Remember: It's Crime Prevention Week

Don't Get Thrown Into Pokey!

By MAX SIMON

A foot race such as the Boston Marathon in Pontiac?

Absolutely not!

So decrees the city's law.

Anyone having anything to do with such endurance contests could be fined up to $100—plus a 60-day stretch in the Oakland County Jail.

What's more, you'd better not try flying a kite—at least, not on Pontiac streets.

That's illegal, too.

The penalty's not as stiff. A $2 fine plus five days in the pokey is the worst anyone could get.

★ ★ ★

The two city ordinances cited above aren't the only ones with which many Pontiac residents are unfamiliar.

★ ★ ★

Some persons break laws simply because they're unaware that such a law exists.

CRIME PREVENTION WEEK

Since this is Crime Prevention Week, the Pontiac Police Officers Association (PPOA) has compiled a list of little-known ordinances and ordinances which are frequently violated because their existence isn't known to the public.

It's been a long time since anyone has been prosecuted for violation of Ordinance 1013.

Passed by the city fathers in April 1943, the ordinance prohibits trespassing in or stealing from "victory gardens."

"Victory gardens," you'll recall, were encouraged during World War II "to increase the national food supply."

Area Churches to Mark Start of Lenten Season

By MARY ANGLEMIER

Protestant and Catholic churches throughout the world will observe the first day of Lent tomorrow, Ash Wednesday. The 40-day season of Lent is, for the devout, a period of self-examinaiton and discipline in preparation for Easter, which falls this year on April 2.

In Catholic churches and some Episcopal churches, priest and pastor will intone "Thou art dust and to dust thou wilt return," as they impose ashes from palms left over from the last Palm Sunday on foreheads of worshipers.

From this rite comes the name of the first day of Lent, Ash Wednesday. Traditional services will be held locally in Catholic, Lutheran and Episcopal churches. A number of other Pontiac area congregations will hold dinner programs and study sessions. In many churches social activities will be curtailed.

films from "This Is the Life" television series, will be shown at 6:45 p.m. on Ash Wednesday in Grace Lutheran Church.

A Lenten vesper service will follow at 7:15. The Rev. Richard Stuckmeyer, pastor, will preach the message based on the subject of the film.

The second showing of the film will be at 8 p.m. followed by a social hour in fellowship hall at 8:30.

ST. TRINITY

St. Trinity Lutheran Church will present the Cross and Crown Players of Detroit in a pageant entitled, "Christ in the Concrete City," at 7:30 p.m. Wednesday.

Services will be held each Wednesday evening during Lent, Pastor Ralph C. Claus says.

ST. VINCENT DE PAUL

Ashes will be given at St. Vincent de Paul Catholic Church following Mass at 6, 7:15, 8, and 11 a.m.; and at 3, and 7:30 p.m. A sermon will be preached at the evening service.

Stations of the Cross are scheduled at 7:30 p.m. each Friday during Lent.

Mass will be celebrated at 6:45 and 8 a.m. and at 7:30 p.m. at Our Lady of the Lakes Catholic Church, Waterford Township. Stations of the Cross will be at 7:30 each Friday during the Lenten season.

UNITED SERVICE

Several churches will join in holding an Ash Wednesday service at, 7 p.m. in the Oakland Avenue United Presbyterian Church. Special music will be provided by the First General Baptist Church. The Rev. Theodore R. Allebach, host pastor, will preside.

The Rev. Paul Johnson will read the Scripture lesson and offer prayer. The Rev. Myron R. Everett of Baldwin Evangelical United Brethren Church will preach

Calls Economic Situation Urgent

Rayburn Says That Congress Will Move to Combat Recession

WASHINGTON (UPI) — Speaker Sam Rayburn said today after a White House conference that the nation's economic situation is at its "most urgent since the great depression" of the early 1930s.

★ ★ ★

Rayburn's statement came after President Kennedy, the Cabinet and the Democratic congressional leaders held a general discussion of the administration's antirecession proposals.

The speaker said Congress would "move ahead on these programs as fast as we can now that our committees are organized."

He said no new proposals were made at today's breakfast meeting which lasted less than an hour, but the situation was reviewed by Cabinet members, particularly Labor Secretary Arthur J. Goldberg.

★ ★ ★

The speaker said Goldberg, reporting on his Friday-through-Sunday tour of unemployment-plagued areas of five major industrial states, told the leaders "it was as bad or worse than he expected to find it."

★ ★ ★

Rayburn said that a statement which Kennedy plans to make at his televised news conference Wednesday evening will "be along the lines" of what the administration has proposed as a recovery program, stressing "the urgency of it and so forth."

Smoke Fatal to Area Resident

A 58-year-old Birmingham man died early today after being overcome by smoke from a fire in his apartment.

★ ★ ★

The victim, Kingsley G. Purton of 1072 Wimbleton Drive, was found lying in an upstairs bedroom by Birmigham firemen shortly after 4 a.m.

Asst. Fire Chief Stanley Pepperell said he believes the fire, which caused an estimated $12,000 damage to the apartment and contents, started in an upholstered chair in a den on the lower floor.

Purton, who is the owner of Wimbleton Terrace where he lived, was given artificial respiration but was dead on arrival at William Beaumont Hospital, Royal Oak.

★ ★ ★

The fire was discovered by Purton's son Michael when he arrived home, according to Chief Pepperell.

Residents of neighboring apartments fled to safety. Adjacent apartments suffered minor smoke damage, the fire chief said.

Cloudy and Warmer Is Word on Weather

Wednesday will be a little warmer and cloudy, the high about 41, the weatherman says. Tonight's low will be near 26.

The outlook for Thursday is partly cloudy and a little colder. Morning westerly winds at 10 miles per hour will become 12 to 22 m.p.h. tonight, and south to southwest at 10 to 20 m.p.h. Wednesday.

A mild 34 was the lowest recording in downtown Pontiac preceding 8 a.m. The mercury had climbed to 37 at 2 p.m.

Fidel Hopes U.S. Policy Will Change

HAVANA (UPI)—Premier Fidel Castro in a relaxed, friendly mood hinted today that he still hoped U.S. President John F. Kennedy would reverse what he described as "aggressive policies" of the Eisenhower administration toward Cuba.

The Cuban leader indicated that he feels Kennedy himself would favor a "relaxation" in U.S. foreign policy, but that he is "not allowed" to follow through on the wish because of what Castro termed political pressures at home.

Castro spoke respectfully of Kennedy, U.S. ambassador to the United Nations Adlai Stevenson, and Undersecretary of State Chester Bowles.

"Why if they had the courage to defy vested interests by enacting important innovations in foreign policy, such as inviting the Soviet Union to participate in an economic aid program for underdeveloped nations, have they not had the courage to change toward Cuba?" Castro asked.

★ ★ ★

Castro said he did not intend again to revert to personal attacks on the U.S. leaders which have characterized previous speeches.

But he emphatically and repeatedly insisted that the eventual re-establishment of peaceful relations between Havana and Washington must be conditioned on cessation of what he described as U.S. air drops of arms to the foes of his regime within Cuba.

News Flashes

ELISABETHVILLE, Katanga, the Congo (UPI) — President Moise Tshombe charged today that the United Nations brought civil war to Katanga and bathed the land in fire and blood.

WASHINGTON (UPI)—Former Secretary of Labor James P. Mitchell quit today as chairman of the presidential railroad commission now studying a labor-management dispute over work rules. Mitchell said that he wanted to devote more time to his campaign for the Republican gubernatorial nomination in New Jersey.

Mate Shoots Commerce Man

HELD IN SLAYING — Mrs. Ernest Ragatz, 50, of Commerce Township was booked at the county jail last night for investigation of 2nd degree murder in the death of her 38-year-old husband. She told police she didn't know the gun was loaded when she shot her husband as he walked in the door of their home last night. Here, a matron leads Mrs. Ragatz to her cell.

Claims Death of Younger Mate Was Accidental

Wife Held in County Jail for 2nd-Degree Murder Probe

By DICK HANSON

A 50-year-old grandmother sobbed she didn't think the gun was loaded when she shot her 38-year-old husband last night as he entered their home in Commerce Township.

Mrs. Ernest Ragatz of 6889 Ashland St. was being held at the county jail today for investigation of second-degree murder.

She told sheriff's detectives she was only playing a standing joke, which she and her husband enjoyed together, when she shot him. Mrs. Ragatz claimed it was an accident that the 12-guage shotgun was loaded.

The blast struck Ragatz in the abdomen, bowling him over backwards, just after he had stepped through the door of their small, single-story frame home.

Death was instantaneous, according to Deputy Coroner Dr. Isaac Prevette. He fixed the time of death as approximately 7 p.m.

Mrs. Ragatz telephoned the sheriff's department at 7:05 p.m., crying hysterically "I've shot my husband."

First at the scene, Deputy Robert MacFarlane arrived at the Ragatz home within minutes.

He found the victim sprawled on his back just inside the door. Mrs. Ragatz was standing in the middle of the living room, wracked with sobs.

The discarded shotgun had fallen to the floor about eight feet from the body. The chamber contained a single spent shell. Another shell was laying on top of the television set in the room.

★ ★ ★

Mrs. Ragatz had apparently tried to bandage the fatal wound with a towel.

According to deputies, Mrs. Ragatz told them she was sitting in a chair, holding the shotgun, when her husband arrived home.

She told the officers she jokingly asked him if he wanted to "join our gun club," stated Detective Capt. Leo Hazen, who was heading the investigation.

"Then she said I told him 'I'm going to shoot you,'" said Hazen.

"GO AHEAD"

According to her Ragatz replied "Go ahead — it isn't loaded."

She said she pulled the trigger, not expecting the resultant blast that tore the life from Ragatz.

"Mrs. Ragatz told us this 'gun

Soviets Planning on More Jaunts to Sister Venus

Scientist Sees Others Sending Back Data on Flora and Fauna

MOSCOW (UPI)—Russia plans to launch more rockets to Venus in the near future, a Soviet scientist said today.

Dr. Alexander Markov, writing in the newspaper Komsomolskaya Pravda, said the three-quarter ton space laboratory now speeding toward earth's sister "ushers in an era of interplanetary flights."

"There is no doubt that after the first rocket, others carrying automatic instruments will be sent to Venus," he said.

"They will transmit back to the earth information about the atmosphere of Venus, the composition of its surface, flora and fauna, if they exist on this mysterious planet."

Prof. Georgi Pokrovsky said in the trade union newspaper Trud that the satellite which formed the first stage of the launching Sunday was "very heavy and powerful."

★ ★ ★

"The sputnik that became a launching site for the rocket was of an extremely intricate design,"

WASHINGTON (AP) — President Kennedy today congratulated Soviet Premier Khrushchev on the Russians' "impressive scientific achievement" in launching a space vehicle bound for Venus. In a message to the Kremlin leader, Kennedy called the development "another chapter in man's exploration of the Universe."

he said. "The orbiting of such a structure is an unmatched achievement in Soviet rocketry.

Alexander Newsmeyanov, president of the Soviet Academy of Sciences, said in a Pravda interview that "the day is drawing closer when man will explore directly and develop planets."

As the interplanetary station sped along at 9,112 miles an hour on a journey that will take more than three months, Soviet scientists, journalists and politicians joined in triumphant praise of their Communist system which spawned it.

Tass news agency cited it as proof of the superiority of Soviet technological education over that in the West.

Teresa Goodwin of 950 Spence St. (left) and Mary Jane Hoard of 256 Judson St., are keeping close tabs on Jerry — and the cake. Rumor has it that he weakened, this being Valentine's Day, and split the cake with them.

Crowds Protest Slaying

Lumumba Anger Grows

LONDON (UPI)—Part of a mob of 30,000 stormed its way into the Belgian Embassy building at Belgrade today, throwing furniture into the streets. Another crowd broke through the guard around the French Embassy in Belgrade, hurling stones at windows. They were protesting the slaying of Patrice Lumumba.

By The Associated Press

Demonstrators paraded the streets of Moscow, Cairo, London and Rome today protesting the slaying of Congolese ex-Premier Patrice Lumumba. A new outbreak of bloody violence was feared in the Congo.

★ ★ ★

The demonstrators chose Belgium, former colonial ruler of the Congo, as the main target. Several hundred stoned the Belgain Embassy in Moscow, breaking windows and halting their attack only when police moved in. Belgium's embassies in other cities were besieged.

The United States also drew criticism from some demonstrators for its support of U.N. Secretary General Dag Hammarskjold.

★ ★ ★

About 20 demonstrators gathered in front of the U. S. Information Agency office in Cairo, shouting pro-Lumumba slogans. They made no attempt to attack the building.

★ ★ ★

A U.N. spokesman in the Congo said Lumumba's supporters in Stanleyville appeared to be trying to prevent reprisals against whites. Soldiers who gathered in a Stanleyville street Monday night, threatening action against Europeans, were dispersed by Gen. Victor Lundula, Lumumba military commander, the spokesman said.

NO VIOLENCE, PLEASE

The Katanga government announced Monday Lumumba and two companions were slain by villagers after escaping from detention.

President Jean Manzikala of Oriental Province, a Lumumba stronghold, called on his followers to refrain from violence against Europeans. But he said the fight to gain control of all the Congo will continue.

At United Nations headquarters in New York, Yugoslavia called on the Security Council to order an "urgent and energetic" investigation to fix the blame for the slayings.

Russia Severs Ties With Dag

Demands All Foreign Troops Get Out of Congo in Month

LONDON (UPI)—The Soviet government today officially withdrew its recognition of Dag Hammarskjold as U.N. secretary general and demanded that all foreign troops get out of the Congo within one month.

★ ★ ★

The Russians demanded the United Nations censure Belgium in the slaying of Patrice Lumumba, the deposed Congo premier.

A note distributed by Tass also demanded the arrest and trial of President Moise Tshombe of Katanga Province for Lumumba's death.

"Dag Hammarskjold must be dismissed from the post of secretary general as an accessory to and organizer of the murder of the leading statesmen of the Republic of the Congo, which has tarnished the name of the United Nations," the Soviet government's statement said.

Tass reported that the Soviet government declared that for its part it will maintain no relations with Hammarskjold and will not recognize him as an official of the United Nations.

The statement said all Belgian troops and other personnel in the Congo must be disarmed forthwith and removed from the Congo. It asserted all military units and gendarmerie taking orders from Tshombe and Congolese Maj. Gen. Joseph Mobutu "must be immediately disarmed."

United Nations troops, the Soviet government said, should immediately arrest Tshombe and Mobutu and bring them to trial as Lumumba's slayers.

★ ★ ★

Tass said all foreign troops should be withdrawn "so as to give the Congolese people the possibility to solve all their home affairs themselves."

Rules Teamsters' Books Don't Have to Be Shown

Pontiac Teamsters Local 614 and Teamster President James R. Hoffa's Local 299 in Detroit do not have to comply with government subpoenas requiring the locals to produce books and records for 1959, U.S. District Court Judge Fred W. Kaess ruled today in Detroit.

The ruling was believed to be the first of its kind restricting the subpoena power of the U.S. secretary of labor under the Landrum-Griffin labor law enacted by congress in 1959. The law requires union to submit periodic reports to the federal government on their finances and organizing activities.

No members of the Pontiac local were available for comment, a secretary at the office said.

Local 299, which is headed by Hoffa, and Local 614, contended they submitted such reports in March 1960 for 1959, but that they were subpoenaed in September and ordered to submit all books and records since Jan. 1, 1959, so that the government could determine if the reports filed by the local in March were accurate. The locals refused, challenging the validity of the act—the first such test.

Judge Kaess said the subpoenas, served on the Pontiac local in September, were "so broad that they constituted a complete seizure."

"In this case," Judge Kaess said in his ruling, "The Department of Labor has refused to show or has been unable to show any basis for this investigation.

"This court feels that the requirement of when 'he (the secretary of labor) deems it necessary,' has its foundation in some reason or purpose, rather than being an excuse for merely looking into the matters of union affairs, relevant or irrelevant, in the hope of turning up something . . . without some reasonable foundation or valid purpose.

"We cannot close our eyes to the ever-closing circle of what we have been pleased to call the right to reasonable privacy. The subpoenas by themselves are so broad that they constitute a complete seizure unrelated to any recorded, purposeful investigation.

"We do not conceive it to be

Arguments Flare Over Four Waterford Liquor Licenses

More than 100 Waterford Township residents jammed the town hall last night to determine which four of 18 applications for new sale-of-liquor-by-the-glass licenses would be approved by the township board.

In a heated discussion which began at 7:30 p.m. and lasted more than two hours, the board approved Class C year-around licenses for the Huron Bowl Bowling alley at 2525 Elizabeth Lake Road, Pontiac Lake Country Club at 4335 Elizabeth Lake Road, the Pontiac Lake Inn at 7890 Highland Road, and the Lakewood Lanes Bowling alley at 3121 W. Huron St.

Approval must now be given by the State Liquor Control Commission.

Owner of one tavern, with a 9-month resort license, Thephil Dobski, 7960 Cooley Lake Road, objected strenuously to the board's action in awarding two new Class C licenses, maintaining he wanted his license changed to a year-around Class C.

Dobski said; "I think the board members are showing discrimination in issuing these licenses, and not reclassifying my resort license to Class C."

He objected to the only other resort licensees, Pontiac Lake Inn and Pontiac Country Club, being reclassified when he wasn't.

He was supported by a non-affected onlooker, Glen Dixon of the Lorraine Manor subdivision, who was interested in a street light hearing.

"I don't think Dobski is getting a fair deal," he said.

The township board also reclassified eight tavern licenses to Class C, bringing the total number to 12 new establishments that may now serve liquor by the glass for the entire year. Tavern licenses only permit sale of wine and beer by the glass.

Clerk James Secterlin said, "You all must understand that it puts the township board in an unfavorable position to be required to determine just which of the four available Class C licenses will be approved."

He explained that due to the township's rapid population growth, it may now have 31 establishments that serve year-around liquor by the glass. There were already 19 such licenses in the township, and last night's action brings the total figure to the maximum.

The 31 could include either tavern or Class C licenses. The upgrading of tavern licenses, therefore, did not affect the number of totally new licenses that would be issued. After last night, there are no longer any tavern licensees in the township.

Anyone wishing to apply for the vacated resort licenses must now first contact the State Liquor Control Commission at Lansing, then approval must be made by the Township Board, members told the group. The township has no authority to issue resort licenses.

ICE-FISHING HAZARD — Leon LaPrad of Monroe found an unexpected soft spot in the Lake Erie ice Sunday as he drove his pickup truck on an ice-fishing expedition about a mile offshore. Persons familiar with the lake said warm undercurrents cause soft spots in the ice. Shortly after this mishap, an automobile went through the ice about 100 yards away.

N. Woodward Parking Lot to Be Started in Spring

BIRMINGHAM — Construction of the Island View Parking Lot on north Woodward is expected to begin in early spring with the confirmation last night of the assessment rolls by the City Commission.

Merchants benefiting from the $135,000 parking area will be assessed 92½ per cent of the cost and the city will pay the remaining 7½ per cent.

Confirmation of the assessment rolls had been scheduled for Jan. 23 but was adjourned until last night after an attorney for one of the participating property owners died.

Commissioners in another action accepted bids on two new police cars from Birmingham Rambler, Inc.

The total cost of the two cars, with trades, is $1,758. The vehicles purchased are Rambler Ambassadors.

The Birmingham firm was the lowest of 11 bidders.

The Pilgrim Fellowship of the Congregational Church of Birmingham will have a "Workday" Saturday from 9 a.m. to 5 p.m.

Any odd jobs such as snow removal, basement and attic cleaning and baby-sitting will be done by the Fellowship.

Money earned from the project will go towards the group's Spring trip fund. Area residents can phone their jobs into the church office.

Mrs. Walker S. Smith

Service for Mrs. Walker S. (Ada A.) Smith, 99, of 954 Suffield St., was to be held today at 3 p.m. at the Manley Bailey Funeral Home with cremation at White Chapel Memorial Cemetery.

Mrs. Smith died Sunday following a long illness.

A native of Louisiana, Mo., she had made her home here with a nephew, Draper Allen, the last 18 years.

Promote Police in Waterford

Township Board OKs Reorganization Asked by Chief Pender

The Waterford Township Police Department moved a step forward last night when the Township Board approved a change of command among police personnel as requested by Chief Millard J. Pender.

Lt. William Stokes was advanced to captain; Sgt. Frank Randolph was made a uniformed lieutenant; Patrolman David Putnam was named detective; and Patrolman Charles Griffith, was advanced to sergeant. All will receive small pay increases effective Feb. 28.

Pender had requested the change saying, "We need to organize a change of command as we are having problems similar to large cities." He assured the board that all patrols will be maintained.

In other business, there were no objectors at a hearing for the establishment of a special street light district in the Lorraine Manor subdivision. Each of the 171 assessments will pay $4.16 annually for twenty-five 2,500-watt bituminous lights, and the one 6,000-watt bituminous light.

★ ★ ★

The board authorized the purchase of a $595 two-way radio for a police car.

Supervisor Elmer R. Johnson told the board that a traffic light will be installed at the corner of Silver Lake Road and Walton Boulevard.

The board approved the appointment of Frederick Stitz, Vernon Witherspoon, Lloyd Busch and Elmer Bauer as reserve patrolmen. They will receive $1 a year salary.

A request of Oval R. and Jessie Whitaker to transfer location of their SDM liquor license from 6462 Williams Lake Road to 500 feet east of the present address was approved.

A request of Fire Chief Elmer Fangboner for a new $290 commercial door installed on fire station No. 1, garage was tabled for further consideration.

Nation's Weather Growing Dull, Fairly Mild

By The Associated Press

The nation's weather showed only minor changes today, with only scattered areas of precipitation and fairly mild temperatures in many sections.

More rain fell in the drenched areas along the Southern Oregon coast with the wet belt extending into Northern California. Showers sprinkled sections of Idaho, with snow flurries in the higher elevations.

Snow flurries also peppered the upper and lower Great Lakes region and in parts of Pennsylvania and New York. Strong winds were reported in some areas. Fog shrouded sections of the Atlantic Coast states, with light rain in some places.

No severe cold was reported but it was chilly in Northern New England and in the extreme Northern Plains. Temperatures were in the teens and lower.

The 20s and 30s prevailed from the northwest Plains through the Great Lakes region and in parts of the middle and North Atlantic states.

Mild winter weather continued in most of the South, with early morning readings in the 50s and 60s.

justice to be oblivious to unreasonable subpoena powers and abandon any litigant to the whim and caprice of an administrative officer. The judiciary, in America at least, cannot indulge itself with the luxury of personal vendetta."

Detroit attorney George S. Fitzgerald filed the suits on behalf of the two locals last October. They were a test, Fitzgerald said, of how much authority then Secretary of Labor James P. Mitchell had.

There was no immediate comment from Mitchell's successor, Arthur J. Goldberg.

It was the contention of the union that the government could only request the records back to Sept. 14 —the effective date of the Landrum-Griffin Act.

Shotgun 'Joke' Kills Commerce Husband

(Continued From Page One)

club' bit was a standing joke between her and her husband," said Hazen, and that they had enacted the scene on several occasions before, since she gave her husband the shotgun for his last birthday in April.

She said she took the gun from the corner of the living room where Ragatz had left it leaning against the wall after returning from rabbit hunting Saturday.

Other times when Mrs. Ragatz or her husband had played their joke on each other, the weapon had been unloaded, she told detectives.

Also, there was the shell on the television set, which led her to believe it had been ejected from the gun by her husband, said Mrs. Ragatz.

DOESN'T JIVE

According to the assistant county prosecutor handling the case, Robert Carr, Mrs. Ragatz account of the slaying in her formal statement did not match completely what she is supposed to have told detectives and deputies earlier.

Carr claimed Mrs. Ragatz made no statement to him regarding any conversation between her and husband before she shot him.

Also, he said, Mrs. Ragatz allegedly told deputies she had argued with her husband before the slaying. She later denied this in talking to detectives, according to Capt. Hazen.

Carr said he intended to have Mrs. Ragatz undergo a polygraph (lie detector) test at Lansing today, before any warrant is issued.

Mrs. Ragatz' son by a previous marriage, Dale Gass, 33, of 865 Commerce Road, told detectives his mother had been "flying off the handle lately," but that he had credited it to her undergoing her change in life.

Gass had left his three children in their grandmother's care earlier in the day, returning to pick them up several hours before the shooting. He said he hadn't noticed anything strange about his mother's behavior at that time.

The victim had been to see his physician in Pontiac before returning home, said Gass.

Ragatz was employed as a truck driver for the Motor Car haulaway company in Pontiac. He had a heart condition.

12 GRANDCHILDREN

The Ragatz' had no children as the result of their marriage. She has three grown daughters besides her son, by a previous marriage which ended in divorce over 10 years ago, and 12 grandchildren.

Neighbors described the Ragatz' as a quiet couple.

The closest neighbors, Mr. and Mrs. George Pollington of 6095 Ashland St., said they were home at the time of the slaying but hadn't heard any shot.

"We frequently enjoyed a cup of coffee with Mr. and Mrs. Ragatz . . . they seemed such a congenial couple," said Pollington.

Children Out of Hospital After Pontiac Accident

Daniel Dunnam, 8, and his sisters, Paula, 5, and Janice, 11, children of Daniel W. Dunnam, 43, of 160 Collier Road and his wife, Erma, were all released from Pontiac General Hospital yesterday afternoon after treament of minor injuries suffered when a car struck the rear of their parents' vehicle on Joslyn Road just north of Upland Street.

The other driver, Roy E. Bundsen, 43, 1430 Joslyn Road, told police he couldn't stop in time after Dunnam pulled his car to the curb and stopped to take on a passenger.

ST. HUGO

Mass will be said at 6:30, 7:30 and 8:30 a.m. Wednesday morning in St. Walter's Chapel at St. Hugo of the Hills Catholic Church.

The Rev. Walter Ziemba of St. Mary's College, Orchard Lake, will speak at the devotional service in the church at 8 p.m.

Stations of the Cross will be at 2:30 p.m. every Friday in St. Walter's Chapel and in the church at 8 p.m.

ST. STEPHEN'S

Ash Wednesday Holy Communion services for St. Stephen's Episcopal Church will be conducted at 6:30 a.m. and 8 p.m. by the Rev. Carl Sayers at the home of Mr. and Mrs. Carl Zuber, 2700 Squirrel Road, Bloomfield Hills.

The Lenten study program will begin at 6:45 p.m. Feb. 21 at the home of Mr. and Mrs. Robert Brandon, 2874 Pine Hill St., Birmingham; and a duplicate program at 8:45 p.m. on Feb. 24 at the home of Mr. and Mrs. Dayton Slater, 4155 Spur Hill Drive, Birmingham.

These programs will continue through Lent on Tuesdays and Fridays.

CHURCH OF INCARNATE

"Father, Forgive Them" will be the theme of the Ash Wednesday service of the Lutheran Church of the Incarnate Word at 8 p.m. in Community Hall at Auburn Heights.

Services will be held each Wednesday evening during Lent.

CROSS OF CHRIST

The Cross of Christ Lutheran Church will observe Ash Wednesday with a 7:30 p.m. family service. The Youth Choir, under the direction of David Brien, will sing "Lamb of God, Pure and Holy" by Decius.

The Rev. Delayne H. Pauling, pastor, will preach on "Father, Forgive."

