UF at $406,201 With Week Left

Robert R. Eldred, campaign chairman of the 1959 Pontiac Area United Fund, disclosed today that this year's drive has brought in $406,201 of its $647,698 goal.

With a week remaining in the campaign, Eldred said workers have raised 62.6 per cent of the figure needed by the 52 UF agencies.

★ ★ ★

He noted that the Industrial Division, under the chairmanship of Thomas F. Wiethorn, is making "good progress" and complimented the Women's Division, headed by Mrs. Noel A. Buckner, on the group's efforts to date.

★ ★ ★

The Women's Division, Eldred noted, is within $3,000 of its quota. He called for increased efforts by the women soicitors to reach their mark.

The Commercial Division is lagging behind the other two major campaign units, Eldred reported.

He called for Commercial Division solicitors to immediately complete their calls and turn in pledges as the drive ends in a week.

Wiethorn called upon the Industrial Division's nine plant chairmen to exert every effort to increase their number of pledges.

The Industrial Division has raised $298,000, which includes GM's corporate $123,000 gift, or 46 per cent of its quota, Wiethorn stated. "We still have a long way to go," he pointed out.

★ ★ ★

Mrs. Buckner's division has raised $22,155 or 88.4 per cent of its quota.

She urged her workers to spur their efforts so that a victory announcement could be made at tomorrow's division luncheon at the Elks Temple.

Commercial Division Chairman, Fred Poole, commenting on his group's lagging returns, said $85,298, or 47½ per cent of the quota, has been raised.

★ ★ ★

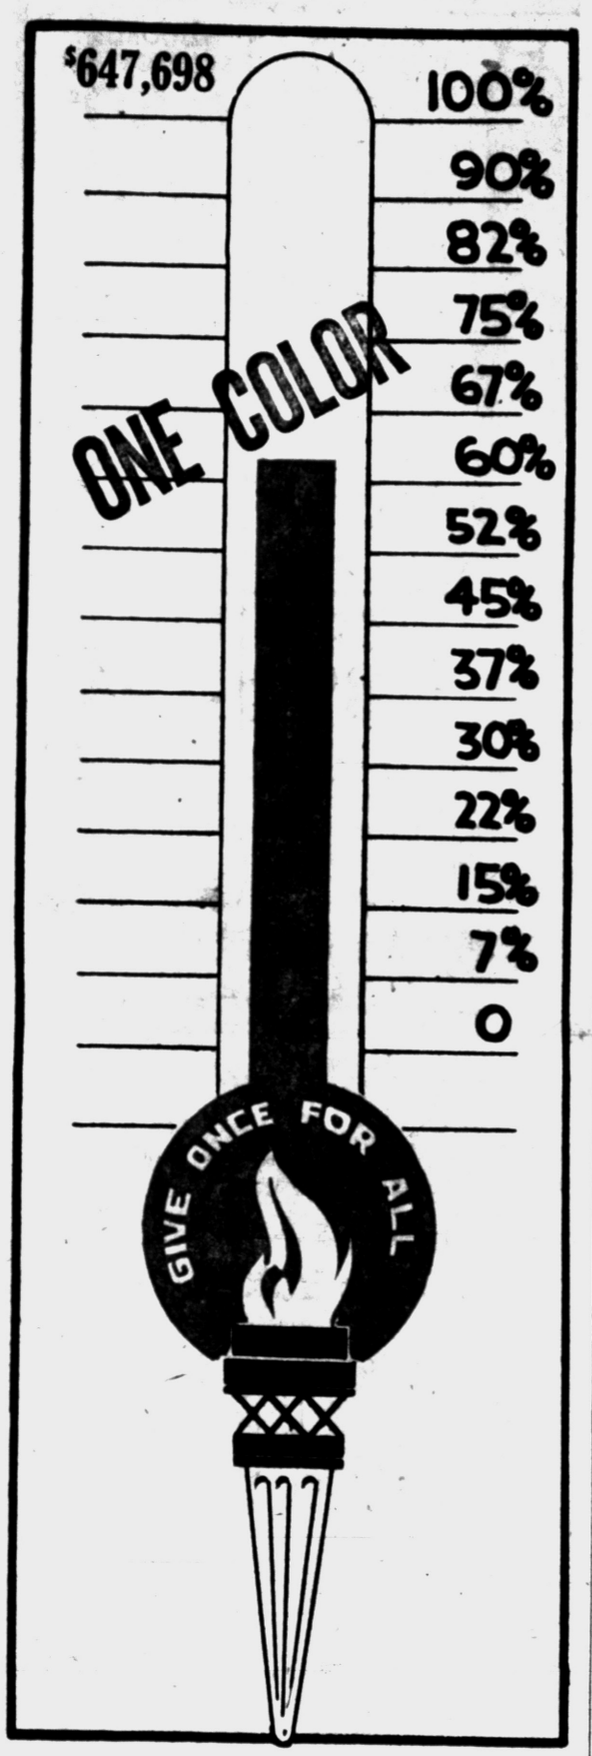

"With only a week to go," he pointed out, "much remains to be done.

"I am greatly encouraged by recent reports of participation on the part of Commercial Division employes," Poole said.

"However, many returns from the solicitors have not been turned in. I certainly hope these solicitors report quickly so we can report Commercial Division success at the victory luncheon Oct. 22."

★ ★ ★

Company and advance gifts are continuing to come in averaging about 7 per cent above last year's figures, Poole said.

2 U.S. Scientists Win Nobel Prize

Work Sheds Light on Chemistry of Life and Cancer Growth

STOCKHOLM (UPI) — Two American biochemists were jointly awarded the Nobel Prize for medicine today for discoveries that shed light on the chemistry of life and cancer.

They are Spanish-born Dr. Severo Ochoa, 54, of the New York University Medical School and Prof. Arthur Kornberg, 41, of Stanford University, Palo Alto, Calif.

★ ★ ★

The decision to award the prize, which carries a cash award of $42,610 was made this afternoon by the professorial staff of Sweden's Caroline Medico-Chirurgical Institute.

The award was based on the biochemists' discovery of the biological synthesis of nucleic acid. Reporting on their discovery in 1957, the American Cancer Society said:

"This achievement will shed chemistry of life, normal and abnormal, and is already considered a major step in the study of such abnormal growth as is involved in the cancer process."

The discovery also involves materials determining the nature of the offspring of animals, plants and bacteria. It may, therefore, some day contribute to the control of the features of offspring, it was believed.

★ ★ ★

It was not immediately known when Ochoa and Kornberg made the discovery for which they will receive the coveted prize from King Gustaf Adolf at Sweden's Nobel Festival Dec. 10. But it is believed their discovery goes back to 1946 and 1947 when the two scientists worked together in New York.

Settlement on Steel Urged Before Sunday

WASHINGTON (AP)—The head of President Eisenhower's inquiry panel on the steel strike today urged the industry and union to resume direct negotiations and seek an agreement before Sunday.

Both the industry and union seemed to accept the suggestion made by panel Chairman George W. Taylor at the windup of the panel's hearings. But no immediate negotiating arrangements were made.

The nation wants a settlement soon of the damaging strike, Taylor lectured both sides.

He said that if they are unable to reach agreement by negotiation, they should consider submitting their differences to arbitration, or a decision by outside neutrals.

First, R. Conrad Cooper, U. S. Steel Corp. executive, and then Union President David J. McDonald replied that they preferred negotiations rather than arbitration.

★ ★ ★

"I am in the mood to bargain collectively to try to reach an agreement," McDonald said.

Cooper similarly said that the industry frowned on arbitration and wanted to negotiate its settlement.

Taylor, in a summary of how the panel viewed the case so far,

Noises at MSU Will Be Taped for Roman Film

EAST LANSING (UPI)—Football fans at Saturday's Michigan State-Notre Dame grid battle will be part of a movie—or rather their voices will be.

★ ★ ★

Actor John Gavin, who along with Kirk Douglas, Laurence Olivier, Jean Simmons, Tony Curtis, Charles Laughton and Peter Ustinov, will be in the upcoming movie "Spartacus," will direct the fans in some shouts and cries before the game goes on a national television hookup.

★ ★ ★

The sounds will be recorded and used in the movie in which a slave army encounters the mighty Roman legions.

This Last Big Week for Auto Production

DETROIT (AP)—Automotive News said today auto production in the United States will reach a five-month high of 135,172 cars this week.

But, the trade paper warned, this probably will be the last big production week until steel supplies again become available.

Ford Motor Co. and American Motors scheduled Saturday overtime this week but Chevrolet was down to four days at its Willow Run Corvair assembly plant and will close its Farmingham, Mass, assembly plant tomorrow.

Production last week was 118,793 and in the similar week a year ago it was 45,245.

Truck production this week is estimated at 24,255 against 23,362 last week and 14,190 a year ago.

City Retailers Standing Pat

Tax Confusion Is Mounting

Will Continue Collecting on Present Basis

But Ruling by State Requires Separation of Sales Levies

By PETE LOCHBILER

Pontiac area consumers will go on paying a four per cent tax on goods, at least for a few days.

Retail representatives said they would continue the present method of collecting use and sales taxes, even though the state has called it illegal.

But new directives early next week may result in mass confusion as retailers are forced to collect the two taxes separately instead of together.

Signal for the change-over will probably come from the Michigan Retailers Assn. in Lansing, whose lead Pontiac retailers have been following.

"We're not going to recommend anything new unless it's based on qualified authority," said John W. Hirlinger, manager of the Pontiac Area Chamber of Commerce.

★ ★ ★

"If the rest of the state changes its tax collection practices, however, we would certainly have to go along with them."

The MRA said it wouldn't recommend any changes unless ordered to.

But it was expected the MRA would have a new tax schedule (or schedules) ready by the time new directives from the State Revenue Department reach merchants.

Louis M. Nimms, state revenue commissioner, said a new directive will be sent out early next week.

CLARIFIES 2 POINTS

It will clarify at least two important provisions of the new law:

Merchants must collect the 1 per cent use tax from consumers. The directive will state that it is illegal for the merchant to pay the tax himself or absorb it by adjusting prices.

Merchants must collect the use tax separately from the old 3 per cent sales tax. The directive will state that it is illegal to

Local Beer Up a Cent; That Tax!

Is the 30-cent bottle of beer in Michigan doomed to the fate of the fabled nickel schooner?

It looks like it in Pontiac, where most bars have already jacked up their prices by one, two or three pennies in compliance with the latest dictum from the State Revenue Department.

Local beer costs 31 cents across-the-bar today. Other typical prices:

Premium beer, 36 cents; bar whisky, 36 and 42 cents; Scotch, 67 cents. What used to be an 80-cent mixed drink now costs you 83 cents.

The odd pennies are state taxes — sales and use, explained Philip R. Sauer, president of the Oakland County Tabletoppers Assn.

1ST TIME YESTERDAY

Bartenders began charging the new 1 per cent use tax yesterday for the first time, explained Sauer, who operates a downtown Pontiac bar and restaurant.

They also are passing the 3 per cent sales tax along to the customers for the first time since the tax was adopted in the middle 1930s, he added.

Although bars elsewhere in Michigan were still charging the old prices, Sauer believed they would follow Pontiac's lead soon.

★ ★ ★

"We're the ones who are following the law," he explained.

"The Revenue Department says it's illegal not to collect the use tax from the customer and so we're collecting it."

Customers met the new prices with raised eyebrows and some grumbling, said Sauer.

"But we're not losing any customers because of them," he added.

7,000,000th Pontiac Rolls Off the Line

IT'S A 1960 BONNEVILLE VISTA — Pontiac Motor Division today reached another milestone as its 7,000,000th car rolled off the assembly line. S. E. Knudsen, General Motors vice president and Division general manager, who maintains a close check on quality by driving home a newly assembled car daily, found the routine more exciting as he stepped into his division's 7,000,000th Pontiac. It's a trim four-door 1960 Bonneville Vista hardtop, one of 16 new models in four series.

Reuther Urges Strike Fund

Humphrey Tells UAW Ike's Is Veto-Injunction Government

ATLANTIC CITY, N. J. (AP) — Walter P. Reuther has suggested to the United Auto Workers convention that the AFL-CIO build up a $500,000,000 strike fund.

★ ★ ★

The UAW has set a goal of building its own strike fund to 40 million dollars by the end of 1961.

"If we can raise a fund of 40 million dollars the whole labor movement can build up a 500 million dollar fund," Reuther said.

The UAW president made the statement yesterday as the convention authorized the union's executive board to set up machinery for collection of voluntary contributions from UAW members for the steel workers.

HUMPHREY SPEAKS

Sen. Hubert H. Humphrey (D-Minn) today endorsed political goals of the United Auto Workers and attacked the Eisenhower administration as "a no-go, go-slow, not-now, veto and injunction government."

Humphrey said the union has hammered out a "magnificent forward-looking program" including a strong civil rights proposal.

★ ★ ★

Humphrey was the third Democratic senator considered a prospect for the presidential nomination in 1960 to go before the 2,500 delegates. Sen. Stuart Symington of Missouri spoke Wednesday and Sen. John Kennedy of Massachusetts spoke Monday.

Greatest 10-Day Period in History

Pontiac Sets Sales Mark

As the seven millionth Pontiac rolled off the assembly line today, the Pontiac Motor Division announced the greatest 10-day sales period in its 33-year history.

★ ★ ★

"During the first 10 day sales period, beginning with the 1960 introduction on Oct. 1, Pontiac new car retail sales totaled 18,354 according to S. E. Knudsen, General Motors vice president and Pontiac Division general manager.

"In addition, dealers reported a backlog of retail orders for 17,133 1960 models. The initial response to Pontiac's 1960 cars points to continue leadership in the medium price field by Pontiac."

The division head said the seven millionth Pontiac, a new Bonneville Vista, signaled one of the most significant production milestones in Pontiac Motor history when it was driven off the assembly line today.

The Division's production milestone, compiled since 1926, follows a near record model run in 1959 during which Pontiac produced 383,320 units and rocketed to first place in medium price class sales.

"The vast strides taken by our division over this period are truly a tribute to the know-how, ingenuity and loyalty of Pontiac employes who take great pride in building a top quality product," Knudsen said.

Pontiac produced its first million cars in 1935 and its second in 1940.

★ ★ ★

After World War II, the Division recorded a rapid succession of million milestones beginning with its 3,000,000th car in 1949 and followed by 4,000,000 in 1951, 5,000,000 in 1954 and 6,000,000 in 1956.

Clouds, Light Rain in Offing for Area

Skies will continue to be overcast through Saturday with a chance of some light rain by tomorrow night, weatherman says.

Tonight's low will drop to near 44 and Friday's high is expected to climb to 62 degrees. Temperatures will be somewhat cooler Saturday.

★ ★ ★

This morning's northwesterly six mile an hour winds will become southwesterly increasing to 8-15 miles an hour tomorrow.

Forty-one was the lowest recording in downtown Pontiac preceding 8 a.m. The reading at 2 p.m. was 53.

Standardization Stressed in New GMC Truck Line

PHILIP J. MONAGHAN

General Motors Corporation Truck and Coach Division is boasting the most significant step forward in its 57-year history with the 1960 model trucks now being readied for public introduction.

A press preview of the latest developments was scheduled for 2 p.m. today at the Glen Acres Hunt Club in Clarkston.

Philip J. Monaghan, General Motors vice president and general manager of the GMC Truck and Coach Division, gave a hint of what to expect.

"Our 1960 models have been developed with such a high degree of parts interchangeability that standardization will achieve enormous savings in operational and maintenance costs," he said.

STANDARDIZATION IS GOAL

"The four-year product development program was aimed toward the goal of standardization, wherein one make of truck will serve multi-truck owners most economically."

The 1960 GMC's will be introduced to the public next month in dealerships throughout the nation.

"For its 1960 program, GMC engineers made a complete break from industry patchwork concepts of the past and designed into it maximum parts simplification through a high degree of parts interchangeability," Monaghan said.

"For example, 73 major parts are common to all our new V-6 gasoline engines, and 56 major parts are common to all V-8 and Twin-Six engines. This reduces the need for big captial outlays for stocks of parts to cover dif-

Real-Life Adventures Outdid Movie Roles

Dauntless Errol Flynn Dies Laughing

VANCOUVER, B.C. (AP) — Errol Flynn, whose real-life adventures often outdid his swashbuckling movie roles, died Wednesday night in an apartment where he had dropped in for a drink. He apparently suffered a heart attack.

"He died laughing," said Mrs. George Caldough, Flynn's hostess during a visit here. "He was having a good time and enjoying himself."

The graying, 50-year-old actor was en route to the airport with

More on Flynn, 36, 46

Mr. and Mrs. Caldough and his 17-year-old protege Beverly Aadland.

"We just dropped in to see some friends for a cocktail," Mrs. Caldough said.

She said he complained of a pain in the back and Dr. Grant Gould, whom they were visiting took him into another room for treatment. He lost consciousness while the doctor was out of the room for a moment, she said.

An inhalator crew worked over Flynn for 57 minutes and then he was taken by ambulance to a hospital, where he was pronounced dead on arrival.

Miss Aadland, who rode to the hospital in the ambulance, was placed under sedation.

"Women," said Flynn on his arrival here six days ago, "well, that speaks for itself. I like young women because they give you a feeling of youth."

WAS SELLING YACHT

He came to negotiate for the sale of his $100,000 yacht Zaca. Caldough reportedly was interested in the luxury vessel.

Flynn's dashing manner both on and off the screen raised the blood pressure of feminine admirers and male rivals. It also brought him headlines — headlines he said he wanted to avoid.

"The search for anonymity has been my true failure," he maintained.

The actor was married three times. He was separated from his current wife Patrice Wymore, who is appearing at a Washington, D.C., night club.

She burst into tears when told of Flynn's death and said, "Please, I'm sorry, I can't say anything."

Flynn's life had a storybook be-

Van Doren Distressed: to Appear Nov. 2

Sees Newsmen, Refuses to Talk

NEW YORK (AP)—"I really did not know of the great interest you had in me until yesterday — and here I am today which is as soon as it was humanly possible for me to meet with you."

It was Charles Van Doren speaking. The 33-year-old English instructor appeared in public Wednesday to accept a subpoena to testify Nov. 2 before a House subcommittee.

At a tumultuous news conference, Van Doren said he "was so distressed by the events of the previous days" that he took a week's leave from his teaching post at Columbia University and had been on a trip to New England "to gather my thoughts."

★ ★ ★

Van Doren, reading from a hand-written statement on yellow paper, apologized for what he called "my apparent aversion" to the press for the last several days.

But he refused to discuss his quiz show earnings in advance of his scheduled appearance in Washington.

★ ★ ★

The subpoena, issued last Friday, summons him to tell how he won $129,000 on NBC's now defunct Twenty-One show in 1956-57.

Rep. Oren Harris (D-Ark), chairman of the investigation, had charged Van Doren with dodging the subpoena.

★ ★ ★

But Van Doren said in his statement that the first he knew of the order was Monday night and that he then made himself available.

Smiling but showing traces of nervous strain, Van Doren faced about 100 newsmen and a battery of cameras and microphones as he read his statement.

DENIED GETTING HELP

He said he was distressed last week when NBC suspended him as a $50,000-a-year network consultant pending the outcome of the investigation. He got the job after his TV appearances.

★ ★ ★

In testimony before a New York County grand jury last year Van Doren denied getting help while a contestant. He repeated this later by telegram to the Washington subcommittee.

★ ★ ★

However, he declined to reaffirm these statements.

"I must emphasize to you my respect for the United States Congress," he said, "for its duly constituted committees and for its individual members. I feel it would be disrespectful for me to discuss matters which are the committee's concern, other than at the proper time and place."

One County Section in Pontiac

Teachers Will Meet Friday

The 7,000-member Oakland County Chapter of the Michigan Education Association will hold its annual conference Friday in four meetings, one in Pontiac.

Convening the same day will be the 1,000 remaining county teachers of the American Federation of Teachers.

★ ★ ★

Students will not attend classes Friday as all county schools will remain closed for the day.

"The MEA conference deals with the improvement of the teaching profession and standards of our local teachers," according to Melvyn Staebler, former chapter president and assistant principal at Madison Junior High School.

The MEA meeting to be held at the Birmingham High School will have Dr. Carl C. Byers, lecturer on human relations, as the keynote speaker. The theme of this meeting will be "Challenge to Education."

MRS. WILLIAMS SPEAKS

"International Understanding Through Education" will be the subject of the Berkley High School meeting with Dr. W. H. Roberts, professor of history at Hillsdale College, as speaker.

★ ★ ★

Michigan's First Lady, Mrs. G. Mennen Williams, will also be a guest speaker on the topic "Building International Understanding Through the Promotion of World Health."

★ ★ ★

Mrs. Williams was an official observer for the United Nations in the World Health Organization.

★ ★ ★

The third meeting, focusing on "Legislation," will be held at Kimball High School in Royal Oak. Clayton A. Seeber, NEA staff member, will be guest speaker.

★ ★ ★

Pontiac Northern High School will be the scene of the fourth meeting. "Teacher Education and Professional Standards" will be the topic with Gerald Simmons, NEA staff member, speaker.

★ ★ ★

In addition, professors from Wayne State University, Michigan State University and the University of Michigan will lead discussion groups at each of the four meetings.

Insists He's Innocent; Finally Given Parole

THOMASTON, Maine (AP) — Paul N. Dwyer, 40, who has served 22 years in prison for a murder he contends his jailer committed, was granted a parole today.

The State Board of Probation and Parole voted unanimously after an interview with Dwyer to release the South Paris man "when conditions or requirements imposed by the state board have been met in full."

"For this reason," the board said, "it is not possible at this time to indicate his exact date of release" from the Maine State Prison here.

Gov. Clinton A. Clauson and the executive council last week commuted Dwyer's life sentence for the 1937 slaying of Dr. James G. Littlefield to a shorter sentence of 28-year-sand-five-months.

Oh, to Be in LA and Bake Again at 94 Degrees

By United Press International

While most of the nation shivered in a prewinter chill, a record heat wave baked Southern California today.

The 100-degree temperatures, plus low humidity, heavy smog and gusty winds blocked firefighters' attempts to control a giant brush fire near Los Angeles.

The mercury jumped to 94 in Los Angeles, tying the city's Oct. 14 mark set in 1914. Another day of 90-degree sweltering was predicted today.

Although some slight warming was reported last night from northwestern Illinois into South Dakota and into New Mexico, most of the nation recorded readings in the 40s and 50s.

The Weather

Sales Tax Confusion Continues

(Continued From Page One)

lump the two taxes together as a 4 per cent tax.

It's the latter provision that has most Pontiac merchants in a dither. They've been collecting the two taxes together as an adjusted 4 per cent tax.

★ ★ ★

The adjusted 4 per cent schedule followed here was distributed by the Pontiac Area Chamber of Commerce early last month.

It is identical to the schedule prepared by the MRA and is used all over the state, said Hirlinger.

"It is the only schedule that has been available to merchants—the state never prepared one for us," Hirlinger emphasized.

WASTED TIME, MONEY

"If the state has criticism, it should have come out with its own schedule in the first place."

It was foreseen that separate tax collections would result in wasted time and money, both for merchants and the state.

Sales personnel would probably have to consult two tax schedules and punch two cash register keys before ringing up a sale, it was believed.

★ ★ ★

Merchants would have to figure their two tax collections separately and turn them into the state under separate reports.

But the most expensive task would probably fall on the Department of Revenue, which would have to check twice as many tax returns as before.

George Richman, president of the Downtown Merchants Assn., was disturbed over this possibility.

"One of the selling points about adopting a use tax was that it wouldn't cost the state additional funds to administer it.

"Is it going to cost more money now? Isn't that defeating one of the big purposes in adopting this kind of new tax?"

Hirlinger regretted that the present pattern of tax collections is going to be upset.

★ ★ ★

"Success of a new tax depends upon public acceptance. Consumers are used to paying the 4 per cent rate now — they pay it and don't grumble. Now the state wants to upset the applecart."

Hirlinger called the adjusted 4 per cent schedule "equitable."

It's admitted that under it consumers pay more in taxes on purchases less than $1 than they would if the two taxes were levied separately.

But over $1, the buyer actually gets a small break.

The present tax schedule is described as adjustable because the penny brackets under $1 are arbitrary—they do not always reflect a charge of 4 per cent.

For instance, now you don't have to pay a penny tax until the purchase is 17 cents or higher. But actually, 4 per cent of 13 cents is .52 cent and merchants could begin charging the penny tax at this point.

Although the consumer gets a break here, the score is evened up later.

Under a strict 4 per cent schedule, you wouldn't have to pay three cents tax until you reached a purchase price of 63 cents.

But merchants are charging three cents tax on 52 cents. They charge four cents at 78 cents, but under a strict 4 per cent rate you wouldn't have to pay that much until you get to 88 cents.

Over $1, the tax schedule in use now is based on strict 4 per cent rates.

But now the state has declared the 4 per cent rate illegal. It says merchants must collect 3 per cent and then 1 per cent.

There'll be a difference and to explain it involves a lesson in fractions.

Because fractions are rounded off in tax collections, it works out that a one per cent tax and a three per cent tax added together do not always equal a straight four per cent tax.

Take a 49 cent purchase price, for instance. Four per cent of 49 cents is 1.96 cents, which is rounded off to 2 cents.

On the other hand, three per cent of 49 cents is 1.47 cents, which rounded off is only 1 cent.

And one per cent of 49 cents is only .49 cents, a fraction which is not collectable since it is less than half a cent.

Therefore the three per cent tax on 49 cents and the one per cent tax, added together, is only 1 cent, a penny less than you pay when the charge is a straight four per cent.

★ ★ ★

This peculiarity of fractions brings about differences at many points along the tax schedule. Sometimes you pay more under the four per cent scale, sometimes less.

Under the ajjusted four per cent scale you pay a penny more at 18 points below $1. You pay a penny less at two points.

Over $1 you pay a penny more at 16 points, but you would pay a penny less at only 15 points were the taxes collected separately.

Reason for the adjustment under $1 is largely because there would be no two cent tax under separate collections. The two taxes would amount to one cent under 50 cents and then suddenly would jump to three cents.

Polio Shots Available at Owens School

Today's your last chance to get polio shots during the fall polio clinic sponsored by the Pontiac PTA Council.

Today's clinic will be conducted from 1 to 5 p. m. and 6 to 8 p. m. at Owen School.

Mrs. William Anderson, co-director of the clinic said initial, second, third or booster shots are $1 apiece. She recommended shots for persons of all ages.

The clinic was held in other parts of the city Monday through Wednesday.

Yesterday, 915 persons received shots at the Bethune School.

U.S. Regulates Advertising Only

FTC Tells Radio, TV Men to Police Shows or Government Will

WASHINGTON (UPI)—Earl W. Kintner, chairman of the Federal Trade Commission (FTC), told the broadcasting industry today that if it cannot keep quiz shows honest, government "policing" will be necessary.

Kintner said that "as a believer in our capitalistic, competitive free enterprize system," he hoped the broadcasting and advertising industries "can keep radio and TV programs free of deceit and fraud" without tougher government regulation than now exists.

The FTC is responsible for seeing that advertising is not fraudulent and that products are not misrepresented to the pubic.

In a prepared speech, Kintner told the fall conference of the National Assn. of Broadcasters that its reputation "faces a serious threat . . . brought on by too much lip service to high principles and not enough diligence in enforcing compliance with them."

He said: "Only a trustful public brings value to an advertiser's dollar. Let any abuse of public confidence undermine this trust, and the broadcasting industry is hurt and hurt badly."

The FTC chairman restated his belief that his agency lacks authority to regulate any aspect of broadcasting other than advertising.

He took this position Monday in testifying before the House subcommittee which has been investigating charges that TV quiz programs were rigged.

Settlement on Steel Urged Before Sunday

(Continued From Page One)

said there are two main road blocks thwarting a settlement.

He said these are the work rule changes demanded by the industry—designed to promote operating economy—and the matter of wage and benefit increases for the strikers.

★ ★ ★

Taylor said he sympathized with the company position that neither the steel industry nor the country wanted a settlement that would touch off a new round of inflation.

'MAGIC FIGURE?'

But he said he questioned that the industry's limit of a 2 per cent increase for the workers was a "magic figure" or a necessarily correct measurement of what could be given that would be non-inflationary.

Taylor suggested, too, that while management must always seek operating economies, these cannot be accomplished without impact in human terms that, in turn, must somehow be softened.

Both sides, the panel chairman said, had room to compromise toward a settlement.

★ ★ ★

As to the inflation issue, Taylor remarked that a continuing steel strike also would promote some inflation through its impact on the federal budget, through lower tax yields, and in various other ways.

After the session McDonald was asked by newsmen whether his statement that he is in a mood to bargain means he is no longer refusing to compromise on the company-proposed work rule changes.

The union chief said this is open for discussion but—"Give up on it? No?"

★ ★ ★

He repeated what he has said before—that giving up to the company demand would be "over my dead body."

MORE HOPEFUL?

As to whether he considers the outlook even a whit more hopeful as a result of Taylor's picture of the issues and suggestions for what to do now, McDonald replied:

"I haven't the slightest idea. I won't know until we have had further collective bargaining."

The Day in Birmingham

Cowboy Hall of Fame Work of Local Architects

BIRMINGHAM — The National Cowboy Hall of Fame in Oklahoma City, designed by the Birmingham firm of Begrow & Brown, Architects, is scheduled for completion Aug. 1, 1960.

According to Harold J. Begrow of the firm, located at 28 Maywood Rd., the purpose of the museum is to create a shrine to commemorate the pioneers and the part they played in developing the United States.

The Birmingham firm was awarded the project as a result of winning a national competition. The associate architects are Sorey, Hill & Sorey of Oklahoma City.

Among some of the people honored in the museum, said Begrow, are Theodore Roosevelt, Jesse Chisholm, who blazed a trail across Oklahoma, Clarence Tinker of the Osage, who died for his country in the south seas, and Will Rogers, who used a slow drawl and keen observation to build a philosophy that is still chuckled over.

★ ★ ★

The five million dollar museum is a joint venture of 17 western states.

It was the dream of the late C. A. Reynolds of Kansas City. He originated the idea in 1947 and spent eight years selling it.

The design calls for one unified building encompassing three garden and pond courts which recall the ranch villa of the West.

The architects decided to use a gray glass of various intensities in the museum so that some areas might be completely translucent.

The Senior Men's Club of Birmingham will hear a talk on Hawaii by member Harry Reed which will be illustrated by slides when it meets tomorrow at Community House.

★ ★ ★

Topic for the club's discussion group will be "Space Flight — Should it be expanded?"

Since schools in the area will be closed tomorrow so that teachers may attend the Michigan Education Assn.'s meeting at Seaholm High School, Cranbrook Institute of Science has announced a special public demonstration in the Planetarium at 2:30 p.m.

The topic will be "The Moon, Our Nearest Neighbor."

Mightiest Antibiotic Is Found in Antarctica

WASHINGTON (UPI)—Scientists have discovered an antibiotic in Antarctica which is more powerful in attacking certain bacteria than any now used in the United States.

The Navy reported yesterday that the new agent, not yet named, was found in marine algae in antarctic waters.

The antibiotic was discovered by Dr. John Sieburth, a microbiologist at Virginia Polytechnic Institute, in a study of penguins and their food.

★ ★ ★

The penguins' stomachs were found to contain a "significantly reduced number of certain intestinal bacteria," and this was traced to marine algae contained in the shrimplike crustacean eaten by the birds.

Philosophy from comedian W. C. Fields: "It is never funny to break anything. It is only funny to bend things."

Rheumatic Fever Strikes 4 in County

The Oakland County Department of Health last week reported four cases of rheumatic fever within a 7-day period.

★ ★ ★

There were no cases reported the previous week, and none for a comparable period at this time last year.

★ ★ ★

Other communicable diseases reported last week were one case of polio as compared with three for the same time in 1958, and one case of measles against four in 1958.

To date this year, one death has resulted from polio in Oakland County (Ferndale).

Found in Clothing Shop

Gene Tierney a Sales Clerk

TOPEKA, Kan. (AP)— Movie actress Gene Tierney was discovered Wednesday working as a sales clerk in a Topeka women's clothing shop.

The 37-year-old actress, who is an outpatient at the Menninger Foundation, widely known psychiatric center here, refused to be interviewed, discuss her job or allow pictures to be taken.

★ ★ ★

"My doctor will not permit it nor will Menninger's allow it," she said.

"She applied for a job and she certainly knows clothes," said D. L. Talmage, her employer. Miss Tierney began clerking on a regular basis this week.

There was no announcement of her employment, but when someone like Miss Tierney is involved, the word gets around.

REPORTED HOUSE-HUNTING

Miss Tierney spent eight months as a patient in the Menninger Center last year and returned there early this year for additional treatment.

She left the center last month for a visit with her mother in Westport, Conn., before returning here to take the clerk job. She is reported to be house . hunting now.

Her pay on her new job? That is not a proper subject for discussion, said Talmage and his wife, co-owners of the shop.

★ ★ ★

They expressed concern over any publicity and the possible effect it might have on Miss Tierney continuing the program of treatment on an out-patient basis at Menninger's.

★ ★ ★

"She's doing beautifully," said Mrs. Talmage. "We just hope this doesn't do anything to upset her progress."

First Called Work-Cross

NEW YORK — The original American crossword puzzle, then called a work-cross, was published in the New York Sunday World in December 1913.

Need Assistance

WASHINGTON — Of all persons 65 years or older in the U.S., it is now estimated that at least 36 per cent have no income of their own to maintain them.

Canadians Lament Premium

Complain Dollar Is Too Strong

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—A dollar can be so strong as to be embarrassing too.

Americans who fret because some Europeans are wondering out loud if the U. S. dollar isn't weakening can take heart today in the word that many Canadians complain that the Canadian dollar is too strong.

It sells at a premium of more than five cents over the American dollar. And that, say our northern neighbors, is bad for business —their business.

And those Americans who have been alarmed lest the United States was pricing itself out of the world market may be comforted somewhat to hear that some Canadians complain that goods can be bought cheaper here than there and that, too, is bad for business —their business.

★ ★ ★

The American dollar situation arises because the total of what we pay foreigners for their products plus what we extend in the form of foreign aid and what we spend abroad on upkeep of military bases and the like—that total exceeds the amount we get for what we sell to other countries.

★ ★ ★

Hence, other lands have built up their reserves of gold—by buying it from us—and their dollar reserves by putting them in high interest bearing U. S. securities. This makes their currencies look much better than they did a few years back.

It hasn't really weakened the American dollar yet—despite the big outflow of our gold—but it hasn't strengthened it either, by a long shot.

The Canadian situation is a bit different. They still buy more from us than they sell us. This normally would make our dollar stronger than theirs. But in recent years, American dollars have been flowing into Canada in the form of investments, making the overall balance all in favor of the Canadian dollar, and thus putting it at a premium over the American one.

★ ★ ★

Still another reason for the Canadian dollar's premium status is advanced by speakers at the convention of the Canadian Exporters Assn.

They say the borrowing by Canadian provinces and municipalities in the United States is partly to blame.

The Canadian government agencies borrow American dollars which must then be changed into Canadian dollars for use at home. This increases the demand for Canadian dollars and helps keep them at a premium over American ones.

Someone Is Confused

WASHINGTON — New York has a town named Alabama, Pennsylvania has an Indiana, and Louisiana an Arkansas. There is a Texas in Kentucky as well as a Tennessee in the state of Illinois.

Policeman Unwatchful

Chan Yew Cheong, assistant police chief of Malaya, was recently in Vancouver, Canada, to study police methods. His wrist watch was stolen.

Steel Strike in U.S. to Close Canada GM

TORONTO (AP) — The United States Steel Strike may force General Motors, Canada's largest auto manufacturers, to stop production next month.

★ ★ ★

A spokesman at GM's Oshawa plant said Wednesday the company had enough steel to ensure continued production at least to early November, but a shutdown seemed inevitable, even if the strike ended tomorrow because stockpiles have been depleted.

It was impossible to forecast how long the plant would be out of production or how many of the 9,000 workers would be affected.

Ford Motor Co. is now checking its steel stocks and an official said the company would not know for a few days how long the plants could continue production.

★ ★ ★

"We will certainly be able to continue into November, but we cannot say yet how far into November," he added.

Ford has about 8,000 hourly-paid workers at its Oakville and Windsor plants.

It Really Is Sensitive

BALTIMORE — The human eye is said to be 30,000 times more sensitive to dim light than is the thermopile, a sensitive physical instrument.

Democrat Wins Prize at Utah GOP Picnic

SALT LAKE CITY (AP)—A Democrat won the door prize at the annual picnic of Utah Republicans.

Salt Lake County Democratic official Otto R. Maas was given the GOP outing tickets by one of his employes. Maas' wife dropped them in a box as the couple walked past the picnic site on their way to another picnic at a nearby resort.

★ ★ ★

Said Maas, after delivery of the $250 phonograph:

"It just goes to show what a good Democrat can do against a bunch of Republicans."

Girl's Scalp Is Removed in a Combine Accident

SALT LAKE CITY (AP)—Ears, eyelids, eyebrows and scalp stripped away, a 12-year-old farm girl depends for her future on a fight by doctors to restore, as they see it, the handiwork of God.

Christine Hayes of Blackfoot, Idaho, was mutilated when a potato combine seized her swinging pony tail during harvest work Monday.

A Blackfoot doctor kept her alive and, after telephoned instructions from Latter-Day Saints Hospital here, preserved the ripped-off skin in a gallon of salt solution.

Christine and her scalp were flown to the hospital. In a 6½-hour operation, the ears, upper and lower right eyelids and eyebrows were removed from the scalp and attached to her abdomen.

★ ★ ★

Doctors hope the rich abdominal blood will nourish them until they can be grafted back in place.

In addition, skin from the abdomen was grafted to her face and neck during the long operation.

★ ★ ★

The combine stripped Christine's head to the bone. Before the scalp can be restored, hospital officials said, the plastic surgeon will have to peel away a thin section of skull so that the skin will have a surface to which it can adhere.

★ ★ ★

Hospital administrator Clarence E. Wonnacott, releasing details of the operation, said: "The surgeon took a gamble that it might possibly work. In the total reconstruction of the girl's face, it could be a marvelous accomplishment because no one can make an ear like God."

Wrote Two Hymns

Will Thompson, music composer of East Liverpool, Ohio, wrote both "Softly, Tenderly Jesus Is Coming," and "There's a Great Day Coming."

It May Keep You Young

Get a Hurdy-Gurdy, Gertie

DALLAS, Tex. (AP) — R. E. Swain says the way to keep from getting old is to buy a hurdy-gurdy and a monkey and go into the organ-grinding business.

★ ★ ★

"I'm 66 years young and I hope to do this all the rest of my years," Swain said.

He reached down and petted his monkey, then watched as she took coins from children on the crowded midway at the State Fair of Texas.

"This is my hobby. I like to work with kids. I like to see them laugh and have a big time.

"Of course, those older folks get just as much fun out of this as the kids do."

Swain, of Lubbock, Tex., said he mostly worked the big fairs and shopping centers around the country. His wife travels with him.

"It's a good life," he mused. "We travel in a house trailer, get to see the country, have a lot of fun."

★ ★ ★

Swain said he retired from the chicken business six years ago.

Industry sources expect three and a quarter million power mowers to be purchased in the U. S. this year.

Adult Education Classes Monday at Avondale

Final registration and the first meeting of classes in adult education at Avondale High School will be held from 7 to 9 p.m. Monday at the high school, according to Claude Wiseman, program coordinator.

★ ★ ★

Among the courses to be offered will be typing, shorthand, beginning and advanced cake decorating and driver eduation.

Others which will be included if total registration reaches 15 are arts and crafts, French, Spanish and vocal music.

★ ★ ★

Every class, which lasts for ten weeks, costs $5.00 except driver education for which a $20 fee is charged.

Chessman's Attorneys Making 'Final' Effort

SACRAMENTO, Calif. (AP)—Attorneys for Caryl Chessman begin today what may be a final fight for his life in a clemency hearing before Gov. Edmund Brown.

The 38-year-old convict-author, who has staved off execution for 11½ years, is due to die in San Quentin Prison's gas chamber a week from Friday for two kidnap offenses.

If the governor should decide to commute the death sentence, it would still require the majority approval of the California Supreme Court.

Chessman was convicted in Los Angeles in 1948 on 17 counts of kidnap, with bodily harm; attempted rape, robbery and sexual perversion. He was condemned for kidnaping with bodily harm.

His attorneys pinned their hopes on the question whether the kidnap charges actually constituted a capital offense. They have emphasized he did not kill anyone.

One of Chessman's sex victims and the mother of another, who is now in a state hospital, both wrote the governor urging him to let Chessman die.

The heavy mail stirred up by the case also brought pleas to commute the sentence to life imprisonment.

American Newspapers Play Important Role

National Newspaper Week opens today with the theme, "Your Newspaper—Freedom's Textbook."

★ ★ ★

Newspaper Week is celebrated annually by newspaper men and women throughout the nation to call the public's attention to the value of a free press to a free nation.

Your newspaper is more than just a news source. Along with regular news stories, editorials, features, cartoons and comics, we serve you as encyclopedia for all sorts of city, state, national and world facts. Our chronological records are available for your use.

★ ★ ★

The American Press plays a vital role in your daily life. We are the people's watchdog. We act as a public mirror reflecting what goes on. Don't take it for granted. Your newspapers are your living textbooks of current affairs affecting your way of life.

This week marks the twentieth annual observance of National Newspaper Week. It celebrates the importance of a free American press. Keeping you informed is a tradition vigorously upheld by your newspaper.

★ ★ ★

We in the industry are proud of our jobs.

Reds' Taxless Society Gives No Tax Relief

In Premier KHRUSHCHEV's parting speech he indicated that before long the Russian people would be freed of all income tax. How this is to be done is an interesting study of the methods used to deceive them.

★ ★ ★

At the present time their income tax nets less than 8 per cent of the total revenue of the budget. This fact has been used as propaganda to show how small is the income tax on the people as opposed to the huge excise taxes collected from the economy.

However, there is a "tax on turnover" involving the sale of consumer goods. When this was first tried in 1931, it was so successful that tax receipts doubled from 6 to 12 billion rubles. The government then began increasing the levy on one commodity after another.

★ ★ ★

This tax raises the price on consumer goods on an average of 100 per cent over actual price, says a U.S. Information Agency publication. By absorbing the people's purchasing power at this rate the turnover tax acts as a brake on consumption and enables the Soviet government to invest in capital goods and armaments industries without inflationary pressures.

★ ★ ★

The system has worked very well for the Soviets and what Mr. Khrushchev proposes to do is to add the small percentage of the budget now derived from direct income taxes to the turnover tax and call it "abolition of all taxes."

This is the "taxless society."

Pakistan Establishes Orderly Land Reform

Pakistan is to be congratulated that its long awaited land reform is being put into operation. There is no seizure of property without compensation and no landlord arrests.

★ ★ ★

The main target is to get at least 100,000 farm families on their own lands and to do away with the problem of absentee landlordism. Land holdings of more than 500 acres for irrigated land and 1,000 acres for unirrigated are now illegal.

The government takes any acreage over these holdings and pays the owners in interest bearing government bonds. This land in turn is sold to farmer tenants at a reasonable price and on easy terms. Both sides are treated fairly.

★ ★ ★

The reform has been orderly and follows the pattern established so effectively in the Philippines and Formosa. It is in sharp contrast to the brutal methods used in Communist countries where hate campaigns take the place of co-operation.

"COURTS in Bulgaria have been imposing death sentences for embezzling."—Press report. Over here a person may embezzle without running any great risk of severe punishment, but he's given the works if he steals—unless, of course, he's a public official.

The Man About Town

Beating Nature

Local Attempts Have Not Always Been Successful

Auto: What if all in the world were placed end to end some fool would try to pass them.

Endeavoring to emulate the experts who took the crook out of the crooked neck squash,

Paul Standfield

of Waterford admits that he wasn't so successful. Last year he drove some stakes around his young squash, forcing them to grow straight. Last spring he planted some seeds from them — and they produced crooked neck squash.

Just as a pure experiment,

Randall Franton

of Rochester fertilized every second row of his corn, and proved beyond any vestige of doubt that fertilization pays.

On every hot day last summer

Eugene Redison

of Birmingham placed a parasol over one of his tomato vines, but its production was retarded rather than enhanced.

When he grafted a pear twig on the limb of an apple tree a few years ago,

George Badgero

of Keego Harbor expected it would bear both fruits. But this year it bore no fruit, although both apple and pear limbs had plenty of blossoms.

Seeking to produce a new kind of cat by cross breeding,

Mrs. Lillian Delbridge

of Lake Orion has a litter of five pussies that defy all efforts at taming.

The black family cat of

Mr. and Mrs. J. C. Hottman

of 57 Short St., has a litter of five white kittens.

A monster in the mushroom family was found by

Mrs. Allan B. Moon

of 2940 Sunderland St. in the shape of a puff ball that weighs over five pounds.

For the coming week

The Old Farmer's Almanac

predicts: "High winds and storms make all of us gorms." In response to several inquiries, I find that the 1959 edition of this almanac is exhausted.

Word comes to me directly from Clerk

George G. Dunn

of Genesee County that his price on marriage licenses has again been reduced from $2.50 to an even $2.00, the Oakland County price, which shows what competition will do.

Members of the Allemanders' Square Dance Club send word that

Mr. and Mrs. Sam Joan

again will call for them during the season just opening. The Joans were among the pioneers to restore old fashioned dancing to our calendar.

