

# Halt Milk Deliveries in Pontiac Area

## Drive Against Vice Unceasing—Straley

Pontiac Police Chief Herbert W. Straley today said he has insisted on a strict policy enforcement against vice during his seven-year reign as head of the department.

Straley's comment came on the heels of a report by the head of the vice squad, Detective Richard Evans, in which Evans told Public Safety Director George D. Eastman, "I am unable to explain a policy where there is no policy."

Evans' report charged that vice conditions in the city are "deplorable" and that gambling, narcotics and prostitution operations are wide open.

Straley said he has often told officers there was never to be a letup in vice enforcement.

"I didn't write out any directives on it," the chief said. "I spoke to the officers verbally and time and time again stressed that we must enforce the law as it should be enforced. Written communications have a way of getting shelved."

Perhaps a lack of communication existed between uniformed patrolmen and vice officers, he said. It has been reported that uniformed patrolmen have complained that their observations on vice conditions were reported to superior officers, but that in many instances no action was taken.

"If this is true," the chief said, "the superior officers have been lax and negligent and should be taken to task."

Straley denied that he made assignments to the vice squad for disciplinary reasons. He said the claim was made by "persons trying to create a disfavorable atmosphere in the department."

Asked of the possibility of police officers leaking information to vice interests, Straley said, "I won't talk about that—I don't care to talk about it."

One Pontiac patrolman, Jess W. Quick, 43, is awaiting examination on charges of bribery and conspiracy to obstruct justice. Quick is accused of trying to bribe an officer to supply advance information on future vice raids.

"There's always that danger in any department," Straley said. "A small favor from a criminal may eventually reach the point where a police officer feels he is obligated."

Few raids on organized and syndicated vice operations have been conducted, Straley said, because of the complicated nature of the operation.

"There's a lot of work to be done in cases of that type," he said. "Commercial vice interests try hard to learn when an investigation is on, and the walls have ears. These people have their spies and observers hanging around police departments."

He said that many times the vice detail has been on the verge of cracking a ring, only to have the culprits fold up operations and disappear.

Size of the vice detail was increased from five to seven persons after State Police conducted a raid on a horse-bet ring Aug. 29, Straley pointed out.

"With the small amount of men working on vice, we've kept it pretty well under control," Straley declared.

"When vice goes down, the crime rate goes down, and that's what happened in Pontiac," the chief stated.

Eastman three weeks ago, took charge of the vice squad when he relieved Straley of command in the department.

## He May Run for Mayor

NEW YORK (AP)—Rep. Adam Clayton Powell (D-NY), top Negro political leader in New York City, says he is thinking about running for mayor.

## De Gaulle Rules France Today Without Dispute

Reds Blitzed, Routed in Election; Leaders of 4th Republic Ousted

PARIS (UPI)—Premier Charles de Gaulle ruled today as France's undisputed strong man, swept to a pinnacle of power and prestige by a tidal wave of votes in run off elections yesterday for parliament.

In doing so the nearly 20 million French voters:

1. Blitzed and routed the once powerful, Moscow-controlled French Communist Party, turning it into a tiny, impotent group that can no longer sway French parliamentary politics.

2. Ousted in a mass wave of national contempt the men of the Fourth Republic whom they blamed for dragging France to the brink of civil war. Former premiers and cabinet ministers were dumped in wholesale lots.

3. Elected a parliament in which De Gaulle was ensured of a crushing majority backed by the rightwing and military elements who raised him to eminence in a near-revolution last May.

This was the third straight massive confidence vote for De Gaulle in two months. He is expected to get an even bigger edge on Dec. 21 when 100,000 "grand electors" meet to name a president with greater powers than modern France has known. De Gaulle is the overwhelming favorite.

## 17 More Inches of Snow Keeps Petoskey Busy

PETOSKEY (AP)—New snow totaling 17 inches since Friday kept Emmet County road crews on continuous operating basis today. They reported success in the battle to keep school bus routes open.

Steady operations resulted in a breakdown of two of the county's four snowplows last night. Petoskey's only snow-removal machine also went out of commission last night.

Maintenance men expected to have the equipment repaired later today, anticipating more action with the light, fluffy snow if winds increase. Drifts up to six feet plugged some county side roads Saturday.

Some rural mail carriers reported they were unable to complete their routes.

School officials in neighboring Charlevoix and Cheboygan Counties reported bus routes open despite an estimated 14 inches of new snow since last Friday.

## U.S. Reacts to Reports Russia Flying One Atom Plane Gets Push

WASHINGTON—A key senator has promised that U.S. scientists will get all the funds they need to put in the air an atom-powered airplane, a feat which one report says Russia already has achieved.

Chairman Dennis Chavez (D-NM) of the senate military appropriations subcommittee, declared yesterday that Congress would give President Eisenhower all the money he wanted to build such a plane.

He made the pledge shortly after Aviation Week magazine reported that the Soviets are flying the world's first nuclear-powered aircraft, a huge experimental bomber, and may be planning to fly it several times around the world non-stop.

Some Defense Department officials said there appeared to be "some element of truth" in the story. But they added they would have to study it thoroughly before they could say for sure.

However, a top Pentagon official may already have paved the way for an official announcement of the reported Soviet advance.

Maj. Gen. Donald J. Keirn, chief of the U.S. Atomic Plane Project, said Nov. 20 that he would not be surprised if Russia had a nuclear plane airborne before the end of this year.

Aviation Week said the Russian success gives them a four-year lead over the United States.

The magazine said the Soviet bomber was completed six months ago and has been flying in the Moscow area for at least two months.

SAW TEST FLIGHT  
Its test flights there have been watched by observers from both Communist and non-Communist countries, the magazine added.

The nuclear-powered plane is a military prototype, not just a conventional plane fitted with an experimental nuclear power plant for test purposes, the report said.

The nuclear power plant was described as the simplest kind of an atomic engine, a direct air cycle design similar to that being developed by this country.

Such an engine is like the ordinary turbojet engine except that a nuclear reactor replaces the combustion chamber to provide the heat which furnishes the power.

Nearly three years ago, in January 1956, this country first used a nuclear reactor to provide the heat for a turbojet engine.

The Atomic Energy Commission said tests of the laboratory model at its eastern Idaho testing station demonstrated the feasibility of the engine, designed by the General Electric Co. at Evendale, Ohio.

No airplane has yet been built to go with the engine, although work on design studies have been under way for several years at Convair's Fort Worth, Tex., plant and at Lockheed's facilities at Marietta, Ga.

## Dairy Trucks Idled at City Creamery

MILK FLOW HALTS — Idle trucks at Detroit Creamery testify to the complete halt of milk deliveries to Pontiac homes and stores today. In a wildcat strike over the retail store price of milk, truck drivers and plant production workers stayed off the job today, idling all of Pontiac's milk processing plants.

## Big Year Forecast for Auto Industry

NEW YORK (AP)—Dun & Bradstreet today predicted continued business recovery next year paced by a strong upturn in automobile production.

"Spurred by a marked rise in the automobile industry, total physical industrial production will move up substantially in the next few months," the agency said in a study by its business economics department.

After this rise the rate of expansion will slacken "somewhat," the agency said.

Pre-recession peaks will be matched during the first six months of 1959 and a general business rise then will level out, Dun & Bradstreet said. It said nothing of boom proportions is in sight.

The report said much of the increase of the first six months of 1959 will follow from a rise in manufacturers' new orders. It said these in turn will reflect a "slow but steady improvement" in capital spending and consumer buying.

Consumer buying, the report said, will be spurred by record levels of personal income. It said this trend will be of particular benefit to manufacturers of home appliances, furniture and cars.

Employment will increase but won't reach its former peak until the second half of 1959, according to the prediction. The forecast said that unemployment will continue higher than it was before the recession.

## 3 Die, 2 Injured as Car Hits Tree

Troy Mother, 2 Children Killed on Way Home From Church

A Troy mother and two of her children were killed Sunday returning from church as their auto skidded out of control and hit a tree.

Two other children in the auto were critically injured. Dead are: Mrs. Marion R. Mach, 30, of 5570 John R Rd.; her son, Eric, 7; and daughter Claudia, 3.

Also injured were Janet, 10, and Karen, 8. St. Joseph Hospital listed Janet in "poor" condition and Karen in "critical" condition this morning.

Troy Police said Mrs. Mach was driving north on John R. just south of 17 Mile Rd. when her auto apparently went out of control on the slippery pavement.

There were no witnesses to the accident but skid marks showed the Mach auto skidded sideways off the road and struck a tree to the right.

The mother and son were pronounced dead at the scene by Oakland County Deputy Coroner Dr. J. Donald Green, of Birmingham. Claudia was dead on arrival at St. Joseph Mercy Hospital at 1:45 p.m.

The five were returning home from attending mass at Guardian Angel Church, in Clawson. The woman's husband, Floyd, was at home with a younger son.

## Packers Pick Duncan

PHILADELPHIA (AP)—The Green Bay Packers made Iowa's quarterback Randy Duncan the No. 1 choice in the annual National Football League's player draft today.

The Detroit Lions took Notre Dame's fullback, Nick Pietrosante.

## Wildcat Strikes Intended to Hike Store Prices

Dairy Workers, Drivers Fail to Show Up for Work This Morning

By PETE LOCHBILER  
Milk deliveries to homes and stores were halted in the Pontiac area today by a work-stoppage by dairy workers and drivers.

Wildcat strikes, apparently aimed at forcing the retail store price of milk into line with the delivered price, hit dairies from Detroit north to Bay City and Saginaw.

There was no immediate indication of how long the strikes would last.

Milk ceased to flow here as process workers failed to show up at the city's major and minor processing plants at midnight.

