Tempers Flare Up Over Probe of SEC

Rare Flower Blooms

Pontiac Press Photos

ONCE A YEAR — Miss Grace Trembley, 5655 Shore Dr., Orchard Lake, proudly holds a huge Night-Blooming Cereus, which bloomed last night. The white, extremely fragrant flower, which resembles a water lily and is a type of cacti bloom, is 12 inches wide. The bud takes five months to bloom and then only lives five hours. This one died last night at midnight.

Former Chief Calls Charges Outrageous

Denies Allegations That His Agency Could Ever Be Influenced

WASHINGTON (AP)—Tempers flared at a House hearing today when former Securities and Exchange Chairman J. Sinclair Armstrong called it outrageous for anyone to suggest the SEC could be influenced.

Rep. Oren Harris (D-Ark), chairman of the House Subcommittee checking regulatory agencies, dismissed Armstrong from the witness table with a loud bang of the gavel.

Armstrong, now an assistant secretary of the Navy, declared "I've been outraged" at allegations that SEC people "could possibly be influenced by anybody."

Harris said he wanted to hear the rest of Armstrong's statement but had to go to another committee meeting. Armstrong was called back to the stand an hour later, but Harris didn't show up unti lthe end of the morning-long hearing.

In the meantime, the congressmen got a bit more information about a White House contact with the SEC prompted by Sherman Adams in a case involving Boston industrialist Bernard Goldfine.

Adams, President Eisenhower's top aide, has acknowledged accepting expensive favors from Goldfine but denied seeking preferential

Terminal Site Purchase OK'd

Commission Approves Airport Expenditure of $22,600 for 20 Acres

Negotiations toward construction of a new terminal building at Pontiac Municipal Airport moved ahead last night when city commissioners approved spending $22,600 to purchase 20 acres for the proposed building.

★ ★ ★

It is located just off M59 and west of the present administration building at the corner of Airport road and M59 (Highland road). It will have a 100-foot frontage on Highland road.

City Manager Walter K. Willman told the commission that "picking up" the option on the property, at $1,130 an acre, will complete all negotiations. The vacant property is owned by Mrs. Eva C. Richmond.

Commissioner Milton R. Henry inquired whether the city couldn't get greater federal participation in the land acquisition. Willman answered "no," saying the allocations have already been made.

★ ★ ★

Purchase of the land for the building is part of the 1957 airport improvement program approved by the commission in February. It also includes lighting of runways and taxi strips and fencing around the field.

Wyoming Samples January in June

CHEYENNE, Wyo. (AP)—It was January in June today in southeastern Wyoming. A light snow fell and temperatures dipped into the 30s.

Laramie's 34 was the lowest early morning reading. Cheyenne, the state capital, was only one degree warmer. An inch of snow was on the ground at Laramie.

Temperatures were in the 40s elsewhere in Wyoming and northeastern Colorado.

Denver, 100 miles south of here, last night had gusts of winds up to 55 miles an hour. Power lines were snapped, limbs ripped from trees and windows were broken.

Chrysler Pickets Nearly Beaten

Police, Union Chiefs, Rain, Cause Talk About Returning to Jobs

DETROIT (UPI) — Police, their union superiors and finally rain today turned the few hundred strikers at the Redstone-Jupiter missile plant into a nearly beaten, bedraggled group.

After more than 125 police and sheriff's deputies at times completely barred them from parking lot entrances at the Sterling Township Chrysler-operated plant, a heavy rain drenched the hundred or so strikers on hand.

★ ★ ★

The members of United Auto Workers Local 1245 had already seen their international union destroy the last bits of their authority by summoning local officers to a meeting this afternoon.

Some of the picket captains tried to drum up support for a mass demonstration in front of the UAW International headquarters near downtown Detroit before the meeting to decide whether the International should oust local officers and take control of the local.

But other striking union members were so dispirited they talked of going back in the plant at noon to save their jobs.

★ ★ ★

These members were immediately shouted down by others who feel they will be fired in any case and their only hope is to go through with the demonstration and stay on the picket lines.

The UAW held bargaining talks on national contracts yesterday with all Big Three car makers but no progress was reported. Negotiations with the companies were scheduled again today.

Wolfson's Statement Denies Wrongdoing

NEW YORK (AP)—Financier Louis E. Wolfson denies any wrongdoing in connection with stock of the American Motors Corp.

Wolfson, defendant in a civil court action brought here by the Securities and Exchange Commission, said in a statement from his Jacksonville, Fla., office: "Any charge or accusation of manipulation or fraud by reason of anything I have done is ridiculous and will be proved to be unjustified in due course."

★ ★ ★

Wolfson added: "I have just returned from a hospital, am now convalescing and for more than a week have had no personal participation or knowledge of stock transactions affecting my interests."

Wolfson said he has not owned any American Motors stock for several weeks.

He was temporarily restrained by Federal Judge Frederick Bryan yesterday from further dealings in American Motors Corp. common stock. The SEC said the company was not involved in the case against Wolfson.

★ ★ ★

The SEC charged Wolfson had tried to manipulate the price of

More Rain Tonight, Ending Tomorrow

The weather outlook for Pontiac and all of the Lower Peninsula is showers and scattered thunderstorms tonight. Showers will end Thursday with the temperature a little cooler.

Tonight's low will be near 55. Tomorrow's high is expected to be around 70. Tomorrow night will be partly cloudy and cooler with a low of 50. Partly cloudy is the forecast for Friday.

Small craft warnings are in effect on Lakes Huron and St. Clair with gusty winds and thunderstorms tonight.

The lowest temperature in downtown Pontiac preceding 8 a.m. was 62 degrees. The thermometer read 66 at 2 p.m.

Cornice Crushes Detroit Shopper

Woman, 79, Dies as Section Falls From Top of Downtown Building

DETROIT (UPI) — An 18-foot section of masonry cornice cracked loose from atop a seven-story downtown Detroit building last night and a window-shopping woman on the sidewalk below had only a split second to live.

The masonry crashed down on Mrs. Myrtle Taggart, 79, while she gazed into the window of Winkelman's women's apparel store at the corner of John R. and Woodward.

She died instantly. Two others were slightly hurt.

Mrs. Alvera Casper, 22, of Dearborn was standing next to Mrs. Taggart when the masonry crushed her head, and she was treated for nervous shock. Mary L. Garland, 24, suffered minor injuries when a chunk of the cornice hit her on the foot.

Mayor Louis Miriani ordered building inspector Charles Allen to begin an immediate inspection of all downtown buildings. Police said it was lucky the cornice didn't fall an hour earlier, when the sidewalk was jammed with late shoppers and persons leaving their jobs. The building is one of the older downtown structures.

Charles E. Allen, chief city building inspector, said the cornice fall was the result of rusting which weakened the supporting rods.

Crew Jumps Into Inferno as Tanker Sinks

Several Men Missing, 37 Hurt; Flames Sear Manhattan Bridge

NEW YORK (AP)—A Swedish freighter rammed a gasoline tanker on the darkness-shrouded East River early today, sparking a towering blast of flames which seared the Manhattan Bridge 130 feet above.

The tanker sank. Two or three men were missing and 37 injured.

The sinking freighter, Empress Bay, spewed its gasoline cargo into the river.

The busy shipping artery was closed to traffic for hours.

Although a wide area of the stream was turned into an inferno shortly after the collision, many crewmen plunged into the water screaming for help.

Rescue craft rushed out to pick up the swimmers. One New York City fireboat was disabled in the task.

★ ★ ★

The East River, which separates Manhattan from the city's boroughs of Brooklyn and Queens on Long Island, is about half a mile wide at the point in lower Manhattan where the smash occurred in midstream at 12:25 a.m.

Thousands of spectators were attracted to the river banks. Leaping flames provided a grim but brilliant illumination.

For several hours after the tanker sank and the flames subsided, the menace of further explosion or fire from the water-borne fuel led authorities to halt travel by other ships on a seven-mile stretch of the river from Hell Gate south to the Brooklyn Bridge.

SMOKING FORBIDDEN

In addition, police forbade smoking along the waterfront on both sides of the river. All except emergency personnel was ordered away, and firemen stood ready with hoses on piers.

The swirling flames following the collision licked up to the superstructure of the Manhattan Bridge and set off some minor fires. These were extinguished quickly but they burned through some electric cables and brought to a standstill automobile traffic

Foundation for MSU-O Is Formally Established

EAST LANSING—Formal establishment of the Michigan State University-Oakland Foundation has been announced by D. B. Varner, Vice-President for Off Campus Education at MSU.

The Foundation was legally chartered "to encourage, counsel, advise and promote the establishment by the State Board of Agriculture and the state of Michigan of an institution of higher learning at Meadow Brook Farms in Oakland County, Michigan . . ."

★ ★ ★

Ground-breaking ceremonies were held May 2 for the first classroom building at Meadow Brook Farms, given to the university by Mr. and Mrs. Alfred G. Wilson. The building is scheduled to be ready for students by the fall of 1959.

Elected president of the Foundation was Harold A. Fitzgerald, publisher of The Pontiac Press, who previously served as chairman of the MSU-O Advisory Board.

Four were elected to the position of vice president. They are: Don E. Ahrens, Bloomfield Hills, retired general manager of Cadillac Division, General Motors Corp.; James C. Zeder, Bloomfield Hills, vice president of the Chrysler Corp.; Mrs. William T. Gossett, Bloomfield Hills, wife of the vice president of Ford Motor Co.; and Paul K. Cousino, Superintendent of Warren Consolidated Schools.

Over Demonstration at Embassy

U. S. Protests to Russia

WASHINGTON (AP)—The United States bitterly accused the Soviet government today of stage managing the demonstration at the U.S. Embassy in Moscow.

★ ★ ★

The resulting situation, the State Department said is bound to increase international tension.

The United States accused the Soviet official news agency Tass of distorting the facts of last Sunday's demonstration by Hungarian refugees against the Soviet United Nations mission in New York.

★ ★ ★

The State Department's spokesman, press chief Lincoln White, said no reports had been received as yet from the U.S. Embassy in Moscow.

Just Waiting for a Clean Start

I am the implacable enemy of the half-cleaned building you see right here.

This is the Oakland County Courthouse.

The ravages of time have a slow effect, but I handle things immediately. I am a despoiler of Pontiac's downtown in general. I respect neither people nor property.

★ ★ ★

I am quiet, efficient and effective. I am friendly and will almost let you touch me. Some people think I'm attractive.

But beware!

I'm a ceaseless worker.

Will the county authorities do something about me? I'm sorry, pal, but they probably won't.

They never have.

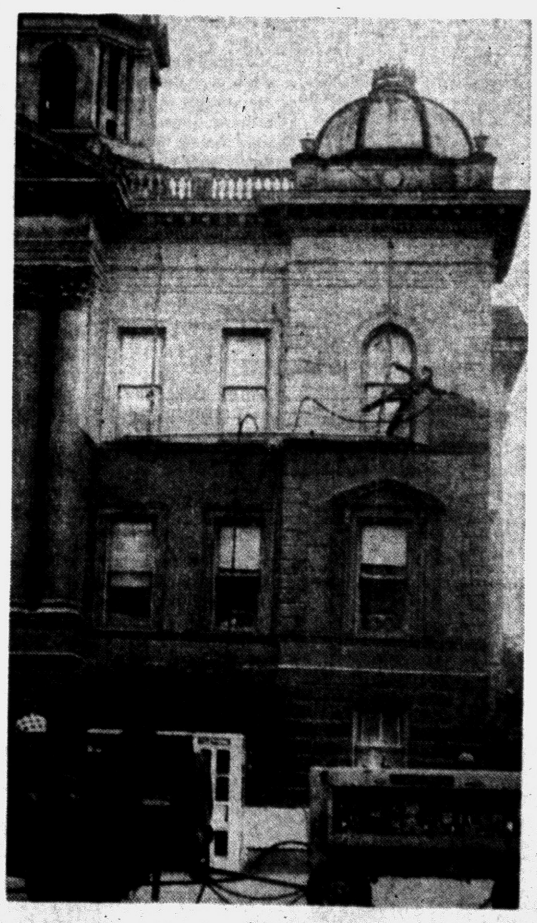

Will the city authorities do anything about me as I live mainly on their property? I'm sorry, friend, but they probably won't.

They never have.

★ ★ ★

So-o-o-o-o-o-o-o, greetings. And watch me go to work on this fine old building in my fine old style.

I'm a downtown Pontiac pigeon.

SAND-BLASTING PROGRESSES—Workmen who are cleaning the Oakland County Courthouse are now on the Saginaw Street side, after finishing on West Huron Street. Only two sides of the building will be cleaned.

Gov. Williams Strolls Briskly Over Our Mackinac Span

Festival Under Way for Bridge at Straits

MACKINAC BRIDGE (UPI) — Gov. G. Mennen Williams, with sea gulls over his head, and a sunflower seed in his mouth, strolled briskly across the rain-drenched Mackinac Bridge today to unofficially open the bridge dedication festival.

★ ★ ★

Williams made the five-mile stroll in one hour, six minutes, far behind two speed walkers who finished in a dead heat after 45 minutes of Olympic-style walking.

SLOSHES THROUGH

The governor, who wore a raincoat, but no rubbers, sloshed through the St. Ignace toll gate at 9:05 a.m.

Michigan's long-legged chief executive walked with 34 members of the International Walkers Association of America, his State Police bodyguard, two reporters and Larry Rubin, secretary of the Mackinac Bridge Authority.

Williams began to tire a few minutes after the walk began.

"I think I'm running out of gas," he said.

"Here, Governor, try this," one walker said. "It's my last one but it should help you finish."

EATS SEED

It was a sunflower seed. The governor ate it.

Fog, midway across the bridge, was so thick it was difficult to see the sea gulls perched on the bridge cables.

Half a dozen events, highlighted by the walk across the five-mile span and first public sale of the Mackinac Bridge commemorative three-cent stamp, were on the agenda for today.

At noon, scores of Michigan's top politicians gathered on Mackinac Island for the formal dedication of the commemorative stamp.

Postmaster General Arthur E. Summerfield of Flint spoke on the significance of the bridge and also made stamp album presentations to Army Secretary Wilber M. Brucker, former Republican governor of Michigan; Williams, and other top state and bridge officials.

★ ★ ★

Meanwhile, thousands of tourists began pouring into the area for the official opening of the three-day spectacular tomorrow.

Dedication officials said visitors should have little trouble finding accommodations within short driving distance of the bridge.

They feared, however, that many persons who planned to come to the festival may be scared away by reports that all accommodations within a 50-mile radius are filled.

"That report is not true," said James Tuttle, a dedication official. "Many motels in the area have rooms available."

Tuttle said reports that half a million or more persons are expected to attend the celebration "are a little exaggerated."

★ ★ ★

"We are anticipating an attendance of between 100,000 and 300,000 during the three days, depending on weather of course," Tuttle said. "And we'll feel the festival has been a big success if 250,000 persons attend."

Dedication officials kept in close touch with the Weather Bureau for latest forecasts.

"I hope we have had our full quota of rain for the week," Tuttle said, following one of the heaviest downpours of the season yesterday. It brought a halt to all outdoor preparations for several hours.

SCATTERED SHOWERS

The forecast today called for scattered showers and thunderstorms while the outlook tomorrow was for partly cloudy and cooler weather.

Workmen were rushing to complete painting the span's 552-foot south tower above the roadway before the celebration opens. They have completed painting the north tower an ivory color.

However, the entire bridge decoration job will not be completed until after the festival. High winds and rain have caused several delays in recent weeks. The span's superstructure will be painted green.

★ ★ ★

Hundreds of other workers were busy putting up military, agricultural, civic and other exhibits in St. Ignace, Mackinaw City and Cheboygan.

Festival officials, who prefer not to get mixed up in any political hassle that may develop during the celebration, hoped all would go well at the commemorative dedication.

In addition to Summerfield, Brucker and Williams, most members of Michigan's congressional delegation were expected to be on hand for the luncheon at the Grand Hotel.

★ ★ ★

Summerfield will take part in ground-breaking ceremonies for a new post office at Mackinaw City before going to the island. He will also visit the St. Ignace post office.

Political charges have been flying back and forth between Michigan Republicans and Democrats over the role played by the two parties in the building of the bridge. Republicans claim they were being "frozen out" of the dedication festival.

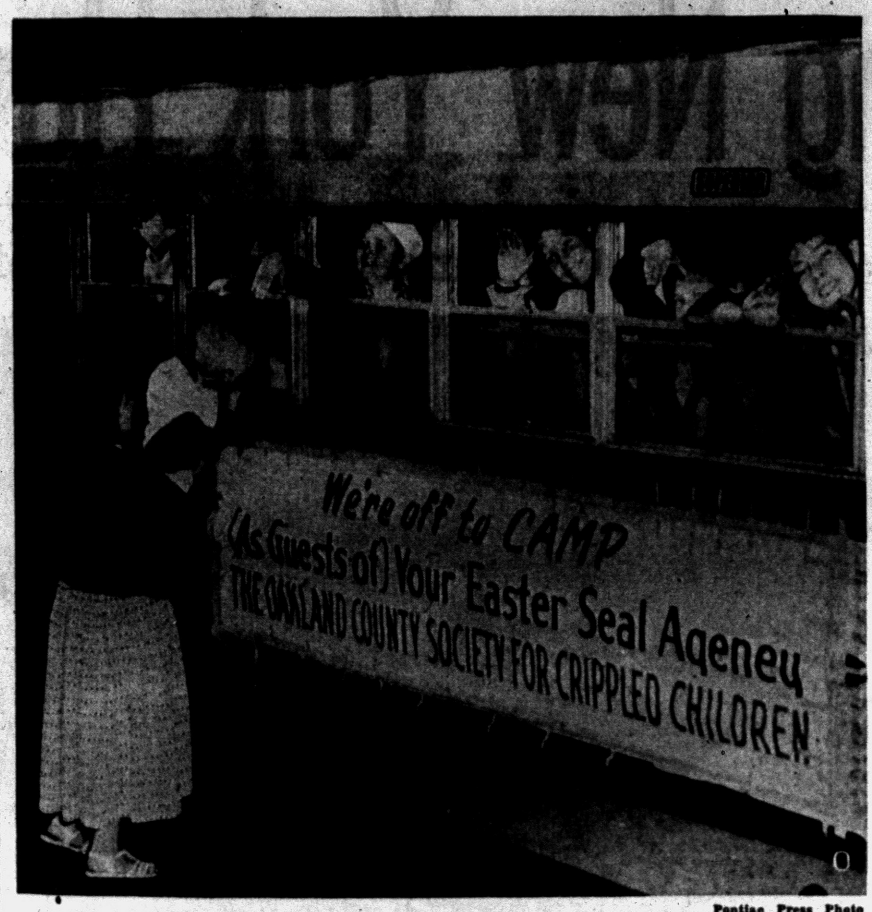

Friday night, more than 100 members of Michigan's Republican-dominated Legislature will attend a banquet honoring them at Cheboygan. However, they'll share the spotlight with 87 city, county and state queens who will be on hand for the festival.

★ ★ ★

Other events scheduled for today include dedication of two registered historical markers, a water ski show on the St. Ignace side of the Straits of Mackinac and a joint Navy-Coast Guard helicopter rescue demonstration and tactical drill on the Mackinaw City side of the straits.

Three Navy patrol escort craft with 100 reserve sailors aboard arrived from Great Lakes, Ill., late yesterday and will conduct training exercises in the straits today and tomorrow.

The first major dedication event is scheduled for noon tomorrow when 110 bands, floats and other marching units will stage a three-hour parade through St. Ignace. It'll be the biggest parade in Upper Peninsula history.

Melville Simpson of Bay City was elected second vice president. The 1959 convention will be held in Bay City.

Nation's Weather Pattern Remains Almost All Wet

By The Associated Press

The nation's weather pattern of the past several days showed only minor changes today, with more showers and possible storms in many areas.

Tornadic winds and severe thunderstorms struck sections of Kansas and Oklahoma during the night but no casualties were reported. Tornadic winds hammered the Arkansas City area, south of Wichita, Kan., near the Oklahoma border, and also in the Salina, Kan., area.

The thunderstorms rumbled across sections from southern Wyoming and Colorado through Kansas, Oklahoma and into Missouri. Heaviest rains were reported in eastern parts of Kansas and Oklahoma, ranging from 1 to 2 inches. Hail and strong winds were reported in many areas. Flood warnings were posted in some parts of east central Kansas.

Freighter Rams Tanker; Manhattan River Ablaze

and subway trains using the bridge.

Two of the missing men were crew members of the tanker. They were identified as engineer Tom Erickson and cook Otto Ahrens.

★ ★ ★

As morning came, operators of the freighter, the Nebraska, said one of its seamen could not be located. The man's name was not available. Police, however, maintained that the two tanker men were the only ones missing.

★ ★ ★

The tanker carried a crew of 7, and the freighter 44. Ten or 11 men from the two ships apparently escaped unhurt.

PHOTOGRAPHER DIES

An indirect casualty was William Finn, 52-year-old photographer for the New York Journal-American. He died of a heart attack while covering the fire.

Many of the crewmen rescued were saved by the fireboat which daringly maneuvered alongside the flaming wreckage so that crewmen could leap aboard. The boat later had to tie up for repairs.

Individual acts of heroism saved others.

Graphic descriptions were given by eyewitnesses of the collision aftermath.

'MUFFLED EXPLOSION'

"I heard a muffled explosion" said James Watson, 41, who works nearby.

★ ★ ★

"I saw a mass of flames that looked about half a mile high and 100 yards wide . . .

"I could hear men in the water, being swept upstream, yelling for help. The flames were also blown north with the wind and tide and appeared to stretch about half a mile along the river.

" . . . I could see the superstructure of the freighter on fire and the side of the freighter blistered. The men aboard were yelling 'Help, help.' "

★ ★ ★

The tanker, the 531-ton Empress Bay, owned by the Petroleum Tanker Corp., sank after breaking away from the freighter. For a time, the two ships were locked together in a flaming grip, the prow of the freighter cutting into the hull of the tanker to form a "T."

