

Gromyko Ready to Meet Rusk on Germany

PROPOSED PONTIAC PERIMETER ROUTE US 10 B.R., M-59, M-24 B.R.

PROPOSED LOOP—This map, prepared by the Michigan State Highway Department, shows the proposed route (heavy black line) of Pontiac's perimeter highway. A public hearing will be held tonight, explaining the plan in detail. In the City Commission Meeting Chamber at City Hall. Persons who would be affected by the loop road and all interested parties are urged to attend the 8 p.m. hearing.

Experts on Loop to Be at Tonight's Hearing

A major key to the redevelopment of Pontiac's downtown area will be studied and explained at a public hearing in the City Hall tonight.

The Michigan State Highway Department hearing on plans for Pontiac's proposed perimeter highway will begin at 8.

Officials from Lansing will show residents, with slides, photographs, maps and several large displays, all details concerning the proposed loop road.

Purpose of the public hearing, required by law, is to discuss the economic impact of the project and its influence on the community.

The loop road would serve as a boundary for the downtown development area, channeling heavy traffic around the business district and offering limited access to it as a gigantic shopping center.

EXPERTS TO TALK

The highway department will send its director of hearings, John W. Knecht Jr., to run the hearing. He will be assisted by M. T. Altmann, road location engineer; and J. M. Jones, public information officer for the department.

Altmann headed the group that laid the state's engineering study for the loop project.

Highway department officials have set a target date of Oct. 1, 1962 for starting construction of the \$15-million project.

Traffic movement on the loop would be counterclockwise. It would encircle about 150 acres of downtown Pontiac.

Major existing streets proposed for use are Park on the east and Cass Avenue on the west. Both would be extended beyond their present length, Cass to the south and Park to the north.

Both state and local authorities have emphasized the importance of persons affected or interested in the plan being present at this hearing.

The Race With Ruth

Rain forced the M-M boys to do a little chumping at the bit Wednesday but they will have it tomorrow today to clear the honor gap. They have nine games to knock Ruth off the home run perch.

Ford Motor Co. Plans to Buy Assets of Philco

Auto Firm Looks to Playing Greater Role in the Space Age

DETROIT (AP)—The Ford Motor Co., aiming to diversify and take a greater role in the space age—plans to buy the assets of Philco Corp.

Consummation of the proposed deal would put Ford into the appliance industry for the first time in its history. Philco has been an American pioneer in radio, television and electronics.

Ford and Philco directors said Wednesday they have agreed in principle. No price was disclosed.

The transaction, scheduled to be completed Nov. 30, is subject to approval by Philco stockholders' and conditions of tax laws.

Under the agreement, Philco will become a wholly-owned subsidiary of Ford. Ford will take over Philco's assets and liabilities and will issue and deliver shares of Ford stock to Philco stockholders.

TO BROADEN OPERATIONS
Henry Ford II, board chairman of Ford, and the purchase will enable his firm "to broaden operations, to provide entry into new fields and make possible a fuller participation by our company in the national defense and space effort."

The purchase agreement provides that Philco stockholders will receive one share of Ford common stock for each 4 1/2 shares of Philco.

Preferred stockholders will receive—for each share of Philco—Ford stock of value equal to \$10.50, plus cash for a 10 percent unpaid dividend. Exact rates will be based on market value of Ford common stock shortly before the completion of the transaction on Nov. 30.

As of Sept. 1, there were 4,104,033 shares of Philco common and 100,000 shares of Philco preferred stock outstanding.

In the first quarter of 1961 (ending April 2), Philco lost \$1,600,000. Since then it has received a total of \$38.5 million in defense contracts—two from the Air Force for guidance systems and a third for developing a fuse for the Sergeant missile.

Charge Control of Lamb Price

Accuse Meat Packers, Store Chains, Dealers of Violating U.S. Act

WASHINGTON (AP)—Secretary of Agriculture Orville L. Freeman today accused seven meat-packing companies, three national food store chains and two lamb dealers of trading practices which have the effect of manipulating or controlling prices of lamb.

He said the charges were "gravely serious," and issued a formal complaint of violation of the Packers and Stockyards Act.

That law directs the Agriculture Department to police livestock and meat markets against unfair, deceptive, fraudulent, discriminatory and monopolistic practices in the meat-packing industry and in the marketing of livestock.

Those charged in the complaint were James Allen & Sons of San Francisco; Armour & Co.; Goldring Packing Co. of Los Angeles; John Morrell & Co.; Roth Packing Co.; Swift & Co.; Wilson & Co.; American Shores Co.; Great Atlantic & Pacific Tea Co.; Safeway Stores; and lamb dealers Dwight L. Heath of Lamar, Colo., and Perry Holley of Ogden, Utah.

The charges centered around sales of lamb meat to the chain stores.

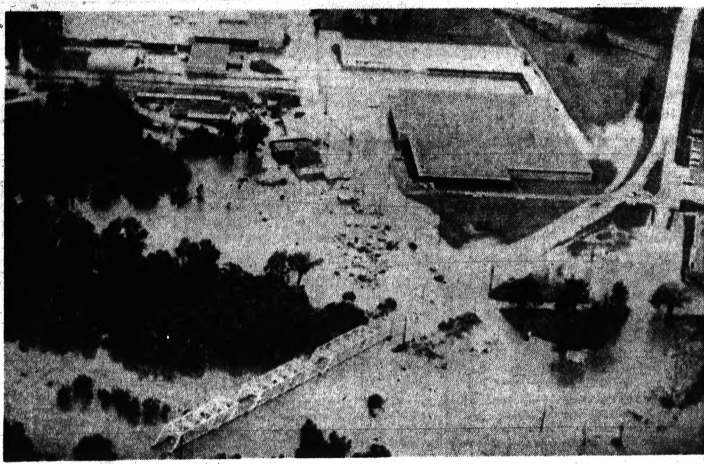

The department said instance of the complaint does not prove those named have violated the law. A department hearing examiner will hold a hearing on the charges beginning Nov. 14, unless those named waived such hearings by admitting the charges or fail to answer the complaint.

JUDICIAL OFFICER DECIDES
If a hearing is held, the department's judicial officer then determines whether the evidence substantiates the allegations.

If he finds violations, he can order them to stop further violations.

In a statement accompanying the complaint, Freeman said that if the allegations are proved, they will explain in part at least why lamb prices have been reacting to marketing conditions during the last several years.

Carla-Spawned Floods Plague Kansas

FLOOD CUTS HIGHWAY—This aerial photograph shows how the Blue River flood has cut off U.S. 71, a main entrance to Kansas City from the southeast. A bridge over the river is at the lower left near 84th Street. The large building at the center is a warehouse of the John Deere Implement Co. Rains and winds caused by Hurricane Carla have caused property damage and five deaths in Kansas.

45 Hurt as Porch Collapses in Galveston; Chicago Soaked North to Die

GALVESTON (UPI)—A wooden ground amid the screams of the porch at American Red Cross refugees. First reports said at least 45 persons were hurt. The injured were taken to John Sealy Hospital.

Meanwhile, the wooden remnants of Carla hit Chicago with record-breaking rains today on its wandering ramble from the storm-devastated Texas coast to the Great Lakes.

The night-long Chicago rains flooded 3,000 basements, swamped city buses, snarled traffic on flooded streets and forced suburban rescue crews to turn out in rowboats. The flow of the Chicago River was reversed, forcing it back into Lake Michigan, to prevent flooding in the loop area.

In a 36-hour period ending at 1 a.m., Chicago had been soaked by 2.41 inches of rain. The downpour followed a 2.39-inch drenching Tuesday also blamed on Carla and pushed the city's September rainfall total to 6.52 inches—a new record for the first 14 days of the month.

Weathermen estimated that if the storm had arrived a few months later Chicago would be buried under a foot and a half of fresh snow.

GAS LINE CUT
The collapse of the porch in Galveston broke a gas line leading into Red Cross headquarters. Gas in the past played \$100 a barrel.

No injuries were reported but a number of cottages along the river were flooded and Pennsylvania railroad tracks were threatened by rising waters.

Backwaters were at a level of approximately 20 feet when the Keystone Dam ruptured at about 1 a.m. The downstream Mayfield Dam burst at about 10 a.m.

Temperatures are expected to drop to a cool 33 tonight. Partly cloudy and cool with a high of 63 is Friday's forecast. The outlook for Saturday is fair and continued cool.

A funnel-shaped cloud, described by some witnesses as a tornado, skipped through the Grand Traverse Bay area yesterday, damaging houses and leveling a barn. No injuries were reported.

Two farm houses were badly damaged by the wind and a barn was leveled.

At Crystal Beach, a Torch Lake resort about 25 miles northeast of Traverse City, a bume was severely damaged when a tree crashed through the roof.

In downtown Pontiac temperatures dropped from a high of 77 at midnight to 68 at 2 p.m.

Carla Coming Weakened by Trip, Hurricane Still Fighting; May Bring Rain Here

The remainder of Hurricane Carla weakened to gusts of up to 20 miles per hour later in the day, accompanied by rain of up to 3 inches. Winds will be coming northwesterly late this afternoon and tonight, diminishing tomorrow before the storm.

Gale warnings were posted on the Great Lakes.

At Traverse City, high waters from three days of constant rain today shattered one of four hydro dams and washed out a second dam on the Boardman River.

Residents of the Boardman Valley, where flood conditions were described as serious, were warned the flood stage would continue at least through today.

No injuries were reported but a number of cottages along the river were flooded and Pennsylvania railroad tracks were threatened by rising waters.

Backwaters were at a level of approximately 20 feet when the Keystone Dam ruptured at about 1 a.m. The downstream Mayfield Dam burst at about 10 a.m.

Will Take Place at U.N. General Assembly Soon

U.S. State Department Pleased Reds Willing to Hold Serious Talks

From Our News Wires
LONDON—The Soviet government announced today that Foreign Minister Andrei Gromyko was ready to meet U.S. Secretary of State Dean Rusk.

And official British sources reported a firm western decision has been taken to propose an East-West conference on Berlin and Germany.

The Soviet Foreign Ministry in Moscow said Gromyko "is ready to enter into an exchange of opinion with United States Secretary of State Dean Rusk on German problems and indicated a meeting would take place at the U.N. General Assembly session opening next Tuesday.

In Washington, the State Department expressed pleasure at Rusk's acceptance of President Kennedy's suggestion for "serious talks" on Berlin at the United Nations.

Press Officer Joseph W. Reop said "We are pleased that we can probably find out what's in the Russian mind on Berlin."

These developments came as the foreign ministers of the United States, Britain, France and West Germany assembled for a three-day strategy conference in Washington.

The Moscow broadcast said the Soviet statement was in "tensest to answer President Kennedy's declaration Wednesday—that the United States is ready to enter serious talks with the Russians if the Russians show a desire for such talks."

The Western decision to propose a new conference on the Berlin and German problems was taken, informed said, before the four Allied foreign ministers got to Washington.

FOREIGN MINISTERS
The efforts to hammer out Western negotiating plans took place in the final hours of the U.S. State Department's apparent readiness for Rusk-Gromyko talks.

Rusk conferred individually this morning with West German Foreign Minister Heinrich Von Brentano, British Foreign Secretary Lord Home and French Foreign Minister Maurice Couve de Murville.

They then prepared for the first formal session of their three-day meeting late this afternoon.

The first session will be a tripartite affair—Britain, France and the United States—with the German minister joining the talks Friday and Saturday.

FRANCE HESITANT
It had been agreed—with France expressing some reservations about the timing of the initiative—that Rusk would open informal talks with Gromyko on the sidelines of the U.N. Assembly.

Rusk, informants said, would state the Allied policy "willing" (Continued on Page 2, Col. 7)

UF 'Off' With \$11,670 From Bank

Advance-gift solicitations for the 1961 Pontiac Area United Fund campaign got off to a fast start this morning with the presentation of a check for \$11,670 to UF officials at a kickoff breakfast of the advance gifts section.

A. C. Girard, president of the Community National Bank, presented the gift on behalf of the bank, its officers, and employees.

Thomas F. Withern, general campaign chairman, thanked the bank for its contribution.

Goal of the advance gifts section, of the Community National Bank, is \$24,000.

Addressing some 70 advance gift solicitors, Withern said: "Despite present-day adversities, we must spend every effort to give evidence of the progress of our city."

He noted that there was an untapped potential of some 50 per cent among persons eligible to contribute to the campaign through the Commercial Division.

John P. Niggeman, advance gifts chairman, stated that solicitors were aware the community needs all services of the 54 agencies supported by the UF.

"Let's translate that conviction into dollars and cents," he urged.

The advance gifts section solicits more than 250 individuals and commercial establishments which in the past pledged \$100 or more to the Pontiac Area United Fund.

Such solicitations are made during the three-week period prior to the kickoff of the actual campaign. Almost 80 per cent of the Commercial Division's goal of \$170,000 is made up of advance gifts.

With the advance gifts goal at hand, Withern said, the success of the annual UF campaign in reaching its \$272,500 goal would be within sight.

The breakfast at the Community National Bank was sponsored by the bank.

The event for employees and civic leaders and their families had been scheduled for tomorrow and Saturday at the division's engineering building.

"We regret very much having to cancel this annual employee-community affair," Knudsen said.

The annual Pontiac division special preview of the 1962 Pontiac and Tempest has been canceled due to current labor conditions, Division Manager Simon E. Knudsen announced today.

The event for employees and civic leaders and their families had been scheduled for tomorrow and Saturday at the division's engineering building.

"We regret very much having to cancel this annual employee-community affair," Knudsen said.

CONTINENTAL CONVERTIBLE—The only four-door convertible made in America, the 1962 model has a new front grille and a matching rear grille-type panel. Newly designed hood, roof supports and a squared-off rear window gives the car the

appearance of a four-door sedan when top is up. The firm claims a number of engineering refinements and new customer conveniences.

Katanga Fights U.N. Takeover

Casualties About 180 as Attacks Continue Night and Day

LEOPOLDVILLE (AP)—Bitter fighting flared again in Elisabethville today. Reports said white-officer Katangan troops fired on U.N. aircraft and bombarded a refugee camp with mortars.

Reports reaching Leopoldville said that during the night Katangan launched three determined attacks against the city's post office but were beaten off by U.N. Gurkhas with heavy losses.

Unofficial estimates put Katangan casualties at anywhere up to 180 while U.N. killed and wounded were reported to have totaled around 30.

The headquarters of the Katangan army in Elisabethville was

LONDON (AP)—Britain has expressed concern to Secretary General Dag Hammarskjöld over the United Nations' failure to bring about a settlement of the Katanga crisis in the Congo's Katanga, the Foreign Office disclosed today.

burning fiercely as the result of a U.N. bombardment. It was reported.

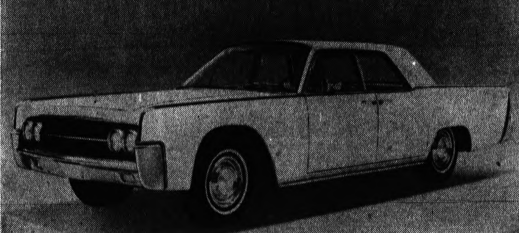

The U.N. opened up on the Katangan camp after anti-aircraft guns there had fired on a U.N. plane as it tried to land at the nearby airport. The plane was not believed to have been damaged.

Local U.N. commanders expressed confidence that guns in the camp could be silenced by tonight.

A U.N. relief column meanwhile was fighting its way through to 130 beleaguered Irish soldiers under attack in the mining town of Jadville, a nearby center 80 miles from Elisabethville.

The U.N. reinforcements were last reported held up at a broken bridge 15 miles from the surrounded Irish contingent.

The U.N. said that considerable numbers of non-Katangan, both in uniform and in civilian clothes, were taking part in fighting against U.N. forces.

LINCOLN CONTINENTAL—Clean, uninterrupted lines give the 1962 Continental a classic look. Notable changes include a redesigned front bumper, new front grille and repositioned headlamps.

In engineering, the company claims

greater reliability; smoother and quieter riding and less need for maintenance. The Continental comes in two models: the four-door sedan (above) and the four-door convertible.

'62 Lincoln Continental Boasts Styling, Engineering Changes

Changes in the Lincoln Continental for 1962 are likely to be experienced next year.

While notable styling changes are evident in front, improved engineering is apparent throughout

the sedan and convertible models. Both are four-doors.

Styling aims at continuity, leaving the side view virtually unchanged except for narrow-

Government Wants Fast Settlement

Auto Negotiators Pressed

DETROIT (UPI)—The federal government stepped up pressure for a quick settlement of the United Auto Workers strike against General Motors today with Labor Secretary Arthur J. Goldberg urging a return to full production at GM by Monday.

Goldberg said he was speaking on behalf of President Kennedy in asking the Union and GM to "set their own deadline" of Monday for an end to the four-day-old strike that has idled more than a quarter of a million workers at nearly 100 GM plants.

The company and the union, Goldberg said on a national television program, have an "overriding obligation to make an expedition settlement" since the country is just emerging from a recession and cannot afford a prolonged strike in a major industry.

Meanwhile, the company and the union reported new progress on negotiations at the plant level, with

band whitewall tires and new wheel covers. Important changes in front include a new grille, restyled bumper and repositioned headlights placed slightly forward. The rear grille-type design matches the front.

Engineering refinements aim at greater reliability, smoother and quieter riding, less car maintenance, and more passenger comfort and convenience.

A new water-heated automatic choke is intended to eliminate excessive idling speeds and to improve fuel economy in stop-and-go traffic.

Other improvements include newly designed plans for quieter engine operation, improved brakes for quieter operation and longer life and rubber-coated power window motors to ward off rust.

A two-year anti-freeze is added to maintenance advantages offered by the 6,000-mile oil-change and 30,000-mile lubrication-free front suspension and steering available in 1961 models.

To guard against salt and water spray, 250 pounds of galvanized steel are used in exposed areas of the unitized body. A 33 per cent increase in sound deadening material is expected to provide quieter running and riding qualities.

Other improvements include a long-life front wheel alignment set at the factory, larger shock absorbers, was-impregnated thiers for rear leaf springs and a plastic filter in the gas tank.

Roof supports for the convertible have been redesigned for a smoother top appearance, while back windows are squared off to resemble a sedan look.

The Continental will be available at Lloyd Motors Inc., 232 S. Saginaw.

He's Sure of Brazil
NEW YORK (AP)—Former President Juscelino Kubitschek of Brazil said today there is no danger of communism taking over his country.

Two of three men accused of the \$1,550 holdup of the Food Town Market, 1200 Baldwin Ave., will be arraigned in Circuit Court Monday.

Municipal Court Judge Maurice E. Finnegan ordered William Yoho, 35, of Dearborn, and Robert H. Ellis, 35, of 278 Oakland Ave., bound over to the higher court after examination yesterday.

Bond on each was raised from \$25,000 to \$30,000.

A third person accused of the Aug. 17 armed robbery, Homer T. Murkland, 25, of 617 Commerce Road, Commerce Township, has pleaded guilty in the holdup and will be sentenced Sept. 26.

Police say the accused robbers were part of a sophisticated ring uncovered during investigation of the supermarket robbery.

Five other men have been arrested in the probe which has cleared up nine burglaries throughout the state.

Loat was \$6,000, according to Pontiac police.

They said the burglars also took \$10,000 in checks but returned them in the mail.

Eccentric Sold in Birmingham

Averill Brother, State Representative, Acquires Controlling Stock

The sale of the Birmingham Eccentric, a weekly community newspaper, was announced today by George R. Averill, editor and publisher for nearly 42 years.

Purchasing the controlling stock of the Eccentric and the Averill Press, Inc., was Averill's brother Paul N. Averill, the state representative for the 34th district, and Paul's son-in-law, Henry M. Hogan Jr., Michigan state representative.

A year ago the newspaper and commercial printing firm moved to new quarters at 1300 Bowers St., Birmingham. The former plant was located on the Woodward Avenue site of the new Demery's department store.

The total business volume of the Averill-operated companies exceeds a million dollars annually.

With the sale of his holdings, Averill, 68, said he would retire "to spend more time traveling" but added that he would continue to write some editorials, and his front page column "This & That."

"I have seen the community grow from a rural appearance to a thriving suburban area during my newspaper work here," said Averill, "and I am grateful for the opportunities that have come to me to participate in its growth and development."

Prior to his purchase of the Eccentric in 1920, Averill had been a reporter on the Detroit Journal since acquired by the Detroit News.

He was president of the Michigan Press Club Association in 1931 and the first president of the University Press Club in Ann Arbor.

He also served as secretary of the Birmingham Chamber of Commerce when the village of Birmingham became a city and was the first president of the Birmingham Rotary Club when it organized in 1924.

In 1946 he was chief aide to the late Kim Siger during his successful gubernatorial campaign. When Siger was elected governor, Averill accepted a 2-year assignment in Lansing as his executive secretary.

Averill, the father of two sons and a daughter, all married, lives with his wife Lillian at 889 River oak St., Birmingham. They have 11 grandchildren.

George William Averill, Averill's oldest son and for the last 15 years managing editor of the Eccentric, has resigned with the announcement of the sale, with plans, however, to continue in the newspaper field.

Coal seams were discovered in Johnson County, Ark., in 1840 and a year later the first boutload of coal was shipped to Little Rock.

GEORGE R. AVERILL

W. Reich Planes Stray to Berlin

Fly Over E. Germany After Losing Way Back From French Training

BERLIN (AP)—Two West German planes went astray today and landed at Tegel Airport in West Berlin, a French spokesman said.

To reach West Berlin the fighters had to fly over at least 10 miles of interesting East German territory.

The French official said the planes were on their way back to West Germany from maneuvers in France.

They sent out an appeal for help and managed to land at Tegel, he added.

The mishap occurred at a time when the Communists are accusing the West of mistaking the three air corridors that cross Communist-held territory from West Germany.

It was likely to provide fuel for the Communists who charge that West Berlin is being used as an espionage center against East Germany.

Wednesday ADN, the official news agency of Communist East Germany, charged that East German planes were being kidnapped and flown out of West Berlin in U.S. military planes. U.S. officials said the story was a lie.

Weather over Berlin was cloudy and rainy. The French maintained that the flight was a pure accident.

The French official said a report had immediately been sent to the Berlin Air Safety Center. This is the only office where the Soviet cooperate with British, French and U.S. authorities. It controls all traffic around Berlin.

Coal seams were discovered in Johnson County, Ark., in 1840 and a year later the first boutload of coal was shipped to Little Rock.

TONIGHT-FRIDAY-SATURDAY DISCOUNTS

State Farm Official
on U.S. Advisory Body

LANSING (AP) — George S. McIntyre, state agriculture director, has been named to an advisory committee on food prices and wheat by Secretary of Agriculture Orville L. Freeman.

The 32-member committee will advise the secretary on legislative matters concerning these agricultural products.

Last year 19 per cent of car-owning families had two cars.

Alleges in Court
Air-Conditioner
Fatal to Husband

NEW YORK (UPI)—A widow charged in Supreme Court Wednesday that air-conditioning equipment had caused the "untimely" death of her husband.

Mrs. Ruby M. Barnes said her husband installed the equipment near the Barnes apartment and that it produced "ear-piercing, nerve-shattering noise and vibrations" day and night.

She said the death of her husband William, 50, on Jan. 5, 1960, was the result of this disturbance.

It had made him "violently ill and sick," Mrs. Barnes alleged.

O. Roy Chalk and Seventy-Se-

enth Street, Inc., defendants in the \$100,000 suit for negligence and breach of contract, denied Mrs. Barnes' charges.

Highway Department
to Open Project Bids

LANSING (AP) — The State Highway Department will open bids in Lansing Sept. 27 on highway construction projects totaling more than \$3 million.

Included will be more than 11 miles of U.S. 131 Freeway between Kalamazoo and Grand Rapids, nearly half a mile of the Walter P. Chrysler Freeway in Detroit and relocation of four miles of U.S. 31 in Emmet County.

Annexation Blocked

ANN ARBOR (UPI)—A tie vote appeared to block the annexation of 57 acres of Scio Township to Ann Arbor, an area which in-

cluded some valuable industrial development property. Both Ann Arbor and Scio Township voters approved the annexation, but voters within the area to be annexed split on the issue.

Broken Bottles
Anger Solon

Out to Ban Carry-Out
Sales of Beer Packed
in Glass Containers

MUSKEGON (UPI)—Rep. Oscar E. Bouwma, R-Muskegon, is planning to introduce a bill to the legislature which would ban carry-out sales of beer in bottles.

Bouwma announced the action, he said, because he is tired of seeing broken beer bottles lining Michigan highways and beaches. The legislative service bureau

in Lansing is already preparing the bill he will introduce in January, Bouwma said.

"Basically the law will be designed to prevent the retail or carry-out sale of beer in the bottles," while permitting bars and taverns to continue the sale of them in serving beer consumed on the premises," he said.

"Beer in cans is bad enough, but at least when they are thrown out of a car window, they don't shatter and cut tires or bare feet," he added.

Bouwma said his bill may also include a provision placing a refundable three-cent tax on glass bottles on which consumers now pay a two-cent deposit. The tax, he said, would encourage consumers to return them rather than throw them away.

Station Attendant
Mops Up on 3
Would-Be Bandits

LOS ANGELES (AP) — Three holdup men tried to clean out the till of a service station.

Richard Partridge, the attendant, cleaned them instead with a mop soaked in cleaning fluid.

The three approached Partridge Wednesday with hands in their shirts as if they carried guns. "I don't believe you—show me your guns," Partridge answered.

And he slapped their faces with the mop he had been using to clean a grease spot.

They fled.

FBI Can Now Step In
If Crime Scene Unknown

WASHINGTON (UPI) — President Kennedy Wednesday signed into law legislation which permits the federal government to investigate crimes committed against interstate traffic in cases where the scene of the crime is not known.

The legislation was proposed after local officers were unable to determine who had authority in a case where acid was thrown on automobiles being shipped by rail.

England has had mispickers for ages. But now they travel in their own cars, gathering it for packaging, for wreath-making and other uses, and make a good living.

'Costly TV Rig
Won't Be Put
in JFK Plane'

WASHINGTON (AP) — The White House says it just isn't true that President Kennedy's jet airplane is being equipped with \$75,000 worth of television and motion picture equipment.

Col. Godfrey T. McHugh, Kennedy's Air Force aide, labeled such a report a "typical canard."

His remarks in a letter to Sen. Kenneth B. Keating, R-N.Y., were prompted by letters sent to the senator by two New Yorkers who said they had heard of a plan to install \$75,000 worth of TV equip-

ment in the plane at taxpayers' expense.

Keating forwarded the letters to the White House for comment.

In his reply, McHugh said the plane has neither a portable nor built-in television set.

A herpetologist once counted the eggs that a North American toad laid in 10 hours. There were 28,000 arrangements.

The Greeks and Romans honored their dead with lavish funeral arrangements.

ROBERT DUNN

Tells How Carla Swept Away 11

FREEDPORT, Tex. (AP) — Robert Dunn, 15, exhausted and sometimes incoherent, told today how Hurricane Carla swept away his parents and nine other relatives.

Robert clung to the roof of his home from Monday night until

Wednesday when his raft touched land. He was hungry, cut and bruised. His face was swollen from the high winds. But doctors said he would be all right after rest.

RECOVER BODIES

Bodies recovered were the father, R. W. Dunn, 52, and four children, Walter Allen, 10, Wallace Royce, 8, Carl Theodore, 5, and Viola Eunice, 4. Joseph John Drvar, 54, Robert's uncle, and two of Drvar's stepchildren, Floyd Galen Ham, 14, and Bobby Joe Ham, 11.

Still missing were Mrs. Dunn,

Mrs. Drvar, 31, and Ted Allen Ham, 15.

Robert said his father told him he had been in storms before and Hurricane Carla would be no worse than the others.

"He said if I got too bad we would leave," Robert said. "My aunt and uncle lived close to us and when it got pretty bad they came to our home."

"What must have been a tidal wave suddenly covered everything, including the car, and we couldn't leave."

"Somehow we made it to this

attic. All the food we had was a loaf of bread. My share was two slices, but two of the younger children were crying because they were so hungry and I divided my share among them. I didn't feel hungry anyway."

"I think it was early Sunday morning that we got into the attic. We stayed there until the worst part of the storm hit."

"There was a big wave that came then and we all started trying to get on the roof. I managed to get up there."

"The wind was blowing really

hard then and I tried to reach down and help two of the children who were hanging on."

"But something seemed to pull them away from me."

22,162 Cast Votes

GRAND RAPIDS (AP) — A 23 per cent turnout of the city's 30,891 registered voters cast a total of 22,162 votes at the polls Tuesday. City Clerk R. Stenstrom said he had estimated about 20,000 would vote, based on absentee ballot requests.

Out of Its Element

BERKELEY, Calif. (UPI) — Howell-North's Alaskan Cookbook, complete with all types of home-staying recipes, is selling well in the other new store, Hawaii.

Says Administration Using Crisis Tactics

WASHINGTON (UPI) — Sen. Allen J. Ellender, D-La., accused the administration today of using "crisis" tactics to push its foreign aid bill and urged the Senate to allow off \$20 million.

Ellender's complaint was aimed at the \$4,196,000,000 in foreign aid funds approved Wednesday by the Senate Appropriations Committee, which voted to restore nearly all of a \$695 million House cut.

The Louisiana senator said in a statement that the "crisis" claim traditionally is employed to advertise the government's foreign aid program.

Committee Says Nurses Training Loans Available

The nursing education loan committee of Pontiac General Hospital has announced that funds are now available to be loaned to employees and members of their immediate families seeking financial assistance to attend an approved nursing school.

An amount of \$150 will be granted for one year, with the opportunity to repay each year for a maximum of four years.

Eva Warner, practical nurse coordinator at general, is heading the program. Loans are repayable at a specified rate.

Year of Plenty for Fruit Crop

State Saw 9 Pct. Rise Above '60 and 26 Pct. Over 10-Year Average

LANSING (AP)—Michigan's 1961 fruit crop was estimated at 588,300 tons Wednesday by the Federal-State Crop Reporting Service, 9 per cent more than last year and 26 per cent better than the 10-year average.

The apple crop is estimated at 144 million bushels, 28 per cent above last year. Most areas of the state reported adequate rain and cool days and damp nights contributed to the best color in a number of years.

The pear harvest is estimated at 1.5 million bushels, 20 per cent above last year. Peach production is estimated at 3.5 million bushels. The grape harvest is estimated at 32,500 tons and the plum production at 7,000 tons.

Total output for the state's 17 major field and fruit crops is expected to be 4 per cent above the August forecast, slightly above last year and 7 per cent better than the 10-year average.

The yield of corn for grain is expected to be 63 bushels an acre, six bushels above the previous record set in 1959.

The field bean forecast is 1,200 pounds per acre and the soybean yield estimate is 25 bushels an acre, both new highs. The oat yield is estimated at 49 bushels per acre, down two bushels from last year.

The sugar beet yield is forecast at 18 per cent more than last year and the potato harvest at 3 per cent above 1960.

Suburb of Wyoming Adds Township Slice

GRAND RAPIDS (AP)—Suburban Wyoming has added approximately 5,000 new residents by annexing a portion of Parla Township with city voters approving the proposal 4,300 to 538. The previous population of Wyoming was 45,529.

The annexation takes effect after midnight Dec. 31. Wyoming City Clerk Ed Van Bollen says it will boost Wyoming above its 1960 ranking as 13th largest city in Michigan on the basis of the 1960 census.

The city vote and a favorable count of 622 to 402 in the township's Godwin School District offset opposition votes in the remainder of the township which would have been 582 to 233 against the proposal.

Never Fear, Khrushchev Won't Let Our Lives Get Dull

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON — This is for people getting ready to sigh with relief.

Both President Kennedy and Premier Khrushchev said Wednesday in a vague way, their governments are ready to talk about Berlin. And maybe they will, after enough talking about talking to wear out a fishwife.

Perhaps there'll even be a summit conference. Berlin may be settled without shooting. Kennedy may visit Russia and get the grand treatment and the world may be so rosy it will look sun-burned.

And if all that happens it will only be temporary.

Kennedy must have thought so himself, before he ever got into this present predicament, since he said on the day he took office that our problems will perhaps not be settled in our lifetime.

CONVENTION VIEWS
And if you have any doubts about it you should read the interview Khrushchev gave C. L. Sulzberger of the New York Times last week, particularly when Sulzberger asked his views on wars of liberation.

"The Russian's answer was a masterpiece in the upside-down philosophy of communism which can justify beforehand any way the cat jumps; and afterward, too."

"We do not recognize that any country has to fight a war for the liberation of another country. The imperialists and colonialists alone fight wars under the false banner of liberating other people."

Does this mean the Russians would never get mixed up in a war of liberation? Oh, no. Khrushchev took care of that.

When people within a country fight for liberation Russian sympathies are with them and "we consider that they have the right to count on the help of all freedom-loving people."

VERY CONVENIENT
By this reasoning it would have been very wrong for the United States in 1959 to help the Hungarian rebels when they tried to throw off their Communist masters.

But by the same reasoning it was very right for the Russians to move into the supposedly independent Hungary and crush the rebels to preserve communism, which they did.

How could this be? Very simple. Russia explained at the time that the rebels weren't fighting for liberation from communism but the reactionary stooges of the West which put them up to trying to overthrow their legitimate government.

So it follows it was wrong for the United States to help Cuban exiles in 1961 invade Cuba to try to overthrow pro-Russian Fidel Castro but it was very right for Russia in 1961 to help the Communist-Laoan rebels try to overthrow their pro-Western government.

OPENS THE WAY
None of this might have any present significance if it were not that Khrushchev's explanation to Sulzberger justifies beforehand anything Russia may do in the future.

What it can do in the future is instigate Communist-led revolts—from inside a country in Asia, the Middle East or elsewhere—and then in one way or another help the rebels on the grounds they were fighting for liberation.

In the years ahead it's unthinkable, knowing communism's self-proclaimed expansionist aims, it will not be fomenting revolt in which it can join, particularly in nearby countries linked with the West.

And this should be particularly true in the case of countries allowing their territory to be used as military bases of one kind or another which could be used in case of a war between the United States and Russia.

IRAN RIPE PLUM
Iran, for example, looks like an excellent place for just such a Soviet effort. It's pro-Western, there are enormous gaps between the very rich and the very poor.

And in all fairness it's hard to believe the U.S. government would for a moment stop trying to overthrow, in one way or another, any government in this hemisphere which was Communist or pro-Communist.

A thousand years from now, when people within a country fight for liberation Russian sympathies are with them and "we consider that they have the right to count on the help of all freedom-loving people."

some philosopher taking the long view may conclude that from an evolutionary standpoint all this to come this will be a very spicy conflict between East and West planet, and even longer than that other planets.

It's a good guess that for years this planet, or what's left of it, may be up to its neck in conflicts with other planets.

GOP Scores Clear Across Michigan

Republicans and Democrats alike were confounded and flabbergasted at the overwhelming con-con victory that the GOP scored at the polls. This holds true in the State as a whole and right here in Oakland County.

In a way, this follows a fairly well-defined trend across the country. Virginia, Texas and one of the Carolinas have all recently voted Republicans into important offices where Democratic occupancy had been the custom for years.

Oakland County Republicans swept six out of seven offices, some of them by the most one-sided votes in the memory of man. George Romney buried his Democratic opponent with 42,000 votes against 15,000. Henry Woolfenden was the real champion, however, for he swamped his opponent by a vote of 12,000 to 2,500. His winning margin was about five to one and half of this is considered "a landslide."

Outstate, the Democrats took a right smart beating all the way from the Ohio border to the Canadian shore lines. The GOP triumphed in two out of three districts and even out amazingly into Wayne County. It was an awesome sweep. Both sides were amazed.

The possible redistricting of Michigan to turn control over to Wayne County has flown out the window. Many sincere and concerned citizens are reconciled to the fact that if Wayne seizes the reins, we might be under the thumb of the goons, the hoods and the political riffraff. We have no desire to emulate the operations of Chicago, Kansas City, New York, etc. where the plug-uglies and the racketeers are king.

Cook County in Chicago just dismissed every charge in the current presidential election in which all manner of crookedness and fraud were alleged. Many people believe RICHARD NIXON actually carried Illinois and was cheated by Crooked county.

The need for "sweeping reformation" and "startling revisions" of our State constitution are problematical. It has been amended so many times, it is reasonably current. The election laws can be strengthened by giving certain officeholders longer terms and then placing a limit. The Governor and his associates are definitely entitled to four years, and perhaps then he should be limited to two terms.

The most regrettable feature of the whole election is the amazing number that stand away from the polls. This is appalling. Perhaps the results would have been changed. Perhaps they would merely have been emphasized. We'll never know.

We just give thanks to those who voted.

Chicago Taxpayers Pay Superintendent Well

With federal aid to education currently finding the going a little rough in Congress, it is interesting to note that some people place a higher price on education than just about any other public commodity—including Congressmen.

A recent raise in salary made Benjamin C. Willis, general superintendent of Chicago schools, the third highest paid public official in the Nation. Willis now has a

salary of \$48,500 annually, according to the National Education Association.

He ranks behind only President JOHN F. KENNEDY (\$100,000) and New York Governor NELSON ROCKEFELLER (\$50,000). The closest school superintendent's salary is \$38,000 in Los Angeles.

Willis runs a school system of 500,000 pupils with an annual budget of \$285 million. He became superintendent in 1953.

The Man About Town

From Our Readers

Interesting Items Sent in by Column's Perusers

Yankee luck: What's the matter with the Detroit Tigers.

