Millions Suffer in Floods, Snow, Cold

Winter Tightens Grip on City

Pontiac residents continued to slip, slide and shiver today as the worst weather of the winter held its grip on the city.

And the bone-chilling cold will stay around tomorrow and the next day, according to the Weather Bureau.

More light snow over the Pontiac area was forecast. Roads throughout the area were snow-covered and slippery.

Gone, however, was much of the ice-coating that made highways all but impassable much of Wednesday in the wake of a sleet and freezing rain storm of Tuesday night. Above freezing temperatures in mid-day melted it, but a snapback into the 20s glazed left-over puddles and slush.

A high of 20 was predicted today, with the temperature expected to dip to 2 above tonight. The expected high tomorrow is 20.

Overnight snowfall in the state ranged from something above a trace in this area to 14½ inches at Houghton Lake.

Several schools in the Pontiac area remained closed today because of icy side roads left by freezing temperatures overnight. Schools were shut in Romeo, Imlay City, Lapeer, Dryden, North Branch, Rochester, Troy and Metamora.

Our Lady of the Lakes School in Waterford was also closed.

Romeo School Superintendent T. C. Filppula said, "We hope to have examinations in junior and senior high schools tomorrow if possible."

All school buses were on the road and classes were meeting in Lake Orion and Armada schools today, after being closed yesterday.

Elementary school students in Oxford were in class, but high school students are still out. Although Avondale schools were open this morning, bus drivers were instructed to use only the main roads in picking up children.

Ortonville schools were operating on a normal schedule this morning. Clarkston school bus drivers were told to stay off hazardous roads. No classes were held in the Huron Valley and Lyon Township school districts. Holly schools remained shut because of the weather.

Junior and senior high students in Walled Lake were writing examinations today, but elementary school students stayed home. West Bloomfield schools are open, and high school examinations being given today as not enough students turned out to take them yesterday.

A tree and wires were down in the Lake Orion area today, but police reported no complaints of power failure.

One Detroit motorist narrowly escaped death today when an ice-crusted high tension wire fell on his car yesterday. Herbert R. Leighton sat in his car 15 minutes at 10 Mile road near Woodward avenue in Huntington Woods while Detroit Edison crews worked to cut a wire free. He drove off unharmed.

Six deaths were blamed on the bad weather, four persons suffering heart attacks while shoveling snow.

The lowest temperature in downtown Pontiac preceding 8 a.m. was 15 degrees. The mercury dropped to 12 at 1 p.m.

RAINS FLOOD CINCINNATI — More than three and one-half inches of rain fell in greater Cincinnati within 24 hours, resulting in flood scenes like this at Knowlton's Corner on the city's near north side. The water level was approximately five feet.

Eastern States Are Steeped in Winter Misery

Thousands Homeless as Rivers Overflow Banks in 5 States

From our News Wires

Winter's most destructive and bitter elements — floods, snow storms and cold—dealt misery and suffering to millions across the eastern half of the nation today.

Thousands were homeless in floods in Ohio, Kentucky, Pennsylvania and Indiana. Scores of rivers and streams, fed by heavy rains and snow, overflowed.

Flash floods harassed a dozen upstate New York communities, forcing many families to evacuate their homes. Damage was estimated in the millions of dollars.

Deaths related to violent mid-winter weather and floods mounted. The latest count was 45.

States of emergency were declared in at least two New York communities.

A state of emergency also was declared at Hannibal, Mo., where more than a foot of snow covered the ground.

The blockbuster snow storm, which swept out of the Great Plains and dumped up to a foot of snow across the midlands, curtailed normal activities in hundreds of communities.

★ ★ ★

The biting, stiff winds which swirled the snow into big drifts paralyzed travel in many areas. Air and rail travel also was seriously affected by the stormy weather.

In Buffalo, N.Y., a giant grain boat ripped from its moorings by gale force winds and flood currents smashed into the main span of an important bridge last night and sent it crashing into the Buffalo River.

Police said the Michigan Avenue bridge was a complete loss.

The accident happened shortly before midnight when the 515-foot vessel Michael Tewsbury crashed into the grain elevator bridge stern first, then swung around and hit the steel structure broadside.

Three men were on the bridge at the time, but they dashed to safety when they saw the runaway boat headed downstream. No injuries were reported.

Schools were closed. Business slackened. Industry felt the bite of the two-edged winter onslaught, snow and cold, with a sharp reduction in manpower. The same was true in some of the flooded areas.

★ ★ ★

Zero weather followed the snow into the storm-battered Midwest.

Urges Hospital Build Reserve

Euler Would Withhold $400,000, Then Pay Construction Costs

Pontiac General Hospital should build up reserves before paying for extra construction costs, Hospital Director Harold B. Euler said today.

Euler said he would submit to the Board of Trustees a request from the city that the hospital reimburse it for costs of replacing defective electrical, plumbing and heating installations in the east wing.

"Before paying back construction costs, however, the hospital should first build up a reserve of at least $400,000," Euler said. This figure represents the hospital's average monthly operating expenses, he explained.

"Although the city's proposal is certainly worthy of consideration, it is of primary importance to us to secure the hospital's financial position," he said.

★ ★ ★

The hospital's reserves were eaten up during its financial crisis in the latter part of last year, and only now is the institution beginning to show a monthly profit.

OUTLOOK GOOD

However, once the east wing is remodeled into a 114-bed patient area, the hospital expects to make financial gains, Euler has said.

Replacement of the faulty installations must necessarily take place before the remodeling, the city has decided, and that's how the present setback in the expansion program developed.

The city had no construction funds budgeted for replacements when the defective systems were first brought to light last fall. Since then, construction has been halted while officials considered finances.

Euler thought there was "a favorable chance" that the Detroit Area Hospital Council would give the city the $300,000 grant requested last year to help cover the repair costs.

★ ★ ★

Willman has indicated that future plans to finance the repairs are dependent upon whether or not the grant is made.

If city funds are used to any extent — and they probably will be, Willman has indicated — it will be the capital improvement fund which will be tapped, he said.

Floods Deluge Ohio; 10,000 Flee Homes

FROM OUR NEWS WIRES

COLUMBUS, Ohio—Rains poured down upon Ohio Wednesday, and resulting flood waters isolated entire communities.

At least four persons drowned. Possibly 10 others met the same fate. Some 10,000 were homeless.

The worst appeared to be over. The rain had stopped as colder weather moved in from the West. Streams started to drop in central and southwestern sections of the state that were hardest hit.

The homeless were sheltered in schools, lodge halls, churches and private homes. Hundreds of schools and factories were closed.

The highway patrol said there were more roads closed by the high waters than they could count.

The floods, however, were receding and traffic was beginning to move again, although the cold weather which ended the rain left some of the roads icy.

Mount Vernon, a Central Ohio community of 16,000 persons, was hit hardest. At least 3,300 persons were evacuated there when the Kokosing River cracked a dike built after the disastrous 1913 Ohio floods.

At least 1,500 persons were evacuated in Dayton, 1,000 in Columbus, and 800 in Cleveland. A flotilla of motor boats was used to rescue 100 families in Hamilton. Dozens of other communities, including Lima, Youngstown, Akron, Vermilion, Wapakoneta, Kenton and Bucyrus, reported families moved from danger areas.

Bare Facts: A Sick Man Chases Thief

DETROIT (AP)—An icy rain fell outside—but Hubert Gibson didn't feel it as he pursued the gunman who took his money.

Gibson, 49, was naked from head to frozen foot. But he continued the chase, shooting it out with the holdup man, splashing through slush and snow.

★ ★ ★

Gibson was feeling a bit under the weather yesterday before he was aroused into action. He was lying in bed, awaiting a doctor's visit.

When the bell to his apartment rang, he automatically pushed the buzzer. Gibson thought it was the doctor.

"Give me all your money or I'll kill you," said an armed intruder.

The gunman ransacked the room. He made off with $414 in cash and a $123 check. He left.

"I grabbed my gun and took after him," said Gibson.

★ ★ ★

He didn't even wait to wrap a bed sheet around his birthday suit.

Gibson chased the thief a full block, firing as he splashed barefoot through the slush.

Shots came back at Gibson. Pedestrians fled to safety. No one was hit and the robber vanished.

Gibson's feet suddenly felt cold. He realized his bare predicament and returned home. He dressed and called police.

★ ★ ★

Then he called the doctor again. Gibson said he may have caught a cold.

Mikoyan Plane Lands Safely in Denmark

COPENHAGEN, Denmark (AP) — Soviet Dep. Premier Anastas I. Mikoyan arrived in a light drizzle early today on his delayed trip home from the United States.

He scheduled a public address in Copenhagen tonight sponsored by the Danish-Soviet Friendship Society.

There was no indication when he would fly on to Moscow.

Mikoyan paid a surprise call on Danish Premier Hans C. Hansen today for an hour's talk that was shrouded in secrecy.

Voters Defy Snow

PLAINWELL (UPI)—Voters in this Allegan County community braved the year's worst snow storm yesterday to go to the polls and approve a $1,300,000 school bond issue by a 629-318 vote.

County GOP Against State Income Levy

Delegates to Oppose Tax

Oakland County Republicans will head into next month's State Convention opposed to a state personal income tax.

There were but a scattering of delegates left at last night's county convention in Pontiac when Resolutions Committee Chairman Frank Finney of Royal Oak, read off seven resolutions which were approved by a show of hands.

One urged the Legislature "to oppose a tax structure which would contain a graduated income tax."

This tax, the resolution read, would place "unfair burden on the middle income groups." Republicans also opposed "pressure emanating from the Democratic Party for the adoption of such an inequitable tax."

County Republicans apparently wished to stay out of a fight brewing between Lawrence B. Lindemer, GOP state chairman, and Postmaster General Arthur E. Summerfield, who is reportedly seeking to regain the reins of the party from the younger Lindemer.

How Oakland Republicans fit into this rumored squabble might be made known Jan. 31 when Lindemer addresses a new "Plan of Action" political organization to be conducted by local Republicans.

No resolution either favoring or opposing Lindemer was introduced last night.

Missing also was any drive on the part of delegates to put forth a "local son" candidate for any of the 14 state offices to be voted on in the April 6 election.

"If all we wanted was a name we could get plenty," declared Chad M. Ritchie, former county committee chairman and now the committee's treasurer. "But we'll continue to hold back until we have a top-flight man or woman to meet the needs of the job."

Ritchie, former mayor of Birmingham and now a resident of Bloomfield Township, did admit, however, that party leaders were having difficulty "convincing" people to run.

But they haven't had trouble encouraging "Republicans" to seek non-partisan positions on the Oakland Circiut Court bench. Appearing and speaking briefly last evening were eight "Republicans" bidding for five judgeships in the spring election.

They were incumbent Judge H. Russel Holland, Frederick C.

(Continued on Page 2, Col. 5)

'Alfalfa' Switzer Shot to Death

'Our Gang' Actor Killed

NORTH HOLLYWOOD, Calif. (UPI)—Carl (Alfalfa) Switzer, 31, the freckled-face child actor in the old "Our Gang" movies, was shot and killed last night in a wild battle over a $50 debt.

His former business partner was booked on suspicion of murder today.

Switzer, known to his friends as Alfalfa, the character he played in the old series currently being rerun across the nation on television as "The Little Rascals," was shot in the stomach by M. S. (Bud) Stiltz, 38, police reported.

Stiltz, a welder, said the former juvenile star, who in recent years was down on his luck and had several run-ins with the law, was threatening him with a knife when he shot him.

CARL SWITZER

Stiltz, badly beaten, said Switzer and a friend, Jack Piott, 37, came to the home of Mrs. Rita Corrigan, 38, former wife of stunt man Crash Corrigan, where he was staying.

★ ★ ★

"I want that 50 bucks you owe me now, and I mean now," Switzer said to Stiltz, his former partner in a bear hunting scheme.

The two men got into a violent argument over the debt and the fatal shooting followed.

Havana Begins 600 War Trials

Over 500,000 Cheer Fidel Castro as Mass Reprisals Start

From Our News Wires

HAVANA — The "war crimes" trials of 600 defeated foes of Fidel Castro, endorsed by the cheers of more than 500,000 Cubans at yesterday's vast mass meeting here, begin today in Havana's 15,000-seat Sports Palace stadium.

In six provincial cities, firing squads awaited 42 already-condemned men in a nationwide campaign which Castro says will mean death for about 400 supporters of ousted ex-President Fulgencio Batista.

Castro, after repeatedly denouncing the U.S. congrsessmen and newsmen who had criticized Cuba's mass executions, told yesterday's meeting that the number of "war criminals" his men expect to kill amount to only about one for every 1,000 persons killed by American A-bombs in Japan.

The remark drew a wild ovation from the crowd.

The author of dictator Fulgencio Batista's downfall appears today before hundreds of foreign newsmen at a news conference.

Batista denies reports he is preparing an invasion of his country. He was interviewed Wednesday at his headquarters in exile in the Dominican Republic.

"The very fact that I transferred the presidency and left Cuba was to bring peace to my country," he said.

"How then is it possible that I would want to make my people more unhappy?

146 to Graduate Tonight From Pontiac Central

Commencement exercises will be held tonight for 146 January graduates of Pontiac Central High School.

Featured speaker at the ceremonies, which will begin at 8:00 in the high school gymnasium, will be Donald M. Currie, assistant superintendent of Royal Oak Schools.

His talk will be entitled: "What Do We Want."

DONALD M. CURRIE

The educator, who received his bachelors degree at Eastern Michigan College and masters degree from the University of Michigan, will be introduced by Glenn H. Griffin, president of the Pontiac Board of Education. Currie has served as the dean of students at Eastern Michigan where he was a faculty member for 11 years.

Following the processional of the graduates to "Festive Processional" by Beach, Lenora King, a member of the class, will deliver the invocation.