★ ★ ★

The other ship, the Nebraska, was burned and battered but able to make port under her own power. A 5,200-tonner, she is owned by the Swedish transatlantic line.

staff about whether Goldfine ever picked up the tab for hotel bills or entertainment for McCarthy. Acting Chairman John Bell Williams (D-Miss) said Bennett would have ample chance to explore the sub-American Motors common stock through "fraud and deceit."

Bryan also ordered Wolfson to show cause tomorrow why he should not be temporarily enjoined from continuing the alleged practices.

Wolfson, 46, started with a Jacksonville, Fla. junkyard. His personal fortune now is estimated at close to 100 million dollars. Until recently he was said to be the largest stockholder in American Motors.

The SEC said Wolfson or his agents caused statements to be published which depressed the price of American Motors common stock.

In its complaint to the court the SEC said Wolfson indicated in various statements last winter and this spring that he was maintaining his interest in American Motors when actually he was unloading his entire holding of the company's stock.

Funnels Menace Michigan

By THE ASSOCIATED PRESS

A succession of funnel cloud reports kept extreme Southern Michigan on edge for a period of hours Tuesday night.

A funnel dipped down near Elkhart, Ind., just south of the Michigan state line, causing some damage.

None was reported to have touched ground in Michigan, however.

In early evening and once again at midnight the U.S. Weather Bureau at Detroit issued reports of funnels.

The reports were combined with severe weather warnings. But at no time was there a tornado forecast.

Hard to Decide on Best Play

City's Theater-Trippers Like 'West Side Story,' 'Music Man'

By PETE LOCHBILER

NEW YORK — With last night's impressive, challenging performance of "West Side Story" still fresh in their minds, Pontiac Press theater-trippers today found themselves divided.

Some found the sensitive, probing musical the best they've yet seen during their initial hours of this five-day holiday in delightful Manhattan.

Others preferred the rollicking, fun-loving "Music Man," which we saw on our first evening here.

While the latter is pure Americana, "West Side Story" is a modern adoption of Shakespeare's "Romeo and Juliet," with a setting reflecting New York's still turbulent tenement house district.

The difference is that in the Leonard Bernstein version, neighborhood gangs are the quarreling parties, not Montagues and Capulets. Yet our theater trip audience felt that the universal theme of love might be the answer — as Bernstein and his author, Arthur Laurents think it could be — to Gotham's juvenile gang war problems.

Tomorrow night, we see our third musical, "Oh, Captain," which is another frolic like "Music Man," but of a more sophisticated quality.

Today, we've got a double-barrel attraction in store for us: Two plays that critics say provide a laugh-a-minute plus a few heart-felt tears.

Yesterday, Pontiac area people discovered New York on their own, and it seemed as if this diversified town had something for each and everyone of us.

Hospital Delays Cutting Wages

Trustees Agree to Hold Off Action Until After Union Meets Thursday

Trustees of Pontiac General Hospital have agreed to postpone action on their $65,000 wage adjustment plan for hospital employes until after a meeting of the employes' union tomorrow night.

The postponement came last night after the Personnel Committee of the Board of Trustees met in a two-hour session to discuss the plan approved Sunday by the board.

Members of Local 100 of the American Assn. of Federal, State, County and Municipal Employes, AFL-CIO, will learn more about the proposed wage cuts at the Thursday night meeting. President of the local, Sam Baker, could not be reached for comment.

Herold B. Euler, acting director and trustee of the city hospital, said trustees and local officials will meet again Friday at 4 p.m.

Euler expressed optimism the plan will still be carried out. It involves reducing the pay for all 647 hospital employes from 20 to five per cent to meet mounting deficits.

Pontiac Delays Reply to Realtor

Commission Holds Off on Paul Kern's Request to Run Hospital

It appeared from last night's Pontiac City Commission meeting that Paul A. Kern Jr. will have to wait a little longer to get an answer to his request to take over Pontiac General Hospital.

City Manager Walter K. Willman said Kern's request to make "a thorough management and financial analysis" of the hospital was turned over to the hospital's Board of Trustees March 18. No answer to the commission has been received, he said.

Commissioners last evening instructed Willman to advise Kern, Pontiac realtor, that as soon as the hospital comes up with an answer he will have his answer from the city.

Kern, of 1977 Long Point Dr., Bloomfield Township, complained in a letter to the commission that he had "waited patiently and long enough" for an answer to his original offer made in February.

Kern's offer for a study received support from Commissioner Milton R. Henry. "I think it would be a good idea for an independent company to perform such a survey," Henry said.

An opposite viewpoint came from Mayor William W. Donaldson. "Are we going to farm out our responsibility?" he asked, referring to Kern's request to lease, manage and operate the city hospital.

The Board of Trustees was forwarded a second letter from Kern questioning certain financial situations at Pontiac General. Commissioners requested an answer within two weeks.

Tempers Flare Up Over Probe of SEC

(Continued From Page One)

treatment of his friend by federal agencies.

Adams has acknowledged too that he had Gerald D. Morgan, special counsel to the president, talk with SEC General Counsel Thomas G. Meeker on Feb. 18, 1956, about an SEC court action against Goldfine's East Boston Co. for not filing required financial reports. Adams said he asked no action and didn't pass any information to Goldfine.

Subcommittee investigator Joseph T. Conlon testified he interviewed Meeker and that Meeker was "hazy" about statements made at the White House conference with Morgan.

"Mr. Meeker took with him his brief case but he did not recall what documents or memoranda were taken," Conlon reported.

The SEC has a rule against disclosure of confidential information outside the agency.

Meeker reported that Morgan "may possibly" have mentioned that Goldfine was a friend of Adams, but Meeker couldn't recall, the subcommittee investigator said. He added:

"(Meeker) did not remember that Mr. Morgan asked him to do anything with regard to the case" and while "his memory was hazy as to the exact statements made during the conference . . . Mr. Morgan may have remarked about the character and integrity of Mr. Goldfine."

When Armstrong returned to the witness chair, he tiffed briefly with the subcommittee, and left it up in the air as to whether he would come back for an afternoon session. Armstrong said he might be wanted by a Senate committee to testify on the Navy's appropriation request.

Armstrong, who was SEC chairman in 1955-57, got in a few plugs on SEC matters.

He asked that the congressmen not make it illegal for members of Congress to contact the SEC. He said it is the right of a citizen to petition his senator or congressman to have the lawmaker inquire of the SEC on matters not up for judicial decision.

And "the greatest contribution that this committee could possibly make" would be to see that the SEC gets funds enough for an adequate staff, Armstrong testified.

★ ★ ★

He said it was in the course of cutbacks in SEC staff in 1953 that the East Boston Co. failure to file financial reports since 1948 came up for renewed attention.

SEC officials had too big a backlog of cases to process, he said, so they separated out those which showed delinquencies in the financial reports.

Armstrong tangled with Harris at the outset, and showed annoyance when Harris wanted to delay his testimony.

The Day in Birmingham

Special Warrant Officer to Be Hired on Fee Basis

BIRMINGHAM — For the first time, Birmingham may soon have a special officer to serve warrants, according to Police Chief Ralph W. Moxley.

City commissioners have approved Moxley's recommendation that a warrant officer be engaged on a fee basis, removing this duty from the Police Department.

Wesley J. Skowron, 30707 Marshall St., Royal Oak, has indicated he will accept the post but final arrangements have not been made, Moxley said.

Skowron, a former Southfield Township constable, has had considerable experience with this type of work, including some warrants served for the Birmingham Municipal Court.

According to Moxley's suggestion, the warrant officer would receive the three dollars court cost for each warrant served. Under the present plan, this money goes into court accounts but is not sufficient to cover the expenses of a police officer in many of the cases, Moxley said.

The commission committee of John J. O'Gorman, Harry Denyes, City Manager L. R. Gare, Moxley, and Donald Cummings, Chamber of Commerce representative, is seeking an extension of time on its parking lot study.

The program calls for a study of parking habits in lots immediately adjacent to the business district.

Meters of both long and short range parking will be shifted to suit the convenience of shoppers in an effort to promote greater parking lot use.

A special meeting of the Bloomfield Hills Board of Education will be held at 8 tonight in the high school to study the budget and determine what, if any, cuts can be made. The Hills district will receive approximately $160,000 less of tax money for the coming school year from the County Tax Allocation Board.

Because an area father transported firecrackers into Michigan from Ohio, a Bloomfield Hills duck was bombed and two boys ended up in the hands of the Bloomfield Hills Police.

Police Captain Walter Sluiter said this morning that the boys have been released to the custody of their parents. He warned against the importation of firecrackers, reminding all that they are illegal in Michigan.

Elliott Robinson has been reappointed to a three-year term on the Birmingham Planning Board.

The history of gas, its manufacture and distribution will be the topic of the Senior Men's Club at the Friday meeting at the Community House.

W. A. Hedgecock, district manager for Consumer's Power Co., will illustrate his talk with colored slides.

The club's discussion group will take up the matter of lowering the voting age from 21 to 18.

president of the Community National Bank.

Four committees will be selected, Varner said, to work in special areas under the four vice presidents. These will include: finance, under Mr. Ahrens; program development, under Mr. Zeder; continuing education, under Mrs. Gossett; and community relations, under Mr. Cousino.

Trustees of the Foundation, in addition to Mr. Varner and the officers listed above, are:

Clark J. Adams, Waterford, Oakland county circuit judge; Christian F. Beaukema, Birmingham, president of the Michigan Limestone Division of U. S. Steel Corp.; Howard R. Carroll, Mt. Clemens, Macomb county circuit judge; Mrs. L. L. Colbert, Bloomfield Hills, wife of the president of the Chrysler Corp.

Maj. Gen. Robert E. L. Eaton, commander, Tenth Air Force, Selfridge Field; Coy G. Eklund, agency manager, Equitable Life Assurance Co., Detroit; William J. Emerson, Pontiac, Oakland County Superintendent of Schools; E. F. Fisher, Brighton, president of Garwood Industries, Inc.; Miss Marion Goodale, Bloomfield Hills, headmistress of Kingswood School, Cranbrook; Fred V. Haggard, Waterford, president of the Oakland County CIO Council.

Delos Hamlin, Farmington, chairman of the Oakland County Board of Supervisors; George J. Huebner Jr., Bloomfield Hills, Chrysler Corp. official; Miss Sarah Van Hoosen Jones, Rochester, former member of the State Board of Agriculture; Bernard A. Kalahar, Center Line, chairman of the Macomb County Board of Supervisors; Adolph Klein, Royal Oak, president of the Wayne-Oakland Bank; S. E. Knudsen, Bloomfield Hills, general manager of the Pontiac Motor Division, General Motors Corp.

Mrs. Roger M. Kyes, Bloomfield Hills, wife of the General Motors vice president and former Deputy Secretary of Defense; Harold LeFevre, Mt. Clemens, Macomb County Superintendent of Schools; Howard MacGregor Jr., Rochester, president of the National Twist Drill and Tool Co.; Paul W. McKee, editor of the Mt. Clemens Monitor-Leader; Lynn S. Miller, publisher of the Royal Oak Tribune; Mrs. Ralph T. Norvell, Pontiac civic leader; Raymond T. Perring, Bloomfield Hills, president of the Detroit Bank; Harry M. Pryale, Bloomfield Hills, president of the Baldwin Rubber Co.

Thomas R. Reid, Dearborn, director of community relations, Ford Motor Co.; Louis H. Schimmel, Pontiac, president of the Pontiac Board of Education; Ernest W. Seaholm, Birmingham, retired chief engineer of Cadillac Division, General Motors Corp.; Walter K. Willman, Pontiac City Manager; Mrs. Alfred G. Wilson; Theodore O. Yntema, Bloomfield Hills, vice president, Ford Motor Co.; John Gordon, Bloomfield Hills, vice president of General Motors Corp.; Dr. John A. Hannah, President of MSU; and Dr. Thomas Hamilton, Vice-President for Academic Affairs at MSU.

City Man Foiled in Suicide Try From 14th Floor

While a crowd watched from below, a 22-year-old Pontiac man attempted to leap from the 14th floor fire escape of the Pontiac Bank Building at 6 p.m. yesterday.

Erskine H. McCullough of 185 N. Perry St., a cab driver, was spotted by Officer Clarence Smith on the fire escape facing the east alley. Smith called to McCullough to get off, but the man shook his head "no" and placed a foot over the railing.

Smith hollered again and McCullough drew his leg back. McCullough's brother and sister, Robert and Patricia McCullough, of 102 Prall St., arrived and went out on the fire escape with him.

The pair talked the man into stepping back from the edge but he broke away from them and tried to jump again. They grabbed him and took him inside the building where firemen assisted them.

He was arrested by the police on a charge of disorderly conduct, pending investigation.

Four Policemen Sue City, Chief

Take Legal Action in Move to Be Promoted to Higher Ranks

Four Pontiac police officers have taken legal action in a move to be promoted to higher ranks which they say they are entitled to.

Asking yesterday for a writ of mandamus ordering the city and Police Chief Herbert W. Straley to promote them were Sgts. Raymond E. Meggitt and Fred L. Goines, and Detectives Herbert C. Cooley and James H. LaPonsie.

Chief Straley, City Manager Walter K. Willman and the city, all named as defendants in the action, were ordered by Oakland County Circuit Judge George B. Hartrick to show cause July 7 at 9:30 a.m. why the writ shouldn't be issued.

The suit was filed by Milton R. Henry, Pontiac attorney and city commissioner.

The suit charges Straley and Willman with refusing to promote the four to vacancies on the force for which they and others competed by taking oral and written Civil Service examinations last October.

The manager and chief are not complying with the provisions of Civil Service Act 78 which the police force came under by a vote of the people in April of 1957, the suit alleges.

Officers Goines and Meggitt say they placed second and third, respectively, on an eligibility list for three lieutenant vacancies. Lt. William K. Hanger, who placed first on this list, is the only officer to be promoted, the suit says.

Cooley and LaPonsie are shown in the action as finishing second and third behind Det. James F. Bale for two sergeant openings on the force. Bale is not a plaintiff in the suit.

In December, the suit shows, Willman explained the delay in promotions saying he was awaiting completion of the Public Administration Service survey of the department. Results of the study were handed the city last month.

The four officers also seek retroactive pay of the higher ranks.

Williams' Reign Held to Light

GOP State Chairman Lists 5 Points to Head Republican Campaign

LANSING (UPI) — The years and money spent by Gov. G. Mennen Williams since he was elected 10 years ago were evaluated yesterday by Lawrence B. Lindemer, Republican state chairman.

Out of the evaluation, given in a speech before the Lansing Civitan Club, came five points that probably will be showing up in GOP campaign speeches throughout the summer.

"Ten years ago, the citizens of Michigan were told by the present Governor that they had problems," Lindemer said. "Ten years and $2,873,000,000 later . . . Michigan still has problems."

Lindemer claimed Michigan is in "serious trouble" on five fronts:

"Despite enormous increases in taxes and in state expenditures, we still have problems in education, problems in mental health, problems in taxation and in other fields of public service.

"Our state is bankrupt and there is an incessant demand for new and higher taxes . . .

"Our economy is deteriorating, and we are losing manufacturing jobs to other states and we are not developing new and diversified industry to provide more jobs for our people.

(Later in the day, Williams gave a speech in Alpena in which he said Michigan was making progress in diversifying its industry.)

"We have an absentee Governor, apparently more intent on winning a sixth term as a stepping stone to other things than on providing constructive and responsible leadership to his own state."

The check for $399.00 will be used for camping equipment of the Camp Fire Girls, and the other check for $400.00 will contribute to finance the construction of an addition to the Boys Club.

Ex-Premier Downgraded Again

Bulganin Sent to Bush Leagues

MOSCOW (UPI) — Former Soviet Premier Nikolai Bulganin has been assigned to the Regional Economic Council in Stavropol in the North Caucasus, it was reported today.

★ ★ ★

If the reports are true, it would indicate the white-bearded Bulganin has been considerably downgraded. There have been reports in recent weeks he might be.

Bulganin lost his job as premier at a March meeting of the Central Committee of the Communist Party and the duties were assumed by Nikita Khrushchev, already leader of the Communist Party.

He was assigned then to the presidency of the State Bank, a relatively high post. But it was reliably reported he never assumed the job.

★ ★ ★

The former premier disappeared from the Moscow scene for some time, but when questioned about it at a British Embassy party June 12 Khrushchev told newsmen that Bulganin had been in the hospital for an operation.

He said reporters could send him flowers if they wanted to.

Khrushchev said Bulganin would be hospitalized for another week or so. Reports today said Bulganin now had been discharged from the hospital and given his new job.

Also, former Premier Georgi Malenkov had been rumored dead but Khrushchev told reporters, "You can buy a ticket to visit him." Malenkov was last reported running a power station 2,000 miles from Moscow.

There also had been reports former Foreign Minister Dmitri Shepilov had "disappeared" but he turned up recently at a ballet performance in Moscow. It was his first public appearance in six months.

Know Science, Newsmen Told

This and Economics, Says Hagerty, Will Be Required in Future

BEAR MOUNTAIN, N.Y. (AP) — Presidential press secretary James C. Hagerty says newspaper editors and reporters will have to have more knowledge of science and economics in the future.

★ ★ ★

"We're going into a completely new world," he told the annual summer meeting of the New York State Society of Newspaper Editors at a dinner Monday.

"This means a shrinking of the world. Oour presidents will be able to talk to any part of the world, and more important the rest of the world can talk to us."

★ ★ ★

Hagerty said newsmen and persons in other fields of communication will need to understand the language of science better to translate it for their readers.

"Men and women reporting the news," he added, "will need to have at least a layman's knowledge of economics and the economic forces of the world.

"I hope that all persons in the media will have a working understanding of a language other than our own so that they can converse on an equal basis."

★ ★ ★

Hagerty told the editors that there is no one he admires or trusts more than he does White House aide Sherman Adams, who has been under fire for accepting gifts from his friend, Bernard Goldfine, New England industrialist.

Nuclear Equipment Sent to International Exhibit

ANTWERP, Belgium (AP) — Four 20-ton trailers of U.S. nuclear equipment arrived today on the way to the Geneva international atomic exhibition.

The three trailers from Oak Ridge, Tenn., and one from Princeton University came in on a Norwegian ship.

Too Much Discipline Causes School Fights?

ESTES PARK, Colo. (AP) — Does your son get into schoolyard fights?

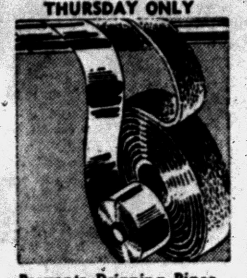

Maybe it's because of classroom discipline.

That's what a national conference of physical education teachers was told by Dr. John Anderson, psychologist at the University of Minnesota.

Substantial periods of relaxation must be provided if students are to tolerate strict control in the classrooms, Dr. Anderson said in a speech. Some signs of strict classroom discipline, without relaxation, are attacks on weaker children, he said.

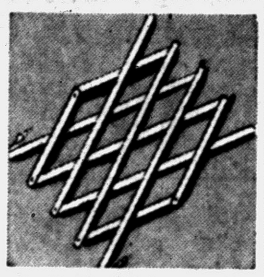

Spark plugs must give from 1,000 to 2,000 sparks a minute in 1,500 degree temperature and also withstand explosive pressures as high as 500 pounds to the square inch.

Chrysler Gets Contract

WASHINGTON (AP) — Rep. Robert McIntosh (R-Mich), announced the award of a $5,333,477 contract by the Detroit Ordinance District to Chrysler Corp. The contract covers additional ground support equipment for the Redstone missile which Chrysler makes. Work will be done at the Chrysler missile plant in Warren, Mich.

Long Senate Debate on Alaska Expected

WASHINGTON (AP)—The Senate manager of the Alaska statehood bill said today he saw "some evidence we may be in for long sessions of extended debate" before completing action on the House-passed bill.

★ ★ ★

With some preliminary voting possible today, Sen. Henry M. Jackson (D-Wash) said he was confident there were votes in the Senate to pass the bill, but added: "We may not achieve that goal until some long drawn out sessions have come and gone."

He said he felt opponents were seeking to delay final action beyond a July 3 deadline provided in the bill for the President to notify the Alaska governor of the bill's enactment.

★ ★ ★

Any amendment would force return of the bill to the House, where a parliamentary tangle might further delay or prevent passage. Its sponsors are seeking Senate passage without change to avoid that possibility.

Japanese Searching for Missing Actor

TOKYO (AP) — Th Japanese coast guard today ordered two patrol boats and a plane to begin searching the East China Sea for Hollywood actor-magician John Calvert and his yacht Thespian.

The coast guard said it still didn't feel the 83-ton craft was overdue or necessarily in danger but was ordering the search because radio contact had not been made with the boat.

The Thespian left Formosa for Fukuoka, Japan, June 16 with Calvert and four other Americans aboard. It was sighted once 150 miles southeast of Shanghai and 480 miles from Fukuoka.

Calvert was planning to make stage appearances in Japan. His manager said he feared the party had been captured by the Chinese Communists.

He claimed the yacht should have arrived in Fukuoka last weekend. Japanese maritime authorities calculate it is not due until this Friday.

A Lot Alike but Different

The name Senators has a double meaning in Washington, D.C. On the one hand you have the kind that plays baseball, and on the other side, the game is known as politics.

★ ★ ★

A slight pause with a bit of serious thought turns up a lot of points of similarity.

To begin with, both "teams" hold forth and operate in the "American" league. However, the lawmaking Senators pick their squads from the Republicans and Democrats.

Another point of likeness is that they both have managers. To add a little dignity the Capitol Hill Senators call theirs majority and minority leaders. Just imagine during a game at Briggs stadium how strange it would sound to say the Senators' "majority leader" trotted out to the mound for a talk with his pitcher.

★ ★ ★

Both varieties of Senators are responsible for a lot of chatter whenever they take the field. Dickering and bickering is all part of the game for either variety. The baseball Senators are acting for the customers in the stands.

The other Senators must keep a weathered eye over their shoulders at the folks back home. After all, the voters hold the strings to their contracts.

★ ★ ★

Similarity turns up again in that both kinds of Senators acquire many of their top players from the minors.

