

Threaten Probe in Troy Track Option

Ike Endorses Plan for Jobless in Factory Areas

'Rosy' Economic Report Cheers Fast Recovering Chief Executive

DENVER (AP) — President Eisenhower, set to confer with Secretary of the Interior McKay today, has approved a program he hopes will reduce spotty unemployment in industrial communities chronically plagued by the problem.

The convalescing President gave his blessing to the program yesterday even as he received a rosy report that the over-all national economy is in "excellent" shape.

And on the international front he got a cheering prediction from Ambassador Henry Cabot Lodge Jr. that the United Nations General Assembly may take some "real action" on the Eisenhower plan for exchange of military blueprints with Russia—and for reciprocal aerial inspection. Lodge is chief United States delegate to the U.N.

For the first time since he was hospitalized with a heart attack Sept. 24, the President held two business conferences with important administration officials the same day—one with Lodge, the other with Dr. Arthur F. Burns, chairman of the Council of Economic Advisers and Dr. Gabriel Hauge, the chief executive's personal adviser on economic problems.

On Saturday, the White House announced last night, Eisenhower will confer at the hospital with Secretary of Agriculture Benson, most likely on falling farm prices and what to do about getting them up.

After the meeting on economic affairs, Burns told a news conference that Eisenhower had asked "what some of us might be doing about the farm problem." Burns said they assured the President the problem is getting much study.

He also reported that they got Eisenhower's go-ahead on a program for attacking what Burns called "chronic" spotty unemployment in some industrial communities. The program—which Burns said could be termed a sort of home front Point Four plan—calls for:

1. Creating in one of the existing departments, probably either commerce or labor, a new agency to coordinate federal activities designed to reduce chronic joblessness — in, for example, New England textile areas and Pennsylvania and West Virginia coal regions.

2. Provision of technical assistance by the new agency to distressed communities.

Wisconsin Athletic Chief Guy M. Sundt Dies at 57

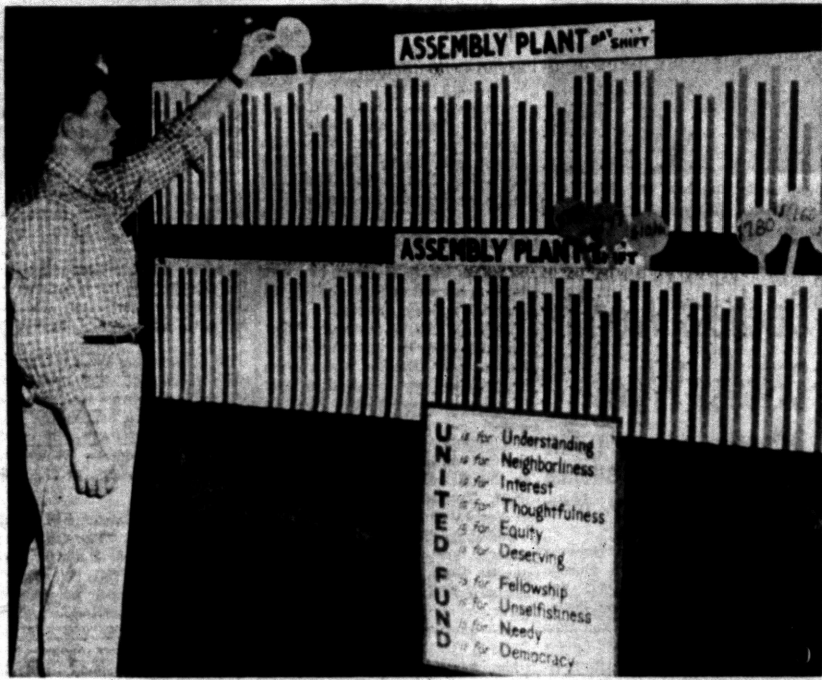

MADISON, Wis. (AP) — Guy M. Sundt, 57, University of Wisconsin athletic director and one of the school's greatest all-around athletes, died of a heart attack early today.

Sundt entered Madison General Hospital yesterday for a checkup after he complained of feeling ill. He returned home later in the day, however, but then went back to the hospital at night.

Dewey En Route Home

HONOLULU (AP) — Thomas E. Dewey left last night by plane for San Francisco, heading homeward after a world tour.

Marking Campaign Progress

OVER THE TOP — Foreman James E. Powers has exceeded their goals and achieved 100 per cent participation. Powers, of 418 Gateway, has been conducting UF campaigns in the plant for several years.

Increased UF Donations Received From Food Unit

First reports of United Fund gifts from the Commercial Division's food unit show increased generosity this year, Campaign Manager Robert M. Critchfield said today.

Borden Co. employees increased their donations 33 per cent over last year by contributing \$783, or an average \$10 apiece. The company gave \$200.

Employees of the Kroger Co. gave \$427, going 15 per cent over 1954. The firm's gift was \$350.

At City Beverage Co., employees gave \$178.50, and Floyd Hallway, \$200. Smith Beverage Co. workers (See list of contributors on page 2.)

pledged \$14 and the company, \$100. Fred B. Prophet Co. Caterers gave \$50.

Personal gifts received late last week included \$325 from Mrs. Catherine Nephler; William B. Hartman, \$150; Harold E. Howlett, \$150; Mr. and Mrs. Arthur B. Edwards, \$125; James Jenkins, \$100; Henry Price, \$100, and Phyllis Stock, \$100.

Austria Finally Free of Occupation Troops

VIENNA, Austria (AP) — Church bells tolled and flags flew in Austria today as the country formally became free from foreign occupation for the first time in 17 years.

Speeches marked the formal end of the 90-day period for the withdrawal of all occupation troops under the Austrian independence treaty.

The last U. S. soldiers, two officers and three enlisted men under Maj. Gen. William H. Nutter, left Austria Oct. 23. The last British and French soldiers left yesterday. All Russian troops left Austria in September.

61 Traffic Fatalities Worst

GRAND RAPIDS (AP) — Sheriff Arnold Pigorsch reports the current toll of 61 traffic deaths is the worst in Kent County history. Grand Rapids accidents have claimed 10 victims and 51 others died in county accidents.

Joe L. Brown Named Pirates' General Manager

PITTSBURGH (AP) — Joe L. Brown, 37, son of movie comedian Joe E. Brown, today was named general manager of the Pittsburgh Pirates to succeed Branch Rickey, Sr., for a one-year term.

The announcement of Brown's appointment was made following a Pirates' board of directors meeting at Forbes Field.

Brown will assume his duties Nov. 1 and will have complete charge, said President John W. Galbreath who made the announcement.

Rickey will remain in an advisory capacity as a director under the terms of his original contract. His son Branch Jr., will continue to direct the Pirates' farm system.

Branch Sr. will be chairman of the board. The selection of Brown, former general manager and president of the Pirates' New Orleans club, was no surprise. He was the top choice of President Galbreath. Vice President Tom Johnson and Rickey himself.

Fred Haney, former manager of the Pittsburgh Pirates, has been signed as a coach by the Milwaukee Braves.

New Flying Record Set

LONDON (INS) — A new commercial record of 19 hours and 12 minutes, flying time from Los Angeles to London was set yesterday by the crew of a Trans World Airlines' Super-G Constellation plane. The total elapsed time from Los Angeles to London, including a stop-over in New York, was 20 hours and 45 minutes.

Saarland Wants New Elections

Parliament Expects Quit Notice From State Head at Special Session

SAARBRUECKEN, Saar (AP) — President Peter Zimmer today called a special session of the Saar Parliament for Friday when Premier Johannes Hoffman is expected to submit his resignation.

Hoffman lost out in Sunday's plebiscite which showed that Saarlanders are against Europeanization of their rich coal-steel basin.

Victorious pro-German parties sent letters to the Parliament's 50 deputies urging them to draw up immediate legislation for new parliamentary elections.

Heinrich Welsch, chairman of the executive board of the Saar railroads, has been suggested by the pro-Germans as acting premier after Hoffman resigns.

France sat tight, its 10-year economic control of the Saar obviously threatened by the upsurge of German national feeling, but there were indications from Paris that some kind of calm compromise would be sought.

