U.S. Planes Hit Bridge Near Hanoi

Romney, Dems in Dead Heat on Plans for Aged

LANSING (AP) — Gov. Romney and Democratic legislators wound up in a dead heat in a senior citizens property tax relief race today.

The House passed 101-0 a modified and battle-scarred relief bill yesterday. But it was prevented from sending the bill to Romney for signature or vote when Minority Leader Robert Waldron, R-Grosse Pointe, served notice he would move to reconsider the vote Monday night.

The parliamentary maneuver caught Democrats by surprise. It requires the House to retain control of the bill until the vote is reconsidered.

Yesterday's vote to concur in Senate amendments to the House bill came at the same instant Romney's study committee on senior citizens property tax relief was making its report.

Romney's plan is based on the report, and he told legislators their plan is not as good as it could be if they took the committee's findings into consideration.

★ ★ ★

The recommendations represent the third major tax relief plan to take shape in the Capitol this year.

HOUSE VERSION

The first, the House version, would have granted an exemption on the first $2,500 of state equalized valuation on homesteads valued at $10,000 or less. It would have provided a comparable grant to renters. Its cost had been pegged at $20 million to $40 million a year.

The Senate version struck out the renters provision and added a $5,000 annual means test. Its cost has been estimated at from $13.5 million to $15.5 million.

The Romney plan would cost an estimated $17 million. It provides a sliding scale with the poorest homes getting the highest exemption. It also provides a grant for renters.

★ ★ ★

The renters provision caused a major deadlock and bitter feelings between House and Senate Democrats. The Senate had to "buy" House concurrence with a promise to pass renter legislation this session.

and Democrat Edward H. McNamara, Livonia city councilman, are vying for the seat.

Seven cities and 12 townships make up the 14th District in Oakland County.

The municipalities are Farmington, Keego Harbor, Orchard Lake, South Lyon, Sylvan Lake, Walled Lake and Wixom.

TOWNSHIP VOTERS

The townships are Commerce, Farmington, Groveland, Highland, Holly, Lyon, Milford, Novi, Rose, Springfield, West Bloomfield and White Lake.

There are about 50,000 registered voters in the area.

U.S. Plane in Turkey Crashes: Airman Dies

TOPEKA, Kan. (AP)—Forbes Air Force Base said today an RB47 plane assigned here has crashed and burned at Incirlik, Turkey.

One of the five crew members was killed and one critically burned, a spokesman said. The other three were not injured.

County Gets Poverty Cash

Oakland County's war on poverty program has received financial backing from the federal government.

The Commission on Economic Opportunity learned yesterday that it has been granted $77,331 to implement the program.

The chairman, Birmingham attorney Carl F. Ingraham, was informed of the grant by U. S. Congressman Billie S. Farnum of the 19th District.

Ingraham said the funds would permit the nonprofit group to hire a director, and two assistant area directors.

Offices will be set up in Pontiac and in Royal Oak Township.

OFFICE SPACE

"I have had preliminary discussions with the county board of auditors," said Ingraham, "and it seems likely they may make space available in the old county office building."

★ ★ ★

The function of the organization is to eliminate the causes of poverty.

"This is not a financial assistance program," said Ingraham. "The purpose of the program is to stimulate persons to get jobs."

WILLIAM K. HANGER

Acting City Police Chief Is Promoted

Acting Pontiac Police Chief William K. Hanger, a 19-year veteran on the force, has been appointed police chief, it was disclosed today.

City Manager Joseph A. Warren announced Hanger's promotion. His salary will remain at $10,998 annually.

Warren said that Hanger had demonstrated as acting chief that he could operate a complex organization with efficiency.

The 39-year-old Hanger has served as acting police chief since Oct. 10, 1963, when he replaced Chief Joseph Koren, who became city traffic engineer.

★ ★ ★

Koren was the central figure in a controversy which led to the firing of former City Manager Robert A. Stierer. Stierer had refused to discharge Koren and was in turn discharged.

THROUGH RANKS

Since joining the department in 1946, Hanger has moved up through the police ranks, serving as patrolman, detective, sergeant and lieutenant.

He has received five meritorious citations and an official commendation.

Hanger, a graduate of Pontiac High School in 1943, followed in the footsteps of his father, Vance, who retired as police captain in 1955 and is now a circuit court officer.

A Navy man in World War II, Hanger served as a radio operator.

He is married and has three children. He lives at 9301 Cedar Island, Milford.

U.S. Planning to Send More Troops to Viet

Ambassador Finishes Talks With Johnson, Heads Back to Asia

WASHINGTON (AP) — Ambassador Maxwell D. Taylor is going back to Saigon with plans to add several thousand Americans to the U.S. force in South Viet Nam.

He also intends to see another 160,000 South Vietnamese added to the fight against the Communist Viet Cong this year, raising the country's total to about 700,000.

Taylor completed a week of policy conferences with President Johnson and top officials here yesterday. He leaves Washington tonight to return to his embassy, heavily damaged by a terrorist bombing Tuesday.

The conferences reportedly confirmed present major strategy, including continued air strikes against Communist North Viet Nam and extensive use of air as well as ground forces against Viet Cong concentrations in the South.

★ ★ ★

The aim is to convince North Viet Nam it cannot win in the South and that it can get peace only by halting infiltration of troops and arms.

NO ALTERATION

A round of air strikes against infiltration and supply bases in the north began Feb. 7. Officials here say so far they see no sign North Viet Nam is changing its mind about the war.

There have been reports from abroad of a weakening in Hanoi's determination, but these have been discounted by officials here, including Johnson.

Taylor told a news conference after a meeting of the National Security Council yesterday he thinks the chances of Red Chinese intervention in the Vietnamese war are very slight.

★ ★ ★

He did not elaborate, but officials said privately there is no evidence of Red Chinese preparations for intervention. They also said they believe intervention would be against China's interests since it could lead to a much larger war in Southeast Asia.

USEFUL WEEK

Johnson said of Taylor's visit: "He has completed a very useful and productive week of exchange of views and discussions."

HAWAII BOUND — Mr. and Mrs. Bernard Salvatore (left) greet early arrivals Mr. and Mrs. August Johnson, 3418 Franklin, Bloomfield Township, as the group assembled this morning to depart for Hawaii on the two-week island trip sponsored by the Press. Promotion Manager Salvatore and his wife will supervise the tour for The Press.

Press Tour Leaves for Sunny Hawaii

The group of 30 taking the Pontiac Press Hawaiian Tour assembled at The Press office this morning at 7:45 and boarded a bus for Willow Run Airport, where they embarked on their 4,500-mile trip to our 50th State.

They were scheduled to arrive in San Francisco before noon Pacific standard time. The vacationers will arrive in Honolulu at 4 p.m. H.S.T. where they will check in at the Surfrider Hotel.

Due to the time difference, the trip gains about 10 hours as they jet West.

They will be on their own all day tomorrow in Hawaii with a special luau planned at the Royal Honolulu Hotel tomorrow evening. The group will spend two weeks vacationing on the islands.

The temperature recorded in Honolulu Thursday was a pleasant 80 degrees. No snow was on the ground and none predicted.

Find Burned Crosses in Detroit Today

DETROIT (UPI) — Three burned crosses were discovered in Detroit early today, one of them in front of the City-County Building in the heart of downtown and one in the back yard of a slain civil rights workers' home.

The third was found in front of the old headquarters of the National Association for the Advancement of Colored People.

In each case, the cross was about three feet high and 18 inches across. They had been soaked in flammable fluid and set afire. None of them was burning when discovered, but they were charred.

The incidents occurred shortly before Mrs. Martin Luther King was due in Detroit to speak at a banquet.

One of the crosses was found in the back yard of the home of Mrs. Viola Gregg Liuzzo, the civil rights worker slain in Alabama last week.

'Bama Leaders Say Boycott Will Worsen Race Tension

MONTGOMERY, Ala. (AP)—Many of Alabama's leading businessmen and legislators believe Dr. Martin Luther King's economic boycott of this state will only hurt racial relations.

"If the boycott should be successful it can serve no other purpose than to worsen race relations in the state," said Crawford Johnson III, a soft drink executive and president of the Birmingham Chamber of Commerce.

"Fortunately, I don't think that Dr. King will be successful," he said.

King announced the three-stage boycott yesterday in Baltimore.

The first stage of the boycott, which he said would start immediately, is to ask any industry or national business concern considering building plants in Alabama "to immediately suspend their plans for such expansion."

★ ★ ★

The second stage would deal with private investment funds in Alabama and federal deposits in Alabama banks, King said, while the third stage would specifically single out items produced in the state which King feels the nation should boycott.

ANGRY RESPONSE

The boycott brought angry responses from Alabama state legislators.

"The white folks, if they so desire, can boycott, too," said Rep. John Lewis Cates of Shelby County, accusing King of being "power mad now."

"I can't see how with that type of rash thinking, the Negro people of Alabama can believe that King is helping their cause," said Sen. Jimmy McDow of Shelby County.

King said the boycott would go on until these conditions are met:

3 Red MIGs Challenge, but Chased Away

Air Attacks Only 65 Miles From Capital; Closest Strikes Yet

SAIGON, South Viet Nam (AP) — U.S. air raids struck closer to Hanoi than ever before Saturday. U.S. Navy planes wrecked a bridge 65 miles south of the North Vietnamese capital and chased away three Red MIG jets that for the first time offered a feeble challenge.

While 60 planes from the carriers Coral Sea and Hancock were working over the bridge, 50 U.S. Air Force F100s and F105s were damaging another span 15 miles to the south.

The twin strikes brought the conflict ever closer to Hanoi's doorstep. The closest approach previously was an air raid March 15 on Phy Qui, 100 miles south of Hanoi.

Never before had Communist fighter planes challenged U.S. air might and this was not much of a challenge. The Navy said the MIGs made a pass at one U.S. Navy plane, probably fired a few shots, but made off into the haze before American fighters could get into firing position with their deadly sidewinder missiles.

Both bridges were on Route 1, the highway leading southward from Red China's frontier through North Viet Nam along the coast and on into South Viet Nam to Saigon.

SUPPLY ARTERY

This is a major supply artery for North Viet Nam and when the day's work was done Route 1 was severed.

During the morning, 30 U.S. fleet carrier planes attacked the 500-foot railroad and highway bridge over the Nam Ma River at Dong Phuong. Pilots reported moderate damage but complained they could not see well in the haze.

It was during this operation that the MIGs appeared. There was speculation that they happened to be in the air and had not been scrambled to meet the attack.

★ ★ ★

Capt. George H. Whistler, the Navy spokesman, did not say what type of MIGs they were. North Viet Nam is believed to have some old MIG15s and MIG17s and there have been reports Chinese Communists have flown some MIGs to Hanoi.

PROBABLY FIRED

"I don't know if they (the MIGs) fired," Whistler said. "They probably did and missed."

Weatherman Promises Us Taste of April

April will live up her reputation tomorrow and give us showers and possibly thundershowers, too, says the weatherman.

Tonight the mercury will drop

Today in Pontiac and the neighboring area, winds are from the east and southeast at 5 to 15 miles an hour.

The low temperature recorded prior to 8 a.m. was 19. By 2 p.m. the mercury had moved up to 42 in downtown Pontiac.

LBJ, Pearson Confer on Viet

THURMONT, Md. (AP) — President Johnson and Canada's Prime Minister Lester B. Pearson discussed informally today Pearson's new call for a pause in air strikes against North Viet Nam as a possible first step toward peace.

Johnson and Pearson met at the presidential retreat at Camp David in the nearby Catoctin Mountains.

★ ★ ★

The prime minister flew there by helicopter from Philadelphia, landing at 12:20 p.m. EST for the get-together with the President.

Johnson flew last night to Camp David, where small patches of snow still glistened in the dense forest on a cool but sunny day.

Plans for the second Johnson-Pearson meeting in less than three months were announced by the White House shortly before Pearson said Friday night in Philadelphia that a pause in air strikes might prompt the Communist regime in Hanoi to adopt more flexible policies.

NO REACTION

There was no immediate White House reaction to the suggestion.

However, Johnson told a news conference Thursday the United States will continue to take mea ıres he described as "appropriate and fitting and measured"—words he has used repeatedly in talking about bombing missions north of Viet Nam's 17th Parallel.

★ ★ ★

Pearson, a veteran diplomat, made his suggestion in accepting the second annual Peace Award at Temple University. He said that unless steps are taken soon to reach a peaceful settlement, "the war in Viet Nam might well become a far wider and more terrible conflict." He added:

"I believe that a suspension of such air strikes against North Viet Nam at the right time might provide the Hanoi authorities with an opportunity, if they wish to take it, to inject some flexibility into their policy without appearing to do so as the direct result of military pressure."

Pearson said the goal should be a cease-fire in Viet Nam followed by negotiations.

Injuries Kill U. of D. Coach Lloyd Brazil

DETROIT (AP) — Lloyd Brazil, the University of Detroit's head baseball coach for 20 years, died today of injuries suffered in an auto accident. He was 58.

★ ★ ★

Brazil was injured in the crash in Detroit Wednesday. Doctors at Mt. Carmel Mercy Hospital said he died of complications of the injuries he suffered in the accident.

Brazil was to have opened his 20th year as the university's head baseball coach this Monday. He also served as the school's manager of athletic properties.

Brazil was graduated from U-D in 1930, following a successful college football career as a halfback and his naming in 1928 to the Grantland Rice All America football team.

Following graduation, Brazil joined Detroit's football coaching staff and served as backfield coach of the Titans for 16 years. He also served as head basketball coach from 1930 to 1946, director of athletics, business manager of athletics, and chairman of the athletic board of control.

Brazil had been president of the Missouri Valley Conference Athletic Directors' Association. In 1960, he was named to the Michigan Sports Hall of Fame.

Art Masterpiece Is Stolen From Museum in Moscow

MOSCOW (AP) —A painting by a Dutch master estimated to be worth $140,000 has been stolen from Moscow's Pushkin Museum, art sources said today.

Reporters checking at the museum saw only a gap on the wall where the painting had been hanging. Museum officials refused to confirm or deny the painting had been stolen.

★ ★ ★

The 300-year-old painting, "St. Luke" by Frans Hals (1581-1666) was on loan from the Odessa Museum of Western and Eastern Art. It was hanging in a second - floor gallery of the Pushkin in an exhibit of West European masters that opened Feb. 25.

Rumors circulated through Moscow art circles that the painting was taken in a daring robbery while the museum was open. These reports, which could not be confirmed in checks with police or other official sources, gave this account:

EMPTY GALLERY

The thief or thieves — within the last 10 days — drugged the woman attendant at the gallery perhaps with ether. The painting was cut neatly from its frame with a razor. The museum was open but the second-floor gallery was empty.

The woman attendant was not available for comment. She was quoted in art circles as saying she smelled something peculiar and passed out.

★ ★ ★

The Soviet Culture Ministry was reported fearful the painting might be smuggled abroad and had alerted border police and customs officials. Culture Ministry spokesmen could not be reached for comment.

Local NAACP Raps School Site Decision

The local branch of the National Association for the Advancement of Colored People (NAACP) has protested the recent Pontiac School Board decision to purchase a school site on the city's southeast side.

★ ★ ★

The new school site will be located in the midst of a proposed housing project south of East South Blvd. and east of Woodward.

Construction on the new 238-unit project is slated to be started by developer Charles Langs as soon as weather permits.

The NAACP protest was made because, according to branch president Charles Tucker Jr., "The erection of such an educational plant would further de facto segregation throughout the school system."

★ ★ ★

The NAACP said in a letter to the board that they assume the occupants of this new housing project will all be white, relying on past experience as a measure.

15 PER CENT

Whether this will be true is not now known, but school officials have indicated that they were told 15 per cent of the applications for housing in the new project were submitted by Negroes.

The NAACP suggested that the school board bring the projected planning to the school Human Relations Committee in an attempt to make plans to achieve maximum student integration.

The group also suggested that before the school board considers building a new school, they should consider "overcrowded" conditions at existing schools.

★ ★ ★

The NAACP letter was accompanied by a similar protest from the McConnell School PTA, stating that before a new school is constructed the condition of McConnell School should be improved.

PUBLIC STATEMENTS

Denunciation by officials and civic leaders of violence and of the use of racist ideas in political statements.

"This is no attempt to destroy the economy of the state of Alabama," King said.

"Rather,, it is an attempt to breathe life and health into that economy by making it possible for the men of conscience and social responsibility to assert themselves and lead their state out of the clutches of racism, ignorance and injustices."

Telegrams are being sent to at least 25 industries considering expanding their present f.cilities or locating in Alabama, King said, asking them to drop all such plans.

Legislators also denounced the bombing of a Negro's home in Birmingham, labeling it the work of "inhuman criminals."

★ ★ ★

The condemnation came in a resolution which swept through the House with the endorsement of 95 cosponsors and Gov. George C. Wallace.

GROWING CONCERN

The House resolution pointed to the growing concern of Wallace and other officials over racial violence in Alabama.

Still Harassing Traffic to Berlin

E. German Slowdown at Border Checkpoints

BERLIN (AP) — East Germany continued for the third straight day today to harass civilian traffic into Berlin. The move apparently was a protest against next week's scheduled session of the West German parliament in West Berlin.

West German customs officials reported it took motorists more than three hours to pass Communist checkpoints at the western and eastern ends of the 110-mile autobahn that connects West Berlin with West Germany.

★ ★ ★

A string of cars and trucks nearly a mile long waited at the Helmstedt checkpoint.