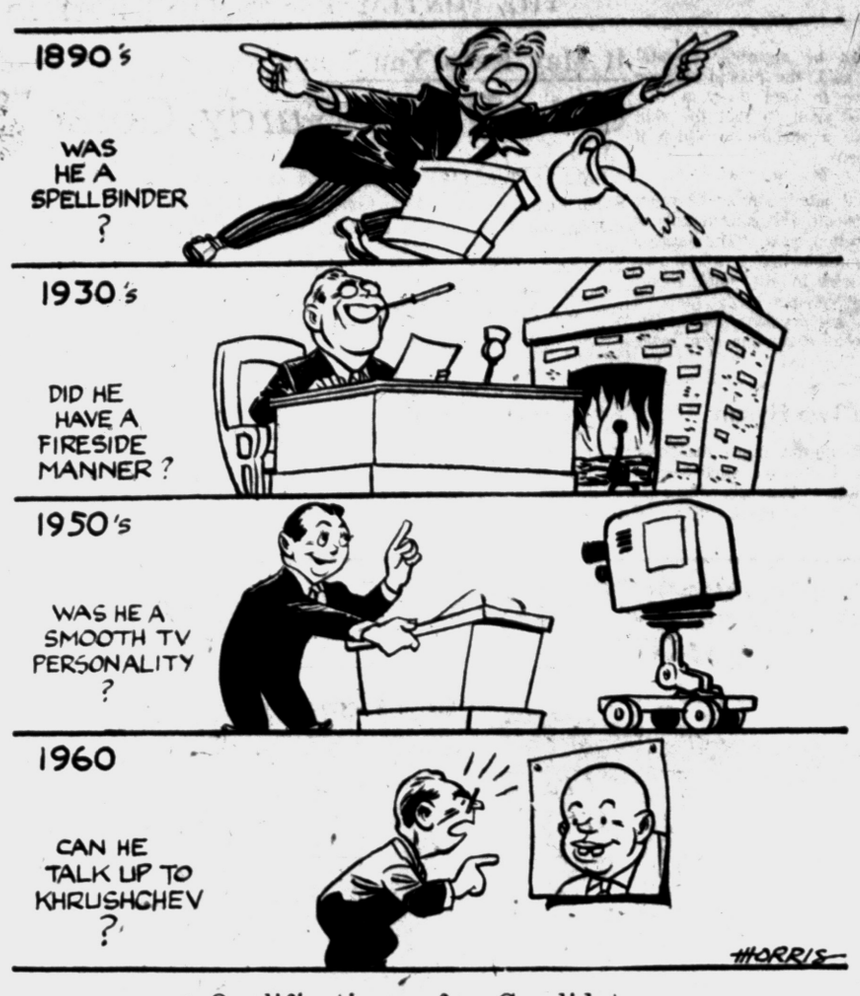

Verbal Orchids to–

Mr. and Mrs. Arthur F. Winters of 42 Washington St.; 55th wedding anniversary.

Mr. and Mrs. James B. Leach of 27 North Sanford St.; 53rd wedding anniversary.

Mr. and Mrs. William Teak of Oxford; 54th wedding anniversary.

Mrs. Anna Reasoner of Waterford; 84th birthday.

Qualifications of a Candidate

David Lawrence Says:

Conditions Block Steel Settlement

WASHINGTON — A tragedy in American economic life is unfolding before the country. Two big and powerful economic forces have come to grips in the steel strike, and all the influences of reason and self-restraint have thus far not been able to produce a settlement—primarily because there is no effective communication between the two sides.

LAWRENCE

The federal government has stepped in to attempt to bring about some form of communication—some discussion that is concrete and tangible and is devoid of the sparring or fencing that so often characterizes the collective bargaining process. The next three days will tell whether this latest move is successful.

For if what has just happened is a sample of what the American people are up against in the battle of big unionism versus big business, then indeed a grave situation confronts the nation that can inflict incalculable damage on innocent bystanders.

The fact-finding board appointed by President Eisenhower, under the chairmanship of Dr. George W. Taylor of the University of Pennsylvania, an experienced arbitrator in labor disputes, has found already one depressing fact—neither side is really willing to negotiate unless certain conditions are met first.

★ ★ ★

Management, according to Dr. Taylor, has been unwilling to negotiate on any wage demand that would raise steel production costs by more than two per cent. Labor has been adamant in demanding that there should be no change in contract provisions regarding "work rules."

This is the basis of the deadlock that has persisted all through this strike. In other years the employers have usually surrendered. This has caused labor union leaders to assume that, if they hold out long enough now, there will be another surrender.

But this time it is apparent the steel companies can't surrender because they know they don't dare risk raising steel prices, especially in the face of foreign competition.

They also know that, if the steel settlement sets in motion a general raise in wages and prices in other industries, the net result will be to boost the costs of the materials and other products bought by the steel companies.

STRIKE COSTLY

The steelworkers union is in a weaker position than usual because the strike has been a costly one to their members and also, as it looks now, the 80-day injunction under the Taft-Hartley Act will be invoked.

It's all well enough for the union leaders to say they'll strike again at the end of the 80-day period, but they don't really mean it. For the end of the 80 days will come in midwinter and also at a time when Congress will be in session, and the result may be the enactment of legislation along the lines of compulsory arbitration which the union does not wish to see passed.

But why can't an agreement be negotiated by reasonable men? Dr. Taylor, at the board's hearing, demanded of the labor chief, David McDonald, to reveal whether the union's position on wages was "negotiable." When he answered "yes," the employer representative, R. Conrad Cooper, said:

"We have come all this way for Mr. McDonald to say his wage demands are negotiable. It has not been so in the meetings we have had."

Strictly speaking, the union can say now it has been willing to "negotiate" and be consistent with what it has said before, but there has always been attached an additional condition that "work rules" must not be touched.

Each side has been insisting on "preconditions." This means that an offer is conditioned on a concession in another category of demands.

(Copyright 1959)

Dr. William Brady Says:

Hospitals Should Allow Family Access to Patient

A pastor who has had considerable experience with hospitals in three widely separated communities makes some observations which should interest doctors, patients and hospital managers alike.

In one community a member of the family could be present during operations or in the delivery room. In another community this was not permitted. In the first community the members of the family were much better satisfied than they were in the other community. Even when tragedy occurred, the family members were the best witnesses to the hard work and devotion of doctors and nurses.

DR. BRADY

Nothing makes people more suspicious of politicians or a political party than to hear of a smoke-filled room where decisions are made.

The general feeling is growing that hospital regulations are made primarily to exclude members of the family.

Husbands who are excluded from the delivery room, if not from the labor room, in compliance with a hospital "regulation" or, believe it or not, in compliance with a nonexistent law or health board order, ask, with what in my opinion is unanswerable logic: "If doctors who come in contact with disease in their everyday work can enter the delivery room without risk of infecting the woman in labor, why can't her husband, masked, gowned and gloved, sit at her side and hold her hand?"

★ ★ ★

One hospital with hard-boiled "regulations" excluded the mother of a sick child when the mother sought to visit the child out of the arbitrarily limited "visiting hours." "If my daughter were in the county jail," she complained, "I would have visiting privileges, but not at the hospital."

Of course there must be some restrictions on the times and the number of visitors, lest nurses and other attendants be unable to take proper care of patients. And the mental condition of some patients is disturbed by visitors. On the other hand BRIEF visits by old friends are good medicine for patients who are inclined to mope.

There is a growing feeling, which I think is justified, that hospitals should not be run for the convenience of doctors but for the welfare and comfort of patients and patients' families.

Some pastors, discussing the question in a church assembly, declared that they would never again support a financial drive for a hospital unless with the understanding that citizens should be elected members of the hospital board, as citizens are elected members of the school board — to have some say in the rules and regulations set up for the hospital.

I'm afraid hospitals in general are like doctors in their reluctance to recognize and accept or adopt new methods. For instance you will find the nursery for the newborn is still a feature of some hospitals, although the dangerous practice of crowding newborn infants close together in the show window is no longer countenanced by good hospitals. It has proved fatal to too many infants.

★ ★ ★

Signed letters not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

(Copyright 1959)

The Country Parson

"I'd rather see a boy big enough to forgive others than big enough to whip them."

Voice of the People

J. Edgar Hoover Writes to Express Appreciation

Many thanks for the editorial on juvenile delinquency which appeared in your fine newspaper. It was very kind of you to comment so generously concerning my leadership of the FBI. My associates and I are again indebted for your expressions of confidence, and I want to assure you we shall always endeavor to merit your support.

As you know, I have never minced words when the welfare of our people is at stake. It has long been my firm conviction that the mounting rise in juvenile crime must be met head-on, and that vicious, youthful criminals must be treated as such. It is most reassuring to know that you share my views in this regard.

J. Edgar Hoover

'What About Us on Fixed Income?'

If the Government and the steel manufacturers allow a wage increase and add another step to inflation, those on fixed incomes are just about doomed. If the unions are going to fight for steady inflation, they better do something about those of us that can't get our incomes raised. We are the real sufferers.

Sixty-Eight and Worried

'President's Action Is Blot on Nation'

It's a blot on the record of this wonderful land of freedom when the Chief Executive resorts to an anti-labor law to force free men to return to work under conditions which they deemed so intolerable they're now willing to suffer the many hardships that result from a long strike.

The solution to the steel strike does not lie in Taft-Harley or any other set of man made laws, nor do I pretend to know the solution. But I humbly submit that if both opponents in any dispute, social, economic or legal, would adjust their position in conformity with the moral law that recognizes the brotherhood of man as a basic precept, such disputes would be quickly resolved.

George L. Conibear Jr.

The worker just can't win. Even Mr. Eisenhower is against him. He's become the biggest strike breaker in the country.

★ ★ ★

Big steel has, through automation, discovered they can produce enough steel in 10 months to do industry 12 months. So they provoke a strike. During the 80 days of the strike all Eisenhower has done is hinted. Why didn't he do something in the beginning and stop the suffering among the wives and children of steel workers? Some lost their homes and had cars repossessed. I'm sure they've suffered many ways.

★ ★ ★

But Eisenhower waits until Industry feels the pinch. He must be the first President since Hoover that takes his hat off when he walks in Wall Street. Everyone that makes his livelihood through efforts of labor should remember this when he goes to the polls again.

Patrick Thomas

'Halloween Change Means Confusion'

It was a pretty goofy idea to change Halloween. Confusion now reigns supreme. What do the Townships do now? Maybe we can send our kids to Pontiac to beg on Friday night and let them trick or treat in our own neighborhoods on Saturday night, then open a candy store.

Waterford Resident

Victim of Unionism Decries Abuses

I'm getting old, but one thing I'd like to live long enough to see is Reuther, Meany, Hoffa, McDonald and all the rest behind bars for good. Men like these who have the authority to take milk and food out of children's mouths and cause people to lose homes and cars for a lousy two or three dollars a week, in my estimation, are trying to take over the Government.

★ ★ ★

To top it all off, Socialist Democrats Kennedy, Symington and Humphrey are going to speak before their convention and egg them on. These so-called saviours of the laboring people are striking right at the heart of our Constitution. They know we can't touch them. There is not a labor law made they can't bust. They're already changing the Constitution to conform to this new law.

★ ★ ★

The Landrum - Griffin bill isn't worth the paper it's written on. If you think I'm wrong, just read it. It would take thousands of personnel to police it and if it were so iron clad, so many Socialist Democrats wouldn't have voted for it.

Victim

'Canadian Show Muddled Our Cars'

We were all very disappointed in the GM of Canada show Tuesday night. The photography was so poor or the sending was, and the new, 1960 Pontiacs did not show off well at all. And also the play didn't deserve any better photograph than it got. But Pontiac deserves a re-run with a good show and a good camera that makes the cars look fine even if the next play isn't any better than this one.

Case Records of a Psychologist:

Straying Hubby Partly Wife's Fault

As a doctor, I give you a chance to look over my shoulder at patients and actually hear their uncensored reports, so listen to Howard's brutally frank confession. His wife thinks he is 100 per cent guilty of this "affair" but a wife's sins of omission often make her at least 50 per cent to blame for a straying husband. Scrapbook this case and discuss it at your Women's Clubs.

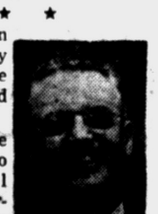

By GEORGE W. CRANE

CASE C — 470: Howard H., aged 42, has kicked over the traces.

"Dr. Crane," his worried wife began. "I can't understand what is wrong with him.

★ ★ ★

"We have been the most happily married couple anybody could imagine.

DR. CRANE

"Why, people often pointed to us as a model couple. And Howard has been very active in club work as well as our church.

"But now I find that he has been running around with a girl about half his age.

"Oh, Dr. Crane, what can I do?" and she began to cry.

FIGHT FIRE WITH FIRE

So I gave her the usual terse advice in such cases, namely, that such men generally admit they would much rather have an "affair" with their wife than with any temporary paramour.

"But my wife fails to pick up her cues," such a husband will report. And that was exactly the case here, for I later had an interview with Howard.

"My wife is fat and matronly," he said. "I had noticed that our love life had grown platonic, so I decided we ought to revive some of our courtship memories, as you have urged in your column, Dr. Crane.

★ ★ ★

"Consequently, I took her to dinner and a movie on our last wedding anniversary.

"She seemed elated and I felt maybe we'd solve our problem. But that night when she finally peeled off her girdle and I saw those rolls of fat tumble down, I suddenly felt nauseated.

"It is hard to explain, but all my romantic feelings vanished in an instant.

★ ★ ★

"Maybe it is due to the fact I grew up on the farm when I was a boy.

"There we used to fatten hogs for market till they could hardly walk. Their jowls hung down and their bellies almost dragged on the ground because of the corn and swill they had devoured.

"Be that as it may, my wife suddenly reminded me of one of those fat hogs so I not only felt a complete loss of all my romantic feelings but actually had a feeling of nausea.

"To avoid offending her, I tried to say nothing and in order to protect her vanity; I fabricated a bad headache, which I told her I got at the movie.

"But from that day to this, I have felt cold and aloof regarding my wife.

"I'd like to regain my old affection for her, but how? I'd much rather have an affair with her than with this paramour."

ROMANCE REVIVED

Romance can be built up deliberately. And even if it is then destroyed by a wife's sins of omission or sins of commission, it can still be rebuilt.

But you wives must play the game of love according to psychological Hoyle.

That means you must fight fire with fire. And you can't very well beat a younger girl who

weighs 118 or even 125, with your fat chassis of 158 to 200 lbs.

Remember, you can't feel like a sports roadster with a chassis of a truck.

So regain that youthful figure by sending for a booklet "How to Lose 10 Lbs. in 10 Days," enclosing a stamped return envelope, plus 20 cents (non-profit).

See tomorrow's follow-up for the finale on Howard's case.

★ ★ ★

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Venezuela President Betancourt's Rule Menaced by Revolutionary Rumblings

By PHIL NEWSOM
UPI Foreign Editor

Venezuelan President Romulo Betancourt, a veteran revolutionary, today finds himself threatened by a revolution against his own eight-months-old regime.

Official statements blame the new wave of violence sweeping the Venezuelan capital of Caracas upon ousted one-time dictator President Marcos Perez Jimenez and his supporters and upon Dominican dictator Leonidas Rafael Trujillo Molinas.

There is no doubt that either Perez Jimenez or Trujillo would be most happy to see Betancourt's government fall, and it well may be that Betancourt's days in office are numbered.

But so far the wave of unrest sweeping Caracas and the oil city of Maracaibo seems unorganized. It appears to be the result of Venezuela's own lopsided economy rather than the efforts of Betancourt's political enemies.

Of the 10 republics on the South American continent, Venezuela is the richest. Its oil revenues alone total more than half a billion dollars annually.

★ ★ ★

But for most of the past 50 years it has lived in a political vacuum, under dictatorships which recognized neither political parties nor civil liberties.

A magnificent new highway winds its way up from the Caribbean port of La Guaira to Caracas. In Caracas is the beautiful officers' club, the university and the university hospital. These are evidences of Venezuela's wealth.

But they take no account of the fact that of Venezuela's total population of a little more than six million, some three and a half million barely eke out an existence.

Also not taken into account is the 65 per cent illiteracy rate among the people, the 170,000 unemployed, the 600,000 children without classroom space.

Nor do the outward evidences of Venezuela's wealth take into account the fact that its economic imbalance has provided a perfect entry for the Communists whose numbers jumped from around 6,000 a few years ago to more than 80,000 today.

★ ★ ★

It was into this situation that Betancourt stepped some eight months ago, after one of Venezuela's rare free elections.

Betancourt, politically left, announced immediately that Communists would have no part in his government. He made equally clear they were not welcome at the presidential palace.

But his Democratic Action Party, with Labor as its backbone, contains admitted Communists, many of them in the oil fields.

In 1945, it was Betancourt, at a previous time in power, who reached the 50-50 split agreement with the oil companies which now is a standard the world over. This time, through a new tax plan, he made it 60-40 in favor of the government.

★ ★ ★

At the same time, he annouced an ambitious program designed to spread Venezuela's wealth. In the latter, he has not been outstandingly successful, and he does not have the entire support of the army. That's why his days may be numbered.

Radiation Hazard Is Found Over Pole

BERKELEY, Calif. (AP) — another potentially deadly radiation hazard for space travelers was reported today by researchers who sampled the upper air of the arctic region with instrument-carrying balloons.

During periods of solar flares the investigators found that the top of the earth's atmosphere near the polar region was showered with stupendous bursts of cosmic rays.

This radiation was 10,000 to 100,000 times above normal, said Dr. Robert A. Brown, physicist, and Ray D'Army, graduate student, of the University of California.

Discussing Date of Summit Talks

Likely to Be Preceded by Washington Parley of Western Leaders

WASHINGTON (AP)—U. S. officials said today it will be 10 days or two weeks before the Western powers work out an agreement on the timing of a summit conference with Russia.

One tentative date used here is Dec. 7, but authorities are by no means certain summit preparations can be completed by that time.

The preliminary meetings probably will center around a parley in Washington of Western leaders — President Eisenhower, British Prime Minister Harold Macmillan, French President Charles de Gaulle and West German Chancellor Konrad Adenauer.

Adenauer came out yesterday for a Western summit meeting when he met with newsmen at Bonn. In Washington, top diplomatic officials privately supported the idea which, in fact, has been under discussion among Western capitals for several days.

★ ★ ★

Eisenhower and Secretary of State Christian A. Herter decided last week, following Macmillan's re-election in Britain, that they would prefer to have the summit meeting with Khrushchev before the end of the year.

They also decided that if there were compelling reasons for delay they could wait until next year.

If the session cannot be started by early December, however, the chances are it will have to go over to February or even March.

Demands on his time during January and early February in connection with the 1960 congressional session would prevent Eisenhower's leaving Washington in the first weeks of the new year, officials said.

'No Proof' Acquittal Asked in Death Trial

CHELSEA, Vt. (AP) — Robert Ozro Welch today seeks a directed verdict of acquittal on ground no proof has been offered that he was involved in what the state contends was the vigilante slaying of prosperous dairy farmer Orville A. Gibson, 47, of Newbury.

The defense motion will be argued today before Judge Natt L. Divoll Jr. with the Orange County jury excluded.

Atty. Gen. Frederick M. Reed suddenly rested the state's case Wednesday after getting in evidence of two key witnesses against Welch, 46-year-old Newbury grade school janitor.

The longest non-technical word in the English vocabulary is generally acknowledged to be antidisestablishmentarianism.

Seaway Spurs Progress

Cleveland, 63, Girding for Boom

CLEVELAND (UPI)—Cleveland is 63 years old. Like most ladies that age, she needs a face lift. It's underway.

With the opening of the St. Lawrence Seaway this year, Cleveland, seventh largest city in the nation, became a world port. Her citizens are looking forward to a boom and they want to be ready for it.

The problem of revitalizing the city is being attacked on three fronts — slum clearance, private and other facilities, and through a master plan for downtown development.

The City Plan Commission recently unveiled a blueprint for a "Dream Downtown," which would take about $750 million to translate into reality in the form of public and private improvements.

Commission Chairman Ernest Bohn has pledged that a campaign to move from dream to reality will be launched this year.

The blueprints call for a revamping of the downtown area to give the city a dramatic new face and revitalize an area now threatened by decentralization, a problem of most major cities.

★ ★ ★

Construction of eight skyscraper office buildings, downtown apartments with a total of 6,500 suites, two new downtown hotels and a motel row are called for by the planners — if Cleveland is to keep pace with the times.

PROJECTS SET

The public square would be revised to present a new bold look of terraces and levels. The antique Soldiers and Sailors Monument would be shifted to another location and the northern half of the square converted into a sunken garden for use as a recreational spot and for public events.

A subway, long talked about but never dug, would be constructed along Euclid Ave., the city's major artery eastward from the center of the city. The bars and bright lights of famed Short Vincent St., the habitat of the "town characters," would be replaced by tree-lined lawns and a promenade of "unusual shops and places of entertainment."

Those are the plans for the future — plans to meet the needs of a city growing at a pace slightly faster than the rest of the nation and whose metropolitan area population is expected to swell to about 2,300,000 by 1975.

★ ★ ★

In the forefront of realization of a new Cleveland is the construction of new buildings by private developers and urban renewal work on a massive scale.

Two new skyscraper office buildings have been added to the city's skyline in the past two years. The $15 million, 21-story, glass and metal East Ohio building was opened last September. The $15 million, 25-story Illuminating building was added to the skyline in February, 1958.

The onset of a building boom in the downtown received added support when the Cleveland Press chose a lakefront site at E. Ninth St. and Lakeside Ave., for its new $10 million building — which was dedicated in early June.

Tishman Realty & Construction Co., of New York, builders of the East Ohio building, said that surveys have been taken for a second building if the first is as successful as hoped. There is little doubt of that success.

One of the city's most pressing needs, a new downtown hotel, may be built on the Mall, a downtown park, within the next two years. Hilton Hotels Corp., is prepared to construct a 26-story, $20 million hotel on the site.

City Council has approved a lease of the site, but a hurdle in the form of a referendum demanded by Republican mayoralty candidate Tom Ireland still must be cleared in November.

Urban renewal needs of the city are pegged by Mayor Anthony Celebrezze at $300 million during the next 10 years. The critical areas are on the east side of the city where the Negro population, fastest growing segment of the population, is bursting the seams of available housing.

★ ★ ★

A seven-block square area, once filled with slum tenements, today is the site of the Longwood Housing project composed of 836 dwelling units in the area bounded by E. 33rd and E. 40th Sts., Scovill and Woodland Avenues.

UNIQUE PLAN

A second project, in Garden Valley, is unique in the nation because it includes all phases of urban renewal — land reclamation, slum clearance, new private and public housing, rehabilitation of older homes, schools, institutions, recreation and parks. The 247 acre area fronting on E. 79th St. south of Kinsman Rd., now is occupied by 732 public and 484 dwelling units.

Mr. Graham!!! Only a Towel Talking to Ike?

RICHMOND, Va. (UPI)—How do you dress if the President of the United States comes calling? Wear what you have on, evangelist Billy Graham advises.

In his case, it was a bath towel.

Graham said he played golf Monday with Vice President Richard M. Nixon. President Eisenhower finished behind them.

"I was in the shower when someone brought word the President wanted to see me," Graham said. "So I went out with a towel tied around me to talk to him."

Drop Was Minor

NEW YORK — Heart disease deaths in the U.S. showed a slight drop in recent years, from 169 victims per 100,000 in 1931-35, to about 163 per 100,000 in 1951-54, according to insurance studies.

Makes Great Target

The male mallard, one of the most numerous of game birds, has a bright green head and a purple mark on the wings.

Public Aid Cases Higher in August

WASHINGTON (UPI)—The number and cost of general public aid cases in the nation increased during August to reverse a four-month downward trend. A social security spokesman said the upturn was believed partly attributable to the steel strike.

The states reported 380,000 general assistance cases — as distinguished from those in such programs as old age aid — during August at a cost of $25,711,000. The July totals were 370,000 cases and $24,673,000.

Records were set in both the number of cases and cost last winter. There were 480,000 cases listed in both February and March. The cost hit a peak of $33,203,000 in March and was $32,557,000 in February.

General assistance benefits are financed solely by the states, counties and cities but monthly reports on activity are voluntarily filed with the Social Security Administration.

Cypriots Will Elect President on Dec. 13

NICOSIA, Cyprus (UPI)—Cypriots will elect a president and a vice president for the new independent republic of Cyprus on Dec. 13, Gov. Gen. Sir Hugh Foot has announced.

★ ★ ★

Elections for the house of representatives and two communal chambers will be held later. Cyprus will become independent next Feb. 19.

A SAGINAW MAN — Dalian Louis Steding, center, 32, American physiotherapist at Saginaw, Mich., Veterans Hospital, clasps his hands as he is ordained in Penang, Malaya as a Buddhist novice monk. Helping him with his robe is his spiritual godfather, the Rev. Hui Cheng, chief priest of the Penang Buddhist Assn. Looking on at right is the venerable Abbot Sumangalo, religious adviser to the group. Steding is now back in Saginaw to resume his work but will continue his Buddhist connections with the Chicago Buddhist Assn.

Call Apartment Dwelling the New Cave Life

TOKYO (UPI) — The Japanese are having some serious second thoughts about the merits of apartment house living.

One newspaper calls it "The New Cave Life." Another refers to "The Evils of Collective Residence."

A conservative politician complains that apartment houses are breeding Socialist and Communist voters. Socialist politicians complain that the rents are too high for ordinary workers.

A team of researchers warns that apartments are creating a "keep-up-with-the-Joneses" mentality.

Despite the grumbling, however, apartments have come to Japan to stay. Land is so scarce and people so profuse that the multiple dwelling is the only way to get everybody under a roof.

★ ★ ★

These apartments are far from luxurious. Rent runs anywhere from $6 a month to about $35 for two small (generally six feet by twelve feet each), unheated rooms.

Most private builders, however, go to the other extreme—in price, but not so much in size. Owners of the gleaming new luxury apartment buildings that have gone up in Tokyo in the last few years demand $35 to $75 per room — and get it. The rooms often are box-sized, but they are centrally heated.

Most of the complaints today are aimed at the low-rental apartments built by the Japan Housing Corporation.

"Clusters of these apartment buildings are really monstrosities on a grand scale," said the nationally-circulated newspaper Asahi.

The buildings, a dull grey or yellow in color, are designed in a uniform, rectangular shape. They stand in orderly rows, set in gravel or mud and only rarely brightened by grass or flowers.

★ ★ ★

"The building companies that put up the apartments did a very shoddy job," the Asahi said.

"Rain leaks in, the air is damp because the cement is not completely dry, there is no privacy, voices can be heard from the next room and the flushing of a toilet resounds all over the building."

The politicians also have complaints. One Liberal-Democratic member of the Lower House said at a committee meeting that the apartment house environment creates "those men who blindly support the Communist or Socialist Parties."

A research team from Tokyo Women's University surveyed the residents of two Tokyo apartment developments and came up with these disturbing findings:

★ ★ ★

The children develop acute feelings of loneliness and nervousness. They mature too young. They get little physical exercise. Their parents try to keep up with the neighbors or, if possible, to outdo them in furnishings and appliances. The parents even carry their competition as far as their children's school grades.

"The tenants now are living in three-dimensional holes," said the Asahi.

Plays Dual Role After Operation

MILWAUKEE (AP) — Like they say, the doctor isn't supposed to get sick.

Dr. E. J. Banach underwent minor surgery at Lakeview Hospital.

At 4:30 the following morning he got out of bed to superintend the delivery of a baby to one of his patients. At 6:30, resuming the role of a patient, he went back to bed.

Foxy Little Critters

Deaths in Pontiac and Nearby Areas

MRS. THEODORA L. BRIGGS

Service for Mrs. Theodora L. Briggs, 49, of 73½ Stout St. will be held at 3 p.m. Friday at the Donelson-Johns Funeral Home with burial in Perry Mount Park Cemetery.

Mrs. Briggs was a registered nurse.

She leaves three sons, David A. of Drayton Plains, James and Daniel, both serving in the Navy; four brothers and three sisters.

Mrs. Briggs died Tuesday at home.

EDWARD J. FRAUMANN

Edward J. Fraumann, 74, a former resident of Pontiac, died Wednesday in Beaumont Hospital. He had been ill two weeks.

A retired Pontiac Motor Division employe, he leaves his wife, Lily; a daughter, Mrs. Allegra Ralis of Hastings on the Hudson; two sons, George B. of Pleasant Ridge, with whom he made his home during the summer months, and Harlan E. of Ann Arbor; six grandchildren; a brother and a sister.

Prayer service will be held at 8:15 tonight at the William Sullivan & Son Funeral Home, Royal Oak.

The funeral service will be held Monday in Trinity Methodist Church at Vincennes, Ind., with burial in the Fairview Cemetery.

ANN McDONALD

Ann McDonald of 224 Highland Ave. died yesterday at St. Luke Hospital, Detroit, after a long illness.

She was a former employe of General Motors Truck & Coach Division and the J. L. Hudson Co.

Surviving are a sister, Mrs. Florence Peffers of Sault Ste. Marie; and two brothers, Robert McDonald of Pontiac and William of Rudyard.

Service will be held at 3 p.m. Saturday at the Huntoon Funeral Home with burial following in Greenwood Cemetery, Birmingham.

BERT E. NEEDHAM

Bert E. Needham, 63, of 161 Cortland Ave., Highland Park, died Wednesday in Grace Hospital, Detroit, after a brief illness. He was a former Pontiac resident.

Surviving are his wife, Jeannette; a son, John, and two grandchildren.

Service will be held at 1 p.m. Friday at the Alfred E. Crosby Mortuary, 12700 Hamilton Ave., Highland Park.

HARRY E. BEST

METAMORA — Service for Harry E. Best, 68, of 1004 Best Rd., will be held at 3 p.m. Saturday at the Muir Bros. Funeral Home, Lapeer. Burial will be at Metamora Cemetery.

Mr. Best died Wednesday in the Lapeer County General Hospital after a long illness.

Surviving are his wife, Mary, three sons, Harold, Harry, of Muskegon, Glen, of Grant, and a daughter, Mrs. Jack Thick, of Lapeer, and three brothers, Roy, Frank, of Metamora, Ernie of Muskegon, three sisters, Mrs. Jenette Peltier, Mrs. Rosie Pianger, of Muskegon, Mrs. Maude Patterson, of Ellsworth, and 15 grandchildren.

DR. FRANK C. ROUNDS

HOLLY — Service for Dr. Frank C. Rounds, 57, of 308 E. Maple St., will be held at 2 p.m. Saturday in Dryer Funeral Home here. Burial will follow in Lakeside Cemetery.

Dr. Rounds died unexpectedly this morning of a heart attack at his home. He was in practice as an optometrist in Michigan for 25 years, the last 19 of which were in Pontiac and Holly.

He was a member of the Pontiac Chapter, BPOE and Holly Moose Lodge.

Surviving are his wife, Marjorie; three sons, Douglas of Atlanta, Georgia, and Norman and Donald, both at home; a sister, a brother, and two grandchildren.

TV Contestants Disagree on Fix

'$64,000 Question' and 'Challenge' Victors Are Split About Help

NEW YORK (UPI)—Contestants who appeared on the former quiz shows "The $64,000 Question" and "The $64,000 Challenge" disagreed today on whether they were fed questions and answers on the programs.

★ ★ ★

The Rev. C. E. (Stoney) Jackson Jr. of Tullahoma, Tenn., who won $20,000 on the two shows, said he never was asked a question on the air that he had not already answered in preshow warmups.

"They never told me what they were going to ask me on the show," Jackson said. "They just asked me about 50 questions before hand and if I missed 15 they'd never ask me one of the 15."

Dr. Joyce Brothers, a pretty blonde psychologist who picked up $134,000 on the shows and now conducts her own television program on another network, claimed she never received questions or answers in advance.

'COMPLETELY HONEST'

"Everything was conducted in a completely honest manner during my time on both shows," she said.

She said she was shocked over reports that both programs may have been rigged.

"The only questions I was ever asked . . . were asked during the actual programs," she said.

★ ★ ★

Dr. Brothers said that if she were asked to testify before the House committee investigating quiz shows she would respond "immediately."

Mrs. Catherine E. Kreitzer of Camp Hill, Pa., who answered $32,000 worth of baffling Biblical questions on "The $64,000 Question," said she had never been coached on any of the questions.

In Hollywood, actor Vincent Price denied through a spokesman that he was given any answers or coaching in his appearances on the "Challenge" program.

Hal March, quizmaster of the "Question," said in Houston, Tex., he doesn't believe the program was rigged.

Pope John Can't Accept Invitation to Visit U.S.

VATICAN CITY (UPI)—Pope John XXIII would be unable to accept an invitation of the Knights of Columbus to visit America before the World Ecumenical Council, Vatican sources said today.

Even if the Pope would like to visit America the "intense and continuous work" necessary for the council during the coming months was seen as only one of the reasons he would be unlikely to accept any invitation to travel abroad.

Find Birmingham Man Shot to Death in Home

BIRMINGHAM — A retired manufacturer's agent for the automobile industry was found shot to death here yesterday with a revolver by his side.

David C. Babcock, 79, 367 Westchester Rd., was shot once through the temple.

The police said that yesterday morning Babcock's wife, Dorothy, and the maid heard a crash in his bedroom. When they rushed in they found him on the floor.

Retired Professor, Civic Leader Dies

ANN ARBOR (UP) — Professor Walter C. Sadler, 68, who retired from the University of Michigan civil engineering faculty last Sept. 1, died of a heart attack Wednesday at Pacific Palisades, Calif.

Professor Sadler's long career included four years as mayor of Ann Arbor, from 1937 to 1941; two years as president of the city council and two years as an Ann Arbor alderman.

Survivors include his widow, Harriet, and two sons, Daniel R. and Clifford. Funeral arrangements have not been completed.

You've reached middle age when you're no longer insulted when someone offers you a seat in the subway . . . The time a man most appreciates the comforts of home is when his wife announces they're going out for the evening. —Earl Wilson.

Buick Credits Sneak Preview as Sales Zoom

FLINT (UP)—Buick, which showed more people its 1960 models in advance of official introduction dates than did any other make, today credited the mass sneak previews with producing excellent first weekend sales.

General Manager Ed Rollert called the Friday-through-Sunday introductory period the division's most successful since 1955.

A month ago, Buick took a musical show, originally designed only for dealers, on a road tour and invited dealers to ask their best prospects to attend. More than 200,000 saw the show.

The musical show to work up enthusiasm for the new models has been a fixture of the introduction period for several years. But in the past the showings have been limited to dealers, salesmen and the press.

Doctors Are Optimistic Over Parted Twins

PORTLAND, Ore. (UPI) — The first really encouraging report by the University of Oregon medical school hospital regarding the three-month - old Stubblefield Siamese twins was released last night.

A hospital spokesman said doctors were optimistic that a trend set Tuesday would continue. Jeanette, who had had considerable trouble breathing, was reported doing well, breathing easier, and had better color.

GMC Trucks Are Standardized

(Continued From Page One)

ferent makes of trucks, an opportunity that many operators cannot afford to overlook."

The GMC executive said that parts stock requirements for a simplified 1960 GMC line would be 25 per cent less than for the present line, and at least 50 per cent below the requirements of a truck company owner using a mixed fleet.

The service benefits of standardization also are apparent. Mechanics will have fewer vehicle types to master, and less maintenance information, like service bulletins, to study. Fewer special tools will be necessary in the fleet operator's shop, and a single Preventive Maintenance system can be installed to cover the entire fleet, thus improving efficiency.

Another benefit from standardization will be less driver training needed and an increase in driver efficiency, thus improving vehicle life and operating economy, Monaghan said.

TO HELP MOTOR CARRIERS

A big step is being made to help motor carriers develop maximum profit in the use of their equipment through establishment of a Transportation Productivity Research staff at GMC Truck, Monaghan revealed. This new staff will be a top level management approach to improving corporate profits through greater distribution efficiency.

Many private carriers have given truck efficiency far less attention than its profit potential properly merits, truck expense being a far greater factor in total distribution cost than most people realize, he said.

The TPR staff, after painstaking analysis of maintenance expense, vehicle selection, dispatching and routing, already has exposed potential savings in truck fleets of millions of dollars.

In one recent survey vehicles were found obsolete and poorly adapted to current hauling requirements. Policies, procedures and operating practices had gone unstudied and unchanged for more than 10 years.

Cost and operating records were so inadequate that top management had practically no knowledge of the size of their total truck operation or its relative efficiency, Monaghan said.

"In this instance, fleet modernization, improved maintenance and operating procedures will yield savings upwards of 5 million dollars annually in their wholesale and retail distribution," Monaghan said.

Monaghan forcast a total of approximately 990,000 domestic retail deliveries of new trucks in the industry this year, and an even stronger market in 1960 when an estimated 1,100,000 retail deliveries will be made. GMC's domestic sales this year will amount to about 75,000 units, and GMC will be aiming for a strong increase in its market penetration in 1960, he said.

HEAVY DUTY GAINS

Monaghan said GMC had been making excellent gains in the heavy duty market. While the industry in the five ton and up weight bracket is 37 per cent up from last year, GMC is 81 per cent ahead of its 1958 figure,

A strong trend toward the use of Diesel trucks was noted by the GM official. Sales of new Diesel trucks in the industry has leaped from 8,751 units in 1954 to an estimated 31,000 in 1959, and 36,000 in 1960. While Diesel sales in the industry are 46 per cent ahead of last year, GMC sales in this area have more than tripled.

Monaghan pointed out several factors that will influence increasing annual sales of new trucks in the next decade.

"First, the rapid growth of the U.S. population and its trend toward the urban areas is creating an ever-increasing demand for the transportation of goods and services by motor truck, the only form of freight transportation that can go anywhere it is needed," he said.

"Secondly, the pent-up need for new truck equipment by practically all types of truck operators who had, until just this last spring, postponed such investments in the face of an economic recession. Business confidence now has come along to the point where sound investments in new trucks that can get the job done better and cheaper, are necessary if the operator is to remain in competition.

"A third point is the rate of scrappage of old models. The average age of the 11,200,000 trucks now in service currently is 7.2 years, and most old-timers are tossed on the scrap pile somewhere between 7½ and 13½ years of age.

Barry Fitzgerald in Critical Condition

DUBLIN (UPI)—Barry Fitzgerald, 71-year-old academy award winning Irish-born actor, underwent an operation here today and his condition was described as "critical."

Fitzgerald went into the operating theater of Dublin's St. Vincent's for what was reported to be a brain operation. He has been ill for several weeks.

★ ★ ★

News of Fitzgerald's illness spread rapidly throughout the city, where he made his start in the Abbey Theater.

The croacking-voiced actor won an Academy Award for his portrayal of a priest in the 1944 film, "Going My Way," which also starred Bing Crosby.

WASHINGTON — The forward speed of a tornado ranges from only a few miles an hour to a high of 150 miles an hour.

Sylvan Lake Council Rejects Petitioners

Refuses to Rehire Chief

The Sylvan Lake City Council last night rejected a petitioned request seeking reinstatement of ousted police chief George W. Purdy.

Voting unanimously, councilmen turned down the request on grounds that Purdy had not sought a public hearing on his dismissal.

★ ★ ★

Purdy was asked last August by City Manager David E. Firestone to submit his resignation.

The ex-chief joined the Sylvan Lake department in 1948 and was named chief in 1953. Patrolman George /McTavish was named acting chief of police by Firestone.

Warner W. Laarz, of 2105 Avondale St., presented some 20 petitions containing several hundred signatures "requesting Council reconsideration of the resignation of Purdy."

'MANY WERE SATISFIED'

"There are many people in Sylvan Lake who were satisfied with the job Purdy was doing," said Laarz.

★ ★ ★

Mayor William B. Taylor informed the citizens' group that "the city manager alone has the power to hire and fire a police chief. We (the Council) are powerless under provisions of the city charter."

★ ★ ★

Purdy, who attended the meeting, emphasized that he himself had nothing to do with the petitions. "These people want me back. I didn't realize how many friends I had," he said.

Councilman G. Richard Jarvis summed up the Council's feeling by asserting:

"The Council asked the city manager to clean up the Police Department and I'm satisfied he did the job well and within his rights. If Purdy couldn't please Mr. Firestone, I see no reason why we should take action on these petitions."

"If Mr. Purdy wants a hearing to air the facts, let him ask for one," said Mayor Pro-tem Anthony Kreps.

★ ★ ★

Purdy had "no comment" when asked if he planned to request a hearing, but intimated further action.

"This was just a test," he said.

Firestone said after the meeting that he had requested six months to work with Purdy and study the situation when hired last February.

"The chief was uncooperative," he said. "He failed to carry out orders and there was dissension in the police department. I had no choice but to request his resignation."

NOTICE OF REVIEW OF SPECIAL assessment roll for the Township of Bloomfield.

To the owners or other persons interested in the following described lots and parcels of land:

Lots 1 thru 9 inclusive; Lots 11 thru 110 inclusive of Charing Cross Estates, Section 24, Bloomfield Township, Oakland County, Michigan.

Please take notice that a Special Assessment Roll has been prepared and is on file in the office of the Township Clerk for public examination. Said special assessment roll has been prepared for the purpose of assessing the cost of the following described improvement to the property benefited therefrom:

For the proposed improvement to the existing water system in Charing Cross Estates, including the construction of 1725 lineal feet of 6" C. I. Water Mains; 19 Hydrants; and such other necessary equipment for this improvement, in Charing Cross Estates, Section 24, Bloomfield Township:

Take further notice that the Township Board will meet at the Township Hall in the Township at 8:00 o'clock p.m. on Monday, October 26, 1959, for the purpose of reviewing said special assessment roll and hearing any objections thereto.

ROBERT H. DUDLEY,
Township Clerk
Oct. 15, 22, '59.

Movie Star Errol Flynn Dies in Heart Attack

(Continued From Page One)

ginning in the Australian island state of Tasmania and the plot thickened as the years passed.

His latest real-life drama took place in Cuba, where he claimed he was wounded while fighting with the forces of Fidel Castro. His wound was played down by the rebels as was the extent of his activities. Flynn, however, played it to the hilt and wrote a series of articles about his Cuban adventures.

He always played to his public. He said he had made seven million dollars as a swashbuckling actor and he enjoyed spending it.

"I have a great talent for spending," he said. "The public has always expected me to be a playboy, and a decent chap never lets his public down."

TRADED BLOWS OFTEN

His spending sprees took him to cafes and night clubs where the evening often ended with Flynn swinging his fists instead of a sword. He got into a Havana cafe free-for-all in 1937, was slapped by Canadian millionaire Duncan McMartin in a Nassau bar in 1954 and traded blows with such people as director John Huston, columnist Jimmy Fidler, Dan Topping and others.

Recently he played the unfamiliar role of noncombatant when ex-wife Nora Eddington and Miss Ladland exchanged hot words at a Hollywood party.

Flynn's first wife was fiery French actress Lila Damita. They were married when Flynn was getting his Hollywood start in 1935. It was a tempestuous marriage that ended in divorce in 1942.

HAD FOUR CHILDREN

A year later when Flynn was on trial accused of the statutory rape of two teen-age girls, he met Miss Eddington, a deputy sheriff's daughter who worked at the cigar counter in the Hall of Justice at Los Angeles.

They were married in 1943 and divorced six years later. She later married singer Dick Haymes.

Flynn married Miss Wymore in 1950.

He had four children, a son by Miss Damita, two daughters by Miss Eddington and a third daughter born to Miss Wymore in 1953.

★ ★ ★

Flynn was born June 29, 1909, in Hobart, Tasmania, where his father and mother were cruising on a marine biological study. His father, Prof. T. Thomson Flynn of Queen's College, Belfast, Ireland, was an authority on ocean life.

NOTICE OF SPECIAL ASSESSMENT. Sidewalk and change of grade on Walton Boulevard.

To: Oba L. Russell, Wm. Merenuh, Carl Waara and to all persons interested, take notice: That the roll of the Special Assessment heretofore made by the City Assessor for the purpose of defraying that part of the cost which the Commission decided should be paid and borne by special assessment for the construction of sidewalk, change of grade and related work on north side of Walton Boulevard from Stanley Avenue to east line Lot 74 Marimont Subdivision, is now on file in my office for public inspection.

Notice is also hereby given that the Commission and the Assessor of the City of Pontiac, will meet in the Commission Chamber in said City, on the 20th day of October A.D. 1959 at 8:00 o'clock p.m. to review said assessment, at which time and place opportunity will be given all persons interested to be heard.

Dated October 14, 1959.
W. O. 7472.

Tribute to Best Bargain Delivered

Michigan Salutes 358 Newspapers

LANSING (UPI) — Observance begins today of a week in which Michigan salutes 358 of the best bargains to ever reach the doorstep of more than three million customers.

It's newspaper week in Michigan and the nation.

★ ★ ★

President Eisenhower hailed the "zeal and accuracy" of the nation's newspapers.

Acting Gov. John B. Swainson proclaimed Oct. 15-21 as a period when the state recognizes that "newspapers are one of the most important factors in our everyday life."

But state and federal officials were without words to describe the impact of 56 dailies and 302 weeklies on main streets and residential neighborhoods of Michigan.

TAKEN FOR GRANTED

"Like many of our blessings and advantages," Swainson said, "Michigan's newspapers are taken for granted.

"This is a mighty force in Michigan," he said. "It is the instrument through which all our people are kept informed of the happenings in their own communities, our state and the nation and the world."

According to the 1959 Michigan Newspaper Directory and Yearbook published by the Michigan Press Assn., Michigan dailies have a circulation of 2,390,613 and weeklies 800,910 — a record high total circulation.

The Newspaper week celebration has special significance for the Saginaw News, the Sturgis Journal, the Houghton Mining Gazette and the Ingham County News, which this year observe their centennials.

These papers, which first printed at a time when there were threats of civil war, were among 33 to receive centennial newspaper awards at the Michigan State Fair last month.