Certainly we must consider state legislatures, governors and the House of Representatives as "minor leagues."

Decisions are made for both groups by the men in black. On the diamond these men wear black suits and for the lawmakers, black robes.

★ ★ ★

One big difference does exist.

When the baseball Senator signs his contract, he knows very well that he must produce or receive the customary heav ho. He might even be traded for someone with more experience in mid season, or be sent back for more seasoning.

This cannot happen when the other kind of Senator inks his contract or takes the oath of office. He knows very well that it's good six years whether he produces or is a flop.

New Way North

Our State's Longest Piece of Controlled Access Road

Frequently: The best way to compliment your wife—or husband.

The latest report to come to me from State Highway Commissioner

John C. Mackie

on happy solutions of our road questions means much to residents of the Pontiac area. He says that Michigan's longest stretch of controlled access highway will be completed and opened to the public on July 3. It is the 34-mile Fenton-Clio expressway on U.S.23.

By its use, Pontiac area traffic for northern Michigan points can escape the congestion in the Dort cutoff east of Flint, by going out our West Huron Street which merges into Highland Road (M59) which you follow 20 miles to U.S.23. There you turn right, passing just west of Fenton, where you pick up the 34-mile stretch of four-lane boulevarded new pavement, with no grade crossings or traffic lights in its entire length. It goes just west of Flint, joining the Dixie Highway north of Clio.

This will add but a little on your speedometer, and will save time and nerves. Remember, the opening is not until July 3.

Its 15-mile stretch from just west of Fenton to a point just west of Flint has been open for several months. In that period, compared with the old U.S.23 pavement, which it supplants, it had six accidents and two injuries, against 30 accidents and 13 injuries during the same period last year on the road it replaces.

The best traffic slogan to remember is

Courtesy can save lives.

Russian Leader Pays to Retain Premiership

President EISENHOWER has indicated that he would continue his exchange of letters on international issues with Premier KHRUSHCHEV looking toward a summit meeting but that the Russians had placed great obstacles in its path.

★ ★ ★

Recent shocking events have blasted any hopes of a worthwhile East-West summit meetmg or a reliable agreement with the Russians on disarmament or anything else. The world's accusing eyes have been turned on Moscow because of:

1. The treacherous execution of IMRE NAGY, former Premier of Hungary, and three colleagues.

2. The new conflict with Marshal TITO and its warning to Poland.

3. The kidnaping of nine American airmen in East Germany in violation of agreements.

4. Plotting in the Middle East through Egypt's Soviet backed Premier NASSER.

★ ★ ★

Any good will Moscow may have built up because of its propaganda for an East-West talk has been swept away. In canceling a $300 million development loan to Yugoslavia, neutralist opinion in Africa and Asia has been alienated.

Observers feel that Premier Khrushchev, reported in serious political trouble last week, has been forced by Russian and Red Chinese Stalinists to punch "revisionists" who are a threat to the Moscow and Peiping form of Communism.

This is the dreadful price Premier KHRUSHCHEV has paid to remain on top.

The Elephant That Didn't Remember

David Lawrence Asks:

Our Congress 'Bought' by Labor?

WASHINGTON—It's an ill wind that blows no good—and it looks now as if the Adams affair will be of more benefit to the country in a reform sense than has been supposed.

LAWRENCE

Also, if the Republicans are astute politicians, they will seize the issue and benefit by it.

The issue, in a nutshell, is not just the gift of a $200 coat or a $2,000 hotel bill, but the gift of $725,000 to elect a United States senator and the known and formally reported expenditure of $2,200,000 by labor unions to elect a Democratic Congress.

Important legislation to check abuses of power by labor unions is pending in Congress today and may be blocked in the House.

★ ★ ★

It is being assumed that the coat and hotel bill "bought" influence. If this kind of assumption were accepted—and this seems to be "public opinion" as interpreted by the critics of Sherman Adams—then logically it would become pertinent to ask if the present Congress has been "bought."

In a recent speech, printed in the "Congressional Record," Rep. Ralph W. Gwinn (R-N.Y.) said:

"In the 1956 elections organized labor was active in 300 of the 435 congressional district elections—and were successful—that means that their man got elected—in more than 175. . . .

"Let's look at just one campaign, in 1954, by one union, for one senator. Special election radio and TV broadcasts cost for time only, with no allowance for staff, script preparation, reprints of talks, was $250,000.

McNAMARA CAMPAIGN CITED

"Special election editions of regular publications, extra copies to distribute outside the regular union membership ran to another $175,000.

"And then, on top of all this, this union hired 500 'special organizers'—payroll title for political workers—at $20 per day for the 30 days just before the election. This cost another $300,000, exclusive of expenses or other services.

"This gives us a total of $725,000 spent by the United Automobile Workers, CIO, in support of Sen. McNamara in Michigan in 1954. . . .

★ ★ ★

"If the unions spent only half as much in the 30 senatorial contests in 1956 as they spent in Michigan in 1954, it would amount to $150,000,000."

Rep. Gwinn, who made a special study of the subject, estimates that at least $62,000,000 is spent "for political purposes annually, or a total of $124,000,000 for each biannual election of members of the House and Senate."

"Is it any wonder," exclaims Gwinn, "that few pieces of legislation pass contrary to the recommendations of the leaders of organized labor?"

ONLY AN ASSUMPTION

It is, of course, only an assumption that members of Congress are influenced in their voting on labor subjects by the gifts their campaign funds received from labor unions.

But the critics in Congress are assuming the same thing with respect to the telephone calls of Sherman Adams to Federal agencies, notwithstanding the testimony of the members of these commissions that no improper influence was exerted.

Another Michigan senator, Truman H. Newberry, resigned in November 1922 after a furor over the fact that, in the primary and election contests in 1918, about $195,000 had been spent—largely for advertising and publicity—in his behalf in the ordinary course of the campaigns.

The Senate in 1922 adopted a resolution stating "that the expenditure of such excessive sums in behalf of a candidate, either with or without his knowledge and consent, being contrary to sound public policy, harmful to the honor and dignity of the Senate, and dangerous to the perpetuity of a free government, such excessive expenditures are hereby severely condemned and disapproved."

The Country Parson

"When you convince a man you're better than he is—that's all you'll ever convince him of."

Dr. William Brady Says:

Many Blue-Eyed Babies Born to Brunette Parents

"Dear Dr. Brady: My husband has black hair, dark skin and dark eyes. I have brown hair, fair skin and dark eyes. My husband's family have dark eyes, but some relatives have blue eyes. My mother has blue eyes and her family have blue eyes.

DR. BRADY

"Our first baby has brown hair, dark skin and dark brown eyes. Our second baby has light blonde hair, milk-white skin and blue eyes.

"Since his birth every one wonders and even asks who the father is. My own husband has said many things about him not being the baby's father.

"We have been separated over three years. The baby is 4½ years old. People claim it is impossible for us to have a baby with blue eyes. (Signed) ——— ———"

This is a composite of several letters, all presenting essentially the same facts.

What "people claim is impossible" is actually a common occurrence.

When both parents are brown-eyed, although their children are most likely to be brown-eyed, still one out of four will be blue-eyed. If both parents have brown hair their children are most likely to have brown hair, but still one out of four will have lighter colored or blonde hair.

As to skin color, if both parents are pure blondes, their children, with less than 7 per cent of exceptions, will be pure blondes—that is, about two out of 30 children of pure blonde parents are darker than either parent. When one parent is blonde or light colored and the other brunette or dark, half of their offspring on the average will be blonde and half will be dark.

The correspondent doesn't say that this vicious back-fence gossip was the cause of the separation. If it was, the fishwives of the community must have many a laugh among themselves at the way the man reacted to their taunts.

Somehow in childhood I was inculcated with this admonition: Never trust a blond (or maybe it was blonde). I have been more or less prejudiced against blonds or blondes all my life, for no other reason than that. It might just as well have been a warning not to trust brunettes, vegetarians, Presbyterians, Republicans, Scandinavians, root supporters (one-arm drivers) or fishermen with exquisite gear.

One reason why the husband, in the composite case cited, condemns his wife and children to public shame and ignominy is his ignorance of genetics—the branch of biology which deals with heredity. He takes for granted whatever the town gossips tell him, because he doesn't know any better.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Voice of the People

'Teaching Ranks Second in Importance to World'

To say that teachers "had too many raises now" is to manifest a deplorable ignorance. Teachers have "had too few raises now." The importance of a profession is determined by the importance of its end purpose. Now the end purpose of the teaching profession is to develop and perfect the powers of the human intellect. No other profession has such a noble object.

★ ★ ★

Actually, the only profession which ranks higher than teaching is the religious profession, because its end purpose is the perfection and salvation of the human soul.

The human soul and its principle faculties, the human intellect and will, distinguish man from beast. It is the soul and its faculties which constitute the spiritual side of man, thus making him a little like the angels. In short, it is the magnificence and nobility of the human soul and the human intellect which make the religious profession and the teaching profession respectively, the two most important professions in the world. All dictators realized this; that is why priests, ministers, rabbis and teachers were the first to be executed after a town had been captured.

★ ★ ★

A teacher can, to a certain degree, make a student be what he wants the student to be; and this can be good or bad, depending on the character of the teacher. Whatever the teacher's effect is, good or bad, Pontiac and the world will have to bear the consequences.

If teaching actually is the second most important profession in the world, then who can conscientiously say that teachers "had too many raises now?" Mr. Very Small but Very Hardput Taxpayer is exposing his own personal confused set of values and his own personal disinterest in Pontiac's children. I wonder if he has a child in school.

★ ★ ★

Of course, there are other reasons why teachers have "had too few raises now." Teachers never receive a paid vacation; teachers attend school for at least 18 years; teachers must bring their school work home with them every night.

The teachers' salary scale mirrors the people's interest in the intellectual growth of their children.

Raps Commission on Recent Vote

Since so few people vote, it is the responsibility more and more for elected officials to safeguard public interest and morals. The welfare of the city and its people is in their hands alone.

★ ★ ★

Our Commissioners betrayed that trust and responsibility Tuesday night. The issue happened to be a moral one. The real issue isn't whether Pontiac bans Sunday sale of spirits, but whether elected officials vote for the good of the community, for the moral climate or the politic, easy way.

★ ★ ★

They failed to meet the standard. I castigate the Commissioners voting against the resolution for dereliction of duty and evasion of responsibility. No wonder the public has lost faith in government.

Case Records of a Psychologist:

Don't Let Few Fogies Spoil Things

Editor Case is in a dilemma. He puts out a church magazine with 1,000,000 circulation. Probably 95 per cent are with him on all issues. But that vociferous 5 per cent cause a lot of trouble. It is tragic that a violent 5 per cent in America can often stampede the 95 per cent who are usually calm, cultured and not inclined to write their approval!

By DR. GEORGE W. CRANE

CASE Y-345: Leland D. Case, aged about 48, is editor of TOGETHER, the monthly magazine issued by the Methodist Church.

★ ★ ★

DR. CRANE

He invited me to lunch some time ago, for Mr. Case wanted me to launch a monthly medical page in that magazine.

Our conversation soon veered around to the psychological dilemmas of editors in general.

For example, last July, Mr. Case ran an appropriate front cover page, showing a husband and wife with their two youngsters, walking along a sandy beach looking for a picnic spot.

The wife wore a high necked sweater and shorts. Her husband likewise wore a sweater and shorts. The little boy wore shorts and the baby girl, held in her father's arms was attired in a play suit.

★ ★ ★

They also were carrying a picnic hamper, blankets and a sand bucket with shovel. It was a typical family group on the beach.

But several elderly Methodists later wrote caustic letters to the editor, charging that such a picture was "unseemly" and sexually disgraceful.

In deference to such critics, I must say that most of them probably were over 70 years of age.

To get the teen-age viewpoint, I surveyed several groups of high school and college young folks, and not a one objected to the picture or even remotely dreamed it was salacious or "sexy."

WHO IS SALACIOUS

"Evil minds" read into any scene the things which they think about!

So who is the salacious segment of America's population — the youth or the oldsters? You be the judge.

★ ★ ★

This is a new age. Time marches on. And clothing styles change.

Older folks must realize they now employ modern TV and electric refrigerators, radios and all the other engineering marvels of this late 20th Century.

So why don't they come abreast of the times regarding clothing styles and psychological attitudes?

★ ★ ★

"If young people are the hope of the church," this group of Methodist youth informed me when I described the dilemma facing Mr. Case, "why don't the older folks find out our attitudes, instead of trying to force their old fogey notions on us?"

EDITOR'S DILEMMA

"Why doesn't Mr. Case ignore the old fogies?" some of the teenagers then inquired.

Well, Mr. Case is a Christian gentleman and tries to be as tactful as possible. He doesn't want to offend the elderly members of churches.

All newspaper editors also face the same dilemma. But the only way to avoid offending some segments of the population is to say nothing!

"Every time a politician takes a definite stand on anything," said shrewd Boss Hague of New Jersey, "he loses votes."

But editors can deftly parry these few minority criticisms by printing the critical letters on a page devoted to comments from readers.

★ ★ ★

That lets the general public serve as the jury. As a rule, a vast majority will support the

editor's stand. I'd guess that over 95 per cent of the church members would back up Mr. Case regarding the beach scene mentioned above.

But if those critical 5 per cent are influential donors and members of local Boards of Trustees, they can cause many churches to cancel their group subscriptions.

★ ★ ★

For example, this column attracts 1,000 letters EVERY DAY. Not over 1 out of the 1,000 is critical. But that single letter may cause my column to be canceled by a timid editor.

Thus, a Texas editor canceled because I vetoed selling whiskey up and down the aisles on our airplanes, where teenagers and young mothers are seated.

A Wisconsin editor canceled because I used this simple axiom, "Most divorces start in the bedroom."

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

GM Offering Reward for Capture of Vandals

KANSAS CITY (AP) — A $1,000 reward was offered by General Motors yesterday for information resulting in conviction of vandals who scratched the finishes on new cars at the Chevrolet assembly plant here.

Fifty-eight cars were damaged last week, forcing a 4,000 man-hour shutdown of assembly lines. Last March 4, a similar occurrence caused a loss of 6,000 man hours.

Last week's vandalism became an issue in contracf negotiations between the United Auto Workers and General Motors.

World Airports Hustling for Jet Age, but New York's Idlewild Slips Behind

By CLAIRE COOK

NEW YORK (UPI) — Airports throughout the U. S. and Europe are expanding for the jet age, but officials of the largest airport of them all, right here in New York, say they have no plans at present for accommodating the swift new sky giants.

The first U. S. commercial jet flight is scheduled to leave Idlewild International Airport on or about Nov. 1, but approval of such an operation may not be given until July or August—if at all.

In West Germany, Frankfurt's Rhein-Main Airport is ready for big jet planes to fly in at any time. The Italians are building a jetport only 30 minutes from the center of Rome.

Miami's International Airport already is handling a heavy military jet load. Kansas City, Mo., is spending 50 million dollars on a huge airport and San Francisco International Airport is undergoing a 25-million-dollar expansion.

★ ★ ★

Chicago's O'Hare Field was the nation's first jet-designed telescopic landing ramp already in operation. Boston Airport could clear a 150-passenger, 600-mile-per-hour jet for landing right now.

The nation's first real jet age airport, a 100-million-dollar installation, is under construction at Chantilly, Va., 27 miles from Washington, D. C.

But what about the nation's largest city, the port of entry and exit for most international flights and for hundreds of flights each day?

The Port of New York Authority, operator of Idlewild International Airport, La Guardia Airport and the Newark, N. J., Airport across the Hudson River says:

"The Port Authority at the present time has no special plans for the possible accommodations of jet airplanes at its airports."

This despite the fact that Pan American World Airways is planning to send a jet plane from Idlewild to Paris around Nov. 1, and American Airlines hopes to follow shortly thereafter with the first transcontinental jet flight. Other airlines expect to join in the jet parade in 1959.

★ ★ ★

Several major domestic airlines are prepared to operate out of Baltimore's Friendship Airport, if they have to, but they have staked millions on using Idlewild, which industry spokesmen say was originally intended for eventual jet service.

American, Pan American, Trans World Airlines, United Airlines and others are spending fortunes on ultra-modern jet age terminal facilities at Idlewild. The buildings are being designed around the jet planes now on order — providing closed, second-story boarding ramps, and jet fuel tanks built into the ground.

Pan American is spending one million dollars just for the roof on its terminal.

★ ★ ★

Idlewild covers 4,900 acres on Long Island. A 655-acre, 30-million dollar International arrivals building recently was opened as part of a 150-million-dollar Terminal City at the airport.

A total of $325 million dollars will have been spent on the airport by the time Terminal City is completed. The Port Authority says the facility will not necessarily be aimed at the jet age, although it could handle jet traffic.

★ ★ ★

A spokesman for the authority said no jets may operate out of any New York airport without approval of the authority. That approval hinges on the outcome of jet engine tests, conducted last April.

★ ★ ★

The official announcement will not be made until later this summer, the spokesman said, although the airlines have learned through other channels that their new jets actually will be less noisy than the DC7C piston-engine planes now in use.

A top Pentagon scientist says the proposal "has all the elements of a workable system."

★ ★ ★

It came from Jonathan Orovitz of New York City, son of a department store owner. He is a seventh grader in a "special progress" class at school.

The boy's plan is peppered with technical terms.

He sent it off in a letter, made public here today, to Dr. Roy W. Johnson, head of the Advanced Research Projects Agency, the Pentagon's new space coordinator.

★ ★ ★

Johnson wrote back, "Your design has all the elements of a workable system and in fact, is not very different from one of a number of systems that have been under consideration." He sent the letter to the National Science Foundation to be placed on file.

Jonathan did not seem very excited when he heard about the developments in Washington.

★ ★ ★

He is more than a rocket theorist. He's built and shot off several small rockets of his own.

"Mostly small glider rockets," he said. "I used a jet-X model engine, a patent rocket engine. I don't know exactly what kind of propellant it used, but I added a couple of things of my own. I put in sulphur and alcohol and got a much better thrust out of it."

He reads a lot of technical books but belongs to no organized rocket society.

Cadillac

Meeting Ground for 40 Million Dreams!

It has been authoritatively estimated that over forty million people hope some day to own and drive a Cadillac car of their own.

And how wonderful it is to reflect on the number of those dreams that have *already* come true.

For it is a matter of record that—over the past decade alone—more than a million new Cadillacs were delivered to their proud and happy owners.

But the wonder should not be that Cadillac has proved a wise investment for so many—but that it would be a sound purchase for so many more.

In original cost, it is the rival of automobiles that make no pretension to Cadillac's eminence.

In upkeep, it is a source of constant satisfaction.

And in resale value, it is simply without counterpart.

So if one of those forty million dreams is yours—you ought to visit your dealer soon.

He'll be happy to show you Cadillac's new Fleetwood coachcrafting—and to tell you about all the models, including the Eldorado Brougham.

You'll be surprised to find what an easy step it is from *dreaming* of a Cadillac—to *driving* one!

Hal Boyle Says:

Radio Amateurs Shattering Iron Curtain

STAMFORD, Conn. (AP) — The Iron Curtain seems more easily pierced by air than on the ground.

At least radio amateurs of the United States and the Soviet Union find it simpler to communicate with each other on a person-to-person level than do political leaders.

★ ★ ★

Ham radio station operators in the two countries strike up ether wave friendships freely.

Perhaps a typical example of these new adventures in international understanding is the relationship between Frank Enge and Leo Shiskin.

Enge is supervisor of research and development for the American Machine & Foundry Co. electronics laboratory here. Shiskin is an electrical engineer in Moscow.

Aug. 11, 1956, they first made contact via ham radio.

After that they quickly became pen pals. Leo asked Frank for copies of American radio journals, and sent him copies of Soviet radio journals—also some Russian classical phonograph records for Frank's wife.

Frank congratulated Leo on the Soviet scientific achievement when the first Sputnik went aloft, and Leo replied in kind when the United States sent up Explorer I.

That was the nearest the Russian ever came to a political remark, Enge said.

★ ★ ★

Leo Shiskin lost his Soviet radio amateur license "for infractions of the rules," but he wrote Frank: "My absence in the air has no relations to our mailing."

He never explained the nature of the violations that cost him his license.

Leo wrote that he made about 1200 rubles a month—the ruble is officially pegged at 25 cents.

"He also said that he only had to pay 50 rubles a month rent," Enge recalled, "but he had to share a communal apartment with four other families. The apartment had only one bathroom, one kitchen and one telephone.

★ ★ ★

"Leo also wrote that he had to pay a fourth of his salary—300 rubles a month—in income taxes, and that a suit cost him from 400 to 1,700 rubles. He said an old car would cost him 8,000 rubles, a new one 60,000 rubles."

Frank wrote back that his own income was about $1,000 a month, that he had a five-room, two-bath apartment and owned two cars.

"This comparison may have made Leo unhappy, but so far he hasn't said so," remarked Enge smiling.

Enge estimated that perhaps 12,000 of some 160,000 American radio hams have made contact with Soviet amateurs. He estimated the number of Soviet hams at 2,000. He has contacted radio operators in 15 of the Soviet republics.

"I have a lot of sympathy for this fellow. I wouldn't want anything to happen to him — and I hope he feels the same way toward me and my family," Enge said of Shiskin.

"I admire the wartime sacrifices of the Russian people, and feel they are trying very hard to make a better life for themselves. I don't feel that way about their government.

★ ★ ★

"I think if the Russian people knew the American people, and we knew more about them, there would be no need for an Iron Curtain."

South Carolinians Choose Governor

By ROBERT McHUGH

COLUMBIA, S. C. (AP)—Ernest F. Hollings, a handsome Charleston lawyer and tireless campaigner, was named South Carolina's next governor yesterday by a thumping 45,000-vote margin over Donald S. Russell.

At 36, he will be the state's youngest governor in modern times.

★ ★ ★

Hollings, named one of the 10 Outstanding Young Men of the Year in 1956 by the U. S. Junior Chamber of Commerce, won the Democratic primary nomination in a runoff election against Russell, 52-year-old former president of the University of South Carolina.

Starch is found in all green plants and serves as a reserve food supply.

