

Named Miss Michigan

WINS CROWN — Patience Joann Pierce, a Detroit office worker, Wednesday night was chosen Miss Michigan from 25 other candidates at Muskegon. Miss Valerie Joy Strong, retiring queen, (right) presents her with the crown.

Ball-Playing Blonde Wins Beauty Crown

MUSKEGON (P)—Miss Michigan of 1958 is a curvaceous blonde with blue-green eyes who plays ball and likes prime ribs.

Patience Joann Pierce, 22, Detroit office worker and member of a family of six, won the state's beauty and talent crown last night and will be a Miss America contender this fall.

Judges chose Patience over a field of 25 rivals in the Miss Michigan Pageant. Miss Pierce, daughter of Mr. and Mrs. George Pierce, will represent the state in the Miss America Contest in Atlantic City, N. J., in September.

She is five feet, seven inches tall, weighs 125 pounds, and has a 34½-23½-36½ figure.

The new Miss Michigan has a twin sister, Mrs. Robert Lafferty, of Mt. Clemens, and two younger brothers. She said she likes best of all to eat prime ribs of beef, and plays on a ball team.

As Miss Michigan, Patience Joann won a \$300 education scholarship, a \$500 wardrobe, a trophy and other gifts.

Nancy Myrnell, 21, of White Lake in the Whitehall area, won a \$250 scholarship as a runnerup. The contest was sponsored by the Muskegon Junior Chamber of Commerce.

LONG BEACH, Calif. (UPI)—The 1958 Miss Universe beauty pageant opens today with the arrival of a plane load of lovelies dedicated to the proposition that while beauty may be only skin deep—it's pretty important.

For the next 10 days, the city will host some of the world's most beautiful women from five nations, 45 states and the District of Columbia. Final selection of Miss Universe will be made a week from tomorrow night.

Consulate Urges U.S. Tourists to Leave Syria
DAMASCUS (AP)—The U.S. consulate in Damascus has urged all American tourists in the Syrian capital to get out of the Middle East.

They were also warned to avoid crowds.

There was no perceptible evidence in Damascus of any ill-feeling toward individual Americans, but newspapers and the government radio have been bitterly criticizing what they call "the flagrant aggression" of the United States in neighboring Lebanon.

About 75 Americans live in Damascus. Most of them are diplomats and businessmen and their families.

Loudspeakers throughout Damascus called on members of the civil defense corps to be ready to go to their stations if the sirens sounded an air raid alert. Many members of the home guard, alerted yesterday, walked about carrying arms. Otherwise there was no sign of anything out of the ordinary.

No Place for Husbands
BIRMINGHAM, England (UPI)—A British obstetrician sounded a fervent prayer yesterday that spouses of expectant mothers keep out of maternity wards. Addressing a medical association conference, Prof. H. C. McLaren said husbands in the wards "are a damn nuisance and really need nursing themselves."

Announce 'Maneuvers'

Soviets Massing Near Iran

British Troops Land in Jordan; Soviets Nearby

Macmillan Says—Move Made to Forestall Plot Against King Hussein

AMMAN, Jordan (P)—British troops landed in Jordan today as the United States airlifted more soldiers to the Middle East and the Soviet Union began sabre-rattling close by.

British paratroopers from Cyprus flew to the Amman airport to support embattled young King Hussein against the wave of anti-Western Arab nationalism which dethroned and killed his cousin, King Faisal II of Iraq.

In London, Prime Minister Harold Macmillan said today that British troops landed in Jordan to forestall a plot to oust King Hussein's government.

Macmillan said Hussein had appealed to the United States as well as to Britain for military help to block the threat against his state.

The Prime Minister said British troops were being sent by air from Cyprus.

CONSIDERING REQUEST
Macmillan said the U.S. government was considering Jordan's request for help.

Hussein announced in a broadcast to his people that the landing had been authorized last night by an emergency session of the Jordanian Parliament. In Amman, at least, the news caused no initial excitement.

The King said the foreign troops were in Jordan as "a temporary measure to protect our borders from enemies circling us in every direction."

He said they had been asked in under Article 51 of the U.N. Charter, which provides for collective defense against armed attack without prior authorization from the U.N.

In the meantime, in Washington, British Foreign Secretary Selwyn Lloyd is meeting with Secretary of State Dulles today for urgent conferences on the grave events in the Middle East.

Lloyd also was to see President Eisenhower this afternoon to review the crisis which has sent (Continued on Page 4, Col. 3)

One Bare, One Covered

ATLANTA (UPI)—Policemen S. F. Wiggins and L. F. Burch suspected something was fishy when they spotted a car with the license entirely covered. They were right—the male driver of the auto turned out to be completely nude.

Iraq Insurance Boosted

LONDON (UPI)—British insurance underwriters have boosted the "war risk" premium for ships using Iraqi ports sevenfold—from 10 cents to 70 cents per \$200. Iraq, in the throes of a rebellion, has a short coastline along the Persian Gulf and is a major oil producer.

State Gives Saginaw Street Plan

'Remove 5 Traffic Signals'

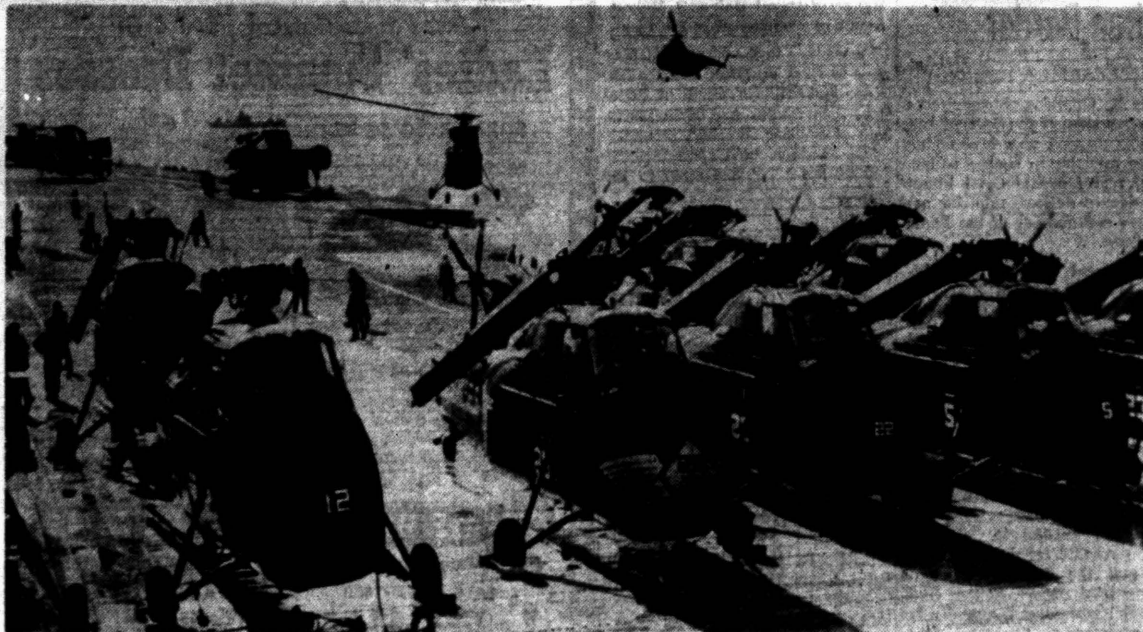

Five existing Saginaw street traffic signals should be eliminated and one new one added, according to State Highway Department plans for a progressive traffic light system.

City Traffic Engineer Theodore M. Vanderstempel, who said today he would oppose one of the changes, believed the state would authorize construction to begin in about a month. It should be completed by midfall, he said.

