

All Servicemen Are Invited to Armory Party

The annual Christmas party for Pontiac area servicemen will begin at 8 p.m. Dec. 17 in the Pontiac Armory. Irving Steinman, chairman of the Pontiac USO Committee, has announced.

Servicemen from four Nike sites — Auburn Heights, Commerce Township, Utica and Franklin — are invited, as well as all Reservists and recruits in the area.

A long list of committee members worked on plans for the dance. Ray Vedder is the chairman. Included are Mrs. Louis Schwartz, Mrs. Clark Kimball, Fred V. Haggard, Leonard Buzz, James Campbell, Mrs. William Dead, Mrs. Fred Hausalter, Mrs. Reba Netzer, Thomas Horowitz, Charles M. Tucker, Mrs. Harvey Reid, Henry Powers and Capt. J. W. Heaver of the Salvation Army.

Business Tax Next Solution Attempt

(Continued From Page One)

millions annually, would be virtually repealed.

Will said the net increase to corporations would be only 44 million dollars since part of the tax could be deducted from what is now paid in federal corporate profits taxes.

"We can't go for this," said Rep. Allison Green (R-Kingston), GOP floor leader.

Republicans held out a one-mill boost in the corporation franchise fee as bait for Democratic support of a 49 1/2-million-dollar package based on nuisance taxes.

AX PACKAGE

Democrats, joined by three or four Republicans, axed the whole package, although GOP leaders talked of a second passage try. Besides the franchise fee increase, worth 13 million dollars, it included a \$2 tax on moving traffic violations (2 1/2 million dollars), a penny boost in the five-cent per pack cigarette tax (nine millions), a 20 per cent levy on other tobacco products (four millions), doubling the \$1.25 per barrel beer tax (seven millions) and an added four per cent excise tax on liquor (six millions).

Lawmakers also defeated moves to raise the beer tax to 1 1/2 cents per bottle, nearly five times the present levy, and increase the corporation franchise fee by two mills for one year and refund half the take over the next two years.

A day-long search for 47 absentee members, ranging from the Upper Peninsula to Florida, put a crimp in attempts to push the bills to a vote. With help from State Police, the number of empty seats was cut to four by 10 p.m. Then the fireworks began.

Stogie Statistics

LONDON (UPI) — The Daily Telegraph reported yesterday that women buy 60 per cent of all the cigars sold in Britain.

Light Drizzle Wets Nation's Midsection

By The Associated Press

A surge of moist air from the Gulf of Mexico spread northward today, dampening the nation's midsection.

Light rain, drizzle, fog and low clouds made for murky weather across broad areas from eastern Texas northward to southern Minnesota and northeastward to Lower Michigan and Ohio.

It was fairly mild weather in the mid-continent wet belt. Drizzle continued in areas from northern California coastal sections northward over most of Oregon, Washington and northern Idaho.

Goodfellows Selling Press

Special Editions in 4 Communities to Raise Fund for Needy

Goodfellows are selling special editions of The Pontiac Press in four communities today to raise funds for Christmas baskets and gifts for needy families.

Goodfellows sales will be under way today and tomorrow in Lake Orion and Pontiac Township, including Auburn Heights, but just today in Gingsville.

The special editions will be sold tomorrow in Keego Harbor, Orionville, Oxford, White Lake Township, West Bloomfield and Springfield Townships.

Headed by Fire Chief Carl Schimgeck, Pontiac Township Goodfellows have set a goal of \$1,000. Besides being used to fill baskets, the proceeds will pay for three Christmas parties for youngsters.

A party at Fire Station 1 in Auburn Heights is set for 8 p.m. Dec. 19, at Station 3 on Joslyn road at 1 p.m. Dec. 20 and at Station 2 on Opdyke road Dec. 20 at 2:30 p.m.

Pontiac Township Goodfellow ranks are made up of 35 firemen, members of the Metropolitan Club, Spirit 66, American Legion Hills-Gazette Post and the Lions Club in Auburn Heights.

Charles Thorp is heading a force of 18 firemen in Gingsville's Goodfellow paper sales, and Jim Sheldon is chairman of sales, at Lake Orion, by 25 members of the Lions Club.

Lake Orion Goodfellows have a goal of \$1,000. And what is not spent on baskets for the needy will be used to hold a party for children at 2 p.m. Dec. 19 in the State Theater.

Lawmakers also defeated moves to raise the beer tax to 1 1/2 cents per bottle, nearly five times the present levy, and increase the corporation franchise fee by two mills for one year and refund half the take over the next two years.

A day-long search for 47 absentee members, ranging from the Upper Peninsula to Florida, put a crimp in attempts to push the bills to a vote. With help from State Police, the number of empty seats was cut to four by 10 p.m. Then the fireworks began.

Remedies for Michigan's ills will be the objective Monday night when men and women from all around Oakland County meet in Pontiac to organize a "Citizens for Michigan" committee here.

George Romney of Bloomfield Hills has given up a previous engagement in order to attend the rally. The American Motors Corp. president, and founder of CFM, will speak to the group.

Others elected were Hazel Stoerch of William Beaumont Hospital, vice president; Mrs. Doris Yulle of Pontiac General Hospital, secretary; and Mrs. Dean Niederhoffer of William Beaumont Hospital, treasurer.

Mrs. Gordon Reynolds was named chairman of the bylaws committee.

They will join other sprouting groups around the state which are seeking answers to the state's economic and governmental problems. The parent body was created by Romney in September as the Legislature was still politically bogged down trying to provide the same answers.

Romney has set a target date of next June for the final CFM recommendations to be handed both political parties. CFM is an independent, non-partisan group.

Efforts of the organization have been endorsed by both parties, however.

Monday's meeting will be in the auditorium of Pontiac Central High School, 250 W. Huron St. It will begin at 8 p.m.

MR. AND MRS. HARRY O. WHITFIELD

'Straley Wants Job Back,' Landry Says

(Continued From Page One)

said today they would meet with City Attorney William A. Ewart Monday to show him the petition they will present Circuit Judge Morris K. Davis of Ionia County asking Straley's reinstatement with full back pay.

Pratt said Ewart is currently reviewing the decision which reversed Straley's firing by the Commission.

If Ewart objects to the petition, he could file one on behalf of the city, forcing Judge Davis to hold a hearing before issuing a reinstatement order, thus delaying Straley's return.

Pratt said the meeting of the attorneys would be to seek agreement on the petition to Judge Davis.

If Straley were to return, the city would have to file charges against him before the Police Trial Board if it wished to attempt to oust him again.

Two days after Straley's firing, Pontiac voters repealed civil service for the police department.

Ex-Sen. Potter Files for Divorce in Detroit

DETROIT (AP) — Former Sen. Charles E. Potter has filed a suppressed suit for divorce in Wayne County Circuit Court.

Because the suit is suppressed, pending trial, grounds on which Potter is seeking the divorce from the former Lorraine Eddy of Cheboygan were not disclosed.

The Potters were married at Cheboygan in 1939, where he then headed the County Bureau of Social Aid. They have no children.

Mrs. Potter, reached at the home of friends in Arlington, Va., refused comment. Potter was not immediately available in Washington to newsmen.

Rabbit Punch Ruling

WICHITA, Kan. (UPI) — Sedgwick County Court ruled yesterday against operators of the D & D Rabbit Farm in their \$6,411 suit charging Maize Mill Co. with supplying feed which made the rabbits sterile.

