Traffic Safety Conference to Draw 400-Plus

Concern over the rise in traffic accidents is reflected in the large number of persons expected to attend a Governor's Regional Traffic Safety Conference in Pontiac tomorrow.

★ ★ ★

Over 400 officials from local and state groups interested in safety have made reservations for the day-long session at the Pontiac Elks Club.

It will be the largest crowd to attend a governor's traffic meeting this year, according to Earl Krebs, manager of the Pontiac Area Chamber of Commerce, whose safety committee is coordinating the program.

The Pontiac conference is the seventh and last in the series of meetings conducted throughout the state this month.

Dr. George A. Harkless, chairman of the chamber's safety committee will open the program at 9 a.m. City Commissioner Winford E. Bottom will welcome and introduce guest speakers.

★ ★ ★

Among these will be Secretary of State James M. Hare, who will explain the purpose of the conference and the influence past conferences have had on traffic legislation.

Preceding a noon luncheon three phases of traffic safety will be discussed. These are:

Driver licensing: Joseph Corcoran and Robert Yakes of the Michigan Department of State and Pontiac Police Sgt. Lawrence LaBair.

Periodic vehicle inspection: Lawrence Burkhardt, special representative of the Auto Industries Highway Safety Committee, Washington, D.C.

★ ★ ★

Law enforcement: Michigan State University Professor Gordon Sheehe and a panel composed of State Police Commissioner Joseph A. Childs; Fred Serra, traffic and safety committee chairman of the Michigan Association of Chiefs of Police; Joseph Sullivan, assistant attorney general; and Pontiac Municipal Judge Cecil McCallum.

After - dinner speakers will be Lou Morony of the Automotive Safety Foundation, Washington, D.C.; Walter Eaton, Inter-Industry Highway Safety Foundation of Michigan; and Robert Sternberg, Michigan Department of Public Instruction.

At 2 p.m. the audience will break up into three groups to discuss licensing, inspection and enforcement.

Clyle Haskill of the Pontiac Safety Committee will give a summary of the day's proceedings at 3:30 p.m. to conclude the meeting.

Lodge Arrives in Saigon; Viet Envoy Resigns

Diem Ambassador Echoes U.S. Protest of Buddhist Suppression

TOKYO (AP) — A hurried flight of Henry Cabot Lodge to his duties as the new U.S. ambassador to Saigon and the resignation of South Viet Nam's ambassador to Washington today dramatized opposition to the crackdown on Buddhist foes of President Ngo Dinh Diem.

Lodge took a U.S. military plane from Japan for the flight to Saigon as the representative of a government — supporting

POPULARITY PLUS — The trouble with Flower was that he was just too attractive. Although he had been de-scented when he was turned loose in White Lake Township's Lakewood Village Subdivision he drew too many fellow skunks who were the wrong kind. Patrolman Tom Carl escorted the gentleman out of town yesterday. Flower is staying with a local veterinarian until a home can be found for him.

X15 Hits 66 Miles; Pilot Tops Own Mark

From Our News Wires

EDWARDS AIR FORCE BASE, Calif.—X15 pilot Joe Walker, highest and fastest flier of winged aircraft, broke his own world airplane altitude record today by shooting the rocket ship 66 miles into space.

Ground observers said the veteran space agency research pilot's flight was almost an exact repeat of the one July 19 when he hit 348,700 feet, a shade over 66 miles.

Walker was aiming for 360,000 feet, or about 68 miles. He fell short because his angle of climb was too shallow, only 44 degrees instead of the planned 48 degrees.

It was the first time the X-15 had attempted so steep a climb—48 degrees, or more than halfway to the vertical—and the first flight test of a new electronic brain designed to help the pilot get back alive.

Walker hit a top speed estimated at 3,700 m.p.h., with his engine wide open until its fuel was gone. The steepness of his climb kept him from approaching the X-15's straightway record of 4,104 m.p.h.

The target altitude of 360,000 feet was supposed to be the highest the V-15 was to go until given a more powerful engine and heat shielding to survive faster reentry into the atmosphere.

The flight was designed to test a new device called an altitude predictor, a computer designed to tell the pilot if he started climbing too fast and too steeply—critical factors in X-15 flights.

Mercury to Soar as Clouds Cover Area Tomorrow

Partly cloudy with temperatures soaring to near 90 is the forecast for tomorrow with little change expected Saturday.

The U.S. Weather Bureau said tonight will be mostly cloudy and warm, the low about 66.

Sixty was the low recording in downtown Pontiac preceding 8 a.m. The mercury had climbed to 89 at 2 p.m.

New Chevrolet Unveiled for '64

Chevelle 1 of Firm's 5 Lines, 43 Models

DETROIT (AP)—Chevrolet, which won the auto sales race this year, today unveiled its 1964 models, including the Chevelle — only brand new entry in the automotive field.

★ ★ ★

Semón E. Knudsen, General Motors vice president and general manager of Chevrolet, said Chevrolet would be built in five lines and 43 models in the 1964 run.

It is the largest number of Chevrolets ever offered and is well beyond the four lines and 33 models offered in 1963.

Chevrolet was the first GM division to preview its 1964 line.

★ ★ ★

Knudsen, citing Chevrolet's record-breaking sales, said in remarks prepared for delivery to 200 newsmen at the company's annual press preview:

★ ★ ★

"Sales through July of this year ran about 5.2 per cent ahead of our record breaking (calendar) year of 1962. If the condition of general business allows us to maintain our current rate, Chevrolet could end the year with a new sales record of 2,210,000 cars and 415,000 trucks, surpassing last year by more than 115,000 vehicles."

★ ★ ★

Chevrolet gave no indication of prices on the new models which will go on display in dealer showrooms Sept. 26.

Second Attempt Fails

Order 3rd Mine Rescue Try

Fund Records of Teamsters Subpoenaed

Federal Judge Orders Action; Possibility of Detroit Violation Eyed

From Our News Wires

CHICAGO — A federal judge in Chicago has subpoenaed the Teamster Union's Central States Pension Fund records so they can be analyzed for possible violation in Detroit of the antikickback section of the new Welfare and Pensions Plan Disclosure Act.

Transactions between the fund and four Detroit-area firms will be investigated by the Justice Department. The four Detroit firms were identified in court orders as the Henrose Hotel, Dearborn Machinery Movers Co., Hazel Park Cab Co. and the Detroit Terminal Harbor Co.

★ ★

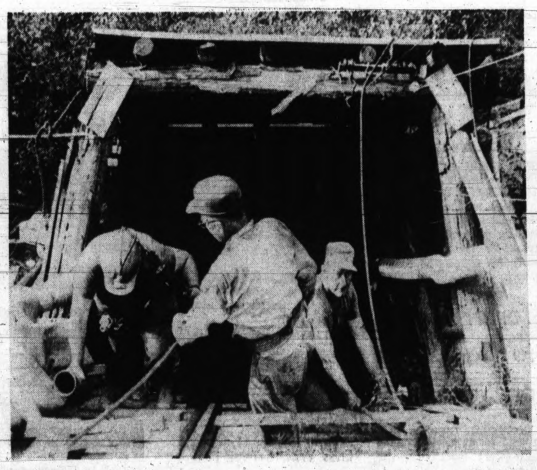

Oakland County Clerk's office and federal records show that a $29,000 loan was made to the cab company, and a $1.6-million loan was made to the hotel.

★ ★ ★

Attorney Walter Matheson, one of 16 trustees of the fund said the union has operated the hotel through its regular staff since July 8, after taking over the hotel because the loan was not repaid.

In Washington, special Justice Department attorney Charles Z. Smith refused to comment on why his department is seeking the records. He would not reveal the amounts, dates or nature of the pension fund operations.

The subpoenas were served on Francis Murtha, executive director of the $240-million fund, in Chicago two weeks ago. Teamster attorney Frank McGarr has since asked District Judge Bernard Decker to dismiss the subpoenas.

CREW LEAVES ENTRANCE — Members of the Hazleton, Pa., Independent Miners Association mine rescue unit climb out of the coal mine slope entrance near Hazleton yesterday after securing a coal car caught in the tunnel collapse that trapped three miners. The crew feared the wheeled car might break loose and enable further rock fall.

10-Story Rig Ready to Drill for Trapped 3

Rescuers Still Hopeful Men Can Reach Hole Few Feet Away

HAZLETON, Pa. (AP)—A giant, 10-story-high drilling rig was moved into position today for a third try at boring an escape hole for the three trapped coal miners.

The new effort was ordered shortly after the second failed—apparently by only a few feet and at a time when success seemed moments away.

Rescue workers hadn't given up completely on the second hole, hoping the trapped men could determine its location in relation to them.

If they can — and suggestions on how they might be able to poured in from experts over all the country — it might be possible for them to reach it by digging or, failing that, it at least would help pinpoint where the drilling went wrong.

★ ★ ★

The third shaft, which is expected to take at least 19 hours, was ordered four feet to the east and eight feet to the north of the second.

But if David Fellin, 58, one of the trapped men, had his way the rescue workers would gamble everything on an attempt to enlarge the present six-inch lifeline hole so he and Henry

Showing Cautious Optimism

Jaycees Get 450 Signatures

In its first "Progress report" the Pontiac Junior Chamber of Commerce Charter Amendment Committee today showed a cautious optimism.

"We have more than 400 petitions in circulation," said a spokesman, "and 21 have been returned with 450 signatures."

★ ★ ★

Jaycees said they feel 450 signatures "is fairly good considering we've only been in business six days and the first week is normally spent just getting petitions in circulation."

See Editorial, Page 6

However, a spokesman added that "We need more volunteers to circuate petitions if we hope to get 7,500 to 8,000 signatures by mid-September."

The petitions request that a special election be held, at which the public can vote on a charter amendment proposed by Jaycees to change the method of electing city commissioners.

7 VOTES

The proposed method would retain nomination by district, as now, but allow each elector to vote for seven candidates, one from each district, in the general election.

★ ★ ★

Presently, electors can vote only for one candidate from their own district.

Anyone wishing to sign a petition, circulate one or return a signed petition can call the committee office at FE 8-6010. Jaycees will deliver and pick up petitions.

Only persons who are registered voters in Pontiac can sign and circulate petitions.

The committee said it is looking for people who would like to be precinct chairmen in all districts, as well as persons who would circulate petitions at Pontiac Mall and Tel-Huron shopping centers.

"We especially would appreciate help from any service clubs or fraternal organizations," the spokesman said.

Flash

MIAMI, Fla. (AP)—Beulah, the second and most dangerous tropical storm of the year, grew to hurricane size today and weather forecasters said it will cause grave concern in the days ahead.

Bipartisan Program

OU Forum to Hear 4 Top Politicos

GOV. GEORGE ROMNEY

Four prominent state and national political personalities will head an impressive roster of speakers at a bipartisan Citizens' Political Forum Sept. 21 at Oakland University, it was announced today.

Gov. George Romney, U.S. Sen. Philip A. Hart, Congressman-at-Large Neil Staebler and Congressman William S. Broomfield are scheduled to speak at the event, which is sponsored by some 25 citizens' groups.

Democrat Hart will join Republican Romney in speaking at a 2 p. m. forum on local government. Romney also is slated to speak at the 1 p. m. luncheon.

Staebler, a Democrat, and Broomfield, Oakland County's Republican representative to Congress, are scheduled to talk at a 10:30 a. m. session on taxation.

Both morning and afternoon forums will include panel discussions.

Among those who will participate in the panel on taxation are Oakland County Board of Supervisors Chairman Delos Hamlin and Gov. Romney's legal adviser, Richard C. Van Dusen.

AMONG PANELISTS

State Sen. Farrell E. Roberts, R-Oakland County, and Democrat Mrs. Harriet Phillips of Huntington Woods will be among four panelists on local government.

★ ★ ★

Those serving on the advisory council for the event include Oakland University Chancellor D. B. Varner, Mayor Robert J. Huber of Troy, former Birmingham Mayor Mrs. C. Howard Willett Jr. and Bloomfield Hills City Commissioner Henry L. Woolfenden.

Council chairman is former Michigan Gov. Murray D. Van Wagoner.

Among the forum's sponsors are the Birmingham Citizens Action Committee; Birmingham Jaycees; League of Women Voters; Oakland Citizens League; Oakland County Farm Bureau; Bar Association and Medical Society; Oakland University; and the United Church Women of Birmingham, Farmington and South Oakland.

Program chairman is Oakland Citizens League president William H. McGaughey.

SEN. PHILIP A. HART

Senate Unit Views Action on Rail Rift

WASHINGTON (AP)—The Senate Commerce Committee today discussed, but took no action on, legislation to avert a rail shutdown threatened next Thursday by a dispute over new job-cutting work rules.

Chairman Warren G. Magnuson, D-Wash., told newsmen the committee will meet again in late afternoon, but a final vote may be delayed until tomorrow because of the absence of several members.

Negotiations between the railroads and the five operating unions involved in the dispute broke down last night.

* * *

President Kennedy has submitted legislation to turn the dispute over to the Interstate Commerce Commission, which would be empowered to issue work rules binding for two years unless supplanted by agreements reached through collective bargaining.

Magnuson said this and other proposals that have been advanced for preventing a rail shutdown were discussed by the commerce committee members.

He said he was "pretty sure" that whatever legislation the committee recommends can be acted on by the senate on Monday. The House has made clear it is going to wait for the Senate to act first.

EXPRESSED DOUBT

But Republican congressional leaders expressed doubt at their weekly news conference today that Congress could pass strike-halting legislation within a week.

Sen. Everett M. Dirksen, R-Ill., said he did not know whether the Senate would have time to dispose of so complicated a proposal before the Aug. 29 deadline.

Rep. Charles E. Halleck, R-Ind., expressed similar doubt, saying he saw little chance that the House would approve any time - saving procedure that would bypass the rules committee, which decides when and how measures reach the floor.

Magnuson said that Rep. Oren Harris, D-Ark., chairman of the House Commerce Committee, had told him the Senate bill should reach the House early next week.

Although it held extensive hearings, the Commerce Committee has been hanging fire on legislation proposed by President Kennedy July 22 to avert a strike. The committee hoped that the carriers and the rail unions, negotiating under the eye of the Labor Department, could settle the four-year work rules dispute themselves.

HOPES DASHED

These hopes were dashed Wednesday. Secretary of Labor W. Willard Wirtz said negotiations had broken down and there was no immediate prospect of reconciliation.

AP Photofax

WEAPON WITHOUT WALLOP — An East German Army sergeant, guessing he is being photographed by a cameraman across the border in West Berlin, sticks out his tongue. A comrade, cradling a more potent weapon, watches. They are guards in a window at the sector border wall near Bernauer Street in the divided city.

By Detroit, City Officials

Water Plant Is Dedicated

They had only a few unfinished buildings, two big reservoirs and lots of mud and dirt to work with, but Detroit and Pontiac officials made the most of it today in dedicating Pontiac's new water plant.

* * *

The site on Opdyke near South Boulevard isn't landscaped or paved as yet. The new water administration building isn't up.

The things that were most important to Pontiac residents were completed first.

There are two gleaming 5-million-gallon reservoirs and a pumping station housing five new pumps. That's all that was needed to start Detroit water on its way to homeowners Aug. 9.

The remainder of the water plant will be finished within two months.

ON HAND

On hand for the official dedication today were Detroit Mayor Jerome P. Cavanagh; Gerald J. Remus, general manager of the Detroit Department of Water Supply; city commisioner Loy E. Ledford; and Herbert G. Parker, water superintendent.

They were joined by a host of officials of both cities in the brief ceremony shortly before noon.

The water plant is the last project in a $3.9-million water system improvement program, which includes an elevated storage tank on Montcalm at Edison and some $1.6 million in new distribution mains.

Cavanagh, the main speaker, welcomed Pontiac as the 56th suburban community to join the Detroit water system.

"This magnificient construction is highly significant as an example of cooperative governmental endeavor, "said Cavanagh.

"Through this cooperation, the people of this area have resolved one of their most consequential needs."

* * *

Cavanagh said the next step in area development would be interceptor sewers, which he plans to discuss with Detroit's Common Council tomorrow.

Ledford was the spokesman for the city in the absence of Mayor Robert A. Landry and Mayor Pro Tem Winford E. Bottom.

Landry was to return to the city later today from a vacation. Bottom, previously scheduled to speak for the city, announced early this morning he could not attend.

Six Killed in Crash on Florida Highway

BROOKSVILLE, Fla. (AP)—Six persons were killed today in a collision between a car and a truck on State Road 50, three miles east of Brooksville.

The Florida Highway Patrol said three persons were hospitalized with injuries received in the predawn crash.

Details of the accident were not available immediately.

Names of the dead and injured were not released by the patrol immediately.

Terrorists Fail to Halt Ships on Seaway

MONTREAL (UPI) — Bomb-planting members of a terrorist underground organization today tried but failed to immobilize the St. Lawrence Seaway.

The seaway is a vital waterway that allows ships to sail from the Atlantic Ocean into the heart of North America.

A bomb planted by associates of a man who called Quebec Provincial Police identifying himself as a member of the "Quebec Liberation Front" (FLQ) wrecked the lifting mechanism of one of two lift bridges spanning the seaway near here.

But the bridge was in the "up" position. It had not yet been lowered after the Canadian Lake freighter John O. McKellar passed through on its way to Great Lakes ports. The blast jammed it in the "up" position.

Shipping traffic resumed about five hours later with the bridge still up.

Strike at Bronze Firm Ends With 3-Year Pact

BAY CITY (UPI) — A strike at the Wellman Bronze and Aluminum Co. ended last night with agreement between the company and union on a three-year contract.

Kennedy Opposed

GOP to Alter Tax Bill

WASHINGTON (AP)—Republicans plan a new attempt to write an economy requirement into the tax-cut bill although President Kennedy opposes the move and has given new pledges to hold down spending.

In a letter Wednesday to Rep. Wilbur D. Mills, D-Ark., chairman of the House Ways and Means Committee, Kennedy wrote:

"I see no reason for placing any conditions or contingencies on the effectiveness of the second phase of the tax reduction program."

This referred to a Republican move to make the second installment of the proposed tax cut dependent on holding the budget deficit or the national debt to a specified figure.

Two key Republican members of the tax-writing committee, Rep. John W. Byrnes of Wisconsin and Rep. Howard H. Baker of Tennessee, said, however, the effort will be renewed.

A motion along these lines by Baker lost by only one vote in the committee last week.

Thanking Mills for his work on the bill and urging that remaining congressional action on it be taken promptly, Kennedy wrote that "any delay or contingent feature would substantially reduce the effectiveness of the legislation. This in turn could lead to decreases in revenues . . . and greater deficits."

Byrnes, senior Republican member of the committee, said the President's letter does nothing to alter his opposition to the bill under the present "attitude toward spending."

Byrnes said he is not impressed by Kennedy's statement that he expects, if all goes well, to submit a budget in January with a smaller deficit than the anticipated $9.2 billion.

"While he was writing that letter his Cabinet officers were all over the hill trying to have cuts in spending restored and promoting new and enlarged spending programs, Byrnes said. "His words have a hollow ring compared with specific action."

"Even if he did submit such a budget," Baker said, "Congress could vote more funds."

Baker said he will continue to try to write into the bill a provision making the second-year tax cut inoperative if the prospective deficit goes beyond anticipated levels.

The measure approved last week by the Ways and Means Committee asks Congress to provide a net tax relief of close to $11 billion. Kennedy originally suggested $10.3 billion.

Key members of the Senate and House have expressed doubts about passage this year.

Ex-AEC Members Hesitant on N-Pact

WASHINGTON (AP)—Two former members of the Atomic Energy Commission—Lewis L. Strauss and Dr. Willard F. Libby—expressed misgivings today about the limited nuclear test-ban treaty.

Libby, now professor of chemistry at the University of California in Los Angeles, summed up his view at Senate hearings as one of "worried, reluctant acquiescence."

"Strauss, who headed the AEC from 1953 to 1958, was more critical of the treaty but his comments were keyed to an apparent expectation that the treaty was going to be ratified.

He predicted that the Soviets would cheat on the agreement and said the Senate should attach two reservations to the pact:

● That nuclear weapons may be used without notice "should any of our allies or any of the free nations be subjected to armed aggression."

● That there be free use of nuclear power "to construct harbors, canals and other peaceful works" but in U.S. territory or in that of friendly nations asking such projects.

Libby also had discussed the possible restraints of the treaty on the Plowshare Project, the name given to studies of peaceful uses of nuclear explosions.

In that connection, he said without elaboration that nuclear experts "are about ready" now to dig a canal by nuclear blasts.

Libby said that before voting on the treaty, the Senate should determine whether Soviet possession of a 100-megation bomb is a "commanding advantage." He said he is "worried that we have not fired one and observed the effects which must be awful indeed."

Lodge in Viet Nam; Ambassador Quits

(Continued From Page One)

namese ambassador, saying "I cannot go on representing a government which ignores my advice and of which I disapprove."

Chuong is the father of Mrs. Ngo Dinh Nhu, sister-in-law of the bachelor president. He has broken openly with Mrs. Nhu about her critical appraisal of the Buddhist campaign for "religious freedom and social justice." Mrs. Nhu has called the Buddhists traitors.

The ambassador had twice expressed his opposition in recent weeks to his government's attitude toward the Buddhists.

Diem's dictatorial regime appeared to have cracked the opposition. Several thousand monks and nuns were under arrest.

The government indicated most will be released if they promise to cooperate, but "plotters against the security of the state" will remain in custody. A communique called the latter yellow-robed Reds.

Some U. S. military advisers in South Viet Nam expressed shock at the pagoda raids, saying Diem thereby lost good will that Americans have been trying for 18 months to build up among the Vietnamese people.

A heavily censored dispatch from AP correspondent Malcolm W. Browne in Saigon said the Vietnamese army appeared to be remaining loyal to Diem and rebellion seemed unlikely.

Road Toll Hits 1,062

EAST LANSING (AP)— Traffic accidents have killed 1,062 persons in Michigan so far this year, provisional figures compiled by state police showed today. The toll at this date last year was 963.

Area Resident Slain in Detroit

Weightlifter Arrested in Beating, Stabbing

DETROIT (UPI) — A husky weightlifter, upset over his receding hairline, was held for investigation of murder today in yesterday's beating and stabbing death of a downtown hair and scalp clinic owner.

Found on the litter-strewn floor of his small office and storage room at 1145 Griswold was Thomas L. Houle, 57, of 7448 Franklin Court, Bloomfield Township. He had been stabbed three times with a small knife in the upper part of the body.

Police said Houle also had a multiple skull fracture and several broken ribs, probably from kicks, and a broken nose and jaw.

Described by officers as "quite a substantial suspect" was Charles Lafian, 33, Detroit, who was arrested about four hours after the slaying as he tried to walk past police officers waiting at his home. Lafian's father, Karnig, 58, fought with police as they tried to arrest his son.

Lafian, a former patient at Ionia State Hospital, was described as a disgruntled patient of Houle's, who had been treated since 1950 for receding short, black hair.

He reportedly returned to the clinic Tuesday to argue about the price of a special $1 treatment that did not include special oil that was to be used on the hair at home for six days.

Witnesses said they saw Lafian in the lobby of the building, in the elevator and in the men's room on the seventh floor of the building around the time of the killing.

Police said they found a pair of bloody shoes in the Lafian home and that Lafian had small cuts on his face and hands.

Houle, married and the father of a son and daughter, both married, usually wore a suitcoat that was missing, police said.

He was also missing a watch and a wallet. However, a money clip containing $37 was still in his pocket.

3rd Try Ordered

(Continued From Page One)

Throne, 28, could come out that way.

"Why not ream the food hole?" asked Fellin over the microphone connection through it to the surface.

"Do you think that's the right thing to do?" countered Gordon Smith, deputy state secretary of mining.

"We'll think about it, but I believe it would be easier to move the rig and be faster to drill another 12-inch hole. It seems safer, too, since there would be no loss of communications and food supplies."

"All right," said Fellin.

Rescue workers stared in disbelief when the 65-ton drilling rig, as high as a 10-story building, began bringing up white dust on its rotating bit this morning.

To the experts, this meant they had gone past the coal pocket where Throne and Fellin have been trapped for nine days more than 300 feet underground.

A third miner, Louis Bova, 42, is reported behind a mass of debris about 25 feet from them.

An appeal was issued by rescue officials for radioactive sources and geiger counters to help the trapped pair to pinpoint the drill bit that apparently missed their underground prison by only a few feet.

Dr. H. B. Charmbury, state secretary of mines asked that he be called at the Fellin Mine, in Sheppton, Pa., near here. Charmbury's telephone is Area Code 717 and then, 384-7661.

NATIONAL WEATHER—It will be warmer tonight over the northeastern third of the nation and over parts of the northern Plateau. Scattered showers are expected in Virgina, Louisiana and in the southwest border states.

Birmingham Area News

Bloomfield Hills Faculty to Get Pay for Credits

BLOOMFIELD HILLS — The Bloomfield Hills board of education will spend about $35,000 this year on pay increases requested by its teachers.

* * *

The raises will be based on the number of college credits an instructor has above the amount required for the degree he possesses.

* * *

Fringe benefits for all teachers have also been adopted by the board. Among them are professional growth leaves at half salary.

Teachers who have earned 20 credits beyond their bachelors degrees will receive an additional $150 annually.

Those with 30 credits beyond their masters degrees will get a pay hike amounting to $300 a year.

The increases had been recommended by the board by Superintendent Eugene L. Johnson.

CLASSES BEGIN

Classes in the district are to begin Sept. 5 with dismissal at noon. Buses will operate that day.

* * *

The full class schedule will go into effect Sept. 6. The school lunch program will also start then.

Students who will be attending a Bloomfield Hills school this year for the first time should enroll before classes begin if possible.

Textbooks for junior and senior high school are now being sold from 9 a.m. - 3 p.m. weekdays. Elementary books will go on sale Monday and will be available during the same hours.

Hopes Are Up in Ford Strike

Negotiators Show Meeting Optimism

CHICAGO (UPI)—Negotiators, in almost continuous efforts to settle a United Auto Workers strike against the Ford Motor Co., met today in an atmosphere of optimism.

* * *

The 6-day-old walkout over safety conditions at Ford's stamping plant in suburban Chicago Heights has idled 18,300 employes in 14 plants across the Midwest and East.

* * *

The company laid off 3,500 workers at four plants yesterday and said an additional 12,500 would be laid off by tonight if the dispute were not settled.

* * *

Company and union officials huddled for one hour last night and a Ford spokesman said "considerable progress" was made on 74 health and safety grievances brought by the union.

The mass layoffs followed the walkout Friday of more than 3,750 members of UAW Local 588 at the Chicago Heights stamping plant.

Union spokesmen, who said working conditions at the plant were not safe, said the walkout came shortly after a four-ton die fell out of a press and injured a workman. Union members staged a wildcat walkout in May, also over safety conditions.

* * *

Yesterday's layoffs affected workers at the Monroe, Mich., parts plant and stamping plants at Buffalo, N. Y., Cleveland, Ohio, and Dearborn, Mich.

* * *

Ford said the walkout had caused a shortage of primary auto parts and layoffs were necessary to "balance the stock of components which are being built up for the planned reopening of assembly plants for 1964 auto production."

* * *

If the strike continues, Ford spokesmen said, the bread and butter of the firm's 1964 line will not be ready for the showroom floor on schedule.

Maurice H. Smith

Service for Maurice H. Smith, 57, of 1527 Bennaville, Birmingham, will be 1 p.m. Saturday at the Manley Bailey Funeral Home. Burial will follow in Roseland Park Cemetery, Berkley.

Mr. Smith died yesterday after a short illness.

He was the owner of a tool and machine firm.

He was also a member of the First Methodist Church, Bloomfield Hills Camera Club, Royal Oak Archery Club and the Detroit Astronomical Society.

Surviving are his wife, Mildred; his mother, Mrs. Edna Smith of Eaton, Ohio; and two daughters, Shirley and Vivian, both at home.

Roman Tricks Pave Streets

ROME (AP) — Most of Rome's streets are paved with tricks earned from old Roman military road builders of 2,000 years ago.

The paving blocks of granite or lava are pounded down, uncemented, into a base of sand and clay.

When the street becomes bumpy or needs repair, the loose blocks are pried up easily. More sand and clay is dumped in, and the blocks are pounded back into place.

* * *

The resultant paving is a hazard for women crossing streets in spike-heeled shoes which catch between the stones. But it wears well and repair costs are low.

Moslem women lavish endless care upon their eyes. They massage the corners with cream, they make lustrous the lashes with oil, they enlarge the pupils with belladonna, they darken the lids with kohl, a powder of antimony.

Deputy Avoids Raising Stink

TAMPA, Fla. (AP) — The dispatcher at the sheriff's office was worried.

One of the deputies had stopped for a routine night check of a school grounds. He should have returned to his car, but he didn't answer his radio. The dispatcher kept calling.

Finally the deputy answered. Nothing wrong, he said. It was just that a skunk had gotten between him and his car and he preferred to wait for the skunk to move on.

The first attack by an American bomber on Berlin in World War II occurred May 4, 1944.

Drugs and cosmetics were the second type of product packed in metal cans to reach a mass market. Food was the first product to be so packaged.

Astronomers generally agree that the atmosphere of Venus contains a great deal of carbon dioxide and very little free oxygen.

Junior Editors Quiz on MUSCLES

QUESTION: Why is the big muscle in your arm called the biceps?

★ ★ ★

ANSWER: People often think of "biceps" as meaning just the strong muscle Jack is showing off in our picture — but actually there are two sets of biceps muscles in the human body: "biceps brachii," the one we're talking about, and "biceps femoris," on the side and back of the upper leg, used to bend the knee.

Both these muscles have two heads, or upper attachments where the muscle begins, which is why they are called "biceps." "Bi" is a prefix meaning "two."

There is another muscle, which works the arm in just the opposite way from biceps brachii and has three upper attachments, so this is called "triceps."

Some of our muscles are involuntary, meaning they work for us without our knowing it. Yet Jack can make his biceps bunch up just by thinking about it.

The upper heads of this muscle attach to points on the front of the shoulder blade, but we don't see these attachments because other muscles cover them up.

★ ★ ★

FOR YOU TO DO: Hold your arm up like Jack is doing in the middle picture. Now look at your biceps and you will see it jump up when you tell it to do so.

Travel Service Started in 1841

LEICESTER, England (AP) — Thomas Cook & Sons, Ltd., world-famed travel agency, dates back to 1841, when a 23-year-old printer, Thomas Cook, was asked to organize an outing for some of his fellow workmen from Leicester to Loughborough, 10 miles away.

His discovery that the new railway company was willing to give him cheaper rates for mass bookings eventually grew into the firm which now has over 400 branches, employs more than 20,000 people, and deals with millions of travelers annually.

International telephone calls increased 15 per cent in 1961.

Team Watches Coach Take Bride After Win

BOISE, Idaho (AP) — Members of a Little League team traded their baseball uniforms for dress-up clothes to watch their coach, Don Street, wed Barbara Dyre at a church ceremony.

★ ★ ★

They had already presented the groom with a wedding gift—they'd won their game for him that morning.

Printing Firm Flunks Shool's Spelling Test

POQUOSON, Va. (AP) — Graduates of Poquoson High School will get their diplomas a little late this year — the company that printed them flunked its spelling test.

The original diplomas were printed with school spelled "shool." New ones were ordered.

Iowa enacted the first state cigarette tax in 1921.

Mother, Son Team Up for a Real Double Take

JORDAN, Minn. (AP) — In a double wedding ceremony at the German Lutheran Church here Mrs. Beaulah Johnson was married to Herman F. Trost.

★ ★ ★

The other couple exchanging vows at the same ceremony were Mrs. Johnson's son, Jack D. Johnson, and Arline Henry.

THE PONTIAC PRESS

48 West Huron Street — Pontiac, Michigan

THURSDAY, AUGUST 22, 1963

HAROLD A. FITZGERALD
President and Publisher

Howard H. Fitzgerald II — Executive Vice President and Business Manager
John W. Fitzgerald — Vice President and Editor
John A. Riley — Secretary and Advertising Director
Robert J. Reed — Managing Editor
Fred Thompson — Circulation Manager
G. Marshall Jordan — Local Advertising Manager

Consider Amendment Proposal

Citizens of Pontiac should give earnest consideration to the amendment proposed by the Pontiac Area Junior Chamber of Commerce affecting the election of commissioners from the City's seven districts.

Under the revision, each district would solely nominate two candidates from those entered in the March primary election. But at the general election a month later, the 14 nominees would be voted on by the electorate of the entire City. Of the two then running in each district, the candidate receiving the greater number of citywide votes would be elected.

★ ★ ★

The proposal is not related to the current disaffection in the City Hall, nor to recall moves against incumbent commissioners that have been advocated. The Jaycee organization has given long consideration to the desirability of change in the process of commissioner election, and is now presenting it to the citizenry.

★ ★ ★

Election by general vote would assuredly eliminate the split, narrow viewpoint of commissioners who understandably give priority to self-serving interests of their own districts. It would broaden selection of meritorious candidates from each district while making them conscious of responsibility to the City as a whole.

★ ★ ★

Such limited political and administrative outlook on the part of elected officials as now exists is not conducive to representative, democratic government. The credo of America's early patriots, "In unity there is strength," is applicable here.

We believe that our City stands at the crossroads, and that adoption of the Jaycee charter amendment will constitute a turn in the direction of better government. But the first step in effecting it is the obtaining of some 7,500 petitionary signatures.

★ ★ ★

The PRESS urges all citizens to show their interest in the good of Pontiac by signing one of the petitions being circulated. Or better yet, give greater weight to their convictions by circulating petitions themselves.

More Aid Asked Than Is Wanted?

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON—It has happened so many times it's like a ritual in a bargain basement.

★ ★ ★

The President asks more money for foreign aid than anybody, probably including himself, thinks he'll get.

MARLOW

The immediate reaction in Congress is a kind of horror at the thought of shoveling out all that money to foreigners again.

Since the war the United States has provided more than $100 billion in economic and military aid to 111 countries.

After this annual shock Congress finally votes more foreign aid than it seemed willing to do but always less than the President asked.

★ ★ ★

Tuesday the House began its yearly debate: how much money this time? There will be many weeks of shuffling before the final decision.

That's why President Kennedy's opening statement at his news conference was a rather muffled cry of anguish. He urged Congress to be careful with the scissors.

He will have more to say later if Congress gets too frisky.

This year Kennedy frustrated some of the eager tailors in the Capitol by snipping off some of the money he asked for before Congress had a chance.

★ ★ ★

Last Jan. 17 he asked $4.9 billion in aid. But before Congress stopped chattering about the enormity of it and get down to business, something extraordinary happened.

A special 10-man committee—headed by Gen. Lucius D. Clay—which Kennedy had appointed to investigate operations of the foreign aid program came out for foreign aid all right—but not with the price tag Kennedy had put on it.

The committee said—or seemed to say, for there was a lot of confusion about this when the committee reported March 24—that about $500 million should be trimmed off the $4.9 billion Kennedy had asked.

★ ★ ★

On April 2, Kennedy sent a special message to Congress on foreign aid, chopping almost $500 million off his original request, which is what the Clay committee had seemed to suggest.

ONE BETTER

On Aug. 6 the House Foreign Affairs Committee went Kennedy one better. It suggested Congress should authorize no more than $4.1 billion for foreign aid, or $800 million less than Kennedy had originally said was needed.

That figure was the starting point when the House began considering the matter this week. But the inclination of some House members will be to show even greater economy than its committee.

The greatest foreign aid tailor in the House is Rep. Otto E. Passman, a Democrat and a millionaire from Louisiana.

In 1961 he had himself wheeled into the House on big debate day—he had broken his shoulder the day before—and told colleagues:

"Even though I'm in pain, I question whether I am as in as much pain as the 187 million Americans who have to foot the bill for this." He has long considered foreign aid "fouled up and uncontrollable."

Reflectorized Licenses Increase Night Safety

Hazards of daily living in many categories rise as the sun sets.

Nighttime driving is one. The after-dark accidental death rate is double that of the daytime, with some 20,000 persons a year killed in auto accidents during the night hours.

★ ★ ★

Combating this shocking casualty record, a number of states have reduced it by use of reflectorized license plates. Since many accidents are caused by drivers ramming cars ahead because of inability to see them in time, the luminosity of the reflectorized plates gives the increased range of visibility conducive to effective braking.

This type of plate was referred to in a 1960 study conducted by the University of Illinois. At the time, only seven states were using them, and the report said that while the plates increased legibility distance 28 per cent, further study was needed to determine effect on collisions.

★ ★ ★

Since then, five more states and the District of Columbia have adopted luminous licenses, and a survey shows cheering results.

Night accidents in one state dropped from a yearly average of 300 to 75; another reported an immediate 18 per cent decrease in rear-end and nonintersection collisions. A one-county test in Iowa showed a 79 per cent drop in comparable accidents. Washington, D.C., police say the plates have resulted in drastic reduction in auto fatalities.

★ ★ ★

The new-type plates cost more. But how much are lives worth? Surely the favorable results shown in the 13 states should spur officials of others to give immediate consideration to the adoption of this lifesaving device.

Beauty And The Beast

David Lawrence Says:

Racial Reason Finally Arrives

WASHINGTON — Maybe the voice of reason is at last coming through on the racial problem of today.

President Kennedy deserves praise for the frankness and bluntness of the statement he made at his latest press conference telling some of the Negro agitators that they had gone too far in their demands and that a quota system in employment is not practicable. He said:

LAWRENCE

"I don't think quotas are a good idea. I think it's a mistake to begin to assign quotas on the basis of religion, or race, color, nationality. I think we get into a good deal of trouble.

★ ★ ★

"Our whole view of ourselves is a sort of one society. Now that hasn't been true, but at least that's where we're trying to go. And I think that we ought not to begin the quota system.

"On the other hand, I do think we ought to make an effort to give a fair chance to everyone who is qualified — not through a quota, but just look over our employment rolls, look over our areas where we are hiring people, and at least make sure that we're giving everyone a fair chance.

"But not hard and fast quotas. We're too mixed, this society of ours, to begin to divide ourselves on the basis of race or color."

SUCCESSFUL NEGRO

Another voice of reason has just been raised by S. B. Fuller, one of the most successful Negroes in business in America today. He had only a sixth-grade education, but last year paid an income tax on over $100,000.

He hitch-hiked from Memphis to Chicago at the age of 23, got a job and saved up $25. He took the $25, bought soap and started selling it from door to door. From that $25, he developed a business which produces a nationally known line of cosmetics and allied products and whose sales last year totaled more than $10 million.

Mr. Fuller also controls eight other corporations, among them a department store and a chain of newspapers serving Negro readers in Chicago, New York, Detroit and Pittsburgh.

Mr. Fuller expressed himself last week in an interview in "U.S. News World Report," in which he told the story of his own career and urged Negroes to own their own businesses so as "to give jobs—not just ask for jobs."

$100,000 YEARLY

"How else," said Mr. Fuller, "could a sixth-grade scholar have a job in America that paid him over $100,000 a year unless he was in business for himself?"

When asked whether Negroes have "done everything they can do to help themselves," Mr. Fuller replied:

"No, I don't think they have. They have failed to go into business. I'll give you an illustration: In Chicago alone, we have millions of dollars invested in church property.

★ ★ ★

"I know of one church in Chicago that cost over a million dollars. But we have not had that kind of money invested in business.

"Now, if those people could put a million dollars in their church, they could have taken another million dollars and started a business. And this would have helped them employ themselves and others, too.

"The problem is one the Negro has to work out himself. Negroes are not discriminated against because of the color of their skin. They are discriminated against because they have not anything to offer that people want to buy.

★ ★ ★

"The minute that they can develop themselves so they excel in whatever they do—then they are going to find that they don't have any real problems . . . .

"They have some legitimate complaints, but not very many. They will find that you cannot sue a man and make him want to live next door to you. You've got to sell him the idea that you are just as good as he is, by performance."

(Copyright, 1963, New York Herald Tribune, Syndicate, Inc.)

Bob Considine Says:

Rocky Definitely Wants GOP Presidential Nod

By BOB CONSIDINE

NEW YORK — Three months ago it would have been classified a miracle of some sort if Gov. Nelson Rockefeller announced he would run for the GOP presidential nomination. Today it would be deemed a miracle if he stated emphatically that he will not be a candidate.

The New Yorker was the dominant figure of CONSIDINE the governors' convention, and surely one of the two men Gen. Eisenhower had in mind when, upon his return from Europe, he told reporters that the public should quit thinking of GOP choices as limited to two. (Sen. Goldwater, of course, was the other.)

The governor's brother, Winthrop, seemed a bit surprised the other night when I asked him if Rockefeller would run. He appeared to take it for granted, or at least that could be inferred by his saying, "I plan to give him all the support I can muster."

★ ★ ★

The Arkansas-based Rockefeller is continuing his assessment of his own political career. He thinks a Republican's chances of a Senate seat from Arkansas are remote, but does not rule out the possibility that he might one day run for governor.

Industrially, Winthrop Rockefeller has done more for the state than any other man the state historian can name.

As statistically-minded as his brother, Winthrop pays employes of his 30,000-acre ranch in silver dollars, the easier to trace the number of businesses and ventures enriched by their spending.

Rocky's privately employed pollsters are said to have given him encouraging reports from many quarters outside the state. He did not need their assurance that his wife has been a pleasant surprise to many.

One of the more inscrutable quirks of human nature is that people are inclined to root for the robbers instead of the law, whenever the hold-up guys do pull a "clean" heist, one that embodies intricate planning, blood-less execution, and large bundles of negotiable notes.

Thus, many of us have felt a bit cheated by Scotland Yard for the swift solution of the great train robbery and the round-up of the men before they could buy much more than 'arf-a-pint.

The Brinks robbers lived it up for years.

An immoral point of view, surely. Any fifth-rate psychologist would trace it back to some of the literature of our youth and the recurrent dream of sudden and enviable wealth.

The Country Parson

"A sin, like a flame in a haymow, doesn't have to be big to be dangerous."

Voice of the People:

Interest Continues to Rise in City Government Hassle

I add my voice to the majority of those citizens who are protesting the sad state of affairs at City Hall. I do not know Mr. Stierer personally, but the fact he met the requirements of Mr. Willman is recommendation enough for me.

★ ★ ★

FLANARY

I have observed Chief Koren over the years and have always been impressed by his quiet dignity, his diligence in discharging the duties of his office and his integrity. His job is not an easy one. Recalcitrants in the police department—which is a semi-military organization — seem to get their short hairs up at the mention of discipline. To alleviate much of the criticism of his department, there should be an increase in personnel and a hands-off policy of certain city officials coupled with an awareness by all citizens that we must observe the laws.

★ ★ ★

I am perturbed by the apparent deterioration of the public's respect of the Police Trial Board. An individual sitting in judgment of police personnel must have not only ability and the confidence of the public but must also have the respect of the people being judged. His background should not subject him to censure but rather should enhance his position. People who comprise a trial board must be firm, of good reputation and unimpeachable character.

James F. Flanary
Former Chairman Police Trial Board;
Six years service in the Michigan State troops—last four years as commanding officer in the local units;
Former city member Oakland County Board of Supervisors.

We feel that the suspension of City Manager Robert Stierer may be a serious error. Have the people of Pontiac been presented sufficient evidence? We are afraid that if Mr. Stierer is as high caliber a city manager as has been publicized, we would have difficulty attracting another city manager with similar qualifications.

★ ★ ★

The City Commission has scheduled a public hearing and, as we understand, it intends to take final action, either retaining or discharging Mr. Stierer. Since six of the seven city commissioners are the accusers, they may find it difficult to act as an impartial jury. We would like the people of Pontiac to help their commissioners in this important decision by voicing their opinion before a final disposition.

★ ★ ★

Call the commissioners and express your opinion on the matter. In this way the people of Pontiac can have a strong influence in the decision.

John Ardelan
Robert Hauser
924 Spence
24 Utica

Having known John Leonard well over 25 years, we feel he was unjustly presented to the general public. The only fact mentioned was his poor driving record while completely ignored were other facts that show him to be a local businessman of good reputation with a wife and family. He is a veteran of World War II having seen action on both the European and Pacific fronts, an active member of his church and several other organizations. Let's examine all facets before passing judgment.

Pontiac's Rescue Squad Praised for Work

We want to commend the Pontiac Fire Department Rescue Squad for its quick response to an urgent call Saturday in The Pontiac Press composing room.

Chester Reynolds
Assistant Foreman

Resurfacing of Bay Street Questioned

Our city spent several hundred dollars resurfacing Bay Street. About ½ inch of crushed slag was spread and three children were injured. I called the city road department and the multi-hundred dollar resurfacing job was removed.

Was Bay Street an experiment, a poor job, or just plain waste?

★ ★ ★

There is a 165 per cent surcharge on the city's workmen's compensation insurance, or about $4,000 more than other municipalities of our size. Is this designed to raise a profit for the insurance company? Our commission did not feel that this was enough and gave an additional $2,000 by awarding the high general liability insurance bid to them.

★ ★ ★

If the surcharge is to compensate for a high loss ratio, why is "it only fair" to award an additional $2,000? This is a $6,000 surcharge! Why was the offer of free workmen's compensation safety service rejected? Why are employes injured on the job? Why didn't the commission ask for rebids? This was done last year.

Praises State's Vocational Rehabilitation

I was distressed after reading Mr. Martin's criticism of the Michigan Division of Vocational Rehabilitation. I have been impressed by this agency's provision of medical, vocational and personal counseling services needed to accomplish employment of handicapped citizens.

★ ★ ★

It is remarkable that a rehabilitation program, which ranks nearly last in amount of money allocated per capita of its state population for rehabilitation, can remain among the first ten states in the number of persons rehabilitated annually.

