

Jap Pact in Effect as Foes Fumble; Kishi to Resign

TOKYO (AP)—The United States and Japan put their new mutual security treaty into force today at a secretly arranged ceremony, folling plans of Japanese left-wingers to delay final action on the controversial pact.

Premier Nobusuke Kishi, for weeks the target of fanatical demonstrations by radical students, socialists, Communists and labor forces, said he would resign now that the treaty had become law.

U.N. Expected to Scold Israel

Probably Will Approve
Argentina's Protest on
Eichmann's Removal

UNITED NATIONS, N.Y. (AP)—Diplomats generally predicted today that the U.N. Security Council would approve an Argentine resolution censuring Israel for the secret removal of Adolf Eichmann from Argentina.

A vote on the resolution was expected this afternoon or Friday.

Some sources anticipated unanimous approval; others thought several nations might abstain.

The resolution charges Israel with violating Argentine sovereignty and calls on the Israeli government to make "adequate reparation."

But Premier David Ben-Gurion already has said emphatically the Nazi was criminal accused of responsibility for the extermination of six million Jews would not be returned to Buenos Aires, as Argentina demanded earlier.

Israeli Foreign Minister Golda Meir, speaking in the council debate Wednesday, admitted Eichmann had been removed from Argentina illegally and expressed her government's regret. She said that constituted "adequate reparation" to Argentina.

A diplomat familiar with Argentina's position said the Buenos Aires government would expect approval of the resolution as affirmation of its "moral right" to demand justice for the slain Nazi. This seemed to indicate the Argentines would let their demand for Eichmann's return lapse.

Mrs. Meir repeated Israel's contention that Jewish volunteers, acting independently and not as agents of her government, four of whom were captured in Argentina and brought him to Israel last month for trial.

2nd Degree Charge for Flint Youths

Three Flint men accused of beating and kicking to death a Rochester area teen-ager today were bound over to Genesee County Circuit Court for arraignment on second degree murder charges.

Flint Municipal Judge Raymond C. French said after a pre-trial examination that he was satisfied each of the defendants had a part in the June 11 slaying of Dennis R. West, 17, of 140 Montmorency Rd., Avon Township.

At the same time, the judge said he was not satisfied there was enough evidence to support first degree murder charges on which the three were arrested.

"I find no premeditation to kill," the judge said.

Bond was set at \$5,000 for each defendant and arraignment was scheduled for July 5.

None of the defendants testified at the hearing.

Severely Ann Rogers, 15, testified yesterday she saw two of the men strike West.

She said Billy Joe Housley, 21, and Frederick C. Brown, 20, hit West after he left a South Side restaurant. She testified the third suspect, Charles S. Harris, 23, ran to the car in which West's three friends were waiting and shouted for them to return. They tried to report the attack to police.

The girl was among 11 witnesses before Judge Raymond C. French yesterday.

West, son of a General Motors Corp. executive, had gone into the restaurant to ask directions to downtown, his companions said. They said they had driven to Flint on an impulse.

Housley and Brown have admitted striking West, but Harris denied any part of the assault. Miss Rogers testified yesterday Housley hit her after the assault. "I hit her a good one."

THE PONTIAC PRESS

One Hurt, 3 Escape Tanker Blaze

HIGHWAY INFERNO—A driver of an oncoming pickup truck was badly burned when a double-trailer truck loaded with 10,500 gallons of gasoline tipped and burned on Walton boulevard near Michigan State University Oakland yesterday afternoon.

Two men in the tanker and a driver of a car escaped the blaze. All three vehicles were destroyed as the fire roared over 200 yards down the two-lane road.

Flaming Wreck Blocks Traffic in Pontiac Twp.

Rochester Phones Out
for 3 Hours; 10,500
Gallons of Gas Burn

By DICK HANSON

A 50-foot wall of flames consumed an oncoming pickup truck and a car, badly burning the driver of the first vehicle, when a double trailer tank truck hauling 10,500 gallons of gasoline tipped over and caught fire on Walton boulevard, a half-mile east of Squirrel road, shortly after 3 p.m. yesterday.

The gasoline truck was also destroyed, Walton boulevard was blocked to traffic for nearly 14 hours and long-distance telephone calls in Rochester were knocked out.

For almost three hours, the village's only direct telephone connection with the outside world was a single phone in a civil defense mobile unit.

Harry Griffin, 50, of 344 Pleasant St., Romeo, driver of the pickup truck, was rushed to Pontiac Osteopathic Hospital with first, second- and third-degree burns over 35 per cent of his body.

His condition was listed as satisfactory today after undergoing surgery last evening. No one else was hurt.

"One of the tires blew out as we rounded the curve, tipping over

More Crash Photos on Page 13

the rear trailer, driver of the tank truck R. M. Williamson, 55, of 10175 Ellis St., Clarkston, told sheriff's deputies.

"I struggled with the wheel, trying to bring the rig to a stop off the road at the same time," he added.

Sparks flew up as the trailer, one of two attached, dragged on its side down the two-lane road, setting the gasoline ablaze.

Williamson was breaking in a new employee, Raymond Pace, 25, of 2215 Fridman St., Keego Harbor. Pace was seated next to Williamson in the cab.

The path of the flames showed the huge truck careened over 200 feet down the road next to the Michigan State University Oakland campus before finally coming to a halt.

It swerved into a ditch and tipped half over.

Both men jumped out and raced for safety as flames roared 200 feet over the truck and swept on down the asphalt road.

Griffin, coming west up a hill, and in the opposite direction, was unable to stop when he suddenly saw the flames ahead.

The inferno met the pickup truck as Griffin jumped out and ran (Continued on Page 2, Col. 2)

Best Period in 10 Years at Cape

Polaris Launch Tops Triumphs

CAPE CANAVERAL, Fla. (AP)—The Navy launched a Polaris submarine missile from an underground tube early today to climax one of the busiest and certainly the most successful 24 hours in the 16-year history of this big test center.

When the smoke cleared, missilemen counted four successful launches in as many tries. They chalked up these significant results:

1. Two new American satellites, both carried aloft by one rocket.
2. A successful test of a new tactical-type nose cone on an Atlas Thor which smashed a bullet 5,000 miles down range.
3. A pair of Polaris launches from a ship at sea and from the shore-based tube.

A Thor-Able-Star rocket started the display of firepower at 12:55 a.m. Wednesday. It registered a spectacular space first by hurling the two satellites into orbit. They are the second Transit navigation aid satellite and a smaller sphere to study solar radiation.

Nine hours later, the 50th Atlas from Cape Canaveral in three years thundered aloft capped by its shiny new nose cone. The Air Force reported the advanced cone

is designed for heavier payloads, faster accuracy.

The success of the two-in-one satellite launching assures that United States will have an operating system of navigation satellites in 1962, Navy scientists said.

"That's when the growing fleet of missile-launching submarines will need such artificial radio stars to help them fix their positions and plot missile trajectories with pinpoint accuracy in all weather and without surfacing."

The double Polaris success opens the way for crucial under-

Rear Adm. Thomas F. Connolly of the Navy's astronautical department, told newsmen this means the United States is "moving into space for real"; that now "We can get devices up there and use them."

Cmdr. R. F. Freitag, a member of the astronautical group, said lifting two vehicles with a single rocket means, too, that from now on "A lot more payloads can be put up with fewer boosters."

The double Polaris success opens the way for crucial under-

Reuther Flays Auto-GOP 'Plot'

Says Industry to Boom
Pre-Election Production
to Bolster Party

DETROIT (UPI)—United Auto Workers President Walter P. Reuther has implied the auto industry plans to use its production to help the Republican Party at the polls in November.

Reuther said he was "deeply disturbed by indications . . . that the automobile industry plans on juggling production schedules for political purposes."

The union chief implied the auto industry intended to play politics with its production in a letter to the presidents of Chrysler Corp., Ford Motor Co. and General Motors Corp.

He made the accusation after Wards Automotive Reports, the industry statistical agency, reported record production was scheduled for September and October.

"DRAFTING CUT"

"Following election day, output would have to be cut back drastically with resultant large layoffs and extensive short work weeks," Reuther said.

Spokesmen for the three firms promptly called his implications "completely erroneous."

News Flashes

NEW YORK (AP)—Ed Sullivan, television star and newspaper columnist, underwent a stomach ulcer operation today. His condition was pronounced good.

SACRAMENTO (UPI)—Gov. Edmund G. Brown conceded today he is leaning toward Sen. John F. Kennedy as the Democratic Party's presidential nominee.

WASHINGTON (UPI)—The House today overwhelmingly passed a bill to set up a federal-state program to provide limited subsidized medical care for about 500,000 to 1,000,000 needy persons over 65.

Surprise Luncheon Fetes Boys' Club's C. B. Larson

By DENNIS DINAN

A Boys' Club version of "This Is Your Life" greeted Cressy B. Larson, executive director of the Pontiac Boys' Club, yesterday as he was honored with a surprise luncheon for outstanding social work in Chicago and Pontiac Boys' Clubs.

He was met at the local Boys' Club by a large crowd which included his mother, an old high school friend, and traveling from Wisconsin for the day, and his wife.

Larson was obviously dumbfounded, capable only of showing his thanks with a wide, thankful smile.

Police Chief Herbert W. Straley, Board of Education President Glen H. Griffin, the Civitan Club and the assistant regional director of Boys' Clubs of America, Robert Coleman, were also on hand for the luncheon.

In a short but laudatory speech, Coleman, whose office is in Chicago, presented Larson with a plaque from the Boys' Club of Chicago. On it was the following citation:

"For his distinguished and dedicated service to the cause of youth wherein he, like our Good Shepherd, left the sixty and nine to save those who strayed by his missionary work. He helped to bring recognition to his beloved Boys' Clubs of America."

Coleman said Larson had "given of himself as no one else to the cause of youth in Chicago. I know of no one in that area who is more highly thought of."

RUINED GANG WARS

Larson gained national recognition as one who almost single-handedly destroyed the street gang warfare in Chicago's seething West Side.

He helped found the Henry Horner Boys' Club which chartered the Chicago youth from street fights into constructive activities.

Clouds Have Damp Ideas for Pontiac

Keep those raincoats and umbrellas handy.

Mostly cloudy with a chance of a few showers or thunderstorms is the outlook for the Pontiac area tonight and tomorrow.

Tonight's low will be 64 degrees, Friday, the mercury is expected to reach a mild 74. A little warmer weather is predicted Saturday, but it will turn cooler again Sunday and Monday.

No rainfall was recorded in the past 24 hours in downtown Pontiac.

CLOUDY AND RAIN

Precipitation will total one-quarter to one-half inch in showers this weekend.

Easterly to northeast winds at 2 m.p.h. at 10 a.m. today will become northeasterly and north this evening 8 to 15.

Lowest temperature recorded preceding 5 a.m. was 64. By 2 p.m. the mercury had reached 74.

Cherry Crop Under '59

LANSING (AP)—Michigan's 1959 sour cherry crop was estimated at 75,000 tons as of June 15, about 12 per cent under last year's crop, according to the State Crop Reporting Service said. The record of 97,000 tons was set in 1950.

NEW YORK (AP)—Ed Sullivan, television star and newspaper columnist, underwent a stomach ulcer operation today. His condition was pronounced good.

SACRAMENTO (UPI)—Gov. Edmund G. Brown conceded today he is leaning toward Sen. John F. Kennedy as the Democratic Party's presidential nominee.

Vander Veen Sidesteps Swainson on Con-Con

By GEORGE T. TRUMBULL JR.
Constitutional convention foe John B. Swainson dangled the bait in front of his potential running mate last night, but con-con supporter Richard F. Vander Veen didn't bite.

Vander Veen, an AFL-CIO backed candidate for the Democratic lieutenant governor nomination, walked in late to a rally for Swainson in Birmingham to hear the present lieutenant governor strongly opposing a constitutional convention.

"It's going to be used as a rug under which to sweep all state problems," Swainson remarked. Vander Veen smiled, but said nothing to rebuttal. He hadn't been introduced yet.

Swainson, if nominated for governor, could have the Grand Rapids attorney, if he is nominated also, beside him on the November ticket. The lieutenant governor plucked away for piecemeal constitutional revision by commission action.

"VERY INTERESTING"
When introduced, Vander Veen said:

"It's very interesting to hear the tail end of this discussion. This is an issue on which it is difficult to base your opinion of a candidate."

"He said some press accounts that he had signed a con-con petition carried along with it a story that Republican candidate for the lieutenant governor nomination, Sen. Edward Hutchinson of Fennville, was opposed to it."

Saying Hutchinson was "one of the most honest of men," Vander Veen said Hutchinson put forth some arguments against con-con like those of August (Gus) Schelle, State AFL-CIO president.

"You see," Vander Veen said, "this is an issue on which you can't judge a candidate."

Although he said he would be glad to defend his position on this hot state issue, he didn't at the meeting in the Birmingham Community House.

Swainson and Vander Veen were sitting side by side for the first time since the latter officially joined Gov. G. Mennen Williams and others in supporting the rush for con-con signature.

"After his talk, Vander Veen said he thought he and Swainson could reconcile their conflicting opinions on con-con as nominated as a team to do war with Republicanism in November."

He pointed out that both parties are split on the question. Vander Veen signed a petition being circulated by the Junior Chamber of Commerce and League of Women Voters two weeks after the state AFL-CIO endorsed him for the nomination. The

Union is strongly opposed to con-con. The candidate said Swainson's idea for step-by-step revision of the 1908 state constitution wouldn't work.

Gas Truck Burns

(Continued From Page One)

heading back down the hill. He was burned mostly on the back, his car driver, James P. King, 36, of 408 South St. Rochester, also was coming up the hill.

King said he wasn't going to stop in time to escape the flames. He shut off the ignition, hit the brakes and jumped. His car continued to roll into the oncoming flames as he scurried away.

FLAMES GULF ALL

Both vehicles and the \$33,000 semi truck were consumed in a matter of minutes by the fire, which stretched from one roadside to the other.

Fire trucks from Pontiac and Rochester arrived minutes later. The fire occurred at the dividing line between Pontiac and Avon townships.

Some 20 flames inferno to control the roaring inferno for more than an hour, until it finally burned itself out for lack of more gasoline to feed it.

Trees and telephone poles were burned, and the road was seared for nearly 300 yards, telephone and electrical lines were scorched and burned.

The telephone cables — three of them — contained all of Rochester's long-distance trunks. Their destruction meant the village was cut off from such important agencies as the sheriff's department and State Police.

Four trunks were restored by 6 p.m., giving the village limited emergency service. They restored them on the ground and will hang them later, said Raymond Stern, Bell Telephone district manager.

Forty-five to 50 Michigan Bell Telephone Co. repairmen were able to restore full service by 10 p.m. They did not attempt to restore the cables in air — a time-consuming operation.

They restored them on the ground and will hang them later, said Raymond Stern, Bell Telephone district manager.

The sheriff's department reported that Walton was slipped to France shortly before 5 a.m. It took hours, deputies said, to haul the damaged trucks away.

"I'll be driving the same-type rig tomorrow," he said, glancing at the semi truck's burned out skeleton.

"I'm not so sure I still want the reason the tanks didn't explode is because they were constructed with vents to prevent internal pressure buildup, explained J. V. Madigan, superintendent for Mobil Oil Co., owner of the truck.

"When we jumped out of the cab, the flames were licking at us," said Pace. "The rig burned up before you knew it."

Union Questions Tints, Tones Set Sunday Outdoor Art Exhibition

County AFL-CIO Council is Defining Decision on Area Endorsements

Democratic candidates for Oakland County offices were interviewed last night in Pontiac by officers of the local AFL-CIO Council.

Whether this was preliminary to endorsement of some of the candidates, such as the Wayne County AFL-CIO Council has done, was not known.

Fred W. Haggard, Oakland county president, said yesterday delegates were on whether to endorse candidates for the primary.

A meeting will be held next Monday in an effort to resolve this question.

Candidates said they left the interviewing sessions at the Council offices, 214 E. Lawrence St., without any understanding that Union endorsement would be made.

One candidate said he was asked where he stood on the constitutional convention question, the controversial Peapack Mountains rights issue, and the question of whether the state's constitutional program should be broadened to give more benefits to retirees.

96 Are Enrolled for First MSUO Summer Term
Ninety-six students have enrolled for the first session at Michigan State University Oakland school officials reported today.

The figure was released by the office of the registrar, Michigan State in East Lansing.

The MSU summer enrollment figure of 9,268 registrants, which includes MSUO students, a record, eclipsing the 8,644 mark of 1959.

MSU registrar Kermit H. Smith said the increase figured 10.9 per cent.

Child Labor Law Case Appealed
Man Convicted of Using an Underage Youth to Sell Without Permit

A 23-year-old Pontiac man who pleaded guilty in Municipal Court to violating the child labor law has appealed the case to Circuit Court.

Charles A. Eagle, 18 W. Huron St., appealed the case yesterday after being sentenced by Municipal Judge Cecil McCullum.

He was sentenced to five days in the Oakland County Jail, fined \$25, and ordered to pay \$25 court costs — or serve 30 days.

Eagle was accused of employing an under-age minor without working papers to sell magazine subscriptions by telephone.

A complaint against Eagle's activities had been lodged with the Oakland County prosecutor's office by State Labor Dept. officials. A Circuit Court hearing on the appeal has been set for July 3.

Polaris Launching Climaxes Triumphs

(Continued From Page One)

water frigates scheduled to begin their mission from the George Washington, the first of the Polaris nuclear subs.

The USS Observation Island, a missile missile laboratory, launched the first Polaris at 9:22 p.m. while cruising about 30 miles off Cape Canaveral, compressed air popped the rocket from a tube in the deck of the ship and its first stage ignited about 70 feet above the deck. The second Polaris launch was accomplished in the same way.

Both Polaris missiles covered courses exceeding 1,000 miles. Submarines will use similar rockets to launch the Polaris, enabling the rocket to ignite above water.

Blame Short in Car for \$1,500 City Blaze
A short in the wiring of a car today was blamed by firemen for a garage fire at 1857 Joslyn Ave. early today.

The fire destroyed the \$700 car of Arthur Rock of the Joslyn address and caused \$800 damage to the garage, firemen said.

The Day in Birmingham Tints, Tones Set Sunday Outdoor Art Exhibition

BIRMINGHAM — An outdoor art exhibition and auction will be held here Sunday by the Tints and Tones Club.

The exhibition will be held at 1 p.m. in the home of Mrs. Earle Heft, 501 Roskone Rd. Paintings donated by members will be auctioned at 3 p.m.

Featured artist will be John Whaling. His paintings of outdoor life are done in watercolor, tempera, oil and airbrush.

Other painters to exhibit their work will be Margory Roloff, Velma Hamilton, Arthur Burdette and Neva Hite.

If rain postpones the exhibition it will be held July 2.

Officers of the Birmingham Hills Camera Club have recently been elected. They are: President, E. E. Oakes, secretary, and Mrs. M. Dupuis, treasurer.

The camera club meets the first and third Thursday of the month at Cranbrook Institute.

Demonstrations with the big telescope at Cranbrook Institute of Science will be held four Wednesday evenings during July.

The four dates are July 6, 13, 20 and 27.

The demonstrations will be given at half hour intervals beginning at 9 p.m. by appointment only.

Mrs. Dodge Pays; Now Add Penalty
DETROIT (AP) — A federal attorney says he will file a suit against Mrs. George Shefferson Dodge for \$16,000 over some jewels purchased in France which showed up in this country without a report to customs.

John R. Jones, assistant U.S. attorney here, said yesterday Mrs. Dodge has paid the government \$16,000 for the return of the jewels she was accused of smuggling into this country. But, he said, she is liable for a penalty of the same sum.

Mrs. Dodge, wife of Horace E. Dodge Jr., went a certified check for \$16,000 to the government June 13, U.S. District Judge Frank A. Picard signed an order releasing the confiscated jewels to her yesterday.

Dec. 23 of last year Dodge settled for \$19,050 a suit by the Paris jeweler who claimed he had not been paid.

Rain, More Rain Drizzles Over All but the West

By the Associated Press

A large section of the country had rain today. Precipitation was reported by the Chicago Weather Bureau over parts of the Midwest, Mississippi Valley, the South, the Plains states and New England.

Most of the rain began late Wednesday. A tornado hit the village of Shurmy, Effingham County, Ill. Wednesday night. Several farm homes and other buildings were damaged. Utility service to many rural communities was crippled.

Two electrical storms struck central Kentucky Wednesday. At least three persons died as a result of the storm. Lexington, Ky., had about 2 1/2 inches of rain during the storm.

Hailstones up to 3/4 inches in diameter were reported by the Weather Bureau near Decatur, Ill. Three-inch hail was reported near Sioux Falls, S.D. Wednesday night.

The Weather
Full U.S. Weather Bureau Report PONTIAC AND VICINITY: Partly cloudy to cloudy today, tonight and Friday with occasional drizzle and showers. Turning a little clearer Friday. Low tonight 48. High Friday 66. Wind from northeast with a 15 mile per hour breeze, becoming northwesterly Friday.

Today in Pontiac
Lowest temperature preceding 48 p.m. Wind velocity 1-10 m.p.h. Direction variable.

By MAXWELL N. HALSEY
CLOSE THE GAP

Traffic, like everything else, has its share of chiselers and cheaters. So it's smart to remove temptation and not give them a chance. A good example is the situation when you have stopped at a red light and plan to turn right, when the green comes on. If you leave reasonable gap between your car and the curb you run the risk of some nasty character coming in between you and the curb. Eliminate this dirty trick, sleeping within three or four feet of the curb, which will not appeal even to the driver of a small foreign car.

By A. W. MOLLER, D.V.M.

Question: Is it safe to feed my family rabbit meat?

Answer: Wild rabbits are exposed to many diseases. Tularemia or "rabbit fever" is the most well known and is communicable to man. The disease is carried by ticks and fleas and is difficult to diagnose other than through blood test or autopsy. Tame rabbits are not immune to this disease but the incidence is much lower as they are more closely observed and sheltered.

Any sick rabbit is a suspect. The germ can be destroyed and rabbit meat become safely edible by cooking it for ten minutes at 150 degrees.

(Address your question to Dr. Moller in care of this paper. He will answer selected inquiries in his column, but cannot reply to them.)

Fire Deaths Up 25 Pct. in State

Property Damage Also Jumps Despite Decline in Number of Blazes

LANSING — Fire deaths jumped 25 per cent in Michigan last year and property damage climbed 10 per cent even though fires declined in number.

The state fire marshal's office, reporting this said human carelessness and more big fires than usual accounted mostly for the increases.

Fires claimed 322 lives, 54 more than in 1958. The property loss climbed more than four million dollars to \$44,322,000, the highest since 1953 when damage totaled more than 78 million dollars.

"Ninety-two children died in fires, considerably more than average, and much of it was caused by the carelessness of adults," said Capt. Glesley M. Walker, state fire marshal.

"Sixteen youngsters died as a result of playing with matches, 15 in fires caused by careless smoking of adults. It when their clothing caught fire," he said. "That's an alarming record."

Eighty-three fires which caused more than \$50,000 damage accounted for most of the increase in dollar damage. Fires dropped 4,589 to 48,114.

To help reduce fires and fire damage, Walker called for installation of more warning devices and automatic sprinkler systems.

"Most of our newer buildings are fire-resistant," he said. "But we have in Michigan a large proportion of older wood-jointed buildings which otherwise are mostly of good construction," he said. "Warning and sprinkler systems in this type could substantially reduce damage."

Ninety per cent of the fatalities occurred in dwellings. The No. 1 adult killer was careless smoking in bed.

About 55 per cent of the damage losses occurred in dwellings.

Author of 'Lolita' Legally Claims Word 'Nymphet'

PARIS (AP) — Vladimir Nabokov, author of the best-selling novel "Lolita," has staked out a legal claim to the word nymphet. The writer asked a Paris court Tuesday to prevent a French movie company from titling one of its forthcoming productions "The Nymphets."

Nabokov's lawyer, Robert Baudouin, said the word was once in the public domain but that it is now identified with Nabokov's heroine, an advance member of the bubble gum set who has a cross-country affair with her mid-aged stepfather.

The court took the case under advisement.

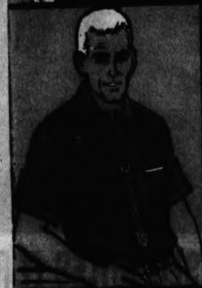

Webster's unabridged dictionary defines a nymph as a young nymph. And nymph, according to Webster's, is a bride or young woman, a flowing stream, an immature form of certain insects, a species of butterfly, a pinkish color or an artificial fish fly.

None of those definitions exactly fits Lolita.

Mother Nature is very wise. She gives up twelve years to develop a love for her children before turning them into teenagers. It may take a heap of living to make a house a home, as they say — but before that it takes a heap of borrowing. —Earl Wilson.

FOREIGN VISITORS — Representatives of the long-distance trucking industry of West Germany met with GMC Truck & Coach Division executives during a GMC plant tour Wednesday. Here, T. C. Fellows (left), GMC Truck Division superintendent, briefs three of the Germans and an Automobile Manufacturers' Association official on assembly operations. Shown (from left) are Fellows; Dr. Hans-Georg Urban, deputy chief of the Berlin Depart-

ment of Transport and Industry; Karl Richards, field service manager for the Automobile Manufacturers' Association; Ernst Erh, manager of the Long Distance Truckers' Association and the Transport Cooperative in Berlin; and Dr. Wolfgang Dorrer, assistant minister of the West German Federal Department of Transport. The group is studying all phases of American trucking during a month long fact finding tour of trucking centers.

Londoners Toast Ex-King Edward on His Birthday

LONDON (U)—Some goblets of champagne will be raised in London today to toast the 60th birthday of the man who gave up a crown "For the woman I love."

The health of the Duke of Windsor, who was King Edward VIII for 10 fleeting months in

1936, is also sure to be drunk in beer by middle-aged cockneys in their pubs. Some plump matrons will wipe away sentimental tears.

But the Duke will be absent from his native land. He and his Duchess are in France, where they have a villa near Paris.

The Duke is remembered affectionately by simple Britons who used to call him "Our Teddy." They hope that he and his American lady are happy. If any rancor over his abdication

remains, it is in high and frosty places, among people who feel that a monarch's duty to his people comes before his personal desires.

Some friends hope there still may be a chance that the duke and the woman for whom he gave up the world's most glittering throne may come back here to live.

The duchess, the former Wallis Warfield Simpson of Baltimore, also has her partisans here.

Labor Bias Assailed

WASHINGTON (U)—Refusal of some labor unions to accept Negro members, and use of the union shop to prevent Negro workers from getting employment, was described at a meeting here by the Rev. John F. Cronin, a Roman Catholic social action expert, as "immoral and intolerable."

The U.S. aircraft carrier Saratoga measures 187 feet from waterline to the top of the foremast.

House to Vote on Payola Bill

Would Make Practice Federal Crime; Quiz Shows Affected, Too

WASHINGTON (AP) — The House votes today on a sweeping broadcasting reform bill to make payola and quiz show rigging a federal crime and outlaw other abuses in the TV-radio industry.

Little or no opposition was indicated to the bill's chief provisions although efforts to change some of the terms were considered likely.

However, a possibly bitter fight appeared in prospect over promised attempts to write in an amendment to put television and radio networks under federal regulation.

"I most certainly intend to offer a network regulation amendment," Rep. John B. Bennett (R-Mich.) told a reporter. The House Committee on Communications rebuffed his efforts to add such a provision when it approved the reform bill earlier this month.

Bennett later blamed lobbying pressure by the broadcasting industry for defeat of his proposal. He said the action left the bill "woefully deficient."

To help assure Senate consideration despite the adjournment drive, the House committee attached its bill to a minor Senate-passed measure dealing with applications for broadcast licenses. Assuming the House passes it, this would eliminate the need for separate action by a Senate committee.

The bill would make both payola and quiz show rigging criminal offenses punishable by up to one year in prison and \$10,000 fine. It would require that all broadcast matter for which any kind of payment, direct or indirect, is made must be identified on the air as being paid.

7 Local Delegates Set Florida Trip

Kiwanians Will Convene

Five delightful days lie ahead in Miami, Fla., for seven local Kiwanis delegates and their families who will attend the 45th annual International Kiwanis Convention in that city from July 25-30.

Representing the Downtown Pontiac Kiwanis Club are James R. Jenkins, president, 62 Wrennash Dr., and Arthur Compton, 150 Chippewa Rd. Delegates for the West Pontiac Club are Robert J. Altot, 473 W. Iroquois St., and Arthur L. Brandenburg, 975 Berwick Blvd.

Kenneth French, 606 E. Tennyson Ave., Robert Clark, 41 Moreland Ave., and Robert A. Wernst, 289 Avon Rd., will travel to Miami for the North Pontiac Kiwanis Club.

The annual report from the National Kiwanis Assn. and the election of a new international president will highlight the five-day meeting.

Among the speakers will be Paul G. Hoffman, managing director of the United Nations Special Fund, and George Romney, American Motors president.

ON EDGE — Algerian rebel premier Ferhat Abbas and his team of peace negotiators are walking on the thinnest kind of ice in arranging their talks with President Charles de Gaulle of France. Plans for the discussions could fall apart at any moment. The Algerian even refused an offer to fly to the Algerian talk site in a French plane, for fear the move would hint that his position was weak.

Of American adults with eyeglasses, 36.4 per cent are women, 43.6 per cent men.

Device Can Learn, Developer Claims

NEWPORT BEACH, Calif. (U) — A research group has claimed development of an electronic device that can imitate a nerve cell to the point of duplicating the learning processes.

The doughnut-shaped device — about one-fourth the size of a penny — is called MIND—Magnetic Integrator Neuron Dupliator—and was developed at Aeronautics, a division of the Ford Motor Co.

Joseph K. Hawkins, spokesman for a group of Aeronautics researchers, gave this description of the device's function:

MIND, composed of a magnetic ceramic core capped with a metal washer and an inner hole through which wires are strung, is modeled after the synapse junction found in human and animal nervous tissue. The junction is a relay point for passing signals from one nerve cell to another. Like a living

cell, MIND can remember experiences and learn new facts under control of a human or mechanical teacher.

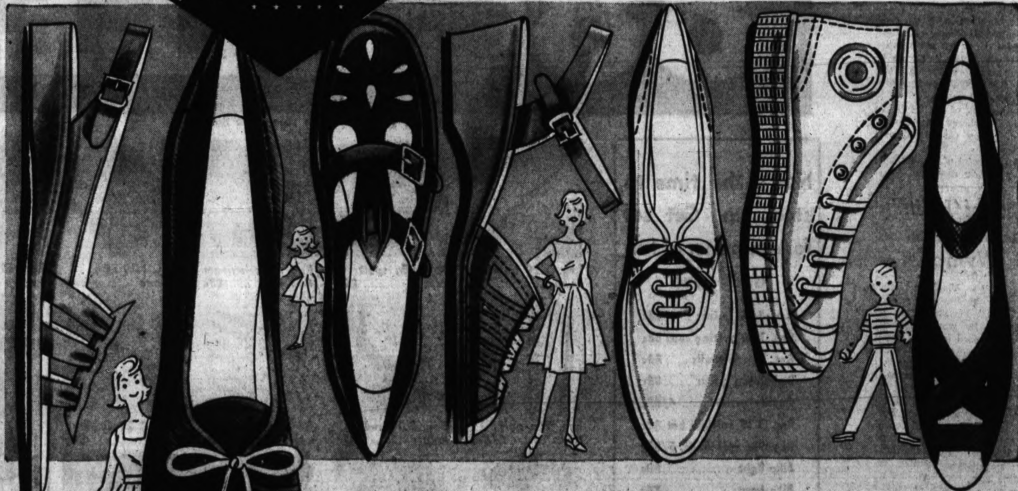

If stores or "remembers" past events by increasing or decreasing the amount of flux stored in a magnetic circuit.