David L. Fielding, of 1334 Bradley St., was discovered lying on the floor with a .22 caliber rifle by his side.

A 23-year-old Troy man was found dead this morning in the Beaver Feed Store, at 2836 Rochester Rd., when the owner, Lawrence Smith, opened for business.

David L. Fielding, of 1334 Bradley St., was discovered lying on the floor with a .22 caliber rifle by his side.

Will Organize 'Citizens for Michigan' Committee

Remedies for Michigan's ills will be the objective Monday night when men and women from all around Oakland County meet in Pontiac to organize a "Citizens for Michigan" committee here.

George Romney of Bloomfield Hills has given up a previous engagement in order to attend the rally. The American Motors Corp. president, and founder of CFM, will speak to the group.

Others elected were Hazel Stoerch of William Beaumont Hospital, vice president; Mrs. Doris Yulle of Pontiac General Hospital, secretary; and Mrs. Dean Niederhoffer of William Beaumont Hospital, treasurer.

Romney has set a target date of next June for the final CFM recommendations to be handed both political parties. CFM is an independent, non-partisan group.

Efforts of the organization have been endorsed by both parties, however.

They Know the Secret of Being Young at Heart

Outstanding examples of keeping young gracefully are Mr. and Mrs. Harry O. Whitfield of 53 Seminole Ave., the former today celebrating his 90th birthday.

Born in Waterford Township, Harry came to Pontiac in 1893, working as a grocery clerk for three years, entering the retail grocery business on his own account in 1896. In 1919 he formed his wholesale grocery company, retiring in 1941.

He is a charter member of the Pontiac Rotary Club, a 50-

year member of the Knights of Pythias and also has been prominently connected with other clubs and civic enterprises.

In 1898 he was married to Mildred McCallum, and for 61 years they have been regarded as examples of the fullness of life. Despite in tripping the light fantastic, they love the waltz, square and other old time dances.

The Whitfields have three sons: Mac and Stuart of Pontiac, Aubrey of Ann Arbor and a daughter Mrs. Robert Rutzen, of Watkins Lake.

Condition Called Critical for Civil War Veteran

HOUSTON, Tex. (AP) — The condition of Civil War veteran Walter Williams was termed critical Thursday by his doctor.

It was the first time the 177-year-old veteran's condition had been called critical.

Williams has been under an oxygen tent since Sunday when he became ill of pneumonia for the fourth time since June.

1. What services does the state need?

2. How are such services to be paid for?

3. What changes in the structure of state government are needed to give Michigan the type of government most responsive to present day problems and opportunities.

CFM across the state will be financed by contributions. To safeguard any individuals or groups gaining control of the organization, no donations over \$100 will be accepted, Romney said in a kickoff session in Birmingham Nov. 23. No contributions will be accepted, either, from organizations, other than foundations.

TO STATE OBJECTIVES

The state chairman is expected Monday to outline the objectives of "Citizens for Michigan."

Basically, they are to identify the state's numerous problems which have come to a head during 1959 — on which there is practical unanimity. Recommendations then will be turned over to Republicans and Democrats alike.

"Our group shall not sponsor or endorse political candidates or attempt to influence members concerning their political, economic or social affiliations," Romney said.

Are Promised Jobs

Koreans Quit Japan, Prefer North Korea

TOKYO (AP)—Koreans from all over Japan, some weeping, others carrying ashes of loved ones, began Thursday the first leg of an unprecedented mass migration to the Communist northern half of their homeland.

There was only one incident. Six men from the South Korean Residents Assn. attempted a sitdown on railroad tracks in Tokyo just prior to departure of the repatriation train from Shinagawa station. They were arrested and removed.

The departure started a voluntary repatriation program for thousands of Koreans in Japan—the biggest movement from a non-Communist to a Communist nation since the end of World War II.

The first group, approximately 800, boarded trains at seven places in Japan. They will be followed by 200 more today. On Dec. 14 they sail aboard two Soviet vessels from Niigata, in North Central Japan, for the North Korean port of Chongjin. Many of these were born in Japan and never have seen Korea.

Heavy police cordons were thrown around each point of departure in anticipation of trouble by South Korean agents. President Syngman Rhee of South Korea has denounced the repatriation and said he would resist it by every means possible.

POLICE WATCH

The International Red Cross, which is supervising the move-

ment, placed officials aboard each train. Thousands of police stood watch.

The Koreans, who come from depressed areas of Japan, have been promised jobs, good housing and adequate food by North Korea.

Of 600,000 Koreans in Japan, 5,000 have declared they want to go to North Korea. The North Korean Residents Assn. says eventually up to 137,000 will go, a figure disputed in many quarters.

South Korea has offered and is taking repatriates on an individual basis but to date has declined to accept any mass return unless Japan pays compensation to ease adjustment to a new life in Korea.

The Koreans were originally brought to Japan prior to and during World War II when Korea was under Japanese control.

Norway to Construct NATO Ammo Depot

OSLO, Norway (AP)—Parliament approved Thursday a program for building oil and ammunition depots for use by the Norwegian, Danish, British and West German navies. Only five Socialists and a Communist voted against the program, to be financed by the North Atlantic Treaty Organization.

Defense Minister Nils Handal said the depots will be under Norwegian control, will be used only in case of war, and will not store atomic warheads.

New car buyers all over America are amazed that a car could offer

as much as the Dodge Dart yet cost so little. Dart gives you everything

you want: fine-car *Styling*, room for six,  luggage space 

galore—at prices down with the lowest in the low-price field. And talk about

economy!  Dart's new Economy Slant "6"  delivers up to

400 miles of cruising on a tank of "Regular" gas! It's smart to go Dart!

Dart puts a new *slant* on economy

Don't think for a minute that all you get from Dart is low price and economy of operation. It's a *fine car* by every standard. One big reason is Unibody construction. It makes Dart roomier and more comfortable, easier to get in and out than other low-price cars. It's more solidly built, too—virtually puts an end to squeaks, rattles and rust. And Dart *looks* like a fine car, inside and out. The fact is, it's hard to tell which you'll like most: Dart's low price or its many fine-car features. Why worry? Dart gives you *both*!

America's 1st Fine Economy Car!

Last Election Looks Threatening

Reds Pound at Guatemala

By PHIL NEWSOM
UPI Foreign Editor

Guatemala is a Central American republic with a distinction that makes it unique in the world. It is the one country that once under Communist domination was able to throw it off and return to a democratic regime.

But the Communists and their fellow travelers have not given up, and Sunday's election results demonstrate that once again they are in a position to threaten.

This was an off-year election, in that President Miguel Ydigoras Fuentes' office was not at stake. It was to elect 33 members of the 66-member single-house, with President Ydigoras admitting in advance that he feared a leftist gain.

This was another Latin American election in which the United States was a campaign issue, and which had to be viewed by the United States with frank interest.

Guatemala emerged from Communist domination on June 27, 1954, when Carlos Castillo Armas at the head of a rag-tag force succeeded in ousting President Jacobo Arbenz Guzman.

Arbenz fled to the shelter of the Iron Curtain, and the United States began the process of firming up the Castillo Armas regime with loans and various forms of aid which now run around the 100-million-dollar mark.

