Blackie And Her Adopted Daughter

Life Is Merrier for Old Terrier

By JOE MULLEN

Improbable, tragic and happy occurrences have descended in a bunch upon Blackie, a 13-year-old female terrier.

The dog, owned by Mr. and Mrs. Emmet Jenkins of 533 N. Perry, seemingly was in failing health in recent weeks. "We were thinking of having her put away," said Mrs. Jenkins.

A 13-year-old dog is the canine equivalent of a 90-year-old human.

"Blackie used to be very active but she suddenly became very listless."

EXPLANATION

But, last week the elderly dog's loss of vitality was dramatically explained.

She gave birth to a pup which came as a complete surprise to her owners.

The offspring, however, was born dead and the tragedy so upset Blackie that she refused to eat.

After trying in vain to encourage the dog to take nourishment, the Jenkins contacted the Michigan Animal Rescue League Shelter and asked to borrow a pup for Blackie's mother temporarily.

IDEA WORKED

The idea worked wonders.

After viewing the week old black female pup for a few hours with some reservation, Blackie suddenly warmed up and adopted the little visitor.

Her appetite quickly returned.

She has become so attached to the pup she is reluctant to leave the bed the two occupy even for a few minutes, Mrs. Jenkins said.

Though the Jenkins are encouraged by their dog's present contentment, they are concerned about Blackie's reaction when the borrowed pup must be returned.

'U.S. Has Lost 100 Planes in N. Viet Raids'

WASHINGTON (UPI) — The United States has lost just over 100 planes in North Viet Nam since the bombing raids began last February, an average loss of less than one-half of 1 per cent.

In revealing this yesterday, U.S. officials noted that the loss rate compared with losses of 2 or 3 per cent over Europe in the late stages of World War II.

Exact figures on U.S. aircraft losses in both North and South Viet Nam were not available, but apparently they total in the neighborhood of 400, including four jets shot down by Soviet-built antiaircraft missiles.

Last night, the Waterford Township Board of Education passed six recommendations aimed at alleviating the problem.

The action followed lengthy discussion among board members, Supt. Don O. Tatroe and parents from several "danger spots" in the school district.

It came after a stalemate had been reached in the conversation, and left parents with some hope that the problems existing in their particular areas would be solved in the proposed townshipwide undertaking.

Dr. Tatroe's accepted plan for walking paths would require the assistance of the Township Board and Road Commission.

MATCHING FUNDS

He called for the township to match the board of education's \$15,000 annual appropriation for the endeavor, and asked for its aid in administering the program.

Under the plan, the Road Commission would assist in widening road shoulders and bridges.

Also, the township and school boards would join in appealing to taxpayers — whose properties front on main roads — to either assist in installing sidewalks or to remove obstructions from road rights-of-way.

One of the accepted recommendations empowers the administration to assign priorities to walking path areas to guide

LBJ 'Doing Well' After Surgery

Senate OKs Rent Relief for Elderly

LANSING (AP) — The senate approved rent reimbursements for senior citizens yesterday, but apparently the first checks under the plan won't be mailed until 1967.

The bill parallels the senior citizens property tax relief measure passed earlier this year for home owners.

It will provide an average of \$93 relief to senior citizen households whose earnings are less than \$8,000, who have lived in Michigan seven of the past 10 years and whose rented home or apartment is not worth more than \$20,000, or \$10,000 state equalized valuation.

Costs of the plan ranged from \$4.5 million to \$18 million, plus administration.

The number of beneficiaries was pegged at anywhere from 60,000 to 175,000, depending on whose study one read.

The bill passed 23-12, with all Democrats favoring it and Sen. Haskell Nichols, R-Jackson, crossing party lines.

FALL SHORT

Democrats wanted to make the bill effective Dec. 31, so that reimbursement checks could go into the mail in 1966. But they fell five votes short of the two-thirds majority needed. Thus, implementation apparently will be delayed one year.

Republicans Frank Beadle, St. Clair, and Robert Richardson, Saginaw, argued against the bill because the legislature had not taken tax action this autumn.

Richardson called it a "give-away program and fiscal irresponsibility."

AMOUNT OF REIMBURSEMENT

The amount of reimbursement is determined by figuring the property taxes paid on the first \$2,500 of state-equalized value of the rented home or apartment.

It seeks to give renters the same refund of the property taxes they indirectly pay as home owners will receive on the taxes they directly pay.

Landlords who discriminate raise rents to capture for themselves the state reimbursement to tenants would be subject to prosecution.

The bill now must go to the House, where it is expected to win approval.

Pontiac Starts With a Bang

Pontiac Motor Division announced today that its dealers took orders for a record 58,157 cars on introduction day yesterday, a 6 per cent increase over the previous high set a year ago.

John Z. DeLoe, a General Motors vice president and general manager of Pontiac, said public acceptance of the newly restyled models has surpassed "our most optimistic expectations."

He said dealers from coast to coast have wired him stating that the entire line is very well accepted.

Unfilled retail orders on the Tempest are currently 16,000, up 30 per cent from the 12,381 unfilled customer orders at this time last year.

Despite inclement weather in many parts of the country yesterday, an estimated 1.1 million persons visited Pontiac showrooms to see the 1966 offerings.

Soviet Attempt at Soft Landing on Moon Fails

News Held 13 Hours; Reds Say Flight Was Partially Successful

MOSCOW (AP) — The unmanned Soviet satellite Luna 7 crashed on the moon early today, Tass reported.

It was the third unsuccessful Russian attempt in six months to make history's first soft landing on the moon.

Tass, the official Soviet news agency, announced that "most operations necessary for a soft landing were fulfilled during the approach to the moon."

But it added that "Some operations, however, were not carried out in accordance with the program and need additional development."

The Tass announcement was the first official indication that Luna 7 had attempted a soft landing. No specific mission for Luna 7 had been announced in advance.

Tass said the scientific instrument package landed on the moon in the area of the Ocean of the Storms, west of Kepler Crater, at 5:08 p.m. EST yesterday. The landing was on schedule.

But the Russians waited more than 13 hours to announce it, indicating that the landing had been unsuccessful.

Despite the failure to make the soft landing the flight appeared to be a partial success. Luna 7 was able to correct its course in flight, something Luna 6 had failed to do. Luna 6 missed the moon by 100,000 miles June 11.

Tass said considerable practical material for further work was accumulated in the flight of Luna 7.

No specific reason was given for the failure to make a soft landing.

Signals from the Soviet spacecraft picked up by the Jodrell Bank Observatory in England last night indicated there may have been a failure in the firing of the retrorockets.

Nixon Raps King, Urges Rights Policy

JACKSON (AP) — Former Vice President Richard Nixon, criticizing Negro Leader Martin Luther King Jr., wants Republicans to provide leadership which will end civil rights demonstrations and move to a period of racial reconciliation.

Whether national GOP leaders would echo the Nixon declaration that "demonstrations and picketing have... built walls of hatred" remained to be seen. He said he had not discussed his policy with them.

The new Nixon stance on civil rights was unveiled early yesterday in a Richmond, Va., newspaper interview and expanded upon at a news conference.

"Those who are still resorting to marching in the streets and demonstrating are hurting civil rights rather than helping," said the 1960 presidential candidate.

"My recommendation is that civil rights leaders change their tactics. The revolution should be replaced by a reconciliation."

He criticized Rev. Dr. King, a Nobel peace prize winner, for "at this point going into areas, inflaming public opinion and, rather than a legacy of hatred, rather than one of reconciliation."

Nixon declared that legislation has opened the doors to jobs and housing for Negroes. "Now we have to prepare people to walk through these doors," he said.

Michigan Gov. George Romney praised and was praised by Nixon during the political dinner, but he left before Nixon's news conference and was not available for comment.

Welfare Unit Merger Bill Hits

County Officials Urge Legislature to Wait

Oakland County officials eyeing cost factors would like the State Legislature to blow the whistle on pending welfare agency merger legislation and take a long time-out to talk it over.

This was the consensus at a meeting today of the ways and means committee of the County Board of Supervisors where officials revealed that proposed legislation in its present form would cost Oakland County more than a quarter million dollars next year.

The committee called for further study aimed at producing a sound welfare unit merger bill even if action must be deferred until the January legislative session.

Last Wednesday the legislative committee of the board of supervisors outlined opposition to substitute Senate Bill 216 and called for further study.

Since then an amendment was tacked on excluding Oakland County from merger with the state welfare agency in the county.

Though this revision would allow the county to retain its present control over welfare functions, it would mean a loss of \$271,000 from the state next year.

George H. Williams, director of the County Department of Social Welfare computed the loss in state funds this morning after hearing of the amendment excluding Oakland County.

A telegram was sent today by the ways and means committee to state legislators asking for a delay on the legislation and further study.

The bill, which excludes only Wayne and Oakland counties from a statewide merger of all county and state welfare agencies, is expected to go to the House floor Monday for debate.

Substitute Senate Bill 216 is a revision of a prior senate bill and House Bill 2963.

Call Removal of Gallbladder Total Success

Kidney Stone Found; Mild Discomfort Felt by LBJ Said Normal

WASHINGTON (AP) — President Johnson's gallbladder operation was performed without complications today and three hours later he was reported "doing well."

However, White House press secretary Bill D. Moyers said Johnson, as would any patient recovering from a gallbladder operation, was "experiencing mild discomfort."

The operation itself went "beautifully and as expected" in the words of one of the doctors.

It was pronounced a "complete success."

The surgical team did find and remove a kidney stone in the ureter as well as removing the faulty gallbladder.

URINARY PASSAGE

The ureter is a passage through which urine is voided. Johnson was in the operating room from 7 a.m. to 9:15.

Moyers reported that Johnson began to emerge from an anesthetic less than an hour after the surgery by a medical team enlisted in part from the famed Mayo Clinic of Rochester, Minn.

He said he himself had talked with the President about 11 a.m. after the operation was "routine."

Moyers said the doctors told him the operation was "routine."

NO CARDIAC TROUBLE

He said there was no cardiac irregularity at all and that the President's blood pressure remained normal throughout.

During the operation Mrs. Johnson and daughter Luci, 16, remained in the bedroom across the hall from the President's.

Three times while the operation was in progress, Moyers said, they received progress reports.

As soon as it was completed Mrs. Johnson called daughter Lynda in Austin, Tex., where she is a student at the University of Texas.

VERY HAPPY

Moyers said Mrs. Johnson told him that she was, of course, very happy at the medical report.

She and Luci had breakfast together about 9:40 a.m.

Lynda is expected to arrive here late this afternoon or early evening and stay at least part of the weekend.

As Moyers related things, it was business as usual for Johnson right up to the time he went to the operating room.

AT 5 A.M.

He said the President awoke at 5 a.m., shaved and showered and told Moyers he would like to have Mrs. Johnson inform members of the family about the outcome of the operation.

Johnson also asked, Moyers said, that a message be sent (Continued on Page 2, Col. 6)

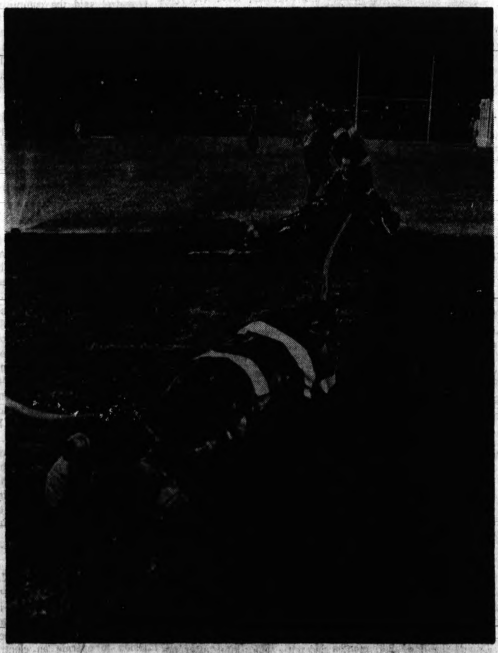

Nice Weather for Football

Skies are expected to be partly cloudy tomorrow with temperatures a brisk 56 to 64, a good day for football games.

There is a chance of a few showers tonight with lows of 44 to 50.

Partly sunny and a little warmer is the outlook for Sunday.

Fifty was the thermometer reading at 6 a.m. today. At 2 p.m. the mercury had edged up to 53.

Youths in Indonesia Burn Red Building, Cheer U.S.

JAKARTA, Indonesia (UPI)—Thousands of Indonesian youths, shouting "Long live America," today stormed the headquarters of Indonesia's powerful Communist party (PKI) and burned it to the ground.

The mob, mostly Moslems, left the one-story building a shambles of burning ashes.

The demonstrators stormed the building shouting "Kill Aidi!" (D. N. Aidi, leader of the PKI) and "Dissolve PKI."

Aidi's whereabouts since last Friday's attempt to overthrow President Sukarno are unknown.

After setting fire to the Communist headquarters, the youths paraded through the streets of Jakarta to the headquarters of the government-sponsored national front organizations.

On the way, they stopped cars and plastered windshields with signs reading "Crush PKI."

SHOUTED AT REPORTER

"To hell with PKI," one group shouted at a foreign correspondent whose car was stopped.

Demonstrators waved and shook hands with army soldiers who passed by in a truck.

It was the army which broke the back of the coup led by Lt. Col. Untung, a palace guard officer who masterminded the "30th of September Movement" to overthrow Sukarno and replace his gov-

ernment with a leftist "revolutionary council."

The army command here accused the youth wing of the PKI of murdering six generals and a lieutenant in the early stages of the coup attempt.

The army has launched a massive anti-Communist campaign, rounding up scores of PKI members and seizing large quantities of weapons, some bearing Communist Chinese markings.

NO INTERFERENCE

Army troops did not interfere with the demonstrators, but streets leading to PKI headquarters were cordoned off.

Three fire trucks at the scene poured water on the ashes after the fire had leveled the building.

A three-story cement building under construction in the backyard of the destroyed structure was not touched.

Trucksload of demonstrators passed later in front of the U.S. Embassy on the same street shouting "Long live America."

SHARP CONTRAST

It was a sharp contrast to previous demonstrations in this capital, all of which have been Communist-inspired and directed against the United States.

The pro-American slogans were the first heard in Jakarta for many months.

Most of the demonstrators belong to Anso, the youth wing of the Moslem political party. Demonstrators tore down pro-PKI signs on Jakarta streets and scribbled "Crush PKI and Aidi!" on walls and fences.

The widespread anti-Communist protests appeared to have been a blessing of military leaders who smashed the leftist coup staged against Sukarno last Friday by army and air force rebels.

Area South of Clare Is Hit by Tornado

CLARE (AP)—A tornado cut a three-mile path south of Clare Thursday in Isabella County, severely damaging a farm house, a house trailer and causing lesser damage to other farms, state police reported.

The U.S. Weather Bureau at Detroit confirmed the twister destroyed part of the house of the North Dakota family uprooted a tree, and flung the Dalton's 23-foot trailer some 10 miles damaging it extensively.

Nobody was reported injured. The Daltons fled to the basement to preserve for native Hawaiians. Outside visitors are rarely welcome there.

U.S. Bombing of Hawaii Isle Investigated

HONOLULU (AP)—The U.S. Navy is investigating the dive bombing of the Hawaiian island of Nihoa by planes from the carrier Ticonderoga.

None of the island's 213 residents was hurt Tuesday night.

The bombs fell on a remote beach on the northeast side of Nihoa.

The incident was revealed yesterday.

A Navy spokesman said a flight of A1 Skyraiders swooped in after dark and released several bombs. No details were given except that the incident was "accidental."

Nihoa is 110 miles northwest of Honolulu.

Kahoolawe, about 200 miles southwest of Nihoa and uninhabited, is normally used for Navy target practice.

Nihoa has an area of 78 square miles and is a privately owned preserve for native Hawaiians. Outside visitors are rarely welcome there.

AMONG FIRST OF REFUGEES — A pregnant woman with a small child on her lap sits with two of the other 15 Cuban refugees who arrived at Marathon, Fla., yesterday in a 25-foot boat. The group was the first to reach the U.S. under Fidel Castro's offer to allow unobstructed entry to anyone with relatives in this country.

AP Photos

'Freedom Flotilla' From Cuba Is Aired

MIAMI, Fla. (AP)—The arrival of the first Cuban refugees under Fidel Castro's open-door policy has sparked talk of a freedom flotilla crossing the Florida Straits from Cuba.

Exiles in Miami's Cuban colony say that some boats already have left Miami for Cuba 90 miles away, but that could not be confirmed. Officials were skeptical that the U.S. government would allow any massive movement of small boats.

Cuba's Communist government reportedly is working hard to prepare the port at Camariaca, the one closest to Florida, as an exit station.

Bartolome Julian Rosales, who brought the first group to Florida Thursday in a 25-foot boat, said a barracks stocked with food had been set up at the port.

BUILDING CABINS

The usually reliable Cuban exile news service AIP said cabins are being built at the port and the port channel is being deepened.

The Cuban government has sent telegrams to exiles with preliminary instructions on how to get relatives out of Cuba. The telegrams, sent to exiles who requested information, ask the refugees to cable the names and descriptions of their boats and wait for authorization.

Authorities are disturbed over the possibility of a "Dunkirk of the Florida Straits." That, they said, would be contrary to the orderly process described by President Johnson when he accepted Prime Minister Castro's offer to let anyone leave for the United States.

Rosales, who has lived in Miami three years, said he telephoned his wife in Cuba after he heard of Castro's offer. She arranged with the Cuban government for her exit, he said.

PICKED UP

He left Key West Tuesday and picked up his wife, daughter and his 84-year-old mother and others. The group, 5 in all, arrived at Marathon in the Key.

Previously the straits had been guarded so closely by Soviet-built Cuban torpedo boats that the passage had been named "Death Corridor" by the refugees.

Exiles estimated that 50,000 Cubans are waiting to leave their homeland, but have been unable to get visas or transportation. About 300,000 Cubans have fled since Castro seized power in 1959.

Castro announced his open-door policy last week. The United States offered a program to train the Swiss Embassy, which handles U.S. diplomatic negotiations. The embassy reported.

August Traffic Deaths Fewer Than in 1964

CHICAGO (AP)—Traffic accidents in the nation in August killed 4,740 persons, about 2 percent below the 4,840 fatalities reported in August last year, the National Safety Council said today.

During the first eight months of the year, 30,780 persons were killed on the highways as compared with 30,370 for the same period in 1964, the council reported.

Doing Well' After Surgery

(Continued From Page One)

to the commanding general of U.S. troops in Viet Nam, Gen. William C. Westmoreland, "so that our men in Viet Nam will know of my progress."

The message was sent to Saigon about 30 minutes after the operation.

EFFORTS APPRECIATED

The President also asked that the members of the House who led the effort to pass the bill be beautification high by the House.

A problem clinic will be held for patrol sponsors at 8:30 a.m. Wednesday at Seasholm School.

Participating in the meeting will be representatives of local police departments and of the American Automobile Association.

Dr. George A. Hallenbeck of the Mayo Clinic removed the gallbladder and Dr. Orman Culp removed the uterine stone.

Those who administered the anesthesia were Dr. Edward Paul Didier of the Mayo Clinic and Dr. Robert J. Van Houten of the Navy.

Moyers reported that the stone which had formed in the kidney was removed from the ureter was on the President's right side and, as for size, "was a ragged quarter inch."

HALF AN INCH

The stone found in the gallbladder, he said, was half an inch in diameter.

Moyers said that the stone in the ureter was removed by surgical incision.

Asked whether there had been any previous indication that there might be a stone in the ureter, Moyers said, "X rays had indicated the possibility of such a stone, but there was a question whether it would be in a position where it could be removed. The decision to remove the stone was made in the operating room."

Moyers said in reply to a question that finding the stone in the ureter would in no way prolong the time the President would spend in the hospital, which previously had been estimated at from 10 to 14 days.

NO OTHER ACTION

He said there was the usual general examination, once the President's abdomen was opened, and that nothing was found to require other action.

Moyers, in reply to another question, said Johnson's heart beat and respiratory rate were measured throughout the operation.

Lawmakers started collecting \$10,000 a year and \$2,500 in expenses this year. They tried last spring to raise salaries by \$5,000 at the start of the 1967 session.

The move was stopped in the Senate amid indications from Romney it might trigger money votes.

Dzenzel said the committee would consist of "private citizens — workers, businessmen, church people and so forth."

The House — which passed the \$5,000 pay raise earlier this year — is not connected with the study.

Dzenzel said no salary figures were discussed in the 10-minute meeting with Romney.

"But he is very open-minded about it," Dzenzel said. "He is willing to get this committee activated."

SALARY CHANGE

The committee is expected to report by early 1966 so any salary change could be taken in time to go into effect Jan. 1, 1967.

"We'll all have to win reelection to get any raise in 1967, too," he said. "That's the only way to get it."

"People still come up to me and ask what I'm doing with the raise I got. They don't even know the bill didn't pass—or that if it had, it wouldn't be in effect yet."

Dzenzel said levels of executive salaries were not discussed. Romney has recommended that cabinet-level salaries ranging from \$20,000 to \$35,000 take effect with government reorganization.

SARK, Channel Islands (UPI)—John Carre, a 76-year-old invalid, has applied to this Channel Islands parliament for permission to operate an electric wheelchair. Cars are banned on Sark and the only mechanized transport is an electric wheelchair used by the island's ruler, Dame Sibyl Hathway.

Seek End to School Path Woes

(Continued From Page One)

the Township Board as where to begin.

AMENDED IDEA

One of Dr. Tatroe's recommendations was amended by board member Norman L. Cheal and okayed by the board.

It authorizes the administration to provide temporary transportation in areas of high danger for elementary school and junior high school pupils both morning and afternoon, based on available equipment.

Dr. Tatroe's proposal included transportation for only junior high school pupils in the morning.

The board also voted for a proposal of board member Robert E. Field, calling for formation of a representative citizens' committee to work in conjunction with the township and school boards to study the problem in depth.

EVENTUAL SOLUTION

Dr. Tatroe emphasized that the eventual solution to the problem is construction of sidewalks, remarking "these same problems persist during the out-of-school hours."

This is in contrast to the township board's recommendation Monday night that additional school bus service would be the best solution.

The several hundred children involved now contend with narrow road shoulders, busy thoroughfares, lack of sidewalks and high speed limits.

They do not qualify for bus transportation because they live within the one-mile range allowed for elementary school pupils or within the 1 1/2-mile distance allowed for secondary school students.

MONEY RETURNED

The state reimburses school districts for only those students living 1 1/2 miles or farther from school.

Transporting students living closer than this results in penalization. Last year, the Waterford School System lost \$19,000 for transporting ineligible children.

Although the parents appeared dissatisfied because an immediate solution was not reached, they bore with the board's actions.

To Salvage Gashed Ship

BOSTON (AP)—A 661-foot tanker, with 45 men aboard and 400 tons of oil in her bottom, swayed sideways today after striking a submerged ledge in outer Boston harbor.

The Coast Guard said the vessel appeared to be in no danger of sinking after riding out a wild and windy storm with gusts up to 40 miles an hour, which whipped up 12-foot seas during the night.

Thousands of gallons of gasoline poured into the sea from the gash which opened 12 of the 22 tanks in the Cities Service Baltimore, and eastward and southward during the night poured the fuel to the Winthrop shore.

Firemen were posted at the beach during the night as a precaution, but a shift in the wind cleared away the heavy fumes and the vessel was called off after daybreak.

Dems 1 Vote Shy on Tax Issue

LANSING (AP)—The heavily patched fiscal reform question fell apart in the House again Thursday but Democrats said they would try to put it together again.

Democrats—with the assistance of two Republican "defectors"—came within one vote of the 74 needed to pass the constitutional amendment resolution which would have put the question of a graduated income tax to a popular vote.

A two-thirds majority—or 74 votes—were needed to pass a constitutional amendment resolution. Democrats have 73 House members with one out ill.

They lost on two ballots in a comedy of errors that saw Democratic House members scouring the Capitol for the one vote they still needed—that of Rep. Edward Michalski, D-De- troit. Michalski said he was in the Senate checking on the progress of a "Palaski Day" resolution he had introduced.

ON SECOND BALLOT

By the time the second ballot was cast, Republicans had managed to talk Rep. Lester Allen, R-Ithaca, out of casting his lot with the opposition.

Allen said later he had been convinced that the resolution was not needed now but that he would vote with the Democrats

"We'll try again next week," said Majority Leader J. Bob Traxler, Bay City. They expected Republican support to evaporate if it appeared, however, some said they did not expect the leadership to bring up the question again in the fall session. Others said they expected Republican support to evaporate if it appeared, however, some said they did not expect the leadership to bring up the question again in the fall session.

Blaze Causes Big Damage at Fruit Cannery

FENNVILLE (AP)—A smoldering fire whose smoke could be seen for eight miles drove 200 persons from the Michigan Fruit Canners facilities here Thursday and caused "hundreds of thousands of dollars" in damage.

No one was injured by the blaze whose cause was not immediately determined.

Frank Osborne, a company spokesman, said the flames caused "hundreds of thousands of dollars" in damage but could not give an exact dollar figure immediately.

Osborne said some 70,000 to 80,000 cases of canned fruit were destroyed when the roof of the warehouse section of the plant collapsed. The fire also damaged the cooking facilities of the plant itself and the office.

Dr. Wayne G. Brandstadt Says:

Persons Bent on Suicide Need Help

(Second of two related columns.)
(Second of two related columns.)
Having considered the case of suicide in a recent column, let's take a look at the methods used and some suggestions about prevention.
Men appear to prefer shooting or hanging and when these methods are used they usually succeed. Women prefer poisoning (most commonly an overdose of sleeping pills), cutting their wrists or drowning.

These methods are clumsy. They may fail when the attempt was sincere or they may succeed when the intent was merely to gain control of an unfavorable situation.

Many suicides can be prevented. The old belief that persons who talk about killing themselves never do it has been disproved so often that no threat of suicide should be taken lightly.

Adolescents easily become depressed when their world seems to be toppling all around them. NEED HELP

Anyone, but especially an adolescent, who appears to be unduly depressed or who threatens suicide should receive psychiatric help.

The risk is particularly great if the person has previously made a suicidal attempt. Hospitalization should be encouraged because a hospital provides round-the-clock surveillance.

Recognition of suicidal depression is not difficult.

It is characterized by a combination of inability to sleep, marked loss of appetite, with a consequent loss of weight, a loss of interest in one's surroundings, loss of ambition and inability to concentrate.

SEEKS SECLUSION

Furthermore, the depressed persons often expresses feelings

Medical Dean Asks Age Policy Review

DENVER, Colo. (AP)—A University of Nebraska Medical School dean called Thursday for reexamination of arbitrary hiring and retirement policies based upon age.

"The decision as to whether an older individual should continue to work beyond 60, 65, 70 or any arbitrary age should be made on an individual basis," said Dr. Cecil Wittson of Omaha, "taking into account both the desires and job performance of the person involved."

He outlined the view at a conference on aging and long-term care conducted by the American Medical Association.

of guilt, self-criticism or personal unworthiness and is apt to seek seclusion.
If you can get the potential suicide to seek help from a clergyman, social worker or physician, there is a good chance of preventing the suicide.
More often than not, however, it does no good to treat the depressed person without treating the family as a whole in an effort to eliminate the cause of the depression. Antidepressive drugs are useful only as a stop-gap.
Some cities now have suicide prevention centers, manned 24 hours a day and seven days a week by persons specially trained in dealing with this problem. Their results so far have been eminently worthwhile.
Q—Can gonorrhea and syphilis be detected through a Pap smear?
A—No.
(written for Nonstop Reporter Assn.)

Romney's Legislation Has Hard Way to Go

Something seems to tell us that the legislative path of Gov. GEORGE ROMNEY is not to be strewn with roses.

The State's first Democratic legislature in 30 years appears disinclined to give him more than a slice or two of the loaf of legislation he envisions.

Under the circumstances, we think the governor would fare better were he to propose less sweeping legislative programs and concentrate more on measures embodying concrete specifics whose soundness and objectivity would appeal to the thoughtful element of the electorate and more readily win popular support.

A case in point is ROMNEY's package of recommendations enunciated recently at a Governor's Regional Traffic Safety Conference.

With the leadership of the legislature already on record against several provisions of his safety program, it would seem wise for the chief executive to push for enactment of a couple of significant regulations that offer little basis for public opposition.

One would be the motor inspection law. Since a sizable proportion of highway casualties is caused by vehicles in a state of disrepair, there should be no valid objection to it.

And with a minor exception, we favor another of ROMNEY's proposals that would strike at the heart of highway accidents. This takes the form of a requirement that all beginning drivers complete a driver education course. Incorporated in the proposal, however, is a change in the minimum driver-licensing age from 16 to 17 years. It is this feature about which we have doubts.

The change in Romney's words "would tend to give us drivers who are somewhat more mature." But the degree of maturity that the difference of one year would reflect would be a pretty fine question to determine and one that could generate widespread disagreement — to the detriment of the major objective.