A suggestion comes from Leonard Cole of 190 Augusta St., that the old courthouse be converted into a museum.

First entry in our football column comes from Mrs. Orpha Houseman

of Keego Harbor, who adds a note that she would have been a winner last year, had she gotten her entry in on time.

Goofy coaching at first and third base and needless collisions in going after fly balls, according to

Randall Steelson of Bloomfield Hills. Is why the Detroit Tigers are losing the flag. Isn't he right?

Thanks are extended in a letter from Mrs. Margery Bennett

for our publicity in promoting last spring's gramophone sale for the benefit of the Pontiac Symphony Orchestra. The 2,200 plants sold enabled the Women's Association to give the orchestra \$400, besides the beauty the flowers have added to our city.

Even the weeds are growing taller than usual this year, as

Max Welburn of Drayton Plains reports cutting a burdock nine feet tall.

Recently celebrating his 80th birthday, Albert Linseman

of 793 Blaine Ave., was the first white child born in Edwards Township, Ogemaw County. He's a veteran of the Spanish-American War.

In appreciation of the help of the staff at the Oakland County Tuberculosis Sanatorium in promoting their work, the Patients Benefit Association

is giving them a party at the St. Saturday, beginning at three o'clock.

In spite of the near approach of her 84th birthday,

Mrs. Nellie F. Williamson, who has spent most of her life in Pontiac, is flying to Florida Saturday.

In response to several inquiries, I find that the date of the first killing frost in the Pontiac area ranges from Sept. 12 to Oct. 5.

One of the most avid baseball fans in Pontiac is

Mrs. Charles B. Wikom of 80 Seminole Ave., celebrating her 92nd birthday. She is a close follower of the Tigers, keeping track of their batting averages and other fine points of the game.

A morning glory vine at the home of Mr. and Mrs. Roger M. Faulter of Rochester has branches 30 feet long, and bears over a thousand blossoms.

Another baseball unfortunate is Hiram Fordney of Rochester. He has had tickets to every game at Tiger stadium that has been rained out this summer.

Doing a double 1961 stunt are three maple trees in the yard of

Mr. and Mrs. Jack Milford of Waterford, who shed their leaves, and now are budding out again.

Surely knowing how to grow gigantic tomatoes and cucumbers is

W. O. Wright of Drayton Plains, according to the samples he has been exhibiting.

Verbal Orchids to—

Gustave Eckstrom of 3660 Giddings Road, 87th birthday.

Mrs. and Mrs. Edward P. May of 37 North Marshall St., 52nd wedding anniversary.

Mr. and Mrs. J. A. Bean of Birmingham, 57th wedding anniversary.

The Progeny

David Lawrence Asks:

Why the Fuss About Paar's Show?

WASHINGTON — "What was all the hullabaloo about? This question undoubtedly came from the lips of many millions of persons after they watched the television show filmed by Jack Paar in West Berlin a few days ago and presented late Tuesday night by the National Broadcasting Company over a large network of stations.

Anyone who saw the program, said this correspondent, must have wondered why members of Congress who hadn't seen it, but had read newspaper accounts of the filming episode itself, went off the deep end in their criticism.

In fact, the Pentagon—without waiting to see the pictures—removed one colonel from his post and admonished another who had helped to arrange or had participated in the affair. This led a lot of Americans to believe that some grievous error had been committed. The filmed show itself didn't bear out the news stories that had been written about it, particularly with regard to the presence of armed soldiers and the number of soldiers at the scene.

Actually, the show did more to enlighten the American people about the humane acts of the Communists in separating families in East Berlin from relatives in West Berlin, and generally disrupting the life of a peaceful community, than may have been obtained from reading some of the fragmentary news accounts of a series of days.

It was Confucius who said that "a picture is worth 10,000 words." While this may often be exaggerated, many viewers got for the first time from the photographs of the walls and barricades and scaled-up apartments on the line the impact of the physical imprisonment of the East Germans.

VIVID COMMENTS The pictures were vividly interpreted by the comments by Jack Paar and his capable assistant Peggy Cass, who together did the kind of job that many a news-caster has done on news events in the past.

What Jack Paar did was to talk briefly to 15 or 20 soldiers out of the many hundreds scattered inside the city along the borderline. He merely asked them to give their names and their home towns. This was, of course, to provide some parents or relatives back home a change to see their loved ones. The Colonel in charge answered a few routine questions which wouldn't have caused a ripple if the interview had been obtained by a newspaper reporter.

SIDEGLANCES GIVEN Americans watching the program not only saw pictures of the way a city has been sealed off but

were given also some significant sidelights.

There was, for instance, a picture of a big handbill, turned toward East Berlin, proclaiming that citizens of West Berlin had offered a \$2,000 reward for information that would lead to the capture of the Communist who shot and killed a teenage youngster as he sought to swim to freedom from East to West Berlin.

The boy had reached the West Berlin side and was clearly out of East Berlin when the Communist bullet ended his life. There was no excuse for the murder. It so happens that a photograph of the killer was obtained, and it was placed on the poster. "Is someone or later one Communist murderer may put his crime. To many watching the show the

thought must have occurred that those members of Congress who became so vehement over the filming of the show might better have spent their time expressing a sense of outrage over the murder of this and other East Germans who had risked their lives to escape their Communist prison.

This West Berlin-East Berlin affair tensed up every minute of the day. There are hours of monotony, and hence a filming of the scene with a few soldiers on hand didn't affect any military operations at all.

But in presenting worthwhile information—or even propaganda against communism—the Jack Paar show was an effective piece of work. He deserves not brickbats but applause for his presentation of the human story behind the Berlin crisis.

DR. WILLIAM BRADY SAYS:

Nothing Bad About Tonsils If They're Not Diseased

By DR. WILLIAM BRADY "While I was visiting my daughter for this summer I got a sore throat and had Dr. Brady attend me."

"I feel fine today and there has been no further throat trouble or illness of any kind."

(M.C.S.) The correspondent doesn't mention what extraordinary circumstance or complication made the doctor so certain he should have her tonsils removed.

Apparently the doctor glanced at her throat, noted she had tonsils and concluded "those bad tonsils" must come out because they were a source of trouble and a source of trouble abundantly proved in the early decades of the 20th century, that's all the argument they need to persuade the average untutored layman to submit to the serious major operation known as "tonsillectomy."

Had the doctor been less eager to make his appearance in the operating room he might have withheld his snap judgment until the patient had recovered from the sore throat or tonsillitis and then determined whether any treatment was required.

If "tonsillectomy" means removal of every bit of tonsil tissue this is seldom achieved, for more or less total tissue removal is almost always necessary.

Only rarely in my judgment, is the attempt to remove every bit of tonsil warranted. After all, there's nothing malignant or "bad" about tonsil tissue in itself.

And, best of all, he is a top-notch psychiatrist for he not only knows the patient but he knows the home life and the future of the GP or general practitioner in constant contact with the patient's life.

I have previously shown that our present university and college classrooms can easily handle a doubled enrollment by simply scheduling a 2nd educational "shift" to start at 3 p.m.

Indeed, they could handle a 3rd shift, if need be.

What, the same simple use of "hygiene sense" can stop the clamor for more and bigger hospitals.

Doctors are constantly being hounded for more and more appropriations for hospitals (as well as more college buildings) whether a headache is due to angina, brain tumor, glaucoma, or more likely, a marital feud or some other unhappy event in the home.

Let the insurance companies have indirectly added this shift of medical practice from private offices to glorified skyscraper hospitals.

Let the insurance firms include a 25 to 50 deductible clause so the patients must pay that sum or almost half empty!

Then we taxpayers will not be forced to pay for the needless construction of elaborate new hospitals!

For when the patient must pay the first \$50, he will wait a day or two before going to the hospital with the ordinary neurotic problem.

Nature cures a lot of these sim-

Voice of the People:

Student Suggests Changing School Colors at MSOU

How do you get a university to change its colors? This will be my third year at MSOU and I believe in the institution, the faculty and the student body. We have the finest educational system in the country.

But we may have made an unfortunate choice of colors. I voted for "gold and white" because they sounded pleasant and distinctive. Any other combination exists at a hundred or more places.

But after a long and earnest trial I've discovered gold is very difficult to find and use. The world is full of yellow but gold is hard to produce and reproduce. Try and buy a white and gold dress. And boys tell me there are no white and gold ties.

Is there anything wrong in having a university, in the first few years of existence, change its colors and recognize that a mistake may have been made in the enthusiasm for something new?

Student

'U.S. Has Created Much Communism'

Let us stop aiding communism all over the land. The history of the last 15 years will incontrovertibly demonstrate that we have been creating communism throughout the world.

We created Chinese communism—that was created here in the United States. We created 'Yiddid' Castro. Today we are creating communism in the Congo.

We're today, in our "foreign aid," giving money to many Communist countries. Guinea is a Communist country. We are financing them even though they are building a naval base and Soviet MiG strips.

We are aiding communism in Yugoslavia, in Poland and in many other countries. I think that for the next year or so a great advantage would accrue to us if we stopped aiding and financing communism around the world.

Robert Morris

Says Foreign Aid Reduces Freedom

Milton Friedman of Chicago says: "The fundamental objection to foreign aid is that it tends to reduce the strength and force of the free enterprise system, political democracy and freedom. Giving aid to a government encourages the government to grow at the expense of free enterprise and thus promotes socialism because there has never been a society which has been economically centralized and politically free at the same time."

Doesn't Want Dogs in Bloomfield Hills

Some of the worst mannered and loudest mouthed dogs on the North American continent are "residents" of Bloomfield Hills. They should be quieted, restrained or exterminated and I lean toward the latter.

Old-Time Resident

'The Press Shouldn't Publish Dr. Crane'

My quarrel is not with Dr. Crane. He writes just what he sees, and if his vision is dim, he is to be sympathized with. But you give him poor, trifling verbal substance by accepting and printing in a prominent part of your newspaper anything he has to say.

Ann Eason

Case Records of a Psychologist:

Must Stop 'Hospitalitis' Craze

"How, Dr. Crane?" you may challenge me.

In two ways: first, there are now 20 million patients visiting doctors every week. Of these 20 million, 10 million or 10 million have no discernible physical ailments whatsoever!

No why should we taxpayers send up huge sums for more and bigger hospitals for such "neurotic wars" which have no organic ailments?

"Yes, Dr. Crane," you may continue, "but how can those 10 million worrywarts know for sure if they have a physical ailment without going to a hospital?"

They can find out by going to the private office of the usual intern general practitioner.

That's where millions should be going now. But American has been hit by a bill of goods about hospitals until the nation actually is afflicted with "hospitalitis."

And the insurance companies have indirectly added this shift of medical practice from private offices to glorified skyscraper hospitals.

Let the insurance firms include a 25 to 50 deductible clause so the patients must pay that sum or almost half empty!

Then we taxpayers will not be forced to pay for the needless construction of elaborate new hospitals!

For when the patient must pay the first \$50, he will wait a day or two before going to the hospital with the ordinary neurotic problem.

Nature cures a lot of these sim-

ple ailments in a few days, anyway, so the patient and we taxpayers both will get a break.

Thus, the insurance firms should not be so insistent that patients

Death Notices

NEWTON JOHNSON

Newton Johnson, 74, of 800 Oakland Ave. died early this morning at Pontiac General Hospital after an illness of several months.

He had been an employee of General Motors Truck & Coach Division.

Mrs. Johnson leaves two sisters, Mrs. Margaret Rietow of Pontiac and Mrs. Anna Elliott of Traverse City; and three stepbrothers, Bruce, Ray and Russell Lemon. Arrangements are by the Hunsdon Funeral Home.

MRS. AMELIA GAUBIS

Mrs. Amelia Gaubis, 73, of 236 Fisher Ave. died early this morning at St. Joseph Mercy Hospital. Mrs. Gaubis' body will be at the Purley Funeral Home after 6 p.m. today.

MRS. ALBERT G. LANGHORNE
LAKE ORION — Service for Mrs. Albert G. (Margaret A.) Langhorne, 73, of 135 Grove St., will be 10 a.m. Saturday at St. Joseph's Catholic Church. Burial will be in Holy Sepulchre Cemetery, Southfield.

Mrs. Langhorne died yesterday at her home after an illness of two days.

The Rosary will be recited 8 p.m. tomorrow at Flumerfelt Funeral Home.

Surviving are a son, Manuel V. Mendez, Lake Orion; a daughter, Veronica Miller, Detroit, and two sisters.

GOP Head Lauds Mass Media for Role in Election

LANSHIRE (AP)—George M. Van Pounsing, Republican state chairman, has congratulated Michigan's newspapers and radio and television stations for the part they played in the constitutional convention election.

Said Van Pounsing: "Though many sources of information were available, a vast majority of the voters relied exclusively on newspapers, radio and TV to guide them in making a choice."

"The communications media responded in exemplary fashion, methodically detailing every phase of the campaign, thoroughly familiarizing the public on the experience and qualifications of the candidates and carefully documented issues involved and the positions of candidates on issues."

"In truth it can be said that Michigan newspapers, radio and TV have, through their objective reporting of all the facts, fulfilled their public service responsibilities in the finest tradition of their respective professions."

Police Report Rise in Tickets Issued

Pontiac police issued 2,124 tickets in August, up from 1,628 the previous month.

Last month's breakdown of tickets received by the violations bureau for processing included 1,174 citations for moving violations, 738 tickets for parking meter violations and 211 for other parking violations.

In July the comparable figures were 880 citations for moving violations, 962 tickets for parking meter violations, and 206 for other parking violations.

The violations bureau collected \$10,250.40 on 2,014 tickets paid last month.

Of these 1,158 were paid at the Public Safety Building, 372 by mail, and 284 through warrant officers.

There was \$6,558 collected in July on 1,800 tickets.

Volunteer Truckers to Get Report Friday

A general membership meeting will be held by the Volunteer Truckers Association of Pontiac at 8 p.m. Friday at the offices of F. J. Boutell, 245 East Walton Blvd. The president, Mrs. Warren Kline of 4800 Williams Lake Road, Waterford Township, has returned from Washington, D.C., and will report on the fate of Senate Bill 1187 dealing with truck-railroad rates.

State Road Toll at 1,043

EAST LANSING (AP)—Traffic accidents have killed 1,043 persons in Michigan so far this year, provisional figures compiled by state police showed today. The total for the same date a year ago was 1,034.

Norstad Made Request, Pentagon Says

Asks Why U.S. Troops Used in Movie

WASHINGTON (AP) — A Republican spokesman asked the Pentagon today to explain why Germany-based U.S. Army troops had been used as "props" for the filming of a commercial movie in France.

The reply: The Defense Department responded to a request from Gen. Lauris Norstad, commander-in-chief of U.S. forces in Europe who asked cooperation with a film producer friend.

CLAIMS 150 USED

The request for an explanation came from Rep. Bob Wilson, R-Calif., who is chairman of the Republican Congressional Committee and a member of the House Armed Services Committee.

Wilson said 150 troops were diverted to France for 11 days to participate in a movie version of "The Longest Day," an account of D-Day of World War II. He said the troops were drawn from the same division which now has troops stationed in West Berlin.

In a letter to Arthur Sylvester, assistant secretary of defense for public affairs, Wilson asked how this action differed from the participation of U.S. troops in the filming of a Jack Paar television show in Berlin.

After the Paar incident was angrily denounced in the Senate, the Army removed one officer from his job and admonished another for their roles in connection with the filming of the touchy border between East and West Berlin.

OFFERS REPLY

Reached at Hartford, Conn., where he was on a speaking trip, Wilson said he mailed his letter

to Sylvester Wednesday. The Pentagon official had not received it Wednesday night, but offered a detailed reply to the questions raised by Wilson.

Sylvester gave this background to the Army's connection with "The Longest Day": Late in 1960, Darryl Zanuck, the producer, wrote to Norstad asking his support for making the film. Norstad recommended to the Defense Department that the support be given.

The department concurred in Norstad's proposal for "military cooperation with Gen. Norstad's friend, Darryl Zanuck."

Sylvester also concurred within "a strict interpretation of a long existing Department of Defense directive permitting such cooperation providing it does not interfere with either the training or operations of the troops in the command."

The directive also carries the provision that there be no additional cost to the government for travel or otherwise.

Sylvester said the situation differed from the Paar telecast in

that the television entertainer did not go through "proper channels."

Also, Sylvester said, "the decision to accede to Gen. Norstad's request was made at a time not of crisis."

He added that Norstad has "the authority and responsibility to cut off cooperation at any time when he feels it interferes with the training and operation of the forces under his command."

Arrives for Laos Talks

RANGOON, Burma (AP) — U.S. Ambassador W. Averell Harriman arrived today for talks with Laotian leaders on forming a coalition government and reaching a peaceful settlement of Laos' 13-month old crisis.

Nixon Attacks U.S. 'Failures'

Mistakes May Spark New Russian Efforts, GOP Leader Claims

DENVER, Colo. (AP)—Former Vice President Richard M. Nixon says "failures" of United States policy in Laos and Cuba might encourage Soviet Premier Khrushchev to new efforts against the West.

"The lesson of Laos and the lesson of Cuba are the same," Nixon told a Colorado Republican rally Wednesday night. "It is essential that we be strong and firm in our deeds."

"Our prime concern," he said, "must be American security." This, he added, means security of the Western world.

Speaking of politics nationally, the 1960 Republican presidential nominee said the Republicans "are on the way back."

"We can win a victory in 1962 that will assure a victory in 1964 and in 1968," he said.

Monroe Honors 1st Ship to Arrive Via St. Lawrence

MONROE — The first ship to arrive at Monroe through the St. Lawrence Seaway was greeted by "International Day-Port of Monroe."

It is the S.S. Vire of Le Havre, France with a shipment of 1,000 Renault cars. It arrived Wednesday.

Vincent Grob, a Renault executive vice president, has predicted Renault-Great Lakes Co., would import 60,000 of its cars to the United States next year and that 10,000 of them would be handled through the Monroe port on Lake Erie.

Grob said Renault selected Monroe over the Detroit and Toledo, Ohio, ports because it had "the greatest possibilities for expansion of Renault's facilities."

Dies in Collision

HART — Charles E. Haun, 24, of Knoxville, Tenn., was killed late Tuesday in the collision of his gravel truck and a Chesapeake & Ohio train at a crossing one mile south of New Era. Crows County sheriff's men said Haun was alone in the truck.

DRIES MOM'S TEARS—Louise Knolle, 19, of Sandia, Tex., chosen American Dairy Princess for 1962, dabs a tear from cheek of her mother, Mrs. Edward Knolle, after the choice was announced in Chicago. The new princess' parents live on a 10,000-acre dairy farm. She was a freshman last year at Southern Methodist University in Dallas, Tex.

Doing Research Near Lansing

Take It Easy If Car Is Under Water

WILLIAMSTON — Research-ers had some advice today for motorists who find themselves suddenly submerged in an automobile.

Many conclusions resulting from an eight-day submerged vehicle study in a water-filled gravel pit in Williamston, east of Lansing, still were tentative said Bernard Kuhn, an Indiana University graduate student conducting the study as part of his doctoral dissertation.

But some of the findings could be helpful in saving lives now, researchers added. The tests were conducted by Indiana University, the American Red Cross and the Michigan State Police. Old and new model cars were rolled and dropped from varying heights into the pit.

Some air remains in the car, they said, even though it may be forced back into the trunk

as the car moves down toward the bottom. The air pocket sometimes moves back to the passenger compartment as the car levels off on the bottom, settling just above the tops of the doors.

The most critical moment, they said, is at impact when a windshield effect can injure occupants, the windshield may shatter and pressure may come in the roof. Seat belts might help save lives at this moment, they said.

BACK SEAT BEST

The safest position is the back seat as the car hits the water and starts to sink. Back windows sometimes blow out under the

pressure, providing a sizable escape hatch, they said.

Rescuers should not be too hasty to open doors, since a fatal rush of water could result, they said. Rolling down the windows too soon, they added, could have the same effect.

The best time to escape, Kuhn said, apparently is when the water level inside the car matches the water level outside—before the vehicle sinks below the surface. Newer cars tend to float longer than older cars.

Further conclusions will be made as findings are analyzed, the researchers said.

Aviation Bodies Join in Fight to Cut Accidents

Federal Aviation Agency (FAA) and the nation's biggest organization of private pilots joined forces Wednesday in a program to cut aviation accidents.

The agency announced it would issue special certificates to pilots who complete a new instrument flying course sponsored by the 75,000-member Aircraft Owners and Pilots Association (AOPA).

The new "blue seal" certificates will be awarded pilots who complete a simplified instrument training course that involves four lectures and one hour of flight instruction.

To Visit African Nations

ACCRA, Ghana (UPI) — Mrs. Eleanor Roosevelt will visit Ghana, Liberia, and Nigeria in November, the U.S. Information Service announced Tuesday. No exact itinerary was given for the three African nations.

Awarded Naval Contract

WASHINGTON — The Bureau of Naval Weapons Wednesday awarded a \$2.2-million contract to Spartan Corp. of Jackson, for production of sonobuoys. The White House announced the award to Sen. Pat McNamara and Philip A. Hart, Michigan Democrats.

Socialists Hope for Good Vote

Party in West Germany Thinks Percentage Will Be Higher Sunday

BONN (UPI)—The Socialist opposition hopes to win 40 per cent of the popular vote in Sunday's parliamentary election and force Chancellor Konrad Adenauer's Christian Democrats into a grand coalition, political sources said.

The socialists won 31.8 per cent of the popular vote in 1957 but have not participated in a national government in more than 30 years.

Socialist leaders, including particularly West Berlin Mayor Willy Brandt, believe that in the last two years the party has managed to erase the image of a Marxist band of class warriors, and replace it with the picture of a modern party representing the interests of all except possibly the very rich.

The change began in 1959 in a neighborhood in Bad Godesberg, when an extraordinary party congress outlined the first new program since 1933.

ABANDONING DOGMA The new program abandoned most traditional Marxist dogma, including opposition to military conscription and insistence on nationalization of industry as a panacea for all ills.

Up to the moment the present Berlin crisis began on Aug. 13, the socialists were aiming to win 30 per cent of the popular vote, but really believed they would get less. Thirty-eight per cent, they were saying, would be considered a Socialist "victory."

Since Aug. 13, with leading Socialist candidate Brandt on the television screen daily in his role as the heroic martyr of embattled West Berlin, the political wind seems to have shifted slightly toward the Socialists.

Hunting for President for Grand Valley College

GRAND RAPIDS — A state budget request for 1962-63 and selection of a campus master plan were up for action Friday at the Grand Valley State College board of control monthly meeting.

Also on the agenda is a report concerning the search for a president of the school.

Business Training Leads Directly to

JOBS WHICH PAY MORE!

What are the chief advantages offered by your school?

Thorough training in the essential skills which employers require of their office employees. Rapid progress, because you study practical business subjects. Personalized instruction—your teachers will take perfect interest in your progress; your success will be their success. Savings in tuition, because of time saved. Placement Service which has employers waiting for our graduates!

Will I be qualified for a job soon?

Your business courses in high school (if any), your career goal, and your talent and ambition will be decisive factors in setting your graduation date. A few months may be enough; at most, less than two years.

Is there a recession in business jobs?

Definitely not. We have many more job offers than we have graduates. These positions pay excellent salaries, offer fine chances for promotion.

NEW MIRACLE FALSE TEETH RELINER

ENDS YOUR FALSE TEETH MISERY!

Natural Suction Principle

Denturite does away with loose, rocking, clicking, uncomfortable dentures. Denturite works on a natural suction principle, not adhesion, to form a perfect vacuum seal. Holds upper, lowers or partials firmly in place without use of messy powders, pastes, cushions or pads. No more sore, irritated gums.

Miracle Flow-On Plastic

Denturite is a miracle plastic that flows on and sets in 15 minutes. Let your new plates and dentures set immediately. Stay in, stay comfortable. Stay in, stay comfortable. Stay in, stay comfortable. Stay in, stay comfortable. Stay in, stay comfortable.

Now, scientifically designed to compensate for these shrinkage and gum recession.

Denture "Peace of Mind"

Laugh... talk... and even move without fear of embarrassment. With this new Denturite, you can forget all your false teeth worries. Denturite also helps prevent denture looseness and lets you speak more clearly. Make you look and feel younger, and lets you keep false teeth a secret.

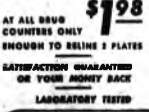

Eat Anything!

Denturite, with its secret suction fit, allows you to eat anything without fear or hesitation. You can enjoy every bite of "hard-to-eat" foods with comfort and assurance. Stay in, stay comfortable. Stay in, stay comfortable. Stay in, stay comfortable. Stay in, stay comfortable. Stay in, stay comfortable.

Lasts a Year and More

Denturite lasts up to a year and more. Superior and pleasant, you can use it safely if maintenance is needed. Stay in, stay comfortable. Stay in, stay comfortable. Stay in, stay comfortable. Stay in, stay comfortable. Stay in, stay comfortable.

AP Photo
"MISS NAVY WINGS"—Pretty Anita Cowart yelled, "Oh, no!" in momentary disbelief and grabbed her stomach when her selection as "Miss Navy Wings of Gold" was announced in a Jacksonville, Fla., contest. Another contestant, Mary Zulene Payne, applauds the decision which designated the 20-year-old winner to reign over a celebration marking the 50th anniversary of naval aviation Oct. 15-24.

Plays the Market for Motor Scooter

BUFFALO, N.Y. (U) — Henry J. Simon, a recent Lafayette High School graduate, is different from most teen-age youths. He turns to the financial pages of the daily newspaper before he reads the sports section. Simon studies the markets closely, and has bought stock with money he made as a Buffalo Evening News carrier boy. When his first stock, in a paper and wood company, split, he bought more. As soon as he had doubled his money, he sold the stock and bought a motor scooter.

Oh Well, They Can Just Chalk It Up to Experience

NAUGATUCK, Conn. (U) — Three policemen used a safecracker's kit and opened an old police department safe that was submerged in the 1955 flood.

The safe hadn't been opened since the flood, and officers wanted to know what was inside. The contents? One parking ticket, 1955 vintage.

Rose Bushes From 1858 Prove Beauty Is Eternal

COTTON PLANT, Ark. (UPI)—Two 100-year-old rose bushes bloomed at the Shelby Crawford home. They were brought here

from Mississippi in 1858, by the Crawford's grandparents. The bushes measure about 5 by 6 feet and are covered each season with hundreds of pinkish white blooms in clusters. They are said to be of the Martha Washington variety.

Library Experiments With Food for Thought

FREEDPORT, Ill. (AP)—The Freedport Public Library has installed a "Booketeria" in a supermarket. It's an experiment in borrowing

Library card holders may pick up books on display by signing their library card number and the date that book is taken. The card then is given to the checkout clerk. Books are returned at the main library.

Virginia Goes Shopping for Piece of Maryland

MOUNT VERNON, Va. (AP)—Virginia may buy a piece of Maryland. Gov. J. Lindsay Almond Jr.

made the suggestion to protect the view from Mount Vernon, the home of George Washington. The purchase could prevent the Washington Suburban Sanitation Commission from building a sewer plant on the north bank of the Potomac river.

Get the Lowdown Early

KENT, Ohio (AP)—Counselors at Kent State University are helping Junior solve the familiar problem of what to do when he gets out into the cruel world. Students from eighth grade up have been

invited to use the university's educational and vocational planning services.

In 1950 only 30 per cent of all homes that were built had three or more bedrooms. Today the figure is 80 per cent.

State Inspected 'Homes' Now Cater to Oldsters

By REBA HEINTZELMAN

Twenty years ago, while employed in one of the old-type "poor houses" in Waterford Township, Mrs. Ernest Stoltenberg was fired from her job because she tried to make a patient more comfortable in a cold, unclean house.

Times have changed. The State and its representatives make sure the senior citizens and those who really want to care for them get a fair shake.

Less than 10 years ago, state legislation was passed requiring the issuance of licenses and periodic inspection of convalescent home operation. It is these unannounced visits of county sanitarians that help to "keep the home operators on their toes."

A Pontiac Press reporter recently accompanied Henry Costantino, the assistant director of the Oakland County Health Sanitation department, on a round of spot-checks of convalescent homes in the county.

Registered nurses, state approved menus, comfortable beds, fire-detection equipment and adequate rooms at reasonable costs have taken the despair out of the obsolete "old-folks homes."

Ten years ago an individual could open an establishment without any training or personal qualifications and operate that institution without any restrictions whatsoever.

COMPELLED TO WORK

There were no sanitation requirements, no medical or dietary rules to be observed by the owner, and many times unhappy old people were compelled to work in the home even though their residency was more than adequately paid for.

Today, Oakland County boasts 51 up-to-date convalescent homes that provide scientifically balanced meals, instant medical care, spotlessly clean rooms and quiet activity programs for the oldsters.

It is not unusual for some to have their breakfast served to them in bed if they desire and each tray is filled with food of their individual choice.

Oxygen is available when necessary along with penicillin shots, and vitamins are administered daily to keep the "resident guests" physically comfortable.

The lovely former Mendelson mansion on Scott Lake, operated by the Dominican Sisters as a convalescent home, is typical of today's homes.

Sister Mary Grace and her assistants work in an atmosphere of carpeted halls, and high-beamed ceilings. Serenity reigns.

Of the five new convalescent homes to open in the county this year, one of the most typical is the Orchard Lake Resthaven on Forbush Avenue in Commerce Township. Senior citizens can enjoy glass brick planters, a white fireplace in the lounge, view, open corridors and sun filtering through picture windows in every bedroom.

CLUB REMODELED

The old Tivoli Beach Country Club has been remodeled and made larger.

Openness and vivid colors predominate. Scientific ramps provide easy access between the house and shaded yard.

The number-one advantage of older people living in today's homes is the quiet companionship of sharing their golden years together.

Each individual's life-long experiences are "hailed-over" in quiet conversation.

Their days are filled with television shows, hobbies, card-playing, radio, reading, eating and sleeping.

One resident said to another, "When I was living with my daughter she drove me crazy. Kids squalling all over the place, rock 'n' roll going from morning till night, and meals never on time. Here, people are more like people, and I like this life just fine."

Dedication Set Wednesday for Kenny Therapy Unit

Pontiac General Hospital administration to dedicate a new Kenny occupational therapy unit at the hospital. The dedication ceremony will be held at 10:30 a.m. Wednesday, September 13, at the hospital.

'Get Out the Vote' Slogan Backfires

WASHINGTON (UPI) — "Get Out the Vote" may be the wrong slogan for those interested in school bond and school improvement, according to a recent survey by the U.S. Office of Education.

The study, conducted by Stanford University researchers, showed that voter turnout was highest in elections where the issues were defeated. Average turnout for school elections in the years studied, 1948 through 1959, was 33.6 per cent of eligible voters.

How High the Fly? Housing Men Ask

BUFFALO, N. Y. (AP) — The flying ability of an argument became the subject of an argument between the State Housing Division and the Municipal Housing Authority.

The state agency said the insects do not fly above the fourth floor, and screens should be placed only on lower floors in city housing projects. The same argument arose once before and the city won, screening all the windows in the project.

Bird Likes to Travel, Nests in Auto Trunk

PITTSFORD, N. Y. (AP) — Stephen Muller found a bird's nest in a corner of his automobile trunk. A bird apparently had entered the trunk through a small hole in the floorboard. He did not disturb the nest, and a few days later he found three eggs in it.

FOOD FOR OLDSTERS — Sister Mary Grace, director of the Mendelson Convalescent home in Waterford Township, watches as Henry Costantino of the Oakland County Health department looks over some frozen chickens. Sponsored by the Dominican Sisters, the old Mendelson home on Scott Lake is a quiet refuge for older women.

New State Law Averts Hardship

Police Can Accept Bail Money

Chances of a weekend in jail are being reduced for the petty offender-like the speeding motorist—who is arrested on Saturday, and often jailed until Monday because no magistrate can be found to set bail.

A new law, now being promulgated among law enforcement officers, gives anyone charged with a misdemeanor the right to ask for bail from police in the absence of a magistrate.

Public Act 41, passed in the 1961 state legislative session, is expected to gain more widespread acceptance of a similar system already in informal use in Oakland County.

Oakland County Prosecutor George Taylor yesterday described the procedure as "a simple, more humane method of enforcing the law."

However, he said, while the system had been used for about three years by some county communities, many police chiefs had balked at adopting it without clear-cut statutory approval.

Now the arrested person is given the specific right to ask for interim bail from the immediate supervisor of the arresting officer when no magistrate is available.

Bail is set by the act at \$100 and may be paid to police in return for a receipt. The money must be turned over to a magistrate within 48 hours.

The earlier use of the method was based on agreements between magistrates and heads of law enforcement agencies.

It came into use, Taylor said, "because we saw no reason to keep a citizen in jail who we knew would appear for his date in court."

"There is no reason to keep such

a man away from his family for several days on a minor charge when there is no magistrate available to set bail."

Hire Manager at Sylvan Lake

LeRoy Trafton Will Return by October 1 to Replace Knapp

The Sylvan Lake City Council last night hired as its new city manager LeRoy Trafton who held the same post from March 1948 to March 1950.

The appointment is effective on or before Oct. 1, depending on the date Trafton is able to leave his present post as city manager of LaCrosse, Kan. The starting salary will be \$6,500.

Council also accepted the resignations of City Manager Earle D. Knapp and City Attorney Tom Reese.

Knapp last month formally asked council to relieve him of the manager's post so that he could devote full-time to his other duties as superintendent of public works. He continues to hold the double position until Trafton's arrival, when he will resume his public works post at \$6,100. In the combined post he drew \$7,300.

Reese's work will be taken over by the Pontiac law firm of Howell-Hartman and Beier, 1001 Pontiac State Bank Building. Mayor Howard E. Wideman, who presided at the meeting, said Reese resigned for "business reasons."

The mayor said the new city attorney would be asked to further study disposition of a 14-foot-wide strip of land disputed by residents of two Sylvan Lake subdivisions — Woodman and Sherwood Farms.

Wideman said the city would continue to take an interest in the dispute despite a report by a tax consultant that it was a private and not a public matter.

The report was submitted by Charles H. Harmon, a Pontiac tax consultant with offices at 907 Pontiac State Bank Building.

Reading the summary of the lengthy dispute, Wideman cited Harmon's findings that the city had no recorded interest in the land according to Oakland County abstracts.

According to Wideman, Harmon concluded that public authority should not be concerned with the disposition of private property.

Wideman, describing the new city attorney as municipal specialists, expressed hope they would find a solution.

Powerboat Races Set

DEPUY, Ill. (AP) — About 500 outboard skippers meet in tiny DePue this week for the American Power Boat Association's national championship outboard races.

'AGE - OLD' CELEBRATION — Mrs. Belle Hitchcock not only saw what was going on, but heard every note of the "Happy Birthday" song sung by her friends celebrating her 97th birthday this week. She is an honored guest at the Pleasant View Convalescent Home located on Pontiac Lake in White Lake Township. From left are: Mrs. James Dunn, 82, Mrs. Ernest Stoltenberg, Mrs. Hitchcock, nurse, Mrs. James White and Maggie Ueberroth.

SPACIOUS LIVING — Nurse Lucille Segnitz talks to "house guests" the newly opened Orchard Lake Resthaven in Commerce Township. The Neil Sandersons have turned a gloomy old golf club building into a sunlit haven for those seeking quiet attention in their old age.

Teens Troubled by 'Little Things' in Grooming

CHICAGO (UPI) — A little more time with the comb and brush might make boys and girls of school age a little less self-conscious, a publication of the American Medical Association said Wednesday.

The publication, *Today's Health*, said boys and girls are much more self-conscious than need to be simply because they let themselves become so careless about their grooming.

Reported the magazine: They worry about a lot of little things: —Their nails (which they mean to take care of the night before, but didn't).

—Specks of dandruff on their shoulders because they didn't shampoo often enough.

—Their complexion (pimples) and acne that can be treated).

The first thing that any boy or girl should do is keep himself clean at all times, the article said.

In 1888 the Orient Express established a daily connection between Vienna and Istanbul. Average speed of the express in this section was 21 miles an hour.

Juilliard President Named to Position

NEW YORK (UPI) — William Schuman, 51, Pulitzer-prize winning president of the Juilliard School of Music, has been named president of the Lincoln Center for the Performing Arts.

Schuman will succeed Gen. Maxwell D. Taylor, who resigned July 1 to become military adviser to President Kennedy. Schuman, a composer, won the first Pulitzer Prize for Music in 1943.

His appointment, effective Jan. 1, was announced Tuesday by John D. Rockefeller, III, board chairman of the Lincoln Center.

Oppose Rate Track Plan

NUNICA (UPI) — Methodist ministers of the Grand Rapids District Ministers Forum have sent more than 20 letters to the Michigan Racing Commission protesting reported plans for a harness racing track near the Ottawa County junction of U.S. 16 and M104. Commissioner Ed Hayes has promised a full hearing for opponents of the development when formal application for a racing permit is received.

Jackson Man Faces Embezzling Charges

JACKSON (UPI) — Warrants charging G. Robert Seybold, 44, former Jackson investment counselor, with eight counts of embezzlement and larceny were issued Tuesday.

The warrants were issued by Jackson County Prosecutor James G. Fleming on complaint of Mrs. Barbara L. Carter, one of five widows who last week filed civil damage suits against Seybold. The five suits total \$380,000.

U.S. Troops in Berlin Getting New Equipment

HEIDELBERG, Germany (UPI) — U.S. Army European Commander Gen. Bruce C. Clark said Wednesday that U.S. troops in Berlin are being issued new M14 rifles and M80 machine guns as fast as the equipment is made available.