SHOULD BE AT ELM
In order to produce a smooth flow of traffic, the state said, there should be no signals at the corners of Warren, Mt. Clemens, Water, Rapid and Raeburn streets.

The new signal, it recommended, should be at the cor-

Marine Helicopters Land on Carrier Deck

READY FOR QUICK MOVE—More than a score of Marine assault helicopters landed on the deck of the carrier Antietam at Norfolk after a flight from North Carolina. The helicopters reportedly are destined for early movement to the Mediterranean, although the Pentagon described the flight as a preparatory movement.

Paratroopers in Turkey; More Marines Readied

WASHINGTON (P)—The United States readied more Marine forces for the Middle East today as airborne Army troops, pulled from the NATO line in Germany, reached an advanced staging area in friendly Turkey.

The Army got into the rapid buildup of American power in the eastern Mediterranean yesterday when the 1st Airborne Battle Group of the 24th Division flew in giant Air Force transports to Adana air base.

This base, built for Turkey and her NATO allies, is 300 miles from Lebanon, where 3,600 Marines are already on shore.

The eventual destination of the Army troops, 1,600 strong, is still secret and will remain so pending further developments.

While the Army troops were flying eastward, a powerful force from the 2nd Marine Division,

Reaction Story

Page 14

Camp Lejeune, N. C., was boarding transports and at least one aircraft carrier near Norfolk, Va., and Morehead City, N. C.

Although the Pentagon officially described the boarding activity as "a readiness exercise," it had all the looks of an emergency embarkation.

Military officers noted the particular significance of one phase of the Norfolk area activity—the movement of Marine assault helicopters.

These were flown up from Cherry Point, N. C., and landed directly on the flight deck of the carrier Antietam.

In Adana, Turkey, the crack force of more than 1,000 U. S. paratroopers rested on their weapons today, awaiting orders for their next move—if any—in the angry Middle East.

About 24 hours ago, this airborne task force from the U. S. 24th Division was more than 1,400 (Continued on Page 2, Col. 1)

Troops, Tanks Planes Sighted Along Border

'War of Nerves' Only Large - Scale Exercises Start Tomorrow

TEHRAN, Iran (UPI)—Soviet troops, tanks and aircraft were seen moving along the Russian-Iranian border today, apparently in preparation for large-scale "exercises" starting tomorrow.

The Soviets announced early today they would hold maneuvers in the Trans Caucasus and Turkistan areas, which border on Iran and Turkey. They said the exercises would start tomorrow.

The troops and tanks were visible from Astara, an Iranian town on the Soviet border. Planes also were sighted in the area.

Informed government sources said they believed the massing of Soviet forces on the border is part of a "war of nerves" the Russians intend to impose on the pro-Western Mideast countries in retaliation for the U. S. Marine landings in Lebanon.

They also said it was designed to keep Iran from extending any aid to loyalist Iraqi elements.

At the same time the British Embassy in Tehran sent a team of jeeps and supplies to the Iraqi border in order to help any Britons who may flee Iraq.

The British consulate at Khorramshahr also has been asked to keep on the lookout for nationals.

Reports arriving in Tehran today said former Premier Nuri Said definitely had been killed and his body hanged publicly in the streets.

There also was a short scare here when travelers arriving from the airport outside Tehran reported that tanks were moving toward the city. But it was learned that it was a routine troop movement and not in any way a revolution.

Reports reaching foreign embassies here said the rebels were firmly in control in Iraq.

The Transcaucasus district borders on Turkey and Iran, both members of the pro-Western Baghdad Pact, and lies less than 300 miles from Beirut and NATO bases in Turkey. Turkistan is the plateau area farther to the east along the frontiers of Afghanistan and the western reaches of Communist China.

The Soviet announcement gave no hint as to the number of troops and planes which will take part in the maneuvers.

It was deemed significant, however, that the forces will be commanded by two high-ranking officers. The commanders are Marsh (Continued on Page 2, Col. 2)

'Hands Off Lebanon'

MOSCOW (P)—More than 2,000 banner-waving, fist-shaking Russians demonstrated outside the U.S. Embassy today, shouting "Hands off Lebanon" and "Hands off Iraq." Two hours after the demonstrators marched up in well organized columns, there had been no violence.

Warmer Tonight, More Humidity

Partly cloudy and warmer with more humidity is the prediction for tonight and tomorrow, with tonight's low near 62.

The high Friday is expected to reach around 84. Scattered showers are forecast for tomorrow night, with a low of 65.

In downtown Pontiac the lowest temperature reading preceding 8 a.m. was 55 degrees. The thermometer registered 76 at 1 p.m.

Robert Murphy Arrives by Jet

U.S. Envoy in Lebanon

BEIRUT, Lebanon (AP)—Special U.S. emissary Robert Murphy arrived here today and expressed hope Americans can contribute to peace and stability in the Middle East.

Murphy, who said his mission will keep him here some days, arrived aboard a huge jet KC135 tanker after an 11-hour trip from Westover Field, Mass.

It was the first United States-to-Lebanon nonstop flight.

Expecting Slow Release in Cuba

18 Sailors and Marines Still Held at Mountain Hideouts of Rebels

GUANTANAMO, Cuba (AP) — U.S. Consul Park Wollam sent word last night that it may be a week more before Fidel Castro's rebels release all the U.S. servicemen they kidnapped.

The rebels' idea apparently is to keep Cuban government forces from launching a full-scale attack on their mountain hideouts for as long as possible.

Four more servicemen were returned to the Guantanamo naval base yesterday by U.S. Navy helicopter after spending 20 days in rebel camps in the mountains of east Cuba. Eighteen sailors and Marines remained behind.

Wollam, who has spent three weeks dickering for the prisoners' release, said the whole operation might take from four days to a week with the men probably continuing to come out in small batches.

The latest four men freed were Lawrence E. Jamison, 21, Bradford, Pa.; Angelo Mapiacos, 20, the Bronx, N.Y.; Michael P. McArdle, 18, New York City; and Hal C. Worrall, 18, Marysville, Ind. Worrall is a Marine; the rest are Navy men.

The men were scrubbed and clean-shaven. They said the rebels made them clean up before leaving.

The rebels already have released the 20 U.S. and Canadian civilians they kidnapped in a futile effort to force the U.S. government to recognize them as bona fide belligerents.

Paratroops Arrive at Base in Turkey

(Continued From Page One)

The combat-ready paratroops — or most of them — had no idea where they were going when they were hustled aboard transport planes. They joked about the usual lack of information.

Sgt. Stanley Willard, 29, Gratz, Pa. was in charge of 12 paratroopers and two Jeeps aboard a Hercules transport.

"I don't know where we're going," he grinned. "But you can bet your boots we'll do a good job when we get there."

With that, Willard began a furious polishing of his already spick and span rifle.

The men landed here last night. Unofficial reports said more than 50 Air Force transports were needed for the men and their equipment.

The landing of the task force caught this Turkish-U.S. air base somewhat unprepared.

Some staff officers of the task force had to sleep in tents without cots. Crews of the transport planes slept in their planes. The paratroopers broke out their sleeping bags and bedded down in circles around the planes.

Commander of the task force is Brig. Gen. James E. Roberts of the U. S. Air Force in Germany. The flight was made under tense and hurried conditions. The paratroopers had no food, with the exception of chocolates, during the six hours in the air.

All material was packed for dropping by parachute.

Sixteen American and West German correspondents and photographers accompanied the task force.

