

Deadly Storms Kill at Least 18 in Nation

RUNNING FOR COVER — This family races for cover as a tornado funnel roars toward them in Topeka, Kan. The twister left damage estimated in the millions and practically devastated the campus of Washburn University.

Planner: County's Population Will Double in 25 Years

Oakland County's present population of about 815,000 will double in the next 25 years, Donald A. Kalmbach, chairman of the County Planning Commission, predicted yesterday.

Speaking to some 150 planners, government officials, engineers and educators on progress and problems of planning, Kalmbach said that with the spectacular population growth prospect comes a definite challenge.

But he added that the tools required to meet this challenge will soon be available to each county community.

Kalmbach's speech was a highlight of an all-day planning conference at Oakland University

which was sponsored jointly by the County Planning Commission and the university's Mott Center for Community Affairs.

Its purpose was to provide planning information gathered by the commission to planners and persons in planning-related fields.

Kalmbach explained that the commission will publish a combined population and land use study this fall that will be available to all county communities as a guide in future planning.

He added that commission personnel would be available for day-to-day consultations with community planners as a further aid in meeting the population growth challenge.

Kalmbach drew his population prediction from the commission's population study which is nearly completed.

"I have every expectation that the county population will be close to 1.6 million in 1991," he said.

The land use study soon will be completed and then the two studies, aided by federal 701 grants, will be published in October.

Kalmbach warned that improper planning in the face of the anticipated population increase could be detrimental to local communities.

A total of 11 concurrent workshops on planning, zoning and land use took place during the day.

One was devoted to the creation of new cities in the countryside by private developers and featured a report on the Keating development in Orion Township.

Howard T. Keating, president of the Howard T. Keating Development Co. of Birmingham, said that the \$250-million community would be developed in stages over a period of 10 to 15 years.

Citing the fact that the buying and renting public is fickle, Keating said that it is indefinite at this time what portion of the community will be developed in single family and multiple housing.

Preferences in housing change (Continued on Page 2, Col. 4)

By the Associated Press
Deadly and destructive storms ran up a toll of at least 18 persons killed, hundreds injured and uncounted millions in property damage on three widely separated fronts today.

Fourteen persons were killed in Topeka and 600 were injured by one of the 16 tornadoes the weather bureau said struck in Kansas and Oklahoma.

Tornadoes struck several northwestern and northern suburbs of Chicago shortly after dawn, and a 3-year-old girl was killed in the upset of a trailer home.

The Chicago area twisters, with winds of 67 m.p.h. at Glenview, injured at least 10 persons at Arlington Heights, where a 265-foot radio tower was toppled by the blow.

In nearby Rolling Meadows, a tree was blown over, wrecking a church. Fallen trees disrupted morning rush hour traffic at Mount Prospect.

A cloudburst flooded Waukegan's streets temporarily. The principal buildings at Arlington

Park race track escaped major damage, but the heavy starting gate was wrecked.

The wind peeled off the roof of a theater in Rolling Meadows and tore down trees and utility lines through the storm area.

Hurricane Alma, leaving a 250-mile long path of destruction along southern Florida's west coast, veered out into the Gulf of Mexico and headed for a second landfall in the Florida Panhandle.

Florida's death toll from the hurricane rose to three when the body of an unidentified woman wearing a life jacket was picked out of angry seas under the Sunshine Skyway Bridge at St. Petersburg.

The Coast Guard found wreckage of two boats in that area

of the Gulf and said the woman could have come from one of them.

A report to the Coast Guard said one of the boats, Ranger III, was breaking up and sinking near Tarpon Springs and that a man was seen floating away from it on an ice box.

Alma, already weakened some since she crossed Cuba with peak gusts of 117 miles an hour, may come to the end of the trail over the Florida Panhandle and southern Alabama. Forecasters said she would weaken rapidly over land today and tonight.

Storm tides three to five feet above normal flooded roads and closed bridges on Florida's west coast as Alma, the season's first hurricane, swerved off the shore and headed for new mischief in the Appalachian area.

CAPITAL SPARED

The storm's swing to the northwest spared the capital city of Tallahassee Alma's 100-m.p.h. punch that hit St. Petersburg on the button.

Alma's gale force winds, up to 60 miles an hour, swept an area 450 miles in diameter, and the weather bureau's hurricane watch extended as far as Savannah, Ga.

Florida's east coast, off Alma's course, had torrential rains, including 3.31 inches at Miami and 2.44 at Daytona Beach.

In Kansas, Topeka Mayor Charles W. Wright Jr. said: "A conservative guess of damage would run around 100 million." At least 2,000 homes were destroyed or damaged, he estimated.

EXPECT MORE BODIES

After a helicopter trip over the area today he said the devastation was far greater than he expected from earlier reports.

Civil defense authorities reported at least 14 dead, and said they expected to find more bodies in the rubble.

Approximately 600 persons were injured, 50 of whom it was estimated still were hospitalized. Two thousand were left homeless.

PATH OF DESTRUCTION — A tornado that swept a 15-mile path of destruction through Topeka, the capital of Kansas, left 14 dead, more than 600 injured and 2,000 homeless last night. This picture shows a main street near the downtown section.

Home Fire Kills Dispatcher

WALTER SCHLOMER

Walter Schlomer, 65, dispatcher at Bloomfield Township Police Department, died while calling the Walled Lake Fire Department last night when fire gutted his house at 955 Lucille, Commerce Township.

Firemen said Schlomer called their department about 11 and told them his house was on fire and he was unable to escape.

He was found on a front room floor of the frame, one-story house, with the phone still in his hand, according to sheriff's deputies.

Schlomer's wife, escaped from the house unhurt and is now staying with relatives.

The cause of the fire has not yet been determined. It was extinguished by fire fighters from both Walled Lake and Commerce Township.

PREVIOUS EMPLOYERS

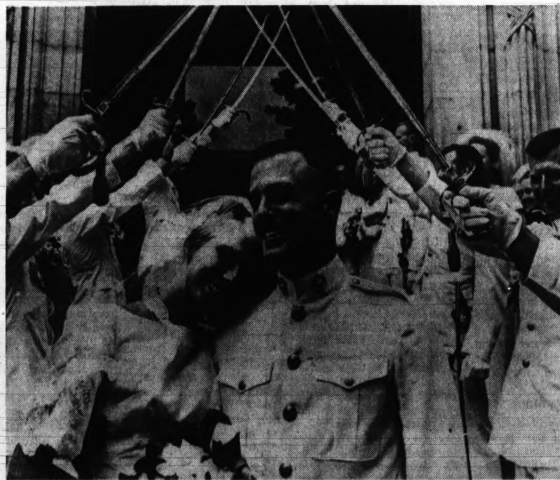

Schlomer worked at the City of Detroit House of Correction from 1957 to 1962. He was an officer with the Wolverine Lake police from 1954-64, starting at the Bloomfield Township department in 1964.

Fellow officers described him as being "burly and rough talking but with a heart as big as his body." They said he was always smiling.

L'I' L ONES

"I'm going to be an airline stewardess when I grow up so I can watch free movies."

ACADEMY WEDDING — Marine Second Lt. John P. Emmett Jr., 816 Colonial, Birmingham, and his bride, Mary Margaret Ballentine of Annapolis, Md., drew the honor of being the first of 58 couples

to march from the main U.S. Naval Academy Chapel at Annapolis under the traditional arch of crossed swords. They were married yesterday after his graduation.

Police Officer Tells of Payoffs, Meetings

With the aid of a small notebook to refresh his memory, a Pontiac police officer yesterday outlined meetings and payoffs he received while doing undercover work which led to the breakup of an alleged gambling operation.

The testimony was given by Capt. Raymond E. Meggitt on direct questioning by Assistant Prosecutor Patrick Oliver at the Circuit Court trial of three men charged with conspiring to bribe a policeman.

The defendants are Angelo (Barrel) Lombardi, 37; Charles Rouss, 32, both of Detroit; and Odus Tincer, 49, of St. Clair Shores.

They were charged after police raided the Seaway Civic and Social Club formerly at 118 S. Paddock, on the morning of Oct. 2, 1965.

Lombardi is also charged with bribery.

Meggitt testified that Lombardi gave him \$200 the first night he was introduced to him in early June 1965.

"Lombardi told me that he wanted to get along and I should tell him what time the club should be closed," said Meggitt.

Meggitt said that Lombardi told him that he was giving "jitters" to the people in the club because he was around the building so often when he first became suspicious of the establishment.

He quoted Lombardi as saying he wasn't worried about the cost and that if he wanted to stay open he would have to pay.

The notebook used frequently by Meggitt to give exact time and dates contained notations he wrote down immediately after meetings with the defendants.

Osteopath Bill Is Still Active

Deadline Is Midnight on College Measure

A bill to establish a state osteopathic college authority was still alive today in the House with a new midnight deadline ahead.

The deadline for bill passage was extended to midnight tonight from midnight last night.

The controversial college bill, which would set up a 10-member authority to govern the projected college at Auburn and Odyke, was reported out of the House Ways and Means Committee Tuesday amid cries of "railroad" and "skulduggery."

It took two ballots, separated by several hours, before the bill cleared the House committee.

Although no specific appropriation is provided in the authority bill, osteopaths expect its passage to lead to state support for the proposed medical school.

If the House does pass the bill before the new deadline, the measure still has an obstacle to overcome in obtaining Governor George Romney's signature.

Voting News Inside

Information on Pontiac and Waterford school board candidates, as well as those seeking places on the Oakland Community College Board of Trustees, can be found on pages D-2 and D-3 of today's Pontiac Press.

You'll also find on those pages stories about Waterford district's millage and bond propositions and a transfer-of-funds question in Pontiac.

Lists of candidates and propositions in 21 area school districts is on page C-10.

Lawyer Enters GOP Primary

Birmingham Man to Seek District 16 Seat

Dale A. Winnie, a Birmingham attorney, announced today his candidacy for the Republican nomination for state senator from the 16th District.

The district includes Birmingham, Bloomfield Hills, Royal Oak, Troy, Rochester and the townships of Bloomfield, Avon and Southfield.

"The ultraconservatives have attacked Oakland County and our present state senator is termed at least the titular head of this opposition move," said Winnie.

"Gov. Romney means too much to this state to allow this to happen in his home district."

"The state GOP has declared open warfare against the John Birch Society and named Oakland County as part of its main battleground," he said.

"Some 115 of 385 (precinct) delegate posts are at stake in the county."

"It's an unbalanced infiltration of the wrong element," said Winnie. "The party is caught in another Goldwater situation and we have to rally to move this off dead center."

This is the first time that Winnie, 40, of 135 Chesham, Bloomfield Township, has run for political office.

HIS OPPOSITION
His opposition in the August primary is incumbent Senator Robert J. Huber of Troy and Mrs. Garvin Bowden Jr. of Birmingham.

Winnie served as legal counsel to the state senate under appointment when Farrell Roberts served in the Senate representing all of the county.

He has served as campaign director for Henry Hogon, former Birmingham representative, and Roberts.

Most recently he was president of the Oakland Citizens League, a bi-racial, politically oriented group having some 400 members.

He is past chairman of the state bar patent section as well as its legislative committee.

Lake Huron Search for Plane Resumes

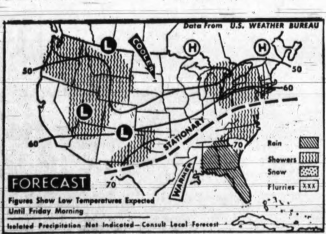

ALPENA (AP) — The Coast Guard ordered a search resumed at dawn today for a light plane which crashed into Lake Huron Wednesday with four Indiana businessmen aboard.

The body of one man, identified as Gordon B. King, of Fort Wayne, was recovered before darkness Wednesday near the crash scene.

The Weather

Full U.S. Weather Bureau Report

NATIONAL WEATHER — Heavy rain will continue tonight over Florida from Huntsville, Ala. and will be rainy in parts of the Atlantic Coast, the lakes and the plateau and over most of the Ohio Valley and Pacific Northwest. It will be warmer in the Gulf Coast and northern Plains and cooler in parts of the Mississippi Valley.

County Prober Indicts Official

Perjury Is Charged in Royal Oak Twp. Case

An official of Detroit's anti-poverty program was indicted yesterday on perjury charges by the Oakland County Grand Jury.

Grand Juror, Circuit Judge Philip Pratt, issued the indictment against Tatum Eason, 31, supervisor of the community services unit of the Western Community Action Center, Detroit.

He demanded examination when arraigned yesterday before Bloomfield Hills Justice of the Peace Jack Baldwin.

He was released under \$1,000 bond, with examination set for June 16.

Eason was accused of perjury in testimony he gave last month to the grand jury, which is investigating allegations of corruption in Royal Oak Township and Oakland County.

The four-count indictment alleges that Eason lied in denying he ever gave money or gifts to Royal Oak Township officials or solicited money in the township for illegal purposes.

Eason has been working with the Detroit anti-poverty program since August.

Before that he was engaged on urban renewal projects in Royal Oak Township and a neighborhood youth corps program.

He was not available for comment.

With just one more week to go before the grand jury ends its one-year term, it is expected that several other warrants will be issued before the inquiry concludes the investigation centering on Royal Oak Township.

Under law a grand jury convenes for six months, and if necessary is granted a six-month extension.

The Oakland County Grand Jury got under way last June 16 after it was requested by State Police trooper John Aird.

Law to Seek Fifth Term in State House

Veteran legislator Arthur J. Law will seek his fifth term as state representative from the 62nd District, he announced today.

Most of Pontiac is included in the district.

First elected to the house in 1958, Law, 60, of 27 Miami, is the most experienced Democratic legislator from Oakland County.

He serves as a member of the Ways and Means Committee of the House, which approves all appropriation bills.

A Pontiac City Commissioner from 1942 to 1954, Law served as mayor for six years, from 1944 to 1948 and from 1952 to 1954.

For two years, 1943-45, he was a labor representative to the Office of Price Administration and the War Production Board.

Law has actively supported the proposed osteopathic college in Pontiac, and it was through his efforts this week that the bill creating an Osteopathic Authority was passed out of the House Ways and Means Committee.

Another of Law's chief aims is the construction of an Olympic Stadium at the State Fair grounds in Detroit.

Among other accomplishments, Law introduced a resolution for the establishment of a \$100,000 cancer research fund at the University of Michigan to attract doctors and scientists on a worldwide basis.

HONORARY MEMBER
A former president of Fisher Body Lodge 596, Law is now an honorary member of the UAW.

He is a member of the Roosevelt Lodge, F&M and a 32nd Degree Mason.

Married, he has one son and three daughters, and five grandchildren.

Pontiac Press Photo

AT PLANNING CONFERENCE — Pausing to check the workshop schedule at yesterday's conference on planning at Oakland University are (from left) Dr. Lowell R. Eklund, dean of the Division of Continuing Education at the university; George N. Skrub, planning director for the Oakland County Planning Commission; and R. J. Alexander, chairman of the Detroit Metropolitan Area Regional Planning Commission.

'Population to Spur'

(Continued From Page One)

from year to year, Keating said. Our plans are flexible, he added.

In another workshop, Jacob Drinker, president of Development Planning Co., Pontiac, said that developers who fail to embrace the cluster development concept in the next few years will be left behind.

Cluster subdivisions feature smaller lots with excess land in the subdivision resulting from the reduced lot dimensions earmarked for park and recreational use by all residents of the area.

Senate Panel Okays Battered Foreign Aid Bill

WASHINGTON (AP) — The Senate Foreign Relations Committee approved today a battered economic aid bill after slashing more than \$117 million from what the administration said was a bare-bones program.

Chairman J. W. Fulbright, D-Ark., said the committee voted 17 to 1 to approve the bill but withheld a decision on whether to combine the economic aid with the military assistance bill.

The two segments of the foreign aid program — economic and military assistance — were separated in two bills this year in a departure from past policy.

The House Foreign Affairs Committee has already decided to put both in one bill.

Surveyor to Resume Moon Picture Taking
PASADENA, Calif. (UPI) — The Surveyor spacecraft will resume its picture taking of the moon's surface tonight after a two-day vacation by weary scientists at Caltech's Jet Propulsion Laboratory.

The spiderlike vehicle made a soft-landing on the moon June 1 and has since transmitted to earth 4,000 "beautifully clear" television pictures of the lunar landscape.

James Farmer, former director of the Congress of Racial Equality, says he will join Dr. Martin Luther King Jr., Floyd McKissick and Stokely Carmichael. King is head of the Southern Christian Leadership Conference; McKissick is director of CORE and Carmichael heads the Student Nonviolent Coordinating Committee.

Quang, went into the second day of a hunger strike in Hue protesting the government and U.S. support of it.

CONVOY AMBUSHED
The government military spokesman said three battalions of Viet Cong — possibly 1,000 men — ambushed a Vietnamese army supply convoy on highway 13 Wednesday. The government troops immediately called for heavy infantry and artillery reinforcements and U.S. planes roared in. When the battle ended, the Communists left behind three recoilless rifles and 50 other weapons.

The U.S. 101st Airborne Division's "Screaming Eagles" countered only sniper fire in their pursuit of the decimated remnants of a North Vietnamese regular army battalion in the highlands of Kontum Prov.

Political Scene Quiet
SAIGON, South Viet Nam (AP) — South Vietnamese troops, with U.S. air support, reported killing 250 Viet Cong after beating off a Cong ambush 48 miles north of Saigon, a government military spokesman said today.

A heavy new fighting erupted in a moment of calm in South Viet Nam's political crisis, indicating the Communists may be moving to the offensive again after waiting fruitfully for Premier Nguyen Cao Ky's military regime to collapse in the face of Buddhist pressure.

The Buddhist Institute's moderate chairman, Thich Tam Chau, called on U.S. Ambassador Henry Cabot Lodge, apparently to get his support for the Buddhists' new campaign of nonviolence against Ky. The monk's major rival in the Buddhist movement, Thich Tri

Birmingham Area News

Community House Fete Held

BIRMINGHAM — Five new members were elected to the board of directors of the Birmingham Community House at the Community House annual dinner meeting recently.

Named to serve on the board were Don E. Ahrens, 546 Haverhill, Bloomfield Hills; Mrs. John Z. DeLoan, 31235 Bingham, Birmingham Farms; Mrs. John Hutton, 1010 Henrietta, Birmingham; William G. Lerchen, 950 Waddington, Bloomfield Township; and William G. Waters, 1140 Hillside, Birmingham.

Filling a vacancy caused by illness is Mrs. John Moller, 624 Pilgrim, Birmingham.

Guests at the meeting heard selections from the senior men's combo; excerpts from the Newcomer's Club theatre group presentation of "The Unwicked Watches," and an original skit based on a typical afternoon in the Community House.

Retiring teachers Mrs. Josephine Cutler of Quanton Elementary School and Mrs. Ira Irish of Greenfield Elementary School will receive Distinguished Teacher Awards tonight at the annual awards dinner of the Birmingham Educational Association.

Air Complaints About Eastern

The Pontiac Board of Education last night heard parent and student complaints about Eastern Junior High School, which were dramatized two weeks ago in a demonstration at the school.

More than 100 parents, students, civil right group leaders and teachers attended the meeting last night.

School Board President Monroe M. Osmond said he would refer to the board's human relations committee a proposal for independent analysis of the racial situation in the entire school system.

Parents had asked the board request the Michigan Civil Rights Commission or another independent agency to appraise the situation and make recommendations.

Other complaints are to be handled by school administrators working with parents and teachers.

DEMONSTRATION
The demonstration by some 175 students May 27 was sparked by an incident at the school May 23.

The parents and students allege that Eastern Principal Theodore Wiersema "man-handled" a 14-year-old Negro girl while breaking up a fight. He denies doing so.

Osmond and Schools Supt. Dr. Dana Whitmer met with parents and civil rights leaders the afternoon of the demonstration.

Charles Harrison, education chairman for the Pontiac NAACP chapter, last night reiterated the nine-point proposal of the parents.

Whitmer noted that instead of appointing a monitor to the school, as requested, he had been visiting the building to better acquaint himself with the situation.

He also assured the parents there would be no reprisals against youngsters who participated in the demonstration.

Two \$400 BEA scholarships, classes may be obtained through the Bloomfield Art Association.

BLOOMFIELD HILLS — A new member of the board of education will be elected Monday to replace David W. Lee, who has decided not to seek reelection.

Lee, of 1160 Pembroke, Bloomfield Hills, has served on the board for the past 13 years, serving as trustee, secretary, treasurer, vice president and president.

Those who have filed to run for the single vacancy are Daniel C. DeGraft, Jr., 4116 Palmona Colony, Bloomfield Township, and C. Philip Bartlett, 964 Dursley, Bloomfield Township.

It includes pottery, sculpture, portraiture, watercolor, oil painting, drawing, and a new class in hooked rug techniques. Registration is open for the summer term. Information about

Gemini 9 Accumulated Dust, Dirt Inside During Astronaut's Two-Hour Space Walk

BOSTON, (AP) — The inside of the Gemini 9 spacecraft apparently got dirty while Eugene A. Cernan went for his two-hour space walk.

The hatch was open, and a space agency engineer said that on recovery, the interior looked somewhat like an ordinary

room on earth the way dust and dirt accumulated.

Astronaut Cernan reported, meanwhile, that he could feel the heat of the sun through the protective layers of his space suit during the daylight portions of his stroll around the world.

Gemini experts made these disclosures as Gemini 9 arrived

back on American soil Wednesday aboard the Navy carrier USS Wasp, recovery ship for the flight.

William B. Wood, National Aeronautics and Space Administration recovery engineer on the Wasp, said there seemed to be quite a bit of dirt, grease, film

and dust at various points inside the capsule.

He took samples with sterile swabs at three previously designated locations and at two others he thought were particularly contaminated.

Wood made the check as soon as Cernan and Thomas P. Stafford left Gemini 9 and before

anyone else got near it. The sealed swabs will be analyzed in NASA labs.

The contamination must have occurred in orbit, he said, because the spacecraft was in a sterile "white room" before launch.

Cernan told the NASA experts he felt actual discomfort as the

sun's heat penetrated his space suit but quick arrival of the orbital night cooled the suit, although the cold did not penetrate.

The astronauts carried pocket radiation detectors on their three-day flight, and all read zero.

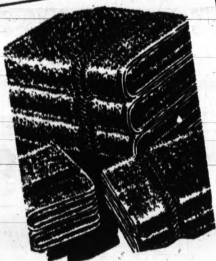

The spacecraft, headed for the McDonnell Aircraft Co. in St. Louis, was recovered so fast it was still warm from the re-entry heat. But the astronauts apparently had been overly cool in flight because cabin heat controls were found turned on full.

1 Down, 2 to Go in Settling Detroit Area Teacher Strikes

DETROIT (AP) — Progress in settling one of three teacher strikes in suburban Detroit affected the schooling of 80,000 children in Southeast Michigan. Most of the walkouts have been settled.

The three teacher walkouts affected nearly 1,200 teachers in ending a strike of 200 teachers in the Crestwood School District.

emerged from a 21-hour negotiating session with the aid of state labor mediators Wednesday. Crestwood has 4,300 pupils.

TERMS UNKNOWN

Terms were not announced pending a scheduled meeting of the Crestwood Board of Education.

The strike at Crestwood and

two others at Wayne and Ecorse threatened to interfere with next week's school graduation plans. School officials in Ecorse advised parents of plans to end the school year without the presence of teachers if a settlement is not achieved.

Ecorse's seven schools with 4,000 pupils are closed.

The Ecorse Federation of Teachers, a union group, called out 194 teachers in its strike. Chapters of the Michigan Education Association walked out at Wayne and Crestwood. The association and federation are rival groups.

All of Wayne's 29 schools, with

19,000 pupils, were closed after the bulk of the district's 800 teachers struck Tuesday.

Higher salaries and teacher rights in school affairs have been in dispute in all the strikes.

The Wayne Education Association charged the Wayne Board of Education with unfair labor

practices in a formal complaint filed with the State Labor Mediation Board Wednesday.

The teachers said the board acted illegally in proposing a teacher pay increase which would be contingent on the outcome of a school millage election Monday. The teachers stepped up over a two-year period.

comment. The school board in Livonia, the state's fourth largest school district, and teacher representatives meanwhile agreed to a higher salary schedule for 1,300 teachers. The pay is to be stepped up over a two-year period.

Gemini 9 Still a Scientific Marvel

Some people are quick to say the flight of Gemini 9 was not very successful. This writer who still marvels at the telephone believes that astronauts STAFFORD and CERNAN accomplished a great mission.

With troubles developing right from the very start they displayed great courage and "know how" in making the right decision at the right time. To turn in the type of job that they did demonstrates that it will take more than a few frustrations to upset our spacemen.

The pinpoint landing was so far ahead of anything to date that in itself seems like a real achievement to us. To be sure everything did not work

perfectly, but even with the technical problems developing, a portion of each segment of the mission was carried out.

The knowledge gained in the failures will most certainly be discussed and reshaped in the upcoming briefings. Without personally experiencing these troubles it would be extremely hard to foresee some of the difficulties which might well arise in future space trips.

Too, it must be remembered that each time we try a flight more maneuvers are tried. In other words the flights get tougher each time. The crew and the Manned Spacecraft Center in Houston did a magnificent job and are to be congratulated.

When Lawmen Become Lawbreakers . . .

The mantle of lawmaker is getting a little heavy on the shoulders of those who assemble in Lansing to guide our state.

In the recent past the state has been treated to news of legislators who are drunken drivers, uninsured drivers, bad drivers with numerous tickets, income tax evaders, and one facing morals charges.

Apparently a few of the peoples' choices feel they are above and beyond the laws. Some of them have even sought to conceal their misdeeds by seeking passage of legislation which would hide their records.

A few bad actors can destroy the public's confidence in all its representatives in the capital.

Americans Feeling Bite of Living Cost Hike

That unbidden economic presence that is beginning to make itself felt is inflation. It is no longer an abstract force with which we have become familiar as applied to other countries, but one that is now nibbling at the pocketbook of every American.

Ironically, the consumers price index is rising at a pace unequalled in 15 years in the face of moderate easing in the rate of industrial production—one of the key economic indicators.

The cold figures from the Bureau of Labor Statistics show that the index in April rose to a record 112.5 per cent of the 1957-59 average. In other words, it today takes \$12.50 to do the same work that a \$10 bill would do eight years ago.

Over the first quarter of 1966 the index rose 1.4 per cent, the highest advance for any comparable period since 1951, then sparked by the

zoom given the economy by the Korean War.

What's the reason for the rise in the cost of living? Mainly it stems from free-spending consumers, record employment, rising production costs and the increasing demands of defense and civilian industries for materials and goods and services.

While the inflationary trend has by no means assumed runaway proportions, it is being eyed closely by Administration fiscal experts. It is to keep the spiral from getting out of hand that President Johnson has weighed the advisability of a tax increase to slow down spending in all areas.

Although such a measure could be expected to have the desired effect, we'd guess that a tax increase in an election year has about as much chance of coming to pass as there is of BOBBY KENNEDY being invited to spend a weekend at the LBJ Ranch.

NATO Parley Proves Tension Eased

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — Red China's a problem, the war in Viet Nam is a mess, Africa is unpredictable, this country bubbles and boils over civil rights, but tensions in Europe recently eased greatly.

The best proof is the Brussels meeting of 14 North Atlantic Treaty Organization countries' foreign ministers.

If the heat was on, they wouldn't have the time for the kind of debating and postponing they're doing now.

The best weatherman was French President Charles de Gaulle, who wasn't there. Tall de Gaulle, always fidgety about the issue of French greatness, decided earlier this year European conditions have improved vastly since the NATO allies first teamed up in 1949 against possible Soviet attack.

He didn't like the idea of French troops under allied command — integrated forces, they were called — and he couldn't endure the thought of NATO bases, mostly American, on French soil.

NATO has its headquarters in France. Out with that, too, he said.

At the same time, he said, he wouldn't pull France out of the NATO alliance. This was finally having it both ways.

France, militarily, would no longer be part of the common NATO defense. But if

the Soviet Union attacked, France would depend on NATO allies to defend her.

2-WAY PLAN

De Gaulle is a man who has played it both ways for quite a while.

He was so jealous of French authority over all things French that he had withdrawn its Mediterranean and Atlantic fleets from NATO; assigned NATO only small air and ground forces of about 60,000 men; refused to permit non-French naval personnel from certain high command posts.