In short, since politics has been defined as "the art of the possible," GOV. ROMNEY might be well advised in this and other projected legislative designs to settle for the proverbial half a loaf.

Private Initiative Abets 'Great Society'

"R" and "D" are the magic initials that stand for the innovation industry — Research and Development.

It's growing so fast that it's almost impossible to keep track of it. Since 1955 expenditures for R & D have more than tripled—from \$5.5 billion to \$20 billion. Its rate of growth is three times that of the Gross National Product, and in manufacturing it has grown 50 per cent faster than total sales in the last decade.

Today this glittering and exciting segment of the economy employs 800,000 scientists, engineers and technicians; Their impact on the Nation cannot be measured in terms of dollars, for they create entire new industries—plastics, synthetic fibers, television, computers, teaching machines, transistors, the laser beam.

What does all this mean to us? It means a better life and, equally im-

portant, it means a continuing flow of new jobs.

Some examples are cited in the *Business Review* issued by the Federal Reserve Bank in Philadelphia. One company in that area reports nearly 10,000 new jobs created through R & D, and the bank tells of another concern in which research multiplied a group of six scientists into a brand-new division now employing 12,000 workers.

Innovation, the bank review notes, brings both hopes and headaches for industry, but that is true of all progress. And the free market place has a remarkable record of alleviating the headaches while bringing the hopes to fruition.

The statement that innovation is inherently the most dynamic industry of all is one with which we must agree.

U.S. Not Always Kept Informed

By RAYMOND J. CROWLEY

WASHINGTON (AP) — Nowadays a great white light of publicity beats upon presidential illnesses, keeping the public informed in minute detail.

It was not always thus. Once a great white lie concealed from the people a surgical operation which, if known, might have altered U.S. history.

On July 1, 1893, President Grover Cleveland sat strapped in a chair in the salon of a yacht and had part of a cancerous jaw cut out. It was not until 24 years later that the public learned the authentic story.

The year 1893, when Cleveland took office for a second term, was a panic year—hundreds of banks closed, businesses failing, unemployment spreading. Cleveland, a "sound money man," blamed the Sherman Silver Purchase Act, and felt that only he could get it repealed.

The act required the Treasury to buy 4½ million ounces of the white metal a month at the market price. Then notes must be issued against it, redeemable in silver or gold.

As author John Stuart Martin retold the story in the October 1957 issue of the magazine *American Heritage*, most people took gold. U. S. gold reserves dwindled drastically.

So Cleveland called for a special session of Congress for Aug. 7 to repeal the act. Meantime he had been bothered by a "rough place" in the roof of his mouth. Doctors uttered the feared word "malignant" and Cleveland decided on an operation.

But he gruffly decreed utmost secrecy. Might not word of his ailment compound the panic?

So it was an ultrasecret journey that Cleveland embarked on — by train to New York, by common carriage to the Battery, then in the dim night by tender to the yacht *Onida*, owned by Commodore Elias C. Benedict.

There surgeons excised the cancerous tissue.

Cleveland recovered quickly, and the Silver Act was repealed, despite three hours of oratory in its favor by Congressman William Jennings Bryan.

Meantime a dentist present at the operation inadvertently leaked the news. Newman E. J. Edwards got the tip, checked it out, and the *Philadelphia Press* ran the story four weeks after the operation.

But the White House denounced Edwards as a scandal-mongering scoundrel, and the false denial blanketed the truth.

In 1917, when most of the principals were dead, the detailed story came out.

A Vast Difference!

First Lady Sparks Controversy

By LYLE WILSON

United Press International History is repeating itself, as usual, and the Democratic party is favored again with a gracious first lady who also is a first-class politician and a controversial public figure.

Mrs. Lady Bird Johnson is in the pattern of Mrs. Eleanor Roosevelt.

There have been in the past 50 years, nine first ladies, three of whom became controversial in terms of national politics. These three were the second Mrs. Woodrow Wilson, Mrs. Roosevelt and Mrs. Johnson.

Each achieved her own enemies, notably Mrs. Wilson and Mrs. Roosevelt, both of whom inspired some of their fellow citizens to an unreasoning hatred.

President Wilson's collapse and illness cast his wife into the pit of controversy.

IDEA SPREAD

During the long months of Woodrow Wilson's illness, the idea spread that decisions from the sick room and other exercise of power represented, in fact, the decisions and acts of Mrs. Wilson abetted by the president's faithful secretary, the late Joseph P. Tumulty.

There was bitter partisan protest against what was suspected to be a usurpation of power, and some of the principals in the dispute took their anger with them to their graves long years afterward.

Eleanor Roosevelt had, in full measure, the capacity to arouse the passions of anger and hatred. But, in fuller measure, she possessed the capacity to arouse respect and affection.

What Eleanor Roosevelt and Lady Bird Johnson have most in common are a feeling for people, a liking for crowds and a sure instinct for political action.

LESSER DEGREE

To a lesser degree, Mrs. Johnson possesses some of Eleanor Roosevelt's capacity to arouse anger, respect and affection. Gracious ladies, both!

Lady Bird may in time come to be LBJ's greatest political asset.

Meantime, Lady Bird must be prepared to take her lumps and to like 'em. A sturdy woman, she should do all right at that.

Already, Mrs. Johnson is acceding speaking engagements that would have been impossible for other first ladies from the warmly smiling Grace Coolidge.

The Almanac

By United Press International Today is Friday, Oct. 8, the 281st day of 1965 with 84 to follow.

The moon is approaching its full phase.

The morning star is Jupiter.

The evening stars are Mars, Venus, and Saturn.

In 1923, Germany's shaky postwar economy produced such disastrous inflation that one U.S. penny bought more than 6 million marks.

In 1942, the first contingent of WAVES began naval training for women at Smith College, Mass.

to the warmly beautiful Jacqueline Kennedy.

Mrs. Johnson is being charged in Congress with all the ills of the highway beautification bill.

One of these ills is LBJ's abrupt pressure to compel a House committee to report Lady Bird's bill for action.

Some legislators complained of unwarranted White House pressure in behalf of legislation that had no claim on emergency status.

There was partisan belief that LBJ put the pressure on to cause Lady Bird needed enactment of the highway beautification bill as a background for some of her own special political projects.

So it was that Lady Bird became controversial.

There is resentment, too, in the Senate. Lady Bird's bill as drafted and imposed by her husband's orders is despised by helpless conservatives. They call it an arrogant and inexcusable invasion of state authority.

But Lady Bird gets the blame for that all the same.

Bob Considine Says:

Reader Cites Popularity of Kennedy Coin Abroad

NEW YORK — The reader's right to write is the first article of Considine's Code, particularly on days when Considine has a code in the head.

Probably from one of those windows John XXIII opened. So here goes: Ed Killian, the indisputable man in our outfit's Washington bureau, writes of his recent trip abroad:

"In this age of great trade, it's difficult either to take gifts abroad or send gifts home that are not readily available in each place."

"However, there is one item, very inexpensive but scarce, that goes over big in Europe."

"It's the Kennedy half-dollar."

"Once nylon and cigarettes, after that ball-point pens, were the ideal small gift to pack in the limited weight allowed in transatlantic flights."

"Everywhere I went the 50-centers were delightfully received, as if they were expensive gifts."

"There was even a whispered hint from a woman customs official in Russia that such a coin would be acceptable — among the koleski I was paying her — because her brother was a coin collector."

"A Warsaw hotel clerk wanted to exchange an ordinary 50-cent piece, which he valued as a souvenir, for a Kennedy."

YOUNG CHILDREN

"In Norway and Sweden even very young children, 8 to 10, let's say, were cognizant of the Kennedy coin."

"In Copenhagen a jewelry store offered a key chain, worth perhaps 75 cents, for \$5.50 because the ornament dangled from it was a Kennedy disk."

"As for Berlin, and that goes for East Berlin, too, the enthusiasm and demand for them could absorb the entire new minting."

Good report, Eddie. Did you know that for a year the Kennedy half-dollar is the only one we've been minting?

POIGNANT MEMORY
People just want to save them, as if treasuring a dear and poignant memory.

I think that the dreary commercialization of them, stuck to the face of cigarette lighters and such, is outrageous and should be prosecuted under existing laws having to do with defacing or doctoring legal tender.

Over-Exposure

Editor & Publisher

We don't suppose there is anything wrong with the President acting as his own press agent in releasing all the news favorable to his administration. Never before has so much news emanated from the White House and it is a rare day that President Johnson cannot be seen on television making some new announcement.

Most recently some showmanship has been added with the introduction of background pictures while the President talks. The political opposition resents this constant exposure of the President to the voting public, and some see hope in what they call "over-exposure," but no one can question the President's prerogatives in this matter.

It is when the President asks the public information officers of the various governmental departments and bureaus to act as press agents for the administration also that questions should be raised, in our opinion. The

Voice of the People:

Reader Suggests Bonus as Incentive for Police

I think the City of Pontiac should give \$1,000 to each policeman who worked undercover to break up the alleged gambling operation. By doing this, I feel many more policemen would work harder to stop this kind of operation. Even if this is in line of duty, it was still hard for them to turn down almost as much money as they make.

'Don't Let Government Strangle Freedom'

Our government has intruded into every fiber of our life. Nothing remains untouched—home, work, school, church and state.

O' say can't you see that "Government is not reason or eloquence; it is force! Like fire, it is a dangerous servant and a fearful master!" (George Washington).

"We cannot hope to resist the stealthy choking of freedom while lying supinely on our backs, hugging the illusive phantom of hope that everything will be all right until we are bound hand and foot." (Patrick Henry).

"The saddest epitaph which can be carved in memory of a vanished liberty is that it was lost because its possessors failed to stretch forth a saving hand while yet there was still time." (Supreme Court Justice George Sutherland, 1937).

BOB VERHINE

'Township Clean-Up Campaign in Progress'

Apparently "Waterford Sympathizer" spends all of his time reading the V. O. P. and the funnies. Our good neighbors in the "Waterford" kept up with current events he would note that the G.W.C.C. is making an effort to clean up the dumps in our own back yard. Let's throw the rocks in the right direction. I am ashamed to use my name too.

INFORMED WATERFORD RESIDENT

'Relocation of City Dump Is Not Progress'

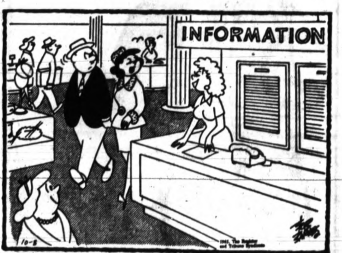

As far as The Press is concerned, the difference is "who" is "inconvenienced and disaffected." The Township must "accept" these "progressive changes" to satisfy the selfishness of the minority.

Having an obnoxious dump and a "public nuisance" scrap yard thrown at you is not progressive nor does it solve our problems. After spending thousands on zoning boards, planning commissions and consultants to bring our townships up to date, we are being forced into retrogression. Will this dump contaminate our water supply?

St. Basil's Novitate, one of many assets in this area, also is being overthrown. From their they will be able to look right at the City Dump. Let the City keep their problems within their limits. I congratulate those who have initiated court action. It's time we stood up to be counted.

MRS. D. OSTRANDER
PONTIAC TOWNSHIP

The Better Half

"First, let's get your undershorts... Will you please tell me where we'll find men's lingerie, Miss?"

Reviewing Other Editorial Pages

President's demands to these government newsmen that more positive information about the Great Society should be given out, and the implication that unfavorable information should not be released, indicates managed news of the worst kind. One report stated the President disliked a particularly unfavorable story and told the information officers it never would have been printed unless one of them had given the information to a reporter.

This approach to news about government activities is anything but an honest one, as far as the people are concerned. When they are told only the good news through one spokesman, we are verging on creation of a government propaganda bureau.

Or how about giving the Soviet Union a share of Cape Kennedy in the hope that maybe the Russians would then join us in a common effort to put a man on the moon?

We trust the President has no immediate plans for disposing of the nation's interest in Yellowstone National Park, Fort Knox, or the White House.

The War on Poverty—3

It's a Dirty, Frustrating Business in E. Harlem

(EDITOR'S NOTE: This is the third article in a five-part series on "The War on Poverty" and its effects.)

By TOM NOLAN
NEW YORK (NEA) — In East Harlem, you can almost smell the hostility. Fighting the war on poverty here can be a dirty, frustrating business.

"I had a meeting with a group of junkies," says George Morrison. "They talked quite a

bit about wanting to take the cure but were unsure how to go about it.

"I was about to mention Metropolitan Hospital, but before I could, one of them told me he had been in and out six times.

"He feels it's a big farce. He told me it was easier to get dope in the hospital than on the streets.

"When he felt he needed a change, he would sign himself into the hospital. There he could build himself up by getting three meals a day and reducing his habit to something that he could afford.

"He felt the need for a change, he would sign himself into the hospital. There he could build himself up by getting three meals a day and reducing his habit to something that he could afford.

"I feel these junkies are looking for a shoulder to cry on. I want to help but I don't think I can, just by becoming a shoulder. What do I do now?"

Morrison is a block worker for the Block Development Project — a Peace Corps type program directed by 25-year-old David Borden in the midst of more affluent, better known welfare agencies.

In a dingy office above a Puerto Rican grocery on East 115th St., Borden has hung a map of his particular battlefield: A crowded community of about 150 blocks — home for some 180,000 New Yorkers.

The remains of a beheaded skeleton helped the bleached bones of a horse were unearthed last weekend by a bulldozer operator.

Deputy Coroner Walter P. Terry said Wednesday a six-inch blade was wedged in the skeleton's rib cage and that two ribs had been slashed in half. Two other knives and an ax were found between the skeleton and the separated skull.

"This fellow must have looked like a porcupine with all those knives sticking out of him," said Terry.

Terry said the skeleton is that of a Caucasian buried in the sand about 100 years ago. He does not know if it was a man or woman.

There's a blue patch on each block containing a block worker and, currently, the map is adorned with six patches.

SIX MONTHS
Block Development Project has been in existence for a little over six months, and Borden estimates his workers have reached nearly 10,000 persons.

He founded it with a grant of \$30,000 from the J. M. Kaplan Fund.

This money has now run out, but he just received \$76,000 from New York City (federal anti-poverty funds here are dispensed by the city) which will enable him to continue for another year.

Borden, an ex-Peace Corps volunteer, spent a year and a half working for a private welfare agency in East Harlem, organizing food cooperatives and credit unions.

SAME MISTAKE
"I made the same mistake that every social worker makes in here has made," he says. "I wasn't thorough. I didn't get to know the block."

"I came in to tackle a specific problem and became involved with the first residents who responded. I ended up working with one arbitrary group of people to the exclusion of everyone else."

"Think of all the money and activity that pours in here and gets lost in the superstructure!"

Borden's workers don't get lost in the superstructure. Each one knows nearly every one of the 200 or so families in his block.

LIVE IN BLOCK
Each lives in his block and each grew up in East Harlem. Each is paid \$100 a week.

So far, they have formed a food cooperative enabling some 40 families to cut their monthly food bills by as much as \$30; organized the boys of four blocks into softball and football teams; organized tenant groups in numerous buildings to battle landlords for better heat, maintenance and plumbing and, in general, have made their blocks better places in which to live.

Says Dan Evans, a full-time aide: "I like to think of each block as a chessboard and the inhabitants are pieces gathered from other games. They have no connection with each other or the board. The game never gets played because each piece just defends its own square."

"Yesterday I watched a man in less than two months," he picked up a broken chair lying in front of his stoop and threw it onto the sidewalk next door. A few minutes later, an old

woman emerged and dragged the chair down the sidewalk to the next building."

WATER PROBLEM
I asked one man what he thought was the most serious problem on the block: He said, "The hell with the block! I just want to get the bums who cut off my hot water!"

As the Kaplan grant began to run out, Borden tried to scrape up funds to continue from other private organizations.

His belief that East Harlem residents could be trained to make the best block workers was not acceptable to these agencies. Nor was his idea that long-term results, rather than immediate gains, should be stressed.

At one interview on the 37th floor of a plush downtown building, Borden was shown a clipped newspaper photo of a trash-heaped lot on 104th Street, and was asked: "If you had a block worker here, how long would it take to turn this into a playground?"

DOWN THE STREET

"If that was our goal, we could have a playground started in less than two months," he answered. "But while we were in front of his stoop and throwing that, another vacant lot it onto the sidewalk next door, half a block away would be full of trash."

"What we want is that the residents of the block themselves look at that lot and say to themselves that it's ugly, that they ought to get together and do something about it."

"Because when they say that about the first lot, they'll say it about the one half a block away, and they'll say it about the garbage on their streets, and about their homes, and about the furniture they buy. And they'll be able to conceive of the power of community action, and they won't be afraid of the loan sharks and the junkies."

Glancing at his watch, the interviewer stood up. "Well, I wish you a lot of luck, Mr. Borden," he said. "I was young and enthusiastic once myself."

Now that he has received the federal grant, Borden is glad he's enthusiastic, too.

Cancel Hoffa Fund Dinner

Fear Contributions Would Violate Law

DETROIT (AP) — An Oct. 17 dinner to raise funds for the legal defense of Teamsters Union President James R. Hoffa was canceled Thursday because of possible prosecution.

Mrs. Myra Wolfgang, chairman of the Hoffa Defense Fund and secretary-treasurer of Local 705, Hotel and Restaurant Employees Union, said the action was taken on advice of legal counsel "for fear some of those participating might become unwittingly involved in an alleged violation of law and might be subjected to minimal prosecution under a malicious interpretation of the provisions of Section 302 of the Taft-Hartley Act."

The group, along with several others around the nation, had hoped to raise money for Hoffa, who is appealing two federal convictions.

"It is unfortunate that citizens acting out of only the desire to protect civil liberties and without hope of personal gain could possibly be subjected to persecution," said Mrs. Wolfgang in a statement. "Nevertheless, we shall persist in our efforts to assure that all citizens shall have equal protection of the laws."

She said the section of the law which caused concern forbids employer contributions to union causes.

Court Denies a Rehearing for Teamsters

CINCINNATI, Ohio (AP)—The 6th U.S. Circuit Court of Appeals Thursday denied a request for a rehearing of the court's decision that upheld the jury-tampering conviction of Teamsters Union President James R. Hoffa.

Hoffa, Thomas Z. Parks and Elwing King, both of Nashville, Tenn., and Larry Campbell of Detroit, were convicted last year in U.S. District Court at Chattanooga, Tenn.

The convictions stemmed from an alleged attempt to influence the jury in Hoffa's 1963 trial at Nashville on a conspiracy charge.

The Circuit Court here previously had affirmed the convictions. Hoffa was sentenced to eight years and fined \$10,000; the others were sentenced to three years each.

Hoffa asked for a rehearing, claiming new evidence had been uncovered. The new evidence allegedly concerned activities of a government informer during the 1963 trial in Nashville.

Halt Red Aid, NATO Is Urged

NEW YORK (AP) — A Republican congressman told North Atlantic Treaty Organization delegates today they should quit shipping goods to North Viet Nam.

Rep. Charles Chamberlain, R-Mich., said at a NATO parliamentary conference that the United States' "lack in Viet Nam is much more difficult when our closest and most valued friends contribute to the material well-being of the very enemy who seeks to destroy freedom."

Chamberlain said that during the first eight months of 1965, 85 ships from non-Communist nations have sailed to North Viet Nam, and "of these 85, 81 of them flew flags that are displayed on our platform today."

"He said 401 such vessels had called at North Viet Nam in 1964. Chamberlain added that an unclassified report showed that 45 per cent of North Vietnamese seaborne imports and 85 per cent of such reports were "carried in free world bottoms."

Chamberlain said the United States does "not want to be unreasonable in what we ask of our Atlantic friends in the prosecution of the war in Viet Nam."

"It's most difficult to do this alone. We need your help. Help is the substance of friendship, and our friends can help by insuring that no goods reach the enemy in free world bottoms."

Ferry Service Cutoff Before Chippewa Unit

SAULT STE. MARIE (AP)—The Chippewa County Board of Supervisors will hear a recom-

mendation at its meeting next Tuesday to discontinue service of the Drummond Island Ferry. Drummond Island lies off the eastern tip of the Upper Peninsula.

State Police Expanding

EAST LANSING (AP)—State Police, expanding their ranks by 200 troopers, will open the first of a series of recruit schools with 37 candidates Oct.

11. The department said recruiting is continuing for later sessions of the eight-week schools. United States males between the ages of 18 and 70 average 5 feet 8 and one-fifth inches.

When It Rains, It Pours for Cincinnati Woman

CINCINNATI, Ohio (AP)—The firemen and the life squad had to go into action to rescue

woman from her umbrella. Flonnie Hines, 55, was putting packages into her car at a shopping center when the umbrella suddenly opened Thursday night. Her head was caught among the umbrella ribs.

For Waterford Program

Agree to Setup on Trial Basis

Concurring with the Township Board, the Waterford Township Board of Education last night agreed to assume responsibility for the community school program and recreation department, but on a one-year trial basis only.

The proposal carried 5-1 with Norman L. Cheal the lone dissenter.

It was also approved that the recreation board — which includes Township Board and school board members — be retained in an advisory capacity.

Hence, all employees of the community school program and recreation department will be placed on the board of education payroll.

By doing this, all full-time and part-time employees will receive retirement and Social Security benefits.

PREVIOUS RECOMMENDATION

Previously, the board of education recommended the recreation department be placed under township authority and the community school program be retained under its authority.

Under the adopted plan, the

Township Board and board of education will still share in financing the two programs.

The change was mandatory as a result of a ruling by the Michigan Public School Employees' Retirement Board and Social Security Contribution Fund.

In other business, the board asked the Citizens' Advisory

Committee to study the following:

- The need for additional elementary school facilities over the next five-year period.

- The feasibility of providing the community with an auditorium and indoor swimming pool.

- The district's future tax millage.

- The need for a third senior high school.

LEASE OF SITE

A request of a wrecking firm to lease a 3½-acre school site for \$1 a year over a three-year period was referred to the school attorney for study.

The swamp-laden area, located at Crary Junior High School, would be used as a land-fill site.

Also last night, the board approved the forwarding of \$2,000 to Waterford Kettering High School to facilitate the opening and operating of the Pontiac Municipal Airport restaurant.

The restaurant will be used as a training ground for food service students in the township.

This year, the farm equipment manufacturers expect to sell 18,000 small 6-to-10 horsepower motored tractors to home owners, who will purchase attachments so they can mow lawns, cultivate, plow snow, etc.

James Hobson, vice president-business, said that cost of operating four full-size buses is \$3,100 monthly and that only about 40 regular passengers are served.

FULL REPORT

A full report on bus transportation is scheduled for the board's Oct. 21 meeting when a decision on the future of the program is expected.

Buses are being leased on a monthly basis. The lease may be terminated at any time.

President John E. Tirrell reported on new developments in the college's negotiations for a building in the southeastern part of the county.

The board authorized the administration a week ago to seek an existing building in that area to meet the anticipated expanded enrollment by next fall.

DROPOUT RATE

Also last night the deans of the two existing campuses reported dropout rates to date of from 5 to 7 per cent.

Dr. Joe Davenport of the Highland Lakes Campus and Dr. Jack Netcher of the Auburn Hills Campus said the dropout rate was comparable to that of the average new college.

Both deans reported that the college's tutorial methods of instruction generally have been very well received by both students and faculty.

Says Reorganization to Help State Tourism

TRAVERSE CITY (AP) — Charles Harris, deputy director of the Michigan Conservation Department, said Thursday the proposed reorganization of the

department would increase tourism in the state.

Harris told delegates at the West Michigan Tourist Association convention there is a great future for both conservation and tourism in the state.

Michigan Briefs

By ESTHER VAN WAGONER TUFTY

WASHINGTON — Organ-voiced Senate Republican leader Everett Dirksen, R-Ill., interrupted his filibuster against the repeal of Section 14B of the Taft-Hartley law, to salute the senior senator of Michigan, Pat McNamara, on his 71st birthday Monday.

This triggered a number of tributes amusingly from a number of his Democratic colleagues who don't go along with the Michigan Democrat's pro-labor sentiments:

★ ★ ★
● Louisiana's Russell Long: "We know where he stands ... I recall an occasion when I was making a speech with which the senator from Michigan disagreed and he stomped out of the chamber."

★ ★ ★
● North Carolina's Sam Ervin: "The Michigan senator does not entertain the same sound views that I do on all occasions, but we have a profound relationship."

★ ★ ★
● Texan, Ralph Yarborough: "He votes right on education issues."

Laughingly, Sen. McNamara thanked them all and added, "When a man reaches the age of 71 years there is very little to celebrate."

★ ★ ★
Congressman James Harvey, R-Saginaw, is one of 22 GOP members to introduce a bill "to determine how the executive branch can promote economy, efficiency and improve services." The last such study was the Hoover Commission report of 1955.

★ ★ ★
House GOP leader Gerald Ford, R-Grand Rapids said of the highway beautification bill:

"We all want our highways beautiful and deplore distracting billboards and unsightly junk yards ... but the Senate-approved bill, recommended by the House Public Works Committee, is replete with unworkable, unwise and unfair provisions."

★ ★ ★
Mary C. Manning, a native of Lansing, has been appointed Midwest regional director of the Women's Bureau of the Department of Labor with headquarters in Chicago. This former student of political science at Nazareth College and the University of Michigan received her Ph.D. degree at Michigan State University.

★ ★ ★
Secretary of Labor W. Willard Wirtz, in making the announcement, said her region would include Michigan, Illinois, Indiana, Iowa, Minnesota, North Dakota, Ohio, South Dakota and Wisconsin.

★ ★ ★
Congressman and Mrs. Billie S. Farnum, D-Pontiac, are allergic to the Washington cocktail circuit but they went social this week for "special reasons." A freshman Democrat would want to accept an invitation from the White House for a "Salute to Congress" function.

Farnum's interest in the emerging countries of Africa (aroused first by former Michigan Gov. G. Mennen Williams, now the assistant secretary of state for African affairs) made him accept the invitation to a reception given by Gabon Ambassador Aristide N. E. Issemebe.

★ ★ ★
On Independence day (Aug. 17) for this small African country, the Michigan congressman inserted a tribute in the Congressional Record in praise of Gabon's economic and political progress.

Reprints dropped like rain on this little former French colony.

★ ★ ★
Congressman William Broomfield, R-Royal Oak, the only Michigan Republican on the House Foreign Affairs Committee, will give an United Nations Day (Oct. 25) speech in the Ferndale-Pleasant Ridge area at the Drayton Avenue Presbyterian Church.

★ ★ ★
Congressman Robert Griffin, R-Traverse City, referring to the GOP-sponsored educational tax credit plan, said: "A tax credit of up to \$300 per student per year should be allowed those bearing the expense of sending youngsters to college ... but unfortunately without the LBJ brand such constructive Republican proposals have been lost in the great stampede."

★ ★ ★
Congressman Raymond F. Cleveland, D-Sault Ste. Marie, has introduced a bill to give all servicemen free first-class mailing privileges.

★ ★ ★
Several other members are sponsoring the plan, similar to the one enjoyed by members of the armed forces on active duty during World War II, of which the 39-year-old congressman was one.

AP Photos

HOUD OF 'BASKETVILLE'—This forlorn four-legged female foundling was left with three sisters on a Louisville, Ky., street yesterday: Their negligent owner was kind enough to leave some bread and bologna in the bottom of the basket, but the humane society has taken over the task of finding abodes for the abandoned beasts.

This label is the symbol of a tradition of skilled union workers who take pride in their workmanship—and manufacturers who are proud of their product.

Dam Project Trains Collide

1 Killed, 3 Feared Dead in California

OROVILLE, Calif. (UPI) — Two trains used to haul earth-fill for the huge Oroville Dam project collided head-on in the mouth of a tunnel last night, touching off a fiery explosion that turned the tunnel into a "giant blowtorch."

Authorities said at least one crewman was killed and three others were believed to have died in the inferno. However, they said it probably would be hours before the death toll could be confirmed.

The two giant 25,000-horsepower diesel engines, one hauling 40 cars of gravel and the other pulling empties, slammed together at the west end of a tunnel some three miles northeast of here.

An explosion rocked the area, and flaming diesel fuel roared out of the mouth of the 500-foot tunnel, igniting a brush fire that blackened nearly 100 acres before forestry crews could control it.

"The mouth of the tunnel looked like a giant blowtorch," said Aaron Alexander, a reporter who arrived on the scene shortly after the accident. "It was clogged with wreckage and masses of twisted steel."

ONE BODY SEEN
Alexander said he could see one body in the flaming wreckage at the mouth of the tunnel. "The crewman apparently tried to jump onto a bank, but slid down into the wreckage," he said. "It looked like he was mashed between the wheels of one of the cars."

The identities of the four crewmen involved were not immediately released by Oro Dam Construction Co., operator of the work trains which run a private spur at the construction project.

Lutheran College Buys
Building in Detroit

DETROIT (AP) — Michigan Lutheran College Thursday announced purchase of a building in Detroit. The college opened in 1963 and has 100 full-time students. President John F. Choltz said future plans call for expansion to either a two- or four-year college with about 1,000 maximum enrollment.