At the close of the service as Conni Green sings "In the Cross of Christ I Glory," ushers will distribute gold lapel crosses to the congregation. Members and friends are to wear the crosses as a reminder of the Lenten season.

BEAUTIFUL SAVIOUR

Holy Communion will be celebrated at 7:30 p.m. tomorrow at the Beautiful Saviour Lutheran Church with the general theme of sermons, "We Look to a Saviour."

ALL SAINTS

Penitential Office and Holy Communion are scheduled for 7 a.m. and 10 a.m. tomorrow at All Saints Episcopal Church. Lenten workshop for women will follow at 10:30.

Dr. William Klubeck of Michigan State University Oakland will speak at the noon luncheon in the primary room.

A family service of evening prayer and a sermon by the Rev. C. George Widdifield will be held at 7.

Services will be the same on other Wednesdays in Lent, except the evening when the rector will conduct lectures and discussions on church history at 8.

A special program will be conducted for children each Monday at 4:15 p.m. The Rev. Mr. Widdifield will present a series of illustrated story talks on "Stories of the Old Testament."

CHRIST CHURCH

Penitential office and evening prayer will be held at 8 Ash Wednesday in Christ Church Cranbrook. A parish dinner will precede the worship hour at 7 p.m.

Neighborhood prayer and study programs will be held each week during Lent at the homes of members.

CHRIST LUTHERAN

The Lord's Supper will be celebrated at 10:30 a.m., 6:30 and 8 p.m. on Ash Wednesday at Christ Lutheran Church, 5987 Williams Lake Road.

YWCA

Music, drama, pictures of the Holy Land and book reviews comprise the varied offerings planned for the 11th annual series of Lenten interludes presented by the Pontiac Young Women's Christian Association each Tuesday during Lent.

Programs will be held from noon to 12:30 p.m. Teachers and business people who can attend may eat their lunch after the performance.

Mrs. Victor Lindquist will open the series Tuesday with "Musical Thoughts for Lent."

ST. ANDREW'S

Holy Communion will be celebrated at 10 a.m. and again at 8 p.m. on Ash Wednesday at St. Andrew's Episcopal Church, Drayton Plains. A meditation on the Holy Eucharist will follow the morning service with a period of work by the women of the church.

Faces Charge of Treason

Allegedly Entered Yard in Mississippi Where N-Subs Are Built

PASCAGOULA, Miss. (UPI) — A 36-year-old Mississippi man has been charged with treason for allegedly entering a shipyard here where nuclear submarines are constructed.

Robert G. Hill was brought into City Court here Monday charged with trespassing, but Judge Robert Oswald changed the charge to treason and bound the man over for grand jury action under $5,000 bond.

Hill is accused of entering the Ingalls Shipbuilding Corp. The night of Jan. 14, where a guard shot him in the leg.

The treason charge was brought under a state law which makes it treasonable to tamper with property where such action might interfere with defense efforts.

Hill, in a separate action, has a $150,000 suit pending against Ingalls and the guard as a result of the shooting.

Plans Business Tax Legislation if It Is Merited

MUSKEGON (UPI) —Sen. Clyde Geerlings, heading a legislative committee opening hearings on the loss of the Norge Refrigerator Plant to Arkansas, said today the committee will introduce legislation on taxes or business incentives if such legislation is indicated by the hearings.

Geerlings, R-Holland, was questioned by newsmen about the purpose of the committee investigation just before the six-man group started taking testimony from officials of Norge, the local union, and Muskegon-Muskegon Heights civic officials.

If we come up with anything that looks conclusive we will introduce legislation," Geerlings said.

★ ★ ★

"It may not be possible to pass the legislation in the time left in this session. But, at least if it is introduced we can hold further hearings on the legislation and determine just what kind of laws are needed," he said.

Eames to Head Division of 'Y' Expansion Drive

DAVID B. EAMES

David B. Eames, president of Eames & Brown, Pontiac plumbing and heating contractors, has accepted the chairmanship of the business division of the Pontiac YMCA expansion program campaign.

★ ★ ★

Eames' appointment was added to the growing list of civic leaders identified with the "Y" project by Robert M. Critchfield, general chairman of the drive to raise $650,000.

A former member of the board of directors of the YMCA's Camp Mahn-Go-Tah-See, Eames has been active in Pontiac Area United Fund campaigns and other civic projects.

A member of the Pontiac Kiwanis Club, he lives at 43 Cherokee Road.

The business division will be responsible for the solicitation of 300 downtown business firms. Eames plans an organization of seven teams with a total of 50 men.

Critchfield announced that payment of subscriptions may be spread over three years, thus allowing the benefit of four tax years. Contributions are deductible from income tax.

Actual solicitation of funds will start at the end of March.

NATIONAL WEATHER — Precipitation tonight is expected over the northern Plains and northern Rockies in the form of snow with rain and snow mixed over the northern and central Plateau and rain over the Pacific coast from central California northward. It will be warmer in the central Plains, cooler in the northern and central Appalachians.

This Is Crime Prevention Week

Watch Out or You'll Land in Pokey

(Continued From Page One)

had to enforce recently was passed in 1876.

That one prohibited bathing or swimming in the Clinton River "within public view from 6 a.m. to 8:30 p.m. unless suitably clothed."

What "proper clothing" meant in 1876 —and what it means now, leaves police baffled.

All they'll say is that there is a difference.

PASSED IN 1865

The oldest city ordinance on the books was approved in March 1865.

It provides that the "penal sum" of $10 —and/or 20 to 90 days in jail — be the sentence for anyone daring to break a lantern, lamp post, or any public lighting fixture.

The second oldest ordinance provides penalties for those failing to keep sidewalks clear of snow and dirt.

The ordinance, passed in 1867, calls for a $10 fine and up to five days in jail.

Frequently-violated ordinances prohibit the posting of bills, signs and ads on telephone poles; make it unlawful for anyone under 18 to have air guns, sling shots, air pistols, and bows and arrows; and prohibits the burning of leaves and rubbish on streets and alleys.

Another ordinance with which many persons are unfamiliar orders motorists — and pedestrians — to stop when a person with a white cane—the symbol of blindness—approaches.

For littering the streets with paper, a person can be fined $100 and up to 60 days in jail.

During the summer, it's illegal to use water to sprinkle lawns between 8 a.m. and 9 p.m. on any day except Sunday. For breaking the rule, a waterer could end up paying $100—and serve up to 90 days in jail.

NO BANG-BANG

Selling fireworks is also against the law. (Caps and sparklers can be sold—after a license is obtained from the City Clerk's Office.)

And there's a curfew ordinance.

Children under 16 between April 1 and Sept. 30 must be off the streets by 9 p.m. —and by 8 p.m. the rest of the year.

★ ★ ★

The penalty for violating this is $50 plus court costs, plus up to 30 days in jail. Negligent parents can be punished under terms of the curfew ordinance.

Pushing for Death of Slayer

OTTAWA, Ill. (UPI) — The state pressed for the death penalty against accused triple slayer Chester (Rocky) Weger today with photographs of three women's bludgeoned bodies near a snowbound cave at Starved Rock State Park.

★ ★ ★

Prosecutor Robert E. Richardson said the pictures, taken shortly after bodies of three Chicago Matrons were found 11 months ago today, would show the "bodies as well as the surrounding area of the murder scene."

★ ★ ★

He indicated the pictures would be introduced through testimony from police investigators who took the stand in the second day of state's testimony against the 21-year-old father of two and former dishwasher at Starved Rock Lodge.

★ ★ ★

Richardson's heavy barrage and unmasked descriptions of the March 14, 1960 slayings drew rapt attention from the jury of seven women and five men.

To Head Newsmen at White House

WASHINGTON (UPI) — William H. Y. Knighton Jr. of the Baltimore Sun, was elected president of the White House Correspondents Association Monday, succeeding Garnett D. Horner of the Washington Star.

Robert Roth of the Philadelphia Evening Bulletin will succeed Knighton as vice president. Paul Wooton of the New Orleans Times-Picayune and Chilton Publications was re-elected secretary-treasurer.

The new officers will take office at the association's annual dinner Feb. 25. The dinner will be in honor of President Kennedy.

Check Consumer Club . . . It May Not Be True

LANSING (UPI) — Consumer clubs advertised to produce savings are not always bargains, Atty. Gen. Paul L. Adams said today.

In a warning against fraudulent practices imposed on Michigan consumers Adams said many of the consumer clubs give the participant only a membership for his money.

Adams urged persons contacted to join food-purchasing, meat-cutting or other clubs to check the organizations' claims before making any commitment.

Will Your Grandchildren Read the Bible... Or Karl Marx?

Nikita Khrushchev has said, "Your grandchildren will grow up under Communism."

If the Soviet Premier's threat comes true, your grandchildren will study Karl Marx. They will be told the Bible is nonsense... dreams about pie-in-the-sky. Your grandchildren will be taught godless atheism.

"Never!" you say. *But are you sure?* Are you *doing* anything to prevent it? One sure way is to help RADIO FREE EUROPE.

Mansfield Asks Quick Action on Hearings for Unemployment Bills

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield of Montana moved today to speed Senate action on an economic program President Kennedy said is aimed at "putting millions of unemployed back to work."

Mansfield said in advance of a White House conference of legislative leaders with Kennedy he has asked the chairmen of the Senate Labor and Finance committees to get hearings going quickly on minimum wage and unemployment compensation bills.

Congress is on dead center with many Republicans away making Lincoln Day speeches. But Mansfield said he hopes the Banking Committee can send the Senate next week a bill to aid chronically distressed areas.

Ex-Governor's Kin Dies Here in City

Mrs. Amos P. (Helen) Van Wagoner of Lake Orion, daughter of the late Michigan governor Fred W. Green, died early today in Pontiac General Hospital.

Mrs. Van Wagoner, 53 of 710 Johnston Drive, died after an illness of three months.

★ ★ ★

A resident of Lake Orion the last five years, she was the co-owner of the Ypsilanti Reed Furniture Co. of Ionia and the Green Enterprises.

★ ★ ★

Her father held the top state post during 1925-26-27.

She is survived by her husband; a daughter, Mrs. Joseph Foust of South Africa; a son, Fred W. Bradley of Ada; and 11 grandchildren.

Her body is at Allen's Funeral Home, Lake Orion.

Make Merry in New Orleans

Thousands Cavort as Mardi Gras Reaches Its Final Hours

NEW ORLEANS (AP)—Madcap mirth reigned supreme today as a multicolored sea of masked merrymakers turned New Orleans into the city that care forgot.

Thousands upon thousands cavorted through the streets in the final binge before the penitential Lenten season begins.

In Rio de Janeiro, Brazil's mardi gras headed for its climax today in an atmosphere of glee despite a toll of eight dead, about 1,500 injured or overcome by illness and 246 arrested.

Six gigantic parades, with fantastic floats and high-stepping marching units, rolled through the streets while smiling crowds with outstretched arms clamored for throws—gaudy beads and trinkets.

Parents, children in tow, car-ride stepladders with fruit crates nailed to the top so the small fry could watch the floats above the heads of the grownups.

Vote to Skip Pay to Keep Wolf Away

PITTSBURGH (UPI) — Workers as the Oswald & Hess Packing Co. will work without pay for five weeks this year in an effort to keep the little pigs going to market and the wolves away from the door.

When Oswald & Hess was hauled into court by its creditors, its 400 employes, members of five unions, decided to act. At a meeting called by themselves, the workers voted Monday to work without compensation five weeks this year to give the company an additional $200,000 in operating capital.

Oswald & Hess management accepted the offer and pledged to make restitution for the lost wages if the company can regain a sound economic footing.

Mr. Fox died of a heart ailment Sunday at Pontiac General Hospital after a long illness.

RICHARD INGRAM

Service for Richard Ingram of 12 S. Saginaw St. will be held at 7:30 p.m. Wednesday at the Huntoon Funeral Home. His body will be taken to Farmers, Ky., for service and burial.

Mr. Ingram died unexpectedly of a heart attack at Pontiac General Hospital Wednesday.

JOHN W. JONES

Service for John W. Jones, 65, of 436 Harvey St. will be held at 2 p.m. Friday at New Hope Baptist Church with burial in Oak Hill Cemetery. Mr. Jones' body is at the William F. Davis Funeral Home.

A retired employe of Pontiac Motor Division, he is survived by his wife, Elizabeth; three children, Charles, Shelby and Phyllis, all of Pontiac; a sister, Mrs. Ann Abernathy of Pontiac; and two brothers, Clarence of Pontiac and Richard of Kansas City, Kan.

A member of New Hope Church, Mr. Jones died Sunday at Pontiac General Hospital after a brief illness.

JOHNNIE W. RHODES

Service for Johnnie W. Rhodes, 69, of 408 Bagley St. will be held at 2 p.m. Wednesday at the William F. Davis Funeral Home. Burial will be in Perry Mount Park Cemetery.

An employe of the former Wilson Foundry Corp., he leaves his wife, Selena; and four children, John, Willie, Mrs. Marie Bell and Joyce, all of Pontiac.

Mr. Rhodes died Saturday at Veterans Hospital in Dearborn after an illness of four months.

LYDIA BOUFFORD

KEEGO HARBOR — Service for Lydia Boufford, 78, of 121 S. Kenwood St., Royal Oak, was held here today at the C. J. Godhardt Funeral Home followed by burial in Lakeside Cemetery, Holly.

Mrs. Boufford died Sunday after a long illness at Martha Berry Memorial Hospital, Mount Clemens.

Surviving besides her daughter Mrs. Herbert Quandt of Royal Oak, with whom she made her home, are a sister, Mrs. Mae Garner of Keego Harbor, and a brother, Leslie Wereley of Holly.

GEORGE A. McCLELLAND

WALLED LAKE — Service for George A. McClelland, 84, of 1547 Bolton Drive, will be at 3 p.m. Thursday at the Richardson-Bird Funeral Home followed by burial in Walled Lake Cemetery.

Mr. McClellard died yesterday after a long illness.

Surviving besides his wife Louise are five sons, Carl of Grayling, and Arthur, Harold, Francis and Glenn, all of Walled Lake; a daughter, Mrs. Irene Boyd of Northville; 22 grandchildren; and 19 grandchildren.

Former Resident Dies at Home in Illinois

Former Pontiac resident Sherwood N. Nelson, 44, of Elmhurst, Ill. died unexpectedly yesterday at his home of a heart ailment.

District manager for General Motors Truck & Coach Division, he was a member of All Saints Episcopal Church and Elks Lodge No. 810.

Surviving are his wife Edna; his mother Mrs. Frank Nelson of Pontiac; four sons, Robert S., Franklin D., James S. and Donald, all at home; and a sister.

Service will be held at 1:30 p.m. Thursday at Donelson-Johns Funeral Home with burial in Ottawa Park Cemetery.

The family suggests memorials be made to the Michigan Heart Association.

Board of Supervisors Object to Discontent

Oakland County's well-run Board of Supervisors is the object of a right smart verbal spanking on the part of voters in all sections.

★ ★ ★

The Pontiac Press is unquestionably the best "listening post" in the area and our boys report current dissatisfaction with the million and a quarter dollars that the Supervisors suddenly discovered. It seems this total resulted from a smaller social welfare load than anticipated for 1960.

★ ★ ★

This newspaper is in favor of completing the courthouse project at this time for it can never be done as economically again. One continuous building operation will find total costs lower than accomplishing the same amount of work in two or three steps.

★ ★ ★

At the same time, the Supervisors are breaking faith with their constituents. Voters insist they should have had some voice in the disposition of this windfall. They might have preferred to devote it to the general educational problem which confronts every sector alike. Or they might have liked a lesser tax rate, even if it ran for only one year.

★ ★ ★

Last August the county voters said "no" to a four million dollar bond issue to finish the project. This newspaper supported the completion as it was sounder economically to do the whole thing at once rather than attempt it on a piecemeal basis.

But the voters disagreed.

They shook their heads.

★ ★ ★

Hence, we feel the Supervisors should have heeded the edict. Certainly the funds have not been wasted or frittered away and no one charges financial shenanigans. But as our boys scatter throughout the area they report back a widespread discontent with the action.

Food Stamp Program Being Put Into Effect

It will take a little time for the new food stamp plan to be put into operation, according to Secretary of Agriculture FREEMAN. The pilot program will cover current areas of maximum chronic unemployment, including Detroit, Northern Minnesota, Eastern Kentucky, Southern Illinois, West Virginia and Pennsylvania.

★ ★ ★

A similar operation was initiated at Rochester, N.Y. in May, 1939, and eventually covered every part of the Nation. It was dropped in February, 1943, due to World War II food shortages with some 4 million more or less needy still eligible.

★ ★ ★

That plan, considered quite successful, sold to applicants $1 worth of orange colored stamps a week for each member of a family certified as needy by local welfare agencies. If recipients had no funds whatever they were given the stamps. The stamps could be used to purchase any kind of food at retail stores.

★ ★ ★

Issued free with those stamps were blue ones equal to 50 cents a week for each member. These could be used only to purchase foods on the surplus list. Thus, because of a large and varied choice at that time, a well balanced diet was within reach of most people.

★ ★ ★

Latest figures show that 4.7 million are receiving Federal aid and 361,000 more are being assisted by state and local funds. Speculation is that the new stamps will go first to the jobless of which there are some 5.4 million.

In any case the plan seems to be a way of taking care of our own and indirectly stimulating business at the same time.

The Man About Town

Whisker Contest

Today Is Being Started in Connection With Centennial

Nothing: What is a great gift to know when to say.

The Man About Town, that decrepit old codger, formerly pictured with the long flowing beard, is pleased to announce that The Pontiac Press will award two $50 U.S. savings bonds in a whisker growing contest as an adjunct to the Pontiac centennial celebration.

One bond will be given for the longest beard and another for the best looking beard. Advance notice is given so the incubation process can be started, with no limitations on the fertilizer or other concoctions used to promote growth or beauty.

The judge is to be the centennial queen, whose decisions will be conclusive and final. She will be allowed to use any process or method she desires in reaching her verdicts.

The contest is open to everybody, regardless of residence, except employes of The Pontiac Press. This includes Man About Town himself, who has disposed of his whiskers because they were getting mixed up with his feet, and who will not be eligible to enter a new crop of foliage.

When New York was snowstrangled by air last week, railroad reservations from Miami were selling at a premium up to $100 or more.

Given little credit for Oakland County's greatness as a

Speaking of Compacts

Voice of the People:

'Sex Offenders Must Be Prosecuted by Citizens'

I attended the funeral of a woman who had been murdered by a sex deviate. The man who killed her had been arrested on morals charges twice, but was not prosecuted by the complaining citizens. The police had no choice other than to return this undesirable to society.

Any citizen who does not prosecute a morals offender is turning a potential killer loose to molest our women and children. When these men think they will be caught, they kill from fear.

★ ★ ★

Our laws need to be stronger concerning the treatment of sex offenders. We should demand psychiatric examinations the first time they are arrested. We should not wait for prosecution on morals charges.

As most morals offenses are misdemeanors no record on these men is available nationally. The FBI should set up a bureau where records from all states can be checked.

★ ★ ★

Our laws are made to protect the innocent. Let's work toward protecting the truly innocent — the women and children.

Until such laws are passed, don't fail to prosecute sex offenders whether for showing indecent pictures, exposure, or rape. You may save a life.

An Innocent Mother

Questions Board Finding Funds

Our County Board of Supervisors has again pointed up one of the reasons that our state constitution must be revised, and soon. In some way we must change the rules so that this group can be made responsible to the wishes of its constituents. This group seems to have forgotten, if indeed it even observed, the three separate occasions when it has been denied additional funds to carry forward its "campus" on Telegraph Road.

★ ★ ★

It was bad enough when this group, through the Allocation Board, effectively took away some of the extra tax funds which we had voted to improve the education of our children. It was worse when its representatives followed their last come-uppance at the polls by vowing to find the money somewhere, in spite of the voters. But now the Board's Ways and Means Committee has again found a way to divert funds to its favorite project. Because it was "in a most fortunate position," it has diverted $1,286,432 to build two additions at the new courthouse. And where was this money found? Why, it seems that social welfare didn't use its share in 1960. Haven't the members considered whether those funds may be sorely needed for just that purpose by year's end? It is forbidden that a budget surplus might be used, at least in some small part, to reduce tax loads? Was this action a "surprise" so that opposition would have no time to develop?

★ ★ ★

There must be many who feel as I do that the Board has a moral obligation to allow the use of funds for the purpose originally voted (extra school millage) and not to divert them through juggling of budgets to show up in this project to which it has so firmly committed itself. And doesn't a three- time refusal at the polls indicate to our Board of Supervisors a desire on the voter's part, a desire to go a little slow on carrying out its avowed plans? It seems that our "tax and spend" philosophy starts very close to home.

By United Press International

Today is Tuesday, Feb. 14, the 45th day of the year with 320 more in 1961.

The moon is approaching its new phase.

The evening stars are Venus and Mars.

★ ★ ★

On this day in history:

In 1859, Oregon became the 33rd state in the Union.

In 1886, the West Coast citrus industry was born, as the first trainload of oranges left Los Angeles for eastern markets.

In 1894, Benny Kubelsky, later to become famous as American comedian Jack Benny, was born in Waukegan, Ill.

In 1912, Arizona became the 48th state to be admitted to the Union.

In 1929, in Chicago, seven members of the Bugs Moran gang, rivals of the Al Capone "outfit" for control of the rich prohibition era alcohol and beer trade, were murdered in their garage headquarters by five gangsters in what became known as the city's "St. Valentine's Day Massacre."

David Lawrence Says:

JFK Scores With the Businessmen

WASHINGTON — President Kennedy revealed himself as an amiable, good-humored, penetrating personality with a keen understanding of business psychology as he addressed the National Industrial Conference Board in Washington. It was in some respects a more important speech than any he has delivered since his inauguration.

LAWRENCE

For the Conference Board is a nonprofit-making organization of leaders in business and in the field of economics which is interested in the facts of business research. It has nothing to do with the advocacy of legislation or anything political.

It is fair to say that the President made a hit with his big audience—among them some of the heads of large enterprises. For he talked frankly on subjects that are in the minds of businessmen.

Most interesting was Kennedy's simple defense of the profit system. Rarely has anyone stated as precisely the importance of the profit system to the American economy. He said:

"The complaint has often been made in business circles that the federal government is a 'silent partner' in every corporation—taking roughly half of all net earnings.

"But it should also be realized that this makes business a 'silent partner' of the federal government—that our revenues and this our success are dependent upon your profits and your success—and that, far from being natural enemies, government and business are necessary allies.

"For example, the 1960 drop in expected corporate profits of some $6 billion or $7 billion also caused a loss in federal revenues of at least $3 billion—enough to pay the federal share of all our antirecession, health and education proposals for the next fiscal year and still have enough left over to start closing 'the missile gap'."

The President evidently felt that his audience needed to be assured that his administration would not be antibusiness. He started his address with this significant comment:

REAL BUSINESS SPIRIT

"I am convinced that the real spirit of American business is not represented by those involved in price-fixing, conflict-of-interest or collusion with racketeers.

"The real spirit is in this room—in your recognition of your public responsibilities, your pursuit of the truth, your desire for better industrial relations, better technological progress and better price stability and economic growth. . . .

"If those of you who are in the world of business, and we who are in the world of government, are necessarily partners, what kind of partnership is it going to be?

"On behalf of my associates in the cabinet, I want to be very precise: We will not discriminate for or against any segment of our society, or any segment of the business community.

"Whatever past differences may have existed, we seek more than an attitude of truce, more than a treaty—we seek the spirit of a full-fledged alliance."

Kennedy spoke of the possibilities of "capacity operation" and stressed the need for tax incentives to expand normal investment in plant and equipment. He emphasized the importance of modernization of plant.

On the subject of price stability, the President conceded that government is "without direct and enforceable powers." He added that wages and prices, however, must be freely set—"and this is as it should be if we are to remain free."

There was a spirit of good humor in the President's introduction, which won him applause amid laughter, as he said:

"It is too early to take credit for what the administration will do and too late to blame everything on the last administration."

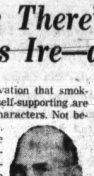
Dr. William Brady Says:

Where There's Smoke There's Ire—at the Doc

It is my observation that smokers who are not self-supporting are generally weak characters. Not because they smoke.



DR. BRADY

They cultivate the smoking (and other bad habits) because they are weak characters. I believe a person who is self-supporting should use his or her own judgement about smoking — and be sure it is judgment, not just wishy-washing doing "what everybody does."

★ ★ ★

In Liverpool, three years ago, a movement along the lines of Alcoholics Anonymous was launched to provide medical and psychological treatment backed up by the moral effect of contact with fellow sufferers and former addicts who have been or are in process of being cured. The "smoking clinics" were held once a week at first, but proved so popular that they kept open daily.

Most of the smokers who join the National Society of Non-Smokers are 45 or more. One of them smoked 80 cigarettes a day at a cost of $15.50 a week!

Probably four or five dollars of that weekly sum was tossed away in the cigarette butts.

When I was a boy in Canandaigua most of the men in the neighborhood worked in the brewery. Naturally, they wanted to keep their jobs.

I was too young to know whether the brewery people ever discharged a man for his temperance activities — indeed, I never heard of a brewery employe taking a stand on temperance or asking his children to take the pledge.

★ ★ ★

Perhaps the employers of that era had not discovered the power of pressure, that is, pressure as it is used today by social, financial, political, business, industrial, professional and religious groups to intimidate the weak characters — and there are millions of them — who dare not stand up for what they think is right.

Anyway, the brewery employes and their families went as far as they could to ridicule and revile the Brady family for our advocacy and practice of total abstinence. I am sure most of them really believed beer, wine or liquor was beneficial in one way or another — tonic, strengthening nourishing, blood-building.

The notion that wine, particularly, strengthens the blood or corrects anemia is childish. The notion probably arose from the reddening of the face produced by alcohol to which the individual is not accustomed. Wine being often red in color, the old timers inferred it was especially good for anemia. It is as good as the same quantity of alcohol in beer, gin, whisky or brandy, that is to say, no good at all, except to deceive the drinker that the flush produced by the drink is new blood.

★ ★ ★

I can think of no good excuse for smoking before a meal or in the course of a meal. If you're going to smoke at all, the time to smoke is after a meal.

Smoking temperately, I believe, is harmless to health. Yahbut some folks who consider themselves temperate smokers are by my scale of measurement crapulent smokers, and excessive smoking is always injurious to health and usually a habit difficult to break.

★ ★ ★

Case Records of a Psychologist:

Tells How to Prod Men Into Action

By DR. GEORGE W. CRANE

Case H - 408: Don J., aged 33, is a typical husband.

"Dr. Crane," his wife began, "Don is a wonderful man but he is too much like Dagwood in the comic strip.

DR. CRANE

"Although he may promise to do some of our much needed chores around the house, he is slow to get started.

"And if he ever drops into an easy chair, then I might just as well give up, for I seldom can get him going.

"For months last summer he vowed he'd paint the garage. And he also was going to fix the storm windows, etc.

"How can a wife prod her husband into helping with the chores around the house?"

Wives, we psychologists have learned that control of the emotions is largely a matter of control of the surroundings.

Thus, if you wish a man to avoid liquor, keep whisky bottles away from him, and encourage his activity in church groups.

Likewise, if you wish a man to avoid an easy chair, don't leave the chair so inviting.

Take the cushions out and place them on the lawn to air. Do the same for Dagwood's sofa?

