Rusk Is Optimistic on Viet Vote; Fulbright Hits Ky

WASHINGTON (AP) — Secretary of State Dean Rusk voiced assurance today there will be elections in Viet Nam this September.

But Sen. J. W. Fulbright D-Ark., pictured Premier Nguyen Cao Ky as an "irresponsible man" who could hamper free elections.

At a hearing by the Senate Foreign Relations Committee, Rusk explained and defended the roots of U. S. involvement in Viet Nam — and drew a sharp challenge from Sen. Wayne Morse, an outspoken foe of American involvement in Viet Nam.

Morse's demand that the foreign aid bill be put aside so that he could present international lawyers who, he said, disagree with Rusk's view triggered a brief shouting match between Morse, Fulbright and Sen. Frank Lausche, D-Ohio.

★ ★ ★

When Fulbright got the situation calmed down again, he asked Rusk about his statement yesterday that reports on Ky telling a news conference he intended to stay in power "at least for another year" were a misrepresentation of his words.

Fulbright noted that news stories on Ky's news conference remarks had been censored from Vietnamese newspapers.

Rusk, referring to a transcript of Ky's press conference, which Rusk acknowledged he wasn't sure was completed, declared that Ky did not say an election for a National Assembly would be postponed.

Rusk, he said yesterday, argued that Ky was saying that an election for a National Assembly will not be held until next year after details, election law and a constitution are worked out.

Rusk said he was simply saying "that some interpretations may have been overdrawn."

Fulbright said it was the feeling of the committee that "we are dealing with an irresponsible man who could make an election difficult."

He asked Rusk if he really believed that it would be possible to conduct elections in South Viet Nam.

"I think there will be an election for a constituent assembly in September," Rusk said.

Bar Deaths, Body May Be Linked

DETROIT (AP) — Police indicated today there may be a link between a pair of multiple murders in two Detroit bars and the death of an ex-convict whose body was found in a lake near Utica.

GRAYVOLD

Detroit detectives investigating the multiple slayings at the Miami Lounge Feb. 23 and Verdi Bar on April 20 joined forces today with Macomb County authorities and State Police.

They were checking into the background and associates of Gary C. Grayvold, 28, whose nude body was recovered from Stony Creek Lake.

He was bound with electrical wire and weighted with concrete blocks.

★ ★ ★

Police learned over the weekend that Grayvold had lived recently within a block of the Miami Lounge where three persons were slain in a holdup.

FREQUENTED BARS

They said Grayvold often frequented bars in the neighborhood between the Miami and Verdi's, about eight blocks south, where two persons were slain in a similar robbery.

Grayvold was awaiting trial in Detroit for two armed robberies. He was last seen April 11, his wife, Gloria Jean, told police.

Grayvold failed to appear at a Detroit Recorder's Court hearing April 13. The hearing was adjourned.

★ ★ ★

Detroit homicide detective Charles Schlachter planned to meet today with State Police and Macomb County Sheriff's detectives to compare notes and map out an investigation.

★ ★ ★

Robert M. Grindle, Detroit Police homicide inspector, said there were some similarities in the bars slayings and the death of Grayvold, including use of electrical wire to truss the victims.

Peking Claims Explosion Is Great Victory

Reds Fail to Tell if Device on Tower or Dropped From Plane

TOKYO (AP) — Communist China announced today it had exploded a device containing "thermonuclear material," indicating it had set off its first hydrogen bomb.

The announcement said the test was concluded yesterday somewhere in Western China. Peking previously had disclosed two atomic tests.

"It is a great victory for the three great revolutionary movements in class struggle, the struggle for production and scientific experiment," Radio Peking said.

The announcement said the test was conducted in the air, but whether the device was on a tower or dropped from a plane was not indicated.

In Washington, the Atomic Energy Commission had no immediate comment.

FIRST N-BLAST

China exploded its first nuclear device on Oct. 16, 1964, and its second May 14, 1965.

The first was believed to have been set off atop a tower at a desert test center in Sinkiang Province, and the second was believed dropped, from a plane.

Communist China's first nuclear device had an area explosive force equivalent to 20,000 tons of TNT — about the force of the first U.S. atom bomb dropped on Hiroshima in World War II.

U.S. Defense Secretary Robert S. McNamara described the Chinese device as "primitive" and "large and unwieldy."

The second one was reported slightly more powerful. All the tests took place in the same area of Sinkiang, which borders on the Soviet Union.

BIG SMILE—Harry S. Truman smiles broadly yesterday at dedication ceremonies of a new federal building in Independence, Mo., as the crowd sings "Happy Birthday." He turned 82 yesterday and today was honored at an annual luncheon in his honor in Kansas City.

400 Honor Truman on 82nd Birthday

KANSAS CITY, Mo. (AP) — Harry S. Truman, more than 13 years out of the White House, was lauded as "the man of peace" today as more than 400 friends gathered to wish him a happy 82nd birthday.

President Johnson and Chief Justice Earl Warren plan to telephone their congratulations.

Truman's birthday actually was yesterday, and he celebrated it by dedicating a federal office building in his home town of Independence — a structure he worked hard to obtain for the city.

The building is only a few blocks from the square where Truman got his political start 44 years ago.

★ ★ ★

Truman gave a brief talk after he was presented with a miniature of the seal of the United States which is on the front of the building.

FORMER PRESIDENT

The former president said he could not claim any more credit for completion of the building than many other government officials and elected representatives.

He said, with a grin, "I just tried to prod them along a little when they got a little slow."

U.S. Jets Knock Out 2 Red Missile Sites

SAIGON, South Viet Nam (AP)— U.S. jet pilots knocked out two Soviet-built missile sites in North Viet Nam and chased off a pair of Communist MIG17s about 35 miles from Red China's frontier, the U.S. command reported today.

It said the MIGs fled when four U. S. Air Force F105 Thunderchiefs closed in on them.

Navy A4 Skyhawks hit a surface-to-air missile site 12 miles north-northwest of Haiphong yesterday, the U.S. command said, while Air Force pilots reported they destroyed a SAM site 30 miles north-northeast of Hanoi.

It was the closest penetration so far to Haiphong, North Viet Nam's major port.

A military spokesman said U.S. fliers evaded 11 missiles fired from sites in three different areas during air strikes yesterday.

NEAR CHINA

The spokesman said Air Force F105 Thunderchiefs encountered the MIGs 70 miles east-northeast of Hanoi and about 35 miles from the Chinese frontier.

He said the American pilots closed in, but the MIGs turned and fled before they could be engaged.

The missile sites were hit yesterday during a break in the monsoon rains.

Manned Shot at Moon May Come by '69

WASHINGTON (AP) — Senators were told today that the United States manned moon shot could come in 1969.

★ ★ ★

Dr. Edward C. Welsh, executive secretary of the National Aeronautics and Space Council, held out this possibility and also said this country leads the Soviet Union in many phases of manned space flight.

His comments came before a Senate Appropriations subcommittee when asked about the U.S. position in the space field by Sen. Milton R. Young, R-N.D.

The council is responsible for advising and assisting President in the aeronautics and space field.

★ ★ ★

Welsh said the U.S. goal of a successful round-trip manned moon shot in this decade still was in sight, adding that "1969 is considered a good, practical year" in which to expect the attempt.

Market Takes Severe Beating

Tape 10 Minutes Late Reporting at 1 Point

NEW YORK (AP) — The stock market took a bad beating in heavy trading today.

★ ★ ★

At one stage, the New York Stock Exchange ticker tape was 10 minutes late in reporting floor transactions.

★ ★ ★

By noon the Dow Jones average of 30 industrials had fallen 11.74 points to 891.09.

Blue chips took losses ranging up to 3 points, pulling the averages down.

Opening of trading in General Motors was delayed because of an influx of orders. When it finally opened it was off $1.37.

Over the weekend, GM announced that eight of its 23 assembly plants would be on short work schedules the rest of May. Similar news last Thursday plunged the market into its worst nosedive in four years.

School Redistricting Loses in N. Oxford

Voters of the North Oxford School District merely postponed what county school officials say is the inevitable when they turned down a proposed annexation to the School District Saturday.

★ ★ ★

Thirty-one of the district's 45 eligible voters turned out to defeat the annexation 23 to 8.

By doing so they will retain for an indefinite length of time their one-room schoolhouse, which serves kindergarten through eighth grade.

★ ★ ★

Dr. Kenneth W. Brown, deputy superintendent of Oakland County schools, said the state is "leaning toward" doing away with all non-high school districts.

He said North Oxford will probably have to become part of a high school district eventually.

★ ★ ★

A proposal now before the State Reorganization Committee would annex North Oxford to Oxford; Dublin and a portion of the Waterford Township school districts to Walled Lake; let Novi remain an entity and complete its K-12 program; and annex Wash-Oak school district in Washtenaw County to South Lyon.

Dr. Brown said that if this plan is not approved, the county reorganization committee must come up with a second plan.

In the event the second plan is turned down, he said the state must create a plan and submit it to a vote of the people.

North Oxford would automatically have been dropped from the plan if the merger had passed.

If the annexation had been approved, North Oxford's 15 pupils would have attended Oxford schools next year. High school pupils now attend Dryden High School on a tuition basis.

The one-room North Oxford school house was built in 1835.

Ex-JFK Aide Raps Johnson

Claims State Dept. 'Relied On Too Much'

NEW YORK (UPI) — Arthur M. Schlesinger, John F. Kennedy's biographer and White House aide to the late president, criticized President Johnson yesterday for allowing "a lack of confidence in his own judgment" induce him to place foreign policy decisions in the hands of the State Department.

★ ★ ★

Schlesinger said Johnson relinquished to the State Department powers assumed personally by Kennedy following his disillusionment with the abortive "Bay of Pigs" fiasco.

★ ★ ★

"President Johnson will find he has made a mistake in relinquishing a major White House role in foreign affairs," he said.

"I think he'll bring this (the decision-making power) back."

Schlesinger, who won the Pulitzer Prize in biography for his book, "A Thousand Days: John F. Kennedy in the White House," said he had little to add to his highly critical comments on Secretary of State Dean Rusk published in that book.

★ ★ ★

According to Schlesinger, the only time President Kennedy accepted "unquestioningly" the State Department's opinion was in the case of the "Bay of Pigs" invasion of Cuba — and he bitterly regretted doing so on that occasion.

The widely respected historian said that many members of the academic community have "a fear that he (President Johnson) is not in control of his government."

MAINTAIN 'FEAR'

But he added that "the great bulk of the people I've encountered in the academic community give Johnson full credit for his great contribution to domestic policy."

Scout Cookout Is Too Hot--- Firemen Called

Two 13-year-old Boy Scouts set out yesterday on a 10-mile hike and cookout and wound up helping firemen stomp out a grass fire which threatened to spread over state-owned land north of Milford.

The boys, both members of a Milford church troop, had lighted a cooking fire in the Cooley Lake Road-Weaver area when flames spread to nearby brush.

The youths both charred their jackets trying to extinguish the flames themselves, but finally managed to bring the fire under control with the aid of village firemen and volunteers.

Neither scout was injured.

'Move Would Ease Tension'

Mansfield Also Backs China Policy Review

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield proposed today that the United States recognize Mongolia, a Communist-controlled nation sandwiched between Red China and the Soviet Union in mainland Asia.

This would help ease internatonal tensions, Mansfield said in an interview, and give the United States "a valuable listening post" between the two Communist giants.

★ ★ ★

Mansfield's proposal came as he endorsed the call by Sen. Edward M. Kennedy, D-Mass., and George S. McGovern, D-S.D., for appointment of a "blue ribbon" commission to reassess U.S. policy toward Communist China.

The Kennedy-McGovern suggestions also brought these developments during the weekend:

INTRIGUING IDEA

—Secretary of State Dean Rusk, who testifies before the Senate Foreign Relations Committee today, described the commission proposal as "an intriguing idea." But Rusk said for more than a year the executive branch has had a very competent group making an intensive study of these matters. He did not further identify the group. "They have been in touch with experts outside; they have visited universities and they have searched the literature for possible new ideas," he said.

Rusk also said he has discussed recently with President Johnson "the desirability of systematizing outside advance in the general areas of the world." He added: "I think it is very likely that we shall do this somewhat more systematically than we have done before."

★ ★ ★

—Vice President Hubert H. Humphrey was reported actively supporting the proposal to create a commission. Although he was silent about Johnson's reaction, Humphrey's endorsement was viewed as indicating a willingness by the administration to explore new avenues in Asian policies.

—Sen. Robert F. Kennedy, D-N.Y., said Humphrey's support encourages him to believe such a policy review may materialize. "I certainly think we need to have a searching look at possible future relations with Communist China," he said.

DISAGREES WITH SENATOR

Rusk disagreed with Sen. J. W. Fulbright's view that American forces in Viet Nam have turned Saigon into a brothel. Fulbright, Arkansas Democrat who heads the Senate Foreign Relations Comimttee, expressed this view in a speech last Thursday night.

"It just isn't true," said Rusk. He said Fulbright's allegations reflect "unfairly and inaccurately on what our men are doing over there."

U.S. Dumps Nausea Gas on Suspected Cong HQ.

SAIGON (UPI) — U. S. Army planes dumped 7,200 pounds of nausea gas on the suspected jungle political headquarters of the Viet Cong, paving the way for an assault by 2,500 gas-masked infantrymen, it was revealed today.

The drop occurred yesterday in the War Zone C. Communist stronghold near the Cambodian border 70 miles north of Saigon.

There was no available word on the results of the infantry assault in terrain so thick GI's have to use machetes every foot of the way.

B52 bombers from Guam, which often strike ahead of advancing troops, today pounded the vast region for the 11th consecutive day.

★ ★ ★

Troops of the U. S. 1st Infantry Division have been sweeping the former Viet Cong haven since mid-April.

USED BEFORE

The drop yesterday was not the first time U. S. forces have used nausea gas but it was one of the largest doses ever spread over Communist territory.

The gas was in powdered form to disseminate in chocking clouds, clearing the way for three battalions of ground troops. Previously it was dropped in small quantities from helicopters.

The nausea gas leaves no permanent effects but it immoblizes troops by producing violent retching or vomiting which prevents their carrying on with normal duties.

★ ★ ★

Like tear gas it also can induce blurred vision or even temporary blindness. It is widely used in many cities of the world against rioters.

UNSUCCESSFUL TRY

Tear gas was first used in Viet Nam in an unsuccessful attempt to free a number of American war prisoners reported held in a Viet Cong camp.

Later it was used to flush Viet Cong out of the great labyrinths of tunnels they have dug in many of their strongholds in Viet Nam.

Civilians, incuding women and children, accidentally caught up in the path of the war have been hit with gas when they were hiding out in the tunnels with Viet Cong troops. There was no indication any were involved in the action announced today.

★ ★ ★

Use of the gas has brought violent denunciation from Communist nations despite American assurances it leaves no permanent effects.

Ky Is Assailed by All Sides

South Viet Premier Hit on Declaration

SAIGON, South Viet Nam (AP) — Premier Nguyen Cao Ky came under attack from within and outside the ruling junta today after his declaration that he expects to hang onto power at least another year.

Informants said some of Ky's fellow generals considered the statement likely to endanger the delicate political balance that has kept them in power despite Buddhist agitation.

Ky was reported to have made the declaration without consulting them.

Government censors cut the statement from the Vietnamese language press in an effort to minimize the political repercussions.

★ ★ ★

Nevertheless, it spread by word of mouth through Saigon. Political groups threatened counteraction against the military government.

STRONGEST REACTION

The strongest reaction was expected from Saigon's influential Buddhist leadership, which has demanded an early return to civilian government.

As the new storm erupted around him, Ky lapsed into silence.

He ordered his chauffeur to drive on when newsmen converged on his car for an explanation of his intentions.

GM to Alter Car Defect Notice Setup

DETROIT (UPI)—General Motors Corp. said today it is planning to take a more direct approach in notifying customers when automobile safety defects need to be corrected.

Under procedures now being developed, each of the five GM car divisions will directly notify "each owner of record by certified mail at his last known address in the event of a recall campaign."

Such notification is currently handled by individual GM dealers.

They apparently will be bypassed in the future.

The disclosure was made in a letter from GM President James M. Roche to Sen. Abraham A. Ribicoff, D-Conn., chairman of a Senate government operations subcommittee examining auto safety.

ADVERTISEMENT

The text of the letter outlining "policies and procedures regarding defects which may appear in our automobiles" is contained in an advertisement placed by GM in 200 newspapers across the nation.

The message to owners, which explained GM's recall policy, followed a weekend during which the company labeled as "inaccurate" part of Ribicoff's conclusions about the list of defective cars.

State Property Rental Is Eyed

Dearborn Solon Asks Inquiry on Practices

LANSING (UPI)—An investigation of practices in renting state-owned property has been called for by State Sen. Edward Robinson, D-Dearborn.

★ ★ ★

Robinson called for the statewide inquiry after it was learned that 12 acres of land belonging to the state armory on the Lansing-East Lansing boundary have been rented to a car dealer for about eight per cent of the land's real value.

The 12-acre tract was reportedly being rented to Story Oldsmobile, Inc., for $75 a month. State tax officials say it should rent for about $900 a month.

"I hope the Senate Appropriations Committee can hold a hearing on the matter during the week," said Robinson, chairman of the appropriations subcommittee on safety.

Robinson called the situation "a case of poor judgement" and added, "We should review the practices and policies at other armories in the state."

Cancer Experiment Participant Is Dead

TUCSON, Ariz. (AP) — "Up to the end he had a hopeful, optimistic attitude."

This was how Dr. T.E.A. von Dedenroth recalled the optimism of Robert Allen, 28, who died Sunday, victim of a rare form of bone cancer.

Allen, suffering from osteogenic sarcoma, underwent a transfer of cancerous tissue with Harry T. Griffith, 63, of Flourtown, Pa., about three weeks ago at Roswell Park Memorial Institute, Buffalo, N. Y.

Allen never knew that Griffith, a former minor league baseball player, died April 25.

Allen was admitted to a Tucson hospital Friday. Dr. von Dedenroth said the cancer had spread too far through Allen's pelvic area.

Two Recall LBJ's Bravery on Flight

CHICAGO (UPI) — To hear two crewmen tell it, Lyndon B. Johnson was brash and naive to want to go along on the World War II bombing mission that won him the Silver Star.

"I thought the guy was nuts," turret gunner Robert Marshall said in an interview Sunday. "Anyone who wanted to fly along on one of those missions had to be out of his mind."

"We thought the man was stupid," tail gunner Harry Baren said. "There were no milk runs those days. We were getting clobbered."

It was early in the Second World War. Johnson, then a young congressman, had been dispatched by President Roosevelt to find out why American bombing missions over the South Pacific were virtually ineffective.

He was at a remote air base near Townesville, Australia, one day when Marshall and Baren were helping prepare their B26 for a mission over New Guinea.

NAVAL RESERVES

Johnson—a lieutenant commander in the Naval Reserves at the time — asked for, and got, permission to make the flight.

He wore his Navy uniform that day because, he told the B26 crew, if the plane was shot down over enemy territory, he would be treated as a prisoner of war, not as a civilian spy.

"There were two things wrong with his thinking," Baren said. "One, on those low-level runs, there weren't any survivors if we were shot down. Two, nobody took prisoners of war in those days—military or civilian."

Despite the young Texan's fallacious thinking, his investigation for President Roosevelt impressed the crew.

RIGHT QUESTIONS

"He came prepared," Baren said. "He asked the right questions. He wasn't out there to just hear himself talk. His questions were pertinent.

