Foreign Aid Cuts Approved

More Troubles Seen in Senate After House OK

273-122 Ballot Rejects Ike as Key Senators Hint Additional Slice

WASHINGTON (AP)—The House today passed and sent to the Senate a $3,800,000,000 foreign aid bill slashed more than a billion dollars below President Eisenhower's request.

The formal roll call vote confirmed House opposition this election year to an overseas aid program as large as the $4,900,000,000 Eisenhower said was needed for American and free world securtiy.

The final vote for passage was 273-122.

But just before final passage, the House refused by a 147-52 standing vote to kill the entire measure by sending it back to committee.

The legislation was reported headed for further trouble in the Senate, where some key senators have said it should be cut even further.

It is still $1,100,000,000 bigger than the appropriation Congress voted last year.

The bill sets terms and ceilings for the program to bolster free world countries against communism in the year starting July 1. The actual funds must be voted in a separate bill later.

Sen. Russell (D-Ga), chairman of the Senate Appropriations sub-committee handling foreign aid, said the program ought to be chopped another billion dollars in addition to the $1,100,000,000 cut already tentatively approved by the House.

But Chairman George (D-Ga) of Committee sided with the administration against the House slash in Eisenhower's $4,900,000,000 request for the year starting July 1. He favored restoring about half a billion dolalrs. His committee begins closed-door voting on the bill Wednesday.

Sen. H. Alexander Smith (R-NJ), a senior Republican on the committee, sent a letter to all other senators asking "bipartisan support" for "the leadership of the President in our foreign policy."

Peronist Rebels Summarily Shot by Argentines

Aramburu Forces Act Swiftly to Stamp Out Weekend Revolution

BUENOS AIRES (AP) — Argentina's military regime pushed a determined hunt today for leaders of a bloody weekend revolt staged by army and civilian followers of ex-dictator Juan D. Peron.

The government announced firing squads executed 38 rebels in speedy unprecedented retaliation.

It indicated many more would face a similar fate as swift courts-martial, convened under martial law, sat around the clock.

The revolt—crushed in 12 hours by government air and ground forces—flared at 11 p.m. Saturday in Buenos Aires and three other major cities. Some 100 persons reportedly may have been killed or wounded.

The insurgents struck at two points in the federal capital. At the same time they staged uprisings in La Plata, 35 miles southeast of Buenos Aires; Santa Rosa, capital of La Pampa province in central Argentina; and Rosario, 180 miles northwest of Buenos Aires.

'MAD ADVENTURE'

Loyalist forces directed by the **vice president, Adm. Isaac Rojas,** quickly smothered the revolt in Buenos Aires and Rosario. Jet fighter and navy bombers finally smashed rebel holdouts in La Plata and Santa Rosa.

President Pedro Aramburu, who returned from a tour of the interior after the shooting, branded the uprising a "mad adventure." He vowed that "energetic measures" would be taken against all who took part.

Loyalist forces scoured the land for two retired generals branded as the men who masterminded the abortive revolt. They are generals Raul Tanco and Juan Jose Valle, both big army bosses when Peron was president. Both were retired summarily when Peron was overthrown last fall.

Observers predicted the startling firing squad tactics unleashed against the rebels would put a brake on disgruntled elements who might have notions of further plotting against Aramburu's regime.

Ike's Brother Hears Report

ATTENDS CONFERENCE—Dr. Milton Eisenhower, brother of the President, was a visitor at last night's newsmen briefing at Walter Reed Hospital by White House Press Secretary James Hagerty, on the condition of the chief executive. Listening to Hagerty, he puffs his pipe, then cocks an ear to hear a question on his resignation as president of Pennsylvania State University. "Purely personal," was the answer.

Ike 'Excellent'; Talks With Aide on Future Work

Designates Nixon to Act Before Security Council and Other Functions

WASHINGTON (AP)—President Eisenhower today took another little walk, suffered less pain and made a start toward resuming the duties of his office.

The doctors said Eisenhower took "walking exercises around 9:30 a.m. on his own initiative.

A 12:15 p.m. medical bulletin said "the President's condition remains excellent," with pulse, blood pressure, temperature and respiration "essentially normal."

It added:

"He walked with but little support from his bed to an easy chair which was placed 20 feet from the bed.

"He sat in the chair for 15 minutes and then walked, again with little support, back to bed.

"During these exercises the President had less discomfort than yesterday."

WALKS ALONE

Yesterday — only 30 hours after his emergency surgery of early Saturday morning—the President walked a total of about 30 feet with attendants partly supporting him. Today the only assistance he had was a hand on the elbow.

Mrs. Eisenhower was in the room on both occasions.