William Turner

In Keego Harbor

Council to Hear Zone Appeal

KEEGO HARBOR—City Council had to amend an ordinance to do it, but will sit as the board of appeals on a controversial rezoning for a nursing home.

A public hearing on the issue is set for 8 p.m. Tuesday at Roosevelt School.

* * *

Under discussion will be land uses for a 14-lot parcel between Pine Lake Avenue and Hester. Developers want residential zoning changed to clear the way for a $300,000 nursing home.

Two weeks ago, the Zoning Board of Appeals, which rejected the rezoning, was relieved of jurisdiction on questions relating to hospitals or nursing homes.

In other action at Tuesday's regular meeting, council set hearings for Sept. 17 on ordinances proposed by City Manager Gordon Hunter to regulate off-street parking and define green belt areas.

Lack of such laws now prompted Hunter to recommend returning to the planning commission a proposed multiple housing ordinance.

COUNCIL BACKING

Hunter also got council backing for a new ordinance covering demolition of unsafe structures.

Coincidentally, a petition was filed by Willow Beach-Cass Lake area residents. They asked for removal of 11 decrepit buildings.

Spalding, DeDecker and Associates, of Birmingham, was named the city's new consulting engineers.

A one-year contract, providing a $300 retainer, specifies the firm will reply in writing to all engineering questions and work on possible federal grant applications.

* * *

Hunter asked for, and got, council approval to eliminate the building board and turn its duties over to the zoning board of appeals.

Area-State News

Pontiac Press Photo

ON ITS WAY — With the opening of school in the Walled Lake district just two weeks away, the Keith elementary building is still a skeleton. Children probably will not be learning their three R's here until after Thanksgiving vacation. A spring strike in the steel industry delayed construction in the district and brought considerable reshuffling of students.

Road Program to Get Funds

Walled Lake Council OKs Repair Finances

WALLED LAKE — City councilmen here have agreed to finance at least part of a $10,155 road repair program recommended by City Manager Frank C. Derby.

* * *

Holding them back is the fact that they have only about $6,000 to do the work. The project possibly may be done in sections.

* * *

Derby's study of road conditions indicated asphalt paving was needed for 450 feet on Barnston; for 606 feet on East Walled Lake Drive and for 2,112 feet on West Walled Lake Drive.

The manager also recommended seal coating 1,128 feet of Leon east from Walled Lake Drive and 2,112 feet of Common from Market to Pontiac Trail.

Councilmen authorized Derby to make out bid forms on the project for the next meeting.

A new ordinance regulating soliciting and peddling in the city was adopted, along with a motion designed to limit noise.

* * *

To control noise, the city will require that permits be obtained for all public dances, parades, auctions or any other functions to be attended by a crowd.

The speed limit on Decker Road between Pontiac Trail and 14-Mile Road was increased from 25 to 35 mph.

Romney: 'Prevent Dropouts'

LANSING (UPI) — The executive office today released an open letter from Gov. George Romney urging all Michigan citizens to encourage more than 10,000 potential high school dropouts to return to school this fall.

* * *

Romney said, "The effectiveness of our efforts during the next two weeks can shape the entire lives of many of the children of our state.

"At a time when our state and nation must exert every effort and harness every resource to meet the pressing challenges which face us at home and abroad, we cannot afford the folly of wasted energy and unused talent."

Besides the 10,000 who will not return to school in September, another 20,000 will quit school before next June even though 75 per cent of them have the ability to win diplomas, Romney said.

"Unless all of us — parents, teachers, employers, government and, most of all, our boys and girls themselves — take immediate and forthright action, this annual waste of human potentialities will be repeated this September and year after year into the future," he said.

* * *

Romney urged teen-agers to look squarely and honestly at the facts because the ultimate decision rests with them.

He cited the monetary reasons for remaining in school as secondary, but important. "The high school graduate can expect to earn $42,000 more in his lifetime than the high school dropout," he said.

Rights Group Blasted

By The Associated Press

An Ann Arbor civil rights group has come under fire from a Detroit Negro leader for failure to join in protest demonstrations as education and housing continued to dominate the racial scene in Detroit today.

* * *

The Rev. Albert B. Cleage Jr., a director of the Detroit Council for Human Rights, directed criticism at the Ann Arbor chapter of the NAACP for not joining demonstrations protesting the shooting of a Negro youth by Ann Arbor police.

Ann Arbor police said the youth was shot and wounded in June when he ignored a warning to halt as he ran from a stolen car.

Meanwhile, Detroit Board of Education President Keonard Kasle denied charges yesterday the present racial pattern in which Negro teachers are placed in Negro neighborhoods was a deliberate move by the board.

* * *

Kasle also announced a "new racial pattern" of placement for the fall.

Kasle said the present racial pattern "is a result of past history, when teachers were assigned on a racial basis before 1955. We are trying to correct the imbalance with our new reassignment policy."

Also in Detroit, the Common Council has set Sept. 18 as the date for a hearing on an amendment that would strengthen the proposed open occupancy ordinance.

However, the Greater Home-owners' Council immediately pledged a turnout of "thousands of concerned citizens" to oppose the change and argue for a counter proposal to "protest homeowners' rights."

Officials of the Flint branch of the NAACP reported yesterday that pickets had been withdrawn from the Flint office of the Michigan National Bank.

* * *

Richard Traylor, NAACP branch president, said the pickets were withdrawn after NAACP and bank officials reached an agreement concerning alleged discrimination in bank hiring policies.

Club Arranges Flower Display

20 Sections of Items at 29th Oxford Show

OXFORD —"Come With Your Arrangements" will be the theme of Oxford Garden Club's 29th annual flower and vegetable show Saturday and Sunday.

Twenty sections of display items are planned, ranging from "simplicity with foliage" to house plants.

* * *

Special interest classifications include "garden ghosts," arrangements with white flowers predominating, "driftwood rhythm," and a junior division interpretation of a nursery rhyme of fairy tale.

A wide variety of vegetables will be displayed, along with fruits and canned goods.

The show is to be staged at Axford School, corner of Crawford and Mechanic, 3 to 11 p.m. Saturday, and noon to 7 p.m. Sunday.

* * *

Exhibits will be accepted until 11 a.m. Saturday, an hour before judging. Mrs. G. F. McGaughey, 346 Lincoln, is general chairman.

Registration Set by Troy Schools for Next Week

TROY—Registration for all students enrolling in Troy schools for the first time this fall will begin 8:30 a.m. Monday and continue through the week.

All principals are scheduled to be in their respective schools during the week, in the morning until 11:30 a.m. and from 1 to 3:30 p.m.

Any parents who do now know to which elementary school their child is assigned should contact the Troy Board of Education office.

* * *

Special education students should return to the same classes they attended last year. Parents of kindergartners are reminded to bring a certified birth record to register their child.

MOMS Install New Officers in Auburn Heights

AUBURN HEIGHTS—New officers for MOMS of America, Unit 19, were installed recently in ceremonies at the community hall.

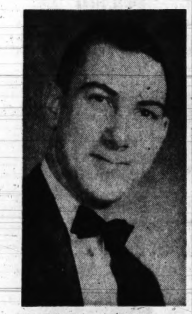

Taking over the gavel from Mrs. Ivan Hulen, outgoing president, was Mrs. Mabel Campbell, 3230 McCormick.

Other new officers are Mrs. John Fruytier, first vice president; Mrs. Douglas Poynter, second vice president; Mrs. George Dodman, recording secretary; and Mrs. Leatus Wright, corresponding secretary.

39th Reunion Scheduled by Lakeville Graduates

LAKEVILLE — The 39th annual reunion of students who attended the Lakeville Brewer School will take place at noon Saturday.

All former students and friends are invited to the affair and requested to bring a contribution for the pot-luck dinner. It will be served in the Lakeville Methodist Church recreation room.

GRADUATED—Kenneth Robinson, son of Mr. and Mrs. Barton H. Robinson, 358 W. Flint, Lake Orion, was recently graduated from the University of Michigan with a bachelor of science degree in chemical engineering. He plans to continue his studies at the university, working toward his master's degree.

University of Michigan scientists and engineers developed the guidance system for the BOMARC anti-aircraft missile.

Teachers to Open School in Avondale

Teachers of the Avondale School District will officially open the 1963-64 academic year with a week-long preschool conference beginning Monday.

Included on the schedule of events are a tour of the Ford Motor Co.'s Dearborn plant, on Wednesday, and staff conferences throughout the week.

On Thursday, the later elementary grade teachers will meet at the high school for an orientation program on the new social studies program to be in use for the first time this year.

In Holly

Couple Wed at St. Rita

ROSE TOWNSHIP—Joyce Marie Walker, daughter of Mr. and Mrs. Ferris Walker, 2975 Davisburg, became the bride of Ronald Gromak at St. Rita Catholic Church in Holly recently.

The bridegroom is the son of Mr. and Mrs. Frank Gromak, 858 E. Maple, Holly.

Chantilly lace over white taffeta fashioned the bridal gown, which had tiers of lace at the back below white velvet bows at the waist.

* * *

Maid of honor was Katie Haddon of Holly, with Marilyn Gromak, sister of the bridegroom, and Barbara, Nancy and Susie Walker, sisters of the bride, as bridesmaids.

James Gromak served as his brother's best man. Ushers, were Cameron Stoner of Holly, Doug Williams of White Lake Township, Don Goetzinger of Alma and Don Gaul of Fenton.

Jeanette Walker and Kathy Gromak, sisters of the bride and bridegroom, respectively, were flower girls. Johnny Walker, brother of the bridegroom, was ring bearer.

* * *

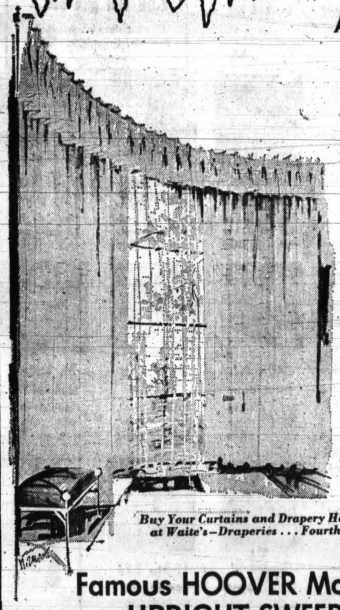

The couple honeymooned in northern Michigan.

Italian 'City of Silk' Celebrates Millenium

CATANZARO, Italy (UPI) — This little-known south Italian town, which boasts of being the cradle of silk manufacturing in the West, is celebrating its 1,000th birthday.

Catanzaro, located about 10 miles inland from the Ionian Sea in the toe of the Italian boot, was, according to most historians, founded in 963 by the Byzantine Emperor Nicephor Phocas, who then ruled parts of southern Italy in a constant fight against Germanic tribes and Arabic raiders.

The town reached the peak of its prosperity under the rule of the Normans, who conquered it in 1055 under Robert Guiscard. A castle built by that warlike and art-loving ruler still is one of the glories of Catanzaro.

* * *

What made the town's fortune in the Middle Ages was the silk industry.

A silk mill which local historians say was Europe's first opened in Catanzaro in 1072 and local weavers soon won international fame for their fabrics, described as superior even to those from the Orient.

Catanzaro silk workers were called to France in 1470 to teach the trade. Others carried the silk industry to various parts of Italy, from Sicily to Venice and to the French Riviera.

A near-fatal blow to Catanzaro's prosperity was dealt by the great plague of 1668 which took the lives of many of its inhabitants.

The economic stagnation of southern Italy later added to its decline.

* * *

Oddly enough, Catanzaro was helped back to its feet by another natural catastrophe, the 1908 earthquake that wiped out the twin cities of Reggio Calabria on the Italian mainland and Messina in Sicily, killing an estimated 75,000 persons.

As a result of that earthquake, a number of government offices for the region of Calabria were "provisionally" moved from Reggio to Catanzaro.

The Italian notion of "provisional" being what it is, the offices are still there, despite 85 years of complaints from the people of Reggio.

A Copenhagen restaurant, Oskar Davidson's, is believed to have the world's largest menu listing 177 dishes. It measures three feet nine and one-half inches long.

Populace Cramming for 1964 Olympics

Japanese Learn English Many Ways

TOKYO (UPI) — With the Tokyo Olympics coming up in October, 1964, the Japanese people are showing an ever-increasing interest in the English language.

★ ★ ★

The current enthusiasm for English may be compared with that during the early years of the Allied occupation in Japan.

In Tokyo, three television stations air English lessons for half an hour every morning and night from Monday through Friday. One radio station broadcasts 15-minute English lessons twice a day. Many books on English conversation have been published one after another in the past two years.

One, entitled "How To Become Strong In English" hit a sale of more than a million copies in two years. Since then "Grown-Up's English, "English Conversation In One Week," "New Guide To English Conversation," "You Can Speak English Tomorrow," "English For The Olympic Games," have appeared.

Tokyo's big three newspapers, the Mainichi, Asahi and Yomiuri, publish daily columns explaining English conversation and phrases.

SPORTS ENGLISH

The sports newspaper Hoochi Shimbun runs a column entitled "Sports English For The Olympic Games."

Executives and housewives, as well as school students, attend English conversation classes.

Hotels, department stores and the railways hold classes to help employees speak better English. The National Railways Corporation distributed 9,000 pamphlets to conductors and trainmen. The pamphlets are entitled "Railwaymen's English."

A spokesman for the Seibu department store said: "We hold English conversation classes twice a week. We are increasing our English-speaking sales staff in anticipation of foreign shoppers a year from now."

A taxi company has given its drivers a 50-page English conversation book. One of the leading newspapers has opened a twice-weekly English conversation course for reporters covering the Olympics.

Even geisha girls are studying English.

Police also are learning English. The Metropolitan Police Board has opened a special course with the cooperation of an English language school.

Counter-balancing all the enthusiasm is the fact that it is nearly as difficult for the Japanese to learn foreign languages as it is for foreigners to learn Japanese.

One basic difficulty is that Japanese characters usually are used in the teaching of foreign languages, so that "Olympics," impeccably pronounced by the book, comes out "Orympics."

However, the obvious fact that English will be the Lingua Franca of the Olympics has created a terrific desire here to learn it.

12 Persons Live in N.Y.— Give or Take a Traveler

ATHENS, Tex. (UPI)—New York is far from the biggest city in the nation. It may be the smallest, if you are talking about New York, Texas.

The hamlet of New York, near this northeast Texas city, has a population of about a dozen, give or take a transient or two.

Copter Crash Confirms Fear of Air Flight

HOLLYWOOD, Fla. (AP) — A vacationing New Jersey couple hired a helicopter so the wife, afraid of planes, could get used to heights.

The craft crashed into the Atlantic Ocean yesterday, about 300 feet off a crowded beach, killing pilot Franklin E. Stone, 45, of North Miami.

John Eisenhower, 41, and his wife, Mary, 31, of Marlton, N.J., were hospitalized and reported in fair condition.

★ ★ ★

Shortly before taking off, Mrs. Eisenhower told a friend, Mrs. Walter Sobolewski of Audubon, N.J., "I want to get the feel of it before going on a bigger plane."

★ ★ ★

Police listed the cause of the crash as apparent motor trouble.

Girl, 7, Killed by Auto

UNION (AP) — Kathy Trout, 7, of Bristol, Ind., was killed on community yesterday when she was struck by a car, state police report.

AP Photofax

LUCY THE EXECUTIVE — Actress Lucille Ball, who's also president of Desilu Productions, Inc., sits with both hands holding up her head as she listens to a report in Hollywood during the annual meeting of stockholders. It was the first time Lucy presided over a meeting of stockholders. Directors are (from left) Curtis Palmer, Milton A. Rudin and Edwin Holly.

Generally speaking, Soviet cosmonauts are Air Force officers, members of the Communist Party of the Young Communist League, married and in excellent physical condition.

The average size of United States households is 3.29 persons.

Lansing Schools Voice Protest to School Bus Law

LANSING (AP) — Lansing's school board has voiced opposition to the so-called "parochial school bus law" declared constitutional by Atty. Gen. Frank Kelley Tuesday.

The board approved a resolution urging repeal of the law, which was passed by the 1963 legislature with Gov. George Romney's support.

The resolution will be presented to the Michigan Association of School Boards at its convention in Detroit Sept. 11-12.

★ ★ ★

Public schools, under the law, are required after July 1, 1964 to provide transportation for parochial and private school pupils if those pupils live at least 1½ miles from school and if the public school district already provides bus transportation.

Man, 88, Killed by Train

BATTLE CREEK (AP) — Floyd Worrell, 88, of Battle Creek was killed yesterday when he was struck by a passenger train at a railroad crossing, state police report.

FLYING NIGHTSTICK—The man who invented the most effective antitank guns, Col. Latham Valentine Stewert Blacker, demonstrates his flying nightstick in England. Accurate up to 100 yards, the weapon has a rubber nose, a tiny motor and carries tear gas, to hinder escape if the projectile fails to stun a fleeing bandit.

Saigon Remains Charming

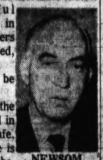

Beauty Marks Tense City

By PHIL NEWSOM
UPI Foreign News Analyst

Despite the tensions of war, Saigon remains one of the loveliest cities of the Orient, a city of smart shops, comfortable hotels and beautiful girls bicycling in silken trousers along tree-lined, shaded streets.

There can be ugliness.

There is the grenade tossed in a crowded cafe. And now there is the tension between the Buddhist majority and the government, and the accompanying hideous sight of an aged Buddhist monk turning himself into a flaming torch in a Saigon street.

NEWSOM

* * *

But for sheer physical beauty the city has few equals.

There is then an almost nightmarish quality to Saigon dispatches suggesting that the government would reduce Saigon to ashes to keep itself in power against a revolt which the president's brother and chief adviser says he regards as "inevitable."

This brother and close adviser of President Ngo Dinh Diem is Ngo Dinh Nhu.

In a stern lecture to Vietnamese generals, whom he accused of inadequate precautions against the expected coup, Nhu is reported to have said in such an event the city should be razed and the government, if necessary, take to the mountains.

With only a ruined capital remaining, he said, the plotters could not last three months.

BEHIND SCENES

Nhu is a devious man who ordinarily prefers to operate behind the scenes. His wife is the beautiful Mme. Nhu whose stern views against dancing led the United States Embassy in 1962 to cancel a square dance for its teen-agers.

Living in the presidential palace with bachelor President Ngo Dinh Diem, they are two of the most influential persons in South Viet Nam.

Nhu runs the secret police and reportedly tells the president which army officers should receive promotions.

Nhu frequently has accused the United States of encouraging an abortive revolt against the Ngo Dinh Diem regime in 1960.

This time, he says, any new attempt at a coup d'etat would be both anti-American and anti-Buddhist.

Mme. Nhu has accused the United States of bringing pressure to stop her own anti-Buddhist statements including one that the women of South Viet Nam should clap hands at each new Buddhist burning.

Nhu's threat to burn the city ignores the fact that for the government the act would be as suicidal as the fiery deaths of Buddhist monks.

* * *

But Nhu in the past has been suspected of creating emergencies for his own purposes and this threat could be interpreted as a warning to the U. S. that its own future in southeast Asia is inextricably tied with the future of the authoritarian Dinh family.

* * *

The conflict between the Buddhists and the government has gone on for more than three months and the Dinh family is on the defensive. And meantime the Communist enemy has been the gainer.

This is the situation into which Henry Cabot Lodge Jr. moves this week as the new U. S. ambassador.

She Wed in White

DENVER, Colo. (AP)—Snow fell gently yesterday on the wedding of Christine Webb and Hans Claassen, two Montana State College faculty members.

But soon the sun was shining again on the summit of Mt. Evans, southwest of Denver, where the ceremony was held. The new Mrs. Claassen commented: "A lot of our friends think we're crazy, but I always wanted an outdoor wedding."

During 1963 Americans will eat a total of 13.6 billion hot dogs, or 71 per capita, the National Hot Dog and Sausage Council estimates.

PENNEY'S
ALWAYS FIRST QUALITY

scotchgard® treated
back-to-school

Hear that school-bell ringing? It's ringing for you! Come on—come one, come all to Penney's! Yes, girls' cotton school dresses—going once, and only once at these stock-up prices! Be in first to buy your little girl the bright solid and plaid cottons she'll wear all year long! Plus—*and this is a big extra*—each and everyone is treated with Scotchgard® stain repeller! Know what that means? It means spots and dirt roll off—and that means more pleasure for you, easier-care (they machine wash so beautifully), longer-wear, a forever-fresh dress! Wise mothers will get 'em by the half-dozens—save enough money for lots of little extras! Hurry, hurry in! Prettiest styles ever!

Ranch Family Is Just MAD About White

MORRIS, Okla. (AP) — Any person passing the "MAD Ranch" owned by Dr. Donald Mishler would have reason to think the owners were mad about white.

Beginning with the silvery white cattle, all the livestock on the 930-acre ranch comes in that one color. The saddle horse used in working the cattle is white. The ponds are stocked with white ducks and geese. Two pedigreed German Shepherds the doctor bought in Mississippi are white and now have a litter of white pups.

Even the trucks and other equipment are painted white.

★ ★ ★

"I figured we might as well have some fun and it's a real conversation piece," says Dr. Mishler. The name MAD comes from the family's initials — Mary, Alice and Don.

A $250,000 wind tunnel that will simulate the searing temperatures and hypersonic speeds encountered by space vehicles has been developed by Goodyear Aircraft Corporation. It will be used to test new materials developed to protect space vehicles as they reenter the earth's atmosphere.

Human Traits Mark Pig Psychology

AUBURN, Ala. (AP) — Research shows that pigs, like people, enjoy togetherness, have leaders, and become irritable, according to G. B. Phillips of Auburn University.

★ ★ ★

In one experiment, researchers discovered that pigs preferred to eat in groups rather than alone. Another test proved that one pig in each pen — not necessarily the largest — emerged as leader.

And one farmer found that he could solve the problem of tail-biting in the pig pen by giving his hogs a toy, an old tire which he hung above the feed floor. The pigs started playing with the tire and forgot about the tail-biting.

Radio Airs Programs in 12 Foreign Tongues

CHICAGO (AP)—Radio Station WOPA now broadcasts programs in 12 foreign languages, in addition to English, to reach metropolitan Chicago's diverse ethnic groups.

The only outlet in the country to carry a program in the Bohemian tongue, it also has schedules in Polish, Italian, German, Lithuanian, Spanish, Greek, Latvian, Ukranian, Hungarian, Yugoslavian and Gaelic.

Alumnus Steps Out to Attend Reunion

EASTON, Pa. (AP) —Members of the 1923 class of Lafayette College came to their 40th reunion by car, plane, train and bus, but one alumnus walked.

Charles Silverman hiked the 63 miles here from his home in South Orange, N.J.

Walking isn't just a fad for the 59-year-old man, who attributes his good health to his lifetime hobby. He tries to walk 20 to 25 miles every weekend and each day he walks six and one-half miles from his home to his office.

Christopher M. Gill has been promoted to Airman 2nd Class in the U. S. Air Force.

Airman Gill is assigned to the 544th Aerospace Reconnaissance Technical Wing at Offutt Air Force Base, Neb. as an intelligence specialist.

A graduate of Saint Mary's Preparatory High School in Orchard Lake, he attended Oakland University.

His parents, Dr. and Mrs. Matthew J. Gill, reside at 3115 Franklin Road, Bloomfield Hills.

Religions Center in Washington

WASHINGTON (UPI) — "The average visitor to Washington may think of this city only in terms of its public buildings. But, if so, he will miss much that is here, for the nation's capital is also a great religious center."

* * *

Those are the introductory words of a newly published "Guide to Religious Shrines in the Nation's Capital" (Capital Church Publishers, 75 cents.)

The handsomely illustrated paperback was written by Glen D. Everett, veteran Washington correspondent of Religious News Service. Complete with maps and suggested routes, it takes the reader on a tour of some of the greatest religious edifices of the modern world, such as Washington Cathedral and the National Shrine of the Immaculate Conception.

There are also many lesser known points of religious interest, such as a functioning Franciscan monastery, a beautiful Moslem mosque which faces Mecca, the prayer room of the U.S. Capitol, and the churches in which George Washington and Abraham Lincoln worshipped.

* * *

Everett hopes that his unique guide book will promote greater interest in Washington's religious shrines among the 7 million tourists who pour through the capital city each year. He feels that visitors who see the great churches and synagogues standing side by side with public buildings will appreciate, better than ever before, the role that religion has played in America's heritage.

* * *

"Without faith in God, America could not have been built," Everett says in the introduction to the guide book. "Without it, our nation cannot be preserved."

Seventy - eight per cent of teachers in the nation are married, according to a survey conducted by the National Education Association.

GOING TO THE FAIR—Wishing their Shetland pony friend Lady Blue Bird and owner Frank Williamson Jr., 18, of 1121 Bielby, Waterford Township, good luck at the Michigan State Fair are Mike Solberg, 13, 1301 Bielby, and Terry Powell, 6, and her brother, Gary, 8, of 1071 Bielby. The youngsters are neighbors of Lady and Frank. The fair opens tomorrow and runs through Labor Day, Sept. 2.

Views Differ in County

Can the Destitute Get a Fair Trial?

By JIM DYGERT

Persons without money to hire a lawyer to defend them against criminal charges nevertheless get adequate legal counsel in Oakland County, according to the prevailing view of the county's circuit judges and attorneys.

The view is summed up by County Bar Association President Thomas J. Dillon's appraisal of the county's system of court appointment of attorneys for penniless defendants.

★ ★ ★

"It seems to be working out very well," says Dillon. "It's not indicated that we need any change."

The only disagreement comes from Circuit Judge William J. Beer, who favors a public defender system in which a staff of attorneys maintained at public expense would be available to defend persons in criminal cases who can't afford a lawyer.

Beer, however, agrees with the others that indigent defendants are now getting "adequate legal representation."

"It's a fair system," says Circuit Court Judge Stanton G. Dondero. "Defendants get the best legal help."

★ ★ ★

Under rules set up by the State Supreme Court, the judges advise accused persons at their arraignments that the court will appoint a lawyer to serve at the county's expense if the defendant cannot afford one. The defendant, however, need not accept.

Each judge has his own basis for assigning attorneys, although they follow a few general guidelines.

Young new attorneys often are named when lesser offenses are involved, but more experienced lawyers get the call in capital cases such as murder.

★ ★ ★

Availability is another criterion. One judge keeps a list of attorneys who have advised him of their willingness to accept appointments.

Few refuse in any event, the judges say, with praise for the cooperation of the county's legal profession.

Appointed attorneys are reimbursed according to the number of trial days, the seriousness of the offense and expenses incurred. Pay may range from $50 to $100 per trial day, or more in certain cases.

The compensation, while half or less of the amount the attorney would receive if retained privately for the same case, is considered enough to prevent hardship on the lawyer.

★ ★ ★

The county's procedures have not been affected by recent U.S. Supreme Court decisions requiring appointment of attorneys for penniless defendants to represent them at all stages of the criminal proceedings. The county already had been doing that in effect.

★ ★ ★

The judges will return a case to a lower court for examination if the defendant waived examination without an attorney and his newly appointed attorney requests a return to lower court.

In capital cases, the presiding Circuit Court judge often will appoint an attorney while the case is still in Justice Court.

★ ★ ★

Except for Beer, the judges see no need for a public defender office unless it would be more economical. Most of them do not feel it would make any significant difference in the quality of legal representation an accused receives.

POPULATION REQUIREMENT

Judges Clark J. Adams and Frederick C. Ziem join Dondero in the opinion that the public defender system "comes with bigness."

The county is not that heavily populated yet, they say, although Adams and Ziem add that it might not be far off.

"There seems to be an increase in the number of defendants for whom we have to appoint counsel," Adams says.

★ ★ ★

The county last year spent $14,582 in court-appointed attorney fees in 84 cases, including some $2,700 for the defense of Sheldry Topp, 17, in the murder of Charles A. Davis.

Beer says the public defender system would enable investigation of a defendant's claim of financial incapacity and give defendants the benefit of investigative facilities equal to the prosecutor's.

What's now paid appointed attorneys does not permit thorough investigations.

★ ★ ★

While some of the judges think a public defender system might be more economical some day, the county's most vehement foe of the system, Prosecutor George F. Taylor, disagrees.

"I've seen it grow into a big bureaucracy," says Taylor, who once tangled with a public defender office in California over extradition of a prisoner.

"It's unworkable," Taylor says, adding, "It would be too close to collusion with the prosecutor's office."

★ ★ ★

Taylor says, further, it would "lessen the quality of defense because a public defender would "not have the vigor and determination and loyalty to his client" of a private attorney.

PROTECTED RIGHTS

Advocates of the public defender system claim it's a necessity to make sure accused persons, in the words of William T. Gossett of Bloomfield Hills, get more than "paper rights."

Gossett is president of the National Legal Aid and Defender Association, for ner general counsel for Ford Motor Co., and currently a special consultant to President Kennedy on international trade.

"Unless the indigent defendant is represented by a defender service that has the responsibility and the resources to serve him properly," Gossett says, "his constitutional rights may be entirely illusory."

★ ★ ★

However, proposals for a public defender system are aimed primarily at the federal courts, where appointed attorneys get no compensation.

The hardships this causes to attorneys and the limitations it imposes on the availability of attorneys as well as the amount of investigation and work they can do are among main arguments of the public defender advocates, who claim the court-appointment method is outmoded and discredited.

Current reports indicate an estimated 50 per cent of the defendants in federal court are requiring appointed attorneys.

Advocates claim the system has worked well, and economically in states where it has been tried.

A bill establishing the system in the federal courts is now before Congress, where the Senate has passed similar bills in the past only to see them die in the House. The current bill would permit pay for appointed attorneys as an alternative.

There has been little public support for the bill, however.

★ ★ ★

"The public sides with the state in most criminal proceedings," Gossett says. "There is little concern that the innocent may be convicted."

Oakland County and the rest of Michigan have witnessed little agitation for change, since most judges and attorneys feel the present method is doing an adequate job of protecting the penniless person's rights under the Federal Constitution.

Pontiac Business Spurts for Fourth Straight Month

Disregarding the usual summer slowdown which results from the large number of people away on vacation, business in the City of Pontiac spurted to a new high for the fourth month in succession.

Pontiac banks report that transactions through customers' checking accounts during July totaled $108,017,747, up nearly $1.6 million over the previous month's figures.

The new high is a whopping $15.1 million higher than the dollar value of business transacted during July 1962.

For the first time in five months, though, industrial payrolls showed a decline from the previous month.

The present payroll figure stands at $13,966,132, down $23,141.

GM LAYOFFS

Actually, change-over layoffs at two General Motors plants which began during the tail end of the month may have prevented a new record from being set in this department, too.

★ ★ ★

Also on the debit side last month were construction figures reported by City Building Inspector Carl Alt.

Total building permits fell off in both number and dollar value from June 1963 and July 1962 figures.

The most significant drop was in the dollar value of last month's permits which amounted to only 20 per cent of the previous month's figure and 50 per cent of the July 1962 total.

The number of bus passengers fell below both June 1963 and July 1962 figures, and also below the 60,000 mark for the first time since August 1961.

AIR TRAVEL UP

On the brighter side, the number of outbound air passengers at Pontiac Municipal Airport continued on an upward trend for the third straight month.

Six more patrons boarded North Central Airlines planes here during July than during June.

Postal receipts showed a slight rise over the previous month's figure and a pronounced increase over July 1962.

★ ★ ★

Figures indicating business trends for July were reported by Community National Bank, Pontiac State Bank, the city water and inspection departments, Pontiac post office, Consumers Power Co., Detroit Edison Co., Pontiac Transit Corp., North Central Airlines and the Pontiac Area Chamber of Commerce.

	July 1963	June 1963	July 1962
Bank debits to customers' accounts (exclusive of public funds)	$108,017,747	$106,425,050	$ 92,914,023
Industrial Payrolls	13,966,132	13,989,273	13,281,523
Postal receipts	149,046	140,448	111,947
Total building permits—			
Number	163	193	175
Amount	578,230	2,818,329	1,100,679
New dwellings—			
Number	16	34	20
Amount	132,700	244,500	165,490
Gas consumption (cu. ft.)	212,649,400	322,270,100	207,081,000
Electrical energy, (Consumers KWH)	44,148,948	47,438,488	41,313,429
Water consumption (gals.)	467,705,000	458,397,000	537,972,965
Bus patrons	57,761	61,719	62,434
Air patrons (outbound)	45	39	49

Detroit Edison Co. electrical consumption for July 1963—12,429,887 KWH; for June 1963—11,498,488 KWH; for July 1962—11,191,559 KWH; for June 1962—11,078,244 KWH.

Total electrical consumption (Consumers Power Co. and Detroit Edison Co.) for July 1963—56,578,835 KWH; for June 1963—58,936,976 KWH; for July 1962—52,504,968 KWH; for June 1962—52,750,289 KWH.

28 Uninjured in Airline Crash

ORLANDO, Fla. (UPI)—Twenty-eight persons escaped injury yesterday when a four-engined jetliner made a belly-flop landing here and skidded more than a mile before coming to a stop.

Aviation officials blamed the accident on a landing gear malfunction, but launched an investigation to determine the exact cause of the incident.

The plane, an Eastern Air Lines DC8 enroute from Miami to New York, did not catch fire and several of the 21 passengers did not realize the plane was in trouble until it was all over.

★ ★ ★

A company spokesman said the nose wheel locked into landing position but the main sets of wheels failed to come down and lock into position.

One witness said it appeared the main landing gear was only partially out of the fuselage compartment when the big jet touched down.

Teen-Age Trio From Pontiac to Sing at Fair

A trio of teen-age folksingers from Pontiac has been chosen to appear in the Teen-Age Fair that will be part of the 114th annual Michigan State Fair tomorrow through Sept. 2 in Detroit.

★ ★ ★

The three boys, all students at Pontiac Central High School, are George Wren and Dennis Blanchard, both 15, and Dennis' brother Tim, 17.

★ ★ ★

George is the son of Mr. and Mrs. Clarence L. Wren, 145 N. Astor. Parents of the other two boys are Mr. and Mrs. Raburn R. Blanchard, 250 S. Paddock.

Waterford Board to Review Elementary School Plans

Preliminary plans for five new elementary schools proposed in Waterford Township will be reviewed tonight by the school board.

★ ★ ★

Representatives of Smith & Smith Associates, architects for the new buildings, will detail the plans.

If the preliminary drawings are approved by the board, the architects will then proceed with working drawings of the new buildings.

A series of weekly special school board meetings has been established to expedite action on building program plans.

Last week, board members reviewed plans for five elementary school additions and additions to two secondary schools.

Next week, the board will see plans for the proposed new junior high school.

Voters authorized a $6.25-million building program last June 10 at the polls. Six new schools and eight additions to existing buildings will be erected over a five-year period.

Presidential Yachtsman Gets Arlington Funeral

CHELSEA, Mass. (UPI)—Funeral services were scheduled Monday at the Arlington National Cemetery outside Washington for Commodore John H. McGruder, who skippered the presidential yacht Mayflower for President Calvin Coolidge.

McGruder, 74, died Tuesday at the U. S. Naval Hospital here.

Tour of Bruges, Belgium

Ancient Village Displays Medieval Charm

BRUGES, Belgium (UPI) — Even the seasoned traveler must be impressed by his first visit to this picturesque capital of Belgium's province of West Flanders.

Only 60 miles northwest of Brussels, Bruges has managed to preserve its medieval charm and beauty.

During the 13th and 14th centuries, Bruges was one of the most important commercial and cultural centers in Northern Europe.

★ ★ ★

But the "Zwin" passageway to the sea, became clogged with silt in the 15th century and the city's power and glory faded.

Through the years, however, the proud Belgians guarded the countless art and historical treasures of the city.

Entering the old city, which is surrounded and criss crossed by canals (Bruges is sometimes called the "Venice of Belgium)," the visitor feels as if he has stepped back in time to the Middle Ages.

★ ★ ★

Fronting the old market place —the city's main square — is a 280-foot-high belfry which dates back to the 13th century and is one of the oldest Gothic structures in Belgium.

Its carillon, made up of 47 bells weighing a total of 27 tons, is world famous.

There are numerous other attractions to delight the visitor.

★ ★ ★

Included are 16 different museums (the tourist can purchase a Museum Card entitling him to one visit to each at the reduced rate of 50 francs or $1 U.S.), centuries-old cathedrals and churches, quaint old gabled houses, ancient docks, a nunnery dating back to the 1200s, four turreted town gates which were part of the old walled fortifications, scores of age-old bridges and a stone castle.

VISIT BASILICA

A "must" is a visit to the imposing Basilica of the Holy Blood and the Church of Our Lady.

The Basilica on Burg (Castle) Square consists of two superimposed chapels. The upper chapel contains a casket which tradition says holds a few drops of the blood of Jesus brought from Palestine in 1150 by a prince who took part in the Crusades.

★ ★ ★

A colorful Procession of the Holy Blood is held annually in early May.

Adjoining the Basilica is the turreted Town Hall, another outstanding example of Gothic architecture.

A short walk away—on Sinte-Katelijnestraat — is the 13th-century Church of Our Lady with its striking 375-foot tower. The church is famed for its many paintings, carvings and white marble statue of the Virgin and Child sculpted by Michelangelo.

★ ★ ★

Museums range from collections of old furniture and household utensils to sculptures and paintings by some of the great Flemish artists...

The Groeninge Museum houses an exceptionally rich collection, including masterpieces by Jan Van Eyck, Hugo Van Der Goes, Hans Memling and others.

For the tourist who prefers sitting down to walking while sightseeing, there are tours by buses and also by small motorboats which ply the placid canals.

Coal Burners Make Money

Steamers Run Hot Line

ARCADE, N.Y. (UPI) — Two "old ladies" who habitually smoke in public, will be huffing and puffing through western New York again this year.

The venerable dowagers are a pair of steam locomotives rescued from the scrap pile and restored to operate on the 15-mile Arcade & Attica Railroad.

★ ★ ★

Built more than 40 years ago and still going strong, the two coal burners have been earning their keep hauling old - time coaches filled with railroad fans, picture-taking tourists and school children.

The weekend excursions, which began last year, have proved amazingly popular — and they have probably made the Arcade & Attica the only railroad in the nation without enough rolling stock to handle passenger loads.

The trips leave the line's depot on Main Street here and meander up an unfenced grass-covered right-of-way through rolling hills to the hamlet of Curriers. With unscheduled stops for photography, or on some occasions to shoo cattle from the tracks, the leisurely 14-mile round-trip takes slightly over 90 minutes.

A & A President Richard Cartwright has estimated that 75,000 passengers will make the trip this year.

★ ★ ★

In fact, Cartwright is counting on the appeal of his old-time equipment to provide the line's principal source of revenue.

Freight service, handled on weekdays with diesel locomotives, has been declining steadily over the years due to truck competition.

"If passenger business holds up the way it has been, we'll have the best year in our 80-year history," Cartwright said, adding with a smile, "It just goes to show you that modernization isn't always the only way to make more money."

The number of jobs available throughout the country has increased by 80.7 per cent since 1939, a report compiled by the U.S. Department of Labor shows.

Diem Making It Tough for U.S. in Fight for Viet Nam

(Editor's Note — For nine years the United States has been the major prop for the South Vietnamese government, shoring it up with men and arms against a Red tide that threatens the Southeast Asian peninsula. Along the way there has been increasing disenchantment with the Diem government—now reaching a new peak with the regime's action against Buddhists.)

By LEWIS GULICK
AP Diplomatic Affairs Writer

WASHINGTON—President Kennedy is moving cautiously on Viet Nam because the stakes are high and he sees little room for maneuver.

Through the Washington looking glass, the Diem assault on the Buddhists looks like a bad sideshow threatening to spoil the main act.

The main act is the struggle with the Reds—the longest hot fight of the cold war—with ultimate stakes the control of strategic Southeast Asia.

NEWS ANALYSIS

The Kennedy administration figures victory will come in the mean guerrilla war to which America has committed men and massive military aid. But it is increasingly worried that bad government in Saigon will reverse the tide in favor of the Communists.

The New Frontier urge to "do something" about this has run into the classic problem America has faced before: a deep commitment against the Communist threat, on the one hand; and on the other, a local anti-Communist regime lacking wide support among the people.

NO ALTERNATIVE

U.S. strategists say they see no alternative at present to the leadership of President Ngo Dinh Diem. A priority task of the newly arriving U.S. ambassador to Saigon, Henry Cabot Lodge, will be to canvass what other choices may be open without weakening the campaign against the Reds.

A month ago, Kennedy at a news conference expressed his personal hope that a solution would be reached in the Diem-Buddhist struggle.

★ ★ ★

He said then that the United States would not withdraw its support from Diem's government in its war against the Communist guerrillas.

"For us to withdraw from that effort would mean a collapse not only of South Viet Nam but Southeast Asia. So we are going to stay there," Kennedy said.

The long and complicated history of the area goes back far beyond the founding of the United States. Its inhabitants migrated from central China before the birth of Christ.

For eight centuries — 111-938 A.D.—and during subsequent periods it was a vassal of China, but by the 13th century it defeated the mighty armies of Kublai Khan. In the 16th century came the French and Portuguese, and Viet Nam became a French protectorate in 1884 as part of French Indochina.

The current situation is traced by U.S. analysts back to the World War II period when Japan occupied the area. Communist guerrilla leader Ho Chi Minh led a resistance movement against the Japanese and kept up his resistance after the French returned.

★ ★ ★

France finally pulled out of Indochina after a costly and unsuccessful fight culminating in a disastrous defeat at Dien Bien Phu. The 1954 Geneva agreement setting up independent Indochina states split Viet Nam in two. Ho Chi Minh took over the Communist north. Diem won overwhelming endorsement in a referendum in the south and was re-elected for a second five-year term in 1961.

The French departure left the United States as the major Western power with interests in the area and the means to stem the Red tide. Washington saw the lush farmland and strategic peninsular location of South Viet Nam as an inviting target for a teeming, expansionist Red China.

LARGE SCALE AID

In 1954, the United States began a large-scale aid program that is on the way to totaling $2.5 billion the first decade. For the first eight years, through mid-1962, the amount came to $1.4 billion in economic assistance and $600 million in arms.

Over the first few years of independence, South Viet Nam prospered in relative peace. Its population, now about 15 million, in a land slightly smaller than the state of Washington, boosted food output 7 per cent a year and surpassed prewar production levels.

Then in 1960 the Communists began the large-scale, intensified effort to cripple the country which continues today. Ho Chi Minh sent trained cadres down mountain trails from the north to lead a Viet Cong campaign of stealth and terror.

Diem appealed for more U.S. aid in 1961 and Kennedy responded with the stepped-up U.S. program which now finds some 14,000 American military men on the scene, some getting into firefights despite a technical status as advisers and some becoming casualties.

By this time Washington had had enough trouble with Dumto demand reforms by the Saigon government in return for increased aid.

Among other things, Diem promised more representative rule, a crackdown on nepotism and corruption, better use of U.S. economic aid, new methods in military training and deployment and greater acceptance of American advice.

U.S. authorities say they have been encouraged by the progress in the fight against the Reds. They contend that the corner toward victory has been turned, though a long, tough campaign remains ahead.

But there has been increasing dismay with Diem's authoritarian methods. For in addition to its public commitment to democratic ways, the U.S. government figures that a regime must have wide popular backing if it is to withstand Communist assault for long.

The Buddhist opposition is regarded here as by far the most serious threat to Diem since he took power. According to the prevailing U.S. assessment, the conflict started along religious lines but has quickly spread into politics with the Buddhist leaders serving as the rallying force for various opposition elements.

The dispute began last May with a Buddhist demonstration at Hue against a government order banning the flying of religious flags. Diem troops broke up the demonstration, killing eight. One incident followed another. A monk publicly burned himself to death in protest. Others did later.

Diem, one of a Roman Catholic minority in a country were some 70 per cent of the people are Buddhists, denied religious discrimination and lifted th eflag ban. In June the Saigon government promised settlement of other demands in a show of conciliation which Washington welcomed. But its reforms were slow in coming and Buddhists resumed their demonstrations, marshaling for a showdown.

Then came Wednesday's light assault by Diem troops, under a presidential declaration of martial law, storming pagodas and arresting monks by the hundreds.

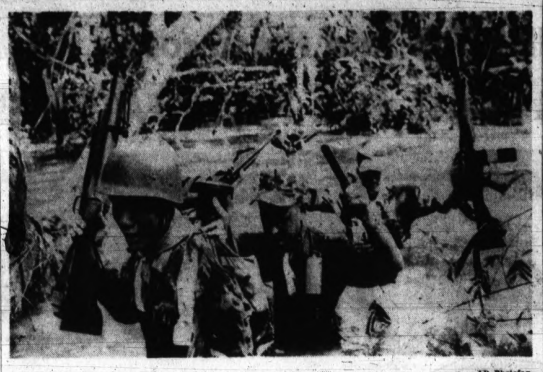

★ ★ ★

The U.S. government issued a public condemnation of these "repressive measures against the Vietnamese Buddhist leaders," calling them a direct violation of the Diem pledges of peaceful reconciliation with the Buddhists.

These were strong words again a friendly government issued, U.S. officials said, to make clear to the world that America does not support the Diem action.

★ ★ ★

But why didn't Kennedy take a positive step to topple Diem—such as chopping off American aid which keeps his government going?

AP Photofax

HOT COLD WAR — U.S. military advisers helping fight jungle war against Communist infiltration into South Viet Nam believe victory is ahead, but the Kennedy administration is increasingly worried about the Saigon government's recent actions against Buddhists in the continuing political struggle of the Southeast Asia nation.

Crucial Question

Will Army Keep Backing It's Leader?

HONG KONG (UPI) — For many Americans, the crucial question in the religious and political dispute which has erupted in South Viet Nam is whether President Ngo Dinh Diem will retain the loyalty of the Vietnamese Army.

Without it, the martial law he proclaimed throughout the strategic Southeast Asian country yesterday could prove unenforceable.