U. S. authorities declined to give the exact number of men or planes involved or hint at their ultimate destination.

The Day in Birmingham

Mayor Ingraham Names Two to City Positions

BIRMINGHAM—Mayor Carl Ingraham today announced the appointments of William H. Burghum, to the Birmingham City Commission and Walter R. Denison to the City Planning Board.

The appointments will be confirmed at the commission meeting Monday night.

Burghum, of 1875 Winthrop St., an engineer with the George Bass Construction Co. and a former planning board chairman, will succeed William Hutchinson. The latter resigned after acceptance.

Soviets Massing on Iran Border

(Continued From Page One)

al A. A. Grechko, former commander in chief of the Soviet forces in Germany and now first deputy defense minister in charge of land forces, and Marshal Cyril Meretskov, deputy defense minister and wartime commander of the Leningrad front.

Assignment of the top military leaders recalled that last year when tension developed along the Soviet-Turkish border, Deputy Defense Minister Marshal Konstantin Rokossovski was appointed temporarily as commander of the Caucasian Military District. He was recalled to Moscow when the tension subsided.

Diplomatic sources in Moscow believed that the Soviets regarded the situation as less serious than that which existed in 1956 during the Anglo-French invasion of Suez and the Israeli attack on Egypt's Sinai Desert. At that time, the Soviet government actually began registering "volunteers" to help Egypt.

The sources said there was no definite indication yet that the Soviets planned to send any volunteers into the Middle East now or that they contemplated any actual diplomatic or military intervention.

Girl's Baton Wish Closer After Surgery

(Continued From Page One)

because Linda had not been restrained during her active young life, her heart was strong and healthy and would now heal very quickly.

WOULD HAVE FAILED
Linda was living with an artificial mechanical heart for almost two hours yesterday during the operation and doctors told her father that only 1½ years ago, this operation would have failed because needed equipment was lacking.

When the newly-crowned national champion Land-O-Lakes dancing majorette baton twirlers heard Linda wanted to be a baton twirler, they bought her one of the best batons available.

A birthday party for the little girl is being planned for July 30 at the hospital and at this time, the majorettes will present their gift along with an invitation to join their group in learning how to twirl a baton.

U.S. Freighter Collides With Swedish Vessel

DETROIT (AP) — The Swedish motorship Ereholm and the American freighter Armstrong collided in the northern end of Lake St. Clair last night. Both were downbound and proceeded on to Cleveland.

The Coast Guard said damage was minor. There were no injuries and the cause was not immediately determined.

The collision, apparently a side-swiping, was off the St. Clair crib light.

ing a position with a Grand Rapids law firm.

Denison, an assistant Oakland County prosecutor, will take the place of Eugene Barney who resigned from the board because he is moving out of the city. Denison lives at 615 Oakland.

Pontiac and Royal Oak topped all other communities in prize winners at the Birmingham-Bloomfield Hills Duplicate Bridge Club session last night at the Birmingham YMCA.

In the North-South competition, James White of Birmingham and Mrs. Mary McNeary of Bloomfield Hills were first. Mrs. Norma Keller of Royal Oak and Melvin Small of Pontiac placed second.

First place in the East-West play went to Carl Vossberg of Pleasant Ridge and William Kurth of Royal Oak. John Kraus and Eric Lewis, both of Pontiac, finished second.

The sessions, held each Wednesday at the "Y," are open to the public.

The Birmingham Chamber of Commerce is planning its first membership drive since 1955, according to Charles Mortensen, manager.

The drive is being set up to be conducted in one day by two-man teams. No team will have more than six prospects to contact, Mortensen said.

The Chamber's Board of Directors has announced the appointment of Manley Bailey to the off-street parking committee.

Robert B. Hawkins, 234 Tuckahoe Rd., Bloomfield Township, has been elected to the board of directors of Zollner Corp., Fred Zollner of Ft. Wayne, Ind., company president, announced.

With the firm since 1957 as sales manager of the office at 1100 N. Woodward Ave., Hawkins also has been named vice president in charge of sales.

Mrs. Edward Maclean Requiem Mass will be sung for Mrs. Edward (Margaret) Maclean, 89, of 147 Linden Rd., Birmingham, at 10 a.m. Saturday at the Holy Name Church. Burial will be in Holy Sepulchre Cemetery, Detroit.

Mrs. Maclean died yesterday at her home following a brief illness. The Rosary will be recited at 8:30 p.m. tomorrow at Bell Chapel of the William E. Hamilton Co.

She was a member of the St. Margaret's Guild of the Holy Name Church and an honorary of the MacLaren Hospital Auxiliary in Flint.

Surviving are a daughter, Mrs. James A. Reilly; a sister and one grandson.

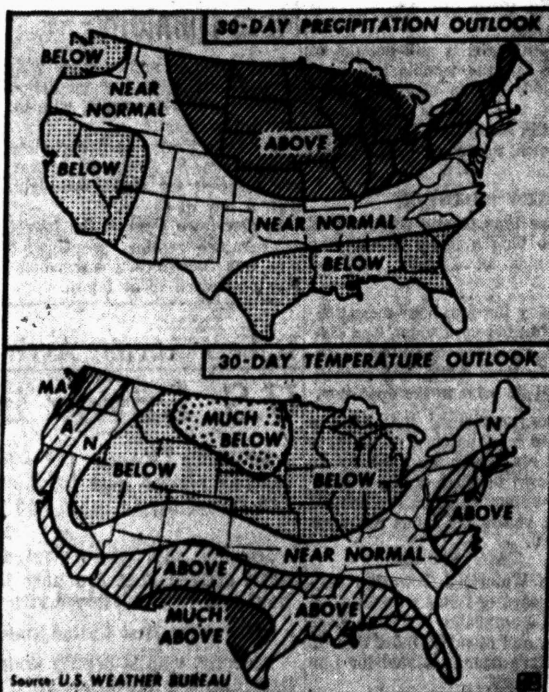

Israeli Intervention Possible in Jordan

JERUSALEM, Israel (UPI) — The Jerusalem Post said today an attack by the forces of President Gamal Abdel Nasser on Jordan could bring Israeli intervention.

But aside from normal security precautions, which have not affected civilian life, Israel appeared to be watching the Middle East developments almost with detachment.

The Israeli public was maintaining a calm which surprised many foreign observers and newsmen who flocked here in belief Israel might take advantage of the crisis in the Middle East to square accounts with its Arab neighbors.

An editorial in the Jerusalem Post said that "the possibility of the entry of Egyptian forces in Jordan is a development likely to precipitate Israel's intervention." But observers doubted that Nasser would make such a move, at least at the present time.

WEATHER AHEAD — Weather forecast for the next 30 days is shown in the above maps, based on information supplied by the United States Weather Bureau. More than the usual rainfall is expected in the northern part of the nation, including Michigan, with temperatures somewhat below normal in our area.

MAKE OVER JUPITER Jupiter Flies 1,500 Miles; Nose Cone Is Recovered

CAPE CANAVERAL, Fla. (AP) — The Army blasted a mighty Jupiter intermediate-range ballistic missile 1,500 miles across the Atlantic today and recovered its nose cone after a successful re-entry from space.

The recovery of the cone was announced about two hours after the missile thundered aloft.

It was the second time a full-scale ICBM nose cone survived the fiery dive from space through the earth's atmosphere at a speed of 10,000 m.p.h. and was recovered.

The Army's missile chief, Dr. Werner von Braun, observed the spectacular launching.

Officials announced that the recovery today and the first one May 18 "affirmed that Army missile men have found a satisfactory solution to the warhead protection problem."

The USS Escape, one of four specially equipped ships in the Navy's recovery team, plucked the cone from the sea near Antigua Island an hour and 36 minutes after it streaked back from space.