Then the president-to-be learned firsthand how it was on one of those early-war missions.

Heading north toward the target, one of his plane's engines conked out. The crippled B26 became a "straggler," easy prey for enemy fighters.

★ ★ ★

Japanese Zeroes spotted the "lame duck" and swarmed in for the kill.

PLANE RIDDLED

"During the battle, I'd swear that if we had had another gun, Johnson would have grabbed it and whaled away at the Zeroes," Baren said. Bullets riddled the plane's fuselage.

The pilot wheeled around and headed back to Australia, ducking into some clouds to lose the attacking fighters.

"If there had been no cloud cover that day," Baren said, "Johnson wouldn't be president today."

★ ★ ★

Two years later, Marshall and Baren learned that the young congressman had been awarded the Silver Star for that aborted mission. None of the crew was honored.

Neither Marshall nor Baren begrudges the President that Silver Star, which adorns his lapel now.

"It was a brave thing he did," Marshall said.

Gemini 9 Craft to Undergo Tests in Preparation for May 17 Shot

CAPE KENNEDY (UPI) — The Gemini 9 spacecraft that will take astronauts Thomas Stafford and Eugene Cernan on an action-paced rendezvous and spacewalk flight faces a string of tests this week to clear the way for launch on May 17.

The capsule was bolted to its Titan 2 rocket yesterday after engineers resolved a problem with a leaky oxygen bottle in Cernan's special maneuvering unit without disrupting the launch schedule.

Tomorrow, the Gemini and its Atlas-Agena rendezvous rocket will be put through a full scale dress rehearsal countdown designed to iron out any snags that might otherwise interrupt the actual countdown.

If the exercise proceeds as planned, the Gemini 9 ship will undergo a day long series of simulated flight tests Wednesday to give all the craft's flight systems a workout.

★ ★ ★

Successful completion of Wednesday's drill will signal the start of final launch preparations. The preliminary "pre-countdown" routine is set to start Saturday.

The twin launches of Gemini 9 and its Atlas-Agena will mark two of five space shots on the schedule for a three week period at the booming spaceport.

The space fireworks get under way Wednesday with the launch of a 495-pound explorer satellite to tell man more about earth's upper atmosphere.

2 Missing Scouts on Canoe Trip in State Are Found

MUSKEGON (UPI) — Two 15-year-old Illinois Boy Scouts who had been missing on a canoe trip since Saturday, were found yesterday on White River.

The Scouts, William Wooster, Westchester, Ill., and Steve Maze, Delwood, Ill., were lost on the canoe trip and pulled over to a bank and waited for someone to come by and find them.

★ ★ ★

The Muskegon County marine deputies, Harold Clover and Bryan Fitzgerald, located the Scouts about 5 miles north of the county line bridge.

The Scouts had been at Camp Douglas and started the canoe trip on the river in Oceana County.

In Agriculture

Many Jobs Available to Grads

Agriculture college graduates are finding excellent employment opportunities this spring. Sales and management opportunities in agriculture business and industry head the list but the need for agriculture teachers and extension workers also is great.

Dr. Fred Guelow of the College of Agriculture at Michigan State University reports that demand is strong for men in all areas with collegiate eddcation in agriculture. A Midwest survey showed an average of 2.05 jobs available for each of 2,273 agriculture graduates last year.

Salaries for 1965 graduates with the bachelor of science degree average $6,144; for the master of science degree, the average was $7,488; and those with Ph. D.'s averaged $10,128. These figures are expected to be up $300 to $600 for the June graduating class.

Of the B.S. degree graduates in 1965, 27 per cent continued graduate study or professional education; the same percentage took jobs in business and industry; 9 per cent went into educational work; farming and farm management attracted 10 per cent; 9 per cent entered governmental careers and 13 per cent are serving in the military.

The annual survey for Midwest land-grant institutions was made by Iowa State University. Universities participating in the survey included Illinois, Iowa, Kansas, Lincoln University, Michigan State, Minnesota, Missouri, Nebraska, North Dakota, Ohio State, Purdue, South Dakota, and Wisconsin.

★ ★ ★

Last year these Midwest colleges graduated more than 3,500 students in agriculture, including nearly 500 with doctoral degrees. About half of all jobs available to graduates are in some type of agricultural business employment.

Nasser Underlines Soviet Inability to Issue Viet Nam Ultimatum

CAIRO (AP) — The United States is encouraged to continue military activity in Viet Nam because the Soviet Union is in no position to issue an ultimatum for the withdrawal of American troops, President Gamal Abdel Nasser of the United Arab Republic said in an interview made public today.

He also attacked U.S. policy toward Communist China.

Nasser blamed the dispute between Peking and Moscow for the Soviet Union's inability to give the United States an ultimatum to withdraw its troops from Viet Nam like the ultimatum it issued during the British-French invasion of Suez.

"When the Western powers attacked us in 1956, the Soviet Union was in a position which enabled it to support us with a strong ultimatum," Nasser told R. K. Karanjia, editor of the leftist Indian weekly Blitz.

EXACT OPPOSITE

"Viet Nam represents the exact opposite today. America has deployed more than 200,000 troops in South Viet Nam at the same time that it is bombing North Viet Nam. But no ultimatum has been issued yet, as a result of friction between the Soviet Union and Communist China.

"American policy," Nasser went on, "has created this complicated situation in Asia by ignoring the truth about the Chinese revolution and, further, trying to isolate China and destroy it.

"Let China exist before talking to her of peaceful coexistence. The Chinese must be guaranteed their rightful place in the United Nations before they can be expected to coexist with the rest of the world."

REMEMBERS VICTORY — French President Charles de Gaulle rides down Champs-Elysees in Paris yesterday after placing a wreath at the Tomb of the Unknown Soldier in memory of the 21st anniversary of the Allied victory in Europe. The tomb is at the Arch of Triumph on the avenue, along which several thousand Parisians stood to watch de Gaulle.

Draft Change Proponents Warned of Complications

WASHINGTON (AP) — The nation's Selective Service director said today persons proposing major changes in the military draft should "face up to the complications" that could be encountered in alternate systems.

Lt. Gen. Lewis B. Hershey commented after a group of educators and civic and government officials in New York substantially approved Sunday a plan that proponents said would replace what they termed the guesswork, uncertainties and inequities in the present draft system.

The conference, in a statement, said "a young man should have the option in an uncomplicated manner of fulfilling his service obligation through participation in specified nonmilitary activities."

It added "there appeared to be general agreement that in order to reduce draft inequities, serious consideration should be given to eliminating student deferments and to instituting a combined lottery-alternative service system."

The conference had no official standing. Those attending said they were interested in arousing widespread discussion of the entire draft situation, which Congress must review by July 1, 1967.

Hershey said the group "might very well be suggesting something that has worth." But he said that it also could be "getting into a lot of things that could have complications.

"One of the problems even when we studied the lottery is that we have never been able to get very many people to face up to the complications," he said.

One problem, Hershey said, is determining who should receive exemptions and whether exemptions should be granted before or after the names are drawn in the lottery.

City Building Shows Climb During April

The weather and building activity both warmed up last month, according to Carl F. Alt, city building inspector.

There were 130 building permits issued in April for construction worth $990,799. This compares to 90 permits and construction valued at $475,171 in March.

Nine permits were issued last month for new family dwellings, construction worth $75,000. This compared to six permits and construction worth $33,000 in March.

Two school additions boosted the total estimated value of new construction by $272,000.

* * *

Three permits were issued for new commercial buildings, construction worth $202,160.

TIRE WAREHOUSE

A permit issued for a tire warehouse valued construction at $255,000.

There were 50 permits issued for residential alterations and repairs, construction worth $66,707.

Four permits for commercial alterations and repairs had construction worth $84,250.

There were 21 permits issued last month for residential garages, construction worth $19,390.

School Official Urges Typing Course for All

NEW YORK (AP) — Typing is a necessary skill "for almost everybody today," says Superintendent of Schools Bernard E. Donovan, and every fifth grader in the city schools will have to take a course in it.

A typing course will be mandatory when the new intermediate fifth-through-eighth grade schools open in September, Donovan said Saturday in a speech to the Business Education Association.

'Stop, Look And Listen!'

It Seems to Me . . .

Self-Appointed 'Experts' Ridicule Auto Standards

Current attempts by self-appointed and self-anointed automotive "experts" to "regulate" the automobile business are one of the astounding misadventures of the middle '60s.

★ ★ ★

Certainly automobiles can be improved — and so can lawn mowers, doctors, schoolteachers, grave diggers, parachutes and children in the kindergarten. Everyone hopes that all other conceivable entities get better. And that goes for automobiles.

Improvement is one of today's battle cries everywhere.

It's absolutely universal.

★ ★ ★

But I object strenuously to the attempt to ridicule current automobile standards by naive personalities that don't even know the difference between torque and torsion. Nader's amateurish statements have been seized upon and accorded publicity they never deserved or warranted. Safety has been an issue with the industry from inception and the never-ending quest continues today — just as it always has in the past.

★ ★ ★

Of course people are killed in automobiles. They're killed in bathtubs—plenty of them. They're killed on the front lawn. They're killed in the north woods and they're killed in every conceivable activity there is.

★ ★ ★

Alcohol is a much, much closer associate of the Big Man with the Scythe than automobile construction. Records show that more than 50% of the fatal accidents prove alcohol was involved. Has Nader castigated the makers of strong drink — some of whom have amassed untold millions personally — like the Kennedys?

★ ★ ★

Further, perfectly sober drivers make bad mistakes that result in thousands of deaths. Drivers purposely race each other. They speed to escape the police and end up against a telegraph pole at 90 miles an hour. Let's look the facts in the face and place the blame where it belongs. In the meantime, that Mr. NADER can take credit for slowing down the great advances of the bell-cow of all industry. That means the balance of the economy will inevitably follow.

★ ★ ★

As the Episcopal Bishop of Michigan, Richard S. Emrich, points out: it's very difficult for a giant corporation to retaliate against an unknown, small-time dissenter. Popular sympathy automatically rests with the "little 'un."

★ ★ ★

So let's all remember: many other factors, far, far outweigh automobile construction in safety talks.

Mr. Driver, do YOUR part.

YOU are the final answer.

Automobiles don't kill people.

People kill people.

Mother's Day Thoughts . . . .

With another great Mother's Day earnestly observed and celebrated yesterday, here are the three choicest extracts that I was privileged to read in this connection:

Someone has said that most of the beautiful things in the world come in clusters — roses by the dozen, stars by the galaxies, flowers, rainbows and snow-white mountain peaks in profusion — but there is only one mother in the whole wide world, and this one mother means more to men and women than roses, galaxies, flowers and rainbows. This is true in various degrees and ways throughout the earth. — *These Times.*

An eight-year-old is the author of one of the best essays on the subject, "What a Mom Means to a Kid." He wrote: "A mother is a person who takes care of her kids and gets their meals and if she's not there when you come home from school, you wouldn't know how to get your dinner and you wouldn't feel like eating it anyhow." — Executives' Digest.

★ ★ ★

This automation we hear so much about these days is something that gets all the work done while you just sit there. When we were younger we used to call it Mother. — *Johnstown Tribune Democrat.*

And in Conclusion . . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

Seattle brings the biggest laugh of the track season. In a relay race, the third runner stripped off his coveralls and did a roaring 220 yards with his trunks still in the coveralls. The crowd cheered for ten minutes. . . . . Those ten bridesmaids and ten ushers for LUCI JOHNSON'S wedding sound just like her. How about the University of Michigan marching band 200 strong to play the wedding march? . . . . . Overheard: "Modern war is like an argument with a woman. You can't win it or end it."

★ ★ ★

SALLY

Scouts say Sally Miller deserves mention as one of the area's attractive young ladies. . . . . Excerpt from a N. Y. newspaper: "President Avery Brundage, 781-year-old Olympic President, is serving his tenth year." He was elected pretty late in life. . . . . Daughter-in-law Jean Fitzgerald saw that fiery meteor above New York and has joined my wife as a believer in things from outer space. I still accept the government's: "no." . . . . In some places they're spelling "Bobby" Kennedy as "Booby" Kennedy.

★ ★ ★

Track buffs are excited over DOUG SMITH, Sioux City schoolboy miler who just did 4:15.2. *Doug's only a sophomore.* . . . . . At Oakland U's luncheon, accommodating ARTHUR GOLDBERG practically sacrificed his entire meal to answer questions from fellow diners. He made a very favorable impression here in all sectors. . . . . Dept. of Cheers and Jeers: the C's—Pontiac Motor Division and GMC Truck and Coach Division for their current production records; the J's: Chicago baseball clubs for replacing the National Anthem by "God Bless America" as boys die in Viet Nam. They're hooted from coast to coast.

David Lawrence Says:

Racial Friction Is on the Rise

WASHINGTON — Friction due to race problems is steadily increasing rather then diminishing. It can bring tragic consequences in American life.

Most regrettable is the fact that, because abuses have occurred in the past and injustices are still being inflicted on a minority group, a basic truth is being ignored.

LAWRENCE

It is that all Negroes are by no means alike in personality or intelligence just as all whites are not equally acceptable to each other as friends, as fellow employes or as neighbors.

Conformity by coercion has nevertheless been adopted as the formula that is supposed to bring about "equality" and to get the most votes for the politician. But this is an illusion.

Discontent eventually can grow big enough to sweep aside the most desirable of reforms. This happens particularly when the methods of enforcement chosen are unwise.

★ ★ ★

Bitterness over racial problems is being intensified today. Both federal and state authorities are inclined toward measures by which pupils would be transported by buses from one public-school district to another contrary to the wishes of their parents.

BEING PROPOSED

Legislation is being proposed which, if enacted, would compel citizens to sell or rent private homes to anybody who offers to meet the sale or rental price.

Public dissatisfaction with this type of project can build up to nationwide proportions.

Will the sponsors of such radical changes in community life see the handwriting on the wall early enough to adjust themselves to a course which is more likely to attain their rightful objectives?

★ ★ ★

Anybody who has mingled with Negroes probably knows many who are better individuals and more desirable as friends than some whites, particularly those who have grown up with ineradicable prejudices, if not bitterness, toward their fellow human beings.

There are plenty of Negroes who know whites whom they call true friends, but there are some whites who are unpopular with everybody in a community.

A humorist recently quipped that he couldn't wait for "integration" to be achieved so that he could feel free thereafter to apply his favorite epithets of scorn to certain whites and Negroes alike without being accused of "discrimination."

There are many Negroes today who do not agree with the irresponsible and extreme tactics of some of their leaders but are reluctant to say so.

The whole problem is becoming entangled in legal chicanery based on politics.

This is bound to hurt the cause of increasing association between whites and Negroes in all walks of life.

Someday the idea must be gotten across that the choice of associates should be based not on color but on what is imbedded in the mind and conscience of a fellow human being.

An individual should be willing to respect the private and public rights of others. In return, he can insist that his own rights be similarly respected.

Capitol Letter:

Cuban Exiles Reporting New Buildup by Soviets

By RUTH MONTGOMERY

WASHINGTON — Newly arrived Cuban refugees report that a large Russian colony, complete with the wives and children of "thousands of new Soviet troops" is being established in Cuba.

Ruth Montgomery

Former Cuban Ambassador Guillermo Belt said this information comes to him from highly reliable sources, who also "disclose the buildup of Mariel as a very important submarine base" ninety miles off our shore.

Dr. Belt, a distinguished international lawyer in pre-Castro days, pointed out that foreign colonization in the Western Hemisphere is a flagrant violation of the Monroe Doctrine and the charter of the Organization of American States.

An original signatory of both the OAS and U.N. charters, Dr. Belt is current acting president of the Christopher Columbus Foundation which handles hemispheric student exchanges.

★ ★ ★

Calling our Cuban quarantine a farce, he said new Russian troops are arriving "by the thousands," and that a steady stream of Russian ships is unloading wives and children, along with secret armaments.

AFTER DARK

He said that in the northwest Cuban port of Mariel, the unloading takes place after dark, when both curfew and blackout are strictly enforced.

If Dr. Belt's information is correct that wives and children are now accompanying the troops in large numbers, it suggests that the Russians are digging in for a long stay.

Fidel Castro's recent blast at Red China made clear that the Soviets are now calling the tune in Cuba.

★ ★ ★

Will the Russian sword dance replace the rumba in once-gay Havana, while we are fighting half way around the world in Viet Nam?

'Our Elderly Are Target of Con Games and Fraud'

The number of Americans living after 65 will hit an estimated 25 million by 1980. To the army of con men and swindlers this makes interesting reading. The elderly are the No. 1 target of this unsavory element and the more senior citizens there are the bigger the haul.

★ ★ ★

The great vulnerability of the aged to all sorts of con games and frauds is a major social problem and one that has been the subject of two Senate committee investigations in recent years. We especially urge this age group to consult bankers before trusting anyone with a dime.

'Ban on Prayer Upholds Everyone's Rights'

Has it occurred to the critics of the Supreme Court's ban on organized prayer in schools that the court was simply upholding everybody's Constitutional rights? There has always been a struggle to make a separation between church and state, and with the First Amendment to the Constitution, a promise was made: that our government would never interfere with our private beliefs. We have been given "freedom of religion." But implicit in "freedom" is the word "responsibility." The government has given up the freedom of telling us what to believe and the responsibility of instructing us in our beliefs.

★ ★ ★

Giving the children religious instruction belongs to the parents and to the church. I am glad for this. I wouldn't want the state to instruct my children about eternity—I have my own ideas about God and I wouldn't want them modified and regulated. Even less, I wouldn't want my children conspicuous by being "allowed" to leave the classroom while prayers are being said.

Dirksen is either ignorant about the purpose of the Supreme Court decision or he is playing upon the ignorant anger of the people.

Taxpayer Discusses Area Sewer Problem

It's time taxpayers found out what they are paying their County officials for. Seems the Oakland County Health Department is paid plenty for walking around investigating open sewage on Winding Drive and other areas and admitting it is a terrible health hazard but there is nothing they can do to correct the problem. Are sewers our only solution? The Health Department says no sewers in Waterford Township until 1972. Does this mean we have to put up with other people's sewage running on our property for six more years? This doesn't make sense.

Useless Hoarding

The Ann Arbor News

Ever since they were first introduced early in 1964, the so-called Kennedy half-dollars disappeared as fast they could be minted.

What began — and might have ended in a short time— as a fad for JFK coins now promises to turn America into a nation of hoarders because of the introduction of new coins with reduced silver content.

Other than a stray piece carefully kept in the back of a drawer, when was the last time you saw a half-dollar?

Whether at the supermarket or bank, service station or restaurant, your change is returned to you in quarters or other denominations, not 50-cent pieces.

Now there are signs that quarters — not the copper-nickel type but those with silver content—are starting to disappear.

★ ★ ★

Some people seem to be saving the old coins simply because they are the last of their kind; others appear to hope that a rise in the price of silver will make silver coins more valuable someday.

If getting rich is what the hoarders envision, it's going to be a long, long wait. The price of silver isn't going to be altered in the foreseeable future.

With literally billions of old-style quarters, dimes and half-dollars still in circulation of stashed away the hope that these will some day soon attain value as collectors' items appears pretty forlorn.

FRIENDLY GREETING—President and Mrs. Johnson greet persons waiting outside the First Christian Church in Johnson City, Tex., following yesterday's church service.

LBJ, Mexico Official Will Confer in Texas

SAN ANTONIO, Tex. (AP) — President Johnson entertains Mexico's foreign minister, Antonio Carrillo Flores, at his LBJ Ranch today as he nears the end of a long weekend in Texas.

