SKELETON READY FOR WALLS

United Press Photos

NINE AND HALF HOURS LATER—Forty workmen completely walled this 22-story New York skyscraper in nine and a half hours. The building, at Park Ave. and 57th St., normally would have required eight to ten weeks to complete. Specially trained crews enclosed the building in aluminum, using 676 two-story-high, four-and-a-half foot wide panels. The structure will be known as the "Davies Building," named for the movie star, Marion Davis, who owns the land on which it stands.

Studebaker and Packard Merger Vote Due Aug. 17

NEW YORK (AP)—Stockholders of Packard Motor Car Co. and the Studebaker Corp. will vote Aug. 17 on whether to combine the two pioneer auto companies.

A consolidation of the two remaining "independents" among the car makers has been approved by their directors.

Passenger Dies After Accident

O. F. Vorce Was Riding With Son When Cars Collided Saturday

Ora F. Vorce, 63, of 1220 1/2 Baldwin Ave., who suffered serious injuries Saturday in a 2-car accident, died in Pontiac General Hospital Monday.

Vorce, who was a passenger in an auto driven by his son, William F. Vorce, 37, of 180 1/2 Padlock St., suffered neck injuries, a broken collar bone and a leg fracture.

Pontiac Police yesterday charged the younger Vorce with drunk driving. He pleaded guilty and furnished a \$150 bond, pending sentence June 29 by Pontiac Judge Cecil McCallum.

Meanwhile, Vorce is scheduled to make a statement to Oakland County Prosecutor's office today.

Pontiac Police quoted the driver of the other car, Donovan E. Kidd, 26, of 722 W. Flint St., Davison, and three other witnesses in the auto, as saying Vorce made a left turn in front of Kidd's car at Telegraph Rd. and Orchard Lake Ave. without signaling.

Major Battle Looms

Fair and Cooler Tomorrow

80-Mile Winds Cut Off Power in 1,150 Homes

Storm Brings Relief to County but Knocks Out Transformer Lines

Hurricane winds of 75 to 80 miles an hour blacked out 1,150 homes Monday, broke Pontiac Airport's wind recorder, and heralded relief from Pontiac's tropical heat.

The U. S. Weather Bureau forecasts fair and cooler weather with a low of 62 to 66 degrees tonight and a high tomorrow of 83 to 87. Monday's late-afternoon storm swept down on Pontiac about an hour before summer's official arrival at 5:55 p.m. Temperatures the storm yanked them back to 72 degrees in about half an hour.

Thermometers dropped to 70 early this morning, climbing back to 72 at 8 a.m. and 83 by 1 p.m. today.

Pontiac Airport officials said their wind recorder just couldn't whirl fast enough when the short, vicious gusts (hurricane speed is 70 miles an hour) smacked it.

The anemometer did measure winds of 75 miles an hour before it flopped on its side for the second time this year. The instrument gave out under high winds this winter.

A falling limb knocked out a Consumers Power Co. line at Roselawn and Chandler avenues, cutting off power to 150 homes for two hours.

Slashing winds and lightning put six Detroit Edison Co. power lines out of service, cutting off electricity to some 1,000 homes in West Bloomfield, Commerce and Troy Townships, Maceday Lake and Lake Angelus.

Some 500 homes were without service after lightning hit the line connecting the company's Bloomfield and Milford substations, putting them and the Commerce, Drake and Walled Lake stations out of order. Another bolt knocked out the Harris station in Troy Township.

Pontiac's Edison officials said the Lake Angelus break took (Continued on Page 2, Col. 6)

Three B47 Jets Make 6,700 Mile Hop to Tokyo

TOKYO (AP)—Three American B47 jets, built to carry the H-bomb, touched down today at the huge Yokota Air Base after a 6,700-mile nonstop flight from California—more than the distance from Minneapolis to Moscow.

It was the first flight to the Far East for the six-jet, swept-wing Boeings.

The strategists were slightly more than 16 hours in the air from March Field, Calif. They were refueled in the air twice, over Hickam Field, Hawaii and over Midway in the Pacific.

The net result of the stock transaction will be that the new Studebaker-Packard organization (Continued on Page 2, Col. 3)

Bay City Area Pounded by Damaging Winds

BAY CITY (UP)—High winds caused extensive damage to an area 18 blocks long and three blocks wide in Bay City late Monday night. Stat Police reported today.

No injuries were reported, although the gusts left a path of tangled wires, uprooted trees and shattered windows.

Easy Winner

SWAMP'S FOE—Sen. Margaret Chase Smith (above) won an overwhelming victory in the Maine primary Monday from Robert L. Jones, protégé of Sen. McCarthy, in her bid to retain her seat in the U. S. Senate.

Maine Voters Back Sen. Smith

Renominated 5-1 Over McCarthy - Supported Robert L. Jones

PORTLAND, Maine, (AP)—Maine Republicans overwhelmingly renominated Sen. Margaret Chase Smith in yesterday's primary and cut down in crushing defeat the challenger she said Sen. McCarthy (R-Wis.) apparently put up against her.

Throughout a lackluster campaign and on through the balloting itself the only question was how big the landslide would be.

And in the end it was a crushing victory, by a margin of more than 5-1, over political novice Robert L. Jones, McCarthy's 34-year-old apostle.

GOP nomination normally assures victory in Maine.

An early complete count, from 613 of Maine's 626 precincts, showed 96,159 votes for Mrs. Smith, 19,203 for Jones.

Perhaps an even more accurate gauge of the magnitude of Jones' defeat was the fact that he carried only four of those precincts, one of them his home city of Biddeford. In 19 others he failed to gather in a single vote and was almost shut out in many more.