Eisenhower conferred for 10 minutes today with his chief assistant, Sherman Adams, and reached several decisions including the designation of Vice President Nixon to represent him at two forthcoming events — the regular National Security Council meeting Thursday and a Blair House luncheon Wednesday for West German Chancellor Adenauer.

Eisenhower also decided against postponing the Conference on Fitness of American Youth to be held at Annapolis, Md., June 18-19.

Eisenhower had been scheduled to speak at the meeting. Nixon already is chairman of the conference and will preside.

White House press secretary James C. Hagerty said it has not yet been decided whether Adenauer will visit the President at the hospital.

MAY MEET NEHRU

Hagerty also said that still under study is whether the President will be able to attend the Organization of American States meeting at Panama City June 25-26.

In the study class too is the question of whether there will be the previously scheduled talks with Indian Prime Minister Nehru on July 7-10.

Adams and other White House aides set up a temporary headquarters near the President's hospital room.

Stalin Accused of Having Harem

Khrushchev Circulates Tales of Former Soviet Leader's Private Life

PARIS (AP)— Communist party chief Nikita Khrushchev has informed other Soviet leaders that Joseph Stalin in his later years kept a harem of young girls, the mass circulation newspaper France-Soir reported today.

* * *

It said in a dispatch from Vienna that Khrushchev recently told his colleagues Stalin was subject to "sexual aberrations, a veritable erotomania — sexual insanity — sexual obsessions degenerating into sadism directed toward **younger and younger girls."**

The article said Khrushchev declared Stalin's harem was recruited for him by his police boss, Lavrenty Beria, and that Beria confessed this before he was put to death as a traitor.

In New York last April, Alexander Orlov, former Soviet secret police commissar, who has lived in hiding in the United States for nearly 20 years, told a news conference Stalin was a homosexual. He did not elaborate.

MORE CONFIDENTIAL

France-Soir said Khrushchev's revelations were made to a small group of Soviet leaders and were intended to be more confidential than his accusations against Stalin in his February speech to the Communist party Congress. France-Soir was the first Western newspaper to publish the text of that speech—about a week before it was released by the U. S. State Department.

* * *

The newspaper's Vienna dispatch also said Khrushchev accused Stalin of murdering his second wife, Nadejda Aliluyeva, when she disapproved of his order deporting dispossessed peasants to remote parts of the Soviet Union. It said Stalin, according to Khrushchev, fired a gun at his wife, then strangled her. France-Soir's report said Khrushchev had suggested Stalin's crimes were so heinous that he should be tried even though he is dead.

Surgery Stirs Speculation on President's Candidacy

WASHINGTON (AP)—President Eisenhower's operation seemed certain today to touch off a month or more of renewed speculation about his candidacy for re-election despite claims from some Republicans that it makes no change.

Several Democrats said they hope he sticks by his Feb. 29 decision to seek a second term, although most concede privately they think their chances would be better against another GOP candidate.

Several of Eisenhower's doctors said they see no reason for him to change his mind if he recovers as they anticipate.

In any event, it seemed likely that Eisenhower might reserve a final decision for the four to six weeks his doctors say will be required for full convalescence.

Six weeks will expire July 21, about a month before the Republican National Convention in San Francisco.

Eisenhower has said, with reference to his heart attack last Sept. 24, that if he ever feels he is not up to another term he will say so immediately.

His doctors have declared there is no connection between the heart attack and his new illness.

Gov. Averell Harriman of New York, who announced Saturday his active candidacy for the Democratic presidential nomination, said he sincerely hopes the doctors are correct in saying Eisenhower can run again.

Sen. Neuberger (D-Ore), speaking on an ABC TV show, said Eisenhower should make health a "first consideration" in deciding whether to stick by his decision to run again. Neuberger said some persons close to Eisenhower might "put their own political ambition ahead of his physical well-being."

Sen. Mundt (R-SD) called the doctors' favorable report on Eisenhower's operation "great news for the Republicans."

Sen. Goldwater (R-Ariz) said he has no doubt Eisenhower will run. Sen. Jenner (R-Ind), terming Eisenhower "indestructible," also predicted he will run again.

Brink's Informer Taken for Ride

Boston Police Hold Pair in 'Gangland Killing' of Eastern Hoodlum

BOSTON (AP)—Two men were booked today on suspicion of murder in the gangland-style slaying of an ex-convict who reportedly divulged information to the FBI about the $1,218,211 Brink's robbery.

The victim was William J. Cameron, 49, a Dorchester district hoodlum whose body was found yesterday in his parked car at the rear of a Navy barracks building on the South Boston waterfront.

Booked on a charge of "suspicious persons in connection with murder" were Thomas J. Ballou, 27, of Quincy, who was free in $20,000 bail on an indictment of being an accessory in the Brink's robbery, and Thomas A. Callahan, 50, an ex-convict waterfront "tough guy."