AWARD FOR CORVAIR — The 600 member Industrial Designers Institute — the nation's oldest and largest group of industrial designers — today announced in Chicago the award of a 1960 IDI Gold Medal to William L. Mitchell, General Motors vice president in charge of Styling Staff, and to his GM Styling Staff for the design of the Chevrolet Corvair. Shown with Mitchell is a model of the Corvair and the IDI medal — the only one awarded this year for an automotive design from among a large number of entries. The accompanying IDI citation praised Mitchell and GM Styling for answering the challenge to create a truly new car by taking "a step forward in the development of a small, rear-engine American automobile." It declared that the Corvair has "finely-scaled proportions" and is "a satisfying design solution" to the demands of its market.

WINS DECORATION—Marine Corps Master Sgt. Charles T. Perkins receives the Legion of Merit from Secretary of the Navy William B. Franke at a ceremony at the Marine Barracks in Washington Wednesday evening. He is the first enlisted Marine ever to win the decoration for peacetime service. He was honored for his system of keeping track of changing aircraft shapes. He is with the 3rd Marine Aircraft Wing at El Toro, Calif.

Michigan Vacation Trail

Alcona County Top Spot for Any Type of Holiday

Editor's Note: One in a series of dispatches that will outline through the summer vacation season in the Pontiac Press detailing special features and points of interest for Michigan vacationers.

By United Press International. Alcona County, inhabited in turn by Indians, trappers and lumbermen, lies just 200 miles north of metropolitan Detroit and can be considered the ideal vacationland.

More than 110,000 acres of state and national forest provide a vast area of unspoiled natural beauty. In addition to the thousands of acres of evergreen forest, the aspen, birch and hardwoods, interior Alcona County is a network of attractive lakes interspersed by over 200 miles of trout streams.

Alcona County, long referred to by the Indians as the "favored land," is reached by Michigan's famous "Huron Scenic Highway," U.S. 23. Highway M-171, M-172 and M-173 also serve this county.

The eastern boundary of Alcona County consists of 30 miles of white sandy beach on Lake Huron. Paved highway, M-65, runs north on the west side of the county through Glenzie, a lively resort center surrounded by excellent fishing lakes and hunting land.

Near the northern boundary of Alcona County is Hubbard Lake, one of the largest inland lakes in the state—seven long and four miles wide.

The lake is spring fed and is noted for the thousands of perch, northern pike, bass and whitefish that are caught in it each year. Nearby are the shopping and recreation villages of Sirence and Hubbard Lake Corners.

Close to the southern boundary of the county is Greenbush, a Lake Huron resort town offering swimming, golfing and horseback to vacationers. Cedar Lake at Greenbush is the second largest lake in Alcona County.

The county seat, Harrisville, was once a bustling, thriving lumbering center. South of town is the 100-acre Harrisville State Park, with all the facilities for picnics and camping.

Lincoln, located five miles west of Harrisville, is nestled on two beautiful little lakes. West of Lincoln, almost in the exact center of the county, is Burton Lake.

situated on the shore of Jewell Lake.

Mikado, four miles south of M-72 on M-71, is surrounded by a settlement of the Ottawa Indians and their relatives, the Chippewas. The settlement also contains an Indian church and burial grounds.

The warm days and cool nights make Alcona County a summer haven for the city dweller who seeks refuge from heat, humidity, dust and hay fever. The Huron shoreline attractively promotes its summer vacation facilities.

Alcona County also boasts of the best deer hunting in the state. An abundance of rabbit, geese, partridge, duck, bear, wildcat, coyote, fox, raccoon and squirrel make it a hunter's paradise.

For permanent residents, plenty of farms scattered throughout the county assure ample supply of fresh farm products.

Alcona County offers visitors a wealth of intriguing historical background. Paul Bunyan and his blue ox, Indian lore, and trapping and lumbering tales all provide wonderful campfire stories.

Just right for summer. Dacron, polyester, nylon and cotton. Embroidered bodice and hem. Sizes 32 to 42.

HOT FIGHTING—Map focuses on Tibet, where Chinese Communists are reported to be fighting a major battle against Tibetan guerrillas. The unconfirmed reports come from Katmandu, Nepal. The Chinese have a reinforced garrison at Perika with a full division of men. Other battles are reported at Saka, Shekar Dzang and Gyantse.

Considers Summitry Inevitable

Ike Believes Successor Must Also Be Globetrotter

HONOLULU (AP) — President Eisenhower believes his successor in the White House will find summit diplomacy and good will travels inevitable despite the hazards.

Eisenhower's views were reported today as the President went golfing for the fourth time in four days, relaxing from the rigors of his controversial Far Eastern trip.

He teed off in the bright Hawaiian sunshine on a closely-guarded course, nestling on the edge of the Pacific, on the other side of the mountain from famed Waikiki Beach.

Eisenhower shunned all outside appointments while resting. In the afternoon, he arranged to work a bit more on the report he has promised the nation of his flying visits to Korea, Formosa, the Philippines and Okinawa.

TO STRESS SUCCESS

This major television-radio speech will bear down heavily on the successes Eisenhower believes he achieved in his widely-acclaimed stopovers in these four areas.

But he also will deal at some length with the now much-publicized blowup in the planned stopover in Tokyo in the face of left-led riots.

Eisenhower has scheduled his speech for some time next week after he flies back to the White House this weekend.

In Eisenhower's view, the gain registered in the capitals he was able to visit came because presidential tours provide an unequalled opportunity to demonstrate dramatically U. S. interest in individual countries.

TO COUNTER K.

The next president, Democrat or Republican, may have to set off

Report Breaking Anti-Castro Unit

60 Cubans Investigated by Federal Officers in Florida Case

MIAMI, Fla. (AP) — Federal agents have broken up what was believed to be a small anti-Castro army preparing to invade Cuba. It was reported that some 60 young Cubans, recruited in Miami, were taken to a motel at Key Largo Monday night, apparently to await transportation to Cuba, when federal agents stepped in.

Cuban sources said recruiting was done by former henchmen of Fulgencio Batista, who was deposed as Cuban leader by Fidel Castro on Jan. 1, 1959.

FBI agents in Miami refused to comment on the case and had made no arrests, but they said an investigation was being made.

Meanwhile, five top exiled Cuban political figures formed a new revolutionary front against Prime Minister Fidel Castro in Mexico City. They said the Democratic Revolutionary Front (Frente Revolucionario Democrático or FRD) "intends to overthrow Fidel Castro's dictatorship and establish a provisional government for 18 months."

Louisville Gets 5.08 Inches Rain in Just 9 Hours

LOUISVILLE, Ky. (AP) — Record rains fell on a wide area of Kentucky today, flooding streams and blocking highways and streets. At least three fatalities were reported in connection with storms the last 24 hours.

In Louisville, the Weather Bureau measured 5.08 inches of rain between midnight and 9 a.m. Sewers and underpasses were flooded, low-lying areas became ponds. Thousands of workers were late getting to their jobs.

The previous 12-hour rainfall record for the state's largest city was 4.66 inches on July 4, 1896. The 24-hour record is 5.80 inches on March 18-19, 1943.

One-fourth of all the inhabitants of Argentina live in Buenos Aires.

Committee OKs \$1.25 Minimum

Kennedy Sponsors Bill, Hopes for Senate Vote on Pay Next Week

WASHINGTON — The Senate Labor Committee Wednesday approved 122-2 a bill to increase the minimum wage to \$1.25 by 1963 and bring about five million more workers under the wage-hour law.

The bill, somewhat broader than a similar measure already approved by the House Labor Committee, would bring retail and service enterprises under the law for the first time.

More than 80 per cent of the additional five million workers would be in this field. Not even the largest department store now is covered.

Sen. John F. Kennedy (D-Mass.), chief sponsor of the bill said he hoped it could be brought before the Senate early next week. He said it represents a major and long-needed improvement in the Federal Wage and Hour Law, and protected Senate passage.

Under the bill the dollar an hour minimum wage for the 23,700,000 workers now covered would be raised to \$1.15 next Jan. 1; to \$1.20 Jan. 1, 1962, and to \$1.25 Jan. 1, 1963.

The committee bill goes considerably beyond the recommendations of President Eisenhower. He asked that three million additional workers be covered but did not recommend any increase in the wage floor.

Secretary of Labor James P. Mitchell has said the administration might agree to a minimum of \$1.10 or \$1.15, but that anything higher likely would be vetoed.

Dems of Watford Will Elect Officers

The principal piece of business at the Saturday meeting of the Watford Township Democratic Club will be to elect officers. The meeting will be held at the Community Activities building on Williams Lake road.

Club President Patrick Daly says members will meet their Oakland County candidates, who have been invited.

A social hour will follow the 8 p.m. business meeting.

Homemakers Plan Survey of Accidents

EAST LANSING — Some 12,000 members of the Michigan Assn. of Future Homemakers of America will start a six-month survey of accidents in their own homes this fall.

The decision to undertake the survey was made by 350 delegates to an FFA leadership conference at Michigan State University.

The Future Homemakers will attempt to record all data involved in a home accident and explain what has been done to prevent a recurrence.

Joyce Dunkle, 17, of Clare, was named Michigan's 1960 Future Homemaker of the Year by the delegates.

Holly Stunned Over American Spring Move

Leaders Trying to Aid Employees

To Discuss Possibility of Keeping Firm From Carolina Relocation

By JIM LONG

HOLLY — Stunned over the "surprise announcement" by American Spring of Holly, Inc. that the company intends to relocate in North Carolina, union officers, village officials, and civic leaders will meet Monday in the hope of saving the jobs of some 200 employees of the plant.

The Village Council met last night to discuss the problem and its effect on the community.

Some 25 persons including members of the Chamber of Commerce and the Kiwanis Club attended the hour and a half-long meeting.

President of the United Auto Workers Local 534 Frank Hubbell told those present that the announcement came as a complete surprise to employees.

He said that the shop committee and plant foremen were told of the move Tuesday and employees were not informed until late yesterday.

Newly-appointed president of the company Ian F. Stevens, in making the announcement, said the firm will move to Charlotte, N.C., "where our costs will once more be in line with our competition."

The new plant in Charlotte already is under construction, according to a spokesman today for Cuyahoga Products in Cleveland.

The Cleveland firm is one of several owned by the Republic Industrial Corp., which owns the controlling interest in American Spring.

"The announcement was bound to be held until plans for the move were completed," the spokesman said.

He stated the move would more than offset the freight charges for their products, which would be shipped back to Michigan.

Though the size of the North Carolina plant was not disclosed, the spokesman said "it would be large enough to house the Holly operation."

At last night's emergency Council meeting the only move decided upon was to contact Stevens to see if anything could be "worked out."

Councilmen said they would try to reach Stevens in Cleveland today by phone.

Since American Spring is the largest employer in Holly, Donald Webster, director of the Michigan Economic Development Commission, said a representative would be sent to Holly today to talk with community leaders.

The Spring company has been in Holly more than 40 years. It was founded by Eric Hartz in 1919. Hartz, who left the company in 1933, is president of another spring manufacturing firm in the village, The Hartz Spring Co.

A representative for the Hartz firm said that no action has been taken by the company to expand operations because of the move by American Spring.

"Just recently we had to lay off seven or eight employees. This is a highly competitive business," the Hartz firm employee 40 workers.

Councilman (Jare Hubbell, son of the UAW Local president, said "everybody in the village will be affected by the move."

"I imagine property in the village may have to be re-evaluated." He said that there are men in the plant who have been with the firm over 30 years.

"Some of the men are in their late 40s and 50s. It will be difficult for them to get jobs."

"The announcement came as more of a surprise since we were told that when the firm was purchased early this year, the company had thought of moving the Cuyahoga company to Holly," Hubbell said.

Stevens' announcement came the day after Howard Smith retired as head of the company.

The elder Hubbell said, "The Union would be 100 percent in to sit down and work out anything within reason which would keep the plant here, not only for the good of the union people, but for the good of the community."

"Had we been contacted weeks possibly could have been adjusted."

He said that Union members would be willing to take pay cuts, "but nothing had ever been said about the move."

DRIVER BADLY BURNED — Harry Griffin, 50, of 24 Pleasant St., Romeo, suffered first-, second- and third-degree burns over 38 per cent of his body when he fled his pickup truck after driving it into the holocaust created on Walton

boulevard, near Michigan State University Oakland, yesterday when a gasoline truck burst into flames. His condition was listed as satisfactory today at Pontiac Osteopathic Hospital following surgery. (See story on page one.)

ESCAPED FLAMES — Driver of the semitrailer truck hauling 10,500 gallons of gas when it caught fire in Pontiac Township yesterday, R. M. Williamson, 55, of 10175 Ellis St., Clarkston, at left, and his passenger Raymond Pace, 25, of 3215 Pridham St., Keego Harbor, escaped the flames unscathed. Williamson was breaking Pace in on the job at the time.

LUCKY TO BE ALIVE — James F. King, 30, of 498 South St., Rochester, leaped for his life when he saw his car couldn't avoid running into the wall of flames ahead, created by the blazing truckload of gasoline. Here King, unhurt, looks ruefully at the charred skeleton of his car.

Byrd Won't Sign Dem Loyalty Oath

WASHINGTON (UPI) — Sen. Harry F. Byrd (D-Va.) announced today he would defy Democratic Chairman Paul M. Butler's demand that a personal loyalty pledge be signed by delegates before being awarded seats to the party's national convention.

Although he has been named a delegate to the convention, Byrd told a reporter that he had not yet decided whether to attend.

But Byrd made it plain he would fight a proposal made in a National Press Club speech yesterday by Butler.

Butler said it was his "opinion" that the national convention would be for signed although not sworn statements from any delegates who refused to support the Democratic

national ticket in 1952 or 1956. He said these statements should permit any such delegates to support the nominees and platform of the 1960 convention.

Negroes' Next: Wade Into Beach Segregation

ST. PAUL, Minn. (UPI) — Negro youths made plans today for "wade-in" demonstrations at public beaches patterned after their all-in protests against segregated lunch counters in the South.

Amos Brown of Morehouse College, Atlanta, Ga., said tactics for beach integration will vary greatly "depending on the local situation."

"While we expect to encounter many problems in the campaign I am sure it will eventually be successful," Brown told a committee meeting at the annual convention of the National Assn. for the Advancement of Colored People.

The world's largest known natural underground chamber is the Big Room in Carlsbad Caverns in New Mexico. The trail around the perimeter is 3 1/2 miles, and the ceiling in one place is 285 feet high.

All 3 Retained in Rochester

Two Members Added to Board of Education at Organization Confab

ROCHESTER — All three officers of the Rochester Board of Education were re-elected to their present posts at last night's organizational meeting.

Henry L. Purdy will continue another year as president, and Mary Ann Beatty and Wallace R. Hodges as secretary and treasurer, respectively.

The two newly elected members of the Board, James S. Ludwick and Leroy Felton, signed affidavits of office and were sworn in for four-year terms.

In other action, the Board's meeting night was changed to the first and third Mondays of the month, beginning July 18.

PICK DEPOSITORY — The Rochester branch of the National Bank of Detroit was designated as depository of school operating funds.

Formal acceptance also was made of the application deed for the new Howard L. McGregor School property.

The deed for the 10-acre site at the end of First street was received from Mr. and Mrs. Howard L. McGregor Jr.

A new electric scoreboard costing \$1,800 will be erected on the high school athletic field in time for football games next fall.

Last night, the board agreed to supply the remaining \$300 needed.

The high school Student Council is contributing \$300, the Junior High Student Council \$200, and \$500 remains in the field development fund earmarked for the score board.

Two Reappointed to Waterford Recreation Board

The Waterford Township Board has reappointed Joseph McGee of 2223 Carlos Dr. and Lewis B. Ruelle, 5156 Farm Dr., as delegates to the township recreation board.

Two representatives from the Board of Education will be appointed, one from the Community Activities, Inc. and two from the community at large, with Sup't. of Schools William A. Shuck in the ex officio position.

Next meeting of the recreation board will be at 7:30 p.m. July 6 at the Community Center on Williams Lake road.

Humphrey Supporter Sees Kennedy Next

SUPERIOR, Wis. (U) — A leading Wisconsin supporter of Sen. Robert F. Humphrey said today that if Humphrey's name is not placed on nomination for president at the Democratic National Convention, he and at least four other state delegates will vote for Sen. John F. Kennedy on the first ballot.

State Sen. Carl F. Laurs of Superior added that if the Wisconsin senator is nominated, the five delegates from Wisconsin's 10th Congressional District — representing 95 votes — would feel obligated to cast their initial vote for him.

Queen Forced to Drop Miss Utica Title

Too Many Crowns Cause Rhubarb

UTICA — Patricia Leibold's two-day-old reign as the Utica Lions Club queen came to an abrupt halt yesterday.

The pretty brunette already has been picked as "Miss Michigan Hothouse Rhubarb Queen" by the local Rotary Club.

Committeemen of both events realized yesterday that two queens couldn't be balanced on the same lovely head.

For one thing, the twice-chosen queen wouldn't be able to ride two floats in the Fourth of July parade here.

Now at the joint request of the two service clubs, Pat has graciously relinquished her latest title in favor of the rhubarb crown.

Tall, stately Barbara Witke, 17, named first maid of honor for the upcoming holiday event, has been "promoted" to the "Miss Utica" after consultation with the judges.

The two men in charge of the Fourth of July celebration and queen's contest admitted they "pooled" by not asking Pat when she registered if she already held a title.

HAD NEW HAIRDO — Also red-faced is Master of Ceremonies Harry Magahay, who presided at both queen's contests.

Said Magahay today, "Pat had

PATRICIA LEIBOLDT

a new hairdo, and I just didn't recognize her."

As Charles Bannow, Rotary Club president explained, "We feel Pat is our queen and she should stay our queen. Besides ours is a state title giving her the right to compete for 'Miss Michigan State Fair' in September."

"We would have no objection if she were competing for a higher crown but Miss Utica is just a city title," he said.

Bannow also conceded that no one had informed Pat that she would be riding on the Rotary float in the July 4 parade, so that she too did not realize there would be any conflict.

Her disqualification as "Miss Utica" also cost Pat her chance to compete in the Romeo Peach Queen competition early in August. Along with Barbara Witke, who has been moved up to queen, second maid of honor Judi Fidler also has been moved up a notch, to first maid of honor.

The judges then named petite,

blond Connie Steece, 18, to second of 11450 16 1/2-Mile road, Sterling Township.

A June graduate of St. Lawrence High School, Connie is the daughter of Mr. and Mrs. S. F. Steece and graduates this month of Utica Community High School.

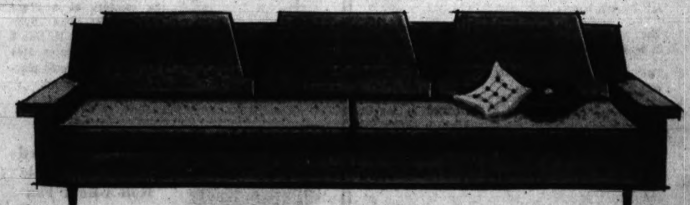

NOW SHE'S QUEEN — Tall, brown haired Barbara Witke, 17, has been "promoted" from first maid of honor to the "Miss Utica" title-holder after the queen was dethroned yesterday because of parade commitment conflicts. Patricia Leiboldt, who had first been picked to reign over the Utica Lions Fourth of July celebration, already was "Michigan Hothouse Rhubarb Queen," for the Utica Rotary Club. Both the service clubs plan to enter floats in the upcoming holiday events.

Vote to Make Houston World's 'Biggest' City

HOUSTON, Tex. (AP) — The Houston City Council voted Wednesday night to make Houston the largest city in the world in area even though Mayor Lewis Cutrer called the idea "preposterous."

The Council voted to annex about 1,100 square miles, which is everything not annexed by some other Harris County city. The annexation would give Houston an area of 1,560 square miles.

A second and final reading of the annexation ordinance will be held within about 30 days.

"Annexing the entire county is

preposterous," Cutrer said during a four-hour bitter debate on the move. He and Councilman Johnny Goyen were the only ones to vote against the annexation. Six councilmen voted for it.

LARGE IN POPULATION

On the basis of preliminary census figures Houston is the sixth largest city in the nation in population with 932,680 residents, an increase of 56.4 per cent since 1950. The population of the Houston metropolitan area is estimated at 1,232,179.

Cutrer said that Houston "with over 450 square miles and within four square miles of being as large as Los Angeles, has plenty of room in which to grow."

Los Angeles, with an area of 455 square miles, is the largest city in area in the nation. It has 2,531,862 residents and its metropolitan area, Los Angeles County, has 5,987,246 residents.

Kick From Boy on Injured Foot Slows Dr. Moore

HEBRON, Ohio (UPI) — Dr. Barbara Moore, who was forced to cut short her transcontinental hike yesterday when a boy kicked her on her injured left foot, left a motel just east of here early today limping badly.

She covered about three miles in her first hour of walking after getting back on the road at 1:00 a.m. EST.

The State Highway Patrol, which has a car trailing the British vegetarian, said several people were on hand to see her start her walk and "about 25 to 35 cars also trailed her for awhile."

Dr. Moore was forced to end her walk yesterday around noon when a boy, part of a large crowd trailing her, kicked her on the foot which was injured when a car struck her last week near Brazil, Ind.

But she didn't think it was on purpose.

The Bering Sea between Alaska and Siberia is made to order for trawling fishing. Forty-two per cent of the Bering's 678,000 square miles is less than an hundred fathoms deep.

ONE MORE ROUND, PLEASE — Billy Brooks, not shown in the picture, of suburban Richmond, Va., taught his dog Ruff how to steer the family lawn mower so he and his friend Jim Amos could enjoy the ride from the

trailer. Brooks said Ruff knows how to plow and is a pretty good bicycle rider — for a dog. But, added Brooks, Ruff has learned how to speed up the mower and he drives too fast.

Award Bette Davis \$65,700 for Injuries

LOS ANGELES (AP) — Bette Davis alternately smiled and wept as a jury granted her a \$65,700 settlement Wednesday for injuries she sustained three years ago in a fall in a rented home.

The actress testified that she opened what she thought was a closet door — and found herself "precipitated into space." She said the defendants, owners of the home and the agency that rented it to her, hadn't informed her that the door led into a cellar.

Miss Davis suffered a broken back in the fall. She had sued for \$85,000 damages, claiming the injuries cost her a stage role in the Broadway production of "Look Homeward Angel."

Baptists Urge Drive to Expose Commies

KANSAS CITY, Kan. (AP) — The American Baptist Assn. says it is convinced there are Communists and Communist sympathizers in both government and religious organizations in the United States.

In a resolution adopted Wednesday night, delegates to the association's convention urged "our state and national leaders to ferret out and expose Communists, Socialists and Communist sympathizers wherever found."

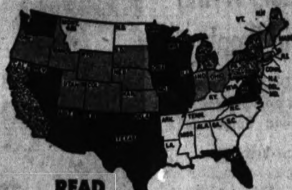

Every Swede Is Born a Member of Church

STOCKHOLM, Sweden (U) — Under Swedish law, every person born automatically belongs in the state Church of Sweden. To withdraw, he must request it personally.

posed abolition of the system. pollsters took a survey, found that 75 per cent of the people would apply for membership voluntarily — if the law didn't make them members involuntarily.

Reveals Unique Kidney Switch

Boston Hospital Does First Transplant With Nonidentical Twins

BOSTON — Doctors at Peter Bent Brigham Hospital today proclaimed the first successful kidney transplant operation involving nonidentical twins.

The operation was performed Jan. 24, 1959. A healthy kidney was taken from Andrew Riteris of Milwaukee and given to his brother John.

Doctors said that in the 17 months which elapsed they were able to determine that the kidney will continue to function properly. The 24-year-old brothers today enjoy what was described as normal, healthy lives.

After inserting Andrew's kidney in John's body, both of the latter's diseased kidneys were removed.

Doctors said John would have died without his brother's kidney.

At Peter Bent Brigham Hospital, which pioneered in kidney transplants, surgeons have successfully transplanted kidneys in 13 cases involving identical twins — that is, twins born of the same egg.

The Riteris operation was the first declared successful where the parties involved were not identical twins.

The Quebec bridge, spanning the St. Lawrence river, is said to be the world's largest cantilever span, completed in 1917 and in use since then.

"To Bowdlerize" is to eliminate passages considered indecent in literary compositions. It derives from Dr. Thomas Bowdler's "family" edition of Shakespeare in 1813.

New livestock feed possibility is seen in new beans grown in the Southwest. Researchers are developing a process to convert them into cake and meal for animal feed.

Insurance Man Heads '61 'Michigan Week'

LANSING — John H. Carton, Battle Creek insurance executive, has been named to head up the 1961 Michigan Week celebration.

Dan Gerber of Fremont, president of Greater Michigan, Inc., sponsors of the yearly event, said Carton's first job will be selection of regional chairmen to plan for the May 21-27 celebration.

Carton, an attorney, is president of the Tower Insurance group. It includes the Wolverine Insurance Co. and Federal Life & Casualty Co., both with home offices in Battle Creek, and two other firms.

A native of East Tawas, Carton formerly headed the Battle Creek Area Development Corp.

Gerber praised the 1960 Michigan Week chairman, T. Austin Saunders of Muskegon, for directing "the most successful Michigan Week yet."

Present Bridge Keys

SAULT STE. MARIE — The keys to the new half million dollar armory in Sault Ste. Marie will be turned over today to the 1437th Float Bridge Co. of the Michigan National Guard. The armory will be dedicated Sept. 2 in ceremonies which will be attended by Sec. of the Army Wilbur Brucker.

Carbon is about the fourteenth most common element in the earth's crust.

Symington's Stock Rises in Indiana

INDIANAPOLIS — Prospects of Sen. Stuart Symington of Missouri for a substantial share of Indiana's second-ballot presidential votes at the Democratic national convention were improved today.

Symington's boost came from state convention victories of his two chief Indiana backers, former National Chairman Frank E. McKinney and former National Committeeman Frank M. McHale. McKinney and McHale, both named national convention delegates to district caucuses, succeeded in getting their candidate for governor State Sen.

Matthew E. Welsh of Vincennes, nominated by a 2-1 margin.

Although Senate majority leader Lyndon B. Johnson also figures to get a good cut of the state's second-ballot votes, his Indiana campaign manager was defeated in his bid for a place on the national convention delegation.

The state's 31 votes, half a vote held by each delegate, are bound to Sen. John F. Kennedy for one ballot only as the winner of the state's May 3 democratic presidential primary.

Informal polls of the 68 delegates indicated the delegation will split nearly even among the three leading presidential candidates on the second ballot in Los Angeles.

Deadly snake venom used as a medicine can save lives.

To Rule on Rail Request for Dropping Street Run

LANSING (UPI) — The Public Service Commission is expected to decide within two weeks whether to permit the Grand Trunk Western railroad to discontinue two revenue-losing trains daily between Durand and Muskegon.

Spokesmen for Railroad Brotherhoods appeared at a hearing to protest the stoppage because it would mean a loss of jobs. But none of the 17 towns affected by the proposed change entered testimony.

Auto Makers Give Million for Safety

DETROIT — The Automobile Manufacturers Assn. said Wednesday its directors have approved grants totaling \$1,700,000 to promote traffic safety and efficient use of highways during the fiscal year starting July 1.

The A.M.A. said this will be the seventh straight year in which such grants have topped a million dollars.

But Avoid the Many Pitfalls

It's Now Easier to Own Your Home

By FAYE HENLE
REA Columnist

Once again you're in the market for a home.

It is not just the lure of the season. Three considerations that did not exist earlier this year now are making it more possible for you to consider home ownership. They are:

The Federal Housing Administration has reduced the minimum down payment on FHA insured homes costing more than \$12,000.

If you are off on a house-hunting spree, here is a check list intended to save you from some pitfalls: Budget carefully and stick to that budget. Look only at houses, land included, in the price range equal to twice your annual income. If you earn \$3,000 a year, you are a candidate for a \$16,000 house.

Your monthly payments should not exceed one-fifth of your monthly take-home pay.

In addition to the price of the house, monthly payments, reckon the following initial costs: down payment should run from 5 to 15 per cent of the property price and closing costs from 2 to 4 per cent.

Check the cost of insurance and local taxes. Figure on moving costs: repainting, perhaps yard work, furnishings and appliances.

Study the mechanics of home buying. Depending upon your eligibility, you have three types of

mortgages to choose from: VA, FHA and conventional. While interest rates on your loan make a difference in the price you pay, the length of time you take to repay your loan is an even more important cost factor.

How do you shop for a house? The ads in your local paper are the best starting point. Arm yourself with a map and mark the location of each house you are considering.

Good design, one that fits your family's needs both present and in the foreseeable future, should be a consideration over and above size in terms of square feet.

Some large houses may be wasteful of space, poorly designed, offering less comfort than the more compact house. These houses also add to the cost of upkeep and utilities.

Look into such things as the reputation of the builder and what has been the experience of other people living in houses he has built.

Find out what occupants of similar houses pay for taxes and utilities. Inquire specifically about extra expenses or special assessment you may have to pay.

Before you commit yourself on a purchase you should consider two distinct factors: the house and the neighborhood. Find out about zoning restrictions, transportation, schools, shopping, churches,

restrictions you may encounter on the use of your own property, sewerage conditions and such. Weigh the pros and cons of the old versus the new house. An older house is almost certainly going to cost more for heating, cooling and repairs yet a new dwelling in a new area especially, may suffer increases in local taxes.

It is doubtful whether you will ever find exactly what you dream of. But when you compromise, be aware of the compromises you make. Don't overlook the possibility of renting for awhile to make sure this is the neighborhood where you really want to make your home.

Road Builders to Work Around the Clock in State

LANSING (UPI) — Around-the-clock work is in prospect on some road projects as the state has called for a speedup to offset delays caused by wet weather.

Highway Commissioner John C. MacIver disclosed he had lifted the ban on Sunday work.

"We've got to make up for lost time," said MacIver, who has under construction 174 miles of interstate highway and 90 miles of other four-lane divided roads.

Britain, Others Eye Trade Pact

**Six European Nations
Talk in London About
Industry Merger**

LONDON (AP)—Britain and six West European nations today began studying a possible linking of their basic industries as the first step toward an ultimate political merger.

Allied envoys met 90 minutes at the Foreign Office.

The talks were initiated by an assembly of lawmakers representing the countries of the Western European Union—Britain, France, Belgium, the Netherlands, Luxembourg, West Germany and Italy.

They had proposed that Britain join the European Atomic Energy Community—Euratom—whose six members are the countries taking part in the meeting with the British.

The British agreed to consider the idea—and went further. They offered also to study possible entry into the European Coal and Steel Community (ECSC), made up of the same six nations.

But Prime Minister Harold Macmillan's government stipulated that Britain's entry could come only as part of a wider package deal—one that would also settle a trading policy dispute between the six and a rival British-led grouping.

The six have banded themselves together in a common market—which swaps trading privileges and tariff cuts—as well as in Euratom and the Coal and Steel Community.

Britain leads the seven-nation European Free Trade Area.

**Williams Names 3
to State Health Unit**

LANSING (AP)—Gov. Williams Wednesday made three appointments to the State Council of Health under a 1959 law enlarging the group from six to nine members.

They are Mrs. Katherine Reiman of Atlanta, former Flint nurse, for a term expiring June 30, 1963; Robert F. McCauley, Michigan State University engineering professor, for a term ending June 30, 1964; and William J. Cohen of the University of Michigan school of social work, for a term running till June 30, 1965.

All appointments require Senate confirmation.

Other appointments:

Mark T. Salah of Saginaw to the Michigan Agricultural Marketing Council for a term expiring May 31, 1964. He succeeds Herbert Fister of St. Louis.

Harry M. Nery of Detroit to the State Board of Law Examiners for a term expiring June 30, 1965. He replaces Thomas H. Adams of Detroit.

Mrs. Mary Daume, Monroe County librarian, to the State Board for Libraries for a term ending June 30, 1965. She replaces Mrs. Lillian Navarre of Monroe.

**Two Detroit Area Firms
Win Federal Contracts**

DETROIT (UPI)—The regional office of the Small Business Administration has announced that government contracts totaling \$318,522 have been awarded to two Detroit area firms.

One contract for \$114,887 went to the John Johnson Co. of Detroit and one for \$183,635 went to the Fire Mower Corp. of Mount Clemens.

