Quizzing Mazey on Boycotting of Kohler Wares

Senate Rackets Probers Under Taft-Hartley Act Check UAW's Actions

WASHINGTON (INS)—United Automobile Workers secretary-treasurer Emil Mazey faced questioning by Senate Rackets probers today on a nation-wide boycott instituted against Kohler plumbing fixture products by the UAW.

Mazey was slated to return for his third day as a witness in the inquiry into the strike that has kept Sheboygan, Wis., in an emotional state for 47 months.

The committee hoped to determine whether the boycott of Kohler products is a secondary boycott, which is illegal under the Taft-Hartley Act, or a legal primary boycott.

It also appeared likely Sen. Barry Goldwater (R-Ariz.) might fire a new blast in his long, bitter feud with UAW President Walter Reuther at the 2 p.m. hearing.

Reuther challenged the Arizona Republican on Saturday to prove (Continued on Page 2, Col. 6)

Heavy Coats and Sweaters Back in Vogue

Heavy coats and sweaters will be back in style for Pontiac area residents.

The U.S. Weather Bureau predicts mostly cloudy, rather windy and cold weather for tonight and tomorrow. Scattered snow flurries are also expected.

The low tonight will be 24-28 degrees and the high tomorrow around 34.

The outlook for Wednesday is mostly cloudy with little change in temperature.

The Weather Bureau's five-day forecast predicts temperatures will average around three degrees below the normal high of 42 and normal low of 26.

Only minor day-to-day temperature changes are expected. There will be snow flurries or rain Wednesday and Thursday and snow flurries Friday.

The lowest recorded temperature in downtown Pontiac preceding 8 a.m. was 27. At 1 p.m. the reading was 33.

May Be Launched This Week

Vanguard Checked

CAPE CANAVERAL, Fla. (AP)—Frustrated by a faulty weather report, a crane operator's absence at a crucial moment of need, and a series of minor technical breakdowns, the Navy today prepared a new attempt to launch its Vanguard space rocket, possibly this week.

A new firing schedule was under discussion in conferences between officials of the Naval Research Laboratory in Washington, the Martin Co.—builder of the big rocket—in Baltimore, and the Air Force missile test center here.

It was conceivable that a new attempt to fire the three-stage rocket, and possibly to place a grapefruit size satellite in an orbit, might come within a day or two.

It might also develop—should the Vanguard experts find that the repeated delays have weakened any part of the sensitive vehicle—that there would be a considerable postponement.

The Vanguard rocket came within 35 seconds of launching Saturday, shortly after 3 p.m.

Then, it was learned from informed sources, the so-called umbilical line—the missile's last link with the ground—failed to disconnect.

The crane operator who was to have been on hand for such an emergency was missing. As a result there was a costly delay.

Similarly, a "hold" or temporary delay in the approaches toward launching time was ordered on the basis of a weather report indicating high winds aloft.

At the time the Navy received the wind report the weather officer said it might be in error.

Vanguard officials could not afford to take a chance. The Vanguard rocket is so tall and slender that winds over 15 miles an hour are a menace to it. A "hold" was ordered and there was a long wait.

Finally a weather balloon was sent aloft. It refuted the wind forecast. Almost immediately the countdown resumed.

Use of Records in Court Case Probed Today

Ousted Surgeon Seeks Official Data to Aid Him in Legal Action

Can Dr. Neil H. Sullenberger get access to secret Pontiac General Hospital records in order to aid his suit against the hospital?

Attorneys this morning gave arguments in Circuit Court over this question as Dr. Sullenberger's legal counsel, Harry N. Dell, asked Judge Clark J. Adams to order the hospital to open the records to him.

The records involved are those on which the hospital has based its charges against the doctor as part of its defense against his \$250,000 damage suit.

To date, the records have been closely guarded as evidence to use against Dr. Sullenberger and hospital officials have contended to show them to him would be to give away their case in advance.

However, City Attorney William A. Ewart, who represents the hospital, has said he felt the doctor was entitled to study the records. But he wanted the court to decide to what extent the hospital files must be opened.

Attorney Dell is also asking the court today to enlarge Dr. Sullenberger's original bill of complaint to halt by injunction alleged "influence by some of the defendants" to prejudice Dr. Sullenberger's reputation by spreading rumors and using their influence to block his right to practice at other hospitals.

Red Chinese Troops Leaving North Korea

HONG KONG (AP)—North Korean soldiers have been taken over from withdrawing Red Chinese "volunteers" in the past few days, Peiping radio said today.

The broadcast said the first Communist Chinese elements will complete their pullout before April 30. The size of the group was not indicated.

The Chinese Reds said two weeks ago they would pull back their entire force in North Korea—estimated at 370,000 men—by year's end. They demanded that U.N. troops do the same in South Korea.

Looks Like Top Is Coming Off

BUT THINGS ARE UNDER CONTROL — At first glance it looks like the crane at left in this picture from Washington is about to lift the Capitol dome but it's only the unusual camera angle.

The crane is being used in pouring concrete into a new foundation outside the old House Office Building, south of the Capitol.

Federal Moves Give Promise of Job-Making Aid

Government Building, Home Loans, Jobless Benefits Explored

By JACK BELL
WASHINGTON (AP)—A deluge of proposals and some direct administration moves gave promise today of heavier federal spending to provide jobs and help business.

While Democrats and some Republicans clamored for more, President Eisenhower ordered a speedup of government construction projects for which money is available.

He announced immediate release of 200 million dollars to help make more private loans available for home construction.

Eisenhower also proposed that the federal government, for the first time, provide funds to extend the period of jobless benefits to unemployed workers.

Many of these already have exhausted their rights under permanent schedules fixed by the various states.

Eisenhower also asked Congress to raise the ceiling on highway

Seek Public Works Aid

WASHINGTON (AP)—Rep. Griffiths (D-Mich.) and 13 other Democratic congressmen today proposed a \$3 billion dollar loan program for public works projects in recession-hit communities.

spending for the next three years, and said he will ask an additional \$186 million dollars for water resources projects within a few days.

With Senate Democrats already pushing a broader antirecession program, the weekend brought these other developments:

1. Thirteen of the 16 Democratic members of the House Banking Committee, led by Rep. Ealing (D-Ala.), proposed a \$2½-billion dollar government loan program to permit construction of sewage and water facilities, libraries, transportation, public (Continued on Page 2, Col. 4)

Strike in Garment Industry May End Within 24 Hours

NEW YORK (AP)—Striking garment workers and dress manufacturers have reached agreement on money issues and appear headed for a full settlement today or tomorrow.

The ticklish problem of contract enforcement—the other major issue in the six-day-old strike—is still to be resolved.

An employer spokesman said last night both sides agreed on a 11½ per cent package increase.

The spokesman said it includes an 11 per cent boost in base pay

and a payroll deduction for severance pay of one half of 1 per cent.

Agreement also was reached on overtime for piece workers—81 per cent of the workers are (Continued on Page 2, Col. 4)

Community Service Unit Under Way

Break Ground for Center

Ground-breaking ceremonies at 10 a.m. today inaugurated construction of Pontiac's Community Service Building on Franklin boulevard near Orchard Lake avenue, president of the Pontiac Area United Fund board of trustees, and Paul A. Kern Jr. of the Paul A. Kern Co., leaseholder.

The building will be financed by the Kern company which will lease it to the Pontiac Community Chest. However, at the end of 12 years, the Community Chest will own the building.

The new structure was blessed by Dr. William H. Marbach, of the First Presbyterian Church. When completed, about July 15, the building will house the Pontiac Area United Fund offices as well as 10 local Community Chest agencies.

The Community Chest expects its installments on the two-story building will run less than the rent now being paid to house the agencies separately.

Other dignitaries at the ground breaking today included Karl W. Bradley, PAUF executive director; members of the building committee Abe Lapides, Harold J. Muldowney, James Corwin and Robert R. Eldred; and executive directors and presidents of Community Chest-supported agencies.

Also present were Elmer Johnson, Waterford Township supervisor; Robert M. Glenn, chairman of the PAUF administrative committee and a Community Chest director; Robert S. Nelson, chairman of the Community Chest budget steering committee and also a director; Fred V. Haggard, PAUF vice president, and Tom Roth of Roth and Sons, Birmingham, which will construct the building.

War Criminals Paroled

TOKYO (AP)—The United States has paroled three more Japanese war criminal prisoners of World War II. Thirty-seven others are still in Sugamo Prison.

North Korea Agrees to Return U.S. Pilot

PANMUNJOM, Korea (AP)—North Korea today agreed to return a U.S. Air Force pilot shot down over the demilitarized zone last Thursday by Communist gunfire. No date for the release was given.

The Communist announcement came at a meeting of the Military Armistice Commission at which the U.N. Command warned it would shoot down any Red planes deliberately crossing the truce line.

Capt. Leon Pfeiffer of Kenosha, Wis., who parachuted from the stricken Sabre Jet into Communist territory, was being given "humanitarian treatment," the Communist delegates said. There was no indication whether he was wounded.

Wife 'Very Relieved'

KENOSHA, Wis. (AP)—Mrs. Joyce Pfeiffer of Kenosha said today she was "very relieved" to hear that North Korea had agreed to return her husband, Capt. Leon Pfeiffer, whose Sabre Jet was shot down over the demilitarized zone in Korea last Thursday. "This is really the first news that I've had that he was alive," Mrs. Pfeiffer said.

The U. N. delegate, Gen. Olaf Kyster, admitted that Pfeiffer's and other American planes had violated the demilitarized zone (Continued on Page 2, Col. 3)

Work Starts Today on United Fund Building

GROUND-BREAKING — Glenn Griffin, chairman of the Pontiac Area United Fund building committee, turns the first spadeful of earth at ceremonies this morning marking the groundbreaking on the new Community Chest building. Waiting their turn, from

left, are City Manager Walter K. Willman; Paul A. Kern Jr., representing the builder, Paul A. Kern Co., of Birmingham; and William B. Hartman, president of the PAUF board of trustees.