And he did other similar things.

In fairness, it should be remembered France stood beside the United States in the Berlin crisis and the Cuban missile crisis.

HAD TO WORK

In view of de Gaulle's demands, the remaining NATO nations had to arrange to take their headquarters out of France and reemerge the organization which his actions had badly shattered.

They had to remove the NATO Council, political arm of the organization, from Paris, too, although de Gaulle didn't demand that and, instead, invited the council to remain.

This week, the 14 NATO countries' foreign ministers met, including Dean Rusk, U.S. secretary of state, and agreed to move NATO's military headquarters to Belgium.

But, since they weren't under pressure to remove the NATO Council from Paris, they didn't.

They discussed it, disagreed on what to do, and decided they'd take it up again in their meeting next October.

David Lawrence Says:

Reagan Foes Surprised by Vote

WASHINGTON — It's a truism of modern politics that few public-opinion polls are as accurate as the actual vote in a primary or final election.

People who wrote off Ronald Reagan as just another Goldwater supporter are surprised today to find that he won the nomination for governor of California in the Republican primary by a 2-to-1 margin and received a bigger vote than did Gov. Pat Brown, who was renominated in the Democratic primary by a much smaller margin over Samuel Yorty of Los Angeles.

Less than two years ago, Ronald Reagan delivered a forceful address on television. It attracted wide attention. It was perhaps the best speech made for Barry Goldwater in the whole presidential campaign of 1964.

Requests came from all over the country that it be repeated, and the public supplied the funds to carry it on television several times.

The people formed their impression of Reagan by watching him speak and by listening to words which reflected a sincerity of purpose.

FURNISHES EXAMPLE

The episode furnished an example of how widespread recognition can come from the delivery of a good political speech which goes to the heart of current problems and gives the voter a feeling that the speaker has the interests of the people at heart.

Reagan this week won the Republican nomination against George Christopher, former mayor of San Francisco, who has been in politics a long time.

The incident could logically encourage others who have had no training or experience in that field to aspire to public office.

For the truth is that, while many men who are candidates for office today are wealthy, plenty of financial support is given to worthy candidates who are not themselves able to finance their campaigns out of their own pocket.

MAY BE PROPHETIC

The California primary results may prove prophetic. If a united Republican party emerges in the state, and the bitterness of the 1964 campaign

The Billion Dollar Masterpiece.

paign can be superseded by cooperation among the factions, California could become a strong Republican state.

In a broad sense, the results of the primaries are surprising. Vice President Nixon carried California in the 1960 presidential election, but in 1962 failed to win the gubernatorial race against Gov. Brown.

The state itself, while casting a substantial vote for Goldwater in 1964, showed a preponderant Democratic trend.

Has the situation changed in the last two years? This is the question the politicians are discussing.

The Democrats feel confident that they will come out on top again. The Republicans are jubilant because they believe the factionalism of 1964 is being overcome.

The real answer, however, may be found in similar experiences in American politics — it is the character of the man, rather than the position he takes on public issues, which so often wins an election.

In fact, there are many cases where the candidate who says less than his opponent on specific issues and sticks to general principles turns out to be the victor — very largely because of a winning personality.

(Copyright, 1964, Newsweek Magazine)

Bob Considine Says:

East Germans See Red Over 'Green Berets' Hit

NEW YORK — "Ballad of the Green Berets" has made such a hit in East Germany that the Communist overseers of that land decided that it must be banned.

The stirring folk song, written by Sgt. Barry Sadler and Robin Moore, and sung by CONSIDINE

the former on an RCA-Victor smash hit, is known in both Germany as "Hundert Mann Und Ein Befehl."

Whatever it's called, Herr Ulbricht says "Raus!"

Ulbricht sees no good coming of clean living, right thinking, whitewashed East German youth going about his people's paradise whistling a tune whose words carry messages about the derring-do of crack American Army troops who are giving a very hard time to East Germany's splendid ideological comrades, the Viet Cong and North Vietnamese regulars.

Billboard, the show biz journal, quotes the indignation of East Germany's Communist youth newspaper Junge Welt.

SEDITIONOUS SONG

The paper deplored the fact that the sedition song was being played at dances attended by East German youth.

It took to task a hip kid named Renate Follett of Herzberg, who goofed off far enough to write a letter to Junge Welt to say how much she liked the beat of "Ballad."

To show that all East German teen-agers had not blown their stacks, the paper printed a letter from one Lotha Graefe, who may become known in East German pop music circles as "the square's square."

Lotha loathingly wrote: "I was outraged by this brazen display of disloyalty to our ideals," she said after hearing the song played at a dance in Leuna, Saxony. "We do not need such songs from the 'other side.' We have enough good songs of our own."

Like "Lili Marlene," favorite of millions of GIs in World War II.

In Washington:

Draft Based on Nation's Interest

By RAY CROMLEY

WASHINGTON (NEA) — There's an unreality about students marching and protesting against student deferments.

If a student doesn't think he should be deferred, he has no problem. He can keep from having a deferment simply by not applying for one. No one forces a deferment on him.

If he already has applied for and received a deferment, he may ask to have it canceled. He can go even further and volunteer for military duty.

There's a harsh surprise likely in store for most hard-working students at any campuses where protesters succeed in getting college officials not to report class standings.

A physically fit student who is not a parent is normally 1A unless he secures deferment. He receives the deferment only by convincing his local draft board that he personally should be deferred in the na-

Voice of the People:

Thanks Agency for Help With Reading Difficulty

In these days when people find so much to criticize in city and county government and agencies, we would like to bring attention to a worthwhile service which is available to the people of Oakland County, the Oakland County Reading Clinic.

We had the pleasure of working with Miss Jane Fox to combat our son's reading problem. Their thoughtful, considerate and knowledgeable help was of great benefit to our son.

The staff of the reading clinic should be congratulated, especially Miss Fox.

MR. AND MRS. W. J. SEYMOUR
CLARKSTON

Reader Wants Museum for South Wixom

It certainly is a shame that the South Wixom Civic Association will resort to telling the public that there is going to be an amusement park at the Pollard Museum, to cover up the real fact that they are against progress as it might interfere with their daily country living. They moved out here to be in the country and they are making an all-out effort to keep it that way.

Mr. Pollard has indicated no intention of bringing in any sort of amusement park. He does have the intention of sharing his large collection of fine old cars, steam engines, farming equipment and old literature with you and a future generation.

By the time the flow of traffic has multiplied to 5,000 cars, there will be an exit and entrance which will interfere very little with country living.

AN INFORMED CITIZEN

Mother Complains Draft Board Is Unfair

Why is the draft board so unfair? Some boys walk the street forever; some boys just graduate from high school and have to go. All they get is five months' training and they don't even get a 10 or 15-day leave to come home before going overseas.

No wonder America always in some kind of mess; this world is such a mess to live in. Some world this is. Everything is so unfair.

MRS. MARY A. WHITE

'Keep Money, But Please Return Papers'

Will the person who found my husband's wallet in the Savon Store at Glenwood Plaza last Saturday please return the wallet and Blue Cross and Medicare cards and other papers it contained.

I am sure you were only interested in the money and we do not expect you to return that now.

Students Analyze Crescent Lake Water

We are 8th grade students at Crarry Junior High School. We have recently analyzed samples of Crescent Lake water, taken from several points around the lake, and have found a high bacterial count.

Since hundreds of people enjoy swimming and water skiing on Crescent Lake, this may prove of interest to many.

INA JOHNSON
DEBBIE STUKAS
217 REYMONT

Question and Answer

What are those things hanging down in the middle of Orchard Lake Avenue west of Bagley?

PUZZLED DRIVER

REPLY

They are a warning to truck drivers. The weighted ends of those ropes hang at the same height as the viaduct at Orchard Lake Avenue and Wide Track Drive. A sign warns drivers they cannot clear the viaduct if the ropes touch the truck. This gives them time to turn onto Bagley and avoid the overpass. However, despite clearly marked clearance heights and this new method of warning drivers, trucks are still getting stuck.

Boy Scouts Are Urged to Adopt New Image

LONDON (AP) — A committee of Boy Scout leaders urged the organization today to scrap its short pants, drop the word boy from its name and take an interest in girls.

The committee's report, delivered after two and a half years of study, recommended a revolutionary streamlining of the worldwide organization founded in Britain by Lord Baden-Powell in 1907.

The 24 committee members — all of them under 45 — said in their report that the scouts need a new image.

Shorts, the report said, "are one of the most damaging aspects of our present public image."

"They are responsible for the scout movement being dubbed as a juvenile organization in which men drop back to boyhood level."

They recommended mushroom-colored trousers, slightly tapered, with no cuffs.

The streamliners said scouts should wear berets instead of the old-fashioned army hats, and that the berets and shirts should be green.

They also recommended: Scouting activities should be kept to a minimum and "out-moded activities and childish games" should be abolished.

Senior and Rover Scouts should be called "Venture Scouts," a name which is "virile, active and forward looking."

Boy Scouts should be called scouts.

Venture Scouts between the ages of 16 and 20 should be meeting girls," the report declared. It recommended a joint committee representing Venture Scout units and Girl Guide — Girl Scout — units to "combine their activities."

NOT SO WELCOME — Modern U.S. Army paratroopers are seen on the streets of Sainte Mere Eglise in Normandy, the first French village to be liberated by Americans after the June 6th landings in 1944. But today these soldiers are not so welcome.

De Gaulle Forgets Words Praising U.S. Soldiers

By LEON DENNEN

NEW YORK — Who wrote these historic words? "Soldiers of free America: Having accomplished your task and won the victory, you are leaving the soil of Europe.

"Never shall we forget you. We fought together, suffered together and triumphed together. It is hand-in-hand that our two countries march toward the future. Long live the American Army. Long live the United States of America."

Thus wrote Gen. Charles de Gaulle — in his own hand as usual — on Nov. 6, 1945, after France was liberated from the Nazis.

The full text of his message was printed recently in the journal, "Today in France," by Benjamin Protter, noted American authority on French affairs.

SHORT MEMORY

Does the general, now president of France, remember it as he now conspires with the Russians — whose pact with Hitler unleashed World War II — against the United States and NATO?

Alas, ambitious politicians or statesmen with a mania of grandeur, if you please — have notoriously short memories when it suits their purposes and De Gaulle is a conspicuous example of this trait.

"Never shall we forget you," he told the GIs in the hour of victory.

But de Gaulle's "never" — like the comic line in Gilbert and Sullivan's operetta, "HMS Pinafore" — has already become "well, hardly ever."

STOPPED SERVICES

He certainly forgot the "Soldiers of free America" when his government recently refused permission to hold services in memory of Lawrence Kelly at the Invalides, one of Paris' military shrines.

Kelly was the first American GI killed by the Nazis at the liberation of Paris. Since the end of World War II services in his memory had been held annually at the Invalides as an expression of French gratitude toward all Americans who fought and died so that France could be free again.

This year, as de Gaulle was

preparing for his pilgrimage to Moscow, he found it inconvenient to remind his countrymen of America's role in the liberation of France.

He therefore decided to ban the Kelly memorial service at the Invalides, ostensibly because it was just an "ordinary private demonstration."

ACTS ON OWN

As usual, the 76-year-old president acted on his own without approval of the French national assembly. But this time his deliberate insult to the United States shocked the French.

Among the thousands who protested against de Gaulle's "astonishing and shocking" decision was well-known journalist Raymond Dronne.

He led the first platoon of Free French soldiers into Paris in August 1944, when the fight for the French capital was still at its height.

The ban on the Kelly memorial service, Dronne wrote, was in accordance with de Gaulle's fundamental character — "his old resentment against President Roosevelt; his tenacious hatred of all those who refuse to bow to his will; his ingratitude and insatiable appetite for revenge pushed to the smallest detail."

REMINDER TO PRESIDENT

Dronne reminded de Gaulle that in 1944-45 "France was liberated thanks to the formidable American power, by the combined Anglo-American forces" and that French veterans of the Liberation were "clothed, equipped, armed and supplied by the Americans."

This de Gaulle now wants to forget. Perhaps there is no longer any point in arguing with the old man.

The best thing, as President Johnson suggested, is to agree to de Gaulle's wish and remove all NATO institutions from France.

His policies are personal and he has no successor on the French political horizon. In the long run, France is bound to return to NATO and an integrated Western alliance. France may be eternal. It's president obviously is not.

The women's garment industry does a \$14 billion annual business.

DSR Is Ruled Tax-Exempt

But Supreme Court Doesn't Allow Refund

LANSING (AP) — The city-owned Detroit Department of Street Railways DSR is exempt from city and school property taxes; the Michigan Supreme Court ruled Wednesday.

In a fragmented but basically unanimous ruling the high court upheld the finding of Wayne County Judge Carl Weideman that the DSR could not be liable for the taxes.

Five of the justices, however, refused to go along with Weideman's granting of a refund of \$554,545 in 1963 taxes. Some \$240,000 of this went to the school district of the City of Detroit—a governmental agency that is entirely separate from the city.

The suit was brought May 6, 1964 by Murdoch Hartzog, who identified himself as a resident of Detroit, a taxpayer and a fare-paying patron of the DSR. He sought tax relief for 1963 and 1964.

His suit was brought against the city, City Treasurer Charles Williams, the Common Council, the Detroit Board of Education and the DSR Board of Commissioners.

Justice John Dethmers ruled that the City Home Rule Act allows the levying of state and county taxes only on such a city-owned utility. The city and school property taxes do not fit this definition, he said.

As to the city's ability to impose a tax on DSR property within the city limits, "We observe that no authority therefore in the constitution or statute has been called to our attention," Dethmers said.

Only one other justice, Michael O'Hara, went along with Dethmers in approving the rebate of back taxes, however.

"If the plaintiff can secure refund of the 1963 tax," said Justice Paul Adams, "why not the 1964 or the 1943?"

Shot to Death in Westland

DETROIT (AP)—Donald Lang, 62, of suburban Westland was found shot to death yesterday in a Westland apartment.

Police said an acquaintance of the victim, Miss Fern Marenette, returned from work and found Lang's body in a pool of blood according to Mark Stewart.

Police said they were questioning Lang's widow, Mrs. Ione Lang, 49.

Teen Will Graduate by Phone

ERIE (AP) — Honor student Kathleen Smerner will graduate from high school by telephone tonight.

The pretty 18-year-old is in Mercy Hospital in Toledo, Ohio, recovering from injuries received in a May 31 auto accident.

School officials said a microphone will be mounted on the speakers podium at commencement ceremonies at Erie's Mason High School.

The microphone will be connected by a direct line to a receiver beside Kathleen's bed, allowing her and her family to listen to the entire program.

When her name is called in Erie, Kathleen will be handed her diploma in Toledo.

HIT IN PROCESSION

A former homecoming queen, Kathleen suffered a broken pelvis, cuts and possible internal injuries when a car in which she was riding in a funeral procession was struck by another auto.

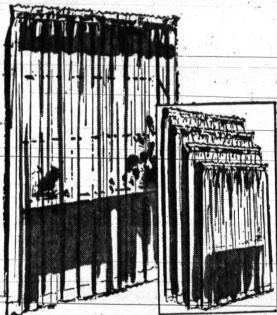

Daughter of Mr. and Mrs. Robert Smerner of nearby Luna Pier, Kathleen has received a scholarship to Marquette Community College.

All-Out War Is Urged for Car Safety

CHICAGO (UPI) — The nation should enlist every resource in the war against traffic fatalities, Roy Abernathy, President of American Motors Corp., said yesterday.

He addressed a banquet sponsored here by the Automotive Safety Foundation, honoring the board of directors of the General Federation of Women's Clubs.

Abernathy said the automotive industry advocated passage of a federal traffic safety law this year as "one important move among many that ought to be taken toward victory in the war against traffic deaths."

However, he said, "There is a danger that too many people will think the problem has been solved by the passage of a law in Congress."

"Today, with national attention focused on driving safety as it never has been before, we should become inflamed about the traffic tragedy—and enlist every resource in the war against it," he said.

Car Soft Trim Production Up

UAW Petition Brings Data on U.S., Canada

WASHINGTON (AP) — The Tariff Commission reported Wednesday substantial increases in U.S. and Canadian production of interior soft trim for automobiles between last December and March compared with the same period two years ago.

Its report was submitted to the Automotive Agreement Adjustment Assistance Board as the result of a petition by the United Automobile Workers which said the U.S.-Canada automotive agreement of last year was the main factor in the unemployment of 1,100 workers at a General Motors plant in Grand Rapids, Mich.

The union contended the workers were displaced at the Fisher Body Plant No. 2 because of a company decision to transfer the production of interior soft trim for the Chevy II and Chevelle series to a new plant near Windsor, Ont.

Soft trim includes such items as sunshades, trunk linings, shelf compartments, upholstery for seat cushions, seat backs, and head and arm rests.

The commission, which makes no recommendation but merely outlines the facts to the adjustment board, said its entire report could not be made public because much of the data is confidential.

Without giving details, it said that the report contained extensive information on employment changes at the Grand Rapids plant.

It will be up to the board to determine whether federal aid should be given to the unemployed workers.

Ex-Law Officer Is Acquitted of Fraud Charges

FLINT (AP)—A Circuit Court jury deliberated only 41 minutes Wednesday before acquitting former Genesee County Under-sheriff Richard O. Shannon of charges that he defrauded the county.

Shannon collapsed upon hearing the verdict and was taken to a hospital.

Shannon, suspended July 24, was charged with obtaining services under false pretenses and willful neglect of duty. A third charge that he conspired to obtain services under false pretenses was dismissed earlier.

He had been accused of using deputies to do personal work for him on his property while he credited them as having spent the time working for the county.

Shannon denied the charges, saying that at various times 23 deputies had worked for him voluntarily to earn extra money.

ENGAGED COUPLE — The President's daughter, Luci Johnson, and her fiancé, Patrick Nugent of Waukegan, Ill., appeared on the south lawn of the White House yesterday

to meet photographers. The engaged couple took part in an outdoor reception in which President Johnson entertained presidential scholars and other groups.

Reagan Shapes Up as Tough Candidate

By BILL BOYARSKY

SAN FRANCISCO (AP) — Results from Tuesday's election indicate that actor Ronald Reagan, Republican gubernatorial candidate, will be a potent opponent when he meets Democratic Gov. Edmund G. Brown in the November election.

A county-by-county check disproved expectations Reagan might trail his opponent, former San Francisco Mayor George Christopher, in the 51 northern counties.

Reagan, running for office the first time, carried 53 of California's 58 counties.

Los Angeles Mayor Samuel W. Yorty carried only five counties against Brown, but polled a substantial vote in his home county and won populous, conservative-minded Orange County in the south.

HEAVY INROADS

But while most counties ended up in Brown's column, Yorty made heavy inroads in all but a few.

Brown said he hoped Yorty will support him in November.

But Yorty refused to make an immediate endorsement, saying he "will make no decision at this time relative to what position, if any, he will take in the general election."

"Many moderates in both parties will not like the choice with which they are now confronted," he said.

SMALL PERCENTAGE

He cut Brown's percentage margin down to just over 51. Yorty got slightly more than 38 per cent and other candidates 10 per cent.

Reagan, who piled up 64 per cent of the Republican vote, said he woke up the morning after the election and "I must admit I was somewhat frightened. But then, I've been frightened from the first by the knowledge of what's at stake for the people and what they want done."

Ray C. Bliss, Republican national chairman, said Reagan's majority "can now be blended

into a united Republican drive for complete victory in California in November."

To do it, Reagan will need Democratic support. Democrats outnumber Republicans by slightly more than 3-2.

VOTE PERCENTAGE

This means that Reagan must get 90 per cent of the Republican vote and 20 per cent of the Democratic vote to win in November.

Former Vice President Richard M. Nixon, who lost to Brown in 1962, predicted a Reagan victory and said he'll be in his native state June 23 to speak for the candidate at a fund-raising dinner.

U.S. Sen. George Murphy, who went from Hollywood to Washington, called for Republicans to unite behind Reagan.

U.S. Sen. Thomas Kuchel, R-Calif., who backed Christopher, congratulated Reagan and said

he looked forward to talking over state issues with him.

LBJ VICTORY

Democratic National Chairman John M. Bailey saw the primary as a big victory for Brown and an endorsement of President Johnson's policies and programs.

Brown said of Reagan, "He is far on the right, as indicated by his speeches for Goldwater and his speeches in this campaign. This will make for a far clearer and sharper campaign than against Mr. Nixon."

"No, I wouldn't say I'm an ultraconservative," said Reagan. "The governor has been practicing with the new arithmetic. He has been saying this sort of thing for some time but he has never said I deserved it."

A quarter of the timber harvest in the United States is used to make wood pulp.

Weekend Vote in Rome May Put Reds in Power

ROME (AP) — Using an un- their vote just a bit, as they usually genial soft sell, Italy's have done in every major election since the war, they could win control of the Rome city council to replace the Christian Democrats in elections this weekend. This would have stunning repercussions. It would: —Give the Reds an unprecedented dominance in the nation's 80-member city council. But if the Communists increase al capital,

—Make the Communists, for the first time in history, the leading party in the seat of Roman Catholicism. —Give the Communists ammunition for their argument that they can provide the basis for an all-Italian government with the Socialists, replacing the center-left coalition of Christian Democrats and Socialists both on local and national levels.

—Probably spark enough disruption within the Christian Democrats to cause the fall of Premier Aldo Moro's national government. This election is regarded as an especially important political index. Nearly 5 million of the

country's 34 million registered voters will ballot for new councils in 168 municipalities and three provinces. The vote comes three years after the start of center-left government and the last national election, and two years from the next scheduled parliamentary election.

Senate Passes Vehicle Inspection Bill

LANSING (UPI) — The State Senate passed a compulsory motor vehicle inspection bill yesterday despite warnings it was an invitation for auto mechanics to milk the public.

The measure, introduced but not passed in two previous legislative sessions, was approved, 25-7.

It would require motorists to have their cars safety checked annually at licensed garages for \$2.25.

The bill was one of the major traffic safety items called for by Gov. Romney. And Republicans, who led support for the measure, declared the "public wants a car safety check bill" this year.

However, Sen. Stanley Rozycki, D-Detroit, chairman of the Senate Highway Committee, said Michigan motorists could better use the millions of dollars in the bill for safer highways.

CITIES STATISTICS

Statistics don't show a drop in traffic fatalities in states with compulsory vehicle inspection, he said.

"Gentlemen, you have taken the public to the cleaners," said Sen. Bernard F. O'Brien, D-Detroit.

He warned unscrupulous mechanics would pad repair bills or make unneeded repairs knowing a motorist must have a vehicle certified safe.

The program will cost about \$903,801 to get rolling, according to Sen. Garland Lane, D-Flint, chairman of the Senate Appropriations Committee. Afterwards, motorist fees would offset costs, he said.

\$10 FEE

Under the proposal, State Police would license auto garages and collect a \$10 licensing fee.

Motorists could be ticketed for failure to comply with the compulsory inspection if

stopped by police for any car safety deficiency.

The bill was offered by Sen. Haskell Nichols, R-Jackson, as a substitute to a do-it-yourself inspection plan which failed earlier. Final action on the measure must be taken by the House.

The Senate, rushing to meet a midnight tonight deadline for bill passage, approved several other key measures, including one to reduce the beer tax by \$1.8 million, allow a property tax exemption on water pollution facilities, establish separate youthful offender facilities and lessen drunken driving charges to impair driving.

30-CENT REDUCTION

The beer bill would reduce by 30 cents, to \$6.31, the tax per barrel.

Proponents of the bill contend Michigan has lost a substantial amount of the brewery business since it boosted the tax from \$1.25 per barrel

in 1962 to the present \$6.61 level.

Other major items left on the Senate calendar for final action today were proposals for a two-year moratorium on the shooting of antlerless deer, reorganization of the Michigan Labor Department and a measure to require cities to certify the availability of public housing for persons whose homes are in the path of highway construction projects.

A bill to require that all police agencies in the state use a uniform traffic ticket designed to prevent a recurrence of the Wayne County road patrol ticketing-fixing scandal, passed 30-0.

3 Days Proclaimed

LANSING (AP)—Gov. George Romney has proclaimed June 12 as Family Day, June 17 as German Unity Day and June 27 as Helen Keller Day in Michigan.

BELIEVES IN MIRACLES
— Princess Cantacuzene, granddaughter of President Ulysses S. Grant and widow of a Russian prince, woke up to find her sight restored after 10 years of blindness. Her doctor said it was an unexplained medical phenomenon.

AT&T Probe Raises Fears

Loss of Confidence
in Firm Envisioned

WASHINGTON (AP) — The possibility of a mass loss of confidence by American Telephone & Telegraph Co. shareholders was raised today over the Federal Communications Commission's investigation of its finances.

"Literally millions of investors are counting upon a successful future for this company," securities expert John H. Moller said.

"There is no reason for the equity investor — large or small — to be satisfied with returns from an investment in AT&T stock that are materially lower than those he can obtain elsewhere," the senior vice president of Merrill Lynch, Pierce, Fenner & Smith said in prepared testimony.

"And there is no reason why he should commit his funds to an investment in AT&T stock if he has reason to suspect that he will not obtain a competitive return," he added.

HEARINGS

Moller's testimony came on the third and final day of the opening round of public hearings in the commission's sweeping probe of the rate and earning structure of AT&T in its foreign and interstate operations.

He and AT&T Treasurer John J. Scanlon put the final stamp on hundreds of pages of testimony urging the commission not to try to put a lid on the company's rate of return but to allow it to go from its present 7.5 per cent to 8 per cent or more.

"The average investor," Moller testified, "has every reason to expect his investments to perform at least as well as overall market trends."

"There can be little question that any retardation of recent improvement in operations of American Telephone may place the company in a most uncompetitive position in terms of financing the future growth it must have to continue to serve the public welfare."

Kennedy Impressed by S. African Feelings for End to Race Bias Policies

JOHANNESBURG, South Africa (AP) — Sen. Robert F. Kennedy said today he was impressed by the strong feeling of many people in South Africa for a need to move away from the government's rigid policies of racial discrimination.

Speaking at an airport news conference just before he left for Kenya, the New York Democrat said he had found an awareness of the responsibility of everyone to acknowledge human equality and to discard color prejudices.

"I was impressed by the strong feeling of the people of South Africa along these lines," he said.

He told a questioner it was his role to suggest specific solutions for South Africa's racial policies.

"I've seen enough of the people of South Africa to believe they can work out their own solution," he said.

"I have a more personal appreciation of South Africa's difficulties, and that is all to the good," he added.

The senator said he planned to return to South Africa next week. He said he had been invited by the foundation's executive board by several organizations but would only name the South Africa Foundation, an organization of business and professional men which aims to improve South Africa's image overseas.

The senator had dinner with the foundation's executive board last weekend.

He said his discussions during his five-day visit had included the situation in the United States, particularly civil rights questions and the Viet Nam war, as well as South African and global questions.

"In the world of 1966, we all depend on one another," he said. "There are no more islands."

Have the Swingin'est Summer in a Swimmin'est Suit

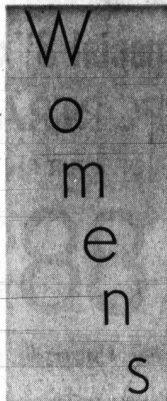

Two of the biggest trends in swimwear—the bare-shoulder look and bold, Polynesian-inspired prints—are combined in Jantzen's side-sleeved knit of stretch nylon and "Lyra" spandex.

Pristine white eyelet laced with ribbon for a beach baby bikini and shifty little dress to wear over a swimsuit or summer-bare slip. Blue, pink, or yellow with white eyelet. By Cole.

Easy Ban-Lon mio for leisure hours of fun and sun. Alluring cowl neckline provides needed extra coverage in front while a matching bra quietly peeks through the chic back opening. By Cole.

The dressmaker classic in soft Arnel jersey with slightly eased bodice and skirt in a merry-go-round of permanent pleats. White or black. By Cole.

This tiered ladylike bikini of embroidered white chiffon is covered up occasionally by a delightful hooded beach shirt in red with white dots—of batiste cotton. By Country Set.

Primitive beat... body-conscious swimmer's suit of abstract print powernet cut down the bodice—featuring snug little boy shorts to make it even newswier. Red or blue. By Cole.