Approximately 100 route salesmen failed to report to work at the city's two major creameries, Borden's and Detroit Creamery, at 6 a.m. to pick up milk for home delivery.

Some picketing was reported at the Detroit Creamery milk division plant, 408 Auburn Ave., between 7 a.m. and 10 a.m.

Two independent dairies, Nye and Mapleleaf, were also closed in the same way, but small independent dairies without union employees were still operating.

Twin Pines deliveries were also halted. Police reported three or four cars of men at the Twin Pines depot at M59 and Elizabeth Lake road early today, apparently stationed there to prevent route salesmen from picking up milk from tankers out of Detroit.

But no route salesmen or tankers showed up.

The Pontiac shutdowns affected homes in a wide area around the city, as far as Ulica to the east, Birmingham to the south, and Walled Lake to the west.

## DELIVER TO HOSPITALS

Although all home, store and school deliveries were halted, milk was delivered today to Pontiac General Hospital by Nye Dairy and to St. Joseph Mercy Hospital by Nye, Borden's, Mapleleaf and Detroit Creamery.

Some Pontiac schools were obtaining milk by picking it up themselves at the strike-bound dairies.

Carl F. Burger, spokesman for the Detroit Milk Producers Assn., said he had been unable to contact union officials.

Burger said the producers have had no labor trouble. He said the Association has a no-strike clause in its contract with the Milk Drivers Union Local 83.

The strike, called unexpectedly by union leaders, cut Detroit area deliveries to a trickle.

Strike leaders said 1,500 of the Detroit area's 2,000 drivers went on strike with the backing of workers who process milk at dairies.

A spokesman for United Dairy Workers Local 83 said most of the rank and file members in the Detroit area joined in the work stoppage and that members of Teamsters Local 155 here were refusing to deliver milk.

Drivers for Twin Pines voted to make deliveries. But their deliveries were delayed because booting strikers from other dairies ringed Twin Pines plants and milk depots.

Twin Pines is a co-operative whose drivers own their milk routes.

John H. Stewart, Twin Pines president, said the company's drivers support the principle of the strike but did not want to go along with the strikers "because our men could not see anything to be gained from striking."

The retail price for milk here has been varying 2 to 5 cents per quart between store-sold and home-delivered milk.

Deliverymen have been charging customers 24 1/2 cents per quart for the first 30 quarts each month, then taking 3 cents off each quart for the rest of the month's supply.

Spokesmen for the strikers said most dairies pay deliverymen about \$30 a week plus commissions based on sales of dairy products. They said price cutting in stores has cut off most of the commissions for many drivers.

Strikers made no effort to halt bulk milk coming into Detroit from farms but producers said dairy firms were cancelling orders pending (Continued on Page 2, Col. 7)

## Mercury to Drop to 15 Tonight, Snow Expected

November's closing Sunday left its mark on Pontiac residents by dropping to four degrees above zero, the coldest temperature on record since last winter, when on Feb. 18 the thermometer registered a low of two above.

Partly cloudy and colder with scattered snow flurries is the weather man's outlook for tonight. The low will be near 15.

The sharp drop to sub-freezing daily high temperatures began Nov. 26 when a reading of 29 was recorded, as compared to a moderate 50 for Nov. 25. Prior to the 26th, the city's high temperatures had been hovering in the 40 and 50 degree range.

Tuesday will be partly cloudy and cold with a high of 22 expected.

This morning the Automobile Club of Michigan reported the major roads in the southern half of the state are clear but side roads remain slippery and snow covered.

In an extended forecast the U.S. Weather Bureau predicts temperatures will average near the normal 34-38 high and 20-27 low for the next five days with a gradual warming trend to be noted. Light snow or snow flurries are possible.

In downtown Pontiac the lowest temperature recorded preceding 8 a.m. was 15. At 1 p.m. the temperature downtown was 27.

## Lost in North Woods, Woman, 57, Found

ROSCOMMON (UPI)—A 57-year-old woman who became lost while deer-hunting in the heavily wooded area near Higgins Lake, was found by searchers early this morning.

Mrs. Rose Nill, of Grayling, was suffering from exposure and shock, but otherwise appeared all right. She was taken to Mercy Hospital in Roscommon for treatment.

Mrs. Nill was found by four men of a group of 40 police and volunteers who searched for her through the night after she failed to return to the American Legion Camp on U.S. 27 where she and her husband, Lee, were staying while on the hunting trip.

## Famed Explorer Dies

FRAMINGHAM, Mass. (AP)—Sir Hubert Wilkins, famed explorer of the North and South poles, was found dead today in his hotel room. He was 70.

The stack of letters to Santa Claus delivered to The Pontiac Press for forwarding to the North Pole is growing daily, as Christmas draws nearer.

Santa called long distance the other day to say that he had received the letters we've mailed on to him by special reindeer messenger service, and he is working hard to fill all the orders.

The jolly old gentleman asked us to remind kiddies in the Pontiac area to hang their stockings with care, and mind their behavior for the next few weeks.

The Press will continue to forward letters to Santa and will publish the names of the writers from time to time.

Letters have been received from:

# Ike Pledges Berlin Aid

## Says Big Three Safeguard Sure

Reassures West Zone as East Sector Hears Boltz 'No Pact' Talk

From Our News Wires

AUGUSTA, Ga. — Communist threatened West Berlin has a new pledge from President Eisenhower that its freedom will be safeguarded by the United States.

The pledge that the United States intends to meet that responsibility, shared by Britain and France, was reaffirmed by the President after he and Secretary of State Dulles discussed the Berlin situation at an hour-long conference Sunday.

They talked at the Augusta National Golf Club as Eisenhower made plans to end his working vacation Tuesday and fly back to Washington. His 13-day visit started Nov. 20.

In a brief statement after the meeting Dulles said: "The President reiterated our government's firm purpose that the United States will not enter into any arrangement or embark on any course of conduct which would have the effect of abandoning the responsibility which the United States, with Great Britain and France, has formally assumed for the freedom and security of the people of West Berlin."

That in effect was a fresh rejection of the Soviet Union's Thanksgiving Day proposal for creation of a demilitarized "free" city of West Berlin. Moscow at the same time declared void the four-power occupation agreement for Berlin which was reached after World War II.

In Berlin East German foreign minister Lothar Boltz today denied agreements exist giving the western powers the right to travel to isolated Berlin.

Boltz in a speech to an East Berlin meeting of the national council of the Communist-run "National Front," went far beyond previous eastern statements questioning western use of air and land routes through East Germany in six months when the Soviet abrogate four-power occupation agreements.

He said no agreements on use of the lifelines to the West ever were made and none exist now.

"Berlin was a part of the Soviet occupation zone and today is a part of the German Democratic Republic," he said.

West German Chancellor Konrad Adenauer today held one of his rare meetings with political enemy, Socialist Erich Ollenhauer, to discuss the Berlin situation.

They met in Bonn while a U. S. military train running to West Berlin was delayed for an hour by what Communist East German officials called a broken rail.

The U. S. Army accepted the Communist explanation — mindful that the incident was similar to those used by the Soviet Union before imposing the 1948-49 blockade of West Berlin. At that time, all land routes to the isolated city were closed for "technical reasons."

## Icy Chill Hits Deep in Dixie Cold Gripping Northeast

The season's coldest weather blanketed the Northeast and sent an icy chill deep into the South today. The Midwest got a brief

## Heavy Snow Sends Death Toll Soaring

National Holiday deaths  
Traffic 432  
Fires 48  
Miscellaneous 113  
Total 593

By The Associated Press

The nation's observance of the long Thanksgiving weekend was marred by a heavy death toll in violent accidents. As usual, traffic was the No. 1 killer.

The season's first major snowstorm was regarded as a big factor in a number of deaths on the highways. The cold weather also added to the number of violent deaths as a series of destructive fires took the lives of several persons, including many children.

LANSING (U)—Eighteen traffic deaths over the long Thanksgiving holiday weekend jumped Michigan's November highway death toll to 150—highest for the month in three years.

There were 134 traffic deaths in November a year ago and 145 in the same month of 1956. The November, 1955, toll was 208.

Snow-slicked roads were blamed for at least six of Michigan's 18 traffic deaths over the long Thanksgiving holiday weekend.

But the toll was down, compared with a similar, but non-holiday period two weeks ago.

The Associated Press holiday deathcount began at 6 p.m. Wednesday and ended at midnight Sunday.

The holiday traffic death toll was only about half that for a comparable period two weeks ago when the Associated Press tallied 33 traffic deaths.

It also was under the toll for short weekends in November. A week ago Michigan had 19 traffic deaths between 6 p.m. Friday and Sunday midnight. Twenty-four died in traffic over a similar period the previous weekend and 22 the weekend before.

BELOW AVERAGE  
Although the traffic death toll for the 102-hour period from 6 p.m. (local time) Wednesday to midnight Sunday was high, it appeared the total was below the average for a comparable period.

No preholiday estimate of the traffic death toll was made by the National Safety Council but it said that 470 deaths on the highways could be expected in a 102-hour nonholiday weekend at this time of year.

The nation's traffic toll last year was 38,500, an average of about 105 a day. The Associated Press, for comparison purposes, made a survey in a 102-hour non-holiday weekend earlier last month and counted 394 traffic deaths.

FIRE KILLS 32  
Other violent deaths for the period showed 32 in fires and 121 in miscellaneous accidents, a total of 153.

Blizzard-like weather gripped the state over the Thanksgiving weekend, making motoring hazardous throughout the state. Figuring in the traffic deaths were 11 single-car accidents, two collisions involving more than one car and three train-car collisions.

## De Gaulle Emerging Stronger Than Ever

(Continued From Page One)

De Gaulle in the driver's seat backed by a parliamentary majority such as this nation has seldom seen.