"Some guards sat in front of us and demonstratively read newspapers instead of checking our papers," one traveler said.

BERLIN CHECKPOINTS

Slowdown tactics also were employed by Red guards at checkpoints through the Berlin Wall used by West Germans to enter East Berlin.

There were no bottlenecks at the U.S. Army checkpoint Charlie, a crossing point for foreigners.

The slowdown did not affect allied military traffic which is checked through by the Soviets.

Only air travelers are not subject to Communist controls.

BIG MANEUVERS

East Germany announced Friday night that Soviet and East German troops will stage large-scale maneuvers west of Berlin starting Monday and lasting all week. This led to speculation that the exercise was set to coincide with the parliamentary meeting.

The official East German news agency ADN said the maneuvers would "test the state of training troops had achieved in the winter training program," and would be held under "aggravated fighting conditions."

★ ★ ★

Communist border guards at Marienborn — the East German side of the Helmstedt checkpoint — turned back parliamentarian Johannes Mueller Friday night. He was on his way to the special session of the lower house.

Mueller, a Berlin member of Chancellor Ludwig Erhard's Christian Democratic party, said he would make the trip by plane.

SEVEN HOURS

Annemarie Meyer, wife of parliamentarian Ernst-Wilhelm Meyer, said she was held for seven hours Thursday night at the same checkpoint and finally turned back. She alerted her husband, who was aboard a Berlin-bound train, and they flew to the Communist-surrounded city.

Charge Girl as Suspect in Murder Case

Macomb County authorities are holding a 19-year-old girl as an alleged accomplice in Tuesday's holdup - slaying of a Sterling Township service station attendant.

The girl, Monica Emerson of Warren, was charged with first degree murder. She stood mute at her justice court arraignment today and was ordered held without bail for examination Friday.

Miss Emerson's arrest followed the arraignment yesterday of Donald Wilkinson, 22, of Royal Oak. He stood mute when charged with first-degree murder and was jailed to await examination Friday.

Joseph A. Cote, 60, of Ackles Mobile Court, Madison Heights, was found shot to death early Tuesday morning in the restroom of Reeves City Service station, located on the northeast corner of 14 Mile and Dequindre roads.

★ ★ ★

He had been shot with a 22-caliber weapon. A cash register containing $150 was missing from the station.

Cote was married and had a married daughter and two grandchildren.

Police said Miss Emerson admitted she helped Wilkinson carry the service station cash register out to his car following the robbery. The cash register and the rifle apparently used in the slaying have been recovered by police.

NATIONAL WEATHER — Weathermen predict snow tonight from upper Mississippi Valley to northern Rockies and rain from upper Lakes and Ohio Valley into southern Plains and from Southern California coast into Great Basin and central Plains. It will be warmer from Tennessee Valley to Lakes area and in the Pacific Northwest.

This We Believe . . .

Because our contacts with the clergymen of our community are frequent and varied, we must admit that we have sometimes been guilty of taking their selfless devotion for granted. May we then at this time express our appreciation for the many gracious services they render without complaint and often with little or no reward.

After 2 Years of Drought

Dust Bowl Worries Officials

WASHINGTON (AP) — Farm officials are keeping a watchful eye on drought-plagued areas of the Great Plains, fearful that the region may undergo again the disaster of the dust storms of the 1930s.

Twice as much land as a year ago has been damaged by winter and spring winds. They have whipped up the loose, dry soil to bring heavy losses in resources and damage to adjacent lands where the soil is being held intact by crops and grasses.

★ ★ ★

The great bulk of the eroded land is in the southern Great Plains — mainly in Texas, Oklahoma, New Mexico, Kansas, and southern Nebraska. Much of this region has suffered two years of drought. There is no quick cure save rains which replenish top and subsoils.

Yet no Agriculture Department officials expect the situation to approach the seriousness of the 1930s, when the so-called "black blizzards" lifted thousands of tons of soil from the parched earth, carried them to upper-air circuits and deposited them on areas hundreds of miles away.

ECONOMIC HARDSHIP

Those storms drove thousands of farmers from the land and brought economic hardship not only to the farming areas but to rural towns and communities.

Under the leadership of the department's Soil Conservation Service and local soil conservation districts, farmers in the Great Plains have learned much about tying their soil down and preventing economic disaster of the proportions suffered 30 years ago.

The service was set up at the instigation of President Franklin D. Roosevelt. The agency has assembled and maintained staffs of engineers trained in soil management and conservation. Through research and experimentation it has shown landowners how to beat the winds by using a variety of practices for holding soil in place.

These include establishment of tree windbreaks, terracing of the land, strip cropping and use of stubble from harvested crops to provide a cover to hold down soil which otherwise could be blown away.

The service also has surveyed most of the land in the plains to determine which should be used for crop production and which restored to grass.

In addition, it has helped develop types of grasses that will thrive under conditions of low moisture and high temperatures.

HELPED FARMERS

Under a Great Plains conservation program, the government has helped farmers restore more than 2 million acres of cropland to grass. Financial aid has been provided.

To Eye Quail Season

LANSING (AP) — The House Committee on Conservation and Recreation has scheduled a hearing at the Capitol April 13 on a proposal to allow a brief open season on quail. The season is proposed for the last five days of the pheasant season in 15 counties in the southern part of the state.

Seek to Raise Dropout Age in State to 17

LANSING (UPI) — A bill to keep youngsters in school until they reach age 17 or graduate from high school headed the list of legislation submitted to a preoccupied House of Representatives yesterday.

Sponsored by Rep. Floyd J. Mattheeussen, D-Benton Harbor, the bill would nudge the current minimum age for dropouts up one year—unless high school graduation comes first.

Also introduced was a bill to strip the director of conservation of his powers to designate limited trout fishing areas—up to 100 miles of streams—where only certain lures or baits may be used. It would also keep him from limiting the size and number of trout to be taken.

Other measures submitted in the House include bills that would:

- Give the conservation commission powers over all fishing — not just commercial — in the Great Lakes, Lake St. Clair, and the St. Mary's River and Detroit River (Rep. Warren N. Goemaere, D-Roseville).

★ ★ ★

- Allow voters to register on Sundays and legal holidays (Rep. Francis D. Crowley, D-Clarkston).
- Grant allotments to school districts for providing daily transportation to the school for the deaf at Flint or the school for the blind at Lansing, as well as for physically handicapped children (Mattheeussen).
- Appropriate $1 million to construct a new national guard armory in Pontiac (Rep. Arthur J. Law, D-Pontiac).
- Require gasoline price signs to have fractional numbers in figures at least one-half the size of the whole figures (Rep. Victor R. Steeh, D-Mt. Clemens).
- Permit the establishment of nursery schools and to appropriate $250,000 to local social aid departments for matching funds (Rep. Jack Faxon, D-Detroit).

Offer Help but Do Not Be Familiar

By The Emily Post Institute

Q: A friend and I have been arguing a point of etiquette and would like you to settle it.

May a man, on seeing a woman (a stranger) carrying a heavy suitcase, offer to carry it for her?

I think it is ungentlemanly not to offer assistance. My friend says that a man never approaches a strange woman. What is your opinion?

A: It is a perfectly proper and polite gesture on the part of a man to offer to carry a heavy suitcase for a woman who seems to be having difficulty carrying it.

He must, however, remain impersonal and not take this as an opportunity to start a conversation with her.

Q: When rather long noodles are served in soup; would it be permissible to eat them with a fork? They keep sliding off a spoon.

A: To eat the noodles with a fork would be wrong.

Cut them in half with the side of the spoon so that they can be picked easily and eaten with the spoon.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

How About Your Hubby? Is He Contented Also?

By ABIGAIL VAN BUREN

DEAR ABBY: I am tired of reading articles and columns saying that people are "sick" just because they don't go wild over sex. Tell me something, why do people keep pushing sex?

ABBY

Why didn't you tell that woman, whose husband lost interest in her, to leave the poor guy alone? She probably wore him out. I happen to be one of those people who couldn't care less about sex and I wouldn't change if I could. If you stop to think a minute, you will have to agree that half the world's problems stem from sex.

★ ★ ★

To mention a few: Overpopulation, unwanted children, sex crimes, venereal disease and adultery. Besides, sex can ruin your reputation quicker than anything else.

I am not a bitter old maid. I am a 37-year-old married woman and the mother of two teen - agers. And I am not locked up anywhere, so I think I'm normal. I wouldn't give you a nickel for sex and I am perfectly content.

NOT SEXY AND COULDN'T CARE LESS

DEAR NOT SEXY: You may be "perfectly content" — but how about your husband?

★ ★ ★

DEAR ABBY: I have had some experience in the matter of men losing interest in sex after having reached a certain age, so I think I am qualified to make a statement on the subject.

Some men lose their youth at 50, and some at 60. But you can take my word for it, if any man over 60 tells you a different story, he is lying.

You are foolish to advise women whose husbands have lost interest in them to "get them to a doctor." No doctor on earth can help them.

I am 72 years old and I know more about life than you do. A doctor once told me that after a man reaches 60, he is all washed up in the "love" department. And so is a woman, no matter what anybody says.

We accept the fact that as we get older our eyes grow dim, and our hearing starts to fade. Our bodies aren't in the same condition at 55 as they were at 25.

So why not face ALL the facts? We just plain dry up. And this happens to everybody if they live long enough.

Respectfully yours, "WASHED UP"

DEAR ABBY: A wife wrote wanting to know if medical treatment was in order for her husband, who seemed to have lost all desire for her. If this letter came from my wife, I would like to answer her through your column:

"No, my dear, medical treatment is not in order for me. But it is quite possible that it is in order for YOU! When I married you, ten years ago, you were 5'3" and weighed 117. Today you weigh 170, and are about six axe handles across the rear.

"Since bearing our two wonderful children, you've decided that you've done your job, and you just lounge around getting fatter. The housework gets done only when you are expecting guests.

"No, I am not planning to leave you. But the thought of walloping some of that fat off you has crossed my mind several times."

Abby, you could probably save many, many marriages if you tell wives that "letting themselves grow fat and lazy" has destroyed more marriages than all the money fights, in-law trouble, and infidelity put together.

SIX-TWO AND ONE EIGHTY

DEAR ABBY: Speaking of men losing interest in the opposite sex reminds me of something I read long ago: "When we are young, we avoid temptation. When we are old, temptation avoids us."

YOUR FAN, FRANKIE

Says Famed Anthropologist

'3 Species of Man Lived at Same Time'

CHICAGO (AP) — One of the world's most renowned anthropologists has uncovered evidence that three entirely different species of prehistoric man lived at the same time and in the same place about a million years ago.

★ ★ ★

This startling scientific claim was made by Dr. Louis S. B. Leakey, director of the Coryndon Memorial Museum, Nairobi, Kenya, who urged his fellow scientists to "refuse to accept theories as facts and look upon the origin of man with fresh eyes."

Leakey was the lead-off speaker at a three-day conference on "The Origin Of Man" at the University of Chicago's Center for Continuing Education.

WORLD ATTENTION

The British anthropologist, whose excavations from the Olduvai Gorge in East Africa have attracted worldwide attention, announced he had found a skull of a third manlike creature called a Pithecantropine.

In earlier excavations at the same site he found fossil remains belonging to two other manlike groups called Zinjanthropus and Homo habilis.

★ ★ ★

Leakey told some 300 scientists attending the conference Friday night that all three species lived at the same site at the same time.

He said his claim means that nature experimented with various primitive manlike creatures before deciding on a satisfactory stock that led to present-day man. It also contradicts old textbook statements that evolution took place in single jumps within a single species.

SLIDE PICTURES

Leakey showed slide pictures of the skull that was reconstructed from more than 100 fragments. The skull was crushed by cattle that trampled the area in search of water. He has dubbed the skull George.

Although Olduvai's new fragmented skull is older and smaller, it has similarities to Java man and Peking man of about 400,000 to 600,000 years ago. These are regarded as extinct cousins of man.

★ ★ ★

Leakey also reported that thousands of primitive tools had been found at the site and that anthropologists have been trying to determine whether they were made by Homo habilis or Zinjanthropus.

Asserting that his new Pithecanthropine also may have made tools, he said: "We have been living in a fool's paradise. We've been assuming that if tools were found along with manlike creatures, then these creatures made the tools. But now it appears that any one of three creatures might have made the tools."

Leakey's excavation site goes back 2 million years. The oldest fossil of the Zinjanthropus dates back 1.75 million years, but other specimens of this species are only 1 million years old. The Homo habilis dates back from 1 to 2 million years ago. Leakey has estimated that skull George is 1 million years old.

Ex-Cell-O Workers Strike Detroit Plants

DETROIT (AP) — Two thousand Ex-Cell-O Corp. production workers struck the company's three Detroit plants Friday.

The United Auto Workers union said its members approved the strike after the collapse of negotiations following overnight talks.

Ex-Cell-O said it had settled with the union at other plants. Ex-Cell-O makes machine tools. The UAW has demanded a contract in line with agreements reached last year in the auto industry.

Laughter Is Good Medicine

J. L. VOORHEES

Psychology teaches us that a happy person is a healthy person. A sourpuss is left strictly alone — no healthy person can long endure a mobid personality. It's the happiness in life that makes it worth living. Go to a lecture and if that lecturer is a Sourpuss you either go to sleep or go out doors. The same speech, with a few chuckles makes it a jewel to remember. Morbidity is an unhealthy state of mind.

I can't think of a more ludicrous situation than two morbid people on a picnic. On the other hand laughter is contagious; children at play scream and laugh, parents are infected with their wholesome joy and they too join in the laughter.

Choose topics of conversation that elicit laughter, at breakfast, at lunch and at dinner; you'll be surprised how much more you enjoy your food, and companions.

Laugh more; you'll complain less. Try it! You'll be amazed at the difference in your general health.

THE BIBLE SPEAKS . . .

THE NEW BIRTH

By Hugo McCord

The greatest religious experience of a human being is described by Jesus as a new birth. "Marvel not," he said, "you must be born anew" (John 3:7). That new birth is not a second birth of one's mother. It is not a remaking or a revitalizing of the physical body. It is a remaking, a revitalizing of the spiritual part of man. "If any man is in Christ, he is a new creature: the old things are passed away; behold, they are become new" (2 Corinthians 5:17). Whereas, a sinner thinks of self and of selfish things, when once he is born again, his thoughts and objectives and purposes are redirected. He is regenerated and reoriented. Henceforth he conforms not his life to immoral and lustful pursuits, but he lives a transformed life by the renewing of his mind (Romans 12:2). If he has been given to falsity, now he speaks the truth. If he has been given to stealing, now he is honest. If he has been self-centered, now he is Christ-centered. The old man with a corrupt manner of life he has buried and he is now renewed in the spirit of his mind (Ephesians 4:22-26).

The greatest of all religious experiences is started when the Holy Spirit through the Bible teaches a sinner. When that sinner comes to believe in Jesus and in Jesus' way of life, then he repents of his misconduct and misdeeds, confesses his new faith, and allows his body to be buried in the waters of baptism (Romans 6:3-4). But he does not stay buried. Just as Jesus arose from his rocky tomb, so the one being born again arises from his watery tomb to newness of life. Then he has experienced the new birth both inwardly and outwardly. The washing of regeneration has separated him from the power of darkness and has translated him into the kingdom of the Son of God (Titus 3:5; Colossians 1:13). He has been born of the water and the Spirit, without which it had been better than he had never been born of his mother.

Congress Exposes Self to Probe by Members

Admittedly the Congress is the victim of many unjustified jibes on the part of much of the citizenry.

But just about the time you are at the point of saying oh, well, it is still the greatest lawmaking body in the world and looking upon its acts with greater forbearance, the august body ups and shatters the nascent image.

★ ★ ★

What brings on this mood of despair? Well, Congress is about to investigate itself! Which as any investigator worth his hidden microphone will tell you earns a zero mark in investigating.

Congress has just named 12 of its own members to a Reorganization Committee to investigate and report on the creaking machinery that conducts the Nation's affairs, with the object of evolving greater efficiency and responsibility.

There will be no outsiders on the committee, no students of government whose counsel might be helpful, and the professional staff of 70 chosen to assist the investigators smacks more of political patronage than competence.

★ ★ ★

Ironically, when Congress set out to investigate the executive branch of the government, it authorized distinguished non-government experts to serve.

Moreover, the committee, headed by Sen. MIKE MONRONEY, D-Okla., goes into action with one hand tied behind its back. Certain areas are prescribed as off limits, one of the most significant being the sacrosanct Congressional rules and procedure.

★ ★ ★

Anyway, the committee has 120 days to investigate. But don't hold your breath waiting for the report and evidence of revolutionary changes in the hallowed Halls of Congress.

Utility Anticipates Area's Development

Indicative of the flourishing state of the area's economic structure and its growth potential is the announcement by Michigan Bell Telephone Co., of plans to spend $2.9 million for expansion and improvement of local facilities.

This outlay is part of a $122-million statewide program, representing a $15-million increase over last year's commitment and boosting the utility's total capital and plant expenditures during the past decade to nearly $1 billion.

★ ★ ★

A significant feature of the local program, aimed at service betterment, is the extension to four exchanges of push-button calling — known as Touch Tone.

The PRESS commends our good neighbor on its forward-looking policies and the benefits it promises for the people of the community.

International Seaway Seen on Rising Tide

After six years of operation, the St. Lawrence Seaway still shows red operating figures, but the annual deficit break-even point is progressively narrowing.

