Library Building Opens to OU Students, Faculty, & Staff

Kresge Library has now been open for nearly two weeks to our OU students, faculty, and staff! We just want to thank you for keeping everyone safe by wearing a mask and keeping socially distant as you've visited and studied in the library! Check out the Association of American Medical Colleges's [Consensus Guidance on Face Coverings](#), which provides an evidence-based review on public mask usage using information from the CDC, state and local governments, and public health experts.

As you continue to use the library's physical and virtual spaces, here are just a few friendly reminders:

Virtual Reference & Research Consultations: Though the library building is open, our library services remain primarily [virtual](#). Reach out to us online for any questions related to our resources, teaching, learning, and research by:

- Dropping by our [Virtual Library Office Hours](#), Monday - Friday, 11am - 12pm on Google Meet
- [Emailing us](#) directly
- Signing up for a one-on-one virtual consultation using our [Librarian Appointment Calendar](#)

[Subscribe](#) to our email list.

Medical Library Office Hours for Checking Out Items: One Medical Library faculty or staff member works onsite in the Medical Library Office Monday - Friday from 8:00am - 5:00pm and Saturday from 10:00am - 4:00pm. Stop by to checkout:

- Skeletons & bone sets
- Whiteboard markers & erasers
- [iPads](#) - iPads are available for either a 1-week checkout or 3-hour checkout while studying in the library. All include [Essential Anatomy 5](#) and [SecondLook Histology](#) apps for study.
- Cleaning supplies to wipe down your study space including wipes and hand sanitizer

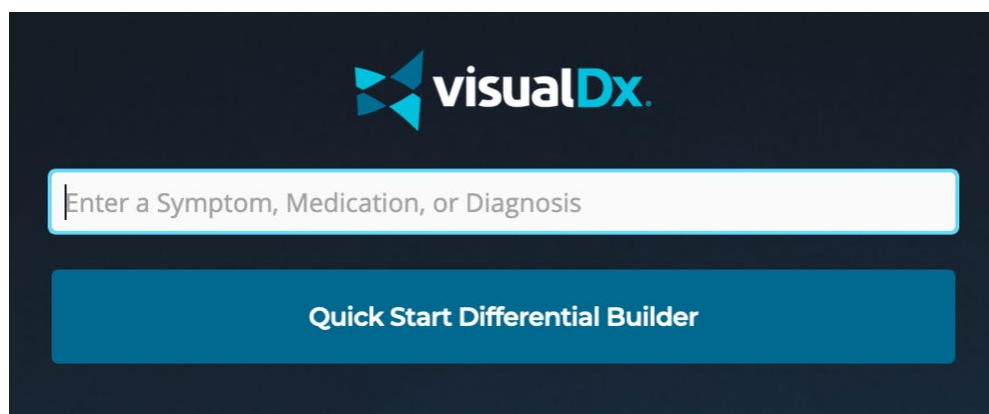

Note: Skeletons, bone sets, and markers are quarantined for 120 hours after each use with books and technology items for 72 hours following national guidelines.

Print Textbooks & 24 Hour Checkout: Medical Library print textbooks and review books housed in the Quiet Study Room may be used onsite anywhere in the library building. You may also check out any of these books for 24 hours at the Kresge Checkout Desk or use the new [no-contact process](#) to request items. Availability is limited, so there are no renewals on these items.

Library Building Hours - Labor Day

Kresge Library, including all Medical Library spaces, will be closed on Monday, September 7 in observance of the Labor Day holiday. The library will reopen on Tuesday, September 8 at 7:30am and normal hours will resume.

New Resource: VisualDX

The Medical Library now subscribes to [VisualDX](#), an image-based clinical support tool with point-of-care information to aid in the identification of visually identifiable diseases including dermatologic, infectious, genetic, metabolic, drug-induced conditions, and occupational injuries. In addition, more than 28% of the images are of skin types IV, V, and VI.

Visit their [tutorials webpage](#) for how to look up a diagnosis, build a differential, and review a medication adverse event.

Student Corner

Communication Preferences Survey

As our interactions continue to be primarily virtual and updates are needed on a rolling basis, the Medical Library is evaluating different modes of communicating with our students! Please take the one-question survey below to help us!

Miss the Online Anatomy Tools InfoByte?

If you missed the online anatomy tools session on August 25, check out the Multimedia Resources section of the [AFCP Course Guide](#) and download our [PDF comparison chart](#) showcasing the library's anatomy resources for study!

We're also happy to meet with you one-on-one to review any of these tools with you!

Required & Recommended Textbooks	Multimedia Resources
Note: - An online version of selected textbooks is accessible to OUWB medical students on campus or off campus. To access these textbooks off campus, you must login with your OU NetID and password (the same ones for accessing your OU email account and Moodle). - Print copies of all required and recommended textbooks (followed by call numbers) are on reserve in the OUWB Medical Library Study Room (KL 102). If you need any assistance with locating any of the following books, please email the OUWB Medical Library at medref@oakland.edu.	Acland's Video Atlas - Dissection videos of the human body. Anatomy & Physiology Revealed - An interactive cadaver dissection experience. Anatomy.TV - Interactive, 3-D anatomy resource. Rotate, add or remove layers to learn more about anatomical structures. Use the case studies and

September is Women in Medicine Month

To celebrate, the Medical Library is highlighting our ever-expanding Women in Medicine Collection featuring books, eBooks, and other resources related to strategies for success, work-life balance, personal stories, and more!

Check out our [Women in Medicine Collection online guide](#) for links to eBooks and a list of print titles from this collection. As many of the books in this collection are only available in print, request a book using Kresge Library's new [contactless process](#). See our [July email update](#) for more information.

We're always looking for additional titles to add so if you have additional recommendations, please contact us at medref@oakland.edu