The voting began last Sunday to elect 465 deputies in metropolitan France and 10 in the overseas department. Because only 39 candidates won the necessary majority, run off elections were held yesterday with candidates needing only a plurality.

Three days of voting in Algeria to elect 71 candidates was expected to swell De Gaulle's parliamentary strength. Ten more delegates were being elected in overseas territories.

BITTER VOTE  
If the vote was a smashing defeat for the Communists it was a bitter vote of no confidence for the former deputies who snarled French politics from the day the Fourth Republic began after World War II.

Only 146 former deputies were re-elected; 338 were beaten and 58 did not run for re-election.

Among those going down to defeat were two former premiers, a dozen cabinet ministers and two of the Communist Party's big guns in the old National Assembly.

Roger Duchet, independent party leader and a De Gaulle backer, said "They were atomized."

Former premier Edgar Faure and white goateed Socialist Paul Ramadier were defeated yesterday. Former premiers Pierre Mendes-France and Joseph Laniel were knocked out a week ago. Former premier Edouard Daladier quit after the first ballot because his defeat was certain.

## Nurses Start New Line—Learn to Fight Fires

ATHOL, Mass. (UPI)—Nurses at Athol Memorial Hospital have begun a new course of study, under brand new instructors.

The girls in white, armed with extinguishers, will learn to fight fires. Athol Fire Chief Mervin L. Perley and Deputy Fire Chief Edmond Tetreault of neighboring Greenfield will direct the course for hospital authorities.

## London Sunny at Last

LONDON (U)—The sun shone on London today — first time in 15 days.

## Townships Planning MSUO Community

A planned university community is the goal of a unique program being studied by officials of Pontiac and Avon townships for a 22-square mile area surrounding the Michigan State University Oakland campus.

The university community project will be, to a major extent, the primary responsibility of local citizens, according to D. B. Varner, MSU vice president in charge of off-campus affairs and chairman of the coordinating committee.

"This responsibility includes making an inventory of the present area, analyzing the inventory in terms of trends and the present development of the community, and ultimately making projections for the future plans of the community," he said.

Serving on the coordinating committee with Varner are Leroy Davis, Pontiac Township supervisor; Delos Hamlin, chairman of the Oakland County Board of Supervisors; C. E. Miller, Avon Township supervisor, and Harold A. Fitzgerald, publisher of The Pontiac Press.

To assist in carrying out the program, the help of staff members of the MSU Institute for Community Development and Services has been enlisted. Robert H. Hotelling, a specialist in urban planning from the institute, has been appointed study director by the committee.

In addition to the five-man steering committee, six working committees composed of 30 citizens are involved in the study. Each of these committees will be asking other citizens in the university community to assist in the study.

The university community will include the areas bounded on the north by Dutton road, on the east by Livernois road, on the south by the Grand Trunk railroad and Auburn road, and on the west by the proposed Walter P. Chrysler expressway, presently planned to be located in the vicinity of Opdyke and Lapeer roads.

Immediate pressing problems, resulting from the location of MSUO and other development trends in the area, are those of land subdivision, sewage disposal, and traffic circulation.

## New customer endorses Capital Viscount smoothness

Even little ones who fly before they walk gurgled their appreciation of the Capital Viscount. The four Rolls Royce jet-powered engines are so quiet you can hear a safety-pin drop. Vibration-free and wonderfully smooth, this is the most restful way to go anywhere. Call your travel agent or Capital Airlines at Cedar 4-2694.

## Moore's Group, Governor to Talk

To Discuss Emergency Plans for Mentally Ill at Dec. 3 Meeting

Gov. Williams is scheduled to meet Wednesday with the committee of probate judges, headed by Oakland County Judge Arthur E. Moore, seeking emergency steps to ease the lack of hospital facilities for the mentally ill.

The meeting is scheduled for 2 p.m. in the Union Building on the Michigan State University campus in East Lansing.

Judge Moore arranged the meeting with the governor after his committee at first received a thumbs down from the State Mental Health Commission on its suggested steps to ease this problem.

However, the commission delivered the first bit of good news to Judge Moore's committee shortly afterwards when approval was given to the use by mental patients of excess beds in state tuberculosis sanatoriums.

In order for this to take place, the Legislature must approve it, according to a letter from the Governor to Judge Moore. "Necessary legislation is in the draft stage," promised Williams.

Encouraged by this assurance, the committee will discuss with Williams and the Commission what will be the next step in finding space for some 500 persons seeking admission to institutions in the state.

Judge Moore will be armed Wednesday with a 10-point agenda of suggestions from the committee on how this could be done.

Major theme of the recommendations hinges around a proposal to return many patients, "whose primary problem is not psychiatric care but arises through senility, medical or physical infirmity and need of custodial care," to the counties for further care.

## 3 Hurt as Cars Collide at Maple, Middlebelt

Two Detroiters and a Birmingham man were injured in a two-car collision Sunday morning at W. Maple and Middlebelt roads. West Bloomfield Township, according to Pontiac State Police.

Both drivers, Al Matthews, 49, of 2224 Blaine St., Detroit, and Harold Roberts, 46, of 5050 Maple Rd., were taken to St. Joseph Mercy Hospital. Matthews was described in fair condition with chest injuries today. Roberts was treated and released.

A passenger in Matthews' auto, Robert Peoples, 43, of the same address at Matthews, was listed in poor condition with head and internal injuries.

Slippery pavement was listed as the cause of the collision.

## The Day in Birmingham City, Hills Post Offices Set for Christmas Rush

BIRMINGHAM — Postmasters Roland Reese and Wayne Mortimer are marshalling their forces to be ready for the annual rush of holiday mail in the Birmingham and Bloomfield Hills post offices respectively.

Reese said parcels would be received and stamps sold in the Birmingham office from 8 a.m. to 6 p.m. Dec. 8 through 11; 8 a.m. to 8 p.m. Dec. 12 through 19; 8 a.m. to 6 p.m. Dec. 20 through 22; 8 a.m. to 5 p.m. Dec. 23 and 24. Sunday hours will be 10 a.m. to 4 p.m.

An annex has been established at the southeast corner of Coolidge and E. Maple Rds. It will begin handling parcels and stamp sales Dec. 12. Reese said hours would be from 9 a.m. to 5 p.m., and added that the location provides ample parking space for all.

In Bloomfield Hills, Mortimer has started the mounted city routes with mail delivery at each home rather than in sectional clusters along main streets. This will now be a regular service.

He said an annex for the Christmas mail is being set up in the old Kingsley Inn building, but will not be open to the public.

Mailing and stamp purchases will be handled at the main post office on West Long Lake road near Woodward avenue.

Both postmasters urge early mailings and ask that particular attention be made to wrapping parcels and clearly addressing all mail.

Another Birmingham commissioner ill or out of town tonight will put a quick stop to the scheduled meeting. The mayor and mayor pro tem, Carl Ingraham and Harry Denyes, and Commissioner William Roberts are attending the conference of municipal leaders in Boston, leaving only four commissioners for tonight's meeting.

The short agenda includes a request from the Colonial Court Apartments on Colonial court for the construction of an access drive for their tenants.

Police Chief Ralph W. Moxley will recommend continuing the 30 mile per hour speed limit on West Maple avenue until the pavement is widened from Westchester Way to Cranbrook road.

A request was made sometime ago by residents to increase the speed to 35.

Temple 94, Pythian Sisters, will hold a white elephant sale at 8 p.m. tomorrow in the Community House as a part of its regular meeting.

The Oakland County Lincoln Republican Club will meet at Republican Headquarters, 351 N. Woodward Ave., at 8 p.m. tomorrow.

In a normal year Great Britain exports thoroughbred horses, the value sometimes reaching \$14 million.

## Learn How in 3-Week Diet Series

## Teeners Can Have Clear Skin, Fine Figure, Health

**TEENAGERS:** Ruth West's latest diet book, the only one ever written especially for teenagers, is just off the press, and here is the start of a three-week series condensing it for you. If you want to be slim and stay slim and to enjoy health and a clear complexion you should not miss a single installment. The book has been approved by some of the outstanding authorities in this field.

## By RUTH WEST

Have you tried dieting and decided you're the only one in the world with your set of problems?

Cheer up. Here are some questions and answers that will make you feel better.

"Am I somehow different?" No. The fact is you're an American and very much like three out of five other Americans — overweight. We're the second fattest nation in the world, and our fat is our No. 1 national health problem.

At some time in his life, practically every American has to fight fat. Most of your friends who aren't overweight now, will be, sooner or later. So, if you learn how to lick it now, you're ahead!

## TIMES CHANGE

"Why are we fat?"

Well, think for a moment how living has changed in less than a hundred years. From horses and buggies to jets.

As machines move faster, you move less. You spend hours sitting at a desk, in the library, in classes, watching TV, doing homework. Chances are you ride, not walk, most places you're going.

But our cookery, our recipes are still the recipes of America's strenuous early

days, when people walked, worked physically from before dawn to dark, only sat down at mealtimes and a little while before they went to bed.

We grew up as a nation of

pioneers on fatty, starchy food. You and I are caught in the middle of what the sociologists call "a cultural lag." Because nobody has given them new patterns, our mothers are still

following the recipes and cooking procedures of their mothers.

However, at clinics, in hospitals, and in universities such as Harvard, Cornell and Minnesota, the younger people studying this subject are changing all this. But until cookbooks and cookery are updated, you're going to have to take special measures to help yourself.

## WHOSE FAULT?

"Is it my family's fault?" It's nobody's "fault"! But — is your mother a wonderful cook? Does she love to fix you special sweet treats? Did she used to get upset when you didn't clean your plate, finish your milk?