Carrillo flew to Texas from Washington Sunday night with his wife and daughter, Larges. They were to leave later today.

★ ★ ★

The visit was not announced by the Texas White House until after the Mexican official and his family had arrived at the President's home near Johnson City, some 60 miles north of here. This was one of several indications the informal affair had been arranged somewhat hastily.

Flying to the ranch with Carrillo was Johnson's press secretary, Bill D. Moyers, who had not been expected either.

NO FIRM WORD

While there has been no firm word when the Johnsons will return to Washington, the President said last Wednesday he planned to stay until tonight or Tuesday morning.

The Johnsons had other announced guests at the ranch Sunday — Texas Gov. and Mrs. John B. Connally. The four of them, it was said, took a long ride around the ranch area.

★ ★ ★

Yesterday Johnson announced a series of appointments and job shifts:

—Donald Opie McBride, 63, a special assistant to Sen. A. S. Mike Monroney, D-Okla., will be nominated as $27,000-a-year director of the Tennessee Valley Authority, succeeding Arnold Jones whose term expires May 18.

FOREIGN SERVICE

—John Milton Steeves, 61, now ambassador to Afghanistan, will be nominated to become director general of the State Department's Foreign Service, succeeding Joseph Palmer II, recently named assistant secretary for African affairs.

—Bernard Boutin, now deputy director of the antipoverty program, was picked to head the Small Business Administration, taking over from Eugene Foley who now is an assistant secretary of commerce.

★ ★ ★

—Bertrand M. Harding, now deputy commissioner of internal revenue, will be nominated to succeed Boutin at the Office of Economic Opportunity.

—Henry E. Stebbins, ambassador to Nepal, will be nominated as ambassador to Uganda, succeeding Olcott H. Deming who is being reassigned.

★ ★ ★

—Elliott Percival Skinner, a native of Trinidad who became an American citizen in 1944, was chosen to be ambassador to Upper Volta.

Launch Probe Into 5 Deaths

Samples Are Taken From Gas-Filled Well

RIGA (UPI) — Authorities today were investigating a tragic accident in which five men, including four would-be rescuers, were killed in a gas-filled well in this Lenawee County community.

Samples of the hydrogen sulfide-polluted air which claimed five victims and left 18 children fatherless was to be examined today in the Health Department laboratories in Lansing.

The victims were killed Saturday when they went, one-by-one, into a 30-foot-deep cistern at the Anderson Fertilizer Co. plant, 12 miles southeast of Adrian.

Authorities said Jess E. Bowman, 49, of Riga, an Anderson employe, entered the water storage cistern to install a switch.

★ ★ ★

He was apparently overcome by the gas and Delwyn Runler, 20, Dundee, a fellow employe, entered the well to give aid.

When Runler likewise collapsed, a third inploye, Arthur Van Steenjistee Jr., 18, Riga, also entered the cistern.

Armando Fories, 45, Blissfield, was across the street, noticed the commotion and followed the first three men into the cistern.

The chief of Riga's fire department, Clyde Filter, 46, was summoned and he donned a gas mask before entering.

★ ★ ★

He was pulled out unconscious a few minutes later, but his rescuers were inable to revive him.

Tormenting Rectal Itch Stopped In Minutes

Science Finds New Healing Substance That Promptly Stops Itching and Pain of Piles

New York, N. Y. (Special) — One of the most common afflictions is a condition known as "itching piles." It is most embarrassing for the victim during the day and especially aggravating at night.

No matter what you've used without results — here's good news. For the first time, science has found a new healing substance with the astonishing ability to promptly stop the burning itch and pain. It actually shrinks hemorrhoids — without surgery. Medical science has proved this substance produces a remarkably effective rate of healing. Its germ-killing properties also help prevent infection.

In one hemorrhoid case after another "very striking improvement" was reported and verified by a doctor's observations. This improvement was maintained in cases where a doctor's observations were continued over a period of months! Among these sufferers were a wide variety of hemorrhoid conditions, some of 10 to 20 years' duration.

The secret is this new healing substance (Bio-Dyne®) — discovery of a world-famous research institution. This substance is now obtainable in *ointment or suppository form* known as *Preparation H®*. Ask for Preparation H Suppositories (convenient to carry if away from home) or Preparation H Ointment with special applicator. Available at all drug counters.

Disabled Jet Lands on Foam

FORT WORTH (UPI) — An Eastern Air Lines 727 jet carrying four crewmembers on a training flight belly-landed on a foamed runway yesterday in a shower of sparks following a landing gear malfunction. There were no injuries.

The plane's landing gear jammed over Tulsa, Okla. The jet was diverted to Carswell Air Force Base here which has longer runways.

* * *

The plane made a smooth wheels-up landing in a bed of fire-quenching foam.

Officials at the base said the landing gear punctured a wing in the landing and the undercarriage received considerable damage.

Predict the weather and you can forecast how fast work is apt to proceed on the renovation of the Clinton River.

Revamping of the Clinton River on Pontiac's east side is 25 per cent complete, according to the project's engineer.

M. T. McGlew, resident engineer for the joint venture by General Piping Inc., and O'Laughlin Construction Co. of 30999 W. 10 Mile, Farmington, expects the river work to be complete by late fall.

However, this completion date assumes good weather and no long delay because of the building trades strike.

COUNTY PROJECT

Proceeding in conjunction with M59 relocation, the $1.7-million Clinton River Drain No. 2 construction is a county drain project.

This work, which encompasses the area between Opdyke and Union, is the second half of a project to straighten, deepen and clean the Clinton River as it snakes across the heart of the city.

McGlew said the probable final elevation of the river has been accomplished through excavation of the channel.

★ ★ ★

Clearing the river of obstructions and much related work have been completed.

UNDER WAY

Relocation of a 72-inch sanitary sewer interceptor is under way, he said.

The river work began last November. Construction currently is centered at the bridge on East Boulevard between Featherstone and East Pike.

The river project has been rated as the key to Pontiac redevelopment.

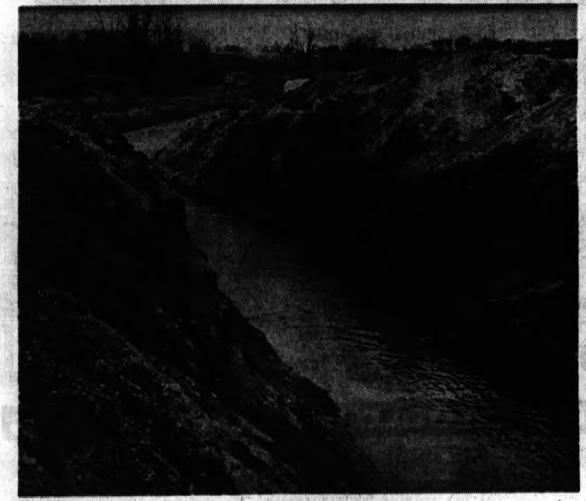
Costing nearly $2.45 million, Clinton River drain No. 1 was completed in late 1964. This provided better flood control for the downtown area. Proper storm drainage was needed before eventual redevelopment of downtown urban renewal lands.

BONDING POWER

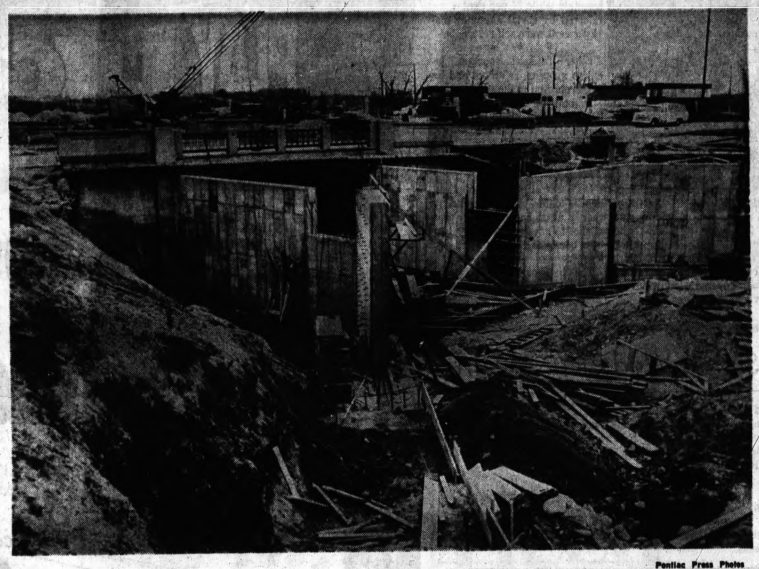
Financing of the two projects has been the same, employing the bonding power of the county drain commissioner.

The county sells bonds to finance the construction. The bonds are retired by a special tax assessment levied on Pontiac taxpayers.

CONCRETE BOTTOM—Looking east from the East Boulevard bridge, the Clinton River will have a concrete bottom when the river work is completed in late fall. Workmen last week put the reenforced steel in place in the widened and deepened channel.



RIVER BYPASS—During construction of Clinton River channel improvements in the vicinity of East Boulevard, this bypass carries the river water. This view is looking east.



Pontiac Press Photos

RIVER WORK—This walled section under the bridge is where the Clinton River will flow under East Boulevard between Featherstone and East Pike when Clinton River Drain No. 2 is complete. The reenforced concrete walls are used to slow the river water as it drops from one elevation to another.

NEW SEWER — Improvement of the Clinton River channel is to include relocation of a 72-inch sanitary sewer interceptor that runs alongside the river. The sewer runs to the old sewage treatment plant, just east of East Boulevard.

Health Clinic Issues Report

The Oakland County Mental Health Clinic at Pontiac General Hospital has handled 557 cases since it opened last August, according to data issued Friday.

Statistics on the clinic's function were reported by clinic officials to members of the Oakland County Mental Health Services Board which underwrites cost of the program.

The report also pointed out that 45.9 per cent of the persons treated in the nine-month period ending April 30 were male.

Nearly 40 per cent of those referred for services of the clinic were sent by physicians or hospitals while 27 per cent were referred by social agencies and 14 per cent were self-referrals.

* * *

Other referral sources included spouses, relatives and legal, according to the report.

A total of 262 of the cases handled by the clinic have been closed.

Thieves Are Thoughtful

LONDON (UPI) — Thoughtful thieves called police yesterday shortly after burglarizing a gas station to say the attendant had been bound and gagged.

The bell of Big Ben, most famous clock in the world, weighs 13½ tons.

Surfers Wed Clear of Surf

KITTY HAWK, N.C. (AP) — The bride followed tradition and wore blue — blue jeans. The groom also wore blue — blue swim trunks and a T-shirt with a broad blue stripe.

The affair yesterday had been billed as a surfboard wedding in the Atlantic, but the bride, Linda Jo Anne Poole, 19, of Rawleigh, can't swim.

* * *

Her husband, Tommie Glenn Truelove, 20, is only a "ho dad" — a beginner at surfboarding.

The wedding was held about 10 yards from the ocean, with eight surfers forming an arch with their boards over the newlyweds.

Fund Bill on Teacher Corps, Rent Aid Up in House

WASHINGTON (AP) — A bill containing money for two of President Johnson's pet projects, the National Teacher Corps and the rent subsidy program, comes before the House today.

* * *

Congress has been cool this session toward both projects. The Teacher Corps is designed to improve the education of children in slum areas. The rent program provides federal funds to augment rent payments of low-income families living in privately built housing.

* * *

On today's House docket is a catch-all compromise appropriation bill providing $2.78 billion to tide over various agencies until June 30, when this fiscal year ends. It includes $9.5 million for the Teacher Corps and $100,000 in cash for the rent subsidy program plus authority for another $12 million in contractural commitments.

Tuesday the House is scheduled to consider an omnibus $14 billion bill that contains $900,000 for the rent program. Johnson requested $38 million for the rent program, but the House Appropriations Committee approved only $900,000 — all earmarked for administrative expenses —with no contracts allowed after June 30.

Administration leaders promised a fight to bolster the subsidy program and keep it going through at least next year.

Low-priced because it's a Catalina with a sticker that's right down within reach of a lot of low-priced car buyers. And high-priced because it's a big, powerful Pontiac, complete with the Pontiac name and everything that goes with it. Like a full 121 inches of road-leveling wheelbase. And 50 more standard horsepower than those low-priced cars offer. And steady Wide-Track ride and handling.

With luxurious interiors you practically sink up to your knees in. (And, of course, standard safety items like a padded dashboard.) All backed up by Pontiac's legendary resale value that makes such exciting reading in the record books year after year. Makes you wonder why anybody would buy a low-priced car when you can get a Pontiac Catalina for the same money.

One-Fourth of Mankind

(19) The Giant is Humbled

by Don Oakley and John Lane

Isolation (of China) having come to a violent end by the medium of England, dissolution must follow as surely as that of any mummy . . . brought into contact with the open air.

—Karl Marx

Two factors combined to humble proud China — her refusal to treat Western nations as sovereign equals, and opium.

China's attempts to stamp out the growing trade in the one product Chinese were eager to buy brought her into armed conflict with the British in 1839.

The Anglo-Chinese War, or "Opium War," quickly revealed the superiority of Western arms and the astonishing impotence of the Manchu government.

By the Treaty of Nanking in 1842, four more ports besides Canton were opened; extraterritoriality — the jurisdiction of foreign powers over their own nationals — was recognized; and the "most-favored nation" clause required that any concession granted to one nation was automatically granted to all.

★ ★ ★

China attempted to ignore the treaty and, in 1856, Britain and France seized pretexts to launch another war.

SERIES OF TREATIES

A series of treaties in 1858 opened more ports, levied more indemnities, gave Europeans their long-sought diplomatic recognition, the right to travel freely in China and protection for missionaries.

Still China was not reconciled to reality. In 1860, after the Europeans sacked Peking and burned the Summer Palace, China agreed to a new convention widening the provisions of all the others she had been brought by the scruff of the neck to sign.

In 1858, Russia had wrested 185,000 square miles of Manchuria from the beleaguered Manchus.

★ ★ ★

In 1860, for using his "influence" with the allies, the czar got an additional 133,000 square miles, including Vladivostok.

FLOODS, FAMINES

In the mid-19th century, not only the Europeans but chronic floods and famines and a phenomenon called the Taiping Rebellion ravaged China.

Launched in 1850 by Hung Hsiu-chuan, who saw visions and called himself the Younger Brother of Christ, it spread rapidly in southern China.

Hung hoped to drive out the Manchus and establish a communistic society (T'ai-p'ing T'ien-kuo, or "Heavenly Kingdom of Great Peace") based on his version of Christianity.

★ ★ ★

Not until 1864, after claiming 20 million lives, was the "Great Peace" pacified with the help of a European-trained army.

Thus the West propped up the sagging Manchu dynasty with one hand while rending it asunder with the other.

'Don't Skirt Safety Issue'

LIVERPOOL, England (AP) — A traffic safety expert claims short short skirts and shapely legs are driving hazards.

— A traffic safety expert claims legs are driving hazards.

"A girl with a shapely pair of legs, wearing her skirt four inches above her knees can cause drivers to sneak a look," said Benjmin Kinlay, 59, Liverpool's safety director.

★ ★ ★

In a speech to a Liverpool civic organization Friday Kinlay said, "I admire a shapely pair of legs as much as anyone. "I don't want short skirts banned. I want drivers to ignore them."

★ ★ ★

Not everyone agreed with the safety expert. Said Helen Baines, 22: "I have been wearing my skirts four inches above the knee for a long time and I don't consider myself a safety hazard."

Passenger Rate at NCA One-a-Day

Outbound patronage last month on North Central Airlines (NCA) flights at Pontiac Municipal Airport equaled the one-passenger-per-day mark.

There were 30 outbound passengers in April, compared to 36 in March and 23 in April, 1965.

Inbound flights last month carried 23 passengers, compared to 19 in March and 24 in April of last year.

Departing NCA flights last month carted 1,857 pounds of air mail, compared to 1,892 in March. Inbound flights brought in 990 pounds of mail in April, down slightly from March's 1,169 pounds.

★ ★ ★

There were 472 pounds of air express on outbound flights last month, up from 230 pounds in March. There was no inbound air express.

★ ★ ★

Air freight totaled 2,281 pounds on outbound flights in April, compared to 2,640 in March. Inbound freight totaled 14,209 pounds last month to 12,332 pounds in March.

U.S. Turncoat Reported Leaving China

HONG KONG (AP) — One of the last three Korean war turncoats still in Red China is reported on his way home.

Clarence Adams of Memphis, Tenn., failed to arrive at the Hong Kong border today as predicted, but U.S. authorities said he is expected this week.

* * *

Border sources said Adams was bringing his Chinese wife and two young children.

The other two turncoats still in China are Howard Adams — no relation to Clarence — of Corsicana, Tex., and James Veneris of Hawthorne, Calif.

CHOSE TO STAY

Twenty-one American servicemen chose to stay with their Communist captors at the end of the Korean war. The most recent returnee — Morris Wills of Fort Ann, N.Y., who came out Oct. 19, 1965 — said he expected the remaining three to come out in 1968.

Adams' mother, Gladys Peoples of Memphis, said she had received a letter from Clarence saying the Communists had agreed to let him leave and that he expected to come out about the end of April.

* * *

Adams was a U.S. Army corporal when the Communists captured him in 1950. The Red Chinese reported last month that he was making broadcasts for Hanoi radio. William C. White, another turncoat who came out last August, said Adams had worked with him in the press section in Peking.

DURHAM, England (AP) — Ian Brady, the moors murderer, has been put in a special security wing at Durham Prison to protect him from other prisoners.

The heavily guarded cell block was used to hold three of Britain's great train robbery gang before they were moved to other prisoners.

* * *

"The problem with the train robbers was stopping people getting in to free them," a prison official said.

"In Brady's case security is needed to prevent other prisoners taking revenge on him."

* * *

Brady, a 28-year-old stock clerk, was sentenced to life imprisonment Friday at Chester for the thrill slayings of a 10-year-old girl and boys 12 and 17. Brady's mistress, Myra Hindley, 23, was convicted of murdering the two younger children and also sentenced to life imprisonment. She is at Holloway women's prison in London.

'U.S. Involvement Aiding Clark in Selma Dispute'

SELMA, Ala. (UPI) — Incumbent Sheriff Jim Clark is using federal involvement in the disputed Dallas County sheriff's election to his advantage, a city official said yesterday.

* * *

The official, who asked not to be identified, said, "We've already had so much unnecessary federal action here that in this case, when it is appropriate, the average man in the state is confused. He just sees more federal intervention."

Clark and former Selma Public Safety Director Wilson Baker are squared off in a dispute over last Tuesday's Democratic primary results in this civil rights hotspot.

A federal court hearing has been scheduled for May 16 at which time the committee must show cause why it should not count the boxes and declare Baker the winner.

* * *

The city official said he doubted if Negroes would "come out to vote in a runoff like they did in the primary. The Negroes in Dallas County voted Wilson Baker into that office and their botes are not being counted."

* * *

If a runoff were necessary, he said there would be a substantial "antifederal" vote which would be against Baker.

* * *

"The Negroes had about a 90 per cent turnout for the primary. They would do that in a runoff, but the whites will sure turn out."

TOKYO (AP) — A 94-day air-sea search for victims of a Japanese jetliner which plunged into Tokyo Bay with 133 aboard was called off today at the request of the widow of the last missing passenger.

Ford Hits LBJ on Living Cost

Republican Renews Attack on McNamara

MACON, Ga. (UPI) — House Minority Leader Gerald Ford of Michigan accused the Johnson administration during the weekend of leading the United States into "the serious throes of inflation."