Foundation Honors Volunteers

The North Oakland County unit of the Michigan Cancer Foundation honored volunteers at a tea and program Tuesday in the First Federal Savings of Oakland's civic room.

David Scott, newly appointed executive director of the United Cancer Council, spoke and showed slides on the over-all cancer control program of MCF. Entertainment was by the Girls' Ensemble from Pontiac Central High School's vocal music department.

Honorees to the more than 100 women present were North Oakland County Unit chairmen. They include: Mrs. Thomas

Seavey, Holly, volunteer activities; Mrs. George McCorkle, office chairman; and Mrs. Hershel Asbury, service.

Others are: Mrs. Marvin Jaffee, education; Mrs. Russell Wainscott, transportation; and Mrs. M. D. McIntock, Birmingham, public information.

Mrs. Harry Slater, Lake Orion, and Mrs. Ray C. Kingsbury were, at the refreshments table.

City Seniors Will Play Farewell Band Concert

Seniors in the bands of Pontiac Central High School and Pontiac Northern High School will be honored at a concert Friday in PCHS auditorium.

The all-city honors band will be conducted by Dr. Harry Begian of Wayne State University and former band director of

Cass Technical High School, Detroit.

The concert program is as follows:

★ ★ ★
"Brighton Beach" by Latham;
First Suite in E Flat by Holst;
"Kiddie Ballet" by Hermann;
"Symphonic Suite" by Williams; A beguine, "Blue Mist"

by Osterling; "George Washington Bicentennial March" by Sousa.

Concluding the program will be selections from "The Sound of Music" by Rodgers and "Anniversary March" by Goldman. Tickets for the 8 p.m. event are available from any band member or at the door.

The Ericksons have six grandchildren.

A Beauty Hint

Margaret Merrill advises that it is quite simple for every woman to promote an English countryside complexion. Her hint to gain a peaches-and-cream loveliness is to damp a cloth with cold water from your refrigerator and press it over your face for a few minutes once or twice a day. Then, to hold the good of the complexion beautifying cold water smooth on a little tropical oil of Olay. This oil is rather scarce and expensive but your drug store should be able to get you a small supply.

Pods for People

The next time your husband needs a ride to the airport, tell him to take a people pod. He'll probably laugh, but people pods will soon be the best way to get from mid-city to the airport, says Engineering News-Record.

People pods will work something like this — the pods, bus-type things, would pick up travelers bound for the airport. Then at various city terminals, the pods would be attached to the bellies of helicopters, and flown to the airports. If you don't like the idea of being picked up by a pod, you can refer to it as a "sky-lounge." Instead, that's the sophisticated term for just plain pod.

Warm Up That Cold Shoulder and Watch the Other Cool Off

By ABIGAIL VAN BUREN

DEAR ABBY: I stopped by my husband's place of business just before closing time to get a lift home. When I walked in, he had the guiltiest look on his face, and the back door of his office was wide open. There was a chair drawn up right next to his. I felt the seat, and it was still warm. We have been married 33 years, and I never worried about his taking an interest in other women because for the last 10 years he has had no interest in me. Now I am beginning to wonder if maybe the reason he had no interest in me was because he was all worn out from his interest in others. I would like your opinion.

SUSPICIOUS

DEAR SUSPICIOUS: It could be that the hot seat you're worrying about results from your cold shoulder. Warm up one and watch the other cool off.

DEAR ABBY: I am faced with a situation which baffles me. I am a grown woman of 40, and a neighbor of mine (also a grown woman) is my problem. Evertime I am in her company she paws and pets me and grabs my hand and tries to hold it. She is constantly kissing me. I have been told she is "lonely." Well, I've been "lonely," too, but not for another woman. I try to stay away from her unless our husbands are around, but she comes over when I'm alone. I've told my husband why this neighbor makes me nervous but he says she's a married woman and I am making a lot out of nothing. I am running out of excuses to keep her away from me. I feel like a prisoner in my own home. My husband is a physician so I can't sign my name. Can you help me?

A PRISONER

DEAR PRISONER: Apparently you have an abnormal neighbor woman, of a very sticky variety. Assuming you are not unconsciously encouraging her, and from your letter I would say you are not, the time has come for you to stiffen your spine and tell her if she doesn't quit pawing you, she isn't welcome. Life presents many situations requiring forthright action if

one is to protect himself, and if you feel like a prisoner in your own home, this is definitely one of them.

Jane Hubbard, daughter of Mr. and Mrs. Philip M. Hubbard, Bloomfield Hills, is among 58 students at Centenary College for Women (Hackettstown, N. J.) enrolled for the eighth European study tour June 16 - July 17. The tour will include Eng-

land, France, East and West Germany, Italy, Spain and Switzerland. **CHATHAM COLLEGE** Featured in the recent student dance concert at Chatham College, Pittsburgh, Pa. was Deborah L. Dobski, daughter of Dr. and Mrs. Ed-

win J. Dobski, East Pointe Lane. She choreographed her dance to her original painting, "Tears Come in Many Colors."

Miss Dobski is a freshman drama major at the Pittsburgh College.

MICHIGAN STATE

At Michigan State University four area students have been elected members of Tower Guard and Mortar Board, major women's honoraries. Tower Guard is the sophomore women's honorary; Mortar Board is for outstanding senior women.

Announced as a new member of Tower Guard was Marjorie A. Maas, daughter of Mr. and Mrs. Albert W. Maas, Meadowlane Drive.

Mortar Board named Katherine J. Braden, daughter of the Joseph D. Bradens, Beverly Hills; Marilyn J. Seiber, daughter of Mr. and Mrs. Bernard C. Seiber, Riviera Street; and Susan E. Mosshamer, daughter of Mr. and Mrs. Edgar Mosshamer, Farmington.

MSU's chapter of Beta Gamma Sigma, national business honorary society, has invited into membership four Pontiac area students. They are: Stanford H. Arden, Franklin, graduate student; Douglas F. Carney, son of the D. F. Carneys, Mohawk Road, graduate student; Richard S. Doerr, son of the Maxwell H. Doerrs, Ottawa Drive, a senior; and Wallace W. Edwards, South Boulevard East, graduate student.

INDIANA UNIVERSITY

Recently elected to membership in Indiana University's chapter Pi Kappa Lambda national, honorary music society was Joan Grahek of Wenonah Drive. She is a senior in the school of music.

UNIVERSITY OF KANSAS

Outstanding students in the University of Kansas design department were honored at a recent awards assembly.

Among juniors earning class awards was Nancy Linn, daughter of Dr. and Mrs. H. J. Linn, Kirkway Drive, Bloomfield Township.

WAYNE STATE

At Wayne State University's recent college of pharmacy honors convocation Zack D. Gill of Croydon Street, Avon Township, was among students recognized. He was presented the Johnson and Johnson Award for exceptional aptitude and achievement in pharmaceutical administration.

AP Wirephoto

Bride Carol Chivers, 22-year-old model, went to her wedding in fashionable St. Mary's-the-Bolton's Church in London Wednesday wearing ankle length silk pants and a matching white silk high-buttoned coat, slashed almost to the waist. Her sister, Marilyn, 19, acted as bridesmaid wearing white lace shorts beneath a short purple tunic with lace bonnet to match the shorts. Frank Sweeney, the bridegroom, was attired in a conventional dark suit.

Polly's Pointers

Buy Right Size

By POLLY CRAMER

I find sheets are never long enough to tuck under far enough at the foot of the bed to prevent their pulling loose and working out. When I buy new sheets I buy the double size for twin beds. I rip out the wide hem, cut a strip about 10 inches wide from one side and sew it to the end of the sheet where the hem was ripped out.

I fell the seam so it is flat and hem all the raw edges to have nice long sheets that tuck under and stay that way.—AUNT BEA AUNT BEA — You have a

good solution but do you buy the extra long sheets? They do come in different sizes.—POLLY

DEAR POLLY — To keep curtains from flapping through open windows and becoming soiled, put thumbtacks three inches apart up the outside of the window facing. Draw nylon fishing line across the window in a lattice-like design from tack to tack. This holds in curtains.—MRS. A. L.

DEAR POLLY — My 8-year-old grandson was ill when visiting me and said he could not get an aspirin down when I tried to give it to him. He asked me to crush it and put it into a capsule, which I did and he took it without a murmur.

I then filled some extras and labeled them so they were ready when needed.—MRS. R.K. DEAR POLLY — My grandmother uses a walker and she often wants to take things from one room to another. She could not manage this and use the walker until I attached a bicycle basket to the front of the walker by clamping it over the frame and screwing the braces of the basket to the front edge of the walker.

Now she can take what she wants from one place to another without any trouble.—DARRELL

Anyone submitting a Polly's Problem, a solution to a problem or a favorite homemaking idea will receive a dollar if Polly uses the item in Polly's Pointers.

One tablespoon of borax added to a large pan of starch will help stiffen lace curtains as you launder them.

Give Party for Three

Three area June-graduates of Manhattanville College of the Sacred Heart will be honored at a supper Wednesday, sponsored by the college's Detroit alumnae club.

Agnes Van Antwerp of Detroit will be hostess for the gathering.

Honorees include: Josephine M. DeLorenzo, Birmingham; Rose Marie Stevens, Rochester; and Margaret M. Johnson, Lake Angelus.

All area alumnae of the college will be welcome at the event.

Birmingham resident Mrs. John T. Higgins has been elected treasurer of the alumnae group.

Duo-pianists (from left) Diane C. Haskill, 15, of Woodbine Drive and Donna Luenberger, also 15, of Oriole Road will perform at the 23rd Michigan Annual Music Festival-Sunday at the State Fair Coliseum. The 90-minute mass piano recital will begin at 2:30 p.m.

Parents of the two girls are the Clyde R. Haskills and the George Luenbergers. Both girls are students of Mrs. Carl Clifford. Grinnell's is cosponsor of the concert with the Festival Teachers Association.

Cats, Ladders Lucky for Her

ALPINE, Tex. (U) — You can't convince Myrtle Brick that cats and ladders are associated with bad luck. She has a cat named Sonny who likes to climb on the roof of her house but can't get back down.

After borrowing a ladder several times from neighbors, Miss Brick decided to get one

of her own to rescue her climbing kitty. When she went to a store to purchase an aluminum ladder for \$8.88, she registered for a door prize and won a television set.

Cotton linters are very short fibers left after regular staple fibers have been removed.

Right Ingredients Make Kitchen Efficient

Your kitchen can be a "thing of beauty and a joy forever" if you have the right ingredients. Space is important in order to have efficient working centers.

Imagination and use of color add to the overall attractiveness.

In this colorful kitchen, a soft marigold shade was selected for the cabinets and

walls are covered with a gay wallpaper strewn with marigolds in shades varying from yellow to orange.

Center of attraction is the

new built-in P-7 Self-Cleaning double oven by General Electric that can cook superbly for a banquet for 20 or a small dinner for two. Both ovens open wide, are full size, and, best of all, clean themselves electrically and automatically. Just set the controls to broil or bake in either oven, or both at the same time. You can roast several chickens in the upper oven while you bake vegetables or casseroles in the lower oven.

There's no worry about stubborn spatters or drippings since everything can be cleaned off electrically.

The handsome cooktop with exhaust hood completes the cooking center. Easy-to-reach-and-see Eye-Hi pushbuttons control all the surface units and a light illuminates cooking surface.

The new double ovens are for 27-inch enclosures and can replace older models that have grown a bit weary.

Does Double Duty

A pitcher can double as a flower vase and a champagne or wine glass is ideal for serving puddings and gelatin.

Today's Kitchen Is Pretty, Practical.

Brinkley's Best for Charity

Mrs. David Brinkley, wife of the celebrated NBC Washington correspondent, impishly donated two of David's favorite suits to Jim Fookes, president of the Suburban Maryland Drycleaners Association.

Each year Mrs. Brinkley raids David's closet in order to help the drycleaners inaugurate a clothing drive in behalf of the Society for the Prevention of Blindness.

The Maryland association members collect and clean

free any garments donated by the public. The clothing is then turned over to the Prevention of Blindness Society for sale, along with other items, at a Paris Flea Market. Proceeds are used to fight glaucoma, an eye-crippling disease.

With this annual clothing drive the Suburban Maryland Drycleaners Association won a first honors last year in the National Institute of Drycleaning's "Prestige Builders" Awards program.

Beta Theta Phi Chapter Holds Annual Election

New officers were elected at Tuesday's meeting of Alpha chapter, Beta Theta Phi sorority. Mrs. Walter Kinsler opened her Preston Avenue home for the event.

* Assuming new posts at the officers' party and installation in Devon Gables on June 28

will be Mrs. H. J. Johnson, president and Mrs. Kinsler, vice president.

* Others are Mrs. C. F. Denison, secretary; Mrs. Wilbert Davies, treasurer and Mrs. Frank Coad, conductress.

* Mrs. Emil Mailahn is chairman for the celebration which will begin at 7 p.m.

Set July Date

Late July wedding plans are being arranged by Carolyn J. Hueter of Douglas Street and Pvt. Michael W. Hooker, son of Mr. and Mrs. Robert Hooker, Lake Orion. He is stationed with the U. S. Army at Fort Knox, Ky.

October vows are planned by Ida Mae Vaughan, Cincinnati, Ohio, daughter of the Alvin Vaughans, Princeton, Ind. and Donald L. Edmunds, son of Mr. and Mrs. Leon C. Edmunds, East Walton Boulevard. She has an M.A. degree from University of Cincinnati.

IDA MAE VAUGHAN

Sweeping Look at Gals' Boon---the Broom

By JANET ODELL
Pontiac Press Women's Editor

What is a broom? Long considered the modus operandi of a witch, it is also a cleaning tool, galloping steed for a youngster and an important piece of equipment for the followers of an ancient Scottish sport---curling.

Brooms used in the sport of curling sweep the ice clean so that the 40-pound stone can slide as far as possible. Scoring is somewhat like that for shuffleboard.

Women who watch their husbands curl are vastly amused to see them handle a broom so deftly, especially if the men shun cleaning chores at home.

It's not hard to imagine primitive woman collecting a batch of twigs to rid the cave floor of sand.

Farther along on the time scale, another inventive female attached straw to a longer handle so that she didn't have to stoop as she used it. Broomcorn became the

source of all brooms later on and continues to this day although some modern brooms are made of fiber.

SOME HANDMADE

Handmade brooms are still

available. If you are traveling through the southern mountains, you can often buy this type of broom as a souvenir. But most brooms are machine made.

The first broom which is the one nearly everyone uses, was invented by the Shakers.

The Shakers, an 18th century religious sect, started in Watervliet, N.Y. about the time of the American Revolution.

A thrifty and industrious people, they built up several thriving businesses. The first was in garden seeds.

The Shaker broom industry was started when broomcorn was introduced to the Watervliet colony.

ANATOMY LESSON

Do you know that brooms have a neck, shoulders had a waist?

The part joining the fibers to the handle is the neck which in turn slopes into the shoulders.

The stitched bands around the fibers from the waist form the skirt flares out.

It's the skirt that does the sweeping.

To test your broom's efficiency, apply slight pressure to the top of the handle by leaning on it lightly.

If the skirt bells out, it's time to retire that broom to the basement or garage and buy a new one.

Peter, if the bottom part is curled up, you should get rid of it. It takes more effort to sweep less efficiently with a mishapen broom.

HIS AND HERS

UPSIDE DOWN

Store your broom upside down or hang it from a hook.

In the days when we worked in summer camps, we had to convince each new batch of campers that brooms should not rest on their skirts. It was a losing battle most of the time.

An occasional wetting of the bristles will help prolong their life.

There are sizes in brooms and you'll do a better job if you buy one you can handle easily.

The six-footer who sweeps sidewalks, patios, garages, and basements needs a larger, longer, stronger broom than does his petite wife.

Hers is lighter weight, shorter fibered and has a smaller handle.

But both are very little different from brooms made a couple of hundred years ago.

Whetstone-Saezer Vows Said

A recent ceremony in St. Trinity's Lutheran Church united Wannetta Jean Saeger

Army to Art

James J. Rommer, director of Manhattan's famed Metropolitan Museum of Art, makes his daily rounds through the galleries wearing ankle-high combat boots. This habit goes back to his Army days, when he served in intelligence and recovered many missing art objects.

of Rochester and Thomas Nolen Whetstone.

Rev. Ralph Claus performed the rite for the couple whose parents are the Roy Saegers of Beaverton and the Nolen Whetstones of Troy.

White French lace over tulle, fashioned the bride's tiered skirt worn with a tear-drop tulle from which fell a short illusion veil. Her flowers were white roses and ivy.

Mrs. Raymond Arli was her sister's matron of honor. Another sister, Helen Saeger, was bridesmaid.

Best man was Louis Whetstone of Davison Lake, the bridegroom's brother. Roger Testerman and Donald Lovell were ushers.

The couple chose a Niagara Falls honeymoon.

Surprise Shower

Members of Beta Chi chapter of Epsilon Sigma Alpha sorority, honored Mrs. Peter J. Neill of Airport Road at a surprise nursery shower Monday in the Sylvan Lake home of Mrs. Rudy Mazza.

Birmingham Altrusa to Install Officers

LaVora E. Conklin of Detroit, governor of District 5, Altrusa International, Inc., will

install officers for Altrusa of Greater Birmingham Monday. Members will gather for dinner

at 6:30 p.m. in Birmingham Community House.

Assuming office will be: Marjorie Sallie, headmistress Bloomfield Country Day School, president; Mrs. W. C. Sproull, chairman, Oakland County American Red Cross, vice president; and Mrs. Axel Magnuson, coowner, Birmingham Flowers, second vice president.

Others serving are: Mrs. Stanley Saunders, recording secretary; Mrs. Letha Frame, corresponding secretary; and Mrs. Leslie Shanks, treasurer.

Directors are Mary Helen Holmes and Mrs. Cyril B. Lewis.

Cotton is a major industrial fabric.

A Place for Backseat Drivers

New York. — The next best thing to keeping a backseat driver quiet is to teach her how to make intelligent comments about driving—so says the operator of a British school who has started a course for the special purpose of enlightening wives who are backseat drivers.

James Bailes, who runs the Durham Driving School in England, already has 15 women enrolled in his course. He says his aim is to teach non-driving women the right way to point out their husbands' mistakes.

Says Bailes: "All of us who drive can develop bad habits and it is only right that people sitting beside us should feel free to draw our attention to them . . . There is definitely a role for backseat drivers who know what they are talking about."

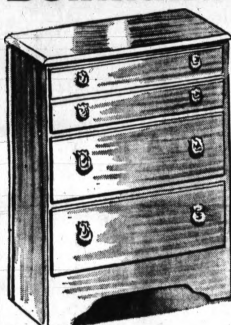

Others serving are: Mrs. Stanley Saunders, recording secretary; Mrs. Letha Frame, corresponding secretary; and Mrs. Leslie Shanks, treasurer.

Directors are Mary Helen Holmes and Mrs. Cyril B. Lewis.

Cotton is a major industrial fabric.

BPW Unit Set Brunch for Sunday

Members of the Pontiac Business and Professional Women's Club will gather Sunday in Pine Lake Country Club for an 11 a.m. brunch.

Rosamond Haeblerle will initiate new members and Mrs. Raymond L. Cole will be in charge of the installation.

Mrs. Floyd Bunt and Vera Bassett will give the emblem ceremony.

Hostesses will be Miss Bassett, Mrs. Clifton Gabler, Mrs. Edward Eickmeier, Mrs. E. Cleo Wiley and Lulah McCully.

Colorful Bouquet

Use clear containers when arranging flowers. Add food coloring to the water. Make the water color blend or contrast with the flower colors.

Parents Plan Party After Rehearsal

A dinner Friday, in the Holiday Inn of Pontiac will follow the rehearsal for the marriage of Karen Lynn McKenna to Roger Algrid Pauls in St. Vincent de Paul Church.

Hosts will be his parents, Mr. and Mrs. Algrid Pauls of Hazel Park.

Mrs. James Bunnell of Detroit honored her nephew's fiancée at a recent shower in Detroit.

Cindy Pauls and Stephanie McKenna, sisters of the bride, couple entertained at a recent trousseau shower and Mrs. James A. Schuster of South Cass Lake Road was hostess at a miscellaneous shower.

Mrs. Ray S. Pardee of East Kennett Road also gave a shower for the bride-elite, daughter of the Jack E. McKennas of Woodmont Street.

Preceptor Unit Is First One in This Area

Xi Alpha Nu chapter of Beta Sigma Phi sorority recently became the first Preceptor degree unit of the organization in this area. The chapter's new name is Preceptor Nu.

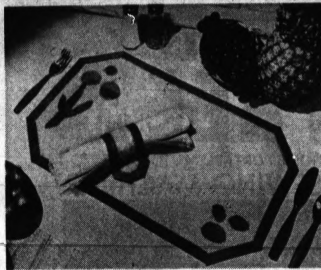

Ceremonies took place in the Lakewood Avenue home of Mrs. Ray H. Jewell with Mrs. Theodore Wiersma, Mrs. Russell Perkins and Mrs. Earl Krebs officiating.

New officers for the group were elected.

They are Mrs. Arthur Ellis, president; Mrs. Jewell, vice president; Mrs. Jay Sandow and Mrs. Richard Ferris, secretaries and Mrs. Edward Markham, treasurer.

Plans were made for a July 12 picnic.

Cotton has been used since pre-historic times.

Colorful place mats and napkin rings made of aluminum screening dress up the outdoor dining table. They're washable and rust-proof.

Why Grow Old?

What causes wrinkles and sagging in the face and what can be done about it?

There are various factors involved. All complexions become dryer as the years pass. The skin becomes less elastic and the fat between the skin and the muscles decreases. The muscles themselves change in tone and shape.

However, the degree of aging varies greatly in individuals. Many women of 70 look years younger than others of 55. This happy state is usually the result of fine health and faithful care of the top layer. A great deal can be done to delay the signs of aging.

If you fight the drying process you have won half the battle. In their interesting book "1001 Questions and Answers to Your Skin Problems," Sidney Robbins, M.D., Stephanie Robbins, M.D., and Samm Sinclair Baker (Harper and Row) say, "The use of cleansing or cold creams which contain emollients to help soften the aging skin will temporarily make fine surface lines less noticeable and will temporarily supply oil and moisture which the skin requires to keep it soft, smooth and pliant."

This emphasizes the importance of regular application of creams to the complexion. If you supply the deficit in moisture and oil, daily or nightly, and thus keep the skin soft, wrinkles will not form as they would have otherwise.

This is the season of the sun worshiper. Lots of women are going to get a deep tan regardless of its effect on the skin, and that's fine, but they should realize that they are making a choice when they do so. Most dermatologists agree that exposure to the sun is one

of the main factors in aging of the skin.

DRIES SKIN

The same authors I have mentioned say in the same book, "Excess exposure to the sun, indulged in by many sun batherers, tends to make the skin dry and wrinkled. It is incredible how many of the women who are most concerned about wrinkles are the same ones who seek the deepest suntans. Excessive exposure to the sun not only dries the skin but also has a tendency to form freckles and brown spots, especially in middle-aged people."

So, make your choice! There is a middle road you can take. A suntan is attractive and smart, and if you love sports you will not be able to avoid getting one. However, you can indulge in sports in the early morning hours or the late afternoon hours and you can protect your complexion somewhat with screening lotions of creams and big hats and long sleeves and so on. You can also use even more of the emollients and moisturizers than usual to make up for the extra drying effects of the sun.

Atrophying muscles also play a part in the change in facial contour. If you would like to have my leaflet "Facial Exercises" send a stamped, self-addressed envelope with your request for it. Address Josephine Lowman in care of The Pontiac Press.

Cleans Aluminum

To clean the outside of heavy-hammered aluminum utensils, use soap-filled steel wool pads. If the spots are stubborn, scrub utensils with a very fine wire brush sprinkled with scouring powder and powdered soap.

Screening Makes Place Mats

Looking for a way to add a touch of ingenuity and beauty to your outdoor dining table setting? Make your own colorful place mats and napkin holders with aluminum screening!

This easy do-it-yourself, fun project will bring "oohs" and "ahs" from your guests. It's economical too. A 24" x 24" piece of aluminum screening, for example, will make two mats and two holders and costs under 40c.

Each mat is a piece of aluminum screening (either green, charcoal or satin finish are available) 21" long x 12" wide, with the corners cut off as shown in the illustration.

To bind the screening, fold 1 1/2" wide colorful fabric (felt or other tightly woven material)

over the edges of the screening to a 3/4" width and glue or sew this binding to the aluminum screening. If glue is used, choose a colorless waterproof type; if you sew the binding onto the screening, set the machine for a wide stitch.

Let your imagination run wild in decorating the mats. In the one shown, we have used the edging material; cut it in ovals, circles, and strips and arranged these to simulate blooming plants.

You can use designs of the moon and stars, the sun, trees, boats, your coat of arms... anything to give the mats your personal touch, or to suit special occasions.

For the 4th of July, simulate a sky rocket shower, a cannon, a firecracker, etc.

The napkin holders (they keep napkins on the table in case of a breeze) are fun and quick to make, too.

Cut piece of aluminum screening 10 1/2" long x 2 1/2" wide for each holder. Snip off two corners on the same end (as illustrated) and affix the binding to all edges of the aluminum screening.

Roll the screening into a 2" diameter circle, with the straight end inside the 3/4" overhang. Wire straight end to the overhang about 1/4" from the tip of the overhang. (see illustration) using a wire strand from the screening.

The overhang forms the base of the napkin ring, preventing the ring from rolling. Insert colorful napkin, that contrasts or harmonizes with the aluminum screening and binding, into the holder.

Rho Chapter Gets Ready for Autumn

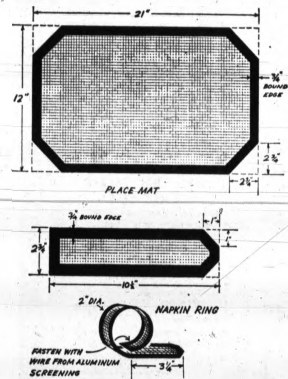

Rho chapter members of Alpha Delta Kappa sorority gathered recently for a picnic and workshop for decorations. These will be used at the state convention in September.

Mrs. Theodore Fauble entertained the group in her Snellbrook Road home where guests were Mrs. James Morse and Mrs. John Buchanan.

New members initiated at Tuesday's dinner in Ted's were Dr. June Gabler, Mrs. Buchanan and Mrs. James Morse.

Conducting the ceremonies were Mrs. Melvin Boersma, Mrs. Ross Tenny, Alyce Haggood, Margaret Scott and Mrs. Melvin Newton.

Officiating at the pin ritual were Mrs. E. Cleo Wiley, Miss Scott, Mrs. Madge Sturdy and Mrs. Byford Laur.

The aluminum screening place mats and napkin holders are easy do-it-yourself projects for the entire family. The pattern shows you how.

New Spectrum Motor Oil... So Superior That the American Petroleum Institute Still Hasn't Devised Tests Tough Enough to Classify It's Full Potential

Federal 'Numbers Game' Costly, Disputed

WASHINGTON (AP) — Uncle Sam is the nation's numbers king and it's costing the taxpayers more than \$100 million yearly, at last count, to keep him on top of the heap.

In this case the numbers are statistics and the federal government yearly issues thousands of statistical reports on a daily, weekly, monthly, quarterly and annual basis on almost everything imaginable. The list runs from shipments of pails and farm pumps to the cost of a basket of groceries, number of unemployed persons and business investments.

"We do our best to keep errors under control," said Howard C. Grievs, deputy director of the Census Bureau, the largest

statistical gathering agency in government. Grievs said the bureau tries to hold the margins of error at no more than 5 per cent.

On something like the bureau's survey of weekly retail sales, he said, nothing above a 1 per cent margin would be tolerated.

GENERALLY AGREE

Business and labor organizations relying on such information agree generally that the government does a good job compiling statistics, but disputes do arise in interpretation, emphasis and use.

"It's the interpretation we dispute," an AFL-CIO spokesman said in referring to the administration's voluntary wage-

price guidelines which seek to limit wage increases annually to 3.2 per cent, representing increased productivity.

The AFL-CIO thinks the figure should be higher.

The labor organization said it has also disputed monthly unemployment figures published by the Labor Department because they don't state whether a man is employed full-time or works only two or three days a week.

SPENDING INCREASE

The statistics which came under the most recent attack were compiled by the Commerce Department's Office of Business Economics and the Securities and Exchange Commission

which projected a 16 per cent increase in spending this year for plant and equipment.