Just Toys to Us, Say Boys at Tariff Hearing on Battle Pieces

NEW YORK (AP) — The witness sat in the customs court chair, his feet dangling six inches above the floor, and testified he had spent his 50-cent weekly allowance on miniature soldiers.

Michael Ruiz, 8, was one of 22 youngsters from schools in New Jersey who appeared as expert witnesses Thursday on behalf of the Justice Department, which claims some imported miniature pieces of war equipment are toys, not material for adult hobbyists.

If the department proves to

the court that the articles are toys, it can continue collecting a 35 per cent tariff from the importer, Davies, Turner & Co., of Philadelphia.

If the importer wins the case, the tariff will be reduced to between 10 and 19 per cent and the company will get a rebate on duties already paid.

FBI to Conduct 2nd Training Program

The second in a series of FBI-conducted training programs will be held from 9 a.m. to 4 p.m. Monday in the County Courthouse auditorium.

Sponsored by Oakland County Sheriff Frank J. Irons, Monday's program will consist of a discussion on "Morals Investigation."

BATTLE REPLICAS

The importer says the miniature soldiers, tanks, cannons and the like are used by hobbyists in making replicas of battle scenes.

Michael and his fellow witnesses testified that as far as they were concerned, the miniatures were just toys.

"I sat them up on the coffee table and played with my brother," said Michael, Hoboken, N.J. "We had a lot of fun."

James Hill, 11, North Plainfield, N.J., testified he had played with 14 of the articles

which were offered in evidence but hadn't bought any. "I traded for them," said James. But he couldn't remember what he had traded.

The government recruited the young witnesses from schools in the North Plainfield area after finding the miniatures for sale at a model shop there. The case also has been heard in Philadelphia, San Francisco and Los Angeles, and will return to Philadelphia Nov. 16 for further hearings and final disposition.

Americans eat about \$2 million pounds of lobsters a year.

If You Don't Buy From Us, We Both Lose Money!
TRUCKLOAD PRICES FOR ALL!

One of 160 crisp green reasons why Mrs. Diehr chose an electric dryer

A mountain of diapers talked Mrs. Diehr into wanting a clothes dryer. She considered the facts, decided on an electric dryer, and will save about \$160 in the bargain. Here's how you can do the same.

Model for model, electric dryers cost up to \$40 less than gas dryers. So you save right from the start.

And you keep on saving. There's no charge for any electrical repairs, or labor on an electric dryer, thanks to Edison's No-Charge service. So you don't have to worry about unexpected repair bills.

Can you get this kind of worry-free assurance with a gas dryer? Sure—with a manufacturer's repair service policy—but it will cost you up to \$120 over the first five years of operation alone!

One thing more, Edison's No-Charge service applies even if you don't buy from Edison—so long as the dryer is electric and you get your electricity from Edison. Remember, Edison offers the only no-charge service by a utility company in this area.

So add it up. Up to \$40 savings on initial cost, \$120 savings with No-Charge service. A \$160 total that looks good in any bank book. And if you buy now, from a participating dealer, the low price of the electric dryer includes the cost of wiring, if any's needed.

Next time somebody starts bragging about pennies, do them a favor. Talk dollars. The real savings you get with an electric dryer.

Romney to Get Bid on Recall

LAKE ORION — A group of Lake Orion homeowners' association members were scheduled to go to Lansing this morning to present to Gov. Romney petitions for recall of five members of the Village Council.

Mrs. Charles Robbins, vice president of the association, said more than 200 residents of the village have signed the petitions, which charge the council members with malfeasance in office.

Named in the petitions are Councilmen Robert D. Stokes, Fred C. Cole, William D. O'Brien, Stewart J. Draher, and Robert S. Hanzwell.

Two Vacancies Filled by Village Council's Action

IMLAY CITY — Two vacancies in the village administration have been filled by action of the Village Council.

Alfred Schwerin has been named to the council to replace Douglas Buike, who resigned when he moved outside the village last August.

Congo Tragedy to Be Recalled

TROY — A former Pontiac resident, Mrs. Hector McMillan, will return to this city Wednesday to relate the details surrounding the death of her missionary husband about a year ago in the Congo.

Her husband was shot to death by rebel forces on Nov. 24, 1964 in Stanleyville.

Mrs. McMillan, the former Ione Reed, will be the main speaker Wednesday at the First Baptist Church of Troy. Her husband was the closing address in a four-day-long missionary conference which starts Sunday at the church, located just south of 16 Mile on John R.

Other speakers scheduled to address the First Troy Baptist missionary conference are Dick Wilkinson, Wilfred Gulick and Mrs. Gulick, each presently active in missionary work.

Evening services are scheduled to start at 7 p.m. Sunday morning service is scheduled for 11 a.m.

OPEN SUNDAY

A new addition to the building will be opened Sunday. It will consist of 11 large classrooms, a full-size gymnasium with shower and locker-room facilities, and expanded kitchen quarters, for a total of 19,000 square feet of floor space.

Paving Way for Detroit Water

WEST BLOOMFIELD TOWNSHIP—Officials took two steps this week toward the day when Detroit water will be available to the township.

The Township Board authorized Supervisor John C. Rehard to begin negotiations with the Detroit Department of Water Supply.

Trustees also adopted a water tap charge ordinance which can be used now and after Detroit water is available.

With the Detroit water pipe line up to Square Lake and Midway Belt roads and with Keego Harbor deciding to use the system, the water will be available to the township sooner than originally had been expected.

"I'm hopeful we can get the first connection sometime in 1966, but I can't make any promises on that," Rehard said. The water tap charge ordinance

establishes a \$200 fee for units tapping into a lateral line.

Those making a direct connection into a transmission line will pay an additional \$400.

Rehard estimated that one quarter of the township is being served by the present system, which was formed by tying together subdivision systems.

Until the ordinance was passed, the charge for new connections had been \$170.

Open House Monday at North Hill School

ROCHESTER — The North Hill Elementary School PTA will hold an open house Monday at 8 p.m.

New teachers will be introduced. Parents are invited to visit their children's rooms and meet their teachers.

Parent's contract was terminated June 1 by Village President Clarence B. Rossman, but he was retained by majority vote of the council to represent the village in pending litigation.

ELECTED IN SPRING

Swen, who was elected in the 1965 spring election, resigned in May because the assessor's records had not been turned over to him.

He later told the council that he no longer wished to resign, but his resignation was accepted despite his and Rossman's objections.

He has since brought suit against the village in an attempt to get reinstated.

The petitions for recall of all the council members except Lewie Rossman were drawn up Sept. 28, the day after petitions demanding the resignation of the village president were presented to the village council.

PETITIONS CIRCULATED

The petitions against Rossman were circulated by a group called the Lake Orion Committee for Good Government.

They reportedly were signed by 309 citizens, not all of whom were village residents.

Committee Chairman Dr. Richard A. McNeil said any interest in the government of the village was permitted to sign the petitions, which he said did not constitute a legal document.

The petitions charge Rossman 15 days in which to resign, and were also to be presented to the governor if he did not comply with the demand.

The petitions for recall of the council members must be certified by the village clerk and approved by the State Elections Commission before a recall vote can be conducted in the village.

Bids Submitted for Clarkston School Addition

CLARKSTON — Low base bids totaling \$717,774 were submitted last night for the proposed new addition to Clarkston High School.

Wallace Construction Co. of Highland turned in the apparent low bid of \$514,000 for the building contract, unbidding four other firms.

Two Waterford Township companies submitted the apparent low bids for the plumbing and electrical contracts.

Bids of \$144,544 and \$59,230 were opened for Steve Kruchko Plumbing and Keasey Electric, respectively.

It is expected that contracts will be awarded at Monday night's board of education meeting.

Those making a direct connection into a transmission line will pay an additional \$400.

Rehard estimated that one quarter of the township is being served by the present system, which was formed by tying together subdivision systems.

Until the ordinance was passed, the charge for new connections had been \$170.

Open House Monday at North Hill School

ROCHESTER — The North Hill Elementary School PTA will hold an open house Monday at 8 p.m.

New teachers will be introduced. Parents are invited to visit their children's rooms and meet their teachers.

READY FOR BAZAAR—Receiving items to be offered at the Huron Valley Community Hospital Bazaar, three committee members appraise their handiwork. From left are Mrs. Arleigh Hess, 3485 Ormond; Mrs. Julius

Repa, 2334 Tes; and chairman Mrs. Hartwell Gray, 4111 Jackson. The event scheduled for Oct. 15 and 16 is sponsored by the White Lake Citizens' League.

For Hospital Benefit

Bazaar Next Week at White Lake

WHITE LAKE TOWNSHIP—Two days of fun and festivities have been scheduled for next week to raise funds for the Huron Valley Community Hospital.

A bazaar with booths, games, entertainment and a teen queen contest will be held Oct. 15 and 16 at the Alpine Ski Chalet.

The event is sponsored by the Women's Club of the White Lake Citizens' League with the help of other organizations in the area.

Feature of the event will be the selection of a teen-aged beauty queen, scheduled for 3 p.m. Oct. 16.

Area girls 13 to 19 years old have until Monday to file their applications.

PRIZES AWARDED

Participants will be judged on beauty, poise and personality, with prizes awarded to the top three finalists.

Applications are available from the following township supervisors: Thomas C. Tiley

of Commerce; Louis F. Oldenburg of Highland; William K. Smith of Lyon; Hadley J. Bachert of Novi; Edward Cheyz of White Lake and C. Milton Nelson of Rose.

E. V. Mercer, supervisor for Walled Lake, also has them, and they can be picked up in the offices of Walled Lake High School, Milford High School, Milford Junior High School, Highland Junior High School and Dublin School.

The men of the citizens' league will serve a pancake supper from 5:30 to 7:30 p.m. Oct. 15. A smorgasbord is planned for the same hours Oct. 16.

Luncheon will be offered from 11 a.m. to 2 p.m. each day.

Mrs. Hartwell Gray, 4111 Jackson, is chairman of the event, which will be held from 10 a.m. to 8 p.m.

She is coordinating the work of several committees now making plans for the booths.

These will include antiques and treasures, a country store, Christmas decorations, aprons,

a Milford merchants' booth, toys, farmers' market, handmade items, homemade and Halloween candy, baked goods, clothing, jewelry, games and a booth for cookbooks compiled by Milford church women.

The Dick Repa Dance Studio of Union Lake will present an exhibition at 7 p.m. Saturday. Milford Sweet Adelines also are to perform, although the time has not yet been announced.

Woman is Injured in Crash Near Romeo

ROMEO—A 34-year-old Memphis woman is in "fairly good" condition at Almont Community Hospital today as the result of a four-vehicle collision yesterday on Van Dyke three miles north of Romeo.

Police said Ruth Ann Sanderson of Memphis was the only person hurt in the accident which involved a milk truck, a pickup truck and two cars.

In Avon Township

New Church Begins Sunday

AVON TOWNSHIP — A new Baptist church will begin services Sunday, according to Rev. Walter R. Peterson, director of church extension for the Lower Michigan Baptist Conference.

The congregation has selected the name Meadow Brook Baptist Church, in harmony with the area west of Rochester where it will be located.

The Board of Missions, Lower Michigan Baptist Conference, first became interested in the possibility of a church in this area about three years ago after a study of population growth projections in the vicinity of Oakland University.

The conference has also been concerned over the opening of new churches in university centers where a large number of their young people are enrolled.

A survey of the West Rochester community was conducted by Rev. Leonard Polson in July, 1963, and again in the summer of 1964. Interest was expressed in the new church and efforts were made to secure property.

The Lower Michigan Baptist Conference holds title to this property but will transfer title to the local congregation when it is organized in the near future.

Sunday services will be held at the Meadow Brook Elementary School, located at Castlebar

chased on Adams Road, about one-half mile north of Walton, north of Oakes, providing 300 feet of frontage on Adams with a total of 10 acres of land.

Sunday Bible school at 9:45 a.m. and morning worship service at 11 a.m.

Evening service will be added within a few weeks and the midweek Bible study and prayer service will continue in homes of the congregation.

Rev. Peterson of Grand Rapids will serve as interim pastor of the church until a resident pastor is called.

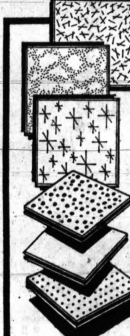

The Fifth Baptist Church of Royal Oak has been asked to serve as sponsoring church.

Federal Grant OK'd for Master Plan Work

WEST BLOOMFIELD TOWNSHIP — A \$11,714 federal grant has been approved for the continuation of work on the township's master plan.

ONE OF THESE BOLENS SNOW CASTERS IS JUST YOUR SIZE

Bolems makes a complete line of snow casters—a model for every snow handling job. And every model is loaded with features. Fact is, Bolems packs in more features as standard equipment than any other manufacturer offers as optional. Whether you have a city lot or suburban spread, one of these Bolems snow casters will match your requirements.

BOLENS ARTIC 40 SNOW CASTER Straight-action, 4-hp unit is self-propelled with separate clutches for rotor and drive. Full 22-inch rotor casts up to 2,000 lbs. of snow per minute. 25 feet in any direction. Controls mounted on handles.

BOLENS ARTIC 60 SNOW CASTER Rugged 6-hp winterized engine. Two forward, 2 reverse speeds, separate clutches for rotor and drive. A 26-inch rotor casts 2,500 lbs. of snow per minute. **ELECTRIC STARTING** (optional) Plug into 110-volt outlet for easy winter starting.

BOLENS HUSKY TRACTORS 6-hp to 10-hp. Fast-Switch Attachment System. Direct-drive PTO (no belts) supplies power to attachments. Controlled differential adjusts to steady straight side drive for ice, snow and mud. Snow attachments include 42-inch blade, 32-inch and 36-inch snow casters.

BOLENS ESTATE KEEPER Most advanced compact tractor on the market. Two-section frame puts operator ahead of engine noise and exhaust. Unobstructed view of front-mounted attachments. Snow attachments include 38-inch blade and 32-inch snow caster. Fast-Switch, Direct Drive Attachment System powers a variety of attachments for year 'round use.

Science Quiz

By BOB BROWN

NEXT WEEK: Seeing is NOT Believing.

PROBLEM: Heat conduction and the flame.

NEEDED: A lighted candle and a piece of copper wire.

DO THIS: Wind a spiral on the end of the wire as shown, and lower the spiral over the flame. Nothing happens; the flame has plenty of room to get air and continue to burn.

Wind the loop smaller, and try again. Always leave room for air to reach the flame. However, when the loop is small the flame goes out.

HERE'S WHY: The copper conducts so much heat away from the flame so quickly that there is not enough heat left to vaporize the wax and maintain the kindling temperature.

See the new collection of these experiments in your book store. The name of the book is "Science Circus No. 2." (Copyright 1965, General Features Corp.)

Mobile Rain Damage

Put at \$25 Million

MOBILE, Ala. (AP) — A Weather Bureau spokesman estimates the record rain of almost 17 inches that swamped Mobile Sept. 30 probably caused about \$25 million in damages.

Meteorologist William L. Tilton reported that figure to the Weather Bureau. Insurance adjusters say they have been processing hundreds of claims.

Wagner Flight Shifted to Detroit by NY Rain

NEW YORK (AP)—Thousands of airline passengers were delayed or diverted Thursday night because of heavy rain which restricted operations at Kennedy Airport.

Among those passengers diverted to other cities was New York Mayor Robert F. Wagner, whose flight was sent to Detroit. He had been en route here from Minneapolis after attending two World's Series games.

Eight million persons visited Arlington National Cemetery in 1964, its 100th year.

A Junior Editors Quiz About MERCURY

MERCURY THE FLUET-FOOTED

MESSIAH OF THE ROMAN GODS

QUESTION: Why is mercury called a metal when it is a liquid?

ANSWER: We often think of a metal as a hard, shiny material which conducts electricity and can be sharpened to a cutting edge.

This definition is only partly true, for some metals are too soft to sharpen well. And it leaves out a most important point: all metals can be melted or fused, if heated enough.

Think, for example, of iron melted in the process of making steel. Most metals need a very high temperature to melt, but mercury is an exception, for it stays in the liquid state at our usual living temperatures.

Mercury can become a solid, but for this to happen, the temperature must fall to 38 degrees below zero.

This strange fluid is very heavy and rolls along quickly in shining drops — it is sometimes called "quicksilver." It was named mercury from the legendary mythical Mercury, messenger of the Roman gods, who was supposed to be so fast and quick.

When mercury is heated, it expands in size and when cooled, becomes smaller.

This is why it is used in thermometers (right) since it keeps going up and down inside the glass tube and so tells us exactly what the temperature is.

FOR YOU TO DO: See if you can find a thermometer which has silvery-looking mercury inside it and study this mysterious stuff closely. Be careful you don't break the thermometer to get a better look, however, for mercury is dangerous to handle.

Home Destroyed by Blaze Near Grand Haven

GRAND HAVEN (AP) — Fire of unknown cause, the third residential blaze since Labor Day weekend in Robinson Township which has no community fire protection, destroyed the Robert Williams home Thursday.

Besides the 1½-story frame home, the family lost its car to the fire which reportedly started in the garage adjacent to the house. Mrs. Williams and her four school-age children escaped injury.

The home stood behind the site of a two-family house that burned to the ground last Sept. 27. The Labor Day weekend fire destroyed a cottage-type dwelling in the same general vicinity.

Fire calls in Robinson Township are answered by a Conservation Department truck and crew.

Air pollution causes property damage amounting to \$11 billion a year, Sen. Edward Muskie of Maine disclosed in a recent speech.

State Motorcyclist Dies

CHATTANOOGA, Tenn. (AP) — Jimmie Lester Muse, 36, of Detroit was killed early today when his motorcycle and a turning car collided on U.S. 41 near here. Troopers said he apparently was traveling without lights.

Foreign News Commentary

NATO Revision Far From Easy Task

By STEWART HENSLEY

United Press International

The United States has been reminded that, within a few months, it must begin to grapple with the critical issue of revising the keystone of western defense against Communist expansion — the North Atlantic Treaty Organization (NATO).

About 150 members of the parliaments of the 15 NATO members have been discussing the subject this week in New York.

They have not come to any specific conclusions as to how to resolve the differences between France and the United States over the future nature of the alliance.

Any suggestions they may have are only advisory in any event.

The French have indicated they want to begin talking soon after the first of the year about ways to reshape the alliance in a form acceptable to President Charles de Gaulle.

The pact runs until 1969, but decision on renewal must be made one year earlier, and Paris officials believe at least two years of negotiations will be necessary.

The French argue that NATO is out of date. De Gaulle says he will not accept renewal in its present form because of the "domination" of the United States.

He demands "equality" for all members and seems to favor a loose confederation of alliances rather than an organization of integrated forces.

The United States contends de Gaulle is simply trying to fight a rear-guard action against the 20th century. He is credited with wanting to return to the pre-World War I patchwork of bilateral pacts which fell apart under the impact of hostilities in 1914.

NOTHING SPECIFIC

The United States so far has failed to advance any specific ideas to meet de Gaulle's complaints. Vice President Hubert H. Humphrey told the NATO parliamentarians that the United States recognized the alliance must be revised to take account "changed circumstances."

At that same time, however, he said "integration" must be increased. He acknowledged that equality must be achieved.

The French position is that these three things are incompatible. Their argument is that integration of forces within the NATO structure inevitably leads to U.S. domination and prevents the equality of membership that Washington claims to espouse.

France, which is trying to build its own nuclear striking force, also bitterly opposes the U.S.-backed plan for a NATO nuclear force of some sort, OFF FRENCH SOIL.

U.S. officials believe that de Gaulle basically wants to get NATO military headquarters and bureaucracy off French soil, while retaining some U.S. forces in Europe as a guarantee of American involvement if there is an attack on France.

They do not believe that de Gaulle is interested in "equality" within any single structure but primarily in attempting to work out a bilateral pact with the United States for the protection of France and permitting others to do the same if they wish.

Many U.S. officials believe the best course for Washington would be to go ahead with the plan for renewing the NATO alliance on somewhat the present lines, inviting France to participate if she wished but not allowing her defection to wreck the alliance.

The great majority of NATO members favor the U.S. approach to the pact, and it is believed likely they would follow Washington's lead.

House OKs Highway Beauty Measure

WASHINGTON (AP) — It took one of the roughest sessions of the year to do it, but the House passed President Johnson's highway beautification bill today, soon after he entered Bethesda Naval Hospital for gallbladder surgery.

Sitting until 12:51 a.m., the House held up the big party Johnson gave as a salute to Congress and delayed the President's departure for the hospital, but it passed the bill, 245 to 138.

LATE SWITCH

The members had been told

the House would quit early, stormed Rep. Hale Boggs of Louisiana, the assistant Democratic leader. "We need a responsible minority desperately, but we don't have it. We have a frustrated minority."

The bill that emerged from the 14-hour session resembled the one passed a few weeks ago by the Senate. Minor differences will have to be reconciled before Congress completes action.

The bill would require states to set up effective controls to

ban billboards and junk yards on all interstate and primary roads outside of areas zoned or used commercially.

The Democrats used their big majority to cut short debate so that many Republican amendments were voted on with only a few seconds available for explanation, or no time at all. This made the Republicans even angrier.

"This is a dangerous way for Congress to consider amendments," said Rep. Melvin R. Laird of Wisconsin. "The majority should be more interested in preserving the rights of the minority than in trying to give a present to Mrs. Johnson."

Laird's reference to Mrs. Johnson's interest in the bill followed an amendment offered by Rep. Robert Dole, R-Kan., to provide that wherever the bill mentioned the secretary of commerce, who would be in charge of administering the program, it should be changed to "Lady Bird." The amendment was shouted down by voice vote.

SCATHING REPLY

Democratic Leader Carl Albert of Oklahoma, in a scathing reply to Laird, said: "When he mentions handing a package to someone, the gentleman from Wisconsin lowers himself almost as much as the gentleman from Kansas did when he offered his amendment."

Just before the final vote, though, differences were put aside as Speaker John W. McCormack, D-Mass., and Republican Leader Gerald R. Ford of Michigan joined in wishing the President speedy recovery.

"Every member of the House prays and hopes for the complete recovery of the President," said McCormack.

"We join in that hope completely," added Ford for the Republican members.

The more you drink Soft Whiskey, the harder it gets to drink anything else.

It's easy to develop a taste for the easy life. (Especially after you've had it hard all your life.)

It's the same story with Soft Whiskey. It's a lot easier to swallow. And a lot easier all the way down. It's like having that "taste of honey."

But don't get the idea that Soft Whiskey's for soft people. Uh uh! It's 86 proof and does exactly what any 86 proof does. It just does it softer. So take it easy.

While we're on the subject, one way

we soften Soft Whiskey is by doing some distilling in small batches as opposed to large ones. The rest of the process will have to remain our secret. Other distillers have been searching for a Soft Whiskey for years now. And even we failed thousands of times in year after year of experiments before we got it.

Forgive us for seeming so cagey. But quite honestly, after all our work we wouldn't want to have you drinking anything else.

Yanks Take Tear Gas to Cong Area

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara believes the situation in Viet Nam has stabilized since the United States began funneling large numbers of U.S. troops into war, it became known today.

However, he is not yet ready to join those who say the tide has turned and that the anti-Communist side is winning.

About the most optimistic evaluation he has made is that U.S. Army, Air Force, Marine and Navy forces have made remarkable achievements and that the Communist Viet Cong have failed in their efforts to cut South Viet Nam in two and to destroy the morale of the South Vietnamese troops.

He is best described as remaining cautiously optimistic.

HARD FIGHTING
It is known that McNamara believes it best that the gains should not be overemphasized because much hard fighting lies ahead.

He considers it important to remember that the Communists still control large parts of South Viet Nam, that they continue to impose taxes and to draft young men from the population and that they still have the ability to cut roads and other communications linking Viet Nam cities and towns.

Gen. Harold K. Johnson, Army chief of staff, told the National Security Industrial Association Thursday "we are doing well" in Viet Nam and "we are taking advantage of our progress to do even better."

U.S. forces in Viet Nam, which numbered only about 23,000 at the start of 1965 are about to top 140,000. And this is not the end of the buildup.

STRESSING THEME

Meanwhile, the U.S. government apparently is trying to prod the Communist North Vietnamese to the negotiating table by stressing the theme that the North Vietnamese are shedding blood to further the aims of Communist China.

But Tide Not Turned

McNamara: Viet Situation Stabilizing

SAIGON, South Viet Nam (AP) — Armed with authorization to use nonlethal tear gas if necessary, U.S. paratroopers launched a major new operation today on the fringe of the Viet Cong's D Zone.

A U.S. military spokesman said the Americans made "significant contact" with the enemy.

Thousands of American troops

Lifer Is Freed After

New Trial in State

DETROIT (AP) — Ike Ewell, 39, who had served 10 years of a life sentence for the slaying of a Hamtramck appliance store owner, was freed Thursday by Wayne County Circuit Judge Thomas J. Murphy, following a new trial. Murphy gave Ewell a suspended 7½ to 15 year sentence. Ewell pleaded guilty to a charge of manslaughter for the slaying of Charles L. Chinn on May 28, 1955. Ewell was granted a new trial when the court ruled his 1955 confession was inadmissible as evidence under recent high court decisions.

The spokesman gave no details on the fighting, but it was believed to have been heavy. A personnel carrier hit a Viet Cong mine and overturned. Casualties were reported moderate.

SNIPER FIRE

The Americans also drew sniper fire as the convoy moved deeper into guerrilla territory. U.S. spotter planes circling the skies following the B52 raids

Special Days, Weeks

Proclaimed by Romney

LANSING (AP)—Gov. George Romney saluted items ranging from lunches to literature Thursday as he proclaimed special days or weeks in their honor.

The governor proclaimed Oct. 9 as Leaf Erikson Day, Oct. 10 as School Lunch Week, Oct. 31-Nov. 7 as Michigan Ski Week and Nov. 1-7 as Better Literature for Youth Week.

Tuesday Musicale to Hear U of M Tenor

The opening meeting of Tuesday Musicale of Pontiac will be at 1:30 p.m. Tuesday, in Fellowship Hall of the Central Methodist Church.

Millard Cates, tenor, who is associate professor of voice at the University of Michigan, will present a concert with Eugene Bossart as his accompanist.

Mr. Cates will begin a short midwestern and southern tour, performing as recitalist at various colleges and universities with his colleague Mr. Bossart.

SINGS LIEDER

In his performances of lieder, Mr. Cates has brought into his performances a new wealth of color and depth of interpretation. He is an alumnus of Hastings College, Nebraska.

Mr. Bossart, professor of accompanying and vocal literature at U. of M., has

Barbara Bernard Becomes Engaged

Dr. and Mrs. Robert F. Bernard of Richmond, Mich., announce the engagement of their daughter, Barbara Ann, to Royce Gerald Bunce, son of Mr. and Mrs. Warren C. Bunce of Fortress Street.

The November bride-elect is a junior at Michigan State University. Her fiancé, an alumnus of the Michigan Technological University, is a graduate student at University of Michigan.

CL Unit to Meet

Chapter CL, PEO Sisterhood will have its first meeting of the fall at the Pontiac Lake Road home of Mrs. H. M. O'Toole on Monday. Assisting at the 12:30 p.m. luncheon will be Mrs. Glenn Griffin, Mrs. James Henderson and Mrs. Martin Wager.

Units Join to Honor Founders

Eight area chapters participated for Alpha Delta Kappa Sorority's Founders Day Dinner at Holiday Inn Thursday.

The affair was under general chairmanship of Mrs. Paul Best, with Mrs. Stuart Williams as cohostess.

Founded in 1947 by four teachers in Kansas City, Kan., Alpha Delta Kappa now has nearly 1,000 chapters and over 2,500 members in all 50 states, Canada, Puerto Rico and Mexico. There are also scattered members in other countries.

Speaker for the evening was Dr. Richard Wilson, dean of instruction, Oakland Community College.

GUESTS

Guests included Mrs. E. Cleo Wiley, past grand sergeant-at-arms; Mrs. Newton Fredericks, state vice president; Mrs. Opal Walker, state treasurer; Mrs. William Ingram, past state president; and Gloria Ramirez, Colombia, South America, enrolled at Oakland University on an Alpha Delta Kappa scholarship.

Eight foreign students, all studying for the teaching profession, are being sponsored by the sorority this year. The scholarships provide for a year's study in the United States.

Participating in the Founders Day ceremony were Fay Donelson, Mrs. William VanderZee, Mrs. Melvin Boersma, Mrs. Marie Dayton, Mrs. William Schwartz, Mrs. Ronald Voorheis and Mrs. Ewell Henderson.

Tell Engagement

Mr. and Mrs. M. C. Schouaer of Oak Park announce the engagement of their daughter, Patricia Kay, to Roger Kent Sherman, son of the David W. Shermons of Harmon Road, Pontiac Township.

The couple plans a spring wedding.

Their Name Does Not Appear

By The Emily Post Institute

Q: My son is going to be married shortly. His father and I are divorced. I would like to know if both our names should appear below that of our son on the invitations or my name alone.