With this aid, Guatemala was able to survive a severe drop in the price of coffee, its main export, and to maintain a respectable foreign exchange reserve.

In July of 1957 however, one of Castillo Armas' own guards assassinated him in the presidential palace. The Guatemalan government said the assassin carried papers proving he had Communist affiliations.

After a considerable political scramble, Ydigoras, an army general, took over.

Ydigoras, in contrast to the popular and strong-willed Castillo Armas, is no strongman.

Rightist groups in Congress are divided, and Ydigoras' fights with Mexico over fishing rights and claims to sovereignty over British Honduras have not succeeded in uniting behind him the public support Ydigoras had hoped for.

Even an election-eve government charge that forces were being trained in Cuba to invade Guatemala failed to stir the voters.

Meanwhile, Communists and pro-Communists have filtered back into the country and are becoming increasingly vocal politically, with the United States their chief target.

There have been charges of waste against U. S. - administered aid programs and of high salaries to "gringos." The aid programs themselves have been attacked as interference in Guatemala's internal affairs.

This, even though the administration of the aid programs has been recognized as one of the United States' better efforts.

The aid not only bolstered Guatemala's foreign exchange, it also aimed at betterment for the individual Guatemalan. Included have been road programs opening up new farmlands and new markets. It also has a small industry division, a teacher-training program and experimental stations to determine the best farming methods.

Bermuda, discovered in 1515 by Juan de Bermudez, a Spaniard, was acquired by the British in 1684 and became a base for the British fleet in 1767.

Ellender's Prediction:
Symington vs. Rocky

WASHINGTON (UPI)—Sen. Allen J. Ellender (D-La.) predicted Thursday it would be Sen. Stuart Symington against Gov. Nelson A. Rockefeller for the presidency in 1960.

Ellender said in an interview he thought Symington had the "best chance" of winning the Democratic nomination but that Senate Democratic Leader Lyndon B. Johnson was a "close second."

"I believe Symington is likely to win the nomination," Ellender added, "although I think Johnson would make a better race and a better President."

Roger Touhy's
Publisher Uphold
'Stolen Years'

CHICAGO (UPI)—The publisher of Roger (The Terrible) Touhy's gangland reminiscences stood behind the book today in the face of a three million dollar suit by ex-confidence man John (Jake the Barber) Factor.

Factor, now a prosperous, prominent Beverly Hills, Calif. real estate man, charged that the book, "The Stolen Years," libeled him and invaded his privacy.

The book, published at the same time as Touhy's parole last month, accused Factor of perjury himself in the 1933 kidnaping that sent Touhy to prison for 25 years.

Trade Paper Predicts
86,000-Unit Period as
Plants Hum

DETROIT (AP)—Automotive News said Thursday car production this week will rise to 86,000 units, a jump of more than 50 per cent from a week ago.

All General Motors divisions returned to work this week along with Imperial and Valiant divisions of Chrysler. Additionally Rambler scheduled record production.

Last week the industry built 55,286 cars and a year ago the weekly total was 137,882.

The situation is still bleak in the truck field. Automotive News said GMC and Willys have announced shutdowns which more than offset the resumption of production by Chevrolet and Dodge. For the week truck output was estimated at 11,879 against 11,391 last week and 22,859 in the comparable week of 1958.

Canadian production jumped this week as General Motors returned to action. Canadian factories will build 4,360 cars and 612 trucks this week compared with 2,772 cars and 750 trucks last week and 9,680 vehicles a year ago.

Smog Sniff a Day
Keeps Chicks
on the Way

LOS ANGELES (UPI)—Smog is distressing to humans but appears to be great for chickens. Dr. Earl J. Catcott, a veterinary doctor from Cincinnati, Ohio, told the third annual Air Pollution Medical Research Conference that chickens seem to thrive on the air pollution.

He said they lay eggs about 10 days sooner than chicks raised in a chemically pure atmosphere, they eat more and therefore grow faster than their clean air breathing counterparts and there seems to be no difference between the fertility and hatchability of eggs laid by the two groups.

"Of course this is only the first year report," said Catcott. "We may find out eventually that the death rate may be higher. But so far, it would seem that chickens don't mind smog at all."

Santa and the ICE KING

by LUCRECE HUDGINS BEALE

SYNOPSIS: Surviving a fierce
storm on the ice sea, Onik and
Keotuk, his faithful dog, have
finally reached Santa Land, where
they hope to enlist Santa's help in
getting the ice King to end the
terrible continuous winter.

Chapter 5

Onik hurried over the hill and
into the valley where he had seen
smoke trailing into the sky.
Sure enough the smoke was coming
from a little red chimney on
top of a little red house.

"It's Santa's house! I know it
is!" exclaimed Onik joyfully
and, with Keotuk at his heels, he
rushed up to the porch.
Tap, tap! He knocked eagerly
at the door.

There was no answer.
Bang, bang! he pounded.
Still no answer.

Onik looked around. Now he
saw another house nearly buried
under the ice and snow. It was
a long low building. Although it
had a chimney, there was no
smoke coming from it. Further
away he saw a large red barn but
still no sign of any living creature.
Keotuk sniffed at the door of
the little red house. He whim-
pered. Puzzled, Onik put his hand
on the knob and opened the door.

TIPTOES IN
"Hello!" he called. "May I come
in?"

There was no answer. Holding
his breath, Onik tiptoed in. He
found himself in a room with

"LAND SAKES!" cried Mrs. Santa Claus. "Who are you?"

four square walls not at all like
the round snow walls he was used
to at home.

There was a little fire burning
in the fireplace. Two large
empty chairs sat before the fire.
There was a desk in the corner
with papers and letters strewn
over its top.

"Oh, my!" breathed Onik, gaz-
ing around admiringly.
In all his life he had never been
in any house except an igloo or
tent. He had never seen a fire-
place or a chair or a desk! He
felt that he had walked into a
palace such as he had heard kings
lived in in faraway places.

He was about to lower himself
into one of the chairs when sud-
denly he heard a groan. He leaped
up. The groan came again. It was
from over his head! Astonished,
he realized there was another
room on top of the one he was in.
He found some stairs and, trem-
bling, he tiptoed up to the second
floor.

He found himself in a bed-
room and in the bedroom was a
bed and in the bed there was
someone. At least Onik thought
there was someone in the bed
but it was hard to be sure be-
cause there were so many cov-
ers on it.

There were quilts and comfort-
ers and blankets and even an
enormous polar bear rug on top
of whoever was in the bed.

Onik cleared his throat. "I beg
your pardon," he said.

The great pile of covers heaved
upward and the astonished face
of Mrs. Santa Claus appeared.

"WHO ARE YOU?"
"Land sakes!" she cried. "Who
are you?"
"I am an Eskimo boy," said

said Mrs. Claus and she threw
herself back into the covers with
another groan.

"We too have been waiting all
these months for summer which
has not come. And now I have
terrible rheumatism which I
should only have in winter months.

"And the snow is so high and
the ice so thick we cannot get
wood for the fires so the fairies
have no fire in the workshops
and they are too cold to work.
We ourselves are using the din-
ing room chairs for firewood
but even those won't last much
longer.

"And the ice is so thick the
reindeer have not been able to
dig moss to eat and they are
starving.