Police said they have information that Callahan recently beat Cameron severely after accusing him of being a "stool pigeon" — an informer.

Cameron's body was slouched under the dashboard of his car with two bullet holes in his face, one at the nose and the other in his right cheek.

Federal Grant of $31,500 Planned for City Airport

Pontiac Municipal Airport is slated to receive a federal grant of $31,500 toward improvement at the local field, The Press was advised by Congressman George A. Dondero this morning.

This brings a total of $153,000 in federal aid for the present year. In February, the airport received $91,500 for expansion of the east-west runway. Another $30,000 originally allocated in 1955, was carried over this year for work at the port.

The latest grant will go towards runway lights for the east-west runway and taxi strips. A portion will be for the relocation of the power lines at the western approach (Williams Lake Road) to allow for expansion of the major runway to 4,000 feet.

Manager Homer D. Hoskins said the city had applied for the latest grant but "didn't expect it this soon."

He said installation of the lights depends on the completion date of the expansion of the runway now under way. "If it is done soon enough we might get the lights in this fall," Hoskins said. "If not we will carry over the project into early spring."

The original $121,500 federal grant is presently paying for the expansion of the large runway (4,000 feet by 100 feet) and a taxi strip approximately 5,000 feet by 40 feet.

Lengthening of the runway will allow larger corporation and commercial airplanes to use the field. The present runways are too short for safe operation of the larger type planes.

2 Men Drown Over Weekend

Walled Lake Resident's Canoe Overturns; Boat Swamps in Area Lake

A 39-year-old Walled Lake man and a Capac man were victims of drowning over the weekend.

Russell Ryan, of 5594 Loveland St., Walled Lake, drowned yesterday in the Montreal River near Haileyberry, Ont. when a canoe he was riding in overturned.

Floyd Paul Stein, 24, of Imlay City Rd., Capac, drowned last night in Lake Pleasant, seven miles east of Lapeer.

Ryan was reportedly on a fishing trip with his eight-year-old son Chester at the time of the accident. The youth was not in the boat when it capsized, according to Walled Lake Police Chief James Decker who confirmed the drowning.

Stein and his friend, Richard Hoock, of Imlay City, were in a rowboat on Lake Pleasant when the boat tipped. Lapeer County Sheriff Clark Gregory recovered Stein's body about 10:15 p.m.

Hoock told the sheriff he swam to shore after the boat was swamped by waves of a passing boat.

Michigan Shows Top Population Gain Since '40

DETROIT (AP) — Michigan's population has increased 38 per cent since 1940, the biggest gain recorded by any industrial state in the nation.

The Detroit Board of Commerce said the state picked up a 14 per cent population increase over the past six years and now has an estimated 7,266,500 residents.

In its publication, "The Detroiter," the Board of Commerce said Connecticut was the second fastest growing industrial state with a 34 per cent gain.

Michigan factories employed 48 per cent of the state's non-farm working force to lead the nation in that category. Indiana was second with 45 per cent of the non-farm workers employed in factories.

Michigan, sixth in population, was listed as fifth in personal income with $14,172,000,000 in 1954. That was an average of $2,017 per capita.

The Board of Commerce said Michigan has shown an annual population boost of 155,000 persons since 1950 compared to a growth of 110,000 annually for the previous 10-year period.

First Business After Operation

Ike Says No to Russian Bid for U.S. Joint Chiefs' Visit

WASHINGTON (AP)—President Eisenhower personally rejected today a Russian bid for all members of the U.S. Joint Chiefs of Staff to visit the Soviet Union.

The President made the decision in a conference with his chief aide, Sherman Adams, in the Walter Reed Hosiptal room where he is recovering from an operation performed last Saturday.

Eisenhower left the way open for some of the Joint Chiefs to go to Russia later on condition they were given plenty of time outside Moscow to look at "activities of special interest to their own services."

White House Press secretary James C. Hagerty made the announcement of the U.S. position.

He emphasized that the decision was the President's and that he was announcing it with the President's authorization.

The Soviet move was the outgrowth of an invitation, which has been accepted for Gen. Nathan Twining, Air Force chief of staff, to attend the Soviet Union's aviation celebration June 24.

Twining plans to spend eight days in Russia.

Today's announcement apparently indicates the United States does not expect him to get an adequate look at the Russian defense establishment.

Hagerty said the informal Russian bid to the Joint Chiefs was made last Friday by the acting military attache at the Soviet Embassy, Col. Sergei A. Edemsky.

Court May Use Films, Recordings

Judge Lauds City Evidence Plan

Pontiac Municipal Judge Cecil McCallum today welcomed a police proposal to submit films and tape-recordings as evidence against drunk drivers.