Ford, speaking to 2,000 state Republicans at the annual Georgia GOP convention Saturday, said the cost of living is still on the rise and predicted that it would be the major domestic issue on the 1966 congressional campaign.

While President Johnson is tryong to hold down inflation through controls, Ford said, "the main cause of inflation is the excessive expenditures of government in nonmilitary programs."

Ford renewed his accusation of "shocking mismanagement" which he aimed at Secretary of Defense Robert McNamara several weeks ago.

★ ★ ★

"I have said it before and I will say it again. McNamara and the civilians in the Defense Department are guilty of shocking mismanagement," Ford said.

★ ★ ★

He added that McNamara is responsible for neglect of the merchant marine and for what Ford said was the fact that "our combat-ready divisions are not as ready as they should be."

Group Votes on Union

DETROIT (AP) — About 15 social workers will decide whether they want a union to represent them when they vote Tuesday in an election conducted by the Michigan Labor Mediation Board. The social workers are target of an organizing drive by the Federation of State and Municipal Employes.

Occasional Pressure Helps Student

By LESLIE J. NASON, Ed. D.

College is often uppermost in the minds of parents from the time their child enters kindergarten — and consequent pressures on pupils are great. Is this good for the child? Or is the permissive approach, which mostly leaves the decision up to the child, a better way to handle it?

DR. NASON

In my experience with children. I have found that while students cannot tolerate a constant strong pressure over long periods of time, they do respond happily to occasional pressured situations.

Pressure is effective and beneficial when it is for the completion of specific tasks which the pupil can do.

For example, pressures for high scholarships were not great in a certain junior high school.

Few students normally were expected to reach college. Consequently, large numbers of them were usually nonchalant in their attitude toward their schoolwork.

PARENTS NOTIFIED

But then came a time when the eighth-graders were required to pass an examination on the U.S. Constitution.

Letters were sent home to the parents who were to sign and return them. These letters informed them that every eighth-grader must prepare for, and pass, the examination to be given in three weeks.

Any child failing the test would be made to remain for one hour after school each afternoon for three weeks following the test. They would then be given a second test, and any child then failing would be dealt with individually.

Everyone was "motivated!" Teachers wanted the after-school extra assignment held to a minimum; certainly students disliked retention more than most punishments. And no parent wanted his child to fail.

★ ★ ★

For three weeks, the school was a beehive of activity. Students inquired of teachers as to how they should study. They worked after school and evenings in groups. They found they could learn.

SUCCESSFUL PROCEDURE

The whole procedure was successful. More than 90 per cent passed the examination on the first trial — the best showing these students had ever made.

Besides, they were happy in carrying out the project. They knew what they were supposed to do and they did it!

Although some psychologists still insist that good learning experience depends upon the student's interest in the subject and that external motivation has little or no place in education, I insist that occasional external pressure is desirable. Pupils gain strength by overcoming obstacles.

Mayor Eyes 'Backlash' Test

TRENTON, N.J. (AP) — Mayor Arthur J. Holland — who made headlines by moving to a racially mixed neighborhood — seeks a new term of office Tuesday in an election in which the Negro vote could be pivotal.

The 47-year-old mayor says he might lose votes among "some white people" who consider him an integrationist, but he insists his record is the key issue and will withstand any "white backlash."

★ ★ ★

Holland also said he has heard rumors that some Negroes would oppose him because they regard his change in residence as a grandstand play to gain Negro votes. He discounted this as "illogical and unrealistic."

"There are some Negro leaders who oppose me because I'm too independent," he said in an interview, but he expressed confidence the majority of Negroes would support him.

Apart from the racial question, campaign issues have included birth control, urban renewal and management of the antipoverty program.

★ ★ ★

Polls indicate Holland's opponent, Carmen J. Armenti, 37, a city councilman the past four years, has made inroads into the Negro and Italian vote.

Lawyer Given Life Sentence

PRETORIA, South Africa (AP) — Abram Fischer, former senior attorney who led the defense in the big South African sabotage trial, was sentenced to life imprisonment today for conspiring to commit sabotage.

He could have been given the death sentence on the charge. Life imprisonment in South Africa means just that unless the government reduces the sentence.

★ ★ ★

Fischer, 59, stood stiffly at attention as Justice W. Boshoff pronounced the sentence.

The prominent lawyer was convicted last Wednesday of 9 of the 15 charges on which he was indicted. He also was fined $168, and given two other sentences of eight years and nine months to run concurrently with the life term.

MOST SERIOUS

The most serious charge on which he was convicted was conspiring with banned African nationalist organizations to commit sabotage aimed at bringing about an armed insurrection to overthrow South Africa's white supremacist government.

Defense counsel said Fischer's motive was not criminal and that he had not acted for self-advancement. But the state prosecutor charged that Fischer had "dedicated himself to the overthrow of this state by all forms of violence."

MRS. DAVID WAYNE KITCHEN

David W. Kitchens Take Ann Arbor Vows

Saturday evening vows in Ann Arbor's First Presbyterian Church united Lynn Barrow of that city with David Wayne Kitchen. Parents of the couple are Dr. and Mrs. Gerald V. Barrow of Ann Arbor and Dr. and Mrs. Neil R. Kitchen of Heather Lane.

Lace accents were repeated in her illusion veil.

She held a crescent of white orchids and Stephanotis.

Mrs. James W. Wilkins Jr. of Ann Arbor was her sister's matron of honor and bridesmaids were Jean Hixson and Susan A. Haws.

James H. Burch Jr. of Pittsburgh, was best man. Ushers were Clarence M. Burch of Sherwood, N.D., David Rank of Springfield, Ohio and Larry Gutowsky.

WNFGA Unit Elects Slate of Officers

Mrs. J. C. Covert was re-elected president of Waterford branch, Woman's National Farm and Garden Association, Thursday in the Louella Court home of Mrs. Earl Springer.

Named to serve with her were Mrs. Gordon Parker, program chairman and vice president; Mrs. William A. Shunck, recording secretary; Mrs. Dalton Ettinger, corresponding secretary; and Mrs. Fred Bohlman, treasurer.

Warren Kendall, state conservation officer for the Pontiac area, pointing out the ravages Americans have made on this continent, said "Within one short century, we have destroyed by vandalism 50 million years of growth."

HOW TO PLAY

He recommended teaching good use of leisure hours as well as instruction in earning a living. "By moving the outdoors indoors, and the indoors outdoors, juvenile delinquency might be cut down" he said.

"Adult use of the outdoors would also reduce the use of aspirin, tranquilizers and sleeping pills."

Clean water, Kendall said, is the most pressing problem of the Conservation Department and legislation is necessary to protect our resources and lands which should be set aside for recreation.

Assisting the hostess were Mrs. Arthur Denison and Mrs. David Edstrom.

ACE Holds Annual May Breakfast

Pontiac Association for Childhood Education members gathered at Devon Gables Saturday for their May breakfast.

Highlighting the program was a talk by Mary Morgan of Detroit area television.

The speaker divided her discussion into two categories: the first, a sentimental discourse on the ingredients that make a successful classroom teacher in today's society — from the viewpoint of a layman; and second, both a humorous and serious discussion on the economic and social problems involved in the field of women's fashions.

Her Girl Lacks One Credit Hour

By ELIZABETH L. POST

Dear Mrs. Post: My daughter planned to graduate in June but has just found out that she is short one credit which she will make up at summer school. Graduation announcements were already printed and she wants to send them out anyway, but I say it would not be proper. Will you please settle this? — Estelle.

Dear Estelle: I agree with you about the announcements. She can't very well send them out until she makes up the credit she needs.

THANK-YOU NOTES

Dear Mrs. Post: I am going to be married soon and one of my bridesmaids had a lovely shower for me last week. I opened the gifts and thanked each person as I opened hers.

Must I now write notes to them also? — Connie.

Dear Connie: I see no reason, if you thanked each person as you opened her gift, that you should write a note. Some brides do, but you will have enough to do to keep up with thank-yous for wedding presents.

If you would like a copy, send 10 cents in coin and a stamped, self-addressed envelope to Elizabeth L. Post, in care of The Pontiac Press.

'It's Miracle,' Mrs. America Says of Title

SAN DIEGO, Calif. (AP) — Mrs. America of 1966, Joy Noufer of Houston, Tex., says "It's a miracle I won."

Mrs. Noufer, 32, mother of three, was crowned Saturday night in the 28th annual pageant.

"I had a whole series of horrible experiences," said the brown-eyed brunette.

Her first disaster came last Monday. Just before she was to speak in a contest for Mrs. U.S. Savings Bonds, "I was cutting a head of lettuce and it fell in my lap. I was sopping wet when I made the speech."

In the dinner-cooking event: "I burned my rolls."

On the day of the coronation: "I discovered a spot on my dress and sent it to the cleaners. When it came back, I couldn't get in it. I ran to a department store, found a dress and it fit so I wore it."

Review Book at Meeting

Mrs. Forbes Hascall will review James Michener's "The Source" at Wednesday's meeting of the Countryside Improvement Association.

Hostess for the luncheon and afternoon program will be Mrs. R. F. Schmid of Green Lake. Cohostesses, Mrs. Harold Knisley, Mrs. G. H. Gotshall and Mrs. Ernest Fuller will assist.

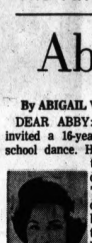
Abby Backs Up Father

By ABIGAIL VAN BUREN

DEAR ABBY: Our son has invited a 16-year-old girl to a school dance. He says he has to buy her a 5-dollar corsage. There are cheaper ones, but he says all the boys are buying their girls the 5-dollar kind and he doesn't want to be different.



ABBY

I say he doesn't have to buy her any. I never had a corsage in my life. Why should this girl be better than me? We are poor people, Abby, but our son is good looking, popular, a good student and athlete, and he runs with the rich kids, so he has to dress like they dress and do what they do.

I say if he wants to live high and mighty he should get an after-school job and earn his own spending money. Why should we scrimp and save so our boy can keep up with the Joneses?

My husband says the boy can't work because it will interfere with his sports program, and he wants his son to have a happier childhood than HE had. I say he is spoiling the boy. Who is right?

CONNECTICUT MOTHER

DEAR MOTHER: Are you really concerned about "spoiling" the boy? Or are you determined not to be bested by the girl he picks for himself. ("I never had a corsage in my life. Why should this girl be better than me?") Examine your motives, mother.

Almost all children today have it better than we did. If your son is a good boy, don't beat him over the head with your hard-up childhood. A five-dollar corsage isn't going to change your standard of living.

Jealousy Is Made Worse by Hiding It

By MURIEL LAWRENCE

DEAR MRS. LAWRENCE: Our 5-year-old boy has started bed-wetting again after nearly two years. As this began soon after we told him we are expecting a second child, we are sure that this news must be worrying him in some way.

But we don't know how as he seemed so pleased with it at first and could not ask enough questions about the baby — where it would sleep, when it would be able to play with him. If you have any suggestion . . . .

ANSWER: Did you, by any chance, do a lot of talking about the joys of brotherhood when you gave him your news? Did you say things like: "Oh, you will love the baby . . . You'll be great friends . . . You'll be so proud to be a big brother"?

Because children who are about to become brothers or sisters for the first time can respond adversely to such efforts to claim their affection for babies they haven't met. Our demand for their welcoming feeling can send them back to bedwetting. Their response is:

"Suppose I can't stand this baby these people are shoving into my private life without consulting my wishes? I can't let them know it or they'll be terribly disappointed in me. But suppose I can't control my dislike of the baby? Then they'll discover it, won't they?"

Becoming more and more doubtful of their ability to control their resentment of the baby, they may express their worry about it by losing control of their bladders. Anyway, it can't possibly do any harm to raise the subject of the coming baby in order to give yourself a chance to say:

"Listen. You don't have to like this baby, you know. We can give it all the liking it needs because we know babies are sweet, having had you as our dear baby. But you don't know enough about babies to know whether you'll like this one or not. So you can feel any way you like about him and it will be all right with us."

It is very intelligent to refuse to intrude on the emotional rights of a prospective brother or sister at a time when resentment at the approaching intrusion of the baby is natural and inevitable.

After all, we would all feel some dismay at the obligation to open up the intimacy of our homes to a stranger we'd never met.

* * *

We make this premature demand for brotherly love because we want to avoid disturbance by jealousy. Instead of avoiding the jealously, we make it worse by sending it underground where it expresses itself, not in words, but in bed wetting and other forms of protest behavior.

You could design exactly the sport coat you want this spring-and-summer—but why bother when it's more than likely waiting for you at HHS. Tigers Loose 'Bear' Against Chicago

Gladding Stops White Sox in Relief Role

Brown's Bases-Loaded Double in 11th Inning Yields 3-1 Win

CHICAGO (AP)—It took Fred Gladding more than a full game to pick up his first victory of the year.

The win came in extra innings for the big relief pitcher Sunday. They call Gladding "The Bear" and he had to be all of that to gain the victory, a 3-1 decision over the White Sox.

The second game of the scheduled doubleheader was canceled because of cold weather. It has not been rescheduled.

★ ★ ★

The Tigers have the day off today and head for Cleveland for the first of a three game series Tuesday.

SCORE TIED

Gladding came into Sunday's game in the tenth inning the score knotted 1-1. Hank Aguirre started, allowing five hits in seven innings, and Larry Sherry took over in the eighth and ninth, without trouble.

Detroit won it in the 11th when Gates Brown unloaded a bases-loaded double, driving in two runs.

The loss was absorbed by Bob Locker. It was the first run allowed by Locker in 16 innings of relief work this year.

★ ★ ★

Gladding, however, kept his record of scoreless innings intact. Now he has not allowed a run in 9⅓ innings. He ran into trouble in the last of the 11th.

With the Tigers leading 3-1, Gladding gave up a single to Tommy Agee. After Don Buford lined to Dick McAuliffe at shortstop, and Pete Ward popped out to Don Wert at third, Gladding served up a single to Bill Skowron, putting men on first and second with two out.

But the next batter, Danny Cater, took a called third strike.

Detroit had a chance to wrap it up in the 10th inning, but Willie Horton fanned in a pinch-hitting role with two out and the bases loaded.

★ ★ ★

The Sox scored in the first inning when Agee walked and raced to third on Buford's infield out. He scored when Aguirre made a bad throw to first on Skowron's roller, for an error.

FREEHAN HOMERS

Bill Freehan slammed his first homer of the year off the left field foul pole in the third. It stayed that way until Brown came through with his double in the 11th.

★ ★ ★

Al Kaline kept Detroit in the game with a fine throw from the outfield in the sixth. He cut down Skowron at third on a single to right field when the big Sox first baseman tried to stretch his luck.

POP-UP GONE FOUL — Catcher Gerald McNertney of the Chicago White Sox loses his balance and the pop foul hit by Detroit's Bill Freehan in the fifth inning of yesterday's game. The Tigers won 3-1 in 11 innings and the second game was called off because of cold weather.

BACK IN HARNESS—Ralph Houk, who stepped down as general manager to replace Johnny Keane as manager of the New York Yankees Saturday, got the sagging New Yorkers off to a winning start under his direction with victories Saturday and Sunday over the California Angels. Houk, who guided the Yankees to three pennants before moving up to general manager, looks over the field above just before the Saturday game against the Angels in Anaheim, Calif.

Courteous Exit by John Keane

NEW YORK (AP) — Johnny Keane came in a gentleman and went out the same way — with kind words for the New York Yankees, who fired him Saturday as manager.

★ ★ ★

Keane arrived in New York late Sunday afternoon from Los Angeles and met his wife, Lela, who had flown up from their Houston home. He didn't even know the Yanks had won their second straight under Ralph Houk until a reporter told him.

"If they can get them hitting," said Keane, "that is all there will be to it. The pitching wasn't bad, but we just were not hitting.

★ ★ ★

"I left the Yankees with all good feelings. It has been a privilege to have worked for them. It is their right to make a change when they see fit. My wife and I really enjoyed New York. Contrary to talk about the big, cold city, we found it a very warm experience.

"I haven't had time to talk to anybody about the future. But I plan to contact all the major league teams. They all know that I am out. I want them to know I am available — if and when."

TALKS PROBLEMS

The lean, soft-spoken veteran of 37 years in baseball shrugged his shoulders when he spoke of his problems with the Yankees, who were in last place with a 4-16 record when he was replaced.

Soph Seeking Irish QB Job

SOUTH BEND, Ind. (AP) — Terry Hanratty, a prime bet to be Notre Dame's No. 1 quarterback as a sophomore in the 1966 football season, fired two scoring passes and ran for two more touchdowns in leading the Varsity to a 33-0 victory over the Old Timers in the annual game climaxing spring drills Saturday.

★ ★ ★

The 6-foot-1, 187-pound rookie from Butler, Pa., won the applause of a crowd of 22,000 in a preview showing the Irish are geared for a potentially dazzling aerial show next fall.

Hanratty's main target was Jim Seymour, an end from Berkley, Mich.

West Side Classic Decision Due Today

Gorman Golf Products and the Huron Bowl team, the split-season champions in the West Side Lanes Classic bowling league, will bowl for the over-all laurels at 9 p.m. today.

★ ★ ★

Gorman finished the second half race last week in big style, winning eight points to pull away from runner-up West Side Lanes. Jerry Perna's 278 game was the evening's best scoring effort, although Art Newby had a 224-234—664 total.

Derby Victor Seeks Preakness

FINAL EFFORT—Tongue out, Kauai King labors to stay in front of Advocator (center) and Blue Skyer as he nears the finish line during the 92nd running of the Kentucky Derby Saturday. Jockey Don Brumfield managed to keep Kauai King ahead of 14 other horses.

Trainer Sets Kauai King's Future Plans

LOUISVILLE, Ky. (AP) — Trainer Henry Forrest has been too busy the past year to even visit his new Tennessee home and there's no let-up in sight. He was preparing today to ship Kauai King, the Kentucky Derby winner, east for the Preakness.

★ ★ ★

"I bought a little, six-acre place at Brentwood, near Nashville, more than a year ago, but I've spent only one night there since then," Forrest said.

Reminded that Kauai King's half-length Derby victory Saturday was his 230th at Churchill Downs, the 58-year-old native of Covington, Ky., reminisced over his 40 years in racing.

★ ★ ★

"I started out when I was 18 years old with a horse for J. B. Respess at the old Latonia track," Forrest said.

GOOD OMEN

Apparently, that was a good omen. Respess' Wintergreen had won the Derby 16 years before that and, like Kauai King in Saturday's 92nd running of the classic, led all the way.

Forrest, a winner with the first colt he ever saddled for the Derby, gave much of the credit to jockey Don Brumfield.

★ ★ ★

"He rode just wonderful," Forrest said. "I told him before the race there might be some horses in front of him at the start, but to use his own judgment.

"He did just that."

Almost as pleased as Forrest were some in the camp of Advocator, a surprise second finisher in America's most glamorous race. A groom, Albert Foley, proudly predicted the colt would become horse of the year.

Jim Padgett, trainer of third finisher Blue Skyer, said he "couldn't have been more tickled" with the race.

★ ★ ★

Padgett, who entered Blue Skyer after he was goaded into it, said he had planned to move from here to Chicago, but now "I guess we'll go in the Preakness. I'll have to talk to the owners to be sure, though."

GOOD HEALTH

With exception of Fleet Shoe, all of the colts from the Derby weer pronounced in god health. Trainer Larry Sterling said Fleet Shoe was "a little touchy in the left knee."