Are one or both of your parents overweight? Then probably their parents were, too.

Were they?

If you've answered "yes" to all these questions, it only means that your family circumstances (as well as the country you were born in) tend to encourage habits of overeating.

"Is there a clue in my past?" Almost certainly. Try to look at your life, your family's life, your own attitudes, as objectively as though you were a psychologist. The first thing you'd do would be to try to discover any special emotional factors that might lie behind the overweight.

What irks you? At school... in your relationship to your brothers and sisters... in your relationship to the parents? Watch for the occasions when you go on eating

"benders" (like exam time, or when you and your best friend quarrel) and see if they give you a clue to the kind of specific "intolerable" situation that sets you off.

Doctors say that a young person will usually give far more honest and intelligent answers than an adult to the question, "Why do you overeat?" And this important self-exploration is a therapy in itself — a step toward a cure.

What qualities will help you most to lick overweight? "The same qualities that are of most help to an adult," says Ann Delafield. "A good healthy vanity and a high IQ."

(Condensed from "The Teenage Diet Book" copyright 1938, by Ruth West, published by Julian Messner, Inc.)

Tomorrow: How to start.

She watched her diet. You can watch yours, too. Follow this series beginning in today's Pontiac Press.

## You May Celebrate Holiday

"Dear Mrs. Post: My husband died quite suddenly two weeks ago and I dread the thought of the coming Christmas season as I know it will be a very unhappy time for me. However, my children are too young to realize the tragedy of their father's death and are looking forward eagerly to Christmas. For their sakes, I would like to make it as gay as possible.

"Will you please tell me how far I can go without being thought heartless by my friends? In other words, would it be proper to have a Christmas tree, exchange presents, etc.?"

Answer: Certainly you may have a Christmas tree for the children and exchange presents and make it just as gay as you can for them. It would be very unfair to them to spoil their Christmas because of your own unhappiness, and I am sure everyone will understand why you are doing it. You would naturally not give any parties for your own friends.

"Dear Mrs. Post: My son is going to be married soon and, although he has many friends, he wants his fourteen-year-old brother to be best man. I think he is too young. What is your opinion?"

Answer: Unless the boy looks several years older than he is, I agree with you he is too young.

"Dear Mrs. Post: A friend and I had lunch together the other day and we both ordered a fresh fruit salad. It was served in a dish lined with lettuce. My friend ate hers with a spoon while I ate mine with a fork. Who was right?"

Answer: You were.

## St. John Church Slates Bazaar, Penny Supper

St. John Lutheran Church will hold its annual bazaar Thursday. Luncheon will be served from 10 a. m. to 1 p. m., with a penny supper from 3 to 7 p. m. Coffee will be served all afternoon.

Chairmen for the affair are Mrs. John Filippi, baked goods, and Mrs. Hans Michelsen, kitchen. Mrs. Thomas Casey is serving on the kitchen committee.

The annual bazaar will be held at St. John Lutheran Church Thursday. Displaying some of the articles to be featured are (left to right) Mrs. L. C. Barner, Mrs. Charles H. Hawn and Mrs. W. W. Edwards.

## Dear Abby

## Voices Buzz Like Angry Bees Over Sack, Chemise, Trapeze

By ABIGAIL VAN BUREN

"DEAR ABBY: Thank heavens somebody had the nerve to say something about the ridiculous new styles we women are being forced into buying. I bought a new outfit and when I put it on to go out my husband took one look at me and said I looked like Cinderella's stepsister with my ruffled buckles, pointed shoes and balloon skirted dress. (He was right, too!)

"He told me if I didn't take it off and put on something sensible he wouldn't take me out. But what are we women supposed to do when we want

a new outfit that LOOKS new?"

## STUMPED

"DEAR ABBY: Our Women's Club met last week and there were about 100 women there. I counted only four women in the chemise, trapeze and sack dresses. Three were pregnant and the other one I am not sure about. I don't think the American women are falling for those silly fashions."

"DEAR ABBY: What kind of a stunt do you think the fashion experts are trying to pull on the American women? I went into one of the most exclusive dress shops in town to buy a new dress. The sales-

lady showed me one horrible shapeless dress after the other, but she herself was wearing a stunning tight-fitting sheath. Naturally, I bought nothing, but went home and got out last year's dress."

## NO FOOL

"DEAR ABBY: I work for a large concern which employs many females. Most girls who wear the sack type dresses look positively terrible and the few who look good in them would look much better in something else."

## ONE MAN'S OPINION

"DEAR ABBY: When my chum and I feel like we could use a good laugh we go into a store and try on the latest dresses. We never buy anything, but, boy, do we have a good time!"

## ESTHER

"DEAR ABBY: Since you had the courage to come out and declare yourself anti-new styles, why don't you organize a club for all the women who feel the same way? There's strength in numbers and may-

be we can get the fashion dictators to wake up and put something on the market that will make us look like women again. We could call it the W.W.F.S. (WOMEN WEAR FREAKISH STYLES) and simply refuse to buy anything that is not becoming to us. How about it, Abby?"

## RUTH A.

DEAR RUTH: Wonderful idea! Any woman wishing to protest the new styles is eligible to join Abby's W.W.F.S. postcard with your name (or initials) and you automatically become a member.

CONFIDENTIAL TO "PLEASELY PLUMP": Men like chemises like childhood diseases.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

## Sa-Shay Club Meets

Sa-Shay Quadrille Club met Friday evening at Elks Temple. Burnell McAllister was master of ceremonies.

BILLIE J. WILLIS

Announcing the engagement of their daughter, Billie Jean Willis, to Larry Bradford are Mr. and Mrs. Luke Willis of Devondale street. Parents of the bridegroom-elect are Mr. and Mrs. Lawrence Bradford of North Squerry road. Miss Willis attends Henry Ford Hospital School of Nursing. A March wedding is planned.

## Have You Tried This?

## Use Yellow Cake Mix for Holiday Loaves

By JANET ODELL

Pontiac Press Home Editor

We found the following fruit cake recipe in our letter file. Mrs. Maude S. Martin of Metamora had sent it to us almost a year ago, too late for the 1937 holiday season. Here it is, in time for the 1938 festivities.

Mrs. Martin uses packaged yellow cake mix as the basis for her fruit cake. She says it keeps several months if foil-wrapped and refrigerated, or several weeks on the pantry shelf in an air-tight box.

## GOLDEN FRUIT CAKE

By Mrs. Maude S. Martin

1 tablespoon grated lemon rind  
1 tablespoon grated orange rind  
1 package yellow cake mix  
1/2 cup milk  
1/4 cup orange juice  
3 eggs

Coat fruit and nuts with flour in large bowl. Add grated rinds. Prepare cake mix, using 1/2 cup milk, 1/4 cup orange juice and the eggs for the liquid. Blend one minute; beat 4 minutes. Pour batter into fruit. Mix well.

Turn into two 9x5 pans which have been well greased and lined with waxed paper. Set pan of hot water on bottom rack of oven. Bake cakes on rack above at 325 degrees for 70-80 minutes.

Cakes are done when wooden pick inserted in center comes out clean. Cool thoroughly; remove from pans. Wrap tightly to keep moist.

## FLUFF-DRY SERVICE

Make Mondays Sunny-days

What a relief to send all your family wash to Pontiac Laundry! Oceans of gentle suds and many rinsings make it oh-so-bright! Clothes and towels are fluffily dried and folded. Then when Careful Dan returns them there's almost nothing left to do. Wouldn't you like this service?

## Mexicans Disobey Call to Whistle

MEXICO CITY (AP)—Mexicans mostly ignored Communist pleas for derisive whistles to greet U.S. Secretary of State John Foster Dulles on his arrival for the inauguration of Adolfo Lopez Mateos as Mexico's 57th president.

Dulles arrived Sunday at the head of a 16-member delegation. Among the others are President Eisenhower's brother Milton and Gen. Curtis LeMay, deputy chief of staff of the U.S. Air Force. The Communists had asked all Mexicans to whistle—an expression of derision in Mexico—when Dulles appeared. But the only whistlers at the heavily guarded airport were a group of youngsters on top of a building. Others cheered as the U.S. military air transport landed.

Milton Eisenhower said he brought special messages from his brother to Lopez Mateos and outgoing President Adolfo Ruiz Cortines. President Eisenhower, he said, "desires fuller, more sincere and closer relations with Mexico."

A sturgeon grows approximately one pound a year. One recently caught in Ontario, weighed 170 pounds. Its age was estimated at between 125 and 150 years.

## John Wayne Wins Tough Battle of Natchez

By PHYLIS BATTLE  
NATCHEZ, Miss.—It could have been the war between the states all over again, when John Wayne and William Holden hit Natchez.

This ante-bellum town was belatedly indeed at the idea of so-

called "celebrities" shooting a film here. They had had their experiences with Hollywood, and they didn't go for that jazz. Not long ago an unsavory "sirene" named Elizabeth Taylor, and a high "n-

mighty Cliff called Montgomery had moved into Natchez to make "Raintree County."

They were booted out of town. Now along came Wayne and Holden, with their temperamental genius director John Ford, to dis-

turb the tranquility and give the back of their balloons to the local shavers with autographs books. They brought also a few hundred horses and riders, a mobile catering unit with their own food. And a technical staff of maybe 60 in Truman-type sport shirts.

"It could've been," as one local man put it, "the carpetbaggers all over again."

Then a sort of miracle happened. This large, lumbering gent name John (Duke) Wayne—the only man out of Hollywood who can cuddle a horse as lesser men cuddle girls—began signing autographs. All the tykes in town loved him, he'd get caught stepping out of a car, and he'd use the roof of the car as a writing table, for endless signatures—accompanied by big grins—for the kids.