In one year's time U. S. Pullman passengers use 9,000,000 pieces of linen, almost 12,000,000 cakes of soap, and about 110,000,000 paper cup containers.

Faith Domergue Gets Maintenance Decree

SANTA MONICA, Calif. (AP)—Actress Faith Domergue has obtained a separate maintenace decree from the husband she says "gets restless being in one place too long."

Miss Domergue, 32, testified in Superior Court yesterday that she wanted to make a home in Southern California, but that film director Hugo Fregonese, 50, "wants to stay in Europe and be a free agent."

The court ordered Fregonese to pay $900 monthly support for Miss Domergue and their children, Diana, 9, and John, 6.

Dutch Ship Abandoned After Explosion, Fire

BOMBAY, India (AP)—A small Dutch freighter carrying 400 tons of American military explosives to Pakistan, Iraq and Iran has been abandoned off the Indian coast after an explosion and fire.

Reports received in Bombay said Capt. Ven Den and the 10 crewmen of the 469-ton Nigeria swam ashore. One crew member was reported injured in the explosion.

The ship was said to be lying almost burnt out offshore about 35 miles southeast of the Pakistan border and 140 miles from Karachi.

No More Warnings

LANSING (AP) — Motorists whose driving privileges are threatened by repeated traffic violations won't get warning letters from the state any more. Secy. of State James M. Hare said yesterday a manpower shortage has forced him to transfer personnel who formerly sent our warning letters.

Pacifists Plan to Sell Sailboat Golden Rule

LOS ANGELES (AP)—A pacifists committee has given up plans to put the ketch Golden Rule in the path of the atom.

A spokesman for the Committee for Nonviolent Action Against Nuclear Weapons announced that the 30-foot sailboat is up for sale. The price is $16,800 f.o.b. Honolulu.

Five crewmen who took the Golden Rule to sea are in jail in Honolulu for defying a court order against sailing for the U.S. Pacific testing grounds. The Coast Guard brought them back.

Stokowski Received Warmly by Russians

LONDON (AP)—Moscow radio today reported that U.S. conductor Leopold Stokowski's first concert in Leningrad was a great success.

Stokowski led the Leningrad Philharmonic, the Soviet Union's leading symphony orchestra. He is making a series of appearances with Soviet orchestras.

Cowboy Boots Stolen Along With Car Parts

AUSTIN, Tex. (AP) — Two weeks ago someone stole Wardlaw Lane's cowboy boots from his car while he was camped on Bull Creek. The sheriff's department arrested some youngsters and Lane got back his boots.

This weekend Lane camped again at the same spot.

His boots were stolen from his car again. And this time the thieves also stripped his car.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get FASTEETH at drug counters everywhere.

Small Bank Fails in New Hampshire

CONCORD, N. H. (AP) — The state today closed the nine-year-old Valley Trust Co. in suburban Penacook "to protect depositors" and prevent a run on the financially troubled bank.

★ ★ ★

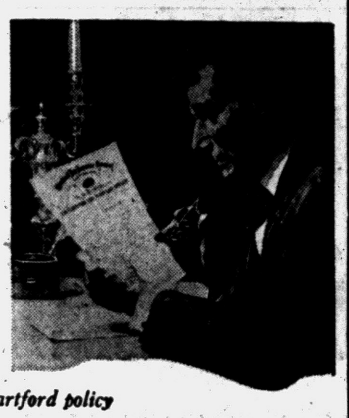

Gov. Dwinell described the action as New Hampshire's first bank failure in 20 years.

State Bank Commissioner Winfield J. Phillips said the small institution's commercial and savings departments had total assets of $1,850,000 last June 30.

None of the bank's deposits are insured.

Phillips and his staff began an inventory of the bank's current assets.

TRUE FACTS ABOUT O-JIB-WA BITTERS

Mrs. Russell

Mrs. Rena Russell, 31660 Five Mile Rd., Livonia reports: "Before I discovered O-JIB-WA BITTERS, I suffered for a long time with arthritis pains in my arms and shoulders. I am glad to tell you that the very first bottle stopped the suffering. O-JIB-WA helped my stomach too, as I no longer am bothered with gas or indigestion and my nerves are much more relaxed. Because this fine medicine helped my husband's arthritis also, I recommended it to a friend barely able to walk, who is all better now and teaching school. I sure recommend O-JIB-WA BITTERS to all of you who suffer from rheumatism or arthritis and have not yet found relief."

Demote Police Hero for Breaking Rules

DETROIT (AP)—A police detective who helped break up an international dope ring has been demoted to patrolman for using narcotics illegally to catch dope peddlers.

★ ★ ★

A police trial board yesterday found Victor DeLavalla, 37, guilty of conduct unbecoming an officer and of disobeying departmental orders.

★ ★ ★

DeValla admitted he took $600 worth of heroin from the police property room, planning to trade it to an informer for evidence on dope operations.

★ ★ ★

"Your ambition along this line is admirable," Police Commissioner Edward S. Piggins told the officer. "But your method was wrong and cannot be condoned."

Asks Injunction to Prevent City Weed Cutting

A Pontiac man has asked Oakland County Circuit Court for an injunction to stop the city from enforcing its weed cutting ordinance.

Judge Frank L. Doty yesterday signed an order ordering the city to show cause July 14 why it shouldn't be stopped from trying to collect assessments levied against Charles Eilender, of 28 Wenonah Dr.

Eilender claimed in the suit filed Tuesday that city employes and officials "have molested and harassed" him while trying to collect these payments for the cutting of five of his lots by city crews.

The suit contends the city "is without constitutional or other lawful authority to adopt ordinances or make regulations for control of so-called weeds.

Eilender claimed further the city doesn't designate what "noxious weeds" are in the law adopted in 1955.

195 at Bible Class Daily

ORTONVILLE — Average attendance last week at the Daily Vacation Bible School in the Ortonville Baptist Church was 195 pupils, the Rev. Roy Botruff, pastor, announced. Instructors were Miss Eileen Dalghlish and Miss Eileen Hollenbeck, both of Delbarton, W. Va.

OK Merger of Banks at Durand, Flint, Holly

HOLLY — At a stockholders meeting Tuesday, the merger of the Shiawassee County Bank at Durand with the Citizens Commercial and Savings Bank of Flint was approved.

This merger also includes the former First State and Savings Bank of Holly, which united with the Flint bank a few months ago. Both Holly and Durand banks now are branches of the Flint bank.

All Roads Leading to Bridge

The Automobile Club of Michigan estimated that 330,000 persons in at least 125,000 automobiles will converge on both sides of the Straits of Mackinac for bridge dedication festivities from Thursday through Saturday (June 26-28).

This will be the largest number of autos north of a line from Saginaw to Muskegon at one time in Michigan's history. The number of cars that will cross the bridge will depend on how smoothly traffic flows through the area.

★ ★ ★

Pontiac residents should allow a minimum of seven hours for the trip north, Auto Club's Travel Services Director Harry N. Rogan recommended. Distance is 276 miles by direct route, although three alternate routes are available.

He cautioned against planning to stay overnight within 35 miles south of the bridge unless accommodations have already been reserved. As late as Friday (June 20), there were plenty of accommodations unreserved in Gaylord, Traverse City and Alpena.

"I'd advise taking the accompanying map along for guidance so that if you should encounter heavy traffic, you can switch to an alternate route," Rogan said.

★ ★ ★

A complete circle tour around Lake Michigan, using the Mackinac Bridge, and traveling through Wisconsin and Illinois involves 918 miles of driving which will take 25 hours to accomplish with no time for stopovers. A complete swing around the eastern border of Michigan, beginning at Detroit and taking one back through the Canadian Soo and Ontario, includes 1,093 miles of driving. Auto Club recommends budgeting 30 driving hours for this trip.

★ ★ ★

Rogan also offered the following information for persons attending dedication ceremonies:

Distance from the Straits to the famous Soo Locks is 53 miles; distance from the Straits to the northernmost point in upper Michigan, Copper Harbor, is 313 miles; and distance from Michigan's southern border, south of Coldwater, to Copper Harbor is 638 miles, with the new bridge cutting the old travel time by as much as one and one-half hours.

Commissioners Wait 3 Years to Go 'on the Air'

Pontiac city commissioners are prepared to let anybody attending their Tuesday night meetings hear everything that goes on.

To facilitate this, the city has installed a public address system in the commission chambers.

Provisions for the speakers were put in when the City Hall was built in 1955, but just last night one microphone was rigged up and used briefly during a test.

City Manager Walter K. Willman said when the $500 system is complete it will include five microphones placed strategically along the commission table.

Couple Sues Oak Park for $80,000 After Fall

OAK PARK — An Oak Park couple is seeking $80,000 damages from the city as the result of injuries suffered when the wife suffered a fractured spine as the result of a fall while entering the municipal ice rink Jan. 4.

Samuel and Ruth Rich of 21950 Marlow St., in a suit filed yesterday in Oakland County Circuit Court, claim the city was negligent in not having guard rails leading from the "club house" to the rink.

Donna Jean Scott Weds in Rochester

ROCHESTER—The First Congregational Church in Rochester was the scene of the marriage Saturday evening of Donna Jean Scott of Rochester and Wayne O. Harless of Dearborn. Performing the candlelight rite was the Rev. E. John Yuells.

★ ★ ★

The bride is the daughter of Mrs. Lester C. Scott of 430 Oak St., and the late Mr. Scott. She was given in marriage by her uncle, Fred D. Gray of Regina, Saskatchewan, who also did the same for her mother, 40 years ago.

★ ★ ★

The bridegroom is the son of Mrs. Floyd Ashley of Chippewa Falls, Wis., and the late Mr. Ashley.

For her wedding, the new Mrs. Harless chose a gown of silk bombazine fabric with a fitted bodice, long tapered sleeves and scalloped neckline of French lace re-embroidered with iridescent sequins. The bouffant, floor-length skirt ended in a chapel sweep.

Her fingertip veil of pure silk illusion was secured to a headpiece of lace re-embroidered with seed pearls. Her bridal bouquet was a centered white orchid, encircled with white roses and stephanotis.

★ ★ ★

Maid of honor was the bride's sister, Mrs. Douglas C. Brown of Birmingham. Attendants were another sister, Mrs. Charles W. Woodison, also of Birmingham, and Mrs. O. L. Hopper of Rochester.

Junior bridesmaid and flower girl were the bride's nieces, Jane and Lynn Woodison.

The best man was Charles W. Woodison of Birmingham and ushers were Douglas C. Brown of Birmingham, O. L. Hopper of Rochester and T. A. Weber of Kitchener, Ont.

The reception was held at Sylvan Glen Inn, Rochester.

★ ★ ★

After their honeymoon at Pompano Beach, Fla., the newlyweds will make their home on Adams road in Birmingham.

The bride attended Greenbrier College in Lewisburg, W. Va., where she was affiliated with Zeta Mu Epsilon sorority. Her husband was graduated from the University of Wisconsin and is a member of Sigma Alpha Epsilon fraternity.

MRS. WAYNE O. HARLESS

DANIEL O'BRIEN

President of the Michigan Future Farmers of America, Daniel O'Brien, 19, son of Mr. and Mrs. D. E. O'Brien of Davisburg, is in Cincinnati taking a course in farm leadership and public relations. Graduated from Holly High School last year, Robert was one of 40 young farmers from Ohio, Wisconsin and Michigan eligible for the course. They were selected for good scholarship and interest in progressive farming.

Pontiac City Affairs

Commission to Seek More Insurance Bids

City commissioners last night agreed to re-advertise for bids on the renewal of insurance policies on city-owned vehicles after some bidders "misunderstood" the last deadline for bids.

City Clerk Ada R. Evans was instructed to advertise the new deadline for 5 p.m. next Tuesday, July 1.

She explained to commissioners that the old deadline was Monday, June 23, at which time only one bid had been submitted. Several came in yesterday, she said, with the companies saying they understood the deadline to be then.

Saying the city's "primary interest is getting the best rate possible on a competitive basis," Commissioner Philip E. Rowston moved for the re-advertisement.

The one bid that came in for revewal of the city's workmen compensation insurance, on Department o f Public Works employes, from the Michigan Mutual Liability Co., was accepted.

Commissioners, in other action, called for public hearings next Tuesday on special assessment rolls to finance sanitary sewer stubs on Perry street from Huron east to the city limits, and for a curb replacement and resurfacing project on Telegraph road from Huron to James K boulevard.

Several such hearings for other city projects were conducted last evening without public opposition. Payments were set on nine other projects.

It was agreed to add construction of a five-foot sidewalk on Robinwood avenue to the 1958 public improvement program. Residents had petitioned for the work.

A request for rezoning several lots from residential to commercial on Howard street was referred back to the applicant for necessary petitions.

City Attorney William A. Ewart was handed a claim for damages from a woman who said she fell and was injured on a city sidewalk.

★ ★ ★

Commissioner John A. Dugan offered as a public necessity construction of a sidewalk on the north side of Baltimore avenue from Stirling avenue to Melrose avenue.

PATRICIA ANN LOHFF

A bachelor of arts degree was awarded to Patricia Ann Lohff of 6570 Transparent Dr., Clarkston, by Valparaiso University in Valparaiso, Ind. She was one of 360 June graduates at the Lutheran university 45 miles southwest of Chicago.

Boy, 6, Drowns in Flint River

Attempt by Father to Rescue Son Who Fell Off Bridge Fails

LAPEER — Six-year-old Kenneth Flynn drowned yesterday in the muddy waters of the Flint river near his home in Columbiaville despite the efforts of his father to rescue him.

He was the son of Mr. and Mrs. Kenneth Flynn of 4541 Water St.

★ ★ ★

The boy fell five feet off the Marathon Road bridge while playing with his younger brother, Dale. Looking for them, their father had arrived just as Kenneth was going under the water.

He dived in fully clothed but couldn't locate the boy.

Sheriff's deputies recovered the body at 12:55 p.m., a little more than an hour later.

★ ★ ★

Kenneth was one of seven small children. His body is at Muir Brothers Funeral Home in Lapeer.

To Picnic at Ortonville

ORTONVILLE — The annual Baptist Sunday School picnic will be held June 28 at Richfield Park, beginning at 10:30 a.m. Each family will bring its own table service and a dish to pass. All children attending without their parents have been asked to bring a sack lunch. There will be games, contests and prizes.

GERALDINE DERTINGER

Mr. and Mrs. Lloyd C. Smart of Lakeview drive, Milford, have announced the engagement of their niece, Geraldine Loretta Dertinger, to James F. Siis of Kalamazoo. The bride-elect and her fiance both were graduated this month from Western Michigan College at Kalamazoo where he was affiliated with Tau Kappa Epsilon fraternity. An Aug. 9 wedding is being planned.

New Mackinac Milestone

Dedicate Bridge Marker

STRAITS OF MACKINAC (UPI) —The Michigan Historical Commission today dedicated the first of five historical markers in the Straits of Mackinac area in connection with the dedication of the Mackinac Bridge.

★ ★ ★

The marker dedicated today was entitled "Mackinac Straits" in commemoration of the discovery of the straits by Jean Nicolet who passed through in 1634 seeking a route to the Orient.

★ ★ ★

This area was a bloody battleground from 1600 to 1812 as the French, British and United States fought for control of the straits.

It was noted by the Historical Commission that the first vessel, the Griffin, passed through the straits in 1679; the first railroad reached the area in 1882 and the Upper and Lower Peninsulas were finally linked last year by the giant Mackinac Bridge.

The commission also adopted a resolution honoring Mackinac Bridge Authority Chairman Prentiss M. Brown for his contributions to the area.

★ ★ ★

The resolution described Brown as a devoted student of history of the region. It also said that through his vision, persistence and leadership he forged the link to join two peninsulas by the building of the bridge.

"His monumental achievements are fully worthy of our generation," the resolution said.

Hazel Park Law Unconstitutional

Political Ruling Curbs City Employes' Rights, Says Attorney General

LANSING (AP) — In a possibly far-reaching opinion, Atty. Gen. Paul L. Adams today held unconstitutional a Hazel Park ordinance tightly restricting political activity by city employes.

Adams held the ordinance prohibiting employes working under a merit system from becoming actively interested in a political campaign for any office was too sweeping.

He said it offended state constitutional guarantees of free speech and freedom of assembly to all citizens.

The opinion answered an inquiry from Rep. Walter T. McMahon (D-Hazel Park). It was prepared by Asst. Atty. Gen. Eugene Krasicky, who said the principles might apply in other local civil service systems in the Detroit metropolitan area.

★ ★ ★

"Under the ordinance in question, a municipal employe cannot safely express his opinions on behalf of any candidate for municipal, state or federal office without the risk of losing his employment," the opinion read.

"The ordinance permits a public employe to vote and to sign a petition only.

"It prevents free speech and freedom of activity of the public employe in regard to the election of any persons to public office."

Such restrictions, Adams said, are unreasonable and violate Sections Two and Four of Article Two of the state constitution—the freedom of assembly and speech sections.

Adams said he was mindful of prohibitions under state civil service rules against membership on political party committees and against soliciting, levying, collecting or paying any political assessment.

These restrictions do not impinge upon free assembly or free speech, he said.

Caution 'Go Slow' Using New Drugs

SAN FRANCISCO (AP)—One of the problems of modern medicine is preventing or curing ailments caused by new drugs administered to treat or cure something else.

★ ★ ★

The American Medical Assn. took up this problem today in a panel discussion by several experts. They advised a "go slow" procedure in giving medicines known to cause undesirable reactions in patients.

Dr. Leo E. Hollister of the Veterans Administration hospital at Palo Alto said the tranquillizing drugs do more good than harm in carefully selected patients but that their use in some instances can cause complications.

★ ★ ★

Certain tranquilizers can produce undesirable behavior effects, he said. Others can poison the nerves. Some can cause allergic reactions or unfavorably influence gland performance or metabolism.

★ ★ ★

Skin reactions are probably the most common undesirable effects, said Dr. Harold O. Perry, dermatologist of the Mayo Clinic, Rochester, Minn.

Skin outbreaks can come from a wide variety of drugs, even from certain of the old standby vitamins.

Chances for Tax Cut on Freight Improving

WASHINGTON (UPI)—Chances were growing that Congress will approve and President Eisenhower will sign by Monday legislation reducing the 3 per cent federal tax on freight shipments.

★ ★ ★

The tax cut, which probably would not take effect before Aug. 1, would benefit businessmen, farmers and consumers by reducing the cost of producing and marketing almost all products.

The issue will be resolved by Senate and House negotiators in closed-door meetings starting Thursday. They must reconcile differences between a Senate-passed bill which would repeal the 3 per cent freight tax and the 10 per cent tax on railroad, airline and bus passenger tickets and a House-passed bill providing no tax relief.

Both bills would postpone for another year reductions in income taxes on corporations and excise levies on liquor, beer, cigarettes and automobiles scheduled to take effect at midnight Monday with a resultant revenue loss of $2,500,000,000 a year. The deadline must be met because the excise taxes could not be restored retroactively.

Folsom to Quit Education Post

Counting on Congress to Pass Science-Slanted Teaching Proposals

WASHINGTON (UPI) — Marion B. Folsom said today he has decided to leave his post as secretary of health, education and welfare July 31.

★ ★ ★

But before he leaves the Washington scene, Folsom is counting on Congress to push through the administration's science-slanted education proposals. The fact that both House and Senate Education Committees have been working on education bills for several months with no final results as yet causes Folsom great dismay.

"The problem," he said, "is still with us." Folsom said the administration had not dropped its 1957 school construction proposals but postponed them in favor of priority to federal outlays for scholarships to able students.

The cabinet official noted the segregation issue had made school construction proposals more difficult to put across with many congressmen.

★ ★ ★

Folsom, whose resignation was announced May 7, will be succeeded by Dr. Arthur S. Flemming, president of Ohio Wesleyan University.

The date of Folsom's actual departure from office had been left to the President's convenience at any time between July 15 and Aug. 1.

Rep. Bentley Reports Adams Needed—Now

WASHINGTON (AP) — Rep. Alvin M. Bentley (R-Mich), says Sherman Adams is a real political liability to the Republican party but must remain as top White House aide until the President feels he can be replaced.

"There is now no one who could step into his shoes," Bentley said in a newsletter to constituents. "And his departure would throw on the President a mass of administrative and other details that it would be wrong to burden our chief executive with at this time."

AF Cadets in Japan

Giant Squid Studied

MIAMI, Fla. (AP) — A giant squid, said to be the largest taken in this area, is being studied by scientists at the University of Miami Marine Laboratory. The 43-foot, 250-pound squid was found floating near Abaco Island in the Bahamas by a U. S. Fish and Wildlife Service patrol boat.

Iceland is an island believed to be of volcanic origin.

I stopped waiting...bought a new Plymouth...and man, what I saved!

Sometimes it's smart to wait, sometimes it isn't! Take me. I was putting off buying that new car we needed. Then I dropped in at my Plymouth dealer's. *It was the most profitable visit of my life.*

I found I could get *my choice* of new Plymouths at prices a whole lot lower than I believed possible. PLUS a trade-in offer on my old car *so high that I made 'em say it twice!*

And still more! I saved a clean $140 on the Plymouth ride alone. That's famous Torsion-Aire Ride, Plymouth's top luxury ride. It's standard on *all* Plymouths (even the least expensive) at no extra cost . . . but you have to pay up to $140 extra for the top ride of the other two leading cars in the low-price field.

And Plymouth *proved it can save me gas money by winning the 1958 Mobilgas Economy Run.* (There's a new Fuel-Saver Choke that makes your gas buck go a lot further!) It proved it will save me still more money at trade-in time, with new Silver Dart Styling that will look new and bring more years from now!

Here's a beauty that's a money-saver. I'm a proud guy right now... and a whole lot of money ahead! See *your* Plymouth dealer.

Must Be All-Woman—Abby

He-Man Hunting a Bride

By ABIGAIL VAN BUREN

"DEAR ABBY: I am an eligible 28-year-old and everyone asks me why I'm not married. To tell the truth I haven't found anybody that is ALL WOMAN.

