

Watermelon Season Arrives With July

PICNIC SPECIALTY — Among the joys of midsummer is the arrival of the watermelon season. Russell Clemons, 9, is demonstrating proper appreciation at his father's farm in Miami. But we don't have to go to Florida now for the same enjoyment for

melons are appearing in local markets in large quantity. An Independence Day picnic or backyard celebration is not complete without one.

UPI Photo

Officers Slate Holiday Vigil

**All Law Enforcement
Units Joining in Effort
to Hold Down Accidents**

Law enforcement officers throughout Oakland County will begin a three-day vigil on county highways and lakes beginning tomorrow noon, in a concentrated effort to hold down Independence Day weekend fatalities.

The Automobile Club of Michigan has estimated that more than 3,000,000 cars will jam Michigan highways during the weekend.

All days off at the Oakland County Sheriff's Department have been canceled for Friday and Sunday, expected to be the peak periods.

Detectives will hold down desks in order to free deputies for road patrol. The department's 25 special uniformed lake deputies will be out in full force patrolling lakes which are expected to be crowded, with warm weather forecast.

The special shifts will continue through the official holiday period until midnight Sunday. Two guardsmen will supplement the regular Pontiac Post force.

In many areas unmarked and semi-marked cars will supplement the State Police road patrol. A total of 20 persons were killed in traffic accidents over the 102-hour holiday period in 1957 throughout the state.

Soft Lights and Music!

DENVER, Colo. (UPI) — David Hamill, head of the rural electrification program, complained today man has worked thousands of years to get from candles to electricity, but his wife still uses candles on the dinner table. "I'm not having much influence on my wife," the electrification chief said.

Pennies Count Up

GREENSBORO, S.C. (UPI) — Rose grower A. K. Moor Sr. agreed to pay his two grandchildren a penny for each Japanese beetle they caught and killed. The children already have exterminated 2,700 — or \$27 worth.

Comic relief on your VACATION

But None of 9 County Victims Swimmers

'58 Drowning Toll Higher

Six-month figures released today show an increase in drownings on Oakland County Lakes this year as compared to 1957.

Although temperatures have been considerably cooler this year, which might keep would-be swimmers away from area lakes, there have been four more drownings in 1958, according to figures at the Oakland County Sheriff's Department.

Through June a total of five persons drowned in county lakes last year. Nine have drowned so far this year.

Temperatures this spring and summer have thus far averaged

four to five degrees lower than those of last year.

Oakland County Sheriff's Deputy Bill Jackson, department skin diving expert, has an answer for the strange figures.

LESS RAIN

"It is true that the cooler weather so far has kept people out of the water, but the lack of rainy days hasn't kept them away from it."

None of this year's victims drowned while swimming; four drowned while playing "near" water, having fallen in, and five drownings occurred from boating mishaps.

Of last year's six-month total, two victims were swimmers, two were boating, and one was water skiing.

Weatherwise, figures show a total of 10.71 inches of precipitation during the first six months of 1957 as compared to only 4.64 inches this year.

Jackson's theory is that, "With more cold weather we've cut down on swimming fatalities, but the greater number of fair weather days has given more children the chance to play near water and fishermen the chance to get out in boats."

"Actually, rain keeps people away from area lakes more than cool weather does," he added. "Therefore, we've had much more lake activity with the clear weather so far this year."

START EARLIER

This is supported by the fact that in 1957 all five drownings in the first six months occurred in June. So far this year there have been three in April, four in May and two in June.

Because drownings on area lakes began occurring earlier this year, authorities fear the possibility of a record number by the end of the summer.

Last year, July was the worst month, counting a total of eight victims. With stepped-up lake patrols to curb reckless and careless boating practices, the sheriff's department hopes to keep the number of 1958 drownings under control.

Oakland County Sheriff Frank Irons cautions persons to swim in pairs and observe usual safety precautions. He also urged parents to keep a sharp eye on tots wandering near the water.

Warnings to boaters include never operating a boat while under the influence of liquor, keeping speeds down, never overloading a boat of any kind, and confining boating and fishing trips to daylight hours.

Of the five drownings from boating mishaps this year, four of the victims came from two separate boating mishaps. Both mishaps occurred after dark when few, if any, other people were on the lake.

Henry Reprimanded for Part in City Suit

Following a reprimand by fellow City Commissioners on questions of "ethics and propriety," Commissioner Milton R. Henry today was to withdraw his name from a suit against the city and two of its top officials.

Henry, an attorney who filed the suit last week against City Manager Walter K. Willman and Police Chief Herbert W. Straley, said last night he was "perfectly amenable" to another attorney taking over the case.

His acquiescence came after other commissioners indicated they were prepared to adopt a strongly worded resolution condemning his action and ordering the city attorney to seek a court ruling disqualifying him from the suit.

The resolution accused Henry of attempting to represent "conflicting interests" and of acting in a "dual relationship." It called his part in the law suit "illegal."

Henry denied these allegations, stating that he was trying "to uphold the constitution, which I am sworn to do, both as an attorney and as a commissioner."

He agreed to ask a former law partner, Henry Cleage, of Detroit

to take the case, but refused to withdraw the proceedings he has already filed. Henry also reserved (Continued on Page 2, Col. 5)

City Banks to Close July 4 'til Monday

Pontiac banks and savings and loan associations will be closed from 3 p.m. Thursday until Monday morning in observance of the Fourth of July holiday. They will not be open Saturday.

City and county offices will also be closed Friday, Saturday and Sunday.

The Downtown Merchants Assn. has recommended that stores remain open until 9 p.m. Thursday, close Friday and resume regular hours Saturday.