He termed the idea an "ideal" way to try such cases.

Police Chief Herbert W. Straley in announcing the plan said that films would record the unsteady walk and other gestures of drunk drivers, while tape-recordings would give evidence of slurred speech.

But Municipal Judge Maurice E. Finnegan pointed out that the evidence would be admissible only if the subject volunteered, as is now required in blood tests.

"Otherwise, it would be forcing someone to testify against himself," Finnegan said, adding that he still reserved his final opinion of the legality of the evidence.

McCallum said that if the subject were properly identified and the films and recordings authenticated, the evidence would be an advancement in court.

"I wouldn't have to rely on someone else's construction of what he saw and heard, but could make up my own mind from what I could see and hear," he said.

McCallum pointed out that photographs are admissible in court, and explained that a film actually is a series of photographs.

He added that due to long time-lapses between arrests and court trials, policemen often forget important points in the testimony.

"With films and recordings, though, the evidence would be down pat."

According to Straley, plans for the exidence have been under way for more than a year, and will be completed within a few months.

Gen. LeMay Asks $3.8 Billion Extra

WASHINGTON (AP) — Gen. Curtis E. LeMay asked a Senate Appropriations subcommittee today for a $3,800,000,000 increase in funds for his Strategic Air Command for stepped-up production of B52 bombers.

Chairman Chavez (D-NM) made this disclosure after LeMay testified before a closed session of the subcommittee examining the Defense Department's proposed 36-billion-dollar budget for the fiscal year beginning July 1.

The figure supported by LeMay, after a study of the B52 bomber program, tops total estimates for the Sfrategic Air Command of five billion dollars Chavez told reporters.

Chavez said LeMay advocated the increased expenditure over a period of four or five years to challenge the Russian build-up of its long-range bomber forces.

Adenauer Tells of Red Danger

Calls for U.S. Vigilance Against Friendly Tactics in Speech at Yale

NEW HAVEN, Conn. (AP) — West German Chancellor Konrad Adenauer called on the West today not to relax "even for one moment" its vigilance in the face of current friendly talk from Soviet Russia.

He said the men in the Kremlin "are still not prepared to remove the main causes of the tension of the world."

Adenauer's remarks were in an address at a luncheon given in his honor by the board of governors of Yale University.

Earlier in the day, he received an honorary degree of doctor of laws during Yale University commencement exercises.

Adenauer, on a week's visit to this country, arrived here by auto from Greenwich, Conn., last night. He was guest of honor at a private formal dinner given by Yale President A. Whitney Griswold and spent the night at Griswold's residence.

In his luncheon speech the Chancellor said:

"Throughout the world, the Soviets aggravate existing conflicts and endeavor to undermine the West's position in an unscrupulous manner. Above all they want to smash first the mighty protective shield of the North Atlantic Treaty Organization and to drive the United States from Europe so that Europe will fall like a ripe fruit into the Soviet lap."

Ziegler Defends Road Bill Move

Highway Official Raps Governor Over Flaw in Bond Provision

In his regular monthly news release issued recently in Lansing, State Highway Commissioner Charles M. Ziegler lashed back at Gov. G. Mennen Williams for the delay in state highway construction.

Williams has said Ziegler should have known there is a flaw in the bonding provisions of the state's 1955 multi-million dollar highway act.

A special session of the Legislature has been called to remedy the wording of the act.

Ziegler, who claims he is "an engineer, not an attorney," said Williams and the Attorney General's staff should have uncovered the flaw in wording.

He said Attorney General Thomas M. Kavanagh denied his request for outside legal counsel in wording the bill, and didn't mention the flaw when asked for an opinion on the bill.

* * *

The flaw reportedly fails to make specific provision for allocating funds to pay off bonds issued under the act after the first year.

Cadillac

Just Graduated...To a Cadillac!

It's graduation time! And this happy gentleman—appropriately enough—has just gone through some important graduation exercises of his own.

It was just a few minutes ago, in fact, that he stood in his dealer's showroom and accepted the keys to his first Cadillac car. And here he is—with his hands on the wheel and his heart in the clouds . . . driving out those first thrilling miles in the car of his dreams.

But even though he now holds his final degree, so to speak, in motor car ownership, his education in all the good things of motordom is only beginning.

Take performance, for instance. The car is so smooth and powerful, and so nimble and obedient that it automatically revises a man's standards of performance.

Consider comfort. Rolling along the broadest boulevard or taking the roughest bylane, the car is incredibly smooth and level in ride.

And think about satisfaction. What a great feeling it is to sit in command of the "car of cars"—and find yourself the subject of admiring glances on every hand.

Have you ever considered how wonderful it would be to "graduate" to Cadillac? If you have, then this is a marvelous time to make the move.