Since this is a key economic factor in measuring inflationary pressure, the report got more than routine treatment, especially since a private survey of business investment plans made by the Lionel D. Edie Co. showed a larger increase, one which would be inflationary.

"We're not saying we're right and we're not saying they're wrong," said Louis J. Paradiso, chief statistician for the Office of Business Economics. "The Commerce Department uses a much larger sample and they use a relatively small one."

The survey last year, however, fell short of the mark.

The department estimated a 12 per cent increase over 1964 but the actual increase was later placed at 15.5 per cent.

A House post office and civil service subcommittee recently estimated that the government spent \$160.2 million gathering statistics during the fiscal year which ended last June 30, with 14,619 employees involved in the work.

Siamese Twins Die

BERN, Switzerland (AP) — Siamese twins born to a Swiss mother on April 29 died here yesterday. "Death occurred when their connected heart ceased to work," Insel hospital said in a statement.

Two Men Die in Crash Outside Benton Harbor

BENTON HARBOR (AP) — Two men were killed when their speeding car failed to negotiate a curve on East Main St. leading into I-94 outside the city Wednesday, the Berrien County Sheriff's Office reported. They were Nelson E. Hodges, 38, of Kalamazoo, and James E. Meenan, 66, of Benton Harbor.

Tire

All Tires are subject to (F.E.T.) Federal Excise Tax

New XSS Nylon Tire is Better Because:

Guaranteed against all failures for tread life, no limit on time, mileage, roads or speeds, plus a 30-month guarantee against wear out.

Premium Traction

You get instant starts, getaway and braking power from the special "V" traction tread that acts like a vise on pavement—even wet.

Premium High Speed Performance

The XSS was designed for sustained high speeds. Its new tread design, strong 4-ply nylon cord and Dynatuf tread rubber were scientifically made to withstand the brutal punishment of long, hard driving at expressway speed.

Premium Cornering Ability

You get high speed, curve and cornering control from Contour Safety Shoulders that reduce side sway and glide over road shoulders, through fast curves and around corners.

ALLSTATE Passenger Tire Guarantee

TREAD LIFE GUARANTEE AGAINST ALL FAILURES

Every ALLSTATE tire is guaranteed against all failures from road hazards or defects for the life of the original tread. If tire fails, we will — at our option — repair it without cost, or, in exchange for the tire, we will replace it charged only for tread wear (charge will be a pro-rata share of regular selling price).

TREAD WEAR GUARANTEE

We guarantee tread life for the number of months designated. If tread wears out within this period, return it. In exchange, we will replace it charging the regular selling price less a set dollar allowance. *Exchange Price is regular retail price plus Federal Excise Tax less trade-in at time of return (no trade-in deduction on new tires).

Coordinator, Aide Are Named

Billy J. Rose, Pontiac Northern High School industrial education teacher for eight years, last night was named coordinator of general adult education and evening school for the Pontiac School District.

The board of education also has taught adult education and apprenticeship classes in electricity and electronics.

Paterra, 33, has taught at Madison Junior High School since 1961, and this year has served as social studies department head.

CONTRACT AWARDED

He earned his bachelor's degree at Alma College and master's at Central Michigan University.

In other action last night, the school board awarded an \$87,471 contract for portable classroom units at Owen Wisner and Hawthorne elementary schools.

The three two-room units will be purchased from the sole bidder, C. I. T. Educational Buildings, Inc., of Chicago.

They are to be installed within 60 days. The board also agreed to continue for a third year its curriculum maintenance and improvement programs, he also

dent accident and athletic insurance coverage through the First Agency of Kalamazoo.

Under the program, benefits are provided up to \$2,500 for bodily injury due to accidents which occur while a student is participating in the regular school program, school-sponsored and supervised programs after school, travel to and from school and related activities, with certain exceptions.

Last year 2,912 students enrolled in the program, at a premium of \$1.75 per student. Other portions of the program cover students participating in athletic events.

Visiting Official Rates State Hospital Ahead

By L. GARY THORNE
A tough Dutchman, who likes to throw out off-the-record "bombs," toured Pontiac State Hospital yesterday to compare its programs to that of his own Virginia institution.

"The only way we're ahead of you is in the time difference," the 47-year-old Dr. James H. Druff commented.

However, the superintendent of Western State University in Staunton, Va., found many similarities in the sister mental health institutions.

Employing his pet expression, Dr. Druff claimed he was here "to pick Dr. (Donald) Martin's brains."

Easing his tall, lean frame into a chair, Dr. Druff said his "picking" was particularly concerned with getting his Virginia hospital accredited by national mental health authorities.

LACK OF LEGISLATION
He quickly admitted Virginia had not placed the emphasis on mental health that Michigan had.

For example, the Southern state does not have a Community Mental Health Service Act as does Michigan.

Dr. Druff thought his adopted state (he assumed his superintendent's post in 1962) was awakening to the mental health problems.

However, he pointed out that Virginia was the first state in the nation to have a public mental health facility. The hospital's present administration building was built in 1925.

HALF-DAY TOUR
Dr. Druff, after his half-day tour of Pontiac State Hospital, thought the local hospital was doing more individual and group psychotherapy.

One reason for this, he explained, was the shortage of professional staff.

Pontiac State, for example, has 30 social workers in its social service department, while the Virginia institution has only six.

"We also have very few psychiatrists," added Dr. Druff.

MONEY FOR SALARIES

He said the problem was both in terms of money for salaries and in terms of the number of people available.

Dr. Druff said the Virginia hospital was perhaps doing more in the way of vocational rehabilitation of patients.

He explained that every patient is evaluated when admitted to the hospital on his vocational skills. Appropriate training or retraining is provided.

"Attitudes are changed in Virginia," said the visitor, who left Holland in 1957.

MUCH DONE

He said much had been done in the last five years to educate the public on mental illness.

Dr. Druff, formerly a general practitioner in Holland, received his psychiatric training at the University of Virginia.

Why did he switch fields?

"I didn't want to become a general practitioner in the United States because you don't budge out of your office," he explained. "I was used to making 20 or 30 house calls a day in Holland."

The hospital superintendent said he came here after the Hungarian revolt, which he admits, he mistakenly thought was the start of World War III.

Pontiac Man Installed VFW Post Commander

DICK M. KIRBY

The Veterans of Foreign Wars, Pontiac Post 1370, has installed Dick M. Kirby, 51 N. Edith, as its 1966-1967 commander.

He succeeds Dixie White of 545 Auburn.

Other newly installed officers are George Ferguson of Pleasant Ridge, senior vice-commander; Harold Carlton, of Clawson, junior vice-commander; and Howard McKenney of South Lyon, quartermaster.

Other new officers are Roe Green, adjutant; Virgil Vandercar, judge-advocate and Bill Garcia, chaplain.

The 1966-67 Post 1370 membership campaign has been set for July 11-Dec. 28.

Ex-Editor Is Named Prosecutor's Aide

A former Oakland County newspaperman, who recently was admitted to the practice of law, has been appointed an assistant prosecuting attorney by Prosecutor S. Jerome Bronson.

John A. Kaichen, former city editor of the Daily Tribune, Royal Oak, completed work for his April law degree last January, after five years of night classes at the Detroit College of Law.

Bus Firm Reports May Patronage Tops April Figure

Total patronage and revenue increased slightly last month from the previous month for Pontiac Transit Corp., according to bus company officials.

There were 68,031 passengers in May for a revenue of \$14,985, compared to 66,584 passengers and revenue of \$14,536 in April.

In May 1965, bus company officials reported total patronage at 75,941 and revenue at \$16,652.

AP Wirephoto

Bill Applies to Legislators

Makes Them Members of Party Exec Boards

LANSING (UPI)—Legislators from Wayne, Oakland and Macomb counties will automatically become members of the congressional district executive boards of their party, if Gov. George Romney approves a recently passed election bill. The basic purpose of the bill sponsored by Rep. Alfred Sheridan, D-Taylor—was to liberalize absentee ballot prior to election day.

Enactment of the bill guarantees metropolitan area legislators the right to participate in congressional district organizations of their parties.

It also ends a 16-month struggle by House proponents to gain the concurrence of the Senate.

The House had amended such a previous measure into nearly a dozen election bills; but on each occasion, the Senate either failed to pass the bill, or passed it without the House amendment.

HAVE PRIVILEGE
Outstate legislators already have similar membership privileges on the county committees of their party under another provision of the election law.

Rep. George F. Montgomery, D-Detroit, sponsor of the original House bill, said that the combined bill, as passed by both houses, would also permit legislators to serve as delegates-at-large in all conventions held by their party in congressional districts encompassed by their legislative district.

Woman's Life Term Commuted by Romney

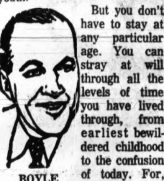

LANSING (AP)—Gov. George Romney has commuted the sentence of a Lansing area woman serving a life term at the Detroit House of Correction for first degree murder.

The commutation makes Mrs. Josephine Upton, 48, eligible for immediate parole. She was sentenced from Ingham County in January, 1948, as an accomplice in the fatal shooting of her husband.

Trip Through Memoryville Is a True Fountain of Youth

By HAL BOYLE

NEW YORK (AP) — Memory is the only true fountain of youth.

But you don't have to stay at any particular age. You can stray at will through all the levels of time you have lived through, from earliest bewildered childhood to the confusion of today. For, while we can share our memories to an extent, they still remain unique to our own.

Perhaps it gives you a feeling of warmth to pause and look back and remember when—

In 1921, Mary Pickford, "America's Sweetheart,"

starred in a film version of "Little Lord Fauntleroy." That same year, during the depression that followed World War I, U.S. Steel reduced wages to 30 cents an hour.

Everybody felt pretty sure that, no matter how much the world changed, the penny postcard would always be with us.

In the era of silent movies, a juvenile delinquent was a kid who had to be thrown out of the theater for pitching spitballs at the lady up front who played the piano.

Turn corner grocery store sold more lard than it did butter. When you couldn't even afford lard to spread on your breakfast toast, brother, you came from a poor family.

FEATHERBED
A featherbed was a sign of prosperity.

Most horses wore blinders, just like people today wear sunglasses. The horse that drew the vegetable and fruit peddler's wagon through the neighborhood usually had on a straw hat.

Only the educated suffered from arthritis. Everybody else over 40 suffered from "the rheumatiz."

The best known one-way street in America was the proverbial one that led over the hill to the poorhouse.

Romney Vetoes Lesser Penalty for Car Break-Ins

LANSING (AP) — Gov. George Romney Wednesday vetoed a bill that would have reduced the penalty for breaking and entering into a motor vehicle.

Romney said with the current increase in crime, this is no time to take tools away from police in their fight against lawbreakers.

The measure would have reduced the charge from a felony, punishable by imprisonment for more than five years, to a misdemeanor, punishable by no more than two years in prison. Supporters of the bill said items taken from cars usually are of minor value, so the penalty should be reduced.

Historic City in Space Role

By Science Service
WASHINGTON — Artists hammering tribal daggers and engineers tracking astronauts live together in an African city that was once a junction of medieval camel caravans and is now a center for space communications.

When scientists at the National Aeronautics and Space Administration were planning the first manned space flight in 1960, they had to build a ground station to track the spacecraft as it traveled across the Atlantic from Cape Kennedy.

The newly independent government of Nigeria granted the United States permission to build a telemetry and communications station at Kano, a city founded by Hausa traders 1,000 years ago.

Although the agreement originally covered only the one-man project Mercury flights, it was later extended to include other space missions.

The main function of the NASA station only six miles south of walled Kano where workers still dye handloomed cloth, is to provide voice contact between astronauts and Mission Control Center, Houston.

Join the Unsmuggables. Get the filter cigarettes with the taste worth fighting for. Tareyton has a white outer tip... and an inner section of charcoal. Together, they actually improve the flavor of Tareyton's fine tobacco.

The Obstacle Course.

Or the final test we gave the Fifth Rose.

After years of trying we finally came up with the new taste we call the Fifth Rose. We made a light whiskey that actually tasted good. Something distillers had been trying to do for years.

But there was still the obstacle course.

How would this new taste hold up in this day and age of ice and the mixed drink? So we tried it on the rocks. With soda. In Whiskey Sour, Manhattan, Old Fashioned, Highballs, Mint Juleps.

We kept testing until we had proved to ourselves there was nothing left to prove.

No matter what we mixed it with, this good, light taste just didn't do that old disappearing act.

To Four Roses the obstacle course was no obstacle at all.

STAGE WALKOUT — One hundred and thirty-one members of the New York University faculty and graduating class walk from commencement exercises yesterday in protest against the granting of an honorary

degree to Secretary of Defense Robert S. McNamara. Others in the audience rose to give McNamara a standing ovation. U.N. Ambassador Arthur J. Goldberg was the principal speaker.

Colleges Try New Plan

No Grades in These Classes

By LESLIE J. NASON, Ed. D.

Can students learn more when the pressure of grades is removed? Several colleges are taking steps in the right direction in their search for the answer to this question.

California Institute of Technology, Pasadena, has abolished all grades for freshmen. Students will either pass or fail.

Harvey Mudd College, Science and Engineering Unit in the Claremont Group of colleges in California, plans to do away with freshmen grades next September. Its dean, Eugene Hochkiss, says:

"We hope students will learn to study for the fact of learning — not for grades."

These two schools are highly selective in choosing their students. Even so, the students enter college with varying backgrounds. For example, some have had courses in calculus, others have not.

CHANCE TO ADJUST

The new plan gives every student a chance to settle down and adjust to college before receiving grades that will become part of his permanent record.

At the University of Rochester, N.Y., undergraduates in the college of arts and science are given a "satisfactory-fail" option in choosing one course. More than a third of the students elected to take an ungraded course.

Princeton University introduced a similar system during the past semester, with about three-quarters of the undergraduates electing an ungraded course.

Variation in grading practices often makes a student pass up a subject he might get a low grade in. At one university, the average for all departments was 17 per cent A's in the lower division.

FEWER A's

At the same university, the English department gave only 8 per cent A's in lower division. Philosophy and Zoology gave 11 per cent of fewer A's.

The new "satisfactory-fail" system was initiated to reduce the pressure of grades and to encourage students to explore

a wider range of subjects and thus broaden their education.

Under the plan at the University of Rochester, 60 students elected English and American masterpieces; 60 others a comparative literature course.

Forty-five students elected general biology. The one restriction under this plan is that students cannot take a course in their major course of study on this basis.

AFRAID TO EXPERIMENT

Just as a student is loath to risk his grade point average in an untried field, he hesitates to experiment with new plans of learning and course organization. With the pressure for grades removed and the emphasis placed upon learning, he is free to experiment with learning procedures that will hopefully make him a better student.

I have talked with many students who feel "trapped" in their major field. This plan gives them an opportunity to explore.

Not only will the widening of his interests be beneficial, but it lessens the possibility of a student changing his major only to find that his interests and

abilities in the new field are still not to his liking.

The partial elimination of grades may help students make a wiser choice of their major field.

Man Indebted to Ancient Fish

Sac in Head Similar to Human Middle Ear

By Science Service

BOSTON — Man may be indebted to a 350-million-year-old fish for his ability to hear today.

Some members of an ancient family of fish, called Eusthenopteron, had an air-filled "spiracular pouch" or sac in their heads which was very similar to man's middle ear, said Dr. Willem A. van Bree, of Bell Telephone Laboratories.

These fish also must have had an outer eardrum, Dr. Bree reported to the Acoustical Society of America meeting here.

From estimates of the size of the eardrum and the air sac, the scientist calculated that the fish would have heard sounds not only through the water but also through the air.

Hearing capability of a very primitive sort first appeared in early fish as a system of sensory cells on the sides and head that responded to water motions.

As fish evolved, they developed a swim bladder, which was essentially a trapped air bubble changing volume under the influence of pressure waves.

Boat Workers Still on Strike as Talks Snag

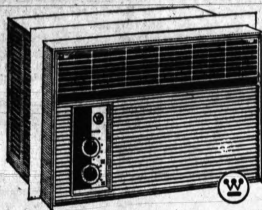

HOLLAND (AP) — Negotiations between striking members of a boat workers union and the Roamer yacht division of the Chris Craft Corp. were broken off Wednesday night when company representatives walked out.

Don Leep, business manager of United Boat Builders Local 67 of the Christian Labor Association, said bargaining reached an impasse when the union suggested the company make a final offer.

Leep said the company refused to make an offer because it felt that union and management were too far apart in the negotiations.

The strike, involving some 220 workers, began May 10.

Present Status of Major Legislation

WASHINGTON (UPI)—Status of major legislation:

EDUCATION

ELEMENTARY - SECONDARY - Administration asking four-year extension of grade and high school aid law enacted last year with authority to spend \$1.4 billion in 1967-68.

House: Education subcommittee approved \$2.2 billion authority for 1966-67, \$1.1 billion total authority for four years. Senate: Education subcommittee hearings completed.

COLLEGES - Administration asked \$900 million in new one-year authority for higher education construction aid, with proposal to begin cutting back direct federal loans to college students under heavy fire.

HOUSE: Approved \$2.95 billion three-year construction loan program. Senate: No action yet.

LIBRARIES - Administration asking \$57.5 million one-year spending authority for public library construction and operation aid.

HOUSE: Approved \$68 million over five-year period with several new programs. Senate: Labor and welfare committee holding hearings.

IMPACTED AREAS - Administration asked for sharp restriction on the popular school aid program for districts crowded by children of service men and federal workers.

HOUSE: Education and labor subcommittee rejected cuts; House voted full \$439 million funds for 1966-67. Senate: No action.

CATV

Federal Communications Commission has proposed to regulate community antenna television operations. House: Commerce committee hearings completed. Senate: No action.

HEALTH

FOREIGN HEALTH - Johnson asked for a \$46-million program to train 1,500 international health workers for assignment abroad. House: Commerce committee approved the bill but the rules committee buried it. Efforts under way to revive it. Senate: Nothing scheduled.

CONSTITUTIONAL AMENDMENTS

REAPPORTIONMENT - Senate Republican leader Everett M. Dirksen seeks an amendment to permit states to apportion one house of a legislature on a non-population basis if the voters agree in an election. Senate: Has rejected three proposals to bypass Supreme Court's "one man, one vote" rule. House: No action.

FOUR-YEAR HOUSE TERMS

Johnson has asked Congress

to recommend to the states that terms of House members be extended from two to four years.

House: Hearings by judiciary committee complete. Senate: No hearings scheduled yet.

ELECTORAL COLLEGE - President has asked that electoral college be eliminated while retaining electoral system.

Presidential candidate would be guaranteed all of a state's electoral votes if he won popular vote.

Senate: Hearings started by a judiciary subcommittee. House: Waiting Senate action.

LABOR

WAGE-HOUR - Administration and labor now supporting legislation to raise the \$1.25 hourly minimum wage to \$1.40 on Feb. 1, 1967 and to \$1.60 on Feb. 1, 1968.

Also would give new minimum wage coverage to about 3 million workers, for the first time, including farm hands and service industry workers.

House: Approved bill with \$1.60 step delayed until 1969. Senate: No action yet.

UNEMPLOYMENT COMPENSATION - Johnson asked Congress to liberalize and make uniform unemployment compensation payments in the states.

House: Ways and means committee approved watered-down bill, leaving out key provision that would set federal minimums and standard for paying benefits. Senate: Awaiting House action.

DEBT

Administration has asked Congress to lift the legal ceiling on the national debt by \$4 billion, to a total of \$332 billion. House: Ways and means committee has approved legislation to allow half the requested increase. House to act this week.

TRANSPORTATION

DEPARTMENT - Johnson has asked Congress to establish a cabinet level department of transportation.

Government operations sub-

committee hearings underway. Senate: Government operations subcommittee holding hearings.

SAFETY - President has called for a \$700 million, six-year traffic safety program. Senate: Has approved tire standards bill; commerce committee is considering other automobile safety standards legislation.

House: Commerce committee completed hearings, considering legislation.

FARM

President has asked for a five-year, \$3.3 billion annual "food for freedom" program to sell and give food to hungry nations.

House: Agriculture committee approved a \$3.3 billion annual program for only two years. Senate: Agriculture committee hearings completed.

FOREIGN AFFAIRS

FOREIGN AID - President asks \$3.38 billion in foreign economic and military assistance funds for the year starting July 1. House: Foreign affairs committee hearings completed. Senate: Foreign relations committee hearings completed.

CONSULATES - President has asked the Senate to ratify in agreement with the Soviet Union on reciprocal creation of consulates in cities outside the capitals of the two countries. Foreign relations committee has approved, but opposition has developed.

KENT COUNTY OFFICIAL

Plans to Retire Soon

GRAND RAPIDS (P) - Harold Linn, 65, director of the Kent County Bureau of Equalization and former Grand Rapids city assessor, said yesterday he plans to retire from his county post by midsummer.

Linn came to Grand Rapids

in 1954 as city assessor from Detroit where he was chairman of the supervisors' committee of the Detroit Board of Assessors.

NATO Envoys Heading Home, but Basic Differences With France Remain Unsettled

BRUSSELS (AP) — Western statesmen today still faced a fight for the preservation of the Atlantic alliance, after a NATO foreign ministers' conference that narrowly averted the wrecking of their defense system.

The foreign ministers headed homeward with the basic differences between France and the other 14 members of the North Atlantic Treaty Organization still unsettled.

In three days of hectic diplomacy, they won only time and a framework within which to recover from the body blow of President Charles de Gaulle's decision to withdraw French forces from NATO's military setup.

If they succeed, they can continue a coherent Western policy toward the challenges posed by Soviet communism and the great unsolved problems of Europe.

Failure could push France toward a sort of neutralism, bringing in its trail divided loyalties among the allies and the ultimate peril of NATO crumbling into ruins.

U. S. Secretary of State Dean Rusk, recognizing that historic issues are at stake, was flying to Bonn and to London today for a reappraisal of the situation with the leaders of America's two major allies in Europe, Chancellor Ludwig Erhard and Prime Minister Harold Wilson.

French Foreign Minister Maurice Couve de Murville returned to Paris Wednesday night to report to de Gaulle. American sources reported Couve de Murville would visit Washington in September.

The immediate focus of France's feud with the other 14 allies rests on the future of her 72,000 troops in West Germany. The ministers worked out a hard-won procedural compromise providing three points:

- The military and political issues involved in the future status and role of these troops must be tackled under the umbrella of the NATO council in Paris beginning June 15. These will be apart from direct French-German talks beginning June 13 on the status of the French forces.
- Topping the list of problems to be studied are "the tasks and missions of French forces in Germany, including their cooperation with NATO forces and command arrangements."

—A variety of other matters flowing from de Gaulle's pull-out will be examined. Among them: Permission for allied planes to fly over France, a French contribution to the multi-million-dollar cost of shifting NATO military organs from France, and French participation in NATO's Europe-wide military alert system.

One American official, asked if he thought the French would stay on in Germany, replied:

"I just don't know. There are signs pointing both ways."

Bank Welcomes You

SANTA BARBARA, Calif. (AP) — Officials of a Santa Barbara bank have worked out what they feel is a more appropriate kind of carpet to welcome customers into their institution.

Instead of using the common red carpet they have a long, green carpet to welcome patrons.

Rozelle Named Commissioner of New Set-Up

College Stars Left at Altar by Pro Grid Marriage

By MIKE RATHET
NEW YORK (AP) — The National and American football leagues have linked hands in a merger plan that will produce a gigantic 26-team league and end an era that turned college glories into instant millionaires.

The marriage between the 15-team NFL and the nine-team AFL took place at a hastily called ceremony Wednesday

that ended their bitter six-year battle and, at the same time, left this year's college crop standing at the altar.

"It looks like I graduated just in time," said Joe Namath, the New York Jets' \$400,000 quarterback and the original instant millionaire.

"I think large contracts will be harder to come by for every-

body without the competition between the leagues."

"I guess you'd have to say I just got in under the wire," said Mike Garrett, the Heisman trophy winner from Southern California who signed for a reported \$300,000 with the Kansas City Chiefs. "I'm sure lucky."

"I'll tell you one thing," added Namath. "I'm really look-

ing forward to that title game between the two leagues."

TITLE GAME

The title game will take place at the end of the 1966 season and will mark the first time teams from the two leagues will meet on the playing field. The NFL and AFL will hold their separate title games before meeting in the world championship game.

That was one of the key items listed in the plans announced Wednesday that eventually will expand the new league to 26 teams in 25 cities by 1970, under the supervision of Pete Rozelle, now the NFL commissioner.

The major points, besides the championship game, on which the two leagues reached agreement were:

—All existing franchises will be retained and no franchises will be transferred from their present locations.

—Until 1970 when all existing contracts expire and a single schedule is drawn up, the two leagues will continue to operate separately.

—While the leagues still are operating individually, they will not be permitted to engage in

inter-league trading of players.

—Two new franchises for a total of 26 will be added no later than 1968, one in each league, and two more teams will be added as soon as practical after that.

—The two leagues will conduct a common draft following the 1966 season.

—The leagues will begin

playing inter-league exhibition games before the 1967 season.

TWO NETWORKS

There will be continued two network television coverage.

In addition, the plan calls for the AFL to pay the NFL \$18 million over a 10-year period, plus the money received from the addition of the two new franchises holders.

The peace plan was seen as a victory for both leagues.

The NFL will be paid a total that will reach in the neighborhood of \$35 million when the money from the new franchises is added.

The six-year-old AFL ends its long search for recognition and a claim to parity with the 44-year-old NFL.

And both leagues cut off the multi-million dollar war for player talent, ended the escalating raiding battle and insured themselves of additional revenue through the championship game meeting.

TWO QUESTIONS

While solving most problems the plan did, however, leave two big questions unanswered — which would be the next franchises and what will happen to Al Davis, recently named AFL czar, in the merger set-up?

There were no concrete answers but it appeared that the leading franchise contenders were New Orleans, Seattle and Cincinnati.

Davis was not available for comment but it was considered doubtful that he would take a position in the new alignment. Friends predicted that he would return to coaching.

ANTITRUST STUDY

Also up in the air was the question of whether the merger might bring antitrust action from the Justice Department, which said in Washington that it would take a "close look" at the plan. Rozelle said he did not think there would be any problems.

"We have talked with Senator Hart, D-Mich., and Rep. Celler, D-N.Y., who are chairman of the Judiciary committee in their particular houses," Rozelle pointed out.

"I feel this realignment certainly isn't a risk and isn't un-

(Continued on Page C4, Col. 5)

Unhappy Kaline Boosts Tigers

Bengals' Star Homers Twice in 5-4 Victory

Bosox Beaten in 11th on Bases-Full Walk by McMahon to Wert

DETROIT (AP) — It'll take more than a couple of homers to make Al Kaline smile again. Kaline hit two roundtrippers, his first in almost a month, and paced the Tigers to a 5-4, 11-inning victory over the Boston Red Sox Wednesday night.

But to look at Kaline after the game, one would think the Tigers had just lost all chance to win the pennant.

Speaking barely above a whisper, Kaline conceded he was a bit miffed at the line drive speared by Boston's Jim Gosger with two mates aboard in the first inning.

"That's the way I've been hitting them all year—right on the button," Kaline said. "But a lot of them have been caught. They say things even out, but I don't believe it."

NO SLUMP

"I really haven't had a hitting slump—except for the few games after I had the leg injury. I put a lot of good wood in the ball in the last road trip; I just wasn't hitting any fly balls," he added.

Kaline didn't mention it, but Acting Manager Bob Swift noted that a number of fans were jawing at Kaline throughout the game—even after the second homer in the eighth which tied the score at 4-4.

"They were brutal," Swift said. "You can pretend not to hear them, but there's just so much you can blot out."

Gosger, a native of Port Huron, almost spoiled "Hamtramck Night" with a pair of homers himself. He gave the Red Sox the lead with two — run out in the third inning and put them ahead again with a solo smash in the eighth.

Tony Conigliaro hit his 10th of the year when he drove Boston run in the fourth.

"There were about 150 people from my home town here, including my mother and father," Gosger said. "It's the first time I've ever hit two in a game and I'm glad I did it for them."

PAVED WAY

Gosger's error on Jerry Lumpe's fly ball in the third paved the way for the Tigers' first run. Dick McAuliffe, who had walked, moved to third on the play and scored on Norm Cash's grounder.