In other capitals of Europe, tied to both France and West Germany by the NATO alliance, anxiety and suspicion were manifest over the Saar's home-to-the-fatherland trend. Inevitably, it conjured up memories of the plebiscite for union with Nazi Germany 20 years ago.

Predict Rise in Mercury Following First Freeze

After Pontiac's first freezing temperature of the season at 4:30 a.m. when the mercury plunged to 31 degrees, the U. S. Weather Bureau predicts fair to partly cloudy and warmer weather for tomorrow.

The high tomorrow will range from 61 to 63 degrees.

Jap Seamen Refuse

KOBE, Japan (AP) — Japan's 80,000-member seamen's union today announced it will refuse to man ships carrying products of the nation's struck cotton mills.

Witnesses Give Testimony in Sewer Connection Case

Three witnesses were called yesterday in a suit by Pontiac attempting to stop Waterford Township from connecting a new sewer line from a planned shopping center into the city system.

The case is being argued before visiting Circuit Judge Eugene Black, of Port Huron, in a special courtroom set up on the fifth floor of the Oakland County Office Building.

In the suit filed Aug. 31 Pontiac contends Waterford illegally seeks to hook the sewer line from the site at northwest corner of Elizabeth Lake and Telegraph Rds. to the Elizabeth Lake Road sewage line. The attempt violates a 1953 agreement between the two units, the city alleges.

Pontiac charges that under the agreement all plans for changes, enlargements or additions to the system must be approved by the City Commission and says this was not done in the case at issue.

Waterford maintains the 8-inch, 293-foot line is not an enlargement, but a connection allowable without city approval.

Yesterday, Pontiac City Manager Walter K. Willman said the line was put in on a weekend despite his request that work be stopped.

Thomas Henry, of Toledo, a consulting engineer for the city, said the line is the same size as the one it would be linked with in the street.

He stated the main line running from the west has been overloaded at the discharge end at times and it is vital for the city to keep control over the amount of sewage running through it.

Waterford counsel Clark J. Adams has pointed out that Pontiac City Commission recently gave tentative approval to annexing another proposed shopping-center site in Bloomfield Township which would have entailed providing sewer and water facilities.

(The promoter later withdrew the request.) Henry said he was not consulted about the Bloomfield site. (Continued on Page 2, Col. 1)

Blockade Moms Planning Another U.S. 24 Assault

DETROIT (AP) — Demanding traffic lights at U. S. 24 school intersections, mothers of populous suburban Taylor Township yesterday blockaded one intersection and planned a demonstration at another today.

Yesterday's blockade by 60 placard carrying mothers in a drizzle of rain stopped traffic four times while children crossed the intersection of Cypress and U. S. 24 en route to Edgewood elementary school.

The mothers flatly rejected a proposal from the State Highway Department for temporary suspension of their roadblocks. The department proposed to send engineers immediately to make a survey, if the mothers would withdraw.

'Let 'em Come, Son'

HE'S NINETY-ONE — STILL HUNTING — Starting his 75th year of deer hunting, ninety-one-year-old Hiram Knox sits by the side of a road near a likely-looking deer crossing in Suncook, N. H., and waits. He now uses a chair as his legs are "going back" on him. Says the nonagenarian, "Hunters today are too excited and nervous."

U.S. Recognizes Ngo Dinh Diem Viet Nam Head

WASHINGTON (AP) — The United States today formally recognized premier Ngo Dinh Diem as chief of state of southern Viet Nam, replacing ex-emperor Bao Dai.

A State Department spokesman announced the move less than 24 hours after Vietnamese voters overwhelmingly chose Diem in place of the absent, ex-monarch in nationwide balloting.

"The people of Viet Nam have made their choice unmistakably clear," said press officer Lincoln White at a news conference.

"We look forward to a continuation of friendly relations between the government of Viet Nam and the United States."

White was asked directly whether the statement meant Diem is recognized as chief of state. He replied "certainly."

2 Social Security Systems Merge

State Employees' Move for Pensions, Federal Aid Effective July 1, '56

LANSING (AP) — More than 20,000 state employees came under federal social security yesterday.

Gov. Williams completed the merger of the state pension system and the federal system by certifying to the federal government that 20,918 employees had voted for the merger and 1,418 had voted against it.

Actually, no state employee can benefit from the federal plan until July 1 of next year. The federal coverage is retroactive to last Jan. 1, but employees must be under the system for six quarters to be eligible for benefits.

However, Williams' certification places into effect the state law which prevents the forced retirement of any employee until he has become eligible for federal benefits and which raises the employees' monthly contributions.

Charge Officials Seeking Profit in Racing Deal

State Officer States Connection Is Hidden in Discussions

Two Troy Township officials and a partner last night were threatened with a grand jury probe into their option of a 200-acre proposed race track site.

Assistant State Atty. Gen. Wilbur DeYoung, appearing before the Township Board, said he would call for a grand jury investigation unless records and all information concerning the purchase option was made available by Thursday morning.

At the meeting, DeYoung charged that Fred W. Hildebrandt, township treasurer; Malcomb Heber, township attorney, and Heber's law partner, Harvey N. Dell, stood to make \$130,000 on a \$1,000 investment.

The three, as a corporation held the option on the proposed track site at 14-Mile road and John R., he said.

DeYoung said Hildebrandt and Heber had concealed their connection with the corporation during the township discussions on the race track proposal.

DeYoung said the corporation had a commitment from the Thoroughbred Turf Club, a syndicate seeking a race track franchise, to pay \$800,000 for the land which they optioned for \$470,000.

By merely optioning the land and then reselling it, Hildebrandt was in line to make \$60,000, and Dell and Heber, \$30,000 each, DeYoung said.

DeYoung said options on the site were obtained prior to May 21. On May 23, he said, the Township Board passed a resolution by a vote of four to three to allow building of the track.

The case was brought to DeYoung's attention by Norman R. Barnard, township supervisor.

DeYoung said Heber refused to divulge information about the corporation at an informal meeting last Friday night with State Racing Commissioner James H. Inglis. A check with the Oakland County (Continued on Page 2, Col. 4)

State May Get Federal Hospital

Williams Will Discuss Transfer of Fort Custer Building With Army

LANSING (AP) — Declaring there is an "exceedingly good chance" Michigan will get the Fort Custer Station Hospital for mentally retarded children, Gov. Williams has asked the State Mental Health Department to review its previous recommendations for acquiring additional bed space.

Williams said that the Army has requested an appointment for Thursday afternoon to discuss details of a proposed 2½-year lease which would give the state approximately 600 beds for mentally retarded children in the idle Army hospital at Battle Creek.

Williams said he did not know yet what changes this possibility would make in the five-and-a-half million dollar program recommended by Charles A. Wagg, state director, to absorb a waiting list of 1,221 child mental cases.

He said he had asked Wagg to review his recommendations but that he thought Wagg would still recommend the acquisition of the Farmington Children's Hospital and the Oakland County Tuberculosis Sanatorium.

He said he thought acquisition of the Fort Custer Hospital would remove the necessity for using condemned buildings which had been part of Wagg's proposals for absorbing the waiting list.

Williams said he was encouraged at receiving such a quick response from his visit last week with Sec. of Army Wilbur M. Brucker, former Michigan governor.

Big Three Ministers Submit Proposals

By JOHN M. HIGHTOWER
PARIS (AP) — The foreign ministers of the Atlantic Alliance met today to put their weight behind proposals the West will make to the Soviet Union at Geneva later this week.

The other 12 ministers were certain to endorse the policies agreed upon yesterday by U. S. Secretary of State Dulles, British Foreign Secretary Macmillan and French Foreign Minister Pinay.

Dulles, Macmillan and Pinay reached "complete agreement" last night on the memorandum with which they will confront Molotov at the post-summit meeting opening Thursday in Geneva.

In a few days the Western Powers will offer Russia a package deal for unification of Germany

on Western terms. In exchange, they will offer Moscow security guarantees against any new German military adventures.

The Western proposal is designed to remove Russia's fear of uniting East and West Germany. But it is not designed primarily to give Russia anything of value in return for agreeing to German unification.

The West hasn't the slightest idea of agreeing to a setup which

In Today's Press

would facilitate moves by a united Germany to sever the ties so laboriously forged between the Bonn government and the West and now climaxed by West Germany's membership in NATO.

