year's program. Dr. Jose Rolz-Bennett, former dean of the University of Guatemala faculty and minister of education for the government of Guatemala, was guest speaker. Shown above (from left) are Mrs. Harry L. Swan, Bloomfield Hills; Mrs. Neil Wasserberger, Canterbury Drive; and Mrs. George J. Huebner, Bloomfield Hills.

Campus Notebook

Three Pontiac area students at Michigan College of Mining and Technology at Houghton recently have received promotions in the Army ROTC program and now hold the cadet rank of private first class.

They are Gary F. Millsaps, majoring in physics, son of Mrs. Amanda L. Jenkins of Lincoln Avenue, and Terry E. Wilson, son of the Eugene M. Wilsons of Covert Street, Waterford Township. Terry is an electrical engineering major.

★ ★ ★

Norm K. Matheson, who has been student teaching at Steamboat Springs, Colo., during the winter quarter, has received his teaching certificate. He has returned to Western State College, Gunnison, Colo. to work on his master's degree in education and administration. His bride the former Penny Devlin of Ottawa, Ont., is also enrolled at WSC.

He is the son of the Arlie A. Mathesons of Ferndale who spend their summers at their Williams Lake home.

★ ★ ★

Judith Oles, sophomore at Eastern Michigan University, Ypsilanti, and the daughter of Mr. and Mrs. Lester Oles of Knollwood Drive, has been pledged to Alpha Omicron Pi social sorority.

A definitely stated coat look will take the fashion spotlight this spring. This easy-to-wear number by Brittany is available in bright plaid tweeds with large pearl buttons for the petite figure.

Coat Boat Is Acomin'

Fashion perfection is apparent in every detail of this officers' coat by Brittany. Brass buttons with crests and ample belt that controls fullness from sides to back complete the coat of mohair looped hopsack.

Fashion headliner is this hand-loomed wool knit coat of navy buttoned in brass and belted in leather —from Ben Reig's spring collection. The attached hood is lined with gold-colored silk, as is the coat lining.

Club Planning Twist Dance

"Twisty" invitations are circulating among Forest Lake Country Club members for the Twist dinner dance party April 14.

The program begins at 6:30 p.m. and includes an exhibition of the twist by professional dancers. Following this will be a contest for the best and the worst twisters.

The Albert Ludwigs and the Donald Clarks are in charge of the event.

Amaranth Unit Welcomes 3 New Members

Esther Court No. 13, Order of the Amaranth, welcomed new members and guests during Friday evening's meeting at Roosevelt Temple.

Mrs. John Balch, Royal Matron initiated Mrs. Robert Eward, Mrs. Maude Vackaro and Mrs. John Balch into the order.

Distinguished guests introduced were Mrs. Ernest A. Pearson and Pierre Shaver, Deputy Supreme officers; Grand officers introduced were the Arthur Blacks; Mrs. Pierre Shaver, Velon Bates and Thomas Warren.

Refreshments were served by Mrs. Olive Burgess, chairman, assisted by Mrs. Lee Bryant.

Baby Announcements, Too

Some Folks Leave on Trips, Others Are Arriving Home

Arriving in Madrid, Spain, by jet flight last week, Mrs. Edward B. Leland, with her daughters Sharon and Katherine, were met by Capt. Leland who is serving with the U.S. Air Force there. After a short vacation in Madrid, the family will proceed to Zaragoza, Spain, where Capt. Leland is stationed.

Mrs. Leland and the girls have been living with her parents, the Harley Levelys, of Illinois Avenue. His parents are the Edward H. Lelands of Middle Belt Road. The Lelands' daughter Jeanne flew in from Milwaukee last week to wish her sister-in-law and nieces bon voyage.

★ ★ ★

The Russell Bassetts returned to their East Iroquois Road home on Saturday after a six-week vacation in California.

They were guests of their son-in-law and daughter, the Herbert Bauers at Irvingdale, and met their new grandson Herbert Russell who was baptized March 18 at the Sierre Madre Methodist Church, Sierre Madre.

Godparents for the infant are the Rt. Rev. Ivol I. Curtis, bishop of Los Angeles, and Mrs. Raymond L. Cole of Lincolnshire Drive, Waterford Township. The senior Bauers were hosts at a dinner party on the Saturday evening preceding the baptism. Their guests included the Rt. Rev. and Mrs. Curtis, the Bassetts and the junior Bauers.

★ ★ ★

A son, David Michael, was born March 21 in Pontiac General Hospital to the Richard N. Siviters (Barbara D. Johnson) of Drayton Plains.