Clark said the Berlin troops will retain the old M48 tanks instead of receiving new ones with four times greater range because their operation involves 11111's cross-country traveling. The M60 tanks will go first to units in West Germany.

College Students Prove Times Have Changed

NASHVILLE, Tenn. (U. S. — Students at Vanderbilt want more work — or so their leaders say. A committee of top students

named to study all phases of campus life numbered among its recommendations that (1) students be required to write more papers and take more tests and (2) some courses be made "more demanding."

Separated by Degrees

ASHLAND, Va. (U. S. — Nancy, wife of David East Blowing, couldn't attend her husband's graduation at Randolph Macon College here. She was getting her own degree at Mary Washington

College, at Fredericksburg, some 35 miles away.

Of the 17 kinds of hawks, eagles and falcons that have been seen in Wyoming, the golden eagle is one of the largest and most numerous.

Brand New Citizen Can Really Sell His Town

CHATTANOOGA (U. S. — The president of the Chattanooga Junior Chamber of Commerce is James Akbay, who had been a United

States citizen only 18 months when elected to the post recently.

Akbay, born in Turkey, is a research engineer. Life insurance protection in force at the start of this year totaled about \$600 million.

Healthier in South

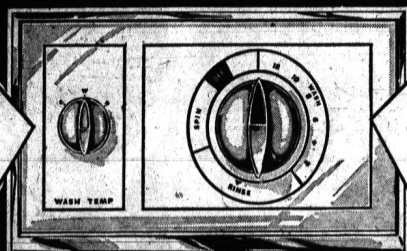

NEW YORK (UPI) — The Health Insurance Institute reports that the average person in the South suffers fewer acute health conditions than the residents of any other region in the nation.

Cathedral Group Aids Convention

Mrs. Luther B. Leander of Bloomfield Hills, regional chairman for the Michigan division of the National Cathedral Association, has enlisted local members in the activities accompanying the 60th general convention of the Protestant Episcopal Church, U.S.A. Delegates throughout the nation will attend the triennial affair. A concert will honor the presiding bishop, the right Rev. Arthur Lichtenberger and Mrs. Lichtenberger Monday evening. The Detroit Symphony Orchestra, conducted by Valter Pools, will open the 8:15 p.m. program at Ford Auditorium. Following intermission, the Washington Cathedral choir will present a program.

Mrs. Edward A. Proctor and Mrs. Donald F. Valley are co-chairmen of the concert. Chairman of the sponsors, who are making possible the choir's appearance, Mrs. Frederick C. Ford, has been assisted by Mrs. Leander, Mrs. Proctor, Mrs. Valley, Mrs. Gunnar Karlstrom, Mrs. Rockwell T. Gust, and Mrs. Graham John Graham.

Hostesses for the concert will be alumnae of the National Cathedral School in Washington. Mrs. Creighton W. Runnette of Bloomfield Hills is chairman, assisted by Susan Leander, Linda Myers and Ann Shenfield. Mrs. Murray Dodge, Mrs. Charles Morris Jr., Mrs. Edward A. Proctor Jr., Mrs. Woods Proctor, Mrs. William Collins Jr., Mrs. Norman Kraus and Mrs. C. Doyle Dodge will also assist for the evening.

Another attraction is the association's booth at Cobo Hall arranged by Mrs. Art M. BeGole of Covington Road. Informative details on the work of the cathedral and samples of needlepoint will be featured.

Mrs. BeGole's committee is composed of the Janet A. Bowersford, the Harvey Hansen, the Charles D. Marshes, the J. F. Pedders, the Godfrey Grellinger, the Robert A. Greens, the Norman Rohs, the William McNamees and the Milton Manley.

Also on the committee are Mrs. John D. Burke, Mrs. Paul Bell, Mrs. Mac D. Campbell, Mrs. Chase Baramore, Mrs. J. Herbert Walker, Mrs. M. A. Welsh, Mrs. John Anderson, Mrs. Clement C. Richard, Mrs. George H. Cary, Mrs. Maurice Garabrandi, and Ruth Cumming.

Cross of Christ Women's Guild Meets Monday

Women's Guild of Cross of Christ Lutheran Church will begin its new Monday evening at the church. Rev. Delbert Pauling will lead the group in the devotional period, including the study and discussion of first Corinthians from the Bible. "Compassion Love" will be the theme of the evening program.

New officers are Mrs. Earl Steinhart, president; Mr. A. George Barnier, vice president; Mrs. Clifford Brandt, secretary and Mrs. William Thiede, treasurer.

Mrs. Charles Garven will serve as chairman of the Altar Guild committee. Mrs. Hilmar Fortney, hospital committee, and Mrs. W. H. Featherston, sewing committee.

Meetings beginning at 8 p.m. are held the third Monday of each month at the church.

Newcomers to Organize

At a luncheon Monday in Rotunda Inn, a group of newcomers to the northwest section of Bloomfield Hills and the inter-lake area will select a name, elect officers and discuss future programs.

A nucleus group of nine area couples were guests of Dr. and Mrs. M. C. Worcester for a cook-out dinner Saturday at their home on Erie Drive, Cass Lake. Dr. Worcester showed films of his African and Indian safaris and Jimmy Clark of Green Lake, Detroit radio station pianist, played for group singing.

Any newcomers in this area are welcome to attend the luncheon. Further information may be obtained from Mrs. F. MacKetcher of Wards Point Drive, Orchard Lake.

Sylvanites Club to See Slides, Film

Mrs. Robert M. Hay will be hostess to the Sylvanites Club Sept. 21 at which time slides and film will be shown to the group by John Buchanan of a trip in Europe this summer.

Plans for the meeting were made by the Sylvan Lake group when it held its recent opening dinner at the Old Mill Tavern in Waterford Township. Mrs. William Sanderson, incoming president, presided at the gathering, outlining the year's program.

Mrs. John P. Williams of Orchard Lake (at left), Mrs. Robert Selman of Bloomfield Terrace and Mrs. Paul T. Lahli of Birmingham were among

200 members of the Women's Auxiliary to the Oakland County Medical Society who opened the season with a tea Wednesday afternoon.

Women's Section Editor's Appetite Weary

BY JANET ODELL

Pontiac Press Home Editor CHICAGO, Ill.—We've been in the soup for the past two days. At a soup and sandwich luncheon on Tuesday Campbell announced a pair of new bean soups—chili beef and vegetable with beans. The first one can also be used as a sauce.

At the same luncheon, Dr. B. S. Schweigert, head of the department of food science at Michigan State University, spoke on the place of appetite appeal in good nutrition.

On Wednesday the Best Foods division of Corn Products Co. introduced its new line of packaged Knorr soup mixes.

Developed in Switzerland, the soups are made in the Argos, Ill. plant from ingredients grown in many parts of the world.

These appetizing soups include mushroom, onion, vegetable, chicken noodle, beef noodle and creamed leek. They should be available in Pontiac before too long.

Best Foods' other new product is a margarine containing polyunsaturated liquid oil as its major ingredient.

MEAT MAKES NEWS

Meat always makes news. Swift adds to its famous line a chicken stew, lima beans and smoked ham, chili hot dog sauce and giblet gravy concentrate, all in cans.

Chesebrough, the cheese that comes in a tube, now has a new dress. The newest TV dinner is a smoked ham-corn fritters-crisp potato-buttered peas combination.

Smaller packages of ham and a corned beefish shoulder butt add to the foods that make the homemaker's life easier. More in detail about these new foods in the coming weeks.

We had an opportunity on Wednesday to taste the new freeze-dry meats and shrimp. Canned mainly for hunters and campers at the present time, the line includes pork chops, beef steak, shrimp and chop suey.

There's nothing dull about pickles—dill is the word. Pickles sold in American food stores, Picklers are constantly improving flavor and containers.

PICKLE TIKES!

The trend of the latter is toward a jar that is attractive, portable, and dillier. Pickles on sucker sticks are rapidly becoming a favorite snack at ball games and movie houses.

A visit to historic Hull

House, now threatened with extinction, was the highlight of an afternoon. Pooled teenagers served as our guides through their beloved meeting place and as our hosts for afternoon tea.

Betty Crocker has published her third cookbook, one that contains some 200 new recipes and many pages of interesting food facts, celebrity recipes, menu planning guides and the newest information on all types of cooking.

Desert at the General Mills dinner was a plate of tart made with the new J&J party method. I'll publish that next week.

PUSHING VITAMIN C

A hollowed-out loaf of bread holding chrysanthemums and shelves of wheat cereal the tables for the American Institute of Baking's breakfast featuring the 20th anniversary of the enrichment of bread.

Dr. James McGrath, minister of health of Newfoundland, Canada, held our attention with his dramatic story of how Newfoundland's flour enrichment program overcame deficiency diseases. He and his medical colleagues are now searching for a way to get adequate amounts of vitamin C into the diets of their countrymen.

HEATHER, BAGPIPES, SCOTCH

The banquet room was turned into a colorful garden. The climax of the evening was the crowning of the 1961 princess, Louise Koolle of Texas.

Core of South Josephine Avenue and chairman Mrs. Charles Barker of Birmingham.

Temper Refusal by 'Sorry'

By The Emily Post Institute

Q: I would like to know if it is proper to turn down an invitation to a dance from one boy and then accept an invitation to the same dance from another boy?

A: To refuse the first boy's invitation and then have him see you at the dance with someone else would most certainly hurt his feelings. Instead of refusing him outright, you might say, "I'm sorry, but although it's not quite definite yet, I think I am going with someone else."

Q: Last week I gave a bride shower for a friend of mine who is going to be married next month. I did not invite the bride's mother to the shower and have been severely criticized for not doing so. I have been told that the bride's mother is very much put out over this. Will you please tell me if I was wrong?

A: The bride's shower was limited to the bride's young friends only, you were not wrong not to have invited her mother to the shower.

Should the issue papers be removed before mailing wedding invitations? The answer to this question as well as correct wedding forms will be found in the new Emily Post Institute booklet, "Wedding Invitations and Announcements."

To obtain a copy, send 10 cents in coin and a self-addressed, stamped envelope to The Emily Post Institute, care of The Pontiac Press.

SHRINE NO. 22 MAKES PLANS FOR CARD PARTY

Pontiac Shrine No. 22 Order of the White Shrine of Jerusalem met Wednesday evening at Roosevelt Temple.

Members of the Pontiac Shrine in Saratoga, Ont., presented as guests of honor were Mr. and Mrs. Alvin Brander, Mrs. George Hardwick, Mr. and Mrs. Archie Lamont, Mr. and Mrs. Cecil Matheson, and Mrs. Harold Marriot.

The group completed plans for the annual card party set for 8 p.m. Sept. 27 at the temple. Mrs. H. W. Radcliffe and Mrs. Earl Ross are co-chairmen of the affair.

Preceding the meeting a cooperative dinner was served by Mrs. Marjorie Bartlett and her committee.

Minimize Veins

Large veins are minimized if you press down on them when applying hand cream. A good exercise is to raise your arms frequently and shake the wrists to stimulate circulation.

Hard Boiled Outlook's Out

BALTIMORE (AP) — You can't afford to become heart-

broken or hard boiled over individual cases if you are a woman's prison superintendent, says Alice Blum.

Mrs. Blum is the superintendent of the Maryland State Reformatory for Women, about 20 miles south of here.

Rather than become hardened, she says, "we must look for something constructive to do, some way to help. I get discouraged when I see a girl wasting her potential, saying outright she doesn't intend to change. You run into them, you know."

"You'd lose your perspective."

Mrs. Blum says she tries "to reach that one little tender spot in a girl we thought unreachable."

She says this usually is difficult because most inmates won't admit their guilt.

"Many women claim to have been framed and say they are innocent," she said.

YOUNG AS 16

Confined at the reformatory are women whose sentences range from three months to life. The offenses run the gamut — from vagrancy and narcotics violations to first degree murder, robbery and manslaughter.

The prisoners average about 23 or 24 years old, "but we've had them as young as 14," isn't she too dangerous?

"Certainly there is a danger. Many of the women are psychopaths. But I came here when I was young and I sort of grew up with it."

Mrs. Blum's interest in sociology while a graduate student at the University of Maryland led to her career as a reformatory superintendent.

ATTEND GAMES

She started at the bottom of the prison staff in 1938 when she went to Jessup temporarily to work on her master's degree.

The challenge of preparing women for parole captured her interest. Eventually she became recreation supervisor, cottage supervisor and then superintendent.

"A jack-of-all trades sort of thing," she describes her work. Mrs. Blum says she tries to establish a personal relationship with the inmates by listening to their problems. And she attends their sporting competitions as one of the ways to better understand the women at the reformatory.

HARD TO FACE

Among the major problems confronting the reformatory staff, she says, are those arising from dealing with the families of the inmates.

"One of the most difficult tasks we have here is facing these families and telling them their girls aren't what they thought they were. Often the families are prejudiced in favor of their girls."

Then there are problems after parole — helping the

women find jobs, places to live and preparing them for possible rejection by the public.

Mrs. Blum believes the public should learn to accept that "38 per cent of the inmates go back into some community and that these people are human beings."

As for the knotty problem of finding homes for them, Mrs. Blum says: "What we

really need is some sort of a halfway home, a place that would take women on a trial basis after they are released."

There is a problem, however, of conditioning a prospective parolee to cope with rejection.

"Instead of saying, as they often do, 'This is my right,' they must learn to say, 'This is my responsibility.'"

Campus Items

Among area students entering Kalamazoo College this fall are Susan I. Wotila, daughter of the Felix Wotilas of Pontiac Drive and Richard K. Foster, son of the O. F. Fosters of Clarkston.

They will participate in the orientation program which begins on Saturday. Kalamazoo College will change this fall from a two-semester system to a unique four-quarter plan for year-round operation. Ranking among the top ten coeducational colleges in the country, 735 students are enrolled this year.

Jeanne Johnson of Robinson Street will resume her studies at Ferris Institute where she is a junior in pharmacy. Daughter of the Thomas A. Johnsons, she is a member of Lambda Kappa Sigma, national pharmacy sorority.

Frank S. Saaso, formerly of Mathews Street will also be seen on the Big Rapids campus this fall. Albert Inaki, son of the Robert Sharpe of Waterford has entered his senior year at the University of Miami at Coral Gables, Fla.

Glenn H. Nichols, son of the Ray Caughilla of Dover Street is returning to Central Michigan University where he will live at Roman Hall.

Entering Michigan State University as a freshman this fall is Patricia Burns, daughter of Mr. and Mrs. Randolph Burns of Openway Road. She will live in Phillip Hall.

Margaret Steck, daughter of the Stanley Stecks of Hospital Road, also enrolled at MSU will reside in Keith Hall.

Ann Hodges, daughter of the H. Vere Hodges of Ottawa Drive will be junior in elementary education at Monticello College, Alton, Ill.

Edward Christie, son of the Ervin Christies of Blaine Avenue, left Sunday to begin his freshman year at Eastern Michigan University. His residence will be in Buell Hall.

Jay D. Miller, son of the Max Millers of Franklin Road, will live in Ypsilanti while attending University of Michigan Medical School.

Gary Bramble, son of the William T. Brambles of Delmar Avenue, Waterford Township left Sunday for Indiana State University, Terre Haute, Ind.

At Michigan State University, Arthur H. Scott II will begin his senior year in hotel management. His bride, the former Nancy Donaldson, will be a junior.

Maureen Calley, daughter of the L. B. Calleys, Sleepy Hollow Drive, will rejoin her classmates and Zeta Tau Alpha sorority sisters at MSU.

Charles E. Hawkins son of the Floyd E. Hawkins, LeBaron Avenue, has been admitted to the sophomore class of Spring Arbor College. He has been awarded an honor scholarship.

The newlywed Richard E. Whitmers (Patricia Kay Huntwork) will attend Western Michigan University. Pat is a special education junior and her husband is in pre-law.

Carol Ann Bell, Sabahaw Road, will attend Ferris Institute-Big Rapids, this fall. Her parents are the Cecil Bells.

Roger B. Anderson joined some 400 college students from across the nation, gathered at Green Lake, Wis. last week for the annual Baptist Student Conference.

No Longer the Protection of Home

College Is Testing Ground

By JOSEPHINE LOWMAN

All over the country young people are returning to college. It is a time of mixed feelings—regret that summer and vacation have ended, goodbyes to friends; but also there's the excitement of preparation, and the keen anticipation of seeing old school friends again, and making new friends at school.

College is a testing ground for the maturity of the young man or woman. Suddenly the advice and concern and guidance of home are swept away. Suddenly you must learn to meet and get along with all sorts of people. Suddenly you may be subjected to pressures they are being sophisticated. The

from which you were protected at home. There are a few things to remember which may be helpful. Your atmosphere has changed, but the standards of conduct which bring rich rewards have not. Neither has good taste nor the sense of fine distinctions and splendid health, nor have the characteristics which lead to popularity.

Many young people are thrown off balance when they go away to college by the wish to be popular. They may change their dress, their values and standards, thinking that they are being sophisticated. The

real truth is that they are being naïve and immature. Real friendships, interest in others, kindness, dependability, tolerance or the ability to forgive and not hold a grudge, lack of "cattiness," thoughtfulness and a sense of humor are characteristics which will bring others knocking at your door.

Also, take care of your health which was so lovingly cared for at home. For heavy and a lovely figure you need enough sleep, the proper food and exercise.

Although you have passed through the most hazardous years for skin trouble, mainly blackheads and pimples, you will be probably more susceptible to such difficulties than you will be a few years from now. Continue to give your complexion regular attention. A happy year to you!

Personal News From the Pontiac Area

Mary Gladys Chase, daughter of the Rodney C. Chases of Oliver Street, joins the Antioch College faculty at Yellow Springs, Ohio this week as instructor in education, and teacher in the Antioch School.

She will teach the middle group at Antioch School, a private elementary school maintained by the college for teacher training and to explore new developments in elementary education.

Graduating with honors from Michigan State University in 1955, Miss Chase this year completed work for her M.A. degree there in educational psychology and curriculum. From 1955 to 1960 she taught elementary and junior high schools in Royal Oak. She is a member of the National Education Association.

Some 32 young friends and relatives of Cheryl Arth Alwell helped celebrate her fifth birthday Sunday afternoon at the home of her parents, the Carl Alwells of Maurer Street.

A cross-country vacation for Mrs. Howard Decker of Cross Street and her brother Dave Hannan of Detroit included a motor trip to West Covina, Calif., where their brother Wilbur lives. Returning to Detroit by jet, they drive to LaVallette, N.J., to visit Mrs. Decker's niece Mrs. Donald Duggan and her family.

A stopover in Montreal highlighted the return trip along the St. Lawrence Seaway.

Mr. and Mrs. Somee Johnson of Grohld Street, Waterford Township, announce the birth of a son, Brian Carl, Aug. 23 at the Pontiac General Hospital.

The infant's grandparents are the Thurman Smiths of Dearborn and the August Johnsons of Bloomfield Hills.

Mr. and Mrs. Fred H. Mills (Bettie Bergstrom) of Niagara Avenue announce the birth of a son, David Hannum, Sept. 9 at Pontiac General Hospital.

The grandparents are the Eloy C. Bergstroms of Silver Lake Road and Mr. and Mrs. John M. Mills of Chippewa Road.

The Robert E. Scotts (Louise Waterbury) of Mariner Street, Drayton Plains, announce the birth of a son, Bryan James, Aug. 24 at Pontiac General Hospital.

Grandparents are the Edwin J. Waterburys of Mark Avenue, and the Ray Scotts of Boyne City.

Party Honors Mrs. Williams

Mrs. Jack Hodges of Brookdale Road hosted a bon voyage party Tuesday evening, honoring her mother, Mrs. Gertrude Williams who will fly to Wales and Great Britain Monday.

Having come here 41 years ago, Mrs. Williams will return to South Wales to visit her brother Syd Lee and other relatives and friends.

Attending the affair were members of her Sunday School class at First Baptist Church. Guests included Mrs. Margaret Putnam, Mrs. John Howden, Mrs. Isaac Prevette, Mrs. Emory Kalso, Mrs. Margaret Brexley, Mrs. Harry Haggard, Mrs. Jack O'Brien, Mrs. Russell Wiley, all of Pontiac; Mrs. Emma South of Warren, and Mrs. Alice Kelly of Ontario.

Soroptimists Open Session With Dinner

A dinner meeting in the Hotel Waldron opened the fall season for Soroptimists-International of Pontiac.

The club will be the hostess group for the Midwestern Region fall conference Oct. 21 in the Elks Temple, Mrs. Richard O. Paschke, immediate past president, will be chairman of the all-day event and Mrs. Frances Coons, co-chairman.

The Michigan Bell Telephone Company will present a program at the Sept. 25 social meeting in the Hotel Waldron.

On the fall agenda are the annual rummage sale Sept. 29 in the Waterford Community Center. Mrs. Karl Schultz will open her home on Opdyke Road for a membership tea on Oct. 8.

Marguerite Parrish will present small gifts of edibles to Pontiac State Hospital patients later in the month.

The North Atlantic Region of the Soroptimist Federation of the Americas announces the chartering of a club in Summit, N. J.

Two Share Honors at Stark Shower

Sharing honors at a stark party Monday evening in the home of Mrs. Alan Carline on Fourth Avenue were Mrs. Ben Carline of Elm Street and Mrs. Jerry Harnack of Fourth Avenue.

Mrs. Earl Sugden Jr. of Hollywood Avenue, who was the hostess, served buffet supper to the 20 guests who played stark bingo. The two cakes were decorated in blue and white, and pink and white.

Summer Weariness Sets in About Now

By RUTH MILLETT

Newspaper Enterprise Assn.

Gardening has become a fight between you and the bugs, and no matter how much you water, the ground seems forever dry and thirsty.

You have days of thinking that if you hear the question "What can I do?" just one more time you'll scream. And it has become harder and harder to keep your voice low and reasonable when you are called on to settle a childish squabble.

You have plenty of clothes in your closet but when you really want to look your best every dress you try on looks a bit limp and dispirited.

The lists of things that need to be done seem to grow longer no matter how many you knock off each week.

There are a lot of things you should do around the house that you keep putting off.

The days seem long and a little too much alike.

The vacation trip you took not so very long ago seems a long way back.

You are in and out of your car so many times each day chauffeuring children here and there that there never seems to be any time for yourself.

You begin to wonder what is the matter with you.

Nothing is the matter with you except that it is the end of summer. It happens that way every year—doesn't it, in the last weeks before the youngsters go back to school, before the heat wave finally breaks, before the start of fall activities?

So it's nothing to worry about at all. There's nothing wrong with you that the beginning of a new season won't cure.

Women Schedule Oct. 10 World Community Day

The Christian Women's Fellowship of the First Christian Church completed plans for the Oct. 10 World Community Day Tuesday evening in the church parlors.

Mrs. John Appleton, vice-president, presided.

Mrs. A. T. Buckler gave a program on "The Decade of Decision" and Mrs. Richard Chin led devotions.

The women's group of the Baldwin Evangelical United Brethren Church will be guests at the Oct. 10 event.

Mrs. F. L. Baby will be lunching business luncheon to the Elks both group. Names Circle will meet with Mrs. Eugene G. Thompson, Loch Leven Drive, Waterford Township, and the Lydia Circle with Mrs. O. R. Kistick, Myrtle Street 7:30 p.m. Monday.

Rush Tea Planned

Phi Alpha Iota Chapter of Beta Sigma Phi gathered at the home of Mrs. James Wickman of Princeton Street Tuesday evening.

The group made plans for a rush tea for new members and for several fund-raising projects. Joan Bonnett and Mrs. Joseph Smith were named to the ways and means committee and Mrs. James Wickman and Mrs. Kinchella to the planning committee.

After Vows, Couple Feted at Detroit Club

BLOOMFIELD HILLS — A reception at the Detroit Golf Club followed the Saturday afternoon wedding of Gertrude Englehart and Lt. William Ernest Mueller of Kirk of the Hills Church.

The bride is the daughter of Mr. and Mrs. Robert W. Englehart, East Long Lake Road, and Lt. Mueller's parents are Mr. and Mrs. William E. Mueller, Chicago.

Mrs. Grant Smart, sister of the bride, and John R. Mueller, the bridegroom's brother, were attendants.

The couple will live at Fort Leonard Wood, Mo.

Plays Hostess to Church Unit

Mrs. Fred Lemple of Judson Court was hostess to the WSW of the Baldwin Evangelical United Brethren Church Tuesday evening. Devotions were given by Mrs. Gerald Fredrickson.

Mrs. Myron Everett was in charge of the program with participants Mrs. Dorothy Gaddes, Mrs. Don Vincent, Walter Fredrickson, Mrs. Harold Poursell, Mrs. Leslie Bell, Mrs. Charles Parrott, Mrs. Alfred Bell, Mrs. Raymond Bell, Mrs. Harold Bell, Mrs. Robert Hallis, Mrs. Emerson Kirby and Mrs. Albert Lasse.

Many Youngsters Spent Vacation Working

Most Teens Had a Good Time This Summer

By EUGENE GILBERT
For most teenagers, as for most adults, life is compounded of days on end of dreaming and waiting. All winter and all spring, the student dreams and waits for his summer vacation, plotting the things to do, the fun to be had, the places to be visited when freed from the demands of the classroom. And then suddenly vacation time arrives. And, even more suddenly, it's over.

Did all the dreaming and the waiting come up to expectations? Was the vacation a truly memorable one? Did the vacationers do the things he wanted to do or was he disappointed in his hopes and dreams?

MOST HAD GOOD TIME
We asked these questions of a random group of teenagers across the country and found that for most of them the summer vacation was all that they had hoped for. And most were looking forward to going back to school.

Sixty-three per cent of the boys and 62 per cent of the girls reported that they had been able to do pretty much what they wanted on their vacation.

For slightly more than half of the satisfied vacationers (55 per cent of the boys and 54 per cent

of the girls) the thing they wanted to do most, and were successful in accomplishing, was finding a summer job.

The non-working minority amused themselves by going to camp, traveling, going to the beach, fishing, mountain climbing, attending theater and music festivals, going to summer school, sailing, and hundreds of other summer pastimes.

So much for the satisfied youngsters. The three out of 10 (30 per cent of the boys, 20 per cent of the girls) who didn't get to do what they wanted to do had various complaints ranging from not being able to find the right job to being disappointed in plans for a European cruise.

"I was forced to go to camp," was the lament of a 14-year-old New Yorker who would have preferred staying in the city with his buddies.

Shirley Ann Brewer, a 16-year-old disappointed vacationist from Mount Pleasant, Mich., had the oddest complaint. "I wanted to leave, how to fly," she brooded. "But my father was too busy." Her father, it turned out, is a flying instructor.

Other vacation thrills included such experiences as attending a conservation camp, buying a car, going on a fishing trip, winning a tennis tournament, playing bit parts in summer stock, taking part in a summer writers' conference, counseling at a boys camp and for quite a few finding a new boyfriend or girlfriend.

Kathy Gemmell, 18, of State College, Pa., struck a happy note in social note in describing her most exciting summer experience:

"I spent three weeks alone at home while everyone else was away."

We also asked the youngsters whether they had any unusual summer experiences. The responses ranged from being "beaten up by a bully outside Yankee Stadium" to "going to a night club for the first time."

But the most unusual experience of all belied Greg Paulson, 17, also of State College, Pa.: "My car broke down in the middle of the Everglades Swamp."

Girls (58 per cent) more than boys (46 per cent) were inclined to think their vacation too short, while 44 per cent of the boys and 33 per cent of the girls pronounced it "just right" in length. Only 6 per cent of the boys and 4 per cent of the girls deemed their vacation "too long."

Vows Said at Church in Pontiac

Sherry Ann McGowan exchanged wedding rings and vows with Gary P. LaClair before Rev. Frank M. Brunson Saturday afternoon in the Aldergate Methodist Church.

The Robert P. McGowan, West Michigan Avenue, and the Floyd LaClair, Drayton Place, parents of the bride couple, received with them in Walls Hall following the ceremony.

A fingertip veil of English silk illusion caught by a seed pearl tiera complemented the ballerina-length bridal gown of white Chantilly lace over taffeta. The bridegroom's pearl gift pendant and a hand-casade of white orchids and carnations completed the bride's ensemble.

Charlotte Johnson as maid of honor, wore ice blue silk taffeta and carried pink roses.

The bridegroom had Marvin Johnson as his best man. Ushers were Gregory LaClair, brother of the bridegroom, and their cousin Russell LaClair.

White carnations accented Mrs. McGowan's plum silk jersey dress and the aqua taffeta for the mother of the bridegroom.

After a brief honeymoon in Northern Michigan, the newlyweds are living in Pontiac.

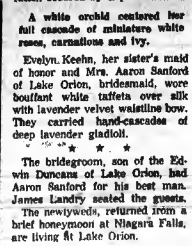

Amelia Keehn Becomes Bride of Bernard Hunt

The Zion Church at the Nazareth was the setting for the Saturday afternoon nuptials of Amelia Keehn and Bernard A. Hunt, assisted by Rev. Harold L. Harris in the presence of some 200 guests. Daughter of the Arthur Keehn of East Mountain street, the bride chose a gown of white Chantilly lace and layers of tulle over taffeta. Seed pearl applique outlined the sweetheart neckline. She wore the bridegroom's pearl gift necklace and a bubble veil of silk illusion secured by a pearl diadem.

A white orchid centered her full cascade of milansera white roses, carnations and lily.

Evelyn Keehn, her sister's maid of honor and Mrs. Aaron Sanford of Lake Orion, bridesmaid, wore bouffant white tulle over silk with lavender velvet waistline bow. They carried hand-casade of deep lavender gladiol.

The bridegroom, son of the Edwin Duncans of Lake Orion, had Aaron Sanford for his best man. James Landry acted the guests. The newlyweds, returned from a brief honeymoon at Niagara Falls, are living at Lake Orion.

MRS. BERNARD A. HUNT

Seaworthy Sneakers

NEW YORK (UPI) — Now a girl can feel as safe at sea as on shore — at least so far as footing is concerned.

A new yacht shoe comes in white canvas with nautical blue trim. The sole is heavily slush in a wave pattern for safety on wet surfaces. Ashore the shoes do not pick up pebbles.

Lack of Fuss Not an Insult

She Was Wrong---About You

By ANIGAIL VAN EUREN

DEAR ABBY: Please don't think I am small, but I have a question to ask. Don't you think a woman who claims to be a good friend should entertain her "good friends" in her living room. Whenever I visit this person she leads me right to the kitchen!

INSULTED
DEAR INSULTED: No. Your friend was wrong to assume that you were a person with whom she could be herself without fuss or frills. You should feel flattered, not insulted.

DEAR ABBY: I would like to point out to Mrs. Cullen, who thinks our country is going to the dogs because our teenage girls try to look older, that this is not nearly so offensive as some of our big, fat, gray-haired old women who appear in public with bare backs, skin-tight Capri pants, and shorts so short they disappear when the women sit down. When mothers (and grandmothers) start dressing their age, perhaps our teenagers will have an example worth following.

C.S.M.
DEAR ABBY: What's wrong with our Daddy? Our mother passed away last April. After the funeral I went back home as I am married. My brother went back to college. When we came back, almost six months later, we found all of Mamma's clothes, shoes, hats, and purses just like she was on a visit somewhere and was coming back to wear them. We would feel better if Daddy cleaned out the drawers and closets and got rid of those old reminders. Should we tell Daddy to do this? He feels bad enough, and we hate to make him feel worse.

JEAN AND JOE
DEAR JEAN AND JOE: For the moment, don't say anything. Your Daddy might decide upon himself that he wants to get rid of the reminders. If a year passes, and nothing is moved, suggest Mamma's room be painted another color, and her things given to someone who can get some good use out of them. If he resists your suggestions — don't press it.

For Abby's booklet, "How Have a Lovely Wedding," send 50 cents to Abby, The Pontiac Daily Press.

"Are things rough?" Let Abby help you solve your problem. For a personal reply, en-

close a stamped, self-addressed envelope and send to The Pontiac Press.

Lutheran Women Meet, Study Bible

Easter Group of St. John's Lutheran Church gathered at the Devon Brook Court home of Mrs. Clarence Carlson Tuesday evening.

Bible study led by Mrs. John Phillip preceded the business session. The group work project is to dress dolls for orphaned children. Refreshments were served by Mrs. Carlson following the meeting.

Zeta Chapter Hears of Plans for the Year

Members of Zeta Chapter, Alpha Delta Kappa Sorority met for dinner at the Fox and Hounds Inn, Bloomfield Hills, recently.

Mrs. Sam Hale presented plans for the year's activities and Elizabeth Halsey announced the annual fall rummage sale on Nov. 1.

A report on the international convention held in Denver last month was given by Mrs. John Borsvold. Margaret MacKenzie, president, was named delegate to the state convention Sept. 30 in Muskegon.

Shirley Friedly will represent the group at the Institute on Organizational Leadership at Michigan State University Oakland. Mrs. Elmer Thorpe also plans to attend.

An invitation to meet with the Epsilon chapter for Founders' Day in October was accepted. The evening closed with the drawing of names for secret pals.

Soviet Scholars Start Young

NEW YORK (UPI) — The new "Soviet man" is being trained in a new type of boarding school where he is admitted as an infant, and turned out as this new man 17 years later.

By 1965, total enrollment in boarding schools of this type is expected to be 2.5 million, reports "The Nation's Schools," a journal for school administrators.

Get a Plow Gals

NEW YORK (UPI) — Single females might find cupid smiling on them if they take to the tractor and the plow.

Rural stretches apparently are fertile hunting grounds for unattached women. The Census Bureau, at least, reports there are 109 males for every 100 females in the American farm population.

They're Just 'Other Employees' to Carol Grim

Only Girl in Lions' Den Immune to Muscle Parade

By BRUNO KEARNS

Girls, would your legs flutter, your heads spin or your hearts grow numb if some big sports hero like Rocky Colavito of the Detroit Tigers or Nick Pietrosante of the Lions brushed by you with a smile?

Most of you would probably swoon if either one of them happened to greet you with a "Hi, Doll."

Now if someone told the girls they would become immune to

swooning and fluttering by the daily presence of these sports heroes, it would probably result in a crack on the head.

"Oh yes, I always have dozens of the girls tell me how envious they are," said Carol Grim, the secretarial right arm of the Detroit Lions at their Cranbrook training camp.

"They always ask which players are the cutest, which are married and all sorts of other questions," she added.

Miss Grim was just another football fan when she arrived on the Lions' scene in 1954. She was as happy with the job she held, so one day she just decided to call the Lions' office and inquire about the possibility of a job.

It so happened the Lions were looking for a secretary and she was told to appear for an interview.

Originally she was hired as secretary to the head coach. She is now the secretary to the six coaches on the staff and for Bud

Erickson, assistant general manager and publicity director.

Her job consists of everything from writing letters, answering the phones and writing press releases to hiding her postage stamps and cigarettes from players who "just happened to run out."

During her stay each training season at Cranbrook, Miss Grim resides with the dormitory maids at the Bloomfield Hills school.

TWO RIGID RULES

She is known to be the only club secretary in the National Football League to reside in the actual training camp of the team. The fine resident facilities at Cranbrook make this possible.

Miss Grim adheres to two rules—no fraternizing and keeping her mouth shut about office activities in regard to trades and player personnel.

"When I first came to the Lions, I made up my mind I was not going to like Bobby Layne," she said. "I always thought he acted like a big shot."

Actually, as it turned out, Miss Grim has had only one favorite player. That was Bobby Layne, the great quarterback now playing with the Pittsburgh Steelers.

"He was the big shot I figured he was, but he had the saddest pair of eyes whenever he got involved in trouble or problem, and I guess it must have touched the motherly instinct in me," said Miss Grim.

Since Layne was traded, she decided never again to have a favorite. "They are all great guys, but they are all employee like myself. When I feel this way, it doesn't make me feel too badly when they are released or traded," she concluded.

When the Lions end their stay

at Cranbrook this week, Miss Grim will be back at her regular desk in the Michigan Avenue office.

With her she takes a poem written by Bertha Foreman, the maid of the Lions' dormitory, and dedicated to "Carol-Sweetheart of the Lions."

There is just so doggone much to do, My mind is blank and hazy. I read these funny lines. To keep from going crazy.

Do this, do that, go here, go there, That's why you see me everywhere.

Our present guests just tease and roar, Throw papers, fruit and clothing on the floor.

They tie curtains in knots, blankets under beds. Oh, I wish I could conk them on the heads.

They sing sweet love songs with faraway looks, Others just sit and read mags and books.

They eat and eat, talk and talk, In sheer desperation some go for walks.

Some seem lonely, some look blue; Some think of their wives and children, too.

If they complain they are stiff and sore, The coaches make them practice more.

They come in growling and go to bed, It is then I wish I could put the ice packs on their handsome heads.

Carol Grim, training camp secretary of the Detroit Lions, is dwarfed by the big frames of John Gonzaga, Earl Morrell and Dennis McCord as she is presented with the football for being the "Sweetheart of the Lions." Miss Grim

has been the team's secretary since 1954 and despite the envy of her many friends, she says she has become "immune" to the fact that they are idolized sports figures.

Beta Sigma Phi Holds Gathering

Zeta Eta Chapter of Beta Sigma Phi Sorority met Tuesday evening at the Elizabeth Lake Road home of Mrs. Thomas Bickley.

Committee chairman for the year are Mrs. Ronald Shotton, wares and means; Mrs. Joseph Caldwell, program; Mrs. (Ely) Huskitt, courtesy; Mrs. Byron Barnes, telephone; Mrs. Bickley, social; Mrs. Kent Hale, publicity; and Mrs. Jack Barker, service.

