

HAPPY WATERFORD GRADUATES—These are six of 446 Waterford Township High School seniors who graduated last night with much "Pomp and Circumstance" on the lighted football field. From left are Marvin Barnhart, Gerald Oakes, Gregory Clover, Carol Bell, Sue Beaver and Vicki Ryden.

Waterford High Has 446 Grads

3,500 See Ceremony; First Principal Gives Main Address

Under ideal weather conditions last night, 446 Waterford Township High School seniors marched out on the lighted football field and were graduated before more than 3,500 spectators.

The ceremonies ended an era in the township's school system as

List of Graduates
See Page 2

this was the last time all seniors were graduated from one, high school.

Waterford Kettering High School opens in September and will have its own graduating class next June.

To add drama to the occasion, Dr. Donald C. Weaver, who was Waterford Township High School's first principal, was the main speaker. He now is a professor of education at Western Michigan University.

In his five-point address, Dr. Weaver compared the first Waterford graduating class of 42 members with last night's largest senior class, and spoke of the 3,126 students who have been graduated since the original class in 1948.

The doctor pointed out the importance of self-determination, strength of purpose, dedication, education and sound religious faith.

"To have a specific goal and the integrity to let nothing deter from obtaining that purpose means the difference between success and failure," Dr. Weaver said, and added, "It is emphatically obvious that additional education is a prime requisite for acquiring positions today."

After Mary Hodges played the organ processionally, School Superintendent William A. Shueck introduced Dr. Weaver, Rev. Edward A. Lowry, rector of St. Andrew's Episcopal Church, gave the invocation and benediction.

High School Principal James Fry presented the class, and Sharon Sue Welch gave the valedictory message.

Hogan Thrills Crowd With 90-Foot Eagle

By BRUNO L. KEARNS
Pontiac Press Sports Editor

Veteran Ben Hogan received the loudest ovation in the early play of the 81st National Open at Oakland Hills Country Club when he dropped a 90-foot chip shot for an eagle three on the second hole this morning.

The four-time Open champion, followed by a large gallery, then proceeded to go three under par after five holes before finishing the front nine one under par at 34.

Bob Goaly of Crystal River, Fla., fired an even par 35-35-70 to lead the early 18-hole finishers.

Goaly birdied the second and fifth holes but bogied the seventh and ninth for a 35. On the back nine, he bogied the 10th hole and evened his score with a birdie on No. 13.

During his round, he was in the rough four times from the tee and hit two sand traps.

"This is certainly a great test of golf, but I think the greens are sometimes too severe," Goaly said afterwards.

Also among the early leaders is Paul Harney of Auburn, Mass. The long-hitting Harney rifled a 35-36-71.

Local golfers found Oakland Hills mighty tough to handle.

Mike Andonian, Pontiac's three-time State Public champion, had a miserable day with a 40-42-52. Andonian bogied 10 holes, double bogied another and failed to get a par until the seventh hole.

Al Walrus was also having his early troubles. The host par started off with a bogey and double bogey, and made the turn in 39.

Reports to Russ on Summit K Cais for Peace This Year

MSUO Selects Cornell U. Man as Student Dean

University Draws on 3 Other Schools for New Faculty Members

A new dean of students and three faculty members today were appointed to the Michigan State University Oakland staff.

J. Duncan Sells, now director of the financial aids office at Cornell University, was named to the dean's post.

Hollie J. Lepley, who has served as acting dean of students since the resignation last winter of Roy J. Alexander, will resume his duties as director of intramural sports and recreation at MSUO.

Dr. Donald C. Hildum, 31, an assistant professor of psychology at Case Institute of Technology, was named assistant professor of psychology. Karl E. Odwarka, 27, was named foreign language instructor as was Alfonso Urtiga, an instructor at Louisiana State University.

The appointments were approved by the Michigan State University Board of Trustees at its monthly meeting in East Lansing this morning.

At Cornell, Sells has been in charge of administration of a \$4-million student loan, employment and scholarship program. He has served in several advisory positions and for two years was assistant to the dean of men.

Holder of a bachelor of arts degree from Cornell, Sells has completed all requirements for a doctor of philosophy degree in psychology and is presently finishing his dissertation.

A native of Lima, Ohio, Sells is a United States Air Force veteran, 26, and the father of eight.

BOLLES PH. D.
Hildum holds a combined doctor of philosophy degree in linguistics and social psychology from Harvard University. He received his master's degree from Harvard and his bachelor's degree from Princeton.

His experience includes a post as a teaching fellow in social psychology at Harvard. He is the author of numerous works in his special field—psycholinguistics.

Odwarka, 33, presently working toward his doctorate at the University of Michigan, is a native of Pontiac. (Continued on Page 2, Col. 5)

Veachel Bilyeu Gains Title

Miss Centennial Named

By PETE LACHLER
Pontiac's Miss Centennial is Veachel Bilyeu, 27-year-old stenographer at GMC Truck & Coach Division.

Final returns in the month-long contest last night showed the Brandon Township beauty had a 65 edge over her nearest rival, Ellen Ann Taylor, 20, of 247 Ottawa Drive.

Sponsored by the General Motors Girls Club, Veachel will reign over the eight-day Greater Pontiac Centennial.

She'll appear as Miss Centennial in Saturday's kickoff parade with a 10-member court of Centennial Princesses, comprised of Ellen and the next nine runners-up in the contest.

Miss Centennial will be crowned by Rep. William S. Brownfield Monday night at Waver Stadium, before the opening performance of the Centennial Spectacle, "The Pontiac Story."

As Miss Centennial, Veachel has won a 1961 Tempest automobile, Ellen Ann Taylor. As Miss Centennial, Veachel has won a 1961 Tempest automobile and will reign over the eight-day Greater Pontiac Centennial, beginning with Saturday's giant parade. As runner-up, Ellen won \$300 cash and valuable merchandise.

BASED ON SALE
The contest was based mainly on the advance sale of coupons exchangeable for tickets to the Spectacle. Candidates and their sponsoring organizations also sold tickets to the Centennial State Sing and 5th Army Band Concert at the Stadium Saturday night.

In the advance sales, Veachel's edge over the other runners-up ranged from about 62 to 65. The nine other runners-up, elected to the queen's court, are in order of their rank:

Jeanette Cocks, sponsored by the Transquill Chapter of Pontiac State Hospitals—Bunnie Ales, Metropolitan Club; Dolores McConell, Brothers of the Brush Chapter 10; Julie O'Brien, American Business Women's Assn.

Mary Jane Sava, St. George Roman Catholic Church and St. Mary's Women's Club; Marilyn Odenhott, West Pontiac and Pontiac Kiwanis Clubs; Shirley Fane, Daughters of Penselepe and Order of Alopa; Rosalie M. Jones, Oakland County AFL-CIO Council; and Patsy Raymond, Carpenters Chapter 23.

There were 25 other candidates. Although her name is French and her voice has a Parisian huskiness, Veachel is as American as apple pie. Her French-Irish ancestry was generations ago.

Phonetically, her name would be "FRESH OFF THE PRESSER." County Clerk-Register Daniel T. Murphy Jr. (left) presents the first copy of the official 1961-62 Oakland County Directory to Joe Haas, staff writer for the Pontiac Press and county historian. Haas has contributed a "Facts and Figures" page for the booklet each year.

THE WINNERS—Beaming with delight, Pontiac's Miss Centennial Veachel Bilyeu (left) is congratulated with a hug by the runner-up, Ellen Ann Taylor. As Miss Centennial, Veachel has won a 1961 Tempest automobile and will reign over the eight-day Greater Pontiac Centennial, beginning with Saturday's giant parade. As runner-up, Ellen won \$300 cash and valuable merchandise.

Asks for Talks by WW II Allies on Reich Unity

Includes W. Berlin in Proposal; Says Confab With JFK Worthwhile

MOSCOW (AP)—Premier Khrushchev said tonight that "a peace settlement in Europe must be accomplished this year."

The Soviet premier made this statement in reaffirming his position on Germany and Berlin.

He spoke to the Soviet people, reporting on his Vienna talks with President Kennedy.

Khrushchev has called for a peace conference of all the World War II allies on reunifying Germany.

In the meanwhile, he wants West Germany and Communist East Germany to negotiate a settlement, if they can, within six months. This also would include the future of Communist-surrounded West Berlin.

Khrushchev said his meeting with President Kennedy in Vienna was worthwhile.

"In addition," he said, "it had to be held."

He repeated his demand for a peace conference of all the World War II allies on reunifying Germany.

The Soviet leader made his report in an unusual televised and broadcast "fire-side chat," similar in format to the type sometimes used by Western leaders.

Loadspeakers in the square of many Soviet cities carried the message.

Khrushchev said the Vienna meeting "provided a good opportunity for a first personal contact and an exchange of opinion."

EXPRESSES HOPE
He said he gained the impression that Kennedy understood the grave responsibilities shouldered by the two great powers—the United States and the Soviet Union.

He expressed hope that Soviet-American relations eventually would improve.

President Kennedy made a report on the Vienna talks in a nationwide radio-TV speech June 8.

He described his meeting with Khrushchev as "tense but productive," a "somber mood."

The President told the American people that Laos offered the most immediate prospect of agreement with the Soviet Union.

As for the long-view, he said: "At least the chances of a dangerous misjudgment on either side should now be less."

County Booklet Salutes Pontiac

1961-62 Directory Now Ready for Distribution; Carries Facts, Figures

With a salute to Pontiac, the county seat, the 1961-62 edition of the Oakland County Directory was made available at the courthouse yesterday.

County Clerk-Register Daniel T. Murphy Jr. said 15,000 copies of booklet are now available for distribution to citizens free of charge.

Later township and city clerks will have copies for the asking.

On the cover is the official seal of the Greater Pontiac Centennial celebration starting Saturday.

Joe Haas' "Facts and Figures" of Oakland County traces the development of the new county courthouse which will be occupied in August. Last year's directory had a sketch of the courthouse on the cover.

FRESH OFF THE PRESSER—County Clerk-Register Daniel T. Murphy Jr. (left) presents the first copy of the official 1961-62 Oakland County Directory to Joe Haas, staff writer for the Pontiac Press and county historian. Haas has contributed a "Facts and Figures" page for the booklet each year.

DISCOUNTER Since 1963

It Was a Grand Rifle, but It Got Out of Tune

WENATCHEE, Wash. — Someone apparently preferred the sound of music to gunfire.

L. A. Stallings loaned a rifle to an acquaintance and later saw it in a pawnshop. It had been traded for a guitar.

Stallings' deputies advised him to see an attorney.

Coal miners are given courses in safety and first aid.

Street Would Have Ran Right Through the Room

HAMDEN, Ohio — Charles Mills has discovered that his house is in the middle of a village street. Fortunately, the street is laid out on paper rather than through his living room.

Mills made the discovery when he hired a surveyor to locate his property line so he could build a fence. The street apparently was planned in 1907, but never built.

Plant Macadamia Nut in San Diego County

SAN DIEGO, Calif. — The Macadamia nut is being planted in increasing number in San Diego county.

The county agricultural department, which describes it as native to Australia and also known as the boggle nut, says it shows promise of becoming a commercial crop in future years.

About 700 languages and dialects are spoken in Africa.

And Don't Anyone Dare Call Me a Flannelmouth!

HARTFORD, Conn. — A Hartford woman was awarded \$600 for injuries received after she hit into a piece of cotton.

The victim said there was a piece of cotton in a doughnut she bought at a local bakery. She claimed that when she took a bite of the doughnut, the cotton lodged in her throat causing her to choke and fall down, injuring her back and shoulders.

**Camper Keeps Cozy
in Natural Steam Heat**

PHOENIX, Ariz. (UP)—Mr. and Mrs. Herman A. Miller of Phoenix returned from a trip to Yellowstone National Park and told of

camping out in below-freezing weather. Miller complained all night of the bitter cold. Mrs. Miller felt quite cozy. The next morning she discovered her sleeping bag had been resting over a small steam geysers.

**Family Get-Together
Smashed Up Two Cars**

VARNVILLE, S. C. (UP)—A new safe driving slogan might read: The car you hit may be your own. Boyd Embler was driving home

from work and Mrs. Embler was traveling the opposite way in the family's other car.

They met on a curve. Both cars were wrecked but neither Embler was injured.

**U.S. Mortality Rate
Cut to Half in 60 Years**

NEW YORK (UPI)—Mortality rates, the best measure of a nation's health level, dropped by almost one-half in the United States

from 1900 to 1960, the Health Information Foundation reports.

In 1900, the death rate in America was 17.2 per 1,000 persons. The 1960 rate was 8.4 per 1,000—a reduction of about 45 per cent.

**Few Words Are Helpful
When Traveling Abroad**

NEW YORK (UPI)—Going to a foreign country? Learn enough of the language to say — "help," "yes," "no," "where is it," "how

much?" "Call the police," "excuse me," "where is a doctor?" and "please take me to someone who speaks English."

Charles Berlitz, director of a language school chain, cited those essential phrases in an article in a current magazine.

What Adlai Stevenson Thinks of Father's Day

Sunday is Father's Day and many American males feel a trifle self-conscious about celebrating the occasion. Sure, it's all right to make a fuss over Mom—she probably expects it.

But the Old Man, he'll just be embarrassed.

Our American ambassador to the United Nations Adlai A. Stevenson, recently expressed his views when he was formally notified of his selection as Father of the Year.

"The American Father," STEVENSON observed, "has come upon sorry times. He is the butt of comic strips; he is the boob of the radio and TV serials, and the favorite stogie of all comedians."

STEVENSON'S idea seemed to be that it would be nice to have a Father's Year, instead of a Father's Day, so Dad could have a new deal. Get that new deal, it may be he's thinking of the new frontier.

That's probably asking too much; although Father's Day dates back to 1910 and is only one year younger than Mother's Day. To date Congress has yet to make the celebration nationwide, as it did for Mother's Day in 1913.

It's our guess that STEVENSON and the other Fathers of the Year—and actually there's one for everything including sports and literature—would be real happy with a little more respect and the usual necktie.

MacArthur Addresses MSU Graduating Class

Some will disagree, others will agree, yet you can't help but admire the dignity of General Douglas MacArthur when he addressed the graduates at Michigan State University last Sunday.

Since being recalled by President Truman he has remained more or less quiet and has not lashed out in a vindictive tongue pointing out the fallacy of our limited war in Korea.

In this commencement address he touched on the matter and it now looks like the old General was far-sighted enough to see that Red China's military power should have been smashed at the time.

He pointed out that we had the power and could have carried the fight into North Korea and won a decisive victory against the Red Chinese war machine.

Hindsight is always good. But everything today indicates that we followed this advice world events could be quite different.

Red China would not have had the fast rise as a great military power. With Red China not such a strong force all of Southeast Asia might not be in such a turmoil.

This would have put the Western countries in a stronger position to deal with Khrushchev and Soviet Russia. Of course, this is all conjecture, yet at the same time it is pretty hard to contradict the General's reasoning.

Mr. K Does Cha Cha . . .

When Soviet Premier KHRUSHCHEV took power some years back along with the now forgotten NIKOLAI BULGANIN, his good will tours with Mr. B. were often described as, virtual vaudeville turns.

In recent years, not too many in the free world have been able to think of Khrushchev in those terms, despite his gay manners, spouting from balconies, chatting

with peasants along the road-sides, and so on.

His recent bongo beating, baton waving cha cha performance for Indonesian President SUKARNO, however, outdoes even the old Mr. K. Speculation is naturally rife. But probably we'll never know for sure whether this meant he thought he came out on top at Vienna, whether he likes President KENNEDY, or whether he just likes the cha cha.

The Man About Town

Centennial Notes

Late Preparations for the Coming Big Event

Bill and Tucker: What we'll be in our best during the Centennial—and that's what it was called when Pontiac became a city.

Former Pontiac residents will be here in large numbers for the celebration of its one hundredth anniversary as a city. Quite coincidental is a letter from

Franklin Browne

of Chicago, who wonders if Pontiac Creek still has a habit of overflowing after every big rain. Yes, Mr. Browne, who formerly lived on Carter St., it did that very trick a few days ago. We've assured him of a dry spot to park his car when he's here.

Living in Pontiac, according to his letter, "before they took the courthouse to the county."

Harvey Inkster

of Detroit writes that he "expects to hit the old Indian trail" every day between the twocities.

Nobody in Pontiac will have a keener interest in the Centennial than

Frank D. Murray

of 39 Judson St. He was in the horse game here until Bobbin was driven out by the auto, and then switched over to Autos, for a total period of over a half century.

Comprised of five boys and five girls, the family of

Mr. and Mrs. Louis W. Humphreys of 361 Whittemore St. looks like the champion high school graduation team of Pontiac. Nine of the children already have graduated from St. Frederick's and the tenth is a member of the Class of 1962.

Sending me a 1933 calendar,

Mrs. Thomas D. Flood of Ortonville points out that it can be used as a 1961 calendar.

A story drifts in from Drayton Plains about how the lawn of that well-known citizen,

(Name Deleted),

got a coating of cement just before a rain. Neighbors tell me that he bought a bag of grass fertilizer and a bag of cement at the same time. The contents looked alike, and he's now mowing his lawn with trowel and pick ax.

A word of warning comes from that bird lover,

Mrs. Ines Orson

of Rochester. When a nest is built in a metal receptacle, the young birds may be killed by the reflected heat of the sun if you do not shade it in some way.

A clump of ponies with 167 large buds is reported by

Mr. and Mrs. G. D. Warden of 6547 Dixie Highway, not counting at least three dozen smaller buds.

And going into big production are the peony clumps of

Mrs. Newton L. Jenkins of 4125 Middlebelt Road. On four clumps she counts buds in the following numbers: 132, 149, 182 and 269.

Word comes along from one of its top boosters,

Bill Ellison,

that the "Upper Teens" outing program is now in progress, at Franklin, Pontiac's beautiful suburb to the southwest, proud to be known as "The town that time forgot."

Verbal Orchids to—

Mrs. Blanche Harrison

of Keego Harbor; 82nd birthday.

Mrs. Augusta Flowerman

of Auburn Heights; 83rd birthday.

Mr. and Mrs. Orson Ellingberg

of Waterford; 52nd wedding anniversary.

Ulysses S. Pennoyer

of Bloomfield Hills; 82nd birthday.

HORRIS

To Be Forewarned—

David Lawrence Says:

Administration Harming Business

WASHINGTON — Businessmen are beginning to worry about another recession—the one expected after the current recovery has run its course.

The real worry about the long-range outlook arises from the failure of the Kennedy administration to come to grips with the things that are hurting the national economy.

Instead, there are signs of a deep-seated hostility to business on the part of the administration which could retard recovery and make another recession inevitable.

Many unsound policies are being advocated. Thus, the drastic changes proposed in the whole system of taxing American companies abroad could bring on a disaster of foreign trade and add to the difficulties of many of our allies.

Likewise, the stimulus that had been expected through a sensible program of tax incentives on depreciation allowances in connection with new plant and equipment has not materialized.

Businessmen don't really know what to expect, and many of the plans that should long ago have been under way to construct new plants haven't been launched as yet.

BENEFITS DELAYED

All the benefits to employment that would have been derived from the heavy-goods industries if a broader policy on depreciation had been formulated have, therefore, not been forthcoming.

The inclination in the administration and in Congress to spend money and time on projects that do not assist the normal economic development of the country, but merely add to its deficits, has become pronounced.

Administration officials talk about spending \$10 billion to develop American exploration of the moon and outer space, but the down-to-earth requirements of a business recovery in America are being ignored.

More than \$6 billion is to be spent by the government for housing, but critics point out that in most areas government money on 40-year mortgages is not so much needed, since the rental space available has been steadily increasing in recent years.

Another measure causing concern is the proposal to burden banks, savings-and-loan associations and businesses generally with the expensive task of deducting tax on dividends at the source.

This not only means hardship for small stockholders—especially retired persons—who may not get their normal income promptly hereafter, but it involves a tremendous amount of paper work for the companies themselves.

It is one of the most costly things in a coffee mill.

The Scottish Standing Committee on Dental Health Education doesn't say so, but probably believes candy, sweetened beverages, soft drinks, cookies, cake and the like cause cavity formation by some direct action of sugar on the enamel.

I do not believe this is so. The harm done by excessive consumption of such chest foods is merely that it satiates appetite so that the child doesn't care about milk, greens, leafy vegetables, greens, cabbage, turnips, celery, beans (fresh, canned or dried), beans, nuts and peanuts—these

are the high-calcium foods which build good teeth, provided the child gets enough sunshine on bare skin daily.

Wearing the least clothing common, custom and the law will allow, throughout vacation time, not only improves dental health but in many cases shrinks enlarged tonsils so that by the time school reopens there is no excuse for subjecting the child to a tonsil operation.

Signed letters, not more than one page in length, and containing no personal attacks and no libelous statements, will be accepted by Dr. William Brady, if a stamped self-addressed envelope is in the Pontiac Press, Pontiac, Mich.

(Copyright 1961)

in the way of tax collection ever suggested.

Oddly enough, it is being estimated by experts that, if the government did a better checking job on corporate stockholder lists and on payments made in dividends each year, it could readily collect from delinquent taxpayers.

Basically, business is worried about inflationary trends and the upward rise of prices brought on by higher wage levels. When an administration seems a balanced budget and even suggests that to balance it is harmful, their business begins to be genuinely concerned about the future.

MORE INDIFFERENCE

The indifference now to the problems faced by American business has become more and more noticeable in Washington.

There was a time when businessmen felt that the coalition of "conservative" Democrats and Republicans in Congress would prevent any serious disturbance of the business equilibrium by hostile legislation. But the coalition seems to have been weakened by defections in both parties.

The tendency to get something while the getting is good seems to have been noted with respect to individual members of Congress.

The administration has been dispensing its favors to Southern Democrats here and there, and has been picking up votes for unsound programs.

Dr. William Brady Says:

Cheat Foods of No Value in Building Good Teeth

The Scottish Standing Committee on Dental Health Education finds that the average child in Scotland has 6 of the temporary tooth decay, or caries, by the age of 5 years.

At the age of 12, when a child should have 28 teeth have been treated or extracted.

The committee estimates that Dr. Brady, 3,609 children in Scotland, aged 16 or under have whole or partial dentures.

The high rate of dental disease in Scotland, says the committee, is due to increased consumption of candies, soft drinks and cookies between meals.

To that it's added increased consumption of sweetened beverages at mealtime or instead of meals, and increased consumption of yam-yam, snappy-crackies instead of wheat or other cereals for breakfast.

The Scottish Standing Committee on Dental Health Education finds that "decreased consumption of hard food, such as apples and carrots" has something to do with the poor condition of the teeth of Scottish children.

Chewing raw apple, carrot, cabbage, celery, potato, turnip and what is good for children and adults too, but I doubt that it's as important as an adequate daily ration of milk would be a great, growing children, 1½ pints for adults.

QUART DELIGHT

If you have never chewed a handful of wheat you have missed a great delight. Even now, if you have the teeth for it, a good daily ration of wheat will provide a substantial amount of vitamin A, vitamin B-complex and vitamin E. If your teeth are not strong enough to crack your own, crack it coarse in a coffee mill.

The Scottish Standing Committee on Dental Health Education doesn't say so, but probably believes candy, sweetened beverages, soft drinks, cookies, cake and the like cause cavity formation by some direct action of sugar on the enamel.

I do not believe this is so. The harm done by excessive consumption of such chest foods is merely that it satiates appetite so that the child doesn't care about milk, greens, leafy vegetables, greens, cabbage, turnips, celery, beans (fresh, canned or dried), beans, nuts and peanuts—these

are the high-calcium foods which build good teeth, provided the child gets enough sunshine on bare skin daily.

Wearing the least clothing common, custom and the law will allow, throughout vacation time, not only improves dental health but in many cases shrinks enlarged tonsils so that by the time school reopens there is no excuse for subjecting the child to a tonsil operation.

Signed letters, not more than one page in length, and containing no personal attacks and no libelous statements, will be accepted by Dr. William Brady, if a stamped self-addressed envelope is in the Pontiac Press, Pontiac, Mich.

Voice of the People:

'U.S. Public Misinterpreted Reports of Demonstrations'

Unfortunately, in the past weeks, very unpleasant reports regarding conditions in Mexico have appeared in the U.S. press. While misstatements and without basis, published reports of public events and demonstrations in Mexico have been misinterpreted by the U.S. public and we are exceedingly distressed.

These reports greatly magnified the importance of two minor demonstrations wherein a very small group of persons participated. Since then, there have been no "demonstrations" of any type.

President Adolfo Lopez Mateos, stated positively that his government will not permit or tolerate any foreign doctrine to alter the order of the nation and that the Republic of Mexico will continue to respect the democratic liberties.

I want to give emphasis to his statements which clarify, before the nations of the world, the policy of our government.

You can appreciate the seriousness of the unfavorable publicity to our beloved Mexico.

Clearly the misunderstandings that we fear exist and make clear that the traditional hospitality of Mexico will always exist. We are neighbors and friends. Our welcome is warm and sincere.

Mexico City

Cesar Balsas

Union Buys Votes Out of Treasury

I am one of the supporters of a Centennial queen contestant and there is a girl running for the CIO and her votes are being bought by the union locals and not with the consent of its members. I am a member of the union and I am supporting another candidate and I don't feel that the union has a right to take money (or does out of the treasury to support their queen.

Let's All Be Fair

(Editor's Note: If the writer of the letter signed "It Is I, A Friend" will please submit his name and address for our files, we will be most happy to publish his letter.)

Believes Something Wrong With Laws

What is wrong with Michigan laws, and the personnel, who have the authority to pass judgment.

No matter what the crime, all you have to do is find a way to escape and get off spot free.

"Money talks" is no joke.

What we need is a darn good whipping post and capital punishment.

Walled Lake

Gertrude L. Johnson

Portraits

By JOHN C. METCALFE

There are whippersnappers as stiff as a board in summer walks. . . .

And just to himself he talks.

There are whippersnappers with signs . . .

When a lofty pine tree sways . . .

And a pallid moonlight night . . .

Stardust on the forest spray . . .

There are whippersnappers in the dawn . . .

When the sea along the land . . .

Underneath a sea of mist . . .

Leaves to the top of the sand . . .

There are whippersnappers in the day . . .

When the heavy clouds remain . . .

And the dark and dismal rain . . .

There are whippersnappers of all kinds . . .

That may echo in the ear . . .

But the whippersnappers of your love . . .

Are the ones I long to hear . . .

Case Records of a Psychologist:

Babies Are Often 'Status Symbols'

CASE J-46: Nancy N., aged 27, is the sex-mad wife mentioned yesterday.

"Dr. Crane," she pleaded tearfully, "I don't want to be like this."

"Really, I love my husband, but every month or so I get this overwhelming urge to have an affair with some other man."

"Yet I was brought up in a good home and went to church every Sunday. So how can I get cured of my trouble?"

"I'm just like an alcoholic who gets a periodic craving for whiskey."

FACTS STOP IMMORALITY

Your editor runs this column to offer your wide area the true facts for stopping immorality and divorce, delinquency and crime.

"The truth shall make you free," states the Bible.

It does so good to offer self-consciously or not, and it is a pleasure to see the modern scientific and psychological pictures and other deplorable influences are widespread.

NOT a primary sexual requirement for wives can be thrilling and thrilling all their lives without a woman.

A lot of sterile wives get jittery and neurotic, not because of any lack of endocrine secretions but because they feel embarrassed at not being "all there as a woman!"

Rachel thus nagged Jacob because she had no children and Hannah was a pain in the neck to her husband until she finally conceived and bore Samuel, the first prophet of Israel.

So this use of a baby as a "status symbol" has been with the human race ever since antiquity.

There are three ways to demolish Nancy's sexual compulsion.

1. Show her that the womb is NOT a primary sexual requirement for wives can be thrilling and thrilling all their lives without a woman.

2. Teach her husband how to satisfy her limited sexual hunger by the modern scientific and psychological data via its pages.

Nancy's craving for sexual escapades is due to her inner feeling of inferiority because of the hysterectomy that removed her womb when she was 17.

"I feel that I'm not all there as a woman," she frankly admitted.

"Which means she gets scared when she sees other wives with their own sex pushing a perambulator or cooing a baby."

It isn't the absence of her womb which causes her craving for an "affair."