Grandparents of the baby are the Raymond F. Johnsons of Elizabeth Lake Road and the John N. Siviters of Commerce.

Mr. and Mrs. Earl Barker (Joyce Amsden) of Maumee, Ohio, are receiving congratulations on the birth of their second child and first son William Earl Monday in Toledo.

The infant was born on the birthday of his maternal grandfather Arthur Amsden, Clarkston. Paternal grandparents are the Donald A. Barkers, Menominee Road.

★ ★ ★

Mrs. Arthur Forton of Detroit was the weekend guest of Mrs. Mary Wagner of Oriole Road.

★ ★ ★

Due to a change of employment, Mr. and Mrs. F. M. LeRoy of South Avery Road, Waterford Township, are now making their home in Tallahassee, Fla.

★ ★ ★

The Donald G. Osbornes, newcomers to Red Mill Drive, announce the birth of a son, James Ryan, March 6 in Pontiac General Hospital.

Grandparents of the infant are the Ryan W. Thompsons and the James H. Osbornes of Rainelle, W. Va.

★ ★ ★

Juanita Christie, daughter of Dr. and Mrs. Howard Christie, of Wing Lake, flew in from the College of Mount St. Joseph, near Cincinnati, Ohio, to be godmother to Peter Vincent Bronsing, who was baptized recently in St. Joseph Church, Lake Orion. John Roscobb of Mt. Clemens was the godfather.

Peter was adopted Feb. 28 by the Vincent Bronsings of Walter's Lake, Clarkston.

★ ★ ★

Mrs. Lonnie Joe McGill (Linda Hallmark) is presently visiting her parents, the Patrick L. Hallmarks of Clarkston, en route to Chicago to join her husband in their new home. The McGills have been living in Blytheville, Ark., since their marriage.

June vows are planned by Arlene Ruth Glaske, daughter of the Ernest E. Glaskes, Houston, Texas, to Melvin A. White, son of the Howard L. Whites of Avondale Drive, Sylvan Lake. She is an alumnae of University of Michigan where her fiance is studying dentistry.

Bringing Up Baby

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

I think you'll find most doctors will agree that it's more important for your baby to learn to like to eat than how much he eats. Forcing never made a baby a bigger or better eater, a variety of good-tasting food often has.

Menu variety not only lays the foundation for future good eating habits but teaches baby the delights of many different flavors. Gerber offers over 50 creamy-smooth strained foods so you can rotate colors and kinds of food. Here's a sample Gerber menu that's designed to tune up a taste bud or two.

Gerber® Menu Magic
Beef High Meat Dinner
Creamed Spinach
Orange Pudding Topped with Peaches
Formula or Milk

***Gerber Baby Foods** now wear a brand new, Shop-Easy label with the variety name right at the top. Speeds shopping time, makes quick selection a cinch.

Incentive plans. A good-sized, brightly colored ball gives a creeper a wonderful incentive to "go, go, go". When you have time, drag a pull-toy slowly across the floor and watch your creeper scamper after it. Fun for both of you!

Creepers will be socially acceptable on your carpets in Gerber Baby Pants. Made of soft, polyvinyl film, they're waterproof, leak-proof, acid-proof. Won't stiffen, will stay soft for the life of the pants. Amply cut to allow for growth. Pull-on or snap-on styles. Medium, large, extra large — all machine washable.

Grandmother gift. If grandmother sits for you from time to time, here's a nice way to say "thank you." Draw an outline of baby's hand on a couple of linen finger-tip towels and embroider in gay colors. She'll be pleased with the personal touch. Gerber Baby Foods, Fremont, Michigan.

President Re-Elected

YWCA Officers Named

New officers of Pontiac Young Women's Christian Association Board of Directors were elected and installed during the board's March meeting.

★ ★ ★

Re-elected president was Mrs. Fred Stimpert of Drayton Plains. Vice presidents are Alice Serrell of Rochester, and Mrs. Edward Ladd. Secretaries are Maude Chambers, recording; and Avis Carey, corresponding. Mrs. Richard Balmer was elected treasurer.

Chairman of the nominating committee was Mrs. William A. Crisp Jr. and Mrs. Fred Haushalter installed the officers.

★ ★ ★

Mrs. Stimpert was presented a silver charm bracelet with a miniature gavel. A gold charm bracelet was presented to Amy Krueger who became the Pontiac association's first Honorary Board member at the seventeenth annual meeting in February.

★ ★ ★

Hospitality chairman Mrs. Ladd served dessert and coffee. She was assisted by Miss Krueger and Mrs. Everett Russell.