The recovery package which included a large balloon, radio transmitter, dye marker, and signal light which led the search unit to the spot.

The Jupiter, which is expected to provide the first stage for the Army's moon rocket, went off with a mighty roar at 4:05 a.m. It climbed straight up throwing off a thick stream of white flame

State Gives Pontiac Saginaw Street Plan

(Continued From Page One)

ent be altered to a 70-second cycle during rush hours to handle a greater traffic volume.

The change would mean that rush-hour traffic would move at a slightly slower speed — averaging 25-27 miles an hour — than traffic at other times, which could average 29-32 miles an hour, Vanderstempel said.

At all times, he said, the average speed in the downtown area would be slightly lower than in less crowded sections.

The system covers Saginaw from Lafayette street on the north to South boulevard on the south. Included is an estimated \$4,500 worth of construction at the Oakland-Saginaw street intersection, consisting of new signals and a traffic island. To put the system into effect, new underground wiring must be installed from Auburn avenue to South boulevard, Vanderstempel said.

that illuminated the Florida sky for miles.

After 70 seconds, the missile moved toward a horizontal course and drove toward the horizon.

The 69-foot rocket was visible for more than 13 minutes, much longer than usual, as it reflected the rays of the rising sun.

The cone was instrumented to separate from the missile body somewhere in outer space.

The cone appeared to be the same size as its 3,000-mile predecessor which missile experts say helped solve the intermediate-range re-entry problem.

LONDON (AP) — An object washed up on a beach in the English Channel last month was identified today as part of an American Shark guided missile fired from Cape Canaveral, Fla., in July 1956.

It was discovered by Betty Fox in St. Clements Bay on the Island of Jersey.

Increase Staff of Prosecutor

Tentative OK Granted to Hiring of 2 Persons by Supervisors Group

Preliminary approval was granted the Oakland County prosecutor's office this morning to add an assistant prosecutor and stenographer to that office to handle two types of support cases.

The Salaries Committee of the Board of Supervisors approved the additions and said the matter should now go before the Ways and Means Committee.

Prosecutor Frederick C. Ziem requested the new personnel, which, if approved, would mean \$9,000 in yearly salaries, to handle legal activities under the Uniform Reciprocal Enforcement of Support Act, and aid to dependent parent cases in the county.

Previously, the matters have been handled by the Friend of the Court with the assistance of the Corporation Counsel's office. Spokesmen for these two offices told the Salaries Committee members of being "swamped."

A 1953 amendment to a 1952 state law requires enforcement of these support cases to be carried out by the prosecutor's office. A working agreement between this office and the Friend of the Court has placed the authority with the latter since 1953.

U. S. and British troops into Lebanon and Jordan, respectively.

FLIES OVERNIGHT

Lloyd, accompanied by British defense chief Sir William Dickson, arrived here at 10:58 a.m. after conferring with Britain's United Nations delegation in New York. He had flown overnight from London.

He was met by Dulles who said "I'm glad to see you." Lloyd came here at Dulles' invitation.

Gen. Nathan F. Twining, chairman of the U. S. Joint Chiefs of Staff, was on hand to greet Dick-

son, chairman of Britain's Joint Chiefs of Staff Committee.

Officials here said there had been no decision on whether U. S. forces would move into Jordan alongside the British, though diplomats understood Hussein had approached Washington on that possibility.

Demand for protection of British interests was accompanied by a warning that Britain would take the most serious view of any further physical assaults on British lives or property.

There are more than 5,600 Britons in Iraq, including about 600 airmen at rebel-held Habbaniyah Air Base, and several hundred technicians who run the oil fields at Kirkuk, Mosul and the Basra oil port.

Fiji Islanders Draw Up Rules 'for the Wife'

KINGSTON, N. J. (UPI) — A marriage counselor speaking at the New Jersey conference of Seventh Day Adventists yesterday released some "basic laws for the wife" as drawn up by a school teacher in the Fiji Islands. The laws were:

1. Don't tell wife some story about some girls in past time.
2. Don't growl at her when she done something wrong. Wait for time, then growl.
3. Love her in always.
4. When she saying bad things, don't hear that. Keep away from her.

5. If she tell you something what she like, give it to her.
6. If she disobedient for three times, then give punishment."

Shanghai Population Up Nearly Million in 5 Years

TOKYO (UPI) — Shanghai Communist China's largest city, increased its population during the last five years by almost one million despite the relocation of hundreds of thousands of its citizens.

The New China News Agency said an official of the Shanghai Labor Bureau reported that the city's population was now 7,120,000, compared with 6,204,417 in June 1953.

He pointed out that vast numbers of Shanghai residents had been moved to different jobs in other parts of the country.

Conventional safety pins can now be manufactured at a rate of about 90 per minute in a single machine.

Fiance Who Says 'No' Must Pay Girl \$500

SINGAPORE (UPI)—A 19-year-old Ceylonese girl was awarded \$500 damages Tuesday because her fiancé who said "no" to her, "somewhat impaired" by the refusal of her fiancé to marry her.

The girl, V. Rajeswary, claimed damages from V. Balakrishnan, 27, who broke their engagement in November, 1956. The court said, "One can well imagine the whispering gossip that may follow an unhappy incident of this kind."

People may be prone to say there must be something wrong with this girl or Balakrishnan would not have broken off the engagement."

Linen Dyeing Speeded

NEW YORK — Linen can be dyed in 25 minutes with the aid of ultrasonic waves, the Russians claim. The publication, Textile World, reporting this, says conventional methods normally take 5

hours to dye linen. The sheepskins acquired under the effect of ultrasonics reportedly come clean in 10 minutes, a process that usually requires an hour.

There are more than 1,000 churches in Philadelphia.

Walled Lake School Board Approves Deficit Budget

WALLED LAKE — For the first time in recent years, the Walled Lake Board of Education has approved a deficit budget.

An outlay of \$1,752,430 — \$215 more than anticipated receipts — was adopted by the Board at its annual meeting.

VALUATION INCREASING

Members pointed out, however, that if property valuation in the school district continues to increase at its present rate the district probably will not have to operate in the red.

Appointing to Board offices were Julius Nelson, president; Dwight Wiseman, secretary; and John Clark, treasurer. Nelson succeeds Joseph Long, board president the past two years.

Miss Ethel Mugler, a teacher at Union Lake Elementary School, was named principal of Wixom School. She also will handle referrals for special education.

Secretary Wiseman was authorized to seek approval from the State Municipal Finance Commission to borrow \$50,000 against anticipated state aid because the state has announced its aid payments will be delayed and not paid in full.

The Board will invest \$750,000 of its \$880,000 in bonds in Michigan National Bank. The bonds were sold in June for construction purposes.

Deposits of school funds for the year again will be made in the Community National Bank Branch.

in Walled Lake and the Pontiac State Bank.

Bids for intercom systems for Decker, Twin Beach and Commerce School were opened and tabled for further study.

Fleet insurance was awarded to the Bosch Insurance Agency in Walled Lake. The agency's low bid was \$1,115.78.

Bidders have until noon Aug. 11 to submit bids for sale of fuel oil, gasoline, ice cream, milk, meat and workman's compensation insurance. They will be awarded at the regular meeting Aug. 11.

At this time the board also will passenger station wagon and panel truck.

The station wagon will be used to transport special education pupils to Farmington, while the truck will have miscellaneous work.

The Board signed contracts for seven new teachers. Five elementary teachers and one math instructor for Walled Lake Senior High School remain to be hired. In final business, the auditor's report was accepted and the annual financial statement signed.