ABBY

"What has happened to women? They cut their hair like men, puff on cigarettes like men, put on shapeless dresses and do men's jobs. Just the other day I drove up to a service station and a woman came out and pumped the gas. I see women driving cabs, cutting grass and washing cars. The first woman I meet who is ALL WOMAN is going to be my wife."

ALL MAN

DEAR ALL: Come now — there are plenty of women who have retained their femininity and haven't thrown everything they've got into a sack. You're looking in the wrong places.

"DEAR ABBY: Most people talk about mother-in-law trouble, but my trouble is my father-in-law. He is constantly bringing up a subject that is none of his business. We've been married four years and naturally we would like a family, but we haven't been blessed yet.

"My father-in-law keeps asking me when I'm going to make him a grandfather. This gets on my nerves so bad I have to leave the room to keep from crying. My husband says his father is only kidding, but do you think this is a kidding matter? Please help me."

BONNIE

DEAR BONNIE: This is no kidding matter. Ask your husband to please impress upon his father that you are extremely sensitive on the subject. And no kidding!

★ ★ ★

"DEAR ABBY: My husband makes me very angry on one certain subject, and I hope you will settle it once and for all. When a commercial comes on TV for men's deodorant he nearly laughs his fool head off. He says that is for pansy-type men and no he-man would ever use such a thing, yet he sees the man right on the TV screen using it and he has big muscles while my husband is a dried-up, skinny little weasel. Tell him, Abby."

THE BALL AND CHAIN

DEAR B. AND C.: If a man can look good and smell good, that makes him even more of a man. Your husband has strudel in his noodle.

★ ★ ★

"DEAR ABBY: I am a woman 49 years old and am going around with a man who is 67. He says he has never gone with anybody he cares for so much, but he keeps telling me he doesn't want to marry me because he is too old for me.

"I try to tell him that he isn't too old, but he insists he is. I want to marry him, and wish you would tell me how I can change his way of thinking."

INEZ

DEAR INEZ: There is more than "thinking" involved. If he says he is too old for you — take his word for it.

Ring Bell Before Entering

By EMILY POST

"Dear Mrs. Post: Isn't it bad manners, even for members of one's family, not living under the same roof, to enter a house without first ringing the bell or knocking on the door? My husband's family live close by and they think nothing of walking in without the slightest warning. Not too infrequently I have been startled to turn and find some member of his family standing in front of me.

"My husband and I have had quite a heated argument over this and he thinks it is perfectly all right for them to walk in unannounced. I would very much like to have your opinion on this matter."

Answer: Personally I agree with you that they should at least, on opening the door, call out to you, "Oh, Jane, are you there, and is it all right to come in?"

On the other hand, if they have the habit of running in and out of each other's homes without knocking, and your husband sees nothing wrong in this, I am afraid you will make yourself very unpopular if you try to stop their doing it.

"Dear Mrs. Post: I would like to know if it were necessary for me to stand in the following situation: I was seated in a lawyer's office the other day waiting for him to come in. When he entered the office should I have stood up or was it correct to remain seated? I had never met him before."

Answer: Had you been a man, you certainly should have gotten up. As a woman it was not necessary but it would have been more gracious had you risen to shake hands with him.

"Dear Mrs. Post: How should hors d'ouevres be eaten when served on picks? Should the food be eaten off the pick or removed and eaten in the fingers?"

Answer: The pick is provided so that the food may be eaten from it without soiling one's fingers.

Ring Bell Before Entering

By EMILY POST

"Dear Mrs. Post: Isn't it bad manners, even for members of one's family, not living under the same roof, to enter a house without first ringing the bell or knocking on the door? My husband's family live close by and they think nothing of walking in without the slightest warning. Not too infrequently I have been startled to turn and find some member of his family standing in front of me.

"My husband and I have had quite a heated argument over this and he thinks it is perfectly all right for them to walk in unannounced. I would very much like to have your opinion on this matter."

Answer: Personally I agree with you that they should at least, on opening the door, call out to you, "Oh, Jane, are you there, and is it all right to come in?"

On the other hand, if they have the habit of running in and out of each other's homes without knocking, and your husband sees nothing wrong in this, I am afraid you will make yourself very unpopular if you try to stop their doing it.

"Dear Mrs. Post: I would like to know if it were necessary for me to stand in the following situation: I was seated in a lawyer's office the other day waiting for him to come in. When he entered the office should I have stood up or was it correct to remain seated? I had never met him before."

Answer: Had you been a man, you certainly should have gotten up. As a woman it was not necessary but it would have been more gracious had you risen to shake hands with him.

"Dear Mrs. Post: How should hors d'ouevres be eaten when served on picks? Should the food be eaten off the pick or removed and eaten in the fingers?"

Answer: The pick is provided so that the food may be eaten from it without soiling one's fingers.

Must Be All-Woman—Abby

He-Man Hunting a Bride

By ABIGAIL VAN BUREN

"DEAR ABBY: I am an eligible 28-year-old and everyone asks me why I'm not married. To tell the truth I haven't found anybody that is ALL WOMAN.

ABBY

"What has happened to women? They cut their hair like men, puff on cigarettes like men, put on shapeless dresses and do men's jobs. Just the other day, I drove up to a service station and a woman came out and pumped the gas. I see women driving cabs, cutting grass and washing cars. The first woman I meet who is ALL WOMAN is going to be my wife."

ALL MAN

DEAR ALL: Come now — there are plenty of women who have retained their femininity and haven't thrown everything they've got into a sack. You're looking in the wrong places.

"DEAR ABBY: Most people talk about mother-in-law trouble, but my trouble is my father-in-law. He is constantly bringing up a subject that is none of his business. We've been married four years and naturally we would like a family, but we haven't been blessed yet.

"My father-in-law keeps asking me when I'm going to make him a grandfather. This gets on my nerves so bad I have to leave the room to keep from crying. My husband says his father is only kidding, but do you think this is a kidding matter? Please help me."

BONNIE

DEAR BONNIE: This is no kidding matter. Ask your husband to please impress upon his father that you are extremely sensitive on the subject. And no kidding!

★ ★ ★

"DEAR ABBY: My husband makes me very angry on one certain subject, and I hope you will settle it once and for all. When a commercial comes on TV for men's deodorant he nearly laughs his fool head off. He says that is for pansy-type men and no he-man would ever use such a thing, yet he sees the man right on the TV screen using it and he has big muscles while my husband is a dried-up, skinny little weasel. Tell him, Abby."

THE BALL AND CHAIN

DEAR B. AND C.: If a man can look good and smell good, that makes him even more of a man. Your husband has strudel in his noodle.

★ ★ ★

"DEAR ABBY: I am a woman 49 years old and am going around with a man who is 67. He says he has never gone with anybody he cares for so much, but he keeps telling me he doesn't want to marry me because he is too old for me.

"I try to tell him that he isn't too old, but he insists he is. I want to marry him, and wish you would tell me how I can change his way of thinking."

INEZ

DEAR INEZ: There is more than "thinking" involved. If he says he is too old for you — take his word for it.

Why Grow Old

Retirement Plan Aided by Industry

By JOSEPHINE LOWMAN

I have just received the report on the problems of retirement and whate some employers are doing about them from The National Committee on the Aging.

★ ★ ★

This is a standing committee of The National Social Welfare Assembly in New York City. This booklet is the first of a series designed to "Inform and guide organizations and communities which are starting programs for older people or improving those already under way."

Anyone who has been in close contact with older persons or who is a student of human nature knows that retirement is a terrific shock to many people. With it they may feel that they have lost their identity, that from now on they will sit on the sidelines of life.

Often they dread it so much that they will not face it realisstically and prepare for it ahead of time.

The National Committee on the Aging has made a comprehensive study of this question from the viewpoint of employer and employe. They have been accumulating data for many years now. It seems to me that their findings are of increasing interest since more and more humans are living longer.

★ ★ ★

In the first place, although there are differing opinions, the trend in industry is definitely toward helping employes prepare for retirement. In 1950 the percentage of companies reporting some kind of plan for pre-retirement training and counseling was 13 per cent. In 1952 it was 54 per cent and in 1955, 65 per cent.

In most instances it was found that employees welcomed help when it was offered. Some industries do this through the printed word only, with pamphlets and regular publications. Others prefer personal counseling, either individually or in a group. Some organizations feel that group discussion, with a specialist for a leader is most effective.

It also has been found that this training for retirement is most helpful when begun about five years preceding the leaving date.

MEDICAL HELP

Many companies extend the privileges of medical help and recreational facilities after retirement. Unions now are becoming interested in the problems of retirement for their members.

Itis clear it is drastically important to have a plan. This is most important even if it does not work out just as the individual thought.

The Occupational Planning Committee of The Cleveland Welfare Federation pointed out that retirement planning is not for the needy or maladjusted, except in a few instances, but is a problem for adult education and personal planning for perfectly normal people, many of whom are secure financially.

This seems to me to be a terrific challenge to Adult Education, and for men and women in business and for the woman in the home. Don't forget that the latter meets semi-retirement of a highly emotional sort when her children leave home.

She should begin preparing for these years before it happens with a gradual letting go psychologically of her offspring and the development of individual interests and skills outside her home.

FACIAL HAIR
by Edythe McCulloch

Don't let anyone kid you into believing that lanolin lotions or cold cream will cause hair to grow. At the application of any oily preparation, hair will appear darker for the moment.

A good homespun recipe that will fade hair on the upper lip (or elsewhere on the face) to a light blond that is hardly noticeable is: a few drops of bleaching ammonia, double the amount of peroxide and add enough mild soap flakes to make a thick paste. Apply it while you bathe, rinse in warm water and apply face cream.

Phyllis Morse Marries in St. Michael Ceremony

White gladioli banked the altar of St. Michael Church for the Saturday morning wedding of Phyllis Morse and Paul Carl Willhite. The Rev. Norman Thomas officiated at the 10 o'clock service before 300 guests.

Parents of the couple are Mr. and Mrs. W. G. Morse of North Lake Angelus road and Mr. and Mrs. Paul R. Willhite of Hillcliff street.

The bride wore a Chantilly lace dress styled with a Sabrina neckline and long sleeves. The fitted waistline was fashioned with an apron of lace and the bodice and apron were accented with sequins. The skirt had layers of net forming a chapel train.

A crown of rhinestones and pearls held her fingertip veil of French silk illusion, and she wore a strand of pearls, a gift of the bridegroom. Her bouquet was of white carnations and stephanotis centered with a white orchid.

ATTEND BRIDE

Matron of honor was Mrs. Gloria Miller of Philadelphia, Pa. She wore a ballerina-length dress of yellow and white nylon with a scooped neckline, and carried a bouquet of white carnations centered with yellow rosebuds.

★ ★ ★

Bridesmaids were Barbara Gobel, and Loraine Arama. Their dresses were similar to that of the matron of honor with matching veils and hats, and they carried bouquets of white carnations centered with pink rosebuds. The flower girl, Pamala Hamlin, wore a white nylon dress with a fingertip veil that fell from a crown similar to the bride's.

Best man was David Dumas. Ushers were Arteen Artenion of Detroit and Henry LaBrun.

Following the ceremony, a reception was held at the bridegroom's home. To receive guests, the bride's mother wore a powder blue silk dress trimmed with lace and white accessories. Her flowers were pink rosebuds. The bridegroom's mother wore a white nylon dress accented with pink flowers and white accessories. Her corsage was pink rosebuds.

★ ★ ★

When the couple left for a honeymoon to Upper Michigan, the bride was wearing a white summer chemise suit with white accessories and a carnation corsage.

MRS. WILLIAM A. MALILA

Married Saturday in a double-ring ceremony in Bay City were Elida Marie Reinke and William Alexis Malila. She is the daughter of Mrs. Harry E. Reinke of Bay City, and his parents are Mr. and Mrs. Toivo Malila of Allegan. The bride has been affiliated with the Pontiac public schools.

16 Boats Cruise to Canada

Sixteen boats from the Family Cruise Club of Pontiac have made a first organized trip to Dresden, Canada.

The "flotilla" of cabin cruisers and smaller yachts embarked near Fair Haven for the 70-mile journey to Dresden and arrived there Sunday afternoon. The trip up the Syndenham River took five hours.

Several hundred Canadians were on hand to greet the American cruisers as they docked and escorted them to the Dresden Boat Club's dock.

The visit was arranged by the Dresden Boat Club. The Dresden Chamber of Commerce also participated in welcoming activities.

PICNIC GIVEN

Dresden Boat Club members transported the American yachtsmen to Kinsmen Park for a picnic following their arrival. Later, the group was taken on a guided tour to points of interest in the town, including the site of Uncle Tom's Cabin.

Children Need Orders, Not Requests

By MURIEL LAWRENCE

Ten minutes before dinner Josie's mother called from the kitchen, "Would you please set the table, dear?"

Entering the dining room five minutes later, she found Josie just getting ready to spread the cloth on the table. She set her dish of mashed potatoes on a chair, grabbed the cloth from Josie and spreading it over the table herself, said impatiently, "If you ever did what you're told, I'd die of the shock."

But Josie had not been told to set the table. She'd been requested to set it.

Her mother's "would you please set the table?" had given her the choice between setting it or not setting it. At 11, she isn't morally strong enough to choose to set a table when she prefers to continue looking at TV.

What she needed was authority that made the decision for her — that could say, "Set the table, Josie."

But like others among us, her mother is uneasy with orders. As children we were taught to say to our parents, "Would you please give me a cookie?" instead of "Give me a cookie."

And we may continue to treat our own children like our parents, leaving Josie with the decision to give us a set table as we left Mother to decide to give us the cookie.

It might be helpful if we begin to experiment with the direct order, "Set the table, please."

If it doesn't produce immediate results, we shouldn't be discouraged. Just as we can't expect to produce a perfectly fitting dress the first time we make one, we can't expect perfect results with our first experiment with authority.

What counts is not its results but the willingness to risk its failure — the possibility that Josie will defy us.

This willingness is a form of self-trust. Quite often when we're brave enough to give a child an order, we find ourselves suddenly certain of our right to give it — and can convince Josie of it, too.

We're like a man who's been wanting to swim but afraid to jump into the pool. Then one day he suddenly thinks, "The heck with this dithering," jumps into the pool — and after a flurry or two, finds himself swimming.

But to make that jump, he had first to risk the chance of failing.

Mrs. Paul Gorman, candidate for the state legislature from Pontiac, was guest of honor.

Other guests included Mrs. Charles H. Crawford, Mrs. William McClure and Mrs. Rose Chase of Bloomfield, N.J.

Mrs. William Kreklow, Mrs. Maude Place and Mrs. Alice Sibley served on the hostess committee.

Darline Joyce Haselhuhn Weds John Thomas Kelly

St. Trinity Lutheran Evangelical Church was the scene of the Saturday evening wedding of Darline Joyce Haselhuhn and John Thomas Kelly II. The Rev. Ralph Claus officiated at the evening ceremony before 400 guests.

MRS. JOHN T. KELLY II

Parents of the couple are Mr. and Mrs. F. H. Haselhuhn of Baldwin avenue and John T. Kelly of Detroit.

The bride wore a Chantilly lace dress featuring a chapel train, Sabrina neckline and long pointed sleeves. The gown was tiered in front with lace and tulle. Her fingertip veil fell from a crown of seed pearls and she carried a cascade of Amazon lilies.

Matron of honor was the bride's sister, Mrs. E. F. Marlow of Lake Orion. She wore a ballerina-length gown of white dotted Swiss over yellow taffeta with a matching picture hat, and carried a cascade bouquet of brown majestic daisies.

★ ★ ★

Bridesmaids were Sandra Farrell of Clarkston, Susan Ward, Gerri Bockstahler of Mt. Pleasant, and Margaret Gustafson of Stevenson. All wore dresses of white dotted Swiss over taffeta in varying shades of beige, and carried cascades of yellow majestic daisies.

Flower girl was Jeanine Wagner of Flint. She wore a dress of white dotted Swiss over yellow and carried a white basket of yellow rosebuds.

Best man was Eldon Haselhuhn, brother of the bride. Ushers were Kenneth Zube, Donald Sutton of Oxford, Edward Marlow of Lake Orion and Robert Johnson. Ring bearer was John McCabe of Oxford.

A reception was held in Gingellville Community Center.

★ ★ ★

The bride's mother wore a beige lace dress with turquoise accessories and a corsage of turquoise carnations.

The bride was wearing a beige shantung sheath with cocoa accessories and a corsage of lilies when the couple left on a honeymoon to Florida and Louisiana. They will live on Baldwin avenue when they return.

★ ★ ★

The bride is attending Central Michigan College and is a member of Pi Kappa Sigma Sorority, Sigma Tau Delta Sorority and Kappa Delta Pi Sorority.

Whitewashing 11th for Baltimore

Foytack Blanks Orioles, 5-0

DETROIT (AP) — The Baltimore Orioles cannot afford a late-season letup if they are to eclipse one of the American League's most durable and dubious records.

To date the Orioles have been shut out 11 times. Their latest whitewashing came last night. Paul Foytack of the Detroit Tigers did the job with a 5-0, five-hit effort at Briggs Stadium.

Thus, the Orioles have 92 games in which to absorb 19 shutouts that will give them the new record. The 1909 Washington club was blanked 29 times. The Major League mark is 33, set by the 1908 St. Louis Browns.

The way Foytack was pitching it is doubtful if even the most prolific batters in the league could have damaged him extensively. He yielded two singles in the first inning and two walks in the second. He had easy pickings the rest of the way, never permitting more than a single batter to reach base in any subsequent inning.

Though the Tiger attack was not a rousing one, it provided him with eight hits including Gail Harris' fifth home run. The first baseman smacked one of 19-year-old Milt Pappas' pitches off the screen that protects the bleacher fans in upper right center field. It came in the second inning.

★ ★ ★

The Tigers added four more runs off five hits in the fifth inning and wrecked Pappas' hometown debut before 20,022 spectators. The youngster from Detroit Cooley High School departed after the fifth inning and George Zuverink was in command the rest of the distance.

Pappas struck out four in his brief stint and took his second loss compared with four victories. The bubble gum-chewing righthander struck out Harvey Kuenn twice but it was a single by Kuenn that ruined him in the fifth.

Red Wilson singled leading off and Foytack sacrificed him to second. Pappas got Frank Bolling for the second out but Ozzie Virgil singled Wilson home and took second on the throw. Kuenn singled to center and it ruffled the kid.

Then came a double by Tito Francona and a two-run single by Al Kaline before Pappas got Harris for the third out. The Tigers got only one hit off Zuverink after that.

Foytack had no difficulty after his early spots. He struck out five batters and faced only 19 batters—one over the minimum—over the last six innings.

BACK IN GROOVE—After losing three straight games, Milwaukee pitcher Warren Spahn got back in the groove yesterday when he defeated the San Francisco Giants on three hits, 2-1. A homer by Joe Adcock (left) helped the cause and Spahn to his 9th victory against four losses.

TWO TO WATCH—Defending champion Betsy Rawls (left) and one of the longest hitters on the women's circuit, Mickey Wright, are considered two of the favorites in the 6th annual USGA Women's Open which starts tomorrow at Forest Lake Country Club. The tourney continues through Saturday.

All Ex-Champs Except 'Babe' in Tournament

Defending Champion Betsy Rawls to Seek 4th Crown

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Another chapter in the short history of Forest Lake Country Club opens tomorrow when the top lady pros and amateurs gather for the 6th annual USGA Women's Open.

Following in the same tradition of the Men's National Open the tournament has gathered impetus in becoming the outstanding women's tourney in the country.

It will be the biggest of the three tournaments hosted by Forest Lake in four years, including the Wolvermine Open in 1955 and the LPGA in 1956.

Women golfers have actually played in a National Open tournament since 1946 but it was conducted then by the LPGA and the Spokane Athletic Club. In 1953 the USGA assumed responsibility and conducted its first Women's Open in Rochester, N.Y.

Every champion since 1946 except the late Babe Zaharias is entered with the focus turned on Betsy Rawls the defending champion who will be seeking her 4th title.

By winning the championship at Winged Foot Golf Club in Mamaroneck, N.Y., last year she tied the immortal Babe in being the only other three-time winner.

Miss Rawls, a seasoned pro from Spartanburgh, S.C., will probably remember her third title more than any other tournament she has ever won. It was that day a year ago when she backed into the crown while Jackie Pung was taking her bows for the victory.

When Mrs. Pung inadvertently signed her card for a five where she played a six on the fourth hole, the USGA committee disqualified her and Betsy was named the winner.

Other veteran pros who will be considered strong favorites are Louise Suggs, two-time winner and the great standby Patty Berg.

Some of the outstanding twosomes who will tour the course together will be Patty Berg and Jackie Pung who go out at 10:49 Thursday and 12:27 Friday.

The gallery is expected to stay close to the Suggs-Rawls two-some at 12:13 Thursday and 10:35 Friday.

Yankees Whip Wynn and Chisox

By United Press International

The New York Yankees broke out of their recent doldrums last night with a neat display of power hitting and power pitching that carried them to a 6-2 victory over the Chicago White Sox.

Mickey Mantle, Jerry Lumpe and Norm Siebern crashed homers to spark a five-run fourth-inning rally and then relief ace Ryne Duren "bombed" the White Sox with a six strikeout rescue job over the last 2 2/3 innings. Duren's performance preserved Bob Turley's 11th win of the season—high for any Major League pitcher.

Early Wynn was the victim of the three Yankee homers and suffered his sixth loss compared to seven victories. The Yankees had lost five of their previous nine games, four of them shutouts.

Vic Power, who had driven in all of Cleveland's runs with a single and a two-run homer, let in the Red Sox' winning run with a ninth-inning error. The 4-3 victory went to Leo Kiely while Hoyt Wilhelm was the loser.

The Senators scored two seventh-inning runs to gain a 2-2 tie with Kansas City before rain finally halted the contest an inning later. The game will be replayed in its entirety.

Phillies Sign Twins

PHILADELPHIA (AP) — The Philadelphia Phillies said Tuesday they had signed twins Richard and Robert Haines, 18-year-old Montclair, N.J., high school Negro athletes, for a huge but undisclosed bonus.

The twins are both 6-fout, 200-pound right-handed outfielders. Robert also plays second base. Both are products of American Legion junior baseball.