Unit Observes Anniversary

Sixteen members of Chapter CL, PEO Sisterhood, met Monday noon at Rotunda Inn for a luncheon celebrating the eighth anniversary of the chapter. The business meeting and program were held later at the East Hammond Lake Road home of Mrs. Charles Buck.

Elden Johnson, of Pontiac Northern High School and former special education teacher at Fairlawn School in Pontiac State Hospital, was the speaker. His subject was mental health.

Golden Age Club to Hold Dinner

The Golden Age Club of Waterford will hold a cooperative dinner Friday at the Waterford Community Center on Williams Lake Road.

There will be card playing and dancing at the 6:30 p.m. affair open to everyone over 60.

Some Issues Buck Trend

Market Retreats Irregularly

NEW YORK (AP)—The stock market continued to retreat irregularly early today in moderately active trading.

Some signs of resistance to further declines were shown, notably among steels, selected industrials and some utilities.

★ ★ ★

Tobaccos, still affected by attacks on cigarette smoking at home and abroad, continued to give ground rather sharply. While changes of most key stocks ranged from fractions to around a point, declines of some tobaccos went to around 2 points.

Philip Morris was a 2-point loser and Reynolds Tobacco lost close to 2. Lorillard was down nearly a point and American Tobacco well over a point.

Bucking the downtrend, U. S. Steel, Republic Steel, American Telephone, Commonwealth Edison, Union Carbide, Westinghouse Electric and U. S. Gypsum made modest gains.

General Dynamics reported a huge deficit and the stock was down about a point. United Aircraft lost a fraction. Boeing eased.

Du Pont dropped a couple of points, dampening the averages.

Most of the leading oils were unchanged. Jersey Standard lost a fraction. Rails displayed a string of fractional declines.

The news background included a report of a sharp fall off in machine tool orders for February.

Libbey - Owens - Ford, which raised glass prices, advanced a fraction. Brunswick steadied and rose a fraction.

Prices were irregular on the American Stock Exchange. Gainers included Strong Cobb Arner, Tri-Continental Warrants, Gulton Industries and Wood Newspaper Machinery. Among losers were Colonial Sand & Stone, Polarad Electronics, Heli-Coil and Syntex.

Bond Prices Moving Up

NEW YORK (AP)—Bond prices were steady to a shade higher in spots at the opening of trading today.

Over the counter dealers in U.S. government bonds quoted intermediates and long issues up 1/32 or 2/32 in quiet dealings.

Most of the corporate list traded on the New York Stock Exchange was mixed. Rails edged upward and showed the only moves amounting to a full point or more.

They included New York, Lackawanna and Western 4s by 1¼ at 44¼ and Chicago, Indianapolis & Louisville 4½s by 1⅝ at 29⅜.

★ ★ ★

Fractionally higher were: Pennsylvania Railroad 4¼s of 1981 at 74½, Republic Steel 4¾s at 100⅞ and New York Telephone 3⅜s at 86.

Balanced Budget Hopes Grow Dim

WASHINGTON (AP) — President Kennedy's hopes for a balanced budget in the coming fiscal year are fading fast, due partly to legislative proposals and partly to the economy's recent sluggishness.

While administration officials refuse to concede that the battle is lost, they are increasingly less certain about achieving their economic and budgetary goals.

★ ★ ★

In January, Kennedy proposed spending $92,537,000,000 in the 1962 fiscal year which begins July 1. He foresaw record revenues of $93 billion—enough to produce a slim surplus of $463 million.

The slower rate of economic advance early in 1962 has put the biggest damper on January's optimism. Other factors have added to the potential swing toward continued red ink spending.

BIG ITEMS

For instance, enactment of the public works program which Kennedy proposed Monday would add $350 million to spending. The tax reform bill awaiting House action would subtract $350 million from revenues.

The public works program, for areas of high unemployment, would whittle the indicated surplus to $113 million. The tax bill, if also enacted, would swing the budget into the red by $237 million.

These figures assume, of course, that all other factors would remain unchanged—which they won't. On the one hand, Congress will be paring down the administration's spending plans. On the other, the possibility of a less vigorous economic advance will present a threat to revenues.

★ ★ ★

The House Appropriations Committee so far has acted on money bills for five federal departments. It has lopped $290 million from these, much of which would have been spent in fiscal 1962. In addition, failure of Congress to pass the school aid bill would cut another $100 million-plus from indicated spending.

$3 BILLION SHORT?

Whatever amount Congress may chop from spending with its economy ax could easily be more than offset, however, by a revenue decline if the economy continues sluggish.

In the January-March quarter, the gross national products—GNP —apparently totaled about $550 billion, at an annual rate. This would be $3 billion to $4 billion short of January forecasts.