Kaline tied the score at 3-3 with a homer after Cash's single in the sixth. All eight of his homers this season have been hit at home.

The winning run scored on a bases-loaded walk to Don Wert. Don McMahon, pitching in relief of Earl Wilson, gave up a leadoff single to Jim Northrup in the 11th. Willie Horton bunted and McMahon threw to second. Shortstop Joe Foy let the ball get through him and Northrup reached third on the error.

Bill Freehan then walked and Wert walked on a 3-1 pitch, forcing in Northrup.

ZEROES IN — Al Kaline of the Tigers not only rapped home runs twice tying last night's game with Boston but also moved within seven hits of the 2,000 career safety milestone.

Orioles May Go to Court

By United Press International
The Baltimore Orioles may go to court if that's what it takes to please Manager Hank Bauer.

The Baltimore pilot is extremely happy with his players who have won eight of their last 10 games and are making things plenty uncomfortable for first place Cleveland, only six percentage points ahead of the Birds.

What has Bauer steaming is an 11:59 p.m. local time curfew that caused suspension of the latter half of a twinned twill Wednesday night as it did last Saturday. The Orioles were

pushed 14 innings in the opener before Camilo Carreon's double gave them a 6-5 win over Washington.

The Senators held a 5-4 advantage when play was halted after five innings of the second game.

The game will be completed before tonight's regularly scheduled game.

"I think it's about time we quit scheduling these twinned doubleheaders," Bauer snapped after the abbreviated nightcap. "It ruins you pitching staff."

TWO CHOICES

The Orioles have two avenues of approach, according to Frank Cashen one of the club's vice presidents.

"We can either start an hour earlier at 5 p.m., but that would not guarantee anything," Cashen explained, "or we can take legal action to get the curfew changed."

The curfew was one of the stipulations the Orioles had to agree to before the franchise could be shifted from St. Louis to Baltimore in 1954. The reason it's in the books is that Memorial Stadium is located in the residential section of the city and local legislators were seeking late night peace and quiet for inhabitants of the area.

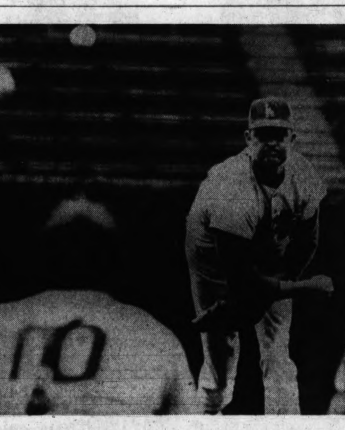

In other American League games, which were all one run contests, Cleveland edged New York 2-1; Kansas City topped Minnesota 5-4; and California blanked Chicago 1-0.

Last Saturday night the curfew forced Baltimore into a "1-2 game" situation Sunday afternoon living in Southfield, Mich. He was born in Scotland, still holds British citizenship but is on his way toward his future in America.

Facing this group were such stars as defending champion Michael Bonallack of England, Walker Cuppers, Gordon Cosh and Ronnie Shards along with 19-year-old Peter Townsend, who had to go 23 holes Wednesday to survive, and 18-year-old Bobby Cole of South Africa, a protégé of Gary Player.

Cancer Claims Ex-Star

CORVALLIS, Ore. (AP) — James Victor Dixon, star tackle for Oregon State 40 years ago, died of cancer at 82.

LOSES HIS STUFF — Pitcher Don Drysdale of the Los Angeles Dodgers wears a doubting expression as he whips the ball toward Chicago's Don Kessinger in the eighth

PEACE PASSES COMPLETED—Announcing a peace and a merger plan between the two former bitter rivals of professional football are Tex Schram (left), president of the National Football League and owner of the Dallas Cowboys; Pete Rozelle (center), who will be commissioner of the merged league; and Lamar Hunt, president of the American Football League and the Kansas City Chiefs. The announcement, made in New York yesterday, followed a series of informal conferences.

Detroit Lions Okay Amalgamation

DETROIT (AP) — Wednesday's announced merger of the National and American Football Leagues was greeted favorably by Detroit Lions officials and players.

Lions owner William Clay Ford, who said he had been in favor of the move since it was first proposed a couple of years ago, said the leagues "finally got sensible."

"Both leagues received advantages," Ford said. "The AFL was the junior league and gained stature. But all of pro football gained stability."

An earlier statement from the Lions office said the merger "restored sanity and balance to what was becoming a chaotic situation."

John Gordy, Lions player representative, said the move meant "a player is back to bargaining on his own ability. He can't take about going to the other league."

BETTER POSITION

"The proven player is in a better position. Maybe he will get the money they were giving to the rookies," Gordy added.

But Gordy also pointed out a few questions which he said had to be answered before the merger even begins to run smoothly.

"What about Tobin Rote who lost his NFL pension when he left back?"

"The colleges had no way to enforce these agreements," he said. "It had to be to the schools. The merger should alleviate this situation, and anything that will do that is good."

In summing up the merger, Ford left no doubt that the bidding for rookies was the real cause.

"That bidding could have killed us both off. We finally got sensible," Ford said.

"Who gets Nick Eddy (the Dame halfback with one college season left)? He was drafted by the Lions and the Denver Broncos," Gordy said.

End Gail Cogdill called the move "a real big jump for the AFL," and said:

"If there are a lot more teams and a lot more games, there will have to be some compromises in salary raises."

"If they get up to 16 games,

we might need two teams on offense and two on defense. With a longer schedule, some players might be more prone to injury."

One of the persons not connected with the pro game to speak up was Michigan Athletic Director Fritz Crisler.

He said, "You have to be delighted with anything that gets away from what has been happening."

"They bothered the kids," Crisler said. "They were even down to the high schools."

Crisler added that the pro teams had violated agreements with colleges. He said he had complained of this publicly a year ago.

"The colleges had no way to enforce these agreements," he said. "It had to be to the schools. The merger should alleviate this situation, and anything that will do that is good."

In summing up the merger, Ford left no doubt that the bidding for rookies was the real cause.

"That bidding could have killed us both off. We finally got sensible," Ford said.

SPORTS

Five Americans Remain in British Golf Tourney

CARNOUSTIE, Scotland (AP) — Five Americans and an adopted son carried a big punch into the fourth round of the 1966 British Amateur Golf Championship today, representing a solid front in a field of 32 after three days of murderous 18-hole match play.

The foreign contingent still remaining out of an original field of 191 golfers included big

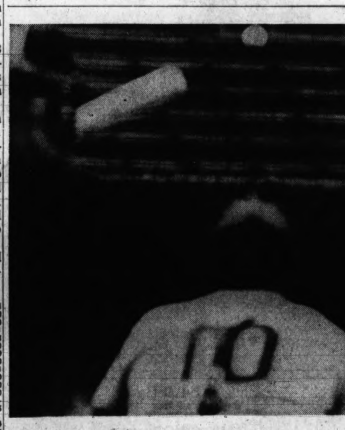

Bill Campbell of Huntington, W. Va., Bill Hyndman of Philadelphia, Charles McCallum of Fort Lauderdale, Fla., Truman Connell of North Palm Beach, Fla., and Richard Anthony, 20-year-old University of Alabama student.

The adopted son is Hunter McDonald, 25-year-old sales executive now living in Southfield, Mich. He was born in Scotland, still holds British citizenship but is on his way toward his future in America.

Facing this group were such stars as defending champion Michael Bonallack of England, Walker Cuppers, Gordon Cosh and Ronnie Shards along with 19-year-old Peter Townsend, who had to go 23 holes Wednesday to survive, and 18-year-old Bobby Cole of South Africa, a protégé of Gary Player.

Cancer Claims Ex-Star

CORVALLIS, Ore. (AP) — James Victor Dixon, star tackle for Oregon State 40 years ago, died of cancer at 82.

LOSES HIS STUFF — Pitcher Don Drysdale of the Los Angeles Dodgers wears a doubting expression as he whips the ball toward Chicago's Don Kessinger in the eighth

Clinic Aids Golf Coach

Teachers especially are aware that it pays to pay attention when in class.

Oakland University golf coach Dick Robinson attended a golf clinic yesterday at Michigan State University.

With the inspiration of the clinic still fresh, he went to the Northwood Golf Course near Clawson in the late afternoon and ace a 165-yard nine-iron tee shot for his first hole-in-one.

Kaline tied the score at 3-3 with a homer after Cash's single in the sixth. All eight of his homers this season have been hit at home.

The winning run scored on a bases-loaded walk to Don Wert. Don McMahon, pitching in relief of Earl Wilson, gave up a leadoff single to Jim Northrup in the 11th. Willie Horton bunted and McMahon threw to second. Shortstop Joe Foy let the ball get through him and Northrup reached third on the error.

Bill Freehan then walked and Wert walked on a 3-1 pitch, forcing in Northrup.

DETROIT (AP) — It'll take more than a couple of homers to make Al Kaline smile again. Kaline hit two roundtrippers, his first in almost a month, and paced the Tigers to a 5-4, 11-inning victory over the Boston Red Sox Wednesday night.

But to look at Kaline after the game, one would think the Tigers had just lost all chance to win the pennant.

Speaking barely above a whisper, Kaline conceded he was a bit miffed at the line drive speared by Boston's Jim Gosger with two mates aboard in the first inning.

"That's the way I've been hitting them all year—right on the button," Kaline said. "But a lot of them have been caught. They say things even out, but I don't believe it."

NO SLUMP

"I really haven't had a hitting slump—except for the few games after I had the leg injury. I put a lot of good wood in the ball in the last road trip; I just wasn't hitting any fly balls," he added.

Kaline didn't mention it, but Acting Manager Bob Swift noted that a number of fans were jawing at Kaline throughout the game—even after the second homer in the eighth which tied the score at 4-4.

"They were brutal," Swift said. "You can pretend not to hear them, but there's just so much you can blot out."

Gosger, a native of Port Huron, almost spoiled "Hamtramck Night" with a pair of homers himself. He gave the Red Sox the lead with two — run out in the third inning and put them ahead again with a solo smash in the eighth.

Tony Conigliaro hit his 10th of the year when he drove Boston run in the fourth.

"There were about 150 people from my home town here, including my mother and father," Gosger said. "It's the first time I've ever hit two in a game and I'm glad I did it for them."

PAVED WAY

Gosger's error on Jerry Lumpe's fly ball in the third paved the way for the Tigers' first run. Dick McAuliffe, who had walked, moved to third on the play and scored on Norm Cash's grounder.

Kaline tied the score at 3-3 with a homer after Cash's single in the sixth. All eight of his homers this season have been hit at home.

The winning run scored on a bases-loaded walk to Don Wert. Don McMahon, pitching in relief of Earl Wilson, gave up a leadoff single to Jim Northrup in the 11th. Willie Horton bunted and McMahon threw to second. Shortstop Joe Foy let the ball get through him and Northrup reached third on the error.

Bill Freehan then walked and Wert walked on a 3-1 pitch, forcing in Northrup.

Five Americans Remain in British Golf Tourney

CARNOUSTIE, Scotland (AP) — Five Americans and an adopted son carried a big punch into the fourth round of the 1966 British Amateur Golf Championship today, representing a solid front in a field of 32 after three days of murderous 18-hole match play.

The foreign contingent still remaining out of an original field of 191 golfers included big

Bill Campbell of Huntington, W. Va., Bill Hyndman of Philadelphia, Charles McCallum of Fort Lauderdale, Fla., Truman Connell of North Palm Beach, Fla., and Richard Anthony, 20-year-old University of Alabama student.

The adopted son is Hunter McDonald, 25-year-old sales executive now living in Southfield, Mich. He was born in Scotland, still holds British citizenship but is on his way toward his future in America.

Facing this group were such stars as defending champion Michael Bonallack of England, Walker Cuppers, Gordon Cosh and Ronnie Shards along with 19-year-old Peter Townsend, who had to go 23 holes Wednesday to survive, and 18-year-old Bobby Cole of South Africa, a protégé of Gary Player.

Cancer Claims Ex-Star

CORVALLIS, Ore. (AP) — James Victor Dixon, star tackle for Oregon State 40 years ago, died of cancer at 82.

Rain Washes Out First Round of Buick Open at Warwick Hills

NBA Players Seek Change

BALTIMORE (AP) — Officials of the National Basketball Association seem somewhat less than shaken by a players' suggestion that the reserve clause be eliminated from NBA contracts.

The NBA players association made the proposal Wednesday as the league's board of governors wound up a two-day meeting.

Walter Kennedy, NBA president, said the matter would be referred to a standing committee and reviewed at a special meeting to be called sometime late in July.

But Kennedy said the primary purpose of the July meeting would be to discuss officiating in the NBA and the possibility of a merchandising program to promote the league through the sale of various articles.

Oscar Robertson, of the Cincinnati Royals and president of the players' group, and attorney Larry Fleisher outlined the suggestions of the association.

Players attending the meeting in addition to Robertson included Walt Bellamy of New York, Kevin Loughery of Baltimore, Ray Scott of Detroit and John Havlicek of Boston.

Billiards Entrants Each Run Up Scores

CHICAGO (AP) — Joe Balsis and Jimmy Moore each ran 76 balls to share high run Wednesday night and advance to the quarter-finals of the U.S. Open Pocket Billiards Championships.

Balsis, of Minersville, Pa., who defeated Jerry Diresaph, Milwaukee, 150-3 in three innings, will meet Moore, of Albuquerque, N.M. Thursday.

Moore defeated Tom Killins, Wayne Mich., 150-27 in four innings in their second round match of the double elimination

WINNING QUARTET — The team of (left to right) Dr. Louis Coriasso, Flint; pro Jim Ferree; Douglas Graham, Monterey, Calif.; and Robert Tyo, Baltimore, yesterday combined for a 29-30-59 best-ball to win the \$2,500 pro-am golf

tournament preceding the Buick Open at Warwick Hills near Grand Blanc. Their score equalled the pro-am tournament record and was one shot better than two other teams.

Eagles Trade Sad Defender for Two Rams

PHILADELPHIA (AP) — The Philadelphia Eagles traded their unhappy defensive back, Irv Cross, to the Los Angeles Rams for defensive back Aaron Martin and flanker Willie Brown yesterday.

This was the second major trade between the Eagles and Rams in 10 weeks. Last April 1, Philadelphia sent linebacker Maxie Baughan to Los Angeles for defensive tackle Frank Menden and linebacker Fred Brown, a pair of second stringers.

The Baughan trade prompted Cross to ask to be traded. He complained to Eagles head coach and general manager Joe Kuharich that trading Baughan would curtail his effectiveness.

WEDNESDAY'S FIGHTS By The Associated Press
WELLINGTON, N.Z. — Mike Cimiri, 157, Greece, outpointed Johnny Henderson, 157, New Zealand, 12.
SAN JOSE, Calif. — Alex Benitez, 157, San Jose, outpointed Manuel C. C. 127, Los Angeles, 10.

Pancho Gonzales Upset Pro Netters Object to Short Play

FOREST HILLS, N.Y. (AP) — The players played less and didn't like it in the opening round of the five-day, \$30,500 Invitational Round Robin Professional Tennis Tournament.

As a result, the pros may play 31 point matches tonight instead of the 21-point contests at the West Side Tennis Club.

The opening nine matches Wednesday night were run off in between 13 to 26 minutes. In order to give the fans a look at the entire field of 13 each day, the promoters decided on the 21-point system, as in table tennis.

"Not enough time," grumbled Pancho Gonzales, who lost both his match and temper in the final match of the evening.

Ring Champ Needs Three Weigh-Ins

TOKYO (AP) — It took Flash Elorde three trips to the scale Thursday to make the 135-pound weight limit for defense of his Orient lightweight boxing title against Japan's Yoshiaki Numata in a 12-round Thursday night.

The Filipino was two pounds over the first time, got it down to one pound in 35 minutes and 25 minutes later hit the 135 on the nose. Numata weighed 134½.

Elorde's world junior lightweight championship was not at stake.

Doubtful if Palmer Will Play

GRAND BLANC (AP) — A thunderstorm and a steady downpour that followed forced cancellation today of the first round of the \$100,000 Buick Open Golf Tournament.

Professional Golf Association executives went into a huddle to determine how the tournament now will be set up.

Cancellation came at 11:15 a.m.

PGA officials said they were considering playing 36 holes Sunday since many of the entrants here would probably prefer to move to San Francisco early in the week to practice for the U.S. Open.

There were no scores posted. Eleven threesomes had teed off, but none played more than four or five holes. They went off on both nines.

This is the ninth tournament to be plagued by rain so far this year, one of the worst in history weatherwise.

One was canceled and seven others besides this one had at least one round delayed.

Heading the state contingent in the field of 144 into one of the PGA tour's richest events are Ted Kroll of Franklin Hills and Michigan Open Champion Gene Bone of Pontiac.

Financially, Kroll has made out well in past Buick Opens, taking home a total of \$7,398.54 that puts him 14th on the all-time Buick Open list.

However, Kroll's game is a questionmark. He struggled at Quaker Club of Detroit in the 36-hole U.S. Open sectional qualifying round Tuesday and quit midway through the second round.

Playing in the Pro-Am yesterday over Warwick's 7,280 yards, Kroll carded a 69 on the front nine and picked up after bogeying two of the first five holes in the back side.

Bone, head pro at Bay Pointe Golf Club near Walled Lake, carded a 145 Tuesday to qualify for the U.S. Open later this month in San Francisco.

Bone has a strong game, well suited to the long Warwick course.

Looking for his third time in a row in the Buick outing is Tony Lama of California.

Arnold Palmer, who elected to play in the Buick this year after skipping the tournament in recent years, reinjured his back in the Pro-Am and may not be able to compete although the day off today could serve as sufficient rest.

Wednesday's Pro-Am was a three-way honor for the professionals. The \$2,500 preliminary was led by Gordon Jones, Ken Venturi and Bobby Nichols, all with three-under-par 69s.

Kessler sticks its neck out

Report Says NBA Has Fired Official

BALTIMORE (AP) — Sid Borgia is through as head of National Basketball Association officials, The Associated Press learned Wednesday.

Walter Kennedy, president of the NBA, refused to confirm the report at the conclusion of the league's annual Board of Governors' meeting.

"Nothing has been finalized — we'll take it up at a special meeting in July," Kennedy said when questioned about Borgia's status.

During the two-day meeting here it was reported that Borgia had either resigned or been fired. Kennedy's statement, however, indicated the action did not originate with Borgia.

Big Ten Lists Best Players

Wolverine, MSU 9s Put 5 on Top Team

EAST LANSING (AP) — The all-Big Ten baseball team features a combination of strong hitting and classy pitching this year.

The first three teams were announced by John Koba, retired Michigan State University baseball coach and chairman of the selection committee of conference coaches.

They are composed of three 10-man units of two pitchers and one man at each of the eight other positions.

The swingers were paced by Jack Campbell, Indiana first baseman, whose .381 won the league batting title. Bob Speer of Michigan State and Bob Fenwick of Minnesota, both outfielders, both hit .347. Third baseman John Biedenbach of MSU was just behind at .346.

The two first string pitchers, Steve Arlin of Ohio State and Bob Reed of Michigan, had earned run averages of 1.00 and 1.53 respectively. Arlin was 3-0 in the conference and Reed was 6-3.

Other first string selections were Harlan Kraft of Wisconsin at second, Bob Gilbooy of Michigan at shortstop, Frank Brosseau of Minnesota in right field and Ted Sizemore of Michigan behind the plate.

50th OCBA Regatta

Boat Race Tradition Returns

By BRUNO L. KEARNS

Sports Editor, Pontiac Press One of the oldest, and once one of the most traditional boat racing events in the Midwest, the Oakland County Boat Club Regatta, is hoping for a "come back" in its Golden Anniversary event this Sunday at Sylvan Lake.

Inboard drivers from seven states in the Midwest have submitted entries for the 50th annual OCBC Regatta. A total of 80 boats are expected in seven classes, with the first heat starting at noon.

This is Sunday's schedule of events:

Class	1st Heat	2nd Heat
40 cu. in.	12:20 p.m.	2:40 p.m.
140 cu. in.	12:20 p.m.	2:40 p.m.
170 cu. in.	12:20 p.m.	2:40 p.m.
225 cu. in.	1:00 p.m.	3:20 p.m.
260 cu. in.	1:00 p.m.	3:20 p.m.
285 cu. in.	1:40 p.m.	4:00 p.m.

A ski show following trophy presentations after the last heat will be presented by the Lake Oakland Ski Demons.

Going back in its history, the OCBC Regatta produced many outstanding programs, often during the Memorial Day, 4th of July and Labor Day Holidays.

Top name boats and drivers from as far as California once made the Pontiac event a traditional "must" on their racing itinerary.

STATUE GROWS

The Regatta grew in stature so that it encompassed two and three-day programs with per-boats and sailboats having their own schedules. It was the time when all the sailboat fleets in Oakland County gathered for inter-club competition to determine the country's mythical championship.

In 1940, stands erected near the Boat Club and boat fans around the lake numbered nearly 5,000 on each of two days for the races.

By 1946, entries doubled, the number of events included outboards, inboards, sail boats, cruisers and even water ski events, and the regatta became a high water festival with crowds estimated at nearly 50,000 for the entire weekend.

In 1950, a record for total number of speedboats ever assembled in the United States, 225 boats, nearly stole the show away from the famed Harmsworth trophy races in Detroit when such boats as Slo-Mo-Shun, Miss Canada IV, such Cruisers and others were among the regatta participants.

Jack Shafer, Detroit sportsman, brought famed driver "Wild Bill" Cantrell to Sylvan Lake in 1953 to drive his famous boat Sub Crus V in a regatta exhibition for such hydro-dros.

The last major OCBC Regatta was in 1960 when 125 boats took part.

Since then the regatta became a victim of progress and growing pains as residents building around the Sylvan Lake shoreline fought the noises of the outboards and the overflow crowds which jammed the area during regatta festivities.

Smaller scale racing prevailed for the last five years, but not to the extent of the promotion and fanfare of the 44 regattas up to 1960.

Sunday's annual event as sanctioned by the American Power Boat Association is for inboards only just as started 50 years ago.

Dolphins Ink Prospect

MIAMI, Fla. (AP) — The Miami Dolphins of the American Football League announced the signing of defensive back John McGeever to a 1966 contract today.

McGeever was obtained from the Denver Broncos and played at Auburn University

ONCE TRADITIONAL — This aerial view of the Oakland County Boat Club on Sylvan Lake taken during the 33rd annual OCBC Regatta in 1949 shows the bleacher crowds, part of the thousands who once gathered

around the lake to watch the annual powerboat races, Sunday the 50th annual Regatta will be held, going back to the original inboards as entries.

warranted. Football is a sport with certain business aspects. It doesn't see where enlargement makes it more of a business."

Rozelle also established firmly that although the two leagues will not formally merge until 1970, he is the top man starting immediately.

"I am commissioner of both leagues — as of right now," he said.

Rozelle, flanked by Tex Schramm, owner of the NFL's Dallas Cowboys and Lamar Hunt of the AFL's Kansas City Chiefs, appeared at a midtown hotel to answer questions about the merger after the abrupt announcement that the two leagues had reached agreement.

Asked why the AFL had to pay the NFL, Rozelle said:

"A portion of it must go to the New York Giants and San Francisco 49ers for encroachment on their territorial agreements. We did the same for Washington when we moved a franchise into Baltimore."

SAME MARKET

Rozelle was making reference to the fact that the Giants and AFL's New York Jets and the 49ers and the AFL's Oakland Raiders share the same market.

In addition, Rozelle said, "Our owners felt that in recognizing a joining with AFL teams, we were adding value to their franchises."

Rozelle also left no doubt that any player contracts signed with a rival league for 1967 would be voided under the terms of the agreement which stipulates that there can be no inter-league trades before 1970.

Rozelle also made a distinction between the cases involving deal was made in 1920 also soccer-style kicker Pete Gogo-

when Bob Nash was purchased

future date, it would be a case that would have to be studied."

The signing of Gogolak, considered a "provocative" act by the AFL, apparently triggered the merger. Rozelle said that actual talks had started in March.

The Gogolak affair also triggered raids by AFL teams on NFL teams as a retaliatory measure. Stars such as quarterback John Brodie of San Francisco, halfback Tim Brown of Philadelphia and tackle Alex Karras of Detroit were contacted.

"Since this would involve a

Merger Another Step in Pro Grid History

By the Associated Press Professional football, getting bigger each year, first began on Aug. 31, 1896, when a Latrobe, Pa., team played a professional Jeannette, Pa., squad.

Other professional teams sprouted and in 1902 Connie Mack, better known for his baseball ties, announced his football Philadelphia Athletics were the national champions after they downed Pittsburgh 12-6 Nov. 26.

The first professional league, the American Professional Football Association, was organized in 1920 at Canton, Ohio, with Jim Thorpe as president.

The first teams included Canton, Cleveland, Dayton, Ohio, Akron, Ohio, Rochester, N.Y., Rock Island, Ill., Chicago, Decatur, Ill., Muncie and Hammond.

The first pro player deal was made in 1920 also soccer-style kicker Pete Gogolak when Bob Nash was purchased from Akron by the nonleague Buffalo team for \$300.

ADOPTED NAME

In 1922, the association adopted the name National Football League, and George Halas moved the Decatur team to Chicago and called it the Bears.

In the next 10 years, the league expanded, dropping some franchises, adding new ones and splitting into two divisions.

On Dec. 17, 1933, some 17,000 fans watched the Chicago Bears defeat the New York Giants 23-21 in the first world championship game.

Elmer F. Layden, head coach at Notre Dame, was named first football commissioner in 1941 and served until 1946. He was succeeded by Bert Bell, who served until his death in 1959. Pete Rozelle, present commissioner, took over in 1960.

In 1949, the NFL merged with the All-American Conference, and Baltimore, Cleveland and San Francisco joined the then 10 NFL teams.

NEW LEAGUE

In 1959, Lamar Hunt of Dallas organized talks for a new football league. The original league was comprised of eight teams — four in the Eastern division, Boston, Buffalo, Houston, New York; four Western, Dallas, Denver, Los Angeles and Oakland.

Joe Foss, two-term South Dakota governor, was named the first commissioner of the fledgling AFL, two drafts were held and the first AFL game was held between Denver and Boston Sept. 9, 1960.

NAIA Tourney Tries Again Tonight

ST. JOSEPH, Mo. (AP) — Linfield, Ore., and Southern University of Baton Rouge, La., the only remaining unbeaten teams, will meet tonight in the rain-plagued 10th annual NAIA Baseball Tourney, now trimmed to five teams.

The Linfield-Southern clash was washed out Wednesday night and rescheduled after Lewis, Ill., eliminated New Mexico Highlands 9-0 on the three-hit pitching of Bill Pauls.

Southern beat Missouri Valley 10-3 in a game that started at 10:09 p.m. Tuesday, was suspended by rain, and ended at 5:04 p.m., Wednesday.

Today's program opens at 2 p.m. CST. with Guilford, N.C., facing Missouri Valley. The winner meets Lewis at 6 p.m., and the Linfield-Southern game is at 8:30 p.m.

Lewis settled the issue quickly as John Sipa and Harry Scroggins hit two-run singles and Jim Matchak stroked a two-run double in the first three innings. The game was called because of rain with Highlands at bat in the ninth.

Wrecks New York Mets

Heavier Aaron Batting Much Better

By the Associated Press

slugged Cincinnati 10-6 in other National League action.

Aaron got his bases empty home in the first inning and put the Braves ahead 5-0 with his grand slam in the third. He also doubled home his sixth run of the game in the fifth and added a single, giving him a 4-for-5 night and raising his average to .296.

Mack Jones hit his sixth homer for the Braves in the seventh, and it proved to be the winner when Chuck Hiller belted a pinch hit homer for the Mets in the ninth. The Mets also scored three times in the third and twice in the fifth.

BROKE LOOSE

Trailing 1-0, Houston broke loose for four runs in the sixth against Marichal, the Giants' 10-game winner. John Bate-

man's two-run single climaxed the outburst. Marichal was relieved in the seventh when the first two men singled. The Astros got two runs in the innings.

Randy Hundley's first major league grand slam highlighted a five-run fourth inning against Los Angeles' Don Drysdale who was trying to even his record at

5-5. Dick Ellsworth went the distance for the Cubs and picked up his second victory in 10 decisions.