Lane May Fight Champion July 23 in Texas City

HOUSTON, Tex. (AP) — Contract signing for a title fight between lightweight champion Joe Brown and challenger Kenny Lane was reported at hand today.

Texas Boxing Enterprises, Inc., scheduled a noon luncheon at which an announcement was expected.

According to well established reports, Brown and his No. 1 challenger from Muskegon, Mich., will meet in a title fight here July 23. Lane arrived in Houston yesterday with his manager, Jack Kearns.

2nd Title for Veteran Golfer

Dawson Seniors' Champ

Bob Dawson has done it again!

Pontiac's 78-year-old veteran campaigner of the links is the proud possessor of his 2nd Western Seniors' Assn. championship, Bob has a 14-inch long, handsomely engraved silver tray, as proof of his prowess.

Dawson, who will be 78 July 25, won the divisional title for Class A (75 and over), with a pair of 86s in the event at Tulsa, Okla. He won his first title at Milwaukee's Blue Mound course several years ago.

"It rained all during the tourney," Dawson reports, "but that didn't stop us."

Next summer, says Bob, "I'm going to make a big try for for the seniors' triple." The "triple" includes the Western, the U.S. Seniors and the Michigan Seniors' titles, a real feather in any golfers' hat. "I'd sure like to turn that trick," Dawson commented.

Dawson began playing golf in 1923, won the Pine Lake CC crown in 1933 and has been at the game ever since, usually shooting in the 70s and low 80s.

Doctoring Your Golf

By DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: Too Many Putts.

DIAGNOSIS: Wrong Putting Grip.

Treatment: It's possible to putt well with any of a number of different putting grips. But the vast majority of good putters use the reverse overlap.

Place the left thumb straight down the shaft. Grip the club with the last three fingers of the left hand. Leave room for the right hand to go under the left index finger.

Put the right thumb straight down the shaft, also. Fix the hands so that the back of the left hand faces directly toward the hole. Check the illustration.

That's the reverse overlap grip. But don't forget that it's not only good for putting. It has proven to be the best method of getting the two hands to work as a unit, which is what you want in a putting stroke.

How tightly do you grip. Gently but firmly is the best answer I can give.

Teeing Off

By BILL CORNWELL

Did Billy Casper's practice rounds at Warwick Hills Golf and Country Club earlier this year give him any help in winning the $52,000 Flint Open golf championship Monday?

Yes, according to Casper himself. Billy freely admitted that his previous trial runs around the mammoth 7,280-yard course offered him a slight advantage over his fellow professionals.

"It was bound to give me some kind of an edge," said Casper, who visited Warwick prior to the start of the Western Open at Red Run and made two tours of the par 36-36—72 layout.

Casper proved to be a poor prophet when he won the rich tournament with a 72-hole score of 285. Based on his experiences during the May warmups, Billy figured that par 288 would win it or maybe even 290.

In his early tuneups, Casper opened with a 78, then fired a 71 on the 2nd attempt. He confessed Monday, however, that strong winds were buffeting the course at the time, which made the going much tougher.

Billy shot a pair of 71's in the stretch after beginning with 70 and 73 to win the nation's richest tourney and pocket the fattest check of his young career—$9,000.

The most money Casper had ever earned previously in a single event was $5,000 for winning the LaBatt Open in 1956 and another five grand in this year's Tournament of Champions at Las Vegas where he finished 2nd.

His "gold strike" at Warwick enabled him to pass Arnold Palmer as the leading money winner on the tour. Casper has now earned a total of $31,277.23 compared to Palmer's $28,530.84. Tommy Bolt and Ken Venturi are 3rd and 4th, respectively.

Casper, who observed his 27th birthday yesterday, turned pro in April of 1954. Billy has a wife and two children and the Caspers live in suburban San Diego, Calif. He plays from nearby Apple Valley.

SHORT PUTTS

The Pepsi Cola Open this week end in New York, the next stop for the touring pros, was the main reason why every possible effort was made to end the Flint event on Monday.

Monday's drenching thundershowers were actually worse than the rainy weather conditions that washed out last Friday's 2nd round.

When Canadian Stan Leonard finished out of the money at Warwick, it snapped a string of 32 financial successes. Dow Fonsterwald's elimination after 54 holes at Grand Blanc marked his first failure to survive a cut in almost three years.

Ed "Porky" Oliver, Bill Collins, Bill Johnston and Jack Fleck qualified for the National PGA tournament with their efforts in the Flint Open to complete the starting field. Fleck and Max Evans were the best Michigan pros in the Flint tourney with 290's.

★ ★ ★

Pros Lionel Hebert and Art Wall and low amateur Tom Draper all shot eagle threes Monday. Hebert and Bob Rosburg each fired a 32 on the back side for the lowest nine-hole rounds of the tournament.

Western Open champion Doug Sanders withdrew from the Warwick tourney after four holes Monday due to a painful hip and back.

Quarter-Midget Races Slated Thursday Night

The Wolverine Quarter-Midget Racing Association, Inc., will hold special exhibition races Thursday evening at the new Miracle Mile track off Telegraph near Square Lake road on the shopping center side of the highway. Starting time is 6:30.

CRACK UP—It was just like the Indianapolis Speedway when the Detroit Metropolitan track opened the season in Mt. Clemens Sunday. On the first turn 13 cars became involved in a pile-up which sent three drivers to the hospital with minor injuries. Butch Marshall of Pontiac driving No. 59 which is owned by Max Traxler of East Highland was one of the auto casualties. Marshall escaped with face lacerations. Ralph Donaldson of Jackson driving racer No. 91 however also piles up and he is shown unconscious in car as workers check the drivers of involved cars. Tomorrow night six Pontiac area drivers will compete in stock car races, headed by Joy Fair, the top driver in Michigan last year. The track is now operated by former Pontiac Speedway manager Ed Jones of the city.

Nip Pirates 2-1 as Giants Bow

Cards Take Over 2nd in NL

By The Associated Press

Those St. Louis Cardinals, finding a new hero for each series, have slam-banged into second place in the National League race on a month-long ride from the depths.

It was Joe Cunningham's late-inning belts that gave the Cards a split in four games at Cincinnati last week. Then it was Ken Boyer's bat that beat the first place Braves in two of three at And now it's Curt Flood doing the job against Pittsburgh.

The 20-year-old center fielder, with four hits in Monday's success, killed the Pirates again last night, breaking up Ronnie Kline's shutout bit with a two-run homer in the ninth for a 2-1 victory that extended St. Louis' winning string to four.

The Cards, who were in seventh place, eight games behind, a month ago, have been winning at a .643 (18-10) since and now are .002 percentage points ahead of the San Francisco Giants, who skidded to third with a 2-1 defeat at Milwaukee.

★ ★ ★

In the other NL games, rookie John Briggs won his first in the majors with an eight-hit shutout as the Chicago Cubs defeated Philadelphia 3-0. And the last place Los Angeles Dodgers swept a tough twi-night pair at Cincinnati, winning 13-10 in 10 innings and 7-2 in 11.

Flood, batting 6-for-9 with three RBI in the two games at Pittsburgh, slugged his fourth homer after a walk to junk Kline's five-hit shutout. Phil Paine won his fourth in relief—and now is 9-0 in the majors since coming up with the Braves in 1951.

The Pirates, scoring their run on an error in the first inning against Sam Jones, now have lost four straight and trail by 5½ games.

Warren Spahn, who had lost three in a row, stopped that nonsense with a three-hitter against the Giants, getting the runs he needed on a pair of homers, Ed Mathews' 15th and Joe Adcock's ninth. Rookie Felipe Alou had two of the Giants hits, one his third homerun in the sixth inning.

★ ★ ★

Stu Miller (1-4) lost it.

Briggs, 24, a right-hander with a flock of bone chips in his elbow, struck out six and walked four—blanking the Phils on two hits over the last five innings. Al Dark's single, a sacrifice and an error gave the Cubs the big run in the sixth off Jack Sanford, now 5-6, and rookie Sammy Taylor hit his fourth homer, with one on, in the seventh.

The Dodgers, who have won four of their last five, blew leads in both games. They nailed the opener with three in the 10th on homers by Gil Hodges and Joe Pignatano off old pal Don Newcombe, the loser in relief for a 1-7 record. Duke Snider and Hodges homered for an early lead in the nightcap and then drove in three runs between them in a five run 11th as Bob Purkey (8-4) lost his third straight. Sandy Koufax (5-3) won the opener in relief and saved the second game for rookie Dick Williams (3-1).

Walter Dropo, purchased from the Chicago White Sox earlier in the day, got the Reds started in the nightcap with his first National League homer, off rookie Bob Giallombardo in the sixth inning.

Snider was 6-for-9 and drove in six runs in the doubleheader, while Hodges, who fanned as a pinch-hitter in the second inning of the opener, stayed aboard and was 5-for-9 the rest of the way with five RBI.

Brother vs. Brother in Waterford Loop

Two brothers, each backing a National League softball team in the Waterford Recreation circuit, collided last night, with Hubert Walls' Service defeating brother Jim's Service 8-7 in a hot, extra-inning contest. Phillips' double in the bottom of the 8th scored pitcher Glen Sheffield with the tie-breaking and winning tally. Two were out at the time.

This was the 2nd of a doubleheader for the Nationals, Drayton Drugs taking a 10-0 win over Eagles with the 10-run rule invoked to halt the game after 4½ innings. Dennis Kind and Terry Kaines each had 3-for-3, to lead batters.

In other games, Little Leaguer Pankey's Hangar Grill defeated Lakeland Hardware, 21-0, and Lakeland Pharmacy defeated New Bright Plating, 8-3, with a tie-breaking (3-3) five runs in the top of the 7th.

Race Finish Changed by Review of Films

NEW YORK (AP) — Princeton was placed fourth and California fifth in the Intercollegiate Rowing Assn. varsity championship after officials reviewed films Tuesday of Saturday's race at Syracuse.

World Skeet Plans Growing

With little more than a month away, World Skeet Shooting Championship plans for the international event at Oakland County Sportsmen's club are growing apace. The event is expected to attract more than 400 of this country's best shotgunners, along with some of the finest skeeters from Canada, Alaska, Hawaii and Puerto Rico and possibly from Mexico.

The world event takes place July 28 and runs for a full week at the fine OCSC layout, which will be entertaining the National (now world) championships for the third time. Nationals were held here in 1954 and 1955.

★ ★ ★

Final arrangements are now being made between the club, and National association, headed by OCSC's member Chet Crites of Detroit. Crites is now winding up his fourth year as NSSA's president. Chet will be shooting in the two-man event with another OCSC (Detroit) member, Howard Confer, 1954 all-gauge champion, and recently winner of an important tourney.

Pontiac will have a 1957 national champion in the lists, with Bob Thiefels who took the 28-gauge title at Tucson, last year.

George W. White of Dallas, Tex., secretary of NSSA, will begin moving in his voluminous records and "machinery," plus his staff of officials some time prior to the beginning of the big event. The NSSA will handle the operation of the championships all the way, this year, with OCSC acting as host.

Trespassing on Increase

By JACK PATTERSON

A friend of ours, owner of a large and pleasant farm out Romeo way, reports a disturbing increase in incidents of trespassing on a private lake on the property although the premises are fenced and plainly posted, these measures are apparently inadequate to keep some people from barging in to sample the fishing. It has been this man's policy to release apprehended trespassers with a warning, but not any more. The next fence-climbers are going to have the book thrown at them, and we think, properly so. These are not 10-year olds with cane poles we're talking about but grown men, complete with car-top boats and other gear.

PATTERSON

A great deal of romantic nonsense has been written about poaching and there has been a widespread public tendency to wink at violations of property rights as amusing capers. In plain point of fact taking fish from a private lake without permission is stealing, pure and simple.

Rights to exclusive enjoyment of private property are one of the Constitution's most basic and important tenets. Existing laws dealing with abridgement of these rights, though not often enforced these days, have teeth in them. It appears that it is high time these teeth were bared.

★ ★ ★

We would like to see trespassers prosecuted as a natural matter of course rather than as an occasional oddity.

There are some legal fishermen left in the area, however, and among them are Jim Clarkson, George Wasserberger and Bill Knudsen who at the moment are on their way to Lake St. Clair to mischief the smallmouths. About the only things that have an adverse effect on big water smallmouths are too much rain and-or too much wind. This is a combination that late June is apt to see altogether too much of. But fishermen are used to hardships and weather is only one of them.

One of our more ridiculous predictions was that last weekend would see the beginning of major mayfly hatches on northern trout streams. Rapid chilling at sundown held them off, at least where we were. So, the first warm day this week, or next weekend, be there!

Locally the first few days of the bass season have ranged from excellent to poor, depending on who you talk to, with the general concensus being a little slower than average for opening week.

Solunar Table

For the best times in which to enjoy fishing, anglers of the Pontiac Area should consult the John Alden Knight solunar periods, below, prepared specially for this section. Periods cover the ensuing week.

TROUTERS' PARADISE—Photograph above, showing Pontiac's Frank Slaybaugh and Mrs. Slaybaugh, and their recent catch of some fine Batchewana (Ont.) trout is indicative of the trouting paradise that area affords. Fish were taken on Pancake lake, 45 miles north of the Canadian Soo, out of guide Earl Digby's place. Digby is a favorite guide for Pontiac area fishermen in the Montreal lakes region. Picture shows 40 gray trout (bottom), and 15 "specks," plus a few whitefish. The three big specks (6-7-8 from left) are fine Nipigon native trout. Biggest was taken by the Missus and will be trophy-mounted. All were taken on "garden hackle" by light spin rigs.

Little Stories About Outdoors

It isn't often that an angler has to chase his fish all over a lake to capture it, but that's exactly what happened to Carl Marsh, 666 South Cass Lake road. Carl hooked into a 2-pound, 10-ounce largemouth on Lake Fenton.

★ ★ ★

Then things happened!

The 16-inch long fish broke the line above a bobber, took off madly, with Marsh pursuing it. After a half hour and several misses, Marsh caught up with the bobbing bobber, and hauled in the tired bronzeback. Jim Ritlaw of Monroe gave Marsh some help at the oars..

The fine, two-foot high perpetual trophy for the winner of the recent 1st annual PYC Invitational Lightning sail race, was a gift from veteran PYC sailor, and former Pontiac High sports star, Harold Cousins. By the way, this racing event was conceived by PYC's current fleet captain, Leo Wasserberger.

A new monthly record for hunting and trapping bountied animals in Michigan was set during May, when 7838 red foxes were taken, for which $39,190 was paid. Previous high was in May 1956 when 7283 foxes were taken. Some 212 coyotes, 32 bobcats brought bounty payments last month to $43,065.

Berrien County Sportsmen's Club (Benton Harbor) will hold the state trap-shooting championships, July 11-12-13. Oakland County area shotgunners will be represented with a number of entries. Cash and trophies amounting to $2,900 will go to winners.

Lake Orion Saddle Club and LO Rotary Club annual horse show has been set for Aug. 3, with a parade on Saturday, Aug. 2 to mark the event.

A summer-long fishing contest has been instituted by the Lake Oakland Improvement Assn.

Joe Bennett's Fish Half-Ounce Light

Joe Bennett, Pontiac angler, using a rod borrowed from his son, Brooke, equipped with a spin reel he won recently, landed a near-leader bass last night at Whipple Lake. But Joe's fish lacked leadership in The Press contest by a scant half-ounce, at 4-pounds, 9-ounces.

Brooke, and a former Press derby winner, Ralph Skrine, were with Joe. Ralph didn't get a bass!

Observes Safety Week

New Status for Boating

By The Associated Press

Whenever 35 million people start doing the same thing at the same time, there's liable to be quite an uproar — even if a great many of them aren't operating motor boats.

And in this case, a great many of them are.

This recreational boating, which this season will put one out of every 5 Americans afloat for a varying, time in one or another of 7 million pleasure craft, achieves new status, for a presidential proclamation has designated this week as National Safe Boating Week.

Serious boatmen are seriously determined to make good use of the period. The Outboard Club, the Yachtsmen's Assn., the Power squadrons and many smaller groups are uniting in a drive to acquaint newcomers to the sport with basic safety regulations before the confusion leads to restrictive legislation.

★ ★ ★

Vice Admiral A. C. Richmond of the Coast Guard, which is helping sponsor the week's work, says, "a special effort must be made to focus attention on the growing need to know and observe basic safe boating rules."

And the Outboard Boating Club of America reminded its membership grimly that its own statistics showed that "a lack of common sense" caused about 35 per cent of boating accidents.

SHORT CASTS: Who's stupid? A black duck drake has been trapped 18 times during nine years in the waterfowl banding traps of the Michigan Department of Conservation. That might sound as though he's not very bright. On the other hand, he's lived nine years, which is about six times better than most ducks do . . . on the other hand, some of our waterfowl have been showing unfortunate political tendencies in their travels. Some snow geese and pintails have been, well, ducking behind the Iron Curtain. Since late 1954, the U. S. Fish & Wildlife Service has received reports on 76 American-banded birds killed in Soviet territory. Most of the birds were banded in the western flyway or Alaska.

Wallace Riders Lead Juniors in Opener at BOH

Top Notchers, Merry Madcaps Win Team First-Day Events

Tuesday's opening events for the Detroit Horse Show at Bloomfield Open Hunt club, East Long Lake road, devoted entirely to the eager young saddle sitters resulted in a neat victory for Johnny Wallace, Northville coach.

The Top Notchers, a Wallace-coached four-rider squad, took top Class A honors in the three-way competition, tied for 2nd and took 3rd and 4th in Class B for an 18½ point total. Chuck Grant-coached squads compiled 12.

Merry Madcaps of Outland Stables, Birmingham, won Class B, with 7 points.

Top Notcher riders, four girls, were Stephanie Altenberg, 14, her sister Gale, 18, Sally Sample 16, and Susie Wallace (daughter of Johnny) 16. They had a perfect ride in jumping, over 10 obstacles, won the relay, were 4th in Prix des Nations.

Others in Class A finished in order—Thunderbirds, Irishmen, Toledo Jets (1957 champions); the Clippers, a new team, (Grant) and Wolverines.

For Class B — in order, (new team) Toledo Sparks, Northville, Bonnie Lassies, Northville Highlanders, Northville Pipers, Bloomfield Fairlaners, BOH Corvettes.

This was the first of five team competitions, the next being at Toledo July 12; at Northville July 26; at Metamora Aug. 12 and the finale over Labor Day. No site has been named for the international windup, Sept. 1.

Bass Anglers File Entries

A fine 4-pound, 9½-ounce smallmouth today still headed the entries in the bass division of The Press' 1958 Big Fish Derby, but the bluegill and pike hopefuls are lagging. There's a $50 U.S. Bond waiting for each divisional winner in the contest that runs through Labor Day (Sept. 1).

A cane pole and a nightcrawler on a No. 10 hook brought the present leader in for Maurice Robinson, Pontiac man, at Big Fish Lake, near Orionville. The lunker bent the hook almost straight, Maurice says, before he and his companion, Jack Bean, finally landed the fish, without a net.

Robert and Rickey Cox, 8-year-old twin sons of Mr. and Mrs. Russell Cox, 54 Hughes, Lake Orion, together hooked a 18-inch, 3¼-pound bass off a Lake Orion dock. Their dad had to lend a hand in bringing in the prize.

Ken Krueger, 219 West Cornell, Pontiac, landed a 4-pound, 18-inch largemouth bass at Pontiac Lake. With him were Everett Green and another Pontiac angler.

★ ★ ★

Tim Motzer, 17, Cooley High student, Detroit, summer resident at Cedar Island Lake, took a 19-inch, 3-pounder on a flyrod at Cedar Island, after a 10-minute fight.

Eleven-year-old Mary Ann Kipll, 155 Summit, got a 2½-pound bass at Silver Lake, fishing with her mother, Mrs. Frances Kipll. It was her very first fish.

Joe Mellade of Pontiac took an early bass leader at Lake Oakland, but it didn't hold up. His fish was three and seven-eighths pounds, 20¼ inches long. Joe is a Ferris Institute student. It was his biggest bass.

Unusual Parley at DRC

DETROIT (UPI) — The Detroit Race Course has a strange parlay going this season. While 40 per cent of the favorites have won, two of the daily doubles have topped $2,500.

Billy Pierce and Dick Donovan of the Chicago White Sox led American League pitchers in complete games in 1957, each finishing 16 games.

New Stables Boost Entries

By H. GUY MOATS

Inclusion for the first time of more than a half dozen new stables, from prominent horse show exhibitors, has boosted the entry list for the annual Detroit Horse Show at Bloomfield Open Hunt Club, East Long Lake road, to a record high of more than 300 horses.

The list includes many of last year's champions, plus some new and highly-regarded animals, such as John Pettibone's Duke of Paconian, a Madison Square Garden winner of the hunter conformation event last winter. Pettibone hails from Middleburg, Va.

Other new stables include those of Mrs. Greg McIntosh of Waverley Farms, Warrenton, Va.; A.J. Long's Longacres stables, Cincinnati (Long had a number of winners in the recent Devon, Pa. show and will have six top entries here this week including Mr. Rabbit); Ren Terry's Rolling Green stables from Burton, Ohio with four horses; Victor Sifton's Winnipeg, Man., stable with five horses, for an international flavor; Mrs. William Wright of Hamilton, Ont.; Daniel F. Creary of Owego, Ore. and C. L. Cray of Craybank Farm, Atcheson, Kans.

* * *

Veteran rider Max Bonham will handle the Creary entries consisting of a number of fine horses.

Most of the "regulars" will be back including the jumper champion of 1958, the sensational Pill Box, owned and ridden by Charles Dennehy of the Chicago area. Betty Maguire of Chicago will have her Gold Court, 1958 conformation hunter champion, back in action, but may also have a new entry. Sequoia, working hunter champion, is back among the entries of Mr. and Mrs. James Green of Goodwater, Ala.

* * *

Today marks the beginning of the impressive three-day event dressage test, and in this connection show viewers will see the brilliant Major R. J. Borg of Toronto in a series of grand dressage exhibitions, one of 1957's top features. His first showing takes place Thursday evening. He rides also Friday night, Saturday evening and Sunday afternoon.