Centen Meditations

By ROBERT L. DIEFFENBACHER, D.D.

When some people are urged to go to church they cast unpleasant glances at the hypocrites who pray on Sunday and who sin against their brothers on Monday. Some see only the unworthy who fill a few pews of our churches.

They overlook the many who silently follow the will of God seven days a week.

One of the mistakes of many serious Christians is the very silence of their worship.

They hide their religion from others. They fail to bear witness for the Master who gives life eternal.

Somehow we must make our loyalties known. We must let others know that God is guiding our every deed and that we are in constant touch with Him.

There are many who will not read the Bible, but they would read the Gospel According to You. Our lives must reflect God's presence.

Solons Resume Whiteside Quiz

Miami Attorney Halts Grand Jury Testimony to Answer Probers

WASHINGTON (AP)—Miami lawyer Thurman A. Whiteside interrupts his grand jury appearances today to undergo more questioning by House probers on his relationship with former FCC Commissioner Richard A. Mack.

Under a subpoena, Whiteside last Thursday turned over to a federal grand jury records of financial dealings with Mack, who resigned from the Federal Communications Commission a week ago under fire. Whiteside then was questioned as a voluntary witness before the grand jury.

Both the House investigating subcommittee headed by Rep. Harris (D-Ark.) and the grand jury are studying the conduct of Mack in connection with the FCC's grant of television Channel 10 in Miami to Public Service Television, Inc., a subsidiary of National Airlines.

Whiteside at one time pushed the application of Public Service, which won the channel over three other applicants.

Mack, who voted with the FCC majority in favor of Public Service, acknowledged accepting thousands of dollars in loans and free stock in two firms from Whiteside, whom Mack described as a long-time friend. Mack denied he was swayed by Whiteside to vote for Public Service, and contended he had not done anything wrong.

State Weekend Highway Toll 5

No Deaths Recorded in Sunday's Traffic as Dry Weather Prevails

By THE ASSOCIATED PRESS
Michigan drivers made it through Sunday without a single traffic fatality, holding the state's weekend toll to a low five dead.

Four of the fatalities same Saturday, two of them in one car-train collision.

Dry highway conditions prevailed all weekend.

The Associated Press weekend traffic fatality count begins at 6 p.m. Friday and ends Sunday midnight.

Lynden Hazen, 59, Plainwell, was killed Saturday night when struck by a car near his home.

Jesse T. Rhew, 27, Three Oaks, was injured fatally when his car sideswiped another and overturned east of Bridgman Saturday.

Rachel Campbell, 12, Dexter, and her 2½-year-old sister Lucinda, were killed when the car in which they were riding collided with a train between Dexter and Chelsea Saturday.

Leo Gill, 65, Port Huron, was injured fatally Friday night when his car struck a tree near Marysville.

Know the Weather

By E. H. SIMS
Does the sun create clouds? Yes, indirectly, the sun is responsible for clouds. And the sun also creates the wind, to a great extent.

By heating the earth (which heats faster than the water area of the earth) the sun causes the rising thermals that condense into visible moisture droplets, or clouds.

As the heated air rises, other air, perhaps cooler air from nearby water areas, flows in to replace the heated air.

This creates wind. The wind at the lake or ocean, from water inland, is caused by this sun-energized system of movement.

Thus the clouds and many of our winds are caused by the warming rays of the sun.

Hammers Mid-Atlantic States

Heavy Snow Hits Virginia

By THE ASSOCIATED PRESS
Late season snowstorms chilled sections of mid-Atlantic states today and storms which hammered parts of the Rockies moved into the Plains region.

Near-record falls of snow for the date were reported in parts of north central and western sections of Virginia yesterday. Snow also fell in parts of West Virginia, Maryland, in the Washington, D. C., area and in Delaware. The drifting snow forced the closing of half a dozen school systems in Virginia.

The weekend storm in the Rockies which dumped up to 8 inches of snow at Lander, Wyo., moved into Montana, the Dakotas, and southward through Kansas.

The wet belt extended into the southern Plains, mostly in the form of light rain, but heavy snow warnings were issued for the Texas Panhandle.

Nine inches of snow fell in a six-hour period in St. Louis. A bright, warm sun melted snow off streets, but blanketed yards and drifts remained.

In Virginia, 15 inches of snow was reported from the Mt. Crawford area near Harrisonburg and 14 inches fell in Bath County.

Europe's cold spell spread south today, bringing snow flurries and icy winds to the Mediterranean coast from the French Riviera to Sicily.

Many roads in Britain and France were blocked by snow.

Denmark shivered in what a meteorologist described as the most prolonged wintry spell for years.

A snow carpet lay over almost all France.

Traffic accidents on icy roads caused two deaths in Italy.

Rome had its first snow of the winter, and gales battered the Naples harbor.

Forecast

SNOW FLURRIES TONIGHT — It will be cooler tonight in the upper Mississippi valley, parts of the central and southern Plains and in Arkansas. The lower Lakes and northern Appalachians will have snow flurries. Rain mixed with

snow is forecast for the Ohio and Tennessee valleys and parts of the middle Mississippi valley with showers indicated for the lower Mississippi valley and Texas. The northwest quarter will have rain on the coast and snow flurries inland.

Wounded Girl in Good Condition Abductor of Ex-Wife Held

MASON (AP)—A 23-year-old unemployed laborer was held on an open charge today in the abduction of his divorced wife and the wounding of her sister.

Sheriff Willard Barnes said he would confer with the Ingham County prosecutor's office today to determine what charges will be filed against Robert Shepherd of Danville.

The sister, Loma Craft, 17, was reported in good condition at Fyote Hospital in Jackson. She was shot and wounded in the shoulder, wrist and chest.

Mrs. Norma Shepherd, 22, told police she was divorced six weeks ago after five years of marriage.

She said that she was going out on her first date since the divorce Saturday night when Shepherd came to her house. He argued with her and with her date, Harry Smith of Jackson, and her sister.

Police said Shepherd fired a .22 caliber rifle at the Craft girl before forcing Mrs. Shepherd into an auto and fleeing. Police found them four hours later at a lake six miles away. The woman was unharmed.

Dulles Arrives in Manila for SEATO Conference

MANILA (AP)—Secretary of State Dulles arrived today for the annual SEATO foreign ministers' meeting, which is expected to focus on a possible linkup with similar anti-Communist alliances in the West and Middle East.

In contrast to other ministers here for the Southeast Asia Treaty Organization parley, Dulles declined to comment on the latest Soviet proposals for the Far East situation.

Asked whether he planned to confer with his colleagues on the Soviet Union's latest call for a summit conference, Dulles said, "I came here to discuss the problem of SEATO. I expect that will occupy us fully."

Dulles told newsmen he had not seen official reports on the Soviet demand for an atomic-free zone in Asia and an Asian collective security system, broadcast by Moscow radio in an assault on SEATO. Other foreign ministers rejected both proposals speedily.

The U.S. secretary said the three-day parley, which opens tomorrow, must strengthen further the fabric of this regional defense organization.

High on the agenda is a scheme for linking SEATO with the North Atlantic Treaty Organization and the Baghdad (Middle East) Pact. The Philippines made the proposal. Britain already is opposed to it.

Member nations are the Philippines, the United States, Britain, France, Pakistan, Australia, New Zealand and Thailand.

North Korea Agrees to Return U.S. Pilot

(Continued From Page One)

but told the Reds it was because of "mistakes and carelessness on the part of the pilots."

Kyster protested the shooting was an "unnecessary armed attack" and warned that Communist aircraft violating U. N. territory also would be fired upon "if these violations are not due to navigational error."

The North Korean delegate charged U. N. forces had violated the demilitarized zone 588 times since the 1953 armistice to spy on Communist territory.

The Communist delegate said Pfeiffer's Sabre Jet was shot down because the pilot disregarded Communist warning fire by continuing to "perpetrate hostile acts at low altitude."

Accuse GOP Solons of Cheating Jobless

DETROIT (AP)—The seven Michigan regional directors of the CIO United Auto Workers have accused Republicans in the State Legislature of "still trying to cheat jobless workers out of their meager unemployment compensation checks."

The UAW officials issued a statement over the weekend criticizing provisions of a bill, pending in the Legislature, which would make adjustments in the present system of unemployment compensation in Michigan.

Garment Strike May End in a Day

(Continued From Page One)

employed on this basis—after 35 hours.

Union officials declined to confirm or deny the reported terms. The dispute, first major strike by the International Ladies Garment Workers Union in 25 years, has affected nine Eastern states and idled 105,000 ILGWU members.

The wage agreement came after two days of intensive mediation by two peacemakers appointed by Mayor Robert F. Wagner—former U. S. Sen. Herbert H. Lehman and Harry Uviller, impartial chairman of the dress industry.

The mediators joined with David Dubinsky, president of the union, and employer leaders in expressing confidence that work will be resumed Wednesday.

The industry has complained that nonunion penetration and the union's failure to demand uniform conditions have forced manufacturers to cut corners as a means of staying in business.

Prestrike wages in New York City averaged \$2.10 an hour, 50 to 75 cents an hour less elsewhere.

Ad Agency Executive Dies in Birmingham

CARL G. MAIER, 53, vice president of Campbell-Ewald Co., died Sunday at his home, 6105 E. Surrey St., Birmingham.

Mr. Maier, who joined the firm in 1935, was named vice president four years ago.

Surviving are his wife, Marcella; two daughters, Judith and Susan; two sons, George Beattie and Mrs. Albert J. Berschback, and two brothers, Edward and William.

Service will be held at 2 p.m. tomorrow in the William Vasu Funeral Home, Royal Oak. Burial will be in Acacia Park Cemetery.

Stellato Eyes Congress

DETROIT (INS)—Carl Stellato, president of United Auto Workers Ford Local 600, the world's largest union local, said today he will give "very serious consideration" to a proposal he run for the U. S. Congress.

Prevent Student Riots

ROME (AP)—Five hundred police occupied Rome University buildings before dawn today to prevent protest riots by students who have been striking for more than a month.