★ ★ ★

Both Fleet Shoe and Abe's Hope, the second choice in the betting and fifth colt under the finish wire, may get some rest from the racing wars. The others will continue training for summer racing.

Facts and figures on the 92nd running of the Kentucky Derby:

Winner — Kauai King; owner, Michael J. Ford; trainer, Henry Forrest; jockey, Don Brumfield.

Stanford Flash Slowed Down by Curly Hair

STANFORD, CALIF. (AP) — Because he won't trim his long locks, a Briton who holds the Stanford University freshmen records for the 100-yard and 220-yard dashes may never run in an Indian track meet.

★ ★ ★

Coach Payton Jordan gave the Englishman, Don Morrison, his choice Saturday: either trim that long hair or don't run at Berkeley in the Stanford freshmen meet against the University of California.

★ ★ ★

Morrison declined to trim, didn't run and the Indians lost to the Bears 75-70. With Morrison's help in the two dashes and a relay, Stanford might have won easily.

★ ★ ★

Morrison, who has run the 100 in 9.6 and the 220 in 21.1, said: "Coach Jordan is merely complying with what they want . . . it's the whole system, the athletic department."

OSU AT ILLINOIS

The other top shot, Ohio State (5-0), may have an easier touch. The Buckeyes are at Illinois (3-4) for a single Friday and at Purdue (0-7-1) for a Saturday twin bill.

The tie fluke puts Minnesota third in the standings but only ½ game out of the lead.

Bob Reed of Michigan tied a conference record with his sixth league victory in a relief job against Purdue Saturday.

He came on in the fifth inning of the nightcap and blanked the Boilermakers on one hit through the last 2-2-3 innings for a 7-2 victory. Michigan also took the opener 9-3 behind a seven-hitter by Geoff Zahn.

★ ★ ★

Catcher Ted Sizemore headed the Wolverines' attack with a triple and four singles for five RBI's in the two games.

Minnesota shut out Iowa twice 7-0 on Frank Brosseau's four-hit chore, and 3-0 behind lefty Mike McNair's six hitter.

Tom Binkowski drove in six runs and Bob Speer totaled six hits in 10 trips to the plate as Michigan State defeated Illinois twice, 15-5 and 6-5.

Indiana scored nine unearned runs to whip Wisconsin 12-9 but was blanked in the second game 1-0 on a three-hitter by John Poser.

Ohio State took a double header from Northwestern, 15-1 and 9-3.

Matson 'Slips' in Track Test

AUSTIN, Tex (AP) — Randy Matson, for a while the undisputed king of the discus and shotput events in U.S. track circles, suddenly finds himself second best in both events as far as 1966 is concerned.

As expected, Matson won both the shot put and the discus in the Southwest Conference meet Saturday in Austin.

But neither mark—197 feet, 7 inches in the discus and 66 feet, 9¾ inches in the shot put—quite measured up to the best performances in the nation this year in the two events.

Despite the points garnered by Matson, Texas A&M came in third in the conference meet behind Texas and Rice.

Southern Methodist was fourth, Baylor fifth, Arkansas sixth, Texas Tech seventh and Texas Christian eighth.

TRADE UNIFORMS — Left handed pitcher Ray Sadecki (left) of the St. Louis Cardinals was traded yesterday to the San Francisco Giants for first baseman Orlando Cepeda. It was a straight player deal.

Whip Cards, Trade Cepeda

Giants Pull Off Unique Double Play

By The Associated Press

The San Francisco Giants may have pulled off a unique double play at St. Louis, spoiling the Cardinals' farewel lat Busch Stadium — and possibly the National League pennant race.

★ ★ ★

The Giants displayed their muscles in a 10-5 victory over the Cardinals Sunday, then unloaded some immediately after the game by trading slugging outfielder-first baseman Orlando Cepeda to St. Louis for left-hander Ray Sadecki.

★ ★ ★

Cepeda, who has a lifetime batting average of .308, undoubtedly will supply the Cardinals with more punch. He put on quite a show before changing uniforms, hitting a grand slam homer Saturday and driving in two runs with a pair of hits Sunday.

PITCHING HELP

Sadecki, a 20-game winner for the Cardinals, pennan-winners in 1964, undoubtedly will supply the Giants with more pitching — the one ingredient they obviously feel is needed to pull away from the field in a bid for their first pennant since 1962.

★ ★ ★

The Giants already hold a 2½-game league lead and are working on an eight-game winning streak but there's no doubt Sadecki will be the perfect complement to the club's other starters, right-handers Juan Marichal, Bob Shaw and Bob Bolin.

★ ★ ★

That's the way Chub Feeney, the Giants' vice president, had it figured.

"We certainly needed a left-hander," he said. "He can help us win in '66."

So far, however, the Giants haven't needed much help. They've been getting most of it from the hitters.

After a 15-run explosion Saturday, Willie McCovey, Jim Hart and Willie Mays hammered homers Sunday. Mays' was No. 513 of his career.

McCovey's was a three-run pinch-hit shot in the sixth inning that broke a 5-5 tie and sent the Cardinals down to defeat in their last game at Busch Stadium.

The Cardinals move into their new $24 mililon park Thursday.

Oriole Is Embarrassed

Robinson Hits Long Homer

Baltimore Takes Two From Cleveland

BALTIMORE (AP) — Frank Robinson of the Baltimore Ori oles was embarrassed twice Sunday. The Cleveland Indians were humiliated.

The first moment of discomfort for Robinson came in the first game of a doubleheader when he was picked off second base in the fourth inning.

But the worst was yet to come. Robinson really squirmed in his spiked shoes when he went to his right field position for the second inning of the second game.

Minutes before, with a record Baltimore major league crowd of 49,510 watching, Robinson had become the first player ever to knock a baseball out of Memorial Stadium on the fly.

TAPE MEASURED

The tape measure shot was hit off Luis Tiant, who had hurled three consecutive shutouts prior to Sunday. The ball cleared the left field bleachers, landed 451 feet from home plate and rolled to a stop at 540 feet.

Informed of the first-ever feat, the crowd rose to its feet and let loose a prolonged, deafening roar. Robinson several times tipped his cap.

"It was embarrassing," Robinson said after the Orioles had swept the twin bill 8-2 and 8-3, moving into a tie with Cleveland for the American League-lead with identical 15-4 records.

"It was a helluva thing for the fans to do that," Robinson said. "It hit me in a soft spot."

Told it was probably the biggest ovation ever accorded a player in Baltimore, Robinson said. "It was the biggest ovation I ever saw any town give anybody."

Red Wing Defenseman Announces Retirement

DETROIT (AP)—Bill Gadsby, who put in 20 hard years in the National Hockey League but never realized his dream to play for a Stanley Cup winner, announced his retirement Saturday.

Gadsby, who played the last five years with the Detroit Red Wings, said he would like to coach but wasn't sure that he'd want to coach in the minors.

The rugged 38-year-old defenseman left for his home in Edmonton, Alberta, Saturday and said he plans to talk with Red Wings Manager-Coach Sid Abel about his future in hockey.

Gadsby, who limps slightly because of a broken big toe, said: "Then I have this torn muscle in my elbow. It's funny but it doesn't hurt. There's a big hole in my arm. I'm supposed to have it operated on . . . maybe be around the time of the June meetings in Montreal."

Gadsby started his National Hockey League career in Chicago, went to New York and eventually to the Red Wings.

Counting 67 Stanley Cup playoff games, he played in 1,315 NHL games.

★ ★ ★

Gadsby is one of only three players ever to play 20 years in the rugged league—and has had some 500 stitches on his face to help him remember his career.

Teammate Gordie Howe is expected to start his 21st campaign this fall. Dit Clapper, a former Boston Bruin, was the first to play two decades.

Former Pro Paces Team to Top Spot

ROCHESTER, N.Y. (AP) — Robby Robinson, who gave up the professional bowlers tour to resume his career as a commercial artist, led Acme Printing to first place in the classic team division of the American Bowling Congress Tournament.

The Acmes totaled 5,939 for six games in the weekend tournament action.

The 5 foot-6, 120-pound Robinson fired a 682 series when the Acmes opened their campaign Saturday with 3,100, the best team series of the tournament.

He shot 594 to help the team salvage the lead with 2,839 Sunday night.

Record Crowd for Birds

FINDERS AND KEEPER—Frank Robinson of the Baltimore Orioles became the first player to hit a home run out of Baltimore's Memorial Stadium yesterday in a game in which the Orioles beat Cleveland, 8-3. Michael Sparaco, 15, (center) and Bill Wheatley, 14, found the ball and returned it to Robinson. The Orioles also won the first game, 8-2.

Youths Pull Switch

BALTIMORE (AP) — A couple of Baltimore youngsters pulled a switch Sunday and turned down an offer of money for the first home run ball ever to be hit out of Memorial Stadium.

Bill Wheatley, 14, and Mike Sparaco, 15, were on their way to see the second game of a doubleheader when a ball hit by Baltimore's Frank Robinson landed nearby.

★ ★ ★

After the boys located the ball beneath a parked car, a man offered them $50 for it. Bill and Mike refused, saying they "didn't think it was right" to accept money for the ball.

The boys watch most of the second game from a mezzanine booth near the press box. They were interviewed on the radio and by reporters.

★ ★ ★

After the game they posed for pictures with Robinson. The Oriole slugger got the ball, and the boys each received an autographed ball and a season pass to remaining Oriole games.

PHILADELPHIA (AP) — Bill Mazeroski singled across the tie-breaking run in the sixth inning, and Bob Veale scattered eights hits as Pittsburgh edged Philadelphia 3-2 Sunday.

Willie Stargell led off the sixth with a walk from Ray Herbert, raced to third on Donn Clendenon's single and scored as Mazeroski singled to left field.

That broke a 2-2 tie the Phillies created with runs in third and fourt of Veale.

★ ★ ★

Bobby Wine doubled in the third, went to third on Veale's wild pitch and came home as Tony Taylor gounded out. Dick Groat started the fourth with a double and dashed across on John Callison's single.

Rain Stops Pro Golfers

HOUSTON (AP) — The PGA golf tour rolls on to New Orleans today with the players showing nothing for their stay in Houston — the $110,000 Houston Champions International Tournament was canceled Sunday because of rain, after only one round.

★ ★ ★

Not just one rain but many, but it was a little shower Sunday morning that proved the coup de grace.

Anway, the tournament was wiped out with nobody getting paid and the Houston Golf Association losing about $25,000. It was rescheduled for Nov. 17-20 and all the players, including the big names like Jack Nicklaus and Arnold Palmer, said they would be here.

FIRST TO CANCEL

It was the first time for a PGA tournament to be canceled after a round was played — at least in the recollection of PGA officials and records of Doc Giffin, field press secretary. "It is the first time in modern golf at least," said Griffin.

Bob Rule, executive secretary of the Houston Golf Association, said when ilt showered Sunday morning, after the second round of the tournament had started, "It caused the water to start seeping back up and made the course unplayable."

★ ★ ★

It had rained for seven days although not much Saturday when the first round finally was played with Jack Rule Jr. taking the lead with a three-under-par 68 over the long, exacting 7,-118-yard champions course, built by famed golfers Jimmy Demarket and Jack Burke.

Play started Sunday on schedule and two-thirds of the field of 100 was on the course when the little shower threw a knockout blow.

TOO MUCH RAIN — This the scene on the seventh green yesterday when a golfer pulled a ball from cup on the water-logged course at Houston where officials tried to play the $110,000 Houston Champion International golf tournament. Rain washed out the first two days and further rain yesterday forced officials to cancel the tourney.

Clint Jones Voted MVP of Michigan State 11

EAST LANSING (UPI) — The Michigan State Spartans finished their spring priming for the 1966 Big Ten football season with the annual intersquad game Saturday.

Several stars on last fall's Rose Bowl team showed characteristic brilliance while a couple newcomers to varsity play displayed promise for the upcoming season.

Clint Jones was voted the most valuable player for the first team offense and defense "greens" which piled up a 25-0 win over the "whites," comprised of second string players.

Jones ran 69 yards in the first quarter for the first green touchdown and gained 130 yards during the game.

Halfback Jessie Phillips, a back limited to defensive work last season, scored the second green touchdown on a 11-yard run.

Dick Kenney showed up in a baseball uniform after pitching the baseball team to a 15-6 win earlier and kicked a 41-yard field goal midway in the fourth period.

★ ★ ★

The final green touchdown came when Jimmy Raye, last year's back-up man for Steve Juday, fired a 38-yard scoring pass to Gene Washington, the giant end who had earlier in the day competed in a track meet against Ohio State.

★ ★ ★

Coach Duffy Daugherty gave the annual coaches award for the outstanding player in spring practice to sophomore halfback Dwight Lee. The player of the game on the white team was named as freshman halfback Dick Berlinski, of Quinnesec, Mich.

Washington Beats K. C. With 10th Inning Hit

KANSAS CITY (AP) — Bob Saverine's pinch-hit single, only the second hit of the game for Washington, drove in the winning run in the 10th inning and gave the Senators a 3-2 victory over Kansas City Sunday.

Fred Talbot started for the A's and pitched seven innings of no-hit ball before he was tagged for a leadoff homer in the eighth by Paul Casanova, the Senators' rookie catcher. Talbot had surrendered a run in the first inning without giving up a hit.

Seven Persons Die in California Crash

YREKA, Calif. (AP) — A station wagon and an automobile collided head-on 20 miles south of Yreka Sunday killing seven persons. All of the dead were 58 years old or more, officers said.

★ ★ ★

All six persons in the station wagon died on the scene in ranching and farming country along US 99. The driver of the car was killed and his wife critically injured.

★ ★ ★

The California Highway Patrol said the driver of the northbound station wagon apparently lost control after making a right-hand turn, drifted across the road, and collided with the automobile whose driver tried to brake and avoid the accident.

Africans Fear Sellout in British-Rhodesia Talks

LONDON (AP) — Talks between British and Rhodesian officials were scheduled to begin today. African nationalists feared a sellout.

Three officials of the Rhodesian white minority regime arrived Sunday for talks to determine whether a basis exists for negotiations to end the six-month crisis. The whites declared independence Nov. 11, defying British demands for ultimate African majority rule.

★ ★ ★

The three Rhodesians are Sir Cornelius Greenfield, chief economic adviser; Gerald Clarke, Cabinet secretary, and Stanley Morris, public services chairman. They were to meet with Oliver Wright, former private secretary to British Prime Minister Harold Wilson, and Duncan Watson of the Commonwealth Relations Office.

The talks were arranged when British officials met secretly last month with Rhodesian Prime Minister Ian Smith in Salisbury.

READY FOR TALKS

Smith said later he was ready for unconditional talks but pledged never to compromise his regime's principles, and Wilson told Parliament Britain would not back down on its conditions for a final settlement. He said Britain would keep squeezing Rhodesia with an economic boycott and oil embargo.

President Kenneth Kaunda of Zambia, Rhodesia's African-ruled northern neighbor, said in Lusaka Sunday night he had written to Wilson protesting the new talks and said he was "not satisfied" with Wilson's reply.

★ ★ ★

Kaunda sent a personal emissary here to brief Zambian Foreign Minister Simon Kapwepwe, who was expected to demand assurances from Commonwealth Secretary Arthur Bottomley that African interests in Rhodesia will be safeguarded.

Kapwepwe is en route to New York, where Lord Caradon, Britain's chief U.N. delegate, is trying to get African delegates to delay a demand for an urgent Security Council meeting on Rhodesia.

Britain assured its African Commonwealth partners over the weekend it would continue to work toward a "one man-one vote" democracy for Rhodesia's 4 million Africans. Rhodesia has 250,000 whites.

Some African envoys called for a conference of Commonwealth prime ministers this month or next but were told that a meeting is already tentatively planned for July.

FINDS NEW HOME—Army orientation courses taught Sgt. Joseph P. Bangs of Boston, Mass., about the birds and bees, but it took a new dimension when a jungle parrot alighted on his helmet and made itself at home. Sgt. Bangs is serving with the 1st Infantry Division in Viet Nam. He's holding a Viet Cong rifle captured along with hundreds of tons of supplies near the Cambodian border recently.

Reds Expected to Fight Under Monsoonal Cover

By ROBERT TUCKMAN

SAIGON, South Viet Nam (AP) — There is growing belief that the Viet Cong and more than 20,000 recent reinforcements from North Viet Nam will come out of hiding soon and fight.

They have been lying low for weeks. One reason, American military men say, is that the Communists have been critically short of supplies. They have been hurt by the repeated search-and-destroy sweeps by allied ground forces and incessant U.S. air strikes.

★ ★ ★

The Reds are thought to be regrouping and resupplying to take the initiative with the onset of the monsoon rains, when the weather prevents the Americans from providing ground forces with full-scale air cover and support.

The monsoon season, just beginning, runs into August.

Some military men argue that instead of a single massive offensive, the Communists will make many small-scale attacks. The most probable targets are allied outposts along the Laotian and Cambodian frontiers.

Military sources say that Cambodia is where some of the infiltrating North Vietnamese have joined Viet Cong units and sought sanctuary from American guns. Some branches of the Ho Chi Minh Trail from the north end there.

In recent weeks, however, the United States has ruled out Cambodia as a sanctuary. Artillery and infantrymen have fired across the border when attacked from Cambodia.

Yank Captive Defies Reds in Interview

TOKYO (UPI) — An American Navy pilot captured by the Communists after his plane was shot down over North Viet Nam last July has defiantly declared he will support U. S. policy in Viet Nam "as long as I live."

The pilot, Cmdr. Jeremiah A. Denton, 42, made the statement in an interview filmed in Hanoi by a Japanese newsreel photographer.

Denton said he lived in Virginia with his wife and seven children.

Regulations forbid disclosure by military authorities of the home towns of captured personnel.

Denton, who was brought from his prison camp on the outskirts of Hanoi, seemed to be in good health and in fairly good spirits for a prisoner of war.

Comic Dreams Signify Creativity, Mailbag Reveals

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

If you sometimes dream of comic situations, you probably have a creative mind, psychologists say.

Despite all the hullabaloo over highway safety, the insurance information institute reports that the nation's estimated economic loss from traffic accidents for the first two months of 1966 was $1.73 billion, up $50 million for the similar period last year.

At least you're not lonesome if you have so-called athlete's foot. Some 40 million Americans have some form of this ailment.

SEEMS A MYTH

Someone has figured out that, on the average, each dollar in circulation is spent every 20 days. But no buck in our house stays that long.

George Washington was neither as shy nor as stuffy as old-time history books made him appear. For example, he occasionally gave away lockets with a portrait of himself on the front and a mirror in back. The ladies so favored wore the lockets around their necks and used the mirror to see if their curls were in place.

ROMAN SPLENDOR

It may depress you to learn that the $20-million luxury hotel Caesar's Palace, opening in Las Vegas, Nev., will have a men's room attendant named Marc Antony and women's room attendant named Cleopatra. How about the bouncer? Well, he'll be called Brutus.

It may depress you to learn that St. Augustine, the apostle to the English nation, was the first archbishop of Canterbury.

"YOUR HEALTH"
"NERVES"

It's just my nerves. I've always been this way." So many patients offer this complaint to their doctors, and receive sedation and tranquilizers. Many resort to alcohol just to "relax." Take time right now to reach up and feel the muscles of your neck and shoulders. Chances are they are tight and painful to the touch. Remember, nerves go to every organ, muscle and gland in the body. Pressure on these nerves can cause a malfunction or short circuit to these parts. Chiropractic treatments can, in many cases, remove this pressure, relax the muscles, and place you back on the road to good health. Find out now if you are a Chiropractic case.