Men will often rise to challenges, however, and like to splurge with dramatic deeds. But it discourages them to think about details, such as hunting up old paint brushes, softening them in turpentine, mixing paint, getting out the step ladder, etc.

They prefer to do just the major task, not those nuisance, time-consuming little items.

You wives can thus get twice as much work out of your mates if you will prepare his tools in advance.

Although it may not be fair, husbands subconsciously resent doing what they consider minor or wifely chores.

So you wives should set up the stepladder, have the paint brushes ready, and the paint can open and stirred.

Then your loafing hubby will be far more likely to rise to the bait and get into action.

Because every moment he spends on the big chore is a headlined or show-off type of accomplishment.

True enough, you wives may devote an hour getting his tools ready. And he may then work only an hour or two doing the dramatic chore.

But he will glow with his self-elation at having helped you in a big way!

Husbands are like teen-agers who bake a cake. If a typical school girl wants to help mother by baking a cake, you know what happens.

The girl keeps calling her mother for help in finding the ingredients. She wastes so much of her mother's time that the latter could have mixed up two or three cakes meanwhile.

Then the teen-ager messes up the kitchen and may leave a pile of pots and pans for her mother to clean up.

But the teen-ager gloats over the

dramatic accomplishment, namely, that newly baked cake!

And guests may exclaim in glowing terms about the cake, though mother did twice as much work letting the teen-ager grab the headlined spot.

So it is with husbands! Let them grab headlines fast, and you are more likely to prod them into action!

GOP and Dems Trade Punches

State Party Chiefs Get in Blows at Start of 7-Week Campaign

LANSING (AP) — Republican and Democratic party chieftains have exchanged verbal blows in the opening round of a seven-week campaign battle that will see the winner declared April 3.

GOP Chairman George Van Peursem kicked off his party's spring election campaign with an attack on what he called secret "shadow government" and a criticism of Gov. Swainson's tax program.

Democratic State Chairman John J. (Joe) Collins countered by accusing the Republicans of "automatic negativism."

Nine of the 11 Republican candidates attended or were represented at a strategy meeting launching their campaigns. Van Peursem said a budget of between $55,000 and $60,000 was adopted.

The Democrats have approved a $64,000 budget.

With the exception of the two Supreme Court justices, all of the GOP candidates indicated they favored a constitutional convention although most emphasized they were speaking as individuals and not as candidates. The Republican platform adopted this month failed to endorse the convention, but the Democrats adopted a plank favoring it.

Set Record for Spring

ANN ARBOR (AP) — A record 23,278 full-time students have registered for the spring semester at the University of Michigan's three campuses. Edward G. Groesbeck, director of the office of registrations and records, said the total was higher by 261 students over the spring semester of 1960.

PET DOCTOR

By A. W. Meller, D.V.M.

Q. Sometimes we have left over uncooked fish that we don't eat. Is it safe to give this whole to a Husky dog, bones and all? Mrs. K. Parnell, Cody, Wyo.

A. In the northern part of our continent, Huskies are often fed uncooked salt water fish. But, as you are living in Wyoming, I presume you are referring to the wonderful fresh water fish of your state.

★ ★ ★

Unfortunately, fresh water fish can carry infective material and must be well cooked before being eaten, even by a Husky. As to the "bones and all," I've removed too many fish bones from dogs' throats to approve of that.

★ ★ ★

The bones in fresh water fish are much finer than those in salt water fish, and therefore it is almost impossible to remove them from the raw fish. So, cook and debone the fish. Don't take risks.

County to Get $857,234 From State Highway Fund

The Michigan State Highway Department has started distributing motor vehicle highway fund collections to Michigan's 83 counties and 510 in corporated cities and villages for the final quarter of 1960.

★ ★ ★

Oakland will receive $857,234, State Highway Commissioner John C. Mackie said net receipts of the highway fund for the fourth quarter of 1960 amounted to $43,238,399, an increase of $516,035 over the same period of 1959.

Gross collections amounted to $44,919,485, from which collection costs of $1,488,916 and the waterways commission's share amounting to $192,170 were deducted.

All state gasoline, weight and diesel fuel taxes and a small amount of miscellaneous fees are deposited in the motor vehicle highway fund.

After deductions, the rest of the money is distributed under provisions of state law which provides that 47 per cent goes to the State Highway Department, 35 per cent to the counties and 18 per cent to incorporated cities and villages.

★ ★ ★

Under this formula, the State Highway Department will receive $20,322,047 as its share of the fourth quarter collections, while the counties will receive $15,133,440 and the incorporated cities and villages will get $7,782,912. Snow removal funds totaling $565,819 were deducted from the counties' share as provided by law, and distributed to counties which had the greatest snowfall last winter.

The following cities and villages in and near Oakland County will receive these amounts.

From Norge Removal

Can State Learn Lesson?

LANSING (UPI) — The loss of the Norge refrigerator plant at Muskegon Heights has brought home sharply to Michigan the methods other states are willing to use in the competition for industry.

This may result in a call for Michigan legislation to provide more help for cities willing to build plants to attract industry or permit older industries to expand.

The Norge refrigerator production, which provided 1,800 jobs at the Muskegon Heights plant, is being moved to a plant in Greenwood, Ark., a suburb of Fort Smith.

The Arkansas municipalities built the huge plant for Norge by issuing $7.5 million in revenue bonds.

Buyers of these bonds receive tax-free interest payments and Norge division of Borg-Walker itself bought more than $6 million of the bonds, Earl Lakey, chairman of the industrial development committee in Muskegon, told a meeting last Monday night.

* * *

In effect, the Arkansas cities built the plant, largely using Norge's own money, but gave Norge a chance to invest its money in income-producing, tax-free bonds. In turn, Norge will buy the plant with year-to-year payments under a lease-purchase agreement.

Lakey suggested Michigan consider laws which would enable Michigan cities and local governments to make such building agreements.

The Michigan Department of Economic Development reports that a number of Southern states have passed laws permitting cities to issue revenue bonds to build plants for industry. The trend is moving North with Nebraska and Maryland the latest to pass such laws.

* * *

"In the past, the thought in Michigan has been that such concessions, including tax exemptions on the municipally built plants, would put older industry at a disadvantage," Don C. Weeks, director of the department said. "Since 80 per cent of job expansion comes from industry already located in our communities, this existing industry is cherished.

* * *

"But the Southern states had no industry to start with and were willing to try just about anything to attract it," Weeks said.

Instead of having state or local governments provide financial backing, Michigan communities have relied on private capital to acquire sites and in some cases build plants for incoming industries.

1959-60 Earnings Even

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Corporate earnings in 1960 as a whole ran a dead heat with 1959.

* * *

Results in the current January-February-March quarter also may show a photo finish with net profits of the last three months of 1960. But they probably will finish behind the strong showing of the first quarter of 1960.

Through the rest of 1961 after-tax earnings have a good chance of making a better year-to-year comparison with the like quarters of 1960, when net income sagged further in each three-month reporting period.

Cost cutting by many corporations helped brake the downturn by the end of last year. Strong continued climbing by some industries and many of the biggest companies cushioned the fall for the rest of the list and managed to keep the over-all corporate income even with or a bit ahead of a year ago.

Stock traders are keeping a particularly sharp eye on earnings statements just now because of the selective nature of the market stirred by cross currents of domestic and international uncertainties.

$5-Million Road Job Scheduled for UP

SAULT STE. MARIE (UPI)— Highway improvements costing an estimated $5 million will be made in the eastern half of the Upper Peninsula during the highway department's second five-year program.

State Highway Commissioner John C. Mackie Monday said the program would include modernization of 66 miles of state highway and the start of construction on a scenic highway along the southern shore of Lake Superior.

Power Consumers Could Ask Refunds?

WASHINGTON (UPI) — Sen. Kenneth B. Keating, R-N. Y., said Monday that consumers of electric power should collect refunds from the electrical equipment manufacturers who recently pleaded guilty to price fixing.

Keating asked the New York State Public Service Commission to review any judgments won by utility companies in the state against the equipment manufacturers.

HOW MUCH INCOME WILL YOU HAVE 10 YEARS FROM NOW?

These facts may help you revise your estimate upwards

Millions of American families nowadays have more income because they're acquiring good common stock. Most of these shareowners invest modest sums, since they earn well under $10,000 a year.

Stock makes you part owner of a corporation. You can share in its profits through dividends. If the company prospers, your dividends may grow—and the value of your shares can increase. In this way you can help provide for those important expenses that will grow as your children grow.

But not *every* business will prosper. Some will be out-stripped by competitors. Stock prices go down as well as up. So invest only money you don't need for living expenses or emergencies. And invest only on facts—never merely on an enticing rumor.

Here's a free booklet of wonderfully useful facts. For example: The records of some 460 stocks that have paid a cash dividend every year for 25 to 113 years. A list of stocks that have been paying progressively higher dividends recently. A description of a plan through which you can acquire shares in famous companies by investing out of income with as little as $40 every three months or as much as $1,000 a month. And much additional valuable information. Let the coupon bring you a free copy of "DIVIDENDS OVER THE YEARS."

Ever taken a few minutes to call on a Member Firm of the New York Stock Exchange? You'll receive a friendly welcome there from a Partner or Registered Representative. Only in a Member Firm will you find Registered Representatives who have had to meet the Exchange's qualifications for knowledge and experience. When you're getting his advice—no charge—ask whether the relatively stable income of preferred stock or bonds would suit you better.

After you've become an investor, make another guess about your income in 10 years. Your estimate will be bigger. Start now with this coupon before you forget.

Irate Accusers Are the Accused

Suspects in Break-In Nabbed After Their Story of Holdup Try

The two men were righteously indignant last night when they told police a teen-age hoodlum had pulled a gun on them for the sake of a dime.

Seven hours later, Ernest T. Gay, 21, and his companion were under arrest themselves as suspects in a break-in nipped in the bud by the sharp eye of a Grand Trunk Railroad detective.

Ted Vulch, 35 Massolt St., Clawson, patrolling railroad property in a car, said he saw two men attempting to break into the nearby Home Service grocery store, 43 Orchard Lake Ave., shortly before dawn.

In response to his call for help, eight officers converged on the store to discover glass broken out of the door and Gay standing nearby, a cut on his arm.

His companion, 41, was arrested a block away, standing next to a telephone booth outside a laundromat. He gave his name variously as James Brock and as William W. Beck.

About 8:30 p.m. last night, the pair told police they had been sitting together in a laundromat at 20 S. Saginaw St. when a teen-age hoodlum walked in, a black hat slouched over his eyes, and demanded a dime.

When they refused, the pair said, the youth drew a pistol from his jacket and threatened, "If you don't give me a dime I'll shoot you."

Refused a second time, the youth walked out cursing, the pair said. "We didn't think he'd shoot," explained Beck alias Brock. "He looked drunk."

Police said Gay and his companion gave various home addresses. They were checking today to ascertain where the pair live.

'A-One, A-Two' Waterford Folk 'Band' Together

Some 15 Waterford Township residents have found they can "make sweet music" playing instruments together, and have encouraged others to attend tonight's second Civic Band meeting at 7:30 p.m. in Pierce Junior High School.

Last week, a call went out from the Waterford Recreation department, announcing the formation of the new community band.

To the surprise of band director Gene Preston, the 15 residents showed up with their instruments, were given music and started playing "like troopers," he said.

The band is for adults who have had some instrumental music training, particularly those who have played in a high school band.

City to Go Over Urban Changes

Renewal Shifts Minor Such as Upping Costs of Moving Families

Several adjustments in urban renewal procedures are to be put before the City Commission tonight for approval.

Robert A. Stierer, assistant city manager and urban renewal coordinator, called the changes "very minor." He said they were sought by the Urban Renewal Administration.

The scale of payments covering moving expenses for families forced to relocate is to be upped 50 cents, said Stierer. This will put the payments at $16.50 to $82.50, depending on the number of rooms of furniture to be moved.

Some minor technical changes in option procedure are also to be adopted, said Stierer.

The city now has optioned 34 properties with a total value, he said, of $277,300. Of these, 17 have been purchased.

A public hearing is scheduled on the proposed rezoning from residential to commercial of the CMC Truck & Coach Local 594 property, 90 Mt. Clemens St., and other frontage on the south side of Mt. Clemens between the local hall and Mill Street and in the same area on the north side of East Huron Street; a block south.

Adoption of the rezoning ordinance is scheduled after the hearing.

Currently 92 per cent of all U.S. farm trucks are classified as light vehicles, rated at 1½ ton capacity or less. Eight per cent rate over 1½ tons.

Will Unveil Huge Picture of Williams

LANSING (AP)—G. Mennen Williams is gone from the Capitol, but visitors soon will be able to view a larger-than-life-sized likeness of the former governor in the Statehouse Rotunda.

An eight-by-six-foot portrait of the six-term governor will be unveiled at a public ceremony in April, said Lawrence L. Farrell, who was Williams' executive secretary for 10 years.

The artist is John S. Coppin of 4301 Echo Road, Bloomfield Hills, probably Michigan's best known portrait painter. He is putting the finishing touches on the Williams painting at his studio.

Quiz Contractors Over High Costs of Missile Pads

WASHINGTON (UPI)—House investigators today sought more opinions on why costs of missile launching pads are zooming and why construction of the installations is falling behind schedule.

Defense contractors told a House appropriations subcommittee behind closed doors Monday that shifting Air Force specifications were responsible for the increasing costs and the delays.

Subcommittee sources said Air Force and Army officials would be called to give their side of the story. But the inquiry was conducted in such secrecy that no witness list was made public.

Hoffa's Attorneys Ask Florida Suit Be Killed

ORLANDO, Fla. (UPI)—Attorneys for Teamsters Union President James R. Hoffa waited until the last day to ask that charges be dismissed that he misused union funds in a Florida land development.

Acting on the deadline Monday, they filed a 28-page document in U.S. District Court charging that the grand jury which indicted Hoffa and his two associates was selected by state law, not federal law, and should be declared void.

Set Jaycees' Seminar

LANSING (UPI) — A public affairs seminar for members of the Michigan Junior Chamber of Commerce will be held March 11 in East Lansing. Tentatively scheduled to appear on the platform for talks and discussions were Gov. John B. Swainson, University of Michigan tax expert Harvey Brazer and other officials and experts.

Eye Beefed-Up Social Studies

High School Principals Told Stress Needed in This Area

DETROIT (AP)—Unless the students of today learn to live in the world of tomorrow they face annihilation in a global holocaust.

★ ★ ★

High school principals from across the nation accepted this grim premise today in considering sweeping proposals for greatly strengthened programs in the social studies.

★ ★ ★

A position paper submitted by a special committee of the National Association of Secondary-School Principals, convening here, put it bluntly.

"Preparing students for living in this and the 21st century demands a kind of social studies instruction which their parents and teachers never experienced," the committee said.

★ ★ ★

"The very existence of mankind today depends upon man's control of his social environment. Man must use his vast new sources of power for constructive purposes. The alternative is the creation of a global holocaust."

The term "social studies" is usually interpreted to mean such subjects as history, geography, economics, sociology, civics and the like. All deal, in general, with man's relations with his fellow man.

Lawmakers Eye Taxes

Lansing Girds for Work

LANSING (UPI) — Lawmakers reported back to Lansing today with Democrats ready to introduce more elements of Gov. John B. Swainson's legislative program.

★ ★ ★

The governor's controversial fiscal revision tax package probably won't be ready for at least two weeks, however.

Republican lawmakers were handed the tax question and told to run with it by the chairman of the GOP State Central Committee Monday when candidates for office in the spring election met in Lansing to map strategy.

"The Republican tax program will be developed by the legislature and not by the State Central Committee or these (spring election) candidates," GOP Chairman George Van Peursem told newsmen.

A statement of election issues released by Van Peursem said Michigan's "economic climate must be examined in detail and a comprehensive program of action offered."

★ ★ ★

But the statement took no firm position on the Swainson tax program, which includes a personal income tax, a corporation profits tax, tax relief for business and lifting of the sales tax on food and prescription drugs.

"I wouldn't want to infringe on the legislature's responsibility."

COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

Exciting day when your toddler turns traveler, but remember in his free-wheeling he's subject to a lot more household hazards. A few measures to safety-proof the house:

- Cleaning compounds and the like should not be stored in close-to-the-floor cupboards. Medicines should be locked up.
- Cigarettes, matches and especially lighters should be kept well out of reach.
- See that toaster, iron and other cords are not left a-dangle.

Color cue means safety, too! Bright-colored outdoor toddler's togs make it easy to spot your Gulliver. Tiny tinkle bells, tied to belt or buttonholes, make it easy to hear the wanderer.

Match trick. If you've more than one tot in the house, matching sock-sizes can be a real time waster. Why not initial socks on the soles with indelible ink to speed sorting time?

Why is 40 plus a magic number? It's the number of varieties of good-tasting Gerber Junior Foods. Everything from vegetables to meats, fruits to desserts, vegetable-meat combinations to high meat dinners. All designed with your baby's pleasure and nourishment in mind. Flavors sing... and the evenly minced texture is easy to chew; paves the way for the transition to table foods. Gerber Baby Foods, Fremont, Michigan.

Big news for the likes of tykes. Gerber Cookies for toddlers now come in enchanting animal shapes.

Crispy, crunchy horses, rabbits, ducks, dogs and cats ... fun to eat, fun way to learn animal names. Gerber Cookies have twice as much protein as most cookies, plus B-vitamins in the icing.

Tasty teammates: Gerber Cookies and one of the 6 Gerber juices. How about the new Apple-Cherry Juice enriched with vitamin C?

Wed in Cranbrook Rite

Bermuda is the honeymoon destination of Dr. Theodore A. Watson of Bloomfield Hills and his bride, the former Le Ann Ostoby of Douglas, N.D., who were wed Saturday evening in Christ Church Cranbrook.

The Rev. Lester Dohyns officiated at the double-ring candlelight ceremony.

The bride's parents are Mr. and Mrs. Ole Ostoby of Douglas, and the bridegroom is the son of Dr. James E. Watson of Pembroke Drive, Bloomfield Hills, and the late Mrs. Watson.

MRS. THEODORE A. WATSON

A reception in his home followed the nuptials.

Styled along princess lines, the bridal gown of white silk chiffon velvet featured an Empire bodice trimmed with re-embroidered Alencon lace starred with seed pearls. The soft fullness of the skirt cascaded into a chapel train.

The cathedral length veil of silk illusion was held by a crown of ribbon velvet. Gardenias and stephanotis comprised the bridal cascade.

★ ★ ★

Mrs. David Birkholz of Garrison, N. D., attended her sister as matron of honor wearing barberry green lace sheath over satin, with elbow-length sleeves of satin.

Robin Lau of Bloomfield Hills, niece of the bridegroom, as junior bridesmaid, appeared in ankle-length white nylon chiffon styled with scoop neckline and cap sleeves.

Both attendants carried cascades of white roses.

To Beaux and Belles: Declare Love Today

By MARJORIE EICHER
Women's Editor
The Pontiac Press

Valentine's Day may soon rival Christmas as the postman's busiest season. It is estimated 150 million Americans will have sent their declarations of love and friendship winging through the mails this Feb. 14.

Is this sentimentality an anachronism in the space age? Not at all, say greeting card manufacturers as they promote their wares. Americans have always been a gregarious and sentimental people, and what better way, say they (with an assist from florists, perfumers and candymakers) to brighten the February scene than with a flood of traditionally bright expressions of devotion?

★ ★ ★

Nobody is really certain who started Valentine's Day. It has no real connection with St. Valentine in a religious sense and yet it is celebrated on his feast day.

This year Valentine's Day falls on "Fat Tuesday"—the last day of carnival and merrymaking before the onset of Lent's austerity. In Latin countries where carnival is held earnestly, the double feast invites double celebration.

SELECTING A MATE

Some say St. Valentine's Day stems from the ancient Roman festival dedicated to Lupercus, the god in charge of keeping the wolf from the door. At the feast of Lupercalia, young people drew game partners for the coming year and this may have started the whole idea of a day devoted to selecting a mate.

A glance at history shows that lovers have expressed their affection in many off-beat ways. In the Middle Ages, for example, the cautious beau hid his love message in a hollow tree. Wonder how his lady love found it!

The English lass who wanted to dream about her future husband ate a hard-boiled egg before going to bed, and fastened bay leaves to her pillow.

While, to make an impression on a sheik, Arabian girls tied love knots in his riding whip. Dutch boys, as a prelude to courtship, snatched a young lady's rain cap and ran off with it.

In the days of elegant King Charles II, ladies participated in yearly Valentine lotteries and received gifts from the gentlemen whose names they drew.

HOSE AND GARTERS

History tells of a certain Miss Stuart who one year drew the Duke of Richmond's name and received a jewel worth four thousand dollars from him. The following year, failing to draw royalty, she got a ring worth a mere $1,500. Practical and frugal diarist Samuel Pepys participated in these lotteries but gave only green hose and garters to his fair lady.

★ ★ ★

As might be expected, the romantic French elevated Valentine writing to an art, while the conservative English published a practical guide to composing sweet verses.

★ ★ ★

Owls and sparrows have played their part in the day devoted to lovers. Couples were supposed to stalk and catch these birds before sunrise. According to authorities, the owl stood for wisdom and the sparrow for modesty, both proper ingredients for wedded bliss. No one knows if any searching beau or belle ever caught his bird, but most of them usually caught a mate.

The "beat" card with the vitriolic sentiment has replaced the comic valentine on the American scene. Not to be outdone by any commercial sentiment, we hipsters here on the Woman's Page at The Pontiac Press say from our pad on Huron Street:

Cool reader, we'll be yours
From here to Endsville and return
If you'll dig our copy deadlines,
Then to write your news we'll yearn.
Be it far-out, mixed or crazy—
Like man, we'll know you're beat
If you'll print and double space it,
Make like a square and be real neat!

Couple Honeymooning in Acapulco

The newlywed Richard H. Zimmermans left by plane for a honeymoon at Acapulco, Mexico, following midafternoon vows Saturday in the Morgan Park Presbyterian Church, Chicago. Dr. William S. Graham officiated.

★ ★ ★

Parents of the former Barbara Eileen Abrahamson are the Charles A. Abrahamsons of Chicago. They were hosts at a church reception following the nuptials. The bridegroom, who resides on Ottawa Drive, is the son of the late George K. Zimmermans.

★ ★ ★

Styled along classic lines, the bridal gown of candlelight satin featured a portrait neckline, long hand-tapered sleeves and chapel train. The shoulder-length butterfly veil of imported silk illusion fell from a jeweled tiara.

White orchids and stephanotis comprised the semicascade bouquet.

★ ★ ★

Shirley Foster of Chicago attended the bride as maid of honor. Ethel W. Abrahamson served as her sister's bridesmaid with Mary Jo Panke, also of Chicago, and Jo Ann Zimmerman, sister of the bridegroom.

★ ★ ★

Taffeta headpieces with short tulle veils complemented their sheath dresses of emerald green silk taffeta, styled with scoop necks and cap sleeves. They held cascades of white feathered carnations.

★ ★ ★

On the esquire side were David P. Huthwaite, best man, with Charles S. Hutchins of Ann Arbor, Charles E. Abrahamson of Chicago and Richard M. Fitzgerald seating the guests.

★ ★ ★

The bride attended Colorado College, where she affiliated with Gamma Phi Beta, and is a graduate of George Williams College in Chicago. Her husband is an alumnus of University of Michigan where he was a member of Delta Tau Delta Fraternity.

The newlyweds will live on Ottawa Drive.

The largest private branch telephone exchange in the world is located in the Pentagon here, with about 75,000 miles of trunk lines.

MRS. RICHARD H. ZIMMERMAN

Barbara E. Abrahamson, daughter of the Charles A. Abrahamsons of Chicago and Richard H. Zimmerman of Ottawa Drive, son of the late George K. Zimmermans were wed Saturday in Chicago.

Rats Eat Well to Aid Man

By DELOS SMITH
UPI Science Editor

NEW YORK—Will human beings ever be table to eat as much as they want without getting fat?

Laboratory rats have done it under complicated experimental conditions.

Whether people can do it safely is another question.

In the laboratory experiments, a new chemical compound was used to inhibit the autonomic nervous system or the cores of the adrenal glands. It is not known just what effects resulted.

Bunches of rats were permitted to eat as much as they wished as often as they wished. Into some this chemical compound was injected several times a day. The others were injected but only with a harmless chemical substance.

RATS EAT THE SAME

The latter rats ate and got fat. The former ate approximately as much but did not get fat, or at least not nearly as fat. In one experiment, the chemists measured the contents of a body fat "depot" common to rats. In another, they measured all deposited body fat.

The chemical compound is phentolamine. It "blocks" the secretions of the cores of the adrenal glands into the blood stream. These secretions include the hormone epinephrine which has vast powers to contract blood vessels.

Phentolamine also acts on the secretions from nerve ends. In chemical concert with epinephrine and its by-product norepinephrine, these have powerful influences on the body's utilization of its food which are not yet fully understood.

The experiennents were done in the Lederle Laboratories, Pearl River, N.Y., by a team of scientists headed by Dr. C. R. Boshart. The rats were immature and the chemical did not affect their growth. In general it did not seem to suppress their appetites.

Other Cities Default on Pollution Cleanup Orders From State

LANSING (UPI) — At least six cities in Michigan have defaulted recently on orders by the Water Resources Commission to clean up pollution problems, officials said Monday.

Milton P. Adams, executive secretary of the commission, said Cadillac, Pontiac, Bridgman, Houghton, Hancock and Hazel Park were in default of commission orders.

When pollution problems arise, the commission holds hearings and sets deadlines for clearing the pollution, Adams said. If cities involved fail to correct the situation, within the prescribed time the commission files a bill of complaint in an area court.

Pontiac is currently under a court-determined deadline to correct its pollution problems, Adams said.

★ ★ ★

The other cities are now involved in court processes to set a deadline, he said.

150 Hear Proposed Solution to Sewer Need

Pontiac Township Board Moves to Kick Away Block

By DON FERMOYLE

PONTIAC TOWNSHIP—A pre-election crowd of some 150 residents at last night's Township Board meeting heard a plan under which sanitary sewers could be installed in a "problem area" of the township.

The financial consultants who proposed the plan stated that the entire $327,000 cost of the project could be paid for by residents of Walton Heights and East Walton Heights Manor subdivisions.

The two subdivisions—bounded by Phillips Street, James Drive, Dexter Street and Walton Boulevard—reportedly are becoming the source of health hazards because of a lack of sewers.

Residents of the subdivisions who attended last night's meeting said that sewer water is being piped into open ditches and that property owners in the area are unable to sell their homes because of a lack of adequate sewage facilities.

The plan to bring sewers into the area was proposed by two Detroit financial counsulting firms, Murel J. Sancrant & Co. and Martin & Co.

★ ★ ★

Following the presentation of the plan by Township Atty. Herbert V. Gordon, Martin and Sandcrant were hired to serve as the township's bonding consultants.

The financial consultants first came forth with their plan three months ago as an answer to the sewage problems which plague the two subdivisions in the western section of the township.

At that time, Township Trustee Donald R. Schell proposed a motion to dismiss the township's former bonding consultant, Louis H. Schimmel of Pontiac, in order to start preliminary talks with the two Detroit firms.

★ ★ ★

Schimmel was dismissed and Martin and Sandcrant promised to come up with a sewer plan before being hired to replace the former bonding consultant.