Class President Donald Mann also will address his classmates briefly.

Francis W. Staley, PCH principal, will present the class and awards. Receiving recognition as honor students for their scholastic

Alyea Cross-Examined as Trial Goes Into 9th Day

The first-degree murder trial of Raymond L. Alyea stretched into its ninth day today as Assistant Prosecutor William E. Lang continued to cross-examine the 35-year-old defendant from Detroit.

Yesterday Alyea refused to answer Lang's question about "why he had lied" to police about his implications in the July 31 murder of Anthony Jasinski, a 51-year-old Southfield nursery caretaker.

Earlier Alyea had accused detectives of "brain-washing" him in trying to get a confession. "But I never did tell them I killed the man," Alyea declared from the witness stand.

He specifically accused Lt. Howard A. Whaley, of the Redford State Police Post, of stamping on his bare foot and kicking him in the shins. Whaley will be called as a witness, Lang said, to answer these charges of what Alyea termed "muscle stuff."

★ ★ ★

During some four hours of direct examination by his court-appointed attorney, William R. Beasley, Alyea claimed he did not call the police when he found Jasinski's body at the nursery because he feared he might be implicated and returned to prison as a parole violator.

He said he found no hedge clippers or scissors in the body, as the prosecutor contends, when he stopped by the Ilgenfritz Nurseries, Inc., 22951 Northwestern Highway, after a night of drinking beer and searching for partners for a poker game.

"Just as I got to the drafting room (in the nursery) I stopped and saw Tiny (Jasinski) laying there in a pool of blood. It reminded me of a person who got hit by a hand grenade," exclaimed the combat Marine Corps veteran.

Rhimes Convicted on Charge of Arson

A Pontiac Township man, whom police said had a "grudge" against the owner of a home he set afire, yesterday was convicted of arson by a Circuit Court jury of seven women and five men.

Scheduled to be sentenced Feb. 2 by Oakland County Circuit Judge Frank L. Doty is Charles Rhimes, 34, of 1676 Taylor Rd.

★ ★ ★

Rhimes was arrested on a tip from a man who told police he had just driven Rhimes to the Pontiac home of Jack Marsh located at 1265 Cherrylawn Dr. Rhimes later pleaded innocent to setting a fire which Nov. 8 caused $2,500 damages.

He had admitted going to the home before the fire, but denied that he was responsible for setting the blaze which was confined to the rear shed and kitchen.

Floods, Snow, Cold Plague Easterners

(Continued From Page One)

It was from zero to 10 below in the upper Mississippi Valley and northern plains.

Strong west to northwesterly winds fanned the cold air into the Ohio Valley and to the Gulf, ending a brief period of spring-like temperatures.

Wind gusts up to 100 m.p.h. lashed sections of western North Carolina during the night as the cold front moved across the state. Torrential rains pounded Asheville.

Tornadic winds dealt death and destruction in Kentucky. Twisters skipped across farming communities in Grayson County, 75 miles southwest of Louisville killing two persons.

A woman was killed and three other persons were injured in Lexington when a television tower toppled and crashed into the studio. Strong winds buffeted areas in central and western Kentucky.

★ ★ ★

The flood threat in southeastern Kentucky appeared easing as rain changed to sleet and snow. Steady rainfall and a backlog of water sent the Cumberland River over its banks near Harlan.

In Pennsylvania, six communities in the western section reported some flooding from the ice-jammed and swollen creeks. They were Sharon, Oil City, Franklin, Meadville, East Greenville and Kennard.

Some families were evacuated in Sharon as the Shenango River continued to rise.

Rivers also were rising steadily in Pittsburgh and fears of flooding mounted at cities along the Allegheny River as ice gorges began cracking up.

★ ★ ★

Strong southerly winds along the eastern seaboard intensified the cold front which advanced into the western section of the Atlantic Coast states. Violent thunderstorms which hit the region Wednesday diminished. However showers and thundershowers were general from Georgia northward into Maine.

★ ★ ★

In areas not hit by the cold front, temperatures ranged from the 70s in Florida to the 60s from Georgia into the Carolinas, in the 50s through New York, and the 40s and 30s in the extreme northern areas. New York City's 59 was near the record high of 61 3 for the date.

Decision Slated in Police Case

Local Officer, 2 Others Await Feb. 3 Ruling on Bribery Examination

Whether Pontiac police officer Jess W. Quick and two others accused of bribery and conspiracy to obstruct justice are to stand trial in Oakland County Circuit Court will be decided Feb. 3 by Municipal Judge Maurice E. Finnegan.

Final arguments in the preliminary examination of Quick, 43, of 502 E. Beverly St.; Charles B. Johnson, 57, of 26 W. Kennett Rd.; and Lealon S. Karnes, 63, of 822½ Baldwin Ave., were presented yesterday.

Quick is under suspension pending the outcome of the case.

He is accused of turning over $132 in payoff money to patrolman Gerald Navarre in exchange for advance information about vice squad raids on a gambling game allegedly run by Johnson.

Arguing for dismissal defense attorneys Lawrence E. Maloney and Leon H. Hubbard said Quick should have been arrested as soon as bribe money was offered.

Instead, they charged, the Pontiac Police Department assisted and encouraged the commission of a crime. Navarre testified he received bribe money in several payments over a four-month period as part of a police trap.

Assistant Prosecutor Jerome K. Barry said Quick was not arrested sooner because "evidence in a conspiracy case is not gathered overnight."

Karnes was named a co-defendant in the case after refusing to testify against Quick and Johnson.

Officers Named by Pontiac Bank

Re-Elect Entire Slate of Leaders, Directors at Meeting Tuesday

Pontiac State Bank officers and directors were re-elected at the annual meeting.

Re-elected president was Milo J. Cross.

Total deposits at the end of 1958 amounted to $27,487,915.90, Cross said, the highest in history.

Earnings after taxes at the end of the year were $219,106.40, or $4.38 per share, he said.

Directors re-elected were John C. Cowe, Cross, Rodger J. Emmert, Smith Falconer, Circuit Judge H. Russel Holland, Dr. Frank A. Mercer, Goodloe H. Rogers, William D. Thomas Jr. and Stuart E. Whitfield.

Red-Finn Talks Held

HELSINKI, Finland (AP)—Soviet Premier Nikita Khrushchev is negotiating in Leningrad with visiting Finnish President Urho Kekkonen on relations between the two neighbors, the government said tonight.

Churchgoer Honored

PEORIA, Ill. (UPI) — The honor of turning the first shovel of dirt at the site of the new State Park Baptist Church here went to Mrs. Elizabeth Vinz—with good reason. Mrs. Vinz, 88, has been a member of the church for 75 years.

Irons Replies to Charges by Royal Oak Twp. Police

In answer to statements by Royal Oak Township police officials yesterday claiming that they had been stripped of power by refusal of the Oakland County Sheriff's Department to re-deputize them Jan. 1, Sheriff Frank W. Irons lashed out with a rebuttal this morning.

"The entire situation has been greatly exaggerated by the township policemen, since I have not unconditionally refused to deputize them."

"The fact of the matter is that they have indicated they have no desire to be deputized."

In accordance with a state law enacted in 1948, all township police departments in Michigan must be deputized by their county sheriff in order to have the power to enforce state laws.

Without deputization, they can enforce only local ordinances.

"Their terms ran out at midnight Dec. 31, as did all the other township police departments throughout Oakland County," Irons said.

"Each man must be bonded and have not been deputized yet due to a hold-up in the red tape procedure of bonding.

"The difference is that the other few are merely waiting for their bonds to go through, while the Royal Oak Township force has balked at deputizing completely."

As for reports of vice and corruption in the township and department, Irons had this to day.

"If one of my sergeants were questioned or accused by a citizen, I would call him in and give him a fair chance to clear himself by accounting for his actions during a given period.

★ ★ ★

"I have merely given the Royal Oak Township authorities the same opportunity in answer to several complaints received by our department concerning law enforcement there.

"My request for a report on vice activities in the township and the activities of law enforcers has been refused by police officials.

"If a sergeant in my department refused a request he'd be dropped from the force. I have been more understanding in this case since I've only delayed deputizing until a report is filed," Irons said.

U.N. Makes Demand

PANMUNJOM, Korea — (AP)—The U.N. Command today demanded an accounting of 2,147 Allied prisoners still missing from the Korean War.

146 Will Graduate at Pontiac Central

(Continued From Page One)

record will be Howard Batten, Jack Campbell, Sharon Freeman, Carol Olson, Louise Shaw, Delores Shea and Judith Welch.

Jeanne Johnson will be awarded the Y-Teen scholarship and Michael Nyberg the Hi-Y scholarship.

Dr. Dana P. Whitmer, superintendent of schools, will award the diplomas. This will be followed by the graduates' recessional to "University Grand March" by E. F. Goldman and accompanied by the PCH band.

Other class officers are Jeanette Ohanesian, vice president; Margaret Murphy, secretary, and Sandra Lilliquist, treasurer.

Wants to Boost Social Security Earnings Ceiling

Congressman William S. Broomfield (R-Oakland County) today introduced a bill to boost the maximum amount a person could earn and still qualify for social security benefits.

Broomfield said the new bill, if enacted into law, would permit persons receiving benefits to make up to $3,000 yearly in outside jobs, compared to the present limit of $1,200.

The change is needed, said Broomfield, to "give our senior citizens a chance to make ends meet."

"The present unrealistic regulation on outside earnings is keeping many of these people in a perpetual state of want," he said.

★ ★ ★

"They can't take outside jobs because they will lose their monthly social security checks. But they can't make ends meet on present social security payments and the small amount of outside work which they are permitted under the existing law."

The bill, similar to the one Broomfield introduced last year but which never got out of committee, was referred to the House of Representatives' Ways and Means Committee.

The proposed new legislation would "put an end to exploitation of many of our retired persons," the congressman said.

Bank Officials All Re-Elected

Community National Renames Officers and Directors in Meeting

Officers and directors of Community National Bank were re-elected at the annual meeting.

Alfred C. Girard was re-elected president and chairman of the board.

Total deposits at the end of 1958 amounted to $87,931,697.50, said W. Arthur Taylor, vice president and cashier.

Earnings after taxes at the end of the year were $799,000, or $2.90 a share, he said.

Re-elected as directors were Irving B. Babcock, Louis H. Cole, Robert R. Eldred, Harold A. Fitzgerald, Girard, Alfred R. Glancy Jr., Harold E. Howlett, Howard W. Huttenlocher and Harry M. Pryale.

Disc Jockey Still Awake

NEW YORK (UPI) — Disc jockey Peter Tripp said today he was "feeling a little sleepy, but O. K." in completing the second day of his sleepless marathon to prove he can stay awake for 200 hours.

Rossellini Wants Action

ROME (AP)—Robe to Rossellini urged an Italian court today to take quick action on his suit to obtain custody of his three children born of his now broken union with Ingrid Bergman.

County Republicans Oppose Income Tax

(Continued From Page One)

Ziem, Milton F. Cooney, Ralph Finley, Verne C. Hampton, Theodore F. Hughes, Wendell Brown and Stanton G. Dondero.

Arthur G. Elliott Jr., committee chairman, introduced the eight not as Republicans, but rather as men "who had given indication of supporting policies of the Republican Party."

★ ★ ★

Elliott said he wasn't reluctant to put a political twist on the non-partisan election since "there has been evidence in the last two weeks that political philosophy has ben injected in decisions of the Supreme Court."

Few Republicans expressed open disappointment to the turnout last night although only 42 elected delegates answered a roll call from among 187 chosen at the August primary.

Objective of the convention was to pick 140 of these delegates to attend the Feb. 13-14 State Convention in Detroit. This was done, but required the Nominations Committee to work past midnight to scrape together enough delegates to fill the quota, the second largest in the state.

★ ★ ★

Heading this delegation will be Robert D. Harvey, a 39-year-old Ford Motor Co. engineering supervisor from Huntington Woods. Of the 42 delegates who answered roll call all but one voted for Harvey, for six years a precinct delegate. The one said he didn't know Harvey.

Elected vice chairman was Miss Alice L. Schoenholtz, of Royal Oak. Miss Irene Giacobbi of Clawson, was chosen secretary, while last fall's delegation chairman, Dr. John P. Wood of Bloomfield Hills, was picked as parliamentarian.

Party leaders blamed the weather for the poor turnout and promised a much better result for the Jan. 31 meeting at the Bloomfield Hills High School.

★ ★ ★

Last night's convention got off to a fast political start when the Rev. Paul Anderson of Keego Harbor, criticised UAW president and GOP foe Walter E. Reuther during the invocation.

Helping to keep the convention doings alive was a five-piece high school band playing from the balcony of the Supervisors Room of the County Office Building.

Besides the resolution opposing the income tax, others were approved lauding Paul D. Bagwell, gubernatorial candidate, "for the courageous and forthright campaign" in the Nov. 4 election.

All county officers, Republican lawmakers in Lansing and Washington, Donald A. Brown, Bagwell's running mate as lieutenant governor, plus county committee workers, were praised in other resolutions.

AF Plane Crash Kills 6

ALEXANDRIA, La. (UPI)—All six crewmen were killed today when an Air Force KB50 refueling plane crashed in flames shortly after taking off from England Air Force Base.

The Day in Birmingham

Recommend Authority for Van Horn Parking

BIRMINGHAM — City planners last night decided to recommend to the city commission that a parking authority be established to look into a municipal-type parking lot to serve buildings on the Charles Van Horn development on N. Woodward avenue.

Several residents of Brookside drive claim that Van Horn is infringing on city-owned property and the River Rouge channel right-of-way to provide ample parking.

A title search by the city's legal council of Howlett, Hartman and Beier has proved conclusively that Van Horn, representing the Chicago Investment Corp., holds title to the westerly half of the property involved and where the work has been done. There is still some question as to the ownership of the easterly half title of which is being traced further.