Chrysler to Produce Army Vehicle Engines

WASHINGTON (AP)—Food Machine and Chemical Corp. of San Jose, Calif., has been awarded a \$14,400,000 Army contract to produce 1,380 armored personnel carriers.

The office of Rep. Alvin M. Bentley (R-Mich.) said it was informed Chrysler Corp. would make the engines for the carriers and Rotary Seal Co., Sparta, Mich., would build sealing components.

Bentley's office said it did not know whether Chrysler would build the engines at a Michigan facility.

Open for Seaway Business

'Port' Huron Ready, Willing

PORT HURON — It's really pooled their thinking to get the project started.

This Lake Huron-St. Clair River city, where shipbuilding and ship repair flourished a half-century ago only to die out, once again is back in the shipping business, this time with a \$400,000 terminal designed especially for St. Lawrence Seaway traffic.

The new port has served nearly a dozen ships since the first one arrived during dedication ceremonies in April. Hopes are high that many more will stop in the years to come as use of the seaway increases.

The port was built with municipal funds but has been turned over to a private concern for operation. The latter, the Port Huron Terminal Co., was organized by Port Huron business and professional men to handle the job on a lease basis.

Most of the cost of the project was raised through a \$300,000 bond issue approved by voters in a referendum a year ago. The city borrowed the rest to complete the project.

Municipal officials, the Port Huron Maritime Commission and the Industrial Development Corp., of out that space is available for gradual expansion closer to the bus-

ness district should port business warrant erection of additional facilities. They say that the day could come when the port could extend for almost a mile along the riverfront.

Cargo shipped from the port so far has consisted mostly of Michigan-grown beans sent to England, and auto parts shipped by Chrysler Corp. from its nearby Maryville plant to Antwerp, Belgium.

Foreign ships also have brought general cargo into the port for distribution to midwestern points by rail and truck. This has included everything from automobiles to lumber, iron, machinery, and cow hides.

The terminal company has its "feelers" out for any cargo it can get its hands on. By offering fast service with a minimum of delays to ships, which value time as if it were money, the port officials hope to compete for a share of the trade generated by the seaway.

Residents are proud of the dock-journal port they have created. They're on the seaway now in fact as well as in name.

Gasoline yield from crude oil has doubled since 1915.

Wool Producers to Get U.S. Pay

Hope Incentive Plan Will Encourage More Domestic Output

WASHINGTON (UPI)—The Agriculture Department has set wool incentive payments to producers for their 1960 crop at 43.2 per cent of the dollar returns they received from sale of the fiber on the open market.

This means that for every \$100 worth of wool a producer sold on the open market, he would receive an additional \$43.20 from the government.

For the 1958 wool crop, producers received \$70.30 in payments for each \$100 of wool sold.

The incentive payment program is designed to encourage

domestic production of up to 300,000,000 pounds of shorn wool. Shorn wool production in the United States last year totaled 27,500,000 pounds. The incentive payments are made from funds obtained from tariff duties on imported wool.

The incentive payments are set to bring returns from wool to a national average of 60 cents a pound. Prices received at the market in the 1959 marketing year—April 1959, through March 1960—averaged 43.3 cents per pound. This was 19 per cent above a year earlier.

There will be no payments on mohair this year because producer prices averaged 96.4 cents a pound, considerably above the 70-cent incentive level.

Beatnik Art Is Stolen

COLUMBUS, Ohio (UPI)—Police reported a burglar smashed or stole from an art show here "miscellaneous articles classified as works of art by beatniks... value undetermined."

Station on Huron Street

AF Busy Filling Quota

The Pontiac Air Force Recruiting Station, 519 W. Huron St., has announced it is going all out this month in an effort to fill its highest June quota ever.

The Midwest quota for June has been set at 2,326 men without previous military experience.

It is preferred that enlistees be high school graduates, but a high school diploma is not required.

The recruitment drive will offer young men meeting qualifications into one of four training categories: mechanical, administration, general and electronics.

Being offered as an incentive is the "buddy flight" system to high school graduates.

The "buddy" system means that two or more friends who enlist together can travel together to Lack-

land Air Force Base, Texas, and take their basic training together in the same flight.

Young women between the ages of 18 and 27, with a high school education, may measure up to WAF standards.

Full information on the career opportunities being offered can be obtained by calling the local recruiting station.

Hatcheries' Chick Count

LANSHING — Michigan's commercial hatcheries produced 1,850,000 chicks last month, a 23 per cent drop from May of last year, the Federal-State Corp Reporting Service said today.

Total hatch for the 1959-60 season, which started last September, stands at 11,120,000, down 27 per cent from the year before.

6 Positions Assigned by Gov. Williams

LANSHING (AP)—Six appointments to government agencies were announced by Gov. Williams.

Clayton E. Johnson and Thomas Doherty, both of Detroit, were reappointed to the Michigan Employment Security Commission Advisory Council, and Lawrence W. Prudden, Ann Arbor, to the Ferris Institute Board of Control.

Also named were Elizabeth H. Ramsey, Plainfield, as Circuit Court commissioner for Allegan County; Shirley Ann Lada, Hamtramck, assistant county agent for Macomb County; and Thomas A. Shiras, Detroit, court stenographer for the Fifth Judicial Circuit, comprising Berrien and Eaton counties.

There are about 1,000 species of flowering plants in New Zealand.

Japan Socialists Blast Rioting

TOKYO — Some Socialist members of Parliament complained at a party meeting Wednesday about the compensation for their services in

fighting Japan's new alliance with the United States.

The party announced the going rate is 500 yen (\$1.30) a night and that it can't afford to pay more.

Amid the uproar, one Socialist declared: "Why my expenses for food and lodging alone come to more than that."

AT Pontiac

SHE'S A BIG GIRL — Just named Miss Tall Girl of America is 5-foot, 10-inch Connie Adams of Atlanta, Ga., a senior at Georgia State College. She won out over 15 others. Her height barely qualified her for the Tall Club.

Ethics Code Bill Wins First OK

Committee Would Halt
Backdoor Influencing of
U.S. Agencies

WASHINGTON — The House Commerce Committee Wednesday approved a sweeping code of ethics bill aimed at preventing backdoor influencing of the government's regulatory agencies.

The bill would outlaw most off-the-record contacts with agency members and employees and also would prohibit agency personnel from accepting money, loans or any gifts of value from anyone with an interest in proceedings before the agency.

The measure is an outgrowth of some 2½ years of often sensational hearings by a subcommittee on allegations of improper influencing of the agencies.

Those hearings, among other things, resulted in the resignations of former White House aide Sherman Adams, former Communications Commission member Richard A. Mack and former FCC Chairman John C. Doerfer.

Commerce Committee Chairman Oren Harris (D-Ark.) said the closed-door vote on the ethics bill was "unanimous."

Some members expressed doubt the bill can be passed this year since Congress is driving to adjourn before the Democratic National Convention opens July 11.

Harris declined to predict what may happen to the bill, but said he intends to try "for all progress we can."

Americans spend about one billion dollars a year for cosmetics.

Adventist Youths Proclaim Their Rules Give Top Joy

ATLANTIC CITY, N. J. (AP)—closer walk with God. Mosting young people live in fear. I have God — someone who is with me every day."

"I've been happier in my life," said Norman Ault, 22, of Arlington, Calif., who added that the change came since he joined the church and gave up a lot of habits such as smoking, drinking and shooting pool.

"The point is," he said, "we're occupied with things that are uplifting, instead of having time on our hands. I'm busier and I enjoy life more than I ever did."

About 15,000 Adventist youth are here this week for the Festival of the Holy Scriptures, and to talk about putting Bible principles into youthful practice.

PRESCRIBE FIRM CODE
They prescribe a firm code: No dancing, smoking, card-playing or alcoholic beverages; no fraternities or sororities; college parties are chaperoned; movie-going is discouraged; and television is out, except in rare, selected instances. Girls wear no jewelry, little make-up, dress modestly.

It's not a matter of restrictions," said Lauralee Trainor, 19, a pretty, brown-eyed blonde of Orange, Calif. "It's just adopting a better way of life, in a positive sense."

"We're gaining something — a

profitable career such as nursing, medicine, teaching or the ministry, Miss Trainor is major-tivities.

Profits may take a back seat but they won't go completely out of style and Charlie, Glenn and all the rest still will be trying to make a buck.

The truth of the matter is the factories, through various, and often complicated, bonus systems help the dealers cut prices at this time of year.

REAL PUSH BEFORE JULY
The nation's auto dealers will have a lot of cars—upwards of 1,400,000 of them—to sell in the next 90 business days before the 1961 models appear in their showrooms. So the real push will be on for all makes by the time the calendar shows July.

Factory bonuses are possible because a manufacturer generally has sold enough cars after eight or nine months of a model year that his profit per unit rises. He passes some of this on to the dealers in the form of bonuses, rebates and incentive contracts.

Depending on the line of cars they sell, dealers may be assigned special monthly quotas. If they beat the quota the cars from the factory cost them less.

In other cases straight bonuses are paid. For example Chevrolet currently is paying its dealers a

flat \$25 for every Corvair sold at retail.

All Chrysler divisions except Dodge have some type of quota system, working. Some lines pay extra for certain conquest sales — such as an Imperial being sold to a Cadillac or Lincoln owner.

All of these gimmicks help a dealer lower his cost of doing business. Usually, the more cars a dealer sells the more help he can get from his factory.

Newspaper Ads by Car Makers Up 35 Per Cent

NEW YORK (AP)—Auto makers spent 35 per cent more money on newspaper advertising in the first three months of 1960 than they did a year earlier, the American Newspaper Publishers Assn. reported.

Total outlays by both domestic and foreign producers climbed to \$31,435,000 from \$23,385,000.

The association noted an spending for domestic compact cars showed the biggest increase jumping 206 per cent to \$7,789,000 from \$2,549,000.

The only group on which ad spending declined was the low price standard models. Expenditures fell 25 per cent. The association attributed the drop to the emphasis on compact cars.

Ad spending for high price models rose 26 per cent, medium price 25 per cent, foreign 40 per cent and sports cars and institutional models 96 per cent.

The American Museum of Natural History is studying, from its Research Station on Long Island, the spectrum of radio frequency radiation from the planet Jupiter.

AP Automotive Writer

That Car Price Fall Won't Ruin Dealers

DETOIT — The silly season for car price advertising is near at hand.

Dealers will be outdoing each other in a seeming effort to give away new cars.

"Big-Hearted Charlie and Give-away Glenn and thousands like them will offer to show you factory invoices on their 1960 models and invite you to drive the cars away for just that figure."

"Profits are out of style," will be a general theme.

Profits may take a back seat but they won't go completely out of style and Charlie, Glenn and all the rest still will be trying to make a buck.

Miami Beach, Florida, was a dry weather tends to make the mangrove swamp just about 100 years in the cotton boll somewhat shorter.
Alaska's area is nearly one-fifth that of continental United States.
Almost one-third of American farms raise cotton.
The fanciest snowflakes are formed in relatively high temperatures.

REGISTRATION NOTICE TOWNSHIP OF BLOOMFIELD, Oakland County, Michigan
For the general primary election to be held Tuesday, August 2, 1960, in the Township of Bloomfield (all precincts) County of Oakland, State of Michigan.

Notice is hereby given, that in accordance with the Michigan General Election Law, the final date for registration in order to vote in the General Primary Election is Tuesday, July 5, 1960, at 5:00 P.M.

To vote at this election, all persons who are registered voters of the Township of Bloomfield, Michigan, 21 years of age or over, who have resided in the Township of Bloomfield for one year prior to August 2, 1960, are eligible to register.

Notice is further given, that any person who is not already registered upon the registration books of the Township of Bloomfield, may register on or before July 5, 1960, during regular office hours, Monday through Friday of each week, 9:00 a.m. to 5:00 p.m., and in addition to the regular office hours the office of the Township Clerk will be open for the purpose of receiving registrations during the following hours:

Saturday, June 25, 1960 from 9:00 a.m. to 1:00 p.m.
Monday, June 27, 1960 from 9:00 a.m. to 5:00 p.m. and on the last day, Tuesday, July 5, 1960, from 9:00 a.m. to 5:00 p.m.

To transfer a registration from one address to another within the Township of Bloomfield, and a signed request to the office of the Township Clerk, stating present address, former address, and date of moving to present address. Such transfer may be made any time up to and including Tuesday, July 5, 1960 at 5:00 p.m.

Those persons who have already registered under the permanent registration system and have voted within the last four years do not have to re-register.

ROBERT H. DUDLEY,
Township Clerk
June 23, 30, 1960

Polish 5-Year Plan Gains Acceptance

WARSAW, Poland (AP)—Wladyslaw Gomulka's revised 1961-65 five-year plan, emphasizing investment in industry and agriculture at the expense of improvement in living standards, has won the expected approval of the Polish Communist Party central committee.

The Polish press agency said the new schedule was adopted unanimously at the close of a two-day meeting presided over by Gomulka, first secretary of the Polish United Workers (Communist) Party.

The revised plan represents a victory for several prominent figures from the pre-Gomulka Stalinist period who had been beating the drum since last year for a speedup in industrial and agricultural development.

National Jaycees in Election Today

ST. LOUIS, Mo. (AP)—The National Junior Chamber of Commerce elects 10 vice presidents and the national president today.

Candidates for the presidency are Morgan J. Doughton, Allentown, Pa.; Tom Ruffin, Silver Spring, Md.

The Jaycees Wednesday held their first general business session since the convention began Monday.

They endorsed, among other things, a modernized civil defense program and a "thoroughgoing reform of federal tax rates."

Deaths in Pontiac and Nearby Areas

MRS. JOHN BARNES

Mrs. John (Nellie V.) Barnes, 82 of 335 Orchard Lake Ave., died at her home yesterday afternoon after an illness of one month.

Surviving are one daughter, Irene of Pontiac, and one brother.

Service will be held at 1:30 p.m. Saturday at Donelson-Johns Funeral Home. Cremation will be at White Chapel Memorial Cemetery, Birmingham.

MRS. WILLIAM DIENER

Mrs. William (Alice) Diener, 74 of 2831 Watkins Lake Rd., died of a coronary illness Wednesday in Flushing.

Mrs. Diener was a member of the Baptist Church in Flint.

Surviving are three sons, Herman, Frank and Kenneth, all of Pontiac; and one daughter, Mrs. Margaret Smith, with whom she lived. Six grandchildren and one great-grandchild also survive.

Service will be held at 1:30 p.m. Saturday at Huntoon Funeral Home.

MRS. BRUCE KELL

Service for Mrs. Bruce (Florence) Kell, 38, a former Pontiac resident, will be held at 11 a.m. Saturday at Huntoon Funeral Home.

Formerly a dietitian at Pontiac General Hospital, she had moved with her family to Nogales, Ariz., where she suffered a fatal heart attack on June 18.

Surviving are one son, Patrick Bruce, and one daughter, Bonnie Sue; one brother, Ralph Burdick of Kalamazoo; and two sisters, Mrs. Betty Hovey of Clarkston and Mrs. Violet Ballantray of Roseville.

MRS. CLAUD LESSEL

Mrs. Claud (Kittie Belle) Lessel, 79, died yesterday at the 274 State

Ave. home of her daughter, Mrs. Thad Beall, with whom she lived. Mrs. Lessel had been ill for a long time.

She was a member of Loyal Philanthropic Class of First Baptist Church and Pontiac Golden Age Group.

Surviving besides her daughter are one son, Claud of Drayton Plains, seven grandchildren and nine great-grandchildren, and one brother.

Service will be held at 2 p.m. Friday at DeWitt C. Davis Funeral Home with burial in Oak Hill Cemetery.

LINNIE A. YOUNG

Linnie A. Young, 57, of 920 Spence St., was dead on arrival at St. Joseph Mercy Hospital this morning following an illness of several months.

Mr. Young was a member of Pontiac Lodge 21, and the Oakland Park Methodist Church.

Surviving besides his wife, Louise, are one son, Roger of Pontiac, and one grandchild.

Three brothers, Laymon and Horace of Pontiac and T. W. Young of Memphis, and three sisters, also survive.

Service will be held at 2 p.m. Saturday at Sparks-Griffin Chapel with burial in Perry Mt. Park Cemetery.

C. MARCUS ANDERSEN

HIGHLAND—Service for C. Marcus Andersen, 67, of 812 Eagle Rd., will be at 1 p.m. Saturday at Jennings & Lyons Funeral Home, Owosso. Burial will be in Oak Hill Community Cemetery there.

A grover at Thompson's Greenhouse, White Lake Township, Mr.

Richardson-Bird Funeral Home. Burial will be in West Highland Cemetery.

Mr. Frank died last night at his home following a brief illness.

Sole survivor is his wife Mary.

He was a member of Owosso Lodge No. 81, F&AM, and the Knights Templar, Owosso Commandery No. 49.

Surviving are his wife Dorothy E.; a daughter, Mrs. Henry Allen of Detroit; and a son, Jerry of Muskegon, and one grandchild.

Mr. Andersen's body will be at the funeral home until noon tomorrow.

Service will be held at 2 p.m. Wednesday at Little Rock of the Southern Assn. Rhodes scholar and until his retirement for 41 years a member of the Eastern Kentucky State College faculty, died Wednesday.

Service for Pete Frank, 83, of 1107 Old Plank Rd., will be at 1 p.m. Saturday at

The vessel is the most blood-thirsty killer of all North American animals.

Iron ore was discovered on the west slope of the Alleghenies in 1792.

Bartlett Studies Carver District

Meeting Area Officials, Seeks Place to Teach High School Students

LANSING (UPI) — State school chief Lynn M. Bartlett met with officials of Oakland County's George Washington Carver School District Wednesday in an effort to find a place for the district's high school students this fall.

The district got help from the department last fall when organization and financial problems became acute.

An acting superintendent was sent down from Lansing in an effort to straighten out affairs which earlier had led to dismissal, reinstatement and subsequent demolition of a regular head of schools.

The district encompasses a wartime government housing development which is now predominantly Negro.

A spokesman for the department said the district's problems of "overcrowding of the school and financial distress" were complicated by the fact that surrounding school districts were already overcrowded.

The Carver district has not been operating a high school, and has had difficulty meeting tuition costs. "We have agreed to try and make a broad study of the problems in the district," Bartlett said.

He said Ferndale, Oak Park and Detroit school districts border on the Carver district, and representatives of each appeared at Wednesday's meeting.

None of the three could take all the high school students from Carver, but something might be worked out among all of them.

Detroit's Board of Education has voted not to accept any tuition students from outside the city because many high school pupils are already on half-day sessions, Bartlett said.

"It appears the only alternative for this fall would be to establish a ninth grade within the district,"

Bartlett said. "But this would raise problems, too. We hope we can solve those problems on the basis of good common sense," he said.

Police Chief Ends Job Confusion; Will Stay at Novi

CHEBOYGAN (UPI) — Lee Begole's confusing career as police chief has ended and Vern Herring has been promoted to the chief's job.

Begole had been chief at Novi when he took the job here months ago. But Novi refused to accept his resignation.

Then he resigned here, but that resignation also was turned down.

He resigned here once again, and once again the resignation was refused.

But then Begole went back to Novi and took up his old job. The City Council here then asked him to resign—and the third resignation was accepted this week.

Meet Anyone Wearing Nine Pair of Shoes?

Sheriff's deputies were on the lookout for a well-dressed this today.

The culprit has nine pair of shoes, a suitcase full of socks and handkerchiefs, four pairs of trousers, two suits, and 10 sport shirts.

The clothing was stolen from his car, parked at a Pontiac Township tavern, Central Street, 886 Melrose Ave., told deputies last night.

Consumer Will Pay if Lakes Level Falls

DETROIT — Officials of two Michigan utilities say that any permanent lowering of the level in the Great Lakes would result in added maintenance costs for their firms.

Testimony of representatives of Detroit Edison Co. and Consumers Power Co. yesterday indicated at least some of the additional cost would be passed along to the consumer.

Would Make Ike 'Sugar Daddy'

Dems Talk of Move to Blame President for Cuban Sale Here

WASHINGTON (UPI) — Several House Democrats talked today of a move to force President Eisenhower to take personal responsibility for permitting continued sale of any Cuban sugar in the United States.

This idea was being promoted by some Democrats on the House Agriculture Committee. They apparently were angry over Republican charges that they were "pro-Castro" several weeks ago in voting to deny the President discretionary authority he requested to cut Cuba's quota.

The Democrats were considering launching a drive for legislation to cut off all sugar imports from Cuba unless the President takes affirmative action to permit continued imports. Cuba now provides about one-third of the U. S. sugar supply at prices higher than the world market level.

The President has asked for extension of the U. S. sugar control program — including Cuba's existing quota — with an amendment giving him discretionary power to cut Cuban sales if that appeared necessary "in the national interest" or to protect U. S. supplies.

The Democrat-dominated House Agriculture Committee at first voted to refuse this authority, but yesterday indicated it plans to reverse itself and grant the President quota-cutting powers for use when Congress is not in session.

Today, however, some Democrats were talking of going even farther by leaving it up to the President to fix the level of imports from Cuba, with an upper limit fixed by the present quota.

John W. Alicote Dead

ENGLEWOOD, N. J., (UPI) — John W. Alicote, 70, copublisher of Film Daily, died Tuesday apparently of a heart attack. Alicote also had published Radio and Television Daily and edited the Film Daily Year Book. His brother Charles was copublisher.

HENRY G. FROWNES JR.

Henry G. Frownes Jr. has been elected to the Board of Directors of MacManus, John & Adams, Inc. Frownes, a vice president, is manager of the advertising agency's Eastern Division, headquartered in New York.

Nixons Hear Graham Give Marriage Rules

WASHINGTON (AP) — Vice President and Mrs. Richard M. Nixon were among 17,000 who heard evangelist Billy Graham give advice Wednesday night on happy married life.

The Nixons and their 14-year-old daughter, Tricia, attended the fourth night of Graham's crusade in Griffith Stadium. Nixon was introduced by Graham as "a golfing partner who usually beats me."

Williams Plans His Politicking

To Stump for Kennedy All Along Way West to Dem Convention

LANSING — With staff and family in tow, Gov. Williams will take off tomorrow to do some high level, high altitude politicking with his fellow governors in the mountains of Montana.

Williams' departure for the annual governors' conference at Glacier National Park will start a winding tour through the West that will carry him to the Democratic National Convention in Los Angeles.

All along the way, the six-term governor will work on Democratic leaders to throw their support to Sen. John F. Kennedy (D-Mass.), his choice for the party's presidential nomination.

Hopefully, he will wind up as Kennedy's running mate on a strongly liberal ticket.

Stepping front and center as acting chief executive during the governor's absence will be Lt. Gov. John B. Swainson, who wants to take over Williams' job in January.

Williams' three- to four-week sojourn automatically will boost Swainson into the political limelight at a crucial point in his bid for the Democratic nomination for governor. The Aug. 2 primary election will be only a couple of weeks off when the governor returns to Michigan.

Beer was first brewed in ancient Egypt more than 6,500 years ago.

**2-Ex R.I. Governors
Bid for U.S. Senate**

PROVIDENCE, R.I. (AP)—Two former Rhode Island governors were among three Democrats seeking their party's nomination to succeed U. S. Sen. Theodore Green, 82, who is not seeking re-election.
Vying for endorsement of the State Democratic Committee are former four-term Gov. Dennis J. Roberts, 55, and former Gov. J. Howard McGrath, 56, who was

U.S. attorney general under President Harry S. Truman.

Third man in the race is Claborn Peck, 41, of Newport, a wealthy newcomer to Rhode Island politics.
On the Republican side, the only declared candidate is the former assistant U.S. budget director, Russell Archambault, 55.
Aspirants who fail to receive state committee endorsement are free to seek nomination in party primaries in September.
Bicycling became popular in the United States in the 1870's.

Princess Flunks Three Subjects at Italian School

TURIN, Italy (AP) — Princess Maria Beatrice, young daughter of exiled former King Umberto of Italy, flunked three of her eight subjects at Turin's Albertina Academy, but it didn't bother her.

"After all," said the 17-year-old princess, "this will give me another chance to return to Italy next fall. I like staying here."

The princess failed in mathematics, history of art and natural sciences.

The daughters of the former king of Italy can come freely to their homeland. But Umberto, his wife and his heir, Prince Vittorio Emanuele, are barred by the Italian republic's constitution from entering the country. They live in Portugal and Switzerland.

State Police at Ypsi Get New Commander

EAST LANSING (UPI) — Sgt. Wayne N. Jusella, commander of the Newberry state police post, will take over command of the Ypsilanti post July 17.

Jusella will succeed Sgt. John J. Mongiat, who is retiring July 5.

Cpt. Carlo E. Fennell, East Lansing, will be promoted to sergeant and transferred to command at Newberry.

In other transfers, Tpr. George J. Thornton, South Haven, is promoted to corporal and transferred to state headquarters; Tpr. James W. Arndt, St. Ignace, is promoted to corporal and transferred to East Lansing headquarters.

Walled Lake Plans Show for Children

A special program for children at Walled Lake Amusement Park this Saturday was announced yesterday.

Appearing in a free show will be 17,888 feet high.

Food and Worry Help Soar U.S. Diabetes Toll

TORQUAY, England (AP) — Americans are twice as prone to diabetes as Britons because they eat more, worry more and take less exercise, a British doctor said today.

Prof. John Butterfield said half a million Britons, 1 per cent of the population, suffered from the disease. But he said a recent U.S. survey showed 2 to 3 per cent of Americans have diabetes.

"The American way of life does more to make them prone to diabetes," he said in an interview.

Gains Expected, but Not Enough

Jobs to Be Problem Rest of Year

By SAM DAWSON

NEW YORK (AP)—Jobs for a growing population will be a major problem the rest of this year. It's the human side to the economic query: Will industry and trade turn smartly upward again after Labor Day?

"Moderate gains are expected. It seems unlikely they'll be enough to solve the jobs problem."

Total employment has been rising. But the number out of work sticks stubbornly around 5 percent of the labor force. Right now the number looking for jobs is rising because of the influx of graduates and students into the market.

But the longer-term problem is more serious. The number of Americans of working age is on the rise, while the number required to turn out a given supply of goods keeps dropping because of mechanization and automation and increased skills.

Wage scales continue to rise this year, but the rate of increase is lower than in the recent past. Also, many workers find paychecks smaller because of shorter work weeks in some industries.

What help for more jobs is in sight from a business pickup? Industrial output was at a record high in January. Then it slipped, but made a slight recovery in May.

The immediate outlook is far little change—the usual summer lull, an average fall quickening. Steel production seems sure to go lower before its hoped-for late summer recovery. Some appliance makers are cutting back to bring stocks in line with sales. Auto production will soon be dropping as the model changeover time nears.

The Gross National Product, which takes in all production of goods and services, has topped 100 billion dollars at an annual rate for the first time. But the rate of its growth has slowed. Two of its greatest bulwarks also have been losing some of their forward business, outlay for plant and equipment. A number of industries are still catching up with capacity already built higher than current demand.

Business has been getting some forward push in this year's growth in the dollar volume of exports, while the increase in imports has slowed.

Some industrialists hope the economy will get a boost in the fall from a change in inventory policies.

At the start of the year many companies were busy building up their stocks depleted during the steel strike. This added a prospectus ahead, began holding inventories to just what was needed for current production schedules. This was a prime factor in the slight recession in business noted from February to May.

If sales prospects improve in the fall, the inventory cycle could turn upward again.

And through all the pummeling about business trends run the threads of election year turmoil and the still uncertain effects of cold war flareups on our defense spending and on our private planning.

The best guess: Times will be good this fall, but not booming, and jobs enough for all will still be a problem.

Famed for Political Names

Russia's Butyrky Prison Gone

By HENRY SHAPIRO
MOSCOW (UPI)—Russia's most notorious political prison, Butyrky, which dates back to the 17th Century, is being torn down.

A new housing compound will be erected on the multi-acre site of the Moscow landmark.

The right and left wings of the immense, dark red brick structure have already been demolished. Some of the central buildings with the dread iron gates were temporarily occupied by free tenants pending reconstruction of the entire area.

Gone are two of the four grim, unsalable 20-foot walls fringed with barbed wire.

Inmates of Butyrky included the famed "Strelay" who rebelled

against Peter the Great and the 18th Century peasant leader Emiljan Pugachev who almost overthrew Catherine the Great.

According to the Soviet encyclopedia, Butyrky became Russia's largest prison by 1906, daily processing upwards of 2,500 prisoners who were dispatched to iron chains to lifelong Siberian exile and forced labor.

FAMOUS NAMES

Before the 1917 Revolution, the prison housed such famous old Bolsheviks as Mikhail Tomsky, A. S. Lunovskiy, Ilya Rudnitskiy and Felix Dzerzhinsky, organizer and president of the CHEKRA, the Soviet Union's first political security organization.

The Soviet encyclopedia de-

scribed Butyrky as a veritable "hell" where prisoners were tortured and murdered. By 1909, it said, 25 per cent of the prisoners had died of tuberculosis and there were 80 suicides annually.

Between 1917 and 1927 the prison was used primarily for common criminals. Thereafter it became one of the principal prisons for persons classified as "class enemies."

Such a classification no longer exists, and by a special decree in 1930 the Supreme Soviet withdrew the epithet "enemy of the people" which was liberally applied against political offenders in the mid 1930s.

Such prominent former revolutionaries as, Nikolai Bukharin, Grigory Zinoviev, Leo Kamenov,

Christian Rakovsky and Karl Radek, whose treason trials this correspondent attended, were all branded enemies of the people.

Times have changed radically since the nightmare days of the mid-thirties.

Many prison camps in Siberia and other areas have been closed and political prisoners released and rehabilitated.

The notorious "Troika," the special tribunal which once tried political prisoners secretly, was abolished by law and no prison sentence may now be administered except by judicial process.

Last year Premier Nikita Khrushchev told the Supreme Soviet that there have not been any indictments for political offenses in recent years.

Cases of treason or espionage, like that of American pilot Francis Powers, are treated as ordinary crimes against the security of the state and they appear relatively rare.

Puts Up 5-Year Plan for Polish Industry

WARSAW, Poland (AP)—Polish Communist chief Wladyslaw Gomułka Tuesday night proposed a revised 1961-65 five-year plan in increasing investment in development of heavy industry and agriculture at the expense of badly needed housing.

Gomułka provided a sketchy outline of the new direction in economic planning in a speech before a meeting of the Central Committee of the United Workers party, Poland's Communist party.

Details of the new plan were laid before the party leadership in a special report which was not made public.

Earth May Lose Pioneer Signals in Another Week

WASHINGTON (AP) — In a week, the earth may lose radio contact with Pioneer V, now orbiting around the sun more than 20 million miles away.

The huge radio telescope in Jodrell Bank, England, shot a signal at Pioneer V Tuesday, the five-watt radio in the 26-inch space probe responded instantly, a radio signal came back to earth, lasting two or three minutes. Listeners called it "beautifully clear."

At Jodrell Bank, a spokesman said that Pioneer V's batteries were deteriorating, and the radio telescope will probably be unable

to track it any longer than another week.

By that time, Pioneer V will be 23 million miles from earth.

Its designers had not expected the space probe to send signals from more than 20 million miles out. It was launched in March.

Gelatin and Fruit Punch Blend in Whipped Drink

Children will "flip" over this one... and so it's called Fruit Flip. Put one package fruit-flavored gelatin and one 6-ounce can of the new frozen concentrate for fruit punch into an electric blender. Blend for a few seconds to dissolve gelatin. Add 1 quart chilled milk. Blend until contents are snowy. Use rubber spatula to aid in mixing. Makes 4 servings.

Select Several Summer Salads

By JANET ODELL
Pontiac Press Home Editor
About three or four times a year we write articles on salads. Why not? They're a necessary and delicious part of our meal planning. And different times of the year lend themselves to different types of salads.

"Maine Sardines" is the general term for tiny fish caught in the waters of the Maine coast; it is NOT a brand name. With a can of domestic sardines on your shelf you have the makings of an interesting salad. Because, of course, you always have the greens crisp- ing in a plastic bag.