While the balloting bestowed a heavy vote of confidence on the silver-haired, 54-year-old Mrs. Smith and the record on which she ran, the Jones defeat scarcely could be translated into one for McCarthy too.

The Wisconsin senator never was a solid issue during the campaign and neither contestant contended he was.

Furthermore, it wasn't until the eve of the primary that Sen. Smith came out and said that it appeared (Continued on Page 2, Col. 3)

U.S. to Enforce Rigid Controls on Farm Crops

Down-the-Line Curbs to Slash Total Plantings by One-Eighth in 1955

WASHINGTON (AP)—The federal government plans to swing the weight of its multi-billion-dollar farm price support program next year behind a drive to enforce perhaps the strictest crop controls ever.

Secretary of Agriculture Benson so characterized the controls which he announced yesterday in a move to reduce overall agricultural production and avert further surpluses of the type which have tied up 6 1/2 billion dollars of federal funds.

Under the new system, a farmer will not be eligible for price support aid on any crop unless he abides by controls on all individual cash crops he raises. Farmers have leaned heavily on price supports the past two years.

Controls are in effect this year on wheat, cotton, corn, peanuts and some other crops.

But a farmer who diverted land from the production of wheat, for example, could use it to grow other surplus or non-surplus crops without losing price support aid on his main crop. This some wheat land was put to corn, although corn farmers themselves had been asked to cut production.

The effect, Benson said, was to enable farmers to "shift the surpluses" from one set of crops to another. Planting surveys indicate that much of the land diverted in 1954 from wheat and cotton is being used to produce what may turn out to be excessive supplies (Continued on Page 2, Col. 4)

Truman Progressing as Well as Expected

KANSAS CITY, (AP)—Harry S. Truman's physician said last night the former President is getting along as well as "expected after his emergency operation but added "It's a pretty rough situation."

Dr. Wallace Graham said he had not allowed his patient to walk yet and he was not yet out of danger. The 70-year-old Truman, however, was talking about getting out of the hospital.

He underwent the operation for removal of his gall bladder and appendix Sunday.

He is expected to remain in Research Hospital for at least 10 days.

Mrs. Truman, who spent much of her visit to her husband's room reading the many telegrams he received, said, "I think he is progressing. He was comfortable and he wasn't bothered by the heat today."

Break for Freedom Fails

Pontiac Convicts in Hospital After Courtroom Break Fails

Two Pontiac brothers, awaiting sentence in Ann Arbor for a supermarket holdup, are in University Hospital there, after a bullet and a 40-foot leap ended their desperate and unsuccessful bid for freedom yesterday.

Gordon Ervin, 27, of 88 W. Mansfield Ave., is in satisfactory condition with a bullet wound in the chest. His brother, Charles, 37, of 470 Oakland Ave., is being treated for back injuries suffered in a 40-foot leap from a ledge of the Washtenaw County Courthouse into the arms of the sheriff's deputies.

The two, both ex-convicts, were locked in a court ante-room while attorneys consulted with Circuit Judge James R. Breakey Jr. about sentencing.

Moments before, a jury had convicted them of the \$4,826 holdup of an Ann Arbor supermarket last Feb. 26.

They took the knob off the door and barricaded it, pried a heavy screen from the second floor window, smashed the glass and climbed onto a six-inch ledge.

Sheriff's deputies heard the noise and rushed to the sidewalk outside the courtroom when unable to break their way into the ante-room.

Charles worked his way along the ledge for about 15 feet, then leaped 40 feet to the ground, practically into the arms of waiting officers.

Gordon edged his way toward the new county building, now under construction, and jumped down 15 feet to the adjoining roof.

He ignored orders to halt and was struck by one of two bullets fired by deputies Gregory Katapodis and Virgil Harrison.

He fell and rolled about 30 feet (Continued on Page 2, Col. 6)

U.S. Search Request Rejected by Norway

OSLO, Norway (AP)—Norway today became the third nation to reject formally an American request for special U.S. search powers on the high seas to check Guatemala-bound arms shipments.

A Norwegian government note to the U.S. Embassy here described the request as contrary to international law. Britain turned down the State Department bid Friday, and the Netherlands followed with similar action yesterday.

Most of western Europe's other sea powers were reported preparing polite rejections.

The Norwegian note stressed that Norway will "support all moves aimed at containing the hostilities in Guatemala, in accordance with the (U.N.) Security Council resolution of June 20." But it added Norway's laws do not empower the government to bar her ships from carrying arms to other nations in peacetime.

1 1/2-Car Garage Is Stolen From Lot in Detroit

DETROIT (UP)—Detroit Police were on the lookout today for a stolen garage.

Louie Chaff, 31, reported somebody walked away with a large, white, frame garage from back of a vacant home he owns.

"I've heard everything now," reported Det. Sgt. Amos Seffertlein. "I never thought I'd see the day when anybody would sneak away with a 1 1/2 car garage."

Troops Massing Near Rail Town in Guatemala

Both Sides Claiming Victory in 4-Day-Old Fight for Nation

TEGUCIGALPA, Honduras (AP)—Government and rebel forces trumpeted rival victory claims today in the four-day-old battle for Guatemala. Both sides appeared to be mobilizing for a major fight over the key rail town of Zacapa.

President Jacobo Arbenz Guzman's Communist-backed government claimed a success for its armed forces at Gualan, east of Zacapa, about 20 miles inside Guatemala. It said the rebels were run out of town after a brief skirmish, but mentioned no casualties.

The "liberation radio" speaking for the anti-Red invasion forces of exiled Castillo Armas claimed the rebels held 25 towns in Guatemala.