A 35-year-old Birmingham man, Dr. Donald N. Frey won the Detroit Junior Board of Commerce Distinguished Service award for 1959 last night.

Frey, executive engineer of the Ford Division of Ford Motor Co. founded the company's Metallurgical Research Department shortly after joining the firm in 1951.

★ ★ ★

A veteran of World War I, he received the award for his accomplishments and contributions in the engineering field and the publication of technical papers.

He holds a Doctor of Philosophy degree from the University of Michigan. In 1953 he was named young engineer of the year by the Engineering Society of Detroit. And in 1956 he was awarded the Russell Springer prize by the Society of Automotive Engineers for technical writing.

Frey, with his wife and five children, lives at 586 Fairfax Rd. in Birmingham.

The Senior Men's Club will hear a talk on narcotics by State Police Lt. Carl W. Robinson of the Detroit Post when they meet at the Community House tomorrow.

★ ★ ★

The Discussion Group has chosen "State Rights" for their topic.

The Senior High Pilgrim Fellowship of the Congregational Church of Birmingham will hold its annual carnival from 5 to 10 p.m. tomorrow at the church.

Proceeds are used to finance a trip for members which this year will be to Philadelphia. A program of games and prizes plus a sale of baked and canned goods will be featured.

Mrs. Pearle Lamb Hill

Service for Mrs. Pearle Lamb Hill, 74, of 2183 E. Maple Ave., will be held at 1 p.m. Saturday at the Bell Chapel of the William R. Hamilton Co. Burial will be in Roseland Park Cemetery, Royal Oak.

Mrs. Hill died Wednesday at her home following a brief illness.

★ ★ ★

Surviving are a brother, Harris A. Lamb of Birmingham and a nephew, Dalton H. Lamb of Birmingham.

Would Make Some Exceptions

Wants to Ban Man-Woman Distinction

WASHINGTON (UPI) — Rep. Emanuel Celler (D-NY), chairman of the House judiciary committee, is in with a proposal to outlaw distinctions between men and women. He does make some exceptions.

Differences in "physical structure, biological or social function" would continue legal, although Celler does not say specifically whether this kind of thing would be encouraged.

So you can see that the 86th Congress, organized at last after some false starts, is not ready for business a moment too soon. Urgent legislation is piled up to the windows.

Rep. John Bell Williams (D-Miss) has a constitutional amendment to leave to the states regulation of health, morals and domestic relations. Also certain other matters, like elections and schools.

Sen. Homer Capehart (R-Ind) has a bill to give medals of honor to persons performing heroic acts in preventing highway accidents. No doubt he means people who stay home on Labor Day weekend.

* * *

Another attractive safety measure has been dropped in the hopper by Rep Abraham J. Multer (D-NY). It would make it illegal to drive any automobile that hasn't been roadtested for 100 miles. Hmm.

Multer incidentally may be bucking for some kind of record. He introduced 96 bills on opening day. Something for everybody — widows, orphans, businessmen, the blind. Well, almost everybody. The last farmer left Multer's district, in Brooklyn, some time ago.

LICK STAMPS TOO

Rep. Harley O. Staggers (D-W Va), obviously a broadminded type, has introduced bills to (1) make daylight saving time illegal and (2) make it mandatory everywhere whenever Congress says so.

Rep. Hamer Budget (R-Idaho) proposes to abolish free congressional mail and make his colleagues lick stamps like the rest of us.

The mailing of matter "tending to incite crimes of violence" would be barred under a bill by freshman Rep. Seymour Halpern (R-NY). He left one problem unsolved. How would the Internal Revenue Service handle its mailings under that law?

Rep. Joel T. Broyhill (R-Va) is back with his plan to make us all sing the Star Spangled Banner the same way. This task proved too much for the 85th Congress. Rep. Katharine St. George (R-NY) wants to make it illegal to play the national anthem to stop public disturbances.

Also crying for action is a bill by Rep. Harlan Hagen (D-Calif) to make misspelling not only less likely but illegal. His bill would establish a National Grammar Commission, to set up an official and simplified system of—uh—fonetic speling.

* * *

Rep. Isidor Dollinger (D-NY) wants to define the word "mother" and limit us all to one each. Seems reasonable.

Sen. William Langer (R-ND) proposes to give women government workers 60 days of paid maternity leave. But not oftener than once a year, Langer's bill specifies.

Claims Tuition Charges to State Students Illegal

LANSING (UPI) — It is illegal for the University of Michigan and Michigan State University to charge tuition to state students, Rep. Russell H. Strange Jr. (R-Clare) said today.

Strange, a graduate of Central Michigan College, intends to make it legal.

Strange discovered wording in the law that says state students "shall have the privileges of the institution without the payment of tuition."

He will introduce legislation to strike the wording.

Read of Bees at Cornell

ITHACA, N. Y. (UPI)—Cornell University has one of the largest and most complete beekeeping libraries in the world. During the past 30 years, the university has turned out more agriculturists with masters' and doctors' degree than any other institution in the world.

ISOLATIONIST — Miss Zelma Arment, 38, Air Force development technician, goes about her work as usual at Holloman Air Development Center, near Alamogordo, N. M. Miss Arment was revealed as the woman who last summer spent a week in a dark, echo-proof, soundless chamber in the test of factors influencing persons cut off from human contact.

Pasternak May Consider Lecture Tour of U. S.

LONDON (AP) — Boris Pasternak, the Russian author called a traitor by Soviet authorities after winning the Nobel Prize for Literature, reportedly is willing now to make a six-week lecture tour of the United States and Britain.

Jose Vilallonga, noted Spanish author, and Prof. Philip Hallie of Vanderbilt University are seeking to arrange the tour.

★ ★ ★

Vilallonga, who lives in Paris, said Wednesday night he had assurances "through diplomatic channels that Pasternak would be willing to come."

The Soviet government warned Pasternak last November that if he left the Soviet Union to accept the Nobel prize, he would not be allowed to return. The 69-year-old writer renounced the prize and said he could not "imagine my fate apart from Russia and outside her. . . . To go beyond the frontier of my motherland is to me equal to death."

★ ★ ★

Vilallonga said he, his British wife, and Hallie had appied for visas to visit Moscow to discuss the projected tour with Pasternak. Hallie is a Russian-speaking professor of philosophy at Vanderbilt, in Nashville, Tenn., now doing research in London.

Vilallonga pointed out that the Soviet government was willing last fall to let Pasternak go abroad. He did not indicate, however, whether he knew of any change in the Kremlin's attitude toward his return.

★ ★ ★

Pasternak was designated last October for the Nobel prize primarily because of his novel "Doctor Zhivago," which paints a grim picture of Russian life under communism. The Kremlin retaliated by unleashing severe criticism of the writer and his novel, which has been published in 13 languages abroad but is banned in the Soviet Union.

Runaway Stays Home

LEWISTON, Me. (UPI)—An unidentified couple called police to report that their son, who had been missing for more than two hours, was found asleep under his bed.

Phillips Fired After Storm of Protest Over Coldwater

LANSING (AP) — House Speaker Don R. Pears (R-Buchanan) has fired Rep. Harry J. Phillips (R-Port Huron) as chairman of a house committee which investigated Michigan's mental hospital system.

Pears gave Phillips the air yesterday after a delegation of Coldwater citizens complained about the committee's methods in investigating the death of two men patients at Coldwater State Home and Training School.

★ ★ ★

Phillips' seven-man committee actually went out of business Dec. 31, but he has drafted a resolution calling for its revival.

Meanwhile, Gov. Williams appointed a "Blue Ribbon" citizens committee of eight to review treatment and administrative practices in the mental hospital system.

The governor said an impartial citizen probe was needed to restore confidence in care given the mentally ill, shaken by the Coldwater investigations and another at Traverse City State Hospital.

To head the group, the governor appointed Dr. Robert J. Mowitz, Wayne State University professor and an authority on health and hospital administration.

Pears, who appoints members of all house committees, listened for half an hour yesterday while the Coldwater group listed their protests against Phillips' investigating procedures. They were armed with letters from civic groups, city officials and individuals in the Coldwater area and in St. Joseph and Benton Harbor, all backing the institution's administrators and employes.

★ ★ ★

"They represent a true community expression," said Coldwater Alderman Dale A. Dean, chairman of the 12-member delegation.

Pears said he thought the dispute stemmed "more from a clash of personalities than anything else." He said he spoke from five years experience as a former state welfare agent in Berrien County.

Questioned by newsmen afterward, he said:

"House members may very well vote in favor of the (Phillips) resolution. But in view of the unfavorable light cast upon the investigation at Coldwater, I don't intend to reappoint the committee chairman or members."

Phillips, told of the situation, said:

"Whether I am renamed or not doesn't matter. The important thing is to keep the committee going. I think we accomplished a great deal, not only at Coldwater, but at other mental institutions we visited."

Talking to Pears, Arthur G. Lyon president of the Branch County Bar Assn., complained Phillips had "maligned and misrepresented the community" in charging brutality and patients abuses.

★ ★ ★

The Rev. Keith Avery, Methodist minister, said the investigators "made a quick jab at the thing and then ran away."

Carl Vinton, Coldwater contractor, said they served as "judge, prosecutor and jury." He pointed out that later investigations by State Police, the Mental Health Commission and other uncovered no evidence of criminal acts.

Police Break Up Stolen Tire Ring

5 Are Held, Expect to Apprehend 20 More in Thefts of $750,000

DETROIT (AP) — Police have cracked a stolen tire ring that they say netted $750,000 between last July and December.

Five men were arrested yesterday on charges of conspiracy to commit larceny and dispose of stolen goods. Assistant Prosecutor John W. Coury said at least 20 more arrests are expected.

Coury said the tires were stolen from the Great Lakes Sugar and Warehousing Co. of Detroit. Four of the men worked for the company. Police said the fifth man sold the tires in a Dearborn service station he operates.

Arrested were James Thomas, 30, William F. Stone, 37, and James Revoir, 30, all of Detroit; Elliott L. Sullivan, 36, of Dearborn; and Harry R. Fowler, 26, Hazel Park.

The five were arraigned in recorder's court. Pleas of innocent were entered for all after they stood mute and waived examination. Judge W. McKay Skillman released them on $500 bond each.

Coury said Detroit police first were tipped on the ring's activities by the FBI, which learned of tire thefts while on another investigation.

Life Expectancy Tables Issued

Some Gains Shown in Insurance Firms' First New Chart Since 1941

NEW YORK (AP)—If you are 50, you'll live to 73; if you're 40 you'll make it to 72; your infant child should live to 68.

★ ★ ★

That's what insurance companies find a new mortality table, the first in 18 years.

In those 18 years Americans have gained a few years of life. The life expectancy of the 50 year old went up 2 years, of the 40 year old 3 years, and of the infant 6 years.

Nearly 100 years ago the average life expectancy of infants was only 41, 94 27 years less than now.

★ ★ ★

The table, based on figures supplied by 15 large insurance companies for 1950-54, replaces one drawn up in 1941 and covering the previous 10 years.

Women have an edge on men, living as much as three years longer, an adjunct to the table shows.

★ ★ ★

Life expectancy at various ages are shown below:

	1868	1941	1958
Birth	41.5	62.3	68.3
10	48.7	55.5	59.6
20	42.2	46.5	50.4
30	35.3	37.7	41.3
40	28.2	29.3	32.2
50	20.9	21.4	23.6
60	14.1	14.5	16.1
70	8.5	9.0	10.1
80	4.4	5.1	5.9

Girl Scout Plunges Into Creek to Save 2

ST. LOUIS (AP)—Girl Scout Diane Ailer of suburban Affton has done her good deed and it should take care of some days to come.

★ ★ ★

Diane, 12, dived into the frigid waters of a creek and saved her younger sister, Cynthia, and a seven-year-old neighbor, Russell Berryman. The two plunged into the water when ice gave way while they were riding on a sled. Neither Cynthia nor Russell can swim.

Proportion of U.S. residents over age 65 has more than doubled since 1900 and amounts to about 10 per cent of the total population.

Church Bells Annoying Sensitive Army Men

BICESTER, England (UPI) — Brigadier Bernard Lambert has supported one of his oficers, Charles Gash, in a complaint to the local vicar about the church bells here.

★ ★ ★

Gash said the bells, located 50 yards from his army quarters, rang on one occasion for seven hours straight.

"Enough to send anyone crackers," remarked Lambert.

The 3,000 miles of unguarded border (between the U. S. and Canada) are something that no two nations have ever enjoyed before, says the Stanstead, Quebec, Journal. The Journal assigns such peaceful amity to "mutual understanding and trust."

Economy Grows as Budget Rises

WASHINGTON (UPI)—President Eisenhower's federal spending budget for the coming fiscal year is almost twice as big as the federal budget of 10 years ago.

That's if you measure spending strictly in terms of dollars.

But if you view federal spending as a proportion of the nation's total output of goods and services, the new budget is approximately the same size as the fiscal 1950 budget.

The explanation of this apparent paradox is that the U. S. economy has been growing at roughly the same rate as the budget.

In fiscal 1950, the gross national product was $263,800,000,000. The $39,617,000,000 spent by the federal government that year was a 15 per cent slice of the total pie.

The new budget calls for a federal outlay of $77,030,000,000 in the 1960 fiscal year which begins next July 1. If the national economy continues its recovery at the expected rate, the gross national product during fiscal 1960 will be in the neighborhood of $490,000,000,000. The projected budget constitutes 15.8 per cent of that total.

★ ★ ★

The growth rates of the budget and the economy have not been precisely uniform over the past 10 years, of course. At the midpoint —in fiscal 1955—the budget was $64,570,000,000 and the gross national product was $377,000,000,000. Uncle Sam's share of the pie that year was 17 per cent.