Farmers Paid for Idle Acres

U.S. Reveals Figures Under Soil Bank Land Retirement Program

WASHINGTON (AP) — U. S. farmers will have received \$1,645,858, 415 from Uncle Sam during the past three years for the wheat, corn, cotton, tobacco and rice they didn't produce.

Translated into prices, the government paid farmers an average of about \$1.20 a bushel for wheat, 90 cents for corn, \$33 a bale for cotton, 20 cents a pound for tobacco and \$2.44 a hundred pounds for rice.

These figures were determined from an Agriculture Department report to Congress made public today on the three-year use of the acreage reserve of the soil bank land retirement program.

Under this program—which is being abandoned after this year—farmers are paid subsidies for underplanting acreage allotments of corn, cotton, wheat, rice and tobacco. A major purpose was to help hold down surplus production.

In hearings before a House appropriations subcommittee, Assistant Secretary of Agriculture Marvin McLean estimated that without the program, farmers would have produced an additional 288 million bushels of corn, 5 1/4 million bales of cotton, 310 million bushels of wheat, 244 million pounds of tobacco and 11,450,000 bags of rice during the three-year period.

Virtually all these extra supplies — had they been produced — would have wound up in government surplus stocks.

Orion Civil Defense Unit Takes On New Project

ORION TOWNSHIP — The Civil Defense Unit of Orion Township is in the process of meeting terms of a contract with the State Civil Defense Commission for facilities for a 200-bed emergency hospital.

The Lake Orion Village Council has signed its portion of the contract, making it responsible for storage of the equipment in the annex of Lake Orion Junior High School. Superintendent A. A. Reed was named property officer.

Bands Will Perform

NORTH BRANCH — Members of the North Branch high school junior and senior bands will present an open air concert from 7:30 to 8:30 p.m. Saturday at the corner of Huron and Saginaw streets. Directing the band will be Gary Sutton of the school band department.

RECORDS FALL AT UNION LAKE — Baseball-pitching music critics are having their say at this Paul Bunyan Days carnival booth in Union Lake. Called the "Record Break," the game offers the "critics" a chance to test their throwing accuracy and bust a phonograph recording they dislike. Taking dead aim here is Daniel Hatfield (right) of 9215 Funston St. Kenneth Breit of 760 Farnworth St. awaits his turn. The annual two-day event, sponsored by the Union Lake Businessmen's Assn., will wind up this evening. Proceeds are used to help support local Boy Scout troops, Little League Baseball teams and the Union Lake Volunteer Fire Department.

Records of 1957 are being broken at the Paul Bunyan Days carnival booth in Union Lake. Daniel Hatfield (right) is taking aim at a target while Kenneth Breit (left) awaits his turn. The game, called "Record Break," tests throwing accuracy and busts a phonograph recording they dislike. Proceeds support local Boy Scout troops, Little League Baseball teams and the Union Lake Volunteer Fire Department.

Boys on Bikes Mishap Targets

Three Youngsters Hurt Colliding With Cars in Area Wednesday

Youngsters on bicycles were prime accident targets yesterday in Pontiac and in Oakland County. Pontiac police reported that Benny Joe Petty, 14, of 36 Bellview St., was injured when his bike was struck by a car driven by Abraham E. Schwartz, 45, of Detroit.

The accident occurred at 4 p.m. on Mt. Clemens street, east of the viaduct. Benny was admitted to Pontiac General Hospital for lacerations of the head and possible fractures and is in satisfactory condition today.

Police said he turned his bike in front of the car suddenly as the cars was starting to pass him.

Rick Foden, 15, of 237 John R. Avon Township, suffered a broken left arm when his bike was hit by a car driven by Thomas W. Babcock, 31, of 5144 Harvard Rd., Clarkston.

The accident occurred on Walton boulevard at Old Perch road, Avon Township.

Rick was admitted to St. Joseph Mercy Hospital and is expected to undergo surgery today.

A third boy injured by a bicycle was Allen Lynn Haney, 15, of Detroit. He was struck on Walton west of Clintonville road, Waterford Township, at 10:30 last night. The driver, Floyd Wilson, 41, of 4176 Foley St., Waterford, said the boy was apparently riding alongside his car without lights and he did not see him.

Allen was treated at Pontiac General Hospital for lacerations of the head and released.

Appoint Leaders for Torch Drive in Oakland

Appointments of regional chairmen for the 1958 Torch Drive in Oakland County areas other than those served by the Pontiac Area United Fund have been announced by Mrs. Victor H. Marsh of Royal Oak, county Torch Drive chairman. The chairmen and their townships are:

Mrs. Clyde C. Bennett, Jr., 889 Suffolk St., Birmingham, for Bloomfield.

Mrs. Palmer Bundy, 8621 Easton Rd., Davisburg, for Addison, Farmington, Groveland, Holly, Lyon, Novi, Rose and Springfield.

Mrs. Fred H. Hamal, 1202 Murdoch St., Royal Oak, for Royal Oak, Troy and Southfield.

They will name community chairmen in their regions and co-ordinate the campaigns, Mrs. Marsh said.

The Torch Drive will be conducted from Oct. 14 through Nov. 6.

Holstein Enthusiasts Schedule Show at Ionia

The annual Black and White Show, for farmers interested in Holstein cattle, will be held July 31 at the Ionia Free Fair Grounds, beginning at 9 a.m.

Judging the showing will be Prof. Hilton Boyton of the University of New Hampshire.

Oakland County breeders who participated last year were Stewart J. Hutchins of Rochester and Laura Turner of Bloomfield Hills.

To Hold Vacation School

THORNVILLE — The Thornville Community Church will hold Daily Vacation Bible School from July 28 through Aug. 1. Sessions will be conducted from 9 to 11:30 a.m. with Robert Morgan of the Rural Bible Mission in charge.

MR. AND MRS. ROY MADDOX

Lenore Reuter Marries in Walled Lake Church

COMMERCE TOWNSHIP — Lenore D. Reuter, daughter of Mr. and Mrs. Peter Reuter, 3100 Benstead Rd., Saturday evening became the bride of Sergeant First Class Roy G. Maddox.

Performing the rite in the St. Matthew's Lutheran Church, Walled Lake, was the Rev. O. A. Gerkin, pastor.

The bridegroom, who is stationed at the Commerce NIKE Site, is the son of Mr. and Mrs. W. Leon Maddox of Elba, Ala.

For her wedding the bride chose a bouffant, ice blue, waist-length gown of lace and tulle. It featured a tiny standup collar and lace tulle gossamers. A seed pearl crown held her shoulder-length veil, and she carried a bouquet of white roses and blue delphiniums with satin streamers on a white prayer book.

Maid of honor was Helen Norcis of Commerce Township, and the best man was Master Sergeant Billy Johnson. Sergeant First Class Robert Johnson and Specialist Second Class Ira Griffin were ushers. All are stationed at the Commerce NIKE Site.

A buffet reception was held at

the home of the bride's parents following the ceremony. Upon return from their two-week honeymoon trip in the south, the couple will make their home in Union Lake.

BETTY SEBERT

The engagement of Betty Sebert to Fred A. Stayhue Jr. has been announced by her parents, Mrs. Mildred Sebert of 36201 Madison St., Richmond, and Roy L. Sebert of Armada. The prospective bridegroom is the son of Mrs. Fred A. Stayhue of Dryden and the late Mr. Stayhue. A Sept. 20 wedding in the First Methodist Church in Richmond is planned.