Last year a record 40 million tons of cargo moved through the water route, a rise of 9 million tons over 1963.

★ ★ ★

But to become self-supporting, the Seaway must produce a total of $26 million in annual revenue divided between the U. S. and Canada. The total for 1964 was $20 million.

Most promising indication of the significance of the Seaway's role in international transportation was the extraordinary increase in grain shipments.

In that category the 1964 tonnage to domestic, Canadian and overseas ports amounted to 96 million bushels, up a whopping 19.3 per cent from the year previous.

★ ★ ★

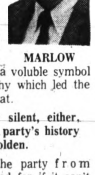
Commenting on it, the president of the Chicago Board of Trade pointed out that the grain movement represents a modern record and that it is the only cargo that has lived up to pre-Seaway predictions.

There can be little doubt, however, that history will put the St. Lawrence Seaway, the materialization of which spanned 42 years from first Congressional sponsorship to completion, among the Continent's top achievements of the century.

Big Job to Mend a Tattered GOP

By JAMES MARLOW
AP News Analyst

WASHINGTON — Ray C. Bliss, combination rescue worker and cement-mixer, has taken over his new job without any illusions or hokum about the dilapidated condition of the Republican party.



MARLOW

The 57-year-old Bliss, a political technician of the silent type, Thursday, succeeded Dean Burch, anything but silent, as chairman of the GOP's national committee.

Burch, handpicked by Barry Goldwater for the chairman's job during last year's campaign was forced out after the 1964 election disaster. He was a voluble symbol of the Goldwater philosophy which led the party into shattering defeat.

Goldwater was never silent, either, but at this stage in the party's history Bliss' silence may be golden.

He has to help save the party from oblivion, which it is headed for if it can't recapture the confidence of the voters, and at the same time mix the cement needed to put the scattered pieces together.

Bliss apparently thinks the Republicans need a complete overhaul job. He said: "We must build a party which offers a broad appeal to all citizens of the United States." It didn't in 1964, as the returns showed.

The overhaul would require fusing the Goldwaterites and the anti-Goldwater Republicans into a unity which may be impossible for Goldwater himself Thursday described the kind of party he wants.

He said the GOP has been "weak-kneed and short-sighted" in facing the issue of what he called mounting federal power.

The party split will be permanent if Goldwater and his followers insist upon sticking to their 1964 line. For the anti-Goldwaterites can hardly afford to, and certainly won't follow him and still hope to win the 1966 congressional elections.

While Burch was always a controversial figure within the party, Bliss won't be, if he can help it. His philosophy of his job is: Stay in the background, do all the necessary chores, get Republicans to the polls, and keep his mouth shut.

Yet, he is convinced the GOP needs Goldwater's personal following "to win elections." For being an expert party manager he will get $40,000 a year, or $20,000 more than he got for a similar job with the Republicans in Ohio.

The POWER of FAITH

By WOODI ISHMAEL

Dr. Edwin D. McLane has been the spiritual guide of a unique seminar on wheels. About 300 members of his First Congregational Church in Chappaqua, N.Y., commute to work in New York City. Three hours a day commuting plus time at work left little time during the week for Christian education. Dr. McLane was approached by some church members on utilizing the hour and a half on the train one morning a week for such activity. The New York Central Railroad supplied an extra car at the end of the 7:05 commuter train from Chappaqua each Monday morning for the first eight-week seminar, which was held in the spring of 1962. "Living My Religion on My Job" was the theme of the first commuter seminar. The hour and a half was spent first with a prayer followed by the Lord's prayer in unison; then a talk by the leader on the topic for the day followed by discussion in groups of four. The last ten minutes each man wrote his opinion on the topic of the day. An average of 50 participated each Monday. The first seminar was such a success that two more such seminars have been held, and Dr. McLane has plans for another one in the future. When time is needed for understanding the power of faith, time can be found.

Days of All Faiths:

Buddhism's Day of Celebration

By DR. HOWARD V. HARPER

Buddhists say three things happened to their leader on April 8 some twenty-four centuries ago. It is the day on which he was born; it is the day on which some thirty-odd years later he received his complete and detailed "Enlightenment"; and it is the day on which he died, at the age of eighty. It is difficult to believe that all these things happened on the ancient Indian date equivalent of April 8. There is not even any agreement about the years in which they happened. But this is a tradition among the world's 140 million Buddhists, and certainly nobody now can disprove it. And certainly there have been more unlikely coincidences in reliably recorded history.

When the Buddhists say their founder "became enlightened," what they mean is that this was the day on which he finished working out his system of philosophy. It did not come all at once. He had been sitting alone under a tree, quiet and withdrawn for many days and weeks, just thinking, just turning over in his mind the problem of how man achieves peace, in this world and the next.

The conclusion that he was able on this memorable day to get into final and communicable terms was called The Eight-fold Path. The eight elements of this program were (and are): right view, right intention, right speech, right action, right livelihood, right effort, right mindfulness, right concentration.

What all this seems to boil down to is that if you can reach a state where you always view, intend, speak, and act rightly, then you won't do anything wrong. Nobody could argue with that, but it is puzzling to the Christian because it assumes that man can attain this condition under his own steam, and the Christian knows that but for the grace of God there would not be anything right in his life. To the Christian, Buddhism looks like operation bootstrap. It is hard to find God anywhere in Buddhism. What one finds instead is severely disciplined self-improvement.

Westerners who have made such efforts find, as St. Paul did, "The good that I would, I do not; but the evil which I would not, that I do." Romans 7:19. But there are 140 million Buddhists, and presumably some of them find that life can be lived by the Eight-fold Path. It may be that this is just another of the mysterious differences between East and West.

In Japan today Buddhists have a ceremony they call "baptizing Buddha." The worshiper, kneeling before a small image of Buddha, pours sweet tea over the statue and then drinks the tea.

Always on the Friday before Palm Sunday Roman Catholics, at least those in the western part of the church, have a special form of service which they observe in remembrance of "The Seven Sorrows of the Blessed Virgin Mary."

These sorrows are simply the seven that stand out most in Mary's life, which was in many respects a life of sorrow. Commemoration began back in the fifteenth century, with only two Sorrows, the Lord's crucifixion and death, mentioned, and no special date set for the occasion. By 1600 the list had grown to seven and the Friday before Palm Sunday had been established as the proper day.

The Sorrows are: 1. The prophecy of Simeon (Luke 2:35) 2. the flight into Egypt (Matthew 2:14), 3. the loss of Jesus in the Temple (Luke 2:41-48), 4. Mary's meeting with Jesus as He carried the cross to Calvary (one must suppose Mary was among the "great company" described in Luke 23:37), 5. the crucifixion, 6. the removal of the body from the cross (Mark 15:46), 7. the burial.

"You're wearin' some way-out threads there, dad — you some kind of rebel or a free-thinker or somethin'?"

Voice of the People:

'Daylight Can't Be Saved by Changing Our Clocks'

A recent letter urges upon Michigan what is called "daylight saving time." But this is an illusion, since no changing of the clocks can add or subtract a single second of daylight. In our modern metropolitan life people work an assortment of shifts around the clock. If a certain shift does not suit a certain group, change the shift and not the clock.

★ ★ ★

The letter pleaded for an extra hour of daylight for the children on the playgrounds. Changing the clocks cannot do this. Children can play all through the daylight hours, regardless of where the hands of the clock are.

★ ★ ★

One thing I like about living in Michigan is that we don't change the clocks twice a year with all the accompanying confusion and hardship. Leave the clocks alone!

Comments on Voter Registration Rule

Before Governor Romney for signature is a bill passed by the legislature permitting electors' registrations to continue in effect for four years, although they may not have voted in that period. In 1963 the legislature tightened registration requirements to two years. As a result 2,100 names were removed from the registration roll in Birmingham.

★ ★ ★

The April 5 charter amendment for initiative and referendum, proposed by the Birmingham City Commission, would base petition signature requirements upon a portion of the registration roll. With relaxed registration rules, any portion of that number, however small, will be meaningless as a base.

★ ★ ★

The amendment for initiative and referendum proposed by electors' petition is based on the number who actually have voted. The requirement is not arbitrary, but meaningful. Birmingham voters should vote "yes" for Proposition No. 3.

'Oakland County Needs a TB Sanatorium'

The TB Sanatorium was built when Pontiac had only 34,000 people. Now, with a population near 84,000, the supervisors decided that we do not need a TB Sanatorium and took it upon themselves to sell it.

Taxpayers should keep their eyes on the supervisors and demand that the money goes into another TB Sanatorium and a good contagious hospital. Now a person with a contagious disease has to be taken to Detroit Herman Keifer Hospital for treatment, with all the added expense of hiring an ambulance to take him there.

★ ★ ★

With our county almost three times as large as it was forty years ago, we need a TB Sanatorium and contagious hospital in Oakland County.

I can't get into the shops due to my back injury, and even though my doctor has discharged me, the company where I sustained my injury will not rehire me. Aren't these children to be considered? President Speaks in Slow Rhythm

By WASHINGTON STAFF

WASHINGTON (NEA)— Sometimes President Johnson delivers parts of a speech in a slow, measured cadence which seems designed to produce emphasis and at the same time underscore the dignity of his office.

A Washington man listening to him recently blurted:

"Do you hear that? He sounds like he's dictating to a stonecutter!"

★ ★ ★

The first time Idaho's Gov. Robert Smylie won election, his then small son had a practical comment on his elevation from the attorney generalship.

Riding by the capitol in Boise with an older friend, the lad pointed to the building and said:

"That's my daddy's office. But he's got a new room now."

The friend asked what it was like. Replied the boy:

"It's bigger, and it has a toilet."

★ ★ ★

Smylie is the dean of the governors' corps, having been inaugurated a few days before Arkansas' Gov. Orval Faubus. Both began their eleventh year in their respective states last January.

Faubus ran into his first serious challenge last November, when his Republican opponent, Winthrop Rockefeller, got a lot of mileage from his line, "Ten years is long enough."

Faubus countered this approach with the following story:

"When I was first elected governor, my critics used to point out that, as a poor country boy, I couldn't understand the big words people used.

"They say I heard the word 'tenure' — which means length of time in office — and misunderstood it. They say I thought it was 'ten years.'"

★ ★ ★

Still quoted with relish in White House and other Washington circles is New Mexico Sen. Clinton Anderson's crushing squelcher, delivered to an "outsider" who was spouting authoritatively about congressional matters he knew little of.

Said Anderson:

"I wish I had as little information as you do, so the answer would be as clear to me as it is to you."

★ ★ ★

Stressing that community leadership and initiative are the most important facets in the administration's war on poverty, Freeman, in a recent speech, said:

"The Lord created us with two ends — one to sit on, one to think with. Our future depends on which we use. Heads, we win. Tails, we lose."

★ ★ ★

The defection of many traditionally Republican newspapers and magazines to President Johnson last November still amazes some members of the President's cabinet.

Addressing the Magazine Publishers Association recently, Postmaster General John Gronouski said:

"This is probably the first time that a Democratic postmaster general has appeared before a gathering of magazine publishers after a national election — and congratulated them on their editorial good judgment."

For Supersonic Fighter

British-French Plane Pact Near

PARIS (AP) — Agreement on joint British-French production of a supersonic warplane rivaling America's F111 is reported near as Prime Minister Harold Wilson and President Charles de Gaulle wind up two days of talks.

A formal announcement from the two leaders was expected at the close of their conference.

★ ★ ★

Their agreement on joint production of a sophisticated jet fighter with variable sweep wings continues the precedent set by work on the giant Concorde supersonic passenger transport (SST).

An angry political storm brewed in London, where the government announced after Wilson's departure Friday morning it was scrapping the multibillion-dollar development of a tactical strike reconnaissance airplane (TSR2).

BRITISH TRAGEDY

Christopher Soames, who speaks for the opposition Conservatives on aircraft policy, said cancellation of the project would be a tragedy for Britain's aircraft industry and the whole country. About 10,000 aircraft workers are involved in the decision.

A policy of joint development with France of an F111-type plane might, however, save not only most of the jobs but also Britain's aircraft industry.

★ ★ ★

London informants said the Labor party government may buy the U.S.-built F111 to fill the nuclear-delivery gap until British-owned but U.S.-designed Polaris submarines become operational in 1967.

The F111, which created a storm in the United States as the TFX (Tactical Fighter Experimental), first flew last Dec. 21 and made its first supersonic flight March 5.

BEST PERFORMANCE

The plane has drawn praise for its performances to date. Never before has a plane featuring the retractable swept wings performed so well.

The sweep-wing concept permits the plane to fly at slow as well as supersonic speeds and to take off and land in short distances.

French informants said Wilson and De Gaulle were far apart on most global issues, especially on the war in Viet Nam.

De Gaulle repeated the French contention that a negotiated settlement is the only answer. Wilson backed the U.S. position that Communist infiltration from the North must end first.

TOTAL EMBARGO

The French opposed the British-approved idea of a total embargo on arms shipments to South Africa.

By JACOBY & SON

"Mumble, mumble, mumble," said the Unlucky Expert. "Last night we had the duplicate all sewed up when our opponents gave us a bottom score on the final hand.

JACOBY

"When my partner passed West's five club bid around to me I was sure that he would hold but a singleton club. Of course, I could have doubled and beaten five clubs two tricks for plus 300 but that would have been the same zero I was handed for down one at five hearts. At every other table South played four hearts and made an overtrick. Not poor me! I played five hearts down one."

It seems that West decided to go all out and try to beat the five heart contract. Hence he opened his singleton diamond. The unlucky expert won in his own hand and led a small heart toward dummy but West had made his plans and was not going to let anyone upset them: He rose with the ace and underled his ace of clubs. If South happened to hold the club king he would romp off with the rest of the tricks, but as usual it was not the unlucky expert's day.

East won the club trick and led back a diamond for West to ruff.

Most of the time I don't sympathize with the unlucky expert. He has the faculty of doing most unfortunate things with the best of reasons. This time he was stone cold dead the moment West bid five clubs and worked out the winning defense.

CARD Sense

Q—The bidding has been:

North	East	South	West
1 ♥	1 ♠	1 N.T.	Pass
2 ♠	Pass	?	

You, South, hold: ♠ K J 5 ♥ 4 3 2 ♦ A Q 7 6 ♣ 9 5 3

What do you do?

A—Bid two no-trump. You don't expect to play this hand in no-trump but you want to show your partner that a lot of your strength is in spades.

TODAY'S QUESTION

Your partner continues with three diamonds. What do you do now?

Answer Monday

Spokesman for McDonald Says Steel Union Vote Is Still in Doubt

WASHINGTON (UPI) — A spokesman for steelworkers' President David J. McDonald said today the outcome of the union's Feb. 9 election is still in doubt.

Vice President Howard R. Hague, who ran on McDonald's slate, charged that backers of union Secretary-Treasurer I. W. Abel were trying to "brainwash the public" into believing that Abel has won.

Hague said the election would not be decided until union tellers finish hearing more than 150 protests over the balloting and report to the steelworkers' membership by May 1.

"No one has won yet," Hague said in a telephone interview from Pittsburgh, where he is taking part in steel contract negotiations. "We object to conclusions being drawn until after the results are announced officially."

★ ★ ★

He complained specifically about a March 27 UPI dispatch from Washington which said the consensus among labor, industry and government officials here appears to be that Abel would take over McDonald's job.

GATHERING EVIDENCE

Hague said McDonald's supporters were still gathering evidence to show there were a "lot of discrepancies" in the counting of ballots.

★ ★ ★

"If all the people who actually voted for us have their ballots counted, we all would win," he said in referring to McDonald, himself and Albert Whitehouse, candidate for secretary-treasurer on the slate.

PCH Senior Is Selected Teen of Week

Selected this week's teen of the week is Bill Kimball, a senior at Pontiac Central High School.

Son of Mr. and Mrs. Clarke Kimball, 2030 Ogemaw, Bill has maintained a "B" average throughout his school career.

Musically talented, he is president of the a capella choir and had a lead part in the musical, "H.M.S. Pinafore."

He is also sports conscious, giving swimming a wide edge. During the last three years, Bill has put in more total hours in the pool than any other member of the swimming team.

★ ★ ★

Bill feels the self-discipline it takes to complete this strenuous conditioning schedule has paid off and will continue to help him throughout life.

TREASURER

As senior class treasurer, he has assisted with plans for the senior prom and trip.

Following graduation, Bill plans to attend Michigan State University in the fall. He will major in social studies.

Barry Vying With GOP for Money?

By JACK BELL
AP Political Writer

WASHINGTON (AP) — Goldwater forces seem to be competing with the Republican National Committee for those hard-to-get $100 bills the faithful cough up for party dinners.

At least that's the import of a letter Barry Goldwater's brother Robert has been writing in trying to drum up attendance at the party dinner in Phoenix April 14 that is billed as "a tribute to Barry."

"The money we will raise from this dinner is going into a fund which will be administered by Barry to further the aims of those who believe in our form of government," wrote Robert W. Goldwater.

"I know that you did more than your share in the support of the conservative cause during the last election, but that you, too, might want to be part of this tribute."

Just how this fund would be administered by the 1964 Republican presidential candidate apparently is a mystery to two Republicans Robert Goldwater said would be honored guests at the dinner, National Chairman Ray Bliss and former Vice President Richard M. Nixon.

Ordinarily the National Committee gets a portion of the receipts when a state party organization puts on a fund-raising dinner in the $100-a-plate bracket. In this case Barry Goldwater evidently will decide whether to deposit any of the money in the national party treasury.