Least of all do the Western Powers have any intention of meeting Russia's basic goal — dissolving NATO itself.

Consequently, the Western deal seems sure to get the currently polite version of the Russian rye — no — just as firmly as in the old days when the word became famous as a term of harsh rejection.

The prospective bargaining over German unification illustrates a fundamental point about the present state of relations between the United States, Britain and France

on the one hand and Russia on the other.

Neither side is prepared yet to give up any position, interest or territory of great value just for the sake of improving East-West relations or easing tensions.

Communist-governed East Germany is a strategic and political holding of enormous importance to the Soviet Union. Soviet Premier Bulganin and Foreign Minister Molotov have made clear that Russia does not intend to yield that position to the West at this time.

West Germany is just as vital to the political and military strength of the West. Much as they say they want Germany unified, the United States, Britain and France are not interested in a merger at the cost of Soviet gains in rich and populous West Germany.

Lawmaker Hits Plane Probing

Criticizes Investigation After Navy 'Gambled' on Faulty Engines

WASHINGTON (U)—Rep. Clare E. Hoffman (R-Mich.) said today House investigators have engaged in unneeded "Monday morning quarterbacking" by their inquiry into an ill-fated Navy jet plane program.

Hoffman criticized the investigation by a Democratic-controlled House Government Operations subcommittee after the Navy yesterday acknowledged it "gambled"—and suffered a multimillion-dollar loss—in the building of McDonnell F3H Demon carrier fighter planes.

The subcommittee, headed by Rep. Holtzfield (D-Calif.), today called for testimony from officials of the McDonnell Aircraft Corp., St. Louis, Mo., builder of the F3H airplane, and the Westinghouse Electric Corp. The Navy bought 174 Westinghouse jet engines but then found they weren't powerful enough for the F3H.

Adm. James S. Russell, chief of the Navy's Bureau of Aeronautics, said the Navy "made an honest mistake" in the F3H program started under Korean War pressures.

Russell told the subcommittee yesterday the Navy has since taken steps to forecast performance of new aircraft more accurately, but added that "in this day of rapid technological progress we must venture into the unknown" and there still could be failures in the future.

Hoffman, a subcommittee member, told a newsmen the Navy knew it was taking a chance on the early model F3H and lost. He said the Navy has now corrected its F3H program and the committee investigation amounts mainly to "Monday morning quarterbacking"—a football team for second guessing a game after it is played.

Committee investigators said the Navy snafu cost the taxpayers 200 million dollars in planes and jet engines and the lives of four pilots.

The Navy estimated the cost of the Westinghouse jet engine program—exclusive of some 60 planes involved—at 105 million dollars.

Russell said the jet engines were not a total loss—he testified they would be put to good use in research and for ground training of plane mechanics.

Witnesses Testify in Sewer Lawsuit

(Continued From Page One)

Promoter of the Waterford shopping center, M. M. Robinson, testified the project would cost about \$2,000,000 and cover 20 of the 80 acres being purchased by his group.

The Waterford attorneys said there was no intention of extending the line to the north past the shopping center.

Pontiac City Engineer Lewis M. Wrenn was expected to testify as the case continues today.

City Motorist Injured in Parked Car Accident

Benny Klarsire, 21, of 77 Fairview Ave., was treated and released from St. Joseph Mercy Hospital yesterday after the car he was driving had hit a parked car belonging to Junior R. Taylor, 36, of 60 S. Ardmore Ave., on Baldwin Avenue near St. Louis Avenue.

Also treated and released was 26-year-old Roberta Rydman, of 2315 Briggs Rd., a passenger in Taylor's car.

Two Milford Youths Still Called 'Critical'

Judy Artley, 13, of Milford was treated and released from St. Joseph Mercy Hospital yesterday after a two-car collision on U.S. 10 at Williams Lake Road.

State police said the car in which she was riding, driven by Phillip E. Newman, 16, of Drayton Plains, was hit by Bienville Jones of Detroit while attempting to turn.

The Weather

PONTIAC AND VICINITY — Fair to partly cloudy and warmer today, tonight and tomorrow. High today 51-56. Low tonight 36-41 and high tomorrow 61-65. Westerly winds 10-15 m.p.h. backing to westerly today.

U.S. Population Up Nearly 8 Pct. to 162 Million

WASHINGTON (INS)—The Census Bureau states the U. S. population grew almost eight per cent from 1950 to 1954.

The agency's official estimate for July 1, 1954 was 162,409,000, including Armed Forces overseas. That is 11,711,639 more than when the regular ten-year census was taken on April 1, 1950.

As usual, the most rapid growth was in the Pacific and Mountain states. However, the Bureau said the rate of growth is well below the rapid shift to the West during the 1940's.

Maine, Vermont, West Virginia, Alabama, Mississippi, Arkansas and Oklahoma actually recorded a loss. But the others showed gains ranging from 1.1 per cent in Kentucky to 31 per cent in Nevada.

Other big gainers in the West were Arizona with 23.8 per cent, California with 18.1 per cent and New Mexico with 14.2 per cent. Biggest gain in eastern states was Florida which registered an increase of 19.1 per cent.

Hog Price Move Helps Senators

Government Act Eases Pressure From Farmers Facing Income Loss

WORTHINGTON, Minn. (U)—The touring Senate Agriculture Committee welcomed today a decision of the federal government to do something about skidding hog prices.

Committeemen figured it would ease "pressure on them to get something done in Washington." As some members had insisted in telegrams and telephone calls to him, Secretary Benson announced the Agriculture Department will buy surplus pork in an effort to stabilize prices of hogs, a major Midwestern product.

LONG OVERDUE — Many farmer-witnesses had planned to demand such a buying program today at a hearing of the committee, which is seeking farmer views on declining farm income.

Sen. Humphrey (D-Minn.) declared Benson's action was "long overdue." He wondered, however, whether the secretary will buy enough to do any good in improving hog prices.

Republican members, who feel farmer criticism of Eisenhower administration farm policies puts them on a spot, were particularly pleased with Benson's announcement. Sen. Thye (R-Minn.) said markets should strengthen.

Sen. Young (R-ND) said the pork buying program should be accompanied by action to strengthen prices of feed grain. Otherwise, he said, there may be a tendency for farmers to continue an expanded level of hog production—the generally accepted cause of current low prices.

In its first hearing, held at St. Paul yesterday, the committee found dairy farmers sharply divided on controversial issues of price supports, production payments and production controls.

Lawmaker Asking 45 M.P.H. Speed Law

LANSING (U)—Rep. Leonard Wood of Detroit called for minimum highway speed of 45 miles per hour today as part of a four-point highway safety program he will ask the Legislature to pass at its Nov. 1 special session.

Wood filed a bill calling for a 45 mile per hour minimum speed limit on state trunklines during the day and a 60 mile per hour maximum speed at night.

The minimum speed limit would not apply when weather or driving conditions demanded a lesser speed, he said.

Wood, who has tried to push similar bills through the legislature before, also filed a bill requesting safety belts on all cars manufactured after Jan. 1, 1957.

GOP Needs More Money

MIDLAND (INS)—Sen. Charles E. Potter (R-Mich.) told a Republican breakfast club that the GOP must have paid workers and more money to spend if it is to win the next presidential election.

New Traffic Summons Being Used by Deputies

A new type of notice to appear in court to answer a traffic violation charge is being used by Oakland County sheriff's deputies. Prosecutor Frederick C. Ziem said today.

The form, designed to speed up ticketing and provide more pertinent information to judges, was prepared by Gerald A. Tierrien, of the Board of Auditors, to incorporate suggestions by Ziem and Sheriff Frank W. Irons.

SOUTH CABLE ANCHORAGE — Workmen approach partially completed towers of the Mackinac bridge which will be opened to traffic in November, 1957. In foreground is south cable anchorage which rests on foundation nearly one-third the area of a football field and will resist the 30,000-ton pull of the bridge's main cables.

Pentagon Apology Issued to Explain 'Special Flights'

WASHINGTON (U)—The Defense Department says it—and not two indignant Democratic senators—is responsible for a \$10,000 special plane flight to bring them home from Europe.