STATUS SYMBOLS

No, she regards babies as "status symbols" of normalcy among women.

A lot of sterile wives get jittery and neurotic, not because of any lack of endocrine secretions but because they feel embarrassed at not being "all there as a woman!"

Rachel thus nagged Jacob because she had no children and Hannah was a pain in the neck to her husband until she finally conceived and bore Samuel, the first prophet of Israel.

So this use of a baby as a "status symbol" has been with the human race ever since antiquity.

There are three ways to demolish Nancy's sexual compulsion.

1. Show her that the womb is NOT a primary sexual requirement for wives can be thrilling and thrilling all their lives without a woman.

2. Teach her husband how to satisfy her limited sexual hunger by the modern scientific and psychological data via its pages.

Nancy's craving for sexual escapades is due to her inner feeling of inferiority because of the hysterectomy that removed her womb when she was 17.

3. Help her find adequacy (preferably two) for adoption to divert her maternal urges and cover up her sterility.

We soon did all three and she

immediately became a faithful wife! For women are not sexual creatures in the male sense of that term.

If a wife settles excessively ardent, that is usually an evil.

White House Feels Castro Won't Shoot Prisoners

BY JACK BELL
WASHINGTON (AP) — Kennedy administration officials believe the tractors for prisoners trade — whether it succeeds or fails — may save the lives of 1,300 Cuban invasion captives.

Nobody in Washington feels safe in predicting what action Prime Minister Fidel Castro will take next. But high government officials said today the belief here is that Castro cannot afford now to wheel out his firing squads.

All the evidence adds up to a world-wide propaganda licking for Castro as a result of his offer to trade the prisoners for 500 tractors. Administration officials feel the whole affair has been particularly effective in unmasking in Latin America Castro's pose as a benefactor of the downtrodden.

Riders Heading for Florida City

Mixed Ministers Test S. Carolina Citadel of Segregation

By The Associated Press
The Florida-bound "freedom riders" today continued their protest against bus station segregation after testing South Carolina's citadel of racial separation without serious incident.

The largest of three groups left Sumter, S.C., without difficulty shortly after midnight, en route to Jacksonville, Fla. The four Jewish rabbis, eight white Protestant ministers and six Negro ministers were to change buses at Jacksonville and go to Tallahassee, Florida's capital, before flying back to New York this afternoon.

STAY OVERNIGHT
Two inter-racial groups spent the night in Charleston and were to leave for Savannah, Ga., in the morning. From there the seven men and women in each group were to go to Jacksonville, spend the night, and possibly combine for an extended ride, probably to Tampa, Fla.

The riders left Washington via Greyhound bus to make the first such test of Florida's segregation practices. They were refused restaurant service in two small South Carolina towns but encountered no trouble in the Charleston terminal restaurant.

Two buses brought 14 of the riders to Charleston from Wilmington, N.C. A third bus carried the clergymen from Raleigh, N.C., to Sumter, where they halted for a church service. The clergymen were refused lunch counter service at a motel cafe on the outskirts of Sumter. They later ate at a Negro cafe.

Yellow Rain Startles Massachusetts Folks

BOSTON (AP)—Yellow rain fell in scores of Massachusetts communities Wednesday.

It caused much wonderment and startled a few who were sure it was an atomic fallout.

The Audubon Society explained the 80-degree temperatures of Monday and Tuesday released pine tree pollen.

The rain washed it across the state.

RELIGIOUS THEME—Pontiac area Catholic parishes combined in sponsoring this float, which features a replica of the first Catholic church in Oakland County. Costumed Centennial celebrators will ride on this and the other floats in parade which wheels at 2:30 p.m. Saturday in downtown Pontiac.

In Reading Program

Mrs. Lynette R. Payne of 263 Delwood, reading teacher at Jefferson Junior High School, has registered for a five-day reading institute sponsored by Science Research Associates of Chicago. The institute will be held at Detroit, June 26-30. It will be led by a specialist in the field of reading. The program is aimed at enabling teachers to initiate their own reading programs or to improve existing programs.

Village Proxy Lasted 27 Days

Pontiac's 1st Boss Quit Quickly

Editor's Note: This is the fourth in a series of articles about early times in Pontiac, based upon records at City Hall. More accounts will follow in The Pontiac Press during the Centennial celebration. Having tracked down some humorous oddities about Pontiac before the turn of the century, David S. Teel, administrative aide to City Manager Walter K. Willman, turned again to the beginning chapters of the old records at City Hall to record some serious moments.

But the first items he noted strike us as funny today. At the first meeting of the newly formed Village Council on May 1, 1837, the first official act was to establish a fine of \$1 for absent members.

The first village officials were chosen at the same meeting, including Daniel LeRoy as the first village president.

LeRoy promptly quit 27 days later. The records don't tell why.

Here are some other early items Teel noted:

In its first year, the village government spent \$497.37. Revenue for this budget was raised primarily from a poll tax of \$1.25 levied on the male citizens who were eligible to vote in village elections. The rest came from a property tax of one-quarter of 1 per cent.

Administrative matters of the village were carried out by five standing committees of the council: Streets and highways, accounts, taxation, nuisances and significantly — stoves, chimneys and fires.

The significance of the latter committee became obvious three years later when the 1840 fire destroyed almost every building in the center of the village.

The fire might have been worse, except that the year before following two years of study, the vil-

lage had purchased its first fire engine, a \$300 job manufactured by the Great Falls Co. of Windsor, Vt.

A year after the fire, the fire committee was reporting that it had made the first complete inspection of the buildings in the city and had ordered fire hazards corrected.

This was something like shutting the barn door after the horse had escaped. But the principal of fire prevention had been learned the hard way. There's not been a bad fire since.

The biggest obstacles some people say "Early to bed and early to rise" means the TV program on last year's . . . Nowadays — Earl Wilson.

Oil Heat Council YM Filling Up Swim Classes

Promotion Group Will Welcome David Gee as New President

At its annual dinner meeting at 7 p. m. Tuesday in the Waldron Hotel, the Oakland Oil Heat Council will welcome David H. Gee of the Gee Oil and Oil Co. as president for the 1961-62 fiscal year.

Gee, a charter member of the fuel oil dealers promotional group served as president this past year.

The council is composed of retail fuel oil dealers in Oakland County and is concerned with keeping the public informed of the advantages of oil for heating and hot water supply.

H. H. Smith of the Smith Oil Co. will be introduced as the new vice president; and James E. O'Connor of the Guardian Fuel Oil Co., Royal Oak, as treasurer. O'Connor is stepping down as president.

It is expected that over 60 fuel oil firms will be represented at Tuesday's meeting to hear and hear the 1961-62 promotional program presented by Fink, Carpenter and Tan of Detroit, the council's advertising agency.

With fuel oil at its lowest price in five years in the county, and oil's major competitor for the heating market having just been granted another rate increase by the Michigan Public Service Commission, additional factors besides cleanliness, safety and efficiency of oil heat will be stressed in the 1961-62 promotional efforts.

This will be the third year of operation for the local oil heat group which has its offices located in the Waldron Building, James R. Stelt of Pontiac has been secretary of the group since its formation.

The local headquarters has films and other information available for public and group use that tell the story of today's oil heat.

For the fifth consecutive year, the Pontiac Rotary Club, in co-operation with the Pontiac YMCA, is sponsoring learn-to-swim classes in the "Y" pool.

The learn-to-swim campaign is directed at boys and girls nine years old or over who don't know how to swim, said John J. Moreau, "Y" aquatics director.

Registrations for the free classes, which will be offered for two weeks beginning Monday, are now being accepted at the "Y".

Classes for boys will be held the first week, for girls the second. Seven classes for each group have been planned, running from 9 a. m. to 3 p. m.

Rotarians under the direction of Richard Templeton, chairman of the 1961 campaign, have contacted all elementary schools in Pontiac and secured applications of interested children.

BRING PARENT

The applications merely serve as interest finders, not as registration slips, Moreau, who will instruct the class, pointed out.

Each child must be accompanied by a parent to register.

Boys and girls who are "Y" members are not eligible. "They learn to swim through our regular program," Moreau said.

Children in the program will receive five hour-long lessons, with each class limited to 35 pupils so that individual attention may be given the learning swimmers, Moreau said.

"While there's room for 465 boys and girls, classes are filling rapidly," Moreau said.

"The need for enrolling children promptly cannot be overemphasized. Each year we have to turn some children away because our facilities will accommodate only that number."

Deadline for registering boys — provided enrollment capacity is not reached earlier — will be Monday morning, Moreau said.

Girls may be registered next week if vacancies exist.

Because of the large number of children enrolling, the "Y" will not accept registrations by mail or phone.

Reservations for the classes sponsored by the Rotary Club as a community service are being taken on a first-come, first-served basis.

"These classes may save your youngsters' lives," Moreau said, in appealing to parents to enroll their children.

Children may be registered from 9 a. m. to 10 p. m. today through Saturday in the lobby of the "Y" at 131 Mt. Clemens St.

Nigeria Refuses to Join Union of African States

LAGOS, Nigeria (AP)—Nigeria declined Wednesday night to join the Union of African States formed by Ghana, Guinea and

Mail. Nigeria is the most populous African nation with an estimated 53.3 million population. Information Minister T.O.S. Benson said such a political union now would not be expedient. He emphasized Nigeria's policy of nonalignment.

Dies of Heart Attack

HOLLYWOOD (AP)—Eddie Foy, 86, veteran actor who gained fame as a stunt man in many movie serials from 1914 to 1924, died Wednesday, apparently of a heart attack.

Seek to Help Less Fortunate

Third Graders Call Parents Nuttly but They Love Them

Vanguard of Kennedy's
Peace Corps Made Up
of Unselfish Men

By The Associated Press
Happy that they'll be able to help their fellow man wipe out disease, poverty and illiteracy wherever in the world they exist, and to help their country, too, that about sums up the heart-warming reaction by the skilled men chosen to be the vanguard of President Kennedy's Peace Corps.

Listen to Matthew M. DeForest, 31, a Marine veteran. He was among the 15 chosen to aid in a two-year development program in Colombia.

"This may sound kind of corny," DeForest said Wednesday, "but I think the first duty is to ward God, then toward our country and then toward ourselves. I think the Peace Corps is good because, it can help you serve all three."

MONEY-IMPORTANT
DeForest, a truck driver who is also a truck and bulldozer mechanic, lives with his parents in Chicago, Ill.

As for "living conditions and low pay," he says: "The conditions don't worry me. I've been a Marine. As for the money, that's not important."

Each man is expected to live under the same conditions as inhabitants of the villages and the farms of the country to which he has been assigned. All those selected are single and between the ages of 19 and 31.

WANTS TO GIVE
Jeremiah Parson, 24, of Albany, N.Y., one of 12 men chosen to assist in a road-building program in Tanganyika, commented: "I hope I'll be able to give them as much as they'll give me."

A former paratrooper, Parson is employed by the Connecticut Highway Department as a technician in its materials testing department.

**Iowa Lawmakers Get
Cots for Noon Break**
DES MOINES, Iowa (U)—Members of the Iowa Legislature can get 45-min snoozes at noon-day if they wish, but they have to climb 40 steps to do it.

Cots have been provided in an empty room above the Statehouse chamber. One legislative employee observed: "You'll really need a rest after the climb."

VALLEY STREAM, N.Y. (AP)—They yell, they're pretty nutty, but they're loved—a few samples of what some third graders think about their parents.

The 5-year-olds at Brooklyn Avenue School in the Long Island community were asked by their teacher, Annette Higgins, to write anonymously their views on three topics: Parents; School and Teachers; Why people should like me.

On parents:
"Parents are O.K. I guess but sometimes they yell and hit and that makes me mad. But no matter what I still love them."

"They're pretty nutty if you ask me."

"This may sound kind of corny," DeForest said Wednesday, "but I think the first duty is to ward God, then toward our country and then toward ourselves. I think the Peace Corps is good because, it can help you serve all three."

On school and teachers:
"School is for children who want to learn. But if you don't want to learn you have to go anyway."

"I didn't used to like school but I like it now."

"My teacher is very nice. I like her perfume."

"If I never went to school I would be stupid but I would be happy."

On themselves:
"A lot of people like me but I don't know why."

"I try my best but still some people do not like me."

"I guess people like me because I am very nice."

"If both parents love you at the same time, that's great."

"They don't understand children very much."

"I think parents are lucky to have children."

"I try my best but still some people do not like me."

"I guess people like me because I am very nice."

"If both parents love you at the same time, that's great."

"They don't understand children very much."

"I think parents are lucky to have children."

"I try my best but still some people do not like me."

"I guess people like me because I am very nice."

**Mechanic's Quick Look
Reveals the Difficulty**

TOPEKA, Kan. (AP)—Isaac Price stopped at a service station on his way to work when he noticed his temperature gauge going haywire.

The reason was apparent when the attendant lifted the hood. The radiator and hose had been stolen during the night.

The U.S. has 80 per cent of the world's motor vehicles.

Stevens Pick Confirmed

WASHINGTON (AP)—The Senate Wednesday confirmed by unanimous voice vote the nomination of Floyd Stevens by President Kennedy for U.S. marshal for Western Michigan.

**Sells Fishing Worms
on the Honor System**

LOUISVILLE, Ky. (AP)—A C. Gandy sells fishing worms on the honor system.

He leaves boxes of worms on an outdoor table for the customer to serve themselves day or night and says the money is never short. Sometimes, he adds, it comes out a little extra.

An average adult has half an ounce of sugar in his blood.

Quemoy Exporting

TAIPEI, Formosa (AP)—The Chinese Nationalist island of Quemoy periodically shelled by Red Chinese artillery, has begun exporting vegetables to Formosa.

EXPECTS TO BE MAYOR —

Victor H. Schiro, 57-year-old insurance executive, will become acting mayor of New Orleans as soon as Mayor deLesseps E. Morrison resigns to become U.S. ambassador to the Organization of American States.

**Swainson Gets
JFK's Promise**

President Will See What He Can Do About More Work for State

LANSING (AP)—Gov. Swainson says President Kennedy has promised to see what can be done in channeling more military contracts to Michigan, hard hit by unemployment.

But Republican State Chairman George M. Van Pelt believes more defense work is not the solution to the unemployment problem.

Swainson conferred at the White House Wednesday with Kennedy, urging him to give special consideration to Michigan in defense work. Later he told newsmen:

"I am very much encouraged by the President's recognition of our problems."
Latest official figures show that 11.3 per cent of the Michigan labor force is out of work, the governor said. He added that there are signs of an upturn in the Michigan economy just as there is elsewhere, but because of automation employment is not picking up proportionately.

Van Pelt said that defense contracts would serve to ease the state's condition but would offer no permanent solution to the problem of chronic unemployment.

"Many of those industries which are now engaged in defense work, at one time, located in Michigan," he said. "They would be here today were it not for the growing economic squeeze on industry which has forced it to increasing numbers to seek out more friendly states."

Van Pelt criticized Swainson for vetoing the unemployment compensation bill which would have bolstered the sagging jobless pay fund and canceled out the State Supreme Court's Ford-Canton decision.

**Jobs, Firms for UP
Will Be Discussed**

HOUGHTON (AP)—Plans for getting more industry and jobs in Upper Michigan will be discussed at a meeting of Michigan industrial ambassadors here June 22.

The ambassadors are industrialists and businessmen designated by the governor of Michigan to help promote new industry in the state.

The chairman of the group, Roblee B. Martin, president of the Dundee Cement Co., will head a delegation of ambassadors from Lower Michigan to study the advantages Upper Michigan can offer industry.

The meeting will be held at Michigan College of Mining and Technology which is playing a key role in getting new industries above the Straits.

**Says It's Duty of Press
to Report Cuban Crisis**

CAMBRIDGE, Mass. (UPI)—Joseph Pulitzer Jr., editor and publisher of the St. Louis Post-Dispatch, said Wednesday it was the duty of the press to report fully the Cuban crisis "despite denunciations from the high echelons."

He said voluntary self-censorship, such as President Kennedy suggested to editors following the Cuban debacle, was a matter for the individual conscience of editors.

"Suppression would weaken public confidence," he said. "Enlightened public opinion would languish in the twilight of half truth."

Police Union Wins Victory in Court

MUSKOGEE (AP) — Unionized Muskegon police officers won a victory Wednesday in a ruling by Circuit Court Judge Noel P. Fox despite his denial of a writ of mandamus in their behalf.

Judge Fox ruled there were no grounds for a writ calling on the City Commission to rescind its order for police to sever union ties since the commission action of March 14 was "a nullity."

The commission, through Police Chief Fred Castenholz, ordered the officers to drop membership in Local 201 of the State, County and Municipal Employees Union or face

dismissal. A temporary injunction has blocked disciplinary action pending the court ruling.

South Carolina Teacher Was Born to Career

COLUMBIA, S. C. (AP) — Mrs. Margaret McLeod Edwards, head teacher at Withers Elementary School, embarked on a school career early.

She was born in a school house.

Her birth occurred while her father and mother lived in vacant rooms above the Cartersville High School where her father served as superintendent.

Burma has 261,792 square miles, slightly less than Texas.

Gov. Dempsey Hits Predictions of Traffic Deaths

HARTFORD, Conn. (AP) — Gov. John N. Dempsey has criticized the National Safety Council for its public predictions of holiday traffic death tolls.

The governor said the predictions either leave motorists unconcerned or create a feeling of anxiety or nervousness in drivers.

"I for one don't want any anxious, nervous drivers on our highways, especially during a holiday when traffic is exceptionally heavy," Dempsey said.

The governor also disapproves of the manner in which the estimates are later interpreted.

If the death toll was 34 fewer than the 438 predicted over such a holiday," he asked.

"Will we rejoice that 34 lives were saved and only 402 persons were killed? This is a natural reaction when a performance is better than anticipated."

Mother's Young Enough for a Romantic Fling

EMPALME, Mexico (AP) — Manuel Garcia, 40, reported to police that his mother, Elisa, 60, had disappeared.

"But I am not too worried," he told officers, "because I have reason to believe she has eloped with a neighborhood boy friend, Felipe Arriaga."

Locate Cannon Primers From the Civil War

CHARLESTON, S. C. (AP) — A leather pouch containing a rare find of undamaged Civil War cannon primers was uncovered by workmen at Ft. Sumter, where the first shots of the war were fired.

Black powder is the primer, was ignited by friction when the primer pulled a lanyard. The primer explosion set off the main powder charge in the base of the cannon.

Seeds Come Long Way

Big Parade Kicks Off Centennial Saturday

IN CENTENNIAL PARADE—Detroit Edison Co.'s Lamplighters Drum & Bugle Corps will look like this in the giant parade kicking off the Greater Pontiac Centennial at 2:30 p.m. Saturday in downtown Pontiac. The group is one of more than 200 units scheduled in the two-hour parade.

Lots of Color to Mark Floats

The floats in the Greater Pontiac Centennial parade will be the most colorful ever seen in Pontiac—the most imaginative, the most impressive.

In brief, they'll be the MOST. That's the way the line up is described at Centennial Headquarters, where planning for the floats has been going on for several months.

There'll be 15 of the glittering attractions in the two-hour parade at 2:30 p.m. Saturday, the first day of the June 15-24 Greater Pontiac Centennial celebration.

To insure uniformly high standards and harmony, all the floats have been prepared by professionals working under contract with the Greater Pontiac Centennial Commission.

After weeks of hard work, most of the floats are finished with only some final touches to be added before the big day.

FLOAT SPONSORS
The pictorial preview here includes examples typical of others still carefully guarded under lock and key.

Float sponsors include The Pontiac Press, the Pontiac Area Chamber of Commerce, the Catholic parishes of Pontiac, the Downtown Merchants Association, Community National Bank, Sears Roebuck & Co., Pontiac Motor Division, GMC Truck & Coach Division, Fisher Body Division, Universal Oil Seal, Baldwin Rubber Co., Pontiac State Bank, Pontiac Police Officers Association, Consumers Power Co., Coca-Cola Bottling Co. of Pontiac, BPOE Lodge 3101 Michigan Bell Telephone Co., Pontiac Board of Realtors and the Pontiac area oil dealers.

Clowns to Help Parade Move at Comic Gait

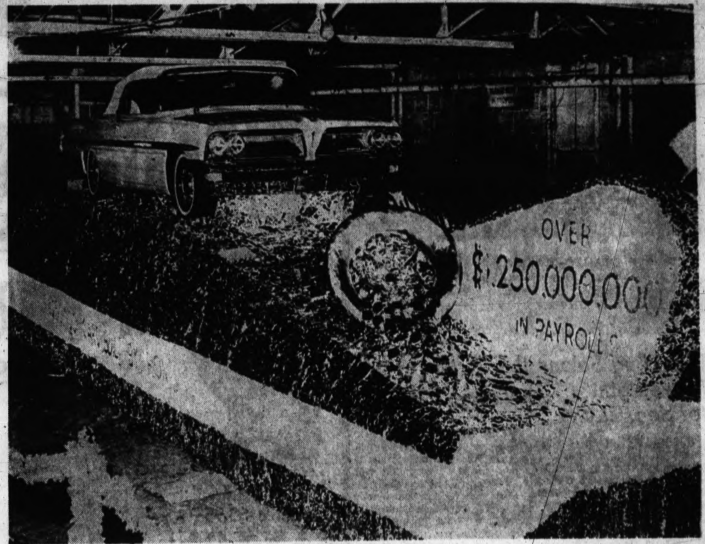

Every now and then, as you stand there at the curb, something will come by to bring you chuckles or out-and-out guffaws.

The first bunch of clowns coming by will be, really, six members of the Avondale Fire Department in a 1928 firetruck. More will follow from time to time.

The Automat Car Wash will have clowns attempting to wash a 1921 Ford as it moved down the street.

A group of high school-age clowns will be led by Marilyn Tomkins, 228 Oakland Ave.

Some of the other persons signed up to participate as clowns include Frank Harper, 1666 Canterbury St., Dale and Ann Bounce, 460 N. Saginaw St., Betty Engleton, 365 Exmoor St., and M. J. O'Connell, 23 James St.

GLITTERING PONTIAC—Gold is the color theme of the Pontiac Motor Division, reflected in the color of the Bonneville model and the cornucopia, symbolic of the division's huge annual payroll here. The all-gold Bonneville has starred at many auto shows.

Pontiac Press Photo

Military to March in Full Force

The strident blast of a military band, the snappy step of a man in uniform, the fluttering of the flags—these are the martial elements that make any parade a success. The elements will be fully represented in the Greater Pontiac Centennial parade Saturday.

Airlifts are bringing the Fifth Army Band and the U.S. Navy Great Lakes Band here from Chicago to join in the two-hour long march.

The army band will be right in front, immediately after the Armed Forces color guard.

Other military moments will follow. The Air Force has provided a Bomarc guided missile, 45 feet long.

NATIONAL GUARD, TOO
There'll be a 125-man troop from Company E of the Second Battle Group, 125th Infantry, of the Michigan National Guard.

The Pontiac Naval Reserve Training Center is sending a white-uniformed 100-man surface division.

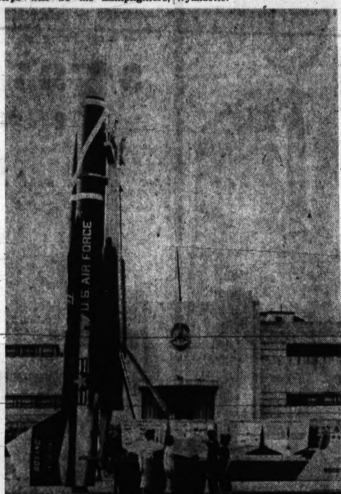

From the Grasse Ile Naval Air Station there'll be a model aircraft carrier and a uniformed drill team.

Pontiac naval reservists also will man a float.

From the Army will come a 106mm recoilless rifle mounted on a Jeep.

Color guards also will come from the Mayflower Post of Plymouth, Mich.; the Detroit Edison Co.; Lamplighters, the Fraternal Order of Police, Knights of Columbus, Pontiac Council 600, Fraternal Order of Eagles and the

the Pontiac Boys' Club, the T Birds Junior Drum & Bugle Corps of Detroit and the Royal Lancers Junior Drum & Bugle Corps of Wyandotte.

SPACE-AGE ENTRY—This 1M59 Bomarc surface-to-air intercontinental missile will be an attraction in the Greater Pontiac Centennial parade in downtown Pontiac Saturday. Part of the SAGE system, the missile is designed to intercept enemy aircraft or missiles before they reach the U.S.

Many Cars of Yesteryear Will Chug

Downtown Pontiac will re-echo with the "putt-putt" sounds of yesteryear during Saturday's Centennial parade.

Vintage automobiles have an appropriately important place in the 100th anniversary celebration of this automotive center. And all the tin lizzies will move under their own power, too.

Pontiac Motor Division and GMC Truck & Coach Division will each furnish several antique models.

From Pontiac, there'll be the 1907 Oakland—first model of the predecessor of the Pontiac car—and a 1923 Pontiac.

From the truck and coach plant, there'll be a 1915 stake truck, 1916 platform truck and a 1917 ambulance.

Both companies will furnish some brand new models, too.

Some of the other vintage vehicles:

A 1913 Oakland from Don Woods, 6384 Dixie Highway, Waterford Township; a 1927 Pontiac, a 1921 Model T truck and a 1925 Model T car, all from Austin Adler, 118

Baldwin Ave.; a 1926 Reo firetruck from the Avondale Fire Department.

A 1921 fire truck from the Pontiac Volunteer Fire Department, Box 115 Chub; a Buick & Lang 1914 electric from Detroit Edison Co.; a 1926 Model T car, carrying members of Cub Scout Pack 81; four imitation 1905 Oldsmobiles from the Kroger Co.

A 1928 Pontiac from Robert B. Derby, 1540 N. Lapeer Road, Lake Orion; a 1924 Buick from Walter Jeffreys, 100 Main Ave.; a 1903 Ford from Seattle Motor Sales, 5065 Dixie Highway, Waterford Township.

A MAXWELL, TOO
A 1908 Maxwell from Leonard Davis, 1365 Whitney St.; a 1921 Ford from Edward Doughty, 3742 Brookdale Road; a 1927 Dodge fire truck from the Rochester Fire Department; a 1925 Model T fire truck from the Clarkson Fire Department.

A 1925 Model T stake truck from Chas. D. Castel, 2823 Walnut Lake Road, Birmingham; a

1913 Ford from William Means, 2861 Green Lake Road; a 1927 Ford from James S. Hudson Jr., 1791 Sherwood Road; a 1923 Overland from Julian Fortin, 9600 Sashabaw Road.

A 1929 Hupmobile from James Lee Smith, 255 Raeburn St.; a 1930 Model A from Jackie Rae Voorhees, 255 Dick St.; a 1932 Ford from the Pontiac Shrine Club and a mysterious vehicle of no known make or date from the Fraternal Order of Police.

From Dr. Charles Bowers, 139 Barrington Road, there'll be a 1906 Cadillac, a 1907 Renault, a 1909 Model T, and a 1922 Cadillac.

The Tom Thumb Midgets ball team will ride in a 1929 Buick and a 1928 Model T.

Along the same vein, there'll be 10 old bicycles from Scarlett's Bicycle & Hobby Shop, 20 E. Lawrence St.

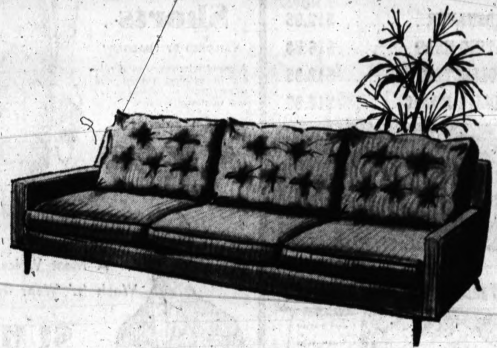

And an elderly lady, Alma Konkle, 80 Howard St., has promised Centennial headquarters that she'll push a 100-year-old baby buggy in the parade.

JUST LIKE HOME—A comfy cottage with a rose-covered picket fence was chosen by the Pontiac Board of Realtors as the feature of their Centennial parade float. Realistic window boxes add to the colorful effect.