★ ★ ★

The Monroe Evening News, oldest existing newspaper in Michigan, was founded in 1825, the year the Erie Canal opened.

Other newspapers publishing 100 years or more:

Detroit Free Press, Kalamazoo Gazette, Jackson Citizen-Patriot, Pontiac Press, Marquette Mining Journal, Jonesville Independent, Tecumseh Herald, Greenville Daily News, Charlotte Republican-Tribune, Lansing State Journal, Hastings Banner, Newaygo Republican, Clinton County Republican-News,

Livingston County Press, Tuscola Pioneer-Times, Muskegon Chronicle, Paw Paw Courier Northerner, Sanilac Jeffersonian, Lapeer County Press, Ann Arbor News, Traverse City Record-Eagle, Hillsdale Daily News, Allegan News-Gazette, Midand News, Owosso Argus-Press, Detroit Abend Post, Constantine Advertiser-Record and Hudson Post-Gazette.

People, as well as newspaper properties, are a part of Michigan's newspaper heritage.

FAME IN NAMES

Among the names in the Michigan Newspaper Hall of fame:

The Rev. Father Gabriel Richard, founder of a paper established in 1809; T. P. Sheldon, founder of the Detroit Free Press; James Edmund Scripps, Detroit News founder; John J. Ingersoll, founder of the first newspaper in the Upper Peninsula; Elihu B. Pond, founder of the Ann Arbor Argus and first president of the Michigan Press Assn.; Charles A. French, Holland Evening Sentinel; A. D. Gallery, Tuscola Advertiser; Charles Moore Greenway, former president of the Booth newspaper group; Johnathan N. McCall, Gratiot County Herald; Howard H. Fitzgerald, Pontiac Press; George G. Booth, founder of the Booth newspapers; former Gov. Chase S. Osborn, Sault Ste. Marie News and Saginaw Courier-Herald; Glen W. Feighner, Nashville News; Col. William Franklin Knox, Sault Ste. Marie Evening News; Ernest James McCall, Grand Haven Daily Tribune; former Sen. Arthur H. Vandenberg (R-Mich), Grand Rapids Herald; Donald F. Cochrane, Hartford Day Spring; Arthur W. Stace, Ann Arbor News; and Harry Y. Fitzgerald, Pontiac Press.

Swainson last month paid tribute to Joe Haas, columnist for The Pontiac Press, as the oldest active newspaperman in Michigan.

3 Arraigned in Death of Ceylon's Premier

COLOMBO, Ceylon (UPI) — A Buddhist monk, a physician and a printer were arraigned today on charges of complicity in the Sept. 25 assassination of Premier Solomon W.R.D. Bandaranaike.

★ ★ ★

The venerable Mapitigama Buddha Rakita, Dr. C. Amerasinghe and H. P. Jayawardena, manager of a print shop, were arrested last night. No details of the charges against them were made public immediately. They were bound over to Oct. 25.

Talduwe Somarama, the monk and practitioner of native medicine who shot Bandaranaike, is in a prison hospital recuperating from wounds inflicted by police. He is to be arraigned Tuesday.

Ferris Institute Plans for Homecoming Doings

BIG RAPIDS (UPI) — Ferris Institute will launch a weekend of homecoming actiyity tomorrow with a morning assembly and an evening pep rally at which a queen will be selected.

The queen will reign over the annual homecoming parade Saturday which precedes a football game between Ferris Institute and the University of Illinois, Chicago division.

18 Girl Scouts to Visit Pontiac

Will Come by Train From Detroit to Tour City Hall, GMTC

A group of 18 Detroit girl scouts and six adults will journey to Pontiac by train Friday for a visit and tour of this city.

Sponsoring the trip on the Grand Trunk Railway System is the Vacationland Travel Center of Detroit.

The tour will be continued once here by a Pontiac City Lines bus. Included are visits to the Grand Trunk Railway Roundhouse where a steam locomotive will be on display, a visit to the City Hall for a look at the statue of Chief Pontiac and a tour of General Motors Truck and Coach Division.

"This is our first trial trip," says John Dalzell, manager of Vacationland Travel Center. "If it is successful, we will book more groups and Pontiac may have thousands of visitors from Detroit each year.

★ ★ ★

"The trips will give kids a chance to ride on a railroad train, visit Pontiac's industry and get an interesting and educational experience from your city."

The promotion is being accomplished with the cooperation of the Pontiac Area Chamber of Commerce, Dalzell said.

The guided tour, which includes lunch, begins at 1:40 p.m. Friday in Detroit. The train is scheduled to arrive in Pontiac at 2:25 p.m., leave Pontiac at 4:58 p.m. and arrive back in Detroit at 5:45 p.m.

Organizations interested in such excursions can contact Dalzell at 125 Michigan Ave., Detroit.

His Visits Turn It Upside Down, Though

Abilene's Mighty Proud of Eisenhower

By ARTHUR EDSON

ABILENE, Kan. (AP)—Other towns brag about how they raise the fattest hogs, the finest peanuts, the most delicious strawberries.

Abilene produces everything from cattle to sweet potatoes, but its best known crop is Eisenhowers.

It was harvest time here this week.

President Dwight D. Eisenhower and his brother Milton have been back to their old home town to help break the ground for a library that will house Eisenhower's military and presidential papers.

Everything went well. A nice time was had by all. But when President Ike and Dr. Milton checked out Wednesday, everyone connected with the event heaved a collective sigh of relief.

Let's face it: It's difficult for a city to arrange the many details for receiving a President. For a town of 7,200 it's a staggering job.

★ ★ ★

"I'll tell you the secret of all this," said Kenneth Olson, relaxing now that the big show was over.

"The trick is to get 10 topflight committee chairmen. You know, someone to look after transportation, the luncheon, decorations for the ballroom, decorations for the city."

Olson thoughtfully sipped his refreshments.

"This is Eisenhower's fifth trip since he opened his presidential campaign here in 1952," Olson said. "We've learned a lot.

"We know now how many typewriters we'll need for the newspapermen. We know about how many cars we'll need, and all that.

"Even so, in the middle of the night I'll wake up thinking, 'Do we have enough buses?' "

★ ★ ★

Olson is a trust company official when he isn't arranging presidential receptions. And now that everything had gone well?

"I can tell you it's a relief," he said.

But don't get me wrong. Abilene gets a lot of mileage out of its best known crop.

How many other towns its size have played host not only to a President, but also to heads of corporations, political big wheels and aspiring big wheels?

The town slicks up each time. Store fronts are painted. Eisenhower pictures are everywhere.

Reporters got a kick out of one Eisenhower picture. It showed up in a novelty store window, directly beneath a sign, "Tricks and Jokes."

★ ★ ★

Its best known product should bring Abilene considerable tourist money. Especially since behind the museum and the proposed library the town is reconstructing a street of its earlier, wild oats days.

A combination livery stable and opera house has been completed, a reminder of the time when Abilene was the end of the railroad, when cattle were driven here from Texas. This was a rip-snorting town.

Townspeople tactfully don't mention it, but one report is that last Sunday the Wild West display outdrew the Eisenhower Museum by 2 to 1.

It's fair to say that Abilene is proud of Eisenhower, and Eisenhower is proud of Abilene. "This town has for me," the President said, "a very deep sentimental meaning."

★ ★ ★

But Henry Jameson, editor of the Abilene Daily Reflector-Chronicle, probably sizes up the feeling.

"I hope the next President," he said wearily, "comes from Hawaii."

Negro Conviction Appeal Is Pending

BROWNSVILLE, Tenn. (AP) — Defense attorneys for Willie M. Jones, Negro tenant farmer convicted of murdering a sheriff, are preparing an appeal for a new trial.

Jones was sentenced Wednesday to 20 years and a day by the white male jury that many had predicted would set a death penalty.

It was the minimum sentence on a first-degree murder conviction.

Chief defense counsel George McCormick said he would appeal "all the way to the U.S. Supreme Court if necessary."

Jones did not deny he killed Sheriff J. S. Hunter; he said he shot in self-defense.

Barber, 53, Plans to Run for President

NORFOLK, Va. (AP)—Graham Gray of Norfolk, a barber for nigh onto 40 years, plans to take some time off next year—to run for president of the United States.

Gray, 53, announced his candidacy Wednesday from behind Chair No. 2 at a downtown barber shop. He said he expects to qualify for the ballot as the candidate of the "Independent party," and that he will "accept John L. Lewis for vice president."

★ ★ ★

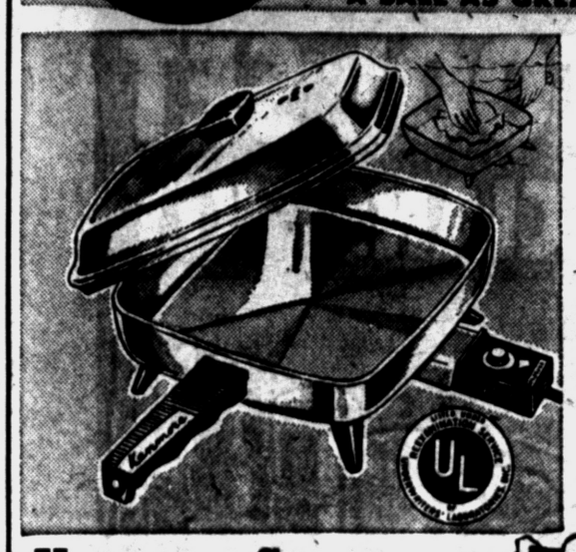

Gray said he believes support of his candidacy will "come from all over the United States" once he begins making campaign speeches. He plans to start getting busy in February.

He says he's for "free government enterprise and constitutional rights."

Pinup Infant Now 34-24-34

She Must Have Been a Beautiful Baby, and Baby Look at Her Now

CLIFTON, N.J. (UPI) — Harolyn Cheryl Meyer is a 15½-year-old brown-haired beauty who wishes she'd been born 15 years sooner.

★ ★ ★

Harolyn is a junior — and honor student — at our Lady of Good Counsel High School in Newark. She plays the piano, models at a Newark department store and has plenty of dates.

But all this is nothing compared with her popularity when she was less than a year old and the pin-up queen of more than a thousand sailors on the battleship USS New Jersey.

Now she asks:

"Why couldn't this have happened when I was old enough to enjoy it?"

Back in May of 1944 two seamen aboard the New Jersey asked the State Chamber of Commerce for help in selecting an official pin-up queen. An appeal was published in a newspaper and about 75 pretty girls from the state became official entrants.

★ ★ ★

At the time, Harolyn's father, Harold Meyer, then a lieutenant in the Air Corps, was a prisoner of war in Germany. To distract Harolyn's mother, her grandmother, Mrs. Ward Ransley, sent in a picture of the five-month-old girl.

Of the 1,376 votes cast on the New Jersey, 555 went to little Harolyn. It gave her an easy victory over her nearest rival.

The officers and men of the New Jersey donated $3,200 in war bonds for her education, which she plans to use for studying pharmacy at Rutgers University. They sent her a picture of the ship and crew, and a silver napkin ring that had been made on board.

★ ★ ★

She did not get to see the ship until she was three years old. She has a vague recollection of the occasion. The New Jersey had docked for recommissioning ceremonies, and Harolyn was a guest of honor.

At the time Harolyn had blonde hair and blue eyes. Now she has wavy brown hair, blue-green eyes, stands 5 feet 6 inches and measures 34-24-34.

★ ★ ★

Harolyn looks more like a pinup now than she did as an infant — and she may be one again soon. Recently her boy friend, Donald Martin of Bloomfield, N.J., entered the Marine Corps. Harolyn gave him her photograph.

Chute Club Members Jump for Joy

FT. RUCKER, Ala. (UPI)—Most airmen would rather not have to use their parachutes ever, but a group at this center of Army aviation looks forward to it.

★ ★ ★

A select group called the Ft. Rucker Sport Parachute Club spends every Saturday and Sunday at nearby Hatch Field making jumps from an Army L-20 "Beaver" single-engine plane.

In fact, the club has become part of the entertainment.

Many of its 30 active members have had previous jumping experience, mostly at Army Airborne schools, but some have had no such training.

All new members are taught the proper methods of jumping under the watchful eye of 1st Lt. Eckols L. Shedden, the club's instructor.

Novices start out with a static line jump, with the parachute fastened to the airplane and opened automatically. Shedden says that is the safest way, but each parachutist always carries a reserve pack which he can open in case of emergency. So far, no one has had to use that extra 'chute.

★ ★ ★

Another safety factor is the altitude from which jumps are made. The club's minimum altitude is 2,000 feet, but most are made several hundred feet higher. A parachute can be safely opened from an altitude of about 500 feet.

2 New British Autos Described by Rootes

LONDON (UP) — The British Rootes Auto Group Wednesday gave details of two new 1960 models — a 100 mile per hour three liter Super Snipe and a restyled Hawk.

The Super Snipe is called the most luxurious and best equipped auto ever produced by the group.

It incorporates front wheel disc brakes and — a new safety feature — a stiffer antiroll bar at the front to give better stability and road-holding at high speeds.

The new engine gives 129 brake horsepower at 4,800 revolutions per minute and company's engineers have concentrated on better through-the-gears acceleration.

Basic price for the sedan version is $2,870.

The 1960 Hawk — unchanged in price — embodies a number of improvements and modifications and fresh color styling.

It's 50 Cents Cheaper to Be Married in Flint

FLINT (UPI) — It's cheaper to get married in Flint today.

The city board of supervisors officially knocked off a 50-cent surcharge it had been applying to $2 marriage licenses, after being advised by the state auditor general's office that the extra charge was a violation of state statute.

The Statue of Liberty has a framework covered by sheets of copper.

Bell Built Plane

Alexander Graham Bell, most famous for inventing the telephone, was one of the builders of the "Silver Dart," the first airplane to fly over Canada. That was on Feb. 23, 1909.

1959 May Be Great Year for Vintage

NEW YORK (UPI)—Pre-harvest reports from the world's wine growing areas indicate that 1959 may prove one of the great vintage years.

Meanwhile, brisk business is reported in elegant glass wine decanters, 2 to 3 feet high, and priced up to $5. Temperance advocates need not be alarmed, however, because most shoppers are buying the decanters for decorative purposes.

ONE COLOR Proves His Point

SAN DIEGO, Calif. (UP) — Bob Steel, a technical writer at Convair Astronautics, promised a woman writer that she'd meet lots of bachelors if she joined the staff. She did just that and married one of them. Now, both have left the plant.

We Like Our Beef

HOMECOMING BEAUTIES — Surrounded by her pretty court attendants is Clarkston Homecoming Queen Gay Ann Park, who will be officially crowned during halftime at tomorrow night's Clarkston-Brighton football game. From left are Carolyn Ruggles, Vicki Burley, Sandy Asher and Shanna Stewart.

Pontiac Press Photo

Further Hearings Delayed 2 Weeks

Suspended Chief Denies Charges

SHELBY TOWNSHIP — A legal technicality has forced a two-week adjournment in the Civil Service hearing of suspended Township Fire Chief Clyde Schmidt. The hearing was in its second session last night.

★ ★ ★

Schmidt has answered the final five of eight charges against him. Cross-examination had just begun when his attorney John J. Goetz of Mount Clemens, objected to testimony entered as evidence which dated further back than 90 days prior to issuance of the complaint.

★ ★ ★

He said this move was in compliance with the State Civil Service Act.

The Commission then ordered the adjournment so that transcripts of the hearing could be revised, eliminating those portions dating beyond the 90-day limitation.

Schmidt is charged with eight counts of "inefficiency, insubordination, discourtesy and mismanagement" brought by Township Supervisor Steve Skula.

The Township Hall was filled to capacity as Goetz took the final five final charges step by step, questioning his client and entering many interoffice communications and reports in evidence.

★ ★ ★

In answer to the charge that he did not follow the supervisor's directive to reprimand a volunteer fireman, Schmidt said there was "no reason" for the reprimand because procedures of the department, which he had set up, were being followed.

★ ★ ★

He also denied having criticized former Fire Marshal Clem Skiba "as a citizen."

Accused of making threats of retaliation against Township officials, Schmidt said he did not remember using the language quoted in this charge.

He did admit, however, that he had objected when he was interrupted by Township Treasurer Jack Millard as he talked to Township Clerk Lorin Evans on fire department business.

★ ★ ★

Charged with allowing unauthorized personnel to conduct a meeting in the Ryan Road Fire Hall, Schmidt denied it.

He said there was "no such meeting — it was nothing but a visit" from the International president and state president of the Michigan Firefighters Assn., an organization to which all paid Shelby firemen belong.

The final charge fired against Schmidt was that he failed to keep the supervisor advised of the condition of the department's equipment. Schmidt said he made periodic inspections and had submitted the required annual report.

The chief cited reduction of department personnel last May and the construction program at the Ryan Hall as the reasons he didn't inspect the schools.

He said he did visit all six schools to set up fire drill procedures and had begun to set up a fire prevention and building inspection program May 1.

Under initial cross-examination Township Attorney William V. Wendt of Mount Clemens asked Schmidt why the fire department couldn't function as well as the police department.

★ ★ ★

The suspended chief protested that the police department was not as swamped with interoffice communications from the supervisor.

CLYDE SCHMIDT

Keego Votes 314 to 224 Against Urban Renewal

KEEGO HARBOR — A majority of voters here yesterday showed their disapproval of a proposed urban renewal program in a referendum election. The vote was 224 in favor and 314 against it.

★ ★ ★

A member of the Businessmen's Assn. Steering Committee, which has been promoting urban renewal here, William Hollibaugh, owner of the Cass Lake Pharmacy, said he felt that "active opposition" defeated the proposal.

"I'm disappointed," he said. "Naturally, this is a tough pill to swallow."

He said he didn't know what the Businessmen's Assn. would do now about urban renewal.

The final decision to apply for federal funds under the urban renewal program is still up to city officials. They had decided to put the question to the people before making up their minds.

"I don't think there is much chance for the program after this vote since the council has its hands tied now," Hollibaugh said.

The cost of the election, estimated Acting manager Eileen Van Horn, was $350 to $400.

The council will meet Oct. 19 to canvass the votes and will hold its regular meeting Oct. 20.

Walled Lake League Will Hold Guest Night

WALLED LAKE — The Walled Lake Story League will hold its annual guest night at 8 p.m. tomorrow at the Methodist Church here as a feature of National Story Telling Week.

★ ★ ★

Quilts will be displayed in keeping with the national story theme this year, "A Patchwork Quilt."

Members also will present a skit, "Story Tellers Clinic."

★ ★ ★

Among guests invited are members of the Pontiac Story League and the Walled Lake Study Club. Refreshments will be served.

Clarkston Homecoming Will Be Colorful Event

CLARKSTON — An excitement-filled weekend has been scheduled for Clarkston High School students with the fifth annual homecoming celebration getting under way tomorrow night.

A bonfire to be lighted at 6:30 p.m. on the school grounds will herald the start of festivities. This will be followed by the football game between Clarkston and Brighton at 7:30 p.m.

★ ★ ★

At half-time, the floodlights will be turned down and the homecoming queen, Gay Ann Park, in a white formal gown, will ride around the field in a new Pontiac convertible. Overhead, spotlights will follow the queen back to the starting point.

Her four attendants are a senior, Shanna Stewart; a junior, Sandy Asher; sophomore Carolyn Ruggles and freshman Vicki Burley.

Gay Ann, a senior, was nominated queen by the varsity football team and elected by the student body.

Last year's homecoming queen, Char Wilson, will place the rhinestone and pearl-studded crown on Gay Ann as the high school band forms a heart position around the ceremonial stand.

After the game, there will be a coffee hour in the gymnasium for alumni.

The Homecoming Queen's Ball, to be held from 8:30 to 11:30 p.m. Saturday in the big high school cafeteria, will be semiformal.

To See County History

CLARKSTON — Slides showing the history of Oakland County will be featured at the Sashabaw School montly PTA meeting today at 8 p.m. Refeshments will be served by the third grade mothers.

Rochester Ups Fee for Registration

ROCHESTER — The Rochester Village Council has raised the registration fee for electrical contractors from $1 to $5 to conform with other communities having reciprocal electrical ordinances.

A proposal to take test borings at the sewage treatment plant to determine soil conditions before work starts on construction of an addition to the plant also has been approved.

In other action, the Council voted to revise the village's special assessment ordinance in order to speed processing of projects governed thereby.

The village governing body also okayed a request by the U.S. Geological Survey to build and operate a steam-gauging station near the Ludlow street bridge.

Education Study Group to Meet

Committee Will Probe Needs Created by the Mounting Enrollment

LAKE ORION — The Board of Education of the Lake Orion Community Schools has set Oct. 29 as the date for the first meeting of its newly created study committee.

The group is being organized to determine what should be the board's next move to keep abreast of the mounting school enrollment in the district.

At the meeting to be held at Blanch Sims Elementary School, the committee will review both financial and enrollment figures.

The purpose of the study group, according to Schools Superintendent A. A. Reed, is to interest all residents of the district in the anticipated need for additional classrooms an equipment for the growing student population.

The committee is composed of representatives of PTAs, service organizations, clubs and churches concerned with school problems.

In other business handled by the board last night, a new high school diploma was approved. It has smaller lettering and is more compact.

Junior Canteen Meeting Dates Are Announced

ROCHESTER — Regular meeting dates of the Junior Canteen, sponsored by the Rochester Woman's Club, were announced today by Wayne C. Dennis, director.

The first meetig will be tomorrow night with others to follow on Nov. 6 and 20 and every first and third Friday thereafter at the American Legion Hall, he said.

The meetings, open to all seventh, eighth and ninth graders in the Rochester School District, are held from 7 to 9:30 p.m. They feature dances, occasional special events and other recreational activities.

Ted Swoboda recently was elected president of the canteen. Other officers are Betsy Prentice, vice president; Katie Allen, secretary; Betty Cleghorn, treasurer and Pam Upton, historian.

Junior Women's Club members Mrs. John Nowels, Mrs. Sidney Teague and Mrs. William MacDonall will chaperone on tomorrow night, Nov. 6 and 20 respectively.

Among the Junior High School PTA chaperones will be Mr. and Mrs. Robert Scott, Mr. and Mrs. Robert Allen, Mr. and Mrs. Norman Prentice and Mr. and Mrs. Edward Foster.

Pontiac Press Photo

STAR IN 'OKLAHOMA' — Cast in the leading roles for the Saturday night production of Rodgers and Hammerstein hit musicale, "Oklahoma" in Oxford are from left above, Philinda Ashley as Ado Annie and Mrs. Earl L. Koonce as Laurie. Seated from left, are Earl Koonce, who plays Jud and Tom O'Brien of Pontiac, as Curley. The performance will be presented by the Oxford Music Club at 8 p. m. in the auditorium of Oxford Area Community High School.

Musicale Set in Oxford

To Stage 'Oklahoma'

OXFORD — The record-smashing Broadway musicale, "Oklahoma," will be recreated on the stage of Oxford Area Community High School Saturday night. Curtain time is 8 p.m.

The popular Rodgers and Hammerstein production is being staged by the Oxford Music Club, a member of the National Federation of Music Clubs.

Proceeds from the play will be used for high school vocal and instrumental scholarships to music camps.

In the leading roles are Mr. and Mrs. Earl L. Koonce as Jud and Laurie, Philinda Ashley as Ado Annie and Tom O'Brien of Pontiac as Curley.

★ ★ ★

Gordon Mathie has done the musical preparation of the chorus, assisting John Grose, who is musical director of the production.

In charge of dramatics and choreography is Rod Baughn of Hartland.

Mrs. Mark Van Wagoner, chairman of the local club's music scholarship committee, is coordinating all facets of the entire production as overall director.

Playing the two-piano accompaniment are Kay Jean La Douceur of Oxford and Suzanne Kidd of Ann Arbor.

Japanese Thanksgiving Theme of Church Dinner

COMMERCE—A "Japanese Thanksgiving" will be the theme for the annual fall dinner to be held at 6:30 p.m. Saturday at Commerce Methodist Church.

Guest speaker, the Rev. Paul J. Hart of the First Methodist Church in Pontiac, will speak on his experiences while visiting Japan last summer.

The 30-voice choir will present several selections from the Japanese musical comedy, "The Mikado."

West Lakes Girl Scouts to Hold Autumn Pageant

An autumn camp fire and pageant for the Girl Scout troop in the West Lakes neighborhood will be held tomorrow at the John Ivory polo farm at 7 p.m. The girls' families and friends are invited.

Saturday is Sweetest Day

Give Sanders Candy

Special Sweetest Day Box

The feature piece of this attractive gift assortment is a chocolate-covered old-fashioned mint decorated with the words "Sweetest Day". In addition, there are buttercreams, nut caramels, Swiss fudge, pastel candies, chocolate cherry nut royals, nut clusters, regents and many others.

2-POUND BOX $3.30

1-POUND BOX $1.65

Meadow Milk Chocolates $1.65 POUND

Some folks like dark sweet chocolate—some like milk chocolate—and some, bless 'em, like both! This assortment has been created strictly for the "milk chocolate contingent". Included are luscious buttercreams, nut clusters, almond butter squares, cherry cordials, nut fudge, caramels and many others. 1, 2, 3 and 5-pound boxes.

The Spirit of Sweetest Day

Sweetest Day is a day dedicated to the remembrance of others—your way of "remembering" may be a long postponed letter, a special word of praise or encouragement, an unexpected gift to someone who will be glad just to know that you remembered. You will be surprised at the magic that lies hidden in even the smallest trifle of unselfishness. Try it—and make Saturday, October 17, a real adventure in happiness.

$1.20 POUND

Pavilion Chocolates

These famous Sanders chocolates are first choice with many folks—yet the price is so reasonable! The popular soft and chewy centers include cherry nut royals, Brazil nuts, honey cocoanut, fruit mallows, caramels and others. 1, 2, 3 and 5-pound boxes. Your choice of dark or milk chocolate coatings.

OK Plans for 2 School Additions

WALLED LAKE — The Board of Education here has approved architect's plans for additions to two schools in the district.

★ ★ ★

The plans, prepared by Walter T. Anicka, school architect, call for a final addition to the new Clifford H. Smart Junior High School and for another seven rooms at the Union Lake Elementary School.

In other school board action, Taylor and Sons Chevrolet Agency has been awarded the contract for three six-cylinder passenger cars for driver training purposes in the school district at $1,832 each.

The school board decided to keep one of the cars used for driver training last year to transport children with defective hearing to special classes in Pontiac. A driver will be hired for this purpose.

Voorheis and Cox Insurance Agency has been named the agent of record for school insurance.

As such he will retain 50 per cent of the school insurance policies for the year and will field out the remaining 50 per cent to other agents in the area.

★ ★ ★

Plans for the placing of all school insurance contracts will be presented at the Nov. 9 Board of Education meeting.

STUDY BUDGET

The school board currently is studying a revised budget for this school year. The board will meet with the Teachers' Salary Committee to discuss possible adjustments of wages as soon as additional information concerning state aid payments is received and a Supreme Court decision made regarding the legality of the use tax, part of which would go toward school financial aid.

★ ★ ★

Superintendent Clifford H. Smart has been instructed by the school board to send a letter to representative citizens of the community asking them to help survey the athletic needs of the school district.

John Clark has been appointed to represent the board on this committee.

★ ★ ★

In response to a letter from Councilman Marshall Taylor, asking that tickets for home football games be sold at the south gate and that the St. William Church and School parking lot be used by game patrons, it was announced by Smart that those arrangements have been completed and would be in effect at all future games here.

JANET MARIE WALDO

A June wedding is planned by Janet Marie Waldo and Raymond Hopkins. The bride-elect is the daughter of Mr. and Mrs. Floyd Waldo, of 966 W. Predmore Rd., Lake Orion. Her fiance is the son of Mr. and Mrs. Charles Hopkins of Beaverton.

Council Leader Will Address Carpenter PTA

ORION TOWNSHIP—Speaker at next Monday's meeting of the Carpenter School PTA will be Mrs. William Porter, president of the East Oakland Area PTA Council. Her subject will be "What Should Be Accomplished by PTA."

Open discussion will follow Mrs. Porter's talk.

★ ★ ★

A community sing and a special song by James Thunick will be other features of the program which opens at 8 p.m. Refreshments will be served by the first grade room mothers.

★ ★ ★

Presiding at the meeting will be Mrs. Leo Bowler, new president of the organization. Serving with her for the coming year are Mrs. Marian Leitke, vice president; Mrs. Charles Loucks, secretary and council delegate, and Mrs. John Ousnamer, treasurer.

PLAN YOUTH RALLY — Preparing for the Walther League Zone Rally to be held at Cedar Crest Lutheran Church in White Lake Township are, from left: Mrs. Carl Dallman, youth advisor, and Sharon and Harry Johns, committee members. The event is scheduled for Sunday at 3:30 p. m. Other committee members are Sylvia Field, Linda Welch and Orland Burbey.

FAIRBANKS — Two great national forests in Alaska comprise about 20 million acres.

WASHINGTON — There are 19 municipalities in the U.S. that are named Independence.

Playwright Eugene O'Neill won his first Pulitzer Prize with "Anna Christie" in 1922.

Hal Boyle Says She Married the Prince but . . .

Cinderella Tale Told in Modern Fashion

NEW YORK (AP)—Cinderella's real life story, as it might be told by a modern literary ghost:

"And so they lived happily ever after!" So ends the fairy tale, after I married the prince who found only my foot would fit the glass slipper.

Actually, it was only afterward that I learned what real unhappiness was. Before that I had been only a young, dreaming girl. Marriage turned me into a woman.

BOYLE

No one knows how many broken hearts weep in palaces. My life with the prince became a living Hell.

As I look back now, I realize the truth of what a number of my psychiatrists told me later, it was a mistake from the start.

To begin with, I don't know my way around a palace. The courtiers, jealous of my sudden rise, laughed at my untutored accent.

I began to feel blue all the time. The prince was no help. He was no man, but a weak foolish boy. Far too immature for me.

It broke my heart when I found out he was making love to half the chambermaids in the palace. After that I ceased to care.

Success is very lonely, particularly if it comes too fast. I found out nobody loved me for myself. They all had their hands out.

My old friends sponged on me. So did my old enemies. Even my lousy stepmother and my two lousy stepsisters talked me into getting them palace jobs for old times' sake, although they had done nothing for me ever.

My mother-in-law, the queen, turned against me, too. She had always disliked me, feeling that her son—that prize boob!—had married beneath him.

I grew more lonely. I found champagne made me feel better, but soon the old bubbly wasn't strong enough. I learned my way around the palace cellar, and tapped every wine cask there. I drank with anybody and everybody—the wine steward, the sewing girl, the captain of the guards . . . the guards themselves . . . and the friends of the guards' friends.

From the bottle I went on to the needle. I turned from one dope, the prince to another dope—heroin.

I would like to draw a veil over the nightmare months I had the monkey on my back. In all that time only one person stood by me, my father-in-law, the king. Even when he caught me giving myself a fix, he'd pat my shoulder tenderly and murmur, "Good lass."

Well, thanks to the psychiatrist's couch and two trips to the federal hospital at Lexington, Ky., I've kicked the habit. I discovered myself. I know who I am now.

Next week my divorce from the prince is final. I didn't get a bad settlement—50 per cent of the property plus lawyers' fees.

What lies ahead? Well, the king—my ex-father-in-law, wants to shed his wife and make me the new queen.

It is the kind of marriage that makes sense. The king is an older man, a father symbol who can give me the emotional security I crave. And I can give him the understanding he needs from a young and ardent heart.

Somewhere along the way I found myself—the real, responsible Cinderella . . . with a job to do in the world, like everyone else.

Patents Add Up

BOSTON — More than 8,000 patents have been granted for the manufacture of leather soles and shoes since the U.S. patent office was established in 1836.

More 2-Car Families

DETROIT — The percentage of car-owning families having two or more cars has increased 4.8 per cent in 1948 to an estimated 13.8 per cent as of now.

Tax Indictments Hit 8 Teamsters

Federal Grand Jury in Philadelphia Charges Evasion for 1955

PHILADELPHIA (AP) — Eight organizers for Teamsters Local 107 were indicted Wednesday by a federal grand jury on charges of evading 1955 taxes ranging in amounts from $248 to $858.

Indicted were Nicholas Frank, Levittown, Pa., and Charles Amoroso, John Elco, Jacob Snyder, Harry Lindsay, Michael Sobolewski, Arthur Brown and John A. Grant, all of Philadelphia.

The government said that the men were employed as organizers by Raymond Cohen, secretary-treasurer of the local. Cohen had been under fire by the Senate Labor-Management Committee.

In Queen Mary's Letter to Duke

'Grieved Beyond Words'

LONDON (AP)—The late Queen Mary told the Duke of Windsor that in abdicating for the love of twice - divorced Wallis Warfield Simpson, "you did not seem able to take any point of view but your own."

★ ★ ★

A secret letter that the old Queen wrote her son 18 months after his abdication as King Edward VIII in 1936 was disclosed today with the publication of her official biography. She died at 85 on March 24, 1953.

★ ★ ★

"You will remember," the widow of King George V wrote their eldest son, "how miserable I was when you informed me of your intended marriage and abdication and how I implored you not to do so for our sake and the sake of the country . . .

"I do not think you have ever realized the shock which the attitude you took up caused your family and the whole nation.

★ ★ ★

"It seemed inconceivable to those who made such sacrifices during the war that you, as their king, refused a lesser sacrifice.

"My feelings for you as your mother remain the same and our being parted, and the cause of it, grieve me beyond words.

"After all, all my life I have put country before everything else, and I simply cannot change now."

★ ★ ★

Edward went into semiexile and married the Baltimore-born divorcee after his dramatic broadcast that he could not carry on as king without "the woman I love." His reign lasted less than 11 months and he was succeeded by his younger brother, the Duke of York, father of Queen Elizabeth II.

Bugas Switches to Foreign Post

Will Head Operations Overseas, Step Out of Bargaining Picture

DETROIT (UP) — John S. Bugas of Bloomfield Hills, Ford vice president who has been the auto firm's chief architect of labor contracts for 15 years, is going to concentrate on Ford's foreign operations.

Bugas was relieved of his industrial relations responsibilities yesterday and assigned to full-time duties as director of manufacturing and sales abroad.

President Henry Ford II announced the change in a statement saying the "great importance of the company's manufacturing and sales activities abroad" require Bugas' full time.

Since 1957, Bugas, who's home is on Pembroke road in Bloomfield Hills, had held two vice presidencies. He was vice president of industrial relations and also vice president of international group. He had headed Ford's industrial relations since 1945.

★ ★ ★

Bugas quit as special agent in charge of the FBI's Detroit office to go with Ford in the 1940s.

Kenneth D. Cassidy, former manufacturing executive, became Bugas' successor as head of industrial relations. Cassidy, of 2218 Woodland St., Royal Oak, joined the company in 1946. He has been executive aide in the metal stamping and steel and glass divisions.

A second new vice president is Malcolm L. Denise. He will work with Cassidy in industrial relations. A native of Decatur, Ill., Denise has been a labor relations legal expert for Ford.

★ ★ ★

The departure of Bugas from the labor relations scene removes a familiar figure from Ford's labor contract bargaining with the United Auto Workers.

★ ★ ★

Bugas headed the Ford bargaining teams as the company's No. 1 adversary of UAW President Walter Reuther in many hot contract battles.

He gave up his FBI office to go with Ford at the time of the company's reorganization under Henry Ford II following the death of the elder Henry Ford, company founder and Henry II's grandfather.

As Big as One State

Malaspina Glacier off the southern coast of Alaska could cover all of Rhode Island.

Rockefeller Plans 'Nonpolitical' Western Jaunt

ALBANY (UPI)—New York's Gov. Nelson Rockefeller today announced a cross country tour that will take him into the homeland of Vice President Richard Nixon, his chief rival for the GOP presidential nomination in 1960.

★ ★ ★

The move was widely interpreted as an indication that the 51-year-old chief executive plans a program of testing his strength among Republican delegates.

★ ★ ★

Rockefeller said, however, that he was "not going as a candidate." He announced a three-day trip to California and Oregon, states considered politically significant because of their primary elections. Vice President Nixon is from California.

Takes License Job Dispute to Court

DETROIT (UP) — John A. Mellon, deposed manager of a secretary of state's license plate fee office, said he would go to court today to fight for his job.

★ ★ ★

Mellon said he would file a bill of complaint with Circuit Court, asking that Secretary of State James M. Hare be stopped from closing the office and replacing it with another one on Detroit's east side.

Hare asked Mellon to resign when the chairman of the 14th district's Democratic committee charged Mellon failed to cooperate with the district's official Democratic organization.

Hare also ordered the office closed at 5 p.m. today and said it would be replaced by the new one tomorrow. The new office will be manned by civil service personnel rather than appointees.

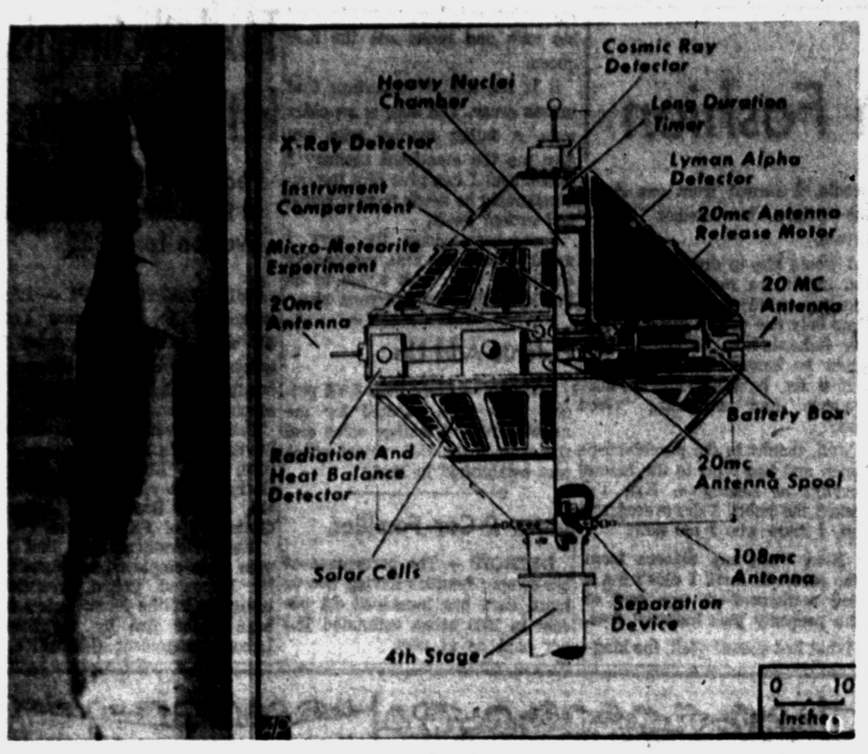

Hare said he hoped to place all of Michigan's 250 fee offices under civil service eventually.

No Raise in Floor of UAW Entry Fee

ATLANTIC CITY, N. J. (UP)—The United Auto Workers' convention refused today to increase the minimum initiation fee for local unions to $15.

The constitution now provides for a fee of not less than $5 or more than $15.

Many delegates argued the increase would cripple efforts to get new members.

AP Wirephoto

THE INSIDE AND OUTSIDE OF IT — When the Juno II rocket blasted away from its launching pad, it carried Explorer VII into an orbit. The gyroscope satellite is expected to answer many questions about space and the weather. The diagram gives you the workings of the 91½-pound satellite. Studying cosmic radiation and other mysteries of space, it will advance a step further sending a man into space within the next two years. The Juno rocket was launched from Cape Canaveral, Fla., Tuesday.

Gov. Williams Tours Polish Auto Factory

WARSAW, Poland (UP)—Gov. Williams of Michigan ended a five-day tour of Poland with a visit to a Polish automobile factory yesterday.

★ ★ ★

"There is just no comparison between that plant and those in Michigan," the governor commented after his visit to the state-owned factory in the Warsaw suburb of Zeran. "Both their plant and ours produce automobiles, but that is where the similarity ends."

The governor said he could not speak as an automotive expert, but he was impressed by the poor condition of the workshops, the vast amount of idle machinery and an apparent lack of organization.

The Zeran plant produces about 10,000 Warszawa sedans a year.

Williams said he was told that starting pay at the plant was 800 zlotys a month ($33 at the official exchange).

★ ★ ★

The governor, accompanied by Mrs. Williams, flew from Warsaw to Berlin, via Copenhagen and Hamburg. In Berlin they will start a tour of West Germany.

Walled Lake PTA to Hold Open House Tonight

WALLED LAKE — The Walled Lake Senior High School PTA will hold open house tonight at 8 p.m.

★ ★ ★

Charles West, PTA president, will introduce the officers for the year and make announcements.

Refreshments will be served in the cafeteria.

The mourning dove is the only game bird found in every state of the nation.

Allegan County Hit by Financial Crisis

ALLEGAN (UPI) — Allegan County today was the latest addition to the list of Michigan counties reported to be facing a financial crisis for the remainder of the year.

Harold Monteith, chairman of the board of supervisors' finance committee, told the board it will be impossible to approve the social welfare department's request for a supplemental appropriation of $85,000 for the last quarter of the year.

Monteith said the general fund budget would contain only $10,500 when other expenses are met excluding the social welfare department's request.

The board's social welfare committee also reported that the department's 31 employes already have $10,500 in calaries due at present and that the department is without funds to meet this payroll.

The blame for the financial crisis was put on increases in hospital and medical expenses for the county.

He's 1st Mexican Chief to Visit Canadians

OTTAWA (UPI)—Mexican President Adolfo Lopez Mateos begins the first Canadian visit by a Mexican head of state today.

The President of the United Mexican States and Mrs. Lopez Mateos will be greeted by Gov. Gen. George P. Vanier, Prime Minister John Diefenbaker, External Affairs Minister Howard Green and Mexican Ambassador Rafael de Colina.

It Just Isn't Rite

Womanless Wedding Set

Ever hear of a marriage ceremony without a fair lady?

Such an event will take place at the Will Rogers School tonight as fathers of students stage a "Womanless Wedding."

The dads will become a bride, attendants and flower girls for a humorous matrimonial ceremony.

About 50 fathers, members of the Fathers' Camp Council, will participate in the program at the school, beginning at 8 p.m. The event will help defray the costs of a week of camping for the school's fourth, fifth, and sixth graders.

★ ★ ★

The students, their teachers and some parents will camp from Nov. 8-16 at the Proud Lake Recreation Area.

At camp, students will watch firearm demonstrations, and learn of geology and other outdoor subjects from Michigan State University teachers. They also will receive instruction in archery, forestry and trapping during their week outdoors.

The program tonight is open to the public.

Housing Starts Fall More Than Usual

WASHINGTON (UP) — Private housing starts fell more than usual last month, the Commerce Department reported Wednesday. Work was started on 117,000 private dwelling units, compared with 124,800 in August.

The report said housing starts were at a seasonally adjusted annual rate of 1,325,000—down from rate of 1,340,000 estimated in August. Starts hit a peak rate of 1,434,000 in April.

For the first nine months of the year, the annual rate of starts was 1,375,000. The rate in the corresponding portion of 1958 was 1,065,000.

Pimlico Calls Off Special for Top Nags

BALTIMORE (UP) — The Maryland Jockey Club today called off this year's running of the Pimlico Special after it failed to arrange a duel between Hillsdale and Sword Dancer.

★ ★ ★

The mile and three-sixteenths race was scheduled for Nov. 28. It is designed to bring together the top race horses of the year at the close of the racing season in the east to provide a mythical champion through direct competition.

★ ★ ★

Lou Pondfield, executive director of Pimlico race course, said "I want it understood that the . . . club is by no means discarding the race which brought together Seabiscuit and War Admiral in a championship match 21 years ago."

Pondfield said the track's failure to guarantee Detroit C. W. Smith, owner of Hillsdale, a fast track late next month prompted the decision to call off the race.

PROVED AT DETROIT'S PROVING GROUNDS...

YOU'RE MILES AHEAD WITH

THE NEW Mobil CAR GASOLINE

YOU CAN DRIVE 1960 GASOLINE TODAY! The 1960 New Car Gasoline is waiting for you right now in the Mobil pumps. This gasoline has already demonstrated its outstanding power and acceleration at Detroit's Proving Grounds with the 1960 cars! The same proving grounds where the new cars must prove themselves! For your new model, or for whatever car you're driving, you'll find Mobil's 1960 New Car Gasoline is perfect fuel for top performance and economy mileage under all driving conditions.

NOW IMPROVED WITH PREPTANE! Mobil's New Car Gasoline, now improved with the new additive combination Preptane, keeps engines and carburetors cleaner, smoother running . . . helps prevent stalling, guards against rust. Try a tankful of Mobil in your new or late model car!

• **Mobilgas Special**—Developed to satisfy today's modern cars, it's a must for the high powered, high compression engines. Mobilgas Special provides smoother knock-free power for *any* make of car.

• **Mobilgas Regular**—Here's the perfect power and economy answer for any car that performs efficiently on a regular fuel. Mobilgas can set a new high in miles per dollar for you.

State Group's Budget Small

Uses Influence to Boost History

LANSING (UPI) — Promoting a revival of interest in Michigan history isn't easy on a $100,000-a-year appropriation.

But the Michigan Historical Commission uses its influence to an extent far outreaching its budget.

"Our historical marker program has been well received since it began in 1955," said Dr. Lewis Beeson, Commission chairman.

Because of declining revenues, the marker appropriation was deleted from the present budget.

QUARTERLY MAGAZINE

Besides the marker program, the Commission publishes historical newsletters and guide pamphlets on how to start a local historical society or plan a community centennial.

It publishes a quarterly magazine, "Michigan History," and oversees important state documents, records, maps and photographs in the state archives it runs.

Just as important, however, is the indirect hand the Commission has in buying and restoration of important historical sites.