Certainly, it's the perfect season for *enjoying* a new Cadillac. The days are bright and long . . . the roads are beautiful and inviting . . . and there are wonderful places to go and exciting things to do.

And certainly, it has never been *easier* to sign your name to the title. We are, happily, in a position to offer you prompt delivery on your favorite model—and we know you will be pleased to learn how *practical* Cadillac ownership has now become.

Why not stop in while the springtime is still with us—and spend an hour or so behind the wheel?

It's a wonderful season and a wonderful car—and a wonderful opportunity to enjoy them both!

Operation Won't Upset Ike's Campaign Plans

President Eisenhower is out of danger!

This news from his doctors and the announcement that his condition continues to be excellent have done much to lessen public concern. Nationwide anxiety caused by his sudden and acute digestive upset has been replaced by relief that the President came through his emergency operation with flying colors.

★ ★ ★

There are other reassuring factors in the situation which for a time had the appearance of a national crisis. From the start the people were assured that Mr. Eisenhower's heart was not affected. At all times, even through the pre-dawn operation his pulse, blood pressure, respiration and temperature were normal. Also reassuring was the news that no question of malignancy was involved.

★ ★ ★

For jubilant and confident Republicans especially, the big post-operative news was the statement of Maj. Gen. Leonard D. Heaton, one of the operating surgeons. With the agreement of his colleagues, Gen. Heaton said there is no reason medically why Mr. Eisenhower cannot seek re-election.

While the President is suffering some discomfort, he reacted so favorably that doctors say he now is well enough to sign important papers and make vital decisions. They also expect he can leave Walter Reed Hospital within two weeks and that he will be completely recovered within four to six weeks.

★ ★ ★

This means that Mr. Eisenhower will be his former self well before the Republican convention in San Francisco and will be able to campaign as originally planned.

That, indeed, is good news for Americans, regardless of party, and all friends of America.

U. S. Help for Migrants

Any day now Congress will begin consideration of its 1956 contribution to the Intergovernmental Committee for European Migration (ICEM).

Last year our Government, which was instrumental in the organization of this international agency, voted it $12,500,000. There are strong arguments for a repetition of that contribution in this session of Congress.

Since it started in 1951, ICEM has been dealing with a very important and fundamental human problem. Its effort has been to bring some semblance of equilibrium between the world's overcrowded and underpopulated nations.

★ ★ ★

Serious overcrowding exists in such countries as Italy, Greece and The Netherlands. In contrast, there is urgent need for more population in Canada, Latin America, Australia and Africa.

By next fall ICEM will have assisted a half million Europeans to find new homes overseas. To restore population balance its officials believe that about 340,000 Europeans should emigrate in each of the next five years.

★ ★ ★

We hope Congress will continue to support this effort. Certainly the American people can be proud of the fact that this country has been in the forefront of 25 other Western nations supporting it. This is a movement which at once will strengthen countries migrants leave and those to which they emigrate.

Red Pledges Worthless

When the United Nations command decided to withdraw the four nation inspection team to the Korean neutral zone, it ended an effort that never had been effective.

The task of this team made up of Swiss, Swedes, Poles and Czechs, was to make sure that both North and South Korea would observe the 1953 armistice terms. But for more than a year the U. N. Command has been accusing North Korea of violating the truce by building up its air power.

★ ★ ★

According to Maj. Gen. Gard, U. N. Command delegate, the Communists have moved 400 to 500 combat planes into North Korea. Other charges are that Red China has poured all kinds of new military equipment into the country.

The Swiss and Swede members of the team, who are honestly neutral, never got a chance to do any inspecting in North Korea. According to the U. N. Command, the Poles and Czechs obstructed inspections in the North, while South Koreans accused them of spying and subversion.

★ ★ ★

The fact that the inspection which was no more than a travesty, has been suspended in no way affects the main truce. But its failure has given the free world another demonstration of why Communist pledges are worthless.

The Man About Town

Forbidden by Law

Posters Are Appearing on Highways in Pontiac Area

Politics: A condition often built around allegation and alibi.

With the political campaign only nicely getting started, the posters of candidates are appearing on trees within the highway limits in Oakland County. This is contrary to law. One candidate already has instructed his lieutenants to tear down such posters which they had put up in ignorance of the regulations. Anyway, there's something to cogitate upon in the words of a prominent Pontiac matron: "I never would vote for a man who helps make junky our roadsides and trees because in his narrow and conceited mind he thinks his picture should adorn the landscape, when really it only contributes to the garbage we don't want dumped there."

Among the many congratulations received on the Press getting national honors, I like best the sentiments of 82-year-old

Mrs. Rachel Fallsman

of Auburn Heights: "I've been reading your paper for nearly a half century and

I knew it all the time."