VEHICLES FROM YESTERYEAR—A bearded George W. Tuck, 73 S. Shirley Ave., shows off the vintage velocipede and 1906 Kibinger auto that he has in working order for the Greater Pontiac Centennial. The car is a real "horseless car-

riage," since its body was produced by the Kibinger Buggy Co. of Auburn, Ind., and used for one of the first automobiles instead of a horse-drawn buggy.

Pontiac Press Photo

AP Photofax
NEARLY SPEAKING—Niki and Yogi, five-month-old bears, seem to be having a lively conversation at Whipsnade Zoo in Bedfordshire, England. They now have graduated to the children's section of the zoo where they have their own pit in which to romp around.

Rambling Solons Prove Point for Sen. Clark

WASHINGTON (AP) — Sen. Joseph S. Clark, D-Pa., told his colleagues Wednesday afternoon's session provided a perfect example of why the Senate should adapt a germaneness rule.

Such a rule would require that senators, in their speeches, stick to the business at hand. Under present rules, they may discuss anything.

The Pennsylvania noted that the nomination of Joseph C. Sweeney to the Federal Power Commission was taken up at 12:30 p.m. but that at 2:35 p.m., not one word had been said on it. Numerous speeches had been made on other subjects.

"But I believe in following the Senate rules we have," Clark went on, "and so I now am about to make a one-half hour non-germaneness speech."

"I hope it may exasperate my colleagues so much they will support my rule to require germaneness in the Senate."

P.S.: Clark's speech, with interruptions, took 56 minutes.

U.S. Won't Cut Staff at Geneva Test Talks

WASHINGTON (AP)—The State Department said Wednesday that there are no immediate plans to reduce the U.S. negotiating staff at the Geneva test ban talks.

Department spokesman Lincoln White was questioned about a New York Herald Tribune report that the Kennedy administration is now considering such a step.

White also said he did not know of any plans to recall Arthur Dean, chief U.S. negotiator at the Geneva conference.

Ants Lap Up Tasty Wires, Put Traffic Light Out

TULSA, Okla. (AP)—A busy intersection's traffic signal went on the blink for nearly four hours—ants found the wiring faulty.

Electronics Technician Bob Ogan explained: The insects apparently found a certain type of wiring insulation to their liking. They ate it off. Then some ants bridged between the wires and the metal control box case, shorting the signal.

The insulation was replaced—with a type less appetizing to ants.

Model Plane Contests to Be Held in Dearborn

The annual Michigan State Exchange Clubs' model airplane contests will be held at Ford Motor Co. test track, Dearborn, on Sunday, June 25, from 8 a.m. to 5 p.m. Contestants will enter from all parts of the state and will compete for Exchange Club trophies in 27 events.

A Navy carrier event is an added feature this year which will be staged from a miniature carrier deck and will be judged by Navy personnel from Grosse Ile Navy Base. The regular schedule of events will include free flight, Pan American pay load, tow line glider, radio control, speed, stunt and fly-by scale.

Legion Sets Election

The American Legion, Cook Nelson Post 26, at 306 Auburn Ave., will elect a slate of officers during Monday's meeting, starting at 8 p.m.

A teacher complained about one of her pupils. "Not only is he the worst behaved child in school—but he has the best attendance record!" ... Being an early riser has its advantages; you can kiss the kids goodnight when they come home—Earl Wilcox

Traffic Accidents in Pontiac Hit 226 During May

There were 226 traffic accidents in Pontiac during May, up from 183 the previous month, according to the Pontiac Police Department's month-end report.

It was the second successive month in which the monthly accident total has risen. Accidents in March totaled 174.

One fatality in May boosted Pontiac's 1961 traffic death toll to five persons. Through the same period of 1960, five persons also died in traffic accidents.

In 58 of the accidents persons were injured, while the remaining 167 involved property damage only.

The report showed 108 persons injured in traffic mishaps in May, up from 92 in April.

Through May, accidents this year totaled 1,048, down from 1,209 for the same period last year.

Ice for Warm Springs

GONZALES, Tex. (UPI)—The Gonzales Warm Springs Foundation Rehabilitation Center uses around 70,000 pounds of ice a year. The ice doesn't keep the warm springs from getting hot — it's used in various types of therapy.

EXHIBIT WORK—Madison Junior High School students and art teachers are shown here with a few of the items in an art display they set up this week at the Detroit Edison office, 38 W. Huron St. Examining the exhibit, which closed

yesterday, are (from left) Judy Crickson, 13, of 365 First St.; Ronald Everett, 14, of 577 Markie St.; and Pauline Woodin and Roger Maison, arts and crafts teachers. All the works on display were designed and executed by Madison students.

Will Fete Centennial Marchers

For the colorful drill teams and twirling units adding skill, thrills and excitement to the two-hour Greater Pontiac Centennial parade Saturday, there'll be something new and different afterwards.

On the grounds of Winner School at the end of the 1½-mile march, the visiting teams will be held at a reception, arranged by Jackie Rae Voorhees, whose Rae-Vens Drill Team will be hostesses at the parade.

After refreshments, there'll be presentation of awards for the outstanding performances in the parade.

Participating units will be judged from the official reviewing stand at the corner of Huron and Saginaw Streets.

Parade planners have given much credit to Miss Voorhees for lining up the participating drill teams and twirling units. Most of them will be here as a result of her personal efforts.

WONT COMPETE

The Rae-Vens themselves will be the first drill team in the parade. The off-honored team will not be competing this time because of its roll as hostess.

Other drill teams in the parade are the Windmill Guards Rifle Drill Team of Holland, Mayflower

Post Ladies Drill Team of Plymouth, Sylvan Lake Elks Lodge Drill Team, U.S. Navy Tars and Rifles Drill Team, Baby Boy Scout Troop 106 doing a snake dance, Miss Boys Club, members of the Sunset Club of Pontiac in Centennial outfits, Pontiac Boy Scout Troop 166, and the Detroit Edison Co. callopie.

Twirling units include the Westernaires of Sarnia, Ont.; Berkeley Sabres, Rosettes Twirling Corps of Lincoln Park, Purple Guard Twirling Corps, Maple Maidens of Adolphus, Ohio; CAI Twirlers, Skyliners Twirling Corps., Taylor Maids Twirling Corps. of Royal Oak, and the Jerry Walk Twirling Corps. of Royal Oak.

Some of the miscellaneous part of the parade will feature Centennial clad members of Tipacop

Chapter of the American Business Women's Association riding in a Pontiac convertible, the Goodwin Boy Scout Troop 106 doing a snake dance, Miss Boys Club, members of the Sunset Club of Pontiac in Centennial outfits, Pontiac Boy Scout Troop 166, and the Detroit Edison Co. callopie.

There'll be a added color by Julianne School of Music accordion bands and a jazz combo, the Firehouse 4 plus 2 Teen-age Dixie Land Band.

Plenty of Passports

WILMINGTON, Del. (UPI)—Passports issued to overseas travelers through Federal Court here reached an all-time high of 1,834 in 1960, Clerk of Court Edward G. Pollard disclosed.

Ask \$25 Donations to Re-Elect Hoffa

WASHINGTON (AP)—Two executive vice presidents of the Teamsters Union have asked 3,000 local union officials to shell out \$25 each for a fund to re-elect James R. Hoffa Teamsters president.

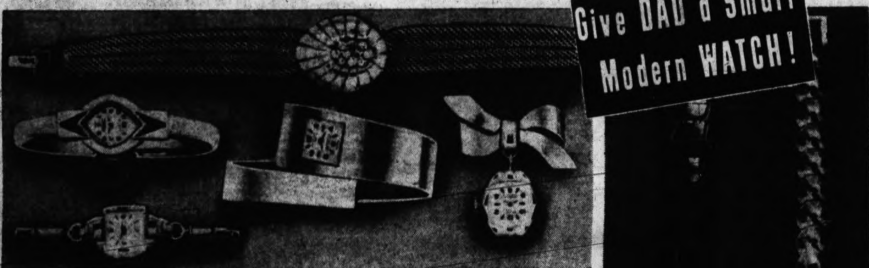

The fund raising campaign was announced Wednesday night by a Teamsters spokesman.

The requests for donations were sent out May 13 in letters signed by Harold J. Gibbons of Washington and the late Omer B. Brennan of Detroit, the spokesman said.

Brennan died about two weeks after the letter was sent out.

An average two- pound sugar beet contains 4 teaspoons of sugar.

Kalamazoo Cleric Head of Reformed Church

GRAND RAPIDS (AP) — Rev. William Haverkamp of Kalamazoo Wednesday was elected president of the annual synod of the Christian Reformed Church.

It opened business sessions before 124 delegates to the synod, highest governing body of the denomination, which has its headquarters in Grand Rapids.

Rev. Adam Persenaire of Dundas, Ont., was elected vice presi-

dent. Rev. Richard Frens of Rochester, N. Y., took office as first clerk, and Holland Christian High School teacher Hervy Britt was elected second clerk.

To Sell Contraceptives

TUNIS — Contraceptives go on sale today at the state-controlled central pharmacy at fixed prices under a new law. The director of the pharmacy said the aim of the law is to fight Tunisia's economic backwardness by stopping population growth.

Blames Public for Lawlessness

Robert Kennedy Says Public Too Intent on 'Extra Buck'

NEW YORK (AP)—Atty. Gen. Robert F. Kennedy said Wednesday the public was too concerned about "earning an extra buck" to become aroused about crime and corruption.

"Law enforcement is going to be as good as the people want it," he said.

Kennedy made the comment to newsmen on a three-hour tour of the United States Courthouse, meeting and shaking hands with staff members. He said:

"We make some progress, but we're going to have organized crime and corruption in the United States as long as the attitude of the people remains what it is—acceptance of crime and corruption—and the most important thing is having bigger television sets, bigger autos and earning an extra buck... concentration on material goods."

Kennedy said "a good deal of under-the-table operations and pay-offs" existed in stock transactions, although not involving major firms.

The brother of President Kennedy said gambling was the main income source of major underworld operators and that they used this revenue to conduct other ventures, such as taking over unions, getting control of companies and bribing athletes.

Asked whether legalized gambling might be the answer, Kennedy said:

"No, not as far as the federal government is concerned."

FINE WHISKERS! — Pontiac labor leaders attending the 14th annual meeting of the Michigan United Fund held in Lansing compared beards with noted star of Broadway, radio and TV, Earl Wrightson (center). Andrew Carruth of Drayton Plains (right) and Robert Hudson, Local 653, were delegates to the meeting which saw Jack F. Wolfram, Oldsmobile Division general manager, named MUF president. Wrightson had come from New York to entertain the 625 united campaign leaders.

8 From State, Ontario Get Freedom Awards

MAYORS Louis C. Miriam of Detroit and Michael Patrick of Windsor, Ont., today announced that eight men from Michigan and Ontario will be presented Freedom Awards during the annual week-long Freedom Festival, starting June 28.

The citations will go to the presidents of four auto companies—Henry Ford II of Ford, John F. Gordon of General Motors, L. S.

Colbert of Chrysler and George Romney, 130 E. Valley Road, Bloomfield Hills, of American Motors — and to Ray R. Eppert, 255 Lone Pine Court, Bloomfield Hills, president of Burroughs Corp.; Harry J. Leynd, president of Parke, Davis and Co.; George de Young, president of Atlas Steel Limited, Hamilton, Ont.; and B. T. Richardson, editor of the Toronto Telegram.

"The Freedom Festival is held to mark the ties of friendship between Canada and the United States.

Nigeria, Poland in Pact

WARSAW, Poland (AP) — Poland and Nigeria announced Wednesday they will cooperate economically and exchange ambassadors. A communique said this Communist nation will send technical experts and a number of industrial plants to the African nation, to which Britain gave independence last Oct. 1.

15 Teachers and Principal Will Retire

This week is generally looked upon as student graduation week in the Pontiac School District, but it also marks the retirement of 16 educators in local schools.

The 15 teachers and one principal who are retiring represent a total of 510 years of service in Pontiac schools.

Three of the educators have

RUSSELL W. EVANS

spent more than 40 years each in Pontiac. Topping the list is Eva M. Walling, second grade teacher at the McCarroll School, with 42 years' service.

She started teaching here in 1919. One year later another McCarroll teacher, Mrs. Everett M. Peterson, came to Pontiac.

With 41 Years Each

Mrs. Peterson and Adeline Hook, principal of Longfellow School, both are retiring with 41 years' service. Miss Hook has been a principal in Pontiac schools for the past 20 years.

Mrs. Peterson is a kindergarten teacher. The McCarroll School also will lose Mrs. Norman Allen, sixth grade teacher, who has served here for 34 years.

Two teachers will retire at both Crofoot and Webster schools. Retiring at Crofoot is Ethelwyn Ashley, sixth grade teacher with 30 years' service, and Mrs. Ervin Davis, fourth grade teacher in Pontiac for the past three years.

Retiring at Webster are Mrs. Alfred Rothweiler, third grade teacher, 35 years' service, and Emma Spears, fifth grade teacher, 31 years' service.

Others retiring include Mrs. Martha Larsen, fourth and fifth grade teacher at the Hawthorne School, with 39 years' service; Mrs. Ruth Wright, fourth grade teacher at the McConnell School with 14 years, and Mrs. Kenneth Eaton, first grade teacher at the Baldwin School, 33 years.

Klone B. Hartman, study hall teacher at Pontiac Central High School, will retire after 34 years here, and Ernest Watson, social

studies teacher at Washington Junior High School, leaves after 33 years in local schools.

The remaining three retirees are Lincoln Junior High teachers. Leaving are Lucille M. Albers, Latin and English teacher, 32 years; Mrs. Ronald Mountain, speech teacher, 35 years; and Mrs. Milton Young, mathematics teacher, 30 years.

'SIGNIFICANT LOSS'

"This is a real and significant loss of talented educators through retirement," said Dr. Philip J. Pross, assistant superintendent in charge of personnel.

"Full recognition is due these fine professionals who, through the science and art of teaching, have made lasting contributions to the educational growth of youth," he said.

The Pontiac Board of Education has drafted and approved a resolution to these educators "high commendation and sincere thanks for work done with merit and distinction in our schools."

AP Photo

TOONERVILLE TROLLEY—When the heat hit 95 for the highest mark of the year, this is what happened to Metropolitan Transit Authority tracks at Huntington Avenue in Boston. Despite heat-warped rails, cars were able to move slowly over the roller-coaster section. The rails are back straight and narrow today after quick work by MTA service men.

There were only 8,000 automobiles in the U.S. in 1900. There are more than 1,000 churches in Philadelphia.

To Leave Bell After 35 Years

Russell Evans Retires July 1; Has Been Active in Lake Angeles

Russell W. Evans, general staff supervisor at Michigan Bell Telephone Co. and resident of the Village of Lake Angeles, retires July 1 to end a 35-year career in telephone work.

After receiving a B.A. degree in business administration from Miami University at Oxford, Ohio, where he was elected to Phi Beta Kappa, Evans joined Michigan Bell in Detroit and was assigned to its newly organized department of buildings and supplies.

Throughout the years, he developed various methods for the purchasing and handling of telephone equipment and supplies—everything from telephone poles to paper clips. Many of the methods now used by Michigan Bell, and set up by Evans, have been adopted throughout the Bell System.

He and his wife Ada live at 2129 Lake Angeles Shores. Evans is active in village affairs and helped to organize the Lake Angeles Shores Association. He subsequently served the village as treasurer, treasurer, commissioner, and president.

Mrs. Evans retired in May as City Clerk of Pontiac, a post she held for 13 years.

Sharp-Eyed Fish Can't Be Confused

SAN DIEGO, Calif. (U)—Some tropical fish can distinguish between glass rods whose diameters differ by only two millimeters, a "brainstorming" session of aeronautical engineers and scientists was told.

They also learned that rattlesnakes have a fine infrared sensor between nostril and eye that is sensitive to a temperature change as small as .001 degree.

The "brainstorming" at Ryan Aeronautical Co. had to do with whether such natural superpowers could be applied or copied or other wise made use of in the aircraft missile industry.

Safety Council Finds Homes Are Hazardous

MADISON, Wis. (AP)—The Wisconsin Council of Safety says housewives and children face hazards that no man would put up with on the job.

The council noted that 530 persons died in the state in 1960 as a result of home accidents and 60 were killed in industrial mishaps.

You bet Grand Trunk commuters are smart!

Look at all they read while other folks are driving through traffic!

Our commuters read everything from Plato to Playboy as they relax on the train. Some read for fun. Others study for job promotions. It's like adding several hundred hours a year to your free time. Even if you just look out the window, it beats driving all hollow!

And look at what they save!

Daily commuters from Pontiac save \$175 a year over the cost of gas, oil and parking. GTW commuting costs only \$1.22 a day. Start saving the smart way now!

Cost of Steel Sure to Go Up but Buyers Demanding Cuts

By SAM BAWSON
AP Business News Analyst
NEW YORK (AP)—The steel industry has more to worry about today than just the impact of summer heat and lethargy on its fledgling recovery.

Its bookkeeping departments are saying that steel prices have to rise because costs are going up, especially after a wage hike coming in October.

But its sales departments are busy handling a wave of price cutting.

New orders make production prospects for August look pretty good, but July seems sure to slump as usual.

Foreign steel imports are a thorn in the side.

Domestic customers are demanding concessions and shopping around until they get them. And the recent increase in new orders for the steel mills hasn't changed this noticeably.

As if all this isn't confusing enough, Washington rumbles with vague threats of investigating any concerted price hiking moves.

A number of steel executives have been stressing the pressure for higher prices. The talk coincided with a pickup in output after a long period of operating at half of capacity.

Steel management says—the price is needed to offset the scheduled increase in labor costs. But the State Highway Department's offer and more than \$70,000 less went up last December, too, and prices didn't—steel demand and output were slim then, and competition keen.

The price rise, top executives stress, is also, needed to combat stress, is also, needed to combat the necessity of the site chosen for the route.

improvements, and expansion when needed.

But while all the talk has been going on, price cutting has been spreading among some steel products.

Two weeks ago quotations were slashed on stainless steel. Then the cost of pipes used by oil companies was cut. Now some companies are dropping their price lists on bars used to reinforce concrete. They say they must meet the lower prices of imports, an "increasing competition in a number of steel products."

Ranch Owners Awarded \$200 Under State Offer

HARRISON (AP)—A Circuit Court jury has awarded Joseph and Donald McKay \$29,800 for 62 acres of their 1,000-acre ranch needed for construction of U.S. 27 freeway north of Clare.

The damages were \$200 under the offer and more than \$70,000 less than the brothers asked.

The suit had threatened to delay construction of the multi-lane highway and force a detour around the McKay ranch, one of the largest in Michigan.

The jury also determined the necessity of the site chosen for the route.

3 Federal Buildings Okayed for Michigan

WASHINGTON (AP)—The House Public Works Committee Wednesday approved construction of 33 new federal buildings including three in Michigan.

The new building projects would cost nearly \$200 million. They were proposed by the General Service Administration.

The Michigan projects and the estimated cost of each: Detroit, \$4,628,000; Grand Rapids, \$551,000; and Sault Ste. Marie, \$312,000.

Money for the work would be furnished later in appropriation measures after consideration by the Senate Public Works Committee.

New Lauderdale Law Prohibits Shark Fishing

LAUDERDALE, Fla. (AP)—The town council has voted to outlaw fishing for

sharks, barracuda or sting rays. "The sight of them being caught frightens tourists and makes them believe our waters are infested with dangerous fish," Mayor G. H. O'Neil said Wednesday. Ray Norton, president of the

Broward Anglers Club, called the new ordinance "sensible." He wondered how anglers could notify the sharks, barracuda and rays not to bite when lines are thrown out.

Nixons Moving to Los Angeles From Capital

LOS ANGELES (AP)—The Richard M. Nixon family is moving from Washington, D. C., to Los Angeles today.

The 1960 Republican presidential candidate, his wife Patricia, and teen-age daughters Julie and Tricia, are due at Los Angeles International Airport by jetliner this evening.

With them will be Checkers, their cocker spaniel, and two cats. The Nixons have rented film producer Walter Wagner's Brentwood District home pending construction of a new one of their own in Beverly Hills. Their household effects, including mementoes of Nixon's foreign travels, will follow the family by moving van. Mrs. Nixon and the children remained in the East until the girls finished out the school year. Nixon had been staying in a hotel while here.

Held in County Jail on Larceny Charge

A Pontiac man accused of stealing auto heaters and radiators from a junkyard waived examination yesterday on a grand larceny charge in Municipal Court.

Tommy L. Walker, 37, of 28 Maple St., had demanded an examination before Municipal Judge Maurice E. Finnegan Tuesday.

Unable to furnish bond of \$300, Walker is being held in the Oakland County Jail pending arraignment next Monday in Circuit Court.

He was arrested early Tuesday when officers investigated noises at the yard at 170 Bagley St. Police allege Walker was toasting car radiators and heaters over a fence.

He said he "worked by selling back the parts to the junkyard," they quoted him as saying.

Once-Rich Banker Convicted of Murder

LAS VEGAS, Nev. (UP)—Byron Baldwin, Ashbrook, a once-wealthy banker who sat through his trial in one threadbare suit, was convicted Wednesday of murdering his wife and sentenced to life in prison.

The district court jury of eight men and four women decreed there will be a possibility of parole, meaning Ashbrook, 38, could be freed after seven years.

The panel returned the verdict following 3 hours, 22 minutes of deliberation. Ashbrook waived the right to have sentence passed formally at a later date and was sentenced immediately by Judge George Marshall.

Charged With Receipt of Stolen Property

A Pontiac man will answer a charge in Circuit Court next Monday of receiving stolen property.

Arno Carson, 21, of 486 Arthur St., was ordered bound over for arraignment on the charge following examination yesterday before Municipal Judge Cecil McCullum.

Pontiac police arrested Carson June 3 after he allegedly tried to sell auto parts stolen in a burglary of Bagley Auto Parts, 170 Bagley St., last November.

He was free on \$200 bond pending arraignment.

QUESTIONS

ANSWERS

WHY?

I don't believe in giving away yellow, pink, or orange stamps, Coffee Cake or Ice Cream. I think people would rather have the real thing. MONEY! There is another reason I am doing this and I'll tell you when you come in.

HOW?

Just come and register. Nothing to buy, no jingles, no guessing how many cherries are in the pie, etc. Just sign your name, and answer our easy questions.

WHEN?

An award will be made each Wednesday at 8 P.M. You do not have to be present to receive an award — but we would enjoy your company.

SPRINGFIELD, Mo. (AP)—T. was killed Wednesday in an auto-semi-trailer truck crash near W. Duvall, 67, president of Springfield Newspapers Inc. since 1945, Springfield.

Spring is the time to fix up, paint up, repair the car, buy those drapes and plant those shrubs. If winter's bills have left you short of cash, borrow from us—and then pay us back in regular installments over a comfortable period of time. We make loans to single men and women and married couples on their signature, furniture or car. Remember, you're welcome to our money at The Associates!

GET THAT DOWNBEAT, SISTER — Sister Mary raps out a snappy tempo on her kettle drums during rehearsal of an all-male orchestra in Fall River, Mass. The 23-sister orchestra are members of the religious order of the Holy Union of the Sacred Hearts. They have given concerts in cities in the Northeast. Their normal duties are to teach in the various academies maintained in the order.

Terrified Horse Nearly Injures Poised Queen Liz

LONDON (AP)—Queen Elizabeth II narrowly escaped injury from a terrified horse, Prince Philip, a big horse named Grey Days began bucking.

Just as the queen entered the paddock with her husband, Prince Philip, a big horse named Grey Days began bucking.

A flying hoof knocked over a stable boy. Handlers grabbed for the horse's reins, but the frightened animal whirled and bucked around the paddock and headed in the direction of the queen. With regal poise, the queen stood stock still. The animal

swerved to one side and a jockey grabbed the bride.

"Close," said a stable boy. The queen said nothing. Unfazed, she and Philip spent a few minutes in the paddock and then returned to the royal box.

A few minutes later she saw her horse, a gray filly named Aiming High win.

The purse was 3,562 pounds—\$26.40 short of \$10,000 and the starting odds were 100-8.

For Shame! They Gave Comfort to the Enemy

OLYMPIA, Wash. (AP)—The whole batch of directories for the 1961 session of the legislature had to be hurriedly collected and reprinted.

Pat Comfort, Republican representative from Pierce County, was listed as a Democrat.

Bolivia Next Stop on Stevenson Tour

SANTIAGO, Chile (AP)—Adlai E. Stevenson carries President Kennedy's alliance for progress plan today to Bolivia, a nation troubled by the illa the program is designed to cure.

Stevenson, touring Latin America as Kennedy's personal representative, has been watching the situation in Bolivia for the past week. Observers believe President Victor Paz Estenssoro is in the midst of the last crisis for his administration. That if he survives his hold will be secure. He imposed a state of siege last week and accused the Communists of plotting to overthrow him. But

Bolivia is poor, and much of the trouble has been laid to unrest among workers.

Despite the question mark hanging over the Bolivian regime, Stevenson decided to visit La Paz to discuss plans for the meeting in Uruguay next month of the Inter-American Economic and Social Council, at which Kennedy hopes to secure adoption of his plan to improve the lot of the Latin-American people.

Insurance Data Shows State Traffic Toll

We who drive in Michigan saved 665 lives last year. But we could have saved another 215, if we only had done as well as we did just two years ago.

That's one way of describing the challenge we currently face as motorists.

Another way of stating it is that each of us is saving \$91 a year on auto insurance. But we're threatening to throw away part of that saving.

These are the contrasting effects of having, at the same time, one of the best accident records in the nation, and the worst in Michigan history.

BY A SLUMP

We're good drivers. The records prove it. And we can be proud of it.

But we're in a slump. This record isn't so pleasant. And we need to do something about it.

Here's the story:

As the seventh state in population, we're primarily compared with the six largest—New York, California, Pennsylvania, Illinois, Ohio and Texas—because of our more similar accident exposures.

National accident statisticians make the comparison on a yardstick of deaths per 100 million miles of auto travel. By this standard, we were tied last year for fourth best among the seven.

On the basis of actual deaths, Michigan accidents took 665 fewer lives than the average of these six other states. The range was from 36 fewer than Pennsylvania to 2,109 fewer than California.

Similar comparison of accidents and injuries, which are a better indicator of the total accident prob-

lem than deaths, isn't practical, because of variations among the states in reporting methods.

But auto insurance cost is a practical measure of the total accident picture. Although it is influenced more in some states than others by such factors as

unusual laws and claims attitudes, and there are some unshared accidents, insurance cost basically reflects the number and severity of accidents and injuries, as well as deaths.

By this yardstick, our record is outstanding. We pay \$91 a year

less for our auto insurance than the average in the six other most populous states. The range is from \$7 less than in Texas to \$215 less than in New York.

And we pay \$42 a year less than the average in all 50 states and the District of Columbia.

These are comparatives of the same coverages by the same companies in the major city of each of the states. The cost varies for other communities of each state, but the differences are relative.

By comparison with the national average, we save \$126,000,000 a year—the price of 46,700 new cars.

By comparison with the average of the six other large states, we save \$773 million a year—enough to buy 13,300 houses.

Much of this saving in lives, suffering and dollars over the accident toll of our sister states is the fruit of three years of consistent accident improvement, in 1956-57-58.

In that period, we cut our annual toll by 635 deaths, 4,500 injuries and 19,000 accidents.

As these reductions became reflected in insurance loss-accounting during the past two years, they helped to offset the steadily increasing cost-per-accident which has existed in recent years. The result has been a stabilizing of Michigan auto insurance cost since late 1958.

In the past two years, however, our annual accident toll has increased by 215 deaths, 33,000 injuries, and 32,000 accidents. Much of the injury increase reflects a change in reporting method.

These increases are reflected in a nearly \$23-million increase in auto insurance losses in Michigan during the past two years. And this loss increase now is becoming involved in auto insurance rate consideration.

Our slump in protective driving practices is whittling away at some very important benefits, in both lives and dollars.

Died After War; Lives Again

Gigolo Returns to Dance

LONDON (UPI) — American women on one of those package deal tours. They sat around listening to the music and said they wanted to dance.

"With whom?" I asked.

"You find as the partners," they said.

Mendows said he consulted with his general manager, Leslie Botibol, who is reputed to know as much about European night life as any man.

GIGOLO DEAD?