WOULD HOOK INTO MAIN

The project made public last night was their solution of the two subdivisions, which include about 200 homes and some 30 acres.

Under the plan, a 12-inch trunk sewer would be connected into a 15-inch main at Walton Boulevard, just east of Squirrel Road.

The 12-inch line, which would be financed through a $220,000 revenue bond, would run along Squirrel Road and cut across to James Drive. An internal sewer system to serve the two subdivisions would be financed through $105,000 in special assessment bonds.

Sewage from the subdivisions then would be carried by the 15-inch main into the Michigan State University Oakland sewage treatment plant, owned by the Oakland County Department of Public Works.

★ ★ ★

All bonds, according to the financial consultants, could be paid for by residents of the two subdivisions at a cost roughly estimated at $1,000 per home. The amount would be paid over a period of 20 to 30 years, they said.

The rest of the township would not be taxed for the sewers.

However, the township faces another problem before anything else is done with the proposed sewer project.

A 1950 ordinance, which requires a vote by the entire township electorate before a special assessment district is approved, would have to be repealed.

If the ordinance is not rescinded, according to the township attorney, there would be no possibility of starting the sewer program.

With this in mind, the Township Board unanimously approved a motion to place a proposition on the April 3 ballot which would do away with the ordinance.

Holly Principal to Leave Post

Education Board OKs Resignation of High School Administrator

HOLLY — The resignation of the Holly High School principal was accepted last night by the Holly Area Board of Education.

Theodore Krieger, principal at the high school the last two years, requested that his resignation become effective July 1.

No reason for the resignation was given, according to Supt. Ray Barber. No one has been named to succeed Krieger.

In another action the school board authorized a double bus run the last eight weeks of the school year as a possibility of minimizing cost.

Barber said the district's school buses are now picking up both junior and high school students and elementary pupils on the same trips. Some 24 buses are being used for the job.

With the double run only 17 buses will have to be used, Barber said.

He said this is an attempt to cut transportation expenditures which last year rose $22,000 above the reimbursements from the state.

The board also approved next year's contracts for 81 teachers, three more than are in the system now.

Decide to Condemn Old Rochester Hotel

ROCHESTER—Following a public hearing last night the Village Council ordered condemnation of the dilapidated 114-year-old Rochester Hotel.

The council action climaxed months of study and investigation of the structure at 439 Main Street by local health, building, electrical and fire officials.

★ ★ ★

All made formal statements last night substantiating their individual findings as to the condition of the building which they termed a "hazard to public health, welfare and safety."

Clifford Holforty, Birmingham professional engineer, stated that the old hotel, which dates back to 1847, was structurally unsafe for occupancy on either a permanent or temporary basis.

A television and radio repair shop is the only business housed there now.

Also attesting to the state of the structure's disrepair were Oscar Boyes, Rochester's deputy health officer, and Fire Chief George Ross.

★ ★ ★

They were agreed that a heavy snow or violent windstorm could cause the building to collapse or that faulty wiring could start a fire at any moment.

Others who concurred were electrical inspector C. E. Kremer and building inspector Thomas J. Turkette.

After the courtroom-style interrogation of these officials, by village attorney Roscoe R. Martin, the council ordered the building's condemnation, giving the owners 60 days either to repair the hotel or tear it down. According to the resolution, any reconstruction would have to begin within 15 days.

Building officials stated that the cost to restore the structure would exceed 50 per cent of its replacement value to bring it up to code in all requirements. Basic cause of the deterioration was found to be the 6-to-8-inch settlement of the foundation.

★ ★ ★

A preliminary report on the program to dedicate the new municipal building May 27 was given by Councilman Jay Eldred, dedication chairman.

★ ★ ★

Tentative plans include a parade, a public ceremony on the Slone Park site with a guest speaker and tours of the building to follow.

A banquet in the evening also was suggested, to be held in the new council chambers with village, township and school officials plus presidents of clubs and organizations to be invited.

The village will set up daytime operations in the new facility March 13, it was announced last night.

Berkley Voting on School Tax

BERKLEY — School district voters here have another chance today to approve additional taxes for school maintenance.

They are being asked to approve a seven mill operational tax. The same proposal was defeated by a 94-vote margin Dec. 6.

The seven mills, according to school officials, are necessary to hire teachers, buy supplies and pay for the maintenance of 48 new classrooms in the two junior high schools and the high school.

Construction of the classrooms was financed by a $1.8 million bond issue approved by voters in April 1959. At that time school board officials informed district residents that additional taxes would be necessary for the maintenance of the additional classrooms.

Acting Supt. Robert R. Hurley said that the new classrooms cannot be used and that cutbacks in the present school program will be necessary if the seven mill proposal is defeated again.

Avon Players at Rochester

On Stage Friday, Saturday

ROCHESTER—Carroll B. Chapman Jr., a usually peace-loving citizen who lives at 426 W. Third St., will become a "psychopathic killer" this weekend.

Chapman's transformation will be only temporary, however.

It will take place only on the stage of the Rochester Junior High School auditorium where he will portray a hardened criminal in the Avon Players' production of "The Desperate Hours."

Chapman, an electrical engineer in real life, is only one of many Rochester area residents who will take on new personalities Friday and Saturday nights.

Jarvis Lamb, who teaches at Rochester Junior High School, will play the role of Ben Hilliard, the head of a family whose home is invaded by a trio of escaped convicts.

Chapman plays the convicts' leader, a role made famous in the movies by the late Humphrey Bogart. Chapman's two criminal companions are played by Louis De Shantz and Albert Szczesny.

De Shantz, Lamb and Chapman are veteran performers with the Avon Players. Szczesny will be taking his first major role in "The Desperate Hours."

Another performer making his acting debut in the play which will be presented at 8:30 p.m. Friday and Saturday is Greg Halbach, a 12-year-old pupil at Baldwin Elementary School.

Greg will portray one of the Hilliard children. His sister in the play will be Bonnie Young, a 1960 Rochester High School graduate who is now a student at the Society of Arts and Crafts in Detroit.

The other leading role in the play, which enjoyed a long run on Broadway, will be taken by Mrs. David Keena, who is making her first stage appearance in four years after considerable work in costuming, makeup and staging.

Popular Spanish Class to Return in Rochester

ROCHESTER — By popular demand, an adult education course in beginning conversational Spanish again will be offered at Rochester Senior High School if at least 10 people are interested.

Persons interested in registering for the 10-week course to be taught by Mrs. Janet Martell of Romeo are asked to contact Roy Wattelet at the high school.

The first class is slated for Monday from 7:30 to 9:30 p.m.

Interlake Chorus to Give Concert at Walled Lake

WALLED LAKE — The Interlake Community Chorus will present a concert of sacred and folk music 8 p.m. Friday at the Walled Lake Junior High School.

This is the first full-length program presented by the 20-voice choir, according to Robert Boberg, director of the group, and vocal music director at the junior high school.

Songs to be presented at the program include "He Is Watching Over Israel" from Mendelssohn's Elijah; "Six Folk Songs" and "How Lovely Is Thy Dwelling Place" from the Requiem by Brahms; a Ukraine folksong and several spirituals.

Tickets for the performance can be obtained at the door.

Church Plans Services

ORION TOWNSHIP—Holy Communion and Penitential Office services will be held at 7:30 p.m. Ash Wednesday at St. Alfred Episcopal Church, 985 N. Lapeer Road (M24). The Rt. Rev. Archie W. Crowley, a suffragan bishop of the Episcopal Diocese of Michigan, will officiate at the church's confirmation service Feb. 26.

Wed in Auburn Heights

Area Couple Says Vows

AUBURN HEIGHTS — The United Presbyterian Church was the setting recently for the wedding of Joy Elaine Owen and James E. Bennington. They exchanged their nuptial vows before the Rev. Henry Powell of Elmwood Methodist Church.

The bride is the daughter of Mr. and Mrs. Edward A. Owens of 2507 Auburn Road. The Charles E. Benningtons of 279 Myers Road, Lapeer, are the parents of the bridegroom.

Fingertip veiling of silk illusion held up by a cap of Alencon lace billowed over the bride's gown of candlelight peau de soie satin which featured a circular cathedral train. Alencon lace also accented the Sabrina neckline of the molded bodice styled with three-quarter length sleeves.

A cultured pearl and diamond pendant, gift of the bridegroom, and a cascade of stephanotis and ivy centered with a white orchid completed the bride's ensemble.

Diane L. Owen attended her sister as maid of honor with Barbara Broadway and Margaret Hoshel of Three Rivers, bridesmaids.

Janice Clark of Detroit was junior attendant. Flower girl was Carol Bennington, sister of the bridegroom.

Serving as best man for his brother was Jerry Bennington. Gerald Londal of Southfield, David Cole of Bloomfield Hills, William Vetter of Monroe and Warren Wickland of Muskegon ushered for their fraternity brother.

A reception was held in the church parlor following the nuptials.

After a brief honeymoon, the couple will set up housekeeping in University Apartments, Ann Arbor. Both are seniors at the University of Michigan.

2 Lake Orion Schools to Hold Polio Clinics

LAKE ORION—Polio immunization clinics will be held from 4 to 8 p.m. tomorrow and Thursday at two schools in the Lake Orion Community School District, it was announced today.

The first clinic will be held tomorrow at the Blanch Sims Elementary School, Florence and Jackson streets, for adults, school children and preschoolers.

The Thursday clinic will be held at Webber Elementary School, 3141 W. Clarkston Road, Orion Township. Besides the polio shots, 3-in-1 and vaccination shots also will be available at both clinics.

Avondale School Board to Mail Out Newsletter

A monthly newsletter published by the Avondale Board of Education will be mailed to all residents and civic organizations in the Avondale School District, School Supt. LeRoy R. Watt said today.

The new publication will include highlights on curriculum, budgetary facts and proposed school plans. Watt said the school board would welcome comments and suggestions concerning the type of information citizens would like included in the newsletter.

Effortless

High among the special pleasures of Cadillac ownership is the car's remarkable handling ease. It seems almost to drive itself. In parking, traffic, or on the open road, a Cadillac maneuvers with scarcely more than your thoughts to prompt it. And contributing to this relaxing feeling of effortless driving is the superb silence of the Cadillac engine . . . the virtual absence of travel noise . . . and those deep and buoyant Cadillac seats. Your Cadillac dealer will be more than happy to let you see for yourself how deftly a 1961 Cadillac handles.

A week ago in this column we subjected today's high school athlete to a serious thought about studies and sports in their plans for college.

We hope those few suggestive words sink into students' minds as much as it did many parents who have that fear that junior is looking at college in front of a mirror wearing his varsity sweater.

★ ★ ★

Since writing that column we carefully watched the many wire stories which came from all parts of the country listing the classroom casualties at major universities.

In 10 days we made an estimated accounting that 17 different colleges announced the loss of 57 prize athletes. These were the ones which received attention in wire stories. You can be sure there were another four score and more from smaller schools and larger institutions which lost athletes who were not stars or who were freshmen as yet without heralded clippings.

Just to name some of the schools who lost players —Michigan, Iowa, Wisconsin, Western Michigan, U. of D., Duke, Maryland, North Carolina, Ohio University, Illinois among the heaviest losses.

★ ★ ★

Yesterday's announcement that Larry Hughes of Walled Lake was lost at U. of D. because of scholastic difficulties probably stirred this writer's feelings more than most others.

This was because we watched Larry become a star athlete through his high school days at Walled Lake and all through his college days.

Larry was the "Outstanding Player" on the first Pontiac Press All-County basketball team during the 1956-57 season. We felt quite proud of our selection because he continued with a great college basketball career.

He was the "outstanding sophomore" in his first varsity season and last season and up to now he helped his team to two great years. Coach Bob Calihan often said, "Larry gives everything he's got. He works hard."

We remember right after his freshman year Larry commented, "I'm really working at those books, I've got to if I want to play ball."

Larry actually never flunked out of U. of D., he had one lonely "D" and that was the thing. He was a probation student and this means that during the probation semester the grades have to be brought up to a certain standard—or else.

In Larry's case it wasn't because he didn't try. He is the type who gives 100 per cent in everything he does. It just happened things came more difficult for Larry, which is natural since every man has different comprehending talents.

★ ★ ★

We are sorry Larry was among the classroom casualties. But, he'll fight back. He'll get that all-important college degree.

In the meantime we certainly hope the moral of this tale becomes obvious to all future college applicants —athletes and scholars.

Hawkeyes Are Next for Rampaging OSU

By The Associated Press

It probably isn't an omen for the O-men, but Ohio State's rampaging Buckeyes might take heed of what happened to Mississippi State and Kansas State.

★ ★ ★

Until Monday night those two teams were rambling along in their conference basketball races almost as comfortably as Ohio State has been in the Big Ten. Then Kentucky and Colorado lowered the boom as effectively as Clancy ever did and now almost anything could happen in the Southeastern Conference and the Big Eight.

★ ★ ★

Ohio State, meanwhile, made it 9-0 in the Big Ten standings and 24 straight in its two-year string with an 89-65 victory over Northwestern that wasn't particularly pleasing to coach Fred Taylor. He thought his team "seemed to let down a bit." The Bucks' turn could come next, if they do let down — possibly against determined Iowa Saturday.

★ ★ ★

Kentucky, going nowhere but making itself felt in the Southeastern race, handed Mississippi State's Maroons their first conference defeat, 68-62, on the Maroons' court. Colorado saved enough of an early lead to beat Kansas State 81-80 and knock the Wildcats, ranked sixth nationally in The Associated Press poll, out of the Big Eight lead.

★ ★ ★

Kansas, which had been tied with K-State, moved out in front by crushing Missouri 88-72. Mississippi State still leads the SEC with an 8-1 record but Florida and Louisiana State moved up to tie beaten Vanderbilt for second at 6-3 while Kentucky, winning four straight, is 6-4.

One other conference leader met its first defeat when Eastern Kentucky whipped Western Kentucky 81-72. Western now is 7-1 and Eastern 7-2 in the Ohio Valley Conference, whose winner automatically qualifies for the NCAA tournament.

Amidst all this furore, independent St. Bonaventure, ranked second to Ohio State nationally, breezed to a 95-79 victory over NIT-bound Providence. Tom Stith led the Bonnies to their 10th straight and 19th in 20 games although he was outscored 30-28 by Jim Hadnot of Providence.

Although Taylor thought Ohio State wasn't particularly sharp Monday night, coach Bill Rohr of Northwestern called the Bucks "the greatest team I ever have seen" and Jerry Lucas the greatest player.

Lucas and Mel Nowell did some fantastic shooting to give Ohio State a big lead, then sat out the finish as coach Taylor used all 17 men on his squad.

Iowa clung to second place with a 63-61 victory over Wisconsin as the reserves who took over for four ineligible regulars won their second straight. Third-place Purdue trimmed Indiana 64-55 and Michigan won its first Big Ten game, beating Michigan State 78-67.

Playing on their home court, Colorado's Buffaloes gained a 15-point lead over Kansas State in the first half, they fell a point behind in the second half, regained a seven-point lead and managed to protect it with ball control tactics.

RING AROUND LAMERS — It looks as if the rest of the gang wants to play "Ring around the Rosie," but MSU's Jack Lamers keeps his mind on business and heads for the basket. Others are Michigan's Scott Maentz (35), John Tidwell (43), Tom Cole (31) and MSU's Dick Hall (32), Ted Williams (33) and Art Schwarm (24). Michigan won, 78-67.

Cole, Maentz in Star Roles for Wolverines

Tidwell Held to 10; Spartans Now in Last Place

ANN ARBOR (UPI) — A ray of sunlight finally sliced through the clouds that have been hovering over Michigan's basketball team all season and today the Wolverines are rejoicing over their escape from the Big Ten cellar.

Coach Dave Strack's cagers, winless in their first six conference games, received unexpected scoring punch from Tom Cole and Scott Maentz and pinned a 78-67 upset on arch-rival Michigan State last night.

Along with being its first Big Ten triumph, the victory produced two other gratifying results.

It avenged an 81-69 defeat absorbed at East Lansing Jan. 16 and also tumbled Michigan State into last place in the conference. The Spartans are now 1-8, two games behind Michigan in the loss column.

Michigan State successfully bottled up the Wolverines' big scoring treat, John Tidwell, but Cole and Maentz more than picked up the slack. Cole poured in 29 points and Maentz hit for 19. Dave Fahs was high man for Michigan State with 17.

Michigan trailed through most of the opening minutes, but after it nudged ahead, 12-11, midway in the first half, it never trailed thereafter.

The Wolverines held a 37-28 halftime margin and increased that to 47-32—their largest bulge—with three minutes gone in the second half.

The Spartans then launched a spirited comeback and closed the gap to within three points, 66-63, late in the game. But Michigan recovered its poise and was pulling away at the final buzzer.

Michigan's next engagement will be at home against Purdue Saturday while the Spartans entertain Minnesota the same night.

Northern Michigan continued its winning ways and Lawrence Tech's John Bradley added two-tenths of a point to his scoring average last night on the Michigan basketball scene.

Northern beat Central Michigan 74-58 in Mount Pleasant while Bradley's team, Lawrence Tech, stomped Rio Grande of Ohio 107-62 in Detroit.

Bradley, the nation's leading small college scorer, was good for 37 points, 25 of them in the second half. This raised his average to 32.9 per game.

In other games Hillsdale clouted Assumption of Ontario 88-58 in Hilledale and Northland shipped by Michigan Tech 68-67.

Northern extended its winning streak to 12 in a row at the expense of the crippled Central team. Central's big gun, Ken Vandyke didn't dress for the game because of illness.

Indiana's Probation Is Orwig's Problem

BLOOMINGTON, Ind. (UPI) — J. W. (Bill) Orwig, University of Nebraska athletic director, Monday accepted the same post at Indiana University and immediately gave top priority to seeking reduction of Indiana's four-year NCAA probation.

★ ★ ★

"I won't say that we will get out," Orwig said, "but we will make every effort to alleviate the situation."

The 53-year-old former University of Michigan athlete also made it plain at a news conference he will have a strong hand in Indiana athletic recruiting practices.

Defeat Drops Holly to Fifth

Ludington Regains Class B Lead

By The Associated Press

Ludington High is back on top of the state high school Class B rankings.

The Ludington team, beaten only once this year—by Holland Christian—again seized the lead in the Associated Press Ratings after Holly, last week's leader, was defeated by Milford.

★

Always-tough River Rouge and East Grand Rapids, along with unbeaten Vassar, leave it still a wide open race for the mythical title.

The championships, of course, are decided on the state tournament floor but the Class B ranks are loaded with top-flight teams.

Vassar knocked off Elkton-Pigeon-Bayport last Friday night in a battle of unbeatens.

Saginaw, still the kingpin in Class A, won the Saginaw Valley Crown and Flint St. Matthew, one of the finest clubs in Class D, captured the parochial crown in Flint.

★ ★ ★

Jackson, climbing in Class A, has a nine-game win streak going and that's the school's biggest basketball string in five seasons.

Central Swimmers Edge Northern for 2nd Time

Rival swimming teams have picked a period of hearts and flowers, St. Valentine's Day, to compete against each other.

Yesterday cross town rivals Pontiac Central and Pontiac Northern swimmers met for the second time this season and the Chiefs won again, 55½ to 49½.

Today city rivals in Royal Oak and Birmingham face each other. Birmingham Seaholm travels to Birmingham Groves and Royal Oak Kimball goes to Royal Oak Dondero. Ferndale and Hazel Park meet in another encounter.

The Chiefs won the first three events with Ben Donaldson taking the 400 freestyle in 4:16, Bud Osler the 40 yard freestyle in :20.5 and Dick Doerr the 100 butterfly in 1:06.5.

★ ★ ★

In each event the Huskies took second and third places.

PNH first were in the backstroke with Chuck Gress doing 1:11.5, Fred Kern in the 100 at :57.4 and both PNH relay teams.

Bruce Norvell won the breaststroke and the individual medley and Donaldson added another first in the 200 freestyle.

Earlier this season PCH nipped the Huskies, 54-51. They have now met in swimming six times and the Chiefs have been victorious each time. Central's record now stands at 4-9 and Northern is 7-5 for the season.

Buckner Cagers Absorb 1st Loss

After mowing down 10 opponents, Buckner Finance absorbed its first defeat of the season Monday night in the Class B City Basketball League. Perry Park turned the trick by overcoming a 34-27 halftime deficit for an exciting 56-55 triumph.

Bill Peterson tallied 17 points to spark Perry Park's narrow upset win. Jerry Paul scored 16 for the league-leading Buckner quintet.

In another "B" contest, Al Hart meshed 25 points to pace the Commerce Lakers to a 76-71 victory over the Auburn Heights Merchants, Gary Acker netted 17 in a losing cause.

Van Dikes held a 45-42 lead over 300 Lounge after three quarters, but the Class A leaders staged a big 4th-period rally for a 64-56 win. Amos Bailey and Willie Lindsay bagged 22 and 20, respectively, for Van Dikes while Dave Diehm led the Lounge cagers with 16 points.

Also in the "A" division, runner-up Newman AME edged the Lakeside Royals, 66-63. Lakeside's Felix Brooks took individual scoring honors with 19 points while Bill Spain tallied 16 for Newman.

On the Class D front, the Warriors moved into 2nd place with a 53-48 win over McDonald's and Westside Kiwanis crushed Northside, 61-25.

High Class 'Materials'

Unbeaten Materials stayed atop the Pontiac YMCA Industrial League basketball standings Monday night with a 53-37 victory over the Bombers. In other league action, Coach drubbed the Crazy Eights, 43-16; Tech Club nosed out the Hawks, 24-21; and Material Control crushed the Court Jesters, 63-20.

Bullpen Men Aguirre and Fox Agree to Terms

LAKELAND, Fla. (UPI) — Detroit Tiger pitchers Hank Aguirre and Terry Fox, a pair of bullpen specialists, have signed their 1961 contracts, it was announced yesterday.

General manager Rick Ferrell also said that both Aguirre, a standout reliefer for the Tigers last season, and Fox, acquired from Milwaukee during the off-season, are enroute here to take part in the early training camp.

Their signing left only five players outside the Tiger fold: Al Kaline, Charley Maxwell, Frank Lary, Chuck Cottier and George Alusik.

Meanwhile, manager Bob Scheffing ran his early-camp charges through their first batting practice drills yesterday as temperatures soared into the 70's for the first time since the camp opened last week.

Scheffing also plans to hold the first intra-squad game this Friday.

Junior Wings Close Schedule With Win

DETROIT (UPI) — The Detroit Junior Wings closed out their regular hockey season last night with an 8-3 victory over the Windsor NAD's.

The Junior Wings wound up with a 27-3 record and finished in first place in the Border Cities Hockey League by eight points.

Bob Thomas scored a three-goal "hat trick" to lead Detroit and Jimmy Peters pumped two into the nets.

Buckeyes Still No. 1

Cinci, K-State Poll Risers

By The Associated Press

The continued rise of Cincinnati and Kansas State to positions of national prominence marked this week's voting in The Associated Press basketball poll as Ohio State and St. Bonaventure continued to hold the top two places.

Apparently nothing is going to disturb the Buckeyes (18-0) and the Bonnies (18-1) unless they get beaten. Meanwhile, the two teams from the powerful Midlands conferences keep moving up, and they could be ready to hand out those lickings by the time the NCAA tournament rolls around.

For the ninth straight week Ohio State drew all the first-place votes of The AP panel of sports writers and broadcasters for a perfect 360 point score. St. Bonaventure had 35 second-place votes and one third for 323 points.

Cincinnati, not even in the top 10 two weeks ago, moved up to fourth as it moved to the front in the Missouri Valley Conference race. The Bearcats, whose 7-2 conference record and 17-3 overall mark prove them a good team even though Oscar Robertson has graduated, were fifth last week.

Kansas State, tied with Kansas for the Big Eight Conference lead, but with a much better 15-3 season record, held 10th place in mid-January, dropped out for a week and then climbed back to sixth this week.

Duke continued to hold third place despite its second defeat of the season. Bradley, second in the Valley standings, slipped to fifth. North Carolina, Southern California, Iowa and West Virginia—the only newcomer—fill the last four places in the top 10.

The standings, with points based on 10 for first-place vote, nine for second, etc. (First-place votes and won-lost records through Saturday in parentheses):

1. Ohio State (36)	(18-0)	360
2. St. Bonaventure	(18-1)	323
3. Duke	(17-2)	261
4. Cincinnati	(17-3)	237
5. Bradley	(16-4)	196
6. Kansas State	(15-3)	190
7. North Carolina	(15-4)	146
8. Southern California	(16-3)	127
9. Iowa	(13-3)	97
10. West Virginia	(18-3)	69

Others receiving votes: Mississippi State, St. John's, Kansas, Memphis State, UCLA, Utah, Purdue, Louisville, St. Joseph's, Wichita, Drake, South Carolina, Vanderbilt, Kentucky, Providence.

Maroons at U-D Saturday

Chicago U. in Midst of Basketball Boom

CHICAGO (AP) — There is a basketball boom at the University of Chicago, a brains-instead-of-brawn institution since it left the Big Ten Conference in 1946 unable to stand the athletic pace.

The team—molded without benefit of recruiting (there are no athletic scholarships) and held together by academic soundness—has a 14-2 record and a 12-game winning streak.

The Maroons, a proud athletic power in the yesteryears of Amos Alonzo Stagg, are on the verge of accepting a NCAA college division tournament bid. It would make the first time they have been good enough to be recognized on such a national level since their heydays.

Chicago's basketball comeback started in 1958 when Joe Stampf became head coach. He was an all-time great cager for the Maroons 20 years ago, leading the Big Ten in scoring in his final season, 1941. When Stampf left, Chicago lost 60 straight conference games before throwing in the towel.

Stampf had a real challenge when he became coach. The school, trying to seek its own level by playing small colleges, had a 48-game losing string.

But in the last four seasons, Stampf's teams have a 56-19 record, highlighted by a 20-game winning streak.

Among the starters, two are from outside the general Chicago area. Gene Erickson, is a 6-foot-7 sophomore from Nashville, Tenn. He came to Chicago quite naturally—his father, a Vanderbilt psychology professor, his mother, grandfather and several uncles are University of Chicago graduates.

★ ★ ★

Larry Liss, a 5-foot-11, sophomore, is from Crown Point, Ind., where the Maroons' assistant athletic director, Kyle Anderson, lives. Others are local boys—Joel Zeaman, leading scorer with a 15.4 average; John Davey, a law school student, and senior Jerry Toren.

The Chicago cagers are guests of the University of Detroit five Saturday night at the Titan court.

MAKING PLANS — Clarkston coach Dom Mauti goes over game plans with four of his players as the Wolves prepare to travel to West Bloomfield tonight. The players are (left to right) Harold Weston, Gar Wilson, Bill Powell and Ron Walters.

Holly After New Win Streak

When a cage power is rudely upset, it usually takes vengeance on the next opponent.

In this case, Holly is the team with wounded pride and Brighton has the task of facing the Broncos. The game will be played tonight at Holly.

★ ★ ★

Another Wayne-Oakland contest will send Clarkston to West Bloomfield. Walled Lake plays at Cranbrook in a non-leaguer and the Eastern—Michigan League has Hazel Park at Ferndale and East Detroit at Royal Oak Kimball.

Holly looked just the opposite from the team that went into last Friday's game at Milford as the No. 1 Class B team in the state. The Broncos could do very little right and Milford pulled a major upset.

