

Disputes MSU Role in Sleeping Bear Report

TRAVERSE CITY (UP)—Information disputing the role attributed to Michigan State University experts in preparing the economic report on the proposed Sleeping Bear National Seashore was disclosed today by the Traverse City Record-Eagle.

In distributing the economic report the National Park Service

claimed it was "prepared by the staff of the Institute for Community Development and Services, Michigan State University."

The newspaper said, however, it learned today from Charles B. Adrian, director of the MSU Institute, that the report was actually edited by National Park Service (NPS) employees.

The NPS, an arm of the Department of Interior, is one of the chief proponents of nationalizing up to 32,000 acres of scenic land in Leelanau and Benzie counties.

"RESTRICTED ROLE"

In a letter to the Record-Eagle, Adrian said, "Our role has been restricted to answering three questions the park service asked us.

"They could be summarized as follows: What is the current land use pattern in the area; what is its economic base; and what is likely to be the future economic trend."

Adrian said it was on the basis of statistics the institute supplied that "the entire text of the economic report was edited by the

staff of the National Park Service in its Philadelphia office."

3 BOOKLETS ON ISSUE

The report on economic feasibility is one of three booklets on the Sleeping Bear issued this year by the Park Service. The others are a natural history report and a review of the general proposal for the recreational area.

The 45-page economic report emphasizes "the region's greatest assets . . . are its scenic and recreational resources. The future . . . depends upon the planned and orderly development of these resources. This type of planned development would be embodied in the plans for the

proposed Sleeping Bear National Seashore.

Adrian's letter also disputed implications in the booklet that the area is the center of "a clearly declining regional economy."

The MSU expert said the major conclusion with respect to the economy of the Grand Traverse

region, which includes Antrim, Benzie, Kalkaska, Grand Traverse and Leelanau counties, "is not that it has declined but rather that the economy has experienced relatively slow growth . . . if measured by such criteria as per capita income, manufacturing wages, value of land and buildings per farm and per capita retail sales."

They Smile Over Coming Trip

NAMED FOR ORBIT FLIGHT — Astronauts John H. Glenn Jr. (right) and Scott Carpenter chosen in front of a Mercury space capsule at Cape Canaveral, Fla., after Glenn was named to make this country's first manned orbital flight. Carpenter was chosen as his backup pilot.

Canaveral, Fla., after Glenn was named to make this country's first manned orbital flight. Carpenter was chosen as his backup pilot.

Chimp Flight Boosts U.S. Space Program

Astronaut Profiles, P. 11

CAPE CANAVERAL, Fla. (AP) — Heartened by the world-circling space flight of a chimpanzee, the United States picked a man to take the next step up the long, dark stairway to the moon.

But it was Enos, a serious 37½ pound chimp, who paved the way for his whirlwind trip, three around the world Wednesday.

Just 3 hours and 21 minutes after he had ridden an Atlas

the second manned shot. Astronaut Donald B. Slayton, with Astronaut Walter Schirra backing him up.

There is no assurance, however, that the United States will be able to put a man into orbit around the globe this year.

Officials denied any urgency for the flight, suggesting it was not yet decided whether man or animal would ride the next Project Mercury rocket into earth orbit.

But only a day earlier, the National Aeronautics and Space Administration had allotted a contract for the design and construction of a three-man space capsule that could go to the moon.

True, scientists had to bring Enos and his spacecraft to earth

before the intended three orbits of the earth had been completed.

True, difficulties within the spacecraft itself were the reason. But NASA officials emphasized at a news conference later that a man in the spacecraft would have been able to make manual adjustments and finish the third orbit.

It was a remarkable 15 minutes that spelled finish to Enos' flight. As his spacecraft glided over the tracking station at Muehela, Australia, scientists took quick note of disturbing radio reports from the automatic watchdog equipment in the capsule.

There was trouble in the small gas-shooting jets that helped stabilize the craft in its flight. (Continued on Page 2, Col. 4)

U. S., British Delegates Quitting Talks at Geneva

GENEVA (AP)—The top American and British delegates at the nuclear test ban talks have decided to return home Friday but will leave their deputies to continue the deadlocked conference.

Arthur H. Dean of the United States and British Minister of State Joseph Godber came to today's third session of the resumed talks with their minds made up that nothing could be gained by their continued presence.

Officially, Dean is returning to Washington for consultations with the government on the Soviet rejection of any kind of international control machinery.

Godber is returning to New York to resume his post as head of the British delegation at the U.N. Assembly.

The Western side believes the Soviet Union has eliminated any prospect for a disarmament agreement at this time by rejecting the location on its territory of any international machinery to control nuclear weapons testing.

THEY WOULDN'T SAY

Neither American nor British officials would say that the Western delegates' departure resulted from a conviction that the three-year-old negotiations are now doomed to failure in their present form.

Quit Worrying, We'll Be Getting Some Snow Soon

Snow flurries forecast for tonight will set the mood for Christmas shopping. Temperatures will drop to 28 and rise to 38 Friday.

Mostly cloudy and cool is the outlook for tomorrow with more of the same Saturday with little change in temperature.

Morning westerly winds at 3 miles per hour will become easterly 8 to 15 m.p.h. Friday.

The lowest recording in downtown Pontiac preceding 8 a.m. was 30 degrees. The thermometer registered 37 at 2 p.m.

Satellite to Show Up

The Echo I will pop into view at 7:33 p.m. today for residents of the Pontiac area.

Moving in a southeasterly direction, the satellite can be spotted in the south sky.

Said to Be Loosening Up Talk Romney for Governor

Miffed at Johnson, Zorin Leaves Dinner

NEW YORK (AP)—The Soviet ambassador to the United Nations walked out of a humanitarian award dinner Wednesday night after Vice President Lyndon B. Johnson warned the Soviet Union against any attack on Europe.

The ambassador, Valerian A. Zorin, left the dais just after Johnson said "any Soviet attack on Europe would be a most hazardous enterprise."

Zorin's walkout was joined by Luka Kizya, the Ukrainian representative, and Yordan Tchobanov, Bulgaria's ambassador to the U.N., and their wives. The ambassadors of Poland and Yugoslavia did not join Zorin in leaving.

Zorin refused to talk to newsmen in the Hotel Astor ballroom, where 500 guests were assembled to honor Adlai E. Stevenson, U.S. ambassador to the U.N.

Later, at Soviet U.N. mission headquarters, Zorin accused Johnson of "embarrassing" him and making "political" remarks, adding: "At a dinner of a humanitarian function such a statement was out of place."

A spokesman at the brick Red headquarters in Manhattan said that none of the new national officers were available there and would not be available there.

It appeared the real center of Communist operations may have been moved elsewhere.

Official disclosure of the reshuffle followed a report in Wednesday's Chicago American that the executive committee of the party had been reduced to three members in an attempt to keep a dozen others out of prison.

The American identified the three as Chairman Elizabeth Gurley Flynn, National Secretary Benjamin Davis and General Secretary Gus Hall.

But when a reporter asked to see Mrs. Flynn today, a trim young girl in her early twenties who apparently was in charge of the office said: "You cannot assume that she's an officer."

The same girl said by telephone that she could confirm the new executive committee consisted of three members "but I cannot tell you their names."

Romney Offers New Solution to Representation

His Con-Con Proposal Bases Reapportionment on Population Density

LANSING (AP)—A legislative reapportionment proposal based on density or sparsity of population was outlined today to a constitutional convention committee by delegate George Romney, R-Bloomfield Hills.

Romney, a possible Republican candidate for governor, told the committee on legislative organization his plan was based on the principle of representing people, not geographic areas or economic interests.

"Successful representative government depends upon a general consensus among the people as to the soundness and fairness of the basis of legislative representation," he declared, and added: "Re-establishing this in Michigan is a paramount duty of this constitutional convention."

Acknowledging that the major disagreement on apportionment concerns the State Senate, Romney said his proposal was based on the assumption that there is general acceptance of the principle that the House should be established along purely population lines, with gerrymandering eliminated.

Romney said he was opposed to the adoption of a unicameral (one-house) legislature, because the checks and balances arguments outweigh those advanced by the advocates of unicameralism. He added:

"Such a drastic and unproven change would not unite the state in resolving its immediate and pressing problems—and we should make proposals that have greater unity rather than greater division."

EQUAL DISTRICTS

Under Romney's plan, the Senate would consist of not less than (Continued on Page 2, Col. 5)

AMC President Starts Acting Like Candidate

GOP Leaders Hoping He'll Campaign for Top Post in 1962

By GEORGE T. TRUMBULL JR.

A prospective candidate for governor, George W. Romney, is loosening up a bit from past denials that he'd seek the office of Michigan chief executive next year.

Republican party leaders, including several of his fellow constitutional convention delegates from Oakland County, are now openly mentioning the president of American Motors Corp. as their Republican gubernatorial nominee in 1962.

And they speak out with Romney's permission.

Delegate Richard C. Van Dusen, R-Bingham Farms, said: "I would hope that Romney would consider being a candidate for governor in 1962. I think Gov. Swainson is vulnerable."

Van Dusen, 1956 nominee for state attorney general and former state representative, made this statement following Romney's visit Tuesday with State GOP chairman George M. Van Puseum in Lansing.

The hour-long visit was to explain Romney's plan for reapportioning the legislature, before the same plan was explained in detail to the committee on legislative organization this morning.

A broader significance, however, was attached to the Romney-Van Puseum confab.

ROMNEY UNAVAILABLE

Party leaders and Republican delegates to the convention say Romney "is acting more and more like a candidate."

Busy explaining his reapportionment plan, Romney was unavailable for immediate comment.

He may decide by mid-February, it was learned. This would leave the 44-year-old Bloomfield Hills auto executive, with four months in which to get signatures on his nominating petition to meet a June 19 filing deadline.

Romney has insisted for months that, taking first things first, he'd conclude his work as Oakland's at-large delegate and then decide his political future.

Others might be helping him decide.

"It's possible that a committee may be set up without his endorsement to get the ball rolling," said State Sen. Farrell E. Roberts, R-Oakland County. Roberts is an (Continued on Page 2, Col. 2)

The boys are busy cleaning and painting in hopes of having the club back into shape by Christmas. However, he said it will be difficult to replace all the furniture and equipment destroyed in the fire within a month.

The blaze gutted the recreation room and lounge and did extensive smoke damage throughout the building. Fire Marshal Charles E. Metz estimated damages at \$40,000. Ping pong and pool tables, television sets, chairs and couches were destroyed.

Much of the equipment had been donated by generous Pontiac area residents, said Larson. The club had spent nearly \$3,000 for repairs just before the fire occurred, he added.

HELP REPAIR BOYS' CLUB — From left to right, Chuck Nurnberger, 455 Auburn Ave., Charles Anderson, 83 S. Edith St.; Don Benway, 405 Riverside Drive; Dan Farnsworth, 64 S. Ardmore Ave., assist Pontiac Boys' Club Director Cressy Larson clean up the Pontiac Boys' Club.

430 E. Pike St., gutted by an early morning blaze two weeks ago, with a loss estimated at about \$40,000. Plans to resume activities by Christmas are underway but the possibility is dubious. Larson related.

Katanga Troops Halt Invasion

Central Congo Force Pushed Back In Attempt to Cross Border

From Our News Wires
ELISABETHVILLE, Katanga — Katanga troops drove central-congo government "invaders" back from the border of this "independent" province Wednesday after a clash in which 17 men were killed, it was reported today.

Travelers arriving from the border area said 15 Congo soldiers and two Katanga troops were killed in the clash, which occurred on the border of Kivu Province about 20 miles north of the Katanga outpost of Kongo.

Two unidentified white men, presumably officers of the Katanga force, were wounded in the skirmish.

The travelers said the Congo troops, who had crossed the border Tuesday night, were driven back into Kivu by the determined defenders. The area was reported quiet today.

ASTORIAN'S FAMILY — This is the family of John H. Glenn Jr., 40, named as Cape Canaveral, Fla., Wednesday as the first U.S. astronaut to be rocketed into orbit. The picture handed out by NASA at Cape Canaveral Wednesday shows (from left) Glenn's daughter Lynn, 14; his wife, Anna; and his son, Dave, 15.

Mississippi Town Quiet After Negroes Beaten

From Our News Wires
MOBILE, Miss. — An uneasy quiet settled over this Southeast Mississippi railroad today after a gang of white youths attacked five Negroes at a bus station.

One city official, who asked to remain anonymous, said he expects federal marshals to be sent in as they were after racial disorders at Montgomery, Ala.—if another outbreak of violence occurs.

The FBI already has been asked to investigate the attack, according to a bus station.

The five Negroes arrived in New Orleans early this morning and were immediately questioned by FBI agents.

The group then met in a private home to decide whether to return to the bus station.

The Negroes, three youths and two adults, were met at the New Orleans station by a group of friends who sang, "Oh, riders, don't you weep, don't you weep."

They were embraced by friends and then went into a brief huddle with FBI agents before going to a private home to meet and decide on a plan of action.

The five, all members of the Congress of Racial Equality, left Mobile late Wednesday night under heavy police protection.

Their safe departure fulfilled a promise ATty. Gen. Robert Kennedy said to the Justice Department after the attack to see that they were fully protected while they remained in Mobile.

The CORE members' visit to the Mobile bus station came as the city said it would comply with a federal court order that segregation signs outside the station must be removed.

Romney Loosening Up

(Continued From Page One)
enthusiastic backer of Romney, not only for governor in 1962 but also for president in 1964.

Standing in the wings, but doing a little rehearsing, just in case, is another possible candidate, U.S. Rep. Robert P. Griffin, R-Traverse City.

The GOP doesn't desire a primary showdown between Griffin, who sprang to fame by sponsoring the Landrum-Griffin labor reform bill, and Romney.

Griffin, formerly of Pontiac, probably won't make up his mind although he said he is "giving serious consideration" to running until Romney does. And Romney appears bound to wait until the convention ends before he declares his position.

Some began to read between the lines when Romney several weeks ago relinquished the reins as general manager of American Motors to Roy Abernethy, and in effect created a second in command at the auto company.

In a letter to the board he said all inside directors should be asked to resign with the exception of President Lynn A. Townsend. He added he did not regard Townsend qualified to be president.

He also suggested the resignation of directors Louis B. Warren of New York, a partner in Chrysler's law firm, and John T. Trippe, president of Pan American World Airways.

Contractor Attacks Chrysler Directors

DETROIT (AP) — James Bacallif, Portland, Ore., contractor who has announced plans for a proxy fight against Chrysler Corp., notified the auto company today he considers the present directors "thoroughly incapable of rebuilding the company."

In a letter to the board he said all inside directors should be asked to resign with the exception of President Lynn A. Townsend. He added he did not regard Townsend qualified to be president.

He also suggested the resignation of directors Louis B. Warren of New York, a partner in Chrysler's law firm, and John T. Trippe, president of Pan American World Airways.

Romney Proposes Representation Shift

(Continued From Page One)
34 nor more than 38 members. Districts would be substantially equal in population along existing county lines, combining counties when necessary that are contiguous by land.

But he added that it is necessary for the Senate to reflect the density or sparsity of population "for fair representation and effective participation."

Romney said that additional senators should be elected in districts of population equality to provide for such effective participation.

"Because Michigan will continue to experience changes in population magnitude and relative density or sparsity, it is essential that the basis of Senate apportionment be flexible and subject to periodic adjustment," he said.

Extra factors for the sparsity factor, he said, would give people in thinly populated districts covering several counties a chance to meet their lawmakers while at the same time cutting down on the area to be covered.

Romney said the constitution should insure prompt reapportionment of both the House and Senate at regular intervals.

"It is to be done by the Legislature," he said. "It is proposed that its members be made responsible for reapportionment and be directly penalized if they do not act as provided for in the constitution."

"It shall be their duty to redistrict both houses at the first district session following the availability of decennial census figures."

"If they fail to comply, none of the members of the Legislature shall be eligible for reelection as members of that body at the following election."

Would Open Books to Any State Citizen

LANSING (AP) — Any Michigan citizen would be able to examine and copy all public records, whether he had any special interest in them or not — under a proposal before the constitutional convention today.

The right of examination would be "subject only to such reasonable limitations and exceptions as may be provided for by statute or court rule," the proposal said.

It was placed in the convention hopper Wednesday by delegate Eugene G. Wenger, R-Lansing.

The proposal defined public records as including "all writings and records which are filed in any governmental office or made and kept by any governmental official or employee in the performance of duty—whether required by law or not."

CHICAGO (AP) — Unemployment, the major welfare problem of the 1930s, now causes only about one-fourth of the public assistance cases, a government official reports.

Wilbur J. Cohen, assistant secretary of health, education and welfare, told the American Public Welfare Association Wednesday that three-fourths of today's public welfare cases involve persons whose dependency is caused by problems much more complicated than unemployment.

Therefore, they require much more extensive rehabilitative services," he said. He added that the shift in emphasis in public welfare toward rehabilitative services appears to have won enthusiastic response from the American public.

Jobless Only Part of Welfare Problem

CHICAGO (AP) — Unemployment, the major welfare problem of the 1930s, now causes only about one-fourth of the public assistance cases, a government official reports.

Wilbur J. Cohen, assistant secretary of health, education and welfare, told the American Public Welfare Association Wednesday that three-fourths of today's public welfare cases involve persons whose dependency is caused by problems much more complicated than unemployment.

Therefore, they require much more extensive rehabilitative services," he said. He added that the shift in emphasis in public welfare toward rehabilitative services appears to have won enthusiastic response from the American public.

Car Production This Week Tops in Almost 2 Years

DETROIT (AP) — Passenger car production this week will be the highest in almost two years, Automotive News reported today.

The trade paper estimated output at 164,000 cars, the most since 161,277 were built in the week of Feb. 6, 1960.

Total output for the month was estimated at 649,560, the best for any month since February 1960. Last week 124,374 cars were built and in the comparable week of 1960 the total was 133,480.

Truck production was estimated at 26,115 units this week compared with 21,581 last week and 22,972 last year.

Managers Laud Walter Willman

Florida Conventions Give Retiring City Man a Service Plaque

Retiring Pontiac City Manager Walter K. Willman was honored by fellow city managers last night at the closing banquet of the 45th annual conference of the International City Managers' Association in Miami Beach.

Willman was one of the 12 ICMA presidents singled out for recognition and one of 21 city managers honored for more than 20 years service.

He was presented a plaque in recognition of "distinguished service to the city manager profession." ICMA directors, of which Willman is one, elected him for "41 years of continual public service, 38 years as city manager and a past president of the ICMA, who has attended 21 annual conferences."

Willman is currently third in seniority in the association. Two other managers have 39 years service.

Now in the last month of a long career, Willman was given a standing ovation. One of the record 572 managers applauding was Willman's successor, Robert A. Stier, assistant city manager, attending his first ICMA conference.

Willman was also selected to give the gavel to outgoing ICMA President Woodbury Brackett of Auburn, Maine. Oak Park City Manager Virgil Knowles was elected Midwest regional vice president.

The new ICMA president is Elder G. J. Ginter, city manager of Des Moines, Iowa. More than 1,100 persons attended the conference at the Hotel Fontainebleau.

The Day in Birmingham

Beverly Hills Residents Get Library Rates Cut

BIRMINGHAM — Beverly Hills residents tomorrow can start taking advantage of the Baldwin Public Library services at a drastically reduced rate for nonresidents of Birmingham.

The lower cost is a result of an agreement with village officials and the library board.

To be eligible for the city library service, Beverly Hills residents will have to obtain a family permit from the village hall for \$5.

This annual fee will replace the former cost of \$14.34 to village residents; the same fee charged other nonresidents for use of the library.

Refunds to some 250 Beverly Hills residents holding the old family permits is expected to be made by the library on a prorated basis.

The refunds will be made upon application at the library. Total refunds are not expected to exceed \$1,000.

Beverly Hills is the first area community to sign a contract with the library board. The nonresident

policy will be discontinued by the library by July 1964.

By that time library board hopes to come to terms on contracts with other area communities on a plan similar to that offered Beverly Hills.

Beverly Hills last week paid its first contract fee of \$4,735 to cover the period beginning tomorrow and ending July 1, 1962.

After that date the fee charged the village will be on a percentage of use factor of the library by village residents.

The Birmingham Young Adult Club of the YMCA will meet at the Y building at 7 p. m. tomorrow to join in a group to the Vanguard Theater to see "The Little Foxes."

All single men and women 21 years old and over are invited to join the organization.

On Dec. 15, the group will meet at the "Y" building at 7 p. m. to go Christmas caroling.

Mrs. George Christensen, Service for Mrs. George (Sarah) Christensen, 64, of 5535 Suncrest Drive, will be 3 p. m. Saturday at the Manly Bailey Funeral Home. Burial will be in Holy Sepulchre Cemetery, West Bloomfield Township.

Mrs. Christensen died yesterday at Pontiac Osteopathic Hospital, Pontiac, after a long illness.

Surviving besides her husband are two brothers, Walter McCormack of Birmingham and Richard McCormack of Hale.

Mrs. Rolfe D. Bell, A Requiem Mass for Mrs. Rolfe D. (Carol) Bell of 2223 W. Lincoln Ave., will be said 11:30 a. m. Saturday at Holy Name Church. Burial will be in Holy Sepulchre Cemetery, Southfield.

Mrs. Bell died yesterday at St. Joseph's Mercy Hospital, Pontiac, following a long illness.

She had resided in Birmingham 33 years.

Surviving besides her husband are a son, Raymond A. of Cleveland, Ohio; four sisters and two brothers.

A Rosary will be said 8 p. m. tomorrow at the Manly Bailey Funeral Home.

Selected Head of Commission

Pontiac Federal Savings Chief New Chairman of Metropolitan Authority

R. Clare Cummings, president of the Pontiac Federal Savings & Loan Association, has been elected chairman of the Huron-Clinton Metropolitan Authority's board of commissioners.

Cummings, an Oakland County representative since 1945, has served as both vice chairman and chairman.

His other activities include membership on the Oakland County Board of Supervisors for the past 34 years, the county board of education, and the county planning commission.

In addition, he has been a past president of the Pontiac Chamber of Commerce and chairman of the Pontiac United Fund Campaign 1951. He is now a member of the executive Board of the Clinton Valley Council, Boy Scouts of the United States of America.

Cummings will serve as chairman of the park agency's board to June, 1962. Members of the board are appointed by each of the counties in the area, Livingston, Macomb, Washtenaw, Wayne and Oakland and serve without salary.

Cummings lives at 205 E. Irons Road.

Sam Rayburn Estate Left to Kin, Library

BONHAM, Tex. (AP) — Nearly all the estate left by House Speaker Sam Rayburn will go to two sisters, a brother and the library he established.

Value of the property wasn't estimated in the will, filed for probate here Tuesday.

Rayburn, 79, died of cancer Nov. 16.

Virtually all the estate eventually will be turned over to the Sam Rayburn Library Foundation, which operates the library he built here.

Prepared Frogs Start Things Jumping in Lab

TUCSON — Things were really jumping in the biology lab at Pueblo High School.

Teacher Clayburn Hitchcock was

opening a shipment of "prepared" frogs to be dissected when the lid popped off. Inside were 288 live and bouncing frogs.

About one-half the U. S. wood harvest comes from privately owned lands.

Bandit Forces Victim to Clean Windshield

ATLANTA — A bandit with a dirty windshield held up a service station and got away with more than \$15.

The robber asked the time, ordered gasoline and then told the attendant to hand over the station's money, \$15 in bills plus some change. But he wasn't through yet. He told the attendant to clean the windshield of the car. When that was done, he drove away.

Farmers Should Know Where You Bean?

COLLEGE STATION, TEX. (UPI) — Bean farmers must watch what company their plants keep to help control bean mosaic diseases.

spread by aphids, the Texas A&M College extension service says.

Extension plant pathologist Harlan Smith says planting beans away from clover or gladiolus helps cut down infestation by aphids.

Conn. Church Started by Southern Baptists

HARTFORD, Conn. (UPI) — The first Southern Baptist church in Connecticut has been organized here with 51 charter members.

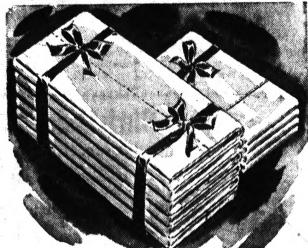

The congregation was formed during 23 months of missionary activity.

The Southern Baptists report they have organized 12 churches and 21 missions in the northeast since 1959.

Should Parents Explain Nuclear War Threats?

Should children know of the nuclear threat? This is a question often posed which is difficult to answer, and one to which we have given considerable thought.

Most children have learned in school or at home a general smattering of the international situation. Also, they have some idea of the type of weapons which might be used and the effects of these weapons on humans.

It strikes us that this is quite a burden for youngsters to carry around and into their dreams at night. Some parents say, "They are not responsible for the peril. They can do nothing about it. Why kill the joys of childhood with such terrible knowledge?"

Most of us shudder when we think of the bogeyman-type dreams of our childhood. For youngsters to dream unpleasant dreams because of the possibility of nuclear attack is too bad.

Yet, the parental urge to protect its offspring is commendable. Certainly, this era has produced bad dreams to surpass all the bad dreams of history.

We have a superabundance of communication in this country. Children are bound to pick up some knowledge of their own. So it is just as well to fill in the gaps to the limit of their understanding.

It seems entirely possible that today's adults will pass the cold war along to their children. This is a horrible legacy, to be sure, but one they must be prepared to handle should it come to pass.

We have a responsibility to them and to our country. Children can be very perceptive, too, probably because they think in simpler and more direct terms than do adults.

We must face the facts and pray for the best.

Area Has Perfect Setup for Outdoor Recreation

All that's necessary to make this our biggest outdoor recreational winter is the cooperation of the weather. We're ready and waiting.

Our hills have been converted into the greatest concentration of skiing activities in Michigan — perhaps the entire Nation.

Other areas may have higher hills, but their development is scattered, and they are not as close to such a large population.

Nor do they have such an equipment to combat that nemesis occasioned by lack of the natural skiing base, the snow making machines.

Nor do they have such a good series of power lifts, which takes the work out of the sport.

Nor can they be easily reached by extra lane paved highways.

The capital investment in promoting the facilities for this exhilarating and health building outdoor sport within 20 miles of Pontiac in the last five years approaches a million dollars.

The exploding fad has seen many improvements here during the warm period this year in preparation for the crowds that will come when the weather warrants.

Tobogganing, ice skating, ice boating and other winter sports also are coming into their own.

Hills that for decades were considered to be worthless are now joining our lakes as valuable community assets.

Our pioneers regarded these lakes as worse than worthless, as

they occupy what might be good agriculture land. Look at these lakes now.

The Pontiac area was richly blessed by nature, even if sometimes it has been left for the passing years to find it out.

AN H-BOMB dropped now on any sizable city in the eastern hemisphere would more than likely kill at least one junketing member of the U.S. Congress.

The Man About Town

Few Deer Coming And Many Are Secured in Quite Unusual Locations

Snow: What they've already had a lot of in Texas.

After helping to get out The Pontiac Press for many years,

Ray B. Wilcox retired to an Oakland County location about 20 miles northwest of Pontiac—and he raises deer. They're frequently seen around his premises, and graze on its production. He bagged one right at home the other day, after falling asleep there.

Getting the venison scraps for several years, the family dog of Mr. and Mrs. Roger Fuerth of Lake Orion has learned to join in the anticipations of his master's going north for the hunt, and has wagged his tail and jumped around as the trophy was returned. This year Roger didn't get his buck and the dog has sulked and refuses to eat as usual since his return.

Last year, when he didn't get a deer in the north,

Jack Penrose of Holly returned home and shot one near the Detroit girls' camp in the Webber Woods on the shore of Rattlesnake Lake. This year he repeated the thing in every detail, as to going north, returning empty handed, and shooting a fine spikehorn at the very place he did in 1960.

There's a real sporting argument in the home of

Mr. and Mrs. Elmer Fausley of Clarkston. They were hunting together near Manton and just as they arrived there, saw a deer at the same time, and both fired. The deer was killed, both shots reaching a fatal spot. In six more days, neither saw another deer. Who's the family champion?

There's some cynicism and a lot of truth in a letter from

Berkley Fallsworth of Birmingham, who asserts that most of this "recession" talk comes from the unemployed who never could qualify for a regular job, anyway.

A good suggestion to kill off a growing nuisance comes from

Clifford Griffey of Rochester. The prepaid return envelope in our mail usually is just common, ordinary sucker bait. It now also is invading the magazine pages in the shape of pull-outs. Mr. Griffey's suggestion is that we'd return all of them empty, the postage expense might induce the parties to switch over to newspaper advertising.

For several years this column has received a Santa Claus letter over the child's written signature of

"Betty Lou," asking that the good people on Iroquois Road be remembered. This year it is typewritten, and Betty Lou says she's now a big girl, but still believes there's a Santa Claus and that everybody who lives on Iroquois is his friend.

A warning to all good sports is sent out by

Elmer Langforth of Cass Lake. It is to keep a close watch as ice forms on the lakes, and rescue any wild fowl whose wings have been frozen to it so they cannot get away.

Wondering if any Pontiac area residents can recollect an autumn when the ground wasn't frozen "even a little bit" at this date is

Harry Forbeson of Keego Harbor, who says the angleworms are still at its surface.

Verbal Orchids to—

Arthur Amesworth of Waterford, 82nd birthday.

Mrs. Pearl Buntington of Keego Harbor, 82nd birthday.

Mr. and Mrs. Edna Payne of Lapeer, golden wedding.

Charles Blasbilly of Snover, 62nd birthday.

'It's Insurance—It'll Take Care of Things After You're Gone'

David Lawrence Says:

JFK Interview Could Be Harmful

WASHINGTON—There are gains and there are losses for the United States in the forum of world opinion as a result of the published interview between President Kennedy and Khrushchev's son-in-law, who is the editor of one of Moscow's newspapers. On balance, it was a grave error for the President to have granted the interview, and, in the long run, it can do more harm than good to the cause of freedom in the world.

LAWRENCE

Aside from the fact that the Soviet editor inserted a significant sentence that wasn't in the original interview as it actually took place—and thus deprived President Kennedy of the opportunity to rectify the insult to the United States and his predecessor in the White House—the exchange of views revealed a retreat in diplomacy and in the negotiating position of the American government as it struggles for the support of world opinion.

This goes to the heart of a vital issue—the right of peoples to determine their own destiny. Unfortunately, Kennedy conceded that, as long as the Soviet government wants to prevent the reunification of Germany, the United States will accept that situation.

This unnecessary concession will dash the hopes of the German people and indicate to the world that the United States accepts indefinitely Communist domination not only of East Germany, but of Hungary, Rumania, Poland, Bulgaria, Czechoslovakia, and of the other captive nations of Europe and Asia. Kennedy's view on this all-important issue was expressed in these words:

"Now we recognize that today the Soviet Union does not intend to permit reunification, and that as long as the Soviet Union has that policy Germany will not be reunified."

"PROVIDE FREE CHOICE" President Kennedy said, to be sure, that the Yalta agreement and Potsdam agreement "provided for a free choice for the peoples of Eastern Europe," and that "they do not, in our opinion, today have a free choice." A little later on in the interview, however, while reaffirming the legal point that the United States "does not recognize the division of Germany," the President, for a second time during the discussion with the Russian editor, indicated that America is content to let the situation drift on indefinitely while the Communists hold fast their position in Eastern Europe. The President said:

"I recognize that there are going to be two Germanys as long as the Soviet Union believes that that is in her interest."

In 19th century textbooks, the medical authorities described the symptoms of tetanus in one chapter and the symptoms of rabies in another, and it is difficult to distinguish the one from the other without referring to the chapter heading.

Leading physicians, health officers, even as recently as 15 or 20 years ago, insisted on a first aid measure for dog bite that is now condemned as malpractice—cauterization of the wound.

The reason no competent physician or surgeon can countenance such maltreatment in any circumstance is simply that the scar tissue produced by cauterizing may cover tetanus germs and give them a chance to multiply in the wound and manufacture their deadly

The Country Parson

CRANE

"We shouldn't feed the hungry to keep them from revolting against us—but because they are hungry."

Voice of the People:

Fumes From Automobiles Disturb Apartment Tenant

Behind the Union Court apartments is a high retaining wall, at the top of which is a large garage where residents of Victory Court keep their cars.

Every morning these residents, all good law-abiding citizens, start their motors and let them run for 5 to 15 minutes before driving away. Consequently all the apartment residents are subjected to enormous dosages of carbon monoxide, particularly the basement residents.

This sort of thing is repeated all over the city. Needless pollution should be stopped!

Give Different Views on Reading List

Open discussion on required and recommended reading in our schools is overdue. Many parents and students have strenuously objected to having to read material filled with degraded morality. If required this is a violation of personal rights.

Declining morality ought to teach that we need to do—by high school age, kids' evaluations have taken a definite trend. They know that we don't learn morality from a work of fiction.

The realism of the Bible in describing certain sins is never in a condoning or acceptable sense. Therefore, God's word to man, is not on the same plane.

Even this great fact is not to be forced upon anyone but is graciously offered by God to all. May we attempt to be as gracious to one another?

Kyle Wilson Minister, Youth and Music First Baptist Church 34 Oakland Ave.

As Christian parents we are on the side of protest over the reading material in the high school. It was not Pastor Somers' intention, nor would he be sure to have these books banned, but put on a voluntary basis.

Pauline Williams 133 West Colgate St.

None of us is powerful enough to prevent our children from observing some of the unpleasantness and unsavory slanders. We can influence the way they regard these things. Whether we can teach them by our own example to see, or meaningful words rather than their easy and cheap imitations is pretty much up to us.

Rose Cain Mrs. Louis H. Landau Oak Park

'Drinking Drivers Cause Accidents'

In answer to the letter regarding keeping beer victims off our highways, I doubt if it's heart victims who are causing our accidents. A heart patient has enough warning to get off the road. The real problem is our alcoholic drivers.