Hospital Space Called Vital for Mentally Ill Children

Urges Transfer of Senile Patients

Oakland County Probate Judge Arthur E. Moore has proposed that many senile patients be transferred from state hospitals to make room for mentally ill children.

Judge Moore, in a resolution presented yesterday to the Michigan Probate Judges Assn. meeting in Gaylord, said "children should be given emergency preference in this matter."

He cited figures to the association showing that "there must be at least a total of 200 insane children in Michigan who need hospitalization as an emergency matter."

His resolution called for the appointment of a statewide committee "for the purpose of formulating a plan for the correction of the deplorable inadequacy in mental hospitalization and care of the feeble-minded and epileptic of this state."

The older patients, Judge Moore believed, could be placed in new boarding or rest homes constructed by the counties, thereby releasing beds for the children in state hospitals.

JUDGE ARTHUR E. MOORE

Social welfare agencies throughout the state should be asked to join with the association in formulating a plan to attack the problem, Judge Moore added.

One Way to Cool Off
WOONSOCKET, R. I. (U) — The temperature was about 90 degrees — the hottest day of the year — but residents of Short Street had snow removal in mind yesterday. They filed a petition with the city asking that their street be incorporated into the Woonsocket road system. They explained the chief benefit would be that the city would have to plow the snow in winter.

Why, Mrs. Addison!
PATERSON, N. J. (UPI) — Mrs. Blanche Addison complained to police today that while she and her husband were shopping someone stole \$800 pinned inside her brassiere.

Castro Holding Our Diplomats

Goldfine Denies Gifts to Adams Bought Favors

**Brands as Lies Charges
He Attempted to Buy
Influence in Capital**

WASHINGTON (U) — Bernard Goldfine denied today there was anything out of line in his gift-studded relationship with presidential aide Sherman Adams.

He said his family considers it has received more in gifts from the Adams family than it has given.

The 67-year-old Boston industrialist, long-time friend and patron of Adams, branded as lies charges that Adams swung federal favors to him.

His hospitality and gifts to Adams, President Eisenhower's principal assistant, were not intended and did not result in special favors from government agencies for his business interests, Goldfine said.

"Why doesn't somebody write about the things Gov. Adams gave to my family over the years?" he asked.

Goldfine came before a House investigating committee with a long prepared statement denying any wrong-doing and hurling a charge that embraced many Congress members that:

"All these expressions of horror about what I asked Mr. Adams to do and what he did are hypocrisy."

But he departed from his statement to elaborate on the point of gifts from the Adams family.

Goldfine arrived three minutes early for the hearing. The spacious room was jammed.

The hallway outside the room was crowded with those hoping to get in.

Goldfine walked stiffly and slowly up the building steps. He marched into the room with a family escort. With him were Mrs. Goldfine and two sons, H. Maxwell and Sol.

On the way up in the elevator (Continued on Page 2, Col. 3)

He Had Brake Trouble

AP Wirephoto

TELLS OF APALACHIN VISIT — John Charles Montana, of Buffalo, N. Y., testifies before the Senate Rackets Committee in Washington. He acknowledged he was at an Apalachin, N. Y., resort last November when police raided it on suspicion that a Mafia conclave was in progress. Montana swore he stopped there only to get the brakes fixed on his car. Montana, a former Buffalo city councilman, was selected for the 1956 Buffalo man-of-the-year award. (Probe story on page 2.)

Lebanon Rebels Assaulting Key Tripoli Bridge to Syria

BEIRUT, Lebanon (UPI) — Rebel forces launched an assault today on a major bridge in Tripoli controlling all traffic northward toward Syria. The army moved up tanks to defend it.

The rebel attack on the Bahsas bridge, some 600 yards north of the Tripoli city limits, came after a night of heavy firing inside and outside the northern port city.

The attack on the bridge came at 8:30 a.m. when the rebels opened up a machine gun barrage from the fringe of the rebel-held Samir area. By 9 o'clock the rebels drove to within 300 yards of the bridge.

Government forces have cut rebel life lines in the Tripoli area in an attempt to starve out the insurgents, already reported short of food and ammunition.

The army threw in tanks today to stop the attempted breakout, and within minutes the wide boulevard leading to the river crossing echoed with gunfire.

Shortly before the assault on the bridge the rebels set fire to the merchant district just inside government-held territory on the fringe of the no man's land between the two forces.

The insurgents claimed the buildings were being used by snipers of the Syrian Peoples' Party (PPS) partisans, but the army said there were no PPS forces in that area.

A government communique claimed successes throughout the country from Tripoli south to Tyre. It reported one rebel drive which penetrated close to army positions in Tripoli was repulsed. The attack on the bridge came later, following a night of rifle fire and grenade exchanges.

But Heat Wave to Remain

Thundershowers Likely

DOWNTOWN TEMPERATURES
8 a.m. 79 10 a.m. 84 12 m. 90
9 a.m. 79 11 a.m. 87 1 p.m. 91

Thundershowers are likely in the Pontiac area late this afternoon, the U.S. Weather Bureau reports, but the high temperatures will remain.

The outlook for tonight and tomorrow is partly cloudy and continued warm with a few scattered thundershowers.

The low tonight will be near 72 degrees and the high tomorrow around 87.

Thursday night will be mostly cloudy with scattered showers or thundershowers with a low around 79.

The forecast for Friday is scattered showers or thundershowers with little change in temperature.

The lowest recorded temperature in downtown Pontiac preceding 8 a.m. was 75. The reading at 1 p.m. was 91.