"Oh, don't tell me about the
ice King's anger. He's gone plumb
off his head. I say, and—"

"Where is Santa Claus?" in-
terrupted Onik uneasily.

"In the barn. I expect, nursing
the reindeer. Santa says unless
something happens soon there's
just not going to be any Chris-
mas any more."

Onik slipped from the room.
He ran down the stairs and out
of the house.

"Oh, Keotuk," he exclaimed to
his dog waiting at the door. "It's
much worse than I knew! Why,
even Santa doesn't know what to
do!"

Next: A Talk with Santa.

Vatican City in Rome, a sov-
ereign papal state covering 108.7
acres, has its own railroad, radio
station, university, mail service
and currency.

Unspeakable, but His Spouse Has Last Word

LONDON (UPI) — For a year,
carpenter Albert Robinson didn't
say a word to his wife and
two children.

If he saw them on the street,
he ignored them.

He left his wife notes to tell
her when he would be in for
dinner. His wife, Olive, 51, told
him he was ruining her nerves.
Robinson received the complaint
without comment.

Once he stayed in bed for a
week without a "thank you" to
Mrs. Robinson for bringing him
his meals.

Finally, Mrs. Robinson start-
ed communicating with her hus-
band by letter, too, only they
were written by her lawyer.

The first one ordered Robin-
son out of the house, which was
in his name. He left without a
word.

The second started a suit for
divorce.

Wednesday in the London di-
vorce court, Mrs. Robinson was
granted a decree, on grounds of
cruelty.

Confirm 90 Conventions for Grand Rapids in '60

GRAND RAPIDS (UPI)—Edward
J. Brunette, manager of the Grand
Rapids Convention Bureau, re-
ported today that 90 state and
national conventions have been
confirmed for the city in 1960.

The bureau recently reported a
seven million dollar-plus year in
Grand Rapids from conventions in
1959 and said the new year should
be equally as good.

Africa's famous Victoria falls is
about one mile wide.

CORUNNA — Elmo White of Owosso was re-elected president Wednesday night of the Shiawassee County Fair executive board. Also re-elected were: Ernest Walters of Byron, vice president; Blair Wood-

shower after shower after shower

there's always plenty of hot water

the new electric water heater way

GET IT HOT . . . GET A LOT every time. A new electric water heater provides plenty of hot, hot water for showers and all the family's needs. Detroit Edison has a new Super Supply Plan which makes heaters even more efficient and economical.

Here's the convenient, modern way to **GET IT HOT . . . GET A LOT** for an operating cost as low as \$3.88 per month.

- Only electric water heaters give you all these important advantages:
- Efficient—the heat goes into the water
 - Fast—new, more efficient heating units
 - Install anywhere—need not be near a chimney
 - Outer shell—cool to the touch all over
 - Long life—meet Edison's rigid standards
 - Edison maintains electrical parts without charge
 - Automatic—all the time
 - Safe—clean—quiet—modern

'Stroke Halting' Foods Assailed
Unsaturated Fats, Oils in Margarine, Other Victuals Useless—FDA

WASHINGTON (UPI)—The Food and Drug Administration (FDA) advised the public Thursday not to believe any claims that use of salad oils, shortenings or oleomargarine would prevent heart attacks or strokes.

FDA Commissioner George P. Larrick warned that the government considers any such health claims by sellers of such "unsaturated fats and oils" as violations of the federal misbranding laws.

It said food experts felt the only result of eating more of the products would be increased weight.

The agency said "addition of unsaturated fats and oils to the otherwise unchanged ordinary diet will not reduce blood cholesterol and prevent heart attacks and strokes."

"Representations to the public that salad oils, shortenings, oleomargarine and similar products have value for these purposes are false and misleading," the FDA announcement said.

Packard Pension Suit Settled Out of Court

DETROIT — The United Auto Workers Union said today its dispute with Studebaker-Packard Corp. over pension benefits for retired Packard workers has been settled out of court.

As a result, the Union said it will withdraw a suit filed in U.S. District Court here Nov. 17, 1958, to prevent the company from carrying out its plan of splitting the assets of a corporation-wide pension fund.

UAW regional director Ken Morris of Detroit said the settlement guarantees 1,900 Packard workers lifetime pensions amounting to 85 per cent of the benefits provided under a 1955 contract.

In addition, he said, it provides 350 former Packard workers who were in the 60-65 age group as of Sept. 1, 1958, cash settlements ranging from \$490 to \$1,980.

Studebaker Corp. and Packard Motor Car Co. merged in 1954.

Masonic Lodge to Install Master
Charles Buell Honored in Roosevelt Rite at Temple Tonight

Pontiac's Roosevelt Lodge 510, F&AM, will install Charles R. Buell as its new worshipful master at ceremonies tonight.

Buell, of 15566 Kirkshire Rd., Birmingham, has been an officer for 10 of the 11 years he has been a member of the lodge.

Other officers to be installed are: Harold B. Ryerson, senior warden; Norton Graham, junior warden; Roy W. Wilton, treasurer; William Pfahler, secretary; and William Cousins, chaplain.

Also Robert Davis and James Reinert, senior and junior deacons; Albert Holton, marshal; Alfred Vaughn, tiler; and Harry Hodge, Bud Newingham, Robert Sisklock, Edward Plummer, and Edward Moden, stewards.

Directing the installation will be Clifford McLean, past master. The ceremony is scheduled for 8 at the Roosevelt Temple, 22 State St.

Bomb Youth, 19, Inexperienced
Lada Had Never Flown Plane Before His Recent Detroit Scare Deal

DETROIT (AP)—House painter Richard A. Lada has never flown an airplane. But the nine persons whose homes he said he threatened to bomb from the air didn't know that.

They called police and Thursday Lada, 19, pleaded guilty to a charge of attempted extortion.

Arrested by FBI agents when he went to a telephone booth to meet one of his victims, Lada said he picked the name of those he threatened from phone books. Each received letters which began, "this is know (sic) joke."

He boasted in the letters of having an airplane with "two small bombs with just the right power to rock (sic) one house."

Lada was placed on \$1,000 bond by U.S. Dist. Judge Thomas P. Thornton. An attorney said he will seek a mental examination for the youth.

Dear Abby Says: And He Had Plenty

She Can Add Both Years and Cash

By ABIGAIL VAN BUREN

DEAR ABBY: I was extremely amused at the letter signed "A DOCTOR, SEVENTY PLUS" because I knew one of those old cools who married a beautiful young woman who was thirty years younger than he was. They were very happy for about six years. Then she became a widow.

ABBY

She didn't cry too hard because she inherited enough money to get someone her own age to marry her. So you see, Abby, it sometimes pays to carefully count a man's years.

DEAR LOIS: The lady in this case probably "carefully counted" the man's money—not his years.

DEAR ABBY: A neighbor of

ours just came back from a mental institution. She had a nervous breakdown and was gone almost three years. How do we act towards her? Should we pretend as though we don't know where she was? Should we give her a welcome home party, or should we wait until she shows more interest in us? She was always a nice quiet lady. Her children (4 and 7) were kept by her sister, but are home with her now. I suppose this means that she is normal again. Can you advise us? We want to do the right thing.