This sardine salad is an unusual combination.
Atlantic Banks Salad
2 cans (4 oz. ea.) Maine sardines
2 cups green (celery, asparagus, peas)
1 cup grated sharp Cheddar cheese
1 cup mayonnaise
1 cup potato chips, coarsely broken
Drain Maine sardines. Break greens into a big shallow bowl and sprinkle with grated cheese. Add raw egg and French dressing. Toss thoroughly. Add sardines and potato chips. Toss again. Yield: 4 servings.

Another hearty salad is made with Michigan's navy beans. You know we lead the country in the production of these protein-rich beans. This salad will keep several days in the refrigerator.

Pontiac Party Salad
4 cups Michigan navy beans
1 cup cider vinegar
1 cup water
1/2 cup olive oil
1/2 cup salt
1/2 cup onion, finely chopped
1/2 cup green pepper, thinly sliced
1/2 cup tomato, thinly sliced
1/2 cup medium onion, thinly sliced
1/2 cup 4 radishes
Cover beans with cold water and soak overnight. Add more water to cover if necessary and simmer over low heat until almost tender. Drain and turn into a covered bowl or crock.

Combine vinegar, water, sugar, salt, olive oil and pickling spices and bring to boiling. Pour over beans and stir in chopped onion. Store in cool place or refrigerator overnight, stirring occasionally. Drain off excess liquid and turn into salad bowl. Garnish with strips of green pepper, pimiento, onion rings and

radish slices. Surround with spinach leaves. Serves 6 to 10.
In direct contrast to the above recipes is this one for a Sundae salad. Sundae salads are made with gelatin, whipped evaporated milk and fruit. They are served in tall glasses with a frill of lettuce. Vary the fruit and the flavor of gelatin for an infinite variety of these creamy treats.

For a start try this one made with canned peaches and fresh green grapes. Canned cling peaches, you know, are still in good supply.
Grape-Peach Sundae Salad
2 cups (1-pound can) sliced cling peaches
1 package (3 ounce) black cherry-flavored gelatin
1/2 cup evaporated milk
1/2 cup chopped almonds
1/2 cup mayonnaise
1/2 cup seedless green grapes
Drain peaches; reserve syrup. Add water, if necessary, to make 1 cup liquid. Heat peach syrup to boiling. Pour over gelatin; stir until dissolved. Chill until thick and syrupy.

Chill evaporated milk in refrigerator tray until ice crystals form around edge (15 to 20 minutes). Whip until stiff (about 1 minute). Add lemon juice. Whip very stiff (about 3 minutes longer). Add almonds, mayonnaise and grapes to the gelatin mixture. Fold into the whipped evaporated milk. Alternate layers of whipped gelatin mixture and peaches in tall glasses. Chill until firm. Garnish with romaine or head lettuce and serve. Serves 6.
Our last recipe is for another fish salad. This time it's tuna, all mixed up with salad greens, herbs

and sour cream. Sounds good, doesn't it?
Tuna Salad Bowl
1 1/2 cups cream-tuna, drained
1/2 cup mayonnaise
1/2 cup onion, finely
1/2 cup chopped green pepper
1/2 cup tomato, finely
1/2 cup potato chips, coarsely broken

1 tablespoon chopped parsley
1 teaspoon mustard
1/2 cup sour cream
Salt and pepper to taste
Combine tuna, salad oil, lemon juice, green pepper, celery, onion, parsley, rosemary or thyme, sugar and cream; mix well. Break tuna into pieces. Add tuna and salt and pepper to cream mixture; mix well.
Arrange salad greens in salad bowl. Top with tuna mixture; chill. Makes 6 servings.

Bake Spirals of Dough on Round Clothespins
Just for fun: next time you make a batch of yeast dough for sweet rolls, wrap strips of it around round clothespins. The clothespins may be easily pulled out after baking and the rolls stuffed with savory and- wick fillings.

LOVE AT FIRST BITE!

New HEATH Candy Ice Cream Bar

It's candy!... it's ice cream! It's tasty, delicious old-fashioned Heath Candy and Chocolate, blended with rich vanilla ice cream... reason enough to "fall in love at first bite" with the new Heath Candy Ice Cream Bar. Yes, millions of tiny granules of Heath Toffee mixed in the ice cream and crunchy bits of the same toffee in the chocolate coating, make the most delicious bar ever. A dessert or TV treat that's perfect for young or old... for any occasion... at any hour.

Try 'em... Buy 'em one at a time or in the bright blue 4-pack... at ice cream cabinets everywhere!

Absolutely Nothing Like It!

Manufacture Authorized by L. S. HEATH & SONS, INC. Robinson, Illinois

PONTIAC PARTY SALAD—Fruity as a picture is the appropriate term for this salad made with navy beans. The crinkly garnish around the bowl is spinach. Bean salad is but one type to serve with summer meals. This summer, as always, is salad time.

Pineapple Upside-Down Shortcake Recipe No. 4

Quick and easy Wait 'til you taste the delicious upside-down shortcake you can make with "SOLO" Pineapple Filling. No mixing! No grating! Your "SOLO" Pineapple Filling is ready to use. Just follow this recipe.

1/2 cup brown sugar	1/2 cup milk
2 tablespoons butter or margarine	1/2 cup melted butter or margarine
2 cups bicuit mix	1 1/2-oz. can "SOLO" Pineapple Filling
2 tablespoons sugar	

Sprinkle brown sugar in bottom of 8-inch round pan. Dot with 2 tablespoons butter and spread "SOLO" Pineapple Filling over it. Combine bicuit mix and sugar. Add milk and melted butter. Mix quickly. Spoon over pineapple mixture. Bake in hot oven (350°) 15 to 20 minutes. Serve with whipped cream as a dessert or plain as a coffee cake.

Take Advantage of Lowest Price for Strawberries

Michigan strawberries rate a priority in the minds of many shoppers this week, states Mrs. Josephine Lawler, Consumer Marketing Agent. The volume stage of harvest in the large southwestern Michigan producing area was expected June 18 through 20 and heavy supplies are expected until about the 25th.

In the meat department there are few noticeable changes in overall retail prices. Retailers report that beef prices are back to where they were two weeks ago when larger supplies were accompanied with a slight price decrease. Others report that pork is slightly higher. This can be anticipated as pork supplies grow gradually smaller in summer. New crop turkeys are adding to current poultry supplies.

Shoppers wanting quick easy meals may wish to check the many luncheon and sausage meats, hamburger and frozen dinners which are offered this week. Some stores are featuring all cuts of range-fed beef, turkey and several pork cuts.

FRUITS: Michigan strawberries are new in the produce department even though rains in the Benton Harbor area did adversely affect ripening and quality. You will find the lowest prices of the season in stores this week, for this is the time when the harvest of Premier and Robinson varieties overlap in the large production areas.

For freezing, a crate of 18 quart boxes of strawberries will yield approximately 20 to 24 pints from. Michigan State University recommends using one cup of sugar to four cups of strawberries or covering the fruit with a 50 percent cold syrup. Make the syrup by dissolving one cup of sugar to each cup of water.

Watermelon supplies are very heavy. Most are Charleston Greens from Florida. Most weigh 22 to 26 pounds. Banana supplies are also liberal. Honeydew melons are arriving in volume from Texas.

Among other fresh fruits increasing in supply are blueberries and peaches.

VEGETABLES: The casual observer would find few changes at fresh vegetable counters since a week ago. However, peppers, green beans and cabbage are in better supply and prices may be slightly lower.

Head lettuce will cost a few pennies more than last week. The California Summer Lettuce Advisory Board took steps to

bring the supply more in line with the amount which consumers normally use. By eliminating excess supplies, the growers will be able to cover their cost of producing the crop. Shoppers will pay about what they did before the recent price drop.

MEAT: Beef supplies and prices are back to where they were two weeks ago. Shoppers looking for medium grades of beef will be interested in this week's sales of this quality meat.

Have you noticed? More stores are cutting the blade and round some chuck roasts into steaks for summer use. If these steaks grade U.S. Choice or better, they may be broiled or grilled.

The new crop of turkeys starting to market is increasing total supplies. Some retailers report that prices are expected to be slightly lower. These new crop birds vary from 4 to 16 pounds, so there is a size to fit every family.

Fryer prices remain about as they have been with no anticipation of any drop until after July 4.

Both wholesale and retail prices for pork are fluctuating very little. Features on fresh pork cuts may be welcomed by some this week. Others may find a large canned ham the answer to weekend meat needs.

EGGS AND DAIRY: More eggs of large sizes are available as the summer advances. At present the large size is the best value if one considers cost per pound.

Serve It Warm Over Ice Cream

This sauce may be used over many plain puddings.

Red Cherry Sauce
1 cup firmly packed light brown sugar
1 tablespoon cornstarch
1 can (1 pound) tart red-pitted cherries (water pack)
3 tablespoons butter or margarine
Stir together thoroughly in a small mixing bowl the sugar, cornstarch and salt; gradually add ½ cup of the cherry liquid, stirring until smooth after each addition. Heat remaining cherry liquid in 1-quart saucepan; add first mixture; cook and stir constantly until thickened and clear. Remove from heat; stir in butter (until melted) and drained cherries. Serve warm.

Grill Can of Sardines To Serve in Hot Dog Roll

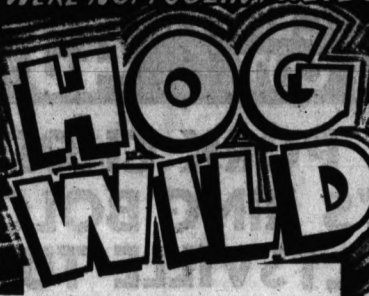

Summertime is outdoor grill time. For a new flavor sensation, cover two open cans of Malmé sardines with aluminum foil — heat thoroughly on grill. Split 4 frankfurter rolls which you toast on the grill before buttering.

For each sandwich spread the bottom half of the roll with ½ teaspoon of mustard; top with two sardines, onion rings and 1 slice dill pickle. Cover with the top of the roll and serve immediately.

Spice Whole Prunes for Delicious Garnish

Spiced prunes — keep a jar of them in the refrigerator to serve as an accompaniment to meat or to garnish a dish for beauty as well as flavor.

Spiced Pickled Prunes
 1 cup sugar
 1 cup cider vinegar
 2 teaspoons whole cloves

3-inch stick cinnamon, broken into small pieces
 1 teaspoon salt
 1 pound prunes
 Place prunes in wide bottom pan; combine other ingredients. Bring to boil, cover; cook slowly twenty minutes. Stir several times; keep prunes covered with syrup. Makes 4 cups.

When serving fluffy rice with creamed chicken, curried shrimp, or similar dish, give the rice a new look: Serve it in a low wide bowl with a circle of spiced pickled prunes on top.

Diploma Rolls Can Be Made of Cookie Dough

Symbolic of graduation and appropriate accompaniment for banana splits are these diploma cookies. They are rich, buttery wafers formed into scrolls and tied with chocolate frosting ribbon bows.

Diploma Cookies
 4 egg whites
 1 cup sugar
 1/4 teaspoon salt

1 cup melted butter, cooled
 1 cup finely chopped toasted almonds
 Combine egg whites, sugar and salt; beat until sugar is dissolved and mixture is thick but not stiff. Add butter gradually. Fold in flour and almonds, mixing well.

Drop by tablespoonful onto well greased and lightly floured cookie sheets, putting only 4 on sheet at a time. Spread each out into a 3 by 4 inch rectangle. Bake at 350 degrees for 8 to 10 minutes. Let cool just a few seconds before carefully removing from

cookies. Quickly roll over handle of a wooden spoon. With a chocolate decorating frosting, form a ribbon and bow on each cookie. Makes 3 dozen.

New for Pancakes

Frozen fruit punch makes a wonderful sauce for pancakes, waffles or French Toast. Just heat your favorite flavor of punch with 2 tablespoons butter. Serve on pancakes sprinkled with powdered sugar.

French Dressing Does Wonders for Asparagus

Wash 2 1/2 pounds fresh asparagus and cut off tough ends and discard them. Place the tips in a saucepan with 1/2-inch boiling water and 1 teaspoon salt. Bring to boiling point and boil uncovered 5 minutes. Cover and cook 5 minutes or until crisp-tender. Drain if necessary. Serve hot or chilled with 1/4 cup unweetened French dressing mixed with 2 tablespoons crumbled blue cheese.

Michigan Berries Tops to Use in Shortcakes

Michigan strawberries are now on the market in all their glorious color and delicious flavor.

Did you know, by the way, that the strawberry is a member of the rose family? Couldn't happen to a nicer fruit! As the rose is the royalty of flowers so the strawberry is the royalty of fruit. And, these wonderful Michigan strawberries, vine-ripened to their full, rich, luscious flavor are a triumph of nature, for these picture-pretty palate-pleasers offer an enjoyable variety of uses and are favorably nutritious.

One cup of these fresh, Michigan strawberries yields approximately enough Vitamin C for one day's needs for any adult and has only about 54 calories, so weight-watchers rejoice, and enjoy Michigan strawberries for the next few weeks!

In buying strawberries look for berries that are fresh, firm and fully ripe with a glossy, red sheen, no green or white under-ripe spots and no signs of mold.

Grill Fish, Says Outdoor Cook

Memorial Day officially opened the season for outdoor barbecues. For those barbecues you might be interested in discovering the product of Michigan's charcoal industries, suggests the Consumer Marketing Information Agency. Two companies in the Upper Peninsula are producing top quality hardwood charcoal briquets. These are packaged in 6 and 10 pound size bags. Many shoppers who have done outdoor grilling say that "hard wood" is the key to grilling success even though it does cost a few cents more a bag.

Hardwood briquets burn for a long period of time. They give off no "pop sparks" or flames. They give an intense glow. It takes from 20 to 45 minutes to get a cooking bed of coals burning, but you get from 2 to 4 hours of cooking time from a briquet bed of coals.

Start a small fire. This may be done with the aid of lighter fluid or kindling wood. Saturate a pile of briquets stacked in a pyramid fashion with lighter fluid. Wait 5 or 10 minutes then ignite.

Let them burn 20 or 30 minutes. The fire is burning when a fine grey ash forms on the briquets. When the briquets are covered with a fine grey ash, it's time to begin the grilling.

If you plan to do outdoor barbecuing this summer, you may be interested in Michigan State University's latest bulletin, "Outdoor Cooking for the Family." This booklet gives all the rules for choosing and using equipment, selecting meat for the grill, tips for barbecuing, suggested menus and recipes. Send ten cents in coin to Mrs. Josephine Layton, 1260 West Boulevard, Pontiac for your copy.

Pick out any bruised or soft ones to use immediately.

Paper plates make excellent containers for refrigerator storage. Do not wash berries until just before using. Wash them gently in very cold water, then spread on paper toweling for quick draining and drying. Remove caps after washing.

Doubtless you have your own favorite strawberry recipes, but here's a tempting one to add to your collection. Comes highly recommended and well-tested both by professionals and by eager-beaver amateurs too!

Strawberry Buttermilk Shortcake
 1 quart Michigan strawberries, cleaned
 1/2 cup of sugar
 1/2 cup of buttermilk
 1/2 cup of cake flour
 1/2 teaspoon baking soda
 1/2 teaspoon salt
 1/2 teaspoon mace
 1/2 cup shortening
 1/2 cup buttermilk
 1/2 cup grated lemon rind
 1/2 cup lemon juice
 1/2 cup sugar
 1/2 cup butter
 1/2 cup cream

Clean Michigan strawberries; slice a few for garnish; slice remaining berries and mix with 1/2 cup sugar; chill. Sift together cake flour, baking soda, salt, mace and 1/2 tablespoons sugar. Cut in shortening.

Combine - buttermilk, lemon rind and lemon juice. Add to dry ingredients all at once; mix until mixture forms ball. Knead on lightly floured board 30 seconds. Pat or roll to a 1-inch circle (1/2 inch thick); place on baking sheet.

Mark crosswise three ways (but do not cut through) to mark 6 pie-shaped wedges. Brush surface with milk; sprinkle with sugar. Bake in a 450 degree (hot) oven 15 to 18 minutes. Split crosswise, spread with butter; fill with most of the sweetened strawberries; cover with top, add remaining sweetened berries. Garnish with whipped cream and whole strawberries. Yield: 6 servings.

Stuff Potatoes With Cheese, Mayonnaise

Top favorite in potato cookery! Savory Stuffed Potatoes

4 large mealy baking potatoes (about 3 pounds)
 1/2 cup butter
 1/2 cup mayonnaise
 1/2 cup cheddar cheese
 1/2 cup grated Parmesan cheese
 1/2 cup salt
 1/2 cup onion
 1/2 cup celery
 1/2 cup carrot
 1/2 cup mushroom
 1/2 cup tomato
 1/2 cup green pepper
 1/2 cup red pepper
 1/2 cup black pepper
 1/2 cup white pepper
 1/2 cup salt
 1/2 cup onion
 1/2 cup celery
 1/2 cup carrot
 1/2 cup mushroom
 1/2 cup tomato
 1/2 cup green pepper
 1/2 cup red pepper
 1/2 cup black pepper
 1/2 cup white pepper

Scrub potatoes in cold water; dry; bake in hot (425 degrees) oven until soft through—45 minutes to 1 hour. Cut potatoes in half lengthwise; scoop out pulp; beat with butter, cream and salt.

Beat eggs until thick and ivory colored; fold into potato mixture; spoon back into 1/2 of the potato half-shells. Mix cheese and salad dressing; spread about 1 tablespoon over each stuffed potato; sprinkle with paprika.

Reheat in slow (325 degrees) oven 30 minutes or until tops are lightly browned. Makes 6 servings.

Add a little lemon juice when cream is hard to whip.

Mud Stumps State Farmers

Hampered Trying to
Cultivate or Even Plant
Corn in Michigan

LANSING (AP) — Mud still is frustrating many Michigan farmers trying to cultivate corn—or even to plant corn at this late date when it may not make grain.

The crop, held back by cool, wet weather and competition from weeds, was growing slowly, and aching for more sun and heat.

In the southeast, an area of heavy rainfall last week, corn prospects definitely have been hurt, the State-Federal Agriculture departments and Weather Bureau said in their weekly crop bulletin.

Excessive rain continued to hamper other forms of field work in many places, although in some, moisture was needed for good crop development and to keep soils in condition for planting.

The agriculture experts estimated that 90 per cent of corn was in, and that winter wheat is 90 per cent headed for the state as a whole, and nearly all headed in southern counties.

RAIN, WIND HURT

Last week's high winds and heavy rainfall caused considerable lodging, although recovery was possible with favorable weather.

Oats were in generally good condition with some fields headed in southern counties.

The bulletin reported planting of dry beans about three quarters complete—about the same as soybeans. Late potato planting is virtually complete.

The strawberry harvest is still in full swing in the southwest.

TOP-LEVEL TALK — Reporter Gary Peacock, who at 5 feet, 10 inches isn't considered short, stands on a table while interviewing Don Koehler, 8 feet, 2 inches tall, of Chicago. Koehler is among 400 of the nation's tallest people attending the annual convention of Tall Clubs.

Charges Gross Injustice

**Pentagon Assails Plight
of GIs Under 'Hiss Act'**

WASHINGTON (AP)—The Pentagon has told Congress that thousands of servicemen have lost or face the loss of their retirement pay because of the "Hiss Act." The Pentagon called this a "gross injustice."

The law, adopted in 1954, bars workers from receiving federal benefits after conviction on a wide variety of charges. The act was designed to prevent former State Department official Alger Hiss from receiving benefits after he had been convicted of perjury. The law, however, embraces all federal workers and dozens of unlawful acts.

Defense Department general counsel J. Vincent Burke recently informed the Senate Post Office and Civil Service Committee that the law as written and applied has already deprived servicemen of retirement pay because of relatively minor offenses.

HARSHNESS UNWANTED
Burke said this "harshness was never intended by the Congress." He urged the act be rewritten to limit its application to security cases.

The House has already approved the changes suggested by the Pentagon. The Senate Post Office and Civil Service Committee likewise approved, but the Senate sent it back to the committee with instructions to gather new evidence. As the act applies to the military services, Burke said it bars retired pay for anyone convicted of any offense before any type of military court, regardless of the sentence, if the same offense carries a penalty of as much as a year and a day in jail in a civil court.

GM Sets Expansion of Plant in Saginaw

SAGINAW (UPI)—Officials of the Saginaw Steering Gear Division of General Motors have announced a multimillion dollar expansion of their plant here. The expansion of Plant No. 1, on the Saginaw River shore, should be completed before the 1961 production season starts this fall, the officials said.

AP Photo

JAMAICAN LEADER — Claudius Henry, leader of the Jamaican back-to-Africa movement, is awaiting trial with 15 bearded followers on treason and felony charges, Tuesday, two British soldiers were killed and two wounded when ambushed while raiding the camp of Henry's cultist followers near Kingston, capital of the British West Indies island.

U. of M. Students Being Offered the ODDEST Jobs

ANN ARBOR (UPI) — Except for such bizarre jobs as pollen counters and monkey tenders, University of Michigan students face a dim summer employment outlook.

There aren't enough summer jobs to go around, according to personnel interviewer William Wenrich. But there are those oddball jobs.

For instance, one company wants a professional figure skater for a research program on why skaters don't get dizzy when they spin around.

The university school of health is hiring some students to ride bicycles all summer in a study of the relation between exertion and respiration. One of the oddest requests was for a student to spend the whole summer in the biology lab dissecting butterflies.

Summer caretakers for monkeys, hamsters, mice and other laboratory animals are in fair demand.

The Ring's the Thing at Annual Horse Show

Renewing a Detroit Horse Show acquaintance of many years' standing yesterday was Mrs. Philip A. Hart, wife of Michigan's junior U.S. senator. She is pictured chatting with the show's perennial ring master, Clarence L. "Honey" Craven, beside the pool at Bloomfield Open Hunt Club, scene of

the 43rd annual event. "Honey," who hails from Cohasset, Mass., seldom is photographed in informal attire. He is more popularly recognized in his pink coat, breeches, puttees and boots, tooting on his long, tapered English coachman's horn.

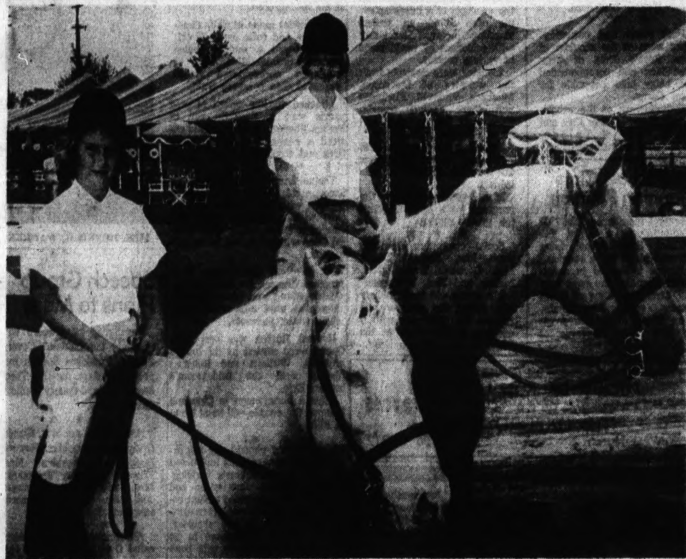

Pretty as the picture she presents posing with her horse Beachcomber is 17-year-old Julie Smith, daughter of Mr. and Mrs. Glenn C. Smith of Willoughgreen Rd., Franklin Village. Julie was entered in yesterday's dressage events at the Detroit Horse Show in Bloomfield Hills.

Pontiac Press Photos
by Lee Winborn

Between events yesterday afternoon at the Detroit Horse Show, Mrs. Irving A. Duffy of Manor road, Birmingham, chats with James M. Jones of Beach road, Troy. Jones is holding his horse, "Miss Prince," upon which he rode to first place honors in two dressage events. He won second prize with another of his mounts, "Asbach," in the same two events.

Exercising their mounts before main events of the afternoon started at the Detroit Horse Show yesterday afternoon are, from left, Wendy Michell, 10, on "Rebel" and Lynn Maedel, 11, on "Goldilocks." Wendy is the daughter of Mr. and Mrs. William L. Michell, of Hamilton road, Birmingham; and Lynn's parents are the A. Howard Maedels of Overhill road, Birmingham. The girls are among the many young-

sters who will be competing for ribbons and trophies in the largest horse show in history which started yesterday at the Bloomfield Open Hunt Club and runs through Sunday night. Rain caused postponement of afternoon events for about an hour yesterday, but all were staged before the day's program was over, with a few alterations in the schedule.

Checking the schedule for the day's events at the five-day horse show in progress at Bloomfield Open Hunt Club are Show Chairman Stanley M. Humphrey of Kirkway drive and a show secretary, Mrs. J. P. Moses of East Long Lake road, Bloomfield Hills.

Goody but good is the comment of two little girls, taking time out between events at the Detroit Horse Show for a cotton candy treat. They are, from left, Penny Stresen-Reuter, 11; and Claudia Sarver, 12; both of Birmingham.

St. Hugo of the Hills Rites Before 200 Guests

Dunn-Offer Vows Said

White chrysanthemums and gladioli adorned the main altar of St. Hugo of the Hills Church for Saturday vows of Christine Mary Offer and Daryl Lee Dunn of Birmingham. The Rev. Father James Murphy officiated.

The Edwin Frederick Offers hosted their daughter's reception in their home on East Highland drive, Bloomfield Township.

Receiving with them were the Lyle Duns of Birmingham, parents of the bridegroom.

A Swedish crown of crystals caught the bride's fingertip veil of French silk. Blush worn in complement to her floor-length gown of white silk organza taffeta. She held a cascade of gardenias and anemones.

Diane Longway of Birmingham, honor maid, wore ballerina-length pale yellow Chantilly lace over taffeta. She carried a basket of a dozen yellow tea roses.

MRS. DARYL LEE DUNN

Louise Offer, in pale lavender Chantilly lace over taffeta, was her sister's bridesmaid. Mary Clare Peterson of River Rouge, dressed as a miniature bride, was flower girl.

On the equine side were the bride's brothers Jerry, as best man; and Edwin, seating guests with Robert Shannon of Battle Creek.

For traveling to Grand Haven, where the couple will honeymoon at the summer home of Mr. Shannon, the bride donned a beige and green flowered sheath with linen coat and beige accessories.

For her daughter's wedding, Mrs. Offer chose Alice blue silk organza with blue and white accessories. She wore a shoulder-length gown of gardenias. Mrs. Dunn wore yellow tea roses in complement to her dress of pale yellow organza.

Church Unit Gathers at Luncheon

Mrs. W. J. Baumgartner opened her home on Silver Lake road Tuesday for a luncheon meeting of the January-March group of First Presbyterian Church.

Assisting the hostess were Mrs. David Brown, Mrs. Alvin T. Anderson, Mrs. H. E. McCulloch and Mrs. Mahlon A. Benson Jr.

Mrs. T. C. T. McFetridge gave the Bible study, "Psalms of Confession and Forgiveness."

The group will meet in September with Mrs. E. G. Clark of Silver Lake road.

Call Dem Hopefuls

An open meeting for all Oakland County candidates will be held by the Waterford Township Democratic Women's Club at 8 p.m. Tuesday. Mrs. Carlos Richardson of Carlos drive will be hostess for the evening.

Mrs. Walter Brinkman and Mrs. Eugene Mihay will be cohostesses.

Comfortably seated at ringside to watch yesterday afternoon's dressage events at the Detroit Horse Show were, from left, Marguerite Schmidt, daughter of Mr. and Mrs. Parbury Schmidt of Wing Lake road, Bloomfield Township; Marcia Mezey, daughter of Mr. and Mrs. Charles Mezey of Brookside drive, Bloomfield Hills; and Barbara Kellerman, daughter of

Mr. and Mrs. Sydney Kellerman of Snowshoe Circle, Bloomfield Hills. All three girls are 17. Today's events include open equitation, working hunter classes, hunter hack and the BOH Big Jumping Event tonight. Over 25 nationally famous horses from all over the country are entered in a number of hotly contested classes in the show.

Becomes Mrs. Tinker

Charlotte Rosen Marries

Columbia Avenue Baptist Church was the scene of the Saturday wedding which united Charlotte Mae Rosen and James Franklin Tinker, both of Charlton.

Parents of the couple are Mr. and Mrs. Harry Clark of Meyers road, Drayton Plains and the W. D. Tinkers of Sunshine Station, Harlan, Ky.

The Rev. Marion Boyd officiated at the ceremony, for which the bride chose a floor length gown of Chantilly lace over satin fashioned with a scalloped neckline and finger tip sleeves. She wore a pearl crown and held a cascade of white carnations and lilies of the valley.

Honor matron Mrs. Russell Hull of Charlton and bridesmaid Linda Rosen, sister of the bride, were guests of honor. The bride's bridesmaids were dressed in long length frocks and carried cascades of pale yellow carnations.

Rosemary Clark, sister of the bride, appeared as flower girl, wearing a white nylon dress and carrying an arrangement of pink roses.

The duties of best man were assumed by Larry Tate of Drayton Plains. Ushering were Donald Ruffner of Rochester and Lemuel Tate of Drayton Plains.

Ringbearer was David Hammett. White carnations, ferns and candelabra tanked the altar of the church.

A reception in the church parlor followed the ceremony. Mrs. Clark greeted the nearly 150 guests in attendance, wearing a pale blue lace dress with matching accessories. Mrs. Tinker wore a French blue dress and wore pastel blue accessories.

To begin her wedding trip the new Mrs. Tinker wore a white cotton and tulle suit with white accessories. The newlyweds will reside on Harding street, Waterford.

Stick to Simplicity

The woman who looks best in a half-size frock should not wear large splashy prints — or large-collared dresses, bright harsh colors, horizontal lines. The half-size fashion silhouette should be vertical and simple in design.

2367 Orchard Lake Road, Pontiac
5016 Dixie Hwy.—Drayton Plains

MRS. JAMES F. TINKER

Extension Club Asked to Reception

Fifteen members of the Inter-lakes Extension Club welcomed honorary member Mrs. Robert Alsop when they met Wednesday at the Oakdale avenue home of Mrs. Wilbur Ott.

Chairman Mrs. Frank Hickson read an invitation to the group to attend the Sunday golden wedding anniversary reception of Mr. and Mrs. Charles Allen. Mrs. Allen is a charter member of the club.

Announcement was made that the club will send six members to the Homemakers' Conference at Michigan State University July 28.

July 14 is the date slated for the annual trip to Mrs. Alsop's cottage at Walpole Island.

A picnic for husbands is scheduled Aug. 28.

Following a noon luncheon members spent the afternoon working on hobbies.

Exchange Promises in Drayton

Patricia Lou Rose and R. E. Carey Leave for North

Patricia Lou Rose exchanged wedding vows with Robert Edward Carey Saturday afternoon in the Drayton Plains home of the Rev. Robert C. Beattie of the International General Assembly of Spiritualism.

Lighted candelabra and baskets of pink and white peonies created a chapel setting before a "how day" in the living room of the Beattie home where the reception was held.

Mr. and Mrs. Joseph Celestine Rose of Shaw drive, Waterford Township, are the bride's parents. The bridegroom is the son of the Edward H. Careys of Rollins street, also of Waterford Township.

The bride's ballerina-length dress of white nylon sheer was worn with a jacket of Chantilly lace. Sleeves were three-quarter length.

A shoulder-length cloud veil was attached to a pearl crown. White carnations and red roses comprised the colonial bouquet.

WEAVER PALE YELLOW

Mrs. Paul Lyons of Jessup, Md., matron of honor, appeared in bouffant pale-yellow organza. Her flowers were white carnations and yellow roses.

S.A. Richard L. Carey came from the Naval Base at Lakehurst, N.J., to be his brother's best man. P.C. Paul Lyons of Fort Mead, Md., seated the guests.

Before leaving for northern Michigan, the new Mrs. Carey changed to a green and white checked linen sheath dress. Her corsage was of yellow roses. The couple will live on West Walton boulevard.

Pink roses and carnations were worn at the shoulder of Mrs. Rose's dress of dusty blue lace and complemented the beige lace ensemble for Mrs. Carey.