2 U.S. Consuls Overdue From Rebel Parley

**No Word Received by
Embassy From Pair in
Hills of Cuba**

HAVANA, Cuba (U) — There has been no word from two U.S. consuls who went into the hills of eastern Cuba to seek release of kidnapped North Americans.

That fact aroused speculation today that Fidel Castro's rebels might be holding the diplomats also.

The U.S. Embassy in Havana had expected the consuls to return by yesterday with some report on the 47 Americans and three Canadians seized by rebels in east Cuba since Thursday.

Park Wollam, consul at Santiago, was reported to have made contact with rebels near the town of Moa, where 12 engineers were kidnapped, after going into the hills Sunday morning.

Robert Wiecha, vice consul at Santiago, reportedly entered the back country around Guantanamo Bay Sunday afternoon to seek release of 30 servicemen from the U.S. naval station at Guantanamo.

The rebels also are holding two American managers of a nickel plant and two sugar mill executives, an American and a Canadian, picked up over the weekend, plus four American agricultural experts for United Fruit Co. seized on a raid Monday night.

ROADS GUARDED

More than 100 American families live in the Guantanamo Bay area. Roads there are being patrolled and curfews enforced.

Secretary of State Dulles said in Washington that the rebels are trying to blackmail the United States into intervening in Cuba.

Dulles said there will be no U.S. intervention and the United States will not pay blackmail for release of the Americans.

Rebels also have been quoted as wanting the United States to stop helping Batista, Washington denies giving such assistance.

The New York Times said today that a Cuban army drive to crush the rebels has collapsed in failure. Quoting travelers recently in Oriente province, the Times gave this account:

The army controls only the (Continued on Page 2, Col. 6)

Pesky Sound Barrier, Let's Take It Down

ALBANY, N. Y. (U) — A loud explosion rocked the Albany area yesterday, and an indignant woman telephoned the Times-Union to find out what happened.

A reporter said he thought a jet plane had broken the sound barrier.

"If that barrier keeps getting in everybody's way," she snapped "why don't they take it down?"

All Flag Manufacturers Up in the Air; They Don't Know What to Plan For

NEW YORK (AP) — The question of what to do about Alaska's 48th star has flag manufacturers up in the air and flag buyers in a tizzy.

The manufacturers, who turn out an estimated seven million Star-Spangled Banners each year, don't know what to plan for. Some say they'll keep making flags with 48 stars until the design of the new 49-star flag is officially decided.

This may not happen for another year.

"We wish the government would make up its mind," says a big New York flag producer. "But whatever they decide, we'll be ready for it. If we have to, we can work three shifts."

Less enthused about a prospective change in design are dealers with large quantities of 48-star flags on hand.

"The easiest way out," says a Providence, R. I., dealer with three dozen flags in stock, "is just to burn them and forget them."

Also far from happy are owners of office buildings, amusement parks, banks, hotels and other big users. Frank W. Kridel, executive vice president and general manager of the Hotels Astor and Manhattan here, bemoans the fact that his hotels have 59 flags on hand that cost \$5,000.

He wants President Eisenhower to approve a simple change — like sewing a blue star on the white stripe directly under the blue field — that would save existing flags.

Flag manufacturers, with a fortune tied up in 48-star flags, insist that the present version of Old Glory, even without addition of an extra star, can be flown legally for years to come.

"That goes even if Hawaii is admitted as a 50th state," one manufacturer asserts. "There's nothing that says you have to have a definite number of stars. Any flag that has ever been officially adopted is all right. You can even fly the Betsy Ross flag."

The armed services, the postal service and other federal government agencies are expected to set a stricter interpretation.

"What will we do about our 48-star flags? When we get the order, we'll just burn 'em all," says a U. S. Navy spokesman here.

The change to a 49-star flag has other economic ramifications. Parker Bros. Inc. of Salem, Mass., a leading producer and publisher of games, foresees overnight obsolescence for thousands of its

games which are based on a nation of 48 states and an electoral college with 531 votes.

Map makers face similar problems.

One special problem confronting flag manufacturers is the possibility that Hawaii may soon

be admitted as the 50th state. That would make the 49-star flag obsolete.

"Lots of folks may not buy the 49-star flag," explains one manufacturer. "They may hold off until Hawaii is admitted and we get a flag with 50 stars."

David Ladd Most Modest Actor in Town

By PHYLLIS BATTELLE
NEW YORK — David Ladd is doubtless the most, if not only, truly modest movie actor in Hollywood. He came to New York to publicize his new film, "Proud Rebel," and was asked whether he did a good acting job.

"Nope," he said, thoughtfully rubbing his chin with his knee. "Well, did he look good in color anyway?"
"Nope, I didn't look good either," said David. "Period."

The 11-year-old offspring of Alan Ladd has been proclaimed as "just a normal kid." This pleases him. Not necessarily because he's a conformist, but because his concept of normalcy in a kid is "somebody who likes to do things wrong once in awhile. And boy, do I."

He is tow-haired and handsome and small for 11. This interview began with his turning off a TV Laurel and Hardy film, and ended with his turning on "Captain Kangaroo."

He didn't mind missing the end of the film, though, because he kind of likes press interviews. The hoopla makes him feel like a big shot.

"I especially like it," he said enthusiastically, "when I sign the check for room service."

For his role in "Rebel," David

says he received 35 cents a day. (The rest of his earnings went into a trust fund.) He didn't think the salary was low because "Dad's been acting much longer and after taxes, he only got 55 cents a day." He always knew he was going to be an actor. "At least ever since I can remember," he said. "Before that, I thought of being a lawyer."