Associated Press dispatches from Guatemala city said Arbenz' troops were massing in the area of Zacapa, a city of some 5,000 on the main rail line between the capital and the Caribbean port of Puerto Barrios.

A rebel flier interviewed near the Honduran border said Castillo Armas men also were moving by truck towards Zacapa. He said the invaders headed for the rail center after seizing the cathedral town of Esquipulas in a five-hour battle. Three Guatemalan soldiers were reported killed in that engagement.

An informed source at Tegucigalpa indicated a fight for Zacapa was shaping up. He predicted the rebels would abandon their guerrilla tactics within a few hours and seek a pitched battle with Arbenz' army.

The source also said:

1. At least two Guatemalan pilots have fled their country in training planes since the invasion began Friday.

2. Two railroad bridges at Gualan had been destroyed; sabotage along the line between Gualan and Puerto Barrios has increased; a train which left Guatemala City for the port of San Jose has "simply disappeared."

3. The rebels have taken over the rail town of Morales, some 50 miles from Puerto Barrios.

4. A rebel plane machine-gunned and dropped grenades on San Jose. The rebels also announced that their planes had bombed Coban, a garrison town in central Guatemala, from a base inside the country.

Castillo Armas has proclaimed his command the only legal government of Guatemala and called on his countrymen to disavow the Arbenz regime.

A Cuban Cabinet member, Ernesto de la Fe, promptly urged his government to recognize the rebel regime. U. S. Sen. Homer E. Ferguson (R-Mich.) said in Philadelphia last night that if the rebel forces win, he would favor U. S. recognition of the new government.

Winnie Set for Ike Talk

LONDON (INS)—British Prime Minister Churchill said today there will be no fixed agenda in his talk this weekend with President Eisenhower, "but I hope we can have an exchange of views on all subjects of major current importance."

1,000 Homeless in Iowa as 'Worst' Flood Rolls On

DES MOINES (AP)—The greatest flood crest in history rolled down the Des Moines River Valley in central Iowa today as the state-wide peril from marauding rivers continued.

The only cheerful note in the disastrous four-day-old floods was a forecast of generally fair weather for several days.

New rains in central Iowa yesterday added to the flooding strain on the Des Moines River. In the northwest the Floyd River was expected to crest for the second time in three days at Sioux City today.

More than 1,000 families were homeless in Iowa and the number was expected to multiply. The death toll was one lone drowning.

However, the loss in property and rich farmland will total millions of dollars.

The greatest threat was on the Des Moines River, which cuts through the heart of Iowa past

Fort Dodge, Boone and into this capital city.

At Boone, 40 miles north of Des Moines, the river was expected to crest today at an all-time high of 23 1/2 feet, nearly four feet above the previous record.

Des Moines' new levee system will get its first serious test when a crest of 27 to 28 feet, four (Continued on Page 2, Col. 1)

Birmingham Commission Approves \$1,000 to Speed Home Fire Investigation

From Our Birmingham Bureau
BIRMINGHAM—To expedite an investigation by a three-man board of inquiry into possible negligence or poor judgment on the part of the Birmingham fire and police departments at a June 14 blaze which took three lives, the City Commission appropriated \$1,000 last night.

Mrs. Thomas Couper, 40, and her sons, Lawrence, 14, and Daniel, 12, died of suffocation in the fire which flashed through their home at 1189 Brookwood. Mrs. Couper's father, Lawrence W. Cross Sr., who was rescued by firemen, has been released from Pontiac's St. Joseph Mercy Hospital.

James Spencer has been appointed chairman of the investigating board. Also on the board are Jonathan M. Ball and Charles D. Kass.

In other action, the local firm of E. J. Swink and Co. was awarded the contract for the \$95,000 west side fire station to be erected at W. Maple and Chesterfield. Swink's bid of \$89,317 was \$6,000 under the next lowest bidder.

Voters approved a \$225,000 bond issue in April which will also finance construction of the city's major fire station at Adams and Bowers.

Annual appointments to the Building Code Board of Appeals and the Planning Board were made by the Commission.

Wallace E. Reid of 2160 Northlawn was re-appointed to the appeal board for a five-year term, with William Burgum of 1875 Winthrop Lane named to serve another three-year term on the Planning Board.

A new face at planning board meetings will be that of Bennett Root of 1931 Webster. He replaces George F. Green, who did not seek re-appointment.

A lengthy, new taxicab ordinance was also passed by the law makers.

Georgina Mitchell, president of the American Council of Venture Clubs, will install the new vocal officers at a dinner to start at 7 tonight at Devon Gables.

Nancy Dickson will be installed as president, with Maryann Poole as vice president; Sally Hubbard as treasurer and Gail Rowe, secretary.

One of the activities conducted at last week's course on juvenile problems at Michigan State College, was a visit with inmates at Jackson Prison. Police Lt. Henry Timm, head of the local police juvenile division, said yesterday.

Group discussions with six prisoners who started their crime careers as juveniles or have youngsters following in their footsteps, brought the following criticisms and advice, Timm said:

Crime programs on radio and television and crime comics put thoughts into children's minds they might not have had otherwise.

"The best part of these programs is the last three minutes when the criminal is caught," one man said.

Better parental supervision was stressed, along with the recommendation that schools play a bigger part in helping juveniles just beginning to get into trouble.

In this same sense, they were against vocational schools or juvenile homes where help could be administered first.

Finally, one man remarked to Timm, "You don't come to prison for going to church."

Included on the agenda for tomorrow's YMCA Day-Y program is an all-day trip to Camp Ohiesya. Youngsters will leave at 9:30 a.m. for a day of boating, swimming and hiking, and will return at 5 p.m.