Another way of measuring the size of the federal budget is in relation to the U. S. population, which also has been growing.

On Jan. 1, 1950—the middle of the 1950 fiscal year—the population was 150,400,000. Federal spending for that year figured out to $264 per capita.

On Jan. 1, 1955, the population was 163,800,000. Dividing that into federal spending gives a per capita figure of $387.

The Census Bureau projects a population of 179,000,000 by next Jan. 1, midway in the 1960 fiscal year. On the basis of the President's new budget, federal spending will amount to $430 per capita.

★ ★ ★

Again, however, these figures tell only part of the story. Per capita income figures also have risen markedly in the same period —from $1,421 in fiscal 1950 to $1,694 in fiscal 1955 to an estimated level of around $1,800 in fiscal 1960.

There is still a third way of measuring government spending. It is used by economists to determine how big a share of the national output is being consumed by governments at all levels—federal, state and local.

This method is highly complicated in its arithmetic, but essentially it involves comparing actual government purchases of goods and services with the total national output of goods and services.

The following paragraphs give this comparison on a calendar year basis.

★ ★ ★

In 1958, governments at all levels purchased $91,200,000,000 worth of goods and services, or 21 per cent of the nation's gross product.

In 1955, government consumption of goods and services was $75,600,000,000, or 19 per cent.

In 1950, it was $39,000,000,000, or 13.7 per cent.

In 1944, the year of peak spending in World War II, government purchases absorbed 45 per cent of the gross national product.

But in prewar 1939, the figure was about the same as 1950—14 per cent.

Way, way back in 1929, government purchases totaled $8,500,000,000, which was 8 per cent of the national output.

Yemen, a tiny nation on the southwest border of Saudi Arabia, has skyscrapers although the buildings are only a few stories high. But, each building is atop mountain ridges about two miles high.

Education Day Planned by Nursing Schools

"Practical Nurse Education Day" is being held in Detroit today at the Shapero School of Nursing.

The program is being sponsored by the McCauley School of Practical Nursing in Pontiac, St. Joseph Hospital School of Practical Nursing in Mount Clemens, the Detroit Practical Nursing Center and the Shapero School of Nursing.

Group meetings on medical-surgical nursing, obstetrical nursing, pediatric nursing and long-term illness will be included in the discussion.

Two Crawl to Safety

DETROIT (UPI)—Mrs. Betty Parker, 36, and her son, Alexander, 7, crawled to safety Wednesday seconds after an explosion flattened their home in St. Clair Shores. The blast, believed caused by gas, tore the roof off the one-story cinder block home. Mrs. Parker and her son suffered minor burns.

Election Law Threatening Dem Candidates in County

A new election law is being put to the test in Oakland County much to the dismay of some Democratic township candidates who find themselves out of the spring election.

★ ★ ★

The law, passed after the spring 1957 election, requires a political party not on the last preceding township election ballot or which failed to get two per cent of the vote for supervisor to file petitions with the township clerk in order to qualify.

Affected by the law are five Democratic hopefuls in Lyon Township who have been ruled off the Feb. 16 ballot by County Clerk-Register Daniel T. Murphy Jr.

Murphy, a Republican, yesterday answered a letter from Democratic precinct delegate and candidate for clerk, Daniel F. Foley Jr., of New Hudson, in which Murphy said the new law would be complied with.

Besides, Murphy said in his letter, the Democratic Party, which was not on the ballot two years ago in Addison, Holly, and Milford Townships, was cognizant of the law and complied with it to qualify this year.

Foley said in his letter to Murphy that the law "stinks" and should be changed.

It now requires new parties to file petitions with the township clerk 49 days prior to the election containing signatures of not less than two per cent of the total voter registration at the last November election.

Or if a member of this party received not less than two per cent of the total vote cast for the office of supervisor in that township at the last election, the party can gain a spot on the ballot, the law says.

Some Democratic candidates in Groveland Township, where no Democrats ran in 1957, are checking to see if they are eligible for the Feb. 16 ballot, Murphy said.

"This is not politics," he emphasized, "but merely strict compliance with the law passed by the Legislature."

At the same time, Murphy announced that Brandon, Groveland, Highland, Lyon, Oakland, Rose and Southfield Townships will not require primary balloting for township offices as there are no contests. Oakland and Rose Townships will hold caucuses.

Mrs. Inwood Hosts Foursquare Club

Members of the Foursquare Club, Order of the Amaranth, met Tuesday at the home of Mrs. Ira Inwood at Ferndale.

The next meeting will be held at the home of Mrs. William Cousins on Delaware drive Feb. 17.

Calls for All-Woman World Peace Parley

CAMBRIDGE, Mass. (UPI) —Agnes E. Meyer today called for an all-woman international peace conference in Geneva to demand of "primitive and predatory males" that the billions the energy and brains now spent on nuclear weapons be turned to "life-enhancing programs."

★ ★ ★

The noted author and lecturer said that with the very continuity of life "threatened as never before" women should drop their "timidity."

With the "ferocity of a tigress protecting her cubs," she said, they should issue a "cry for universal brotherhood and peace among men (that) would echo around the globe."

'WOMEN, UNITE'

The slogan, she said, should be "Women of the world unite —The lives of your children are threatened."

Mrs. Meyer made her plea in an address before the Radcliffe Club of Boston which also carried harsh words for today's "lady of leisure"—living an "artificial life" with nothing to do except to "amuse herself" as best she can.

★ ★ ★

Describing marriage as a "part-time career," she said the country no longer can afford to support "vast numbers of female drones."

She labeled "tragic" the present-day "overemphasis on sex as woman's greatest asset." She said it has resulted in young girls going to college only to "find a husband as early as possible"; and in vulgar, tawdry and lewd contemporary literature that treats sex "as if it were America's favorite indoor sport."

★ ★ ★

Referring to her proposed peace crusade conferene, she said it "might well be the most powerful answer to Communist aggression."

And, she added "It might be the only appeal that would persuade the primitive and predatory males to do likewise."

UNDERESTIMATE POWER

Mrs. Meyer, wife of the chairman of the board of the Washington Post and Times Herald, said that contrary to the popular notion, "women underestimate their power."

★ ★ ★

Too many, she said are "still caught in a sense of inferiority to the male that has been drummed into them throughout the ages." This timidity, she claimed "has no relevance in a society which has supplanted the advantages of mere physical strength by the importance of intelligence, courage and determination."

★ ★ ★

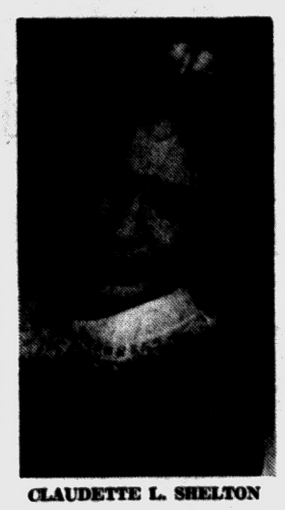
Mrs. Meyer suggested the International Association of University Women sponsor the all-woman conference and that women of Communist nations attend as well as others.

She said each delegation would "go home to declare that their male political leaders have failed them and their families" unless they insist that the billions, the energy and the brains now spent for instruments of death be applied to life enhancing programs."

She suggested strengthening the United Nations and other "constructive international organizations; furthering health and education "everywhere" and development of peaceful uses of atomic energy.

What the world needs most, "now that the future of civilization is at stake" she said, is the "wisdom of mothers."

If your muffins have a tough crumb the chances are you are overmixing the batter.



CLAUDETTE L. SHELTON

Mr. and Mrs. Talmadge Shelton of Summit street announce the engagement of their daughter, Claudette LaVon, to Garry Cox, son of Mr. and Mrs. Luther T. Cox of Euclid avenue.

By Study Club

Annual Election Is Held

Members appointed to the nominating committee for Parliamentary Study Club's annual election are Mrs. Dale Moats, Mrs. Joseph Phillips and Mrs. Russell French.

★ ★ ★

Mrs. Harry Lunsford will serve as program chairman for the coming year with Mrs. Ervin Christie and Mrs. J. R. Shaffer.

The annual demonstration meeting will be held Feb. 4. Mrs. Moats is sponsor and Mrs. J. C. Norton leader.

★ ★ ★

Also taking part will be Mrs. Ralph Schowalter, president; Mrs. Lewis Swartz, vice president; Mrs. Maurice Weiner, recording secretary; Mrs. Christie, corresponding secretary; Mrs. M. A. Groves, treasurer, and Mrs. French, auditor.

The annual luncheon will be held March 18 headed by Mrs. George Watters and Mrs. Leonard Saarri. Mrs. Christie and Mrs. French will assist.

January-March Group Meets

The January-March Group of First Presbyterian Church met at the home of Mrs. George K. Cram of Littletell road for luncheon Tuesday.

Assisting the hostess were Mrs. Samuel Patterson, Mrs. H. B. Lowes and Mrs. Glenn Dolan.

Taking part in the discussion, led by Mrs. Roy Ashwin, were Mrs. Floyd Phillips, Mrs. Cram, Mrs. Dolan and Mrs. W. J. Baumgartner.

Mrs. H. G. McGrath spoke on social education and action.

Officers Are Installed

Officers were installed when Welcome Rebekah Past Noble Grands Club 246 entertained the Past Noble Grand Association of District Six at Malta Hall Tuesday.

★ ★ ★

Mrs. Albert Kugler assumed presidential duties. Others installed were Mrs. Ray Lewis, vice president; Mrs. Mae Bailey, secretary; Mrs. Edith Pinner, financial secretary and Mrs. William Allen, treasurer.

Others installed were Mrs. Adiel Bilbuyck, chaplain; Mrs. Orry Ritter, guardian; Mrs. E. A. Aldrich, marshal; Mrs. Gladys Viles, musician; Mrs. Laura Rubright, right supporter to president; and Mrs. Ralph Pitsenberger, left supporter to president.

NAMED TO OFFICE

Also taking office were Mrs. Robert Raymond, Mrs. Albert Densmore, and Mrs. George Nichols, Mrs. Ira Inwood, and Mrs. Lena Biskner.

Mrs. Nichols, junior past president, presented the IOOF Home at Jackson with a check.

The next meeting will be observed with the Milford Rebekah Past Noble Grands Club Feb. 19.

833

by Laura Wheeler

Loveliest cover for year-round wear! Easy crochet, this little cape in pineapple design. Use 3-ply fingering yarn or string.

Lovely and goes with everything. Pattern 833: Crochet directions for small, medium and large cape included in pattern.

Send 35 cents (coins) for this pattern—add five cents for each pattern for 1st-class mailing. Send to The Pontiac Press, 124 Needlecraft Dept., P.O. Box 164, Old Chelsea Station, New York 11, N.Y. Print plainly pattern number, name, address and zone.

Send for a copy of 1959 Laura Wheeler Needlecraft Book. It has lovely designs to order: Embroidery, crochet, knitting, weaving, quilting, toys. In the book, a special surprise to make a little girl happy—a cut-out doll, clothes to color. Send 25 cents for this book.

SUPPER PARTY PIES — Surprise your guests with hearty wedges of meat pie. Under the flaky crust is a juicy, savory filling. Apple sauce helps to keep it moist and adds an elusive flavor. There's also a hint of herbs in the filling. If your guests don't eat up all you've prepared, be glad, these pies taste just as good reheated.

Meat Filling Kept Moist With Canned Apple Sauce

It's always fun to serve these pies. They're such a gay surprise for guests . . . look like fruit pies but are really meat pies, and husky ones at that.

There the pies stand, savory and rich, waiting to be cut into big, smoking hot wedges. The chopped meat filling, brown and crumbly, is pungent with onions and herbs. And tangy canned apple sauce is mixed through for a dash of the unusual. The apple sauce also helps keep the meat deliciously moist.

One whiff of that savory filling, one look, and guests fall to with frank gusto. Especially the men! You know with what enjoyment they greet simple, hearty, uncomplicated dishes. So these meat pies with their flaky crusts win their vote every time.

The pies could easily become your very own hostess specialty for buffet suppers, for informal dinners, for luncheons. Once baked, they are easily kept hot in the oven (turned to very low) to be brought out as needed.

Bake two, bake four . . . people will pass back for more, that's sure. And, if by chance, there is pie left, next day reheat it . . . it's still good eating.

Supper Party Meat Pies

2 large onions, thinly sliced
¼ cup butter
2 lbs. ground chuck
2 eggs
1 cup dry bread crumbs
2 cups canned apple sauce
2 teaspoons poultry seasoning
½ teaspoon thyme
1½ teaspoons salt
½ cup ketchup
1 4-oz. jar pimiento, diced
Rich pastry

Saute onions in butter until soft. Slightly heat ground beef in an other skillet, mashing lightly with fork, to separate beef into small pieces. Drain off excess fat.

Beat eggs; add bread crumbs, apple sauce, poultry seasoning, thyme, salt, ketchup and pimiento. Add onions and meat; mix well.

Line two 9-inch pie plates with pastry; place ½ hamburger mixture into each pie plate. Cover tops with pastry; seal edges together. Trim off excess pastry; make fancy edge. Make slits in tops to allow steam to escape.

Bake in hot oven, 400 degrees, 35-40 minutes, or until delicate brown. Serve hot.

Bake Fragrant English Muffins

Bake tender English muffins and serve them temptingly fresh and fragrant with coffee in the morning or at afternoon tea. You'll find these yeast-raised delicacies a welcome change from the usual sweets that are served. Since one batch of dough makes some 2 dozen muffins there'll be plenty to use as a base for a nippy rarebit or in place of rolls at the evening meal as well.