Shot in the Arm Near for U.S. Economy

(Continued From Page One)

buildings and other works projects in labor surplus areas.

2. Eight Republican senators, without criticizing Eisenhower's program, suggested heavier spending than Eisenhower proposed and called among other things for federal aid to school construction.

Many other Republicans issued statements praising Eisenhower's actions.

3. Some House members proposed to see the need for a second increase this year in the national debt limit — boosted only last month from 275 to 280 billion dollars — if bad news continues on the economic front and makes heavy federal spending necessary.

4. Sen. Douglas (D-Ill.) and Rep. Simpson (R-Pa.) repeated their demands for income and other tax cuts to make more spending money available.

5. Chairman Blatnik (D-Minn.) of the House Public Works Committee said he will introduce legislation to push public works projects for which money is available. The bill is similar, he said, to one being pushed in the Senate by Democratic Leader Lyndon B. Johnson of Texas.

It was in this field that Eisenhower directed a speedup of projects where that can be done.

Johnson said he has been informed that the unexpended balances of money Congress has provided for military and civilian construction stood at \$7,100,000,000 Jan. 1, the last date for which figures are available.

Johnson gave no sign that presidential criticism will deflect him from a determination to set up a Public Works Administration to plan job-giving projects for development if employment fails to pick up later in the year.

Newspaperman Dies in Akron

Frank Knight Started Career at Pontiac Press in 1951 at Age 23

Funeral service will be held Tuesday in Akron, Ohio, for Frank McLain Knight, 30, youngest son of John S. Knight, editor and publisher of Knight Newspapers, Inc., and a former Pontiac Press advertising solicitor.

Young Knight died in an Akron hospital yesterday following an operation for a brain hemorrhage. He had been rushed to the hospital Saturday after he was discovered in a coma in the family's Akron home.

The young newspaperman, who worked in the national advertising department of the Akron Beacon Journal, one of the papers in the Knight organization, had been named to the board of directors of the Knight newspapers last fall.

The group also includes the Detroit Free Press, Chicago Daily News, Miami Herald and Charlotte (N.C.) Observer.

Frank Knight began his newspaper career at The Pontiac Press. He worked in the classified and display advertising departments here from July 1951 to December 1953.

From Pontiac, he went to the Akron paper, continuing to learn the newspaper business. He worked in almost every department of the Beacon Journal.

MANY FRIENDS HERE

Frank Knight made many friends in Pontiac. He lived at 34 Seminole Ave., and served as president of a YMCA Toastmaster's Club.

Born in Akron Feb. 9, 1928, he was graduated in 1946 from Culver Military Academy. He attended Cornell University and was graduated from the University of Miami in 1951, shortly before he went to work at The Press.

Besides his father, Knight is survived by a brother, Landon, a staff member of Life Magazine; an uncle, James L. Knight, general manager of the Miami Herald and publisher of the Charlotte Observer; and his grandmother, Mrs. Charles Landon Knight, of Akron.

The funeral will be Tuesday afternoon in St. Paul's Episcopal Church in Akron. Private burial will be in Rose Hill Cemetery.

Commission to Discuss Tree Buffer Line Request

BIRMINGHAM (AP)—A request for the planting of trees to serve as a buffer between the area just north of Buckingham road and the Grand Trunk railway will be taken up at tonight's City Commission meeting.

Five families who live on the street made the request.

The residents say they feel that such a planting would reduce noise, dust and dirt of passing trains.

Commissioners also will consider a request from the Berry Steel Door Corp. for aid in the disposal of some of its property at the eastern end of Cole street.

The firm is asking city cooperation in the possible development of the street so that 2.8 acres may be sold in smaller lots rather than as a whole.

Departmental reports, including six deficiency roles on completed city projects, will be received.

Building remains slack in the

Quizzing Mazey on Kohler Boycott

to a jury of clergymen that the UAW chief is a "more dangerous menace than the Spartans or anything Russia might do."

The union leader said he would exit from the labor movement if Goldwater could prove the accusation made by the senator in a January speech.

Reuther, in a public statement, also urged "sanity and responsibility" in the Senate hearings, which have been marked by repeated explosions between Democrats and Republicans, as well as between the opposing factions in the Kohler disputes.

Reuther said the hearings have been "a sad spectacle of recrimination by both the company and the union."

The first week and a half of hearings were devoted primarily to charges of violence on both sides.

The committee planned sometime this week to summon John Gunacac of Detroit to testify on charges that he broke the neck of an elderly non-striker, William Bersch, in a July 4, 1954 scuffle.

Gunacac will come to Washington under special court protection obtained by the committee to prevent his extradition to Sheboygan on a felonious assault charge.

Gov. G. Mennen Williams has turned down all attempts by Wisconsin authorities to extradite the UAW member.

Some Republican members of the committee claim Bersch's death in October 1955 was the result of the alleged beating, but UAW spokesmen contend he died of a heart ailment.

Wish Teacher Smarter, Writes First-Grader

WASHINGTON (AP)—The first-grader who sent in his letter to the Washington Post's "Favorite Teacher" essay contest readily admitted liking "Miss Davis."

In fact, he scrawled: "I wish she was smart enough to teach second grade too next year."

Five families who live on the street made the request.

The residents say they feel that such a planting would reduce noise, dust and dirt of passing trains.

Commissioners also will consider a request from the Berry Steel Door Corp. for aid in the disposal of some of its property at the eastern end of Cole street.

The firm is asking city cooperation in the possible development of the street so that 2.8 acres may be sold in smaller lots rather than as a whole.

Departmental reports, including six deficiency roles on completed city projects, will be received.

Building remains slack in the

(Continued From Page One)

to a jury of clergymen that the UAW chief is a "more dangerous menace than the Spartans or anything Russia might do."

The union leader said he would exit from the labor movement if Goldwater could prove the accusation made by the senator in a January speech.

Reuther, in a public statement, also urged "sanity and responsibility" in the Senate hearings, which have been marked by repeated explosions between Democrats and Republicans, as well as between the opposing factions in the Kohler disputes.

Reuther said the hearings have been "a sad spectacle of recrimination by both the company and the union."

The first week and a half of hearings were devoted primarily to charges of violence on both sides.

The committee planned sometime this week to summon John Gunacac of Detroit to testify on charges that he broke the neck of an elderly non-striker, William Bersch, in a July 4, 1954 scuffle.

Gunacac will come to Washington under special court protection obtained by the committee to prevent his extradition to Sheboygan on a felonious assault charge.

Gov. G. Mennen Williams has turned down all attempts by Wisconsin authorities to extradite the UAW member.

Some Republican members of the committee claim Bersch's death in October 1955 was the result of the alleged beating, but UAW spokesmen contend he died of a heart ailment.

Wish Teacher Smarter, Writes First-Grader

WASHINGTON (AP)—The first-grader who sent in his letter to the Washington Post's "Favorite Teacher" essay contest readily admitted liking "Miss Davis."

In fact, he scrawled: "I wish she was smart enough to teach second grade too next year."

43 Michigan Papers Now on AP News Wire

BIG RAPIDS (AP)—The Big Rapids Pioneer, published by Arthur E. Anderson, today became the 43rd Michigan daily newspaper to become a member of the Associated Press and receive the AP's cooperatively gathered news report.

New Counsel Faces Comparison With Schwartz

WASHINGTON (AP)—Robert William Lishman has taken on more than the job of guiding the ram-paging House investigation of government regulatory agencies. Inevitably, when he accepted the appointment last Wednesday as chief counsel to the Legislative Oversight subcommittee, he set himself up for comparison with the man catapulted out of the post last month after a row with the subcommittee.

Lishman, a gray-haired, pipe-smoking, soft-spoken New Englander, and Bernard Schwartz, a slim, dark, intense New Yorker. But there are quiet similarities also between these two graduates of Harvard University Law School. At 54, Lishman is some 20 years older than his predecessor.

The one remark he volunteered at his first news conference made it plain he does not plan to engage in such adventures as Schwartz's midnight delivery of subcommittee files to a senator. Schwartz said he feared that the subcommittee that employed him wanted a whitewash. Lishman said if he has any differences with the subcommittee, they will be settled in the committee room.

Lishman said in an interview that he shied away at first when the office of the counsel's post was "sprung on me." He changed his mind and accepted, he said, because "what this committee is doing is so important."

He said he is interested in "getting rid of any rotten apples." But he said the basic problem is "more and more interference with these regulatory agencies in the matters they are intended to administer."

Much as Schwartz had told the subcommittee the agencies had slipped from their original stature

and purposes as intended by Congress, Lishman said he thinks it is very necessary that such standards be restored.

Before taking the counsel's job, Lishman registered with Congress as a lobbyist. He said he registered out of "an abundance of caution" because he represented a group of stockholders in a reorganized railroad and these stockholders hoped to get help from Congress in a case they twice had lost in the Supreme Court.

In his private practice, Lishman has specialized in corporation, banking, agency and commission law.

Lishman said he is withdrawing his lobby registration and dropping all private law practice during his service with the subcommittee. His new post pays \$14,800 a year.

He said he worried about the loss of income, as did his wife, but "I decided we could afford it." And he said Mrs. Lishman, the former Elinor Hogue of Philadelphia, needed him by saying: "You're always grumbling about how people in government should

behave. Here's your chance to do something about it."

A native of Boston, Lishman's first venture into public life was as assistant corporation counsel of New York City in 1934.

He has been in and out of public life since. He said he last registered as a Democrat, "but I have been completely out of all political activity for 10 years." A Washington resident for that period, he has not been able to vote.

Lishman regularly rereads the Federalist Papers on the Constitution — "Everybody ought to" — and Washington's Farewell Address — "This may sound corny, but it is full of excellent guides for public policy."

When he goes back to New England — it is to his native Massachusetts, or the coast of Maine, or an especially favorite place — "New London, New Hampshire, not Connecticut — just a quiet town on the border between New Hampshire and Vermont."

The cantaloupe was first grown in southern Asia.