Without it, Diem could be overthrown and—possibly—the millions of dollars in U.S. aid and the efforts of thousands of American soldiers assigned to South Viet Nam could go down the drain.

★ ★ ★

Past events have given some evidence of Diem's ability to stand off the stresses of both a deadly guerrilla war by Communist insurgents and the strains of discontent on the part of Vietnamese chaffing against the regime's authoritarian rule.

The efforts of two Vietnamese Air Force officers who bombed the Presidential Palace in February 1962 came to naught. Diem was unhurt and the pocket revolt failed to spread.

The president has had little to fear from a coup d'etat by politicians since his regime came into being nine years ago.

UNDERCUT RIVALS

He has been quick to undercut serious political rivals, and a network of secret police and intelligence agents has prevented any disaffection with the regime from crystalizing around a single leader.

Aligned with Diem in the government's current dispute with the country's Buddhists are the president's brother, Ngo Dinh Nhu, and his sister-in-law, the beautiful, cultured, but vocal Mme. Nhu. Diem and important are Roman Catholics, segments of the government.

Nhu's wife generally has been reported behind a long series of restrictive laws that have done little to make the government popular with South Viet Nam's masses.

★ ★ ★

These have included such strictures as one forbidding Vietnamese couples from holding hands in movie houses.

Back in May 1960, a senior American official in Saigon said that Diem could survive any political crisis if he would take three steps:

- **Remove Nhu and his wife from the public eye.**
- **Give wider responsibilities to his own ministers.**
- **Establish a more centralized command for the army.**

So far, Diem has done none of these things. In the past, he has threaded his way by other crises, but if South Viet Nam is split along religious lines it must be noted that about 70 per cent of the country's citizens are Buddhists.

★ ★ ★

Yesterday, Vietnamese soldiers and police stormed several Buddhist pagodas and arrested hundreds of monks.

But many observers feel it is possible the day may come when some unit in the 170,000-man army may refuse to act against Buddhist demonstrators.

If that time comes, the unit could simply lay down its arms and refuse to obey orders. But it also could seek the support of other units and, perhaps behind some military "strongman," seek to overthrow Diem.

Many Vietnamese Army commanders owe their careers to Diem and, for the most part, support his regime.

But if the men under them revolt and refuse to enforce the government's edicts, the Viet Cong Communist guerrillas, already tough, resourceful and determined, could sink the U.S. effort to establish a bastion for the free world in Southeast Asia.

Holy War Threatens in S.E. Asia Nation

By THE ASSOCIATED-PRESS

President Ngo Dinh Diem's order for a military crackdown on rebellious Buddhists of South Viet Nam tends to divert to a church-state struggle elements of an army the United States has trained and financed to combat Communist guerrillas.

In a sense it means a two-front war that jeopardizes the United States' $500-million annual commitment to South Viet Nam, strategic Southeast Asian nation of 15 million, predominantly Buddhist.

Because the president, his family and many of the top lieutenants are Roman Catholics, the Buddhist movement has taken on some of the trappings of a holy war.

Diem has denied religious discrimination.

MADE PLEDGE

He pledged in June to meet a series of five demands from Buddhist leaders. But they questioned the sincerity of his aides, if not himself, and police repeatedly suppressed demonstrations that followed. Hundreds have been arrested.

Each side has charged the other with bad faith.

The slogan of yellow-robed Buddhist monks who have campaigned for three months against the Saigon regime is "religious freedom and social justice."

★ ★ ★

Some of the demands have been vague, some explicit.

Four monks and a nun have committed ritual suicide by fire in support of those demands. Diem's powerful sister-in-law, Mrs. Ngo Dinh Nhu, has denounced the Buddhists as traitors and said she would applaud further suicides.

Among other things the Buddhists have sought freedom to fly their five-colored patchwork flags whenever and wherever they chose. That was granted.

LEGAL REFORMS

They have demanded legal reforms under which Buddhist organizations could buy and hold real estate as freely as churches of the Christian minority. They wanted to be able to meet freely without special police licenses.

They have called for conviction of those responsible for the death of 11 presons when troops put down a Buddhist demonstration May 8 in the city of Hue, and indemnity for the families of the victims.

Complaints and requests were set forth in hundreds of thousands of words mimeographed and distributed from Buddhist pagodas. Appeals for aid were broadcast to the world, to foreign Buddhists, to President Kennedy, to Pope Paul VI.

Rooms in pagodas became command posts where young monks rushed messages, duplicating machines ground out communiques and the sound of telephones and typewriters blended with the boom of temple bells. Police raiders said they found weapons in some, though the Buddhists are pledged to nonviolence.

The monks appeared determined to keep the flames of rebellion burning until Diem's government gave them concrete evidence of good faith.

The fact that Diem and his Buddhist vice president, Nguyen Ngoc Tho, have said repeatedly they were prepared to conciliate was declared to be not enough.

A spokesman said: "They are only trying to trick us."

Headaches Accompany Stamp Sale

WASHINGTON (UPI) — The Post Office Department sells about $3.5 million worth of special and commemorative stamps to philatelists each year, and occasionally gets up to its neck in hot water.

Last year 400 stamps commemorating the late Dag Hammarskjold were inadvertently printed with the yellow overlay upside down. Leonard Sherman of Irvington, N.J. bought a block of 50 of them, and estimated he had something worth more than $250,000.

Then the Post Office Department announced it would print 400,000 more of the stamps with the same mistake so all collectors could get some.

★ ★ ★

"I haven't been able to sleep or eat since I heard it," Sherman said. He telephoned the White House to ask President Kennedy to intervene and had a conversation with a polite presidential aide, but nothing happened.

Gets Steady Stream of Mail

'Occupant' Is Popular Fellow

(Editor's Note—This is the fourth installment in a five-part series about the U.S. mails.)

WASHINGTON (AP) — The most popular fellow in the whole United States is named "occupant". He gets a steady stream of mail, most of which he quickly conveys without opening to the waste basket.

This is what many embittered persons call "junk mail". The U.S. Post Office Department prefers to call it "bulk mail" and can advance several valid reasons why it is a good thing for the country.

Eighteen billion pieces of this third-class mail flow into the mail boxes of Americans each year and a good bit of it does not even have their names in the address. It simply is addressed to "occupant."

★ ★ ★

Most Americans are resigned to their fate and do nothing about the things stuffed into their mail boxes, but occasionally a bold spirit revolts and takes up arms against the government.

Such a one is Mrs. Robert L. Richard of Palto Alto, Calif., a sort of Joan of Arc who organized a crusade against "junk mail" by collecting 100 pounds of it and shipping it to the Post Office Department here in Washington.

"It all started with a begging letter I received," she said. "It came all the way from Alabama to Palto Alto. It contained a letter, a return envelope and two pieces of literature.

"It was from an organization I'd never heard of, and I would never dream of crontributing to it."

★ ★ ★

Mrs. Richard invited her neighbors to help and they responded by filling up her clothes basket, her garbage can, several cardboard cartons and a large box. Off went the "junk mail" to Washington where it landed with a dull thud.

NOTHING HAPPENED

Nothing happened. Mrs. Richard is still getting "junk mail" and will continue to do so. Like death and taxes, it is inevitable.

The Post Office Department takes in $94 million a year in third-class mail revenue. It charges 2¾ cents a piece and next year the cost will go up to 2¾ cents.

★ ★ ★

It probably could go much higher without discoraging the people who send out bulk mail.

The whole thing has become firmly built into the structure of the American economy and its removal would result in chaos and probably a sizable number of bankruptcies.

It works this way: There are firms such as R. L. Polk & Co., which keep lists of persons by classification — automobile owners, pet lovers, fishermen, golfers, chefs, do-it-yourself carpenters, motorcycle riders and anything else you can name.

Is there any way to get your name off mailing lists? Apparently not without considerable inconvenience to yourself.

★ ★ ★

Maxwell Sackheim of Clearwater, Fla., was advised by the St. Petersburg, Fla., Post Office to write to the mailers and ask them to eliminate his name. In his reply, Sackheim gave the Post Office Department both barrels:

'SHOCKING IGNORANCE'

"You reveal a shocking ignorance of modern business sales methods. To remove my name from mailing lists I would have to:

"Cancel by subscription to Time Magazine, Fortune, Forbes, Reader's Digest, Saturday Evening Post, Advertising Age, American Home, Better Homes & Gardens, The Flower Grower and a dozen other publications.

"Order my name removed from Who's Who in America, Commerce & Industry, Rotary Club of Clearwater, the Chamber of Commerce, Poor's Director of Directors, Free and Accepted Masons, Mecca Temple, East Bay Country Club, YMCA, the Red Cross, the Cancer Fund, the Clearwater City Directory and the telephone directory, American Express Credit Card, Standard Oil Credit Card, several financial institutions and banks, the Book of the Month Club, the Literary Guild and the Columbia Record Club."

★ ★ ★

In case you are wondering how your name gets on mailing lists, Sackheim has provided the answer.

(Tomorrow: Detectives of the U.S. mails—the war against pornography).

Scientists to Probe 40-Foot Fish Story

SANDY HOOK, N.J. (AP)—Forty feet long is a lot of something—be it jelly fish, sea serpent or monster. Anyway, scientists are ready with cameras and frogmen should that thing show up again off the New Jersey coast.

The creature was sighted last Monday, alternately undulating and slashing through Atlantic waters about 25 miles southeast of Times Square in New York.

★ ★ ★

As the research vessel Challenger returned to the area Wednesday, Dr. Lionel A. Walford, who reported seeing it in the first place, emphasized: "We are out here to study fish behaviorism. We are not here solely for the purpose of trying to find the thing that we have seen before undulating like a sea serpent and which definitely is not a sea serpent."

LOWERED IN CAGES

Walford, director of the Sandy Hook marine laboratories of the U.S. Fish and Wildlife Service, was accompanied by frogmen equipped with cameras. The frogmen are lowered into the ocean in sharkproof cages.

Hopes are high that another look or a photo or two will identify the thing that, in Walford's words, "has no bones, no eyes, no nose or mouth. It appeared as if it were composed of fluid glass. If there are such things as sea serpents they obviously have bones."

★ ★ ★

Skin diver Robert Wickland, 25, of Highland, N.J., saw it while he was in the water.

"It passed within three feet," Wicklund said. "I started to swim after it, but I gave up. I never saw its head or tail."

Scientific circles are somewhat skeptical but they would like to identify this sea-going phenomenon. It could be a giant eel. It was described as about five inches thick and from seven to eight inches wide.

MYSTERIOUS MONSTERS

Mysterious monsters of the deep are sighted now and again, noted Dr. Meredith Jones of the American Museum of Natural History.

"The last such sea monster, reported about a year ago, was seen off the coast of Australia. That one proved to be a decayed whale," Dr. Jones said.

Eight Dump Junk in NY Slum Protest

NEW YORK (AP)—Eight demonstrators were arrested Wednesday when they dumped part of truckload of rubbish in City Hall Plaza to protest conditions in New York slums.

★ ★ ★

The rubbish included rusted bedsprings, torn mattresses and dilapidated furniture.

★ ★ ★

Seven of the demonstrators were charged with disorderly conduct and the eighth was charged with littering. All were released on bond.

PHILANTHROPIST DIES — Lord Nuffield, 85, British philanthropist who gave away more than $84 million, died yesterday in London of cardiac asthma. Nuffield, who was born William Morris, started as a bicycle repair man, then made an immense fortune as a car manufacturer.

Weatherman Losing Eight Small Stations

WASHINGTON (AP)—The weather bureau plans to close eight small weather stations as part of an economy drive, a bureau spokesman said yesterday.

Weather bureau officials said some months ago that they planned to make the changes, but no timetable was given.

In a House Appropriations subcommittee hearing last February, weather bureau officials said they planned to close the Devil's Lake, N.D., facility, plus the following one-man stations:

Valdosta, Ga.; Cape Henry, Va.; Frederick, Md.; Lanchester, Pa.; Sandusky, Ohio; Parkersburg W. Va.; and Benton Harbor, Mich.

Also marked for elimination was a three-man airport station at Galveston, Tex.

There apparently has been no change in the plans, a weather bureau official said.

A Nepalese mystic spent two nights wandering barefoot in the Mingbo Valley of the Himalayas while a snowstorm raged. Though his hands and feet were swollen, the mystic suffered no frostbite. Physiologists found the Nepalese had an amazing ability to control the circulation of blood to his extremities.

The United States has seven counties named Orange, one Cherry, one Peach and one Citrus.

Over 30,000 checker-cashiers in the nation's supermarkets compete for "checker of the year" awards.

About 130,000 passengers use the 6,200 buses in the New York Port Authority Bus Terminal each week day.

Hardened Old South Softens on Segregation

(Editor's Note — Somewhat surprisingly, Southern governors sidestepped racial controversy at their annual meeting this week at White Sulphur Springs, W. Va. The significance of their action—indicating a possible growth of moderation in all but the hardest core of the Old South—is reported by Don McKee, Associated Press writer who has covered some of the major segregation developments in the area.)

By DON MCKEE

WHITE SULPHUR SPRINGS, W.Va. (AP)—Gov. Ross Barnett of Mississippi strode to the podium at the Southern Governors Conference and said with the air of a Confederate general: "If there ever was a time when we should take a stand, gentlemen, it is today."

Barnett followed three other Dixie governors who condemned federal policy on civil rights and integration issues.

* * *

When they had heard Barnett's appeal, the other 10 chief executives applauded politely but that was all. There were no further appeals, no rebel yells.

The damper had been slapped on the touchy issue of civil rights before the conference closed on a superficially harmonious note.

A few years ago resolutions like those backed by Barnett and Gov. George C. Wallace of Alabama would have had a ringing reception.

"Times are changing," said West Virginia's soft-spoken Gov. W. W. Barron.

He had met Negro demonstrators at the gates of the conference's posh center and shaken hands with them when they marched to protest statements by the vocal segregationist governors.

SIGNIFICANCE

The significance of the governors' refusal to get into a fight over civil rights and integration was threefold, even according to the chief executives themselves:

1. Only two of the governors—Wallace and Barnett—actively pushed for a showdown. The other governors said they felt nothing could be gained by a debate which nobody would win. They said this was not the time, the place, or the desirable approach.

* * *

2. Many of the Deep South governors show distinct tendencies toward avoiding extremism. A growing number are moderate in their views, although not always publicly.

3. Border-state governors belonging to the conference oppose Wallace's proposals. They—or their constituents—have more liberal feelings on racial issues.

* * *

Barron said that even if the Wallace resolutions had been put to a vote, they would have fallen far short of a majority before the conference agreed Tuesday to require unanimous approval of resolutions.

Knowing he was defeated, Wallace merely filed his resolutions Wednesday with a perfunctory and comparatively mildly worded explanation of each.

He condemned a Defense Department directive permitting military commanders to declare segregated civilian facilities off limits; the public accommodations section of the civil rights bill; use of National Guardmen to enforce desegregation; and the planned Aug. 28 march on Washington.

"They couldn't have passed," said Gov. Bert Combs of Kentucky. Combs, who has moved to eliminate discrimination in his state, said it didn't make any difference to him if the issues were debated.

"But we shouldn't devote the whole conference to it," he added.

Govs. Jimmie H. Davis of Louisiana and Orval E. Faubus of Arkansas, previously outspoken on racial issues, agreed the controversy should be kept out of the conference. Carl E. Sanders of Georgia, newly elected, went along.

"I don't know that the South wants to keep the old way," said North Carolina's Gov. Terry Sanford. "I think most of the people represented in this conference want to see the Negro have a better economic opportunity."

* * *

Many of the Dixie governors, however, strongly oppose the Kennedy administration on several points involved in Wallace's resolutions.

Gov. Henry Bellmon of Oklahoma, only Republican in the group, criticized the federal government for an investigation of the National Guard in his state without notifying him.

* * *

After the session ended, Faubus said he believes the conference now is free to go ahead with important projects of mutual interest—educational endeavors, pursuit of industry, and nuclear plants. He said these are the topics the governors came here to discuss.

Irish Official, Wife to Visit in Washington

WASHINGTON (UPI) — Prime Minister Sean Lemass of Ireland and his wife will visit the United states beginning Oct. 15 as guests of President and Mrs. Kennedy.

* * *

The House said yesterday the President extended the invitation during his recent trip to Ireland.

'Dumping' Creates Concern

Steel Influx Study Coming

WASHINGTON (AP) — In the news from Washington:

DUMPING: President Kennedy has asked the Treasury and State departments to look into the rising influx of low-priced steel.

The White House made this announcement Wednesday, a day after Roger M. Blough, chairman of the board of the U.S. Steel Corp., and David J. McDonald, president of the AFL-CIO United Steelworkers Union, had asked Kennedy to look into the matter.

★ ★ ★

The steel industry is concerned about steel dumping—their description of steel sold in the United States by foreign manufacturers at far below domestic prices.

BIOSCIENCE: The space agency plans to send monkeys, plants and tissue samples on orbital flights of up to one month to study the effects of weightlessness and space radiation exposure.

The first flight will be launched from Cape Canaveral, Fla., sometime in 1965, with successive ones at three-month intervals. The satellites will travel in circular orbits, 200 miles above the earth.

★ ★ ★

While giving the details Wednesday, the agency said it will negotiate a contract for six large satellites with the missiles and space division of General Electric Co., Philadelphia.

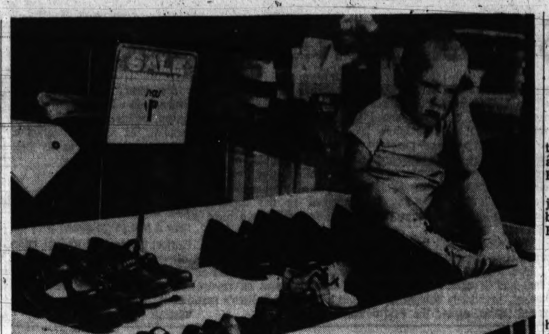

The firm will develop a recoverable biosatellite system by development, assembly and test of six 1,000-pound flight spacecraft and other spacecraft for ground tests. Estimated cost is about $19 million.

AT ANCHOR: The Navy has decided that the USS Constitution —the historic "Old Ironsides"—is not up to a trip from its berth at Charlestown, Mass. to the World's Fair at New York next year.

Announcement was made on Wednesday by Massachusetts' two senators, Republican Leverett Saltonstall and Democrat Edward M. Kennedy, who had conveyed to the Navy last May the concern of New England residents about the safety of the vessel.

ASSESSMENT: Rep. Emanuel Celler, D-N.Y., says his House Judiciary subcommittee will approve civil rights legislation "reasonably consistent with President Kennedy's proposals.

There is no indication that any major provision of the seven-part Kennedy bill will be eliminated, Celler told newsmen Wednesday after a fourth closed subcommittee session on the administration proposals. He said the sessions will continue at least through next week.

NO BARGAIN—It was Sidewalk Days bargain promotion in Pana, Ill., but Kenny Bland, 2, perched amid shoes that were on sale for a buck—and found none that fit.

In Birmingham, Ala.

'Race Riot Possible'

CHICAGO (UPI) — The Rev. Martin Luther King Jr. said yesterday there may be "a terrible race riot" in Birmingham, Ala., unless persons responsible for recent bombings are brought to justice.

"There have been 48 bombings since 1946 and nothing has happened to bring anyone before the bar of justice," Dr. King said at a news conference before a scheduled speech to the National Insurance Association, an organization of Negro insurance men.

The home of attorney Arthur Shores was bombed in Birmingham Tuesday night, bringing 2,000 angry, rock-hurling Negroes to the scene. Shore, a long-time court battler in Alabama integration cases, guided the admission of two Negroes to the University of Alabama this year.

"Unless this bombing is solved it will encourage mobsters and others to continue the same kind of acts," Dr. King said. "I would say that in the very near future there could be a terrible race riot in Birmingham.

"The thing that concerns me a great deal is that Birmingham has become the center of the greatest history of unsolved bombings in the United States," Dr. King said.

Dr. King, president of the Southern Christian Leadership Conference and the titular leader of the Negro nonviolent movement for integration, called the federal assitance in apprehending the bombers.

'RACIAL NIGHTMARE'

Dr. King said Birmingham could "degenerate into a racial nightmare."

"All my nonviolent pleas will fall on deaf ears if this type of activity continues," Dr. King said.

Dr. King also criticized Congress for "new evasive schemes" in dealing with passage of civil rights legislation. He said Congress was "doing the nation a grave injustice by trying to push the issue to the end of the year, as some people are saying, to the next session."

Dr. King also said the scheduled "freedom march" on Washington Aug. 28 should "arouse the conscience of the nation on the economic plight of the Negro 100 years after his emancipation."

★ ★ ★

He said he expected no violence during the march.

"This will be dignified, disciplined march for freedom," he said.

Peking Charges Russia Sellout

TOKYO (UPI)—Communist China today denounced Soviet military aid to India as a "sell-out" by the Kremlin.

Russia has sent modern MIG jet fighters to India, which is embroiled in a border dispute with Red China.

An Indian military mission recently spent several days in Moscow negotiating for more help.

Indian Prime Minister Jawaharlal Nehru said last week the Chinese are massing troops near the border for a possible new thrust into Indian territory similar to that of last autumn.

Communist China's leading official newspaper, the Peking People's Daily, said today Russia's relations with India have become "extraordinarily intimate."

"The Soviet leaders have been more absorbed than ever in their anti-China alliance with U.S. imperialism and the Indian reactionaries since they made that dirty political deal —the tripartite (partial nuclear test ban) treaty—with the United States," the paper asserted in an editorial.

"This is not just a 'new chapter' in Indian-Soviet relations," the editorial added.

"It is also a new chapter of collaboration between the Soviet leaders and U.S. imperialism to ally with India against China."

State Senators Bid for National Confab

HONOLULU (AP) — State Senators Farrell E. Roberts, R-Oakland County, and Robert Vanderlaah, R-Grand Rapids, yesterday entered a bid for holding of the 1965 National Legislative Conference in Michigan.

The two legislators urged the site selection committee to approve holding the conference at on Mackinac Island and Lansing

They presented invitations from Gov. George Romney and Michigan's delegation to the 16th annual conference this week in Hawaii.

Roberts is among nearly a score of Michigan lawmakers attending the conference held under the auspices of the Council of State Governments.

British Issue Protest on Kidnaping

LONDON (AP)—Britain announced today it has protested violation of the Bahamas territorial waters by Cuban naval forces and asked for an apology and the immediate return of 19 Cuban refugees kidnaped Aug. 13 from Anguilla Cay.

★ ★ ★

A Foreign Office spokesman said the protest was based on "incontestable evidence and a number of photographs taken by United States reconnaissance aircraft."

The protest was handed to Prime Minister Fidel Castro's government in Havana by the British charge d'affaires, Paul Scott.

This was followed today by a summons to Cuban Ambassador Cordoba de Castro to come to the Foreign Office.

Two Cuban naval vessels and a helicopter took part in the kidnaping of the 19 who were among 29 Cubans fleeing their homeland.

★ ★ ★

The British note referred to assurances given Castro in April that Britain was not going to allow its Caribbean territories to be used as springboards for illegal activities against the Castro regime.

"Her Majesty's government therefore protests vigorously against this incursion into British territory and territorial waters, accompanied by the use of force which was in violation of international law," it said.

The note said Britain is reserving its rights arising out of the incident.

Hawaii Sees Big Show by Volcano

HILO, Hawaii (AP)—After staging what could be called a false alarm, Kilauea volcano erupted with a fiery display of glowing lava late Wednesday.

Fountains of laval spewed 40 to 50 feet high from the deep Alae crater on Kilauea—one of the world's more restless volcanoes—after a dismal beginning earlier. Lava started flooding onto the crater floor. The eruption posed no danger to nearby communities.

The eruption occurred at 6 p.m. in the east rift zone of 4,000-foot Kilauea.

★ ★ ★

After a mighty "blurp" the activity subsided. The volcano is on Hawaii Island 200 miles southeast of Honolulu.

Hawaii National Park officials closed nearby Chain of Craters Road to traffic early in the evening bus reopened it and escorted hundreds of cars in a convoy past the eruption.

The Alae crater is next to the Aloi crater which provided a spectacular display starting Dec. 7, 1962. The eruption lasted three days and spurted orange laca to heights of 60 and 80 feet.

Kilauea has erupted 24 times this year.

Mother, 2 Children Hurt in 2-Car Crash

An Oxford mother and her two children were injured yesterday afternoon in a two-car collision at Lapeer and Drahner roads in Oxford Township.

At Pontiac General Hospital in satisfactory condition are Mary Lou Goodman, 33, of 895 Sanders, and five-year-old twins Michael and Michelle.

The children suffered possible concussions. Mrs. Goodman received a back injury in the 3:20 p.m. accident.

The driver of the other car, Edgar A. Carter, 39, of 106 Haviland, Lake Orion, was treated for minor injuries and released.

Macomb Will Buy Mt. Clemens Land

MOUNT CLEMENS (AP) — The Macomb County Board of Supervisors voted yesterday to purchase 32,800 square feet of urban renewal property in Mount Clemens at $1 a square foot.

★ ★ ★

The property will be used to house expanding county offices.

Indications are that the proposal will be accepted by the Mount Clemens City Commission.

Detroiter Is Re-Elected

MILWAUKEE (AP) — Wilfred T. Connelly of Detroit was re-elected to the Supreme Council of the Knights of Columbus at the group's national convention yesterday.

Detroit Man to Be Tried in Shooting of Youth, 16

DETROIT (AP) — Frank Youngert, 34, was bound over to Wayne County Circuit Court yesterday on charges of second-degree murder in the fatal shooting of Frank Triplett, 16, in an alley behind the Youngert home on Aug. 10.

★ ★ ★

ed money from Youngert's son Richard, 13, before the shooting.

Eleven witnesses testified at yesterday's day-long examination that the Triplett boy had demand-

Man's Arraignment Set on Armed Theft Charge

Albert Page, 21, of 497 Ditmar, will be arraigned Monday in Circuit Court on an armed robbery charge. He is accused of robbing two men at knifepoint the evening of Aug. 10.

He was returned to the Oakland County Jail after failing to meet $1,000 bond set at his examination yesterday before Municipal Judge Maurice Finnegan.

Negroes March in Dixie; Defy Federal Court Order

By United Press International

A federal judge yesterday issued an order halting demonstrations in Plaquemine, La., but Negroes marched again in the racially-tense Mississippi River town.

Police arrested 104 of the demonstrators, who set out in "task force groups," and the day's total reached 187. Many of them were juveniles who were released later.

Authorities said the temporary restraining order issued in Baton Rouge, the state capital 13 miles away, may not have been filed in time to stop the defiant protest march.

The Negroes marched on the City Hall and County Courthouse, led by members of the Congress of Racial Equality (CORE) and the Southern Christian Leadership Conference (SCLC).

★ ★ ★

They were met by helmeted state troopers, local police and civil defense wardens carrying billy clubs.

The order prohibited meetings, sidewalk and street gatherings, marches and other activities.

OTHER DEVELOPMENTS

● BIRMINGHAM, Ala.—U. S. attorney Macon Weaver said a false tale spread by an unidentified Negro was responsible for a wild rock-hurling melee by 2,000 Negroes Tuesday night following the bombing of a Negro attorney's home. The unidentified Negro had blamed an earlier bombing on Birmingham police.

Mayor Albert Boutwell said his home has been under heavy police guard because of threatening telephone calls that the residence would be bombed.

● NEW YORK — **Mayor Robert F. Wagner said he would take part in the Aug. 28 civil rights march in Washington. "I am clearing my desk so I can get down there in time," Wagner said.**

● ATHENS, Ga. — Negro pickets surrounded City Hall in a new effort to spur integration concessions.

★ ★ ★

● MOBILE, Ala. — Negro attorneys asked a federal judge to broaden a partial integration for Mobile city schools.

● GREENVILLE, S.C. — A fifth request for the transfer of a Negro student to an all-white school was received by the Greenville County School District.

● LEXINGTON, Ky. — Fifteen Negro demonstrators, including 10 juveniles, were arrested when they declined to leave a downtown department store after closing time in a drive against alleged discriminatory hiring practices.

Barry Wins Youth Vote

BERRIEN SPRINGS (UPI)—A mock Republican presidential primary was held at the Berrien County Youth Fair, and Gov. George Romney came out second.

Sen. Barry Goldwater, R-Ariz., was the voters' choice by a "substantial margin," according to fair officials.

Gov. Nelson Rockefeller of New York was a distant third.

3 in City Glass Firm to Join in Vote on Union

Three workers at the Wolverine Glass Co., 63 Oakland, along with 17 company employes at four other sites throughout southeastern Michigan, were to vote today on union representation.

Seeking to act as bargaining agent for the 20 workers is Detroit Glassworkers Local 357. The vote was to be conducted by the National Labor Relations Board.

Tremors Cause Slides

LISBON (AP) — Earth tremors shook the Azores Archipelago today, causing earth slides and damaging some houses on Pico Island.

No damage was reported from Terceira, site of the U.S.-Portuguese Lajes Air Base. No casualties were reported from any part of the island group.

Crash Injuries Prove Fatal to Pedestrian

Mrs. Nellie Bakke, 73, of 136 N. Telegraph, died at 11:55 p.m. yesterday at Pontiac General Hospital of injuries suffered earlier last night when she was struck by a car in Waterford Township.

Mrs. Bakke was crossing Elizabeth Lake Road near the Pontiac Mall at 8:15 when she was hit by an eastbound car driven by Dogald Schoenemann, 16, of 71 Delaware.

Schoenemann told Waterford Township police he didn't see the woman until just before the impact. He was not held.

Mrs. Bakke suffered multiple cuts and bruises and a broken hip as a result of the accident.

Police believe Mrs. Bakke was crossing Elizabeth Lake Road from north to south but they have found no witnesses to the accident.

Schoenemann said his car was traveling 35 miles per hour in the 40-m.p.h. zone.

The body is at Voorhees-Sisle Funeral Home.

Topic: Observation?

Arms Talks Resume

GENEVA (UPI) — The 17-nation disarmament conference turned today to discussion of collateral measures on disarmament — a topic that could include an East-West exchange of observation posts to guard against surprise attack.

★ ★ ★

The conference, scheduled to resume after a one-day recess, has been widely regarded as possible preparation for new agreements when foreign ministers of the United States, Britain and the Soviet Union meet at the United Nations General Assembly session starting Sept. 17 in New York.

Informed sources said today the U.S. disarmament delegation had clamped secrecy over its ideas on where to place observation posts to prevent surprise attack. The details were being reserved exclusively for any coming negotiations with the Soviet Union, the sources said.

American and Russian delegates have said talks on the observation posts offer the best chance for an agreement to follow up the recent partial nuclear test-ban treaty.

There has been no indication whether Washington wants the posts established in all nations of the North Atlantic Treaty Organization (NATO) and the Communist Warsaw Pact; in a few of them; or just along the East-West border in Europe.

★ ★ ★

Soviet Premier Nikita S. Khrushchev said last month the posts could be established "in the Soviet Union and other countries." Russian disarmament sources told United Press International they believe Khrushchev meant all NATO and Warsaw Pact countries.

It was not known if this would be approved by the West.

Under the plan proposed by the United States, observation posts would be placed on important airfields, ports, rail junctions and major highway intersections of Western and Soviet Bloc nations.

There has been no indication whether the Soviet Union would agree to the proposal.

Soviet sources have indicated recently Moscow may be planning to withdraw the demand and consider the observation post plan by itself.

NOTICE OF INTENTION

to Construct Curb, Gutter, Grade, Gravel and Pavement Asphaltic Concrete Surface Course on Alley North of Huron Street

You are hereby notified that a regular meeting of the Commission of the City of Pontiac, Michigan held August 20, 1963 by resolution it was declared to be the intention of the City Commission to construct curb, gutter, grade and gravel, two inch asphaltic concrete surface course, and related work on Alley north of Huron Street from Lincoln Avenue to Thorpe Street at an estimated cost of $5,974.91, and that the plan, profile and estimate of said improvement is on file for public inspection.

Artists Design Christmas Cards to Aid Camp Oakland Residents

Pontiac Press Photo

1963 Christmas cards designed by three well-known Detroit area artists, Bob Cox, Joseph Defrancesco and Dorothy Siddall, are being sold to help support Camp Oakland residents. The cards with matching envelopes are packaged in lots of 25. Cards may be ordered from Camp Oakland, Inc., P.O. Box 9, Oxford. Further information may be secured from the Women's Department of The Pontiac Press.

It's Rude to Be Late on Purpose

By The Emily Post Institute

Q. I have heard something that I can hardly believe, and I am writing to you to find out if it is really true.

My best friend tells me that when a girl has a date with a man she should keep him waiting at least 10 to 15 minutes so that she won't appear too eager. I am anxiously awaiting your views on this.

★ ★ ★

A: I can't imagine who taught her that rudeness is polite. I agree that if she were to sit out on the front steps looking up the street she might be considered overeager, but to be ready to go out promptly is one of the very first exactions of good manners — at least in her own house.

Even if she were meeting a man downtown for lunch, she could be no more than one or at most two minutes late. The reason for this being that if anyone is to be kept waiting in any public place, it should be the man and not the girl.

Q: I would like to know the proper thing to say to a couple that has just announced their engagement.

I have been told that it is not proper to offer congratulations. Will you please tell me if this is true, and if so, what does one say?

★ ★ ★

A: It is entirely proper to congratulate the man on having won the girl, but to the girl you wish her happiness and do not congratulate her on having caught a man.

Q: I have been a widow for the past three years and am soon to be married again. I am buying some new linens and would like to know how they should be marked.

★ ★ ★

A: They are marked with a combination of your maiden and new married initials.

The clothes of the bride and groom as well as those of their attendants are described in the new Emily Post booklet entitled, "Clothes of the Bridal Party."

To obtain a copy, send 10 cents in coin and a self-addressed, stamped envelope to the Emily Post Institute, in care of The Pontiac Press.

★ ★ ★

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

Cakes Cracking?

If your cakes crack open, it's probably because your oven is too hot, say food specialists in the U.S. Department of Agriculture.

Christmas Preview

Toymakers Outdo Themselves for 1963

The boundless inventiveness of toymakers has been exceptionally productive this year. Outstanding examples of their latest achievements with every traditional kind of toy — and then some — were unveiled recently at Toy Guidance Council's 17th Annual Press Preview of playthings now being made for Christmas 1963.

Who would have thought that dolls could be improved over the amazingly realistic ones of last year? Well, they have been. This Christmas, little girls will be able to tickle dolls under their arms, or on their sides, and hear them laugh.

Impish-looking dolls each will speak not 50 or 100, but over 120 different bits of conversation. What's more, their conversations will be appropriate for special games and costumes that have been created to broaden the dolls' play purpose.

For the first time, walking dolls, over 2 feet tall, will simulate drinking from life-size "disappearing" milk bottles.

★ ★ ★

Other dolls will have hair that "grows," or can be shortened, just by turning a knob. "Living Dolls" will squirm like living babies when special bottles are put in their mouths.

Playing "house" this year will have new opportunities, too. By waving a special wand under a magnetic doll house, youngsters will be able to guide figures representing Mom and Dad from room to room and around the garden, and even make a poodle stand on its hind legs.

Magnetics is also the secret of a toy electric can opener, which will remove precut lids from miniature cans of brand-name play foods with complete safety.

GOOD GROOMING

Two new and unique playthings concentrate on good grooming. A battery-powered hair dryer with carrying case is designed for use by little girls for themselves or their dolls.

For older girls, there's a beauty bar, which features a variety of washable cosmetics and applicators, plus a plastic model face on which to practice the art of make-up.

Exciting new ideas in toys for boys are plentiful this year, too. A novel airplane fueled by safe, harmless gas from a push-button can, introduces pure jet propulsion to free-flying models.

Steel trucks, perennial favorites with young boys, have another play-packed entry this year in a three-in-one vehicle. Without top or side doors, it's a sports model car. Add doors and cab top, and it becomes a pick-up truck. Snap in a full-length travel top and it's converted into a cub station wagon.

Game enthusiasts, young and old, will have much to choose from this year. Chit Chat, a new game played with cards, is aimed at stimulating enjoyable conversation.

A timely entry called Ticker Tape follows the actual operation of the stock market, and challenges players to buy and sell securities under realistic risk and gain conditions.

Teen and preteen-age lassies should go for Dress Date, a game which concentrates on getting the girls to meet the boys. In an electric game for younger children, players join Mickey Mouse and other cartoon characters in a search for treasure across an obstacle-filled playing board.

CARD GAME

Through the use of color illustrated playing cards, Keno Jr. makes the popular adult game of keno playable and enjoyable for younger children. Also for family fun is the Mouse Trap game, which features a zany 3-D trap that goes into action on the final play of the game through a truly amusing chain reaction.

★ ★ ★

Science-minded youths this year can see how giant digital computers work by operating Digi-Comp. This is a small programed binary machine which demonstrates how computers add and subtract, shift, memorize and process data.

In another field of science, a new kit allows youngsters to construct an anatomically detailed skeleton of the human hand with special attachments to demonstrate how the hand functions.

Among outstanding new offerings for toddlers and preschoolers is a gay amusement park layout with 9 different toy rides and accessories that can be set up and played with.

★ ★ ★

And, as inventive as any of the new toys shown is—of all things—a pot and spoon. The soft but rugged plastic pot is big and colorful, has a removable lid with varishaped openings to accommodate wood blocks of matching shapes, and comes with an oversized plastic spoon for what could be the toy's most important function—good, old-fashioned pot-banging!

Toys Lack, but Teachers 'Brilliant' in U.S.S.R.

By GAY PAULEY
UPI Women's Editor

PRINCETON, N.J.—A creative toy expert who has completed an around-the-world tour studying and gathering toys says he returned from the Soviet Union with one major impression.

"The thing that bothered me was that their teachers are brilliant, their toys are miserable," said Frank Caplan, president of Creative Playthings, Inc., the world's largest supplier of toys and other playtime equipment for nursery and kindergarten schools.

★ ★ ★

Caplan also is associate director of the Creative Playthings Foundation, financed by his firm to do research in improving education in early childhood.

Currently, the foundation is acting as consultant to a Harvard group of scientists who with a grant from the government's National Science Foundation are studying means of upgrading elementary education.

Caplan said he talked with planning committees in the Soviet Union — there is one for each republic — about toys and playground equipment, they exchanged catalogs, and "there is evidence they are trying to set some standards for school equipment."

ADMIT LACK

"But all admitted that their toys are just not up to a par, compared with those of the Western world," said Caplan in an interview.

He visited toy plants, stores, nurseries and kindergartens in Moscow and Kiev of the Soviet Union and Budapest in Hungary.

There were two things in their favor in toys, Caplan said. One, their folk toys are of high quality even though their "modern ones are miserable," and two, they at least give a child a chance to exercise his own creativity with a "children's world" in Moscow where children can purchase the makings of a toy.

★ ★ ★

"Maybe it's nothing more than a piece of wood, a motor, a wire, some string," he said, "but they're there for the imaginative child. No blueprint or model-making kits as in this country which a child can put together in two minutes and the toy is done."

Caplan complained about some U.S. toys too — "Unfortunately," he said, "too many manufacturers are thinking of the adults who want to see the quick, finished product. Not of the need for the child's imagination to be stirred."

"We should encourage our children to play, to discover," said Caplan, a 52-year-old grandfather and former teacher who holds degrees from City College of New York and Columbia University.

ENCOURAGE CREATIVITY

"I am convinced," he continued, "that the child encouraged to create, to explore, to find things out for himself grows into the creative adult . . . He gains a confidence in his ideas which carry all through life. Scratch a genius, and usually you'll find that as a child he often lived to himself, with his imagination.

"Today's urbanized society doesn't give a child a chance to explore the trees, the water, the insect world. So we have to substitute with laboratory experience.

"And a mother in the United States doesn't take time to explore with the child. But the Soviet teachers do."

★ ★ ★

Caplan said the Soviets "take over" a child from 6 months on with day care programs or ones even more embracing in which parents see the youngsters only on weekends. But the little ones take trips, visit factories, museums — "They're constantly exposed to new things."

The toy manufacturer's tour also took him through the Middle East and to the Orient. He gathered representative toys — and toys of good design — for exhibit this fall in museums in Kansas City, Denver, Philadelphia, Houston, New York, Newark, Cleveland, Los Angeles and Williamsburg, Va.

Boy Has Problems

Mother's Order Not Right

By ABIGAIL VAN BUREN

DEAR ABBY: I am a 12-year-old boy and every day of my summer vacation I stay home alone and watch television.

My mother works all day *long, Monday through Friday,* and she does not want me leaving the house.

ABBY

I have nobody to talk to except the dog, and if somebody heard the way I carry on a conversation with him they would think I was nuts.

I am not supposed to let anybody in the house. Can you tell me how I can keep from getting bored?

A BOY UNNAMED

★ ★ ★

DEAR UNNAMED: Boredom is only one of your problems. A boy your age needs fresh air, exercise and the companionship of other young people.

Ask your mother if there isn't a day camp where she can send you.

A boy your age shouldn't be cooped up in the house all summer.

DEAR ABBY: My sister and I have a friend who lives in the same apartment building we do.

She went on a vacation and left the keys to her apartment with her gentleman friend, so he could water her plants and look after her goldfish.

★ ★ ★

She hadn't been gone two days when this no-good gentleman friend brought another woman into her apartment.

All the neighbors know about it and we are afraid one of them will tell her when she gets back.

Should we tell her first, or should we let this man make a fool of her?

FRIENDS

★ ★ ★

DEAR FRIENDS: Who was the "other woman"? Why did the "gentleman" take her there?

Unless you are sure of the facts, don't be the bearer of such news. And if you ARE sure, even then think twice.

Couple Says Nuptial Vows

A reception in the Hawaiian Gardens near Holly followed the recent marriage of Marilyn Jean Opdenhoff of Dwight Avenue to Robert Allen Cotterman in the First Presbyterian Church.

★ ★ ★

Parents of the newlyweds are Mrs. Lucille Opdenhoff of Tull Road and the Don R. Cottermans of Rugby Circle.

Mr. and Mrs. David Schultz of Lake Orion attended the couple at the ceremony performed by Rev. Galen E. Hershey.

Soft Organza Looks Grand

Creating a billowing softness, Pedro Rodriquez, Spanish designer, shaped yards of white organza into an evening coat. The floating coat topped a richly embroidered bell-shaped dress, completing an elegant ensemble.

Four-H Clubs Going Urban

CHICAGO (UPI) — Four-H clubs are moving into towns and cities. Nearly two of every five members now live in a city. Only one of every two lives on a farm, the National 4-H Service Committee reports.

Make Container Out of Bottles

Now you can make flower containers out of candleholders, bottles, jugs or other small-necked items.

Credit goes to a hard green plastic container that has a plug at the bottom to fit into the neck—in the way a candle fits into a candlestick.

Other Than College

Two Education Choices

BY DR. GEORGE W. CRANE

CASE P-473: Hilda B., aged 18, is a high school graduate.

"Dr. Crane," she began, "what courses should I study in college?

DR. CRANE

"I can afford only a couple of years so what could I take that would guarantee me a good position?"

There are two splendid choices open to men and women who can afford only a couple of years at college.

First, enroll in any leading business college for its two-year diploma course.

Therein you will study business law, applied psychology, business English, accounting, stenography, public speaking and other very practical subjects.

And when you graduate, you are placed in a position at about $100 per week salary!

★ ★ ★

For the leading business colleges offer this splendid placement service to their graduates.

Even if you later wish to take some liberal arts courses, you can then do so in the evening division of your state university.

Meanwhile, you will have professional status and be earning a good salary.

★ ★ ★

A second excellent choice, especially for girls like Hilda, is to enroll in a dental college where talented young women can take the two-year dental hygiene courses.

Then they are employed as an ally of the usual busy dental surgeon.

Last winter, while I was visiting the New Orleans Dental Association, I was also invited to Loyola University Dental College for an afternoon lecture.

The auditorium was packed with dental students and half a hundred beautiful girls who were taking the dental hygiene courses.

★ ★ ★

I have addressed all sorts of professional conventions for more than a quarter of a century, and I would rate the dental wives and assistants at the top.

Another choice for high school graduates is to study to become medical technicians as well as nurses.

And in addition to dental hygienists, the dental profession also is badly in need of more dental assistants.

★ ★ ★

Some of our more progressive business colleges now offer special courses for training secretaries who will work for engineers vs. dentists vs. physicians vs. personnel and other business executives.

Remember, liberal arts courses are of a general cultural nature so they don't offer much leverage for prying loose a quick job as soon as you graduate.

★ ★ ★

So, if you can afford only one or two years at a college, it is wiser to select practical courses as mentioned above.

Then later shop around for interesting liberal arts courses in the evening extension department of your state university.

Send for my "Vocational Guidance Kit," enclosing a long, stamped, return envelope, plus 20 cents. It will help familiarize you with college entrance testing formats.

The Hopkins Syndicate, Inc.

Young Mothers Need Activity

WASHINGTON (UPI) — American women tend to have had their last child by the time they are 28, the Population Reference Bureau reports.

By 34, with her youngest in school, the mother's full-time child-tending chores are behind her. "After her intense activity with a lively brood of youngsters, she is likely to be bored and want something to do during most of the 40 remaining years of life she can expect," the Bureau noted.

Between 160,000 and 200,000 American youth of high ability fail to enter college each year, the U.S. Office of Education estimates.

Spend No Time Alone

In remote areas of southern Italy it is still not uncommon for couples to marry without ever having spent time together alone.

Arrangements are made entirely by other members of their families.

At SIBLEY'S Miracle Mile

Simplex Flexies

...and 6-point fitting...

You can't go wrong on fit when every point is checked and re-checked like this! Our store keeps a record of each fitting your child gets.