Dr. Robert T. Hatt, director of the Cranbrook Institute of Science, said yesterday there are still openings in the summer lapidary course with evening classes starting tomorrow and continuing for a six-week period.

Richard Hintermeister will offer students instruction in gem cutting and polishing in all stages, from the rough rock to the finished gem for display or decorative purposes. Registration will be taken at the science institute, MI 4-1600.

Rev. Robert Dewey, minister of the Congregational Church, will attend the General Council of Congregational Christian Churches tomorrow through June 30 in New Haven, Conn. The Rev. Mr. Dewey is one of 16 delegates representing the Detroit Assn. of Congregational Christian Churches.

Stuart R. Macomber
Private service for Stuart R. Macomber, 52, of 124 Rembrandt, Royal Oak, was scheduled for 4 p.m. today at Bell Chapel of the William R. Hamilton Co. Cremation at White Chapel Memorial Cemetery will follow.

Head accountant for a Detroit advertising firm, Mr. Macomber died at his home Sunday. He was born in Battle Creek and was a graduate of Hillsdale College.

A member of the Fifth Church of Christ Scientist, Detroit, he is survived by his widow, Eileen P.; two daughters, Betty Lyn and Mary Lou; a son, David and his mother, Mrs. L. W. Macomber of Battle Creek.

Another series of flood crests surged down tributaries of the important Cedar and Iowa rivers in northeastern Iowa, Waterloo and Cedar Rapids prepared for crests later this week.

The Iowa office of the federal Soil Conservation Service estimates 725,000 acres of crop land has been under water during the last three weeks from torrential rains. However, this figure does not include the overflows of the last two days.

The projected Studebaker-Packard combination is the latest move among the smaller concerns in their fight against the almost overwhelming competition of the industry's larger concerns. Last year Kaiser-Frazer and Willys-Overland joined forces. A few weeks ago Nash-Kelvinator and Hudson combined to become American Motors Corp.

All six of the small car companies together have been able to garner less than five per cent of the auto market so far this year. General Motors, Ford and Chrysler have accounted for more than 95 per cent.

Ward's Automotive Reports said the new company formed by the merger of Studebaker and Packard will make its headquarters in Detroit.

"Under the terms (of the merger), headquarters of the new company would be in Detroit and operating management would be under Packard leadership," said Ward.

Two-Car Collision Injures Woman, 18
Mrs. Joyce Hamsher, 18, of 9075 Saxon, Milford, was treated at Pontiac General Hospital for cuts and bruises and a sprained ankle which she suffered yesterday in a two-car collision at Commerce and Union Lake Rds., Commerce Township.

Mrs. Hamsher was in a car driven by her husband, Raymond D., 20, traveling south on Union Lake road. Hamsher drove his car across Commerce road after stopping, but failed to see an eastbound car driven by Arthur R. Bohl, 24, of 1189 Lakeview Dr., Sugen Lake, Milford, and the two collided.

CBS-TV Commentator Found Dead in Hotel
NEW YORK (AP)—CBS-TV commentator Don Hollenbeck was found dead of gas in his midtown hotel apartment today and police said it apparently was a case of suicide.

Hollenbeck lived at the Midtown Hotel, 148 East 48th Street in Manhattan.

Police said there were five open gas jets in the apartment.

Seek Extension of Trade Law

Sen. Morse, 22 Dems Back President's Plan for 3-Year Renewal

WASHINGTON (AP)—Twenty-two Democratic senators and Sen. Morse (Ind-Ore) promised a determined fight for President Eisenhower's basic foreign trade program as the Senate moved into debate today on a bill to extend the Reciprocal Trade Agreements Act for one year.

Led by Sen. Gore (D-Tenn.), the 23-member group planned to try to win extension of the law for three years and to clothe the President

with a 5 per cent increase in those years. One member of the group said privately 8 or 10 Republicans had indicated they would support this proposal.

However, key Republicans and Democrats alike forecast the Senate would vote a simple one-year extension, as has the House, and send the bill to the President.

The law expired June 12, but none of the 42 agreements already negotiated are affected by this. Eisenhower agreed to accept a one-year extension of the law as it was when it became apparent that Republican leaders in Congress were not inclined to take action on his proposal of last March in which he urged a three-year extension and asked for more tariff-cutting authority.

However, he has made it clear he still wants Congress to adopt his original proposal after full hearings next year.

Sen. Knowland of California, the Republican Senate leader, and Sen. Millikin (R-Colo.) said in separate interviews they would argue against a Senate vote to broaden the extension bill on grounds that House leaders would refuse to accept it and the law thus would stand dead. Millikin said he was confident the Gore substitute would be beaten.

The reciprocal trade law permits the President to negotiate lower tariffs on foreign goods coming into the United States in exchange for trade concessions for this country's goods abroad. However, much of the act's authority to work out new pacts has been exhausted.

Beware of Week-Ends!

Says Atomic War Prophecy

A strange man in Los Angeles, known as "The Voice of Two Worlds," is offering, free of charge to the public, an astounding 64 page book analyzing the great world prophecies covering these times. It shows that four of the greatest prophecies could not come true until the present time. But now they can, and world-shaking events are due. The atomic war will begin on a weekend. The prophecy tells even what season of the year to expect it.

"The Voice of Two Worlds," a well known explorer and geographer, tells of a remarkable system that often leads to almost unbelievable improvement in power of mind, achievement of brilliant business and professional success and new happiness. Others tell of increased bodily strength, magnetic personality, courage and poise.

These strange methods were found in far-off and mysterious Tibet, often called the land of miracles by the few travelers permitted to visit it. He discloses how he learned rare wisdom and long hidden practices, closely guarded for three thousand years by the sages, which enabled many to perform amazing feats. He maintains that these immense powers are latent in all of us, and that

methods for using them are now simplified so that they can be used by almost any person with ordinary intelligence.