Bliss has made it clear that so far as he can shape party policies they will be directed at trying to reclaim the support of Negroes and other minority groups which went overwhelmingly against Goldwater in last year's presidential contest.

Nixon, at the Republican women's conference here, called for prompt enactment of legislation to end voting discrimination.

Tennessee Physicist to Join Albion College

In Viet Nam Dispute

Peking Seeks Strong Position for Talks

By WILLIAM L. RYAN
AP Special Correspondent

News Analysis

Red Chinese activities suggest that Peking wants to torpedo any move toward "no-preconditions" talks on Viet Nam proposed by a group of nations calling themselves nonaligned.

Achieving this could involve exerting pressure on Communist North Viet Nam and its vague hints it might be willing to talk without insisting the Americans first leave South Viet Nam.

★ ★ ★

Part of Peking's pressure could be in the form of current propaganda that U.S. attacks on North Viet Nam directly endanger the security of Red China itself. This could serve as a pretext to force on Hanoi significant amounts of military aid and perhaps even armed men whose presence there would tend to insure Peking's grip on the Ho Chi Minh regime.

★ ★ ★

Peking may suspect that the Soviet Union and others are attempting to execute an end run around Red China and persuade Hanoi to accept negotiations short of previous demands.

COULD INTERFERE

A peace-keeping presence in Viet Nam could interfere with Chinese designs.

A Peking rebroadcast of a Hanoi statement omitted one paragraph which hinted obliquely that negotiations would be possible if the United States halted attacks on the Communist North.

★ ★ ★

The Russians, concerned with what their own ultimate involvement in Southeast Asia might be, may quietly have tossed the ball to President Tito's Communist Yugoslavia, which calls itself nonaligned.

★ ★ ★

The nonaligned nations' proposal was born in Belgrade, and Red China, which calls Yugoslavia a tool of Moscow policy, reacted angrily. It claimed that the initiative "unmasked" Tito. Premier Chou En-lai, speaking in the capital of his European ally, Albania, denounced the move for "so-called peaceful negotiations."

HATCHING PLOTS

Peking specifically has accused the Russians of hatching plots in the United Nations which would lead a Soviet-American deal.

Chou seemed to talk with two voices. In Albania, during a stop on his diplomatic journey to Africa, he sounded dead-set against any idea of negotiations short of complete U.S. capitulation in Viet Nam. In Algeria later on, he seemed to imply that Red China might be more flexible.

★ ★ ★

The latter approach might be part of his campaign to win influence in Algiers in advance of next June's African-Asian summit meeting.

The tone of Peking's propaganda makes it seem likely that the Red Chinese want no negotiations on Viet Nam short of their own inflexible terms through which the Communists eventually would gobble up South Viet Nam.

$10-Million Rise in State Revenue

LANSING (AP) — A more than $10-million increase in revenue collections over last year was reported today.

★ ★ ★

Secretary of State James Hare said collections from vehicle license, drivers license and titles and registrations rose from a previous high of $164 million in 1963 to another new high of $174.4 million last year.

★ ★ ★

Vehicle licensing accounted to more than $74 million of the total and sales and use tax collections added up to $89 million to account for most of the rest of the revenue.

TOSS FOR ROBE — Rehearsing their parts in the drama, "Christ in the Concrete City," are (left) the Rev. William R. Brady, associate pastor of Central Methodist Church, and Ronald Pearsall of 922 Wadsworth, Waterford Township. The two are tossing dice for the robe of Christ following His crucifixion. The play will be presented following the Lenten dinner at 6:30 p.m. Wednesday.

At Wednesday Dinner

Central Youth Present Drama

"Christ in the Concrete City," a drama by P. W. Turner will be presented following the 6:30 cooperative dinner Wednesday evening at Central Methodist Church, 3382 Highland, Waterford Township.

★ ★ ★

Sponsored by the commission on Christian social concerns, the drama is under the direction of Robert Morse of St. Paul Methodist Church, Bloomfield Township.

Members of the cast include Wilfred Baier, Beverly Brady, Richard Clemans, Annabelle Closson, Ronald Pearsall and the Rev. William R. Brady, associate pastor of Central.

Assisting Mr. Morse with costumes and scenes are Mrs. Thomas E. Porritt and Mrs. Donald C. Porritt.

The play is a portrayal of the meaning and relevance of the trial and crucifixion of Christ to, and in our own day. Some of the time the players act the part of present day people, and at other times they play the role of Caiaphas, Pilate and the crowd.

According to Rev. Mr. Brady the effect is one of startling recognition that this is not some ancient legend, but a portrayal of our present day life.

★ ★ ★

Meat, beverage and table service will be furnished by the church. Reservations may be made by calling the church office.

Dr. Milton H. Bank, pastor, will preach on "Justified by Faith" at both worship services tomorrow morning.

Sacrificial Supper Set at Congregational Church

The Pine Hill Congregational Church located on Middle Belt just south of West Long Lake will hold a Sacrifieial Supper at 5 p.m. tomorrow.

Members of the benevolence board under the chairmanship of Mrs. Jared Welsh Jr. will prepare a main dish using a multi-purpose food produced by a non-profit organization called "Meals for Millions."

This corporation was founded in 1946 by Clifford G. Clinton, a Los Angeles restaurateur who had witnessed great starvation as a young boy in China. He had resolved to someday do something about it.

The cost for a meal for one person is three cents for the supplement. It is bland and assumes the flavor of the food to which it is added.

After dinner and short devotional service, a play entitled "Hold the Line" will be presented by the Sunday School under the direction of Mrs. Jack C. Marshall and Mrs. F. G. Cork.

A wooden cross and white candles in tin cans will depict the sacrificial nature of the dinner, Mrs. Marshall said.

★ ★ ★

During Sunday School hour tomorrow morning, a movie strip called "Where in the World Do the Pennies Go" will be shown to the children.

This will explain "Meals for Millions" to the boys and girls and show them where their special offerings will go.

LONG, LONG SEASON—Husband and wife owners of a ski resort in Franconia Notch, N.H., frolic in the latest snowfall, nine inches. The pair, Mr. and Mrs. Terry Spillane, have a lot to be happy about with business thriving in the New England winter sports area.

U.S., Foreign Automobiles Exhibit Glamour in New York Show

NEW YORK (AP) — New York's ninth International Automobile Show opened today, pitting more than 90 American and foreign carmakers against each other in a headlong race for glamour.

★ ★ ★

Bikini-clad models, husky-voiced salesmen in red blazers, even a blue-coated British chauffeur, showed off some of the almost 500 cars in an atmosphere of crowded, carpeted luxury. Gadgets abounded.

"The automobile industry at least for the nine days we are here — is in show business," said Charles Snitow, president of the show.

For the automobile industry, the annual April exhibit is designed to spark spring car sales and float a few trial balloons. Few of the cars here are new, particularly among American cars represented, since Detroit will unveil its 1966 models this fall. But some companies were showing experimental cars and anxiously awaiting comments from the more than 500,000 spectators the show is expected to attract.

GM EXPERIMENT

General Motors, the world's biggest carmaker, had an experimental two-seater it calls the Mako Shark II. The roof lifts to let you enter. Inside is a square steering wheel and an instrument panel resembling that in a plane. You shift gears by moving a motorcycle-like handle on the steering wheel. There are even drag flaps that raise from the rear fenders to help you stop.

England, which has the biggest foreign-car representation, relied on shapely models in bikinis to show off some of its cars. Aston Martin, which makes expensive sports and touring cars, had actress Veronica Erickson from London whose bikini was fabricated with 24-karat gold.

Book Scandal-Tinged Ex-Actor on Suspicion of Killing His Wife

PALM SPRINGS, Calif. (AP) — Tom Neal, dropped by the movies after a 1951 scandal but in recent years a successful landscaper in this wealthy desert resort, is in jail today, booked on suspicion of killing his young pretty wife.

The body of Gail Neal, 29-year-old receptionist at a Palm Springs tennis club, was found Friday in the couple's home. She had been shot through the head and partially covered by a blanket.

Neal's attorney called police to the home.

Neal, 51 and graying but still trim and handsome, surrendered and was jailed without bail pending arraignment Monday. He made no statement.

HAD FIST FIGHT

Neal achieved prominence in films of the 1940s, but that ended in 1951 when he had a fist fight with actor Franchot Tone over the affections of blonde actress Barbara Payton, who was once engaged to each man.

Tone lost the fight, suffering a broken nose and facial damage, but he later married Miss Payton, divorced her after seven weeks and went on with his career.

★ ★ ★

Neal, after the fight with Tone, couldn't get film work. Once he was reported working at a parking lot. But he later started his own landscaping business and was said by friends to be building a successful new life.

Neal, who said he had been an amateur boxer and an athlete at Northwestern University, appeared in he-man roles in many films, including "Behind the Rising Sun," "Another Thin Man," "The Flying Tigers," "The Unknowns" and "First Yank Into Tokyo."

★ ★ ★

His first wife, actress Vicky Lane, divorced him in 1949. His second wife, Patricia, died of cancer in 1958. He married the former Gail Evatt four years ago at Las Vegas, Nev. They had no children, although Neal has a son, now 8, by his second wife.

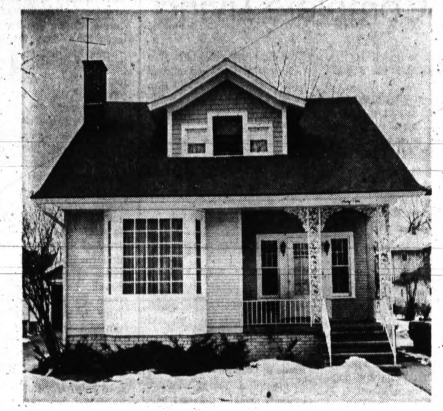
background for LIVING



Home Of Mr. And Mrs. Don Harrison, Mark Avenue

Pair Proves It Can Be Done

Remodeling Job Completed

By JODY HEADLEE
Home Editor, The Pontiac Press

The Don L. Harrisons of Mark Avenue are not people to take no for an answer.

When contractors said that incorporating the front porch into the living room couldn't be done, the Harrisons decided to try anyhow.

With both contributing their time, energies and talents, the project was a huge success. The Harrisons eliminated a dated porch, modernizing both the interior and exterior, and added welcome space to their living room.

In decorating the living room, they selected a neutral gray for the walls and a rose-gray for the carpeting. Woodwork is finished in an antique-white.

"The workwork I did myself," said Mrs. Harrison. "It's really not a difficult job, just time consuming.

★ ★ ★

"And the antiquing is not the least bit hard to keep clean. I just wipe it off with an appliance cleaning wax. This cleans the surface and protects it at the same time."

Devotees of antique collecting, the Harrisons have made many trips East to add to their collection of Victorian pieces.

An antique hanging lantern centers the formal dining room which is separated from the living area by folding louvered doors.

Gleaming jewels and sparkling crystal prisms highlight the brass and hand-painted china fixture.

"It was all in bits and pieces when we got it," said Mrs. Harrison, "but not a piece was missing.

"At first I insisted that we use the lantern with kerosene as it was intended. But it lighted the room so poorly, I finally gave in and had it electrified."

★ ★ ★

Above the antiqued-white dado in the dining room is a French print featuring a spruce green, pink and blue on a sage green background.

Green grapes spill over the silver epergne on the built-in buffet which is illuminated by flourescent lighting hidden by the antiqued-white frame.

VACATION OR YEAR-ROUND: While this A-frame Chalet was designed as a vacation home, using either two or three bedrooms, it has all the touches of comfort that would make it suitable for living 12 months of the year.

A-Frame Chalet for Complete Living

Roughing it is fine if (1) you like it and (2) it is for a fairly short time.

Before the country's army of roughing-it advocates stir up a postal storm, let it be pointed out that this is an opinion and not necessarily a fact.

But for those who like to "get away from it all" without going too far back to nature, the latest House of the Week is just the answer.

Essentially a vacation house, it has enough popular features to make it a permanent residence for those who want a casual but comfortable home.

★ ★ ★

In creating Design H-77, architect Derick B. Kipp took the rugged look of the traditional Swiss mountain lodge and combined it with the economical A-frame exterior to produce a house with an air of distinctive informality.

NOT LARGE

It's not a big house, naturally, but a family which needs extra elbow room can take advantage of the various levels to accommodate more persons than might seem apparent at first glance.

The ground floor plan has an interesting layout. There is a recreation room, a garage that might also be used for boat storage, and a very large section for utilities, a laundry, sports equipment or what have you.

The first floor contains the basic living area of two bedrooms, a bathroom and a sort of combination living room, dining room and kitchen.

★ ★ ★

Behind a picturesque balcony overlooking the first floor is the bonus area for a third bedroom.

The architect's plans for this part of the house call for a lavatory and two closets as well as the bedroom.

The chimney going through the center of the house enables a large fireplace to be placed in the living room and another directly below it in the recreation room.

★ ★ ★

Striking either from the inside or the outside, the A-window expanse at the front begins as fixed windows plus sliding glass doors opening on a deck.

WINDOW PATTERN

Above it, there is a diamond-triangle pattern of windows to the roof peak.

Speaking of the front deck, it is 47' wide, large enough to make it an outdoor dining, living and play area whenever conditions permit. Sliding glass doors make it accessible from inside the house; stairs on both sides permit entry and exit from the outside.

★ ★ ★

An outdoor patio is shared by the two bedrooms on the first floor. Each room has its own view wall of sliding glass doors leading to this patio.

There also is a dividing wall of sliding door closets, plus a linen closet. The bathroom, off a center foyer, has diamond-paned windows for light and privacy just like the ones in the kitchen.

One of the prime features of this house is the manner in which the living room section rises to majestic heights, which in this case is clear up to the roof.

It's the kind of setup that could make a family feel it is on vacation all the time if the house were to be used all-year-round.

LIVING AREA

The basic living area is 977 square feet. The partial second floor provides 374 additional square feet.

Over-all dimensions are 47' by 47' 4", which include the front deck.

Note that the patio-like area on the ground floor is sheltered by this deck and so might provide an excellent place for relaxing in, let's say, warm but rainy weather.

★ ★ ★

Or shouldn't we have mentioned rain in connection with a vacation house?

Chemically Treated to Resist Warping

Factory-made wood windows and exterior panel doors are treated chemically to resist swelling and warping, rot, and insect damage.

★ ★ ★

Made of ponderosa pine wood, they are called "stock" windows and doors because they are carried in stock and need not be made to order.

H-77 STATISTICS

Design H-77, which can be used either as a vacation home or a permanent residence, has an over-all living, dining and kitchen area 25' 6" long, two bedrooms and a bath on the first floor, totaling 977 square feet. Partial second floor can be used for a third bedroom, with a lavatory two closets, totaling 374 square feet. The ground floor contains a recreation room, a garage, a utility section, a laundry and a large space for sports equipment and storage. There is a 47' foot deck at the front of the house, a patio underneath. A second patio at the rear of the house can be entered from either of the first-floor bedrooms. Over-all dimensions, including the deck, are 47' by 47' 4".

Laundry Spray Has Many Uses

The hose-spray has won a lot of friends in its old standby position at the kitchen sink. And it's winning even more fans these days in other parts of the home.

The laundry room, for instance, is a prime location for a hose-spray as a valuable accessory to the laundry tub.

It's handy for spot-scrubbing badly soiled clothes before they go into the washer. For numerous small cleaning jobs that you wouldn't want to do at the kitchen sink, the spray-equipped laundry tub is ideal.

The mud room is another good spot for it, connected to the sink or lavatory there. Home gardeners and hobbyists find it useful for cleaning tools and dirty hands.

INFLUENCE FELT — Oriental influence on American architecture is becoming more pronounced. The design often is from the East while the materials are native to the United States. In the photograph above, the garden gate is an adaptation of a Japanese Shino shrine entrance. The fence is made of natural-color, whitish mineral fiber sheets, an inexpensive, easily maintained material that contrasts handsomely with the redwood framing to which it is nailed. Fre-finished sheets in other colors could be combined with painted frames to give many different effects.

Wash Your House; It Is Waterproof

Although a house takes a beating during the winter, much of the apparent wear is superficial and can be remedied with little, if any, expense — but, of course, some time and work are involved. Here are three suggestions:

* * *

• After the unavoidable chore of cleaning out gutters, pull a garden hose up the ladder to the gutter level and force a stream of water down the leaders, or downspouts. You probably can flush out clogged leaves.

* * *

• Wash the sidewalls. Use a hose and a long-handled brush. If you have a modern factory-finished siding such as mineral fiber, coated with an impervious acrylic plastic, a washing-down every three or four years will restore the color. Some exterior paints can be washed, too.

• Hose storm sash or storm window panels before you put them away. Heavy, encrusted dirt will be removed, and it will be easier to wash the storm windows in the fall.

Artificial Yule Trees in Use Over 50 Years

NASHVILLE, Tenn. (AP) — The David Foreit family has had over a half-century's use from a Christmas tree, originally purchased in 1912 by Foreit's mother and used annually ever since.

* * *

It's an artificial tree which folds up, made of wire and standing about six feet tall. The family heirloom was bought for $3, Foreit recalls.

When You Sell Your Home

Take Tip From Builders

If you are moving and have a house to sell, take a tip from professional builders. Here are some of the things they do to a "trade-in" house in order to sell it at a profit:

• Paint the walls, inside and out. Use light colors. They make a house look bigger.