A: For example, "son of Mr. and Mrs. John Smith" or, "son of Mrs. Parks Smith" or should it perhaps be, "son of Mrs. Parks Smith and Mr. John Smith"? Will you please advise me?

A: Neither your name nor that of your son's father appear on the invitations. They are sent out in the bride's parents' names alone.

In any newspaper account of the wedding it would be noted that "the bridegroom is the son of Mrs. Parks Smith and Mr. John Smith."

ATTENDANTS

Q: I am going to be married next month. There will be four bridesmaids and four ushers in the wedding party. Will you please tell me where they stand at the altar?

A: All the bridesmaids stand on the bride's side and all the ushers on the groom's side.

A: The bridesmaids do not stand all on the bride's side and the ushers all on the groom's. At the foot of the chancel, the ushers divide, half of them stand on the right and half on the left.

The bridesmaids also divide, half to each side, and stand in front of the ushers.

The Emily Post Institute cannot answer personal mail but all questions of general interest are answered in this column.

Women's

Hans Conried Is Sentimental Cynic

By MARGARET BROWN

Hans Conried, once referred to by a critic as "our favorite sour comedian" made a warm and engaging appearance at Birmingham Town Hall Thursday.

One of the few performers with presumption enough to read from a book, erudite Mr. Conried's repertoire began "not too tasky" with Robert Southey's "Catastrophe of Lodore" from his school-teacher-mother's "Appleton's Fifth Reader."

Dexterously reciting the poem's relentless run of onomatopoeic participles, the actor ripped to a crescendo "helter, skeltering, hurrying, scurrying—so never ending, but always descending," concluding anticlimactically and with a well-earned sip of water.

"I should have memorized that for you, you know," he told the group.

The audience grew hushed and responsive for Conried's offering of "The White Magnolia Tree," frequently narrated by Helen Hayes.

Mediating on the "wisdom of maturity," Conried's line "Solitude can be rich, gratifying, quite different from loneliness," was especially well-received.

PAYS TRIBUTE

As a tribute to the late Charles Laughlin, "a kind and generous first-rate craftsman," Conried's own love for his art was communicated forcefully in

reading some of the prophet Daniel's scriptural passages. "His hands are just marvelous," one Town Haller was overheard whispering.

With a droll reminder that these were his last five minutes, the actor left his audience on a merry note with the rousing interpretation of "a frightful old chestnut (I'm about the only one left with guts enough to do it) 'Casey at the Bat.'"

Exiting stage right, Conried once again paused, glanced at his watch and shooed his audience off to the celebrity luncheon at Orchard Lake Country Club.

SIDE NOTES

Married and the father of four children, Mr. Conried appears for Birmingham Town Hall again today and then leaves for a fine arts festival in Jacksonville, Fla.

He has television appearances scheduled later this fall, and Jan. 3 will be in Indianapolis for a Theater Guild production "Absence of a Cello."

Dione Lucas to Appear for Club

Arrangements have been completed for the Oct. 12 and 13 gourmet cooking and demonstration sponsored by the Village Woman's Club and Consumers Power Company.

The step-by-step preparation of five different recipes will be presented by Dione Lucas, formerly of the Corcoran Bleu Cooking School in Paris, and now chef at the Ginger Man Restaurant in New York.

The event will be staged at Birmingham Theater from 10 a.m. to 1 p.m. both days.

Table setting displays in the lobby will be attended to by club members in the latest hostess gowns. Junior members wearing French waitress uniforms will serve as ushers.

Tickets for one day or reserved seats for both days may be ordered from: Mrs. John Siegesmund, care of the Village Woman's Club, East Long Lake Road, Bloomfield Hills.

Gardeners' Exhibit

Hostesses at Show

District I, Federated Garden Clubs of Michigan, will present the 11th annual flower arrangement and table setting show, Oct. 14-16, with five area women as hostesses.

Mrs. Clyde Anderson, Mrs. Donald Barker, Mrs. Edward Mann, Mrs. Alfred Rothweiler and Mrs. A. D. Stimer will be among those welcoming visitors to the Charles W. Warren Galleries, Detroit. Hours are from 9:30 a.m. to 5 p.m. daily.

POETIC THEME

Floral interpretations of some of the world's finest lines in verse, from Chaucer to Sandburg and from Shakespeare to Robert Frost will portray the show's theme "The Magic of Poetry."

Holiday tables will occupy the entrance lobby and first floor at Warren's with Halloween and Valentine's Day rounding out gala Thanksgiving, Christmas and New Year tables.

Robert Frost's "Fire and Ice" will dominate the stairwell.

EXHIBIT

A unique exhibit of 31 crystal forms by Steuben Glass, inspired by the works of distinguished poets, will

"Little garments" always make a woman sentimental. Members of the Carol Brooks section, Needlework Guild of America, Inc., work all year making layettes for the annual Ingathering. With only a

month before the deadline, work is speeded up. Mrs. Robert S. Castell, East Iroquois Road (left) and Mrs. William C. Rogers, West Iroquois Road, admire some of their handiwork.

Runs to Mother's Aid

Bride Neglects Spouse

By ABIGAIL VAN BUREN

DEAR ABBY: I have been married for only three months and already I have a problem.

My wife thinks it her "duty" to stay nights with her mother every time her father goes on an overnight business trip, which is about twice a week.

Mother Bea is a registered nurse, so my wife picks her up at the hospital at 11 p.m. when she gets off duty, and the two of them drive cross-town to spend the night together at Mother Bea's.

Meanwhile I sleep alone. So where does that leave me?

DEAR NORMAN: Sleeping alone (which is hardly

fair to a man who is still technically on his honeymoon).

Tell your bride to persuade her mother either to get a large watch dog for protection, or to find a woman companion who has no marital responsibilities.

As a last resort, you could invite Mother Bea to sleep at your place, which is just a notch better than sleeping alone.

DEAR ABBY: We own a small, but nicely furnished motel and you wouldn't believe what some people steal.

Everything from ash trays to towels, bed linen, light bulbs, bath mats, pillows, shower curtains, window shades, not to mention pictures and furniture. (They've even unscrewed hardware and fixtures!)

Once a woman checked out with one of our bath towels over her arm and thinking she'd mistaken it for her own, I politely pointed out our name on it. She said she knew it was ours, but she thought she was doing us a "favor" by taking it because it was good advertising.

Abby, please tell folks that if they think the articles they steal are not missed, they are wrong. When a guest checks out we know exactly what goes with him. It's a disgrace!

MOTEL OWNER

DEAR OWNER: I agree. We may see the day when it's necessary to search the luggage and person of all

guests who check out of hotels and motels. Insulting to those of integrity?

Yes, but it may be preferable to having the rates raised higher and higher to cover the cost of replacing so many stolen articles.

CONFIDENTIAL TO SIX-FOOT-TWO, AND STILL BLUSHING, IN NEW HAVEN: "It is better for a young man to blush than to turn pale." These words are as true today as they were approximately 100 years B.C. when Cicero, the great master of Latin prose, wrote them.

Yule Display for Brookside

The Brookside branch of Woman's National Farm and Garden Association gathered in the Birmingham home of Mrs. Asa Drury Thursday.

Cohostessing were Mrs. E. F. Lewis and Mrs. Calvin Werner.

Christmas decoration ideas were given by Mrs. Russell Kock.

Mrs. C. W. Bird appointed Mrs. Adolph Magnus to head the scholarship committee.

Four new members were welcomed into the group. They are Mrs. Fred Fuller, Mrs. Thomas McCullough, Mrs. Charles Schridde and Mrs. Edward Sammut.

Gloria Ramirez of Colombia, South America, (left) currently enrolled at Oakland University on an Alpha Delta Kappa scholarship, joined area members of the sorority for Thursday's Founders Day

Dinner at Holiday Inn. She was met at the door by Mrs. William T. Ingram of Troy (center), past state president, and Mrs. Paul L. Best, Lake Orion, area council president.

December vows are planned by Harlynn Mae Izner, daughter of Dr. and Mrs. S. M. Izner of Detroit and Richard Lee Servino, son of the Harry Servinos of Oak Park, formerly of Pontiac. Both attend the University of Michigan.

HARLYNN MAE IZNER

Giving in the United Fund campaign is not limited to individuals. Organizations in the area often put a gift to the fund in their year's budget. Here, Mrs. Thomas Thornberry, West Russell Street (left), and Mrs. Joe Benson, Chippewa Road, get a check ready for Psi

chapter of Sigma Beta sorority. Mrs. Benson, president of the chapter, says, "We feel strongly that the United Fund is an excellent intermediary — well organized to insure the proper handling of our gifts to the heart of community need."

Party Fetes Pre-Bridal Couple

Eighteen couples honored Judith Carol Thiese and her fiancé, William J. Flanigan, at a recent buffet dinner in the Grand Rapids home of Mrs. Russell Granzo. Gifts were brought for lawn and garden.

Parents of the couple who will wed Saturday in St. Michael's Catholic Church are Mr. and Mrs. Leonard F. Thiese, Kingfisher Lane, Independence Township. Mrs. John T. Flanigan, Edison Street and the late Mr. Flanigan.

Karen Gullett and Mrs. Larry Hummel of Rochester gave a recent shower in the former's home on Dick Avenue.

The teachers from Woodward School, Rochester, honored Miss Thiese at a surprise kitchen shower and tea in the home of Mrs. Mervin Winton, Rochester.

Others who entertained were Mrs. Ned Tynan and daughter Nancy of Adlake Street; Mrs. Frank Roccase, Angelus Drive, lunch-kitchen shower; Mrs. Linnie A. Young, Spence Street, luncheon-linen shower.

A dinner in Alban's Country Cousin followed the wedding rehearsal on Wednesday.

Back to Days of Israelites

NEW YORK (UPI) — Two well-known designations for wine bottles go back to the days of the ancient Israelites, the Wine Institute reports.

The Jeroboam (double-magnum) is named for the "mighty man of valor" who led the 10 northern tribes of Israel in revolt against King Rehoboam, who gave the name to the triple-magnum. He was the son and successor of King Solomon and the last monarch of the old Kingdom of Israel.

Learns Hard Way

CEDARBURG, Wis. (AP)—Patti Linder, 17, broke her collarbone in a physical education summer class at Cedarburg High School.

She was learning how to fall properly so as not to hurt herself.

Mrs. Hartman to Report on National Convention

Mrs. Edmund Smith of Alpha Alpha chapter, Epistol Sigma Alpha announced at the Thursday meeting in the "300" Bowl that Mrs. Lawrence Hartman of Beta Mu chapter will report at the Oct. 21 meeting on the recent national convention.

A "Holiday Entertaining" demonstration will be held Nov. 11 at 7:30 p.m. in Consumers Power Company. The state board meeting will take place Oct. 17 in

Osage Branch Plans Show

The Osage branch, Woman's National Farm and Garden Association, will sponsor a luncheon and style show at noon, Tuesday, in Devon Gables. Models from the Bloomfield Fashion Shop of Birmingham will present a revue of fall modes. Proceeds from the affair will augment the scholarship fund.

The branch was so-named for the many Osage orange-trees introduced into the North Adams-East Long Lake Road area from a settlement of Osage Indians.

Will Hear Broker

The Green Lake Woman's Club will meet at 12 noon Monday at the Community House on Alden Drive. Joseph Davis of Goodbody & Company will speak on "Investments From the Woman's Point of View."

Daniel Is Here

Mr. and Mrs. Joshua R. Madden (Jennie Buel Quirk) of Rochester, announce the birth of a son, Daniel Jacob on Oct. 2.

Paternal grandparents are the Bernard Conlins of Jeannette, Pa. Maternal grandparents are Mrs. A. W. Frehe of Ft. Meyers, Fla. and the late Albert Frehe.

A 'Shifty' Move, Gals

CHICAGO (UPI)—There's a move afoot to make do-it-yourself gear-shifting more popular with career girls and young housewives.

Alfred A. Krueger, president of Borg-Warner's Borg and Beck Division, says the auto makers have improved and synchronized transmissions. There's now a featherfoot clutch that requires only half the pedal effort.

Krueger said many of the young female drivers never have driven an auto equipped with a standard shift. Reasons they want to: a standard transmission costs less to service and maintain than does an automatic; it brings down the initial price of the car; it stretches the gas.

Looking over brochures given them to distribute for the Division of Continuing Education at Oakland University are four members of the newly-formed Town Information Council. From the left are

Mrs. Delos Hamlin, Farmington; Mrs. John House, Napajo Road and Pine Road, West Bloomfield Township; and Mrs. Peter T. Garland, Richwood Street, Pontiac Township.

Mrs. Kuhn Celebrates Birthday on Sunday

The Paul Kuhn of Birmingham will entertain the entire Kuhn family on Sunday, the 80th birthday of Mrs. Charles F. Kuhn of Lake Angeles.

Mrs. Kuhn, mother of 11 children (nine sons and two daughters) was selected as Michigan's Mother of the Year in 1952. Since 1953, she has been active in the American Mothers Committee as chairman of the Michigan State Committee.

All of her sons and daughters will be present except Mrs. Robert V. Friable (Helen) who is in Sao Paulo, Brazil, where her husband is assistant chief engineer for Ford Motor Company.

Attending the birthday celebration will be Dr. and Mrs. Albert A. Kuhn, Detroit; Dr. and Mrs. Henry H. Kuhn, Birmingham; Dr. and Mrs. Robert E. Kuhn, Bloomfield Hills; Mayor and Mrs. Edward J. Kuhn, Berkeley; the Richard D. Kuhns, Pontiac; the Edward J. Kuhns, Lake Angeles; the Robert Grahams, the John F. Kuhns and the junior Charles F. Kuhns, also of Detroit.

Mrs. Kuhn's husband, the late Dr. Kuhn, who founded the Samaritan Hospital and the Warren Hospital in Detroit, was also president of the Detroit Board of Education from 1907 to 1911.

Mrs. Kuhn was also the charter president of the Samaritan Club founded in 1912 and was in charge of the girls who made a trip to Alaska during the late 1930's.

Know About Double-Knit

NEW YORK (UPI)—"Double-knit" fabric is made by knitting on machines equipped with two sets of needles instead of the usual single set. Because of this process, a double-knit fabric is heavier than single-knits and its two sides have different appearances.

Double-knits often are washable, non-clinging, durable and free from excessive stretching. Many can be safely machine-washed with moderate agitation, using warm soap or detergent suds and rinse water, the Cleanliness Bureau reports.

Color It Orange

TRAVERSE CITY (UPI)—Orange and turquoise continue as leading accent colors for the home. But avocado green, antique jade and metallic gold are gaining, reports one manufacturer of accessories (Arabesque). Also gaining—wood tones, mostly of fruit-wood and walnut.

Twenty-three area women, all leaders in their home communities, have accepted Oakland University's invitation to serve as members of a newly-formed Town Information Council.

In the group are localities, Mrs. William Furlong, Mrs. D. Richard Veazey and Mrs. John House.

Sponsored for and by the Division of Continuing Education, the council is designed to bring residents of Wayne, Oakland and Macomb counties in more direct contact with adult education courses and conferences at the University.

Faced with the constant problem of trying to reach people with programs that would interest them in an ever-changing society, the Continuing Education staff sought the assistance of these civic-minded women, bringing them together on campus in a group to form the new council.

Serving in purely volunteer capacities, they will be the direct links between the university and their towns and work mostly out of their homes, channeling information to the proper sources.

As soon as plans are completed for a given conference and the schedule of evening classes for adults is set for the fall of spring term, council members will swing into action.

They will have the brochures, catalogs and other printed materials on hand ready for distribution to interested groups and individuals upon request. They also will know what speakers are available to talk at meetings in their areas.

Their functions will be to supplement the customary work done by the Continuing Education staff which is responsible for direct mailing operations, publicity and the Division's Speakers Bureau.

In between courses, terms and conferences they will be constantly updating the mailing lists in their towns, trying to keep abreast of constant flux, caused by families moving in, moving out or just moving to another home in the same community.

They also will be keeping track of elections held by local clubs so the lists of officers will be maintained on a constantly current basis.

The other members of the Council and communities they represent are: Mrs. Peter T. Garland, Auburn Heights-Pontiac Township; Mrs. George Cantrick and Mrs. Garvin H. Meadowcroft, both of Birmingham; Mrs. Lloyd Britton, Bloomfield Hills; Mrs. Robert J. McBride Jr., Bloomfield Township; Mrs. Richard Kroninger, Cokos; Mrs. Palmer Bundy, Davisburg-Holly; Mrs. Delos Hamlin, Farmington;

Others are Mrs. Ralph C. Charbeneau, Franklin; Mrs. B. Courtney Rankin, Grosse Pointe; Mrs. John Lessiter, Lake Orion; Mrs. Donald Austin, Milford-Union Lake-White Lake Township; Mrs. H. O. Evans, Northville; Mrs. Bruce Jacobson, Oxford; Mrs. James Saille and Mrs. Richard Wood, both of Rochester; Mrs. Ralph J. Toles, Romeo; Mrs. Grant Howell, Royal Oak-Oak Park; Mrs. Paul York, Troy; and Mrs. Robert A. Petersen, Utica.

Mr. and Mrs. Howard J. Newbanks of Stout Street announce the engagement of their daughter Donna Lee to Seaman Appren. Paul M. Lenker USN, son of the Lloyd R. Lenkers of Beverly Hills. He is stationed at Newport, R. I.

TWENTY-FIVE

Royal Pair to Be Elected for PNH Homecoming

By ALICE TURNER
Activities at Pontiac Northern High School this week were again centered around homecoming. Posters and signs of all types can be viewed in the halls as the election for king and queen draws near.

The election itself will be held Tuesday. All of the semifinalists will remain on the court following the selection of the royal couple.

Homecoming game will be played Oct. 22 against Waterford High School.

Class Officers Are Elected at St. Michael

By BOBBETTE ROSELLI
St. Michael High School has been a hubbub of activity since the '65-'66 season began.

The senior class elected officers: Raymond Lavoie, president; Steven Kraft, vice president; Margaret Finnegan, secretary; Larry Bieri, treasurer; and Theresa Tunny and Frank Laugier, student council representatives.

Elected by the juniors were Roger Wagner, president; Roger Magnerman, vice president; Carol Freiberg, secretary; Katherine Bailey, treasurer; James Gage and Cynthia Davis, student council representatives.

Sophomore officers are Richard Land, president; Harry Cook, vice president; Elaine Steinbeler, secretary; Thomas Harworth, treasurer.

The Future Nurses Club is under the direction of Sister Hilarie.

VARSITY CLUB

The Varsity Club held elections last week. Elected were Frank Laugier, president; Michael Thornberry, vice president; Steven Kraft, secretary; Gordon Giffie, treasurer.

Students Are Busy

Homecoming at Clarkston

By CATHY RICHARDSON
This is Clarkston High School's Homecoming Weekend, and it may be the busiest week students will face during the school year.

Wednesday evening, festivities began as senior girls met the junior girls in the annual Powder Puff football game.

At this afternoon's queen's assembly, the homecoming queen and her court were introduced.

Maid of the court include Laura Waterworth, freshman; Nancy Weiss, sophomore; Shyla Smith, junior; and Linda Bennett, senior.

Clarkston's homecoming queen is senior Cindy Mosier chosen by the student body.

ACTIVE STUDENT
Cindy is the varsity cheerleaders' manager, president of the Girls' Athletic Association, historian of Y-Teens, a member of Ski Club and Pep Club, and a co-captain of the senior Powder Puff team.

Court Candidates at Walled Lake

By RON MOORHEAD
Eleven girls were nominated for the homecoming court at Walled Lake High School Monday.

The court will include the queen and the senior, junior and sophomore standbys.

Seniors nominated were Maureen Ghetia, Linda Lang, Cathy Grentzwicki, Wendy Reimer and Maureen Kestel.

Fat McFadden, Vicki Gaylord and Sherry Spolack were juniors nominated.

Sophomores Dawn Sasac, Penny Martin and Michele Rosier were chosen.

SUSPENSE REIGNS—Candidates vying for the title of Waterford Kettering High School homecoming queen are (from left) Mikki Belisle of 6175 Williams Lake, Andrea Condon of 2726 Winkelman and Sue Dodman of 6630 Manson. The royal coronation ball will be held tomorrow night, under the sponsorship of the student council, in the gymnasium. All of the girls live in Waterford Township.

Paper Blooms Brighten Floats at Emmanuel

By LINDA WRIGHT
Everything is coming up carnations for the students of Emmanuel Christian High School because all of the homeomors are busy making flowers for the homecoming floats.

Katherine White, Patricia Gidcomb and Jane Iler are this year's candidates for queen. The girl chosen to reign over the night's activities will be announced the night before the event at a rally tonight.

Other School News Throughout Week

Briefs From Area Schools

Dominican
By DEBBIE VAN NATTER
Dominican Academy's Student Council officers for 1965-66 are: Catherine O'Connor, president; and Allen Valentine, vice president.

Secretary and treasurer will be elected soon.

Class officers — seniors to sophomores — also have been selected.

Senior officers are Linda Soda, president; Debbie Van Natter, vice president; Frances Anderson, secretary; and Mary Beth Cherniak, treasurer.

Juniors elected Claudia Meyer, president; Kathleen De Ryke, vice president; Linda Kaiser, secretary; and Della O'Shea, treasurer.

Sophomore homomors chose: Elaine Walczak, president; Mary Malson, vice president; Nancy Hatt, secretary; and Alina Quesada, treasurer.

Avondale
By CHERYL BECKER
Two new courses, advanced chemistry and advanced biology, have been added to the curriculum at Avondale High School.

Six new faculty members are John Antista, English; John Ellithorpe, mathematics; Judy Kitzman, biology; Judy Kohl, English; Mary Oles, shorthand; Sally Ross, music.

Bloomfield Hills
By LINDA McNEILL
This year Bloomfield Hills High School welcomes three foreign students — Yuki Obata, Japan; Carla Alevan, Netherlands; and Paule Verschore, Belgium.

Girls' Athletic Association activities this year will be the traditional father-daughter sports night, GAA carnival and the mother-daughter banquet.

Milford
By RICHARD WIXOM
Plans for Milford High School Oct. 15 homecoming are aimed at MHS alumni as well as students.

An alumni registration in the student commons will run from 6:30 to 7 p.m., followed by the parade of floats and introduction of the chief and princess candidates. The game between the Redskins and the West Bloomfield Lakers will start at 8 p.m.

Lake Orion
By NADINE WILLIAMS
The homecoming excitement of the past week at Lake Orion High School has come to an abrupt end.

Queen Darlene Huether, who was crowned by James D. Hoag, principal, reigned over the dance given by the Varsity Athletic Organization following the game.

Judging the floats were Mrs. R. J. Van Wagner, Mrs. Charles Pokorny, Lawrence Gaylord and Leo Sabatini.

The senior class was the winner in the float competition.

Homecoming at WKHS

By JAMIE SCHUTT
Student council has spent weeks planning Waterford Kettering's fourth annual homecoming.

Results of its labor were revealed as Homecoming Week-end activities, revolving around an Egyptian theme, began this afternoon.

School spirit was aroused by the pep assembly, which featured a skit by the varsity cheerleaders, an introduction to the starting lineup for the football game, and the announcement of the 1965 homecoming king and queen.

Senior candidates for king were Stephen Allen, Richard McPartlin and Larry Pointer.

Competing for the title of homecoming queen were Mikki Belisle, Andrea Condon and Sue Lynn Dodman.

IN THE COURT
Representatives to the homecoming court are Jack McCloud and Carol Richardson, juniors; and William Penosa and Jan Johnson, sophomores.

The Captains oppose Part Huron Northern on Kettering's home field at 3:30 this afternoon.

Float contest entries will circle the field in pregame competition to be judged by Donald Tatroe, superintendent of Waterford Township schools; and John Riley, from The Pontiac Press.

Kettering's marching band will play "Lawrence of Arabia," "Hello Dolly," "When Johnny Comes Marching Home Again," and to honor the returning alumni, "Hail, Hail, The Gang's All Here."

ROSES FOR QUEEN
Forming a crown, the band will play "Smile" to salute the homecoming queen, as Principal James E. Fry presents her with roses.

Tomorrow night the Student Council will present the coronation ball, "Evening On The Nile," from 8-11, in the gymnasium.

Under the chairmanship of Leslie Lobb and Genie Burns, the court will boast an oasis scene complete with palm tree, and the gymnasium stage will have a mural of the Sphinx as a backdrop for the king and queen.

Artificial fruit and silver goblets will be arranged as centerpieces in the cafeteria, and Egyptian flails and domes will decorate the winners.

A welcome sign will be hung between the lobby doors in honor of returning graduates.

Cookies, punch and a cake decorated in an Egyptian motif will be served as refreshments.

Proper dress will be suits and semiformal.

Student council committee heads are Richard McPartlin, half-time; Billie Holcomb, publicity; Pamela Scruggs, tickets; Teresa Aschliman, refreshments; David Reinhardt and Richard McPartlin, judges; John Kampson, entertainment; and Jacquelyn Ross, invitations.

Co-op club has organized and elected officers. Chosen were Linda Fields, president; Linda Mattingly, vice president; Linda Ferre, secretary; and Ruth Coffee, treasurer.

Central Band Will Perform Downtown

By HELEN COLLIAS
Scheduled for three weekend performances, the Pontiac Central High School Band, directed by Richard Morris, band leader, will perform this evening in honor of the introduction of new Pontiac car models.

In addition, the high school stage band and a four piece combo will play. Members of the combo are Dennis Blanchard, Joseph Reyes, Lee Reyes, and Alan Wesley. Both groups are members of the marching band.

In their specially designed new uniforms, Central's band will provide colorful halftime entertainment tomorrow at the PCHS Bay City game at Wiser Stadium.

Formations will begin with a new arrow entrance leading into a treble-clef design. In another maneuver, bandmen will form a folded umbrella which gradually opens as they play a Mary Poppins tune. From this they will march into an animated slide-trombone formation.

Concluding the show, the band will play Central's traditional fight song while forming the letters PCHS.

The band has also been invited to play for Pontiac's professional Arrow Football team Sunday.

Troy

By RICK SHAVER
Girls for the Troy High School homecoming court were chosen last week.

Seniors are Shirley Bollinger, Diane Brown, Margie Cook, Connie Long and Lisa Targal.

Juniors are Chris Crighton, Stephanie MacColman and Charlotte Wells.

Sophomores are Peggy Craig and Marsha Renshaw.

The freshman candidate is Debbie Bernetti.

The Melodaires, a 17-piece band, will be featured at the homecoming dance tomorrow at 9 p.m.

The junior class decorated the gym.

Oxford

By ANN ASHLEY
Oxford High School will play Lapeer in the annual homecoming game tonight. A parade of bands and floats through the business section to the football field will launch the festivities.

During halftime ceremonies the homecoming queen will be crowned from among candidates Carol Burham, senior; Greta Hedburg, junior; Joan Alldredge, sophomore; and Betty Conner, freshman.

BULLETIN BOUNCE

Scrambling to catch bulletins and materials earmarked for West Bloomfield High School annual Post-High Planning Night Wednesday at 7:06 p.m. are (from left) Darryl Holliday of 3721

St. Fred Students Give Club Reports

By ERNESTINE MOORE
The student body of St. Frederick High School assembled this afternoon to hear representatives of the various clubs present reports on their organizations.

Representing the major clubs were Mary Lou Marion, National Honor Society; Santa Pavline, Confraternity of Christian Doctrine; Paul Schmuck, Sodality; Bridget Scully, Future Nurses; and Stephanie Williams, Future Teachers.

Other clubs at St. Frederick are Pep Club, Sacraments, Varsity Club, and Girls' Athletic Association. These clubs were represented by Maribeth Shore, Bridget Scully, John Curry and Karen Larson respectively.

Northwood, Jill Todd of 2315 Hiller, Lucy Alox of 5546 W. Maple, and Rick Walton of 6251 Willow. All are residents of West Bloomfield Township.

Special Night Slated for College Hopfuls

By MARGIT MISANGYI
The annual Post-High Planning Night will be held at West Bloomfield High School Wednesday.

The college night activity consists of three 20-minute sessions, beginning at 7:05 p.m. with five minute intervals between sessions.

There will be speakers from several colleges, technical schools, the services, and other branches of education.

Juniors, seniors and parents are urged to attend and choose the three categories pertinent to future plans.

WB's homecoming game and dance will take place Oct. 23.

Tickets may be purchased at the school.

NOMINATIONS
The homecoming court will be nominated Tuesday.

Tonight at 8, West Bloomfield will host Clarenceville in football. A post-game dance, sponsored by American Field Service will be held in the gym.

WB is offering its students a "Great Books" program, giving students an opportunity to read and discuss books that are considered an essential part of a liberal education.

Not school sponsored, the program is led by volunteers from the area.

Broadway Flavor Returning to Rebel Street in Santo Domingo

SANTO DOMINGO, Dominican Republic (AP) — The sanding machine-gun emplacements guarding the approaches to the rebel zone in Santo Domingo are gone. Stores and offices have reopened, and the young men with guns have disappeared. Pretty young secretaries stroll at lunch hour along El Conde Street.