55th American Toy Fair Opens in New York

NEW YORK (AP)—All manner of toys and other playthings — from inexpensive plastic gimmicks to a \$3,000 mink doll carriage — "for the little miss who has everything" — go on display today at the 55th American Toy Fair.

Every room on 44 floors of two hotels will display toys. In addition, they will be shown in hundreds of rooms of two buildings where many toy makers maintain permanent showrooms.

About 16,000 U.S. and foreign toy buyers are expected to visit the show, which is not open to the public. It is sponsored by the Toy Manufacturers of the U.S.A., Inc.

AFL-CIO Unit to Meet

DETROIT (AP)—The Michigan State AFL-CIO Executive Board, elected at a merger meeting in Grand Rapids, will hold its first meeting March 18. The meeting is scheduled in Detroit at the Tuller Hotel.

Skate Leaves England

PORTLAND, England (AP)—The American nuclear-powered submarine Skate ended a five-day stay at this British naval base today and sailed for Cherbourg, France.

GETTING A GOOD LOOK — John Hagemann, seven months, takes a good look through his glasses at a doll almost as big as he is in his Chicago home. His mother, Mrs. Lawrence Hagemann, says John is pretty good about the glasses now, but he raised a fuss when he was fitted for them about a month ago. Every once in a while, she says, he tries to take them off and play with them, but even if he does get them off he's safe — they're shatterproof. John was fitted with glasses because his eyes, crossed at birth, were not straightening out satisfactorily.

Not a 'Cat' in the Joint at Disc Jockey Confab

KANSAS CITY (AP)—It's strictly Junior C of C, man. They're cubes man, Not a crazy cat in the whole barnyard. I mean cubes, man. No jazz.

It might have been a "hep" teen-ager talking if he had been able to get inside the first national convention of radio disc jockeys, held in Kansas City over the weekend.

About 800 record-spinners attended, and a few of their bosses. A handful of teen-age rock 'n' rollers did try—in vain—to get inside the convention hotel to see the many recording artists who met with the deejays. If they had managed to tune in on the discussions of the disc jockeys, they probably would have been flabbergasted.

The disc jockeys looked and acted like junior executives, eager to swap shop talk. It was strictly a tie-and-suit session. There were no loud shirts, ducktail haircuts or sideburns. The only beard was sported by Bob McGavin of CK-WX, Vancouver, B.C. McGavin explained he sported it for a centennial celebration.

All seats were taken at most of the panel discussions. They generally were serious. Few promotion gimmicks. No jive talk.

The disc jockey was referred to in speeches as a salesman—of his products, his station, of music—of himself. He also was pictured as an entertainer.

No one suggested the disc jockey. They carefully explored music trends, trade paper music surveys and the deejay's responsibility to his audience.

Educators to Gather

ANN ARBOR (AP)—A conference of school board members and school officials at University of Michigan March 25 will discuss the teaching of science and mathematics in high schools. Nearly 500 educators are expected to attend.

PONTIAC SWEEPS NASCAR SAFETY HIGHWAY PASSING TESTS!

DAYTONA BEACH, FLA.

Pontiac again proves it is AMERICA'S NUMBER ① ROAD CAR in the year's toughest test of SAFETY, HANDLING and PERFORMANCE!

Housewife Vicki Wood and her '58 Pontiac taught men drivers a lesson in winning the 50 m.p.h. safe passing event. The elated Mrs. Wood reported, "Our new Pontiac handled and performed like a dream ... so smooth and easy I couldn't believe it".

Winner of the 30 m.p.h. passing event and high over-all winner of the safety tests with his standard 4-door Pontiac Catalina, magazine auto expert Jim McMichael cracked, "I could have told them before the tests started—this '58 Pontiac is in a class by itself".

Chances are you'll never be up against the precise and exacting demands that NASCAR puts on test cars and drivers.

But you can put Pontiac through your own everyday driving paces and learn why test drivers call Pontiac America's Number 1 Road Car.

You'll discover that the industry's hottest team of engineers has created a car so advanced in basic design that it brings with it a totally new kind of driving.

Give the nod to its Tempest 395 V-8 with power trimmed precisely to your wish. Corner it, park it, maneuver it to the point of abuse and you marvel at your absolute command in every driving situation. Even when faced with an unexpected stop, you pull to a smooth, confident halt. Every mile is a constant reassurance of the ability of this remarkable car.

Come in—drive and safety-test America's Number 1 Road Car—the biggest money's worth on the market!

NASCAR President Bill France congratulates winners. Events were jointly sponsored by Pure Oil Company and the Florida State Highway Patrol.

Seven Burglaries Reported in City

All Saints Episcopal Church Victimized for 3rd Time in 2 Weeks

Seven burglaries, including the third one in the past two weeks of All Saints Episcopal Church, were reported to Pontiac police over the weekend.

All Saints, 171 W. Pike St., was entered Sunday afternoon through an unlocked door and 42 cents stolen. Three offices were ransacked by the thief who removed a small pane of glass from an office door and reached in to unlock it.

Thieves took \$3 from the First Church of the Nazarene, 60 State St. They broke a basement window to gain entrance.

Gas stations were a prime target for burglars during the weekend. The Gulf station at 59 Auburn Ave. was entered, but nothing is reported missing.

Another Gulf station at 208 N. Paddock St., reported a window broken, but it was not certain whether entry was gained.

Two juveniles were apprehended by Patrolman Medford Pittman and admitted entering a gas station at 728 W. Huron St.

Pittman spotted the boys running on W. Huron and gave chase. He caught one boy carrying a bag filled with cigarettes and other items taken from the gas station. His companion was later arrested at home.

Mickey's Bar, 338 Franklin Rd., was looted by thieves who opened a steel door at the rear. Change was taken from coin machines and an unknown amount of liquor stolen.

A single dollar bill was stolen from Eakle Cleaners, 131 Oakland Ave. The dollar was taken from a cash register.

Burglars attempted to enter the McKenna Hardware, 900 Joslyn Rd., by prying the front door lock, but were unable to open the door.

Jewel Theft Suspect Hunted Across Nation

MIAMI BEACH, Fla. (INS)—A former member of New York's notorious "Matinee Gang" was the object of a nationwide alert today in connection with a \$160,000 jewel robbery in Miami Beach.

The jewels were stolen last Sunday from entertainer Arthur Godfrey's apartment penthouse in the plush Kenilworth Hotel at Bal Harbor, Fla., occupied by Chicago industrialist Titus Haffa and his wife.

Authorities in Miami Beach reported yesterday they want to question Albert Abrahamson about the afternoon theft, reminiscent of daylight house robberies by the "Matinee Gang."

Abrahamson, according to authorities, also is wanted in California for jewel thefts.

Also known as Abrams, Abrahamson served almost four years in Sing Sing Prison for his part in a \$23,000 robbery. He also served part of a 10-year term for a Miami Beach theft in 1940 and 13 years later was identified as the gunman who broke into the home of a wealthy Florida couple.

He fled Florida and later was arrested in Beverly Hills, Calif., for burglary.

Plastic Film Produces Drawings for Blind

WOODSIDE, N.Y. — An effective drawing kit for the blind, developed by a Woodside concern, produces raised lines on thin plastic film by the use of a ballpoint pen and a special writing board.

Writing on the film placed over the rubber-surfaced pad produces a series of tiny bumps, which appear as raised lines on the upper surface of the film, easily traced with the fingertips.

Army Told to Halt Airy Call to WRACs British Whistling in Dark?

NEWCASTLE-UNDER-LYME, England (AP)—Men of the royal artillery unit here have been ordered to quit whistling at girl soldiers.

The local unit includes 51 men and 25 members of the Women's Royal Army Corps.

"Whistling at WRAC members," the order read, "will cease." Failure to comply will involve "disciplinary action."

Capt. N. Cameron Smith, the company commander who posted the order, said he acted on instructions from higher authority.

Capt. Joyce Roberts, the trim, 35-year-old commander of the WRAC's, said she had filed a complaint because "the whistling upset the girls and I had to do something about it." Commented Pvt. Edna Russell, 18: "I like the whistles. They make a woman feel womanly."

Register Handles 10,979 Transactions

The Oakland County Register of Deeds office handled 10,979 papers totaling \$15,032.75 during last month, according to Daniel T. Murphy, register.

There were four new plats recorded during February by the office.

The February 1958 total compares to \$15,476.80 worth of 10,756 papers transacted during February the previous year.

Last month's business included: 2,123 deeds recorded worth \$3,456; 1,056 mortgages, \$3,560; 2,032 miscellaneous transactions, \$2,958; 1,594 photos, \$884, and 4,174 chattel transactions totaling \$4,173.

Find 17 Bodies of Air Victims

Two From Michigan Among 26 Marines on Death List

TOKYO — Seventeen bodies have been recovered from the wreckage of two U.S. Marine planes which collided Friday night off southern Okinawa. Hope was abandoned for nine men still missing.

Two were from Michigan.

A U.S. Marine spokesman said today 13 bodies were recovered Sunday. Search parties combing the water off Naha had recovered four Saturday.

U.S. military helicopters, small aircraft and tugs continued the search for the nine missing, who are considered dead, the spokesman said.

Nineteen Marine passengers and a crew of six were aboard a Marine R4Q flying boxcar transport and a single pilot aboard a Marine AD5 fighter bomber which collided three miles off Naha. The planes were en route from the Philippines to Japan.

Among the 17 dead is T. Sgt. Ernest A. Sohn, son of Mr. and Mrs. Albert F. Sohn of Saginaw. He was the husband of Mrs. Kathleen F. Sohn of Anaheim, Calif.

Among 9 reported missing is Sgt. Kenneth D. Alpine, son of Mr. and Mrs. DeVerne T. Alpine of Flint.

Launch Church Rocket —Shooting for Heaven

BALTIMORE —After a countdown of the Ten Commandments, a "rocket" blasted off on a string of rubber bands to the ceiling of Baltimore's St. Mary's Episcopal Church yesterday.