★ ★ ★

"We're not in the land management business and we don't want to be," Beeson said.

"But we do advise the Conservation Department about which historical sites should be on the top priority list for acquisition by the state."

Some of the most important on the priority list at the moment include Fort Colyer on Drummond Island; a mill at Waterloo; a ghost town of copper boom days, Central Mine, in the Keweenaw Peninsula; and the printing shop of Mormon King James Jesse Strang on Beaver Island.

EXAMPLE OF PROTECTION

"The Beaver Island situation is a good one to show how we sometimes protect a site which would normally be out of our reach for reasons of money," Beeson said.

"The Strang printing shop is about all that's left of the old Mormon 'Kingdom,'" Beeson said. "We persuaded two public-interested citizens to purchase it, and they are planning to turn it over to some citizens group for restoration and preservation."

Strang and a band of followers colonized Beaver Island (in northern Lake Michigan) in the 1840s at about the same time Brigham Young took the main party of Mormons to Utah where they founded Salt Lake City.

★ ★ ★

The Mormon leader set up his own "country," although he permitted himself to be elected to the Michigan Legislature.

In 1856, Strang was assassinated and his followers dispersed by Irish invaders from Charlevoix who opposed the practice of polygamy on the island.

Beeson, who was born in Oregon and received his doctorate at the University of Minnesota, is president of the Michigan Historical Society, as well as Commission chairman.

The two groups, of course, work closely together.

"It used to be that history was considered important only in terms of the big picture, encompassing the world or nation," Beeson said.

"Now there is a great revival of local history. As in all other parts of the country, the people of Michigan are waking up to their local heritage.

★ ★ ★

"Michigan history has been underrated," Beeson said. "The state has a history at least as colorful and exciting as that of any other."

Russ Production Up, Tass Report Says

MOSCOW (UPI) — Soviet industrial production in the first nine months of 1959 exceeded planned targets by 4 per cent and was up 12 per cent over the same period last year, Tass says.

★ ★ ★

Quoting an official announcement of the Central Statistical Board, Tass said that targets for both the first nine months of 1959 and the third quarter had been surpassed "both in over-all industrial production and in most of the essential items."

★ ★ ★

Labor productivity, which the Russians admit is half that of the United States, rose 8 per cent in the first nine months of this year, Tass said.

Mascot Search Hard on Hunter

Mother Falcon 'Bombs' AF Officer Looking for Academy Pet

AIR FORCE ACADEMY, Colo. (UPI)—A couple of Air Force captains have found that supplying the new Air Force Academy with mascots is no simple chore, even if a supply is close at hand.

Recently, Captains William L. Richardson Jr., and Don W. Galvin climaxed weeks of surveying two falcon aeries in the area by capturing six slightly shook but lively baby falcons.

The birds were nabbed from nests located on Cathedral Rock, a prominent landmark near the Academy, and from the Norm Smith ranch near Monument, Colo.

Galvin was methodically divebombed by the mother of four of the birds obtained from Cathedral Rock. He suffered a score of needle-beaked bites.

★ ★ ★

Richardson had to go mountain climbing to take the other pair of falcons. They were perched on the lip of a red sandstone about 200 feet above a mesa on the Smith ranch.

INSTRUCTS FALCONERS

Richardson, a history instructor at the Academy, also has charge of the cadet falconers.

The newly acquired birds have been lodged in his quarters. He keeps them stuffed with beef hearts and sees to their comfort by de-bugging them.

Richardson has now started training the birds with the help of the cadet falconers who will handle them at public appearances.

He expects that spectators at the Falcons' first football game, Sept. 26, will be able to see one of the first birds to come off the ledge at Cathedral Rock perform.

The falcon-capturing expedition could be considered in the line of duty for Richardson, since he's officer-in-charge of the cadet falconers.

But for Galvin it was a matter of enjoyment, despite the Stuka-like attack by the baby birds' mother. Falconry is his off-day hobby. During duty hours he teaches political science.

Refugees Quarter of West Germans

FRANKFURT, Germany (UPI) —Every fourth person living in West Germany today is a refugee from behind the Iron Curtain, the German Ministry for Refugee Affairs reports.

★ ★ ★

In its latest refugee figures, brought up to July 1 of this year, the ministry said there were 12,732,600 refugees in West Germany exclusive of the Saarland and West Berlin.

The figure is 24.6 per cent of the total population, the report said.

Refugees from Communist East Germany account for 3,245,000 of the total. The other 9,486,700 came from the Oder-Neisse territories seized by Poland at the end of the war and from other Communist areas.

ANNOUNCING THE NEW PLYMOUTH!

SOLID FOR '60! AT YOUR DEALER'S TOMORROW!

BUILT A NEW SOLID WAY TO GIVE YOU SOLID SATISFACTION

CHRYSLER ENGINEERING INTRODUCES A NEW KIND OF PLYMOUTH THAT MARKS A MAJOR BREAKTHROUGH IN CAR DESIGN. BODY AND FRAME UNIT ARE WELDED TOGETHER AS ONE, IN A NEW WAY. MANY PARTS THAT WORK LOOSE, RATTLE AND NEED FIXING IN ORDINARY CARS ARE ELIMINATED. THIS LOW-PRICE '60 PLYMOUTH IS STRONGER AND ROOMIER. IT USES LESS GAS THAN BEFORE. IT RIDES MORE COMFORTABLY, WE BELIEVE, THAN ANY OTHER CAR IN ITS CLASS.

PLYMOUTH'S NEW DURA-QUIET UNIBODY is a rigidly-formed structure, locked by approximately 5400 precise welds. It has no conventional body bolts, braces, struts or stays to give trouble. Road noises and road shocks are dampened. Even the sound of the wind is hushed.

We doubt if any car at any price has ever ridden or handled as well as this low-price automobile. Practical Stabilizer Design, incorporating rear stabilizer fins, adds stability on the road, cuts wind resistance, gives better gas mileage.

The new Solid Plymouth is a young, exciting car with ten full years of Chrysler Corporation development behind it. It will suit you particularly if you want a feeling of quality and a sense of craftsmanship. It is built carefully and precisely. We believe there is no other car in the low-price field that resembles it.

AN ALL-NEW INCLINED OVERHEAD VALVE "6" IS AMONG FIVE PLYMOUTH ENGINE OPTIONS FOR 1960. The first *inclined* engine ever in an American passenger car is the new Plymouth *30-D Economy Six,* most powerful "6" in America. Very economical, it is inclined to make servicing simpler, to lower the car's center of gravity and to make handling and riding easier. Also available to you for 1960: the limited-production *SonoRamic Commando V-8**.

SOLID PLYMOUTH 1960 OFFERS FEATURES NO OTHER CAR IN ITS CLASS CAN OFFER. *Custom-Positioned Front Seat. Safe-T-Matic doorlocking system*. RCA "45" Record Player**. And many more.
**Optional at extra cost*

Chandler to Try Wisconsin Vote

Kentucky Governor to Compete With Kennedy and Humphrey

MILWAUKEE (AP)—Wisconsin's presidential preference primary next April — where Sens. John Kennedy (D-Mass) and Hubert Humphrey (D-Minn) are expected to test their strength for the 1960 Democratic presidential nomination — heard of an unexpected starter today: Kentucky Gov. A. B. (Happy) Chandler.

"If my plans mature as I expect, then I will definitely enter in Wisconsin," Chandler told the Milwaukee Journal in a telephone interview. Reached by the paper at the Southern Governors' Conference in Asheville, N.C., Chandler said he also planned to enter the New Hampshire and Indiana primaries.

Chandler said he wasn't worried about the extensive campaigning which Kennedy and Humphrey already have started in Wisconsin, adding, "I wouldn't think the ground has been sufficiently well plowed to assure anybody of a victory."

At the 1956 Democratic National Convention, Chandler received 36 of 905 votes for the nomination on one ballot. He received one-half vote from the Wisconsin delegation.

Pontiac Educators Hold 9th Conference

Reports are being evaluated for the Pontiac school system after 95 teachers and administrators attended the 9th annual Pontiac Educators' Conference at Higgins Lake in Roscommon County.

The theme of this year's weekend session, which concluded Sunday, was "We Look at Our Social Studies Program."

Chairman of the conference was Perry Ninotti, principal of the Willis School. The keynote speaker was Dr. Ross Coxe, assistant professor of education at Wayne State University.

1,200 Indian Tongues

Another Rocky for Governor?

Winthrop Rockefeller Is Possible Candidate for Arkansas Post

DALLAS, Tex. (UPI)—Arkansas millionaire Winthrop Rockefeller, in Dallas to visit the State Fair of Texas, says he might run for governor of Arkansas, although he is not "seeking" the job.

★ ★ ★

But Rockefeller hedged when questioned about party affiliation and his views on present Gov. Orval Faubus. He came to Dallas from Little Rock to see the state fair.

"This whole subject is new to me," Rockefeller said. "It was not my idea. Let's make that clear. And I am definitely not seeking the job."

Rockefeller predicted that the chief issue in any future gubernatorial election in Arkansas would be integration, whether he is a candidate or not.

'ALL THE SAME'

"I don't think there are any such things as first and second class citizens," Rockefeller said.

"They're all the same when taxes are to be paid and when the draft call comes. Why should it be different when it comes to schools?"

About Faubus, Rockefeller said only that "he's still the governor of the state and I work for him as chairman of the Arkansas Industrial Development Commission. Remember — if I object to him too strongly I could have resigned."

★ ★ ★

Rockefeller would not say whether he would run on the Republican or Democratic ticket if he enters the governor's race.

"Everybody assumes that it would be on the Republican ticket, but this is not necessarily so," he said. "I wouldn't be adverse to running as an independent."

He said he would decide on the matter later.

Press Relations Panel Scheduled by School Group

The Oakland County School Board Assn. will hold its fall dinner 6:30 p.m. Oct. 21 at Ferndale's new high school, 881 Pinecrest.

★ ★ ★

A panel will be presented on "What Have They Said About You Lately," or "How Are Your Press Relations."

The panel will be moderated by Abraham Brickner, president of the Oak Park Board of Education.

★ ★ ★

Panelists include William Shunck, superintendent of Waterford Township Schools; Joseph N. McCall, editor of the Holly Herald-Advertiser; Ben Jones, president of the Troy Board of Education; and Grant Howell, managing editor of the Royal Oak Daily Tribune.

Laos Prober Denies Knowing of Top Red

TOKYO (AP) — A member of Laos expressed astonishment today at a report the group had received evidence Red China's former commander in Korea is masterminding the rebellion in Laos.

★ ★ ★

"I've never heard of it," said Brig. Gen. Heriberto Ahrens of Argentina. "This is the first time I've heard it. I'm really astonished."

A high official in the Japanese Foreign Ministry also stated he had no such report.

★ ★ ★

Ahrens arrived in Tokyo from Laos Wednesday night with Shinichi Shibusawa of Japan, chairman of the U.N. group.

May Smooth Disarmament Road

Parley on Antarctica Neutrality

WASHINGTON (UP) — A 12-nation parley on Antarctica, including both Russia and the United States, gets under way today amid hopes that it will produce a pilot accord for a future disarmament agreement.

If all goes well from a U.S. standpoint, the conferees will emerge in about three weeks with a treaty ruling out military use of the vast subcontinent and earmarking it for cooperative scientific ventures.

The great south polar region — as big as the United States and Europe combined — is still of unknown potential in commercial resources. It does loom as a source of possible international conflict.

From a cold war standpoint, this government figures a peacekeeping agreement for Antarctica may show the way toward other East-West deals on disarmament and use of outer space.

Antarctica is a timely trial ground because both Moscow and Washington agree no nation can yet stake out sovereignty over territory there. Also, scientists of the two nations have been cooperating in antarctic studies.

The proposed treaty would shelve without prejudice territorial claims already made by seven of the 12 nations. Some of these claims are conflicting.

How long the treaty would be in effect is up to the conference to decide.

In outlawing military use of Antarctica, the United States wants an inspection system to make sure there are no violators. It would not rule out such logistical facilities as naval supply bases, but would ban missile sites.

Control and inspection have been the big bottleneck issues in previous East-West disarmament talks.

The conference is an outgrowth of a proposal made by President Eisenhower on May 3, 1958. He suggested the antarctic subcontinent be used only for peaceful purposes and that the area remain open to all to conduct scientific or other peaceful activities.

Representatives of the 12 nations have held 60 secret preliminary meetings in Washington over the past 15 months.

The seven claiming sovereignty over parts of Antarctica are Argentina, Australia, Chile, France, New Zealand, Norway and the United Kingdom.

Besides the United States and Russia, conference participants without such claims are Belgium, Japan and the Union of South Africa.

The United States recognizes none of the claims and does not assert sovereignty for itself in Antarctica. The Soviet Union made a long study which disputed the Antarctica sovereignty claims of others. Moscow extended no claim of its own.

★ ★ ★

Secretary of State Christian A. Herter will welcome the delegations and serve as temporary chairman.

Lakes May See Great Ore Race

End of Steel Walkout Would Create a Mighty Demand by Smelters

HAMILTON, Ont. (UP)—The biggest Great Lakes race in history may start next week if a Taft-Hartley injunction ends the United States steel strike.

Ore boat operators hope to get nearly 250 carriers in operation in an effort to beat the "freeze squeeze" which is inevitable by the end of November.

Hamilton's steel mills have been stockpiling ore at a satisfactory rate, due to their ability to move cargoes from Seven Islands on the north shore of the St. Lawrence.

But their normal sources are the mines at the head of Lake Superior and they may be able to get a head start on United States carriers at the loading docks.

U. S. ore carriers may not be able to sail for four or five days after the strike is halted. Crews are scattered far and wide and it will take them that long to travel to port cities and get their ships ready.

Canada Steamship Lines and upper lakes shipping carriers have been running regularly between Seven Islands and Hamilton.

They can switch to the upper lakes run rapidly.

Steel mills in the United States are told the carriers can move more than 17 million tons of ore to Lake Michigan and Lake Erie smelters before the freeze up. This is not enough for full production throughout the winter.

Vet Fire Chief Dies

HARBOR SPRINGS (UP) — Louis E. Juillerett, chief of the volunteer Harbor Springs fire department for 61 years until 1958, died Tuesday at Little Traverse Hospital in Petosky. He was 81.

Says GOP Blocked Idle Pay to 30,000

MARQUETTE (UP)—State Treasurer Sanford A. Brown says the Republican-controlled state Legislature has prevented 30,000 unemployed workers in Michigan from collecting some six million dollars in jobless pay benefits which "rightfully should have been theirs."

Speaking on a Democratic-sponsored television program, Brown declared last night that the Republicans were guilty of "legislative blackmail" by insisting on adoption of what he termed an unrelated amendment before they would agree to passage of a temporary unemployment compensation bill.

The amendment would have repealed a State Supreme Court decision in the Ford-Canton case, involving the payment of jobless benefits to Michigan workers idled by a strike in the Ford plant at Canton, Ohio.

Brown pointed out that a measure passed by the U.S. Congress last spring extended unemployment compensation payments up to 13 weeks for qualified workers. He said 30,000 Michigan workers would have been eligible for the added benefits if the state Legislature had voted to take part in the program.

500,000th Passenger Sails on United States

LE HAVRE, France (AP)—The liner United States sailed for New York with her 500,000th passenger aboard.

Miss Jeanne Jourdanais of Providence, R.I., a young secretary in the American Embassy in Paris, was the special passenger. She was the guest of honor at a reception given by the United States Lines.

The big ship went into service in July 1952.

There are 80 million licensed auto drivers in the U.S.

Loyalty Keeps Ford Off TV

Won't Compete With Those Who Made Him Into Film Star

HOLLYWOOD (UPI) — Movie box-office king Glenn Ford says he won't do television shows because he doesn't want to offer competition to himself — or to the theater exhibitors who helped make him a film star.

"I don't believe an actor should compete with himself. He owes a loyalty to the men who exhibit his pictures, and it seems unfair to go into competition with them," he said.

"We all know the day is comming when we'll make movies exclusively for television, but in the meantime I feel very strongly that we owe a loyalty to the men who helped make us what we are," he added.

Ford, who has never made a movie that lost money, said he had no formula for picking successful roles. He added, however:

"The one thing I don't believe I'm right for are those costume period pieces. I did one — 'Loves of Carmen' — and it was a financial success, but it was a debacle. I was the worst Don Juan in the history of Bizet.

* * *

The enormous popularity of the dark-haired actor, who was born Gwyllyn Ford in Quebec, Canada, is remarkable by Hollywood standards because he has no press agent, seldom appears on popularity polls and won't have anything to do with fan magazines.

"You do the fan magazines an honor simply by calling them magazines," he said. "I think they're a disgrace to our industry. Any relation between the fan magazines and ethical reporting is like comparing Grand Canyon to my garbage disposal.

The five largest cities, in the order named, in the Rocky Mountain States are Denver, Phoenix, Salt Lake City, Tucson and Albuquerque.

UPI Telephoto

GRATITUDE — Pat McNamara (D-Mich) chairman of the Senate subcommittee on problems of the aged and aging, received this burst of affection from an elderly member of the audience during a hearing Tuesday at Boston. Mrs. Mary Bannister, 77, of Holyoke, Mass., hugs the senator to show how she feels about the committee's work.

Cooling Breezes, Shaded Pastures Fatten Cattle

LOS ANGELES (UPI) — Shaded feedlots exposed to cooling breezes are beneficial to fattening cattle, according to University of California Farm Advisor Chester A. Perry.

Experiments conducted in the Imperial Valley by scientists from the U.S. Department of Agriculture's Agricultural Research Service in cooperation with the University of California Agricultural Experiment Station showed that Hereford steers on shaded lots equipped with fans gained an average of 2.15 pounds daily.

* * *

Steers in wire corrals with neither fans nor shade gained only 1.63 pounds daily.

Carpenters Give Money to Wisconsin Museum

MADISON, Wis. (UPI) — The Wisconsin Historical Society has received $1,800 for establishment of a 19th Century carpenter shop at the Stonefield Farm and Craft Museum near Cassville.

The gift is from the Wisconsin State Council of the United Brotherhood of Carpenters and Joiners of America.

Help Was Near as Fire Broke Out at Drill

MADISON, Wis. (UPI) — Plenty of firemen were on hand when an unscheduled blaze broke out.

Safety and rescue drills were being staged for the Southern Wisconsin and Northern Illinois Firemen's Assn. when a 7,200-volt power line touched off a fire on a truck being used in a mock rescue.

The blaze was put out quickly.

Building Block Assembly Lines Cut Costs

New Industrial Revolution Dawns

HERE'S HOW IT GROWS — Building block by block, a milling machine — part of an automated assembly line — takes form. It's all part of a move to help hold down the cost of many types of goods from automobiles to oil well equipment. These changes should gradually mean more variety in the things you buy, for example in styles of cars.

DETROIT (NEA) — A revolution in manufacturing is quietly getting underway.

New methods will help hold down the costs of many types of goods—automobiles, farm machinery, missiles, aircraft — outboard motors, I.B.M. machines and oil well equipment.

These changes should gradually mean more variety in the things you buy — even more choice than now, for example, in types and styles of automobiles.

It will be possible to tailor cars more and more to particular needs — as some of the new small cars for 1960 are tailored to the needs of the housewife and her grocery-PTA-Brownie-Cub Scout errands.

★ ★ ★

The revolution will cut sharply the time between the day an improved auto engine is developed and the day you can have one in the car you buy.

These new methods will also cut down somewhat the seasonal ups and downs of employment in industries such as motor making where plants now shut down for yearly model changes.

They will make it possible for many smaller companies to install automation — at least partially — thus possibly reversing the decline of small manufacturers. They have been losing out in the past few years because of their inability to automate as rapidly as the big concerns.

What then is this revolution?

★ ★ ★

It's the building of giant automatic machines and automatic production lines from a "simple" series of "building block" units.

And it's the working out of a "simple" way to change these automatic machines and production lines by pulling out one "building block" or "tinkertoy piece" and substituting another, quickly and relatively cheaply.

That's a big change from shutting down the plant and buying virtually a whole new automatic production line when the market changes.

A key agreement on the intercompany standardization necessary to make these changes in machine tool production has now been reached between major American manufacturing firms.

The Big Three auto companies were in the lead, but the agreement included such industrial giants as General Electric, Bendix Aviation, I.B.M., Vickers, Caterpillar Tractor, Allis Chalmers and International Harvester.

The first major orders for the new standardized "building block" machinery will be signed shortly at least one major automobile maker.

★ ★ ★

These new methods will mean that eventually it will be possible to make quick and cheap shifts of automation from one type of job to another. And it will make possible the use of automation on many tasks and in many industries where it is now impractical.

Experts estimate that for making machinery changes the average savings should be around 60 per cent of the cost of the new machinery.

Sometimes the savings would be considerably greater. Under the new system it would cost $650,000 to change a production line making Lincoln or Mercury engines to a line making the small Falcon engines. Putting in a new line, by contrast, might cost about three million dollars.

That high old-time cost and the time required to change production lines has often been prohibitive in the past. Now it will be economically practical for auto makers to speed mechanical improvements in automobiles as rapidly as they've hustled styling changes.

★ ★ ★

This cheapness is the key to the profits the "building block" system can bring to small businesses. The small business lag is a result of the extremely high cost and the inflexibility of past highly-automatic production lines.

In at least one case, a company built a completely automatic plant, then was never able to use it because its customers wanted a change in the specifications of the product the plant was designed to turn out. It was cheaper to scrap the whole plant than to alter it.

Under the new "building block" system, a manufacturer caught in a changing market will be able to change a number of his "units" relatively cheaply, keep right on producing without long shutdowns.

Another advantage: a small company will be able to build up its automated production lines piece by piece. With "building blocks," he can keep adding on.

"It's the best news we've heard in a long time," says one small manufacturer.

Milwaukeean Raps Names of Taverns

MILWAUKEE (AP) — Alderman Clarence A. Heiden says he thinks Milwaukee is getting too many "crazy names" on taverns.

"We once had a tavern called the Snake Pit," Heiden told the Common Council's license committee. "I don't like those names. They deteriorate a residential neighborhood and attract undesirables."

At his suggestion, a tavern operator who had planned to call his establishment "The Rag Doll" agreed to change the name.

Port Means Much

NEW YORK — One out of every eight of the four million persons gainfully employed in the New York harbor area draws his livelihood directly or indirectly from the port commerce industries.

WINNIPEG—This capital city of Manitoba is the chief inland metropolis of the Dominion and is an important grain center and transportation hub.

Nothing says quality like the
1960 DE SOTO

UNIBODY . . . welds body and frame members into one piece of rugged steel. Makes possible more room on the inside, gives the safest, quietest ride you've ever had.

The new DeSoto makes no bones about being a big, luxurious car . . . one of the most powerful ever constructed. It has wall-to-wall carpeting, fine tailored upholstery, rich and simple chrome.

Built with Chrysler Corporation's new unit construction, the body is one piece of welded steel—rugged and rattle-proof. Unit construction plus famous Torsion-Aire suspension gives you America's quietest ride—bar none!

The 1960 DeSoto offers every kind of luxury option: Thru-way Auto-pilot, *automatic* swivel seats, Ultra-Fi phonograph—the *works!*

Best of all, your dealer has a wonderful new price story to tell you. Why not ask him about it today!

REMINISCING — C. Olaf Tolla (left), vice president of the Kroger Detroit division, and Joseph B. Hall, president of the Kroger company, set out in a horse-drawn replica of the peddler wagon used by the company's founder. In the next week executives of the company will be calling on housewives in the Metropolitan Detroit area. They plan to ask homemakers what they like in supermarkets.

Arthur Godfrey's Son Breaks Leg at Soccer

RICHMOND, Va. (UPI) — Mike Godfrey, son of television personality Arthur Godfrey, was reported in satisfatcory condition at a local hospital today.

He broke a leg Tuesday in a soccer game. Godfrey, a student at Virginia Military Institute, was playing in a match at Randolph-Macon College in nearby Ashland.

Hawaii Has a 'Mostest'

The southernmost point in the United States, which used to be Key West, Fla., is now Ka Lae, the tip of Hawaii Island. It is on a parallel with Mexico City.

Montana Sees Changes

HELENA, Mont. — During the period it has been in the possession of the United States, the state of Montana has been a part of six national subdivisions.

Death Valley Below Sea

BARSTOW, Calif. — Death Valley in California is six to 20 miles in width and is about 150 miles in length. It averages about 279 feet below sea level.

Hudson River Setting Ancient

Adirondack Hills Are Over a Billion Years Old, Now Eroded

WASHINGTON—Henry Hudson's famous river, explored by him on the Half Moon 350 years ago, is short in distance but long on geology.

Near its source, the Hudson is a clear trout stream, dashing through forests of spruce and balsam. Later it flows placidly past ancient mountains and lava cliffs to meet incoming Atlantic tides.

For 300 miles the river follows a remarkably straight course, much of it along a deep valley with steeply rising rock walls, the National Geographic Society says.

The Hudson rises in New York State's Adirondack wilderness among hills of ancient granites which formed the roots of a great mountain chain over a billion years ago. The mountains eroded away, leaving only a trace of events which took place in the primitive crust. The rocks are among the oldest on earth.

The highest point in the river basin is Mount Marcy, more than a mile above sea level. The Hudson's birthplace there has been described by a naturalist as "a minute, unpretending tear of the clouds . . . a lovely pool shivering in the breeze of the mountains." On its downhill way, the stream tumbles over stones shining green, gold, and blue with iridescent labradorite.

SEA LEVEL AT TROY

When the Hudson joins the Mohawk at Troy, 150 miles from its mouth, it has reached sea level.

Southward, the river passes the Hudson Highlands, site of West Point. In metropolitan New York, a sheer gray cliff rises on the west bank and forms the Palisades—a wall 350 to 550 feet high and 12 miles long. The cliff began as a great sheet of lava in Triassic times, some 160 million years ago. Red shales above and below the Palisades contain the bones and footprints of dinosaurs.

Kroger Executives Call on County Housewives

Three hundred executives of the Kroger Co., the nation's third largest food chain, are ringing doorbells this week in the Wayne-Oakland County area to find out what Mrs. America likes and dislikes about supermarkets.

Joseph B. Hall, president of the company, started the doorbell ringing Tuesday in Detroit.

The company is interested in obtaining a closer relationship with its customers, the sort of rapport the small corner grocery store has always had.

When the homemaker opens her door, she will be given a sewing packet. If she can produce a $5 cash register tape dated from Oct. 5 through Oct. 16 she will be given the opportunity to answer a general question about food.

The right answer wins her a prize. In any case she receives a merchandise coupon.

★ ★ ★

Hall and his fellow executives have no set list of questions to ask. They expect to chat with homemakers in an informal way, giving the women an opportunity to tell what they would like to see in new supermarkets, what they like and don't like about the present setup.

Hall emphasized in his announcement of this program that it is not a consumer research program in the ordinary sense. There has been no careful plotting of representative groups or ages. It is more like the sampling of opinion an old-time peddler got from the people he called on.

This sampling was first done on a small scale in Pittsburgh. The Detroit area was chosen for the first large scale "Kroger Calls on You" program because the Kroger division here is the largest in the company.

One-hundred retail stores are operated in this area from division headquarters at 12701 Middle Belt Rd., Livonia.

Employe Group Irked by Rival

State Association Says It Wants New Name to Avoid Similarity

LANSING (UPI)—The Michigan State Employes Assn. today demanded the AFL-CIO Michigan State Employes Union change its name to avoid confusion in identifying the two organizations.

Gordon Larson, MSEA president, accused the rival group of fraud and deception and threatened a lawsuit if it ignores the demand.

Similarity in names has caused "embarrassment and misidentification and damage" to the MSEA, an independent group which claims 12,500 state employes as member, Larson said in a letter to Robert S. Grosvenor, MSEU director.

Last May, Larson said, a strike threat by the MSEU because of payless paydays for state employes was erroneously attributed to the MSEA, leading to resignation of several members.

The MSEU claims a membership of 1,500.

Larson said the rival group adopted a similar title in "a deliberate attempt to mislead and deceive career civil service employes."

★ ★ ★

The name of the AFL-CIO group, he said, is not registered as a corporation, a labor association of "even as an assumed name."

MSU Is Getting High Caliber Students Now

EAST LANSING (UPI)—Apparently the caliber of students at Michigan State University is getting better.

★ ★ ★

MSU admissions and scholarships director Gordon A. Sabine said yesterday that this year's freshman class has more top scholarship students, students who rank at the top of national intelligence tests and students who had straight "A" averages in high school than any of the previous classes.

There are also more students who were valedictorians and salutatorians than there were before, he said.

★ ★ ★

A similar increase in such students has been going on at MSU for two years in the freshman classes, he said.

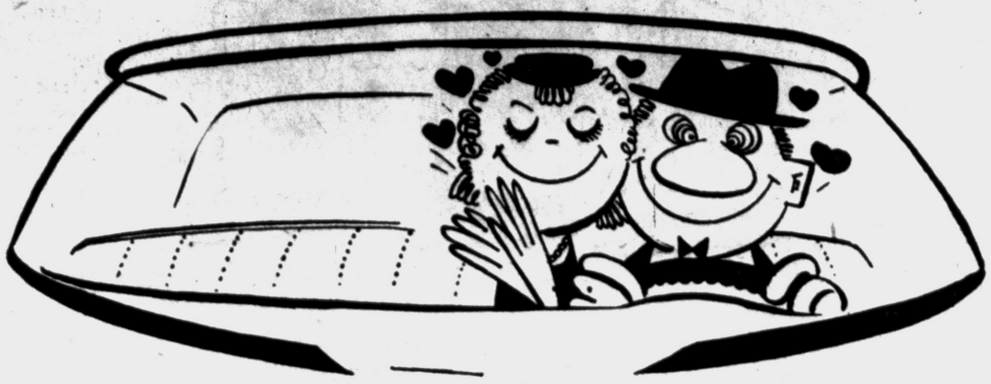

First Trail Winner for Pontiac Pointer

The first time year-old Satillo Wahoo Rab took part in a field trail, he came through with a win for his owner, Dave Grubb of Pontiac.

Wahoo is an English Pointer, just back home from a training "school" in western Canada. He was tops among 18 fine midwestern dogs in the open puppy stake at Warren, Ohio, last weekend. "He had a good back course" Dave says, "then came up with a solid point on five pheasants at once."

Wahoo's pappy, Rab the Hunter, missed another stake win when he came [illegible] with a "wagging" point. "Ra[illegible]ey the birds were plants" Gru[illegible]orted.

B[illegible] will run in Sunday's pointer trial at Highland.

Cape Hunting Dogs Hunt You

Ferocious Pups Rarely Survive in Captivity; Mother Kills Them

WASHINGTON (UPI) — When you think of an affectionate, loyal pet, the first word that probably comes to your mind is "dog."

But there are a couple of pups recently born at the Washington National Zoo you certainly wouldn't want around YOUR house.

They are called Cape Hunting dogs. Zoo officals are keeping their fingers crossed. These snarling, snapping youngsters rarely survive in captivity.

The reason: their mother — whose disposition is none too good —usually kills her young. In fact, full-grown Cape Hunting dogs will kill anything they can get their fangs into.

While Zoo officals theorize that mom may have become a bit less barbarous in her Washington surroundings, the surly-eyed pups seem to have retained all the instincts of their forefathers.

★ ★ ★

Keepers say they prefer to stay away from the black, white-breasted dogs. "They look at me like I'm steak and mushrooms," said one keeper.

These anti-social animals are natives of South Africa. Even on that continent of killer animals Cape Dogs are regarded among the best—and most efficient—killers.

MENACE TO STOCK

Ranchers say they're the greatest menace to sheep and cattle. But their killer instincts don't stop there. Cape dogs will attack anything—including lions.

They work in packs, with sometimes more than 100 in a pack. When in packs, they're the most efficient hunters known to man. Here's why:

When they pick up the scent, lead dogs go out to pace the chase. As the leaders tire, dogs at the rear take their place. This goes on in relays. Finally, the prey worn out, the pack closes in, and forms a circle around the exhausted quarry.

★ ★ ★

One dog steps out of the pack and takes the first lunge at the cornered animal. The yapping killers follow.

A fully-grown Cape Hunting dog is about five feet long—a foot-and-a-half of that tail.

They've been known to kill and eat humans.

Farm Wage Rates Climb to Record

WASHINGTON (UPI)—Seasonal farm wage rates have hit new record highs in every region of the country, an Agriculture Department report showed today.

★ ★ ★

For the nation as a whole, the average hourly wage for farm workers was 80.6 cents an hour, up 1 per cent from last year.

Largest regional increases reported were 3 to 4 per cent in the West-North-Central, South Central and Pacific states, the department said.

★ ★ ★

Altogether, there were 9,300,000 Americans working on farm in late September. The figure was down 1 per cent from the same period a year ago.

Steelworkers' Resources Dwindle Day by Day

PITTSBURGH, Pa. (AP)—The half-million striking steelworkers who haven't picked up a pay check in 13 weeks are a strike-wise, resourceful lot, but their financial positions worsen as the 93-day-old dispute lengthens.

★ ★ ★

What sources of income do they have? For the great majority the answer is "none."

Many of the family men in the steel mills learned long ago to start building up a cash reserve months before contract time rolls around. Then they try to stretch the reserve during the work stoppage.

A few — a very few — are fortunate and find part-time jobs. In New York state, a big exception, striking workers are eligible for unemployment benefits.

But New York is the only state with such legislation. For the most part the workers are shifting for themselves. The United Steelworkers international has no strike fund; it pays the workers no benefits.

★ ★ ★

Some of the union locals, with healthy reserves, make a stab at caring for proven hardship cases. In most of those cases the locals buy food in wholesale lots and distribute it to the needy.

Other locals attempt to pay medical and fuel bills for those in dire need. But there is no fixed program that provides any assured income for all the strikers.

In some states — Pennsylvania, for example — workers can qualify for public assistance and government surplus food if they can prove they have exhausted all their savings and other assets.

But for the most part the half-million striking steelworkers are living from day to day, either dipping further and further into savings or else creeping deeper and deeper into debt.

TV Quiz Probe Is Big Mistake, Price Maintains

JACKSON (AP)—Actor Vincent Price says the congressional investigation of rigged TV quiz shows is a "terrible mistake" if it means loss of quiz shows.

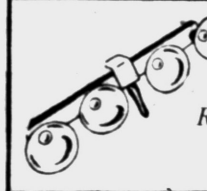

Price, himself a quiz show veteran, said in an interview yesterday the shows were the "only programs that were imparting knowledge or telling me anything, regardless of how they were phonied up."

The actor, on a lecture tour, said that when he appeared on "$64,000 Challenge" he was not coached. He said the show was "only rehearsed insofar as the interview was concerned." He said no one took money under false pretenses.

Price defended the quiz programs, saying "it's a show, and if they want to pay their money to have it — O.K., it's not the government's money."

"I hope everybody in the United States will fight what they're doing in Washington on this," Price said.

Bank Shortage Being Shushed

Dallas Official Free Under Bond; $290,320 Amount Missing

DALLAS, Tex. (AP) — Authorities kept mum today about what became of $290,320 they accused a bank official of misapplying.

Federal agents charged James Cook Evans, 52, thin-haired, quiet and mild, in the case Wednesday but refused to disclose many details. He waived preliminary hearing and went free under only $2,500 bond.

The money disappeared in the past two years, investigators said, from the First National Bank in Dallas, one of the city's largest. Evans was an assistant vice president and had worked there since 1925.

Ben H. Wooten, president of the bank, said he understood the shortage involved five other men and a wildcat oil drilling project. No other bank employe had anything to do with the shortage, he said.

The FBI charged Evans specifically with a false entry in bank records crediting a nonexistent $3,000 deposit. Evans had no comment.

"The misapplication came about through the making of fictitious deposits and the paying and concleaning of drafts drawn for collection," Wooten said.

Fidelity bonds covered the full amount of the loss, the bank president said.

Other employes discovered a shortage Tuesday when illness kept Evans off the job, and the bank notified the FBI. Evans was fired.

Pontiac Press Photo

TWOFOLD BENEFIT — Not only do the Girl Scouts of America benefit from the United Fund, but also the big Community Activities Center where the Scouts meet in Waterford Township. Finishing a leaders' training course in the building are Mrs. Jay Bendall, Mrs. John Brady, Mrs. Earl Wilson, Mrs. Lawrence DeRycke and Mrs. William E. Johnson.

UF Assists Waterford Center

One of the largest and most beneficial projects receiving support from the United Fund is the Community Activities Center located in the heart of Waterford Township.

More than just a local community center, the big cement block building on Williams Lake road accommodates some 3,000 Oakland County people weekly, according to secretary and general manager, Mrs. Helen Hall.

★ ★ ★

Everything from ballet, archery, dog training and Saturday morning fun programs, to rummage sales, civic meetings and the monthly distribution of government surplus food, is in operation every hour of every day and night in the week.

From the outside, the big two-story square building looks substantial — and plain. There is no fancy entrance-way, no elegant pillars, steps or impressive decorations of any kind. There is little landscaping, but room for parking 1,500 cars.

A different story unfolds inside. The huge gymnasium with a stage at one end, accommodates hundreds of people young and old in league play of basketball, tennis, archery and special organizational activities.

Some 300 people can be served dinner in the huge dining room. Add the gymnasium area and 500 more may be served from the stainless steel kitchen. All preparation and serving of the food is donated by the CAI Women's Auxiliary.

A complete dairy bar keeps teenagers appetites satisfied, at a nominal cost.

Musical recitals, square dancing groups, ladies reducing classes and political rallies help keep the building "alive." All kinds of holiday parties are booked far in advance and the Rotary Club and Junior Chamber of Commerce have their weekly noonday luncheons permanently scheduled at the CAI.

★ ★ ★

Civil Defense, the Garden club, the Blood Bank, Cancer Society and all boy and girl Scouting programs make the CAI the basic headquarters for regular activities. Strictly a non-profit organization, the CAI operates continually all year long and only small fees are charged for services and activity space, Mrs. Hall explained.

★ ★ ★

The annual budget for the CAI operation is $25,000. Approximately $8,700 comes from the United Fund and $4,500 is produced from the annual CAI Fair held in the spring. The balance is made up from special dinners, rallies, wedding receptions and other space-renting projects, Mrs. Hall said.

Ousted Surgeon Is Sued Again

Dr. Sullenberger and Pontiac General Are Linked in Demand

Dr. Neil H. Sullenberger and Pontiac General Hospital have been linked again in a suit claiming $250,000 damages.

Filed in Circuit Court yesterday by Mrs. Marion L. Mero, 1545 Larkspur Rd., Union Lake, the suit names the hospital's medical staff and Board of Trustees as co-defendants.

Specific charges are to be filed within 15 days.

, Mrs. Mero's husband, Eli, died in the hospital Nov. 27, 1957. He was one of several surgical patients Dr. Sullenberger was treating in the hospital at the time he was temporarily suspended by the Board of Trustees Nov. 13, 1957.

After his suspension, Dr. Sullenberger was not allowed to enter the hospital again. He has claimed that care of his seven patients was taken away from him and placed by the hospital into the hands of other doctors who were in good standing.

★ ★ ★

Dr. Sullenberger's suit for reinstatement at the hospital led to the charges that he had violated professional standards at the hospital in 25 cases, in six of which the patient died.

★ ★ ★

The suit eventually was thrown out on grounds that the doctor should have first asked for a hearing by the Board of Trustees.

Dr. Sullenberger later asked for one and it resulted in his permanent suspension from the hospital last fall.

Directs Acquittal in Murder Case

Feels Prosecutor Fails to Prove Guilt in East's Vigilante Trial

CHELSEA, Vt. (AP)—Robert O. Welch of Newbury was acquitted of murder today by a directed verdict which ended Vermont's vigilante trial.

★ ★ ★

Judge Natt L. Divoll Jr. told the jury he and the two side judges who, under Vermont law, sit with the court, had concluded unanimously the case should be ended at this point after defense had rested without calling a single witness.

★ ★ ★

Judge Divoll explained to the jurors that the court first denied a defense motion for a directed verdict but decided to order one on a renewed motion filed after defense counsel Henry Black announced he would present no testimony inasmuch as he felt the prosecution had failed to prove guilt.

★ ★ ★

Welch, 46-year-old school janitor, was indicted along with Frank W. Carpenter, 43, for the slaying of Orville A. Gibson, 47, prosperous Newbury dairy farmer.

Carpenter was not on trial with Welch. He was scheduled for a separate trial, but the state immediately announced it will not prosecute him in view of Welch's acquittal.

OUT OF HIDING — Vaino J. Kilpinen, 58, who deserted the Finnish cavalry in 1921 because he was afraid of horses, is shown in the loft on his family's farm at Renko where he hid 38 years. Kilpinen emerged into the world this week on learning that he no longer can be prosecuted. He indicated he will try to make his own way in a bewildering modern world he has scarcely seen.

Learns He's Witness to Theft—Too Late

PENSACOLA, Fla. (UPI)—While City Attorney F. Churchill Mellen was parking his car in the City Hall lot, he noticed another automobile being driven away.

It wasn't until later that he learned the vehicle belonged to another city employe and was being stolen before his very eyes.

Mouse House—No Muss, Fuss or Wife Strife

Squeamish housewives no longer have to wait until hubby comes home from work to take a trapped mouse out to the garbage can.

★ ★ ★

West H. Gallogly of Lake Angelus has manufactured in his Warren factory a "no fuss, no muss" Mouse House which keeps the timid housewife from ever having to see or handle the trapped mouse.

It is completely disposable with the mouse inside, pre-baited with kernels of corn, and preset to save pinched fingers, Gallogly said.

★ ★ ★

A safety feature, he added, is that the trap is enclosed in a paper box, keeping the steel parts from children or pets.

★ ★ ★

The idea came from two Detroiters, Allen C. Gruschow and Harry Versyer, from whom Gallogly bought the rights.

Cotton Firm Tycoon Elliott Springs Dies

NEW YORK (AP) — Col. Elliott White Springs, 63, president of Springs Mills, Inc., and a number of other cotton firms, died today in Memorial Hospital of cancer of the pancreas.

★ ★ ★

Springs was an outstanding flier in World War I, credited with shooting down 11 enemy planes, and an author of a number of books and short stories.

★ ★ ★

He headed many enterprises in his hometown of Lancaster, S. C., including presidency of the Bank of Lancaster and of the Kanawah Insurance Co.

Students to Get Ride to School

Rochester Board Agrees Road Too Hazardous for Pupils to Walk

ROCHESTER — The Rochester Board of Education last night agreed to transport 19 high school students living in Rochester Knolls Subdivision to school. They have been walking along a stretch of Walton boulevard dubbed "extremely dangerous" by the board.

About a dozen parents from the subdivision appeared at the board meeting to ask the school officials to help alleviate the problem they felt might result in a serious accident if allowed to continue.

Concurring with the parents that the section of road in question was an extremely hazardous one to travel on foot, even for students of high school age, board members agreed to make an exception for one year in their policy requiring older students to walk if they live within a mile and a half of the school.

In making this exception the board asked the cooperation of the parents involved to try and find another solution to the problem.

★ ★ ★

Public transportation or a sidewalk or path leading to the school from the rear of the subdivision were suggested as possible alternatives.

The school officials said they do not want to transport all students from Rochester Knolls on a permanent basis because there were so many vacant lots in the subdivision. They feel that when these lots are built up students living there will require several buses to transport them.

Japanese Unions Plan to Block Missile Sale

TOKYO (UPI) — Leaders of 10 labor unions warned the government today union members would attempt to prevent the landing of the first Sidewinder missiles bought from the United States when the weapons arrive here.

★ ★ ★

The 10 unions represented in the delegation have a total membership of 200,000 workers.

Junior Symphony Set for Grand Rapids

GRAND RAPIDS (UPI)—Robert Zeller, conductor of the Grand Rapids Symphony Orchestra, has announced plans to form a junior symphony orchestra here.

Zeller said he and Daniel Kovast, symphony violist and a music instructor at Grand Rapids Junior College, will conduct the junior symphony which will include musicians from 12 to 21 years old.

Design Cars for Safety

By RAY CROMLEY

DETROIT (NEA) — "We can't design a car that some man won't find a way to kill himself in but we can make it awfully hard for him," says one of this auto city's leading safety engineers.

What, then, is in store to make cars safer? NEA Service went to Detroit to find out. What's being worked on by the Big Three — Chrysler, Ford and General Motors?

Some of these ideas will be adopted fairly soon, some not for a long time, some maybe never. But they are all likely ideas being tested today in "safety cars" developed by the auto companies to test their safety ideas.

Here they are:

— A "collapsible" front end that would absorb a lot more of the shock from a front-end collision before it reaches the driver. One idea: a nest of honeycomb-like collapsible cells just behind the bumper.

— An improved "collapsible" steering wheel with padded center post that would give — as an artillery rifle barrel gives in recoil — slowly, so it won't stab a driver through the chest.

— A dashboard further from the front seat, so a passenger jackknifing forward in an accident, will just miss hitting with his head.

— A windshield with a thicker plastic innerlayer that will bend a little more before it breaks.

— Inset door panels, so door handles and other gadgets won't protrude and gouge passengers in an accident warning lights on the rear edge of doors—they shine when the door is opened, warning drivers coming up from the rear that someone may be getting out of the door on the street side and perhaps stepping into the line of traffic.

— A bolster on the back of front seats to protect the heads of rear seat passengers thrown forward in a crash.

★ ★ ★

Besides interior safety, engineers are also testing tires in which sawdust is mixed with the rubber, and tires with a myriad of sharp horizontal cuts, as better skid resistors.

They're working on even faster acceleration for cars, so drivers can get out of threatened collision areas quicker. Drivers would be able to pass more quickly, cross four and six-lane highways more rapidly, thus keep out of trouble.