Making a check on a stalk of asparagus in his garden,

John Hughsen

of Drayton Plains says it grew ten inches in one night.

In conversation with MAT last summer,

David B. Steinman,

Chief Engineer on the Mackinac Straits bridge, said that over 20 men had been killed in building each of the world's big bridges. "But I hope we can build this one without the loss of even one life," he said. It is a matter very close to his heart, and it is no wonder he orders a day of mourning after any casualty, of which there already are five, in spite of the precautions taken.

Largest rosebush reported to this date is that of

Mrs. Perryman Flowers

of Clarkston, with over a thousand blossoms. Mrs. Flowers' neighbors say there's something in a name.

We Mustn't Forget the Other Side

David Lawrence Says:

President's Routine Intestinal Surgery Will Not Alter Political Plans of GOP

WASHINGTON—Modern medical science has just given the world a dramatic exhibition of why the life span of man is increasing. For now the physicians who performed a surgical operation on President Eisenhower last week pronounce him as likely to be in better health than he was before.

What would have been a non-publicized, almost routine case of surgery became for all the people of the country to read an example of how nowadays the removal of an obstruction in the intestinal tract actually protects the individual against what might be a serious danger to him in the future.

Naturally because in recent months the question of whether after an illness a president may or may not serve out his term has aroused nationwide discussion, any indisposition on the part of the man in the White House attracts sensational attention. Had it been anybody else, even a member of Congress, such a case of intestinal trouble would probably not have been recorded in the press at all and the question of whether any future incapacity was involved would hardly have been asked.

OTHERS CAME BACK

Many public men have undergone surgery in recent years without impairing their usefulness in the political arena. Adlai Stevenson has had two operations—one for kidney stones and later for gallstones. Harry Truman has had a gall bladder operation and removal of an infected appendix. Gov. Harriman of New York was in the hospital a few weeks ago for an operation on the prostate gland. Nobody today assumes that for these three men the tenure of their political lives has in any way been shortened by their hospital experiences.

What happened to President Eisenhower last week gave a significant demonstration of how meticulously careful the President's physicians are in watching over his health. It confirms something the President himself said when he announced that he would run again, namely that he probably would be better taken care of because he was in the White House than he might be if he were in private life.

There is a frankness and openness about the way things are handled at the White House when anything of a medical nature arises. This reassures the public.

The fact that the President had experienced a stomach upset was announced first thing Friday morning. By afternoon he was at the wonderful medical center which Congress has provided at Walter Reed Hospital, primarily for military personnel but it can be used also by public officials generally.

ROUTINE OPERATION

Anybody else would have undergone the same operation at a hospital but, because it was the President of the United States, the headlines and the radio broadcast every single medical detail as soon as the operation was over. This correspondent followed the bulletins throughout Friday night and into the daylight hours of Saturday and was impressed by the promptness and comprehensiveness of the information furnished by the President's secretary, James Hagerty. He made every scrap of information instantly available. It certainly instills confidence that the American people in the future will continue to be given under this administration every essential fact about the President's health. It wasn't that way unfortunately under the Wilson or the Roosevelt administrations.

What effect on the presidential contest of 1956 will all this have? No more than it has before. The Democrats will hesitate to make the President's health a real issue though they may nibble at it. Such tactics, however, can boomerang on them.

The Gallup polls taken since last autumn show that a majority of the people will vote for Ike irrespective of his past illnesses. They apparently want him at the helm as long as they can have him for, to an extraordinary degree, he has won their esteem and their affection.

Hypoglycemia Can Cause Troubles in Diagnosing

By WILLIAM BRADY, M. D.

"Your piece about Low Blood Sugar has proved of inestimable value . . ."

". . . had suffered from this trouble for years, and only one doctor admitted that her blood sugar was low. But he gave her such vague information that she didn't know what to do about it. She continued to be miserable until your piece clarified the matter.

"Upon your recommendation we procured Dr. E. M. Abrahamson's book, Body, Mind & Sugar (Henry Holt and Co., New York, $2.95), which corroborated the suggestions in your piece. She adjusted her diet accordingly and now she feels better than she has for many months."

(G. H. O.)

I can explain how the book happened to corroborate the suggestions in my newspaper piece—I lifted 'em directly from the book.

There is probably a good reason why G. H. O.'s sister's doctor who admitted the trouble might be due to low blood sugar (which physicians sometimes call hypoglycemia) was vague about it. At least I'm sure I'd be vague about it, and so would most real doctors. You see, only a few doctors know enough about it as yet to be positive and specific.

Low blood sugar (hypoglycemia) means that the amount of sugar (dextrose, sometimes called glucose) in the blood is less than normal, that is, less sugar than should be in the blood of a healthy person.