English Muffins

1 cup milk
2 tablespoons sugar
1 teaspoon salt
¼ cup shortening
1 cup warm, not hot, water (lukewarm for compressed yeast)
1 package or cake yeast, active dry or compressed
6 cups sifted enriched flour
Cornmeal

Scald milk. Stir in sugar, salt and shortening. Cool to lukewarm. Measure water into a large mixing bowl (warm, not hot, water for active dry yeast, lukewarm for compressed yeast). Sprinkle or crumble in yeast; stir until dissolved. Add lukewarm milk mixture.

Add about half the flour; beat until smooth. Stir in remaining flour. Turn out on lightly floured board. Knead until smooth and elastic. Place in greased bowl; brush with shortening. Cover. Let rise in a warm place, free from draft, until doubled in bulk, about 1 hour.

Punch dough down; divide dough in half. On a board heavily sprinkled with cornmeal, roll out each half to a thickness of ¼ inch. Cut into rounds with a 3-inch cookie cutter. Cover. Let rest on board about 30 minutes.

★ ★ ★

Place on slightly greased, medium hot griddle, cornmeal coated side down. Bake until bottom is well browned, about 15 minutes; turn and bake about 15 minutes longer.

Cookies That Travel Need Special Touch

By JANET ODELL
Pontiac Press Home Editor

Last week we had a letter from an 82-year-old grandmother who wants to bake cookies to send to her grandson overseas. Written in a beautiful flowing hand, the letter says in part:

"I am ready to bake some (cookies) to send to our grandson in the Air Force overseas. I can't remember the kind that keep well . . . so I am coming to you for the advice."

We think there are others in the Pontiac area who might be sending goodies to sons, husbands and grandsons overseas. We've hunted up some new recipes for them to use as well as for Mrs. Bessie Gallagher, our correspondent.

Wrap each cookie separately in aluminum foil or plastic wrap; in the case of thin cookies put two together, back to back before wrapping. Cushion the bottom of the box with crushed paper or unbuttered popcorn. Fill in all cracks and cover the top with the same.

If your cookies are going overseas, it is better to pack them in metal containers. Coffee cans do well. You can seal the edge with adhesive or plastic tape.

Brownies probably take first place as the universally favorite cookie. Just be careful not to overbake them. You want them to stay moist until they reach their destination.

If you want to vary your regular Brownie recipe, add four teaspoons of instant coffee with the sugar to make Mocha Brownies. Three-quarters of a cup of finely chopped coconut may be substituted for the half cup of nuts usually called for in a Brownie recipe.

Simple drop cookies pack well and keep their good flavor while traveling. These sour cream drops have oatmeal in them.

Sour Cream Drop Cookies

1 cup brown sugar, firmly packed
½ cup soft butter
1 egg
½ cup sour cream
1 teaspoon vanilla
½ teaspoon nutmeg
½ teaspoon soda
2 teaspoons baking powder
½ teaspoon salt
2 cups sifted flour
1 cup uncooked rolled oats
1 cup raisins or walnuts, chopped

Add sugar to butter, creaming until fluffy. Add egg and beat well. Add sour cream and vanilla. Sift dry ingredients together; stir into first mixture. Add raisins or nuts.

Drop by teaspoonfuls onto buttered baking sheet. Bake in moderately hot oven, 375 degrees, for 12-15 minutes or until done. Cool on rack. Makes 2 dozen.

Filled cookies keep moist for some time. This recipe uses apple butter for the filling.

Apple Butter Bars

1½ cups sifted all-purpose flour
1 teaspoon baking soda
1 teaspoon salt
2½ cups quick-cooking oats, uncooked
1½ cups sugar
1 cup butter or margarine, melted
1½ cups apple butter

In a bowl, sift flour, baking soda and salt together. Stir in oats and sugar; mix thoroughly. Add melted butter or margarine; blend well.

Press half of mixture very firmly into a greased 12"x8"x2" baking pan. Spread with the apple butter. Cover with the remaining oat mixture; pat lightly.

Bake in a moderate oven, 350 degrees, 45 to 55 minutes, or until lightly browned and done. Cool in pan. Cut into bars.

★ ★ ★

Thin rolled cookies are apt to arrive in a dozen pieces. But these pinwheel slices should pack nicely. You may use them as icebox cookies at home.

Wheat Pinwheels

1 cup shortening
2 cups sifted brown sugar
½ teaspoon salt
2 teaspoons vanilla
2 eggs, unbeaten
¾ cup wheat germ
3 cups sifted all-purpose flour
3 teaspoons baking powder
½ cup chopped nuts
1 square melted chocolate

Cream shortening with sugar, salt and vanilla. Stir in eggs, wheat germ and flour sifted with baking powder. Mix well. Divide cookie dough into equal parts. To one half add the chopped nuts; to the other half add the melted chocolate. Chill dough.

Then roll each part ⅛ inch thick. Place chocolate layer on top of light layer and roll together. Cut in thin slices. Bake in moderate oven (375 degrees) 10 minutes. Makes 5 dozen cookies.

New Way to Use Leftover Pork Roast

Flavorful way to use leftover roast pork.

Skillet Pork and Cabbage

2 tablespoons margarine
1½ cups diced cooked pork
2½ cups coarsely shredded green cabbage
½ teaspoon sugar
3 teaspoons (about) soy sauce

Melt butter in 10-inch skillet over low heat; add pork and brown lightly. Add cabbage, sprinkle with sugar and soy sauce; add soy sauce 1 teaspoon at a time because amount needed will depend on its strength; the dish should be lightly flavored.

★ ★ ★

Cover tightly; cook over very low heat, stirring a few times, just until cabbage is slightly wilted but still crisp. Serve at once. Makes 3 servings.

Help for Messy Cooks

No need to spatter the batter over a cookbook's pages if you have the "Cookindex," an attractive styrene plastic cabinet that holds 1,000 recipes. It's made so a recipe card may be inserted and easily viewed through a panel atop the cabinet. The product is offered by Webster Unified Inc., New York, N. Y.

Cold Weather Drink

These are wintry days when steaming hot drinks come into their own. For one such, we suggest a toddy made of 2 cups of brewed tea, 2 cups apple juice, 1 tablespoon sugar and 6 whole cloves all heated together, then strained and served with lemon slices. This makes enough for 4 servings.

Don't Skip Breakfast

Ever thought about why nutritionists tell you to eat a good breakfast? The average person spends about 12 to 13 hours without hearty food between the dinner meal and breakfast, remind extension home economists at Michigan State University. Those "breakfastless" folks stretch this to 18 hours to the lunch period — then wonder why the "midmorning slump."

Nutty Fingers of Bread Good Breakfast Treat

Brazil nut cinnamon sticks are delicious hot breads for breakfast. To make them, cut six 1-inch slices from a loaf of unsliced bread. Remove crust and cut each slice into 3 finger-length strips. Dip strips into ⅔ cup evaporated milk; brush with 4 tablespoons melted butter.

Then combine 2 tablespoons cinnamon, 6 tablespoons sugar and 6 tablespoons finely chopped Brazil nuts. Roll bread strips in nut mixture. Place strips on rack in shallow baking pan and bake in moderately hot oven (400 degrees) for 20 minutes. Yield: 18 strips or 6 servings.

Holly at Keego, Dragons vs Avon

Holly's visit to West Bloomfield and a Lake Orion-Avondale clash feature a full slate of prep activity for Class B and C hoop teams in this sector tonight.

The Broncos have been rolling along close on the heels of unbeaten Brighton in the Wayne-Oakland race but every game is a "must" one from here in.

They will find no easy task at Keego Harbor unless they can bottle up John Lucadam pretty well. The same is true of Brighton which will be at home against a fast-improving Clarenceville five.

Clarkston, even more so than Holly, needs to keep winning from now on to remain a threat. The defending champions will host a Bloomfield Hills quintet which has failed to hit the form expected of the Barons earlier. Milford seeks its 2nd victory against Northville.

★ ★ ★

Avondale and Orion are currently locked in a tie behind Troy and Fitzgerald in the Oakland B chase with 2-2 records. Both have been unpredictable from week to week with the Dragons appearing the more steady over-all.

Fitzgerald and Troy hook up in a big battle while Clawson meets Madison rounding out the slate.

Unbeaten Rochester seeks more state prestige and its 8th successive win at home against Lapeer in its 2nd Tri-County outing. The Falcons and tomorrow visitors each have 1-0 marks thus far. Romeo meets L'Anse Creuse in the other loop tilt.

Millington at Ortonville and North Branch at Oxford make up the South Central slate with 1st place occupant Imlay City idle.

A full Southern Thumb schedule will be highlighted by a battle between two of the three teams deadlocked for the league lead. That game will have New Haven at Almont. Anchor Bay, the other frontrunner, will visit Armada. Dryden goes to Brown City and Memphis vs Capac in others.

★ ★ ★

Other games in the area will have Royal Oak Shrine at St. Theresa, Utica at Lakeview, South Lyon involved in a 1st place duel with Boysville in the League of the Lakes, and Oak Park at Lamphere.

AP Wirephoto

$80,000 CALL — Willie Mays, San Francisco Giants' outfielder calls his home to tell his family he has signed his 1959 contract. He met with Horace Stoneham in New York and the contract is estimated at $80,000.

Says "People Come to the Ball Park"

Mays Likes New Home With 'Frisco Giants

NEW YORK (AP) — Now that Willie Mays is the richest man on 168th street he can't live in peace. People keep calling him up in the middle of the night (say 11 a.m.), asking to talk and take pictures.

★ ★ ★

"Where's all that dough?" a visitor asked of the man who signed with the San Francisco Giants for a reported $80,000 salary. "I thought you'd have the floor paved with $100 bills."

Willie smiled. "Uncle Sam gets most of that," he said. "It's all right as long as you can keep a little."

Mays owns a four-story apartment house off Broadway, a block off the subway. It juts up from the street like a San Francisco hill. About 30 steps and you are there.

★ ★ ★

The late movie and the late late movie keep Willie glued to the television set, until the wee small hours. Consequently he sleeps late. A little basketball at the "Y" and a few games of pool in the finished basement help pass the time.

Willie's wife left for San Francisco earlier in the week. The Giants' center fielder will follow after the Feb. 1 dinner of the baseball writers.

After a year in California, it seemed the time to ask Mays for his reactions to his new summer home.

★ ★ ★

"It's all right," he said. "People come to the ball park. That's what I like."

How about the people who booed last spring?

"The people out there treated me real well," he said. "Those that booed, I think, were people who never had been at a game before. You know, they didn't know what to expect.

"Now I think the people realize they really have big league ball. A year has gone by. They are getting used to the idea of the Giants, not the Seals (San Francisco's old minor league team). I think it will be different."

★ ★ ★

And the ball club. Can the Giants do better than third?

"I hope we finish higher," he said. "The main factor is the pitching. We score a lot of runs. We had a lot of new boys last year, like (Orlando) Cepeda, (Jim) Davenport, (Willie) Kirkland and (Leon) Wagner. They should play better ball.

Unbeaten Dearborn Tops Junior Colleges

By The Associated Press

High-scoring Dearborn Junior College, averaging better than 90 points a game, is leading the Michigan Junior College athletic conference in basketball with a perfect record through seven games.

Dearborn has scored 635 points leads the 12-team circuit by a full game over runnerup Benton Harbor JC.

Several teams, however, are still in the running for the title.

The standings:

Dearborn	7	0	Jackson	4	4
Benton Harbor	6	1	Port Huron	3	6
Bay City	6	2	Traverse City	2	5
Alpena	5	2	Battle Creek	2	6
Grand Rapids	5	2	Muskegon	1	7
Flint	4	2	Highland Park	0	8

WEDNESDAY'S FIGHTS

WASHINGTON, D.C.—Lahouardi Godih, 139½, Algeria, outpointed Eddie Perkins, 138, Chicago, 10.

Virgil, Demeter Sign Contracts

Six Bengals in Fold Now; Allen Park Pair Join Farm System

DETROIT (UPI) — The Detroit Tigers have signed six players to 1959 contracts.

The latest in the fold were Ozzie Virgil and Steve Demeter, rivals for a third base job with the Tigers. Both returned their signed contracts yesterday.

Virgil batted .244 last year after being called up from Charleston. He was the first Negro ever to play with the Tigers. Virgil has been playing in a winter league in the Dominican Republic.

Demeter hit 18 home runs, drove in 88 runs and had a .309 batting average with Birmingham last season.

The Tigers also announced that two Allen Park boys, southpaw hurler James Fekete, 18, and catcher Gerald R. Thonie, 19, have signed contracts with clubs in the Tiger farm system.

Big Difference!

A cocker spaniel pup should grow a half a pound a week. A great Dane should add five pounds.

Smith Believes Hillsdale Can Win Santa Anita

DETROIT (UPI)—C.W. Smith's Hillsdale, the new darling of racing fans everywhere, goes after $187,000 top money next weekend in the Santa Anita maturity.

Smith believes his horse can win it. The Detroit Engineering executive, who makes money on engineering and racing and loses it promoting fights, is thinking positively about the big race.

Smith said he expects a field of 15 or 16 horses entered in the $200,000 race, which will be run over a mile and a quarter distance.

Hillsdale, the surprise champion Smith secured for $25,000, probably will carry top weight.

Big Scores in 'B' Tilts

Point totals went high in class B city league games last night.

Booth Homes won a high scoring affair, 68-67, from Field Landscape and Griffs trounced Rex Standard, 72-35.

Five players hit in double figures for Fields and four for the Booth team.

Jim Poteet's 21 led Booth with Bernie Stafford and Harry Edgington each getting 13 and Jerry Long getting 12.

For the losers, Roger Nosek hit 17, Jim Skimmer 16, Jerry Hill 11 land Art Larson and Bud Hayward 10 each.

George Lang was Griff's top man with 20, followed by Al Hart with 17, John Collins had 10 for Standard.