Mrs. Anthony will serve as chairman of the Hawaiian luau pledge party planned for Sept. 26. The chapter will hold its fall rummage sale in October.

80 Guests Attend Dinner and Shower

Eighty guests attended a buffet patio dinner and shower honoring bride-elect Donna Marie Carlson at the Lake Orion home of Sharon Leach, sister of bridegroom-elect James R. Leach. Sharing hostesses were Mrs. Joseph Salento and Mrs. Robert Stokes.

The Grant Carlsons of Voorhis Road and the Samuel Leaches of Lake Orion, parents of the couple who will exchange vows Oct. 11, also attended the Sunday party.

Karen Cook who will attend her cousin as maid of honor recently hosted a kitchen shower in Lansing.

Pledges Meet Beta Sigma Phi

Eighteen members of Xi Beta chapter of Beta Sigma Phi Sorority opened their fall season Tuesday evening in the Hotel Waldron.

Mrs. Edgar Arnold gave an introduction to the new subjects entitled "Written In Our Hearts." Virginia Holick and Mrs. Ray Slaughter explained the purpose and scope of the various chapters to the new pledges.

Hostess for the Chinese travel auction on Sept. 26 will be Mrs. Slaughter with Mrs. Thomas Ogden assisting. Candy for the annual sale has been ordered for September delivery.

BARBECUED DUCKLING—September is a lovely month for outdoor eating. For a change in your menu try barbecued duckling. There is still corn for roasting and fresh peaches are well come in a new relish. Time-tested chocolate cake is the dessert.

Duckling Makes Unusual Barbecue Meat Course

September means Indian Summer—and a last glowing opportunity for barbecued duckling. And if you've yet to try duckling on the outdoor grill, a new taste treat awaits. It's juicy and succulent with flavorful dark meat for all. Quarters are easy to grill and to serve. One duckling makes four delicious servings.

It's easiest to pre-cook duckling in the oven ahead of serving, shortening grilling and watching time. A number of ducklings, quartered, may be conveniently cooked well ahead of serving, leaving you free at barbecue time for those extra flourishes of sauces and accompaniments. Fifteen to thirty minutes over hot charcoal is ample to add the crispy skin and flavorful barbecue sauce.

All the vegetables of the early autumn season are delicious with duckling. Sweet corn, squash, eggplant and tomatoes go along nicely for outdoor meals. For a plump garnish, serve canned cling peach halves topped with a spoonful of slushy.

Beauty, Taste Found in Grapes
 Grape growing is the world's biggest fruit industry and the oldest. California alone has some 233,000 grape vines. These, planted six feet apart, would encircle the world ten and a half times at the equator—Thompson Seedless, Emperors, Tokays, Ribiers, Almerias, Cardinals, Red Malaga, Perlette, big grapes, small grapes, red, white, blue and black.

And that's not all. California's mighty vineyards contribute less than 10 percent of the world's grapes, so that puts 90 to 100 more grape rows around the earth's waistline. Basketfuls, truckloads, trainloads and boatloads; the world consumes them all in some way!

Not only do grapes contribute marvelous flavor, they also distinguish but their calorie count—a mere 292 for a whole pound—cuts down greatly the total caloric value of the combination of ingredients.

Fresh Grapes and Lemon Ice Cup
 3 cups fresh green seedless grapes or seeded grape halves
 1/4 cup fresh orange juice
 6 scoops lemon ice or sherbet
 Place 1/2 cup grapes in each of 6 sherbet glasses. Pour over each 2 tablespoons fresh orange juice. Top with fresh lemon sherbet. Serve as appetizer or dessert course.
 Yield: 6 servings

FRESH GRAPES AND LEMON ICE CUP—Use green seedless grapes or seeded grape halves—in this luscious Fresh Grape and Lemon Ice Cup, perfect as either an appetizer or dessert.

Bake Sandwich for New Taste

Not only does peanut butter rank high in taste appeal, but it's well worth its place in everyday menus because of its food value.

It is an excellent source of B vitamins, niacin, high-quality protein and fat for energy. One of the many delightful uses for this spread, which is among the food donations of the U.S. Department of Agriculture, is in Peanut Butter French Toast. And here's USDA's recipe for this toast:

Blend 1/2 cup of peanut butter, 1/4 cup of honey and 1/4 teaspoon of salt. Place about 2 1/2 tablespoons peanut butter-honey mixture between 2 slices of bread to make a sandwich:

Next, combine 2 beaten eggs and 1/4 cup of milk, then soak the sandwiches in this egg mixture. Melt 2 tablespoons of butter or margarine in a baking pan or frying pan. Bake the sandwiches at 400 degrees (hot oven) about 40 minutes. Turn the sandwiches to brown both sides or cook slowly in frying pan on top of range.

You'll have enough for four servings.

Dieters Can Indulge in Cottage Style Eggs

Here's a nutritious and flavorful way to vary routine eggs.

Cottage-Style Scrambled Eggs
 6 eggs
 1/2 teaspoon salt
 White pepper
 3 tablespoons chopped chives
 1/2 cup dry cottage cheese

1 tablespoon butter or margarine
 Beat eggs with salt and pepper just until yolks and whites are combined; stir in chives. Melt butter in 10-inch skillet until very hot; add egg mixture. Cook over moderately low heat, scraping egg for sides of pan as it sets. Just before the eggs are completely set, stir in lightly the cheese.

Note: Dry cottage cheese comes in bulk; it also comes in containers marked pot-style cheese.

Lace Up the Fish

Know how to slaver a whole fish after you've added a stuffing? Insert small metal skewers at about inch intervals and crisscross string (or dental floss) over and under the skewers to lace loosely together. These skewers are the sort used in trussing poultry.

Tomato Slice Broiled With Halibut Steak

This main course is easy to fix because it's cooked under the broiler.

Halibut with Vegetables
 1 1/2 pounds halibut steaks
 2 tablespoons butter
 Salt and pepper
 2 cups seasoned mashed potatoes
 4 small tomatoes
 Buttered crumbs

Arrange steaks on broiling pan; dot with half the butter and sprinkle with salt and pepper. Broil about 3 inches from source of heat for about 10 minutes. Turn steaks; dot with remaining butter and sprinkle with salt and pepper.

Spoon potatoes around fish; place tomatoes (tops cut off and sprinkled with buttered crumbs) at sides of pan. Broil until fish flakes easily—about 10 minutes longer.

Note: Have the halibut cut into 4 thick steaks.

Fried Pineapple Elegant Dessert

French fried pineapple pieces topped with sweetened whipped cream are for guests you want to impress.

Because they should be served warm, you might make a deep fryer of the French fry in a deep electric skillet at the dining room table.

The egg-milk batter is a thin one which makes the pineapple just enough to give a puffy, melt-in-the-mouth covering. Heat the oil to the correct temperature and fry the delicacies just two or three minutes. You won't have any problems with smoke or unpleasant odor.

Here's what you do:

Parse fresh pineapple and cut it into cubes or small wedges. Then mix the following batter: Beat 1/2 cup cooking oil, 1 cup sifted all-purpose flour and 1/2 teaspoon salt. Add 1 egg and 3/4 cups milk. Beat till smooth.

Dry pineapple pieces on paper toweling. Dip fruit in flour to coat well. Then dip into batter. Fry in oil heated to 375 degrees (34 inches deep) until lightly browned, 2 to 3 minutes.

Serve three or four of the fruit with whipped cream.

Eggs Will Provide More Nourishment

Choose a favorite flavor of your youngsters when you make up this delicious and nutritious beverage.

Fruit and Egg Punch
1 can (6 ounces) frozen fruit concentrate for punch
3 eggs (separated)
1/2 teaspoon sugar
1/2 teaspoon salt

Reconstitute fruit concentrate as directed on can. Beat egg whites until stiff but not dry, gradually beat in sugar. Beat egg yolks on need to wash beater with salt until thick; gradually stir into punch. Fold in beaten whites. Makes 6 servings.

Cook It Fast, Flavor Well, Eat Happily

After several months of enjoying fresh garden vegetables in customary recipes, it's time now to add a new flavor, to cook in different ways. Try these variations.

Curried Squash
4 small (1 1/4 pounds) Zucchini or summer squash
1/2 cup sliced onion
2 tablespoons butter or margarine
1 1/2 teaspoons salt
1/2 teaspoon curry powder
1/2 teaspoon ground black pepper
1 teaspoon fresh lemon juice
Wash squash. Do not peel. Slice like cucumbers, 1/2-inch thick. Place in a heavy saucepan with remaining ingredients. Cover and cook slowly for 15 minutes or until done. Serve hot. Serves 6.

Celery Sauce
4 eggs sliced celery
2 tablespoons butter or margarine
2 tablespoons soy sauce
1/2 teaspoon sugar
Cut celery into 1/4-inch diagonal slices. Melt butter or margarine in a saucepan, add celery and saute 5 minutes stirring constantly. Stir in soy sauce and sugar. Heat 1 minute, stirring constantly. Serve hot as a vegetable.

SPICY PEAR MINCEMEAT—Make this Spicy Pear Mincemeat and serve it proudly in a noble pie, come Thanksgiving or Christmas. Cloves and other sweet spices give it tantalizing aroma.

Pear Mincemeat Made Now for Later Eating

In these days of supermarkets stocking thousands of convenient foods to save us time, there's still plenty of good sense in some home canning of preserves, marmalades, mince meats and delicacies. There's a feeling of achievement in it; there's the rich harvest of compliments from the family and the appreciation that never ceases from good, homemade foods. And when you make preserves yourself, you can flavor them as you wish with your favorite spices.

Right at this season there's an abundant supply of the ingredients for delicacies such as those in the recipe given below. There's Spicy Pear Mincemeat. This, as Great Aunt Beanie would have said, "will taste good when the snow flies!" You don't really have to wait for a blizzard, but it will make delicious Thanksgiving or Christmas pies.

The mince meat has a waffling of sweet Spices—cloves in particular mingle with other aromatic bits of bark, seeds and roots. Cloves rate special attention because they are usually the most important spice in sweet preserves. They have extraordinary flavoring power, so they should be used often, but lightly.

Do try the Spiced Peach and Pineapple Marmalade. The cloves give it a delightful bouquet. This makes an elegant spread to serve with a plate of hot baking powder biscuits.)

Bake Brownies in Waffle Iron

You can have brownies without turning on the oven.

Brownie Waffles
1/4 cups sifted cake flour
1/4 teaspoon salt
2 squares (2 ounces) unsweetened chocolate
2 eggs
1/2 cup butter or margarine
1/2 cup less 2 tablespoons sugar
Sift together the flour and salt. Melt chocolate over hot water. Beat eggs until thick. Cream butter and sugar; beat in slightly cooled melted chocolate and eggs. Gradually fold in sifted dry ingredients; mixture will be thick. Drop a generous tablespoon of mixture in center of each section of waffle grid. Bake 3 minutes. Serve at once with chocolate sauce and vanilla ice cream. Makes 8 servings.

Spicy Pear Mincemeat
5 pounds fresh pears
1 pound seedless raisins
4 cups sugar
1/2 cup cider vinegar
1 1/2 tablespoons ground cinnamon
2 tablespoons ground cloves
1 1/2 tablespoons ground nutmeg
1 1/2 tablespoons ground allspice
1 teaspoon salt
Wash and peel pears. Put them through the food chopper, using the coarse blade. Measure; there should be 8 cups. Place in a saucepan with remaining ingredients. Cook until the mixture is thick and the pears transparent, about 1 1/2 hours, stirring frequently. Ladle into hot sterilized jars. Seal at once. Use for making pies and tarts. Yield: Sufficient for 3 pies.

Vegetables Too Good to Cook Poorly

With vegetable counters heaped high with fresh summer vegetables, the Midwest homemaker's menu planning is easier. The rich reds, greens, golds and creamy whites of fresh vegetables provide the right color-touch to spark flagging appetites. And, nutritionally balanced meals are a snap when you are serving fresh vegetables. But be sure you cook vegetable properly to preserve all the nutrients. Besides, properly cooked vegetables taste and look better.

When using greens such as cabbage, head lettuce, and chichory, trim sparingly. The dark outer leaves are rich in iron, calcium and vitamins.

Cook vegetables quickly and serve hot. The longer vegetables are exposed to heat and air, the more vitamins C they lose. Boil vegetables in as little water as possible, some vitamins and minerals cook out into the water, and losses are greater when a large amount of water is used. Whenever practicable, serve any remaining cooking liquid with the vegetable, or use it in sauce, gravy or soup.

More Calories—More Fat

The number of calories contained in a food tells how much energy that food releases in the body. Everyone needs calories, but when the food eaten provides more food energy than a body uses, the excess energy is stored as body fat.

You'll Be Glad Next Winter

Home canning is fun... Home-made preserves provide the perfect gift with the personal touch. Try a jam with an interesting combination of fruits, for instance.

Pear-Pineapple Jam
3 cups pears, peeled, cored, and chopped
1 large orange, peeled, seeded, and chopped
1/2 cup drained crushed pineapple
1/4 cup chopped nuts
1/4 cup lemon juice
1 package powdered pectin
1 1/2 cups sugar

Place the fruit, nuts, and lemon juice in a kettle and stir in the pectin. Bring to a full boil over

high heat, stirring. Boil hard for 1 minute longer, still stirring. Remove from heat and skim and stir alternately for 3 minutes.

Ladle jam into hot 8-ounce jars and seal immediately. Makes about 7 jars.

Original Casseroles Made With Fruit Juice Binder

Casserole lovers will love the simple idea of taking any last night meat or fish and making a quick and easy one-dish meal. The trick, use fruit juice! Apple or tomato juice mixed with seasonings makes a wonderful binder for meats, vegetables, and rice or noodles.

Put them in the pot, pour the juice over, dot with butter, top with crumbs and bake. After one or two tries, the whole variety of juices available will present new, original ideas for combinations.

Vegetable Recipes Can Always Stand Change

The U. S. Department of Agriculture announces that turkeys, broiler-fryers, beef and lamb will be plentiful in September. Also, late summer vegetables, such as tomatoes, sweet corn, snap beans, cabbage and onions.

Beans in Peppy Seed Butter
1 pound fresh snap beans
1/4-inch boiling water in saucepan
2 teaspoons salt
2 tablespoons butter or margarine
1 1/2 teaspoons poppy seed
1/2 teaspoon ground black pepper

Wash and remove tips from snap beans. Split in half lengthwise and cut in half crosswise (French style). Place in a sauce-

pan with boiling water and salt. Bring to boiling point, uncovered, and boil 5 minutes. Cover and continue cooking only until crisp-tender 5 to 8 minutes. Drain. Cover and set aside.

Melt butter or margarine in a saucepan and cook until golden brown with poppy seed. Pour over beans and toss lightly with black pepper. Serve at once. Makes 6 servings.

Shredded Cabbage With Dill Butter
Shred 1 medium head cabbage and place in a saucepan with 1 inch boiling water, 1/4 teaspoon salt, 1/2 teaspoon sugar and 1 small onion, thinly sliced. Boil, uncovered, 5 minutes. Cover and continue cooking until cabbage is just tender, about 3 minutes. Drain

If necessary. Add 1 1/2 teaspoons salt, 1/2 teaspoon ground black pepper, 1/2 tablespoon butter or margarine, 1/2 teaspoon oil seed and 1 tablespoon fresh lemon juice. Toss lightly. Serve hot. Makes 8 servings.

Thread Sweetbreads With Bacon to Broil

For a summer meal planned out doors, use sweetbreads to vary the menu. Here's how it is done.

Simmer 1 1/2 pounds sweetbreads 20 minutes. Break into pieces which may be placed on a skewer. Bacon slices and mushrooms play an important role in this recipe. Thread sweetbreads on skewers alternately with mushrooms. Bacon slices should be skewered thereby separating each sweetbread and mushroom. Broil until bacon is cooked.

Cheese Is Wonderful at Any Meal

By JANET ODELL
Pontiac Press Home Editor

Cheese is a food that has shown up often in menus at this week's Food Editors Conference. At one reception there was a 30-pound Golden Samson on display.

Fruit and cheese have long been a continental type of dessert. In some countries this combination appears at breakfast. In the harvest season you can assemble a pear, cut in quarters. Wash fresh mouth-watering dessert plate of

fresh fruit and the cheese of your choice.

There are so few things to remember in order to serve this dessert at its peak of perfection: Let the cheese stand at room temperature an hour before serving. But keep the fruit chilled until ready to serve.

Wash peaches, dry skins, do not peel. Cut in quarters. Wash fresh mouth-watering dessert plate of

in halves. Wash red-skinned apples, do not peel. Cut in slices. Wash grapes, dry on paper towel, turn gently to dry thoroughly. Thaw melon balls.

Fill small bowls with cold water, add 1 tablespoon lemon juice to each cup of water. Place each separate fruit in bowl, except grapes and melon balls, cover and refrigerate until ready to serve. Drain on paper towel while arranging platter.

2 fresh peaches
2 Bartlett pears, fresh or canned
1 pound bunch green or purple grapes
1 12 oz. package frozen melon balls, thaw and drain
2 red-skinned apples
One-quarter wheel Danish Blue Cheese (about 1½ pounds). Serves 8.

Low fat recipes are the vogue nowadays. Here is a recipe we received for a low fat cheese celery stuffing.

Stuffed Celery
½ cup small curd dry cottage cheese
2 tablespoons minced green onion
2 tablespoons finely chopped carrot
2 teaspoons chopped pimiento
1 teaspoon Worcestershire sauce
1 teaspoon chili sauce
Dash of Tabasco
Salt and pepper to taste
8 (4-inch) pieces of celery

Combine cottage cheese with green onion, carrot, pimiento, Worcestershire sauce, Tabasco, salt and pepper. Mix well. Stuff celery. Chill.

Sharp Cheddar cheese in a new convenient stick form should be in the stores any day now. Try it to top this Scottish crabmeat casserole.

Partian Casserole o' the Cheese
½ cup finely chopped onion
2 garlic cloves, finely chopped
½ cup finely chopped green pepper
¼ cup margarine
2 teaspoons salt
Dash of pepper
2 teaspoons Worcestershire sauce
1 cup chili sauce
½ cup rolled oats
2 6½-oz. cans crabmeat, boned and flaked
1 10-oz. stick sharp cheddar club cheese, crumbled

Saute the onion, garlic and green pepper in the margarine. Combine sautéed vegetables with the salt, pepper, Worcestershire sauce, chili sauce, rolled oats and

crabmeat. Spoon into a greased 1 quart casserole. Top with crumbled cheese. Bake in a moderate oven, 350 degrees, 15 minutes, 4-6 servings.

Then, if you can't think of any other way to serve cheese, just cut off a slice or wedge and eat it with a crisp cracker. Mighty good, isn't it?

Country Ham Can Stand Soapsuds Scrubbing

That's right — put that country ham right into your well-scrubbed kitchen sink, or even into a clean laundry tub. Spread soapsuds over the ham, and scrub it with a vegetable brush under slightly warm running water.

He sure to rinse thoroughly, of course! This method of preparing a ham gets a big hand from cooking experts.

Tenderloin Is Fine Meat to Braise

Pork tenderloin patties are proof of the saying that "good things come in small packages." Pork tenderloin is a deluxe meat which may be purchased either whole or cut into slices. Whole pieces weigh between three to four pounds to one and one-half pounds each.

When purchasing pork tender-

loin, allow about one-third pound per serving. Patties are made by flattening slices of two-inch thickness.

To cook patties, dip the meat in flour and brown in hot fat. Sprinkle with salt and pepper. Add some braising liquid, cover the pan and cook over low heat 40 minutes or until tender.

Pork tenderloin patties are a taste treat when braised with a tart fruit juice. For a deluxe flavor, use apple juice or apple cider as the braising liquid.

CHEESE AND FRUIT—Fresh fruit arranged on a pretty plate with a wedge of Danish cheese is a welcome dessert at any time of year. This is the season to mature it with the multitude of colorful peaches, pears, grapes, plums and melon balls.

ROMAN BLEACH does more ...

Removes Stains

Ink, carbon, lipstick

The Roman Bleach label gives simple directions for removing stubborn stains such as blood, fruit, grass, chocolate, mildew, many ink and medicine stains. It also takes out lipstick.

Season Is Short to Serve Dusky Purple Plum Pie

Make it two-crust, deep-dish, or open-face but do make that Purple Plum Pie quick-like before the season of this luscious fruit has come and gone. Here for so short a time, September into early October, Idaho-grown purple plums (fresh Italian plums) are now in our markets at their tantalizing best—large, sweet, delicious.

Enjoy them now or store out of hand and in so many made dishes. And do away some in your freezer. You'll find these dusky-skinned freestone beauties are the easiest of all fruits to freeze—the fruit itself or tucked away in a pie that's plum good eating!

Idaho Purple Plum Pie
4 cups halved, seeded Idaho fresh purple plums (about 1 cup granulated sugar)
3 tablespoons flour

¼ teaspoon salt
¼ teaspoon cinnamon
¼ teaspoon nutmeg or mace
2 tablespoons butter
2 tablespoons lemon juice

pastry for double-crust pie

Cut purple-plum halves over crosswise. Fill purple-lined 9-inch pie dish with plum plums. Mix together dry ingredients. Mix through fruit. Add lemon juice. Dot with butter. Cover with top crust. Seal edges. Bake in 425 degree F (hot) oven 35 to 45 minutes. Serve warm with whipped cream, ice cream, hard sauce, or a nippy Cheddar cheese. Makes 6 to 8 servings.

Spices and lemon may be omitted, with 2 tablespoons orange juice and 2 tablespoons grated orange rind used instead.

Cherry Wine Gelatin Is a Salad Dessert

Friends of ours with a country house like to keep these salad-dessert ingredients on hand to use from the pantryshelf.

Cherry Dessert salad
1 can (pound, 1 ounce) pitted red tart cherries in extra heavy syrup
½ cup dry red wine
1 package (6 ounces) cherry-flavored gelatin
Watercress or other salad greens
Mayonnaise

Drain cherries; add wine to cherry juice with enough cold water to make 2 cups. Dissolve gelatin in 2 cups boiling water; stir in cherry juice and wine mixture; chill until partly set; fold in cherries. Turn into individual molds; chill until set. Turn out and garnish with watercress and mayonnaise. Makes 11 half-cup molds.

Straying From Path, Lad Jumps Wrong Way

BUFFALO, N.Y. (AP) — When a 17-year-old youth held up a neighborhood branch of a Savings & Loan Association, he wanted no time falling into the clutches of

the law. He leaped a fence and fell into the arms of off-duty Lt. Marco Navarro, sunbathing in his back yard. The \$1,000 loot was recovered.

The peacock has been named India's national bird.

Just a Start of Course, but He Has Big Plans

STAMFORD, Conn. (AP) — The 500 students employed at American Cyanamid Co.'s research laboratories here were stumped for an answer recently when they

received this letter from a third grader: "Gentlemen," it said. "Please send me all the material you have on chemistry."

Americans drink some 482 million cups of coffee and tea a day.

University Students Show Self Reliance

CORVALLIS, Ore. (UP) — Forty-one per cent of men students at Oregon State University and 12 per cent of women students were

wholly self-supporting during the last school year, a university survey showed.

Only 8 per cent of men and 33 per cent of women were wholly dependent on families for their education and living expenses.

100 YEARS YOUNG—Frank Perry, who is 103 years old today, greeted a photographer with this smile when he arrived to take the picture. Mr. Perry was dining in his room when his unexpected visitor called. Perry explained, "I like the sun and when I sleep, I dream." He recalls his days as a youth when he got a job piling barrel staves for the salt people along the Saginaw River where his family had moved from Ontario after the Civil War. He now lives with a son in Detroit, and his philosophy, "If it rains today, I let it rain."

Ship Radioisotopes

OAK RIDGE, Tenn. (UPI) — The Atomic Energy Commission's national laboratory here made 6,847 shipments of radioisotopes during the first six months of 1961. The shipments represented 218,202 curies.

Use Paste for Zip

RACINE, Wis. (UPI) — Bally zipper on swimwear gets their zip back if paste wax is worked into the grooves, according to the Johnson's Wax Consumer Service.

SKIN ITCH DON'T SCRATCH IT!

Scratching spreads infection causing more itching. Itchy skin may be relieved by using the instant-acting PRIZ-32-327 for eczema, dermatitis, too hot, or other various causes. It soothes, soothes the skin and stops itching. PRIZ-32-327 is available at your drug store. PRIZ-32-327 at Thrifty Drug, Shreveport, La.

Ham Starts Young, Has License at 7

CHATHAM, N.J. (AP) — Curtis Spitzler learned how to contact other ham radio operators before he could read.

And no one was too surprised when Curt, one of the youngest hams in the nation, received his amateur radio license at the age of 7. His brothers Stephen, 14, and Tamper, 12, are both hams.

Even the boys' parents, Mr. and Mrs. Ivan W. Spitzler, are beginning to catch on. They say they have to in order to "interpret those messages at the dinner table."

Persons 65 or more have the highest traffic death rates of any age group.

Now Threatening Iran

Nikita Wears Down Peoples, as Well as Nations

By PHIL NEWSON

As Nikita Khrushchev piles straw upon straw in the hope that the world's back will bend and not break, the pattern of his campaign becomes clearer.

He seeks not only to bend the will of governments, He also aims especially at peoples.

Thus Communist radio beams special language broadcasts which warn British businessmen, French laborers or Italian vineyard workers that they may die in a world holocaust because of the mistakes of their government.

In an interview, Khrushchev refers to Britain, France and West Germany as his "hostages" in a nuclear war.

Soviet propaganda aims at the same message at Iran, which is a member of Cento Pact nations.

barring the Communist path to the Persian Gulf.

The use of forged documents is a familiar Communist tactic and this was one of the pressures they applied against Iran.

This consisted of documents purporting to show that the West planned to drop nuclear bombs along the Soviet-Iran border to create a "death zone" if war broke out.

Despite immediate action by the Cento Pact nations—Iran, Pakistan, Turkey and Britain—and by the United States to brand the documents as forgeries, the Soviet Union has continued to circulate the claims.

PROPAGANDA:

It also has repeated a familiar charge that the United States intends to attack Russia through its own intentions are peaceful.

Soviet officials in Tehran, the nation's capital, talk openly of involving a clause in Russia's 1921 treaty with Iran.

This clause gave the Soviets the right to occupy Iran if Russian security was threatened.

It actually was invoked in 1941 and Russian troops continued to occupy Northern Iran until United Nations pressure finally forced them out in one of the U.N.'s first great victories in 1946.

The Russians also have attempted to set up a separate state of Azerbaijan which would be carved out of Northern Iran.

The Iranians have declared the 1921 treaty null and void, but at the same time have gone out of their way to assure the Soviets that their own intentions are peaceful.

Russia's latest threat came in the form of a warning that Iran faced a choice of destruction "in the not too distant future" unless she drops out of the Central Treaty Organization.

Premier Ali Amiri gave Iran's stiff-backed reply:

"We plan to be always the same—loyal to our commitments and to our allies."

Recently, U.S. Ambassador Julius Holmes renewed U.S. promises of support "in case of any trouble with Russia."

But Iranian officials say the nation's future may well be decided in Berlin.

If the West stands firm in Germany, they say, Russia will hesitate to press matters against Iran. But if the West gives ground there, then "only Allah can help Iran."

Kadar's New Job Old Moscow Tradition

(Editor's Note — Andre Marton, former Hungarian politician, now living in the United States, was the first to announce the end of the 1956 revolution. It is now a member of the Associated Press staff.)

By ANDRE MARTON
WASHINGTON (AP) — Janos Kadar, boss of Hungarian Communists, followed an old Kremlin example in taking over as prime minister without giving up his post as first secretary of the Communist party.

Josef Stalin and Nikita Khrushchev set the pattern in Moscow. Khrushchev now holds both posts on a permanent basis, while Kadar used to take over the extra post in times of increasing domestic or external tension.

It is not known here whether Kadar's change in Budapest Wednesday's change in Moscow. State Department officials said

they had no advance indications about the reshuffle.

STRENGTHEN PARTY
The Hungarian announcement mentioned "the problem of strengthening party and state leadership." Giving unrestricted power to Kadar-Khrushchev's counterpart, appears to be in accordance with this effort.

The changes in the Hungarian cabinet put an end to one career and represented a new milestone. In another, Foreign Minister Endre Sik was replaced by Janos Peter.

Sik's resignation was no great surprise—he is old and ailing. He is a former envoy to Washington and a veteran Communist. Sik is

the brother of a distinguished and high-ranking Roman Catholic priest, Magr. Sander Sik, head of the Magyar Order which once maintained the best high school in Hungary. Magr. Sik also was a renowned patriotic poet before the Communist takeover.

WAS BISHOP

Peter, Sik's successor and former deputy, was a Protestant Calvinist bishop before going into politics. The Calvinist church is the second most significant in Hungary, a predominantly Catholic country.

Peter is not a Communist party member.

The sister of Ferenc Muenich, the former prime minister, apparently represents the end of the road for a man who demonstrated remarkable skill in surviving the heydays of Stalinist terror.

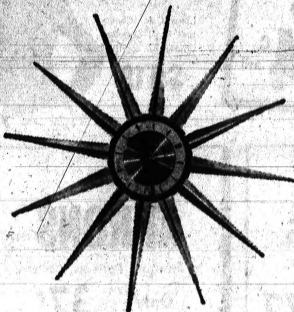

Muenich was one of the high-ranking political officers in the Spanish Civil War. Most Hungarian Communists who fought in Spain were liquidated during the bloody purge trials of the late 1940s. Muenich was smart. For years he has been Hungarian ambassador in foreign countries and remained at his post even during his official vacations. Instead of returning to the uneasy atmosphere of his country,

CROSS-COUNTRY RIDER—Andrew T. Chechak, 25, of Sacramento, Calif., stops here in Mount Vernon, Ohio, to let his 7-year-old mare, Pacha, munch a little grass. Chechak has ridden the horse all the way from Sacramento and will continue his cross-country ride to

Kittery, Maine. Chechak left California 113 days ago after being laid off from his civil service job. He said the ride is something he has thought about for years and finally decided to do it. Chechak said he has spent only \$35 of his own money, and has slept outdoors every night.

Try Smiling Over Winning 'Better Motto'

LOS ANGELES (UPI) — The Let's Have Better Mottoes Association today announced its winning motto for September: "Show me a man who smiles when everything is wrong, and I'll show you an idiot."

Association Secretary E. V. Roberts said the prize-winning contributor achieved his motto by using the group's new 100-word motto converter into which he had put this one: "The man worthwhile is the man who can smile when everything goes wrong."

Roberts said also-rans included these: "Till the truth — you'll have us all guessing," "I'm not dead—I'm thinking," "Why do it right when you can do it the hard way?" and "Most famous people are dead, and I don't feel too well myself."

Fire Fatal to 3 Tots

MANILA (AP) — Three children were missing and 6,000 people homeless today after a fire destroyed hundreds of homes in the port of Cebu in the Central Philippines. Philippine News Service reported.

Nicotine Calms Footloose Pachyderms

BALTIMORE (AP) — There are those who smoke cigarettes to calm their nerves. Then again, there are those who eat them. When three elephants got a bit jittery and broke out of the Baltimore Zoo, motorcycle patrolman Robert Miller solved the problem. He offered Jennie, Sarah and Tracie each a cigarette.

They munched their tid bits with evident satisfaction, forgetting the broken gate, the crowd, and their nerves. Zoo Director Arthur Watson says the weed is a regular part of the diet; each elephant gets a full package of chewing tobacco every day.

Clay Ready for Mission to Berlin as JFK Aide

NEW YORK (UPI)—Gen. Lucius D. Clay leaves for Berlin this weekend as President Kennedy's personal representative, gravely concerned that Russia and the West have reached "the point of least return" over the isolated German city.

The 64-year-old Clay, commander of American troops in Berlin during the 1948 airlift, says he "presumes" negotiations will begin before a showdown is reached. But he is prepared to recommend use of force if necessary to defend Berlin's freedom.

Appearing relaxed but deeply serious, Clay, board chairman of Continental Can, discussed in an interview, the role he will play in his new mission to Berlin. Clay is severing all his business relations to take his new post. He will stay there as long as he is wanted. This time he will not be in uniform but his reports and recommendations to President Kennedy will deal both with military and political aspects of the Berlin picture.

He will make a specific recommendation for action if a crisis occurs.

MORE TENSE THAN EVER

"We have reached a situation which is more tense than it ever has been," Clay said. "We haven't reached the crisis yet—but we are very close to it. I would say that we have reached the point of least return."

Clay was asked if he thought the crisis would come.

"Both the West and Khrushchev have said they are prepared to negotiate and I presume negotiations of some sort will take place before we reach that crisis."

"But if we come to the point where the West is denied free access to Berlin, then we will have reached it. What happens then depends on what stage of negotiations we are in."

Says Graduates Top Investment

College Chiefs Council Claims State Gets Back Costs in Higher Taxes

LANSING (AP)—The average college graduate will pay more extra taxes in his lifetime — as a result of increased income — to offset the cost of his higher education, the State Council of College Presidents said today.

Dr. M. M. Chambers, council executive director, said recent Census Bureau figures showed the average college graduate earned \$420,000 in his lifetime, compared to \$342,000 for the high school graduate.

The college graduate, he said, pays an average of \$6,000 extra in state taxes in a lifetime — more than the state appropriation for a four-year college education.

"This puts tax support of higher education in its proper light—that of a profitable investment," he added.

Chambers urged low tuition and other fees to encourage competent students "to make the initial investment required of them for their advanced training."

Tuna Grounds Near Africa New Food Source

ITHACA, N.Y. (AP)—The tropical Atlantic Ocean near West Africa is so rich in tuna that it may help feed the world's rapidly expanding population, a Cornell University study shows.

Indications are it will be one of the world's finest protein sources. The area has been overlooked by fishermen.

Gilbert W. Bane, graduate student at the New York State College of Agriculture at Cornell, says the concentration of yellowfin tuna in the South Atlantic "equals anything I have ever seen off the Pacific Coast in the main tuna area between California and Chile."

Easy Come, Easy Go—Taxing Development

LONDON (UPI)—John O'Reilly got his back wages from the Dorchester Hotel and promptly lost almost half of them to the tax man.

O'Reilly, claiming he had worked as a cloak-room attendant at the Dorchester for 20 years without being paid anything but tips, was awarded \$1,713 in the High Court. He had claimed twice as much. The Commissioners of Inland Revenue immediately announced that O'Reilly's tax bill on his wages would amount to \$743.

'Dirty' Dog Gives Double Cross to Canine Pals

PORT ARTHUR, Tex. (UPI)—Catching stray dogs is a cinch for this city's assistant dogcatcher. He is a dog too.

The canine catcher's name is Bud, an 85-pound German Shepherd who is the pet of dogcatcher Anthony Broussard.

Bud rides on top of Broussard's truck, waiting for an assignment. When Broussard spots a stray dog, he calls for Bud to chase the dog.

Eastern Fire Chief Colorful Figure

EAST PROVIDENCE, R. I. (UPI)—Fire Chief Earl C. Griffith says the familiar red "has lost its distinctiveness for fire-fighting equipment."

The chief rushes to fires in a "Corinthian white" sedan which matches his helmet and raincoat.

Most of the city's fire-fighting equipment still is red but the fire hydrants are a variety of colors.

The hydrants are painted white, aluminum, blue, green, red or black, according to the size of their water mains.

Kiddies' News Show on TV Fall Schedule

NEW YORK (UPI)—A new television show for young people will feature a daily news broadcast designed for children.

American Broadcasting Co., which will introduce a new program, "Discovery," Oct. 2, said specially lighted maps and other pictorial effects will be used to help events of the day.

Notable points such as aluminum, copper bronze and gold are prepared by mixing finely powdered metals or their alloys with a type of varnish ingredients.

'Robot' Orbit Real Booster

One More Shot Before Man

CAPE CANAVERAL, Fla. (AP)—America's drive to hurl a U.S. astronaut into orbit by the end of the year has received vigorous impetus from the successful recovery of a Mercury space capsule after it circled the globe.

But the National Aeronautics and Space Administration intends to rocket one more capsule into orbit, perhaps with a chimpanzee passenger, before launching a human life on the journey into space.

An Atlas missile propelled a two-ton capsule carrying a mechanical man into a 17,339-mile

hour sweep around the earth Wednesday. Braking rockets sent the spacecraft out of orbit and it parachuted safely into the Atlantic Ocean 161 miles east of Bermuda after a 108-minute trip. The destroyer USS Decatur retrieved it.

A few minor electronic difficulties cropped up on the flight, including a faulty electrical inverter, a possible leak in the oxygen supply system and loss of contact with the robot spaceman's tape-recorder "voice" halfway through the test.

Robert Gilruth, Project Mercury director, reported these faults alone would not necessitate

another preliminary shot before his life. A manually-operated hatch was on Wednesday's capsule.

"We'll have to look at the capsule and into the problems to see if they were serious," Gilruth said. "But we feel that no matter what we find, we want to fly a capsule with a quick-release escape hatch once more before putting a man in orbit."

The quick-release hatch has been flown on only one capsule—that which carried Astronaut Virgil I. Grissom on a suborbital space flight in July. The hatch, designed to blow out under pressure of explosive bolts, flew off prematurely when the capsule impacted. Water rushed into the craft and Grissom had to swim

completely unattended."

Gilruth said Wednesday's flight demonstrated that the "Atlas" has the capability to fly a man in orbit; it brought in for the first time the Mercury worldwide tracking network, and demonstrated the ability of the capsule and its systems to operate completely unattended."