NEIGHBORS

DEAR NEIGHBORS: Most people who have been stricken with a mental illness were normal, human beings before their illnesses, and most of

them return to normalcy after treatment. No mention of "where she was" is necessary. But she knows that you are aware of her three-year absence, so don't treat her as though she were a child. Call on her and tell her the neighbors want to welcome her home with a little party, and let her name the day.

DEAR ABBY: Our 15-year-old daughter is a very nice girl. We raised her right, and I don't like to boast, but she is very pretty and is getting extremely popular. Our problem is: She wants us to put in a long telephone cord so she can carry the telephone all over the house and talk privately in her bedroom. Her father said it was too

expensive (this wasn't the real reason) and I told her if she had anything to say that her family couldn't hear, she should be ashamed of herself. We have been going around about this for several months and I am interested in a solution. Our daughter has some birthday money saved and says she will pay for it herself. Should we agree?

PERPLEXED PARENTS

DEAR PERPLEXED: Teen-agers are people. All people are entitled to privacy. (Don't assume that just because she wants to talk confidentially to her friends that she has something to be "ashamed of.") If your daughter shows consideration and respect for her family, this would be a fitting reward for her. Give her the long cord.

What's your problem? For a personal reply, write to ABBY, care of this paper. Enclose a stamped, self-addressed envelope.

Name WCTU Directors

New directors were appointed at a recent meeting of the 18th district WCTU in the home of the president, Mrs. George Perkins, in Royal Oak.

The Rev. Lola P. Marion was made director of spiritual life; Mrs. Sadie Patten, Christian citizenship; Mrs. Frank Hardenberg, legislation; Mrs. Florence Fraidenburg, membership; Mrs. Frank Deaver, character-building; Mrs. Peter Niemi, scientific temperance instruction; Mrs. Nellie Monroe, visual education; and Mrs. Ray Shell, armed services.

Mrs. Hazel Green will be parliamentarian and Mrs. Ruth Townsend, district chairman of press and publicity.

Joanne Deaver was appointed secretary for youth temperance council. The office of secretary for loyal temperance legion remains unfilled.

Appropriations were discussed and all-day workshop meeting beginning at 10 a.m. set for Jan. 21 at the home of district vice president, Rev. Lola P. Marion on James K.

boulevard. Cooperative lunch will be served at noon.

Have You Tried This?

Tiny Nut-Filled Cookies Have Icing Like Bonbons

By JANET ODELL
 Pontiac Press Home Writer

Young cooks who come up with favorite recipes always please us. Today's cook is ninth-grader, Lynda Crawley. She has made these cookies for her Girl Scout troop.

In addition to scouting, Lynda is interested in music and art. She takes piano lessons and according to one adult friend, is very artistic. She is a member of Jobs Daughters.

FRENCH BONBONS

By Lynda Crawley

1/2 cup margarine
 1/2 cup sifted vanilla
 1/2 cup sifted flour
 1/2 teaspoon salt
 1/2 cup confectioners sugar
 1/2 cup chopped nuts
 Whole nuts

Mix margarine, sugar and vanilla. Blend in flour and salt. Add nuts. Wrap dough in a little ball around a whole nut. Place one inch apart on an ungreased cookie sheet. Bake 12-15 minutes at 350 degrees.

Make a confectioners sugar icing. Dip top of hot cookies into icing and decorate with nuts or colored sugar.

Treat 'Em Like Men Instead of Hubbies

By RUTH MILLETT

If you want the husbands in your social group to enjoy your company and your conversation it's really quite simple. Quit treating the husbands like husbands and start treating them like attractive members of the opposite sex.

That doesn't mean you should try to act like a femme fatale or bat your eyelashes like an ingenue or engage in shabby little flirtations.

It just means that you should do your feminine best to make the husbands feel like men, instead of mice.

Let's face it. A lot of married women do make their husbands in their social group feel like mice.

They ignore them completely to talk woman talk, or they chatter away a mile a minute not giving the poor husbands a chance to get a word in edgewise, or they insist upon talking wife talk, even though they are talking to some other woman's husband.

"Wife talk" includes such topics as "the children," household problems, health problems, diets and so on.

Any husband gets enough wife talk at home from his own wife.

without having to listen to it at a party from a woman who isn't his wife.

So a woman who wants to seem charming and interesting to a married man should skip the wife talk and let the man lead the conversation.

If she does this she is sure to find out that he is interested in a lot of things that he enjoys talking about—politics, maybe, or hunting or fishing or art or music.

If she is a good listener, this man who is used to having his wife's friends treat him like a husband instead of an interesting member of the opposite sex will beam with pleasure.

USUALLY GALLANT

Men, for the most part, are pretty gallant with other men's wives. But all too many married women fail to make any effort to be charming to their friend's husbands.

No wonder so many married men have to be dragged to parties. They wouldn't if wives made a little more effort to be charming to each other's husbands.

Shock absorbers are called hydraulic dampers in Britain.

Prison Break Leader Nabbed

'Yank' Stewart Caught
as Car Overturns in
Virginia Chase

MARTINSVILLE, Va. (AP)—Charles W. (Yank) Stewart, 52, described as the ringleader of Tuesday's escape of 20 men from North Carolina's Ivy Bluff Prison, was captured here early today after a high-speed chase that resulted from a police officer's hunch.

The Wilmington, N.C., convict was nabbed when the car he was driving failed to make a curve at the north end of the Smith River bridge and flipped about 30 feet to the edge of the river.

Stewart's arrest left at large only six of the escapees. Two of them believed to have been with Stewart as late as Thursday are being sought in the Lynchburg, Roanoke, Va. area.

Before Stewart was caught, eight others had been taken into custody in Virginia, four in Ohio and one near the prison shortly after the mass break. None offered any resistance.

Citizens Copying Bible by Hand in Grand Ledge

GRAND LEDGE (AP)—A Bible written in longhand is being compiled by the Grand Ledge Ministerial Assn.

The project was started by local churches on the Sunday following Thanksgiving. Bibles and copying material then were moved to downtown business places and local citizens were asked to copy a few verses.

The project, held in cooperation with the American Bible Society, is aimed at encouraging Bible study. When completed, the handwritten Bible will be bound and placed in the Grand Ledge Public Library.

An estimated 15½ million tourists visit Italy every year.

Representatives Wait for Santa to Get Inspired

LANSING (AP)—An eight-foot Christmas tree showed up in the House chamber Thursday as lawmakers carried their 11-month tax fight into the holiday season.

"I think we could use a little Christmas spirit around here; maybe that will help us get this thing settled," said Rep. Andrew W. Cobb, a Republican.

Cobb brought the tree from his farm near Elsie.

"I think the Christmas spirit is fine, but I don't think it's going to change any minds on this tax situation," said Rep. Walter H. Nill, a Muskegon Democrat.

"But," he added with a grin, "I'm waiting for Santa Claus." In the same spirit, Nill decorated the House Taxation Committee room with Christmas bangles.

Platters Acquired in Morals Case

NEW YORK (UPI)—The manager of the Platters charged today that the Negro singing group lost nearly \$250,000 because of the Ohio morals trial in which they were acquitted yesterday.

In Cincinnati, Municipal Judge Gilbert Bettman ruled yesterday that the prosecution failed to prove charges of aiding and abetting prostitution. But Bettman assailed the singers in court for "a socially abhorrent, tawdry indulgence in lust."