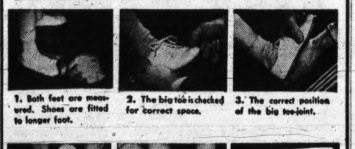

Many styles from which to choose.

Priced according to size:

6.95 to 10.95

Accurate Size is NO Laughing Matter

1. Both feet are measured. Shoes are fitted to longer foot.
2. The big toe is checked for correct space.
3. The correct position of the big toe-joint.

4. The small toe is expertly fitted to the widest flare of shoe.
5. The all-over width and fit of the heel are re-checked.
6. A complete fitting record is taken each time your child is fitted.

Our selection for school is at its best now. May we have the pleasure of fitting your child soon?

Interfering Parents Looking for Trouble

By MARY FEELEY
Consultant in Money Management

Dear Miss Feeley:

Our 16-year-old son has taken a job until school opens and the management of his paycheck has brought about a constant tension and bickering in our home.

MARY FEELEY

He works from 7:30 a.m. to 5 p.m. Monday through Thursday, and until 4 p.m. on Fridays. He earns $1.25 an hour and gets paid twice a month.

Now for the problem: he feels that since he's working for the money, he should be able to do with it as he pleases. His idea is to pay us $5 a week for board, put some of the check in the bank (he doesn't say exactly how much) and spend the rest as he sees fit.

★ ★ ★

He was very angry when my husband and I didn't agree with his plans. Instead, my husband told him he could keep $10 a week for himself and the rest was to go into the bank for his future education.

★ ★ ★

He also insisted that the boy bring the check home to show to me before he cashes it. Then after cashing it, to take out $20 for himself and give me the balance to deposit for him.

I am putting this money in the bank in my name in trust for him, so that when I go to work I can add to the account and build it up.

We do not want him to pay us board as we would rather have his help with his college education. Right now our son is very unhappy with the situation, says he hates his job because he feels he's working for nothing as the money in the bank isn't doing him any good now.

★ ★ ★

He has two hobbies, fishing and coin collecting, and I'm sure he wants to spend some of his money on these.

★ ★ ★

His attitude has me so upset I decided to write to you for your opinion. Do you think we are being unfair?

Mrs. D. J., Poughkeepsie, N.Y.

★ ★ ★

Dear Mrs. J.:

Yes, I do. I think your concern for your son's welfare is thoroughly understandable, and motivated by love. But I think you're asking for trouble on two counts:

First, why insist that he show you his paycheck before he cashes it?- This tells him that you and his father don't trust him. Few of us, young or old, react well to such a lack of trust on the part of the people we love. He has told you what he earns. Can't you accept his word?

Second, why shouldn't he make his own deposits in his own savings account? If you want to add to the account when you're able, that's fine.

But your son should have this banking experience himself. At 16, and a wage earner — a pretty good one, too, at $60 a week — $48 take home pay — he should be allowed both the responsibility for handling his own money, and the pride in watching his account grow.

It seems to me, Mrs. J., that it's most important that you and your husband try to create a relationship with your son so that the three of you can discuss matters rationally. If you both feel he is irresponsible about money, then there's all the more urgency for talking it out now.

He's 16—time is growing short. You can't play watchdog many more years. Make every effort to elicit his cooperation rather than his defiance.

When he says his money is his, point out that on that basis, his father's earnings are his father's — but that each member of the family has a responsibility for the general welfare.

How would you react to this plan: Let your son pay $10 a week board — you can put this sum aside for him if you like. Let him figure out his expenses on the job, such as lunches, clothing, transportation, if these are involved. He should pay these himself.

A minimum of $25 out of each paycheck should go in the savings account for his education — and more if he doesn't have on-the-job expenses. Then let him handle the balance himself — knowing that some of the money will be used for fishing and coin collecting, as well as for haircuts, reading matter, movies, clothing, or whatever.

★ ★ ★

I go along with you on the idea that the main objective right now is building up his college fund. But let's not ignore the fact that money IS a powerful incentive for working. I think it's only fair that the young man should be allowed to taste the fruits of his labors.

★ ★ ★

Dear Miss Feeley:

My daughter who is 16 years old will be graduating from high school next year, and is interested in furthering her career by going to a business school. She is interested especially in electronic data processing. Who could we write to inquire about this?

Mrs. H. H., Renovo, Pa.

★ ★ ★

Dear Mrs. H:

The National Teachers Association is offering a pamphlet called "Careers in Electronic Data Processing" for teen-agers interested in this field. You can write this organization at Montclair State College, Upper Montclair, N.J. The school guidance counselor might have additional information that would be of interest to your daughter.

(You can write Mary Feeley in care of The Pontiac Press.)

Why Grow Old?

By Josephine Lowman

Q. "What do you think of a girl (grown woman) who chews gum in the office from the minute she steps in the door in the morning until she leaves in the evening?"

A. I don't see how the other people in the office stand it. It would be like looking at a tennis match all day long, except that your head would go up and down instead of from side to side.

It always makes me think of a cow chewing a cud. You must admit that chewing gum is not calculated to increase attractiveness, and that's the understatement of the year.

★ ★ ★

Q. "I know that you have printed exercises for sacroiliac problems. I cut them out of the paper but lost them. I know a great many women who have this same problem. Would you please print them again?"

A. The following are two good ones, and they are easy to do:

● Stand erect, walk in place, lifting your knees high up in front of you so that your toes point toward the floor. The important thing to remember is to lift the knees as high up in front of you as possible.

● Lie on the floor on your back. Bend both knees and place your feet on the floor. Move your right knee as far out to the right side as comfortable, move it back to place. Continue. After a while do the same thing with the left knee.

★ ★ ★

Q. "I am 13, and I am overweight, but my waist is small. My only real problems are my hips, thighs and legs. I have taken ballet for eight years and my mother says this is why my legs have muscles. I don't take dancing now, and wonder if there is any way I can slim my legs down."

A. You would be in a bad fix if your legs didn't have muscles, but it is true that intensive study of the dance is bound to develop your muscles to a degree which you might not otherwise have.

However, overweight also adds inches to all measurements, I suggest that you watch your calorie count. At your age you need a well-balanced adequate diet and should not cut your calorie intake too low.

The sensible way for you to reduce is to substitute fruit for rich desserts, take no seconds, and leave off in-between-meal snacks.

———

If any of my readers would like to have my hip-slimming exercises, send a stamped, self-addressed envelope with your request for "Hip Exercises," leaflet No. 3 to Josephine Lowman in care of The Pontiac Press.

Feet May Swell

NEW YORK (UPI) — As the mother-to-be gains weight, the additional strain on her feet may make them larger.

SEW SIMPLE

By Eunice Farmer

Dear Eunice: The fashion books are filled with pictures of suits and coats that are made of diagonal weave fabrics. It seems that you told us you could not achieve a chevron effect from this type fabric. Is this true?

Mrs. D. R.

★ ★ ★

Dear Mrs. D. R.: I will repeat this answer because it has come up so often. It is impossible to form a chevron or "V" effect from your stripes unless the fabric is reversible (most aren't).

Chevron effects are achieved most commonly by using vertically striped fabric on the bias. In a true diagonal woven fabric, all the stripes will go in the same direction, usually from the left shoulder to the right side of the skirt.

It is best to check on your pattern to see if this type of fabric is suitable for your exact pattern.

TAILOR TRIX WINNER

A perfect interfacing for lightweight summer fabrics, including wash and wear, is nylon net. It is lightweight, firm, quick drying, requires no pressing and is invisible through sheer fabrics.

Mrs. Dorothy Carpenter, Marathon, New York, is this week's winner of a Tailor Trix pressing board.

Dear Eunice: May I tell you how much we appreciate your information on making skirts that are unusual and usually found in expensive ready-to-wear. I discovered a tricky one this summer, perhaps you can help us make one. It looked like an accordion pleated skirt.

Betty W.

Dear Betty: Good luck on this skirt project. If you follow each and every step given, you should have good results with this accordion skirt.

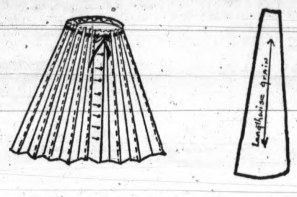

It's easy to make, figure flattering, and can be made at a fraction of the ready made variety.

1. Make 13 gores for all sizes. Make larger or smaller by changing the size of the gores, and also the length.

2. For a 24-inch waist, each gore should be about 2¾ inches wide at the top, and about 6½ inches at the lower edge. This allows for ¼ inch seams.

3. Seam all gores together (wrong sides together), leaving one place open for the center front. Fold each of the end gores in half to form the facing for the front edge.

Make machine buttonholes on the right front and sew the buttons on the left front.

Fold each gore in the exact center (wrong sides together) and machine stitch along the fold, very close to the edge. This will give the accordion effect.

5. Face the top of the skirt with a strip of printed or striped fabric about 1½ inches wide. If you wish to have a coordinated ensemble, this fabric would match a blouse.

6. Place machine buttonholes across the top of the skirt (as illustrated) placing one buttonhole in each section of the skirt (making 25 buttonholes in all).

7. Make a narrow belt by folding the fabric to ½ inch wide and machine stitching each end to cover raw edges.

8. Thread the belt through the buttonholes and tie as tightly as you wish to fit.

9. When pressing your skirt, press each seam together, the stitched seam as well as the seams that are edge stitched. Fold like an accordion for the proper effect.

HELPFUL HINT

Mrs. B.A.S. sends this suggestion to all our readers whose children wear canvas type shoes during the summer.

The soles of the shoes are often in good condition but the canvas tops show signs of wear, especially on the toes.

Use twill type iron-on-tape in bright colors, cut in circles of various sizes and press on the shoes. A few extra spots of color won't be noticed and can add months of wear to each pair of shoes.

YOUR SEWING GLOSSARY — Chevron: A "V" that is formed when striped fabric is cut on the bias. This is usually done at the center front or back seams and produces a striking effect.

GAYLE DORIS JOHNSON

January vows are being planned by Gayle Doris Johnson, daughter of the W. D. Johnsons of Rioview Drive, and Pfc. Walter D. Conwell, son of the Parvin E. Conwells of Meyers Road. Her fiance is stationed at Fort Benning, Ga.

Diane Pickford, daughter of the Charles Pickfords of Argyle Street, has been graduated from the Highland Park General Hospital School of Nursing as a registered nurse. She will begin work late in September in Columbus, Ohio.

Lunchbox Tip

Slip a dampened washcloth in a plastic bag and enclose it in a lunchbox. Then a child can conveniently clean his face and hands after eating.

Handy Magnet Bar

Sure pull around the house is a 12-inch-long magnetic bar that can be used for holding kitchen utensils, tools, knives, scissors and other household items.

Quarter Oranges

Conquer the messy orange situation in school lunchboxes by quartering oranges, loosening the pulp from the tips, then packing the orange together firmly and wrapping with foil.

Area Parties Honor Local Bride-to-Be

A spinster's luncheon Tuesday in the Southfield home of Mrs. Lloyd Jewel honored Saturday bride-elect Judith Gail Applequist, daughter of the Gordon C. Applequists of Long Lake Shores Drive.

★ ★ ★

Mrs. James Considine, Bloomfield Hills, Mrs. Benjamin Badenoch and Mrs. Robert Hall shared hostess honors at a recent kitchen and bath shower in the Considine home.

★ ★ ★

Personal gifts and linens were opened at a recent luncheon in the Birmingham home of Mrs. Kenneth Dickinson. Mrs. Joseph Noethen of Southfield was cohostess.

Miss Applequist's fiance is Clifford Jon Soechtig, son of the Charles Soechtigs of East Willston, N.Y.

MARTIN J. COTE

Martin J. Cote, a student at the General Motors Institute in Flint, will represent his chapter of Alpha Tau Omega fraternity at the chapter officers' conference Aug. 25-29 at Bowling Green, Ohio. The son of Dr. and Mrs. John M. Cote, Long Point Drive, he will be one of over 260 undergraduates present at the five-day workshop.

Widow Club Invites Public to Attend

Make Buttermilk Cake When Eggs Are Cheap

By JANET ODELL
Pontiac Press Food Editor

Both Mr. and Mrs. Clifford Cottrell of Watkins Lake like to cook. But it was Mrs. Cottrell who gave us one of her favorite recipes.

The Cottrells have a son in service and a married daughter—also a grandson.

The time to make Buttermilk Cake is when eggs are cheap. This cake freezes well.

BUTTERMILK CAKE
By Mrs. Clifford Cottrell

1¾ cups butter or margarine
3½ cups granulated sugar
¼ teaspoon soda
1 tablespoon vanilla (this is correct)
4½ cups flour
½ cup buttermilk
8 eggs

Cream butter or margarine with soda and vanilla. Add sugar gradually. Add eggs, one at a time, beating well after each. Add flour alternately with buttermilk.

Batter may be baked in several ways. Use a bread pan 6x3x2 (approximately); 2 one-pound coffee cans; and 12 cupcake tins. Bake loaves 50-55 minutes at 325 degrees. Cupcakes will take 20-25 minutes.

If desired, all the batter can be baked in a 10x5x3 pan for 1 hour and 20 minutes at 325 degrees.

Dry Lunchboxes

To prevent wilted or soggy salad, dry the greens before combining them. Also drain any canned food you use. Add dressing just before serving.

Large Grape Crop

The largest grape crop on record — 6.5 billion pounds—is forecast this year for California, long-time producer of 90 per cent of America's domestic grape crop.

Makeup Tip From Models

Professional models and actresses, whose faces are their fortunes, have discovered an effective yet absolutely safe method of reinvoving makeup. They use cotton squares soaked in good quality witch hazel.

* * *

The pure herbal extract cuts quickly through the makeup, leaving the skin not only clean but toned and refreshed. There is a convenient size bottle just right for the traveling makeup kit, too.

A Timesaver for Mothers

Mother's timesaver: as you iron, place a matching handkerchief, pair of socks and tie on the same hanger as you place your son's shirts; and a handkerchief, hair ribbon and socks with your daughter's dress or blouse.

Cook-in-Skins

Cooking vegetables in their skins improves flavor and food value — and saves time.

Peaches Glow in Dessert, Salad

SUMMER FRUIT PLATE — A beautiful array of fruit surrounds creamy cottage cheese.

By JANET ODELL
Pontiac Press Food Editor

One of the nicest things about August is peaches. I know, we have them most of the summer, starting with the early southern peaches. But Michigan peaches are special.

In the next few weeks we will have all the Haven varieties, so good for eating and canning or freezing.

Have you ever baked peaches? They make a good dessert or even a garnish on a meat platter.

Baked Fresh Peaches

7 ripe fresh peaches
2 tablespoons sugar
½ teaspoon grated lemon rind
2 tablespoons butter or margarine
6 macaroons, crumbled
1 egg yolk

Wash and peel the peaches. Cut 6 in half, saving 1 peach for later use. Remove pits and scoop out a little of the center. Mash the remaining peach along with the portion removed from cavities.

Add sugar, lemon rind, butter or margarine, macaroon crumbs and egg yolk. Mix well. Spoon some of the mixture into each peach cavity. Place in a buttered baking dish.

Bake in a preheated moderate oven (375 degrees) for 1 hour. Serve warm or cold as dessert. Yield 6 servings.

Another warm peach dessert is fresh peach scallop. The biscuit topping is pepped up with wheat germ and grated orange peel.

Wheat Germ Peach Scallop

12 to 18 fresh ripe peaches, according to size
1-3 cup firmly packed light brown sugar
1-3 cup sugar
2 tablespoons cornstarch
½ teaspoon cinnamon
⅛ teaspoon nutmeg
3 tablespoons cider vinegar
1 cup water
1 tablespoon butter or margarine
Biscuit topping

Pour sliced peaches into shallow oblong baking dish, heaping slightly in the center. Combine sugars, cornstarch and spices in saucepan. Add vinegar, water and butter. Bring to a boil, stirring constantly; lower heat; simmer, stirring, until thickened and clear (about 5 minutes). Pour over peaches.

Arrange biscuit topping around edge. Bake at 400 degrees for 20 to 25 minutes or until peaches are tender and topping golden brown. Serve hot, with plain cream. Makes 8 servings.

Biscuit Topping

1 cup biscuit mix
1-3 cup wheat germ
4 tablespoons sugar, divided
¼ cup butter or margarine
1-3 cup milk (about)
2 tablespoons cream
2 teaspoons grated orange peel

Combine biscuit mix, wheat germ and 2 tablespoons sugar. Cut in butter or margarine. Stir in enough milk to make a soft dough. Roll out ½-inch thick on floured board. Cut into circles with 3-inch cutter. Cut each circle in half. Brush tops with cream; sprinkle with orange peel and remaining sugar.

Arrange around edge of baking dish, rounded side in, making a scalloped border. Bake as directed.

When you bring peaches home from the store, let them finish ripening in the kitchen. Like tomatoes, they ripen best out of the sun, but at room temperature. Then stow them in the refrigerator to chill before serving.

★

Use some of the golden ripe fruit to make a peach and blueberry or cherry molded salad.

Fresh Peach and Blueberry Ring

3 oz. package peach gelatin
1 cup boiling water
¾ cup cold water
1 tablespoon lemon juice
1 cup fresh or frozen blueberries
2 or 3 peeled, sliced fresh peaches

Dissolve gelatin in boiling water. Add cold water and lemon juice. Chill until partly set. Arrange fruits in 1½-quart ring mold or 8-inch square pan. Spoon gelatin over fruit. Chill until firm.

Unmold on large platter lined with leaf lettuce. Serve with Sour Cream Dressing. Serves 6-8.

Fresh Peach and Cherry RIBBON MOLD

3 oz. package lemon gelatin
2 drops almond extract
4 sliced fresh peaches
Maraschino cherries
3-oz. package cherry gelatin

Prepare lemon gelatin as package directs. Add almond extract. Chill until partly set. Pour 1 cup gelatin into 1½-quart mold. Put in fresh peaches and cherries. Spoon rest of gelatin over fruit. Chill until firm.

Prepare cherry gelatin as package directs. Chill until partly set. Spoon over firm lemon layer. Chill until firm.

Unmold and garnish with unpeeled sliced fresh peaches. Serve with Sour Cream Dressing. Makes 8-10 servings.

Sour Cream Dressing

Blend together:
⅓ pint sour cream
1½ tablespoons confectioners sugar
⅛ teaspoon almond extract
Few grains salt
¼ teaspoon nutmeg

Try Luncheon Bean Dish

Green beans served this way make the main course.

Snap Bean Luncheon Plate

1¼ pounds snap beans
Boiling water
6 slices toast
Mustard-Cheese Sauce
12 slices crisp bacon

Wash and remove tips from snap beans. Place in a saucepan with one inch of boiling water and salt. Bring to a boil and cook uncovered, for 5 minutes. Cover and boil 10 to 15 minutes or until beans are crisp-tender.

Drain beans and arrange on toast. Serve with Mustard Cheese Sauce and bacon. Makes 6 servings.

Mustard Cheese Sauce

¼ cup butter or margarine
2 tablespoons flour
1 cup milk
3 egg yolks, beaten lightly
2 tablespoons fresh lemon juice
¾ cup grated sharp American cheese
½ teaspoon dry mustard
⅛ teaspoon pepper
Salt to taste

In a saucepan over low heat, melt the butter; stir in flour; add milk. Cook and stir constantly until slightly thickened. Combine egg yolks and lemon juice and mix with the sauce. Stir over low heat for about a minute.

Off heat, stir in cheese, mustard, pepper and salt until cheese melts. Makes about 1½ cups.

You can make a wonderful sauce for cold sliced veal from mayonnaise mixed with flaked tuna fish and chopped anchovies.

Serve a Fruit Plate With Banana Bread

High protein and low calories make cottage cheese an excellent food choice. An average one-half cup serving of creamed cottage cheese gives nearly the same amount of protein as found in 3 ounces of fish, poultry or lean meat, 3 eggs or 3 slices of Cheddar cheese and, adds only 120 calories.

A popular way of using cottage cheese is in salads for it combines well with fruits and is attractive. Salads in which cottage cheese and fruit are used make satisfying meals when accompanied by buttered bread and milk.

Cottage Cheese Fruit Plate

2 pound carton creamed cottage cheese, large or small curd
Pineapple and apple slices
Pear and peach halves
Grapes, raspberries, strawberries, blueberries
Leaves of lettuce

Place a scoop of cottage cheese in lettuce leaf cup in center of dinner plate. Arrange fruit in spiral from mound. Garnish with mint leaves. Serve with buttered banana bread, finger sandwiches and milk. Makes 8 servings.

Banana Nut Bread

½ cup butter (1 stick)
1 cup sugar
2 eggs
2 cups sifted flour
2 teaspoons baking powder
½ teaspoon salt
½ teaspoon baking soda
¼ teaspoon nutmeg
1 cup mashed banana (about 3 medium)
½ cup chopped pecans

Cream butter and sugar together until fluffy. Add eggs; mix well. Sift together flour, baking powder, salt, soda and nutmeg. Add to creamed mixture alternately with mashed banana; stir just until dry ingredients are moistened. Gently stir in pecans.

Pour into a well-greased 9x5x3-inch loaf pan (or into two well-greased small loaf pans 7⅝x3⅜x2¼-inch). Bake large loaf in a moderate oven, 350 degrees, until done, 45 to 50 minutes. Bake smaller loaves about 35 minutes. Makes 1 large loaf or 2 small loaves.

Let Meat Loaf Rest Before Slicing It

Your family should enjoy this variation of a meat loaf.

Beef and Sausage Loaf

1 egg
⅓ cup milk
2 cups soft bread crumbs
3 tablespoons chili sauce
2 tablespoons finely grated onion (pulp and juice)
1 pound ground chuck beef
1 pound bulk sausage meat

In a medium mixing bowl, beat the egg slightly; add milk and beat to combine. Mix in the bread crumbs, chili sauce, onion, beef and sausage. Pack into a loaf pan (9 by 5 by 3 inches). Bake in a moderate (350 degrees) oven 1 hour. Turn off oven.

Allow to stand in oven with open door for 15 minutes. Remove from oven; pour off fat; turn out and slice. Makes 6 to 8 servings.

Cantaloupe Pie

Summer is the time for this glamorous easy-to-fix cantaloupe-berry pie. Fold diced California cantaloupe, quartered strawberries and toasted coconut into stiffly whipped cream. Chill in a graham cracker crumb crust.

CORNED BEEF BURGERS—As a change from beef burgers, make some corned beef burgers. Simmer them in a sweet spicy, pineapple sauce.

Summer Squash Can Be Baked

Summer squash is one hundred per cent edible. There is no waste, nothing to trim off or scoop out. It is easily prepared and lends itself to a variety of cooking methods — steaming, boiling, baking, and frying. It is delicious, crisp and nutty, used raw as a salad vegetable.

Baked Summer Squash

2½ pounds summer squash
½ teaspoon salt
½ cup milk
2 tablespoons butter
2 tablespoons maple syrup

Wash and slice squash into a greased baking dish. Add other ingredients and cover tightly. Bake in a 350 degree oven for 45 minutes. Serves 5.

Try Ruby Beet Mold

Late summer and preparation for opening of school brings many summer activities to a close. Because it's a long time until the next summer supper on the patio, why not make the outdoor meal one the family will remember.

* * *

Salads are well received on warm days and Borsht Ring with Cottage Cheese would be an excellent choice.

Borsht Ring with Cottage Cheese

1 tablespoon unflavored gelatin (1 envelope).
¼ cup cold water
1 1-lb. can whole beets (1¾ cups)
1½ cups beet juice with water
2 tablespoons sugar
1¼ teaspoons salt
½ teaspoon celery salt
¼ cup vinegar
1 tablespoon horseradish
1 pint creamed cottage cheese (2 cups)

Soften gelatin in cold water for 5 minutes. Drain beets and add enough water to juice to make 1½ cups. Shred beets and drain well. Heat beet juice to boiling and add to gelatin stirring until dissolved. Add sugar, salt, celery salt, and vinegar, cool.

Add horseradish and chill until consistency of unbeaten egg white. Fold in shredded beets and pour into a 1-quart ring mold. Chill in regrigerator until set.

Unmold on cold plate garnished with lettuce. Heap cottage cheese in center of ring. Chives may be added to cottage cheese if desired. Makes 6 servings.

Fix Several Pies, Freeze Some

Are you serving a fresh peach pie tonight. If so, instead of just making one make several. Bake one and freeze the others unbaked to use in the future. Fruit-fresh, an ascorbic acid mixture makes this possible for it will prevent the peaches from turning brown and insure a real fresh pie in months to come.

It is a good idea to make the pies in foil plates for they are easier to store in the freezer. These are available in any store that sells housewares and can be used over and over again.

The recipe below is for one pie therefore double, triple or quadruple it according to the number of pies you wish to make.

Fresh Peach Pie

Pastry for a 9-inch lattice top pie
1 tablespoon, acorbic acid mixture
¾ cup sugar
3 teaspoons flour
Dash salt
¼ teaspoon cinnamon (optional)
5 cups sliced fresh peaches (about 2½ lbs.)

Prepare pastry and line a 9 inch foil pie plate. Mix together Fruit - Fresh, ascorbic acid mixture, sugar, flour, salt and spice. Add peaches and toss well to coat slices. Turn into lined pie plate. Adjust top lattice crust.

To bake right away: Dot with one tablespoon butter and bake in a hot oven 425 degrees 40 to 45 minutes or until crust is brown and filling is bubbly.

To freeze: Wrap well in aluminum foil and freeze. When ready to bake, unwrap; dot top through latice crust with 1 tablespoon butter and bake in a hot oven 400 degrees about 1 hour and 10 minutes or until crust is brown and filling bubbly.

FRESH PEACH PIE—When peaches are at their height make three pies. Bake one and freeze the others unbaked. You'll love them in the months to come.

Chocolate Sauce Really Smooth

Fruit first? Then have Chocolate Sundaes for dessert.

Chocolate Velvet

9 ounces semi-sweet chocolate
¾ cup light corn syrup
¼ cup water
½ teaspoon vanilla

If very low heat is used, sauce cut it in small pieces—there should be 1½ cups. In a heavy saucepan over very low heat stir together the chocolate and corn syrup until chocolate melts. Add water; stir until combined. Remove from heat. Stir in vanilla. Makes about 1¾ cups.

* * *

If very low heat is used, sauce will be warm and non-sticky when served over ice cream. Store remaining sauce in refrigerator and reheat over hot water.

Peanut Butter Tops 'Em All

Sandwich making is probably the number one use of peanut butter, says the U.S. Department of Agriculture.

Start with buttered slices of bread generously spread with peanut butter for a mighty satisfying repast. Then add your own favorite "go with" or try a slice of Bermuda onion, crisp bacon crumbles, mashed bananas, a hot slice of fried ham, chopped dates, slices of fresh apple or tomato, honey, cheese slices or cottage cheese, or soft marshmallow.

Whatever way your family likes it you can give their peanut butter sandwich an extra special touch by French toasting it. Prepare the sandwich as usual. Then dip it into an egg-milk mixture and fry to a golden brown. Serve piping hot.

Corned Beef Is New in Burgers

Sweet and sour pineapple sauce does wonderful things to the exciting new burger sensation — corned beef burgers. The spicy sauce complements the zesty flavor of the burgers and at the same time gives them a shiny glaze.

The pineapple-y burgers are an excellent choice for a summer supper served with crunchy bread sticks and a bowl of sauteed zucchini squash slices. The entree is quickly prepared — cooked just long enough to keep kitchen temperatures from becoming unbearable on a hot and humid evening.

Corned Beef Burgers

1 can (12 ounces) corned beef, unchilled
1 slice white bread
1 egg, slightly beaten
3 tablespoons butter or margarine, melted
¼ cup brown sugar
1-3 cup vinegar
1 teaspoon dry mustard
¼ cup pineapple sirup
1 cup pineapple chunks

Flake corned beef with a fork. Separate bread into soft crumbs; add to corned beef with egg; mix well. Shape into four uniform patties. Brown on both sides in hot fat. Mix brown sugar with vinegar, mustard, and pineapple sirup; pour over meat. Arrange drained pineapple chunks over meat. Cover and simmer for 15 minutes. Serve hot.

Yields 4 servings.

Chilled Cream Soup Tempers a Hot Day

Refresh your luncheon guests by serving them Chilled Emerald Soup garnished with Rosemary Croutons. This is a broccoli and cream of leek soup that's both tasty and beautiful. Croutons of bite size shredded rice, wheat or corn biscuits toasted in rosemary flavored butter, take five minutes to prepare and provide the final gourmet touch.

* * *

Lend a nice air of simplicity, newness and beauty by serving the soup on a small buffet table in the living room. Color ice cubes a light green or blue and chop them to mound around the glass bowl of soup. Put a few tiny flowers on the ice. As it melts, the flowers will float and the soup will stay appealingly cold.

Don't forget to have plenty of croutons. Your guests will send you back to the kitchen for more if you don't.

* * *

It's certainly true that "Rosemary is for remembrance" when you serve Rosemary Croutons with beautiful icy Emerald Soup at home.

CHILLED EMERALD SOUP

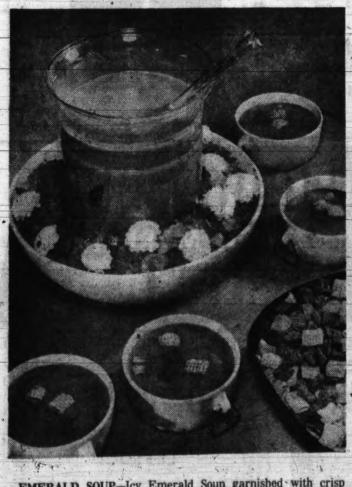

4 cups chicken bouillon or stock
1 package (1 7-8 oz) cream of leek soup mix
1 package (10 oz.) frozen chopped broccoli
4-5 springs parsley
Dash Worcestershire sauce
Dash pepper
½ cup heavy cream

Combine chicken bouillon, soup mix and broccoli. Heat to boiling. Add parsley, Worchestershire sauce and pepper. Simmer 5 minutes or until broccoli is tender. Put through blender or sieve. Add cream. Chill thoroughly. Serve with Rosemary Croutons. Yield: 6½ cups

ROSEMARY CROUTONS

2 tablespoons melted butter or margarine
⅛ teaspoon salt
¼ teaspoon ground rosemary
2 cups bite size shredded rice, wheat or corn biscuits.

Thoroughly blend butter, salt and rosemary in shallow pan. Add cereal. Stir until evenly coated. Heat 5 minutes over low heat. Stir occasionally. Cool on absorbent paper. Serve with Chilled Emerald Soup. Yield: 2 cups.

EMERALD SOUP—Icy Emerald Soup garnished with crisp Rosemary Croutons will refresh guests on a warm day. Follow the soup with fresh fruit salad and Butterscotch Brownies a la Mode.

Prepare for Campers' Big Appetites

Is yours one of the thousands of families taking off this summer for a camping vacation? Besides being more economical, you know that out-of-door living is real fun.

Cooking while camping takes a bit of planning, but with the array of canned, dried and instant foods available, outdoor menus are a far cry from a steady diet of canned baked beans. With today's gear and a bit of imagination your camp meals are as varied and nutritious as meals prepared in your own kitchen. The main difference is lack of refrigeration.

* * *

If children are along, you'll want to be sure they get enough milk. It's easy with evaporated milk and instant nonfat dry milk among your food supplies. Mixes, like biscuit mix, easily become pancakes or biscuits (unless your campsite is close to a market, bread isn't as handy to keep as it was at home).

Campers wake up in the morning starved. Even "breakfast haters" have huge outdoor appetites. Cool morning air calls for plenty of steaming cocoa and coffee. Camper's cocoa, made with evaporated milk, is ideal for youngsters and oldsters too.

Plain pancakes are fine at home. Campers like something a bit more hearty. Easily made with biscuit mix and evaporated milk are camper's pancakes, uniquely flavored with either canned chili beans or canned corn. Be sure to make plenty, for ravenous outdoor appetites will startle you.

Camper's Pancakes

1 cup biscuit mix
One-half 1-lb. can (¾ cup) cream-style corn
⅔ cup evaporated milk

Mix all ingredients in bowl. Put skillet on burner or in hot coals. Grease pan well. (It may be necessary to add more shortening later.)

Bake pancackes until bubbles appear on top and edges are cooked. Turn. Bake until other side is brown. Makes about eight 4-inch pancakes.

Chili pancakes—use one-half 1-lb. can (¾ cup) beans in chili gravy.

* * *

Camper's Cocoa

¼ cup sugar
¼ cup cocoa
Few grains salt
1½ cups hot water
1⅔ cups evaporated milk (1 tall can)
1 teaspoon vanilla

Mix sugar, cocoa and salt. Stir water in gradually. Stir in evaporated milk. Place saucepan on burner or coals. Cover. Heat until steaming, but do not boil. Stir now and then. Take off heat and stir in vanilla. Serves 4.

CAMPERS' TREAT — Is it about ready Mommy? This campsite breakfast is hearty corn pancakes and steaming cocoa — made with packables, mixes and canned foods.

Grill Fresh Tomatoes in Foil Out-of-Doors

An ideal salad and sandwich vegetable, tomatoes also star in cooked dishes. USDA's Agricultural Marketing Service recommends, for example, Baked Tomatoes, for a cook-out.

Slice tomatoes into foil pan and sprinkle with diced onion, salt, and a bit of nutmeg. Add heavy cream (½ cup per 4 large tomatoes) and dot with butter. Place foil container on the grill over hot coals. Allow about 15 minutes for the tomatoes to "heat" to serving perfection.

Sour Cream for Crabmeat

Tangy seafood sandwiches like this one seem to take degrees off a hot August day.

Combine 1 cup cooked flaked crabmeat with ¼ cup lemon juice, 1 tablespoon Worcestershire sauce, ¼ cup chopped onion, ¼ cup celery and dash pepper. Cover and refrigerate for about 2 hours. Drain well and stir in ½ cup dairy sour cream.

Spread mixture on 6 slices cracked wheat bread, cover with fresh watercress sprigs and close sandwiches with 6 more bread slices.

Fair Visitors to See Meat

Michigan State Fair visitors this year will be able to see how and why the meat they buy at the supermarket or the butcher's is a real bargain in good eating.

On display in the Agricultural Building will be a meat exhibit sponsored by the Michigan Livestock Improvement Association, Michigan State University and the National Livestock and Meat Board.

It will be on display throughout the fair, which opens Friday evening, August 23, and runs through Labor Day, Monday, September 2.

The exhibit features a large walk-in refrigerator with display windows. Various cuts of meat are shown and identified. The differences between "old style" meat-cutting methods and the new methods are shown, demonstrating that the housewife today gets her meat properly trimmed.

The exhibit also points out that meat is becoming more popular as a gift item, with Christmas boxes containing such items as a slab of bacon, New York Cut steaks, top-grade lamb or pork chops.

Of course, meat on the hoof also will be prominent at the State Fair, with record entry lists of cattle, swine, and poultry expected.

Cheese Salad Dressing Is Low in Calories

For summer slimness and glowing health besides . . . salads of crisped vegetables and-or succulent fruits are on the menu. And the dressing? Here's one made with cottage cheese and instant nonfat dry crystals that is agreeably low in calories, nourishingly high in proteins and all-around delicious in flavor.

To make about 1 1-3 cups: stir ½ cup instant crystals into 1-3 cup water. Beat in 1 cup creamed cottage cheese until smooth. Mix in 1 tablespoon lemon juice; 2 tablespoons chopped chives, dash salt and pepper. Chill.

COOL "COOKING"—A shimmering molded salad of grapefruit sections and cucumber is an ideal summer dish. Undiluted frozen grapefruit juice combined with mayonnaise makes a tasty dressing.

Grapefruit Sections Are Tasty in Salad Mold

Letting the refrigerator do part of the cooking is a concept very popular with American cooks. Molded salads are particularly pleasing in hot weather, easy on the person making them as well as appealing to wilted appetites at mealtime.

A recipe follows for a jellied grapefruit and cucumber salad that is refreshingly tart. Canned grapefruit sections and frozen concentrated grapefruit juice are used — those convenient citrus products from Florida. Their vitamin C content is important to us in the summer, too.

Undiluted grapefruit juice concentrate added to mayonnaise makes a new and different dressing, especially good with jellied salads.

Jellied Grapefruit and Cucumber Salad

2 cans (1 pound each) Florida grapefruit sections
1 can (6 ounces) Florida frozen grapefruit juice concentrate
2 envelopes unflavored gelatine
¾ teaspoon salt
1 to 2 tablespoons minced onion, optional
1 cup diced cucumber

Drain grapefruit sections; reserve syrup. Reserve 4 tablespoons of undiluted grapefruit juice concentrate for dressing. Reconstitute remaining concentrate with 2 cans water.

Add reconstituted grapefruit juice to syrup from sections to make 3 cups. Sprinkle gelatine on 1 cup of the liquid in saucepan to soften. Place over low heat, stirring constantly, until gelatine is dissolved. Remove from heat; add remaining 2 cups grapefruit liquid, salt and onion.

Arrange a few grapefruit sections in bottom of loaf pan. Spoon in enough of the gelatine mixture to cover. Chill until almost firm. Chill remaining gelatine to consistency of unbeaten egg white. Reserve several grapefruit sections for garnish; cut remaining sections in halves.

Fold halved grapefruit sections and diced cucumber into thickened gelatine mixture. Spoon on top of almost firm first layer. Chill until firm. Unmold on salad greens and garnish with reserved grapefruit sections and cucumber slices.

Serve with Grapefruit Mayonnaise Dressing. Yield: 6 servings.

Grapefruit Mayonnaise Dressing

4 tablespoons undiluted grapefruit juice concentrate
1 cup mayonnaise

Blend grapefruit juice concentrate and mayonnaise until smooth. Yield: 1¼ cups.

Choose Sauce to Fit Meat

One way of giving zip to your charcoal grill masterpieces is the use of special sauces and marinades. What a luscious flavor and crispy brown crust they add!

Marinades and sauces vary from mild to highly seasoned, but they should not mask the natural meat flavor, states meat expert Reba Staggs.

Marinades are thinner, generally more highly seasoned and have less oil. However, the same sauce can serve as both a marinade and a basting sauce.

Prepare basting sauces at your leisure and keep on hand in the refrigerator. For spreading on meat a heavy brush or narrow paint brush is handy. Some sauces may also be served as accompaniments.

Sauces with sugar or tomato should be used with quick-cooking meats or spread on during the last half hour. Otherwise, they tend to burn.

LESS FAT

With pork chops, ribs and most roasts, sauces with less fat are best. Tomato-y barbecue sauces are delicious, as are fruit sauces.

For lamb chops and kabobs, try an oily sauce or marinade, and a touch of garlic is nice. For beef, barbecue-type sauces fairly rich in oil with plenty of good seasonings go well.

The long cooking of rotisserie roasts with relatively little natural fat covering makes oily basting sauces desirable.

Tart Barbecue Sauce combines 1 cup soy sauce, 1 cup salad oil, ¾ cup lemon juice and 1 clove garlic, cut in half. Use as a marinade, too.

A tasty kabob marinade blends ½ cup salad oil, 2 tablespoons lemon juice, ¼ cup chopped onion, 1 teaspoon dry mustard, ½ teaspoon garlic salt, ½ teaspoon salt and ⅛ teaspoon pepper.

Nut Cream Dressing

For a salad dressing with an Oriental flavor, mix together toasted slivered almonds, equal parts of dairy sour cream and mayonnaise, a dash of soy sauce and curry powder to taste.

CITRUS CHICKEN—Fresh orange and lemon juice are used in the barbecue sauce for grilling chicken outdoors. Oranges appear a second time in a crisp salad, unusual in its use of an anchovy dressing.

Oranges Give Flavor, Color to Summer Meal

Breeze through summer days with California fresh citrus. Oranges and lemons complement and combine with all hot weather favorites, and they are so good and so good for you.

★ ★ ★

Here's the coolest way to cook. Try Citrus-Honey Barbecued Chicken—made to order for eating al fresco. In the cool early part of the day, prepare the chicken in serbed, fresh orange and lemon juice—honey, marinade. Later, barbecue over coals or cook in and carry out.

Citrus-Honey Barbecued Chicken

2 (2 to 2½ pound) ready-to-cook broilers, quartered or halved
½ cup fresh lemon juice
½ cup fresh orange juice
⅓ cup honey
1 cup salad oil
2 tablespoons prepared mustard
½ teaspoon dried thyme
½ teaspoon dried marjoram

Place chicken pieces in shallow baking dish. In jar, combine remaining ingredients; cover tightly and shake thoroughly to blend. Pour over chicken; place in refrigerator and marinate for several hours. Drain chicken, reserving sauce.

★ ★ ★

Place chicken over hot coals or under broiler. Cook slowly, brushing occasionally with sauce, until chicken is fork tender, about 25 to 30 minutes on each side. Makes 4-6 servings.

Western Orange-Anchovy Salad Bowl

3 quarts torn, mixed salad greens
4 California oranges, peeled, cut into bite-size pieces, (2 cups)
⅓ cup sliced green onions
⅓ cup salad oil
¼ cup red wine vinegar
1 tablespoon prepared mustard
1 2-ounce can anchovy fillets, drained, cut into pieces
California orange cartwheels

In large salad bowl, combine salad greens, oranges, and green onions. For dressing blend well remaining ingredients, except orange cartwheels. Pour enough dressing over salad greens to moisten; toss lightly. Garnish with orange cartwheels. Serve at once. Makes 8-10 servings.

Vegetables Can Stay Colorful

Red, yellow, white, green — you'll want it to stay that way. Served raw and reasonably soon, there's no problem in keeping vegetables as colorful as the day they were bought. But cooking sometimes changes the color — and color is important to the attractiveness of meals.

★ ★ ★

The U.S. Department of Agriculture says, green vegetables, such as spinach, green beans, peas, green cabbage, and broccoli have better color if cooked to the crisply done stage, not until soft.

Red vegetables, such as beets and red cabbage, keep their color better if a little vinegar or other acid is added to the cooking water.

In hard water, potatoes, cauliflower, white cabbage, celery, and white onions may turn yellow. But a teaspoon of lemon juice, cream of tartar, or white vinegar will keep them white.

Yellow vegetables have a knack for keeping their attractive color without help.

Fruit Desserts Pleasing

Summer fruits make delicate and seductive hot weather desserts. Here are two attractive examples:

Fresh Raspberry and Peach Parfait

2 cups sliced fresh peaches
¼ cup sugar
2 teaspoons fresh lemon juice
2 cups fresh raspberries
6 scoops vanilla ice cream
6 fresh peach slices
6 whole fresh raspberries

Coarsely chop sliced peaches and mix with 2 tablespoons of the sugar and lemon juice. Chill. Mash and put raspberries through a sieve, and mix with remaining sugar. Chill.

★ ★ ★

Just before serving fill parfait glasses with layers of peaches, ice cream and raspberry sauce, having peaches as bottom layer and raspberries over the top. Garnish each serving with a fresh peace slice and a whole raspberry. Serve at once. Makes 6 servings.

Watermelon Ice

1 envelope unflavored gelatin
¼ cup water
¾ cup sugar
2 tablespoons fresh lime juice
2½ cups watermelon juice*
⅛ teaspoon salt

Soften gelatin in cold water. Place over hot water to melt. Combine remaining ingredients and mix with melted gelatin. Turn into an ice-cube tray and freeze until almost firm, stirring once. Remove from freezing tray and beat until smooth with a rotary or electric beater. Return to freezing tray and freeze until firm and ready to serve. Make 6 servings.

*To make watermelon juice, put 4 cups diced watermelon through a sieve. Measure. There should be 2½ cups juice.

An apple on hand? Dice it and add it to a luncheon salad made from chicken, tuna or shrimp.

Rice and Olives Molded Into Cooling Salad

Now is the time of year to tempt appetites with chilled salads on the order of "Beat-the-Heat Salad." It's molded combination of ripe olive wedges, rice, diced pickle, chopped celery, sliced onion, mayonnaise and catsup garnished with tomatoes and whole ripe olives.

To make the olives glisten handsomely, roll them lightly in olive or salad oil just before serving.

Beat-The-Heat Salad

½ cup ripe olives
1 cup cooked rice
¼ cup diced sweet pickle
½ cup chopped celery
1 tablespoon thinly sliced green onion
½ cup mayonnaise
2 tablespoons catsup
Lettuce
2 tomatoes
Ripe olives

Cut ½ cup olives into large pieces. Combine with rice, pickle, celery, onion, mayonnaise and catsup. Press firmly into 4 custard cups; chill. Unmold carefully on lettuce - garnished plates.

★ ★ ★

Pare and cut tomatoes into sixths. Garnish each salad with 3 tomato wedges and 3 or 4 ripe olives.

Makes 4 servings.

Williams Will Speak at Amvets Convention

DETROIT (AP) — Undersecretary of State G. Mennen Williams will be the principal speaker Saturday at the 19th annual Convention of Amvets.

★ ★ ★

The convention gets under way in Detroit today, with 2,000 Amvets and their families expected. It will end Sunday.

Detroit Club Will Hear Harriman Talk on Pact

DETROIT (AP) — Undersecretary of State W. Averell Harriman will speak at the Economic Club luncheon in Detroit Sept. 5 on the likelihood of the Soviet Union abiding by the proposed nuclear test-ban treaty.

★ ★ ★

Harriman has been undersecretary of state since last April.

Hay Baler Kills Youth

WALDRON (AP) — Jerry Ferry, 19, of Waldron was killed yesterday when he was mangled in a hay baler at his farm, state police reported.

Castro Tells Thant of U.S. 'Aggression'

MIAMI, Fla. (AP)—The Fidel Castro regime delivered a note to U.N. Secretary General U Thant denouncing what it called new U.S. plans of aggression against Cuba, Havana radio said Wednesday.