By JACOBY & SON

It is possible to play bridge using only the words: "Pass, double, redouble, no-trump, spades, hearts, diamonds and clubs" and the numbers one to seven.

JACOBY

This would make the game mighty boring but too much conversation is even more deadly. Furthermore, when a man talks instead of thinking he does not help his cause. Silence is both golden and profitable.

South rose with dummy's queen of spades only to see East cover with the king.

"One finesse wrong," said South. "I will probably be unlucky enough to lose the other two that I am faced with."

★ ★ ★

Then South covered with his ace of spades, led a club to dummy's king, played the seven of hearts from dummy and the six from his own hand after East produced the three.

★ ★ ★

Meanwhile, West had been listening and thinking. One finesse was obviously for the queen of hearts. That was wrong. The other finesse was surely for the king or queen of diamonds and West knew that one would work. How could he, West, keep South from taking that diamond finesse?

West solved his problem quickly. He won that heart trick with his ace. Then he cashed a spade and led a second club. South, back in dummy, played the nine of hearts. The heart finesse had worked once. It would surely work the second time.

It didn't. West produced the queen and got off lead with a club. South had no way to return to dummy and had to concede a diamond trick for down one.

♠♥CARD Sense♦♣

Q—The bidding has been:

West	North	East	South
1♥	1♠	Pass	?

You, South, hold: ♠K10 ♥QJ76 ♦J954 ♣Q62

What do you do?

A—Bid one no-trump. You have nine points and two potential heart stoppers.

TODAY'S QUESTION

West bids two clubs and your partner North bids two spades. What do you do now?

Answer Tomorrow

U.N. Names Finn Cyprus Commander

UNITED NATIONS, N.Y. (AP)—Ilmari Armas Eino Martola, a retired Finnish major general, has been named commander of the U.N. peacekeeping force on Cyprus.

U. N. Secretary-General U Thant announced the appointment to fill the post, which has been vacant since Gen. Kodendera S. Thimayya of India died of a heart attack in Nicosia last Dec. 18.

CANCER (June 21 - July 22): Not wise to reveal all. Maintain dignity, poise. Be especially aware of advertising, publicity. If shrewd, perceptive, you can capitalize on assets.

LEO (July 23 - Aug. 22): Insist on cooperation. Make others realize friendship is two-way street. Best to assert yourself with loved ones and family. Then air is cleared. But be honest in reviewing aims.

VIRGO (Aug. 23 - Sept. 22): Throw off inhibitions. You can now achieve goals . . . but you first must shake off emotional lethargy. Means this is a time for DIRECT ACTION. Take it!

LIBRA (Sept. 23 - Oct. 22): Be responsible for actions, decisions. Long-range view best. Added pressure, responsibility indicated. You succeed in project if you are observant. Take initiative.

SCORPIO (Oct. 23 - Nov. 21): Finish what you start. You can expand sphere of interests . . . ideas can be worked out to advantage. Security matters enter picture. Fine for dealing with real estate people.

SAGITTARIUS (Nov. 22 - Dec. 21): Obligations, bills, financial commitments emphasized. Be aware of worth of possessions. Offer may come you way. Better not to accept without written assurances.

CAPRICORN (Dec. 22 - Jan. 19): Realize friends can promise . . . but cannot always follow through. Remain neutral in any dispute involving associates. Cycle high. But necessary that you be discreet.

AQUARIUS (Jan. 20 - Feb. 18): What you require is attainable. But don't make impossible demands. If sincere, you gain. Otherwise you could "price yourself out of market." Stand tall!

PISCES (Feb. 19 - Mar. 20): No time to brood. Promise made by friends may be impossible to fulfill. Review situation in light of reality . . . face facts as they actually exist. Be thorough — check details.

★

IF TUESDAY IS YOUR BIRTHDAY . . . you have pioneering spirit . . . are capable of creating successful enterprise. Key to success is determination.

★

Met Demise Is at Hand

NEW YORK (AP) — The Metropolitan Opera House, scene of an elaborate final farewell from the dance world Sunday night and an emotional farewell from the opera company April 16, awaits the wrecking crew at 10 a.m. Tuesday.

Sunday night's four-hour farewell program featured the Bolshoi Ballet but began with 40 minutes of lantern slides. John Martin, retired dance critic of the New York Times, narrated the pictures, from the ballerina who danced in the opera's opening night, Oct. 22, 1883, to impresario Sol Hurok in a bit part as a bear tamer.

* * *

The evening ended with a stage full of people gracefully promenading. The Bolshoi dancers partnered with 44 honor guests, many of them famous dancers, now retired.

The Bolshoi, from Moscow, ending a three-week engagement at the Met, chose an unusually showy program.

GET A BONUS

Prima ballerina Maya Plisetskaya danced "The Dying Swan" as choreographed by Mikhail Fokine. As a bonus, unannounced in the program, Isaac Stern accompanied her on the violin. Miss Plisetskaya's portrayal was so moving and the applause so prolonged that she and Stern performed the work a second time.

* * *

The company danced the lively first act of "Don Quixote" — starring Miss Plisetskaya — and then did seven short pieces, all designed to exhibit bursts of virtuosity.

The Suez Canal was opened to ship traffic in 1869.

Sorensen Kin in Dem Primary

OMAHA, Neb. (AP) — Philip C. Sorensen, younger brother of former presidential counsel Theodore Sorensen, makes his bid for the Democratic nomination for governor in Tuesday's Nebraska primary.

The Lincoln attorney won the lieutenant governorship two years ago in his first try for public office.

He is aiming now for the office being vacated by Democrat Frank Morrison who is running for the U.S. Senate.

* * *

Sorensen has two primary opponents: Henry Ley, 62, of Wayne, who fult as state banking director to seek the nomination, and state Sen. J. W. Burbach, 54, Crofton grain dealer.

On the Republican side, former Gov. Val Peterson, 62, again is seeking the office he held from 1947 to 1953.

Prohibitionists Lose Ballot Bid

KALAMAZOO (AP) — The Prohibition Party has failed to qualify for the Michigan election ballot and its chairman, Dr. D. D. Gibbons, Kalamazoo chiropractor, blames what he calls overly stringent laws.

Dr. Gibbons, reporting the party's failure for lack of the proper number of petition signatures, said Saturday the state laws would be fought to the U.S. Supreme Court if necessary.

The party fell about 7,000 signatures short of the 19,336 required to qualify for a place on the ballot.

Dr. Gibbons attacked a 1960 law requiring that signature petitions be headed by the names of the cities or townships in which the signers reside. He said this makes it difficult to gather signatures.

1964 BALLOT

The same law, he said, was instrumental in keeping the Prohibition Party off the ballot in 1964. He said that was the first time the party had failed to qualify since before the turn of the century.

* * *

Dr. Gibbons said his party will attempt to get on the Michigan ballot for the 1968 general elections.

Jewish Children Mark Anniversary of Israel

NEW YORK (AP) — About 10,000 Jewish youngsters held ceremonies Sunday celebrating the 18th anniversary of the creation of the state of Israel.

The observance began with a parade in sometimes heavy rain up Fifth Avenue to the Central Park mall. The youths from 200 Jewish groups carried signs calling for an end to fighting in the Middle East and a long life for the young state.

Job Wasn't Wanted

Director Huston in Bond Film

By BOB THOMAS
AP Movie-Television Writer

LONDON—"It's just as well that my father can't see me now," said John Huston with a dash of wry.

The director was ruminating over how the late Walter Huston, the best American actor of his generation, might have felt about his son's adventures into the profession. Lan-

THOMAS

ky John is at it again, playing a bit of a role as M, the mysterious boss of James Bond, in "Casino Royale."

* * *

"It's very brief, really," he said over a glass of sherry during the luncheon break at Pinewood Studios. "I only do these roles because I can't get other actors to do them."

He is directing a sequence in "Casino Royale," which features a multistar cast but not Sean Connery. It was the one Ian Fleming novel that the producers of "Thunderball" didn't own. The Huston sequence is so wild as to make Connery's Bond seem like Sherlock Holmes.

'CRUSTY' CLERIC

Huston acted only as a lark when he was a youngster, and only once with his father. He returned to makeup when Otto Preminger enveigled him to play a crusty cleric in "The Cardinal," and he drew an Academy nomination for his labors.

* * *

Last year, he directed himself as Noah in the "Bible."

"But that was because Charlie Chaplin wouldn't do it," he remarked.

Chaplin is now at Pinewood directing a film, and Huston told him the other day that he himself ended up playing Noah. Chaplin was delighted.

DEPARTURE

Concerning "The Bible," he departs from his usually cool analysis of his work.

"It contains things that have never been seen before, things I've always wanted to do. It's pretty far-out."

Huston said he was able to put his far-out ideas into effect through the kind indulgence of his producer, Dino Delaurentis.

"Dino always said, 'let's try it,' to my suggestions," said the director. "Take the music. At first we wanted Igor Stravinsky, but he would have used part of his already composed music which is tied up with copyrights.

School Issues Face Voters

Detroit Tax Boost, College Fund Sought

DETROIT (AP)—Two education issues face Detroit and Wayne County voters today — one for secondary education and another for an expanded junior college program.

Recent difficulties at Detroit's Northern High School were expected to cause some problems for the tax votes.

Supt. Samuel Brownell of Detroit's public school system reassigned Northern High Principal Arthur Carty earlier this month in the face of student protests of inferior education.

The move was interpreted by many Detroit residents as bowing to student demands over the authority of the system.

Detroit's public schools anticipated an $11 million deficit this year and the $2.50 asked per $1,000 of assessed valuation would produce only enough funds to hold the educational line at its present level.

The community college proposal asks $1.25 per $1,000 of assessed valuation.

This would raise an estimated $12.5 million to set up a comprehensive junior college program for Wayne County.

It would exclude Dearborn, with Henry Ford Community College, and the Livonia area, with Schoolcraft Community College. Both schools declined to enter the consolidated district.

However, Highland Park College, a two-year school in midtown Detroit's suburb of Highland Park, has agreed to be corporated into the system which would establish colleges in other areas of Wayne County which do not have such facilities.

Soviet Trawler Denied Request to Dock in U.S.

SAN FRANCISCO (UPI) — The U.S. Coast Guard yesterday denied a request by a Russian motorship for permission to enter San Francisco Bay to repair its engines.

The Soviet vessel, Chernajakheoski, was notified that a no entry order issued in Washington last week still stands.

The order was handed down when two Russian vessels asked permission to enter Drake's Bay, north of San Francisco, to "transfer supplies."

The Chernajakheoski is one of approximately 36 Soviet fishing vessels currently operating off the Pacific Coast.

American fishermen have been angered by the Russian intrusion into traditional U.S. fishing grounds and the Coast Guard announced in Washington that all Russian vessels are forbidden from entering U.S. ports unless given special permission by the secretary of the treasury.

New Soviet History Defends '39 Pact With Nazis

MOSCOW (AP) — A new history of Soviet foreign policy, edited by Foreign Minister Andrei A. Gromyko among others, defends the Soviet-Nazi nonaggression pact of 1939 as a military necessity.

A review of the book appeared today in Pravda, the Soviet Communist party paper, in connection with the 21st anniversary of the defeat of Nazi Germany.

* * *

The first part of the new history, dealing with the period from 1917 to 1945, has been published here. Another editor is Boris N. Ponomarev, secretary of the Soviet Communist party in charge of relations with foreign Communist parties.

Pravda said the history shows that despite a Soviet desire to conclude collective security agreements with Britain and France in 1939, Moscow "was forced to accept a German proposal for signing a nonaggression pact."

In doing so, the history claims, the Soviet Union escaped a trap which it says "the creators of the Munich policy" wanted to set against the Soviet Union. The reference is to the British-French capitulation of Adolf Hitler at Munich in 1938 that handed Czechoslovakia to Germany.

Trading Is Heavy

Market Takes Severe Beating

NEW YORK (AP) — The stock market took another bad beating with trading heavy and the ticker tape ten minutes behind by afternoon.

The final-hour recovery drive of Friday — on word that General Motors was resuming full production showed some follow-through at the opening, then quickly evaporated.

* * *

The good news late Friday was wiped out by GM's report that it plans to idle eight of its 23 auto assembly plants one to three days during the remaining working days in May.

GM (ex dividend) was delayed an hour in opening on 18,700 shares, down 1⅜ at 86, and extended its loss by another full point in later dealings.

Tobaccos rallied on word of higher prices for cigarettes. Drugs showed firmness here and there.

The Associated Press average of 60 stocks lost 2.7 at 329.1 with industrials down 4.8, rails off 1.7 and utilities off .2.

Prices took sharp losses in heavy trading on the American Stock Exchange. Alloys Unlimited lost more than 7 points, Syntex 6, Solitron Devices 5, Chromalloy, Rogers Corp., Berkey Photo and Atlas Consolidated Mining 3 or more.

Corporate bonds were mostly unchanged. U.S. Treasury bonds advanced.

Business Is Awaiting Impact of Medicare

By SAM DAWSON
AP Business News Analyst

NEW YORK — The impact of Medicare on business will go far beyond just a rush on already crowded hospitals.

DAWSON

Increased sales and employment, after the Social Security Administration starts paying the major portion of hospital and medical bills for more than 17 million Americans over 65 who have signed up for all benefits.

The construction industry, scientific equipment makers, drug manufacturers, a host of services catering to bigger medical and nursing schools and larger hospital staffs, companies selling health and accident insurace over and above Medicare, and even the heating air conditioning industry and the computer makers.

Still unresolved before Medicare starts July 1 is: how much more business?

NOW AFFECTED

The nation's workers and their employers already are affected. Social Security tax rates — paid by both — went up the first of the year, with more boosts to come. Federal and state aid toward building more hospitals, medical schools, and perhaps more nursing homes could send other taxes higher.

Most hospitals and physicians are looking for a big increase in the number of elderly patients after July 1. There are 19 million Americans over 65 — with 17 million signed up for full coverage. Many ailments for which the elderly now hesitate to seek care, or can't afford to, will seem worthy of professional attention when the major part of their bills are reimbursed.

* * *

More than 7,000 existing hospitals with nearly two million full-time employes are involved. About 27 per cent of the nation's hospital beds are now occupied by those over 65. Some 20,000 nursing homes may be involved. They have been growing fast in recent years in numbers and size. Ailments of the elderly often are more suited to nursing home care than are those of younger persons.

Medical schools turned out 7,300 physicians last year, and are aiming at 10,000 graduates a year by 1970. But the demand for them may grow much faster than that. Already, because of domestic shortages, hospital staffs number more than 10,000 imported teachers.

NEW HOSPITALS

Still to be assessed, but likely to be large, is the demand for new hospitals and expansion of existing ones, for more and larger medical and nursing schools, and for hospital equipment. As Medicare passes the startup stage, expanding treatment for the elderly at home and in doctors offices will add still more pressure for equipment and manpower.

A few examples: The Picker X-Ray Corporation estimates X-ray apparatus sales will grow from the present $300 million a year to $500 million in 1970. C. D. McGuinn, president of National Cylinder Gas, predicts a 5 to 10 per cent increased demand for medical products and equipment. Penetone division of Amerace sees a like rise in use of hospital germicidal products.

* * *

Demand for hospital room pressurization and germicidal filtration systems is sure to rise even faster than of late, Worthington Corporation predicts. It also sees an industrywide growth of 20 to 30 per cent for sales of heating and air conditioning equipment to hospitals and nursing homes.

Even now, Medicare is putting a squeeze on hospital bookkeeping departments. Accounting work to allocate expenses — what is and what isn't subject to reimbursement by the government under Medicare — may swamp some hospital staffs, according to Lybrand, Ross Bros. & Montgomery, a national accounting firm. It predicts wider use of electronic data processing to meet the challenge.

* * *

Honeywell cites eight hospitals in Minnesota that already use one central computer for planning, computing and record-keeping. This now includes billing, cost accounting and statistical work.

Deciding what Uncle Sam should pay for Medicare comes next.

'66 Valuation in State Put at $28 Billion

LANSING (AP) — Michigan's preliminary state equalized valuation for 1966 has been set at $28,189,599,532, a new high, the State Tax Commission reported today.

Included was a preliminary valuation figure of $2.68 billion for Oakland County, recommended by the county's equalization board last month.

Robert Purnell, commission chairman, said the state's total is $1.10 billion more than last year's final figure of $27,080,519,422 and also is the largest increase for any single year.

The final state valuation will not be set until the commission hears any appeals from the counties on May 23.

Although the commission has not yet been notified of any appeals, Purnell said they might come from Muskegon, Shiawassee and Schoolcraft counties.

The counties have been notified of their preliminary assessment figures.

Army Trucks Replace Thai Border Buses

BANGKOK, Thailand (AP) — The Thai army began operating heavy trucks as buses for civilian passengers today in a province near the Cambodian border after two mine explosions killed 17 persons during the weekend.

Officials believe the mines which blew up two private buses on isolated roads in Suring province were planted either by Communist or Cambodian agents.

Millions in Pension Plans Won't Get Benefits--Wirtz

WASHINGTON (AP) — Millions of U.S. workers now covered by private pension plans probably will never draw benefits from them, Secretary of Labor W. Willard Wirtz testified today.

Wirtz appeared before a Senate-House Economic subcommittee studying private pension arrangements. It has shown special interest in provisions through which covered employes retain some rights to future benefits even if they change jobs or quit before retirement age.

* * *

Lack of such provisions in many plans, Wirtz said, leads to situations like that of the long-time worker whose job is automated out of existence. Even if he finds another, the secretary said, his pension expectations of 30 years in the first job could be wiped away. Again, Wirtz suggested, a younger worker may be in a job from which he should shift, in his own or the public interest — but he may cling to it to protect a pension right he would otherwise lose.

* * *

Wirtz estimated private retirement plans now cover about 25 million employes, a number that probably will increase to 34 million by 1970 and 42 million by 1980. At present, he said, about 2.5 million persons are receiving benefit payments and their rolls will increase to about seven million by 1980.

LESS SIGNIFICANCE

"But these figures have perhaps less significance than the unknown numbers — possibly even larger — of men and women who are now covered by such plans but who will not receive benefits under them," Wirtz added.

A presidential committee on private pension funds, Wirtz said, suggested studies of a possible system of "portable" pensions that would allow workers changing jobs to transfer pension credits.

Another suggestion for study, he said, was an insurance arrangement to protect employes against the risk that the plan in which they are enrolled might end, through business failure or otherwise, without being able to meet its obligations.

* * *

The Bureau of Labor Statistics and the Internal Revenue Service are now collecting and analyzing information about 7,000 retirement plans that were terminated between 1953 and 1965, Wirtz added.

News in Brief

Loot valued at $144 was reported stolen yesterday in a break-in at Don's Friendly Service, 2986 W. Walton, Waterford Township, according to township police.

Waterford Township police are investigating a burglary over the weekend at Rogan's Gulf Service, 3496 Pontiac Lake, in which vending machines were tampered with and a starter pistol, a knife-fork set and a book of TV stamps were stolen.

The theft of $100 in cash and $25 from a cigarette machine in a break-in at the Westside Restaurant, 226 N. Telegraph, was reported yesterday to Pontiac police.

Work Due on Addition at Door Firm

Ground will be broken at 10:30 a.m. tomorrow for a 42,000 square-foot addition to Berry Doors Division of the Stanley Works, located at 2400 E. Lincoln, Birmingham.

* * *

Clyde S. Gischell, vice president of Construction Components Division of Stanley, will officiate at the ceremonies.

Arthur S. Hasty, general manager of the Berry Doors division, said the new addition will be used for the manufacture of fiber glass garage doors and electric garage door operators.