All eyes were solemn. As the "Churchnik" began to smoke at takeoff because of dry ice dropped into water, the Rev. George F. Packard told his flock: "Confirmation launches us into the flight of life and the fuel is Holy Communion."

The eight-foot, silver-colored cardboard rocket had three orange fins. It bore an orange cross and the word "soul."

Twelve Area Men Enlist in Marines

The Pontiac Marine Corps Recruiting Substation has announced that 12 area men enlisted in the U.S. Marines during the month of February.

Of the dozen enlistees, seven were Pontiac men. They were: Stephen L. Cundiff, of 229 E. Walton Blvd.; James E. Harris, of 341 Amberwood St.; Dennis R. Gillespie, 29 N. Francis St.; Michael J. Lyons, of 179 Beach St.; Gary M. Van Ryzin, of 132 Wenonah Dr.; Allen J. Watts, of 34 Cross St.; and Sherman S. Weakley Jr., of 258 State St.

Other area enlistees were: Herbert D. Behrend, of Commerce Township; Virgil D. Butler, of Farmington; James F. Mitchell, of Rochester; and Archie Thompson and Richard Heidelberg, both of Utica.

The enlistees have been flown to San Diego, Calif., for 12 weeks of recruit training.

Proposals About Summit Conference Resemble Old-Egg Throwing Contest

By JAMES MARLOW

WASHINGTON — It looks like an egg-throwing contest — with old eggs. Both sides are splattered in the high-level American-Soviet discussions on how to hold a summit meeting.

Premier Bulganin has written President Eisenhower four letters since December. Eisenhower has replied with three. Both agree peace is wonderful. Each uses a lot of paper blaming the other side for the mess the world's in.

Others heaved eggs of their own from the sidelines: Secretary of State Dulles, Communist party boss Khrushchev, the State Department, the Soviet Foreign Office.

So, while both sides talk of the summit, both are using the exchanges for propaganda. This may be the diplomats' idea of how to arrange a meeting. To a layman it may seem the best way to have none at all.

Bulganin, sandwiching in topics he'd like a summit meeting to discuss, has: charged the United States with war preparations; taken a crack at Dulles by brushing off the idea that foreign ministers should meet to arrange a summit conference; accused people in this country of calling for a preventive war; blamed this government for not squelching them.

That's just a briefed down version of all he said. He got under Eisenhower's skin. The President, knowing the whole world was reading his correspondence with Bulganin, went to great lengths to defend this country and blast the Soviet Union.

Dulles Greeters Sprayed by Oil B Off Plane Wing B

MANILA — Manila dry cleaning establishments—already busy polishing up dinner clothes for functions during the meeting here of the SEATO foreign ministers—reaped another bonanza today with the arrival of U. S. Secretary of State Dulles.

Just as Dulles walked down the ramp from his plane, a sudden gust of wind blew a spray of oil from the wing and engines over the large and impressive greeting party.

Ambassador Charles Bohlen and Adm. Felix Stump, the U. S. Pacific commander, were among those doused. The large press corps on hand also got a good soaking.

The oil shower missed Dulles.

He blamed the "cold war" on communism; accused the Soviets of running out on promises to help unify Germany and let the satellites hold free elections; condemned the Soviet Union for undermining nations with its 82 vetoes in the United Nations.

He needed Bulganin for being too wordy in his letters; blamed the Soviet Union for the arms race and wanting to overthrow other governments; and he told Bulganin one of his letters was just a mild rebash of a "bitter speech" by Khrushchev before a bunch of farmers in Minsk last Jan. 22.

While Bulganin was writing about peace and togetherness, Khrushchev at Minsk belittled this country's efforts to launch a sat-

ellite, ridiculed Eisenhower and Dulles, and blistered the "Western imperialists" who wanted to preserve a war atmosphere in order to make money.

In short order, the State Department issued a statement tearing into Khrushchev for spreading a "distorted view of United States policies and motivations."

Meanwhile, the Soviet Foreign Office in a note to this country—called by diplomats an aide memoire—suggested that maybe, after all, the foreign ministers could meet to arrange a summit conference.

But, upon analysis, all the Soviets were suggesting was that the foreign ministers act like a bunch of booking agents without authority to make preparations for a

summit meeting that might accomplish something.

That was what the State Department fired back in an aide memoire of its own. What it meant in nondiplomatic language was: Whom are you kidding? What it actually said: Do you want a worthwhile summit meeting or a "spectacle"?

U. of M. Opens Galleries

ANN ARBOR — Renovated galleries of the University of Michigan Museum of Art in Alumni Memorial Hall will be re-opened today. Prof. Charles H. Sawyer, museum director, said reconstruction will increase space for exhibits.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Relieves Pain, Stops Itching as it Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be

a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a world-famous research institution.

Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H* Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded.

From The PRESS BOX

Local district "B" winner Rochester and Lake Orion both used their five starters all the way Saturday. Orchard Lake also pulled the iron-man stunt in the "C" final.

Avondale skipper Dick Bye was pleased to learn Richmond had upset Imlay City. Dick taught many of the present players while teaching there. One of them was Ted Gundlach, the fellow who made the winning points Saturday. "I remember Ted. I talked him into going out for basketball," commented Bye.

Among the spectators at the Pontiac Central finals was disappointed Clarkson mentor Dom Mauti. "We played good ball at Grand Blanc but couldn't hit," said Dom about the Wolves' elimination.

The Hamtramck Citizen is sponsoring its 8th annual men's singles bowling tournament starting March 15.

AP Facsimile

REBOUNDERS — Neil Johnston, left, and Joe Graboski of the Philadelphia Warriors are both off the floor for a rebound against the New York Knickerbockers at Madison Square Garden Sunday. The Knicks won, 123-81, to prevent the Warriors from clinching 3rd place in the Eastern Division of the National Basketball Association. New York players are Guy Sparrow (5) and Ray Felix (19). This action took place in the 2nd period.

Bengals Renewing Their One-Run Habit

Have Scored 1 Run in Last 29 Innings

Are Yanks Losing Touch?

By THE ASSOCIATED PRESS
Could the proud New York Yankees be turning into a bunch of hitless wonders—and not so wonderful, at that.

The Yanks wound up their 1957 business by going 11 scoreless innings against the Milwaukee Braves in the final two games of the World Series.

They opened their exhibition season Saturday by being shut out by the St. Louis Cardinals. Yesterday, they finally scored a run, but it wasn't enough, and the Cards won the ball game at St. Petersburg, Fla., 2-1.

Yank Manager Casey Stengel is on record as saying, among other things, that more power is needed in the Bomber lineup.

Yet, for all his woes, Stengel can take a measure of solace in the performance of 19-year-old Deron Johnson who could wind up making a serious pitch for a regular job.

This lad was with Binghamton last year, and was held over from Prof. Stengel's rookie school. His age and lack of experience are against him, but Stengel has been known to overlook such shortcomings as witness Tony Kubek.

The Yanks managed to collect only seven hits and two were long

doubles by Johnson. So you might say the cloudy day had a silver lining for Stengel.

Not to be outdone, the Cards produced a slick looking rookie, too, in Jim Frey, who is getting a look-see after hitting .336 at Tulsa last year.

Frey not only snatched a bid for extra bases from Elston How-

ard in the fifth with a fine catch, but also scored the winning run after leading off with a double in the ninth.

Another rookie, Benny Valenzuela, a citizen from Mexico who has his eyes on the third-base job, accounted for the other Card run with a sixth inning home run off Johnny Kucks.

In other games, the Cincinnati Redlegs defeated the Chicago White Sox, 5-4, at Tampa; the San Francisco Giants whipped the Cleveland Indians, 5-1, at Phoenix; the Chicago Cubs licked the Baltimore Orioles, 5-4, at Mesa, and the Los Angeles Dodgers edged the Philadelphia Phillies, 5-4, at Miami.

FOLLOWING DAD'S PROFESSION — Jim Sewell, center, 19-year-old son of Rip Sewell, left, puts his signature on a Cincinnati Redlegs baseball contract at the club's Plant Field spring training camp in Tampa, Fla. Gabe Paul, Redlegs vice president and general manager, watches. Sewell was signed to a bonus pact. A

pitcher like his father, he had been working out with the Redlegs at their early camp before he was signed. His dad won 179 games in his big league career, mostly with the Pittsburgh Pirates. Rip was noted for his "blooper ball." The Sewells live in nearby Plant City.

Detroit Divides Weekend Pair With Milwaukee

Tigers Drop 4-3 Tussle to Braves Sunday After Winning Saturday, 9-8

By BRUNO L. KEARNS
Sports Editor, Pontiac Press
BRADENTON, Fla. — There's something familiar about the way the Detroit Tigers have started their 1958 exhibition season. Two Grapefruit circuit games have been played and both have ended as one run decisions.

Saturday afternoon at Henley Field, before one of the largest exhibition crowds in Lakeland history, the Tigers blasted the Milwaukee Braves for 17 hits to take a 9-8 decision in 10 innings. Yesterday, on a muddy field in Bradenton, the Braves evened the two game series by taking a 4-3 victory.

During the regular season in 1957, the Tigers played 55 one run games and came out on the winning end 24 times.

Outstanding pitching performances in the two weekend games for the Tigers came from rookie Bob Shaw and veteran Frank Lary.

Lary started yesterday's game and in three innings he struck out five batters without allowing a run, walk or hit.

The Braves started their scoring off pitcher Tom Morgan in the 5th inning when Mel Roach singled, Warren Spahn singled and John Demerit hit a sacrifice fly.

In the 6th inning, Earl Hersh teed off on one of Morgan's fast balls and sent the ball over the right fence 400 feet away.

The Tigers got their first run in the 7th inning on an error, but the Braves came back in the bottom half to score twice when Demerit drove in Roach and Al Spangler, who had singled, with a three-run triple.

In the 9th inning the Tigers scored twice amid some confusion. After singles by Charley Maxwell, Lou Skizas and Tom Yewcic filled the bases, Mickey McDermott batted for Don Lee.