★ ★ ★

Broadcast heard in Miami said an attache of Cuba's U.N. mission submitted a copy of the communique, issued Tuesday following an anti-Castro raid on the north coast of Pinar del Rio Province.

A volcano crater in Aso, Japan, 14 miles by 10 miles, is the largest in the world.

Double Rites; 'I'm In-Law With You'

EASTHAMPTON, Mass. (AP) —Can a man's sister also be his sister-in-law? And can a woman's brother also be her brother-in-law?

The more you think about the wedding ceremony in Holyoke Friday the more complicated the question seems.

For in a double ceremony John Soltys, 18, will wed Mary E. Brisson, 19, and Mary Brisson's brother, Henry, 22, will marry John's sister, Nancy Ann, 21.

JFK, LBJ, Thant to Talk Via Syncom

WASHINGTON (UPI) — President Kennedy and Vice President Lyndon B. Johnson will join with the United Nations Secretary-General Thant tomorrow in the first live telephone conversation via Syncom 2, the new communications satellite.

* * *

The highlight of the half-hour demonstration of the new communications moonlet, "Anchored" in space above Brazil, will come when Kennedy picks up a telephone at the White House shortly before 9 a.m. (Pontiac time) to talk with Prime Minister Sir Nigeria in Lagos.

A Dim View of TV

Home on the Tube Strikes a Sour Note

By DICK WEST

WASHINGTON (UPI)—More and more I found myself watching television less and less. And this worried me.

Other people were watching television as much as ever. Why was I different? Was there something wrong with me?

WEST

For weeks I went around brooding about this. Meanwhile, I began losing weight. Became pale and listless. Tongue coated. The way I always get when I'm brooding about something.

* * *

Finally I asked Dr. Swizzle about it. Dr. Swizzle said I should try to analyze what was estranging me from television. He said that if I understood the problem it might make me feel better.

I did and I feel better already. Not first-rate yet, but better.

It seems that I got along fine as long as the networks were bringing television into the living room. The trouble started when they began bringing the living room into television.

Looking back on it, I think the first symptoms occurred with a program called "Charade Party."

We were playing charades about five nights a week then. On the sixth night, we would turn on the set and there would be people playing charades on television.

I have a mental block about what happened the seventh night. Perhaps that is just as well.

* * *

After that came a program called "Open End." People sitting around yakking, yakking, yakking. Spilling coffee and getting cigarette ashes all over everything.

It is true they were important people, but it wasn't much different from the nights we had the neighbors in.

I think that must have been when I began getting television confused with reality.

COMMERCIALS CHANGED

Then the commercials changed. Or some of them did. They began using real live people instead of actors. People just like the folks next door, which is saying a lot.

Once or twice I thought I caught a glimpse of my wife standing by the washing machine and telling the announcer how good the soap was. It was kind of eerie.

I might have survived all of that, might have stayed glued to the tube, except that this summer I tuned in on a new program. Bless my soul if they weren't showing home movies on television.

Home movies, the scourge of civilization. Home movies being piped right into my own living room.

* * *

I don't trust television now except when there's a ball game on. Fortunately, some of my best friends aren't ball players.

AP Photofax

BUTTERFLY'S FINE—For Caroline Kennedy's information, Butterfly—whom she named—is getting along fine. Here is a picture report as the granddaughter of a Russian space dog, given away by the White House this week, bounds along with Karen House, 10, near their home in Westchester, Ill., a suburb of Chicago.

Schools Enroll Negro Students

FARMVILLE, Va. (AP)—Negro children in Prince Edward County continued registering today for private desegregated schools that will provide most of them their first formal education since 1959.

* * *

Officials of the Prince Edward Free School Association estimated as many as 1,600 pupils might sign up for the classes to be administered by a biracial board of Virginia educators.

Through Wednesday, 856 pupils had registered. The schools will use public buildings, which were closed four years ago to evade a federal court's desegregation order.

At least one white, Richard D. Moss, 17, of Farmville, was registered by his father, Dr. C. G. Gordon Moss, dean of Longwood College, a state-supported girls' school here.

In 1850, a Gloucester fisherman, working for nine months in peril of his life, would net about $150.

Bridge Work Begins on U.S. 31 at Muskegon

LANSING (AP) — Construction has begun on two bridges carrying the new U.S. 31 Freeway over the Muskegon River near Muskegon.

The bridges, costing $279,568, are part of a $2.8 million contract for construction of 3.9 miles of roadway. The full 17-mile freeway between Muskegon and Montague will open in 1964.

Total expenditures for public elementary and secondary education in 1962 - 63, excluding capital outlay and interest, was more than $15.4 billion, or $432 per pupil.

Become Frustrated! Show Nationalism!

WASHINGTON (UPI) — Is there such a thing as national character? Does the typical American really react differently to a given situation than the typical Englishman or Frenchman?

★ ★ ★

Yes, says a Canadian psychologist who has conducted extensive comparative studies.

★ ★ ★

In a paper presented to the International Congress of Psychology, Dr. Stanley A. Rudin of Dalhousie University, Halifax, N. S., summed it up this way:

"If you frustrate an Englishman, he will keep a stiff upper lip and develop an ulcer.

"If you frustrate a Frenchman, he will drink himself to death.

"If you frustrate an Irishman, he will die of angry hypertension.

"If you frustrate a Dane, he will shoot himself.

"If you frustrate an American, he will get drunk, shoot you and establish a million-dollar aid program for your relatives."

Although Dr. Rudin offered these sweeping generalizations with tongue in cheek, he was completely serious in reporting that people of different national cultures tend to develop different kinds of drives, and to respond in different ways to frustrations.

Americans, for example, place a high premium on "achievement" which is reflected in "dynamic" conduct.

When they encounter frustration, they may react aggressively, or turn their wrath inwards upon themselves.

Thus, the United States has higher-than-usual death rates from homicide, suicide, ulcers and high blood pressure.

The English also attach great importance to achievement, but they tend to be low in aggressive traits and high in "repression."

Dr. Rudin added dryly that "recent news from England suggests that this is changing."

Army, Marines Alert for March

WASHINGTON (UPI)—Four thousand Army and Marine troops near the nation's capital will be on alert status during the Aug. 28 civil rights march, police officials have announced.

Police Chief Robert Murray said that he didn't expect any trouble during the mass march, but added that the soldiers will be ready just in case.

More than 100,000 persons are expected to converge on Washington next week to support President Kenedy's civil right legislation with a downtown march.

★ ★ ★

The troops will be on alert at the nearby Anacostia Naval Air Station and at Ft. Myer, Va., on the morning of the 28th.

Murray said 1,000 soldiers are already on duty in the Washington area. The remainder will be brought from Ft. Meade, Md., the Quantico, Va., Marine base and Ft. Belvoir, Va.

Murray said that the soldiers will be called into action only in case of trouble too serious for 1,900 regular police and 2,000 national Guardsmen to handle.

★ ★ ★

"There is every indication the march will be orderly and dignified," Murray said.

Waterford Police Have 831 Complaints in July

Waterford Township police handled 831 complaints during July, bringing the total for the first seven months of the year to 4,343.

Arrests for the January through July period amounted to 360, with 94 of these in July.

Nancy Sinatra's on Her Own

'Movie Brat' Out to Make Good

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — If there is to be a Sinatra dynasty in show business, the second generation aims to make it on its own.

They are a proud clan as you can tell by talking to them. Frank Sinatra Jr. is fiercely independent, though loyal to his famous sire. The same is true of the first born, Nancy. It also applies to her husband, singer Tommy Sands.

THOMAS

This week Nancy was appearing in a movie made by her father's company, "For Those Who Think Young." She plays the girl friend of beatnik Bob Denver, the goateed Maynard of "Dobie Gillis." She reported that she almost didn't take the job.

She went to the producer, Hugh Benson, and asked him pointblank: "Are you giving me this part because I am Frank Sinatra's daughter? If so, I don't want it."

MET HIM 3 TIMES

Benson replied: "Look, I've met your father three times and know him enough to say, 'Hello, Frank.' That's all. I picked you because I liked the way you read for a part for me once (she didn't get that job) and because you have a good touch with comedy."

Nancy told me: "I know what people are going to say: that I got the part through my father's influence. Well, it's not that easy. You still have to produce. Children of famous people may get an initial break through their names, but then they must prove themselves or nothing happens to them. Jane Fonda is the example of one who proved herself."

★ ★ ★

Nancy aims to go the same route. She said she used to fight the family association, never being sure whether she was being hired as an actress and singer or as a Sinatra.

Now she operates on this basis: if she can try out for a part and win it on her own ability, then she's satisfied. She did just that for a role on "The Virginian" television series recently.

★ ★ ★

Frank Jr. believes the same. He has turned down more lucrative offers to get his seasoning as a band singer with the Tommy Dorsey outfit, as his daddy did before him.

WHEN HE'S READY

"Reprise (the Sinatra record firm) would love to have Frank do an album," reported his sister. "But he won't do it until he's ready for it."

Likewise, Sands has been wary of the family connection. He tested and won the part of the elder Frank's kid brother in "Come Blow Your Horn," but declined it for fear of nepotism. He didn't take his current role in "Ensign Pulver" until he was sure he had won it on his own. The producer is Warner Brothers, which recently absorbed the Sinatra interests.

Liz Taylor Blouse May Cost a Million

LOS ANGELES (AP)—Marketing "Liz Taylor" blouses without consent of actress Elizabeth Taylor is an unfair trade practice, a Los Angeles judge has ruled.

Superior Court Judge Shirley M. Hufstadler said yesterday that Miss Taylor has not waived interest in her name merely because she is in the public eye.

The decision came in a pretrial hearing in the $1-million damage suit against Hartfield Stores, Inc., owners of Zody's discount stores. Miss Taylor says the stores used her name without permission to publicize "The Liz Look."

Low-Priced Car 'Here to Stay' Despite Trend

DETROIT (UPI)—The low-priced cars are here to stay despite the trend toward luxury models, according to Ward's Automotive reports.

★ ★ ★

Ward's said despite the surge of high-priced models, factory car listings at $2,000 or less have consistently topped the one million mark.

"In the '63 model year through June 30, cars with a pretax factory list price of $2,000 or less totaled 1,042,000 units and in the entire run topped 1.1 million," Ward's said.

The low-priced car came into its own in 1960 with the introduction of the compact models, Ward's said. Since then, there has been a string of one million car years in that range.

"The '64 model may well provide the ultimate test for the $2,000 car . . .," Ward's said.

Lawmakers Will Tackle Powers of Civil Rights Commission

LANSING (AP) — The controversial question of how much power Michigan's new civil rights commission should have comes up today before a joint legislative subcommittee studyng implementation of the recently adopted constitution.

Atty. Gen. Frank Kelley already has declared in a formal opinion that the commission will have sweeping powers in several fields, including private housing, and that the legislature cannot blunt its scope.

In opposition to Kelley's stand, a statewide initiative petition drive has been launched to secure a law that would overrule Kelley's opinion as regards housing. One of the backers of the drive is the Michigan Real Estate Association.

The subcommittee will make recommendations on what laws—if any—may be required to give the commission statutory authority to prevent discrimination because of race, creed, religion or color.

* * *

"The law may provide that the term of each member in office on the date of the vote on this constitution may be extended one year . . ."

* * *

The new constitution expands the MSU and WSU boards from six to eight members and extends their present terms from six to eight years. U. of M. already has an eight-member board elected to staggered eight-year terms. Two of the terms expire at each institution every two years.

Spending most of the day on education, Brown's committee heard Superintendent of Public Instruction Lynn Bartlett outline his views on how best to follow the mandate of the new constitution.

Bartlett suggested that the superintendent be authorized to continue most of his functions during the first six monts after the makeup of the State Board of Education is changed Jan. 1, 1965.

He said the superintendent should have continuing authority until his term expires July 1, 1965, to provide a more efficient transition to the new setup.

Kelley contends that the commission is created automatically under the Constitution and that the legislature cannot limit its power in the fields of employment, education, housing and public accommodations.

Two versions of a draft law have been prepared for the subcommittee, however.

Much of the language is taken from the present statutes governing the Fair Employment Practices Commission, which Kelley said will be superceded by the Civil Rights Commission next Jan. 1, when the constitution goes into effect.

But in the provisions dealing with private housing, one of the drafts would limit the commission's authority to those residences which have accommodations for more than two families.

If the owner lives in the house, the antidiscrimination rules for selling or leasing would only apply if there were accommodations for more than three families.

The provisions are patterned after language found in New Jersey law.

* * *

Another proposed draft to be considered by the subcommittee would allow no exceptions to the commission's proposed authority to regulate the sale or rental of private houses.

The subcommittee devoted most of its session yesterday to the subject of education, and decided to recommend that the terms of the governing boards of Michigan's three largest universities be extended by one year.

The extension, if adopted by the legislature, would apply to the University of Michigan regents, the Michigan State University trustees and the Wayne State University governors.

* * *

The recommendation, made by a subcommittee headed by Sen. Garry Brown, R-Schoolcraft, must be approved by a full committee before it goes to the legislature.

Old Warship Won't Go to World's Fair

WASHINGTON (UPI) — The Navy has decided that "Old Ironsides" is too fragile a barque for the tempestuous autumn seas off Long Island.

Thus the 185-year old warship, more formally known as USS Constitution, won't be making her controversial trip to the New York World's Fair next year after all.

Old Ironsides' trip was first suggested by Sen. Edward M. Kennedy, D-Mass., the President's youngest brother, as a sort of Massachusetts good will gesture toward New York.

* * *

The apparently innocent offer raised a furor almost at once among chambers of commerce, historical societies and other groups dedicated to the proposition that tourists want to visit Boston more than New York.

Kennedy, like the boy who stood on the burning deck "whence all but he had fled," stuck to his guns in the best Old Ironsides tradition. But it soon became evident that the controversy would not die down.

Each side gathered some big names to bolster its cause. There were even reports that the plan was for President Kennedy to review a sail-by of great old ships from around the world from the bridge of the old wooden warship.

* * *

Undersecretary Paul B. Fay Jr.'s answer was announced yesterday. He said there was "a serious risk" in moving the ship because a sudden storm might damage her. He explained that it would take six weeks to remove the masts and rigging of the ship after its viewing at the fair in July and August 1964.

MAIDEN FLIGHT — The British Aircraft Corp's new short-range jet airliner (One-Eleven) takes off from Bournemouth, England, yesterday on a 30-minute maiden flight. The craft is destined to fly at 550 miles an hour over a 100 to 1,000 mile range with up to 74 passengers. U.S. firms have ordered 31 of the new planes.

U.N.'s Malaysia Hearings Postponed

KUCHING, Sarawak (AP)—The U.N. mission surveying North Borneo opinion on the proposed Federation of Malaysia has postponed the start of hearings in Sarawak until Monday.

The postponement will give time for Indonesia, the Philippines, Malaya and Britain to try to agree on how many observers can accompany the mission.

★ ★ ★

The British army announced that terrorists exchanged fire twice Wednesday night with British forces outside the village of Gumbang, about 40 miles south of Sarawak.

No casualties were reported. The army said the terrorists were believed to have fled into Indonesian Borneo, about two miles away.

SUVA, Fiji Islands (AP)—British leaders in 1964 or early 1965 on proposals for Fiji's future, Gov. Sir Kenneth Maddocks said today in a speech to the legislative council.

He said Britain would be glad to work out with representatives of Fiji "a constitutional framework which will preserve a continuing link with Britain and within which further progress can be made in the direction of self-government."

RANGOON, Burma (AP)— Burma's military government has given the "Red Flag" Communists seven days immunity from arrest following the breakdown of peace talks earlier this week.

There seemed little chance the talks would be resumed.

The Red Flags arrived in Rangoon on Aug. 9 for talks with the government on how to end the 15-year-old civil war.

PRAGUE, Czechoslovakia (AP) —Czechoslovakia today absolved Rudolf Slansky, the country's former Communist chief, of treason charges for which he was hanged 11 years ago during a power struggle.

The Czechoslovak news agency CTK said the Czech Supreme Court also absolved eight other Red leaders of all counts made against them at the 1952 show trial. All but one were executed.

PANAMA (AP)— President Roberto F. Chiari has endorsed Guillermo Elias Quijano, chairman of the Liberal party, as his successor in 1964.

The recommendation caught the Liberal party directorate by surprise. Three other Liberals have been campaigning openly for the nomination.

Plans Made for New State Culture Unit

LANSING (AP)—Plans for naming a new state council for the arts, with 16 cultural leaders as members, were announced yesterday by Gov. George Romney.

It will replace the Michigan Cultural Commission which has existed since 1960, and has eight members.

Karl Haas, director of fine arts at radio station WJR in Detroit, already has been appointed chairman of the new governor's commission. He said the new commission, as a more "compact body" than its predecessor, will be able to serve the cause of culture more efficiently.

★ ★ ★

The council's 16 members will be divided into two-man committees which will draw additional membership from cultural leaders around the state.

The eight areas of responsibility for the committees will be graphic arts, music, literature and letters, architecture and city planning, theater arts and dance, museums, communications and community relations and ways and means.

By OSWALD JACOBY

The last few columns have covered favorable assumptions from Marshall Miles' new book "All Fifty-two Cards." Declarer must find certain cards where he wants them, and he will make his contract only if the cards behave nicely.

JACOBY

Another type assumption is the pessimistic outlook. The contract looks easy, so you start to guard against bad breaks.

Now let's see what can happen to you at five hearts. The contract looks pretty good. You have lost the opening spade but can ruff your other spade and if trumps break favorably you will make an overtrick.

You also have no worries about a 3-1 trump break. You will only make five odd if you don't pick up the queen, but five is all you have bid.

How about four trumps in one hand. East almost surely won't hold them, but maybe West will.

Can you do anything about this? Yes, you can.

You win East's club lead with your queen and lead a heart. Then you finesse dummy's jack. If the finesse loses you will still make your contract. Actually it wins, but East shows out. Now you cash the king of hearts, get back to your hand with a diamond, ruff your last spade, and lose a trump trick in the cool of the evening.

Suppose that East had led a spade at trick two? You should ruff in dummy, return to your hand with club or diamond, and take the heart finesse just the same in order to guard against that bad trump break.

♥♣CARD Sense♠♦

Q—The bidding has been:

East	South	West	North
1 ♦	Double	Pass	1 N.T.
Pass	?		

You, South, hold: ♠AQ87 ♥AK65 ♦3 ♣10862

What do you do?

A—Pass. Your partner does not appear to be interested in either major suit and you have only 13 high card points.

TODAY'S QUESTION

Instead of bidding one no-trump your partner jumps to two hearts after your double. What do you do now?

Answer Tomorrow

Astrological Forecast

By SYDNEY OMARR
For Friday

"The wise man controls his destiny." Astrology points the way.

ARIES (Mar. 21 to Apr. 20): Take special care today in dealing with public, signing contracts, agreements. Tendency is to rush, push or force action. Key is diplomacy, care and PATIENCE.

TAURUS (Apr. 20 to May 20): Avoid temptation to be everywhere at once. Take care of one project at a time. Be conscientious, finish what you start. Tonight fine for relaxing, being with family members.

GEMINI (May 21 to June 21): Show-down due. Be ready with facts, figures. Remain calm, true to principles. Adhere to Golden Rule. Don't expect perfection from others. But show appreciation for what is accomplished.

CANCER (June 22 to July 21): Family member who is "restless" requires special consideration. Strive for harmony. Argument solves nothing . . best to make some concessions. Tonight, be willing to listen.

LEO (July 22 to Aug. 21): The more optimistic you are, the better for all concerned. Explore, view, illustrate ideas. Be ready to make quick decision. Be firm; others can be persuasive . . so can you.

VIRGO (Aug. 22 to Sept. 22): You are able to "add to your collection." Means day is fortunate for acquisitions. Excellent for attention to hobby, social affairs. Prestige climbs. Express confidence, good humor.

LIBRA (Sept. 23 to Oct. 22): Swift pace of events. Be ready for ACTION. Watch personal appearance. Take notes. Be ready to present your side of story. Those in authority willing to listen.

SCORPIO (Oct. 23 to Nov. 21): Take survey. Find out "where you stand." Outline possibilities, potential. Key is TAKING STOCK of situation. Details important. Not wise to take anything for granted. Expect surprise moves.

SAGITTARIUS (Nov. 23 to Dec. 21): Associates may display envy at your recent progress. Be diplomatic. Avoid public disputes. Best course is one which features moderation, relaxation.

CAPRICORN (Dec. 22 to Jan. 20): Cooperate in civic projects; stress ability to handle responsibility. Means may be available. Don't shirk duty or be a "clock watcher." Bit of extra effort reflects in your favor.

AQUARIUS (Jan. 21 to Feb. 19): Good lunar aspect points to travel change, creative thinking. You are able to make decisions, get valuable answers. Travel or in connection with advertising, publishing indicated.

PISCES (Feb. 20 to Mar. 20): You can get what you want today . . but be sure you know what to do with it! Takes time, thought, effort. Be patient. Don't rush in to invest unless you have ALL the facts.

IF FRIDAY IS YOUR BIRTHDAY: You are versatile, creative, usually have curiosity which makes you natural detective.

GENERAL TENDENCIES: Cycle high for LIBRA, SCORPIO, SAGITTARIUS. Emphasis on personal relationships . . you excel intuitive action, you gain.

'It's Principle That Counts'

Barber Firm in Refusing Negroes

YELLOW SPRINGS, Ohio (AP)—After 3½ years of controversy over his refusal to cut Negroes' hair, barber Lewis Gegner says that not knowing how is only half the reason. He also won't budge because he believes it's the principle that counts.

"I have just as much civil rights as they do," he says.

★ ★ ★

Gegner's is the only business in Yellow Springs which does not serve Negroes.

He has been arrested five times in six months. He has stood at the window of his shop in this central Ohio college town of 4,000 and watched hundreds of people march by in protest. A score of sit-in demonstrators have been arrested.

From the beginning, Gegner has insisted he bears Negroes no ill will; he simply doesn't know how to cut their hair.

But some townspeople and students and faculty members of Antioch College have insisted that Gegner should serve anyone who comes into his shop.

ENTERED COURTS

The case entered the courts in August 1960. Phillip Adams, a Negro, walked into Gegner's shop.

"I'd like to get a haircut," he said.

★ ★ ★

"I'm sorry, I don't know how to cut your hair," Gegner replied. He offered to clip Adams' hair. Adams shook his head and left.

An hour later Gegner was arrested on a charge of violating the village's public accommodations law. Gegner was fined $1. He was arrested five times in six months that year and was convicted once.

★ ★ ★

The Ohio Civil Rights Commission cited him for violation of the state's public accommodations law, but Greene County Court ruled the law as applied to barber shops was unconstitutional.

On May 4, 1963, the day after the ruling, more than 550 students and townspeople, led by Dr. Arthur Morgan, retired Antioch president and former board chairman of the Tennessee Valley Authority, marched past Gegner's shop to protest his policy.

★ ★ ★

Then sit-ins began in earnest. Dozens of persons jammed Gegner's small shop. At the barber's request, police arrested 19 demonstrators for trespassing.

HURT BUSINESS

Gegner, 54, 5-foot-10 and stocky, admits the demonstrations have cut deeply into his business. He has gained business from out-of-town people, but doesn't know how long it will last.

★ ★ ★

"I guess anybody else would have closed up by now," Gegner commented as he looked around the shop that he and his 81-year-old father, Louis, operate.

Asked if he might hire a barber who would cut Negroes' hair, Gegner replied: "My shop will not cut Negroes' hair until the courts tell me to."

★ ★ ★

"I have nothing at all against Negroes," Gegner said. "I went to school with many of them, and some are as good friends as I have."

★ ★ ★

At first, Gegner said, it was simply a matter of not knowing how to cut Negroes' hair. But then, as pressure mounted, Gegner decided that the principle is the important thing.

Gegner insists all the commotion doesn't bother him.

"I sleep well at night," he said, "I've been a barber here since 1926, and I own this shop. I have no plans to sell the shop, but if it turns into a losing proposition I'll have to close it. If I do that, we'll leave Yellow Springs—but only then."

AP Photofax

REFUSES NEGRO PATRONS—Barber Lewis Gegner, after 3½ years of controversy over his refusal to cut Negroes' hair says that not knowing how is only half the reason. He won't budge because he believes it's the principle that counts.

Two Little Girls Stung by Yellowjacket Swarm

BREMERTON, Wash. (AP)—Two young girls stumbled into a yellowjacket nest Tuesday. One of them, Candice Carroll, 6, remained in a hospital today with more than 200 stings over her entire body.

★ ★ ★

Doctors said Candice was in fairly good condition. Her companion, Jo Anne Hodgin, 7, was released. She had between 50 and 100 stings, mostly on the arms and legs.

Agriculture Chief Dispels Thought He's Losing Post

WASHINGTON (UPI) — Agriculture Secretary Orville L. Freeman plans to hold on to his cabinet post "as long as the President wants me."

Freeman, who returned from a month-long trip to Russia and other Soviet Bloc nations yesterday, said he had "no indication" the President did not want him.

Republicans claimed Freeman's trip was to groom him for a diplomatic post and then to ease him out of the cabinet because of the administration's defeat in the wheat referendum last May.

M95 Roadwork Begins in Marquette County

LANSING (AP) — Work has started on an $803,786 project to modernize almost 18 miles of M-95 in Marquette County near Republic. The State Highway Department reports.

Completion date for the project is July 31, 1965.

6-Year Reserve Service Asked in House Measure

WASHINGTON (AP) — The House sent to President Kennedy on Wednesday a bill to require at least four months of active duty and a total of six years of service by persons who enlist in the Reserves to meet their military obligations.

The duration of active duty would depend on the training required to qualify a Reserve for his military specialty. It could range up to about 18 months.

Edwards OKs 'Illegal' Arrest

Comments on Death of Detroit Prostitute

By United Press International

Detroit Police Commissioner George Edwards told 150 Negro businessmen yesterday that as a "practical rule," a person should submit to an apparently "illegal" arrest by police.

★ ★ ★

Edwards, commenting on the shooting of a Negro prostitute last July 5 by a police officer, which raised a storm of protest, said there was "no doubt" that the officer had a good reason for stopping her in the first place.

Various civil rights groups in Michigan said the fact that the woman had money in her hand and was walking with a man the night she was killed was no basis for arrest.

Edwards said, however, the doctrine of illegal arrest could be debated in a court of law for years without arriving at a clear-cut answer.

"But," he added, "I think in terms of what that police officer saw and what he thought, the attempted arrest was legal."

The police officer shot and killed the woman after she attempted to slash him with a knife. He made statements to Edwards, the Wayne County Prosecutor's Office and the state attorney general and was exonerated from any blame in the shooting.

★ ★ ★

"In the interests of law enforcement and practicality, it seems to me that you should go along with the officer," Edwards said. "If there are any difficulties, they can be cleared up right afterward by going immediately to the precinct station with the officer — that's what I tell my children to do."

Edwards added, "From the point of view of an orderly society, that's the only answer I can give you." His address was made before members of the Booker T. Washington Businessman's Association.

Workers Dig to Treasure Under Mill

TROY, Ohio (AP) —Workmen digging beneath a feed mill plant in the somewhat forlorn hope of discovering buried treasure have found an estimated $350,000 in currency hidden by a man who didn't trust banks.

The money, stuffed into two 10-gallon milk cans, was recovered from under concrete pilings at the Altman Mills feed plant four miles north of this southwestern Ohio city of 13,685.

R. S. Altman, late owner of the mills, often had told relatives he didn't trust banks. A few hours before his death July 28 at the age of 76 at the Mayo Clinic in Rochester, Minn., Altman told a son and daughter he had buried all his money beneath the mill.

"We knew it was possible that old Mr. Altman was delirious and there was no expectation of finding anything buried there, money or otherwise," said the family attorney, William Sutton of Pittsburgh in announcing the find Wednesday night.

Nearly a dozen workmen, all mill employes, began digging beneath the mill building early Tuesday, Guarded by Miami County sheriff's deputies, they dug nearly eight hours before their shovels struck metal, Sutton said. The money was undamaged in the unsealed cans.

The son and daughter who initiated the hunt are George I. Altman of Irwin, Pa., and Mary Jane Ward of Troy.

Pope Takes Field Trip

CASTEL GANDOLFO, Italy (AP) — Pope Paul VI left his Castel Gandolfo summer palace today to visit a nearby hospital and a seminary.

AP Photofax

CHAPLINS' STOPOVER — Charlie Chaplin, his wife Oona and a daughter, Josephine (right), walk from plane at Rome's airport Tuesday night on their arrival from Geneva. The former film star and his family, who live in Switzerland, are en route to Nairobi for a three-week vacation.

President Inspects New Plane

MARIETTA, Ga. (AP)—A giant military transport plane, rolled out for inspection today by President Kennedy, was hailed as a major contribution to the peace and security of the free world.

★ ★ ★

This designation was applied by Sen. Herman Talmadge, D-Ga., who was invited to join the President and other officials at the White House where they viewed by closed-circuit television rollout ceremonies for the Georgia-built Lockheed C131 Starlifter.

Circuits were set up so the President, by pressing a button in Washington, could open a hangar door at Dobbins Air Force Base to roll the first of a generation of Starlifters onto a ramp.

The television circuit also enabled the President to address the workers and guests at the Georgia plant where the nation's largest military transport is in production.

Air Force Secretary Eugene M. Zuckert flew to Marietta to take part in the ceremony.

The sweptwing, four-engine jet was the first plane ordered by the Kennedy administration. It will be able to take off and land on comparatively short fields.

The Starlifter is designed to fly any ocean nonstop with a load of 154 troops and a 70,000-pound cargo.

Its development was ordered in 1961 as new emphasis was placed on fast and long-range mobility of ground forces.

Peak production will be about seven a month with the Air Force eventually acquiring 127 of the sky giants capable of a cruising speed of about 550 miles an hour.

Soviet Union Fights Internal Corruption

WASHINGTON (NEA) — State Department analysts are puzzling over what seems to be a desperate attempt in the Soviet Union to cope with official and private corruption.

The signs: a sharp growth in arrests for graft and a steep increase in death sentences for economic crime.

These trends are regarded as symptoms of serious economic strains within Nikita Khrushchev's domain. The strains, if real, could be forcing Khrushchev and his aides to take a hard look at their internal organization.

State Department men are arguing whether this bodes well or ill for the West.

★ ★ ★

The Soviet Union publishes no statistics on crime. So let's deal with representative reports within a recent three-month period.

The Kazakhstanskaya Pravda reports that 16,000 officials have been dismissed in the Kazakh Republic in the past year for "theft and other offenses." United States sources say this amounted to no less than 15 per cent of the officials of the Republic.

The Soviet press is filled with reports of the arrest of sales clerks who have accepted bribes from customers who wished to purchase items in short supply.

Then there are reports of the widespread half-tolerated practice of truck drivers, paid by the distance traveled, who jack up the drive wheels of their trucks during the lunch hour and run them to increase their odometer readings.

SELLS INFORMATION

There's the oft-mentioned "dostevaly," a new type of criminal, who has arisen because of the scarcity of goods. The dostevaly simply sells information as to where a certain item can be bought. Since the dostevaly never touches the merchandise himself, he is difficult to prosecute.

But most prevalent are Soviet employes of state-owned enterprises who find a cheaper way to produce goods or increase the production and divert the extra gain to their own pockets.

Take the "Case of the Fat Short Pies" as reported in Pravda.

"Trains arrive one after another in Sverdlovsk and hundreds of passengers get off at the station platform. Sellers with baskets of hot pies come to meet them; 30,000 pies are baked in just one day.

"Who would suppose that the humble pie would become the object of the machinations of a large group of embezzlers and thieves? All this began with the 'rationalizing proposal' of V. Akat'yev, former manager of the trust of railway restaurants and buffets.

After he had 'perfected' the apparatus for greasing the pies, only four grams of fat were needed instead of the authorized six grams. The prices remained unchanged, however.

The gang of crooks 'warmed their hands with the hot pies,'" and, it might be added, 125,000 ill-gotten rubles.

Akat'yev was shot.

Pravda also reports the arrest of a cemetery director who extracted bribes up to 50 rubles for quick burials in good locations in the cemetery.

Pravda Vostoka relates the story of a geologist in Central Asia who set up a fictitious geological prospecting agency. He charged various state enterprises large sums for expeditions which never took place and geological work which was never performed.

Things are now so bad, Komsomolskaya Pravda reports, that swindlers are now preying on swindlers.

Two Russian youths in Leningrad devised a method of swindling the Russian speculators who make a living by buying Western clothes from tourists and selling them at high prices to their fellow citizens.

The two youths outfitted themselves in conspicuously foreign clothing and loitered near hotels until the speculators approached them with offers for their clothes.

Enhancing the disguise by chatting with one another in a "foreign language" consisting of a world salad such as "Pepsi-Cola Donnerwetter Cognac Whisky," the youths insisted on payment then and there and then agreed to turn over the clothes in their rooms.

On the way to the rooms, the youths vanished out a back door.

Yankee Stadium Has Free-for-All

Tribe Still Shows 'Fight' in American League Race

NEW YORK (AP) — A bitter, bickering bean ball battle between the rival Cleveland and New York pitchers wound up in one of the wildest free-for-alls in Yankee Stadium's 40-year-old history Wednesday night with one combatant suffering a serious spike wound and three others nursing minor injuries.

The most damaged party was Larry Brown, rookie Indians' shortstop, who limped off the field of battle on one foot with the other requiring two stitches to mend. Teammate Dick Howser also suffered a spike wound but of a minor nature. Cleveland first baseman Fred Whitfield suffered head and face bruises.

TEBBETTS HURT

Birdie Tebbetts, the Cleveland manager, sustained a slight cut on the instep of his left foot and Ralph Houk, the Yankee skipper, pulled a muscle in his thigh during a tugging contest with an unidentified adversary.

That was the extent of the physical damage but a couple of other combatants, the Indians' Gary Bell and the Yankees' Joe Pepitone, who had lead roles, suffered injuries to their pride. Bell, a right-handed pitcher, drew an automatic $50 fine for what plate umpire Lou DiMuro interpreted as deliberately throwing at Pepitone.

Pepitone was ejected from the game by DiMuro for charging at Bell and punching away at Whitfield, who was attemping to restrain him. All indication were that the hot-tempered Yankee first baseman, based on the umpire's report, faced a fine for his near-riot starting action that turned Yankee Stadium into the Rome Coliseum.

BLAMES TRIBE

Houk placed the blame for the entire fracas on the Cleveland pitchers, who he charged were deliberately throwing at Pepitone because he was "a hot hitter."

Denying that his pitchers had deliberately thrown at Yankee hitters Tebbetts, with biting sarcasm, remarked:

★ ★ ★

"When I played ball the only ones we threw at were .300 hitters. They don't have any .300 hitters."

Tebbetts chided the Yankees for engaging in a bean ball battle with a rival club.

"What can they gain by getting into a beef with us?" he asked. "As it happened only one player, our young shortstop, was the only one seriously hurt. But it could just as well have been Bobby Richardson, or some other top flight Yankee. Then what?"

Players were fighting, wrestling, kicking, scratching, pushing, tugging, swearing, screaming and rolling in the dust.

★ ★ ★

The ground was strewn with men wearing white baseball uniforms with the letters "Yankees" and grey-blue flannels with the letters "Cleveland" on their shirts.

CROWD IN FRENZY

The stands were rocking. The crowd of 25,000, which rarely, if ever, had seen anything like this, was caught in the frenzy and shouted wild words of encouragements. Some of the more zealous ones even vaulted the barriers and attempted to get in the licks.

It all began early in the second game of a twi-light-night doubleheader. The Yankees had won the opener 3-1. Pepitone, who had three hits in Tuesday's 2-1 loss to Cleveland, cracked three more in the first game and added a two-run double in the first inning of the nightcap.

While at bat in the third inning, Pepitone was hit on the right wrist by a pitch from right-hander Barry Latman. This seemed to be the signal for the start of one of the most prolonged beanball battles ever witnessed at the Stadium.

By the eighth inning, when Pepitone came to bat for the last time, two others had been hit. One was Stan Williams, the Yankee pitcher, the other Whitfield. In between Williams had decked Cleveland's Willie Kirkland, Mike de la Hoz and Joe Azcue and Latman narrowly missed taking one of Hector Lopez' legs off with a whistling past ball.

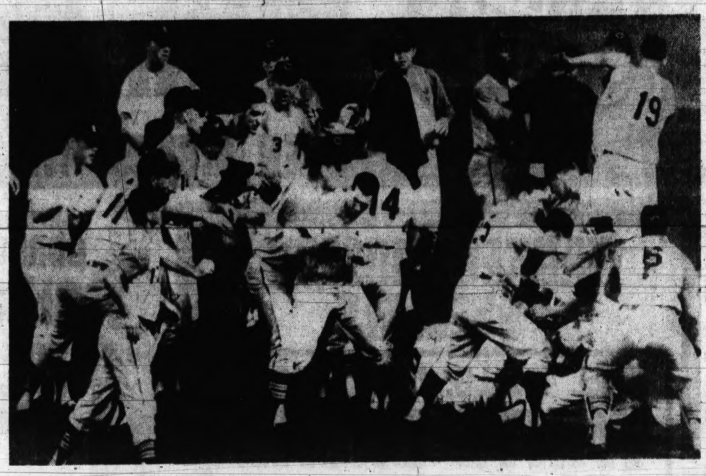

His second plunking caused Pepitone to explode.

★ ★ ★

"I was all right until I got to first base," the much subdued Yankee first baseman said afterward. "Then I began calling him names and he hollered back at me, daring me to come to him. So I did. But I got grabbed from behind. I figured I was going to get hit so I might as well start swinging first.

"I am not mad at anybody any more now."

"I wasn't trying to hit him," said Bell, who also had lost all his zest for fighting. "In fact I'm not mad at anybody. But he kept shouting profanity at me and I won't take that from anybody."

AP Photofax

BOYS WILL BE BOYS—This is Yankee Stadium, the home of Babe Ruth. It was the scene last night of the wildest donnybrook ever staged within its famed walls. Joe Pepitone (hatless left) was struck by a pitched ball by Cleveland pitcher Gary Bell and both teams started to battle in the circumstances which followed. The Yanks won two games, both by the same 3-1 scores.

Matson to Join Lions in Omaha

What About Bunning? Tiger Manager Silent

DETROIT (AP)—Improved pitching is manager Charlie Dressen's top objective for the 1964 Tigers — and he has to be prodded to include Jim Bunning's name in talk of next year.

Bunning, Detroit's ace for several years, is the biggest flop of all on a pitching staff that has gone four from top to bottom.

The Minnesota Twins raked the Tigers over for 15 hits in a 12-1 victory yesterday. Bunning suffered his 13th loss against nine victories.

After the beating was over, Dressen spoke of his 1964 hopes. He mentioned Frank Lary and Hank Aguirre as the mainliners around whom he'll build his pitching staff.

"No. 1 is getting better pitching," said Dressen. "Lary has looked pretty good and I hope he can come back and be a big winner again. I like the way Aguirre throws and besides he's a left hander.

"I'd like them to be my mainline pitchers."

There was an awkward silence when Dressen's comments failed to include Bunning.

BUNNING?

"What about Bunning?" Dressen finally was asked.

The manager paused before making his response.

"Bunning's not too old," Dressen finally said. "What'd he win 17 games two years ago and 19 last year? If he pitches like he did in his last four games before this one, he's got to win 20 games."

Bunning took the brunt of the Twins' bombardment in the fourth inning when they scored eight times and had nine hits.

★ ★ ★

The first five batters got hits — two doubles followed by three singles — before Dressen rushed to the mound to replace Bunning. All five scored.

"He didn't have too much," said Dressen. "They hit a slow one, a fast one, a slider."

Camilo Pascual, winning his 16th game, held the Tigers to six hits. Detroit's only run came on Billy Bruton's single and Rocky Colavito's double in the first.

★ ★ ★

Don Mincher was Minnesota's big gun with a double, single and homer off the right field roof. He drove in four runs.

The Tigers were idle today. They open a five-game weekend series in the battle for seventh place against the Kansas City Athletics in a twi-night doubleheader tomorrow.

UNHAPPY VISIT—Tearful Benito Segovia of Monterrey, Mexico, Little League baseball team, shakes hands with Richard Pearson of Duluth, Minn., after Duluth eliminated Benito's team in the Little World Series in Williamsport, Pa., 5-2. Monterrey was the last foreign team left in the Series.

Harley Sewell Sent to Rams in Fast Deal

LA Coach is Happy to Get 'Small' Guard for Big Ollie

Ollie Matson, for many years known as the star of the lowly Chicago Cardinals, will face those Cardinals Saturday night. But now it will be in the uniform of the Detroit Lions.

★ ★ ★

The Cards are now called the St. Louis Cardinals but for Matson the team holds many NFL memories. The biggest thing however must be the wildest trade ever known in pro football, when the Cardinals shipped him to the LA Rams and received nine players for him.

Yesterday, the Lions gave up 12 year veteran Harley Sewell to get him from the Rams.

Sewell, long time first string guard for the Lions was moved to tackle and a second string berth this season as the Lions decided to add beef to their offensive unit by putting 250 pounders John Gordy and Dan LaRose at guards.

Sewell became "too small" at 230 pounds.

Rams' coach Ray Wietecha said he was "not worried about Sewell's 'light' weight."

★ ★ ★

"It's obvious Sewell has been able to get the job done at 230 pounds. You don't stay in this league for 11 years unless you can," he added.

Matson, once called the most versatile back in pro football, is expected to push Nick Pietrosante and a few other players for the various tasks.

He is primarily a fullback, but has been used as flanker back, and halfback. With Terry Barr's position doubtful because of the knee injury and with rookie Nick Ryder an uncertainty at fullback, the 33-year-old Matson is expected to give the Lions a boost in their ground and air attack.

The game at Omaha with the Cards will be video-taped and re-run Sunday afternoon at 3:30 p.m. on Channel 2.

Red Hot Pace Burns Out Cycle

BONNEVILLE SALT FLATS, Utah (AP) — Racing grandfather Burt Munro of Invercargill, New Zealand, had his 1920 motorcycle burn up beneath him Wednesday as he appeared on his way to a world's record at the Bonneville speed trials.

Munro, 70, wasn't hurt and apparently all his ancient Indian cycle needed to get back into shape was a new engine.

The New Zealander was clocked at 183.673 miles per hour at the end of the first mile on his record attempt in the V-Twin Streamliner Class, but the trouble occurred on his return trip. He holds the current class record of 178.917 m.p.h.

★ ★ ★

Nine auto records and three cycle marks were shattered Wednesday as the 15th annual speed trials passed their mid-point on the Western Utah salt flats.

Heading the list was Bob Summers of Ontario, Calif., who eclipsed his own Class C Streamliner mark set Tuesday by 23 miles per hour as he pushed his 302 cubic inch supercharged Chrysler to 308.941 m.p.h.

Larry Cloyd of Boise, Idaho, beat his old record by 13 m.p.h. as he drove his Class A Triumph 45-inch cycle at an average speed of 133.410 m.p.h.

SPECTACULAR ACCIDENT

A spectacular accident occurred when Kirk Purvis, 27, Redwood City, Calif., lost a wheel while traveling at better than 100 m.p.h. His Car skidded three-quarters of a mile, but he came out without a scratch.

Other records, auto:

Class A Production, Coupes and Sedans—Karl Miller, Houston, Tex., 170.005 in 483-inch Ford Galaxy, old record, 168.26 by Norm Thatcher in 1962.

Class E Competitive Coupe—Jerry Kugel, Pico Rivera, Calif., 168.193 in 260 - inch Ford, new class.

Class G Sports Racing — Glen Kral, Los Angeles, 113.689 in Alfa Romeo Super Spyder, new class.

★ ★ ★

Class D Gas Roadster—Clarence Everett, Salem, Ore., 92.317 in 1937 American Bantam Chassy with 1946 Ford flathead engine, new class.

Class F Touring Sports—Howard Jackson, Portland, Ore., 104.406 in Alfa Romeo Sedan, broke own 1963 record.

★ ★ ★

Class D Lakester—Tim Rochlitzer, Santa Barbara, Calif., 226.421 in 304-inch Chevrolet, broke own 1963 record; becomes member of 200 m.p.h. club.

Class D Sports Racing — Jack Lufkin, Pico Rivera, 187.659 in modified Corvette, new class.

NBA Cagers Returning to Video Game of Week

NEW YORK (AP)—The National Basketball Association, after a year's absence, will return to a televised game of the week beginning Jan. 2, 1964, the league's television chairman, Fred Podesta, announced today.

Podesta, assistant to President Ned Irish of Madison Square Garden, said the NBA virtually had completed arrangements for televising a selected game on Thursday night of each week for 11 consecutive weeks. It is expected that the same schedule will be followed in March and early April, during the post-season playoffs.

Lead AL by 10 Games

Yanks Beat Indians Twice

By The Associated Press
Associated Press Sports Writer

"When I played ball, the only guys we threw at were .300 hitters," Cleveland Manager Birdie Tebbetts said wryly. "Hell, the Yankees haven't got any."

Joe Pepitone is hitting .275. Umpire Tom DiMuro figures that's good enough to get thrown at.

Either way you look at it, for three minutes an explosive situation rocked Yankee Stadium Wednesday night at the tailend of the New York Yankee's doubleheader sweep over Cleveland by identical 3-1 scores.

Pepitone, who punched out four hits in the doubleheader, wound up throwing 'em after he was hit by a pitch for the second time in the eighth inning of the second game. He was hit on the wrist by Barry Latman in the third, then nicked by Gary Bell.

FINED

He started toward the mound and was restrained by Umpire DiMuro, who told Bell he was being fined $50 for throwing a beanball.

★ ★ ★

Pepitone then jogged to first, turned and started again toward the mound. He was grabbed by first baseman Fred Whitfield and, within seconds, players were flailing away all over the field.