30 Elks Teams in State Meet Saturday

Lady Bowlers Resume Action in National Here

State Men's, Eagles' Other Tournaments Are Going Strong

Another big weekend is on tap for the men and women bowlers of the Pontiac Elks Club as play resumes in two big tournaments.

A total of 30 men's teams will be traveling to Ann Arbor over Saturday and Sunday in an invasion of the Michigan Elks tourney on the 2nd weekend of the annual affair.

Also in the 2nd round will be the Ladies National Invitational being held here at the Lodge 810 alleys with participants from five states taking part.

The men will be out to do something about an almost complete sweep of 1st places made by Ferndale keglers last weekend. A small local group failed to place among the leaders.

There will be 58 doubles teams and 116 singles entries from the Pontiac lodge battling for some of $14,722 in prize money during he two days.

Except for team standings, Pontiac people were pretty well left out of the running as the women's tourney started last week.

Thirteen teams, 13 doubles duoas and 26 singles contestants will be representing Pontiac this weekend in the Invitational against topnotch performers from St. Louis, Missouri, Royal Oak, Port Huron, Ann Arbor, Kalamazoo, Monroe and Muskegon.

Also entering their 2nd weekend of activity will be the state men's tournament for all men at Detroit and the Eagles' state meet at Adrian.

The women's leaders:

11th Frame

By CHUCK ABAIR

Most people spend a lifetime trying to bowl a 300 game but Pontiac's Bob Gormong has accomplished the feat twice in as many months here.

His latest perfect game was Monday night in the West Side Classic. It helped Stroh's pick up three points in one of the city's top leagues.

It was his first sanctioned 300 since the December effort had been during open bowling at Motor Inn where he competes in a house league. Bob has already received a $50 gift from West Side proprietor Sam Perna and plans are in the making to present him a huge trophy. He also will be honored by ABC.

It was the first perfect performance in 12 years of league bowling for the employe of a local distributing firm. The score enabled Gormong to also hit his 1st loop 700 series. His other totals were 170 and 228 for 708.

★ ★ ★

"I was plenty nervous and thinking of it all the way. The other boys helped me a lot by talking it up so I couldn't' notice my knees shaking," said the happy veteran who carries a 192 average.

Another West Sider to top 700 for the 1st time recently was Al Papazian who totaled 720 featuring a 257 game. He is among this sector's most improved keg stars with only four years league experience.

Both Gormong and Papazian are added candidates for the Pontiac 700 Chapter. Clark Balch is trying to form. Another meeting is set for Sunday.

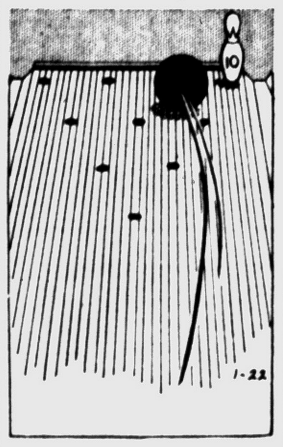
HERE AND THERE

Julie Wiginton and Violet Rowden, both of Shaw's, have rolled the only all-spare games in the Ladies All Star league . . . Many area keg fans were rooting for Joe Joseph in the big tourney at Buffalo. He has made a lot of friends here as an instructor at Huron Bowl . . . Frank Mitzel, secretary of the Greater Detroit Bowling Association, has 11 grandchildren.

Add top scores: D. Johnson 245 and M. Collins 649 in Lake Orion Men's A; Lois Arms 232 and R. Peterson 620 in Lakewood One O'Clock; C. Mason 257 and 661 in Elks House.

Also, C. Wooley 237 in Cooley Junior House; C. Nelson 266 in Multi-Lakes at Maple Lanes; M. Dwire 238 and E. Beanblossom 602 in Ladies Huron House; and M. Smith 234 in Elks Ladies' Monday loop. . . 15 Huron Classic members averaging 200 or better.

Strikes and Spares



By JOE WILMAN

Missing the 10-pin on the left, as shown in today's drawing, is a common fault of bowlers with a big, wide-breaking hook. It can also bother a bowler with a short hook when he faces the alleys that make his ball hook more than normal.

A smart bowler will learn when and how to adjust if he misses the 10-pin. He'll make a mental note to adjust a bit when he has the same shot again. Perhaps he will increase the speed of his ball a bit to cut down on its hooking action. That's the touch of a real expert. Or maybe he'll just reduce his finger lift or wrist turn a bit to get the same results—less hook.

The point I'm making is that the smart bowler will know when and how to make any adjustments.

(Copyright 1959, John F. Dille Co.)

Fazio Starts Lakewood Series

'Beat the Pro' Saturday

Nationally famous bowling star Buzz Fazio will launch the "Beat the Pro" series at Lakewood Lanes Saturday night when he competes against four area keglers who have survived an elimination series.

Coming here fresh from an impressive showing in the big All-Star event at Buffalo, the diminutive former captain of the three-time national champion Strohs team of Detroit will also be at Lakewood in the afternoon for an instruction session.

A long list of prizes has been set up to cover the monthly program. Top awards will go to anyone beating a pro or to those coming the closest in score to the guest.

There will also be awards for high series, high game and others. All prizes are donated by area merchants and the sponsoring "house."

★ ★ ★

A red-hot elimination duel is planned for Saturday in order to determine Fazio's opponents. Two will come from league participants and two will be open bowlers.

Lakewood proprietor Bill Kuklinski has been listing the top series rolled by keglers in both groups for several weeks. The 1st 16 on each list by Saturday will enter the eliminations. Open hopefuls will start at noon followed by the league members at 1 p.m.

Fazio will arrive here direct from a Detroit event. The former ABC Masters champion now captains the national champion St. Louis Falstaffs. He made the All-America team four straight years and twice shared national doubles titles and has one of the few 300s ever rolled in the annual B.P.A.A. All-Star.

HERE SATURDAY — Former ABC Masters champion Buzz Fazio will be the 1st guest star as Lakewood Lanes begins its "Beat the Pro" series Saturday night. He will give instructions during the afternoon.

Leaders Predict Business Will Continue to Get Better

NEW YORK (AP)—Business will keep on getting better in 1959 but there are some troublesome "if's" on the economic horizon. That's the consensus of business leaders in talks prepared for a meeting of the National Industrial Conference Board (NICB) today.

"All together, the outlook for the railroad industry is better than a year ago but not as bright as we would wish," said William White, president of the Delaware & Hudson Railroad Co.

Freight traffic, the financial lifeblood of the railroads, should increase about 10 per cent over 1958, he said, but the burden of passenger deficits will grow heavier.

More optimistic was T. F. Patton, president of Republic Steel Corp., who declared: "We are not anticipating a record year, but it should be one of the best years in our history." Steel production should total 110 million tons vs. 85 million last year, he said.

Roy C. Ingersoll, chairman of Borg-Warner Corp., a major supplier of automotive parts, said growing popularity of small foreign cars will affect sales of U. S. autos.

"This year's car production has been forecast all the way from 5½ million units up to 1957's production of 6,120,000," he asserted. ". . . my own forecast is somewhat on the low side—that is, between 5,000,000 and 5,200,000."

Joseph A. Grazier, president of American Radiator and Standard Sanitary Corp., the nation's biggest supplier of plumbing and heating equipment, forecast a continued high level of home building—if Congress and the federal government cooperate.

If Congress votes additional funds to keep the various federal housing agencies functioning and if interest rates are favorable, he said, "we can expect that the volume of new home building in 1959 will amount to about 1,170,000 to 1,200,000 units—virtually the same as in 1958."

Ralph Lazarus, president of Federated Department Stores, said big store sales will hit a new peak in the first six months this year—up 4 or 5 per cent over the first half of 1958.

FTC Files Complaint on Benrus

WASHINGTON (AP) — Benrus Watch Co. Inc., New York City, today was accused by the Federal Trade Commission of fictitiously pricing its watches and misrepresenting their quality.

The complaint also named a Benrus affiliate, Belforte Watch Co. Inc., also of New York.

According to the complaint, purported retail prices advertised by Benrus and Belforte and printed on tickets attached to the watches are fictitiously high.

Because of this, it charges, advertised trade-in allowances on old watches will not produce a savings for the purchaser.

The complaint challenged the companies' guarantees as deceptive.

The FTC said advertisements stating that low-priced models are available at the company's retail outlets are false. The commission alleges that these claims are made merely to lure purchasers into the stores so they may be induced to buy more expensive watches.

Benrus and Belforte have 30 days in which to answer the complaint. Hearing is scheduled for March 16 before a FTC examiner in Washington.

Man-Eating Sharks Both Smell, Hear

SAN DIEGO (AP) — Sharks can smell and sharks can hear, says a scientist who observed them from a submarine cage.

Conrad Limbaugh of the University of California's Scripps Institution of Oceanography also reported that the so-called man eaters could be kept away by a repellent color or odor.

He said they hunt mostly by smell, by swimming up current. They responded to pounding on the metal side of the cage, by swimming to investigate it.

Experience Teaches

ORISKANY, N. Y. (UPI)—Fire Chief Carl Smith sad "I don't know if the experience was worth it" after he got a chance, for the first time in 28 years, to drive the village fire truck. The fire was at his own home and it caused an estimated $1,500 damage.

Union to Drive for Pay Boosts

AFL-CIO Spurns Ike's Plea to Curb Increase in Wages

WASHINGTON (AP) — AFL-CIO leaders, spurning President Eisenhower's renewed plea to curb wage increases, meet today to chart a new drive for pay boosts.

★ ★ ★

Al G. Hayes, president of the Machinists Union, said in advance of a meeting of the AFL-CIO Economic Policy Committee he does not agree with the President's wage-price policies.

Saying prices and overly high profits are to blame for inflation, Hayes added that "I don't agree with the implication that decent wage rates are responsible.

★ ★ ★

"It is misleading to the American people."

Hayes is a member of the AFL-CIO policy group headed by United Auto Workers chief Walter Reuther. Its position has been that wages are too low in relation to costs and profits.

★ ★ ★

The President's annual economic message to Congress Tuesday said most indicators are pointing upward but renewed inflation could retard recovery prospects.

Eisenhower urged business to keep down prices and labor to confine wage increases to improved output.

★ ★ ★

Similar Eisenhower pleas for moderation have fallen on deaf ears in the past. Both consumer prices and wages are now at record highs by the government's measurements.

Detroit Area Steel Mills at 96.1 Pct. of Capacity

DETROIT (AP)—Detroit area steel mills have scheduled operations at 96.1 per cent of capacity and expect to produce 144,870 tons of steel this week.

Iron Age, the national metal-working magazine, said the figures compare with actual production last week of 144,700 tons or 95.5 per cent of capacity.

In the same week a year ago production had fallen to 51 per cent of capacity, resulting in production of 66,300 tons, the magazine said.

Business and Finance

Newspaper Ads Hike Car Sales

American Motors Cited by ANPA Group for 1958 Campaign

CHICAGO (AP)—American Motors Corp. has been cited for consistent and imaginative newspaper advertising which contributed to an 80 per cent increase in sales in 1958.

The citation was handed to George Romney, American Motors president, by Charles Lipscomb, president of the Bureau of Advertising of the American Newspaper Publishers Assn. Romney was guest speaker Tuesday before members of the Newspaper Advertising Executive Assn. meeting in Chicago.

Romney received the first copy of a brochure prepared by the Bureau of Advertising describing American's emphasis on newspaper advertising in 1958, the year American sales increased 80 per cent while other major producers of automobiles suffered sales declines.

American devoted more than half its advertising budget to newspapers. The brochure quoted Roy Abernathy, American vice president in charge of automobile distribution and marketing, as saying American plans an even heavier newspaper advertising campaign in 1959.

Hibernation Out for GOP Elephant

DES MOINES, Iowa (AP) — President Eisenhower told the Republican National Committee Wednesday that the GOP must not become a "hibernating elephant" that awakes only at election time.

In a message to National Chairman Meade Alcorn, the President called for a sustained year-around program of Republican campaigning which would imprint the image of "progressive leadership" on the party.

★ ★ ★

This was in harmony with Alcorn's own recommendations to the National Committee in its initial meeting of a two-day session that the party "preach and practice an enlightened Republicanism 365 days a year."

Saluting Alcorn's proposal for formation of a year-around campaign staff, Eisenhower said the session here should become 'the first step in a continuous work program of the Republican party that will never cease."

★ ★ ★

"I deeply regret that some people look upon our party as a kind of hibernating elephant who wakes with a mighty trumpet blast at election time and then rests calmly until the next campaign," Eisenhower said.

"Political activity must be a matter of unremitting effort. It must go on 365 days a year if we are to maintain the vitality that has made our nation great. Only 658 days remain until the next national election. We must make each of them count. Every day we lose is one we can never get back."

★ ★ ★

Eisenhower called for action to induce a "clear understanding of our long-range objectives." Only in this way, he said, "can we lift creative Republicanism to new heights of national achievement."

MARKETS

The following are top prices covering sales of locally grown produce brought to the Farmer's Market by growers and sold by them in wholesale package lots. Quotations are furnished by the Detroit Bureau of Markets, as of Monday.

Livestock

DETROIT LIVESTOCK

DETROIT (AP)—Hogs—Salable 250. Early trade on limited supply butchers and sows 25 higher; mixed No. 2 and 3 180 to 230 pound butchers quoted from 17.25-17.50; mixed No. 1 and 2 17.75-18.00; No. 2 and 3 230 to 300 pound butchers quoted from 15.50-17.00; mixed grades of sows 300 to 600 pounds 13.00-15.25.

Cattle—Salable 300. Trade on limited early supply slaughter classes strong affair; one load low choice 1157 pound steers 29.00; a small load of mixed high good to low choice around 1100 pound steers 28.10; scattering of utility and standard mixed offerings 21.00-26.00; utility cows 19.00-20.50; canners and cutter 15.00-19.00.