St. Louis wasted little time against Pittsburgh, driving Vern Law from the mound in the first inning when the Cards scored six runs.

Julian Javier led the Cardinals attack with a homer, triple and single and three RBI. Willie Stargell hit his 10th homer for the Pirates and added a double and single.

Philadelphia got a three-run homer from Tony Gonzalez, a two-run homer from Richie Allen and a bases empty blast by Clay Dalrymple in outslugging Cincinnati. The Reds got a two-run homer from Dick Simpson and bases empty blasts by Ber-

on Johnson and Jim Coker.

PHILADELPHIA (AP) — The 10-year-old Cardigan Bay has suffered a leg injury that cancelled out the \$35,000 match race against Bret Hanover scheduled for Saturday night at Liberty Bell Park.

Dr. Edwin A. Churchill, track veterinarian, said Wednesday the bay damaged his left front leg and will be out of action for at least two to three months.

He added that it will be several weeks before the swelling can be reduced and two or three months before Cardigan Bay can be ready to race again if all goes well during recovery.

Cardigan Bay and the 4-year-old Bret Hanover, two of the nation's standout pacers, had split a pair of races, the bay winning last May at Yonkers, N.Y., and Bret last Saturday at Roosevelt Raceway, also in New York. This, however, was to have been the first match race.

Cardigan Bay and the 4-year-old Bret Hanover, two of the nation's standout pacers, had split a pair of races, the bay winning last May at Yonkers, N.Y., and Bret last Saturday at Roosevelt Raceway, also in New York. This, however, was to have been the first match race.

Teamsters Tie for Lead Behind Sackett, Fleser

John Fleser's hitting and Don Sackett's return to form paced Teamsters 614 to a 7-1 city men's baseball league win at Jaycee Park Wednesday night and into a tie for first place.

The victory was the union squad's second in two tries and dethroned it with the Clippers as the top's only two unbeaten teams.

Fleser slapped three singles to account for three runs. His first run-producing safety came in the first inning after

Italian Netter 'Wavers'

ROME (AP) — Luigi Orsini, vice-president of the Italian Tennis Federation, said Wednesday that Nicola Pietrangeli, Italy's No. 1 player, has "definitely given up the idea of turning professional."

Britain Blanks B.C. 11

VANCOUVER, B.C. (AP) — England's Tottenham Hotspurs defeated the British Columbia All-Stars 3-0 in an exhibition soccer game before 8,919 fans Wednesday night.

A pair of 20-foot putts gave her two birdies and an 86 for the round. This was one stroke better than three other competitors.

GLENWOOD PLAZA CORNER NORTH PERRY AT GLENWOOD

8 School Districts Vote on Millage Issues Monday

By JANICE GLOUSER

The high cost of education will be brought home to taxpayers in eight area school districts Monday when they are asked to approve building programs and operating tax increases at annual school elections.

More than \$23 million in new buildings will be sought in separate ballot issues in five of the districts. The proposals range from a high of \$8,313,100 in the Huron Valley School District to \$2.5 million in Troy.

At the same time, voters in several districts are being asked to approve operating tax increases ranging from 7 mills in Huron Valley and West Bloomfield School Districts to 2 mills in Imlay City.

Renewal of operating levies is also being sought in three of the districts. One district will seek a transfer of funds and one will ask for a pay increase for board of education members.

School districts seeking additional building and operating funds in annual school elections are Huron Valley, West Bloomfield, Avondale, Clarkston, Troy, Imlay City and Novi.

Huron Valley

Voters in the Huron Valley School District will be faced with the largest proposal of the

eight systems and the largest in the district's history.

They will vote on a \$8,313,100 bond issue for new buildings a 7-mill operating tax increase for three years and a 3-mill tax renewal.

Included in the bond issue proposal is a \$650,000 swimming at the high school which will appear on the ballot as a separate proposal.

If the building program is approved, taxpayers will pay a total of 7 mills for bonded indebtedness — an increase of 1.94 mills or \$1.94 per \$1,000 of assessed valuation over the present levy. (If the district needs additional money to pay off the bond issue, it can borrow from the State School Bond Loan Fund as long as it levies the required 7 mills.)

NEW SCHOOLS
Money from the bond issue would provide the district with two 20-room elementary schools, two 22-room elementary schools, an addition to the high school, a central administrative office, development of existing sites, and new junior high school equipment.

It would also pay for additional school sites, renovations and additions to Highland Junior High, heating system improvements at Duck Lake Elementary School, refunding of a 1957 bond issue, high

school shop equipment, the swimming pool and contingencies.

If the 7-mill operating tax increase is approved, it will bring the total operating levy to 23.70 mills or \$23.70 per \$1,000 of assessed valuation.

The board presently levies 8.70 allocated mills, 4 extra voted mills which expire in 1968 and 3 extra voted mills for which the board is seeking renewal.

EXPIRATION DATE

If renewed, the 3 mills would expire in 1968 along with the 5 mills.

West Bloomfield

In West Bloomfield Township, voters will be asked to approve a \$7 million bond issue, a 7-mill operating tax increase and renewal of a 2-mill operating levy which expires this year.

School officials plan to finance the building program with no increase in taxes. They can do this by borrowing money from the state and extending the bond retirement over a longer period of time.

Fast-growing school districts can borrow money in this manner if they levy 7 mills for debt retirement. West Bloomfield now levies 7.5 mills for debt retirement.

Included in the building pro-

gram is a new high school, a 24-room addition to the junior high school, a 14-room elementary school, new classrooms in the Scotch Elementary School area and purchase of four to six new school sites.

Clarkston

In the Clarkston School District, voters will consider four proposals — two bonding issues totaling \$3.1 million, a millage question and a transfer of funds proposition.

The ballot proposals are:

• A \$2.5-million bonding proposal to acquire additional sites, site improvements, building new schools, erecting additions to existing schools and furnishing and equipping buildings.

• A \$600,000 bonding proposal to build and equip an indoor swimming pool to be attached to the existing high school.

• A 5-mill increase in operating revenue to be spread over a 10-year period.

• Transfer of the \$37,224 remaining in the 1954 debt re-

quirement fund to the building and site fund to construct a physical education running track by the existing football field and blacktopping parking lots and driveways at Sasabaw and d Bailey Lake elementary schools.

Supt. of Schools Dr. L. F. Green emphasizes that the increase in operating revenue would mean a boost of only one mill in the district's tax rate over the period.

He explained that whereas the operational millage would be gradually increased, the debt retirement levy would be lowered at the same pace until 1971 when the additional mill would probably have to be levied.

Avondale

In the Avondale School District, a \$3.1-million bond issue, and renewal of 3.9 operating mills for five years will be on the ballot.

To meet the 7-mill debt requirement, the tax rate to pay off the bond issue will have to be raised by 3.9 mills or \$3.90 per \$1,000 of assessed valuation.

For \$3.1 million the district would get a new elementary school, a new high school, a high school site, three 12-acre elementary school sites, remodeling of the present elementary schools, instruction-

al materials centers at each elementary school, and a new administration building and bus garage.

The 3.9 operating levy for which the board is seeking renewal, expired after the 1965 tax collection.

Troy

Troy voters will be asked to approve a \$2.5 million bond issue for the purchase of 25 new school sites.

The proposal will not increase the current 7-mill tax levy, according to Schools Supt. Dr. Rex B. Smith. The district can borrow from the state if necessary to pay off the bonds.

The money would be used to purchase 17 new elementary school sites, three new high school sites and five new junior high sites. It would also be used for site development.

Holly

In Holly, voters will be asked to approve a 5-mill tax increase for four years for operating purposes.

If passed, the proposal would raise the total school taxes in the district to 28.70 mills or \$28.70 per \$1,000 of assessed valuation.

Schools Supt. Russel G. Hadson said the 5 mills would help offset an anticipated budget deficit and permit improvement of the curriculum.

Plans are to add 11 teachers, one clerk, one custodian and one vocational guidance director.

Novi

Novi voters will be asked to approve renewal of 4.5 mills for five years. The present operating tax rate is 18.60 mills or \$18.60 per \$1,000 of assessed valuation.

Of this, the 4.5 mills expired with the 1965 collection.

Imlay City

A 2-mill operating tax levy and a pay increase for board of education members will be on the ballot in Imlay City.

Schools Supt. Alvin Norlin said the 2 mills are needed to help balance the 1966-67 budget. He said 15.4 mills are necessary to balance the budget. The current operating levy is 13.35 mills (\$13.35 per \$1,000 of assessed valuation.)

A pay increase from \$4 per meeting to \$10 is being sought for board members.

Funeral Home Director Named JC of the Year

CLARKSTON—The Clarkston Area Junior Chamber of Commerce last night honored Lewis E. Wint, local funeral home director, as "Jaycee of the Year" at the group's annual installation of officers at the Community Activities, Inc., building.

Wint, a charter member of the Jaycee chapter, was president of the group in 1964-65 and is currently District 18 vice president-elect of the Michigan Jaycees.

He also is a former recipient of the Clarkston Area Jaycees' distinguished service award.

Wint, of 5929 M-15, Independence Township, was named following a secret ballot of the Clarkston Jaycee membership.

The award is given to the Jaycee who members feel has contributed the most to the chapter during the past year and symbolizes the Jaycees in the community.

NEW OFFICERS

New officers installed at last night's ceremony were Robert C. Jones, 6663 Wealthy, Independence Township, president;

LEWIS E. WINT

45 Education Board Posts to Be Filled

Voters in 21 area school districts will elect a total of 45 trustees to their local boards of education at the polls Monday.

Vacancies on the North Oxford Board of Education will be filled at a public meeting Monday night.

Candidates in the other districts are:

Avondale

Two 4-year terms: incumbents Floyd Yeager and Ray A. Isanhar.

Brandon

Two 4-year terms: incumbent Raymond G. Harris; Dr. Wayne Tilmon, 108 Sasabaw; Dr. Edward M. Gates, 321 Allen; Mrs. Jane M. Vogel, 256 Granger; and Leslie L. Wright, 2600 Seymour Lake, all of Brandon Township.

One 2-year term: Donald V. LaBarge, 3001 Reese, Brandon Township, and Ronald H. Sutton, 578 Mill Orionville.

Clarenceville

Two 4-year terms: incumbents Richard J. Wood and Dr. Herbert P. Kagen; Harold M. Weiss, 19459 St. Francis, and Marshall J. Fry, 20134 Brentwood, both of Livonia.

One 3-year term: incumbent Norman L. Hunt and Seymour R. Rosen, 19922 Lathers, Livonia.

Clarkston

One 4-year term: incumbent Walter Wilberg and Mrs. Ingrid Smith, 6360 Eastlawn, and Richard R. Yarbrough, 5229 Maybee, both of Independence Township.

Waldon Road Improvement OK'd in Independence Twp.

INDEPENDENCE TOWNSHIP — The Township Board has approved a \$22,632 contract for an extensive street improvement project on Waldon Road.

Outbidding four other firms was the Charles W. Anderson Co. The high bid was \$29,618.

Cost of the project — to be shared by the township, the Village of Clarkston and the county — had been estimated at \$22,929.

Waldon, extending from the Clarkston First Methodist Church east to near Wealthy Street, will be encompassed by the project.

A public hearing has been set for July 5 on the proposed Guyette Street lighting project.

YEARLY CHARGE
Five street lights would be erected on Guyette between Maybee Road and Eckles. A total yearly service charge of \$144, or about \$8 per lot, would be paid by benefitting residents in the special assessment district.

In other recent business, the board approved four rezoning rezoning requests and rejected another.

Denied was a proposal to rezone from agricultural to residential several hundred acres north of I-75 and Holcomb Road.

Initiated by the township planning commission, the request had been recommended for denial by the county coordinating zoning and planning committee.

MOST OPPOSED
According to township officials, most of the residents living in the section objected to the proposed rezoning and had submitted petitions to the township and county, urging officials to block the zoning change.

Zoning change requests approved were:
• A request to rezone from suburban farms to residential-1 a parcel at Allen and Rattalee Lake roads.
• A request to rezone from suburban farms to residential-1 and residential-2 two parcels on Maybee Road, adjacent to Spring Lake and the new Pine Knob Country Club.

• A request to rezone from agricultural to residential-1 a 10-acre parcel at Pine Knob and Orion roads.

Dryden

One 4-year term: incumbent Donald Travis.

Dublin

Two 3-year terms: incumbents Raymond E. Hoffman and Onni Kuhna.

Farmington

Two 4-year terms: incumbents William B. Smolek and John M. Washburn III; Richard J. Angelo, 29499 Barwell, Farmington Township; and Wesley I. Mitchell, 30600 Springdale, Farmington Township.

Others are George W. Otis, 5529 Normanhurst, West Bloomfield Township; Nancy S. Schlesinger, 31500 Franklin Fairway, Farmington Township; and George V. Strelnak, 21269 Birchwood, Farmington.

One 3-year term: incumbent Leland G. Clifford.

Holly

Two 4-year terms: incumbents Lloyd H. Good; James Weathers, 14243 N. Holly; Holly; George W. Hayes, 9020 Milford, Rose Township; Harry A. Luzzi, 731 Hartner, Holly; and Robert P. Longstreph, 1524 Riviera Shore, Holly.

Huron Valley

One 4-year term: Lyle B. Tyler Jr., 2795 Lakewood, Highland; Carlos C. Trask III, 1607 Burns, Milford Township; Gerald E. McNally, 1775 Porter, White Lake Township; and Cecil E. Darnell, 2689 Lakeside, Highland.

Imlay City

Two 3-year terms: incumbent Peter Spencer, John Burger, 465 N. Almont; Roger Smith, 321 Cheney; Howard Schonberg; and Ted Rankin 130 Walker.

Lake Orion

Two 4-year terms: incumbents Hugh Brady and Keith Middleton; Mrs. Delores Burt, 2657 Judah; John Wingett, 844 Vermita; and James England, 121 Schick, all of Orion Township.

Lapeer

Two 4-year terms: incumbent Robert Stern; Burdette A. Stone, 323 N. Main; and Myles L. Harrison, 383 Oglethorpe.

One 3-year term: incumbent John Thompson.

Novi

Three 3-year terms: incumbents William MacDermid and Elwood Coburn, 28075 Dixon, and Bruce Simmons, 46280 N. Mile, both of Novi.

One 1-year term: Willis M. Lake roads.

One 1-year term: incumbent Rowley, 23745 LeBost, both of Novi.

Oxford

Two 4-year terms: incumbents Ted Pearson Jr. and Louis B. Caryell; Mrs. Mildred Eberhart, 3470 Hagerman, Addison Town-

ship; and Kenneth P. Stubblefield Jr., 91 Dennison, Oxford.

Rochester

One 4-year term: Martin E. McMurray, 5647 Rochester, and Raymond Storm, 2746 Stoddard, both of Avon Township.

One 3-year term: Mrs. Billie Ireland, 1140 Michelson, Avon Township, and Robert M. Williamson, 315 William, Rochester.

Romeo

Two 4-year terms: incumbents Raymond W. Wilson and Ruby K. Willis; J. Gerald McLean, 408 N. Main; and Barton Verellen of Rochester Road.

South Lyon

Two 4-year terms: incumbent

Wilford W. Heidt and Gerald F. Knapp of New Hudson.

Troy

Two 4-year terms: incumbents Elizabeth Hottel and Donald Richards, and William Stewart, 6170 Livernut.

Utica

One 4-year term: incumbent William Porter and Bruce Weycker, 7905 Chapoton; and Robert Osmak, 11355 Jacqueline, both of Utica.

Walled Lake

Two 4-year terms: incumbents Joseph Long; J. O. Sarto, 7560 Honessucke, West Bloomfield Township; Herman Werther, 7361 Honessucke, West Bloomfield Township; Roy R. Bruner, 2552 Woodlawn, Wolverine Lake; and

and Hazen M. Wellman, 2860 Red Arrow, Commerce Township.

West Bloomfield

One 4-year term: incumbent Mrs. Frances M. Leaf.

Two 1-year terms: incumbents Earl A. Kreps and Leonard L. Crossman.

LWW Is Sponsoring Candidates' Rally

ROCHESTER—Candidates for the board of education and for the Oakland Community College Board of Trustees will express their views at a candidates' rally at 8 tonight at North Hill Elementary School, 2385 Mahaffey.

The meeting is sponsored by the League of Women Voters to give candidates a chance to state their qualifications for office and to give voters an opportunity to hear the candidates.

Running for the Rochester Board of Education are Mrs. John Ireland and Robert M. Williamson for the three-year term and Martin E. McMurray and Raymond Storm for the four-year term.

Fourteen candidates are running for the six positions on the college board of trustees.

By Association

Data on Lake Is Sought

UNION LAKE — The 14-member board of the Union Lake Association, Inc., is soliciting lake information from residents and members of area civic associations.

The Union Lake group met recently to discuss complaints on lake level control, water pollution and conservation.

The Oakland County Drain Commission, health department and Michigan Department of Conservation are working with the board to promote general health, safety and welfare of residents.

Board members represent each incorporated association that controls by deed, property adjoining waters of Union Lake.

Members of the board of directors are Milton Dolan, president; Weld Maybee, vice president; Mrs. Roy Lee, secretary; and Mrs. Louis Sparling, treasurer.

Other members are Frank

Candidates Will Appear

WHITE LAKE TOWNSHIP — Candidates endorsed by the township Republican Club for township offices will be presented at 8 tonight at the Township Hall.

The candidates are James I. Reed, 5400 Cedar Island, supervisor; Ronald Voorheis, 5412 Ormond, incumbent treasurer; Jerry Zigler, 247 Teggedrine, clerk; Ray Hoffman, 1263 Grove Point, trustee; and Martin C. Fitzgerald, 294 Lakeside, justice of the peace.

BUILDING BUCKLES—A fire at Chrysler's huge Jefferson Avenue assembly plant in Detroit yesterday gutted and buckled this storage building and halted work at the factory temporarily. The building was used

to store soft goods for car seats and interiors. Two working shifts were called off while the two-hour blaze was being fought and the resultant mess cleaned up.

Further Tax Exemptions for Farmers Clear House

LANSING (UPI) — The State House of Representatives yesterday put the frosting on the 1966 tax-exemption cake for farmers by voting, 81-21, to exempt trees, shrubs, bushes and vines from property taxes.

Although the bill is a boon to fruit, berry, grape and tree farmers it means local government units will lose an estimated \$300,000 to \$400,000 yearly in tax revenues normally earmarked at least in part for schools.

Just Tuesday, the House voted to free farmers from paying taxes on all lands used for agricultural purposes, for an estimated local government revenue loss of \$3.74 million.

Action on the so-called "blueberry bill" climaxed a 14-hour session in which lawmakers tried — and failed — to clear their work calendar of all remaining bills.

The jam-up of legislation forced postponement of the bill-passage deadline until tonight at midnight.

BUDGET BILLS

Heading the list of other bills winning House approval were four major budget bills totaling \$160.7 million.

But action on the larger budget bills, including the one for

Amended Bill on 'Dream Drugs' Goes to Senate

LANSING (AP) — The House voted Wednesday to make the possession or sale of LSD or other hallucination-producing drugs a felony.

It approved 93-0 an amendment to the State Dangerous Drug Act adding LSD and five other hallucinogens to the list of regulated drugs.

The measure goes back to the Senate for action on House amendments.

The House also voted to make it a crime to flee from an arresting officer, and to make the proposed Sleeping Bear Dunes National Lakeshore less of a financial shock to local governments.

Fire Strikes at Chrysler Detroit Plant

higher education, was postponed until today along with a host of other highly controversial legislation.

Still hanging fire are bills to grant next year's legislators a pay hike, to grant tuition aid to private college students and to bring water companies under rate-making power of the Public Service Commission, and constitutional amendments to allow a graduated income tax and to lower the voting age to 18.

Lawmakers continued to smooth the way toward possible enactment of a legislative pay hike by voting increases for the State Supreme Court, Court of Appeals, and for probate judges.

Another bill to raise the salaries of circuit judges was postponed.

The judges' bills, which failed to come out of the ways and means committee a year ago, were dumped on the calendar Tuesday at levels below those approved by the Senate.

to force compromise agreements in conference committees.

DETROIT (UPI) — One fireman was injured and several others suffered smoke inhalation yesterday in a fire at Chrysler Corp.'s "header house" near downtown Detroit.

Day shift workers at the plant were sent home early while firemen attempted to squelch the blaze. The 2,300 night shift employees were told not to report for work at the huge storage building.

Stored in the building were soft goods used in making seats, plastic foam and floor mats for new cars. The building originally was constructed to store new cars before shipment to dealers, a "header house."

Cause of the fire was not determined, and no estimate of the damage was available. Hundreds of newly assembled cars parked alongside the corrugated iron building were moved away by employees.

Give Dad the Magical all-in-one chair

LA-Z-BOY®

Chairs with a flair for people who care

To enhance the ultimate in relaxing comfort, the La-Z-Boy Model 621 is covered in GOODALL'S "Four-Star" expanded vinyl. Science for You

By BOB BROWN

PROBLEM:
Optical Illusions.

DO THIS:

Look at the three drawings. Is the triangle made of straight lines? Are the uprights in drawing B the same length? Is the long side in box X shorter than the long side of box Y?

THE ILLUSION: The triangle is made up of straight lines; the circles confuse the eye and make the triangle look as though it is made of curved lines. The uprights seem the same length but are not. The long side of box Y is longer than the long side of box X. The sizes and shapes of lines are estimated with the eyes. The other lines in the various drawings make it difficult to draw accurate observations.

See the collection of these experiments in your bookstore. The name of the book is "Science Circus, No. 2."

Expiring Four-Year Terms

5 Seek 2 Pontiac School Board Posts

By PAT McCARTY
Voters in the Pontiac School District will go to the polls Monday to elect two Pontiac School Board members from a field of five candidates.
To be filled are two expiring four-year terms now held by Dr. Walter L. Godsell and Mrs. Elsie Mihalek.

Dr. Godsell is not running for office after serving on the board for 12 years.

Candidates are William H. Anderson, 53, of 2281 Ostrum, Waterford Township; Mrs. Mihalek, 44, of 1592 Vinewood; Mrs. Susan L. Miller, 26, of 900 S. East Blvd.; Victor L. Smothers, 47, of 203 Wolfe; and James R. Stelt, 40, of 261 Ottawa.

Anderson, a former school board president, served on the board from 1957-65.

HEADS BOARD
In 1961, he was chosen by his fellow trustees to head the board. He was reelected to the post the two succeeding years.

Anderson is owner and operator of the C & W Pattern Manufacturing Co.

He moved to Pontiac from Oshawa, Ont., in 1915. A graduate of Pontiac Central High School, he formerly owned and managed the Columbia Nonfer-

rous Foundry and Machine Co. Anderson was an unsuccessful candidate for his third board term a year ago.

2d TERM
Seeking her third term, Mrs. Mihalek, currently secretary of the board, served as its vice president in 1963 and 1964.

A Pontiac resident for 26 years, she is active in the Parent-Teacher associations of both Kennedy Junior High School and Pontiac Northern High School, where two of her four sons are enrolled.

Mrs. Mihalek was president of the Pontiac Council of PTA's in 1956-58 and of the Pontiac Northern PTA in 1962-63.

Her husband, William, is a millwright at Pontiac Motor Division.

HISTORY TEACHER
Mrs. Miller came to Pontiac in 1962 and taught history and geography at Washington Junior High School for three years.

Born in Flint, Mrs. Miller graduated from Flint Central High School in 1957 as salutatorian of her class. She earned her bachelor's degree with honors from the University of Michigan in 1961.

Mrs. Miller now is working on

a master's degree in history at the U of M.

A member of the Sisterhood of Temple Beth Jacob, Mrs. Miller is a volunteer worker for the Democratic party.

Her husband is a pediatrician. The couple has one child.

RESIDENT SINCE 1929
Smothers has been a Pontiac resident since 1929. A native of Missouri, he served in the Army Air Corps as a gunner in the Pacific.

Now a self-employed contract painter, Smothers was employed by the board of education as a painter for 10 years and served as president of Pontiac Operational Maintenance Employees Local 719 for three years.

A member of the Pontiac Police Trial Board, Smothers formerly served as a Pontiac Police Reserve and on the Pontiac Civic Improvement Commission.

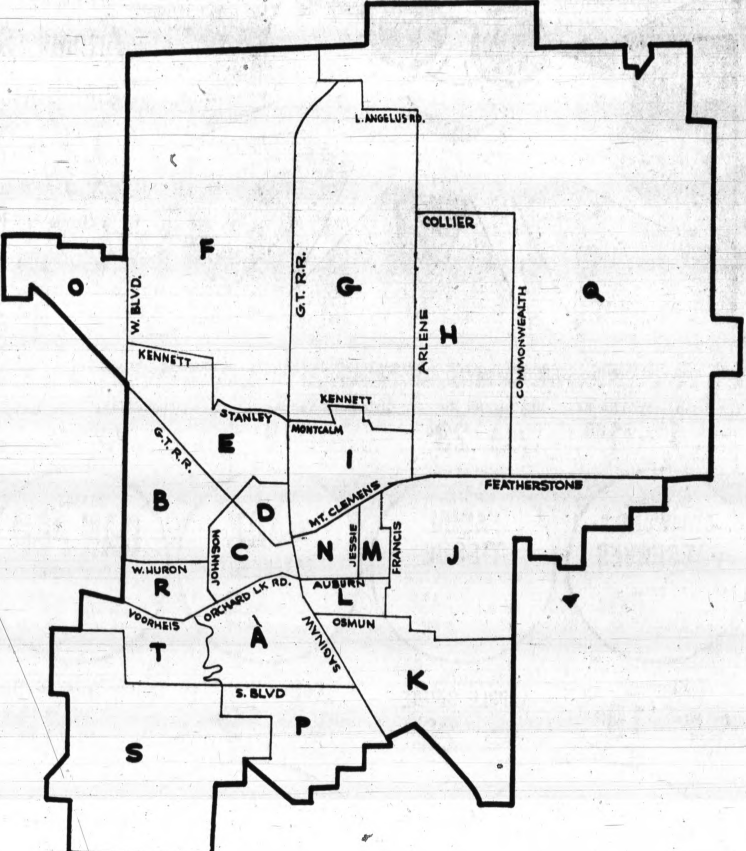

Smothers and his wife have six children. He is active in the Parents Club of St. Frederick School and is an usher at St. Vincent de Paul Church.

COURT REGISTER
Stelt, a former Oakland County assistant prosecutor and city personnel director, now is county probate court register.

He also served as city manager of Otego for two years. A graduate of Cass Technical High School in Detroit, he received a bachelor's degree from the University of Michigan and law degree from the Detroit College of Law.

Stelt is a member of the State Bar of Michigan and the Oakland County Bar Association. The four Stelt children, two sets of twins, all attend Webster Elementary School.

Statements by candidates appear below their pictures.

The above map shows voting precincts in the Pontiac School District. Polling places will open at 7 a.m. and close at 8 p.m. in Monday's election. Persons standing in line at closing time will be allowed to vote. The following is a list of the polling places for each precinct:

- A—Bagley Elementary School
- B—Webster Elementary School
- C—Central High School
- D—Close Street Fire Station
- E—Lincoln Junior High School
- F—Owen Elementary School
- G—LeBaron Elementary School
- H—Emerson Elementary School
- I—Baldwin Elementary School
- J—Longfellow Elementary School
- K—Wilson Elementary School
- L—McConnell Elementary School
- M—Eastern Junior High School
- N—Central Elementary School
- O—Hawthorne Elementary School
- P—Jefferson Junior High School
- Q—Willis Elementary School
- R—Washington Junior High School
- S—Whitfield Elementary
- T—Washington Junior High School

WILLIAM H. ANDERSON

His statement:
"I believe the Pontiac Board of Education should consider placing more emphasis on the elementary education program, particularly in the lower grades.
"While I am not a proponent of federal aid to education, I believe federal money made available to the school district could be used to better advantage for reducing class sizes in grades one, two and three.

"Thus, it is possible that the need for remedial programs and teaching specialists might gradually be reduced.

"I believe the Head Start program for the culturally deprived is good and should be continued, and I would like to see the special education program expanded."

MRS. ELSIE MIHALEK

Her statement:
"Our board is now being faced with problems never before encountered. The board needs experienced members.
"I believe a board member should represent impartially all of the people of the school community. I believe in good education for all children and youth without reservation.