At one autographing session, in which dozens clamored outside his room at the Belle Mont Motel, a more blasé Hollywood aide snarled, "This is getting stic-y. You'd think these kids' have something better to do."

Duke withered him. "It's better than slicing tires, bud," he said.

Despite his gruff manner and exalted status (Hell, I've been a star for 30 years!) Wayne has a soft streak. It runs down the middle where it doesn't show often. Just sneaks out from under the quips and bluster when he's tired.

He is very tired at this moment. Having led battalions of soldiers through swamps and jungles from dawn to sundown for weeks, for his new film "The Horse Soldiers," he groans at a 10-minute break. Co-producer Marty Rackin asks how he'd like his coffee. "Black as heart," Duke says and adds, "How about a friendship stick?" He explains that to professional cigarette-bummers, this is a smoke.

Equipped with caffeine and nicotine, he settles down to discussing wearily how he feels about movies.

"The greatest are the westerns. This, being a Civil War movie, is a western in blue uniforms. But you know the reason they're the greatest? Because above all movies need action, and the greatest medium for action is a horse."

"A train gives you a feeling of power. A plane gives you a feeling of speed. But a horse is pure action."

"There's another thing. In a western there's no phoniness. Cowboys—and soldiers—have simple basic reactions. They look at somebody they love like they loved 'em, and somebody they hate like they hate 'em, and people with normal healthy reactions can feel that."

MISTY GOLDEN GATE—All but the towers blinding fog which engulfed the Bay Area recently, providing this scenic shot of the big span.

## Thugs Terrorize Windsor Family

2 Hooded Men Beat Up Father of 4, Take \$6,300 From Home

WINDSOR, Ont., (U)—Two armed and hooded robbers terrorized a Windsor family in stealing \$6,300 in a weekend holdup.

Nicholas Stimplich, 39, father of four children, was beaten with a blackjack after he had seized a shotgun from one of the men.

The two robbers, wearing hoods with eye-slits, entered the home while the family was celebrating the 17th wedding anniversary of

Stimplich, a sausage factory owner, and his wife, Helene.

Stimplich said the shotgun discharged as he wrestled for it. No one was harmed by the shot.

He got the gun away, Stimplich said, but then was beaten on the head by the other man with the blackjack and forced to give up two money bags.

Stimplich needed 14 stitches for his head wounds.

## Race-Betting Tax Up

NEW YORK—A record \$216,700,000 in taxes was collected in 1957 off horse-race-betting operations in 23 states, nearly 5 percent higher than the year before, the National Association of State Racing Commissioners reports. About 1½ percent of all State tax revenue in 1957 came from horse-race levies.

## Husband Being Held in Fatal Stabbing

DETROIT (U)—A husband was held for murder and his wife as a material witness today in the weekend slaying of a seaman in their apartment home.

Detective Paul Montgomery of the Police Homicide Department said Melvin E. Collins, 28, admitted stabbing Clarence Swykert, 31, to death upon finding Swykert with Mrs. Jenny Collins, 22, early yesterday. Swykert had no permanent address.

Collins, employed as a meat cutter in a market, said he found the two together in the apartment and that a fight resulted. Swykert was stabbed several times in the chest with a boning knife.

# Colts Gallop to Chance at NFL Title

## Trample 49ers, 35-27, to Grab Division Honor

### Erase 20-Point Deficit in 2nd Half; Cleveland Improves East Lead

United Press International

The Colts, Baltimore's biggest sports find since Babe Ruth, have won their first pro football division title and will play the Cleveland Browns or New York Giants for the National League championship Dec. 28.

The Colts proved their class Sunday by scoring 28 points in the second half to erase a 27-7 San Francisco Forty-Niner lead and clinch the western division title with a 35-27 triumph. Each N. F. L. club has two more games and no team has won the Western race so easily since the league assumed its current setup in 1950 with the Browns, Forty-Niners and Colts entering from the All-America conference.

Such stars as John Unitas, Lenny Moore and Alan Ameche probably could be elected mayor of Baltimore this week but the Colts and their rabid rooters also owe a vote of thanks to the league's hottest current club, the Pittsburgh Steelers.

The Steelers, playing in 11-degree weather at Pitt Stadium, were as hot as a blast furnace while whipping the Chicago Bears—only club that had much hope of catching the Colts, 24-10. The victory, the first the Steelers ever scored against the Bears in 14 tries, enabled the Colts to boost their margin to three games with only two to play.

Cleveland put basketball shoes on quarterback Milt Plum in the final period and maintained its one-game margin over New York in the Eastern race. Plum's passes, plus the receiving of Ray Renfro and Lew Carpenter's running, enabled the Browns to rally and defeat the Washington Redskins, 21-14, while the Giants defeated the Philadelphia Eagles, 24-10.

Billy Wade's two touchdowns passes to Leon Clarke in the last 20 minutes gave the Los Angeles Rams a 20-14 victory over the Chicago Cardinals in the other game. The Detroit Lions scored a 24-14 victory over the Green Bay Packers Thursday and those two clubs did not play Sunday.

Ruth went on from Baltimore to become baseball's greatest slugger but it's doubtful if even the mighty Babe ever caused as much sports excitement in the Maryland city as the frisky Colts. Things looked black Sunday when Y. A. Tittle, the bald-headed quarterback who once played for the Colts, scored twice to spark the Forty-Niners to a 27-7 halftime lead. But coach Weeb Ewbank's Colts reacted like thoroughbreds in the last 30 minutes.

Passes by Unitas set up two one-yard scoring blasts by Ameche and cut the Forty-Niner lead to 27-21. Then the sellout crowd of 57,557 in Baltimore's Memorial Stadium got its big chance to cheer. Moore raced 73 yards to score. The dazed Forty-Niners appeared to have him trapped at least four times as he galloped down the sideline, then cut back to midfield en route to the fourth period touchdown that climaxed the rally. Steve Myhra's conversion made it 27-27. Unitas followed with a short pass to Ray Berry for Baltimore's last touchdown.

Washington held Jim Brown, Cleveland's record-busting rusher, to a season low of 12 yards on 11 tries and took a 14-7 lead into the final period after Eddie LeBaron's third-period touchdown toss to Sid Watson.

## 12 NFL Teams Take 48 Collegians From Grab Bag

# Packers Open Player Draft

PHILADELPHIA (AP) — The National Football League held its player draft today.

The 12 pro clubs drafted a total of 48 players from the 1958 college grab bag after Commissioner Bert Bell gavelled the annual session into order at 9:30 a.m. EST.

Green Bay, last in the league with a 1-8-1 record, selected first under the system whereby the teams draft according to their standings after yesterday's games, last to first.

The Packers were expected to grab a quarterback for their first choice. Top consideration was expected to be given to Randy Dun-

can, Iowa; Lee Grosscup, Utah, and Tommy Greene, Holy Cross.

Following Green Bay the order was a tossup between Philadelphia and the Chicago Cardinals, who are tied; Washington, San Francisco, Detroit, then a three-way tie among Pittsburgh, Los Angeles and the Chicago Bears; New York, Cleveland and Baltimore.

In the event of ties in the standings, a toss or draw determined which team selected first with the tied clubs then alternating in succeeding rounds.

There was no bonus choice this year. Congress told Bell the bonus — an out-of-hat draw entitling the winner to draft rights to any one player of his choice before the reg-

ular draft began — bordered on a lottery. So the owners voted it out at their annual meeting last winter.

Following the draft the owners scheduled an executive session at which Bell was expected to discuss with them the ever increasing cost of operating a pro franchise. The commissioner has expressed great concern over this facet of the business. There also may be a discussion of the latest threat by the players association to take "extreme measures" if their demands are not given prompt consideration.

Also slated for the day-long sessions were arrangements for possible playoffs in the Eastern Con-

ference in the event of a tie for first place between New York or Cleveland. Here too, a toss or draw determines sites for the playoffs. The league title game is scheduled for Dec. 28 in the home of the Eastern champion.

The big item on the agenda was the draft. Who, in the eyes of the pros, were the top 1958 college football players? While some of the potential All-Americans were sure to be picked, so too, were so-called "sleepers" from lesser known institutions. Also available were some players with college eligibility remaining, but whose original class had graduated making them eligible also for the pro draft. The latter are known as "redshirts" and are taken for future delivery.

Each team is entitled to four choices. But previous trades whereby veterans were dealt for future draft choices have created a situation where Los Angeles gets nine picks, Detroit seven and Cleveland five in today's meeting. Pittsburgh, on the other hand, will step aside on each of its four draft picks in favor of the teams to which it traded them. The balance of the annual 30-round draft will be held at the league's annual winter meeting in January.

**BACKS:** Garry Prahst, Michigan; Jerry Wilson, Auburn; Oens O'Pella, Villanova; Ron Sover, Oregon; Rich Krulwich, Illinois; Art Gob, Pitt; Jim Wood, Oklahoma State; Buddy Dial, Rice; Bob Bryant, Texas; Dick Wallen, UCLA; Maury Schleicher, Penn State.

**TACKLES:** Fran O'Brien, Michigan State; Ken Beck, Texas A&M; John Wooden, Colorado; Al Benedict, Syracuse; Charles Horton, Baylor and Jerry Marcinak, Michigan.

**CENTERS:** Jack Burgett, Auburn; Ben Donnell, Vanderbilt; Ben James, Ohio State; and Bob Harrison, Oklahoma.

**GUARDS:** Don Clark, Ohio State; Larry Hickman, Baylor; Charles Flowers, Mississippi; Bob Jansa, Purdue; Walt Carlton, Duke; Art Johnson, Michigan State; Alex Hawkins, South Carolina; Nick Pietroski, Notre Dame; Ronny Koon, North Carolina; Nub Beamer, Oregon State; and Dick Bass, College of Pacific.

