"A candidate for admission must be a graduate of an approved high school and must have been in the top quarter of his graduating class, and have the recommendation of the high school principal. And it should be strongly recommended that students preparing for admission follow the high school preparation described below:

2. English - 4 units

Foreign Language - 2 units (in the same language)

Science - 2 units (must include one laboratory science)

Social Science - 2 units

Mr. Pearson reported that the Scholarship Committee, with \$45,000 raised largely by the Foundation Scholarship Committee, has awarded 21 \$500 Scholarships to freshmen and also 88 freshmen received \$279 tuition scholarships, with 43 freshmen receiving \$125 grants. Five advanced students were given \$500 Scholarships and five received \$279 tuition scholarships. The Foundation Scholarship Committee, said Mr. Varner, is going to raffle off a "Tempest" automobile which should bring in an additional \$2,000 or \$3,000 for the Scholarship Fund. The tea at Meadow Brook Hall realized \$2,000. Since scholarship funds for subsequent years will be more difficult to obtain, said Mr. Varner, student loans and annuity investments will be emphasized.

The Intramural Building may be started about April 1, and be completed by April, 1962.