They're working with a new type of brakes, with slots in the drum which would let more air in to cool the braking surfaces so they would work better.

And the engineers are also looking into brakes that would work with a mere touch of the side of a driver's foot. "Imagine the speed with which you could swing your foot sideways from the gas pedal in an emergency," says one engineer.

But the safety men won't be satisfied until they take the control of automobiles out of the hands of drivers.

"What else can you do?" says one expert. "No matter what we devise, they continue to kill themselves. We studied, found seat belts would cut down sharply on serious injuries. So we offered them. Only about two per cent of the people buy them. And only a fraction of those that buy use them. So what good do they do? And what good do a lot of our other safety gadgets do?"

★ ★ ★

What then is the answer? The major car engineers see only one solution for the future — the automatic highway. An electronic gadget in a car would "fix" onto a cable embedded in the highway and move along automatically.

It will be many years before such a system will be used generally. But safety men think the system might be practical in less than a decade on some super highways. If cars are suitably made a driver might "rent" a guidance system as he entered a super highway, journey down that highway without a care in the world, then turn in the guidance box at the end of the road.

Already, engineers have worked out a method of cutting a narrow finger-width strip out of a highway and for laying a cable economically without tearing up the highway. There are experimental roads with embedded guidance cables in the Detroit auto testing grounds.

A major problem: the electronic guidance system is not yet as reliable as a human being, with all his frailties.

DESIGNS FOR SAFETY — These are some of the safety ideas being tried out in test cars by one or the other of the Big Three auto makers.

Will Be Bilingual Bird for Zoo Exhibit

ST. LOUIS, Mo. — A laughing mynah bird named Tiong is learning to talk in a special cage in the offices of the St. Louis Zoo.

Tiong already has a rich vocabulary in Malayan, punctuated by loud, mocking laughter. The idea is to teach him English.

So far it's slow going, although Tiong learned his new name immediately and can repeat it in soprano, alto or bass.

Zoo officials are optimistic, though, and predict Tiong will be on display, talking English, in the children's area of the zoo next year.

Uranium Old Hat

Uranium has been used for years as a colorant in ceramics and glass, but not until World War II did man learn how to derive energy from its atom.

Half of all the income collected by the state of Louisiana comes from taxes on petroleum.

The first world's fair to be held in the United States was put on in New York in 1853.

138 Kinds of Mizzzzery

North America has 138 species of mosquito, according to the National Geographic Society.

Paralyzed Artist Uses His Teeth Instead of Hands

SEVILLE, Ohio (UPI) — Ealon Lamphier is an artist by the skin of his teeth.

★ ★ ★

Lamphier, paralyzed from the neck down when he was stricken by polio 10 years ago, refused to give up on his determination to become an artist, so he put his teeth to work.

The 31-year-old Navy veteran grips a "knife" between his teeth and applies the paint to his canvas with slow, certain strokes. He uses a knife tip for detailed work.

A year ago, Lamphier won second place with one of his works at the Medina County Fair.

★ ★ ★

Lamphier also operates his own "ham" radio station, tape records letters to others similarly paralyzed and dabbles in sculpture and ceramics. But he is determined primarily to win recognition as an artist.

★ ★ ★

"I want to be recognized as a painter, not as a cripple who paints," he says.

U.S. Exporters Thrive

Of the four billion dollars worth of farm commodities exported by the United States in 1958, private traders accounted for 2.8 billion dollars and government-financed programs for 1.2 billion dollars.

Paper Is Changed

Paper can now be made from all cellulose fibers which come from wood, linen and rayon. But, in 1955 wood pulp and waste paper comprised 96 per cent of the raw material for new paper.

Presenting the completely new
CHRYSLER 1960

The car of your life for the time of your life!

This is a new time . . . a new decade. Call it the "spirited sixties."

Now, into this new time comes a totally new kind of car . . . Chrysler 1960!

No other car is so superbly equipped to meet the demands of the "spirited sixties." In looks . . . in ride . . . in room . . . in reliability . . . in conveniences.

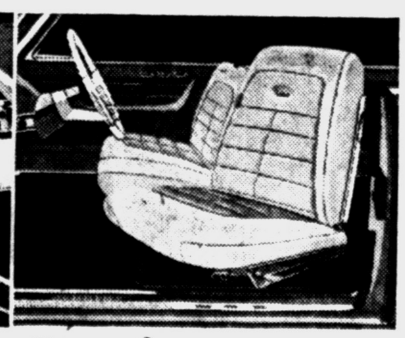

New Ideas in Styling. Bold grille. Graceful rear deck. Clean lines sheathed in Lustre-Bond . . . the hardest automotive finish known.

New Ideas in Comfort. The driver's seat has been raised . . . padded with extra foam rubber. There's more leg, knee, hip and head room. New interiors are clothed in sturdy, color-bright designer fabrics.

New Ideas in Reliability. This year Chrysler features Unibody. Body and frame are built as a single, rattle-free unit. Stronger. Quieter. Roomier. A new protective dipping process locks rust out of vital areas.

Get touching close to this new Chrysler soon. Compare its fresh beauty with other cars. See how Chrysler has actually built in *more* room while other cars continue to be cramped. Then take it out on the road and have the time of your life!

New AstraDome Control Center. It's a new, driver-centered styling note. Three-dimensional dome makes instruments instantly easy to read. At night, new Panelescent lighting gives reflection-free illumination.

This new Swivel Seat is Automatic. Open the door and this optional seat swings out to greet you *automatically!* When you leave the car it *automatically* swings inside. Chrysler's High-Tower seat adds comfort to your driving.

This is Chrysler's greatest . . .
lion-hearted

Beef, Apples, Poultry Are Food Bargains This Week

Although frying chickens are the most frequently featured protein food this week—due to heavy supplies—low retails on lamb, beef and pork are reflecting last week's drops at the wholesale level. There are many excellent bargain choices.

This is truly the in-between season for low-cost variety in fruits. Michigan apples are really the only economy buy and this week they are at their lowest cost level. Avocados are reasonable in cost and grapefruit and banana prices are on the downgrade. Weather conditions have delayed volume shipments of fresh vegetables but there is an abundance of the homegrown winter varieties and some of the green vegetables from warmer climates are increasing in supply.

★ ★ ★

POULTRY: Supplies of frying chickens are still heavy. They are causing such low prices that they provide little return to the producer. You will find the whole birds and the fryer parts specially featured again this week. Keep in mind that you pay 4-5 cents more per pound for the service of having the birds cut up.

BEEF: Prices on quality steers also fell to the year's low because producers are being forced to sell to make room for new cattle and calves arriving from Western ranges where early snows are driving them out of the ranges into feedlots sooner than expected. The large supply has resulted in lower prices on both the front and hind quarters in many stores. Ground beef, chuck and rib roasts and round steaks have decreased slightly in price.

PORK: Although hog prices have continued to drift steadily downward to new lows, wholesale and retail prices on fresh cuts have not been trimmed proportionately because the packing house strikes are cutting the excess supplies and lard prices have continued to decrease. However, spareribs are seasonally lower in price and Boston butt roasts and steaks are good values. Many kinds of hams, bacon and frankfurters are also somewhat down in price.

FISH: Fresh perch continues to be the best value but some markets are featuring white bass at low prices. Medium sizes of shrimp—anywhere between 26-42 per pound—are also on the good buy list. Remember that the more shrimp in a pound, the lower the price should be. A sharp drop in the production of oysters caused by a mysterious ocean malady has already caused prices to be 10-15 cents per pint higher than last year.

EGGS AND DAIRY: The difference in price between the large and medium eggs is becoming steadily less. This is because there are slightly more large sizes available at this time of the year—the price is more favorable—and there are considerably fewer of the smaller sizes.

FRUITS: Apple prices are at the low point of the season this week. Heavy shipments of avocados are causing those prices to be reasonable, and banana prices may be expected to drop in another week when the operation after the recent dock strike is back to normal. Grapefruit are still in only moderate supply but the shipments are increasing daily. Remember that the Duncan grapefruit are lower in price because they contain seeds—but many folks believe they have the outstanding flavor.

VEGETABLES: Supplies of Michigan potatoes continue to be heavy and in fine quality. There are many features this week on the larger units for storage. Maine potatoes will begin to appear in about a week to 10 days, and the quality is reported to be good.

Homegrown winter squash varieties and yellow onions are also in abundance and low in price.

Weather conditions have caused lettuce prices to be at the highest point of the season but heavier supplies are starting to be shipped and prices should be on the decline. The volume of tomatoes has been lighter than earlier expected due to rains and smaller yields. However, prices on the vine-ripened tomatoes and the repacks are slightly lower.

AP Wirephoto

TO WED NIGHT CLUB SINGER — The Rev. Robert Laidlaw Rolls of St. Martin's Anglican Church in Niagara Falls, Ont. stands with his fiancee, night club singer Barbara Alcorn. The 39-year-old clergyman and Miss Alcorn, 27, a native of Prince Edward Island, Canada, will be married Saturday in nearby St. Catherines, Ont. Rev. Rolls proposed to Miss Alcorn 12 days after she attended a Sunday service in his church last month. She has been appearing at a local hotel.

Foreign Car Makers Not Too Worried

Little Imports Keep Right On Rolling Into U.S.

By BEN PHLEGAR
AP Automotive Writer

DETROIT—While all the fuss is going on over the introduction of the new American compact cars, the little imports keep right on rolling to records in the United States market.

Just released registration figures show that 81 foreign makes sold just over 400,000 cars in the American market in the first eight months of this year, beating their previous record for a full year by 23,000 cars.

Even the American auto giants predict import sales will approach the 600,000 mark this year. Last year—the previous record—the figure was 377,625. Just 10 years ago the figure was 12,251.

Registration figures are available only after a car deal has been completed and the title registered with proper state authorities. Thus compilations of these figures, which are the only accurate ones for sales, usually run six week late.

ONE MONTH REPORT

In August 56,187 foreign-built cars were sold in the United States. For comparison purposes that's about the same number as the total Oldsmobiles, Buicks and Cadillacs sold that month. It beats any single make's monthly total except Chevrolet and Ford.

It is this constantly growing foreign car market that the Big Three eye hopefully with their new compact cars. Ford and Chevrolet especially have said they expect to trim it below 500,000 next year.

So far the foreign makers don't sound very worried. Earlier this week, Dr. Heinz Nordhoff, president of Volkeswagen, declared: "It is my conviction that these cars, still big by European standards, will not affect the small cars imported from various European countries."

He said he believed the customers for the Falcons, Corvairs and Valiants "will come primarily from the group which previously owned larger cars, not from the ranks of those who are looking for a small car such as the Volkeswagen."

Many observers feel price has been one of the important factors in the huge growth of the foreign car market. They cost less to buy.

If this is the case, the new compact cars can't change the picture much. For example the cheapest Falcon has a base price, including federal excise tax and dealer preparation charges, of $1,912. The cheapest Corvair, including similar charges, is $1,984.

Seven of the top 10 selling imports have port of entry prices, including similar taxes, lower than these American figures. Two of the top 10—Opel and Vauxhall, which are General Motors' imports—are in price competition and only one, the Swedish Volvo, is above the new compact field.

TOTAL STILL HIGH

In the eight months these three makes accounted for 13½ per cent of the imported sales. If they were wiped out entirely, which they won't be, and the other lines remained static the import total still would run 590,000 for a year.

The sales fight among the various imported makes is interesting in itself. Volkswagen, the acknowledged leader, has gradually yielded a larger and larger share of the market to other makes.

Volkswagen sales through the first eight months were 74,117 against 78,261 for all of last year. But its share of the market was only 18.4 per cent against 20.7 per cent a year ago.

Renault continues to be a strong second and in August sold 8,960 cars to Volkswagen's 9,456. It was a record for the French firm.

Less than 4,000 cars separate the four contenders for third place.

The English Ford, which has just brought out a new Anglia model for American sale, holds third with Opel fourth, Fiat fifth and Simca sixth. Rounding out top 10 for the year are Hillman, Triumph, and Vauxhall, all from Britain, and the Volvo.

The imports as a whole accounted for 10.55 per cent of the total American market in August, a high for the year. In the past two years their percentage has been highest in October and November, the end of the American model year.

So there may be some even more interesting figures to come.

Highway Official Claims:

'Salt Doesn't Hurt Cars'

LANSING (AP)—The rock salt spread on ice and snow-covered highways does not damage your car, a state highway engineer said today.

★ ★ ★

S. W. Dubee, chief road maintenance engineer for the State Highway Department, thus debunked the popular notion that sodium and calcium chlorides eat into auto bodies.

Many motorists call rock salt the curse of winter driving.

"Not so," said Dubee." Ironically, the stronger the salt solution and the colder the weather, the less corrosive it is on cars.

RAINWATER WORSE

"In fact, I've been told by engineers that rainwater is more corrosive than the salt solution we use to melt ice on highways."

Dubee said the department experimented with anti-corrosive solutions that can be added to rock salt but abandoned the idea because they aren't worth much."

Complaints about salt damage to cars have fallen off considerably since World War II, he said.

★ ★ ★

"We got a lot of complaints during the last years of the war and right afterward because lots of motorists had cars that were almost 10 years old and starting to fall apart," he said.

"They blamed the solution we were using for causing the rust."

Priest Fights Glossing of Death Camp

Wants to Preserve Horror of Dachau

DACHAU, Germany (AP) — A Catholic priest is battling to preserve Dachau concentration camp as a macabre memorial to inhumanity.

The West German government is planning to tear down 29 of the 34 prison barracks. It would furnish the remaining five as they were during the Nazi era as a warning example of inhumanity.

The Rev. Leonard Roth thinks that isn't enough. He wants to keep intact the crematory, where thousands of victims were reduced to ashes; the cold water experiment chambers, where hundreds died agonizing deaths; and the autopsy room.

"The people that come here don't want to see monuments," he says. "They want to see the way it really was, the guard towers, the graves and the crematory. They should be able to convince themselves: 'That's the way it was.'"

3,000 COME DAILY

The crematory, which stands apart from the main camp in a small park, attracts the most visitors. About 3,000 persons, mostly foreigners, visited it daily this summer.

Among the visitors often are former inmates and relatives of those who died here.

★ ★ ★

A sign over the entrance to the crematory says "No Guided Tours." None is necessary. The people who walk through the room with its four ovens, through the shower room and the morgue whisper when they speak. A gruesome atmosphere still shrouds the place.

'LEST WE FORGET'

Although signs everywhere say "Don't Write on Walls," inscriptions of names and bitter accusations are scratched into the walls in many languages. There is a huge star of David with the words "Lest we forget."

"Near the crematory are the graves of the victims. Camp officials told U.S. authorities after the war that 25,000 persons had died at the camp — from disease, hunger or torture. But committees of former inmates feel the figure is near 40,000.

★ ★ ★

Today the camp buildings are occupied by nearly 2,000 refugees from communism. Father Roth is their chaplain. The refugees are shortly to be moved to a new housing development.

Knight Hearing Now Under Way

Quiz of Witnesses to Decide About Trial for Trooper's Slayer

BRIGHTON (AP) — Questioning of witnesses resumes today in the preliminary examination of Alvin W. Knight who is accused of shooting a state trooper and hiding his body.

Knight, 48, was silent and impassive during rigorous cross-examination of eight witnesses by his court-appointed attorney, Martin J. Lavan, at the opening of the examination yesterday.

★ ★ ★

The hearing, before Justice Eric Singer, will determine if sufficient evidence exists to warrant a circuit court trial for Knight.

Indications point to an extended preliminary examination. Prosecuting Attorney Wilfred Erwin of Howell said at least 15 more witnesses would be called to testify.

Knight, an ex-convict and former mental patient, is charged with murdering state policeman Albert W. Souden, 29, on Sept. 3 after the trooper allegedly questioned him regarding a $75 burglary in Milford.

★ ★ ★

Knight was captured the day after Souden's disappearance at his Lakeside cabin near Oscoda.

Although police say he had Souden's police revolver in his possession, Knight denied knowledge of the trooper's whereabouts.

After some 70 hours of questioning—topped off with a dramatic face-to-face meeting with Souden's 23-year-old wife, Clara—police said Knight agreed to tell them where Souden was.

★ ★ ★

They said Knight led them to a densely wooded area about 2½ miles southwest of Argentine and showed them the shallow grave in which the trooper's body lay.

Oakland Group Sells Tickets to Detroit Play

Members of the American Field Service in Oakland County are selling tickets to the Alfred Lunt-Lynn Fontaine play, "The Visit," for the Oct. 16 performance at the Schubert Theater in Detroit.

★ ★ ★

Ticket proceeds will benefit the exchange student program if purchased through Mrs. Richard W. Brown, 684 North Cranbrook Rd., Birmingham.

Sergeant Receives Medal

Honor Rescue Pioneer

CAMP LEJEUNE, N.C. (AP)—Marine Sgt. Levi M. W. Woods, first man to be picked up from the ground by a high-speed airplane in flight, today receives the Navy and Marine Corps medal in recognition of the feat.

★ ★ ★

He was picked up Aug. 12, 1958, when tests were being made of a new air-sea rescue system, kept secret until now. Many successful tests had been made on animals and dummies at Quantico, Va.

The rescue plane first dropped the rescue kit to Woods. It consisted of a lift harness, 500 feet of nylon line, and a baloon to be inflated with helium.

Woods strapped himself into the harness, hooked on the line, inflated the balloon and let it go. It rose, pulling up the 500 feet of line.

The rescue plane traveled at 144 miles an hour. A two-pronged yoke engaged the line.

"There was no jerk or jolt," he recalls. He was subjected to a pull about seven times the force of gravity. The aircraft crew, using a winch, pulled him aboard.

Woods, a native of Hood River, Ore., lives at nearby Jacksonville, N.C., with his wife and four children.

JAMES MANN

Local Kiwanis Elects President at Meeting

The North Pontiac Kiwanis Club elected James Mann president at its annual election meeting Wednesday at the Green Parrot Inn.

Mann, who lives at 6922 Colony Dr., West Bloomfield Township, will succeed Richard Mineweaser.

Other new officers are Kenneth French and Robert Wernet, vice presidents; William Dunseith, secretary; and Andy Steimer, Joseph Pollina, Lester Stanley and Marshall Jordan, members of the Board of Directors.

Y-Teens Planning a Hobo Jamboree

Y-Teen Roll Call Week, a membership drive for teenagers in the YWCA organization, ends Saturday with a Ho-Bo Jamboree from 1:30 p.m. to 4 p.m. at the Franklin boulevard YWCA.

Posters drawn by members depicting National Roll Call Week will be judged at the Jamboree for originality.

Y-Teens will come dressed as hoboes and a king and queen will be chosen for the Ho-Bo Court.

Alice Lon Hit in Solo Debut at Night Club

HOLLYWOOD (AP)—Alice Lon, cheered by most everybody in the Lawrence Welk band but the bubbly maestro himself, made her solo night club debut Wednesday night in the plush Coconut Grove.

★ ★ ★

The onetime Champagne Lady, who was bobbled out of the Welk group three months ago, was bothered with a touch of laryngitis but sang well—and scored a hit with the near-capacity house.

She said later that Welk didn't even send a wire of congratulations but added: "My room is filled with flowers from almost everybody else in the band."

GREATEST COOKWARE OFFER IN OUR HISTORY!

COMPLETE SET OF MARVELOUS Princess EXTRA HEAVY ALUMINUM WATERLESS COOKWARE

BEAUTY FOR YOUR KITCHEN! SAVINGS THE YEAR-'ROUND

ENJOY HEALTHIER, EASIER, TASTIER Cooking

It's easy to cook the waterless way! You'll save time and work . . . and serve healthier, more delicious meals. It pays for itself — and now you can own this complete set at a sensational saving! Here's what you get:

- 2 qt. Sauce Pan and cover
- Casserole - Inset Pan
- 7½-inch Fry Pan or Frozen Food Pan
- 3 Egg Poacher—Muffin Cups and Tray
- 6 qt. Dutch Oven -Roaster
- 11-inch Chicken Fryer (dutch oven cover fits chicken fryer)
- Extra-heavy gauge aluminum
- Cool, bakelite handles and cover knobs
- Welded handles — won't turn or loosen
- Moisture-retaining covers
- Gleaming silver-like exteriors
- Easy-to-clean satin finish interiors

Reg. $19.95 Value

$10.88

Divert Super Carrier Funds

Push Anti-Submarine Research

By RAY CROMLEY

WASHINGTON (NEA) — Here's the real reason the Navy scuttled its plans for a new atom-powered super carrier this year, and why the House of Representatives cut out all money for any kind of a new Navy carrier:

The 220 million dollars thus saved was needed to step up sharply anti-submarine warfare research and development programs.

The top Navy brass privately are "worried stiff" about atomic submarines. They don't know any way to detect them.

They can't hear them, or see them, or find them — whatever the Navy Department or Submarine Killer Team commanders may say in publicity announcements.

The actual fact is this: the top Navy strategists fear that when the Reds get atom-powered submarines that fire Polaris-type missiles then the whole continental U.S. from San Francisco to New York and from Detroit to Dallas, will be open to devastating hydrogen-bomb attacks from silent, submerged submarines lying off our coasts.

★ ★ ★

Figure it for yourself. The improved Polaris missile will go 1,700 miles. That's half way across the U.S. from either coast. It's clear across the U.S. to the Great Lakes from the Gulf of Mexico.

A Russian atomic submarine could leave a Soviet port, sail noiselessly underseas to a point a hundred miles off the U.S. coast without ever coming to the surface, and without making any noise that could leave a Soviet port, sail noise-watchers. It would not even have to come to the surface to fire.

The Soviet Union now has around 480 submarines. Some 300 are long-distance subs that go more than twice as fast as the World War II German types. They're also much more silent. They can submerge deeper. They can stay under water for long periods.

It's calculated they're "eight times" as difficult to detect and catch. But they're nothing compared with what the atomic subs will be.

So far as is known now, the Russians have no atomic sub, nor a Polaris-type missile. But there's no doubt in any U.S. admiral's mind that the Reds have the ability to produce both atomic subs and Polaris-type missiles.

★ ★ ★

The situation is so bad the Navy and a number of U.S. corporations — including General Dynamics, which builds nuclear subs — think the only solution will lie in one or more of a number of seemingly wild-eyed proposals, now being seriously studied.

Here's what the scientists are doing:

They know that a submarine, just in running through water submerged, kills and injures fish and other marine life, including plants. They have hopes that this death and injury pattern can be "seen" for long distances by some sort of electronic gadget, and that it persists long enough so that a submarine can be tracked by the debris left behind.

The scientists have found that there are some layers in the ocean — and apparently certain underwater channels — through which even small sounds carry enormous distances, sometimes thousands of miles.

The U.S. is starting a mapping of these channels in the undersea. When that is completed, sentry submarines, stationed at key spots, will be able to "hear" and track even "silent" Russian atomic submarines.

Submerged submarines cause small waves on the surface of the ocean. Navy radar men are working on a method of distinguishing these waves from those caused by the winds and the currents from considerable distances.

★ ★ ★

An atomic submarine gives off considerable heat. Some research men think there's a chance that some infra-red or other detecting device can determine from long distances where an atomic submarine has been a short time before. This heat detection then could be used to track these elusive undersea craft.

There's no solution in sight right now. The Navy men are hoping they'll find the answers before it's too late — before the Russians get a sizeable fleet of the atomic submarines.

THE MENACE OF NUCLEAR SUBS — When Reds get atomic submarines like our Nautilus (above), they could bracket U. S. with missiles from subs lying hidden off our coasts (map).

Disorder in Court at Disturbing Case

FLAGSTAFF, Ariz. (UP) — Charles T. John, 40, just didn't know when he was well off.

John was in court to face a charge of disturbing the peace. While waiting for his case to be called, he got into an argument with his wife, Zonie.

John settled the argument by slugging his wife on the jaw. Police and court officials separated the two and then held John on a more serious charge of aggravated assault.

City Manager Wanted

GRAND RAPIDS (UP) — Mayor Joseph C. Kolderman Jr. of suburban Wyoming is taking applications for the post of Wyoming city manager. The City Commission expects to name a new manager within 30 days to succeed William Doorn who is resigning effective Jan. 1.

Grand Haven Has Plans for 125th Anniversary

GRAND HAVEN (UP) — A Community dinner has been scheduled Nov. 2 as a highlight in the celebration of Grand Haven's 125th anniversary as planned by the Tri-Cities Historical Society.

★ ★ ★

The dinner takes place at the Hotel Schuler which is on the site of the first home of the Rev. William M. Perry, founder of Grand Haven.

Dr. David Seibold, historical society president, said downtown stores will observe the anniversary with relics and historic souvenirs.

Pioneer, 76, Found Dead

GRAND HAVEN (UP)—Mrs. Louis H. Osterhous, 76, widow of Grand Haven's first municipal judge, was found dead Tuesday at her home. Her husband died in office several years ago.

Watermelons were cultivated in the Nile Valley in Egypt thousands of years ago.

Hold Price Line on '60 Models

Auto Makers Optimistic; Car Buyers Reap Benefits

By JACK VANDENBERG
UPI Automotive Editor

DETROIT — The auto industry's optimistic outlook for increased sales in 1960 is paying cash dividends for new car buyers.

In recent years, the prices of new cars have taken a jump every time the auto industry introduced new models. But all of the companies have announced that they intend to hold the line on prices in 1960.

Some have even announced that the price tags on their 1960 models will be lower than those carried by the 1959 models.

At first glance it might seem that the auto makers have agreed to accept lower profits in 1960.

★ ★ ★

The costs of building a car are almost certain to go up during 1960. The threat of increased costs of steel posed by the current negotiations in the steel industtry alone would be enough to warrant speculation that the cost of building a car will rise during 1960.

But the auto industry is not only offering the same car at the same price, it is offering a new car with many new values built into it. In many cases accessories which carried separate price tags this year will be offered as standard equipment at no extra cost on the 1960 models.

All of this would indicate the auto industry is selling a car that costs it more to make at the same or lower price.

The auto companies are still in business to make money, however, and they wouldn't be holding the line on prices if they thought it would cut into their total profits.

★ ★ ★

Each year the auto companies engage in a guessing game, trying to figure out how many cars they will sell in the next year. They know how much profit they have to make to pay dividends to their shareholders.

It is obvious that the more cars they sell the less they have to make on each car to obtain the desired total profit.

RICHMOND—Virginia produced 23.5 million tons of coal in one year, setting a record.

Nikita Sends Greetings to President on Birthday

LONDON (UP) — Soviet Premier Nikita S. Krushchev Wednesday sent birthday greetings to President Eisenhower, Moscow Radio reported.

Krushchev said his meetings and talks with Eisenhower in the United States last month "confirmed my confidence in your readiness to show the will and make the necessary efforts for the achievement of complete mutual understanding between our two countries."

National Newspaper Week Oct. 15-21

Because the newspaper profession has set aside this period as National Newspaper Week we would like to ask you to pause here with us for just a few moments. We are very proud of our profession and our newspaper. We are thankful for the privilege of serving such a fine community. The newspaper's responsibility and obligations are well defined and expressed by the men quoted below and are as true today as they were when spoken. We are grateful to our advertisers and our readers for the support that makes The Pontiac Press possible.

The Newspaper is an institution developed by modern civilization to present the news of the day, to foster commerce and industry, to inform and lead public opinion, and to furnish that check upon government which no constitution has ever been able to provide.

Colonel Robert McCormick, Chicago Tribune

Yes, Yes; I am old. In me appears
The history of a hundred years.
Empires', kings', captives', births
And deaths;
Strange faiths and fleeting
Shibboleths;
Tragedy, comedy, through my
My Pages
Beyond all mummed on
Any stages;
Cold hearts beat hot, hot hearts
Beat cold,
And I beat on.

Thomas Hardy, London Observer

Here shall the Press the People's
Right maintain,
Unawed by influence and unbribed
By gain;
Here patriot Truth her glorious
precepts draw,
Pledged to Religion, Liberty and
Law.

Joseph Story, Salem Register

Absolute freedom of the press to discuss public questions is a foundation stone of American liberty.

Herbert Hoover, Ex-President of the United States

We have the newspaper, which does its best to make every square acre of land and sea give an account of itself at your breakfast table.

Ralph Waldo Emerson

THEY'RE ALL GOOD — Large supplies of squash at this time of year offer several varieties to the food shopper. At the left is the acorn or pepper squash, an old favorite. In the center is the butternut squash, while at the right is the buttercup variety.

Autumn Squash Season Here

By JANET ODELL
Pontiac Press Home Editor

Grandma had Hubbard squash to last all winter. Mother had the acorn or pepper squash. These two were the most popular varieties until recent years. Now, in addition, we have both butternut and buttercup squash and many people think they are superior to any other kind. We do at our house.

* * *

You may bake a whole squash by pricking it in half a dozen places and putting it in a 350-degree oven for 1½ to 2 hours. Or you may cut the squash in pieces and bake cut side down, for about an hour, or until the flesh is easily pierced with a fork.

Stuffing squash with sausage or ground meat is an old standby recipe. But have you ever stuffed acorn squash with cheese and apples? Sounds like a good Friday dish.

Cheese Stuffed Acorn Squash

3 medium acorn squash
¼ cup butter
1 cup diced celery
1½ cups shredded apple
1½ cups soft bread cubes
½ teaspoon salt
⅛ teaspoon pepper
1 cup shredded cheese

Wash squash, cut in half and remove seeds. Brush with melted butter and sprinkle with salt and pepper. Bake, cut side down in 350-degree oven for about 45 minutes, until tender.

Saute celery and apples in butter until transparent. Add bread cubes and toss to blend. Add salt and pepper and toss again. Fill partly baked squash centers with mixture and top with cheese.

Bake 10 or 15 minutes longer or until cheese melts. Makes 6 servings.

* * *

Put cooked squash into a delicate souffle-like dish. This can take the place of potatoes with pork chops.

Squash Fluff

2 tablespoons butter or margarine melted
1 small onion chopped
1½ cups butter cracker crumbs
1 cup milk
½ teaspoon salt
⅛ teaspoon pepper
2 cups cooked squash
4 eggs beaten

Saute onions in butter or margarine. Mix cracker crumbs, milk, salt, pepper and squash. Fold in beaten eggs. Pour into well greased individual baking dishes or a 2-quart casserole. Bake in 350-degree oven 30 minutes for individual or one hour for large casserole. Makes 4 servings.

* * *

This last recipe is rather an unusual way of using leftover squash. Of course, you know you can freeze it easily for use another time. But you may have just half a cup which is what this recipe calls for.

Squash Diamond Biscuits

2 cups biscuit mix
2 tablespoons sugar
½-1 teaspoon pastry spice
½ cup mashed squash
6-8 tablespoons milk
3 tablespoons salad oil
14-inch quilted broiling foil

Mix together biscuit mix, sugar and spice in a bowl. Combine squash and milk (moistness of squash will determine the amount of milk to add), stir in oil. Add all at once to biscuit mixture, stirring to soft dough, then beat 15 strokes. Turn out onto floured strip of quilted broiling foil and knead gently 8 to 10 times.

With floured rolling pin, roll into diamond shape, about 13 inches from tip to tip and ½-inch thick. Make two diagonal cuts from top sides for 9 diamond biscuits.

Brush excess flour from strip of quilted foil, slip onto cookie sheet and bake in a hot oven (400 degrees F.) for 10 to 15 minutes. Makes 9 delicious biscuits.

Fruit and Flowers

Ever combine food and flowers for a delightful dinner-party centerpiece. We like to pile green grapes in a white or silver compote, then tuck white gladioli (just the blossoms) around the edge.

Do Nice Things to Macaroni for Casserole

Nice for each end of a buffet table.

Buffet Macaroni and Beef

1 package (8 ounces) elbow macaroni
3 tablespoons butter or margarine
1 medium-sized onion (finely chopped)
6 medium-sized mushrooms (sliced through cap and stem)
1 pound ground chuck beef
1 can (10¼ ounces) Italian-type meatless marinara sauce
¼ cup minced parsley
Grated Parmesan cheese

Cook macaroni according to package directions; drain. Meanwhile melt butter in 10-inch skillet; add onion and mushrooms; cook until onion is yellowed.

Add beef; mash with a fork until it loses its red color. Mix in sauces and parsley; heat. Mix with drained macaroni. Turn into two casseroles (5 to 6 cups each); sprinkle each with ¼ cup Parmesan.

Bake in moderate (350 degrees) until bubbling hot — about 20 minutes. Serve with extra Parmesan. Makes 6 to 8 servings.

Grated orange peel in molasses cookies or gingerbread gives a delicious flavor.

Put Essential Foods in Lunch Box

Five foods . . . and an extra dash of imagination . . . belong in your lunch box lineup every day, says Mrs. Josephine Lawyer, Consumer Marketing Information Agent for Oakland County.

The five foods are . . . a protein rich food, enriched whole wheat bread, a vegetable, fruit and milk.

An egg salad sandwich made up of chopped carrot, celery and cucumber with minced onion and salad dressing includes the first two.

With fresh vegetables and eggs in abundant supply, this sandwich makes an economical, appealing addition to your lunch box. A choice of vegetables, fruit and milk complete the lunch box line-up.

Nut Graters Available

Ever want to try a European recipe that calls for grated nuts? There are small rotary graters with cranks that are inexpensive and made for grating nuts and cheese.

Abbreviation

Bookkeepers for early American canning firms are credited with developing the word "can" as an abbreviated form of "canister."

The word was first widely used after Englishman Peter Durand patented in 1810 the use of "vessels of tin" for keeping food.

Greatest thing in corn since flakes!

NEW ready-to-eat cereal

INTRODUCTORY OFFER
6¢ OFF REGULAR PRICE

CORN CHEX

Corn Chex—created especially for you folks who like the taste of corn cereal at breakfast. Brand-new Corn Chex give you all that fine fresh-toasted corn flavor—better than flakes—without the drawbacks. Corn Chex never wilt in the milk, as flakes often do. Corn Chex are sunny-combed kernels of criss-crossed corn...best shape corn's ever been in! They keep their exclusive bite-size shape to the last crispy kernel. At your grocer's now.

RALSTON PURINA COMPANY
Checkerboard Square, St. Louis 2, Missouri

Even Popeye Will Approve of This

A simple way to give spinach savor.

Italian Spinach

1 package (10 ounces) frozen leaf spinach
Boiling water, salt
4 teaspoons olive oil
1 tiny clove garlic (crushed),
Freshly-ground pepper.

Cook spinach according to package directions using the amount of boiling water and salt called for; drain. Heat olive oil and crushed garlic in saucepan; add spinach; mix with a fork and reheat. Add more salt if desired and pepper to taste. Makes 3 servings.

Potato pancakes are usually served with applesauce; try them sometime with chicken gravy.

SPICY APPLE DOUGHNUTS — Doughnuts, spiced and apple sweetened, are festive fare for any gathering. Wheat Germ gives them nut-like flavor and vital nutrients. The candied apples and popcorn balls boast extra nutrition, too.

Spicy Apple Doughnuts Have Brand New Flavor

A grand flavor combination, with an extra special boost in good nutrition, is gained by combining wheat germ with apples. Apples are good, wholesome party fare, and when they're teamed with the high nutritive content and salt-sweet, nutty flavor of wheat germ, you have a hearty combination of good eating and good nutrition.

★ ★ ★

Wheat germ is one of the best vitamin B1 foods; it is high in protein, iron, riboflavin and niacin. Using it in attractive, tasty recipes is such a good way to introduce this relatively new food to the family—and especially to children.

The apple doughnuts, made with wheat germ, are different and delicious. The candied apples will make a hit with young and old, and even these fluffy popcorn balls carry a ration of wheat germ's protective nutrients.

Spicy Apple Doughnuts

2 eggs, beaten
1 cup granulated sugar
4 tablespoons salad oil
1 cup thick sweetened apple sauce
1 cup sour milk or buttermilk
5 cups flour
1 teaspoon salt
4½ teaspoons baking powder
1 teaspoon soda
1 teaspoon nutmeg
½ teaspoon cinnamon
1 cup wheat germ

Beat eggs and sugar until light; add salad oil, apple sauce and milk and beat until smooth. Add flour sifted with salt, baking powder, and spices. Add wheat germ and mix lightly until dry ingredients are blended. Chill one hour.

Roll ½ inch thick on floured surface; cut with doughnut cutter; fry in deep, hot fat (375 degrees) until golden brown. Drain on absorbent paper. Dip in confectioners' sugar just before serving, if desired. Makes 3 dozen.

★ ★ ★

Peppy Pop-Corn Balls

¾ cup light corn syrup
¼ cup light molasses
¼ teaspoon salt
1 teaspoon vinegar
2 tablespoons butter
⅓ cup wheat germ
2 quarts unsalted popcorn

Combine syrup, molasses, salt and vinegar in saucepan. Stir over medium heat until mixture boils. Continue cooking, stirring constantly until mixture forms a hard ball when tested in cold water. Remove from heat; add butter and wheat germ; stir only enough to mix.

★ ★ ★

Slowly pour over popcorn in large bowl, mixing in well. Form into balls 2½" in diameter. Makes 10 popcorn balls.

★ ★ ★

Golden Dipped Apples

6 medium sized apples
⅔ cup granulated sugar
1¾ cup light corn syrup
Red coloring
⅔ cup wheat germ

Insert skewers in stem end of apples. Dissolve sugar and syrup in top of double boiler over hot water. Cover and cook slowly until sugar crystals dissolve. Uncover and boil to 300 degrees or until syrup is brittle when tested in cold water. Stir in a few drops of coloring.

★ ★ ★

Plunge apples into syrup and twirl until syrup covers evenly, then roll quickly in wheat germ in shallow bowl. Cool on buttered cookie sheet. Makes 6 candied apples.

Pail to Wastebasket

Little personal touches around the home needn't be expensive. If you have an old metal pail, dress it up for playroom use with rope. Coil the rope around the pail and give it a protective coating of shellac to keep it from soiling rapidly. You may want to paint the inside of the pail white, or a bright red or yellow.

Mold Artichoke Hearts in Cosomme Aspic

Dress up your dinner table for guests or family with this attractive salad: sprinkle an envelope of unflavored gelatin over ¼ cup cold water to soften. Heat 2 cans of condensed consomme; add gelatin and stir until dissolved. Season to taste with lemon juice and pepper sauce. Chill until partially thickened.

★ ★ ★

Stir in ½ cup sliced celery and a 16 ounce can of artichoke hearts, drained and cut into quarters. Pour into a salad mold and chill until firm. Unmold on crisp salad greens and garnish with mayonnaise.

Two Ingredients Go Into Dressing

A dressing that is simple to make, nutritious and delicious.

Pineapple Dressing

1 tall can (1½ cups) evaporated milk
1 can (6 ounces) pineapple juice concentrate

Pour evaporated milk (undiluted) into a 1-quart mixing bowl. In small amounts, stirring constantly, add undiluted pineapple concentrate. Serve with fruit salad. Makes 2⅓ cups.

Throw some ice cubes into the water in which radish roses are reposing in the refrigerator; helps make the radishes deliciously crisp.

K Surprised by Our Wealth?

U.S. Propaganda Chief Says His Visit Altered View of America

WASHINGTON (AP)—U. S. propaganda chief George V. Allen said today the Communists have changed their line of attack against capitalism because of what Soviet Premier Nikita Khrushchev discovered on his trip to the United States.

★ ★ ★

Allen, head of the U. S. Information Agency, said the Communists now admit capitalistic production is abundant—but wasteful.

In a speech prepared for a meeting of the Public Relations Society of America, Allen said: "I don't know whether Mr. Khrushchev liked what he saw in the United States or not. But in the future, it won't be quite as easy for him to believe some of the nonsense about America projected to the world by his own propaganda mechanism.

"Soviet propaganda has held that under American capitalism, the poor were constantly getting poorer. Since the Khrushchev visit this line already has changed.

★ ★ ★

"Now, Moscow admits that capitalism produces an abundance for the masses. The trouble with capitalism, we are now told, is that it is wasteful—that socialist planning will also bring abundance but with less waste of effort and of natural resources."

★ ★ ★

"What Khrushchev and his companions saw for themselves in America seems to have already exploded some of their preconceived notions about this country."

High Court Studies Business Tax Case

LANSING (AP)—A law suit that conceivably could cost Michigan 10 million dollars a year in business activities tax (BAT) revenue has been taken under advisement by the State Supreme Court.

★ ★ ★

The adverse effect on state finances would require a Supreme Court reversal of a Wayne County Circuit Court decision that went against Armco Steel Corp.

Armco, contesting $93,000 in 1954-55 taxes assessed under BAT, has challenged constitutionality of the 1953 levey, the state's prime revenue getter for the sensitive general fund.

BAT produced about 54 million dollars last fiscal year and is expected to yield about 65 millions this year.

In oral arguments yesterday, Atty. Robert Dunwoodie of Detroit, arguing for the steel firm, said as applied to his client the tax amounts to a direct levy on gross receipts from interstate sales.

★ ★ ★

This offends the due process clause of the U. S. Constitution, he said. Dunwoodie also challenged application of the act by the State Revenue Department.

Suit Mustn't Be Circus, Leopold Is Warned

SPRINGFIELD, Ill. (UPI) — Nathan Leopold's million-dollar damage suit must not turn into a "three-ring circus," the Illinois parole board warned the aging "thrill killer" yesterday.

★ ★ ★

The board ruled that the invasion of privacy suit — asking $1,405,000 damages because of the novel and movie "Compulsion"—did not violate the terms of Leopold's parole.

But the board said the suit was "inadvisable" and promised to keep its eye on the proceedings and the publicity surrounding them.

★ ★ ★

Leopold served 33 years in Stateville Penintentiary for the 1924 Chicago "thrill murder" of Bobby Franks. He has worked as a hospital attendant in Puerto Rico since his parole.

President Calls for Accuracy, Zeal From Press

WASHINGTON (AP)—Zeal and accuracy in the nation's newspapers are needed to "make history move steadily forward in the direction of freedom and justice," President Eisenhower says.

★ ★ ★

In a statement issued for the 20th annual observance of National Newspaper Week, which begins today, the President said: "Your newspaper—freedom's textbook" is a "fine theme for this year's observance. To me, it stands for the hopes and achievements of American journalism.

★ ★ ★

"As our editors report the daily affairs of their communities with zeal and accuracy, they help to supply our citizens with the lessons of history, together with the information which is required to make history move steadily forward in the direction of freedom and justice.

"I am delighted to add my best wishes for the success of National Newspaper Week."

That Was Errol Flynn

Liked Whisky Old, Gals Young

By JAMES BACON
AP Movie-TV Writer

HOLLYWOOD (AP) — Errol Flynn was a charming rogue and pretended to be nothing else.

He had two hobbies in life—women and booze. And in his 50 years, he had plenty of both. He liked his whisky aged but his women young.

At the height of his fame—in the mid-30s—Errol's sleek Auburn roadster was a familiar sight around Hollywood High School.

★ ★ ★

On his fatal trip to Vancouver, B.C., he was accompanied by 17-year-old Beverely Aadland, whom he described as his protege. She also had been his protege in Paris a year ago when he made "Roots of Heaven" for Darryl Zanuck.

★ ★ ★

A few weeks ago, he tossed a 17th birthday celebration for the blonde actress. Then he told a reporter: "She's getting too old for me."

Flynn's alcoholic intake was no secret. One of his directors said that he made a practice of getting all Errol's key dramatic scenes done before lunch.

LUNCHES LIQUID

"Else," said the director, "you don't get him, because Errol's lunches are always liquid."

Once after a long stay away from Hollywood, the word got around that Errol had reformed—that he no longer drank on the set.

"Malicious gossip," commented Flynn. "I just switched from whisky to vodka and told a woman columnist that it was water."

★ ★ ★

In 1957 when he was arrested at the publicists' Ballyhoo Ball as a common drunk, a desk sergeant wanted to forget the whole thing but Errol demanded that he be arrested.

"I want the whole world to know the injustice of this deed—that Errol Flynn was arrested as a drunk before he even got to the bar," he said. "I want to make this a Dreyfus case so that anyone arrested for drunkeness may at least have one drink before going to jail."

WORK RUINS

Errol boasted that minimum alcoholic consumption was a fifth a day. He had a pet slogan: "Work is the ruin of the drinking class."

There was no mistaking his charm around women. He preferred the intimate company of young ones but he loved to wolf the old maids too.

★ ★ ★

One aging magazine writer around Hollywood always made a point of visiting Flynn's set. She couldn't write a story every time but one publicity man explained her frequent visits: "Errol never fails to make an indecent proposal to her—and at her age, it's kind of a thrilling compliment to get propositioned by the greatest wolf of them all."

Astronomer Receiving Signals From Space

PARIS (UPI) — A prominent French astronomer said today observatories in western Europe have been receiving mysterious radio signals for months from some unidentified source in outer space.

The astronomer, who asked that his name not be used, said several observatories have made extensive studies of the signals but have been unable so far to determine where they come from or what they mean. They appear to come from a moving body in space.

Plans to Wed Victor Mature Next Month

LONDON (AP) — American movie star Victor Mature's 25-year-old English fiancee said today they plan to marry early next month in the United States.

"We are sailing on the Queen Mary Oct. 27 and then going to Vic's hometown, Louisville," said Joy Urwick, daughter of a London doctor, on returning from a visit with Mature in Rome.

Mature, twice married and 45, has been in Italy making a movie.

Breaks Arm on Ladder

BENNINGTON, Vt. (UPI)—Fireman Ralph Bowen fell and broke both his arms during a ladder-climbing contest at the state firefighters association convention.

The average freight train load in the United States is 1,430 tons.