Robert Gilruth, Project Mercury director, reported these faults alone would not necessitate

Vaccine Tests OK for Measles

To Be Given Together With Gamma Globulin; Merck Will Make It

PHILADELPHIA (AP)—A measles vaccine has been successfully tested in field trials among 605 children in the Philadelphia area. Children's Hospital said today research on the vaccine "suggests that the 20-year search for a method of immunization against measles is now over."

The vaccine still must be approved by the U.S. government. If accepted, it might go on sale sometime next year, says the firm which plans to market it, Merck, Sharp & Dohme Laboratories.

A team of clinical investigators from Children's Hospital and the University of Pennsylvania reported on the vaccine, developed by Dr. John F. Enders of Boston and his colleagues. In today's issue of the New England Journal of Medicine.

They said it has given 100 per cent protection from measles in children during epidemics in recent months in a controlled field trial.

Half of the children in the field trial were injected with standard measles vaccine of the Enders type concurrently with human gamma globulin, the report said. A large percentage of children in the trial who did not receive this type of immunization caught the measles.

A primary question which remains to be answered is the most desirable balance between the amount of standardized gamma globulin and virus in the vaccine, said Dr. Maurice R. Hilleman, a member of the research team.

Navy pilots will have the use of mobile ready rooms that provide the equipment needed before take-off. These can be trailed from one airfield to another.

Dr. Teller Urges National Effort to Build Shelters

Fatalistic Attitude Toward N-Attack Is Denounced

Editor's Note—The notion that no truly effective civil defense is possible against atomic attack is a dangerous illusion. This article points out the practical steps in protecting Americans against blast and fallout.

By ALTON BLAKESLEE
Associated Press Science Writer
NEW YORK—Dr. Edward Teller has grave respect for the aim of Soviet rockets bearing nuclear warheads.

"They are accurate," says the University of California physicist. They could hit assigned cities or military targets, unless anti-missiles or other defenses brought them down.

Warning systems promise to sound about 20 minutes advance notice—time enough for most people to take shelter.

But—few shelters exist. Dr. Teller strongly urges a huge national effort to build public and private shelters from city to hamlet.

With them, nine out of 10 citizens could survive, he declares. Without them, he fears, six or eight out of 10 will die.

The choice is that stark, in the eyes of the scientist whose genius contributed to fashioning the H-bomb.

FATALISTIC FEAR

Millions of people live in the fatalistic fear that if bombs fall, each will be directly underneath—or utterly doomed by radioactive winds and fallout.

Dr. Teller calls this dangerous nonsense.

Sketching basic essentials for shelters, he says many regions of the country would need only fallout shelters in basements for protection against radioactive clouds sweeping downwind from blasts.

PROTECTION FOR \$50

Simple shelters could be made of wood or sandbags, or dug into the foundation. Dr. Willard Libby, former member of the Atomic Energy Commission, built such a home shelter for about \$50.

A prime need, everywhere, is for really cheap radiation detectors to judge hazards, and for battery-powered radios to hear official reports.

Suburban homes near big cities, on or near the fringes of blast areas, would need sturdier, more elaborate shelters to withstand shock and hotter radiation. Direct hits would wipe them out, but bombs won't fall everywhere like raindrops. Cheap but effective shelter designs are badly needed, Dr. Teller adds.

For big cities and towns, mass shelters are the safest answer, with enough of them "so people could walk to them in five to ten minutes."

In many cases, it would be important that these shelters have their own independent air supply, and air filters, but this could be done at not too high cost. They must be equipped for radio communications with defense headquarters.

"Besides blast and shock, one of the greatest dangers would be firestorms," such as swept cities from conventional bombing in World War II at terrible cost of lives.

"Shelters should be sealable with five doors. If subways were used, as in New York City, fire doors could keep air from being sucked out of tunnels and stations. Subways could be equipped this way in a matter of months with enough effort."

FIRESTORM DANGER

Basements of big buildings could

provide shelter for millions of city dwellers, and future buildings should be built "to take as much over-pressure as possible," Dr. Teller says.

"The idea that any shelter should be able to withstand 20 pounds pressure per square inch

is simply not feasible—it is too expensive. We have to recognize there will be some casualties. The goal is to keep them to a minimum. To make all shelters 100 per cent safe would require all kinds of expensive things."

The Soviets talk about a prodigious bomb equal to 100 million tons of TNT, and Dr. Teller says this probably could cave in a shelter 200 feet deep if the bomb exploded on the ground close by.

But such a bomb "is not a militarily useful thing," and he doubts the Soviets really mean to build it.

A prime requirement, he adds, is for a well-planned organization for leadership of life in shelters, and afterward.

"Every man, woman and child over 10 years of age should be trained in civil defense, to learn what to expect, what to be respon-

sible for, and to whom to be responsible."

With underground stockpiling of food and strategic materials—and above-ground storage in areas not likely to be hit—the country would have the starting tools to get industry going again.

"We have surplus food. We have some surplus machinery and tools, we could produce more, and we could stockpile machinery and tools which are being replaced now as obsolete," Dr. Teller says.

"We can do this, and the Soviets cannot. We could thus recover far faster. In three to four years, we could be strong and functioning again, and they couldn't."

It is estimated that there are more than 19,000,000 teenagers in the U.S. today, representing a \$10 billion consumer market.

There were 735 complaints answered by Waterford Township police during the month of August, according to a report submitted to the Township Board by Chief Milward J. Pender. Complaints totaled 530.

There were 41 adults and juveniles arrested. Patrolmen drove the eight police cars 22,042 miles during the month.

Defies Demand for 'Watchdogs'

Young Trujillo Rejects Unit to Assure a Fair Dominican Election

CIUDAD TRUJILLO, Dominican Republic (UPI)—Gen. Rafael Trujillo Jr. has rejected opposition demands for the stationing of a permanent "watchdog committee" in this country to assure the fairness of next year's presidential election.

Young Trujillo, interviewed Wednesday at his airbase headquarters, said it would be regarded as intervention in Dominican affairs if investigators sent here by the Organization of American States try to extend their expected two-week stay.

The 33-year-old general, who succeeded his assassinated father as supreme commander of the Dominican armed forces, also called for immediate cancellation of the economic and political sanctions imposed on the Dominican Republic by the OAS.

He said the Dominican people, rather than the nation, have suffered as a result of the sanctions.

Trujillo said the Communists were to blame for the rioting Tuesday in which at least two persons

were killed. He said the headquarters of the opposition FNR party was raided and closed Tuesday night because "it is led by Communists... (who) were the principal agitators Wednesday."

He said the government has ordered leaders of the FNR expelled from the country.

Sukarno Says Kennedy Will Visit Indonesia

WASHINGTON (UPI) — President Kennedy has accepted an invitation to visit Indonesia, according to President Sukarno.

No date was set, but the Indonesian president said he hoped Kennedy would make the trip soon.

Sukarno announced the President's acceptance at a ceremony Wednesday shortly before he left Washington for New York after two days of talks with Kennedy.

Cite 'Chaotic' Standards

NEW YORK (UPI) — "Chaotic" is how the National Council of Teachers of English describes standards for training English teachers.

In its first national assessment of English teaching in 35 years, the council found the teachers poorly prepared, handicapped by low standards, and working in an environment that limits good instruction.

Unemployment Rate May Dip

Human Side of Recession Appears Better

BY SAM DAWSON

AP Business News Analyst
NEW YORK — The statistical side of the recession has been pretty well erased. And today there is a bit more than just hope that the human side is on the mend.

Many are returning to old jobs or finding for new ones. And if all goes well, the number of unemployed may drop below the four million mark a month from now. For many in America, looking for the unemployment problem would seem more important than getting a man on the moon.

TROUBLESOME 'IF'S

The "ifs" in the case are troublesome ones. And a total of jobs just under four million still isn't anything to brag about. But it's better than the figures of recent months that have counted 7 per cent of the labor force as looking for work in vain.

The hope for the better than seasonal drop in unemployment is based on expectations that industry is now ready for a big step upward. It already is pretty much back to where it was before the 1960 recession.

Economists at the Northern Trust Co., Chicago, note: "In the recovery to date, however, it would appear that more than half is the result of a turn from liquidation to moderate accumulation of business inventories and to increased federal spending, as well as the stimulus of large orders for military goods."

The "ifs" that cloud the prediction for increased employment include what the Chicago economists call the "more volatile sectors of economic activity, including automobiles and other durable consumer goods, residential building and business investment in new plant and equipment." And they note that "the expectation is widespread that further gains in these sectors are in prospect." They warn that this is yet to be proved.

BASES FOR HOPES

A major basis for expecting an employment pickup is the belief

that the auto industry, when its labor difficulties are settled, can head for big production. If the public buys the 1962 models as Detroit hopes, the boost to the economy would be considerable.

Steel has owed most of its output recovery so far to other customers, but counts heavily on auto makers' orders coming in greater volume soon.

Another big "if" is consumer buying intentions. These are expected to firm up fast if the economy takes on the aspect of even a mild boom. Business spending also is optimistic.

also coasting now, could pick up just as rapidly as sentiment improves.

All of this is giving the job outlook a brighter aspect. And that is why the Labor Department thinks there's a fair chance the jobless total will drop below the four million mark in October. It was above five million in June and July.

Economists at the Morgan Guaranty Trust Co., New York, also are optimistic.

"Unemployment, typically a laggard in showing response to recovery trends, should soon begin to yield," they predict.

"To a large extent the advance in production since February has been made possible by a lengthening of the work week, plus some increase in efficiency that is a normal aftermath of recession. With the average work week now back above 40 hours, increases in production should mean stepped-up hiring."

New Trial Motion Postpones Execution

ATLANTA, Ga. (AP) — The execution of Preston Cobb Jr., 15-year-old Negro boy convicted of slaying a 70-year-old white farmer in Jasper County had been postponed by a motion for a new trial.

The new trial motion will be heard by Jasper County Superior Court Judge George S. Carpenter Oct. 6 in Milledgeville.

Cobb, of Monticello, Ga., was under sentence to die Sept. 22 in the electric chair. He was convicted of shooting Frank Coleman Dumas June 1. The shooting allegedly followed a dispute over fish caught in the farmer's pond.

Says Ike, Mamie to Take '62 Trip to Palm Springs

PALM SPRINGS, Calif. (AP) — Former President Dwight D. Eisenhower and his wife Mamie will vacation near here early in 1962, says a country club manager.

William R. Daugherty, manager of the Eldorado Country Club in nearby Palm Desert, said on Wednesday the Eisenhowers would vacation for "a month or two" beginning in January.

He said they will occupy a \$100,000, four-bedroom cottage by the 11th fairway.

Says Ike, Mamie to Take '62 Trip to Palm Springs

PALM SPRINGS, Calif. (AP) — Former President Dwight D. Eisenhower and his wife Mamie will vacation near here early in 1962, says a country club manager.

William R. Daugherty, manager of the Eldorado Country Club in nearby Palm Desert, said on Wednesday the Eisenhowers would vacation for "a month or two" beginning in January.

He said they will occupy a \$100,000, four-bedroom cottage by the 11th fairway.

Jackie Coogan's Son Placed on Probation

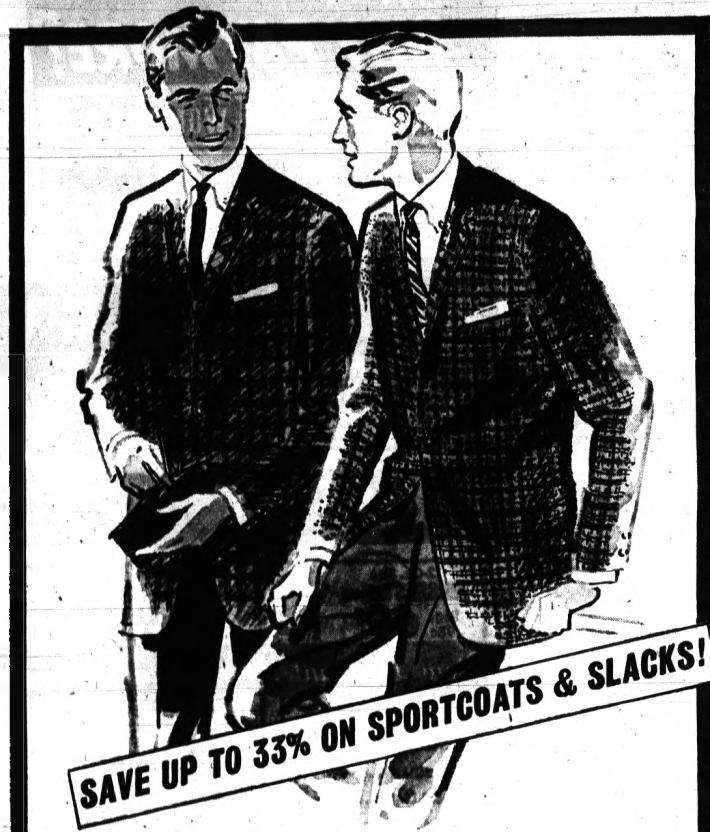

LOS ANGELES (AP) — The son of actor Jackie Coogan was placed on a year's probation Wednesday following his conviction on a charge of contributing to the delinquency of a minor.

The court also fined John Anthony Coogan \$262.50.

Coogan, 20, and Jack Risley, 40, owner of a San Fernando Valley used car lot, were arrested last February. Police accused them of morals offenses with girls 14 and 15.

Risley also was convicted. He will be sentenced Oct. 11.

Runoff Needed in Atlantic Race

Strong Segregationist, Moderate Are Opposed for Mayor's Post

ATLANTA, Ga. (AP) — A businessman who has urged peaceful racial relations and an out-spoken segregationist will meet to decide Atlanta's mayoralty race.

Ivan Allen Jr., former president of the Chamber of Commerce, led a five-man field in Wednesday's election but failed to get a majority of the record number of votes cast.

FINISHED SECOND

Lester Maddox, operator of a restaurant and a leader in the segregationist group "Georgians Unwilling to Surrender," ran second and won a place in the Sept. 22 runoff.

Mayor William B. Hartsfield, 70, mayor of Georgia's largest city for 13 years, did not seek re-election.

Prior to the election, Hartsfield, who had spearheaded the peaceful desegregation of Atlanta's schools and the relatively peaceful relations between the white and Negro races in the city, declined to endorse any of the candidates. However, he was openly opposed to Maddox.

The complete, but unofficial returns gave Allen 37,336 votes, Maddox 21,081, State Sen. Charlie Smith 13,776, State Rep. M. M. Smith 13,030, and Fulton County Commissioner James Aldridge 8,546.

Russell Band to Defy Ban on Bomb March

LONDON (AP) — Followers of philosopher Bertrand Russell announced today they will defy a police ban and go ahead Sunday with a giant rally to denounce nuclear weapons.

The prospects were that the organizers will land in jail along with the 30-year-old philosopher and 32 of his backers, doing time for breach of the peace.

In a rare order for Britain, where free speech is traditional, police Wednesday banned the anti-bomb "Committee of 100" from any activities Sunday in a mile square area of London.

The citadel of London's soap box orators, a corner of Hyde Park, was left outside the restricted zone. So was the Soviet Embassy, where there have been anti-bomb demonstrations.

1,000 Protest N-Tests

NEW DELHI, India (AP) — About 1,000 volunteers of the National Marxist Association demonstrated outside the Soviet Embassy Wednesday demanding a ban on nuclear tests.

Cuban Exiles Charge Fidel Stripping Graves

Plea to Vatican Attacks Castro as Ghoul

By BOB CONSIDINE
NEW YORK — You can now add the brand of grave robber to the already tattooed hide of Fidel Castro.

A group of Cuban exiles in Miami has appealed to Pope John

XXIII to intercede in Castro's stripping of bodies in Colon Cemetery, Havana.

"What they are really trying to do is to take over the tombs, desecrate them, steal the names, and then use the names to identify the bodies they find inside," the plea to the Vatican reads in part.

Last Friday was the final day for owners of cemetery plots to present themselves to officials in Havana with proof of their ownership.

A great portion of these owners have fled Cuba. To have returned, in behalf of the dead, would have meant certain imprisonment or even death.

"It is the intention of the Cuban Communist government to disturb our dead, to appropriate jewelry

and gold fillings of our dear departed, and to bury their hallowed bones in common mass graves," the Pope has been informed.

Reassuring thought: The new B52H can fly more than 10,000 miles at 60,000 feet and better than 600 m.p.h. Its four 3635-lb. ballistic missiles, carried under the wing, carry 11 bombs and can be launched while the bomber is still 1,000 miles away from the target.

The bomber possesses highly classified methods of looking up and bombing missiles. Against conventional fighter attack it can employ a 30-millimeter Gatling cannon capable of firing 4,000 rounds a minute.

One such 450,000-pound bomber could hurl more nuclear devastation on an enemy than was dropped by all the air armadas of all the air forces engaged in World War II.

Just one. And they're in production.

A recent golf article noted that for all their superb precision, neither Bobby Jones nor Ben Hogan ever had a hole in one.

The Committee of One Million, an organization formed to block the admission of Red China to the United Nations, has produced a 30-minute documentary film called "Red China — Outline" to be released as the Assembly becomes seized with the Chinese question.

Narrated by Lowell Thomas, with Senators Paul Douglas and Thomas J. Dodd, and Cong. Walter H. Judd, the film depicts Chinese atrocities, opium trade via Cuba and other instances of Mao Tse-tung.

The Committee believes that if enough Americans see the film it will produce enough indignation and determination in the U. S. to stop the trend toward U. N. recognition of the Peking regime.

You can now stop voting in the contest to name the worst TV show of the year. It was David Susskind's "open end" panel discussion on the pros and cons of Frank Sinatra's "Eat, Drink, and Be Merry" and blowby wordiness it suggested that some kind of post-mortem legal action be taken against Lee De Forrest for inventing the vacuum tube.

Police Prisoner Opens New Line of Thought

RICHMOND, Va. (AP) — Dialogue from the morning police line-up:

Detective: "How did you happen to be on the roof of that building last night?"

Prisoner: "A policeman chased me up there."

Is Archbishop of York

YORK, England (AP) — Dr. Frederick Donald Cogan, 55, long associated with diversity schools and religious education, was enthroned in York Minster Wednesday as archbishop of York.

He succeeds the Most Rev. Arthur Michael Ramsey, who earlier became archbishop of Canterbury.

To Build Courthouse

ST. JOSEPH (UPI) — Bertram funds to build a new \$3 million County voters approval, 10,000 to courthouse.

Fire Damage Totals \$3,640

No Deaths or Injuries Reported in August by Pontiac Fire Dept.

Fire damage in Pontiac during August totaled \$3,640, according to the month-end report of the fire department.

Damage in July totaled \$13,185, the highest figure, due to a \$130,000 blaze which swept a bowling alley in the city.

No deaths or injuries from fires were reported in August.

Firemen answered 123 alarms, 19 less than in July.

Of these, 45 were fire alarms; 11 fires in buildings, 6 brush and grass, 2 rubbish near buildings, dump, 7 miscellaneous, and 12 motor vehicles.

Sunday Begins Week to Honor Constitution

WASHINGTON (AP)—Sunday is Citizenship Day and the beginning of Constitution Week by proclamation of President Kennedy.

The President urged appropriate ceremonies on Sunday "to inspire all our citizens to keep the faith of our Founding Fathers and to carry out the ideals of United States citizenship."

He also asked Americans to observe Constitution Week with sermons and activities in schools and churches and other suitable places "to the end that our citizens may achieve a better understanding and a deeper appreciation of the Constitution."

WATER-SWEPT BAYFRONT—Gigantic tides swept through Port O'Connor during the height of Hurricane Carla. The storm destroyed 90 per cent of the 1950 population fishing town. Huge

cranes and tractors were nearly buried by shifting sands along the water front. Winds and rain knocked down telephone and power lines and left most houses damaged or destroyed.

109 Children Get Foster Care

Oakland County Aid Society Placed 87 in Homes Last Year

In a reminder of Children's Aid Week, the Oakland County Branch of the Michigan Children's Aid Society reports it has had 109 children in foster care during 1950.

A total of 87 was placed in Oakland County adoptive homes from this and other counties.

Children's Aid Week, Sept. 10 through 17, is being observed for the seventh consecutive year in special recognition of the society's achievements and to call attention to help and care given to homeless children.

Through offices at 15 locations throughout the state, the society is today caring for a total of 1,587 children. The work load for society officials is expected to reach an all-time high in 1951.

The society is a private, non-sectarian agency caring for homeless, dependent and neglected children.

The Oakland County branch office is at 122 Franklin Blvd., Pontiac.

Weary Texans Start Clearing Hurricane, Tornado Rubble

GALVESTON, Tex. (AP)—A man stared at the crumpled pile of wood that used to be his home.

A woman, tears in her eyes, pulled clothing from another mound of debris.

A little girl clutching a teddy bear climbed from her daddy's car after being a refugee for five days.

Her father, unshaven, red-eyed and so tired his shoulders drooped, gave only a flicker of a smile at finding his home survived.

NOT ALL DEPRESSED—Sightseers, gawking like people always do after a disaster, took pictures of Galveston's tornado rubble, its wind damage, its tired workers.

But everyone wasn't depressed when Wednesday dawned and the sun peeked through to show Galveston's storm damage.

John Anderson laughed and tried a job as he swept slimy mud from his typewriter store.

"That portable over there will be going cheap," he said.

The typewriter, atop a three-foot stove, had a water mark halfway up its shipping box.

"Oh, what a relief," Mrs. Jessie Trebern said when she saw

her house still standing, undamaged except for broken windows.

"It was so worried about the fish tank,"

IN BAD SHAPE—Cars jammed the Gulf Freeway into Galveston by mid-afternoon Wednesday—people back, sightseers flowing in.

They found Galveston in bad shape.

Streets need repairing. The water and the wind ripped hunks of asphalt from streets to expose the bricks underneath.

Board that used to be some-

thing—no one knows what now—littered the blocked part of Seawall Boulevard.

People cluttered a temporary emergency room at John Seely Hospital. The regular emergency room got flooded.

A man helped a whimpering woman down the hospital's steps. Her arm was in a sling.

"She slipped in the damn mud," the man said.

"That's what we're getting now," a weary doctor said. "People who hurt themselves trying to clean up after the storm."

3 Youths Placed on Probation for Assault, Battery

Three Pontiac youths were placed on a year's probation yesterday after being found guilty of assault and battery in the beating of a 52-year-old man.

Municipal Judge Cecil McCallum also ordered the three to pay \$5 court costs each. They are 18-year-old William and 17-year-old Chris Laugier, both of 172 Dresden St., and Robert Parker, 18, of 63 N. Meridian Ave.

The complaint against them was signed by Arthur Brown, 122 Dresden St.

Brown said the three youths and two juveniles attacked him in front of his home Aug. 27. The two juveniles were turned over to county juvenile authorities.

To Attend Fall Meeting

Dr. Mark VanWagoner of Oxford will attend the first fall meeting of the board of directors of the Michigan State Chiropractic Society this Saturday in Lansing. Dr. VanWagoner is vice-president elect of the society.

Transportation Report Slated

Waterford Official to Review School Bus System for Board

John E. Hills, Waterford Township School System's director of transportation, will present a report and review of bus transportation at tonight's special board of education meeting.

The school system has 15 buses which are transporting some 8,000 of the 15,000 pupils.

In other business, the board will award contracts for additional purchases for the new Waterford-Hotelling High School scheduled to open Monday.

Bids will be opened for the borrowing of \$500,000 in anticipation of the 1951-52 state aid due in January. The school board had approved Supt. William A. Shuck's recommendation of the loan at the August 18 board meeting.

At least 50,000 more nurses are needed in U.S. hospitals and institutions.

Navy Plans to Call More Air Reservists

WASHINGTON (UPI)—The Navy plans to call an additional 1,957 individual Naval Air Reservists to active duty.

The move will bring to 78,467 the total reservists of all services recalled to active duty since the Berlin crisis. The first call, on Aug. 28, affected 78,500 men.

The Navy said Wednesday the additional individuals will be ordered to report in October.

Rejects Jail Building

HILLSDALE (U-I)—Hillsdale County voters turned down, 2,100-1,562, Tuesday a 14-mill, three-year levy to finance a sinking fund for the construction and equipping of a new county jail.

Rep. Ford on Crutches but Foot Injury Minor

WASHINGTON (AP)—Rep. Gerald R. Ford Jr., R-Mich., limped to the House floor on crutches Wednesday.

Ford injured his foot slightly Tuesday night while attempting to install a light bulb in a stairwell of his suburban Alexandria, Va., home.

Mount Pleasant Votes for New Water Supply

MOUNT PLEASANT (U-I)—Mount Pleasant voters approved Tuesday a proposal to borrow \$600,000 to finance construction of a new water supply system for the city.

The new system is expected to improve the city's present hard water supply by at least 50 per cent.

Ex-U.N. Chief Fears Allies to Quit Berlin

MEMPHIS, Tenn. (UPI)—Dr. Charles Malik, former president of the United Nations General Assembly, said Wednesday Western forces probably will withdraw from Berlin.

"While I do not expect a war, I'm afraid there is going to be a Western withdrawal as a result of all the maneuverings that are going on at present," Malik said.

"I am very pessimistic," he told newsmen. The former U.N. official is now a professor at American University, Washington, D. C.

About 65 per cent of American people have hospital and medical insurance.

Hungarian Party Leader Reassumes Premiership

BUDAPEST, Hungary (AP)—his job as secretary of the party's central committee. He may succeed János Dobi, Hungary's aging prime minister.

He quickly announced a hotel in Hungary's military spending.

The board in military spending was announced by the party's central committee in a revision of the five-year plan that began this year. The announcement said the defense budget would be increased during 1951-5 by 25-billion forints (\$2-billion at the official exchange rate).

There was no indication of the total outlay, but from figures released earlier, it would appear that in the five-year period defense expenditure will be more than doubled. The budget had set aside 35-billion forints (\$300 million) for defense this year.

CALLS KATANGA ACTION Terrible Scandal

WASHINGTON (UPI)—Sen. Thomas J. Dodd, D-Conn., said Wednesday the latest U.N. military action against the Katanga government is a "scandal of the first magnitude."

Dodd said in the Senate the U.N. action was a "high-handed, scandalous act."

He said U.N. leaders should be warned that "if the Congo goes Communist, the American people and free world opinion will hold them responsible."

LOBBY PARTY OFFICE: Ignaz Kise, deputy president and member of the politburo, lost

his job as secretary of the party's central committee. He may succeed János Dobi, Hungary's aging prime minister.

He quickly announced a hotel in Hungary's military spending.

The board in military spending was announced by the party's central committee in a revision of the five-year plan that began this year. The announcement said the defense budget would be increased during 1951-5 by 25-billion forints (\$2-billion at the official exchange rate).

There was no indication of the total outlay, but from figures released earlier, it would appear that in the five-year period defense expenditure will be more than doubled. The budget had set aside 35-billion forints (\$300 million) for defense this year.

JANOS KADAR FERENC MUNKACSI

Major Hoople Starts '61 Grid Prophesying

BY MAJOR AMOS D. HOOPLE
Fleetless Fignin Prophet

Egad! It's that time again! Yes, dear readers, it's once again time for your favorite correspondent to extend his greetings and to assure you he will, as the old stand-to-the-foreword the results of the season's major football contests. This gives promise of being a banner year for the Hoople System and I am just itching to plunge into the wars.

Due to the great demands upon my time I have suggested my staff this year with the addition of Hannibal Wootersburg. He will work with my long-time assistant, Dr. I. M. Inorbiel, who is on leave from Cape Canaveral. It will take several weeks for Hannibal to assimilate the finer points of the Hoople System, but we will hear plenty from him.

After an exhaustive study of notes compiled by Dr. Inorbiel during his sojourn in Florida, I have some bad news for Floridians. The visiting Pittsburgh Panthers will smother the lamp of the Miami Hurricanes even more completely than the recent eclipse of the moon over Miami. All signs point to a 35-13 triumph for PITT.

In a pair of Southern Conference openers your peerless prognosticator gives you William and Mary to prevail over Virginia Tech. The West Virginia Mountaineers will commence the long climb back to the top with an upset victory over Richmond—harrumph!

In a bruising battle featuring midwestern neighbors, Dayton will squeak Cincinnati, 22-20!

These are but a few of the choice selections I have for this weekend.

Top Seeded Net Stars Win Doubles Handily

TORONTO (AP) — Mike Sangster and Ann Haydon of Britain, top seeded in the men's and women's singles, turned their attention to doubles in the Canadian Tennis Championships Wednesday and won handily.

Sangster paired with Whitney Reed of Alameda, Calif., in the men's doubles for a 6-0, 6-0 victory over Bill Beutley and Jack Craig of Toronto. He and Mike Haydon scored a 6-0, 6-1 triumph over Merv Kilg and Marg Benson of Montreal, 6-0, 6-1 in a first round mixed doubles match.

Mike Haydon and Benita Senn won a second round women's doubles match from Joan Genro and Judy Travis of Toronto, 6-0, 6-1.

The Old Boy Himself

Ohioan Impressive at QB for Spartans

EAST LANSING (UPI) — Sophomore quarterback Dick Proebster from Canton, Ohio, is making a strong bid for a starting role in Michigan State University's football fortunes this fall.

The 6-foot-2, 225-pound signal-caller was again outstanding in the Spartans' practice session Wednesday, at one point completing six passes in a row.

While the Proebster-sparked offense stood out, coach Duffy Daugherty said he was "disappointed" with his club's "most ragged and lazy defensive work out of the season."

Daugherty hosted a group of midwestern sportswriters who are making a tour of Big Ten training camps.

Ace at Edgewood

Ray Aird of Union Lake held a hole-in-one Wednesday at Edgewood Country Club, knocking a 4-iron shot into the cup on the 168th hole.

Aird carded 78 for the round.

Fast Start Is Tough Chore for Lions

By BRUNO L. HEARNES

Sports Editor, Pontiac Press
A fast start is what the Detroit Lions want, but they couldn't have it any longer to achieve this in view of the fact that they must play the top two teams of the Western Division, Green Bay and Baltimore, at the start.

The forecast is that about twenty-five of the Packers will win the Western division and go on to win the NFL title this year after losing to the Eagles, 17-14, in the championship a year ago.

Sunday's battle at County Stadium in Milwaukee will pit two of the more successful teams of the recent exhibition season.

The Packers won all five pre-season contests while the Lions finished with a 4-1 mark, losing only to the Eagles.

Detroit was the last team to beat Green Bay. That was in last Thanksgiving Day's 23-10 encounter when the Lions were red hot.

One game separated the two teams when the season opened. The Packers edged the Lions, 14-10, in the first game.

Up to last year, Green Bay was the perennial doormat of the Western Division, having not won a title since 1944 when they finished with an 8-2 mark and defeated the Giants for the NFL championship, 14-7.

Coach Vince Lombardi has put together a powerful running attack led by fullback Jim Taylor and halfback Paul Hornung. Taylor was runnerup to Jimmy Brown last season in the ball carrying department.

Quarterback Bart Starr has finally developed the long game to go with the running game, finishing as the 6th best passer in the NFL.

Starr had the third best completed record having hit 89 percent in 172 attempts for 57 per cent. Max McGee, Boyd Dowler and Hornung are Starr's three favorite receivers. McGee caught 36 passes for 707 yards and four touchdowns.

40 Per Cent Turnover of Personnel in AFL

DALLAS (AP) — The American Football League had a 40 per cent turnover in players compared with last year—the first season of the circuit.

With all clubs trimmed to the 33-man limit, there are 118 players missing from among those who finished last season on the team active rosters.

Among the departed are such prominent 1960 performers as Ben Agajanian and four second team all-league players — Boston major rivals in University of Detroit and Utah State plus Miami (Ohio), Bowling Green and Ohio from its own mid-American conference. Coach Merle Schlosberg has 24 returning lettermen led by quarterback Ed Chiebek from the 1960 team that was 4-4-1. Schlosberg feels the Lions could field their best team in his five years as coach despite the tough schedule.

Central Michigan — The Chippewas' schedule is coach Bill Kelly's major problem. On the heels of last week's 35-0 loss to Northern, Central must play Western Michigan, Youngstown and Southern Illinois in order. Southern has been the dominant power in the IIAAC, where Central finished fourth last year, for many seasons.

State Shooters Dominate
PUTNAMVILLE, Ind. (UPI) — Michigan again dominated action at the 15th annual invitational pistol matches of the Indiana State Police here.

Inspector Harry Reeves of the Detroit Police Department took honors as the top aggregate shooter in individual competition with a score of 868 out of a possible 900.

It will be the Lions' vaunted "new" defensive unit which will have to contain Taylor and Hornung on the ground, and the unit may be hurt with the injury to captain Joe Schmidt, whose position is doubtful as a starter Sunday.

Earl Morrill, touted as the number one quarterback as result of his performance during the five pre-season games will get the starting nod.

The Lions haven't won in the Packers' own back yard since last when they won the title.

A crowd of 50,000 is expected for the game which will be televised back to Michigan.

Wildcats of North Tough on Gridiron

(This is the first in a two-part series on Michigan's college football scene. The second part will be published in the MIAA section in addition to Michigan. To receive a copy, fill out the MIAA.)

By the Associated Press
Northern Michigan—The very good team's That's the crystal ball view of Michigan's college football season.

The Wildcats from the north are loaded. Under the guidance of Coach Fritz Fernald, Michigan's 1960 coach of the year, they had an 8-3 record last fall. This year, as shown in their debut last week, Northern should be even better.

They rolled over Central Michigan 25-0 last Saturday in the state's gridiron inaugural.

Then, there's Hillsdale, spanked by the MIAA for being too ambitious, and Western Michigan, on the threshold of major classification, among the state's powers.

Thumbnail sketches of the teams:
Northern Michigan — Ferracina says "we will be a very good team, a better team than last year because of the number of veterans in the lineup." His line averages 220 pounds from tackle to tackle.

His backfield—well, there isn't a better one among the state's small colleges. Frank Novak, the quarterback, already has thrown three touchdown passes this season. Paul O'Arrat and Gene Valenzano provide Northern with quick inside and outside running. At end Wayne Sickler and Mike Milecki provide Novak with merchandised receivers.

The Wildcats have a great chance to go unbeaten.

Hillsdale — Muddy Waters, team in its first season as an independent after leaving the MIAA, again is the biggest in the state. The Dales have 33 lettermen on a squad of 76 players. Hillsdale's toughest game is against Northern on a new-type schedule. Three of the backs—quarterback Chuck Redding, Bill Knapp and Dick McDonald—return from the 1960 team that posted an 8-1 record plus a victory in the Mineral Bowl.

Western Michigan—Plays five major schools and should be a major next year itself. Meets major rivals in University of Detroit and Utah State plus Miami (Ohio), Bowling Green and Ohio from its own mid-American conference.

Coach Merle Schlosberg has 24 returning lettermen led by quarterback Ed Chiebek from the 1960 team that was 4-4-1. Schlosberg feels the Lions could field their best team in his five years as coach despite the tough schedule.

Central Michigan — The Chippewas' schedule is coach Bill Kelly's major problem. On the heels of last week's 35-0 loss to Northern, Central must play Western Michigan, Youngstown and Southern Illinois in order. Southern has been the dominant power in the IIAAC, where Central finished fourth last year, for many seasons.

Ferracina—Sam Ketchman's team posted the finest record in school history last year, 7-1. But much of the work was done by McNally, the state scoring champion. Only six starters return. Only Bill Skidmore, converted from fullback to

halfback, returns in the backfield.

Eastern Michigan—The Hurons, coached by Fred Truick, are playing their last season in the IIAAC. Eastern has won only once in 17 games the last two seasons and this year may not be much better.

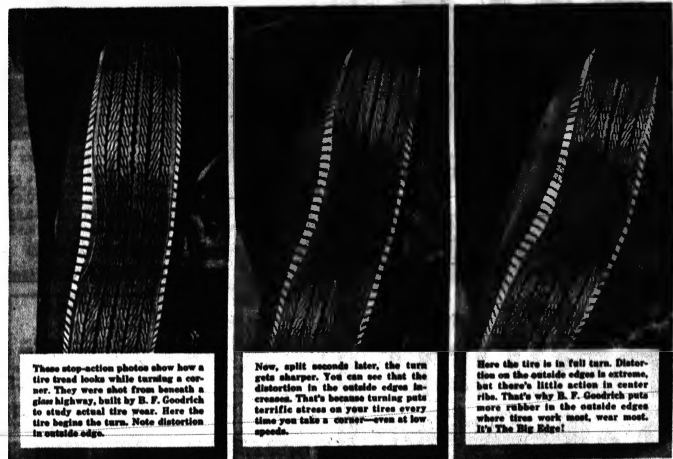

Michigan Tech—Omer LaJeunesse has lost Bill Wiljanen, his top-notch end, but still has a dazzling passer in Ralph Abala.

and an excellent runner in Jack Boldt. The Huskies have 24 returning lettermen from a team that barely missed winning last year's Northern State championship.

Wayne State—Poor Hal Willard, taking over officially for Herb Smith after serving as acting coach with a 4-3 record last year, The Tartars have only eight lettermen to serve as a nucleus. And only four were 1960 starters.

Shorthand Lab Tests Automated Teaching

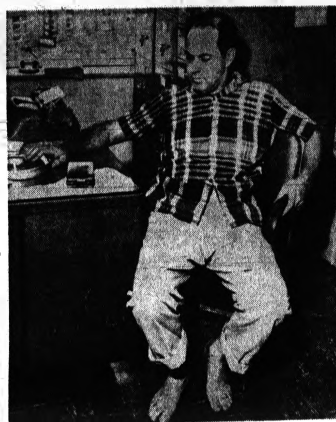

KNOXVILLE, Tenn. (UPI)—An experimental shorthand laboratory has been set up at the University of Tennessee—college of business administration to test automated techniques for teaching.