"We decided the gigolo was dead as a doer," said Botibol. "And this was bad news because we have a large number of these American women tours booked and we want them all to have a good time, and the ones who are fat and fiftish."

"It happened to mention to someone that we would have been willing to pay five sterling (\$14) a night for professional dancing partners. And do you know, the phone hasn't stopped ringing since."

WANTED TO DANCE.

"And then," said Harry Meadows, who runs one of London's best-known nightclubs, Churchill's, "I had a group of about 30 Amer-

ican women on one of those package deal tours. They sat around listening to the music and said they wanted to dance.

"With whom?" I asked.

"You find as the partners," they said.

Mendows said he consulted with his general manager, Leslie Botibol, who is reputed to know as much about European night life as any man.

GIGOLO DEAD?

"We decided the gigolo was dead as a doer," said Botibol. "And this was bad news because we have a large number of these American women tours booked and we want them all to have a good time, and the ones who are fat and fiftish."

"It happened to mention to someone that we would have been willing to pay five sterling (\$14) a night for professional dancing partners. And do you know, the phone hasn't stopped ringing since."

I THINK A RECORD OF FALCON'S SUCCESS IN THE MOBILGAS ECONOMY RUN SHOULD BE SEALED INTO A TIME CAPSULE...

THEN FUTURE GENERATIONS WOULD KNOW THAT IN 1961 A FALCON GOT THE HIGHEST MILEAGE EVER RECORDED IN THE 25-YEAR HISTORY OF THE RUN... 32.6 MILES PER GALLON!

IMAGINE... OUR CHILDREN AND OUR CHILDREN'S CHILDREN, AND OUR...

WHAT DO YOU MEAN 'OUR'??

WHAT DO YOU MEAN 'OUR'??

WHAT DO YOU MEAN 'OUR'??

Falcon's success in the Mobilgas Economy Run certainly is worth remembering. And the more so when you consider the competition these Falcons were up against—a group of expert drivers, really out to win. But Falcon topped them all! For the record: two Falcons with standard transmission were entered in this year's grueling cross-country Mobilgas Economy Run. Under these test conditions, one Falcon came in first with 32.6 mpg... the best gas mileage ever recorded by a '61 or '62 in the Run's 25-year history! The other Falcon took second place with 31.6 mpg.

What makes all this economy even nicer—Falcon also just happens to be America's lowest-priced* 6-passenger car! And here's more—Ford sales are booming! One reason: Falcon—America's best-selling compact car has increased its '61 lead over its nearest competitor to nearly 50,000 cars! See the '61 Falcon—at your Ford Dealer's.

*Based on a comparison of manufacturers' suggested retail delivered prices.

MORE GOOD NEWS FROM FALCON! While you're at your Ford Dealer's, check the new Falcon Futura—America's lowest-priced* luxury compact—and see if you don't agree it's the compact cousin of the Thunderbird!

*Based on a comparison of manufacturers' suggested retail delivered prices.

Fancy Food Fetes Father on Festive Day

Sunday is Father's Day. Let's talk about some good American food to serve American fathers. You might ask the man of the house what he would like for Sunday dinner this week. If he has no ideas, here are a few new suggestions.

Long Island Duckling is Strictly New England and about as American as anything. But you can take one of these domestic ducks and cook it in a Chinese manner to make Peking Duck. This is a recipe from Mrs. Julius Rutsky whose husband likes to cook — he tells what to do! Perhaps he'll fix Peking Duck for Father's Day.

By Mrs. Julius Rutsky

Scald a domestic duck in boiling water. Mix together:

- 1 tablespoon soy sauce
- 1/2 cup butter or margarine
- 1/2 cup brown sugar
- 1/2 cup ketchup
- 1/2 cup mustard
- 1/2 cup vinegar
- 1/2 cup Worcestershire sauce
- 1/2 cup onion juice
- 1/2 cup garlic, crushed

Cook mixture over low heat 20 minutes. Stuff duck with mixture. Slower and baste.

Blend ingredients. Rub duck with this mixture, first, rubbing skin all over.

Begin roasting at 425 degrees with duck uncovered. Baste frequently with white wine mix.

Leftover Corned Beef Appears in Salad

Any leftover corned beef becomes time-saving, quick-to-fix dishes a day later. Give your leftovers sparkle by serving them in a completely different manner. Here's a summertime suggestion for a main dish salad.

Corned Beef Salad

1 cup sliced fresh spinach
1/2 cup sliced, drained, water-cress
1/2 cup sliced, drained, water-cress
1/2 cup sliced, drained, water-cress
1/2 cup sliced, drained, water-cress
1/2 cup sliced, drained, water-cress
1/2 cup sliced, drained, water-cress
1/2 cup sliced, drained, water-cress
1/2 cup sliced, drained, water-cress
1/2 cup sliced, drained, water-cress

When duck begins to brown nicely, cover with foil and roast 15 minutes more at 400 degrees. Uncover and roast until well browned. Continue basting. Add water to basting mixture if it gets too thick.

If Dad is on a diet, he will appreciate your catering to his needs and serving foods that aren't loaded with calories. There are several new low calorie salad dressings on the market, both the French dressing and the Italian style dressing. Either one could be used to prepare vegetables to eat as appetizer or salad.

BRIOCCOLE SALAD

Cook broccoli, drain, and cool.

Arrange spears, or chop if desired, and add low calorie Italian style dressing.

MARINATED ARTICHOKE A L'ANGLOIS

Use canned or frozen artichoke hearts. If frozen are used, cook them being careful not to overcook. Place artichoke hearts in large dish and cover with low calorie French dressing. Marinate in refrigerator for two days.

Now for the fathers who aren't dieting, we suggest a dessert that is being popular in the south during the last century. We have at 300 degrees. Makes one 8-inch seen the recipe in a Charleston, S.C.

South Carolina cookbook. This one, however, comes from Mrs. R. F. Hawkins (her first name is Sophie).

CHEESE PIE By Mrs. R. F. Hawkins

1/2 pound butter
1/2 cup sugar
1/2 cup milk
1/2 cup cornmeal
1/2 cup onion
1/2 cup egg whites
1/2 cup stiffly beaten egg whites
1/2 cup stiffly beaten egg whites

Beat butter and sugar until smooth and fluffy. Add egg yolks, cornmeal and vanilla. Fold in stiffly beaten whites. Pour into unbaked pie shell. Bake 45 minutes at 300 degrees. Makes one 8-inch

Punch Starts Out Sweet Dressing

Fruit so often gives us the sharp tang we desire in a salad. Try raspberry-lemon frozen fruit punch concentrate as a salad dressing over a lush bowl of fresh-ripened fruits. It makes a delicious starting point for a summer buffet meal.

Fruit Dressing

1/2 ounce can raspberry-lemon frozen fruit punch concentrate
1/2 cup oil
1/2 cup vinegar
1/2 cup sugar
1/2 cup lemon juice
1/2 cup lemon juice
1/2 cup lemon juice
1/2 cup lemon juice
1/2 cup lemon juice
1/2 cup lemon juice

Four punch in small saucepan; add salt, brown sugar and paprika. Boil 1 minute only. Remove from heat; beat with egg beater until well mixed. While beating gradually add oil until well blended. Stir in seasonings; refrigerate. Serve over fresh fruit salads. Makes 1 1/2 cups dressing.

Try filling 3-inch fingers of celery with cream cheese, stuffed with milk or cream and combined with coarsely shredded fresh pineapple.

SNO-BOL BOWL CLEANER
Available at YOUR GROCERS

FAVOR FATHER — Celebrate Dad's important day with a meal prepared especially for him. Feature a tender flavorful Roasted Rib Roast which he can carve easily at the table. Add asparagus with a crunchy egg and crumbs topping and oven browned potatoes and carrots and watch him enjoy his feast.

King of Beef Roasts for Head of the Family

For Dad's important day, choose the finest, most tender and flavorful of all beef roasts, the rib roast. Select if you can the first rib, the ones next to the loin or steak section of the beef.

Here are a few helps for Father if he is carving the roast. The roast should rest on a hot platter for 15 to 20 minutes after it comes from the oven so that less juice will be lost in carving.

When ready to carve, place the roast on its largest side on platter. Do not add lots of slippery garnish. Remove the skewers holding the roast but leave the string in place. Place a fork firmly into the left side of the roast, an inch or two from the top.

Slide across the top of the roast from the right to left with a very sharp carving knife. The thickness of the slices depends upon family preference.

Roasted Rib Roast

4 pounds roasted rib roast
1/2 cup fat
1/2 cup flour
2 cups meat or meat stock
Salt and pepper
Wipe the meat with a clean damp cloth. Place, fat side up, on a sautéing and eggs. Serve over drained asparagus. Making 6 to 8 servings.

Insert a roast meat thermometer into the center of the roast.

"Cook in a slow oven (325 degrees) until the thermometer indicates the degree of doneness you desire — 140 degrees rare, 160 degrees medium, 170 degrees well done. Remove roast to a warm platter or smaller pan to keep warm."

To make gravy, pour off fat; measure 1/4 cup fat back into pan. Stir in flour until smooth. Cook over low heat, stirring constantly until brown and bubbly. Remove pan from heat. Stir in liquid. Return to heat, stirring and scraping the rich meat drippings. Boil for 1 minute. Season with salt and pepper.

Asparagus and Crumbs

2 pounds asparagus
1/2 cup butter or margarine
1/2 cup dry bread crumbs
1/2 cup chopped onion
1/2 cup salt
1/2 cup mustard
1/2 cup pepper
1/2 cup egg, chopped
Wash and clean asparagus; cut off and discard woody base. Cook in boiling salted water until tender. Melt butter; add crumbs and onion. Cook until brown. Add seasonings and eggs. Serve over drained asparagus. Making 6 to 8 servings.

Glamour Food Feature at Sale

By JANET ODELL
Pontiac Press Home Editor

Ever hear of a food sale that starts at 5:00 a.m.? Or one that sells only glamor foods instead of the more usual cakes, pies and cookies? Next Wednesday, the first day of summer—right in the middle of Centennial Week—such a food sale will be in progress at St. Joseph Mercy Hospital.

The nurses' association is trying to raise money for a Foundation Research Fund; each district in the state has its quota. The nurses at St. Joseph's decided to capitalize on peoples' appetites.

Marie Hickey and Mrs. Xavier Olson, director and assistant director of nursing, are co-chairmen of the event. They've drafted everyone around to help.

About two dozen workers at

the hospital are from foreign countries. The committee has tried to get some native recipes from these people and even to have them cook the special dishes.

Although the sale is to be held in the hospital lobby is open to the public, the nurses expect very few customers at 5 in the morning. But they want to catch the night crew. In fact, they want everyone to forget cooking for that day and to dine sumptuously on gourmet foods from their Centennial Week Food Fair.

Margaret Miller who came to Pontiac a few years ago from Scotland will make up some Lemon Curd and Scotch Soups for the sale. Here are her recipes:

LEMON CURD

1/2 pound butter
1/2 cup fine sugar
2 eggs
2 lemons, juice and rind

Melt butter, sugar and lemon juice together in saucepan. Add grated lemon rind. Beat eggs and add, stirring constantly 'til mixture thickens. Do not, boil. This is delicious served as jam on scones or hot biscuits. It makes a good filling for tarts.

SCOTCH SCONES

2 cups sifted flour
2 tablespoons sugar
1 tablespoon margarine
1 cup milk
1 teaspoon baking powder
1/2 teaspoon salt

Combine dry ingredients, rub in margarine, then add milk. Dough should be quite soft. Roll out about 1/2-inch thick and cut in triangles or rounds. Bake on ungreased griddle (or electric skillet) 'til brown on both sides. Use moderate heat. To serve, split and toast.

Mrs. Jean Pepoon, a nurse, is going to prepare an interesting casserole dish.

Canned Goods Provide Duet for Lunch

Solve your summer menu problems with soup and sandwich trays. Such a popular combination! Make it chicken all the way.

For the soup:
1 can (10 1/2 ounces) condensed chicken noodle soup
1/2 cup cheddar cheese
1/2 cup finely sliced celery with a bit of onion
1/2 teaspoon soy sauce

Combine soup, water, celery and soy sauce. Cook over low heat 10 minutes; stir now and then. Garnish with chopped pimiento. Makes 2 to 3 servings.

For the sandwich:
1 can (8 ounces) chicken spread
1 cup chopped green onion
1/2 cup lemon juice
1 slice toast
1 thin slice tomato

Combine chicken spread, green onion, and lemon juice. Spread on 3 slices of toast; top with tomato slices and remaining toast. Makes 3 sandwiches.

Meat Loaf With Fruit

Shape your next meat loaf in a ring mold instead of a loaf pan. To serve, fill the center with spicy yellow peaches. Use whole cloves that come ready-spiced or spice cing peach halves by simmering syrup about 5 minutes with whole cloves, cinnamon sticks and spoonful of vinegar. Add peaches and simmer about 10 minutes longer.

FASHION IS SPINACH

1 package frozen spinach
1 package frozen spinach
1/2 cup butter
1/2 cup onion, chopped
1/2 cup ground beef
1/2 cup tomato sauce
1/2 cup freshly ground pepper
1/2 cup margarine
1/2 cup grated Parmesan cheese
2 eggs, slightly beaten

Place unfrozen frozen vegetables in large saucepan with 1/2 cup water and 1/2 teaspoon salt. Bring to a boil and cook just until vegetables can be separated with a fork. If any liquid is left in the pan, drain it and reserve.

Melt butter, saute onion lightly; add beef and cook until meat loses its red color. Add salt, pepper, garlic powder, margarine and 1/2 cup of the reserved liquid.

Blend in lightly the slightly beaten eggs, cheese and vegetables. Bake in an open casserole at 275 degrees 35-45 minutes. Makes 6 servings.

Loretta Decker, head nurse in Emergency, says her Red Cabbage Slaw can be made a day ahead of time and reheated without any loss of flavor.

HOT RED CABBAGE SLAW

1 tablespoon butter or margarine
1/2 cup dry red wine
1/2 cup red cabbage, shredded
1/2 cup onion, shredded
1/2 cup salt
1/2 cup light brown sugar
1/2 cup lemon juice
1/2 cup vinegar

Melt butter in skillet over low heat. Blend in flour. Gradually add wine. Cook and stir until smooth.

Add cabbage, salt, pepper, lemon juice and vinegar. Cover tightly; simmer over low heat 35 minutes. Serve warm.

Mrs. Howard McIntyre's recipe for vegetable cubes in a heavy skillet, brown the cubes lightly, a few at a time. Add 1 cup good Sherry wine. Cover tightly and simmer gently 30 minutes.

Veal Parmesan a la Spojko
Cut 1 1/2 pounds of veal steak into 2-inch cubes. Sprinkle salt, pepper, paprika, rosemary and grated Parmesan cheese over the meat cubes and then flatten cubes with a meat hammer. Repeat on the other side of the cubes.

GETTING READY — These three nurses at St. Joseph Mercy Hospital are getting set to prepare glamorous dishes for the food fair to be held Thursday, June 15, in the hospital lobby. All members of the American Nurses Association whose Foundation Research fund the food sale will benefit, the nurses are from left to right: Mrs. Albert Purcell, Mrs. R. J. Pepoon and Mary Zink.

Don't Be A Galley Slave Even on Board

Traditional Dressing Gets a New Flavor

KAY SHEERWOOD

Newspaper Enterprise Assn.

Have you joined the ranks of the Jolly Tart Eager on by newly initiated boating enthusiasts. I've been compiling some helpful hints from old deck hands for home-makers afloat.

Boating, you'll quickly learn, is not just a favorite U.S. sport. It's a way of life—a family life. Unlike the golfer's widow, the boater's wife and kids are counted in on the fun and labor that go with life on the water. Everyone parties; no one camps about cramped quarters and hospitality reigns.

Your chief responsibility is to whip up a man-sized meal in a toy-sized work space which may be shared by a motor, fishing gear or mackerel. Living in the Midwest, my life afloat is limited to putting along a river in a rowboat pushed by a 10 H.P. motor.

In this primitive situation, about all that's required is an ample picnic lunch which can be served from a sitting position.

I'm enthusiastic this year about the extremely light-weight foam plastic chests and jugs. These provide excellent insulation for hot or cold food or drink; a new size in chests is a square foam plastic one that takes up less room than the larger rectangular one.

On more respectably sized boats that may be used for longer cruises, the trick is to pick galley gear which is compact, durable and versatile.

Try to choose pans which nest to save space, say old salts.

NO ALUMINUM

High narrow cookware is better than short squat shapes when the sea gets rough and liquids in pans can spill over. Stainless steel or enameled steel pans are preferred in salt water areas because aluminum may pit or roughen in sea air, I'm told.

Lightweight, break-resistant glassware is recommended over more perishable types unless you have an unusually spacious galley. One plastic that

Rhubarb Pineapple Sauce

NEW YORK (UPI)—Rhubarb-

pineapple sauce is perfect for waffles or pancake topping. Combine 1 cup of rhubarb cut in 1-inch pieces with 1 cup of crushed pineapple, 1/2 cup of light corn syrup, 1/4 cup of sugar and 1/4 teaspoon of salt. Simmer until rhubarb is tender and sauce slightly thickened.

For Asparagus

Blend a dash of prepared mustard with mayonnaise or commercial sauce. Add chopped or sliced asparagus and spoon over hot cooked fresh asparagus spears. Try it with green beans, broccolini and cauliflower, too.

first went to sea on a destroyer 17 years ago as a chunky tan tableware has improved in style and now offers clean fresh designs and clear bright colors in combinations with white.

There are enough sizes and shapes to take care of most food service. Double-walled plastic tumblers keep summer drinks cool, conserving on limited ice supplies.

Most galleys house alcohol or kerosene stoves. Until you gain experience in lighting these, get help and practice the technique. For slow simmering, pile two or three asbestos pads beneath the pot.

There are folding ovens of stainless steel. Some searing

cooks prefer to heat casseroles on top of the stove in a covered pan of water.

It takes 30-40 minutes to heat a two-quart casserole in a covered pan. On a small stove, bundles of different foods may be wrapped in aluminum foil and cooked in the same kettle, which saves clean-up and time.

Oil the edge of pots and the inner walls down about an inch from the top to prevent boil-overs. When under way, don't try to handle heavy pots of hot liquids or fry in deep fats. Don't overload skillets and kettles and keep a fire extinguisher where the cook can reach it.

Do stock an emergency locker with nonperishables, practically

ready to eat and assortment of easy snacks. Wash and clean salad greens at home and carry in plastic bags to be stored in a refrigerator or ice chest.

Fresh breads, potatoes and onions don't keep well on board. Used canned or packaged substitutes. If fresh caught fish will be on the menu, don't forget a cookbook telling how to prepare them.

Canned Peach Salad

A large golden canned cling peach half filled with a mixture of crushed pineapple and cubed avocado makes a delicious luncheon salad. Add a little crumbled blue cheese to your favorite dressing and serve over the salad.

A family favorite is sporting a new look—and taste—in "New Thousand Island Dressing." Mellow chopped ripe olives are blended with sour cream, catsup, wine vinegar and dill pickle relish to give this dressing a flavor distinctively its own. Serve it over wedges of head lettuce or with seafood.

New Thousand Island Dressing
1/2 cup dairy sour cream
1/2 cup catsup
1 tablespoon wine vinegar
1/2 cup chopped ripe olives
1 tablespoon dill
Combine all ingredients and mix well. Serve as dressing for wedges of head lettuce, or with seafood. Makes a little more than 1 cup dressing.

Combine all ingredients and mix well. Serve as dressing for wedges of head lettuce, or with seafood. Makes a little more than 1 cup dressing.

CAKE FOR DAD — Father is sure to enjoy the flavor combination of caramel chips and unsweetened chocolate in a layer cake designed to please him on his special day. Some of the chips go into the cake while a few are saved to decorate the top.

Caramel Devil's Food Is Special Cake for Dad

The best is none too good for Father on Father's Day so, from breakfast through dinner, the menus of June 18th will be chosen with special attention to Dad's favorite dishes.

Chocolate is the flavor choice of most men and we can be sure that all kinds of chocolate desserts will be served on that particular Sunday, with chocolate cake high on the list. And here, worthy of the auspicious occasion, is Caramel Devil's Food Cake, a marvelous combination of unsweetened chocolate and caramel chips, filled and topped with Seven Minute Frosting.

Last but not least, there's the decoration in honor of Dad. We suggest a chocolate glaze to ring the cake's edge and drip deliciously down its snowy sides. And be sure to save out a few of the caramel chips to print "DAD" in the center of the cake—just to show him it was made in his honor.

Caramel Devil's Food Cake
1 square unsweetened chocolate
1 cup (8-ounce package) caramel chips
2 cups sifted cake flour
1/2 cup sugar
1/2 cup milk
1/2 cup oil
1/2 cup vanilla
1/2 cup eggs
1/2 cup Seven Minute Frosting
Melt chocolate and caramel chips

Creamy Celery Soup Base of Dressing

"Salads galore" is a summer theme. Next time you serve a tomato and lettuce salad, make it special with this "soupier" dressing.

1 cup salad oil
1/2 cup vinegar
1/2 cup (10-ounce) condensed cream of celery soup
Dash pepper
Thoroughly mix oil and vinegar; gradually blend into soup. All seasonings. Makes 2 1/2 cups dressing.

Beanburgers Go Picnicking

Picnic places are most anywhere

... a roadside table, the wooded cove, sandy beach, or yard. Some times the particular site is chosen in advance then the menu can be planned according to cooking facilities. Some foods "tot" well at picnic hamper or cooler; and really take to the heat of an outdoor fire or indoor range. A perfect example is canned barbecue beans.

Loved by all... from younger eaters to beaming grandparents, canned barbecue beans find their way into skillet dishes, casseroles, and chilled-gummers salads. In combination with meats, cheeses, and relishes, it's hard to find a better and more colorful dish. And what travelers they are... all ready to pick up and go at a moment's notice.

When you plan your next picnic include this recipe:

Frank-O Barbecue Beanburgers
4 frankfurters, cut into 1/4-inch slices
1/4 cup chopped onion
1/2 cup barbecue sauce
1/2 cup (10-ounce) canned barbecue beans
1/2 cup prepared mustard
1/2 cup ketchup
Cook frankfurters and onion in skillet until frankfurters are browned and onion is tender. Add beans and mustard. Heat; stir often. Serve on buns. Makes 6 sandwiches.

With a crock of summer's best vegetables... colorful and crisp are-munching... chilled watermelon, and feed tea close by, picnicking's a pleasure.

Nutty Flavor for Crust

NEW YORK (UPI)—A nutty flavored crumb crust uses 1/4 cup of wheat germ to 1/2 cup of graham cracker crumbs. Blend this into 4 tablespoons of melted butter that have been mixed with 3 tablespoons of light brown sugar. Press into an 8-inch pie pan and cook in a moderate oven about 6 minutes.

Blocks Government Bid to Enter School Battle

RICHMOND, Va. (AP) — The federal government's historic bid to intervene in the Prince Edward County school case has been rejected on grounds it "will unduly delay and prejudice" the rights of both sides in the drawn-out court battle over the country's integration-closed public schools.

With those words, U.S. District Judge Owen R. Lewis Wednesday turned down the April 26 request by Atty. Gen. Robert F. Kennedy that the federal government be allowed to enter the 18-year-old case as a plaintiff. The government normally enters a racial case as a "friend of the court."

Kennedy had contended federal intervention was necessary "to prevent the circumvention and nullification" of the court's school desegregation order that had forced Prince Edward to close its public schools in 1959.

DECLINE COMMENT
Justice Department officials in

REVEALING TALK — A hole in the side of Atty. Gen. Robert F. Kennedy's shoe showed up during a news conference at the U.S. Courthouse in New York recently. The President's brother said the public was too concerned about "earning an extra buck" to become aroused about crime and corruption.

Washington declined comment on whether they could study the court's opinion. Kennedy was in New York City to speak to a meeting of state attorneys general.

Prince Edward County, one of the original localities named in the U.S. Supreme Court's 1954 school desegregation decision, has been without public schools for two years and the county governing body has refused to appropriate funds for next year.

Some 1,400 white children have been educated in private segregated schools financed mostly by county and state tuition grants. Most of the 1,700 school-age Negroes have gone without formal education.

In his intervention move in April, Kennedy had asked the court to prohibit Virginia from spending money to maintain public schools anywhere in the state as long as those in Prince Edward County remained closed.

MORE CLOSINGS
"Such relief, if granted, would

be unnecessarily punitive, in that it would require the closing of most, if not all, of the free public schools in Virginia," said Judge Lewis. "Whether the means, if it legal, justify the end is questionable, to say the least."

The judge noted that the government in presenting its case had argued it did not intend to force the closing of all the state's public schools but refused to delete the request from its plea.

Lewis said he was forced to conclude that government intervention would bring a request for an order that would jeopardize the education of several hundred thousand Virginia children who have no responsibility whatsoever for the closing of public schools in Prince Edward County.

In addition, the judge said the intervention bid would seem to be "contrary to the intent of Congress" since several bills were now in Congress to grant the attorney general the right to intervene in such suits.

Miss Waterford Twp. to Be Guest at Pageant

Nancy Serra, Miss Waterford Township of 1961, will be a special guest at the Miss Detroit Pageant to be held in the auditorium of the

Pontiac Science Teacher Will Attend Institute

Forty-two junior high school teachers of science have been invited to Western Michigan University, Kalamazoo, this summer for a six-week institute, made possible

the Miss Michigan of 1958, 1959 and 1960 will "receive" at a reception in the ballroom of the Park Shelton Hotel.

Pageant tickets include the reception. There will be a "beauty" line-up for camera fans.

Pontiac Science Teacher Will Attend Institute

Forty-two junior high school teachers of science have been invited to Western Michigan University, Kalamazoo, this summer for a six-week institute, made possible

by a grant from the National Science Foundation. These teachers will study for six weeks to learn new insights and advances in junior high school science. Attending the institute will be James H. Brian of 226 N. Johnson Ave.

Ministers Will Depart From City Churches

Seven-month-old Marc wonders what it is all about as he watches brother David help his parents, Rev. and Mrs. Daniel J. Wallace, pack dishes in a barrel. Associate pastor of Central Methodist Church, the Rev. Mr. Wallace has been appointed conference

youth director with headquarters in Port Huron. Head of the youth program at Central Church, he has arranged for vacation Bible school to start at 9:30 Monday morning at Leggett School, 3621 Pontiac Lake Road.

Pontiac Press Photos

Receives Her Ph.D. in Biology

Siri Sylvia Patricia von Reis received the degree of philosophy in Biology Wednesday from Radcliffe College, Cambridge, Mass.

First woman to hold the position of teaching fellow in economic botany at Harvard University while studying for her degree, Dr. von Reis is the daughter of Mr. and Mrs. Gustav von Reis of Bloomfield Hills.

She was graduated with honors in botany in 1953 at University of Michigan where she was elected to Pi Lambda Theta, honor society for women in education. She also holds a master's degree in biology from Radcliff.

Her doctoral thesis "The genus Anadenanthera: a taxonomic and ethnochemical study" represents several years' research upon a group of trees in the legume family. The tree seeds studied contain chemicals believed to produce narcotic effects when administered as snuff to human beings.

Chemicals isolated from the seeds of Anadenanthera trees belong to a group of compounds of interest today in the experimental psychiatric field. It is hoped that these chemicals may be of some use to men in understanding the physiological basis for mental illness.

Dr. von Reis became a professional fashion model and has appeared on the covers of the Boston Herald Sunday Magazine and in national fashion magazines, particularly in bridal illustrations. She has also appeared in TV films.

'51 Graduates Plan Reunion

St. Frederick High School class of 1951 is planning its first reunion, a 6:30 dinner-dance at Pontiac's Elks Temple, Saturday.

Mrs. Nick Zdanic (Margaret Younce) and Mrs. William Dorman (Patricia Sands), planning committee co-chairmen, have announced that the program will include entertainment, reading of the class will and prophecies and poems.

Twenty-five of the class of '51 graduates are planning to attend the affair. Others interested in obtaining reservations may call Richard Fitzpatrick of Waldo Street.

Having one last game of croquet before leaving for Fort Worth, Tex., is the family of Rev. Marion F. Boyd, pastor of Columbia Avenue Baptist

Church. Trying for the stake (left) are Allegra, Mark, Mrs. Boyd and the Rev. Mr. Boyd, who will become pastor of the Springdale Church in Fort Worth.