Mrs. Leonard Shale 339 Fourth Ave.

'Holiday Color Page Was Fine Job'

The Thanksgiving picture on the front of Wednesday's Press was one of the finest color printing jobs I ever saw in a newspaper or magazine. Your color work is always much better than I see in outside newspapers.

I. R.

Case Records of a Psychologist:

Closely Knit Family Life Is Vital

A dandy 35-acre lake, about 60 feet deep, is well-stocked with fish. It offers boating, too. And there is a large swimming pool, plus a wading pool.

If Junior wants to fish with Daddy, they can both do so. Society even include Mother and the toddlers. The latter can sit and drag their bare feet in the water.

Family life is much greater when children can be with their parents during a gala holiday experience.

Although it is desirable to send every child to a church camp or Scout camp alone for a week, it is necessary to return to all family recreation.

Some 50 years ago, America was a nation of families. Daddy took the kids out to the fields with him. The toddlers sat in the feed boxes on the back end of the hay rigging.

And when the hay was loaded, then Daddy helped the children climb atop that lanky perch and ride home with him.

On Sunday, they all climbed into the wagon or surrey and headed to town for church.

On rare occasions, as when a circus came to the county seat, they prepared odors of food and rode by wagon the intervening 15 miles to see the circus.

Nowadays, there is a dangerous omission of that togetherness even in our best families.

Yet a unified, cooperating family is the very foundation stone of a good, sane and happy society, as well as this Republic. Fractured families, like frac-

CRANE

Many working employees of Cincinnati from also had their families spend a week at this camp with daddy driving the intervening 20 miles each evening to be with them.

It is much cheaper and more wholesome than hectic long auto trips to distant points.

Blasts Army Handling of 32nd Division

MILWAUKEE, Wis. (AP)—Rep. Alvin O'Konski, who for 10 consecutive terms has represented Wisconsin's largest congressional district in the House of Representatives, is a man of many words—most of them critical.

Herbert Smith, announced Wednesday he would withdraw to Wisconsin "to report to the people."

"The boys have been completely muzzled," said O'Konski, a member of the Military Affairs Committee. "Because of threats of court-martial any further visits by anyone to Ft. Lewis would be useless." O'Konski made his comments in a phone interview. He has no record of military service.

Grand Haven Benefactor Dies in Hospital at 66

GRAND HAVEN (AP)—William R. Loutit, 66, long a prominent civic benefactor and a charter member of the Grand Haven City Planning Commission, died Wednesday at Municipal Hospital. He was 66.

Loutit was the son of the late William H. Loutit, a former Grand Haven mayor and one-time chairman of the Michigan Conservation Commission.

A recent resident of Spring Lake, Loutit resigned his 12-year city job and after a dispute with local authorities including Maj. Gen.

taxation over some allegedly unreported income in the mid-1940s. The latter dispute is the only one of court-martial any further visits by anyone to Ft. Lewis would be useless." O'Konski made his comments in a phone interview. He has no record of military service.

Shirley Lubbers Named Allegan Juvenile Officer

ALLEGAN (AP)—Gov. Swainson Wednesday announced the appointment of Shirley Lubbers as Allegan County juvenile officer and the reappointment of Robert E. Schmeling of Escanaba, to the state board of registration for foresters.

Miss Lubbers succeeds Mrs. Patricia Miller, who has resigned. Schmeling's appointment, for a term expiring Oct. 15, 1962, requires Senate confirmation.

cause the GOP was a solid third politically in his district and was glad to see anyone venture forth in party label.

HOLDS BIG LEAD

O'Konski not only demolished the grip that the La Follette Progressives once had on the area, he has continued to win by 2-1 margins as a nominal Republican while Democrats built up the same kind of margin on most other offices.

In his only recent bid for elective office, O'Konski ran in the 1957 primary free-for-all seeking a successor for the late Sen. Joseph R. McCarthy. Early returns from the 10th District gave him a startling if brief lead over the field.

When the lead faded, O'Konski bemoaned at newsmen and said, "Well, I sure scared hell out of them for a while."

A figure of impressive grooming, O'Konski has a frankly admitted vanity about his age, which despite his unlined face and coal black hair is probably a touch over 60. He lists no hirdrate in his formal biographies, and he still uses a campaign picture from his first term to fill requests.

Santa Given a Scolding but Holds No Grudge

BINGHAMTON, N. Y. (AP)—While Santa and the kids rode around in his sled, the loudspeaker blared "Merry Christmas, Ho, Ho, Ho."

When the lead faded, O'Konski bemoaned at newsmen and said, "Well, I sure scared hell out of them for a while."

"The jurors in the courthouse can't rightly judge," Santa toned down and held no grudge.

FREJUS, France (AP)—An automobile moved down a 45-man column of soldiers marching along the highway Wednesday, injuring 15. Nineteen were reported in serious condition.

The soldiers were marching three abreast from a military camp to Frejus, where they were to embark on a train for Le Havre to sail for French Caribbean island service. Ambulances brought the injured to a hospital here.

Officials declined to say whether the driver of the car was being held.

Peace-Seekers Riot

PARIS (AP)—Several hundred demonstrators surged through the streets around the City Hall Wednesday night shouting for peace in Algeria, but were clubbed and dispersed by police.

45 French Soldiers Mowed Down by Car

Baby Girl Born at City Hall in East Lansing

EAST LANSING (AP)—An 8-pound girl was born in front of the East Lansing City Hall early Wednesday morning with firemen giving an assist.

Roberto Sancho was driving his expectant wife to the Lansing General Hospital around 2:30 a.m. when he realized he'd never make it in time. Sancho parked by the city hall and ran in to ask help from firemen, housed in the same building.

When Sgt. John Cain and fireman George Mills responded, Mrs. Marie Sancho had already given birth and was holding the baby in her arms. The firemen gave emergency treatment and helped rush mother and daughter to the hospital, where both were reported doing fine.

An Alaska bull moose may weigh up to 1,800 pounds.

NEW NYU PRESIDENT —
Dr. James McNaughton Hester
has been named president of
New York University. Hester,
37, dean of NYU's graduate
school of arts and sciences, is
the youngest president in the
school's 130-year history.

E. Reich Builds More Barriers

Berlin Border Covered
With New Fences and
Watch Towers

BERLIN (UPI) — East German
Communists today erected new
barriers and watch towers on the
Berlin border, West Berlin police
reported.

They cut historic Unter Den
Linden in two by building a new
fence from one side of the broad
boulevard to the other, even
across the sidewalks.

The fence made it impossible for
East Berliners to walk past Wil-
helmstrasse to Brandenburg Gate
on the east-west city border 100
yards away at the end of Unter
den Linden.

Communist police drove 3-foot
high iron bars into the pavement
and erected a 9-foot high barbed
wire barricade behind the iron
fence.

The new barricade reinforced a
tank-proof, semicircular, 8-foot
high concrete wall built on the
western side of Brandenburg
gate last week.

The concrete wall barred entry
to the gate area from the west.
The new fence cut off the gate area
from the east.

On the border of the American
sector of Berlin and the Soviet
zone of Germany, 25 engineers of
the East Germany army built iron
fences across sidewalks leading to
the Glienicke Bridge. The road
was not blocked.

'Grand Old Opry' Shakes Rattlers at Carnegie Hall

NEW YORK (AP)—Staid old
Carnegie Hall resounded Wednes-
day night with "Grand Old Opry."
—Nashville, Tenn., style—and a
sell-out crowd clapped its ap-
proval.

It was the first New York ap-
pearance of the troupe from
Nashville's radio station WSM,
and the performance was for the
benefit of the local musicians aid
society.

The hall was kept jumping with
harp ballads, hillbilly stomping,
clog dancing, and fast and furious
fiddling.

Moms Win Rerouting of Bus From Bridge

POUGHKEEPSIE, N. Y. (AP)—
A group of mothers won a bat-
tle Wednesday against use of an
old wooden bridge on a school
bus route.

Since Monday, the mothers have
gone to the bridge each day, tak-
ing their children off the bus and
walked them across. They con-
tended the iron-shouldered wood-
en-planked bridge across Wap-
pinger Creek is unsafe.

The Board of Education de-
ferred to the mothers Wednesday
with a decision to reroute the bus
several miles out of its way.

The board wouldn't cross the
bridge is unsafe but concluded the
whole affair was emotionally dis-
tressing to the children, especially
those whose mothers didn't walk
them across.

Astronaut Glenn Lists 159 Flying Missions

By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP)—

Astronaut John H. Glenn Jr. and Donald K. Slayton, selected to make the first two U.S. round-the-world orbit flights, consider their experience as combat and test pilots will be invaluable in space.

"Experience in dangerous and unexpected situations is even more valuable than good conditioning," says Glenn. "If you have successfully controlled your airplane in an emergency, or dealt with an enemy pilot whose objective is to destroy you, your chances of making the proper decision next time are increased."

"The space traveler, alone where no one has been before, will need a confidence only experience can give him."

A BALMY ENGINE

"Man hasn't built a machine yet that didn't turn balky and troublesome at some point," remarks Slayton. "In test flying, these troubles can arise on an instant's notice. One moment you are putting the ship through a routine maneuver, the next thing you know you have snapped into a dangerous spin. You must be

prepared for any emergency."

"This ability to react quickly played an important part in our unexpected crises certainly selection as Mercury astronauts."

Glenn was named Wednesday to make the first trip. This could come in a few weeks, depending on evaluation of data from Wednesday's two-orbit mission of Enos the space chimp. Astronaut Malcolm Carpenter will be backup pilot.

Slayton will make the second globe-girdling flight, probably two or three months after Glenn. His

backup is Walter Schirra.

At 40, Glenn is considered the "old man" of the astronauts. A Marine lieutenant colonel, he was the alternate pilot on the suborbital space trips of Alan B. Shepard Jr. and Virgil I. Grissom.

GLENN'S 159 MISSIONS

Glenn flew 59 fighter-bomber missions in the Pacific in World War II and 100 missions in Korea, running down three Communist MIGs in the last nine days of fighting. His awards include five Distinguished Flying Crosses and an Air Medal with 15 clusters.

He and his wife, Anna, both

from New Concord, Ohio, now live in Arlington, Va., with their children, David 15, and Carolyn 14.

Mrs. Glenn said in Arlington that she is "quite happy and proud" of her husband's selection. She said she and the children have great confidence in Project Mercury and are "looking forward" to the orbit shot.

Marjorie Slayton is equally excited about the prospect of her husband becoming one of the pioneers of space flight, but she said Glenn's flight is the No. 1 consideration now.

"We are all behind John's shot," she commented at her home in Newport News, Va. "When we get that off, we'll concentrate on Don's shot."

Slayton, 36, an Air Force major, is a native of Sparta, Wis. During World War II he flew 56 medium bomber combat missions in Europe and seven over Japan.

After the war he carried a degree in aeronautical engineering at the University of Minnesota. He was recalled to active duty in 1951 and later became a crack Air Force test pilot. He has 3,400

hours of flight time, 2,000 in jet. The Slaytons have been married 6½ years. They met in Germany when Slayton was stationed there and Marjorie was a U.S. civil employee. They have a 4-year-old son, Kent.

Report Radioactivity

HONG KONG (UPI)—Tests of commercial planes flying Pacific route to Kaitak show some contamination of outside surfaces but none inside, a government announcement said Wednesday. It said there was nothing to suggest danger from radioactivity here.

AP Photos

TOURNAMENT QUEEN—Martha Sissell, 18, will reign as Queen of the 1962 Tournament of Roses at Pasadena, Calif., on New Year's Day. She is 5 feet 7, weighs 125 pounds, has brown hair and brown eyes. She is a freshman at Pasadena City College and hopes to become a psychologist.

New Missile Labor Peace Splitting Over Job Rights

BAL HARBOUR, Fla. (AP)—

Continued feuding over job rights between rival AFL-CIO union groups raised a threat today to the uneasy labor peace arranged by the government at the nation's missile base.

Building trades unions meeting

In convention here accused industrial unions of conspiring with missile manufacturers in pirating jobs claimed by the building craftsmen.

Beyond this, however, was a charge voiced privately but not as yet publicly by labor unions that defense agencies are taking advantage of a no-strike pledge to award considerably more missile contracts to non-union firms. What has happened is that the unions were faced with U.S. Senate committee charges earlier this year that they were gouging missile contractors by frequent strikes and excessive overtime.

CREEPING UP AGAIN This resulted in the government arranged no-strike pledge. Since then, missile work time losses due to labor stoppages have declined drastically, but gradually

have been increasing again month by month.

One of the irritants, besides the continuing job rights scrapping between rival unions, is that more nonunion firms have been bidding and receiving portions of missile contracts. Before the no-strike pledge, when nonunion bidders faced probable boycotts from other contractors on the same project, they generally steered clear of seeking shares of missile work.

Pentagon officials concede that a larger proportion of missile work is going nonunion since the no-strike pledge. But they say they have no other choice than to award work to lowest bidders. Previously, the non-union bidders were handicapped in appraising costs of possible labor difficulties.

Jet Plane Plant Still Up in Air

Lear Tells Swainson He Prefers Assembly at Willow Run

LANSING (AP)—The answer to whether or not Michigan will get a new jet plane assembly plant is still up in the air.

William P. Lear Sr., chairman of the board of Lear, Inc., of Grand Rapids, conferred here Wednesday with Gov. Swainson and said he would prefer to locate his new plant at Willow Run.

He talked today with University of Michigan President Harlan Hatcher at Ann Arbor "to see what they could offer there."

"A lot depends on what facilities will be available at Willow Run," Lear said. "We need an airport we can operate jets out of at night or day, regardless of weather conditions."

Lear said he also wanted to determine if the U. of M. research would be helpful in the subsonic (below the speed of sound) areas.

After his meeting with Hatcher, Lear said, he is flying to Washington, D. C., to discuss the possible military use of his plane with Defense Department officials.

If he locates in Michigan, Lear said, the probable annual payroll would be around \$5 million a year at first if it is sold only as a business or industrial plant. If it is sold to the government as a military plant, he said, the payroll would be \$25 million a year and up.

N.J. Turnpike Counts Cars by the Millions

NEW BRUNSWICK, N. J. (AP)—The New Jersey turnpike is 10 years old and an unequalled success.

When sections of the 118-mile north-south toll road were opened in 1951, the engineers predicted that 30 million vehicles a year would cross the superhighway by 1961.

The 30 million milestone was passed in 1958 and an estimated 52 million vehicles will use the road this year.

Since the turnpike was opened, more than 330 million cars, buses and trucks have transported over 800 million persons across the highway, the N. J. Turnpike Authority estimated today.

France to Honor Jackie

PARIS (UPI)—Mrs. Jacqueline Kennedy will receive an award Dec. 9 from the Committee for the Prestige of France for being of French descent and a "true friend" of the country, the committee announced Wednesday.

Minutemen Groups Starting Up in South

GREENWOOD, Miss. (AP)—"Minutemen" organizations are being formed throughout the South to meet integration attempts, says a Mississippi Citizens Council leader.

Robert B. Patterson, executive secretary of the Association of Citizens Councils in Mississippi called the community level groups "a nonviolent counteraction to the organized nonviolent lawbreakers."

"Their purpose is to peacefully assemble on short notice at any given point within their community to demonstrate a citizens protest against any invasion of our institutions," he said.

Leaves Dominican Coast

JACKSONVILLE, Fla. (UPI)—The aircraft carrier Franklin D. Roosevelt returns to the Mayport Station today from a classified mission off the coast of the Dominican Republic, the Navy said Wednesday.

Two-for-One Shot Bags Hunter \$200—in Court Fines

OGDEN, Utah (AP)—"I'm not sure I accept your statement," said Federal Judge A. Sherman Christensen to hunter Dayton V. Christensen.

That was just after hunter Christensen, charged with possessing two geese in violation of federal law, told Judge Christensen that the birds had somehow been bagged with one shot.

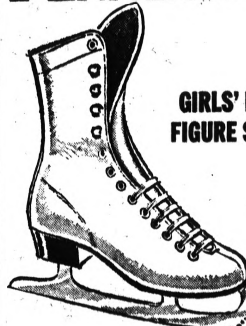

The judge fined the hunter \$200 and added 30 days in jail. The jail term was stayed until the arresting game warden can come to court and discuss the probabilities of a two-for-one shot.

New System Steers Titan 5,000 Miles

CAPE CANAVERAL, Fla. (AP)—A Titan missile steered by a new inertial guidance system successfully flew a 5,000-mile course Wednesday night.

The guidance is being developed for the more powerful Titan II missile, which will begin test flights here early next year. It is contained entirely within the missile and requires no post-launch direction from the ground as does the radio-command guidance used on the earlier Titan I.

New Slow Submarine to Explore Inner Space

By BOB CONSIDINE
GROTON, Conn. — We know a lot more about outer space than we do about inner space. So the U.S. Navy, the Electric Boat Division of General Dynamics, and the Reynolds Metal Co., are doing something constructive to eradicate the profound ignorance.

At a cost of \$2 million, to be borne largely by Reynolds, this fabbed shipyard is building the world's slowest, smallest, strongest, most interesting submarine. And the only peaceful one.

It is the Aluminant, designed to descend 15,000 feet below the surface and cruise through the fabled plains and mountains of the sea bottoms at 3.8 knots for as long as 72 hours.

The three-man 50-foot craft will possess windows, great lights with which to wend its way and photograph denizens and wonders of the deep never beheld by human eyes, and crab-like claws for scooping samples of life in the deep.

Its 6½-inch aluminum hide will withstand pressures of 60,000 pounds per square inch.

A propeller mounted atop the hull like a helicopter blade will enable it to hover, as well as help it descend and rise. Its mobility, of course, will give it a clear scientific edge over all previous unpowered probes.

MAN CAN SEE
"The Aluminant will permit man to see, hear and indirectly feel for himself in regions which he has so far been able to examine principally with instruments at the end of a wire," Dr. Paul M. Fye, director of the Woods Hole (Mass.) Oceanographic Institution enthuses. His organization will supply the crew.

Much more than mapping watery wastes is on the 70-ton craft's program. It will study vertical migrations of marine animals, the feeding habits of fishes and porpoises in deep water, and observe luminescence of biological origin.

It will capture sea life at great depths, seal the captives in high pressure vats, and bring them to the surface for study. Reynolds has been endeavoring to demonstrate the feasibility of aluminum underwater craft since 1942, when he employed the legendary Simon Lake as a consultant. The Father of the Submarine held that position at the time of his death.

"The Aluminant could be the forerunner of an entirely new generation of depth-probing vessels with almost unlimited possibilities for exploring one of man's last frontiers, the three-quarters of the earth's surface covered by water," the craft's sponsor said recently. "There are great economic reasons, in addition to the scientific reasons, for developing and operating submarines such as the Aluminant. The ocean floor is a vast, relatively unknown treasure house of minerals, oil, chemicals and food sources."

COULD COLLECT MATERIAL
"A new generation of underwater craft following the Aluminant could be equipped with mechanical grubs for collecting material from the sea bottom and depositing it in external cargo bins. These robot arms could operate mining equipment, make borings and collect material."

The Aluminant, being built amid the blooming of incredible Polaris missile nuclear powered submarines, will tackle a job as awesome as that assigned to her war-deterrent sister subs.

There's an awful lot of water out there, 130,000,000 square miles of it in the oceans, another 10,000,000 square miles in the Mediterranean, the Bering, the Black, the Red and the other 14 seas.

Youths Deny Extortion Plot

PLAN CHRISTMAS FAIR — Officers of the St. Lawrence Elementary School Parent-Teacher Association examine a few of the Christmas items that will be on sale at the school Dec. 8 from 6 to 9 p.m. Inspecting some of the articles are, from left, Mrs. Charles Parrish, publicity chairman; Mrs. Harold Davis, treasurer; and

By LEE WINBORN
Area News Editor

ROMEO—The two half-brothers arrested yesterday in a \$5,000 extortion plot against a local dress shop employee continued to maintain their innocence today.

Rector T. Harless, 21-year-old unemployed press operator, and Roy (Kenny) Smith, 15, both of 1702 E. 32 Mile Road, were picked up in a trap set by FBI agents and state police.

The pair told officers they were checking muskrat traps when they discovered a plastic-covered money package in a ditch at the corner of E. 32 Mile and Romeo Plank roads.

The package was planted by police following instructions sent in a letter to Mrs. Louise H. Schree, 52, who works at Perkins Dress Shop, 106 S. Main St.

GIVEN 24 HOURS

Mrs. Schree was given 24 hours to deliver the \$5,000 in small bills to the designated spot or suffer the "definite" (sic) consequences.

whether it be home or business property, or life or limb."

The deadline for delivery of the money was 12:35 a.m. yesterday. Police surrounded the area in hiding at 10 p.m. Tuesday and started their chilling 7-hour vigil.

At 5 a.m. yesterday the two arrived on the scene. According to police, the boy went directly to the package and was arrested when he picked it up.

Young Smith claimed, however, he didn't see the package when he first walked by, that he and his half-brother were just checking traps when he noticed it and went to investigate.

Harless told detectives he also was looking for a phantasm he had hit with his car the day before. Officers said there were marks on his car and no phantasm.

The letter intended for Mrs. Schree was addressed to Mrs. R. Howland at the dress shop. The

sender "erroneously believed that she was the wife rather than the sister of Robert M. Howland, manager of the Romeo branch of the Community National Bank.

Howland and Mrs. Schree live at 440 Morton St. along with their mother, Mrs. Mary Holland.

The threatening letter began: "I am a demolition expert." and then gave directions for depositing the money in unmarked bills—in the ditch.

The writer offered to repay the \$5,000 plus six per cent interest in three years if Mrs. Schree caused "no difficulty."

The note, printed by hand on lined notebook paper, concluded with the pointed statement—"I mean business."

Police handwriting experts are comparing the samples given by the two suspects with the letter.

Mrs. Schree could not be reached for comment. She had taken her mother, who is 81, to Cleveland before the "money" pickup was made to avoid the excitement.

Immediately after she received the letter, the intended extortion victim and her brother notified the

Romeo state police who in turn called in the FBI.

Harless is married and Smith is a ninth grade student at Romeo Junior High School. Their home is a quarter-mile from the pickup spot.

Harless stood mute yesterday before Federal Judge Fred Kraess in Detroit on the extortion charge. Examination was set for Dec. 2.

He was released on a \$1,000 personal bond. His half-brother was turned over to his parents Mr. and Mrs. William Smith, an awaits action by juvenile authorities.

Welfare League Workshop on Planning Looks Good

GRAND RAPIDS — Formal evaluation of the 4th annual Michigan Welfare League Conference

may take months but its citizens workshop on community planning appears to be an instant success. New on the conference agenda this year, the workshop was designed to give "the responsible citizen" an opportunity to train himself for service in community planning in the field of social welfare.

It was so well received that it probably will grow into a separate operation, according to league staff spokesman Bruce Alderman.

He commented yesterday on conclusion of the conference which registered approximately 670 for its three-day run in Grand Rapids. Industrial executive Anson L. Lovellette of St. Joseph was elected president of the Michigan Welfare League.

Public Relations — Responsibility for press releases and developing a working relationship with news media in the area; formulation of an information-type questionnaire to be sent to all parents; and responsibility for recruiting new membership for all committees.

Driver Injured; Struck Building

Woman Hurt Seriously as She Loses Control of Car in Royal Oak

ROYAL OAK — A 33-year-old woman is in serious condition at William Beaumont Hospital with injuries received when she rammed a building after losing control of her car on Crooks Road.

Rosalee Perket, 41, Edgar Road, sustained fractures of both shoulders, ribs and left leg and also a possible skull fracture, according to hospital authorities.

She has been unable to make a statement to Royal Oak police. They said she apparently was in the north-bound lane of the traveling at a high rate of speed road when she lost control of her car and crashed into the office building of Dr. George Renton, 2033 Crooks Road.

The brick building was heavily damaged, police said. The accident occurred shortly before 3 a.m.

Goodfellows Set Newspaper Sale in Addison Twp.

ADDITION TOWNSHIP — Friday and Saturday will be the time for the generous to make their contributions to the annual Goodfellows Newspaper sale here.

"Our goal is \$400," said Fire Chief Edward Porter who is sale chairman. "We intend to provide Christmas baskets for needy families and have a Christmas party for all the township children."

The party will be held Dec. 23 at Rowland Hall, Leonard, said Assistant Chief Elmer Powell, chairman of the sale.

An estimated 18 firemen will sell The Pontiac Press at main corners in Leonard and Lakeville and at Campbell's Corners.

The Friday drive will be held from 4:30 to 8 p.m. The Saturday drive is all day.

1,386 Killed in Traffic

EAST LANSING — Traffic accidents have killed 1,386 persons in Michigan so far this year, provisional figures compiled by state police showed today. The total for the same date last year was 1,441.

CONTROVERSIAL STRIP — A group of children walk along the shoulder of 13-Mile Road near Orchard Lake Road on their way home from the Isaac Bond Elementary School. The youngsters are a few of the 38 kept from school over the last three days by parents who

want school bus service provided because of heavy traffic. All of the children were back in school today, however, according to parents, whose problem will be aired by the Farmington Board of Education Dec. 11.

Let Children Go Back to Classes

FARMINGTON — All 38 youngsters kept out of the Isaac Bond Elementary School the last three days by parents protesting the lack of bus service were back in class today.

But the mothers are still hoping mad. "We haven't given up our fight for some form of transportation for our children," said Mrs. Frank Sanders of 2330 Greening St., Farmington Township, spokesman for the 15 families involved.

"We'll march on massed before the school board when it considers our problem at a meeting in a couple weeks," she said.

The Farmington Board of Education said it would discuss the problem of the parents, who claim that school bus service should be provided for the children because of heavy traffic, at a meeting Dec. 11.

Yesterday, all but 11 children from five families had returned to the Bond School on 13-Mile Road.

The parents claim this also is heavily traveled and is a hazard because of the drainage ditches to the side and because it is unpaved.

Supt. Gerald V. Harrison had notified the parents that if their children weren't back in school today he would have the Oakland County prosecutor intervene.

Harrison cited the state compulsory school laws. Children can not be kept home, he said, for three straight days without serious reason, such as sickness, without the parents facing prosecution.

Prosecutor George F. Taylor has said if the children hadn't returned to class by Monday he would call in the parents to talk to them.

Prof. to Speak Before Academy of St. Mary's

ORCHARD LAKE — The Aquinas Academy of St. Mary's College here will present its 11th Annual "Science and Philosophy" 7:30 p.m. Sunday.

The guest speaker will be Richard W. Balek, assistant professor of chemistry at the University of Detroit. He has served on the faculty of the University of Chicago in the departments of pharmacology and physiology.

In addition to his teaching duties, Dr. Balek is the author of many professional articles and has been named in the "Who's Who in American Colleges and Universities."

The essay will be held in the campus assembly hall at St. Mary's. The public is invited.

Scholle Offers Education Plan

PRESIDENT OF AFL-CIO Suggests Strong Council to Con-Con

EAST LANSING (UPI)—August Scholle, president of the Michigan AFL-CIO, Wednesday recommended the constitutional convention set up a "coordinating council on higher education."

Scholle told the on-con committee on education at a public hearing that the council should have four functions.

FOUR FUNCTIONS

—"Plan for the higher education needs of the state and establish goals and policies to meet them."

—"Allocate functions and programs to state institutions to maximize educational opportunities . . . so as to prevent high costs of duplication of functions."

—"Determine the financial needs of the universities and colleges in order to be united in budget requests before the legislature."

—"And determine the needs of each institution for physical facilities and prepare a capital budget to finance the needs."

Scholle said the council should be written into the constitution and should have authority over all institutions in the state. The proposal would leave internal policy to each school.

The council would be made up of 21 members—three each from the state's three largest universities, four members of the State Board of Education, two members appointed by the governor to represent community and junior colleges and six citizen members appointed by the legislature.

"This is the most palatable kind of compromise I believe could be reached," Scholle said. "The program of higher education for the state of Michigan can no longer be developed under our existing structure."

Graders to Entertain Parents, Teachers

CLARKSTON — The Pine Knob Parent-Teacher Association will be entertained with the presentation of a Christmas musical program at its 7:30 p.m. meeting Monday.

Some 75 young musicians in the school's 3rd grade band and the 8th grade band from Clarkston Junior High School will be performing.

Both bands are directed by Kathryn Kagan. Refreshments will be served after the program.

Assign School Study Units

Five subcommittees of the Avondale Schools Citizens' Study Committee have been assigned responsibility for specific areas in a thorough study of current and future school system needs.

About 80 citizens are now on the citizens' committee. Fifteen of them serve as officers of subcommittees and on the central body.

However, the central committee at a recent meeting urged more district residents to serve on the citizens' committee.

Those interested should contact Frank Muhland, 638 Jamestown Road, Pontiac Township, who is chairman of the public relations subcommittee.

TO REPORT RESULTS

Results of the studies being made will be given to the board of education for recommended action.

The central committee has determined that the studies should cover five years with possible extension where needed.

The larger committee also considered the possibility of recommending to the board the appointment of a committee to evaluate progress and recommend next steps, about 4½ years after the study is presented to the board.

Areas assigned to subcommittees are as follows:

Finance Committee—Budget estimates for 1962-63; study of transportation costs, and a comparative study of operational costs with surrounding school districts.

Community Needs Committee—Population projection, school census projection; areas of projected growth and approximate times of development; maximum proposed saturation of areas within this school district; and a projected study of proposed sewer and water

development within the community.

School Plant Committee—Evaluation of present buildings in terms of usability, durability, fire safety and other factors. Map for areas of repair or replacement are to be pointed out in this study.

Educational Program Committee—Study of the elementary, junior high and senior high programs.

Public Relations—Responsibility for press releases and developing a working relationship with news media in the area; formulation of an information-type questionnaire to be sent to all parents; and responsibility for recruiting new membership for all committees.

Accident Proves Fatal to Resident of Owosso

FLINT (UPI)—Virgil L. Scott, 38, Owosso, died in a local hospital Wednesday from injuries suffered in a two-car accident in Owosso last Oct. 18.

The driver of the other car, Joseph Coppertsmith, 34, also of Owosso, was hospitalized but released. Charges were not filed against either driver.

Barbara Jean Kane Wed in Walled Lake Ceremony

HIGHLAND TOWNSHIP — Barbara Jean Kane became the bride of Raymond J. Mueller Jr. with the exchange of marriage vows recently at St. Matthew Lutheran Church, Walled Lake. Rev. L. A. Kinne officiated at the ceremony.

The bride is the daughter of Mr. and Mrs. Edward J. Kane of 2022 Hillcrest Road. Parents of the bridegroom are Mr. and Mrs. Raymond J. Mueller of 10000 Lakeside Drive, Milford.

The 200 guests were seated by Russ Rogers of Milford and James A. Betts of Highland. A reception was held at the East Highland Building following the ceremony. The couple honeymooned in Northern Michigan.

Library Cooperative Will Meet Tuesday

The monthly meeting of the North Oakland Library Cooperative will be held Tuesday at 10 a.m. in the Baxter Room at Pontiac's Adah Shelly Branch Library.

Mrs. Louise Edley will review several recent children's books and Mrs. June Mihalek will demonstrate book binding techniques. Both are members of the Pontiac Public Library staff. The Adah Shelly Branch is located at 231 E. Russell St.

Truck Driver Dies in Smashup

DETROIT — Willis K. Barker, 45, of Kalamazoo, was killed early today when a semitruck and trailer he was driving plunged through a barricade on the Willow Run Expressway at Telegraph Road.

The wreckage halted traffic on Telegraph for more than three hours.

Barker was an employee of the McNamara Freight Lines of Kalamazoo. The truck was westbound with a cargo of metal auto parts.

Taylor Township police said Barker, who was alone, may have fallen asleep.

After going through the barricade at the construction project, the truck hurtled 20 feet through the air and crashed on top of a concrete wall.

The truck remained balanced on top of the wall while its cargo shot forward, ripped off the driver of the cab and carried the driver through the air another 44 feet into a concrete pillar.

The cargo spilled down on Telegraph, blocking the highway.

ST. LAWRENCE SEAWAY VOIE MARITIME DU ST. LAURENT

VALUABLE STAMP—This Canadian Inverted Seaway stamp, printed in error, will be shown in Fernside Sunday at a stamp exhibition at Lincoln Junior High School. The stamp is valued by collectors at \$2,300. One used stamp from the same sheet was recently sold at auction for \$2,800.

Russian No Interviewer, Acted More Like Politician

By HENRY SHAPIRO
MOSCOW (UPI)—Izvestia's interview with President Kennedy was hardly like the one I had with Premier Nikita Khrushchev in 1957. It reflected differences in journalistic technique in America and Russia.

Editor Alexei Adzhubel's interview was not in the tradition of the West in which a reporter merely tries to elicit information from a prominent world leader.

Adzhubel, as President Kennedy pointed out in the interview, is not only a newspaperman, he is a "politician." Thus, Adzhubel gave almost as much as he took, apparently with an eye not only on his readers but on the Soviet government.

In my interview on Nov. 18, 1957, I could not presume to speak for the United States. I asked only questions that would interest readers of the United Press news report throughout the world.

The Adzhubel interview was virtually a debate or exchange of opinions between two political leaders, whereas I attempted merely to obtain the view of the Soviet government on the vital problems of the day.

Adzhubel was concerned exclusively with foreign affairs while I tried to balance my questions between domestic, political, economic, cultural, military developments and Soviet foreign policy.

A WIDER FIELD

Accordingly, the 1957 conversation ranged over a wide field from ideological questions about the structure of the Soviet state to cultural trends in the Soviet Union and Soviet military doctrines.

The Adzhubel interview lasted two hours, which, allowing for time taken up by the interpreters, left only one hour for the

HE INTERVIEWED JFK — This was the scene last Saturday at Hyannis Port, Mass., when Alexei Adzhubel (right), editor of Izvestia, interviewed President Kennedy. The interview was carried in full in the Soviet newspaper Izvestia, the White House said, with one substantial change. Acting as interpreters at the interview were Alex Aklavsky (second from left), of the U.S. State Department, and Georgi Dolzhikov (second from right), editor of the U.S.S.R., American language Soviet publication distributed in the U.S.

interlocutor. My interview was conducted in Russian without interpreters for two and one half hours.