Hypoglycemia is likely to occur if a diabetic receives too much insulin and fails to take some sugar or other food to replace the blood sugar which insulin quickly burns up. In this instance the strange, alarming, bizarre, and sometimes fatal symptoms may be difficult for even a good doctor to recognize in an emergency; and so, many a diabetic has been thrown into jail to "sleep it off," particularly if he has had a drink or two, when in fact he is dying of hypoglycemia (hyperinsulinism, insulin shock), and an ice cream soda or a little candy or a plate of cakes and syrup would have restored the poor chap to health.

I'm afraid to describe in detail the symptoms of hypoglycemia (low blood sugar), because I can't sleep nights when I get to thinking, as I often do when I ask the Lord's help, that I may have said something today that didn't do any good.

In his book Dr. Abrahamson gives an excellent diet for hyperinsulinism (hypoglycemia, low blood sugar), a diet which, I can assure you, can do no harm even if it fails to help you as much as it did G. H. O.'s sister.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Baseball Fans Give Ideas on Letter About Manager

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Old Tiger Fan pans Stanley Harris and says he's the worst manager in the two big leagues, and he gives a lot of reasons.

I admit the reasons do make Harris look awful bad, but they haven't any farm players. Their best minor league club is in last place and sinking. The Tigers simply don't possess any ball players. Is that the fault of Harris? No, it is not. That is the fault of the Tiger farm system.

They haven't even got any good ball players on their other farm clubs to strengthen Charleston and when you can't strengthen a last place club in a minor league, how can you exppect to strengthen a major league club? Be fair, Old Tiger Fan. Don't blame Harris, a real gentleman and once a star player.

Loyal Tiger Fan

I agree with Old Tiger Fan. Harris should be replaced by someone that plays the best players and not his personal friends, or at least the boys he likes in place of those he does not like.

He seems to be waiting for Maxwell to cool off and then I suppose he'll put him in there regularly. The time to get the most out of a batter is when he's hot. Maxwell has been hot ever since the season opened. If Harris would read the batting averages he would find out something everyone else in Michigan already knows.

Jim S.

Maybe if the Lions get the Tigers, we can look for a change. The management of the Lions is always on their toes looking for new and better players and they always come up with several. Even when they were in last place they bounded back because the management got better players. The Tigers need that sort of push. I hope the Lions buy the Tigers if Mr. Briggs has to sell.

Executioners Still Prowl in Purge-Torn Red China

By JOHN H. MARTIN
INS Foreign Director

Execution squads in the Soviet Union may be leashed temporarily in the anti-Stalin campaign, but they still are on the prowl in Red China.

* * *

Mao Tse-tung still is the powerful boss in China, as Stalin was once in the Soviet Union. There have been reports that Soviet party boss Nikita Khrushchev told Polish Communists that Stalin's policy risked alienating Mao.

China has been undergoing a mammoth purge similar to the period about which Khrushchev has complained in his bitter denunciation of Stalin.

Reports to the listening post of Hong Kong from the mainland steadily disclose a gigantic struggle aimed at wiping out centuries-old family feelings and supplanting them with a system of denunciation and "proper" murder.

* * *

The Chinese Red campaign has been likened to a version of "How to Win Friends and Influence People," the proper people, of course, meaning those subscribing to Communist ideology.

* * *

One Chinese Red magazine article bore the title "How to Treat Your Counter-Revolutionary Husband or Father."

NEW 'FRIENDSHIP'

Another Communist periodical, the "New Observer," discussed the question of friendship, a deep quality in the Chinese character which the Reds are trying to revamp.

* * *

The Chinese Reds say they want people to have friends, but warn in the article that these must be on a new basis, that "we were born in the old society and were infected with its bad ideologies and bad habits."

"We object," the article warns ominously, "to placing relationship between friends above that between comrades. To be a friend of a counter-revolutionary is, in effect, to share one's bed with a tiger."

What is the answer if your close relative is a tigerish "counter-revolutionary," one who does not believe in the Peiping Kremlin?

The article's answer is simple: You must denounce him.

* * *

In this bleak picture—already so often painted in the Soviet Union and Eastern Europe—a wife who deeply loves her husband should denounce him if she thinks he is a disbeliever.

"What is there worth pining after in a past love for a counter-revolutionary?" the article asks.

DENOUNCE DADDY

Children also are called on to denounce their father if he is not "a patriotic citizen," patriotism here, of course, meaning if he is not obedient to the Communist state.

* * *

The appeal to children is based on a premise that if a boy or girl denounces his or her father the family link will not be necessarily broken.

The father may even be spared from the firing squad and sent to "a corrective training" camp for "rehabilitation."