A student in a sound-reduced outside can take dictation at any one of several speeds through a headset, and buzz the instructor for telephoned help when she gets stuck. Headsets also carry programmed instruction lectures. Results of the automated students will be compared with a control class being taught by usual classroom methods.

West Germany Carries Nine Political Parties on Ballot

BY JOHN A. CALCOTT
BONN (UPI)—Some 37 million West Germans go to the polls on Sunday to pick a government from candidates of nine political parties that range from extreme left to extreme right.

The largest and most powerful party is Chancellor Konrad Adenauer's Christian Democratic Union (CDU) and its Bavarian affiliate, the Christian Social Union (CSU), whose chairman is the present defense minister, Franz Josef Strauss.

In the last elections in 1957, the CDU-CSU combination won 60.3 per cent of the popular vote

for its third straight election victory.

CDU/CSU goals include European integration, the maintaining of the NATO alliance, and continuation of the Adenauer government's economic and international policies.

The Social Democratic Party (SDP) represents the bulk of the leftist—but anti-Communist—vote. It won 21.8 per cent of the popular vote in 1957 and has been the opposition party in parliament since 1949.

The SPD's main goal remains the socialization by parliamentary action of most means of produc-

tion and distribution. It advocates strong central government and opposes all forms of particularism. It is largely nonreligious.

Previously, the SPD opposed Germany's membership in NATO, but now supports it. Its foreign policy program differs little from that of the CDU/CSU.

In 1948, the postwar liberal parties were consolidated into the Free Democratic Party (FDP). It is Germany's third-largest party, and in 1957 gained 7.7 per cent of the popular vote.

The Free Democrats oppose socialism and planned economy, support free enterprise. Some Prot-

estants and anticlericals who feel the CDU/CSU is influenced by the Roman Catholic Church support the FDP, although it has steadily lost favor since 1948 when it won 11.9 per cent of the vote.

THE ALL-GERMAN PARTY

The all-German party (GDP) comprises the former German party and refugee party. They consolidated in the hope of together getting more than the five per cent popular vote minimum necessary for parliamentary representation.

The GDP is rightist, though not too extreme. It opposes European integration and in-

stead favors the idea of "a Europe of the Fatherlands."

Extreme left is the Germany Peace Union (DPU), which was founded last year.

Many of its members belonged to the German Communist party, which was outlawed in West Germany in 1956. The DPU supports unarmed neutrality for Germany and direct negotiations between West Germany and Communist East Germany.

Radically rightist and nationalist—other parties accuse it of being neo-Nazi—is the German Reich Party (DRP). It has little support except in the state of Rhein-

land-Pfalz, where there is one DRP deputy in the state parliament. The party advocates the removal of Allied troops from West Germany.

The German Community (DG) is a splinter group and of little importance.

There are 247 voting districts in West Germany. The CDU is represented in all except those in Bavaria, where it is represented through the CSU. The SPD and FDP are presented in all districts, the GDP in 238, the DPU in 242, and the SSW in six.

Importance. It is highly unlikely that it will obtain enough votes for parliamentary representation.

The South Schleswig Voters' Association (SSW) is the party of the Danish minority in Schleswig-Holstein. Its candidates are running only for the Schleswig-Holstein state parliament, and not for the federal parliament.

There are 247 voting districts in West Germany. The CDU is represented in all except those in Bavaria, where it is represented through the CSU. The SPD and FDP are presented in all districts, the GDP in 238, the DPU in 242, and the SSW in six.

the DG in 75, the DRP in 213, and the SSW in six.

The South Schleswig Voters' Association (SSW) is the party of the Danish minority in Schleswig-Holstein. Its candidates are running only for the Schleswig-Holstein state parliament, and not for the federal parliament.

There are 247 voting districts in West Germany. The CDU is represented in all except those in Bavaria, where it is represented through the CSU. The SPD and FDP are presented in all districts, the GDP in 238, the DPU in 242, and the SSW in six.

Dairy Farmers Ask Teamsters' Union Support

Milk Producers Assn. Slammed for Price Cut

Dairy farmers from Oakland, Macomb, Lapeer and St. Clair counties are enlisting the aid of the Teamsters Union because of dissatisfaction with the Michigan Milk Producers Association.

Carl Dobat, treasurer of the Fair Share Bargaining Association for Michigan Dairy Farmers Inc., said today his group is seeking aid from the Teamsters Union because of a recent price cut brought about by the MMPA.

Dobat charged that the price cuts had been effected because the MMPA had recently had a deficit of \$200,000 over a 3-month period at its substation in Imley City.

About 35 Fair Share Association members, representing dairy farmers and milk haulers

from the four-county area, met last night at Dobat's home, 2460 Dutton Road, Oakland Township.

Gilbert Nussmeier, president of Detroit Dairy Workers Local 153 of the Teamsters Union, spoke at the meeting.

Dobat said Nussmeier told them the Teamsters would help organize dairy farmers into the Fair Share Association. Once organized, the Fair Share group would become affiliated with the Teamsters Union, according to Dobat.

The Oakland Township farmer said Fair Share presently represents some 400 dairy farmers throughout the state.

Dobat added that MMPA had brought about a cut of 2.5 cents per hundredweight in the price paid dairy farmers for milk because of the alleged deficit in Imley City.

DENIES CHARGES

Barnes said from MMPA headquarters in Detroit that Dobat's group "does not have the facts straight."

"The Michigan Milk Producers Association did not lose money at Imley City," stated Barnes. "We (the MMPA) did not secure a price reduction because of any loss in Imley City."

"The MMPA has bargained for \$15 million more than the established federal order prices in Southeastern Michigan," Barnes said. He referred to a contract covering from Feb. 1 of this year to Jan. 31 of 1962.

However, Dobat claimed that the dairy farmer in Michigan actually is receiving less for his milk than he did 15 years ago.

According to Dobat, an average dairy farmer received about \$5.80 per hundredweight for 2.5 buttermilk. He said the price per hundredweight paid in the last milk check for July was \$4.31 per hundredweight.

Taking from 25 to 35 cents per hundredweight for milk hauling charges and another 5 cents per hundredweight for does leaves the dairy farmer only about \$3.90 to \$4 per hundredweight, according to Dobat.

He said the dairy farmer makes a profit of only about 8 cents per quart on the milk since there are about 46 quarts per hundredweight.

"The dairies are making the profit," Dobat charged. "The dairy farmer and the consumer are being cheated."

PROTESTS STATISTICS

Barnes said the dissident group does not have good statistical information.

"I'm sure the dairy farmers will be better represented through their own organization (MMPA) which they control than through a labor union which is not controlled by farmers," Barnes said.

"I am of the opinion that the Teamsters are more interested in finding out what the dairy farmers can do for them than in finding out what they can do for the dairy farmers," said Barnes.

Fun for Oldsters — Three of Oakland County's senior citizens were honored at the gathering yesterday of 300 people past 60 at the Waterford Township Community Center. Shown from left are Mr. and Mrs. Henry Becker of Waterford who have been married for 50 years.

300 Attend Annual 'Picnic'

'Golden Agers' Have Ball

By RITA HEINTZELMAN

The big gymnasium at the Waterford Township Community Center was literally "bursting at the seams" all day yesterday as more than 300 people past 60 years of age danced to "live" music, played games and got acquainted with one another.

The gathering heralded the second annual session of people in the "golden age" from ten different clubs in Oakland County, and the unbridled atmosphere that prevailed indicated that fun and congeniality was the main thought for the day.

NAME ANNUAL AFFAIR

Featured project was to get fully organized and choose an official name for the annual affair.

Waterford who have been married for 50 years. Mrs. Blanch Skinner, 85, of Lake Orion, who was the oldest, and Gus Lind of Ferndale who showed the group the fine art of shuffle-board.

which turned out to be the "Best Years of Our Life Picnic," submitted by the 38 Senior Citizens of Oak Park.

At 11:30 a.m. they unpacked huge lunch baskets and spread the pot-luck dinner on long tables in the gym. Under the supervision of Mrs. Mary McFarland, president of the hosting Waterford Golden Age club, coffee, tea and milk were served to all.

Despite the hot, humid weather, the dance floor was crowded during every number as the older two-stepped to tunes like "I'll Be Down To Get You In A Tick," "Shine On, Harvest Moon" and "I Had To Be You."

There were contests for the tallest man or woman, the oldest and even for the most accomplished. One prize-winning couple, Mr. and Mrs. Henry Becker of the Waterford Golden Age Club, didn't look like they had been married for 50 years, and Mrs. Blanch Skinner of Lake Orion, who was the oldest, looked and acted much younger than her 85 years of age.

Seated at the piano was Waterford's past-president, Mrs. Mary Wright, who occasionally gave forth with lyrics over the loud speaker. In the background Mrs. Edith Dickle kept time on the drums while up front, Ray Baumgarten played the fiddle.

Few waltzes were played—mostly rhumbas, polkas, and round square dancing numbers were featured. "Waltzes are too slow for this group," said Robert Bauer, director of the county-wide group.

GUESTS ALL ACTIVE

In the center's banquet room, active guests kept the shuffle board pocky zooming from one end of the room to the other on three courts and there was always a waiting-line for this event. (Tournament play, of course).

Card tables were set up and soon filled in the large hall, (to catch the breeze) and seriously intense games of pinocle, bridge, eulcer and "500" were soon underway.

Anyone past sixty may belong to any of these fast-growing clubs by calling Bauer at the Community Activities Inc., in Waterford Township for further information. "They'll never have a dull moment again," Bauer promised.

U. S. Judge Withdraws Previous Permission for Suit by Angel

DETROIT — U. S. District Judge Thomas P. Thornton Wednesday withdrew permission given earlier to Teamsters Union member Angel to sue Teamsters President James R. Hoffa for breach of trust.

Angel accused Hoffa of failing to make an accounting of a Teamsters education fund to fight the railroad piggy-back freight hauling system. Angel contended the piggy-back system was putting him and other truck drivers out of work.

The money was assigned to a nonprofit corporation termed the Transportation Informational Services.

Judge Thornton ruled, however, that Angel's petition disclosed no allegations of violations of trust by officers of the Teamster Union or by Hoffa as required under the Lanham-Griffin Act.

Earlier, Hoffa's attorney, James E. Haggerty, gave Judge Thornton an accounting for \$7,216, which he said represented the exact amount of the education funds. It listed six payments to Angel, who Haggerty said was president of the information service.

MSU's Swine Entries Win at Barrow Show

AUSTIN, Minn. (AP)—The Michigan State University entries yesterday won in the swine judging competition at the national barrow show.

Iowa State placed second in the collegiate division. Next in order were the University of Nebraska, University of Missouri, and the University of Minnesota. Ten teams were entered in the division.

To Fill Vacancy on School Board

Pick Veteran Official to Replace Bannow on Utica Education Unit

UTICA—Harry J. Morgan, 52, a veteran school official here, has been named to fill the vacancy on the Utica Board of Education created by the resignation of Charles H. Bannow.

Readers approving Morgan's appointment, the school board also has agreed on relocating administrative offices for the Utica School District.

The board of education offices, presently at 5375 Avon Road, will be moved to the Beck Professional Building at 8344 Hall Road after Oct. 15.

Board members decided the new location would provide larger quarters at less expense to the district.

The school superintendent, assistant superintendent, their secretaries and the business manager's staff will be located in the new offices.

Morgan of 4006 Ryan Road previously had served five years as a board member until he declined to run for another term in last June's school election.

He will serve until a new member is elected at next June's annual school meeting.

Bannow, who was elected to a four-year term in 1960, retired last month because of the press of business.

Hall and Store at Romeo Gutted by Fire

ROMEO — Johnson's Place, a connected dance hall and grocery store at 258 Clinton St., was gutted by fire shortly before midnight last night.

Owner Albert Johnson, who lives next door, estimated the damage at about \$9,000.

Johnson was asleep when a Charles Brooks, 540 Derby St., who was standing on a corner a short distance away, noticed flames leaping from the roof of the single story structure.

Brooks ran to the owner's house, woke him and called the fire department. Johnson said he is closed up his establishment at 10 p.m.

Fire Chief Walter Werth said today he is still investigating the cause of the blaze which was brought under control in less than half an hour.

Hubbard-Wade Families Elect Reunion Officers

ROCHESTER — Officers have been elected for the annual Hubbard and Wade family reunion which was attended this year by some 72 descendants at Avon Park Pavilion.

The officers are Mrs. Charles Sweet, president; Charles Sweet, vice president; Mrs. Richard Forney, secretary; Mrs. James Wallace, treasurer; and Donald Robinson, entertainment chairman.

MARY A. STEWART
Mr. and Mrs. Charles Stewart of 1330 W. Hamlin Road, Avon Township, announce the engagement of their daughter Mary to Howard Hollo Hinkel. The prospective bridegroom is the son of Mr. and Mrs. Hollis Hinkel of 215 Perrydale Road, Avon Township. No date has been set for the wedding.

To Mark Rally Day at Area Church

TROY — Rally Day will be observed here Sunday by the congregation of the Big Beaver Methodist Church, 3153 Rochester Road.

Morning worship services will be held at 9:30 and 11 a.m. Rev. Albert E. Harlogg, pastor, will deliver a sermon, "Milk Depot Religion," at both services.

Sunday school is scheduled for 9:30 a.m. and a picnic will be held at 1 p.m. at Boudan Park. The Rally Day program is directed by the church's commission on education.

Dr. R. I. Jaslow Medical Head of Plymouth School

Dr. Robert I. Jaslow of 15480 Sheldon Road, Northville, has been named medical superintendent of the Plymouth State Home and Training School.

The appointment was announced by Charles Wagg, director of the State Mental Health Department, after it was confirmed by the State Mental Health Commission in Lansing.

Prior to joining the institution's staff in April 1960 as clinical director, Dr. Jaslow served as clinical director of the Penitentiary State School in Chambersburg, Penn.

Dr. Jaslow, a pediatrician and graduate of Jefferson Medical College, is married and has three children.

The Plymouth State Home is the newest state facility for the mentally retarded.

Orders Repairs at Area Schools

State Fire Marshal's List to Cost Avondale System \$44,000

The state fire marshal has ordered the repair and renovation of Avondale schools at a total estimated cost of \$44,000. Supt. Leroy R. Watt announced today.

Specific orders ranging from the closing of basement classrooms, installation of fire escapes, enclosure of stairways and the use of fireproof doors and partitions were given by the fire marshal's office, according to Watt.

An architect's report to the school board stated the total cost of the improvements could range as high as \$64,000 if the buildings have to be revived.

The board of education has instructed the administration to begin immediately to order architectural drawings and contract bids and specification forms.

Watt said that the Avondale district already is faced with a reduced budget because of the defeat of a 2.6 millage proposal for operation in the special school election Aug. 7.

"Now we may have to make further cuts and realign funds to meet this emergency," the superintendent indicated.

Episcopal Minister to Be Guest Speaker

AVON TOWNSHIP — Rev. John W. Hildebrand, rector of St. Paul's Church of Duluth, Minn., and dean of the Duluth Diocese, will be guest speaker Sunday at University Presbyterian Church.

Rev. Mr. Hildebrand will speak on "Business as Usual," a discussion of the church in modern society, at both the 9 a.m. and 11 a.m. services.

A former chaplain at the University of Wyoming, Rev. Hildebrand is in this area to attend the 60th General Convention of the Protestant Episcopal Church in Detroit.

PLAN PIT BARBECUE — Three committee chairman work on arrangements for the annual beef barbeque to be held from 11:30 a.m. to 8:30 p.m. Sept. 24 at St. Andrew's Catholic Church, 231 Walnut boulevard, Rochester. They are (from left) Joseph Salagay, chairman of the 5th annual event; James E. McCarthy, patron advisor; and Clarence E. Ruebke, technical advisor.

Wives, Don't Phone 'Him' on Job

By HAL BOYLE
NEW YORK (AP)—At one time or another every husband has told his wife sternly:
"Now, don't phone me any more at the office. I'm being paid to work there, remember, not to waste company time listening to personal calls."
But it really doesn't do much good, does it?
DOES NO GOOD
A business firm may even formally ban during office hours all personal calls except those of an emergency nature. That doesn't mean good either.
To a wife any message she decides she wants to communicate to her husband is always of an emergency nature. And, by heaven and Alexander, Graham Bell, she intends to get that message through.

If all the hours spent by husbands listening to their wives on company time could be put to constructive use, well—we'd have a miracle on the moon by this weekend.
Wives who phone their husbands on the job fall into several classes. Every office switchboard operator is familiar with these types:
Barometric Bertha—She confuses her husband with the U.S. Weather Bureau. "I may go up town later," she phones. "Tell me what it's like out—hot or cold? Do you think it will rain? What about the humidity?"
BLEW A GASKET
Five-alarm Flora—To her everything that happens at home is a disaster. Then she clears all wires to inform hubby in a voice of doom: "I just burned my finger again," or, "Guess what happened—the dishwasher just blew a gasket!"
Melancholy Mabel—"Gee, honey, she whimpers into the mouthpiece. "I get so lonely and blue sitting here in this empty house all by myself. You should be the fun and excitement of my office. But what have I got? Nothing."

Argumentative Annie—She wants to carry on the family fuss that flared up at the breakfast table. "Would you please repeat that last remark you made as you stomped out the front door, must-er?" she demands. "And after you do, I'm going to call up a lawyer."
Authoritative Agnes—She's the command type, and here are a few of her crisp orders of the day: "Remember to pick up my glasses during your lunch hour. Here's a list of what I want you to get at the store on the way home. Now, they're not for tonight. I've decided you're taking me out tonight. So don't forget to get a shoe shine" etc.
Bulletin Board—"I just received a 12-page letter from Mother," she begins chattily. "It's so heavy I want to read it to you right now." She does, too.

There they are—just a few typical live-wire Corporation wives.
Because of them a husband's office is not just an office. It is his home away from home, always reachable by telephone. But don't call us, ladies, we'll call you!

Mackie Reports Fair Practices

Takes Steps to Insure Antidiscrimination in Highway Department

LANSING (AP)—Eight steps have been taken to insure a policy of nondiscrimination in employment and promotion, reports the State Highway Department.

A discrimination complaint against the department last spring was investigated by the state Fair Employment Practices Commission. The commission found the complaint largely unfounded but made eight recommendations for improvement.

Highway Commissioner John C. Mackie said a separate section has been created in the department to work against discrimination.

"It is my belief that the department's progress in this field can be used as a model for other departments in state government," Mackie wrote the Fair Employment Practices Commission.

Mackie said steps taken in this direction included:

- A formal directive to all department employees spelling out the nondiscrimination employment policy.
- A written policy of "no retaliation" to protect employees who might bring charges of discrimination.
- A program to train supervisors in the philosophy, operations and techniques of merit employment.
- Discussion of nondiscrimination clauses with representatives of the road-building industry.
- A review of promotional rating procedures to insure that they are consistent with Civil Service provisions.
- A review of recruiting practices to insure nondiscrimination.
- Work with local leadership in communities where housing and public accommodations present hardships to certain employees.
- Distribution of antidiscrimination posters and the governor's code of fair practices.

Firm Awarded \$280,500 for State-Assumed Land

LANSING (AP)—The Melling Tarping Co., Lansing, has been awarded \$280,500 in a Circuit Court decision for property taken by the State Highway Department as a connector to U.S. 27.

Company officials rejected an original offer of \$113,000 and indicated the award was about \$90,000 higher than the top department offer.

ADVERTISEMENT FOR BIDS
The Board of Education of Bloomfield Hills School District No. 1, Bloomfield Hills, Michigan, will receive sealed bids for the construction and completion of a new Junior High School, Kresling-Emm and Oakley Roads, Bloomfield Hills, Michigan, until 4 p.m. on Tuesday, September 19, 1961, at the office of the Architect, Trans-Alameda Associates, Inc., Architects and Engineers, 1001 Woodward Avenue, Bloomfield Hills, Michigan.
Plans and specifications for these bids may be obtained on and after Tuesday, September 12, 1961, at the office of the Architect, Trans-Alameda Associates, Inc., Architects and Engineers, 1001 Woodward Avenue, Bloomfield Hills, Michigan.
Bids must be submitted in a deposit for each bid, and specifications must be submitted on or before the opening of bids, September 19, 1961, at 10:00 a.m.

Asks to Update GOP Platform

Sen. Goldwater Urges New Statement of Party Principles

WASHINGTON (AP)—Sen. Barry Goldwater, R-Ariz., proposed today that Republicans draft a new statement of party principles to update their 1960 platform for next year's congressional campaign.

Goldwater, who heads the Republican National Committee, said this is one of the matters likely to be discussed when he and other leaders meet with President Dwight D. Eisenhower Sept. 25.

Goldwater said in an interview he thinks the Republicans ought to get together on a brief statement of fundamental issues to supplement their platform declarations which will be two years old when the drive for Senate and House seats is on.

The forthcoming meeting of the chairman with Eisenhower points up the increasingly active role the former president is playing in party affairs.

Senate Republican Leader Everett M. Dirksen of Illinois said he regards it as natural that a president who served two full terms with retired without defeat should continue to be looked upon as the top party leader.

The mink frog is said to have a voice closely resembling the noise produced by hammering for a long nail into heavy timber.

While Tony Makes Film Janet Plays Dutiful Wife

By EARL WILSON

NEW YORK — Tony Curtis and Janet Leigh saved their Hollywood marriage which looked like it was on the rocks a few weeks ago. With their two children, they sail from here today for Argentina where Tony'll do a movie with Janet adorning and being a dutiful wife and mother (crutches and all) on a busy street corner here—right in broad daylight.

Sammy Kaye contributed his dance band to the wedding reception Jackie Gleason gave his daughter Geraldine. Sammy left the stand to sit with Mary McEvoy who added Toots' shoe about how he looked dancing. "Laten," roared Toots, "did you ever try to dance."

"Professors should drive trucks," exclaims a headline in the Ohio State University Monthly. Editor Jack Fuller in an editorial explains that some milk truck drivers now get \$16,000 a year, while the mean salary of a professor at Ohio State is \$10,744. Further, he reports, a TV repairman charged a Columbus doctor's wife \$750 for a 15-minute repair chore. Mrs. Doctor said, "My husband doesn't get that much for a house call." The TV repairman acedly remarked, "Lady, I had to go to school to learn how to do this!"

THE MIDNIGHT EARL

Connie Frances introduces "This is America," by Benny Davis and Ted Mar. It's a new hit first TV spec, and she belts it like a lion. Joan Crawford cried and cried in the judges box at the Miss America Pageant. For happiness, or because they were out of Pepsi?

Robert Preston's grown a beard for his role of the picture, "How the West Was Won," and will soon take some to the Hawaiian Islands.

Robert Preston's grown a beard for his role of the picture, "How the West Was Won," and will soon take some to the Hawaiian Islands.

WON'T CHECK ON CARLA

WASHINGTON (AP) — The White House said today that President Kennedy is not going to Texas to check up on the ravages of Hurricane Carla. Kennedy had given some thought of flying to the stricken area.

Perry Park Vandals Tear Down 25 Trees

Former Chief at Hospital Dies

Joseph A. Varion, 70, Was Superintendent at Pontiac General

Joseph A. Varion, former superintendent of Pontiac General Hospital, died at his home yesterday morning after an illness of several years. He was 70.

Varion, 70, 3. Fadden St. was born in Danville, Pa. He took the nurses' course at Pontiac State Hospital, graduating with the class of 1914, and then entered the laboratory at State Hospital as an assistant to Dr. H. A. Boye. He worked with Dr. Boye until 1917 when he enlisted in the U.S. Army, serving in the 38th Central Postal Directory, Corps No. 38 from the Detroit College of Medicine and went to France.

For several months he was in charge of a 400-bed base hospital operated under a medical director. When the central laboratory was organized in France, Varion was a sergeant and later a first class sergeant in charge of personnel, supplies and routing of mail.

It was while he was in France that Varion was engaged by Dr. C. A. Neale to take charge of the laboratory in the health department where he served for seven years.

He became superintendent of Pontiac City Hospital, now Pontiac General Hospital, in 1926. In September 1928 he became assistant representative of the Mutual Life Assurance Co. of Worcester, Mass., and in 1929 was appointed district agent for the company in the Detroit area.

Varion was a member of St. Vincent de Paul Catholic Church. Surviving are his widow, Florence; a daughter, Mrs. R. J. Saddlebrook, N.J.; and two sons, George J. and James J., both of Waterford Township.

The funeral will be held 9 p.m. Friday at Donelson-Johns Funeral Home. The funeral service will be held 10 a.m. Saturday at St. Vincent de Paul Church with burial following in Mt. Hope Cemetery.

The family suggests memorials be made to the Michigan Cancer Foundation.

Chiropractors in Detroit

Chiropractors from Pontiac will attend a special meeting of the American Chiropractic Society at the Veterans Memorial Building in Detroit tonight. Rep. Edward J. Jeffries the main speaker, will talk on "Freedom of Choice."

UAW Local to Vote on Plant Settlement

FLINT (AP) — United Auto Workers Local 659 was to meet this afternoon to vote on ratification of a local agreement reached early today at the Chevrolet Manufacturing Plant.

Some of the plant's 5,000 employees probably will return to work Friday if the agreement is ratified.

At Flint's AC Spark Plug Plant, approximately 6,500 of the plant's 9,000 employees were back at their jobs today. A local settlement was wrapped up Wednesday. The rest are expected to report Friday.

Touring Youths Held by Soviets

Charged With Aiding E. German's Escape Try in Berlin

BERLIN (AP)—Two American youths touring Europe are being held by Communist authorities on charges of trying to smuggle an East German woman into West Berlin.

Atomic Expert Quite Optimistic

AEC's Seaborg Tells Press U.S. All Right on N-Weapons

WASHINGTON (AP)—The chairman of the Atomic Energy Commission voiced confidence today that the United States will lead in big power nuclear weapons despite the rapid-fire Soviet weapons testing program.

"I don't think the Russians are ahead of us in large nuclear weapons," AEC Chairman Glen T. Seaborg told newsmen. He had just made a secret report to members of Congress on the intelligence gained from the direction of the rapid-fire Soviet weapons testing program.

Seaborg, along with Defense Department and Central Intelligence Officials met with the Senate House Congressional Atomic Energy Committee.

Seaborg declined comment on reports from other sources that this country will resume nuclear tests of its own within a week or 10 days, but said "there is no change in the United States policy to conduct its tests underground."

TESTS TOO FAST

Seaborg said the rapidity of Soviet testing had made analysis of the Soviet tests more difficult. He said much has been learned from complete analysis of the radioactive debris left by the Soviet tests and collected by the U.S. Air Force.

Nab Man Who Triggered Dixie Crash Injuring 7

A Flint man whose car triggered a chain-reaction accident on Dixie Highway in Waterford Township this morning, sending seven persons to the hospital, was apprehended by Pontiac state police after he allegedly fled the scene.

Warren D. Taylor, 31, of Flint was admitted driving his car into the rear of another vehicle, stopped for a red light at Scott Lake Road, according to troopers.

Taylor told the officers he was driving "about 40 miles an hour and wasn't paying attention" at the time of the crash.

The car he admitted ramming smashed into one ahead and that car hit another. The struck cars were waiting for the light to change in the southbound lane. Undergoing X-ray examination at Pontiac General Hospital were Mrs. Lawrence Maki, 38, of 3447 Coventry Road, Waterford Township; Carol Killian, 18, of 118 Church St., Orionville; and Mrs. Ann Densen Jr., 31, of 3402 Ardeth St., Waterford Township.

Treated for minor injuries and released from the hospital were Dana Erick, 19, of 135 Mils, Orionville; Judy Martin, 19, of 400 Oakdale Drive, Waterford Township; Judy Bailey, 17, of 2319 Mils, Clarkston; and Sharon Holm, 15, of 408 Mils, Orionville. State police said Taylor and an unidentified woman passenger abandoned his car immediately after the crash. He was apprehended about two blocks from the scene 15 minutes later.

Cuba's Newest Rule: No Permit, No Travel

HAVANA (AP) — All airplane and ship reservations out of Cuba were canceled today as the government imposed new rules for trips abroad. Interior Minister Ramiro Valdes declared that from now on anyone wanting to leave Cuba must get a permit from the police and the national bank.

Pontiac General Billings Highest for 4-Week Period

Pontiac General Hospital continues to get good news in respect to its "break-even" budget this year.

Administrator Harold B. Euler yesterday announced that billings to patients during the hospital's ninth accounting period, Aug. 13-Sept. 9, were highest in the hospital's history for a four-week period.

Billings during that period reached \$733,000.

Occupancy was also very high, reaching 90.7 per cent of capacity. This compares to 81.4 per cent for the same period last year.

The normal occupancy for this time of year is about 83 per cent.

August Crime in Pontiac Jumps by 55 Over 1960

The amount of crime reported in Pontiac for August was up from 1960. The increase was also very high, reaching 90.7 per cent of capacity. This compares to 81.4 per cent for the same period last year.

The normal occupancy for this time of year is about 83 per cent.

U.S. Readies for Underground Nuclear Test Blasts

WASHINGTON (AP)—The United States is expected to resume underground nuclear testing within a week or 10 days.

This became known today as the Joint Congressional Atomic Committee called a closed session to go over plans for the new American series and to hear a top secret analysis of the nine Soviet blasts since Sept. 1. The latest shots came Wednesday.

Rep. Chet Holifield, D-Calif., chairman of the Senate-Atomic Energy Commission and Defense Department experts are "working night and day" to get the American tests under way.

Holifield said that the experiments will start with a number of underground blasts of relatively low yield.

SECRET BRIEFING

The joint committee will get its secret briefing from Dr. Glenn T. Seaborg, chairman of the Atomic Energy Commission, and Maj. Gen. P. J. Rodenhauer, representing the Defense Department, unit that will handle the military phases of the Nevada test series.

Various explanations have been advanced for the wide range of power yield detected from the nine Soviet blasts. Wednesday's an abrupt increase in atmospheric

radiation detected by its fallout station in Phoenix, Ariz.

A spokesman said the corrected reading for Tuesday was "more comparable to figures earlier in the month." However, the health service stressed that even the mistake higher reading was not high enough to pose a health threat.

"INEVITABLY FORCED"

The United States accused the Soviet Union of secretly preparing to resume nuclear tests while negotiating at Geneva for a test ban. The statement came Wednesday in a reply to a Japanese note last week asking America to re-

Englishman, 74, Starts Working on Education

LONDON (AP)—At the age of 74 Frank Leopold Corrick thought it was time to attend to some education in his education.

So he sat down with a lot of 16-year-olds and passed the examination for the general certificate of education. It's a handy document to have, when looking

for a job or trying to get into a school.

Then deciding that one is never too old to learn, Corrick tackled the German language, and passed the examination in that subject. Now he is going to take on the Russian and Italian languages.

Gasoline service stations in the U.S. accounted for \$18,793,000,000 worth of gas, oil and other petroleum products sales.

Legion Urges Strong Defense

Also Demands Watch on World Communism, Subversion at Home

DENVER, Colo. (AP)—The American Legion has demanded a build-up of national defense, a firm stand against communism throughout the world and watchfulness to prevent subversion at home.

The program made public on Wednesday, was drafted during three days of business sessions by the 26-million-member veterans' organization during its 43rd annual convention.

Election of officers, a report by the committee on foreign relations and an address by former President Harry S. Truman were scheduled for today's closing session.

Even before the foreign affairs committee reported, the Legion pledged its support to President Kennedy's policy to deter aggression, including rearmament and mobilization of National Guardsmen and reservists.

CALL FOR N-TESTS

The program called for resumption of nuclear weapons tests, both underground and in space, "with all due humane consideration regarding radioactive fallout." It didn't mention testing in the earth's atmosphere.

Also recommended were speed-up of the Atlas, Titan, Minuteman, Polaris and Nike Zeus missile programs and quicker building of B70 and B58 bombers.

It called for an Army of at least a million men backed by 300,000 reservists and 400,000 National Guardsmen.

Build-up of antiaircraft defenses and modernization of the Merchant Marine were asked.

Look Out for the Mice

ST. INGBERT, Germany (AP)—Henk Layek, 24, a Dutch lion tamer with a local circus, didn't show up for his performance on Wednesday. He had been bitten by a mouse.

Layek, who handles five tigers, said the mouse bit his hand, causing blood poisoning. The hand had to be bandaged, and the doctor advised against entering the arena for a few days.

"Tigers are friendlier than those mice," he said. "Mice are pretty lousy characters."

Says Visibility Bad Before Ireland Crash

SHANNON, Ireland (UPI)—Air-Port Control Officer James Goughan said Wednesday that the President Airlines plane that crashed Sunday killing all 83 persons aboard, took off under conditions of poor visibility.

Goughan told an inquest that visibility was about 220 yards, but he could not see the plane from the tower until he turned the field lights up to brilliant.

More than half of all homicide victims are slain by firearms.

Ford Motor Co. Plans to Buy Assets of Philco

Auto Firm Looks to Playing Greater Role in the Space Age

DETROIT (AP) — The Ford Motor Co. — aiming to diversify and take a greater role in the space age — plans to buy the assets of Philco Corp.

Consummation of the proposed deal would put Ford into the appliance industry for the first time in its history. Philco has been an American pioneer in radio, television and electronics.

Ford and Philco directors said Wednesday they have agreed in principle. No price was disclosed.

The transaction, scheduled to be completed Nov. 30, is subject to approval by Philco stockholders and conditions of tax laws.

Under the agreement, Philco will become a wholly-owned subsidiary of Ford. Ford will take over Philco's assets and liabilities and will issue and deliver shares of Ford stock to Philco stockholders.

TO BROADEN OPERATIONS

Henry Ford II, board chairman of Ford, said the purchase will enable his firm "to broaden operations, to provide entry into new fields and make possible a fuller participation by our company in the national defense and space effort."

The purchase agreement provides that Philco stockholders will receive one share of Ford common stock for each share of Philco common stock they own.

Preferred stockholders will receive — for each share of Philco stock — one share of Ford common stock plus one share of Ford preferred stock.

As of Sept. 1, there were 4,104,033 shares of Philco common and 100,000 shares of Philco preferred stock outstanding.

In the first quarter of 1961 ending April 21, Philco lost \$1,625,000. Since then it has reversed its loss, ending the quarter with a profit of \$38.6 million in defense contracts — two from the Air Force for guidance systems and a third for developing a base for the Sergeant missile.

Reds Sound Warning About War Coming

MOSCOW (UPI) — Soviet Defense Minister Marshal Rodion Malinovsky said today that Russia must prepare for a "strenuous, difficult and exceptionally fierce war."

The top Soviet military chief accused the West of plotting war against Russia, and said the Kremlin was forced to resume nuclear testing and strengthen Soviet defenses because of the "military preparations" by the United States and its NATO allies.

The United States has delivered its Soviet nuclear espionage since Russia resumed testing Sept. 1.

This week the Soviet Union announced it was about to begin a new series of tests of long-range rockets by firing them into the Central Pacific.

Counting that the next would be the "decisive arm" clash between two opposing super powers," Malinovsky said that Russia was capable of delivering

Carla-Spawned Floods Plague Kansas

FLOOD CUTS HIGHWAY — This aerial photograph shows how the Blue River flood has cut off U.S. 71, a main entrance to Kansas City from the southeast. A bridge over the river is at the lower left near 8th Street. The large building at the center is a warehouse of the John Deere Implement Co. Ruins and winds caused by Hurricane Carla have caused property damage and five deaths in Kansas.

AP Photo

Effects of Storm Move Northward

Hurricane's Death Toll Climbs

GALVESTON, Tex. (AP) — A Red Cross chapter house perched on stilts with Hurricane Carla waves, collapsed today. Eight people were injured.

Details of death and destruction from killer Hurricane Carla unfolded in the ravaged Gulf Coast area today, and weather violence from the departed storm widened more than 1,000 miles northward into the Midwest.

Bodies of eight persons — all members of the same family — were discovered Wednesday night at inundated Freeport, one of the hardest hit among cities suffering multimillion-dollar losses along 20 miles of Texas and western Louisiana shore line.

DEATH TOLL CLIMBS

The death toll, which could mount still higher, climbed to 35 in three states — 24 in Texas, five in Louisiana, five in Kansas and one in Missouri.

Rains up to 8 inches sent flood waters rising in Oklahoma, Kansas, Missouri, Nebraska, Iowa, Illinois and Wisconsin. Flooding continued in South Texas, downed by post-Carda downpours up to nearly 10 inches.

Vicious winds, another hurricane effect, smashed at scattered points from Texas' southern tip through Missouri and into Michigan.

As these eddies from the new sea tropical storm continued, National Guardmen, public officials and a horde of refugees trudged through mud and debris on what promised to be a long and wearying struggle back to normalcy in coastal areas.

Public health threats caused widespread concern. Water sup-

plies were contaminated in dozens of towns and cities.

Typical spots were being given to tens of thousands returning to devastated areas. At Houston's Municipal Auditorium, still filled with evacuees, doctors found 11 cases of measles.

Insurance experts say damage

was estimated at \$100 million — by no means a record.

B. P. L. Carden, general adjutant for the National Board of Fire Underwriters in New York, said that Carla, although extremely strong, traveled only a relatively short distance over land and therefore damage was confined to a comparatively small area.