The twin victories increased the Yankees' American League lead to 10 games over the Chicago White Sox, who whipped Boston 7-1 as Gary Peters posted his ninth consecutive victory with a six-hitter.

Minnesota walloped Detroit 12-1, Washington took Kansas City 5-1, and Baltimore and the Los Angeles Angels split. The Orioles won 7-3 as Steve Barber became the AL's biggest winner with 18 victories and the Angels took the nightcap 3-2.

★ ★ ★

Pepitone drove in the decisive runs for the Yankees in the nightcap with a two-run double off loser Latman in the first inning, and Williams, 7-3, protected the lead all the way by keeping eight Indian hits well spaced. Tom Tresh stroked two doubles in the opener, scoring the first Yankee run and driving in the other two, in support of Al Downing's three-hit pitching. Downing is 9-4.

Peters, a rookie left-hander, brought his record to 14-5 and extended a string of scoreless innings to 25 before the Red Sox scored in the ninth on singles by Frank Malzone, Ed Bressoud and Bob Tillman. Peters' got batting support from rookie teammate Pete Ward, who hit his 17th homer and drove in another run with a grounder. Bill Monbouquette, 16-8, took the loss.

Don Lock and Don Zimmer hit homers in the Senators' triumph over the A's, Zimmer scoring the tie-breaking run in the seventh when he singled and came around on singles by Ken Retzer and Chuck Cottier. Ron Moeller was the winner with Ed Roebuck's relief help.

BARBER WINS

Barber, 18-9, won the opener for the Orioles with Dick Hall's two-hit relief over the final 3 1-3 innings. A six-run second inning, in which the key hits were a two-run single by Jerry Adair and a two-run double by Russ Snyder, got the job done. The Angels came back to take the nightcap with a two-run seventh fashioned on a double by Felix Torres and singles by Lee Thomas and Bob Rodgers. Art Fowler was the winner with 4 2-3 innings of two-hit relief work.

JOE DOWNED—This is the situation which started the big brawl in Yankee Stadium. Joe Pepitone hits the dirt after being struck by a pitch by Cleveland's Gary Bell.

Little League Play Now U.S. Affair

WILLIAMSPORT, Pa. (AP)—It will be an all-U.S. final Saturday for the 1963 Little League baseball championship.

The sentimental co-favorites, Monterrey, Mexico, and Valleyfield, Quebec, were eliminated Wednesday, narrowing the field to the four U.S. entries.

Duluth, Minn., cashed in on Monterrey's mistakes to beat the Latin Americans 5-2, while John Slosar fired a two-hitter as Stratford, Conn., breezed by Valleyfield, 5-1.

Other survivors going into today's semifinal round were Granada Hills, Calif., and a team of U.S. military dependents from Izmir, Turkey.

The Izmir team was scheduled to meet Granada Hills at 1 p.m. EST with Duluth matched against Stratford in the second game at 4 p.m.

GOODBYE JOE — Joe Pepitone is led from the field by Yankee manager Ralph Houk after the big free-for-all was settled by officials and umpires. Pepitone drove in the big runs in both wins for the Yanks.

Lapeer Woman to Fire

CAMP PERRY, Ohio (UPI) — Army specialist 4.c Barbara Hile of Lapeer, Mich., will defend her women's service rifle title in the annual national rifle and pistol matches which started here today.

Bart Starr Hits Target

GREEN BAY, Wis. (AP)—Green Bay Packer quarterback Bart Starr showed what the pass was for Wednesday as he completed nine straight aerials as the National Football League champions continued their score-or-else drills.

Given the ball on the 20, and two minutes in which to score, Starr rolled 80 yards with successive completions to Boyd Dowler, Ron Kramer, Max McGee and Jim Taylor. The score came on a five-yard toss to Dowler.

Halfback Elijah Pitts joined in the drills as his injured shoulder continued to improve. Coach Vince Lombardi said "He'll play if needed" in Saturday night's exhibition with the Chicago Bears in Milwaukee.

7 Past Champs in City Medal Play

WDGA Champ Bows; WMGA in Finals

The champion in the Women's District Golf Association has been vanquished. Long live the new champion, and this won't be known until Friday.

Mrs. Sally Sharp Werner was ousted in the quarterfinals of the 42nd annual Women's WDGA at Oakland Hills, losing a 1-up decision to Mrs. Robert Gamble.

★ ★ ★

Mrs. John Hume, a past champion, continued in the tourney by defeating Mrs. Harold Marquardt, 2 and 1, while another ex-champ, Mrs. Keith LeClair, won over Nancy Smith, 2 and 1.

Mrs. Samuel Gawne of Bloomfield Hills advanced with a 3 and 2 triumph over Mrs. E. F. Cornish.

In the first flight, Mrs. L. W. Smead of Orchard Lake won over Mrs. Paul Miller, 8 and 7 and Mrs. J. G. Israel defeated Mrs. D. Watkins, 2-up.

WMGA TOURNEY

The Women's Metro Golf Association match play tournament moved into the finals with Mrs. Doug Graham going against Phyllis Chandler.

★ ★ ★

Mrs. Graham won over Mrs. J. C. Courtney, 1-up and Miss Chandler defeated Mrs. Charles Larson, 2-up.

In the first flight, both matches in the semifinals went 21 holes. Mrs. Loren Wolfe defeated Mrs. Don Rutherford, 2 and 1; and Mrs. Gene Wielock defeated Evelyn Schwarz, 3 and 2.

WDGA RESULTS
Championship Flight

Mrs. Robert Oamble def. Mrs. T. M. Werner, 1 up; Mrs. Samuel Gawne def. Mrs. E. F. Cornish, 3 and 2; Mrs. John Hume Jr. def. Mrs. Harold Marquardt, 2 and 1; Mrs. Keith LeClair def. Nancy Smith, 2 and 1.

Softball Nines Head for Flint

The Pontiac district softball champions journey to Flint tonight for the Class A and D regional tournaments.

Class A Arro Realty will clash with Port Huron's representative at 7 pm. at Whaley Park. The winner will meet Flint's entry at 8:30 p.m.

★ ★ ★

Elks 810, the "D" squad, has a 7 p.m. date with Owosso Savings on the McKinley Park diamond. The winner there will play Port Huron in the 8:30 nightcap.

Both are double elimination tournaments. The "A" regional champ will qualify for the state finals at Lansing Aug. 30-Sept. 1. The Class D state finals will be at Hastings over the same three days.

Earlier this week Pontiac's Town & Country squad qualified for the state Class C finals at Coldwater, also over the Labor Day weekend.

Evelyn Diehl Captures Karting Feature Event

Evelyn Diehl won the feature race in the A Stock Light class at the Monza Kart Course last night.

The female driver took an early lead and held off Wally Reid and Percy Clark, who finished second and third respectively.

Other winners included Harry Edwards (A Junior), John Hays (A Heavy) and Bill Halms (A Unlimited).

Andonian Bids for 7th Title in Tournament

Inman, Fowler Oldest Ex-Winners Entered in Field Saturday

Forty-two players, remaining from the largest qualifying field in 20 years, will tee off at noon Saturday in the 34th annual Pontiac Medal play golf championship at the Municipal Course.

Headed by 6-time champion Mike Andonian, seven past champions are in the field.

Andonian, winner in 1951-52-53, 1959-60-62, fired a 137 last year to defeat Columbus Burton by three strokes.

Oldest past champions in the field are Kip Inman winner in 1929 and 1945 and Faunce Fowler, the medal champ in 1930.

Glen Harding, champion in 1947-48 and 1950; Paul Bada, winner in 1954 and 1957; and Ed Wasik the 1955 champ are the others in the field.

Andonian holds the medal score record of 136, defeating Ron Rothbarth by six strokes in 1951. He also had a 136 in 1953.

★ ★ ★

Closest battle for the honor is expected to come from Bada a long swinger who has been a strong challenger in city medal and match play each year.

Steve Condon and Tom Balliet led the qualifying field last weekend with 70s and Condon won the honor on the 19th hole with a par 4.

The last threesome, Inman, Fowler and Wasik are slated to go out at 1:18 p.m.

Sunday's 18-hole finale will have a new slate of pairings dependent on Saturday's scores.

Saturday Tee-Off Times:

12:00 Noon — Catlett, Burgdorf, Kimmerer
12:06—McLintock, Perry, Pembroke
12:13—Singleton, Thingstad, Hammett
12:18—Lindsay, L. Mitsenfeld, Savage
12:24—Vallance, Ayling, Burzen
12:30—McLaughlin, Martin, Powell
12:36—Reed, G. Walker, T. Mitsenfeld
12:42—Tarchiski, Bouwens, Kallis
12:48—Pentiuk, Robertson, Sawyer
12:54—J. Smith, Myers, Balliet
1:00—Condon, A. Burton, M. Daniels
1:06—C. Burton, Barker, Harding
1:13—Cooper, Bada, Andonian
1:18—Inman, Fowler, Wasik

Californian Leads in International Yachting Regatta

SAN FRANCISCO (AP) — Gordon Nash of Richmond, Calif., won his second race in three days at the International 110 Class Yachting Championships and moved to a 6½ point over-all lead.

Nash built a two-minute lead over Bill Aicardi of Manila, then crossed the finish line by a four boat margin. The 34 sloops, all 24-footers, sailed twice around a triangular course on San Francisco Bay, Nash was timed in one hour, 36 minutes.

★ ★ ★

Al Frost of San Diego, winner of this event the past four years, again failed to finish and fell completely out of contention to a tie for 25th place.

Susan Gustafson of Rumford, R.I., only woman skipper in the field, withdrew after a collision with Don Miller of Mercer Island, Wash., knocked a hole in the side of her craft. She was judged responsible for the accident by officials.

Over-all leaders after three of five races: 1, Nash, 9½. 2, Brick Landon, San Diego, 92. 3, Terry Ryan, San Diego, 90¼. 4, Dick Allen San Diego, 90. 5, Dan Sanborn, San Diego, 86.

Yanks Hit Million Mark

NEW YORK (AP) — The New York Yankees attendance hit the one million mark for the 18th consecutive season Wednesday night when a twi-night doubleheader with Cleveland attracted 25,108 fans. That brought the year's attendance to 1,009,782.

The Yankees now have surpassed the one million mark 27 times over-all.

Olympic Group Transfers Congress

16th Inning Single May Clip Redbirds

By The Associated Press

Johnny Roseboro, who probably has set a world record for deep knee bends, ripped a line single just before the clock struck midnight at Los Angeles that may have tolled the end of St. Louis' National League pennant hopes.

The Dodger catcher singled past third base scoring Ken McMullen, who had doubled, with the winning run in a 18-inning marathon that gave the first-place Dodgers a 2-1 decision over the Cardinal and a 7½-game lead.

★ ★ ★

That sent the largest crowd of the year—54,125—home happy despite their failure to see Sandy Koufax get his 20th victory. The ace Los Angeles left-hander left for a pinch hitter in the 12th after allowing nine hits.

Koufax, however, did achieve another distinction in his battle with Cardinal starter Curt Simmons, wo retired for a pinch swinger in the 14th after pitching a seven-hitter. In the 12th, Koufax struck out Tim McCarver for the 1,400th strikeout of his career.

★ ★ ★

The triumph, the Dodgers seventh in a row and sixth straight against the Cardinals, also dropped defending champion San Francisco another length back. The Giants fell 8½ behind, losing their fifth in a row, 6-2 to Milwaukee as Eddie Mathews hit two homers for the Braves.

Elsewhere, Houston's Don Nottebart, who allowed a run when he pitched a no-hitter against Philadelphia May 17, posted his first shutout with a four-hit, 1-0 victory over Cincinnati, and Jerry Lynch set a major league record with his 15th pinch-hit homer, a ninth inning shot that gave Pittsburgh a 7-6 decision over the Chicago Cubs.

The New York Mets and Philadelphia were rained out.

The Dodgers scored first, getting a run in the third on a double by Jim Gilliam and Frank Howard's single, but the Cardinals got even in the sixth when Ken Boyer singled and eventually came across on Julian Javier's grounder. It stayed at 1-1 until the 18th when, with two out, McMullen bounced a ground rule double over the center field fence and Roseboro followed with his clincher. Larry Sherry, 2-4, was the winner, with Ron Taylor, 7-5, taking the loss.

The Braves, winning their seventh in eight games at San Francisco, scored twice in the first against Gaylord Perry and were never headed. A leadoff triple by Lee Maye, Frank Bolling's sacrifice fly and Mathews' first homer did the damage. Hank Aaron doubled home a run in the third before Mathews connected again in the fifth with the bases empty.

Nottebart, 8-5, outdueled the Reds' Jim O'Toole, who allowed only five hits in the seven innings he worked. The Colts nicked O'Toole, 15-11, for the game's only run in the second on a single by Carl Warwick, a ground out and Bob Aspromonte's single.

Lynch, who exactly a month ago tagged Lindy McDaniel for his 14th pinch-hit homer, tagged McDaniel for the game-winner and the record-breaker on a 3-1 pitch. The blow broke George Crowe's record of 14 and made Al McBean, 13-3, the winner.

Kenya Sticks to Ban Policy Loses Meeting

Detroit Will Present Case at IOC Confab in West Germany

LAUSANNE, Switzerland (UPI) — The congress of the International Olympic Committee in October — at which the fate of Detroit's bid for the 1968 summer Olympics will be determined — will be at Baden-Baden, West Germany, instead of Nairobi, Kenya.

Avery Brundage of the United States, president of the I.O.C., announced the change today at the I.O.C. meeting here.

Brundage said Nairobi was given up as the site after strenuous efforts to persuade the Kenya government to allow representatives of South Africa and Portugal into the country to attend the meeting proved "in vain."

Brundage said some thought was given to holding the congress, which is scheduled for Oct. 14-20, here but that Baden-Baden was selected because that city made an attractive offer guaranteeing ample hotel space, congress halls, translation services, and other facilities.

Among other business, the congress is slated to pick the site of the 1968 winner and summer Olympics.

Detroit, seeking to become the first American city to host the summer games since Los Angeles in 1932, is opposed for the selection by Mexico City, Buenos Aires, and Lyons, France.

Brundage said he and Reginald Stanley Alexander, chairman of the Kenya Olympic committee, had made "great efforts" to secure Kenya admittance for the South African and Portuguese representatives "but all these negotiations were in vain."

Brundage denied a report, however, that Kenya's right to compete in the 1964 Olympics at Tokyo was threatened by the Kenya government's attitude.

"I want to emphasize that the political decision of the Kenya government has, of course, nothing to do with the right of the Kenya Olympic committee to send a team to the games," Brundage said.

State Groups Aid in Detroit's Bid

DETROIT (UPI) — Michigan's outstate communities have been lending Detroit a hand in its bid to bring the 1968 Olympic games here, the Detroit Olympic committee reports.

An anonymous volunteer from a central Michigan town called Olympic headquarters in Detroit with the message:

"I've got $131 for you but the banker won't be back from vacation for a few days. Will it be all right if I wait until then and send you $200 even?"

The committee said that Robert Hicks, resident manager of the Alma Piston Co., has raised $1,000 and is still working.

Groups have been organized in Detroit and its suburbs to raise parts of the $400,000 needed to finance the city's bid for the games. The committee's executive group including Mayor Jerome Cavanagh and Gov. George Romney will make Detroit's bid in October before the International Olympic Committee (IOC).

It was disclosed yesterday that $120,000 of the $400,000 needed has already been raised. Frederick Matthaei, chairman of the Detroit committee, praised the work of the Detroit Junior Chamber of Commerce in raising funds among the state's service clubs.

★ ★ ★

"Business and industry have done a fine job and are still working," said Frank Hedge, public relations chief for the committee. "But grass roots support from Michigan's citizens is all important now," he said.

All of Detroit's television stations will broadcast a telethon Sept. 7 with the goal of raising $100,000. "Olympic girls" are being recruited as personnel for an Olympic booth at the Michigan State Fair, where literature on Detroit's campaign will be distributed.

★ ★

The IOC will decide between Detroit, Mexico City, Lyon, France and Buenos Aires. The final decision for the Olympic site will be made at Baden-Baden, Germany. The meeting was originally scheduled for Nairobi, Kenya, but the Kenya government has refused to issue visas to delegates from Portugal and South Africa, because of their policies in Africa.

Beach Among 6 Cut by Browns

HIRAM, Ohio (UPI) — Walter Beach, a former Pontiac Central star athlete, was among six players released yesterday by the Cleveland Browns.

The National Football League club also cut loose veteran pro runner Mel Triplett in trimming its roster to 44 players. One more must be dropped by Tuesday.

Others dropped were line backers Stan Scurek, formerly of Purdue University, and Bob Butts of Ohio State; guard Jim Bobbitt of Michigan State; tackle George Thomas of Northwestern, and defensive halfbacks Beach of Central Michigan and Don Mullins, who was with the Chicago Bears last year.

Sczurek was with the Browns last year but was sidelined all season because of a knee injury.

Michigan Boat Show Picks Birmingham Man

DETROIT (UPI) — Thomas M. (Milt) Hopwood, of Birmingham, has been named general manager of the 1964 Michigan boat, sports and vacation show, it was announced today.

The show will be held in Detroit's Cobo Hall Feb. 1-9.

LOUISVILLE, Ky. (AP) — Fred Miles, 79, former owner of Miles Park race track at Louisville, died Wednesday night.

'A' District Playoffs Here

There will be two third-place teams fighting for the Pontiac district Class A baseball title beginning tomorrow night at Jaycee Park.

★ ★ ★

Flint's Bishop Contracting rallied to overcome Skaff Furniture, 5-4, last night and qualify for the trip here Friday, Saturday and Sunday (if ncessary).

Huron-Airway had previously reached the tournament spot with two wins over Local 594 in the Pontiac city championships earlier this week.

Both Bishop and Huron-Airway finished third furing their regular season races. However, the two teams both came alive in the playoffs and played their best ball of the season.

★ ★ ★

The district playoff will begin at 8 p.m. and calls for nine-inning games. The tournament is double elimination with the winner qualifying for Battle Creek and the state finals over Labor Day weekend.

Huron-Airway manager Tony Stiel has selected three players to join his 15-man regular roster. They are pitchers Bob Readler of the Clippers, Dick Goldworthy of Local 594 and Al Levy of Cranbrook.

Stiel, however, expects to stick with his regular lineup, including starting pitcher Don Sackett, that performed well for him during the playoffs.

Flint may use Tony Gallo on the mound Friday, a young right-hander who had a 1.14 earned run average, the best in Flint since 1953.

★ ★ ★

Another righty, Jim Bell, worked 21 of the 25 playoff innings Bishop played this week in very effective style and should see action here, too.

Double Softball Wins Net A&W Waterford 'C' Title

With Algie Black almost unbeatable on the mound, A&W Root Beer's Bob Tremlin did not garner one win during the Waterford Township Class C regular season softball race.

But Black was away this week during the post-season playoffs and Tremlin more than earned his "letter."

In the space of four days he hurled 25 innings and won three games. He capped his feat with two wins last night, 8-7 and 7-6 in eight innings, over Haskins Chevrolet in the finals of the playoffs.

The two wins gave A&W the playoff trophy for the third straight year and it is now a permanent possession.

Tremlin yielded six runs in the first inning he pitched last night as A&W fought for survival in the double elimination tournament. His mates, aided by Tremlin's three runs batted in, came back.

Four runs in the bottom of the seventh pulled out the verdict. The pitcher delivered a key two-run triple in the frame.

The nightcap was a seesaw affair. The lead changed hands four times with Rod Lyons' single bringing in the winning run in the eighth inning. A two-out error opened the gates for the big run.

★ ★ ★

Ray Heaton had his second home run in two nights and ninth of the season for the winners. Tom Moran had three-for-five to go with a four-for-four performance in the opener but it was in a losing cause.

Ex-Red Wing Defender Sold to San Francisco

SAN FRANCISCO (AP) — The San Francisco Seals acquired defenseman Warren Godfrey from the Boston Bruins Wednesday for an unannounced price.

He is the fourth Boston player obtained in the off-season by the Western Hockey League club. Godfrey, 31, played 10 years in the National Hockey League with Detroit and Boston.

Two Jaycee Juniors Still in Contention

From Our News Services

Two Michigan golfers were among the leaders after the second round of the International Jaycee golf tournament in Midland, Texas.

★ ★ ★

John Richart of Ann Arbor, the state Jaycee medalist, was three strokes off the paces as he added a 74 to his 71 for a 145 total in the Open division.

Leader at midpoint is Jeff Riley of Panama with 67-75—142.

★ ★ ★

In the novice class Brian Gorman of Mendon, Michigan was four strokes behind leader Steven Baca of Albuquerque, N.M. Baca had 149. Gorman shot 79-74—153.

OPEN DIVISION

Jeff Riley, Panama	67-75—142

New Leader in Sail Race

SAYVILLE, N.Y. (AP)—Ed Walsh of Delanco, N.J., sailing Dan E. Boy, took over the lead Wednesday after three races in the National Thistle Sailing Championships.

Walsh, who had a second in Tuesday's opening race, finished second and first in Wednesday's two races and moved in front of John Wanamacher, sailing Thorey. Wanamacher, from the Lake Erie East Fleet, was eighth and third in Wednesday's competition.

He remains a contender along with Dr. Earl Fox of St. Petersburg, Fla., Dennie Posey of Glastonbury, Conn., and Howard Boston of Mount Clemens, Mich., the 1955 champion.

Jones to Compete in Michigan AAU

Pontiac's Hayes Jones will lead a group of more than 200 track and field athletes into the diamond jubilee Michigan AAU championships Saturday at University of Detroit Stadium.

★ ★ ★

Competition will be held in 15 senior events, 12 women's events and two races for women.

Jones, former Eastern Michigan University track star is the national indoor and outdoor high hurdles champion and was third in the 1960 Olympic games hurdles at Rome.

★ ★ ★

Preliminaries are slated for 11 a.m., with the finals at 1 p.m.

Big Money Stakes Appear Today for Trapshooters

VANDALIA, Ohio (AP) — The big money matches start today in the 64th Grand American Trapshoot.

After three days of firing at puny-payoff 16-yard targets, some 2,000 of the Western Hemisphere's top marksmen swing into the handicap phase of the big clay carnival.

Today's feature is the preliminary handicap, a 100-clay affair fired from 18 to 27 yards back of the traphouse from which the targets emerge. The distance is based on the shooter's record, and the closeup novices walk off with the money.

A year ago, 54-year-old Dave Bryner of Milford, Mich., a tool and die maker, picked up some $7,000 for his score of 99. Annette Schimenz of Milwaukee tied Bryner and two others and lost in a shootoff but she was the first woman ever to menace the men in the event's long history.

The shooters tossed $45.50 each into the pot, with most adding another $31 to play the options—the unique system under which each may wager on his own prowess.

For the $76.50 investment, some big payoffs are possible.

Today's event is exactly like Friday's Grand American Handicap, the sport's No. 1 showpiece. Another handicap and the national doubles Saturday wind up the week-long spree.

As the 16-yard events ended Wednesday, the co-captains of the All-America team had vindicated their selection over the three-day, 600-target route.

C. E. Barnhart, 39-year-old interior decorator from Kansas City, Mo., one of the All-Star co-leaders, had the National Class AA and North American 16-yard championships tucked away. His co-captain, 39-year-old Dan Orlich of Reno, Nev., had won the Champion of Champions race for state titleholders and tied for the North American.

★ ★ ★

Barnhart defeated gambling club manager Orlich and 27-year-old meatcutter George Snellenberger of Angola, Ind., in a 75-target shootoff for the North American laurels. They had outshot a field of 1,140 with perfect scores of 200.

★ ★ ★

The real standout in the 16-yard classic, however, was 15-year-old Laura Louise Mote of New Madison, Ohio. The high school sophomore fird a 197 in winning the women's division by three targets from one of the best feminine fields in history. No younger gal ever has won it, and her score has been exceeded only three times in 45 years.

★ ★ ★

Tied for second among the women with 194 were Gladys Pfost of Phillipsburg, Kan.; Rita E. Piccobotta of Flint, Mich., and Sheila Egan of Mount Vernon, N.Y.

PAR OR BETTER

By JULIUS BOROS
U.S. OPEN CHAMPION

WRISTS ROLL — The clubhead follows after the ball. Julius Boros' wrists begin to roll over as a result of making contact. The left arm is beginning to bend in toward the body. The head is still down.

CLUBHEAD FOLLOWS AFTER BALL

Start the medium iron back down in the plane in which it came up.

★ ★ ★

The weight begins to shift to the left side. The wrists uncoil. Throughout the back and downswings, the head remains in an almost fixed position.

When the ball has been contacted, the club and hands are practically in the same positions as they were at the time of address. The head still remains down and over the ball.

The clubhead follows after the ball, and the wrists begin to roll over as a result of making contact.

★ ★ ★

The left arm is beginning to bend in toward the body. The head is still down.

SWING

At the completion of the swing, the hands are high, the head is up. The body faces the objective, the eyes following the flight of the ball. Swinging to the finish is very important.

There's no need to use a ball until you have your entire swing pattern established.

★ ★ ★

Once satisfied, place the ball off your left heel and start some contact work.

Swing the club in the same pattern at the same tempo. The clubhead will get the ball up in the air. Don't rush your shot. Timing and rhythm furnish the answer.

★ ★ ★

The clubhead automatically follows the ball as it is contacted. This is the beginning of the follow through, should be developed. This is as important to the swing pattern as the backswing.

When the club is approximately halfway into the follow through, the head will begin to come up and the eyes will pick out the flight of the ball. Let the head come up naturally.

Don't attempt to bring it up yourself or you will develop a horrible habit of "peeking."

Stopping the follow through before it is finished is like halting your car suddenly without warning the drivers behind you.

Dangerous?

So is quitting on your follow through!

Track Double for U.S. Duo

LUND, Sweden (AP) — Bob Hayes and Ralph Boston were double winners Wednesday as Americans won seven events in an international track and field meet.

Hayes won the 100-meter dash in 10.7 seconds and the 200 meters in 22.3, both eased up. Boston won his specialty, the broad jump with 24-10½ and then took the triple jump with 49-10.

Other American winners were John Thomas, with 6-9 in the high jump; Jim Dupree, with 1:51.5 in the 800-meter run, and Frank Covelli in the javelin with 252 feet.

Pat Clohessy of Australia, a former University of Houston runner, won the 3,000-meter run in 8:15.2.

Bum Elbow Still Sore; Yanks' Lefty Goes Home

NEW YORK (AP)—Bud Daley, ailing New York Yankee lefthander, quit the club Wednesday night and flew home to Orange, Calif.

Daley had been on the disabled list since undergoing a bone-chip removal operation on April 26. He had been pitching batting practice and had intended to return to the active list Sept. 1.

Monday night in an exhibition game in Buffalo, he pitched two innings against the International League All - Stars. The elbow flared up and was very swollen Tuesday.

8 Doubles Teams Left in National Net Meet

BROOKLINE, Mass. (AP)—Things begin to get sticky, as British Davis Cuppers Roger Taylor and Bobby Wilson would say, as the National Doubles Tennis Championships moved into their fourth day today at Longwood Cricket Club.

★ ★ ★

The original men's field of 64—with Chuck McKinley of San Antonio and Dennis Ralston of Bakersfield, Calif., and Mexicans Rafael Osuna and Antonio Palafox co-favored—has been melted down to 16. Seven of eight seeded teams remain.

On the women's side, 12 teams are left in the running, and none of the eight seeds has so much as been seriously tested.

Darlene Hard and Maria Bueno, the graceful Brazilian, are shooting for their third title together, and the sixth straight for Darlene, the former U.S. champ from Los Angeles.

Of the seeds, only No. 8 Billy Bond of La Jolla, Calif., and Tom Edlefsen of Berkeley, Calif., were uprooted Wednesday.

Doing the job was a pick-up team of Jim McManus of Berkeley, and Allen Fox, a grad student in psychology at UCLA.

Neither McManus nor Fox had a partner when he phoned his entry to Longwood. They were mated by the tourney publicist, Paul Connolly, who now predicts they'll get to the semis at least.

Serving almost faultlessly, Fox and McManus sidelined Bond and Edlefsen, 6-3, 12-10, 6-4.

NFL Pre-Season Crowds Soaring

From Our News Wires

The National Football League is even clicking the turnstiles of the exhibition games at a record pace.

★ ★ ★

So far, the older, established NFL, given a tremendous boost by the 83,000 which showed up for the doubleheader in Cleveland last week, has far outdistanced the AFL in attendance.

For 13 dates, the NFL pre-season attendance is 507,697, and with 20 dates left it is sure to top the million mark in exhibition for the second straight year.

On the other hand, the AFL total is about 142,000 for its first 11 dates and the biggest disappointment has been the mere 5,700 who turned up at Kansas City for the first appearance of the transplanted league champs—the Dallas Texans — two weeks ago.

The Kansas City folk will get another chance to show their interest in the game between the Chiefs and the Denver Broncos Friday night.

BLANDA'S 14TH

George Blanda, the graybeard quarterback who fights for his job against the fuzz-cheeks every summer and usually wins it, will lead the Houston Oilers against the San Diego Chargers tonight as professional football kicks off another busy weekend of exhibitions.

The game at Houston represests the first home appearance of the Oilers, who have bounced back to win two games since taking a 27-10 cuffing from the Denver Broncos in their pre-season opener. Blanda, beginning his 14th pro season, was primarily responsible for the second one—a 21-20 victory at Boston last week after the Oilers trailed 20-0 at the half.

The San Diego-Houston struggle is the first of 11 games on the pro schedule in the next four days—bringing all 22 teams into action.

On Friday night, Denver is at Kansas City in the AFL. On Saturday, Boston is at Buffalo, and in the National League, Chicago plays Green Bay at Milwaukee, Baltimore meets Pittsburgh at Atlanta, Detroit meets St. Louis at Omaha, Philadelphia plays Washington at Charlotte, and Dallas goes against Los Angeles at Portland, Ore., all in night games.

On Sunday, the NFL has two games—Cleveland at San Francisco and New York at Minnesota; and in the AFL, it's New York at Oakland.

Lake Swim Finished by UAR Army Major

ST. JOSEPH, Mich. (AP)—Abdel-Latif Abo-Heif, 34-year-old major in the United Arab Republic Army, won the 60-mile endurance swim across Lake Michigan from Chicago Wednesday. He climbed onto the beach of Benton Harbor at dusk after being in the water since 8 a.m., E.S.T., Tuesday.

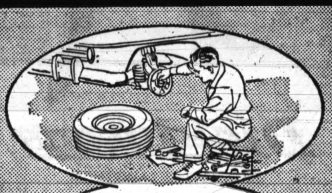

About 5,000 persons lined the beach, cheering the robust 200-pound Arab as he finished what officials said was the world's longest open water swim.

Livestock

DETROIT LIVESTOCK

DETROIT, Aug. 22 (AP)—(USDA)—Today's receipts: Cattle 200; calves 25; hogs 23; sheep 25.

Cattle compared last week slaughter steers and heifers steady to 25c higher; cows steady to 25c lower; bulls largely steady; load high choice and prime 1146 lbs 23.50 late, fully 1 loads 23-23.50 on balance; mixed choice 900-1200 lb 22.25-23.50; good to low choice 22.50-24.25; standard and low good 20.50-22.50 with several lots Holsteins at 22-23. Load and part load high choice and prime heifers 23.75; 48 slaughter heifers 24.00; part load high choice 850 lb 23.75 late; mostly good and choice 700-850 lb 23-23.75. Monday; good to low choice 21.50-23.00; standard and low good 19.50-21.50; most utility cows closed 15-16, few individuals to 16.50; comparable grade 15.50-16.50 Monday; canner and cutter 13-15; utility and commercial bulls 18.50-20.50; canner and cutter bulls 16.50-18.50.

Vealers compared last week vealers 50 to mostly 1.00 higher for the week. Choice and prime 29-30; standard and good 22-28; cull and utility 14-22.

Sheep compared last week spring slaughter lambs about steady, slaughter ewes steady to 50 lower; choice and prime spring lambs closed 22-23, these selling up to 23.25 early part of week; good and choice 20-22; about a stock choice and prime 94-95 lb shorn with shipper 2 lots 22.75-23.00; cull to good slaughter ewes closed the week 4.50-7.50.

Cattle 300; calves none; receipts mainly 25 slaughter steers about steady at 4.00-23.00; few utility cows 15-16, canner and cutters 13-15.

Vealers 25. Not enough to make a market.

Sheep 25. Not enough to make a market.

Hogs 25. Not enough to set up quotations.

Compared last week barrows and gilts strong to 50c higher, mostly 25c up; sows steady.

CHICAGO LIVESTOCK

CHICAGO, Aug. 22 (AP) — (USDA) — Hogs 5,000; moderately active, butchers fully steady; sows steady to 25 higher; shippers took 45 per cent of the supply, mostly 1-2 200-225 lb butchers 17.35-16.00; moderate number 1, 2 and 3 200-240 lb around 219 lbs 18.25; 1-2 200-260 lb 17.50-18.00; 200-280 lb 17.00-17.75; 1-3 180-200 lbs 17.25-17.75; few loads 2-3 265-290 lbs 17.25-17.00; mixed 1-3 300-350 lb sows 15.75-16.75; 350-400 lb 15.00-15.50; 400-450 lb 14.50-15.25; 450-500 lbs 14.00-14.50; 500-550 lb 13.50-14.00.

Cattle 800; calves none; receipts mainly small lots of slaughter steers, heifers and cows; not enough steers and heifers on offer for a test of trade; cows mostly steady; bulls steady; few feeders about steady; scattered head good and choice slaughter steers 1,000-1,250 lbs 22.25-24.00; few low standard and low good 20.00-22.00; few good and low choice slaughter heifers 22.00-23.00; mostly utility and commercial cows 13.00-16.50; canners and cutters 12.25-13.50; utility and commercial bulls 18.50-20.00; few lots good and choice 650-800 lb feeding steers 23.50-24.50.

Sheep 300; small supply spring slaughter lambs and about steady; trade very slow, steady to 50 lower on spring slaughter lambs; slaughter ewes scarce; few lots choice and prime 90-105 lb spring slaughter lambs 21.00; good and choice 18.50-20.00; utility and good 16.00-21.00; cull and utility 10.00-16.50; cull to good shorn slaughter ewes 4.00-6.00; few choice 90-100 lb feeding lambs 23.00-24.00.

Tilt Balance Up

Savings, Loans Pace Market

NEW YORK (AP) — Savings and loans rallied sharply in a mixed stock market early this afternoon. Trading was fairly active.

Sharp gains by stocks of the savings-and-loan holding companies arrested an irregular decline in the market and gave it a thin edge to the upside—on balance—as trading wore on into the afternoon.

The market as a whole was in an uncertain mood due to the breakdown in negotiations to end the threat of a rail strike, now with a deadline only a week away.

As the tone improved, however, even some of the rail stocks which were down in early trading cut their losses, some making small gains.

Steels and motors showed a mixed pattern, bettering their generally lower tone of the morning.

Plus signs replaced minus signs in various sections of the list, but the picture still remained pretty spotty.

★ ★ ★

Prices were mixed on the American Stock Exchange. Trading was moderate. Up about 2 were Irving Air Chute and Data-Control Systems. Gains of about a point were scored by Falcon Seaboard Drilling, Molybdenum, Molybdenum warrants and Glenmore Distillers "B." Down about a point were New Jersey Zinc and Chromalloy. Among fractional losers were Syntex, Universal Controls, Flying Tiger and Felmont Petroleum.

Corporate bonds were narrowly mixed in slow trading. U. S. Government bonds were mostly unchanged.

Planners Grant 2 Rezonings

Commission Denies 2, Tables 1 Request

A rescheduled meeting of the city planning commission was held last night. Two rezonings were granted, two denied and a fifth tabled for 60 days.

The planning commission rezoned from residential to commercial-2 three lots on the northeast corner of University and East Columbia.

Vern E. Laney, city planner, said the commission previously zoned two lots adjacent to the corner property for an auto bump shop. He said this completed the rezoning of the entire block.

A request for rezoning at 72 Franklin for a private mental hospital was denied by the commission. The rezoning from personal service to commercial-2 was opposed by property owners.

Laney said the request was denied because it would have been spot zoning, and a study showed the availability of similar services in the area.

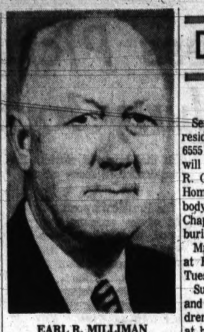

★ ★ ★

The commission also denied a request for a commercial-1 zoning of two lots on the southeast corner of Oakland and Blaine streets. The zoning change was requested by Superior Rambler, 550 Oakland. It was opposed by residents.

Rezoning from residential-3 to commercial-1 was granted for the southeast corner of Auburn and Francis. The request came from H. Vere Hodges of 500 Auburn.

Harold R. Smith, of Smith Moving Company, 401 W. Huron, had his rezoning request tabled by the planning commission. Smith asked for the rezoning of South Boulevard between Sanford and East Boulevard for a combined warehouse and office facility.

He wants the property rezoned from residential-2 to manufacturing-1.

EARL R. MILLIMAN

Former Car Dealer Taken by Death

ORION TOWNSHIP — Earl R. Milliman, former dealer for Ford Motor Co. in Lake Orion and Pontiac, died yesterday after a one-year illness. He was 69.

★ ★ ★

A director of the Community National Bank of Lake Orion, Mr. Milliman lived at 180 Cayuga. He was a former president of the Lake Orion Village Council and township justice of the peace.

★ ★ ★

Mr. Milliman was also active in Orion Lodge No. 46, F&AM, the Consistory of Detroit and the Moslem Shrine. He was past president of the Pontiac Kiwanis and the Lake Orion Rotary clubs.

Service will be 11 a.m. Saturday at Allen's Funeral Home, Lake Orion. Entombment will follow in Woodlawn Mausoleum, Detroit.

★ ★ ★

Masonic Memorial Service will be 8 p.m. Friday at the funeral home.

Surviving besides his wife are a son, Fred D. Caldwell of Lake Orion two sisters, four grandchildren and a great-grandchild.

Deaths in Pontiac, Neighboring Areas

WILLIAM B. ADAIR

Service for former Pontiac area resident William B. Adair, 34, of 6555 S. Division, Grand Rapids, will be 1 p.m. Saturday in the R. G. and G. R. Harris Funeral Home, 15251 Harper, Detroit. His body will be brought to White Chapel Memorial Cemetery for burial.

Mr. Adair, tool and die maker at Fisher Body Division, died Tuesday after a brief illness.

Surviving are his parents, Mr. and Mrs. Albert Adair; three children, Sallie, David and Tracy, all at home; and a brother Leonard of Otter Lake.

MRS. CLYDE FAIRCHILD

Service for Mrs. Clyde (Bessie P.) Fairchild, 74, of 57 Elizabeth Lake will be at 2 p.m. Saturday in Sparks-Griffin Chapel with burial in White Chapel Memorial Cemetery.

Mrs. Fairchild, a member of Central Methodist Church, died this morning after an illness of several months.

Surviving besides her husband is a son Wilbur R. of Flint.

ALLAN W. GRAVES

Service for Allan W. Graves, 2-year-old son of Mr. and Mrs. Joe B. Graves of 877 Kettering, will be at 11 a.m. Saturday in Voorhees-Siple Chapel with burial in Perry Mount Park Cemetery.

Allan died yesterday.

Surviving are his parents; a sister and three brothers, Lorinda, Rodney, Jimmy and James, all at home; and grandparents, Mrs. Emma Graves of Rock Springs, Ala., and Mr. and Mrs. Clinton McFarland of Hanceville, Ala.

MRS. WILLIAM R. COLLINS

OAKLAND TOWNSHIP—Service for Mrs. William R. (Emma Jane) Collins, 94, of 4562 Orion will be 2 p.m. Saturday at Pixley Funeral Home, Rochester. Burial will follow in Paint Creek Cemetery.

Mrs. Collins died yesterday.

She was a member of the Paint Creek Methodist Church.

Surviving are a daughter, Jane at home, three sons, Glenn and Stowell, both of Rochester, and Marion of Lake Orion; a brother, A. J. Bert Stowell of Pontiac; four grandchildren and nine great-grandchildren.

MRS. LAWRENCE W. GARY

AVON TOWNSHIP—Service for Mrs. Lawrence (Evelyn H.) Gary, 43, of 580 Lehigh, will be 1:30 p.m. Saturday at the Price Funeral Home, Troy. Burial will follow in White Chapel Memorial Cemetery, Troy.

Mrs. Gary died early today after a long illness.

She was a member of Fraternal Order of Eagles, Auxiliary No. 2634, Rochester.

Surviving besides her husband are a daughter, Mrs. Dallis Chavers of Pontiac; two sons, Roger B. of Rochester and Gerald L. of Los Angeles, Calif.; and seven grandchildren.

MRS. ALBERT HEUSSNER

ROCHESTER—Service for Mrs. Albert (Olga) Heussner, 79, of 229 Helen will be 11 a.m. Friday at the Manley-Bailey Funeral Home, Birmingham. Graveside service will follow at 2 p.m. in Yale Cemetery.

Mrs. Heussner died yesterday. She was a member of Emmanuel Lutheran Church, Yale.

Surviving are two daughters, Mrs. Fred Hile of Berkley and Mrs. Linda Tenniswood of Rochester; a son Paul of New Orleans; two sisters, six brothers, seven grandchildren and six great-grandchildren.

JOHN A. MILLER

ORTONVILLE—Service for former resident John A. Miller, 91, of Rose City will be 10 a.m. tomorrow at Steuernol Funeral Home, Rose City. Graveside service and burial will follow at 2 p.m. in Ortonville Cemetery.

Mr. Miller died Tuesday after a one-year illness.

Surviving are his wife, Clara; and two daughters, Mrs. Creta Robinson of Ortonville and Mrs. Fern Doughtely of Kansas.

Also surviving are four sons, Lloyd of Davisburg, Edson of Rose City, Rev. Clifford of Indianapolis and Harry of Kansas; 22 grandchildren; 40 great-grandchildren; and two great-great-grandchildren.

MRS. FRANK PERRY

COMMERCE TOWNSHIP — Service for Mrs. Frank (Mara D.) Perry, 8741 Kratage, will be 1 p.m. tomorrow at Vasu-Lynch Funeral Home, Royal Oak. Burial will follow in Watertown Cemetery, Fostoria.

Mrs. Perry died yesterday following a 10-week illness.

She was a retired secretarial worker for Budd Wheel Co., Detroit.

Surving are a son, Day, of Lake; three sisters; and four Union Lake; three sisters; and four grandchildren.

EDWARD W. WHEELER

AVON TOWNSHIP—Service for Edward W. Wheeler, 69, formerly of 1425 Auburn, will be 1 p.m. tomorrow at William R. Potere Funeral Home, Rochester. Burial will follow in Forest Lawn Cemetery, Detroit.

Mr. Wheeler died Tuesday after a five-month illness.

He was a retired Manufacturers National Bank of Detroit employe.

Surviving are his wife, Leslie; a daughter, Mrs. Mary Brangar of Madison Heights, and eight grandchildren.

Death Notices

ADAIR, AUGUST 20, 1968, WILLIAM B., 34, Division, Grand Rapids, age 34. Dear father of Sallie, David, Tracy Adair; dear brother of Leonard Adair. Funeral services will be Saturday, August 24 at 1 p.m. at the R. G. and G. R. Harris Funeral Home. Interment in White Chapel Cemetery. Mr. Adair will lie in state at the R. G. and G. R. Harris Funeral Home, 15251 Harper, Detroit, after 7 p.m. this evening.

BANFIELD, AUGUST 19, 1968, RICHARD J., 635 North Wixom Road, Wixom; age 37, beloved husband of Charlotte Banfield; dear father of Mrs. Lillian Hallker and Clara Banfield; also survived by six grandchildren. Funeral service will be Monday, August 26 at 2 p.m. at the First Baptist Church of Wixom with Rev. Robert Warren officiating. Mr. Banfield will lie in state at the Richardson - Bird Funeral Home, Walled Lake, until 2 p.m. Saturday, at which time he will be taken to the church for services. The family suggests that memorials be given to the Church of Wixom.

FAIRCHILD, AUGUST 22, 1963, BESSIE P., 74, Elizabeth Lake Ave., age 74; beloved wife of Clyde Fairchild; dear mother of Wilbur R. Fairchild. GRAVES, AUGUST 21, 1963, ALLAN WAYNE, 877 Kettering; beloved infant son of Mr. and Mrs. Joe B. Graves; dear grandson of Mrs. Emma Graves and Mr. and Mrs. Clinton McFarland; dear brother of Lorinda, Rodney, Jimmy and James Graves. Funeral services will be held Saturday, August 24 at 11 a.m. at the Voorhees-Siple Chapel with Rev. Eugene Rob-erts officiating. Interment in Perry Mount Park Cemetery. Baby Allan will lie in state at the Voorhees-Siple Funeral Home.

MILLER, AUGUST 20, 1963, JOHN A., Rose City, Michigan; age 91; beloved husband of Clara Miller; dear father of Mrs. Creta Robinson, Mrs. Fern Dougherty, Rev. Clifford, Harry, Edson and Lloyd Miller; also survived by 22 great-grandchildren, 40 great-great-grandchildren and two great-great-great-grandchildren. Funeral services will be Friday, August 23 at 10 a.m. in the Steuernol Funeral Home, Rose City with Rev. Heaton officiating, followed by graveside service at the Ortonville Cemetery at 2 p.m.