According to his press biography ("I still want to know who wrote that," David remarked—the only typical movie star comment he made) the boy is said to have abhorred the idea of going steady. It's all untrue.

"Sure, I like girls," he said. As he spoke, he was drawing a mustache and whiskers on a newspaper photo of Madame Chiang Kai-shek. "And I have one."

With a gallant sort of let's-don't-drag-her-through-all-this-mess look, he refused to name her. Then he showed off the Madame Chiang reconstruction job and commented that she was now Mrs. Purple People Eater.

Asked if he knew any of the other Hollywood celebrities in the juvenile field, David said "Yeah."

"I know a few of the guys," he said with casual dramatic impact, "from the Mickey Mouse Club. Not too well, though."

The young Ladd has great respect for a number of things, and two of the greatest of these are the last-place Los Angeles Dodgers, and a man named Frankenstein. About whom he explains, respectively:

"They're just getting over the shock of losing Roy Campanella."

Nuclear Control Parley Opens

Eight-Nation Meeting in Geneva Gets Off to Favorable Start

GENEVA (AP)—Atomic experts from both sides of the Iron Curtain gathered today for the second session of their conference on ways to detect violations of a ban on nuclear weapon tests. The eight-nation meeting got off to a favorable, friendly start yesterday.

After an opening public session, the two teams of scientists headed by the United States and the Soviet Union met behind closed doors for more than an hour. They agreed on the agenda proposed by the United States and a jaw-breaking conference name.

The order-of-business calls for a scientific and technical review of methods for detecting nuclear explosions and then formulation of recommendations for location of detection stations.

The conference leaders, Dr. James B. Fisk of the United States and Yevgeni K. Fedorov of the Soviet Union, predicted that the delegates, through their common ground as scientists, would be able to reach agreement.

This name was chosen for the meeting: "Conference of Experts to Study the Possibility of Detecting Violations of a Possible Agreement on Suspension of Nuclear Tests."

In speeches at the public ceremony, both Fisk and Fedorov confirmed that the talks would be limited to technical aspects of detection of nuclear explosions.

Aides said this would include the capacity of detecting instruments and how they could be fitted into a worldwide network that would immediately give warning of an unauthorized explosion.

Horse Slams Door at Diefenbaker, Wife

SASKATOON, Sask. (AP)—Four horses bolted at ceremonies here yesterday, slamming a carriage door against Prime Minister Diefenbaker and his wife, but the couple were not hurt. The Diefenbakers had just

alighted from a carriage in front of the grandstand at the Pion-Era Western exhibition when the band struck up "O Canada."

The carriage team reared and plunged forward. The vehicle's open door caught Mrs. Diefenbaker and threw her against her husband, then swept the two forward several feet before the horses were quieted. The Diefen-

bakers quickly regained their composure and stood at attention for the finish of the national song.

The Universal Postal Union, with a membership of 96 countries, is one of the oldest international organizations in existence today. The U. S. has been a member of the Union since its inception in 1874.

Holiday Postpones Rubbish Collections

City rubbish collections that normally would occur in northeast Pontiac Friday, have been postponed until Monday because of the July Fourth weekend. The Department of Public Works said the area affected is bounded

by the city limits on the north, Perry street on the southeast, Montcalm avenue on the south and on the west by the Grand Trunk Railroad industrial spur east of Baldwin avenue.

The department stressed that the collections will not take place on Saturday, which is when they traditionally would have occurred in the past when a holiday falls on a Friday.

Police Heartily Endorse Sam Browne Belt Ban

DENVER (AP)—Police heartily endorsed an order by the manager of safety banning the Sam Browne belt as standard uniform equipment.

The belt and shoulder strap had been in use since 1932. An ordinary belt is all that's required

now to hold the officer's pants and pistol.

Det. Julius Olsen, a 42-year veteran of the force, said he was especially happy to see the Sam Browne go.

"When you're patrolling a beat," Olsen said, "every time you try to break up a fight or arrest a drunk, the guy grabs you by the shoulder strap and tosses you around."

Startled by Dry Falls, Abandons Suicide Try

NIKKO, Japan (AP)—Toshiyuki Fukushima of Osaka hiked up to the head of the 330-foot egon Falls to commit suicide.

Japan is having its worst drought in 52 years. Toshiyuki, 18, found the falls had dried up.

"It startled me so much I decided not to jump," he told police.

Train Is Rammed as Riders Depart

ALEXANDRIA, Va. (AP)—A train letting off passengers was rammed from behind yesterday by a second train pulling into Union Station. About 30 persons were hurt slightly or shaken up.

A Seaboard Air Line train was standing in the depot when it was struck by a Chesapeake & Ohio train. Both were northbound for Washington, across the Potomac River from Alexandria.

William W. Roberts, 73-year-old engineer of the C&O train, said the brakes failed. He estimated

his speed at between 8 and 10 miles an hour at the time. All the injured were aboard the struck Seaboard train.

Two Quakes in Italy

CATANZARO, Italy (AP)—Two earthquakes three minutes apart gave this region of extreme southern Italy a hard shaking early today. No damage was reported.

Barefoot Actress Chases Husband Up Madison Ave.

NEW YORK (AP)—Actress Betty von Fursenberg was running along Madison Avenue barefoot before dawn yesterday when police spotted her. She was chasing her husband

Guy Vincent. He was carrying a pair of women's shoes. The couple got into a car, Vincent at the wheel, and drove away at high speed, according to the patrolmen.

When overtaken, Vincent was arrested on a charge of drunken driving. The actress bounded into the patrol car after her husband, the patrolmen said, and later

jumped out shouting: "You crazy cops, you idiots, Hitler."