McDermott's ground ball went to second baseman Roach. He threw to shortstop Morgan at second and Morgan failed to first for what was presumed to be a double play.

The second base umpire, however, said that Morgan had pulled his foot off the bag, and while the umpires were busy clearing the field of the Milwaukee players who thought the game had ended, Skizas stayed on the base paths and scored.

Since time was not called, the run counted and Yewcic was on third. Steve Boros, however, fled to center field to end the game. Morgan, the losing pitcher, allowed three hits and two runs, while Lee, who worked the last two innings, permitted two runs, two hits and a walk.

Saturday afternoon a crowd of 3,720 watched as Charley Maxwell clouted a homer in the bottom of the 9th to tie the score at 8-8. In the 10th Bill Taylor lashed out his second hit of the game to drive in the winning run.

The attendance for the opening game did not reach the 3,500 fans who watched the 1956 exhibition opener in Lakeland when the Brooklyn Dodgers were the foes.

For this afternoon's game against the Chicago White Sox, manager Jack Tighe has named Jim Bunning, Bob Bruce and Bob Rozman to share the mound duties.

Tomorrow the Tigers meet the Philadelphia Phillies in Clearwater.

shouldn't sell Indiana short because of its 12-10 record.

The Hoosiers lost 10 times, but 9 of those defeats came in the first 14 games and coach Branch McCracken's crew climaxed a tremendous comeback by whipping Michigan State, 75-72, at East Lansing for the Big Ten championship.

That's quite an accomplishment in itself, and can be verified by Butler, Colorado, Notre Dame or any of six Big Ten teams which were victimized at East Lansing.

The quick-moving, hard-hitting Big Ten champions apparently don't score easily. They trailed Michigan State only once in Saturday's title battle. That was 1-0.

Once in front, the Hoosiers stayed there. They led by 16 points at one time only to see their lead cut to one point. But they didn't panic even though the partisan crowd of 12,350 was howling for MSU.

When the Spartans came with-

in one point with 7:14 to play and the score 63-62. Big Archie Dees gave his team breathing room with a basket.

Twice Michigan State came back to within one basket of tying the game and twice Indiana steadied itself and pulled ahead.

Dees is the Hoosiers' big gun but this is no one-man team. Dees, 6 feet 8, scored 560 points for a season and had 362 in conference play to win his second straight Big Ten scoring title.

He hit only 14 against Michigan State and was outscored by Bob Wilkenson who had 18 and Sammy Gee who finished with 17.

Michigan State, an eight-point favorite over Indiana, dropped into a second place tie with Purdue (9-5). Northwestern defeated Illinois, 88-72, for an 8-6 mark and a fourth place tie with Ohio State.

Iowa lost to Michigan, 95-92, and had to settle for sixth place with a 7-7 mark. Michigan (6-8) finished seventh, Illinois and Minnesota tied for eighth with 9-5 records and Wisconsin (3-11) was last.

Huron Bowl Team Early Women's Tourney Leader

Huron Bowl No. 3 took the team lead and Mary Steward of Rochester was the outstanding individual bowler during the first weekend of the 25th annual Women's City Tournament at Huron Bowl.

The Huron team, captained by Pat Boyer, rolled a 1051 game and 3048 total to set the early pace.

Rocky Rejects \$1¼ Million Bid

He's Retired, Period, Says Marciano; Kearns Makes Offer

CHICAGO (INS)—Retired heavyweight boxing champion Rocky Marciano has flatly rejected a \$1,250,000 offer by veteran promoter Jack Kearns to return to the ring and fight titlist Floyd Patterson.

Marciano said he was "flattered and grateful" but "I have retired, period. I have no desire to return to boxing."

The retired champ added that he had refused a similar offer of three million dollars "some time ago." He did not elaborate.

Marciano's refusal of Kearns' offer was voiced Sunday night in Louisville, Ky. The proposed bout prompted thoughts of a possible six million dollar total gate.

Kearns, one-time manager of a great Jack Dempsey, who helped make the first million dollar gate a reality, saw theater or paid television as the biggest factor in establishing a record financial figure for a fight between the undefeated Marciano and Patterson.

Round Table Will Not Run in Roch Race

ARCADIA, Calif. (P)—The \$100,000-added San Juan Capistrano Handicap tomorrow at Santa Anita will be run without Round Table, who is fast climbing toward the distinction of being the greatest money winner of the turf.

Round Table's owner, Oklahoma oil man Travis M. Kerr, said he will reserve the horse for the Gulfstream Handicap in Florida, March 22. He said Round Table is passing up tomorrow's race, not because he was assigned 134 pounds, but because to ask him to run a mile and three quarters now might dull his speed for later races.

Ekaba and Promised Land now become the top horses for the San Juan Capistrano. Tomorrow's racing program closes the season at Santa Anita.

College Powers Begin Cage Playoffs

who ended Pacific Coast Conference play with 12-4 records, meet at Eugene, Ore., tonight to determine which one will carry the conference banner into tournament play. Arkansas and Southern Methodist determine the Southwest Conference representative at Shreveport, La., Tuesday.

Two Others Qualify for State

2 Chiefs Mat Champs

Dave Payne and Mel Nosanchuk won championships and two others battled their way into this weekend's state finals at Lansing as the Pontiac Central wrestling team turned in an outstanding performance in the regional tournament at Berkley over the weekend.

The Chiefs wound up 4th in a field of 18 teams and just missed finishing even higher. Waterford was 11th and Walled Lake 12th.

Hazel Park easily won the team championship with 108 points. Flint Northern was runner-up with 75. Berkley had 68, Pontiac 58, surprising Royal Oak Kimball 54, Farmington, Flint Central and Southfield tied with 34. Fitzgerald had 28, Port Huron 23, Davison 19, Royal Oak Dondoro 13, Waterford 10, Walled Lake 8, Oak Park 7, Flint Tech and Birmingham 1 apiece, Van

Dyke was the only team which failed to score.

Payne, last year's Saginaw Valley champ, took the honors in the 127-pound division while Nosanchuk was the 133-pound winner. Others to make the state meet were semifinal losers Jack Keller, 103, and sophomore Erasme Trevine, 138.

Waterford and Walled Lake

failed to gain a 1st place. Farmington had one in 120-pounder Jim Marsh. Big Dave March of Southfield took heavyweight honors.

Hazel Park had a total of four

1sts, Berkley and Flint Northern two each.

The team trophy was presented to Hazel Park and medals went to the top individual performers following the tournament. The four highest finishers in each weight class will compete in the state finals.

Pontiac Press Photo

HAPPY CHAMPS — Press photographer Tom Geris calmed down their post-game celebration long enough to get this group shot of the happy Rochester Falcons Saturday night following the Class B district title contest at Pontiac Central. Rochester whipped Lake Orion 61-47 to move into the PCH regional this week. The five boys who played all the way in the big win are shown kneeling in front. They are, left to right, Gene Hoff, Gene Lothery, Carl Montross, Bruce Ennis and Chuck Ebersole.

Jones Sets KC Hurdle Record

Pontiac track flash Hayes Jones added more laurels to an already impressive list Saturday night in the Knights of Columbus games at Madison Square Garden in New York.

The Eastern Michigan College sophomore set a new meet record in the 60-yard high hurdles with a time of 7.1, a tenth of a second off the world indoor mark.

The victory was the 2nd in succession for Jones over Olympic performer Elias Gilbert. The pair had also met in the AAU finals.

Ron Delaney won his 22nd straight mile race in a feature of the program.

Brennan Named Top Star for ACC's Tourney

RALEIGH, N. C. (P)—Pete Brennan of North Carolina heads the all-tournament team selected by Atlantic Coast Sports Writers Assn. members covering the ACC basketball tournament here over the weekend.

Brennan, a 6-6 senior from Brooklyn, N. Y., was a unanimous first team selection.

PCH Tankers Finish 5th, AH Wins 8th SVC Title

Arthur Hill's all-winning Saginaw Valley swimming team practically swamped all other opposition (as was expected) in Saturday's SVC championship meet in Flint Northern's pool. Dave Gainey's club piled up a 51-point edge on Saginaw, the Lumberjacks' closest competitor and left all other Valley teams far back in the wash. Pontiac finished 5th.

Results of the meet:

Arthur Hill 114; Saginaw High 63; Flint Central 47; Bay City Central 32; Pontiac Central 21; and Flint Northern 9.

Hillites captured five firsts, plus a heavy percentage of 2nd places, in chalking up their 8th straight Valley championship. They have been out of the title

only once in the last 14 years. Bay City won in 1950. In two other years Pontiac shared the title (1948) and Bay City tied in 1952.

Two meet records were set: 100-yard back stroke by Ron Gage (AH) 1:00.4 and 150-yard medley by Bill Darnton (FC) 1:35.5. Eight pool marks also were eclipsed.

"Jack" won the 200-yard medley relay, the 100-yard butterfly (Paul Nieman), the diving (Pete Cox) and 200-yard freestyle relay.

Only two Chiefs qualified for the finals, Saturday. Duke Cummins was 3rd in 50-yard freestyle finals at 25.7 and Gideon Robage was 4th in 100-yard orthodox breaststroke at 1:18.1. The PCH 200-yard Medley team was 3rd at 2:00.0. Swimmers were Jim Gibbs, Robarge, Jerry Powers, Cummins, and the 200-yard freestyle team (Denny Roberts, Jim Ruth, Rolfe Tollefson and Barry Horst) was also 3rd at 1:47.0, rated excellent time.

Boyce will take Robarge and Cummins to the state meet Saturday at Ann Arbor. They were the only qualifiers.

Frustrations Fail to Halt Miss Berg

JACKSONVILLE, Fla. (AP)—A series of third-round frustrations slowed Patty Berg's golf game but she still was two strokes ahead at 223 today going into the final round of the \$5,000 Jacksonville Women's Open.