The interview with the President was formally arranged weeks in advance while I was given only one hour's notice to appear at Khrushchev's office. The request for my interview had been made repeatedly for more than two years but it was granted when it appeared least likely, and without sufficient advance notice.

Kennedy set a precedent by giving an exclusive interview to a Soviet newspaperman. This correspondent can claim a precedent of his own for being the first and only resident foreign correspondent to have been received privately by Premier Khrushchev.

There was no official agreed text for the Khrushchev-United Press interview. The conversation was reported immediately on the basis of the reporter's own notes and only four days later did the Soviet

Twirlings Like Typing, Says Pretty Texas Lass

AUSTIN, Tex. (UPI) — How much practice does it take for a pretty batin twirler to put on a performance at a football game? "About 10 minutes a week," according to Carolyn Porter, featured twirler with the University of Texas band.

"Twirling is like typing," she said. "Once you've got the basic skills you don't need a lot of practice, just brushing up from time to time."

unique in that it enabled direct communication of the American/Soviet premier says publicly is point of view to the Soviet reader/published in the American press.

A Business in Alliance of Profit in Pontiac

'Buried' for Past Decade

Resurrect Washington Painting

BY DICK WEST
WASHINGTON (UPI) — The House of Representatives currently is spending about \$15,000 to move a painting from one wall to another.

It that sounds exorbitant, I should explain that the project is a bit more complicated than rehanging those bird prints your

Aunt Ethel gave you for Christmas.

In transferring this painting from one wall to another, the movers have to take a part of the wall along with it.

The painting, entitled "Cornwallis Sues for a Cession of Hostilities Under a Flag of Truce," is the work of Constantino Brumidi, whose artistry can be seen throughout the U.S. Capitol.

An odd thing about Brumidi was he didn't bother with canvas, like most other artists. He believed in painting right on the wall.

This is simpler than trying to improve the food.

PAINTED IN 1837

Brumidi did "Cornwallis Sues for a Cession, etc." on a wall in the House chamber in 1837. It could be seen there until about 10 years ago, when the chamber was remodeled.

At that time, another wall was built in front of it. And so, for the past decade, it has been hidden from view.

This year, someone decided that the painting would look nice on the wall of a new House restaurant, which will be opened in January. Therefore, steps were taken to uncover it.

Workers carefully removed all of the bricks from behind the painting, leaving just the plaster on which Brumidi worked. Then they doctored the plaster with a special preparation to make it harder.

Then they built a reinforcing frame around this 12-foot section and cut the entire thing out of the wall. Tuesday, they began the delicate task of moving it to the new location.

In order to complete the transfer, they must remove the swinging door at the top of the south steps of the Capitol, and bring up a crane to swing the painting down to another entrance.

NO CORNWALLIS

For some reason, the painting usually is described as a scene showing George Washington accepting the surrender of Cornwallis at Yorktown. Actually, Cornwallis isn't in it.

What Brumidi depicted was one of Cornwallis' officers petitioning Washington for a two-day truce.

For that matter, Cornwallis never did surrender directly to Washington. The British commander wasn't feeling well that day, so he sent a Gen. O'Hara to represent him at the ceremony.

Meany Suspends AFL-CIO Union in Cleveland

WASHINGTON (AP) — George Meany, president of the AFL-CIO, Wednesday announced the suspension of the Cleveland AFL-CIO federation of labor. He placed its affairs under a trusteeship.

The secretary-treasurer of the Cleveland Federation, William Finnegan, recently was convicted and fined on income tax evasion charges. Testimony indicated that some of his unreported income had been derived from his union office.

Meany's order said that the report of an investigation and hearing conducted subsequently by William Schnitzer, AFL-CIO secretary-treasurer, showed "repeated and willful violations" of the AFL-CIO constitution and rules governing local central bodies.

The amount of energy fixed annually in the sugar manufactured by plants in the U. S. is the equivalent of about 300 billion tons of coal.

One in Pontiac, 2nd in Farmington

To Set Up More Draft Boards

Two new draft boards, one with headquarters in Pontiac and the other in Farmington, will be organized next week because of the rapidly expanding population in Oakland County.

Col. Arthur A. Holmes, state director of the U.S. Selective Service System, today announced that the new boards have been formed by dividing Local Board No. 67 into three units.

The changes bring to seven the number of draft boards in the county.

Holmes said Board 67 was the largest selective service unit in the state before the revisions were ordered. Over 30,000 registrants, many of whom will be switched to one of the two new draft boards, are on file in the local board's office.

Registrants living within the city limits of Pontiac will remain under the control of Local Board No. 65.

One of the county's new selective service units, Local Board No. 331, will have jurisdiction over the townships of Waterford, Independence, Oxford, Orion, Springfield, Oakland, Addison, Brandon, Crowland, Holly and Rose.

It also will include the villages of Clarkston, Lake Orion, Oakland, Leonard, Holly and Ortonville.

TOWNSHIPS LISTED

The other new unit, Local Board No. 328, will take in an area which includes the cities of Sylvan Lake, Farmington, Farmington Hills, Keego Harbor, Farmington, Wixom, part of Northville and the

villages of Orchard Lake, Novi, Milford, Wolverine Lake, Quaker town and Woodcreek Farms.

Townships in Board 328 will be Commerce, West Bloomfield, White Lake, Farmington, Highland, Lyon and Novi.

Board 67 will retain jurisdiction over Bloomfield, Avon and Troy townships, the cities of Troy, Birmingham and Bloomfield Hills and the villages of Rochester and Lake Angelus.

Offices for the new Local Board 331 will be at 701 Pontiac State Bank Building, Pontiac, which also is headquarters for Boards 67 and 65.

Establishment of Local Board 328 at 2285 Orchard Lake Road, Farmington, illustrates the development of the eastern section of the county.

It marks the first time that an Oakland draft board office was located outside of either Pontiac or Royal Oak, the two heaviest populated municipalities in the county.

Offices of South Oakland County Draft Boards 66, 321 and 323, which are unaffected by the revisions, are located at 123 S. Main St., Royal Oak.

TO ORGANIZE

An organizational meeting for new officials of Board 331 will be held at 10 a.m. Wednesday in Pontiac while the first session for members of Board 328 will be at 7:30 p.m. Monday in Farmington.

Among the new members of

Board 331 are Robert V. Parenti, village attorney for Oxford and Lake Orion, and Emmett J. Leib, Springfield Township justice of the peace.

Others are Ruben Simon, 8636 Tridall Road, Springfield Township; Mahlon A. Benson, 212 S. Josephine Ave., Waterford Township; and Max V. Hawkins of Pontiac. Government appeal agent is Arthur W. Kollin, 341 Dutton Road, Avon Township.

Walled Lake City Attorney Albert P. Herzig Jr. is government appeal agent for Board 328 while Commerce Township Justice of the Peace John C. Weick is associate appeal agent.

Members of Board 328 are John T. Meier, 4339 Grand River Ave., Novi; Leon D. Dehot, 727 S. Lake Drive, Walled Lake; Roy J. Carl, 3225 Highland Blvd., Highland Township; Walter M. Coon, 25620 Grand River Ave., Farmington; and Harold W. Radcliffe, 194 Dan Dixon St., Orchard Lake.

Set Economic Night in Waterford Twp.

An evening of civic information has been set for 8 p.m. Tuesday at the Waterford Township Pierce Junior High School by the Greater Waterford Community Council.

Richard Worfel, manager of the Detroit office of the Economic Development Department will explain the problems and assets of industrial development in rural areas.

He will be assisted by George Lloyd who will present a movie on the same subject plus results of statistical surveys made during the last few years.

Also, members and residents will be urged to take action in preventing roadside dumping in the township.

Byron Zink, a member of the steering committee, will present a report on the Oakland County Sewer Development program.

Two Injured by Bombs

DAMASCUS (UPI)—Two bombs exploded three hours apart here Wednesday night. Two persons were injured by one of the blasts.

New Fire Boxes for School Use?

Telephone-Type Alarms to Get Vote at Meeting of Board of Education

Whether or not to install telephone-type fire boxes at 30 Pontiac schools at a cost of \$4,500 is to be one of the matters on the agenda of today's 8 p.m. meeting of the Pontiac Board of Education.

The telephone fire alarms would replace existing "pull-the-lever" alarm boxes. Annual upkeep would include a \$4,680 charge for service.

The new alarm system is being installed by the city as part of changes made with construction of the new central fire station.

The school district would be the second largest user of the new service. The city is installing 73 phone-type call stations throughout the city.

Also on the agenda is a report on overcrowded parking facilities at the Board of Education Building, at Patterson St.

There are 39 spaces available and 63 needed, the report states. Possible solution would be renting of other space nearby.

Enos Is Cheered by Town Noted for Scopes Trial

DAYTON, Tenn. (AP)—Monkeys put Dayton on the map in 1925 with the Scopes evolution trial, so the town took an official holiday and cheered as Enos the space was whirled through the skies.

World attention focused on this small East Tennessee mountain town when John Scopes was tried and convicted of teaching the theory of evolution in a high school here in violation of a still existing state law.

Dayton Mayor J. M. Abel issued an official proclamation as Enos was returned to earth safely Wednesday. It declared the remainder of the day a holiday in Dayton.

LIVELINESS AND LUXURY AT A LOW, LOW PRICE

NEW CHEVY II

Never before such a team of totally new cars! Sedans, hardtop, station wagons, even a convertible... you name it, Chevy II has it. Nine models in all now in production. What are they like? Well, imagine all the solid virtues you've always counted on from Chevrolet... the steadfast dependability, the dyed-in-the-wool comfort... all dressed up in a new just-right size and built a modern new way. That's Chevy II. It's easy on the eyes, easy on the road and easy on your pocketbook. It's ultra-easy to service and maintain. Front fenders, for instance, bolt on and off for easy repairs. Two spunky engines, a four and a six (your choice in most

models), purr along merrily on regular gas—and darn little of it, too. Thanks to new Mono-Plate rear springs, the ride reminds you of the big Chevrolet—and you know how smooth that is. The space inside for people and things puts you in mind of big cars, too. So does the cushy comfort. But Chevy II parts company from anything else around when it comes to offering all these fine features—at a sensible low price. Fact is, luxury and low price have never been blended so beautifully. Check your Chevrolet dealer and see for yourself.

CHEVY II 300 4-DOOR 3-SEAT WAGON. Packs a whopping 76.2 cu. ft. of cargo.

CHEVY II NOVA 400 CONVERTIBLE. It's Chevrolet's lowest priced convertible.

CHEVY II 300 4-DOOR SEDAN. Neat and practical 6-passenger family model.

Now... look 'em over and try one out!

CHEVY II NOVA 400 SPORT COUPE. Handsome hardtop with top-of-the-line go and glamor—at a pleasant kind of price.

A NEW WORLD OF WORTH—CHEVROLET • CHEVY II • CORVAIR • CORVETTE at your local authorized Chevrolet dealer's

Pontiac Area Deaths

WILLIAM R. CAVERLY
Former Pontiac resident, William R. Caverly, 50, died at his home in Cass City of a heart ailment yesterday.

He had been employed at the former Wilson Foundry Corp. when living in Pontiac.

Surviving are his wife, Alta; his parents, Mr. and Mrs. Norman F. Caverly of Kingston; five brothers, Archie, George and Clayton, all of Pontiac; Lee of North Branch and Alvin of Clarkston; and three sisters, Mrs. C. R. Baer of Pontiac, Mrs. Jessie Morse of Clio and Mrs. Myron Kelly of Caro.

Service and burial will be for the Little Funeral Home in Cass City.

EDWARD J. DUMONT
Service for Edward J. Dumont, 38, 5475 Elizabeth Lake Road, Waterford Township, will be held at 11 a. m. Saturday at Voorhes-Siple Chapel with burial in Perry Mount Park Cemetery.

Mr. Dumont owned and operated his own barber shop at 5570 Elizabeth Lake Road. He was a post commander of Lourd Merlot LaPlante Post No. 271 in Oscoda.

Surviving are his wife, Eyllis; his father, George of Oscoda; three daughters, Georgia, Denise and Penny, all at home; a brother and a sister.

Mr. Dumont suffered a heart attack and was dead on arrival at Pontiac General Hospital Tuesday.

MRS. FREDERICK B. ELLICOTT
Mrs. Frederick B. (Hazel H.) Ellcott of 1180 Glenwood Ave., Sylvan Lake died yesterday after a long illness. She was 72.

Mrs. Ellcott was a nurse in the Pontiac Public School System from 1924 to 1940 when she became a public health nurse for Oakland County.

She was a member of All Saints Episcopal Church, Alpha Sigma Nu Sorority and the guild of her church.

Survivors include a daughter, Mrs. J. Vernon Madigan of Sylvan Lake and a grandson.

Service will be held at 2 p.m. Friday at All Saints Church with burial in White Chapel Memorial Cemetery.

DANIEL R. HARTMAN
Daniel R. Hartman of 136 Pio-

neer Road died yesterday at his residence after an illness of six months. He was 55.

Mr. Hartman moved to Alaska in 1947 where he was a machinist in the University of Alaska. He returned to Pontiac in July.

Surviving are four sisters, Mrs. Howard Cyr of Pontiac, Mrs. A. E. Sturdevant of Fairport, N. Y., Mrs. Charles Sturdevant of Tucson, Ariz. and Mrs. Ted T. Lewis of Keokuk Harbor; and a brother.

Service will be held at 1:30 p.m. Saturday at Donelson-Johns Funeral Home in his wife, Bernice, in White Chapel Memorial Cemetery.

THOMAS JACKSON
Thomas Jackson, 69, of 83 Center St., died yesterday at Bloomfield Hospital after a long illness.

He was a member of St. Vincent de Paul Catholic Church and a retired employee of Pontiac Motor Division.

Surviving are his wife, Anna; his father, Edward Jackson, two sons, Howard of Kansas City, Mo. and John of Highland; two daughters, Mrs. Francis Stephens of Pontiac and Mrs. Helen Beeson of Detroit; a brother and two sisters.

The Rosary will be recited at 8 p.m. Friday at the Melvin A. Schutt Funeral Home. Service will be held at 10 a.m. Saturday at St. Vincent de Paul Catholic Church with burial following in White Chapel Memorial Cemetery.

MRS. MARY CONTA
AVON TOWNSHIP - Service for Mrs. Mary Cona, 60, of 3484 Mildred St., will be 1 p. m. Saturday at the Craney Funeral Home, Clawson. Burial will be in White Chapel Memorial Cemetery, Troy.

Mrs. Cona died unexpectedly yesterday at St. John Hospital, Detroit.

Surviving are two sons, Walter of Pontiac and Donald of Avon Township; a daughter, Mrs. Walter (Nellie) Marecki of Birmingham; and one grandson.

JOHN A. DIRETTE
MILFORD - Graveside service for John A. Dirette, infant son of Rev. and Mrs. Maurice Dirette, formerly of Milford, was held in Oak Grove Cemetery yesterday under direction of Richardson-Bird Funeral Home.

The baby died shortly after birth Tuesday at St. Joseph Mercy Hospital, Pontiac.

Surviving besides his parents are a brother, James and a sister, Lois, both at home; and grand- parents, Mr. and Mrs. James McCordle of Milford and Mr. and Mrs. Herbert Drette of Southfield.

JOSEPH VERBEKE JR.
LAFERIE - Service for Joseph Verbeke Jr., 40, of 906 Baldwin Road, will be at 2:30 p.m. tomorrow at the Baird Funeral Home. Burial will be in Mount Hope Cemetery.

Mr. Verbeke died of a heart attack yesterday in Lapeer County General Hospital.

Surviving are his wife, Bernice; his two sons, William and David, both at home; one brother, Clarence of Lapeer; and his father, Joseph Sr. of Lapeer.

MRS. GRACE WAGNITZ
WINOX - Service for Mrs. Grace Wagnitz, 83, of 94 Winow Road will be at 1 p.m. Saturday at the Richardson-Bird Funeral Home. Burial will be in Woodmere Cemetery, Detroit.

Mrs. Wagnitz died of a stroke yesterday at her home.

Surviving are three sons, Fred of Winow, Clarence of Alliance, Ohio, and Lawrence of Phoenix, Ariz.; a daughter, Mrs. Christine Sparks of Flushing; 27 grandchildren and 42 great-grandchildren.

Marketing Council Sees Film on Cheese

One hundred and seventy-five persons attended the Tuesday evening meeting of the Advisory Council for the Marketing Information for Consumers in Oakland County in the little theater of Madison Junior High School. Chairman James McCollum presided.

Harold Schmidt of Oronville, program chairman, introduced Dr. Schimmel, Charles Smith and Charles Emerich of Kraft Foods who presented the program.

A film, "The Romance of Cheese" showed the history and processing of cheese. Schimmel and Emerich discussed the local production and distribution of cheese.

Orientation Held for Staff of Birth Control Clinic

Volunteers who will staff the area's first birth control pill clinic were guests at an orientation conference today at the home of Mrs. Charles R. Foreman of 3684 Roland Drive, Bloomfield Township.

The new Planned Parenthood clinic, in the Recreational Center Building at the Lakeside Housing Project, 335 Branch St., will begin its services Dec. 6 by appointment only.

County residents may make arrangements by calling the Planned Parenthood League of office in Detroit, collect. The clinic will provide counseling and dispensing services for the pill. Wednesday afternoons and guidance in other methods of birth control on the first and third Wednesday mornings of each month.

The drug has been dispensed for about a year in Detroit.

Other Planned Parenthood clinics offering information, examinations and prescriptions for other birth control methods are located at Oakdale Gardens, 21075 Wyoming, Ferndale, and at 2401 E. Fourth St., Royal Oak. Because of transportation difficulties, the clinic at the Oakland County Health Department building, 1070 N. Telegraph Road, has been closed.

PRESENTED PROGRAM
Mrs. Mildred Stern, executive director of the Planned Parenthood League office and Mrs. Marion Kouba, RN, nurse in charge of the Oakland County clinics, gave today's orientation program.

Volunteers who will work in the new clinic and attended the orientation program are:

Mrs. John Chapa, 925 Larchlea Drive, Birmingham; Mrs. Phillip Moon, 1721 Brookwood St., Birmingham; Mrs. John Albrecht, 929 school's 1250 students formed Fairfax St., Birmingham; Mrs. into two lines for "Operation Robert K. Russell, 164 N. Gilegar-Book Brigade."

JFK Changes His Mind

Shelters Called Public Responsibility

WASHINGTON (UPI)—President Kennedy has decided that building of shelters is primarily a public responsibility rather than a private task to be approached on an every-family-for-itself basis.

This, informed sources said today, is the significance of the President's statement to a news conference Wednesday that "the emphasis will be on community shelters" in the new civil defense program which he will submit to Congress in January.

Under the Eisenhower administration and in the first months of the Kennedy administration, civil defense officials had stressed the responsibility of each family to

Albania Throws 2 Parties -- Flops

Soviet Diplomats Ignore Reception Invitations but Red Chinese Show

BELGRADE (U)—Soviet diplomats snubbed Albanian receptions in Belgrade and Moscow Wednesday night, but the Red Chinese showed up in force at both parties.

The demonstration on the cocktail level underlined the split in the Moscow-Peking axis over the Balkan leaders of the tiny Red pocket on the Adriatic.

Soviet Premier Khrushchev has blasted Albania for refusing to go along with his anti-Stalin campaign, and Red China has backed the Balkan rebel in an obvious slap at the Soviet Premier.

The Albanian Embassy in Belgrade sent out invitations to all countries with which it has diplomatic relations to celebrate the anniversary of Albania's liberation from the Germans in World War II. East European ambassadors stayed home and sent only minor officials. Yugoslavia, which has its own troubles with Moscow, was also represented by a minor official.

The Moscow affair was even more of a flop. Two Soviet representatives of lesser rank put in an appearance but stayed only 30 minutes.

None of the other European Communist countries even bothered to send a representative.

Will Stand Trial for Manslaughter in Traffic Death

A Pontiac man allegedly involved in a Waterford Township auto accident which resulted in the death of a Keego Harbor youth will stand trial for manslaughter Dec. 11 in Circuit Court.

James Walker, 35, 514 Emerson Ave., was bound over to the higher court in his examination yesterday before Waterford Township Justice of the Peace Patrick K. Daly.

Justice Daly continued Walker's bond at \$250.

Pontiac state police charge that Walker was the driver of a car which struck the rear of another auto parked by the side of Cass Lake Road on Oct. 22.

Killed in the accident was James A. Crawford, 16-year-old son of Mr. and Mrs. James A. Crawford Jr. Mrs. Crawford was seriously injured in the mishap. The Crawfords were in their parked car. It had run out of gas.

Walker, who earlier told police he was not driving his car when the accident occurred, offered no testimony yesterday.

Play Up Leukemia Story

TOKYO (U)—The Japanese press today gave prominent headlines to the story of a Japanese fisherman who has been hospitalized for leukemia, a form of cancer affecting the blood. It is sometimes caused by radioactive fallout.

Girls 'Kneadn' Go High-Hem, Says School

BRENTWOOD, N.Y. (AP)—Brentwood High School officials have cracked down on girls' exposed knees, with 37 students being suspended for too-high hemlines.

Warnings didn't seem to do any good, so girls whose skirts were worn too short were sent earlier this week from their classes to the principal's office. The owners of the 37 pairs of knees were sent home for two days. Some of the girls may return today, and the remainder Friday.

Harvey S. Brickman, high school vice principal, said Wednesday night that he had received phone calls from a few irate mothers. "But in general," he added, "nearly all the parents are with us."

SAO Trying to Extort \$10,000 From Bardot

PARIS (AP)—Lawyers for Brigitte Bardot say that the right wing Secret Army Organization is attempting to extort \$10,000 francs—about \$10,000—from the film star.

The SAO opposes President Charles de Gaulle's Algerian policy and frequently taps residents of Algeria and France for operating funds.

Spirit Trujillo's Body in Plane to Paris

PARIS (AP)—The body of Generalissimo Rafael L. Trujillo, Dominican dictator, arrived here today by special cargo plane, airport officials said.

The plane, a chartered Pan American World Airways craft, also carried two men, two women and three children, none of whom could be identified immediately.

The plane flew here from San Juan, Puerto Rico. Informants re-measures.

ported the body had been spirited out of the Dominican Republic to avoid desecration by anti-Trujillo mobs.

Castro Enemy to Die

KEY WEST (U)—The first reported death sentence under Fidel Castro's harsh new firing squad law was imposed today on a counter-revolutionary caught burning a sugar cane field, Havana Radio said.

In a recent test of the teachers and a major school system, 41 per cent were found to have visual defects that required corrective measures.

Don't Rush Man in Space, Says Detroit Professor

DETROIT (AP)—A space flight specialist said today that an American astronaut should not be put into space in an attempt to circle the earth until at least one more chimpanzee has been orbited successfully.

"I think it is unsafe for a man until we can duplicate the feat safely and at will," said Dr. George P. Loweke in comment on Wednesday's partly-successful orbital shot.

Church Will Try Cold War Work

But Plan to Meet With Political Leaders Hard to Work Out

NEW DELHI, India (AP)—A Czechoslovak churchman said today plans are afoot for an East-West conference of church and political leaders on problems of the Cold War. But an American churchman indicated the conference is a long way off.

The Rev. Joseph L. Hromadka of Prague said such a step is being suggested by the Commission of Churches on International Affairs (CCIA) of the World Council of Churches.

He said it was hoped Christian churchmen from both sides of the Iron Curtain would meet with political authorities from both sides to explore threats to peace.

Church people are not sufficiently versed in the complex issues involved and need to become more competent on them, he said. "I don't even understand my own government," he added.

PROPOSAL INDEFINITE

Dr. O. Frederick Nolde of Philadelphia, Pa., director of the CCIA, said the proposal for an East-West conference is a minor part of the commission's report and is still in an indefinite stage.

The Rev. Carl McIntire of Collingswood, N.J., leader of an American group that accuses major churches and the World Council of Churches of heresy and infiltration by Communists, asked Hromadka: "How do you feel when the Soviet government uses your position in the World Council as an instrument on its side in the Cold War?"

McIntire referred to a Communist publication in Buenos Aires, Argentina, showing a picture of Hromadka and calling him "a champion of peace."

Hromadka replied: "All governments are happy to find a churchman. If it is really sincerely for the cause of peace I am happy."

Polluted Lake Erie in 'Dying Condition'

LONDON, Ont. (AP)—Lake Erie is rapidly dying, the Great Lakes Fishery Commission was told at a meeting Wednesday.

"Lake Erie can be described accurately as a dying lake and because of the subtle accumulative effects of sewage and industrial wastes it may be dead even before we are aware of it," said a report released by the U.S. Great Lakes Fisheries Commission.

Industrialization of the area surrounding the lake and the Detroit River has created a pollution load that has changed the physical, chemical and biological characteristics of the lake. It said, and more than 2.6 million tons of sludge enter Lake Erie each year.

Two Area Youths Injured as Truck Hits Motorbike

Two Pontiac Township boys injured when their motorbike was struck from the rear by a truck yesterday evening are reported in satisfactory condition today at St. Joseph's Mercy Hospital.

Hurt in the accident were the driver of the motorbike, Ronald Heard, 14, of 2085 Walnut Road, and his passenger, Daryl Tison, 15, of 2887 Pontiac Road.

The truck driver, Herbert A. Austin, 40, of 3940 Dutton Road, Oakland Township, said he did not see the boys in front of him until it was too late because there were no lights on the motorbike, according to Oakland County Sheriff's deputies.

The heard boy said the lights did not operate properly after he pulled out of a driveway on Walnut Road just before the accident, which occurred on Pontiac Road near Walnut at 5:35 p.m.

Find Body of Boy, 14, 750 Feet in Drain Pipe

LYNNBROOK, N.Y. (AP)—The body of a boy was found Wednesday in a storm drain pipe more than 750 feet from where he crawled in.

Police said the boy, George Laumonde, 14, suffocated. He had been missing since Saturday.

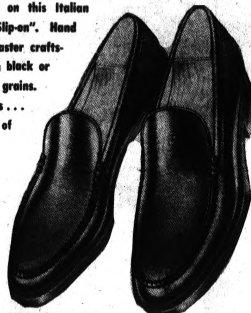

An average American soldier is of an inch taller than the World War II was three-quarters War I average height. A method has been patented poles in order to locate rotten for X-raying trees or telephone areas.

Santo Domingo Mobs Scattered

Thousands React to Rumors Balaguer Has Resigned Presidency

SANTO DOMINGO, Dominican Republic (AP)—Police hurled tear gas and detonation bombs to scatter roving mobs on this third day of a general strike attempt to topple President Joaquin Balaguer's government.

Thousands of persons poured into the streets and launched a noisy demonstration after rumors swept the downtown area that Balaguer had resigned. The national palace denied the report.

Meanwhile, the National Civic Union, strongest of the opposition groups, proposed creation of a provisional governing council as a formula for solving the grave governmental crisis following the demise of the Trujillo dynasty. The council, which would be made up of five or seven members, would elect a chairman by simple majority.

The new proposal appeared to belie earlier reports that only details remained unsettled in talks with Balaguer on formation of a new government.

Kennedys Won't Give Up Hunt Country Estate

WASHINGTON (AP)—The President and Mrs. Kennedy are going to be spending weekends at their Middleburg, Va., Hunt Country estate again this year, the White House confirmed today. This put to rest rumors that the President and his family might not renew their lease on the 400-acre estate, Glen Ora.

Few Dinners Won't Hurt Reputation

By the Daily Post Institute
Q: For the past two years I have been secretary to one of the executives of a big company. Lately, it has become necessary for me to stay late at the office one night a week in order to do some special work. It is also necessary for my boss to stay and when we leave he takes me to dinner and drives me home. He is married and has children. I am married.
My husband objects to this on the grounds that people seeing us together will talk and that my reputation will be in jeopardy. Everything is open and above board and I see no impropriety in this situation. May I have your opinion?
A: If your own and your employer's attitude is strictly impersonal, those who see you dining together will in some inexplicable way sense this, and your reputation will not suffer.

UNNECESSARY, BUT...
Q: I work in the stenographic department of a large office. There are about 15 employees in my department. It is the custom for the employees to send Christmas cards to each other, which, in my opinion, is senseless. After all, we do see each other the day before Christmas and wish the season's greetings personally so why send a printed message in addition? I think Christmas cards should be sent only to those to whom we cannot wish a personal greeting. I would like to know if you agree with me?
A: I agree with you that sending Christmas cards in this instance is entirely unnecessary. However, since it is the custom among your co-workers to do so, I would advise you to do the same.
Q: A very dear friend of mine has just lost her baby at birth, and I am at a loss as to know what to do. Would it be proper to send her some flowers with my sympathy, or a printed sympathy card, or just what do you suggest in this situation?
A: Do not send a sympathy card, but flowers are always proper and with them you could enclose a card reading, "With sympathy and all my love."

"A Festival of Fashion" was last night's theme for the campus fashion show at MSUO. Sponsored by the Association of Women Students, the outfits ranging from ski wear to cocktail hour apparel were modeled by students who included (left to right)

Evelyn Adams, of Lake Orion, president of the organization. Joanne Psenka of Bloomfield Hills, Richard Carlson of Waterford, and Sandra Van Causenberg of St. Clair Shores, moderator for the evening.

Display Fashions

A "Festival of Fashion" was presented by the Association of Women Students at MSUO last evening in the university's former library.
Sandra VanCausenberg of St. Clair Shores, chairman of the Fashion Council, served as moderator for the 7 o'clock showing.
The first program of its kind on the campus was headed by Evelyn Adams of Lake Orion, president of the student women organization. Entertainment was provided by Sandra Forsyth.
Modeling the women's apparel varying from ski outfits to cocktail hour dining musts were students Beverly Chieger, Ardith Morris, Teddi Ostrowski, Karen Peterson and Joanne Psenka.
Fellow colleagues displaying men's wear were Richard Carlson, Nelson Howard, William Kath, Jim Morrison, Mark Rader and James Wolfe.
Contributors for the showing were florists, Garden Gate Greenhouse and Jacobson's Florist and clothing stores, Osmun's, Princeton Prep Shop of Birmingham, Sporthaus of Ferndale, Bobette Shop, Doris K of Oxford, RB Shop of Birmingham and Suetelle Apparel, also of Birmingham.
Refreshments were served by other students following the program.
A similar show is slated for the spring by the Student Activities Council.

Thank Heavens for Little Girls... such a joy to shop for at ARTHUR'S young folks' shop.

Goings On About the Hills Area

By RUTH SAUNDERS
BLOOMFIELD HILLS—Bloomfield Hills Country Club was the setting for a luncheon Tuesday for bride-elect Ginny Annas. Her marriage to Gerald Fitzgerald Jan. 13 will take place in Holy Name Church.
The joint hostesses were Mrs. Philip J. Monaghan of Cranbrook Road and Mrs. Joseph F. Flaherty of Pon Valley Drive.
Mrs. Flaherty is mother of bride-elect Katherine Flaherty, who will be married Jan. 27 to Bernard J. Berry of New York City.
In Miss Flaherty's honor Mrs. John G. Wood entertains Friday at luncheon in her home on Lone Pine Hill Road. Dec. 9 is the date Mrs. Harold R. Roehm has chosen for a luncheon she will give in her Lone Pine Road home for Miss Flaherty.
Mrs. John R. Davis is entertaining for her Dec. 3 at lunch-
Mr. and Mrs. Davis will be hosts at cocktails in their home Thursday and then take their guests to Bloomfield Open Hunt Club for dinner, all in honor of Mrs. Ray Cunningham whose birthday occurs next week. The honoree leaves Tuesday with Mrs. Everett E. Fisher and Mrs. Robert Egan for a trip in Mrs. Fisher's plane to California.
They will be at the Beverly Hilton before taking off for a few days at Las Vegas, and then return home for the holidays.
On Dec. 8 Mr. and Mrs. George C. Booth and Mrs. Carl J. Whirl will be hosts at a cocktail dance at Bloomfield Open Hunt Club.
House guest of the Harvey B. Greenes over Thanksgiving was Kathy Baxley of West Hartford, Conn.
Mr. and Mrs. William H. Breech will hold Open House Dec. 22 in their new home on Lone Pine Road.
The Breeches and their two children returned Monday from a visit with Mrs. Breech's parents, Mr. and Mrs. L. J. Mabe Smith in Marshfield, Me.
Mrs. and Mrs. Richard Devereaux came home from a western trip recently to welcome their daughter Leslie, home from Northwestern University for the weekend. Their guest, Peter Lewis of Montclair, N.J., also a Northwestern student, was partly the inspiration for the cocktail party the Devereauxs gave Saturday in their home on Lone Pine Road.

Women's Section

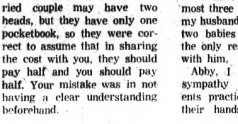

Abby Says: It's Your Mistake

Count Wallets Before Buying

DEAR ABBY: Recently a married couple and I (a single man) decided to join together and buy a wedding gift for a mutual friend.
When it came time for sharing the cost of the gift, we had a difference of opinion as to what the fair share for each of us should be.
My idea was to count the heads and divide the total charge by three. The couple's idea was that since they were a married couple, they should be considered "one."
In other words, they — the married couple — should pay half and I, the single man, should pay half. Who, in your opinion, was correct?
"COUNTING HEADS"
DEAR COUNTING: A married couple may have two heads, but they have only one pocketbook, so they were correct to assume that in sharing the cost with you, they should pay half and you should pay half. Your mistake was in not having a clear understanding beforehand.