Meredith Willson Scores in First Town Hall Event

Pontiac Press Photos

Rini Willson, left, her husband Meredith Willson and Mrs. Paul A. Kern relax at Pine Lake Country Club Wednesday afternoon before the celebrity luncheon. The Willsons opened the new Pontiac-Oakland Town Hall Series at the Oakland Theater Wednesday morning. Mrs. Kern, president and general chairman of the group, introduced the program.

Mrs. Donald Hogue of Franklin, Mrs. John Marra and Mrs. Francesco DiBlasi enjoyed themselves thoroughly Wednesday at the opening program of the new Pontiac-Oakland Town Hall series.

Tells How He Wrote Musical

By RHEA E. VIETOR
Women's Editor
The Pontiac Press

Pontiac women, and a few men, too, turned out yesterday for the opening program of the new Pontiac - Oakland Town Hall series. By 10:15 a.m. most of the seats in the Oakland Theater were filled. If the first program, presented by Meredith Willson and his wife Rini, is any indication, the new venture should be a success.

★ ★ ★

It was a dressy occasion with fur jackets and the new fur and felt hats predominating. Following the program, over 300 women turned up at Pine Lake Country Club for the celebrity luncheon.

The audience, passive at the beginning, warmed perceptibly after the first few minutes and ended by showing enthusiastic approval of "Mr. Music Man."

★ ★ ★

Mr. Willson candidly admitted even his lecture board didn't know exactly what his program was. Entitled "Mirth and Music" in the program, it turned out to be all that and more, too.

Perhaps it could be summed up as his version of "How I Wrote 'The Music Man'."

Editor's Note: There will be a special article on Meredith Willson in Friday's issue of the Pontiac Press.

Rini Willson, who has a warm and lyrical voice, sang several numbers from "The Music Man" while her husband played the piano and sang along with her.

CRUSADE FOR IOWA

Mr. Willson said the idea for the musical originated many years ago when he started a one-man crusade to get the name of his native state, Iowa, pronounced correctly.

Rudy Vallee introduced a song for him and mispronounced Iowa, so he said he turned then to the University of Iowa and wrote a fight song for them. The day it was introduced, he said, they were beaten by Ohio State 83-2.

★ ★ ★

It happens, he said, to be the one number cut out of the production when the show reached Philadelphia for its tryout in 1956.

PLAYS PICCOLO

Songs from the current Broadway hit were alternated with good - humored remarks about a little of everything.

At one point, Mr. Willson played the piccolo obbligato from "The Stars and Stripes Forever"—but on his flute. It was an apology, he explained, for the time in 1921 when he was with John Philip Sousa's band at a concert in the area and didn't get to play it.

It seems that an overflow audience was jammed on folding chairs right up to the footlights for a matinee performance. He found himself staring at a woman barely four feet away who was looking at him critically through binoculars and the whole piccolo section was unnerved.

Mrs. Paul A. Kern, president and general chairman of the series, presented the Willsons and announced that the Town Hall Series group had doubled its original goal of selling 600 season tickets the first year.

★ ★ ★

Hostesses for the celebrity luncheon were Mrs. L. H. Schimmel, Mrs. I. L. Baker, Mrs. C. G. Uligian and Mrs. Paul Gorman.

Others were Mrs. L. R. Sampson, Mrs. Herman Dickstein, Mrs. Collis Scott, Mrs. Walter K. Willman and Mrs. Horace Hall. Mrs. J. A. Rammes is chairman for the year in charge of the hostesses.

Reservations for the luncheon were handled by Mrs. Clyde Dearing and Mrs. D. B. Eames Jr.

"Oscar" the Indian Brave, a 6½ inch statuette, will be presented at the UF luncheon Friday to the Women's Division district and area chairmen who reach or exceed their quotas.

Pontiac Press Photo

UF Women's Unit Needs $3,000 More

More than 600 women, the core of volunteer workers for the 1959 Pontiac Area United Fund, will attend the 11th annual Women's Division Victory Luncheon Friday noon at the Elks Temple.

★ ★ ★

The celebration, highlighted by a final report of the efforts of the women's house to house solicitation program, will be emcee'd by Mrs. Noel Buckner, Women's Division chairman.

The featured speaker is John Hirlinger, manager of the Pontiac Area Chamber of Commerce.

Mrs. Buckner, together with Mrs. Roderick Taylor, Pontiac cochairman, and Mrs. M. G. Prosser, Waterford Township cochairman, urgently request that solicitors with unfinished calls complete them by 5 p.m. today.

★ ★ ★

"We want to have all our figures properly credited so that we may award Oscar, the Indian brave, correctly to those district and area chairmen who have reached or exceeded their quota," Mrs. Buckner said.

"Just $3,000 more and we'll be over the top. Let's really pitch in," she encouraged.

Three of the four townships incorporated within the Pontiac Area United Fund will give their report of progress together with the Pontiac, Waterford and Lake Angelus areas.

They are: Brandon, directed by Mrs. Thelma M. Bates; Independence, directed by Mrs. Harry Fahrner, and Oxford, directed by Mrs. Evelyn Hight.

DONNA MAE PROFIT

Mr. and Mrs. Glenn Profit of Cass City announce the engagement of their daughter, Donna Mae of Drayton Plains, to Kenneth Maxwell, son of Mr. and Mrs. Charles K. Maxwell of Hatchery road, Drayton Plains. An April wedding is planned.

Chairman of Benefit Introduced

The Pontiac Business and Professional Women's Club held a dinner meeting Tuesday evening at the Hotel Waldron.

★ ★ ★

Rosamond Haeberle, president, introduced Mrs. Gertrude Barrett who will serve as chairman for the benefit card party and style show Oct. 28 at Pontiac Federal Savings and Loan.

★ ★ ★

Mrs. Raymond L. Cole will serve as chairman for the 40th anniversary of the club on Nov. 17.

Five pages today in Women's Section

Members Hear Folk Singing

Junior Club Has Dinner, Listens to Robert Rickard

Seventy-two members of the Junior Pontiac Women's Club met for their annual fall dinner Monday evening at Sylvan Glen Inn.

Mrs. Russell Auten presided.

★ ★ ★

Folk-singer Robert R. Rickard was introduced by Mrs. Ronald Mountain. Mr. Rickard, a teacher in the Pontiac schools, presented a number of folk songs he had collected in his native state, Kentucky. Accompanying himself on the guitar, "the singing school teacher" gave a brief explanation of each song.

★ ★ ★

Mrs. Charles H. Harmon Jr. was social chairman assisted by Mrs. J. T. Engle, Mrs. Harry Hilderbrand, Mrs. William Kenney, Mrs. E. Verne McCall, Mrs. Donald McCandless, Mrs. William B. Moore, Mrs. Bradley L. Scott, Mrs. Bradley D. Scott, Mrs. Kenneth White and Adeline Hook.

U.N. Observer Will Address Temple Group

Mrs. Philip Gentile, official observer to the United Nations, will be guest speaker when the Sisterhood of Temple Beth Jacob meets for luncheon Tuesday at the Temple.

★ ★ ★

Mrs. Gentile has attended the opening session of every U.N. General Assembly since 1945. She is also vice president of the Detroit chapter of American Assn. for the United Nations.

★ ★ ★

Mrs. Alvin Steinman of Colrain drive is handling reservations.

Missionaries Visit Baptist Class

Henrietta Wilson, missionary to China, and Mrs. Phil Christiansen, missionary to Rhodesia, were guests of the Loyal Philathea Class of First Baptist Church Tuesday evening.

Dinner was served by Mrs. Henry Barnecut and her committee.

Members having July, August and September birthdays were honored.

Next meeting of the group will be Nov. 10.

A Little Extra Care for Gloves

Of all accessories, gloves need the most frequent sudsing, and it never pays to let dirt become imbedded in leather or fabric. Warm soap or detergent suds, plus thorough rinsing, will keep your glove wardrobe in good shape.

Remember to peel your gloves off after washing them on your hands — don't tug at the finger tips while they are wet.

To Address Unit

William R. McCarthy, director of the Oakland County Juvenile Protective Service, will speak at the Pontiac Women's Club meeting Monday. Members will gather at the Adah Shelly Library at 1:30 p.m.

Rummage Sale

The ALCW is sponsoring a rummage sale at St. John Lutheran Church on Saturday, starting at 8 a.m.

Abby Says:

This Peeping Tom Needs Help

By ABIGAIL VAN BUREN

DEAR ABBY: We have had a "Peeping Tom" reported in our neighborhood twice in the past year. Nobody could catch him.

ABBY

Last night, to my amazement, I saw a neighbor of ours prowling around my back yard. Then he climbed up on another neighbor's upstairs porch and just sat there looking in her window while she undressed. My heart was beating 60 miles an hour. I called my husband. He said for us to keep quiet because this man is a well-to-do, respected businessman in town. He is married and has a nice family, too. I think he should be reported but my husband forbids me to get mixed up in it. Can you advise me?

SAW HIM MYSELF

DEAR SAW: No healthy-minded man behaves like your neighbor. Even though he has enjoyed a respectable reputation, there is every indication that he is sick. You will do him, his family, and your community a big favor if you promptly report him to the police.

★ ★ ★

DEAR ABBY: My wife came from a broken home. She told me that she wanted to be absolutely certain that we didn't let that happen to our children. I admired her attitude. But, Abby, how long would you give a wife to "test" a marriage?

We have been married 14 years and she is still waiting to see if our marriage will "last."

I am 43 and my wife is 39, and she is still "not sure." I am getting very disgusted with her. Can you help with a few words in your column?

WANTS A FAMILY

DEAR WANTS: Your marriage is liable to "last" longer than the ability to reproduce. A woman who deliberately delays having a family until she is 40 is being unfair to herself, her husband, and to any children she bears. I suspect that your wife fears childbirth for other reasons, and is using this as an excuse to put it off. Talk it over with her. And encourage her to place her confidence in a competent doctor.

DEAR ABBY: I have a mad crush on my science teacher. I am 16 and he is around 32 or 33. He is married so there is no hope for me, but I can't stop feeling the way I do about him.

At the beginning of the semester he was very nice to me, but I did some very stupid things, and I mean stupid. Now he ignores me.

The most stupid thing I did was trying to take his picture in class. He sent me out of the room for that.

How can I get him to like me?

LITTLE GIRL BLUE

DEAR LITTLE: Your attentions to this teacher have obviously been a source of embarrassment to him. You are underdeveloped (emotionally) and the poor teacher is overexposed (to sweet young things). Get the situation in focus and accept the inevitable negative.

★ ★ ★

CONFIDENTIALLY TO SALLY ANN: To get to heaven—turn right and keep going straight.

★ ★ ★

CONFIDENTIAL TO B. C.: In the interest of peace, harmony and a good family relationship, forego "correct social procedure" and seat the "old folks" at the bridal table.

★ ★ ★

What's your problem? For a personal reply, write to ABBY in care of The Pontiac Press. Enclose a stamped, self-addressed envelope.

Now they're designing sweater sets for men, too. This one features a polo shirt with red trimmed collar and a cardigan sweater outlined in red and navy. Both are of lightweight orlon and cotton material.

GOP Women to Meet Morton

Republican women of Oakland County will meet with Sen. Thurston B. Morton, National Republican Committee chairman, at a 2:30 p.m. tea Oct. 22 at Devon Gables.

This is the senator's first visit to Michigan since his appointment as party chairman.

★ ★ ★

The tea marks the climax of the women's finance campaign conducted these past few weeks.

Mrs. Howard J. Liverance, chairman of the drive, stated that this is the sixth annual drive, but the first time a door-to-door campaign has been attempted.

This plan should achieve a two-fold purpose: to increase contributions and to build keener interest in Republican activities throughout the county, she said.

SPECIAL GUESTS

The tea is in charge of Mrs. William McKenzie, drive cochairman, and Mrs. Clarence Cheney of Bloomfield Hills.

Specially invited guests include Mrs. Charles A. Dean, Jr., member of the National Republican Finance Committee; Mrs. Rae C. Hooker, national committeewoman; Mrs. Albert Koeze, vice chairman of the Republican State Central Committee; Mrs. Floyd Andrews, member of the State Central Committee representing Oakland County; John Martin, national committeeman, and Mrs. Martin.

Pouring at tea tables will be Mrs. Graham John Graham, Mrs. W. A. P. John, Mrs. Brooks Marshall, Mrs. James Goudie, Mrs. Arthur Elliott, Mrs. Don Ahrens, Mrs. L. R. Sampson and Mrs. Walter Appel.

★ ★ ★

Merritt Hill, chairman of the Finance Committee, will introduce Sen. Morton.

Area chairmen appointed in cities and townships to lead workers in the drive will serve as hostesses.

This list includes: Mrs. William Milligan, Mrs. E. Govan Hill and Mrs. Jean Greene of Birmingham; Mrs. A. H. Vogel and Mrs. Frances Moriarity of Bloomfield Hills; Mrs. LeGran Terry and Mrs. Robert Welch of Troy; Mrs. Frederick P. Flatman and Mrs. Harvey Frye of West Bloomfield Township; Mrs. Richard Van Dusen and Mrs. Philip Detwiler of Southfield; and Mrs. Frank Downs of Farmington.

★ ★ ★

Others are Mrs. Leslie C. Consterdine and Mrs. John Austin of Royal Oak; Mrs. Clayton Tibbals of Waterford; Ruth Kimball and Mrs. Hope Gorman of Pontiac; Mrs. Philip Moon of Pleasant Ridge; Mrs. Robert J. Mitchell of Huntington Woods; Mrs. Thomas Doremus of Clarkston; Mrs. Arthur Dodge of Lake Angelus; Mrs. Brace Beamer and Mrs. C. N. Ray of Oxford; Mrs. Gerald Dunn of Addison Township; Mrs. J. P. Malley and Mrs. George Merwyn of Novi and Northville; and Mrs. George Bouwens of Oakland Township.

Girls Want to Look Up to Their Boy Friends

By EUGENE GILBERT

The theory that America is a matriarchy where women dominate from behind the scenes apparently hasn't affected teenaged girls. They still want a boy friend they can look up to.

Their ideal boy:

He's tall. He's a lot smarter than his girl friend and gets top grades in school. He earns his own spending money.

He has blue eyes and blond hair which he wears in a crew cut. He prefers conventional language to slang and jive talk. He doesn't smoke; doesn't drink.

He wears chino pants when the occasion calls for sportswear. But he knows enough to wear a conservative suit with white shirt and tie on more formal occasions.

★ ★ ★

He's the life of the party type, but, more important, he's sincere.

That's the composite picture of the ideal American boy drawn from our nationwide survey of teenaged girls.

This paragon matches well with the ideal girl, selected last week by the boys. She turned out to be shorter, less bright, a conservative dresser and, the boys agreed, above all she has to be sincere.

Nearly seven out of eight girls agree that their ideal boy has to be tall. But, thereafter, their physical qualifications become a good deal more varied.

About two out of five want blue-eyed boys but more than one in three said they like green eyes. Slightly more than half prefer blonds but better than one in three would settle for black hair. Crew cuts dominated (about two in five) with the standard cut trailing (one in five).

★ ★ ★

Three out of four girls told us they go for boys who are tall mentally as well as physcally, boys who are a lot smarter than they. Nearly one in six wants a fellow a little smarter.

JIVE TALK NIXED

A boy who used conventional language is preferred by slightly more than half the girls. One in four told us they like to hear slang once in a while and one in five went down the line for jive talk.

The chino pants set (seven out of 10) won out over slacks (nearly three in 10) in the sportswear department while seven in 10 told us they want a boy who knows how to wear the right suit, shirt and tie to more formal events.

The fellow who earns his own money, even though it's not a spectacular amount, also earns the respect of four girls in five.

Boys who scorn tobacco won out over the smokers, but not by much. About half the girls prefer non-smokers while two out of five don't mind the practice at all. Nearly three-quarters of the girls, however, were against drinking boy friends.

★ ★ ★

The girls showed close agreement with the boys when it comes to selecting a steady companion on the basis of sincerity.

Seven out of eight of the young ladies told us the guy with the smoothest line doesn't have a chance unless he is sincere.

The fellow who knows his way around the party circuit is preferred by nearly three girls in five. But the more reserved boy proved tops with four in five. As Dian Cartwright, 16, of St. Paul, Minn., put it:

"I want a boy who is not a stupid showoff."

Pontiac Press Photo

Mrs. S. E. Minard, left, sponsor of the Luvella S. Minard Scholarship, looks on with approval as Patricia Haines, the new honoree, receives her scholarship from Carolyn Beyer, president of the TBI Women's Club. Mrs. Minard sponsored the group when it began as an alumnae club in 1953.

TBI Club Helps Young People

The TBI Women's Club, organized in February, 1953, was a group of The Business Institute Women graduates who felt the need of an organized alumnae group. Mrs. S. E. Minard acted as sponsor.

Aside from the TBI scholarship, the club works to aid underprivileged and ill young people in the Pontiac area, as well as furthering the educational advancement of other young people.

Carolyn Beyer, president, to whom the first Luvella S. Minard Scholarship was awarded, graduated from Pontiac Central High School in 1957. She played clarinet in the high school band and during her senior year was a member of the National Honor Society.

At the present time, she is taking postgraduate work at TBI and is secretary to Harry D. Wise Jr.

Patricia Haines, the new recipient of the scholarship lives in Oxford. She also played the clarinet in her high school band.

She was band librarian for four years and during her senior year was typist for the group. She also worked in the high school office.

Aside from her band work "Pat" is interested in bowling and other forms of athletics. She was on the honor roll all during high school.

Now with the aid of the clerk - typist course and additional shorthand training, she hopes to get a position where she will have a chance for further advancement.

A sparkling soap-and-water-clean complexion is the basis of all beauty.

Herbs Help

Appealing Food Tastes Best

By JOSEPHINE LOWMAN

There are all sorts of tricks which will pep up food and make it appealing without loading up on butter and oils and other items which zoom the calorie count.

I have used some of these in outlining the menus for my Trick and Treat diet which is running this week. Remember these whenever you feel the need to lose a few pounds and therefore must cut out some of the "trimmings" and seasonings.

For instance, the herbs are a great help. So are garlic and onion, parsley and lemon juice. Chili sauce is an aid as are the artificial sweeteners. You can whip cream up out of fat-free milk crystals. Grated parmesan cheese adds zest to many foods.

Here are the menus for tomorrow (Friday).

Breakfast
Three-fourths cup dry cereal
Four ounces whole milk
Two teaspoons sugar
One-half banana, sliced
Black coffee

Luncheon
Salad (12 5-inch asparagus spears, cut in pieces. Two hard cooked eggs and six green olives cut in pieces. Two or three tablespoons tomato reducing dressing)
Two Rye Krisps
Eight ounces skim milk

Dinner
Four ounces of baked fish (brush with just a touch of olive oil flavored with angostura bitters, plus a little lemon juice)
Two-thirds cup spinach (flavor this with a sprinkling of savory, or vinegar)
One small baked potato
One orange

If you have missed some of the Trick and Treat menus and would like to lose five pounds in seven days, send 10 cents and a stamped, self-addressed envelope with your request for the Trick and Treat diet booklet. Address Josephine Lowman in care of this newspaper.

★ ★ ★

Tomorrow: "Why Do Some Lose Weight More Easily Than Others?"

There are all sorts of tricks which will pep up food and make it appealing without loading up on butter and oils and other items which zoom the calorie count.

Bethune Fair Committee Making Arrangements

Arrangements for the annual fall fair, slated for Oct. 23 from 5 to 8 p.m., were made when the executive committee of Bethune School met recently at the South Johnson avenue home of Mrs. Harold Hall.

A highlight of the fair will be the crowning of a king and queen. Also featured will be baby sitting, movies, a spook room, tea room, record hop and green thumb shop.

Mrs. Sally Fed is fair chairman. Committee chairmen are Mrs. Thomas Fowler, homeroom mothers; Mrs. Neil Smith, membership; Mrs. Purvis Hunt, hospitality; Mrs. Delores Graves, magazine; Mrs. Howard Jackson, telephone; Mrs. Patricia Jones, publicity; Mrs. Clydell Jones, preschool; Mrs. Carl Moss and Mrs. Fed, budget and finance.

Others are Mrs. Harold Hall, safety; Mrs. Colon McGlown, music; Mrs. Allan Noble, juvenile protection; Mrs. Chester Jones, program.

Monday Wash Day

NEW YORK — Monday for clothes-washing has a sound precedent, it seems. Two days after the Mayflower's Saturday arrival, several women went ashore to do their first family washing in the new land.

Rules Need Not Always Be Followed

By EMILY POST

"Dear Mrs. Post: I am twenty-four years old and expect to announce my engagement shortly. My parents and my fiance's parents have never met. I would like to know if it would be improper for me to suggest to my fiance that his parents invite my parents over to his house.

"My mother is a very sickly person and seldom has company and I am sure the thought of having to entertain his parents will upset her very much. Furthermore, my fiance's parents live in a very nice house whereas we live in a very rundown apartment house and I can't bear the thought of what his parents will say after one visit to my house."

Answer: To be strictly correct, your fiance's parents should call on yours, but in view of the situation you describe I advise you talk to your fiance and, if he agrees, have him explain to his parents your mother's feelings and ask them to invite her and your father to tea or a meal at their house.

"Dear Mrs. Post: In folding a dinner size napkin to place on the left of the forks, how is it done? Should the fold or the open edge be toward the plate?"

Answer: It has to be folded so that the marking is on top and whether the edges are toward or away from the plate is not important. However, if it is not marked, then it is usually laid with the open edges toward the plate.

"Dear Mrs. Post: Is it improper to visit friends without first inquiring whether it will be convenient for them to see you"

Answer: Before visiting friends, it is always best to ask whether it will be convenient for them to see you, unless you know that they are at home at certain hours and like to receive visitors.

Here is a tip on selecting the right rouge for you. Rub your cheeks to bring out the color. Then match a rouge with this flush.

Cranbrook Boy Named Scholar for 3rd Year

Stephen C. Fairbanks, son of Mrs. Orval G. Fairbands of Niagara avenue, has been renamed the Leigh B. Lynch Scholar at Cranbrook School for the 1959-60 academic year.

Stephen, a senior at Cranbrook, has held this scholarship for the past two years.

Barry Butler, a sophomore from Birmingham, was named Owen Scholar and Timothy Coughlin, a Birmingham senior, received the Ruth Arie Klein scholarship.

Alcott PTA Parents to Socialize

Budget Will Be Up for Approval This Thursday

"Get Acquainted Night" for parents and teachers of Alcott School is scheduled for Thursday at 7:30 p. m.

The budget and year's program will be presented for approval.

Mrs. Theodore Figa, president, will introduce PTA officers and chairmen. They include Mrs. Lewis Smartt, vice president: Lewis Smartt, father vice president; Mrs. Walter Schmitz, recording secretary and Mrs. Harry McCreary, treasurer.

★ ★ ★

Others are Mrs. Alice Benson, historian; Mrs. Harold Watson and Mrs. Troy Ward, auditors; Mrs. John Couture, program; Mrs. Lloyd Craig, publicity; Mrs. Thomas Childers, health, and Mrs. Charles Dean, homeroom representatives.

Also serving are Mrs. Robert Pence, membership; Mrs. Raymond Baumgras, publications; Mrs. Thomas Hegwood, telephone; Mrs. George Totten, budget and finance; Mrs. Ray Black and Mrs. John Hartley, hospitality, Mrs. Jesse Villereal, youth and Mrs. Couture and Ruth Harmon, home-school communications.

★ ★ ★

Council delegates will be Mrs. Charles Biggs, Mrs. Edward Biggs and Mrs. Earl Bowling.

Andrew Jackson installed the first warm and cold shower baths in the White House sometime between 1829 and 1833.

New Classes Are Listed by the Pontiac YWCA

The Pontiac YWCA has announced an evening class in charm to be taught by Mrs. Dody O'Connor of Birmingham on Mondays from 7:30 to 9:30 p.m. Mrs. O'Connor's Thursday morning class began Oct. 8.

Sewing class for the overflow from the morning and evening ones already scheduled will be taught by Mrs. Otto Gabert on Wednesdays from 12:30 to 2:30 p.m.

Registration for some classes, including both morning and evening bridge, has been closed. Mrs. Ericson Lewis is the instuctor .But registrations are still being taken for the art courses for adults on Thursday evening, and for children on Saturday morning. Both are taught by Mrs. Murray Fegan.

★ ★ ★

The French and German classes headed by Rev. Francois Jochmans, and the silversmithing class guided by Amy Krueger, will accept latecomers, as will the group piano classes of Amy Hogle.

The nursery service offered on Wednesday has had to hang out the SRO sign, according to Mrs. Hazel Beutler, supervisor. A few more children between 2½ and five years old can be accommodated Thursday between 9 a.m. and 2 p.m.

★ ★ ★

A coffee hour precedes and follows the morning classes on both Wednesday and Thursday. The world fellowship committee, Mrs. George Widdifield, chairman, sponsors the morning hour, while proceeds from the noontime snacks benefit the classes themselves and the nursery, according to Mrs. William A. Crisp, young adult chairman.

Yomar Group Meets at Home of Mrs. Pattison

The Yomar Group of First Presbyterian Church met Tuesday evening at the home of Mrs. Harry H. Pattison of Orchard Lake. Mrs. C. A. Gordon, Mrs. Walter Cleland and Mrs. Edson Doolittle assisted.

★ ★ ★

Mrs. Richard Wright gave the devotion and Mrs. Earl Van Dyke Jr. conducted the Bible study.

Mrs. Jane Davis was a guest.

It was announced that the annual birthday dinner will be held Nov. 10 at Ted's Restaurant.

Youth Education Group Plans Tea Thursday at 4

The annual fall tea of the Assn. for Childhood Education International, Southern Oakland County Branch, will be at 4 p.m. Thursday at Kimball High School in Royal Oak.

Guests will include area PTA and PTA Council presidents, school administrators and supervisors.

Programs for the year will be concerned with communication and the importance it plays in developing understanding.

Membership in the association is open to those interested in promoting desirable conditions, programs and practices in the schools.

Officers are Minnie Zielke, Farmington, president; Wesley Manley, Berkley, vice president; Vera Young, Farmington, recording secretary; Ruth Sharland, Bloomfield, corresponding secretary, and Lena Anderson, Rochester, treasurer.

Versatile Slip Partly Blouse

A versatile slip can be worn without a blouse. The top is tailored for outer wear with a V-neck and opaque nylon tricot lining.

The slim-line slip skirt is finished with scalloped lace edging. With the slip-blouse comes a matching cummerbund to be worn outside.

Quick Trick For Inside Drying Line

Here's a good trick with an indoor clothes line. Fasten screen door hooks to th ends of your line, and put screw eyes into opposite walls or supports.

Then you can put up or take down the line in a trice — whether you want to hang hand laundry or larger pieces washed by machine.

Parties for the pre-school child should be small. Home economists at Michigan State University suggest that the number of guests match the age of the birthday child.

Church Circles Mark Achievements of U.N.

The work of the United Nations is the October theme of Central Methodist Church circles.

Mrs. William Humphrey was hostess recently to the Ethel Nagler Circle. Speaker was Mrs. Angus McLay of the Oakland County branch of the Women's International League for Peace and Freedom.

★ ★ ★

The October meeting of the Martha Graf Circle was at the home of Mrs. Donald Tryon of Preston street.

★ ★ ★

The same evening slides of the Far East were shown to members of the Ada Duhigg Circle at the home of Mrs. Robert Bentley of Lapeer road.

Members of the Sylvia Aldrich Wesleyan Service Guild met recently for dinner with Mrs. R. H. Kempf of Pemberton road.

★ ★ ★

The Barbara Norris Circle met with Mrs. Howard Sibley. Mrs. William Lacy and Mrs. Neil Coppens presented the program.

★ ★ ★

Mrs. Clifford Coe served a dessert luncheon to members of the Margaret Johnston Circle.

★ ★ ★

Meeting for luncheon was the Marion Shaw Circle with Mrs. George Dietrich and the Otto Sisters Circle with Mrs. John Hartwick of Francis street.

★ ★ ★

Mrs. Fred Ferguson, assisted by Mrs. William Hodge and Mrs. Elizabeth Farrell, served a dessert luncheon to members of the Leora Shanks Circle. Mrs. F. Dewey Allen presented the program.

★ ★ ★

Dessert luncheons also were served members of the Janette Geiger Circle at the Porter street home of Mrs. Robert Fawcett and members of the Sara English Circle at the home of Mrs. Jack Farnsworth. Program chairman was Mrs. A. J. Lindemann, and Mrs. Ralph Clingaman spoke on "Taproots in God's Garden."

★ ★ ★

When the Jean Bagnell Circle met with Mrs. Carl Wagner, Mrs. Walter Barningham spoke on "The Churches in the United Nations."

★ ★ ★

Marilyn Lake of Waterford High School showed colored slides of the United Nations to members of the Ortha Lane Circle at the home of Mrs. Clarence Ponn.

UPI Photo

The girl who has made a movie career of going without clothes, much less hats, Brigitte Bardot, has thrown in the towel and is hiding her long blonde mane under these new toppers. Especially designed for her, the hats are (from left) a white fur felt, a wide-brimmed cloche of antelope and a checked helmet with a red felt strap.

Soroptimists Retain Parties

The Soroptimist Club of Pontiac held its monthly business meeting Monday at the Hotel Waldron.

The club voted to continue sponsoring monthly social parties for the patients of Pontiac State Hospital.

★ ★ ★

Mrs. Richard Paschke, president, and Mrs. Karl Schlutz will represent the club at the 52nd conference of the mid-western region to be held in Columbus, Ohio, Oct. 23 to 25.

Disguise Circles

If you are stuck with dark circles under your eyes and no time to rest up to get rid of them, disguise them. Use a lighter face powder around your eyes than you do on the rest of your face.

Club Gets Together for Meeting

The Extensionists met at the home of Mrs. Lloyd Osworth Tuesday.

Mrs. J. H. Trietsch was cohostess.

The events of Rally Day were reviewed and luncheon was served.

★ ★ ★

Craft ideas were presented by Mrs. William Miller and Mrs. Charles Hauser.

It was announced that the group would attend the Oct. 19 Christmas Workshop at MSUO.

★ ★ ★

Mrs. R. J. McGrass was welcomed to membership.

Next meeting will be at the home of Mrs. H. D. Nicholie.

To Soften Jaw

A woman with a pronounced jawline can soften its appearance. Draw attention from the jaw with a flattering coiffure. Slightly curled bangs which go across only part of the forehead help do this.

'Old Masters' Market Lucrative for Forgers

By ROSETTE HARGROVE

PARIS (NEA)—The booming market for "old masters" has made the forgery branch of the art business one of the most lucrative in the postwar years.

* * *

A painting signed Paul Signac might have fetched $30,000 at Sotheby's, internationally famous London auction room, had it not been retired just in time recently.

It was the work of one of the band of forgers working in France, turning out paintings for rich but unwary art buyers.

These pictures rarely are sold here under their valuable signatures. France's F.B.I. — the Surete Nationale — is one of the rare police forces with a special service for the detection of fake works of art. It is headed by dapper Chief Inspector Guy Isnard, who looks more like an art expert than a detective.

The forgers know they will have a hard time getting past Isnard and the representative of the French museums.

* * *

The latter supervise, at the Customs offices, every work of art leaving France. If they come across a painting which they believe should remain in the country as part of France's patrimony, they have a right to stop it.

But there is no ban on the export of copies of old masters, provided they are billed as such. What happens when they reach the other side of the Atlantic is of no concern of the French.

Forgeries which somehow escape the lynx-eyed Isnard are usually successful because of the signature — the one thing which definitely brands a fake — is not put on until the picture gets to America.

According to Isnard when the paintings leave here they have an innocuous signature like "Pierre Dupont" or "Jean Marchand."

"To rub out this signature and replace it by that of a time-honored master is child's play," he says, "and it means that no offense is committed until the picture reaches its destination."

* * *

Experts consider that at least 140,000 forged Utrillos have been smuggled into the United States, plus 113,214 Watteaus and 10,000 Corots. Corot is known to have painted only 3,000 pictures in his lifetime.

At an exhibition Inspector Isnard put on a couple of years ago in Paris, to endeavor to put the public wise to these forgeries, there were some 60 Mona Lisas.

* * *

The most frequently forged painters today, according to one gallery owner, are Monticelli, Utrillo, Vlaminck and Picasso, in that order.

Clam Sale Looks Fishy to Antitrust Men

NEW YORK (UPI) — Things look pretty fishy in the Federal Trade Commission down around Chesapeake Bay.

The government's antitrust watchdogs have charged Maryland clam diggers with illegally fixing and enforcing prices.

HOLLYWOOD—There were more than 23,000 film theaters in the United States in 1950 and they had a combined seating capacity of about 12 million persons.

U.S. Conjuring Disarming Plan

Expect Rival Proposal to Go Before Group in Geneva With Nikita's

UNITED NATIONS, N.Y. (AP) —Word circulated today that the United States will present a rival arms plan when Soviet Premier armament proposal goes before the 10-nation East-West committee in Geneva.

Sources close to the U.S. delegation to the U.N. said American disarmament experts are working quietly with the State Department on a plan covering the whole arms question as well as the thorny problem of adequate controls.

★ ★ ★

U.S. Ambassador Henry Cabot Lodge hinted some such move was afoot when he spoke in the disarmament debate before the U.N. Assembly's main Political Committe Wednesday.

Lodge noted that President Eisenhower has set in motion a concentrated disarmament review which will prepare the United States to participate "constructively" in the Geneva talks, slated to open after the Assembly ends.

Informants stressed that the United States will not present any arms plan before the General Assembly this session but will wait for the Geneva parley.

★ ★ ★

Lodge told the Assembly that some agency such as an international police force would be necessary to preserve peace after disarmament. He recommended that the U.N. Disarmament Commission try to decide what type of force would be needed and what principles of international law should govern it.

He also recommended that the Disarmament Commission study exactly what internal security forces would be needed by the nations of the world after disarmament.

BARBERSHOP QUARTET ROUNDUP — Pontiac Quartet Alumni night will be held at 8 p.m. Friday at the Knights of Pythias Hall. The "Three Corns and a Bunyan" quartet (above) will be among seven old time quartets to sing their stuff at the reunion. Showing how they appeared as a popular singing group in Pontiac in the 1940's are (from left) Bill Pascher, Eddie Bunyan, Jack Beeler and Bill Otte.

'59 State Drownings Include 24 Suicides

LANSING (AP) — Suicides account for 24 of 261 drownings recorded in Michigan since Jan. 1.

A compilation by State Police on 398 reported water accidents so far this year showed yesterday that in addition to the drownings 176 persons suffered injuries.

Receipts of delayed reports probably will increase the figures, police said.

Of the drowning victims, 33 were boat operators, 60 boat passengers, 76 swimmers, 23 children who wandered from their parents and 11 children who slipped into the water while playing or fishing.

★ ★ ★

The report predicted that most drownings from now until the end of the year would occur as the result of hunters or fishermen falling through the ice.

Population Growing

WASHINGTON — Population of the United States, now 170 million, has increased by 10 per cent or more since 1950.

Minted Buffalo Heads

Buffalo nickels were minted in the United States starting in 1913.

Lignite Mines Productive

FARGO—North Dakota's lignite mines produce about three million tons per year.

Necessity Spending High

WASHINGTON — Half the U. S. income is spent for food, shelter and clothing.

Fire Spreading in California

2,600 Acres Already Burned; More Families May Quit Homes

LOS ANGELES (AP) —More families were packed and ready to run today as a sprawling fire continued gorging itself on cracker-dry brush in the foothills north of Los Angeles.

★ ★ ★

The fire—possibly started by a reckless flip of a cigarette—has covered more than 2,600 acres of precious watershed. The prospect of early control was slight. A total of 1,500 men were fighting the flames.

One county fire captain said: "It looks like it'll take a couple of days at least. We haven't had much rain at all the last few years and I've never seen the brush so dry.

"This stuff doesn't burn—it explodes."

Only a few homes had been damaged since the fire broke out Tuesday along Angeles Crest Highway above the foothill suburb of La Canada. But flames were only a mile or so from other expensive homes today, and a burst of the whimsical wind could put them in genuine peril.

★ ★ ★

Families were standing by for a possible evacuation of Briggs Terrace, an area above the community of La Crescenta and about 15 miles north of downtown Los Angeles.

There are more than one million earthquakes a year in the world.

AP Wirephoto

GETS CABINET POST — Iain MacLeod, above, was named colonial secretary by British Prime Minister Harold Macmillan in place of Alan Lennox-Boyd Wednesday. MacLeod's appointment was one of the main cabinet changes.

Railroad Employes Ask Aid From Government

CHICAGO (UPI) — Nonoperating railroad employes have asked the federal government to act if the railroads refuse to negotiate their demands for more holidays and vacations.

Eleven unions, representing the 600,000 employes, said yesterday they had petitioned the National Labor Relations Board to move into the dispute if the railroads balk at bargaining.

The unions are demanding two more paid holidays — Good Friday and Veterans Day — and more vacation time for less seniority.

Red China Calls for Light Diets

Nation Faces Shortage in Food So Appeals for Self Rationing

By WILLIAM L. RYAN
Associated Press News Analyst

Natural calamities and other factors have combined to create a critical food situation in Red China. The Peiping government is instituting measures which have the look of rigid food rationing.

★ ★ ★

This information is gleaned from the official newspaper of the Chinese Communist party, the People's Daily. It has just announced details of what the party calls a "plan for food consumption and economizing in food consumption."

While the party paper insists the food outlook in China is favorable, it acknowledges that it has undertaken a "shock publicity campaign" to cut down excessive consumption. Party members have undertaken to "explain the truth to the masses."

★ ★ ★

"They have raised the consciousness of the masses and extensively disseminated throughout all households the call of the party for the practice of economy in food consumption," the paper says. "Many refectories (public dining halls) and families have taken the initiative to draft their plans to economize in food consumption."

Three-fourths of all U.S. homes have electric toasters, 90 per cent electric irons, 80 per cent electric washers.

ERROL AND HIS BABY FACES — Errol Flynn, 50-year-old veteran Hollywood swashbuckler who died Wednesday night in Vancouver, B. C., is shown on the left above with his three wives. At the top left is Flynn with his first wife Lili Damita in 1937. Center: Flynn with his second wife Nora Eddington in 1948. Bottom: Flynn in 1957 with his current wife Patrice Wymore, from whom he was separated. At the right is Flynn's latest close friend, Beverly Aadland, 17, a movie starlet. He has said she was his protege. This picture of Miss Aadland was taken after her arrival in Vancouver a few days ago. She and other friends were with Flynn when he was stricken in a doctor friend's apartment. They had dropped in for a drink, and "he was laughing when he died."

4 Local Schools in National Plan

Traveling Books Arrive

The Traveling Elementary School Library is visiting four Pontiac schools this year, providing 360 books for supplementary reading in the classroom.

★ ★ ★

Eighty illustrated books, for all ages from the first through the eighth grades, have arrived at each of the Owen, Whitfield, Alcott and Emerson schools.

This experimental science library program for elementary schools is administered by the American Association for the Advancement of Science under a grant of funds from the U.S. government through the National Science Foundation.

At mid-year, the books will be sent to other schools in the program while replacements are received.

"It has been found that both the lifetime reading habit and the interest in science are developed in the elementary grades," says Gerry White, coordinator of elementary education.

"These books have been carefully selected with the aid of professional advisors to stimulate both the habit and the interest."

You Could Line Path to Moon With Cigarettes

WASHINGTON (AP) — Enough cigarettes were produced last year to make a carpet seven feet wide and one cigarette thick from the earth to the moon, the Agriculture Department reported today.

★ ★ ★

The world output was 1,971 billion cigarettes—470 billion of them American. That was an increase of 4½ per cent over 1957 for the world total.

To reach the moon at its closest point to the earth, the cigarette carpet would have to extend 221,900 miles.

Homecoming Will Be Intellectual at Hope

HOLLAND, Mich. (UPI) — Hope College will crown a queen tonight to kick off the school's second annual "academic homecoming."

In addition to the traditional side of homecoming — queen, parade, football game and house decorations — Hope College is placing emphasis on making the weekend "one of intellectual stimulation and inspiration."

Defendant Due in Murder Trial

To Testify in Ex-Wife's Death Month After She Divorced Him

CHICAGO (AP) — Duncan Hansen, 29, is to testify today against charges he murdered his former wife a month after she divorced him on grounds of cruelty.

★ ★ ★

The lanky, bespectacled part-time schoolteacher was sworn in Wednesday shortly after a tense, overflow crowd of 200 had listened to the testimony of 6-year-old Nancy Hansen, daughter of Duncan and the dead woman, Susan Hansen, 25.

★ ★ ★

Nancy generally supported the story of her father as to what happened Sunday, May 24, the day her mother was found dead of a broken neck in her South Side home.

She substantiated Hansen's story that he did not know anything was wrong with his ex-wife until he telephoned the house where she lived with their three children.

She told how she found her mother on the floor of the mother's bedroom and then fed cereal to her sister Laura, 2, and brother Chuckie, 4.

★ ★ ★

Nancy testified that later her father telephoned and when he came to the house she unlocked the door for him and watched as he went upstairs.

She said she did not know what time her father telephoned or how to tell time.

★ ★ ★

The time element is important because several state's witnesses have placed Hansen in the neighborhood about 7:30 that morning, an hour before he said he arrived there.

Engineers Building in Pakistan

KAPTAI, East Pakistan (AP)—The rice paddies fall behind as your launch goes up the Karnaphuli River. Thick jungle climbs the steep banks to teak trees in bloom atop the hills. Here and there a bamboo hut appears.

★ ★ ★

Then, around a bend in the wilderness waterway, you see a hilltop colony of air-conditioned ranch houses. This is Kaptai, a construction town in East Pakistan. There are 200 Americans here. The men are building a dam for the Pakistan government.

Attracting U.S. construction experts to remote, rugged parts requires good pay and the best possible living conditions. Americans here live in spacious, well-furnished brick homes. They have a 40 x 25-foot swimming pool, tennis and basketball courts, a movie every week, occasional baseball games, water skiing when the river is low in the warm winter.

With the 80 American construction men are 50 wives, 40 sons and 26 daughters.

★ ★ ★

The first men to arrive in 1955 didn't have it so good. The administrative officer for International Engineering Co., Inc., of San Francisco, C. L. Braskamp, remembers Thanksgiving of 1956 as a red-letter day. The first sit-down American toilet arrived in a stand-up part of the world.

★ ★ ★

Frozen steaks and vegetables, cosmetics and laundry soap now are ordered three months ahead of time by Guy Rourke of Maryville, La. He runs the commissary and also a bachelors dining hall where a man can eat his fill for a little over $5 a day.

The dining hall kitchen prepares bread for sale in the commissary. "But it's cheaper to bake our own bread," says Mrs. George Kline of Tacoma, Wash. She means that her cook bakes it.

Mrs. Kline was laughing over her order from the United States of nylon net for a dress. "Imagine, nylon net going to a 'hardship post.'"

NO TAXES

Most of the ordering is done by Rourke. He buys at San Francisco wholesale prices and adds 35 per cent to cover shipping and other expresses. Liquor and cigarettes are cheap because of the absence of taxes. One senior construction engineer says he can bank $500 or more a month.

★ ★ ★

One reason, of course, is the lack of ways to spend money. Some of the men hunt tigers that bother tribal villages. Sports facilities and home-taught school lessons keep the children busy. The wives play bridge.

But for some, time eventually gets on their hands. Outside the ranch houses, the construction area is either muddy during the monsoon or a cloud of dust. Despite the comforts of home, they do not feel that this is an easy life.

The dam on the Karnaphuli River is about half complete. The powerhouse has been excavated. It will provide 120,000 kilowatts.

TRIED EARLIER

This area, known as the Chittagong Hill tracts, provides the only dam sites in East Pakistan, mostly a flat river delta area.

The river washed out much of early Pakistan efforts to build a dam. International Engineering became consulting engineers in 1956. Utah International, Inc., of San Francisco was signed up in 1957 to build the dam.

So far the United States has allocated 37 millions to pay for imported equipment and salaries of Americans. Pakistan is providing the equivalent of 52 millions in rupees to cover local costs.

Among other things, the rupees pay for about 4,000 Pakistanis on the job. They range in skills from survey engineers to carriers of stones in head baskets.

★ ★ ★

The completed dam will be 128 feet high, 1,100 feet long at the top. It is designed to improve navigation on the Karnaphuli and provide siltage control as well as produce power. The river is now used by small boats and rafts of logs and bamboo, the latter going down to a large new government paper mill.

Won Quizzes Fairly, Dr. Brothers Says

PHILADELPHIA (AP) — Dr. Joyce Brothers, 31-year-old New York psychologist, says her association with the television quiz shows, "$64,000 Question" and "$64,000 Challenge," were honest and fair. She won $134,000 answering questions on boxing.

★ ★ ★

Dr. Brothers, a guest speaker here at a meeting of advertising women, said she applied her trained mind and memorized boxing statistics to be the first woman winner of the $64,000 question in 1955.

The mother of a five-year-old daughter, Dr. Brothers said she often studied from 6 a.m. to 3 p.m. before she went on the show. Dr. Brothers, wife of Dr. Milton Brothers, is the author of a book on memory and has two counseling programs daily on a New York television station. She analyzes problems of life, marriage, divorce, sex, child-rearing and social obligations.

★ ★ ★

Dr. Brothers made her comments to a newsman in connection with the congressional investigation of alleged rigging of television quiz shows.

Caught Red-Handed

BIRMINGHAM, Ala. (AP) — Police caught Nawlin Anthony Mims red-handed. He was interrupted at night in an elementary school painting a record player red. When they caught him outside, his hands had red paint on them.

Zamboagna Large City

MANILA — Zamboanga in the Philippines has one of the greatest areas of any city. Its area of 1,159 square miles is almost equal to that of the entire state of Rhode Island.