Vealers—Salable 50. Trade on limited early supply strong; not enough early sales.

Frondizi Meets With Ike Today

Argentine Chief Slated to Outline Economic Plans at Session

From Our News Wires

WASHINGTON—Argentine President Arturo Frondizi was expected to outline his country's economic plans today in a call on President Eisenhower.

Frondizi's White House call was the only "business" session he has scheduled with Eisenhower during his current four-day state visit to Washington.

Argentina last month received 329 million dollars in credits from this country and the International Monetary Fund. Frondizi was to tell the President the role the credits play in stabilizing the Argentine economy.

Frondizi also may lay the groundwork for future long-range economic cooperation from the United States in the form of development loans and an increased flow of private capital.

He also will confer today with Eugene Black, president of the World Bank. Argentina is interested in obtaining credits for power development.

In Buenos Aires, the hard core of the general strike against President Arturo Frondizi's austerity program collapsed Wednesday night.

Peronist leaders of 62 unions voted in a secret meeting to send their members back to work today. It was believed holdouts, mostly industrial workers, would return to their jobs in droves.

Even though unsuccessful, the strike brought sabotage acts, bomb explosions, and scuffles which left some workers and troops wounded. It cost some 200 million dollars.

His Nice Watchdog Was Thief's Friend

PHOENIX, Ariz. (AP) — Wilton Wahl was fed up with the thief who was stealing archery equipment from his car. He planned an ambush.

First he put some bows and arrows in the front seat. Then he put his watchdog in the back seat. He then climbed to the roof of his house to get a clear view of the scene. Several hours passed but Wahl could see no burglar. He climbed down and found: His bows and arrows gone, his dog resting comfortably.

Annual fur sales in the U.S. have reached one-half billion dollars in some years with domestic and imported furs sharing in the market.

Oils and Airlines Lead Market Up

NEW YORK (AP)—Oils and airlines continued to advance as the stock market made irregular upward progress early today. Trading was heavy.

Gains of leading issues went from fractions to about a point. A number of key stocks was unchanged. Fractional losers peppered the list.

★ ★ ★

The oils and airlines, laggard groups in the 1958 bull market, continued to respond to favorable Wall street comment and some better news.

Royal Dutch, which pacel the market yesterday, added more than a point. Texas Co. and Gulf Oil rose fractionally. Superior Oil of California was about unchanged after breaking through the 2,000 mark yesterday when it rose 85 points.

★ ★ ★

American Airlines was about the best of its group as it gained around a point. United Air Lines and Eastern Airlines were fractionally higher. Pan American World Airways eased following yesterday's upside splurge.

Gains of about a point by Pfizer and Schering gave the drug section a better tone.

Federal Loan Assn. Re-Elects 2 Officers

Two directors were re-elected to three-year terms at the annual meeting of Pontiac Federal Savings & Loan Assn.

Re-elected to the seven-member board were John Q. Waddell and James Clarkson.

Total deposits at the end of 1958 amounted to $16,391,064.18, the highest in history, announced Clarkson, who was reappointed as executive vice president and secretary.

Earnings after taxes and before dividends totaled $608,609.96, he said.

R. C. Cummings, another board member, was reappointed president. Six other officers were reappointed.

Declares Dividend

DETROIT (AP) — A dividend of 25 cents per share was declared Wednesday by Burroughs Corp. The dividend will be payable April 20 to stockholders of record March 28. The firm said it will be the 237th dividend, continuing a record of regular cash dividends uninterrupted for 64 years.

The nation's traffic-accident rate is so high that one automobile bumps another every 42 seconds, stationary objects are struck by a motor vehicle every 15 seconds, and automobiles and pedestrians come together violently every 3½ minutes.

MAKE OVER PAGES

HONOR FOR HOOVER — J. Edgar Hoover, director of the Federal Bureau of Investigation, poses with the "Golden Award" he received from Michigan's Democratic Sen. Philip A. Hart, on behalf of the Allied Veterans Council of Wayne County. The Council, representing 24 Wayne County veterans organizations, voted the award to Hoover for his "outstanding service" as head of the FBI.

Williams Busy on His Budget

Long-Range Plan Won't Be Ready This Week as Expected

LANSING (UPI) — The Legislature marked time in red ink today while Gov. G. Mennen Williams polished a budget that probably won't be introduced until next week.

Three bills which would ease the immediate cash crisis by mortgaging the Veterans' Trust Fund were ready for introduction today even though an attorney general's ruling on legality of the plan has yet to be made.

But Williams' aides indicated his long-range budget plan, expected to top 400 million dollars, won't be ready this week as expected.

Meanwhile, there were other money matters among the top capitol developments:

—Williams, who held tax huddles yesterday with industrialists, bankers and municipal officials, scheduled more tax conferences.

—Senate Majority Leader Frank D. Beadle (R-St. Clair) urged Williams and the Legislature to "restrict state spending to the bare minimum necessary to support only the most essential state services."

—State Treasurer Sanford A. Brown said the state general fund was down to 12 million dollars, which is the amount needed to meet payments to local governments Feb. 1. But he emphasized the situation was "fluid."

Introduction of the Veterans' Trust Fund bills would give the Legislature its first chance to grapple directly with the state's mounting fiscal emergency.

Francis Wolle invented a machine to make paper bag containers in 1852.

Missile Made by Chrysler

Jupiter Test Successful

CAPE CANAVERAL, Fla. (AP) —The Army says it has hit the target on the 12th launching of its Jupiter intermediate-range ballistic missile.

The first tactical model of the 60-foot war rocket soared 1,700 miles over the Atlantic Wednesday night on another sucessful space test, the Army said.

★ ★ ★

This was the first Chrysler Corp. Jupiter flown. The previous ones were fabricated at Redstone Arsenal, Huntsville, Ala.

The new Jupiter was very similar to the operation version that will be assigned to NATO forces in Europe in the near future.

It was the first Army launch since Dec. 13 when another Jupiter carried a small monkey named "Gordo" on a 1,500-mile trip. Although the firing was termed successful the monkey was not found.

★ ★ ★

At Vandenberg Air Force Base, Calif., launching of the first satellite there has been postponed for technical reasons.

The launching, scheduled for Wednesday, was set back more than 24 hours, but the Advanced Research Projects Agency gave no further details.

Pickle Packers Push Picnics With Pickles

PHOENIX, Ariz. (AP) — Pickle packers presume the public prefers pickles on picnics. What's more, the National Pickle Packers Assn. convinced Gov. Ernest McFarland.

He proclaimed a 10-day National Pickle Week in Arizona urging Arizonans to picnic with pickles and to pick up litter at picnics.

Lesser Aerial Assault

HARTFORD, Conn. (UPI) — Sixty-five state and local civil defense officials were holding a conference on survival in an atomic attack when the meeting suddenly broke up. The officials were attacked by a swarm of mosquitoes.

Precocious Prophet!

CORTLAND, N.Y. (UPI)—David R. Rice won the $50 bond which a local radio station offered to the person who could pick the first day when the temperature would reach 90 degrees. David is three years old.

Own Coffee Grown by Wisconsin Youth

STURGEON BAY, Wis. (AP) — The most exotic tree in Door County is a full-size coffee tree grown by Lonnie Kopitzke, Ellison Bay high school youth.

The tree bore its first crop last spring and recently produced its second crop, several hundred beans.

★ ★ ★

Lonnie's father, editor of the weekly Door Reminder, plans to serve his son's own brand of coffee to the local Lions Club.

The tree was started nine years ago when Lonnie plated six seeds sent him by the president of a coffee company in reply to the boy's letter asking for information about raising the South American tree.

Warning Notice Comes to Bank at Right Time

MIDDLETOWN, Conn. (UPI)—A few minutes after Mrs. Mabel Hajek of the Middletown Savings Bank finished reading a notice to be on the lookout for John Olson, an accused bad-check artist, in walked Olson asking to open an account.

Mrs. Hajek had another worker call police, who arrested him.

Chevrolet Parts Namer Has 48,000 Items in His Catalog

By DAVID J. WILKIE
AP Automotive Writer

DETROIT (AP)—The auto industry provides a number of unusual jobs —squeak and rattle engineers, meteorologoists, promotion planners, scientists, metallurgical experts and scores of others.

One of the strange assignments is given to the man who thinks up names for all the new or redesigned parts that go into the automobile.

The latest count shows there are more than 13,500 parts in an automobile. But each maker boasts parts can be supplied for many older models. Robert D. Pursley, who handles this job for Chevrolet, says the list of items requiring part names, runs up to 48,000.

★ ★ ★

Pursley says he found names for about one-third of that total. In addition to the names he also supplied parts numbers for them. A name has to be supplied for every new part or every time a part is redesigned.

The names have to describe the function of the unit as nearly as possible. That's why, says Pursley, a part may be called "car heater and evaporator air distribution duct valve rod and tube assembly," instead of something shorter.

★ ★ ★

The specific identification, he explains is necessary, too, to make the most effective use of the space assigned to storage of the parts, maintain uniform means of identification throughout company operations and aid in communication.

Records of part numbers and names are kept on a cass of cross-indexed file cards that total close to a quarter million.

RIGHT NAME TOUGH

Pursley has had 20 years of experience in records procedures at various General Motors divisions. He says that hitting on the right name for a specific part often is tough.

"Sometimes a name may come to me at the dinner table and I start chuckling. My wife has become used to this."

★ ★ ★

Pursley's job, incidentally, is identified as that of "part number assignment and nomenclature man of the records and specifications department."

His job is matched by all the other major car makers as is one of the newer assignments—the pasting of price labels on new car side windows. This is required by federal law and it involves a huge amount of detail.

The price label is made up from the initial car order. The order, with all the minute detail of power steering and power brakes, automatic transmission, tire size and options, and dozens of other extra-cost items, moves from the dealer to zone office to assembly plant.

★ ★ ★

The specifications sheet follows the car down the assembly line. The price label is based on the specifications sheet. The label goes on the side of the newly assembled vehicle after it moves off the assembly line. In the case of cars shipped by rail the label is affixed at the loading dock. For those shipped by haulaway truck it is placed on at the driveout gate.

The meteorologist has an assignment at the car makers' proving grounds. His job is to keep the testing departments advised of weather prospects so that certain types of experimental runs may be made in the desired weather.

The squeak and rattle engineers, of course, are the men who spot chronic noises and make recommendations for correction.

FIRESTONE Tire and Rubber Co.

Interviewing in Pontiac

Friday, January 23 -- 2-8 P. M.

at Hotel Waldron

OPENINGS IN OUR RETAIL STORES

GOOD SALARY, GOOD PROMOTION FOR MEN WILLING TO WORK

CREDIT and OFFICE MANAGER

Man with experience in finance company, credit office or accounting will be considered. Advancement to district office for right man.

Latin America Progresses in Fight Against Dictators

BY CHARLES STAFFORD
AP Newsfeatures Writer

Constitutional government is slowly stamping out one-man rule in Latin America.

Dictatorship has become perilous.

When Gen. Fulgencio Batista fled from Cuba in the early hours of 1959, he became the seventh dictator in five years to be tossed out of office—by revolution or assassination.

Only three are left. Gen. Alfredo Stroessner in Paraguay, Generalissimo Rafael Trujillo of the Dominican Republic, and Luiz Somoza in Nicaragua.

★ ★ ★

The dictator toll reads like this:

June 30, 1954: A 12-day civil war in Guatemala ended with the flight of strong-man Jacobo Arbenz Guzman.

Sept. 19, 1955: Dictator-president Juan Peron was ousted in Argentina after a brief revolt.

Sept 29, 1956: Gen. Anastasio Somoza, dictator-president of Nicaragua, died of wounds received at the hands of an assassin.

Dec 12, 1956: Paul E. Magloire, Haiti's strong man, was kicked out after trying to retain the presidency beyond the time specified in the country's constitution.

May 10, 1957: Gustavo Rojas Pinilla, dictator-president of Columbia, was forced out of office by a revolt.

July 27, 1957: Carlos Castillo Armas, Guzman's successor as Guatemalan president, was assassinated. Though not a confirmed dictator, Castillo Armas was running his country with a firm hand.

Jan 22, 1958: Marcos Perez Jimenez, dictator-president of Venezuela, was expelled by revolution.

Jan. 1, 1959: Batista fled in the face of Fidel Castro's advancing revolutionary forces.

With the exception of Nicaragua—and withholding judgment on Cuba, where the issue is still in doubt—constitutional government has followed ouster of the dictator.

This progress toward political maturity has not brought with it any automatic love of the United States, the "Colossus of the North."

★ ★ ★

Dr. Milton Eisenhower, in a report to his brother the President, found Latin Americans criticizing the United States for granting too little credit, for fixing prices and for supporting dictators.

To bolster relations with Latin America, the United States already has agreed to take part in a commission to study stabilization of coffee prices, scheduled meetings to discuss regional economic problems, agreed to take part in an Inter-American Development Bank which promises an answer to Latin American demands for easier credit, agreed to support a Latin American "common market," voted funds for an educational exchange with Latin America, and expanded activities of the U. S. Information Agency in Latin America.

★ ★ ★

The life of democracy south of the border depends, to a large extent, on the United States. A stable government does not follow automatically the adoption of a constitution.

Argentina, for example, is near bankruptcy in the wake of Peron's long rule. President Arturo Frondizi has ordered a two-year austerity program. He has warned that many of the 1,800,000 government workers—out of a total population of 20 million—will lose their jobs and meat will be scarce while cattle herds are being rebuilt.

In an effort to help, the United States has granted Argentina 329 million dollars in economic aid.

But this may not prevent the fall of the Frondizi government for labor unions still loyal to ex-dictator Peron plague the nation with strikes.