★ ★ ★

Administration economists express hope that the balance of the year will see a spending spree by consumers and a step-up in capital investments by business. If both occur, there might be some hope of still achieving the administration's estimate of a 1962 GNP of $570 billion. Instead of a GNP of $570 billion, it now seems more likely that the total will be $565 billion, or perhaps less.

AP Photofax

DOG AND RESCUER — Mrs. Ronald Reinke, 20, braved the honeycombed Lake Superior ice Sunday to rescue this half-breed German shepherd dog. Mrs. Reinke of Duluth, Minn., walked about a block out onto the creaking ice to reach the dog who was suffering from a fractured leg.

Captain Tells of Warning GI

At Special Army Trial, Reservist Explains His Critical Comments

FT. POLK, La. (AP)—An Army captain testified he warned a reservist he would be subject to a court-martial if the soldier's criticisms of his commanding general were published.

Capt Gerald R. MacManus gave that report at a special court-martial trying Pfc. Bernis Owen, 23, of Seadrift, Tex. Owen is charged with disrespect as a result of his statements about the general's order banning "we want out" demonstrations by reservists recalled to active duty.

★ ★ ★

The soldier is accused of terming the order "hilarious" and the "climax of a long chain of injustices."

★ ★ ★

The defense contended Owen told a New Orleans newsman who interviewed him by long distance telephone that the statement could not be used unless the newsman first cleared it with military authorities.

The order banning protest demonstrations, issued last week by Maj. Gen. Harley B. West, commander of the post, followed a series of meetings by several hundred reservists.

TO BE CLEARED

The prosecution introduced a signed statement in which Owen acknowledged making critical remarks, but the soldier added the United Press International newsman promised to get the comment cleared by military authorities.

★ ★ ★

MacManus, Owen's company commander, said he listened to the interview on an extension telephone and warned Owen during the call that Owen would face court-martial if the comment were published.

★ ★ ★

The defense continually objected that MacManus' action in listening to Owen's conversation was illegal and contrary to provisions against revealing wiretap evidence. The court ruled it did not believe an extension telephone was a wiretap device.

Kennedys Plan to Stay Home This Weekend

WASHINGTON (AP) — President Kennedy and his family plan to stay close to home next weekend.

★ ★ ★

White House press secretary Pierre Salinger said yesterday "we're going to stay home . . . well, there may be a visit to Glen Ora," the Kennedy's country place near Middleburg, Va.

★ ★ ★

The Kennedy children, Caroline and John Jr., returned yesterday after a weekend at Palm Beach, Fla., visiting their grandparents, Mr. and Mrs. Joseph P. Kennedy.

The first lady is due to arrive from London on Thursday.

S. Africa Church Raps 'Sinful' Stripteases

JOHANNESBURG, South Africa (AP)—The powerful Dutch Reformed Church lashed out Monday at striptease performances and appealed to the public to have nothing to do with "this sinful occurrence."

★ ★ ★

In recent months, new strip clubs have sprung up in such resort cities as Cape Town and Durban. Newspapers have been publishing pictures of strip girls in action.

Students Get Day Off After Furnace Blast

GREENVILLE, Pa. (AP)—Commodore Perry High School in nearby Shakleyville was closed today following an explosion in the boiler room Monday that routed 900 pupils.

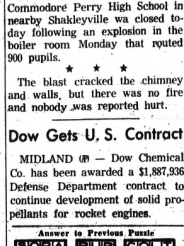

★ ★ ★

The blast cracked the chimney and walls, but there was no fire and nobody was reported hurt.

Dow Gets U. S. Contract

MIDLAND (AP) — Dow Chemical Co. has been awarded a $1,887,936 Defense Department contract to continue development of solid propellants for rocket engines.

Russian Defector Wants to Return

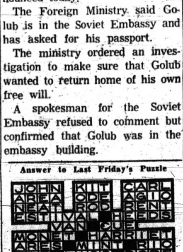

THE HAGUE, Netherlands (AP)—Alexei Golub, the Soviet biochemist whose defection last fall led to an airport fight between Dutch and Soviet officials, wants to return to the Soviet Union, the Foreign Ministry announced today.

The Foreign Ministry said Golub is in the Soviet Embassy and has asked for his passport.

The ministry ordered an investigation to make sure that Golub wanted to return home of his own free will.

A spokesman for the Soviet Embassy refused to comment but confirmed that Golub was in the embassy building.

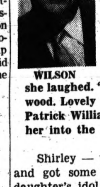

Answer to Last Friday's Puzzle

Bad Girls Getting Better in Movies Says Actress

By EARL WILSON

NEW YORK — What a town, what a town. Even when it rains and snows the same day . . . even when it's bad . . . New York's still pretty good.