DEAR ABBY: What do you think of a husband who sends his wife a birthday card which reads, "To My Sweetheart on His Birthday" — and on the inside it says, "Happy Birthday, Fella!" I was never so hurt in all my life to think that my husband didn't care enough about me to read the card more carefully before he sent it. What should I do?
VERY, VERY HURT
DEAR HURT: Come on, now — your husband might have been in a hurry when he bought the card, but he DID think of you. If you can't bring yourself to kid him about his too good naturedly, forget it.
DEAR ABBY: I could write a book about what a disappointment my marriage has been. We are so incompatible I couldn't begin to list our differences.
We have been married almost three years. I am 21 and my husband is 22 and we have two babies already, which is the only reason I am sticking with him.
Abby, I don't deserve any sympathy because my parents practically got down on their hands and knees and

begged me to wait before marrying this boy, but I was "in love," and nobody could tell me anything.
I'll stay married because of my children, but it isn't going to be easy with a gambling, lying, abusive husband. Pass on my hard-earned experience to other girls under 21.
Listen to your parents. They love you more than a 19-year-old boy who has nothing to offer but promises.
AN OLD LADY AT 21
Everybody has a problem. What's yours? For a personal reply, send a self-addressed, stamped envelope to Abby, in care of The Pontiac Press.
For Abby's booklet, "How to Have a Lovely Wedding," send 38 cents to Abby, Box 3363, Beverly Hills, Calif.

MRS. CARLIS R. COMER

Celebrate Anniversary

Mr. and Mrs. George W. Carpenter of Pontiac Lake Road celebrated their silver wedding anniversary with an open house Saturday afternoon. Later in the evening they were honor guests at a buffet served at Cass Lake Community Center with friends present from Niles, Kalamazoo, Livonia and Pontiac.
The Carpenters have two sons, Richard of Kettering Street and George with the U.S. Air Force stationed in Savannah, Ga., and four grandchildren.

Girl Scouts to Give Skits

Waterford Township Girl Scout Troop Pack 173 will present four dramatic skits for parents and friends at 7:30 p.m. Friday at the Community Center.
The girls will enact "Evening Around a Campfire"; "Can't Get a Run With a Gun," another "Evening Around a Campfire" group and will conclude with "The Virginia Reel."
Mrs. William Paris is the troop leader and Mrs. Robert Hawke is her assistant.

Sorority Prepares for Bazaar

Psi Chapter Sets Annual Sale of Gifts and Goodies

Psi Chapter, Sigma Beta Sorority, will sponsor its annual Christmas bazaar noon to 6 p.m. Sunday in the First Federal Savings and Loan Association of Oakland.
Holiday decorations, wreaths, jeweled trees, candles and handcrafted gifts, besides stuffed animals and dolls, will be featured. Bavarian pasty, known as market (munket), will be baked to order on the spot while customers browse among displays of fruit cakes, candies and fudge made from a \$1,000 prize-winning recipe.
The sorority, now a national charitable organization, participates in a National Hearing Aid Society fellowship, aids in the education of Indian children and has contributed over \$10,000 to the National Foundation of Mental Health. A film "The Key" is available to civic groups, and a booklet to interest students in career opportunities in this field is offered to schools. Contact Mrs. James DeLorrio for further details.
GENERAL CHAIRMAN
General chairman for the bazaar is Mrs. Wayne Booth of Waterford. Heading various committees are Mrs. Joe McDonagh, Mrs. Wallace Williams, Mrs. William Winters and Mrs. Jack Kudrya.

The local chapter provides entertainment, luncheons and small gifts for Pontiac State Hospital patients and has given a donation toward the organ now at the hospital.
Bazaar visitors will be served coffee until the six o'clock closing time.

Engagement Announced

Mr. and Mrs. L. W. Pinner of East Longfellow Avenue announce the engagement of their daughter Patricia Ann to Robert Parkin, son of the Edward Parkins of Berkeley.
The bride-elect attended Olivet Nazarene College, Kankakee, Ill., and the University of Detroit.
A Jan. 19 wedding is planned.

St. Paul Lutheran Guild to Hold Bazaar Friday

The Ladies Guild of St. Paul Lutheran Church, Joslyn and Third Streets, has set its annual bazaar and roast beef dinner for Friday with the doors to open at 4:30 p.m.
Booth chairman for the affair is Mrs. Ben S. Hawkins. Altar Guild members will sell Christmas cards while the sewing circle will offer handsewn items and the young people, a candy booth. Among other attractions for children, the guild will provide a bake sale and country store.
Mrs. Roy Linkswiler will serve as dining room chairman, with Mrs. Edwin Solomon and Mrs. Gilbert Buhl acting as kitchen co-chairmen. Serving on the cleanup committee are Mrs. Courtland Colling, Mrs. Ella Beck and Mrs. Louis Bays.

St. Paul Lutheran Church's doors will open at 4:30 p.m. Friday for the Ladies Guild annual bazaar and roast beef dinner. From left, Mrs. LaVerne Brunmeier, West Tennyson Avenue; Mrs. Claude Edgar, First Avenue; and Mrs. Maurice Shackell, Fourth Avenue, view handsewn items by the Sewing Guild and Christmas cards by the Altar Guild. Proceeds will help buy Sunday School room dividers.

Couple Repeats Vows in Ceremony at MSU

A dinner-reception in the Albert Pick Hotel followed the Saturday marriage of Linda Ann Bergin of Cooley Lake Road to Robert H. Fargher in McCune Chapel, Michigan State University, East Lansing. Rev. Roy Schramm performed the double-ring evening ceremony.

The bride is the daughter of Robert E. Bergin of Santa Barbara, Calif. and Mrs. Helen D. Bergin of Detroit, formerly of Oxford. The Octave H. Fargher of Waterford are the bridegroom's parents.

White miniature roses and chrysanthemums complemented the bride's ballroom-length dress of lace over ice-blue satin.

Mrs. Roberta Stammann Harrison attended her former classmate as matron of honor, wearing rose velvet and matching hat. She carried a colonial bouquet of miniature pink roses.

Mr. Fargher stood as best man for his son.

OES Unit Holds Dinner at Temple

Some 150 members and guests of Pontiac Chapter No. 228, Order of the Eastern Star, attended a cooperative dinner Monday in the Masonic Temple.

Preceding the dinner, degrees were conferred on Mr. and Mrs. Gus Kostopoulos, Mrs. Carl Weston and Coral Weston.

Mrs. Vincent Butera, worthy matron, and George Alberts, worthy patron of the Orion Chapter assisted Mrs. Clark Minton, worthy matron of Pontiac Chapter and Sylvan Clark, worthy patron.

Wardens of Oakland County OES chapters and past wardens of Pontiac Chapter, since the year 1913, were honored. They were Margaret Bryant, Clarkston; Myrtle McKenzie, Lake Orion; Mrs. Homer Smith, Pontiac; Marion Garner, Arenac Chapter; Mrs. Mabel Ricketts, Oxford; Mrs. Ethel Brizzleton, Thomas; Mrs. Irene West, Berkley; Mrs. Ruth Stewart, Holly; Mrs. Alta Davies, Davidsburg; Mrs. Hazel Carver, Farmington; Mrs. Winifred Sampson, Birmingham; Mrs. Edward J. Mahoney, Farmington; and Mrs. Jeanne Boutright, Commerce.

Past wardens of Pontiac Chapter present were Mrs. Davy Gilpin, Mrs. Frank Ledford, Mrs. Mabel Richardson, Mrs. Volma Boyce, Mrs. Phoebe VanBuren, Mrs. Fremont H. Alden, Mrs. Agnetta Elkins, Mrs. Wallace Morgan and Milton Walters.

Mrs. Joseph Davidson, worthy matron of Berkley chapter, assisted in the degrees ceremony for Mrs. Frederick C. Ziem, Mrs. Richard Moore, Mrs. Milton King and Mrs. Virginia Shelton.

The dinner committee included Mrs. Earl Hoskins, Mrs. Hazel Anderson, Mrs. Bertha Williams and Mrs. Helen Roberts. Mrs. Robert Calvary planned the decorations. Group 2 served the luncheon, using refreshments with Mrs. Duane Boughton, chairman, assisted by Mrs. Bert Farnsworth, Mrs. Mary Erickson and Myra Tyrone.

Mrs. Weston, birthday hostess, served cake to members having birthdays in October and November.

Past Matron Mrs. Kenneth Anthony and Past Patron James Montgomery were hosts to the candidates at both sessions.

The newlyweds will live in the Cherry Lane Apartments on campus while the bridegroom completes his studies at MSU, where his bride was a student.

GOP Women Hear Murphy

Daniel T. Murphy Jr., Oakland County clerk and registrar of deeds, presented his views on home rule as it would apply to the county before the Pontiac Republican Women's Club Monday afternoon in Adah Shelly Library.

Raymond King, Pontiac's delegate to the Michigan Constitutional Convention also spoke.

Rep. William S. Broomfield, R-Oakland County, is scheduled to speak at the Madison Heights High School Monday.

Mrs. Harry Henderson will open her home on West 13-Mile Road Dec. 11 for the annual Christmas party and gift exchange.

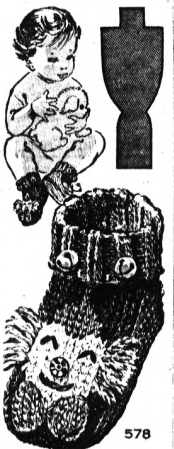

Mrs. Daniel T. Murphy Jr. and Mrs. Nelson Hunter presided at the tea table. Hostesses for the social hour were Mrs. J. L. Slaybaugh, Mrs. Lulu Luby, Mrs. Clarence Senger and Mrs. Edith Tick.

Bethel No. 5 Plans for Smorgasbord

International Order of Job's Daughters, Bethel No. 5 will hold a smorgasbord Dec. 9 at the First Federal Savings and Loan Association of Oakland on Huron Street.

Proceeds from the 5 to 7:30 p.m. event will go toward purchasing Bethel robes. Tickets may be purchased at the door.

A personal shoe shine kit will help your child to keep well polished throughout the school year.

Ma, You're No Kid; Please Act Your Age

By RUTH MILLETT
Newspaper Enterprise Assn.

In order to stay close to their children through the difficult teen years, many parents today try to act like teenagers themselves, says a professor of psychiatry at Tulane University.

This, he states, is a big mistake. It's important for parents to try to understand their teen-agers, but wrong for parents to try to be a part of the teenage world.

It's right, of course, for her "best friend" a teenage girl doesn't want her mother. She wants another teen-ager. But a girl can't tell her mother that.

Nor does a teen-age boy really want his father to be a pal to him. What he wants and what he needs are friends of his own age—and a father who is a father.

That doesn't mean that teen-agers can't be close to their parents. They can. But when they are really close is when the relationship isn't a faked, artificial one, but a real one.

The only real relationship between parents and children is the parent-child relationship.

Mothers are only kidding themselves when they try to be sisters to their daughters. And fathers are kidding only themselves when they try to be pals to their sons.

Because those are faked relationships they have no stability. When parents act like parents—then the kids have someone to look up to, someone to depend on, someone to stand by.

If the parents will just accept their role they will have a lot more influence with their children than if they try to pretend there isn't any age difference.

And how can parents expect teen-agers to look forward to being adults if the parents seem to think so little of maturity that they try to act like teen-agers themselves?

Children confuse you? Read Ruth Millett's new booklet, "Tips on Teen-Agers." Mail 25 cents to Ruth Millett Reader Service, care of The Pontiac Press, P.O. Box 89, Dept. A, Radio City Station, New York 19, N.Y.

Fill Up Fast

One way to curb an appetite for fattening foods is to eat your salad and drink a glass of milk at the start of your meal. Both are filling, and you won't be inclined to eat more than you should of the rest of the dinner.

Lake Oakland post home. Arranging a creative display are Mrs. Vally Yanuszeki, North Avery Street, and at right, general chairman Mrs. Alfred Gulda, Elizabeth Lake Road.

Girls to Vie in 'Homemaker' Search

Senior coed students in Pontiac area high schools will compete Tuesday to help determine the local contestant for the 1962 Betty Crocker Search for the American Homemaker of Tomorrow.

At stake is \$10,000 in college scholarships from General Mills, sponsor of the educational program designed to stress the importance of homemaking as a career.

Some 2.5 million girls have participated in the search during its eight-year operation, and scholarship grants have passed the \$800,000 mark. The program is included on a list of national contests and activities approved by the National Association of Secondary School Principals.

Prepared and then scored by Science Research Associates, Chicago, the test provides the basis for selection of local and state winners.

The 1962 All-American Homemaker of Tomorrow will be named at Washington, D. C., May 3, at the conclusion of an expense-paid educational tour of New York City, Williamsburg, Va., and the nation's capital for the winners and their advisers from the 50 states and the District of Columbia.

Scholarships range from \$1,500 for each state Homemaker of Tomorrow and \$500 for each state runner-up to \$5,000, \$4,000, \$3,000 and \$2,000 respectively, for the top four national places.

A record number of some 403,400 girls in more than 12,700 schools are taking the written examination this year. Pontiac area schools participating are St. Michael, Pontiac Central, St. Frederick, the Academy of the Sacred Heart, Clarkston, Lake Orion, Oxford area, Rochester, Romeo Community and Seaholm High, Birmingham.

Girl Scout Leaders Plan Yule Meeting

Gaily wrapped box lunches will highlight the Christmas meeting of the Waterford Girl Scout Leaders' Association at 8 p.m. Monday at the Community Center in Waterford.

A campfire program will be presented for the group by the intermediate and senior girl scouts of Troop 37 of the Grayson-Adams Neighborhood.

Mrs. Leon Grogg is the leader.

Each member has been to bring a 50-cent gift to exchange.

Don't Go Back

The mature woman who wishes to change the color of her gray hair should never return to the shade of her youth. She will look best in a softer, muted version of the original shade.

Bake Apple Nut Pudding to Serve Warm or Cold

By JANET ODELL
Pontiac Press Home Editor

Here we are with another apple recipe. Michigan apples are sure to taste best in it. It's for a pudding you can serve warm or cold.

★ ★ ★

Mrs. Denton Woodcock is our cook today. She likes to sew and to make scrapbooks. Collecting matchbook covers is her hobby; she has over 1,000.

APPLE NUT PUDDING
By Mrs. Denton Woodcock

2 eggs
1 cup sugar
¼ cup flour

¼ teaspoon salt
1 teaspoon baking powder
1 teaspoon cinnamon
¼ teaspoon nutmeg
1 teaspoon almond extract
¾ cup chopped walnuts
2½ cups diced apples

Beat eggs until fluffy. Add sugar gradually and beat thoroughly. Sift dry ingredients. Stir into egg mixture with favoring, nuts and apples.

Pour into greased 8x8x2 pan or a round casserole. Bake 30 minutes at 325 degrees. Serve warm or cold with whipped cream or ice cream. Makes 6 servings.

Teen Boys Want Sports Equipment

Clothes Are High on Girl's Christmas Lists

By EUGENE GILBERT
President, Gilbert Youth
Research, Inc.

Can't decide what to give your best girl for Christmas, boys? Give her jewelry. Girls do love jewelry—next to clothes, a private telephone and a typewriter, that is.

If you're undecided about the type of jewelry, a bracelet is almost sure to please. Most teen-age girls—65 per cent, to be exact—would prefer a bracelet to a necklace or ring or pins or earrings or even a watch.

This advice, of course, is for teen-age boys whose circumstances (budget included) would seem to rule out a young lady's first three Christmas gift preferences.

But we also have some tips for you parents. If you're interested; tips resulting from a nationwide cross-section survey of more than a thousand teen-age boys and girls on their likes and dislikes in the matter of gifts, plus some revealing comment on teen-age attitudes toward Christmas in general.

All types of gifts considered, most teen-age boys (22 per cent) are hoping to receive sports equipment and most girls (24 per cent) clothes.

Next on the boys' list of anticipated gifts comes a typewriter (preferred by 18 per cent), then clothes (12 per cent), then a tape recorder (8 per cent), then a car, bike and money.

Nineteen per cent of the girls we talked to want to own their own telephone. 11 per cent want a typewriter and 10 per cent want jewelry.

CLOTHES ARE TOPS

But when we asked the girls their preference of five popular

gifts—jewelry, clothes, accessories, lingerie and handbags—an overwhelming 83 per cent picked clothes. Next in order are jewelry (33 per cent), lingerie and handbags (11 per cent each) and accessories (9 per cent). Some of the girls just can't make up their minds, making more than one choice.

The favorite clothing gift (a choice of 71 per cent) was skirts; followed by sweaters (65 per cent); blouses (41 per cent); and dresses (28 per cent)—choices influenced, perhaps, by current needs.

As noted, a bracelet was the favored choice in jewelry. The favorite accessory was footwear (58 per cent); the favorite lingerie, slip (65 per cent); and the favorite handbag, the large leather variety (80 per cent).

HAPPY WITH CHRISTMAS

If all this makes you wary of the teen-age spirit of giving, rather than receiving, this finding should dispel your concern:

Nearly all the nation's teenagers, 90 per cent, give presents to their parents; 61 per cent also include their friends; and 41 per cent include other family and friends—the less fortunate, for example.

By and large, teen-agers are happy with the Christmas season, for a variety of reasons.

Mike Dominic, 13, of Brooklyn, N.Y., didn't get his pool table, and Gale Frederick, 15, of Hyattsville, Md., didn't get a stuffed animal from her boy friend. But aside from these disappointments 80 per cent of the girls and 65 per cent of the boys said last Christmas was all they had expected it to be, and 69 per cent of the girls and 78 per cent of the boys said they expect this Christmas to be even more satisfying.

The best thing about Christmas?

Mary Jane Holtzman, 15, of Fullerton, Pa., said: "It's fun to go shopping and wrap the gifts." Patricia Owens of Allentown, Pa., like 16-year-old Sandy McDonald of Wilmington, Del., liked "the sleigh rides, the snowball fights and sleeping late."

In fact, the only real disappointment—don't necessarily expect presents—

Special Spatulas

Because the protective coating on new type non-stick skillets and saucepans must not be scratched, they come equipped with wooden spatulas for stirring and mixing.

Like all woodenware, these spatulas should not be soaked. Wash quickly in hot soap or detergent suds, rinse under running water, wipe, and let air-dry before putting them away.

But Not Activated

U.S. Is Sports Minded

By JOSEPHINE LOWMAN

We are supposed to be living in a sports-minded age. Therefore, I was amused by a letter I received from a reader the other day.

It says, "I was glancing through Cue Magazine today looking for places to dance in New York City, and oh, there were so few of them—among scores and scores of eating places listed.

"No wonder overweight is one of today's problems. Not only do we eat a lot, but we are also the 'sittingest' people in the world. Confidentially, we sink into an arm chair as often as we can—the girls with a gasp of relief from the crippling torment of dagger-toed pumps.

"The funny part is that anyone coming to New York would notice that sports clothes are rare all over, but it is surprising how little sport, comparatively, is being done by those wearing these sport clothes. One day of skating a year, a nibble at tennis, a country walk now and then—we simply do not romp much or dance much. We sit and admire the furniture and the dashboard day after day.

"The fat gathers all over our frames so we combat this by going, by the thousands, to stadiums—not to play, but simply to cheer our favorites and the fat continues to accumulate until our sports clothes, jeans, etc., no longer fit. Poor Mama Nature, she intended us to swing through trees all our lives, stretch one vertebra from the other, and we slump in overstuffed chairs until we become overfilled ourselves. Also, the supermarkets are filled with housewives who've gained many ounces because they drove the car the few blocks to the store.

"I hope you will print what I write, or some of it. The usual exercises may be all right, but they are done indoors and cannot replace a whirl on the courts, a slide down the old slopes, a dive off the high board, or an evening of dancing."

With the emphasis the medical profession has been placing on exercises, it seems essential that we

Put your little foot right out. Think of the fun you'll have and the weight you'll lose. If you would like Josephine Lowman's leaflet containing folk dances, send a stamped, self-addressed envelope with your request for leaflet No. 29. Address Josephine Lowman in care of this newspaper.

Also, it adds special pleasure, as well as health, to life if we take some sport down through the years.

Why not have fun with groups in your own home trying folk dances? If you would like to have my leaflet, "Put Your Little Foot," send a stamped, self-addressed envelope with your request for leaflet No. 29 to Josephine Lowman in care of The Pontiac Press.

Anosmia is the term applied to the lack of smell.

Study Unit Meets

Child Study Club group III met Tuesday afternoon at the Onagon Trail home of Mrs. Carl Bird.

Hostesses for the event were Mrs. William Bleaney, Mrs. Donald McColl, Mrs. Richard McPartlin and Mrs. Donald Rath. The program consisted of a review and discussion of the Christopher Records.

The Soft Life

To enjoy the pleasure of stepping on a clean, soft, comfortable surface when you get out of bed in the morning, spread a small bath mat next to the bed at night. Even if the floor is carpeted, the mat will serve to protect the rug from soil, wear, and traces of bath powder.

This luxurious idea—discovered at a fine hotel in Scandinavia—is really practical from the laundering standpoint since bath mats can be machine-washed and dried along with any regular load.

Many Guests Honored at Shrine Ceremonial

Mrs. Donald K. Ely, worthy high priestess of Pontiac Shrine No. 22, Order of the White Shrine of Jerusalem, presided at the Christmas Ceremonial last evening when her husband received the degrees of the order.

Honored guests for the occasion were Mrs. Alvin Brander of Sarnia, Ont.; Mrs. Richard Kuhn, Davis; Mrs. Gilbert Tindall, Port Huron; Mrs. Dorothy Shaffer, Dearborn; and Mrs. H. Wayne Reeves of Pontiac.

Spray for Brows

(NEA) — Here's a new way to train eyebrows to do your bidding. Just use hair lacquer, sprayed on your fingers and transferred to your eyebrows. Don't try to spray your brows directly. The spray is bound to get into your eyes.

Interlakes Group Gets Together for All-Day Session

Some 16 members of Interlakes Extension group met Wednesday for an all-day meeting at the South Winding Drive home of Mrs. George Rupert.

Following Mrs. Wilbur Ott's lesson on "Managing of Family Credit," luncheon was served by the hostess. Later, the group made Christmas trees from paper dolls.

The Christmas dinner party is set for Dec. 17 at the Middle Belt Road home of Mrs. Raymond Swaney. Members will contribute cookies, candy and gifts to be given to a home for the elderly.

Shoes Get Soaked?

NEW YORK (UPI) — When shoes become soaked in a shower, stuff them with paper and allow them to dry for several days—away from heat.

Then remove mud from leather by sponging with thick dry soap or detergent suds, using a minimum of water, the Cleanliness Bureau suggests. Rinse-wipe with a damp cloth and allow to dry.

Gloria Swanson Is a Very Charming Talker

BY GAY PAULEY

NEW YORK (UPI) — If Gloria Swanson ever wanted to retire from her acting and business careers, she could make an elegant living on the lecture circuit. Miss Swanson proves to be an

interesting talker on just about any subject you want to bring up—from the installment plan to interior design and "don'ts" in dress for the older woman.

Take the installment plan. "I declare," said Miss Swanson, "if

there were another 1200 (crash) the only people who would survive are the movers. There wouldn't be enough vans to take away what people don't own."

Or, interior design, especially in hotels where she stays on business trips. "You can tell a woman didn't plan the rooms," said Miss Swanson. "Some tall man put all those bathroom mirrors so high a woman can't see in them."

"And there are no full length mirrors anymore. How are you to know your stockings seams are straight, your hemline even? And why aren't the draperies lined to

about on light when you want to sleep late?"

On "don'ts" in dress for the mature. "A sleeve to the midarm or ending at the elbow is much younger looking than a long one," said the actress who also designs for the Puritan Dress Co.

"Only the very young, long-necked can wear high-rising neckties. The mature woman looks better with a neckline away from the throat. Funny what nature does to us . . . as we get older, our necks get shorter and our feet bigger!"

Or, her idea of heaven. "If Miss Swanson, of her long career

would have no suitcases. I'm tired of living out of them. No paper. Do you know this world is being smothered in paper? Well, yes, a newspaper, and maybe a few Kleenex. But no phones, no doorbells."

Miss Swanson's career before the cameras began in 1913 with the silent movies. Now, she has turned to television.

She will play the role of a silent movie queen in a guest appearance Dec. 15 on the ABC network series, "Straightaway."

"I was the product of an invention, the movie camera," said Miss Swanson, of her long career

which made her an international symbol of glamour.

"I have been acting since I was 14 . . . and I often wonder what would have happened if I had arrived in Hollywood 10 years earlier, or 10 years later."

I do know one thing, if I had ended up selling ribbon or being a phone operator, I would have been the BEST ribbon salesman or phone operator around."

Miss Swanson is a rare breed of movie star. She tells her birthday—March 27, 1898. "I think all

this talk about age is foolish," said Miss Swanson. "Every time I am one year older, everyone else is too. In this country, you're measured by how old you are and how much money you have. It's sad commentary on our values."

"The American man has the idea

that a woman past a certain age has no romance left. Silly man, he doesn't know it's the other way around."

The actress talked as we sat in the library of her New York apartment, lavishly fitted with period furniture and her collection of art.

A GOOD CHAIR, NOWADAYS, IS HARD TO FIND

If you have been yearning to buy a Herman Miller lounge chair designed by Charles Eames, you'll find it in Pontiac at Lewis Furniture.

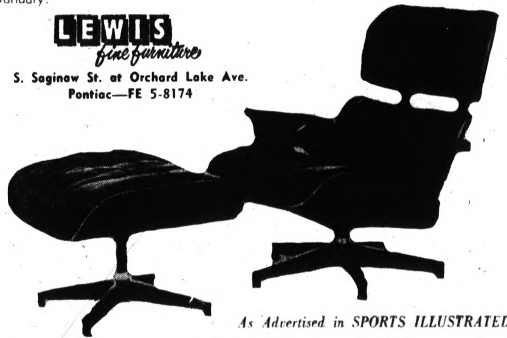

Why has this chair created so much excitement? Charles Eames got fed up with complaints that modern isn't comfortable . . . and proved that modern is. The top of THE CHAIR cradles your shoulders like a lap. Its back supports even the small of your back. Even the arms fly at a specific gravity to ease your muscle tension.

THE CHAIR is made of patina aluminum, imported Brazilian rosewood and best Aucht leather from Scotland. Best Aucht leather is the best of all leathers. A silky, sensuous, glove leather too expensive to use in furniture. THE CHAIR has won every important design award and is owned by an elite that includes a lovely old aunt in Westbury who decided not to give it up to her niece, the bride.

THE CHAIR and ottoman together are \$560. If you order now (before December 5th) we can deliver in time for Christmas — or if you order later, we will give you a gift certificate and deliver in January!

Bowling's a Real Ball

By SHARON KAY RITCHIE, Newspaper Enterprise Assn. The thing that makes the four-step delivery click is the pendulum swing.

Just as the pendulum on a grandfather's clock moves forward, back and forward, so does the bowling ball.

The first step, the pushaway, has gotten the ball in motion. It begins its descent on the second step. If the timing is right, the ball will be alongside the right knee as you put the weight on the left foot. During the second step the arm should be close to the body and straight.

The second and third steps should be so carefully rehearsed and practiced that they become automatic.

Ed Lubanski, all-time American Bowling Congress all-events rec-

ord holder, passes along these tips:

Take the left hand from the ball as you begin the second step. If you hold the ball with both hands too long, your timing will be off and you will be ahead of the ball. If you take the left hand from the ball too quickly, the ball will be ahead of you at the foul line. Practice coordinating your motions.

Lubanski suggests you check to see that the arm is straight during the downswing by putting a towel under the arm while practicing. If the towel falls out on the second step, you know you are not swinging straight.

Not swinging straight causes the ball to veer to the side.

NEXT: The backswing.

Books Offer Photography Tips

Tell Your Holiday Story by Pictures

BY BART KINCH
United Press International

If you had a family reunion on Thanksgiving and discovered after the guests arrived that you had neglected to purchase film to record the event, now is the time to start planning your Christmas picture-taking.

The possibilities are many. First, there is the immediate family. This is a must and should be recorded, wherever possible, in both movies and stills.

But don't let Mom and Dad become too preoccupied with shooting pictures of the children or relatives so that they exclude themselves from the photo record.

Box cameras and most adjustable cameras are simple to operate. This means all members of the family — from children to grownups — can have a turn at snapping pictures.

Many cameras, both still and movie, can be set on a tripod and operated without anyone at the camera. The still cameras suitable for this type of photography have self-timers, either built into the camera or as an attachment.

WALK INTO IT

Some movie cameras can be locked into operating position and the photographer merely walks into the scene. These will be relatively short scenes because the camera must be reloaded, but it will enable all present to get into the picture at the same time.

Most of the family pictures will be shot indoors. This means flash for the still cameras and flood lights for the movies—so get your supply of bulbs and film now.

Here are a few simple suggestions:

- Hold the camera steady and press the shutter release gently. A jittery camera means blurred pictures.
- Don't load or unload the camera in bright light.
- With simple cameras, use color films only in sunlight or with flash.
- With adjustable cameras, check the film instruction sheet for correct settings. If you are using an automatic camera, be sure to set the right film speed number.
- Keep the background simple and uncluttered.
- The closer you are to the subject, the better the picture is likely to be.
- While on the subject of Christmas, don't overlook photographic books as useful and inexpensive gifts for any shutter-bugs you may have on your shopping list.

For the color fan who is thinking about doing his own processing there is "How to Process Color Films at Home" by Ira B. Current (Amphoto, \$2.50).

AN EASY GUIDE

This is an easy-to-follow guide to darkroom procedure with simple instructions to insure the beginner of good results with his earliest attempts at home processing.

For photographers interested in nature, animals and pets, Amphoto-Universal has two volumes at \$1.95 each — "Nature Photography" by Edna Bennett and "Animal and Pet Photography" by Mildred Stagg.

Miss Bennett's little volume provides valuable pointers on treatment of almost every situation involving animals and scenery: Landscapes, coastlines, Woodlands, gardens, insects, pet-fishes and denizens of the zoo all are discussed for both the black-and-white and color fan.

GIVES YOU TIPS

In "Animal and Pet Photography" Miss Stagg reveals those valuable details and tricks of technique in shooting animals that make the difference between snapshooting and outstanding professional-type pictures.

Although many furs now come from tropic climates, the largest supply still comes from the north.

Don't trust to luck when shooting important pictures. Instead, double check lens and shutter settings, viewfinder framing and take at least two exposures of each important scene or event. If time permits, bracket your exposures.

A picture should tell a story. Before you trip the shutter, stop a moment to think. Decide what you want the picture to show, then make that point the center of interest. Do it by subject arrangement (composition), by point of view, by lighting and by selective focusing.

Beauty Contest Judges Steal Scenes at Fair

ROME, Ga. — There may have been more eyes watching the judges than the contestants when the 1961 beauty queen was chosen at the Coosa Valley Fair. Miss Charlene Turpley, 17, was picked for the title.

Her competition for spectator appeal came from Delores Hodges, Linda Brunson and Janet McGee—Miss Alabama, Miss Georgia and Miss South Carolina—judges for the contest.

Men Cooks Invited to Submit Original Potato Chip Recipes

Homemakers may be saving many untold hours in the kitchen preparing what they think is their husbands' favorite type of foods and achieving just the opposite results.

When men cook for themselves, according to recipes submitted thus far to the Men's National Cooking Championship, a competition open to amateur male chefs throughout the nation, the dishes they prepare often are not what could be expected.

Southern men, for instance, have been sending in recipes for more fish and seafood entrees than any other type of dish. This fact is in contrast with the usually held belief that pork and poultry dishes are the most popular in the South. Most of these entrees are casseroles, although a large number of broiled and fried fish and seafood dishes have been submitted.

In the North Central States, where beef has long thought to be king of male preferences in food, a majority of the entrees from this section have also been recipes using fish and seafoods, or dairy dishes. Broiled entrees, however, predominate.

Westerners, on the other hand, have indicated their preferences for main dishes in the form of salads, particularly those using fresh fruits and vegetables, followed by poultry and meat dishes.

The only section of the nation where men seem to be sticking to the accepted pattern of tastes is the East, which includes the Middle Atlantic and New England states. Recipes mailed in from Easterners include meat and poultry, fish and seafood, dairy and vegetable dishes. The easy accessibility of all types of products probably contributes to the diversity in male taste in this region.

TYPICAL ENTRIES

Typical entries in this year's championship include such dishes as "Chip 'n' Cheese Casserole," "Stoyksters," "Oyster Golden," "Egg and Chips," "Baked Noodles," "Mexicali Casserole," "Crabmeat Quiche," "Lobster in Mushrooms," "Scarboro Shore Special," "Maine Marine Mash," "Crab Corsica," "Crab Risotto" and "Potato Chip-Onion Cakes."

The entrees can be submitted by any male, who is not a professional cook. All he has to do

is send a recipe, which must be mailed no later than Dec. 15, 1961, to the Men's National Cooking Championship, 13 E. 41st St., New York 17, N.Y. Nothing else is required. The recipe must be an original main dish using potato chips as an ingredient.

When the competition closes on Dec. 15, women food experts will judge each recipe for taste, originality and appearance. State champions will be selected, who then become eligible to compete for regional championships.

Four regional champions—from the North, East, South and West—win a free week's vacation for two (man and wife or friend) at the famous Ambassador Hotel in Los Angeles during January, plus a chance at the title of Men's Cooking Champion and a grand prize of \$1,000.

The regional champions will be flown to Los Angeles, where they

are required to prepare the dishes using brand new stoves, utensils and other implements. The prepared dishes will be judged by women food editors and experts to determine the national champion. Runners-up will also receive cash awards.

Following are recipes submitted by two of last year's state champions, who are eligible to compete this year. The recipes are indicative of the type of entrees this year's regional champions will prepare:

Royal Bean Casserole

1 large can green or wax beans, drained
1 can mushrooms, drained and sliced
1 No. 2 can bean sprouts, drained
1 can chestnuts, drained and sliced

Mix the above ingredients in a large bowl. Add cream of mush-

room soup and mix well but gently so as not to break the green beans. Add salt and pepper to taste.