JOYCE FRALICK

Mr. and Mrs. Norman Fralick of 1920 Auburn Rd., Avon Township, have announced the engagement of their daughter, Joyce, to Ronald Newmann, son of Mr. and Mrs. John Newmann of Saginaw. The wedding date hasn't been set.

More crimes, suicides and insanity occur during the summer months than any other time of the year.

Complete Plans for Blood Bank at Commerce

COMMERCE TOWNSHIP — Plans have been completed for formation of the Commerce Township Community Blood Bank, which would be available to all residents of the township.

The bank will be officially established Monday when a Red Cross bloodmobile is stationed at the new Commerce Methodist Church from 1:45 to 7:45 p.m. to accept donations.

Appointments for Monday may be made by contacting Mrs. Edward Genack, Empire 3-3806.

Mrs. Genack, coordinator of the new Commerce blood bank, is receiving assistance from blood bank coordinators from nearby communities.

Donors must be between 15 and 50 years of age. Persons under 21 years of age, unless married or serving in the armed forces, must have written permission from parents or guardians.

Mrs. Wilbert Horton, member of Commerce Methodist Church WSCS will operate a canteen at the church for donors. She also is in charge of serving dinners to Red Cross staff members and volunteers.

Question 5 Youths on Break-Ins at Park

Five Detroit area youths were arrested at Dodge Park No. 4, Waterford Township, yesterday for investigation of larceny from an auto.

The five were seized by park police at 4 p.m. after several persons reported they had seen them breaking into cars.

Held by the Oakland County Sheriff's Department are Daniel R. Niewrowski, 17; Stanley Senkowski, 17; Lonnie D. Adams, 17; and Richard A. Purves, 15, all of Detroit, and John J. Thornton, 19, of Dearborn.

Deputies said the youths had consumed about a case and a half of beer and were intoxicated when arrested.

Four cars were found which had been forced open and owners reported their wallets were looted in two of them.

White Lake Dems List '59 Candidates

WHITE LAKE TOWNSHIP — Candidates for the five major offices in the White Lake Township primary election next spring were announced last night at a meeting of the Township Democratic Committee at the home of Kenneth E. Goodell.

The candidates and the offices they will seek are: Goodell, supervisor; Bernard J. Hickey, clerk; Mrs. Margaret Malm, treasurer; and Everett Gillow and Edward E. Mollenkopf, trustees.

Names of the remainder of prospective Democrat candidates for 12 offices in the township will be announced at the committee's next meeting Aug. 20.

Plans also were discussed for the holding of an "old-fashioned" summer rally sometime next month.

County Calendar

Rochester The Ken Apple vocal trio will appear at a special meeting Saturday at 7:30 p.m. at Bethany Tavernade, First and Cassell streets, Rochester. The public is invited.

Auburn Heights The Auburn Heights Community Club will meet at 8:30 p.m. today for a potluck picnic at the home of Mr. and Mrs. V. L. Forrest, 1970 E. Long Lake Rd. Mrs. Ernest Howell will assist the hostess. Picnic will be played during the evening.

Almont The Almont Friendly Farmers (Farm Bureau) will meet at 2 this evening at the home of Mr. and Mrs. Joseph Dolan, 4026 Bloomer Rd., Almont. A potluck luncheon will be served after the meeting.

Drugs Take 1/4 of Bottles

NEW YORK — Manufacturers of glass containers ship nearly five billion a year for drugs and toiletries — about 24 per cent of total

Prices start lowest...capacity goes highest in Chevy pickups!

You have your choice of the fast-stepping Stepsides, featuring America's lowest priced popular pickup, or the fleet new Fleetsides, offering more load space than any comparable popular models.

Look over Chevrolet's lineup of 12 different models—and pick the pickup that suits your job best. For cutting costs, there are the fast

working Stepsides, which include America's lowest priced popular pickup. For hauling bigger loads, there are the handsome new Fleetsides—with pickup boxes a full 6 feet wide—offering more cargo space than any comparable low-priced models.

Your dealer's got all the facts on why no other pickup brings you such rock-bottom dependability at Chevy's rock-bottom price.

STILL ECHOES AROUND WORLD

By The Associated Press

Debate over the landing of U.S. Marines in Lebanon still echoed around the world today.

Prime Minister Nehru said in New Delhi, India, he views the landing with grave concern, adding: "As I've already said, foreign intervention is always dangerous."

But Australia's Foreign Minister R. G. Casey declared in Melbourne it was heartening to see the United States assuming its proper place of leadership as a great power.

Moscow's press thundered with more denunciations of the United States.

The Egyptian press led the chorus of criticism from the Arab world. Cairo's Al-Gumhariya said the United States "must have forgotten the world is not an American colony."

The International Confederation of Arab Trade Unions, denouncing U.S. intervention, declared: "Arab workers will wage forceful battles dwarfing any recollection of the Suez war."

The Times of Indonesia sarcastically asked if it was wise to have so many Americans in Indonesia, observing "We are exposed to U.S. intervention." This referred to Washington's statement the Marines were in Lebanon partly to protect American nationals.

Peiping radio said anti-American rallies were staged in major cities of Red China. The People's Daily, official organ of the Chinese Communist party, carried a cartoon showing a U.S. wolf landing in Lebanon.

Communist North Korea's Pyongyang radio said "U.S. imperialists" cannot "cover up their true color as heinous aggressors."

On Formosa, Premier Chen Cheng of Nationalist China issued a statement saying "We are happy that President Eisenhower has finally taken an action commensurate with the position and responsibility of the United States as the leader of the democratic world." Formosa newspapers echoed Chen's sentiments.

In London, the Daily Express appealed to the people of Britain to back the United States, "for upon their success depends the restoration of peace in the Middle East and the safeguarding of peace in the world."

"Said the influential Times: 'Amid all the dangers, the only sure thing is that the American action in Lebanon, whatever the future may bring, has for the present checked a greater riot and wider bloodshed.'

Britain's left-wing press still attacked the U.S. action. Said the Laborite, anti-government Daily Herald: "Western intervention, whatever its intention, can only doom every government in the Arab states that accepts it. We can retain nothing this way. We can lose everything."

Dagbladet, Norway's largest afternoon newspaper, reflected the critical view of Scandinavian nations. "Once more those responsible for American policy have acted stupidly and in panic. The Iraq coup caused the American landing in Lebanon, an action which brought the world to the brink of war," it said. "Today, a new stupid action took place, this time caused by Great Britain. These actions have hurt the prestige of the West for years to come."

Italy Ships Third of Cars

ROME — Italian automobile production in 1957 totaled 351,799, of which 318,488 were passenger cars. One Turin manufacturer alone turned out 308,464 units. Italy's car exports to 100 countries rose to 119,123 units, or 34 per cent of total production.

Corrigan Pulled 'Rock' 20 Years Ago Today

SANTA ANA, Calif. (AP) — Twenty years ago today a pint-sized county fair daredevil named Douglas Corrigan flew a rickety ocean-banned monoplane from New York to Ireland.

The 3,150-mile flight caught the fancy of a depression-glum era and earned the brash young pilot the nickname "Wrong Way Corrigan."

An overnight sensation, Corrigan returned to a hero's welcome in the United States and ticket-tape receptions, banquets, a movie contract — and a lifetime membership in the Celebrated Liars Club of Burlington, Wis.

Corrigan, 51 now, lives the life of a country squire with his wife and three sons on his 20-acre orange grove. He's added a few pounds, but still has the toothy Irish grin and the unruly shock of hair so familiar to newspaper readers of 1938.

And he likes nothing better than

to reminisce about his flight.

There's still the same twinkle in his blue eyes when he tells an interviewer that a compass error sent his \$900 plane winging to Dublin instead of Long Beach, Calif.