WILSON

SHIRLEY JONES (of Smithton, Pa.), wearing a cocktail dress, with a huge aquamarine ring over the little finger of her black-gloved hand, sat in the Plaza Palm Garden—dazzling people with her beauty.

"What do you want to do after 'The Music Man' is released?" I asked. (She plays the Librarian).

"A real good dramatic part — a meaty leading lady role like Susan Hayward plays!" she said.

she laughed. "I'd love to do St. Joan!" There you are, Hollywood. Lovely Mrs. Cassidy, mother of two (the latest being Patrick William, 10 weeks old), is waiting for you to push her into the Ingrid Bergman-Olivia DeHavilland League.

Maybe a remake of "The Snakepit,"

★ ★ ★

Shirley — who played a bad, bad girl in "Elmer Gantry" and got some letters from mothers who said, "You're my daughter's idol; how could you play such a part?"—told me that she is a much better girl in "The Music Man."

"I think things are leveling off with Hollywood making such musicals as 'Camelot' and 'State Fair' and the girls are going to be better," Shirley said.

"How's your mother going to like you playing a spinster librarian in 'The Music Man'" I asked her.

"I suspect," she said, "My mother's going to adore anything I do."

★ ★ ★

THE MIDNIGHT EARL . . .

Roz Russell is reported chickening out on doing her own vocalizing in "Gypsy" — but may do it yet . . . **Carole Lawrence**'ll be signed for a TV series . . . **Tommy Sands** is one-third finished with the novel he's writing, about "social problems." . . . **Teresa Brewer's** buying an island in the Bahamas.

★ ★ ★

EARL'S PEARLS: Today's child knows the value of a nickel. That's why he asks for a dime.

TODAY'S BEST LAUGH: "They're piping music into Internal Revenue offices," reports Bill Gold. "What's the album —'Music to Pluck Taxpayers By'?"

WISH I'D SAID THAT: Taffy Tuttle's catty description of a girl: "She should make veils popular again."

A comic noted for stealing other gagster's jokes boasted he was going to make a record, "What'll you call it," asked Jackie Kannon, "'The Best of Everybody'? That's earl, brother.

County Auditor Talks of Data Automation

By DICK HANSON

Is Oakland County big enough for automation?

County auditor Robert Lilly suspects so. He is calling for a study to determine if the expense of an electronic data processing machine would be warranted.

At a County Board of Supervisors' committee meeting yesterday Lilly promoted spending an initial $25,000 in 1963 to enter the automation field.

★ ★ ★

He appeared before the ways and means committee during hearings on a tentative $16,673,208 county budget for next year.

"Do you think we (county government) are big enough for data processing electronically," Harry Horton, Royal Oak supervisor, asked.

"Frankly I don't know, but my preliminary estimate is that we are past due," Lilly replied.

"You have to get at least 80 per cent capacity of such a system to make it worthwhile," declared Horton.

★ ★ ★

Lilly pointed out that the $25,000 expenditure would provide for only the first step toward fully processing county data electronically.

The money, he said, would be used to set up a three-member department, under the board of auditors, to compile and sort data for day-to-day use.

COST WOULD BE HIGH

"A more sophisticated system," Lilly added, "would provide electronic answers needed in many fields of local government by speedily selecting information from a central index.

"Eventually the system's cost would run many times more than your current figure ($25,000)," county planning director George Skrubb noted.

He recommended a complete analysis of every county government operation as it might be affected and to determine what savings might result before any expenditure is made.

"The cost of such a study would be $100,000 at least," Lilly said. He urged an immediate study of what the sorting machine would do, instead, "and let the analysis grow from there."

★ ★ ★

Lilly said continued study would indicate the county's further needs and what savings would be realized by extending the system.

★ ★ ★

According to Lilly, automation in local government would not reduce county employment but would release personnel for other duties in the over-all operation.

The ways and means committee reached no decision. The matter was left open for further consideration.

Nehru's Daughter on Troubled Plane

SPOKANE, Wash. (AP)—A jet airliner carrying Mrs. Indira Gandhi, daughter of India's Prime Minister Nehru, was forced to make an unscheduled landing here Monday night.

Northwest Airlines said the Boeing 720b, carrying Mrs. Gandhi from Washington, D.C., to Seattle, showed unusually high oil consumption, and the pilot decided to land.

State Department personnel accompanying Mrs. Gandhi resumed their flight within an hour, but Mrs. Gandhi remained in Spokane overnight.