Two strokes back at 225 after 54 holes were Marlene Hagge of Delray Beach, Fla., and veteran Betty Rawls of Spartanburg, S. C. The amateur contingent was paced by Nan Berry of Quincy, Ill., who added 80 to her earlier rounds of 82 and 80 for 242.

Soviets OK Housing Plan

LAHTI, Finland (AP)—The Russians have lowered their own barriers and agreed to house their 1960 Olympic team with the other competing athletes at Squaw Valley, Calif., it was learned today.

Konstantin Adrianov, president of the Soviet Sports Federation and top Russian Olympic official, agreed to the plan after a conference with Alan Bartholemey, American technical director of the Squaw Valley winter games. Adrianov and his staff piled

Red Wings Stop Rangers, 4-2

Bailey and Howe Star as Detroit Halts NY Streak

Boston Keeps Battling Redshirts for 3rd Spot With 7-0 Victory

By THE ASSOCIATED PRESS
The Boston Bruins and the Detroit Red Wings are engaged in an intriguing struggle for third place in the National Hockey League with the victors hardly getting the spoils in this instance.

The team which finishes third in the regular season race receives more money for its efforts, but faces the unenviable task of meeting the champion Montreal Canadiens in the first round of the Stanley Cup playoffs. The club which ends up fourth plays the second-place team.

The New York Rangers currently are second, holding a five-point advantage over the Bruins. Boston is third with 62 points and Detroit fourth with 61.

The Bruins and Red Wings kept pace with each other last night. Boston blanked the Toronto Maple Leafs 7-0 and Detroit turned back the Rangers 4-2. In the other game the powerful Canadiens whipped the tallied Chicago Black Hawks 4-1 to boost their first-place advantage over New York to 21 points.

The Wings have a game in hand over Boston. Detroit has seven games left and the Bruins have six remaining. The Rangers have seven to go.

Goalie Don Simmons, playing only his second game with the Bruins since suffering a shoulder separation in December, turned in his fifth shutout as Boston posted its third victory over Toronto. Don McKenney sparked the Bruins with two goals and two assists and linemate Fleming Mackell collected one goal and three assists.

Third-period tallies by Gordie Howe and Bob Bailey—his second of the game—gave the Red Wings their triumph and snapped the Rangers' nine-game unbeaten streak. New York's Andy Bathgate tied the score 2-2 early in the third stanza after setting up Camille Henry's 31st goal earlier.

Dickie Moore, the league's leading scorer and Jean Beliveau caged a pair of goals apiece to pace Montreal. Moore's goals were his 33rd and 34th and 11 of them have come against Chicago. Eric Nesterenko averted the Hawks' shutout with a last-period tally.

Chicago won a nationally televised game from Detroit 4-3 Saturday afternoon. At night New York nipped Montreal 3-2 while Boston and Toronto played to a 3-3 tie.

Chicago won a nationally televised game from Detroit 4-3 Saturday afternoon. At night New York nipped Montreal 3-2 while Boston and Toronto played to a 3-3 tie.

Bartholemey with a host of technical questions and after he was told that the Olympic village would be "for all the athletes" the Russian official commented:

"The plans for the village are fine and we like them. Yes, our team will live there."

Adrianov said also they did not mind if other teams are quartered with them in the same building. It is the first time the Soviets have not insisted on being off by themselves.

Coast Rider Wins 2nd 200-Mile Race

DAYTONA BEACH, Fla. (AP)—Joe Leonard, a California construction contractor, has won his second straight 200-mile American Motorcycle Assn. beach and road race. The 25-year-old motorcycle jockey averaged 99.86 miles an hour in winning yesterday on his Harley-Davidson, eclipsing the record he set at 98.52 last year.

Yardley Tops 2,000

By THE ASSOCIATED PRESS
Balding George Yardley, the prolific scoring ace of the Detroit Pistons, today was virtually a stranger in paradise.

As his club battles to maintain second place in the Western Division of the National Basketball Assn., Yardley scores almost at will in winning and losing causes.

Yardley notched 26 points yesterday as the Pistons bowed to

Syracuse 111-90 and lost an opportunity to clinch second place. But the versatile Yardley accounted for his 2,001 point this season—the first player in NBA history to enter the charmed circle.

The loss left Detroit in second place, a game in front of the Royals, who moved up by crushing Boston 121-107. Cincinnati needs victories in its two remaining games to gain a tie for the runner-up spot.

New York remained in contention for the Eastern Division's last playoff berth by thumping third-place Philadelphia, 123-81. The Knicks must win both their remaining games while the Warriors lose a pair to gain a tie.

In the other game yesterday, Minneapolis defeated St. Louis 107-99.

The Nats had six men in double figures—including Dolph Schayes who had 23.

Meets Defending Champ

KANSAS CITY (AP)—Northern Michigan College drew defending champion Tennessee State as its first round opponent tonight in the National Intercollegiate (NAIA) basketball tournament here.

The Michigan team had a 13-7 record in regular season play, while the Tennessee team had a 25-3 mark.

Baylor Can Gain Point Lead Tonight

By THE ASSOCIATED PRESS
Seattle's Elgin Baylor goes against Bradley at home tonight in an attempt to overtake Cincinnati's Oscar Robertson in the major college individual scoring race. It will be the last regular season game for Baylor before the Chieftains enter the NCAA tournament. Baylor has finished regular season play but will also see action in the NCAA event where all scoring counts toward the individual title.

3 Casualties Rise to Plague Yankee Outfit

ST. PETERSBURG, Fla. (AP) — The New York Yankees didn't have a single casualty yesterday. Today they have three. In the space of a few hours, here is what happened:
1. Joe Collins banged himself on the foot with a foul during batting practice.
2. Tony Kubek pulled a muscle in his left thigh.
3. Norm Siebern was sent to bed with a fever.

BIG OCCASION — Saturday night was a momentous occasion for head basketball coach Gerry Wallace and his Watford Skippers. The Skippers defeated Utica, 62-57, to gain a spot in this week's Class A regional at Bentley and Wallace is shown here accepting the Southfield district championship trophy from tournament chairman Monte Charles. It was Watford's first tournament victory in the school's history and also the Skippers' first basketball trophy.

OL St. Mary, St. Ben in Class C Regional

Orchard Lake St. Mary is the only Class C team in Oakland County still in the running for state honors as the post-season playoffs move into the regionals this week. The Eagles advanced to the Birmingham regional by sidetracking Almont 52-40 Saturday night at Pontiac Central.

Area power Highland Park St. Benedict, Orchard Lake's Suburban Catholic League foe, also gained the 2nd round at Birmingham by downing Roseville Sacred Heart 52-47 while Imlay City was dropping a 49-47 verdict to Richmond in other "C" finals.

St. Mary had more trouble with Almont than it should have had due to some inferior shooting and the losers' aggressiveness.

Orchard Lake connected on only two of 23 1st period shots from the floor and missed five of eight fouls to trail 9-7. Chet Wlodkowski hit three successive fields to put the Red and White cagers ahead to stay in the 2nd.

It was 18-14 at halftime and the locals kept getting better as the game progressed as their shooting luck changed. Only some excellent 3rd quarter shooting by Almont's football great Frank Hartway and a big 4th for Don Eschenburg prevented the champions from pulling away early by a wide margin.

Wlodkowski topped all the scorers with 17 digits hitting 7 of 11 shots. Stan Moniuszko foug up 16, half of the total on runs, as he and Gozdinski combined to hit only 8 of 39 shots. Hartway scored 14 and Eschenburg's 10, all in the last period.

It was the 4th straight district championship for OLSM coach, Rev. John Rakoczy, two each in Class B and C.

Imlay bowed in the last 27 seconds when Richmond ace Ted Gundlach sunk two free throws to break a tie. Jim Ward tallied 20 and Chuck Vlieg 14 in a defeat which snapped a 15-game win streak.

Memphis stayed in the running in Class D whipping New Baltimore St. Mary 57-34 to move into a regional at Ypsilanti.

5 County 'A' Quintets Advance

PCH, Skippers Enter Regional Play at Bentley

Dales, Berkley, Oaks Move Into Birmingham Class A Tourney

By BILL CORNWELL

The first Class A high school districts in state basketball tournament history have gone by the boards and five Oakland County schools are still in the running.

Pontiac Central, Ferndale, Berkley and Royal Oak Dondero survived district play and waded into this week's regional action at two area sites.

The Chiefs probably had the easiest trip to the regionals of the bunch. PCH drubbed Southfield by a 68-26 margin in its district opener, then coasted to a leisurely 65-51 triumph over outclassed Farmington Saturday night in the finals of the Southfield tournament.

Waterford didn't have it so easy. The Skippers, required to play only one game at Southfield, were happy to stop there after fighting furiously for a 62-57 conquest of Utica.

Pontiac and Waterford enter regional play at Livonia Bentley, along with Detroit Catholic Central and host Bentley, the other Southfield district winners.

Waterford's victory marked up two milestones for the Skippers. It was their first tournament win in the school's history and the championship trophy they received after beating Utica Saturday was their first basketball award.

Ferndale, Eastern Michigan League co-champion this season with East Detroit and a strong county favorite, toyed with out-manned Van Dyke Lincoln Saturday night for an easy 59-32 win and a berth in this week's Birmingham regional.

Dondero and Berkley had already qualified for regional activity. The Oaks made the grade in comparatively easy fashion by dumping weak Royal Oak Kimball while Berkley, the Inter-Lakes champion, earned additional tournament privileges by thrashing Birmingham.

A 31-point performance by Waterford's John Herrington, 22 in the first half, led the Skippers to their hard-earned win over Utica. The game was closely contested all the way with seven points the widest lead ever attained.

Herrington's scoring spree tied the school single game record set by himself against Farmington during the regular season. Jim Cole starred for Utica with 21 points.

Pontiac led Farmington at the half, 35-21, and 56-32 entering the 4th period as coach Art Van Ryzin emptied the bench. Harrison Munson with 15 points and Charley Barge with 14 were tops for the Chiefs while Harvey Chapman had 14 for Farmington.

Drawings for regional tournament pairings will be held today. The Bentley regional draw was scheduled at 4 o'clock this afternoon.