Grandchildren of the couple, Frank Skog of Bay City and Hubert Carey of Toledo, Ohio, attended the wedding.

St. Michael Class Planning Reunion

Several members of the 1940 graduating class of St. Michael High School have initiated plans for a reunion.

Anyone interested in assisting or attending the event may call Mrs. Max King of North Adams road, Birmingham, John Bleau of Spence street or Mrs. Ellen Gallardo of North Fiddock street.

Symphony Scores

By BERNICE ROSENTHAL

The mail of Madison Junior High School was the setting of the first free summer concert by the Pontiac Symphony Orchestra Wednesday evening.

Under the direction of Francesco Di Biasi, it was sponsored by the Music Performance Trust Fund of the American Federation of Musicians through the Pontiac local of which Clyde Traxell is president and Roy Hies, secretary.

Soloists were Mary Louise Lindquist, Pontiac soprano and Darwyn Apple, Detroit violinist.

There is nothing more pleasing to the ear than a concert under the stars and the orchestra accomplished itself to the outdoors with no trouble and obvious enjoyment.

The "pop" concert began with the tuncful overture to Glinka's "Russian and Lullaby." Then the orchestra played with gentleness and understanding the melodic first movement of Schubert's "Unfinished" Symphony.

Mrs. Lindquist was warm and lyrical in Nivier's "Mighty Like a Rose" and Remberg's "One Alone" from The Desert Song. To and the first part of the concert, there was an abrupt change of mood as the orchestra played the clipped and martial "Parade" from Bizet's "L'Arlesienne Suite."

Violinist Apple played the "Meditation" from Thaïs by Massenet with beautiful tone quality and sensitivity and was called back for an encore.

The orchestra concluded with the difficult and fiery Polovtsian Dances from "Prince Igor" by Borodin. The two encores were "Pavane" by Gould and the humorous and rustic "Fiddlers from Rodeo" by Copland.

Dr. Ted Ward, incoming president of the Pontiac Symphony Orchestra, announced the program for next season.

The evening's program on the theme "Thoughts on Courageous Living" was directed by Mrs. Theodore E. Wiersma who elaborated on the concepts of a brave spirit, an open mind and understanding heart, illustrating with selections by world poets of various periods.

Included were excerpts from the works of Stevenson, Macaulay, Turgenev, Eschschäfer and others, as well as translations from Papago, Hopi and Navajo Indian tribal songs.

Following the program, Mrs. Wiersma made suggestions for summer reading on her subject.

Mrs. Hogue concluded the program with original songs for group singing.

Social committee members were Mrs. Howard Loese, Mrs. Gertrude Martin, Mrs. Meier and Mrs. Wiersma.

The group will meet informally during the summer and resume the club year with a meeting in September at the home of Mrs. Marcus Scott.

Howard Batten was best man. Guests were seated by the bride's brothers, William and Robert. The bride and groom's brother Eric.

After a honeymoon in Ohio and Indiana, the couple will be at home in Flint.

Mrs. Lindquist chose beige silk organza with square neck and tiered skirt for her daughter's wedding. Her accessories were green and beige and her headpiece a short ostrich plume. She pinned green cymbidium orchids to her shoulder. Mother of the bridegroom in an aqua lace sheath dress with bone accessories, wore pink cymbidium orchids.

Sponsors Student at Girls State

Chief Pontiac Post No. 577 of the American Legion is sponsoring Barbara Berryman at Wolverine Girls State, University of Michigan, through July 1.

A Pontiac Northern High School student, Miss Berryman is active in Junior Varsity, Future Teachers Club and is a cheerleader.

Wolverine Girls State is designed to acquaint participants with a practical knowledge of the workings of national, state and local governmental units.

Pontiac Northern student Bonnie Plummer is alternate for Miss Berryman.

Girls State chairman Mrs. Mitchell Rampart was assisted by Mrs. Joseph Charter.

Travel in Cotton

Hot weather's tourists travel first class on land, sea and in the air in two and three piece cotton ensembles — suits and dresses ranging from seersucker and piques to gingham and knits.

Harold Ickes, former U. S. Secretary of the Interior, was for three years a reporter for Chicago newspapers.

Warren-Liechty Vows Told Before Rev. Gabler

The Rev. Don Gabler officiated at the marriage of Zelma Ann Liechty and Dennis Gregory Warren Friday evening in Bethel United Church of Christ. After flowers were white carnations.

Mr. and Mrs. Wilford J. Leitchy of Sheridan street received some 300 guests at the reception in the GBU Hall on Auburn road, following their daughter's wedding. Joining them were the Max Richard Warrens of Edin street, parents of the bridegroom.

The bridegroom of white Chantilly lace and tulle over silk tulle featured a nosegay of roses and a sash of white carnations and stephanotis.

Attached to her crown of seed pearls was a fingertip veil of French illusion. A white orchid entered a cascade of white carnations and stephanotis.

Thelma Liechty, her twin sister's honor maid, wore maize shirred organza with lace bodice and full skirt with a floating panel. She carried a small white satin parasol filled with stemmed maize carnations.

Of identical styling were blue organza dresses for bridesmaids, Mattie Bland and Mary Rucker. Stemmied blue carnations filled their white parasols.

Howard Batten was best man. Guests were seated by the bride's brothers, William and Robert. The bride and groom's brother Eric.

After a honeymoon in Ohio and Indiana, the couple will be at home in Flint.

Mrs. Lindquist chose beige silk organza with square neck and tiered skirt for her daughter's wedding. Her accessories were green and beige and her headpiece a short ostrich plume. She pinned green cymbidium orchids to her shoulder. Mother of the bridegroom in an aqua lace sheath dress with bone accessories, wore pink cymbidium orchids.

Speech Group Plans to Meet

Installation of officers will highlight the Oakland County Female Employees Speech Improvement Assn. meeting Tuesday at Oakland County Medical Care Facility.

New officers are Mrs. Gerald Craig, president; Mrs. Howard Booker, vice president; Mrs. Edward Conner, secretary; Mrs. Steve Sollich, treasurer; and Mrs. Thomas Leonard, sergeant at arms.

All members and any interested Oakland County employed women are invited to attend.

Driving Shows Person's True Personality

By ABIGAIL VAN BUREN
 DEAR ABBY: What happens to people when they get behind the wheel of an automobile?

I have seen drivers (both men and women) behave in most inconceivable and erratic manner. (From crowding other motorists off the street to deliberately pulling into a parking space that someone is obviously struggling to back into.)

I've seen them blast their horns at pedestrians and other drivers and curse them out in vulgar language.

Does something "psychologi-

cal" happen to people when they get in the driver's seat? I am sure these same people in other circumstances would be charming, considerate ladies and gentlemen.

CONSIDERATE WOMAN DRIVER

DEAR WOMAN DRIVER: You are mistaken. One who is basically considerate and kind does not suddenly become rude, selfish and uncivilized when he gets behind a wheel. He is merely being his ugly self because he thinks he will never see those he offends again.

DEAR ABBY: What should a widow do with her rings? Does she transfer them to her right hand? Or does she put them away altogether?

What if she has children? It doesn't look right for a mother to walk around without a wedding band.

Yet, if I wear my wedding band and meet an eligible man he'll think I am married. And if I wear my engagement ring he'll think I am engaged.

There must be other young widows who are also wondering: so won't you please answer me in your column?

DEAR YOUNG WIDOW: Widows who are interested in re-

marrying should put their rings away.

DEAR ABBY: When a person receives a greeting card for his birthday, anniversary, graduation, Easter, going-away or get well, is it necessary to thank the sender? I say it is kind of silly.

If you write to the person who sent the card, what are you supposed to say? "Thanks for the card?"

Then, by rights, the person who gets thanked will have to write back and say "You're welcome." It is just too much trouble, I'd rather be left alone.

LAZY

DEAR LAZY: Hold that attitude and you WILL be left alone. A card is an expression of thoughtfulness and should not be ignored. A "thank you" by phone (if possible) for his "thoughtfulness" (not "card") is a common courtesy which, unfortunately, is becoming more uncommon every day.

DEAR ABBY: About that simple-minded young wife who waits until her husband falls asleep at night to pin up her hair, and then gets up early to comb it out so he won't see her in pin curls: I wonder if he gets up in the middle of the night to shave so his wife

won't see him with a beard?

STELLA

"What's your problem?" Write to Abby in care of this paper. For a personal reply, enclose a stamped, self-addressed envelope.

Abby's best-selling book, "Dear Teen-ager," is on sale at all bookstores.

Additional Recital Performers Listed

Additional piano students of Amy Hogle appearing in a recital at Grace Lutheran Church Tuesday evening were Nancy Rindfuss, Karen Cowger, Margaret Wilson, Erica Weidner, Kathleen Kohler and Gail Ludwig.

Others were Cynthia Humphrey, Duncan Wood, Janet Halden, Judy O'Dea, Marjorie deRaleigh, Shirley Kath and Marian Beer.

Gretta Green is a village in Scotland near the English border where many runaway marriages once took place.

Moose Women to Meet

A special meeting of Women of the Moose, Pontiac Chapter 360 will be at 8 p.m. Monday in the Moose Lodge on Mt. Clemens street.

The group's installation of officers is set for 8 p.m. Wednesday in Moose Hall.

New officers are Mrs. Vera Taylor, senior regent; Mrs. James Schafer, junior regent; Mrs. William Vasmataz, chaplain; Mrs. Richard Dawson, junior graduate regent; Mrs. Marjorie Finn, recorder; and Mrs. William Lawrence, treasurer.

Newly enrolled are Mrs. Frank Larkin, Mrs. Roy Card, Mrs. Everett Clouse, Mrs. Daniel Hemming, Mrs. Jack Upton, Bernice Chappelle and Mrs. Mabel Durham.

A class honored the group's present junior graduate regent, Mrs. Finn, when 42 members met Monday at Moose Lodge.

More than 135 million motor vehicles have been produced and purchased in the United States since 1900 providing one of the major industries.

The U.S. textile industry was started in 1873 in the old Slater mill in Pawtucket, R. I., and the mill is a historic landmark now.

Preceding the opening of the Monday meeting Lester Hotchkiss, father adviser of DeMolay, and the DeMolay boys presented the Flower Talk.

Mrs. G. Robert Scharf, Mrs. Harry Lunsford, Mrs. Harry Eaton, Royal Clark, John Rice, Clayton Lovelace and Eugene Elmer were appointed a committee for the annual picnic July 18.

Honorary members were Mrs. Eugene Perko, Edward Pritchard, Mrs. William Cox, Mrs. Lyle Verner, Mrs. J. B. Wilder, Mrs. Albert Holton, Mrs. Scharf and Mrs. Clarence Curry.

Refreshments were arranged by Mrs. Daniel Peterson and Mrs. Grover Ramsey, assisted by Mrs. Marion Holmes, Mrs. Frank Waring, Mrs. Clarence Phillips and Mary Trask.

Price Doesn't Make Bargain

EAST LANSING (UPI) — Wardrobe needs should be the first consideration in shopping at a bargain sale, says Bernetta Kahabka, Michigan State University clothing specialist. The price on the sales tag is not what makes a bargain, she said. "If you have no use for a garment, it's nothing but a white elephant, no matter what the cost."

But Even if Tubby, He Needs More

Your Menu OK for Hubby

By JOSEPHINE LOWMAN

Many wives want to know if their husbands can follow the same reducing diet they use. In principle, yes. The meals can be planned along the same line, but the husband needs more calories even when losing weight. This is because of man's greater stature. Use the same menus but give him

larger helpings and perhaps a few extra items.

A man of average size who does voluntary work needs from 2,500 to 3,000 calories daily. If his work requires physical labor, he will need more than 3,000. If he wants to lose weight, he must cut his usual intake 500 to 800 calories daily.

Here are a few general rules to help your husband lose weight.

LEAVE SOME MORE

He should never eat until he feels stuffed, but always should leave the table feeling as though he could enjoy some more food. He should take care at lunch when he is away from home since this meal often sabotages his and his wife's efforts to help him reduce.

Like yours, his menus should be built around lean meat, fish, fowl, seafoods, skins milk, fresh fruits and vegetables, eggs and citrus fruit juice, with some carbohydrates in the form of baked potato and bread.

He will have to eliminate alcoholic drinks for the time being or count the calories involved and be VERY moderate. He must cut down on butter or margarine and leave off fried foods, desserts, pastries, sauces, oils and such foods.

EXERCISE WILL HELP

Exercise also will help him slim down more attractively and easily. Your husband almost always can plan his luncheon so that it does not contain more calories than allotted to that meal, if he will give thought to the matter.

If you would like to have a diet planned especially for the man in the house, send 10 cents and a stamped, self-addressed envelope with your request for my Tubby Hubby Diet booklet. Address Josephine Lowman in care of The Pontiac Press.

Tomorrow: "Presents a Cure for Crooked Eyebrows."

Wedding Vows Are Repeated by Virgie Rehm

Virgie Beatrice Rehm exchanged wedding vows and rings with Stanley Chester Kwiatkowski Saturday evening in the Augitts avenue home of her parents, the John Rehms.

The Rev. Carl Book of the Brooklands Church of the Nazarene read the candlelight ceremony.

The bridegroom is the son of Mr. and Mrs. Stanley Kwiatkowski of Baldwin road.

The bride's street-length dress was fashioned of white polished cotton, and styled with bateau neckline and self trim. She wore a corsage of white carnations.

 Esther Rehm, in bouffant street-length pink tulle, attended her sister. Her flowers were pink carnations.

Thomas Graves of Davison performed the duties of best man and the bride's brother seated the guests.

At the home reception, Mrs. Rehm appeared in blue printed silk. The mother of the bridegroom wore black and white polka dot silk. Their shoulder corsages were of pink carnations.

The newtweeds are at home in Pontiac.

KAYE MANN

The engagement of their daughter Kaye to David Ogg is announced by Mrs. Margaret Mann of Farmington and Arthur Mann of Livonia. Miss Mann is a junior at Albion College and is affiliated with Delta Zeta Sorority. David, son of the Ellsworth Oggs of North Shirley avenue, is a graduate of Albion College presently working on an advanced degree at Michigan State University. He is a member of Tau Kappa Epsilon Fraternity. An August 27 wedding is planned.

The first machine for making wire nails from iron and brass was built more than 100 years ago and the process is a common one now.

Tigers Break Scoreless String, but Not Enough

Yankees Blast Bengals, 7-3 to Hold First

Five Extra Base Hits Rapped Off Foytack and Two Relievers

DETROIT (AP) — Now that the Detroit Tigers have overcome one major obstacle — that of scoring a run — perhaps a victory is not far away.

The Tigers ended their string of scoreless innings at 28 last night, but bowed to the New York Yankees 7-3 for their fourth straight defeat, their fifth in six games.

Recky Calvito, who had allowed 51 runners in the last half-dozen games, broke the shutout with a second-inning home run. It was his 11th of the season, his first run-batted-in in eight games.

Al Kaline hit his first home run in 25 days in an eighth-inning clutch with the bases empty. The other Tiger run scored on Chico Fernandez' double and Charlie Maxwell's single in the sixth inning.

"Man, I hope I'm out of the woods," Calvito said afterward. "I'm not afraid to say anything. Normally, I'm not superstitious but anything can happen the way I've been doing. So I'll just hope."

Art Ditmar pitched the Yankees to their sixth straight triumph and their 11th in 13 games. He had to have steady lining help from Ryan Durkin, who got Steve Niekro and Eddie Yost on routine fly balls to put down a mild threat.

The Yanks supported Ditmar with nine safeties — five of them for extra bases. Ex-Tiger Ken Hadley hit a pair of home runs — he has three for the year and six against Detroit — and Roger Maris collected his 20th with a mate aboard in the eighth. Mickey Mantle had a single and double and Hector Lopez added a triple.

Paul Foytack lost his fifth in six decisions despite his best pitching of the season. He was throwing a highlander left the game for a pinch hitter in the seventh inning, trailing 3-2.

The Yanks bombed Hank Aguirre with 10 home runs, Niekro's double and Maris' home run before the southwest reliever could retire a batter in the seventh. Bob Bruce gave up an unearned run to complete Yost's fourth home run.

Foytack, who has had eight straight incomplete games, pitched only five hits — but two of them were home runs by Hadley that accounted for three runs.

"He hasn't been that good all season," said manager Jimmie Dykes. "But good pitching isn't paying off around here these days. We die for lack of fly balls. We need hits, sure — but I would have gladly settled just for a fly ball. But we didn't get it."

The Tigers had their best shot in the seventh. Calvito led off with a double to left center. Earl Bradley, sent up to his spot for Frank Bolling, fouled weakly to the third baseman and Calvito stayed on third. Ditmar walked Sandy American, hitting for Foytack, but Yost ended the threat by tapping to the first baseman.

Yost is batting in his last 16 at-bats but Dykes says he has no plans to rest the veteran third baseman. He'll stick with Norm Cash at first base instead of Billio for a while, though.

Dykes won't say it publicly, but he's just about given up on Billio except for spot duty against left-handed pitching.

The series wound up today and Dykes nominated Don Mossi (5-3) to oppose Bob Turley (4-1).

By H. GUY MOATS

Dressage, the fine art of sending a sharply trained horse through a long series of maneuvers without spoken, or ordinarily visible commands, had its "day" yesterday at Bloomfield Open Hunt Club.

The entire day was devoted to competition in this fascinating and amazing performance. And it was highlighted by the riding of a smooth veteran and a clever youngster, both of whom emerged with two firsts. Both are Birmingham residents.

James M. Jones turned in an impressive job with his two mounts, winning the AHSA open and intermediate classes last night on Miss Prince, then taking the brown gelding Asbach to second in the same events. He scored 137 and 122 in the open 154 2-3 and 126 2-3 for the intermediate test.

Thirteen-year-old Allison Cram, a much improved rider over a year ago, captured the combined AHSA medal class and the AHSA medal class PHA dressage. Her brother Rick, 12 years old, was 3rd in the

The jumpers came into their own today with the Michigan Hunt' perpetual challenge trophy event, maiden/equitation, both for juniors, under way this morning along with the first of the regular hunter and jumper events.

Two feature classes are on tonight's program. The Blackthorn Memorial (over jumps) and the Open Hunt's Big Jumping Event or the Mountain Breeze Memorial Trophy.

Highlighted events Friday include the ASPCA horsemanship class, and a number of hunter classes of top interest. First of the "big" jumper group includes

Mrs. Martell Back in Victory Circle

Mrs. R. G. (Fran) Martell returned to the winner's circle Wednesday at Brae Burn Golf Club in the weekly tournament of the Women's Metropolitan Golf Association.

Mrs. Martell defeated Mrs. Midge Cova on the first hole of a sudden-death playoff to win the tourney after the two players had finished their regulation 18-hole rounds in a tie of 72.

A par on the first extra hole did the trick for Mrs. Martell as she won the event for the 3rd time this year. Both golfers had identical scorecards of 42-36. Their nearest rival was Mrs. C. F. Fox, who took 3rd place with 47-34-81.

a "green" knock-down-and-out class, fault-and-out (FEI jumpers) in the afternoon, and the junior knock-down trials at night.

^ Rain and wind, usual accompaniment for opening day at the Detroit Horse Show, paid their visit early, blew down some of the large umbrellas about the grounds, wet down turf and roads, then departed. Conditions were ideal for last night's performance.

WEDNESDAY'S RESULTS

Class A (test A, USET zone dressage)—Top Dollar (Mrs. John Blodgett Jr.), Which Guild (Karen Kroeger, Orch. Lk.); Beachcomber (Julie Smith, Franklin); The Bug (Allen McCormick, Ada).

Class B. (USET Zone dressage)—Dark Warrior (Violet Hopkins, BOH); An

Hennessey Outbowls Rival From St. Louis

LAS VEGAS, Nev. (AP) — Tom Hennessey outbowled his arch rival of the St. Louis, Mo., fumes early today to win the \$21,900 National Professional Invitational bowling tournament.

Hennessey finished a fraction of a point ahead of Harry Smith, also of St. Louis, as the three-day tourney ended at Showboat Lanes.

Jay Fullmer Loses in Split Decision

UTICA, N. Y. (AP)—Dicke DiVeronica, a protégé of Carmen Basilio, took a split, 10-round decision from Jay Fullmer, younger brother of the 160-pound champion, in a televised bout Wednesday night that introduced professional boxing to Utica's new, four-million-dollar Memorial Auditorium.

DiVeronica used Basilio's swarming, pressing tactics to defeat the stylish Fullmer, whose older brother, Gene, will defend his crown against Basilio next Wednesday in Salt Lake City.

DiVeronica, 22, piled up points in the second through seventh

rounds with an ever-crowding attack and raked Fullmer with left hooks.

First Landing Lands in Poor 4th Position

"BOSTON (AP)—He couldn't get hold of the track, so he could 'hell with it'."

That was the way jockey Willie Shoemaker explained the failure of heavily favored First Landing in Wednesday's running of the \$50,000 Massachusetts Handicap, won by Mrs. Ada L. Riles Talent Show.

A Suffolk Downs crowd of 21,845 made the 4-year-old colt a 2-3 favorite, but he just didn't have it, never advancing beyond fourth in the second through seventh

Hurlers Can Play in Both All-Star Tilts, Frick Says

NEW YORK (AP)—National and American League pitchers will be allowed to play in both All-Star Games this year, Commissioner Ford Frick announced Wednesday.

The previous ruling confined the hurlers to one of the games. The new ruling reads:

There is to be no limitation on the use of pitchers other than they cannot pitch more than three innings in either of the games. However, a pitcher in the lineup at the end of nine innings, if the game is tied, may continue at the discretion of a manager.

Archery, Swimming, Tennis Programs Available

Dempsey Still a Legend as the 'Manassa Mauler'

NEW YORK (AP)—The grandmothers' name, wrote a personal message on a menu.

And you had a fleeting image of that boy 60 years hence, proud, telling his grandchildren how he shook the hand of the great "Manassa Mauler," the man who became a legend in his lifetime.

He'll be 65 years old tomorrow, will this man who to millions still is "the champ," although it's 34 long years since the crown rightfully was his and a dozen champions of the heavyweight division have come and gone.

He still looks the part. Straight as a pencil, he appears taller than his 6 feet and one inch. A diet ordered by his doctor to reduce high cholesterol, or what he terms "thick blood," has whittled off 30 pounds and left him a sleek 200.

His thick thatch of dark hair still is thick and dark, with only a trace of gray at the temples. He doesn't walk. He glides along with a tigerish grace, a picture of nervous energy as if he were ready to spring into furious action at any moment.

Nowadays he spends much time at his Broadway restaurant, where he is besieged by hero worshippers of all ages, from walk-in-the moon, from crossroad villages and distant cities.

"I feel pretty good, pretty good," he said, chewing on one of the long cigars he consumes at the rate of 10 a day.

One of his cherished goals is to see boxing cleaned up and accepted as a good, wholesome sport.

MAULER AT 65 — Former heavyweight champion Jack Dempsey, known as the Manassa Mauler, celebrates his 65th birthday tomorrow. He poses here in front of a montage of pictures of the highlights of his ring career in New York. He says he's not ready for retirement.

Third Round Today Nicklaus Gains in NCAA

COLORADO SPRINGS, Colo. (AP)—Favorite Jack Nicklaus, blazing hot and frosty cold in two match play victories Wednesday, plays Stanford's Steve Smith in the third round today of the NCAA golf championships.

Richard Crawford of Houston, the defending titleholder who conquered medalist Gene Francis of Purdue Wednesday, meets Labron Harris Jr. of Oklahoma State. The morning 18-hole round today over the 7,035-yard par 35-37 Broadmoor Course cuts the field for the 18-hole quarter-finals later today. The semifinalists play 36 holes Friday and the championship match is over the 36 hole route Saturday.

Nicklaus of Ohio State, the National Amateur champion and runner-up last week in the U. S. Open, scorched the course with six birdies in 12 holes to oust Al Fano of Army 3 and 6.

But he ran into trouble against Frank James of Iowa who carried the Ohioan to the 19th hole before losing.

Crawford ousted Francis 5 and 4 in the second round after edging Rolf Denning of Minnesota 2 and 1 in the opening round.

Smith, who meets Nicklaus, advanced with a 4 and 3 victory over Bob Collins of Santa Clara and 3 and 2 triumph over Carl Welby, San Diego State.

Harris, Crawford's opponent today, scored a 3 and 2 first round victory over Homero Blancas of Houston and a 1 up triumph in the second round over Ted Schmidt of Michigan State.

Insurance on Your Outboard Necessity

It is just as important that you carry insurance on your boat as on your automobile.

Boat insurance can be obtained on nearly the same basis as automobile insurance, covering your own equipment against damage and theft, and also liability for property damage and personal injury to others.

Consult your insurance agent if you need further information.

City Recreation Department Sets Active Schedule

Closes and Leagues Open for Entries in Various Activities

An outstanding recreation program for those interested in archery, swimming and tennis has been arranged by the Pontiac Recreation Department for the summer months.

The Pontiac Archer's Club and the Rec department will jointly sponsor an archers' league and also conduct a Flint round 14-target tournament.

Activity will take place at the new city archery range, fully equipped and lighted for night shooting on Edison street, adjacent to the Northside softball field.

All archers of Oakland County, men and women, of all ages are welcome to join the league which will be based on an 8 per cent handicap basis.

The league will be set up on a 4-man team basis and archers may register as individuals or as teams by calling Al Tang, FE 4-837 or Harold Hedges at OR 2-415.

Registrations must be made by July 1 with a one dollar fee per person. The league will meet each Tuesday evening for eight weeks.

The swimming program will start next week at Pontiac Northern register as individuals or as teams by calling Al Tang, FE 4-837 or Harold Hedges at OR 2-415.

The program is also open to residents outside the Pontiac school district and registrations will continue until the various classes are filled.

This is the schedule for swim classes and swimming times: **Beginners Swimming Classes—Monday and Thursday—8 and 10:30 a.m.**

Advanced Swimming Classes—Tuesday and Friday, 10:30 a.m. **Competitive Swim and Diving Classes—Wednesday, 10:30 a.m.** **Junior and Senior Lifesaving Classes—Wednesday, 8 a.m.**

Adult Learn-to-Swim Program—Monday, 7 p.m. **Open Swimming for All Ages—Monday through Saturday, 1 to 2:30 p.m. and Tuesday and Thursday nights at 7.**

Teen-Age Open Swimming—Wednesday, 7 p.m. **Family Night Swimming—Friday, 7 p.m.**

Those interested in the instructional classes should call Recreation Department at FE 3-7131.

The summer program is also under way at the Pontiac Northern and Pontiac Central courts.

Instructional classes are available for beginners through 16 years old at PNH on Mondays and Wednesdays at 9 and 10:30 a.m. and at PCH on Tuesday and Thursday mornings at 9 and 10:30.

Tuesday and Thursday evenings at PCH starting at 6:30 classes for adults and teens are beginning and advanced tennis are being held.

Classes will run through Aug. 11 and registrations can be made at the sites.

Boat Is First Thing in Planning Outfit

When planning a boating outfit, start with the boat.

The boat is the most important single factor in determining the kind of power needed.

Each type and style of boat operates best with a certain range of power, and with some boats, it's a surprisingly narrow range. Too little power won't push the boat into an efficient "plane." Too much power can make the boat tricky to handle, and thus dangerous to operate.

Too much power on the wrong boat runs up the fuel cost without adding anything to the performance.

Why is it smart to buy a FORD DEALER USED CAR?

Because FORD DEALERS are reputable, here-to-stay businessmen. Their USED CARS are honestly represented and priced low to sell fast!

Leads by Three in Quest of 3rd Straight Title

COLUMBUS, Ohio (AP)—George Dawson of Chicago wheeled away to a three-stroke lead Wednesday in search of his third straight Western Seniors golf championship as he fired a par 72 over Scioto Country Club's rain-swept course.

Braving a rain and electrical storm which forced some of the 250 competitors to give up, Dawson toured the 6,602-yard par 36 36-72 course in 28:34-72. He had four birdies and four bogeys.

Deadlocked in second place with 75 were Allen Rankin, 68-year-old Columbus building and loan executive, and C. J. Benkert of Louisville, Ky.

Another stroke back were Dr. W. A. Craig of Mountain Grove, Mo., and 61-year-old Eggon F. Quittner of Rydal, Pa.

There will be performance classes for westerners, for riders of 16 and 17 years, and for 17 and over.

Halter classes will also be held for ponies, including foals, yearlings, two- and three-year-olds and over.

Show champion will be named from the first place winners. There will also be a reserve champion.

24 Classes Set for July Fourth Show at Dryden

Dryden horse show fans will have their own "day" on July 4. On that date, as part of a big Independence Day celebration, a horse show will be held on the Burnett field area.

There will be 24 classes for exhibitors, starting with a halter class for English type mounts, and concluding with performance classes for ponies under saddle and in harness both single and pairs.

There will be performance classes for westerners, for riders of 16 and 17 years, and for 17 and over.

Halter classes will also be held for ponies, including foals, yearlings, two- and three-year-olds and over.

Show champion will be named from the first place winners. There will also be a reserve champion.

length and a half. Poylad, a 10-10 victory.

SEATTLE (AP)—The Bruins of UCLA, although one of their stars was upset Wednesday by an upstart sophomore from the University of Texas, today were only two

2 K.C. Hurlers Share No-Hitter

Bob Yahke and Marv Caswell combined to pitch a no-hit, no-run game yesterday at Winner Field as the defending champion Knights of Columbus blanked winless Oxford, 7-0, in a Class A City League baseball game.

Caswell relieved Yahke in the bottom of the 3rd inning with Yahke getting credit for the victory. Fr. John Rahway and Sts. Delli each pitched a solo homer for the Knights, who are leading the Class A circuit.

In Class B action at Joyce Park, Pontiac Business Institute clubbed Elizabeth Lake Merchants, 17-0, behind the one-hit pitching of Larry Cates. Chuck Henschell made three hits for FBI. Willie Hensley's double and single spoiled Cates' bid for a no-hitter.

Junior League baseball results yesterday included:

Class D — Auburn Heights Boys Club 12, Powell Trucking 3; Lake Orion 5, Don Nicholas 4; Class E — Tel-Huron Tigers 3, Westside Kiwanis 2; Pontiac Boys Club 3, Pontiac Police 2.

Big Jim's and Dobski's Post Wins at Drayton

Big Jim's defeated the Arrows, 7-3, and Dobski's Bar trimmed the Eagles, 8-5, in National division Waterford League football games last night at Drayton Plains.

Big Jim's team broke a 3-0 tie in the 6th inning on a four-run spree with Charbonneau's two-run triple highlighting the uprising. Dobski's tallied twice in the 5th to break up a see-saw contest. Don Waterman led Dobski's attack with two hits in three tries.

WATERFORD FOOTBALL STANDINGS

Team	W	L	T	Points

Four Cities Bid for Return Bout

NEW YORK (AP)—While Floyd Patterson basks in his newfound glory and ingenuit, Johnson vacations in Florida, the battle continues over the site of their third fight.

Los Angeles weighed in Wednesday with a bid to Bill Fugazy, director of Feature Sports, offering the huge Memorial Coliseum and the huge cooperation of all concerned.

Fugazy, who wants to run the fight in late September or early October, replied to the Los Angeles proposition and sent similar wires to Mayor Richard Daley of Chicago and Mayor R. L. Thorn-

Two Million Boaters on Michigan Waters This Year

LANSING — Michigan will have 2,000,000 boaters sailing, rowing, paddling and motoring their way around state waters this year, according to the Michigan Department of Conservation.

The tragic thing about the situation is that at least 300 of the boaters will drown.

Most of the fatalities is caused by one word—carelessness!

This toll can be cut in 1961 if boaters would check the safety of the equipment and the seaworthiness of their boats.

Equip your boat according to size and type, says the conservation department, and make periodic checks of all gear.

In boating, as in driving, there are Rules of the Road to follow. Failure to observe them has been the greatest single cause of collisions. Although these rules vary somewhat according to the waters involved, there are a number of basic ones which apply everywhere. Common sense and common courtesy go hand in hand with these rules and boating fun.