The Pentagon put out its public apology yesterday not long after Senators McClellan (D-Ark.) and Stennis (D-Miss.) stepped off a regularly scheduled Military Air Transport Service plane from Paris.

McClellan and Stennis bridled at reports they had demanded special treatment. Earlier, the Defense Department had said it dispatched a 66-passenger plane to pick up the touring Senate Appropriations Committee members at Madrid because it didn't have regular transport from that area on the dates the senators wanted to return.

Charge Troy Trio With Race Deception

(Continued From Page One)

DeYoung also said Hildebrandt refused to talk about the deal at Friday's informal meeting.

"We are going to get the information we seek or call a grand jury," DeYoung said. He said he wanted books, records and all pertinent information on the deal by tomorrow. "If we can't get them one way we'll get them another," he added.

Hildebrandt and Heber both attended last night's meeting. Hildebrandt made no comment. Heber said:

"The township wanted this track and needed it. We tried to get it for the township. We could have sold this land at a profit but we saved it for the track."

"This is nothing but a smear and a twisting of facts. All stockholders are named in the corporation papers."

Also present at the meeting were Ingis and George F. Taylor, chief assistant Oakland County prosecutor, to determine if any criminal action was necessary.

Taylor said the prosecutor's office would be represented at all meetings, but that it planned to let the attorney general's office handle the investigation.

County Deaths

MRS. ROSE DELMOTTE — UTICA—Service was held this morning at Schwarzkopf-Milliken Funeral home here, and at St. Lawrence Catholic church for Mrs. Rose Delmotte, 62, of 4011 Hayes Rd., Sterling Township. Mrs. Delmotte, who died Friday, was buried in St. Peter's Cemetery, Mt. Clemens.

She is survived by five sons: Arthur of Uica, George of Detroit, and Edward of Roseville; three sisters, Mrs. Emil Gekiers and Mrs. Arlene DeCook, both of Mt. Clemens; and three daughters, Mrs. David Uley—558, F. G. Van Horn and Sons Cement Block—430.

Contributors to UF — The following is a partial list of \$50 and over gifts donated to United Fund headquarters: Cloonan Drug Co.—\$105; employees—\$57; Employment Security Commission—\$116; Radio Station WFOH employees—\$110; Oakland County Legal News—\$100; Family Service employees—\$85; George and Mary Crane—\$80; J. S. Sibley—\$75; Sibley Coal and Supply—\$65; Oakland Fuel and Paint Co.—\$55; Sloan, Whitfield, Jenkins, Price & Fehman employees—\$52; Mr. and Mrs. David Uley—\$50; F. G. Van Horn and Sons Cement Block—\$50; Society for the Preservation & Encouragement of Barber's Quarters—\$40; Singing in America—\$30; Lord's Furniture—\$25.

Pontiac Man Injured in Telegraph Crash

William R. Laughlin, 38, of 1383 Club Drive, Pontiac, is in fair condition at St. Joseph Mercy Hospital following a collision with a trailer truck at Telegraph and West Long Lake Roads at 1:35 this morning.

Manager of Sherwood Industries in Detroit, Laughlin suffered lacerations and chest injuries.

Bloomfield Township police said the truck driver, George H. Tate, 31, of 224 Ann Arbor, Pontiac, told them he had stopped for the traffic light on Telegraph and was just starting up when Laughlin struck the truck in the rear.

Mrs. John O. LaCore Succumbs at Age 76

Mrs. John O. (Addie E.) LaCore, 76, mother of Mrs. Ross P. Tenney of 208 Cherokee Rd. and Dr. Ivan A. LaCore, director of the Pontiac State Hospital, died last night at St. Joseph Mercy Hospital.

She was born in Crystal Nov. 19, 1878 and was the daughter of William and Eliza Hunt.

Mrs. LaCore came here a year ago from Elk Rapids where she was a member of the Methodist Church. She made her home with her daughter, Mrs. Tenney.

Besides Dr. LaCore and Mrs. Tenney, another son, John M. of Muskegon, and six grandchildren survive.

Mrs. LaCore will be at the Sparks-Griffin Funeral Home until Wednesday morning. She will then be taken to the Dockery-Wilhelm Funeral Home, Elk Rapids, for service at 2 p. m. Thursday. Burial will be in Maple Grove Cemetery. Mrs. LaCore had been ill in the hospital six weeks.

Charles Oliver McCann

Charles Oliver McCann, 37, was dead on arrival at Pontiac General Hospital Sunday morning.

Born in Wayne County, Miss. July 18, 1918, he was the son of Lisbon and Isabelle McLaughlin McCann and was married to Ollie Lemelle in Waynesboro, Miss. in 1945.

A member of the Antioch Baptist Church, he had been employed at the Detroit Transmission Division, Ypsilanti and had served in World War II.

Surviving besides his wife and parents are five children, Margaret Ruth, Clara Bell, Aritha, Barbara Ann and Patricia, all at home.

Also surviving are a sister, Mrs. Rachel Grace, of Youngstown, Ohio; four brothers, Lloyd Grey, Odell, and Luther, all of Detroit and John Twiley of Pontiac.

The body will be at the Frank Carruthers Funeral Home at 7 p. m. this evening. Tomorrow night it will be shipped at Waynesboro for service and burial.

Mr. McCann made his home at 1727 Mitchell St. Corner Garden, Detroit.

Claud New

Word has been received of the sudden death of a former Pontiac resident, Claud New, 65, in Miami, Fla. Saturday morning. Service and burial were in Miami this afternoon.

Mr. New was born in Tennessee Sept. 13, 1890. He was the son of Mr. and Mrs. James New and married the former Mae Gum in Clarkton, Mo. Aug. 1, 1910.

Besides his wife, he is survived by one son, Willard J. New of Camp Pendleton, Calif.; two daughters, Mrs. William Davis of Miami and Mrs. George H. Fisher of Pontiac.

Also surviving are a brother, Russell of Keego Harbor; three sisters, Mrs. Burt Moore of Missouri, Mrs. Bessie Smith and Mrs. Myrtle Johnson, both of California.

Mr. New came here from Rector, Ark. Before moving to Florida, he had lived in Pontiac 27 years and was employed at the Wilson Foundry.

John Russell

Service will be held at 11 a. m. Wednesday from the Pursley Funeral Home for John Russell, 72, of 328 Hughes St. The Rev. Paul R. Havens of the First Methodist Church will officiate with burial in White Chapel Memorial Cemetery.

Born in Belfast, Ireland, Feb. 16, 1883, he was the son of Thomas and Elizabeth Andrews Russell. Coming here from Los Angeles, Calif. nine years ago, he was a member of Friendship Lodge 417 F&AM, Detroit.

Surviving are his wife, the former Willilee Maybin and a daughter, Elizabeth Russell of Compton, Calif.

Mr. Russell was dead on arrival at Pontiac General Hospital Saturday morning after a month's illness.

Isaac D. Shammo

Service will be held at 3 p. m. Wednesday in the Ross B. Northrop & Son Funeral Home, 22401 Grand River, Redford, for Isaac D. Shammo, 76, of 1490 Vinewood Ave., Detroit. Burial will follow in White Chapel Memorial Cemetery.

Mr. Shammo was born in Williamstown, Pa. Oct. 16, 1879. He died yesterday.

Surviving are a daughter, Mrs. Leah Tucker of Fort Lauderdale, Fla. and three grandchildren. When Mr. Shammo was living here, he was employed at the Pontiac Motor Division.

Experts estimate that a typical American family spends 15 per cent of its weekly food budget for milk which supplies 30 per cent of the families nutritional needs.

The Day in Birmingham City Eyes Hunter Parking, Adds to Ice Skating Rink

BIRMINGHAM—Parking regulations on Hunter Boulevard, in order to maintain traffic safety through Birmingham, will receive the prompt attention of a city staff and the State Highway Commission.

A decision to refer the problem to City Manager Donald C. Egbert for detailed study followed last night's City Commission meeting, after discussion of a possible program to eliminate parking on Hunter, except where access drives or other proper barricades are erected.

In other action, lawmakers saw the cost of the Elton Park Ice Skating Rink raised another notch when they approved an approximate \$4,000 expenditure for installation of hockey boards, eliminated from earlier plans in order to hold down swelling costs.