FIVE DIE IN KANSAS

Deaths charged to the hurricane included five Wednesday in Kansas. A family of four perished in a car washed off a road near Moberly and another victim in a car swept off a causeway at Fort Scott.

Tornadoes generated before and after Carla's center surged inland with winds up to 175 miles per hour took six lives in Galveston and five others at two points in Louisiana. Still others died from the hurricane's height.

Allied Ministers in Washington for Conference

JFK Sparks Hope by Seeing Possible Talks by East, West

MOSCOW (UPI) — The Soviet government said today that Foreign Minister Andrei Gromyko "is ready" to talk with U.S. Secretary of State Dean Rusk on the German problem.

From Our News Wires

WASHINGTON — The Western foreign ministers gathered today for a Berlin crisis conference against the background of President Kennedy's suggestion of "serious talks" with the Russians at the United Nations next week.

Secretary of State Dean Rusk and his British, French and West German counterparts were seeking a diplomatic formula to blunt the peril of nuclear war without damaging concessions to the Soviet Union.

They also planned, while awaiting some sign of Soviet willingness to discuss a honorable settlement, to discuss further strengthening of Allied military defenses along the Iron Curtain.

Kennedy sparked a glimmer of hope for a breakthrough in the Berlin stalemate when he declared late Wednesday that the Berlin in New York next week of high American and Soviet officials would provide an opportunity for East-West exchanges on critical issues.

In a statement issued after conferring with Presidents Sukarno of Indonesia and Modibo Keita of Mali, Kennedy said that Rusk and Soviet Foreign Minister Andrei Gromyko both would be at the opening of the U.N. General Assembly. He added:

"This will provide an opportunity for serious talks about Germany and other problems if the Soviet Union is willing to do so."

PROPOSED PONTIAC PERIMETER ROUTE

US 10 B.R., M-59, M-24 B.R.

PROPOSED PERIMETER ROUTE

PROPOSED LOOP — This map, prepared by the Michigan State Highway Department, shows the proposed route (heavy black line) of Pontiac's perimeter highway. A public hearing will be held tonight, explaining the plan in detail, in the City Commission Hearing Chamber at City Hall. Persons who would be affected by the loop road and all interested parties are urged to attend the 8 p.m. hearing.

Experts on Loop to Be at Hearing

A major key to the redevelopment of Pontiac's downtown area will be studied and explained at a public hearing in the City Hall tonight.

The Michigan State Highway Department hearing on plans for Pontiac's proposed perimeter highway will begin at 8 p.m.

Officials from Lansing will show residents, with slides, photographs, maps and several large displays, all details concerning the proposed loop road.

Purpose of the public hearing, required by law, is to discuss the economic impact of the project and its influence on the community.

The loop road would serve as a "bypass" for the downtown development area, channeling heavy traffic around the business district and offering limited access to the city center.

It is a gigantic shopping center.

EXPERTS TO TALK

The highway department will send its director of hearings, John W. Knoch Jr., to run the hearing. He will be assisted by M. T. Atkinson, route location engineer, and J. M. Jones, public information officer for the department.

Atkinson headed the group that did the state's engineering study for the loop project.

Highway department officials have set a target date of Oct. 1, 1962, for starting construction of the \$3.5-million project.

Traffic movement on the loop road would be counter-clockwise. It would encircle about 10 acres of downtown Pontiac.

Carla Coming North to Die

Weakened by Trip, Hurricane Still Fighting; May Bring Rain Here

The remainder of Hurricane Carla, weakened to gusts of up to 30 miles an hour, was sweeping eastward across Pontiac, and the rest of southern Michigan today, the Weather Bureau said.

Forecasters predicted the hurricane's tail might bring winds of up to 40 miles per hour later in the day, accompanied by rain of up to 2 inches. Winds will become northwesterly late this afternoon and tonight, diminishing tomorrow.

Gale warnings were posted on the Great Lakes.

Temperatures are expected to drop to a cool 53 tonight. Partly cloudy and cool with a high of 63 and a low of 43.

Friday's forecast: The outlook for Saturday is fair and continued cool.

A funnel-shaped cloud, described by some witnesses as a tornado, skipped through the Grand Traverse Bay area yesterday, damaging houses and leveling a barn. No injuries were reported.

Two farm homes were badly damaged by the wind and a barn was leveled.

At Crystal Beach, a Tack Lake resort about 25 miles northeast of Traverse City, a home was severely damaged when a tree crashed through the roof.

In downtown Pontiac, temperatures dropped from a high of 77 at midnight to 67 at 1 p.m.

Addressing some 70 advance gifts solicitors, Wetmore said: "Despite present day adversity, we must spread every effort to give evidence of the progress of our city."

He noted that there was an unmet potential of some 50 percent among persons eligible to contribute to the campaign through the Commercial Division.

John P. Niggesman, advance gifts chairman, stated that solicitors were aware the community needs all sectors of the 41 agencies supported by the UF.

"Let's translate that conviction into dollars and cents," he urged.

The advance gifts section solicits more than 200 individuals and commercial establishments, which in the past pledged \$100 or more to the Pontiac Area United Fund.

Such solicitations are made during the three-week period prior to the kickoff of the actual campaign. Almost 40 percent of the Commercial Division's goal of \$750,000 is made up of advance gifts.

With the advance gifts goal at hand, Wetmore said, the success of the annual UF campaign in reaching its \$750,000 goal would be within sight.

ROBERT DUNN

Tells How Carla Swept Away 11

FREESPORT, Tex. (AP) — Robert Dunn, 15, exhausted and sometimes incoherent, told today how Hurricane Carla swept away his parents and nine other relatives.

Eight bodies, including that of the father, were recovered Wednesday from Bastrop Bayou. Three persons, including the mother, still are missing.

"The last time I saw my parents, mother and dad were holding hands and she was crying," Robert said.

Robert clung to the roof of his home from Monday night until

Wednesday when his raft touched land. He was hungry, cut and bruised. His face was swollen from the high winds. But doctors said he would be all right after rest.

RECOVER BODIES

Bodies recovered were the father, R. W. Dunn, 32, and four children, Walter Allen, 10, Wallace Royce, 9, Carl Theodore, 5, and Viola Eunice, 4; Joseph John Drvar, 34, Robert's uncle, and two of Drvar's stepchildren, Floyd Galon Ham, 14, and Bobby Joe Ham, 11.

Still missing were Mrs. Dunn,

Mrs. Drvar, 52, and Ted Allen, 15. Robert said his father felt he had been in storms before and that he would be all right after rest.

"He said if it got too bad we would leave," Robert said. "My aunt and uncle lived close to us and when it got pretty bad they came to our house."

"First must have been a tidal wave suddenly covered everything, including the car, and we couldn't leave."

"Somehow we made it to the

hard then and I tried to reach down and help two of the children up."

"But something seemed to throw them away from me."

22,162 Cost Votes

GRAND RAPIDS (AP) — A 231 per cent turnout of the city's 55,881 registered voters cast a total of 22,162 votes at the polls Tuesday. City Clerk R. Stanton Kilpatrick had estimated about 20,000 would vote, based on absentee ballot requests.

Out of Its Element

BERKELEY, Calif. (AP) — Howell-North's Alaskan Cookbook, complete with all types of home-standing recipes, is selling well in the other new state, Hawaii.

Says Administration Using Crisis Tactics

WASHINGTON (UPI) — Sen. Allen J. Ellender, D-La., accused the administration today of using "crisis" tactics to push its foreign aid bill and urged the Senate to place off \$250 million.

Ellender's complaint was aimed at the \$4,186,000,000 in foreign aid funds approved Wednesday by the Senate Appropriations Committee, which voted to restore nearly all of a \$308 million house cut.

The Louisiana senator said in a statement that the "crisis" claim traditionally is employed to advance the government's foreign aid program.

Committee Says Nurses Training Loans Available

The nursing education loan committee of the National General Hospital has announced that funds are now available to be loaned to employees and members of their immediate families seeking financial assistance to attend an approved nursing school.

An amount of \$100 will be granted for one year, with the opportunity to renew each year for a maximum of four years.

Elva Warner, practical nurse coordinator at general, is heading the program. Loans are repayable at a specified rate.

Year of Plenty for Fruit Crop

State Saw 9 Pct. Rise Above '60 and 26 Pct. Over 10-Year Average

LANSING (AP)—Michigan's 1961 fruit crop was estimated at 589,000 tons Wednesday by the Federal State Crop Reporting Service, 9 per cent more than last year and 26 per cent better than the 10-year average.

The apple crop is estimated at 14.4 million bushels, 28 per cent above last year. Most areas of the state reported adequate rain and cool days and damp nights contributed to the best color in a number of years.

The pear harvest is estimated at 1.5 million bushels, 20 per cent above last year. Peach production is estimated at 2.5 million bushels. The grape harvest is estimated at 32,500 tons and the plum production at 7,000 tons.

Total output for the state's 17 major field and fruit crops is expected to be 4 per cent above the August forecast, slightly above last year and 7 per cent better than the 10-year average.

The yield of corn for grain is expected to be 63 bushels an acre, six bushels above the previous record set in 1959.

The field bean forecast is 1,280 pounds per acre and the soybean yield estimate is 25 bushels an acre, both new highs. The oat yield is estimated at 49 bushels per acre, down two bushels from last year.

The sugar beet yield is forecast at 18 per cent more than last year and the potato harvest at 2 per cent above 1960.

Suburb of Wyoming Adds Township Slice

GRAND RAPIDS (AP)—Suburban Wyoming has added approximately 5,000 new residents by annexing a portion of Parma Township with city fathers approving the proposal 4,300 to 338. The pre-vote population of Wyoming was 45,829.

The annexation takes effect after midnight, Dec. 31. Wyoming City Clerk Ed Van Soliguna says it will boost Wyoming above its 1960 ranking as 13th largest city in Michigan on the basis of the 1960 census.

The city vote and a favorable count of 822 to 402 in the township's Godwin School District offset opposition votes in the remainder of the township which went from 852 to 235 against the proposal.

Never Fear, Khrushchev Won't Let Our Lives Get Dull

By JAMES MARLOW Associated Press News Analyst WASHINGTON — This is for people getting ready to sigh with relief.

Both President Kennedy and Premier Khrushchev said Wednesday, in a vague way, their governments are ready to talk about Berlin. And maybe they will, after enough talking about talking to wear out a fishwife.

Perhaps there'll even be a summit conference, Berlin may be settled without shooting. Friendly may visit Russia and get the great treatment and the world may be so busy it will look sunnied.

And if all that happens it will only be temporary. Kennedy must have thought so himself, before he ever got into this present predicament, since he said on the day he took office that our problems will perhaps not be settled in our lifetime.

CONVENIENT VIEWS And if you have any doubts about it you should read the interview Khrushchev gave to the New York Times last week, particularly when Khrushchev asked his views on wars of liberation.

The Russian's answer was a masterpiece in the up-to-date philosophy of communism which can justify beforehand any war the cat jumps and afterward, too.

"We do not recognize that any country has to fight a war for the liberation of another country. The imperialists and colonialists alone fight wars under the false banner of liberating other peoples."

Does this mean the Russians will never get mixed up in a war of liberation? Oh, no. Khrushchev took care of that.

In the years ahead it's unthinkable, knowing communism's self-proclaimed expansionist aims, it will not be fermenting revolt in which it can join, particularly in nearby countries linked with the West.

And this should be particularly true in the case of countries allowing their territory to be used as military bases of one kind or another which could be used in case of a war between the United States and Russia.

IRAN RIPS PLUM Iran, for example, looks like an excellent place for just such a Soviet effort. It's pro-Western, there is an enormous gap between the very rich and the very poor.

And in all fairness it's hard to believe the U.S. government would for a moment stop trying to overthrow, in one way or another, any government in this hemisphere which was Communist or pro-Communist.

A thousand years from now, every boy is not equipped to be a physicist and millions of them will have no education beyond high school, the conference was told.

"The high school can provide the vocational education which is required, without denying a good general, liberal education to any youth," Leightbody said.

"It can prepare any student for higher education and for an immediate job at one and the same time. The choice at the time of graduation can be his."

When people within a country fight for liberation Russian sympathies are with them and "we consider that they have the right to count on the help of all freedom-loving people."

VERY CONVENIENT By this reasoning it would have been very wrong for the United States in 1956 to help the Hungarian rebels when they tried to throw off their Communist masters.

But by the same reasoning it was very right for the Russians to move into the supposedly independent Hungary and crush the rebels to preserve communism, which they did.

How could this be? Very simple. Russia explained at the time that the rebels weren't rebels fighting for liberation from communism but the reactionary stooges of the West which put them up to trying to overthrow their legitimate government.

So it follows it was wrong for the United States to help Cuban exiles in 1961 invade Cuba to try to overthrow the pro-Russian Fidel Castro but it was very right for Russia in 1961 to help the Communist-led Laotian rebels try to overthrow their pro-Western government.

OFFENS THE WAY None of this might have any present significance if it were not that Khrushchev's explanation to Sulzberger justifies beforehand anything Russia may do in the future.

What it can do in the future is instigate Communist-led revolts from inside a country in Asia, the Middle East or elsewhere—and then in one way or another help the rebels on the grounds they were fighting for liberation.

In the years ahead it's unthinkable, knowing communism's self-proclaimed expansionist aims, it will not be fermenting revolt in which it can join, particularly in nearby countries linked with the West.

And this should be particularly true in the case of countries allowing their territory to be used as military bases of one kind or another which could be used in case of a war between the United States and Russia.

IRAN RIPS PLUM Iran, for example, looks like an excellent place for just such a Soviet effort. It's pro-Western, there is an enormous gap between the very rich and the very poor.

And in all fairness it's hard to believe the U.S. government would for a moment stop trying to overthrow, in one way or another, any government in this hemisphere which was Communist or pro-Communist.

A thousand years from now, every boy is not equipped to be a physicist and millions of them will have no education beyond high school, the conference was told.

"The high school can provide the vocational education which is required, without denying a good general, liberal education to any youth," Leightbody said.

"It can prepare any student for higher education and for an immediate job at one and the same time. The choice at the time of graduation can be his."

some philosopher taking the long was the spice of life. view may conclude that from an. It's a good guess that for years evolutionary standpoint all this to come this will be a very spicy conflict between East and West (planet, and even longer than that) other planets.

Rose Bushes From 1858 Prove Beauty Is Eternal

COTTON PLANT, Ark. (UPI)—Two 185-year-old rose bushes bloomed at the Shelby Crawford home. They were brought here from Mississippi in 1858, by the Crawford grandparents. The bushes measure about 5 by 6 feet and are covered each season with hundreds of pinkish white blossoms in clusters. They are said to be of the Martha Washington variety.

Library Experiments With Food for Thought

FREEPORT, Ill. (AP)—The Freeport Public Library has installed a "Booketeria" in a supermarket. It's an experiment in borrowing.

Library card holders may pick up books on display by signing their library card number and the date that book is taken. The card then is given to the checkout clerk. Books are returned at the main library.

Virginia Goes Shopping for Piece of Maryland

MOUNT VERNON, Va. (AP)—Virginia may buy a piece of Maryland. Gov. J. Lindsay Almond Jr.

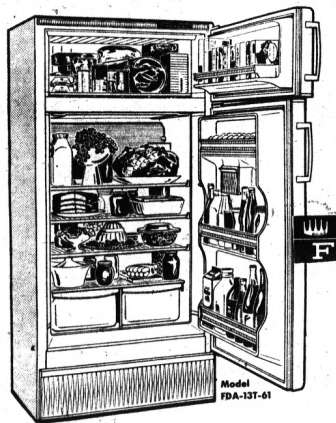

made the suggestion to protect the view from Mount Vernon, the home of George Washington. The purchase could prevent the Washington Suburban Sanitation Commission from building a sewer plant on the north bank of the Potomac river.

Get the Lowdown Early

KENT, Ohio (AP)—Counselors at Kent State University are helping Junior solve the familiar problem of what to do when he gets out into the cruel world. Students from eighth grade up have been

invited to use the university's educational and vocational planning services.

In 1958 only 30 per cent of all homes that were built had three or more bedrooms. Today the figure is 50 per cent.

State Inspected 'Homes' Now Cater to Oldsters

By REBA HEINTZELMAN

Twenty years ago, while employed in one of the old-type "poor houses" in Waterford Township, Mrs. Ernest Stollenberg was fired from her job because she tried to make a patient more comfortable in a cold, unclean house.

Times have changed. The State and its representatives make sure the senior citizens and those who really want to care for them get a fair shake.

Less than 10 years ago, state legislation was passed requiring the issuance of licenses and periodic inspection of convalescent home operation. It is these unannounced visits of county sanitarians that help to keep the home operators on their toes.

A Pontiac Press reporter recently accompanied Henry Constantino, the assistant director of the Oakland County Health-Sanitation department, on a round of spot-checks of convalescent homes in the county.

Registered nurses, state approved menus, comfortable beds, fire-detection equipment and adequate rooms at reasonable costs have taken the despair out of the obsolete "old-folks homes."

Ten years ago an individual could open an establishment without any training or personal qualifications and operate that institution without any restrictions whatsoever.

COMPELLED TO WORK

There were no sanitation requirements, no medical or dietary rules to be observed by the owner, and many times unhappy old people were compelled to work in the home even though their residency was more than adequately paid for.

Today, Oakland County boasts 51 up-to-date convalescent homes that provide scientifically balanced meals, instant medical care, spotlessly clean rooms and quiet activity programs for the oldsters.

It is not unusual for some to have their breakfast served to them in bed if they desire and each tray is filled with food of their individual choice.

Oxygen is available when necessary along with penicillin shots, and vitamins are administered daily to keep the "resident guests" physically comfortable.

The lovely former Mendelson mansion on Scott Lake, operated by the Dominican Sisters as a convalescent home, is typical of today's homes.

Sister Mary Grace and her assistants work in an atmosphere of carpeted halls, and high-beamed ceilings. Serenity reigns.

Or the five new convalescent homes to open in the county this year, one of the most typical is the Orchard Lake Resthaven on Forbush Avenue in Commerce Township. Senior citizens can enjoy glass brick planters, a white fireplace in the lounge, wide open corridors and sun filtering through picture windows in every bedroom.

CLUB RENODED

The old Twin Beach Country Club has been remodeled and made over.

Openness and vivid colors predominate. Scientific ramps provide easy access between the house and shaded yard.

The number-one advantage of older people living in today's homes is the quiet companionship of sharing their golden years together.

Each individual's life-long experiences are "hashed-over" in quiet conversation.

Their days are filled with television shows, hobbies, card-playing, radio, reading, eating and sleeping.

One resident said to another, "When I was living with my daughter she drove me crazy. Kids squalling all over the place, rock 'n' roll going from morning till night, and meals never on time. Here, people are more like people, and I like this life just fine."

Dedication Set Wednesday for Kenny Therapy Unit

Pontiac General Hospital administers and trustees the State-funded therapy unit at the hospital. Elizabeth Kenny Foundation, which has been chosen next Wednesday, will be celebrated at the birthday of the late Sister Kenny.

'Get Out the Vote' Slogan Backfires

WASHINGTON (UPI) — "Get Out the Vote" may be the wrong slogan for those interested in school bond and school tax referenda, according to a recent survey by the U.S. Office of Education.

The study, conducted by Stanford University researchers, showed that voter turnout was highest in elections where the issues were defeated. Average turnout for school elections in the years studied, 1948 through 1956, was 52.6 per cent, 22.6 per cent of eligible voters.

How High the Fly? Housing Men Ask

BUFFALO, N. Y. (AP) — The flying ability of mosquitoes has become the subject of an argument between the State Housing Division and the Municipal Housing Authority.

The state agency said the insects do not fly above the fourth-floor program was patterned after floor, and screens should be placed only on lower floors in city housing projects. The same argument arose once before and the city won, screening all the windows in the project.

Bird Likes to Travel, Nests in Auto Trunk

PITTSBURGH, N. Y. (AP) — Stephen Muller found a bird's nest in the trunk of his automobile. The bird, a chick, apparently had been traveling through the trunk, and had laid a small hole in the floorboard.

He did not disturb the nest, and a few days later he found three hatched eggs in it.

FOOD FOR OLDESTERS — Sister Mary Grace, director of the Mendelson Convalescent home at Waterford Township, talks to Henry Constantino of the Oakland County Health department.

AGE-OLD CELEBRATION — Mrs. Belle Hitchcock not only saw what was going on, but heard every note of the "Happy Birthday" song sung by her friends celebrating her 97th birthday this week. She is an honored guest at the Pleasant View Convalescent Home located on Pontiac Lake in White Lake Township. From left are: Mrs. James Dunn, 82, Mrs. Ernest Stollenberg, Mrs. Hitchcock, nurse, Mrs. James White and Margie Voberoth.

SPACIOUS LIVING — Nurse Lucille Segard leads to "house guests" at the newly opened Orchard Lake Resthaven in Commerce Township. The Neil Sandersons have turned a gloomy old golf club building into a sunlit haven for those seeking quiet attention in their old age.

New State Law Averts Hardship

Police Can Accept Bail Money

Chances of a weekend in jail are being reduced for the police officer-like the speeding motorist—who is arrested on Saturday and often jailed until Monday.

A new law, now being propagated among law enforcement officers, gives anyone charged with a misdemeanor the right to ask or bid from police in the absence of a magistrate.

Public Act 44, passed in the 1961 state legislative session, is expected to gain more widespread acceptance of a similar system already in informal use in Oakland County.

Oakland County Prosecutor George Taylor yesterday described the procedure as "simply a more humane method of enforcing the law."

However, he said, while the system had been used for about three years by some county communities, many police chiefs had balked at adopting it without clear statutory approval.

Now the arrested person is given the specific right to ask for interim bail from the magistrate or a superior of the arresting officer when no magistrate is available.

Bail is set by the act at \$100 and may be paid to police in return for a receipt. The money must be handed over to a magistrate within 48 hours.

The earlier use of the method was based on agreements between magistrates and heads of law enforcement agencies.

It came into use, Taylor said, "because we saw no reason to keep a citizen in jail who we knew could appear for his date in court."

There is no reason to keep such a person in jail.

Like to Give Talks on 'People' Topics

UNIVERSITY PARK, Pa. (UPI) — Psychology, anthropology and history are the favorite specialties of speakers at the University of Pennsylvania, according to a survey of 1,000 critical subjects for a speech course required of most undergraduates.

Those three "about people" subjects represented nearly 56 per cent of the total. Political science and education were second with 17 and 12 per cent each.

The remaining 33 per cent were scattered between fine arts, education and recreation science and technology were almost entirely ignored.

Gopher Returning

MINNEAPOLIS (UPI) — Ray Cronk, University of Minnesota student, who dropped out of school last year because of bad grades, will return to school this fall, basketball coach John Kundert announced Tuesday.

Hire Manager at Sylvan Lake

LeRoy Trafton Will Return by October 1 to Replace Knapp

The Sylvan Lake City Council last night hired as its new city manager LeRoy Trafton who held the same post from March 1958 to March 1961.

The appointment is effective on October 1, according to the city council. Trafton is able to leave his present post as city manager of LeRoy, Minn. The starting salary will be \$6,000.

Council also accepted the resignations of City Manager Earle B. Knapp and City Attorney Tom Reese.

Knapp last month formally asked council to relieve him of the manager's post so that he could devote full time to his other duties as superintendent of public works. He continues to hold the double post until Trafton's arrival, when he will resume his public works post at \$6,100. In the combined post he drew \$7,300.

Reese's work will be taken over by the Pontiac law firm of Howell, Hartman and Peter, 1001 Pontiac State Bank Building. Mayor at the meeting, said Reese resigned for "business reasons."

The mayor said the new city attorney would be asked to further study disposition of a 16-foot-wide strip of land disputed between E. Widenman, who presided by residents of two Sylvan Lake subdivisions — Woodbine and Sherwood Forest.

Widenman said the city would continue to take an interest in the dispute by a tax consultant and that it was a private not a public matter.

The spot was submitted by E. H. Hartman, a Pontiac tax consultant with offices at 905 Pontiac State Bank Building.

Regarding the summary of the lengthy document Widenman cited Hartman's findings. It had the city had no knowledge of the land dispute according to Oakland County records.

According to Widenman, Hartman disclosed that public authority should not be concerned with the disposition of private property.

Widenman described the new city attorney as municipal agencies expressed how they would find a solution.

Powerboat Races Set

DETROIT, Mich. (UPI) — About 500 powerboat skippers meet in this week for the American Power Boat Association's national championship outboard races.

Cathedral Group Aids Convention

Mrs. Luther R. Leader of Bloomfield Hills, regional chairman for the Michigan division of the National Cathedral Association, has enlisted local members in the activities accompanying the 60th general convention of the Protestant Episcopal Church, U.S.A. Delegates throughout the nation will attend the triennial affair. A concert will honor the presiding bishop, the right Rev. Arthur Lichtenberger and Mrs. Lichtenberger Monday evening. The Detroit Symphony Orchestra, conducted by Valter Pelt, will open the 8:15 p.m. program at Ford Auditorium. Following intermission, the Washington Cathedral choir will present a program.

Mrs. Edward A. Proctor and Mrs. Donald F. Valley are co-chairmen of the concert. Chairman of the sponsors, who are making possible the choir's appearance, Mrs. Frederick C. Ford, has been assisted by Mrs. Leader, Mrs. Proctor, Mrs. Valley, Mrs. Gunnar Karlstrom, Mrs. Rockwell T. Gust, and Mrs. Graham John Graham.

Hostesses for the concert will be alumnae of the National Cathedral School in Washington, Mrs. Creighton W. Tammelle of Bloomfield Hills is chairman, assisted by Susan Leader, Linda Myers and Ann Sheffeld. Mrs. Murray Dodge, Mrs. Charles Morris Jr., Mrs. Edward A. Proctor Jr., Mrs. Wadsworth Proctor, Mrs. William Calloway Jr., Mrs. Norman Klaus and Mrs. G. Doyle Dodge will also assist for the evening.

Another attraction is the association's booth at Cobo Hall arranged by Mrs. Art M. Begole of Covington Road. In-voice of the cathedral and samples of needlepoint will be featured.

Mrs. Begole's committee is comprised of the James A. Barendse, the Harvey Hansen, the Charles D. Marthes, the J. F. Pedders, the Godfrey Strelingers, the Robert A. Greens, the Norman Robins, the William McNamans and the Milton Manley.

Also on the committee are Mrs. John D. Butler, Mrs. Paul Bell, Mrs. Mac D. Campbell, Mrs. Chase Baranow, Mrs. J. Herbert Walker, Mrs. M. A. Welsh, Mrs. John A. Wadsworth, Mrs. Clement C. Rich, Mrs. Maurice Garabrandi, and Ruth Cumming.

Cross of Christ Women's Guild Meets Monday

Women's Guild of Cross of Christ Lutheran Church will begin its new year Monday evening at the church, 1001 Deloitte. The group is meeting in the devotional period, including the study and discussion of first Corinthians and the Bible. "Compelling Love" will be the theme of the evening program.

New officers are Mrs. Earl Steinhart, president; George E. Eames, vice president; Mrs. Clifford Brandt, secretary and Mrs. William Thiede, treasurer.

Mrs. Charles Carvon will serve as chairman of the Altar Guild committee. Mrs. Hilma Fortney, hospitality committee, and Mrs. William Fratherton, sewing committee.

Meetings beginning at 8 p.m. are held the third Monday of each month at the church.

Newcomers to Organize

At a luncheon Monday in Rotunda Inn, a group of newcomers to the northwest section of Bloomfield Hills and the intermediate area will select a name, elect officers and discuss future programs.

A nucleus group of nine area couples were guests of Dr. and Mrs. M. C. Worster for a noon-dinner Saturday at their home on 22nd Drive, Cass Hills. Dr. Worster showed films of his African and Indian safaris and Jimmy Clark of Green Lake, Detroit radio station pianist, played for group singing.

Any newcomers in this area are welcome to attend the luncheon. Further information may be obtained from Mrs. F. Rex MacKendrick of Wards Point Drive, Orchard Lake.

Sylvanets Club to See Slides, Film

Mrs. Robert M. Hoy will be the hostess for the Sylvanets Club Sept. 21 at which time slides and film will be shown to the group by John Burbanck of a trip to Europe this summer.

Plans for the meeting were made by the Sylvan Club group when it held its recent opening dinner at the Old Mill Tavern in Waterford Township. Mrs. William Sanderson, incoming president, presided at the evening, outlining the year's program.

Mrs. John P. Williams of Orchard Lake (at left), Mrs. Robert Selman of Bloomfield Terrace and Mrs. Paul T. Lahti of Birmingham were among

200 members of the Woman's Auxiliary to the Oakland County Medical Society who opened the season with a tea Wednesday afternoon.

Women's Section Editor's Appetite Weary

CHICAGO, Ill. — We've been in the soup for the past two days. At a soup and sandwich luncheon on Tuesday Campbell announced a pair of new bean soups—chili beef and vegetable with beans. The first one can also be used as a sauce.

At the same luncheon, Dr. B. S. Schweitzer, head of the department of food science at Michigan State University spoke on the place of appetite appeal in good food.

On Wednesday the Best Foods division of Corn Products Co. introduced its new line of packaged Knorr soup mixes.

Developed in Switzerland, the soups are made in the Argo, Ill. plant from ingredients grown in many parts of the world.

These soups include mushroom, onion, vegetable, chicken noodle, beef noodle and creamed corn. They should be available in Pontiac before too long.

Best Foods' a high-grade oil is a margarine containing polyunsaturated liquid oil as its main ingredient.

MEAT MAKES NEWS
Most always makes news. Such was the case with a chicken soup, mince and smoked ham, chili hot dog sauce and gliblet gongoli concentrate — all in cans.

Cheer Presto, the cheese that comes in a tube, now has a new dress. The newest TV dinner is a miniature ham and first prize-winner potato-battered fish combination.

Smaller packages of ham and a curved boneless shoulder butt add to the foods that make the homemaker's life easier. More in detail about these new foods in the coming weeks.

We had an opportunity on Wednesday to taste the new freeze-dried meats and shrimp. Canned mainly for hunters and campers at the present time, the line includes pork chops, beef steak, shrimp and chop suey.

There's nothing dull about pickles, still is the word. Pickles sold in American food stores. Pickers are constantly improving flavor and containing

House, now threatened with extinction, was the highlight of one afternoon. Panned fresh-agers served as our guides through their beloved meeting place and as our hosts for afternoon tea.

Betty Crucker has published her third cookbook, one that contains some 200 new recipes and many pages of interesting food facts, celebrity recipes, menu planning guides and the newest information on all types of cooking.

Dessert at the General Mills dinner was a plate of lattes made with the new 1-2-3 pastry method. I'll publish that next week.

PUSHING VITAMIN C
A hollowed-out loaf of bread holding chrysanthemums and shelves of wheat centered the tables for the American Institute of Baking's breakfast featuring the 20th anniversary of the enrichment of bread.

Dr. James McGrath, minister of health of Newfoundland, Canada, held our attention with his dramatic story of how Newfoundland's fish enrichment program overcame deficiency diseases. He and his medical colleagues are now searching for a way to get adequate amounts of vitamin C into the diets of their countrymen.

Heather, bagpipes, Scotch

tartans and a menu typical of that hearty country made up the Scotch theme of the Kraft luncheon. The new MacLaren cheddar cheese started it all. We sampled Kraft whipped cream cheese, a light airy product you'll use in many ways, herb salad dressing, a barbecue sauce and some Kraft candies. I'm sure you'll want the recipe for Scotch oatmeal bread.

Sara Lee has a new cake, an apple 'n' spice cake with toasted hazelnut icing. We sampled this with our choice of unusual coffees at Second City, a Chicago coffee house.

Doves colored pink with food coloring, a three-foot Chinese statue and an enormous array of the many exciting appetizers were Accent's way of showing off its new products. Accent with lemon and Accent with garlic. Watch for future recipes with these new flavor superchargers.

Just one more long day of the Food Editors' Conference ended with a dinner hosted by the American Dairy Association.

The banquet room was turned into a colorful garden. The climax of the evening was the crowning of the 1962 dairy princess, Louise Knolle of Texas.

MR. AND MRS. LLOYD CARTER
Mr. and Mrs. Lloyd Carter of Silver Birch Drive, Dayton Plains, formerly of Kentucky, are celebrating their 50th wedding anniversary today. The couple has three sons, Gordon of Dayton Plains, Avonville of California, and Warren in the U.S. Navy, and eight daughters, Mrs. Charles Stimpert of Dayton Plains, Mrs. Paul Alsp and Mrs. Gayle Elie of Pontiac, Mrs. John Shier of Mrs. Archie Gamble of Dearborn, Mrs. Lewis Nepler, Mrs. Gladys Eagle, and Mrs. Maynard Thomas, all of Kentucky. 31 grandchildren and 27 great grandchildren.

Medical Auxiliary Opens Fall Season With Tea

Ten time found hostess Mrs. J. Donald Green of Bloomfield Hills (at left) greeting guests Mrs. Donald E. Niederluecke of Motorway Street, Mrs. Ivan La-

Core of South Josephine Avenue and chairman Mrs. Charles Barker of Birmingham.

Temper Refusal by 'Sorry'

By The Emily Post Institute

Q. I would like to know if it is proper to turn down an invitation to a dance from one boy and then accept an invitation to this same dance from another boy?

A. To refuse the first boy's invitation and then have him see you at the dance with someone else would most certainly hurt his feelings. Instead of refusing him outright, you might say, "I'm sorry, but although it's not quite definite yet, I think I am going with someone else."

Q. Last week I gave a bride shower for a friend of mine who is going to be married next month. I did not invite the bride's mother to the shower and have been severely criticized for not doing so. I have been told that the bride's mother is very much put out over this. Will you please tell me if I was wrong?

A. If the shower was limited to the bride's young friends, only, you were not wrong not to have invited her mother to the shower.

Should the issue papers be removed before making wedding invitations? The answer to this question is well as correct wedding forms will be found in the new Emily Post Institute booklet, "Wedding Invitations and Announcements." To obtain a copy, send 10 cents in coin and a self-addressed manila envelope to The Emily Post Institute, care of The Pontiac Press.

Shrine No. 22 Makes Plans for Card Party

Pontiac Shrine No. 22 of the White Shrine of Jerusalem met Wednesday evening at the Shrine Temple. Members of Mesopotamian Shrine in Saratoga, Out, presented as guests of honor were Mr. and Mrs. Alvin Brander, Mrs. George Hurdwick, Mr. and Mrs. Archie Lamont, Mr. and Mrs. Cecil Madison, and Mrs. Harold Marini.

The group completed plans for the annual card party set for 8 p.m. Sept. 27 at the temple. Mrs. J. W. Radcliffe and Mrs. Earl Ross are co-chairmen of the affair.

Proceeding the meeting a co-operative dinner was served by Mrs. Margie Satal and her committee.

Minimize Veins

Large veins are minimized if you press down on them when applying hand cream. A good exercise is to rub your arms frequently and shake the wrists to stimulate circulation.

Hard Boiled Outlook's Out

BALTIMORE — You can't afford to become heartbroken or hard boiled over individual cases if you are a woman's prison superintendent, says Alvin Blum.

Mrs. Blum is the superintendent of the Maryland State Reformatory for Women, about 20 miles south of here.

Rather than become hardened, she says, "we must look for something constructive to do, some way to help. I get discouraged when I see a girl wasting her potential, saying outright she doesn't intend to change. You run into these, you know."

"You'd lose your perspective," Mrs. Blum says she tries "to reach that one little tender spot in a girl we thought unchangeable."

She says this usually is difficult because most inmates won't admit their guilt.

"Many women claim to have been framed and say they are innocent," she said.

YOUNG AS 14
Continued at the reformatory are women whose sentences range from three months to life. The offenses run the gamut — from vagrancy and narcotics violations to first degree murder, robbery and manslaughter.

The prisoners average about 23 or 24 years old, "but we've had them as young as 14," she said.

"Certainly there is a danger. Many of the women are psychopaths. But I came here when I was young and I sort of grew up with it."

Mrs. Blum's interest in sociology was a pre-arranged student at the University of Maryland led to her career as a reformatory superintendent.

ATTENDS GAMES
She started at the bottom of the prison staff in 1939 when she went to sleep temporarily to work on her master's degree.

The challenge of preparing women for parole captured her interest. Eventually she became station supervisor, cottage supervisor and then superintendent.

"A jack of all trades sort of thing," she describes her work. Mrs. Blum says she tries to establish a personal relationship with the inmates by listening to their problems. And she attends their sporting competitions as one of the ways to better understand the women at the reformatory.

HARD TO FACE
Among the major problems confronting the reformatory staff, she says, are those arising from dealing with the families of the inmates.

"One of the most difficult tasks we have here is facing these families and telling them their girls aren't what they thought they were. Often the families are prejudiced in favor of their girls."

Women find jobs, places to live and preparing them for possible rejection by the public. Mrs. Blum believes the public should learn to accept that "98 per cent of the inmates go back into some community and that these people are human beings."

As for the knotty problem of finding homes for them, Mrs. Blum says: "What we really need is some sort of a halfway home, a place that would take women on a trial basis after they are released."

There is a problem, however, of conditioning a prospective parolee to cope with rejection.

"Instead of saying, as they often do, 'This is my right,' they must learn to say, 'This is my responsibility.'"

Campus Items

Among area students entering Kalamazoo College this fall are Susan I. Wotila, daughter of the Felix Wotilas of Pontiac Drive and Richard K. Foster, son of the O. F. Fosters of Clarkston.