Michigan waters afford ample room for everyone to keep a safe distance from bathers, fishermen and other boaters. This is particularly important when towing water skiers.

One thing there isn't room for, of course, is hotrodging. Reckless, grandstanding capers are no measure of skill. Such vain antics not only spoil the fun of others but, more important, also invite accidents.

Expect the unexpected. Don't overestimate your prowess as a boater or the ability of others. In a certain sense, drive for the other guy. Watch for driftwood, shoals

Take Plenty of Line

One mistake common among outboarders is failing to have enough line aboard when going boating, says the Evernude Boating Foundation. Even the smallest craft should carry plenty of rope. It takes little space and is used for so many things. And you are always subject to losing your anchor or mooring lines. It's a good idea to have a replacement line available at all times.

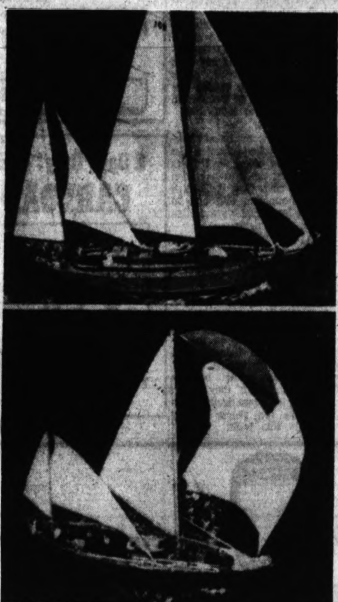

and other obstructions that can damage your hull or propeller or capsize your boat. After dark, use a light to prevent collisions. Better yet, restrict your trips to daylight hours.

Here's another good rule to follow. Don't venture so far from shore that you can't return ahead of a sudden storm. Many of the state's larger lakes become treacherous without much warning. If

you get caught in a storm, order all passengers to sit on the floorboards, then head into the wind and wave at a low speed. Should the engine stop for any reason, drop the anchor, let out plenty of

line and lay low until the storm has port many persons clinging to its sides and it is easier to spot by plane or boat than individuals swimming to shore. Attempt to stay afloat, stay cool and stay with it. A floating craft will sub-

merge, sandviching in their action between the major heats. The famed Silver Cup race will be held in Detroit in August.

LOW AND SLOW — Escapee (top) a 73-foot yawl is pictured in the Atlantic Wednesday about 150 miles from the finish of the Newport, R. I., to Bermuda yacht race. Escapee was reported to be about eight miles behind Windingo, the leader not shown. At the bottom is Gray Lady a class B yawl which is about 10 miles behind Windingo.

RECOGNIZE FLAG—Anyone enjoying the sport of diving beneath the surface of the water will appreciate a raft or outboard boat gives the diver a resting place when he wants a base of operations. It carries gear and

to come up. Note the red and white flag which when seen on the water should be observed. It means there is a skin diver below. All boaters should stay a reasonable distance away from the flag.

Boat's Action Hinges on a Clean Bottom

The condition of the boat bottom may have a great deal to do with the performance of a boat.

A bottom covered with slime, barnacles or other foreign matter has been known to cause top speeds decrease up to 20 per cent or more. Therefore, a periodic cleaning of the boat bottom may help performance.

The number of cleanings per season is dependent upon the type of water in which the boat is run.

Anti-fouling bottom paint is available to retard growing growth and it is wise to consult a local dealer for the type best suited to your area.

Meteor III Champion

Detroit Boats Take 1-2-3

TOLEDO, Ohio (AP) — Detroit boats, led by Meteor III, took the top three places in the 40th mile trophy race, a 75-mile, overnight race that started and finished here last weekend.

Touche, owned by Charles H. Baker, was first across the finish line yesterday, with a time of 11 hours 43 minutes 2 seconds. But

when time allowances were figured, Meteor III, owned by Hank Bar-lard, was named winner, with Touche second and Commanche, owned by Carter Lab, third.

Meteor III, the 1958 winner, was first by 10-minutes 50 seconds.

Detroit boats swept top places in all divisions except that for racing craft, which was won by Eviline, owned by Charles Wil-

son of Toledo, A Cleveland boat, Madcap, owned by W. Lewis Ker-shaw, was third in that division.

Touche finished first in division A, followed by Falcon II, owned by Clair Jacobs of Detroit and Last Straw, owned by J. Nichol, Detroit.

Meteor III led division B, followed by Commanche and Yacht, owned by John W. Detweller, Detroit.

Grace Note, owned by K. R. Kovel, was first in Division C, followed by Daintless, owned by T. L. Hanson, and Father, owned by C. O. Parker, all of Detroit.

The triangular course was to Green Island and Colchester, Ont., light.

Betty Holman Guides Home Winner at PYC

Light and variable leeward winds brought Betty Holman in a winner in Pontiac Yacht Club's Nile Owl race yesterday on Cass Lake.

Members of her crew were Clarence Holman, her husband, and George Nickels.

Coming up from tallent to take second place was Phil Smith with daughter Margaret and Gene Bego as crew members.

Bob Wood with crew Dick Wood and Pat Bonnett was third.

Kayo for Yvon Durelle

WOODSTOCK, N. B. (AP)—Former Canadian and British Empire light-heavyweight champion Yvon Durelle knocked out Johnny (Ace) Armstrong of Minneapolis in 1:09 of the fourth round Wednesday night.

Good Response to Inspections

Boaters Get Another Chance Sunday to Have Craft Examined

Because of the great response, another motorboat examination period has been arranged for Sunday at Slaybaugh's Marina on Dixie Highway.

The Coast Guard Auxiliary will again conduct the inspections and award decals to the boats which fulfill the requirements.

Slaybaugh's has donated free use of the launching ramp for those desiring to have boats checked.

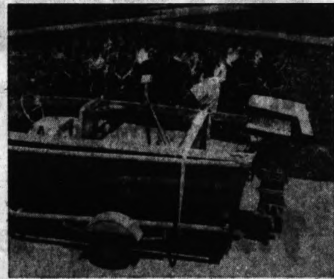

The CGA again reminds boaters of the requirements:

1. Registration papers aboard (This is card from secretary of state).
2. Visible registration numbers (Three inches high and in contrasting color to the boat).
3. Fire extinguisher 4. Paddle or boat hook 5. First Aid Kit 6. Life preserver for each person aboard 7. Bailing device 8. Running lights 9. Anchor and line 10. Horn and whistle 11. Emergency flare and 12. Minor tools.

Inspections will start at 9:00 a.m.

GIRLS INTERESTED TOO — The girls are just as interested in learning fundamentals of boating safety as are the boys. Mrs. Evelyn Fallis, girls' instructor, demonstrates the proper method of "running the booms" at the tank demonstration unit. Commander W. S. Vaughn of the U. S. C. G. watches the instruction approvingly.

DEMONSTRATES PROPER EQUIPMENT — Boating teacher Lynwood Mansel, head of the physical education department at Norfolk Northside Junior High School, demonstrates proper equipment for use aboard a small boat. He is giving instruction in the use of the approved life-preserver type boat cushions.

Qualifying Today Ten Hydros Race Saturday

DETROIT (U)—It looks like a field of about 10 sleek, powerful hydros for Saturday's Detroit municipal regatta on the Detroit River.

The three-best, 45-mile race will be Detroit's first of the racing season.

Most of the boats were set for qualifying runs today. A boat must average at least 10 miles per hour around the three-mile course to qualify.

Three crafts do not have to qualify. They are Miss Thriftway, the Seattle boat that won the Lake Champlain Regatta in early May, averaging 10.55 m.p.h.; Miss Bardahl and Kol Roy. Miss Bardahl and Kol Roy also raced in the Lake Champlain event and qualified for 1960 at better than 50 m.p.h.

Facing their first trial runs will be Miss Detroit, Gale V, Gale VI, Miss Superst II, Miss Buffalo, Miss U.S.I. Such Craft III, Thierdolt, Nitrogen and Nitrogen I and Nitrogen Two.

Inboard runabouts will go in two 5-mile heats around the regular

course, sandwiching in their action between the major heats.

The famed Silver Cup race will be held in Detroit in August.

Power Means Planning in Dual Installation

It is a popular misconception that for dual outboard installations the motors must be of the same horsepower, rating to work well together. Any two motors can be made to work together, provided they are properly propellered.

Preferably, both motors should be of the same make, both should have similar thrust characteristics and develop their power at the same rpm. This makes it possible to synchronize throttle settings and eliminate the annoying sound of motors running at different speeds.

WEDNESDAY'S SPORTS
UTICA, N. Y. — Yvon Durelle, 135-lb., defeated V. B. Knickerbocker, 125-lb., in a boxing match.

REMNANTOS, Ala. — Willie Gravies, 140-lb., defeated Dick Tigris, 135-lb., in a boxing match.

WOODSTOCK, N. B. — Yvon Durelle, 135-lb., defeated V. B. Knickerbocker, 125-lb., in a boxing match.

School at Lansing Hopes for Invitations

Blind Kids March, Play Band Music

LANSING — The Michigan School for the Blind has a marching band. More than two-thirds of its 27 youthful members are blind. The rest have only partial vision. Despite the handicap of little or no sight, this band is developing into one of the state's crack parade units. It is one of three such groups in the nation.

For years, the school's band has been winning top honors as a concert group. But turning it into a parade unit a year ago was a difficult job, says Jack Chard, the musical director.

This conversion was a project of the Lansing Lions Club. Two of the Lions—Paul Ruth and Frank Cutler—look over as drillmasters. Chard credits the pair with spending long hours whipping the youngsters into a precise marching team and conditioning them for walking at 140 steps per minute along unfamiliar parade routes.

Ruth says the process involved three steps—first, learning how to march; then, marching with instruments and drums; finally, marching while playing.

One of the hardest tasks for the youngsters was learning how to change step. Each had to be taught this technique individually.

Another problem was instilling showmanship—a concept that means little to most blind persons. "Working together in the band is the best thing in the world for these kids," says Ruth. "A great change comes over them when they get this training."

The musicians form up five to

a rank. A youngster with some visual sharpness is placed in the center of each row. These center marchers can glance to each side and straighten up the lines by shifting their shoulders.

As an additional aid, a minimum of three persons with normal eyesight—usually including Ruth and Cutler—are spotted at strategic locations in the formation.

Chard, blind himself, marches at the right of the first rank. His son, Roger, 11, plays the French horn and is the youngest member. The oldest are in their late teens.

GIVES SIGNALS

A key figure in the operation is the drum major, Janet Patterson of Lansing, Janet, partly sighted, gives the signals for maneuvers and musical selections by a series of blasts on a whistle.

The musicians must memorize all their numbers note by note. Those who are blind learn their music from Braille scores. Chard explains that they "read" a couple of measures, play them on their instruments, "read" a couple more, play these, and continue this process until they have memorized a whole piece.

The partly sighted youngsters use ordinary sheet music. Of course, they have to peer quite closely at the scores and cannot see well enough or fast enough to use sheet music while performing.

Publishing music with characters large enough for the partly sighted to see with ease has proved impractical because of the high cost. The school superintendent, Robert Thompson, was instrumental in turning the concert band into a parade unit.

Thompson headed the Missouri School for the Blind when that facility set up the first blind school.

band in the country. The Blind School in Iowa was the second to do this.

The Michigan group made its parade debut at the Benton Harbor Blossom Festival in May of 1959. A few weeks later the youngsters delighted a crowd of 175,000 at the Lansing Centennial parade. Last month they appeared in the armed Forces Day parade in Bay City.

Each year the group learns 10 or 12 new selections including three or four marches.

"Now that we've built the band up, we are hoping for more pa-

rade invitations from around the state," Chard said. He reports marching has benefited the youngsters in several ways.

"Blind children," he notes, "often let their heads drop, but marching keeps them alert, gets the heads up, builds good posture and develops concentration."

He terms participating in public a tremendous morale booster. It also, he continues, boosts the morale of parents who are thrilled at seeing their children perform. As for the public, Chard says, "People are generally amazed that the children can do what they do."

Three Gals Have Talent for Locating Unusals

By EARL WILSON

NEW YORK — "We pick up sailors on the street," a girl over at Merv Griffin's "Play Your Hunch" TV show was saying to me.

WILSON

for somebody who speaks Swahili—and do you know anybody who's truly ambidextrous . . . you know, writes with both hands simultaneously?"

"Getting back to the sailors on the street . . ." I said. These three girls, Anne Nixon, Leni Epstein, Susan Wright, are runner-downers of unusual people for Merv. Sometimes they only want "a fooler"—somebody who's not so unusual, but it is to be shown alongside the real unusual person, in an effort to fool the challengers.

"By the way," one of the runner-downers said to another runner-downer, "I found out why it's hard to get a professional dish-breaker."

(She explained to me that a dish-breaker is a person who breaks defective china in factories.)

"The china factories," she giggled, are afraid of bad publicity about making any defective china!"

Oyster-watchers, smoke-watchers, matinee-idol type garage collectors and people who are a little "kookie" all come within the realm of their hunting.

"How do you go up to people on the street?" I asked.

"Oh, we—I-I," said one of the huntresses, "you just go plugging up to some man and you say 'Sir, you have the most marvelous mustache, and I'm with a TV show, and would you want to be on it? And you try to get it all out in 5 seconds before he has you arrested . . .'"

Cuba's Sugar Crop Tops 6 Million Tons

HAVANA (U) — Cuba has produced a 1960 sugar crop totaling 6,229,038 tons with all but four of its 161 sugar mills finished with the season's cane processing, official sources report.

The yield as of Wednesday was slightly below that of 1959 when the sugar crop produced by mid-June totaled 6,290,638 tons.

Up to then Cuba's sugar mills also had produced 285 million gallons of molasses, compared to a 300-million-gallon yield in 1959.

Regional representatives of the Cuban Sugar Workers Union have been told the government will cooperate more than 1.00 cane-growing cooperatives before July 25.

Sugar specialists here have pre-

dicted Cuba's 1961 sugar yield may fall as much as a million tons below the current crop because of the lack of care in canefields taken over by the government.

Movie Makers Edge Out Tourists for Spending

MEXICO CITY (U) — Movie makers are edging out tourists as big spenders in resort centers.

Tourism is Mexico's second largest source of dollar income, (behind cotton), but American film companies producing in Cuernavaca and other centers are said to be bringing in more.

Two companies filming in the Cuernavaca area ("The Magnificent Seven" and "Pepe") brought seven million pesos in just a few weeks this year.

First explosive powder mill in America was opened in 1802.

Asks Free Schools for Top Students

GRAND RAPIDS (U) — A Mississauga educator Wednesday called at the 42nd annual Optimist International Convention for establishment of free, top grade academies for deserving public school students.

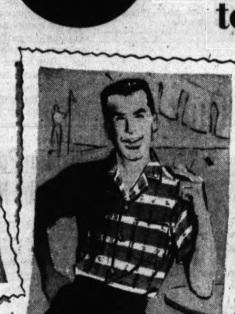

Dr. Thomas D. Langan, assistant professor of philosophy at St. Louis University, said a "suburban" academy could be operated on funds a big city school district spends on athletics, home economics and drama.

"Admission would be by competition, incentive, hard work, accomplishment and real ability, rather than by wealth, social background and family, as now," he told delegates.

Jap Pact in Effect as Foes Fumble; Kishi to Resign

TOKYO (AP)—The United States and Japan put their new mutual security treaty into force today at a secretly arranged ceremony, foiling plans of Japanese left-wingers to delay final action on the controversial pact.

Premier Nobusuke Kishi, for weeks the target of fanatical demonstrations by radical students, socialists, Communists and labor forces, said he would resign now that the treaty had become law.

Kishi set no date for the resignation, but a spokesman said the cabinet would quit en masse as soon as

U.N. Expected to Scold Israel

Probably Will Approve Argentina's Protest on Eichmann's Removal

UNITED NATIONS, N.Y. (AP)—Diplomats generally predicted today that the U.N. Security Council would approve an Argentine resolution censuring Israel for the secret removal of Adolf Eichmann from Argentina.

A vote on the resolution was expected this afternoon or Friday.

Some sources anticipated unanimous approval; others thought several nations might abstain.

The resolution charges Israel with violating Argentine sovereignty and calls on the Israelis to make "adequate reparation." But Premier David Ben-Gurion already has said emphatically the Nazi war criminal accused of major responsibility for the extermination of six million Jews would not be returned to Buenos Aires, as Argentina demanded earlier.

Israeli Foreign Minister Golda Meir, speaking in the council debate Wednesday, admitted Eichmann had been removed from Argentina illegally and expressed her government's regret. She said that constituted "adequate reparation" to Argentina.

A diplomat familiar with Argentina's position said the Buenos Aires government would request approval of the resolution as affirmation of its "moral right" and would soften its position accordingly. This seemed to indicate the Argentines would let their demand for Eichmann's return lapse.

Mrs. Meir repeated Israel's contention that Jewish volunteers, acting independently and not as agents of her government, found Eichmann in Buenos Aires, captured him and brought him to Israel last month for trial.

Kishi's Liberal Democratic party decides on his successor. Since the party has a majority in both houses of Parliament, approval of its choice is a certainty.

U.S. Ambassador Douglas MacArthur II and Foreign Minister Aichihiro Fujiyama met at Fujiyama's heavily guarded residence and exchanged documents covering their governments' ratification of the treaty.

The exchange immediately made the pact effective, confirming the U. S.-Japanese military alliance, giving the United States military bases in Japan at least for the next 10 years and pledging the United States to defend Japan against attack.

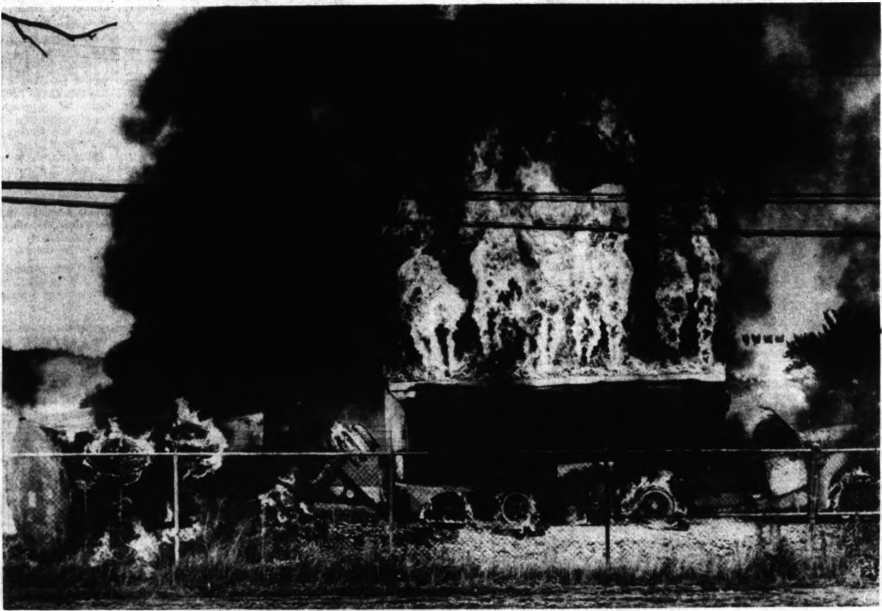

Japan's left wing had been staging huge and sometimes violent demonstrations for a month against the treaty, contending it might involve Japan in a war between the United States and the Soviet Union or Communist China. Some members of Kishi's party also felt their country should not be aligned with either side in the cold war.

REFUSED DISSOLUTION Although the leftist demonstrators forced Kishi to call off President Eisenhower's visit to Japan, the premier stubbornly refused to dissolve Parliament and make the treaty the issue in a general election.

In a last-ditch effort, the leftists had threatened to blockade the U. S. Embassy and the foreign ministry to keep MacArthur and Fujiyama from meeting for the ratification exchange.

This is how they were thwarted: President Eisenhower and U.S. Secretary of State Christian A. Herter signed the formal instruments of U.S. ratification before the President left on his Far Eastern trip but left the dates blank. The documents were flown to Japan.

As soon as the White House announced that the U.S. Senate had ratified the treaty, the President messaged Ambassador MacArthur to insert the dates on the documents.

HIGHWAY INFERNO—A driver of an oncoming pickup truck was badly burned when a double-trailer truck loaded with 10,500 gallons of gasoline tipped and burned on Walton boulevard near Michigan State University Oakland yesterday afternoon.

Two men in the tanker and a driver of a car escaped the blaze. All three vehicles were destroyed as the fire roared over 200 yards down the two-lane road.

Detroit-Windsor Run to Be Halted for Fees

DETROIT (AP)—Competitors in the 10-mile International Freedom Festival foot race aren't going to do the distance non-stop.

Dozens of Canadians and Americans have entered the July 3 race from Detroit to Windsor, Ont., via Ambassador Bridge.

But the men at the toll stations on the bridge say the runners have got to pay, just like anyone else.

When festival authorities considered shifting the race to the Detroit-Windsor tunnel, they get the same answer: Can't be paid by check in advance, only cash on the line at the time.

Surprise Luncheon Fetes Boys' Club's C. B. Larson

By DENNIS DINAN

A Boys' Club version of "This Is Your Life" greeted Cressy B. Larson, executive director of the Pontiac Boys' Club, yesterday as he was honored with a surprise luncheon for outstanding social work in Chicago and Pontiac Boys' Clubs.

He was met at the local Boys' Club by a large crowd which included his mother,

Best Period in 10 Years at Cape

Polaris Launch Tops Triumphs

CAPE CANAVERAL, Fla. (AP)—The Navy launched a Polaris submarine missile from an underground tube early today to climax one of the busiest and certainly the most successful 24 hours in the 10-year history of this big test center.

When the smoke cleared, missilemen counted four successful launches in as many tries. They chalked up these significant results:

1. Two new American satellites, both carried aloft by one rocket.
2. A successful test of a new tactical-type nose cone on an Atlas Thor which smashed a halfway 5,000 miles down range.
3. A pair of Polaris launches from a ship at sea and from the shore-based tube.

A Thor-Able-Star rocket started the display of firepower at 12:55 a.m. Wednesday. It registered a spectacular space first by hurling the two satellites into orbit. They are the second Transit navigation aid satellite and a smaller sphere to study solar radiation.

That's when the growing fleet of missile-launching submarines will need such artificial radio

STW ATLAS

Nine hours later, the 50th Atlas from Cape Canaveral in three years thundered aloft capped by its shiny new nose cone. The Air Force reported the advanced cone is designed for heavier payloads, faster accuracy.

The success of the two-in-one satellite launching assures that United States will have an operating system of navigation satellites in 1962, Navy scientists said.

Beware of Moisture From Those Clouds

Keep those raincoats and umbrellas handy.

Mostly cloudy today with a chance of a few showers or thunderstorms this afternoon is the outlook for the Pontiac area tonight and tomorrow.

Tonight's low will be 64 degrees. Friday, the mercury is expected to reach a mild 74. A little warmer weather is predicted Saturday, but it will turn cooler again Sunday and Monday.

No rainfall was recorded in the past 24 hours in downtown Pontiac. Precipitation will total one-quarter to one-half inch in showers this weekend.

Easterly to northeast winds at 2 m.p.h. at 10 a.m. today will become northeasterly and north this evening 8 to 15.

Lowest temperature recorded preceding 8 a.m. was 64. By 1 p.m. the mercury had reached 72.

Reuther Flays Auto-GOP 'Plot'

Says Industry to Boom Pre-Election Production to Bolster Party

DETROIT (UPI)—United Auto Workers' President Walter P. Reuther has implied the auto industry plans to use its production to help the Republican Party at the polls in November.

Reuther said he was "deeply disturbed by indications . . . that the automobile industry plans on juggling production schedules for political purposes."

The union chief implied the auto industry intended to play politics with its production in a letter to the presidents of Chrysler Corp., Ford Motor Co. and General Motors Corp.

He made the accusation after Wards Automotive Reports, the industry statistical agency, reported record production was scheduled for September and October.

"Following election day, output would have to be cut back drastically with resultant large layoffs and extensive short work weeks," Reuther said.

Cherry Crop Under '59

LANSING (AP)—Michigan's 1960 sour cherry crop was estimated at 55,000 tons as of June 15, about 12 per cent under last year's production, the State Crop Reporting Service said. The record of 97,000 tons was set in 1959.

Approval of William W. Donaldson as Pontiac's first full-fledged postmaster in seven years was virtually assured today.

Michigan Sens. Philip A. Hart and Patrick McNamara yesterday approved the appointment, a traditional guarantee that the Senate will also give its okay.

Donaldson, former Pontiac mayor, was pleased by the announcement. He said:

"I am sure that with the continued cooperation of all of our postal employees our service to the citizens of the Pontiac area will constantly improve."

Pontiac's last full-fledged postmaster was George L. Stockwell, who retired in 1953. Since then both Leslie H. Dean and Robert C. Miller served as acting postmasters. But neither was confirmed in the job.

Three Men Leap Free of Blaze Near MSU

Spectacular Wreck Knocks Out Rochester Phones 14 Hours

By DICK HANSON

A 50-foot wall of flames consumed an oncoming pickup truck and a car, badly burning the driver of the first vehicle.

The gasoline truck was also destroyed, Walton boulevard was blocked to traffic for nearly 14 hours and long-distance telephone calls in Rochester were knocked out.

For almost three hours, the village's only direct telephone connection with the outside world was a single phone in a civil defense mobile unit.

Harry Griffin, 36, of 244 Pleasant St., Romeo, driver of the pickup truck, was rushed to Pontiac Osteopathic Hospital with first, second and third-degree burns over 35 per cent of his body.

His condition was listed as satisfactory today after undergoing surgery last evening. No one else was hurt.

"One of the tires blew out as we rounded the curve, tipping over

the rear trailer, driver of the tank truck R. M. Williamson, 55, of 10175 Ellis St., Clarkston, told sheriff's deputies.

"I struggled with the wheel, trying to bring the rig to a stop off the road at the same time," he added.

Sparks flew up as the trailer, one of two attached, dragged on its side about 250 feet down the two-lane road, setting the gasoline ablaze.

Williamson was breaking in a new employee, Raymond Pace, 25, of 2125 Fridman St., Keego Harbor. Pace was seated next to Williamson in the cab.

The path of the flames showed the huge truck careened over 200 feet down the road next to the Michigan State University Oakland campus before finally coming to a halt.

It swerved into a ditch and tipped half over.

Both men jumped out and raced for safety as flames roared 200 feet over the truck and swept on down the asphalt road.

Griffin, coming west up a hill, and in the opposite direction, was unable to stop when he suddenly saw the flames ahead.

More Crash Photos on Page 13

REAR TRAILER OF THE TANK TRUCK R. M. WILLIAMSON, 55, OF 10175 ELLIS ST., CLARKSTON, TOLD SHERIFF'S DEPUTIES.

SPARKS FLEW UP AS THE TRAILER, ONE OF TWO ATTACHED, DRAGGED ON ITS SIDE ABOUT 250 FEET DOWN THE TWO-LANE ROAD, SETTING THE GASOLINE ABLAZE.

THE PATH OF THE FLAMES SHOWED THE HUGE TRUCK CAREENED OVER 200 FEET DOWN THE ROAD NEXT TO THE MICHIGAN STATE UNIVERSITY OAKLAND CAMPUS BEFORE FINALLY COMING TO A HALT.

IT SWERVED INTO A DITCH AND TIPPED HALF OVER.

BOTH MEN JUMPED OUT AND RACED FOR SAFETY AS FLAMES ROARED 200 FEET OVER THE TRUCK AND SWEEPED ON DOWN THE ASPHALT ROAD.

GRiffin, coming west up a hill, and in the opposite direction, was unable to stop when he suddenly saw the flames ahead.

THE INFORMER MET THE PICKUP TRUCK AS GRiffin JUMPED OUT AND RAN HEADING BACK DOWN THE HILL. HE WAS BURNED MOSTLY ON THE BACK.

A CAR DRIVEN BY JAMES F. KING, 38, OF 628 SOUTH ST., ROCH- (Continued on Page 2, Col. 7)

YOUTH WORKER HONORED — Cressy B. Larson (right), executive director of the Pontiac Boys' Club, was honored for his outstanding work, in behalf of the Chicago and Pontiac Boys' Clubs at a surprise luncheon yesterday. He received a plaque from Robert Coleman (left), assistant regional director of the Boys' Clubs of America. Looking on are Harvey M. Johns, president of the local club's Board of Directors, and Larson's wife, Betty.

He helped found the Henry Horner Boys' Club which channeled the Chicago youth from street fights into constructive art. (Continued on Page 2, Col. 7)

WILLIAM W. DONALDSON

MAKE VANDER VEEN SIDESTEPS SWAINSON ON CON-CON

By GEORGE T. TRUMBULL JR. Constitutional convention John B. Swainson, who is in front of his potential running mate last night, but con-con supporter Richard P. Vander Veen didn't bite.

Vander Veen, an AFL-CIO backed candidate for the Democratic lieutenant governor nomination, walked in late to a rally for Swainson in Birmingham to hear the present lieutenant governor strongly opposing a constitutional convention.

"It's going to be used as a rug under which to sweep all state problems," Swainson remarked. Vander Veen smiled, but said nothing in rebuttal. He hadn't been introduced yet.

Swainson, if nominated for governor, could have the Grand Rapids attorney, if he is nominated also, beside him on the November ticket. The lieutenant governor plucked away for piecemeal constitutional revision by commission action.

When introduced, Vander Veen said: "It's very interesting to hear the tail end of this discussion. This is an issue on which it is difficult to base your opinion of a candidate."

He said some press accounts that he had signed a con-con petition carried along with it a story that Republican candidate for lieutenant governor nomination, Sen. Edward Hutchinson of Fennville, was opposed to it.

"You see," Vander Veen said, "this is an issue on which you can't judge a candidate."

Although he said he would be glad to defend his position on this hot state issue, he didn't at the meeting in the Birmingham Community House.

Swainson and Vander Veen were sitting side by side for the first time since the latter officially joined Gov. G. Mennen Williams and others supporting the rush for con-con signatures.

After his talk, Vander Veen said he thought he and Swainson could reconcile their conflicting opinions on con-con if nominated as a team to do war with Republicans in November.

He pointed out that both parties are split on the question. Vander Veen signed a petition being circulated by the Junior League of Commerce and League of Women Voters two weeks after the state AFL-CIO endorsed him for the nomination. The

Rain, More Rain Drizzles Over All but the West

By the Associated Press A large section of the country had rain today.

Precipitation was reported by the Chicago Weather Bureau over parts of the Midwest, Mississippi Valley, the South, in the Plains states and New England.

Most of the rain began late Wednesday.

A tornado hit the village of Shumway, Effingham County, Ill. Wednesday night. Several farm homes and other buildings were damaged. Utility service to many nearby communities was crippled.

Two electrical storms struck central Kentucky Wednesday. At least three persons died as a result of the storm. Lexington, Ky., had about 2 1/2 inches of rain during the storm.

hailstones up to 3/4 inches in diameter were reported by the Weather Bureau near Decatur, Ill. Three-inch hail was reported near Sioux Falls, S.D. Wednesday night.

Connecticut Awarded for Safest Highways

Pontiac, Oakland County and all Michigan might well take notice of the following information concerning the state of Connecticut.

Connecticut is the next to the smallest of the New England states and one of the 13 original states. It is nicknamed, "Land of Steady Habits," "Nutmeg State," and "Constitution State," a preferred nickname.

And now it can be called the state with the safest highways, thanks to an award the National Safety Council will make because of the low traffic death rate last year.

The Connecticut record supports the claim of those safety experts who contend that enforcement is the most important of the three E's of traffic safety, the other E's being education and engineering.

Since 1955 Connecticut has conducted a relentless campaign of driver license suspension for those guilty of misbehavior on the highways. There is no fixing. The enforcement officers are tough and the public backs them.

Every motorist in Connecticut and in neighboring states respects the state's speed laws. Speeding and drunk driving are at a minimum. Hence, the good safety record.

Other states, where the highway death toll is climbing, should take heed. Our own area might well profit from following Connecticut.

A Well Deserved Salute to Our 1960 Graduates

Our high school seniors are a credit to the City and Oakland County. In the past much has been written about the bad things teen-agers do, and the problem of juvenile delinquency has been hashed and re-hashed.