This, coupled with about \$11,000 to be spent on providing parking facilities, brings the figure to over \$40,000 above the \$25,000 bond issue passed to cover the rink costs.

However, Egbert had pointed out the necessity of the boards to provide safe and efficient operation for both skaters and bystanders.

Dr. Clarence W. Cranford, a close friend of the late Peter Marshall who was frequently referred to in the best-selling book, "A Man Called Peter," is continuing his talks during "A Week of Spiritual Discovery" at the First Baptist Church.

The guest minister will speak respectively on "The Cause We Espouse," "The Power We Need," "The Trials We Face" and "The Witness We Share" at 8 p. m. services tonight through Friday. He will end the series, which are open to the public, at 8 p. m. Sunday, preaching on "The Victory We Envision."

At a joint meeting of the Vaughan and Wing Lake School PTO's at 8 tonight, Jo Ann Bigelow, reading consultant with Scott Forsman Co., will discuss the school's basic readers and reading program.

"The Practical Side of the United Nations" will be the topic

Starts World Junket

COLOMBO, Ceylon (U)—Premier Sir John Kotelawala left Ceylon today on a month-long good will tour which will take him to Singapore, Australia, New Zealand and Thailand.

the answer to the burning question...

How does it burn? That's the important question about any coal for home heating.

There are as many different answers to this question as there are different types of coal—but the answer is Fuel Satisfaction, the superior Bituminous Coal that burns with maximum heat and minimum ash... a steady and even heat that has made it the favorite of millions of homeowners for almost 80 years.

Fuel Satisfaction is the name given the top-grade Bituminous Coals mined along the N.W. Call your coal dealer and have him fill your bin with Fuel Satisfaction—the correct answer to the burning question.

New Twist—Music Makes Women Beautiful

By PHYLIS BATTELLE
NEW YORK (INS)—The latest opinion being breezed about New York is that it takes music—not only nature or cosmetics—to make a woman beautiful.

Undoubtedly this will cause a deal of controversy among the powers (including John Roberts) that be.

It was first brought up by a man named Arthur Cremin, who seems to have an axe to grind as the president of the New York Schools of Music and director of the Music Lovers League, which is dedicated to soothing savage breasts on the first Wednesday of each month.

He voiced the opinion last week that if you look around you, you

will observe that the girls who appreciate music are a good deal prettier, and a sight fresher, than the girls who don't.

And as for the dolls who actually sing or play an instrument—Man Oh Man!

LOOK AT THE FLUTIST

Cremin cites as examples ladies like Dinah Shore ("serene of face"), Helen Traubel ("what a shining, handsome visage"), Judy Garland ("what beautiful eyes") and Lena Horne ("perfection of countenance and grace"); and if that is not enough proof, he says, consider the women you know.

Is not your flutist friend more feminine than your local librarian? Before the Gabor girls can rise

to protest, Cremin adds this other note: "Some ladies may appear to be beautiful, under the cosmetic camouflage, but the true loveliness comes out of their eyes and the delicacy with which they move."

FILLS THE EYES

"Music is the only medium that can fill the eyes with alternate peace and excitement . . . can teach the body grace."

Well, since talking to Cremin, I have discussed this with a few discerning males. Some agreed readily, pointing out that since Marilyn Monroe sang "Diamonds Are a Girl's Best Friend" she seems to be looking better than ever. Also that lady musicians

lead to get cuter all the time except when playing woodwind instruments which sometimes causes lip distortion.

One male, however, dissented violently. "Speaking for the best of my sex," he expostulated, "I say this philosophy is absurd. My wife has been forcing me to go to concerts for three years now, and every time she talks me into it she gets uglier."

EVEN HILIBILLY

Cremin disqualifies opinions of this kind as irrelevant and irreverent, and sums up by saying that no matter what kind of music a woman enjoys or takes part in—even if it's hillbilly—she is better off, face and figure-wise,

It relaxes her if tense, revives her if bored, strengthens her if weak, and humbles her if cocky.

"Don't you agree?" asked he.

I recalled that in my college days I sang with a dance band, played the piano in church, and strummed a ukelele at parties.

Cremin said there, you see, scrutinized me carefully, and smiled.

"I can't urge you strongly enough," he said, "to take it up again."

The largest state park in the nation is the 47,000 acre Porcupine Mountain state park in the western end of Michigan's Upper Peninsula.

Quake Victims Aided

COPENHAGEN — Ground has been broken in Zakynthos, Greece, for a home and school for 200 children. Funds for it were collected in Denmark after the 1953 earthquake. It will be built by workmen sent from Denmark with material shipped from Denmark.

An important announcement from Kellogg's of Battle Creek

By W. H. Vanderploeg
President, Kellogg Company

BEFORE our founder, W. K. Kellogg, died in 1951, he had a great concept about a new cereal. He believed that valuable properties of other foods could be combined with those of the grains in such a way as to produce a concentrated high-quality protein food in a delicious new cereal form.

It has been my privilege to carry this idea forward.

For the past four years, we at Kellogg's have been working hand in hand with two of our great universities on this project.

Out of it has come an achievement that is perhaps the greatest in our history.

This new cereal food is an unusual combination of nourishing grains and other natural foods including milk and yeast.

It's a ready-to-eat cereal remarkably rich in high-quality protein—about twice as much as the average, and more protein than in any other well-known cereal, hot or cold.

It has a combination of vitamins specified for us by the nutrition departments of the universities who worked with us as being most needed by most people.

Yet the surprising thing is that with all its health-giving properties—this is probably the most enjoyable cereal anyone has ever put into his mouth. It's not quite a puff, not quite a flake, but I can assure you, it's unusually tempting to eat.

You may be interested in knowing what happened when we sent this new high-protein cereal out in a plain package to several thousand people whose opinions are rather important to us—people just like you.

To begin with, 4 out of 5 started off by saying how much they liked its taste.

One physician said: "This is not just a new cereal—it's a new protein food."

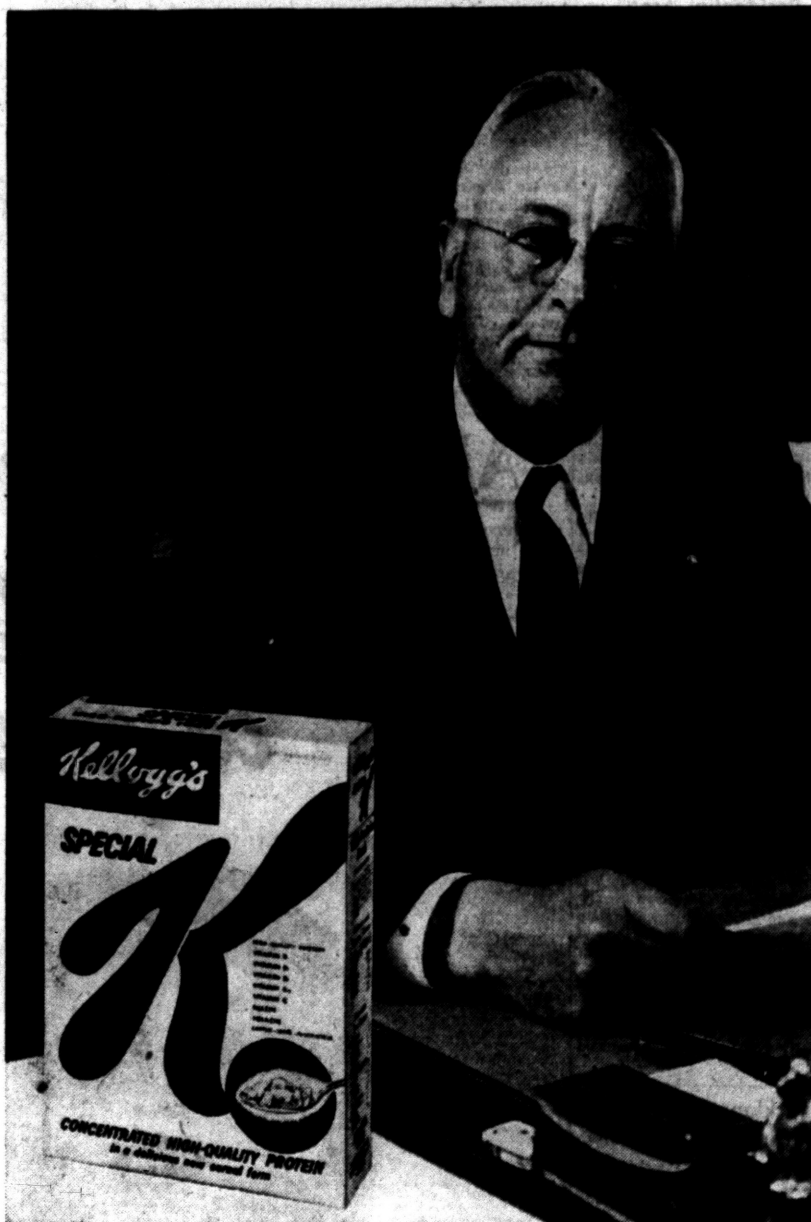

A food editor told us: "It's amazing that a cereal with so much solid nourishment could be so light and tasty."