This led to her appearance in court — wearing shoes this time — for arraignment on charges of disorderly conduct and obstructing a policeman.

Vincent, 38, still appearing calm, was released in \$500 bail for a July 15 hearing on the drunken driving charge. His wife, released

without bail, gets a hearing July 18. Both pleaded innocent.

Belafonte in Europe

LE HAVRE, France (AP)—Singer Harry Belafonte arrived today to start his first European tour. He was accompanied by his wife and son. After an opening concert in Paris, he will sing in

England, Germany, Scandinavia and Israel.

STOPS WATER SEEPAGE THROUGH BASEMENT WALLS!

WATER-CHEK BASEMENT PAINT

FOR WET OR DRY CONCRETE, BRICK, STUCCO, INTERIOR WOOD!

7 gay, happy colors to make another "room-for-living" out of any basement that's drab or damp! It fills and seals "leaky pores" in concrete, brick or cinder-block so neatly, thoroughly and easily! Yet so easy to use! Water-Chek is fluffy, heavy-bodied and "flows" like melted butter. In just one coat it gives a "protective lining" 3 to 4 times thickness of ordinary oil base paint! So it's economical too! What's more—you can paint over damp or wet surfaces! Not a paint that forms a rigid, brittle crust, Nu-Enamel's "Water-Chek" is flexible! "Water-Chek's" thermoplastic film expands and contracts with construction material without chipping, peeling, or splitting. No mixing. No stirring. Use a brush or roller. Clean hands and tools in warm soapy water! Nothing like it anywhere. Economical! Quick too, dries in one hour!

NOTICE of TAXES CITY of PONTIAC

1958 City and School taxes will be due and payable at the Office of the City Treasurer July 1, 1958 through August 1, 1958 without fees.

August 2, 1958 a collection fee of 1% will be added and 1% additional will be added on the first day of each month thereafter on any unpaid City and School taxes.

Payment made by mail must be postmarked not later than August 1, 1958 to avoid penalties.

After February 28, 1958 all unpaid 1958 real property taxes will be returned to the Oakland County Treasurer for collection with additional penalties as provided by State Law. Personal Property Taxes are not returnable and must be paid by August 1, 1958.

Local Tuba Player Singing in Europe

By JOEL RIPPA
Suburban News Editor

WALLED LAKE — "Talented" and "enterprising" are two words that might best describe Franklin Crawford Jr., 16-year-old Walled Lake High School senior, now touring Europe with the Michigan Chorale.

LAYS TUBA

Frank, as he is known to his family and friends, is a accomplished tuba player, having been a member of the Youth Symphony at Ann Arbor and the South Oakland Symphony, and a first place winner at the Senior Solo Festival in East Lansing.

For this reason many of his acquaintances were surprised he had been selected to go to Europe as a singer with the Youth for Understanding group, sponsored by the Michigan Council of Churches.

But Frank is a surprising young man. Besides his musical activities, he has been an honor student in high school while tripling the number of subscribers on his Pontiac Press route in the two years he has been delivering the paper in the Commerce Lake area.

MOST TRAVELED

The oldest of seven children of Mr. and Mrs. Franklin G. Crawford, of 704 Commerce Rd., Frank is by far the most traveled member of the family, his mother said.

A little more than a year ago, he won a Pontiac Press trip to Washington, D. C., in competition with other newsmen. He has also won a bicycle.

He and Mary Thibideaux of 1710 Pontiac Trail, another Walled Lake High student, left Wayne Major Airport June 24 with 73 other southern Michigan high school students for Amsterdam, Holland. Before returning home Aug. 29, the mixed ensemble of young voices is scheduled to give concerts in 11 German cities besides Amsterdam and Brussels, Belgium.

Selected for vocal talent, scholarship and leadership ability, each was recommended for the chorus by his high school principal and minister. Most of the students are paying their own way, but some of those unable to do so are being assisted financially by partial scholarship grants by anonymous donors and money raised by concerts presented in Michigan prior to leaving for Europe.

Frank, coming from a large family, was not given a scholarship. Yet, his mother said, "If he hadn't the paper route, he couldn't have made the trip."

He'll be a senior next fall, she

FRANKLIN CRAWFORD JR.

explained, and is planning to attend college. Frank plans to keep

ing for a scholarship, she said, "take care of that paper route." Meanwhile, between performances as first tenor in the chorale, Frank is looking for a new tuba in Germany.

neglect his studies. As an indication of the importance of the route to Frank, his parting words to his brothers, heart.

Mike, 15, and Terry, 13, were to "take care of that paper route." Meanwhile, between performances as first tenor in the chorale, Frank is looking for a new tuba in Germany.

About 800,000 Americans each year die from diseases of the heart.

Stockholders Receive Semiannual Dividend

HOLLY — Stockholders of the former First State and Savings Bank of Holly are receiving a semi-annual dividend of one dollar per share from the Citizens Commercial and Savings Bank of Flint.

with which the local bank was consolidated a few months ago. This is the first time the stockholders here have received a semi-annual dividend.

A modern kitchen with stove, refrigerator, cabinet sink and dishwasher represents about 800 pounds of steel.

SWEET, SLIM AND Snappy

Michigan Made Pure Sugar

LIFTS UP YOUR ENERGY—YET HELPS HOLD DOWN YOUR WEIGHT

Clinical tests show that those calories used up in the body are non-fattening. And that when your body needs energy, the calories from sugar supply it fast—faster than any other food.

Actually, the 18 calories in a level teaspoonful of Michigan Made Pure Sugar are used up in just 7½ minutes of normal activity. That is why modern, sensible diets call for cutting down on food without cutting out fast-acting energy-producing foods.