Buck Ram, the singers' manager, said several night club bookings were canceled and many disc jockeys refused to play the Platters' records because of the charges. Disc jockeys in other countries apparently were unconcerned and played the group's records anyway, Ram said.

The singers are David Lynch Jr., 30, and Ervin Robin, 20, both of El Centro, Calif.; Herbert A. Reed, 31, of Los Angeles and Tony Williams, 31, of Hollywood.

They were arrested in a hotel room Aug. 10 with four 19-year-old girls, three of whom were white. The girls were charged with prostitution but acquitted yesterday.

He's the People's Choice

See Ike's Road Work Aid in Summit Bout

By JOHN SCALI
NEW DELHI, India (AP)—President Eisenhower's triumphal tour of Asia powerfully strengthens his voice for the East-West summit conference with Premier Nikita Khrushchev.

Eisenhower can sit down at the conference table backed by the cheers of millions of Asians who regard him as a symbol of peace with freedom.

Khrushchev will be facing a man who is proving to be his superior in appealing to Asia's teeming, underfed masses as a champion of their aspirations.

The hysterical, sometimes worshipful, reception in Turkey, Pakistan, Afghanistan and India also may stimulate Eisenhower to exert more leadership at the Western summit session, opening in Paris Dec. 19, which begins shaping the West's negotiating position.

The diplomatic showdown with Khrushchev comes later, perhaps in April.

LITTLE GABE AND THE GOLDEN STARS

A Christmas Story

By Walt Scott

Sells Barrels of Wooden Nickels

Helps Cities Celebrate

By PHYLLIS BATTELLE
NEW YORK — For more than 25 years, Bill Munsey has toured America, throwing gigantic birthday parties and festivals for folks. And he has come to three conglomerate conclusions:

- 1—Less than 10 per cent of Americans, despite the accent on sophistication and cynicism, are blasé.
- 2—Even a smart guy will take a wooden nickel if his friends are doing it, and
- 3—Every man has a secret desire to grow a beard.

These assorted truths, which would never turn up on a poll or survey, are evident daily to Mr. Munsey. That's possibly because he wears a bow tie and a Rotarian grin, and comes from Fostoria, Ohio.

Only an honest face from Fostoria, surely, could sell wooden nickels and not get nabbed by the better Business Bureau.

"Well, you see," says Bill, "everybody loves an excuse to buy wooden nickels (or dinkles—they're worth 7½ cents, between a nickel and a dime), just as every man loves to grow a beard and woman loves to let down her hair. But you've got to get around and celebrate a little, to see these things."

Munsey, president of the John P. Rogers Producing Co., does his getting around by planning birthday parties for cities. Some of his customers are 100 years old, some 200, some 300. But they act like kids when our boy moves in to stage their parades, pageants and general horseplay.

(Editor's note: Pontiac has engaged the Rogers firm to guide the city's centennial which is slated for 1961.)

When a city calls him in to plan a birthday celebration — he has staged more than 2,500 of them in a quarter century — the first order of the day is to issue a mayoral proclamation ordering all males past adolescents to grow beards... or pay a \$1 shaving permit fee.

This brings in money, from the men who for professional reasons can't afford to be fuzzy, and starts the celebration off real wild.

EVERYBODY BUYS

Later, wooden nickels are sold as commemorative souvenirs of the birthday party. Amazingly enough, nearly everybody buys.

All this puts people in the mood to relive the past of their city, which may be 300 years old, as in New England, or only 50, as in some sections of the west.

People work themselves up to

such a frenzy of nostalgia, in some cases, that they buy their own costumes representative of their town's great beginning.

"We've sold over four-thousand dozen derby hats this year, for instance, and three-thousand-dozen sunbonnets. And last year, in Mississippi, 'during the recession, everybody in town was cashing their relief checks to buy derbies," Bill Mused.

"Can you beat it? We had derbies that sold for \$1 and derbies that sold for \$5. And people were so proud of their part in the celebration that they bought the \$5 models.

Munsey puts on celebrations in big cities and in little hamlets. One reason everybody is so enthusiastic about these parties is that, for the pageant that generally winds up the birthday, the so-called

Pilot Grounded for Bridge Stunt

Michigan Officer Flies Costly Bomber Under Mackinac Span

COLUMBUS, Ohio (U-P) — The Strategic Air Command Thursday ruled that an Air Force pilot flew a 2½-million-dollar jet bomber under the Straits of Mackinac Bridge will never fly a military airplane again.

Gen. Thomas S. Power, SAC commander at Omaha, Neb., personally announced the imposition of the penalty against Capt. John S. Lappo, 39, a 12-year Air Force veteran from Muskegon, Mich.

The permanent grounding of the pilot means a \$206-a-month pay cut for him. Without flight pay, he will receive only \$600 a month instead of \$860.

Capt. Lappo admitted at his general court-martial hearing Aug. 27 that he flew the six-engine B47 under the 150-foot-high span last April 24.

Gen. Power, in addition to grounding Capt. Lappo permanently, upheld the court-martial penalty which included temporary loss of flying status, a severe reprimand and a \$50-a-month fine for six months.

At the time of the incident, Capt. Lappo was flying out of nearby Lockbourne Air Force Base.

PUBLISHER DIES — Louis A. Weil, 82, president and publisher of the Port Huron Times Herald, died Thursday. He founded the Herald in 1900 and bought the Times in 1910 to form the Port Huron Times Herald. He had been in the Port Huron Hospital since 1953 when he suffered a stroke. He is survived by his wife and three sons. A native of Port Huron, he was active in professional journalism organizations and many civic activities and was the author of two books on travel abroad.

Wise in Ways of Wall Street

Praises Average Investor

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—How good is your judgment in buying stocks?

The New York Stock Exchange thinks the average investor shows excellent judgment. It bases its belief on the performance of those who belong to its pet scheme, the monthly investment plan.

Their record for the six years the plans has been running looks fine, judging by how the stocks they favor most have behaved.

In its magazine, The Exchange, the 20 top favorites are listed along with their price when the plan opened in January 1954 and the prices these stocks commanded in the first week of November 1959.

All have advanced in price. Sixteen of them more than doubled in value. The market price of one,

International Business Machines,

jumped 735 per cent.

If you had bought 10 shares of each of the 20 stocks the plan members favor most, it would have cost you \$4,766 in January 1954. If you had sold them the first week in November 1959, you would have got \$15,049, a capital gain of 215 per cent to account for on your income tax return.

Prices are adjusted for stock dividends and splits in the six years.

This would seem to prove that the individual has good investment judgment—that stock buying savvy isn't an exclusive attribute to the experts who guide the big institutional investments.

For all that, the institutions are gaining on he individuals. In the last three years the proportion of all common stock listed on the big board and registered directly in the names of individuals decreased and the proportion registered in the names of nonindividuals increased.

Brokers point out, however, that many of the financial institutions own common shares in the interests of thousands of individual investors.

The monthly investment plan is handled by the member firms of the Stock Exchange. It lets investors accumulate stocks through periodic payments of as little as \$40 every three months.

The 20 stocks they most favor

are, in order of choice: General Motors, General Electric, Dow Chemical, Jersey Standard Oil, Tri-Continental Corp., Sperry Rand, Phillips Petroleum, American Telephone & Telegraph, International Business Machines, Pfizer, Radio Corp. of America, Safeway Stores, Sears Roebuck, Monsanto Chemical, General Telephone & Electronics, Minnesota Mining & Manufacturing, American Cyanamid, General Dynamics, Lehman Corp., California Standard Oil.