They will participate in the orientation program which begins on Saturday. Kalamazoo College will change this fall from a two-semester system to a unique four-quarter plan for year-round operation. Ranking among the top ten coeducational colleges in the country, 735 students are enrolled this year.

Jeanne Johnson of Robinwood Street will resume her studies at Ferris Institute where she is a junior in pharmacy. Daughter of the Thomas A. Johnsons, she is a member of Lambda Kappa Sigma, national pharmacy sorority.

Frank B. Sasso, formerly of Mathews Street will also be seen on the Big Rapids campus this fall.

Albert Inkai, son of the Robert Sharps of Waterford has entered his senior year at the University of Miami at Coral Gables, Fla.

Olehn H. Nichols, son of the Ray Caughills of Dover Street is returning to Central Michigan University where he will live at Roman Hall.

Entering Michigan State University as a freshman this fall is Patricia Burns, daughter of Mr. and Mrs. Randolph Burns of Ogema Road. She will live in Phillip Hall.

Margaret Steck, daughter of the Stanley Stecks of Hospital Road, also enrolled at MSU will reside in Keith Hall.

Ann Hodges, daughter of the H. Vere Hodges of Ottawa Drive will be a junior in elementary education at Monticello College, Alton, Ill.

Edward Christie, son of the Ervin Christies of Blaine Avenue, left Sunday to begin his freshman year at Eastern Michigan University. His residence will be in Burt Hall.

Jay D. Miller, son of the Max Millers of Franklin Road, will live in Ypsilanti while attending University of Michigan Medical School.

Gary Bramble, son of the William H. Brambles of Desaut Avenue, Waterford Township left Sunday for Indiana State University, Terre Haute, Ind.

At Michigan State University, Arthur H. Scott II will begin his senior year in hotel management. His bride, the former Nancy Donaldson, will be a junior.

Maureen Calkley, daughter of the L. B. Calkleys, Sleepy Hollow Drive, will rejoin her classmates and Zeta Tau Alpha sorority at MSU.

Charles E. Hawkins son of the Floyd E. Hawkins, Le-Baron Avenue, has been admitted to the sophomore class of Spring Arbor College. He has been awarded an honor scholarship.

The newlywed Richard E. Whitmer (Patricia Kay Huntwork) will attend Western Michigan University. Pat is a special education junior and her husband is in pre-law.

Carol Ann Bell, Eschabar Road, will attend Ferris Institute, Big Rapids, this fall. Her parents are the Cecil Bells.

Roger B. Anderson joined some 600 college students from across the nation, gathered at Green Lake, Wis. last week for the annual Baptist Student Conference.

Cheese Is Wonderful at Any Meal

By JANET ODELL
Pontiac Press Home Editor

Cheese is a food that has shown up often in menus at this week's Food Editors Conference. At one reception there was a 30-pound Golden Samson on display.

Fruit and cheese have long been a continental type of dessert. In some countries this combination appears at breakfast. In the harvest season you can assemble a mouth-watering dessert plate of

fresh fruit and the cheese of your choice.

There are so few things to remember in order to serve this desert at its peak of perfection: Let the cheese stand at room temperature an hour before serving. But keep the fruit chilled until ready to serve.

Wash peaches, dry skins, do not peel. Cut in quarters. Wash pears, dry skins, do not peel. Cut in quarters. Wash grapes, dry on paper towel, turn gently to dry thoroughly.

Thaw melon balls.

Fill small bowls with cold water, add 1 tablespoon lemon juice to each cup of water. Place each separate fruit in bowl, except grapes and melon balls, cover and refrigerate until ready to serve. Drain on paper towel while arranging platter.

in halves. Wash red-skinned apples, do not peel. Cut in slices. Wash grapes, dry on paper towel, turn gently to dry thoroughly.

2 fresh peaches
2 Bartlett pears, fresh or canned
1 pound bunch green or purple grapes
1 12 oz. package frozen melon balls, thaw and drain
2 red-skinned apples
One-quarter wheel Danish Blue Cheese (about 1 1/2 pounds).
Serves 8.

Low fat recipes are the vogue nowadays. Here is a recipe we received for a low fat cheese celery stuffing.

Stuffed Celery
1/4 cup small curd dry cottage cheese
2 tablespoons minced green onion
2 tablespoons finely chopped carrot
2 teaspoons chopped pimiento
1 teaspoon Worcestershire sauce
1 teaspoon chili sauce
Dash of Tabasco
Salt and pepper to taste
8 (4-inch) pieces of celery
Combine cottage cheese with green onion, carrot, pimiento, Worcestershire sauce, Tabasco, salt and pepper. Mix well. Stuff celery.

Then, if you can't think of any other way to serve cheese, just cut off a slice or wedge and eat it with a crisp cracker. Mighty good, isn't it?

crumbest. Spoon into a greased 1 quart casserole. Top with crumbled cheese. Bake in a moderate oven, 350 degrees, 15 minutes. 4-6 servings.

Then, if you can't think of any other way to serve cheese, just cut off a slice or wedge and eat it with a crisp cracker. Mighty good, isn't it?

Country Ham Can Stand Soapsuds Scrubbing

That's right — put that country ham right into your well-scrubbed kitchen sink, or even into a clean laundry tub. Spread soapsuds over the ham, and scrub it with a vegetable brush under slightly warm running water.

He sure to rinse thoroughly, of course! This method of preparing a ham gets a big hand from cooking experts.

Tenderloin Is Fine Meat to Braise

Pork tenderloin patties are proof of the saying that "good things come in small packages." Pork tenderloin is a delicious meat which may be purchased either whole or cut into slices. Whole pieces weigh between three to four pounds. For a delicious flavor, use apple juice or apple cider as the braising liquid.

Join, allow about one-third pound per serving. Patties are made by flattening slices of two-inch thickness.

To cook patties, dip the meat in flour, brown in hot fat. Sprinkle with salt and pepper. Add some braising liquid, cover the pan and cook over low heat 10 minutes or until tender.

Pork tenderloin patties are a taste treat when braised with a tart fruit juice. For a delicious flavor, use apple juice or apple cider as the braising liquid.

CHEESE AND FRUIT—Fresh fruit arranged on a pretty plate with a wedge of Danish cheese is a welcome dessert at any time of year. This is

the season to feature it with the multitude of colorful peaches, pears, grapes, plums and melon balls.

Season Is Short to Serve Dusky Purple Plum Pie

Make it two-crust, deep-dish, or open-face but do make that Purple Plum Pie quick-like before the season of this luscious fruit has come and gone. Here for so short a time, September into early October, Idaho-grown purple plums (fresh Italian plums) are now in our markets at their tantalizing best—large, sweet, delicious.

Enjoy them now or a slice out of hand and in so many dishes. And do stow away some in your freezer. You'll find these dusky-skinned freestone beauties are the easiest of all fruits to freeze—the fruit itself or tucked away in a pie that's plum good eating!

Idaho Purple Plum Pie
4 cups halved, seeded Idaho fresh purple plums (about 1 cup granulated sugar)
3 tablespoons flour

1/4 teaspoon salt
1/2 teaspoon cinnamon
1/2 teaspoon nutmeg or mace
2 tablespoons butter
2 tablespoons lemon juice
pastry for double-crust pie

Cut purple plum halves once crosswise. Fill pastry-lined 9-inch pie dish with purple plums. Mix together dry ingredients. Mix through fruit. Add lemon juice. Dot with butter. Cover with top crust. Seal edges. Bake in 425 degree F (hot) oven 35 to 45 minutes. Serve warm with whipped cream, ice cream, hard sauce, or a nippy Cheddar cheese. Makes 6 to 8 servings.

Spices and lemon may be omitted with 2 tablespoons orange juice and 2 teaspoons grated orange rind used instead.

Cherry Wine Gelatin Is a Salad Dessert

Friends of ours with a country house like to keep these salad-dessert ingredients on hand to use from the pantryshelf.

Cherry Dessert salad
1 can (pound, 1 ounce) pitted red tart cherries in extra heavy syrup
1/2 cup dry red wine
1 package (6 ounces) cherry-flavored gelatin
Watercress or other salad greens
Mayonnaise

Drain cherries; add wine to cherry juice with enough cold water to make 2 cups. Dissolve gelatin in 2 cups boiling water; stir in cherry juice and wine mixture; chill until partly set; fold in cherries. Turn into individual molds; chill until set. Turn out and garnish with watercress and mayonnaise. Makes 11 half-cup molds.

Major Hoople Starts '61 Grid Prophecizing

BY MAJOR AMOS B. HOOPLE
Peerless Pigskin Prophet

Egad! It's that time again! Yes, dear readers, it's once again time for your favorite, correspondent to extend his greetings and to assure you he will be back at the old stand to forecast the results of the season's major football contests. This gives promise of being a banner year for the Hoople System and I am just itching to plunge into the wars.

Due to the great demands upon my time I have augmented my staff this year with the addition of Hannibal Wotzburg. He will work with my long-time assistant, Dr. L. M. Inouhi, who is on leave from Cape Canaveral. It will take several weeks for Hannibal to assimilate the finer points of the Hoople System, but we will hear plenty from him.

After an exhaustive study of notes compiled by Dr. Inouhi during his sojourn in Florida, I have come up with some startling forecasts. The visiting Pittsburgh Panthers will smother the lamp of the Miami Hurricanes even more completely than the recent eclipse of the moon over Miami. All signs point to a 35-13 triumph for Pitt.

In a pair of Southern Conference openers your peerless prognosticator gives you William and Mary to prevail over Virginia Tech. The West Virginia Mountaineers will commence the long climb back to the top with an upset victory over Richmond—harrumph!

In a bruising battle featuring midwestern neighbors, Dayton will squeeze Cincinnati, 22-20.

These are but a few of the choice selections I have for you this week-end.

Top Seeded Net Stars Win Doubles Handily

TORONTO (AP) — Mike Sangster and Ann Haydon of Britain, top seeded in the men's and women's singles, turned their attention to doubles in the Canadian Tennis Championships Wednesday and won handily.

Sangster paired with Whitney Reed of Alameda, Calif., in the men's doubles for a 6-0, 6-0 victory over Bill Bentley and Jack Craig of Toronto. He and Miss Haydon scored a 6-0, 6-1 triumph over Mers Kutt and Mary Benson of Montreal, 6-0, 6-1 in a first round mixed doubles match.

Miss Haydon and Brenda Semm won a second round women's doubles match from Joan Gemen and Judy Trivias of Toronto, 6-0, 6-1, his round.

The Old Boy Himself

Go on with the forecast:

San Jose 84, 23, B'hama Young

3. Buffalo 20, Gettysburg 9.

Dayton 20, Cincinnati 20.

Memphis State, 17, Citadel 7.

Utah 19, Colorado State 6.

Iowa State 35, Drake 6.

Florida St. 18, Geo. Wash'ton 9.

Tulsa 42, Hardin-Cimarron 15.

Xavier 28, Kent State 16.

Miami (Ohio) 21, Villanova 13.

N. Dakota 27, Montana St. 25.

Wyoming 16, Montana 8.

Pittsburgh 35, Miami (Fla.) 13.

West Virginia, 16, Richmond 6.

Wichita 8, Toledo 7.

William & Mary 31, Va. Tech.

14.

Ohioan Impressive at QB for Spartans

EAST LANSING (UPI) — Sophomore quarterback Dick Proebble from Canton, Ohio, is making a strong bid for a starting role in Michigan State University's football team this fall.

The 6-foot-2, 202-pound signal caller was again outstanding in the Spartans' practice session Wednesday, at one point completing six passes in a row.

While the Proebble-sparked offense stood out, coach Duffy Daugherty said he was "disappointed" with his club's "most ragged and lousy defensive work" of the season.

Daugherty hosted a group of Midwestern sportswriters who are making a tour of Big Ten training camps.

Ace at Edgewood

Ray Aird of Union Lake filled a hole-in-one Wednesday at Edgewood Country Club, knocking a 4-23-man limit, there are 118 players missing from among those who finished last season on the team active rosters.

Among the departed are such prominent 1960 performers as Ben Agajanian and four second team all-league players—Boston guard Charles Leo, Oakland guard Don Manoukian, Buffalo center Dan McGrew and Oakland defensive back Eddie Macon.

Denver was the most active club during the off-season, bringing in 18 newcomers for a personnel change of 54.6. Boston and Oakland each had 16 new men for a 4.3 per cent change.

Of the total of 264 players presently active, there are 158 returnees from last year's season-ending rosters, 106 newcomers, including 53 rookies.

State Shooters Dominate

PITTSBURGH, Ind. (UPI) — Michigan again dominated action at the 15th annual invitational pistol matches of the Indiana State Police here.

Inspector Harry Reeves of the Detroit Police Department took honors as the top aggregate shooter in individual competition with a score of 888 out of a possible 900.

Fast Start is Tough Chore for Lions

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

A fast start is what the Detroit Lions want, but they couldn't have it any tougher to achieve this in view of the fact that they must play the top two teams of the Western Division, Green Bay and Baltimore, at the start.

The forecast is just about unanimous that the Packers will win the Western sector and go on to win the NFL title this year after losing to the Eagles, 17-14, in the championship a year ago.

Sunday's battle at County Stadium in Milwaukee will pit two of the most successful teams of the recent exhibition season.

The Packers won all five pre-season contests while the Lions finished with a 4-1 mark, losing only to the Eagles.

★ ★ ★

Detroit was the last team to beat Green Bay. That was in last Thanksgiving Day's 23-10 encounter when the Lions were red hot.

One game separated the two teams when the season ended, the Packers finishing with an 8-4 record and the Lions, 7-5.

Up to last year, Green Bay was the perennial doormat of the Western Division, having not won a title since 1944 when they finished with an 8-2 mark and defeated the Giants for the NFL championship, 14-7.

Coach Vince Lombardi has put together a powerful running attack led by fullback Jim Taylor and halfback Paul Hornung. Taylor was runnerup to Jimmy Brown last season in the ball carrying department.

Quarterback Bart Starr has finally developed the long pass to go with the running game, like taking as the 6th best passer in the NFL.

Starr had the third best completion record having hit on 38 passes in 172 attempts for 57 per cent. Max McGee, Boyd Dowler and Hornung are Starr's three favorite receivers. McGee caught 38 passes for 787 yards and four touchdowns.

40 Per Cent Turnover of Personnel in AFL

DALLAS (AP) — The American Football League had a 40 per cent turnover in players compared with last year—the first season of the circuit.

With all clubs trimmed to the 45-man limit, there are 118 players missing from among those who finished last season on the team active rosters.

Among the departed are such prominent 1960 performers as Ben Agajanian and four second team all-league players—Boston guard Charles Leo, Oakland guard Don Manoukian, Buffalo center Dan McGrew and Oakland defensive back Eddie Macon.

Denver was the most active club during the off-season, bringing in 18 newcomers for a personnel change of 54.6. Boston and Oakland each had 16 new men for a 4.3 per cent change.

State Shooters Dominate

PITTSBURGH, Ind. (UPI) — Michigan again dominated action at the 15th annual invitational pistol matches of the Indiana State Police here.

Inspector Harry Reeves of the Detroit Police Department took honors as the top aggregate shooter in individual competition with a score of 888 out of a possible 900.

It will be the Lions' vaunted "new" defensive unit which will have to contain Taylor and Hornung on the ground, and the unit may be hurt by the injury to captain Joe Schmidt, whose post-starting nod.

Wildcats of North Tough on Gridiron

(This is the first in a two-part series on Michigan's college football team. Today's article deals with the independents and the members of conferences that embrace other states in addition to Michigan. Tomorrow's article will cover the MIAA.)

By the Associated Press

Northern Michigan—and then the others. That's the crystal ball view of Michigan's college football season.

The Wildcats from the north are loaded. Under the guidance of coach of the year, they had an 8-1 record last fall. This year, as shown in their debut last week, Northern should be even better. They rolled over Central Michigan 35-0 last Saturday in the state's gridiron inaugural.

Then there's Hillsdale, spanked by the MIAA for being too ambitious, and Western Michigan, on the threshold of major classification, among the state's powers.

Thumbnail sketches of the teams:

Northern Michigan — Ferenczi says "we will be a very good team—a better team than last year because of the number of veterans in the lineup." His line averages 220 pounds from tackle to tackle. His backfield—well, there isn't a better one among the state's small colleges. Frank Novak, the quarterback, already has thrown three touchdown passes this season. Paul D'Arras and Gene Valesano provide Northern with quick inside and outside running. At end Wayne Sickler and Mike Milecki provide Novak with sure-handed receivers. The Wildcats have a great chance to go unbeaten.

Hillsdale — Muddy Waters, team in its first season as an independent after leaving the MIAA, again is the biggest in the state. The Dales have 23 lettersmen on a squad of 76 players. Hillsdale's toughest game is against Northern on a new-type schedule. Three of the backs—quarterback Chuck Redding, Bill Knapp and Dick McDonald—return from the 1960 team that posted an 8-1 record plus a victory in the Mineral Bowl.

Western Michigan — Plays five major schools and should be a major next year itself. Most's major rivals in University of Detroit, not Utah State plus Miami (Ohio), Bowling Green and Ohio State in its own mid-American conference. Coach Merle Schlosse has 24 returning lettersmen led by the backs—quarterback Chuck Redding, Bill Knapp and Dick McDonald—return from the 1960 team that posted an 8-1 record plus a victory in the Mineral Bowl.

Central Michigan — The Chippewas' schedule is coach Bill Kelly's major problem. On the heels of last week's 35-0 loss to Northern, Central must play Western Michigan, Youngstown and Southern Illinois in order. Southern has been the dominant power of the IIAA, where Central finished fourth last year, for many seasons.

Ferris — Sam Ketchman's team posted the first record in school history last year, 7-1. But much of the work was done by McNally, the state scoring champion. Only six starters return. Only Bill Skismore, converted from fullback to

halfback, returns in the backfield.

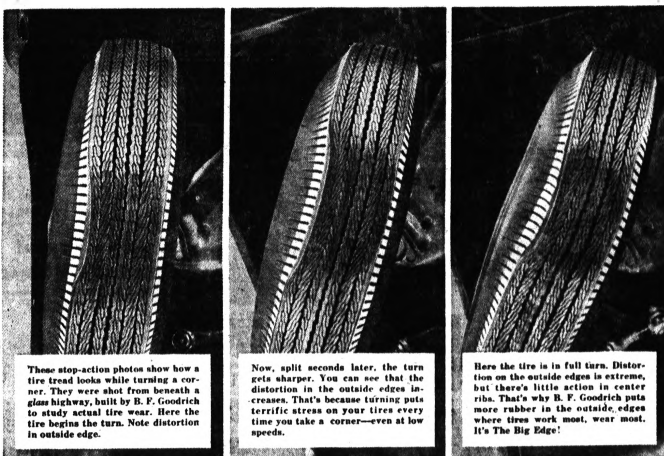

Eastern Michigan—The Hurons, coached by Fred Trosko, are playing their last season in the IIAA. Eastern has won only once in 17 games the last two seasons and this year may not be much better.

Michigan Tech—Omer LaJeunesse has lost Bill Wiljanen, his top-notch end, but still has a dazzling passer in Ralph Abma.

The Lions haven't won in the Packers' own back yard since 1957 when they won the title. A crowd of 45,000 is expected for the game which will be televised back to Michigan.

B.F. Goodrich

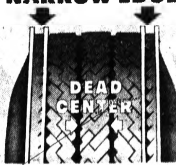

Turning a corner at 13 m.p.h. puts as much wear on your tires as driving 10 miles on the highway at 40 m.p.h.!

Action photos shot through "glass highway" show severe pressure on outside edge of turning tire. That's where B.F. Goodrich puts extra rubber to fight wear... it's

THE BIG EDGE!

NARROW EDGE

DEAD CENTER

24-MONTH ROAD-HAZARD GUARANTEE.

Because of the high quality of workmanship and materials, our B.F. Goodrich tires are guaranteed against blowouts, cuts, breaks caused by road hazards encountered in normal driving. If a tire is so damaged beyond repair, you get full allowance for remaining tread against the purchase of a replacement at current retail list price. Your B.F. Goodrich dealer has complete details.

ONLY \$1 DOWN—UP TO A FULL YEAR TO PAY

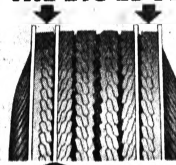

OTHER TIRES

have narrow edges, as this diagram shows. Following tradition, the rubber is concentrated in the center rib. But in today's driving, that's a "dead center" where tire action and tire wear are least. Look at your own tires, and you'll see the first signs of wear are on the outside edges.

BFG SILVERTOWN

has a radical new tread design—with up to twice as much rubber as other major brands, first-line drive in the outside edge of the tread. That's where today's turn work must wear most. It's The Big Edge and a big edge in safety and mileage for you! Yet you pay no more for a SilverTown!

SOUTHGATE (UPI) — Voters of this Detroit suburb decided by 814 votes to 519 votes to discontinue newspaper publication of City Council proceedings. It was the first city charter change for the three-year-old city.

MSU to Train 35 for Corps

After 8 Weeks, Group Will Go to Nigeria to Teach in University

EAST LANSING (AP) — About 35 men and women will begin training as Peace Corps candidates at Michigan State University next week, it was announced today.

Simultaneous announcements from Peace Corps headquarters in Washington, D.C., and MSU said the candidates would train for teaching assignments at the new University of Nigeria at Nsukka.

The project—12th to be announced by the Peace Corps—is the first in Michigan, the university said, and the first in which the entire group is being assigned to a foreign university.

Candidates, who will undergo eight weeks of training, will represent the following areas of study: English, mathematics, teacher training, vocational education, economics, political science, history, home economics, agriculture, guidance counseling, natural science and social science.

They will serve two years at the university, which MSU personnel helped establish last fall, the university said.

Dr. Glen L. Tugger, dean of international programs, and Dr. Ralph H. Smucker, associate dean, made overall arrangements for Peace Corps assistance at the University of Nigeria, the university said.

Dr. Donald L. Grummon, psychology professor and director of the MSU counseling center, is director of the Peace Corps project. He will accompany volunteers to Nigeria.

Pershing Missile Scores in 18th Test

CAPT. CANAVERAL, Fla. (AP) — The Army's Pershing, an artillery missile scheduled for deployment in Western Europe next year, registered its 18th success in 22 test firings Wednesday night. Officials reported the 34-foot solid-fuel rocket performed as intended in striking more than 200 miles down range. A major goal was to check operation of the artificial guidance system.

A cross between a parachute and a glider called a "paraglider" has been successfully tested. It provides one possible method of bringing a space capsule back into the atmosphere at a safe temperature.

ANTICASTRO REFUGEES ARRIVE—An anti-Castro Cuban waves and shouts on arrival at Caracas, Venezuela, with his wife and mother. At right another Cuban refugee waves. They were in the first planeload of Cuban refugees airlifted to Caracas from Havana, where they had taken refuge in the Venezuelan embassy.

Will Team With Burns Before Queen

Benny to Sub for Retired Gracie

By JAMES BACON

AP Movie-TV Writer — George has been doing a simple job for ever since he makes guest TV appearances such as hosting and narrating next Sunday's "Laugh-In for good and the happiest she has" as George Burns is taking Jack Benny in a war for a London Du Pont show.

"STRAIGHT MAN"

"I play straight man to tie together film clips of Chaplin, W.C. Fields, Laurel and Hardy, the real Burns and Allen and the real Jack Benny among others."

"Jack will be Gracie," says George. "He'll play it straight. He is straight as Benny can get in a blond wig, high-heeled shoes and Don Loper gown."

The two old friends have done dim lights many projects, but the same Burns and Allen team line at parties around town that make people laugh—never someone took a picture. It is chance.

"We use a monologue of Bob Hope doing a routine on the Bar."

ENGAGEMENT ANNOUNCED — The engagement of Princess Sophia of Greece to Prince Juan Carlos, son of the pretender to the Spanish throne, was announced by the royal palace in Athens Wednesday. Both the prince and princess are 21 years old.

Hearing Held on Safety Code

State Solons Concerned Over 40 Deaths in Year in Building Industry

LANSING (AP)—Strong concern has been expressed before a legislative committee over the toll of 40 deaths in Michigan's construction industry last year.

"We need a stricter state safety code on all levels," said James A. Bowden, state labor commissioner. Bowden said there have been several recent instances of workmen being killed in excavation caves-ins in Lansing and Detroit.

"We've had people buried alive in the Detroit area in trenches up to 25 feet deep," Bowden said.

Rep. Perry W. Greene, R-Grand Rapids, chairman of the joint legislative committee studying possible changes in the safety code, conducted the hearing. More than 50 persons appeared in the Senate chamber.

Spokesmen for two chapters of the Associated General Contractors of America led the opposition to changes in the present safety code. Appearing as witnesses were Henry S. Hunt, who said he represented some 35 contractors in the Detroit area, and Wesley G. Jettama, who reported he represented about 110 contractors in out-state Michigan.

They contended the contractors are doing a good job of safety programs and that the expense of policing the some 3,000 to 5,000 construction projects going on in the state would be an additional burden on the taxpayers.

Rape Trial of Priest Goes to Texas Jury

AUSTIN, Tex. (AP)—The trial of the Rev. John B. Feit, 27, charged with the attempted rape of a Pan American College coed last year, was to go to the jury Wednesday. Testimony ended abruptly Wednesday.

The Roman Catholic priest is charged with assault with intent to rape Miss Maria America Guerra, 21, in the Sacred Heart church in Edinburg, Tex., March 23, 1960.

Miss Guerra testified that Feit, 27, of Fort Worth, Tex., attempted to force her to have sex with him. She said he attempted to stuff a handkerchief in her mouth and threw her to the floor. When she bit his finger, she testified, he ran.

Father Feit pleaded not guilty. He did not testify.

Grand Rapids Favors Tax-Exempt Shelters

GRAND RAPIDS (AP) — Approved fallout shelters should be exempt from property taxes up to \$300 of state equalized valuation, according to the Grand Rapids City Commission.

A resolution adopted Tuesday by the commission urges passage of permissive state legislation on the tax waiver. It follows commission action of last week when a \$1 building permit fee was waived on construction of Civil Defense-approved shelters.

The heat of a lightning bolt causes nitrogen to combine with the oxygen in the atmosphere. The nitrogen oxides disperse in the air and combine with water vapor to form nitric acid. The acid falls to the earth in the form of rain, which fertilizes the soil.

Vote No on Everything

WARREN (UPI) — Warren voters turned down a proposed reduction in working hours of firemen and in nearby Clinton Township voters turned down bond issues.

U.S. Readies for Underground Nuclear Test Blasts

WASHINGTON (AP)—The United States is expected to resume underground nuclear testing within a week or 10 days.

This became known today as the Joint Congressional Atomic Committee called a closed session to go over plans for the new American series and to hear a top secret analysis of the nine Soviet blasts since Sept. 1. The two latest shots came Wednesday.

Rep. Chet Holifield, D-Calif., chairman of the Senate-Atomic Energy Commission, and Maj. Gen. F. J. Rosenhauser, representing the Defense Department, are "working night and day" to get the American tests under way.

Holifield said that the experiments will start with a number of underground blasts of relatively low yield.

SECRET BRIEFING

The joint committee will get its secret briefing from Dr. Glenn T. Seaborg, chairman of the Atomic Energy Commission, and Maj. Gen. F. J. Rosenhauser, representing the Defense Department, that will handle the military phases of the Nevada test series.

Various explanations have been advanced for the wide range of power yield detected from the nine Soviet blasts. Wednesday's

shots were reported by the AEC as being in the low to intermediate range.

In nuclear terminology, low range could mean a force comparable to the American atomic bombs that blasted Hiroshima and Nagasaki. They had the explosive equivalent of 20,000 tons of TNT.

Some shots in the new Soviet series have exceeded the 1-million-ton range. Some scientists have suggested the Soviets are testing trigger devices for a super bomb that Soviet Premier Khrushchev has said he will build with the punch of 100 million tons of TNT.

WIDE ASSORTMENT

This wide range of yields also has suggested the possibility that the Soviets are trying to catch up with American lead in developing a wide assortment of nuclear weapons.

The United States earlier perfected itself Wednesday night and said there had been a mistake earlier in the day when it reported an abrupt increase in atmospheric

radiation detected by its fallout station in Phoenix, Ariz.

A spokesman said the corrected reading for Tuesday was "more comparable to figures earlier in the month." However, the health service stressed that even the mistaken higher reading was not high enough to pose a health threat.

INEVITABLY FORCED

The United States accused the Soviet Union of secretly preparing to resume nuclear tests while negotiating at Geneva for a test Kennedy was "inevitably forced" to ban. The statement came Wednesday in a reply to a Japanese note last week asking America to re-consider its decision to resume testing.

So he sat down with a lot of 16-year-olds and passed the examination in that subject. Now he is going to take on the Russian and Italian languages.

Gasoline service stations in the U.S. accounted for \$16,798,000,000 worth of gas, oil and other petroleum products sales.

Englishman, 74, Starts Working on Education

LONDON (AP)—At the age of 74 Frank Leopold Corrick thought it was time to attend to some deficiencies in his education.

So he sat down with a lot of 16-year-olds and passed the examination in that subject. Now he is going to take on the Russian and Italian languages.

Legion Urges Strong Defense

Also Demands Watch on World Communism, Subversion at Home

DENVER, Colo. (AP)—The American Legion has demanded a build-up of national defense, a firm stand against communism throughout the world and watchfulness to prevent subversion at home.

The program made public on Wednesday, was drafted during three days of business sessions by the 26-million-member veterans' organization during its 43rd annual convention.

Election of officers, a report by the committee on foreign relations, and an address by former President Harry S. Truman were scheduled for today's closing session.

Even before the foreign affairs committee reported, the Legion pledged its support to President Kennedy's policy to deter aggression, including containment and mobilization of National Guardsmen and reservists.

CALL FOR TESTS

The program called for resumption of nuclear weapons tests, both underground and in outer space, with all due humane consideration regarding radioactive fallout.

It. Geoghan told an inquest that didn't mention testing in the earth's atmosphere.

Also recommended were speed-up of the Atlas, Titan, Minuteman, Polaris and Nike Zeus missile programs and quicker building of B-70 and B-54 bombers.

It called for an Army of at least a million men backed by 300,000 reservists and 80,000 National Guardsmen.

Build-up of anti-submarine defenses and modernization of the Merchant Marine were asked.

Says Visibility Bad Before Ireland Crash

SHANNON, Ireland (UPI)—Airport Control Officer James Geoghan said Wednesday that the President's Airline plane that crashed Sunday, killing all 81 persons aboard, took off under conditions of poor visibility.

For the home fixit who wants rugged dependability with power to handle most accessories. Precision-gear key chuck. Locking trigger switch. Get this powerful tool at this low, low Sears price.

More than half of all homicide victims are slain by firearms.

Look Out for the Mice

ST. INGOBERT, Germany (AP)—Frank Laves, 24, a Dutch lion tamer with a local circus, didn't show up for his performance on Wednesday. He had been bitten by a mouse.

Laves, who handles five tigers, said the mouse bit his hand, causing blood poisoning. The lion had to be bandaged, and the doctor advised against entering the arena for a few days.

"Tigers are friendlier than these mice," he said. "Mice are pretty lousy characters."

Hearing Loss and the Family Doctor

JACK PAAR, 11:30 p.m. (4). Hugh Downs is host in New York. Paar appears in final hour with taped-in-Berlin segment. Guests: Curt Jurgens, Peggy Cass.

Wants Platform of GOP Update

Sen. Goldwater Urges Need for Statement of Party Principles

WASHINGTON (AP)—Sen. Barry Goldwater, R-Ariz., proposed today that Republicans draft a new statement of party principles to replace the 1960 platform for next year's congressional campaign.

Goldwater, who heads the Republican Congressional Campaign Committee, said this is one of the matters likely to be discussed when he and other leaders meet with former President Dwight D. Eisenhower Sept. 25.

GOP National Chairman William E. Miller, Bob Wilson, R-Calif., who heads the Republican Congressional Campaign Committee, and Goldwater will meet with Eisenhower.

Goldwater said in an interview he thinks the Republicans ought to get together on a brief statement of fundamental issues to supplement their platform declarations which will be two years old when the drive for Senate and House seats is on.

The forthcoming meeting of the chairman with Eisenhower points up the increasingly active role the former president is playing in party affairs.

Senate Republican Leader Everett M. Dirksen of Illinois said he regards it as natural that a president who served two full terms retired without defeat should continue to be looked upon as the top party leader.

The mink fur is said to have a voice closely resembling the noise produced by hammering a long nail into heavy timber.

Holding Workshop in East

GOP to Fight for Big-City Vote

HARTFORD, Conn. (UPI)—Republican leaders from New England and the Middle Atlantic states today planned an assault on the "big city" vote to strengthen their chances for national political victories.

GOP Chairman William Miller told leaders from 11 states "we can never hope to win a national election unless we do something about the big cities."

Miller voiced the warning as GOP chairman, congressmen and defense plan, Defense Minister Dean J. Dyre told parliament to

Miller said unless Republicans get "at least" 38 per cent of the vote in cities like New York and Philadelphia they "can never hope" to regain control of the White House or Congress.

In the last election the total popular vote was 120,000 less than the Democrats, but we lost in New England and the Middle Atlantic states by more than a million," he said. "We can't win elections that way."

On the surface, harmony prevailed as the leaders worked on a

blueprint for victory" but in the background lurked a split between forces supporting Gov. Nelson A. Rockefeller of New York and Sen. Barry Goldwater of Arizona.

Miller said the plan would permit rapid development of a maximum initial force of 15,000 men to support extensive operations in southeast Asia.

Without this approval and President Kennedy's signature, which is expected, the commission would have died in November.

The commission's new two-year lease on life was a provision in an appropriations bill passed in quick order Wednesday by the House and Senate.

First the House agreed by a 300-106 vote to add the extension provision to the bill. Much of the opposition came from Southern Democrats.

Then, the House passed the bill by voice vote and sent it to the Senate. The Senate, by voice vote sent the measure on to the President.

Overall, the bill provides \$76,422,500 to finance the State and Justice departments, the Federal Bureau of Investigation, the U.S. Information Agency. The total was \$28,888,652 below Kennedy's requests.

Nixon was in Denver to attend a GOP fund-raising rally and address the American Legion National Convention.

Truman will address the convention today.

"If we can't beat them at the polls," Nixon declared, "we can beat them at the piano."

The worst fire in U.S. history was the one that followed San Francisco's earthquake in 1906. It destroyed 28,000 buildings and damaged another 150,000.

The worst fire in U.S. history was the one that followed San Francisco's earthquake in 1906. It destroyed 28,000 buildings and damaged another 150,000.

He said the conference—the first of four regional meetings—would be devoted exclusively to organizational plans.

"This idea of building from the bottom up with district organizations and not issues is hogwash," a pro-Rockefeller leader said. "To win elections you've got to have appealing issues and a candidate who is willing to discuss them."

The Eastern leaders appeared agreed Rockefeller, Goldwater and former Vice President Richard M. Nixon were the top possibilities for the 1964 presidential race.

Most of them declined to take a stand "at this time," but privately said Rockefeller was preferred in the East.

'New Wave' Writer Furnishes Fresh TV

By FRED DANZIG
 NEW YORK (UPI)—Now that the daring "new wave" directors have moved in to help revitalize motion pictures, let's make today for a "new wave" writer on TV.

Wednesday night's ABC-TV Special, "The Connie Franch Show," was a frothy and fresh-looking hour. I thought its chief distinction was the script, written by Jack Wohl. I understood this was his first crack at a TV special.

Wohl's theme dealt with sounds—the sounds of voices, paper, walking, hands, clocks, reading, children and of course, music.

Not every application was a complete success, but each made itself welcome by striving for freshness and buoyancy. Wohl's efforts sought to rise above the hackneyed expressions so familiar to TV specials as he went about rediscovering and savoring the commonplace experience, bless him.

His material maintained balance as low key, nonpowerfully and awing. Something like a hungry Ernie Kovacs.

I noted in the program publicity that Wohl is the man who created the "What Is Bess?" Another reproduced the sounds of summer. Remember?

Of course, Wohl's success must own a great deal to some mighty talents that were brought in to aid Miss Franch. I refer to such old-waves as Art Carney and Eddie Foy Jr. Carney, in superb form, was best in a spoof of "Commander Whitehead" commercials and as the host and star of a stuffy TV show called "Project XXI." Eddie Foy also was a delight.

Alexander Scourby, the noted narrator, was not to work narrating the show and, as usual was excellent.

While Tony Makes Film Janet Plays Dutiful Wife

NEW YORK — Tony Curtis and Janet Leigh saved their Hollywood marriage which looked on the rocks a few weeks ago with their two children, they sail from here today for Argentina where Tony'll do a movie with Janet adorning and being a dutiful wife and mother.

Janice Rule was kissing Ben Gazzara (crutches and all) on a busy street corner here—right in broad daylight.

Sammy Kaye contributed his dance band to the wedding reception Jackie Gleason gave his daughter Geraldine.

Sammy left the stand to all with Mary McGee—and added Toots who about how clumsy he looked dancing. "Listen," roared Toots, "did you ever try to dance

"Professors should drive trucks," exclaims a headline in the Ohio State University Monthly. Editor Jack Fullin in the editorial explains that some milk truck drivers now get \$10,000 a year, while the mean salary of a professor at Ohio State is \$10,744. Further, he reports, a TV repairman charged a Columbus doctor's wife \$7.50 for a 15-minute repair chore. Mrs. Doctor said, "My husband doesn't get that much for a house call!" The TV repairman actually remarked, "Lady, I had to go to school to learn how to do this!"