So there is no need to starve yourself for sweets. At your grocers, get Michigan Made brands—Pioneer or Big Chief. Each gives you only 18 calories in a level teaspoonful.

OPEN WRIGLEY SUPERMARKET—Walled Lake Mayor William G. Nixon (center) prepares to cut ribbon with giant scissors at grand opening yesterday morning of Wrigley's new supermarket, 700 Pontiac Trail, Walled Lake. Looking on are Charles Martin (left), Wrigley director of personnel, and Jack Mustain of Walled Lake,

manager of the new store. This is the 109th Wrigley store in Michigan. Six other stores are expected to locate at the proposed shopping center. The Wrigley supermarket features a "parcel pickup" in front of the store, a lounge area and parking for 207 cars. Forty people will be employed at the store.

Construction Booms at Wolverine Lake

WOLVERINE LAKE—The expected spring surge in building activity has materialized at Wolverine Lake Village, according to Village Clerk John C. Finlayson.

During a 10-week period ending June 15, Village Clerk Finlayson issued a total of 42 building permits for an estimated \$200,100 in construction.

Fourteen of the permits were for new homes, the balance for garages and additions. Estimated cost of construction for the 14 homes was \$183,000.

Building activity was at a standstill in the village during January, February and March. No permits were issued during the first quarter of the year, Finlayson said.

Detroit Steel to Drop

DETROIT—Detroit steel production will drop 5,000 tons this Fourth of July week, Iron Age Magazine reports. It estimates production at 36,950 tons, or 54.9 per cent of capacity. This compares with 42,000 tons or 62.4 per cent last week.

LEG CRAMPS?

One of the most common causes of painful muscle cramps is leg, foot, knee, and back is a prolonged deficiency of calcium. So says a famous doctor and author of the book "Cramps, Leg Cramps, and Other Self-Defense Methods".

When made consistently deficient in calcium, are fortified with DYNAL-CAL Calcium Tablets, containing calcium-deficient muscle cramps can be promptly relieved. But don't confuse DYNAL-CAL Tablets with ordinary calcium-phosphorus products. DYNAL-CAL Tablets contain no phosphorus which frequently interferes with the absorption of calcium. And DYNAL-CAL Tablets contain a special ingredient which helps to put calcium into the blood stream quicker—bringing faster relief to cramping, calcium-activated muscles. Pleasant-to-take DYNAL-CAL Tablets with calcium, lactate hydrochloride, and vitamins B and C contain no drugs. They are safe, harmless, calcium food supplements. If you are suffering miserable muscle cramps, and suspect you are not getting enough calcium, ask for DYNAL-CAL Tablets, today. Bottles of 90 tablets, \$1.50.

*Other causes for muscle cramps are entirely unrelated to calcium deficiency.

To Observe Fourth of July, Homecoming

Utica Busy Readying Friday's Parade

UTICA—The City of Utica is a beehive of activity today with everyone preparing for the big

Lions' Fourth of July parade and homecoming Friday.

Gov. Williams will be on hand at 9:30 a.m. to announce the name of Miss Utica from the reviewing stand at the corner of Cass and Auburn avenues.

Her identity will be kept secret until that moment.

Finalists in the Miss Utica contest which attracted 19 entrants are Patsy Carr, Mary Filarski

and Priscilla Dickinson. All are 18 years old and June graduates of Utica Community High School.

One of this trio will be crowned Miss Utica by the governor with the other two acting as maids of honor. The three will ride on the Lions' float in the parade, scheduled to start at 10 a.m.

At the head of the procession will be the governor and Lt. Gov. Philip Hart, who will march on foot from Cass avenue near Utica Methodist Church to Ramona Park where the all-day festivities will take place.

The annual celebration will close with a mammoth fireworks display at the park in the evening.

Romeo's Board OKs Principals

ROMEO—The Romeo Board of Education last night approved the appointments of two new principals, one for the new high school and the other for North Grade School on Main street in Romeo.

David L. Olson, 36, of Constantine, was named principal of the high school, effective July 1.

A graduate of Western Michigan College and holder of a master's degree from the University of Michigan, Olson was principal at Constantine two years before accepting the Romeo position. He is married and has two sons.

Olson succeeds Harold F. Barr, who resigned this spring.

Robert W. Smith, seventh grade teacher at Washington School the past three years, was promoted to principal of North Grade School. His is a new position created this year.

Smith was selected from a field of 35 candidates for the position, according to Supt. T.C. Filippula.

He will take over his new duties Aug. 1. He is now taking a summer course at Michigan State University.

HOURS THIS WEEK

Downtown: Daily 9:30 to 5:30, Mon. & Thurs. 'til 9 — Miracle Mile: Daily 10 to 9

It's the outdoors—sailing to be exact—that claims the attention of these orchestra members. They are (left to right) William Sturgeon and his wife, Gene,

who is a cellist in the orchestra, Charles Gadd and Don Cole—both violinists.

As a hobby—Robert M. Peterson, first viola player, composes orchestral and band music—he also teaches music in the Pontiac schools.

Versatile describes Mrs. W. P. Cosgrove. During the winter she is a violinist with the Symphony. Her spare hours are spent playing the organ . . . she also assists at St. Michael's Church.

Personal News

Mrs. Delos Seeley of Honolulu, Hawaii spent the weekend in Pontiac. She visited with Mr. and Mrs. George Beehler of Spence street and Josephine Seeley and Harriet Gates of Sylvester drive.