"Instead of flying the right heading, I went the opposite way. The weather was foggy and I didn't see the ocean below me."

Corrigan drank a pint of water, ate fig bars and "sang a bit to keep up my spirits" on the 23-hour 13 minute flight. His only instrument, other than the celebrated compass, was a dollar wrist watch that stopped.

Corrigan earned about \$85,000 from lectures, magazine articles, a book and a motion picture, "The Flying Irishman." He managed to keep about \$50,000, he said, and most of what's left is invested in his orange grove.

Corrigan has flown a friend's light plane just enough to keep up his license. His famous plane is in storage, and the Texas-born pilot hopes someday to reassemble it and donate it to an aviation museum.

Port Huron AF Pilot Killed in Jet Crash

EGLIN AIR FORCE BASE, Fla.

— Two F100 Super Sabre jet fighters from Eglin crashed within four minutes in unrelated accidents yesterday. The pilot of one was rescued from the Gulf of Mexico.

An Eglin spokesman said the second pilot, Lt. Francis J. Robinson of Port Huron, Mich., was killed.

The first jet crashed near Destin, Fla. The pilot, Lt. David Everson, ejected and went down in the Gulf. Everson was picked up by an Eglin helicopter about two miles offshore. He was reported uninjured.

Troubled Lebanon Crossroad of 2 Worlds

By ST. LOUIS AP Writer

In Lebanon, that spot on the globe where for the moment peace dangles over the snakepit of war, East and West strike a delicate balance.

NATION CROSSROADS

Across the centuries, the watch fox-sized nation on the eastern shore of the Mediterranean Sea has been a crossroads for the two worlds.

It is more so than ever in this modern age when armies—and nations—travel on petroleum. Much of the Middle East's oil production is piped out of Saudi Arabia and Iraq to Lebanon's ports where it is loaded into tankers for shipment to Europe.

The Russians, who find it politic to back Gamel Abdel Nasser in his passion to unite the Arab nations, would like to see Lebanon fall into the hands of Nasser's new United Arab Republic. The United States, pledged by the Eisenhower Doctrine to fight for the "preservation of the independence" of Middle Eastern nations, would not.

Lebanon, a melting pot where Christian and Moslem have lived peacefully under the same flag, was able to remain officially neutral to the big power tug of war until recently.

Then Camille Chamoun, Lebanon's Christian and pro-Western president, upset the delicate balance. He hinted he would seek to amend the Lebanese constitution so he could serve a second term.

His hint touched off a flame of opposition among Moslem leaders, who are opposed for a variety of reasons to the Chamoun government. This flame was fanned to violence by the Nasser propagandists of Radio Cairo and Radio Damascus.

The history of Lebanon stretches back into eternity. Ancient Egypt had designs on it because of the famous cedars of Lebanon. These trees were used later to build Solomon's temple in Jerusalem.

During the Crusades, Lebanon was a gateway to the Holy Land for the Western armies. But West

gave way to East in 1290 when the region fell to the Mameluke sultan of Egypt. It fell again in 1516, this time to the Ottoman Turks.

After Turkey's defeat in World War I, Lebanon was occupied by the French. In 1926 the French set up a Lebanese republic, but another world war had passed before the tiny nation became completely independent.

Size-wise, Lebanon stretches at an average width of 30 miles for 125 miles along the Mediterranean coast. It is surrounded for 150 miles by Syria and bordered for about 35 miles more by Israel.

The capital of Beirut is 100 miles from the British island of Cyprus, 350 miles from Nasser's capital in Cairo, 500 miles from the Iraq oil fields, and only 650 miles from the Soviet-Turkish border.

Its terrain is well suited to the guerrilla warfare of revolution. Two mountain ranges, the western-most rising from narrow coastal lowlands, stretch the length of Lebanon. Some of the peaks top 10,000 feet. Between the ranges is the fertile plain of Bekaa.

Beirut, with a population of 250,000, and Tripoli with about 75,000 are the principal cities. Tripoli, an oil tanker port, is the terminus of a pipe line from the oil fields of northern Iraq.

The 1½ million citizens are almost equally divided between Christian and Moslem religions. There are many Turks, Armenians, Greeks, Jews, Persians and Europeans among the population.

Coffee house conversation is a confused jumble of English and Arabic, French and Armenian, Greek and Hebrew.

When the balance was upset, there were four groups principally involved in the revolt. These included the Moslems of the Tripoli area, a hotbed of pro-Syrian sentiment; the Moslems of Beirut, whose leaders are strong for Nasser; the Druses, mountain tribes-

men belonging to a religious sect that broke off from Islam, and tribesmen from the Syrian border area who have always opposed central authority.

Behind Chamoun's government—at least theoretically—is the 5,000 to 9,000-man army commanded by Brig. Gen. Faud Shehab, a member of an old Lebanese family respected by both Christians and Moslems. The army's five colonels are Christians as are many of its 170 officers.

But the men filling the ranks are drawn from all religions and sects. Many are Moslems. Equipment is vintage World War II—Sherman tanks equipped with British guns, British 25-pounders for field artillery. The 300-man air force flies about a dozen British Vampire jets. The navy has only a few coastal patrol boats and subchasers.

To Avoid Fight on Trade Bill

Senate Backers Agree to Press for Extension in Joint Conference

WASHINGTON (AP)—Backers of reciprocal trade appeared ready to accept a three-year extension in the Senate and try for more in a conference with the House.

This was one of several points of strategy considered in an effort to win passage of a bill meeting most of President Eisenhower's requests. The House has voted a five-year extension of the program, as Eisenhower asked. Other Senate show-downs also may be avoided as part of the same strategy.

Behind-the-scenes strategy being worked out by Senate Democratic Leader Lyndon Johnson (D-Tex.), Sen. Harry F. Byrd (D-Va.), floor manager for the bill, and Republican Leader William F. Knowland (Calif.) called for only one major floor amendment before final passage. The plans were understood to cover these points:

1. A floor vote to knock out of the bill a provision inserted by the Senate Finance Committee sharply curbing the President's powers to operate the trade program.
2. No roll call vote on the Senate floor on the length of extension of the act, leaving Senate-House conferees free to accept the five years voted by the House instead of the three years fixed by the Finance committee. The Senate conferees might agree to five years in return for House acceptance of a Senate provision to give more industries tariff relief under the national security section of the trade law.
3. A conference agreement to knock out or modify a Senate provision which would limit to 5 per cent the permitted tariff cut in any one year. The House bill would permit a 10 per cent reduction.

Label Blood by Race, Red Cross Ordered

BATON ROUGE, La. (AP)—A law designed to force the American Red Cross to label blood plasma shipped into Louisiana according to race goes into effect July 30.

The bill was signed yesterday by Gov. Earl Long. Long also signed two other segregation bills supported by Sen. W. M. Rainach's Joint Legislative Committee on Segregation. One requires the attorney general to aid registrars of voters in integration cases. The other provides for registrars' pay to continue whenever they are forced away from their regular duties by federal integration actions.

The blood plasma bill does not apply in disaster areas or in individual cases where doctors decide an emergency exists.

He Draws Too Slowly

ALAMOSA, Colo. (AP)—Walter G. Morgan's draw may be fast, but his trigger finger is faster. The 28-year-old Pueblo man shot himself in the thigh while demonstrating his quick draw. The bullet lodged near the knee. Morgan, whose performance was given before two companions, was taken to an Alamosa hospital.