We're calling the new cereal our Special K because we feel the big red "K" in our trade mark is more or less our coat of arms.

Special K is on hand now at most grocer's. We want you to try it for its unusual flavor and excellent health benefits. We particularly address this invitation to people who haven't been eating cereals too frequently.

We feel sure you'll enjoy Special K, for breakfast and any time of day you want something wholesome and good tasting.

Kellogg's OF BATTLE CREEK

Here's the Nutrition Story of Special K

WHAT 1 OUNCE OF SPECIAL K HAS
Share of National Research Council Recommended Daily Allowance for adult male.

PROTEIN More than any other leading cereal—hot or cold—twice as much as their average; high-quality protein—from grain, milk, yeast. Special K is the only leading cereal containing added costly, protein-rich wheat gluten and wheat germ.
One serving, with milk, produces 15% of a grown man's daily recommended allowance.

VITAMIN D A full day's recommended allowance. (Recommended daily allowance for children and expectant and nursing mothers. Recommended allowances of other adults not specified.)

VITAMIN B₁ (thiamine)—One-fourth of a day's recommended allowance.

VITAMIN B₂ (riboflavin)—More than 30% of a day's recommended allowance.

VITAMIN C One-eighth of a day's recommended allowance.

NIACINAMIDE More than 30% of a day's recommended allowance.

VITAMIN B₁₂ Scientists have not fully determined human recommended allowances. Special K contains an amount judged by authorities to equal a day's recommended allowance.

COPPER-IRON More than one-third of a day's recommended allowance of each.

WHY YOU NEED IT

To grow when you're young—to repair and maintain body tissues every day of your adult life.

Essential to children for calcium utilization and normal bone and tooth development. A protective supplement particularly in winter months.

Essential to nerve function, utilization of carbohydrate foods; stimulates good appetite.

Essential to growth, normal vision, healthy skin.

Helps maintain healthy teeth and gums, aids tissue repair. The anti-scurvy vitamin.

Important to condition of skin and serves as the anti-pellagra vitamin.

Essential to formation (with iron) of red blood cells. Possibly important to other body functions.

These two minerals are both essential to red blood cell formation.

WHERE TO GET THE REST OF WHAT YOU NEED

From foods of animal origin like meat, milk, eggs and fish, and from mixtures of vegetable proteins such as provided by beans, peas, grains.

Irradiated milk and milk products, fish oils, liver, eggs, sunlight.

Meats (especially pork), grains, milk, vegetables, and fruits, all contribute.

Liver, milk products, eggs and leafy vegetables.

Citrus fruits, tomatoes, green and leafy vegetables, baked potatoes.

Liver, peanuts, poultry, peas, beans.

Meats, especially liver and kidney.

Meats, green vegetables, peas, beans.

SPECIAL K also contains FOLACIN, a nutritionally significant vitamin on which exact recommended allowances have not been determined, CALCIUM, PHOSPHORUS, IODINE.

Warden of Jackson Speaker at Meeting

W. H. Bannon, warden of the State Prison of Southern Michigan at Jackson, will be the keynote speaker at the regular monthly meeting of the Pontiac Education Association Thursday night.

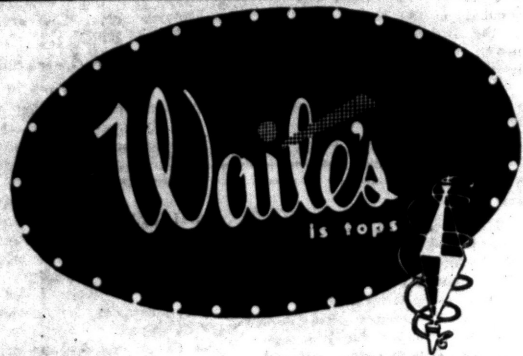

More than 100 teachers and educators are expected to attend the dinner meeting, which will open at 6 p.m. at Lincoln Junior High School cafeteria.

Bannon's lecture is scheduled

to begin at about 7 p.m. Tickets have been sold for the dinner, but the lecture is open to any who wish to attend without charge, according to program chairman Charles Beyette.

Bannon will discuss his experiences in correctional work at Jackson Prison and outline modern prison procedures.

The intense cold of the Antarctic continent helps preserve many things and food, wood, printed matter, and matches left there often are found many years later in very good condition.

Mayoralty Campaign Quiet in Philadelphia

PHILADELPHIA (AP)—The Philadelphia mayoralty campaign between veteran Democratic campaigner Richardson Dilworth and Republican W. Thacher Longstreth, a 34-year-old political novice, moved slowly into its final fortnight today without too much furor.

Dilworth, feeling he is firmly in command of the situation, promised in a recent speech that from here on the campaign will be "all sweetness and light" until the Nov. 3 balloting.

Longstreth, still waging an uphill battle, says he'll keep telling the people "about the shortcomings of the (Mayor Joseph S.) Clark administration."

Clark and Dilworth are political allies who teamed to oust the Republicans from the top City Hall posts for the first time in 67 years in 1951.

Workers Go to School

BALTIMORE (AP)—Employees of Maryland's Department of Employment Security are going to school again because their new boss, former State Sen. Robert Kimble, discovered errors were costing the state money. Kimble said at least 20 per cent of overpayments of unemployment compensation were due to employee mistakes that can be eliminated.

Unpronounceable Stuff Causes Briton Trouble

The views expressed by many husbands are not necessarily those of the management—Henry Trysila.

By EARL WILSON

NEW YORK—The late Jim Thorpe's son Buddy, 30 years old, 6-foot-4 and a husky 210, has been disguising himself in a Broadway show under the name of "William Thourly."

"Thorpe's a good name and I respect it—but too many other people don't," Buddy explained in telling us all about it.

"Hollywood producers would say 'Jim Thorpe's son! I could get a barrel of publicity with that!'"

"Others would see you, just out of curiosity, but didn't want to give you work. So I didn't get much real acting to do until I started using my mother's family name. Now —"

Buddy, a handsome, leading man type, does a rugged, athletic 7 minutes in "Will Success Spoil Rock Hunter?" It's a little hard on the pride of this son of the World's Greatest All-Around Athlete, because he must allow skinny Orson Bean, a midjet by comparison, to lick him—with judo.

"By Saturday night a guy's pretty tired and bruised," Buddy admitted.

He dives and somersaults at Bean in a way that makes it appear that Bean, with judo, is pushing or flipping him on his face. Then he takes a long leap at Bean — "and it looks like he throws me out the window."

"One night Orson didn't get out of the way fast enough when I leaped at him. He got a bruise. Now, though, his eye's very good, and it really looks like he's flipping me out the window."

Buddy's had a not-very-easy life as the son of a famous but faded athlete. Born in Detroit, he was brought up in St. Clair, Mich., went to Castle Heights High in Lebanon, Tenn., famous for football, was on Michigan State's freshman football team, entered the service, got a degree at Tri-

State at Angola, Ind., then hooked up with his father, who was having a tough time selling his life story to the movies — for \$1,500.

"I worked in a steel mill in L.A. for 11 months before I got a movie job," he says. He was so much taller than most actors, they usually hid him in a trench, and had somebody throwing dirt in his face.

"How about a closeup?" he asked once. "Nobody'll recognize me." He was thinking of his family. "Who wants to recognize YOU!" he was asked.