The April rebellion is not over, but a visitor returning to the Dominican capital after two months is startled to find that the human — will be featured.

Broadway of Santo Domingo no longer an ominously empty street in the heart of the rebel zone.

The rebel zone continues to exist — an enclave of 25 square blocks crowded with low-income homes and with its back to the sea. Barbed wire still surrounds the area, and troops of the inter-American peace force patrol the perimeter.

But only the sentries carry guns. Most of the 10,000 foreign troops go about unarmed. Their jeeps and trucks stick out strangely in the rush hour traffic. Young U.S. paratroopers scout about town on rented motorbikes.

ONLY CIVILIANS

Neither the foreign troops nor men.

dominican army troops go downtown into the rebel zone. Only civilians have free movement. The zone remains a sanctuary for those who rebelled and continue to struggle for the goals of the revolt.

The pro-Castro June 14th Movement, once outlawed, has reopened its office on El Conde. So has the Popular Dominican Movement — MPD, one of the nation's two Communist parties.

The majority of the banners on streets and buildings are signed by the June 14th Movement, the MPD and Dominican Communist party. Last Sunday they led 53 other organizations in the establishment of the United Anti-Imperialist and Constitutionalist Front.

Ex-President Juan Bosch, just back from exile, refused to allow his big Dominican Revolution party to join the leftist front. But he and thousands of Dominicans agree with its principal announced goal: the immediate departure of the 9,000 U.S. troops who make up the bulk of the inter-American force.

A survey shows a 17 per cent gain in Roman Catholic Church membership in Wales over the last decade and losses among Protestant denominations.

STATUS OF WOMEN: Less

MADISON, Wis. (AP) — The Wisconsin State Commission on the Status of Women has named a five temporary committee in the establishment of the United Anti-Imperialist and Constitutionalist Front.

Viet People Vary Greatly on Opinion of U.S.

(EDITOR'S NOTE: What do the common people in South Viet Nam think about the war? Associated Press reporters interviewed Vietnamese in cities and the countryside in an effort to get a sample of what the people think.)

SAIGON, South Viet Nam (AP) — "I like Americans because they are here to help us win our freedom," said a merchant in Saigon.

In the Mekong River Delta south of the capital, a peasant said: "I have never seen an American and don't know what they are doing in Viet Nam."

The comments reflect a bewildering divergence of opinion among the Vietnamese people over the war and its impact on their lives. There appears to be no such thing as a consensus.

Many Vietnamese say they have no opinion on the government's fight against the Viet Cong. They show little inclination to discuss the war. Others assert they do not understand what the fighting is about and say they know nothing about democracy or communism.

IN CITIES

Most support for the government is voiced in the cities. This is especially true in the capital where the government's influence is greatest. The presence of U.S. troops in expanding numbers also seems better understood in the cities, where the Vietnamese come into daily contact with Americans.

In Saigon, however, some Vietnamese acknowledge that they have no great love for Americans or their ways.

"How can I like them when I cannot understand them?" asked a 53-year-old taxi driver. "But if they were not here, we would lose the war."

A teen-age waitress who speaks English and serves U.S. military men at an officers' club had another view.

ENJOYS TALK

"I am curious about the ways of Americans, and I enjoy talking to them," she said.

The picture changes radically out of the city. Some Vietnamese who have had little contact with Americans think of them in terms of the French, who once ruled Indochina.

"They both look alike to me," said a 38-year-old woman in a hamlet 35 miles south of Saigon. Less than 10 miles from the capital many Vietnamese tend to lose all identification with the government.

Several persons interviewed in rural areas believed Ngo Dinh Diem was still in power. He was slain nearly two years ago in a coup. Few had heard of South Viet Nam's present premier, Nguyen Cao Ky.

The overriding concern of the people in the countryside appear to be for their safety and to provide enough money for their families. Little else seems to matter to them.

The most sophisticated opinions seemed to be held by persons in Saigon's upper classes. Many were certain that the government would win the war but at the same time they contended that the government was not stable and lacked support among the peasants. Some expressed strong nationalist sentiments and seemed sensitive about the U.S. military buildup.

"It is in the interest of the United States to safeguard our freedom," said a civil servant, "you are fighting to protect Southeast Asia from communism as well as South Viet Nam, but this is our country and this is our war."

SAIGON POET

A poet in Saigon said: "You Americans have good intentions but much of your aid never reaches the people. You can only win with the support of the masses and the Viet Cong have shown they are better at winning the masses than you are."

Said a 45-year-old school teacher: "Many Vietnamese are fighting on the side of the Communists still believe they are fighting for a just cause. They turned against the government because of the oppressions of the Diem regime, but they do not realize they are not sacri-

ficing their lives for their country but for Communist dictator-ship."

13th Century Pope's Tooth Reported Stolen

FUMONE, Italy (AP) — A silver and gold case containing what is said to be a tooth of 13th century Pope St. Celestine V has been reported stolen from a castle chapel.

The reliquary was kept in a show case in the chapel of the Castle of Fumone, in central Italy east of Rome, together with other precious relics. The chapel and the castle are open daily to visitors.

Newspaper editors have a higher level of anxiety than frog men and aviators; the least anxious of all professionals are university administrators.

Big Class Scores High

PROVIDENCE, R.I. (AP) — The largest class in Rhode Island College's history has scored 10 points higher than last year's incoming class on scholastic aptitude, mathematics, and verbal tests, says admissions director Frank A. Bucci.

Nearly half of Uruguay's 3 million people live in Montevideo, the capital.

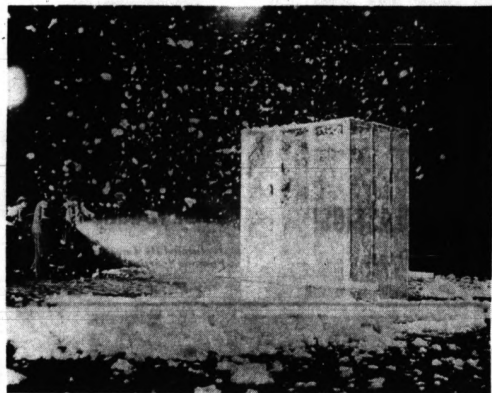

Photo Highlights of Today's News

PRECISIONED BEAUTY—This pretty lineup of young marchers is the Rac-Vens Drill Team, international champions. Directed by Jackie Rae Voorhees, the drill team was one of the featured attractions last night at the Fire Fighters

Festival at Wisner Stadium. The girl marchers topped a program showing the art of fire fighting. Music was provided by the Pontiac Northern High School Marching Band.

Pontiac Press Photo

SNOWSTORM — The use of soapy foam, looking like snow, was among the various techniques demonstrated last night at Wisner Stadium at the Fire Fighters Festival. The festival was sponsored by Oakland Coun-

ty iPremen and the Pontiac Area Chamber of Commerce. Proverbial tricks of the trade were shown as part of the local observance of Fire Prevention Week.

Pontiac Press Photo

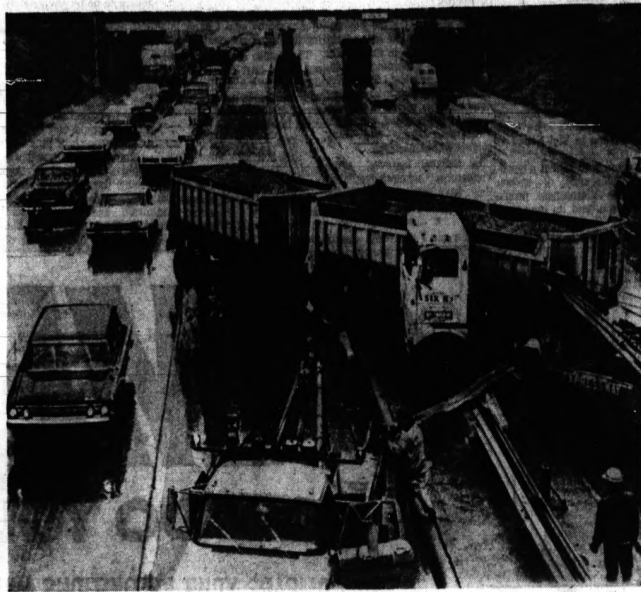

'SLIDE FOR LIFE' — Pontiac fireman Tony Zografos demonstrates a fireman's "slide for life," a technique employed in making a fast descent with the aid of a rope.

QUADS LEAVE STATE — Michigan lost four of its famous citizens yesterday when the Guinnane quads and their family moved to San Antonio, Tex. Loading the 4-year-old boys on a jet was the chore of their father, Gerard Guinnane, formerly of Highland Park. The family includes three other boys.

WINS PONTIAC — Alex Lamone (center) of West Allis, Wis., receives keys to the Original GeeTo Tiger he won in a contest sponsored by Hurst Performance Products. Making the presentation at Pontiac Motor Division is George Hurst, president of the Madison Heights firm. Watching are Pat Pettengill (left), Pontiac sales manager; John DeLorean, Pontiac general manager; and Richard Day, managing editor of Car Craft magazine, a contest judge.

AP Photos

JAMMING UP FREEWAY — This double trailer and tractor loaded with gravel disrupted traffic for more than two hours yesterday on Detroit's John Lodge Freeway after

it crashed through the median guard rail. No other vehicles were hit and no one was injured. Truck driver Ronald Hoy, 29, was ticketed for careless driving.

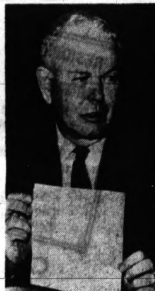

AP Photos

POE LETTER — Charles Hamilton, New York dealer in rare manuscripts, holds up part of an original Edgar Allen Poe letter he said was stolen from a Baltimore library. He said he had confirmed the theft in a telephone conversation with the library director. Hamilton said he received the part of the letter from a Baltimore stamp collector who bought it unknowingly.

SHOCKED WITH PRESIDENT — Sgt. Thomas Thompson Sr. holds hands with his wife, Carrie, in a ceremony General Hospital at the San Francisco Presidio yesterday after receiving a telephone call from Pres-

Will Discuss Viet Anywhere---Goldberg

UNITED NATIONS, N. Y. (UPI)—The United States stood ready today to discuss an end to the Viet Nam war "in any forum," including the United Nations or a reconvening of the 1954 Geneva Conference.

Ambassador Arthur J. Goldberg, in an angry rebuff to criticism by Foreign Minister Joseph Murumbi of Kenya, told the General Assembly last night it is not the United States but North Viet Nam and Red China which refuse to "bring the war to the conference table," here or elsewhere.

He pointed out that both President Johnson and he had said in repeated statements that the United Nations should cooperate in "bringing this war from the battlefield to the conference table."

"We will enter into any forum, including a reconvening of the Geneva Conference," he said. "We seek to withdraw our troops but our troops will not be with-

drawn until the aggression stops."

Although there have been suggestions from many countries that the 1954 Geneva Conference be reconvened to settle the Viet Nam crisis, the United States has been cool to such proposals in the past.

NO EARLY NEGOTIATIONS
Despite hints found by some sources in a speech Hungarian

Some Water Levels Still Near Record Lows
LANSING (AP)—Water levels in south-central Michigan remained near record lows in September, but the level in Roscommon County was near record high, the U.S. Geological Survey reports.

The survey also reported a sharp rise in a key well in Gratiot County after heavy rains. The well, which had been at a record low level, climbed to about average.

Foreign Minister Janos Peter said he made with "full knowledge of the opinion" of North Viet Nam and the Viet Cong guerrilla movement. It backs, diplomats saw no early negotiations on the Vietnamese conflict.

British Foreign Secretary Michael Stewart told a news conference he "could see no concrete evidence at the present time" that the Viet Nam war was moving toward a negotiated settlement. Refusing to put a "strong interpretation" on the Hungarian speech Stewart told newsmen:

"If Hanoi is ready to negotiate without any prior conditions, let them say so themselves."

Stewart said he planned to discuss with Soviet Foreign Minister Andre Gromyko the current Viet Nam situation and the possibility of reconvening the 1954 Geneva Conference. Britain and Russia were co-chairmen of that conference.

U.S. Building Giant 'Ear'

GOLDSTONE, Calif. (U)—Engineers are putting finishing touches on a \$12-million saucer here on the Mojave Desert, and scientists hope the big dish will become the nation's most productive hearing aid.

When finished next April, the 8,000-ton dish — called a parabolic antenna — is expected to extend America's spacecraft tracking ability by 600 per cent — or out to 1.14 billion miles from the earth.

The giant dish, 210 feet in diameter, dwarfs the other 55-foot antennas of the deep space net. These antennas have tracked all of America's lunar and planetary probes.

The mammoth dish has been under construction for two years, the work being done by the Rohr Corp. for the Jet Propulsion Laboratory in Pasadena and the National Aeronautics and Space Administration.

A close look at the antenna's deep-dish contour gives the impression the viewer is inside a giant basketball stadium that can be tipped on edge and slewed around full circle. This tipping and slewing, officials said, is accomplished with the aid of a thin film of oil.

Engineers explained that the antenna rotates on a hydrostatic bearing that supports 2,500 tons on a film of oil one hundredth of an inch thick.

They also said that the antenna dish is accurate to a full circle within five hundredths of an inch, and is built to survive winds up to 120 miles an hour.

The antenna can be turned, they said, automatically, or by simply rotating two knob-like handles. Maximum speed is about as fast as a man can walk.

Summer Bulbs Need Winter Care

Falling leaves and colder days are a signal to gardeners that they must once again store summer flowering bulbs and tubers for the winter.

Some of the bulbs that have to be dug and stored are: Dahlias, cannas, caladiums, and tuberous begonias.

Most bulbs should be dug after the first killing frost, although dahlias can be left in the ground several days after the tops have died.

Since moisture control is the biggest problem in storage, you'll want to use a storage medium that will absorb excess moisture from the outside of the bulb, but won't suck out water from the bulb itself.

Horizontal vermiculite, a sterile mineral, is one of the best mediums to provide a neutral environment — so the bulbs won't dry out through loss of

Researchers Seek Solution

Treatment of sewage may help solve problems of stream pollution and bring better crops.

A team of researchers is working on the project at Pennsylvania State University with results encouraging enough to convince them to increase from 7 to 65 acres the land being sprayed with waste water.

The treated sewage is being expelled onto field crops, and in woodlands where, it is hoped, forest plants and wildlife will benefit.

The treated sewage comes from the university's treatment plant, which serves 20,000 students and nearly 3,000 residents of the borough.

Eventually, sponsors hope, they can use the entire output of the sewage plant for agriculture.

SEWAGE EFFLUENT

The sewage effluent has shown good fertilizing effects in a comparison of treated and untreated crops.

In woodlands, a series of 40-foot high pipes have simulated rainfall onto trees.

Taking part in the experiment are geologists, who follow the treated sewage to determine whether it seeps through the soil to streams they want to keep clean.

Wildlife management experts also will study the effects on animals.

Others are sanitary engineers, foresters and health officials.

Early Autumn Favorable for Stem Cuttings

Early autumn is a favorable time to propagate cuttings of your favorite plants.

A system less tiring and messy than the one you may use now is to cut leafy stems from healthy plants, dip the ends in a hormone rooting powder.

Then put a three-inch clay pot, with its drainage hole plugged, inside an eight-inch pot.

Fill the larger pot with a rooting medium such as vermiculite, or clean sand mixed with peat moss or sphagnum.

Set the cuttings in the planting medium, then fill the small pot with warm water to provide moisture for cuttings by seepage through the porous pot walls.

For most cuttings, a temperature of 70 to 75 degrees and good light should do the trick. Turn the pots occasionally.

Harbingers Of Spring Early in Autumn

Plant Minor Bulbs

One way to rush the spring grassy areas where they will bloom long before there will be any grass to mow.

One of the first to flower is the little snowdrop, or Galanthus. This bell-shaped white bud will appear in late January or February.

They prefer moist humus soil and light shade, such as that in woody areas.

Of course, the crocus is the best-known of these hardy little bulbs. The goblet-like flowers come in shades of blue, yellow, gold and white.

Sometimes they have leathery markings, or stripes.

They appear about the same time as the crocus is the scilla, or blue scilla.

When planted in large numbers about trees or in rock gardens, they look like brave toy soldiers marching through the garden.

Boost Nature; Feed in Fall

Modern plant foods help grow the most vigorous and beautiful plants of every kind — grass, flowers, shrubs, evergreens, vegetables and fruits.

Extensive research has proved conclusively that chemical fertilizers produce better, healthier plants without depleting the soil or adversely affecting the nutritive values of edible plants.

Excellent and easily manageable plant foods of many different types and modes of applications are available.

You can mix the proper ingredients yourself or have them custom-made for your garden needs by buying a well-known completely balanced plant food which widens properly balanced mixtures of the three elements that soils are most likely to need: nitrogen, phosphorus (Phosphoric Acid) and potash.

A fertilizer containing chelated iron will give the deep color that makes a healthy plant more handsome.

Through the miracle of modern science, fertilizer can now be completely utilized by plants because of nutrient — saturated granules which feed completely and evenly.

This "Corncock Chemistry" odorless fertilizer is a far cry from the old-style, evil-smelling, hard-to-apply fertilizer.

One of the most versatile machines on a farm is a rotary mower. It can handle jobs in weeds, grass, sprouts and stalks.

Enjoy Cool Weather in Your Garden

Wise gardeners seize the chance fall offers to take care of necessary chores for next spring's garden.

There are many things that simply must be done in the fall—like planting spring flower-bulbs—and there are lots more that can be done for more time to enjoy next spring's joyful garden.

Fall is the time to plan and plant, to feed and fertilize. In other words, it is the time to set in motion the age-old life processes that will germinate during the sleepy winter months and burst into bloom next spring.

Make your own check-off list for the tasks that should be done in the next few weeks.

Then relax with the satisfaction of knowing that your lawn has been given the best possible start and that the trees, shrubs and bulbs have been planted.

STORE TOOLS

Finally, remember to protect and then store all tools and maintenance equipment—with the best possible care for the winter idleness.

First, regarding planting: fall is highly advantageous as a planting time.

Trees and shrubs planted now

FALL CHORES—Seeding, feeding, planing, raking—the tasks for fall gardening are many. But, in the glorious days of autumn it is good fun to take care of the chores that will help make the family garden a source of pride and joy next spring. Enrichment of the soil, lawn care, the planting and

transplanting of trees and shrubs are all part of the experience. Selection of bulbs and planting in all the spots that are to be brightened next spring by tulips, daffodils and hyacinths are some of the most pleasant parts of fall gardening.

will be firmly established by spring, ready to break into normal growth without having to establish themselves in the precarious spring weather.

In the fall the warm sunny days and cool nights stimulate root action.

Since the tops are not growing during autumn, the roots of trees and shrubs keep right on growing well into the holiday season, even after frost has arrived.

Here, a word to the wise is in order to guard against that prevalent danger, winter kill.

In order to protect trees and shrubs against water loss in winter spray this fall with an anti-transpirant.

MODERN COATING

This modern coating protects trees and plants, checking the killing process and eliminating the use of old-fashioned burlap screens and ugly wrappings.

When reseeding or starting a new lawn, remember that bargain seeds always prove more costly in the end because they are short-lived and usually cover far less square footage than a good, reliable seed from a reputable house.

By selecting the proper seed and a quality fertilizer the health and beauty of next spring's lawn are assured.

Fall is also the time of the year to improve the soil of your property by mixing in ver-

miculite, plant food, top soil, humus, etc., all of which can best be done in the autumn, either by hand or with a tiller—prior to planting.

All the foregoing may sound as though the job of garden maintenance is a never-ending one.

But the autumn cleaning is far more important than spring cleaning—for garden health.

If the garden is made spic-and-span for winter, the grass, trees, shrubs, and flowers are provided opportunity for full growth next spring.

MOTORIZED EQUIPMENT

With motorized maintenance equipment fall leaves and grass clippings, and "thatch" and debris, can readily be disposed of.

By the application of weed-killer and insecticide this fall, next season's garden gets a better chance.

If this is not done, the snows may provide a cozy incubator for these pesky pests and weeds to thrive and make early spring garden work much harder.

While all the garden work done carefully and expediently guarantees a lovely spring, another phase of fall gardening will delight the homeowner by

Select Variety
of Spring Bulbs

for Longer Bloom

Bulbs require little care and planting is easy in well-prepared ground.

Bulbs should be planted before a heavy freeze for good root development.

Plant tulips, daffodils and hyacinths about 4 inches deep and six inches apart in well-drained soil.

Additions of sand or peat moss will improve drainage.

Water well after planting and should there be drought water well in the fall.

EXCELLENT EFFECT
We got excellent effect last season by planting a dozen bulbs of the same color in clumps.

This year we plan to plant in larger groups.

If all your bulbs are the same variety you'll get all the blooms at the same time.

Select varieties carefully and quickly obscuring any scars you'll have flowers from early April through most of May.

providing an indoor garden in mid-winter.

The wonderful pastime of forcing flower-bulbs to early bloom and the ability to cultivate plants and shrubs for indoor use can all be done in red clay pots.

Ever since man mastered the ancient art of pottery, he has been fortunate enough to be able to garden indoors in winter climates, with the use of nature's own material, pots of ordinary clay.

Bulbs planted this fall to blossom in mid-winter will cheer the bleak months with colorful displays of tulips, daffodils, and hyacinths. Indoor forcing can thus result in blossoms in January, February and March.

Thin Matted Grass

During Fall Months

Autumn is appropriate season for thinning matted grass.

It is the time of year when Kentucky bluegrass fills in well, and quicky obscuring any scars you'll have flowers from early April through most of May.

Give Rabbit Pests
a Quick Brush-Off

If rabbits raid your radish-ranch, rout the rascals with repellents.

Rabbit damage to small vegetable and flower gardens can be reduced by fencing or using chemical repellents, reports Charles Shick, Michigan State University Extension Specialist in Wildlife Management.

If garden areas are small, fencing is the best solution to the rabbit problem, says Shick. Use one and one-half inch poultry netting about 24 inches high. Be sure the bottom fits the ground tightly.

In places where fencing is not practical, repellents can be used which will cause rabbits to avoid treated plants. Several commercial repellents are now available at local lawn and garden supply centers, farm supply houses, grain elevators, hardware stores, etc.

Shick lists the following as effective repellents:

• Dried Blood—rabbits hate the smell of this material. It can be purchased ready-mixed in dust or spray form. It is a type protection against rabbits if used too often it could result in an oversupply of nitrogen.

• Nicotine Sulfate Spray—This material will give protection against rabbits if used in concentrations recommended for insect control.

• Bordeaux Spray—(without arsenic)—This may be used either as a spray or dust. Use in amounts recommended for insect control.

• Tobacco Dust—When mixed with alum this material has been reported effective against rabbits. Use two ounces of powdered alum with every pound of insecticide grade, fine tobacco dust. Cover the plants thoroughly.

BEST RESULTS

For best results, Shick advises that powdered repellents be applied early in the morning when plants are covered with dew, or right after a rain. If a dust is not available, a bag of dry cloths may be used to sift repellent dust on plants.

Double-Slaying Suspects Held

Connecticut Youths
Captured in Vermont

BELLOWS FALLS, Vt. (AP). — Two Connecticut youths — aged 14 and 15 — were held today in the slaying of the mother and sister of one of them.

They were captured Thursday night after a state trooper spotted them at a traffic light and followed them to a roadside restaurant in the country village of Chester, near the New Hampshire line.

Police said Roger Beaudry Jr., 15, and James McCann, 14, surrendered without a struggle after Trooper Gerald Lefevre called for aid.

Officials said they were suspects in the shooting of Beaudry's mother, Ella Beaudry, 42, and his sister, Roberta, 11. The bodies were found late Wednesday in their Cheshire, Conn., home by Roger Beaudry Sr., husband and father of the victims. Both had been shot in the head.

NOT ARMED

The boys were not armed, police said, but four guns were found in the car trunk.

The fathers of the boys said they had never been in serious trouble.

The shootings apparently took place while dinner was being prepared, police said.

A partly assembled bicycle was found in the basement. Police said the slain girl won it in a contest and that the family had picked it up the day she was killed.

FOOT OF STAIRS

Mrs. Beaudry's body was found at the foot of stairs leading to the second floor of the house, police said. Roberta's was nearby. A trail of blood led from the top to the bottom of the stairs.

When Beaudry returned from his job at a trucking company, he called police and said, "I just found my wife and daughter dead!"

Beaudry told police that the family car was missing, along with \$800 in cash and four guns — a .22 rifle, a .30-30 rifle, a pump action shotgun and a double-barreled shotgun.

The Beaudry home is near the town line of Waterbury and Prospect, Conn.

The McCann youth lives in Prospect, a short distance from the Beaudry home.

Jail Lure to Escapee?

MILWAUKEE, Wis. (AP). — William Tabor, 22, who fled the county jail in May, returned to the building almost daily but not to finish his one-year sentence for forgery.

Tabor, taken back into custody, told authorities he kept going back to wash the jail windows. It was part of his job with a Milwaukee cleaning firm.

Sheriff's deputies caught up to Tabor after an anonymous tip. They found him at home.

Technology Minister of Britain to Visit U. S.

LONDON (AP) — Frank Cousins, minister of technology, is due to leave Monday for an eight-day visit to the United States, the ministry has announced.

He is to visit the National Bureau of Standards in Washington, the Massachusetts Institute of Technology in Boston, and tour a number of computer and machine tool plants.

From the
Press BoxBY BRUCE LAMBERT
Sports Editor, Pontiac Press

Vince Lombardi? Paul Brown? George Wilson? Who will be the first coach of the new Atlanta Falcons of the National Football League?

Men in the business say Lombardi has the inside track. Brown is available and Wilson is a strong candidate.

As the story goes, Rankin Smith, the new owner of NFL's newest franchise, obtained at a cost of \$8 million or thereabouts, would settle for Lombardi and stop all rumors.

It seems that Mrs. Lombardi, unhappy since her move from the Big Town of New York to the Wisconsin farm area, now travels with the Packers on all trips to get away from the boredom of Green Bay.

Thus, she would welcome and press the move with Mr. Lombardi. Mr. Lombardi, however, has a mighty good contract and a winner, and is order to match his financial success in Green Bay wants a big share of the franchise in Atlanta.

This share might be too much for Smith's approval.

BROWN AVAILABLE
Now to consider Brown, once the dictatorial coach of the Cleveland Browns, deposed by owner Art Modell, but still a vice president via his stock holdings in the franchise.

Brown also wants a big share of the Atlanta stock to go with his coaching there, and it is known that he usually wants something to say about, everyone and anyone who comes into "his" organization.

The fact that he is available at this time, and has not been given the job makes it appear that his chances are lessening. Wilson, the ex-Lions' coach who is assistant at Washington, was back at his old stamping grounds in Tiger Stadium last Sunday.

"Well, George, you are looking forward to Atlanta?" was the question put to him bluntly.

A smile, a moment of hesitance and then the answer, "One really never knows, huh?"

Sony Grandelius, one of Wilson's assistants and now TV assistant telecaster on Lions' games, says, "I think George has it all wrapped up."

The truth should come by mid-December.

ATLANTA SCHEDULE

The Atlanta team which picked off a few members of the Detroit Lions' organization, namely Bud Eickson and scout Gene Gorman along with ex-player Steve Junker, is expected to be part of the Eastern Division of the NFL.

Their schedule, however, will be 14 games playing every one of the other 14 teams during the 1966 season.

When the 16th team is added for 1967, presumably Houston or possibly New Orleans, the Western and Eastern Divisions will have two sections of four teams.

One plan has it that each team play 15 games, once against each team in both divisions. Another is to have each team play 14 games, home and home within the division.

In either case, the two sectional champions are to play for the divisional title and subsequently play in the NFL championship game.

Whichever the format, it certainly doesn't look like the NFL is thereby planning to accept the AFL challenge for a championship game as everyone is predicting will take place by 1967.

British Take Early Lead
in Ryder Cup Golf Play

SOUTHPORT, England (U-P)—on top on most of the holes to the British professional golfers seized an early advantage when they resumed the Ryder Cup struggle against the United States in colder weather today.

In the face of an easterly wind which brought a nip to the air on the Royal Birkdale links, Dave Thomas and George Wills were 5-up at the turn in the first four-ball foursomes match against Don January of Plainview, Tex., and Tommy Jacobs of Denver, Colo.

Britain's second pair, Lionel Platts and Peter Butler, began the day with three birdies and reached the turn 3-up on Billy Casper of San Diego, Calif., and Gene Littler of La Jolla, Calif.

The two countries were tied at four matches apiece after the first matches yesterday.

Red Wings' Captain
to Miss Exhibition
DETROIT (AP)—The Detroit Red Wings announced Thursday that team captain Alex Delvecchio would enter the University of Michigan Medical Center Friday and would miss the exhibition hockey game against Boston in London, Ont.

Delvecchio will undergo tests to determine the cause of an allergy which has been bothering him for some time.