MILLIMAN, AUGUST 21, 1963, EARL ROBERT, 180 Cayuga Road, (Indianwood) Lake Orion; age 69; beloved husband of Margaret Ruth Milliman; dear father of Fred D. Caldwell; dear brother of Mrs. Earl J. Keown and Mrs. Otto F. Freeman; also survived by four grandchildren and one great-great-grandchild. Memorial service will be held Friday, August 23 at 8 p.m. at the Allen Funeral Home Lake Orion under the auspices of the Masonic Orion Lodge No. 46, F&AM. Funeral will be held Saturday, August 24 at 11 a.m. at Allen's Funeral Home with Rev. Wilber B. Schutte officiating. Entombment in Woodlawn Mausoleum in Detroit. Mr. Milliman will lie in state at the Allen's Funeral Home, Lake Orion.

MOLGREEY, AUGUST 20, 1963, KATHRYN (HAMP), 5277 Rochester, Waterford; age 58; dear mother of Mrs. Gerald Sawyer, Mrs. Laura Lee and Malcolm Hamp; dear sister of Mrs. William Gaffney, Mrs. Mary Linebaugh and Floyd Ludwig; also survived by 15 grandchildren and 11 great-grandchildren. Funeral service will be Friday, August 23 at 1:30 p.m. at the Voorhees-Siple Chapel with Rev. Dennis Dusek officiating. Interment in Perry Mt. Park Cemetery. Mrs. Molgreey will lie in state at the Voorhees-Siple Funeral Home.

PERRY, AUGUST 21, 1963, MARA D., 8741 Kratage, Union Lake; dear mother of Day Perry; dear sister of Mrs. Freda Gilchrist, Mrs. Ivan Kittal and Mrs. Gladys Schoffner; also survived by four grandchildren. Funeral service will be Friday, August 23 at 1 p.m. at the Vasu-Lynch Funeral Home with Rev. Edward D. Richard officiating. Interment in Fostoria, Michigan. Mrs. Perry will lie in state at the Vasu-Lynch Funeral Home, Royal Oak.

STINSON, AUGUST 14, 1963, STAFF SGT. BENNIE FE., U.S. Army, Okinawa; age 24; beloved son of Mrs. Mildred Hall Jones; dear brother of Mrs. Marie Little, Mrs. Mary Ellen Hall and James Stinson. Recitation of the Rosary will be this evening at 8 p.m. at the Sparks-Griffin Funeral Home. Funeral service will be Friday, August 23 at 10 a.m. at St. Michael Church, Interment at Mt. Hope Cemetery. Sgt. Stinson will lie in state at the Sparks-Griffin Funeral Home.

STOCKMANS, AUGUST 20, 1963, KATHERINE, Borgman Road, Almont, Mich.; age 76; beloved sister of Mrs. Elizabeth Wagdill and Ernest Bruhns; dear aunt of Tom and Verner Hoy. Funeral service will be Friday, August 23 at 2 p.m. at the Lewis E. Wint Funeral Home, followed by cremation at the White Chapel Cemetery. Mrs. Stockmans will lie in state at the Lewis E. Wint Funeral Home, Clarkston.

Schools Unit Eye Change in Budget

A revised budget for the 1963-64 school year will be considered late today by the Oakland County school board.

★ ★ ★

The budget, which will carry an undetermined deficit, was to be presented to the county board this afternoon by School Supt. William J. Emerson.

★ ★ ★

The county superintendent said the five-man school board will determine the actual size of the deficit at its August meeting.

He previously predicted the budget would contain a deficit, but said the size was still to be decided.

The county board adopted a preliminary budget of $370,832, but this must be curtailed to meet the Oakland Schools' tax revenue from its .10-mill tax rate.

The reduced budget results from the State Tax Commission's rejection of an appeal by the county school board of its tax allocation.

School officials said the preliminary budget was based on a .16-mill tax rate, but the County Tax Allocation Board gave the Oakland Schools a .10-mill levy, or about $238,676.

★ ★ ★

Earlier this month, Emerson said he contacted county board members and there was no "general interest" in appealing the tax commission's verdict.

In other business, the school board will consider the special education budget for the year, authorize payment of nearly a quarter of million dollars in bills and review group insurance of county school employes.

Slag Cutting Children

Seal Coating Project Hits Snag

A new seal coating program on city streets has run into an unexpected snag.

★ ★ ★

Several parents have complained that their children have been cut by slag, which is being used for the first time this year instead of stone aggregate.

The complaints have prompted Clyde Christian, Department of Public Works superintendent, to appeal for cooperation from parents.

"Where seal coating is being applied to streets," he said, "we would appreciate parents advising children not to play in the street for a few days.

SOMEWHAT SHARPER

The slag is somewhat sharper than the stone aggregate and pea gravel we used in previous years. Children are more likely to cut themselves if they fall on it."

Christian explained that because the slag is sharper, it is better for seal coating than stone and gravel.

"Although it costs more per ton, it is lighter than stone, so a ton of slag is larger by volume than a ton of stone," Christian said.

★ ★ ★

The slag goes a lot further and, therefore, in the long run is cheaper to use.

"Other cities have used it and found it to be very satisfactory. "We changed to it because we think it will last longer.

The general seal coating program, designed to extend the life of paved streets by sealing cracks, has been in effect for several years but is now being accelerated due to the purchase of new equipment.

The procedure calls for spraying on the bituminous liquid and following it immediately with a layer of slag. Then it is roled.

★ ★ ★

The process is then repeated immediately before the coating is allowed to set overnight for cooling and curing. Then the street is opened to traffic.

"After two or three days exposure to traffic, we return with street sweepers and pickup the excess slag," Christian added.

GMC Local Plans Walled Lake Picnic

The first annual picnic for members of GMC Truck & Coach Local 594 and their families will be held this Saturday at the picnic grove of the Walled Lake Amusement Park.

The grove will be opened at 9 a.m. with the picnic program beginning one hour later.

First on the schedule of children's games is a foot race for boys age 9 and 10. This will be followed at 10:30 a.m. by a foot race for girls age 9 and 10.

At 11 a.m., boys age 11 and 12 will participate in a 50-yard sack race. Half an hour later, 11- and 12-year-old girls will don the sacks.

★ ★ ★ ★

The fifth event is a penny scramble for boys and girls age 6 through 8. This will take place at 11:45 a.m. At noon the scheduled program for children will end with a spoon and egg race for boys and girls age 9-12.

★ ★ ★

Children's rides will be in operation noon to 4 p.m.

Free ice cream will be provided.

Andy Wilson, president of Local 594, urged members to participate in the union's first picnic.

In the past, picnics were given by GMC Truck & Coach Division.

$400 Stolen From Dentist

The theft of at least $400 in cash from the Avon Township home of a dentist is under investigation today by sheriff's detectives.

Police said the thieves ransacked the home of Dr. Edward Brown, 6460 N. Rochester, after gaining entry by breaking a window in the kitchen door.

The burglary was discovered yesterday afternoon by friends of the doctor, who has been on vacation since Aug. 18.

Free Service Stops Attorneys Must Pay

In an effort to tap additional sources of county revenue, county supervisors have directed legal departments to stop providing free service to attorneys.

★ ★ ★

The ways and means committee of the County Board of Supervisors yesterday directed County Clerk-Register Daniel T. Murphy to start charging attorneys for all legal forms provided by his office.

He said this should bring in about $20,000 annually in additional revenues.

Also, the committee directed the Probate Courts to cease giving free copies of judgments where not required by law.

Instead, only certified copies are to be given attorneys in these instances. The courts collect an average of $1 for each certified copy.

★ ★ ★

Attorney Thomas J. Dillon, as president of the Oakland County Bar Association, said, "I'd like to check out the legality of these new charges . . . the main thing is to assure that they don't impede justice."

He said he probably would turn the matter over to the association's legal economics committee for study.

Card of Thanks 1

WE WISH TO THANK OUR friends, neighbors and relatives for their acts of kindness and floral offerings during our recent bereavement in the loss of our beloved wife and daughter. May God bless you. Special Thanks to Reverend Hemingway, Rose-Griffin Funeral Home, and the Maternity Ward of St. Joseph Mercy Hospital. Lindaugh and Beatrice Pearson.

In Memoriam 2

IN MEMORY OF LEONARD J. Sherman, who passed away 15 years ago today. Sadly missed by his mother, Effie Sherman.

NEAR WATERFORD HIGH

A large family room and a dining room are 2 of the special features of this "must go" home. It is located in the school area, too, in a neighborhood that offers paved roads, curbs and gutters and big shade trees. Only $12,900, available for quick occupancy.

NEAR NORTHERN

Here is a 3 bedroom, all aluminum ranch style home, in the Cliffmore at Pontiac Northern and Madison Jr. High Schools. It features wall to wall carpeting in halls and starfire sills to go along with the built-in range and oven in the birch cabinets. This is one to see. If you want to locate in this area, don't let this one go by. $13,900, terms.

NEAR CENTRAL HIGH

How large is your family? Will 4 bedrooms and 2 full baths handle it for you? If it will, this is it. It also has wall to wall carpeting, a fieldstone fireplace, 14 x 26 enclosed porch and full basement. Get on this one now at only $13,900, terms.

COMPETING — Miss Waterford, Charlotte Braden, 21, of 1045 Erskine will compete with more than 50 other Michigan beauties for the title of Miss Michigan State Fair, Monday and Tuesday at the Music Shell of the state fairgrounds. Ten finalists will be chosen Monday at 7:30 p.m. The winner will be selected the following evening.

On Foreign Assistance

Aid Bill Fought Over

WASHINGTON (UPI) — House Democratic leaders fought an uphill battle today to save President Kennedy's $4.1 billion foreign aid bill from what they warned could be crippling restrictions.

In a test of strength yesterday they won two and lost two. All signs pointed to administration losses today on at least two additional amendments that leaders said would tie the President's hands in the effort to shore up the free world against Communist inroads.

With at least 23 amendments pending and others still taking shape, prospects dimmed for final House action today on the 17th annual aid authorization since World War II.

Failure to reach the final vote today likely would put off action until Tuesday, since House leaders figure to lose a significant number of administration votes on Fridays and Mondays when members from nearby big Eastern states tend to be back in their districts.

★ ★ ★

As the bill came up for its third day of debate, antiaid sentiment appeared to be running higher that ever before. The bill's managers still were sure they could pass it, but were pessimistic about what it would look like when the final vote came.

"If it's been gutted, this bill will stand as a monument to the end of bipartisanship on the part of Republican House members," said Rep. Cornelius Gallagher, D-N.J., an administration supporter and a member of the Foreign Affairs Committee.

Gallagher said the GOP leadership on the issue had been surrendered to Reps. H. R. Gross, R-Iowa, and Ross Adair, R-Ind., members of a six-man conservative bloc that voted against the foreign aid bill in committee.

The administration held only nominal control after yesterday's debate. Only a fervent appeal from speaker John W. McCormack, D-Mass., stemmed the antiaid tide and cleared the way for an overnight recess during which aid backers hoped to regroup for a stronger showing today.

At McCormack's plea the House rejected, 169 to 155, a Republican move to end a 5-year-old "revolving fund" arrangement under which foreign aid "development loans" when repaid could be lent again for new projects.

★ ★ ★

McCormack said this would wreck long-term development planning and "seriously impair" the loan program by which the United States has sought to pump up lagging economies of underdeveloped nations, particularly in Latin America.

Flight is Flawless

Titan 2 Heartens AF, Space Officials

CAPE CANAVERAL, Fla. (AP)—Military planners and man-in-space officials were encouraged today by results of a successful 5,800-mile test flight by a Titan 2 missile.

★ ★ ★

The 103-foot rocket covered the course in flawless fashion Wednesday in a flight that had special significance for Project Gemini, the United States' next manned-space-flight program. Astronaut Virgil I. Grissom, who may one day be a Gemini pilot, was among those who monitored the test.

Although Titan 2 was declared operational two months ago as this nation's most powerful intercontinental range rocket, the missile has encountered numerous troubles, especially in the second-stage propulsion system. Wednesday's success was the 12th in 21 test flights.

EXPRESSED CONCERN

Manned Spacecraft Center officials, primarily Flight Operations Director Chris Kraft, have expressed concern that problems in both stages of the rocket could affect Gemini seriously.

Kraft told newsmen last week that the first-stage engine creates vibrations the length of the rocket which could prevent the two Gemini astronauts from reading their instrument panels. He reported the second stage on some shots was developing only 90 per cent of desired thrust, not enough to boost the approximately 7,000-pound capsule into proper orbit.

★ ★ ★

Officials said the Titan 2 registered its lowest vibration level yet Wednesday and developed full second-stage thrust. It hurled a warhead to a target in the South Atlantic Ocean.

The Air Force and the Martin Co., Titan 2 prime contractor, have reduced the vibration gradually by increased pressurization on the fuel tanks. But Kraft said the space agency is not completely sold on this approach to the problem and that he would like to see a permanent rather than a temporary fix.

RELUCTANT TO SPEND

The Air Force, which is satisfied the vibration does not affect Titan 2 as a military weapon, was reluctant to spend more money to redesign the first-stage turbopump, believed to be the source of the oscillation. But recently, under NASA pressure, a contract was awarded to revise the turbopump.

Grissom, who made a suborbital rocket ride two years ago, monitored a malfunction detection system (MDS) which was test-flown for the first time on the Titan 2.

The detection system reaches electronic fingers to 29 key points throughout the rocket, and on a manned mission would display its recordings on the astronauts' instrument panel. If it detected trouble, the pilots could trigger their ejection escape seats.

★ ★ ★

The readings were displayed on a duplicate instrument panel in the mission control center at Cape Canaveral. Preliminary evaluation indicated the system had worked the space agency is not completely well.

Districting Unit Ready to Begin

Starting Date Needed as Teams Are Named

LANSING (AP) — The four-man teams have been named now for the Democrat-Republican fight over legislative apportionment.

★ ★ ★

All that is needed is the date to start struggling over the very touchy and partisan issue of redistricting the State Legislature under the new state constitution.

Democrats kept a promise to Gov. George Romney yesterday by naming four members to the temporary commission to work on the issue. Republicans previously had named their own team.

Gov. George Romney and Zolton Ferency worked out a compromise Monday to get the commission going.

LEGAL STATUS

Romney said he would ask the legislature to provide the temporary commission with legal status and operating funds. Ferency said he would then name his appointees.

Secretary of State James Hare had warned that unless there was some fast agreement there might be no legislature in 1965. Hare, who was not in Lansing yesterday, has said he'll call the commission to a meeting as soon as it is complete.

The Democrats named some party faithfuls to the commission.

They were: Henry Dongvillo, an attorney and farmer from Fountain; Richard Austin of Detroit, head of a firm of certified public accountants and a former constitutional convention delegate; A. Robert Kleiner, Grand Rapids attorney, and Ivan Brown, UAW-CIO representative from Iron Mountain.

Republicans earlier named former Gov. Wilbur Brucker of Grosse Pointe, William Hanna of Muskegon, Alfred Laporte of Standish and Ralph Huhtala of Kingsford to the commission.

MSU Art Professor Expires Suddenly

EAST LANSING (AP) — The Michigan State University art professor who created the Spartan statue on the campus died suddenly yesterday.

Leonard Jungwirth, 59, was stricken at a local foundry as he was watching his students' work being cast in bronze. He was taken to the MSU Medical Center, but died soon afterward. Cause of death was unknown.

A native of Detroit, Jungwirth's sculpture attracted national recognition and was displayed at the New York Museum of Modern Art, Phillips Memorial Gallery in Washington, D. C. and the Detroit Institute of Art.

Snakes in the Garden Don't Tempt Anybody

CLAUDE, Tex. (AP) — John Tolbert has no fear of people prowling in his garden. He has five tame snakes that do a good job of ridding the place of bugs, as well as people.

★ ★ ★

His reptile garden consists of four grass snakes and an unidentified green snake. The pets feed on harmful insects, but he also gives them biscuits and honey.

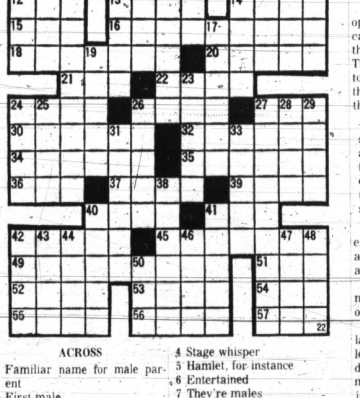

One snake has worked the garden for the past five years.

Kennedy to Visit Vegas — for Business Reasons

LAS VEGAS, Nev. (AP)—The Las Vegas Review-Journal said Wednesday President Kennedy will visit Las Vegas in late September or early October on a tour of conservation projects.

The paper said in a story from Washington that Sen. Howard Cannon, D-Nev., has confirmed the President will visit this gambling resort city.

Answer to Previous Puzzle

Seat Belts Due Most '64 Cars

GM, Chrysler Lead With Announcements

DETROIT (UPI)—Most of the new cars produced in the United States next year will have seat belts as standard equipment.

That became evident today following the announcement last night by General Motors Corp. and Chrysler Corp. that the safety item would be standard equipment on all cars beginning Jan. 1, 1964.

★ ★ ★

Ford Motor Co. and American Motors Corp. were expected to follow the GM-Chrysler lead and make similar moves.

Giant General Motors, which produces more than 50 per cent of the nation's cars, kicked off the chain last night with a hurriedly telephoned announcement. Chrysler Corp., when informed of the GM move, quickly followed suit.

GM said seat belts would be standard factory installations on all its cars next year. Chrysler also included its entire line.

★ ★ ★

The seat belts will be a "delete-option" basis. That means if the car buyer does not want the belts, the dealer will take them off. The list price, raised at the factory to cover the cost of the belts, then would drop by the cost of the belts.

Spokesmen from both firms said, "The list price would be adjusted to include the two front seat belts as standard equipment," but it was not immediately known how much the seat belts would cost, they said.

An AMC spokesman said top executives of that firm were unavailable for comment because of a dealer's showing in Florida.

Studebaker Corp. last year made seat belts a delete-option on all its new cars.

At least 20 states have passed laws requiring seat belts in at least the front seats of cars. The drivers in these states comprise more than half of the motorists in the United States.

Driver Leaves Scene of 'Unsightly' Accident

HERKIMER, N.Y. (UPI) — An elderly man, charged with leaving the scene of an accident, offered this explanation to Village Police Justice Walter Pietraska:

"I hit the other car because I couldn't see good. Then I drove away because I couldn't see what I hit." The offender was fined and his license revoked for faulty vision.

'6 Russ Trawlers Viewed Exercise,' Says NATO Aide

PORTSMOUTH, England (AP) —Vice Adm. Charles B. Martell, American commander of NATO's Atlantic strike fleet, arrived at this British naval base Wednesday night with a Soviet shadow not far behind.

★ ★ ★

Aboard his flagship, the U.S. cruiser Newport News, Martell said six Soviet trawlers spied on a NATO exercise which has just ended in the eastern Atlantic.

Tony Quinns to Separate— There'll Not Be a Divorce

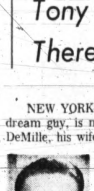

By EARL WILSON

NEW YORK—Anthony Quinn, the secretaries' and housewives' dream guy, is now obtaining a formal separation from Katherine DeMille, his wife for 23 years and mother of his four children, so that he can carry out his determination to "live . . ."

But there'll be no divorce.

"This is the best thing for all the children," Mrs. Quinn, daughter of the late Cecil B. DeMille, would say—and no more.

The separation plans include sale of their E. 70th St. town house and support of the children. Christina, Kathleen, Duncan and Valentina. Kathleen is now in India working for Moral Rearmament, to which her mother is also devoted.

WILSON

Quinn has been quoted in interviews as saying, "I got to act and I got to live, I got to have vitality. I got to live."

The Midnight Earl in N. Y. . . .

Tony Newley of "Stop the World" was calm about the praise for his movie, "The Small World of Sammy Lee." Shrugged Tony: "Sure, I've made lots of movies in England. I'm the British **Roddy McDowall.**". . . **John Ringling North** didn't send out announcements. But he hit 60 last week. . . . Hottest cafe act in Hollywood is blond hypnotist **Pat Collins** at the Interlude. **Cary Grant's** been in often to see her — and was hypnotized while sitting at his table.

EARL'S PEARLS: A million years from now the earth may be filled with creatures who stoutly deny they were ever descended from man. . . . **That's earl, brother.**

Traffic Safety Conference to Draw 400-Plus

Concern over the rise in traffic accidents is reflected in the large number of persons expected to attend a Governor's Regional Traffic Safety Conference in Pontiac tomorrow.

★ ★ ★

Over 400 officials from local and state groups interested in safety have made reservations for the day-long session at the Pontiac Elks Club.

It will be the largest crowd to attend a governor's traffic meeting this year, according to Earl Krebs, manager of the Pontiac Area Chamber of Commerce, whose safety committee is coordinating the program.

The Pontiac conference is the seventh and last in the series of meetings conducted throughout the state this month.

Dr. George A. Harkless, chairman of the chamber's safety committee will open the program at 9 a.m. City Commissioner Winford E. Bottom will welcome and introduce guest speakers.

★ ★ ★

Among these will be Secretary of State James M. Hare, who will explain the purpose of the conference and the influence past conferences have had on traffic legislation.

Preceding a noon luncheon three phases of traffic safety will be discussed. These are:

Driver licensing, Joseph Corcoran and Robert Yakes of the Michigan Department of State and Pontiac Police Sgt. Lawrence LaBair.

Periodic vehicle inspection: Lawrence Burkhardt, special representative of the Auto Industries Highway Safety Committee, Washington, D.C.

★ ★ ★

Law enforcement: Michigan State University Professor Gordon Sheehe and a panel composed of State Police Commissioner Joseph A. Childs; Fred Serra, traffic and safety committee chairman of the Michigan Association of Chiefs of Police; Joseph Sullivan, assistant attorney general; and Pontiac Municipal Judge Cecil McCallum.

After - dinner speakers will be Lou Morony of the Automotive Safety Foundation, Washington, D.C.; Walter Eaton, Inter-Industry Highway Safety Foundation of Michigan; and Robert Sternberg, Michigan Department of Public Instruction.

At 2 p.m. the audience will break up into three groups to discuss licensing, inspection and enforcement.

Clyle Haskill of the Pontiac Safety Committee will give a summary of the day's proceedings at 3:30 p.m. to conclude the meeting.

POPULARITY PLUS — The trouble with Flower was that he was just too attractive. Although he had been de-scented when he was turned loose in White Lake Township's Lakewood Village Subdivision he drew too many fellow skunks who were the wrong kind. Patrolman Tom Carl escorted the gentleman out of town yesterday. Flower is staying with a local veterinarian until a home can be found for him.

Viet Monks Crushed; U.S. Anger Builds

TOKYO (AP)—The South Vietnamese government appeared today to have succeeded in its crackdown on Buddhist opponents of President Ngo Dinh Diem. But the lightning action gave new impetus to an angry U.S. government's reassessment of its policy toward Diem's dictatorial regime.

A heavily censored dispatch from AP correspondent Malcolm W. Browne in Saigon said the Vietnamese army appeared to be remaining loyal to Diem and rebellion seemed unlikely.

Troops patrolled Saigon laughing and joking, Browne reported, and life was returning to normal as the capital settled down to living under martial law.

★ ★ ★

The army's wholesale arrest of monks and nuns yesterday and the seizure of religious pagodas throughout Viet Nam appeared to have broken organized Buddhist opposition to the government, which lasted for three and a half months.

"The only opposition now is the Communist Viet Cong," a Vietnamese shopkeeper said wistfully.

The South Korean Embassy in Saigon reported to its foreign ministry that about 1,000 monks and nuns had been arrested in army raids on pagodas in four cities.

ONE KILLED

Browne said that at least one monk was reported killed and 30 monks and nuns wounded in the midnight raid on Saigon's Xa Loi pagoda, headquarters of the Buddhist high command. The Diem Government's news agency, Viet Nam Presse, claimed no monks or nuns were killed.

A government announcement relayed by Viet Nam Presse said the monks and nuns would be freed "as soon as they stop causing confusion and exploiting religion for political ends."

The government added, how-

WASHINGTON (AP)—South Viet Nam Ambassador Tran van Chuong resigned today, stating, "I cannot go on representing a government which ignores my advice and of which I disapprove."

New Chevrolet Unveiled for '64

Chevelle 1 of Firm's 5 Lines, 43 Models

DETROIT (AP)—Chevrolet, which won the auto sales race this year, today unveiled its 1964 models, including the Chevelle — only brand new entry in the automotive field.

Semon E. Knudsen, General Motors vice president and general manager of Chevrolet, said Chevrolet would be built in five lines and 43 models in the 1964 run.

It is the largest number of Chevrolets ever offered and is well beyond the four lines and 33 models offered in 1963.

Chevrolet was the first GM division to preview its 1964 line.

Knudsen, citing Chevrolet's record-breaking sales, said in remarks prepared for delivery to 200 newsmen at the company's annual press preview:

"Sales through July of this year ran about 5.2 per cent ahead of our record breaking (calendar) year of 1962. If the condition of general business allows us to maintain our current rate, Chevrolet could end the year with a new sales record of 2,210,000 cars and 415,000 trucks, surpassing last year by more than 115,000 vehicles."

★ ★ ★

Surveying the auto industry as a whole, Knudsen said, "If fourth quarter sales equal last year's, 1963 sales will top 1955's, thus making this the biggest year in automotive history."

In 1955, as you recall, retail

CREW LEAVES ENTRANCE — Members of the Hazleton, Pa., Independent Miners Association mine rescue unit climb out of the coal mine slope entrance near Hazleton yesterday after securing a coal car caught in the tunnel collapse that trapped three miners. The crew feared the wheeled car might break loose and enable further rock fall.

Drill Too Far to Help Escape of Trapped Pair

Hope Men Can Tunnel Through to Escape Passageway

HAZLETON, Pa. (AP) — The new escape hole drilling missed the underground pocket containing two of the three trapped miners, rescue workers said today.

They reached this conclusion after the drill bit had gone past the level where David Fellin, 58, and Henry Throne, 28, are trapped without the men seeing it.

There was no indication how far the drill had missed, but presumably it had missed by only a few feet. Whether this meant a new escape hole must be drilled was not clear.

H. B. Charmbury, secretary of mining, said workers would try tapping on the drill in the hope Fellin and Throne could hear the sound and dig toward it with tools lowered to them earlier through the 6-inch lifeline hole.

A compass was dropped to the men and Charmbury was hopeful this could be used to help in their search.

Gordon Smith, deputy mining secretary, told Fellin and Throne of what happened by way of the microphone hookup from the surface.

"We've got a little problem. It looks like we've gone to the bottom rock. It looks to me like we hit bottom rock," Smith said.

"White stuff is coming up the 12-inch hole," Smith told them.

Previously black anthracite had been coming up, giving the rescue crews hope they were on the right track and within a few feet of where the men are trapped in a pocket of coal.

"White stuff coming up, huh?" Fellin said

There seemed to be not the slightest change in his voice—although he and Throne obviously knew it was a tremendous blow to their hopes of being rescued soon, after being trapped for nine days.

Charmbury said that if Throne and Fellin are not able to locate the escape hole, a third one would have to be drilled.

Federal Judge Subpoenas Teamster Fund Records

From Our News Wires

CHICAGO — A federal judge in Chicago has subpoenaed the Teamster Union's Central States Pension Fund records so they can be analyzed for possible violation in Detroit of the antikickback section of the new Welfare and Pensions Plan Disclosure Act.

Transactions between the fund and four Detroit-area firms will be investigated by the Justice Department. The four Detroit firms were identified in court orders as the Henrose Hotel, Dearborn Machinery Movers Co., Hazel Park Cab Co. and the Detroit Terminal Harbor Co.

Oakland County Clerk's office and federal records show that a $29,000 loan was made to the cab company, and a $1.6-million loan was made to the hotel.

★ ★ ★

Attorney Walter Matheson, one of 16 trustees of the fund said the union has operated the hotel through its regular staff since July 8, after taking over the hotel because the loan was not repaid.

In Washington, special Justice Department attorney Charles Z. Smith refused to comment on why his department is seeking the records. He would not reveal the amounts, dates or nature of the pension fund operations.

The subpoenas were served on Francis Murtha, executive director of the $240-million fund, in Chicago two weeks ago. Teamster attorney Frank McGarr has since asked District Judge Bernard Decker to dismiss the subpoenas.

★ ★ ★

The Detroit transactions are among 32 deals under investigation by the Justice Department.

Mercury to Soar as Clouds Cover Area Tomorrow

Partly cloudy with temperatures soaring to near 90 is the forecast for tomorrow with little change expected Saturday.

★ ★ ★

The U.S. Weather Bureau said tonight will be mostly cloudy and warm, the low about 66.

★ ★ ★

Morning westerly winds at 10 miles per hour will become southwest to west at 8 to 17 m.p.h. tonight.

★ ★ ★

Sixty was the low recording in downtown Pontiac preceding 8 a.m. The mercury had climbed to 86 at 1 p.m.

Strike at Bronze Firm Ends With 3-Year Pact

BAY CITY (UPI) — A strike at the Wellman Bronze and Aluminum Co. ended last night with agreement between the company and union on a three-year contract.

★ ★ ★

The agreement climaxed three days of negotiations. Details of the contract were not immediately made public.

Showing Cautious Optimism

Jaycees Get 450 Signatures

In its first "progressive report" the Pontiac Junior Chamber of Commerce Charter Amendment Committee today showed a cautious optimism.

"We have more than 400 petitions in circulation," said a spokesman, "and 21 have been returned with 450 signatures."

★ ★ ★

Jaycees said they feel 450 signatures "is fairly good consider-

See Editorial, Page 6

ing we've only been in business six days and the first week is normally spent just getting petitions in circulation."

However, a spokesman added that "We need more volunteers to circuate petitions if we hope to get 7,500 to 8,000 signatures by mid-September."

The petitions request that a special election be held, at which the public can vote on a charter amendment proposed by Jaycees to change the method of electing city commissioners.

VOTES

The proposed method would retain nomination by district, as now, but allow each elector to vote for seven candidates, one from each district, in the general election.

Presently, electors can vote only for one candidate from their own district.

Anyone wishing to sign a petition, circulate one or return a signed petition can call the committee office at FE 8-6010. Jaycees will deliver and pick up petitions.

Only persons who are registered voters in Pontiac can sign and circulate petitions.

The committee said it is looking for people who would like to be precinct chairmen in all districts, as well as persons who would circulate petitions at Pontiac Mall and Tel-Huron shopping centers.

★ ★ ★

"We especially would appreciate help from any service clubs or fraternal organizations," the spokesman said. He commended the Downtown Pontiac Kiwanis Club for its support.

★ ★ ★

The Kiwanis Club Tuesday night appealed to the City Commission to reinstate suspended city manager Robert A. Stierer "in the best interests of the city."

Road Toll Hits 1,062

EAST LANSING (AP)— Traffic accidents have killed 1,062 persons in Michigan so far this year, provisional figures compiled by state police showed today. The toll at this date last year was 953.

Bipartisan Program

OU Forum to Hear 4 Top Politicos

GOV. GEORGE ROMNEY

Four prominent state and national political personalities will head an impressive roster of speakers at a bipartisan Citizens' Political Forum Sept. 21 at Oakland University, it was announced today.

Gov. George Romney, U. S. Sen. Philip A. Hart, Congressman-at-Large Neil Staebler and Congressman William S. Broomfield are scheduled to speak at the event, which is sponsored by some 25 citizens' groups.

Democrat Hart will join Republican Romney in speaking at a 2 p. m. forum on local government. Romney also is slated to speak at the 1 p. m. luncheon.

Staebler, a Democrat, and Broomfield, Oakland County's Republican representative to Congress, are scheduled to talk at a 10:30 a. m. session on taxation.

Both morning and afternoon forums will include panel discussions.

Among those who will participate in the panel on taxation are Oakland County Board of Supervisors Chairman Delos Hamlin and Gov. Romney's legal adviser, Richard C. Van Dusen.

AMONG PANELISTS

State Sen. Farrell E. Roberts, R-Oakland County, and Democrat Mrs. Harriet Phillips of Huntington Woods will be among four panelists on local government.

★ ★ ★

Those serving on the advisory council for the event include Oakland University Chancellor D. B. Varner, Mayor Robert J. Huber of Troy, former Birmingham Mayor Mrs. C. Howard Willett Jr. and Bloomfield Hills City Commissioner Henry L. Woolfenden.

Council chairman is former Michigan Gov. Murray D. Van Wagoner.

Among the forum's sponsors are the Birmingham Citizens Action Committee; Birmingham Jaycees; League of Women Voters; Oakland Citizens League; Oakland County Farm Bureau; Bar Association and Medical Society; Oakland University; and the United Church Women of Birmingham, Farmington and South Oakland.

Program chairman is Oakland Citizens League president William H. McGaughey.

Senate Starts Work as Rail Talks Fold

WASHINGTON (AP)—With rail negotiations at an impasse, the Senate Commerce Committee begins work today on legislation to avert a nationwide strike next Thursday.

★ ★ ★

Impelled by a new sense of urgency, the committee may be ready with a bill by early afternoon. Chairman Warren G. Magnuson, D-Wash., planned to confer with Democratic Leader Mike Mansfield of Montana to see if the Senate will be ready to take up the measure Friday. If not, the bill will be brought up Monday.

Magnuson said that Rep. Oren Harris, D-Ark., chairman of the House Commerce Committee, had told him the Senate bill should reach the House early next week.

★ ★ ★

Although it held extensive hearings, the Commerce Committee has been hanging fire on legislation proposed by President Kennedy July 22 to avert a strike. The committee hoped that the carriers and the rail unions, negotiating under the eye of the Labor Department, could settle the four-year work rules dispute themselves.

HOPES DASHED

These hopes were dashed Wednesday. Secretary of Labor W. Willard Wirtz said negotiations had broken down and there was no immediate prospect of reconciliation.

Wirtz told newsmen an exchange of versions of an arbitration agreement, written by the carriers and the unions, had "left significant differences in the definition of issues for arbitration and procedures to be followed.

"So far, it has proved impossible to reconcile these differences," Wirtz said. Still, he added, the situation does not "foreclose the possibility of further reconciliation."

J. E. Wolfe, chief negotiator for the carriers, said that as things stand now, the railroads intend to post the new work rules, eliminating thousands of rail jobs, at 12:01 a.m. Aug. 29, "unless Congress takes action to avert a strike."

Charles Luna, president of the AFL-CIO Brotherhood of Railroad Trainmen, repeated that the unions have promised to man passenger trains and any others deemed necessary by the President in the event of a strike.

"The carriers have not shown the courtesy to answer our offer," he said.

The railroads contend they have to slash payrolls to eliminate jobs that represent an unnecessary cost. The unions, claiming this would imperil safe and efficient train operations, have pledged to strike as soon as the new work rules are put into effect.

The railroads have approved Kennedy's proposal that the Interstate Commerce Commission be empowered to issue work rules effective for two years unless reached by the carriers and the supplanted by agreements compulsory arbitration and protested the commission is managetested the commission is management - oriented.

Buddhists Beaten; U.S. Anger Builds

(Continued From Page One)

ever, that it would continue to hold those "who have actually plotted agains the security of the state."

Viet Nam Presse said police and troops continued to search pagodas. It claimed they had found weapons, grenades and radio transmitters.

Buddhist pagodas around the country were cordoned off. Some of them were in ruins after the raids, Browne reported.

Saigon's airport reopened to commercial traffic after a 24-hour closure. Commercial communication channels also reopened, but news dispatches were heavily censored.

Henry Cabot Lodge, new U.S. ambassador to South Viet Nam, cut short a stopover in Japan and hastened to Saigon to assess the

See Stories, Pictures, Page B-4

situation and express his government's anger.

President Kennedy approved a blistering rebuke by the State Department denouncing the "repressive measures against the Vietnamese Buddhist leaders." The State Department charged Diem had violated a promise to seek a reconciliation with the Buddhists.

WEAPON WITHOUT WALLOP — An East German Army sergeant, guessing he is being photographed by a cameraman across the border in West Berlin, sticks out his tongue. A comrade, cradling a more potent weapon, watches. They are guards in a window at the sector border wall near Bernauer Street in the divided city.

By Detroit, City Officials

Water Plant Is Dedicated

They had only a few unfinished buildings, two big reservoirs and lots of mud and dirt to work with, but Detroit and Pontiac officials made the most of it today in dedicating Pontiac's new water plant.

★ ★ ★

The site on Opdyke near South Boulevard isn't landscaped or paved as yet. The new water administration building isn't up.

The things that were most important to Pontiac residents were completed first.

There are two gleaming 5 million-gallon reservoirs and a pumping station housing five new pumps. That's all that was needed to start Detroit water on its way to homeowners Aug. 9.

The remainder of the water plant will be finished within two months.

ON HAND

On hand for the official dedication today were Detroit Mayor Jerome P. Cavanagh; Gerald J. Remus, general manager of the Detroit Department of Water Supply; Pontiac Mayor Pro Tem Winford E. Bottom; and Herbert G. Parker, water superintendent.

They were joined by a host of officials of both cities in the brief ceremony shortly before noon.

The water plant is the last project in a $3.9-million water system improvement program which includes an elevated storage tank on Montcalm at Edison and some $1.6 million in new distribution mains.

★ ★ ★

Cavanagh, the main speaker, welcomed Pontiac as the 56th suburban community to join the Detroit water system. Pontiac will get a second supply line when the Port Huron intake for the Detroit Water Supply is opened. It is scheduled for completion in 1967.

Terrorists Fail to Halt Ships on Seaway

MONTREAL (UPI) —Bomb-planting members of a terrorist underground organization today tried but failed to immobilize the St. Lawrence Seaway.

The seaway is a vital waterway that allows ships to sail from the Atlantic Ocean into the heart of North America.

A bomb planted by associates of a man who called Quebec Provincial Police identifying himself as a member of the "Quebec Liberation Front" (FLQ) wrecked the lifting mechanism of one of two lift bridges spanning the seaway near here.

★ ★ ★

But the bridge was in the "up" position. It had not yet been lowered after the Canadian Lake freighte John O. McKellar passed through on its way to Great Lakes ports. The blast jammed it in the "up" position.

Shipping traffic resumed about five hours later with the bridge still up.

Kennedy Opposed

GOP to Alter Tax Bill

WASHINGTON (AP)—Republicans plan a new attempt to write an economy requirement into the tax-cut bill although President Kennedy opposes the move and has given new pledges to hold down spending.

In a letter Wednesday to Rep. Wilbur D. Mills, D-Ark., chairman of the House Ways and Means Committee, Kennedy wrote:

"I see no reason for placing any conditions or contingencies on the effectiveness of the second phase of the tax reduction program."

This referred to a Republican move to make the second installment of the proposed tax cut dependent on holding the budget deficit or the national debt to a specified figure.

Two key Republican members of the tax-writing committee, Rep. John W. Byrnes of Wisconsin and Rep. Howard H. Baker of Tennessee, said, however, the effort will be renewed.

A motion along these lines by Baker lost by only one vote in the committee last week.

Thanking Mills for his work on the bill and urging that remaining congressional action on it be taken promptly, Kennedy wrote that "any delay or contingent feature would substantially reduce the effectiveness of the legislation. This in turn could lead to decreases in revenues . . . and greater deficits."

Byrnes, senior Republican member of the committee, said the President's letter does nothing to alter his opposition to the bill under the present "attitude toward spending."

Byrnes said he is not impressed by Kennedy's statement that he expects, if all goes well, to submit a budget in January with a smaller deficit than the anticipated $9.2 billion.

"While he was writing that letter his Cabinet officers were all over the hill trying to have cuts in spending restored and promoting new and enlarged spending programs, Byrnes said. "His words have a hollow ring compared with specific action."

"Even if he did submit such a budget," Baker said, "Congress could vote more funds."

Baker said he will continue to try to write into the bill a provision making the second-year tax cut inoperative if the prospective deficit goes beyond anticipated levels.

The measure approved last week by the Ways and Means Committee asks Congress to provide a net tax relief of close to $11 billion. Kennedy originally suggested $10.3 billion.

Key members of the Senate and House have expressed doubts about passage this year.

Area Resident Slain in Detroit

Weightlifter Arrested in Beating, Stabbing

DETROIT (UPI) — A husky weightlifter, upset over his receding hairline, was held for investigation of murder today in yesterday's beating and stabbing death of a downtown hair and scalp clinic owner.

Found on the litter-strewn floor of his small office and storage room at 1145 Griswold was Thomas L. Houle, 57, of 7448 Franklin Court, Bloomfield Township. He had been stabbed three times with a small knife in the upper part of the body.

Police said Houle also had a multiple skull fracture and several broken ribs, probably from kicks, and a broken nose and jaw.

Described by officers as "quite a substantial suspect" was Charles Lafian, 33, Detroit, who was arrested about four hours after the slaying as he tried to walk past police officers waiting at his home. Lafian's father, Karnig, 58, fought with police as they tried to arrest his son.

Lafian, a former patient at Ionia State Hospital, was described as a disgruntled patient of Houle's, who had been treated since 1950 for receding short, black hair.

He reportedly returned to the clinic Tuesday to argue about the price of a special $1 treatment that did not include special oil that was to be used on the hair at home for six days.

Witnesses said they saw Lafian in the lobby of the building, in the elevator and in the men's room on the seventh floor of the building around the time of the killing.

Police said they found a pair of bloody shoes in the Lafian home and that Lafian had small cuts on his face and hands.

Houle, married and the father of a son and daughter, both married, usually wore a suitcoat that was missing, police said.

He was also missing a watch and a wallet. However, a money clip containing $37 was still in his pocket.

Senators Cautioned on Bomb Before Vote

WASHINGTON (AP) — Dr. Willard F. Libby urged senators today to determine whether Soviet possession of the 100-megaton bomb is a "commanding advantage" before voting on the limited nuclear test-ban treaty.

Libby, professor of chemistry at the University of California in Los Angeles, and a former member of the Atomic Energy Commission, testified that he is "worried that we have not fired one and observed the effects, which must be awful indeed.

"I think on the whole I probably would favor the treaty," he said. But, before doing so, he added he would "have to see the latest on the 100-megaton problem" and have reassurance that the treaty would not inhibit progress in the "plow share program" for development of peaceful uses of atomic energy.

★ ★ ★

Libby was one of two former AEC members scheduled as witnesses today at hearings by the Senate Foreign Relations Committee. The other is Lewis L. Strauss who headed the AEC from 1953 to 1958.

SOVIET LEAD?

Libby, who left the AEC June 30, 1959, and its general advisory committee in August 1962, said he had no real opinion on whether the Soviets may be ahead of the United States in the development of an antimissile system because of lack of current information on the subject.

His main worry in relation to the treaty, he said, is the progress the Soviets may have made in the explosion of high-megaton bombs during their moratorium - breaking test series in 1961 and 1962.

"I have been deeply impressed by the power of large nuclear explosions and concerned lest we fall behind in this area," he said.

"We debate seriously whether to proceed with the H-bomb and fortunately did so just in time, and the present 100 - megaton question is in some ways similar. I am worried that we have not fired one and observed the effects which must be awful indeed . . ."

Crash Injuries Prove Fatal to Pedestrian

Mrs. Nellie Bakke, 73, of 136 N. Telegraph, died at 11:55 p.m. yesterday at Pontiac General Hospital of injuries suffered earlier last night when she was struck by a car in Waterford Township.

Oakland Highway Toll in '63

87

Last Year to Date 57

Mrs. Bakke was crossing Elizabeth Lake Road near the Pontiac Mall at 8:15 when she was hit by an eastbound car driven by Donald Schoenemann, 16, of 71 Delaware.

★ ★ ★

Schoenemann told Waterford Township police he didn't see the woman until just before the impact. He was not held.

★ ★ ★

Mrs. Bakke suffered multiple cuts and bruises and a broken hip as a result of the accident.

★ ★ ★

Police believe Mrs. Bakke was crossing Elizabeth Lake Road from north to south but they have found no witnesses to the accident.

★ ★ ★

Schoenemann said his car was traveling 35 miles per hour in the 40-m.p.h. zone.

The body is at Voorehees-Siple Funeral Home.

NATIONAL WEATHER—It will be warmer tonight over the northeastern third of the nation and over parts of the northern Plateau. Scattered showers are expected in Virgina; Louisiana and in the southwest border states.

Birmingham Area News

Bloomfield Hills Faculty to Get Pay for Credits

BLOOMFIELD HILLS — The Bloomfield Hills board of education will spend about $35,000 this year on pay increases requested by its teachers.

★ ★ ★

The raises will be based on the number of college credits an instructor has above the amount required for the degree he possesses.

★ ★ ★

Fringe benefits for all teachers have also been adopted by the board. Among them are professional growth leaves at half salary.

Teachers who have earned 20 credits beyond their bachelors degrees will receive an additional $150 annually.

Those with 30 credits beyond their masters degrees will get a pay hike amounting to $300 a year.

The increases had been recommended by the board by Superintendent Eugene L. Johnson.

CLASSES BEGIN

Clases in the district are to begin Sept. 5 with dismissal at noon. Buses will operate that day.

★ ★ ★

The full class schedule will go into effect Sept. 6. The school lunch program will also start then.

Students who will be attending a Bloomfield Hills school this year for the first time should enroll before classes begin if possible.

Textbooks for junior and senior high school are now being sold from 9 a.m. - 3 p.m. weekdays. Elementary books will go on sale Monday and will be available during the same hours.

Maurice H. Smith

Service for Maurice H. Smith, 57, of 1527 Bennaville, Birmingham, will be 1 p.m. Saturday at the Manley Bailey Funeral Home. Burial will follow in Roseland Park Cemetery, Berkley.

Mr. Smith died yesterday after a short illness.

He was the owner of a tool and machine firm.

He was also a member of the First Methodist Church, Bloomfield Hills Camera Club, Royal Oak Archery Club and the Detroit Astronomical Society.

Surviving are his wife, Mildred; his mother, Mrs. Edna Smith of Eaton, Ohio; and two daughters, Shirley and Vivian, both at home.