Pour into good sized greased baking dish and mix together the following:

1 medium sized package potato chips, crushed
1 can french fried onions, diced

Sprinkle over the top of the bean mixture and bake 25 minutes at 325 degrees. Remove from oven and sprinkle grated cheese of your choice over the top and return to oven just long enough for cheese to melt. By Rev. K. E. Hayden, Illinois, Ill.

Chips 'n' Noodles

12-ounce package potato chips
12 ounces pork egg noodles
8 ounces (half package) a m l l curd cottage cheese
3 ounces cream cheese

1½ cups milk
2 tablespoons butter
¼ teaspoon salt

Add 1 teaspoon salt to 3 quarts boiling water, then slowly add the noodles; allow water to return to boil after each addition of noodles. Boil about 10 minutes. Drain, add cottage cheese to noodles. Make sauce of flour, milk, butter, cream cheese and salt. Add sauce to noodle and cottage cheese mixture.

Crush potato chips. Mix potato chips into noodle mixture. Place in baking dish and bake in moderate oven for about 30 minutes. Serves 6 to 8. By L. Trunko, Jacksonville, Fla.

Pastry made with flour and corn meal is fine to use when you want a topping for a deep-dish fish and vegetable pie.

BEEF TREAT—Sunday is usually a special kind of day in most families. Not only is the routine different from other days, but Mom pre-

Yeast Muffins With Cheese Are Flavorful

This recipe won its originator a prize contest several years ago. It's so quick and good, it's worth your attention.

- Raised Cheese Muffins**
- 1 envelope active dry yeast
 - ½ cup warm water
 - 2 cups soft yellow cheddar cheese
 - 2 tablespoons sugar
 - 1 teaspoon salt
 - 1 egg
 - 2 tablespoons butter or margarine (melted)
 - 2½ to 3 cups sifted flour
- Sprinkle yeast over warm (around 105 degrees) water in mixing bowl. Let stand 5 minutes. Add cheese, sugar, salt, egg, melted butter and 1 cup of the flour. Beat 2 minutes—until cheese is well blended. (With electric mixer, use low speed.) Gradually add remaining flour to form a dough; mix well.
- Fill well-greased muffin cups about half full of dough. Cover and let rise in warm place until doubled—1 to 1½ hours. Bake in moderate (375 degrees) oven 15 to 18 minutes or until a deep golden brown. Serve hot.
- Makes 12 if muffin wells are each about 3 inches across top and 1½ inches deep.

Brussels Sprouts With New Ideas

Ever serve Brussels sprouts in a salad? You'll like them this savory way.

- Brussels Sprouts Salad**
- 1 pint Brussels sprouts
 - ¾ to 1 cup boiling water
 - 1½ teaspoon salt
 - 2 tablespoons salad oil
 - 4 teaspoons cider vinegar
 - ¼ teaspoon curry powder
 - ¼ teaspoon prepared mustard
 - Cayenne pepper
 - 1 tablespoon chopped chives (if desired)
- Wash sprouts in cold water and trim; drain. Place in a saucepan with the boiling water and salt; bring rapidly to boiling point, uncovered; boil just until tender; crisp—about 10 minutes. Drain if necessary.
- Mix oil, vinegar, curry powder, mustard and a dash of cayenne; pour over sprouts; chill. Before serving, sprinkle with chives. If used. Makes 4 servings.

Fresh Fruit Appetizer Served with Guacamole

For a refreshing pre-dinner snack, let your family dip into appetizers of fresh oranges with guacamole. Just slice whole unpeeled California oranges, then cut each slice into three or four bite-size pieces.

Dip into a mixture of one mashed ripe avocado blended with one tablespoon grated onion, two tablespoons lemon juice, three tablespoons mayonnaise and one-half teaspoon salt.

Gala Roast Pork

A suckling pig with a bright red apple in its mouth graces the table in many European lands on New Year's Day, says the American Meat Institute. Suckling pigs are virtually unobtainable in this country, but a pork crown roast can be just as gala, especially if you spear spiced crab apples at the top of the crown before bringing the roast to the table.

OYSTER AND HAM PIE—This three-century old recipe from the colony of Virginia is as good today as it was then. The combination of oysters, ham and peas in a creamy sauce of milk and

wine makes an epicurean dish worthy of both the 17th and 20th centuries. Serve it with thick slices of corn bread and a simple dessert and you have a feast indeed.

Oysters Vary Cold Weather Meals

BY JANET ODELL

Pontiac Press Home Editor
Do you know that in the 8 1/2 years that we have been editing the Pontiac Press food pages, this is the first time we have ever written an article on oysters? And we thought we had covered every subject at least once.

Our old reliable office cookbook says that both the ancient Greeks and Romans ate oysters. After Caesar conquered Britain, British oysters were shipped in bags of ice and snow to Rome for banquets. Who said this was a new idea?

Oysters were one of the foods the early American settlers found in abundance. Today the industry is an important one on both Atlantic and Pacific coasts.

With modern methods of canning and freezing, oysters are no longer a food restricted to the "R" months. Keep any fresh or frozen oysters under refrigeration. At room temperature they spoil rapidly and can cause serious food poisoning.

Treat oysters as you do eggs—cook them gently. Overcooking makes them tough. When the edges curl, the oysters are done. We'll pass along a reminder that we had to learn from experience: Don't rely on the packers to get every bit of shell out of the oysters. Peel through them before using them.

For 6 servings you will need at least 3 dozen shell oysters, one quart of shucked oysters or 2 number 1 cans.

Oysters furnish proteins, minerals, vitamins and considerable calcium. An oyster stew makes an excellent meal for a cold night.

Here's a version that is more dressed up than the ordinary.

Elegant Oyster Stew
1/4 cup butter or margarine
2 onions, sliced
1 clove garlic, quartered
1 carrot, sliced
1 stalk celery
Sprig of parsley
2 seeds thyme
2 cups milk
1 cup heavy cream
1 cup oyster liquid (or liquid plus milk to make 1 cup)
2 cups or 2 dozen oysters
1/2 teaspoon salt
Few grinds fresh pepper
Dash Worcestershire sauce
Dash Tabasco

Melt butter in a large saucepan. Add onions, garlic, carrot, parsley, and thyme. Cover and cook about 10 minutes. Add milk, cream and oyster liquid. Heat until hot, but do not boil. Add oysters and cook just until oysters curl at edges. Add salt and pepper. Just before serving, add Worcestershire and Tabasco. Makes 4 servings.

Combine oysters with strips of lean pork for an unusual main dish. This is a fat-saving recipe.

Pork and Oyster Pan Roast
2 cups lean pork, cut into strips
2 tablespoons polyunsaturated pure vegetable oil
1/2 cup chopped onion
1/2 cup minced celery
2 tablespoons flour
Dash pepper
1 cup water (including oyster water)
1 pint or 2 cans oysters, drained
6 slices toast
Cook pork strips in oil until browned. Remove meat; add onion and celery, cooking until tender. Stir in flour and pepper. Add brown

water and pork, stirring constantly until mixture thickens a bit. Cover and cook over low heat 20 minutes, stirring occasionally. Add oysters and cook slowly 5 to 10 minutes longer. Serve on toast. 6 servings—490 calories each with toast.

Earlier we spoke of the colonies' finding and using oysters. In the Old Dominion area which is now the state of Virginia an oyster and ham pie was a favorite recipe. Although the ingredients are up to date, the directions are quoted from the original source.

Oyster and Ham Pie is one of the featured recipes in a new booklet "Drinking & Dining Recipes from the Original Thirteen Colonies" which can be obtained free by writing to the House of Calvert, 99 East 22nd Street, New York 22, N.Y.

Oyster and Ham Pie
1 pint fresh oysters
1/2 cup butter
1/2 cup flour
1/2 cup oyster liquid

Broil Fruit Combination, in Spicy Wine Sauce

A colorful combination of wine-glazed fruits makes a simple yet sophisticated dinner dessert. Arrange canned cling peach halves, pineapple slices and banana quarters in a shallow baking pan. Combine 3 tablespoons each melted butter and brown sugar, 1/2 cup Port or Muscadet wine and a dash of cloves and lightly. Pour over fruits and broil lightly, basting frequently, until fruits are golden brown.

Flour. To this mixture add Oyster Liquid, white Wine and good Fresh Milk. Cook this till good and thick. Add then the Oysters. 3 Handfuls of cutup cooked Ham, green Peas, Onion, put all into Pot and cook in hot Oven for 15 minutes". Makes 4 generous servings.

Best news ever for self-feeding Gerber Meat Sticks make a nutritious finger food for toddlers. These teeny-weenies are made from selected, lean Armour Pork and Beef for protein to spare. Nonfat dry milk solids are added to increase protein content and provide other important nutrients. What's more, Gerber Meat Sticks are low in fat... and, they're mildly seasoned, to suit the taste of toddlers. Heat slightly or serve "as is" right from the container. Big brother and sister will like them, too.

Pickle Fritters Are Surprising

Fry-up time this season and probably forevermore features a fresh new fritter idea for an appetizer tidbit or a luncheon mainstay. Tucked inside of each little round fritter ball is a succulent sweet pickle slice.

Easy to make and serve, this new recipe is a special treat for its textural contrast and appealing appearance are really different. It's time for a change and this combination is an addition to your food file that will be an immediate sensation.

Pickle Fritters
1 cup (36 to 40 small slices) sweet pickle or candied sweet pickle chips
1 cup unstuffed pancake mix
1 egg
1/2 cup milk
4 cups oil for frying

Drain pickle slices on paper towels, turn once to dry both sides of pickle well. Measure pancake mix into mixing bowl. Combine egg and milk; add gradually to pancake mix stirring during addition and until mixture is smooth.

Heat oil in electric fry pan with temperature control set at 375 degrees F. oil is correct temperature for frying when a 1/2-inch cube of bread turns light brown in 90 seconds.

Dip drained pickle slices, one at a time, into batter covering pickle slice entirely and fry in shallow hot fat until puffed and a golden brown, 2 to 5 minutes turning fritter once. Drain on paper towels. Serve hot. Yield: 36 to 40 fritters.

Stewed Pears, Cranberries Go Into Pandowdy

This dessert is the hearty delicious sort that is perfect to serve after soup and salad.

Cranberry Pear Pandowdy
2 cups cranberries
1 quart pared sliced pears (1/2 inch thick)
1/4 cup water
1 cup sugar
1 tablespoon cooking oil

Tapoca
2 tablespoons lemon juice
1/2 teaspoon vanilla
1/4 teaspoon salt
Biscuit Topping

In a 2 quart saucepan cook cranberries and pears, covered, until half done, 5 to 7 minutes after they start steaming; stir occasionally. Add sugar, tapoca, lemon juice, vanilla and salt. Turn into a 10 by 6 by 2 inch baking dish. Drop 8 mounds of the Biscuit Topping over the fruit.

Bake in a hot 400 degree oven until biscuits are browned, 20 to 25 minutes. Serve warm. Makes 8 servings. Place a piece of foil under Pandowdy toward end of baking to catch any fruit syrup that bubbles over.

Biscuit Topping
1 1/2 cups sifted flour, 2 1/2 teaspoons baking powder, 1/2 teaspoon salt. Cut in 6 tablespoons butter or margarine until particles are fine. Stir in 2 1/2 cups milk.

Many Fruits, Vegetables Abundant and Low Cost

Beef, pork and lamb are the main meat offerings this week and reports the Marketing Agent, Mrs. Josephine Sawyer. These represent good values from standpoint of cost, for generally whole-sale meat prices are higher following Thanksgiving week.

Produce counters continue to offer a good variety of fresh vegetables. Total supplies for the next few weeks may be a little below a year ago, however. Commercial production of fall vegetables, excluding potatoes and sweet potatoes, is now estimated to be 5 per cent below last year. The only crops that show increases are snap beans, sweet corn and eggplant.

Although fall crops of broccoli, Brussels sprouts and cauliflower are below last year, supplies of each are still seasonally large. This means seasonally low prices. Latest estimates place the fall potato crop 13 per cent above last year and 27 per cent above average. With supplies now coming from storage, prices may be slightly higher, but low prices appear in order for the next several months. Sweet potatoes are in peak supply at this time, and though this year's crop is down slightly from last year, prices are fairly low.

The lettuce outlook is one of light arrivals in the post-holiday period, caused largely by low temperatures and winds in the Western growing areas. This explains why present prices hold at about 25 to 29 cents a head.

FLORIDA FRUIT
Florida oranges and tangerines are lower in price as supplies decrease. Quality and natural sweetness are improving. The Florida orange crop is the second largest on record. Tangerines are also slightly lower priced and supplies have increased considerably.

Wish to take a look into agricultural supplies for December? Agricultural economists report that turkey prices remain at levels substantially lower than those of a year ago. There will be plenty for continued feasting.

Broiler prices will continue to be low. Marketings are 6 to 8 per cent above those of a year ago for the last quarter of 1961. Retail egg prices will average 8 to 9 cents per dozen less than this same period last year. A check of eggs in markets this week shows small and medium size eggs to be the best values when cost per pound is considered.

Use of frozen and canned foods make meals quick and easy any time and especially so during the busy days before Christmas. This week many stores are offering

Bet Grandma Served Stewed Raisins

Accurate directions for preparing a simple dish—stewed raisins—are hard to come upon. Place a piece of foil under Pandowdy toward end of baking to catch any fruit syrup that bubbles over.

Stewed Raisins
2 cups raisins
2 cups boiling water
Raise raisins in hot water. Drain. Place raisins in boiling water in a small saucepan and boil gently about 10 minutes. Cool. Serve with cornmeal and sugar. Makes about 2 1/2 cups.

OPEN ALL DAY SUNDAY thru Thurs. 9 A.M. to 10:30 — Fri. and Sat. 9 to 11 P.M.

TASTE-TESTERS — Six Pontiac area women were guests at the 300-Bowl in Waterford Township, for the sole purpose of feasting on unusual ways to fix chicken. Almond and wild rice stuffed boneless chicken legs and breasts were the delicacies served. From left seated are Mrs. Allen

Greenlee, Mrs. Virginia Maurus, Mrs. David Hicks, and Mrs. Dorothy Olson. Standing from left are John Martin, Mrs. Eleanor Puglise and Edward Mitchell. The two men distribute the unique chicken to restaurants only.

Six Women Taste Test Exotic Chicken Dishes

The lowly chicken has taken on a new look — and taste — to six Oakland County women who were the first in the area to test three exotic appetite teasers Tuesday at the 300-Bowl, in Waterford Township.

The local professional women were given a seven-course banquet form soup to nuts, but the main dishes were almost chicken à la Kiev (wild rice stuffed boneless breast of chicken), chicken cordon bleu (boneless chicken breast stuffed with a blue cheese mixture), and boneless leg of chicken stuffed with almond, apple and bread dressing.

Enjoying the feast were Mrs. Allen Greenlee, a township real estate agent; Mrs. Virginia Maurus, a bookkeeper; Mrs. David Hicks, principal of Burt School; Mrs. Dorothy Olson, township treasurer; Mrs. Kenneth McKensie, a secretary of Lincolnshire Drive; and Mrs. Elmer Puglise, the 300 Bowl's food service supervisor.

It all started a few months ago when Mrs. Puglise tasted the drawn-butter stuffed almond chicken à la Kiev at the City Club in Detroit. She took the time to visit the club kitchen and track down its original source.

Two distributors, Edward Mitchell of Pontiac and John Martin of Detroit proved to be the men most informed about the unusual foods, and with some persuasion, produced the test-dinner—the first of its kind in Michigan.

The mouth-watering foods come in small frozen portions. They are

first quick-fried in oil, then placed in a medium hot oven, served covered with a mushroom sauce.

Partially Filled

When you are baking muffins, it's usually safe to fill the muffin-pan wells two-thirds or three-quarters full. If any well is not used, for batter, half-fill it with water, chocolate ice cream, a topping of butter putting the pan of muffins in the oven.

Tinted Meringues Hold Ice Cream

Scoop chocolate ice cream into a pastel peppermint almond meringue for a luscious party dessert. Prepare meringues by beating 1 egg whites with 1/4 teaspoon cream of tartar until frothy. Gradually add 1/2 cup sugar, and beat until stiff peaks form.

Tint half the mixture delicate green with food coloring; tint the remaining amount pink with red food coloring. Spoon onto heavy brown paper on cookie sheet and bake in slow oven (300 degrees F.) about 30 to 40 minutes.

NO CHEAP ARTIFICIAL FLAVORINGS GIVE THE TRUE, RICH FLAVOR OF BURNETT'S PURE VANILLA

Good cooks know only pure vanilla gives the richest, truest flavor. So don't risk spoiling your cakes, frostings and desserts with artificial flavorings made from cheap, harsh chemicals in an attempt to imitate vanilla. Burnett's is made from the finest, pure vanilla beans with no artificial ingredients added — it's real vanilla. Nothing can take the place of Burnett's for true flavoring! Also Available in Pure Almond, Lemon, Orange, Brandy and Rum Extracts.

America's First PURE VANILLA

SAVE 15¢

Meat at Breakfast Will Satisfy Big Appetites

Make Christmas breakfast a hearty one if your holiday dinner is a late-in-the-day affair. Serve several kinds of meat at breakfast to provide the family with a satisfied feeling until the festive

dinner is served, suggests the American Meat Institute.

Broiled lamb patties, crisp bacon and sizzling pork sausage make a handsome breakfast meat tray, one hearty enough to satisfy even ravenous appetites. Start the meal with grapefruit and add shirred eggs and a Christmas stolen, if you like.

How About Noodles

Don't neglect packaged green noodles! They add exceptionally fine flavor and pleasing color. Cook the noodles according to the package directions and then toss with butter and grated Parmesan or Romano cheese.

MISTLETOE? NO!!

WHERE THEY GOT

FREE PARKING

and

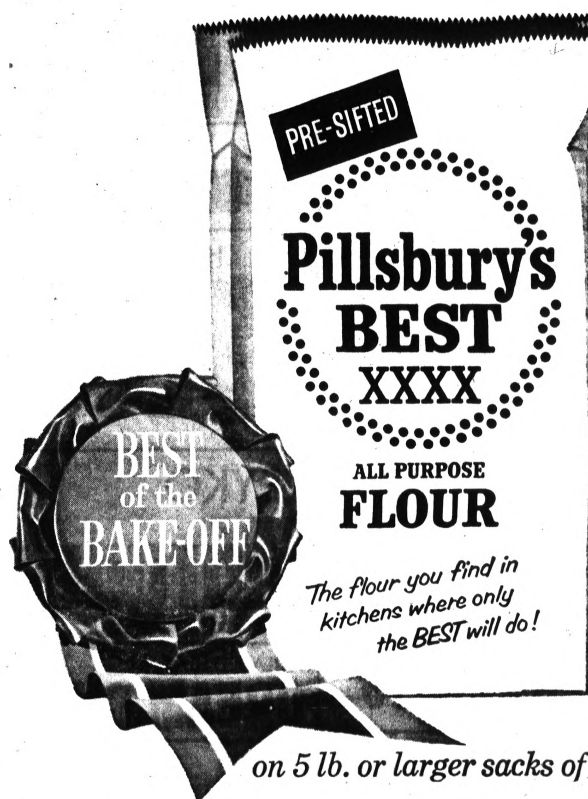

FREE BUS RIDES

HERE'S HOW IT WORKS . . .

Drive downtown and park in any one of the lots marked with the Blue Medallion. Give your parking stub to the clerk from whom you make your purchases. She will gladly stamp your ticket. The parking lot attendant will then charge you for the difference in the parking fee and the amount stamped on the ticket.

When shopping in downtown Pontiac ask the clerk for your free bus ride token when making a \$2.00 purchase. This will entitle you to a free bus ride on the Pontiac Transit bus in Pontiac, the Bee Line bus from Keego Harbor, Rochester, Commerce, Oxford, Lake Orion and Auburn Heights, and the Airport lines bus from Waterford and Clarkston.

Pillsbury's BEST Pre-sifted Flour

Lovely arrangement: save 15¢ and bake your best with Pillsbury's BEST! Pre-sifted? Of course . . . since long ago.

When you know exactly how much flour you need, skip the sift. But if you want to be sure of accurate measurement for the tenderest cakes, pies, biscuits . . . sift. Reason? All flour packs down in the sack. Without sifting you could get one-third too much flour. Pillsbury thinks your best baking is too good to risk that!

Parochial Schools Ask Less Bossing, More Money

LANSING (U) — Strengthening of Michigan's private and parochial schools—through less supervision and more money—has been recommended to the constitutional convention.

The suggestions came from three witnesses who testified Wednesday night at a public hearing of the convention's education committee. They claimed a combined student enrollment of some 214,000 in the state.

The Most Rev. Mgr. Vincent J. Horan, superintendent of schools for Detroit's Roman Catholic archdiocese, told the committee that parents of parochial school students should share in a partial return of the educational taxes.

"Parents are finding it increasingly difficult to pay for parochial education after they have already paid huge taxes for public education," he explained.

Mgr. Horan said that the state is saved about \$1 million a year in maintenance costs alone through the operation of parochial schools.

He did not spell out the details on how tax money would be returned to the parents of parochial school children, but emphasized that it should go directly to them—and not to the school system itself.

WOULD CUT SUPERVISION

Another witness, Rev. John F. Brenner of the Wisconsin Evangelical Lutheran synod (Michigan division), urged that the convention amend the constitution to limit the area of responsibility and supervision of the state superintendent of public instruction and the state board of education to tax-supported public schools.

"Not to do so," he said, "would permit eventual suppression of parochial school systems or even their destruction."

He said this was attempted in 1929 in a move to make parochial elementary schools unlawful.

E. R. Post, principal of the Grand Rapids Christian High School, said that private schools had been subjected to manifest discrimination, and he urged that no child suffer discrimination as a result of his attending an independent school.

Post said discrimination had been practiced in the field of school bus transportation.

"Of concern to us," he said, "is the fact that auxiliary services provided by state legislative action for the benefit of the children of the state have not in every instance been made available to all alike."

"In the field of special assistance to the mentally and physically handicapped school pupil, there has been manifest discrimination."

Plan Public Hearing on Reapportionment

LANSING (U) — Members of a constitutional convention committee studying legislative reapportionment have decided to hold a public hearing in Detroit. The vote was 10-9.

Date and time of the hearing will be decided later, but the meeting is expected to be held in the city council chambers.

The committee took its action after Democratic members threatened to hold their own public hearings on reapportionment in Detroit if the group refused to budge out of Lansing.

On an earlier vote, the committee decided not to hold public hearings outside the Lansing area. The original decision came on an 11-4 vote, mainly along party lines.

Post contended that the new constitution should state that no child be denied these benefits, regardless of whether he is attending a public or legally-qualified private school. He said the decision to include or exclude a child should be left to local authorities.

The education committee heard the testimony of a half-dozen other witnesses. One was August Scholle, president of a coordinating council of the Michigan State AFL-CIO, who recommended the establishment of a coordinating council on higher education.

Soviet Defense Official Not Looking for a War

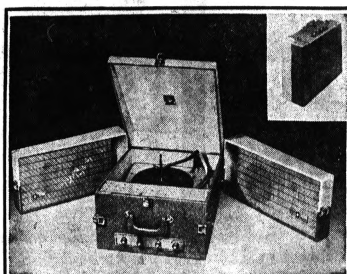

LONDON (UPI)—K. N. Rudnev, chairman of the Soviet Union's State Committee for Defense Technology, was asked by a group of

British industrial management experts Wednesday what the prospects were for a world peace. He replied by assuring them they would all live to be 120.

Man Rescues Boy From Dog, Then Dies

KANSAS CITY, Mo. (AP)—Clarence L. Fisher, 69, a semi-invalid, rescued a newborn from the onslaughts of a dog Wednesday. Then, he collapsed and died.

Fisher, who hadn't been able to work since 1943 because of a heart ailment, picked up a stick and ran 50 yards in response to cries from Earl Edward McDaniel, 14. The dog nipped the boy on the hand and shredded his newspaper bag. Then, it turned and chased Fisher back to his house. Fisher collapsed.

The dog was captured and will be tested for rabies.

Portugal Announces Austerity Program

LISBON, Portugal (AP)—The minister of finance Wednesday announced an austerity program for the Portuguese—including salary increases.

Minister Antonio Pinto Barbosa proposed that "the rich and strong shall pay more and the small and economically weak may pay less."

Gospel Becomes Heresy...at Middle Age

By HAL BOYLE
NEW YORK (AP)—One of the perils of middle age is that a man hardly knows what to believe any more.

The quest for certainty gets harder and harder.

As a youth one is taught certain truths and values that are supposed to be enduring and guide you all through life. But as you grow older you find that many things you were taught as facts when you were young are now regarded as errors—or superstitions.

The knowledge you were sure of as a student becomes muddled ignorance in the middle age. What was gospel becomes heresy, and what was heresy becomes gospel.

No wonder so many middle-aged people have so little to say any more. They are numb with doubt.

Wait...or twist?

A dancer prided himself on his ability to do a graceful waltz. Now you're a wallflower unless you're willing to get out on the floor, roll your eyes and twist yourself into a pretzel.

man never bought anything until he could pay for it in cash. Now if you aren't in luck up to your ears with a loan company to be regarded as a threat to the national economy.

Many a farmer never planted his crops until the moon was right. Now he never plants at all—unless the wind is right from Washington.

A hostess felt a guest at dinner had insulted her cooking unless he asked for a third helping of everything. Now if he takes more than a third-sized heap of mashed potatoes she wonders whether he isn't gratifying a secret death wish by eating himself into the grave.

It was patriotic to be patriotic. Now love of country is a sign of nationalism, and nationalism is held to be the greatest obstacle to world peace and unity.

Wait...or twist?

A dancer prided himself on his ability to do a graceful waltz. Now you're a wallflower unless you're willing to get out on the floor, roll your eyes and twist yourself into a pretzel.

A father was a symbol of family authority and the recognized head of the house. Now he's the money fellow who comes home once a week with his paycheck in his mouth but isn't supposed to open his yap about how the place is run.

Sociologists agreed the U.S. population might reach 170 million by 1970, but then would certainly level off. Now the population is

Son of Ferris Founder Dies at 85 in California

BIG RAPIDS (AP)—Authorities at Ferris Institute Wednesday reported the death at Sherman Oaks, Calif., of Carleton G. Ferris—whose father founded the Big Rapids school.

Burial service will be held Saturday at Big Rapids for Ferris, 85, who will be interred at Ferris Mausoleum.

The deceased was the eldest and sole surviving son of Davidbridge founder and U.S. senator, who founded Ferris Institute.

already 185 million—and still growing like mad.

An atom was some kind of a little mystery you read about in your high school physics or chemistry textbook. Now it is a giant that terrifies the whole human race.

What to believe?

Well, there's always motherhood and the need for a larger federal highway program; and death and taxes—and that's about it.

Savannah Has A-Fuel

WASHINGTON (AP)—The nuclear ship Savannah had a full load of atomic fuel aboard Wednesday, but months will elapse before the enriched uranium is used to propel the vessel.

If a man drank in public he was regarded as a victim of vice. Now doctors tell you a couple of cocktails before dinner are good for what ails you.

FILM PAIR WEDS—Actor Ben Gazzara, 31, and actress Janice Rule, 28, are a picture of marital bliss as they pose for their first picture since their marriage in San Francisco last week. The marriage was the second for each.

One Con-Con Plan Asks 83 in Senate

LANSING (AP)—A proposal calling for an 83-member state Senate—with one senator elected from each county—has been filed with the constitutional convention. The Senate now has 34 members.

The proposal listed 39 sponsors, all Republicans, and calls for four-year terms for senators with the first of such elections being held at the next general fall election after the new constitution becomes effective.

Several sponsors said they did not take the proposal seriously and felt it had no chance of being approved by the convention.

Actor Asks Permission to Make Name Legal

LOS ANGELES (AP)—Actor Anthony Franciosa wants to drop his legal name of Anthony George Papaleo in favor of his professional name.

He asked Superior Court for permission Wednesday claiming the dual names cause confusion in his business, social and professional affairs.

Gets U.S. Steel Post

PITTSBURGH (UPI)—Dr. R. B. O'Connor has been named to the newly created post of vice president of health services for United States Steel Corp., it was disclosed today.

To Become Missionary

RANGOON, Burma (UPI)—Burma's premier U Nu disclosed Wednesday that he will leave politics at the end of his present term and become a Buddhist missionary in India.

Netherlands to Construct 400 Public N-Shelters

THE HAGUE, Netherlands (AP)—Premier Jan de Quay told Parliament Wednesday the Dutch government plans to build 400

public nuclear fallout shelters in 1962. Each shelter will have room for 100 persons. De Quay said there now are 262 shelters in the Netherlands with room for 30 persons in each. The country's population is more than 11.5 million.

Duchess Dies in Paris

PARIS (AP)—Anna Gould, duchess of Talleyrand, 88, an American heiress whose European marriages and a divorce were headline news before World War I, died Wednesday.

College Professor Dies

PALO ALTO, Calif. (AP)—Sidney Siegel, 45, a professor on leave from Pennsylvania State University, died Wednesday, apparently of a heart attack.

President Bristles but Sympathizes With Reservists

WASHINGTON (AP)—President John F. Kennedy has made it clear he wants to increase the number of reservists in the armed forces. He has been called a "soft" on the subject. To increase the number of reservists, the president has asked the military to study the problem. He has also asked the military to study the problem of the reservist's status. He has also asked the military to study the problem of the reservist's status.

Federal Planner Nikita Extends Poo Greetings on His Birthday

VATICAN CITY (AP)—Soviet Premier Nikita Khrushchev has extended his birthday greetings to Pope John XXIII. The president of the Soviet Union has also extended his birthday greetings to the pope. He has also extended his birthday greetings to the pope.

Says Urban Renewal Problem Should Be Solved Locally

Detroit (AP)—The annual convention of the American Institute of Planners closed here Wednesday with the outlining of federal urban renewal policy and an appeal for state governments to do more in planning and redevelopment.

Flees East Germany in Big, Fast Truck

Berlin (AP)—An East German truck driver has fled to the West. The driver has fled to the West. He has fled to the West. He has fled to the West.

Lesinski Picks Detroit as Administrative Aid

LANSING (AP)—L. G. T. John Lesinski has announced the appointment of Ronald L. Dierbeck, 27, of Detroit as his administrative aid.

Washington's 2nd Nationalist alert at a SAC base in Omaha is serving. On is rendering. We call them in to prevent a war, not to fight a war. We call them in to prevent a war, not to fight a war. We call them in to prevent a war, not to fight a war.

Father Speaks Sadly of His Lost Son

Gov. Rockefeller Is Back, Still Hoping for Miracle

NEW YORK (AP)—Gov. Nelson Rockefeller was a eulogy of Michael—his 21-year-old son who died in a plane crash last week. The governor said he was "very sad" and "very lonely" without his son. He said he was "hoping for a miracle" that his son would return.

ROCKEFELLER STRAINS—New York Governor Nelson Rockefeller reflects the strain of his 10-day trip to New Guinea in search of his missing son. Here he faces newsmen before a battery of microphones Wednesday after arrival at New York's Idlewild Airport from Amsterdam, Holland. Still hoping a "miracle" would bring Michael back, Rockefeller spoke softly and sadly of his youngest son, Michael, 21, who disappeared in the wings of an armed helicopter around the world.

Actress Sees Greatest Accomplishment in Raising Her Daughter

By PHYLIS BATTELLE
NEW YORK—"I guess my greatest accomplishment in life," said Shelley Winters, reformed angry young actress, "is raising an intelligent daughter." Her name is Victoria, and she is 8.

"Tori has been intelligent since she was very little," continued Shelley, smiling benignly.

"She decided I was too busy not giving her enough attention, so she cut all the telephone wires in the apartment. Very resourceful."

"She also has a curiosity, is an avid reader of books. She has a library of about 150 books, all actresses do not get to see their

carefully catalogued. She reads them by flashlight under the blankets. I didn't find that out for long time, or she might not be wearing glasses today. But the glasses, she says, are in a good cause."

"The only thing she won't read are newspapers. I asked her why, and she said, 'because newspapers make you grow up so upset.' I think she knows instinctively it isn't time yet for her to worry about the world."

Tori is also smart enough to realize that little girls of famous actresses do not get to see their

mothers as often as little girls of housewives. At the same time, she is reasonable enough to accept it. Two years ago she asked her mother, who had recently won an Academy Award, "Why are you an actress?"

SAYS 'OKAY'
Shelley replied, "Because we have to have money to buy things." Tori said, "But you like it."

"Yes," she said.

The 6-year-old sighed, "Okay, then."

Some years ago before Shelley Winters married Victor's father, actor Vittorio Gassman (they've

long been divorced) the actress was known as "Hollywood's blonde pop-off." She was an idealist in Hollywood—a wrong place for idealists. She hated the build-up to the studio gave her as a sexy blonde, and she fought the cheap roles they made her play.

At one time, she was under suspension for two years because she fought for her rights to better roles.

She's mellowed now, and matured. "When I finished out my movie contract," she explained, "I didn't have anything to complain about anymore."

where there aren't enough hours in the day to permit you to sit around complaining. I bought a house in California recently, but I sold it before it was even decorated. I thought, when I bought it, that Tori might be healthier there—the kids are big athletes in California.

"But," she said, smiling the wide, honest smile that is so wonderfully un-actressy, "I don't think Victoria wants to be seven feet tall. She's happy in New York—especially when she thinks Central Park is her own back yard."

SHES NATURAL
Among reporters and columnists, Miss Winters is known for her

openness and naturalness. She didn't go to college, and sometimes they're afraid they'll be clobbered in print.

"But I decided a long time ago, somewhere along the line, that you can't be phony in person and then walk in front of a camera and be real. And good acting is being real."