Cards Hole-in-One

Frank Schuck, sales manager at John McAllister Ford, carded a hole-in-one on the 123-yard eighth hole at Waterford Hills' par-3 course Wednesday using an 8-iron. He carded a 31 for the record.

THREAT FOR CHIEFS—Posing a strong threat to Pontiac Central's unbeaten record Saturday night will be this invading backfield foursome from Bay City Handy. They

are (l-r): halfback Lance Lukowski, fullback Malcolm McCuen, halfback Tim LaVigne and quarterback Jerry List. The game starts at 8 p.m. at Wisner Stadium.

Twins Beaming After Handing Koufax
Threat to No. 3 Chiefs

Pontiac Central's Chiefs have a lot in common with Bay City Handy's Wildcats, tomorrow's foe on PCH's football schedule.

Both are undefeated, experienced, eager and both are currently impressing followers of Saginaw Valley Conference football.

There are more similarities—both own rugged defensive units and both are looking for their second SVC championship.

And of course, there are differences, the most notable being the high-scoring offensive squad of Pontiac Central.

Another difference is that the Chiefs are perhaps a trifle hungrier. PCH's only league championship came away back in 1943.

NEW SCHOOL

Handy, a relatively new school, entered the SVC in 1961 and captured the title with a 7-1 record.

Neither fared well in 1962, '63 or '64, but both are making championship noises this season and each will be trying to eliminate the other Saturday night at Wisner Stadium.

Kickoff is at 8 o'clock.

The Chiefs have won three games in a row and lead the league. They also command the No. 3 spot in the Associated Press high school football poll.

And in winning, PCH has been impressive. Saginaw Arthur Hill (33-7) was the first victim, and then came Midland (19-4) and Flint Northern (21-4).

MATTER OF PRIDE
"Their play is really a matter of pride," coach Paul Dellerba said after watching the Chiefs blank Flint Northern.

"These kids have played to gether awhile, and they have a lot of pride. There are no real stars. They held each other out."

The Chiefs took the top five positions for 15 points. Arthur Hill posted 58 and Saginaw 64.

Bill Hollis led the way with a time of 10:19, six seconds ahead of runner-up Martin Acosta. Joe Dickie was third, Harold Boone fourth and Lester Johnson fifth.

PCH meets Flint Central and Midland in a showdown next Thursday at Midland.

Farmington's Bob Donovan ran a 9:55 over his home course to beat Pontiac Northern's Nick Ochon by three seconds. PNH lost, 27-29.

BREAKS BARRIER
Ochoa's 9:55 is believed to be the first time a PNH runner has broken 10 minutes. Bruce Anderson of Farmington was third, Dave Pruett of Northern fourth and Dave Johnson of Northern fifth.

Jim Lindler, Don Colpits and Gene Small placed 1-3 at Walley Lake downed Waterford 17-46 to take first place in the Inter-Lakes League.

Arnold Palmer, leading the ball at the peak of his game, partnered Dave Marr, New Rochelle, N. Y., to a stylish 3-up lead after nine holes against Peter Alliss and Christy O'Connor.

The Latrobe, Pa., master was

Red Wings' Captain to Miss Exhibition

DETROIT (AP) — The Detroit Red Wings announced Thursday that team captain Alex Delvecchio would enter the University of Michigan Medical Center Friday and would miss the exhibition hockey game against Boston in London, Ont.

Delvecchio will undergo tests to determine the cause of an allergy which has been bothering him for some time.

Cards Hole-in-One

Frank Schuck, sales manager at John McAllister Ford, carded a hole-in-one on the 123-yard eighth hole at Waterford Hills' par-3 course Wednesday using an 8-iron. He carded a 31 for the record.

THREAT FOR CHIEFS—Posing a strong threat to Pontiac Central's unbeaten record Saturday night will be this invading backfield foursome from Bay City Handy. They

are (l-r): halfback Lance Lukowski, fullback Malcolm McCuen, halfback Tim LaVigne and quarterback Jerry List. The game starts at 8 p.m. at Wisner Stadium.

The Chiefs have been beating their opponents in the line.

On offense, tackles Tom Jenkins and Keith Dextron, along with center Marvin Quince, guards Leroy Jackson and Sylvester Robinson and ends Bob Boyce and Tom Howard have provided the running backs with a lot of room.

And on defense, there's been little room for the opposition to run. Poes have found it difficult to run through Mark Post, Mike Shorters, Steve Ewalt, Herb Mullen and company.

BIG BACKS

The Chiefs are expected to have their hands full in stopping guards Rolie Berger (205), a second team All-Valley selection in 1964, and Dan Shaheen, a 180-pounder.

Dodgers Glad
to Get Home

Manager Alston Has
No Changes Planned

LOS ANGELES (AP)—Dodger Stadium never looked prettier to the Los Angeles Dodgers after their disastrous invasion of Minnesota for the first two games of the World Series.

The Dodgers will be back at the stadium Saturday for the third game of the Series in which they trail the Minnesota Twins two games to none.

Does Manager Walt Alston plan any changes following the Dodgers' 5-1 loss Thursday?

"No, there aren't any changes we can make," Alston replied. "This is the same club that won the pennant, and this is the club we hope can come back and win the championship."

Ready to try and start the comeback is Claude Osteen, who won 15 and lost 15 during the season. Osteen will be the second left-hander Alston will use against the Twins. The first, Sandy Koufax, was a Minnesota victim Thursday.

FELL APART

Koufax confessed his trouble was elementary. His control suddenly went to pieces in the sixth inning.

The chilly air, the wet grounds from morning showers—neither was a contributing cause, the 26-game winner said.

"I just didn't have it when I needed it," Koufax added.

A friend confided he didn't look like the real Koufax. Sandy laughed. "There were some games where I looked worse than this one," he said.

Mauri Willis said he had no criticism of any kind of the Twins' stadium but quite frankly said: "I'm glad we're changing parks."

HOMEWARD—Zolo Versalles, Twins' shortstop who tripped, races home on a wild pitch by Dodgers' relief hurler Ron Perranoski (without cap) in the 7th inning of the

second World Series game. Umpire Tony Venzon makes the call as Perranoski charges to the plate hoping to make a play.

3 Gridders Share Lead
in County Scoring Race

Three county gridders share the scoring lead as they near the halfway mark in the 1965 football season.

Leading the way with 36 points are Mark Phalen, Holly, Mike Yeager of Milford and Ted Simmons of Southfield.

Phalen, runner-up to Milford's Jim Ward in the scoring race last year, collected three touchdowns last week

as Holly downed West Bloomfield.

Yeager, trying to follow in Ward's footsteps as scoring champion, picked up four TDs as Milford routed Brighton, 34-0.

OAKLAND COUNTY SCORES

Phalen, Holly 36; Yeager, Milford 34; Simmons, Southfield 32; Lutton, Ferndale 30; Gabbler, Kalamazoo 28; Gabbler, Kalamazoo 26; Gabbler, Kalamazoo 24; Gabbler, Kalamazoo 22; Gabbler, Kalamazoo 20; Gabbler, Kalamazoo 18; Gabbler, Kalamazoo 16; Gabbler, Kalamazoo 14; Gabbler, Kalamazoo 12; Gabbler, Kalamazoo 10; Gabbler, Kalamazoo 8; Gabbler, Kalamazoo 6; Gabbler, Kalamazoo 4; Gabbler, Kalamazoo 2.

U.S. Fighters Triumph

MUNICH, Germany (UPI)—American junior welterweight James Scates scored knockouts over their opponents Thursday in the first day of the international military boxing championships. Light heavyweight Wilson Gilbert, another American, also advanced by scoring decision over Othmane Malib of Tunisia.

MINNEAPOLIS, Minn. (UPI)—The seven-foot-long letter "S" that Southwestern Jim Kaat got from 700 students at his Alma Mater may have provided some of the inspiration for his brief performance Thursday in winning for the Minnesota Twins 5-1 over the Los Angeles Dodgers.

Kaat, a native of Zealand, an alumnus of Hope College, received the letter of congratulations and good wishes from Hope College students.

Not only did he pitch a winning game by beating down in the clutches, but Kaat contributed an eighth inning single that scored two of the Minnesota runs.

Setback of Dodgers/
Fearsome Pair Raises
Minnesota Hopes

LOS ANGELES (AP)—Brimming with confidence after beating the Dodgers' fearsome pitching pair of Don Drysdale and Sandy Koufax, the victorious Minnesota Twins expressed confidence today they can add nemesis Claude Osteen to their list of victims when the World Series resumes Saturday in Los Angeles.

Halfway to the World Championship after beating Koufax 5-1 at Minnesota Thursday on top of their opening 8-2 defeat of Drysdale, the Twins were even dreaming of a four-game sweep, produced earlier by Los Angeles General Manager Buzzie Bavasi—but by the Dodgers.

"I'd love to sweep," said Twins' Manager Sam Mele. "But they're a tough outfit, and you've got to play heads up all the time. I've been telling you guys we're pretty tough, too."

Perhaps the toughest assignment of the Series goes to Camilo Pascual, the Twins' right-hander who is slated to open in Los Angeles following Friday's off day for travel.

Not only will the American League champions be playing in the Dodgers' home park, but the Twins' record against the Angels there has been nothing to write home about.

LOW AVERAGE

Minnesota's batting average for nine games at Dodger stadium during the regular season was less than .200. They hit only one home run at Dodger Stadium all year.

In addition, left-hander Osteen was exceptionally tough for the Twins during his years with the Washington Senators. The 26-year-old southpaw, traded to Los Angeles last winter, holds five victories over the Twins without a defeat.

"We've hit Claude in some of the games," said Harmon Killebrew, the Twins' third baseman and home run king. "Maybe we can again."

The Twins beat Koufax without hitting a home run. The big blow was Tony Oliva's sixth-inning double, which drove in the Twins' first run, a clutch two-run single by Killebrew and Zolo Versalles' triple that led to a run in the seventh. Kaat helped his cause with a two-run, bases-loaded single in the eighth.

The Twins hit two home runs in the game for the Dodgers in the opener.

ARM TROUBLE
Pascual, who missed seven weeks because of back trouble, was an interesting duopet speculator during the Twins' first triumph. Did he think he learned something while watching Jim Grant and Jim Kaat tame the Dodgers hitters?

"The only way to learn is to go to the mound and do your own job," said the 31-year-old Cuban. "No two pitchers are alike. Grant pitches one way, Kaat another and neither pitches the way I do."

Koufax, a 26-game winner during the regular season, didn't pitch badly. He permitted six hits in six innings, striking out nine.

"I didn't feel I had it," said the stylish southpaw. "If my control would have been good, I might have gotten away with it, but it wasn't."

Walter Alston, the Dodger manager, agreed with his pitching ace.

"I've seen Sandy better," he said.

MINNEAPOLIS-ST. PAUL (AP)—The official box score of the second game of the World Series between the Minnesota (A) and Los Angeles (N) was 5-1.

Twins 5: 210 Runs 5: 400 Hits 11: 10 Errors 0
Pitchers: 1. Jim Kaat (W) 2. Claude Osteen (L) 3. Don Drysdale (L) 4. Sandy Koufax (L) 5. Jim Boutler (L) 6. Jim Grant (L) 7. Jim Kaat (L) 8. Jim Kaat (L) 9. Jim Kaat (L) 10. Jim Kaat (L) 11. By JERRY CRAIG

Local bowlers will move into Detroit's Riverside Bowl and Star Lanes (for the men) and Thunderbowl (for the women) tomorrow and Sunday for the state qualifying in the National All-Star Championships.

This year's Bowling Proprietors' Association of America national finals will be in January at Joe Joseph's Lansing Pro Bowl.

There will be six state locations holding eliminations this weekend. In addition to the seeded bowlers, 22 men's and 11 women's spots are available in the qualifying.

Four six-game blocks are slated: One each afternoon and one each night. The competition at Riverside Bowl and Star Lanes will reduce the men's field to 24 finalists.

The Detroit area women will cut to the top 12. The remaining bowlers will compete head-to-head next weekend, the men moving to Cleveland.

There has been no word received regarding how many All-Star spots are available at either Detroit final site.

Among the 14 bowlers seeded into the January finals are Pontiac's Mike Samardzija Jr., Bloomfield Hills' Dale Seavoy (both of the Strohs' Beer team), Grand Rapids' Marion Ladewig and Detroit's Anita Cantaline.

Last year's local qualifiers included Samardzija, George Chivovsky and Shirley Pointer. This is the first year the qualifying has included any seeded state entrants.

SPARE PINS

The Pontiac Bowl Bowlers who compete Monday mornings at Huron Bowl need sponsors for their eight teams. Additional information may be obtained by calling the establishment during the day.

PNH, Waterford Play Home Tilts

I-L Foes Tangle in Key Slate

The second Wisner Stadium appearance of Pontiac Northern and an Inter-Lakes League showdown at Waterford are on tonight's local high school football schedule.

Walled Lake's perennial I-L champion hopes to stake another claim tonight at Waterford. Both won their league openers last week and are 2-1 on the season.

Northern extends Farmington's dangerous Falcons at 8 p.m. and has a chance to end its 11-game losing streak.

Afternoon games include Port Huron Northern at Waterford Kettering, Wayne Glenn at North Farmington, Livonia Franklin at Oak Park and Brighton at Bloomfield Hills. All begin at 3:30 p.m.

The Kettering contest marks the school's homecoming celebration, as is also the Oak Park tilt.

UNBEATEN

Bloomfield Hills and North Farmington both are impressively unbeaten in three starts and risking their shares of first place in their respective league races.

Holly observes its homecoming tonight against Northville; West Bloomfield is entertaining Clarencville; and Milford visits Clarkson's homecoming.

Recher is Clawson's homecoming guest and Troy is similarly entertaining Warren Fitzgerald. Avondale is at Madison and Lake Orion at Warren Cousino.

Birmingham Seaholm is attempting to right itself against visiting Southfield; Royal Oak Kimball is risking its perfect mark against Hazel Park; and surging Ferndale is at Berkley.

Dendro also goes against Fordson as an unbeaten eleven; Orionville Brandon travels to arch rival Goodrich; and Ulica to Fraser.

Dryden plays at Capac, although it is the Cardinal's home game. Lapeer is Oxford's homecoming opponent and Romeo will have its celebration at 2:30 p.m. tomorrow against L'Anse Creuse.

Chelsea is at South Lyon tonight, and Imlay City visits Milledge.

Also tomorrow, Warren Moti will meet Country Day in Birmingham at 10 a.m.; and Cranbrook will be host to Romulus at 2 p.m.

The battle for the championship in the Midwestern Football League could end early this year.

Pontiac's Arrows are riding along in the top spot with a 4-0 record and they need only two more victories to clinch at least a tie for the title.

The Arrows hold a two-game lead over Lansing (2-2) and

Dayton (2-2) and they will go looking for their fifth division Sunday when they play host to Milan's Vikings.

If they get past Milan, a victory next week over Dayton on the Colts would clinch a tie.

Coach Lyle Wells doesn't talk about titles or championships, at least at this stage of the game. Neither do the players.

But they're thinking about it. Since the league was organized in 1962, the Arrows have won the crown twice ('62 and '63), losing out last year to Lansing's All-Stars.

"The games are all rough and we certainly are not looking past Milan. They (Vikings) have a good team and we know we'll have to play our best Sunday night," said Wells.

This is the same Milan team which the Arrows defeated 7-0 two weeks ago in a rough road game which saw several players sporting numerous bumps and bruises.

Pontiac scored the winning touchdown in the final period and coach Wells afterward called it the roughest game he had ever seen.

Mike Cunningham, a 275-pounder, and Walt Benton, a 280-pounder, anchor the tight defensive unit which handles the Arrows offensive line with ease.

FULLBACK STARS

Spearheading the offense is fullback Lou Bartoletti, who may also see some action at quarterback.

The Vikings recently signed former Arrows quarterback Mike Brown of Ferndale, who may see some action Sunday.

Mike's brother Pat, also a former Arrow, is now with Milan and plays offensive end.

The Arrows and Vikings will take the Wisner Stadium field at 7 p.m. Sunday. A midweek game will precede the Arrows-Vikings tilt starting at 6 p.m. The Pontiac Central band will perform at halftime.

Pike Honors Awarded to City Rec Players

Tom Walters and Keith Deaton were the honorees last night but the real tribute was for the 10 men who 20 years ago decided to dedicate an evening each year to Billy Pike.

The occasion was the 20th anniversary of the Billy Pike Memorial group's first presentation to a local recreation athlete in remembrance of the sacrifice made by Pike who gave his life in World War II.

Pike was a fine infielder in city recreation baseball before serving in Europe where he gave his life during the closing months of the conflict.

His parents, the W. C. Pikes of St. Petersburg, Fla., were among the 38 persons attending last night's dinner at Devon Gables.

LARGEST CROWD

This was the largest crowd ever to attend one of the gatherings. Included were many

past winners of the Pike Memorial Trophy.

Walter, a fine left-handed hurler for city champion Huron-Airway, received the award for 1965. The Detroit Institute of Technology student also received the Press Most Valuable Player award this year.

The group also several years ago took over sponsorship of the Duke Greenway Memorial Plaque. This award is for outstanding playing contributions in the city junior baseball program.

Deaton, a senior at Pontiac Northern High School, won the honor this summer while playing for the Auburn Heights Boys' Club.

Greenway was also a stand-out city baseball performer who died in a traffic mishap while in his prime.

Ex-Local Prep Passers

Hit for Grid Rec TD's

John Lucadami and Bob Pomeroy, a pair of former quarterbacks are still passing in the city recreation touch football.

Lucadami ran eight yards and passed for another as Orchard Lanes won over the Offenders 12-6.

Pomeroy ran 15 yards for one score and passed five yards to Bob Weinberger as McDonald's defeated Mort Mart Bandits, 12-7.

Don Kaah passed 20 yards to Gary Hayward for the Bandits, while Jerry Olson took a pass from Dennis McDonald for the Offenders.

Pistons Get 7th Victory

FRANKFURT, Ind. (AP)—The Detroit Pistons swamped the Cincinnati Royals 133-113 Thursday night in a National Basketball Association exhibition game.

The Pistons now are 7-5, and Cincinnati is 4-6 in exhibition games.

Led by Jackie Moreland with 20 points, eight Pistons scored in double figures. Adrian Smith topped the Royals with 27.

Not 'In the Cold' Any More

'The Spy' Captures Success

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD How to enjoy success without being captured by it: that's the problem met and apparently conquered by John La Carre.

That is not really his name. He uses the pseudonym on his books, which include last year's sensational best-seller "The Spy Who Came In From the Cold" and the current "The Looking-Glass War."

His real name is David Cornwell; he is 34, sandy-haired and well spoken, a former civil servant in the British Foreign Service. His literary alias and the convincing detail of his novels of intrigue have convinced some of the more literate-minded that he is a spy.

A television interviewer so accused him during his visit here. Cornwell's reply: "If I wrote a book about prostitutes, it wouldn't necessarily follow that I ran a brothel."

The author is subjected to such badinage during a three-week U.S. tour to promote his new book and, incidentally, the film of "The Spy Who Came In From the Cold." The trip is one of his few concessions to the immense success that threatened to overwhelm his life and career during the past year.

FOREIGN SERVICE

Two years ago he was a Foreign Service employee in Hamburg earning about \$6,000 a year. Today he is an interna-

national celebrity. Incorporated into the capable of amusing huge numbers of book-buyers. But I preferred to "As far as the money aspect is concerned, I set up the man whose who were trying to beat chinery to take care of it—and the futility and disillusionment now I live in ignorance of what of espionage work."

The reviews for "Looking-Glass" were mixed, some for some against. That's all right. I can't write for the critics.

Army Exhibits New Weapons

ABERDEEN, Md. (AP) — The Galling gun, developed in 1862, still fires fast, but the Army's new Vulcan is 15 times faster.

The Vulcan, now standard equipment on some American fighters and bombers, Thursday when new Army weapons and equipment were displayed at Aberdeen Proving Ground.

The show, sponsored by the American Ordnance Association, was held in a driving rainstorm that didn't impede the performance of the exhibits. They included amphibious personnel carriers, helicopters, tanks and trucks.

The Vulcan, a direct descendant of the Galling, fires 600 rounds a minute — so fast that single rounds cannot be heard — just a staccato roar.

Its ancestor, which works at the rate of 400 rounds a minute, was included in the show for comparison.

An experimental exhibit was the T95 tank, which is equipped with a suspension system. This allows the vehicle to almost slither along five inches above the ground and to be raised to 24 inches above the ground.

A small portable flamethrower seared the ground and created quite a conflagration. This and other chemical dispensers were shown by the Army Chemical Center at nearby Edgewood Arsenal. The chemicals dispensed by such weapons as land mines were described as "agent filling" or an agent which had "a temporarily incapacitating effect."

Legislation to exempt the Amish from the state law requiring a certified teacher in all public school classrooms failed during the last session of the legislature, although Gov. Romney, a Mormon, recommended passage.

Zollar said he would work to provide legislation to cover such exceptions as the Amish.

"We should change the law so that this basic bedrock freedom

The board agreed this week to close the school after the Amish refused a compromise plan.

A final meeting between the board and the Amish families has been ordered.

Under the compromise proposed by the board, a public school teacher would instruct students in secular subjects while a member of the Amish religion taught in the school after regular classes.

The Amish believe an eighth grade education is sufficient for their children and that a teacher of their children should be a member of their religion.

AP Photo/Phil

RELATED HONEYMOON—Thomas Zack Hayes, 83, a retired Enid, Okla., farmer, and his bride of Sunday, the former Mrs. Josephine Love, 81, prepare a meal together at their home in Nashville, Tenn. The two were childhood sweethearts in Smithville, Tenn., at the turn of the century but drifted apart and didn't meet again until after both their spouses died.

1st Woman Parachutist to Be Feted

CHICAGO (AP) — Tiny Broadwick says she took her first 2,000-foot fall 57 years ago. She kept it at 14 years with "nothing more serious than broken bones — and that's not serious."

Tiny, 72, says she is the first person in the United States to parachute from an airplane. About 250 members of the OX's Club of America have gathered in Chicago to honor her and talk over the good old days of barnstorming.

The gray-haired lady with the appropriate name — she plane 4 feet 10 and weighs 110 pounds — pulled an old photo from her purse during an interview.

The photo showed a teen-age girl in a World War I leather flying helmet. She was dangling from the side of a vintage hydroplane, her skirts wind-whipped about her thighs, about to leap.

"That's me," Tiny said. Born Georgia Tiny Thompson in Henderson, N.C., she made her first parachute jump in 1908 at age 15 out of a hot-air balloon. She says she made 1,100 leaps from balloons and planes before quitting in 1922. Her first airplane leap, she says, was made June 12, 1913.

But the money — sometimes as much as \$300 a day — dribbled away. The spunky great-grandmother now works as a practical nurse in Los Angeles. The "tiny, chance-taking slip of a girl" who made the "amazing, startling, nerve-tling leap from a military aeroplane 11,000 feet in the sky," as a 1913 poster describes her, sometimes ran out of luck.

Once in Greensboro, N.C., leaping out of a hot-air balloon, she plummeted onto the top of a building and rolled off.

"I broke my arm," she said, "and got my face all skinned in those days, we wore little white dresses. There was blood all over my dress. I thought I was dead."

The OX'sers, as they call themselves, honor Tiny at a banquet tonight their 10th annual convention. They are aviation old-timers who flew during the Curtiss engine — the power plant of the World War I "Jenny" trainers and many other planes.

House Is Unanimous in Bridge Bill Okay

LANSING (AP) — The House lowered the roadblocks and raced the Mackinac Bridge re-financing bill through Thursday — slammed the brakes on highway billboard legislation.

Despite the 103-0 approval by the House, the toll-reducing bridge bill faces an uncertain future in the Senate today. House members said they hoped their overwhelming support might influence the Senate, which has given little indication it is favorably disposed toward the measure.

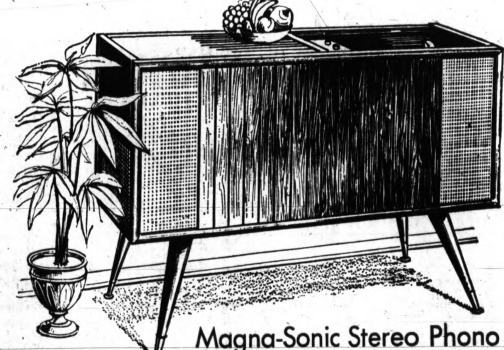

A move to discharge a House committee of consideration of the billboard bill was overwhelmingly defeated, 77-22, on the promise that the matter would be given extensive study, and on assurances that the legislation is not urgently needed.

The House also approved legislation setting up staggered four-year terms for circuit judges in Wayne, Oakland, Macomb, Kent, Kalamazoo and Washtenaw counties, voted to set minimum death benefits under workmen's compensation at \$27 to \$45 a week, approved changes in the new automobile accident claims fund, and returned to committee a bill which would have extended terms of all present township officers to Jan. 1, 1969.

The bridge bill received unanimous support after Republicans and Democrats worked out an agreement on what should happen to the bridge once the bonds are paid off.

Pass

Opening lead—see article.

By JACOB AND SON

Take a look at the South hand only. East opens three spades. You pass as does West. Your partner doubles and East passes. East-West are vulnerable. What do you do?

This was the situation that faced Becker of the American and Belladonna of Italy on the last board of the first day of the Italy-America match.

Becker made the winning

decision and gained six International Match Points for the United States. This brought our lead to 28 IMPs. Unfortunately that was our largest lead of the match and Italy started whittling away at it from then on.

Becker bid three no-trump. He knew that Italian vulnerable pre-empters were pretty good bids and did not want to take any chance that they would make a vulnerable game.

When West opened the jack of spades and he saw dummy he was quite unhappy but the day turned very quickly. East rose with the ace of spades and continued with the queen to knock out South's king.

New South led a club to dummy. West ducked and dummy won. He came back to his hand with a diamond and up with his ace this time whereupon South claimed the balance of the tricks.

Avarelli of Italy decided to pass. He knew that American pre-empters were never good hands and decided to try for a sure profit by setting the three-spade contract.

He opened a club and eventually the defense made one club, one spade and three cards

DETROIT (AP)—A high-tension electric power line fell on a chain cyclone parking lot fence at Suburban Gross Pointe High School Thursday, imprisoning some 3,000 students and teachers for an hour.

No one was injured, and students were dismissed for the day after Detroit Edison Co. workmen deactivated the line about noon. Power in a five-block area surrounding the school was out for four hours.

An Edison Co. spokesman said the damage was caused by a defective part which broke on a power pole, creating an electrical short-circuit. One of the "live" wires fell on the fence, he said.

Astrological Forecast

By SYDNEY OMARR

For Saturday

The sun man controls his destiny—advice points the way.

ARIES (Mar. 21 to Apr. 19): Domestic family responsibilities are healthy challenge. Personal cycle is high. You can laugh, learn, grow, benefit. Show others you can laugh!

TAURUS (Apr. 20 to May 20): Associates who are restless tend to depress you. Try to be a realist, practical. Let example by displaying faith. You can laugh, learn, grow, benefit. Show others you can laugh!

GEMINI (May 21 to June 20): Perceive true meanings. Realize friends may be quite pressure. Take time to prove of value. Use caution. Money problems. Watch others in your path.

CANCER (June 21 to July 20): Steer clear of what with petty refusal. Invest time and talents in worthwhile project. Emphasis on career, investment opportunities.

LEO (July 21 to Aug. 20): You may be given opportunity to make solid advance. Fear of unknown should be dispelled. PROCEED WITH CONFIDENCE. Reach large segments of public. Give thought to advertising, publicity program.

VIRGO (Aug. 21 to Sept. 20): Best to wait. Do not make hasty, risky new lock. Realize fresh approach brings new people. Take time to charm. Welcome opportunity to express views.

LIBRA (Sept. 21 to Oct. 20): Direct contact with women can pay. Listen, observe. Deal with partner. Avoid more serious than asserting. Be receptive. Plan is effective.

SCORPIO (Oct. 21 to Nov. 20): Social projects to spotlight. Give time to hobby, creative interests. Avoid one who tries to discourage you. Key is humor, versatility. Vital communication device. BE REACTIVE.

Seek to Help Beaten Youths

Fraternities Raising Funds to Aid Victims

DENTON, Tex. (UPI) — Fraternities of North Texas State University worked today to raise money to pay medical bills of students beaten by other fraternity brothers in "senseless" attacks in which one youth lost an eye.

They said they were concerned that fraternities would get a bad image.

President J. C. Matthews suspended Pi Kappa Alpha fraternity because of the fist and bottle attacks. Three Pi Kappa Alpha brothers were accused of the attacks.

Members of Delta Sigma Phi fraternity started the drive to raise money for medical expenses of the beaten students.

Walter Schaefer of Gordonville, Tex., a member of Delta Sigma Phi, said the incidents had given North Texas "a bad image across the nation. The image of Greek letter fraternities was hurt."