Mrs. Seeley, accompanied by Charlotte Thompson of Hudson left by plane Tuesday morning for New York. From there they are flying to Amsterdam, Holland and will spend five weeks touring the continent.

Dr. and Mrs. Arnold Brown of Wards Point drive have returned from a brief visit with Dr. Brown's brother, Dr. R. Malcolm Brown and his family of Pampa, Tex.

Mr. and Mrs. James L. Bowers, their daughter, Janie, and Wanda Moore, all of Crowell, Texas, spent the past two weeks visiting Mr. Bowers' sister and brother-in-law, Mr. and Mrs. D. B. Owens of Cadillac street, and friends in the Pontiac area.

Mr. and Mrs. Robert A. Reynolds of DeSota place and Mrs. Margaret Reynolds of Elizabeth Lake road drove to Port Sanilac over the weekend to visit the Reynolds' daughter, Sue Ann, who is at a summer camp there.

Mrs. I.G. Longhway of Benicia, Calif. is in the Pontiac area this week visiting her parents, Mr. and Mrs. Daniel Young of Baldwin road.

She is also visiting with her son and daughter-in-law, Mr. and Mrs. Robert Leach of Baldwin road, and their daughter, April Duree, and another son and daughter-in-law, Mr. and Mrs. Richard B. Leach of Oakway drive and their son, Greg.

Mrs. Frank E. Baldwin of Oakwood drive is home after spending the past seven months at Casey Key and Nokomis, Fla.

Receiving congratulations on the birth of a daughter, Jane Marie, June 21 are Mr. and Mrs. Richard C. Poole of Birmingham.

Grandparents of the infant are Mr. and Mrs. Gelston V. Poole of South Shore drive and Mr. and Mrs. Joseph V. Bell of Lake Lure, N.C.

Playing percussion instruments in the orchestra is not enough for Frank Merwin. His leisure time is spent on the drums—in fact he participated in the Mackinaw bridge ceremonies as part of the drum and bugle corps.

Sorority Plans Camp Projects for Youngsters

Thirteen members of Xi Alpha Nu chapter of Beta Sigma Phi and one guest, Valerie Kerr, met at the home of Mrs. E. J. Hall of Silver Circle

drive for their summer picnic Tuesday evening.

Assisting Mrs. Hall were Mrs. William Cheal, Mrs. Arthur Ellis, and Mrs. Edward Markham.

Plans were made for sending an epileptic child to camp and for assisting a Girl Scout troop with expenses for a week end outing.

Symphony Members in Summer Activities

When summer comes to the area, local Pontiac Symphony Orchestra musicians can be found engrossed in a great variety of hobbies—some are related to music—and others are not.

Skill and time is involved with all of these hobbies and

none are mere whims or pastimes. This is especially amazing when one considers the time these musicians must also spend practicing on their respective instruments—as well as many of them holding full time jobs.

Although we have pictured

only a few of the hobbies of local musicians, you can be sure that the hours of the other orchestra members are well and interestingly filled.

Be Sure to Write the Note

By EMILY POST

"Dear Mrs. Post: When wedding presents cannot be acknowledged promptly because of an extended wedding trip or when the bride has received several hundred wedding presents, would a printed form such as the following be in good taste?"

Miss Mary Jones wishes to acknowledge the receipt of your wedding present and will write a personal note of appreciation at an early date. "These cards are not in any sense to take the place of a warm sincere handwritten note but just to let those who sent presents know that their presents have been received and not keep the givers wondering whether or not their present arrived and even possibly going to the trouble of having it traced."

Answer: Since the printed cards are not to take the place of written thank-you notes but rather to let people know that their gifts arrived safely, they may be used in the instances you describe.

"Dear Mrs. Post: A friend of mine tells me that after my divorce becomes final, which will be in another month, that I have to discard my wedding ring. I have a child and because of this thought it would be correct to continue wearing my ring. Will you please tell me what is proper in this situation?"

Answer: You may continue wearing it if you want to. Usually, because of its unhappy symbol, a divorcee discards her husband's ring and replaces it with another one. If she wishes to show that she is no longer married she puts it on her right hand.

Dale Carlson is a Pontiac Symphony Orchestra trumpet player. His hobby is the hi-fi set shown above. He has spent the last five years developing and constructing this highly complicated and complex machine.

Michigan Girl Joins Wilson Girls Ranks

By EARL WILSON

REYKJAVIK — Arrivederci, Roma; good morning, Iceland!

Flying home, I stopped here where you have the moon at midnight and the sun at midnight, too... where some people can't sleep due to the nighttime sunshine.

And I discovered a Wilson Girl—named Novack... not Kim... but Jeanne, a shapely brunette stewardess for Pan Am.

We'd said arrivederci to Italy which had been one big cocktail party. We'd driven to one at Anzio with the Marchesa Gerini, the former Polly Poll of the wealthy Connecticut theater family. And with George Seabury, the 6-foot-7 Leaning Tower of Rome who played football at Harvard in '38 and '39.

He's now rooting for the 1960 Rome Olympics which'll have baseball.

"In Naples once," he reported, "a catcher bawled out his pitcher so furiously for a bad pitch, that he didn't see the winning run steal in. That's Naples!"

"That used to be Brooklyn," I said.

"Where are you from, Jeanne?" I asked Pan Am's answer to Kim Novak.

"Forsyth, Mich.," she smiled. "It claims 200 people but I've never seen that many there. Its excuse of existence is that the Chicago and Northwestern and Lake Superior and Ishpeming RR's form a junction there."

"Where have you been on your trips?"

"Bangkok twice, Karachi, Istanbul, Beirut, and, of course, Paris and Rome and Brussels."