Shelley will demonstrate her reality on Broadway this winter in a new play by William Inge which will open, probably, in February. She is delighted with the prospect. Not only because it's a good drama, but because it will allow her to spend more time with her

"Sometimes it's because they're unsure of themselves when they're not onstage. With the press—well, sometimes they're afraid they'll be sound undated most of us, daughter."

"Tori is going through a highly critical period in her life. She has decided to be a dentist for children only. It's times like these when a girl needs a mother..."

Homing Pigeon Seems in Need of Radar Set
HARLAN, Ky. (AP)—Found: A lost homing pigeon.

The bird landed during one weekend at the home of Mrs. Bob Cloud at Stanfill.

It carried an empty message pouch dated Aug. 6, 1961, but no other clue to its identity.

SWEET HEART IRONING SET

Complete ironing set. Hot ironing board, pad and cover. Chrome electric iron.

3.44

Basketball Teams Poised for Start of New Season on Friday

Big Parochial Game Slated at Madison

The lid, already loosened by a few area teams, blows off the 1961-62 basketball season Friday.

Big contest on the local scene will tangle with Orchard Lake St. Mary against St. Frederick at Madison Junior High. The Rams are favored to repeat as Suburban Catholic champs and OLSM is expected to finish high in the standings.

St. Michael is faced with a stiff test. The Shamrocks travel to Royal Oak where they will tangle with a good St. Mary quintet on the Dondero floor.

Pontiac Central will wait until Saturday before opening at Grosse Pointe. Northern will not play for another week.

Birmingham Groves, winless in its first two games, takes on Seaboard. The game, scheduled for the Groves' court, will be the opener for the Maples.

Another city clash has Dondero playing at strong Royal Oak Kimball.

Rochester, a team of unknown quality, hosts Walled Lake. The Vikings are rebuilding this season after gaining a tie for the Inter-Lakes crown.

Waterford Township High and Kettering wait until next week. Kettering will make its basketball debut at home Tuesday night against Oxford. The Wildcats are tussling with Romeo at Oxford Friday.

The Oakland A swings into action Friday. Lake Orion's inexperienced squad under new coach George Elias travels to Avondale where coach Dick Eby is searching for the scoring punch lost at graduation time.

Another key contest has league favorite Troy hosting a promising Clawson team. Oak Park, trounced by Bloomfield Hills Tuesday, tries to get on the winning track at Fitzgerald, another veteran outfit. Madison is not scheduled.

Defending champion Holly goes to Bloomfield Hills for one of the better Wayne-Oakland games. Clarkson is home to Clarenceville, loser to South Lyon last week. Westland and Milford, both not expected to do much this season, clash at Milford. Brighton goes to Northville, top-rated team in the league.

Southfield is idle for another

week and Farmington plays its opener Saturday at home against Groves. The Farmington reserves are in action Friday, being the first cage foe of new North Farmington.

The Cranbrook at Hazel Park contest should be a close one. The Vikings are rebuilding, but should be equal to Cranbrook.

Emmanuel Christian plays an afternoon game at Country Day. Royal Oak Shrine is host to Bredentine and Inlay City entertrains Saginaw Buena Vista.

NEW COACH — Gus Elchorn will be directing Waterford Township High's basketball fortunes this season.

Northville Looks Strong in Wayne-Oakland Race

Dave Longridge walked into an enviable position when he took over the head cage job at Northville.

The Mustangs are heavy favorites to add the Wayne-Oakland basketball crown to the laurels won on the gridiron this fall. Bloomfield Hills, leading challenger during the football season, is expected to push Northville on the courts.

Defending champion Holly lost its key personnel, including All-County Ron Morlan, and Clarkston appears to lack the height to be in title contention.

West Bloomfield and Milford could be spoilers. Clarenceville and Brighton can't be taken lightly.

Northville has experience and size. Tallest of the Mustangs is center Dan Brown (6'2"). He will be helped under the boards by Dick Bates (6'1"). Steve Juday (5'11) and Craig Bell (6'0) are the other letterwinners.

Bell, a junior guard, is a dangerous scorer.

INJURY PROBLEM

A dislocated shoulder could spell the difference for Bloomfield Hills. Regular center Bill Pettibone (6'3) is expected to miss the first two weeks of play because of a dislocated shoulder suffered in the last football game.

He supplies the rebounding for the Broncos and if the shoulder continues to hinder him, coach Ed Wheeler's team could have trouble.

Four other lettermen are back. They are Art Tregenza (5'8), Roger Stewart (5'10), Brian O'Neil (5'11) and Chuck West (5'8).

Tregenza is a major scoring threat. The senior guard posted in 229 points last season.

Mike Vayley (5'10) and Wilbur McKeachie (5'10) are the only experienced players remaining at Holly. Tom Mackey (5'10) could move into a starting role.

Jim Ray (6'4) leads the newcomers. Others are Joe Fisher (6'4), Doug Williams (6'2), and Ed Turner (5'8).

Dom Maulti is looking for height at Clarkson. Graduation took the rebounders, and scorers, including Bill Powell.

Mike Applegate (5'9) is the lone regular returning. Chuck Funk (5'7) impressed in spots last season as did Jerry Powell (6'0).

READY — Emmanuel Christian's George Crawford takes aim on the Lakers' first game Friday afternoon at Country Day.

Tip-Off 1961-1962

SPORTS

From JV to Starting Roles at PNH

Chiefs Rated Threat to Saginaw's Reign

Can Saginaw High defend its title this season? The team most likely to dethrone Saginaw High.

There are six lettermen working out at Flint Northern. Chuck Haynes, 6-5, is the most experienced. Fred Duncan stands as tall as Haynes and this should give the Vikings good rebounding strength.

These four schools appear to be the leading contenders in the expanded SVC. Midland, Bay City Handy and Flint Southwestern make their cage debuts this season.

Although the high scoring Tili man has departed, coach Larry Laeding has the other half of his 1960-61 scoring twins, Ernie Thompson, in uniform. Thompson and Brian Best, both 6-5, will be joined on the starting unit by Bruce LaBrec, 6-1.

This trio is the big reason why the Trojans are favored to repeat.

All-Valley player George Fed is missing at Pontiac Central. But coach Art Van Ryzin has five veteran lettermen around with which to build a title contender.

Clarence Douglas, a 6-0 guard, has a good outside shot. He led the Chiefs in scoring last season. Roy Conner, 5-8, will team with Douglas in the out court position.

Rudy Ransom, another good outside shot and floorman, will probably get the nod at one forward post. Bob Adams, 6-3, will join the 6-1 Ransom in the corners.

Denny Boyle lost his scoring at Milford and has only three veterans around which to build a team.

Gary Painter (5'11) is expected to carry the scoring load aided by Denny Flynn (6'1) and Curt Swift (5'8).

Other candidates for starting berths are Bill Allen (6'0), Jack Hanna (5'8), Joe Parrish (5'10) and Bill Falk (5'8).

Brighton has a fair nucleus led by Randy Marx (5'10), Dennis Pearsall (5'9), Mac Pearsall (5'11) and Jim Armstrong (6'2).

Bill Wheeler (6'2) and Ron Ridgely (5'8) are the veterans at Clarenceville. The Trojans lost their opener to South Lyon, 70-65.

Arthur Hill will floor one of the tallest front lines to ever compete in Michigan prep basketball.

In the center will be Craig Hill who has grown a couple of inches and now towers 6-10. He will be flanked by John Jensen, 6-7, and Ladd Rasmussen, 6-5.

This tremendous height advantage

will be a key factor in the team's success. The team's success will be a key factor in the team's success.

Take a couple of tall front line players with experience, mix well with some promising newcomers, and the result is the favorite's role in the Oakland A League.

This is the situation Peyton Goodwin of Troy finds himself in as he prepares the Colts for their season opener.

The majority of coaches in the league are claiming that Troy is the team to beat. They also speak cautiously when Oak Park is mentioned.

Fitzgerald and Clawson are expected to finish high in the race. This leaves Madison and Avondale ahead of Lake Orion, picked for last place.

Towering Hank Akin (6-5) will be at one forward position for the Colts. The pivot will be handled by Tom Kelly (6-4). Both saw plenty of action last season when Troy ended in third place.

Dennis Bronson (5-6) and John Denison (6-2) look to be the best of the newcomers. Others are team.

Roger Qualman (6-3) and Bill Muir (6-1).

Oak Park, co-champion with Avondale, has plenty of size, too. The Redskins will send veterans Alan Ruby (6-4), Dennis Pink (5-10) and Robert Goldenberg (6-1) into action. Joining them will be Mike Rappaport (6-5) up from the junior varsity.

Avondale will miss high scorers Jim McDonald and Tim Hart. Coach Dick Eby is molding a team around lettermen regulars Dale Yarger (6-2) and Roger Van Conant (6-0).

Bill Rice (5-7) and Romy Lucero (5-8) also have varsity experience. Ron and Don Close, both 5-8, are top candidates and Eby is planning to get Bob Rose (6-3) at center. George Elias has taken over the cage reins at Lake Orion and has little experience on hand. Dave Perry (6-0) is the lone veteran. Graduation stripped the top eight players from the Dragon's 1960-61 team.

Midland and Flint Southwestern appear to be on a par with Flint Central. Coach Keith Curry has three veterans back at Midland. Bay City Handy and Bay City Central, where coach Bill Ullenbruch has already turned in his resignation effective next June, should bring up the rear.

The Wolves seem destined to suffer through another season in the cellar, but Handy could be a surprise.

Remember the football season? The forecast:

1. Bay City Handy
2. Arthur Hill
3. Bay City Central
4. Flint Northern
5. Flint Southwestern
6. Midland
7. Flint Central
8. Bay City Handy
9. Bay City Central

FROM ABOVE — Otto Kennedy, Pontiac Central's 6-6 center, reaches above the hoop to slam the ball through for two points during a practice session. The big senior is one of five lettermen on coach Art Van Ryzin's squad.

Height Could Make Troy Loop Champ

Clawson has six letterwinners returning. How well they respond from last season's 4-12 mark has yet to be determined.

Tom McArthur (6-3) and John Miller (5-8) are the top scorers on hand. Harry Evans (5-10), Tom Grundler (6-3), Rod McAllister (5-8) and Bob Shop (5-11) are the other veterans.

Tallest newcomer is senior Dwight Roberts (6-6).

Tom Redinger (5-10) will attempt to lead Madison over of last place letterwinners John Chaitroff (5-10), Jim Knutson (5-6) and Ron Morgan (6-2) are available.

Fitzgerald has four starters back, including top scorer Duane Pisarcik. There are nine lettermen on the Spartan's roster and this could mean plenty of trouble for the rest of the league.

The forecast:

1. Troy
2. Farmington
3. Pontiac Northern
4. Clawson
5. Avondale
6. Madison
7. Lake Orion

Huskies Rated No. 2 Quintet in Lakes Race

Farmington Favorite; Skippers, Walled Lake Lack Experience

Unpredictable.

This is about the only way to describe Pontiac Northern's basketball team.

The Huskies, co-champion of the Inter-Lakes League last season, are being tabbed as high finishers during the 1961-62 campaign despite the loss of five starters and one top reserve.

Coach Dick Hall is looking for a second place finish and most of his contemporaries in the league agree with him. They also agree that Farmington is the team to beat.

Walled Lake tied PNH for the crown, but the Vikings don't appear strong enough to contend this season. Southfield has a veteran team on hand and Berkeley is stronger. It looks like a long winter for Waterford.

Hall is basing his hopes on members of last season's junior varsity. Dave Shields (6-11) is the only returnee with any real varsity experience. Ed Wassik (5-7) and Rick Fisher (5-8) divided their time between the reserves and varsity.

TWINS TO PLAY

Moving up to the varsity and into probable starting roles are the Hayward Twins. Gary and Larry were top performers with JV. Both stand 6-1 and slated to see action at forward.

This group could either battle for the championship, fall flat or struggle along in the middle. Lack of experience, height and depth seem to be overwhelming odds.

But Hall and the rest of the league think otherwise.

A potentially strong team at Waterford was split when Kettering opened. This leaves Gus Elchorn, who replaced Jerry Wallace as head coach, practically starting from scratch.

He does have five letter winners around which to build a team. Top returners are Bob Reudler (6-3) and Gary Moran (5-8). Rounding out the list of veterans are Paul Moran (6-8), Dave Abel (6-7) and Clark Leonard (6-11).

Dave Parks is a substitute coach who has been dumped in the hot seat. He replaced Jack Quigley, who was recalled by the army, as Farmington manager.

GOOD NUCLEUS

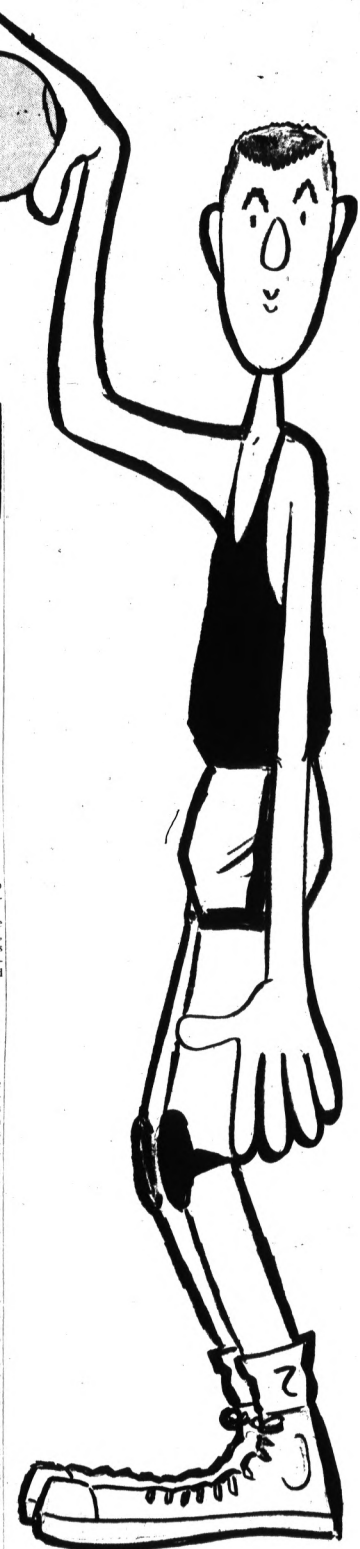

He has a good contingent of lettermen returning. They are Tom Thomas, Jerry Nelson, Norm Seder, Jim Anderson and Walt Grimalda.

Jim Horvath must floor a team at Walled Lake without high scorers John Maragos and Bill Carter. The lone starter returning is Mike Hinkley (5-6). Norm Mooney (5-10) is also rated a good chance of starting.

Southfield could be the sleeper. Coach Wil Steinkamp has his starting lineup returning and several experienced reserves. Top scorers Len Wilkinson (5-11) and Ted Malton (6-1) are back and so are Larry Bremser (5-9), Jim Robinson (6-3) and Joe Andrews (6-5).

The forecast:

1. Farmington
2. Pontiac Northern
3. Berkeley
4. Walled Lake
5. Waterford

Capac Is Heavily Favored to Defend Thumb Crown

Capac is a heavy favorite to turn at Brown City. Ralph Helt successfully defend its Southern Thumb championship.

Coach Henry Moore has four starters back and adequate reserves.

New Haven and Armada are expected to press Capac. Brown City and Memphis will be standing in the wings waiting for the top teams to slip. Anchor Bay, Almost and Dryden should be at the bottom.

Ken Kobayashi, John Stankula, Dan Pelt, Ricky Hawks (6-3) and John Schauer (6-5) are the top returners. Kobayashi, Stankula and Schauer each scored over 300 points last season.

Ivy Chopp, who averaged 13 points a game last season, leads a good New Haven team. Jim Porte and Bill Luoma are expected to spark Armada again.

Gary Gorall and Jim Gould reserve teams.

Cranbrook and Detroit St. Joseph will play Brother Rice varsity basketball games. Others on the Birmingham school's slate are reserve teams.

- THE FORECAST:**
1. Capac
 2. New Haven
 3. Armada
 4. Brown City
 5. Memphis
 6. Anchor Bay
 7. Almost
 8. Dryden

Sets Two Varsity Games

Cranbrook and Detroit St. Joseph will play Brother Rice varsity basketball games. Others on the Birmingham school's slate are reserve teams.

Cage Schedules for County Area Schools

Kams Seek to Repeat

Mikemen Given Outside Chance for SCL Crown

Two St. Mary Quintets Expected to Challenge St. Fred's Bid

"If determination, desire and team work will win the league, then we have a chance," said St. Fred's Coach Mike Wright as he watched his defending Suburban Catholic League champions practice.

Missing from the workouts are Mike Reed and Ted Doski, two mainstays of last season's team. Returning are Pete Vasquez (5-10), Jim Schuchman (5-11), Charles Deen (6-3), Tom Bradley (6-3), Fred Medina (5-8) and "Dude" Lukin (5-3).

Vasquez, the high scorer among the veterans, having tossed in 202 points in St. Fred's completed a 15-3 mark.

St. Michael has an outside chance for the crown. Coach Jim Niebauer is looking to Jim Hurren (6-3) and Charlie Dault (6-6) to play big roles. Larry Sonnenberg (5-10) is the other letterman.

After this trio, the coach has little experience to choose from. Some of the better newcomers are Bill Harding (5-8), Bill O'Neil (5-10), Stu Rinduff (6-0) and John Schlecht (6-1).

Orchard Lake St. Mary, with one victory under its belt, could prove troublesome. The Eagles are led by Al Miller (6-2), Tom Summers (5-9), John Rompel (6-2) and Emil Madar (5-8).

Miller and Rompel are the top scorers among the returnees. How effective the reserve strength turns out will determine whether the Eagles will finish second, as they did last season, or higher.

Our Lady of Lakes makes its basketball debut in the league with an inexperienced squad. George Sharpe is one of the better players on the Waterloo team.

Others expected to see plenty of action are Lou Lettler, the tallest player at six feet, Wes Bors, Dave Orman, Bill Sweeney and Ray DeLasko.

Lapier has a new gym and a hopeful outlook. The Panthers have three regulars on hand, Angie Maach, Bob Duckwell and Tom Connor. Coach Jack Hapstead feels a good start against Flint River (6-3) and Oak Ridge (6-0) would give his team a big lift.

Detroit St. Rita and Highland Park St. Benedict are mentioned as top teams. Ferndale St. James has fair potential and Centerline St. Clement will be rough at home.

Signal is ready for another season.

Repeating coach Joe Duly has one experienced player from last year's Waterloo Township squad at his school. He is 5-3 Dick Shipman, a Mike Kearney, 6-7, may be a good find.

Romeo has a change in coaches. Ed Baltani has taken the cage from Bud Roden, who will be officiating this season. Five lettermen are on the roster.

Bill Trickett is the leading scorer among the returnees. Chris Palmer is tallest at 6-3. Other veterans are Ray Walker, Gene Herms and Dave Wheeler.

The forecast: 1. Rochester 2. Lapier 3. Romeo 4. Kalamazoo 5. Ferndale 6. Millington

A new change will make a scheduled 10-round heavy-weight fight Wednesday night. Clay, 19, who says he will be between the first and second players champion before he is 21, twice injured at nearest the basket on signed Besmann in the seventh. Five throws.

READY FOR ACTION—Don Teets, left, of Pontiac Northern, and Dick Richards of Pontiac Central are ready to head into another prep wrestling season and should be key men on the city teams.

Pontiac Free Press

Kimball Sights Another Goal

Lack of Height Three Teams Contend in Tri-City Play

Maples in FM

E. Detroit, Port Huron Rated Top Contenders; Vikings Rebuilding

Royal Oak Kimball made off with the football spoils in the Eastern Michigan League, and it looks like the Knights have a good chance for basketball honors.

Coach Vince Sigren has the entire starting lineup from last season back.

All-County forward Bill Chilton is the top returnee. The 5-10 senior guard pumped in 307 points during the 1960-61 campaign. Other starters on hand are Wally Bagby (6-0), Craig Kirby (6-3), All-County end in football, Randy Grant (6-4) and John Shelton (5-8). Jerred Barch (6-4) is the other letterwinner.

Ferndale, the defending champion, and Birmingham Seaholm are expected to challenge for the title. Neither are Hazel Park or Mt. Clemens. This leaves Port Huron and East Detroit as the favorites along with Kimball.

Towering Hal Dunne and Bob Sayles are gone from Seaholm's front line. However, coach Les Waters has experienced back end players Jay Shift (5-10), Jack Harvey (6-1) and Gene Schmidt (5-10) should be able to build a potentially good team.

The Maples are looking to Jack Bacheler (6-5) to take up the scoring and rebounding slack lost after the 6-7 Dunne graduated.

All-County Larry Trengning and three other Ferndale starters are gone. Returning is regular Bob Michaux (6-3) and experienced reserves Ed Hicks and Dave Neilson.

The coming season appears to hold little promise for Hazel Park. But coach John Magiera is noted for getting the most out of his players who are available.

The forecast: 1. East Detroit 2. Port Huron 3. Ferndale 4. Birmingham 5. Millington

North Farmington Ready for Varsity Cage Debut

North Farmington joins the ever increasing list of basketball playing high schools in Oakland County.

Coach Dick Wilson is working with an all sophomore team and is not expecting any sensational results. The new school is being tabbed last in the Tri-River Conference.

Birmingham Groves is one of the favorites in the Tri-River Conference. The Hawks are expected to lead for the first time in the South-Central first season, then transferred to the new league.

Phil Preer is the key player at forward. Steve Showersman is the senior back at South-Central. Coach Tom Malone, but the Lancers are short on experience. George Crawford is the lone letterman on the team.

Shrine has six lettermen and experienced transfer center Dick Moore ready for start of White County action.

Teams All Set for Annual Service Clash

Navy Will Use 3-Team System in Philly Contest

Hardin Has Followed Plan Throughout Year With Young Squad

ANNAPOLIS, Md. (AP)—Coach Wayne Hardin of Navy is trapped in a three-team football system he started out of necessity and he's not sure whether he'll stick to it next year.

He is certain to employ it against Army Saturday in Philadelphia.

"The system got us in it and it's going to have to get us out," he said.

Martin decided last spring that with a lot of sophomores he couldn't fashion two teams to play both offense and defense and depend on them.

So he took the 11 top all-around players and made them his "two-way" eleven. Another group specialized on defense and still another on offense.

Hardin felt it was easier to teach his youngsters just one phase of the game until they gained experience. When they did, he had planned to consolidate them into two elevens as in the past.

But as each team practiced more at its specialty, Hardin discovered they became so good at it he couldn't change.

"The offensive team just wanted to play offense and the defensive team just wanted to stop somebody," he said. "They didn't care about learning the other side of the game."

Nine of the defensive team are sophomores. Seven 11 top all-around players and made them his "two-way" eleven. Another group specialized on defense and still another on offense.

Hardin felt it was easier to teach his youngsters just one phase of the game until they gained experience. When they did, he had planned to consolidate them into two elevens as in the past.

MIDDLE CONFERENCE—Navy coach Wayne Hardin charts a play for his No. 1 quarterback, Ron Kleimick of Philadelphia. Kleimick, 196-62 junior, has completed 75 of 108 passes

this season for 938 yards and six touchdowns. He will call the signals for the Midweek against arch-rival Army in his home town on Saturday.

3rd String QB Secret Weapon in Army Camp

Cammy Lewis Slick Field General, Passer in Recent Games

WEST POINT, N.Y. (AP)—"Give Cammy a chance" is the cry of Army supporters as the Cadets get ready for Saturday's football game with Navy.

"I sure hope I get a shot at it," says Arthur Camden (Cammy) Lewis, Army's third string quarterback who suddenly has developed into the team's luckiest field general.

In the William and Mary game Nov. 11, Lewis was inserted in the final minutes. He threw three passes, all of them good, and drove the team to two quick drives.

Against Oklahoma at Yankee Stadium Nov. 18, the Cadets were badly stalled, unable to penetrate the Sooners' alert, speedy defense. Lewis went in with only five minutes to play, quickly moved Army to a touchdown and was on the way to a second when he was stopped by an interception.

—the only time he has lost a pass all year (Oklahoma won 17-14). Lewis, the former West Virginia head coach who now is a personnel executive with the Pittsburgh Steelers, Cammy didn't get a chance to play last season because of knee trouble. So far this year, playing behind Dick Eckert and Jim Bierschmidt, he had seen only spot service. Yet he has compiled 11 of 15 passes for 210 yards and two touchdowns.

Young Lewis says he learned his passing skills from his father, who was a quarterback. "I was nervous to emphasize running or other phases of the game."

"Pop told me if I could learn to pass, that's all I'd need," Cammy said. "So I practiced throwing by the hours during the summer."

Lewis, a 6-foot, 190-pound junior, says he thinks "football is a team game. It's important in keeping a football team in the move."

"It's easy for a quarterback to get selfish and hog the ball," Lewis said. "He'll throw two passes and hog the ball to his fullback. He may forget his halfbacks."

"I think every man on the team must feel that he is an important part of the operation—that he is needed. So I try to see that every fellow in the backfield gets a shot at carrying the ball."

"A happy team I found is one that gets the job done."

Hillsdale Hands Tech 1st Loss in 3 Starts

DETROIT (AP)—Hillsdale Big Ten members that a new Rose Bowl pact with the Big Five is three basketball games last necessary and hasten an affirmation of his respect."

David added that UCLA need throw for a 66-65 victory. Turner offer no apologies to anyone if it had 28 points as high score for the Dales and center Joe Johnson had 25 to lead Tech.

BUTTERFLY ARTIST—Don Spencer, of Birmingham Seaholm, is the county's butterfly swim artist as prep tankers get ready to start their season this weekend. Spencer, only a

Top County Stars Gone

Swim Outlook Points to Seaholm

By BRUNO L. KEARNS

Sports Editor, Pontiac Press

Birmingham Seaholm, long time the class of Oakland County swimming, will be missing some big free style and relay names this year, but the Maples still have 15 returning lettermen headed by three prep All-Americans with which to keep the honor as the top team in this area.

Last year, coach Corey Van Fleet's tankers won 12 and lost one in dual competition and won the Eastern Michigan League with a 5-0 mark plus third place in the state meet.

The Maples showed weakness in freestyle in losing their opener to Grose Pointe, but headstrokeer Jim Bradburn, backstrokeer Bob Wolfe and Don Spencer in the butterfly should be a strong nucleus for another EML crown.

Lot of the other big names in county swimming are missing this year. Bruce Navro and Ben Davidson of Pontiac Central, Jim Elliott, Mike McCarthy of Seaholm, Larry Jacobs of Ferndale, and diver Ed Boothman of Kimball, are among the outstanding stars of last year who have gone on to collegiate competition.

PCH has only three lettermen and a host of sophomores to make the outlook dim. The Chiefs, with champions Norvell and Davidson, were a surprising 5th in the state meet last year.

Pontiac Northern is all geared up for its opener with PCH, December 6th at the PNH pool, because the Hawks have 12 lettermen from the 8-5 season of a year ago. Co-captains Fred Kern and Bill Matheson are the team's leading returnees.

Things don't look bright for PCH in the Saginaw Valley where perennial champion Arthur Hill is again on top of the list. The favorite, Midland, with 10 returning lettermen, will be tough as will always-strong Bay City Central.

Thurston is expected to be the class of North Suburban Swim League with PNH, Fitzgerald and Southfield expected to wage the battle for second place, followed by Madison and Utica.

Behind Seaholm in the EML, Kimball, Ferndale, Hazel Park, Mt. Clemens are expected to finish in this order.

Royal Oak, Dunderberg and Birmingham Groves, other swim competitors among county schools

junior, was on the All-America prep team last year and is setting all school and pool marks in the event.

Prep Wrestling Teams Set for Rugged Action

Wrestling teams around the Oakland County scene are getting ready to open another season with some carrying hope for their biggest seasons yet.

One of the optimistic coaches is Pontiac Central boss Steve Szabo although he is missing two boys expected to be key Chiefs this winter.

He feels things have to get better after a 3-10 season which included several losses by a few points. Little guys Art Fowlkes, Bill Cunningham and Charles Bevers, star heavyweight Tom Eichhorn and 165 man Wayne Lee are returning lettermen.

There are several top prospects among last year's reserves. Paul Holworthy, 145, moved away and Little vet Barry Whitaker was suspended.

Over at Pontiac Northern, coach Bill Wilson lost six lettermen headed by the outstanding Winfred Miracle. His main problem is finding some big boys.

The Huskies should be well set in the lower weight classes with Al Wadley, Skip Melroy, Ken Kimmel, Gene Graves and Don Treets all experienced hands.

New Waterford coach John Makowski has been working with several candidates. Another big year is expected for Jim Cook, who won 12 straight dual matches in 1960-61. Butch Cronk also appears headed for a good season.

Jim Toffa is working hard trying to get the new Kettering's 1st team ready for action. He is high

on heavyweight Tom Campbell and 103 man Jerry Koch.

The decision of two top aspirants to give up the sport has hindered mat plans at Walled Lake but coach Rich Schneider should still have a strong aggregation with eight lettermen. Footballers Jack Shaker and Ron Wik quit the sport.

The Vikings should have good balance featuring co-captains John Steckling and Tom Brown. Mark Cosgrove, Tom Smith and Pat Harrington.

Southfield, like PNH, is in need of some big boys. Lyle and Dale Hartika, Bill Shelton and Bob Lieder lead the Bluejays.

Berkley should bounce back from a rare bad year in wrestling with such senior standouts as Steve and Stan Ellis and Bob Liebertz among eight lettermen.

Come Friday always comes up with a formidable team at Farmington and this season should be no exception.

Seniors Lou Beer, a heavyweight, and 112-pounder Bill Barnes head the Cranbrook crew.

Powerful Hazel Park lost some standouts but still has a strong nucleus from last year's Eastern Michigan champions. Heavy star Frank Stigg, 95-pound Ron Black and Bill Kotterlow, 165, are some of the boys who sparked a 16-0 record. Fitzgerald, Kimball and Dunderberg in Royal Oak, Port Huron, East Detroit, Oak Park and Farmington Our Lady of Sorrows are working hard.

North Farmington is a new comer to the game this season. Milford was making plans to give it a try but the move was delayed to a future year.

Saginaw Valley defending champion Flint Northern has carded a schedule which includes some of the state's annual mat powers. Coach Francis Bentley has 11 lettermen including Willy Vivierette, 133 champion, Ray Cochran, regional and valley winner in 103, Tom Montgomery and Charles Brousseau. The latter two also win valley honors.

Flint Central's top boys graduated but five veterans are on hand led by 180-pounder Tom Buckleley and Earl Mills, 127. Bay City Handy, SVC runnerup last winter has 103-pound state champ Larry Kurchak leading 10 lettermen.

Pontiac Northern is expected to have considerable trouble trying to repeat as Inter-Lakes II title. The league may have its best balance in history.

The loop crown will be determined this year on a basis of 30 per cent league record and 30 per cent conference tourney finish. The meet winner had been the champ in the past.

Hazel Park may have things all its own way in the EML. Flint Northern, Handy and Bay City Central are figured to battle it out for Valley honors with PCH possibly the most improved competitor.

From The PRESS BOX

George Haggarty of Detroit, three-year club champion at Bloomfield Hills Country Club, and Johnny Ball of Phoenix, Ariz., fired identical 74 yesterday to share the first round of the 10,000 national left-handed open golf tournament at Bradenton, Fla. Haggarty is an amateur. Ted Olsen of Grand Rapids shot 77.

Don Heffner, former major league infielder and Detroit Tiger coach last season, was named manager of the San Diego Padres of the Pacific Coast League yesterday.

The Army announced today that Pvt. Paul Hornung would get a weekend pass to play with the Green Bay Packers.

Western Michigan may have lost the services of its starting left halfback for the Dec. 9 Aviation Bowl football game with New Mexico at Dayton, O. Coach Merle Schlosser said Alan Gibbs twisted his previously injured left ankle in a passing drill yesterday and is on the doubtful list.

Gino Brito vs. Count Walinski, a six-man tag match and two other outstanding bouts are on the wrestling card tomorrow night at Pontiac Armory. Larry Chene, Wre Dave Duncan and Luis Martinez vs. Ricki Cortez, Percival E. Pringle and Mr. Michigan in the team battle.

Sylvan Lanes has named a five-man team to compete in the Pontiac Press Bolerama which starts Sunday. The group will include: Priorit Art Rosner, Gaylord Addison, Ralph Christensen, Eddie Essiambre and Jack Minnich.

Sentiment Favors Gophers, MSU, Purdue

LOS ANGELES UP—The Rose Bowl guessing game continued unabated today and so did the reactions from Ohio State's faculty committee ban on the Buckeyes playing in the post-season game.

The sentiment was all for in-coming one of three other Big Ten teams—Minnesota, Purdue or Michigan State—since another eligible, Alabama, removed itself from consideration.

At least two writers here pointed up the need of a renewed pact between the Big Five football conference and the mid-west's Big Ten.

Columnist Melvin Durslag in the Los Angeles Examiner, with typing-finger in check, wrote:

"About the only thing you can say in favor of bowl football games is that everyone seems to like them except 28 professors at Ohio State."

"Ohio State's faculty group voted 28-5 against participating in the game."

Paul Zimmerman, sports editor of the Los Angeles Times, had this comment:

"The top four teams in the Big Ten this year were Ohio State, Minnesota, Michigan State and Purdue. By a quirk in the schedule the Buckeyes didn't play the other three and who's to say they would have a superior record if they had met the other three?"

"It is hardly fair to say any one of the three is second best, under the circumstances."

"So far as the Ohio State faculty is concerned, it is to be hoped that it will go all the way and refuse, hereafter, to accept its share of the filthy Rose Bowl money."

"I don't know how you feel about it but I'm kind of sorry Ohio State won't be coming to the Rose Bowl," you always like to see the best," wrote Sid Ziff in the Los Angeles Mirror.

The vote points, Ziff continued, "to the need for a renewal of the Rose Bowl agreement with the Big Ten. Had it been in existence now, Ohio State would not have been in a position to refuse to play."