By CHUCK ABRAH

Three Oakland County teams will be among the five entries in the Class B regional to be played at Pontiac Central this week with a trip to Lansing hanging in the balance.

Rochester, Troy and West Bloomfield all won their district championships Saturday night in impressive fashion and now will be competing here for higher stakes along with Marysville and Brighton.

Rochester started early and kept the throttle out most of the way in trouncing Lake Orion 61-47 at PCH getting revenge for an earlier setback.

Troy, now 18-0, broke up a close tussle with a big last half to wallop Romeo 80-53 while West Bloomfield was eliminating Bloomfield Hills 44-33. Fitzgerald lost out in a 'B' final at Centerline, 57-48.

Rochester skipper Gene Koneley got probably the best overall team showing of the season out of his charges in completely dominating an expected thriller.

The Falcons, with cool floor general Carl Montross in charge, had the upper hand right from the start with Bruce Ennis and Gene Hohl swishing the nets consistently.

Ennis hit on five of six shots in an spree and Hohl tallied five straight to spark a 50 per cent 1st half shooting performance and a 40-24 lead.

Both cooled off in the 3rd quarter when Orion made its only bid of the night to make a battle of it. The Dragons outscored RHS 10-2 to conclude the 3rd quarter nine down at 46-37 led by scoring specialists Jim Drake and Nick Neira but it was all in vain.

The Falcons wrapped up the outcome early in the 4th with a string of seven successive points and held on through the final minutes with Montross spending most of the time dribbling through, around and away from the frustrated Dragons.

Ennis and Hohl, not usually up

Drug Instructor Given \$30,000

Award for Research Earned by Teacher in U. of M. Med School

ANN ARBOR (AP) — Dr. Harold F. Hardman, instructor in pharmacology at University of Michigan Medical School, has been awarded \$30,000 by the Markle Foundation for research work over a five-year period.

Dr. Hardman will use the money for any purpose relating to his professional work, including salary, travel and equipment. His professional interests are in the effects of ionization on drug activity as it relates to the heart.

The award is one of 20 made annually by the foundation to encourage promising young medical faculty members to stay in the field of teaching. Dr. Melvin M. Figley, now associate professor of radiology at the U. of M., won the prize in 1948.

Dr. A. C. Furstenberg, medical school's dean, said Dr. Hardman was selected by faculty members to be the university's entry in the nationwide competition.

Dr. Hardman received his doctor of philosophy degree from the U. of M. in 1954. He will receive his doctor of medicine degree in June.

He has a bachelor of science degree in pharmacy from Rutgers University and a master of science degree from University of Illinois. He was born in Bloomfield, N.J.

City Driver Hospitalized; Ran Car Into Tree

A 26-year-old Pontiac man, who police believe may have fallen asleep at the wheel, ran his car into a tree and was admitted to the Pontiac General Hospital Saturday.

Vernon B. Locke, of 591 Montana Ave., is in satisfactory condition today with possible chest and internal injuries.

His car ran off the road and hit the tree on Motor street, near South boulevard.

Our Leisure Their Livelihood

Lo, the Wealthy Indian! Wish We Had It So Good

By ARTHUR EDSON
AP Feature Writer

WASHINGTON (AP) — Curious creature, the white man. He quickly developed a contempt for the alleged savage Indian and his ways.

Yet what has happened? We now have reached a spot in our civilization where, by working like fools, we may be able to set aside enough so that in our leisure we can do what the Indians did full time: Go hunting, fishing and camping.

This is well illustrated today in a new exhibit at the Smithsonian Institution that completes a study of the American Eskimo and Indian from the far north to the tip of South America.

DEPICTS THEIR LIFE

One can see, as he drifts among the exhibits, many of them life size and astonishingly lifelike, what the Indians wore, what they ate, how they worshipped, what kind of a life they lived.

One reporter's viewpoint: It wasn't bad.

Apparently that's what the Smithsonian experts think, too. One placard says:

"The New World peoples showed a high degree of imagination and skill in using the resources of their environment."

Possibly the biggest surprise comes in the variety of the cultures.

The Eskimos, for example, worked out clothes that not only are warm but also are extremely attractive.

INSTITUTE GAYER

The northwest Indians went in for fancy masks, and the Smithsonian, which seems to get gayer as it grows older, has arranged a spectacular display of them.

Lights have been put inside the masks, and as they glow, or, worse, grin from a darkened display it certainly is effective enough to scare off any evil spirit. And that goes double for the mask representing a monstrous bird that ate human brains.

Some of the Indians had habits that weren't exactly attractive. The Jivaro Indians of Ecuador thought that after you captured an enemy you ought to be able to prove it. So why not whack off his head and shrink it for evidence?

The Smithsonian, ever thorough going, has dug up the recipe for head-shrinking, which we won't go into here. But it takes 20 hours, and judging by the results of the specimens on display, is scarcely worth the effort.

SUMMER CAMPERS

If you want to work up a full portion of envy, consider the

Masons in GM Plant Present Truck Here

A group of 270 Master Masons employed by General Motors Truck and Coach Division presented a GMC pickup truck to the Michigan Masonic Home during a program held Saturday at Roosevelt Lodge Temple, 22 State St.

The gift and a check for the Masonic Home Endowment Fund were made possible through the cooperation and voluntary contributions of the local masons.

Raymond M. Douglas, of Alpena, Grand Master of Masons in Michigan, and other state dignitaries were present at the ceremony. The truck was presented to Douglas by Frank A. Lane, past master of the Pontiac Brotherhood Lodge.

There were approximately 75 men present representing some 50 Michigan Lodges and 27 Lodges in 12 other states.

Grizzly Bear Indians. They also are known as the Yosemite, and each summer those fortunate people camped out in what now is the national park bearing their name.

Now a word about the Indians' religious beliefs.

The Hopi snake dance is a prayer for rain, and the Smithsonian has a display in which the Indians are busily whooping it up. One Indian has a rattlesnake in his mouth.

The Smithsonian has a note saying no one is sure why the Indians weren't bitten more often, but that two theories have been advanced—lazy rattlesnakes, or was the poison milked out before the dance began?

Anyway, no one believes in this sort of thing any more. But a curious thing did happen. The display was opened—and it rained steadily here for three days.

Three Women Injured in Collision on U.S. 10

Two Waterford Township women and a Flint woman were injured in a two-car collision Sunday on U.S. 10 at Walton boulevard in Waterford Township, according to Oakland County sheriff's deputies.

Vesta B. Gist, 53, of Flint was admitted to Pontiac General Hospital with a dislocated foot and broken leg, and is reported in satisfactory condition today.

Donna J. McCarty, 24, one of the drivers, and Amelia M. Sever, 27, both of 2115 Watkins Lake Rd., were treated and released. The other driver, Conway Gist, 29, of Flint, was uninjured, said deputies.

Sees Business Rise

DETROIT (AP) — Milton O. Cross Jr., president of the Cross Co., said Saturday, "Our new orders for the first two months of 1958 are above those for the entire fourth quarter of last year and I believe they will continue in this direction." The company makes machine tools.

Architects to Gather

DETROIT (AP) — The Michigan Society of Architects will hold its annual convention in Detroit March 12-14 with 500 delegates attending. L. Morgan Yost of Evanston, Ill., chairman of the American Institute of Architects' national committee on the home building industry, will report on trends in residential architecture.

The Four Horsemen of the Apocalypse represent Conquest, Death, Famine and Slaughter.

Engineers Consider Relocating Motor

Study Ways to Rid Car of Hump in Floor

By DAVID J. WILKIE
AP Automotive Editor

DETROIT (AP) — American car makers are becoming concerned about that steadily growing hump in the floor of today's automobile.

Some experts say the hump, covering the drive shaft and rising as height of the car has been lowered, has made a four-passenger car out of the six-passenger vehicles of earlier years.

Engineers are studying the possibility of relocating the engine, transmission, differential and suspension components. Various suggestions have been advanced. Some engineers would move the transmission to the rear of the differential.

Obviously there are problems involved in such a drastic change of design. Many smaller foreign-built cars have engines in the rear but the problem becomes of greater magnitude when principles of small car design are applied to standard size American-made cars.

Either in the front or rear of the car the engine requires space. It might be that moving the engine to the rear would almost eliminate the conventional luggage compartment and possibly sharply reduce the space available for rear seat installation.

It adds, however, that a solution probably based on the adoption of the rear-end transmission or "transaxle" will be forthcoming in the next four or five years. The trade paper's engineering editor, Joseph M. Callahan, says:

"Whenever the transaxle arrives, it will produce a revolutionary change in the typical American chassis. It will require a new transmission, a new propeller shaft, a new independent rear suspension, a new rear axle assembly and possibly inboard brakes."

Most ideas advanced for elimination of the "hump" down the center of the car floor have been tried in some form or other. This is true of front-drive vehicles as well as of the so-called transaxle. Of the latter proposal, Callahan says:

"Some top drive-line engineers feel that a U.S. transaxle could do a much better job of reducing the tunnel than the Lancia transaxle does by tilting the engine more and by making use of some of the things that have been learned about three-joint prop shafts in recent years."

"They feel that with these steps, plus a few other measures, it will be possible to eliminate the entire front hump and most, if not all, of the back floor hump."

Just to keep the record straight, Callahan points out that the transaxle, like most so-called innovations, is not completely new—even on current cars. It was used briefly on the 1919 Studebaker, but discarded.

The transaxle gets its designation from the combination of transmission and axle in the rear. In the inboard braking idea, the decelerating pressure is applied to the axle shaft rather than to the conventional brake drums.

Ward's Automotive Reports, commenting on the possibilities of redesign, says:

"The trend toward lower rear deck lids further complicates the situation, and in station wagons rear transmissions would seem impossible. Independent rear springing, in view of weight considerations, would be a must."

Automotive News, analyzing the same situation, says that in addition to the rear engine installation, consideration has been given to the front wheel drive and the rear-end transmission with front-engine.