Church Women Hear Reports

The United Church Women of Pontiac held their June meeting Monday at the First Presbyterian Church.

Mrs. J. Harry Baker, president, called for reports on the annual UCW meeting May 10 and 11 in Flint.

Mrs. Jesse J. McNeil, immediate past president of the United Church Women of Michigan, will speak at a luncheon meeting at 12:30 July 17 in All Saints Episcopal Church.

Her topic will be "Africa Today."

Duplicate Bridge Winners Revealed

Six tables of duplicate bridge were in play at the Wednesday Duplicate Club at Elks Temple.

Winners were Ernest L. Guy and John A. Kraus; Dr. Lorraine Willis and Mrs. Gordon Longstrech; Mrs. Charles Davis and Mrs. Ernest L. Guy; Mrs. Leon Haskin and Mrs. James Ross; Mrs. Daniel A. MacPherson and Mrs. Lester Hamilton; Mr. and Mrs. Earl Huebner.

Adds Official to Playhouse

Dr. William A. Gregory, managing director of the Vanguard Playhouse in Detroit, has appointed R. W. Kondor of Chicago business manager for the theater.

Vanguard is Detroit's only resident professional equity theater, producing plays and musicals during the entire year.

Mr. Kondor, who, according to a spokesman for Vanguard, will attempt to solve some of their financial blues, will include promotion of parties, benefits, program ads and concessions in his plans for additional revenues.

Talks on Estates

Mrs. John Gilray spoke on the subject, "Organizing Your Estate," to Countryside Improvement Association members Wednesday. The group met at the Green Lake home of Mrs. J. C. Mahannah for luncheon.

Cobostesses were Mrs. H. C. Pletcher, Mrs. W. H. Bretz, and Mrs. A. R. Booth.

Keeping their parents on the jump at a last game of badminton are (from left) Lee and Ann, daughters of Dr. and Mrs. Harry B. Schlosser. The former minister of North East Community Church, Dr. Schlosser resigned his

pastorate to head a firm of church counselors under the name of Roth Counselors, Inc., of Birmingham. The family will live in Beverly Hills, Birmingham.

Chaperon Should Be in House

By The Family Post Institute

Q: We have a 15-year-old daughter and my husband and I encourage her to have informal parties at home for her young friends—both boys and girls. When she has her friends over, is it a must that we stay home to chaperon them?

I feel that we should turn the house over to them so that the young people will not feel restrained by our presence, but my husband thinks it would be very improper to leave them alone.

I wouldn't think of leaving my daughter alone in the house with one boy, but a group of boys and girls together is something else again. Will you please give us your opinion?

A: To go out and leave the young people alone in the house would not do at all. You need not of course stay in the room with them but they should know that you are somewhere in the house where you can look in on them every once in awhile.

Q: I recently had some stationery made up with my initials stamped in red. Up until the other day I had been using red ink which looked very pretty on the paper. A friend of mine told me that this was in very bad taste and that only blue or black ink is proper for social correspondence.

I also have white paper with gold design with which I use a gold ink pen. What is your view on this?

A: Excepting for Christmas cards, the use of any bizarre inks such as red or gold is not in good taste.

Q: Is it necessary for a bride to write notes of thanks to everybody? Can't some people be thanked on the telephone?

A: Notes of thanks must be written to all whom the bride has not thanked verbally. Thanking verbally means an especial effort to call them on the telephone or go to see them and not just say "thank you" casually as they happen to pass.

Women's Section

Abby Says, Forget It, Lady!

Habit Has Husband in Soup

By ABIGAIL VAN BUREN

DEAR ABBY: I am disgusted with my husband because of a most irritating habit he has. He crumbles up crackers and puts them in his soup when we are out in company. I think crackers should be eaten WITH the soup, not IN the soup.

Am I mistaken? Or is he? This has been going on for almost 40 years. IRRITATED DEAR ABBY: Crackers should be eaten WITH the soup—especially in public. But if this is his most irritating habit after 40 years, I would say you have a cracker marriage.

DEAR ABBY: I am a grandmother who babysits for my grandchildren. I go any time they come to visit with our children because I love the little ones.

My son-in-law picks my husband and me up and takes us to his house to sit with the children, and as soon as they get home, they rush us home again.

They are always in such a hurry. My husband—and I hardly ever get to visit with our children because they never invite us to their home except to baby-sit, and they never have time to come to our home.

I wonder if other grandparents are treated the way we are?

JUST BABY-SITTERS DEAR JUST: Many are—but they have only themselves to blame. He who allows himself to be used as a doorman should not complain when he is stepped on.

DEAR ABBY: How does a girl get her reputation back? I did some foolish things in the past year, and there are not many secrets in this town. I quit high school to work (car hop) because I hated school and couldn't get along with my teachers.

There are several (four), he exact boys who know all about my past because they were a part of it. They all have big mouths, and now the only reason a boy asks to take me out is to see how much he can get from me.

I am tired of this, Abby. I want to be respectable. How can I convince everybody that I have changed my ways? I can't talk to my parents. I have no girl friends. My age is 18.

DEAR CHANGED: It is difficult to "start over" in the community where you have made your mistakes.

If you have friends or family elsewhere, go there. Earn a high school diploma (you can go to night school or do it by mail if you must work).

Rebuild your own self-respect if you would earn the respect of others. Good luck.

CONFIDENTIAL TO "NERVOUS BRIDE": Tell your "old boy friend" you are being married, or the something blue at your wedding will be you.

Everybody has a problem. What's yours? For a personal reply, write to Abby, Box 3365, Beverly Hills, Calif.

Beverly Hills, Calif. Be sure to enclose a stamped, self-addressed envelope.

A lovely wedding need not be expensive. For Abby's pamphlet on "How To Have A Lovely Wedding," send 30 cents to Abby, Box 3365, Beverly Hills, Calif.

College Students Win Their Degrees and Letters

Five area students were graduated Monday from Denison University, Granville, Ohio. From Bloomfield Hills are Saida Tuttle, daughter of the James B. Tuttle of Club Drive, bachelor of science degree with a biology major. Receiving bachelor of arts degrees were Patricia Bugas, French, daughter of Mr. and Mrs. John S. Bugas of Vaughan Road; Phil S. Fleming, economics, son of the C. J. Flemings of Franklin Road; and David B. Theobald, economics, son of the Carl J. Theobalds of Kensington Road. Miss Bugas is a member of Kappa Kappa Gamma and Phi Delta Phi sororities and Fleming belongs to Kappa Sigma and Phi Delta Epsilon, honorary journalistic fraternity. Theobald, affiliated with Sigma Chi, was tennis team captain and won three varsity letters in tennis and one in soccer. From Birmingham is David S. Cooper, B.A. in history, son of Dr. and Mrs. E. L. Cooper of Shirley Drive and three-year letterman in baseball. He is a member of Phi Gamma Delta fraternity. Mrs. Sally Hibbard Lawson, daughter of the Russell L. Hibbards of Lake Angelus Shores, was awarded a bachelor of science in physical education at Valparaiso (Ind.) University. William Bank of Franklin Boulevard received a letter in swimming at the annual Baldwin-Wallace College winter and spring sports awards banquet at Berea, Ohio. Bill is a sophomore and son of Dr. and Mrs. Milton Bank. James A. Williamson, son of the R. M. Williamsons of Clarkston, was one of 102 graduating seniors initiated into the University of Florida chapter of Phi Kappa Phi, national scholastic honorary society. He received a bachelor of elementary education degree. Area students in the graduating class at Anderson (Ind.) College are Carolyn Rabel, daughter of the Willy F. Rabels of Groer Road, bachelor of science in biology and physical education; Ruth Ann Hargett, daughter of the Nathan G. Hargett's, Orchard Lake, B.S. mathematics and English; and Benny Williams, son of the G. W. Williamsons of Emerson Avenue, B.A. in history and English. Evelyn Brown, daughter of the Forrest Browns of Oceola Drive, received a Bachelor of religious education degree Sunday at Baptist Missionary Training School, Chicago. She will enter Berkeley (Calif.) Baptist Divinity School in September. Miss Brown worked at Milwaukee Christian Center last summer and with members of the Indian Social Center in club work for small children this year. At Penn Hall Junior College and Preparatory School, Chambersburg, Pa., two area students have completed the work of the junior class: Hillis M. Scribner, daughter of the Charles D. Scribners of Rochester and Nancy E. Greenhalgh, daughter of the J. R. Greenhalghs of Ottawa Drive. David Struble, son of the M. L. Strubles of Woodbine Drive, Waterford Township, has received his B.A. degree from Western Michigan University. He majored in social science with a minor in psychology. He is affiliated with Phi Gamma Mu, national honorary social science fraternity, and Delta Chi social fraternity and has been active in Interfraternity Council for two years. The Ford Foundation announces the recipients of its tenth annual Ford Area Training Fellowships. Awards were made to 205 American and Canadian students for training related to Asia, the Near East, the Soviet Union, Eastern Europe and Africa. Robert F. Dornberger of Oriskany Road, graduate student at Harvard University will receive an additional fellowship of 14 months. He will research foreign economic relations of Communist China at Harvard and the Library of Congress and in Hong Kong and Taiwan. Alan P. Carlin of Birmingham, graduate student, Massachusetts Institute of Technology, economics, has been granted a one-year addition to his present fellowship. His research field concerns labor-intensive methods in India. At Eastern Michigan University, Ypsilanti, Claudia Wasik, whose parents are the Edmond Wasiks of Spence Street, is one of 18 women students selected for outstanding scholarship. She is majoring in physical education and has been initiated into Adachi senior women's honorary society. She is also president of Delta Zeta social sorority and vice president of the Women's Recreation Association at EMU. Karen Eassey, dramatic arts major and daughter of the Lionel Eastys of Commerce, has been elected vice president of the EMU Players. She is on the secondary education curriculum. Former Pontiac resident Gary Theiler was graduated this month from the U.S. Air Force Academy in Colorado. He is the son of the A. J. Theilers of Glendora, Calif. and will visit Pontiac this summer before entering active service. Michigan College of Mining and Technology will confer bachelor of science degrees on two Birmingham students Saturday at Houghton. John S. Kirby son of the Victor Kirbys will receive a BS in electrical engineering. He served as senior class secretary and was a member of Phi Kappa Tau social fraternity. Noel E. Kurth, with a BS in business administration, plans to pursue graduate studies at Michigan State University toward a master of business administration degree in production administration. Son of the Edward L. Kurths, he was assistant editor of the weekly campus newspaper and vice president of the student chapter of the Society for the Advancement of Management, secretary-treasurer of the United Campus Christian Fellowship and state treasurer of Inter-Collegiate Council. The University of Colorado conferred the degree of bachelor of arts upon Judith Lee Righter of Bloomfield Hills Saturday at Boulder, Col. Princeton University, celebrating its 214th commencement with ceremonies Tuesday at Princeton, N.J., conferred a bachelor of arts degree on Peter B. Loomis IV of Rochester Road, Birmingham. At Miami University, Oxford, Ohio, Richard Gene Hubbard of Birmingham was commissioned an ensign, U.S. Navy, completing four years of ROTC training. Pennsylvania State University conferred a bachelor of science degree in forestry upon James C. Rea of Lane Lake Road, Bloomfield Township. Completing his training at Moody Bible Institute in Chicago recently were Shirley Bryan, daughter of the George F. Bryans of North Anderson Street and Joanne Tracy whose parents are the H. A. Tracys of Savoy Street, Waterford Township. Both are graduates of the general Bible course. Shirley was active in the Women's Glee Club and Chorus and Christian education American Guild of Organists and club.

Vary Widely in Their Tastes

Teen-Agers Reveal Favorite TV Performers

By EUGENE GILBERT
President, Gilbert Youth Research Co.

If you are an average teen-ager, a television production with these ingredients will be certain to catch your eye:

Jack Paar as master of ceremonies of a show featuring Loretta Young and Robert Stack, with Red Skelton and Carroll Burnett swapping gags between songs by Perry Como and Dinah Shore and Duwood Kirby handling the announcements.

The combination might be somewhat unwieldy, but according to a survey of 801 high school students across the land these are teen-agers' favorite TV specialties.

The fictitious show wouldn't please all, however.

Our survey also showed teen-agers do have their favorites, but aside from a solid preference for mystery shows, had two stand-out personalities (Como and Skelton) the favorites in each category won less than 30 per cent of the votes.

THE RESULTS

Here are the results, with the percentage of the teen-age vote each polled:

Show—"The Untouchables" (10 per cent); type of show—mystery (38 per cent); variety show—Ed Sullivan (23 per cent); western—"Maverick" (14 per cent); comedy—Red Skelton show (10 per cent); mystery—"Thriller" (15 per cent); sports show—football (17 per cent).

Personality—Jack Paar (12 per cent); male singer—Perry Como (36 per cent); female singer—Dinah Shore (28 per cent); comedian—Red Skelton (31 per cent); comedienne—Carol Burnett (21 per cent); actor—Robert Stack (7 per cent); actress—Loretta Young (18 per cent); announcer—Duwood Kirby (5 per cent).

NO WINNER TAKES ALL

Significantly, 30 per cent of the boys and 54 per cent of the girls preferred some show other than the ones which wound up in the top six, and 15 per cent of the teen-agers specified no all-around favorite show.

A vote of 16 per cent of the boys was what put "Untouchables" on top. The crime show won the approval of only 4 per cent of the girls, whose favorite was a three-way tie (7 per cent each) between "Route 66," "Twilight Zone" and "Alcoa Presentations."

There were more definite opinions as to the favorite type of show.

Only 10 per cent, the smallest group, preferred something other than variety, western, comedy, mystery or sports—and told why.

"Documentary type shows are more interesting to me," said 18-year-old Leroy Stutz of Cumberland, Md. "They don't use the same plot over and over again."

Beverly Robin, 16, of Los Angeles, said she preferred news and current affairs shows; and 17-year-old Kirsten Nielsen of Austin, Minn., said "spectacu-

lars usually are the best done and are especially interesting."

Ellen Siegler, 16, of New Rochelle, N. Y., speaking for the 40 per cent of the girls who preferred mystery shows, had this comment: "They hold my interest without taxing my brain."

BOYS GO FOR SPORTS

In many categories the winner was not the predominant choice of both boys and girls. A strong minority of one or the other provided the winning margin for the favorite show, as mentioned, plus the favorite western, favorite sports show, favorite type of show and favorite announcer.

Eight per cent of the boys and 4 per cent of the girls selected Hugh Downs as their favorite announcer.

But 9 per cent of the girls plus a 7 per cent minority of the boys said Duwood Kirby on top by a percentage point.

The favorite western, "Maverick," also won by a whisker. More boys (16 per cent) favored "Gunsmoke," but enough of them (10 per cent) liked "Maverick" to put it ahead with the backing of 17 per cent of the girls. "Gunsmoke," "Wagon Train" and "Bonanza" wound up in a second place tie with 13 per cent each.

Not surprisingly, 30 per cent of the boys picked sports as their favorite type of show, but only 1 per cent of the girls agreed. Mystery shows won out with a combination of 40 per cent (girls) and 23 per cent (boys).

As for the favorite sports show, the girls apparently weren't too

concerned. Sixty per cent of them said they had no favorite, but if they had to watch sports, most of them (11 per cent) preferred bowling.

Annual Flag Day Marked by Units

The New Citizens' League of Pontiac participated in the Elks Lodge No. 810 annual Flag Day and new citizens program Wednesday evening.

Final arrangements for the league's participation in the observance were made at a board of directors meeting in the Birmingham home of Mr. and Mrs. Frank Walker where plans for a board dinner in July also were discussed.

Summer Trips Planned by Audubon Club

Members and guests of the Pontiac Audubon Club planned summer field trips at a meeting Wednesday in Hawthorne School.

The schedule includes visits to Rondelet Provincial Park, the cottage of Iana Hook on Ippewash Beach and the Bay City State Park, as guests of former member Henry Zerborg, now assistant forester at the park.

The group voted to change meeting nights to the third Wednesday of the month in the Hawthorne School.

Following the business session William Wagner's slides on reptiles were shown by James Card.

Mrs. Robert Kruegel and Val Jean Simon were guests. Refreshments were served by Mrs. Vivian Tubbs.

Musical Club Holds Picnic

Janice Norberg of Clarkston was hostess for the Matinee Musical Club's annual picnic.

Hosts and hostesses to the 18 members present were Mr. and Mrs. Walter Norberg and Mr. and Mrs. Paul Elison.

Annual awards were presented to the three members who had earned the greatest number of points through participation in musical activities during the past club season. Winners were Cindy Jones, first place; Diane Cheal, second; and Cheryl Dell, third.

Be 'Clean'-Cut

If you customarily visit the beauty salon only for haircuts instead of the "full treatment," remember to shampoo your hair first. Professional barbers say that clean hair takes a neater, smoother cut.

Before You Polish (UPI) — Before polishing shoes, rub with a cloth moistened with liquid detergent. Proceed with the usual polishing routine after the application of detergent has dried.

74 N. Saginaw St. We Give Holden's Red Stamps

Women of the Moose met for luncheon Wednesday at the Hillfield Road home of Mrs. George Harshbarger (right) to honor their senior regent, Mrs. Vernon Taylor (second from left). Among co-workers for the group, who presented a rocking chair to the honoree, were Mrs. Edward Taylor (left) and Mrs. Clarence Cavalier. The hostess is adding finishing touches to a pink-and-white summer floral arrangement which graced the main table.

Circles Planning Festive Events

Deborah Circle of Oakland Park Methodist Church met Wednesday noon at the home of Mrs. Raymond Combe on Chipewagon Road. Mrs. James Wellington opened the meeting with a poem "Are You Too Busy?" Mrs. Clayton Gillies, Woman's Society president, spoke of the work being done by Protestant women in Latin America and gave devotions on "Witnessing." The United Church Women's project for World Community Day was explained. The Women's Society of Christian Service will have a picnic July 13 at 6 p.m. at the home of Mrs. Bert Weddle, on Oakley Drive.

A Bible was presented to Mrs. Edith Gale in honor of her birthday. Dorcas meetings will recess for the July the summer.

Mrs. Frank Ledford of Kennett Road will be hosting for the July 19 circle meeting.

LATTER DAY SAINTS
The Drayton Congregation of the Dorcas Group of Oakland Church entertained the men's Christ of Latter Day Saints Bible class at the home of the sponsor a strawberry festival at Percy Blynn's on Lyle Drive, W. The Pontiac church on Front Street, terford Township. Mrs. Enal from 4 to 7:30 p.m. Saturday. All Lloyd and Mrs. Oleavia McLean types of strawberry desserts assisted the hostess with refreshments. Icing cream and beverages will be served.

And Don't Worry, Mom

Pack Extra Camp Shoes

By JOSEPHINE LOWMAN

Thousands of children all over the country are getting ready to go to camp or soon will be preparing for this adventure.

It don't know whether the first camp is a greater adventure for the mother or the child. Any of you who have been through it know what I mean.

No matter how carefully you investigate the camp to which your child is going you still are haunted with visions of a broken neck after a fall from a horse, drownings or a fatal bite from a snake. You never think of anything as simple as poison ivy!

Most of all you wonder if he or she will be lonely. You know your child well enough to sense the dread as well as the anticipation in him. For the first time he will have to stand on his own feet and he will have to take the cruelties as well as the bonuses which are part of life.

And you will not be there to console or encourage him or explain to him. You both will act very brave, and then after you leave him you probably will cry a little bit.

Camp is a wonderful and valuable experience for a child. To learn to live in a small community and carry his weight as he will have to do in the world later on, to learn "give and take," to learn to cooperate with others, is fine training for future life. And, of course, the outdoor living is good for his health.

EXTRA SHOES
According to a survey among camp directors made by a national foot health organization, mothers pay too little attention to shoes when preparing their children's clothes for camp. They do not pair of sneakers—and that's all.

But camp officials report that many mothers send along only the youngster's current pair of shoes (often nearly outgrown) and a pair of sneakers—and that's all.

stint when it comes to throwing a couple of extra pairs of shorts or a few more T-shirts into the trunk.

JUDITH LYNN JOHNSON

The William Johnsons of Mt. Clemens Street announce the engagement of their daughter Judith Lynn to Robert B. O'Neill, son of the Owen O'Neills of Drayton Plains.

How to Avoid Strife With Your Son's Wife

RUTH MILLETT

Newspaper Enterprise Assn. Here's how to be a welcome guest in the home of a daughter-in-law.

DON'T: Try to share with her the job of disciplining the children. If Johnnie hits Susie, relax and let mama do the reprimanding. AND DON'T: Overlook any or let her ignore the incident if chances for giving your daughter-in-law a build-up to your son.

DON'T: Tell her you think your son is working too hard. Isn't getting enough sleep, doesn't eat enough or any other thing that puts you in the light of a fond mama still trying to mother her son.

DON'T: Criticize the young couple's friends, however tactfully you may think you are pointing out their faults.

DON'T: Spoil your grandchildren so badly it takes several good spankings to get them straightened out after your visit.

DON'T: Ask your daughter-in-law how much she paid for this dress or that piece of furniture, in order to verify your suspicion that it was an extravagance.

DON'T: Teach your daughter-in-law some tricks designed to cut down her food bill or lighten

her household chores, and then let your son in on how much you've been teaching his wife.

DON'T: Unintentionally belittle what the young couple have. Remember, they are probably proud of what they have.

For right-at-home hints, see Ruth Millett's booklet, "How to Have a Happy Husband." Send 25 cents to Ruth Millett Reader Service, c/o The Pontiac Press, P.O. Box 489, Dept. A, Radio City Station, New York 19, N.Y.

State's Farm Beauties Are Peachy Bunch of Tomatoes

LANDING IN—A home economist once said: "You just can't tell the farmer's daughter from the city girl any more."

Or can you? If beauty contests are any indication, the prettiest Michigan girls come from the farms.

"We just can't keep track of the number of beauty queens chosen to reign over festivals and elected by state agricultural commodity groups," said Joe Wells, administrative assistant to State Agriculture Director G. S. McIsaac.

"One thing we do know," he said, "is that in general they do a fabulous selling job for the commodity they represent." The queen serves a practical—as well as decorative—purpose. She creates an image that can be tied in with the product and is always an attention-getter.

Most of the commodity groups pick a queen who knows the product she represents—"making her peaches as a representative for the product, and for Michigan," Wells said. The combination of beauty and brains is disarming.

ANNUAL TRIP

Ask an apple queen about apples and she can usually tell you about apples, he said. This year's dairy princess, Marjorie Mueller of Saginaw County, even knows how to milk a cow.

Wells and his wife Marj have made an annual national trip with Michigan agricultural queens since the first Michigan Week in 1954.

"There's no way of telling how much good these attractive, well-informed ambassadors have done for the state, or how many people they have reached through regional and national radio and television and in personal appearances," he said.

Last year, the state's Michigan delegation presented the mayor of Los Angeles with some Michigan apples.

A few years ago, he said, a Southern and Western tour were the state's apple, bean and blossom queens and the state cherry pie baking champ.

PLAN ON COLLEGE

Tall, dark-eyed Sally Green, 17, of Fennville is the apple queen. Her parents, Mr. and Mrs. Arnold Green, operate a 75-acre apple orchard on their 180-acre farm. She said she plans to enter Michigan State University this fall.

A blue-eyed brunette, Mary Ann Hobart, 19, represented Michigan's nation-leading navy bean industry. Her parents, Mr. and Mrs. Marian Hobart, devoted 149 acres of their 350-acre farm near Gagatown to navy beans last year.

The queen will be a junior at Michigan State University this fall, where she is majoring in divinity, social science and working toward a master's degree in counseling and guidance.

Representing Michigan's fruit industry was Blossom Queen Beth Dall, 17, a blue-eyed blonde from Berrien Springs. An honor student at Berrien Springs High School, she graduated this month, and is registered at Baylor University, Tex., for the fall semester.

Bonny Brunals, 17, won the State Cherry Pie Baking Championship and was chosen to represent the cherry industry on the national tour.

Says Southern Lawyers Shrink

Don't Support Courts Against Bias, Atlanta Publisher Claims

CAMBRIDGE, Mass. (AP)—A Southern newspaper publisher, speaking on segregation, said today the leadership of the Southern bar has not lived up to its responsibility.

Ralph McGill, publisher of the Atlanta Constitution, made his statement in an address prepared for the annual meeting of the Harvard Law School Alumni Association and the Harvard Foundation for Advanced Study and Research.

He said, "We are engaged in a struggle to do by law and the courts what men of free will have not been able, or willing, to do by themselves." And he expressed the belief a turning point in Deep South defiance came this year when Georgia accepted desegregation of its state university.

FOCUS OF ATTENTION

"Since the greatest social reform of our time is being implemented by courts, they and the legal profession inescapably are a focus of attention," McGill said.

"In the past 20 years, but more particularly since the U.S. Supreme Court decision of May, 1954, the leadership of the Southern bar has not lived up to its responsibility.

"To this day, insofar as I can determine, not a single Southern state bar association has gone on record with a resolution or declaration of court support which would have provided the people with an alternative to the peddlers of defiance."

U. of M. Expecting Enrollment Crisis

ANN ARBOR (U.P.)—Michigan's college enrollment crisis this fall will be more serious than has been estimated, a University of Michigan population expert predicts.

Dr. David Goldberg, director of population research at Michigan said Michigan will have 7,000 to 8,000 more potential college freshmen this fall than last year—a sharp increase over previous estimates.

To handle the same proportion of the college age population (18-24 years) they accommodated in 1960, Dr. Goldberg said, Michigan's public and private institutions of higher learning would have to expand their enrollment by 10,000.

Sports Editor, Pontiac Press

The consensus among some of the pros in the USGA Open at Oakland Hills is that Pontiac's Gene Bone should win the "gentlemen's award," that is, if such an award was in order.

"I must say," commented Lionel Hebert, "that anyone who can take a 9 on a par 3 hole, without a single expression, nary a cuss word and all clubs intact, certainly deserves such an award."

It seems Gene had one of those never-to-be-forgotten holes during his practice round yesterday.

"I just whistled my way to the next tee," he said afterward, "I hope I'll still be whistling when the cut is made Friday."

It was at Mamaroneck, N.Y., a couple years ago that Gene failed to make the cut and that was probably because he hadn't started this system of whistling to himself when things started going badly.

It was on the 10th hole, a plateau par-3 at Mamaroneck, that caused his downfall after a fine 72 in the opening round.

He started out with two birds and three pars and was even after nine.

We followed Gene for the front nine and things looked quite cozy.

A day before he birdied the treacherous 10th and felt reasonably confident as he moved into the back nine.

At this point, Gene was certainly not whistling his way out of trouble. His blast finally just made the edge of the green and two putts later he was in with a six.

Fort he next three holes, instead of the following alongside Gene, we felt it was best to keep about 50 yards behind.

He bogeyed three straight holes and even though he came in strong with three pars, he had already eliminated himself. With an 80 he missed the cut by one stroke.

How does he feel about his chances as the Open gets under way today?

"If I get a good start I feel I will do well," he noted, "now I can always cool off with a whistle if I get into trouble."

The threesome playing behind Gene today agreed that he is a real gentleman and all because he learned to whistle his troubles away.

Athletics Trade With Yanks

What About No Deal Talk?

United Press International
Major league officials will be on the telephone all day long in an effort to beat the midnight trading deadline and that also goes for the New York Yankees, who may pick up a third new player today to go along with outfielder Don Daley and infielder Billy Gardner.

Here's what some of the other major league clubs are looking for the right mate.

—General Manager Johnny McHale of the Milwaukee Braves is hot after a relief pitcher, George Brunet pitched one inning against the Giants yesterday, gave up two hits, including a homer, and was sent to Vancouver of the Pacific Coast League. Bob Hendley, another pitcher, was brought up from Louisville but McHale still is looking.

—The Los Angeles Angels are casting around for someone they can call their first-string shortstop. Right now, they're struggling along with Hockey Brudges and Ken Hamlin.

—Like most clubs, the Boston Red Sox are after pitching help. They're willing to give up either Frank Malzone or Pete Kenna for the right mate.

—Pittsburgh also seeks a starting pitcher, especially since Vern Law, a 20-game winner last year, looms more and more as a question mark.