The 64 page book he is now offering free to the public offers guidance for those who wisely wish to prepare themselves and their affairs for the great crisis ahead. It gives details of what to anticipate, and when. Those who do pull through will have little to fear, because a glorious era will follow. Meantime, it says, "Beware of These Days!"

This liberal offer is made because he expects that many readers will later become interested in the entire system of mind power he learned in the Far East and which is now ready to be disclosed to the western world.

For your free copy of the astonishing prophecies covering these momentous times, as revealed in this 64 page book, address the Institute of Mentalphysics, 213 South Hobart Blvd., Dept. K257, Los Angeles 4, Calif. Send no money. Just your name and address on a postcard or in an envelope will do. No obligation. Readers are urged to write promptly, as only a limited number of free books have been printed.

Mothers-in-Law Popular; Only 17 Per Cent Disliked

By LAURA Z. HOBSON
By International News Service
Everybody with a mother-in-law may find food for thought in a new survey conducted by two college professors, and the food may nourish some and choke others.

The surveyors were Prof. Paul Wallin of Stanford and Prof. Ernest W. Burgess of the University of Chicago, who published their findings in "The American Journal of Sociology."

Since I don't include "The American Journal of Sociology" in my list of "must reading," I missed the article but I did chance on a pictograph or chart which gave the kernel of the matter, and a pithy thing it is too.

In a nutshell, mothers-in-law aren't as bad as they're cracked down to be.

The professors quizzed 555 husbands and 539 wives, not in cahoots but separately, for greater frankness in the replies. And discovered that mothers-in-law are far more popular with both than you'd ever guess from our cartoonists, radio or TV comedians, and comic strips.

Of the husbands queried, 67 per cent confided they liked their mothers-in-law "a lot," 25 per cent said they liked them "somewhat," and only 8 per cent were sourpusses enough to check under "dislike." Wives are 61 per cent in the "like a lot" column, 22 per cent in the "somewhat" and 17 per cent in the "dislike."

Admittedly, 1994 husbands and wives, in or out of cahoots, aren't a huge cross-section of the population, but I've

always been told that scientific samplings don't have to be large in size to be large in accuracy.

These 555 and 539 were all young marrieds, with their fifth anniversary still ahead of them, so it's conceivable that even about in-laws, their honeymoon sweetness and light hadn't had time to turn acid or dim.

Just the same, in a land that's been thoroughly spanked for "momism" and so thoroughly amused by "mom-in-law-ism," it's nice to learn of this vote of confidence.

Fathers-in-law figured in the survey, too, and fared even better than their better-halves-in-law. With all this approval, and authority reports notwithstanding, it must be just a matter of time before Mothers Day and Fathers Day will give birth to two darling little strangers known as Mother-in-Laws Day and Father-in-Laws Day.

In any case, since cartoonists and radio or TV comedians are always such sticklers for sociological truth, maybe this professional survey will ring up the curtain on some brand new humor.

"That's no lady, that's my mother-in-law," or "I love my mother-in-law but oh, you kid" might be starters for some drastic rewriting ahead.

Jokes aside, these pithy new facts of life should raise the morale of all present and prospective parents-in-law, and what with the high cost of baby-sitters, it's rather a pithy their morale needs raising at all.

Miracle Plot Exposed, Pair Goes to Jail

ANGRI, Italy (AP)—Pilgrims crowded into Salvatore Ferraioli's kitchen yesterday to see a picture of the Madonna of Syracuse to which miracles had been attributed.

Antonio Tortora led in his friend, 26-year-old Giacinto Gallo, saying Gallo was semiparalyzed and a mute. Gallo stood rigid for an hour, then raised his arms and shouted some words.

A special committee investigating the picture's purported powers insisted Gallo accompany them to a doctor for proof of his "cure."

The doctor's verdict: Gallo hadn't been either deaf or paralyzed to begin with.

Angry villagers set upon Gallo and his friend. Police rescued them and led them off to jail. Officials said they confessed they had hoped to take the miracle cure, then pick the excited pilgrims' pockets.

Rhee's Government Cancels Confidence Vote

SEOUL, (AP)—Members of President Syngman Rhee's Liberal party today postponed until Monday a scheduled National Assembly vote of confidence in the Cabinet.

Opposition lawmakers charged that the delay was voted illegally.

Political observers said the delay was agreed upon because of indecision among leaders of the Liberal party, which controls the Assembly.

Hides \$10,000 Savings but Cash Disappears

BALTIMORE (AP)—Several months ago, Dominic Nesci decided to hide his savings of \$10,000.

So the 68-year-old retired railroad pried the caps off 10 four-ounce lighter-fluid cans stuffed \$1,000 into each can. He put the cans into a metal box and buried the box under the metal shower stall in his second-floor bathroom.

Yesterday, Nesci told police, he opened a clothes hamper and found the metal box.

It was empty.

New Law Frees 165 Prisoners

But Michigan's Prison Population Continues to Increase

LANSING (AP)—A total of 165 prison inmates have been released from Michigan prisons ahead of schedule in less than a year since a new good behavior time law has been in effect.

But despite this relief, the prison population continues to climb to new heights, Corrections Director Gus Harrison said today.

A new law eliminating Michigan's controversial double standard of good time was passed by the 1953 legislature. Eliminated was the lower rate of good time allowed prisoners serving their first sentence and those who had served sentences in other states.

This double standard was said by penologists to be one of the principal reasons for unrest in the prisons.

Since it took effect, 40 prisoners were released on reaching the end of their sentences, less the new high rate of good time.