If the buyer wants a dark color, you can tell him how easy it is to apply a dark color on top of a light one.

If you paint in a dark color and he wants a light one, he'll realize he has a more difficult and expensive job.

• Don't be so free in painting ceilings. Most people don't look up. You probably can save money here.

• Paint inside closets. This is one of the places women like to check. If closets are freshly painted, prospective buyers will give you credit for attention to detail.

• If the old roof is worn-looking, reroof before you put the house on the market. Pick a fresh, modern color.

Asphalt shingles are readily nailable and adapt themselves to irregular old surfaces.

You can have them put on top of most old materials inexpensively. Buyers recognize the prime importance of roofing to shelter.

If you can boast, "I've just put on a fire-resistant, heavyweight asphalt shingle roof guaranteed up to 25 years," buyers will be relieved of a couple of their main concerns.

• Pull out ratty-looking shrubs, particularly the ones close to the house.

Attractive new plants do not need to cost much. If they are thriving, healthy plants, the prospect will feel he doesn't need to worry about replacement cost.

• If the living room flooring is worn, either sand it down and refinish it or cover it with an inexpensive grade of wall-to-wall carpet.

The latter may be the better choice. It not only hides defects, it adds a plus-value. Pick a neutral color.

• If the kitchen range is old, put in a moderately priced new one.

• Put on new kitchen cabinet knobs and new door knobs.

• Put a new medicine chest in the bathroom.

Understandably, people are fussy about their hairbrushes and combs, toothbrushes, medicines, and other similar, personal belongings.

Medicine cabiets cost little and come in standard sizes. A new one will fit exactly into the space of the old one.

Guarantees Promise Long Life

Many home-building materials are covered by guarantees, bonds, or warranties issued by their manufacturers.

They are important guides to the performance that can be expected of a product.

When a family buys a new house, they should ask the builder to turn the guarantee certificates over to them.

When a guaranteed product is used in home improvement, the certificate is available through the specialty contractor who does the work — a roofing contractor, for example.

* * *

Some materials available with guarantees, bonds, or warranties are:

Insulating glass. Sealed double-pane glass for windows is warranted for five years against the formation of a cloudy film or dust penetration between the two sheets of glass.

* * *

Asphalt roof shingles. All heavyweight shingles — those in the weight class of 300 pounds of material for each 100 square feet of roof — carry a written guarantee, bond, or warranty covering the home owner against defects in materials up to 25 years.

Fiberglass screening. This material is guaranteed for ten years against denting, shrinking, corroding, and rusting that results in sidewall stains.

Water heaters. Heaters are guaranteed for five to ten years against defects in workmanship or materials under normal use.

* * *

Garage doors. A one-year guarantee is issued against defects in materials or workmanship. Doors also are available with a lifetime warranty against splitting, checking, or delamination of the inset panels.

Technology Advances

A Swede named Arvid Faxe used asphalt as a roofing material about 1785.

★ ★ ★

Since then, asphalt roofing has been so well developed that it is now the roofing material on three-quarters, or more, of the buildings in the United States.

★ ★ ★

Modern technology has given asphalt shingles fire- and wind-resistance, permanent color, and long life expectancy.

Wood Offers Luxury Walls

Wood's beauty for interior paneling is recognized most plainly by its imitators, who attempt to catch wood's appearance by printing it on wallpaper or panels made of other materials.

★ ★ ★

But they haven't recreated the charm and warmth and "depth" found in solid lumber paneling. It's fine textures and orderly knot arrangements are more than skin deep.

A sense of luxury and security is achieved through lumber paneling, and the homeowner can install it himself with little trouble.

Western softwoods are available everywhere in handy widths of six to 12 inches. Different edge patterns offer a variety of shadow lines appearing between pieces.

★ ★ ★

You can employ the shadow lines, and the wood's grain also, to achieve certain effects in your rooms. Here are a few:

- Run the paneling up and down to make a low room look higher;

- Install it horizontally, and a short room will look longer and lower;

Apply paneling so its lines lead the eye to centers of interest, such as windows or a fireplace;

Install it so it provides continuity from one room to another;

Create a casual air with random widths of paneling, or be more formal with uniform widths;

★ ★ ★

Panel one wall in one direction, another in the opposite to achieve greater variety.

Consider board patterns used in exterior siding for deeper shadow lines on interior walls.

A room big enough for comfortable seating, so "parents can escape the household hullabaloo..."

★ ★ ★

This would be the ideal master bedroom of women interviewed in six cities in a special study sponsored by the National Association of Home Builders and House & Garden Magazine.

The seminars, conducted as a research project on consumer preferences, were held in scattered cities — Washington, D.C.; Cincinnati, Boston, Portland, Ore.; Los Angeles and Fort Worth. Here are typical comments:

"If I had unlimited funds and were building my dream house, my master bedroom would be the showroom of the house."

★ ★ ★

"It's the only room that is not open to the children, and if we want a few minutes of privacy, we use it for that."

SITTING AREA

"I like to use it to eat a late snack or Sunday supper or as a sitting area. I like bookcases there. I like to be able to sew there. I like to be able to write there. A fireplace there? Definitely."

"I'd like a sink in the master bedroom."

Discussion of the master bathroom brought this novel idea:

"I would like to see the controls of the shower placed at the opposite end of the showerhead because if you want to change the temperature of the shower, you have to lean over and get your head wet."

★ ★ ★

One woman disliked fluorescent lights in the bathroom. "You wish you'd never gotten up in the morning because it makes your face look so horrible," she said.

Several master bedroom plans — all necessarily on the luxury side — were developed to incorporate the most important preferences of the women.

In one, the sleeping area was separated from the sitting area by a fireplace, television set and music wall. The sitting area contained chairs, two desks and bookshelves. There was a compartmented bathroom, a walk-in storage closet and a dressing table.

★ ★ ★

A split-level master bathroom also was designed. The bathing area was placed on a lower level than the dressing area and the lavatory. A standard bathtub was used but recessed in the floor and enclosed in marble. The walls had an easily washable vinyl covering.

ANOTHER DESIGN

Another design was actually a master bedroom suite, with sitting area, sleeping area, generous storage areas, a compartmented bathroom and a separate dressing counter. Another luxurious bedroom resembled this but included also a fireplace, a combination desk and breakfast table and an outdoor balcony.

The various master bedroom plans were studied by members of the National Association of Home Builders.

Builders agreed that if price is no obstacle, construction of a master bedroom with such luxurious features is no problem.

Tree Roots Seek Water

Since tree roots spread in the direction of nearby water, it's just good sense to make sure underground pipes and drains are of a watertight, durable material. Once there is a leak or break in inferior piping, destructive roots will invade it and clog the line.

There are methods of clearing lines so clogged, however, depending upon the extend of damage to the piping. The most effective method, which requires the knowledge and tools of a plumbing contractor, is cutting out the roots.

★ ★ ★

Every plumbing contractor has a special, flexible auger that can be reeled into waste lines to cut away all growths. In addition, he stocks special root solvents that can be flushed through the lines to retard further growth.

Plumbing Booklet Is Now Available

To inform homeowners of the many small things they can do to protect valuable plumbing systems, there's a booklet available titled "Plumbing Care and Repair."

About 800,000 Americans Have Cancer. This Tremendous Population of Sick People Would Offer a Magnificent Opportunity to Study Cancer.

A few scientists already have treated human cancer experimentally with various vaccines. They were severely criticized. What some critics fail to consider is that few things in life are as risky as terminal cancer.

Won't Contest Suit Over Suit

COLUMBIA, Calif. (AP) — Charles Surendorf, a 56-year-old artist who wouldn't trade his conservative brown tweed suit for a 49ers' costume, is packing up his canvases and closing his gallery after 18 years in this restored gold rush town.

Surendorf said Friday he will not contest the state's legal action to evict him.

"It would cost me too much," he said. "They have all the taxpayers' money behind them."

Surendorf has been running a one-man show at his gallery since 1947. When the state took over the town and restored its buildings as a monument to the gold rush era, others signed concession contracts agreeing to wear clothing of the miners of that day.

Not Surendorf.

"Why should I wear a costume?" he asked.

"The state is making the place a carnival. I'm not going to be party to a fraud."

How did the costume idea get started?

"Two old ladies who have very ugly legs thought this up," he said. "They wanted to cover them up with those long skirts, and the State Park Commission went along."

Surendorf was under orders to conform to the clothing order or close his shop by midnight Thursday.

Board to Eye Beer License in Waterford

Transfer of a beer and wine licensed business at 4265 Dixie will be considered for approval Monday night by the Waterford Township Board.

The transfer is proposed from John D. Iakovides to Carl and Jerry Donato.

In other action Monday, the board will consider a request from the water department for purchase of a panel truck.

Also slated for board attention is a request from the David Belisle Post, Veterans of Foreign Wars, for a parade permit Memorial Day.

Two first notices of proposed rezoning will be read. Final action will be taken April 12.

ZONING CHANGE

One seeks to change zoning of a 542 by 900-foot parcel behind the Pontiac Mall from agricultural to commercial for use as a parking lot addition.

The other seeks rezoning of a lot on Elizabeth Lake Road near Stringham Elementary School from agricultural to multiple dwelling.

Both zoning changes have been recommended to the board by the planning commission.

4 Children Die in Alabama Fire; Mother Charged

MONTGOMERY, Ala. (AP) — Four children burned to death in a fire which destroyed their home, and their mother was jailed early today on a charge of child neglect.

City Detective Fred Houlton said the children were found huddled in what had been the front room of the gutted house. He identified the victims as Melvin Knight, 6; Gregory Knight, 3; Frederick Knight, 2, and Cavin Knight Jr., 8 months.

Another child, David Knight, 9, was taken to a hospital with burns on the face and hands.

Houlton said the mother, Mrs. Evelina Knight, 25, was being held in jail on charges of child neglect and contributing to the delinquency of a minor. The detective said the woman told him she had gone to a beer tavern and left the children locked in the house.

Houlton said the apparent explosion of a faulty kerosene lamp caused the fire. He said the woman admitted the lamp was faulty and that she had taken off the shade, leaving the flame open.

The fire broke out just before midnight.

Houlton said he had not located the woman's husband.

Avondale, Cousino Retain Veterans

Oakland A Diamond Race Features Two Title Squads

(EDITOR'S NOTE: This is the sixth article in a series discussing the prospects of prep baseball teams in the area. Today the Oakland A League.)

BY JERE CRAIG

A revised scheduling policy plus the return of two championship teams should make for a most interesting baseball race among the eight Oakland A League teams.

Instead of the usual once-around diamond schedule, the teams have slated each other twice this spring; but there will be few attempts to reschedule games delayed by bad weather.

This second round will put a heavier burden on the pitching staffs and could leave the race wide open despite the return of defending champion Warren Cousino's lineup.

The Patriots are having their first senior class and coach Glenn Gerard took the title last year with all underclassmen. The Cousino nine obviously is the team to beat.

But Avondale won two years ago with many sophomores and new coach John Thompson has good material back with which to bid anew. They were third last season.

CONTENDERS

Madison, Lake Orion, Rochester and Troy appear destined for many moments of superior accomplishment, also. Clawson and Fitzgerald are doubtful quantities.

Cousino is expecting a lot of mound duty from Drew Pisha, a .300 hitting third baseman last spring. Veteran backstop John Trastowicz also has a new left-hander, Bill Arne, to work with. Randy Eckhardt at second and center fielder Len Norkiewicz add strength up the middle.

Shortstop - pitcher Lynn Thorpe, infielders Frank Gregg, Bill Tremonti, Mike Myers and Roger Hill, plus outfielders Dick Williams, Harry Bartkowiak and Reyes Coronado all are experienced hands at Avondale.

Thorpe could team with standout catcher Dick Reddaway for one of the county's best prep batteries. They were main cogs on Auburn Heights' Class D state recreation titlist last summer.

Lake Orion has a fine left-handed twirler in Dave Phillips aided by veteran receiver Ron Helm to build around. Third baseman Herb Mattis and outfielder John Mahan lend strength.

New coach George Elias also has high hopes for Bill Hamilton, an infielder.

Rochester's Ron Murray expects to avoid last year's horrendous start (0-5) and have the Falcons soaring from the beginning.

The losses were non-league games and the Rochester nine finished second to Cousino in the race. The entire infield returns for the Falcons, but coach Murray expects to double his outfielders as pitchers. There is little mound experience.

Troy has a returning .400 hitter in shortsop Bud Hether and promising mound talent in co-captains Jerry Brotzke and Mark Allen, who are outfielders, also. But the catching is lean.

★ ★ ★

There are six letterwinners on the Madison roster led by good hitting Mike Fedelko, an outfielder, and Lloyd Hood, a third sacker. Larry Vallelonga, a southpaw, won three of the seven games the Eagles took last year.

The keystone combination of shortstop Len Kovach and second baseman Mick Babich is the only strong point for coach Bob Hamilton at Clawson. Sophomores will be contending for many starting berths this campaign.

Canadian Foes Resume Battle on Ice Tonight

'Rocket' Admits Punch as Pot Still Boils in Montreal Forum

MONTREAL (AP) — Nothing — short of a comeback by Maurice Rocket Richard — should surprise hockey fans at the Montreal Forum tonight when the Canadiens and Toronto Maple Leafs resume their National Hockey League vendetta in the second game of their Stanley Cup semifinal playoff series.

Montreal leads the best-of-seven set 1-0, having edged the Leafs 3-2 Thursday night in a stormy opener marked by 26 penalties, a stick-swinging incident and a one-punch return by ex-Canadien Richard, the all-time NHL great who retired five years ago.

Richard, now a Canadiens' official, admitted Friday he had thrown a punch at Toronto defenseman Kent Douglas — and missed — from his seat behind the Leafs bench after a first-period brawl between Douglas and Montreal's Dave Balon.

Douglas had been banished from the game for belting Balon with his stick.

He was headed for the dressing room when Richard acted. "I tried to take a swing at him and missed," said the Rocket. "Then he swung his stick at me and missed too.

"It's all over now — at least I hope it is," said Richard, who added that he would find a seat in "a less troublesome place" for tonight's return.

CHARGES FLY

Officials of both clubs hurled charges and countercharges Friday while the Leafs drilled for 60 minutes at the Forum and the Canadiens worked out briefly before returning to their Laurentian hideaway.

David Molson, Canadiens' president, said Toronto's rough play in the opener was dictated by Maple Leaf management.

"It was obvious that one team had been instructed by its management to go out and do as much damage as possible," Molson charged.

Toronto President Stafford Smythe called the charge "typical Montreal playoff strategy. Every year they like to stir up the pot and get it boiling in every direction. Then the fans roar, the referee is on his guard and, before you know it, we're in the penalty box."

The Maple Leafs, who have captured the Stanley Cup three years running, fell one game behind the Canadiens in last season's semifinals but rallied for a seven-game triumph. They nailed the Cup in a seven-game final set against Detroit.

Des Moines '6' Whips Port Huron in Overtime

PORT HURON (AP) — Nelson LeClair scored the winning goal in overtime as Des Moines defeated Port Huron 4-3 in the second game of their International Hockey League semifinal playoffs Friday night.

The victory evened the series at 1-1 after the Port Huron Flags earlier defeated Des Moines 6-49. The next contest of the best-of-seven game series will be played tonight in Des Moines.

TAKE A LESSON, PAL—Olympic gold medalist (four times) Don Schollander (center) appears to be giving close friend Greg Buckingham some good-natured advice Friday after winning the 200-yard freestyle at the Senior Men's National AAU Indoor Swimming and Diving Championships at New Haven, Conn. The Yale freshman was timed in 1:41.7, bettering the American record. Buckingham was third, and Yale's Steve Clark (right) second.

Schollander Cracks Swim Mark

NEW HAVEN, Conn. (AP) — Even though Don Schollander wrecked his American record in the 200-yard freestyle swim, he still feels he isn't in the best condition.

★ ★ ★

"Naturally, I'm very happy with the race," said Schollander, the world's top male athlete last year, "but I've been working out only since last February and just feel I'm not at my best."

★ ★ ★

All the 18-year-old Yale freshman did Friday night in his first championship meet since winning four gold medals in the Tokyo Olympics was to defend his 200-yard sprint title with a spectacular 1:41:7.

★ ★ ★

It knocked out his National AAU indoor mark for the distance by nine-tenths of a second, and that awesome performance brought a capacity crowd of 2,300 to its feet cheering wildly for about the same time it took Schollander to race it.

BETTER TIMES

Two other American standards were lowered Friday, but in both cases there are better pending marks. Carl Robie won the 200-yard butterfly in 1:57.7, improving on Fred Schmidt's 1:53.5, but Schmidt won the NCAA fly last week in 1:51.4.

★ ★ ★

Southern California's 400-yard freestyle relay team of Bob Bennett, Jim McGrath, Dick McGeah and Roy Saari grabbed the title after Yale's varsity was disqualified because one of its members, Doug Kennedy, started before his teammate touched out.

★ ★ ★

The Trojans were timed in 3:07.4 lowering Yale's national mark of 3:08.1. But Yale has a pending clocking of 3:07.2, registered last week in winning the NCAA.

Ken Sitzberger, Indiana's double gold medal Olympic diver, defended his low-board title and Southern Cal leads in the team race with 44 points. North Carolina A.C. was the nearest challenger with 16.

Eight titles are being settled today.