Show is a three-a-day affair, except Sunday, when afternoon and evening programs will mark the conclusion of the state's biggest horse show.

State Checks Influence of Rough Fish on Trout

By The Associated Press

Here's something a trout fisherman can worry about: is the reason that some of his favorite fishing thins out the fact that well bred hatchery trout get elbowed out of the way by uncouth native fish when the cow line forms in a stream?

Not that trout fishermen don't have enough to worry about already. But the question of how seriously rough fish interfere with the ability of a stream to carry trout—or rather the ability of trout to be carried — is a matter of dollars and cents.

Particularly in this day of put and take trout stocking, when as a matter of simple economics the trout stocked by official agencies wind up eventually in some fisherman's frying pan.

An experiment on this very subject will be undertaken soon on one of Michigan's famed cold water streams. Biologists will put the electric shockers to work on a stretch of water and remove therefrom all available suckers, chubs, muddlers and such.

Then they'll introduce about the same poundage of hatchery trout. downstream from the cleaned stretch will be a control section of the same length, where the coarse fish and trout will remain in competition. Experimental fishing will continue on both areas, probably for a full year, to see how recovery of trout compares in the restricted cafeteria and the competitive beanery.

Calhoun and Boyd Tangle in TV Bout

CHICAGO (AP) — Rory Calhoun of White Plains, N. Y., and Chicago's Bobby Boyd, a couple of ranking middleweights, meet tonight in a 10-round nationally televised bout in Chicago Stadium.

Calhoun, 23, scored a two-round TKO over Boyd, 24, in New York last November.

Calhoun will take a 34-4-1 record against Boyd. He has scored 18 knockouts and is ranked sixth by Ring Magazine and seventh by the National Boxing Assn.

Boyd, who has a 48-8-3 record, is ranked eighth by both the NBA and Ring Magazine.

Calhoun is expected to be a solid 2-1 favorite.

Dropo Joins Redlegs

CINCINNATI (AP) — Veteran first baseman Walt Dropo, American League rookie of the year in 1950, was sold by the Chicago White Sox to the Cincinnati Redlegs Tuesday in a waiver deal. Although the price paid was not disclosed, it was believed approximately $20,000.

Richard (Moose) Radatz, 6-5, 240-pound pitcher from Detroit, will captain Michigan State's 1959 baseball team.

Crawford Kennedy, Toronto, Ont. juniors, will captain Michigan State's cross-country and track teams next season.

Haney Outlines All-Star Plans

NL Boss Will Fill Out Squad According to Voting

MILWAUKEE (AP) — Fred Haney, manager of the world champion Milwaukee Braves and pilot of the National League All-Star team, Tuesday night outlined his plans for filling his 25-man squad for the July 8 game at Baltimore.

* * *

He said he will be guided by the first and second choices of the players, coaches and managers voting in the poll for all positions except pitcher.

"I'll name a third catcher and eight pitchers from the recommendations of the other managers" he added.

* * *

Haney said he does not plan to cast a ballot himself.

"I don't think I should since I'll be managing the squad," he said. "There'd be no sense to it. I think this way is the best. Then nobody can feel he got a raw deal."

HUSKY LEADER—Here's the current leader in the 1958 Press Bass Derby. The jubilant angler, "tailing" his fish, is Maurice Robinson, 192 Crestwood, Pontiac, who took the 4-pound, 9½-ounce smallmouth at Big Fish lake near Ortonville, on opening day of the bass season, June 21.

Los Angeles Next for Tennis Caravan

FOREST HILLS, N. Y. (AP)—Pancho Gonzales today led the pro tennis caravan on to Los Angeles where Jack Kramer's Masters Tournament opens Saturday with Gonzales the favorite after his $4,750 sweep in the Tournament of Champions.

Despite last night's 13-15, 6-3, 6-4 loss to Australian Lew Hoad, Gonzales was the big money winner in the round-robin.

The swarthy slugger from Los Angeles won $3,000 top money in the singles, another $750 in sharing the doubles crown with Australian Ken Rosewall and an extra $1,000 in "appearance money" from promoter Kramer in an off-court agreement.

Rosewall, collected $2,750, Tony Trabert of Salt Lake City, $2,250 and Hoad $1,750 in total prize money. Frank Sedgman of Australia and Pancho Segura of Ecuador each won $1,500 and another Aussie, Rex Hartwig, was low with $1,000.

Cincinnati Royals Inks College Ace

CINCINNATI (AP) — The Cincinnati Royals of the National Basketball Assn. Tuesday signed a third player from a 1957-58 college championship team.

Royals' President Frank Wood Jr., said Johnny Powell, a 6-foot, 1-inch guard with Miami, Ohio University's Mid-American Conference champions, had agreed to terms.

Previously, the Royals had signed Vern Hatton from Kentucky's NCAA championship team and Wayne Stevens from the University of Cincinnati's Missouri Valley Conference champs.

NCAA Qualifying Continues

WILLIAMSTOWN, Mass. (AP)—Smooth swinging Ab Justice of Oklahoma State, is leading the race for medalist honors but the qualifing picture remained clouded today at the National Collegiate golf championship.

* * *

Entering the third and final day of qualifying at Williams College only one third of the entries has completed the required 36 holes.

The other players will be battling over the 6,630-yard Taconic Club course today for one of the 64 low scores which will entitle them to move on to match play.

So far, Justice heads the list with a 139 after carding a 3-under-par 68 on his second round.

The recent winner of the Big Eight Conference title is followed by Al Geiberger of Southern California with a 141. Tied with 142s are Tommy Aaron of Florida, Jim Hiskey of Houston and Art Fall of Oklahoma State.

* * *

Aaron produced a blazing 67 off an eagle 3 on the 18th hole yesterday to tie the course record and move into the top ranks. The two-time Southeastern Conference champion is the only player ever to win both the Georgia State Open and amateur crowns.

But the pattern is far from established.

* * *

Still to be heard from are Houston's Phil Rodgers, first round comedalist at 69, teammate Jack Cupit, unheralded Larry McLain of Fairleigh Dickenson University, Dick Siderowf of Duke, Dick Whetzle of North Texas State, and a few boys like Aaron who well may move up from far back in the field.

The team championship will be determined when the final rounds are completed, based on the lowest aggregate score compiled by a team's best four players.

* * *

Oklahoma State moved closer into the battle on the performances of Justice and Hall, but two-time defending champion, Houston remains on the inside track with Southern California, Stanford and a few other clubs in pursuit.

Fathers, Sons Night at Sportsmen's Club

An unusual program feature will mark Father and Son night, this evening, at Oakland County Sportsmen's Club, when club members will have their sons as guests. Paul Allen of Snakes Alive will appear in a feature with some of his "family" of reptiles. Special music will include numbers by the Key Knights, a barbershop quartet. A movie will top off the program, that starts at 8 o'clock, in the clubhouse at Waterford.

Redlegs Ink Catcher

CINCINNATI (AP)—Cincinnati's Redlegs Tuesday night announced signing of Larry Rancourt, standout Holy Cross catcher, for a substantial bonus.

Rancourt, a 6-foot-1, 185-pound player, is slated to report to the Reds' Seattle farm team next Friday.

Kansas Gets Another 'Wilt'

LAWRENCE, Kan. (AP) — Dick Harp, basketball coach at the University of Kansas, confirmed a report that Wayne Hightower had applied and said the Negro star was coming to get a job here this summer.

A report from Philadelphia Monday said Hightower had decided on Kansas but the 6-foot, 8-inch player was not available to confirm it.

"I notice someone is calling him the successor to Chamberlain," Harp said. "Actually, he's not the same kind of player, he doesn't have Chamberlain's height or Chamberlain's scoring record.

"But Hightower is a good all-round player—he's not limited to being a pivot man—and we're extremely happy to have him."

Hightower was the highest scorer and captain of the team at Overbrook High School in Philadelphia where Chamberlain also played before coming to K.U.

The 7-foot Chamberlain left the university last month and signed a contract with the Harlem Globetrotters.

Harp said Hightower probably would get a job with a construction firm this summer. He said the star was driving here from Philadelphia.

Brazil, Sweden Reach Finals in Soccer Meet

STOCKHOLM (AP) — They're talking in Sweden today about a second Stanley Matthews — Brazil's rightwinger Garincha.

He's the man together with another 10 stars who moved the South Americans into the final of the World Soccer Cup championships.

* * *

Brazil reached the final with a 5-2 victory over France last night.

Host country Sweden defeated defending champion West Germany 3-1 to join the brilliant Brazilians in the final to be played at Stockholm's Rasunda Stadium Sunday.

West Germany and France meet in a match to decide third place Saturday.

Pitchers Have Big Day in City League Games

The pitchers held the upper hand on the 2nd day of action in the various Pontiac kids leagues yesterday. There were several low-hit jobs and one no-hitter, a three-inning 21-0 victory for Lynn Thorpe of the Little Eagles over Midget rival Auburn Boys' Club.

Winner Ray Hedding and loser Gary Clevenger allowed only a combined three hits as Wever downed Malkim 4-1 and Dave Phelps flipped a one-hitter while walloping a bases-loaded triple and double as Kuhn's Auto Wash trounced Baldwin 13-5 in other Midget action.

Gary Moran and Bud Goff of Ryeson's Market flipped a Class F (morning) two-hitter beating Arnold's Drugs 7-0 with a total of 15 strikeouts.

Class D mound gems were turned in by high school pitchers Chuck Kirken and Andy Billesdon. Kirken gave up just two hits while fanning 14 as Lytell and Colegrove nipped Miracle Mile 2-0. Billesdon whiffed nine and allowed three safeties for a 2-0 Cranbrook win over West Bloomfield.

Beauty Queens Make Out All Right, Survey Proves

By BOB THOMAS

HOLLYWOOD (AP) — As the season for beauty contests approaches, we are asked to shed a tear for the plight of the poor winners.

Don't do it! Judging from a local survey, the contest winners are doing all right.

★ ★ ★

It is often claimed that nothing remains for beauty queens after their victory except oblivion. True, few of them have set the world afire as actresses. But they can still make good livings on the basis of their prize-winning assets.

This is the conclusion reached after surveying a team of lovelies assembled as moon maidens in "Missile to the Moon." That's not bad surveying. Not when the girls include Reneta Hoy (Miss Germany), Sandra Wirth (Miss Florida), Tania Velia (Miss Yugoslavia), Mary Ford (Miss Minnesota), Marianna Gaba (Miss Illinois), Lisa Simone (Miss France) and Sanita Pelkey (Miss. New York).

★ ★ ★

None of the girls has exactly hit it big in Hollywood. Yet they claim they are able to support themselves on earnings from movies, TV, modeling and night clubs.

Do beauty titles help their acting careers?

No, says Miss Germany. They are labeled as beauties without talent.

Yes, says Miss Minnesota. "Beauty contests can be stepping stones to a career if a girl keeps her head."

★ ★ ★

But all agree that beauty must be accompanied by talent. If a girl has both, she can have a chance in Hollywood, the beauties declared, but they recommended that she come here with no less than $500 as a nest egg to tide them over.

Among the other results of the survey:

Beauty winners do not rival Jayne Mansfield in the chest department. The girls averaged 35½ inches in the bosom:

★ ★ ★

Most of them don't think the Hollywood wolves are more virulent than those elsewhere. "But there are more of them here," said Miss Germany.

They must keep strict discipline to maintain their beauty. Regular hours, careful diet, exercise. "Skip the desserts and stick to salads, fruits and steaks," said Miss Minnesota.

Minister's Wife Killed, 2 Hurt When Car Flips

HART (AP) — The wife of an Indiana minister was killed yesterday when their car skidded off the rain-slick U.S. 31 bypass and overturned.

Mrs. Augusta A. Seamann, 56, of Patricksburg, Ind., wife of the Rev. Albert R. Seamann, 60, was killed. Mr. Seamann and a daughter, Georgianne, 22, driver of the car, were injured.

Deputies said all three were thrown from the car. The crash was within the city.

To Attend Conference

Two members of the North Pontiac Kiwanis Club, William McGlashen and James Mann, will attend the 43rd annual convention of Kiwanis International in Chicago Sunday through Wednesday.

$53 Thousand Spent on Waterford Roads

In a local road budget statement released to the Waterford Township board from the Oakland County Road Commission, there has been $53,756 of the estimated $110,928 yearly budget, spent in the township.

Patching work totaled $20,524 and roadside and drainage was listed at $17,663. There was $5,035 spent on ice and snow control, with $10,530 for resurfacing, dragging, shoulder and approach repairs and engineering fees.

There is a balance of $47,428 for road operation this year in Waterford Township.

The first U.S. retrospective exhibition of works of Pablo Picasso was held at the Wadsworth Atheneum in Hartford, Conn., in 1934.

The U. S. Articles of Confederation were adopted on March 1, 1781.

It is now estimated more than 50,000 American homes are broken each year because of desertion of a parent.

'Neex-on' Visit Strengthened Ties

Ecuador Has Deep Respect for U.S.

QUITO, Ecuador (AP)—In this land of the Equator there's a deep liking and respect for the United States.

Traditionally Ecuadoreans have held out the hand of friendship. Today that cordiality is probably more pronounced than ever because of Vice President Richard M. Nixon's recent visit.

★ ★ ★

Ecuadoreans, like the peoples of other Latin-American countries, have their economic problems. But most of them feel that all can be solved with understanding and help.

The name Neex-on is still on the lips of many Ecuadoreans. That includes the bronzed Indians, who make up over 50 per cent of the population; the Mestizos (mixed), who account for 25 per cent; the 15 per cent Negro and 10 per cent white. Total population is four million.

★ ★ ★

"Senor Nixon left Ecuador with its heart in his pocket," says one taxi driver.

Down in the Avenida Diez de Agosto Nixon entered the "Paris-Peluqueria-Periumeria" for a haircut.

Bolivar Guzman did the job. Guzman and his boss, Alberto Sigcha, took down the "Paris" sign. Now the establishment is called the "Mr. Nixon" barbershop.

★ ★ ★

Ecuador, the size of Arizona, is a land of lofty Andean mountain peaks, of hot, humid, coastal lowlands bordering the Pacific, and a primeval world of virgin forest stretching into the eastern lowlands that form part of the upper Amazon River basin.

It is a poor country, but possibly potentially rich. Much of it still is unexplored.

Basically, Ecuadoreans live by gricultural exports. Their country is the largest exporter of bananas. Coffee goes out too.

★ ★ ★

The country has had a basically stable government for the last 12 years, with presidents filling out their scheduled terms without the embarrassment of revolutions.

But Ecuador long has been living close to the borderline between solvency and insolvency.

The government has gotten 46 millions in World Bank loans. These are being used to build highways, railways and transportation and communications facilities. A new port is being built at Guayaquil, the biggest city, with a population of over 400,000.

The government recognizes there must be adequate transport and communications systems before substantial U.S. capital can be lured into Ecuador to explore and develop untouched lands that might yield mineral resources.

The government of President Camilo Ponce Enriquez has managed to maintain a comparative degree of economic stability.

It would please Ecuadorean leaders if the United States cut its tariff on the import of panama hats, a key product. Revenues have dwindled sharply because of competition from hatmakers in Japan and Italy.

★ ★ ★

There are also proposals that Ecuador get additional surplus commodities from the United States.

Thus far, Communists have not created any serious problem for the government. Card-carrying members are variously estimated at 1,000 to 3,000 with probably 20,000 sympathizers. But they seem to have the top hand in what limited organization there is of labor unions.

De Gaulle Calls Top Advisers

Working to Complete Still Secret Plan for Ending War in Algeria

PARIS (UPI) — Gen. Charles de Gaulle called in his top advisers today to complete his still secret plan for ending the war in Algeria.

The premier's North African strategy also will be studied tonight when he meets with Gen. Raoul Salan, supreme commander in Algeria who is flying in from Algiers to get a final okay on plans for De Gaulle's visit to Algeria next week.

★ ★ ★

De Gaulle has disclosed only a few segments of the policy he is developing for Algeria but that has been enough to scare right-wing organizations into charging he is being too liberal with the Moslem population.

An assembly of extreme right-wing associations was meeting behind closed doors in Algiers today to discuss what to do about the man they brought to power with their revolt against the government in Paris six weeks ago.

Also vitally interested in De Gaulle's plans are two men he will meet with in the next 10 days —British Prime Minister Harold Macmillan and American Secretary of State John Foster Dulles.

★ ★ ★

The American and British interest springs mainly from the fact that France's ultimate contribution to the strength of the Atlantic Alliance hinges on whether a satisfactory solution is soon found for the Algerian problem.

In the past two days De Gaulle has met with NATO Secretary General Paul-Henri Spaak and Supreme Commander in Europe Gen. Lauris Norstad. To both he was reported to have stressed determination that France will play a bigger role in NATO.

Nearly All Grain Prices Boosted

CHICAGO (AP) — Broad short-covering and a moderate commercial demand boosted nearly all grain futures slightly today in early dealing on the board of trade.

★ ★ ★

Corn, however, scored gains running to more than a cent a bushel with some commission houses agressive buyers. Other gains were mainly in minor fractions of a cent.

Prices generally were firm near the end of the first hour, when wheat was ¼ to ½ cent a bushel higher, July 1.84½; corn was ⅝ to 1¼ higher, July $1.34¼; oats ¼ to 1 cent higher, July 64⅜; Rye unchanged to ¾ higher, July $1.27½; soybeans ⅛ to ⅝ higher, July $2.25; lard 2 to 5 cents a hundred pounds higher, July $12.17.

★ ★ ★

Formosa was reported to have bought a million bushels of hard wheat for shipment during July, August and September and the Department of Agriculture accepted subsidy bids of 12 to 23 cents a bushel on 140,000 bushels of corn for export.

Will Arraign 2 Lapeer Deputies

Pair Admits Taking Indecent Liberties With Runaway Girl, 14

LAPEER — Two Lapeer County deputies will be arraigned in Lapeer justice court today on charges of taking indecent liberties with a 14-year-old runaway Charlotte girl.

★ ★ ★

Deputy Ronald Baker, 28, of Columbiaville, and Deputy Bill Dougherty, 23, have admitted the charges, Sheriff William J. Porter said. The incident took place Sunday evening in a patrol car.

Picked up yesterday by Lansing Police, the girl told officers she had been attacked by two policemen "up in Lapeer."

Baker and Dougherty were arrested following an investigation by Porter and Undersheriff Charles Grant. Both have been fired, and Porter said "we will see that they are prosecuted to the greatest extent of the law."

★ ★ ★

Baker had been a member of the department for about two and a half years. Dougherty was hired seven months ago.

Mitchell told police he was watching a truck at the side of the road, ran a red light and struck Fay's car at the intersection.

Launch New Attack on Rats in Pontiac

City health officials have undertaken a new rat killing program inthe city, according to Charles Cohen, city sanitarian.

★ ★ ★

Fifty pounds of Warfarin, a commercial rat poison compound which when eaten causes rats to bleed to death internally, is being placed in rat-infestedareas in Pontiac, Cohen said.

★ ★ ★

He said any complaints of rats will be investigated by his department, and the poison used if necessary. It is not deadly to pets if taken in small amounts, Cohen explained.

New Car Announcement Dates Will Be Earlier

A roundup of contemplated announcement dates for 1959 model cars is published today by the Wall Street Journal. The list, with dates of last year's announcement, follows:

Chevrolet: First week in October; last year it bowed Oct. 31.

Pontiac: Second week in October; Nov. 9 last year.

Oldsmobile: Middle of September; Nov. 8 a year ago.

Buick: Mid-September; last year it appeared Oct. 29.

Cadillac: Not definite, but probably late September or first week in October; last year, Nov. 13.

★ ★ ★

Ford: End of October; Nov. 7 in 1957.

Mercury: Second week of Nov., only a day or two before last year's Nov. 12 introduction.

Edsel: Nov. 17; this is a special case since it was first unveiled to the public last year on Sept. 4.

Lincoln: Mid-November, later than the Nov. 1 public showing last year.

★ ★ ★

Plymouth, Dodge, DeSoto, Chrysler and Imperial: Mid-October, probably the second week. Last year Chrysler Corp. cars went on sale Nov. 1.

American Motors Corp.: Mid-October, perhaps the third week; last year its cars appeared Oct. 22.

Studebaker-Packard Corp.: Week of Nov. 10, compared with Oct. 15, 1957.

Selected Stock Issues Busy

NEW YORK (AP) — The stock market was irregular in moderate early trading today. Selected issues were in demand.

Gains and losses of fractions to about a point where the rule for most key stocks.

An exception was Union Oil of California which dropped 1⅝ to 52½ on an opening block of 2,000 shares and extended its loss to about 3 points in later dealings.

The stock rose 2⅛ yesterday on rumors Gulf Oil had made an offer for Union stock, but this was later denied by both companies.

American Motors added a fraction to its rise of yesterday following the news that financier Louis E. Wolfson had been restrained by a federal judge from further alleged manipulation of this stock.

Gains were made by U. S. Steel, Youngstown Sheet, Goodrich, American Telephone, Kennecott, American Cyanamid and Johns-Manville.

★ ★ ★

Slightly lower were Eastern Air Lines and General Motors.

2 Slightly Hurt as Cars Collide at Intersection

Two persons were slightly injured early this morning in a two-car accident at Ferry and Going streets.

Johnnie J. Green, 16, of 477 Irwin St., was treated at St. Joseph Mercy Hospital for bruises, and released. The other driver, Earl T. Charles, 52, of 530 S. Jessie St., refused treatment, police said.

Green told the officers he failed to observe a yield-right-of-way sign at the intersection.

HOLLYWOOD (AP)—Singer Roberta Linn is ill of pneumonia, complicated by an acute upper respiratory infection. Her condition was described as fair by Cedars of Lebanon Hospital.

Farmington Board Fires Attorney Over Scandal

FARMINGTON TOWNSHIP—The Farmington Township Board last night discharged its attorney, Arthur L. Robbins of Detroit, because of publicity arising from the investigation of the Wayne County Morgue, which linked his law firm associate, Louis Wecshler, to the scandal.