Another 125 have earned parole ahead of the time they would have under the old law and have been released.

Eventually, Harrison said, a total of some 2,500 who started earning good time under the old law will be released earlier.

But, Harrison added, the prison population today stood at a record 9,452. This compared with 9,404, the high point before the prison riots of 1952. Since May, 1953, Harrison said, the prison population has been steadily rising, and no let-up is in sight.

The over-flow, so far, has been accommodated in prison camps, dormitories, Ionia Reformatory and Marquette Prison, and other expedients.

"If we don't get more space soon, I don't know what we're going to do," Harrison added.

The legislature has appropriated planning money for a \$2,600,000 minimum security prison to house 600 men at Ionia, but Gov. Williams and the Corrections Commission have protested the amount is not enough to build the facility.

Urges Southfield Become a City

Township Supervisor Says Population Now About 27,000

SOUTHFIELD TOWNSHIP—More than 125 residents of Southfield Township gathered Monday night in the high school and heard Township Supervisor William Roeser urge that the township be incorporated as a city.

"I think we have come to the crossroads and have outgrown the township form of government," Roeser declared. He said he believed the 33-square-mile township had grown to include about 27,000 residents excluding those in Lathrup village.

Hearing Roeser's proposal, members of the Southfield Township Federated Associations voted to form a committee of two delegates from each of its member organizations to look into the possibility of incorporation.

Roeser said he was unable to tell exactly what taxes might be available under incorporation. The township now gets \$5,000,000 in taxes from the new Northland Shopping Center, on the basis of 85 per cent completion of assessed valuation, and \$35,000,000 in taxes from the rest of the township.

"The only problem is how much you want to demand in the way of services," Roeser pointed out. The township, he said, already has the nucleus of fire, police, water road maintenance and rubbish collection departments.

Asked about schools under the proposed incorporation Roeser said the school districts would not be changed.

Howard Coleman, publicity chairman for the Southfield Citizens' League which backed a move to incorporate Southfield Park two weeks ago, said:

"We either have to incorporate big or little. We face a serious sewer and drainage problem here. Our taxes have increased as a township and they will increase again.

The federation, which was formed 10 years ago as a group of organizations to help solve civic problems, decided to study the incorporation situation further before voting on Roeser's proposal.

At last night's meeting the federation also asked all organizations in the township to send two delegates as representatives to meetings of the federation.

Lawrence Fifferlik, vice president of the federation, said he believed the township if incorporated would become a fifth class city.

Convicted Man Granted New Trial in Robbery

Russell J. Courtney, 31, convicted by a jury May 7 of the \$4,098 armed holdup of a Huntington Woods supermarket, was granted a new trial yesterday by Circuit Judge Frank L. Doty. Courtney, of 1785 Woodward Heights, Ferndale, was granted the new trial because a witness in the original trial failed to admit he had a police record.

Cotton Acreage Will Drop Soon

Increase in National Allotment Effective Only for 1954

WASHINGTON (INS)—Western cotton growers have not yet decided whether they will campaign for increased acreage allotments for 1955, although Agriculture Secretary Ezra Taft Benson indicated Monday he expects the allotment to drop to its statutory minimum.

A spokesman for Sen. Thomas Kuchel (R-Calif.), said the senator has the problem "actively on his mind," and that he has attended meetings on it.

The spokesman said, however, the senator has not yet decided what course to follow.

Kuchel was one of a group of western legislators who led the fight last year and early this year for an increase in the national cotton acreage allotment and a revision of the formula under which allotments are distributed.

The campaign was successful and the allotment for 1954 was raised to about 21 million, 400 thousand acres, which should yield between 11 and 12 million bales of cotton this year.

The change was only for 1954, however, and under legislation which would come back into force for 1955, cotton production should be cut to 10 million bales. Agriculture Department officials figure that 17 million, 900 thousand acres will produce 10 million bales with average yields of approximately 275 pounds per acre.

Milford Youth Given Award

Longfield Will Study Animal Husbandry at Michigan State College

MILFORD—David Longfield, a senior graduated from Milford High School this month, has won the Milford Garden Club scholarship award, it was announced Monday by Mrs. Glen Perry, club president.

Of several competitive candidates for the award, David was chosen for his high scholastic record and will go to Michigan State College in September to study animal husbandry.

In spite of two bad sessions with rheumatic fever, David was an outstanding track star as well as a student. He was also active as a member of the student council and as president of the senior band.

Phil Haddrell, band director, said David was "one of the best clarinet players this school has ever produced."

David became interested in agriculture while working at Knobby Hills Farms where registered Aberdeen Angus cattle are raised for show. Last winter he attended the Herdmen's School at MSC.

The son of Henry Longfield of 326 King St., Highland, David is the youngest of four boys in his family.

New Way to Stop Bleeding Piles Without Surgery

New York, N. Y.—(Special)—Medical research has developed a harmless, pleasant, quick-acting wonder drug called **RECTORAL** that is taken internally and goes right to the seat of the trouble. It does away with the old-fashioned messy, disagreeable-to-use ointments, suppositories, etc., that give little or no relief. Usually in just a few days, bleeding with any accompanying irritation and soreness begins to disappear and in a few days more is completely gone. It has been tested in thousands of cases without any return of bleeding, even years afterward.

RECTORAL can now be obtained without prescription at **Bimms, 2-V; Hallman Drug; Luttrell Pharmacy; Walgreen's; Thrifty; Hankster & Jones; Dunsmuir; Cole's; Purney's; Rule; Quality; Keego Drug; Keego Harbor; Drayton Plains; Auburn Heights.**

Free Enterprise Spurred Rebirth of West Germany

(Editor's note)—From total collapse and chaos at the end of World War II, Western Germany is back again as a leading economic force in Europe. Now the Western Germans have accomplished this comeback in one of the most remarkable stories of the post-war era. It is told in three articles, of which the following is the first.