## All-America 11 Gets National Airing on TV

NEW YORK (AP) — The All-American football team selected by the American Football Coaches Assn. was introduced on a national television show last night.

The team consists of: Backs—Randy Duncan, Iowa; Billy Cannon, Louisiana State; Pete Dawkins, Army, and Nick Pietroski, Notre Dame; ends—Jim Wood, Oklahoma State, and Sam Williams, Michigan State; Tackles—Ted Bates, Oregon State, and Hogan Wharton, Houston; guards—George Diederich, Vanderbilt, and John Wooden, Colorado, and center—Jack Burckett, Auburn.

## City Teams Open Tuesday

Pontiac Central, Pontiac Northern and St. Frederick will all be in action for tomorrow night as another hoop season begins for city schools.

Central will debut at Edsel Ford while Northern travels to Lake Orion to meet its first opponent in any sport. St. Frederick will be the only team at home as the Rams meet Detroit St. Elizabeth.

Cranbrook at Walled Lake, Romeo and Troy and Milford at Rochester headline the remaining games scheduled Tuesday. Royal Oak St. Mary meets Madison and Country Day goes to Oak Park in others.

Brighton, Imlay City, Berkley, Millington and South Lyon are also swinging into play tomorrow.

St. Lawrence defeated Michigan's touring hockey team 7-3 Saturday night. The two teams had tied earlier. Michigan meets Toronto tonight before heading home.

The GMC-YMCA men's intramural basketball league begins play tonight at the YMCA gym. The loop will feature two divisions of four teams each.

Pennsylvania State Teachers College of Slippery Rock, Pa., visit the Detroit area for the first time when it journeys to the Motor City tomorrow to play Detroit Tech in the first game on Tech's 1958-59 basketball card.

Sterling Moss of Britain drove a Cooper Climax at a record average speed of 86.84 miles per hour to win the 100-mile Melbourne Grand Prix yesterday. Jackie Brabham, Australia's top driver, finished second in another Cooper Climax.

Ed Vanderheul, a Central Michigan College senior, won the third annual NAIA cross country run here Saturday with a record-breaking time of 20 minutes, 55.6 seconds for the four-mile distance. Emporia State Teachers won the team championship with 67 points. Central Michigan was fourth.

Bill Carpenter, the "lonely end" in Army's new attack this year, will captain the Cadets' 1959 football team. The Springfield, Pa., native is the first end to hold the honor since Dan Foldberg captained the 1950 Army eleven.

Over the handicaps of snow and cold and once getting lost in the storm, Hal Higdon of Chicago won the National AAU junior cross country championship Saturday. Of the 21-degree weather and wind-driven snow Finland's Mauri Hornakka of Eastern Michigan College said "even in Finland I never raced in anything like this." He finished fourth. Billy Reynolds of Michigan State was second and Art Eversole of Western Michigan third.

A cut in dates for thoroughbred racing and an increase for harness racing next year are proposed by James H. Inglis, state racing commissioner.

## Dawkins Named to All-East 11

NEW YORK (AP) — Pete Dawkins of Royal Oak, Mich., was named today to the Associated Press All Eastern football team.

Dawkins was one of three members of the Army team picked by the selection board. One of the others was Bob Anderson, his half-back running mate.

The board said "neither could be given a distinct margin over the other and both outclassed virtually every other halfback in the East." Dawkins, a senior, was Army's leading ground gainer and scorer.

Among players receiving honorable mention from the selection board were Frank Finney of Royal Oak, a star back at Brown University, and guard Don Chomic of Detroit who plays for Novich.

## U. of M. Sailors Win Frostbite Regatta

CHICAGO (UPI) — University of Michigan skippers sailed to seven victories in 13 races yesterday to overcome an early Wisconsin lead and capture the 12th annual Frostbite Dinghy Championship in Chicago's Belmont Harbor.

Michigan, led by skippers Otto Sherer and Dexter Thede, was also second in two races to amass 187 points to 161 for Wisconsin.

Brown, winner of the meet's Timme Angsten trophy for the last three years, finished third with 155 points and Indiana was fourth with 131 points.

Others in the order of finish and point totals were: Purdue 119, Marquette 115, Northwestern 110, Cincinnati 104½, Detroit 102 and Ohio State 97.

## 3 Titles at Stake in Bridge Contest

DETROIT (AP) — Bridge players compete for three individual championships today at the fall national contract bridge championships. The titles at stake are the life masters, senior masters and open individual.

**NBA AT A GLANCE**  
SATURDAY'S RESULTS  
Boston 110, Detroit 96  
New York 115, Philadelphia 103  
Minneapolis 103, Syracuse 105

**MONDAY'S SCHEDULE**  
No games scheduled.

**TIGHT QUARTERS** — San Francisco quarterback Y. A. Tittle (14) scores in the 1st quarter on a sneak against Baltimore early in Sunday's big battle won by the host Colts. Colts shown are Bob St. Clair (79), Ted Connolly (64), Walt Yowarsky (54) and Bruce Bosley (77). Colts are ex-Lion Ray Krouse (78) and Gino Marchetti (89).

# Steelers 'Bomb' Bears Led by Tracy, Layne

By BRUNO KEARNS  
Pontiac Press Sports Editor

PITTSBURGH — Literally speaking, the Chicago Bears "got bombed" in Pitt Stadium yesterday afternoon. It was Detroit Lions' castoff Tom "The Bomb" Tracy, the pride of Birmingham who warmed the hearts of 22,000 fans sitting in 11 degree temperatures by leading the Steelers to a 24-10 victory.

Another former Lion, quarterback Bobby Layne, played an equally important role with his pin point passing. Tracy and Layne combined for a total of 358 of the Steelers total of 396 net yards. "It was Layne's best game," said

# Fourteen Teams Finish Unbeaten

By The Associated Press  
Fourteen colleges ended the 1958 football season unbeaten and untied.

The last of the group completed its season Thanksgiving when Mississippi Southern defeated Chattanooga 20-13 for its ninth victory. All of the others previously had completed their schedules.

Louisiana State, which wound up its regular season campaign last Saturday by downing Tulane, is the only major school on the list.

| TEN GAMES          |        |

# Van Pelt Top Star in Grey Cup Victory

VANCOUVER (AP) — Jimmy Van Pelt, the 23-year old rookie quarterback of the Winnipeg Blue Bombers, was still the hottest topic of conversation here today after his spectacular show in leading his team to the Grey Cup championship last Saturday.

The former University of Michigan star passed, ran and kicked the Bombers to a stunning 35-28 win over the defending champion Hamilton Tiger-Cats in the playoff for Canada's pro football title.

Van Pelt scored two touchdowns kicked a pair of field goals and four conversions for 22 points, best individual effort in Grey Cup history.

# Billy Casper Takes Havana Golf Tourney

HAVANA (AP) — Billy Casper of Apple Valley, Calif., Sunday won the top prize of \$2,400 in the Havana Invitational Golf Tournament with a 278 total for 72 holes.

Casper shot a 4-under-par 68 in the final round to finish two strokes ahead of Bo Winger of Odessa, Tex. Doug Sanders of Miami Beach was third with 281.

Following the leaders were Tony Lema of San Leandro, Calif., with 282 (\$900); Wes Ellis Jr., Aldecress, N. J., Mike Fetchick, Yonkers, N. Y., Doug Ford, Paradise, Fla., and Dick Mayer, St. Petersburg, Fla., 283 each (\$702.50); Bob Toski, Miami, Fla., 284 (\$530); and Ernie Vossler, Midland, Tex., and Jim Ferree, Winton-Salem, N. C., 285 (\$455 each).

former Lions coach Buddy Parker, "he is still pro football's greatest quarterback." Tracy raced 30 and 18 yards for touchdowns and in the first half he picked up 131 of the 158 yards rushing including a beautiful 64 yard dash which set up a first period field goal.

Pittsburgh's defensive line held the vaunted Chicago offense to a mere 25 yards in the first half.

Pittsburgh held a 10-0 lead going into the fourth quarter when the Bears came to life and tied the score. Ed Brown passed 13 yards to former Michigan State end Bob Jewett for a TD to make it 10-7 with George Blanda's point. Blanda then tied it a moment later with a field goal.

Layne then teamed with Jimmy Orr for a 48 yard scoring play to put the Steelers in the lead. The final TD came when Tracy bounced off three tacklers into the end zone for an 18 yard scoring play.

It was the first time in 14 years the Steelers had beaten the giants of the Midway and the loss knocked Chicago out of contention for Western Division honors as the Baltimore Colts sewed up the divisional title.

## 2 Over Par, Ace All on 1 Hole

DALLAS (AP) — Ray Barker slammed his first ball into a creek on the par 3 fifth hole yesterday.

Then he knocked his second tee shot into the creek. Laboring under a four-stroke penalty, he banded his next tee shot all the way to the green and it went in for a hole in one and a double bogey all at once.

## Quarter-Midget Champ

LAS VEGAS, Nev. (UPI)—Marit Meadows, 11, of Portland, Ore., won the trophy dash for A-Gas class quarter-midget cars today in the concluding round of the Grand National Race of Champions at the Hacienda Hotel track.

**WEEKEND FIGHTS**  
HOLLYWOOD, Calif.—Maurice Quijano, 129½, Mexico outpointed Willie Parker, 127½, Pittsburgh 16.  
BUENOS AIRES—Isaac Loraiz, 145½, Cuba knocked out Jorge Fernandez, 145½, Argentina.  
BIRMINGHAM, N.D.—Del Flanagan, 149½, St. Paul, Minn., outpointed Al Andrews, 154, Superior, Wis., 10.  
NEW MILFORD, Conn.—Chico Vejar, 166, Stamford, Conn., knocked out Henry Jones, 162, Washington, D.C., 4.  
FORT WAYNE, Ind.—Bobby Boyd, 162½, Chicago, outpointed Neal Rivers, 166, Las Vegas, 10.