FDR'S GRANDDAUGHTER TO WED — Kate Roosevelt, 23, granddaughter of President Franklin D. Roosevelt, and William Haddad, a New York Post reporter, are shown when they applied for a marriage license Tuesday. They will be married Saturday at a small family ceremony. AP Wirephoto

Miss Roosevelt is the adopted daughter of John Hay Whitney, U.S. ambassador to England. She is the daughter of Rep. James Roosevelt (D-Calif) and the former Betsy Cushing, now Mrs. Whitney.

Won't Fire Painter

BURLINGTON, Vt. (UPI) — Lt. Arthur D'Arcengelo said the painter who put an extra "o" in the word "unloading" on four street signs won't be fired. The signs were painted by an inmate of the state prison.

He's Much Luckier Than Necessary

BANGOR, Main (UPI) — Lorin Arnold of the Bangor Daily News is called "Lucky" because of his prowess at the poker table. But he outdid himself during a recent vacation to Bar Harbor.

Arnold bought a $1 raffle and walked off with a 14-foot boat, a 10-horsepower outboard motor and a sturdy trailer to haul the vessel.

Since he already had similar equipment, "Lucky" sold the boat and the trailer, traded the motor in for a powerful 35-horsepower model and salted $700 away in the bank.

Compared to Texas

WASHINGTON—National forests of the United States comprise a total area nearly equal to that of the whole state of Texas.

Lumber Still in Lead

SEATTLE — Lumber comprises 80 per cent of the construction material used in the United States.

Takes Phone Matters Into His Own Hands

LOCKPORT, N.Y. (AP)—Irritated because his party line always seemed to be busy, a customer walked into the telephone company office here with his phone under his arm after tearing it off the wall.

Company officials weren't too upset. The man asked for a new private line, extension dial, night lamp and two color phones.

Painting Exercises This Artist's Jaws

ALBEMARLE, N. C. (AP) — Mrs. John Napier, 65, has a hobby that consists largely of a-painting and a-chewing.

She paints oil pictures, chewing gum at the same time. The finished product is framed in old moulding, the gum fastened to the frame and shellack added.

The finished picture has an antique-appearing frame. Mrs. Napier says her largest picture consumed 275 sticks of well-chewed gum, all stuck to the frame.

Canada's Great Slave lake, the second largest in the Dominion, is 300 miles long and about 50 miles wide.

Judge Was Cooler Still

TULSA, Okla. (AP) — George Dexter petitioned district court to annul his "marriage" to a girl named Rose. Dexter, a bachelor, said in 1919 he and Rose filled out an application for a marriage license. However, he didn't have the cash and he returned to his Army camp. Then Rose's love cooled and the marriage didn't come off.

Americans purchase half of all goods produced in the world.

Government Costs Money

Monthly payroll expenditures for Federal, state and local civilian government employes ran to more than two and a half billion dollars last year, according to the Tax Foundation, Inc.

Press Survey Reveals High Readership Interest in Many Sports

Pontiac Area Has Sportsminded Population

(The Pontiac Press sports department recently took a survey for the purpose of learning the interests and readership of the sports page of a daily newspaper. The readers were asked to rate the various sports from a readership standpoint and from a standpoint of participation. They were asked to rate The Pontiac Press sports pages and list their favorite feature columns. This is the first of a series of articles summarizing the survey.)

Oakland County has a great sportsminded population. With its great wealth of 423 lakes, 35 golf courses, 46 bowling alleys, 9 ski slopes, 37 high schools and numerous sportsmen's clubs and recreation areas, most every household has a special interest in at least one or more of the 30 different sports.

There is a close correlation between the survey made nationally and one made in the Pontiac area. There is a slight variance in the interests of men and women.

The 1958 national survey, Major League baseball led with 80.9 per cent, followed by college football with 80.5, professional football with 77.3 and basketball (high school and college) with 61.0. Others in order were golf, boxing, fishing, bowling and hunting.

Pro basketball, track, horse racing, tennis, auto racing, boating, swimming, minor phase of baseball (minors and city league), hockey, wrestling, skiing, rowing, skating and billiards followed in order.

★ ★ ★

The fallacy of the national survey was that winter sports drew very little support from the sunshine states. Water sports got little attention from places where there was an absence of lakes and rivers.

It was also noted that pro football drew little or no support in the South where none of the cities sponsored pro teams and where college football had great interest.

In this respect, the Pontiac area, where water, winter and summer facilities are ready available and plentiful, and where high school, college and pro sports are easily accessible, a survey as such can paint a more true picture than in areas where sports are limited.

★ ★ ★

Major League baseball drew the top percentage of the total of men and women surveyed, but the margin was very close. The survey showed baseball's readership interest with 77.6 per cent, while pro football had a total of 77.2.

HOWLETT

MRS. FLOOD

Baseball got the most number of first place votes on the survey and pro football piled up the votes in second, however it is interesting to note that the total votes for the first three places, readers gave pro football 401 votes and baseball 372.

This is surprising in as much as the survey was taken in the thick of the baseball season when football and other fall and winter sports were getting little attention on the sports pages.

★ ★ ★

It also varies from the national survey which had college football behind baseball.

Another interesting note was the strength of high school basketball which took fourth place in the survey. The women place high school basketball just ahead of high school football, but the men gave the edge to the prep grid sport.

This is noted in the votes for the top three places. Women gave basketball 59 and football 53, while men gave prep football 103 and basketball 83.

Twenty three different sports got first place votes from the women as to their readership interest, whereas 20 different sports were mention by men.

★ ★ ★

Hockey drew a surprising high percentage locally. In fact it was 32 per cent higher than the national survey. It received 49.7% in The Press survey, running closely behind golf and bowling.

For Wanda Elliott of 210 Oneida Rd., hockey is king. "I think hockey is just wonderful, I always read every hockey story."

Auto racing, horse racing, water sports and snow skiing also received high percentage of votes.

★ ★ ★

Howard Armstrong of 2922 Buick street suggests that, "A lot more could be done for auto racing if it got a little boost from the papers."

MRS. ZUBALIK MRS. TAYLOR

Of course similar opinions were offered by enthusiasts for other sports such as snow skiing, water skiing, horse racing, city league sports, etc.

"You could make a lot of boys happy by giving more attention to Little League or Midget teams," said Donna E. Yeager of 310 South Tilden.

Mrs. Ernest Zugalek of 5218 Marconi, Clarkston says the "sports pages are good." She likes bowling most but also reads the major sports stories.

"High school sports are my primary interest," says Mrs. John Flood, 2215 E. Hammond Lake Drive, who reads the sports columns very often.

Bowling and golf are the primary interests of Mrs. Basil Taylor of 6242 Waldon Road and she "likes the columns on these sports most of all." Mr. Taylor on other hand give hunting and fishing top spots in rating whereas he omits interest in golf or bowling.

★ ★ ★

As for participation sports, golf got the men's top billing, while bowling was the women's choice. Men followed with bowling, swimming, fishing, hunting whereas women followed with swimming as second choice and golf as third choice.

Sixteen different sports drew the participation interest of the men, while women denoted interest in 14 participation sports.

This is the compulation of The Press Survey of the readership interest of men and women in the Pontiac area. (Tomorrow the people surveyed will give their opinions of The Press Sports page and add their comments and suggestions).

Pistons Fall to Baylor and Lakers

AP Wirephoto

GIANTS IN ACTION — Boston's Bill Russell (6) aims skyward as he tries to block a jump shot by Philadelphia's Wilt "The Stilt" Chamberlain in their first pro meeting at Minneapolis yesterday. Chamberlain, 7-1, missed the shot and the Celtics headed by 6-10 Russell won the game 103-98. The Lakers beat Detroit 100-94 in the other half of the double header.

MINNEAPOLIS (AP) — With Elgin Baylor back in action, the Minneapolis Lakers whipped Detroit 100-94 last night in a National Basketball Assn. exhibition game.

★ ★ ★

Baylor, signed two days ago for a reported $25,000, scored an ordinary 16 points but his presence was enough to prod the Lakers out of their doldrums. It was Minneapolis' first home appearance after losing 12 of 13 games to Boston.

Larry Foust topped Minneapolis with 18 points and Bailey Howell had 19 to lead Detroit.

Minneapolis never trailed after bolting to a 24-8 lead. Detroit closed to 59-55 in the third period but the Lakers hustled out of danger.

In a second game, the world champion Boston Celtics rallied to beat Philadelphia 103-98.

★ ★ ★

Boston's Bill Russell, outplayed through most of the game by the Warriors' 7-foot-2 Wilt Chamberlain, marshalled the Celtics for their fourth period comeback. He hit four field goals in the final few minutes and hit a 20-foot push shot that clinched the victory.

★ ★ ★

Scoring honors in the first pro clash between Russell and Chamberlain, however, went to Wilt "The Stilt." He bagged 26 points, 10 better than Russell. Big Bill, however, rode the bench most of the third period.

Howe, Fonteyne Connect in 2-0 Win at Chicago

Sawchuk Blanks Hawks for 1st NHL Shutout of New Season

DETROIT (AP)—The Detroit Red Wings kept up their winning ways in the new National Hockey League season by beating the Chicago Black Hawks 2-0 last night at Chicago in their third game without defeat.

A combination of old and new blood provided the victory as Gordie Howe and rookie Val Fonteyne scored the goals and goalie Terry Sawchuk posted the NHL's first shutout of the campaign.

It was Detroit's second victory to go with one tie with the Red Wings retaining second place. Boston, the league leader, kept pace by beating New York last night 4-3.

Detroit's triumph set things up for a warm welcome at home for another game here tonight at Olympia Stadium with the Black Hawks. The Red Wings, who had a poor season last year, can go into first place by winning tonight.

★ ★ ★

Howe, scoring his second goal of the season and the 420th of his NHL career, rammed the puck home at 12:50 of the first period from 20 feet out in a combination with Gary Aldcorn and Len Lunde.

Fonteyne, left winger on the rookie line, scored three minutes later from in front of the Chicago goal upon being fed by rookie Jerry Melnyk for a point-blank shot.

Sawchuk did his big part by knocking aside 23 Black Hawk shots.

★ ★ ★

The Boston Bruins owed their fast start in the National Hockey League today to their "Uke line" of Bronco Horvath, Johnny Bucyk and Vic Stasiuk.

All three men figured in the scoring Wednesday night as the Bruins wiped out a three-goal deficit in defeating the New York Rangers, 4-3, at Madison Square Garden.

Horvath converted a pass from Bucyk to reduce New York's lead to 3-2 in the second period. Then, after rookie Dick Meissner tied the score with his first NHL goal early in the final period, Stasiuk rapped in the winner on a breakaway with only 30 seconds remaining.

It was pace-setting Boston's third victory in four games and the fourth straight defeat for the winless Rangers, who had gained their early lead on goals by John Hanna, Bill Gadsby and Dean Prentice.

Woes for Habs: Jean Beliveau Sick With Flu

MONTREAL (AP) — Big Jean Beliveau was bedded down with the flu Wednesday, adding to the worries of Montreal Canadiens in their preparation for a meeting here Thursday night with the Toronto Maple Leafs.

Beliveau was listed as a doubtful starter. His illness is the second blow to Canadiens since the National Hockey League season opened last week.

★ ★ ★

Defenseman Doug Harvey was hit with a particularly bad case of flu last Friday and missed two weekend games. He has been ruled out for Thursday. Club doctors said he will be too weak to stand the strain but he may do some light skating Thursday.

They're Looking Ahead

MILWAUKEE (AP) — The 1959 baseball campaign had barely ended when some Milwaukee Braves fans went out on a limb with predictions for next year.

A brightly lit sign above the entrance of a South Side cafe boldly reads:

"Welcome 1960 World Series Fans."

AP Wirephoto

ACTING CHIEF—Austin Gunsel, treasurer of the National Football League, was named acting commissioner upon the death of Bert Bell. He will serve until a new commissioner is elected by the owners.

Name Walt Alston Top Manager in National

DARRTOWN, Ohio (AP)—This may come as a shock to Los Angeles but on the main street in this little Butler County town with its population of 200 there are two big signs which say "Darrtown. Baseball capital of the world."

★ ★ ★

In his home a block away from those two signs, Walter Alston responded in his usual shy and reticent manner when told members of the Baseball Writers Assn. of America had voted him National League manager of the year in an Associated Press poll.

★ ★ ★

For benefit of non-baseball fans, Alston is manager of the Los Angeles Dodgers who last week won the baseball World Series.

"It sure is nice," said Alston with his shy smile, "but it was a team effort."

The Dodgers last year finished seventh in the National League and then, this year, they came on to tie Milwaukee for the National League pennant, won it in a two-game playoff and then beat the Chicago White Sox in a six-game World Series.

Alston also was selected as the manager of the year in 1955 when he won with the then Brooklyn Dodgers, but this was more "his" team.

★ ★ ★

"The fellows worked hard for it," said Alston as he recalled the season. "They started the first day of spring training, or even before, because all of them reported in good shape."

Thinking back over the season, Alston said it always seemed that someone would come up with a hot streak to keep the team in contention.

"(Don) Demeter hit a lot of home runs early," he said. "Then someone else would get started.

★ ★ ★

(Jim) Gilliam had a hot streak. (Charlie) Neal was steady about all year but (Gil) Hodges and (Duke) Snider picked us up at times. Even Little (Maury) Wills had a hot streak."

And then Alston leaned back again in his easy chair and repeated, "It was a team effort."

What about next year?

"We don't intend to stand pat," he said, "but I can't name any particular spot we want to improve."

★ ★ ★

How about last year and that seventh place finish? Did the Los Angeles Coliseum left field screen form a mental block for both the pitchers and hitters?

"We just had a bad year," Alston said, "and I think we would have had a bad year if we had played in Darrytown or anywhere else."

★ ★ ★

Alston was an overwhelming choice of the baseball writers for the manager of the year honor. He polled 132 votes to 31 for Bill Rigney of the San Francisco Giants, six for Fred Haney of the Milwaukee Braves and two each for Danny Murtaugh of the Pittsburgh Pirates and Fred Hutchinson of the Cincinnati Reds.

Television Calls Haney

HOLLYWOOD (AP)—Fred Haney, who resigned as the Milwaukee Braves' manager, has signed to do the commentary on a baseball show starting Oct. 24 on Los Angeles station KCOP-TV. The program, "Major League Baseball Presents," will appear each Saturday at 9 p.m.

Haney will do a videotaped commentary on outstanding major league games played this year.

Leahy Back in Football

LOS ANGELES (UPI)—Frank Leahy, returning to football after three years retirement, said today he accepted a post as general manager of the Los Angeles entry in the new professional American Football League as a huge challenge.

★ ★ ★

"I accept this assignment with much joy and am most grateful to Barron Hilton and his associates for giving me the opportunity of working and residing in Los Angeles," said Leahy after the announcement of his $50,000 a year front office post.

It will mark the first time the fabulously successful college coach ever has held a front office job.

The hiring of Leahy was understood to be part of the new team's fight for recognition in a city where the Rams of the National Football League regularly draw huge crowds.

Walled Lake Also on Road, Seaholm Home Tomorrow

PNH, Skippers Play Away

Another round in the helter-skelter Inter-Lakes League race helps feature another big area prep football schedule tomorrow.

It all begins in the afternoon when Waterford, 1-1, invades Farmington, also 1-1. At night, Pontiac Northern, 1-1, is guest of Berkley, 1-1 and Walled Lake travels to Southfield. The Vikings head the pack at 2-0 with Southfield at the bottom with 0-2.

A Southfield upset would really scramble the standings and make it anybody's race in the well balanced loop.

Waterford had played spotty football while splitting four season decisions. The Skippers could take a big turn for the good by dumping the defending champions. A lot will depend on the success of big Bill Bryce, who has four of the team's seven touchdowns.

Farmington is 3-1 overall but bowed to Northern and just edged Southfield the last two times out.

★ ★ ★

Northern has played much better ball than its .500 record indicates. Such talented backs as Bruce Norton, George Graves and Bob Hocking are certain to give the Berkley line a good test. The Bears have tripped Southfield and bowed to Walled Lake.

Walled Lake will be in good position to go all the way if it can get by Southfield although the Vikings are not taking the game lightly.

★ ★ ★

The charges of Dave Smith have piled up 94 points while giving up just one TD in four victories sparked by Bob Christian. The Bluejays, hindered somewhat by injuries, have bowed three times by one touchdown.

★ ★ ★

Two of the key games around the other leagues are slated for the gridirons of Birmingham Seaholm and Imlay City. Both will likely have a great bearing on final standings.

Seaholm, hoping to have some of its cripples back, will host rugged Ferndale in the Eastern Michigan feature needing a victory badly. Hazel Park goes to East Detroit and Port Huron is host to Mt. Clemens in other loop tussles.

★ ★ ★

Oxford gets a big opportunity to even some old scores and take a big step towards the South Central Conference crown at Imlay. The Wildcats' surprising loss at Lake Orion could have done a lot of good but it's hard to tell. Imlay remains unbeaten. Millington visits North Branch completing that slate.

Frank Kownacki will be attempting to get his Orion Dragons in the "upset mood" again as they take on Clawson at home. Madison goes to Troy for the other Oakland B game.

Rochester seeks its 2nd straight in the Tri-County at L'Anse Creuse as Romeo travels to Lapeer.

Unbeaten, unscored-on Memphis should get a good test at Brown City, Almont is guest of Anchor Bay, Dryden vs. Capac and New Haven visits Armada in the Southern Thumb.

Elsewhere, Avondale should breeze at Oak Park, Fitzgerald plays at Royal Oak Kimball, Ortonville is at Flint St. Mary, Utica at Lake Shore, Royal Oak Dondero at Monroe and South Lyon is host to Boysville.

Phooey! That was last week's keyword for our Swami Association. Only Swami Abair made any big gains as he closed in within two games of the leader Swami Cornwell.

Meanwhile the other two Swamis, Kearns and Moats continued to fall behind. Pontiac Northern, Birmingham, Clarkston, Oxford, Romeo and those unpredictable pros all gave the Swamis fits.

There are big ones on tap this week and the grapevine could take another beating. Swami Kearns stands alone with Pontiac Northern, Waterford, Imlay, Notre Dame and Wisconsin.

This the chance for the Skippers to prove the Swamis wrong for the third time this year.

★ ★ ★

This is the game for West Bloomfield to prove itself and for Northern to prove its win over Farmington wasn't a fluke and for Birmingham to get back into the EML race.

Tigers Ink Brother of Hurler Regan

DETROIT (UPI) — The Detroit Tigers announced today that 19-year-old Charles V. Regan, Wayland, Mich., has signed a 1960 contract with Durham, the Tiger affiliate in the Class B Carolina league.

Regan is a brother of Phil Regan, who recently was placed on the Tigers' roster.

Also signed for 1960 were George Jozwik, third baseman for Evanston, Ill., who will join the Decatur team in the Class D Midwest League, and Richard Stauffer, Boyertown, Pa., pitcher, assigned to the Erie club in the Class D New York-Pennsylvania League.

The Bomb's Got the Job

PITTSBURGH (AP) — Halfback Tom Tracy will play fullback from now on for the Pittsburgh Steelers, says Coach Buddy Parker.

Still smarting over last Sunday's 28-24 loss to the Philadelphia Eagles, Parker made the shift yesterday. Rookie back Tom Barnett took over Tracy's halfback slot.

Wayne Rowers Race

DETROIT (UPI) — Wayne State University's rowing team will race on Fanshaw Lake near London, Ont., Saturday against Western Ontario and the two teams will have a rematch here on the Detroit River Nov. 7.

Spartan Booters to Meet Highly-Ranked St. Louis

EAST LANSING (UP)— Michigan State's soccer team, undefeated in four years, will clash with highly rated St. Louis University Saturday in a contest that could settle the Midwest championship.

St. Louis will field an experienced team that has racked up 32 goals this year while holding their opponents to two.

* * *

In the four years since they were organized, the MSU booters have played 22 games without defeat. Three have ended in ties.

Winner of the Midwest title will go to the first NDAA playoff.

Northwestern Has Injury Problems

* * * * * * * * *

Spartans Await Notre Dame

MSU Backs Ailing

EAST LANSING (UP)—"Halfbackitis" is plaguing the Michigan State football team.

A hip injury suffered in Tuesday's practice session may sideline second string right halfback Bob Suci during the Spartan's nationally televised game against Notre Dame Saturday.

Suci, Grand Blanc sophomore, is the fellow who intercepted a pass in the Michigan game and dashed 93 yards for a touchdown. He has been running behind Herb Adderley, whose thigh injury is expected to heal in time for him to see action against the Irish.

Sophomore Gary Ballman, starting right halfback, had an operation yesterday for a badly dislocated finger suffered in the Iowa game and may be a spectator when MSU tangles with Indiana the following week.

Aside from halfbacks, the Spartans will go into Saturday's game in good physical condition. The team devoted most of yesterday's practice to offensive drills.

* * *

Ballman will be replaced by another sophomore, Don Stewart. Sophomore Larry Hudas of Detroit or senior Bob Ricucci of Maumee, Ohio, will replace Stewart in the defensive halfback spot.

Backfield coach Bill Yeoman fired a perfect 35-yard pass to end Jason Harness as Daugherty blocked at right half on one demonstration play.

As a result of Iowa halfback Bob Jeter returning a kickoff 95 yards to the MSU one Saturday, Daugherty is emphasizing defense to stop long runbacks of a kickoff or punt.

* * *

"The kids let Jeter get past them because they were too eager, not too slow," Daugherty said. "They ran past him as he came back up the field."

Injuries to Key Backs Worry Next 'M' Foe

Eickhoff, Burton May Miss Saturday's Tilt at Ann Arbor

EVANSTON, Ill. (UP)—Northwestern's offensive plans for the Michigan game Saturday are all up in the air.

A bruised shoulder injury to the surprising sophomore quarterback, Bob Eickhoff, has left coach Ara Parseghian of the No. 2 ranked Wildcats pondering his mode of attack.

"We called Eickhoff off the bench late in the third period against Minnesota Saturday, our offense reverted to the type we had built around Dick Thornton," said Parseghian. "And immediately it clicked. Eickhoff can run and pass, and the option play guided us to the decisive touchdown for a 6-0 victory.

"Eickhoff can't lift his right hand out straight and unless treatments correct the injury in the next several days, we will have to count him out of our plans.

"That means we will start Chip Holcomb at quarterback and go with a pro type offense of draws, screens, traps and spins and so forth.

"We also are doubtful about Ron Burton. He can't run because of a sprained ankle. Burton's replacement will be Mark Johnston, a straight-ahead type of runner who did a good job for us against Minnesota."

Parseghian said that Michigan will be ready and waiting to regain revenge for a 55-24 pasting last year, adding:

"I think it's going to be real close, especially on offense."

In defeating Oklahoma, Iowa and Minnesota, Northwestern has netted 476 yards rushing and yielded 147, and piled up 325 yards in the air to 240 for opponents.

WEDNESDAY'S FIGHTS

HOUSTON, Tex. — Cleveland Williams, 211, Houston, knocked out Curley Lee, 181¼, Los Angeles, 10.

TOKYO — Koichi Ishikawa, 134½, Japan, outpointed Takeo Sugimori, 133¾, Japan, 10.

LIVERPOOL, England—Tommy Malloy, England, stopped Albert Carroll, England, 12. (welterweights).

Ryder Matches, Nov. 6-7

British Cuppers Set Sail

SOUTHAMPTON, England (UP) — Dai Rees, captain of Britain's Ryder Cup team, has ordered his golfers to spend plenty of time at the movies during their sea trip to the United States.

The British players were scheduled to leave Southampton on the Queen Elizabeth today. And the film Rees wants his men to study is one featuring an 18-hole exhibition match over the Eldorado Country Club course at Palm Springs, Calif.

That's the site for Britain's defense of the Ryder Cup against the Americans Nov. 6-7.

"None of us know the Eldorado course," Rees said, "But this film, showing a match between Sam Snead and Gary Player, will give us a chance to see what it's like."

Rees forecast that the Americans will not find it easy to win back the Ryder Cup.

* * *

"Man for man, as we proved at Lindrick, we are as good as they are," the little Welshman said.

It was at Lindrick, England, two years ago that Britain won the Ryder Cup in one of the biggest upsets ever seen in professional golf.

* * *

Britain trailed 3-1 after the foursomes, but came back and won six of the eight singles. Rees also captained that team.

* * *

"If we can do well in the foursomes in California we'll hold the cup," Rees forecast shortly before sailing.

Hillsdale 5th in NAIA Poll

KANSAS CITY, (UP) — Mighty Hillsdale College, which hasn't been pressed in chalking up four victories this season, was ranked fifth today in the National Assn. of Intercollegiate Athletics football ratings.

The unbeaten Dales received 152 points in the ratings. Top-ranked Lamar Tech (5-0) was awarded 229 points.

Two other Michigan teams are rated in the NAIA's top 20.

Central Michigan (3-2) is 18th and Northern Michigan (3-1) is 19th.

THE RATINGS:

		Points
1.	Lamar Tech (5-0)	229

Host Northville in Possible W-O Title Scrap

Lakers in 'Big One' Friday

By CHUCK ABAIR

Coaches around the Wayne-Oakland League have been saying since the season started that this was going to be the year remembered as the one in which Northville did not win the football crown.

★ ★ ★

Their prediction will come to a head tomorrow night when the Mustangs visit Keego Harbor to meet Art Paddy's high-scoring West Bloomfield gang.

Despite three straight crowns and a good nucleus, the general feeling around the loop has been the NHS eleven would not be able to cope with the Lakers and possibly some others.

Northville has defeated Holly, Bloomfield Hills and Milford thus far although not appearing as impressive as last fall.

★ ★ ★

West Bloomfield has belted Clarenceville, Milford and Brighton during the same period. The Milford score was 46-14 as compared to last week's 22-0 Northville win over the 'Skins.

The Lakers will rate as the slight favorite on the basis of their strong scoring punch and the home advantage. Defense has been the key factor for the Mustangs thus far.

★ ★ ★

The WB backfield of Jack Newton, Tom Moran, Wayne Ross and Denis Alix plus end Jack Long has accumulated 140 points in four successive triumphs. The enemy has garnered 51.

Northville has tallied only 76 but also allowed just 29 in a 3-1 season. Gary Morgan has scored 30 of the points. He and Larry Nitzel head the backfield which also includes speedy Chuck Darling and sophomore Dave Hay. Placekicker Wade Deal, Joe Gotro and Roger Atchinson are other NHS veterans.

The breakway offense of West Bloomfield will really be put to test in this one. Another good night would likely mean a scoring duel.

Many W-O followers are of the opinion the law of averages is with the locals this time. They have been getting nipped by Northville in recent years.

★ ★ ★

"I don't know if we can break that tradition of losing to them," said a hopeful Paddy today.

Brighton's visit to Clarkston tops the remaining league card for Friday. Bloomfield Hills will host Milford in an afternoon session while Holly seeks its 2nd straight victory entertaining Clarenceville.

The opponents at Clarkston are both smarting from defeats following good starts. The loser will have trouble staying in title contention.

Milford has a good chance to give Jerry Ganzel his initial win although hot-and-cold Bloomfield is due to be heated up again.

With two losses, Holly faces a "must" game everytime out now. Clarenceville has only a tie to show for four outings.

29 Winter Sport Centers Set in Western Michigan

By The Associated Press

Winter sports enthusiasts can look forward to choosing from among a record number of 29 West Michigan sports centers in the coming season.

More than half the centers are lighted for night operations.

Ludington ski area, which opened late last season, is starting its first full season this year and four others — Jordan Valley Lodge near East Jordan, hu-lu Heights at Hudsonville, Indian Hills in Grand Rapids and Goshorn Hills at Saugatuck are new to the West Michigan winter sports resort list.

The West Michigan tourist and Resort Assn. claims its area now boasts one of the greatest concentrations of winter sports centers in the United States.

Sports fans will find 22 skiing centers, two others which provide skiing, skating and tobogganing, one with skiing and tobogganing, three with toboggan runs and skating and one with tobogganing only.

Skiing facilities include nearly 200 runs, ranging up to 8,400 feet and with vertical drops of up to 500 feet, and more than 100 tows including double-chair lifts, pomalifts, j-bars and t-bars.

Expanded facilities, ranging from additional room accmmodations to installation of automatic waxing machines, are on display at nearly all the 24 centers established prior to last year.

Welu Returns to Falstaff

ST. LOUIS (AP)—Billy Welu has returned to the roster of the professional Falstaff bowling team.

He resigned from the squad July 24, stating the illness of his parents as the reason.

He said Wednesday his parents, who live in Houston, Tex., were well again.

COLLEGE SCHEDULE

Saturday Afternoon

Northern Michigan (3-1) at Western Reserve (2-0).
Illinois Chicago (0-3) at Ferris (1-2).
Wayne State (2-0) at John Carroll (2-0).

Chisox Pair Unanimous

UPI American League Stars List 2 Tigers

NEW YORK (UPI) — Luis Aparicio and Nelson Fox, the Chicago White Sox' brilliant double play combination, were unanimous choices today on a United Press International 1959 American League all-star team that does not include a single New York Yankee.

Two other members of the American League champions — pitcher Early Wynn and catcher Sherman Lollar — were named to the team which also included pitcher Cal McLish, outfielder Rocky Colavito and first-baseman Vic Power of the Cleveland Indians, outfielders Al Kaline and Harvey Kuenn of the Detroit Tigers and third-baseman Frank Malzone of the Boston Red Sox.

Mickey Mantle, who recevied eight votes for an outfield position and Yogi Berra, who got two for catcher, were the only Yankees among the total of 29 players receiving at least one vote. The team was picked by a 24-man committee of baseball experts, three representing each city in the league.

Kuenn won the American League batting title with a .353 average, Kaline hit 27 homers and batted .327 and Colavito connected for 42 homers and drove in 111 runs despite a .257 average. Power batted .290 and drove in 60 runs for the Indians while Malzone batted .280, hit 19 homers and knocked in 92 runs for the Red Sox.

The complete voting position - by - position:

CATCHER: Sherman Lollar, White Sox (18), Gus Triandos, Orioles (4), Yogi Berra, Yankees (2).
FIRST-BASEMAN: Vic Power, Indians (16), Tito Francona, Indians (7), Pete Runnels, Red Sox (1).
SECOND-BASEMAN: Nelson Fox, White Sox, (24).
SHORTSTOP: Luis Aparicio, White Sox (24).
THIRD-BASEMAN: Frank Malzone, Red Sox (16), Harmon Killebrew, Senators (7), Eddie Yost, Tigers (1).
OUTFIELDERS: Al Kaline, Tigers, and Rocky Colavito, Indians (16 each), Harvey Kuenn, Tigers (10), Mickey Mantle, Yankees (8), Jim Landis, White Sox (7) Tito Francona, Indians (6), Gene Woodling, Orioles, and Jackie Jensen, Red Sox (3 each), Minnie Minoso, Indians (2), Bob Cerv, Athletics (1).
PITCHERS: Early Wynn, White Sox (24), Cal McLish, Indians (11), Camilo Pascual, Senators (5), Frank Lary, Tigers (3), Pete Daley, Athletics (2), H. Wilhelm, Orioles, Jim Bunning, Tigers, and Bob Shaw, White Sox (1 each).

Sam Jones NL's ERA Champion

Giant Finishes 2.84; Craig 2.06 but Lacks Required Innings

NEW YORK (AP)—Sam (Toothpick) Jones of the San Francisco Giants, with a hefty assist from the rival Los Angeles Dodgers, edged defending champion Stu Miller to win the 1959 National League earned run title.

Jones, a 21-game winner, allowed 85 earned runs in 271 innings for an earned run average of 2.82. Miller, the Giants' slowball specialist, gave up 53 earned runs in 168 innings for a 2.84 mark, statistics compiled by The Associated Press revealed today.

The best earned run average by far among the regular hurlers was posted by Roger Craig of Los Angeles. He finished with 2.06. The veteran right - hander, however, pitched 152 2-3 innings. This was only 1 1-3 innings short of the minimum requirement for title consideration. Craig was brought up from the Pacific Coast league in mid-June.

The leaders (based on 154 or more innings pitched:

	G	IP	R	ER	ERA
S. Jones, S.F.	50	271	99	85	2.82
Miller, S.F.	59	168	66	53	2.84
Buhl, Mil.	31	198	76	63	2.86
Spahn, Mil.	40	282	106	94	2.96
Law, Ptt.	34	266	91	88	3.00
Conley, Phil.	25	180	68	60	3.00
Newcombe, Cin.	30	222	86	77	3.12
Antonelli, S.F.	40	282	107	98	3.13
Maddix, Ptt.	31	224	88	78	3.13
Sanford, S.F.	36	222	90	78	3.16
Owens, Phil.	31	221	97	79	3.22
Jackson, St.L.	40	256	103	94	3.30
Drevsdale, L.A.	44	271	113	104	3.45
Hillman, Chi.	29	191	84	75	3.53
Hobbie, Chi.	46	233	104	95	3.67

No Sudden Action by NBA in Probe

PROVIDENCE, R.I. (AP)—The National Boxing Assn. will take no immediate action on a move to revoke the New York licenses of the principal promoters of the Ingemar Johansson-Floyd Patterson heavyweight championship fight.

★ ★ ★

The New York State Athletic Commission has directed its counsel to prepare charges against the principals in the promotion of the fight. They will be asked to show cause why their licenses should not be revoked.

The charges stem from an investigation into alleged irregularities in the promotion of the title fight.

New York is not a member of the NBA, but the two groups have recognized each other's suspensions in the past.

Phony Ducat Ring KO'd

CHICAGO (AP)—A counterfeiting ring which sold $10,000 to 15,000 worth of phony World Series tickets has been smashed, Chicago detectives said yesterday.

Detectives Sam Incardona and Joseph Dragel said two Chicagoans, Don Byron and Harry Brissa, were identified by victims of the swindle. They said a total of 700 or more bogus Series tickets were involved.

PTTA Begins Play Thursday

12 Teams Make Up Two Divisions in 1959-60 Table Tennis League

Activity begins in the Pontiac Table Tennis Association with the first matches slated at 8:00 p.m. Thursday in the girl's gym at Pontiac Central.

★ ★ ★

There are two divisions of six teams each in the league sponsored by the Pontiac Recreation Department.

★ ★ ★

Each team carries seven players and a playoff between the divisional winners will determine the league championship as the end of the season.

Officers of the PTTA are Perc Secord, president and Wm. Stephenson, secretary-treasurer. Newcomers are welcome to join the PTTA regardless of experience.

THURSDAY'S MATCHES: A & W (defending champs) vs. Pontiac Motor; Newberry Market vs. Seamon Mfg.; Boys Club vs. Nicks; Nutrilite vs. Kuhns; Capitol Barber vs. Dorris & Son and Bob's Shell vs. Fox Cleaners.

Miami AD Is Stricken

OXFORD, Ohio (AP)—John Brickels, 53, athletic director of Miami University, was stricken with a heart attack shortly before noon Wednesday and confined to McCullough-Hyde Memorial Hospital, university officials said.

★ ★ ★

Doctors reported he was progressing well and resting comfortably but would be confined to the hospital for at least a week.

Crisler Squelches Rumors

All-Star Pin Points

SPALDING
DON'T WORRY ABOUT PRACTICE SCORES
By JIM SPALDING

Like the great majority of bowlers, I bowl strictly for fun. Bowling is a game that gives me a refreshing break in my business routine of civil engineering. I enjoy the competition, the fellowship and the exercise. I find myself challenged by the urge for

self-improvement that the great game of bowling provides.

I bowl in two leagues a week and that's just about par for anyone really interested in the game. Saturday afternoons, some friends and I usually meet for an open bowling practice session. This weekly practice session is one of the reasons I've been able to increase my average in recent years.

To people who bowl just for fun but who would like to improve their game the best tip I can give is that practice is imperative. Practice regularly and practice intelligently.

First get your own bowling ball. Obviously, it will fit your grip perfectly and it should "behave" the same way each time you roll it.

First, analyze your faults then set out to correct them, one at a time. If your bowling establishment has an instructor, obtain his help because nothing is tougher than trying to analyze yourself.

★ ★ ★

Remember, too, that there are some practice sessions where you shouldn't worry about your score. If you're not bending your left knee enough, for example, you're going to have a few miserable scores until you get the hang of it.

One time when you should worry about scores in practice is in picking up spares. Never shrug your shoulders and go after a spare half-heartedly because it's a tough one and it's only practice. The ability to convert spares is one of the simplest — and most important — ways to increase your bowling average.

Guglielmi Tops NFL Aerialists

WASHINGTON (AP)—The top-listed passer in pro football is a young skeptic who wondered last year if he was good enough for the game.

Statistics released today place Ralph Guglielmi of the Washington Redskins first among National Football League quarterbacks.

Guglielmi has averaged 13.44 yards on 32 passes, of which he has completed 19. Standings are computed on average gain per throw.

Right behind the former Notre Dame All America is teammate Eddie Le Baron, the little veteran who at this stage of the proceedings holds no better than equal status with Guglielmi in the Redskins' book. LeBaron, who led the league in 1958, has averaged 8.46 yards on 28 passes with 16 completions.

Athletic Boss at 'M' Denies Job With Pros

New American Football League Officials After Commissioner

ANN ARBOR (UPI)—Fritz Crisler, a long-time foe of professional football, may wind up as commissioner of the new American Football League, but he still hasn't decided to give up his present post as University of Michigan athletic director.

Crisler squelched rumors yesterday that he had already accepted the position with the new professional league.

"I've talked to those people, but I've made no decision," Crisler said after meeting with officials of the AFL in California. Crisler was reported to be on his way back here yesterday, but his office said they had no word from him since Monday.

Although his conference with representatives of the pro sport was expected to draw criticism from university officials, U. of M. President Harlan Hatcher had nothing but good words for his athletic director.

★ ★ ★

"I don't wonder about the possibility of a job being offered to Crisler because of his reputation," Hatcher said. "He has done a wonderful job for us—first as a coach, then as an athletic director."

★ ★ ★

Crisler himself has been a stern critic of the National Football League since taking over the university's directorship after retiring as its coach.

Crisler does not allow professional scouts in the Michigan press box and the Detroit Lions were refused permission last year when they asked permission to play an exhibition game in the huge Michigan Stadium.

AP Wirephoto

ERA TITLE—Sam "Toothpick" Jones of the San Francisco Giants, a 21 game winner, won the earned run title in the National League. Jones allowed 85 earned runs in 271 innings for a 2.82 ERA.

Pike Award to Picman

At the recent 14th annual dinner and award meeting of the Billy Pike Memorial Assn., there were 22 in attendance, including the 1959 award winner, Don Picman, and his parents and Mr. and Mrs. William Pike. The memorial affair was named for the Pike's son, former city league star who gave his life during World War II. It has been held each fall at The Homestead, Highland.

Big League Prospect

BURLINGTON, N. C. (AP)—Merrill (Pinky) May, former big league infielder managing the Burlington Alamance Indians, picks Carl Yastrzemski as the No. 1 big league prospect in the Carolina League.

"I haven't seen anything the kid can't do," says May of Raleigh's second baseman.

Carl, son of a Bridgehamton, N. Y., potato farmer, received a huge bonus to sign with the Boston Red Sox.

Eastern Juniors Win

Two Class B junior high football teams from Eastern scored victories yesterday. One defeated Jefferson 12-6 and the other defeated Madison, 6-0.

Saginaw Passing Attack Is Threat to Chiefs

Renew Oldest Grid Series

By The Associated Press

The state's oldest college football rivalry, that storied series between Albion and Hillsdale, has its 69th showing Saturday at Albion's Alumni Field.

The first battle between these two MIAA schools was staged back in 1891. Many times since that first engagement, the two teams have played each other twice in the same season. And in only four years—1895, 1911, 1943 and 1944—did the two clubs fail to meet on the gridiron.

Albion holds the all-time edge in the series, winning 34, losing 26 and tying eight.

But the Britons have not beaten a Hillsdale club coached by Frank (Muddy) Waters. The last Albion victory came in 1952 by a 41-7 count. The 1953 game ended in a scoreless deadlock.

Williams Scores KO of Lee, Seeks Liston

HOUSTON, Tex. (AP) — Cleveland Williams demanded another rematch with Sonny Liston today after knocking out Curley Lee, a rugged newcomer from California.

Williams had to wait until 58 seconds of the 10th and final round of last night's nationally televised heavyweight fight before landing a left uppercut that knocked Lee unconscious for two minutes.

★ ★ ★

Lee, substituting for the injured Liston, had won two of the last three rounds with a strong comeback after taking a pair of eight-count knockdowns in the fifth.

AP Wirephoto

ERA TITLE — Hoyt Wilhelm, Baltimore's veteran knuckleballer, won the American League earned run championship the past season to become the first pitcher ever to win the title in each league. In 1952 with the Giants his ERA was 2.43. Last year it was 2.19.

Junior Wing Captain

DETROIT (UPI)—Roger Taylor, 17-year-old defense star, has been named captain of the Detroit Junior Wings hockey team by coach Jimmy Peters, it was announced today.

Taylor is a senior at Cass Tech High School in Detroit. The Junior Wings open their season Oct. 26 against the Chatham Maroons.

Eagle End of Waivers

PHILADELPHIA (AP)—The Philadelphia Eagles of the National Football League have placed defensive end Ed Cooke of Maryland on waivers.

Cooke, who had been on the injured reserve list with a severely sprained ankle, was released yesterday.

Trojan Aerial Arm Effective, Scouts Report

Central Meets Winless Squad Friday Evening at Wisner Stadium

By BILL CORNWELL

Forward passes, the football weapons that helped to knock Pontiac Central from the ranks of the unbeaten, will be a major threat to the Chiefs again this week.

Saginaw High meets PCH here Friday night at Wisner Stadium in a Saginaw Valley Conference engagement and Central scouts report that the Trojan passing attack is the most effective part of their offense.

It was only last week that previously winless Arthur Hill struck twice through the air for touchdowns to start the Chiefs on the road to their first defeat of the season after being virtually bottled up on the ground.

The Trojans, with nothing better than a 2-2 tie to show for their efforts in four gridiron outings, have a dangerous aerial arm, according to PCH scouts who have observed them for the past three weeks.

"We can't ignore their running game, which is similar to Arthur Hill's, but their passing attack is the major threat of their offense," declared Central coach Jesse MacLeay.

Then, without hesitation, MacLeay added, "We also think they're a much better football team than their record would indicate."

The Trojans opened their 1959 campaign with a 2-2 deadlock against Alpena, then bowed to Bay City Handy (13-6) and Midland (20-14) before dropping a 34-7 decision to Flint Northern last Friday in their Valley debut.

Central's grid camp has been hard-hit by injuries. Halfback Dick McCauley is still limping on a sore ankle and may see only limited duty while brother Joe McCauley, the fullback, will see no action at all.

Tackle Ron Jenkie, one of the stalwarts in the PCH line, is confined to the hospital with an infection and will be lost for two or three weeks. Fleet-footed halfback Allen Howze has a bruised leg and end Jim Allison is also sidelined.

That Ole Boy Taking His Lumps, Too--Egad

By MAJOR AMOS B. HOOPLE
First Man in Motion

Egad, gentle readers, this football season has been about as unpredictable as a runaway elevator which is going down when it should be going up, and up when it should be following a reverse course.

★ ★ ★

It is much the same on the gridiron these weekends. One never knows when the downs are going to get up and down the ups, thus throwing most of the selections for a loss.

Despite the surprising results which have marked the early weeks, the Hoople System continues to function beautifully.

This weekend's juciest upsets will find Kentucky rising to superhuman heights to derail the mighty Louisiana State Express and Michigan stalling the Big Ten title bid of Northwestern.

A look at what else is on the card: Holy Cross over Syracuse,

Oregon to down the Air Force and Missouri to whack Oklahoma. Army versus Duke promises to be a spine-tingling struggle ending 8-8.

And, oh, yes, my friends, after Saturday's skirmishes there will be just 57 more shopping days till Christmas.

Go on with the forecast:

Oregon 28, Air Force 24
Tennessee 16, Alabama 8
Texas 32, Arkansas 20
Army 8, Duke 8
Ga. Tech 16, Auburn 6
UCLA 28, California 6
Georgia 27, Miss. State 16
Holy Cross 16, Syracuse 15
Illinois 32, Minnesota 13
Indiana 24, Nebraska 12
Iowa 10, Wisconsin 8
Kentucky 24, La. State 20
Michigan 38, Northwestern 28
Notre Dame 27, Michigan St. 20
Missouri 20, Oklahoma 15
Purdue 30, Ohio State 13
So. Methodist 28, Rice 10
Texas A. & M. 10, Tex. Chris. 8
So. California 44, Washington 0
Pittsburgh 15, W. Va. 8
Detroit 27, Xavier 8
Penn 14, Brown 0
Mississippi 26, Tulane 15
Penn State 30, Boston 6
Princeton 19, Colgate 8
Boston College 24, Dartmuoth 0
Kansas 20, Kansas State 16

Villanova Won't Give Up Football, President Says

NEWARK, N.J. (AP) — The president of Villanova University has spiked rumors that his school might give up football.

★ ★ ★

The Rev. John A. Klekotka said the resignation of Frank Reagan as head coach was unfortunate. Reagan quit Tuesday after Villanova had lost four straight games.

Father Klekotka told a group of North Jersey alumni last night: "It was unfortunate that this thing had to happen to such a fine man. At no time was there any pressure on Frank to resign, from either university officials or alumni."

★ ★ ★

Reagan has been succeeded as coach by his first assistant, Joe Rogers.