By TOM AGOSTON
BONN (INS) — It used to be "blitzkrieg."

Now it is "blitzarbeit" — work, feverish work!

This emphasis on "produce or perish" is the keynote of a great West German economic comeback that in 1954 has made the Bonn Republic an important economic force on the European Continent.

Some said she would never "make it." Even recently some qualified German and foreign economic experts predicted that the boom would grind to a halt.

It hasn't.

Day after day, newspapers are crammed with "jobs vacant" ads. And there are other signs.

This is how a member of a western trade delegation to Bonn summed up trends in a recent report to his home office:

"In Frankfurt, Düsseldorf, Munich—where only a few years ago the half starved population scrambled through the rubble in search of salvageable building materials—rebuild skyscrapers, hotels and apartment houses are springing up like mushrooms.

"The air is filled with prosperity. The Germans welcome this new chance to earn and live well, they are tired of controls, recalling the Nazi rule.

"The shops are full of merchandise, the streets choked with cars. In the Ruhr, once dismantled or bomb-damaged factories are in full swing, their competition cutting sharply into British and to some extent American order books.

Germany's economic rebirth has followed a path as exacting as a military operation.

At a time when most European countries were leaning toward Socialism, Germany shed every vestige of planned economy and struck out on the road of free enterprise.

In the place of a manipulated industry came a new dynamic capitalism, accomplished despite almost total ruin of its cities and industries, despite Soviet control of major German industrial wealth east of the Elbe.

While West Germany's neighbors preached wage and price controls to halt inflation, tight foreign exchange regulations, re-export and import curbs, nationalization of industry and state planning, Bonn's economists—instead of trying to "manage" inflation—went to work to eliminate it.

They eliminated price and wage controls.

They returned more and more industry to private management and relaxed foreign exchange and trade curbs.

Impartial reports by such bodies as the Organization for European Economic Cooperation (OEEC) confirm the spectacular advance.

First they gave full credit to free enterprise which enabled West Germany to increase its industrial output by seven per cent in 1953, compared with a decline in France and only a slight increase in Britain. March exports were almost a third above those of a year ago.

Chief Architect of the German economic revival is jaunty professor Ludwig Erhard, 57, federal minister of economics.

Working closely with Erhard is Finance Minister Fritz Schaeffer, 65, a Bavarian lawyer-economist, whose move to impose a four per cent turnover tax on sales on every level has gone down as one of the biggest boosters of the German economy.

He also reached into the extra-territorial American community by making every GI pay the regular \$15 a year dog tax on pets.

Not burdened with having to support an army of its own, Bonn was able to cut other taxes by fifteen per cent.

What most western businessmen want to know, contemplating possible investment, is how stable is West German economy.

An American banker, long resident in Germany, put it this way: "My answer is that optimism is fully justified, even though the spectacular boom may give way to steady progress.

In considering the overall picture, factors of strength are a building boom, rising foreign trade surplus, and increases in disposable income and private consumption.

However, there are certain indications which carry a warning. The coal and steel industries, basic to the German economy, are complaining of a slack de-

mand.

In some fields, investments have been leveling off, prices have fallen and there has been talk of too much competition and firms selling without regard to production costs.

The result has been a growing demand in several industrial sectors for a revival of cartel-like agreements or at least some government protection.

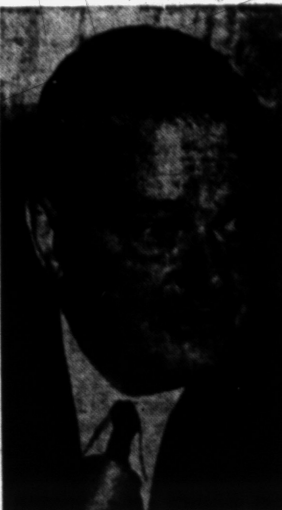

The brightest spots in German industry are concentrated in fields which reflect a rising standard of living, such as leather, food industries, etc.

The field of foreign trade also promises new records, even though Germany is still running a heavy deficit in its trade with the United States, while at the same time it is a creditor to its European trade partners for a total of almost 100 million dollars.

The German mark continues to gain strength, and has now reached an almost steady parity in the legal exchange rates on the free markets of Zurich and Geneva. (It is one of four free currencies selling on the Swiss market, the others being the dollar, Belgian franc, and Dutch guilder).

One thing West Germany is not worried about is Communism.

Aware of the disastrous impact of Communist influence in unions, the German workers have no intention of allowing the Reds to bring off any coup that could result in loss of produce and markets.

DIRECTOR—Dr. Clarence Cook Little speaks at New York news conference after being named director of the Tobacco Industry Research Committee's newly organized scientific research program. He is a cancer scientist and a former president of the University of Maine.

Reds have not been allowed to infiltrate the unions.

Most Germans have experience of Communist rule or have relatives living under such conditions. They know there is no such thing as a Communist in a non-Communist country who serves the workers' interests.

They can always see the Kremlin behind the man.

Tomorrow: West Germany's export drive.

Steel Decision Expected Soon

If Union Wins Contract
Arguments, Prices Will
Rise

PITTSBURGH (AP)—Industrialists and consumers kept a close watch on this steel capital today, hopeful of getting an inkling whether 600,000 employees of the basic steel industry will win contract concessions which ultimately could mean higher prices for the thousands of articles made of steel.

David J. McDonald, president of the CIO United Steelworkers, prepared to report to his Executive Board and the union's powerful 170-man Wage Policy Committee on contract talks with U. S. Steel Corp.