**CONTRAST IN PASSES** — There was plenty of contrast on these two pass plays in the National Football League games yesterday. At left,

defensive back Erich Barnes of the Bears tries unsuccessfully to take a Bobby Layne flip away from Steeler Ray Mathews in the game won by

celebrate clincher — Jubilant Baltimore Colt fans held a long celebration following their team's amazing comeback victory over San Francisco which clinched the Western Division championship yesterday. Ray Berry, a star

offensive end all season, is shown being carried off the field shortly after he caught the insurance TD pass from Johnny Unitas in the 35-27 triumph.

## NFL Standings

DETROIT (UPI) — Kentucky, Tulane and Tulsa have been added to the University of Detroit's 1959 football schedule, the Titans announced today in revealing their nine-game schedule.

Green Wave will be played Oct. 9 in New Orleans at night. The last meeting with Tulsa was in 1956.

The complete schedule:

Sept. 16 George Washington, night.  
Sept. 26 at Maryland, Oct. 2 Kentucky.

**SUNDAY'S RESULTS**  
Baltimore 35, San Francisco 27  
Cleveland 21, Washington 14  
Los Angeles 20, Chicago Cards 14  
Pittsburgh 21, Chicago Bears 10  
New York 24, Philadelphia 10

**THIS WEEK'S SCHEDULE**  
SATURDAY  
Baltimore at Los Angeles  
SUNDAY  
Chicago Cards at Chicago Bears  
Cleveland at Philadelphia  
Green Bay at San Francisco  
New York at Detroit  
Pittsburgh at Washington

## Baker Bows in Mexico

JUAREZ, Mexico (AP)—Young Alfredo Zuany of El Paso, Tex., gained a unanimous decision over Bob Baker, Pittsburgh, in a 10-round heavyweight battle before 5,000 fans in Monumental Bull Ring Sunday. Zuany weighed 198, Baker 217.

Detroit last played Tulane in 1921. The 1959 game with the

Pittsburgh. At right, Del Shofner (29) of the L. A. Rams is all by himself waiting with open arms for a pass thrown by Bill Wade. It was

one of three flippers which the pair collaborated in pacing the Rams to their 1st touchdown against the Chicago Cardinals.

## Mercy Aircraft Crashes, 6 Die

Canadian Air Force  
Helicopter Carrying 2  
to Hospital Is Lost

WINNIPEG, Man. (AP)—A Canadian air force helicopter crashed and burned Sunday as it was bringing a badly burned Indian woman and her 2-year-old daughter to a hospital. All six persons aboard were killed.

The 14-passenger Sikorsky H34 crashed in snow and poor visibility on a frozen lake 96 miles northeast of Winnipeg. Three air force rescuers who parachuted to the scene could not determine the cause of the crash immediately.

The mercy aircraft had flown 310 miles from Winnipeg to the Blood Vein Indian reservation to pick up Mrs. Jacob Crate and her baby. They were badly burned

when their home was destroyed by fire. Those killed were the two passengers; Lt. J. C. Smith, 28, Swan River, Man., the pilot; Cpl. W. J. Bain, 34, Dauphin, Man.; Aircraftman J. W. Wotherspoon, Yorkton, Sask.; and Dr. B. S. Vandenberg, Pine Falls, Man.

## Japan Ratifies Pact on Atom Proposal

TOKYO (AP)—Japanese ratification of atomic agreements with the United States and Britain became effective today.

The lower house of the Diet ratified the agreements Nov. 1. The upper house did not act on them, and the Japanese constitution provides that the lower house's approval of treaties becomes final if the upper house does not act in 30 days.

Under the agreement with the United States, Japan will obtain enriched uranium 235 to fuel nuclear research reactors. The agreement with Britain clears the way for Japan to buy a power reactor.

## Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where doctors' observations were continued over a period of many months.

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be

a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H. Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded.

Hollywood Headlines:

# Argentinian Is Worried About American Males

By BOB THOMAS  
AP Movie-TV Writer

HOLLYWOOD. (AP)—Do American men need more time among themselves?

Fernando Lamas thinks so, if they are not to be dominated by their wives.

This could stir up a hornets nest of female indignation, but the Argentine actor doesn't mind. He

feels it is important for American males to be the victors in the age-old battle of the sexes.

"In Latin America, we have a very fine custom—the after-work cafe," Lamas declared. "When the men finish their jobs for the day, they drop by for a drink or some coffee. They talk against their employers and their wives and get it out of their systems. Then they go home happy."

"In this country, men have little opportunity for fellowship with each other. They go directly home to their wives. Because of this, they are in danger of losing their masculinity."

Lest the ladies leave our discussion in a huff, let me hastily add that Fernando is all for the American woman. He has demonstrated by marrying one, a gorgeous redhead named Arlene Dahl.

"Many foreigners tell me they cannot stand American women because they are too bossy," he remarked. "I think such men are cowards. They prefer foreign women because they are willing to be subservient. To me, those women are too docile. After centuries of trying, they have given up trying to reach equality with men. Living with them might be easier for men, but it would also become a bore."

"I like American women because they know how to fight."

Some American males, he lamented, aren't willing to fight back. And so they wind up being assistant housewives, washing dishes, changing diapers and wearing aprons as badge of their defeat.

"A man shouldn't enter the kitchen unless he really likes to cook as a hobby," Fernando stated positively. "When he comes home after being away for 10 hours at work and on the highway, he shouldn't be required to do housework."

About 93 per cent of Sweden's farms are privately owned.

# County Sheriff's Department Well Armed With New Rifles

By DICK SAUNDERS

Lawmen of the Old West knew a fast draw was a necessity, but they also knew that with a six-shooter, no matter how fast on the draw, you just "never mess around with a man with a rifle."

This rule still holds true with modern lawmen, and due to recent events, the phrase could be stated more simply: "Never mess around with an Oakland County sheriff's deputy."

The Sheriff's Department arsenal has been swelled by the addition of nearly a dozen .30 caliber carbines, issued to the department by the Michigan Civil Defense through its Oakland County Department.

The new rifles are a welcome addition to deputies who have been limited mainly to the use of revolvers and sawed off shotguns. Although the new guns presently are slated for emergencies only, it is expected they'll be standard equipment by the end of this year.

As soon as deputies have been thoroughly trained in the use of the new firearms, the rifles will replace shotguns in patrol cars.

"These rifles will increase our accuracy and efficiency more than it is easy to imagine," Sheriff Frank W. Irons says.

"Although our arsenal was by no means 'weak,' it now contains guns which are specialized in their uses and gives us a better choice of weapons with which to handle nearly any conceivable situation."

The department's official keeper-of-the-guns, Sgt. Marion Bauman, said, "We have a dozen 12-gauge sawed-off shotguns used primarily for riot control due to their wide range."

"In the event we were hunting a suspect or escaped convict in an outlying area, a shotgun would limit our firepower and range."

This would also be true of an instance where we might have an

armed man holed up in a house, or in the event of chasing him in a car at more than 50 yards range, a shotgun would bounce off his auto," Bauman said.

"The carbines are all-around weapons. From long range we can pick our targets and call our shots with increased firepower and accuracy."

"Shotguns are excellent for several types of situations, but they generally are looked on as riot guns."

Bauman added that no deputy

would be without a revolver in any case, but that the new carbines would "outdistance and outshoot any type of gun already in the arsenal, with exception of the .45 caliber submachineguns."

"The new rifles are also extremely flexible, being small, compact and easy to handle," Bauman pointed out. "One clip holds 15 rounds, which is considerably better than the half-dozen rounds fired by our shotguns before reloading."

Just how well one can call his shots is decided by a deputy's

knowledge of his gun, according to Bauman. Picking-off an armed criminal through a second story window would not pose a very rigorous test for the carbines. They are that accurate.

When asked about hitting a criminal escaping while holding another person in front of him for cover, Bauman put it this way:

"You've got to know your gun. Know exactly how it fires. I wouldn't attempt to shoot a man in this type of situation with a gun I had only fired once or twice."

"But I have a rifle of my own. I know it and its peculiarities like a personal friend. And I know I can light matches with it."

Sheriff's deputies won't be using their newly-acquired firearms for lighting matches—that's for sure.

But before long they'll be completely equipped to offer the community even better protection than in the past.

# Kill Farm Control, Urges Sec. Benson

WASHINGTON (AP)—The fate of government machinery to control farm production is hanging in the balance.

Whether to junk this machinery, used on and off for many crops since the early Roosevelt New Deal days—may well become a major issue in Congress.

There are solid signs that various

agricultural forces are lining up for a battle.

Controls were put on to bolster farm income but, says Secretary of Agriculture Benson, they do not work. Abandon them and free the farmers to produce as they wish, he urges. Lower farm price supports to allow farm products to become fully competitive in domestic and foreign markets, he advises.

The secretary argues that under such conditions farmers would be able to sell products that now pile up in government warehouses as surpluses.

Benson has the support of the influential American Farm Bureau Federation.

Critics of control measures got an important assist when growers voted overwhelmingly in a referendum last Tuesday to end acreage restrictions on corn, the nation's largest single crop.

But the National Grange—generally regarded as a moderate in farm issues—raised a challenging hand at its recent convention at Grand Rapids, Mich.

"In an obvious reply to Benson, the Grange said in resolutions that 'unless effective ways are devised to adjust production to effective market demand, the prospect of the future is that total available supplies will consistently exceed effective demand under normal conditions, even at lower prices.'"