4 CHARGED
Four students were charged with aggravated assault and maiming, committed upon three other students who were multiple strangers. Three of the four charged were Pi Kappa Alpha members and the fourth was a pledge.

Byron L. McClellan Jr., 22, son of Dist. Atty. Byron L. McClellan of Gatesville, Tex., was one of those charged.

The four were released on \$1,500 bond each.

The others were Robert Harold Glenn, 22, of McKinney, Tex.; Trenton Layne Torres-gross, 20, of Galveston, Tex.; and Ernie Louis Bovio, 19, of Galveston. All except Bovio were fraternity brothers. He was a pledge.

BEAT OCCUPANTS
Police accused the group of going from one apartment house to another near the intersection Tuesday, breaking into apartments and beating occupants with whisky and beer bottles.

Police said they had just arrived from a fraternity drinking party in Oklahoma.

Michael Don Portman, 19, of Dallas lost the sight of his left eye when he was beaten in the face with a bottle. Portman, a pre-medical student, pleaded with his assailants to cease on him "but they knocked me down again and again."

Neighbors who came to his aide said the attackers fled "laughing like a pack of Hyenas."

Petty Crime Is a 'Drain' at Fountain
Vandals, apparently after "a few cents," last night drained the outdoor fountain at First Federal Savings & Loan Association of Oklahoma, causing an estimated \$1,000 damage to the pumping and lighting system.

Warren Newton, vice president of the association at 761 W. Huron, found two pumps, three motors and nine high-temperature floodlights burned out when a drain pipe was removed and the pool emptied.

"That fountain belongs to the people," Newton said, "yet this kind of trouble has been going on for a long while. I guess some people don't appreciate beauty."

Newton said coins at the bottom of the pool were "mostly nickels and dimes."

Pontiac police are investigating the incident.

7 INCIDENTS
The defense ministry said there were seven incidents in the Lahore sector 70 miles to the south where it said Pakistani troops were trying to establish footholds on the east bank of the Ichhogli Canal, a major Lahore defense line five miles north of the city.

The Indian transport ministry meanwhile urged all foreign shipping agents not to ship India-bound cargo on Pakistani ships or any vessels halting at Pakistani ports. It said such measures would help avoid claims and counterclaims of shippers and shipowners.

Wearing a new insulated fireproof garment, a man may walk unharmed through a 2,000-degree flame.

REAL Y PIECEWORK — Because other bricks prevent working equipment from piling down this 150-foot smokestack, Jim McTeer, the dot on the top, is taking it down one brick at a time. He removes about 500 bricks per hour, and figures he has a steady job for at least six weeks.

'India Raiders Beaten Back'

Pakistan Accused of 11 Truce Violations

NEW DELHI (UPI) — Pakistan charged today that Indian troops attacked across the cease-fire line in Rajasthan state but were beaten back with heavy casualties. India accused Pakistan of 11 more truce violations both on the ground and in the air.

A broadcast by Karachi radio said the Indians attacked Pakistan's Sarkari Tara post in the Sind Desert near Ramgarh which is 30 miles inside India. Pakistan occupied the area at the height of the Indo-Pakistan conflict last month.

The Indian defense ministry reported most of the alleged Pakistani violations of the truce occurred Tuesday and Wednesday.

It said there had been other violations in the past 24 hours but gave no details and it made no mention of Pakistan claims yesterday India had opened a new front in Kashmir.

Indian officers in the Akhaur sector 15 miles northwest of Jammu in lower Kashmir said Pakistani troops set fire to Swamian village seven miles northeast of Chahm. It said five Pakistani raiders were killed in the Rajauri sector 40 miles northwest of Akhaur.

7 INCIDENTS
The defense ministry said there were seven incidents in the Lahore sector 70 miles to the south where it said Pakistani troops were trying to establish footholds on the east bank of the Ichhogli Canal, a major Lahore defense line five miles north of the city.

Deaths in Pontiac Area

WARREN H. ANDERS
Requiem Mass for Warren H. Anders, 28, of 105 Omar, will be at 9:30 a.m. tomorrow in St. Michael's Catholic Church with burial in White Chapel Memorial Cemetery, Troy, by the Voorhees-Stile Funeral Home.

Mr. Anders, an employee of GMC Truck & Coach division, died yesterday morning after a long illness.

REINO W. HAMARI
Service for Reino W. Hamari, 44, of 722 E. Tenyson, will be at 1:30 p.m. tomorrow at Sparks-Griffin Chapel with burial in Ishpeming.

Mr. Hamari died Wednesday after a brief illness. A member of Bethel Lutheran Church in Ishpeming, he was an engineer with Chrysler Motors Corp. Highland Park Plant.

Surviving are his wife Kate; two sisters and five brothers.

ROBERT D. LONG
Service for Robert D. Long, chief assistant prosecutor for Oakland County, will be at 3 p.m. tomorrow in Donelson-Johns Funeral Home with burial in Mt. Hope Cemetery.

Mr. Long, 55, of 48 Delaware, died yesterday after an illness of several months.

MRS. JOHN R. GRIFFITH
BIRMINGHAM — Service for Mrs. John R. (Neva) Griffith, 67, of 709 W. Maple, will be at 10 a.m. today at Manley-Bailey Funeral Home. Cremation will be in White Chapel Memorial Cemetery, Troy.

Mrs. Griffith died Wednesday after a short illness.

Surviving besides her husband are two daughters, Mrs. J. Frederick Fleener of Livonia and Mrs. Sarah Ann Larson of Birmingham; three sisters; four grandchildren; and one great-grandchild.

RAY H. GIBSON
ORION TOWNSHIP — Prayer service for Ray H. Gibson, 34, of 4863 Jamm was to be 3 p.m. today at the Voorhees-Stile Chapel, Pontiac. Funeral service will be Sunday at the Davis Chapel Church of Barbourville, Ky., with burial following there.

Mr. Gibson died yesterday.

MRS. VIRGIL D. PRESNELL
WATERFORD TOWNSHIP — Service for Mrs. Virgil D. (Nancy) Presnell, 77, of 1290 S. Hospital will be 1:30 p.m. Monday at Donelson-Johns Funeral Home.

Mrs. Presnell died today after a long illness.

Surviving besides her husband are three sons, Jimmie and Larry, and two daughters, Mrs. J. Lowell M. Hunt of Union Lake; her grandmothers, Mrs. Sarah Murray of Pontiac and Mrs. Alta Morrison of Spring Arbor; a sister, Mrs. Vincent Schneider Jr. of Union Lake; and two brothers, Donald Hunt of Union Lake and Roger E. Hunt of Chicago.

MRS. GUY V. SUTHERLAND
ALMONY — Service for Mrs. Guy V. (Loduka) Sutherland, 65, of 226 North Street will be at 2 p.m. Monday at Muir Brothers Funeral Home. Burial will follow in Goodland Cemetery.

Mrs. Sutherland died today after a brief illness.

Surviving are five sons, Ray of Imlay City, Cash of Gaylord, and Harold, Earl and Glenn, all of Almon, and four daughters, Mrs. Laura Young of Imlay City, Mrs. Velma Sanday of Oxford, Mrs. Glenn Hobson and Mrs. Clinton Hobson, both of Almon.

Also surviving are three brothers, Emmett, Cash and Benita Young, all of Imlay City; 20 grandchildren; and 29 great-grandchildren.

2 Charged With Perjury Will Face County Judge

Two Detroit men accused of lying in the Royal Oak Township grand jury investigation were bound yesterday for arraignment in Oakland County Circuit Court.

Solomon Brown, 32, of 19075 Wyoming will appear before Judge Arthur E. Moore Thursday, and Clemon Wynn Jr., 35, of 19025 Roselawn is scheduled to face Judge Clark J. Adams Oct. 20. Both arraignments are set for 9 a.m.

The two were bound over following their preliminary court examination before Ferndale Municipal Judge Montague Hunt. They were released on \$1,000 bond each.

They are charged with committing perjury during testimony taken before Judge Philip Pratt, the one-man grand jury.

Pratt, who is conducting the closed-door investigation into alleged crime and corruption in the south Oakland County community, ordered the warrants against the men Sept. 20.

FALSELY SWEARING
Brown is charged with falsely swearing that he did not bribe a Royal Oak Township policeman to tip him off about racket planned on numbers establishments.

The officer, Lemuel W. Shipps, was working undercover for state police.

Yesterday, he testified that Brown had paid him \$500 for six months to "lay off" two alleged numbers racket headquarters in the township.

Shipps left the township department in May and became a Ypsilanti policeman. He has been assigned to the grand jury investigation since it began last June.

PERJURY CHARGE
The perjury charge was leveled against Wynn on the basis that he testified he was not involved in the numbers racket in June 1964, when, in fact, according to the warrant, he was directly involved in the gambling operation into 1965.

SECOND BANDIT
The second bandit appeared shortly thereafter. One of the suspects was described as 6-feet tall and weighing 195 to 205 pounds; while the other, reportedly, was the same height and weighed 185 pounds.

Sextuplets Born, Die the Same Day
UPPSALA, Sweden (UPI) — A Swedish woman who received a fertility hormone gave birth to sextuplets last Monday but all six infants died the same day, it was reported today.

The case was disclosed by Prof. Carl Gemzell, developer of the hormone treatment. He said doctors delivered two boys and four girls. The mother was not identified.

A New Zealand woman who underwent similar hormone treatment gave birth to quintuplets 11 weeks ago. The New Zealand couple are in excellent condition.

Damage Is Put at \$500 in Packing Firm Fire
Flames which sprang up from a meat-milk oven at Hoffman's Oakland Packing, 562 N. Perry, were extinguished by Pontiac firemen in just under an hour last night.

Harold Hoffman, owner of the firm, estimated damage to the view, Springfield Township, one-story building at \$500. He said there was no loss of contents.

Negro Left to Die
BIRMINGHAM, Ala. (AP) — The death of a Negro left at the scene of a traffic accident by a white ambulance driver has led the Birmingham City Council to strike a color clause from its ambulance contracts.

The manager of the ambulance service, Ed Emmett, said the driver, Owen Tollett, had been fired because of the incident.

Officials said Tollett refused to take Joe Bruce, 63, a Negro, to a hospital after his legs were severed in an automobile accident Wednesday.

The council voted yesterday after W. C. Hamilton, executive secretary to Mayor Albert Boutwell, testified that any reference in the city's ambulance contracts to race, creed or color is "profoundly dangerous."

A clause in the contract with the white ambulance service said it was not obligated to pick up Negroes. A contract with a Negro ambulance service said it was not obligated to pick up whites.

Councilman Alan Drannen told other officials, "Merely is not something we can dispense by color... in time of emergency, mercy is what we're after."

Drop Ambulance Color Clause
BIRMINGHAM, Ala. (AP) — The death of a Negro left at the scene of a traffic accident by a white ambulance driver has led the Birmingham City Council to strike a color clause from its ambulance contracts.

The manager of the ambulance service, Ed Emmett, said the driver, Owen Tollett, had been fired because of the incident.

Officials said Tollett refused to take Joe Bruce, 63, a Negro, to a hospital after his legs were severed in an automobile accident Wednesday.

The council voted yesterday after W. C. Hamilton, executive secretary to Mayor Albert Boutwell, testified that any reference in the city's ambulance contracts to race, creed or color is "profoundly dangerous."

A clause in the contract with the white ambulance service said it was not obligated to pick up Negroes. A contract with a Negro ambulance service said it was not obligated to pick up whites.

Councilman Alan Drannen told other officials, "Merely is not something we can dispense by color... in time of emergency, mercy is what we're after."

Federal Grant to Aid Senior Citizen Units

LANSING (AP) — Michigan will receive a \$130,000 federal grant for projects to benefit senior citizens, Gov. George Romney said Thursday.

He said the grant would help support councils on aging operating in nearly 60 counties.

The Michigan Commission on Aging will screen projects and funds will be allotted to communities on a 3-to-1 matching basis.

John B. Martin of Grand Rapids, commission chairman, said possible projects might include establishing of information and referral programs, senior citizen centers and senior service corps programs, and training of persons to work with older people both in homes and activity centers and in nursing homes and public institutions.

In addition, he said, the state will help local councils promote comprehensive home care services, assist in prepayment of education projects, personal counseling and transportation services.

Area Woman Hurt in 3-Car Accident
Mr. John E. Collins, 30, of 3701 Northwood, West Bloomfield Township, was listed in fair condition today at Pontiac General Hospital after a three-car collision yesterday morning.

Pontiac police said a car driven by Mrs. Collins collided with an automobile driven by Thomas S. Clifton, of 3110 Rosanne, Waterford Township, on Orchard Lake Road near a Grand Trunk Western Railroad crossing.

Mrs. Collins' car then spun around and struck a parked car, according to police. Clifton was uninjured.

Typhoon Carmen Hits Tiny Island Near Guam
GUAM, American Samoa (AP) — Typhoon Carmen hit the tiny Trust Territory of Agrihan Island near Guam today, destroying buildings and sinking five Japanese fishing boats.

U.S. Air Force planes nearby were reported ready to drop medical supplies.

Killed in Farm Mishap
PLINT (AP) — Gaylord W. Shulte, 43, of Flint was killed Thursday when he apparently became entangled in a silo filler while working on a farm near here.

King Controls Georgia Drive

Negroes at Meeting
Vote Him Leadership

CRAWFORDVILLE, Ga. (AP) — Dr. Martin Luther King Jr., who had his worst setback three years ago in Georgia, emerges today in control of the civil rights drive in this small town after a power struggle with political implications.

Negroes involved in the Tallapoosa County school integration push, voted overwhelmingly Thursday night at a mass meeting to turn over control of the movement to King and his Southern Christian Leadership Conference and to continue demonstrations.

Another attempt to integrate school buses was scheduled today. "As far as I am concerned, the movement is out of my hands now," said Calvin Turner, the local Negro leader, at the mass meeting. "It is now in the hands of SCLC and Dr. King." In a similar vein, Chairman W. E. Watson of the County Commission told newsmen that the dispute was out of local control. "Nobody is going to move in any direction until a moratorium is observed, until good faith is shown," he said.

NO SETTLEMENT
Watson said Negro leaders have shown that they do not want a settlement.

Watson had joined with Gov. Carl E. Sanders in calling for a halt to demonstrations.

Turner asked for a show of hands on the question of control at Thursday night's meeting. Nearly all the approximately 150 Negroes voted for King and his SCLC.

The significance of this action, lies in the fact that the governor and State Sen. Leroy Johnson of Atlanta, a Negro, had sought to solidify Georgia Negro leaders in a more moderate course that would have halted demonstrations — and blocked SCLC.

NOT SPOKESMAN
SCLC leaders, particularly Hosea Williams, the director of political education, said Johnson would not be a spokesman for the civil rights movement. Williams has charged the governor with a political play.
King has a Monday visit to Crawfordville scheduled. It was in 1962 that King, winner of the 1964 Nobel Peace prize, lost his first major, mass demonstration campaign against segregation in Albany, Ga.

In a report to Negroes Thursday night, Turner said nothing was accomplished in a conference Wednesday between the governor, Negro leaders and Tallapoosa County official.
Unless demands are met or King changes his mind, a high-way march from Crawfordville to Atlanta will be staged to dramatize taken school integration as the 1965 Alabama drive focused in voting rights and brought federal legislation.

There are about 300 qualified neurologists in the U.S. actively engaged in practice, according to the National Health Education Committee, Inc.

Talks on Rhodesia's Future Are Near Breaking Point

LONDON (AP) — Talks on the future of Rhodesia near the breaking point today, and independence without British African colony's all-white permission, it would be banned, government was considered from the Commonwealth. This likely to defy Britain and declare independence.

Rhodesian Prime Minister Ian Smith was to meet again this afternoon with British Prime Minister Harold Wilson. Government circles felt it was almost certain the talks would fail and that the Rhodesian Cabinet might take the decision to break away from Britain within the next five days.

No Dating Problems?

WESTERVILLE, Ohio (AP) — There shouldn't be any dating problems at Otterbein College this year. Register Virgil F. R. says the number of men and women students balances out exactly — 689 of each.

There was speculation that the African-Asian majority in the United Nations would call for U.N. military intervention if Rhodesia declared independence without guaranteeing power ultimately to the black majority.

BACK STAND

The United States backed Britain's stand Thursday in despatching Smith in immediate and unconditional London and to the Rhodesian independence for the central Dec. 31, 1964.

minister at the British Embassy in Washington. The United States and West Germany have said they would not recognize an independent Rhodesia that Wilson insists on a step-by-step plan toward independence that would eventually give power to Rhodesia's 3.9 million Negroes.

Smith's first meeting with Wilson Thursday ended with both sides still at odds.

"We Rhodesians don't concede," Smith said. "There will be no rash appeasement."

Wilson insists on a step-by-step plan toward independence that would eventually give power to Rhodesia's 3.9 million Negroes.

Hotel in Pontiac Fined

The Roosevelt Hotel, 125 N. Perry, has been fined \$100 by the Michigan Liquor Control Commission for selling an alcoholic beverage to a minor on the central Dec. 31, 1964.

LBj Gallbladder Surgery Successful

LIFE'S A DRAG—This might have been the view of some firemen last night, particularly the unidentified "loser" in this picture. Winer Stadium was the site of a

tug-of-war between firemen west of Woodward and east of Woodward. The west squad claimed victory. (See additional photos, page 28.)

Nixon Raps King, Urges Rights Policy

JACKSON (AP)—Former Vice President Richard Nixon, criticizing Negro Leader Martin Luther King Jr., wants Republicans to provide leadership which will end civil rights demonstrations and move to a period of racial reconciliation.

Whether national GOP leaders would echo the Nixon declaration that "demonstrations and picketing have... built walls of hatred" remained to be seen. He said he had not discussed his policy with them.

The new Nixon stance on civil rights was unveiled early yesterday in a Richmond, Va., newspaper interview and expanded upon at a news conference last night following a political speech here.

"These who are still resorting to marching in the streets and demonstrating are hurting civil rights rather than helping," said the 1960 presidential candidate.

"My recommendation is that civil rights leaders change their

Seek to Ease Path Problem

Construction of pedestrian paths and temporary bus transportation may be forthcoming in the near future for Waterford Township schoolchildren currently faced with walking conditions termed dangerous by parents.

Last night, the Waterford Township Board of Education passed six recommendations aimed at alleviating the problem.

The action followed lengthy discussion among board members, Supt. Don O. Tatroe and parents from several "danger spots" in the school district.

It came after a stalemate had been reached in the conversation, and left parents with some hope that the problems existing in their particular areas would be solved in the proposed townshipwide undertaking.

Dr. Tatroe's accepted plan for walking paths would require the assistance of the Township Board and Road Commission.

MATCHING FUNDS

He called for the township to match the board of education's \$15,000 annual appropriation for (Continued on Page 2, Col. 8)

Soviet Attempt at Soft Landing on Moon Fails

News Held 13 Hours; Reds Say Flight Was Partially Successful

MOSCOW (AP)—The unmanned Soviet satellite Luna 7 crashed on the moon early today, Tass reported.

It was the third unsuccessful Russian attempt in six months to make history's first soft landing on the moon.

Tass, the official Soviet news agency, announced that "most operations necessary for a soft landing were fulfilled during the approach to the moon."

But it added that "Some operations, however, were not carried out in accordance with the program and need additional development."

The Tass announcement was the first official indication that Luna 7 had attempted a soft landing. No specific mission for Luna 7 had been announced in advance.

LANDING AREA

Tass said the scientific instrument package landed on the moon in the area of the Ocean of the Storms, west of Kepler Crater, at 5:00 p.m. EST yesterday. The landing was on schedule.

But the Russians waited more than 13 hours to announce it, indicating that the landing had been unsuccessful.

Despite the failure to make the soft landing, the flight appeared to be a partial success.

Luna 7 was able to correct its course in flight, something Luna 6 had failed to do. Luna 6 missed the moon by 100,000 miles June 11.

FURTHER WORK

Tass said considerable practical material for further work was accumulated in the flight of Luna 7.

No specific reason was given for the failure to make a soft landing.

Signals from the Soviet spacecraft picked up by the Jodrell Bank Observatory in England last night indicated there may have been a failure in the firing of the retro-rockets.

Luna 7 was only the third of seven Soviet moon probes to hit the lunar surface. Four either missed the moon or went into orbit around it.

THIRD ATTEMPTS

Luna 7 was the third Soviet attempt in six months to make a soft landing on the moon. The first, Luna 5, crashed on the moon May 12.

HUMPHREY IN CHARGE — Vice President Hubert H. Humphrey is shown leaving his suburban Maryland home near Washington, D. C., today for his office. Humphrey, stand-

ing in chief executive, said he is being "kept fully informed" on the condition of President Johnson.

For Senior Citizens

Senate OKs Rent Rebate

LANSING (AP)—Senate Democrats approved rent reimbursements for senior citizens yesterday, but apparently the first checks under the plan won't be mailed until 1967.

The bill parallels the senior citizens property tax relief measure passed earlier this year for home owners.

It will provide an average of \$93 relief to senior citizen households whose earnings are less than \$5,000, who have lived in Michigan seven of the past 10 years and whose rented home or apartment is not worth more than \$20,000, or \$10,000 state equalized valuation.

Costs of the plan ranged from \$4.5 million to \$18 million, plus administration.

The number of beneficiaries was pegged at anywhere from 90,000 to 175,000, depending on whose study one read.

The bill passed 23-12, with Sen. Haskell Nicholas, R-Jackson, casting party lines.

FALL SHORT

Democrats wanted to make the bill effective Dec. 31, so that reimbursement checks could go into the mail in 1966. But they fell five votes short of the two-thirds majority needed. Thus, implementation apparently will be delayed one year.

Republicans Frank Beidle, St. Clair, and Robert Richardson, Saginaw, argued against the bill because the legislature had not taken tax action this autumn.

Richardson called it "a giveaway program and fiscal irresponsibility."

A person 65 years or older (Continued on Page 2, Col. 1)

Lady Bird, Luci Waited for Word

WASHINGTON (AP)—Mrs. Lyndon B. Johnson and daughter Luci kept vigil together at the hospital today during the operation on the President.

They spent the night in the presidential suite on the third floor of Bethesda Naval Hospital.

And it was there, White House press secretary Bill D. Moyers said, that they were given the word they were awaiting so anxiously — everything had gone very well.

For the President's expected hospital stay of 10 to 14 days, Mrs. Johnson saw to it that he would have familiar possessions around him.

She had his favorite Western painting, "Trouble at Tascosa," hung in his bedroom.

The two arrived arm-in-arm at the hospital just before midnight, having come from a gay show they staged for Congress.

"Well, here we are again," President Johnson joked when he spotted Navy nurse Lt. Elizabeth Chapowick.

She was on duty last January when he was hospitalized with a virus and Mrs. Johnson came in for treatment for a cold, too.

The First Lady had decided upon residence in the hospital, occupying a bedroom near the President's.

Though it had not been previously announced, daughter Luci Baines, 18, a nursing student, turned up to stay the night near her father, too.

Mrs. Johnson had spent the evening before her husband's operation trying to smooth things out for a disrupted White House party aimed at saluting the 80th Congress.

An already intricate arrangement — a show at the State Department and a buffet-reception at the White House — was snaggled by the House staying late to vote on the highway beautification bill Mrs. Johnson has been promoting.

Kidney Stone Also Removed in Operation

Expect Hospital Stay of Up to Two Weeks, Normal Recovery

WASHINGTON (AP)—President Johnson's gallbladder was removed today and the operation, in the words of one of his doctors, went "beautifully and as expected."

During the two hours and 15 minutes of surgery, the operating team also located and removed a kidney stone.

A "complete success" and a prognosis of normal recovery was the pronouncement afterward.

A general anesthetic was used.

The medical estimate was that the President should remain in the hospital for 10 days to two weeks.

EARLY EFFORT

As is customary in abdominal surgery, there will be an early effort to get the patient to take a few steps and maintain muscle tone. The first may come before the day is out.

Mrs. Johnson and her youngest daughter, Luci Baines, 18, spent the night at Bethesda Naval Hospital, remaining in the presidential suite during the surgery.

Vice President Hubert H. Humphrey, acting under arrangements made by the President, took over as standby president of the nation.

He used his office in the Executive Office Building, across a narrow street from the White House. Humphrey's aides described a "business as usual" theme.

COMPLETED AT 9:15

Johnson entered the operating room at 7 a.m., and the surgery was completed at 9:15.

A few minutes later, press secretary Bill D. Moyers gave notice to newsmen that the operation was over and said the President was "resting well in the operating suite."

He said the gallbladder was removed and found to contain a stone. Another stone was found in the ureter and also was removed.

FROM KIDNEY

The ureter is a tube leading from the kidney for the passage of urine to the outside of the body.

No mention of the possibility of a kidney stone had been made in previous discussions of the President's current illness.

But the President has a history of kidney stones, having had two of them removed over the years — one by surgery and another by manipulation at a different time.

"Manipulation" means that the kidney stone in that particular (Continued on Page 2, Col. 6)

Life Merrier for Old Terrier

Improbable, tragic and happy occurrences have descended in a bunch upon Blackie, a 13-year-old female rat terrier.

The dog, owned by Mr. and Mrs. Emmet Jenkins of 333 N. Perry, seemingly was in failing health in recent weeks.

"We were thinking of having her put away," said Mrs. Jenkins.

A 13-year-old dog is the canine equivalent of a 90-year-old human.

"Blackie used to be very active but she suddenly became very listless."

But, last week the elderly dog's loss of vitality was dramatically explained.

She gave birth to a pup which came as a complete surprise to her owners.

The offspring, however, was

born dead and the tragedy so upset Blackie that she refused to eat.

After trying in vain to encourage the dog to take nourishment, the Jenkins contacted the Michigan Animal Rescue League Shelter and asked to borrow a pup for Blackie to mother temporarily.

IDEA WORKED

The idea worked wonders. After viewing the week old black female pup for a few hours with some reservation, Blackie suddenly warmed up and adopted the little visitor.

Her appetite quickly returned. She has become so attached to the pup she is reluctant to leave the bed the two occupy even for a few minutes, Mrs. Jenkins said.

Though the Jenkins are encouraged by their dog's present contentment, they are concerned about Blackie's reaction when the borrowed pup must be returned.

YOUTH in Indonesia Burn Red Building, Cheer U.S.

JAKARTA, Indonesia (UPI)—Thousands of Indonesian youths, shouting "Long live America," today stormed the headquarters of Indonesia's powerful Communist party (PKI) and burned it to the ground.

The mob, mostly Moslems, left the one-story building a shambles of burning ashes.

The demonstrators stormed the building shouting "K! I! A! I!" (D. N. A.M.I., leader of the PKI) and "Dissolve PKI."

Aid's whereabouts since last Friday's attempt to overthrow President Sukarno are unknown.

After setting fire to the Communist headquarters, the youths paraded through the streets of

Jakarta to the headquarters of the government-sponsored national youth organizations.

On the way, they stopped cars and plastered windshields with signs reading "Crush PKI."

SHOUTED AT REPORTER

"To hell with PKI," one group shouted at a foreign correspondent whose car was stopped.

Demonstrators waved and shook hands with army soldiers who passed by in a truck.

It was the army which the back of the coup led by Lt. Col. Untung, a palace guard officer who masterminded the "30th of September Movement" to overthrow Sukarno and replace his government with a leftist "revolutionary council."

The army command here accused the youth wing of the PKI of murdering six generals and a lieutenant in the early stages of the coup attempt.

The army has launched a massive anti-Communist campaign, rounding up scores of PKI members and seizing large quantities of weapons, some bearing Communist Chinese markings.

NO INTERFERENCE

Army troops did not interfere with the demonstrators, but streets leading to PKI headquarters were cordoned off.

Three fire trucks at the scene poured water on the ashes all of which had leveled the building.

A three-story cement building under construction in the backyard of the destroyed structure was not touched.

Trucksloads of demonstrators passed later in front of the U.S. Embassy on the same street shouting "Long live America."

SHARP CONTRAST

It was a sharp contrast to previous demonstrations in this capital, all of which have been Communist-inspired and directed against the United States.

The pro-American slogans were the first heard in Jakarta for many months.

Most of the demonstrators belong to Anso, the youth wing of the Moslem political party. Demonstrators tore down pro-PKI signs on Jakarta streets and scribbled "Crush PKI and Aidit" on walls and fences.

The widespread anti-Communist protests appeared to have the blessing of military leaders who smashed the leftist coup staged against Sukarno last Friday by army and air force rebels.

Radio Jakarta said 44 political parties and several labor and cultural organizations were represented at today's rally.

AMONG FIRST OF REFUGEES — A pregnant woman with a small child on her lap sits with two of the other 15 Cuban refugees who arrived at Marathon, Fla., yesterday in a 25-foot boat. The group was the first to reach the U.S. under Fidel Castro's offer to allow unobstructed exit to anyone with relatives in this country.

'Freedom Flotilla' From Cuba Is Aired

MIAMI, Fla. (AP)—The arrival of the first Cuban refugees under Fidel Castro's open-door policy has sparked talk of a freedom flotilla crossing the Florida Straits from Cuba.