"The children are our first concern and the board should provide a good school program, the best staff available and good facilities for the education of the total child.

"The future of America is directly dependent upon the quality of its citizenry which is determined by the quality of the education they receive in our public schools."

MRS. SUSAN L. MILLER

Her statement:
"Education is the key to progress.
"It is my belief that we cannot maintain leadership of the free world or grow as human beings without a firm educational base.
"Democracy, if it is to survive, must have a well-educated citizenry.

"A goal of the Pontiac school system should be to see that EACH student graduating from our high schools is prepared to go to college or possesses a marketable skill which he can offer an employer.

"There is no greater responsibility in a free society than that of educating our children, and no better time than now to begin."

VICTOR L. SMOTHERS

His statement:
"I believe it is the responsibility of the school board and administrators to bargain in good faith with the teachers in order to avoid such drastic actions as strikes and to stand behind the teachers and principals in disciplinary actions.

"I am not a conservative, but I believe in the taxpayers' getting their dollar's worth and there is no need for money being thrown away as has been done in the past.

"We should take advantage of federal aid because there are many good programs we could not have except for it, and it also relieves the burden of the local taxpayers."

JAMES R. STELT

His statement:
"It is my feeling that my education, legal training, government experiences and administrative background qualify me for a seat on the Pontiac Board of Education.

"As a community, we must create a sense of excitement for learning, since the new energy needed to continue a free democratic society comes largely from its educated young people.

"The Pontiac area has the resources to provide the best in education. Full advantage of federal and state financial aid programs should be taken.

"If elected, I pledge myself to work toward providing the best educational opportunity possible for all the children and young adults in the Pontiac School System."

Fund Transfer OK Is Sought

The Pontiac Board of Education Monday will ask voters for the authority to transfer some \$57,200 out of debt retirement funds into the district's building and site fund.

The money represents delinquent tax payments the board has received on bonds that were retired two years ago.

Approval of the proposition would allow the board to spend the money already on hand for current building projects.

Officials have noted the approval would in no way represent a cost to taxpayers but would simply allow the board to transfer the money from one of its accounts to another so that it can be spent.

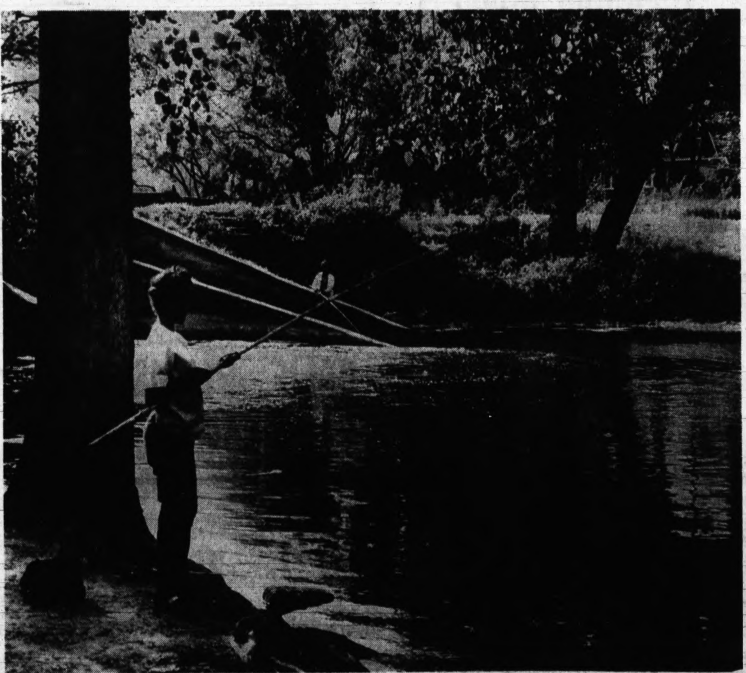

The question was placed on the ballot to conform to a state statute which regulates school districts in their use of tax money for a purpose other than that for which it was raised.

NEED CONSENT

In order to spend the money on other buildings or site purchases, the board must receive consent of the electorate.

This will be the first time the Pontiac Board of Education has asked for authority to transfer funds.

The question was put on the ballot after the district received a new interpretation of the state law from the State Municipal Finance Commission.

3 in Waterford Vie for Two School Jobs

By HUDSON WILLISE
Three candidates will vie for two 4-year board of education posts in Monday's Waterford

Township School District election. They are incumbent Norman L. Cheal, 46, of 2791 North Lake;

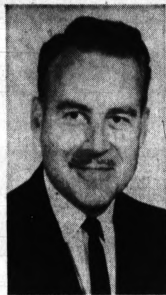

Lewis S. Long, 39, of 5657 Brunswick; and incumbent Eldon C. Rosegart, 47, of 2363 Shawnee.

NORMAN L. CHEAL

LEWIS S. LONG

ELDON C. ROSEGART

His statement:
"During my four years on the school board, we have secured several outstanding administrators and consultants, gone from 90 per cent to 100 per cent fully-certified teachers and are attracting very able people, built a fine junior high and four elementary schools at reasonable costs, added a computer course, which is a national model, started several excellent vocational education programs and much more."

"I am proud to have had a part in these programs and proud of our school system as it is. On the other hand, I know that much remains to be done, including the immediate need for a new high school and the need to increase teachers' salaries to the point where they are competitive with not only other school systems but other industries."

"I want to help see that this work is carried forward."

His statement:

"I am for: providing the necessary school buildings, equipment and qualified teachers required to give all the children of Waterford Township a well-rounded education to prepare them for college, or a technical education to prepare them to earn a living in whatever field of work they choose."

"To provide these services to Waterford Township residents, I feel that a 'yes' vote on the bond issues in Monday's election is necessary."

His statement:

"For seven of my 16 years in Waterford Township, I have served on the school board. While we have managed a fast-growing and reputable school system, there are still problems to solve."

"There is a need for closer relationship between school board and community, ways and means to pay our employees commensurate with other professionals and workers in private enterprise, and safety factors in getting children to school."

As Oakland schools liaison person for state and federal affairs, starting July 1, plus my experience on the school board and in education, I feel that I can make a worthy contribution to our school district."

All three live in Waterford Township.

Cheal heads the experimental department of Pontiac Motor Division's engineering department.

He was first elected to the school board in the June 1962 election.

Married and the father of six children, Cheal is a 1937 graduate of Lansing Eastern High School and graduated from Michigan State University in 1941.

He holds a B.S. degree in chemical engineering.

Long, office manager and accountant at McGregor Manufacturing Corp. in Troy, is running for public office for the first time.

A native of Fort Wayne, Ind., he moved to Waterford Township from Minnesota in 1949.

RUNS OWN BUSINESS

Besides his position with the Troy firm, Long operates his own accounting and tax service business. He also is a vice president of Brummett Agency, Inc.

He is married and has two children.

Rosegart, who will assume a new position as assistant superintendent for state and federal affairs with Oakland Schools July 1, has been a member of the Waterford Township Board of Education since 1959.

He served as board president from 1960 to 1962.

SCHOOL ADMINISTRATOR

Currently an administrative assistant at Kennedy Junior High School in Pontiac, Rosegart holds bachelor's and master's degrees from Michigan State University.

He and his wife have two children.

A brief statement by each candidate (left) appears below his picture.

8 Precincts for Balloting Are Listed

Voters in the Waterford Township School District will cast ballots in eight precincts in Monday's election.

Polls will be open from 7 a.m. to 8 p.m. according to school officials.

For the first time in Waterford Township School District election, voting machines will be used.

Voters will consider five proposals and will fill two Township Board of Education posts and six Oakland Community College trusteeships.

The voting places are:

Precinct 1—David E. Grayson School, 3800 W. Walton.

Precinct 2—Donelson School, 1200 W. Huron.

Precinct 3—Waterford Center School, 1021 Airport.

Precinct 4—Schoolcraft School, 6400 Maceady.

Precinct 5—Pontiac Lake School, 2515 Williams Lake.

Precinct 6—Monteth School, 2303 Crescent Lake.

Precinct 7—Leggett School, 3621 Pontiac Lake.

Precinct 8—Stringham School, 4350 Elizabeth Lake.

INCREASE OFFSET

The 1-mill increase would be offset by a 1-mill debt retirement decrease.

Transfer of the 1 mill from debt retirement to operation would result in no tax increase for school district property owners, according to school officials.

Only property owners will be allowed to vote on the five propositions since the millage proposition is for more than a five-year period, according to school officials.

6,000 MORE STUDENTS

They contend that by 1975 there will be an additional 6,000 students enrolled in the system.

Failure to provide the "needed" facilities, they claim, would result in split sessions, overcrowded classrooms, sub-standard space, transportation of elementary children great distances from their homes and curtailed educational programs.

School officials point out that two elementary schools, scheduled to be phased out if the building program is accepted by voters, would not be torn down but would be used for more practical educational functions.

They consider building additions to Lambert and Waterford Center schools — the two smallest and oldest buildings in the district — as economically uneconomical.

ADMINISTRATION BUILDING

Waterford Center School would be part of the proposed new school administration building.

The proposed new high school would be built at Pontiac Lake and Scott Lake roads, while the new elementary school facility would be constructed in the Crescent Lake area on Prentiss Street.

Included in the proposed building program are an estimated \$2.5-million for gymnasium-multipurpose rooms at 20 elementary schools and about \$480,000 for 12 primary instructional materials centers.

MAJOR VOTE

The building program would be financed through the State Bond Loan Fund, which charges a low interest rate.

Some 5,150 voters cast ballots March 28, the second largest turnout ever in a Waterford Township School District election. The record of 5,423 voters was established in the June 1963 election.

Changes Are Significant in School Vote Proposals

The proposals facing Waterford Township School District voters in Monday's election are similar to propositions turned down in the March 28 election except for two significant changes.

Instead of voting on a single bonding proposal plus a millage question as they did March 28, voters will consider four bond issues plus a millage proposition.

The other major change is that the bonding proposals now total \$11.8 million instead of the \$13 million originally considered.

Two of the three new elementary schools proposed in the last election will not be included this time, accounting for the difference in cost.

Voters will consider the following propositions Monday:

• A \$4.8-million bond issue to erect, furnish and equip a new high school and elementary school and to acquire and improve school sites and site additions.

• A \$5,975,000 bond issue for additions, improvements, furnishing and equipping existing buildings and sites.

• A \$625,000 bond issue to erect, furnish and equip an auditorium as part of a new high school building.

• A \$400,000 bond issue to erect, furnish and equip a swimming pool as part of a new high school building.

• A 1-mill tax limitation increase for a six-year period from 1968 through 1973 for operating purposes.

INCREASE OFFSET

The 1-mill increase would be offset by a 1-mill debt retirement decrease.

Transfer of the 1 mill from debt retirement to operation would result in no tax increase for school district property owners, according to school officials.

Only property owners will be allowed to vote on the five propositions since the millage proposition is for more than a five-year period, according to school officials.

Since March 1, supporters of the building program have delivered about 125 speeches, emphasizing the need for new facilities in the school district.

6,000 MORE STUDENTS

They contend that by 1975 there will be an additional 6,000 students enrolled in the system.

Failure to provide the "needed" facilities, they claim, would result in split sessions, overcrowded classrooms, sub-standard space, transportation of elementary children great distances from their homes and curtailed educational programs.

School officials point out that two elementary schools, scheduled to be phased out if the building program is accepted by voters, would not be torn down but would be used for more practical educational functions.

They consider building additions to Lambert and Waterford Center schools — the two smallest and oldest buildings in the district — as economically uneconomical.

ADMINISTRATION BUILDING

Waterford Center School would be part of the proposed new school administration building.

The proposed new high school would be built at Pontiac Lake and Scott Lake roads, while the new elementary school facility would be constructed in the Crescent Lake area on Prentiss Street.

Included in the proposed building program are an estimated \$2.5-million for gymnasium-multipurpose rooms at 20 elementary schools and about \$480,000 for 12 primary instructional materials centers.

SMOKING DEBRIS — The smoking wreckage of the XB70A experimental bomber lies smashed on the California desert near Barstow yesterday after colliding in the

air with an Air Force plane which was accompanying it. Killed were the bomber's copilot and famed test pilot Joe Walker who was in the accompanying craft.

Plane Collision Probe Begun

EDWARDS AFB, Calif. (AP) — A 30-man board is beginning a minute investigation into the collision between the giant XB-70A research bomber and an F104 chase plane which killed record-holding X15 pilot Joseph A. Walker and the bomber's copilot.

The XB70A's pilot, Al White, ejected in a capsule seat Wednesday, suffering only bruises and shock.

"Al White is in good condition

and suffered no serious injury," his doctor at this flight test center's hospital reported. He was at first thought to have suffered a broken arm and severe back injury.

The body of Maj. Carl Cross, White's copilot, was recovered from his capsule ejection seat near the wreckage of the bomber.

The Air Force said it appeared Walker's chase plane hit the two tail verticle stabilizers on the triangular tail-wing of the XB70A at an altitude of 25,000 feet. Both planes crashed near Barstow, Calif., 45 miles east of the base.

The investigative board, headed by Col. William R. Gray, chief aerospace expert from Norton Air Force Base, Calif., met late into the night after visiting the crash scene.

"We don't know when it will complete its investigation," said an Air Force spokesman. "But it will be as thorough as we can possibly make it."

Walker, 45, had been training to fly the XB70A and was in one of several chase planes sent to observe the craft's performance. He held the world records for 4,104 m.p.h. and 354,200 feet

2nd Night of Disorder Brings 10 MSU Arrests

EAST LANSING (AP) — Michigan State University students threw rocks and debris at a police Wednesday for the second straight night of this final examination week.

A sheriff's deputy was struck in the face by glass from a flying bottle. At least 10 persons—including one girl—were arrested on charges of disorderly assembly, said MSU police Capt. Adam Zataut.

More than 200 officers from the campus, Lansing, East Lansing, sheriff's office and State Police posts, as far away as Brighton and Tonia, converged on the campus.

The student crowd numbered as high as 500 before officers induced them back to dormitories. Nearly all the students were male.

NO PANTY RAIDS

Unlike Tuesday night and early Wednesday, there were no panty raids.

Zataut and State Police Capt. J.K. MacDonald said the disturbance began about 9:30 p.m. when rocks were thrown at a passing patrol car. Zataut said police cars were bounced by students at one point, amidst a heavy barrage of rocks.

New Regional Head of Program for MSU

EAST LANSING (AP) — Michigan State University has announced the appointment of Albert Mowery as regional director of the MSU continuing education center at Benton Harbor. Mowery, former head of the MSU Upper Peninsula Extension Center at Marquette, will coordinate the university's continuing education activities in southwestern Michigan.

Toy catalogues in 19th-century Thuringia, Germany, listed 30,000 to 40,000 different playthings.

Suspect in Detroit Murder Is Committed

DETROIT (AP) — Former Detroit taxi driver Edward Wanielek, 40, held in the fatal shooting of one student and the wounding of two others at a Socialist Workers Party hall March 18, was ordered committed to Tonia State Hospital as insane Wednesday.

Witnesses said Wanielek called the students a "bunch of Commies" when he walked into a majority finding of three in automatic pistol. The hall is psychiatrists reporting to Judge Brennan said Wanielek would be unable to assist in his own defense if tried on the murder charge. The panel said Wanielek felt himself "pursued, plagued and controlled by the Communist party."

Production of private and commercial vehicles in France in 1965 was down to 1,375,000 compared with 1,390,000 in 1964.

Stay-in-School Boost

Project to Aid Student With Motivation

EAST LANSING (U) — Michigan educators are trying to give a special stay-in-school boost to the student whose grade isn't tops, but who has the "glint in his eye" to succeed in life.

In an effort to make sure that student receives all the education he should, they are asking high school teachers to point him out for Project MEMO.

"More Education, More Opportunity."

"In this age and stage, so many kids wonder whether anybody else cares," said Gordon A. Sabine, a vice president of Michigan State University.

"We are proving that the teacher is very interested,

State Spending Estimate Is Up

LANSING (AP) — The estimated cost of running the state in the coming fiscal year edged back up Wednesday shortly after reaching a low of \$960-million.

Sen. Garland Lane, D-Flint, appropriations committee chairman, estimated state spending for 1966-67 would be \$972 million—well below the \$1.019 billion high water mark of six weeks ago.

Gov. George Romney recommended state spending program of \$949.9 million.

Lane's estimate included appropriations bills passed by the House Wednesday, several yet to be passed and some items not in the budget itself.

Interchange differences in all budget measures will have to be worked out in House-Senate conference committees before midnight.

Waterford Group Pushes Road Safety Near Schools

A drive to promote highway safety near schools was initiated yesterday at a meeting of the Waterford Township Youth Assistance Committee.

The group passed a resolution asking for installation of 15 mile-per-hour speed limit signs at township elementary and junior high schools between the hours of 8 to 9 a.m. and 3 to 4 p.m.

The resolution will be sent to the Waterford Township Board and the Oakland County Road Commission, according to a spokesman for the committee.

brains for all they are worth," Sabine said.

If he returns a questionnaire, Sabine added, MEMO will "help (him) find and finance as much more education beyond high school as (his) ability and drive and motivation can justify."

The financing could include U.S. Opportunity grants.

MSU and Michigan's 24 community colleges, aided by a \$100,000 federal grant, are conducting the project. Besides going to teachers, they are trying to reach students directly with advertising and newsletters.

NO TYPICAL STUDENT

There is no typical MEMO student, Sabine said.

"Do you have a youngster who isn't performing at the top of the class but who has tremendous drive and motivation to succeed? A boy or girl who has the 'glint in the eye' about whom you say, 'I know this kid, I think he can't afford to let it go to make something of life?'"

The student may be wealthy or poor, Sabine said. He may not be thinking about more education because he can't afford it or never has been motivated to study more.

The boost may be toward college, community college, or trade school.

In other business, the committee elected new officers.

Elected president was Mrs. E. L. Winkler Sr., 5601 Hatchery, Waterford Township.

Other new officers are Dr. William Crommett, vice chairman; Sgt. Putman, secretary; and Elmer Fagnon, treasurer.

Formed in 1961, under the sponsorship of township board and Oakland County Juvenile Court, the group aims to mobilize community interest toward youth and family welfare improvement and to eliminate juvenile delinquency and a neglect.

HONORED BY JAYCEES — Clyde R. Haskell (left) chairman of the board of directors for the Michigan Junior Miss Pageant, presents a plaque to Mr. and Mrs. Richard Jorgenson for outstanding community service. Joel Goldberg (left) holds a past president's plaque presented to him by the

Pontiac Area Jaycees. Mr. and Mrs. Jorgenson, 2015 Woodland, Sylvan Lake, have been directors of the state Junior Miss pageant for seven years. Goldberg, 1079 James W. was 1965-66 president of the local Jaycee chapter. They were honored last night.

Deaths in Pontiac, Nearby Areas

TERRY CUZZORT

Service for Terry Cuzzort, 31, of 21 Stout will be 3 p.m. tomorrow at the Hutton Funeral Home with burial in Perry Mount Park Cemetery.

Mr. Cuzzort drowned in Upper Silver Lake about 2:15 a.m. yesterday. He was an employee of Oakland Machine Co.

Surviving are his wife, Phyllis; his father, Roy; five children, Roy, Sharon, Leatha, Terry and Randy, all at home; a brother, Robert E. of Pontiac; and a sister.

LEAMON W. FURGUSON

Leamon W. Furguson, 55, of 50 E. Mansfield died yesterday after a brief illness. His body is at the Spark-Griffin Funeral Home.

Surviving is his wife, Gertrude.

MILTON C. HENRY

Service for Milton C. Henry, 48, of 204 State will be 1:30 p.m. tomorrow at the Hutton Funeral Home with burial in Perry Mount Park Cemetery.

Mr. Henry drowned early yesterday morning in Upper Silver Lake. He was an employee of Pontiac Stonetop.

Surviving are a daughter, Mrs. Mona H. Richie of Pontiac; and three brothers, James, Robert and Allen, all of Pontiac.

MRS. GEORGE H. OERTEL

Service for Mrs. George H. (Mary Oertel), 61, of 111 Raeburn will be 1:30 p.m. tomorrow at Donelson-Johns Funeral Home with burial in Ottawa Park Cemetery, Independence Township.

Mrs. Oertel died yesterday after a long illness.

MRS. BENJAMIN SCOTT

Service for Mrs. Benjamin (Maude E.) Scott, 89, of 147 Oscola was to be this afternoon at Sparks-Griffin Funeral Home with burial in White Chapel Memorial Cemetery, Troy.

Mrs. Scott died Monday after a long illness. A member of Oakland Park Methodist Church, she also belonged to Pythian Sisters and Maccabees and Rebekah lodges.

Mrs. Scott was a life member of the Order of Eastern Star and Pontiac White Shrine.

Surviving are two daughters, Mrs. Angela B. Lewis and Margaret M., both of Pontiac; and three sons, Marvin D. of Ann

Arbor, Ben E. of Pontiac, and Newell J. of California.

Also surviving are six grandchildren, 12 great-grandchildren, a great-great-grandchild, and a sister, Mrs. Eugenia Erikson of Pontiac.

LELAND SPICER

Leland Spicer, 74, of 5798 Graves, Waterford Township, died yesterday after a brief illness. His body is at the Sparks-Griffin Funeral Home.

Surviving is his wife, Marian.

MRS. CONLEY VICARS

Service for Mrs. Conley (Alma E.) Vicars, 71, of 518 N. Pine Grove, Waterford Township, will be in Chicago. Her body will be taken there after 10 p.m. today by Hutton Funeral Home.

Surviving are her husband; a daughter, Mrs. Loretta Fetz of Chicago; three sons, Ben Domas of Lake Orion, and Carl and George Domas, both of Pontiac; nine grandchildren; a sister; and two brothers.

'Radio Priest' Hits Milestone

DETROIT (UPI) — The Rev. Father Charles E. Coughlin, the famed "radio priest" of the 1930s, celebrated his 50th anniversary of ordination today.

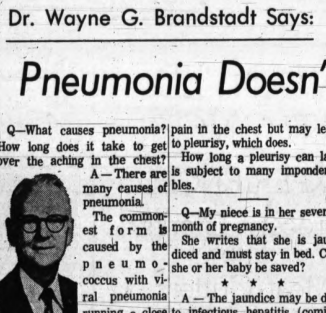

The celebration was marred slightly by the cancellation of a visit by Richard Cardinal Cushing, archbishop of Boston, who has been hospitalized for treatment of an infection since Saturday.

Father Coughlin, 74, founding pastor of the 44-year-old Shrine of the Little Flower Church in Royal Oak, was to celebrate a Mass with Cushing.

The Rt. Rev. Msgr. Francis J. Lally, editor of the Boston Pilot, had been named as a stand-in for the cardinal.

They were to be joined by the Most Rev. John F. Dearn, archbishop of Detroit.

Father Coughlin, who is retiring, will be replaced June 16 by a yet-to-be-named successor.

Dr. Wayne G. Brandstadt Says:

Q—What causes pneumonia? How long does it take to get over the aching in the chest? A—There are many causes of pneumonia. The commonest form is caused by the pneumococcus with viral pneumonia running a close second.

Pneumonia may also be caused by typhoid, parrot fever, tuberculosis, plague, many fungus diseases and by accidentally inhaling food or other foreign bodies (aspiration pneumonia).

Pneumonia does not cause

pain in the chest but may lead to pleurisy, which does. How long a pleurisy can last is subject to many imponderables.

Q—My niece is in her seventh month of pregnancy. She writes that she is jaundiced and must stay in bed. Can she or her baby be saved?

A—The jaundice may be due to infectious hepatitis (coming at an inopportune time) or acute yellow atrophy of the liver (a rare but serious condition associated with pregnancy).

In either case, this should be treated as an emergency by a skilled obstetrician.

Q—What is the longest period of gestation on record?

A—Recently I bought a set of Teflon-coated pans and skillets.

Graham Aims at Sinful Soho

Hails London Crusade as His Most Successful

LONDON (UPI) — American evangelist Billy Graham said today he will take his religious crusade to Soho — London's sin center — next week and preach from the sidewalks.

The North Carolina preacher made the statement after hailing his greater London moral crusade as the most successful of his long career.

"This was one of the greatest opening weeks we have ever had in any crusade in the world," the 47-year-old Graham said.

A spokesman for the evangelist said that 134,000 persons had heard Graham speak at the huge exhibition hall at Earl's Court so far and 4,571 "inquirers" had come forward.

An "inquirer" he explained was one who indicated an interest in making "a decision for Christ" but might not actually do so.

'GREAT HUNGER'

Graham said his crusade was "gaining momentum much earlier than I had anticipated. I think this shows a great hunger for God."

Graham gave no details of his plans to visit Soho — London's notorious strip tease and prostitution center.

Meanwhile, a group of Graham's neighbors from Tennessee flew here to join the evangelist's month-long crusade, which has come under increasing attack in the British press.

Surviving is a sister, Clara of Davisburg.

FREDERICK M. LAWRENCE

BLOOMFIELD TOWNSHIP — Service for Frederick M. Lawrence, 73, of 6112 Lantern Lane will be 11 a.m. Saturday at the Bell Chapel of the William R. Hamilton Co., Birmingham.

Burial will be in White Chapel Memorial Cemetery.

Mr. Lawrence died yesterday after a long illness. Prior to his retirement in 1958, he was owner of the Frederick M. Lawrence Advertising Agency, Detroit. He was a member of the North Congregation Church, Southfield, and the Detroit Yacht Club.

Surviving are his wife, Frieda; one daughter, Mrs. Fredrick J. Milburn of Bloomfield Township; and two grandchildren.

MRS. ETHEL M. SCHULER

UNION LAKE — Service for Ethel M. Schuler, 72, of Jensen Beach, Fla., will be 11 a.m. Saturday at Sparks-Griffin Funeral Home with burial at Oak Hill Cemetery.

Surviving are a son, Jack H. Schuler of Orchard Lake; a sister; a brother, Roy Hayward of Union Lake; and three grandchildren.

LOUIS A. DE YONGE

COMMERCE TOWNSHIP — Service for Louis A. De Yonge, 86, of 3300 Fox will be 1 p.m. Saturday at the Elton Back Funeral Home, with burial at Oak Hill Cemetery.

Mr. De Yonge died yesterday after a short illness. He was employed by National Industrial Supply Co. of Pontiac after his retirement from Grand Trunk Western Railroad. He was a member of the Federation of Musicians Union for 35 years.

Surviving are his wife, Winifred; a daughter, Len Ann to the Food and Drug Administration; and two granddaughters.

There are nearly 2,600 chemical products sold according to the Food and Drug Administration.

Treasury Seeks Full Debt-Ceiling Hike Despite House OK of Lower Figure

WASHINGTON (AP) — The Treasury Department is expected to ask the Senate next Monday to reject the position of the House and vote to raise the temporary debt ceiling to \$332 billion. The House voted Wednesday over almost solid Republican opposition to raise the temporary debt limit to \$330 billion, said when asked whether the \$2 billion more than the present temporary ceiling but \$2 billion less than the Treasury wanted.

"We have no reason to back down from our original decision," one government source said when asked whether the department would ask the Senate to approve the higher ceiling.

Officials said Secretary of the Treasury Henry H. Fowler has not yet reached a final decision, but historically the Treasury has stuck with its original request when its witnesses appeared before the Senate Finance Committee.

The Senate committee has scheduled a hearing for Monday.

House action, by a 198-165 vote, apparently was based on a study by the staff of the Senate Revenue Taxation Committee. House Committee on Internal Revenue Taxation that billion — and said today they'll stick with their estimate despite only \$2.5 billion for the current fiscal year which ends June 30. Treasury officials project a deficit of \$3.9 billion — well be-optimistic.

AP Wirephoto

THE LAST STRAW — Five-year-old James Brooke Mackay gives vent to his feelings yesterday at a London society wedding when asked to pose for the customary pictures. It was bad enough to be a page boy and wear a white silk suit with a pink bow, but when the photographer told him to hold the little girl's hand, that was the last straw.

Fight Goes On Over Deposit

State Law Student Tackles Edison Fee

LANSING (AP)—A University of Michigan law student who objected to paying a \$25 advance deposit to Detroit Edison Co. is taking his case to the State Supreme Court.

Perry Christy of Ann Arbor already has been overruled in Circuit Court and the Court of Appeals.

He estimated his legal fight against the utility already has cost him nearly \$300.