A perfect record was snapped at 10 games. The Broncos hope to get another one started against Brighton and clinch at least a share of the W-O crown. A win tonight and another Friday at Clarkston would give Holly the championship outright.

★ ★ ★

Brighton, one of the defending co-champions, is already out of the running and will be a definite underdog.

★ ★ ★

Clarkston, led by high scoring Bill Powell, is expected to handle West Bloomfield and keep alive its slim hopes for a piece of the title. There is one problem facing Clarkston coach Dom Mauti—keeping his players from looking past tonight's contest to the big one with Holly.

Cranbrook stunned Walled Lake earlier in the season and could do the same thing again. The Cranes have been an up-and-down team. George Blanchard is the high scorer. John Maragos and Bill Carter have been consistent point-getters for the Vikings.

Ferndale should have little trouble taking care of last place Hazel Park. A win would move the Eagles within easy striking range of the EML crown.

Kimball has the task of trying to stop a fast-improving East Detroit quintet.

★ ★ ★

Almont, 0-14, entertains Dryden, 5-11, in a Southern Thumb League game. Dryden just barely won the last meeting between these schools. This could be Almont's last chance to salvage a victory during the regular season.

★ ★ ★

Other area games have Detroit Thurston playing at Oak Park, Country Day playing at Grosse Pointe University School, Ortonville seeking revenge at Flint Utley, Royal Oak St. Mary traveling to Birmingham Woods, Roseville at Harper Woods and North Branch at Mayville.

Beegle-Wallis GM Keg Victors

Austin Beegle and Dave Wallis are the champions of the 15th annual GMC Truck & Coach Doubles Bowling Tournament.

The duo rolled 235 pins over average on the 1st of two weekends of action at Motor Inn and added two division prizes on scores of 434-1072 actual to earn a total of $155.

John Hill and Clayton LaGest were 2nd in the over average contest with 205 pins over to earn $50. Third were Joe Mattack and Mary Koop at 191 over. The latter team had the best series in its class of 1184. Koop tied Ray Peters for the top men's series with 615.

★ ★ ★

Bob Frick and K. Miracle took game honors in one division with 437. Dennis Cheyne-Pete Messeman hit 1070, Bill and Ken Spry won the game prize in the other group. F. O'Berry hit the best men's single of 267. Eleanor Tapp won two trophies with 222-564.

There were 964 bowlers on the two weekends. In the special prizes, top series were worth $40 and games $15.

Point Race Nears Finish

Wren Leads Tregoning

Jack Wren of South Lyon squeezed past Ferndale's Larry Tregoning by one-tenth of a point a week ago and still holds that edge in the Oakland County scoring race since both boys were idle Friday.

Tregoning, who had led all season up to being dethroned, may bounce right back in front tonight with a big night at Hazel Park with Wren's team not scheduled again.

Ferndale has three games remaining before tournament play begins while South Lyon has only one regular season tilt left.

State tourney games are not figured in the individual scoring battle.

★

Neil Kiernan held his No. 3 ranking bettering his mark to 24. He is the St. James star. John McCulloch of Royal Oak Shrine moved past Holly ace Ron Merlin to 4th at 20.9 to 20.2. Bill Chilton saw only limited service for Royal Oak Kimball Friday and dropped out of the 20 bracket as George Blanchard of Cranbrook moved up one place.

"Hap" Dunne of Birmingham Seaholm, an 18-point man before being injured, has dropped out of the top 20 with only 11 digits in two games since returning to play.

Duane Soine of Roseville continues to hold a good area lead although his average dipped from 25.5 to 24.7 last week. Bill Troeskin of improved East Detroit moved into a tie with Lapeer's Dick Schwerin for 2nd at 18.6.

Fractured Ankle Has Lunde on Sidelines

DETROIT (UPI) — Detroit Red Wing forward Len Lunde has been sidelined by a fractured left ankle, the club disclosed yesterday, and may be out of action the remainder of the season.

Lunde received the injury in Sunday night's game with Toronto when he crashed into the boards, caught his skate and twisted the ankle.

The Red Wings hardly worked up a sweat last night as they took turns pounding the nets to score a 14-1 exhibition victory over the Omaha Knights of the International League in a game at Des Moines, Iowa.

Army, Miami Accept NIT Tourney Bids

NEW YORK (AP)—Half of the 12-team basketball field for the National Invitation Tournament opening March 16 at Madison Square Garden was lined up today with the acceptance of bids by Army and Miami of Florida.

Army, winner of 11 of its last 12 games, now has a 15-5 record while Miami is 15-6. This will be the first post-season basketball tourney for Army.

Detroit, Providence, Memphis State and DePaul previously were invited to the tournament won last season by Bradley.

Mahovlich Is Tops—at Last

MONTREAL (AP) — Frank Mahovlich of the Toronto Maple Leafs has finally made it to the top in the National Hockey League individual scoring race.

★

Mahovlich, the NHL's newest sensation, displaced Montreal's Bernie (Boom Boom) Geoffrion as leader last week with a seven-point production in three games after having been within range of the top for several months.

★

Official NHL statistics released today show Mahovlich has a league-leading 43 goals and 26 assists for a total of 69 points in 56 games. Last week he scored twice and picked up five assists.

The scoring leaders:

'Big O' Paces Cinci Victory

By The Associated Press

Thanks to rookie Oscar Robertson's 40-point performance, the Cincinnati Royals still were within striking distance of a Western Division playoff berth in the National Basketball Association today.

★ ★ ★

The Royals beat the team they had to Monday night—the Los Angeles Lakers—104-100 before 5,808 fans at Dayton, Ohio. This left Cincinnati three games behind the third place Lakers in the Western Division standings.

Los Angeles held a 57-47 halftime lead, and after five minutes were gone in the fourth period the Lakers still were in front 89-85. Then Robertson and Arlen Bockhorn clicked for nine straight points and the Royals went ahead. But it required a pair of free throws in the final four seconds by Win Wilfong to clinch the victory for Cincinnati.

Elgin Baylor was high scorer for Los Angeles with 31 points.

Interior Secretary to Be Speaker at Dem Banquet

Secretary of Interior Stewart L. Udall will be the principal speaker at the March 4 Jefferson-Jackson Dinner in Detroit, Chairman Mrs. Jack Moskowitz announced today.

She said her committee is "trying our best" to have President Kennedy also visit the Michigan Democrats' big fund raising dinner—being held this year on the 28th anniversary of the birth of Franklin D. Roosevelt's New Deal.

* * *

The dinner will be held at the Light Guard Armory, 4400 E. Eight Mile Road.

Udall, 40, is a former congressman from Arizona, a post he held since 1955 before being named to Kennedy's Cabinet. He is considered an expert on reclamation.

Special tributes will be paid at the dinner to former State Chairman Neil Staebler and Vice Chairman Adelaide Hart.

Tickets are $25 for a single person, and $35 for a couple.

Tells of Services

Youth Assistance Office Handles 235 During '60

A recent report of the Pontiac Youth Assistance Office shows that during 1960 some 235 individual cases involving juveniles were handled by the office.

Of these, 216 were newly-referred while the remaining 19 were cases transferred from the previous year.

Of the cases brought to the attention of the office, 177 were closed last year.

George P. Caronis, executive secretary said 147 cases referred to his office involved delinquent behavior, 50 involved social problems, and 19 were neglect cases.

Sources of referral were the Pontiac Police Dept. (149 cases), schools (33), parents and relatives (26) and other public and private agencies (8).

Caronis reported that 44 of the youths were accused of thefts, 34 had social problems, 31 were found to have family trouble, 29 were truant from school, and 25 were in trouble for burglaries.

Twenty-one had been neglected, 17 had maliciously destroyed property, seven committed sex offenses, four stole cars, and four committed arson.

Caronis said that the youth assistance program, set up in September of 1959, fills a gap between community and court services regarding the prevention, treatment and control of juvenile delinquency.

"Without the intervention of the youth assistance office, many of these children may have come to the attention of the juvenile court where they would have acquired a record," Caronis said.

The purpose of the program is to enlist, coordinate and unite all available community resources to help combat the delinquency problem, Caronis said.

Hints at China Atom Advances

Russia Claims Oriental Ally Has Reactor Now in Operation

LONDON (UPI) — Russia gave the first official hint today that Red China is well on the way toward mastering the secrets of nuclear energy.

* * *

A Radio Moscow broadcast beamed to North America said "Chinese scientists can now solve the most complex problems in modern science."

* * *

Moscow made this cryptic statement in conjunction with an announcement that Red China's first atomic reactor and cyclotron "are in operation."

Red Chinese scientists, the broadcast added, can now solve modern scientific problems, "including the use of atomic energy for peaceful purposes."

Diplomatic sources said the Russian hint bears out recent information from behind the Iron Curtain that Peiping is working hard on the atom bomb and may be nearing a solution.

* * *

The emphasis on the peaceful side of Peiping's nuclear effort was believed to reflect Moscow's anxious desire to keep the atom bomb from its great Communist ally.

Northwest Side of Detroit Gets Early Dunking

DETROIT (UPI)—There was water, water everywhere on Detroit's Northwest Side today, but none for shaving, tooth-brushing or coffee.

A ruptured 48-inch feeder main on McNichols, between Woodward and John R. cut off the water supply to most of the city's Northwest area shortly after 5 a.m.

Also affected were most of suburban Warren, Hazel Park, Ferndale and Southfield. Oak Park supplied water from an emergency reservoir.

Water department emergency crewmen shut off the water at the break, by-passing the ruptured main, and water pressure was restored by 7 a.m.

Police blocked traffic in the area when water about 18 inches deep covered the street and rose over curbs and sidewalks, which buckled under the pressure.

No fires or traffic accidents were reported as a result of the break. Hospitals in the area have emergency water tanks and the stoppage of water caused no great difficulty, officials said.

Discourages Gifts to New State College

MUSKEGON (UPI)—City Commissioner Don A. Seyferth said he believes Muskegon area residents should not contribute to the Grand Valley College Fund unless the new, four-year school is located in this area.

* * *

"I don't think we have a chance of getting the college and I can't see our people contributing unless we do get it," said Seyferth, a former mayor of the city.

Asks Uniform Inspection by State for All Meats

LANSING (UPI)—The president of a meat packers group today called for adoption of a "uniform, statewide, state-paid meat inspection program."

The present system of city and county inspections is "a maze of confusion and varying and differing rules," said Charles V. Watson, president of the Michigan Meat Packers & Frozen Food Lockers Association.

Lumumba's Children Unaware of His Fate

CAIRO, U.A.R. (UPI) — Patrice Lumumba's three young children left their boarding school here today for an extended holiday at an undisclosed place, still unaware of the death of their father.

Newal Eldigwy, the school directress, said every precaution is being taken to prevent Francois, 9, Patrice 7, and Juliana 5, from hearing the news.

Offer Tempest Station Wagon

Pontiac Broadens Safari Line

Pontiac's 1961 line of automobiles offers the broadest and most versatile selection of Safari station wagons in our firm's history, says S. E. Knudsen, General Motors vice president and Pontiac Motor Division general manager.

* * *

"We are well informed on the increasing importance of the station wagon to various business operators," Knudsen declares. "Our new models, combining unsurpassed performance and reliability with greater passenger comfort, utility and cargo space, are ideally suited to meet today's advancing business requirements."

The new Pontiac Safari line-up includes four different station wagons—a four-door six-passenger version in the luxurious Bonneville series; four-door six and nine-passenger models in the popular Catalina series; and a four-door six-passenger model in the new Tempest series.

All Safaris, with the exception of the Tempest, are built on a 119-inch wheelbase and measure 209.7 inches in length, 78.2 inches in width and 56.9 inches in height. The Tempest has a 112-inch wheelbase and measures 189.3 inches in length, 72.2 inches in width and 54.3 inches in height.

Pontiac's three regular size Safaris feature a substantial improvement in load area. Rear compartment floors are 2.5 inches longer, 2.2 inches wider, and will actually accommodate a 4 by 8 foot piece of plywood.

* * *

Tail gates are lower to permit easier loading. A new luggage locker beneath the cargo deck provides an extra eight cubic feet of storage space in six-passenger models and 4.5 cubic feet in the nine-passenger Catalina. A luggage locker lock is available as an accessory. Spare tire and tool compartments are in the right rear quarter panel of all Safari models.

Standard equipment includes the high performing Pontiac V8 engine, distinctive interior coverings of Jeweltone Morrokide, electric windshield wipers and an electrically operated tailgate window on nine-passenger Catalinas.

Luggage carriers and split back seats, which enable the transport of extra long packages such as lumber and carpeting, are among other optional items offered.

The unique new Tempest Safari, with the front mounted engine and rear mounted transmission arrangement, features a quick opening, self-locking, one-piece tailgate that provides easy access. There is a hidden locker beneath the floor for convenient storage as in the larger Safaris.

An economical but high performing four-cylinder engine, Jeweltone Morrokide seat coverings, 15-inch wheels and a wide selection of durable, high gloss acrylic lacquer exterior finishes headline standard equipment.

* * *

Tempest Safari accesories include automatic transmission, power steering, luggage carrier and many other extras offered with the larger station wagons.

SAFARI COULD EVEN HOLD LIONS — The spacious loading area of the 1961 Pontiac Safari station wagons will actually accommodate a 4-by-8-foot stack of plywood. Rear compartment floors are 2.5 inches longer, 2.2 inches wider, and tail gates are lower to permit easier loading. The home workshop enthusiast also will be interested in the Safari's split-back seat options which enable the transport of extra long materials such as lumber and linoleum. The Safari pictured is in Pontiac's lower priced Catalina series.

Stops Constipation Due to "Aging Colon"
New laxative discovery re-creates 3 essentials for normal regularity.
As you grow older, the internal muscles of your colon wall also age, lose the strength that propels waste from the body. Stagnant bowel contents become so dry and shrunken that they fail to stimulate the urge to purge.
Relief, doctors say, lies in a new laxative principle. Old-style bulks and moisteners may create gas, take 3 or 4 days for relief. Old-style salts and drugs cramp and gripe the entire system. Of all laxatives, only new COLONAID gives you its special 3-way relief that works only on the lower colon (area of constipation).
(1) COLONAID moisturizes dry, hardened waste for easy passage without pain or strain. (2) COLONAID'S unequaled rebulking action helps restone flabby colon muscles. (3) And COLONAID acts gently, on the nerve reflexes that stimulate the vital "mass movement" of your lower colon.

Six-Week Series, Starting Thursday

Agencies to Tell About Services

Kenneth Lane, district supervisor of the Michigan Division of Vocational Rehabilitation, will be the first speaker in a six-week series of talks sponsored by the Community Services Committee of the Oakland County AFL-CIO Council.

James E. Banks Jr., committee chairman, said the Thursday night series is arranged in cooperation with the Pontiac Area United Fund. The programs are public.

The 7:15 p.m. talks will be held at the Community Services Building, 132 Franklin Blvd., this Thursday, as well as Feb. 23, March 16 and March 23. They will be at the Oakland County Red Cross headquarters, 132 Franklin Blvd., March 2 and March 9.

Lane is scheduled to speak on the functions of the Division of Vocational Education. Other programs:

Feb. 23, William LaRock, manager of the Pontiac office of the Social Security Administration, and Kenneth Himebaugh, director of old age and survivors insurance in Lansing, speaking on the functions of their agencies.

March 2, Ted Panaretos, community relations director at Pontiac State Hospital, speaking on the hospital's rehabilitation program.

★ ★ ★

March 9, three speakers in a discussion of the Oakland County Tuberculosis Assn., the Oakland County Tuberculosis Sanatorium and the Oakland County Department of Public Health.

March 16, two speakers discussing the Rehabilitation Institute of Metropolitan Detroit and the University of Michigan Hospital Rehabilitation Center in Ann Arbor.

★ ★ ★

The subject of the concluding program, March 23, will be the Sister Elizabeth Kenny Foundation.

At Capitol Hill

Three Chairs Big Deal

WASHINGTON (AP) — The House Rules Committee has been engaged in a Capitol Hill version of the game of musicial chairs.

Capitol workmen would like to see the game end.

It started last week when Chairman Howard W. Smith, D-Va., said, presumably with tongue in cheek, that he didn't plan to order three more black leather swivel armchairs for the three newest members of his committee. Smith said he didn't expect the three to be around very long.

Expansion of the committee to take in three new members represented a defeat for Smith, who fought off efforts to enlarge the committee as a means of easing the way for President Kennedy's legislative program.

One of the newcomers is Rep. Carl Elliott D-Ala., who apparently has a devoted following back home. When the news that he might not get a chair matching the ones of other committee members hit Elliott's district, friends started a nickel and dime drive to buy him a chair.

★

The drive was more than successful. Elliott's chair was delivered Monday to the Rules committee room. It is a brown leather swivel chair with curled headrest and it is bigger than those of other committee members. It also is bigger than Smith's.

Smith ordered the chair locked up in his private office and refused to allow it to be photographed. Instead, he called the custodian and asked for three chairs like the 12 old ones.

Soon, Capitol workmen wheeled in three swivel chairs and arranged them in place. Smith said they wouldn't do. They were smaller than the others, had hard seats and no arms.

★

So they were taken back to storage. Three brand-new chairs to match the old ones were ordered. They are expected to be ready when the committee meets again, perhaps next week.

Elliott then will have to find another place for his personal chair.

Cub Pack Holds Banquet at Baldwin School

Cub Scout Pack No. 4 held its annual Blue and Gold banquet in the gym of Baldwin School Monday evening. The cub scouts and their den mothers — Mrs. Robert Summers, Mrs. Lawrence Proper, Mrs. Vernon McFarland, Mrs. Eldon Adams and Mrs. Ray Ritter — made decorations and centerpieces for the tables.

★ ★ ★

Guests at the speakers table included Mrs. Irene Albright, principal of the school; and Mr. and Mrs. Roland Stephison, who is assistant neighborhood commissioner, Mr. and Mrs. Harold Marshall and daughter Shawn entertained with magic acts.

Doing Tests on Heart for Warning Sounds

PHILADELPHIA (AP) — Is it possible that before a person suffers a heart attack the organ may send out a cry for help which goes unheard because the sound is unaudible to the physician's stethoscope?

Physicians at Hahnemann Medical College and Hospital believe this is possible. They are conducting experiments along these lines.

The hospital reported today that tests are being made on more than 500 patients with electronic microphones, designed to detect subsonic sounds.

Arrange Admiral's Burial

PACIFIC GROVE, Calif. (UPI)— Funeral services were pending today for Adm. Richmond Kelly Turner, USN Ret., who commanded the U.S. amphibious forces in the Pacific during World War II. Turner died of an apparent heart attack Sunday night at the home of friends at nearby Monterey. He was 75.

Tells Manager to Talk Drain

Madison Heights Agrees With Troy Twelve-Town Project Get Started

The Madison Heights City Council last night agreed to a proposal by Troy officials that the 12-Town Drain agreement be negotiated by city managers of the municipalities involved in the project.

★ ★ ★

The Madison Heights Council authorized City Manager Richard W. Marshall to meet with the city managers of the other communities in an effort to get construction of the drain under way.

Troy Commissioners, who suggested the negotiations between city managers at their Jan. 30 meeting, are anxious to avoid delay in both the 12-Town Drain and the Dequindre sanitary sewer interceptor.

★ ★ ★

Delay is threatened because Madison Heights councilmen earlier voted to take their grievances over the city's 12-Town assessment all the way to the U.S. Supreme Court.

Marshall said today he thinks some common ground could be reached by city managers without taking the case to the high court.

★ ★ ★

All other South Oakland County communities in the 12-Town Drain project except Oak Park and Southfield have indicated that they will try to reach an agreement through their own city managers.

Pick Waterford Firm as Trailer Agency

Trailevator Division of Magline, Inc., Pinconning, has announced the appointment of Michigan Rental Service, 5488 Dixie Highway, Waterford, as the official rental agency in the area for the company's line of up-and-down trailers.

★ ★ ★

Rent - A - Trailevator agencies, similar to the local operation, are currently being established by Magline throughout the United States.

According to the company, the hydraulically elevating trailer offers a number of advantages over ordinary trailers because it lowers to ground level for easy loading, then lifts its own load to hauling position.

Michigan Rental Service also rents standard type trailers and other equipment for consumer and industrial use.

Rayburn Gives Boost to Market

NEW YORK (AP)—The Stock market overcame irregularity and moved to the upside in moderately active trading early this afternoon.

The Associated Press average of 60 stocks at noon was up .70 at $32.60 with industrials up 1.60, rails up .20 and utilities down .10.

Gains of fractions to a point or more outnumbered losers among pivotal issues.

The list spurted in a wave of heavy trading after House Speaker Sam Rayburn emerged from a conference with President Kennedy and said the need to fight recession was more urgent than at any time since the depression 1930s.

At the same time, aircraft-missile stocks were boosted by published projections of higher earnings.

Steels, motors, rails, airlines, electronics, and electrical equipments were on the upside. Chemicals, utilities, tobaccos, drugs, and oils were mixed.

Boeing spurted 2 points, trimming the gain slightly, following a published forecast of 1961 earnings double 1960's.

UPSY DAISY — A Waterford Township school teacher, on her way to the Waterford Village School, slowed down for children crossing the street at Airport and Hatchery roads, and lost control of her compact car. It flipped over on its top. Although very "shook up," Mrs. Thomas Stalmack, 22, of 4516 London Ct., was uninjured. She told township police the wheels of her car went off onto the icy east shoulder of Airport Road, and as she attempted to get back on the road the car turned upside down. She is an expectant mother.

Consumers Is Planning $12 Million for '61 Work

More than $12 million will be invested by Consumers Power Co. in its southeast division during 1961 on projects to expand and improve the company's natural gas services, Division Manager David H. Gerhard announced Tuesday.

The division encompasses some 800 square miles in an area north and west of Detroit, and includes Royal Oak, Pontiac, East Detroit, Plymouth, Livonia, Birmingham, Mount Clemens and many others. Consumers has some 355,000 gas customers in the area, which has a total population in excess of 1,500,000.

Major projects listed by Gerhard include installation of more than 238 miles of new gas mains in division communities, and the addition of an estimated 21,500 new gas customers to the company's southeast division lines.

In addition, improvements to the existing gas system will be completed to benefit some 2,500 existing customers.

Gas production and pumping facilities will be expanded at the Northville gas field also, Gerhard said. The field encompasses parts of Wayne, Oakland and Washtenaw counties.

Numerous gas regulator stations in the area will be installed or enlarged during the year, also, he said. These are the stations which keep gas flowing at even pressure throughout the hundreds of miles of mains serving the neighborhoods of the divisions.

★ ★ ★

Major distribution pipeline extensions will be completed in sections of Farmington, Bloomfield, Southfield and Erin townships, he added.

★ ★ ★

Gerhard said the 1961 construction program in the southeast division is part of Consumers Power's general expansion and improvement program in which the company is investing $98 million this year in the 64 counties of outstate Michigan where it serves. More than 4 million people live in the company's service area.

Consumers provides electric service in 61 Lower Peninsula counties, and natural gas service in 30 counties.

Seeks to Heal Payments Rift

West German Flies to U.S. to Explain Stand to Kennedy

BONN — Foreign Minister Heinrich von Brentano flies to Washington today in an effort to close the breach between West Germany and the United States over the balance of payments deficit.

Von Brentano, bearing a personal message from Chancellor Konrad Adenauer for President John F. Kennedy, was expected to explain Germany's position on the United States demand to increase its payments toward Western defense and aid to underdeveloped countries.

West Germany offered one billion dollars, but Kennedy rejected the sum last week. Von Brentano will tell Kennedy that Germany cannot pay more and that is the final figure, sources said.

Aim at Repealing Nuisance Taxes Passed in 1959

LANSING — Bills were filed for introduction in the House today to lift some of the nuisance taxes passed during the year-long 1959 session.

Rep. Edwin A. Fitzpatrick, D-Detroit, proposed to repeal a 4 per cent tax on "spirits" and cut back the tax on beer to $1.25 per barrel.

The tax on beer by the barrel was increased to $2.50 during the fiscal crisis two years ago.

Gov. John B. Swainson has asked the legislature to let all the nuisance taxes die which were imposed during the 1959 session. They are scheduled to expire June 30 unless the legislature extends them.

Postpone Suit Against Minor

Chrysler Attorneys to Argue for Injunction Against Supplier

A month's postponement was granted today in Circuit Court on Chrysler Corp.'s lawsuit against Jack W. Minor, former corporation official from Birmingham.

Attorneys were scheduled to appear before Judge Clark J. Adams on a show cause hearing for a permanent injunction which would restrain the W & M Sales Co., from which the corporation claims Minor received profits, from distributing of Minor's assets.

Chrysler is seeking recovery of $80,000 in profits Minor allegedly made through his connections with four outside advertising and sales concerns with which Chrysler did business while Minor was on the payroll. The lawsuit asks that Minor give an accounting between himself and the four firms.

Meanwhile, the attorney for Minor filed a motion to dismiss the corporation's suit on the grounds that it interfered with the jurisdiction of Wayne County Circuit Court, where Minor, 39, of 1536 Dorchester Road, filed two suits on Jan. 9 asking a total of $225,000 from the corporation.

This motion is expected to be argued March 14, the new date of the suit in Oakland County Circuit Court.

Slate Another Try to Enter Dwelling

ANN ARBOR (AP) — County health officials prepared another attempt today to inspect living quarters of an elderly recluse who police say lives in a house piled almost to the ceiling with magazines, papers, lumber and rubbish.

★ ★ ★

Andrew Rowe, about 70, a retired city employe, refused to admit health officers to his home here Monday to inspect reports the building was a fire and health hazard.

Rowe admitted City Patrolman Robert Conn earlier and told him he was bitter about a social agency's refusal of financial assistance for his ailing mother some years ago. He told Conn he didn't want any help now.

Romeo Man Heads State Hardware Unit

Edward B. Emmett, 46, of 400 Morton St., Romeo, today was elected president of the Michigan Retail Hardware Association. He succeeds Wendell Neelads of Clio.

Emmett's election came during the MHRA's 67th annual business builder conference and merchandise show, which closes tonight at Cobo Hall, Detroit.

Extra Food Demand Big; (No Ruling)

Additional employes have been put to work at the social welfare office to handle the increased demand for surplus food allotments, George H. Burt, department director, said today.

He said the demand for the food and general relief assistance "is as bad if not worse" than the heavy load which faced the office last month. Burt said unemployment was the cause.

As yet the department has received no directive either from the state or federal government for increasing the amount of surplus food allocations, as ordered by President Kennedy.

"Most of them are here to try and get the extra but we can't give it," Burt said.

He said some 30 persons were in line today seeking application for the surplus food.

William J. Jenkins in Car-Tree Crash

A 27-year-old father of two was critically injured last night when his car crashed into a tree in Independence Township, not far from his home.

William J. Jenkins of 4109 Lotus Drive, Waterford Township, remained on the critical list today at Pontiac General Hospital.

He suffered head and internal injuries and fractures of both legs in the crash.

Jenkins was unable to tell deputies why his car rammed the tree alongside a straight stretch of road.

A passerby discovered the crash at 7:40 p.m. and notified the sheriff's department. Jenkins was alone in the car when the accident occurred.

Blast Rocks Building

MANISTEE (UPI) — An explosion rocked the Wayne Mill & Cabinet Works Monday, blowing out all windows in the cement block building while machinery and equipment were charred by flames.