Hopes Are Up in Ford Strike

Negotiators Show Meeting Optimism

CHICAGO (UPI)—Negotiators, in almost continuous efforts to settle a United Auto Workers strike against the Ford Motor Co., met today in an atmosphere of optimism.

★ ★ ★

The 6-day-old walkout over safety conditions at Ford's stamping plant in suburban Chicago Heights has idled 18,300 employes in 14 plants across the Midwest and East.

★ ★ ★

The company laid off 3,500 workers at four plants yesterday and said an additional 12,500 would be laid off by tonight if the dispute were not settled.

★ ★ ★

Company and union officials huddled for one hour last night and a Ford spokesman said "considerable progress" was made on 74 health and safety grievances brought by the union.

The mass layoffs followed the walkout Friday of more than 3,750 members of UAW Local 588 at the Chicago Heights stamping plant.

Union spokesmen, who said working conditions at the plant were not safe, said the walkout came shortly after a four-ton die fell out of a press and injured a workman. Union members staged a wildcat walkout in May, also over safety conditions.

★ ★ ★

Yesterday's layoffs affected workers at the Monroe, Mich., parts plant and stamping plants at Buffalo, N. Y., Cleveland, Ohio, and Dearborn, Mich.

★ ★ ★

Ford said the walkout had caused a shortage of primary auto parts and layoffs were necessary to "balance the stock of components which are being built up for the planned reopening of assembly plants for 1964 auto production."

★ ★ ★

If the strike continues, Ford spokesmen said, the bread and butter of the firm's 1964 line will not be ready for the showroom floor on schedule.

Unveil Chevelle

(Continued From Page One)

deliveries of new cars and trucks totaled about 8,450,000. If present rates continue, 1963 sales will total 8.7 million units."

GENERAL OUTLINE

Chevrolet gave no indication of prices on the new models which will go on display in dealer showrooms Sept. 26. It withheld until then specific details of the new cars but did release this general outline:

Chevelle — Chevrolet's newest car will come in three series, the Malibu Super Sport, Malibu and 300 series in a total of 11 models. Options of two six-cylinder and two V8s will be offered on the all-new 115-inch wheelbase car.

NEW SERIES

Regular Chevrolet — Addition of a Super Sport series consisting of a convertible and a sport coupe bring to 15 models in four series the makeup of Chevrolet's top selling line of cars.

Major styling changes give a longer, smoother look to all models with body side moldings clearly distinguishing each series. The 119-inch wheelbase will offer choices of seven engines and four transmissions.

Chevy II — A 195-horsepower V8 engine will be offered for the first time as an extra-cost option on all models. Also on all models will be new, larger self-adjusting brakes. Six models will be offered in two series.

Corvair — The Spyder will become a two-model series in 1964, giving a total Corvair lineup of seven models in four series plus two Greenbrier sports wagons.

Council to Hear Zone Appeal

KEEGO HARBOR—City Council had to amend an ordinance to do it, but will sit as the board of appeals on a controversial rezoning for a nursing home.

A public hearing on the issue is set for 8 p.m. Tuesday at Roosevelt School.

* * *

Under discussion will be land used for a 14-lot parcel between Pine Lake Avenue and Hester. Developers want residential zoning changed to clear the way for a $300,000 nursing home.

Two weeks ago, the Zoning Board of Appeals, which rejected the rezoning, was relieved of jurisdiction on questions relating to hospitals or nursing homes.

In other action at Tuesday's regular meeting, council set hearings for Sept. 17 on ordinances proposed by City Manager Gordon Hunter to regulate off-street parking and define green belt areas.

Lack of such laws now prompted Hunter to recommend returning to the planning commission a proposed multiple housing ordinance.

COUNCIL BACKING

Hunter also got council backing for a new ordinance covering demolition of unsafe structures.

Coincidentally, a petition was filed by Willow Beach-Cass Lake area residents. They asked for removal of 11 decrepit buildings.

Spalding DeDecker and Associates, of Birmingham, was named the city's new consulting engineers.

A one-year contract, providing a $300 retainer, specifies the firm will reply in writing to all engineering questions and work on possible federal grant applications.

* * *

Hunter asked for, and got, council approval to eliminate the building board and turn its duties over to the zoning board of appeals.

Area-State News

Pontiac Press Photo

ON ITS WAY — With the opening of school in the Walled Lake district just two weeks away, the Keith elementary building is still a skeleton. Children probably will not be learning their three R's here until after Thanksgiving vacation. A spring strike in the steel industry delayed construction in the district and brought considerable reshuffling of students.

Rights Group Blasted

By The Associated Press

An Ann Arbor civil rights group has come under fire from a Detroit Negro leader for failure to join in protest demonstrations as education and housing continued to dominate the racial scene in Detroit today.

* * *

The Rev. Albert B. Cleage Jr., a director of the Detroit Council for Human Rights, directed criticism at the Ann Arbor chapter of the NAACP for not joining demonstrations protesting the shooting of a Negro youth by Ann Arbor police.

Ann Arbor police said the youth was shot and wounded in June when he ignored a warning to halt as he ran from a stolen car.

Meanwhile, Detroit Board of Education President Leonard Kasle denied charges yesterday the present racial pattern in which Negro teachers are placed in Negro neighborhoods was a deliberate move by the board.

* * *

Kasle also announced a "new racial pattern" of placement for the fall.

Kasle said the present racial pattern "is a result of past history, when teachers were assigned on a racial basis before 1955. We are trying to correct the imbalance with our new reassignment policy."

Also in Detroit, the Common Council has set Sept. 18 as the date for a hearing on an amendment that would strengthen the proposed open occupancy ordinance.

However, the Greater Home-owners' Council immediately pledged a turnout of "thousands of concerned citizens" to oppose the change and argue for a counter proposal to "protest homeowners' rights."

Officials of the Flint branch of the NAACP reported yesterday that pickets had been withdrawn from the Flint office of the Michigan National Bank.

* * *

Richard Traylor, NAACP branch president, said the pickets were withdrawn after NAACP and bank officials reached an agreement concerning alleged discrimination in bank hiring policies.

Club Arranges Flower Display

20 Sections of Items at 29th Oxford Show

OXFORD —"Come With Your Arrangements" will be the theme of Oxford Garden Club's 29th annual flower and vegetable show Saturday and Sunday.

Twenty sections of display items are planned, ranging from "simplicity with foliage" to house plants.

* * *

Special interest classifications include "garden ghosts," arrangements with white flowers predominating, "driftwood rhythm," and a junior division interpretation of a nursery rhyme of fairy tale.

A wide variety of vegetables will be displayed, along with fruits and canned goods.

The show is to be staged at Axford School, corner of Crawford and Mechanic, 3 to 11 p.m. Saturday, and noon to 7 p.m. Sunday.

* * *

Exhibits will be accepted until 11 a.m. Saturday, an hour before judging. Mrs. G. F. McGaughey, 346 Lincoln, is general chairman.

GRADUATED—Kenneth Robinson, son of Mr. and Mrs. Barton H. Robinson, 358 W. Flint, Lake Orion, was recently graduated from the University of Michigan with a bachelor of science degree in chemical engineering. He plans to continue his studies at the university, working toward his master's degree.

University of Michigan scientists and engineers developed the guidance system for the BOMARC anti-aircraft missile.

Teachers to Open School in Avondale

Teachers of the Avondale School District will officially open the 1963-64 academic year with a week-long preschool conference beginning Monday.

Included on the schedule of events are a tour of the Ford Motor Co.'s Dearborn plant, on Wednesday, and staff conferences throughout the week.

On Thursday, the later elementary grade teachers will meet at the high school for an orientation program on the new social studies program to be in use for the first time this year.

Road Program to Get Funds

Walled Lake Council OKs Repair Finances

WALLED LAKE — City councilmen here have agreed to finance at least part of a $10,155 road repair program recommended by City Manager Frank C. Derby.

* * *

Holding them back is the fact that they have only about $8,000 to do the work. The project possibly may be done in sections.

* * *

Derby's study of road conditions indicated asphalt paving was needed for 450 feet on Barnston; for 606 feet on East Walled Lake Drive and for 2,112 feet on West Walled Lake Drive.

The manager also recommended seal coating 1,128 feet of Leon east from Walled Lake Drive and 2,112 feet of Common from Market to Pontiac Trail.

Councilmen authorized Derby to make out bid forms on the project for the next meeting.

A new ordinance regulating soliciting and peddling in the city was adopted, along with a motion designed to limit noise.

* * *

To control noise, the city will require that permits be obtained for all public dances, parades, auctions or any other functions to be attended by a crowd.

The speed limit on Decker Road between Pontiac Trail and 14-Mile Road was increased from 25 to 35 mph.

Romney: 'Prevent Dropouts'

LANSING (UPI) — The executive office today released an open letter from Gov. George Romney urging all Michigan citizens to encourage more than 10,000 potential high school dropouts to return to school this fall.

* * *

Romney said, "The effectiveness of our efforts during the next two weeks can shape the entire lives of many of the children of our state.

"At a time when our state and nation must exert every effort and harness every resource to meet the pressing challenges which face us at home and abroad, we cannot afford the folly of wasted energy and unused talent."

Besides the 10,000 who will not return to school in September, another 20,000 will quit school before next June even though 75 per cent of them have the ability to win diplomas, Romney said.

"Unless all of us — parents, teachers, employers, government and, most of all, our boys and girls themselves — take immediate and forthright action, this annual waste of human potentialities will be repeated this September and year after year into the future," he said.

* * *

Romney urged teen-agers to look squarely and honestly at the facts because the ultimate decision rests with them.

He cited the monetary reasons for remaining in school as secondary, but important: "The high school graduate can expect to earn $42,000 more in his lifetime than the high school dropout," he said.

Registration Set by Troy Schools for Next Week

TROY—Registration for all students enrolling in Troy schools for the first time this fall will begin 8:30 a.m. Monday and continue through the week.

All principals are scheduled to be in their respective schools during the week, in the morning until 11:30 a.m. and from 1 to 3:30 p.m.

Any parents who do now know to which elementary school their child is assigned should contact the Troy Board of Education office.

* * *

Special education students should return to the same classes they attended last year. Parents of kindergartners are reminded to bring a certified birth record to register their child.

MOMS Install New Officers in Auburn Heights

AUBURN HEIGHTS—New officers for MOMS of America, Unit 19, were installed recently in ceremonies at the community hall.

Taking over the gavel from Mrs. Ivan Hulen, outgoing president, was Mrs. Mabel Campbell, 3230 McCormick.

Other new officers are Mrs. John Fruytier, first vice president; Mrs. Douglas Poynter, second vice president; Mrs. George Dodman, recording secretary; and Mrs. Leatus Wright, corresponding secretary.

39th Reunion Scheduled by Lakeville Graduates

LAKEVILLE — The 39th annual reunion of students who attended the Lakeville Brewer School will take place at noon Saturday.

All former students and friends are invited to the affair and requested to bring a contribution for the pot-luck dinner. It will be served in the Lakeville Methodist Church recreation room.

In Holly

Couple Wed at St. Rita

ROSE TOWNSHIP—Joyce Marie Walker, daughter of Mr. and Mrs. Ferris Walker, 2975 Davisburg, became the bride of Ronald Gromak at St. Rita Catholic Church in Holly recently.

The bridegroom is the son of Mr. and Mrs. Frank Gromak, 858 E. Maple, Holly.

Chantilly lace over white taffeta fashioned the bridal gown, which had tiers of lace at the back below white velvet bows at the waist.

* * *

Maid of honor was Katie Haddon of Holly, with Marilyn Gromak, sister of the bridegroom, and Barbara, Nancy and Susie Walker, sisters of the bride, as bridesmaids.

James Gromak served as his brother's best man. Ushers, were Cameron Stoner of Holly, Doug Williams of White Lake Township, Don Goetzinger of Alma and Don Gaul of Fenton.

Jeanette Walker and Kathy Gromak, sisters of the bride and bridegroom, respectively, were flower girls. Johnny Walker, brother of the bridegroom, was ring bearer.

* * *

The couple honeymooned in northern Michigan.

Copter Crash Confirms Fear of Air Flight

HOLLYWOOD, Fla. (AP) — A vacationing New Jersey couple hired a helicopter so the wife, afraid of planes, could get used to heights.

The craft crashed into the Atlantic Ocean yesterday, about 300 feet off a crowded beach, killing pilot Franklin E. Stone, 45, of North Miami.

John Eisenhower, 41, and his wife Mary, 31, of Marlton, N.J., were hospitalized and reported in fair condition.

★ ★ ★

Shortly before taking off, Mrs. Eisenhower told a friend, Mrs. Walter Sobolewski of Audubon, N.J., "I want to get the feel of it before going on a bigger plane."

★ ★ ★

Police listed the cause of the crash as apparent motor trouble.

LUCY THE EXECUTIVE — Actress Lucille Ball, who's also president of Desilu Productions, Inc., sits with both hands holding up her head as she listens to a report in Hollywood during the annual meeting of stockholders. It was the first time Lucy presided over a meeting of stockholders. Directors are (from left) Curtis Palmer, Milton A. Rudin and Edwin Holly.

Girl, 7, Killed by Auto

UNION (AP) — Kathy Trout, 7, of Brisiel, Ind., was killed on U.S. 12 near this Cass County community yesterday when she was struck by a car, state police report.

Generally speaking, Soviet cosmonauts are Air Force officers, members of the Communist Party of the Young Communist League, married and in excellent physical condition.

The average size of United States households is 3.29 persons.

Lansing Schools Voice Protest to School Bus Law

LANSING (AP) — Lansing's school board has voiced opposition to the so-called "parochial school bus law" declared constitutional by Atty. Gen. Frank Kelley Tuesday.

The board approved a resolution urging repeal of the law, which was passed by the 1963 legislature with Gov. George Romney's support.

The resolution will be presented to the Michigan Association of School Boards at its convention in Detroit Sept. 11-12.

★ ★ ★

Public schools, under the law, are required after July 1, 1964 to provide transportation for parochial and private school pupils if those pupils live at least 1½ miles from school and if the public school district already provides bus transportation.

Man, 88, Killed by Train

BATTLE CREEK (AP) — Floyd Worrell, 88, of Battle Creek was killed yesterday when he was struck by a passenger train at a railroad crossing, state police report.

GOING TO THE FAIR—Wishing their Shetland pony friend Lady Blue Bird and owner Frank Williamson Jr., 18, of 1121 Bielby, Waterford Township, good luck at the Michigan State Fair are Mike Solberg, 12, 1301 Bielby, and Terry Powell, 6, and her brother, Gary, 8, of 1071 Bielby. The youngsters are neighbors of Lady and Frank. The fair opens tomorrow and runs through Labor Day, Sept. 2.

Views Differ in County

Does the Penniless Get a Fair Trial?

By JIM DYGERT

Persons without money to hire a lawyer to defend them against criminal charges nevertheless get adequate legal counsel in Oakland County, according to the prevailing view of the county's circuit judges and attorneys.

The view is summed up by County Bar Association President Thomas J. Dillon's appraisal of the county's system of court appointment of attorneys for penniless defendants.

★ ★ ★

"It seems to be working out very well," says Dillon. "It's not indicated that we need any change."

The only disagreement comes from Circuit Judge William J. Beer, who favors a public defender system in which a staff of attorneys maintained at public expense would be available to defend persons in criminal cases who can't afford a lawyer.

Beer, however, agrees with the others that indigent defendants are now getting "adequate legal representation."

"It's a fair system," says Circuit Court Judge Stanton G. Dondero. "Defendants get the best legal help."

★ ★ ★

Under rules set up by the State Supreme Court, the judges advise accused persons at their arraignments that the court will appoint a lawyer to serve at the county's expense if the defendant cannot afford one. The defendant, however, need not accept.

Each judge has his own basis for assigning attorneys, although they follow a few general guidelines.

Young new attorneys often are named when lesser offenses are involved, but more experienced lawyers get the call in capital cases such as murder.

★ ★ ★

Availability is another criterion. One judge keeps a list of attorneys who have advised him of their willingness to accept appointments.

Few refuse in any event, the judges say, with praise for the cooperation of the county's legal profession.

Appointed attorneys are reimbursed according to the number of trial days, the seriousness of the offense and expenses incurred. Pay may range from $50 to $100 per trial day, or more in certain cases.

The compensation, while half or less of the amount the attorney would receive if retained privately for the same case, is considered enough to prevent hardship on the lawyer.

★ ★ ★

The county's procedures have not been affected by recent U.S. Supreme Court decisions requiring appointment of attorneys for penniless defendants to represent them at all stages of the criminal proceedings. The county already had been doing that in effect.

★ ★ ★

The judges will return a case to a lower court for examination if the defendant waived examination without an attorney and his newly appointed attorney requests a return to lower court.

In capital cases, the presiding Circuit Court judge often will appoint an attorney while the case is still in Justice Court.

★ ★ ★

Except for Beer, the judges see no need for a public defender office unless it would be more economical. Most of them do not feel it would make any significant difference in the quality of legal representation an accused receives.

POPULATION REQUIREMENT

Judges Clark J. Adams and Frederick C. Ziem join Dondero in the opinion that the public defender system "comes with bigness."

The county is not that heavily populated yet, they say, although Adams and Ziem add that it might not be far off.

"There seems to be an increase in the number of defendants for whom we have to appoint counsel," Adams says.

★ ★ ★

The county last year spent $14,582 in court-appointed attorney fees in 84 cases, including some $2,700 for the defense of Sheldry Topp, 17, in the murder of Charles A. Davis.

Beer says the public defender system would enable investigation of a defendant's claim of financial incapacity and give defendants the benefit of investigative facilities equal to the prosecutor's.

What's now paid appointed attorneys does not permit thorough investigations.

★ ★ ★

While some of the judges think a public defender system might be more economical some day, the county's most vehement foe of the system, Prosecutor George F. Taylor, disagrees.

"I've seen it grow into a big bureaucracy," says Taylor, who once tangled with a public defender office in California over extradition of a prisoner.

"It's unworkable," Taylor says, adding, "It would be too close to collusion with the prosecutor's office."

★ ★ ★

Taylor says, further, it would "lessen the quality of defense" because a public defender would "not have the vigor and determination and loyalty to his client" of a private attorney.

PROTECTED RIGHTS

Advocates of the public defender system claim it's a necessity to make sure accused persons, in the words of William T. Gossett of Bloomfield Hills, get more than "paper rights."

Gossett is president of the National Legal Aid and Defender Association, former general counsel for Ford Motor Co., and currently a special consultant to President Kennedy on international trade.

"Unless the indigent defendant is represented by a defender service that has the responsibility and the resources to serve him properly," Gossett says, "his constitutional rights may be entirely illusory."

★ ★ ★

However, proposals for a public defender system are aimed primarily at the federal courts, where appointed attorneys get no compensation.

The hardships this causes to attorneys and the limitations it imposes on the availability of attorneys as well as the amount of investigation and work they can do are among main arguments of the public defender advocates, who claim the court-appointment method is outmoded and discredited.

Current reports indicate an estimated 50 per cent of the defendants in federal court are requiring appointed attorneys.

Advocates claim the system has worked well, and economically, in states where it has been tried.

A bill establishing the system in the federal courts is now before Congress, where the Senate has passed similar bills in the past only to see them die in the House. The current bill would permit pay for appointed attorneys as an alternative.

There has been little public support for the bill, however.

★ ★ ★

"The public sides with the state in most criminal proceedings," Gossett says. "There is little concern that the innocent may be convicted."

Oakland County and the rest of Michigan have witnessed little agitation for change, since most judges and attorneys feel the present method is doing an adequate job of protecting the penniless person's rights under the Federal Constitution.

Pontiac Business Spurts for Fourth Straight Month

Disregarding the usual summer slowdown which results from the large number of people away on vacation, business in the City of Pontiac spurted to a new high for the fourth month in succession.

Pontiac banks report that transactions through customers' checking accounts during July totaled $108,017,747, up nearly $1.6 million over the previous month's figures.

The new high is a whopping $15.1 million higher than the dollar value of business transacted during July 1962.

For the first time in five months, though, industrial payrolls showed a decline from the previous month.

The present payroll figure stands at $13,966,132, down $23,141.

GM LAYOFFS

Actually, change-over layoffs at two General Motors plants which began during the tail end of the month may have prevented a new record from being set in this department, too.

★ ★ ★

Also on the debit side last month were construction figures reported by City Building Inspector Carl Alt.

Total building permits fell off in both number and dollar value from June 1963 and July 1962 figures.

The most significant drop was in the dollar value of last month's permits which amounted to only 20 per cent of the previous month's figure and 50 per cent of the July 1962 total.

The number of bus passengers fell below both June 1963 and July 1962 figures, and also below the 60,000 mark for the first time since August 1961.

AIR TRAVEL UP

On the brighter side, the number of outbound air passengers at Pontiac Municipal Airport continued on an upward trend for the third straight month.

Six more patrons boarded North Central Airlines planes here during July than during June.

Postal receipts showed a slight rise over the previous month's figure and a pronounced increase over July 1962.

★ ★ ★

Figures indicating business trends for July were reported by Community National Bank, Pontiac State Bank, the city water and inspection departments, Pontiac post office, Consumers Power Co., Detroit Edison Co., Pontiac Transit Corp., North Central Airlines and the Pontiac Area Chamber of Commerce.

	July 1963	June 1963	July 1962
Bank debits to customers' accounts (exclusive of public funds)	$108,017,747	$106,425,050	$ 92,914,023
Industrial Payrolls	13,966,132	13,989,273	13,281,523
Postal receipts	149,046	140,448	111,947
Total building permits—			
Number	163	193	175
Amount	578,230	2,818,329	1,100,679
New dwellings—			
Number	16	34	30
Amount	132,700	244,500	165,490
Gas consumption (cu. ft.)	212,649,400	322,270,100	207,081,000
Electrical energy, (Consumers KWH)	44,148,948	47,438,488	41,313,429
Water consumption (gals.)	467,705,000	458,397,000	537,972,965
Bus patrons	57,761	61,719	62,434
Air patrons (outbound)	45	39	49

Detroit Edison Co. electrical consumption for July 1963—12,429,887 KWH; for June 1963—11,498,488 KWH; for July 1962—11,191,559 KWH; for June 1962—11,078,244 KWH.

Total electrical consumption (Consumers Power Co. and Detroit Edison Co.) for July 1963—56,578,835 KWH; for June 1963—58,936,976 KWH; for July 1962—52,504,988 KWH; for June 1962—52,750,289 KWH.

Teen-Age Trio From Pontiac to Sing at Fair

A trio of teen-age folksingers from Pontiac has been chosen to appear in the Teen-Age Fair that will be part of the 114th annual Michigan State Fair Aug. 23 through Sept. 2 in Detroit.

★ ★ ★

The three boys, all students at Pontiac Central High School, are George Wren and Dennis Blanchard, both 15, and Dennis' brother Tim, 17.

★ ★ ★

George is the son of Mr. and Mrs. Clarence L. Wren, 145 N. Astor. Parents of the other two boys are Mr. and Mrs. Raburn R. Blanchard, 250 S. Paddock.

Waterford Board to Review Elementary School Plans

Preliminary plans for five new elementary schools proposed in Waterford Township will be reviewed tonight by the school board.

★ ★ ★

Representatives of Smith & Smith Associates, architects for the new buildings, will detail the plans.

If the preliminary drawings are approved by the board, the architects will then proceed with working drawings of the new buildings.

A series of weekly special school board meetings has been established to expedite action on building program plans.

Last week, board members reviewed plans for five elementary school additions and additions to two secondary schools.

Next week, the board will see plans for the proposed new junior high school.

Voters authorized a $6.25-million building program last June 10 at the polls. Six new schools and eight additions to existing buildings will be erected over a five-year period.

Presidential Yachtsman Gets Arlington Funeral

CHELSEA, Mass. (UPI)—Funeral services were scheduled Monday at the Arlington National Cemetery outside Washington for Commodore John H. McGruder, who skippered the presidential yacht Mayflower for President Calvin Coolidge.

McGruder, 74, died Tuesday at the U. S. Naval Hospital here.

28 Uninjured in Airline Crash

ORLANDO, Fla. (UPI)—Twenty-eight persons escaped injury yesterday when a four-engined jetliner made a belly-flop landing here and skidded more than a mile before coming to a stop.

Aviation officials blamed the accident on a landing gear malfunction, but launched an investigation to determine the exact cause of the incident.

The plane, an Eastern Air Lines DC8 enroute from Miami to New York, did not catch fire and several of the 21 passengers did not realize the plane was in trouble until it was all over.

★ ★ ★

A company spokesman said the nose wheel locked into landing position but the main sets of wheels failed to come down and lock into position.

One witness said it appeared the main landing gear was only partially out of the fuselage compartment when the big jet touched down.

EXCLUSIVE AT ROSE JEWELERS!

Revolutionary New Multi-Purpose

First Time Ever!

STEREO CONSOLE

WITH SWIVEL SPEAKERS AND AUTOMATIC DROP-DOWN HIDE-AWAY CHANGER

NO BARGAIN—It was Sidewalk Days bargain promotion in Pana, Ill., but Kenny Bland, 2, perched amid shoes that were on sale for a buck—and found none that fit.

Negroes March in Dixie; Defy Federal Court Order

By United Press International

A federal judge yesterday issued an order halting demonstrations in Plaquemine, La., but Negroes marched again in the racially-tense Mississippi River town.

Police arrested 104 of the demonstrators, who set out in "task force groups," and the day's total reached 187. Many of them were juveniles who were released later.

Authorities said the temporary restraining order issued in Baton Rouge, the state capital 13 miles away, may not have been filled in time to stop the defiant protest march.

The Negroes marched on the City Hall and County Courthouse, led by members of the Congress of Racial Equality (CORE) and the Southern Christian Leadership Conference (SCLC).

They were met by helmeted state troopers, local police and civil defense wardens carrying billy-clubs.

The order prohibited meetings, sidewalk and street gatherings, marches and other activities.

OTHER DEVELOPMENTS

● BIRMINGHAM, Ala.—U. S. attorney Macon Weaver said a false tale spread by an unidentified Negro was responsible for a wild rock-hurling melee by 2,000 Negroes Tuesday night following the bombing of a Negro attorney's home. The unidentified Negro had blamed an earlier bombing on Birmingham police.

Mayor Albert Boutwell said his home has been under heavy police guard because of threatening telephone calls that the residence would be bombed.

● NEW YORK — Mayor Robert F. Wagner said he would take part in the Aug. 28 civil rights march in Washington. "I am clearing my desk so I can get down there in time," Wagner said.

● ATHENS, Ga. — Negro pickets surrounded City Hall in a new effort to spur integration concessions.

★ ★ ★

● MOBILE, Ala. — Negro attorneys asked a federal judge to broaden a partial integration for Mobile city schools.

● GREENVILLE, S.C. — A fifth request for the transfer of a Negro student to an all-white school was received by the Greenville County School District.

Detroit Man to Be Tried in Shooting of Youth, 16

DETROIT (UPI) — Frank Youngert, 34, was bound over to Wayne County Circuit Court yesterday on charges of second-degree murder in the fatal shooting of Frank Triplett, 16, in an alley behind the Youngert home on Aug. 10.

★ ★ ★

Eleven witnesses testified at yesterday's day-long examination that the Triplett boy had demanded money from Youngert's son Richard, 13, before the shooting.

Barry Wins Youth Vote

BERRIEN SPRINGS (UPI)—A mock Republican presidential primary was held at the Berrien County Youth Fair, and Gov. George Romney came out second.

Sen. Barry Goldwater, R-Ariz., was the voters' choice by a "substantial margin," according to fair officials.

Gov. Nelson Rockefeller of New York was a distant third.

Macomb Will Buy Mt. Clemens Land

MOUNT CLEMENS (UPI) — The Macomb County Board of Supervisors voted yesterday to purchase 32,800 square feet of urban renewal property in Mount Clemens at $1 a square foot.

The property will be used to house expanding county offices.

Indications are that the proposal will be accepted by the Mount Clemens City Commission.

Detroiter Is Re-Elected

MILWAUKEE (UPI) — Wilfred T. Connelly of Detroit was re-elected to the Supreme Council of the Knights of Columbus at the group's national convention yesterday.

'Dumping' Creates Concern

Steel Influx Study Coming

WASHINGTON (AP) — In the news from Washington:

DUMPING: President Kennedy has asked the Treasury and State departments to look into the rising influx of low-priced steel.

The White House made this announcement Wednesday, a day after Roger M. Blough, chairman of the board of the U.S. Steel Corp., and David J. McDonald, president of the AFL-CIO United Steelworkers Union, had asked Kennedy to look into the matter.

The steel industry is concerned about steel dumping—their description of steel sold in the United States by foreign manufacturers at far below domestic prices.

BIOSCIENCE: The space agency plans to send monkeys, plants and tissue samples on orbital flights of up to one month to study the effects of weightlessness and space radiation exposure.

★

The first flight will be launched from Cape Canaveral, Fla., sometime in 1965, with successive ones at three-month intervals. The satellites will travel in circular orbits, 200 miles above the earth.

★ ★ ★

While giving the details Wednesday, the agency said it will negotiate a contract for six large satellites with the missiles and space division of General Electric Co., Philadelphia.

The firm will develop a recoverable biosatellite system by development, assembly and test of six 1,000-pound flight spacecraft and other spacecraft for ground tests. Estimated cost is about $19 million.

AT ANCHOR: The Navy has decided that the USS Constitution—the historic "Old Ironsides"—is not up to a trip from its berth at Charlestown, Mass. to the World's Fair at New York next year.

Announcement was made on Wednesday by Massachusetts' two senators, Republican Leverett Saltonstall and Democrat Edward M. Kennedy, who had conveyed to the Navy last May the concern of New England residents about the safety of the vessel.

ASSESSMENT: Rep. Emanuel Celler, D-N.Y., says his House Judiciary subcommittee will approve civil rights legislation "reasonably consistent with President Kennedy's proposals.

★

There is no indication that any major provision of the seven-part Kennedy bill will be eliminated, Celler told newsmen Wednesday after a fourth closed subcommittee session on the administration proposals. He said the sessions will continue at least through next week.

President Kennedy's inaugural address contained only 1,355 words. The average of 44 previous inaugural talks was 2,499 words.

Tremors Cause Slides on Island of Azores

LISBON (AP) — Earth tremors shook the Azores Archipelago today, causing earth slides and damaging some houses on Pico Island.

No damage was reported from Terceira, site of the U. S.-Portuguese Lajes Air Base. No casualties were reported from any part of the island group.

ADVERTISEMENT FOR BIDS

Sealed proposals will be received by the Owner, The County of Oakland, a Michigan Constitutional Corporation, by the Oakland County Board of Auditors for the remodeling of space on the Second Floor of the Court House Tower for a new Circuit Room and Judge's Chambers, located off Telegraph Road in Pontiac, Michigan, in accordance with plans and specifications prepared by O'Dell, Hewlett and Luckenbach Associates, Architects.

One proposal shall be submitted for all divisions of the work.

Plans and specifications will be available August 21, 1963, at the office of O'Dell, Hewlett and Luckenbach Associates, Architects, 250 North Hunter Boulevard, Birmingham, Michigan.

A deposit of $20.00 will be requested for Contract Documents.

Bids will be received by the Board of Auditors until 2:00 p.m. EST., September 4, 1963, at the Committee Room in the Auditorium Building of the Oakland County Court House, Telegraph Road, Pontiac, Michigan, at which time the bids shall be publicly opened and read aloud.

Stock Mart Drops Irregularly

NEW YORK (AP) — The stock market moved irregularly lower early today in moderate trading.

A string of moderate losses was displayed by steels, rails, motors, chemicals, oils and nonferrous metals.

Some of the high-flyers of yesterday's session among selected issues simmered down.

Eversharp, which rose 4¾ yesterday, dropped more than a point as profits were taken. IBM was off nearly a point.

American Telephone lost another fraction in continued disappointment that directors did not boost the dividend.

The breakdown in rail labor negotiations left Wall Street once again in a state of uncertainty with the deadline for a possible rail strike only a week away. The worsening situation in South Viet Nam also added a note of caution.

★ ★ ★

All the big three motors took fractional losses. The same pattern prevailed among most of the leading rails.

Korvette, however, continued to push ahead, adding a fraction. Gillette, U.S. Smelting and Xerox added about a point each and Polaroid a fraction.

Eastman Kodak fell about a point.

Prices were mixed on the American Stock Exchange. Movements were narrow. Gainers included Syntex, Reliance Insurance and Pyle National. Among losers were Cubic Corp., Canadian Javenlin and Universal Controls.

Corporate bonds edged higher.

Nikita Tours Quake-Hit City

100,000 Line Streets to See Soviet Premier

SKOPJE, Yugoslavia (AP)—Nearly 100,000 persons lined the ruined streets of Skopje today as Soviet Premier Khrushchev drove through miles of wasteland left by the July 26 earthquake.

Under a blazing sun, Khrushchev stopped to thank a 500-man Soviet team for their help in clearing rubble. He also talked with survivors of the disaster which killed more than 1,000 persons and turned Skopje into a ghost city.

★ ★ ★

President Tito, his wife and Mrs. Khrushchev accompanied the Soviet leader from Belgrade to the devastated Macedonian capital.

Khrushchev was expected to announce that the Soviet Union was making a financial contribution to help Skopje.

Skopje was the first stop after Belgrade on Khrushchev's 15-day "working vacation" in Yugoslavia. He arrived in the country two days ago.

★ ★ ★

The Soviet premier's visit came two weeks after U.S. Secretary of Agriculture Orville L. Freeman toured Skopje.

The Soviet Union sent 500 men to Skopje on Aug. 6, 10 days after a full American military field hospital was airlifted from West Germany to help treat the quake victims.

Planners Grant 2 Rezonings

Commission Denies 2, Tables 1 Request

A rescheduled meeting of the city planning commission was held last night. Two rezonings were granted, two denied and a fifth tabled for 60 days.

The planning commission rezoned from residential to commercial-2 three lots on the northeast corner of University and East Columbia.

Vern E. Laney, city planner, said the commission previously zoned two lots adjacent to the corner property for an auto bump shop. He said this completed the rezoning of the entire block.

A request for rezoning at 72 Franklin for a private mental hospital was denied by the commission. The rezoning from personal service to commercial-2 was opposed by property owners.

Laney said the request was denied because it would have been spot zoning, and a study showed the availability of similar services in the area.

★ ★ ★

The commission also denied a request for a commercial-1 zoning of two lots on the southeast corner of Oakland and Blaine streets. The zoning change was requested by Superior Rambler, 550 Oakland. It was opposed by residents.

Rezoning from residential-1 to commercial-1 was granted for the southeast corner of Auburn and Francis. The request came from H. Vere Hodges of 500 Auburn.

Harold R. Smith, of Smith Moving Company, 401 W. Huron, had his rezoning request tabled by the planning commission. Smith asked for the rezoning of South Boulevard between Sanford and East Boulevard for a combined warehouse and office facility.

He wants the property rezoned from residential-2 to manufacturing-1.

EARL R. MILLIMAN

Former Car Dealer Taken by Death

ORION TOWNSHIP — Earl R. Milliman, former dealer for Ford Motor Co. in Lake Orion and Pontiac, died yesterday after a one-year illness. He was 69.

★ ★ ★

A director of the Community National Bank of Lake Orion, Mr. Milliman lived at 180 Cayuga. He was a former president of the Lake Orion Village Council and township justice of the peace.

★ ★ ★

Mr. Milliman was also active in Orion Lodge No. 402 F&AM, the Consistory of Detroit and the Moslem Shrine. He was past president of the Pontiac Kiwanis and the Lake Orion Rotary clubs.

Service will be 11 a.m. Saturday at Allen's Funeral Home, Lake Orion. Entombment will follow in Woodlawn Mausoleum, Detroit.

★ ★ ★

Masonic Memorial Service will be 8 p.m. Friday at the funeral home.

Surviving besides his wife are a son, Fred D., Caldwell of Lake Orion two sisters, four grandchildren and a great-grandchild.

Deaths in Pontiac, Neighboring Areas

WILLIAM B. ADAIR

Service for former Pontiac area resident William B. Adair, 34, of 6355 S. Division, Grand Rapids, will be 1 p.m. Saturday in the R. G. and G. R. Harris Funeral Home, 19251 Harper, Detroit. His body will be brought to White Chapel Memorial Cemetery for burial.

Mr. Adair, tool and die maker at Fisher Body Division, died Tuesday after a brief illness.

Surviving are his parents, Mr. and Mrs. Albert Adair; three children, Sallie, David and Tracy, all at home; and a brother Leonard of Otter Lake.

MRS. CLYDE FAIRCHILD

Service for Mrs. Clyde (Bessie P.) Fairchild, 74, of 57 Elizabeth Lake will be at 2 p.m. Saturday burial in White Chapel Memorial Cemetery.

Mrs. Fairchild, a member of Central Methodist Church, died this morning after an illness of several months.

Surviving besides her husband is a son Wilbur R. of Flint.

ALLAN W. GRAVES

Service for Allan W. Graves, 2-year-old son of Mr. and Mrs. Joe B. Graves of 877 Kettering, will be at 11 a.m. Saturday in Voorhees-Siple Chapel with burial in Ferry Mount Park Cemetery.

Allan died yesterday.

Surviving are his parents; a sister and three brothers, Lorinda, Rodney, Jimmy and James, all at home; and grandparents, Mrs. Emma Graves of Rock Springs, Ala., and Mr. and Mrs. Clinton McFarland of

MRS. WILLIAM R. COLLINS

OAKLAND TOWNSHIP—Service for Mrs. William R. (Emma Jane) Collins, 94, of 4562 Orion will be 2 p.m. Saturday at Pixley Funeral Home, Rochester. Burial will follow in Paint Creek Cemetery.

Mrs. Collins died yesterday.

She was a member of the Paint Creek Methodist Church.

Surviving are a daughter, Jane at home, three sons, Glenn and Stowell, both of Rochester, and Marion of Lake Orion; a brother, A. J. Bert Stowell of Pontiac; four grandchildren and nine great-grandchildren.

MRS. LAWRENCE W. GARY

Mrs. Gary died early today after a long illness.

She was a member of Fraternal Order of Eagles, Auxiliary No. 2634, Rochester.

Surviving besides her husband are a daughter, Mrs. Dallis Chavers of Pontiac; two sons, Roger B. of Rochester and Gerald L. of Los Angeles, Calif.; and seven grandchildren.

MRS. ALBERT HEUSSNER

ROCHESTER—Service for Mrs. Albert (Olga) Heussner, 79, of 229 Helen will be 11 a.m. Friday at the Manley-Bailey Funeral Home, Birmingham. Graveside service will follow at 2 p.m. in Yale Cemetery.

Mrs. Heussner died yesterday.

She was a member of Emmanuel Lutheran Church, Yale.

Surviving are two daughters, Mrs. Fred Hite of Berkley and Mrs. Linda Tenniswood of Rochester; a son Paul of New Orleans; two sisters, six brothers, seven grandchildren and six great-grandchildren.

JOHN A. MILLER

ORTONVILLE—Service for former resident John A. Miller, 91, of Rose City will be 10 a.m. tomorrow at Steuernol Funeral Home, Rose City. Graveside service and burial will follow at 2 p.m. in Ortonville Cemetery.

Mr. Miller died Tuesday after a one-year illness.

Surviving are his wife, Clara; and two daughters, Mrs. Creta Robinson of Ortonville and Mrs. Fern Doughtely of Kansas.

Also surviving are four sons, Lloyd of Davisburg, Edson of Rose City, Rev. Clifford of Indianapolis and Harry of Kansas; 22 grandchildren; 40 great-grandchildren; and two great-great-grandchildren.

MRS. FRANK PERRY

COMMERCE TOWNSHIP — Service for Mrs. Frank (Mara D.) Perry, 8741 Kratage, will be 1 p.m. tomorrow at Vasu-Lynch Funeral Home, Royal Oak. Burial will follow in Watertown Cemetery, Fostoria.

Mrs. Perry died yesterday following a 10-week illness.

She was a retired secretarial worker for Budd Wheel Co., Detroit.

Surving are a son, Day, of Lake; three sisters; and four Union Lake; three sisters; and four grandchildren.

EDWARD W. WHEELER

AVON TOWNSHIP—Service for Edward W. Wheeler, 69, formerly of 1125 Auburn, will be 1 p.m. tomorrow at William R. Potere Funeral Home, Rochester. Burial will follow in Forest Lawn Cemetery, Detroit.

Mr. Wheeler died Tuesday after a five-month illness.

He was a retired Manufacturers National Bank of Detroit employe.

Surviving are his wife, Leslie; a daughter, Mrs. Mary Brangan of Madison Heights, and eight grandchildren.

Schools Unit Eye Change in Budget

A revised budget for the 1963-64 school year will be considered late today by the Oakland County school board.

★ ★ ★

The budget, which will carry an undetermined deficit, was to be presented to the county board this afternoon by School Supt. William J. Emerson.

★ ★ ★

The county superintendent said the five-man school board will determine the actual size of the deficit at its August meeting.

He previously predicted the budget would contain a deficit, but said the size was still to be decided.

The county board adopted a preliminary budget of $370,832, but this must be curtailed to meet the Oakland Schools' tax revenue from its .10-mill tax rate.

The reduced budget results from the State Tax Commission's rejection of an appeal by the county school board of its tax allocation.

School officials said the preliminary budget was based on a .16-mill tax rate, but the County Tax Allocation Board gave the Oakland Schools a .10-mill levy, or about $238,676.

★ ★ ★

Earlier this month, Emerson said he contacted county board members and there was no "general interest" in appealing the tax commission's verdict.

In other business, the school board will consider the special education budget for the year, authorize payment of nearly a quarter of million dollars in bills and review group insurance of county school employes.

Slag Cutting Children

Seal Coating Project Hits Snag

A new seal coating program on city streets has run into an unexpected snag.

★ ★ ★

Several parents have complained that their children have been cut by slag, which is being used for the first time this year instead of stone aggregate.

The complaints have prompted Clyde Christian, Department of Public Works superintendent, to appeal for cooperation from parents.

"Where seal coating is being applied to streets," he said, "we would appreciate parents advising children not to play in the street for a few days.

SOMEWHAT SHARPER

The slag is somewhat sharper than the stone aggregate and pea gravel we used in previous years. Children are more likely to cut themselves if they fall on it."

Christian explained that because the slag is sharper, it is better for seal coating than stone and gravel.

"Although it costs more per ton, it is lighter than stone, so a ton of slag is larger by volume than a ton of stone," Christian said.

★ ★ ★

The slag goes a lot further and, therefore, in the long run is cheaper to use.

"Other cities have used it and found it to be very satisfactory. "We changed to it because we think it will last longer.

The general seal coating program, designed to extend the life of paved streets by sealing cracks, has been in effect for several years but is now being accelerated due to the purchase of new equipment.

The procedure calls for spraying on the bituminous liquid and following it immediately with a layer of slag. Then it is roled.

★ ★ ★

The process is then repeated immediately before the coating is allowed to set overnight for cooling and curing. Then the street is opened to traffic.

"After two or three days exposure to traffic, we return with street sweepers and pickup the excess slag," Christian added.

GMC Local Plans Walled Lake Picnic

The first annual picnic for members of GMC Truck & Coach Local 594 and their families will be held this Saturday at the picnic grove of the Walled Lake Amusement Park.

The grove will be opened at 9 a.m. with the picnic program beginning one hour later.

First on the schedule of children's games is a foot race for boys age 9 and 10. This will be followed at 10:30 a.m. by a foot race for girls age 9 and 10.

At 11 a.m., boys age 11 and 12 will participate in a 30-yard sack race. Half an hour later, 11- and 12-year-old girls will do the sacks.

★ ★ ★

The fifth event is a penny scramble for boys and girls age 6 through 8. This will take place at 11:45 a.m. At noon the scheduled program for children will end with a spoon and egg race for boys and girls age 9-12.

★ ★ ★

Children's rides will be in operation noon to 4 p.m.

Free ice cream will be provided.

Andy Wilson, president of Local 594, urged members to participate in the union's first picnic.

In the past, picnics were given by GMC Truck & Coach Division.

$400 Stolen From Dentist

The theft of at least $400 in cash from the Avon Township home of a dentist is under investigation today by sheriff's detectives.

Police said the thieves ransacked the home of Dr. Edward Brown, 6469 N. Rochester, after gaining entry by breaking a window in the kitchen door.

The burglary was discovered yesterday afternoon by friends of the doctor, who has been on vacation since Aug. 18.

Free Service Stops Attorneys Must Pay

In an effort to tap additional sources of county revenue, county supervisors have directed legal departments to stop providing free service to attorneys.

★ ★ ★

The ways and means committee of the County Board of Supervisors yesterday directed County Clerk-Register Daniel T. Murphy to start charging attorneys for all legal forms provided by his office.

He said this should bring in about $20,000 annually in additional revenues.

Also, the committee directed the Probate Court to cease giving free copies of judgments where not required by law.

Instead, only certified copies are to be given attorneys in these instances. The courts collect an average of $1 for each certified copy.

★ ★ ★

Attorney Thomas J. Dillon, as president of the Oakland County Bar Association, said, "I'd like to check out the legality of these new charges . . . the main thing is to assure that they don't impede justice."

He said he probably would turn the matter over to the association's legal economics committee for study.

Card of Thanks 1

WE WISH TO THANK OUR friends, neighbors and relatives for their acts of kindness and floral offerings during our bereavement in the loss of our beloved wife and daughter, Rose M. Limbaugh. Special Thanks to Reverend Stuckmeyer, Sparks-Griffin Funeral Home and the Maternity Ward of St. Joseph Mercy Hospital. Loy Limbaugh and Beatrice Pearson.

In Memoriam 2

IN MEMORY OF LEONARD J. Sherman, who passed away 15 years ago today. Sadly missed by his mother, Effie Sherman.