Boy Takes Giant Stroll

WASHINGTON, Pa. (AP)—Six-year-old Robert Haigney of nearby Sky Terrace, Pa., knocked at the door of a rural home, requested a glass of water, then asked to be taken home. It ended a search of 5,000 eprons for the boy. He had covered 18 miles in an all-day walk.

'Game Starter' Now New Name for Shill

By EARL WILSON

LAS VEGAS — Had you heard that the shills who work the gambling casinos for \$10 a day have now gone uppity? They don't call themselves shills any more but insist on the high-falutin name "Game Starters."

Mrs. Milton Berle won \$2,000 at dice the other night "Just betting on a guy with a cigaret behind his ear." All this occurred while her husband was doing his clowning for the customers in the dining room. I found this out when I called over to ask her for a cigar. This might seem a funny thing to ask a woman, but she carries several for Milton in her purse. She not only brought me the cigar but flattered me in my face. I was sorry I asked.

George Gobel has a "guitar-carrier-out" in his act at the Riviera, who turns out to be beautiful Marilyn Hanold from New York, one of the shapeliest dolls in the country. She's on leave from the Los Angeles Moulin Rouge where George discovered her. George finds "Marilyn Hanold" a mouthful so he just calls her "Charley," and now everybody else in town calls her "Charley." George explains he's too lazy to pronounce her whole name. "I'm one of these guys," he explains, "that lives in a constant dread of getting tired."

I picked up some of the gambling lingo here. A "bender" isn't a drunk but a card cheat who bends one edge of the cards. A "sub" is a kind of secret pocket inside the dealer's pants or underwear where he secretes stolen chips. "Grift sense" is an institution by which a dealer can spot a crooked player like a burglar can smell a cop.

The last remembered sub wasn't inside a dealer's undies however; this thief wore an enormous wrist watch. He would palm a chip and hide it under his watch. Each time he went off for relief (8 times a day) he would have a \$25 chip under his watch. He did very nicely until some sharp-eyed expert got to wondering why, in these days of thin watches, he had one as big as a turnip.

THE MIDNIGHT EARL IN N.Y. . . .

Rita Hayworth's attorney, Bartley Crum, takes Aly Khan to court July 28 to ask for the \$50,000 Aly allegedly still owes her; Aly'll plead diplomatic immunity (as Pakistan's U.N. delegate) . . . Pianist Van Cliburn is booked solid till the end of '59 . . . Margaret O'Brien's NY trip for the Eydie Gorme-Steve Lawrence show was her first ever without her mother, who's alling . . . Fidel Castro's newspaper is now sold on N.Y. streets, 35c a copy . . . Pretty Christine Carere's work in "A Certain Smile" got her a long-term contract.

EARL'S PEARLS: There never was a man so busy that he couldn't stop to tell you how busy he was. TODAY'S BEST LAUGH: Photographer Joel Landau bought a tiny foreign car, and a passing truckdriver yelled to him, "Hey, he careful—you're parked on chewing gum!" That's earl, brother.

Driver's Licenses of 21 Suspended or Revoked

Fourteen Pontiac area residents judgment and Charles E. Lackey, had their drivers licenses revoked 62 Gladstone St., was unable to or suspended recently, according to the Michigan Secretary of State's office.

Those ordered to furnish financial responsibility for drunk driving were:

Lemmie L. Agee, 350 Parnsworth St. Raymond D. Gibson, Pontiac Township Albert H. Pope, Walled Lake Lee Scherer, Birmingham

The licenses of the following persons were taken for habitual negligence:

Joseph E. Robert, Birmingham John Salo Jr., Rochester William L. Scott, Farmington Anthony Whit, Farmington

Cited for habitual negligence and failure to appear for re-examination were:

Roy W. Cover, Farmington Kenneth W. Schleicher, Birmingham Melvin E. Smith, Farmington William R. Zill, Walled Lake

Jessie Jordan, 104 S. Saginaw St., lost his license for unsatisfactory consecutive evenings.

Big Expenses Torpedo Show

Viewers Wage Battle to Have Program Put Back on Air

By CYNTHIA LOWRY

NEW YORK (AP) — "Matinee Theater" sank quietly in the channels of daytime television at June's end, torpedoed by big expenses and small audiences.

Somehow, it had managed to survive almost three years in spite of competition from quiz shows, musical shows and serials. It won wide critical acclaim, but for some time it has been unloved by NBC.

The network claims to have lost three million dollars putting on five hour-long live plays weekly. The show's drooping ratings dampened sponsors' eagerness to help pay for the plays.

In its place have come two serials cast in the conventional mold of agony and much cheaper to produce.

Meanwhile, however, "Matinee Theater" is not beyond salvage. It has developed a hard core of such devoted viewers that Mrs. John Conte, wife of the actor who was host on the show, was moved to organize the non-profit Foundation for the Preservation of Matinee Theater.

To date, thousands of viewers have contributed more than \$200,000 to get the show back on the air.

"And we would have much more if all our viewers knew about the Foundation," said Mrs. William Black, East Coast chairman of the project. "We tried to buy spots on NBC asking viewers to contribute, but they wouldn't give us time."

Whether or not the Foundation is successful, the idea of thousands of women earnestly attempting to keep alive an intelligent, entertaining television show is stimulating and pleasant.

Obviously NBC could not be expected to continue to drop a million dollars a year on a TV show, no matter how widely it was praised or beloved.

Apparently it could survive only if moved to TV's public service time — Sunday afternoon — which has become increasingly egghead and increasingly lacking in sponsors.

Mrs. Black, however, thinks sponsors — even soap manufacturers — are missing a good bet. "After all, thousands of women have demonstrated how much they like the show — and with contributions," she said.

"I think the sponsor who gave 'Matinee Theater' back to its public would be such a hero the audience would make sure his product sold. After all, that's what a sponsor wants, isn't it?"

Typhoon Winnie's Toll

Mounts to 21 Dead

TAIPEI, Formosa (AP) — The death toll from Typhoon Winnie mounted to 21 today. Delayed reports from the east coast port of Hualien said 16 were killed there when the storm swept through on Tuesday.

Another 169 persons were reported injured at Hualien and about 50 fishing boats lost in the storm. Ten thousand persons in the port city were left homeless.

Studio Angered as Starlet Sails With Trujillo

HOLLYWOOD (AP)—An overnight voyage aboard Gen. Rafael Trujillo Jr.'s palatial yacht almost cost a brunette film starlet a movie role.

Lita Milan was the mysterious "Lady in Red" who sailed on the 350-foot Angelita Tuesday from Los Angeles Harbor.

She came ashore when the Angelita reached San Diego yesterday and then flew back to Hollywood.

But when the yacht was sailing, Miss Milan was supposed to begin a starring role in a movie in Los Angeles. When she didn't appear the director ordered her replaced. After long conferences with Edward L. Alperson, president of National Pictures, she was reinstated in the role.

Miss Milan denied any romantic ties with Trujillo, son of the Dominican Republic's strongman. "I have known him for a long time," she said. "I think he is a wonderful man, and I am very proud of him." She said the Angelita is heading for Mexico.

Liberace Accepts \$40,000 in Suit From Magazine

LOS ANGELES (AP)—Liberace has settled his 20-million-dollar lawsuit against Confidential magazine.

He agreed Tuesday to accept \$40,000—the biggest settlement yet made by the much-used onetime scandal magazine.

Liberace, now appearing in Atlantic City, N.J., told his lawyers by phone that he'll give to charity whatever is left of the \$40,000 after legal and court costs have been paid.

Liberace sued the magazine in May 1957, alleging an article about him was "defamatory, vulgar, rude and completely untrue." The magazine and its publishers were later tried for criminal libel and Confidential agreed to change to a less sensational format.