Not dismayed, Christy has announced his intention to appeal to the State Supreme Court.

WANTS REVIEW

Christy is asking the high court to review the constitutionality of the collection by Detroit Edison of a total of \$2.1 million in deposits from some 71,563 of its customers.

He also charges discrimination because those without established credit have to pay the deposit. Home owners or those with established credit are not required to deposit the fee.

"Most of the people discriminated against are honest, poor, ignorant of their rights and financially unable to defend them," said Christy. "This is no excuse for responsible public officials to cover at the duty of making this \$1-billion-asset monopoly conform to the Constitution and law."

Christy said by statute a public utility must provide service to all applicants at the same charges and under the same conditions.

A spokesman for the state public service commission said utilities are allowed to require a reasonable amount as a deposit when customers can't prove their credit is good. After a certain number of bills are paid or the credit is established, the deposit is returned, the commission spokesman said.

3,487 to Get Degrees at MSU Sunday

EAST LANSING (AP)—Michigan State University will present degrees to 3,487 students Sunday in ceremonies featuring an address by Vice President Hubert Humphrey.

Humphrey will receive an honorary doctor of laws degree in the Spartan Stadium commencement exercises.

The total includes 2,605 bachelor's degrees and 882 advanced degrees.

Other honorary doctorates will go to Dr. Glenn T. Seaborg, chairman of the Atomic Energy Commission; architect Alden B. Dow, Midland; Dr. Eni Njoku, vice chancellor of the University of Nigeria; and Mark V. Burlingame, executive vice president, Natural Gas Pipeline Co. of America.

A fluoridation program for adults has been put in effect by Navy dentists treating Marines and their families with a significant reduction in cavities resulting.

Two Recipes
Are Useful
as Appetizers

Cottage cheese has been called the weight-watcher's friend and the salad-lover's delight. In these two ways, we've all found extensive uses for this dairy product. But, the horizons of cottage cheese are not that limited.

Have you ever used it in casserole dishes, cookies or appetizers? If you haven't, plan to do so soon. You'll discover that this salad ingredient performs equally as well in other recipes. And, low-calorie, high-protein cottage cheese is always kind to weight-watchers no matter how it is served.

To start you off on your trail of discovering other uses for cottage cheese, here are two companioned by tall, cool beverages, you'll find them perfect beginnings for summertime dinner parties.

- Crunchy Cottage Cheese Spread**
- 2 cups creamed cottage cheese (1 pint)
 - 1/4 cup mayonnaise or salad dressing
 - 1/4 cup finely chopped pared cucumber, drained
 - 1/4 cup finely chopped green pepper
 - 1/4 cup finely chopped celery
 - 1/2 teaspoon seasoned salt

- CHUTNEY CHEESE SPREAD**
- 2 cups creamed cottage cheese (1 pint)
 - 1/4 cup mayonnaise or salad dressing
 - 3 tablespoons finely chopped chutney
 - 1 teaspoon curry powder

Convenience Foods
Result in Hot Dish

Cook two cups of quick-cook rice following package directions; gently stir in one cup (4 oz. pkg.) shredded pizza cheese; line bottom and sides of shallow two-quart baking dish.

Drain, then heap one can (1 lb.) whole kernel corn in center; surround with two cans (15 1/2 oz. each) Chili Con Carne. Bake in preheated 375-degree oven 40 minutes. Makes 8 servings.

TASTY HAM MOUSSE — With summer buffets in the offing, a recipe for ham mousse is bound to be welcome. This one fits the economical category because it is made with nonfat dry milk instead of whipped cream.

COTTAGE CHEESE SPREADS—That old standby, cottage cheese, makes interesting spreads for the appetizer course. The creamy cheese goes well with any cool drink and the taste is excellent.

Molded Buffet Beauty
Ham Mousse Tops in Taste

Buffets are an easy way of entertaining. A good rule to follow when planning a buffet is to include one cold and one hot dish in the menu. For the cold food, a mousse makes a fine entrée at any time of the year.

Its advantages are many — advance preparation, excellent flavor and contrast with other foods.

Here is a Ham Mousse that will appeal to the budget-minded. The mousse is made with a nonfat dry milk base, which keeps it low in cost and adds extra protein. Horseradish, mustard and pickle relish give extra zest to the ham.

Use your prettiest mold for shaping the Ham Mousse. Add extra attraction with a garnish of watercress and black olives.

- Ham Mousse**
- 1 tablespoon unflavored gelatin
 - 1/4 cup cold water
 - 1 1/2 cups hot water
 - 3 cups ground, cooked ham
 - 1/2 cup sweet pickle relish
 - 1 tablespoon grated horseradish
 - 2 tablespoons lemon juice
 - 1 teaspoon dry mustard
 - 1/2 cup nonfat dry milk
- Soften gelatin in 1/4 cup of the cold water. Let stand 5 minutes. Pour hot water into large bowl. Add softened gelatin. Chill until consistency of unbeaten egg white. Stir in ham, relish, horseradish, 1 tablespoon of the lemon juice and mustard.

Strawberry Ice Cream
Part of Baked Alaska

Strawberry time is that delightful time of the year when roadside markets across the country display row upon row of fresh-picked, ripe and ruby-red berries just waiting to be taken home and enjoyed.

And, here is a delightful way to serve an old favorite—strawberries and shortcake—in an unusual new dessert. Strawberry Baked Alaska is an elegant treat that is surprisingly easy to prepare.

Shortcake is prepared ahead of serving time, cooled thoroughly, and filled with strawberry ice cream, then frozen. Just before serving time, it is topped with sliced strawberries, heaped high with fluffy meringue and popped into the oven just long enough to tint the meringue a golden brown.

Enjoy strawberry time this year by treating your guests to this gourmet dessert that combines rich, tender shortcake with frosty strawberry ice cream, sunny fresh strawberries and a piping hot, golden meringue.

- BAKED ALASKA SHORTCAKE**
- 2 cups all-purpose biscuit mix
 - 3/4 cup light cream
 - 2 tablespoons sugar
 - 1 pint strawberry ice cream
 - 2 cups sliced strawberries

BAKED ALASKA SHORTCAKE — It's a beautiful dessert, this Baked Alaska Shortcake. Strawberry ice cream is scooped into a rich biscuit crust. Over it go fresh strawberries, then a seal of meringue. A few minutes in the oven complete this scrumptious dessert.

Ingredients for Buffet Salad Are in Cans

Looking for a party-pretty buffet salad for your next get-together? Or, just a bright beginning to a springtime family dinner? Here's your answer. Combine juicy golden cling peach slices with red kidney beans, add crisp celery slices and chopped onion.

Toss the salad together with a creamy coleslaw dressing and chill it well before you serve it.

Peach Bean Salad

- 1 can (1 lb. 13 oz.) cling peach slices
- 2 cans (15 oz. each) red kidney beans
- 1/2 cup sliced celery
- 1/2 cup finely chopped onion
- 1/2 cup bottled coleslaw dressing

Drain peaches and kidney beans. Combine peaches, beans, celery and onion. Toss with dressing and chill. Makes 8 servings.

FELICE QUALITY MARKET

Balance the Budget With Hearty Canned Fish Salads

By JANET ODELL
Pontiac Press Food Editor

Although meat prices seem to have stabilized a bit, meat still takes a disproportionate amount of the food budget.

In cooler months, many cooks

rely upon casseroles to extend the meat.

In the warm season, you can serve main course salads. And if you use canned fish and seafood, you can stay within your budget.

Even canned lobster and crab

aren't too expensive when used this way.

When you serve salad for dinner, accompany it with some special kind of hot bread — muffins, brown 'n' serve rolls or cornbread. It's also the time for a favorite dessert.

Canned salmon makes an attractive salad, whether it's the

pink or red variety. Chill it thoroughly first.

Louis dressing served with this salad was a favorite of Enrico Caruso when he sang in Seattle in 1904. You'll enjoy it on any fish salad.

SALMON LOUIS

1 pound can salmon
1 head lettuce

2 tomatoes, cut in sixths
2 hard-cooked egg yolks, sieved

Drain and flake salmon. Shred lettuce and place in a shallow bowl. Arrange salmon over the lettuce. Around the edge place the tomatoes. Serve with Louis dressing and hard-cooked eggs. Yield: 6 servings.

Line salad bowl or shell with romaine leaves. Place avocado slices in lemon juice. Drain. Toss lightly one-half avocado slices with crab meat or salmon and ½ cup Green Goddess Dressing. Spoon into salad bowl. Garnish with remaining avocado slices. Yield: 4 servings.

Italian antipasto, it offers eaters a choice of ingredients.

Marinate the tuna first in an oil and lemon juice dressing.

TUNA ANTIPASTO

3 cans (6½ to 7 ounces each) chunk-style tuna, drained
¼ cup olive oil
6 tablespoons lemon juice
2 tablespoons sugar
1 teaspoon salt
1 teaspoon tarragon
½ cup pimiento-stuffed olives, sliced
¼ pound whole small mushrooms
1 pound cooked, cleaned shrimp (2 pounds raw shrimp)

4 tomatoes, cut in wedges
8 scallions or green onions, trimmed to 5-inch lengths
1 cup whole pimiento-stuffed olives

Drain oil from tuna; combine tuna oil with olive oil, lemon juice, sugar, salt, tarragon and sliced olives; mix well. Divide in two portions. Pour half over mushrooms; half over tuna, marinate 1 hour or longer. Drain, reserving marinade.

Arrange mushrooms, tuna, shrimp, tomato wedges, scallions and whole olives in sectioned dishes on tray. Serve with Marinade. Makes 8 servings.

SALMON LOUIS

Shortbread Even Better When Made With Filberts

Hazelnut trees grow wild in many parts of England and in the fall nutting parties, composed of children, adults and squirrels, are common. The quarry is the ripe hazelnut.

The filbert or hazelnut tree does grow wild in this country but often, because of climate, does not bear fruit. Most of the filberts consumed in the United States come from Oregon and Washington and west of the Cascade Mountains or are imported from Turkey.

1½ cups toasted chopped filberts
Cream butter and vanilla; gradually add sugar and continue beating until light and fluffy. Beat in 1½ cups flour. Stir in remaining 1 cup flour, working dough as little as possible. Stir in 1 cup filberts.

Divide dough in half. Shape each half into 7-inch round, about ½-inch thick, on ungreased baking sheet. Crimp edges as for a pie crust; prick dough all over with a fork. Sprinkle remaining ¼ cup filberts on top.

Bake in 325 degree (slow) oven 30 to 35 minutes, or until very lightly browned. Cut into wedges while still warm. Makes two 7-inch rounds.

GREEN GODDESS SALAD

Romaine
1 avocado, peeled and cut in thin slices
3 tablespoons lemon juice
3 cans (7½ ounces each) crab meat, chilled and drained or 1 can (1 pound) pink or red salmon, chilled, drained and flaked
½ cup Green Goddess dressing

Green Goddess salad originated at the Palace Hotel in San Francisco during the twenties. It was invented in honor of George Arliss who was appearing there in a play titled "The Green Goddess."

Crab meat is more expensive than salmon, but it makes a delicious salad. Serve it with a brand new prepared Green Goddess dressing.

TUNA ANTIPASTO

Start With Corn Muffin Mix; Result Is Different, Special

In a rut at mealtime? Does your family complain about the "same-old-thing" for dinner? Spend a little more time planning meals and give that "special" touch to dinners.

To make them interesting, plan to serve one new food or a new variation of an old favorite at least once each week.

Sour cream and chives dress up many foods. The next time you are planning to serve this tasty pair — stop — try this! Add the sour cream and chives to your favorite corn muffin mix along with the egg and milk.

With the convenience of a mix, it's a shame not to serve muffins more often — you really should!

Sour Cream and Chive Muffins

One 12-oz. pkg. (2 cups) corn muffin mix
1 egg
cup milk

1 tablespoon chopped chives
½ cup dairy sour cream

Grease medium-sized muffin cups. Empty contents of package into bowl. Add egg, milk, chives and sour cream. Blend only until dry ingredients are moistened. (Batter should be slightly lumpy.)

Fill greased muffin cups half full. Bake in preheated oven (400 degrees) about 15 minutes or until golden brown. Serve piping hot.

You'll find the mild yet distinctive flavor of this nut even more delicious if it's slightly toasted — 10 to 15 minutes in a hot oven.

If you're lucky enough to have chives and sour cream. Blend only until dry ingredients are moistened. (Batter should be slightly lumpy.)

Filbert Shortbread

1 cup butter, softened
1 teaspoon vanilla
½ cup superfine sugar
2½ cups all-purpose flour

SOUR CREAM-CHIVE MUFFINS—These enhance any dinner menu. They complement broiled lamb chops, buttered broccoli spears and tossed green salad especially well. This meal will satisfy the hunger of your brood. Top off the meal with fresh apple pie.

Off the Shelf

For a quick hors d'oeuvre, marinate drained canned shrimp and drained mushrooms (whole or sliced) in a flavorful olive-and-vinegar dressing. Serve on salad greens with French bread.

608 W. HURON STREET NEAR WEBSTER SCHOOL

LAMB RACK—Rack of lamb is one of the finest cuts of American lamb. When you want something out of the ordinary this is the roast that will bring compliments galore.

Spring Roast of Lamb Has Two Fruits for Garnish

One of the aphorisms credited to that famous gastronome, Brillat-Savarin, was this: "By making man eat to live, the Creator invites him to do so with appetite and rewards him with pleasure."

Along with the eating of a well prepared meal, one of the most pleasurable moments at the table is to watch the host carve and serve a beautifully roasted rack of lamb.

This is a cut of meat which you can be proud to serve. It is young, tender and juicy . . . and it makes for elegant service. Herbs and spices . . . just the right touch . . . a splash of wine or a sparkling combination of fruits, juices and spices all blend in with fine milk-fed spring lamb.

This recipe, perfect for a small dinner for three or four, has its own fruit garnish of canned purple plums and lemon, and to bring out the best of flavors a dash of aromatic biters.

Lamb Rack With Lemon and Purple Plums

- 1/2 teaspoon salt
- 1/2 teaspoon pepper
- 1/2 teaspoon each: cinnamon, ginger
- 3-pound rack of lamb
- 1 medium lemon, sliced
- 1 can (1 pound, 14 ounces) purple plums, drained and
- 1 cup syrup, reserved
- 6 whole cloves
- Dash aromatic biters

Green Peppers Are So Useful

One of the brightest of the green vegetables to be enjoyed this June is the green pepper — which is in rather good supply at your favorite produce counters these days.

The green pepper, you know, is not really related to the black variety we use as seasoning. Rather it belongs to the same family as tomatoes and potatoes. Columbus supposedly gave the pepper its name after tasting a particularly hot variety.

Many kinds of peppers originated in America from the familiar sweet green bell shapes to the tiny bird peppers that were so hot they allegedly made holes in one's stomach.

Nature's rule on peppers is "Don't be fooled by size." The smallest ones are the hottest.

If you're looking for a flavorful addition to any salad or casserole, try green peppers sliced or diced into crunchy tidbits. The plump, shiny pepper shell makes a colorful container for a mixed salad containing pepper pieces.

For an economical supper meal, serve baked green peppers stuffed with hash, flavored rice, minced ham or turkey.

Egg-pepper rings make a colorful salad using green peppers sliced into one-inch rings. Place one ring on each salad plate on a bed of fresh lettuce.

Fill the pepper section with a tasty mound of chopped hard cooked eggs, sweet pickle and mayonnaise. Then garnish with parsley sprig.

Appelizer Spread Just Full of Cheese

Parties don't necessarily need a "conversation piece" to be successful, but if you want one serve "Neapolitan Spread." You're sure to have lots of talk and speculation about how it was made and what's in it. The name indicates something Italian, and the ingredients bear this out. The new, convenient, canned tomato sauce with cheese contains at least seven Italian herbs and spices plus aged Romano cheese.

Remember, this wonderful new sauce-seasoner whenever you want "instant" Italian flavor.

Rich Cookie Crescents Are of Greek Origin

If you are looking for a sweet, that's wonderful to serve for coffee hour or for dessert, try these elegant honey crescents or "melomakarona."

They're delicate, crispy cookies that are as popular with today's hostesses as they were in the days when they were first created by ancient Grecian chefs.

Honey is as old as man himself and many recipes for honey-sweetened foods have been passed down through the generations. And how fortunate, for who would want to have missed the pleasures of tasting goodies like these crescents?

The crescents are flavored with orange, rich pecans and spices. They're baked off, then glazed with honey, mixed with frozen orange juice concentrate and sprinkled with more pecans.

They're short and tender, so layer them carefully in an appropriate container, rather than packing them loosely in a cookie jar.

ORANGE HONEY CRESCENTS (Melomakarona)

- 1 1/2 cups salad oil
- 6 tablespoons frozen orange juice concentrate
- 1/2 cup sugar
- 1 1/2 teaspoons grated orange peel
- 3 1/2 cups sifted all-purpose flour
- 1/2 teaspoon baking powder
- 1/2 teaspoon baking soda

- 1/2 teaspoon salt
 - 1 teaspoon cinnamon
 - 1/2 teaspoon cloves
 - 1/2 teaspoon nutmeg
 - 3/4 cup chopped pecans
 - 3/4 cup honey
 - 3 tablespoons orange juice concentrate
 - 1/2 cup finely chopped pecans
- Combine salad oil, 6 table-spoons orange juice concentrate, sugar and orange peel. Sift dry ingredients and spices; add to first mixture. Stir in chopped pecans (dough can be chilled.).

Shape into crescents and bake in a 350 degree oven for 15 to 18 minutes. Cool.

Combine honey and remaining orange juice concentrate; drizzle over cookies; sprinkle with finely chopped pecans. Makes 3 1/2 to 4 dozen cookies.

French Loaf Turns Into Pizza Bread

"Pizza-Cheese Bread"—quick, easy, delicious! You can't go wrong with this exciting combination. The teen-agers in the family will be able to "take over" for mom in the kitchen and prepare this flavorful treat. Making it is a snap. Split a loaf of French bread in half; cover generously with a mixture of butter, and for added zest, pizza flavor catsup. It gives an Italian flavor to this quick recipe without increasing preparation time or number of ingredients used.

Top with the zippy cheese mixture and bake. You'll have a delicious, hot bubbly accompaniment to any meal. It's especially good with Italian spaghetti and a green salad.

Pizza-Cheese Bread

- 1 long loaf French bread
 - 1/2 cup softened butter or margarine
 - 1/2 cup pizza flavor catsup
 - 1 1/2 cups shredded Cheddar cheese
 - Chopped parsley, green onions or chives
- Split French bread lengthwise in half. Spread cut surfaces with butter and pizza flavor catsup. Sprinkle with cheese and parsley. Bake at 375 degrees 10 to 15 minutes or until bubbly.

NEAPOLITAN SPREAD

- Bottom Layer:
 - 2 (3-oz.) packages cream cheese, softened
 - 1/2 cup grated Parmesan cheese
 - 1/2 cup finely chopped parsley
 - 2 teaspoons lemon juice

- Top Layer:
 - 1 envelope unflavored gelatin
 - 2 (3-oz.) packages cream cheese, softened
 - 1 (8-oz.) can tomato sauce with cheese
 - 2 tablespoons grated Parmesan cheese
 - 1/2 teaspoon sugar
 - 1/2 teaspoon basil

Combine ingredients for bottom layer. Spread in bottom of a lightly oiled 3-cup mold. Chill. Soften gelatin in 1/4 cup water. Heat tomato sauce with cheese; remove from heat and add softened gelatin; stir until dissolved. Combine with remaining ingredients for top layer. Let cool.

Spread over layer in mold. Chill overnight. Carefully run blade of knife around edge of mold to loosen; then dip bowl in warm water, invert on plate or tray.

Garnish with pimiento strips in sunburst pattern in center of mold. Serve with assorted crackers.

NEAPOLITAN SPREAD—For a very special occasion serve this stunning layered appetizer mold. One layer is cream cheese blended with chopped parsley and Parmesan cheese; the other is a rosy-red gelatin layer

— combining the same two cheeses plus canned tomato sauce with cheese. This heady blend is sparked by a dash of basil. Serve with assorted crackers and relishes.

Junior Editors Quiz on ANIMAL COLORS

QUESTION: How does an animal get protection by means of his color?

ANSWER: If an animal's color is very different from that of his surroundings, other animals can see him and catch him for food.

But the animal whose color resembles its background tends to survive. In this way, nature develops animals which resemble their background, such as white ptarmigans and other white animals living in the Arctic with its areas of white ice and snow.

Our picture shows one way in which birds keep themselves hard to see. Most birds are colored as in (3), darker above and lighter below.

Now suppose that a bird was colored an even gray as in (1). The light coming down from above as in (2) would make his back look light even if it actually was gray.

In the same way there would be a darker shadow over his underpart. This contrast would make him stand out and be easily visible, even if against a gray background as in (2).

But, with the arrangements of most birds as in (3), the light coming down from above on his dark back will make it look gray.

And the light color of his underbody will neutralize the dark shadow, making that look gray too. The result is, as in (4), he presents a general gray appearance, very difficult to see against the average background of nature.

FOR YOU TO DO: Check the birds around your home to see if most of them do not follow this protective pattern of a darker back and lighter underbody.

The Monument, the Man—4

'Disturb President De Gaulle Only in Case of World War'

(Editor's Note — This is the fourth article in a five-part series on Charles de Gaulle.)

By TOM A. CULLEN

PARIS (NEA) — "The President of the Republic is to be disturbed only in case of world war."

These are the instructions which President Charles de Gaulle reportedly has passed on to night-duty officers at the Elysee Palace, his official residence in Paris.

Characteristically, the configuration had to be worldwide before it would merit rousing de Gaulle from his slumber.

Nothing so minor as localized wars, riots, natural disasters or bomb outrages would justify disturbing his sleep.

This is only one of the ways in which de Gaulle has sought to isolate himself while presiding over the destiny of France in the '60s.

HATES DISTRACTIONS De Gaulle despises all unnecessary noises or distractions. He tolerates neither a clock nor a radio in his bedroom, for example, and it was only with the greatest reluctance that he permitted two phones to be installed in his office.

"Nothing great was ever done in the midst of chatter," he said.

In the buff-colored, 18th century Elysee Palace, which Louis XV built for his mistress, Madame de Pompadour, the general tries his best to cocoon himself from outside interference.

Awakened at 7 each morning, de Gaulle has the morning papers, foreign as well as French brought to his bed with his coffee.

FAST READER

The general reads both English and German, although he

speaks these languages atrociously.

His reading speed is incredible, though he never had lessons in rapid reading as did President Kennedy.

De Gaulle is not an easy man to talk to, and conversations with him are apt to be punctuated by long silences, during which his visitor squirms.

He invites VIPs to share with him an Empire-style sofa, which is the only comfortable piece of furniture in his office.

LESSER DISTANCE Lesser lights, however, sit at a respectful distance from his desk.

Frequently, de Gaulle interrupts the flow of talk with

New Con Game Uses 'Hidden Treasure' Trick

CHAMPAIGN, Ill. (U) — The "Hidden Treasure" ruse is the latest con game technique being used in Champaign.

The man stops a victim on the street, explains that he has forgotten his eye glasses and asks the victim to read a letter he has received.

The letter contains information of \$500 cached somewhere in the city.

From this point, the game takes several variations.

Sgt. William V. Bates says the standard one is an offer to share the windfall if the victim will put up an amount of cash as "good faith."

The successful agent for destroying insect pests, the microscopic bacterium, *Bacillus Thuringiensis*, should be dusted onto tobacco or other plants, not sprayed on.

the question, "Exactly what do you mean by that word?"

French cabinet meetings are just as intimidating. De Gaulle has the disconcerting habit of drumming with his fingers on the table when he feels that a cabinet colleague has strayed from the subject.

When he has heard enough, he will look around the green baize table and declare, "Eh bien, messieurs, we have finished."

As a result cabinet ministers follow the general's press conference with more than usual interest, hoping to pick up there the crumbs of useful information which they are denied at cabinet meetings.

De Gaulle's life at the Elysee Palace is a lonely life, marked by an absence of human warmth, except in those rare

moments when he was left alone with his wife.

"My nature warns me," de Gaulle wrote in his memoirs, "that at the summit of things, one can preserve one's time and one's personality only by keeping oneself methodically at the right height and distance."

The Mind-Changer. (the car built with your safety in mind)

This man thought he'd have to wait another year to get the safety he wanted in a car. But then he examined a Mind-Changing Ambassador. First he discovered that Ambassador has Double-Safety brakes, like Cadillac. He gave its body the once-over and found it to be of solid Single-Unit construction. He examined its Ceramic-Armored exhaust system (the industry's longest lasting). He gave the other standard safety features a complete physical, too...the padded

dash and visors, outside mirror, seat belts, backup lights, new higher-strength windshield, windshield washers, and variable-speed, non-glare wipers. So now he thinks Ambassador (and drives one, too). If you think you'll have to wait another year to get the safety you want in a car, see the Mind-Changer at your American Motors/Rambler Dealer. Every minute of every working day, two more families make their choice a new American Motors car.

American Motors...where quality and safety are built in, not added on.

STOP Be careful with your car-full start with a safety check

It's National Mind-Changing Month at your American Motors/Rambler Dealer.

Road to Peace in Korea Offers Few Guidelines for Viet Nam

By MAX HARRELSON
UNITED NATIONS, N.Y. (AP) — Just 15 years ago this month the Communists suddenly gave the signal that they were ready to talk peace in Korea.

Looking back to this event and the circumstances surrounding it, you see much to encourage those who look to the Korean War for guidelines that might be useful in Viet Nam. The Korean negotiations were the long-suffering required to reach an armistice in modern history, and they were, perhaps, the most controversial.

Some still contend that the Korean armistice was a tragic mistake partly responsible for today's fighting in Viet Nam and for Red China's policy elsewhere in Asia.

PERSISTENT EFFORTS
It took a year of persistent efforts to arrange the armistice negotiations, and two more years of frustrating talks before the fighting finally ended.

And during the ensuing years, there has been no progress toward a political settlement of the Korean problem. The peninsula remains half Communist, and the United States still has large contingents of troops tied down there.

The events leading to the Panmunjom talks began unfolding in the early spring of 1951 when U.N. forces, under Gen. Douglas MacArthur, started pushing the North Koreans and Chinese Communists beyond the 38th Parallel. This was the line where the Communists kicked off their invasion of South Korea on June 25, 1950.

President Harry S. Truman was ready to make a peace bid as early as March 1951, but his dramatic showdown with MacArthur and the latter's dismissal forced a delay. Then, at the beginning of June, both the United States and U.N. Secretary General Trygve Lie took initiatives which opened the door for peace talks.

COMMUNIST MOVE
The Communist move came in a U.N. radio broadcast June 23. Soviet Ambassador Jacob A. Malik, speaking in a series of "The Price of Peace," created something of a sensation by saying: "The Soviet people believes that discussions should be started between the belligerents for a cease-fire and an armistice providing for mutual withdrawal from the 38th Parallel."

Two days later Peking endorsed the Soviet bid. President Truman instructed Gen. MacArthur to communicate a specific peace bid to the Communist commanders. The result was agreement to begin talks July 10, 1951.

This sequence indicates the existence of several important conditions lacking in the Viet Nam situation.

WERE THREATENED
The Communists, besides being pushed back, were threatened with an expansion of the war into Red China. And MacArthur 15 years ago still called signals for the Communist world.

In the Viet Nam conflict, Peking is a key. And the Russians seem to be avoiding a peace role.

The Communist agreement to negotiate a Korean armistice demonstrated that they will not hesitate to withdraw conditions when they feel that negotiations are in their interest. Peking has insisted it would never talk peace until Red China was admitted to the United Nations. U.S. protection was withdrawn from Nationalist China, and all foreign troops were pulled out of Korea.

Apart from the split in the Communist bloc, there are other major differences between Viet Nam and Korea.

The Korean War was fought along conventional lines with both sides using huge masses of forces for frontal assaults.

In Viet Nam, there are no recognizable front lines.

South Korea had a stable government, with little internal opposition, while South Viet Nam has had a succession of governments harassed by dissidents.

There was a division of U.S. opinion on Korea just as there is on Viet Nam. There were both hawks and doves. Many influential leaders backed MacArthur's view of the objective: military victory rather than simply repelling the Communists to pre-war lines.