Exiles in Miami's Cuban colony say that some boats already have left Miami for Cuba 90 miles away, but that could not be confirmed. Officials were skeptical that the U.S. government would allow any massive movement of small boats.

Cuba's Communist government reportedly is working hard to prepare the port at Camarillo, one of the closest to Florida, as an exit station.

Bartolome Julian Rosales, who brought the first group to Florida Thursday in a 25-foot boat, said a barracks stocked with food had been set up at the port.

BUILDING CABINS

The usually reliable Cuban exile news service AIP said cabins are being built at the port, and the port channel is being deepened.

The Cuban government has sent telegrams to exiles with preliminary instructions on how to get relatives out of Cuba. The telegrams, sent to exiles who requested information, ask the refugees to cable the names and descriptions of their boats and wait for authorization.

Authorities are disturbed over the possibility of a "Dunkirk of the Florida Straits." That, they said, would be contrary to the orderly process described by President Johnson when he accepted Prime Minister Castro's offer to let anyone leave for the United States.

Rosales, who has lived in Miami three years, said he telephoned his wife in Cuba after he heard of Castro's offer. She arranged with the Cuban government for her exit, he said.

PICKED UP 5

He left Key West Tuesday and picked up his wife, their daughter, his 44-year-old mother and others. The group, 5 in all, docked at Marathon in the Keys Thursday.

Previously the straits had been guarded so closely by Soviet-built Cuban torpedo boats that the passage had been named "Death Corridor" by the refugees.

Exiles estimated that 50,000 Cubans are waiting to leave their homeland, but have been unable to get visas or transportation. About 300,000 Cubans have fled since Castro seized power in 1959.

Castro announced his open door policy last week. The United States offered a program to Castro, via the Swiss Embassy which handles U.S. diplomatic negotiations. The embassy re-

ported that the boat was the first to reach the U.S. under Fidel Castro's offer to allow unobstructed exit to anyone with relatives in this country.

The group was the first to reach the U.S. under Fidel Castro's offer to allow unobstructed exit to anyone with relatives in this country.

Firemen were posted at the beach during the night as a precaution, but a shift in the tide cleared away the heavy fuel and the watch was called off at daybreak.

Firemen said hourly checks were ordered on the shoreline during the day, but that there apparently was no danger of a fire or explosion.

The tanker had unloaded much of her cargo at East Braintree and was on her way to Boston harbor when she struck the edge of a pier, which she had 238,000 g.p.m. in the tanks of gasoline remaining in her tanks.

August Traffic Deaths Fewer Than in 1964

CHICAGO (AP)—Traffic accidents in the nation in August killed 1,740 persons, about 2 percent below the 1,800 fatalities reported in August last year, the National Safety Council said today.

During the first eight months of the year, 13,700 persons were killed on the highways as compared with 13,370 for the same period in 1964, the council reported.

LBJ Operation Called Success

(Continued From Page One)

lar case was removed without opening the body surgically. The stone in that instance was probably removed by probing into the urinary tract from outside.

SURGICAL REMOVAL

The surgical removal of the kidney stone occurred in 1955, the same year the President had his heart attack. The other removal (by manipulation) occurred in 1948.

Meyers said Dr. James Cain informed him that "everything went in his words, beautifully and as expected."

While both kidney stones and gallstones are formed from fluids, doctors say that ordinarily they don't consider the two kinds of stones together.

First word that the surgery had actually been carried out had come earlier from Joseph Laitin, assistant press secretary, who made his announcement at 7:55 a.m.

TEAM OF DOCTORS

A team of physicians, several of them recruited from the famed Mayo Clinic in Rochester, Minn., had planned all along to start the one-to-two-hour surgical operations about 7:30 a.m.

Johnson, who was described as relaxed and in good spirits in advance of the operation, checked into the hospital shortly before midnight last night, with his wife, Lady Bird, on his arm.

He was in bed by 12:30 a.m., a few hours before the scheduled surgery, but took no sleeping medicine, her press secretary announced.

Press secretary Bill D. Moyers announced the approximate 7:30 a.m. time for surgery last night, but said it "could be earlier, it could be later."

STOMACH PAINS

Just a month ago yesterday, Johnson experienced stomach pains that led medical experts to conclude — after extensive tests — that he had "a poorly functioning gallbladder with stones" — something they decided should be removed through surgery.

Woman, Held in 2 Slayings, Ruled Insane

An Addison Township woman accused of murdering her former husband and his wife last Saturday was committed today to Iowa State Hospital for the Criminally Insane.

Circuit Judge James S. Thorburn issued the order after two Birmingham psychiatrists testified that Mrs. Jane Kendall, 45, was suffering from acute paranoia.

Doctors Edward M. Wisniewski and Jay Van Zeeen agreed that she did not understand the proceedings against her nor could she assist counsel in her own defense.

Mrs. Kendall was charged with the slayings of her husband and his wife last Saturday morning shooting.

The bodies of Gene Kendall, 45, and his wife, Lucille, 46, of Detroit, were found outside Mrs. Kendall's home at 1400 Noble.

HAD DELUSIONS

The doctors said that their two-and-a-half-hour examination of Mrs. Kendall in the Oakland County Jail Wednesday disclosed that she was having delusions that she was a victim of some organized Communist plot.

Wisniewski said that he was of the opinion that Mrs. Kendall was a danger both to herself and others.

In declaring Mrs. Kendall insane, Thorburn said her "deemeanor and appearance are not in contradiction with the testimony."

During the sanity hearing, Mrs. Kendall, her grey-streaked hair disheveled, tightly clutched the arm of policeman, Deputy Norine Ballentine, as would a child.

Ernest Mehl has been with the Kansas City Star 27 years, the last 18 as sports editor.

Active in civic work, he has been picked man of the year there by the chamber of commerce and other civic, veteran and fraternal organizations.

She and James have two daughters, Vicki, 22, and Jessica, 18.

Birmingham Area News

Safety Patrol Workshop Is Scheduled Next Week

(Continued From Page One)

ing in Detroit's Negro community for three years.

He will attempt to outline how suburban dwellers can relate themselves to the problems of the ghetto.

Alan W. Joslyn, council president, noted the free program is open to guests as well as members of the group.

A problem clinic will be held for patrol sponsors at 8:30 a.m. Wednesday at Seaholm High School.

Participating in the meeting will be representatives of local police departments and of the American Automobile Association.

The meeting for patrolers will follow at 9:30 a.m. in the little theater of the school.

CORRECT SIGNALS

The program will incorporate demonstrations and films to review with the patrolers such things as correct signals, behavior and how to cross children safely under many types of conditions.

Walter Piel, coordinator of safety for the school system, is chairman of the program.

Others making plans for the workshop are Robert Cullen, AAA safety education consultant; William Foust, Walnut Lake Elementary School principal; Marjorie Tate, Quenton Elementary School principal; and Lt. Jack Kalbfleisch, Birmingham Police Department.

Frank H. Joyce, director of the Detroit Project for the Northern Student Movement, will be the principal speaker at the Tuesday meeting of the Birmingham-Bloomfield Council on Human Relations.

The opening program in the organization's 1965-66 series of programs will be held at 8 p.m. at the Community House.

Joyce, a former suburbanite, has been living and working in Detroit for three years.

Dr. Trautrope's proposal included transportation for only junior high school pupils in the morning.

The board also voted for a proposal of board member Robert E. Field, calling for formation of a representative citizens' committee to work in conjunction with the township and school boards to study the problem in depth.

EVENTUAL SOLUTION

Dr. Trautrope emphasized that the eventual solution to the problem is construction of sidewalks, remarking "these same problems persist during the out-of-school hours."

This is in contrast to the township board's recommendation Monday night that additional school bus service would be the best solution.

The several hundred children involved now contend with narrow road shoulders, bus thoroughfares, lack of sidewalks and high speed limits.

They do not qualify for bus transportation because they live within the one-mile range allowed for elementary school pupils or within the 1½-mile distance allowed for secondary school students.

MONEY RETURNED

The state reimburses school districts for only those students living 1½ miles or farther from school.

Transporting students living closer than this results in penalizing last year, the Waterford School System lost \$12,000 for transporting ineligible children.

Although the parents appeared dissatisfied because an immediate solution was not reached, they bore with the board's actions.

Twister Hits Farming Area South of Clare

CLARE (AP)—A tornado cut a three-mile swath south of Clare Thursday in Isabella County, severely damaging a farm, a house trailer and causing lesser damage to other farms, state police reported.

The U.S. Weather Bureau at Detroit confirmed the twister destroyed part of the house of the North-Hall family, uprooted a tree, and flung the Dalton's 35-foot trailer some 100 yards, damaging it extensively.

Nobody was reported injured. The Daltons fled to the base-Fire Federal Savings and Loan of Oakland and the L. H. Henson Company, Pontiac, Mich.

Chairman of these units are William Freeland, plans; Al Magnus, treasurer; Richard Pelt, education; John Witherspoon, government; and John Nagley, professional.

The luncheon is sponsored by First Federal Savings and Loan of Oakland and the L. H. Henson Company, Pontiac, Mich.

Wed to Harry James

Betty Grable Is Divorced

LAS VEGAS, Nev. (AP)—The public wasn't invited, there was no music and the script was secret when the marriage of Betty Grable and Harry James reached the ending so familiar to film folk: divorce.

The glare of flashbulbs and a fanfare of publicity heralded their wedding 22 years ago. Thursday the decree was handed her in a sealed judgment, after a private hearing, by Clark County District Court Judge John Mowbray.

The announced reasons for the breakup were extreme cruelty and mental cruelty.

Her attorney, Carl J. Christensen, said the settlement was amicable and that "both parties remain friends." He said there would be no statements from Miss Grable or James.

PINUP QUEEN

Two decades ago, Betty became pinup queen for millions of servicemen who ogled and catcalled when her famous legs flashed across the silver screen.

Matching her smile, the infinitely sweet trumpet of circus-trained Harry James consoled the girl the GIs left behind during World War II.

Betty knew the lure of her legs exceeded her ability as an actress.

"I am what I want to be," she said once. "Just give me the lines that lead into a song-and-dance routine. I'm the kind of girl that truck drivers love."

In those days Betty was averaging \$300,000 yearly and James \$10,000 a week.

SOLD 2 MILLION

James' band sold 2 million copies of the recording "You Made Me Love You," and a million copies of "I'll Hear That Song Before." Other hits were "I Don't Want to Walk Without You, Baby," and "Tumpty Blues."

James, 49, and Miss Grable, 48, met in 1940 and were married three years later after appearing in the film "Springtime in the Rockies." She had married actor Jackie Coogan in 1939. They were divorced two years later.

Miss Grable has been in semi-retirement. James spends several weeks each year playing at Nevada hotel casinos and another few weeks on the road. Not long ago he said his hand still makes \$600,000 a year.

The best years of Miss Grable's career were the 1940s, when she starred in such musicals as "Tin Pan Alley," "Moon Over Miami," "Coney Island," "Pin-Up Girl" and "The Dolly Sisters."

She and James have two daughters, Vicki, 22, and Jessica, 18.

UF Division Kickoff Slated

A noon luncheon Monday will kick off the 1965 solicitation for the commercial division of the Pontiac Area United Fund campaign. It was announced today.

Some 700 volunteer solicitors will receive their instructions at the luncheon to be held at the Elks Temple. All commercial division solicitors have been invited to the luncheon.

Featured speaker for the noon meeting will be Ernest Mehl, sports editor of the Pontiac Star.

James P. Star, Pontiac Press staffer Howard Henderson will act as master of ceremonies.

Commercial Division Chairman James P. Dickerson said the division has been divided into five major units. These include chapter plans, small teams, education, government and professional.

5 MAJOR UNITS

Dickerson said the commercial division has been divided into five major units. These include chapter plans, small teams, education, government and professional.

Chairman of these units are William Freeland, plans; Al Magnus, treasurer; Richard Pelt, education; John Witherspoon, government; and John Nagley, professional.

The luncheon is sponsored by First Federal Savings and Loan of Oakland and the L. H. Henson Company, Pontiac, Mich.

Dr. Wayne G. Brandstadt Says:

Persons Bent on Suicide Need Help

(Second of two related columns)

Having considered the cause of suicide in a recent column, let's take a look at the methods used and some suggestions about prevention.

Men appear to prefer shooting or hanging and when these methods are used they usually succeed. Women prefer poisoning (most commonly an overdose of sleeping pills), cutting their wrists or drowning.

These methods are "chancy." They may fail when the attempt was sincere or they may succeed when the intent was merely to gain control of an unfavorable situation.

Many suicides can be prevented. The old belief that persons who talk about killing themselves never do it has been disproved so often that no threat of suicide should be taken lightly.

Adolescents easily become depressed when their world seems to be toppling all around them. NEED HELP

Anyone, but especially an adolescent, who appears to be unduly depressed or who threatens suicide, should receive psychiatric help.

The risk is particularly great if the person has previously made a suicidal attempt. Hospitalization should be encouraged because a hospital provides round-the-clock surveillance.

Recognition of suicidal depression is not difficult.

It is characterized by a combination of inability to sleep, marked loss of appetite with a consequent loss of weight, a loss of interest in one's surroundings, loss of ambition and inability to concentrate.

SEES SECLUSION

Furthermore, the depressed persons often expresses feelings

Medical Dean Asks Age Policy Review

DENVER, Colo. (AP)—A University of Nebraska Medical School dean called Thursday for reexamination of arbitrary hiring and retirement policies based upon age.

"The decision as to whether an older individual should continue to work beyond 60, 65, 70 or any arbitrary age should be made on an individual basis," said Dr. Cecil Wittson of Omaha, "taking into account both the desires and job performance of the person involved."

He outlined the view at a conference on aging and long-term care conducted by the American Medical Association.

of guilt, self-criticism or personal unworthiness and is apt to seek seclusion.

If you can get the potential suicide to seek help from a clergyman, social worker or physician, there is a good chance of preventing the suicide.

More often than not, however, hours a day and seven days a

week by persons specially pressed person without treating a problem. Their results so far have been eminently worthwhile.

Q—Can gonorrhea and syphilis be detected through a Pap smear?

A—No.

Science Quiz

By BOB BROWN

PROBLEM: Heat conduction and the flame.
NEEDED: A lighted candle and a piece of copper wire.
DO THIS: Wind a spiral on the end of the wire as shown, and lower the spiral over the flame. Nothing happens; the flame has plenty of room to get air and continue to burn.

Wind the loop smaller, and try again. Always leave room for air to reach the flame. However, when the loop is small the flame goes out.

HERE'S WHY: The copper conducts so much heat away from the flame so quickly that there is not enough heat left to vaporize the wax and maintain the kindling temperature.

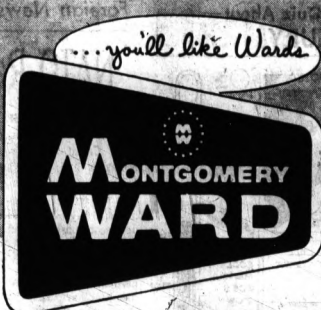

NEXT WEEK: Seeing is NOT Believing.

See the new collection of these experiments in your bookstore. The name of the book is "Science Circus No. 2." (Copyright 1965, General Features Corp.)

Mobile Rain Damage Put at \$25 Million

MOBILE, Ala. (AP) — A Weather Bureau spokesman estimates the record rain of almost 17 inches that swamped Mobile Sept. 30 probably caused about \$25 million in damages.

Meteorologist William L. Tilson reported that figure to the Weather Bureau. Insurance adjusters say they have been processing hundreds of claims.

Buyers Have Three Secret Fears to Overcome

By HARRY FERGUSON

WASHINGTON (UPI)—Among the secrets which good salesmen carry in their heads is the fact that most of us are scared when we start to buy something. Whether we are conscious of it or not, three fears are racing through our minds:

• We are not going to get our money's worth.

• There is something wrong with the product we are considering buying.

The fact that we can't say specifically what is wrong irritates us and we waste hours going from store to store in search of the perfect product. Such people are known to store clerks as "lookers" because they seldom buy anything.

• Members of our family and our neighbors are going to ridicule us for making the purchase. They will say the price was too high or the product is inferior.

There will always be the man down the block who will explain that he bought the same product three years ago and it turned out to be a lemon. Or we will be criticized in our own home for buying something we really didn't need.

The salesman has made his presentation, has demonstrated the product, has stated the price and explained that easy terms are available.

Now comes the moment of truth — what sales experts call

"the closing." Millions of words have been written on the "closing," but all of them shake down to the fact that the salesman has about 10 seconds to read the customer's mind and come up with the right answer.

LOOMING FEARS

Does one or all of the three fears loom large in the customer's mind? What fear is it? Will the customer be irritated by one more sales pitch? What can the salesman say that he hasn't said already?

Charles B. Roth in his book "Secrets of Closing Sales" quotes one of the nation's top refrigerator salesmen on how to snatch victory from defeat:

"I saw the sale was as good as gone so I decided to take a chance. With a perfectly sincere face . . . I pointed to the screw heads on the front of the refrigerator and told my prospect: 'Here is something I want to show you, Mr. Clarke.'

"This refrigerator is the most carefully made refrigerator on the market. Do you see all those screw heads? Notice that the slot in every one of them is absolutely vertical . . . there isn't a detail in the manufacture of this refrigerator which has been overlooked."

FACTS ARE LOST

The fact that whether screw heads are vertical or horizontal cannot possibly have any bearing on the performance of a refrigerator was lost on the customer.

He immediately bought the refrigerator. The fear that had been running through his mind was that he might be buying an inferior product. The salesman had banished that fear

with an inspired speech about vertical screw heads.

By far the greatest boon ever bestowed on the American salesman was the system of credit and installment buying.

The charge account is a vital part of the American economy because psychologists have established beyond doubt that a person will have no hesitancy in buying something for \$19.95 and saying "charge it." If he

had to produce a \$20 bill in payment, the sale never would be made.

INSTALLMENT SALES

Even more important is installment buying. Sen. Paul H. Douglas, D-Ill., headed a subcommittee which looked into the matter and on the basis of the testimony Hillel Black wrote a book called "Buy Now, Pay Later."

Douglas and Black found there were many evils in cer-

tain categories of installment buying and that in some cases it amounted to downright fraud.

But the fact is that the fastest way to bring about a massive depression in the United States would be to curtail installment buying, and Black explains why: "A dramatic illustration of the import role consumer credit plays in our economic well-being can be shown by examining what the immediate effect would be if . . . Americans no longer were allowed to buy cars on time.

LESS PRODUCTION

"First of all there would be at least a 50 per cent reduction in the number of cars manufactured. In turn, this would mean that America would produce 8 per cent less steel, 24 per cent less malleable iron, 21 per cent less lead, 15 per cent less zinc, 10 per cent less nickel and 31 per cent less synthetic rubber.

"In terms of jobs, it could mean unemployment for 370,000 workers who make automobiles and parts. The work force of 2 million people engaged in automotive sales and servicing might be cut by a third.

"Probably 100,000 petroleum workers would no longer have jobs.

"Finally, the havoc that would result in our economy in general would make any of the post-World War recessions appear as years of unbounded prosperity.

"In effect, debt buying is neither a fad nor experiment but a necessity."

Policeman Watches

Doubly Tragic Scene

NEW YORK (AP) — Police Sgt. William Hofaker, on patrol in Brooklyn, saw a speeding car hit a boy Thursday night and drag his body six blocks.

When the body was thrown loose, Hofaker saw the dead boy wearing new skating boots.

"My God, that looks like one of my kid's shoes," Hofaker said. It was his son, Robert, 13.

Shadows, Reflector, Computer to Help Spacecraft Keep Cool

By Science Service

KANSAS CITY, Mo. — An old searchlight reflector, an electronic computer and some shadows are helping in direct heat of the sun during its 1970 lunar flight.

Light bounced off the reflector shines on a scale model Apollo, where the shadow patterns created by protrusions such as antennas, rocket nozzles and landing legs are fed into a computer.

The computer's job is to determine the amount of heat falling on different parts of Apollo as it changes position. Scientists will use the data to devise a control system that will keep the extreme temperatures, from more than 500 degrees F. down to minus 200 degrees F., from frying or freezing critical parts.

Even between a sunlit area and an adjacent shadow, temperatures could vary as much as 200 degrees F., said Harold L. Finch, in charge of the project at Midwest Research Institute here.

Extreme heat could damage the reliability of electronic instruments, such as navigators and communications equipment, while intense cold might freeze, for example, the valves in the reaction control engines used for maneuvering.

SHADOW PATTERNS

Shadow patterns are being taken from every conceivable position of the spacecraft. When the experiment is over, the computer will contain more than a million pieces of data.

The next step will be to "fly" a simulated moon mission on the computer, to determine exactly how much time Apollo will spend in various positions relative to the sun.

Heat will not only come from the sun, however. The earth, the other planets, even our dead, airless moon all emit thermal radiation.

Among the possible control devices are electric heaters for cold areas, insulative coatings for hot ones, and even venetian blinds to vary the exposure for different spacecraft altitudes.

Although the stork thrives on land have failed because the will they try to fly across the European continent, any at great white birds cannot sur-turbulent English Channel to tempt to introduce it into Eng-vive the English winter, nor grate southward.

A 'Shifty' Move, Gals

CHICAGO (UPI)—There's a move afoot to make do-it-yourself gear-shifting more popular with career girls and young housewives.

Alfred A. Krueger, president of Borg-Warner's Borg and Beck Division, says the auto makers have improved and synchronized transmissions. There's now a featherfoot clutch that requires only half the pedal effort.

Krueger said many of the young female drivers never have driven an auto equipped with a standard shift. Reasons they want: a standard transmission costs less to service and maintain than does an automatic; it brings down the initial price of the car; it stretches the gas.

Mrs. Kuhn Celebrates Birthday on Sunday

The Paul Kuhns of Birmingham will entertain the entire Kuhn family on Sunday, the 80th birthday of Mrs. Charles F. Kuhn of Lake Angeles.

Mrs. Kuhn, mother of 11 children (nine sons and two daughters) was selected as Michigan's Mother of the Year in 1963. Since 1953, she has been active in the American Mothers Committee as chairman of the Michigan State Committee.

All of her sons and daughters will be present except Mrs. Robert V. Frisbie (Helen) who is in Sao Paulo, Brazil, where her husband is assistant chief engineer for Ford Motor Company.

Attending the birthday celebration will be Dr. and Mrs. Albert A. Kuhn, Detroit; Dr. and Mrs. Henry H. Kuhn, Birmingham; Dr. and Mrs. Robert E. Kuhn, Bloomfield Hills; Mayor and Mrs. Robert V. Frisbie, Berkeley; the Richard D. Kuhns.

Mrs. Kuhn was also the charter president of the Samaritan Club founded in 1912 and was in charge of the girls who made a trip to Alaska during the late 1930's.

Know About Double-Knit

NEW YORK (UPI)—"Double-knit" fabric is made by knitting with two sets of needles instead of the usual single set. Because of this process, a double-knit fabric is heavier than single-knits and its two sides have different appearances.

Double-knits often are washable, non-clinging, durable and free from excessive stretching.

Many can be safely machine-washed with moderate agitation, using warm soap or detergent suds and rinse water, the Cleanliness Bureau reports.

Color It Orange

TRAVERSE CITY (UPI)—Orange and turquoise continue as leading accent colors for the home. But avocado green, antique jade and metallic gold are gaining, reports one manufacturer of accessories (Arabesque). Also gaining—wood tones, mostly of fruit-wood and walnut.

Looking over brochures given them to distribute for the Division of Continuing Education at Oakland University are four members of the newly-formed Town Information Council. From the left are

Mrs. Delos Hamlin, Farmington; Mrs. John House, Navajo Road and Mrs. D. Richard Veazey, Mid Pine Road, West Bloomfield Township; and Mrs. Peter T. Garland, Richwood Street, Pontiac Township.

Part of Adult Education Service

Their Job Is Information

Twenty-three area women, all leaders in their home communities, have accepted Oakland University's invitation to serve as members of a newly-formed Town Information Council.

In the group are localities, Mrs. William Furlong, Mrs. D. Richard Veazey and Mrs. John House.

Sponsored for and by the Division of Continuing Education, the council is designed to bring residents of Wayne, Oakland and Macomb counties in more direct contact with adult education courses and conferences at the University.

Their functions will be to supplement the customary work done by the Continuing Education staff which is responsible for direct mailing operations, publicity and the Division's Speakers Bureau.

In between course terms and conferences they will be constantly updating the mailing lists in their towns, trying to keep abreast of constant flux, caused by families moving in, moving out or just moving to another home in the same community.

They also will be keeping track of elections held by local clubs so the lists of officers will be maintained on a constantly current basis.

The other members of the Council and communities they represent are: Mrs. Peter T. Garland, Auburn Heights-Pontiac Township; Mrs. George Cantrick and Mrs. Garvin H. Meadowcroft, both of Birmingham; Mrs. Lloyd Britton, Bloomfield Hills; Mrs. Robert J. McBride Jr., Bloomfield Township; Mrs. Richard Kroninger, Clarkston; Mrs. Palmer Bundy, Davisburg-Holly; Mrs. Delos Hamlin, Farmington;

Others are Mrs. Ralph C. Charbeneau, Franklin; Mrs. B. Courtney Rankin, Grosse Pointe; Mrs. John Lessiter, Lake Orion; Mrs. Donald Austin, Milford-Union Lake-White Lake Township; Mrs. H. O. Evans, Northville; Mrs. Bruce Jacobson, Oxford; Mrs. James Saile and Mrs. Richard Wood, both of Rochester; Mrs. Ralph J. Toles, Romeo; Mrs. Grant Howell, Royal Oak-Oak Park; Mrs. Paul York, Troy; and Mrs. Robert A. Petersen, Utica.

Happy Holidays

Are your serving trays worn and old looking? If so, enamel them a color to match the color scheme you are using throughout your home for the holidays. Center with a large appropriate Christmas seal.

Ruby's Brother

Withdraws Suit

for Guardianship

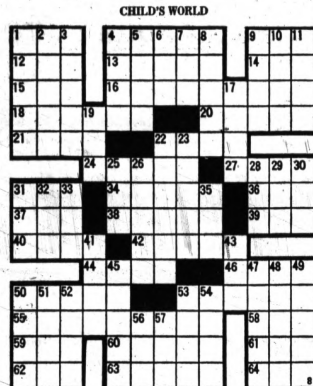

DETROIT (AP) — Earl Ruby Thursday withdrew a petition asking that he be named guardian of the brother Jack Ruby's estate in Wayne County.

Earl Ruby said also more than \$55,000 had been spent in his brother's defense since the shooting of Lee Harvey Oswald, President Kennedy's alleged assassin, in Dallas, Texas, July Nov. 24, 1963.

Earl, owner of a cleaning establishment here, said the petition was withdrawn temporarily "until some things are clarified in Dallas."

Praise Sung for Singing Voice of Julie Harris

By EARL WILSON

NEW YORK — All those rumors that Julie Harris was going to be fired from the new musical, "Skyscraper," because she was flunking her debut as a singer, are incorrect . . . Composers Sammy Cahn and Jimmy Van Heusen, now with the show in Detroit, are writing her another song to prove their admiration . . . Victor Spinetti, her co-star, who left the show, felt his part had been whittled to nothing but he's not mad at anybody . . . Julie Harris at this point would appear to be facing a big year.

WILSON

I assigned my secretary, to Yankee Stadium to report on Pope Paul's mass, inasmuch as I had some Broadway events to look in upon. Her laconic report: "I am so glad I went." Then I asked her, was she cold? All she would say was "I heard some of the clergy were thermal underwear. I wish I'd had some."

David Merrick, who used to have a reputation as a mean old-a-gun toward actors, must have sweetened up, or risked a double. At the opening of "Pickwick" on which he's raised a tremendous amount, Pickwick (Harvey Keitel) told me that Merrick couldn't be there because he's gone to Viet Nam to arrange for "Hello Dolly!" to play for the troops. Scumble and Roy Castle (you know from the Perry Como program) stopped the show . . . "Was it a good audience?" I asked Scumble at a big party afterward at the Trattoria in the Pan Am Bldg.

"Any audience that doesn't throw rocks at you," Scumble said, "is good."

THE MIDNIGHT EARL . . .

The parents of a famed entertainer, who are on his payroll, got bouncing checks last week. ("A mistake," he says) . . . Composer Dmitri Tiomkin said at Monsignore he'd refused to do a new TV series use his "High Noon" theme—because the shows are so bad . . . Miriam Makeba sang Israeli songs for Israeli foreign minister Golda Meir at the Village Gate.

REMEMBERED QUOTE: "It's better to be old-fashioned and right, than up-to-date and wrong."—Tori.

EARL'S PEARLS: Television magazine reports "A Las Vegas rumor—CBS is looking for a summer replacement for the N.Y. Yankees."

A N.Y. man complains his wife is an incurable bargain hunter: "She just bought two box seats to the World Series, because they were only \$1 each—at Candelstick Park." That's earl, brother.

(The Hall Syndicate, Inc.)