Meanwhile, the Yankees still were congratulating themselves for landing the 28-year-old Daley, twice selected on the American League's All-Star team and owner of a 16-6 record for the last-place Athletics in 1960.

"It's just not right that a club like ours should have only one starting left-hander," said manager Ralph Houk in Cleveland, where the Yankees welcomed their new pitching arrival.

"Daley should be right at home in Yankee Stadium," Houk added. "The park was built for left-handers. I think Daley is going to get a big lift by joining us and I'm sure we will get a big lift by having him."

Long sought by the Yankees, Daley once was even told to stay in shape by Casey Stengel because "I'm gonna get you over here if I can."

They're Playing for Keeps Today

By BILL CORNWELL
They're playing for keeps today at Oakland Hills Country Club.

The preliminaries are over and the money's on the line in the first chapter of the storied U.S. Open Golf Championship.

Golf's greatest players, headed by defending champion Arnold Palmer, four-time winner Ben Hogan, little Gary Player of South Africa and Sam Snead, will be gunning for the world's most coveted golfing crown during the next three days.

A total of 150 golfers, 127 professionals and 23 amateurs, began having the first tee in threesomes at eight-minute intervals this morning at 8 o'clock.

Palmer is the betting favorite.

Many would like to see Hogan win an unprecedented fifth National Open title.

Snead, of course, is the sentimental favorite simply because he has never won this famous tournament and also because he's still the idol of the galleries.

Player, the leading money winner on the current PGA tour, is another solid choice to make a run for top honors.

It's difficult to argue with Palmer's magnificent record. Muscular Arnie has won 12 of his last 46 starts in a 16-month period. He's won 38 tournaments, more than any other full-time tourer, and he's finished among the top five 27 times in that same stretch of 16 months.

Snead's inability to win the Open

is one of the great golf stories of the 20th Century and one of the big mysteries of our time.

The Slammer has won 107 tournaments in his illustrious career and has long list of victories in every major event—except the U.S. Open.

Time may be running out on Sam, who is now 49 years old. He first entered the Open in 1937 as a 25-year-old rookie pro on this same Oakland Hills course and lost by two strokes to Ralph Guldahl.

That signaled the beginning of one frustration after another for Snead, who is now ready to compete in his 21st National Open at this time.

At this time Snead is playing some of the greatest golf of his star-studded career. In his last three starts—Las Vegas, the

Snead Festival and Canada Cup competition—Snead was 43 under par. And he won them all.

In his final practice round Wednesday, Snead parred 17 holes and bogged No. 17 for a 71. "I'll take four rounds just like that and then go for it," Snead said.

Palmer only played nine holes yesterday. He shot a three-under-par 32 on the front nine, then decided to retire for the afternoon.

"I was playing so well I thought I'd better quit," Palmer quipped. Jack Nicklaus, the Ohio State graduate who lost by only two shots to Palmer in last year's Open at Denver, also just played nine holes and posted 38.

Nicklaus, whose 282 total at Cherry Hills set a new record for

amateurs in the Open, is considered the best bet to become the first amateur champion in this tournament since Johnny Goodman won the crown in 1933.

Bob Harris, an amusing pro from Winnetka, Ill., fired 79 Wednesday. Wally Burkemo of Franklin Hills carded 74, his poorest tournament round.

Other warmup scores yesterday included Don January 71, Doug Sanders 73, Doug Ford 72, and Player 71. Sanders, who employs the short backswing, is the PGA's third leading money winner.

Eight of the nation's 32 leading money winners are not entered in this year's Open. They include Don Whit, Ken Venturi, Stan Leonard, Jack Burke, Dave Ragan, Art G

Wall, Al Balding and George Bayer.

Also of interest is the fact that no pre-World War II Open champs are entered, while all of the post-war winners are in the field with the exception of 1946 champion Lloyd Mangrum.

Eighteen holes are scheduled today and another 18 Friday. Then the field will be slashed to the low 50 plus ties for Saturday's grueling 36-hole finale.

This marks the fourth appearance of the U.S. Open at Oakland Hills. Cyril Walker won the first one in 1924. Guldahl triumphed in 1937 and Hogan's brilliant showing 47 annexed the crown in 1951.

Par at Oakland Hills will be 35-70 and the course measures 6,907 yards.

FRACTURED DRIVER

GENE BONE

fall after a fine 72 in the opening round.

He started out with two birds and three pars and was even after nine.

We followed Gene for the front nine and things looked quite cozy.

Rare Commodity Helps Tigers Win

Manager Uses
Bench Strength
in 4-2 Victory

Tenth Triumph Gained
by Lary as Miscues Hurt
Red Sox

DETROIT — Bench strength, a rare commodity that aided the New York Yankees in many championship seasons, has helped put the Tigers back into a tie for first place.

The Yankees helped, too, when they beat the Cleveland Indians 11-5 last night hours after the Tigers defeated the Boston Red Sox 4-2.

"Our bench is one of the big reasons we're where we are," said manager Bob Schefling, who has become a master juggler with the Tigers.

"It lets me manipulate without losing too much power."

The Tigers' well-stocked bench paid off yesterday.

For the first time this season Schefling was minus two regulars, injured Al Kaline and Steve Boros. Detroit still had little trouble downing the Red Sox as Frank Lary became the first Major League pitcher to win 10 games.

The Tigers got a chance to take over sole possession of first place and delivered the biggest blow for the Tigers. He belted a two-run triple the right field foul line in the fourth.

Bruton was benched Sunday when his batting average toppled to .245 and Charlie Maxwell was stationed in the outfield indefinitely. But Bruton was pressed into emergency service when Schefling decided Kaline's injured hand should be given time to heal.

"The hand must be the reason for his slump," said Schefling. "We have the best outfield bench in the league, so we can afford to put somebody else in for Kaline for a few days."

Larry Osborne played third base in place of Boros, who was resting a pulled leg muscle.

Late in the game Schefling provided another display of his bench strength with some more maneuvering. The Tigers led 4-0 going into the eighth. Schefling sent Bubba Morton to left field for Maxwell and put Ozzie Virgil in for Osborne for defensive purposes.

Earlier their errors had given the Tigers a gift of two unearned runs. The Red Sox committed five errors, three by third baseman Frank Malzone.

Osborne led off the Tiger second with a walk. He was safe at second on an attempted force play when Malzone threw low. Jake Wood singled Osborne home.

Chico Fernandez and Wood singled in the fourth and Bruton drove across with his triple. Bruton scored when Malzone booted Maxwell's easy roller.

SPORTS

Yankees Feast on Tribe Hurlers

By United Press International
Roger Maris hit his 22nd homer of the season and Bobby Richardson connected for his first Wednesday night to lead the New York Yankees to a 11-5 victory over the Cleveland Indians that dropped the Tribe into a first-place tie in the American League.

Whitely Ford won his 10th game of the season against two defuncts needed help from Luis Arroyo in the eighth inning of the free-swinging contest.

Maris' homer came in the field's double and Bubba Phillips' single. Bell went out in the sixth for a pinch-hitter and was replaced by Johnny Antonelli.

The Yankees scored four runs off the former Giant ace in the seventh on two walks, a single and Richardson's home run with two men on.

The Indians came back with three runs in their half of the seventh on a single by Temple Jimmie Piersall's double, a sacrifice fly and a home run by Chuck Essegian, his fourth of the year.

The Washington Senators scored all their runs in the second inning and went on to beat the Baltimore Orioles, 5-1, behind the sixth pitching of Dick Donovan. Gene Green had a homer and a double to pace the Senators' nine-hit attack that tagged Steve Barber with his fifth defeat.

The Chicago White Sox downed the Los Angeles Angels 4-1 and 9-8, to sweep their second straight doubleheader. Roy Herbert pitched a three-hitter in the first game and Don Larsen halted a ninth-inning threat to save the nightcap.

Norm Siebern's three-run homer featured an eight-run eighth inning uprising that enabled the Kansas City Athletics to down the Minnesota Twins, 9-3, after Camilo Pascual had struck out 13 batters in the first 7 1/3 innings. Jerry Walker picked up his third win for Kansas City.

Battle for Crown

OMAHA (AP) — Southern California and Oklahoma State will tonight decide the NCAA college baseball world series tie, following a night off because of heavy rain.

Athletics Purchase Player from Hawaii
KANSAS CITY (AP) — The Kansas City Athletics Wednesday announced the purchase of Bobby Thomson, an outfielder with 17 home runs for Honolulu this season, their affiliate in the Pacific Coast League. Outfielders Jay Hankins and Stan Johnson were sent to Honolulu on option. Prescott had batted .360 and hit 30 home runs for Honolulu this season.

Baltimore Signs Two
ALLENSTOWN, Pa. (AP) — The Baltimore Orioles have signed two area baseball players who just graduated from high school. It was announced Wednesday night. Cy Morgan, Orioles' scout, said Willard Oplinger, 18, of Northampton High, and Tom DeVola, 17, of Berks High, were given sizeable bonuses for signing.

WEDNESDAY'S HOME RUNS
By The Associated Press
The Cincinnati Reds, who claimed their way out of the cellar and climbed into the National League lead by winning 20 out of 26 in May, have won just one more than they've lost since Memorial Day.
So what's wrong with the Reds? Nothing.
Their 8-7 record since May 30 is just about par for the course for the pennant. Take the Los Angeles Dodgers. They're 8-6 for the same span. San Francisco is 8-7, and Pittsburgh is 8-6. The Chicago Cubs are 7-7. St. Louis and Philadelphia are 6-7, with Milwaukee 5-9.

Rangers, Bruins Take on New Look

MONTREAL, (AP)—The Boston Bruins and New York Rangers, the tail-end club in the National Hockey League last season, each have a new look today after re-vamping their rosters during a lively player-trading session.

The Bruins obtained forwards Orland Kurtenbach and Earl Balfour and defenseman Pat Stapleton in the annual NHL draft Wednesday. Kurtenbach was acquired from New York and the other two from Chicago.

"I was surprised that we were

able to get Kurtenbach. I didn't think that the Rangers would leave him open to the draft," said Phil Watson, the new Boston coach. "He's going to be one of our regulars." Kurtenbach scored 20 goals for Vancouver of the Western League last season.

The Bruins lost two of the eight

players grabbed in the draft. They were veteran center Bronco Horvath and defenseman Aubrey Eckman. Both went to the Stanley Cup champion Chicago Black Hawks.

The Rangers picked up left winger Jean Guy Gendron from Montreal and Vic Hadfield, another forward, from Chicago. Gendron returns to the Rangers for

whom he played for three seasons starting in 1955-56.

Toronto's only selection was Al Arbour, a defenseman from Chicago. The purchase price for each of the eight players was \$30,000.

In transactions following the draft, the Rangers sent Lou Fontinato, their aggressive defenseman, to the Canadiens and completed the deal that brought Doug Harvey to New York as player-coach; and Chicago traded Eddie Lisenberger to Detroit for Jerry Melnyk and Brian Smith.

The Rangers, out of the playoffs the past three years, appeared to have helped themselves the most. Observers at the three-day session felt that the Montreal Canadiens, dethroned world champions, were weakened more than any other team.

"I wouldn't be surprised if he (Harvey) has a helluva year next season," said Toe Blake, coach of the Canadiens.

Some observers went so far as to predict that Harvey, who will tackle the tough task of player-coach at New York, will strengthen the Rangers 25 per cent.

Still at U. of D.

Brazil 'Ideal Player'

(This is one of a series of articles on former Michigan sports stars and what they are doing today.)

By the Associated Press

Lloyd Brazil has been termed "the ideal football player." He had all the qualities necessary for success—speed, intelligence, desire and the instinct for doing the right thing at the right time.

He was a halfback for the University of Detroit from 1927 through 1929 and in nearly 500 times carry-

ing the ball, averaged more than eight yards per carry.

A fine passer, as well, Brazil also was an excellent kicker and an outstanding player on defense. A vicious tackler and blocker, Brazil led the Titans both on offense and defense. It was said of him that no team ever completed a pass in his territory.

The Detroit team on which Brazil played compiled a 23-31 record.

He came to Detroit from Flint and the sports writers in those days called him things like "son spoken, mid-mannered reticent fish" and "one of the greatest halfbacks since the days of George Gipp."

10-Inning Contest Goes to Druggists

Drayton Drug scored two runs in the 10th inning to defeat Five Spot, 8-6, in a Waterford Recreation American League softball game Wednesday night at Drayton Plains. Joe Bresche's triple was the clinching blow for the Druggists and Chuck Gavette paced Drayton's attack with four singles.

Tom Quisenberry banged out two singles and a triple and Bob Almas clouted a two-run homer to high-light Hobby Painting's 12-8 victory over Big Jim's in a National League contest.

Tonight's schedule: A&W vs. Pontiac Rockcote (National), 7 p. m.; Stroh's vs. Spencer-Floor Covering (American), 8:30 p. m.

Friday's schedule: Big Jim's vs. Lakeland Pharmacy (National), 7 p. m.; Five Spot vs. Stroh's (American), 8:30 p. m.

Reach Quarter-Finals

BRISTOL, England (AP)—Three American tennis stars—Ron Holmberg of Brooklyn, Chuck McKinley of St. Louis and Dennis Ralston of Bakersfield, Calif., moved into the quarter-finals of the West of England Tennis Championships Wednesday.

Yank Advances in Scotland

TURNBERRY, Scotland (UPI)—Ralph Morrow, 27-year-old airman from Oklahoma City, advanced to the fifth round of the British Amateur Golf Championship today with a 2 and 1 victory over Raymond Munro of Scotland.

Henry Timbrook of Los Angeles still was on the course in his fourth-round match against Alex Kyle of Scotland.

Joe Carr of Ireland, the defending champion in the tournament, defied a torrential downpour to defeat Lawrie Rannels of Scotland, 3 and 1, and reach the afternoon fifth round.

Both Morrow and Munro were affected by the driving rain and pulled their shots all over the course, were short with chip shots and missed easy putts. Morrow might have won both of the first two holes but he missed 30-inch putts and settled for halves.

Posts Upset Triumph

MIAMI BEACH, Fla. (AP)—Alvin Harmon, Jamaican light heavyweight, upset eighth-ranked Jesse Bowdry of St. Louis Wednesday night with a unanimous decision in 10 rounds at Miami Beach auditorium.

TRADED PLAYERS—Art Dittmar, left, and Deron Johnson, center, were traded yesterday by the Yankees to Kansas City for Bud Daley. Dittmar and Daley are veteran pitchers. Johnson is a young infielder-outfielder. Midnight tonight is the trading deadline.

Finally Goes Hitless

By The Associated Press

STRAUSHE—N.Y.—(AP)—Jesse Gibe, the New York Yankees' \$100,000 bonus player from Mississippi, went hitless Wednesday night for the first time since he entered professional baseball.

Playing third base for Richmond's Virginians in the International League, the former University of Mississippi football star had his hitting streak broken after eight games.

Needed More Time

SEDALIA, Mo. (AP)—The little league game was called on account of darkness with the Aco's leading Sedalia Ice 4-0.

Playing third base for Richmond's Virginians in the International League, the former University of Mississippi football star had his hitting streak broken after eight games.

WEDNESDAY'S SPORTS
MIAMI BEACH, Fla.—Alvin Harmon, U.S. Olympian, upset eighth-ranked Jesse Bowdry of St. Louis, 10-0, in a unanimous decision in 10 rounds at Miami Beach auditorium.

THE STYLE CORNER OF PONTIAC

Action photo shot from beneath "glass highway" shows why THE BIG EDGE puts B.F. Goodrich Silvertown miles ahead of other tires!

OTHER TIRES have narrow edges, as this diagram shows. Following tradition, the rubber is concentrated in the center ribs. But in today's driving, that's a "dead center," where tire wear is least. Look at your own tires, and you'll see the first signs of wear are on the outside edges.

BFG SILVERTOWN has a radical new tread design—with up to 10 times as much rubber as other major-brand, first-line tires in the outside edges of the tread. That's where today's tires wear most, wear most. It's The Big Edge—and a big edge in safety and mileage for you!

24-MONTH ROAD-HAZARD GUARANTEE.

Because of the high quality of workmanship and materials, new B.F. Goodrich promises one tire is guaranteed against blowouts, leaks caused by road hazards encountered in normal driving. If a tire is so damaged beyond repair, you get full allowance for remaining tread against the purchase of a replacement—of course, not less price. Your B.F. Goodrich dealer has complete details.

ONLY \$1 DOWN—UP TO A FULL YEAR TO PAY

MILES AHEAD IN MILEAGE AND SAFETY! The amazing glass highway, shown in the small photograph above, was built by B.F. Goodrich to study tire wear under actual driving conditions.

Pictures shot from beneath this highway—like the larger photo above of a turning tire—let you see the severe distortion that takes place in the outside edges of the tread. Notice how little action there is in the center ribs. Thousands of pictures taken show the outside edges work most and wear most, whether you're turning a corner, driving on the highway, passing or stopping.

That's vitally important to every driver who's looking for the most tire for his money. Of all the major-brand, first-line tires, only B.F. Goodrich Silvertowns have extra rubber in the outside edges. Up to twice as much rubber as the others! That's The Big Edge—and it means a big edge in mileage and safety for you! Yet you pay no more for a Silvertown!

DON'T BUY ANY TIRE UNTIL YOU SEE THE BIG EDGE DEMONSTRATION AT YOUR B.F. GOODRICH DEALER'S. Ask your BFG dealer to show you the revealing glass-highway photos. Compare the Silvertown Big Edge tread with any other tire at the same price. See why it's miles ahead of other tires!

Federal Court Rules Flowers Free of Giants
NEW ORLEANS (AP)—Chirch Flowers, former All-America full back at the University of Mississippi, has been freed of his contract with the New York Giants of the National Football League. The U.S. 1st Circuit Court of Appeals Wednesday upheld a decision of a Mississippi district court which freed him from his Giants contract. He has since played one year with the Los Angeles Chargers of the American Football League.
Flowers signed the Giants contract Dec. 2, 1959, but later canceled the agreement and returned the \$25,000 bonus. He signed with the Chargers Jan. 1, 1960.

Temporary Stadium Planned at Houston
HOUSTON, Tex. (AP)—The Houston Sports Association, holder of a National League baseball franchise, awarded a contract Wednesday to build a 23,000-seat temporary stadium for 1962 play. The stadium is to be built adjacent to the site of the \$15 million air conditioned, domed Harris County Sports Stadium and will be used by the Houston Colts of the National League until the big stadium is finished. The temporary stadium will cost \$800,000.

'I Was Robbed,' Yells Japanese Fight Champ
CARACAS, Venezuela (AP)—Sadato Yoneda, Japanese flyweight champion, said today he was robbed—but not in the ring. While he was winning his fight last Monday night, burglars entered his dressing room and made off with a silk kimono, \$450 in cash, and other personal belongings.

USC Picked to Win NCAA Track Title

Key Issues Faced By Olympic Group

ATHENS (AP)—International Olympic Committee sessions to decide crucial issues for the 1964 summer and winter games in Tokyo and Austria opened here today.
The first meeting brought together the executive board of the International Olympic Committee.

Only six of the eight executive board members were present. Their session—expected to last all day—was held behind closed doors.

Before the meeting, IOC Chancellor Otto Mayer said the executive board would mainly discuss the agendas for IOC meetings later this week and next. He said various problems also would be reviewed.

"However," added IOC President Avery Brundage, "we will take no decisions in the executive board. The decisions will come next week."

That is when the full IOC will gather. Main issues before it will be to decide the dates and programs of the games in Tokyo and Innsbruck. The Austrian suggestion for a January-February winter games has met some opposition from Scandinavian countries, which desire a later date. Many European countries oppose Japan's program proposal to add judo and volleyball to the program while dropping the modern pentathlon and canoeing.

"I think," he said today, "that it will take 50 points to win the team title and I don't see why we can't score that many points."

The Trojans already have won the title 21 times in the 40-year history of the meet, and Mortensen has piloted the team to six crowns in his 10 years on the job.

Even with the loss of Rex Crawley, who pulled a leg muscle Tuesday and probably will have to scratch, the Trojans will have a hard time losing.

Mortensen has two defending champions on hand and a flock of other talented performers who are certain point-scoring. Dallas Long, who won the shot put with a meet record 61 feet 9 inches last year, should improve on that.

Luther Hayes of the Trojans also set a meet record last year with a 30-11 1/4 hop, step and jump. He already has done 31-9 1/4 this year.

Then there are Jim Wade in the discus throw, Bobby Avant in the high jump, Jim Brewer in the pole vault, Bruce Munn in the sprints, Kevin Hogan in the mile, Bobby Pierce in the hurdles and Warren Farlow in the half-mile.

Besides Long and Hayes, three other defending champions will be on hand.

Dwight Burleson of Oregon, who set an American record of 3:37.5 earlier in the spring, is the top heavy choice to win the mile for the second straight year. He also might go in the 800.

Likewise, John Thomas of Boston University, whose 7-3 1/4, still stands as the official world record, appears to be the class of the high jump again.

Other favorites include Ben Meade of Michigan in the 120-yard hurdles, Rex Shuckler of Kansas State in the 440-yard hurdles, Frank Budd of Villanova in the 100 and 220-yard dashes, John Macy of Houston in the 5-mile, Karl Johnson of Arizona in the discus, Chuck Willmorden of Redlands in javelin, Stan Doten of Harvard in the hammer throw.

Defending champion Kansas, along with Oregon, San Jose State, UCLA, Villanova, Michigan and Oregon State also have strong squads.

San Francisco (AP)—Home production in San Francisco's Candlestick Park powers along this year at a clip more than double that of 1960's inaugural season.

Last year there were 80 homers hit in Candlestick, 46 of them by the Giants and 34 by opponents.

To date this season, there have been 77 hit here—41 by Giants and 36 by foes.

Before the start of the season, the Giants moved the fences in 32 feet in left center to 365 feet, 10 feet in center to 410 and 22 feet in right center to 375 feet.

At Berkeley, slammed four singles and a double, John Lucadani and Chuck Johnson had a homer and single each to pace the Merchants.

A 10-run 3rd inning put the come far out of reach and play was halted after five innings.

Terry Hoy, the winner, and Dick Goldworthy divided the hurting for the victors. Hugh Remley was the loser.

Down 2-0 after two frames, Talbot had successive six-run spears to pull away.

The Lumbermen got only three hits despite the big run total but they put them together with five errors and six walks. Terry Anderson won although he allowed eight safeties. He fanned 9.

Wins Split Decision
COMMACK, N.Y. (AP)—Stefan Redi, 147, of Passaic, N.J., won a split 10-round decision over Johnny Gorman, 165, of Brooklyn-Wednesday night in the feature fight at the Long Island Arena.

Soft Living Hurts Americans—Elliott
NEW YORK (AP)—Herb Elliott, the world's greatest miller, says soft living keeps America from producing good distance runners.

Elaborating on some comments he made in his book, "The Golden Mile," the Australian told a news conference before his return to London today.

"The Americans excel in field events—and in the shorter. What I was trying to do in the book was to cite America as the foremost example of modern living and to point out that this type of living does not produce the classic hardbored required for events from 5,000 meters up. The mile is not a distance race."

"I was concerned about the modern living trend because other nations tend to follow America. Australia does to a marked degree, except that we are about five years behind you."

2 City Games Total 44 Runs
Wild Baseball Play Features 27-1 Rout by Merchants

Two city baseball games with a total of 11 1/2 innings played produced 44 runs Wednesday.

The Pontiac Merchants combined 15 hits with 18 Don Nichols errors to romp 27-1 and Talbot Lumber blasted the Joy Boy 12-4.

Al Bartley, slammed four singles and a double, John Lucadani and Chuck Johnson had a homer and single each to pace the Merchants.

A 10-run 3rd inning put the come far out of reach and play was halted after five innings.

Terry Hoy, the winner, and Dick Goldworthy divided the hurting for the victors. Hugh Remley was the loser.

Down 2-0 after two frames, Talbot had successive six-run spears to pull away.

The Lumbermen got only three hits despite the big run total but they put them together with five errors and six walks. Terry Anderson won although he allowed eight safeties. He fanned 9.

To date this season, there have been 77 hit here—41 by Giants and 36 by foes.

Before the start of the season, the Giants moved the fences in 32 feet in left center to 365 feet, 10 feet in center to 410 and 22 feet in right center to 375 feet.

At Berkeley, slammed four singles and a double, John Lucadani and Chuck Johnson had a homer and single each to pace the Merchants.

A 10-run 3rd inning put the come far out of reach and play was halted after five innings.

Terry Hoy, the winner, and Dick Goldworthy divided the hurting for the victors. Hugh Remley was the loser.

Down 2-0 after two frames, Talbot had successive six-run spears to pull away.

The Lumbermen got only three hits despite the big run total but they put them together with five errors and six walks. Terry Anderson won although he allowed eight safeties. He fanned 9.

Wins Split Decision
COMMACK, N.Y. (AP)—Stefan Redi, 147, of Passaic, N.J., won a split 10-round decision over Johnny Gorman, 165, of Brooklyn-Wednesday night in the feature fight at the Long Island Arena.

Soft Living Hurts Americans—Elliott
NEW YORK (AP)—Herb Elliott, the world's greatest miller, says soft living keeps America from producing good distance runners.

Elaborating on some comments he made in his book, "The Golden Mile," the Australian told a news conference before his return to London today.

"The Americans excel in field events—and in the shorter. What I was trying to do in the book was to cite America as the foremost example of modern living and to point out that this type of living does not produce the classic hardbored required for events from 5,000 meters up. The mile is not a distance race."

"I was concerned about the modern living trend because other nations tend to follow America. Australia does to a marked degree, except that we are about five years behind you."

2 City Games Total 44 Runs
Wild Baseball Play Features 27-1 Rout by Merchants

Two city baseball games with a total of 11 1/2 innings played produced 44 runs Wednesday.

The Pontiac Merchants combined 15 hits with 18 Don Nichols errors to romp 27-1 and Talbot Lumber blasted the Joy Boy 12-4.

Al Bartley, slammed four singles and a double, John Lucadani and Chuck Johnson had a homer and single each to pace the Merchants.

A 10-run 3rd inning put the come far out of reach and play was halted after five innings.

Terry Hoy, the winner, and Dick Goldworthy divided the hurting for the victors. Hugh Remley was the loser.

Down 2-0 after two frames, Talbot had successive six-run spears to pull away.

The Lumbermen got only three hits despite the big run total but they put them together with five errors and six walks. Terry Anderson won although he allowed eight safeties. He fanned 9.

"I was concerned about the modern living trend because other nations tend to follow America. Australia does to a marked degree, except that we are about five years behind you."

San Francisco (AP)—Home production in San Francisco's Candlestick Park powers along this year at a clip more than double that of 1960's inaugural season.

Last year there were 80 homers hit in Candlestick, 46 of them by the Giants and 34 by opponents.

To date this season, there have been 77 hit here—41 by Giants and 36 by foes.

Before the start of the season, the Giants moved the fences in 32 feet in left center to 365 feet, 10 feet in center to 410 and 22 feet in right center to 375 feet.

From the Skipper

By BRUNO L. KEARNS

Thrills, disaster and speed were featured at the Thousand Island marathon last weekend, and numerous Oakland County racers were among the top drivers on the list. There were more local racers however among the casualties.

Ward Rathbun of Pontiac went 88 of the 100 miles then hit a rock near one of the islands and made a shambles out of his prop.

Bill England of Lake Orion was thrown out of his boat and was eliminated early in the race.

Bob Morris of Royal Oak broke a steering bar, Gene Hawthorne, one of the veterans of the race also from Royal Oak had engine trouble and had to quit.

When it was all over Ray Lenk of Detroit took overall honors averaging 48.24 miles per hour, in 1:51.35, beating his own record of last year by two minutes.

Hunter Grimes of Alexandria Bay took the 1000 Island Bridge trophy for the best improved time over any class of the previous year, but it was a natural for Grimes.

It seems last year Grimes ran aground in the marathon and during the course of the year he drove through the islands learning every nook and inlet.

The disaster which took place happened during the race when a radio announcer from Watertown, N.Y., and a sports-caster from a TV sports show were killed when their plane plunged into the water.

The announcer had planned on giving the account of the race from the air.

Rathbun who was one of the top finishers in his class last year was disappointed after falling out with only 12 miles to go and in strong contention.