Wings' Mentor Told Detroiters to 'Test' Hull

Teams Resume Cup Playoffs Tomorrow Night at Olympia

DETROIT (AP) — Rival coaches Sid Abel and Billy Reay drew the spotlight today in the interim between the first and second hockey games of the Detroit Red Wings-Chicago Black Hawks Stanley Cup semifinal series.

★ ★ ★

This came about because of Abel's reported remark before Detroit beat Chicago 4-3 in the first game Thursday night that his Red Wings would "test" scoring ace Bobby Hull's physical condition in the battle.

★ ★ ★

The game was Hull's first since a layoff while he recuperated from knee injuries.

Reay said he didn't like what Abel said.

Even a new one-year contract to coach the Hawks, given him Friday by Hawks owner Jim Norris, apparently failed to mollify Reay.

TOUGH WORDS

"That's an awful tough statement for Abel to make," Reay said. "You don't play this game with the idea of deliberately eliminating another player."

Abel and the Red Wings, carrying on a Detroit traditional practice of loafing between playoff games, were in their Toledo, Ohio, hideout today. Reay ordered a short drill at Olympia Stadium for the Hawks.

★ ★ ★

The Wings and Hawks play their second game here Sunday night. The Wings will be after a 2-0 edge before the teams move on to Chicago for games Tuesday and Thursday in the best-of-seven series.

Flint Roller Skaters Triumph at Hillsdale

HILLSDALE (AP) — Kenneth and Violet Bair of Flint won the opening event of the second annual Hillsdale Invitational Roller Skating meet Friday night.

In winning the Esquire Dance, the only event of the night, the Bairs edged defending champions William and Elaine Balogh of Toledo, who finished second. Sigmund Mies and Constance Shepherd of Flint were third.

STINGY TIGER — Detroit pitcher Hank Aguirre turns loose one of the overhand fast balls he used in silencing bats of the Washington Senators in a game at Lakeland, Fla., yesterday. Hank gave up only two hits in seven innings as Tigers won, 10-1.

Statistics Reflecting New Hank Aguirre

LAKELAND, Fla. (AP) — A new attitude and outstanding pitching performances this spring could bring a dividend to Detroit Tiger pitcher Hank Aguirre.

Interim manager Bob Swift said Friday his opening day pitcher would be Mickey Lolich, Phil Regan or Aguirre.

★ ★ ★

One look at Aguirre's springtime statistics shows he is making good his promise of a comeback.

The lanky left-hander was at his best Friday and the Tigers backed his two-hit pitching over seven innigs with four home runs in a 10-1 pasting of Washington.

Only two other balls were hit out of the infield against Aguirre. He struck out five men and did not walk a man. He has walked just three batters in 19 innings and carries a nifty 0.95 earned run average.

"I got to thinking about the miserable (5-10) year I had last season," Aguirre said, "and decided I would have to change my attitude.

"I was disappointed when I did not get the opening day assignment last year. I felt I was the best pitcher on the team the year before and deserved the honor. Anyone who says he doesn't want to pitch on opening day is crazy.

★ ★ ★

"After that, I let the disappointment bother me and never did get straightened out all year.

"The big difference this year is that I would still like to pitch on opening day but if I don't, it won't bother me."

Dick McAuliffe's three-run homer in the eighth inning capped the Detroit barrage Friday. Don Demeter hit a pair of two-run homers and Al Kaline one. Jim Northrup doubled home Kaline in the fifth to account for the other run.

The Senators scored their lone run in the ninth inning when Larry Sherry walked four straight batters.

★ ★ ★

U.S. Drops Charges Against 2 Cagers

SEATTLE, Wash. (AP)— The federal government Friday dropped bribery - conspiracy charges against two former Seattle University basketball players, Charlie Williams and Peller Phillips Jr.

★ ★ ★

But Gary D. Gayton, assistant United States attorney, said he plans to subpoena them to testify before a federal grand jury Wednesday in connection with alleged point-shaving.

Williams, Phillips and Leo Casale, 24, a Chicago night club operator, were arrested Feb. 17. The charge against Casale has not been dismissed.

Willie Hits 2 Homers

Mays in Same Old Groove

By United Press International

Willie Mays is up to his old tricks again.

The "say hey kid," who batted in the .420's early last season, picked up where he left off.

★ ★ ★

Mays stroked two long home runs Friday while leading the San Francisco Giants to a 6-4 victory over the Cleveland Indians.

★ ★ ★

Both blasts went over the 400-foot mark and came off top Cleveland hurler Luis Tiant. Juan Marichal, who went seven long innings, scattered seven hits while striking out seven Indians. Al Luplow paced the Indians with three singles.

Sammy Ellis was the first Cincinnati pitcher to go the full nine-inning route, as he blanked the Chicago White Sox 4-0 while surrendering just two hits.

Chicago's Gary Peters, ace lefthander of the White Sox, gave up home runs to Deron Johnson and Tommy Harper.

Tony Conigliaro, a most confident second-year man with the Boston Red Sox, Paced the Beantowners to a 5-4 victory over the Chicago Cubs. "Conig," who records pop records during the off season, blasted a two-run home run in the ninth inning to even the score 4-4 and catcher Bob Tillman was forced home with a walk to tally the winning run.

YANKS LOSE

The Baltimore Orioles, picking up a pair of runs in the eighth inning off relief specialist Pete Ramos, took a 4-3 decision from the New York Yankees.

★ ★ ★

The Yankees, however, were more concerned with another loss. Star outfielder Mickey Mantle suffered a pulled leg muscle in the second inning and was forced to leave the game.

Mantle, though, said the injury was not serious and is expected to play against Washington Senators Saturday night in Puerto Rico.

Bo Belinsky, who was traded to Philadelphia from the Los Angeles Angels during the off season, turned in a fine performance over six innings as the Phillies topped the Milwaukee Braves 3-2.

★ ★ ★

Though Belinsky gave up seven hits and both Milwaukee runs, he struck out eight Braves during his workout.

Dick Groat's single and triple led the world champion St. Louis Cardinals to a 4-2 over the colorful New York Mets. Ray Washburn, attempting a comeback, worked four innings, gave up four hits, one run while striking out six.

Tracy Stallard, who was traded to the Cards by the Mets this winter, blanked New York for the next four sessions.

Gene Freese's three-run homer in the eighth inning powered the Pittsburgh Pirates to a 3-2 dicision over the Sandy Koufax—less Los Angeles Dodgers. And the Huston Astros, scoring five runs in the ninth inning off Bill Pleis, trampled the Minnesota Twins, 10-2.

Pistons Eying Fired Forddy

Wattrick to Huddle With Anderson

DETROIT (AP)—Forddy Anderson, fired as Michigan State head basketball coach, will talk over job prospects with the Detroit Pistons Monday, a club official said.

General Manager Don Wattrick of the professional basketball team said Friday he'll meet with Anderson.

★ ★ ★

Wattrick said he had discussed possible part-time coachwork with Anderson before the firing Thursday. He added the head coaching job, now held by Dave DeBusschere, was not available.

Anderson was bumped by MSU athletic director Biggie Munn because of MSU's 1-13 basketball record last season.

HAS TENURE

"I don't know what his plans are right now, and I want to find out," Wattrick said. "I understand he still has tenure at MSU.

"Forddy is an old friend of mine," he added. "I wanted him to coach some individuals this summer. We discussed this before he was fired."

He said Anderson might want to help out with other duties while DeBusschere is away for the summer, playing baseball for the Chicago White Sox.

"Forddy is a good idea man, and I need ideas," Wattrick said.

PCH Thinclads 2nd at CMU Relays

Flint Central Again Repels Chief Title Try

Don Lavalais Wins Broad Jump; Squad Shows Improvement

Special to The Press

MOUNT PLEASANT—Pontiac Central's track team took some giant strides in one week, but Flint Central's Thinclads more than kept pace with the Chiefs here yesterday.

Flint Central repeated as champion of the Central Michigan University Class A Invitational High School Relays with 38 points.

★ ★ ★

PCH finished second—the same as a year ago — with 30 points.

The Chiefs were followed by Flint Northern, 28; Midland, 25½; Traverse City, 13; Lansing Eastern, 11; Saginaw, 11; Arthur Hill, 8½; Mt. Pleasant, 8; Muskegon, 4; Bay City Central, 2; and Bay City Handy, 1.

The Chiefs failed to live up to expectations in the Huron Relays a week ago, but the improvement was quite noticeable in the CMU meet.

Don Lavalais of PCH successfully defended his high jump championship with a leap of 6-1, one-inch below his 1964 winning effort. Willie Sellers gave the Chiefs a fourth in this event.

Lavalais posted PCH's only first.

★ ★ ★

William Hollis was the next high finisher for the Chiefs, placing second in the 880. John Love of Flint Central won in 2:04.2 with Hollis eight-tenths of a second behind.

Pontiac's six-lay relay team also took a second.

A good leap of 21-3½ by Jeff Lane in the broad jump could only nail a third place as Flint Northern's Monroe Dent cleared 22-3 and Len Hatchet of Flint Central went 21-8¾.

Bill Tipton was third in the high hurdles for PCH.

Ken Franks of the Chiefs took third in the pole vault by clearing 11-6. Teammate Joe Smith reached the same height but was placed fourth because of more misses.

★ ★ ★ ★ ★ ★ ★ ★ ★

EAST LANSING (AP) — River Rouge again has proven itself as powerful on the dirt track as the basketball court.

The Panthers repeated as Class B titlists of the Lansing State Journal - Spartan Relays Friday night.

They cinched the title in the last heat of the final event—the mile relay run off in 10 heats due to the crush of the field.

The Jenison Fieldhouse surroundings were familiar to the Panthers—they just recently won their fifth straight B basketball title there.

Bullets Keep Firing Away in Battle for NBA Crown

By The Associated Press

The surprising Baltimore Bullets take on the Los Angeles Lakers tonight in a continuation of their drive for the championship of the National Basketball Association.

The game at Los Angeles is the first in a best-of-seven series for the Western Division playoff crown in the NBA.

★ ★ ★

On Sunday afternoon the Boston Celtics start their campaign for an unprecedented seventh straight NBA crown by entertaining the Philadelphia 76ers in the opener of the best-of-seven Eastern Division playoff final.

Baltimore, upset winner over the St. Louis Hawks in the Western Division semifinal playoffs, again are cast in the role of underdog to the Lakers and their one-two threats, Jerry West and Elgin Baylor.

FACE 76ERS

The champion Celtics anticipate an equally difficult time with the 76ers, who beat the Cincinnati Royals in the Eastern Division semifinal playoff.

"It'll be the toughest, closest series we've been in since I joined the Celts in 1956," said Tommy Heinsohn who, with big Bill Russell and Sam Jones, led the Celtics to a record 62 victories against only 18 defeats in the regular season.

★ ★ ★

Wilt Chamberlain, the Big Dipper, and rookie Lucious Jackson have played key roles for the 76ers, but "we're ready for them," said Red Auerbach, the Boston coach.

Tom Sanders, a Boston starter, sprained the outside of his right ankle in a scrimmage Friday, but trainer Buddy Leroux said he probably would be able to play Sunday.

Southern Gal 1 Shot Ahead in Golf Open

BATON ROUGE, La. (AP) — Sybil Griffin held a narrow lead in the $8,500 Baton Rouge Open golf tournament today — a stroke ahead of two of the big guns of the LPGA circuit.

Miss Griffin, who hasn't won a tournament in eight years on the pro tour, fired a three-under-par 69 delighting the hometown gallery in the first round.

★ ★ ★

Pulling in right behind her were Mickey Wright and Marilynn Smith, tied for second with 70s over the 6,696-yard, par 37-35-72 Sherwood Forest Country Club course.

Miss Wright's round included an eagle putt from 30 feet on the fifth hole.

POST 71s

Ruth Jessen, Peggy Wilson and Kathy Cornelius chalked up 71s.

Miss Griffin, a golf teacher at Boynton Beach, Fla., wobbled on the 16th and 17th holes but recovered under pressure with a neat birdie on the difficult 18th.

The 54-hole medal play tournament ends Sunday.

Bookies Pick Yankees

RENO, Nev. (AP)— The Los Angeles Dodgers and the New York Yankees are favored by Reno bookmakers to capture the National and American League pennants this year.

The Dodgers are favored 2-1 and the Yankees 3-5. A bettor has to put down $5 on the Yanks to win a net $3 if the New Yorkers take the American League pennant again.

Snead, Billy Casper Share Tourney Lead

GREENSBORO, N.C. (AP) — Dieting Billy Casper and ageless Sam Snead shared the driver's seat at the $65,000 Greater Greensboro Open golf tournament moved into its vital third round today.

Casper, 30 pounds lighter than last summer at a well-distributed 190, shot 67 and Snead, the incomparable wonder man of this tournament, shot 69 in Friday's second round deadlocking for the halfway lead at 137.

★ ★ ★

They were only one stroke ahead of Howie Johnson, surprise occupant of third place, who six years ago scored the first of his two tour victories by beating Arnold Palmer in an Azalea Open playoff at Wilmington, N.C.

Snead, winner here seven times, including the 1938 inaugural, is not supposed to putt well. But 52-year-old vet knocked in a 45-footer and a 40-footer on successive holes on the 7,000-yard, par 71 Sedgefield Country Club course en route to his 69.

SHORT PUTTS

Casper missed five putts of five to seven feet, a rarity for the man acknowledged to be one of the game's finest on the greens.

★ ★ ★

Johnson chipped and putted remarkably well in the second round to move into the thick of the scramble with a 67 that matched Casper for round honors.

Sunday's three final holes will be televised nationally starting at 4:30 p.m. EST.

Ice, Snow Greet Trout Anglers

Weather Chilling Fishermen

Insulated underwear will be in order for the fearless fishermen braving the wintery spring weather for today's early opener of the trout season.

The fishing is limited to steelhead, rainbow and brown trout runs on 49 inland streams in 15 northern counties, the Great Lakes, Lake St. Clair and the St. Marys and Detroit Rivers.

★ ★ ★

The regular trout season doesn't open until April 24.

"Reports on the weather are discouraging," said Howard Tanner of the State Conservation Department fish division.

"If a fellow was going after them just one weekend, I'd advise him to wait. Only the dedicated and fanatic fishermen will be out."

SNOW BANK

On the north shore of the Upper Peninsula, where most of the streams open to such fishing are located, 54 inches of snow is reported. Streams are frozen over and most side roads are impassable.

Conditions are similar but not quite so severe on the few streams open along the Lake Michigan shoreline

★ ★ ★

Some steelheads are reported gathering at the mouths of streams along Lake Michigan. Few spottings have been observed in Lake Superior.

The brown trout and rainbow runs are expected to be better this year with the chemical treatment to control the sea lamprey that has been preying on the trout.

Ice fishermen on the Great Lakes also were reported having good luck.

★ ★ ★

Fishing on the runs is legal in designated streams in Alger, Alpena, Arenac, Antrim, Baraga, Chippewa, Emmet, Gogebic, Grand Traverse, Houghton, Keweenaw, Leelanau, Mackinac, Marquette and Ontonagon counties.

Grain Futures Move Little

Soybeans Continue in Strength of Last Week

CHICAGO (AP)—Grain futures generally moved within somewhat more limited ranges this week and net price changes were mostly only fractions up or down from a week ago on the Board of Trade.

Soybeans continued in a firmer trend for the old crop months and added 5 cents a bushel at the extreme for the second week. Last week they advanced as much as 8 cents on the May delivery.

★ ★ ★

Activity in wheat and corn was confined largely to commercial transactions.

After having been well supported by speculators on three of the four days, soybeans met a good deal of resistance on Friday and net changes were the smallest for any day in a month or so. Analysts said, though, the market showed good resistance to pressure even though most old crop contracts had reached their highest levels in about six weeks.

MORE CAUTION

Speculators became a little more cautious about positions on the long side of corn and resorted to profit cashing from time to time but losses never exceeded the fractional range.

At the end of the week, soybeans were unchanged to 5 cents a bushel higher, May $3.05½-05; wheat ⅞ lower to ¾ higher, May $1.48⅜; corn ⅞ lower to ⅜ higher, May $1,32⅝-¾; oats unchanged to ⅝ higher, May 70½-⅜ cents; rye 2¼-3¼ lower, May $1.19⅛.

Average Price of Steers Shows Little Change

CHICAGO (AP)—The market for slaughter steers became irregular this week as cattle offerings increased slightly in Chicago but decreased at the 12 major terminals.

Offerings of choice grade and below finished the week steady to 25 cents a hundredweight lower while high choice and prime over 1,150 lbs. were 25 to 50 cents higher.

★ ★ ★

The average price of steers for the week was little changed, averaging about $24.20, compared with $24.14 last week and $21.21 a year ago.

The supply of butcher hogs for the week was the smallest in more than two months but prices were not better than steady at the close with some weights 25 cents lower. It was only the second lower trend in the past six weeks. Buyers noted, however, that prices of most cuts in the carlot pork trade weakened somewhat.

Card of Thanks 1

WITH RENEWED LOVE AND gratitude to the Doctors, Nurses, friends and relatives, and to a loving Heavenly Father, we are thankful.
Thankful, for Gerry's sake, that God; after our first parents sinned, took the tree of everlasting life away so there would be no everlasting sickness. Praise God!
Mr. and Mrs. Clark Inman and Family.