★ ★ ★

Other governments also are in trouble. Haiti, stricken with poverty, is moving toward dictatorship. In an effort to strengthen the economy, the Haitian Congress granted the president near-dictatorial powers.

In Venezuela and Colombia, new democratic governments are opposed by the military. Thus far, however, the opposition has not been subversive.

Inflation plagues the Brazilian government. And the Bolivian government has put down two revolts in the last year.

Council Eager to Adjust This Mayor's Salary

CORUNNA (AP) — The mayor of this Shiawassee County community wanted a salary adjustment.

★ ★ ★

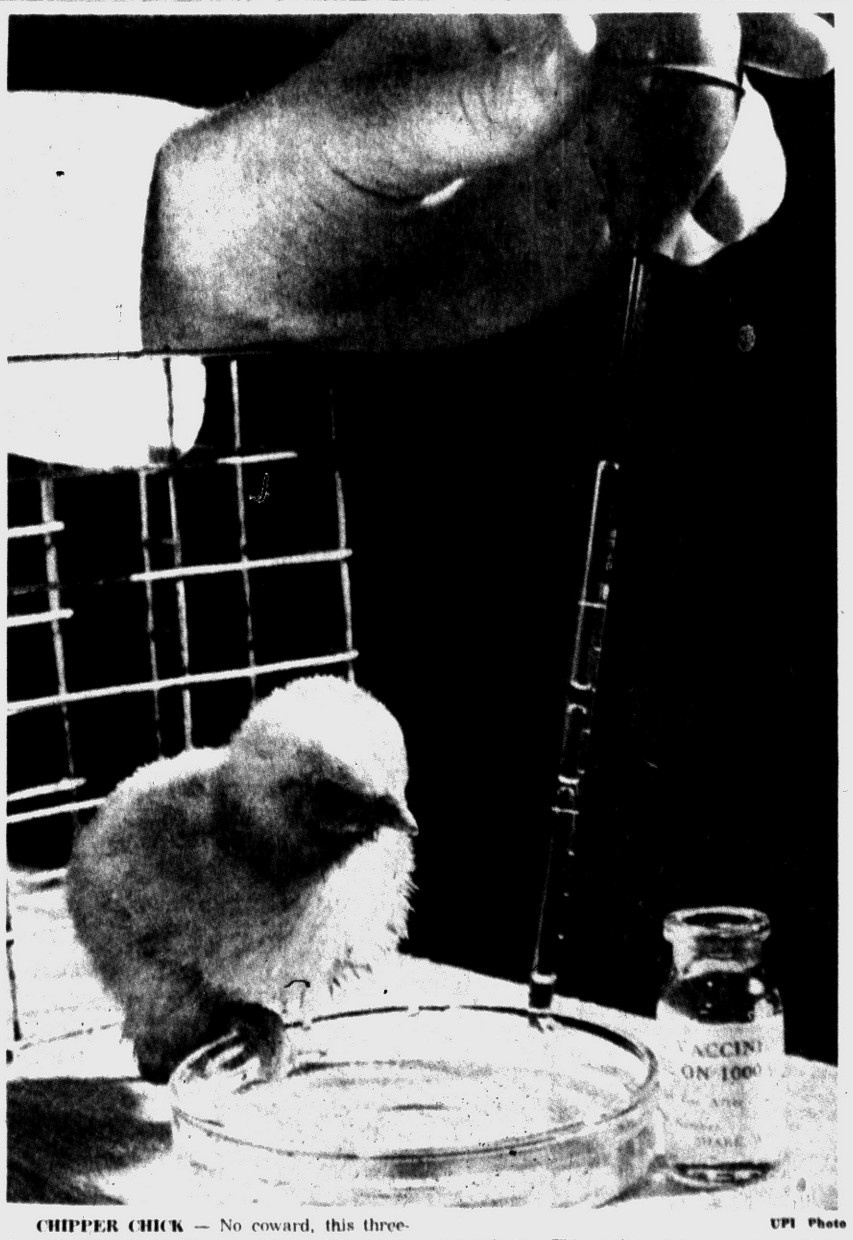
Mayor Lee Janssen put his proposal before the city council.

The council granted the request quickly and unanimously.

Janssen's new salary is $250 dollars a year—a 50 per cent cut from the $500 he had been getting.

★ ★ ★

The mayor explained that an administrative assistant recently hired by the city had reduced his duties considerably.



UPI Photo

CHIPPER CHICK — No coward, this three-day-old chick stands his ground as a laboratory technician spikes his drinking water with a new vaccine designed to immunize poultry against coccidiosis, a major disease problem in the poultry industry. This oral control program is promised to reduce drastically poultry losses estimated by the U. S. Department of Agriculture at an annual $39 million.

Banquet Tonight at Waterford

Jaycees to Hold Annual Bosses Night, Announce Outstanding Man

The Waterford Township Junior Chamber of Commerce will hold its annual Bosses Night banquet this evening at the Community Activities Center.

Highlight of the evening will be the presenting of the award to Waterford Township's outstanding young man of the year.

Herbert Stoutenberg, newly-appointed registrar and director of admission at Michigan State University Oakland, will be the guest speaker.

Honored guests will be Supt. of Schools William Shunck, the Rev. Walter Teeuwissen Jr., pastor of the Drayton Plains United Presbyterian Church, and Township Supervisor Elmer Johnson.

The dinner will begin at 7 p.m. and entertainment will be provided by soloist Beverly Wells.

Toastmaster for the event, which will be attended by the Jaycees, their bosses and their wives, will be Donald Arsen.

Woman Slain in Apartment

Detroiter, 73, Beaten, Strangled, Assaulted by Sadistic Killer

DETROIT (AP) — The savagely beaten body of a 73-year-old woman was found in her downtown Detroit apartment last night.

Homicide detectives said the woman, Mrs. Helen Van Riper, appeared to be the victim of a sadistic killer. She had been strangled, beaten about the face and head, and apparently raped.

"This is the work of a vicious, sadistic killer," said Inspector Richard Miller. "We are looking for a man who, after he kills, appears to find fiendish glee in mutilating the bodies of his victims."

The Wayne County medical examiner, Dr. Edward S. Zawadzki, said Mrs. Van Riper had suffered several broken ribs. In addition, he said, a tremendous force had been applied to her neck which crushed the vertebrae.

Dr. Zawadzki said he believed the killer pressed a rung from a broken chair down on her throat after strangling her.

Time of the attack was placed at about 9 p.m. Tuesday. But it wasn't until the manager of the apartment checked the source of a water leak last night that the body was found.

Has False Teeth at 4

CLARKSVILLE, Tenn. (UPI) — Jerry Britton is only four but he's already got a full set of false teeth. The youngster was fitted for the upper and lower plates when it was found that his gums would never grow teeth.

Pontiac Press Photo

BUSY! BUSY! — A Clarkston High School graduate-to-be, Mrs. David Land, finds life a little complicated raising two babies while studying assignments. She and her husband quit school when they were in the 11th grade, in 1955. However, she enrolled in September, and has acquired enough credits to graduate with high honors, Friday.

Mother of Two Will Graduate at Clarkston High Tomorow

CLARKSTON — Determined to complete her high school education, a Clarkston mother of two small children will be honored as the "number one" graduate tomorrow.

★ ★ ★

In fact, Mrs. Gerald Land (Carol Traylor) will be the only mid-semester high school pupil to graduate at this time. She is now a trained secretary with an "A" average, after being away from school for more than 3½ years.

In 1955, the 17-year old school girl fell in love with a classmate, Gerald. They were in their junior year when they felt that love could not wait' — and despite parental pleadings, the two quit school and were married.

Two years later little Debbie was born, and then came David, 13 months later. Gerald went to work in a factory, but was laid off last January and hasn't worked since that time.

★ ★ ★

The young family went to live with Carol's mother and father, Mr. and Mrs. Dennis Traylor. It was through her mother's urging and Carol's driving ambition to have a worthwhile education, that the girl decided to re-enroll in high school last September.

She needed only 1½ credits in order to graduate, but this time Carol had gone back to school to really learn something. She took every course that was offered in office work, including comptometer, filing, bookeeping, typing and advanced shorthand.

Carol's teachers say that she has maintained an "A" average ever since her enrollment, and now at the age of 21 Carol believes that she is a much wiser person than when she quit the 11th grade.

Carol plans on taking Debbie and leaving her parents' home Sunday on a bus headed for Florida. Her husband, Gerald has been there since October and has a promise of a good job.

"Young people who quit school to get married, just don't have any idea of what they're getting into," Carol said.

Governor Egan Showing Some Improvement

SEATTLE, Wash. (AP) — William A. Egan, Alaska's young Democratic governor who has been hospitalized since his inauguration, was reported resting comfortably today.

★ ★ ★

Dr. Henry Bosshard, resident surgeon at the hospital where Egan underwent an emergency operation Tuesday, said he looked in on the governor late in the evening and found him still holding his own.

★ ★ ★

Egan, given only a 50-50 chance to recover when he was operated on for a bowel obstruction and paralysis of the abdomen, showed some improvement Wednesday afternoon.

To Vote on Bond Issue March 3 in Waterford

The Waterford Township Board of Education last night set March 3 as the date for a special election for the approval of a $5 million school bond issue and a 5-mill tax increase for operating expenses.

★ ★ ★

The bond issue would provide funds for the construction and equiping of a new senior high school, five elementary schools, five additions to present buildings and for purchase of future school sites.

★ ★ ★

Supt. William Shunck had been instructed by the Board to present official resolutions for the special election as compiled by Detroit bonding attorney Claud Stevens.

A compilation of existing Board of Education policy statements was presented to the Board by Shunck. Members will study the report this month for action at the next meeting.

★ ★ ★

Anticipating the opening of the new Thomas M. Cooley Elementary School in early February, the Board has approved several changes in staff personel.

The present principal of Waterford Village School, Mrs. Ruth Ermel, has been named new principal of the Cooley School. Senior high teacher, Donald Arsen will replace Mrs. Ermel.

★ ★ ★

Assistant principal of Isaac Crary Junior High School, George Madden will become assistant principal at the senior high school, and Paul Ripley, a high school teacher, will replace Madden at Crary.

Board members discussed dedication plans for the new John. D. Pierce Junior High School and decided to set the date for sometime in April.

City Teenagers to Hold March of Dimes Drive

Teenagers throughout the city who are members of the Teens Against Polio will conduct a drive at main intersections and shopping areas Friday and Saturday, selling miniature lapel tags in the form of blue crutches.

John C. Cowe, Pontiac campaign director of the 1959 March of Dimes, announced that this year, the tags will identify donors to the expanded National Foundation program which will now include research in arthritis and birth defects as well as polio.

Train Jumps Tracks Near St. Joseph Depot

ST. JOSEPH (UPI) — A Baltimore and Ohio passenger train en route from Chicago to Grand Rapids was derailed about a half mile south of the depot here last night.

Ticket agent Cap Buck said the front wheels of an empty Pullman car jumped the tracks as the train, carrying about 200 passengers, approached the St. Joseph depot. No one was injured.

There are 32 companies with assets of more than one billion dollars which maintain their headquarters in New York City.

AP Wirephoto

BRINK'S INFORMER AT WAKE — Joseph J. (Specs) O'Keefe, left, who turned informer in the million dollar Brink's robbery, leaves a Boston, Mass., funeral home under guard, after praying at his mother's casket. He pleaded guilty in the $1,219,000 robbery, and his sentencing has been held up pending a state Supreme Court appeal.

Ohio produces about 3 per cent of the nation's apple crop in a normal year, and North Carolina has become one of the major producers.

NOTICE OF SPECIAL ELECTION AND of Registration of Voters.

To the Electors of the Village of Clarkston:

Notice is hereby given that a special Village election will be held at the Village Hall, 25 S. Main Street, in the said Village, upon Wednesday, the 25th day of February, 1959, at which there will be submitted to the vote of the electors of the Village, the question of ratifying a certain public utility franchise contained in an ordinance adopted by the Village Council at its meeting held upon the 12th day of January, 1959, which said ordinance is entitled as follows:

An Ordinance, granting to Consumers Power Comany, its successors and assigns, the right, power and authority to lay, maintain and operate gas mains, pipes and services on, along, across and under the highways, streets, alleys, bridges and other public places, and to do a local gas business in the Village of Clarkston, Oakland County, Michigan, for a period of thirty years.

On the date of said election, the polls will be open at 7 o'clock in the forenoon, or as soon thereafter as may be, and will be kept open until 8 o'clock in the afternoon, Eastern Standard Time, when they will be finally closed.

The Village Clerk will be in his office on the 26th day of January, 1959, said date being the thirtieth day, as determined by statute, preceding the date of said election, for the purpose of reviewing the registration, and registering such of the qualified electors of the Village as shall appear and apply therefor which registration may be made on said date, between the hours of 8 o'clock a.m. and 8 o'clock p.m., Eastern Standard Time.

By Order of Village Council.
RALPH THAYER,
Village Clerk
Jan. 15, 22, '59.

Death Notice

AVERY, JAN. 20, 1959, WILLIAM, 2452 Pine Lake Ave., Keego Harbor; age 83; dear father of Miss Edna Avery, Mrs. Norman (Lottie) Thompson and W. Howard Avery; also survived by three grandchildren and one great-grandchild. Funeral service will be held Thursday, Jan. 22, at 2 p.m. from the C. J. Godhardt Funeral Home with Rev. Robert H. Benedict officiating. Graveside service will be conducted at 2 p.m. Friday at McBride Cemetery, Montcalm County. Mr. Avery will lie in state at the C. J. Godhardt Funeral Home, Keego Harbor.

IT'S SPRING IN ROCHESTER

Our used cars are selling so good that one would think it was good old spring time. We attribute this to the fact that our reconditioned used cars are far above average and our prices are at all times fair. Don't take our word, come see! Open 'til 9 p.m. or later.