There were no injuries. Authorities said an oil furnace blew up.

About half the fluid milk consumed in the U. S. is by youths under 15 years of age and they comprise one-quarter of the total population.

Calls Red Venus Shot Terrifying

WASHINGTON (UPI) — Chairman Overton Brooks, D-La., of the House Space Committee said today there were "terrifying possibilities" in Russia's apparently successful attempt to send a satellite toward Venus.

★ ★ ★

Brooks pointed out that the Russian feat marked the first time a rocket had been fired from a space station in orbit around the earth.

"If they can aim this instrument-loaded satellite to Venus," Brooks asked, "how long will it be before they can aim a bomb-loaded satellite toward earth?"

Brooks, who has called for a "full discussion" on the Venus shot at a hearing Wednesday, said in an interview he had long agreed with the maxim that those who control space will control the earth.

★ ★ ★

Besides the possibility of future satellite bombs, Brooks saw the Soviet Union's Venus rocket as being a "major step" toward placing a manned station on the moon.

Prefer Sweet to 'Sick' Valentines

Youth Re-Discovers Age-Old Love

LONDON (UPI) —

A magic spell doth bind me fast
And make me love thee to the last
Let cupid then your heart incline
To take me for your Valentine.

Two hundred years ago today the first printed Valentines were delivered to their chosen ones by the lovers of 1761 with sentiments as sweet as those above.

And this St. Valentine's Day somewhat the same simple delight in courtship shines through the millions of cards being opened in millions of homes.

"I guess our young folks are re-discovering love—old-fashioned love," said Cyril Hayes, a director of the company responsible for the modern revival of the St. Valentine's Day custom.

★ ★ ★

"We still sell hundreds of thousands of what the Americans call the 'sick' cards. But this year there is a definite trend back to romantic verse in the 29 million Valentine's mailed in this country alone."

I dig you, man
It's you I crave.
Someday I'd like to dig—
Your grave.

"There were 2 million more cards sold this year than last," Hayes said. "The number has been rising every year since Lady Jeanetta Tuck sponsored the revival in 1926.

"Mostly, I think, these cards are affectionate. But, of course, there are always those who want to conceal the way they really feel behind 'sick' verse. Or those who genuinely regard it as an occasion for humor. We have to cater to all tastes.

I have but one request to make
This is all I ask
My valentine when next we meet
Wear a mask.

Handwritten Valentine's go back to the troubadours. In 1900 the printed ones were almost ridiculed out of existence by years of viciously, unfunny cards. Then Lady Tuck, recalling the delights of her youth, read her greeting card magnate husband some of the old sweet Valentines.

Remember me when this you see
And think of one who thinks of thee.

Says Ike Closed Gap in Missiles

GRAND RAPIDS (UPI)—Sen. J. Caleb Boggs, R-Del., last night credited the Eisenhower administration with "closing the dangerous missile gap" he said was inherited from the Truman administration.

Boggs brought up the controversial topic of a "missile gap" in a speech at the 74th annual Kent County Republican party's Lincoln Day dinner here.

Find Man Innocent of Pizzeria Break-In

A Circuit Court jury of one man and 11 women has found ex-convict Jay T. Stephens innocent of a charge of breaking into a city pizzeria in December.

Stephens, 32, of 90 Cottage St., was acquitted by the jury following a one-day trial. He was released.

Stephens was accused of breaking into Ricky's Pizza House, 819 S. Woodward Ave., on Dec. 28. Meat and coffee were stolen from the establishment.

They said they found Stephens' footprints near the building. Found walking nearby, he said he was on his way home after finding the bar in the pizzeria closed.

GTW Brakeman Recovering After Fall From Train

A Grand Trunk Western Railroad brakeman who fell off a speeding northbound c o m muter train as it passed through Bloomfield Township Friday evening is in satisfactory condition in St. Joseph Mercy Hospital.

John Wilder, 42, of 6224 Adamson Road, Drayton Plains, slipped off the train about 7 p.m. as it neared Square Lake Road. It wasn't until the train reached Pontiac that he was discovered missing.

An engine was sent out to retrace the route, and Wilder, a brakeman for the railroad 16 years, was discovered lying unconscious next to the tracks near Ted's Restaurant.

Wilder suffered a concussion, fractured jaw and facial cuts when he fell from the train, which at the point was estimated to be traveling 50 miles an hour.

Accused Slayer Sought

DETROIT (UPI)—Detroit police searched today for a man known only as "Jeep" for killing a grocery store owner during a $120 robbery.

★ ★ ★

"Jeep" was implicated in the fatal shooting last night of Solomon Caudill, 56, by his two confessed accomplices, Rayford Jones, 24, and the driver of the getaway car, Herbert Jones, also 24, no relation.

The two said they held up a grocery store earlier in the night and took $80. A few minutes later, they entered Caudill's grocery.

Rayford Jones said Caudill came at them waving his arms and screaming: "Get out of here! There's nothing for you to get here." At this point, Jones said, "Jeep" fired one shot, striking Caudill square in the face.

★ ★ ★

The three then fled in their auto, but were pulled to the curb by police a few blocks away. "Jeep" got on foot. The two Jones said they didn't know "Jeep's" real name or address.

★ ★ ★

Police said Rayford Jones has a long record of narcotics addiction. The other Jones has no prior criminal record.

County Departments Start Pleas for Funds

County departments today began pleading their cases for operating capital and personnel as the board of auditors held its first hearings in forming the 1962 budget.

About 25 departments will present their needs for the coming year, first before auditors, then the salaries committee of the board of supervisors, and finally the ways and means committee of the board.

The board will receive the result of these hearings in April in the form of the tentative tax allocation for next year.

To Seek Job Information in Special Head Count

Special questions, designed to obtain information on the work experience of Americans in 1960, will be asked in the February current population survey, it was announced today by Director John E. Thornidson of the Census Bureau's regional field office at Detroit.

The current population survey will be conducted here and in 329 other areas of the country during the week of Feb. 20. Local interviews will be carried out by duly accredited enumerators.

Reds Refuse to Vacate India's Land

NEW DELHI (UPI)—India announced today that it has failed to persuade Red China to vacate 12,000 square miles of illegally-held Indian territory and to give up claims to another 38,000 square miles of India.

An official report said last year's talks between India and China's Reds produced no significant change in the Communist stand.

The report also made it clear that Red China has designs on the strategic border states of Bhutan and Sikkim, traditionally part of India's "sphere of influence."

Westinghouse Men Get Salaries While in Jail

PITTSBURGH (AP) — Westinghouse Electric Corp. said today the salaries of two executives jailed for antitrust violations will be continued during their terms.

The executives, John H. Chiles Jr. and Charles I. Muntel, surrendered Friday to begin 30-day sentences in Montgomery County Prison, Norristown, Pa.

Westinghouse declined to reveal the executives' salaries.

Holds Top Job 2 Years

CARACAS, Venezuela (UPI) — President Romulo Betancourt set a record Monday by completing two years in office. He was the first elected president in Venezuela's 150-year history to serve so long.

Seek to Ease World Tensions

County Group to Hear of Consequences of Atom Weapons Tests

In a revitalized effort to support President Kennedy's program for easing international tensions, the Oakland County Committee For A Sane Nuclear Policy has called a public meeting at the Birmingham Community House, 380 South Bates St., Wednesday, at 8 p.m.

Dr. Otto Feinstein, editor of "New University Thought" and member of the faculty of Wayne State University's Montieth College will explore "The Consequences of Resumption of Nuclear Weapons Tests on Foreign Policy."

The committee pointed out that President Kennedy, in his inaugural address, said that "man holds in his mortal hands the power to abolish all forms of human poverty and all forms of life."

For this reason he issued the urgent request that "both sides begin anew the quest for peace, before the dark powers of destruction unleashed by science engulf all humanity in planned or accidental self-destruction."

The committee explained, "It is the purpose of the Birmingham meeting to unite Oakland County public opinion in full nonpartisan support for our new President in his vital task of easing international tension."

The steering committee includes Stanley Kurzman, chairman, and Margaret Kurzman, secretary, Drayton Plains; and Betty and John Houston and Roger Cuneo of Pontiac, South Oakland members include Dr. Morris Goodman and James R. Montgomery, Oak Park; and Dr. I. I. Kolman, Huntington Woods.

There is no admission charge. Coffee will be served.

Retiree Robbed of $15 by Man He Assisted

A suspect was held today in the $15 stickup Thursday of 66-year-old John W. Stevenson, a retired barber, in Stevenson's apartment, 100 Norton St.

Pontiac police said Donald L. Turner, 110 E. Pike St., had been identified by Stevenson and two neighbors who were in the apartment when the holdup took place.

Stevenson said that he had given the holdup man street directions in front of the apartment building at one point Thursday evening, only to find him ringing the door bell a little later with a gun in his hand.

U.S. Hampered Tracking Soviet Venus Rocket

WASHINGTON (UPI) — The United States has been hampered in attempts to track the Soviet Venus rocket because it transmits radio signals only when directed by Russian ground stations.

This was disclosed Monday by the National Aeronautics and Space Administration (NASA).

AP Photofax

END OF THE LINE — George Schadt, 71, is shown ready to feather the props of his 90-year-old pillow and quilt manufacturing business recently. "People just don't appreciate a quality comforter anymore," he said. Faced with the necessity of moving his operation from its downtown Detroit location under a civic redevelopment project, Schadt decided to call it quits.

Beer Workers Agree to Layoffs to Save Firm

NEW YORK (AP) — A union-management agreement has been made in an effort to save the Jacob Ruppert brewery from liquidation.

The plan, made public Monday, involves voluntary layoffs averaging 10 per cent of the work force. It is expected to cut the 93-year-old firm's labor costs by $1 million a year.

★ ★ ★

The union submitted the plan as a counter-proposal to one in which management proposed elimination of 48 jobs and a 10 per cent wage cut.

★ ★ ★

The brewery, which has lost more than $2.5 million since 1958 currently is embroiled in a stockholders' struggle. One group wants to keep the plant alive; the other wants liquidation.

★ ★ ★

The new plan calls for workers to take five-week layoffs during the year on a rotating basis.

It also provides that management personnel take salary cuts of at least 10 per cent.

New York Art Museum Sad to Admit Forgeries

NEW YORK (UPI)—The Metropolitan Museum of Art has confessed sadly that three major Etruscan sculptures which have thrilled laymen and intrigued experts for the past 30 years are forgeries.

★ ★ ★

James J. Rorimer, director of the museum, said Monday the works, so impressive that an entire room was devoted almost entirely to them, were the creation of a 20th century forger. They supposedly dated from about 500 B.C.

Report 27,467 Boats in County

Yearend Total Shows Michigan With Third of a Million Watercraft

A yearend report issued by James M. Hare, secretary of state, shows that Oakland County has 27,467 of the third of a million motorboats registered in Michigan.

★ ★ ★

"Total watercraft registrations, including 11,182 boats licensed by persons residing outside of Michigan for use in the Great Lakes state, reached 343,968 during 1960," Hare said.

★ ★ ★

"This is a watercraft decade," Hare believes. "As Americans get shorter work weeks and longer vacations many more will turn toward the water for their recreation."

Hare attributed much of the increasing boat registrations to the fact that watercraft has replaced automobiles as status symbols on many levels of American life.

"Michigan as the Water Wonderland should take advantage of this coming boom in boating," Hare said. "With expanding national freeway systems it is easy for millions of people living in lake-scarce midwestern areas to put their craft on a trailer, hitch it to their car, and roll on to our Great Lakes state."

★ ★ ★

The 11,182 registrations of watercraft owned by out-of-state owners include only those belonging to boat enthusiasts who do not maintain a permanent mooring location in Michigan. Boaters who own lake cottages or who have marina facilities are included in the county figure given above, Hare pointed out.

Bartlett Picks Team to Aid His Campaign

LANSING (UPI)—Lynn M. Bartlett, state superintendent of public instruction, Monday named a father-son team from Detroit to head the finance committee in his re-election campaign.

Named as chairmen of the committee were Thomas Donahue and his son R. Patrick Donahue of 18451 Mack. Both are graduates of the University of Michigan law school, Bartlett said.

World Car-Truck Output Topped 14 Million in '59

WASHINGTON (UPI)—World production of cars, trucks and buses topped 14 million in 1959, the U. S. Commerce Department reports. This brings the total number of such vehicles registered in the world to more than 119 million.

The 1959 world production figure was 14,283,066 units—up 22 per cent over the year before.

The U. S., the largest producer, increased production 30 per cent to 6,668,531 vehicles, West Germany was next, up 18 per cent to 1,767,585.

Road Widening Cause Advanced

Troy Officials Order Traffic Count Over 4-Mile Stretch

TROY—A proposal to widen a 4-mile stretch of Rochester Road moved ahead last night when City Commissioners authorized a traffic count between 16 and 20-Mile roads.

Commissioners also directed City Manager David E. Firestone to set up a meeting with the State Highway Department on the proposed widening.

The widening would extend from the proposed Walter P. Chrysler Expressway north to 20-Mile Road. The proposed width of Rochester Road has not been determined.

In other business, commissioners approved salary increases for the justice of the peace and the associate justice; the rezoning of property for a proposed $125,000 indoor skating rink; and a water main for residents along Westwood street.

Beginning July 1 the justice of the peace will receive a salary of $6,500 annually; the associate justice, $1,200 annually. The increases nearly double the present earnings of the justices.

The site for the proposed year-round skating rink was rezoned from industrial to general business. The property is on W. Maple Road just east of Crooks Road.

Property owners along Westwood St. will be assessed the cost of the installation of 1,200 feet of water main. Total cost of the project is $7,200.

The city manager also was directed to advertise for bids on two new police cars, workman's compensation insurance and limestone for road repairs.

Takes 2 Actions for Unemployed

Goldberg Follows Tour With Moves to Assist Jobless Areas

WASHINGTON (UPI) — Labor Secretary Arthur J. Goldberg has taken two new actions to help areas faced with critical unemployment.

Goldberg announced the two moves last night after reporting to President Kennedy on his weekend tour of depressed areas in Illinois, Indiana, Michigan, Ohio and Pennsylvania.

He said these steps would be taken:

—The Bureau of Employment Security, which compiles figures to determine whether areas have substantial unemployment, would report every month instead of every two months. Goldberg said this would get such areas on the list quicker so they could get federal aid.

—A new division will be set up within the Labor Department to deal with automation — the shift from men to machines — which has received part of the blame for unemployment problems.

Auto Mishap on Cass Sends Man to Hospital

A Pontiac man escaped serious injury early today when his car left Cass Avenue south of Oakland Avenue, and rolled down an embankment.

Larry Bolt, 20, of 82 Murphy St., who told police he lost control because of icy road conditions, was treated at Pontiac General Hospital for head cuts, suffered when he was thrown out of the car.

Ex-Pontiac Man in Holland Prison for Guilders Theft

A former Pontiac man and his European wife were sentenced to 30 months in prison today for robbing a Dutch farmer of 5,000 guilders ($1,500) in Alkmaar, the Netherlands.

★ ★ ★

An Associated Press dispatch said Joseph B. Lucasiewicz, 36, formerly of 158 Baldwin Ave., was given the maximum penalty asked by the prosecution.

He was described as a drug addict with a police record both in the United States and in Holland.

★ ★ ★

His wife of one year, Johanna Myer, 30, of the Netherlands was sentenced to 18 months for conspiracy. The two were convicted of bamboozling a rich farmer out of the money, Lucasiewicz stealing it as his wife distracted the victim's attention.

★ ★ ★

The couple had been ordered out of the country by Dutch authorities in May of last year, but later returned, apparently to steal the money for passage overseas.

Woman Is Injured in Two-Car Collision

Mrs. Donna Clark, 20, of 200 N. Lake Angelus Road was treated at Pontiac General Hospital last night for minor injuries suffered in a two-car collision at the Orchard Lake Avenue entrance to the Elks Temple parking lot.

★ ★ ★

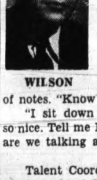
Jerry MeJeur, 41, of 2825 Landsdowne Road, Waterford Township, told Pontiac Police he was making a left turn into the lot and failed to see the oncoming car of Mrs. Clark's husband, Robert, 25, because its headlights were not on.

Thinks of Hong Kong Year After 'Walkout'

By EARL WILSON

NEW YORK — "It was just a year ago . . ." Jack Paar said. "Gee, I'd love to go someplace again . . . like Hong Kong . . ."

Sure enough, we had reached and passed the first anniversary of TV's Great Walkout—staged Feb. 11, 1960. But nobody leaped to bolt the door. Nobody believes Jack'll ever take that walk again.



WILSON

Alexander King and Hans Conreid were tossing a million dollars' worth of brittle small talk across Jack's private office desk at NBC. They had their overcoats on. It was half an hour before the taping.

"MCA keeps saying they can get me out a year ahead." Jack looked up from a sheaf of notes. "Know who keeps spoiling it? I DO!

"I sit down with Mr. Sarnoff and Mr. Kintner. They're so nice. Tell me I saved live TV. I jump up and say 'Well, what are we talking about quitting for?'"

★ ★ ★

Talent Coordinator Tom Cochran said it's customary for guests to meet Jack before the show and sort of loosen up.

In fact, Jack had talked to me reassuringly about my own part on the show.

"I want you to come off real good!" he said.

Jack put me on first, so I could get back to my nightclub tours quickly, and after I'd done my few minutes, I departed —but I remembered something he'd whispered to me, during a commercial.

"It's hot in here," he said. "And when they're too warm, they don't laugh. I freeze 'em!"

Soviets Planning on More Jaunts to Sister Venus

Scientist Sees Others Sending Back Data on Flora and Fauna

MOSCOW (UPI)—Russia plans to launch more rockets to Venus in the near future, a Soviet scientist said today.

Dr. Alexander Markov, writing in the newspaper Komsomolskaya Pravda, said the three-quarter ton space laboratory now speeding toward earth's sister "ushers in an era of interplanetary flights."

"There is no doubt that after the first rocket, others carrying automatic instruments will be sent to Venus," he said.

"They will transmit back to the earth information about the atmosphere of Venus, the composition of its surface, flora and fauna, if they exist on this mysterious planet."

Prof. Georgi Pokrovsky said in the trade union newspaper Trud that the satellite which formed the first stage of the launching Sunday was "very heavy and powerful."

★ ★ ★

"The sputnik that became a launching site for the rocket was of an extremely intricate design," he said. "The orbiting of such a structure is an unmatched achievement in Soviet rocketry.

Alexander Newsmeyanov, president of the Soviet Academy of Sciences, said in a Pravda interview that "the day is drawing closer when man will explore directly and develop planets."

As the interplanetary station sped along at 9,112 miles an hour on a journey that will take more than three months, Soviet scientists, journalists and politicians joined in triumphant praise of their Communist system which spawned it.

Tass news agency cited it as proof of the superiority of Soviet technological education over that in the West.

Space experts have felt for some time that using a space station in orbit around the earth as a launching pad might prove to be the easiest and most direct method of getting man to the moon.

Calls Red Venus Shot Terrifying

WASHINGTON (UPI) — Chairman Overton Brooks, D-La., of the House Space Committee said today there were "terrifying possibilities" in Russia's apparently successful attempt to send a satellite toward Venus.

★ ★ ★

Brooks pointed out that the Russian feat marked the first time a rocket had been fired from a space station in orbit around the earth.

"If they can aim this instrument-loaded satellite to Venus," Brooks asked, "how long will it be before they can aim a bomb-loaded satellite toward earth?"

Brooks, who has called for a "full discussion" on the Venus shot at a hearing Wednesday, said in an interview he had long agreed with the maxim that those who control space will control the earth.

★ ★ ★

Besides the possibility of future satellite bombs, Brooks saw the Soviet Union's Venus rocket as being a "major step" toward placing a manned station on the moon.

Crime Prevention Week

Don't Land in the Pokey!

By MAX SIMON

A foot race such as the Boston Marathon in Pontiac?

Absolutely not!

So decrees the city's law.

Anyone having anything to do with such endurance contests could be fined up to $100—plus a 60-day stretch in the Oakland County Jail.

What's more, you'd better not try flying a kite—at least, not on Pontiac streets.

That's illegal, too.

The penalty's not as stiff. A $2 fine plus five days in the pokey is the worst anyone could get.

★ ★ ★

The two city ordinances cited above aren't the only ones with which many Pontiac residents are unfamiliar.

★ ★ ★

Some persons break laws simply because they're unaware that such a law exists.

CRIME PREVENTION WEEK

Since this is Crime Prevention Week, the Pontiac Police Officers Association (PPOA) has compiled a list of little-known ordinances and ordinances which are frequently violated because their existence isn't known to the public.

It's been a long time since anyone has been prosecuted for violation of Ordinance 1013.

Passed by the city fathers in April 1943, the ordinance prohibits trespassing in or stealing from "victory gardens."

"Victory gardens," you'll recall, were encouraged during World War II "to increase the national food supply."

Local Area Churches to Mark Lent's Start

By MARY ANGLEMIER

Protestant and Catholic churches throughout the world will observe the first day of Lent tomorrow, Ash Wednesday. The 40-day season of Lent is, for the devout, a period of self-examinaiton and discipline in preparation for Easter, which falls this year on April 2.

Catholic churches and some Episcopal churches, priest and pastor will intone "Thou art dust and to dust thou wilt return," as they impose ashes from palms left over from the last Palm Sunday on foreheads of worshipers.

From this rite comes the name of the first day of Lent, Ash Wednesday. Traditional services will be held locally in Catholic, Lutheran and Episcopal churches. A number of other Pontiac area congregations will hold dinner programs and study sessions. In many churches social activities will be **curtailed.**

films from "This Is the Life" television series, will be shown at 6:45 p.m. on Ash Wednesday in Grace Lutheran Church.

A Lenten vesper service will follow at 7:15. The Rev. Richard Stuckmeyer, pastor, will preach the message based on the subject of the film.

The second showing of the film will be at 8 p.m. followed by a social hour in fellowship hall at 8:30.

ST. TRINITY

St. Trinity Lutheran Church will present the Cross and Crown Players of Detroit in a pageant entitled, "Christ in the Concrete City," at 7:30 p.m. Wednesday.

Services will be held each Wednesday evening during Lent, Pastor Ralph C. Claus says.

ST. VINCENT DE PAUL

Ashes will be given at St. Vincent de Paul Catholic Church following Mass at 6, 7:15, 8, and 11 a.m.; and at 3, and 7:30 p.m. A sermon will be preached at the evening service.

Stations of the Cross are scheduled at 7:30 p.m. each Friday during Lent.

Mass will be celebrated at 6:45 and 8 a.m. and at 7:30 p.m. at Our Lady of the Lakes Catholic Church, Waterford Township. Stations of the Cross will be at 7:30 each Friday during the Lenten season.

Blast Rocks Building

MANISTEE (UPI) — An explosion rocked the Wayne Mill & Cabinet Works Monday, blowing out all windows in the cement block building while machinery and equipment were charred by flames.

There were no injuries. Authorities said an oil furnace blew up.

Calls Economic Situation Urgent

Rayburn Says That Congress Will Move to Combat Recession

WASHINGTON (UPI) — Speaker Sam Rayburn said today after a White House conference that the nation's economic situation is at its "most urgent since the great depression" of the early 1930s.

★ ★ ★

Rayburn's statement came after President Kennedy, the Cabinet and the Democratic congressional **leaders held a general discussion** of the administration's antirecession proposals.

The speaker said Congress would "move ahead on these programs as fast as we can now that our committees are organized."

He said no new proposals were made at today's breakfast meeting which lasted less than an hour, but the situation was reviewed by Cabinet members, particularly Labor Secretary Arthur J. Goldberg.

★ ★ ★

The speaker said Goldberg, reporting on his Friday-through-Sunday tour of unemployment-plagued areas of five major industrial states, told the leaders "it was as bad or worse than he expected to find it."

Rayburn said that a statemefit which Kennedy plans to make at his televised news conference Wednesday evening will "be along the lines" of what the administration has proposed as a recovery program, stressing "the urgency of it and so forth."

Commerce Man Shot Entering Home by Wife

Woman Says She Was Playing Standing Gag With Shotgun

By DICK HANSON

A 50-year-old grandmother sobbed she didn't think the gun was loaded when she shot her 38-year-old husband last night as he entered their home in Commerce Township.

Mrs. Ernest Ragatz of 6089 Ashland St. was being held at the county jail today for investigation of second-degree murder.

She told sheriff's detectives she was only playing a standing joke, which she and her husband enjoyed together, when she shot him. Mrs. Ragatz claimed it was an accident that the 12-guage shotgun was loaded.

The blast struck Ragatz in the abdomen, bowling him over backwards, just after he had stepped through the door of their small, single-story frame home.

Death was instantaneous, according to Deputy Coroner Dr. Isaac Prevette. He fixed the time of death as approximately 7 p.m.

Mrs. Ragatz telephoned the sheriff's department at 7:05 p.m., crying hysterically "I've shot my husband."

First at the scene, Deputy Robert MacFarlane arrived at the Ragatz home within minutes.

He found the victim sprawled on his back just inside the door. Mrs. Ragatz was standing in the middle of the living room wracked with sobs.

The discarded shotgun had fallen to the floor about eight feet from the body. The chamber contained a single spent shell. Another shell was laying on top of the television set in the room.

★ ★ ★

Mrs. Ragatz had apparently tried to bandage the fatal wound with a towel.

According to deputies, Mrs. Ragatz told them she was sitting in a chair, next to the fallen shotgun, when her husband arrived home.

She told the officers she jokingly asked him if he wanted to "join our gun club," stated Detective Capt. Leo Hazen, who was heading the investigation.

"Then she said I told him 'I'm going to shoot you,'" said Hazen.

"GO AHEAD"

According to her Ragatz replied "Go ahead — it isn't loaded."

She said she pulled the trigger, not expecting the resultant blast that tore the life from Ragatz.

"Mrs. Ragatz told us this 'gun

Soviet Mob Angry About Lumumba

By STANLEY JOHNSON

MOSCOW (AP)—A howling mob of about 500 persons, largely foreign students, stoned the Belgian Embassy today in protest against the killing of Patrice Lumumba, deposed Congo premier.

Rocks and lumps of coal smashed almost all the windows. African students ripped off the green and yellow sign that said "Ambassade de Belgique", and carried it away.

The demonstration raged for three hours. The group opened the attack by breaking the glass front doors.

Only after the doors were broken did Soviet police intervene. A squad of about 12 prevented the mob from surging into the building.

Demonstrators carried signs denouncing the killing of the Congo's leftist ex-premier, reported by Katanga's government to have been slain by tribal villagers as he fled a farmhouse prison.

"We protest against the villainous murder of Lumumba," the banners said. "Shame on the imperialists—enemies of the African people."

PHONES OFF HOOK

At one point a small group of students was allowed by police to enter the embassy. They soon emerged.

All telephones within the embassy were off the hook and Ambassador Hippolyte Cools could not be reached for comment.

About 300 of the demonstrators were from Friendship University, the government's expenses-paid school for young foreigners.

Radio Moscow said Asians, Africans and Latin Americans were involved.

The rest were Soviet citizens who joined the students on their two-mile march from the university, a march represented as a spontaneous demonstration.

★ ★ ★

Soviet newspapers had blamed the killing on "Belgian aggressors," anti-Lumumba Congo leaders and U. N. Secretary-General Dag Hammarskjold.