In Memoriam 2

IN LOVING MEMORY OF OUR daughters, Elmy, Lyndia and Gloria, who passed away one year ago, April 6th.
Life goes on without you, but it's really not the same.
There isn't a single day goes by that we don't recall your names.
The way you walked, the way you looked, the way you combed your hair.
The things you loved, like your dolls and books or your toys that are all here. God called you home and left us here with a very empty place.
That only you could fill again with your happy, smiling face.
Pray for us honey and maybe some day, He'll send you to guide us to that place far away.
Mother, Dad, Doug, Kathy, and Jack.
Memorial service will be held at White Chapel April 4th, 1965 at 3:30 p.m.

Amanda Blake Loses Bet; 'Gunsmoke' Will Be Back

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — Amanda Blake lost another case of bourbon. "Gunsmoke" will be back next season.

This makes the third year running that the carrot-haired Amanda has bet a set worker the series won't be renewed. She defended her rashness: "It just isn't logical for a series to keep going on and on like this. I'm bound to win one of these year."

THOMAS

Don't get the idea that Amanda is anxious to see "Gunsmoke" fold. She is as loyal to the Dodge City drama as anyone. But as a 10-year veteran of the series and as bride with homes in three states, she is understandably weary of the rigors of putting out the hour-long film.

"This year we end this season's shows on April 6 and start next season's on April 7," she remarked.

TIME OFF

She does manage to get some time off during the season's shooting, but not as much as she would like. As the wife of cattleman Jason Day, she divides her off-duty time between her house at nearby Calabasas, his house at Scottsdale, Ariz., and his ranch near Bryce Canyon in Utah.

Her husband pilots her between those places.

★ ★ ★

Despite her bets about "Gunsmoke's" demise, Amanda retains a fiercely loyal attitude toward the show, and she has her own ideas about how it should proceed. She does not approve of the introduction this season of guest stars like Jean Arthur and Betty Hutton.

★ ★ ★

"The people who tune in 'Gunsmoke' aren't interested in guest stars," she reasoned. "They're not even interested in Jim Arness, Amanda Blake, Milburn Stone or Ken Curtis. They want to know what is happening to Matt, Kitty, Doc and Festues."

DOUBTS RETURN

Nor does she anticipate a return of Dennis Weaver as Chester, now that his own show, "Kentucky Jones," has gone down the drain. "The show has progressed since Dennis left," she said. "It would be a mistake to go back."

On another matter she has mixed feelings. Recently she did a show in which Kitty believes Matt dead. When she finds out he is alive, she gives him a clinch more passionate than they have ever known on the show.

"I've only been kissed three times on 'Gunsmoke' in 10 years," she commented, "and never by Matt. That scene was a charge of emotion that really got to me, and I think it will startle the viewers. But I was uncomfortable doing it, mostly because I know Jim doesn't like to do those scenes."

Another case-of-bourbon bet for her next season?

Hospital Alters Inpatient Setup

Pontiac State Seeking Greater Efficiency

A reorganization of inpatient services designed to promote greater efficiency of operation is under way at Pontiac State Hospital.

Dr. D. W. Martin, medical superintendent at the hospital, said today that the reorganization program will involve changes of staff and space assignment and provide service for more patients and at a time early in the illness.

"Essentially, patients undergoing active treatment will be gathered together conveniently in specific locations where everything needed for therapy can be provided," Dr. Martin said.

"Valuable savings in terms of staff time alone will result from this consolidation rather than having patients scattered over a large number of wards," he added.

Under the reorganization plan, Dr. Martin said there would be constant movement of patients into the active treatment centers with many expected to return later to the community.

ON THE ALERT

"Personnel assigned to non-intensive treatment wards will be on the alert for patients who could be recommended for active therapy or for release from the hospital, Dr. Martin said.

"We are convinced that these changes, which are not a radical departure from what we have been doing, will result in our being able to admit and discharge more patients and eliminate the present admission waiting list."

3 Flint Businesses Are Ravaged by Fire

FLIN T(AP) — A four-alarm fire raced through three business places on Flint's north side Friday. Firemen said the blaze apparently began in the rear of an old building that housed a home furnishings store and spread to a restaurant and tavern.

U.S. Charges Soviet Union With Four New Instances of Harassment on the High Seas

WASHINGTON (AP)—The United States charged Russia today with four new instances of harassing American warships on the high seas.

In a protest note, Washington told Moscow it will "bear full responsibility for the serious consequences" if a collision comes from further "dangerous actions of Soviet ships" interfering with U.S. Navy operations.

The U.S. note, delivered to the Soviet Embassy yesterday and made public by the State Department today, is the latest in a series of angry cold war exchanges over alleged nautical harassments.

The Russians have been accusing Americans of buzzing their ships. The United States complained in a note Feb. 24 that Soviet craft had interfered with U.S. carrier operations in September and January.

Today's U.S. protest charged that:

1. On Jan. 7 the Soviet ship Vertikal, with a lookout on her bow using binoculars, steamed to within 75 feet of the rear of the U.S. ship Dutton. The American naval vessel was in the eastern Atlantic towing a magnetometer cable.

SHREDDED CABLE

Despite the Dutton's warning flags and signals showing it had a tow astern, the note said, the Russian craft shredded the cable, then played two arc lights on the Dutton's rear while the U.S. ship tried to retrieve the broken cable.

★ ★ ★

2. On Feb. 16 the Soviet ship Zond six times crossed close ahead of the U.S. Navy submarine Lafayette about 35 miles off Cadiz, Spain.

CALIFORNIA COAST

3. On Feb. 24 the Soviet ship Arban maneuvered to interfere with fueling operations between the U.S. carrier Hornet and the U.S. tanker Ashtabula off the California coast.

★ ★ ★

4. On March 2, the Soviet trawler Sverdlovsky deliberately interfered with a naval exercise in Narragansett Bay waters by the U.S. ships Courtney, Hartley and Keywadin.

The note said the Russian fishing boat first crossed the Courtney's bow, then reversed to remain directly in front of the American warship with the Courtney swerving hard right to avoid a collision before the trawler headed straight for the Keywadin.

Red Jets Challenge Navy Planes

3 MIGs Jump Yank Craft in Viet Skies

Interceptors Driven Off; Key Bridge Near Hanoi Hit by Raid

SAIGON, South Viet Nam (AP) — U.S. Navy planes today knocked out a bridge 65 miles south of Hanoi, capital of Communist North Viet Nam, and were challenged for the first time by Red planes.

Three Communist MIG jets jumped the planes as they attacked a road and railway bridge at Dong Phuong, said Capt. George H. Whistler, Navy spokesman. Navy planes chased the MIGs but lost them in the haze.

At the same time, 50 U.S. Air Force F10s and F105s hit the Ham Rong Bridge at Thanh Hoa, a city of more than a million 15 miles south of where the Navy planes struck.

A U.S. military spokesman said several hits were scored on the bridge, but could not say whether it was destroyed. It is a single span suspension bridge 800-yards long.

★ ★ ★

In the action farther north, Whistler said he did not believe U.S. planes got close enough to fire during the pursuit of the MIGs.

CLOSE TO HANOI

The raid was the closest to Hanoi yet made by U.S. planes and this may have accounted for the presence of the MIGs.

It seemed likely the MIGs were not sent up spoiling for a fight against the more numerous Navy planes but were already in the air when the raid began.

Whistler did not say what model of the Soviet-built MIG was involved, or what national markings they bore. But North Viet Nam is known to have some old MIG15 and MIG17 aircraft. They are not believed to possess any of the sophisticated MIG21s.

★ ★ ★

TOKYO (AP) — Communist China said 12 U.S. planes were shot down "and many more hit" today when U.S. planes launched a strike into North Viet Nam. Officials in Saigon said one U.S. jet was hit by antiaircraft fire and that landed safely.

Romney, Dems in Dead Heat on Plans for Aged

LANSING (AP) — Gov. Romney and Democratic legislators wound up in a dead heat in a senior citizens property tax relief race today.

The House passed 101-0 a modified and battle-scarred relief bill yesterday. But it was prevented from sending the bill to Romney for signature or vote when Minority Leader Robert Waldron, R-Grosse Pointe, served notice he would move to reconsider the vote Monday night.

The parliamentary maneuver caught Democrats by surprise. It requires the House to retain control of the bill until the vote is reconsidered.

Yesterday's vote to concur in Senate amendments to the House bill came at the same instant Romney's study committee on senior citizens property tax relief was making its report.

Romney's plan is based on the report, and he told legislators their plan is not as good as it could be if they took the committee's findings into consideration.

★ ★ ★

The recommendations represent the third major tax relief plan to take shape in the Capitol this year.

HOUSE VERSION

The first, the House version, would have granted an exemption on the first $2,500 of state equalized valuation on homesteads valued at $10,000 or less. It would have provided a comparable grant to renters. Its cost had been pegged at $20 million to $40 million a year.

The Senate version struck out the renters provision and added a $5,000 annual means test. Its cost has been estimated at from $13.5 million to $15.5 million.

The Romney plan would cost an estimated $17 million. It provides a sliding scale with the poorest homes getting the highest exemption. It also provides a grant for renters.

★ ★ ★

The renters provision caused a major deadlock and bitter feelings between House and Senate Democrats. The Senate had to "buy" House concurrence with a promise to pass renter legislation this session.

State Senator Vote Monday

Voters in 19 western Oakland County communities and Northville, Plymouth and Livonia in Wayne County will elect a state senator Monday for the 14th District.

The post has been vacant since Sen.-elect Paul Chandler of Livonia died in December.

Former Republican State Sen. Farrell E. Roberts of West Bloomfield Township,

See Map, Page 2

and Democrat Edward H. McNamara, Livonia city councilman, are vying for the seat.

Seven cities and 12 townships make up the 14th District in Oakland County.

The municipalities are Farmington, Keego Harbor, Orchard Lake, South Lyon, Sylvan Lake, Walled Lake and Wixom.

TOWNSHIP VOTERS

The townships are Commerce, Farmington, Groveland, Highland, Holly, Lyon, Milford, Novi, Rose, Springfield, West Bloomfield and White Lake.

There are about 50,000 registered voters in the area.

U.S. Plane in Turkey Crashes: Airman Dies

TOPEKA, Kan. (AP)—Forbes Air Force Base said today an RB47 plane assigned here has crashed and burned at Incirlik, Turkey.

One of the five crew members was killed and one critically burned, a spokesman said. The other three were not injured.

County Gets Poverty Cash

Oakland County's war on poverty program has received financial backing from the federal government.

The Commission on Economic Opportunity learned yesterday that it has been granted $77,331 to implement the program.

The chairman, Birmingham attorney Carl F. Ingraham, was informed of the grant by U. S. Congressman Billie S. Farnum of the 19th District.

Ingraham said the funds would permit the nonprofit group to hire a director, and two assistant area directors.

Offices will be set up in Pontiac and in Royal Oak Township.

OFFICE SPACE

"I have had preliminary discussions with the county board of auditors," said Ingraham, "and it seems likely they may make space available in the old county office building."

★ ★ ★

The function of the organization is to eliminate the causes of poverty.

"This is not a financial assistance program," said Ingraham. "The purpose of the program is to stimulate persons to get jobs."

WILLIAM K. HANGER

Acting City Police Chief Is Promoted

Acting Pontiac Police Chief William K. Hanger, a 19-year veteran on the force, has been appointed police chief, it was disclosed today.

City Manager Joseph A. Warren announced Hanger's promotion. His salary will remain at $10,998 annually.

Warren said that Hanger had demonstrated as acting chief that he could operate a complex organization with efficiency.

The 39-year-old Hanger has served as acting police chief since Oct. 10, 1963, when he replaced Chief Joseph Koren, who became city traffic engineer.

★ ★ ★

Koren was the central figure in a controversy which lead to the firing of former City Manager Robert A. Stierer. Sierer had refused to discharge Koren and was in turn discharged.

THROUGH RANKS

Since joining the department in 1946, Hanger has moved up through the police ranks, serving as patrolman, detective, sergeant and lieutenant.

He has received five meritorious citations and an official commendation.

Hanger, a graduate of Pontiac High School in 1943, followed in the footsteps of his father, Vance, who retired as police captain in 1955 and is now a circuit court officer.

A Navy man in World War II, Hanger served as a radio operator.

He is married and has three children. He lives at 9301 Cedar Island, Milford.

U.S. Planning to Send More Troops to Viet

Ambassador Finishes Talks With Johnson, Heads Back to Asia

WASHINGTON (AP) — Ambassador Maxwell D. Taylor is going back to Saigon with plans to add several thousand Americans to the U.S. force in South Viet Nam.

He also intends to see another 160,000 South Vietnamese added to the fight against the Communist Viet Cong this year, raising the country's total to about 700,000.

Taylor completed a week of policy conferences with President Johnson and top officials here yesterday. He leaves Washington tonight to return to his embassy, heavily damaged by a terrorist bombing Tuesday.

The conferences reportedly confirmed present major strategy, including continued air strikes against Communist North Viet Nam and extensive use of air as well as ground forces against Viet Cong concentrations in the South.

★ ★ ★

The aim is to convince North Viet Nam it cannot win in the South and that it can get peace only by halting infiltration of troops and arms.

NO ALTERATION

A round of air strikes against infiltration and supply bases in the north began Feb. 7. Officials here say so far they see no sign North Viet Nam is changing its mind about the war.

There have been reports from abroad of a weakening in Hanoi's determination, but these have been discounted by officials here, including Johnson.

Taylor told a news conference after a meeting of the National Security Council yesterday he thinks the chances of Red Chinese intervention in the Vietnamese war are very slight.

★ ★ ★

He did not elaborate, but officials said privately there is no evidence of Red Chinese preparations for intervention. They also said they believe intervention would be against China's interests since it could lead to a much larger war in Southeast Asia.

USEFUL WEEK

Johnson said of Taylor's visit: "He has completed a very useful and productive week of exchange of views and discussions." Johnson said Taylor would return for consultations

'Bama Leaders Say Boycott Will Worsen Race Tension

MONTGOMERY, Ala. (AP)—Many of Alabama's leading businessmen and legislators believe Dr. Martin Luther King's economic boycott of this state will only hurt racial relations.

"If the boycott should be successful it can serve no other purpose than to worsen race relations in the state," said Crawford Johnson III, a soft drink executive and president of the Birmingham Chamber of Commerce.

"Fortunately, I don't think that Dr. King will be successful," he said.

King announced the three-stage boycott yesterday in Baltimore.

The first stage of the boycott, which he said would start immediately, is to ask any industry or national business concern considering building plants in Alabama "to immediately to suspend their plans for such expansion."

★ ★ ★

The second stage would deal with private investment funds in Alabama and federal deposits in Alabama banks, King said, while the third stage would specifically single out items produced in the state which King feels the nation should boycott.

ANGRY RESPONSE

The boycott brought angry responses from Alabama state legislators.

"The white folks, if they so desire, can boycott, too," said Rep. John Lewis Cates of Shelby County, accusing King of being "power mad now."

"I can't see how with that type of rash thinking, the Negro people of Alabama can believe that King is helping their cause," said Sen. Jimmy McDow of Shelby County.

King said the boycott would go on until these conditions are met:

Comb Saigon for Auto Full of Explosives

SAIGON, South Viet Nam (AP)—A citywide search was launched today for a red sedan reported loaded with explosives and destined for a Viet Cong terrorist attack on the U.S. Information Service office or the nearby Caravelle Hotel.

★ ★ ★

American and Vietnamese security forces swung into action as intelligence sources reported the new Communist death plot aimed at downtown Saigon.

Only last Tuesday, a Viet Cong drove a car loaded with approximately 250 pounds of explosives up to the U.S. Embassy. The blast which followed killed 2 Americans and 20 other persons and wounded 52 Americans and 134 others.

Intelligence sources said then similar attacks were planned on the USIS building and on a complex of buildings which serves as an American bachelor officers' quarters in Cholon, the Chinese section of Saigon.

LBJ, Pearson Confer on Viet

THURMONT, Md. (AP) — President Johnson discusses with Prime Minister Lester B. Pearson today the Canadian's call for a respite in air strikes against North Viet Nam as a possible first step toward peace.

★ ★ ★

Johnson, who flew by helicopter Friday night to Camp David, a presidential retreat in Maryland's Catoctin Mountains, arranged an informal afternoon conference with Pearson.

★ ★ ★

No agenda was announced, but Pearson's suggestion for a moratorium on U.S. bombing of North Viet Nam was certain to figure prominently in the talks.

Plans for the second Johnson-Pearson meeting in less than three months were announced by the White House shortly before Pearson said Friday night in Philadelphia that a pause in air strikes might prompt the Communist regime in Hanoi to adopt more flexible policies.

NO REACTION

There was no immediate White House reaction to the suggestion.

However, Johnson told a news conference Thursday the United States will continue to take measures he described as "appropriate and fitting and measured"—words he has used repeatedly in talking about bombing missions north of Viet Nam's 17th Parallel.

★ ★ ★

Pearson, a veteran diplomat, made his suggestion in accepting the second annual Peace Award at Temple University. He said that unless steps are taken soon to reach a peaceful settlement, "the war in Viet Nam might well become a far wider and more terrible conflict." He added:

"I believe that a suspension of such air strikes against North Viet Nam at the right time might provide the Hanoi authorities with an opportunity, if they wish to take it, to inject some flexibility into their policy without appearing to do so as the direct result of military pressure."

Pearson said the goal should be a cease-fire in Viet Nam followed by negotiations.

in intervals of six weeks to two months.

This reference to Taylor's plans was in line with denials of reports that Taylor was resigning or that the President was considering replacing him.