"Is being a stewardess a good way to get a husband?"

"Contrary to popular opinion I think it's one of the poorest ways," she said. "Most men who fly overseas are pretty well settled down. Anyway, I've got mine picked out and I didn't meet him on a plane. He's ex-Navy."

"Do you get kidded about Kim Novak much?"

"All the time!" laughed Jeanne, a shapely brunette who attended the University of Michigan. "One pursuer announced my name as Kim Novak as a joke. The passengers started jumping up and down and saying, 'Is she aboard?' I had to say, 'I'm sorry I'm Jeanne Novak.'"

Anyway, at 3 o'clock in the morning, in Iceland, without a topcoat on, I photographed Jeanne—without a flash.

Tomorrow we'll be home Arrivederci, Iceland!

THE MIDNIGHT EARL IN N.Y. . . .

Flash! "What's my line?" is being sold by Goodson and Todman to CBS for \$1,200,000 on a capital gains deal (\$2,000,000 if the show lasts six more years). John Daly and other panelists are part of the package... Kate Smith's manager Ted Collins, reconciled with long-time romance, Dorothy Day... Diana Dors applied for admittance to the Actors Studio... Dr. Ralph Bunche's daughter Joan is a researcher for Look magazine... The UN invited Georgia Gibbs to sing in Egypt... Harry Belafonte invited Roosevelt Zanders the celebrity chauffeur, to Brussels as guest.

EARL'S PEARLS — Children have too many advantages. For instance, they don't have to raise children.—Oren Arnold. . . That's earl, brother.

ARMED WITH DYNAMITE — Paladin (Richard Boone) prepares to face a lynch mob stirred into action against one of his clients charged with a Wyoming homicide on "Have Gun, Will Travel," on the July 12th program. The western is presented from 9:30-10 p.m. Saturdays over the CBS-TV network.

Editor's Note: The writer of this column is the star of "Have Gun, Will Travel."

By RICHARD BOONE

NEW YORK — A little more than a year ago, a certain observation was made in a screening room on Madison Avenue. CBS and advertising executives were viewing the pilot episode of "Have Gun, Will Travel."

In the darkness, someone said: "Say, that damn doctor can really ride a horse."

That Madison Avenue observer was seeing me for the first time as Paladin — a gentlemanly sort of rogue, circa Old West, 1870's. Until then he knew me from TV for the most part as Dr. Syner.

Well, an actor is always looking for a change of pace. The meatier the role, the better the actor's feast. Having been with Paladin for over a year, I feel right at home with him and the show. I've never had so much fun.

As for that Madison Avenue observer's surprise at seeing me on a horse — well, Boone and horses have been on neighboring terms for a long time.

I've ridden them as a boy working summers in Montana, and they have carried me across landscapes through a score of western feature pictures.

In fact, one of the requirements I have for actors in a dramatic group I conduct is that they

will TV westerns be popular? This brings to mind the Indian chief who asked Gen. Phil Sheridan for a cannon.

"Why — so you can kill more soldiers?" demanded Sheridan.

"No," said the chief. "Use cannon to kill cowboys. Kill soldiers with a club."

From TV's Godfrey, GM's Curtice General Steals the Show

DETROIT (AP) — Arthur Godfrey, Gen. Nathan F. Twining and Harlow H. Curtice sat together last night in as diverse a news conference lineup as you would ever hope to find.

The entertainer, the soldier and the world's biggest maker of automobiles were brought together at the Industry Missile and Space Age Conference sponsored by the Aero Club of Michigan.

Before the three arrived for the news conference the question was which subject would the newsmen prefer—talent scouts, war or automobiles.

War was an easy winner.

Nobody asked Godfrey any questions. His only public comment was, "Where do you want us?" The red-haired and freckled television personality, who was toastmaster at a dinner later that ended the conference, said hello

to "Nate" and "Red" and sat down. Curtice, president of General Motors Corp., one of the Aero Club's sponsoring organization, got two questions.

Yes, he hoped General Motors would get some missile contracts in the future.

No, he didn't want to talk about anything outside the missile field—such as contract negotiations with the United Auto Workers Union and whether GM plans to put out an undersized sports car to fight the influx of foreign cars.

Twining, chairman of the Joint Chiefs of Staff and the featured speaker at the dinner that followed the news conference, took most of the questions.

The questioning took a turn to the light side when newsmen tried to pin Twining down on a detail about the military budget.

"That's up to the service chiefs," he said. "I'm not a service chief. In my job I just preside and try to keep order."

"Do you succeed?"

"No trouble."

MOOO-VELOUS FAMILY MILK DESSERT

"JUNKET" RENNET-CUSTARD

- Everybody loves "ice creamy" "Junket" Rennet-Custard.
- Light, refreshing! High-protein!
- A different dessert! Not a cake or pie, not a gelatin or pudding. It's renet-custard, made with milk.

Flames Threaten Stores in Owosso

OWOSSO (AP) — Fire destroyed a garage in a main business block in the village of Vernon 10 miles west of Owosso yesterday and threatened adjoining stores.

However, the Shiawassee sheriff's office reported at 1 p.m. the blaze was under control. Fire departments from nearby Durand, Corunna and Owosso joined Vernon firemen in fighting the flames.

The fire started in a garage from a cutting torch flame. The garage owner, Harold Harmon, shouted a warning to Mr. and Mrs. Wes Claypool, occupants of an apartment over the garage.

Mrs. Claypool made it to safety down the stairs. Her husband was cut off by flames and had to jump from a window but was unhurt. Shortly after their escape the garage collapsed.