One Hollywoodian told him he could play a John Wayne or Gary Cooper part and urged him to try New York. He's been acting since, often on TV, and he and his wife, "Skip," a former Michigan teacher, think this town may be their oyster.

"People are even getting so they can pronounce Thourly," he says.

THE MICHIGAN EARL

Myrt Powers goes back to baby-rearing with the Wm. Drummonds at Roslyn Heights till spring. "When I'm supposed to report to the Dodgers, training camp," Myrt's big kick was meeting Fran Allison at Danny's Hideaway.

Jayne Mansfield's dyed-pink poodle didn't die of the dye, but of a virus; so she hopes the ASPCA'll lay off . . . Bigtime me's will work the Jackie Gleason-produced "Stage Show"; this week Jack Haley, next week George Raft. Variety reports Gleason's Honeymooners leading Perry Como in the ratings.

Confidential mag and its editor, Howard Rushmore, exploded . . . Miami Beach's Shore Club Hotel will finish its eight-story wing in time for Thanksgiving. (The opening party will feature such beauts as Brooke Robin.)

WISH I'D SAID THAT: "Love your enemies—it'll sure make them feel silly."—Craig (Colo.) Empire-Courier.

TODAY'S BEST LAUGHS: "I finally found a girl who has everything," reports Roger Price. "That's why she's quarantined."

"It's the sad truth," sighs J. O. Jewett, "—two often the woman who is easiest on the eyes is the hardest on the nerves." That's earl, brother.

KKK Gets Charter From Georgia Court

ATLANTA (AP)—A new Ku Klux Klan organization has been granted a charter in Georgia.

Fulton (Atlanta) Superior Court Judge Claude D. Shaw yesterday signed an order to permit formation of the U. S. Klans, Knights of the Ku Klux Klans.

Attorney for the charter application was Samuel Green Jr., son of the late Dr. Samuel Green of Atlanta, identified as a former imperial wizard of the association of Georgia klans.

The charter for the Association of Georgia Klans was revoked several years ago by Atty. Gen. Eugene Cook.

The charter for the new organization said the nature of the "said corporation shall be to . . . promote a better way of life among its members and to uphold the Constitution of the United States."

High grade optical glass is 99 per cent transparent.

Hollywood Headlines

Strife-Ridden Betty Hutton Returning to TV Tonight

By BOB THOMAS
HOLLYWOOD (AP)—Tonight Betty Hutton climaxes one of the most dramatic comebacks in recent entertainment history.

Three years ago, she feared she had cancer. Two years ago, her film career seemed washed up. Last year, she was reeling from a broken marriage and what she considered a big flop in TV's first spectacular. She announced she was through performing forever.

Few people besides Betty believed her vow.

Now she's happily married and once more getting her career in high gear. Tonight she's starting in her own show on NBC—with Bob Hope and Jimmy Durante for support. "But it's not a spectacular," she emphasized. "Just entertainment."

This is the opening gun for the Betty Hutton revival. After this some TV guest shots with Hope, Durante and Jack Benny, a Chicago night club date and her own half-hour TV series. Movies are in the plans, too, possibly "Bus Stop."

It was once a different story. Her troubles started during the filming of "The Greatest Show on Earth."

"My voice was disappearing," she recalled. "It got to be nothing more than a hoarse whisper. DeMille said it was fine for the characterization; he liked it. But I couldn't sing!"

"I went to a doctor and he told me I had a couple of growths on my vocal cords. He said he couldn't tell whether they were malignant or not. He thought they should come off."

"I put it off as long as I could."

When I couldn't speak at all, I agreed to the operation."

She remembered the nurse announcing the growths were not malignant.

"When I was making 'Somebody Loves Me,' I started losing my voice again," she said. "The doctor said the growths had returned."

A second operation was performed. She came through it all right, she said, knocking on wood.

The anguish over her health added to her other problems—the lack of movies for her, the breakup of her marriage to dance director Charles O'Curran.

She found out that only she could bring herself back. Now happily wed to record executive Alan Livingston, she has decided that the show world is for her after all. She's busting to wow 'em once more.

Circus Elephant Gulps Trouper's Passport Papers

BRENNERO, Italy (AP)—"I tell you, I had a passport, but the elephant ate it!"

That's what Leopold Stovecek, 30, of Vienna, told frontier guards in the Brenner Pass.

Guards let him continue his journey to Vienna, when other members of the Togni circus troupe bore out his story. Stovecek, an acrobat, left his passport on a table near the elephants, four days ago in Rome. Other troupers insisted it was true: An elephant reached out its trunk, scooped up the passport, and swallowed it.

It's Just One Trouble Right After the Other

PHOENIX, Ariz. (AP)—"Here we go again," sighed Louis W. Nigge-man of the Fireman's Indemnity Fund Co. as he passed out reward checks of \$842.86 each to seven smiling people who helped catch two Albuquerque, N. M., bank robbers last year.

He had just received a telegram yesterday that another Albuquerque bank had been robbed of \$47,655.

Firemen's insures both banks.

Spark plugs must give from 1,000 to 2,000 sparks a minute in 1,500 degree temperature and also withstand explosive pressures as high as 500 pounds to the square inch.

16 to Go After Richest Purse in Turf History

Two Added Entries Up Garden State Value to \$258,370

CAMDEN, N. J. (AP)—The value of the world's richest horse race, the Garden State—stood at \$258,370 today as a result of a pair of \$10,000 supplementary entries from California and Florida.

Late nominating fees for Saturday's feature at Garden State were paid by comedian Lou Costello for California thoroughbred Bold Bazooka and 2-year-old Florida-bred Needles, a good bet for the favorite spot in the big field.

Needles, son of Ponder and Noodle Soup, owned by Jack Dudley and Bonnie Heath, has won \$100,000 thus far including the Sapling at Monmouth and the Hopeful Stakes at Saratoga. He ended a Polly's Jet is also entered in the and five straight for Decathalon, the two favorites in the Sapling. Polly's Jet is also entered in the Garden State.

A total of 16 that may go post-ward in the mile and a sixteenth for 2-year-olds would produce an unprecedented winner's share of \$164,703.50. Twelve starters were counted for certain in the third running of the 1955 juvenile championship event with five other strong possibilities.

Calumet Farm may surprise with East Gate after an impressive showing in yesterday's third race at Garden State.

Besides Needles, Polly's Jet, and Bold Bazooka, the sure starters are Career Boy, a C. V. Whitney entry; Maine Chance Farm's Gun Shot; Espee representing Jaclyn Stables; Nail, owned by Mrs. A. Bligelow; Brookmeade's Lawless; Mrs. J. R. H. Thouron's Happy New Year; Elmendorf Farm's Prince John, Call Me Lucky and Nan's Mink.

Other possibilities include Mrs. Walter M. Jefford's Singer; Nadobah, Jean Baptiste and Busher Fantasy.

'Little Mo's' Case Goes to Jury Today

SAN DIEGO, Calif., Oct. 24 (AP)—The \$265,000 leg-injury damage suit brought by Mrs. Maureen Connolly Brinker, former women's tennis champion, against a concrete company goes to a superior court jury today.

Attorneys completed their final arguments Monday and Judge Cyrus Monroe finished giving all but one of his instructions to the jury.

Mrs. Brinker testified her tennis career, including professional plans was wrecked when a concrete company truck brushed her off her horse July 20, 1954, breaking her leg.

Masters Proud Father

EAST LANSING (AP)—Norm Masters, regular left tackle for Michigan State's football team, became the father of an 8-pound, 10-ounce baby yesterday. Masters and his wife both are senior students from Detroit.

Terps Shove Michigan Off Top Spot

By THE ASSOCIATED PRESS
In a move that practically guarantees top billing for the Orange Bowl game New Year's Day, Maryland and Oklahoma today jumped to the top among the nation's college football powers in The Associated Press poll.

The two unbeaten giants, safe bets to represent their respective Atlantic Coast and Big Seven Con-

ferences in the Miami, Fla., stadium next January, stand almost shoulder to shoulder after stepping past Michigan in this week's rankings.

Maryland (6-0) has the top spot. But the Terrapins collected just 9 more first place votes than Oklahoma (5-0) and tallied only 30 more points than the Sooners in the balloting.