"It certainly was a rough race and continues to demand plenty of stamina," he noted on his return.

ACTIVITY FOR FRIES

At Watkins Lake last Sunday, Glenn Fries crossed the line to victory in his 1958 Ford, followed by the Brede boys. In the lightning-thistle class, Harm Gillen was first, Carl Kriets second and Dick Eldred third.

TO THE SKIPPER

The Oakland County Boat Club will hold its Centennial dinner-dance, Saturday night June 24th with the Starlighters providing the music. Membership cards for the OCBK must be renewed by June 30th. New members accepted include Richard Templeton, Walter Britton, Orville Russell, Charles Copenhaver, Walt Mazurek, James Simon and Dr. W. L. Christensen.

Smooth or Rough, Hydrolift Hull Wins

By WM. TAYLOR MCKEOWN
Newspaper Enterprise Assoc.

NASSAU, Bahamas (NEA)—The annual Miami-to-Nassau powerboat contest—called the world's roughest ocean race—has just been completed here after record breaking runs.

Sam Griffith of Miami, driving a Chrysler-powered Bertram 31-foot utility hull, out nearly four hours off his rough water-winning time last year in the same hull to finish first again. This time it took him only 4 hours, 20 minutes and 45 seconds to drive the 180 wet miles. By winning now in both rough seas and smooth, he has demonstrated the excellence of Ray Hunt's hydrolift hull.

This marathon event is open to any craft over 18 feet that can pass the Coast Guard Auxiliary exam and is willing and fitted out to tackle the punishment of open seas and the steep chop of the Bahamas flats.

This year the state was postponed two days because of small craft warnings. Then the weather set a record by providing an almost flat sea for the first time in the five-year history of the contest.

Twenty-one out of 25 craft that raced out of Miami's Government Cut reached the finish line in Nassau harbor, including six outboards. Several large power cruisers crossed in a predicted log division.

Jim Wynne, marine test engineer of Miami, was skipper of his entry, a new Bertram Yacht Company 24-foot model of Griffith's larger Bertram hull, with the same long lifting and stabilizing strakes which Ray Hunt designed.

Our power was two Volvo engines using the outboard Aquamatic drive—units designed by Wynne. We placed second in our class of twin engine inboards under 30 feet, were eighth to finish.

Rougher seas might have given us a higher position, for this is usually a rugged race, and we had a hull that could take it. Drivers and crew should go in training like horses, though they never do. Rounds are long on the ocean and

the light can last from 10 to 20 hours.

When we started at daybreak, I could still remember the ship I had broken during the event the year before. That time we were second to finish.

The first leg runs across a 50 mile stretch of ocean where the Gulf Stream can push along treacherous seas.

Fifty minutes out of Miami a glittering shower of flying fish broke from the crest of a swell ahead and scattered down at us better than our 32 miles an hour.

Though only small waves were running, we passed several larger craft suffering and pounding through them. Our hull rode easily with a minimum of fuss and spray.

The second lap of the race—80 miles over shallow vivid aqua water—is usually rumbled with a steep chop that pounds and slows the smaller hulls for seemingly endless hours. This time Bahamian hospitality stretched out a flat green carpet in the sun. Even outboards went skipping across the miles to a point where water depth drops from 12 feet to more than a mile.

Tongue of the Ocean this final 45 mile leg is called.

MIT Holds Wide Lead in Dinghy Championship

ANNAPOLIS, Md. (AP)—MIT held a commanding nine-point lead over its nearest opponents at the completion of Wednesday sailing in the National Dinghy Championships at the Naval Academy.

Skippers Peter Gray of Colorado, Calif., and Don Nelson of San Juan, Puerto Rico, steered the Engineers to three victories in the 13 races run. The MIT point total is 91.

The University of Washington and Harvard are deadlocked in second place in the Mores Trophy competition with a total of 82 points.

The 1961 APBA rule book has been published containing 436 pages and listed 4,500 members.

Navy Oarsmen Meet Favorites

SYRACUSE, N.Y. (AP)—Crew coaches generally favor undefeated Navy to win the 50th Intercollegiate Rowing Association Championship Saturday but Cornell carries strong appeal.

Navy drew five first-place votes and Cornell four in an informal poll of coaches taken by the Herald-Journal. Defending champion California received one vote.

On a basis of 5 points for first place, 3 for second and 1 for third, the Navy variety totaled 28 points, Cornell 23, California 14, Washington 4 and Syracuse 1.

The coaches, who were not identified by name, favored Cornell to win the 10-day event and Washington over Syracuse in the freshmen 2-mile.

The Navy variety, coached by Paul Quinn, defeated Cornell in the Eastern sprint at Worcester, Mass., last month. California and Washington, considered the other top challengers, split two races on the West Coast.

Students Are Invited

Outstanding juniors and seniors at high schools will compete for the opportunity of being guests at the U.S. Coast Guard Academy during the annual "Activity Week," Aug. 16-19. The Auxiliary will select 100 young men from all parts of the country.

FOND DU LAC, Wis. (UPI)—Phil Greenwood, Fond du Lac pro, scored 10 birdies, including six in succession, in an 18-hole match Aug. 2, 1961.

Here this year Wynne and I found a flat calm again, however, and six hours out of Miami we were weaving through the colorful native fishing boats to the finish line off the Nassau Yacht Club.

Follow Rules of Road...Also on Water

Although your boat and equipment may be the envy of the waterways, their value is secondary to your boating habits. To stamp yourself as a good boater and thus earn a much more important kind of admiration, you must follow the Rules of the Road.

These rules are just as fundamental to safety on Michigan's waterways as they are on a highway. This includes rules implied by the dictates of common sense and common courtesy as well as those specifically spelled out by law.

Written rules give you certain rights, but don't insist upon them when it will lead to confusion or possibly an accident. Always respect the rights of other boaters to the hilt, but, at the same time, be ready to give in a little on yours for the sake of safety.

In essence, Michigan pleasure boat operators must comply with part or all of three sets of rules. They include: 1) International Rules for second waters, including the Great Lakes as part of this sea-highway system; 2) Inland Rules; and 3) special rules for the Great Lakes and their connecting and tributary waters.

If you are going to use waters where traffic is controlled by one or more of these major sets of rules, get an official Coast Guard motorboat pamphlet from local marine inspection offices in Detroit, London, or St. Ignace.

There are a few simple, basic Rules of the Road which, with very minor exceptions, apply everywhere:

1. MEETING. When two boats approach each other head on, each

This simple trailer check can save trouble and worry when pulling a boat trailer. Uppercut, a visual check is made of rollers and the stop and turn signals of the trailer.

gaged. Bottom left, the boat tie-downs are being secured. At bottom right, a visual check is made of rollers and the stop and turn signals of the trailer.

POOR COMMON SENSE—Changing seats in a boat while underway is like changing horses in the middle of the stream—usually a bad idea. A good skipper will not permit it. Safety dictates that persons aboard a small boat remain seated on the seats while the boat is moving.

Check Trailer Carefully for Travel Safety

Good boat trailers, properly balanced and carefully checked, offer no problems to the trailer boater, says the Evinrude Boating Foundation. If they are treated as a quality piece of equipment and carefully checked before each trip, the owner can trail thousands of miles with no worries.

Before each trip with the boat trailer it is well to make a routine check, such as that being performed by the young man in the accompanying photograph. Naturally, tension on the winch rope and tie-downs should be released when the boat and trailer are not in use for any period of time beyond a few hours. Before starting a trip, secure the tie-downs and tighten the winch rope.

Follow Rules of Road...Also on Water

Michigan's boat law requires that boat operators involved in accidents causing injury or death, or property damage of \$50 or more, must give their names, addresses and registration numbers of their craft to those involved in the accident. If the boat is rented or borrowed they must also give the name and address of the owner. If anyone is injured, the operator must render help and transport the person or persons to a physician or surgeon if further treatment is necessary or requested. In any case, the operator must also report the accident either to a peace officer, the nearest State Police office, or the sheriff of the county in which it occurred.

In accidents involving property damage of less than \$50, the operators involved must again give their names, addresses and boat registration numbers and the name and address of the craft's owner. If it is rented or borrowed, they must also give the name and address of the owner. If anyone is injured, the operator must render help and transport the person or persons to a physician or surgeon if further treatment is necessary or requested. In any case, the operator must also report the accident either to a peace officer, the nearest State Police office, or the sheriff of the county in which it occurred.

2. OVERTAKING. When overtaking another boat you must keep clear of the craft you're passing. However, if you are in a narrow channel and are being overtaken by a larger, deeper draft vessel, it will be easier for you to swing to the side of the channel and let the big bellow have the deep water. This is one of those situations in which it is wise not to always insist on your right of way.

3. CROSSING. A motorboat which has another boat in its so-called "danger zone"—close up and coming from the right—must give way to it by altering course to pass behind its stern or by slowing down, stopping or reversing.

4. LEAVING SLIPS, WHARVES AND PIERS. Boats coming out of slips into open water, or leaving berths at piers and wharves, have no rights until they are entirely clear. Therefore, they must proceed with caution and at low speed.

5. SAILBOATS. Sailboats always have the right of way over power boats except when overtaking these craft. Courtesy also requires that sailboats be given a wide berth while racing. If you have to pass close to a sailboat, do so slowly and on the leeward side to cause the least possible disturbance to wind currents or by the wake of your boat.

6. FISHING BOATS. These have right of way whether they are anchored or underway with nets, lines or trawls out. Take it easy when passing a fishing party.

7. TOWS. Although under certain circumstances power boats have the right of way over tug boats with barges in tow, it is not only good manners but sound seamanship to yield the right of way. A small motorboat is a good deal more maneuverable than a string of barges.

8. ACCIDENTS. In cases of collisions, capsize, fire or other serious accidents, it is the duty of boaters to stand by and lend assistance.

In addition to these eight basic rules of the water roads, Michigan has several specific ones backed by law.

WATER RULES—Now hear this, boaters! All hands on deck for a few simple, basic Rules of the Road in addition to those shown above. When overtaking another boat you must keep clear of the craft you're passing. Boats coming out of slips into open water, or leaving berths at piers and wharves, have no rights until they are entirely clear. Fishing boats have right of way, whether they are anchored or underway with nets, lines or trawls out. Take it easy when passing a fishing party. Under Michigan law, water skiing, water sledding, and submerging by boat are prohibited from one hour after sunset to one hour before sunrise. One last reminder before showing off: Written rules give you certain rights, but don't insist upon them when it will lead to confusion or possibly an accident. Always respect the rights of other boaters to the hilt and be ready to give in a little of yours for the sake of safety.

Boat Builders Design for Big Years Ahead

By WM. TAYLOR MCKEOWN
Newspaper Enterprise Assoc.

BOONANO BEACH, Fla. (NEA)—"Here's the boat business," we asked the world's biggest builder of pleasure boats.

"Good," the sales manager of Chris-Craft told us. "This industry felt the recession, but we note an upswing." Chuck Burgess leaned across his desk and picked up sheets of figures to prove his point.

A few years ago few pleasure-craft builders had sheets of anything except orders, specifications and bills. They knew nothing about projections of sales trends, market research and careful analysis of what a family wants.

Today that's changed. If you can get a better view while steering your boat from a flying bridge; if your wife prefers stainless steel and Formica surfaces in the galley; if your friends want a small boat to start in, and a selection of larger

cruisers to move up to, Chris-Craft makes them. This company keeps plants busy in Florida, Maryland, Tennessee, California, three in Michigan and has opened a European office in Switzerland.

It makes luxury mahogany-planked craft from 17 to 60 feet in length, a line of lapstrake skiffs 18 to 42 feet overall, less expensive Cavalier craft from 18 to 30-foot sizes and Roamer steel boats that range from 31 to 42 feet.

Reports indicate that Chris-Craft boats, built of fiberglass and aluminum will appear for the first time in 1962.

"Is this true?" we asked Herb Pocklington, director of the company's planning.

"We have an open mind on every material that can make a good boat," he told us. "We already use much fiberglass for superstructures and cabins."

Chris-Craft is building a large technical research center at Pompano Beach to test materials and boats. A. W. MacKer, in charge of engineering and research, probably has more boats afloat, carrying out his design and construction ideas than any other man.

Under canvas at the Pompano Beach plant are the shapes of completed boats. Pocklington pointed them out as the prototypes for 1962. Chris-Craft is now perfecting next year's models, and designing for several seasons beyond.

Perhaps the day will come when no boat arriving at the first spring boat show will have workmen busily screwing on touches of final trim.

Safety Group Convenes

ST. PAUL, Minn. — The 11th Annual National Water Safety Congress is scheduled to meet here June 11-13. Aim of the water safety group is "to encourage the use and adoption of all water safety practices and measures by the public in the use of all inland waters." Among the groups participating in the meeting will be the Outboard Boating Club of America, the U.S. Corps of Engineers and the Minnesota Department of Conservation. Representatives from several other states and Canadian provinces are also expected to attend.

Forest Service Preparing for Big Fire Year

WASHINGTON (AP)—The U.S. Forest Service said Wednesday it is preparing for a bad season of forest fires.

Snowfall and consequent water supplies above ground and in the ground—was short in many forest areas of the West. A snow shortage results in dry ground

and a low water level—conditions that tend to make affected areas more susceptible to damaging fires.

Already more fires than usual for this time of the year have been reported.

The service is setting up a seasonal office at Salt Lake City, Utah, to keep men and equipment moving quickly—by air—from one part of the western country to another to battle fires.

Sugar cane is a giant grass growing 6 to 15 feet high.

State Painting Signs to Guide Airplane Pilots

LANSING (UPI)—Soon the airplane pilot may have as many direction signs guiding him around the state as motorists in Michigan have.

The State Department of Aeronautics has been painting bright yellow, 16 foot signs on roofs of buildings throughout the state.

Each sign identifies the city and points out the direction and distance to the nearest airport.

Air markers will be painted at various points throughout the state as part of a four-year program began in 1959 in the Upper Peninsula. Last year 100 were put in the northern half of the Lower Peninsula.

Southwestern Lower Michigan will be covered by 100 signs this year and the southeast section of the state will be included next year, the department said.

Has Bull-Headed Bull but for Short Time Only

UNION, S. C. (AP)—Herman Crocker believes he has a real bull-headed bull.

Lightning struck the bull's nose ring and down went the animal. But he was only unconscious. Crocker reports, and was up and about in 10 minutes.

Disappointing, What? Perhaps to the Girls

LONDON (UPI)—The Town Council has canceled Cambridge's annual summer beauty contest for lack of entries, even though the girls are no longer required to wear bathing suits.

The festival committee has decided girls are really no longer

interested," a puzzled councilman said.

City Relocates Hogs

VIDOR, Tex. (UPI)—The Vidor City Council began a long-range "house cleaning" program by ruling that hog pens hereafter will have to be 30 feet or more away from occupied homes in the city.

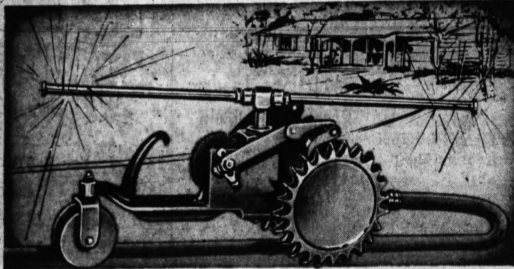

Meyer's car was found on a crosswalk in front of the city hall. Meyer was inside presiding in court.

**City Magistrate Finds
He Has No Police Pull**

ASPEN, Colo. (AP)—Police Chief Chris Krulcek had a parking ticket put on the car of City Magistrate Guido Meyer.

Miss Centennial Announced

Out in Time for Centennial

FRESH OFF THE PRESSES — County Clerk-Register Daniel T. Murphy Jr. (left) presents the first copy of the official 1961-62 Oakland County Directory to Joe Haas, staff writer for the Pontiac Press and county historian. Haas has contributed a "Facts and Figures" page for the booklet each year.

The Pontiac Press and county historian, Haas has contributed a "Facts and Figures" page for the booklet each year.

County Booklet Salutes Pontiac

1961-62 Directory Now Ready for Distribution; Carries Facts, Figures

With a salute to Pontiac, the county sent, the 1961-62 edition of the Oakland County Directory was made available at the courthouse yesterday.

County Clerk-Register Daniel T. Murphy Jr. said 15,000 copies of booklet are now available for distribution to citizens free of charge. Later township and city clerks will have copies for the asking.

On the cover is the official seal of the Greater Pontiac Centennial celebration starting Saturday.

Joe Haas' "Facts and Figures" of Oakland County traces the development of the new county courthouse which will be occupied in August. Last year's directory had a sketch of the courthouse on the cover.

News Flashes

WASHINGTON (UPI) — A Hollywood producer testified to first place with Tribune-Page 47.

BAY CITY (UPI) — A spectacular fire whipped through a lumber yard five miles west of Bay City today. There were no reports of injuries. Officials said the lumber yard, one of the largest in the Central Michigan area, probably would be a complete loss.

Fidel Hikes Price on Cuba Captives

FROM OUR NEWS WIRES

HAVANA — Premier Fidel Castro Wednesday night put a vastly increased price—\$28 million—on 1,173 captured Cuban invaders he proposes to trade to the U.S. for as many as 10,000 farm tractors.

The Cuban leader's new terms, outlined at news conferences lasting nearly six hours, represent an increase of about 11 times over the initial estimate of his tract. Demands which were calculated at about \$2.5 million.

Castro now is not only asking a much higher price but is also offering approximately 41 less men.

During the news conferences, however, Castro placed increasing emphasis on an alternate plan to exchange captive invaders for "political prisoners" of the United States, Spain, Guatemala and Nicaragua.

He insisted specifically that the three leaders of the abortive April invasion could be exchanged only for three U.S. prisoners—a child-killer, a Communist conspirator and a Puerto Rican rebel.

This was believed to be substantially what he told the U.S. agricultural experts sent here to arrange the exchange during the hours he spent with them Wednesday.

The experts leave for home today.

Castro, in a 5½-hour session with American newsmen after his night meeting with the experts, said the United States should make the first move toward healing its breach with his regime.

He arranged to take the newsmen on a personal tour of the battleground where his troops repulsed the April 17 invasion.

The leftist leader invited the correspondents to take up permanent reports from Havana. This was a big switch from the days following the invasion when American newsmen were arrested or took refuge in embassies.

Kennedy's report was characterized in the West as "somber." He said "no concession or advantage was either gained or lost" in the talks on such vital issues as Laos, nuclear test ban, negotiations and Berlin, but he said the talks lessened chances of a "dangerous misjudgment" on either side.

Khrushchev's report, his first formal public address since before the summit, commanded close attention both at home and abroad for hints of what is to come in East-West relations.

The ceremonies ended an era in the township's school system as this was the last time all seniors were graduated from one high school.

Waterford Kettering High School opens in September and will have its own graduating class next June.

To add drama to the occasion, Dr. Donal C. Weaver, who was Waterford Township High School's first principal, was the main speaker. He now is a professor of education at Western Michigan University.

In his five-point address, Dr. Weaver compared the first Waterford graduating class of 42 members with last night's largest senior class, and spoke of the 3,126 students who have been graduated since the original class in 1918.

The doctor pointed out the importance of self-determination, strength of purpose, additional education and sound religious faith.

"To have a specific goal and the integrity to let nothing deter from obtaining that purpose means the difference between success and failure," Dr. Weaver said, and added, "It is emphatically obvious that additional education is a prime requisite for acquiring positions today."

After Mary Hodges played the organ procession, School Superintendent William A. Shuck introduced Dr. Weaver, Rev. Edward A. Lowry, rector of St. Andrew's Episcopal Church, gave the invocation and benediction.

High School Principal James Fry presented the class, and Sharon Sue Welch gave the valedictory message.

Special Session Lists 2 Issues

Lansing Legislators to Study ADC, Billboards for Federal Aid

LANSING (UPI)—Six Republican senators today formally called on Gov. Swainson to allow a special session of the legislature to consider extension of some "outstanding" taxes and revision of the unemployment compensation law.

LANSING (UPI)—Michigan lawmakers returned to the Capitol today for a special session that may wind up in 24 hours and bring the state some \$25 million in federal grants.

The legislature was called back by Gov. Swainson to consider proposals to qualify Michigan for \$20 million in new federal aid for children of unemployed fathers and \$5 million for regulating billboards on interstate highways.

Some legislators have urged the governor to open up the session to consideration of bigger appropriations for higher education and mental health, with the money raised by an extension of some so-called nuisance taxes which are due to expire June 30.

But Swainson said he would expand the subject matter only if he felt there was a majority of votes in both the Senate and the House to pass such legislation.

Under the Constitution, a special session can consider only the issues assigned to it by the governor.

In calling the session, Swainson said he believed both the Aid to Dependent Children (ADC) and the billboard measures would have passed in the regular session if time had not run out on the calendar because of lengthy debates on other bills.

"It is my feeling that the legislature should have the opportunity to act on these measures unhampered by the legislative rules adopted during the regular session of 1961," he said.

Leaders of both parties said they expected the ADC measure to pass. This would make federal funds available to local welfare unit for 13 months.

GMC Beauty Veachel Bilyou Captures Title

Brandon Twp. Winner Held 6-5 Edge Over City's Ellen Ann Taylor

By PETE LOCHMILLER

Pontiac's Miss Centennial is Veachel Bilyou, a 21-year-old stenographer at GMC Truck & Coach Division.

Final returns in the month-long contest last night showed the Brandon Township beauty had a 6-5 edge over her nearest rival, Ellen Ann Taylor, 20, of 247 Ottawa Drive.

Sponsored by the General Motors Girls Club, Veachel will reign over the eight-day Greater Pontiac Centennial.

She'll appear as Miss Centennial in Saturday's kickoff parade with a 10-member court of Centennial Princesses, comprised of Ellen and the next nine runners-up in the contest.

Miss Centennial will be crowned by Rep. William S. Pomeroy Monday night at Winer Stadium, before the opening performance of the Centennial Spectacle, "The Pontiac Story."

As Miss Centennial, Veachel has won a 1961 Tempest automobile, Ellen, daughter of City Commissioner and Mrs. William H. Taylor Jr., won \$300 and a share in the valuable merchandise that will be distributed among the Centennial Princesses. Ellen was sponsored by the Pontiac Exchange Club.

BASED ON SALE

The contest was based mainly on the advance sale of coupons exchangeable for tickets to the Spectacle. Candidates and their sponsoring organizations also sold tickets to the Centennial State Sing and 5th Army Band Concert at the Stadium Saturday night.

In the advance sales, Veachel's (Continued on Page 2, Col. 2)

Frigid Blasts to Descend From the North Tonight

Pontiac area residents will bask in Northern Michigan "summer temperatures" for the next few days.

The weatherman said tonight will be fair and quite cool, the low about 46. Fair and a little warmer in the afternoon is Friday's forecast, the high near 74. The outlook for Saturday is fair and warmer.

Morning northeasterly winds at 8 miles per hour will become 10-15 m.p.h. tonight.

Forty-six was the lowest recorded in downtown Pontiac preceding 8 a.m. The reading at 1 p.m. was 65.

THE WINNERS — Beaming with delight, Pontiac's Miss Centennial Veachel Bilyou (left) is congratulated with a hug by the runner-up, Ellen Ann Taylor. As Miss Centennial, Veachel has won a 1961 Tempest automobile and will reign over the eight-day Greater Pontiac Centennial, beginning with Saturday's giant parade. As runner-up Ellen won \$300 cash and valuable merchandise.

Centennial Parade to Recall Early Days

Pontiac's early years as a settlement and first years as a city will be vividly recalled by the Greater Pontiac Centennial parade Saturday.

There'll be a covered wagon and other horse-drawn vehicles from the 19th Century. From the Civil War period that immediately followed the 1861 incorporation of the city, there'll be men in battle uniforms and authentic arms.

The covered wagon has been provided by the "Wrens Chapter 10 of the Brothers of the Brush."

They put it together themselves after assembling some authentic wheels from rural Oakland County and several curved wooden bows from the Parks Recreation Department. They stretched their own canvas over the bows and mounted it all on a box of their own making.

Stuart A. Austin, 256 Cherokee Road, has borrowed a stage coach from Bostford Inn in Farmington Township. This is an authentic vehicle that once traveled trails out of Detroit.

Austin, a retired Pontiac trucker, has been a chief aide to Stuart E. Whitfield, general chairman of the Centennial.

David Pursey Sr., the Pontiac undertaker, has provided a horse-drawn 1879 hearse, borrowed from the Blackburn Funeral Home in North Branch.

OLD FIRE ENGINE
The Rochester Fire Department is loaning the horse-drawn fire engine it has preserved all these years and from the Oakland County. (Continued on Page 2, Col. 1)

MSUO Names Student Dean

Also Appoints Three From Other Schools to Faculty

A new dean of students and three faculty members today were appointed to the Michigan State University Oakland staff.

J. Duncan Sells, now director of the financial aids office at Cornell University, was named to the dean's post.

Hollie J. Lepley, who has served as acting dean of students since the resignation last winter of Roy J. Alexander, will resume his duties as director of intramural sports and recreation at MSUO.

Dr. Donald C. Hildum, 31, an assistant professor of psychology at Case Institute of Technology, was named assistant professor of psychology; Karl E. Odwarak, an instructor at the University of Detroit, was named foreign language instructor as was Alfonso Urtiaga, an instructor at Louisiana State University.

The appointments were approved by the Michigan State University Board of Trustees at its monthly meeting in East Lansing this morning.

At Cornell, Sells has been in charge of administration of a \$1-million student loan, employment and scholarship program. He has served in several advisory positions and for two years was assistant to the dean of men.

Holder of a bachelor of arts degree from Cornell, Sells has completed all requirements for a doctor of philosophy degree in zoology and biology and is presently finishing his dissertation.

A native of Lima, Ohio, Sells is a United States Air Force veteran. He is 38, and the father of eight.

HOLDS PH. D.
Hildum holds a combined doctor of philosophy degree in linguistics (Continued on Page 2, Col. 5)

HAPPY WATERFORD GRADUATES — These are six of 46 Waterford Township High School seniors who graduated last night with much "Pomp and Circumstance" on the lighted foot-ball field. From left are Marvin Barnhart, Gerald Oakes, Gregory Clover, Carol Bell, Sue Beaver and Vicki Ryden.

FIRST OFF IN NATIONAL OPEN — Doug Higgins, Fort Worth, Tex., drives from the first tee, first player off in U.S. Open today at the Oakland Hills Country Club in Birmingham. He is paired with Milton Marusic, Glenade, Mo., at right.

Seek to Help Less Fortunate

Vanguard of Kennedy's Peace Corps Made Up of Unselfish Men

By The Associated Press
Happy that they'll be able to help their fellow man wipe out disease, poverty and illiteracy wherever in the world they exist, and to help their country, too, that about sums up the heart-warming reaction by the skilled men chosen to be the vanguard of President Kennedy's Peace Corps.

Listen to Matthew M. DeForest, 31, a Marine veteran. He was among the 15 chosen to aid in a two-year development program in Colombia.

"This may sound kind of corny," DeForest said Wednesday. "But I think our first duty is toward God, then toward our country and then toward ourselves. I think the Peace Corps is good because it can help you serve all three."

MONEY IMPORTANT

DeForest, a truck driver who is also a truck and bulldozer mechanic, lives with his parents in Chicago, Ill.

As for hard living conditions and low pay, he says: "The conditions don't worry me. I've been a Marine. As for the money, that's not important."

Each volunteer will receive \$150 a month for expenses, and \$15 monthly in wages which will be banked for him in the United States.

Each man is expected to live under the same conditions as inhabitants of the villages and the farms of the country to which he has been assigned. All those selected are single and between the ages of 19 and 31.

Jeremiah Parson, 24, of Albany, N.Y., one of 12 men chosen to assist in a road-building program in Tanganyika, commented: "I hope I'll be able to give them as much as they'll give me."

A former paratrooper, Parson is employed by the Connecticut Highway Department as a technician in its materials testing department.

Iowa Lawmakers Get Cots for Noon Break

DES MOINES, Iowa (AP) — Members of the Iowa Legislature can get 40-min. snoozes at noon-day if they wish, but they have to climb 40 steps to do it.