Board members, expressing concern that any scandal attaching to Robbins' office might reflect on the board, voted that he be discharged at the termination of his contract, July 1.

★ ★ ★

Supervisor Frank J. Stephenson, on whose recommendation Robbins was hired a year ago, said today:

"I feel very badly about this. He has done a wonderful job for the township. Nothing has been proven against him but the board felt he must go."

Following the meeting, Dr. Sylvan A. Broadman, township health officer, said he felt the board had been most arbitrary in firing Robbins without a hearing.

Russians Storm U.S. Embassy

1,000 Stir in Moscow Retaliating for Earlier New York Incident

From Our News Wires

MOSCOW — More than 1,000 screaming, banner-waving Russians staged a rowdy "Yankee, Go Home" demonstration outside the U.S. Embassy today. Some shouted the Soviet equivalent of "dirty S.O.B."

Previous demonstrations heavily damaged the West German and Danish embassies, but the U.S. Embassy emerged unscathed. The only stone thrown went through an open window.

The crowd surged against 150 Soviet policemen forming a solid line on the sidewalk in front of the embassy. It made no serious effort to break through.

Some of the slogans, in English and Russian, read:

"Yankee, Go Home."

"Down with dirty provocateurs."

"Hands off Lebanon."

"Down with war."

"Long live the peaceful policy of the Soviet Union."

"Long live the Hungarian Socialist Party with (Janos) Kadar at its head."

The well organized, well controlled demonstration was in retaliation for Sunday's demonstration against the Soviet U.N. Headquarters in New York. A group of Hungarians there were protesting the executions of Imre Nagy and other Hungarian leaders.

★ ★ ★

(The U.S. State Department said the demonstrations in Moscow were obviously staged, and bound to increase international tension.)

Last week's demonstrations at the Danish and German embassies came quickly after publication in Moscow of news about anti-Soviet demonstrations in Copenhagen and Bonn.

Today the Soviet press reported the New York rioting. So the U.S. Embassy was prepared. Windows were boarded, the first floor cleared and all Russian employes were given the day off.

Demonstrators marched up to the 10-story building in columns. They flaunted their banners, shouted and shook their fists.

Some of the Americans inside looked out upstairs windows. The crowd whistled. Some shouted catcalls. Others took out mirrors and flashed the sunlight into the Americans' faces.

★ ★ ★

A total of 150 Americans, including the wives and children of diplomats, live in the embassy building, mainly in apartments on the middle floors.

Another 50 embassy families are housed elsewhere in Moscow, as are the 12 American news correspondents in Moscow and their families.

There was no expectation among Westerners in the Soviet capital that embassy people themselves would be endangered by any demonstration.

Ex-Hills Man Pays $326,633 Back Tax

A former Bloomfield Hills resident settled his income tax bill of $370,000 for $326,633 with U.S. tax attorneys today.

Otto Millbrand, a former Michigan businessman, now the owner of a hotel and subdivisions at Fort Lauderdale, Fla., was charged by the government with failing to report all his income from 1933 through 1951.

At that time he owned a Detroit roofing company, an auto agency and a construction firm, all of which he sold when he moved to Florida.

Learns to Drive With Stolen Car —Courts Trouble!

Lack of driving experience proved the undoing of a burglary suspect and led to his arrest.

John Mills, 17, of 49 Clark St., broke into Riemenschneider and Englehart Edsel Sales, 232 S. Saginaw St., Monday night and stole a 1958 Edsel, Pontiac police charged.

He drove south on Woodward, but collided with another car near Long Lake road. Bloomfield Hills officers, investigating the accident, found there were no license plates on the car and that Mills had no proof of ownership or drivers license.

Mills was turned over to Pontiac police who found that he had driven a car only once before.

He was arraigned yesterday in Municipal Court and waived examination on a burglary charge. Judge Maurice E. Finnegan bound him over to Circuit Court for arraignment July 7.

Cost of Living Still Climbing

Reaches Record High in May, but Appears to Be Leveling Off

WASHINGTON (AP)— Living costs edged up to another record high in May but appeared to be leveling out for the summer.

The increase of one-tenth of 1 per cent from April to May—bringing the government index to 123.6 per cent of the 1947-49 average—is the smallest monthly rise since December.

★ ★ ★

Food costs, the main family budget item, averaged the same in May as in April. This is the first time food hasn't gone up since last November. A seasonally more plentiful food supply was the main cause.

The latest living cost increase means a pay raise for 850,000 workers. About 750,000 in the steel, aluminum, can manufacturing and meat packing industries will get a four cent hourly boost effective July 1 under labor contracts tying pay rates to living cost changes.

About 100,000 other workers will get living cost raises, mainly two cents an hour although some groups get increases as small as one cent an hour and others as high as nine cents. The two cent raises go to aircraft workers and those employed by the Washington and Detroit transit systems.

★ ★ ★

Altogether the living cost pay raises will boost labor costs in the affected industries about 65 million dollars a year.

Sea Lion Cyril Still Outwitting Two Countries

PORT DOVER, Ont. (AP) — Cyril the Sea Lion, battling in unfamiliar waters towards the open sea and freedom, still is being hunted in Lake Erie by fishing boats, the U.S. Coast Guard and the Royal Canadian Navy.

★ ★ ★

Somehow he sneaked past yachts, outboards and launches that were waiting to trap him up the Maumee River in Ohio. Toledo Zoo Director Phil Skeldon, hopeful of catching Cyril with the aid of a tranquilizer gun, was left without a target.

★ ★ ★

Cyril, who escaped from the London Zoo last week via the Thames River and Lake St. Clair was last seen swimming strongly in deep water off an island 50 miles east of Toledo heading toward the Niagara River, which runs into Lake Ontario.

★ ★ ★

Back at London Zoo his mate Celia has forgotten he exists. "She seems to be quite at home by herself but we have ordered two more sea lions from California to keep her company," said A. L. Furanna, London Public Utilities Commission manager.

Pontiac Board Honors Realtors

13 Cited for Excellent Professional Records at Elks Temple

Thirteen Pontiac realtors who have devoted more than 25 years to the real estate business were honored last night at a dinner meeting of the Pontiac Board of Realtors.

★ ★ ★

The meeting, held at the Elks Temple, cited the realtors for their unblemished professional records, according to the Michigan Corporation and Securities Commission.

The certificates of merit were presented by Harold A. Meininger of Royal Oak, vice president of the Michigan Real Estate Association, to the following: V. K. Archer, 28 years of service; Harry S. Beaumont, 34 years; John C. Cowe, 37 years; Joseph R. Dalley, 35 years and John K. Irwin, 39 years.

Others were: Dorothy Snyder Lavender, 28 years; William A. Kennedy, 31 years; Floyd Kent, 40 years; Paul A. Kern, 30 years; George Marble, 38 years; George L. Scales, 26 years; E. M. Stout Jr., 35 years, and Leslie R. Tripp, 31 years.

★ ★ ★

William V. Louks, Michigan Real Estate Association president, presented the local group with a new charter for the Pontiac Board of Realtors. The group since 1921 has been called the Pontiac Real Estate Board.

Robert P. Gerholz, past president of the national association, was the guest speaker at the banquet following an all-day real estate clinic.

He Escapes Injury as Car Brakes Fail

William Oliver, 26, of 1545 Wilmot Ave., Pontiac, escaped serious injury last night when his auto's brakes failed and the auto crashed into a tree in Waterford Township.

★ ★ ★

Oliver told Waterford Township police that he was driving north on Cass Lake road and when attempting to stop at the signal light at Cass-Elizabeth Lake road, he discovered the brakes had failed.

To avoid hitting oncoming cars, he swerved to the right, sideswiped one tree and smashed into another.

★ ★ ★

He was treated at St. Joseph Mercy Hospital for facial lacerations and knee abrasions, and released.

Business Notes

Frank Shepard, member of the Pontiac Board of Realtors, was among the 138 persons who were presented final certificates in real estate recently. The courses were sponsored by the University of Michigan in cooperation with the Michigan Real Estate Association.

Walter S. Miller has been named president and director of the Commerce Engineering and Pattern Company, 8183 Commerce Rd., Walled Lake. The firm consists of tool and pattern designers and manufacturers of wood and metal patterns.

Half of Ceiling Falls at City Fire Station

Pontiac firemen at No. 2 station, Wilson and Saginaw streets, escaped injury yesterday when half the ceiling collapsed in the apparatus room.

The plaster and lath fell to the floor just as several men were looking over the ceiling to see if it could be repaired.

The firemen heard the crack of the plaster and leaped outside the room in time to avoid being struck. A reserve engine in the room had a ladder broken by the plaster.

The station was built in 1921.

Social Security Hike Predicted

Expert Says Congress Will Boost Payments 10 Per Cent This Year

By RAY HENRY

ANN ARBOR, Mich. (AP)—One of the nation's top Social Security experts today predicted Congress will raise Social Security payments for 11 million people by 10 per cent this year.

Dr. Wilbur J. Cohen, frequent consultant to congressmen on Social Security legislation and a University of Michigan professor, made the prediction in an interview.

★ ★ ★

Cohen returned here from Washington a few days ago where he attended the hearing of the House Ways and Means Committee which is considering Social Security changes.

Secretary of Welfare Folsom last week told the committee at its opening meeting the Eisenhower administration opposed major changes in Social Security this year. But he hinted the administration wouldn't object to a cost of living increase in payments, if Congress saw fit to make one.

Cohen also predicted Congress would raise the amount of wages on which employes, employers and self-employed persons must pay tax from $4,200 to $4,800 a year and would make dependents of disabled Social Security recipients eligible for payments.

An increase in the taxable wages, he said, would have these three main effects:

★ ★ ★

Immediately raise from $94.50 to $108 a year the tax a worker and his employer would pay if the worker received $4,800 a year in wages; raise possible retirement and disability payments for workers from $108.50 to $130 a month and hike the possible payments to survivors of a deceased worker from a high of $200 a month to between $250 and $300.

GOP Opposes Him but Langer Wins

FARGO, N.D. (AP)—North Dakota's colorful veteran Sen. William Langer won Republican nomination for a fourth term without party backing in a race with Lt. Gov. Clyde Duffy, the GOP choice, in yesterday's primary election.

Duffy conceded in a telegram in which he wished Langer the best of luck in the fall election.

With 471 precincts of 2,331 reported, Langer had 15,089, Duffy 10,278.

Langer's bid for re-endorsement was spurned by the GOP State Convention this spring in favor of Duffy, Devils Lake attorney.

★ ★ ★

Entering the race as an independent and relying on a following built up through more than 40 years in state politics, Langer made only a handful of campaign appearances. Although showing effects of a recent illness, the 71-year-old senator claimed his health was not a campaign issue. He read a statement from a Maryland hospital saying he had recovered completely.

Ice Cream Man Case Held Up in Pontiac

The City of Pontiac must go through another summer without knowing if its controversial ice cream peddling ordinance has a legal leg to stand on.

This situation arose yesterday after Oakland County Circuit Judge H. Russel Holland postponed hearing on a test case until Aug. 6.

Last month the stage was set intentionally for the long-awaited case when Sam Wineman, 59, of 3835 Duane St., volunteered to test the city's move to have its ordinance upheld by a Circuit Court ruling.

Both Wineman's attorney and Pontiac City Attorney William A. Ewart called for an early hearing of the Wineman case in order to test the constitutionality of the law. The city naturally believes it is constitutional, while most vendors disagree.

The law requires that an assistant to the driver be with each truck selling in Pontiac to help youngsters escape traffic hazards. It also prohibits the sounding of any device, such as bells, to attract children.

SUCCESSFUL NERVOUS WRECK — Oscar Levant has become the toast of Los Angeles TV in a show business comeback after a 1952 heart attack. He plays the piano, chain-smokes, and dabbles in observations and insults on the 85-minute show, seen three nights a week. His wife, June, appears regularly on the program. Networks are considering him for a big coast-to-coast show.

Sophia Loren Just Had to Have That Handbag

By EARL WILSON

MADRID — When we go out shopping around this part of the world, we're often reminded of the time that Sophia Loren admired a handbag that the wife was lugging around Spain.

WILSON

★ ★ ★

"I must have just such a bag!" Sophia exclaimed. "They have such wonderful things in America!" breathed the Italian star. "When you go back home, you must send me one!"

When the wife returned, she shopped for one for Sophia. The bag was big, black and bulky, with a compartment which you locked and in which you could carry jewelry, in case you had any jewelry. It weighed eight pounds empty and, so it turned out later, some of the most famous women in America, like Betty Furness and Dagmar and Eleanor Holm and Molly Berns, carried one—or had some escort carry it for them, since the thing was so heavy.

Sophia found it so expensive that she allowed her movie company to pay for it. That being the case, she was happy about it until some pecksniffian accountant, going over expense bills, wondered whether Sophia shouldn't pay for it.

★ ★ ★

How that came out, we never learned. However, the bag, being very heavy even when empty, put a big strain on the handle, and one day the strap weakened. Sophia had to get the bag repaired. It was so valuable that she couldn't cast it aside.

Sophia sent the bag off to her favorite shop in Rome, her home town.

"America makes such wonderful bags!" exclaimed Sophia. "Why don't you make something like this."

"THIS is our bag!" the man retorted. He pointed proudly to his label. Sophia not only could have bought the bag in her home town, but being Sophia Loren and a friend of the manufacturer, she could have had a gross of them for nothing.

Detroit Police Hunt 2 Frustrated Bandits

DETROIT (AP) — Two bandits who were frustrated in their attempt to rob a Bank of the Commonwealth branch office were sought today by police.

Carl R. Rehahn, 61, manager of the bank branch, said one of the bandits came up to him yesterday with a gun under a folded newspaper. Rehahn said the other man stood near the door.

Rehahn said the gunman told him "Cooperate and nothing will happen."

Instead, Rehahn nodded to his secretary, Mrs. Lillian Jacques, 39, of Mt. Clemens, who got up from her chair and went to an empty teller's cage and pressed an alarm button.

The bandit at the door panicked, shouted, "They pressed the alarm. Let's go! let's go!" at his partner and fled. The other man followed.

Witnesses said the two escaped in a car parked across the street.

City Boy Scouts Hold Father-Son Banquet

Boy Scout Troop 20, of McConnell School, held its annual father-son banquet last night at the school.

Program Called the 'Sick Show'

Pianist-Wit Faces Life by Talking About His Favorite Topic—Himself

Editor's Note: Oscar Levant, pianist-wit, who has been making a sensational comeback in the entertainment world via a Los Angeles TV program, was fired and quickly rehired by his station over the weekend. On his Friday program, Levant criticized his sponsor and two rival stations. Although he was dismissed, the situation was quickly patched up, and Levant is back at his old stamping grounds. Here is the story of Levant's comeback and his program, which, he confesses, "is the best thing on TV."

By ERSKINE JOHNSON

HOLLYWOOD (NEA)—So there's nothing new about TV turning stars into nervous wrecks. But a nervous wreck facing TV cameras as a therapeutic medium . . .!

Well, maybe I better warn you about what should be called "Oscar Levant Faces Life," a Los Angeles TV soap opera threatening to become a coast-to-coast epidemic.

NERVOUS WRECK

Nervous wreck Oscar, the 51-year-old pianist-humorist and by his own admission the "world's oldest child prodigy," has become the toast of Los Angeles TV in a show business comeback after a 1952 heart attack which left him, he likes to say, "a man in chaos in search of frenzy."

He first tried the bottle to drown the frenzy. Then came psychiatrists and sanitariums. Today his TV work on "The Oscar Levant Show"—some people call it the "Sick, Sick Show"—seems to be doing more for him than medical and distillery science.

He's found an audience for Oscar—and that's all Oscar needs to face life. When he's talking about Oscar, or listening to some guest talk about Oscar, Oscar is the happiest man in the world. That's all he's doing on TV here but as the nervous wreck he's a smash hit.

BLINKS EYES

His neurotic nervousness, his constant eye blinking, his wails as the world's greatest hypochondriac, his ego, his bitter wit, his piano playing and his extraordinary intelligence as an expert on everything from Russian politics to the best way to burp a baby have made his show sort of a combination Medic, This Is My Life, Zoo Parade, Comedy Hour and See It Now.

"I'm the only monologist with guests," says Oscar.

That's pretty close to describing his TV appearances which many people say are "the most disgusting exhibitions of egoism" they've ever seen. Others swear by Oscar as the Peck's Bad Boy of TV.

He sits at a mike, with his wife June next to him playing the role of his telephone-answering secretary, and talks to guests about Oscar or kidding his commercial sponsors — "the vitamins sold on my show can cure everything except me" — or using words that send TV fans rushing to their dictionaries.

Even June, his wife of 18 years, wasn't spared from his razor wit when he complained that she gave him a cracked rib in a recent domestic quarrel not caught by TV cameras. "The secret of marriage," said Oscar, "is that they murder you and then apologize for it."

The quarrel then turned into a publicity romp for both. Said Oscar: "I don't blame June for hitting me. How would you like to be my wife?" Said June: "I gave him a little push. He's such a hypochondriac, he thinks he's mortally wounded if he gets a scratch."

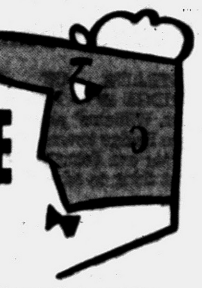

To which June later added: "For three years Oscar was so ill I couldn't get him out of bed. Since his TV success he's so busy taking bows he never gets to bed at night. He'll wear us all out."

I suspect Oscar has worn out many a TV viewer with his colossal ego, his clutching at his heart in what insiders assure me is mock pain, and his repetitious, sometimes dull as old pewter verbiage.

Some of his best lines were tossed over that cracked rib in the quarrel with pretty June: "I was absolutely passive in the fight," Oscar said. "I'm an artist — I need pain."

Networks now considering Oscar for a big coast-to-coast show have their fingers crossed—and they will stay crossed if he returns to the big time on which he once sparkled as a panelist on the old "Information Please" radio show.

Red-Headed Cutie Going on African Trek

By PHYLLIS BATTELLE

NEW YORK — King Menelek, a son of Sheba, would roll over in his crypt on Kilimanjaro if he knew who is coming up to see him sometime soon.

It's Billie-Marie Gannon, a slick red-haired schoolteacher from Seattle. She is on her way to dig him up.

She digs everything, Billie-Marie does.

"I've never climbed a mountain," the litle lady said, demurely perching on a chenille bedspread in a tiny New York hotel room. "Matter of fact, I'm not an outdoor girl at all. Heavens, I guess it's a funny world. But they're getting me in practice for the climb—they being the 'Bold Journey' people.

"Every day I climb 22 flights to my room, sometimes more than once, to get in practice. And there's talk that I'll climb to the top of the Empire State Building before we leave. That'll be exciting."

Miss Gannon, as wide-eyed a cutie as ever roamed from home, is climbing hotel stairs to build up her muscles for the greatest — if not, the only—adventure of her young life.

★ ★ ★

She was chosen from 1,500 applicants by the television producers of the popular ABC "Bold Journey" series, to make an expedition to North Africa accompanied by John Goddard, explorer and faculty member of Brigham Young University.

She won a "Teachers Award" contest, on the basis of her record as an instructor at Catherine Blaine Jr. High School. And now she will paddle the Nile in a dugout ("But I can't swim"), climb Mt. Kilimanjaro in search of the legendary ice crypt of King Menelek ("Imagine me — all I've done is go partway up Mt. Rainier, by car"), and search for a three-toed animal whose tracks have been reported in the snows ("He's supposed to be a sloth, but a huge one.")

The only thing that apparently bothers Billie-Marie, who had never been outside the State of Washington before this, is the possibility of snakes. She wriggles when she talks of it.

★ ★ ★

"But they've tried to make me feel at home, with snakes," she says appreciatively. "Before I left, they wrapped me up in a 15-foot python. He was trained, of course. And gave me time to get acquainted with it.

"The thing that surprised me was that he was not slimy at all. He was very firm and cool, and quite pleasant to the touch."

The shapely apprentice adventuress has also been introduced to a lion. She walked him on a leash for awhile, and found him real friendly. In fact, there is some apprehension at the thought that anything which approaches Billie-Marie, from Mau Mau to boa constrictor, may now receive a loving pat on the head instead of proper respect.

At any rate, well-insured and well-equipped with intrepidation, the schoolteacher and squadron take off tomorrow for a two-and-one-half week quest to the unknown, which will be filmed for next fall's "Bold Venture" series.

★ ★ ★

Billie-Marie is certain everything will be peachy, although she concedes with a soft, sweet smile that "accidents will happen, of course."

Blue Cross Pays Out Over $1 Billion in 1957

CHICAGO (AP)— Blue Cross paid hospitals more than a billion dollars during 1957 for caring for their subscribers.

The record figure of $1,210,591,526 was announced today in the annual report of the Blue Cross Commission, national coordinating agency for 84 Blue Cross plans in the United States, Canada and Puerto Rico. Total membership in the plans is 55,940,416.

Two out of every three South Dakota ranchers and farmers rent part or all of the land they operate.

Williams Coins Commemorating Bridge Dedication

STRAITS OF MACKINAC BRIDGE (AP) — Except for posting Gov. Williams' photo on the Mackinac Bridge towers, Michigan Democrats are doing perhaps the next best thing to advertise the connection.

A souvenir coin has been struck for the occasion. Party workers are being given 22,000 of them to sell at 50 cents a piece, both at Saturday's dedication and back in the counties.

A silver-colored version of the gold-hued souvenir will be passed out free by the Governor and close associates. Williams has ordered 2,000 of them, many for distribution by the all-Democratic administrative board.

On one side appears the bridge superimposed on an outline map of Michigan and the legend "Mackinac Bridge—1958." On the reverse is the smiling countenance of the Governor and this legend:

"Built by the will of a great people upon foundations of Michigan's faith in her future—G. Mennen Williams, Governor."

The souvenirs are a little larger than a 50-cent piece.

Ed Winge, publicity man for the Democratic State Central Committee, said earrings and cuff links, based on a similar design but smaller, are being given this year to Democratic party workers who excel in voter registration activity.