In the same vein, sports editor George T. Davis of the Evening Herald-Examiner said:

"The decision of Ohio State's faculty committee ultimately may be a blessing in disguise. It should cement the feeling among the Big Ten members that a new Rose Bowl pact with the Big Five is three basketball games last necessary and hasten an affirmation of his respect."

Davis added that UCLA need throw for a 66-65 victory. Turner offer no apologies to anyone if it had 28 points as high score for the Dales and center Joe Johnson had 25 to lead Tech.

Sorrows Nips OLL With Help of Gift

Aided by a field goal contribution from the opposition, Farmington Our Lady of Sorrows nipped Waterloo Our Lady of the Lakes 22-14 Wednesday night. It was the opener for both schools.

Rick Barth scored six points in the closing minutes including a big free throw to decide the nip-and-tuck struggle which was tied several times in the last quarter. Barth swished 17 and Jerry Mains 13 for Sorrows. George Sharpe of the Lakers topped both teams with 22 points, including 11 free throws in 15 attempts.

Admitted Cage Fixer Faces '370 Years'

NEW YORK (AP)—Aron Wagman, called the master fixer in the college basketball scandals, faced prison sentences up to 370 years and fines up to \$370,000 today after pleading guilty to 38 counts of bribery and conspiracy.

He was the second of the nine accused bribers to plead guilty. Joseph Green, 37, of New York, entered a similar plea Monday and will be sentenced Jan. 3. Green faces up to 20 years in prison and a \$20,000 fine. General Sessions court Judge Joseph Sarafite set Wagman's sentencing for Jan. 10.

The 28-year-old Wagman, who described himself as a salesman, was accused by District Attorney Frank Hogan of bribing nine players at five colleges and universities to shave points in basketball games the last two seasons. Wagman paid out bribes totaling \$14,250, Hogan said, and many of the fix attempts were successful.

He also pleaded guilty Wednesday to attempted bribery of a detective from the D.A.'s office. Hogan charged Wagman attempted to learn from the detective the progress Hogan's investigation of the basketball scandal was making.

Hogan said the players Wagman allegedly bribed were Jack Egan, Frank Majowski and Vince Kempion of St. Joseph's, Pa.; Jerry Graves of Mississippi State; Pete Kelly and Glenn Cross of Connecticut; Dick Fisher and Ed Teet of Tennessee; and Ed Bowler of La Salle. All were granted immunity in return for their testimony. Three others named as co-con-

spirators with Wagman — Lou Brown, former North Carolina player; and two former Alabama players, Jerry Vogel and Dan Quindazi—all of the New York area—were to have gone on trial Wednesday but their cases were put off until Friday.

Also awaiting trial are Joseph Hacken, 49, of New York, indicted on 17 counts of bribery and attempted bribery; and Philip LaCort, 35, Boston; Dave Budin, 28, Brooklyn; and Charles Tucker, 25, New York, various counts of bribery and conspiracy.

Thunderbirds Down L.A. on Total Pins

DETROIT (UPI)—The Detroit Thunderbirds edged the Los Angeles Toros by eight pins in a National Bowling League match here last night.

The contest ended in a 21-21 tie on points and was decided on the basis of total pins, 2,185-2,177. It was only the second match this year ending in a point tie.

The victory gave Detroit a 21-10 record, identical to that which Eastern Division leader Dallas carried into a game with the Twin Cities. Dallas and Detroit meet this weekend in a three-game series.

Wednesday's National League Bowling By The Associated Press
DETROIT 21, LOS ANGELES 21. Detroit won on total pins.
Pins: L.A. New York 8, Minneapolis-St. Paul 49, Dallas 44, West World 34, San Antonio 11, Kansas City 12, Omaha 4.

So Says Duffy of Former PCH Grid Star

Brown Must Learn to Play Offense

By BILL CORNWELL
EAST LANSING — Pontiac's Charley Brown, had an excellent sophomore season at Michigan State University, much better than the average first-year Spartan gridders enjoys.

Yet, due to a particularly perplexing problem that surrounds the ex-Pontiac Central High School star, his football future at MSU is shaky.

Charley has two years of eligibility remaining. How much he plays during that time and how well he plays is strictly up to him, according to the Spartan coaching staff.

"The trouble with Charley is that he just wants to be a defensive specialist and we can't have specialists on our squad," declared head coach Duffy Daugherty.

"There's no room on our team for a boy who merely wishes to be an offensive or defensive specialist," Daugherty continued. "Under our system, a boy must learn to play both ways," he said.

Then Duffy concluded his remarks by saying, "Charley hasn't put his mind to the task of becoming a skilled offensive performer, even though he certainly has the talent to do so."

GREAT BEGINNING — Charley Brown, All-State, All-Oakland County and All-Saginaw Valley guard at PCH in 1959, Brown played a key role in State's successful 7-2 record this fall.

Brown clearly loves to play defense and he's an aggressive, savage tackler. His pass interception against Purdue set up State's lone touchdown and he spent much of the time in the enemy backfield throwing ball carriers for losses.

The city of Pontiac should be proud of Brown's accomplishments. He is one of only a dozen or so gridders at MSU who has broken into the starting lineup as a sophomore since the beginning of the Biggie Munn-Daugherty era, which dates back to 1947.

Among the very few who have cracked the starting lineup as sophomores are such famous Spartan names as Walt Kowalczyk, Dave Kaiser, Pat Burke, Dan Currie, Gary Ballman, Leroy Bolden and Clarence Peaks.

During the recent campaign, Brown saw 135 minutes and 56 seconds of action spanning 39 quarters, which placed him 24th in actual playing time among 42 lettermen.

A former PCH teammate is a cinch to join Brown on the MSU varsity next year. He's mammoth Jerry Rush, All-Valley tackle in 1960 who stands 6-3 and tips the scales at 220 pounds.

Rush, who played offensive center and defensive guard on the 1961 freshman team, was voted the outstanding lineman in the recent intrasquad game.

Two PCH gridders at MSU playing Big Ten football at the same time — that's really something — are the city of Pontiac's cheer about.

Ballman received the Fred Danziger award as the Detroit-area athlete making the greatest contribution to the Spartan squad. Kakela was awarded the Patsy Ross Memorial Trophy as the best scholar-athlete. Biggie Munn, MSU athletic director, made the presentations.

Nearly 600 persons attended the banquet honoring the 1961 Spartan team. Forty-two Spartans won varsity letters, including Pontiac's Charley Brown and Jerry Rush, and Obengwe was among 22 seniors receiving "S" rings.

Quits Texas Western
EL PASO, Tex. (AP)—Ben Collins, athletic director and football coach at Texas Western College resigned Wednesday.

Larry Vargo, prize University of Detroit end, signed a 1962 contract with the Detroit Lions yesterday. Vargo was the Lions' 11th draft choice.

Prices Soften in Slow Market

NEW YORK (AP)—Stock market early, however, with small price softening here and there, and losses outnumbering the minor gains this afternoon as trading advances. Optimists took some heart from the way trading came along, but the average was greatly in as prices worked lower, thus reflecting a few big losers such as moving some of the impact of the oil price opening today. Consolidated supply tone.

The average was greatly in as prices worked lower, thus reflecting a few big losers such as moving some of the impact of the oil price opening today. Consolidated supply tone.

Bond Prices Turn Lazy

NEW YORK (AP)—Bond prices about the only price movement in the opening today, with most of the market showing a slight decline in slow trading. The 10-year Treasury note, for example, was down 1/8 cent at 101 1/8. The 30-year Treasury bond was down 1/8 cent at 104 1/8. The 10-year Treasury note, for example, was down 1/8 cent at 101 1/8. The 30-year Treasury bond was down 1/8 cent at 104 1/8.

AMC Officials in Export Posts

Three American Motors Corp. executives from the area have been elected to controlling positions in the newly created American Motors Export Corp., a wholly owned international subsidiary.

William S. Pickett, 946 Michigan St., Birmingham, who is president of automotive export for AMC, is vice president of the new corporation. Richard T. Purdy, AMC's vice president and treasurer, 325 Wesley Drive, Birmingham, will assume the duties of treasurer.

Donald P. Elze, 2665 Captain Lane, Franklin Village, is controller of the export corporation. He is now vice president and controller of AMC.

All overseas operations of both Rambler and Keltner are expected to come under the new firm which will have its headquarters in Zug, Switzerland.

It will be the head office for international sales, service, parts, investment and financial counseling, advertising and sales promotion and technical assistance in manufacturing and assembly operations.

The officers will continue to maintain offices at the Detroit parent corporation.

Regular annual communication of Pontiac Lodge No. 21, F&M, will be held at 7:30 p.m. on Nov. 11, 1964, at 7:30 p.m. Dinner at 6:30 p.m. F. E. Maples, W.M.

Regular annual communication of Pontiac Lodge No. 21, F&M, will be held at 7:30 p.m. on Nov. 11, 1964, at 7:30 p.m. Dinner at 6:30 p.m. F. E. Maples, W.M.

COMMUNITY NATIONAL BANK BRANCH—John Gardiner of 5188 Drayton Road, Clarkston, is shown outside the new Community National Bank office on Woodward Avenue of which he is manager. About to begin its second month of service, the 909 Woodward Avenue branch in the northwest corner of the Professional Building utilizes some 1,550 square feet. Gardiner worked at the West Huron street office prior to his present appointment.

Auto Men Fear Antitrust Suits

By ROBERT IRVIN
UPI Automotive Editor

DETROIT — The auto industry's major automakers, by three big antitrust suits this year, expect government lawyers to continue their close scrutiny of operations in the industry.

General Motors officials, it is reported, anticipate more and more antitrust charges from Washington. GM has been the government's main target, with four suits now pending.

But this week the government filed suit on Ford Motor Co. It filed suit in Ford and Ford Motor Co. to dispose of assets of the Electric Automobile Co.

Changes Urged in Idle Pay Law

Michigan C. of C. of Total State Keeps Industry From Locating in State

LANSING (AP) — Abuses of the State Unemployment Compensation Law are deterring industries from locating in Michigan, says a Battle Creek businessman.

Edward A. Sampson told some 400 members of the State Chamber of Commerce Wednesday that he desires to get a true test of the law. "It is an absolute necessity," he said.

It is written, he said, the law is "a major stumbling block, if not the major one, to attracting new plants into our local communities."

Sampson, owner of a tire store, said the statute is full of inequities and loopholes but corrective changes have been refused by the legislature or vetoed by the governor.

"We businessmen cannot sit back and let the law be abused," he said. "We have been doing exactly that," he told the organization's annual meeting.

Sampson called for legislation to require jobless doctors to seek work for which they are qualified where it is available and to prevent a worker from drawing unemployment compensation and a workman's compensation for the same time.

GM, in defending against the suits, argues that its size results in better protection and efficiency.

In the locomotive case, it points to the fact that it had more than 125 diesel units in service before its competitors built a passenger diesel.

**JFK, Johnson
Hit GOP Right**

President Strikes Back at
Goldwater Opposition
to Tariff Policy

WASHINGTON (AP)—The Republican right, as represented by Sen. Barry Goldwater, R-Ariz., has become a prime political target for the Kennedy administration.

Goldwater drew fire Wednesday from President Kennedy and Vice President Lyndon B. Johnson.

Kennedy struck back in his news conference at Goldwater's opposition to giving the President broad powers to negotiate tariff matters, particularly with respect to the European Common Market.

Without specifically naming Goldwater, Johnson told a Philadelphia audience that those who are demanding total victory in the cold war should say, frankly, whether they mean we should declare war against the Soviet Union. Goldwater has called on Kennedy to make a cold war victory the chief objective of U.S. foreign policy.

While these same-day assaults on Goldwater's views by the two top elected Democratic officials may have coincided only by accident, they seemed to indicate the administration is worried by what the Arizona senator outlines as a rising tide of conservatism. Kennedy said he would take this side is running. It may threaten several key administration proposals in the next session of Congress. These include broad tariff authority, school aid and medical care for the aged.

Neither Kennedy nor Johnson has made any public attempt to link Goldwater with the political "extremists" both have denounced. But they have implied that some of his views are similar to those held by the occupants of the far right fringe.

Finns Celebrate on December 26

Tucked away in a small village, in Finnish Lapland lives an elderly gentleman who is known by many names.

To the Finns he is Joulupukki, Japanese youngsters call him Delfuku, and here in America he is answer to Santa Claus.

Having Santa as a year-round resident might make one think that the Finns more or less take him for granted, but nothing could be further from the truth.

Starting on the last Sunday in November, Finland celebrates "Little Christmas," the beginning of the long-awaited Yuletide season.

Sturdy spruce trees are cut from the vast forests and decorated, and store windows transform into dazzling displays of lights and tinsel.

But perhaps the best part of "Little Christmas," at least from the children's viewpoint, is the first sampling of Joulupuro, the traditional Finnish Christmas porridge.

No Christmas celebration would be completed without a family visit to the sauna, the Finnish heat bath. After the sauna comes the Christmas feast.

HAMS AND PUDDINGS
The typical Finnish Yule table is laden with hams, several varieties of fish, puddings and stews.

A special dish is the rice pudding in which an almond has been hidden. The finder of this buried treasure is assured of good fortune.

The big moment for the youngsters is "Santa's" arrival. The tinkle of sleigh bells outside the house sends the children rushing to the door to receive their gifts. Church services on Christmas

day begin at 7 a.m., with the family usually spending the rest of the day at home.

The day after, when most of the world is resting after the festivities, the Finns celebrate St. Stephen's Day.

Parties begin all over, and along the country roads farmers race their prize horses.

Some might say that they just love a good party, but in fact, the Dec. 26 celebration is all for Santa's benefit.

After all, being a Finn, doesn't he deserve to join in the fun after his international travels the night before?

HERE'S A young lady who's delighted with her gift from dad—a unique portable radio. This new lightweight portable looks like a camera and brings hours of listening pleasure indoors, outdoors or in an automobile.

New Tablecloth Banishes Iron

Yuletide More Fun if Hostess Doesn't Worry About Spills

Christmas means many things to many people. To the housewife, the holiday often means constant entertaining, mostly centered around food.

How does one keep a fresh-looking table ready for invited guests and the many who arrive unexpectedly just to exchange holiday greetings?

The problem has been solved by the recent introduction of a complete selection of fleur-de-lis table cloths and napkins which do not have to be ironed.

They can be washed between meals, tumble-dried and put right back on the table without even a touch-up pressing.

Corval rayon tablecloths come in a wide range of colors to coordinate with every room setting.

A light sand-colored cloth will be pretty decorated with pine cones and evergreens, while pink can be soft and gay with silvery angels fitted in candles and pastel colored balls nestled in greens.

Entertaining is more fun with the assurance that spills and spots can be quickly and effortlessly removed without hours spent at the ironing board.

Preached for 43 Years, Was Never Paid Once

LUFKIN, Tex. (UPI) — Rev. J. A. Dix, who preached 43 years in 14 different Baptist churches in East Texas, boasted on his 83rd birthday that he never was paid for a single sermon.

"I wasn't a preacher to make a living. I was a preacher to serve God," said the man who farmed in his spare time to support his family.

TB Breaks Family Circle; Patients' Stories So Pathetic

(Editor's Note: This is the second of a two-part series on how Michigan is battling one of its most urgent medical problems—that of tuberculosis.)

LANSING — In Ingham County Medical Hospital near Lansing is a wan young mother, pale from confinement as a tuberculosis patient.

Her blue eyes mirror loneliness. She has not been in close contact for four years with her husband nor her two sons, now 11 and 7. She may be confined another year.

But her fortune could be worse. Both sons were infected with tuberculosis but responded to early drug treatment. And her husband, a department store clerk, has kept their home intact, waiting for her return.

AT GRAND RAPIDS
In Sunshine Hospital near Grand Rapids are a husband and wife infected with tuberculosis.

The father, a small, little man with a crew cut haircut and deep southern twang, is a diabetic. He "assumed" he could not also have tuberculosis. When he reported for a routine diabetic checkup, chest X-rays showed he had an advanced case of tuberculosis. Within months, his wife, although her tuberculosis was not nearly so far advanced, likewise was hospitalized.

In the care of friends they left three children, boy and girl twins, 6, and a boy, 5. Because the father's income was adequate and he carried insurance, the financial pinch for them is not so tight.

FROM TRAVERSE CITY
In the same hospital are five brothers and sisters, ranging from 3 to 9 years of age, from the Traverse City area. A few months ago, there were six. One died. The parents were not infected. An uncle,

believed to be the infection source, is in another hospital.

AT GAYLORD
In Northern Michigan Tuberculosis Sanatorium, Gaylord, are the mother and father of a family of five ranging from 5 to 22.

IN FLINT
In Flint's Genesee Memorial Hospital earlier this year, a pregnant mother was confined with tuberculosis. She had contracted the illness from her husband, already confined. They lost their home and their car. A 17-month-old daughter was infected, but recovered after receiving drugs.

These unhappy stories are repeated over and over again in Michigan tuberculosis hospitals from Houghton to Detroit.

Like few other diseases, tuberculosis breaks up the "family circle."

It causes untold physical, mental and financial stress.

Frequently, those in families stricken by tuberculosis are shunned by friends, even relatives.

Next: The quest for a cure continues.

Raising potatoes is a 12 million dollar business in Michigan, say Michigan State University farm crop specialists.

Twin Sisters Plan Careers in the Air

GRAND RAPIDS — Sky-high are the ambitions of 19-year-old East Grand Rapids twins Judy and Mary Laitsch—the former to be commercial pilot and her sister an airline stewardess.

The girls are daughters of Mr. and Mrs. Charles Laitsch.

Judy started flying in 1959 as the result of heart-to-heart negotiations. She settled for permission to take flying instruction in exchange for giving up a planned trip to Texas.

Her father joined her in the lessons and both received their private licenses a year later.

Mary, a language major at Grand Rapids Junior College, hopes to put her linguistic ability to use as a stewardess on some international airline—if she

doesn't enter the foreign service first.

Upon leaving junior college next June, Judy plans to enter University of Illinois to take Federal Aviation Agency certification courses and flight training.

At the same time, Mary plans to continue her language study at University of Michigan or Michigan State University.

Meanwhile, chances are remote that they'll ever serve together—in their present choice of careers—on any commercial airliner.

PAA supervisor Al Botasford at Grand Rapids says there are several female commercial aircraft pilots, but none with the Airline Transport Pilot's certificate which Judy hopes to earn.

Private lessons from a professional instructor will cost about \$7.50 for a half-hour, but the price decreases with the number of lessons taken. The average cost will be about \$3 for a half-hour session.

If you're an experienced dancer, you can brush up the latest steps in one or two sessions.

However, if you're starting from scratch, about six lessons will give you the fundamentals of the current popular dances — cha-cha, mambo, merengue, rumba and samba.

With the right amount of instruction and practice, anyone can become a good dancer, according to professionals in the field.

The holidays offer exciting opportunities for dance fun. Make the most of them.

Step Smartly This Holiday

Better Brush Up on Latest Dance to Have Gayer Christmas

Holidays and dancing go together, so now is the time to brush up on the latest steps if you want to get complete enjoyment out of holiday dancing parties.

Perhaps the easiest method is to roll up the rug in the family recreation room, put a few appropriate records on the hi-fi and ask a dancing friend to show you the latest steps.

If you don't have a relative or friend available to help you, phone your nearest YMCA or social center. Many of these organizations offer dancing lessons for nominal fees.

Most ballrooms provide dancing lessons for patrons. These are usually conducted in the evening before regular dancing sessions begin. There's normally no charge for this service, and you have the advantage of learning from expert instructors while a live orchestra plays.

Private lessons from a professional instructor will cost about \$7.50 for a half-hour, but the price decreases with the number of lessons taken. The average cost will be about \$3 for a half-hour session.

Russia Explodes 2 More; They're 'Baby-Sized'

Reports Say U.S. Goal in N-Test Resumption Is Death-Ray Bomb

WASHINGTON (AP) — The Soviet Union has exploded two more nuclear devices, both much smaller than the massive Soviet blast of Monday.

The U.S. Atomic Energy Commission announced the explosions were touched off Tuesday at an Arctic test site. The first was reckoned at several megatons and the second was "probably below a megaton," the AEC reported.

A megaton represents the energy from one million tons of TNT. The explosions were the 27th and 28th announced by the AEC since the Soviets resumed testing Sept. 1.

Soviet Premier Khrushchev told the Communist party congress that Monday's big blast exceeded 50 megatons, which he said was more powerful than expected.

The immediate goal of the United States in any resumption of nuclear tests would be development of a fantastic neutron death-ray bomb, according to published reports.

The New York Daily News quoted an unidentified Washington official as saying, "It's a safe assumption that we will be testing the neutron bomb very soon."

NOT BOMB

The New York Journal-American reported it had learned the death-ray bomb is the prime goal in the resumption of nuclear tests by the United States, and not another H-bomb.

The neutron bomb was described as producing death without destruction by blasting out unseen, unfelt neutrons that could penetrate three feet of concrete. It could wipe out the populations of entire cities without major damage to the cities themselves.

In related developments:

1. Uruguay called on the Organization of American States to condemn nuclear tests.

2. The Voice of America announced an all-out attempt will be made Sunday to tell the Russian people about the Soviet tests and their worldwide effects.

3. A group studying nuclear attack estimated that a 20-megaton bomb exploding in the New York City would kill six million of the city's eight million residents.

Carlos A. Cluio, Uruguay's ambassador, said his call for OAS condemnation of nuclear tests was prompted by fallout danger increased by the Soviet tests.

OAS COULD HELP

Pointing to a similar United Nations declaration — ignored by Khrushchev-Cluio said "a regional organization, such as the OAS, could well add its voice to show that we, too, in this hemisphere, (Continued on Page 2, Col. 6)

Halloween Parade Ends in Tragedy

COMFORTING THE INJURED — Anxiety of the moment is registered on the faces of those who are comforting some children who were injured in Anoka, Minn., Tuesday when an auto, with a dead man at the wheel, went out of control and rammed spectators and participants in a Halloween parade. Two women were killed and 25 persons injured. The driver reportedly died of a heart attack.

control and rammed spectators and participants in a Halloween parade. Two women were killed and 25 persons injured. The driver reportedly died of a heart attack.

Car Runs Into Crowd, Phillip Copeland Killing 2, Hurting 23 Wins Bicycle

ANOKA, Minn. (UPI) — A gay Halloween parade costumed school children turned into a nightmare horror late Tuesday when a runaway car with a dead man at the wheel roared through the rear of the marchers and plowed into spectators.

Children, many of them masked and wearing spook and goblin costumes, were tossed into the air. Older adults and youths were knocked down "like bunch of tennpins."

Chrysler, UAW Under the Gun

Top-Level Negotiations Resumed by Auto Firm; Strike Deadline Looms

DETROIT (AP) — Under pressure of a strike deadline, Chrysler Corp. resumed top-level negotiations with the United Auto Workers today on a new three-year labor contract.

Neither side gave any indication a settlement could be reached before the Thursday midnight deadline.

Chrysler's vice president for personnel, John D. Leary, said negotiations had been "discussing a lot of different phases" of a counter proposal on wages and benefits submitted by the union on Monday.

"It isn't a situation where you can give a direct answer of yes or no," Leary said when asked whether the company had a reply ready for the union.

UAW President Walter P. Reuther smilingly commented to newsmen he wanted them to note he had showed up 20 minutes ahead of time for the session scheduled to start at 9 a.m. Leary and his team arrived 30 minutes later.

Reuther, who served formal strike notice on the company midnight Tuesday, said he had slept on a couch at his office in union headquarters and didn't rest any too well because the room was cold.

Jackie Attends Benefit

NEW YORK (AP) — Jacqueline Kennedy said a 10-hour visit to New York City Tuesday during which she attended a jewelry preview benefit for the Newport, R.I. Preservation Society.

Wins Bicycle

One of Eleven children in Family Gets 'Mystery Treat'

Chairman of the 1961 Halloween Mystery Treat contest is sure of one thing today: The first place bicycle they awarded last night will see plenty of use.

It was to Phillip Copeland, 12, of 3236 Joslyn Road, Pontiac, that the bicycle was given. Phillip is one of 11 children of Mr. and Mrs. Bernard Copeland. There wasn't a bike in the family.

In other divisions, first place awards went to a Pontiac Northern High School student, Wayne Gertan, 16, of 24 W. 17th Avenue, and to Herman Ketting, 14, of 167 S. Parker St., St. Frederick's Junior High School student.

Phillip's name was chosen from more than 20,000 registrations.

Contest chairman from the sponsoring Pontiac Area Junior Chamber of Commerce and parks and recreation department drove to his home.

DON'T BELIEVE IT? Phil's name was chosen from more than 20,000 registrations.

"Second prize in the elementary class, a radio, went to Eddie Logan, 9, of 41 Deland Court, and a pupil at Croft school, Joan Van Meter, 8, of 365 Dakota Place, a Mark Twain School pupil, won third prize of five silver dollars.

In the junior high group, Gerald Piccetti, 14, of 365 Deland Court, was second, and Marsha Norman, 12, of 739 E. Madison St., third.

Gerald is a pupil at Jefferson Junior High and Marsha is in her first year at Madison.

Pontiac Central students took second and third in the high school division. Sharon Marshall, 17, of 561 Nevada St., won second and Peter Kiehl, 15, of 1927 Woodland St., third.

Second prize in both divisions was a pen and pencil set. Third was the same in all three classes.

'No Major Conflict'

CALCUTTA, India (AP) — Prime Minister Nehru waxed enthusiastic about the United States today and said there is no major conflict between India and America. Nehru leaves Friday for a visit to President Kennedy and a brief U.S. tour.

Keep Ice Skates in the Closet for at Least 5 Days

A few more mild days at the store for Pontiac area residents before the cold blasts of winter arrive.

Temperatures for the next five days will average near the normal high of 53 and normal low of 37. Thursday will be mild with a high of 60. Tonight's low will drop to 46.

Northwesterly morning winds at 12 to 20 miles per hour will diminish late this afternoon becoming southerly at 8 to 15 m.p.h. late tonight and tomorrow.

The low temperature in downtown Pontiac rose to 8 a.m. was 46 degrees. At 1 p.m. the recording was 50.

Brazilian Plane Crashes, 48 Die

Airliner Smashes Up, Burns During Landing Attempt at Recife

RECIFE, BRAZIL (UPI) — A Panair do Brasil DC7 airliner with 48 persons aboard crashed and burned today during its attempted landing at Guararapes Airport in the northeastern Brazilian city of Recife.

The airline director here said 39 persons were killed in the crash. He said seven of the 37 survivors were reported in serious condition.

Panair Director Gilberto Freyre said the plane was carrying 36 passengers and nine crew members on a flight from Lisbon to Recife.

The airline director said he had been informed only that the plane crashed and burned while trying to land at the Recife Airport.

The four-engine airliner had stopped at Ilha do Sal in the Cape Verde Islands on its flight across the Atlantic to Recife and was en route to Recife when the crash flight originated at Lisbon.

The plane is believed to be carrying several Portuguese crew members of the Brazilian training ship Comandante, which recently was sold to Portugal.

High intensity lighting would be installed on the runway and lights should be relocated on one side. The present lighting is medium intensity.

Installation of the new lights would cost an estimated \$7,000 and relocation another \$25,000.

ITEMS ARE NECESSARY — These are major items in the list of larger commercial planes that the airline is planning to get F.A.A. approval of instrument landings, says Hawkins said.

High intensity lighting would be installed on the runway and lights should be relocated on one side. The present lighting is medium intensity.

Pontiac Project Gets Nod From State Agency

To Recommend Assist From U. S., Michigan Funds; City to Pay Rest

Pontiac's \$388,100 airport improvement program for 1962 got approval today from the Michigan Aeronautics Commission.

The state commission will recommend that the federal and state governments contribute aid for the program as outlined by Homer J. Hoskins, manager of Pontiac Municipal Airport last month.

The state agency forwarded to the Federal Aviation Agency a recommendation calling for \$263,300 to be paid from federal funds and \$94,800 by the state. The city will pay the balance.

This was part of a recommendation approving 20 airport projects in 18 cities next year under the Federal Airport Program. Total estimated cost of the work is \$1,500,000.

If the list is approved as it stands, the federal government would contribute \$2,371,000 and the state \$95,075. James J. Ramsey, commission director said.

The Pontiac plan calls for five improvements.

The largest item is widening of the east-west runway from 100 to 150 feet at a cost of about \$167,000. It is the airport's longest runway measuring 5,300 feet.

Second largest item is \$160,000 for widening of the east-west taxiway. The taxiway, currently 40 feet wide, would be increased to 75 feet in width.

ITEMS ARE NECESSARY — These are major items in the list of larger commercial planes that the airline is planning to get F.A.A. approval of instrument landings, says Hawkins said.

High intensity lighting would be installed on the runway and lights should be relocated on one side. The present lighting is medium intensity.

Installation of the new lights would cost an estimated \$7,000 and relocation another \$25,000.

They Smile Over Coming Trip

NAMED FOR ORBIT FLIGHT — Astronauts John H. Glenn Jr. (right) and Scott Carpenter in front of a Mercury space capsule at Cape Canaveral, Fla., after Glenn was named to make this country's first manned orbital flight. Carpenter was chosen as his backup pilot.

Chimp Flight Boosts U.S. Space Program

CAPE CANAVERAL, Fla. (AP) — Heated by the world-circling space flight of a chimpanzee, the United States picked a man to take the next step up the long, dark stairway to the moon.

But it was Enos, a serious 37½ pound chimp, who paved the way with his whirlwind trip, twice around the world Wednesday.

Just 3 hours and 21 minutes after he had ridden an Atlas rocket into the sky, Enos was plucked from the sea by a Navy destroyer 255 miles south of Bermuda.

Less than two hours later, space officials named U.S. Astronaut John H. Glenn Jr. to ride a similar spacecraft three times around the world.

Astronaut Profiles, P. 11

around the world. Understudy Glenn for that first American manned orbital shot is Astronaut Scott Carpenter.

NAME SECOND TEAM

Officials also named a team for the second manned shot: Astronaut Donald B. Slayton, with Astronaut Walter Schirra backing him up.

There is no assurance, however that the United States will be able to put a man into orbit around the globe this year.

Officials denied any urgency for the flight, suggesting it was not yet decided whether man or animal would ride the next Project Mercury rocket into earth orbit.

But only a day earlier, the National Aeronautics and Space Administration had allotted a contract for the design and construction of a three-man space capsule that could go to the moon.

True, scientists had to bring Enos and his spacecraft to earth before the intended three orbits of the earth had been completed.

True, difficulties within the spacecraft itself were the reason.

Don't Rush Man in Space, Says Detroit Professor

DETROIT (AP) — A space flight specialist said today that an American astronaut should not be put into space in an attempt to circle the earth until at least one more chimpanzee has been orbited successfully.

"I think it is unsafe for a man until we can duplicate the feat safely and at will," said Dr. George P. Loweke in comment on Wednesday's partly-successful orbital shot.

Loweke, specializing in Germany, is a Wayne State University professor educated in space-flight mechanics.

"We still are not sure we can do it without something going wrong," he added. "Witness Wednesday's flight with the chimpanzee."

In that shot, the chimp was brought back to earth safely after circling the globe twice, instead of the planned three times, because of trouble developed.

It was, announced afterward, that Marine Lt. Col. John H. Glenn Jr., 40, would make this country's first manned space orbit flight.

Another chimpanzee — and possibly more — should be put into orbit before Glenn is sent up, Loweke said.

"There is no need for rushing an American into space," the scientist added. "The real need is to perfect our missile performance to the point where we are able to duplicate the feat safely and at will."

BRENTWOOD, N.Y. (AP) — Brentwood High School officials have cracked down on girls' exposed knees, with 37 students being suspended for too-high hemlines.

Warnings didn't seem to do any good, so girls whose skirts were worn too short were sent earlier this week from their classes to the principal's office. The owners of the 37 pairs of knees were sent home for two days. Some of the girls may return today, and the remainder Friday.

Harvey S. Brickman, high school vice principal, said Wednesday night that he had received phone calls from a few late mothers. "But in general," he added, "nearly all the parents are with us."

Romney for Governor?

Johnson 'Embarrasses' Zorin; Red Stages Dinner Walkout

NEW YORK (AP) — The Soviet ambassador to the United Nations walked out of a humanitarian award dinner Wednesday night after Vice President Lyndon B. Johnson warned the Soviet Union against any attack on Europe.

The ambassador, Valerian A. Zorin, left the dais just after Johnson said "any Soviet attack on Europe would be a most hazardous enterprise."

Zorin's walkout was joined by Lukia Kizya, the Ukrainian representative, and Yordan Tchobanov, Bulgaria's ambassador to the U.N., and their wives. The ambassadors of Poland and Yugoslavia did not join Zorin in leaving.

Zorin refused to talk to newsmen in the Hotel Adlon hall, where 800 guests were assembled to honor Adlai E. Stevenson, U.S. ambassador to the U.N.

Later, at Soviet U.N. mission headquarters, Zorin accused Johnson of "embarrassing" him, and making "political" remarks, adding: "At a dinner of a humanitarian function such a statement was out of place."

After the dinner Johnson, asked for comment, replied: "It's a speech, a speech."

Continued Zorin: "From what I heard and saw, Mr. Johnson began accusing the U.S.R. in some expansionist aspirations and actions which I, as the representative of the Soviet Union, cannot listen to from any quarter, including Vice President Johnson."

Johnson, who read his speech, had called attention to the buildup of the North Atlantic Treaty Organization and said:

"Its forces have steadily expanded in numbers and efficiency. Any Soviet attack on Europe would be a most hazardous enterprise. The principal base of Western power outside the U.S. is vastly more secure."

Zorin said that he had no opportunity to reply at once to Johnson.

"If it were a political discussion or a meeting," Zorin said, "I would do so."

"Nothing else to do?"