On the basis of 10 points for first, 9 for second, etc., Maryland wound up with 1,599. Oklahoma had 1,569.

Michigan, rated No. 1 for two weeks, managed to lure only 39 sportswriters and sportscasters who cast ballots. The Wolverines (5-0) piled up 1,433 points for third place.

Ignoring the intangibles of Big 10 Conference competition, the experts ruled Michigan's come-from-behind 14-13 decision over previously unimpressive Minnesota last Saturday an unbecoming performance for the No. 1 team in the nation. They found Maryland's 34-13 pasting of Syracuse and Oklahoma's 56-21 thumping of previously unbeaten Colorado more in the

style of a national champion. Navy (5-0) stayed at No. 4 while Michigan State, UCLA, West Virginia and Auburn moved up as Duke tumbled from 5th to 17th after being dumped by twice-beaten Pittsburgh. Notre Dame, 11th last week, regained the Top 10 in the No. 9 berth. Southern California stayed at No. 10.

Michigan State and UCLA, while beaten once, each topped undefeated West Virginia by healthy point margins. MSC, though beaten by Michigan, knocked off Notre Dame. UCLA hasn't had a battle since losing to Maryland 7-0.

Only one battle of the powers looms this weekend—sending Navy against Notre Dame at South Bend, Ind. Maryland (vs. South Carolina) Oklahoma (vs. Kansas State) have little to fear.

Michigan, however, is hooked up in another Big 10 test. The Wolverines, without All-America end candidate Ron Kramer for the third week, meet Iowa, battered 33-13 by UCLA last weekend.

Michigan State meets Big 10 foe Wisconsin, UCLA plays California, West Virginia vacations at Milwaukee against Marquette, Auburn meets Tulane and Southern Cal plays Minnesota.

U. S. Servicemen Rank 7th in Pentathlon Competition

MACOLIN, Switzerland (AP)—The modern pentathlon world championships turn to the swimming event—next to last test on the program—today with Hungary, Switzerland and Russia well ahead of the United States in the team standings.

The five-event competition among the military athletes from 17 nations shows the U.S. team in seventh place after an unexpected failure in the shooting event yesterday despite the fact Lt. Edgar O'Hair of San Antonio, Tex., won the individual championship.

O'Hair piled up 980 pentathlon points, giving him a tie in the shooting test with Hungary's Istvan Szondi. But the Texan was awarded the title on the basis of his superior string of bulls eyes.

As a team, the United States collected on 2,300 points in the shooting while Hungary and Russia tied for first in the event with 2,580.

Sauer Supported by Co-Captains

Baylor Team Leaders Say They Will Handle Any Further Trouble

WACO, Tex., (AP)—Captains of the Baylor University football team said last night in the wake of disciplinary action against five players for breaking training that any further trouble along this line would be dealt with by them.

The captains, end Henry Gremminger and halfback Weldon Holley, held a meeting of the squad after Coach George Sauer had kicked the five players off the team and took up their athletic scholarships.

The meeting was closed but the two captains said afterward that the law had been laid down—that there would be no more rules infractions by the team this season.

Lady Elks Bowlers Talk Over New Loop

Organization of a Wednesday afternoon bowling league, to operate on the new Elks lanes, this winter will be discussed at a meeting Wednesday at 1:30 p.m. Peg Bender, handling the preliminary matters says it is hoped to get the circuit in operation very soon. All lady Elks interested in such a league, are invited to meet at the Elks lanes Wednesday.

OCSC Holds 'Plaid Shirt' Night, Oct. 26

Do Bartlett Named Speaker for Annual Affair

Arrangements have been completed for the annual OCSC "plaid shirt night," a pre-deer hunting season fixture. Event is set for Oct. 26 at the clubhouse at Waterford, with Do H. Bartlett of the state conservation department's deer investigation division the speaker.

Bartlett is expected to report on conditions of the state's herd at the moment, and perhaps answer some pertinent questions affecting Michigan's deer.

Plans for the big annual hunters' roundup banquet, Nov. 3, also will be discussed at this time. Dr. P. B. Jones and Frank Ketchum are co-chairmen.

Why pour money into your radiator all winter?

Take advantage of PURE's
Guaranteed All-Winter
Anti-Freeze Protection...
You pay for one fill

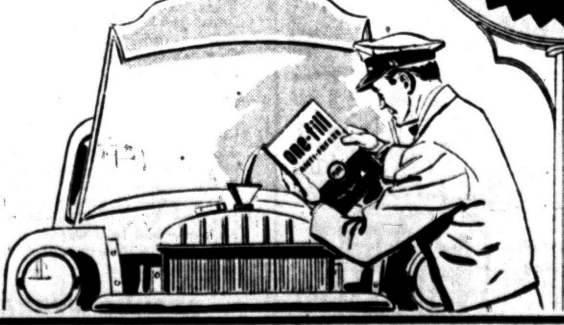

...that's all!

No charge for any refills needed to keep your anti-freeze at original strength all winter long

Drive in now. Your Pure Oil dealer will check your cooling system to make sure there are no mechanical defects and that all hose connections are tight. Then he'll add the right amount of PURE ONE-FILL Anti-Freeze for this climate. From that moment on, you need never pay another cent for anti-freeze all winter long. If any replacements are needed, he'll add them without charge.

...but ACT NOW!
Be Safe With the ORIGINAL Guarantee Plan

Another reason to
Be sure with Pure

There's always something new and better at your Pure Oil dealer's.

Federal Actions Boost Grains

CHICAGO (U) — Grains advanced in response to several bullish items, largely stemming from government actions, on the Board of Trade today. The upturn was not accompanied by any increase in trading activity.

Soybeans were up the most at the start, reflecting a sharp jump in soybean oil futures. Wheat gained more than a cent. Feed grains and rye made more modest forward progress. Gains were reduced but not eliminated as trading progressed.

Wheat near the end of the first hour was 1/4 to 1/2 higher, December \$1.99; corn 1/4 to 1/2 higher, December \$1.25; oats unchanged to 1/4 higher, December 62 1/2; rye 1/4 to 1 cent higher, December \$1.08; soybeans 1 to 1 1/2 higher, November \$2.33, and last 20 to 27 cents a hundred pounds higher, November \$11.10.

Israel Wants Arms From World Powers

JERUSALEM (U) — Israel is demanding that the big powers supply her with arms to defend herself against rising threats of a Middle East war.

At the same time Syrian newspapers have called for decisive action by Britain and the United States against Israel because of "continued Israeli aggression."

The latest Israeli demand for arms aid came from the Jewish national's Knesset (Parliament). All political parties except the Communists supported a resolution declaring "grave concern" over Egypt's cotton-for-weapons agreement with Czechoslovakia, and the continued arming of Iraq by Britain.

"These shipments of weapons, which are a most serious threat to the security of Israel, will be used by Israel's enemies in a war of destruction against her and endanger the peace of the whole area," said the resolution.

'Bleeding' Mess Sends Britons Out on Strike

SWINDON, England (U) — Is "bleeding" a swear word in Britain, just like its relative "bloody"?

No, says June Woodward, who says the management of the Plessey Engineering Co.

So now 300 workers are on strike. June, a 17-year-old employee of the company, admits she referred to the "bleeding clerks" when her pay envelope was short 5 shillings (70 cents).

Her boss called it cussing and fired her. Her workmates agreed with June that it wasn't and walked out.

"The company said it may not be regarded as a swear word in London but that it is a swear word in Swindon," June told newsmen.

'GOP Saved \$1,000 for Every Family'

GRAND RAPIDS (U) — Rep. Gerald R. Ford Jr. (R-Mich.) said yesterday the Republican administration in the past three years has saved \$7,000 for every family of four in the United States.

He said the federal government spent \$36 billion less than it would have if the policies of the preceding administration had been continued. Ford credited Republican streamlining in all branches and services.

"The Army's standardization of tank parts will save taxpayers \$560,000 in the next 10 years," Ford said. He added the Bureau of Engraving has cut operating expenses by an estimated \$1,350,000 a year starting this Nov. 1.

He said the Department of Defense sales of surplus, obsolete and worn out materials in the fiscal year 1955 totaled \$143,000,000.