In the six years the plan has been operating, stock prices in general have been rising.

But the Exchange notes that the advance hasn't been in a straight line by any means, nor have all issues on the big board gone up. Nor are any of the 20 favorites now selling at their peak price for the six year period.

The New York Stock Exchange is also crowing that this year's trading has topped the billion-share mark for the fourth time in history and for the first time since 1930. Volume already has outrun last year's by 13 per cent.

The biggest year was 1929 with 1,534,000,000 shares traded, followed by 1928 and 1930.

In Duck-Hunting Incident

Canadian Jury Decides Death Was Accidental

SOMBRA, Ont. (U-P) — A verdict of accidental death was returned by a coroner's jury yesterday following a two-day inquest in the duck hunting shooting of Harry W. Anderson, retired General Motors vice president.

Anderson was shot Nov. 18 by Harlow H. Curtice, retired General Motors president, while they were hunting ducks on St. Anne's Island in the St. Clair River.

The jury, which deliberated two and a half hours, said Anderson "came to his death as the result of a gunshot wound in the right side of the head after he accidentally moved into the line of fire of one Harlow Curtice."

Curtice and Anderson were sharing a blind in the marshes. Curtice testified that Anderson, his longtime business associate and friend, stood up just as he fired.

Curtice suggested to the jury that hunting rules be revised to limit one gun or one hunter to each blind.

Dr. C. H. D. Clarke of the game and fisheries branch, Ontario Lands and Forests Dept., opposed such a restriction. He told the jury it would be unenforceable and said "the most important element in hunting is the social aspect."

The jury made no mention of Curtice's suggestion. Instead, it recommended that copies of the Hunters' Safety Code formulated by the Federation of Anglers and Hunters of Ontario be issued with each hunter's license.

The jury commended the Department of Lands and Forest for initiating a program to require hunting applicants to pass a competence test. The program goes into effect next Sept. 1.

Dr. Clarke told the five-man jury that during the last four years an average of two persons annually have died in duck-hunting firearm accidents in Ontario. He said his department classed most of them as "pure accident."

The three main witnesses at the

inquest were Curtice; George Kennedy of Bloomfield Hills, Mich., chairman of the Kelsey-Hayes Wheel Corp., and G. Arthur Brown of Rochester, Mich. Kennedy is lessee of the private hunting resort where the accident occurred.

Ontario's Deputy Attorney General Eric Silk thanked all three for testifying. He said they came on request as none could be subpoenaed under the coroner's act, which applies only to Canadians.

Curtice said he testified "because I wanted to see this tragic thing through." He told a newsman that he hoped to do some more hunting, adding that "I will return to St. Anne's Island next year if I am invited."

Keels Over in Rehearsal but She's Back for Show

HOLLYWOOD (U-P) — Actress Hermione Gingold collapsed during rehearsal for a Frank Sinatra television show Thursday. She was treated at a hospital for a mild respiratory condition and released in time for the show.

Officials at Lansing 'Wonder' About Salt

LANSING (UPI)—Michigan officials added fuel today to the controversy over possible contract rigging in connection with rock salt used to melt snow on highways.

Identical bids have been turned in by companies selling rock salt to the state.

"It makes you wonder," said Philip H. Anderson, deputy director of the Department of Administration.

"Our bids come in identical right to the penny," he said.

The U.S. Justice Department in Washington Wednesday ordered a grand jury investigation of possible contract rigging in connection with rock salt, acting after it had received complaints from more than 15 states in the North and Midwest.

Questioning Jurors for Finch Trial

LOS ANGELES (AP) — Questioning of prospective jurors in the Finch murder trial continues today.

On trial are Dr. R. Bernard Finch, 41, wealthy surgeon, and his sweetheart Carole Tregoff, 22, ex-model. They are accused of slaying Finch's socialite wife Barbara, 33, last July 18. The trial is expected to last six to eight weeks.

Finch's attorney has asked for a trial outside Los Angeles County. He said the doctor can't get a fair trial here because, he claims, public officials have aroused sentiment against the defendants. A decision on the request will be made after the jury is selected.

Tank 'Threatens' Newspaper With Retaliation

CHARLESTON, W. Va. (AP)—A National Guard tank lumbered through town Thursday, stopped in front of the Charleston Gazette Building and aimed its cannon at the second floor.

Employees of the newspaper crowded the windows and waved white rags in token of surrender. The crew of the M8 tank climbed out, stood around for a while, then got back in and drove off.

Adj. Gen. W. E. Glake, asked for an explanation, said "We exercise these vehicles every now and then just to be sure they're in good working order."

The newspaper Wednesday had carried an editorial questioning the Guard's armory program.

Leonard Refineries Sale to Standard Approved

ALMA (U-P) — Stockholders of Leonard Refineries, Inc., yesterday approved sale of the Michigan firm to Standard Oil Co. of Ohio.

Under terms of the 17-million-dollar deal, Leonard stockholders will receive one share of Standard stock for three and one-half shares of Leonard stock.

Under Standard ownership, Leonard will keep its present management, personnel and marketing name.

Big 10 Faculty Keeps Control of Athletics

Statewide 'Any Deer' Season Aim of Archers

ALL OUTDOORS, Mich. (UPI)—Officials of the Michigan Bow Hunters Assn. intend to press for even more liberalization in the already liberal bow and arrow hunting regulations in this state.

Latest action by the bow hunters group seeks to open up Chippewa, Menominee and Emmet counties as "any deer" areas to permit bow-hunters to kill does,

Prep Front
By BILL CORNWELL

The absolutely miserable football weather which prevailed throughout the state of Michigan on the night of Nov. 13—what prep gridders who played in it can ever forget it—brings up a very worthwhile question.

Why is it apparently considered taboo to postpone a football game? What's wrong or unreasonable about a mutual agreement for a postponement when weather conditions have turned the gridiron into a quagmire?

It's true that once in a great while a Michigan high school grid contest is called off. But this is indeed a rarity. By and large, the boys "wade" into action, come "— or high water."

There seems to be an unwritten law — or tradition, if you prefer — that the game's the thing and the game must be played, even if the boys have to swim or paddle a canoe to make a touchdown.

Many games have been played in rain and still others in snow, but in lots of cases they pulled through the whole ordeal because the over-all weather situation was not as preposterous as this one.

On the night in question, the elements were 100 per cent against playing football long before the kickoff time. Long-time residents of the state claim it was the worst night for football they could remember.

Most fields were either a sea of mud or a veritable lake before the game ever started. Also, at most

Bid for Power by Directors Fails to Gain

Conference Meeting to Continue Today With TV Problems

By The Associated Press
CHICAGO — The Big Ten athletic control still rests firmly with faculty representatives after a so-called bid for power by athletic directors.

At the annual winter conference meeting being held in Chicago, the policy-making faculty group ruled that although the directors can vote on legislative matters, the faculty still runs the show in the Big Ten.

In other action, the directors wholeheartedly backed a renewed plea for football coaches for unlimited substitution, and the Big Ten was handed a petition by Chicago area conference alumni for a national letter of intent control by the NCAA of prospective college athletes.