Johnson said the purpose of the consultations just concluded was to "make our effort as efficient as we can."

★ ★ ★

Taylor said he did not expect a large increase in U.S. forces operating with the South Vietnamese army. The purpose of sending in additional units, he said, will be to "get the maximum use out of the equipment we now have."

ADDED FORCE

Officials amplifying the ambassador's comments said military engineers, communications experts, helicopter units and troops for guard duty are expected to make up the increase in forces. The only specific figure available was that about 1,000 men will be assigned to undertake guard duty around U.S. installations.

Specific units will be assigned as requested by the U.S. military commander, Gen. William C. Westmoreland, and will over the next few months raise the total of 28,000 American fighting men in Viet Nam to more than 30,000.

Taylor said he plans to strengthen the anti-Communist struggle on a variety of fronts, not only military. He did not enumerate, although he said he has "one package of 41 items" to act on when he gets back to Saigon.

★ ★ ★

Taylor said there is now greater stability in the Vietnamese government and that "we may be moving into a period of much greater governmental effectiveness."

The accident occurred at about 5 p.m. on Cooley Lake Road near Williams Lake Road.

Art Masterpiece Is Stolen From Museum in Moscow

MOSCOW (AP) —A painting by a Dutch master estimated to be worth $140,000 has been stolen from Moscow's Pushkin Museum, art sources said today.

Reporters checking at the museum saw only a gap on the wall where the painting had been hanging. Museum officials refused to confirm or deny the painting had been stolen.

★ ★ ★

The 300-year-old painting, "St. Luke" by Frans Hals (1581-1666) was on loan from the Odessa Museum of Western and Eastern Art. It was hanging in a second - floor gallery of the Pushkin in an exhibit of West European masters that opened Feb. 25.

Rumors circulated through Moscow art circles that the painting was taken in a daring robbery while the museum was open. These reports, which could not be confirmed in checks with police or other official sources, gave this account:

EMPTY GALLERY

The thief or thieves — within the last 10 days — drugged the woman attendant at the gallery perhaps with ether. The painting was cut neatly from its frame with a razor. The museum was open but the second-floor gallery was empty.

The woman attendant was not available for comment. She was quoted in art circles as saying she smelled something peculiar and passed out.

★ ★ ★

The Soviet Culture Ministry was reported fearful the painting might be smuggled abroad and had alerted border police and customs officials. Culture Ministry spokesmen could not be reached for comment.

Local NAACP Raps School Site Decision

The local branch of the National Association for the Advancement of Colored People (NAACP) has protested the recent Pontiac School Board decision to purchase a school site on the city's southeast side.

★ ★ ★

The new school site will be located in the midst of a proposed housing project south of East South Blvd. and east of Woodward.

Construction on the new 238-unit project is slated to be started by developer Charles Langs as soon as weather permits.

The NAACP protest was made because, according to branch president Charles Tucker Jr., "The erection of such an educational plant would further de facto segregation throughout the school system."

★ ★ ★

The NAACP said in a letter to the board that they assume the occupants of this new housing project will all be white, relying on past experience as a measure.

15 PER CENT

Whether this will be true is not now known, but school officials have indicated that they were told 15 per cent of the applications for housing in the new project were submitted by Negroes.

The NAACP suggested that the school board bring the projected planning to the school Human Relations Committee in an attempt to make plans to achieve maximum student integration.

The group also suggested that before the school board considers building a new school, they should consider "overcrowded" conditions at existing schools.

★ ★ ★

The NAACP letter was accompanied by a similar protest from the McConnell School PTA, stating that before a new school is constructed the condition of McConnell School should be improved.

Denunciation by officials and civic leaders of violence and of the use of racist ideas in political statements.

"This is no attempt to destroy the economy of the state of Alabama," King said.

"Rather, it is an attempt to breathe life and health into that economy by making it possible for the men of conscience and social responsibility to assert themselves and lead their state out of the clutches of racism, ignorance and injustices."

Telegrams are being sent to at least 25 industries considering expanding their present facilities or locating in Alabama, King said, asking them to drop all such plans.

Legislators also denounced the bombing of a Negro's home in Birmingham, labeling it the work of "inhuman criminals."

The condemnation came in a resolution which swept through the House with the endorsement of 95 cosponsors and Gov. George C. Wallace.

GROWING CONCERN

The House resolution pointed to the growing concern of Wallace and other officials over racial violence in Alabama.

Still Harassing Traffic to Berlin

E. German Slowdown at Border Checkpoints

BERLIN (AP) — East Germany continued for the third straight day today to harass civilian traffic into Berlin. The move apparently was a protest against next week's scheduled session of the West German parliament in West Berlin.

West German customs officials reported it took motorists more than three hours to pass Communist checkpoints at the western and eastern ends of the 110-mile autobahn that connects West Berlin with West Germany.

★ ★ ★

A string of cars and trucks nearly a mile long waited at the Helmstedt checkpoint.

"Some guards sat in front of us and demonstratively read newspapers instead of checking our papers," one traveler said.

BERLIN CHECKPOINTS

Slowdown tactics also were employed by Red guards at checkpoints through the Berlin Wall used by West Germans to enter East Berlin.

There were no bottlenecks at the U.S. Army checkpoint Charlie, a crossing point for foreigners.

The slowdown did not affect allied military traffic which is checked through by the Soviets.

Only air travelers are not subject to Communist controls.

BIG MANEUVERS

East Germany announced Friday night that Soviet and East German troops will stage large-scale maneuvers west of Berlin starting Monday and lasting all week. This led to speculation that the exercise was set to coincide with the parliamentary meeting.

The official East German news agency ADN said the maneuvers would "test the state of training troops had achieved in the winter training program," and would be held under "aggravated fighting conditions."

★ ★ ★

Communist border guards at Marienborn — the East German side of the Helmstedt checkpoint — turned back parliamentarian Johannes Mueller Friday night. He was on his way to the special session of the lower house.

Mueller, a Berlin member of Chancellor Ludwig Erhard's Christian Democratic party, said he would make the trip by plane.

SEVEN HOURS

Annemarie Meyer, wife of parliamentarian Ernst-Wilhelm Meyer, said she was held for seven hours Thursday night at the same checkpoint and finally turned back. She alerted her husband, who was aboard a Berlin-bound train, and they flew to the Communist-surrounded city.

Mrs. Meyer reported she believed East German border guards were checking the names of all Berlin-bound travelers against a list of members of the West German parliament.

East German Premier Willy Stoph had warned earlier in the week that the Berlin meeting of Parliament could have serious consequences.

Board Due to Act on Psychiatric Service Contract

At a meeting of the Oakland County Community Mental Health Service Board yesterday, it was announced that a contract with Pontiac General Hospital will go to the Oakland County Board of Supervisors for approval April 13.

The contract is to furnish up to 40 hours a week of outpatient psychiatric services.

If approved, outpatient psychiatric service will be available to Oakland County residents who can't afford private psychiatric care. However patients will pay according to their financial ability.

Total cost of this new service is estimated at $62,750 for a 12-month period. Half of the amount will be borne by the state.

If approved, the program would start with 20-hour-a-week service and build to the 40-hour schedule, within 60 days. The facility will be located in a house adjacent to the hospital.

The ways and means committee of the board of supervisors has approved the project. It now goes before the entire board.

2 Men Found Slain in House

HIGHLAND PARK (AP) — Two men, both in their 40s, were found shot to death today in the dining room of a home in this Detroit suburb.

They were identified by police as Mervyn J. Shewell, 45, of Highland Park and Ervin D. Kopas, 42, of Detroit.

Detective Lt. Verne Rasmussen said the owner of the home where the bodies were found was being questioned.

Rasmussen said officers went to the house when an unidentified woman called police and said: "The gun went off. You'd better come."

This We Believe . . .

Because our contacts with the clergymen of our community are frequent and varied, we must admit that we have sometimes been guilty of taking their selfless devotion for granted. May we then at this time express our appreciation for the many gracious services they render without complaint and often with little or no reward.

After 2 Years of Drought

Dust Bowl Worries Officials

WASHINGTON (AP) — Farm officials are keeping a watchful eye on drought-plagued areas of the Great Plains, fearful that the region may undergo again the disaster of the dust storms of the 1930s.

Twice as much land as a year ago has been damaged by winter and spring winds. They have whipped up the loose, dry soil to bring heavy losses in resources and damage to adjacent lands where the soil is being held intact by crops and grasses.

* * *

The great bulk of the eroded land is in the southern Great Plains — mainly in Texas, Oklahoma, New Mexico, Kansas, and southern Nebraska. Much of this region has suffered two years of drought. There is no quick cure save rains which replenish top and subsoils.

Yet no Agriculture Department officials expect the situation to approach the seriousness of the 1930s, when the so-called "black blizzards" lifted thousands of tons of soil from the parched earth, carried them to upper-air circuits and deposited them on areas hundreds of miles away.

ECONOMIC HARDSHIP

Those storms drove thousands of farmers from the land and brought economic hardship not only to the farming areas but to rural towns and communities.

Under the leadership of the department's Soil Conservation Service and local soil conservation districts, farmers in the Great Plains have learned much about tying their soil down and preventing economic disaster of the proportions suffered 30 years ago.

The service was set up at the instigation of President Franklin D. Roosevelt. The agency has assembled and maintained staffs of engineers trained in soil management and conservation. Through research and experimentation it has shown landowners how to beat the winds by using a variety of practices for holding soil in place.

These include establishment of tree windbreaks, terracing of the land, strip cropping and use of stubble from harvested crops to provide a cover to hold down soil which otherwise could be blown away.

The service also has surveyed most of the land in the plains to determine which should be used for crop production and which restored to grass.

In addition, it has helped develop types of grasses that will thrive under conditions of low moisture and high temperatures.

HELPED FARMERS

Under a Great Plains conservation program, the government has helped farmers restore more than 2 million acres of cropland to grass. Financial aid has been provided.

The Quail Season

LANSING (AP) — The House Committee on Conservation and Recreation has scheduled a hearing at the Capitol April 13 on a proposal to allow a brief open season on quail. The season is proposed for the last five days of the pheasant season in 15 counties in the southern part of the state.

Seek to Raise Dropout Age in State to 17

LANSING (UPI) — A bill to keep youngsters in school until they reach age 17 or graduate from high school headed the list of legislation submitted to a preoccupied House of Representatives yesterday.

Sponsored by Rep. Floyd J. Mattheeussen, D-Benton Harbor, the bill would nudge the current minimum age for dropouts up one year—unless high school graduation comes first.

Also introduced was a bill to strip the director of conservation of his powers to designate limited trout fishing areas—up to 100 miles of streams—where only certain lures or baits may be used. It would also keep him from limiting the size and number of trout to be taken.

Other measures submitted in the House include bills that would:

- Give the conservation commission powers over all fishing — not just commercial — in the Great Lakes, Lake St. Clair, and the St. Mary's River and Detroit River (Rep. Warren N. Goemaere, D-Roseville).

* * *

- Allow voters to register on Sundays and legal holidays (Rep. Francis D. Crowley, D-Clarkston).
- Grant allotments to school districts for providing daily transportation to the school for the deaf at Flint or the school for the blind at Lansing, as well as for physically handicapped children (Mattheeussen).
- Appropriate $1 million to construct a new national guard armory in Pontiac (Rep. Arthur J. Law, D-Pontiac).

For Supersonic Fighter

British-French Plane Pact Near

PARIS (AP) — Agreement on joint British-French production of a supersonic warplane rivaling America's F111 is reported near as Prime Minister Harold Wilson and President Charles de Gaulle wind up two days of talks.

A formal announcement from the two leaders was expected at the close of their conference.

* * *

Their agreement on joint production of a sophisticated jet fighter with variable sweep wings continues the precedent set by work on the giant Concorde supersonic passenger transport (SST).

An angry political storm brewed in London, where the government announced after Wilson's departure Friday morning it was scrapping the multibillion-dollar development of a tactical strike reconnaissance airplane (TSR2).

BRITISH TRAGEDY

Christopher Soames, who speaks for the opposition Conservatives on aircraft policy, said cancellation of the project would be a tragedy for Britain's aircraft industry and the whole country. About 10,000 aircraft workers are involved in the decision.

A policy of joint development with France of an F111-type plane might, however, save not only most of the jobs but also Britain's aircraft industry.

* * *

London informants said the Labor party government may buy the U.S.-built F111 to fill the nuclear-delivery gap until British-owned but U.S.-designed Polaris submarines become operational in 1967.

The F111, which created a storm in the United States as the TFX (Tactical Fighter Experimental), first flew last Dec. 21 and made its first supersonic flight March 5.

BEST PERFORMANCE

The plane has drawn praise for its performances to date. Never before has a plane featuring the retractable swept wings performed so well.

The sweep-wing concept permits the plane to fly at slow as well as supersonic speeds and to take off and land in short distances.

French informants said Wilson and De Gaulle were far apart on most global issues, especially on the war in Viet Nam.

De Gaulle repeated the French contention that a negotiated settlement is the only answer. Wilson backed the U.S. position that Communist infiltration from the North must end first.

TOTAL EMBARGO

The French opposed the British-approved idea of a total embargo on arms shipments to South Africa.

For State Salon From Kent County Dies

GRAND RAPIDS (AP)—Harry T. Emmons, 82, state representative of the former Second Kent District from 1950 to 1960, died Friday at St. Mary's Hospital of a heart ailment. Prior to his legislative service, he was Kent County deputy treasurer 18 years and had served as former Wyoming supervisor, township treasurer and justice of the peace.

Trees and plants are being protected from birds and insects by nets woven of fibers as light as a spider's web. Enough netting to cover an acre weighs only seventeen pounds.

The Amazon River, holding 14 times as much water as the Mississippi and 17 times as much as the Nile, supplies one-fifth of all the river water entering the world's oceans.

TOSS FOR ROBE — Rehearsing their parts in the drama, "Christ in the Concrete City," are (left) the Rev. William R. Brady, associate pastor of Central Methodist Church, and Ronald Pearsall of 922 Wadsworth, Waterford Township. The two are tossing dice for the robe of Christ following His crucifixion. The play will be presented following the Lenten dinner at 6:30 p.m. Wednesday.

At Wednesday Dinner

Central Youth Present Drama

"Christ in the Concrete City," a drama by P. W. Turner will be presented following the 6:30 cooperative dinner Wednesday evening at Central Methodist Church, 3382 Highland, Waterford Township.

* * *

Sponsored by the commission on Christian social concerns, the drama is under the direction of Robert Morse of St. Paul Methodist Church, Bloomfield Township.

Members of the cast include Wilfred Baier, Beverly Brady, Richard Clemans, Annabelle Closson, Ronald Pearsall and the Rev. William R. Brady, associate pastor of Central.

Assisting Mr. Morse with costumes and scenes are Mrs. Thomas E. Porritt and Mrs. Donald C. Porritt.

The play is a portrayal of the meaning and relevance of the trial and crucifixion of Christ to, and in our own day. Some of the time the players act the part of present day people, and at other times they play the role of Caiaphas, Pilate and the crowd.

According to Rev. Mr. Brady the effect is one of startling recognition that this is not some ancient legend, but a portrayal of our present day life.

* * *

Meat, beverage and table service will be furnished by the church. Reservations may be made by calling the church office.

Dr. Milton H. Bank, pastor, will preach on "Justified by Faith" at both worship services tomorrow morning.

CHURCH OF GOD

A revival will begin tomorrow at the Church of God, Pike and Anderson with the Rev. Ralph Koshewitz, the evangelist. The speaker has served as pastor and state overseer for the denomination.

Pastor Cheslie N. Collins invited the public to the services.

FIRST PRESBYTERIAN

The congregation of First Presbyterian Church will gather Wednesday evening to elect elders, deacons and trustees for the coming year.

Mrs. Richard Harris will sing "In My Father's House Are Many Mansions" as the offertory solo at morning worship tomorrow. The Chancel Choir will present the anthem, "O Divine Redeemer" by Gounod.

Mr. and Mrs. Elmo Jones will be hosts at the coffee hour following worship.

Sacrificial Supper Set at Congregational Church

The Pine Hill Congregational Church located on Middle Belt just south of West Long Lake will hold a Sacrificial Supper at 5 p.m. tomorrow.

Members of the benevolence board under the chairmanship of Mrs. Jared Welsh Jr. will prepare a main dish using a multi-purpose food produced by a non-profit organization called "Meals for Millions."

This corporation was founded in 1946 by Clifford G. Clinton, a Los Angeles restaurateur who had witnessed great starvation as a young boy in China. He had resolved to someday do something about it.

The cost for a meal for one person is three cents for the supplement. It is bland and assumes the flavor of the food to which it is added.

After dinner and short devotional service, a play entitled "Hold the Line" will be presented by the Sunday School under the direction of Mrs. Jack C. Marshall and Mrs. F. G. Cork.

A wooden cross and white candles in tin cans will depict the sacrificial nature of the dinner, Mrs. Marshall said.

* * *

During Sunday School hour tomorrow morning, a movie strip called "Where in the World Do the Pennies Go" will be shown to the children.

This will explain "Meals for Millions" to the boys and girls and show them where their special offerings will go.

Pastor Lists Services

Sunday School will be held at 10 a.m. tomorrow in the True Church House of Prayer to All Nations, 128 W. Pike. Worship will follow at noon. Young people will gather at the church at 6:30 p.m. for prayer and discussion. Evening worship will be at 7:30.