John E. Roth and Sons, Inc., of Birmingham is the general contractor for the project, which will nearly double the size of the firm's present facilities. Completion is scheduled for Nov. 1.

* * *

Located on a five-acre site at the east end of Lincoln Road, the firm was established in Birmingham in 1956 as Berry Industries.

NEW OWNER

It was acquired by the Stanley Works of New Britain, Conn., in April 1965.

Presently the world's largest manufacturer of steel residential garage doors, Berry introduced its new fiber glass line two years ago, Hasty said.

Sales volume of doors and electric door operators has shown a tremendous increase since that time, according to Hasty.

* * *

The introduction of commercial garage doors last March has also contributed to the firm's growth, Hasty said.

The United States is the world's largest producer and consumer of shrimp, according to the Encyclopaedia Britannica.

In Memoriam 2

IN LOVING MEMORY OF OUR mother, Harriet E. Barbe, who passed away May 9, 1955.
We do not forget her,
We love her too dearly
For her memory to fade
From our lips like a dream.
Our lips need not speak
When our hearts mourn sincerely
For grief often dwells
Where it seldom is seen.
Sadly missed by children, Don, Loretta, Carol, Ruthann, Elyse, and David.

Peter's, Jill's Friendship Unperiled by Cabana Life

By EARL WILSON

NEW YORK—Peter Lawford and beautiful Jill St. John are so cabana-conscious in Honolulu after a happy week there, that people are jumping at the wrong conclusion: that they are probably about to break up their friendship. The truth is the opposite: that after a week or so, they still like each other, and what do you do in a strange situation like that? The airline stewardess who seemed to have had Lawford in tow, appears to have dropped out.

'Twas just my birthday: I must acknowledge "Jolly Joe" Levine of Embassy Films calling up personally to sing "Happy Birthday," and Vincent Sardi Jr. buying a bottle of champagne . . . Jim Moran who's doing that promotion stunt for "Blindfold" wears a blindfold around town and other cities for three or four weeks.

We met the lovely gal Linda Graves, of Marshal, Texas, who's Jim's assistant, and trouble-fixer. Linda said Jim is fine, etc., but she just hopes he doesn't resort to Braille. Jim interrupted her to ask for his beard brush. "I got whiskers in my crackers," he said.

Mickey Mantle asked Elsa Lancaster for her name on his autograph list at Trader Vic's . . . Vinton Freedley is coming along nicely after quite a fall.

REMEMBERED QUOTE: "There are two cardinal sins from which all others spring— impatience and laziness."

EARL'S PEARLS: "With my kind of lousy luck," sighs Jesse Kaplan, "it's a wonder I'm not managing the Yankees."

London Lee tells Copa audiences he hired a chauffeur who'd once driven a hearse: "But it was a mistake—he wouldn't start till there were 15 cars behind us." **That's earl, brother.**

PRINCESS WATCHES — Princess Anne of Great Britain watches her father, Prince Philip, play in a polo match at the royal family's country home in Windsor, Berkshire. Anne recently broke her nose in a fall from a horse.

Long Leap Saved Teen

WENTZVILLE, Mo. (AP) — When Gary Cook, 19, started across the railroad trestle over Peruque Creek on his way to a swimming hole he did not know how far he would have to jump to get wet.

Cook, who lives in Florissant, was in the middle of the Norfolk & Western Railroad trestle Sunday when a train rumbled toward him. There was no time to run and not enough room to stay. He jumped — 60 feet into four feet of water.

Sheriff's officers said the youth suffered a possible fracture of the left leg.

Hubert Humphrey, his daughter and granddaughter joined in a Mother's Day visit to the vice president's ager mother, resident of a Huron, S.D., nursing home.

HUMPHREY

Humphrey remained at the nursing home for a longer stay with his mother, Christine Humphrey, 84, when other relatives went to a restaurant for dinner.

Humphrey's mother wore an orchid, a gift from the vice president. All members of the party brought gifts for Mrs. Humphrey.

New Payroll Tax May Hit Queen Hard

Queen Elizabeth II may be hard hit by Britain's new payroll tax which is intended to push more people into productive industries rather than so-called service trades.

ELIZABETH

A royal treasury spokesman said yesterday, "On the information at present it would seem the queen will have to pay."

This means she will be assessed an extra $3.50 a week for each man on her staff and $1.74 for each woman. At Buckingham Palace alone she employes at least 250. Well-staffed, too, are such royal homes as Windsor, Sandringham and Balmoral.

'Bobby to Visit S. Africa in June'

U.S. Sen. Robert F. Kennedy, D-N.Y., will make his visit to South Africa early in June, Charles Diamond, president of the Cape Town University Students' Representative Council said.

KENNEDY

Diamond said yesterday Kennedy would be accompanied by his wife, Ethel, and that he had accepted an invitation to address a mass rally of the multiracial National Union of South African Students.

Ladies' Lounge Is Council Site

ONEONTA, N.Y. (AP) — The women's lounge in City Hall offers privacy. It's near the City Council chambers and has a lock on the door.

For those reasons, Alderman John Higgins said, he and five other councilmen, all men, and Mayor Albert S. Nader adjourned to the lounge recently for a private, five-minute executive session.

Texas Primary Returns Show Johnson Influence

By TOM JOHNSON

DALLAS, Tex. (AP) — The political winds in Texas are blowing in more than one direction, and the fact that President Johnson hails from the big state probably has more than a little to do with their diverse nature.

For example:

The 1¼-million voters who turned out for Saturday's primary elections gave near overwhelming support to the person and program of Gov. John B. Connally, a conservatve Democrat. The President is a longtime personal friend of Connally's.

★ ★ ★

For example:

The primaries also sent two and possibly three Negroes to the state legislature for the first time in the 20th century. The President is on the record repeatedly in suport of the Negro's drive for equality.

★ ★ ★

For example:

As a result of the apparent firm retention by Connally of the state party machinery in Saturday's precinct conventions, there seemingly will be no bitter conservative-liberal internecine fight in the party this year. The President is known to favor intraparty harmony, especially in his home state.

INTERNALLY SPLIT

The Texas Democratic party has been internally split for several years, but the President generally has managed to stay above the rift. Liberal-labor supporters of Sen. Ralph Yarborough, D-Tex., have been at odds with the Connally faction over party control. In fact, one big reason President John F. Kennedy came to Texas in November 1963 was to try to unify the state party.

★ ★ ★

On the day Kennedy was assassinated in Dallas, Connally was in the car with him and was seriously wounded. Yarborough was in a following car with Vice President Johnson.

★ ★ ★

Connally's victory Saturday came in the face of a call from Yarborough for a "political revolution" against the governor's administration.

A close Connally associate, Atty. Gen. Waggoner Carr, easily won the nomination for the U.S. Senate. He will face Sen. John Tower, the only Republican among the state's 23 congressmen and two senators, in November.

No Honeymoon for Star and Bride

HOLLYWOOD (AP) — Actor Harve Presnell, 32, and Veeva Brown, 27, daughter of song writer Stuart Hamblin, were newlyweds without a honeymoon.

The pair married Friday at Santa Barbara, north of Los Angeles.

★ ★ ★

Presnell, star of the film and stage versions of "The Unsinkable Mollie Brown," had to return immediately to his film work.

Reward Climbs in 2 Slayings

No Clues in Deaths of Union Officials

SAN FRANCISCO (AP) — The reward for a conviction in the first of two AFL-CIO painters union slayings reached $42,275 today, but police still were without a solid clue.

Killed by gunfire on April 5 was Dow Wilson, Local 4 leader in San Francisco. Slain Saturday was Lloyd Green, financial secretary for Local 1178 in nearby Hayward.

Both had opposed the national leadership of the union to which the painters belong — the Brotherhood of Painters, Decorators and Paperhangers.

Both had led their locals in refusing to pay assessments to district councils for the wages of business agents. Both said their locals would pay their own agents, assuring their loyalty.

OPPOSED INCREASE

Green, at a meeting the night he was killed, led a successful move to defeat a $5.75 per quarter dues increase requested by the international.

Vyrl Anderson, carpenters union secretary-treasurer, had been talking with Green at a union hall at the time of the meeting. He said he saw a late model car outside shortly before a shotgun blast through a window killed Green. Then, Anderson continued, he heard the car roar away.

Union members spoke Sunday with Mayor John F. Shelley and Cecil Poole, U.S. attorney. Shelley promised the "San Francisco Police Department will not stop until the guilty ones are caught."

AEC Is Studying Plutonium Request

WASHINGTON (AP) — An Atomic Energy Commission spokesman says the 1954 Atomic Energy Act will have to be amended before the United States can supply more plutonium to the European Atomic Energy Community — Euratom.

Euratom has asked for 1,000 kilograms of plutonium, worth about $43 million, to develop fast neutron reactors that would produce more fuel than they burn. The reactors would be used in nuclear power plants.

★ ★ ★

It was reported the AEC is studying the request from Euratom members — Belgium, France, Italy, Luxembourg, the Netherlands and West Germany. If supplied by the United States, the plutonium would be under Euratom safeguards to make certain it is used only for peaceful purposes.

"We believe that the facts will not support" such proposals, the NPA's agriculture committee reported Sunday. "We are concerned that false expectations may lead to unwise changes in farm policies and programs, both at home and abroad, or in unwise long-term investments in agriculture."

The report said the need to continue some farm production restraints is reflected largely by growing U. S. food production capacity that, if allowed to operate at full level, could create costly surpluses.

WASHINGTON (AP) — The National Planning Association is supporting food production planning similar to that recommended earlier this year by President Johnson in his "Food for Freedom" program.

The NPA warned against proposals to remove all government restraints on farm production and to encourage farmers to go all out in expanding production.

Police Chase Ends in Death for Father

LOS ANGELES (AP) — The high-speed chase ended with a police bullet in his chest and his head cradled in his pregnant wife's lap. Leonard Deadwyler's dying words were, "She's having a baby."

Authorities gave this account of Deadwyler's death Saturday night.

Deadwyler, 21, was driving his wife, Barbara, 25, to a hospital. With them was their son, Leonard Jr., 2, and Gamaliel Ferguson, 31, owner of the car.

Several police cars pursued Deadwyler at speeds up to 80 miles per hour before he slowed almost to a stop.

AUTO MOVES

Deadwyler's car continued to inch forward as officers J. M. Bova and K. E. Ross approached and ordered a complete stop.

The car continued to inch forward.

Bova, pistol in hand, thrust his head, shoulders and arms through Deadwyler's open window to remove the ignition key.

The car suddenly lurched forward, knocking Bova off balance and causing his pistol to fire. The bullet struck Deadwyler in the chest.

BULLET FATAL

He was pronounced dead on arrival at a nearby hospital. Hospital attendants said his wife was not in labor. Their son was turned over to juvenile authorities for care.

Ferguson told police: "The guy said he had to take his wife to the hospital. She said she was going to have a baby."

Ike Still in Hospital for Routine Checkup

WASHINGTON (AP) — Former President Dwight D. Eisenhower will remain for an indefinite time at Walter Reed Army Hospital Center for what a spokesman described as a routine examination.

Eisenhower, who was described as "taking it easy and taking some tests" Sunday entered the hospital last Wednesday. He suffered a heart attack last November.

Rocket Bases Are Knocked Out Close to Haiphong, Hanoi

SAIGON, South Viet Nam (AP)—U. S. jet pilots knocked out two Soviet-built missile sites in North Viet Nam and chased off a pair of Communist MIG17s about 35 miles from Red China's frontier, the U.S. command reported today.

It said the MIGs fled when four U.S. Air Force F105 Thunderchiefs closed in on them.

Navy A4 Skyhawks hit a survace-to-air missile site 12 miles north-northwest of Haiphong yesterday, the U.S. com piolots reported they destroyed a SAM site 30 miles northeast of Hanoi.

BIG SMILE—Harry S. Truman smiles broadly yesterday at dedication ceremonies of a new federal building in Independence, Mo., as the crowd sings "Happy Birthday." He turned 82 yesterday and today was honored at an annual luncheon in his honor in Kansas City.

400 Honor Truman on 82nd Birthday

KANSAS CITY, Mo. (AP) — Harry S. Truman, more than 13 years out of the White House, was lauded as "the man of peace" today as more than 400 friends gathered to wish him a happy 82nd birthday.

President Johnson and Chief Justice Earl Warren plan to telephone their congratulations.

Truman's birthday actually was yesterday, and he celebrated it by dedicating a federal office building in his home town of Independence — a structure he worked hard to obtain for the city.

The building is only a few blocks from the square where Truman got his political start 44 years ago.

★ ★ ★

Truman gave a brief talk after he was presented with a miniature of the seal of the United States which is on the front of the building.

FORMER PRESIDENT

The former president said he could not claim any more credit for completion of the building than many other government officials and elected representatives.

He said, with a grin, "I just tried to prod them along a little when they got a little slow."

Bar Deaths, Body May Be Linked

DETROIT (AP) — Police indicated today there may be a link between a pair of multiple murders in two Detroit bars and the death of an ex-convict whose body was found in a lake near Utica.

GRAYVOLD

Detroit detectives investigating the multiple slayings at the Miami Lounge Feb. 23 and Verdi Bar on April 20 joined forces today with Macomb County authorities and State Police.

They were checking into the background and associates of Gary C. Grayvold, 28, whose nude body was recovered from Stony Creek Lake.

He was bound with electrical wire and weighted with concrete blocks.

Police learned over the weekend that Grayvold had lived recently within a block of the Miami Lounge where three persons were slain in a holdup.

FREQUENTED BARS

They said Grayvold often frequented bars in the neighborhood between the Miami and Verdi's, about eight blocks south, where two persons were slain in a similar robbery.

Grayvold was awaiting trial in Detroit for two armed robberies. He was last seen April 11, his wife, Gloria Jean, told police.

Grayvold failed to appear at a Detroit Recorder's Court hearing April 13. The hearing was adjourned.

Detroit homicide detective Charles Schlachter planned to meet today with State Police and Macomb County Sheriff's detectives to compare notes and map out an investigation.

Robert M. Grindle, Detroit Police homicide inspector, said there were some similarities in the bars slayings and the death of Grayvold, including use of electrical wire to truss the victims.

An autopsy performed over the weekend showed Grayvold had been trussed in such a way that his own struggles to free himself strangled him.

Grayvold's police record dates back to 1955. He had been convicted of car theft and burglary and served a prison term following a burglary conviction in Mount Clemens. He was paroled Jan. 14, 1959, and returned to prison on April 20 for parole violation.

ONE-ROOM SCHOOL REMAINS — North Oxford School District voters Saturday turned down a proposed annexation to the Oxford School District. School Redistricting Loses in N. Oxford

Voters of the North Oxford School District merely postponed what county school officials say is the inevitable when they turned down a proposed annexation to the School District Saturday.

Thirt-yone of the district's 45 eligible voters turned out to defeat the annexation 23 to 8.

By doing so they will retain for an indefinite length of time their one-room schoolhouse, which serves kindergarten through eighth grade.

Dr. Kenneth W. Brown, deputy superintendent of Oakland County schools, said the state is "leaning toward" doing away with all non-high school districts.

He said North Oxford will probably have to become part of a high school district eventually.

A proposal now before the State Reorganization Committee would annex North Oxford to Oxford; Dublin and a portion of the Waterford Township school districts to Walled Lake; let Novi remain an entity and complete its K-12 program; and annex Wash-Oak school district in Washtenaw County to South Lyon.

★ ★ ★

Dr. Brown said that if this plan is not approved, the county reorganization committee must come up with a second plan.

In the event the second plan is turned down, he said the state must create a plan and submit it to a vote of the people.

Ky Is Assailed by All Sides on Statement

SAIGON, South Viet Nam (AP) — Premier Nguyen Cao Ky came under attack from within and outside the ruling junta today after his declaration that he expects to hang onto power at least another year.

Informants said some of Ky's fellow generals considered the statement likely to endanger the delicate political balance that has kept them in power despite Buddhist agitation.

Ky was reported to have made the declaration without consulting them.

Government censors cut the statement from the Vietnamese language press in an effort to minimize the political repercussions.

★ ★ ★

Nevertheless, it spread by word of mouth through Saigon. Political groups threatened counteraction against the military government.

STRONGEST REACTION

The strongest reaction was expected from Saigon's influential Buddhist leadership, which has demanded an early return to civilian government.

As the new storm erupted around him, Ky lapsed into silence.

He ordered his chauffeur to drive on when newsmen converged on his car for an explanation of his intentions.

Ex-Kennedy Aide Hits LBJ on State Dept. Reliance

NEW YORK (UPI)—Arthur M. Schlesinger, John F. Kennedy's biographer and White House aide to the late President, criticized President Johnson yesterday for allowing "a lack of confidence in his own judgment" induce him to place foreign policy decisions in the hands of the state department.

Schlesinger said Johnson relinquished to the state department powers assumed personally by Kennedy following his disillusionment with the abortive "Bay of Pigs" fiasco.

"President Johnson will find he has made a mistake in relinquishing a major White House role in foreign affairs," he said.

"I think he'll bring this (the decision - making power) back."

Schlesinger, who won the Pulitzer Prize in biography for his book, "A Thousand Days: John F. Kennedy in the White House," said he had little to add to his highly critical comments on Secretary of State Dean Rusk published in that book.

According to Schlesinger, the only time President Kennedy accepted "unquestioningly" the state department's opinion was in the case of the "Bay of Pigs" invasion of Cuba — and he bitterly regretted doing so on that occasion.

The widely respected historian said that many members of the academic community have "a fear that he (President Johnson) is not in control of his government."

GM to Alter Car Defect Notice Setup

DETROIT (UPI)—General Motors Corp. said today it is planning to take a more direct approach in notifying customers when automobile safety defects need to be corrected.

Under procedures now being developed, each of the five GM car divisions will directly notify "each owner of record by certified mail at his last known address in the event of a recall campaign."

Such notification is currently handled by individual GM dealers.

They apparently will be bypassed in the future.

The disclosure was made in a letter from GM President James M. Roche to Sen. Abraham A. Ribicoff, D-Conn., chairman of a Senate government operations subcommittee examining auto safety.

ADVERTISEMENT

The text of the letter outlining "policies and procedures regarding defects which may appear in our automobiles" is contained in an advertisement placed by GM in 200 newspapers across the nation.

The message to owners, which explained GM's recall policy, followed a weekend during which the company labeled as "inaccurate" part of Ribicoff's conclusions about the list of defective cars.

Cancer Experiment Participant Dies

TUCSON, Ariz. (AP) — "Up to the end he had a hopeful, optimistic attitude."

This was how Dr. T.E.A. von Dedenroth recalled the optimism of Robert Allen, 28, who died Sunday, victim of a rare form of bone cancer.

Allen, suffering from osteogenic sarcoma, underwent a transfer of cancerous tissue with Harry T. Griffith, 63, of Flourtown, Pa., about three weeks ago at Roswell Park Memorial Institute, Buffalo, N. Y.

Allen never knew that Griffith, a former minor league baseball player, died April 25.

Allen was admitted to a Tucson hospital Friday. Dr. von Dedenroth said the cancer had spread too far through Allen's pelvic area.

China Papers Urge Policy Crackdown

HONG KONG (UPI) — Two Communist Chinese newspapers today called for an intensive and widespread government campaign against dissident Chinese "intellectuals" who oppose Peking's present foreign and domestic policy.

★ ★ ★

The call, heard here in a broadcast by Radio Peking yesterday prompted speculation that a new, stiff crackdown on Chinese intellectuals similar to that of 1957, was in the offing.