Many of the good things do not come to light publicly, even though most of our youngsters behave in a manner of which we can all be proud. It is the relatively few that receive the headlines for below normal behavior.

To our recent graduates all hail. The Pontiac Press and all grownups alike are proud of your achievement. We look forward to your continued success.

You will be taking up the slack in communities where some of the rest of us are starting to ease off. You will soon become our active citizens leading community life.

We salute you, senior high-school classes of 1960.

Political Signs Offend Beautiful Countryside

There are indications that a "blitz" campaign may be attempted in the next few weeks to clutter our countryside with political signs. They are already appearing on many trees. We are referring to the small placard type advertisements tacked to trees.

The public at large should fully understand that in many cases permission to put the signs up has not been granted. Overzealous workers for candidates are responsible in most cases.

First of all, it is against the law to attach signs to trees on private property. Secondly, it makes an unholy mess of our otherwise beautiful landscape. Legitimate billboard or sign adver-

tising is permissible. We are not finding fault with this method, but rather the indiscriminate use of political posters.

All of the contrary arguments on earth can't hide the fact that this segment of political advertising is distasteful. In some instances they even seek the aid of a ladder to assure the sign being positioned high enough on a tree to make tearing it down next to impossible.

This has happened in the past, and it inevitably will happen again. The voters themselves can strike back and let it be known that they will not support candidates allowing this type of publicity.

We hope law enforcement officers will watch for this kind of disregard of private property and provide penalties for the guilty parties. The beauty of our countryside is at stake.

The Man About Town Smiths Still Lead

But Jones-Brown Part of Trio Is Now Outnumbered

Tiger: A big cat; also the most unpredictable thing in baseball.

The old time Smith-Jones-Brown combination, as having the most names, is broken up in the 1960 edition of the Pontiac city directory.

The book lists 49,088 names of adults and business places in Pontiac, Auburn Heights, Keego Harbor and Sylvan Lake. Husband and wife are considered as one name, and only children above 18 are listed.

The Smiths maintain top place. We have about 1,500 of them. But the names of Jones and Brown are far outnumbered by Williams and Johnson.

In the personal listings the directory starts with Mrs. Virginia Aarni and closes with that of Theodore D. Zywicki.

In the trades and professions we have several Farmers, many Carpenters, but no Doctor and only a couple of Lawyers. Among the birds are many Eagles, but no Vultures and, strange to say, no Storks.

There is no Minister or Pastor, but a few Angels and a great many Saints; a few Beers, but no Whisky; at least a dozen Sweets and only one Sour, and a couple of Heavens, but no Hell or Purgatory.

The book lists about 100 Pattersons, but no Johnsons, two Birmingham, two Flint, but no Pontiac; no Cents, Nickels, Dimes or Quarters, but one Half and four Halfpennies.

We have three Cousins, two Nephews, but no Uncle, Aunt, Niece, Father or Mother; two Friends, but no Enemy; 25 Quicks and no Dead; and, like our county, we have a great many Lakes, also three Ponds, nine Rivers, two Creeks, but no Catholics.

Coming to me from the effects of the late

Eliza Beaumont Taylor is a copy of the Pontiac Oakland County Post of May 10, 1893, of which

Ferris S. Fitch was Editor and Manager. One of his worries was that "the city possesses an unusual number of boys between the ages of 8 and 15 who are fast becoming a lawless, hardened set."

Getting somewhat facetious, Nick Grison asked if it isn't about time for the Leonard black panther to again appear, since that strange big animal in the Northern Peninsula is putting on a return performance.

The Boy Scouts from our Clinton Valley Council, who are to attend the National Jamboree at Colorado Springs, Col., next month, are to be given a training for the event at Camp Agawan this weekend, according to

Van R. Braidwood, Secretary to the Jamboree Committee.

Ulysses S. Penneyer of Bloomfield Hills, 82nd birthday.

Another Notch

David Lawrence Says:

Herter Polite in Shouldering Blame

WASHINGTON—What really happened in Japan—and who was at fault?

The headlines say Secretary of State Herter now concedes that an "error" was made and that the information as to what might be expected from the mob's if President Eisenhower went to Japan led to a "misjudgment."

When a secretary of state testifies before the Senate Foreign Relations Committee, he can hardly accuse a friendly government of committing errors.

Yet the all-important fact is that the government of Japan was not able to maintain law and order and was not capable of assuring the safety of a foreign dignitary whom it had invited for an official visit.

In the midst of Japan's humiliation, it was embarrassing for the American secretary of state to be asked to fix the blame.

It was much better for him to do as he did—to take the blame himself for misjudgment.

But the story of the events leading to withdrawal of the invitation now is very clear. The Japanese government wanted Eisenhower to come to Japan and hoped there would be no disturbances.

RELIANT ON REALITY The newspapers reported hostility and threats of demonstrations. But the Japanese government was reluctant to admit or to recognize the danger.

Even when Presidential Press Sec. James Hagerty was surrounded by a mob in Tokyo, there was a feeling that the Communists had done their worst and that they surely would not actually present the Eisenhower visit.

Stories began to circulate that there was a possibility that the President's life might be endangered. American security officials privately expressed their fears.

To refuse to go would put Eisenhower in the position of being afraid.

It would also imply that the United States couldn't rely on the Japanese government to maintain order and protect the President.

The Monday morning quarterbacks now are saying that the President shouldn't have agreed to go in the first place.

K FRIENDLY THEN But the agitation was extended at a time when Khrushchev was on friendly terms with the United States and long before the events occurred that started the Soviet Premier and his agents on a tactic of demonstrations unfriendly to America.

But then, it is asked, why couldn't the President have canceled the trip immediately after

the summit conference in Paris collapsed?

If he had done so, he would have disappointed the peoples of the Philippines, Formosa and Korea. He could on the other hand, hardly have gone to some Far Eastern countries allied with us and not to Japan.

Hence the question of just how to abandon the trip became a delicate one.

Eisenhower was ready to take the risks, but the Japanese government finally admitted that it might not be able to control the mobs.

It was this chain of events, then, the American government's responsibility? Obviously if friendly relations were to be maintained with Japan, it would have been unwise for the President to decline to go to Tokyo.

Also, when members of the Senate Foreign Relations Committee unfortunately insisted, for partisan political reasons, on forcing Herter to discuss a delicate matter like the cancellation of the President's visit to Japan, it was natural for the American secretary of state to use diplomacy in avoiding any unpleasant comment about the Japanese government.

It is to be noted, of course, that Eisenhower received tremendous welcomes in India and Pakistan and in Latin America.

There is much to be gained from the personal visits of heads of state. In fact, if the President's missions had not been so successful in other countries, the invitation to him to visit Russia itself would not have been canceled by the Soviet Premier.

(Copyright 1960)

Dr. William Brady Says:

Diets for Diverticulitis Are Only for the Birds

Once when I was an intern one of my classmates, already in practice, called our professor of surgery in consultation, and the professor invited me to go along for the ride.

A hundred miles downstate. At the farm house we found a youth with a p.p.n. di. I gave the anesthetic. My classmate assisted and the professor operated in the kitchen.

What impressed me most was the professor's instruction to the patient's mother—precisely how to prepare chicken jelly to be fed, in teaspoonful doses, beginning next morning, gradually increased from hour to hour.

I thought it was wonderful, and apparently the patient's family and relatives did too.

A few years later I paid a visit to a doctor who had been in practice about six years. He took me along on some of his calls. He, too, made an impression on his patients and on me, checking off lists of foods each patient might and might not eat.

Everybody took it all quite seriously.

Now comes a promotion manager who asks me to name a book that gives information on special diets for persons suffering with diverticulitis or ulcers.

I replied that I know of no such book or books. I observed that when I was bellyaching with what the doctor believed to be diverticulitis some three or four years ago, had some doctor suggested a diet I would have been amused.

As for gastric (which means stomach, not gas) or duodenal, the duodenum is the 12-finger bread portion of intestine just beyond outlet of stomach ulcer, various cut-and-dried diets which were popular 30 years ago are almost forgotten today.

There'll be more or less protest from oldtimers, I expect, but in my opinion, lists of foods which the patient "may eat" or "may not eat" are for the birds.

No doubt many customers will continue to buy them, just as many knockdowns continue to eschew this and that wholesome and desirable food lest it contain "uric acid" or "purine," the nitrogenous material from which uric acid is derived, such as red meat, liver, beans, oatmeal.

Within reasonable limitations a person with a diverticulum (*) or an ulcer should eat what he likes.

Since this was very unusual for me, I surprised Danny to find that his mother had retired ahead of him.

He apparently wondered if she were seriously ill, and then this train of thought evoked the question about a man's second marriage.

Again I nodded affirmation.

"Hm-mm, that's funny," he replied. "Why, he could have a pair of families, couldn't he? how come?" he inquired, puzzled and frowning.

I tried to explain briefly, and kissed him goodnight. Then he stopped at the door and asked: "Is Mamma sick? Why did she go to bed early?"

I suppose that last query was the real basis for the other questions. Mrs. Crane had been up since early this morning and had put in a heavy day. She had a headache, too, so had decided to go to bed early.

By DR. GEORGE W. CRANE

CASE E-84: When Danny was 7, he came into my study one evening for a check-up.

"If a man has a wife and she dies," he asked, "can he marry another wife?"

I nodded assent and he looked very perplexed.

"If he had children and his wife died and he married another wife, could he have more children?"

DR. CRANE Again I nodded affirmation.

"Hm-mm, that's funny," he replied. "Why, he could have a pair of families, couldn't he? how come?" he inquired, puzzled and frowning.

I tried to explain briefly, and kissed him goodnight. Then he stopped at the door and asked: "Is Mamma sick? Why did she go to bed early?"

I suppose that last query was the real basis for the other questions. Mrs. Crane had been up since early this morning and had put in a heavy day. She had a headache, too, so had decided to go to bed early.

Children are pathetically eager to have a father and mother "of our very own," asorphans often express it.

That quoted phrase indicates this hunger for emotional security. But many youngsters with parents of their very own, are needlessly terrified by the quarrels between the latter.

SHOW LOVE. These domestic disputes between husband and wife may occur in the best regulated families. They usually blow over and don't cause serious damage as regards the adults involved.

Requests Donations for Homeless Dogs

Thirty years ago I began having a small but persistent hand in dog affairs and, eleven years past, came to this old hill-farm, calling it the Sanctuary for Homeless Dogs. Here I am both staff and kennel-keeper.

About once a year, through the kindness of editors, we are able to make our needs known.

We can use food, old blankets towels, etc. There are fifty dogs, now—the sick, the lost, the abandoned and the old.

Louise Wood

The Sanctuary, Route 2, Box 361, Martinsville, Indiana

The Almanac

United Press International Today is Thursday, June 23, the 175th day of the year, with 191 more in 1960.

The moon is new. The morning stars are Mars, Jupiter and Saturn.

The evening stars are Mercury, Jupiter and Saturn.

On this day in history: In 1836, there was a surplus in the treasury and 25 states divided up \$28,014,649.91.

In 1860, Congress approved creation of a government printing office.

In 1868, journalist Christopher Latman died, having received a patent for his typewriter.

In 1876, American humorist Irvin S. Cobb was born.

In 1894, the Duke of Windsor, later King Edward VIII of Great Britain and Ireland, was born.

A thought for today: Bishop Fulton John Sheen said: "Baldness is flattery so thick it cannot be true, and flattery is flattery so thin we like it."

THOUGHTS FOR TODAY Looking to Jesus the pioneer and perfecter of our faith, who for the joy that was set before him endured the cross, despising the shame, and is seated at the right hand of the throne of God.

Death is the justification of all the ways of the Christian, the last end of all his sacrifices, the touch of the Great Master which completes the picture.—Mme. Swetchine.

In driving classes, as in school, the teenagers have to learn how to pass or they flunk out.

Some pedestrians who stand up for their rights suddenly do it in the middle of the street.

Smart youngsters join teenage clubs. Much better than using them.

Women are taken at their face value, says a writer. Not when they're in bathing suits.

The latter never intended to separate, but the children misjudged the quarrel. So always patch up your quarrels in open view of your children and BEFORE your parents are asked.

Kiss and make up where they can witness the event! For such a visual proof of your continued devotion will erase the fearful memory of the angry words they may have heard you utter earlier.

Room Mother Tells Reaction of Pupils

As room mother for Mrs. Vogel's fourth grade class, I arranged with her students to have a small "last day of school" party for her. The children contributed toward her gift and an appropriate card.

They all were eager to sign the card, and wrote on it such messages as: "I love you," "Come back next year," "You're the greatest," "Thanks for all you've done for me," etc.

It was plainly obvious that these children love their teacher. Some of them even shed tears. They feel as I do: Their teacher has been treated unfairly by being fired.

Mrs. Leo McCaw

Does This Typify Our Free World?

Does this cease to be a free world when a neighborhood can tell you what kind of a vehicle one must drive and that he must build a garage to house it? It is hard to realize that a man trying to earn an honest living and abiding by all subdivision restrictions can be treated to a Where is Grosse Pointe?

PET DOCTOR

By A. W. Moller, D.V.M.

By A. W. MOLLER, D.V.M.

Question: Is it safe to feed my family rabbit meat?

Answer: Wild rabbits are exposed to many diseases. Tularemia or "rabbit fever" is the most well known and is communicable to man. The disease is carried by ticks and fleas and is difficult to diagnose other than through blood test or autopsy. Tame rabbits are not immune to this disease but the incidence is much lower as they are more closely observed and sheltered.

Any sick rabbit is a suspect. The germ can be destroyed and rabbit meat become safely edible by cooking it for ten minutes at 150 degrees.

(Address your question to Dr. Moller in care of this paper. He will answer selected inquiries in his column, but cannot reply to them.)

Fire Deaths Up
25 Pct. in StateProperty Damage Also
Jumps Despite Decline
in Number of Blazes

LANSING (AP)—Fire deaths jumped 25 per cent in Michigan last year and property damage climbed 10 per cent even though fires declined in number.

The state fire marshal's office, reporting this said human carelessness and more big fires than usual accounted mostly for the increases.

Fires claimed 252 lives, 54 more than in 1958. The property loss climbed more than four million dollars to \$44,222,000, the highest since 1953 when damage totaled more than 78 million dollars.

"Ninety-two children died in fires, considerably more than average, and much of it was caused by the carelessness of adults," said Capt. Gledy M. Walker, state fire marshal.

"Sixteen youngsters died as a result of playing with matches, 15 in fires caused by careless smoking of adults, 11 while their clothing caught fire," he said. "That's an alarming record."

Eighty-three fires which caused more than \$50,000 damage accounted for most of the increase in dollar damage. Fires dropped 4,530 to 60,111.

To help reduce fires and fire damage, Walker called for installation of more warning devices and automatic sprinkler systems.

"Most of our newer buildings are fire-resistant," he said. "But we have in Michigan a large proportion of older wood-jointed buildings which otherwise are mostly of good construction," he said. "Warning and sprinkler systems in this type could substantially reduce damage."

Ninety per cent of the fatalities occurred in dwellings. The No. 1 adult killer was careless smoking in bed.

About 55 per cent of the damage losses occurred in dwellings.

Author of 'Lolita'
Legally Claims
Word 'Nymphet'

PARIS (AP)—Vladimir Nabokov, author of the best-selling novel "Lolita," has staked out a legal claim to the word nymphet. The writer asked a Paris court Tuesday to prevent a French movie company from titling one of its forthcoming productions "The Nymphets."

Nabokov's lawyer, Robert Badinter, said the word was once in the public domain but that it is now identified with Nabokov's heroine, an adolescent member of the bubble gum set who has a cross-country affair with her middle-aged stepfather.

The court took the case under advisement.

Webster's unabridged dictionary defines a nymph as a young nymph. And nymph, according to Webster's, is a bride or young woman, a flowing stream, an immature form of certain insects, a species of butterfly, a pinkish color or an artificial fly.

None of these definitions exactly fits Lolita.

Mother Nature is very wise. She gives up twelve years to develop a love for our children before turning them into teenagers. It may take a heap of living to make a house a home, as they say—but before that it takes a heap of borrowing. —Earl Wilson

Political Baby-Kissing Weird

By PHYLIS BATTLE

NEW YORK—The only people in America who don't know that this is a political year are folks under the age of three.

Ah, but a great many of them will find out soon.

To their considerable confusion and irritation (and the irritation of thousands of elders), the little ones will discover that politics is a game in which big mature people do small childish things. Like kissing babies they don't know.

"Mommy," dozens of plaintive small voices around the land will be asking, "who was that strange man and why did he hit me under the chin?"

And what is mommy to reply? Well, she can be vague and say, "Well, he's an old friend of Auntie Maude's who, as you know, is a card-carrying member of the Young Republicans Club," thus adding to the child's confusion.

Or is she to explain, hopefully, "That, son, was the next president of the United States"—and

risk destroying her infant's faith in her honesty, come November.

I long have pondered the weird phenomenon of politics which says that candidates for high office must kiss kiddies. Do they honestly think that the American public is glib enough to associate the ability to cuddle with presidential promise?

Nonsense. The trend among today's savvy voters is rather to pity the poor candidate for making such a fool of himself.

I remember in the last run-offs for election that whenever Eisenhower's photo showed up kissing a favorite son of some doting Republican mama, there were coos of sympathy from all sides.

"Poor Ike," was the attitude, "what and old fool he must feel.

Over 50 Motorists Get Puncturing Experience, Fast

MELTON MOWBRAY, England (AP)—Hundreds of carpet tacks spilled from a torn sack on the back of a truck near here Tuesday night, and more than 50 cars collected punctures along a 14-mile stretch of highway.

The victims included a police patrol car chasing the truck and a back sweeper with its brush at the back.

Sweepers on foot finally cleared the road.

Why does he have to suffer this indignity for the sake of the campaign?

And I remember riding a picture wheel with a couple of bewildered-looking kids from Berenfield, N. J. It had his egghead followers almost in tears.

"Why does he DO it?" an ardent Stevensonian bleated. "Here is a man with intellect, and he's being made a ridiculous figure."

The American public is so savvy to politics and psychology today that it can spot the pathetically pat smile of the presidential hopeful faced with the job of acting at-home with a tyke he's never seen.

They can also observe the

candid glare most kiddies will give to a big stranger who suddenly looms close with whom-knows-what ridiculous intentions.

And if the American public is impressed, it's only with the dishonesty of the advice as a vote-getter.

Despite this truth, tradition will out. Candidates will continue to pick up babies on short-term loans, and infants will continue to think, who is this presumptuous guy rubbing my fuzzy little head?

Nor sense, nor Cold War, nor dark of world dilemma can stop the politician from his appointed absurdities.

Holly Stunned Over American Spring Move

Leaders Trying to Aid Employees

To Discuss Possibility of Keeping Firm From Carolina Relocation

By JIM LONG

HOLLY — Stunned over the "surprise announcement" by American Spring of Holly, Inc. that the company intends to relocate in North Carolina, union officers, village officials and civic leaders will meet Monday in the hope of saving the jobs of some 200 employees of the plant.

The Village Council met last night to discuss the problem and its effect on the community.

Some 25 persons including members of the Chamber of Commerce and the Kiwanis Club attended the hour and a half-long meeting.

President of the United Auto Workers Local 534 Frank Hubbell told those present that the announcement came as a complete surprise to employees.

He said that the shop committee and plant foremen were told of the move Tuesday and employees were not informed until late yesterday.

News-appointed president of the company Ian F. Steven, in making the announcement, said the firm will move to Charlotte, N.C., "where our costs will once more be in line with our competition."

The new plant in Charlotte already is under construction, according to a spokesman today for Cuyaboga Products in Cleveland.

The Cleveland firm is one of several owned by the Republic Industrial Corp., which owns and controlling interest in American Spring.

"The announcement was bound to be held until plans for the move were completed," the spokesman said.

He stated the move would more than offset the freight charges for their products that would be shipped back to Michigan.

Though the size of the North Carolina plant was not disclosed, the spokesman said "it would be large enough to house the Holly operation."

At last night's emergency Council meeting the only move decided upon was to contact Steven to see if anything could be "worked out."

Councilmen said they would try to reach Steven in Cleveland today by phone.

Since American Spring is the largest employer in Holly, Deputy Mayor Howard Smith, director of the Michigan Economic Development Commission, said a representative would be sent to Holly today to talk with community leaders.

The Spring company has been in Holly more than 40 years. It was founded by Eric Hartz in 1919. Hartz, who left the company in 1928, is president of another spring manufacturing firm in the village, The Hartz Spring Co.

A representative for the Hartz firm said that no action has been taken by the company to expand operations because of the move by American Spring.

"Just recently we had to lay off seven or eight employees. This is a highly competitive business," The Hartz firm employs 40 workers.

Councilman Clare Hubbell, son of the late local president, said "everybody in the village will be affected by the move."

"I imagine property in the village may have to be re-evaluated." He said that there are men in the plant who have been with the firm over 30 years.

"Some of the men are in their late 40s and 50s. It will be difficult for them to get jobs."

"The announcement came as more of a surprise since we were told that when the firm was purchased early this year, the company had thought of moving the Cuyaboga company to Holly," Hubbell said.

Steven's announcement came the day after Howard Smith retired as head of the company.

The elder Hubbell said, "The Union would be 100 per cent glad to sit down and work out anything which reason which would keep the plant here, not only for the good of the union people but for the good of the community."

"Had we been contacted weeks possibly could have been adjusted."

He said that Union members would be willing to take pay cuts, "but nothing had ever been said about the move."

DRIVER BADLY BURNED — Harry Griffin, 50, of 244 Pleasant St., Romeo, suffered first, second- and third-degree burns over 38 per cent of his body when he fired his pickup truck after driving it into the holocaust created on Walton

boulevard, near Michigan State University Oakland, yesterday when a gasoline truck burst into flames. His condition was listed as satisfactory today at Pontiac Osteopathic Hospital following surgery. (See story on page one.)

ESCAPED FLAMES — Driver of the semitrailer truck hauling 10,500 gallons of gas when it caught fire in Pontiac Township yesterday, R. M. Williamson, 55, of 10175 Ellis St., Clarkston, at left, and his passenger Raymond Pace, 25, of 3215 Pridham St., Keego Harbor, escaped the flames unscathed. Williams was breaking Pace in on the job at the time.

LUCKY TO BE ALIVE — James F. King, 30, of 498 South St., Rochester, leaped for his life when he saw his car engulfed in flames along the wall of flames ahead, created by the blazing truckload of gasoline. Here King, unhurt, looks ruefully at the charred skeleton of his former car.

Trainmen Settle With Railroads

CHICAGO (AP) — The 14-month-old wage dispute between the nation's railroad men and the Brotherhood of Locomotive Engineers and the Order of Railway Conductors and Brakemen, ended with a settlement of a 4 per cent pay increase over 16 months.

This closely follows the pattern of settlements reached earlier this month between the carmen and the Brotherhood of Locomotive Engineers and the Order of Railway Conductors and Brakemen.

Under terms of Wednesday's settlement members of B. R. T. will get a 3.08 cents an hour increase, one half to go into effect July 1, 1960 and the other meeting here that mounting population growth has encouraged rather than feared.

Clark, a Roman Catholic, told the other meeting here that mounting population growth has encouraged rather than feared.

Clark, a Roman Catholic, told the other meeting here that mounting population growth has encouraged rather than feared.

All 3 Retained in Rochester

Two Members Added to Board of Education at Organization Confab

ROCHESTER — All three officers of the Rochester Board of Education were re-elected to their present posts at last night's organizational meeting.

Henry L. Purdy will continue another year as president, and Mary Ann Beatty and Wallace R. Hodges as secretary and treasurer, respectively.

The two newly elected members of the Board, James S. Ladd and Leroy Felton, signed affidavits of office and were sworn in for four-year terms.

In other action, the Board's meeting night was changed to the first and third Mondays of the month, beginning July 18.

PICK DEPOSITORY — The Rochester branch of the National Bank of Detroit was designated as depository of school operating funds.

Formal acceptance also was made of the quit-claim deed for the new Howard L. McGregor School property.

The deed for the 10-acre site at the end of First Street was received from Mr. and Mrs. Howard L. McGregor Jr.

A new electric scoreboard costing \$1,800 will be erected on the high school athletic field in time for football games next fall.

Last night, the board agreed to supply the remaining \$300 needed.

The high school Student Council is contributing \$200, the junior-high Student Council \$300, and \$500 remains in the field development fund earmarked for the scoreboard.

Romeo Man Mends From Pistol Wound

ROMEO — The 29-year-old Romeo man who accidentally shot himself in the stomach Sunday has been removed from the critical list, Romeo State Police reported today.

Stanley Edwards of 60490 Jewell Rd. lost his grip on his .22 caliber pistol while practicing a quick draw in his own back yard. He tried to grab the gun with his other hand and it went off, troops said.

Edwards, proprietor of the Shell Service Station at 131 S. Main St., here, was taken to Mount Clemens General Hospital. He is married and has two small children.

Two Reappointed to Watford Recreation Board

The Watford Township Board has reappointed Joseph McGee of 2323 Carlos Dr. and Lewis B. Ruelle, 5136 Farm Dr., as delegates to the township recreation board.

Two representatives from the Board of Education will be appointed, one from the Community Activities, Inc. and two from the community at large, with Supt. of Schools William A. Shunk in the ex-officio position.

Next meeting of the recreation board will be at 7:30 p.m. July 6 at the Community Center on Williams Lake road.

Queen Forced to Drop Miss Utica Title

Too Many Crowns Cause Rhubarb

UTICA — Patricia Leibold's two-day-old reign as the Utica Lions Club queen came to an abrupt halt yesterday.

The pretty brunette already has Hothouse Rhubarb Queen" by the local Rotary Club.

Committeemen of both events realized yesterday that two crowns couldn't be balanced on the same lovely head.

For one thing, the twice-chosen queen wouldn't be able to ride two floats in the Fourth of July parade here.

Now at the joint request of the two service clubs, Pat has graciously relinquished her latest title in favor of the rhubarb crown.

Tall, stately Barbara Witzke, 17, named first maid of honor for the upcoming holiday event, has been "promoted" to the "Miss Utica" after consultation with the judges.

The two men in charge of the Fourth of July celebration and queen's contest admitted they "goofed" by not asking Pat when she registered if she already held a title.

HAD NEW HAIRDO — Also red-faced is Master of Ceremonies Harry Magahay, who presided at both queen's contests.

Said Magahay today, "Pat had

PATRICIA LEIBOLD

a new hairdo, and I just didn't recognize her."

As Charles Bannow, Rotary Club president explained, "We feel Pat is our queen and she should stay our queen. Besides ours is a state title giving her the right to compete for "Miss Michigan State Fair" in September."

"We would have no objection if she were competing for a higher crown—but Miss Utica is just a city title," he said.

Bannow also conceded that no one had informed Pat that she would be riding on the Rotary float in the July 4 parade; so that she too did not realize there would be any conflict.

Her disqualification as "Miss Utica" also cost Pat her chance to compete in the Ramona Peach Queen competition early in August. Along with Barbara Witzke who has been moved up to queen, second maid of honor Judi Fidler also has been moved up a notch, to first maid of honor.

The judges then named petite,

Let Two Contracts for Nearby U.S. 23

LANSING (AP) — Contracts have been let for two sections of freeway which will make driving easier for Oakland County area motorists.

The projects are 8.9 miles of U.S. 23 freeway from M59, west of Pontiac, to Fenton, and 4.6 miles from Whitmore Lake to U.S. 16.

Area firms were among low bidders in two of 35 other road jobs awarded by the State Highway Department yesterday.

Peake Asphalt Paving Co. of Utica won a \$97,740 contract for two miles of surfacing on M59 south of New Baltimore.

And Nagy Brothers of Fenton bid a \$27,307 reconstruction, grading, drainage and surfacing bid on a 2.5-mile stretch east of Boyne Falls.

blond Connie Steece, 18, to second honor spot in the queen's court. A June graduate of St. Lawrence High School, Connie is the daughter of Mr. and Mrs. S. F. Steece Township.

The other three girls all are 17 and are graduates this month of Utica Community High School.

NOW SHE'S QUEEN — Tall, brown haired Barbara Witzke, 17, has been "promoted" from first maid of honor to the "Miss Utica" title-holder after the queen was dethroned yesterday because of parade commitment conflicts. Patricia Leibold, who had first been picked to reign over the Utica Lions Fourth of July celebration, already was "Michigan Hothouse Rhubarb Queen" for the Utica Rotary Club. Both the service clubs plan to enter floats in the upcoming holiday events.

Open for Seaway Business

'Port' Huron Ready, Willing

PORT HURON, Mich. — It's really "Port" Huron now. This Lake Huron-St. Clair River city, where shipbuilding and shipping flourished a half century ago, only to die out, once again is back in the shipping business, this time with a \$400,000 terminal designed especially for St. Lawrence Seaway traffic.

The new port has served nearly a dozen ships since the first one arrived during dedication ceremonies in April. Hopes are high that many more will stop in the years to come as use of the seaway increases.

The port was built with municipal funds but has been turned over to a private concern for operation. The latter, the Port Huron Terminal Co., was organized by Port Huron business and professional men to handle the job on a lease basis.

Most of the cost of the project was raised through a \$300,000 bond issue approved by voters in a referendum a year ago. The city borrowed the rest to complete the project.

Municipal officials, the Port Huron Maritime Commission and the Industrial Development Corp. of that city are available for graduate expansion closer to the business district should port business warrant erection of additional facilities. They say that the day could come when the port could extend for almost a mile along the riverfront.

Cargo shipped from the port so far has consisted mostly of Michigan-grown beans sent to England, and auto parts shipped by Chrysler Corp. from its nearby Marysville plant to Antwerp, Belgium.

Foreign ships also have brought general cargo into the port for distribution to midwestern points by rail and truck. This has included everything from automobiles to hair-tine, mushrooms, wines and one bid.

The terminal company has its "feet" set for any cargo it can get its hands on. By offering fast service with a minimum of delay to ships, which value time as if it were money, the port officials hope to compete for a share of the trade generated by the seaway.

Residents are proud of the do-it-yourself port they have created. They're on the seaway now in fact as well as in name.

Gasoline yield from crude oil has doubled since 1918.

The planners of the project point out that space is available for gradual expansion closer to the business district should port business warrant erection of additional facilities. They say that the day could come when the port could extend for almost a mile along the riverfront.

Wool Producers to Get U.S. Pay

Hope Incentive Plan Will Encourage More Domestic Output

WASHINGTON (UPI)—The Agriculture Department has set wool incentive payments to producers for their 1959 crop at 43.2 per cent of the dollar returns they received from sale of the fiber on the open market.

This means that for every \$100 worth of wool a producer sold on the open market, he would receive an additional \$43.20 from the government.

For the 1958 wool crop, producers received \$70.30 in payments for each \$100 of wool sold.

The incentive payment program is designed to encourage

domestic production of up to 300,000,000 pounds of shorn wool. Shorn wool production in the United States last year totaled 297,500,000 pounds. The incentive payments are made from funds obtained from tariff duties on imported wool.

The incentive payments are set to bring returns from wool to a national average of 82 cents a pound. Prices received at the market in the 1959 marketing year—April 1959 through March 1960—averaged 43.2 cents per pound. This was 19 per cent above a year earlier.

There will be no payments on mohair this year because producer prices averaged 96.4 cents a pound, considerably above the 70-cent incentive level.

Beatnik Art Is Stolen

COLUMBUS, Ohio (UPI)—Police reported a burglar smashed or stole from an art show here "miscellaneous articles classified as works of art by beatniks . . . value undetermined."

Station on Huron Street

AF Busy Filling Quota

The Pontiac Air Force Recruiting Station, 33 1/2 W. Huron St., has announced it is going all out this month in an effort to fill its highest June quota ever.

The Midwest quota for June has been set at 2,926 men without previous military experience.

It is preferred that enlistees be high school graduates, but a high school diploma is not required.

The procurement drive will fill young men meeting qualifications into one of four training categories: mechanical, administrative, general and electronics.