The charges were echoed in resolutions adopted by the students before the march.

Radio Moscow said the resolutions were addressed to Belgium, the United States, independent African states and the United Nations.

"In the resolution addressed to the United Nations," the broadcast said, "the students note with regret that this organization is directly and immediately responsible for the premeditated murder of Patrice Lumumba."

The broadcast said the students demanded Hammarskjold's resignation and an immediate inquiry into the circumstances of Lumumba's death.

Fear Premier's Death to Spark Soviet Move

UNITED NATIONS, N. Y. (UPI) — Western diplomats expressed fears today that the death of Patrice Lumumba would give the Soviet Union an excuse to scuttle new United Nations' plans for the Congo and start pouring direct aid to leftwing rebels in the shattered nation.

U. S. Ambassador Adlai E. Stevenson, who had been trying to work out a new Congo solution in private talks with Soviet Ambassador Valerian A. Zorin and other U.N. diplomats, huddled with his aides here during an adjournment of the U.S. Security Council.

The council, which received news of Lumumba's death about an hour before its scheduled meeting Monday adjourned almost at once until Wednesday to permit private consultations between U.N. delegates.

The slaying of Patrice Lumumba took on an air of martyrdom and United Nations forces alerted their troops throughout the Congo against the possibility of mass reprisals by his leftwing supporters.

The Katanga government shrugged off world reaction to the death of Patrice Lumumba today and served notice it would not allow an enquiry commission to see his grave.

★ ★ ★

Reports of worldwide indignation at the death of the former Congolese premier appeared to have little effect on officials here.

Sources close to the interior ministry said today there was "absolutely no chance" Tshombe would receive Ethiopian Gen. Yiassou, who has been sent here to investigate the Lumumba case.

Yiassou is U.N. chief of staff in the Congo.

Had No Trouble Calling for Help After Accident

UNION (UPI)—Mrs. Pearl Barfel of rural Cassopolis had to make an unusual telephone call from a booth in front of a general store here.

She called the operator for help Monday when a car nudged the booth while she was in it, jamming the door so she couldn't get out.

The operator telephoned the sheriff's office at Cassopolis and the store operator, Mrs. Eugene Helmers, who pried the door free and got Mrs. Berfel loose by the time authorities arrived.

★

The car which hit the booth did not stop.

Smoke Fatal to Area Resident

A 58-year-old Birmingham man died early today after being overcome by smoke from a fire in his apartment.

★ ★ ★

The victim, Kingsley Purton of 1072 Wimbleton Drive, was found lying in an upstairs bedroom by Birmingham firemen shortly after 4 a.m.

Fire Chief Stanley Pepperell said he believes the fire, which caused an estimated $12,000 damage to the apartment and contents, started in an upholstered chair in a den on the lower floor.

Purton, who is the owner of Wimbleton Terrace where he lived, was given artificial respiration but was dead on arrival at William Beaumont Hospital, Royal Oak.

The fire was discovered by Purton's son Michael when he arrived home, according to Chief Pepperell.

Residents of neighboring apartments fled to safety. Adjacent apartments suffered minor smoke damage, the fire chief said.

Can't Demand Books of Teamsters' Locals

DETROIT (UPI)—U. S. District Judge Fred W. Kaess ruled today that Teamster President James R. Hoffa's local 299 in Detroit and also Local 614 in Pontiac, do not have to comply with government subpoenas requiring the locals to produce books and records for 1959.

The ruling was believed to be the first of its kind restricting the subpoena power of the U.S. Secretary of Labor under the Landrum-Griffin labor law enacted by Congress in 1959.

The law requires unions to submit periodic reports to the federal government on their finances and organizing activities.

Extra Food Demand Big; (No Ruling)

Additional employes have been put to work at the social welfare office to handle the increased demand for surplus food allotments, George H. Burt, department director, said today.

He said the demand for the food and general relief assistance "is as bad if not worse" than the heavy load which faced the office last month. Burt said unemployment was the cause.

As yet the department has received no directive either from the state or federal government for increasing the amount of surplus food allocations, as ordered by President Kennedy.

"Most of them are here to try and get the extra but we can't give it," Burt said.

He said some 30 persons were in line today seeking application for the surplus food.

Message Next Week

WASHINGTON (UPI) — President Kennedy's special message to Congress for federal aid for education won't go to the Capitol until next week, House Speaker Sam Rayburn and Rep. John W. McCormack, the House floor leader, made the announcement today.

Their Heart's Delight

VALENTINE TREAT — This young man may be wondering today, "Do you love me for myself or my cake?" Jerry Sanderson of 62 Delevan St. is a member of the boys' cooking class at Pontiac Central High School. He's putting the frosting on a special cake with a big red heart atop it. Teresa Goodwin of 950 Spence St. (left) and Mary Jane Hoard of 256 Judson St., are keeping close tabs on Jerry — and the cake. Rumor has it that he weakened, this being Valentine's Day, and split the cake with them.

Arguments Flare Over Four Waterford Liquor Licenses

More than 100 Waterford Township residents jammed the town hall last night to determine which four of 18 applications for new sale of liquor by the glass licenses would be approved by the township board.

In a heated discussion which began at 7:30 p.m. and lasted more than two hours, the board approved Class C year-around licenses for the Huron Bowl Bowling alley at 2525 Elizabeth Lake Road, Pontiac Lake Country Club at 4335 Elizabeth Lake Road, the Pontiac Lake Inn at 7890 Highland Road, and the Lakewood Lanes Bowling alley at 3121 W. Huron St.

Owner of one tavern, with a 9-month resort license, Thephil Dobski, 7960 Cooley Lake Road, objected strenuously to the board's action in awarding two new Class C licenses, maintaining he wanted his license changed to a year-around Class C.

Dobski said, "I think the board members are showing discrimination in issuing these licenses, and not reclassifying my resort license to Class C." He objected to the only other resort licensees, Pontiac Lake Inn and Pontiac Country Club, being reclassified when he wasn't. He was supported by a nonaffected onlooker, Glen Dixon of the Lorraine Manor subdivision, who was interested in a street light hearing.

"I don't think Dobski is getting a fair deal," he said.

RECLASSIFIED EIGHT

The township board also reclassified eight tavern licenses of Class C, bringing the total number to 12 new establishments that may now serve liquor by the glass for the entire year. Taverns' licenses only permit sale of wine and beer by the glass.

Clerk James Seeterlin said, "You all must understand that it puts the township board in an unfavorable position to be required to determine just which of the four available Class C licenses will be approved."

He explained that due to the township's rapid population growth, it may now have 31 establishments that serve year-around liquor by the glass. There were already 19 such licenses in the township, and last night's action brings the total figure to the maximum.

The 31 could include either tavern or Class C licenses. The upgrading of tavern licenses, therefore, did not affect the number of totally new licenses that would be issued. After last night, there are no longer any tavern licensees in the township.

Anyone wishing to apply for the vacated resort licenses must now first contact the State Liquor Control Commission at Lansing, then approval must be made by the Township Board, members told the group. The township has no authority to issue resort licenses.

Nation's Weather Growing Dull, Fairly Mild

By The Associated Press

The nation's weather showed only minor changes today, with only scattered areas of precipitation and fairly mild temperatures in many sections.

★ ★ ★

More rain fell in the drenched areas along the Southern Oregon coast with the wet belt extending into Northern California. Showers sprinkled sections of Idaho, with snow flurries in the higher elevations.

Snow flurries also peppered the upper and lower Great Lakes region and in parts of Pennsylvania and New York. Strong winds were reported in some areas. Fog shrouded sections of the Atlantic Coast states, with light rain in some places.

No severe cold was reported but it was chilly in Northern New England and in the extreme Northern Plains. Temperatures were in the teens and lower.

★ ★ ★

The 20s and 30s prevailed from the northwest Plains through the Great Lakes region and in parts of the middle and North Atlantic states.

★ ★ ★

Mild winter weather continued in most of the South, with early morning readings in the 50s and 60s.

Promote Police in Waterford

Township Board OKs Reorganization Asked by Chief Pender

The Waterford Township Police Department moved a step forward last night when the Township Board approved a change of command among police personnel as requested by Chief Millard J. Pender.

Lt. William Stokes was advanced to captain; Sgt. Frank Randolph was made a uniformed lieutenant; Patrolman David Putnam was named detective; and Patrolman Charles Griffith, was advanced to sergeant. All will receive small pay increases effective Feb. 28.

Pender had requested the change saying, "We need to organize a change of command as we are having problems similar to large cities." He assured the board that all patrols will be maintained.

In other business, there were no objectors at a hearing for the establishment of a special street light district in the Lorraine Manor subdivision. Each of the 171 assessments will pay $4.16 annually for twenty-five 7,500-watt bituminous lights, and the one 6,000-watt bituminous light.

★ ★ ★

The board authorized the purchase a $585 two-way radio for a police car.

Supervisor Elmer R. Johnson told the board that a traffic light will be installed at the corner of Silver Lake Road and Walton Boulevard.

The board approved the appointment of Frederick Stitz, Vernon Witherspoon, Lloyd Busch and Elmer Bauer as reserve patrolmen. They will receive $1 a year salary.

A request of Oval R. and Jessie Whitaker to transfer location of their SDM liquor license from 6465 Williams Lake Road to 500 feet east of the present address was approved.

A request of Fire Chief Elmer Fangboner for a new $290 commercial door installed on fire station No. 1, garage was tabled for further consideration.

William J. Jenkins in Car-Tree Crash

A 27-year-old father of two was critically injured last night when his car crashed into a tree in Independence Township, not far from his home.

William J. Jenkins of 4169 Lotus Drive, Waterford Township, remained on the critical list today at Pontiac General Hospital.

He suffered head and internal injuries and fractures of both legs in the crash.

Jenkins was unable to tell deputies why his car rammed the tree alongside a straight stretch of road.

A passerby discovered the crash at 7:40 p.m. and notified the sheriff's department. Jenkins was alone in the car when the accident occurred.

Shotgun 'Joke' Kills Commerce Husband

(Continued From Page One)

club' bit was a standing joke between her and her husband," said Hazen, and that they had enacted the scene on several occasions before, since she gave her husband the shotgun for his last birthday in April.

She said she took the gun from the corner of the living room where Ragatz had left it leaning against the wall after returning from rabbit hunting Saturday.

Other times when Mrs. Ragatz or her husband had played their joke on each other, the weapon had been unloaded, she told detectives.

Also, there was the shell on the television set, which led her to believe it had been ejected from the gun by her husband, said Mrs. Ragatz.

DOESN'T JIVE

According to the assistant county prosecutor handling the case, Robert Carr, Mrs. Ragatz account of the slaying in her formal statement did not match completely what she is supposed to have told detectives and deputies earlier.

★ ★ ★

Carr claimed Mrs. Ragatz made no statement to him regarding any conversation between her and husband before she shot him.

★ ★ ★

Also, he said, Mrs. Ragatz allegedly told deputies she had argued with her husband before the slaying. She later denied this in talking to detectives, according to Capt. Hazen.

★ ★ ★

Carr said he intended to have Mrs. Ragatz undergo a polygraph (lie detector) test at Lansing today, before any warrant is issued.

Mrs. Ragatz' son by a previous marriage, Dale Gass, 33, of 865 Commerce Road, told detectives his mother had begn "flying off the handle lately," but that he had credited it to her undergoing her change in life.

★ ★ ★

Gass had left his three children in their grandmother's care earlier in the day, returning to pick them up several hours before the shooting. He said he hadn't noticed anything strange about his mother's behavior at that time.

The victim had been to see his physician in Pontiac before returning home, said Gass.

Ragatz was employed as a truck driver for the Motor Car haulaway company in Pontiac. He had a heart condition.

12 GRANDCHILDREN

The Ragatz' had no children as the result of their marriage. She has three grown daughters besides her son, by a previous marriage which ended in divorce over 10 years ago, and 12 grandchildren.

Neighbors described the Ragatz as a quiet couple.

★ ★ ★

The closest neighbors, Mr. and Mrs. George Pollington of 6095 Ashland St., said they were home at the time of the slaying but hadn't heard any shot.

"We frequently enjoyed a cup of coffee with Mr. and Mrs. Ragatz . . . they seemed such a congenial couple," said Pollington.

NATIONAL WEATHER — Precipitation tonight is expected over the northern Plains and northern Rockies in the form of snow with rain and snow mixed over the northern and central Plateau and rain over the Pacific coast from central California northward. It will be warmer in the central Plains; cooler in the northern and central Appalachians.

The Day in Birmingham

N. Woodward Parking Lot to Be Started in Spring

BIRMINGHAM — Construction of the Island View Parking Lot on north Woodward is expected to begin in early spring with the confirmation last night of the assessment rolls by the City Commission.

Merchants benefiting from the $135,000 parking area will be assessed 92½ per cent of the cost and the city will pay the remaining 7½ per cent.

Confirmation of the assessment rolls had been scheduled for Jan. 23 but was adjourned until last night after an attorney for one of the participating property owners died.

Commissioners in another action accepted bids on two new police cars from Birmingham Rambler, Inc.

The total cost of the two cars, with trades, is $1,758. The vehicles purchased are Rambler Ambassadors.

The Birmingham firm was the lowest of 11 bidders.

Faces Charge of Treason

Allegedly Entered Yard in Mississippi Where N-Subs Are Built

PASCAGOULA, Miss. (UPI) — A 36-year-old Mississippi man has been charged with treason for allegedly entering a shipyard here where nuclear submarines are constructed.

★ ★ ★

Robert G. Hill was brought into City Court here Monday charged with trespassing, but Judge Robert Oswald changed the charge to treason and bound the man over for grand jury action under $5,000 bond.

Hill is accused of entering the Ingalls Shipbuilding Corp. The night of Jan. 14, where a guard shot him in the leg.

The treason charge was brought under a state law which makes it treasonable to tamper with property where such action might interfere with defense efforts.

★ ★ ★

Hill, in a separate action, has a $150,000 suit pending against Ingalls and the guard as a result of the shooting.

Children Out of Hospital After Pontiac Accident

Daniel Dunnam, 8, and his sisters, Paula, 5, and Janice, 11, children of Daniel W. Dunnam, 43, of 160 Collier Road and his wife, Erma, were all released from Pontiac General Hospital yesterday afternoon after treament of minor injuries suffered when a car struck the rear of their parents' vehicle on Joslyn Road just north of Upland Street.

The other driver, Roy E. Bundsen, 43, 1430 Joslyn Road, told police he couldn't stop in time after Dunnam pulled his car to the curb and stopped to take on a passenger.

Mayors to Travel Far

LANSING (UP) — Mayors of Oak Park and Calumet — cities more than 400 miles apart—will trade jobs for a day on May 23, Mayors Exchange Day in Michigan.

Detroit Area Goes Dry

DETROIT (UPI) — A 48-inch water main broke early this morning and left thousands of persons on Detroit's Northwest side and in northern suburbs without water for a short time.

The Pilgrim Fellowship of the Congregational Church of Birmingham will have a "Workday" Saturday from 9 a.m. to 5 p.m.

Any odd jobs such as snow removal, basement and attic cleaning and baby-sitting will be done by the Fellowship.

Money earned from the project will go towards the group's Spring trip fund. Area residents can phone their jobs into the church office.

Mrs. Walker S. Smith

Service for Mrs. Walker S. (Ada A.) Smith, 99, of 954 Suffield St., was to be held today at 3 p.m. at the Manley Bailey Funeral Home with cremation at White Chapel Memorial Cemetery.

Mrs. Smith died Sunday following a long illness.

A native of Louisiana, Mo., she had made her home here with a nephew, Draper Allen, the last 18 years.

She was a member of the Disciples of Christ Church in Missouri.

Surviving are a brother and sister.

Plans Business Tax Legislation if It Is Merited

MUSKEGON (UPI) —Sen. Clyde Geerlings, heading a legislative committee opening hearings on the loss of the Norge Refrigerator Plant to Arkansas, said today the committee will introduce legislation on taxes or business incentives if such legislation is indicated by the hearings.

Geerlings, R-Holland, was questioned by newsmen about the purpose of the committee investigation just before the six-man group started taking testimony from officials of Norge, the local union, and Muskegon-Muskegon Heights civic officials.

If we come up with anything that looks conclusive we will introduce legislation," Geerlings said.

★ ★ ★

"It may not be possible to pass the legislation in the time left in this session. But, at least if it is introduced we can hold further hearings on the legislation and determine just what kind of laws are needed," he said.

Tells Manager to Talk Drain

Madison Heights Agrees With Troy Twelve-Town Project Get Started

The Madison Heights City Council last night agreed to a proposal by Troy officials that the 12-Town Drain agreement be negotiated by city managers of the municipalities involved in the project.

★ ★ ★

The Madison Heights Council authorized City Manager Richard W. Marshall to meet with the city managers of the other communities in an effort to get construction of the drain under way.

Troy Commissioners, who suggested the negotiations between city managers at their Jan. 30 meeting, are anxious to avoid delay in both the 12-Town Drain and the Dequindre sanitary sewer interceptor.

Delay is threatened because Madison Heights councilmen earlier voted to take their grievances over the city's 12-Town assessment all the way to the U.S. Supreme Court.

Marshall said today he thinks some common ground could be reached by city managers without taking the case to the high court.

★ ★ ★

All other South Oakland County communities in the 12-Town Drain project except Oak Park and Southfield have indicated that they will try to reach an agreement through their own city managers.

(Continued From Page One)

had to enforce recently was passed in 1876.

That one prohibited bathing or swimming in the Clinton River "within public view from 6 a.m. to 8:30 p.m. unless suitably clothed."

What "proper clothing" meant in 1876 —and what it means now, leaves police baffled.

All they'll say is that there is a difference.

PASSED IN 1865

The oldest city ordinance on the books was approved in March 1865.

It provides that the "penal sum" of $10 —and/or 20 to 90 days in jail — be the sentence for anyone daring to break a lantern, lamp post, or any public lighting fixture.

The second oldest ordinance provides penalties for those failing to keep sidewalks clear of snow and dirt.

The ordinance, passed in 1867, calls for a $10 fine and up to five days in jail.

Frequently-violated ordinances prohibit the posting of bills, signs and ads on telephone poles; make it unlawful for anyone under 18 to have air guns, sling shots, air pistols, and bows and arrows; and prohibits the burning of leaves and rubbish on streets and alleys.

Another ordinance with which many persons are unfamiliar orders motorists — and pedestrians — to stop when a person with a white cane—the symbol of blindness—approaches.

For littering the streets with paper, a person can be fined $100 and up to 60 days in jail.

During the summer, it's illegal to use water to sprinkle lawns between 8 a.m. and 9 p.m. on any day except Sunday. For breaking the rule, a waterer could end up paying $100—and serve up to 90 days in jail.

NO BANG-BANG

Selling fireworks is also against the law. (Caps and sparklers can be sold—after a license is obtained from the City Clerk's Office.)

And there's a curfew ordinance.

Children under 16 between April 1 and Sept. 30 must be off the streets by 9 p.m. —and by 8 p.m. the rest of the year.

★ ★ ★

The penalty for violating this is $50 plus court costs, plus up to 30 days in jail. Negligent parents can be punished under terms of the curfew ordinance.

Pushing for Death of Slayer

OTTAWA, Ill. (UPI) — The state pressed for the death penalty against accused triple slayer Chester (Rocky) Weger today with photographs of three women's bludgeoned bodies near a snowbound cave at Starved Rock State Park.

Prosecutor Robert E. Richardson said the pictures, taken shortly after bodies of three Chicago Matrons were found 11 months ago today, would show the "bodies as well as the surrounding area of the murder scene."

He indicated the pictures would be introduced through testimony from police investigators who took the stand in the second day of state's testimony against the 21-year-old father of two and former dishwasher at Starved Rock Lodge.

Richardson's heavy barrage and unmasked descriptions of the March 14, 1960 slayings drew rapt attention from the jury of seven women and five men.

HOW MUCH INCOME WILL YOU HAVE 10 YEARS FROM NOW?

These facts may help you revise your estimate upwards

Millions of American families nowadays have more income because they're acquiring good common stock. Most of these shareowners invest modest sums, since they earn well under $10,000 a year.

Stock makes you part owner of a corporation. You can share in its profits through dividends. If the company prospers, your dividends may grow—and the value of your shares can increase. In this way you can help provide for those important expenses that will grow as your children grow.

But not *every* business will prosper. Some will be out-stripped by competitors. Stock prices go down as well as up. So invest only money you don't need for living expenses or emergencies. And invest only on facts—never merely on an enticing rumor.

Here's a free booklet of wonderfully useful facts. For example: The records of some 460 stocks that have paid a cash dividend every year for 25 to 113 years. A list of stocks that have been paying progressively higher dividends recently. A description of a plan through which you can acquire shares in famous companies by investing out of income with as little as $40 every three months or as much as $1,000 a month. And much additional valuable information. Let the coupon bring you a free copy of "DIVIDENDS OVER THE YEARS."

Ever taken a few minutes to call on a Member Firm of the New York Stock Exchange? You'll receive a friendly welcome there from a Partner or Registered Representative. Only in a Member Firm will you find Registered Representatives who have had to meet the Exchange's qualifications for knowledge and experience. When you're getting his advice—no charge—ask whether the relatively stable income of preferred stock or bonds would suit you better.

After you've become an investor, make another guess about your income in 10 years. Your estimate will be bigger. Start now with this coupon before you forget.

Eames to Head Division of 'Y' Expansion Drive

DAVID B. EAMES

David B. Eames, president of Eames & Brown, Pontiac plumbing and heating contractors, has accepted the chairmanship of the business division of the Pontiac YMCA expansion program campaign.

★ ★ ★

Eames' appointment was added to the growing list of civic leaders identified with the "Y" project by Robert M. Critchfield, general chairman of the drive to raise $650,000.

A former member of the board of directors of the YMCA's Camp Mahn-Go-Tah-See, Eames has been active in Pontiac Area United Fund campaigns and other civic projects.

A member of the Pontiac Kiwanis Club, he lives at 43 Cherokee Road.

The business division will be responsible for the solicitation of 300 downtown business firms. Eames plans an organization of seven teams with a total of 50 men.

Critchfield announced that payment of subscriptions may be spread over three years, thus allowing the benefit of four tax years. Contributions are deductible from income tax.

Actual solicitation of funds will start at the end of March.

Eye Beefed-Up Social Studies

High School Principals Told Stress Needed in This Area

DETROIT (AP)—Unless the students of today learn to live in the world of tomorrow they face annihilation in a global holocaust.

★ ★ ★

High school principals from across the nation accepted this grim premise today in considering sweeping proposals for greatly strengthened programs in the social studies.

★ ★ ★

A position paper submitted by a special committee of the National Association of Secondary-School Principals, convening here, put it bluntly.

"Preparing students for living in this and the 21st century demands a kind of social studies instruction which their parents and teachers never experienced," the committee said.

★ ★ ★

"The very existence of mankind today depends upon man's control of his social environment. Man must use his vast new sources of power for constructive purposes. The alternative is the creation of a global holocaust."

The term "social studies" is usually interpreted to mean such subjects as history, geography, economics, sociology, civics and the like. All deal, in general, with man's relations with his fellow man.

'A-One, A-Two' Waterford Folk 'Band' Together

Some 15 Waterford Township residents have found they can "make sweet music" playing instruments together, and have encouraged others to attend tonight's second Civic Band meeting at 7:30 p.m. in Pierce Junior High School.

Last week, a call went out from the Waterford Recreation department, announcing the formation of the new community band.

To the surprise of band director Gene Preston, the 15 residents showed up with their instruments, were given music and started playing "like troopers," he said.

The band is for adults who have had some instrumental music training, particularly those who have played in a high school band.

Stuck With 15 Women in Grand Rapids Elevator

GRAND RAPIDS (UPI)—Fifteen women and one man attending an open house at the Brown Home stayed longer than they had planned.

An elevator stalled between the first and second floors of the East Side building when a transformer burned out Saturday. They were stranded 25 minutes before managing to crawl through an opening in the elevator and down a ladder.

Set Jaycees' Seminar

LANSING (UPI) — A public affairs seminar for members of the Pontiac Junior Chamber of Commerce will be held March 11 in East Lansing. Tentatively scheduled to appear on the platform for talks and discussions were Gov. John B. Swainson, University of Michigan tax expert Harvey Brazer and other officials and experts.

U. S. Rubber Lets Out 4,000 for One Week

DETROIT (UPI) — Some 4,000 U. S. Rubber Co. employes were laid off for one week today at the company's Detroit plant.

The company said the layoffs were the first by U. S. Rubber in more than a year and were necessary to balance inventories.

Quiz Contractors Over High Costs of Missile Pads

WASHINGTON (UPI)—House investigators today sought more opinions on why costs of missile launching pads are zooming and why construction of the installations is falling behind schedule.

Defense contractors told a House appropriations subcommittee behind closed doors Monday that shifting Air Force specifications were responsible for the increasing costs and the delays.

Subcommittee sources said Air Force and Army officials would be called to give their side of the story. But the inquiry was conducted in such secrecy that no witness list was made public.

Friday Day of Prayer

LANSING (AP) — Gov. Swainson has proclaimed Friday World Day of Prayer in Michigan. The interdenominational activity is aimed at stimulating prayer and raising funds for missionary work, said a spokesman for the United Church Women of Michigan.

Will Unveil Huge Picture of Williams

LANSING (AP)—G. Mennen Williams is gone from the Capitol, but visitors soon will be able to view a larger-than-life-sized likeness of the former governor in the Statehouse Rotunda.

An eight-by-six-foot portrait of the six-term governor will be unveiled at a public ceremony in April, said Lawrence L. Farrell, who was Williams' executive secretary for 10 years.

The artist is John S. Coppin of 4391 Echo Road, Bloomfield Hills, probably Michigan's best known portrait painter. He is putting the finishing touches on the Williams painting at his studio.

Hoffa's Attorneys Ask Florida Suit Be Killed

ORLANDO, Fla. (UPI)—Attorneys for Teamsters Union President James R. Hoffa waited until the last day to ask that charges be dismissed that he misused union funds in a Florida land development.

Acting on the deadline Monday, they filed a 28-page document in U.S. District Court charging that the grand jury which indicted Hoffa and his two associates was selected by state law, not federal law, and should be declared void.

Lawmakers Eye Taxes

Lansing Girds for Work

LANSING (UPI) — Lawmakers reported back to Lansing today with Democrats ready to introduce more elements of Gov. John B. Swainson's legislative program.

★ ★ ★

The governor's controversial fiscal revision tax package probably won't be ready for at least two weeks, however.

Republican lawmakers were handed the tax question and told to run with it by the chairman of the GOP State Central Committee Monday when candidates for office in the spring election met in Lansing to map strategy.

"The Republican tax program will be developed by the legislature and not by the State Central Committee or these (spring election) candidates," GOP Chairman George Van Peursem told newsmen.

A statement of election issues released by Van Peursem said Michigan's "economic climate must be examined in detail and a comprehensive program of action offered."

★ ★ ★

But the statement took no firm position on the Swainson tax program, which includes a personal income tax, a corporation profits tax, tax relief for business and lifting of the sales tax on food and prescription drugs.

"I wouldn't want to infringe on the legislature's responsibility."

COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

Exciting day when your toddler turns traveler, but remember in his free-wheeling he's subject to a lot more household hazards. A few measures to safety-proof the house:

- Cleaning compounds and the like should not be stored in close-to-the-floor cupboards. Medicines should be locked up.
- Cigarettes, matches and especially lighters should be kept well out of reach.
- See that toaster, iron and other cords are not left a-dangle.

•

Big news for the likes of tykes. Gerber Cookies for toddlers now come in enchanting animal shapes.

Crispy, crunchy horses, rabbits, ducks, dogs and cats . . . fun to eat, fun way to learn animal names. Gerber Cookies have twice as much protein as most cookies, plus B-vitamins in the icing.

•

Tasty teammates: Gerber Cookies and one of the 6 Gerber juices. How about the new Apple-Cherry Juice enriched with vitamin C?

Color cue means safety, too! Bright-colored outdoor toddler's togs make it easy to spot your Gulliver. Tiny tinkle bells, tied to belt or buttonholes, make it easy to hear the wanderer.

•

Match trick. If you've more than one tot in the house, matching sock-sizes can be a real time waster. Why not initial socks on the soles with indelible ink to speed sorting time?

•

Why is 40 plus a magic number? It's the number of varieties of good-tasting Gerber Junior Foods. Everything from vegetables to meats, fruits to desserts, vegetable-meat combinations to high meat dinners. All designed with your baby's pleasure and nourishment in mind. Flavors sing, and the evenly minced texture is easy to chew; paves the way for the transition to table foods. Gerber Baby Foods, Fremont, Michigan.

Wed in Cranbrook Rite

Bermuda is the honeymoon destination of Dr. Theodore A. Watson of Bloomfield Hills and his bride, the former Le Ann Ostoby of Douglas, N.D., who were wed Saturday evening in Christ Church Cranbrook.

The Rev. Lester Dohyrs officiated at the double-ring candlelight ceremony.

The bride's parents are Mr. and Mrs. Ole Ostoby of Douglas, and the bridegroom is the son of Dr. James E. Watson of Pembroke Drive, Bloomfield Hills, and the late Mrs. Watson.

MRS. THEODORE A. WATSON

A reception in his home followed the nuptials.

Styled along princess lines, the bridal gown of white silk chiffon velvet featured an Empire bodice trimmed with re-embroidered Alencon lace starred with seed pearls. The soft fullness of the skirt cascaded into a chapel train.

The cathedral length veil of silk illusion was held by a crown of ribbon velvet. Gardenias and stephanotis comprised the bridal cascade.

★ ★ ★

Mrs. David Birkholz of Garrison, N. D., attended her sister as matron of honor wearing barberry green lace sheath over satin, with elbow-length sleeves of satin.

Robin Lau of Bloomfield Hills, niece of the bridegroom, as junior bridesmaid, appeared in ankle-length white nylon chiffon styled with scoop neckline and cap sleeves.

Both attendants carried cascades of white roses.

★ ★ ★

Dr. James Edwin Watson Jr. of Detroit stood as best man for his brother. Guests were seated by Dr. Henry Winkler of L'Anse, Ralph Garlick of Wing Lake and Jerry Brackett of Detroit.

Among the guests were Mrs. James J. Foree of Mountain Home, Idaho, and the Fred Mohns of Chicago, sisters and brother-in-law of the bride; also David Birkholz of Garrison and the William Meyers of Charleston, S.C.

To Beaux and Belles: Declare Love Today

By MARJORIE EICHER
Women's Editor
The Pontiac Press

Valentine's Day may soon rival Christmas as the postman's busiest season. It is estimated 150 million Americans will have sent their declarations of love and friendship winging through the mails this Feb. 14.

Is this sentimentality an anachronism in the space age? Not at all, say greeting card manufacturers as they promote their wares. Americans have always been a gregarious and sentimental people, and what better way, say they (with an assist from florists, perfumers and candymakers) to brighten the February scene than with a flood of traditionally bright expressions of devotion?

★ ★ ★

Nobody is really certain who started Valentine's Day. It has no real connection with St. Valentine in a religious sense and yet it is celebrated on his feast day.

This year Valentine's Day falls on "Fat Tuesday"—the last day of carnival and merrymaking before the onset of Lent's austerity. In Latin countries where carnival is held earnestly, the double feast invites double celebration.

SELECTING A MATE

Some say St. Valentine's Day stems from the ancient Roman festival dedicated to Lupercus, the god in charge of keeping the wolf from the door. At the feast of Lupercalia, young people drew game partners for the coming year and this may have started the whole idea of a day devoted to selecting a mate.

A glance at history shows that lovers have expressed their affection in many off-beat ways. In the Middle Ages, for example, the cautious beau hid his love message in a hollow tree. Wonder how his lady love found it!

The English lass who wanted to dream about her future husband ate a hard-boiled egg before going to bed, and fastened bay leaves to her pillow.

While, to make an impression on a sheik, Arabian girls tied love knots in his riding whip. Dutch boys, as a prelude to courtship, snatched a young lady's rain cap and ran off with it.

In the days of elegant King Charles II, ladies participated in yearly Valentine lotteries and received gifts from the gentlemen whose names they drew.

HOSE AND GARTERS

History tells of a certain Miss Stuart who one year drew the Duke of Richmond's name and received a jewel worth four thousand dollars from him. The following year, failing to draw royalty, she got a ring worth a mere $1,500. Practical and frugal diarist Samuel Pepys participated in these lotteries but gave only green hose and garters to his fair lady.

★ ★ ★

As might be expected, the romantic French elevated Valentine writing to an art, while the conservative English published a practical guide to composing sweet verses.

★ ★ ★

Owls and sparrows have played their part in the day devoted to lovers. Couples were supposed to stalk and catch these birds before sunrise. According to authorities, the owl stood for wisdom and the sparrow for modesty, both proper ingredients for wedded bliss. No one knows if any searching beau or belle ever caught his bird, but most of them usually caught a mate.

The "beat" card with the vitriolic sentiment has replaced the comic valentine on the American scene. Not to be outdone by any commercial sentiment, we hipsters here on the Woman's Page at The Pontiac Press say from our pad on Huron Street:

Cool reader, we'll be yours
From here to Endsville and return
If you'll dig our copy deadlines,
Then to write your news we'll yearn.
Be it far-out, mixed or crazy—
Like man, we'll know you're beat
If you'll print and double space it,
Make like a square and be real neat!

British Paper Begs Pardon of Liz Taylor

LONDON (AP)—The Daily Mail apologized to Elizabeth Taylor today and agreed to pay her a "substantial sum" for saying the movie "Cleopatra" had to be postponed because she was too plump to go before the cameras.

★ ★

Miss Taylor sued the paper for libel after publication of the article last Oct. 11. The amount of money she received was not disclosed.

★ ★ ★

Miss Taylor's lawyer said the Mail's story "was particularly distressing since at the time Miss Taylor was seriously ill."

The Mail's attorney said the fact of Miss Taylor's illness "was not known to the defendants at the time when the offending article appeared."

★ ★ ★

Shooting of the film has been repreatedly postponed because of Miss Taylor's health. She has been diagnosed as suffering from a bad tooth, a virus ailment, and meningism, a condition affecting the membranous envelope around the brain.

WELCOMED INTO TROOP—Cub Scout John MacGregor (left) is officially welcomed into Clarkston Boy Scout Troop 134 by Scoutmaster Dave Dorsick at "graduation" ceremonies during the Blue and Gold Banquet Saturday of Cub Scout Pack 181. Also taking part in the proceedings were (from left) John's brother Hugh and Gary Schroeder. Mrs. Virgil Van Horn received the coveted den mothers award.

Youth Assistance Office Handles 235 During '60

A recent report of the Pontiac Youth Assistance Office shows that during 1960 some 235 individual cases involving juveniles were handled by the office.

Of these, 216 were newly-referred while the remaining 19 were cases transferred from the previous year.

★ ★ ★

Of the cases brought to the attention of the office, 177 were closed last year.

George P. Caronis, executive secretary said 147 cases referred to his office involved delinquent behavior, 50 involved social problems, and 19 were neglect cases.

Sources of referral were the Pontiac Police Dept. (149 cases), schools (33), parents and relatives (26) and other public and private agencies (8).

★ ★ ★

Caronis reported that 44 of the youths were accused of thefts, 34 had social problems, 31 were found to have family trouble, 29 were truant from school, and 25 were in trouble for burglaries.

Twenty-one had been neglected, 17 had maliciously destroyed property, seven committed sex offenses, four stole cars, and four committed arson.

Caronis said that the youth assistance program, set up in September of 1959, fills a gap between community and court services regarding the prevention, treatment and control of juvenile delinquency.

"Without the intervention of the youth assistance office, many of these children may have come to the attention of the juvenile court where they would have acquired a record," Caronis said.

The purpose of the program is to enlist, coordinate and unite all available community resources to help combat the delinquency problem, Caronis said.

A-Clock Ticks Billion Times Each Second

BOULDER, Colo. (UPI) — The world's most accurate clock ticks and tocks 9.2 billion times a second.

★ ★ ★

The frantic time piece was built by the National Bureau of Standards (NBS) in Boulder. It's accurate to the millionth part of a second.

But the Bureau of Standards isn't quite satisfied. It hopes to improve its clock so that instrument error is reduced to no more than one part in 100 billion.

A fine mechanical chronometer will run three years, losing perhaps a tenth of a second—good enough for the pre-atomic age.

But to track missiles and satellites, radar stations have to synchromize down to millionths of a second.

★ ★ ★

The atomic clock was the answer. The "ticks" in the newest and best one are the vibrations of cesium atoms.

The "dial" is complicated electronic instruments which record these ticks 10 times more accurately than could be done in previous atomic time pieces.

★ ★ ★

The cesium clock was built by the Atomic Freguency and Time Standards Section of the NBS lab, under the direction of Dr. Richard C. Mockler.

All measurement of time is based on the frequency with which something happens. In a grandfather clock a pendulum swings through its arc twice a second. In an ordinary wristwatch, the balance wheel ticks back and forth five times a second.

Before there were instruments sensitive to the ultra-fast, never-varying vibrations of atoms, clocks were "set" by careful observation of the movements of certain stars. The observations were made when the earth and certain stars were in a recurring position relative to one another, every three years.

Standard mechanical clocks run faster or slower with changes in temperature, with wear caused by friction, and because of other variables hard to control.

Church Resists Red Campaign

Lutherans Defy Attempt by Communists to Split Unity in Germany

BERLIN (AP) — Germany's Protestant church today defiantly proclaimed resistance to the Communist campaign to smash its unity in divided Germany.

The 148 members of the synod or parliament of the Evangelical (Lutheran) Church unanimously approved a resolution condemning Red harassment. The synod is made up of representatives from both East and West Germany.

CONDEMNS EXCLUSION

The resolution condemned as "a serious attack" the exclusion from East Berlin Sunday night of some 40 West German church leaders, including six bishops. The Communists prevented them from attending a service in East Berlin opening the synod.

It had been planned to hold the synod session alternately in East and West Berlin, but the Red regime prohibited meetings in their sector. The business sessions are **now being held in West Berlin.**

The Western Allies protested to the Soviet authorities against the East German action, calling it a breach of the four-power agreement on free movement throughout Berlin.

NLRB Backs Firing Man Over Grabbed Kiss

WASHINGTON (UPI) — Valentine's Day notwithstanding, the National Labor Relations Board ruled today that a romantic truck driver may be fired for stealing a kiss from one of his co-workers.

In doing so, the board overturned a recommendation by one of its examiners which would have required the Borden-Sancken Co., Augusta, Ga., to reinstate dairy truck driver Lee Roy Pennington.

The union complained that Pennington, who drove a large trailer truck from Augusta to Columbia, S.C., was fired last May 9, because of his efforts to help organize the workers.

The company said Pennington was fired because he had walked into the company's Columbia office at the end of the run from Augusta, grabbed and kissed Mrs. Jeanette Porter, a clerk, against her will.

Pennington denied kissing Mrs. Porter.

Weaver Settles in Plush Place

He Finds No Trouble in Capital Over Housing Because of Race

WASHINGTON (UPI)—Robert C. Weaver, the new federal housing administrator, said today he had encountered no personal housing problem in the nation's capital.

Weaver, whose post is the highest administrative position ever held by a Negro in the government, has moved into a plush apartment house in the heart of Washington's southwest urban renewal project.

The former New York housing official said he is a man who strongly believes in slum clearance programs.

"I'm putting my money where my mouth is," Weaver said in an interview.

The apartment house, (Capitol Park) has no policy against admitting Negroes, or any other racial discrimination, the manager said.

★ ★ ★

Negro diplomats from African countries have expressed displeasure over housing available to them in the U.S. capital. Government-employed Negroes have encountered similar problems.

Says Compacts Reason for High Auto Inventory

DETROIT (UPI)—Part of the seemingly high inventory of new cars in dealer stocks can be laid to the introduction of compacts, Ward's Automotive reports said today.

Ward's, statistical agency for the auto industry, said that in March of last year the stockpile was nearly as large, 1,020,000, as the present inventory, 1,027,000.

Study Twin Bridge Over the Delaware

WILMINGTON, Del. (UPI) — A second Delaware River Bridge, which would be a twin to the one which now connects the New Jersey Turnpike with U.S. 40 south of Wilmington, is under study.

Cost of the projected new bridge, which would be erected near the present bridge, is estimated at $120 million.

If built, then each of the bridges would be confined to one-way traffic.

The study, made some time ago, has been reactivated by the Interstate Highway Division because of the heavy load being carried by the present bridge.

5-Point Electric Power Program to Be Resumed

WASHINGTON (UPI)—Interior Secretary Stewart L. Udall has announced resumption of a five-point basic electric power program that may fan new feuds between private and public power interests.

Udall, in a statement to department employes, said Monday the policy declarations of President Kennedy and congress would be followed, but the foundation would be these five basic goals outlined under the Truman administration in 1946:

—Federal dams shall, where feasible, include facilities for generating electrical power.

—Preference in power sales shall be given to public agencies and cooperatives.

—Power disposal shall be for the particular benefit of domestic and rural consumers.

★ ★ ★

—Power shall be sold at the lowest possible rates consistent with sound business principles.

—Power disposal shall be such as to encourage widespread use and to prevent monopolization.

35 Drowned in India

BOMBAY, India (AP)—Police in Andhra State reported today 35 persons drowned, including women and children, when a boat carrying Hindu pilgrims capsized. The report from Hyderabad said strong winds hit the boat as it was crossing the Machkud River last Friday.

Hurricanes Kill 14,000

DACCA, East Pakistan (AP) — The governor today announced nearly 14,000 persons were killed or swept out to sea during the two hurricanes that hit the coast at the head of the Bay of Bengal last October. Earlier estimates ran as high as 20,000 dead or missing.

SPLIT, Yugoslavia (AP)—President Tito and his wife sailed today on the presidential yacht for West and North Africa. Before returning in April they will visit Ghana, Togo, Morocco, Libera, Tunisia and the United Arab Republic.

Dies Following Crash

ANN ARBOR (AP) — A. C. Francis, 40, of Monroe, died Monday at University Medical Center here of injuries suffered Sunday night in a car-train crash in Monroe.

Imprisonment as a form of punishment for crime did not come into general acceptance either in the U.S. or abroad until sometime after 1800.

Liquid With Long Name Useful in Fighting Fires

AKRON, Ohio (UPI) — Bromochlorodifluoromethane, a word as long as the alphabet, didn't turn up in a chemist's nightmare.

It is a processed liquid patented by the Firestone Tire & Rubber Co., which is useful as a fire extinguisher in aircraft, particularly effective against fire in the engine, or from escaping lubricants or hydraulic fluid.

To Tell of Resources

LANSING (AP) — Out-of-state students attending Michigan's colleges and universities will be informed about the state's resources and advantages as part of the 1961 Michigan Week observance, sponsors of the program have announced.

The ominous rise in crime cannot be explained away as being due to population increases, Director J. Edgar Hoover pointed out, since crime has been rising four times as fast as population. He added that unless positive steps are taken to check this rising crime trend, this country will face a crime problem of emergency proportions in the years ahead.

Catholics Fear Violence From Castro's Mobs

HAVANA (UPI) — Roman Catholic leaders were said today to believe that religious institutions here face an outbreak of organized mob violence in support of Premier Fidel Castro's antichurch campaign.

★ ★ ★

Some churchmen believed anti-Catholic disorders here last weekend set a pattern for the future.

Stops Constipation Due to "Aging Colon"

New laxative discovery re-creates 3 essentials for normal regularity.

As you grow older, the internal muscles of your colon wall also age, lose the strength that propels waste from the body. Stagnant bowel contents become so dry and shrunken that they fail to stimulate the urge to purge.

Relief, doctors say, lies in a new laxative principle. Old-style bulks and moisteners may create gas, take 3 or 4 days for relief. Old-style salts and drugs cramp and gripe the entire system. Of all laxatives, only new COLONAID gives you its special 3-way relief that works only on the lower colon (area of constipation).

(1) COLONAID moisturizes dry, hardened waste for easy passage without pain or strain. (2) COLONAID'S unequalled rebulking action helps retone flabby colon muscles. (3) And COLONAID acts gently, on the nerve reflexes that stimulate the vital 'mass movement" of your lower colon.

COLONAID relieves even chronic constipation overnight; is so gentle it was hospital proved safe even for expectant mothers. And COLONAID won't interfere with absorption of vitamins or other food nutrients. Get COLONAID today! INTRODUCTORY SIZE 43¢

Seek to Ease World Tensions

County Group to Hear of Consequences of Atom Weapons Tests

In a revitalized effort to support President Kennedy's program for easing international tensions, the Oakland County Committee For A Sane Nuclear Policy has called a public meeting at the Birmingham Community House, 380 South Bates St., Wednesday, at 8 p.m.

Dr. Otto Feinstein, editor of "New University Thought" and member of the faculty of Wayne State University's Montieth College will explore "The Consequences of Resumption of Nuclear Weapons Tests on Foreign Policy."

The committee pointed out that President Kennedy, in his inaugural address, said that "man holds in his mortal hands the power to abolish all forms of human poverty and all forms of life."

For this reason he issued the urgent request that "both sides begin anew the quest for peace before the dark powers of destruction unleashed by science engulf all humanity in planned or accidental self-destruction."

The committee explained, "It is the purpose of the Birmingham meeting to unite Oakland County public opinion in full nonpartisan support for our new President in his vital task of easing international tension."

The steering committee includes Stanley Kurzman, chairman, and Margaret Kurzman, secretary. Drayton Plains; and Betty and John Houston and Roger Cuneo of Pontiac. South Oakland members include Dr. Morris Goodman and James R. Montgomery, Oak Park; and Dr. I. I. Kolman, Huntington Woods.

There is no admission charge. Coffee will be served.

Blames Flunking of ROTC on Protest of Class

BERKELEY, Calif. (AP)—Sophomore James L. Creighton charges he was flunked in ROTC at the University of California because he picketed in protest against compulsory military classes.

Col. J. T. Malloy, chairman of the military science department, replied that Creighton, 19, was graded "F" because he didn't measure up to the standards of the course.

* * *

The student, who was given an "A" at mid-semester, said he had appealed the flunking grade. He was among students who picketed in December demonstrations favoring a voluntary military training program. ROTC is a required course for all freshmen and sophomore at California.

"People just don't appreciate a quality comforter anymore," he said. Faced with the necessity of moving his operation from its downtown Detroit location under a civic redevelopment project, Schadt decided to call it quits.

Aim at Repealing Nuisance Taxes Passed in 1959

LANSING — Bills were filed for introduction in the House today to lift some of the nuisance taxes passed during the year-long 1959 session.

Rep. Edwin A. Fitzpatrick, D-Detroit, proposed to repeal a 4 per cent tax on "spirits" and cut back the tax on beer to $1.25 per barrel.

The tax on beer by the barrel was increased to $2.50 during the fiscal crisis two years ago.

Gov. John B. Swainson has asked the legislature to let all the nuisance taxes die which were imposed during the 1959 session. They are scheduled to expire June 30 unless the legislature extends them.

Key Senators Hoping for Ban Agreement

WASHINGTON (UPI)—Key senators saw increased hopes today for progress toward a nuclear test ban agreement as part of Soviet **Premier Nikita S. Khrushchev's** "honeymoon" with the Kennedy administration.

These lawmakers also came away from a closed-door session with Llewellyn E. Thompson, U.S. ambassador to Mowcow, with the impression that Khrushchev was anxious to reduce tensions — at east temporarily — to enable Russia to concentrate more on economic development.

About half the fluid milk consumed in the U. S. is by youths under 15 years of age and they comprise one-quarter of the total population.

Takes 2 Actions for Unemployed

Goldberg Follows Tour With Moves to Assist Jobless Areas

WASHINGTON (UPI) — Labor Secretary Arthur J. Goldberg has taken two new actions to help areas faced with critical unemployment.

Goldberg announced the two moves last night after reporting to President Kennedy on his weekend tour of depressed areas in Illinois, Indiana, Michigan, Ohio and Pennsylvania.

He said these steps would be taken:

—The Bureau of Employment Security, which compiles figures to determine whether areas have substantial unemployment, would report every month instead of every two months. Goldberg said this would get such areas on the list quicker so they could get federal aid.

—A new division will be set up within the Labor Department to deal with automation — the shift from men to machines — which has received part of the blame for unemployment problems.

New York Art Museum Sad to Admit Forgeries

NEW YORK (UPI)—The Metropolitan Museum of Art has confessed sadly that three major Etruscan sculptures which have thrilled laymen and intrigued experts for the past 30 years are forgeries.

James J. Rorimer, director of the museum, said Monday the works, so impressive that an entire room was devoted almost entirely to them, were the creation of a 20th century forger. They supposedly dated from about 500 B.C.

Bartlett Picks Team to Aid His Campaign

LANSING (UPI)—Lynn M. Bartlett, state superintendent of public instruction, Monday named a father-son team from Detroit to head the finance committee in his re-election campaign.

Named as chairmen of the committee were Thomas Donahue and his son R. Patrick Donahue of 18451 Mack. Both are graduates of the University of Michigan law school, Bartlett said.

World Car-Truck Output Topped 14 Million in '59

WASHINGTON (UPI)—World production of cars, trucks and buses topped 14 million in 1959, the U. S. Commerce Department reports. This brings the total number of such vehicles registered in the world to more than 119 million.

The 1959 world production figure was 14,283,066 units—up 22 per cent over the year before.

The U. S., the largest producer, increased production 30 per cent to 6,668,531 vehicles, West Germany was next, up 18 per cent to 1,767,585.

Thinks of Hong Kong Year After 'Walkout'

By EARL WILSON

NEW YORK — "It was just a year ago . . .," Jack Paar said. "Gee, I'd love to go someplace again . . . like Hong Kong . . ."

Sure enough, we had reached and passed the first anniversary of TV's Great Walkout—staged Feb. 11, 1960. But nobody leaped to bolt the door. Nobody believes Jack'll ever take that walk again.

WILSON

Alexander King and Hans Conreid were tossing a million dollars' worth of brittle small talk across Jack's private office desk at NBC. They had their overcoats on. It was half an hour before the taping.

"MCA keeps saying they can get me out a year ahead." Jack looked up from a sheaf of notes. "Know who keeps spoiling it? I DO!

"I sit down with Mr. Sarnoff and Mr. Kintner. They're so nice. Tell me I saved live TV. I jump up and say 'Well, what are we talking about quitting for?'"

* * *

Talent Coordinator Tom Cochran said it's customary for guests to meet Jack before the show and sort of loosen up.

In fact, Jack had talked to me reassuringly about my own part on the show.

"I want you to come off real good!" he said.

Jack put me on first, so I could get back to my nightclub tours quickly, and after I'd done my few minutes, I departed—but I remembered something he'd whispered to me, during a commercial.

"It's hot in here," he said. "And when they're too warm, they don't laugh. I freeze 'em!"

TODAY'S BEST LAUGH: There's safety in numbers, and that's why there are four or five guys in most rock 'n' roll singing groups.

WISH I'D SAID THAT: A good executive is one who can make decisions quickly—and, sometimes, correctly . . . **That's earl, brother.**

Julie Harris Milks Play of Last Drop of Emotion

By FRED DANZIG

NEW YORK (UPI) — A valentine to Harris, Julie. In "The Heiress," we loved you truly.

* * *

"The 'Family Classics" series, which used to take two hours to tell one story, told two stories in one hour last night.

"The Heiress," which deals with two crashing jiltings, starred Julie Harris as Catherine Sloper, the 30-ish spinster who enters the story as a shy, hand-wringing Plain Jane of the pre-Revlon era, and ends it transformed into a self-assured, disciplined, cool cookie.

Miss Harris' work was almost completely moving and triumphant. A few extra-shrill moments during the first-half personality gear-shifting were the only grinding flaws.

* * *

Miss Harris, as a woman eager to marry the first man to show an interest in her, was forced to resort to some traditional movements in order to communicate her sensitivity in this compressed adaptation by Jacqueline Babbin and Audrey Gellen.

They adapted the play by Ruth and Augustus Goetz, which, in turn, was based on the novel by Henry James titled, "Washington Square."

Farley Granger portrayed the man with the plans, Morris Townsend, and succeeded in rolling out his elongated sweet-nothings in acceptable fashion.

He, of course, jilted the gentle Julie when it became apparent that she would be disinherited if she married him. Her dad spotted him as a fortune-hunter.

* * *

When Farley returned after dear old dad's death, Julie, less gentle now, worked things so that he was left pounding on the door, shouting frantically, while she walked upstairs—triumphantly?—carrying a lamp to light her way.

It's a great ending and Miss Harris succeeded in evoking the mixed emotions that this scene must impart.

Seeks to Heal Payments Rift

West German Flies to U.S. to Explain Stand to Kennedy

BONN — Foreign Minister Heinrich von Brentano flies to Washington today in an effort to close the breach between West Germany and the United States over the balance of payments deficit.

Von Brentano, bearing a personal message from Chancellor Konrad Adenauer for President John F. Kennedy, was expected to explain Germany's position on the United States demand to increase its payments toward Western defense aid and to underdeveloped countries.

West Germany offered one billion dollars, but Kennedy rejected the sum last week. Von Brentano will tell Kennedy that Germany cannot pay more and that is the final figure, sources said.

Laboring Man Dear to Lincoln, Say Russians

LONDON (UPI) — Abraham Lincoln, Moscow Radio, said, is a name "dear to the heart of the Soviet people."

A broadcast beamed at North America and heard here said that Russians "can sympathize with and understand Lincoln's democratic views and his sincere and deep sympathy for the working people."

* * *

The broadcast was made on the occasion of the 152nd anniversary of Lincon's birth.

"In the common man, the working man, Lincoln saw the foundation of all the wealth that society possesses," the radio said.

* * *

Today, when the peoples of all countries see as the main task the struggle to preserve peace, we return to the words of Lincoln. Let us strive to do all that will achieve a just and lasting peace among ourselves and with all nations."

Slate Another Try to Enter Dwelling

ANN ARBOR (UPI)—County health officials prepared another attempt today to inspect living quarters of an elderly recluse who police say lives in a house piled almost to the ceiling with magazines, papers, lumber and rubbish.

* * *

Andrew Rowe, about 70, a retired city employe, refused to admit health officers to his home here Monday to inspect reports the building was a fire and health hazard.

Rowe admitted City Patrolman Robert Conn earlier and told him he was bitter about a social agency's refusal of financial assistance for his ailing mother some years ago. He told Conn he didn't want any help now.