At a Nov. 1 meeting, faculty representatives voted to give athletic directors an equal voice on legislative matters, meaning that 30 ballots would be cast instead of 10 on a particular issue.

Thursday, however, the faculty group stipulated that substantive legislation would go under the white resolution for a 60-day institutional review period only by faculty representative vote.

Thus only faculty representatives continue to control high-level policy by the stipulation that they alone have the authority to determine whether any new legislation should go back to the individual schools for reconsideration.

In other business at the annual winter conference meeting, faculty men voted that a junior college student with two years of good academic standing can become immediately eligible for varsity sports on entering a Big Ten school.

This action must be voted upon by each conference member before becoming effective. The old policy was to require a one-year residence for junior college transfers.

Faculty men also gave an extra year of eligibility to gymnast Wolfgang Dazauer of Michigan, a 26-year-old German immigrant.

Reports by Stu Holcomb of Northwestern on review of the financial aid program and from the TV committee on a three-year 3 million dollar offer to televise football, basketball and other sports were put on Friday's agenda. Controls on future Rose Bowl participation also were put over until Friday or Saturday's closing sessions.

Thurston Swim Win
Detroit-Thurston, member of the North Suburban Swim League, won its third dual meet of the season in defeating Hazel Park, 63-33.

Thurston took seven events and set varsity records in the 50 yard freestyle with Bob Keller going 25.1 and in the 100 yard backstroke in 1:04.2 by Jim Treacy.

Dallas Signs Fullback
DALLAS, Tex. (U)—The Dallas Texans of the new American Football League today announced the signing of Clark Holden, University of Southern California fullback.

Bruins Whip Hot Leafs, 6-3

By The Associated Press
The injury-riddled Boston Bruins have served notice to the rest of the National Hockey League that they're back on winning ways.

The Bruins trimmed the red-hot Toronto Maple Leafs 6-3 on home ice last night in the only game played. The victory only was Boston's second in 14 games while the Leafs went down to their fourth defeat in their last 16 games.

Boston, still without defenseman Fernie Flaman and winger Johnny Bucyk, scored four times in the opening period. Guy Gendron, Doug Mohns and Bronco Horvath sparked the Bruins.

Gendron and Mohns collected two goals apiece and Horvath picked up three assists. Horvath, the league's scoring leader, has accounted for 38 points on 21 goals and 17 assists.

Don McKenney and Charlie Burns rounded out the Boston scoring. Larry Regan, Bob Fulford and Dick Duff were the Toronto marksmen.

World Keg Champs Decided Today

CHICAGO (U-P)—Today is pay-off day in the World Invitational Bowling Tournament and it looks like a dog fight is shaping up for the finish of the nine-day \$30,000 ten-pin marathon.

As the 16 men finalists start firing their final 16 games of the 64-game head-to-head competition, three of the country's top bowlers were closely bunched at the top.

Leading the pack after 48 games was Bill Golembiewski, 30-year-old member of the A.B.C. champions from Detroit. He held onto the top spot he had taken Wednesday although he lost four of his last eight games.

But his lead was mighty slim. And his closest competitors were a couple of seasoned pros, Ray Bluth and Don Carter, both of St. Louis.

Golembiewski's Petersen point total was 240.31 on the strength of 30½ games won and a total pin-fall of 10,506. Bluth, a 31-year-old

A. B. C. Masters champion, had 239.33 points with his 30 wins and 10,483 pinfall.

Carter, 1957 world champion and four times all-star titleholder, had 236.37 points. The 33-year-old Carter, runnerup in last year's world tourney, vaulted into third place after a poor start both in the qualifying rounds and in the first rounds of match play. He had won 27 of his first 48 games and has knocked down 10,477 pins.

Golembiewski and Bluth split their four-game series yesterday and each split their final two series. Meanwhile, Carter wound up his productive day by sweeping four games from George Howard of Detroit with a brilliant 944 series. Carter, who lost 7 of 8 games on opening day of match play, won 11 of 16 yesterday.

The tourney will be nationally

televised tonight (9 p.m. CST NBC) replacing the regular Friday night boxing program.

Honors for yesterday's best individual scoring among the men bowlers went to Milt Molhusen of Tulsa, Okla., who ranks 10th in the standings. He shot the best individual game of 289 and a series of 964.

Defending champion Ed Lubanski of Detroit, was in seventh place, a few points behind Lou Frantz, of Louisville, Ky., the early leader.

In the women's division, Donna Zimmermann, 26-year-old Akron, Ohio, office worker, moved into the head after 12 rounds of shooting. She replaced Olga Gloor of Chicago and led with 113.17 points to 112.39 for the Chicago housewife who has been in the lead since Tuesday.

The women end their shooting today with four two-game matches. Marion Ladewig of Grand Rap-

Buckeyes and Lucas Pass Acid Test

By United Press International
Jerry Lucas passed the acid test—and now there's no doubt that Ohio State will be in the running for the national basketball championship all the way.

The heralded 6-foot, 9-inch sophomore proved his ability in out-dueling 6-foot, 10-inch, 270-pound Bob Nordmann Thursday night and leading Ohio State to an 81-74 victory over St. Louis. It was the fifth straight win for third-ranked Ohio State and the first loss for seventh-ranked St. Louis.

Lucas won his personal duel with the rival giant easily. He poured in 13 field goals and four free throws for 30 points while holding Nordmann to seven field goals and three free throws for 17. Nordmann did lead a Billiken drive late in the first half but St. Louis' chance for victory

went out the window when he later fouled out trying to guard Lucas.

Ohio State got off in front and piled up a 36-22 advantage midway through the first half before the Billikens rallied to cut the margin to 44-38 at the intermission. St.

Big Keg Program
Sunday at Rochester

Rochester-bowling fans will have an opportunity to see some top-notch performers in action and the Leader Dog School will benefit from a big keg program on tap for Hilltop Sunday at 9 p.m.

Outstanding men and women keglers from Hilltop and Rochester Lanes will face top teams from Detroit area leagues including the John F. Ivory group, Tony Texaco, Townsend Insurance and several others.

Al Cotton, Ken Hill, Lew Mitzel, Marv Mertzfeld and Joe Foster will form one Rochester team. Others will include Hal and Gary Hintz, Joe Myers, Mike Dzuick and Jim Kirkpatrick; Laura Mead, Mildred Howlett, Neva Shain, Lorrie Dulzo and Mary Steward; Curt Ferris, Bill Johns, Sam Howlett, Ray and E. E. Ludwig; and another women's unit headed by Gerry Hintz.

Junior leaguers representing both alleys will duel in another program feature.

'Bar Medicine' for
Foes of Druggists

A pair of "druggist" cage squads last night got off to a fast start in Waterford Recreation Class A play.

Handing out "bad medicine" to their opponents were Lakeland Pharmacy which defeated Airport Speedway 79, 44-25, and Drayton Drugs over J & A, 79-20.

Stu Thorell had 10 to pace Lakeland. Mueller hit 20 for Drayton Drugs. Both games were played at Cray Junior High.

ids, Mich., winner of the All-Star tourney several times, appeared out of the running, deep in 12th place with 100.42 points.

Under the Petersen point system, a bowler gets one point for each game won plus one point for every 50 pins knocked down.

He also gets one-half point if he out-totals his opponent while losing the majority of games. In ties, each bowler gets one-half point.