Being offered as an incentive is the "buddy flight" system to high school graduates.

The "buddy" system means that two or more friends who enlist together can travel together to Lack-

6 Positions Assigned by Gov. Williams

LANSING (UPI)—Six appointments and reappointments to government agencies were announced by Gov. Williams.

Clayton E. Johnson and Thomas Doherty, both of Detroit, were reappointed to the Michigan Employment Security Commission Advisory Council, and Lawrence W. Prudden, Ann Arbor, to the Ferris Institute Board of Control.

Also named were Elizabeth H. Ramsey, Plainfield, as Circuit Court commissioner for Allegan County; Shirley Ann Lada, Hamtramck, Assistant county agent for Macomb County; and Thomas A. Shirts, Detroit, court stenographer for the Fifth Judicial Circuit, comprising Berrien and Eaton counties.

There are about 1,000 species of flowering plants in New Zealand.

Would Prohibit U.S. N-Bases

British Laborites Take Stand Permitting Only Bomber Fields

LONDON (AP) — In a major switch in its defense policy, the British Labor Party is urging that nuclear rocket bases in Britain—but not bomber bases—be denied to the United States.

- A policy statement from the minority party's executive committee Wednesday night also proposed:
- 1. That Britain make no more nuclear weapons, relying instead on American nuclear power as a deterrent to aggression.
 - 2. That the United States pledge never to use the hydrogen bomb without prior approval by the North Atlantic Treaty Organization.
 - 3. That Western patrol planes "in present (world) circumstances" not carry H-bombs. Britain's Conservative government and the U.S. administration are reported studying plans for the U.S. Strategic Air Command and the Royal Air Force to join in a worldwide, round-the-clock patrol of hydrogen bombers.

Explaining opposition to the bases for U.S. intermediate range missiles now being built in Britain, a party spokesman said they would be "sitting duck" targets for the Soviet Union and that they have no deterrent value, serving only to put Britain on the firing line.

American bomber units—based in Britain, the spokesman continued, together with other SAC units around the world, provide sufficient protection until the Americans get an intercontinental ballistic missile on the defense line.

Although the executive committee also expressed full confidence in party leader Hugh Gaitskill, the defense policy switch was obviously a concession to Frank Cousins, boss of the giant Transport and General Workers Union who has been urging immediate nuclear disarmament by Britain, Wagner's opera, "Die Meistersinger."

Who's Anti-American? Japanese Sun Comes Out

By BOB CONSIDINE
TOKYO REVISITED — The rain fell suddenly on crowded Yurakucho Square. The American lady tourist stood unhappily on the curb, waiting for the wild traffic to subside and getting wetter by the instant. Suddenly the rain stopped, at least for the American.

A Japanese matron in an exquisite kimono and obi had reached her umbrella over the American, graciously shielding her from the torrent. Together the two women, whose governments are having their difficulties, walked smiling across the street.

"That gives you a faint idea as to how anti-American we are in this country," observed Pete Takahashi, King Features-Syndicate's veteran representative in Japan.

Who's Amazed by 3-Wheel Car? Almost No One

DETROIT (UPI) — Motorists apparently are becoming conditioned to expect anything on the highways these days, a man who drove a three-wheeled car from Chicago to Detroit says.

Chrysler Corp. engineers removed the right front wheel from a 1960 Chrysler in Chicago and then drove the car to Detroit via the Calumet Expressway, the Indiana and Ohio turnpikes and the Toledo-Detroit Expressway.

Alan D. Hayes, a Chrysler engineer who drove the car, said only a few motorists appeared shocked when they noticed the right front wheel was missing.

"A few yelled 'Hey, your front wheel is missing,' but most of them seemed to sense that we knew the wheel was gone and merely smiled," Hayes said.

The Chrysler engineers loaded nearly 2,000 pounds of sand bags into the trunk of the car to counterbalance the lack of support normally given by the wheel.

Purpose of the run, according to Chrysler Division General Manager C. E. Briggs, was to test and demonstrate the rigidity and "lightness" of unitized body construction, adopted by Chrysler for its 1960 models.

HENRY G. FOWKES JR.
Henry G. Fowkes Jr. has been elected to the Board of Directors of MacManus, John & Adams, Inc. Fowkes, a vice president, is manager of the advertising agency's Eastern Division, headquartered in New York.

Detroit Is New GM of Milwaukee Skaters

MILWAUKEE (AP)—Jack Burnette, Detroit, was named general manager Wednesday of the Milwaukee Falcons hockey club.

Jack Kloppenburg, president of the Falcons who play in the International Hockey League, said that Burnette will be charged with the duty of selecting a player-coach, rebuilding the team, and conducting a ticket drive.

Burnette has been in publicity and promotional work for the past several years.

FDR Jr. Says 'Sorry, Hugh'

Apologizes to Senator From Minnesota for War Record Remarks

WASHINGTON (AP) — Franklin D. Roosevelt Jr. Wednesday apologized to Sen. Hubert H. Humphrey (D-Minn.) for "unnecessary and unwarranted statements which I made in the heat of the West Virginia primary."

Roosevelt, while campaigning in West Virginia for Sen. John F. Kennedy, said Kennedy had a brilliant record in World War II, but added he did not know where Humphrey was during the war.

Kennedy said on May 5 that any discussion of Humphrey's war record was "without my knowledge and consent and I strongly disapprove of the injection of this issue in this campaign."

In a letter to Humphrey, Roosevelt described the Minnesota as a former "great mayor of Minneapolis" and "one of the truly outstanding members of the Senate," adding:

"I trust this episode can be put aside and we can again work for the accomplishment of the goals which we both recognize as so important and necessary. If you feel that I can be of any help to you in your campaign for re-election to the Senate in Minnesota, I hope to come and publicly give you every ounce of my support."

Falls account for 1/2 all persons killed annually in home accidents.

Gains Expected, but Not Enough

Jobs to Be Problem Rest of Year

By SAM DAWSON

NEW YORK (AP)—Jobs for a growing population will be a prime problem the rest of this year. It's the human side of the economic query: Will industry and trade turn smartly upward again after Labor Day?

Moderate gains are expected. It seems unlikely they'll be enough to solve the jobless problem.

Total employment has been rising. But the number out of work sticks stubbornly around 5 per cent of the labor force. Right now the number looking for jobs is rising because of the influx of graduates and students into the market.

But the longer-term problem is two-pronged: The number of Americans of working age is on the rise, while the number required to turn out a given supply of goods keeps dropping because of mechanization and automation and increased skills.

Wage scales continue to rise this year, but the rate of increase is lower than in the recent past. Also, many workers find pay checks smaller because of shorter work weeks in some industries.

What help for more jobs is in sight from a business pickup? Industrial output was at a record high in January. Then it dipped, but made a slight recovery in May.

The immediate outlook is for little change—the usual summer lull, an average fall quickening. Steel production seems sure to go lower before its hoped-for late summer recovery. Some appliance makers are cutting back to bring stocks in line with sales. Auto production will soon be dropping as the model changeover time nears.

The Gross National Product, which takes in all production of goods and services, has topped 300 billion dollars at an annual rate for the first time. But the rate of its growth has slowed. Two of its greatest bulwarks also have been losing some of their forward business outlook for plant and equipment. A number of industries are still catching up with capacity already built higher than current demand.

Business has been getting some forward push in this year's growth in the dollar volume of exports, while the increase in imports has slowed.

Some industrialists hope the economy will get a boost in the fall from a change in inventory policies.

At the start of the year many companies were busy building up their stocks depleted during the steel strike. This added a prosperous sheen to the early weeks of the year.

Then the buildup ceased and many companies, noting ample supplies and a fair chance of stable prices ahead, began holding inventories to just what was needed for current production schedules. This was a prime factor in the slight recession in business noted from February to May.

If sales prospects improve in the fall, the inventory cycle could turn upward again.

And through all the surmises about business trends run the threads of election year turmoil and the still uncertain effects of cold war flareups on our defense spending and on our private planning.

The best guess: Times will be good this fall, but not booming, and jobs enough for all will still be a problem.

The Ring's the Thing at Annual Horse Show

Renewing a Detroit Horse Show acquaintance of many years' standing yesterday was Mrs. Philip A. Hart, wife of Michigan's junior U.S. senator. She is pictured chatting with the show's perennial ring master, Clarence L. "Honey" Craven, beside the pool at Bloomfield Open Hunt Club, scene of

the 43rd annual event. "Honey," who hails from Cohasset, Mass., seldom is photographed in informal attire. He is more popularly recognized in his pink coat, breeches, puttees and boots, tooting on his long, tapered English coachman's horn.

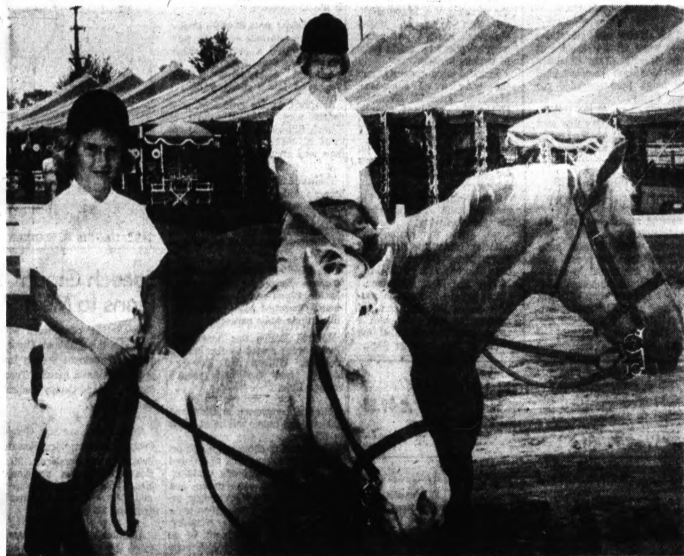

Pretty as the picture she presents posing with her horse Beachcomber is 17-year-old Julie Smith, daughter of Mr. and Mrs. Glenn C. Smith of Willowgreen Rd., Franklin Village. Julie was entered in yesterday's dressage events at the Detroit Horse Show in Bloomfield Hills.

Pontiac Press Photos
by Lee Winborn

Between events yesterday afternoon at the Detroit Horse Show, Mrs. Irving A. Duffy of Manor road, Birmingham, chats with James M. Jones of Beach road, Troy. Jones is holding his horse, "Miss Prince," upon which he rode to first place honors in two dressage events. He won second prize with another of his mounts, "Asbach," in the same two events.

Exercising their mounts before main events of the afternoon started at the Detroit Horse Show yesterday afternoon are, from left, Wendy Mitchell, 10, on "Rebel" and Lynn Maedel, 11, on "Goldilocks." Wendy is the daughter of Mr. and Mrs. William L. Mitchell, of Hamilton road, Birmingham; and Lynn's parents are the A. Howard Maedels of Overhill road, Birmingham. The girls are among the many young-

sters who will be competing for ribbons and trophies in the largest horse show in history which started yesterday at the Bloomfield Open Hunt Club and runs through Sunday night. Rain caused postponement of afternoon events for about an hour yesterday, but all were staged before the day's program was over, with a few alterations in the schedule.

Checking the schedule for the day's events at the five-day horse show in progress at Bloomfield Open Hunt Club are Show Chairman Stanley M. Humphrey of Kirkway drive and a show secretary, Mrs. J. P. Moses of East Long Lake road, Bloomfield Hills.

Goosey but good is the comment of two little girls, taking time out between events at the Detroit Horse Show for a cotton candy treat. They are, from left, Penny Stresen-Reuter, 11; and Claudia Sarver, 12; both of Birmingham.

St. Hugo of the Hills Rites Before 200 Guests

Dunn-Offer Vows Said

White chrysanthemums and gladioli adorned the main altar of St. Hugo of the Hills Church for Saturday vows of Christine Mary Offer and Daryl Lee Dunn of Birmingham. The Rev. Father James Murphy officiated.

The Edwin Frederick Offers hosted their daughter's reception in their home on East Highland drive, Bloomfield Township.

Receiving with them were the Lyle Duns of Birmingham, parents of the bridegroom.

A Swedish crown of crystals caught the bride's fingertip veil of French silk illusion worn in complement to her floor-length gown of white silk organza tulle. She held a cascade of gardenias and stephanotis.

Edna Longevity of Birmingham, house maid, wore ballerina-length pale yellow Chantilly lace over tulle. She carried a basket of a dozen yellow tea roses.

MRS. DARYL LEE DUNN

Louis Offer, in pale lavender Chantilly lace over tulle, was her sister's bridesmaid. Mary Clare Peterson of River Rouge, dressed as a miniature bride, was flower girl.

On the esquire side were the bride's brothers Jerry, as best man, and Edwin, seating guests with Robert Shannon of Battle Creek.

For traveling to Grand Haven, where the couple will honeymoon at the summer home of Mr. Shannon, the bride donned a beige and green flowered sheath with linen coat and beige accessories.

For her daughter's wedding, Mrs. Offer chose Alice blue silk organza with blue and white accessories. She wore a shoulder corsage of gardenias. Mrs. Dunn wore yellow tea roses in complement to her dress of pale yellow organza.

Church Unit Gathers at Luncheon

Mrs. W. J. Baumgartner opened her home on Silver Lake road Tuesday for a luncheon meeting of the January-March group of First Presbyterian Church.

Assisting the hostess were Mrs. David Brown, Mrs. Alvin T. Anderson, Mrs. H. E. McCulloch and Mrs. Mahlon A. Benson Jr.

Mrs. T. C. McFetridge gave the Bible study, "Psalms of Confession and Forgiveness."

The group will meet in September with Mrs. E. G. Clark of Silver Lake road.

Call Dem Hopefuls

An open meeting for all Oakland County candidates will be held by the Waterford Township Democratic Women's Club at 8 p.m. Tuesday. Mrs. Carlos Richardson of Carlos drive will be hostess for the evening.

Mrs. Walter Brinkman and Mrs. Eugene Mihay will be cohostesses.

Comfortably seated at ringside to watch yesterday afternoon's dressage events at the Detroit Horse Show were, from left, Marguerite Schmidt, daughter of Mr. and Mrs. Parbury Schmidt of Wing Lake road, Bloomfield Township; Marcia Mezey, daughter of Mr. and Mrs. Charles Mezey of Brookside drive, Bloomfield Hills; and Barbara Kellerman, daughter of

Mr. and Mrs. Sydney Kellerman of Snowshoe Circle, Bloomfield Hills. All three girls are 17. Today's events include open equitation, working hunter classes, hunter hack and the BOH Big Jumping Event tonight. Over 25 nationally famous horses from all over the country are entered in a number of hotly contested classes in the show.

Becomes Mrs. Tinker

Charlotte Rosen Marries

Columbia Avenue Baptist Church was the scene of the Saturday wedding which united Charlotte Mae Rosen and James Franklin Tinker, both of Clarkston.

Parents of the couple are Mr. and Mrs. Harry Clark of Meyers road, Drayton Plains and the W. D. Tinkers of Sunshine Station, Harlan, Ky.

The Rev. Marion Boyd officiated at the ceremony, for which the bride chose a floor length gown of Chantilly lace over satin fashioned with a scalloped neckline and finger tip sleeves. She wore a pearl crown and held a cascade of white carnations and lilies of the valley.

Honor matron Mrs. Russell Hull of Clarkston and bridesmaid Linda Rosen, sister of the bride, were groomed alike in heavenly blue nylon over taffeta, street length frocks and carried cascades of pale yellow carnations.

Rosemary Clark, sister of the bride, appeared as flower girl, wearing a white nylon dress and carrying an arrangement of pink roses.

The duties of best man were assumed by Larry Tate of Drayton Plains. Ushering were Donald Ruffner of Rochester and Lemuel Tate of Drayton Plains.

Ringbearer was David Ham-mack.

A reception in the church parlor followed the ceremony. Mrs. Clark greeted the nearly 130 guests in attendance, wearing a pale blue lace dress with matching accessories. Mrs. Tinker chose a French blue dress and wore pastel blue accessories.

To begin her wedding trip the new Mrs. Tinker wore a white cotton and tulle suit with white accessories. The newlyweds will reside on Harding street, Waterford.

Stick to Simplicity

The woman who looks best in a half-size frock should not wear large splashy prints—or large-collared dresses, bright harsh colors, horizontal lines. The half-size fashion silhouette should be vertical and simple in design.

MRS. JAMES F. TINKER

Extension Club Asked to Reception

Fifteen members of the Inter-lakes Extension Club welcomed honorary member Mrs. Robert Als-paugh when they met Wednesday at the Oakshire avenue home of Mrs. Wilbur Ott.

Chairman Mrs. Frank Hickson read an invitation to the group to attend the Sunday golden wedding anniversary reception of Mr. and Mrs. Charles Allen. Allen is a charter member of the club.

Announcement was made that the club will send six members to the Homemakers' Conference at Michigan State University July 28.

July 11 is the date slated for the annual trip to Mrs. Alpaugh's cottage at Walpole Island.

A picnic for husbands is scheduled Aug. 28.

Following a noon luncheon members spent the afternoon working on hobbies.

Exchange Promises in Drayton

Patricia Lou Rose and R. E. Carey Leave for North

Patricia Lou Rose exchanged wedding vows with Robert Edward Carey Saturday afternoon in the Drayton Plains home of the Rev. Robert C. Beattie of the International General Assembly of Spiritualism.

Lighted candelabra and baskets of pink and white peonies created a chapel setting before a "window" in the living room of the Beattie home where the reception was held.

Mr. and Mrs. Joseph Celestine Rose of Shaw drive, Waterford Township are the bride's parents. The bridegroom is the son of the Edward H. Careys of Rollins street, also of Waterford Township.

The bride's ballerina-length dress of white nylon sheer was worn with a jacket of Chantilly lace. Sleeves were three-quarter length.

A shoulder-length cloud veil was attached to a pearl crown. White carnations and red roses comprised the colonial bouquet.

WEARS PALE YELLOW

Mrs. Paul Lyons of Jessup, Md., matron of honor, appeared in beautiful pale yellow organza. Her flowers were white carnations and yellow roses.

S.A. Richard L. Carey came from the Naval Base at Lakehurst, N.J., to be his brother's best man. Pfc. Paul Lyons of Fort Mead, Md., sealed the guests.

Before leaving for northern Michigan, the new Mrs. Carey changed to a green and white checked linen sheath dress. Her corsage was of yellow roses. The couple will live on West Wallingford boulevard.

Pink roses and carnations were worn at the shoulder of Mrs. Rose's dress of dusty blue lace and complemented the beige lace ensemble for Mrs. Carey.

Grandfathers of the couple, Frank Skoog of Bay City and Hubert Carey of Toledo, Ohio, attended the wedding.

40 at Dinner to Close Year of Pillar Club

Mrs. Donald B. Hogue opened her Franklin home to 40 members and guests of the Pillar Club Tuesday for a cooperative dinner which closed the club year.

Club President Mrs. William H. Knudsen welcomed new members Mrs. E. C. Russell and Mrs. Isabel Selden and special guests Mrs. Claude Hulet of California and Mrs. William Vann Jr.

Mrs. Ray Meiser and Mrs. Hogue presented a devotional period with readings, narration and music composed by Mrs. Hogue.

The evening's program on the theme "Thoughts on Courageous Living" was directed by Mrs. Theodore E. Wiersma who elaborated on the concepts of a brave spirit, an open mind and understanding of heart, illustrating with selections by world poets of various periods.

Included were excerpts from the works of Stevenson, Machado, Vittorelli, Euripides and others, as well translations from Papago, Hopi and Navajo Indian tribal songs.

Following the program, Mrs. Wiersma made suggestions for summer reading on her subject.

Mrs. Hogue concluded the program with original songs for group singing.

Social committee members were Mrs. Howard Losee, Mrs. Gertrude Martin, Mrs. Meiser and Mrs. Wiersma. The group will meet informally during the summer and resume the club year with a meeting in September at the home of Mrs. Marcus Scott.

St. Michael Class Planning Reunion

Several members of the 1940 graduating class of St. Michael High School have initiated plans for a reunion.

Anyone interested in assisting or attending the event may call Mrs. Max King of North Adams road, Birmingham.

John Beale of Spence street or Mrs. Ellen Gallardo of North Paddock street.

Sponsors Student at Girls State

Chief Pontiac Post No. 377 of the American Legion is sponsoring Barbara Berryman at the Michigan State University of Michigan, through July 1.

A Pontiac Northern High School student, Miss Berryman is active in Junior Varsity, Future Teachers Club and is a cheerleader.

Wolverine Girls State is designed to acquaint participants with a practical knowledge of the workings of national, state and local governmental units.

Pontiac Northern student Bonnie Plummer is alternate for Miss Berryman.

Girls State chairman Mrs. Mitchell Rampart was assisted by Mrs. Joseph Charter.

Travel in Cotton

Hot weather's tourists travel first class on land, sea and in the air in two and three piece cotton ensembles—suits and dresses ranging from seersucker and piques to gingham and knits.

Harold Ikes, former U. S. Secretary of the Interior, was for three years a reporter for Chicago newspapers.

Warren-Liechty Vows Told Before Rev. Gabler

The Rev. Don Gabler officiated at the marriage of Zelma Ann Liechty and Dennis Gregory Warren Friday evening in Bethel United Church of Christ. After flowers were white carnations.

Mr. and Mrs. Wilford Jon Liechty of Sheridan street received some 300 guests at the reception in the OHS Hall on Auburn road, following their daughter's wedding. Joining them were the Max Richard Warrens of Edison street, parents of the bridegroom.

The bridal gown of white Chantilly lace and tulle over silk taffeta featured a molded bodice and sashina neckline. Ties of scalloped embroidered ruffles cascaded into a sweep train.

Attached to her crown of seed pearls was a fingertip veil of French illusion. A white orchid entered a cascade of white carnations and stephanotis.

Thelma Liechty, her twin sister's honor maid, wore maize shirred organza with lace bodice and full skirt with a floating panel. She carried a small white satin parasol filled with stemmed maize carnations.

Of identical styling were blue organza dresses for bridesmaids, Mattie Blaud and Mary Backerman. Stemmed blue carnations filled their white parasols.

Howard Batten was best man. Guests were seated by the bride's brothers, William and Robert Liechty and the bridegroom's brother Eric.

After a honeymoon in Ohio and Indiana, the couple will be home in Flint.

Mrs. Liechty chose beige silk organza with square neck and short skirt for her daughter's wedding. Her accessories were green and beige and her headpiece a short orchid plume. She pinned green cymbidium orchids to her shoulder.

Mother of the bridegroom in an aqua lace sheath dress with bone accessories, wore pink cymbidium orchids.

Speech Group Plans to Meet

Installation of officers will highlight the Oakland County Female Employees Speech Improvement Assn. meeting Tuesday at Oakland County Medical Care Facility.

New officers are Mrs. Gerald Craig, president; Mrs. Howard Boker, vice president; Mrs. Edward Gorman, secretary; Mrs. Steve Solithe, treasurer; and Mrs. Thomas Leonard, sergeant at arms.

All members and any interested Oakland County employed women are invited to attend.

U.S. Marksmen Aim for Olympic Spots

WASHINGTON (AP) — "We're going over there with the idea that we're going to win. With a few breaks we can do it."

The speaker, Lt. Col. Sidney C. Carpenter, coach of the American shooting team that will represent

the United States in the 1960 Olympics in Rome.

Ten outstanding marksmen will be on the firing line for the United States in the six rifle and pistol shooting events that take place Sept. 5 through Sept. 10.

Preliminary tryouts are now

being held throughout the United States. The finals will be held on the ranges at Ft. Benning, Ga., from July 11 through Aug. 4.

Col. Carpenter, who describes his job as "more or less a father confessor," said prospects for the U.S. shooting team this year are "very good," and added:

"It takes a helluva lot of training. This is no lark. Hard work is the answer."

Col. Carpenter, 45, a native of Bowling Green, Ky., has been in the Army for 24 years. Holder of the distinguished service cross and the legion of merit, he is serving as assistant executive officer for the Army's national rifle for the promotion of rifle practice.

Carpenter said the U.S. will field an outstanding team in the Rome Olympics. "We've got the equipment and the ammunition," he added.

He listed the following men as good prospects to make this year's team:

Sgt. Nelson Lincoln, Ft. Benning, Ga.; First Lt. Daniel P. Purkel, Ft. Benning; Gasper P. Dufina, Torpedomena first class, U.S. Navy, Memphis, Tenn., and Corp. Gary A. Anderson, Ft. Benning.

Col. Carpenter was executive officer of the American shooting world's championships in Moscow in 1958. He believes the toughest competition in this year's Olympics will come from the Russians.

The Russian team won the shooting events in the 1952 Olympics at Helsinki, Finland, and Melbourne, Australia in 1956.

"As shooters, they are fantastic," Col. Carpenter said. "They are mechanical-like machines — and are used to win."

U.S. marksmen won all but two first places.

Four Cities Bid for Return Bout

NEW YORK (AP)—While Floyd Patterson basks in his newfound glory, and Ingemar Johansson vacations in Florida, the battle continues over the site of their third fight.

Los Angeles weighed in Wednesday with a wire to Bill Fugazy, a director of Feature Sports, Inc., offering the huge Memorial Coliseum and the full cooperation of all concerned.

Fugazy, who wants to run the fight in late September or early October, replied to the Los Angeles proposition and sent similar wires to Mayor Richard Daley of Chicago and Mayor R. L. Thorn

ton of Dallas. He said he was interested in further discussions if assured of adequate police protection for the fight.

The police protection item may result in the third Patterson-Johansson heavyweight title fight moving out of New York where it drew \$500,000 and attracted an estimated \$3,000,000 around the world in extra rights. Fugazy said the fight might go out of town unless New York Mayor Robert Wagner intervened.

Stephen Kennedy, New York police commissioner, replied to Fugazy's criticism of inadequate police protection for the Monday night fight and said the police will not be used as "bouncers, ticket takers or ushers to assist fight promoters who chisel on expenses."

Fugazy claimed he had 625

gatemens, ticket takers, watchers, ushers, supervisors, and special third fight could be academic. The tax situation might make it ground at a cost of \$25,000. He claimed between 15,000 and 20,000 crashed the gate and estimated Monday's bout, estimated by the actual crowd at about 55,000 theatergoers, would be the most of the official 31,877 announced by the New York State Athletic Commission.

Gen. Melvin Krulwich, commission chairman, said in a statement he had directed the promoters to have ample personnel at the ball park and reminded them that it was their responsibility. He also said he had checked with police officials, as late as the afternoon of the fight, and had been assured that about 20 police would be on hand outside the park and that most of them would move inside before fight time.

However, the commission chairman said the police informed them they would not escort the fighters from the ring or form a cordon around the ring. Gen. Krulwich said the promoters told him 10 special police would be available to escort each fighter.

The crowd swarmed into the ring-side working press section after the fifth round knockout victory by Patterson.

However, all the talk about a third fight could be academic. The tax situation might make it impossible. Depending on the income of the two fighters from the fight, the tax situation might be between \$800,000 and \$900,000 they would be fighting for practically nothing but the tax people if they win again this year.

Business and Finance

Specials Strong in Stock Surge

NEW YORK (UPI) — The stock market moved generally higher in active trading early today with some specially-situated stocks strong.

The general run of key stocks showed very small changes with plus signs outnumbering losses on balance.

Ave looked as if it would repeat yesterday's role as the most active gainer, rising 1/4 at 1 1/2 on a big opening block of 23,000 shares and improving slightly on a succession of large transactions.

The stock has benefited from more than one Wall Street advisory.

Zenith jumped about 3 points in continuing response to news of its pay television system.

Marquardt picked up about 3 points in a further rise based on a new missile contract.

Little action was shown by steel and motors. Ford and U.S. Steel were slight gainers.

Bellmore & Ohio was about unchanged. Chesapeake & Ohio eased.

General Electric was about unchanged. Chesapeake & Ohio eased.

Coppers were ahead on balance in a followthrough to yesterday's rise on news of foreign copper prices.

American Machine & Foundry and Brunswick Corp. dropped more than a point each as they continued to react to news of a new competitor in the field of bowling equipment.

The new entry in this field, Olin, was delayed in opening to a large accumulation of orders. It rose 3 1/2 to end on an initial block of 6,500 shares.

Deadline 12 Days Away Registered to Vote?

The deadline is 12 days away for Michigan citizens to register to vote in the Aug. 2 primary.

City and township clerks will be accepting registrations until 8 p.m. July 5.

In Pontiac, registrations can be made at both City Hall and at the special booth at Saginaw and Huron streets.

Deputy clerks have signed up new voters during the first three days at the booth, reported Mrs. Ada R. Evans, city clerk.

Changes of address can be filed at both places, too.

The booth will be open from 9 a.m. to 5 p.m. tomorrow, Saturday and next week.

The clerk's office in City Hall won't be open Saturday, but its hours are 8 a.m. to 5 p.m. next week.

Both the booth and the clerk's office will be open until 8 p.m. July 5. This is also the deadline for registrations in Waterford Township, according to James E. Seetlin, township clerk.

Mrs. Evans said it is still undecided whether to have the booth or City Hall open for registrations on Saturday, July 3, during the holiday weekend.

Police Chief Ends Job Confusion; Will Stay at Novi

CHEBOYGAN (UPI) — Lee Begole's confusing career as police chief has ended and Vern Herring has been promoted to the chief's job.

Begole had been chief at Novi when he took the job here months ago. But Novi refused to accept his resignation.

Then he resigned here, but that resignation also was turned down.

He resigned here once again, and once again the resignation was refused.

But then Begole went back to Novi and took up his old job.

The City Council here then asked him to resign—and the third resignation was accepted this week.

India's population is estimated to be increasing by 10 million a year.

The district encompasses a war-torn government housing development which is now predominantly Negro.

A spokesman for the department said the district's problems of "operational" and "financial" distress were complicated by the fact that surrounding school districts were already overcrowded.

The Carver district has not been operating a high school and has had difficulty meeting tuition costs.

"We have agreed to try and make a broad study of the problems in the district," Bartlett said.

He said Ferndale, Oak Park and Detroit school districts border on the Carver district, and representatives of each appeared at Wednesday's meeting.

None of the three could take all the high school students from Carver, but something might be worked out among all of them.

Labor Demands Forand Bill OK

WASHINGTON (UPI) — The AFL-CIO will vote political support for any congressional candidate who does not endorse a labor-backed proposal to provide medical care for the aged.

This position is being spelled out by the No. 2 man in the AFL-CIO, Secretary-Treasurer William F. Schmitz, in a series of speeches.

The AFL-CIO is pushing for enactment of a bill, originally introduced by Rep. Alford (D-R), which would provide free medical benefits for persons over 65 by raising social security payroll taxes on nearly all workers.

President Eisenhower has called the Forand approach a "compulsory" program that would lower standards of medical care.

Any candidate for Congress who refuses to endorse Forand-type health insurance for those over 65 is "manifestly unworthy of the support of American workers," Schmitz charged.

Woman Files Suit Against Ex-Sheriff

MUSKOGEE (AP) — A \$50,000 damage suit was on file today at Muskogee County Circuit Court in an action taken by Mrs. Saralouise Dawson of Whitehall against former Sheriff Arthur Davis.

The civil suit was filed yesterday after Davis won acquittal in a non-jury appeal trial before visiting Judge Archie McDonald on charges of assault and battery under which the ex-sheriff was convicted last May 10 and sentenced to 90 days in Ottawa County Jail.

Mrs. Dawson had lodged the original complaint, alleging Davis made improper advances toward her. The woman's attorney, a Winston Dahlstrom, declined to elaborate on the damage suit but said it covered the same incident involved in the misdemeanor trial at municipal court.

The Wright brothers, Edward, James and Carl, have opened a store at 700 Dixie Hwy., Waterford Township, to sell artificial limbs, braces and wheelchairs.

They formerly operated the Wright Filippines, selling the same merchandise.

Film Daily Copublisher John W. Allicote Dead

ENGLEWOOD, N.J. (UPI) — John W. Allicote, 70, copublisher of Film Daily, died Tuesday apparently of a heart attack.

Allicote also had published Radio and Television Daily and edited the Film Daily Year Book. His brother Charles was copublisher.