Lincoln 20-0 Winner

Lincoln "B" handed the Washington Blues a 20-0 defeat yesterday in a Class B Junior High League football game at Lincoln. Tom Sokol paced the win with two touchdowns and two extra points and Tom Nichols scored the other TD. Lincoln now has a win and tie in two starts.

CHICAGO — Growth of the American Legion Junior baseball program has ranged from 26 teams in 1926 to more than 18,000 this year, with 184 "graduates" in the major leagues.

MILWAUKEE — The Braves' all-time low since transferring to Milwaukee from Boston was a gate of 1,826,397 set in 1953, and at that time it was enough for a NL record.

Filmland Making Over New Star From Israel

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD — The movies' newest star is an Israeli girl who is finding out how Hollywood can change her life. She has already lost her name and several pounds.

THOMAS

Twenty-year-old Elana Eden has the leading role in the story of "Ruth," 20th Century - Fox's three-million-dollar biblical epic. She was chosen over many name actresses, and now the studio is molding her to fit movie standards.

★ ★ ★

"They gave me a new name," the dark-haired beauty said wonderingly. "My real name is Cooper, but that sounded too English. They wanted me to have something that sounded more Jewish. So they picked Eden, because it is mentioned in the Bible."

★ ★ ★

She was also told that her hips were too ample for American movie tastes. So she is taking a daily pounding from a masseuse. At lunch, she had a decorous fruit and cottage cheese salad.

STUDIO HIGH

Aside from such minor matters, the studio is high on her possibilities as a dramatic actress. If she succeeds, she owes part of her thanks to another Jewish girl, Anne Frank.

★ ★ ★

Elana was one of the five finalists for the lead in "The Diary of Ann Frank." A drama student in Israel, she had been chosen for a test during the worldwide search for the movie Anne. When Millie Perkins won the role, Elana returned to her studies.

★ ★ ★

But producer Sam Engle remembered her test when he was searching for a Ruth. She was flown to London for another test.

"It was my first trip out of Israel," she recalled. "I was dazzled."

PASSED TESTS

The test turned out well. She was invited here for more. The girl has had more tests than an astronaut and has passed them all.

★ ★ ★

Her impressions of California are sketchy. She finds the natives friendly and the climate much like Israel. One thing puzzles her: "Nobody walks. The attraction of most cities is the people walking on the streets. Here, everyone jumps in a car to go anywhere."

ELANA EDEN

★ ★ ★

Elana's father went to Palestine from Poland 40 years ago.

Unlike the buildups for other Israeli actresses, she does not claim to have carried a gun. She was too young to fight in the liberation of Israel, but she remembers it vividly.

Elana has a boyfriend, a playwright. "But he is there and I am here," she commented, indicating that that is another part of her life that has changed.

Propose Allies Get A-Weapons

Report Urges NATO Be Steeled Against Attack in Europe

WASHINGTON (AP)—The arming of U. S. Allies in Europe with nuclear weapons is proposed in a report published late Wednesday by the Senate Foreign Relations Committee.

The report was prepared by the foreign policy research institute of the University of Pennsylvania.

It said the overriding objective of American policy in the next decade should be to strengthen the North Atlantic Treaty Organization so that it can defend Europe from attack by either nuclear or conventional weapons.

As a token of this country's commitment to a new NATO strategy, the report proposed that one additional American division be sent to Europe to reinforce the ground troops there. There are now five U.S. divisions in West Germany, also other American forces elsewhere in Europe at air bases, supply depots, etc.

Chairman J. William Fulbright (D-Ark) of the Foreign Relations Committee commended the report as taking "a hard-boiled view of the immediate and potential dangers confronted by western Europe." But he said it does not necessarily reflect committee members' views.

The study is one of a series being made in the committee's long-range review of foreign policy. Fulbright said this one was particularly timely because, he said, the talks between President Eisenhower and Soviet Premier Nikita Khrushchev "have encouraged relaxation."

Bardot Against Modesty, Even Before the Queen

By NADEANE WALKER

PARIS (AP)—Madame Ginette Spanier, English director of the Balmain fashion house, told the secret Wednesday of how she made Brigitte Bardot cover up for her presentation to Queen Elizabeth II.

In a speech to a Paris fashion group she quoted the sexy French star as crying: "If Marilyn Monroe shows more than me, I'll kill myself."

The American actress was present at the same audience.

Madame Spanier said it took an hour and a half to persuade Brigitte to wear a dress with a modest neckline and a skirt wide enough to curtsy in, and another hour to teach her to curtsy. The dress finally had a shutter-type decolletage that could be raised at the Queen's approach, she said.

Madame Spanier, who is bringing out a book telling of her experiences dressing film stars, said she regards Marlene Dietrich as her most glamorous but most difficult client.

Edith Piaf Recovers From Operation in Paris

PARIS (AP)—French blues singer Edith Piaf was released from a hospital Wednesday after recovering from abdominal surgery.

She became ill in New York several months ago during a singing engagement and underwent surgery twice for ulcers. The reason for further surgery here was not disclosed.

Hollywood Headlines:

Says Filming 'Chorefto' Rough Going on Slav Isle

By VERNON SCOTT
UPI Hollywood Correspondent

HOLLYWOOD (UPI)—Not since Ingrid Bergman and Roberto Rosselini filmed "Stromboli" has a movie company suffered the hardships encountered in a new German picture filmed on a rocky Mediterranean island.

★ ★ ★

One of the survivors, actor Cliff Robertson, returned to Hollywood this week looking like a refugee from a prison camp.

During the 17-week shooting schedule Cliff was knocked out with fever, lost weight and found working conditions all but impossible.

"The island was the size of three city blocks," Cliff said. "I lived in an adobe hut which was part of the set we were using in the picture. And the cast and crew were limited to a single pan of water each—for drinking, cooking and shaving.

"There were no trees, grass or any sign of life among the rocks except for lizards. And I'll be darned if I know what they lived on."

Locale of the film "The Search for Chorefto" is Greece, but to save costs cameras were set up in Yugoslavia, including the small island off the Dalmatian coast.

Linguistically the picture was almost as bad as working conditions.

ONLY 2 AMERICANS

Robertson and Cameron Mitchell were the only Americans in the cast. Co-star Maria Schell and her director-husband Horst Hechler are German. About 100 Yugoslavian peasants played extras, the five stunt men were Italian, 80 crew members were German, and a couple of Frenchmen were signed on as cameramen.

"Now that I look back on it, the language problem was pretty funny. We all picked up a few words in the various tongues," Cliff grinned, "but that just confused matters more.

"Every scene was shot outdoors, and in the worst possible weather. Most of the cast was laid low by fever at one point or another. But it was worth it. Working with Maria is a great experience."

★ ★ ★

When he wasn't before the cameras Cliff took time to study the Yugoslavian people, whom he found tremendously pro-American.

"They are poorer than any people I've seen except the Chinese," Robertson said. "But you can see they are better off than they were a few years ago, and they are devoted to Tito.

"They are proud of the break with Russia and never fail to mention it. Personally, I liked the country—except for that miserable little island."

Yup... and He's Intelligent, Too

Gary Cooper Likable, Has Integrity

By PHYLLIS BATTELLE

NEW YORK — Yup, Gary Cooper is a fine, likable gent with a strong moral sensitivity and professional integrity.

Nope, he didn't use the word "yup." It is inserted here because columns about Cooper are expected to have yups in them. In reality, when he feels affirmative, he says "yeah." Like everybody else.

"Yeah, its true I've had a lot of offers to do television series — most of them westerns," the actor was saying, "but gee, I've seen so many westerns on television that aren't westerns at all. They've overdone this gangster theme in western clothes— it's adult delinquency.

"Aside from my professional feeling that no writer can put together a series of that many shows that are good — it just isn't good morally for the country, getting used to such extremes of horror and violence. And the characters on these things — these greatly exaggerated, and mistold stories of the old west — they're just a lot of . . . imbeciles."

★ ★ ★

Mr. Cooper wasn't angry. His mouth was curled up the side of his face in that big shy smile everybody loves. But he was sincere as a Deadwood marshal polishing his badge.

"The difference between a western in movies and in television is movies have more scope and more time to show the bigness and beauty of the West, and the character of the people. If there's violence in a movie, you can see the reasons for it and develop the moral. There's time to show the good people as well as the sniveling charactrrs.

"In TV, seems to me, there's no time to place violence in the proper proportion; it's a quick vision of horror. You get the impression watching TV that at least 50 per cent of the people were no good. Actually the people who settled the West were people with guts and imagination and plenty of education."

Cooper's father was one of them, a lawyer in Montana. Gary grew up in Helena, except for a brief period of education in fancy Dunstable School in England. Then he returned to Wesleyan College at Grinnell, Iowa, with the intention of becoming a cartoonist. Not achieving spectacular success on the Helena newspaper, he made his way to Hollywood, signed a contract in the days of silents, and worked himself, almost literally, to the bone.

★ ★ ★

"These guys today don't work the way we used to," he remembered. "For two years, I guess I worked 20 hours a day being a 'hot young property.' Always working on two pictures at a time. Start at nine in the morning on one movie, shave at six p.m. and start work on another one till 3 a.m." He was then making a fat $100 a week. "Finally I wound up with jaundice and told them all to go to hell. While they were doing that, I took off for Nairobi and rested."

When he came back to Hollywood after six months' rest in Africa, Cooper demanded $4,000 a week. And got it. For 30 years, he has been top box office. He has won two Academy Awards. And concedes he'd enjoy winning another Oscar. (And maybe, it is being rumored, he will for his latest, "They Came to Codura," which premiers in New York Oct. 21.)

Cooper met Khrushchev in Hollywood last month. "I was standin' there pickin' my teeth, and he walked up." He became so intrigued by the premier's visit that he'll take off shortly with his wife of 26 years, "Rocky," for a tour of Russia. As a tourist, he is curious; as student of human nature, he is not worried about world tensions.

"You've got to have some trust in humanity," he said. "This guy Khrushchev is a cutthroat and a burglar, but he's as scared as we are. And why can't we live in the same world peacefully? We're becoming more socialistic all the time, and they're becoming more democratic.

From what I heard on good authority, I think there's more class strata in Russia than there is here.

"As the people get more education, they're gonna begin to see the holes in Communism and get more capitalistic."

Brain Relieves Traffic Woes

Capital Boasts Biggest System of Its Kind in World; Saves Money

WASHINGTON (UPI) — The nation's capital has placed a new radio mechanical brain into operation for controlling its traffic lights to speed motorists to and from work.

It's the largest system of its type in the world and now controls 727 of the city's 1,000 traffic lights. Ultimately all of them will be under radio control.

The new system was installed by Motorola, Inc., of Chicago. Officials say it has many advantages over the old cable regulators because the cables were costly to lay and not flexible enough for changing traffic patterns.

All that need be done now to synchronize the traffic lights in to place the desired pattern on a punched paper tape, place it in a machine and set some clock dials. The traffic patterns for a whole week may be coded on the tape at one time.

At the control center of the radio traffic system there is a weird noise constantly emanating from an electrical set which indicates that the system is in operation.

The signal indicates that the message for traffic control patterns has been sent and received by control points throughout the city.

★ ★ ★

Purpose of the system is to synchronize the tariffic lights instantly for any traffic situation, or to set it in advance for normal traffic. On one main traffic artery in Washington now, a motorist may drive 25 miles an hour under normal traffic conditions and make all the lights without stopping.

★ ★ ★

The lights may be changed instantly in periods when some major event brings heavy traffic to the city, or for sudden, heavy rain or snow.

District of Columbia officials say the new system is economical as well as efficient since it eliminates some patrolmen as well as the burdensome cable controllers.

It's Full Lifetime

CHICAGO — An average U.S. man in a lifetime consumes 33 hogs, 10 lambs, eight steers and four veal calves, according to present meat eating rates.

Many Play Instrument

NEW YORK — More than 30 million persons in the U.S. play some kind of musical instrument, according to American Music conference estimates.

How did graham bread get its name? Although he neither invented nor introduced it, it is named after Sylvester Graham, a 19th Century lecturer on temperance and food reform. He included wheat bread in his dietary regimen, which at one time had thousands of adherents. Hence, "Graham bread." Today, the baking industry uses national newspaper advertising—over $20,000,000 worth in 1958—to inform you of its many products and their benefits.

Steels and Rails Spurt Upward

NEW YORK (AP) — Steels and rails spurted on hope that the steel strike may be settled without recourse to the Taft-Hartley Act and the stock market was substantially higher early this afternoon.

Key stocks held gains of fractions to more than a point.

They reduced some of their best gains made immediately after the government's chief fact finder said he is "not without hope" that the steel strike might be ended and that need for a Taft-Hartley injunction might be averted.

Some of the major steels advanced 2 or 3 points on the news while rails, the chief sufferers from the long shutdown of the mills, were up from fractions to more than a point.

The recovery from yesterday's fairly sharp decline came after an uncertain and mixed start.

General Motors announced additional layoffs because of the steel shortage.

The Big Three automotive stocks, chemicals, oils, coppers, aircrafts, electronics and electrical equipment made progress.

U.S. Steel responded with a 2-point gain, Youngstown Sheet with a rise of 3 and Lukens with a jump of 5. Later "Big Steel" cut its rise to a point or so, Youngstown held a gain of 2 and Lukens pared its rise to 3. Meanwhile Bethlehem and Republic Steel remained about a point ahead.

New York Central, Southern Pacific and Illinois Central were up a point or better. Atlantic Coast Line, which declared an extra dividend as well as the usual quarterly, rose about a point.

American Motors, which touched a new high yesterday, was off a fraction. Chrysler gained about a point while General Motors and Ford added fractions.

Du Pont picked up a couple of points, Allied Chemical rose more than a point.

Commercially graded.

Whites—grade A extra large 36, large 35, medium 28, small 19; browns—grade A extra large 35, large 33½, medium 24½-27, small 19, checks 18.

Soybean Trade Still 'Nervous'

CHICAGO (AP) — Soybeans, the Board of Trade's most active commodity in many weeks, continued nervous in early dealings today after yesterday's sharp setback.

★ ★ ★

Forecasts of light showers over northern Minnesota and northwestern Illinois tonight and tomorrow tended to hold back any further sharp decline for the present. Elsewhere over the corn and soybean belt the outlook was for clear weather and a resumption of the harvest, which has been delayed by unfavorable weather.

Scattered selling of beans at the opening caused small fractional declines but losses were checked by demand from commission houses and a local professional.

Wheat was down in early transactions on scattered liquidation. Export business that came into the wheat pit yesterday appeared to have been finished and there was no indication of any new foreign demand immediately. Some buying of corn at the opening was attributed to resting orders by processors and export houses. Leading locals were the best sellers.

★ ★ ★

Near the end of the first hour wheat was ¼ to ⅝ lower, December $1.96⅜; corn unchanged to ¼ lower, December $1.08⅝; oats ⅛ to ¼ higher, December 73⅛; rye ¼ to ⅝ higher, December $1.34⅜; and soybeans unchanged to ⅛ higher, November $2.21.

Khrushchev Switches Ambassador to China

MOSCOW (AP)—A switch in Soviet ambassadors to Red China has followed closely on the return of Premier Nikita Khrushchev from his Peiping visit.

For reasons unannounced, Stepan V. Chervonenko, a Ukrainian novice in diplomacy, is succeeding veteran Pavel F. Yudin in the Peiping post.

EXCEPTIONAL BUSINESS OPPORTUNITY

Here's an essential business service used by every business and profession. Our international company with 150 offices has received tremendous national publicity and is nationally advertised in leading publications.

This is not a "Get-rich-quick" scheme, but a long range program.

As an exclusive franchise holder in your area, you receive our proven tested program of operation, all necessary materials, helpful supervision, and continued direction. Your business constantly increases in value and earning capacity, with unusual security advantages built on repeat business.

We are seeking a person under 45 who can make an investment of $10,000 to $15,000 to cover and to finance accounts receivable, payroll, and nominal initial franchise fee.

Your personal inspection of any of our 150 offices is invited.

Send full information about yourself and we will forward full particulars and descriptive literature.

Someone broke into the Hosner-Schuck Ford Sales building, 941 S. Lapeer Rd., Orion Township, and stole $10 from a cash register. It was reported to the Oakland County Sheriff's Dept. today.

Goldfine Next for Probe by House Subcommittee

WASHINGTON (UPI)—The subcommittee investigating television quiz shows probably will turn its attention next to Bernard Goldfine, Boston industrialist convicted of contempt for refusing to answer questions before the same group.

Robert Lishman, counsel for the special House subcommittee on legislative oversight, said Goldfine probably would be called up again after the TV inquiry was complete. The next session on quiz shows was scheduled to begin Nov. 2.

Goldfine refused to answer a number of questions during an appearance before the subcommittee in July 1958. At that time the group was investigating charges that Goldfine had heaped gifts and favors on Sherman Adams.

Lists Advantages of Profit Sharing Plan

CHICAGO (UPI) — A profit sharing plan is the most effective way to dramatize mutual interests between employe and employer, Robert W. Galvin, president of Motorola, Inc., said today.

★ ★ ★

Galvin said that when workers share directly in the profits they "see a direct relationship between their personal interests and the interests of the company."

"Each employe can measure his personal economic success in terms of the company's success when he gets his share of the profits at the end of the year," Galvin said.

"Likewise, in poor profit years, employes see a direct benefit to them in helping the company resume a profitable climb."

Galvin delivered the keynote address at the 12th annual conference of the Council of Profit Sharing Industries. He is chairman of the general committee for the conference.

Jerry Lewis Considering Hospital Charge Account

SANTA MONICA, Calif. (UP)—"With all the kids we've been having," says Jerry Lewis, "I think I'll open a charge account at the hospital."

The comedian's wife Patti gave birth Wednesday to 6-pound 11-ounce Anthony Joseph Lewis, their fifth child and fifth son.

Waterford Area Zoning Board Okays Change

Waterford Township Zoning Board approved a change in five acres of land from residential to commercial use at a special hearing held at the Township Hall last night.

There were no objectors at the hearing.

★ ★ ★

Located at the intersection of Elizabeth Lake and Airport roads, the west side of the property is bounded by the Clinton River.

★ ★ ★

The request for the zoning change was submitted by James H. Baden, 3670 Elizabeth Lake Rd.

Baden has made arrangements with the State Conservation Dept. to remove dirt from the river and build up the land so that he can park his heavy excavating equipment on the property.

Dow Says Net Income Doubles 1958 Quarter

MIDLAND (UPI)—Dow Chemical Co. today reported net income of $22,327,471 on sales of $191,681,368 for the three months ended Aug. 31.

★ ★ ★

This amounted to earnings of 84 cents per share of common stock.

In the same period of 1958, net income was $11,175,730, or 43 cents per share, on sales of $157,209,359.

Steel Lack Pinching GM, but Other Firms Unhurt

DETROIT (AP)—How long can the biggest of the auto industry's Big Three keep production lines humming without more steel?

As long as we can, says General Motors which refuses to set a specific time limit while admitting that layoffs caused by the steel shortage, will top 30,000 by this weekend.

General Motors of Canada, meanwhile, says the 94-day-old steel strike may force it to close down operations by mid-November. And there have been published reports that U. S. Chevrolet assembly lines may close by next Tuesday with Corvair output continuing to Nov. 1.

President John F. Gordon has said the firm's U. S. plants have sufficient steel supplies to make cars until the last of this month.

Chrysler and Ford, the others of the Big Three, say they have not yet felt the steel pinch. American Motors and Studebaker-Packard report no shortage problems at present.

★ ★ ★

GM plants at Flint and Saginaw lead off 10,950 workers yesterday. They joined 12,000 employes previously sent home.

Fisher Body division plants of GM are beginning to close with 3,800 layoffs scheduled for the end of this week at Grand Rapids and Euclid, Ohio. Fisher Body fabricates, trims and assemblies bodies for GM cars.

Among yesterday's 10,950 layoffs were 2,750 at the Chevrolet foundry, Saginaw (where an equal number will be furloughed today); 2,800 at the Chevrolet V-8 engine plant, Flint; 4,100 at Chevrolet Manufacturing, Flint, and 1,300 at Chevrolet Stamping, Flint (where another 1,100 were to be sent home today).

Other layoffs yesterday included 200 at a Delco appliance division plant at Rochester, N. Y. The Chevrolet plant at Framingham, Mass., will close down tomorrow, idling 500 employes.

★ ★ ★

Some 2,000 employes at GM's Saginaw Malleable Iron Works ended their work week yesterday. But GM declines to estimate how long even short work weeks will last.

Butler Is Made No. 2 in Britain

Gets Pair of Top Posts, Caps His Glory With an Engagement to Widow

LONDON (UPI)—Richard A. Butler, who narrowly missed becoming Prime Minister three years ago, held unprecedented powers today that made him unquestionably the second most important governmental official in Britain.

★ ★ ★

Newspapers here were unanimous in agreeing that no one in the nation now wields more power than Butler except Harold Macmillan, who nosed him out of the post of Prime Minister after Sir Anthony Eden resigned in 1956.

Butler retained his posts as Home (Interior) Secretary and majority leader in Parliament in yesterday's Cabinet reshuffle. In addition, he became chairman of the Conservative Party and head of its policy-making research department.

In American terms, it is as though one man were Interior Secretary and chief of national police, House majority leader, and chairman of both the national committee and the platform committee of the party in power.

★ ★ ★

It was a moment of personal as well as political triumph for Butler, who simultaneously announced his engagement to Mollie Courtauld, a widowed neighbor with six children.

★ ★ ★

"It is, I think, the happiest day of my life," he said. "Certainly, I am to be congratulated. I am delighted to be able to announce it on the day of my ministerial promotion."

Dismiss Charge Against Striker

MOUNT CLEMENS (AP)—A contempt charge against one of the nine individual United Auto Worker defendants in the Cross Co. strike was dismissed yesterday.

The charge against Robert J. Mills, 41, was thrown out on a technicality. A deputy sheriff admitted he had failed to serve Mills personally with court papers.

★ ★ ★

UAW Local 155, on strike against the automation machinery firm since Aug. 4, and nine union members remain as defendants. The company has charged them with violating a court order limiting picketing and with threats to non-strikers.

The contempt hearing, before Judge Alton E. Noe in Macomb County Circuit Court, is in adjournment until Tuesday.

The company and Local 155 may go into their first negotiations Monday since prior to the start of the strike. The State Mediation Board has called a meeting of the two.

★ ★ ★

Management consented to negotiations after a ruling by the Sixth U.S. Circuit Court of Appeals that Local 155 has bargaining rights. The company had contested this, claiming Local 155 lacked a majority of the 400 production employes.

Used Car Man Faces Sentence on Bill of Sale

A Pontiac used car lot operator yesterday was found guilty of failure to furnish a bill of sale to a customer by Oakland County Circuit Judge H. Russel Holland.

Anthony O. Grimaldi manager of the Economy Used Car Market, 22 Auburn Ave., faces 90 days in the county jail or a $100 fine, or both, when he comes up for sentence Oct. 26.

★ ★ ★

Assistant Prosecutor Robert L. Templin said Grimaldi failed to give a proper bill of sale in June of last year when Arlie T. Sanch, of 1156 Cherrylawn Dr., traded a truck and a car for a 1953 Ford. He was allowed $100 credit as down payment, but given no title or bill of sale, Templin said.

When Sanch failed to keep up his payments, Templin said, Grimaldi impounded the Ford and another truck Sanch owned.

"Sanch had no way in the world to prove he owned the Ford except for a little business card on which Grimaldi scribbled that the sale had ben made," Templin said.

Appropriations to Be Debated

Funds for Recreation Will Be Under Scrutiny in Next City Budget

Recreation funds are promised sharp scrutiny when budget recommendations come to the City Commission in a few months.

Two city commissioners have indicated dissatisfaction with the amount of money appropriated in the past, and with its distribution.

Commissioner Milton R. Henry has attacked this year's $105,000 appropriation as "far too little."

He said he would propose a $60,000 appropriation next year to get a community center started in District 1, the area he represents.

Commissioner Robert A. Landry said "need should be the yardstick" in expenditure of recreation funds.

"Maybe we have failed in the past to realize that expenditure of necessary funds soould be directed to the areas of greatest need," he has told fellow commissioners.

"The City Commission will have failed miserably in its duties if it does not meet this need," he warned.

Both commissioners made it plain they believed the biggest recreational needs of the community were in their own districts.

Henry said a plan to finance a community center through a special assessment on all of District 1 would probably fail through lack of support.

The District 1 commissioner has in mind an $800,000 center, financed by private capital and leased by the city at $60,000 a year for 20 years, with the city pocketing any operational profits or covering any losses.

Ecorse Pickets Bar Nonsteel Strikers

DETROIT (AP)—Nonstriking supervisors and office workers were stopped from entering the Great Lakes Steel Corp. plant in Ecorse again today by United Steelworkers Union pickets.

The union had issued passes to the nonstrikers at the beginning of the 93 day strike which permitted them to cross the picket line, but many of these passes were confiscated today by picket line captains.

A company spokesman said, "this is another step in the policy of harassment the strikers have adopted." Union officials were not available for comment.

Some 1,500 nonstrikers were barred from the plant yesterday and today by the pickets' action.

Starts Term Earlier as Judge in Detroit

LANSING (AP)—Attorney Charles Kaufman, 39, of Detroit today was appointed by Acting Gov. John B. Swainson to a vacancy on the Detroit Common Pleas Court.

He will succeed the late Judge Eugene K. Sharp who died last month.

Under the appointment, Kaufman will serve until the end of the year.

Starting Jan. 1, he will begin a full term as the result of his election as common pleas judge last April. Sharp did not seek re-election.

4, 5, 14, 22, 24, 25, 26, 35, 36, 42, 59, 63, 64, 85, 95, 101, 103, 111, 114, 116, 118.

The Pontiac Press FOR WANT ADS DIAL FE 2-8181

From 8 a.m. to 5 p.m.

All errors should be reported immediately. The Press assumes no responsibility for errors other than to cancel the charges for that portion of the first insertion of the advertisement which has been rendered valueless through the error. When cancellations are made be sure to get your "kill number." No adjustments will be given without it.

Closing time for advertisements containing type sizes larger than regular agate type is 12 o'clock noon the day previous to publication.

NOTICE TO ADVERTISERS

The deadline for cancellation of transient Want Ads is now 9 a.m. the day of publication after the first insertion.

CASH WANT AD RATES

O'NEIL

ELIZABETH LAKE ESTATES — A gorgeous 3 lot site and landscaped to perfection. More than enough space for a family to live in comfortably. Large living and dining room nicely carpeted. One bedroom and bath down, 2 up. Master bedroom is actually 15 x 16. There's a game room in the basement. Oil AC heat, gas water heater and incinerator. A new school within easy walking distance. Beach privileges for all the family to enjoy. 2 car garage plus a heated office. See and compare with others you've seen in the $17,900 price bracket.

ONE OF THE most appealing homes we've seen anywhere. It's in Sylvan. It's all brick. Beautifully decorated, carpeted and so very clean. 20 ft. living room, cove ceiling. Ceramic bath. There are 3 bedrooms plus a sewing room. Shaded fenced lot, only a block from the water and you'll enjoy year around beach and boat privileges.

RECOMMENDED for the couple who have perhaps gotten tired of a great big house and lot and wish all the conveniences of the city again. It's attractive 2 bedroom shakes bungalow has an enormous living room—dining room combination. The kitchen is especially nice and has ample table space, plus a built-in china. Full basement, gas heat. Garage. Perhaps best of all is the fine location. PIONEER HIGHLANDS.

NOT JUST A PLACE to hang your hat but a home in every sense of the word. 4 lovely bedrooms with space for a fifth if desired. The vestibule entrance has a guest closet. There is a 19 ft. living room with a natural fireplace, a full dining rm. and the kitchen has space for a table also. Full bath down, half bath up. Grand basement, extra big heating plant, all arranged with the idea of a future recreation room. Wall to wall carpeting and water softener included. Solid brick, best of construction. Indian village Webster school only 2 blocks away. Bargain priced for quick sale at $16,900.

DUTCH TREAT — Audrey Hepburn admires a sign marking a street named in her honor in Doorn, Holland. Just behind the actress is her husband, actor Mel Ferrer.

Kansas City Girl Kills Parents

15-Year-Old Disliked So Much Criticism; Used Rat Poison

KANSAS CITY, Mo. (AP)—Why did 15-year-old Diane Roberts kill her parents?

She told police: "I did it because Mom and Dad were always criticizing everything I do. Daddy beat me Sunday night and threatened to kill me. I thought I would kill him first."

★ ★ ★

But a business associate said William F. Roberts, 43, was a doting father; a neighbor called Roberts and his wife, Evelyn, 42, "nice, lovely people."

Charles F. Malone, principal of a school Diane had attended, said: "She was not a girl who was burdened down with any problems. If she had a family problem, I would have been consulted."

★ ★ ★

Mr. and Mrs. Roberts died Wednesday night after drinking a lethal mixture served to them by Diane. She told her parents the grape-flavored drink contained a "thrill powder that would give them a boost."

★ ★ ★

The Johnson County, Kan., coroner, Dr. John E. Johnson, said the drink had enough roach poison in it to kill eight persons.

Diane described her parents reactions.

"They drank some and started laughing real hard. Then she and Dad gagged and said it was terrible, and they both got real sick and vomited all over. Daddy stood at the bottom of the stairs and screamed 'God help me, God help me, please take care of me!' and then he laid down on the floor."

Glassmaking Old Art

Glassmaking was one of the first enterprises of American industry. Eight glassmakers landed at Jamestown, Va., in 1608.

'Sinatra of France' Is Too High for Frankie

By EARL WILSON

NEW YORK — Frank Sinatra's trying to switch his December TV show from Hollywood to New York so he can keep his date at the Copacabana, but even he has problems getting guest stars these days.

WILSON

An overture has been made to French singing sensation Yves Montand, but his price is $20,000, which Sinatra's managers think is "trop cher," as we say over at Berlitz. By an interesting coincidence, Mousieur Montand (of whom Marilyn Monroe said, "He sings with his body"), is known abroad as "the Sinatra of France."

You should've heard Dinah and Zsa Zsa complimenting each other after Zsa was on D.'s TV show the other night. They really meant it, too. Zsa Zsa, who wound up her sketch by saying, "Take me to your jeweler" was heard telling Dinah, "Dolling, I have some ideas how you can get the network to let you keep dat beautiful gown dolling."

Edith Adams tells friends that her daughter Mia actually sings now — at the tender age of 3 months. (Papa Ernie Kovacs can't sing—yet) . . .

Have some more "Charlestonese" gems from the dictionary by Ashley Cooper of the Charleston, S.C., News and Courier: "Abode — wooden plank; A Boot — approximately; Braid — What you make to-est from, to go along with beckon and a-igs for brake-fuss; Des Moines — They belong to me; Flow—What you stand on in a house; Frustrate — Tops; Groan—Increasing in size; Ice Cool — Institution of learning."

EDITH

Maybe we need a dictionary of "New Yorkese," too: "Fit—Strollin' down Fit Ammenyou; Pa—Jack Pa; Annoys—girl who pulsates you in a hosiptal; A-bomb—a Boyerite; Career — the country next to Japan; Giddellott — beat it; Lexicon — the avenue parallel to Medicine Avenue; Dodder—as in dodder-in-law; Fusel—Fusel go by my house, I'll go witcha; Wading—like in wading room; Fern—"Fern Intrigue"; Pock — never go there after dark; Hermes—Mermie Sr. and Hermie Jr.; Lou Eller—first name of a lady columnist; Lore—what attorneys know all about; a Storyer—Waldorf's partner; Dense—"May I have this dense?" (If you've got some brilliant ones, send 'em in.)

★ ★ ★

WISH I'D SAID THAT: "Most executives' desks aren't desks—they're just wastebaskets with drawers"—Arthur Sogno.

TODAY'S BEST LAUGH: A pompous society woman boasted that one of her ancestors signed the Declaration of Independence, whereupon a rabbi remarked (according to Quote), "Is that so? One of mine wrote the Ten Commandments." . . . **That's earl, brother.**

(Copyright, 1959)

New Plymouth, DeSoto Priced

Wide Changes Make Direct Comparison of Charges Difficult

DETROIT (AP)—DeSoto announced 1960 model prices today in the lower medium-price field. Plymouth prices were announced last night.

The 1960 DeSoto prices, before any taxes or other charges, range from $2,748 to $3,408. DeSoto will market only six models. Last year its 18 models ranged from $2,636 to $4,331.

The new price range puts DeSoto in virtually direct competition with a sister Chrysler Corp. product, the Dodge. Dodge prices range from $2,672 to $3,315.

No direct comparisons of 1960 DeSoto prices against 1959 are possible. The company abandoned its 126-inch wheelbase models in favor of 122-inch (the same as Dodge). Over-all length was chopped by about five inches. Meanwhile it retained the names of its higher price series, Fireflite and Adventurer, but priced the models in the range of last year's Firesweep and Firedome.

Plymouth increased from $6 to $32 on most models but Harry E. Chesebrough, division manager, said almost all of the increases represent equipment made standard this year that cost extra last year.

Plymouth ranges in price from $2,059 for a two-door Savoy sedan to $2,872 for a four-door 8-cylinder station wagon that carries nine passengers.

The bottom price is up $32 from last year and is $3 more than the comparable Chevrolet and $8 more than the comparable Ford. Last year Plymouth's cheapest model was between Ford and Chevrolet.

All prices are factory list and do not include federal excise tax, dealer handling charges, freight, optional equipment or state and local taxes.

The less expensive Plymouth is $17 under the least expensive Dart, Dodge's new 118-inch wheelbase line. Plymouth prices generally are less than Dart although Dart offers a nine-passenger station wagon for $114 less than the similar Plymouth.

Air Force Loss High Since 1950

But Accidents to Miles Flown Ratio Dropping in Past 12 Years

CHICAGO (AP)—An Air Force official says that since 1950 his service has lost 3,471 pilots and 7,062 planes in accidents—a larger air force loss than any country in the world now has except the Soviet Union.

Two - thirds of the accidents shouldn't have occurred, he said, but the over-all accident rate in the Air Force is steadily improving.

Maj. Gen. Joseph D. Caldara, deputy inspector general for safety of the Air Force, gave the figures Wednesday night during a talk on safety to the annual air safety forum of the Air Line Pilots Assn.

Caldara came up with these statistics concerning the Air Force: At any given moment the Air Force has 1,000 planes airborne and these planes average 4,800 miles of flight a minute. This is equivalent, he said, to crossing the United States twice every minute or flying the distance to the moon in an hour.

The accident rate has been reduced from 44 major accidents per 110,000 hours of flying time in 1947 to 9.3 in 1959.

TV News and Reviews

'Idol' Falls Below Movie but Remains Interesting

By FRED DANZIG

NEW YORK (UPI) — Thanks to late TV movies, the "Fallen Idol" has become as much a part of the TV screen as the test pattern.

★ ★ ★

And this familiarity apparently led to its taking its place in CBS-TV's DuPont Show of the Month drama anthology.

Since comparisons to the movie are going to be made all over the place, I'll say at the start that the 1950 British-made film was better.

The TV version of Graham Greene's suspense story was not as subtle as the film, nor did it slide across the bumpier seams in the plot very gracefully.

★ ★ ★

However, the teleplay still made for an interesting 90 minutes, thanks chiefly to some unusual acting by Jack Hawkins and young Jacques Hirschler.

The story deals with a youngster who worships the family butler, Baines, but loathes Baines' nasty wife. The lad becomes involved in the butler's side romance with a secretary and, when Mrs. Baines is killed, tells enough lies to put Scotland Yard on Baines' tail.

Since this is, after all, a suspense vehicle, there are numerous overheard conversations, snooping, big lies and little lies to help the plot along.

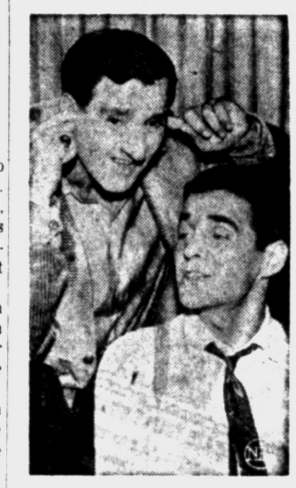

★ ★ ★

A distinguishing feature in the teleplay was the performance of Master Hirschler, an eight-year-old who, we are told, never acted before.

The youngster has one of those appealing little faces that is old and wise, sad and mischievous all at the same time.

Occasionally, his inexperience showed. He would steal quick sidelong glances off-camera; he was sometimes inaudible; some of his reactions seemed too flabby.

Yet, he came across as a most appealing little guy, a sturdy performer in a difficult role and a definite assent to the show.

BIG CHANCE — He started as "Guido Panzini," phony Italian golf pro, and he may end up as successor to Danny Thomas. Pat Harrington Jr. — his real name — will join the TV show cast soon with the prospect that Danny will bow out.

THE CHANNEL SWIM: The heros of two new ABC-TV shows, Anthony Eisley of Hawaiian Eye, and Gardner McKay of Adventures in Paradise, are reported to be on the way out of their respective shows.

Dinah Shore's NBC-TV hour for Oct. 25 will feature performers from Hong Kong, Japan, the Philippines, Korea and the Fiji Islands . . . speaking of the Orient, CBS-TV and William Holden are collaborating on a special to be filmed in Hong Kong . . . Frank Sinatra Bing Crosby and Dean Martin will preview their forthcoming movie roles as the team of Clayton, Jackson and Durante during Frankie's ABC-TV special next Monday.

Rock 'n' Roll Gets Boot From Kalamazoo Mall

KALAMAZOO (AP) — Music is permissible on Kalamazoo's new downtown mall — but no rock 'n' roll, please.

★ ★ ★

The City Commission has ordered the drafting of an ordinance to limit mall music to "soft, soothing background music."

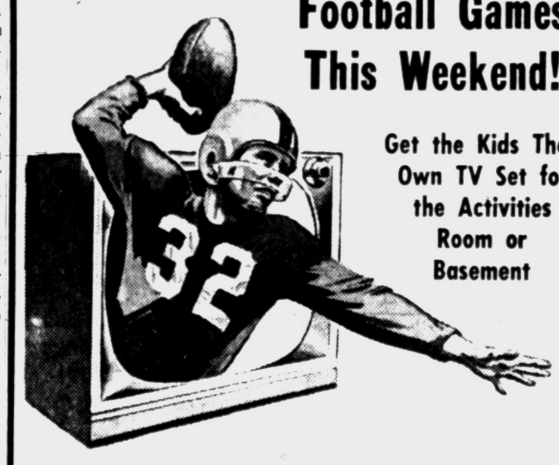

Springs Bowed in 1789

Springs, to comfort the jolts on unever roads, were introduced on stage-coaches in England in 1789 by John Warde.

Answer to Previous Puzzle

Bob Considine Says:

TV Quiz Frauds Not Only Oversight

NEW YORK — The special subcommittee's name explains its purpose in life. It is the House Special Subcommittee on Legislative Oversight.

It is a good committee but it is getting a lot of mileage and perhaps burning a lot of political hay digging into the business—and it was a lively business, for a time—of fixed TV quizzes.

Let's hope that it will continue its studies in some almost as important fields of Oversight. Here are some suggested areas of research:

"Why have we fallen so far behind the Russians in space probing?" (We've probably spent much more money, and had the services of even more and better German rocketeers than they had.)

★ ★ ★

"Why is an alarming portion of the richest nation on earth still badly housed?" (Within a brassie shot of the subcommittee's office can be found Negro slums of unutterable squalor.)

"Why are taxpayers, including himself, forced to subsidize the American farmer to the extent that we now have rotting surpluses that would form mountains?" (The cost of storing our surplus grain alone is better than $1,000,000 a day, and if laid end to end in box cars the grain train would reach from New York to San Francisco double back to Chicago.)

"Why have our schools deteriorated? Why haven't we spent enough in research to find out what causes the common cold, and cancer, or what makes the grass green?"

★ ★ ★

"What's wrong with our system of trying to get American prisoners of war out of the stinking prisons of Red China and Korea?" (The "talks" on this matter have been going on since the fall of 1955, first at Geneva and more recently at Warsaw.)

"Why are so many people suffering these days from virus infection? What's to be done about the new resistence which certain bugs have developed toward the wonder drugs? How can we latch on to a cohesive and consistent foreign policy which isn't made up of reaction but action?

"Why do those big rockets of ours fail so often? How much actual hostility is there among the Army, Navy and Air Force missiles divisions on research and development?

★ ★ ★

"When will all Americans be given, in fact, the right to vote? When will it be safe to walk through Central Park at night again—or even ride through with unlocked car doors? When will the maimed who can do a job as well as the whole get a break from employers? When will the schools for which all of us pay accept all Americans regardless of their race, creed, color?

"Who struck John?"

★ ★ ★

These and other questions are at least as pertinent to our well-being and survival as the search for egghead Charles Van Doren.

Little Angle Parking on State's Trunklines

LANSING (UPI) — The State Highway Department said today only a handful of Michigan communities still allow angle parking on state trunklines.

★ ★ ★

For about 10 years, angle parking on highways, even in downtown areas, has been unlawful. L. J. Doyle, assistant director of the department's traffic division, said the main idea of the law was to promote rapid transportation with no bottlenecks.

FOR THE PEOPLE—It costs American taxpayers about 40 billion dollars a year to pay the salaries of federal, state and local government employes, reports the National Civil Service League. Of the 11 million government workers, 54 per cent are in state and local governments, 24 per cent in the armed forces and 22 per cent are federal civilian employes.

Germ 'Bank' Fights Disease

Medical Research Is Using the Repository Against Cancer, Polio

KALAMAZOO (AP) — A "bank" where all the deposits are on ice is helping science in its fight against cancer, polio and other killing diseases.

The bank is a repository for germs. Some are good, some are bad in terms of their effects on human health. But all give invaluable aid to medical researchers perfecting drugs to fight the diseases.

The Upjohn Co., which maintains the bank, keeps three major kinds of organisms on hand — bacteria, fungi and viruses.

Over 800 different species and strains of bacteria are under ice; about 500 identified types of fungi, and from 18 to 30 types of viruses, depending on which ones are needed for current research.

★ ★ ★

How does the bank work?

Suppose a medical scientist wants to find out how effective a new antibiotic is in controlling staphylococcus bacteria, which have caused serious infections in some hospitals. He withdraws some "staph" germs from the bank, tries the antibiotic and observes the results.

EXCHANGE SYSTEM

The bank operates under an exchange system, swapping bacteria cultures with universities and other research agencies. Some germs come from the American Type Culture Collection in Washington, which supplies the tiny bugs on order to qualified researchers.

★ ★ ★

Great care must be taken in handling and storing the disease-causing bugs. The "staph" germ, for instance, must be frozen and dried in a small amount of sterile milk, using dry ice and alcohol, and then sealed in small vials until needed.

Some germs can be kept for as long as 10 years under ice.

Fungi are stored in sterile soil and kept under refrigeration.

Viruses, the organisms which cause polio, smallpox, rabies and mumps, are the most difficult to handle and store.

One woman was elected to the Commons in 1921 in the first federal election in which Canadian women had the franchise.

Exchange Sturgeons

Forty young Canadian sturgeon have been shipped to Russia in exchange for live Russian sturgeon. The two-foot Russian sturgeon matures in two years, while the 40-inch Canadian sturgeon takes at least 15 years.

DETROIT — There are enough automobiles in the United States to carry the entire population at one time, plus all the people in Italy.

Largest Elevator Raises Draw Bridge

ELIZABETH, N. J. (AP)—The worlds largest elevator is being used between here and Staten Island, N.Y. — to raise and lower a draw bridge.

★ ★ ★

When the 558-foot-long Arthur Kill Bridge opened recently it became the longest vertical-lift draw bridge in the world.

When a ship wants to pass underneath, the elevator lifts the entire bridge on two casements.

★ ★ ★

The bridge owned by the Baltimore & Ohio Railroad, can lift 65 70-ton coal cars at one time.

Too Many Widows!

WASHINGTON — Only about one-third of women in the U.S. over age 65 have living husbands, but two-thirds of men in the U.S. over age 65 have living wives, census tables show.

ADVERTISED IN LIFE

INCLUDED!

Radiant screen

Genuine glass-beaded movie screen that reflects all the brilliance of your movies. Easy to set up and store.

INCLUDED!

Handsome genuine leather camera carrying case for camera protection.

★ **EASY READING LIGHT METER. Think of it!** A light meter built into the top of the camera measures light for you tells you lens setting. No figuring — no guessing. You get perfect color movies every time.

★ **KEYSTONE K-25 MOVIE CAMERA with fast f2.3 lens. Think of it!** A color movie camera so simple to operate that anyone — even a child — can take beautiful sharp, clear color movies the first time. No learning how — it's all fun, no fuss. Your family and friends will say you're an expert. But you'll say movies with the Keystone K-25 are as easy as snapshots.

★ **EVERY ACCESSORY YOU NEED INCLUDED!** You get the camera, the projector and all the accessories shown in this ad at one low, low price. Carry them home in the new handy package illustrated.

★ **KEYSTONE K-80 MOVIE PROJECTOR with f1.6 Magna-Scope lens and Super-Optic beam. Think of it!** A small, compact, movie projector that's easy to carry and simple as ABC to run. Throws a big, bright, 500-watt picture, filling your screen with color, motion and life.

INCLUDED!

Extra 300-foot reel. Keeps movie ready to show.

INCLUDED!

Projector carrying case for protection from dust and weather. Made of handsome brown leatherette.

INCLUDED!

Quik Splice Kit for speedy splicing and easy editing. Cut and rearrange scenes like a Hollywood film editor — as easy as putting on adhesive tape.

INCLUDED!

Movie Scene Record Book — the Hollywood-like shooting script for your home movies. Be a pro by following the "book."

Light Bar Extra

FREE PARKING In Our Lot Behind Store