The union, which received an 8 1/2 cent hourly raise last year, asked for an unspecified wage hike.

McDonald also urged liberalized hospitalization and pension programs, as well as other contract changes.

Big steel kept mum on what it would offer, if anything. And union leaders didn't comment on what progress, if any, they made in the bargaining talks which recessed last Friday subject to recall at any time.

There has been considerable speculation that big steel would not agree to a wage hike—at least not a large one—but would go

along with better pensions and liberalized hospitalization programs.

The union also demanded a guaranteed annual wage. It was thought big steel might agree to study the proposal.

Contracts with basic steel producers expire at midnight, June 30.

Tokyo Doctors Strike

TOKYO, (AP)—Thirty doctors staged a sitdown strike in front of the Welfare Ministry today in an attempt to block proposed cuts in fees charged patients under a government-sponsored low cost hospitalization program.

Bride-to-Be Is Honored at Shower

Jacquelyn Dudley Feted Monday Eve by Mrs. Banwell

Jacquelyn Dudley, daughter of the Harold W. Dudleys of East Iroquois road was honored at a personal shower Monday evening. Mrs. Raymond Lee Banwell of Prall street was hostess for the event, which was held at the home of her parents, the William Beattys of West Iroquois road.

Jacquelyn will speak her marriage vows with Stanley H. Hunkins, son of Mrs. Stanley H. Hunkins of Minneapolis, in a Saturday afternoon ceremony in the home of her parents.

Mrs. Dudley, Nancy Dudley, Judy Robinson, Joan Neilsen, Mrs. Bruce Smith, Joan Howlett, Janie Schimmel, Mrs. John H. Gibson and Mary Ann Price of Royal Oak were guests at the shower.

Mrs. Harold Howlett will entertain for Jacquelyn Wednesday at Orchard Lake Country Club.

Wash Girdle Often

A pantie girdle should be washed as often as it's worn—using warm soapsuds and a gentle squeezing motion to protect the elasticized threads.

After rinsing in water the same temperature as the suds, blot the garment with a towel. Toss it over the shower rod to dry, or clip it with a couple of clothespins to a hanger.

EDITH ANN MILLS

Mr. and Mrs. Theron F. Mills of East Lansing announce the engagement of their daughter, Edith Ann, to Richard F. Heitsch, son of the Robert D. Heitschs of West Iroquois road. Edith, a student at Michigan State College, is a member of Zeta Tau Alpha sorority. A late August wedding is planned.

MRS. DOUGLAS C. ARNO

Couple Wed Sunday in Pontiac

Douglas Arno Takes Jeanne Brosier as Bride

Lilies, carnations, larkspur and palms decorated the altar of Central Methodist Church Sunday afternoon when Jeanne Colette Brosier, daughter of the William Brosiers of LaSalle avenue became the bride of Douglas C. Arno. He is the son of the Joseph Arnos of Commerce road.

For the three o'clock ceremony the bride wore a ballerina length gown of embroidered tulle in colonial style. A long sleeved jacket covered a fitted bodice. Embroidered scalloped tulle finished the three tiered skirt. Her illusion veil was held by a crown of pearls, and she carried a colonial bouquet of white roses.

Mrs. Ben Parr, the bride's sister, of Ann Arbor was the matron of honor wearing a colonial gown of ice blue lace and embroidered net. As bridesmaid, Eleanor Arno, the bridegroom's sister wore a dusty rose gown in colonial design. They carried bouquets of roses and carnations.

Richard Arno of Royal Oak was best man and ushers included Dennis Arno, Robert Puff of Royal Oak, Richard Brosier and Mr. Parr.

For her daughter's wedding Mrs. Brosier wore a gown of ice blue tulle and embroidered lace with matching accessories and a corsage of Johanna Hill roses. Mrs. Arno wore a dress of dusty rose linen with matching accessories and a corsage of Johanna Hill roses.

After the reception, held in the church parlors, the new Mrs. Arno changed to a valley rose suit with navy blue accessories for a trip to Northern Michigan. They will make their home at Pleasant Lake.

Dental Program Serves 1,166

Schools to Offer Popular \$4 Fluoride Treatments Again Next Fall

Fluoride treatments aimed at preventing tooth decay were given 1,166 Pontiac school children during the past 10 months — the biggest number in any single school year.

The low-cost treatments are offered each year to children as they pass through the second and fifth grades. Cost is \$4 a child.

The program, sponsored by Pontiac Public Schools, Oakland County Dental Society and Michigan Dental Society, got its start in 1951. Treatments were given 746 second grade pupils at that time.

"In 1953, we could get a dental hygienist for only five weeks," Miss Josephine Seelye, Pontiac school health coordinator, said. "We treated only 353 children that year, but we offered the program to most of the others in that group this year."

During the past school year, Dr. W. O. Roemer acted as supervising dentist. Miss Ruth E. Toepfer as dental hygienist. The school system plans to continue the self-supporting program next fall.

Edwards Demands Murder Examination

Theodore Edwards, 35, of 2011 Finner Ct., Royal Oak Township, yesterday demanded examination on a first degree murder charge in connection with the Sunday morning shooting of Mrs. Willie H. Spencer, 31.

Edwards is being held in Oakland County Jail without bond until his examination July 8. He appeared yesterday before Township Justice Richard V. Broder.

Township Police Detective Sam Whitfield said Mrs. Spencer was shot with a .32 revolver after she threw hot grease at Edwards during an argument at her home.

Whitfield, Sgt. Wilson and Patrolman James Gatewood arrested Edwards at the home of a sister-in-law at 20797 Woodside Rd., after surrounding the home, and found Edwards hiding under a bed.