(In Taipei, The Central Daily News, the official newspaper of the Nationalist Chinese ruling party, today quoted a Communist Chinese refugee as saying Peking has launched the biggest purge in 17 years against intellectuals.

(The newspaper quoted Huang Chih-yuan, a former Chinese Communist schoolteacher, as saying the purge started last February and might affect three million persons.)

★ ★ ★

The latest attacks centered on Wu Han, the vice mayor of Peking; Teng To, editor and president of The People's Daily since 1957, and Liao, Mo-sha, a minor party functionary. Teng was believed to have been fired recently from his editorial post but there has been no official announcement.

TWIN ATTACKS

The twin attacks were printed in the "Liberation Army Daily," organ of the Chinese armed forces, and the "Kwangming Daily," a newspaper for literary and art circles.

The official Peking radio devoted an entire 30-minute domestic newscast to a summary and commentary on the two articles. The newscast followed a disclosure last week that a group of Peking intellectuals had been engaged in antiparty and antigovernment activities by attacking Communist Chinese foreign and domestic policy.

In naming Teng, Wu Han and Liao, the Peking broadcast issued a "declaration of war" on them and others at odds with the present Red Chinese leadership.

The radio announcement was made in the same belligerent tones as the newpaper articles. Both articles were signed with pen names, believed to be those of high-level Chinese officials.

'Move Would Ease Tension'

Mansfield Also Backs China Policy Review

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield proposed today that the United States recognize Mongolia, a Communist-controlled nation sandwiched between Red China and the Soviet Union in mainland Asia.

This would help ease international tensions, Mansfield said in an interview, and give the United States "a valuable listening post" between the two Communist giants.

★ ★ ★

Mansfield's proposal came as he endorsed the call by Sen. Edward M. Kennedy, D-Mass., and George S. McGovern, D-S.D., for appointment of a "blue ribbon" commission to reassess U.S. policy toward Communist China.

The Kennedy-McGovern suggestions also brought these developments during the week-end:

INTRIGUING IDEA

—Secretary of State Dean Rusk, who testifies before the Senate Foreign Relations Committee today, described the commission proposal as "an intriguing idea." But Rusk said for more than a year the executive branch has had a very competent group making an intensive study of these matters. He did not further identify the group. "They have been in touch with experts outside; they have visited universities and they have searched the literature for possible new ideas," he said.

Rusk also said he has discussed recently with President Johnson "the desirability of systematizing outside advance in the general areas of the world." He added: "I think it is very likely that we shall do this somewhat more systematically than we have done before."

★ ★ ★

—Vice President Hubert H. Humphrey was reported actively supporting the proposal to create a commission. Although he was silent about Johnson's reaction, Humphrey's endorsement was viewed as indicating a willingness by the administration to explore new avenues in Asian policies.

—Sen. Robert F. Kennedy, D-N.Y., said Humphrey's support encourages him to believe such a policy review may materialize. "I certainly think we need to have a searching look at possible future relations with Communist China," he said.

DISAGREES WITH SENATOR

Rusk disagreed with Sen. J. W. Fulbright's view that American forces in Viet Nam have turned Saigon into a brothel. Fulbright, Arkansas Democrat who heads the Senate Foreign Relations Comimttee, expressed this view in a speech last Thursday night.

"It just isn't true," said Rusk. He said Fulbright's allegations reflect "unfairly and inaccurately on what our men are doing over there."

Scout Cookout Is Too Hot--- Firemen Called

Two 13-year-old Boy Scouts set out yesterday on a 10-mile hike and cookout and wound up helping firemen stomp out a grass fire which threatened to spread over state-owned land north of Milford.

The boys, both members of a Milford church troop, had lighted a cooking fire in the Cooley Lake Road-Weaver area when flames spread to nearby brush.

The youths both charred their jackets trying to extinguish the flames themselves, but finally managed to bring the fire under control with the aid of village firemen and volunteers.

Neither scout was injured.

U.S. Dumps Nausea Gas on Suspected Cong HQ.

SAIGON (UPI) — U. S. Army planes dumped 7,200 pounds of nausea gas on the suspected jungle political headquarters of the Viet Cong, paving the way for an assault by 2,500 gas-masked infantrymen, it was revealed today.

★ ★ ★

The drop occurred yesterday in the War Zone C. Communist stronghold near the Cambodian border 70 miles north of Saigon.

There was no available word on the results of the infantry assualt in terrain so thick GI's have to use machetes every foot of the way.

B52 bombers from Guam, which often strike ahead of advancing troops, today pounded the vast region for the 11th consecutive day.

★ ★ ★

Troops of the U. S. 1st Infantry Division have been sweeping the former Viet Cong haven since mid-April.

USED BEFORE

The drop yesterday was not the first time U. S. forces have used nausea gas but it was one of the largest doses ever spread over Communist territory.

The gas was in powdered form to disseminate in chocking clouds, clearing the way for three battalions of ground troops. Previously it was dropped in small quantities from helicopters.

The nausea gas leaves no permanent effects but it immoblizes troops by producing violent retching or vomiting which prevents their carrying on with normal duties.

★ ★ ★

Like tear gas it also can induce blurred vision or even temporary blindness. It is widely used in many cities of the world against rioters.

UNSUCCESSFUL TRY

Tear gas was first used in Viet Nam in an unsuccessful attempt to free a number of American war prisoners reported held in a Viet Cong camp.

Later it was used to flush Viet Cong out of the great labyrinths of tunnels they have dug in many of their strongholds in Viet Nam.

Civilians, incuding women and children, accidentally caught up in the path of the war have been hit with gas when they were hiding out in the tunnels with Viet Cong troops. There was no indication any were involved in the action announced today.

★ ★ ★

Use of the gas has brought violent denunciation from Communist nations despite American assurances it leaves no permanent effects.

Pilotless U. S. Plane 'Downed Over Hanoi'

State Property Rental Is Eyed

Dearborn Solon Asks Inquiry on Practices

LANSING (UPI)—An investigation of practices in renting state-owned property has been called for by State Sen. Edward Robinson, D-Dearborn.

★ ★ ★

Robinson called for the statewide inquiry after it was learned that 12 acres of land belonging to the state armory on the Lansing-East Lansing boundary have been rented to a car dealer for about eight per cent of the land's real value.

The 12-acre tract was reportedly being rented to Story Oldsmobile, Inc., for $75 a month. State tax officials say it should rent for about $900 a month.

"I hope the Senate Appropriations Committee can hold a hearing on the matter during the week," said Robinson, chairman of the appropriations subcommittee on safety.

★ ★ ★

Robinson called the situation "a case of poor judgement" and added, "We should review the practices and policies at other armories in the state."

Truman, 82, Is Honored on Birthday

(Continued From Page One)

Centerpiece for the birthday luncheon today was a huge cake, decorated with a frosted picture of the proposed Truman Center for the Advancement of Peace, to be built at Hebrew University in Jerusalem.

President Johnson, in one of his two visits to the Truman Library in Independence last year, hailed the center as a fitting memorial to Truman who had much to do with the recognition by the United States of the new state of Israel.

GUEST LIST

The guest list for the annual luncheon included the governors of Kansas, Missouri, Nebraska and Arkansas and many dignitaries from the Truman administration.

Among those attending are Charles F. Brannan, former secretary of agriculture; Charles Sawyer, former secretary of commerce; and John W. Snyder, former secretary of the Treasury.

Comedian Jack Benny, a close friend, will be there as well as members of Missouri's congressional delegation — Reps. Richard Bolling and William J. Randall and Sen. Stuart Symington.

51 MISSIONS

American planes flew 51 missions against the Communist north after a week of limited assaults because of the weather.

The American fliers also kept up their pummeling of bridges and highways in the north to cut further supply routes to Hanoi, the North Vietnamese capital, and Haiphong.

An Air Force spokesman reported yesterday that three weeks of raids had servered all the main road and rail supply routes between Hanoi and Haiphong and to Red China.

★ ★ ★

Creation of the office had been expected because of the growing Pontiac area.

NATIONAL WEATHER — Showers are expected in most of the western, southern and eastern areas of the nation tonight. It will be colder from the southern Plains to the Ohio and Tennessee valleys and warmer in the northern Plateau area.

Two Recall LBJ's Bravery on Flight

CHICAGO (UPI) — To hear two crewmen tell it, Lyndon B. Johnson was brash and naive to want to go along on the World War II bombing mission that won him the Silver Star.

"I thought the guy was nuts," turret gunner Robert Marshall said in an interview Sunday. "Anyone who wanted to fly along on one of those missions had to be out of his mind."

"We thought the man was stupid," tail gunner Harry Baren said. "There were no milk runs those days. We were getting clobbered."

It was early in the Second World War. Johnson, then a young congressman, had been dispatched by President Roosevelt to find out why American bombing missions over the South Pacific were virtually ineffective.

He was at a remote air base near Townesville, Australia, one day when Marshall and Baren were helping prepare their B26 for a mission over New Guinea.

NAVAL RESERVES

Johnson—a lieutenant commander in the Naval Reserves at the time—asked for, and got, permission to make the flight.

He wore his Navy uniform that day because, he told the B26 crew, if the plane was shot down over enemy territory, he would be treated as a prisoner of war, not as a civilian spy.

"There were two things wrong with his thinking," Baren said. "One, on those low-level runs, there weren't any survivors if we were shot down. Two, nobody took prisoners of war in those days—military or civilian."

Despite the young Texan's fallacious thinking, his investigation for President Roosevelt impressed the crew.

RIGHT QUESTIONS

"He came prepared," Baren said. "He asked the right questions. He wasn't out there to just hear himself talk. His questions were pertinent.

Then the president-to-be learned firsthand how it was on one of those early-war missions.

Heading north toward the target, one of his plane's engines conked out. The crippled B26 became a "straggler," easy prey for enemy fighters.

★ ★ ★

Japanese Zeroes spotted the "lame duck" and swarmed in for the kill.

PLANE RIDDLED

"During the battle, I'd swear that if we had had another gun, Johnson would have grabbed it and whaled away at the Zeroes," Baren said. Bullets riddled the plane's fuselage.

The pilot wheeled around and headed back to Australia, ducking into some clouds to lose the attacking fighters.

"If there had been no cloud cover that day," Baren said, "Johnson wouldn't be president today."

★ ★ ★

Two years later, Marshall and Baren learned that the young congressman had been awarded the Silver Star for that aborted mission. None of the crew was honored.

Neither Marshall nor Baren begrudges the President that Silver Star, which adorns his lapel now.

"It was a brave thing he did," Marshall said.

Gemini 9 Craft to Undergo Tests in Preparation for May 17 Shot

CAPE KENNEDY (UPI) — The Gemini 9 spacecraft that will take astronauts Thomas Stafford and Eugene Cernan on an action-paced rendezvous and spacewalk flight faces a string of tests this week to clear the way for launch on May 17.

The capsule was bolted to its Titan 2 rocket yesterday after engineers resolved a problem with a leaky oxygen bottle in Cernan's special maneuvering unit without disrupting the launch schedule.

Tomorrow, the Gemini and its Atlas-Agena rendezvous rocket will be put through a full scale dress rehearsal countdown designed to iron out any snags that might otherwise interrupt the actual countdown.

If the exercise proceeds as planned, the Gemini 9 ship will undergo a day long series of simulated flight tests Wednesday to give all the craft's flight systems a workout.

★ ★ ★

Successful completion of Wednesday's drill will signal the start of final launch preparations. The preliminary "pre-countdown" routine is set to start Saturday.

The twin launches of Gemini 9 and its Atlas-Agena will mark two of five space shots on the schedule for a three week period at the booming spaceport.

The space fireworks get under way Wednesday with the launch of a 495-pound explorer satellite to tell man more about earth's upper atmosphere.

2 Missing Scouts on Canoe Trip in State Are Found

MUSKEGON (UPI) — Two 15-year-old Illinois Boy Scouts who had been missing on a canoe trip since Saturday, were found yesterday on White River.

The Scouts, William Wooster, Westchester, Ill., and Steve Maze, Delwood, Ill., were lost on the canoe trip and pulled over to a bank and waited for someone to come by and find them.

★ ★ ★

The Muskegon County marine deputies, Harold Clover and Bryan Fitzgerald, located the Scouts about 5 miles north of the county line bridge.

The Scouts had been at Camp Douglas and started the canoe trip on the river in Oceana County.

One-Fourth of Mankind

(19) The Giant is Humbled

by Don Oakley and John Lane

Isolation (of China) having come to a violent end by the medium of England, dissolution must follow as surely as that of any mummy . . . brought into contact with the open air.

—Karl Marx

Two factors combined to humble proud China — her refusal to treat Western nations as sovereign equals, and opium.

China's attempts to stamp out the growing trade in the one product Chinese were eager to buy brought her into armed conflict with the British in 1839.

The Anglo-Chinese War, or "Opium War," quickly revealed the superiority of Western arms and the astonishing impotence of the Manchu government.

By the Treaty of Nanking in 1842, four more ports besides Canton were opened; extraterritoriality — the jurisdiction of foreign powers over their own nationals — was recognized; and the "most-favored nation" clause required that any concession granted to one nation was automatically granted to all.

* * *

China attempted to ignore the treaty and, in 1856, Britain and France seized pretexts to launch another war.

SERIES OF TREATIES

A series of treaties in 1858 opened more ports, levied more indemnities, gave Europeans their long-sought diplomatic recognition, the right to travel freely in China and protection for missionaries.

Still China was not reconciled to reality. In 1860, after the Europeans sacked Peking and burned the Summer Palace, China agreed to a new convention widening the provisions of all the others she had been brought by the scruff of the neck to sign.

In 1858, Russia had wrested 185,000 square miles of Manchuria from the beleaguered Manchus.

* * *

In 1860, for using his "influence" with the allies, the czar got an additional 133,000 square miles, including Vladivostok.

FLOODS, FAMINES

In the mid-19th century, not only the Europeans but chronic floods and famines and a phenomenon called the Taiping Rebellion ravaged China.

Launched in 1850 by Hung Hsiu-chuan, who saw visions and called himself the Younger Brother of Christ, it spread rapidly in southern China.

Hung hoped to drive out the Manchus and establish a communistic society (T'ai-p'ing T'ien-kuo, or "Heavenly Kingdom of Great Peace") based on his version of Christianity.

* * *

Not until 1864, after claiming 20 million lives, was the "Great Peace" pacified with the help of a European-trained army.

Thus the West propped up the sagging Manchu dynasty with one hand while rending it asunder with the other.

'Don't Skirt Safety Issue'

LIVERPOOL, England (AP) — A traffic safety expert claims short short skirts and shapely legs are driving hazards.

— A traffic safety expert claims legs are driving hazards.

"A girl with a shapely pair of legs, wearing her skirt four inches above her knees can cause drivers to sneak a look," said Benjmin Kinlay, 59, Liverpool's safety director.

* * *

In a speech to a Liverpool civic organization Friday Kinlay said, "I admire a shapely pair of legs as much as anyone. "I don't want short skirts banned. I want drivers to ignore them."

* * *

Not everyone agreed with the safety expert. Said Helen Baines, 22: "I have been wearing my skirts four inches above the knee for a long time and I don't consider myself a safety hazard."

Passenger Rate at NCA One-a-Day

Outbound patronage last month on North Central Airlines (NCA) flights at Pontiac Municipal Airport equaled the one-passenger-per-day mark.

There were 30 outbound passengers in April, compared to 36 in March and 23 in April, 1965.

Inbound flights last month carried 23 passengers, compared to 19 in March and 24 in April of last year.

Departing NCA flights last month carted 1,857 pounds of air mail, compared to 1,992 in March. Inbound flights brought in 990 pounds of mail in April, down slightly from March's 1,169 pounds.

* * *

There were 472 pounds of air express on outbound flights last month, up from 230 pounds in March. There was no inbound air express.

* * *

Air freight totaled 2,281 pounds on outbound flights in April, compared to 2,640 in March. Inbound freight totaled 14,209 pounds last month to 12,332 pounds in March.

U.S. Turncoat Reported Leaving China

HONG KONG (AP) — One of the last three Korean war turncoats still in Red China is reported on his way home.

Clarence Adams of Memphis, Tenn., failed to arrive at the Hong Kong border today as predicted, but U.S. authorities said he is expected this week.

★ ★ ★

Border sources said Adams was bringing his Chinese wife and two young children.

The other two turncoats still in China are Howard Adams — no relation to Clarence — of Corsicana, Tex., and James Veneris of Hawthorne, Calif.

CHOSE TO STAY

Twenty-one American servicemen chose to stay with their Communist captors at the end of the Korean war. The most recent returnee — Morris Wills of Fort Ann, N.Y., who came out Oct. 19, 1965 — said he expected the remaining three to come out in 1966.

Adams' mother, Gladys Peoples of Memphis, said she had received a letter from Clarence saying the Communists had agreed to let him leave and that he expected to come out about the end of April.

★ ★ ★

Adams was a U.S. Army corporal when the Communists captured him in 1950. The Red Chinese reported last month that he was making broadcasts for Hanoi radio. William C. White, another turncoat who came out last August, said Adams had worked with him in the press section in Peking.

DURHAM, England (AP) — Ian Brady, the moors murderer, has been put in a special security wing at Durham Prison to protect him from other prisoners.

The heavily guarded cell block was used to hold three of Britain's great train robbery gang before they were moved to other prisoners.

★ ★ ★

"The problem with the train robbers was stopping people getting in to free them," a prison official said.

"In Brady's case security is needed to prevent other prisoners taking revenge on him."

★ ★ ★

Brady, a 28-year-old stock clerk, was sentenced to life imprisonment Friday at Chester for the thrill slayings of a 10-year-old girl and boys 12 and 17. Brady's mistress, Myra Hindley, 23, was convicted of murdering the two younger children and also sentenced to life imprisonment. She is at Holloway women's prison in London.

'U.S. Involvement Aiding Clark in Selma Dispute'

SELMA, Ala. (UPI) — Incumbent Sheriff Jim Clark is using federal involvement in the disputed Dallas County sheriff's election to his advantage, a city official said yesterday.

★ ★ ★

The official, who asked not to be identified, said, "We've already had so much unnecessary federal action here that in this case, when it is appropriate, the average man in the state is confused. He just sees more federal intervention."

Clark and former Selma Public Safety Director Wilson Baker are squared off in a dispute over last Tuesday's Democratic primary results in this civil rights hotspot.

A federal court hearing has been scheduled for May 16 at which time the committee must show cause why it should not count the boxes and declare Baker the winner.

★ ★ ★

The city official said he doubted if Negroes would "come out to vote in a runoff like they did in the primary. The Negroes in Dallas County voted Wilson Baker into that office and their botes are not being counted."

★ ★ ★

If a runoff were necessary, he said there would be a substantial "antifederal" vote which would be against Baker.

★ ★ ★

"The Negroes had about a 90 per cent turnout for the primary. They would do that in a runoff, but the whites will sure turn out."

Hunt for Last Victim of Air Tragedy Ends

TOKYO (AP) — A 94-day air-sea search for victims of a Japanese jetliner which plunged into Tokyo Bay with 133 aboard was called off today at the request of the widow of the last missing passenger.

Harue Shinoda, widow of a Tokyo printing firm executive whose body could not be found, told the transportation minister she is certain her husband would not have wished to cause more trouble to so many people.

★ ★ ★

He was aboard the all Nippon airways Boeing 727 which crashed into the murky waters of Tokyo Bay on the night of Feb. 4 as it was making its approach to Tokyo Airport. There were no survivors.