Cots have been provided in an empty room above the Statehouse House chamber. One legislative employee observed:

"You'll really need a rest after the climb."

Third Graders Call Parents Nuttty but They Love Them

VALLEY STREAM, N.Y. (AP) — They yell, they're pretty nutty, but they're loved—a few samples of what some third graders think about their parents.

The Spawville at Brooklyn Avenue School in the Long Island community were asked by their teacher, Annette Higgins, to write anonymously their views on three topics: Parents, School and Teachers. Why people should like me.

On parents:

"Parents are O.K. I guess but sometimes they yell and hit and that makes me mad. But no matter what I still love them."

"They're pretty nutty if you ask me."

"If both parents love you at the same time, that's great."

"They don't understand children very much."

"I think parents are lucky to have children."

On school and teachers:

"School is for children who want to learn. But if you don't want to learn you have to go anyway."

"I didn't used to like school but I like it now."

"My teacher is very nice. I like her perfume."

"If I never went to school I would be stupid but I would be happy."

On themselves:

"A lot of people like me but I don't know why."

"I try my best but still some people do not like me."

"I guess people like me because I am very nice."

"I like me and people should like me. I don't see anything wrong with me."

The class which turned in the appraisals consists of 17 boys and 16 girls.

Mrs. Higgins, who has been teaching for four years, had nothing but praise for her pupils.

"Third graders are the best," she said, Wednesday. "They're quick and sharp."

She added: "You can see the progress from one day to the next" and "I love them like my own."

U.S. Neutral in Fight of Holland, Indonesia

WASHINGTON (AP) — The United States Wednesday reaffirmed a policy of strict impartiality and neutrality in the dispute between the Netherlands and Indonesia over the ownership of West New Guinea.

State Department press officer Lincoln White spelled out the U.S. policy when asked to comment on a statement by Foreign Minister Subandrio of Indonesia that U.S. official circles would have no objection to seeing the sovereignty of West New Guinea transferred from the Dutch to Indonesia.

Britain Gives Asylum
to Red Water Engineer

LONDON (AP) — Britain has granted political asylum to a Soviet water purification engineer who came to Western Europe on a UNESCO study grant. He is Oleg Lenchevsky, 46, unofficially identified as senior research officer of the water supply institute in Moscow. Reports said he telephoned his wife in Moscow he did not want to return because of "intolerance and antireligion" in the Soviet Union.

PRESIDENTIAL COMFORTS — The interior of the new presidential car provides many special conveniences. Console panel at upper left contains a reading light, radio and controls to raise and lower the rear seat and operate the sliding-glass partition separating the rear and

driver compartments. Rear seat can be elevated 19½ inches for better public view of the president in parades. Two sliding seats provide for extra passengers. Lap robes are stored in recessed door panels. There are heating and air conditioning facilities in both compartments.

Ford Seeks No Win in UAW Negotiations

ANN ARBOR (UPI)—The Ford Motor Co. will enter negotiations with the United Auto Workers this month "not out to win a battle but to achieve a sound settlement of our differences with the union."

This was the objective stated Wednesday by Malcolm L. Denise, Ford vice president who will be chief management bargainer when the company begins contract talks with the UAW on June 22.

Denise told a Rotary Club luncheon that Ford has been preparing almost three years for the forthcoming negotiations because "our aim is to sit down at the bargaining table with a reasonable and carefully planned position, and with every fact we might need at our fingertips."

Oyster Output Grows

NEW YORK (UPI)—Florida oyster growers produced more than 1.6 million pounds of the delicacy last year. This compares with only 600,000 pounds in 1955.

Many northern oyster farmers are heading south to escape blight, hurricanes and cold weather that take their toll on beds.

JFK Gets New Car Loaded With Gadgets

WASHINGTON (AP)—President Kennedy got a new limousine today with a rear seat that can be raised, and top styles for all types of weather.

The President can ride in the car in open air, either sitting or standing. And he can ride under a metal roof, a transparent plastic roof, or a convertible top.

The rear seat, which can be raised 19½ inches from its normal position, permits the President to be seen easily even though seated.

The specially built Continental replaces the 11-year-old "bubble-top" Lincoln which has been used by three presidents — Truman, Eisenhower and Kennedy — in traveling more than 100,000 miles in the United States and abroad.

The Ford Motor Co. declined to estimate the cost of this one-of-a-kind limousine.

It will cost the taxpayers only \$500 a year, however, under a lease arrangement.

The car was ordered by the Secret Service as a part of its assignment of protecting the President. The service will pay the lease on the limousine.

Its color is described as "presidential continental blue," but to an inexpert eye it looks Navy blue. The many specially designed features include retractable foot-stands for Secret Service men, two-way radio telephones, and a master control panel for power accessories.

The car is more than 21 feet in length, an elongated version of the 1961 Lincoln Continental convertible.

It is divided into two compartments with a power-operated sliding glass partition separating the driver from the passengers. The rear passenger area includes two folding jump seats and a back seat that can accommodate three people in comfort.

JUDITH LYNN JOHNSON

The William Johnsons of Mt. Clemens Street announce the engagement of their daughter Judith Lynn to Robert B. O'Neill, son of the Owen O'Neills of Drayton Plains.

How to Avoid Strife With Your Son's Wife

RUTH MILLETT
Newspaper Enterprise Assn.
Here's how to be a welcome guest in the home of a daughter-in-law.

DON'T: Try to share with her the job of disciplining the children. If Johnnie hits Susie, relax and let mama do the reprimanding, or let her ignore the incident if she chooses.

DON'T: Tell her you think your son is working too hard, isn't getting enough sleep, doesn't eat enough or any other thing that puts you in the light of a food mama still trying to mother her son.

DON'T: Criticize the young couple's friends, however tactfully you may think you are pointing out their faults.

DON'T: Spoil your grandchildren so badly it takes several good spankings to get them straightened out after your visit.

DON'T: Ask your daughter-in-law how much she paid for this dress or that piece of furniture, in order to verify your suspicion that it was an extravagance.

DON'T: Teach your daughter-in-law some tricks designed to cut down her food bill or lighten

her household chores, and then let your son in on how much you've been teaching his wife.

DON'T: Unintentionally belittle what the young couple have. Remember, they are probably proud of what they have.

AND DON'T: Overlook any chances for giving your daughter-in-law a build-up to your son.

For right-at-home hints, see Ruth Millett's booklet, "How to Have a Happy Husband." Send 25 cents to Ruth Millett Reader Service, c/o The Pontiac Press, P.O. Box 489, Dept. A, Radio City Station, New York 19, N.Y.

Expect Sparks to Fly Again Over Orion Township Rezoning

ORION TOWNSHIP—The rezoning of 92 acres of land on Indianwood Road for manufacturing purposes is expected to spark a second controversy between residents and business interests here Monday.

Township Supervisor John Leslitter said the rezoning request was made by the Lake Orion Improvement Co., a subsidiary of Artco, Inc., 3020 Indianwood Road.

The property which the company wants rezoned is about one-half mile east of Baldwin

Road and adjoins the Artco plant on the north and west. About 10 acres face Indianwood Road.

Of the total 92 acres, 82 acres now are zoned for business purposes and the other 10 are classified as residential.

Leslitter said several home owners in the neighborhood of the Artco plant already have indicated they are against the proposed rezoning.

The rezoning request had the

backing of the newly formed Lake Orion Area Development Corp., which was organized by Artco and the Lake Orion Area Chamber of Commerce to draw new business and industry to the township.

A large crowd is expected to attend the hearing which is scheduled for 8 p.m. Monday in the Township Hall, 571 S. Broadway St.

KILLED 2 YEARS AGO

The Orion Township Zoning Board had intended to zone a sec-

tion in the Indianwood Road area for manufacturing two years ago when the township's zoning map was being drawn up.

However, the Indianwood manufacturing area was deleted from the map when residents of the area appeared before the board to complain that the zoning would deprecate the value of their property and create safety, health and traffic hazards.

Leslitter said the Township Board has approved extending Maybree Road from Baldwin to the Judah Lake Subdivision, a distance of about one-half mile.

The project is expected to cost approximately \$25,000, and would be financed on a matching fund basis by the township and the county.

SAFETY FACTOR

One of the major reasons the board approved the extension, which would cost the township about \$12,500, is the extra safety it would afford residents in the Judah Lake area, according to the supervisor.

He said the extension of the road would provide a shorter route for equipment from Fire Station No. 3 in Gagetown to reach the Judah Lake area in case of emergencies.

The new road, which would cut the distance between the two points by about one mile, will have a gravel surface. Leslitter said the township has been assured right of way will be available from property owners along the proposed roadway.

In other action, the board approved an allocation of approximately \$2,200 for purchase of a new inhalator and renovation of the garage at Fire Station No. 3.

The garage will be enlarged to accommodate two trucks.

Dual Ordinance Drafted in Area

Expect to Hold Hearing on Zoning Measure in White Lake Township

WHITE LAKE TOWNSHIP—A proposed combination recreational-commercial zoning ordinance has been drafted and a public hearing on the amendment is expected to be scheduled here in the near future.

The dual ordinance would control and protect enterprises in the community that are neither all commercial nor all sports, said Supervisor Edward Cheyz.

"We now have several such businesses in the township that can't be classified under one ordinance," he said.

Cheyz said the Township Zoning Board has been studying such an ordinance for a long time but the establishment of a ski lodge and a rodeo ranch in the township has speeded up the final draft.

Copies of the proposed amendment to the zoning code will be reviewed by township trustees over the weekend and will probably be discussed at the regular township meeting Tuesday, according to the supervisor.

The proposed ordinance is patterned after a similar zoning law in Addison Township.

TAKE OVER NEW DUTIES—New officers of the Rochester Branch of the Woman's National Farm and Garden Association were installed at the annual meeting and picnic Tuesday at the home of Mrs. Harry Freeman, 1800 E. Gunn Road, Oakland Township. Pictured here

(from left seated) are Mrs. Paul Christensen, secretary, and Mrs. Frank Beall, second vice president. Standing is Mrs. Howard W. Ludwig, president. Mrs. George H. Goble is first vice president and Mrs. Lawrence E. Weymouth, treasurer.

CAROLINE A. BRENNER
A fall wedding is being planned by Caroline A. Brenner, daughter of Mr. and Mrs. LeRoy Brenner of Grand Rapids and James Leslie Ogden, formerly of Clarkson. The prospective bridegroom is the son of Mr. and Mrs. Maurice Ogden of Sears.

Investigate Fire Which Destroyed Keller Plant

FARMINGTON TOWNSHIP—The state fire marshal is investigating a blaze that destroyed a factory here yesterday, causing an estimated \$15,000 damage.

The fire at the Keller Corp., 21150 W. Eight Mile Road, was discovered shortly after 6 p.m. It took Farmington firemen nearly three hours to bring it under control.

Wooden crates and boxes, used in making loading platforms for factories and greenhouses, had the fire, believed to have started in the roof of the two-story, brick and frame building.

The damage estimate was made by Fire Chief Ray Geary. Rush-hour traffic was rerouted around the fire scene by township police.

To List Union Demands

DETROIT (UPI)—Top officials of the United Auto Workers Union opened a two-day meeting today to draw up nonemergency demands to be made on Chrysler Corp. when new contract negotiations begin June 20.

5 County Members to Compete

Soil Conservation District Enters Awards Program

The Oakland County Soil Conservation District has entered the National Soil Conservation Awards program sponsored by the Goodyear Tire and Rubber Co. of Akron, Ohio. It was announced today by District Chairman Robert McCrory of South Lyon.

Members of the Oakland County District will compete against other soil conservation districts in the state.

Judging committees, selected from Michigan's leading experts of soil conservation will determine the outstanding district for May 1, 1961, to April 30, 1962, on the basis of total points scored in performance of regular district duties.

The grand award for one member of the winning district governing body in each of the 52 competing units, and the top cooperating farmer or rancher named by that district, will be vacation trip to Wigwam Guest Ranch on Goodyear Farms, Litchfield Park, Ariz. This will be November or December 1962.

Five members of the Oakland County District governing body will compete. They are McCrory, who lives at 26867 Pontiac Trail, South Lyon; Treasurer Keith Middleton of 2610 Stony Creek Road, Oakland Township; Samuel D. Miller of 8261

Federal Contract Goes to Troy Firm

TROY—Dynamic Manufacturers, Inc., is one of four Michigan concerns which have been awarded substantial contracts by the federal government. It was announced yesterday.

The Troy firm at 4755 Rochester Road will build tent assemblies under a \$115,544 government contract, according to the Small Business Administration regional office in Detroit.

Largest contract in the state was a \$475,380 agreement under which Lake Shore, Inc., of Iron Mountain will supply electric hydraulic winches for the Bureau of Ships.

Okays Southfield Loan

The Southfield School District's request to borrow \$14,000 against future state aid was approved yesterday by the State Department of Public Instruction.

National winners will be honored at the seven area meetings of the national soil conservation districts. Plaques will be awarded at state conventions to the first and second place districts.

Cohan Gets Position

LANSING (UPI)—Att. Gen. Paul L. Adams today announced appointment of Leon S. Cohan, 31, as deputy attorney general replacing Joseph Blitke, who moved over to state solicitor general.

Nancy Knox Is Wed

SPRINGFIELD TOWNSHIP—The United Presbyterian Church in Drayton Plains was the setting Saturday evening for the wedding of Nancy Lee Knox and James L. Cumming, Rev. Walter Teuwissen Jr. read the service.

The bride is the daughter of Mr. and Mrs. Daniel E. Knox of 9649 Dixie Highway. The bridegroom's parents are Mr. and Mrs. Leonard Cumming of North Tonawanda, N. Y.

For her wedding the bride chose a silk organza over tulle gown fashioned with a scoop neckline, fitted bodice and long, pointed sleeves of pearly lace. The deep V insert of lace in the front of the bodice skirt draped over the hips to form a chapel train in back.

A crown of lace encrusted with crystals and pearls held her finger-tips veil of illusion. She carried a satin-covered Bible topped with a white orchid encircled with stephanotis and ivy.

Maid of honor was Judy Dickerson of Detroit. Mrs. Albert Guido of Trenton, N. J., sister of the bridegroom, Susan A. Tindall of Drayton Plains and Kay Vogel of Chelsea were bridesmaids.

Serving as best man was George Deb of North Tonawanda, N. Y. The guests were seated by Paul Cumming of North Tonawanda, N. Y., cousin of the bridegroom, and Thomas and David Knox, brothers of the bride. Cheryl Knox of North Branch, cousin of the bride, was flower

MRS. JAMES L. CUMMING

MARY WALQUIST

Announcement is made of the engagement of Mary Walquist, Macomb County 4-H Club extension agent, and Ronald C. Voorheis, White Lake Township treasurer. She is the daughter of Mr. and Mrs. Thomas Walquist of Grand Rapids. The prospective bridegroom is the son of Mr. and Mrs. Clare Voorheis of 6700 Brendel Road, White Lake Township. An August 5 wedding at the Mount Clemens Methodist Church is planned.

Church Choir Sets Year's Last Concert

COMMERCIAL TOWNSHIP—The Chancel Choir of Commercial Methodist Church will present its final concert of the season 7:30 p.m. Sunday at the church.

The program of sacred music will include compositions by Bach, Morgan and Christiansen. George Scott will direct the choir.

The Chancel Quartet will be featured as will Mrs. Lester Eltinger at the organ playing Bach's "G Minor Prelude and Fugue."

Orders Trash Service

MILFORD—A 13-month refuse collection contract has been awarded by the Village Council to the GCW Disposal Service in Commerce Township for \$7,200.

NEWS OF THE AREA

Organizes \$250,000 Drive

Goodrich Community Seeks Hospital Fund

A \$250,000 fund drive is being organized for construction of a 25-bed community hospital in the Goodrich area to serve patients in Oakland, Lapeer and Genesee counties.

A firm of professional consultants has been hired to run the campaign, according to Donald McKennon, board chairman of the Community Health Foundation of Goodrich.

The health foundation was formed early this year to obtain a new medical facility to replace the old Goodrich General Hospital which was closed Feb. 14.

McKennon, a Goodrich councilman, said Ward B. Jenks Associates of Ann Arbor will be in charge of the fund drive. The organization recently completed a successful hospital campaign in Caro, McKennon said.

SITE UNCERTAIN

Resident director for the consulting firm is Charles T. Henry who will maintain a campaign office in the former emergency room of the old hospital at 8064 Hegel Road.

Although no site for the new community hospital will be chosen until the drive is completed, Henry said it is not likely that the facility will be located in Orionville.

A group of Orionville residents and businessmen had offered a 5-acre site just north of the village limits for the hospital.

However, the new medical facility probably will be located within a three-mile radius of the Genesee County community of Goodrich in order to serve approximately the same area as the closed hospital, Henry stated.

"The proposed hospital would

serve residents of Northern Oakland County, Western Lapeer County and Southeastern Genesee County," said McKennon.

The health foundation director said that \$250,000 is the sum needed to construct a facility with a 25-bed capacity which would be expandable to 50 beds.

Both proposals, which were recommended by a steering committee of village and township representatives, were adopted by the village council Monday night.

The agreement became effective when the board voted unanimously to adopt the same resolutions last night.

Township Clerk Mrs. Thelma Spencer said today that board expects to dissolve the Avon-Pontiac Townships Regional Planning Commission when it appoints five members to the new planning group.

The village will have four representatives on the joint planning commission, Mrs. Spencer said. Township planning commission members probably will be appointed in about one week.

Under the steering committee's recommendations, the cost for planning would be shared on a percentage basis with the township absorbing 65 per cent and the village paying 35 per cent.

Meeting Will Consider

Milford Summer Band

MILFORD—A 16 a.m. meeting will be held Tuesday in Milford High School for students interested in a summer band program.

Rehearsal hours will be scheduled then if enough students want to take part in the music program.

Area Zone Plan Will Be Started

Avon Twp. - Rochester Commission to Be Set Up Soon

AVON TOWNSHIP—A master zoning plan for the entire Avon Township-Rochester area will be started soon following action taken here last night by the Township Board.

The board agreed to set up a joint planning commission with Rochester and hire Villan-Leman and Associates of Southfield to complete a master plan for the area.

Both proposals, which were recommended by a steering committee of village and township representatives, were adopted by the village council Monday night.

The agreement became effective when the board voted unanimously to adopt the same resolutions last night.

Township Clerk Mrs. Thelma Spencer said today that board expects to dissolve the Avon-Pontiac Townships Regional Planning Commission when it appoints five members to the new planning group.

The village will have four representatives on the joint planning commission, Mrs. Spencer said. Township planning commission members probably will be appointed in about one week.

Under the steering committee's recommendations, the cost for planning would be shared on a percentage basis with the township absorbing 65 per cent and the village paying 35 per cent.

Rangers, Bruins Take on New Look

MONTREAL (AP)—The Boston Bruins and New York Rangers, the tail-end clubs in the National Hockey League last season, each have a new look today after re-signing their rosters during a lively player-swapping session.

The Bruins obtained forwards Orland Kurtenbach and Earl Balfour and defenseman Pat Stapleton in the annual NHL draft Wednesday. Kurtenbach was acquired from New York and the other two from Chicago.

"I was surprised that we were

able to get Kurtenbach. I didn't think the Rangers would leave him open to the draft," said Phil Watson, the new Boston coach. "He's going to be one of our regulars." Kurtenbach scored 20 goals for Vancouver of the Western League last season.

The Bruins lost two of the eight

players grabbed in the draft. They were veteran center Bronco Horvath and defenseman Autry Erickson. Both went to the Stanley Cup change Chicago Black Hawks.

The Rangers picked up left winger Jean Guy Gendron from Montreal and Vic Hadfield, another forward, from Chicago. Gendron returns to the Rangers for

whom he played for three seasons starting in 1955-56.

Toronto's only selection was Al Arbour, a defenseman from Chicago. The purchase price for each of the eight players was \$20,000. In transactions following the draft, the Rangers sent Lou Fontana, their aggressive defenseman, to the Canadiens and completed the deal that brought Doug Harvey to New York for play-off coaches, and Chicago traded Eddie Litzenberger to Detroit for Jerry Melnyk and Brian Smith.

The Rangers, out of the playoffs the past three years, appeared to have helped themselves the most. Observers at the three-day sessions felt that the Montreal Canadiens, dethroned world champions, were weakened more than any other team.

"I wouldn't be surprised if he (Harvey) has a helluva year next season," said Toe Blake, coach of the Canadiens.

Some observers went so far as to predict that Harvey, who will tackle the tough task of playing coach at New York, will strengthen the Rangers 25 per cent.

Still at U. of D.

Brazil 'Ideal Player'

(This is one of a series of articles on former Michigan sports stars and what they are doing today.)

By the Associated Press
Lloyd Brazil has been termed "the ideal football player."

He had all the qualities necessary for success—speed, intelligence, desire and the instinct for doing the right thing at the right time.

He was a halfback for the University of Detroit from 1927 through 1929 and in nearly 500 times carry-

ing the ball, averaged more than eight yards per carry.

A fine passer as well, Brazil also was an excellent kicker and an outstanding player on defense. A vicious tackler and blocker, Brazil led the Titans both on offense and defense. It was said of him that no team ever completed a pass in his territory.

The Detroit team with which Brazil played compiled a 23-31 record.

He came to Detroit from Flint, and the sports writers in those days called him things like "soft spoken, mild-mannered reticent flash," and "one of the greatest halfbacks since the days of George Gipp."

Where is he now?
Brazil is still at the University of Detroit, and has been there since his graduation. Over the years he has filled important posts in the athletic department and his Titan baseball teams have drawn national attention in recent seasons.

E. A. Batchelor, veteran sports writer, paid this tribute to Brazil: "No boy ever was exposed to him without being the better for the experience."

Joy Fair Holds Five Sandusky Victories

SANDUSKY, OHIO — Ohio drivers are dominating recent competition at Sandusky Speedway here, a check of weekly results discloses.

The drivers battle again Sunday (June 18) with time trials at 7 p.m.

Most successful Ohioan is Ed Mohrhead of Cleveland who notched his third 30-lap feature victory of the season to move within two wins of Joy Fair, Pontiac, Mich., who was idle last week. Yet both of Lavinia need to a triumph in the 16-lap semi-feature, while Paul Clark of Mansfield recorded the lowest qualifying time of 19.79 seconds for the half-mile asphalt oval.

Yank Advances in Scotland

TURNBERRY, Scotland (UPI)—Ralph Morrow, 27-year-old airman from Oklahoma City, advanced to the fifth round of the British Amateur Golf Championship today with a 2 and 1 victory over Raymond Munro of Scotland.

Henry Timbrook of Los Angeles still was on the course in his fourth-round match against Alex Kyle of Scotland.

Joe Carr of Ireland, the defending champion in the tournament, defied a torrential downpour to defeat Lawrie Banister of Scotland, 3 and 1, and reach the afternoon fifth round.

Both Morrow and Munro were affected by the driving rain and pulled their shots all over the course, were short with chip shots and missed easy putts. Morrow might have won both of the first two holes but he missed 30-inch putts and settled for halves.

Posts Upset Triumph

MIAMI BEACH, Fla. (AP)—Alan Harmon, Jamaican light heavyweight, upset eighth-ranked Jesse Bowdoy of St. Louis Wednesday night with a unanimous decision in 10 rounds at Miami Beach auditorium.

10-Inning Contest Goes to Druggists

Drayton Drug scored two runs in the 10th inning to defeat Five Spot, 8-6, in a Waterloo Recreation American League softball game Wednesday night at Drayton Plains. Joe Bersch's triple was the clinching blow for the Druggists and Chuck Gavette paced Drayton's attack with four singles.

Tom Quisenberry banged out two singles and a triple and Bob Almas clouted a two-run homer to highlight Hobby Painting's 12-8 victory over Big Jim's in a National League contest.

Tonight's schedule: A&W vs. Pontiac Rockcote (National), 7 p. m.; Stro's vs. Spencer Floor Covering (American), 8:30 p. m.

Friday's schedule: Big Jim's vs. Lakeland Pharmacy (National), 7 p. m.; Five Spot vs. Stro's (American), 8:30 p. m.

Reach Quarter-Finals

BRISTOL, England (AP)—Three American tennis stars—Ron Holmberg of Brooklyn, Chuck McKinley of St. Louis and Dennis Ralston of Bakersfield, Calif., moved into the quarter-finals of the West of England Tennis Championships Wednesday.

Let's go to the Races TOMORROW!

TRADED PLAYERS — Art Ditmar, left, and Devon Johnson, center, were traded yesterday by the Yankees to Kansas City for Bud Daley. Ditmar and Daley are veteran pitchers, Johnson is a young infielder-outfielder. Midnight tonight is the trading deadline.

Finally Goes Hitless

By The Associated Press
SYRACUSE, N.Y. (AP)—Jake Gibbs, the New York Yankees' \$100,000 bonus player from Mississippi, went hitless Wednesday night for the first time since he entered professional baseball.

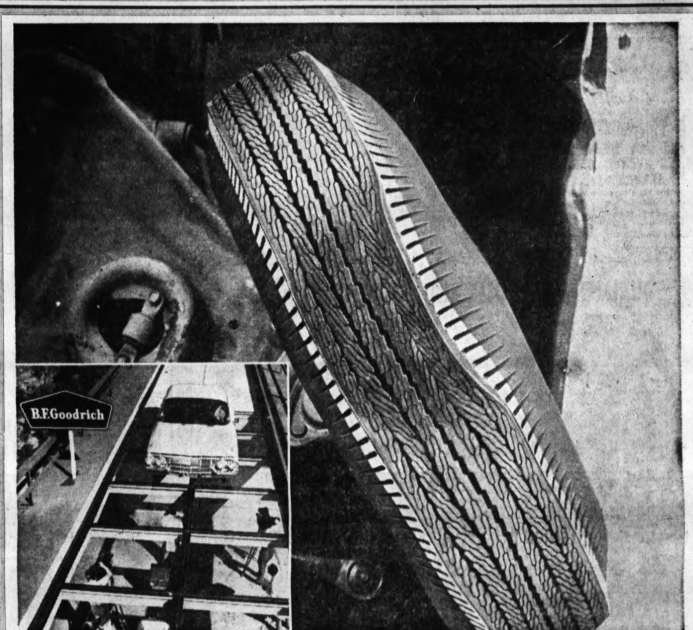

Playing third base for Richmond's Virginians in the International League, the former Univer-

sity of Mississippi football star had his hitting streak broken after eight games.

Needed More Time

SEDALIA, Mo. (AP)—The little league game was called on account of darkness with the A's leading Sedalia 4-0.

One-sided? Yes, but the ice team didn't get to bat. It ended after the first half inning of play.

Action photo shot from beneath "glass highway" shows why **THE BIG EDGE** puts B.F. Goodrich Silvertown miles ahead of other tires!

MILES AHEAD IN MILEAGE AND SAFETY!

The amazing glass highway, shown in the small photograph above, was built by B.F. Goodrich to study tire wear under actual driving conditions.

Pictures shot from beneath this highway—like the larger photo above of a turning tire—let you see the severe distortion that takes place in the outside edges of the tread. Notice how little action there is in the center ribs. Thousands of pictures taken show the outside edges work most and wear most, whether you're turning a corner, driving on the highway, passing or stopping.

That's vitally important to every driver who's looking for the most tire for his money. Of all the major-brand, first-line tires, only B.F. Goodrich Silvertowns have extra rubber in the outside edges. Up to twice as much rubber as the others! That's The Big Edge—and it means a big edge in mileage and safety for you! Yet you pay no more for a Silvertown!

DON'T BUY ANY TIRE UNTIL YOU SEE THE BIG EDGE DEMONSTRATION AT YOUR B.F. GOODRICH DEALER'S. Ask your BFG dealer to show you the revealing glass-highway photos. Compare the Silvertown Big Edge tread with any other tire at the same price. See why it's miles ahead of other tires!

24-MONTH ROAD-HAZARD GUARANTEE.

Because of the high quality of workmanship and materials, we B.F. Goodrich guarantee our tires are guaranteed against blowouts, cuts, breaks caused by road hazards encountered in normal driving. If a tire is so damaged beyond repair, you get full allowance for remaining tread against the purchase of a replacement—at current retail list price. Your B.F. Goodrich dealer has complete details.

ONLY \$1 DOWN—UP TO A FULL YEAR TO PAY