"I am sorry to have interrupted such a fine dinner," Zorin added. "There was nothing else I could do under the circumstances."

Johnson did not appear to have noticed that Zorin left the table.

Angier Biddle Duke, chief of protocol of the State Department and master of ceremonies at the dinner, said: "I didn't even know they'd left."

Stevenson, who was honored with Medico's "World Humanitarian Award," said he had no comment on Zorin's walkout.

Medico is a non-profit organization founded by Dr. Peter D. Conrad and the late Dr. Tom Dooley which sends American volunteer doctors and nurses throughout the free world. A Medico spokesman said the annual award need not be to a person in the medical field.

Johnson said in his speech critics of national policy "claim that we should have a national strategy and we should have some here today to tell you that we have both."

DEFEATS FOR REDS

The vice president ticked off what he called decisive defeats for the Communists in Japan, the Philippines, Malaysia, Burma and Indonesia. He conceded the Far East is not secure from attack, but said the Communist threat had receded except in Laos and South Viet Nam.

Satellite to Show Up

The Echo 1 will pop into view at 7:33 p.m. today for residents of the Pontiac area.

Moving in a southeasterly direction, the satellite can be spotted in the south sky.

GEORGE W. ROMNEY

GOP Leaders Openly Backing AMC President

Van Dusen, Roberts Hope He'll Consider Top State Post

By GEORGE T. TRUMBULL JR.

A prospective candidate for governor, George W. Romney, is loosening up a bit from past denials that he'd seek the office of Michigan chief executive next year.

Republican party leaders, including several of his fellow constitutional convention delegates from Oakland County, are now openly mentioning the president of American Motors Corp. as their Republican gubernatorial nominee in 1962.

And they speak out with Romney's permission.

Delegate Richard C. Van Dusen, R-Singhman Farms, said: "I would hope that Romney would consider being a candidate for governor in 1962. I think Gov. Swainson is vulnerable."

Van Dusen, 1956 nominee for state attorney general and former state representative, made this statement following Romney's visit Tuesday with State GOP Chairman George M. Van Pelt to Lansing.

The hour-long visit was to explain Romney's plan for reorganizing the legislature, before the same plan was explained in detail to the committee on legislative organization this morning.

A broader significance, however, was attached to the Romney-Van Pelt confab.

ROMNEY UNAVAILABLE

Party leaders and Republican delegates to the convention say (Continued on Page 2, Col. 2)

Delegates Quit Geneva Talks

Dean, Briton to Return to United States Leaving Test Ban Conference

GENEVA (AP) — The top American and British delegates at the nuclear test ban talks here decided to return home Friday but will leave their deputies to continue the doctored conference.

Arthur H. Dean of the United States and British Minister of State Joseph Gomerle came to today's third session of the resumed talks with their minds made up that nothing could be gained by their continued presence.

Officially, Dean is returning to Washington for consultations with the government on the Soviet rejection of any kind of international control machinery.

Gomerle is returning to New York to resume his post as head of the British delegation at the U.N. Assembly.

The Western side believes the Soviet Union has eliminated any prospect for a disarmament agreement at this time by rejecting the location on its territory of any international machinery to control nuclear weapons testing.

THEY WOULDN'T SAY

Neither American nor British officials would say that the Western delegates' departure resulted from a conviction that the day-long negotiations are now doomed to failure in their present form.

The deputies, Charles C. Stelle of the United States and Sir Michael Wright of Britain, are to continue meeting Russia's Semyon K. Isarapkin for the time being.

But as Tsurpkin refuses to discuss controls, and the West refuses to discuss a test ban without controls, the prospects of compromise appear nil. Any step toward a test ban would require a fundamental revamping of one position or the other.

Dean and Gomerle had an opportunity to tell Isarapkin of their departure at a luncheon Dean gave for his two colleagues just before today's session. The luncheon apparently was held in a friendly atmosphere, but produced no change in the frozen positions.

SIR WINSTON CHURCHILL

Winnie 87 Today, And It's Oysters for Breakfast

LONDON (UPI) — Sir Winston Churchill downed a breakfast of oysters and white wine and announced he was marking his 87th birthday today by going to the house he calls his home — the House of Commons.

Churchill's aides said the former prime minister announced he would attend Commons after polishing off his traditional birthday luncheon of roast sucking pig.

Churchill at the outset of the day upset his family's apparent plans for a "quiet" birthday shortly after he rose from bed at his usual hour — 11:30 a.m.

Clamping a Churchillian cigar into his mouth, the former prime minister marched downstairs in his London house, waded through knee-high stacks of congratulatory mail and went into the parlor to face his wife and servants.

There they presented Churchill with a waist-high barrel of white stable oysters. Lady Churchill helped serve the wine while the servants toasted their master.

Burglar, 12 Was Doing Big Business

MARION, Ind. (UPI) — The 12-year-old coaster wagon burglar hauled most of his loot home in his little red cart, but it took three big trucks to carry it away.

"We've found the wagon was stolen," police said.

Police Chief Marvin Martin said Wednesday authorities have only scratched the surface of the 12-year-old boy's career of crime which started when he was only 9.

Martin said the boy committed a dozen burglaries in the past month and at least six earlier this year.

Hidden around the boy's East Marion, Ind., home and along the banks of the nearby Mississinewa River police found:

Seven bicycles, a large motorized snow plow, auto accessories, wagons, tires, a go-kart, a toy farm tractor, small motors and dozens of other items — in all, three truck loads.

The boy was arrested Sunday night as he wheeled a stolen go-kart across a bridge. It was his second arrest this month and police decided to check his home. Discovery of the loot followed.

Martin explained that police hadn't searched the boy's home after the first arrest because "we had no idea that anything on such a large scale was going on."

Many of the more than 2,000 Pontiac area boys of the Pontiac Boys Club are now filling their leisure hours by helping clean up and repair their fire-gutted club building.

The blaze which damaged a large section of the club at 530 E. Pike Street Nov. 14 has crippled activity for another month, according to Director Cressy Larson.

All attempts possible are under way to resume activities by Christmas, but many of the table games and other things must be replaced, he said.

Destroying thousands of dollars worth of game equipment, chairs, couches, television sets the fire caused a total loss, according to Fire Marshal Charles E. Meier.

Much of the equipment destroyed in the blaze had been donated by generous Pontiac area residents, Larson said.

"We had just repaired at a cost of almost \$1,000 — and our boys were very proud of our shiny club," he added.

During the past week, Boys Club members have been escorted on field program outings, toured the Police Station and Pontiac Motor Division, and attended parties held at homes "to pick up the slack for kids lost as to where to go," Larson said.

Katanga Troops Halt Invasion

Central Congo Force Pushed Back in Attempt to Cross Border

From Our News Wire
ELISABETHVILLE, Katanga — Katanga troops drove central-government "invaders" back from the border of this "independent" province Wednesday after a clash in which 17 men were killed, it was reported today.

Travelers arriving from the border area said 15 Congo soldiers and two Katanga troopers were killed in the clash, which occurred on the border of Kivu Province about 30 miles north of the Katanga town of Kongolo.

Two unidentified white men, presumably officers of the Katanga force, were wounded in the skirmish.

The travelers said the Congo troops, who had crossed the border Tuesday night, were driven back into Kivu by the determined defenders. The area was reported quiet today.

WARNS TSHOMBE

The United Nations in Leopoldville warned President Moïse Tshombe that a wave of violence and atrocities is building up in Katanga as a result of inflammatory anti-U.N. statements by Tshombe's secessionist regime.

Once the hatred erupts into fighting, the U.N. said, no one—not even Tshombe—will be able to stop it.

Sture Liner, head of the U.N. Congo operation, called on the Katanga president to change his "extremely imprudent" attitude "before it is too late."

Katanga authorities, meanwhile, called on the people of Elisabethville to join the search for an Indian U.N. major whose wife was shot at close range and killed. U.N. sources here said they believed the missing Gurkha, Maj. Arjeet Singh, still was alive, though probably wounded.

I W-w-wis-s-h I W-w-was in D-d-dixie?

By The Associated Press
Frosty weather nipped most of Dixie today as temperatures dipped to new lows for the season in many sections.

The chilly air spread northward from the snow-capped peaks of the Northern Rockies and held in the Northern Midwest into Virginia, the Carolinas, Mississippi, Louisiana, Georgia, Alabama, into sections of northern Florida.

The cold air in the Southeast was part of the huge mass of frigid air which covered most of the eastern half of the nation.

The 22 reading in Richmond, Va., Greensboro, N.C., and Louisville, Ky., was only a couple of degrees warmer than Anchorage, Alaska.

In Florida, Tallahassee shivered in near-freezing temperatures with the mercury at 34. Miami's low was 58 after Wednesday's high in the 70s.

ASTRONAUT'S FAMILY—This is the family of John H. Glenn Jr., 40, named as Cape Canaveral, Fla., Wednesday as the first U.S. astronaut to be rocketed into orbit. The picture handed out by NASA at Cape Canaveral Wednesday shows (from left) Glenn's daughter Lynn, 14; his wife, Anna; and his son, Dave, 15.

Mississippi Town Quiet After Negroes Beaten

From Our News Wire
McCOMB, Miss. — An uneasy quiet settled over this Southeast Mississippi railroad town today after a gang of white youths attacked five Negroes at a bus station.

One city official, who asked to remain anonymous, said he expected the attack to be the last of its kind.

The five Negroes arrived in New Orleans early this morning and were immediately questioned by FBI agents.

The group then met in a private home to decide whether to return to Mississippi. FBI agents said they would question the group further later today.

The Negroes, three youths and two girls, were met at the New Orleans station by a group of friends who sang, "Oh, riders, don't you weep, don't you moan."

They were embraced by friends and then went into a brief huddle with FBI agents before going to a private home to meet and decide on a plan of action.

The five, all members of the Congress of Racial Equality, left McComb late Wednesday night under heavy police protection.

Their safe departure fulfilled a promise made by the Justice Department after the attack to see that they were fully protected while they remained in McComb.

The C.R.E. members' visit to the McComb bus station came a day after the city said it would comply with a federal court order that segregation signs outside the station must be removed.

Two Area Youths Injured as Truck Hits Motorbike

Two Pontiac Township boys injured when their motorbike was struck from the rear by a truck yesterday evening are reported in satisfactory condition today at St. Joseph's Mercy Hospital.

Hurt in the accident were the driver of the motorbike, Ronald Beard, 14, of 2885 Walnut Road, and his passenger, Daryl Tison, 15, of 2887 Pontiac Road.

The truck driver, Herbert A. Austin, 40, of 3840 Dutton Road, Oakland Township, said he did not see the boys in front of him until it was too late because there were no lights on the motorbike, according to Oakland County Sheriff's deputies.

The heard boy said the lights did not operate properly after he pulled out of a driveway on Walnut Road just before the accident, which occurred on Pontiac Road near Walnut at 5:55 p.m.

Chimp Flight Boosts U.S. Space Program

(Continued From Page One)
And there was trouble, too, in certain electrical equipment.

In seconds the information was reported to flight headquarters at Cape Canaveral. There, with the help of computers, flight officials decided a third orbit was too risky.

The tracking station at Point Arguello, Calif., was notified and a control officer there named Arnold A. Aldrich ordered a radio signal sent down rockets at the base of the spacecraft, and they fired over the U.S. West Coast, slowing the 17,500-mile-an-hour speed of the capsule.

Its speed reduced, it began a fall to earth. The USS Storms picked up chimp and capsule and stowed toward Bermuda, where both will be carefully examined.

In his two orbits of the earth, Enos ranged as high as 146 miles and as low as 99 miles.

Enos performed his task well, initial data showed, identifying unique shapes flashed in windows before him, pulling levers at certain intervals. Sometimes his reward was a sip of water from a glass bottle.

Sometimes his penalty for a wrong answer was a slight shock on the foot.

Albania Throws 2 Parties -- Flops

Soviet Diplomats Ignore Reception Invitations; but Red Chinese Show

BELGRADE — Soviet bloc diplomats snubbed Albanian receptions in Belgrade and Moscow Wednesday night, but the Red Chinese showed up in force at both parties.

The demonstration on the cocktail level underlined the split in the Moscow-Peking axis over the Stalinist leaders of the tiny Red pocket on the Adriatic.

Soviet Premier Khrushchev has blacklisted Albania for refusing to go along with his anti-Stalin campaign, and Red China has backed the Balkan rebel in an obvious slap at the Soviet Premier.

The Albanian Embassy in Belgrade sent out invitations to all countries with which it has diplomatic relations to celebrate the anniversary of Albania's liberation from the Germans in World War II.

East European ambassadors stayed home and only a few minor officials showed up. Yugoslavia, which has its own troubles with Moscow, was also represented by two minor officials.

The Moscow affair was even more of a flop. Two Soviet envoys, representatives of lesser rank, put in an appearance but stayed only 30 minutes.

None of the other European Communist countries even bothered to send a representative.

Police Scatter Santo Domingo's Young Rioters

SANTO DOMINGO, Dominican Republic — Police hurled tear gas and fired live rounds to scatter a mob of youths on this third day of a general strike attempt to oust the government of President Joaquin Balaguer.

The police moved in when the youths sought to start an anti-Balaguer demonstration in the heart of the city.

Balaguer has repeatedly declared he will not resign under pressure. An opposition leader said that the night much progress has been made in talks with Balaguer on a formula for a new government and only details remain unsettled.

Church Will Try Cold War Work

But Plan to Meet With Political Leaders Hard to Work Out

NEW DELHI, India (AP)—A Czechoslovak churchman said today plans are afoot for an East-West conference of church and political leaders on problems of the Cold War.

The Rev. Joseph L. Hromadka, of Prague, said such a step is being suggested by the Commission of Churches on International Affairs (CCIA) of the World Council of Churches.

He said it was hoped Christian churchmen from both sides of the Iron Curtain would meet with political authorities from both sides to explore threats to peace.

Church people are not sufficiently versed in the complex issues involved and need to become more competent on them, he said.

He also said that the "my own government," he added.

2 Wonderful Gifts in One!

Dr. O. Frederick Noll of Philadelphia, Pa., director of the CCIA, said the proposal for an East-West conference is a report and is still in an indefinite stage.

The Rev. Carl McIntire of Collegeville, N.J., leader of an American group that accuses major churches and the World Council of Churches of heresy and infiltration by Communists, asked Hromadka: "How do you feel when the Soviet government uses your religion as a tool of the World Council as an instrument on its side in the Cold War?"

McIntire referred to a Communist publication in Buenos Aires, saying it was a "radio signal" sent down rockets at the base of the spacecraft, and they fired over the U.S. West Coast, slowing the 17,500-mile-an-hour speed of the capsule.

Its speed reduced, it began a fall to earth. The USS Storms picked up chimp and capsule and stowed toward Bermuda, where both will be carefully examined.

In his two orbits of the earth, Enos ranged as high as 146 miles and as low as 99 miles.

Enos performed his task well, initial data showed, identifying unique shapes flashed in windows before him, pulling levers at certain intervals. Sometimes his reward was a sip of water from a glass bottle.

Sometimes his penalty for a wrong answer was a slight shock on the foot.

The Day in Birmingham

Beverly Hills Residents Get Library Rates Cut

BIRMINGHAM — Beverly Hills residents tomorrow can start taking advantage of the Baldwin Public Library services at a drastically reduced rate for nonresidents of Birmingham.

The lower cost is a result of an agreement with village officials and the library board.

To be eligible for the city library service, Beverly Hills residents will have to obtain a family permit from the village hall for \$5.

This annual fee will replace the former cost of \$14.34 for village residents; the same fee charged other nonresidents for use of the library.

Refunds to some 250 Beverly Hills residents holding the old family permits is expected to be made by the library on a prorated basis.

The refunds will be made upon application at the library. Total refunds are not expected to exceed \$1,000.

Beverly Hills is the first area community to sign a contract with the library board. The nonresident policy will be discontinued by the library by July 1964.

By that time library board hopes to come to terms on contracts with other area communities on a plan similar to that offered Beverly Hills.

Beverly Hills last week paid its first contract fee of \$4,735 to the library.

Managers Laud Walter Willman

Florida Conventions Give Retiring City Man a Service Plaque

Retiring Pontiac City Manager Walter K. Willman was honored by fellow city managers last night at the closing banquet of the 4th annual conference of the International City Managers' Association in Miami Beach.

Willman was one of the 13 ICMA past presidents singled out for recognition and one of 21 city managers honored for more than 20 years service.

He was presented a plaque in recognition of "distinguished service to the city managers' profession." ICMA directors, of which Willman is one, cited him for "44 years of continued public service, 38 years as city manager and a past president of the ICMA who has attended 21 annual conferences."

Willman is currently third in seniority in the association. Two other managers have 39 years service.

Now in the last month of a long career, Willman was given a standing ovation. One of the record 57 managers applauding was Willman's successor, Robert A. Stierer, assistant city manager, attending his first ICMA conference.

Willman was also selected to give the gavel to outgoing ICMA President Woodbury Brackett of Auburn, Maine. Oak Park City Manager Virgil Knowles was elected Midwest regional vice president.

The new ICMA president is Elder Guntz, city manager of Des Moines, Iowa. More than 1,100 persons attended the conference at the Hotel Fontainebleau.

NATIONAL WEATHER—Light snow is due again tonight in New England, Northern Appalachians and Lakes area. Showers are due along Pacific Coast from Washington to Central California and in Southern Rockies. Scattered snow is forecast in Central and Northern Rockies, spreading eastward through Northern Plains to Upper Mississippi Valley. It will be cold in northern tier from New England to Lakes region and Central Plains and become warmer in southern tier from southern portion of Middle Atlantic states to Central Plains.

France Gaining in N-Arms Race

Defense Minister Hints Significant Results in Weapons Development

WASHINGTON (AP) — France may be getting close to becoming the fourth nation, with atomic weapons.

"This was hinted in a statement by the French armed forces minister, Pierre Messmer, that significant results in nuclear weapons development.

The term significant results, he said Wednesday, could mean manufacturing the weapons or having them in quantity.

DECLINES TO EXPAND
Messmer declined to say at a news conference how far France has progressed. But the mastering of atomic weapons techniques—the earliest of the three stages he mentioned—would put France on the threshold of acquiring nuclear armaments.

So far, only the United States, the Soviet Union and Britain have become atomic weapons powers.

PLANS N-SUBMARINE
In related field, Messmer said France is building a land-based prototype atomic reactor for a nuclear submarine and that his

country expects to start building such a sub in 1963 or 1964 at the latest.

France is doing this with the aid of enriched uranium loaned to it by the United States.

Messmer said he has no plans to raise the question of the United States sharing atomic arms or atomic weapons information with France—something which now is forbidden under U.S. law.

Messmer, the first French armed forces minister to visit the United States since World War II, arrived here Wednesday to begin a 10-day tour and to discuss such matters as the French military situation and powered space vehicles to the balance of payments problem.

'Gus' to Get 1st Insignia Issued for Astronauts

WASHINGTON (AP)—The Air Force "is issuing a new silver wing insignia for its astronauts to wear."

The first insignia will go to Capt. Virgil "Gus" Gresson, who qualified last July in his flight down the missile range from Cape Canaveral. The wings will be pinned on Gresson in a Pentagon ceremony some time next week.

To qualify for the insignia, a regular pilot's silver wing must be shot at and superimposed over the regular pilot's silver wing in the Berlin situation and height above 50 miles.

Native Revolt Feared in Dutch New Guinea

HOLLANDIA, New Guinea (UPI)—Flag-raising ceremonies here Friday may touch off an emotional chain reaction transforming Dutch New Guinea into a "new Congo," worried officials said today.

Nationalism on this jungled island has been on the rise since the New Guinea Council—the Dutch territory's first legislature—took office in April. Authorities here believe the raising of the flag of "West Papua" may inspire an outbreak of agitation for independence.

Some Dutch residents, remembering the wave of looting and murder that swept the Congo when it became independent from Belgium last year, already have left New Guinea. Others are quietly making emergency arrangements.

The government is seeking to ease the situation through an order that for the time being the Papuan flag may be flown only when there is a Dutch flag alongside it, preferably at a somewhat greater height.

Speeches at the flag-raising ceremonies will emphasize that the new flag is purely symbolic and that the day of independence is yet to come.

Flag-raising stories are circulating here about native plans to move in on the white man—like the one they tell about the Papuan warrior who approached the Dutch commander of a small outpost.

"I hear you white men are leaving soon . . ." the native was quoted as saying. "I have decided to live in your house. And you should leave your wife when you go."

Not many people take such stories seriously. They usually are brushed off—but closely-similar stories were acted out in fact in the Congo last year.

Dutch New Guinea is the last remnant of the Netherlands East Indies, most of which is now Indonesia. The Indonesians have repeatedly demanded cessation of

the Dutch territories in New Guinea, so far without effect.

AP Photos
NEW CIA BOSS—President Kennedy hands John A. McCone his commission as director of the Central Intelligence Agency at a White House ceremony Wednesday. McCone, former chairman of the Atomic Energy Commission, succeeds Allen W. Dulles in the CIA post.

Jump Reported in U.S. Crime

Rural, City Violations Increase During '61 According to FBI

WASHINGTON (AP)—Crime continued to increase in both urban and rural areas during the first nine months of this year.

This is the gist of the FBI's uniform crime reports for the period, announced today by Atty. Gen. Robert F. Kennedy. City crime jumped 4 per cent over the same period in 1960, while the rural increase was 9 per cent.

SIGNIFICANT RISE

In making his report, FBI Director J. Edgar Hoover pointed out that the 4 per cent city rise is especially significant in light of substantial increases and new peaks in all crime categories in 1960.

A sharp rise in suburban areas helped account for the increased city crime. The over-all percentage rise in cities in the 25,000 to 50,000 population group, many of which comprise the country's suburban areas, was 10 per cent.

RAPE INCREASES

An "alarming" 23 per cent increase in forcible rape was reported by cities with populations from 250,000 to 500,000. The 30 cities in this group reported 932 rapes, compared with 761 during the same period last year.

At the same time, forcible rapes for all cities reported declined 1 per cent, while increases were chalked up in all other crime categories. Included were a 4 per cent increase in murders, 10 per cent increase in robberies, a 2 per cent rise in burglaries and aggravated assaults and a 5 per cent increase in brawls.

The statistics were supplied to the FBI by police agencies throughout the country.

Glenn's Father Is Enthusiastic About Space Shot

NEW CONCORD, Ohio (AP)—John H. Glenn Sr.'s excitement and enthusiasm is running about as high as his son will go in his planned orbit of the earth.

The son is Lt. Col. John H. Glenn Jr., 40, the Marine astronaut named Wednesday to make the first space orbit flight for the United States.

"He's thrilled to death and I guess we are, too," said John Sr. Wednesday. He said he and John Jr.'s mother weren't worried.

"The better you know Project Mercury, the more confidence you have in it," the elder Glenn said, adding, "we're very happy for him. That is what he wanted to do."

Jobless Only Part of Welfare Problem

CHICAGO (AP)—Unemployment, the major welfare problem of the 1930s, now causes only about one-fourth of the public assistance cases, a government official reports.

Wilbur J. Cohen, assistant secretary of health, education and welfare, told the American Public Welfare Association Wednesday that three-fourths of today's public welfare cases involve persons whose dependency is caused by problems much more complicated than unemployment.

"Therefore, they require much more extensive rehabilitative services," he said. He added that the shift in emphasis in public welfare toward rehabilitative services appears to have won enthusiastic response from the American public.

Would Open Books to Any State Citizen

LANSING (AP)—Any Michigan citizen would be able to examine and copy all public records—whether he had any special interest in them or not—under a proposal before the constitutional convention today.

The right of examination would be "subject only to such reasonable limitations and exceptions as may be provided for by statute or court rule," the proposal said.

It was placed in the convention hopper Wednesday by delegate Eugene G. Wanger, R-Lansing.

The proposal defined public records as including "all writings and records which are filed in any governmental office or made and kept by any governmental official or employee in the performance of duty—whether required by law or not."

Paris Councilman Proposes Making Subway Free

PARIS (AP)—A city councilman proposes making the Paris subway free of charge.

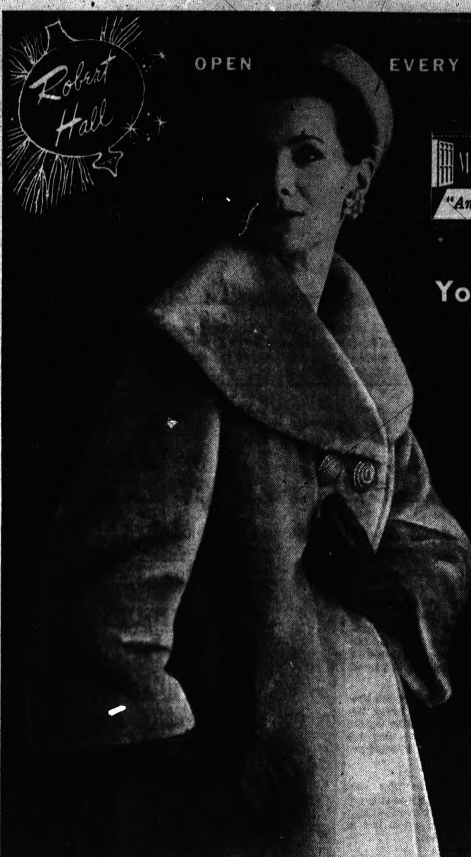

It would save \$16 million a year pay to "thousands who pass their lives punching holes in tickets" and allow them to be directed toward "more useful and humane jobs," he argues.

But ticket sales at about 74 cents a ride bring in about \$94 million a year, the subway points out.

Miami Yule Changes

MIAMI, Fla. (AP)—The influx of Cuban refugees has produced one more change in Miami life. Since this Yule season said they have hired Sangas who speak both English and Spanish.

Couple Repeats Vows in Ceremony at MSU

A dinner-reception in the Albert Pick Hotel followed the Saturday marriage of Linda Ann Bergin of Cooley Lake Road to Robert H. Fargher in McCune Chapel, Michigan State University, East Lansing. Rev. Roy Schramm performed the double-ring evening ceremony.

The bride is the daughter of Robert E. Bergin of Santa Barbara, Calif. and Mrs. Helen D. Bergin of Detroit, formerly of Oxford. The Octave H. Fargher of Waterford are the bridegroom's parents.

White miniature roses and chrysanthemums complemented the bride's ballerina length dress of lace over ice-blue satin. Mrs. Roberta Stammann Harrison attended her former classmate as matron of honor, wearing rose velvet and matching hat. She carried a colonial bouquet of miniature pink roses.

Mr. Fargher stood as best man for his son.

OES Unit Holds Dinner at Temple

Some 150 members and guests of Pontiac Chapter No. 228, Order of the Eastern Star, attended a cooperative dinner Monday in the Masonic Temple.

Preceding the dinner, degrees were conferred on Mr. and Mrs. Westnes and Carol Westnes.

Mrs. Vincent Butera, worthy matron, and George Alberts, worthy patron of the Orion Chapter assisted Mrs. Joseph Minton, worthy matron of Pontiac Chapter and Sylvan Clark, worthy patron.

Wardens of Oakland County OES chapters and past wardens of Pontiac Chapter, since the year 1945, were honored. They were: Margaret Bryant; Clarkston; Myrtle McKenzie, Luke Orion; Mrs. Homer Smith, Pontiac; Marion Corner, Aremore Chapter; Mrs. Mabel Ricketts, Oxford; Mrs. Irene West, Berkley; Mrs. Leah Stewart, Holt; Mrs. Alta Davies, Davison; Mrs. Hazel Carver, Ferndale; Mrs. Winifred Sampson, Birmingham; Mrs. Edward J. Mahaney, Farmington; and Mrs. Jeanne Bostright, Commerce.

Past wardens of Pontiac Chapter present were Mrs. Davy Gilpin, Mrs. Frank Ledford, Mrs. Mabel Richardson, Mrs. Velma Baynes, Mrs. Phoebe VanDeusen, Mrs. Freeman H. Alden, Mrs. Agneta Elkins, Mrs. Wallace Morgan and Milton Walters.

Mrs. Joseph Davidson, worthy matron of Berkley chapter, assisted in the degrees ceremony for Mrs. Frederick C. Ziem, Mrs. Richard Moore, Mrs. Milton King and Mrs. Virginia Shelton.

The dinner committee included Mrs. Earl Hoskins, Mrs. Hazel Anderson, Mrs. Bertha Williams and Mrs. Helen Roberts. Mrs. Robert Calvary planned the decorations. Group 2 served the late evening refreshments with Mrs. Duane Boughion, chairman, assisted by Mrs. Bert Finnerworth, Mrs. Mary Erickson and Myra Tyron.

Mrs. Westnes, birthday hostess, gave to members having birthdays in October and November.

Past Matron Mrs. Kenneth Anthony and Past Patron James Householder were hosts to the candidates at both sessions.

GOP Women Hear Murphy

Daniel T. Murphy Jr., Oakland County clerk and register of deeds, presented his views on home rule as it would apply to the county before the Pontiac Republican Women's Club Monday afternoon in Adah Shelly Library.

Raymond King, Pontiac's delegate to the Michigan Constitutional Convention also spoke.

Rep. William S. Broomfield, R-Oakland County, is scheduled to speak at the Madison Heights High School Monday. Mrs. Harry Henderson will open her home on West 13-Mile Road Dec. 11 for the annual Christmas party and gift exchange.

Mrs. Daniel T. Murphy Jr. and Mrs. Nelson Hunter presided at the tea table. Hostesses for the social hour were Mrs. J. L. Slaybaugh, Mrs. Lulu Laby, Mrs. Clarence Senger and Mrs. Edith Tick.

Bethel No. 5 Plans for Smorgasbord

President Bristles but Sympathizes With Reservists

WASHINGTON (AP)—President Kennedy has sought to impress on reservists who have been called into uniform that he understands their problems.

But, at the same time, the President has made it clear he wants them and their families to understand why the men were called up. To increase the nation's defense in a time of crisis, the subject of reservists and

their morale occupied more of Kennedy's attention at his 31-minute news conference Wednesday than any other subject. At times, he bristled a bit about the matter. And, he also held out the hope that the men may be out of uniform short of the required 18 months.

However, the President added, "I would propose any serviceman sitting in a camp, however unsatisfactory it can be, and I know how unsatisfactory it is, to recognize that he is contributing to the security of his family in a most direct way."

The President made specific mention of Ft. Lewis, Wash., where Wisconsin's 32nd National Guard Division is serving. Conditions there have been sharply criticized by Rep. Alvin O'Konski, R-Wis., who has said the Army showed criminal negligence in handling the Guardsmen.

O'Konski ended a five-day inspection Tuesday, the same day Sen. William Proxmire, D-Wis., began his own investigation.

McDaniel declined to meet with O'Konski and said he would have nothing to say until he returned to Washington.

At Ft. Lewis, an Army spokesman said, "The general reaction was 'that's what we expected all along.' But, the spokesman added, the reservists feel better because 'now they see we can go ahead and make plans accordingly.'"

Federal Planner Has Criticism

Says Urban Renewal Problems Should Be Solved Locally

DETROIT — The annual convention of the American Institute of Planners closed here Wednesday with the outlining of federal urban renewal policy and an appeal for state governments to do more in planning and redevelopment.

William Slayton, urban renewal administrator, defined the federal government's role as one of "assisting local institutions in solving their problems, but not solving the problems for them."

He criticized "local citizenry and local officials" for what he termed "a tendency to depend on the national government to solve local controversies and apply pressure for financial aid to all types of purely local governmental activities."

"Federal assistance in urban renewal and planning is 'necessary,' Slayton said, 'but one of America's greatest strengths is in the vigor and variety of local governments and the freedom of local action.'"

Criticism of state governments for failure to assume a role in the field of planning and redevelopment was voiced by Gov. Gaylord Nelson of Wisconsin.

He said that planning and redevelopment are the almost exclusive province of the federal and local governments — with virtually no state government involvement — and termed state-level planning "one of the most neglected fields in government today."

Lesinski Picks Detroit as Administrative Aide

LANSING — Lt. Gov. T. John Lesinski has announced the appointment of Ronald L. Dzierbicki, 27, of Detroit as his administrative assistant.

Dzierbicki is not being paid out of state funds, Lesinski said. Besides administrative duties, the lieutenant governor said, Dzierbicki will head an appraisal of awards of federal defense contracts in Michigan.

Nikita Extends Pope Greetings on His Birthday

VATICAN CITY (AP)—Soviet Premier Khrushchev sent birthday greetings to Pope John XXIII last weekend, the first time any Soviet premier is known to have sent any greeting to a pontiff of the Roman Catholic Church.

"We know nothing," said the Vatican press office. "We suggest that you ask the Soviet embassy."

A spokesman at the embassy said Ambassador Semen Kozlov had been delegated by Khrushchev to extend his greetings to Pope John on his 80th birthday Nov. 25. This had been done in writing through the Vatican's apostolic nunciature in Italy, said the spokesman.

One Vatican source described the gesture as "a crooked line" and said, "with this man (Khrushchev) anything is possible."

Flees East Germany in Big, Fast Truck

BERLIN — An East German customs officer drove a huge truck at breakneck speed out of the Communist control area on the Berlin border Wednesday in a successful escape.

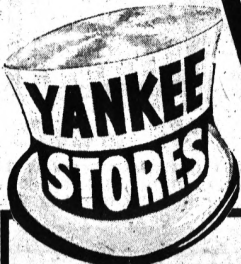

The customs man, wearing his uniform, was one of nine East Germans and East Berliners who fled to the West.

West German police said the customs officer's fellow guards were caught by surprise when he broke away with his truck.

Announce Plans to Widen U.S. 31 Strip in Holland

LANSING — The State Highway Department has announced preliminary plans for widening about a mile of the U.S. 24 business route in Holland from two to five lanes.

The estimated \$12,000 project, scheduled to be placed under contract in the last quarter of 1962, the department said. It will serve as the South business route connection with the proposed 96 freeway, which will bypass the city.