This farm organization went on to say that past experience and accepted economic laws run counter to Benson's contention that markets can be expanded sufficiently—even at lower prices—to absorb full farm production.

The National Farmers Union likewise is not ready to give up the idea of trying to adjust production to markets.

Proposals have been advanced in the past that production and marketing limitations be placed on a pound, bushel or ton basis rather than on an acre planting basis. This would eliminate the possibility of offsetting acreage reductions by expanding output on individual acres.

Mother Has 3rd Child Born on Same Date

PACIFIC BEACH, Calif. (UPI)—Nov. 29th is a memorable date for the Frank Willey family. The first two children, daughters aged 5 and 3, were born on that date and Saturday the same date their third child, a son, was born.

## Ringer of Carillon Runs Hot 'n' Cold

OKLAHOMA CITY (AP)—It's hard enough to play a 42-bell carillon what with whacking pegs with fists and stamping on pedals.

But the one 11 stories high in a tower of St. Luke's Methodist Church here has other drawbacks.

The small room where the church minister of music, Cecil Lapo, plays the imported instrument is about 10 by 10 feet with one window. It is torrid in summer and freezing in winter. During the summer Lapo strips to the waist; in the winter he wears an overcoat.

## Hunters Bagged on Parkway by Police Officer

NEW YORK (UPI)—Three New Yorkers returning from a Canadian hunting trip in New Brunswick were bagged by a motorcycle policeman yesterday.

Patrolman Ralph Egstrom spotted their car on a crowded parkway with a 300-pound black bear, 260-pound cub and a 180-pound deer lashed to the roof.

Egstrom cited the driver, Edward Torres, for driving with an external object on the car.

## Role Fatal for Actor

LONDON (AP)—Gareth Jones, 35, played the part of a man with a weak heart in a television play Sunday night. Midway through the performance he collapsed with a heart attack and died in his dressing room.

## Reading Royal Coach

TOKYO (UPI)—Japan National Railways has begun remodeling a railway coach for the special use of Crown Prince Akihito and his commoner fiancée, Michiko Shoda, it was disclosed today.

## No Cream or Sugar?

SIoux FALLS, S. D. (UPI)—Tea and Java are the names of towns in South Dakota.

## Douglas Tests New Jetliner in California

EDWARDS AIR FORCE BASE, Calif. (UPI)—Douglas Aircraft Company's new DC8 jetliner capable of carrying 135 passengers and cargo at speeds up to 585 miles an hour made a 55-minute test flight over the weekend.

The large white, blue-and-red-trimmed jet described by Douglas officials as the most powerful and fastest jet transport ever flown took off at Long Beach Municipal Airport Saturday, circled over the Pacific Ocean and landed here nearly an hour later.

Test Pilot A. G. Heimerdinger, who tested the DC8 on its initial flight last May, flew the swept-wing craft.

## RAF Fighter Group Wants Rattlesnake

LONDON (UPI)—An RAF fighter squadron has appealed for a rattlesnake—live or stuffed.

Fighter squadron 66 at Ackington, Morpeth, Northumberland, has had a rattlesnake emblem for 20 years, but no mascot to go with it.

Flying officer K. W. Hayr said the squadron wanted one for its very own. Live will do. Or stuffed. Americans in rattlesnake territory could take this as a hint. The London Zoo has a rattler but won't give it up. Pet shops in London do not stock them.

## Official Regrets Short-Sighted Skunk Policy

SAN RAFAEL, Calif. (UPI)—Marin County, overpopulated this year with pesky varmints, offered a \$1 bounty for tails of skunks and raccoons.

Some 38 tails later, County agricultural Commissioner Thomas W. Peryam wasn't sure it had all been worth it.

Twice claimants walked into his office with skunk tails and both times he was unable to use the office for the rest of the day.

## Denver Members of Legion Forced to Eat Crow

SHREVEPORT, La. (UPI)—Fifteen American Legion officials from Denver, Colo., will eat crow here Friday to pay off a lost bet.

Shreveport won a contest between the two cities for the largest chapter in the nation.

While the second-place Denver officials, including Mayor W. F. Nicholson and former Gov. Dan Thornton, dine on roast crow, their Shreveport hosts will be dining on roast beef.

# Settlement Near in TWA Strike

By The Associated Press  
Air travelers had cause for optimism today. Quick settlement of a 10-day-old machinists' strike against Trans World Airlines, one of two major lines immobilized by labor disputes, was expected.

Whether the optimism would grow or take a sour turn depended upon developments in Kansas City and New York City.

At a dinner hour recess of negotiations in Kansas City Sunday night, Cliff Miller, chairman of District 142, International Assn. of Machinists, said: "It's not a question of 'if' in getting this thing settled any more. It's a question of how soon."

The bargaining session ended at midnight and was scheduled to resume today. The machinists struck TWA last Nov. 21.

Eastern Air Lines, struck by the machinists and the Flight Engineers' International Assn. last Monday, offered to submit many of its differences with the engineers to arbitration. The proposal was rejected.

Representatives of two other carriers, American Airlines and Pan American World Airways, appear in court in New York City today in labor disputes.

American, the nation's biggest airline, is seeking to make permanent a temporary federal injunction against a strike by the Air Line Pilots Assn.

Pan American is seeking an injunction in State Supreme Court forbidding its employees to refuse to work overtime. The workers, 8,000 ground and flight service employees, are members of the Transport Workers Union.

A weeklong strike of 30-odd stewardesses continued against the Lake Central Airlines. Negotiators failed to reach agreement in Indianapolis Sunday. The line serves Ohio, Indiana, and parts of Pennsylvania, Illinois and Michigan.

The snarled airline situation jammed trains, buses and planes of operating airlines as the long Thanksgiving weekend closed and the back-to-school-or-home movement reached a peak.

News in Brief

Lawrence McLeod, of 210 S. Jessie St., reported to Pontiac Police Sunday that someone had illegally entered his home and had stolen \$70 from a dresser drawer.

A break in at the Motor Mart, 121 E. Montclair St., in which burglars escaped with five hub-caps valued at \$23 and a tire valued at \$27, was reported by Pontiac Police Sunday.

Royal Oak Attorney Seeks Doty's Place

Maurice A. Merritt, Royal Oak attorney, today announced he will seek to succeed Judge Frank L. Doty on the Oakland County Circuit Court bench.

Judge Doty, who because of his age cannot by law seek re-election, will officially step down from the bench Dec. 31, 1959.

Merritt, 43, of 1721 Bonnie View Rd., Royal Oak, is circulating nominating petitions in hopes of landing a place on the April 6 judicial ballot. Petitions must be returned to the Secretary of State's office in Lansing by Dec. 29.

The candidate has held a temporary position as Royal Oak City attorney and attorney for Royal Oak Township. He presently represents the township in the 12-Towns drain fight in the courts.

He has been commissioner on the State Bar of Michigan and is currently chairman of the State Bar Conference Committee of Lawyers and Certified Public Accountants.

Caterpillar Strike Ends for 12,000

PEORIA, Ill. — Ending a seven-week strike, 12,000 United Auto Workers (UAW) union members returned to work today at the Caterpillar Tractor Co.'s East Peoria, Morton and Mossville works.

They ratified a new wage contract yesterday. Its basic provisions provide for general wage increases ranging from 8 to 17 cents an hour this year, a one-cent cost of living boost, increases of 6 cents and 7 cents an hour effective in October 1959 and 1960 and increased pension and vacation benefits, which expired in July, ranged from 2.04 to 3.16 1/2 an hour.

Caterpillar and UAW officials also reached agreement yesterday on a new wage contract for the 2,000 workers at Caterpillar's Decatur works. The striking workers will vote on ratification tomorrow. About 600 workers are on strike at the company's York, Pa., plant and negotiations still are in progress there.

Last-Ditch Try Made to Avert Auto-Lite Tieup

DETROIT (UPI) — Negotiators planned to meet today just three hours before the United Auto Workers Union was scheduled to call a nationwide strike against Auto-Lite.

Bargainers scheduled a last-ditch meeting for 9 a.m. (EST) in the Tuller Hotel. The UAW set noon (EST) as a strike deadline for Auto-Lite plants across the country.

Contract negotiations began a week ago today between company representatives and union officials who represent 12,000 workers in 17 bargaining units.

Hot Cross Bun to Poor

Hot cross buns originated in England. A group of 14th century monks are said to have started the custom, making the rolls themselves and handing them to the poor on Good Friday morning.

Waste Not, Want Not

GOGONA, Solomon Islands (UPI) — The village chief uses a distinctive pew in the Seventh Day Adventist church here. It is the pilot's seat of an American bomber which crashed on this island during the war. A family from another village is living in the body of the plane.

Ice Crystals in Fuel Said to Crash Cause

LOS ANGELES (UPI) — The crash of a Stratofort bomber last February has led to investigations revealing that tiny crystals of ice in the fuel system might have caused 37 Air Force jets to crash during the past two and a half years.

Marvin Miles, space-aviation editor of the Los Angeles Times, yesterday reported that investigations of a crash at Ellsworth Air Force Base near Rapid City, S. D., found ice in the fuel pump strainer and wing-tip of a Stratofort.

The conclusion was that the ice produced a power loss, causing the plane to crash.

Looking back, Miles said Air Force officers reported the ice buildup could explain crashes of other jets, including the B47, B57, B60, F84, F86, F100 and T33 trainers.

Miles said the similarity of weight of water and jet fuel made the presence of water difficult to detect. Once in the cold air at high altitudes, however, the ice crystals could stop pumps, clog fuel lines and cause flame outs (loss of power), he said.