Smiles

A Missouri father of 11 children says his wife is the real head of the house. She likely gets all of the headaches to go with it.

* * *

It's strange how many people who are taught to stand up for themselves when they were babies forget about it when they grow up.

THOUGHTS FOR TODAY

And the king stood in his place, and made a covenant before the Lord, to walk after the Lord, and to keep his commandments, and his testimonies, and his statutes, with all his heart, and with all his soul, to perform the words of the covenant which are written in this book.—II Chron. 34:31.

* * *

True religion is the life we live; not the creed we profess.—Wright.

Case Records of a Psychologist

First Requisite for Good Teacher Is Attractive Personality, Says Crane

Roy is a good teacher because he holds the enthusiastic interest of his students. Note the contrast in this respect between Dr. Goddard and Dr. X. Which was the true salesman of educational ideas? Then send for the "Test for Good Teachers" mentioned below. It speedily fries the fat out of lazy educators!

By DR. GEORGE W. CRANE

Case R-379: Roy K., aged 26, is a popular high school teacher.

"Dr. Crane, Roy has an older brother with a Ph. D. who is a college professor," a friend of Roy's informed me.

* * *

"And this older brother tries to highhat Roy on the basis of that Ph. D. In fact, I've heard him tell Roy that a man couldn't be a good teacher unless he had advanced degrees.

"But I'll wager that Roy gets along far better with his students than does his older brother.

"Dr. Crane, don't you think a man can be a good teacher without a Ph. D.?"

DEGREE FEVER

Yes, we have "degree fever" in our present educational system and some college deans, as well as school boards, almost worship such things as Ph. D.

The first requisite of a good teacher is an attractive personality!

That is far more vital than an M. A. or a Ph. D. degree. The latter are helpful as indicators of a man's personal fund of knowledge.

But teaching is salesmanship. And in all selling the cardinal rule is that you must sell yourself before you can sell your merchandise.

Many college professors are dyspeptic, sour puss individuals who alienate students. So they are bad teachers.

For a good teacher tries to instill every pupil with an ardent fondness for the subject matter of the course.

* * *

A good teacher thus has missionary zeal to win every member of the class. Good teachers thus try to pep up interest and go out of their way to get acquainted with their pupils so they can call them by name.

GODDARD VS. DR. X

When Dr. H. H. Goddard first started teaching psychology, he used part of his meager salary to purchase magic tricks and slight-of-hand supplies.

"Dr. Crane, I felt sheepish while lecturing about the importance of keeping students interested, if I

myself couldn't demonstrate what I was teaching.

"So that's why I bought those magic tricks to perk up the attention of my class."

Dr. Goddard is a titan in the history of psychology. A contemporary of William James, he first translated the Binet-Simon Scale into English. He also coined the word "moron" to indicate the highest level of feeblemindedness.

Please contrast a good teacher like Dr. Goddard with Dr. X, who was on the staff at the University of Pennsylvania a few years ago.

Dr. X had a class of 33 graduate students in an advanced seminar. His pupils were going into school administration work.

* * *

Among them was a friend of mine who had formerly been a Naval officer but who had decided he wished to go into the field of public school administration.

BLIND TEACHERS

"Dr. Crane, the subject on this particular day was the importance of motivating students favorably," my friend informed me.

"Dr. X was stressing the fact that you can't expect to teach people anything unless you have their ardent and enthusiastic interest.

"At that point, I woke up and happened to look around the room. Out of the 33 graduate students in the seminar, 17 were sitting with eyes shut and breathing deeply, so I assume they were asleep, as I had been!

"Yet Dr. X didn't seem to notice anything unusual in the fact that over 50 per cent of his own class was asleep. He was thus a failure at the very thing he was trying to inculcate into us."

Send for my "Test for a Good Teacher," enclosing a stamped return envelope, plus 20 cents in coin. It makes an ideal inventory, plus good discussion at PTA meetings.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

A New Chance to Win $100 -- Puzzle No. 3

POT-O-GOLD, the Pontiac Press' exciting new summer word game, begins its third week with Puzzle No. 3, below. It's fun—read the directions carefully, fill out your entry and send it in. It can mean to least $100 to you every time you win.

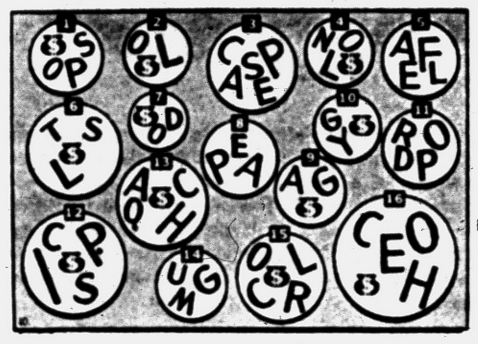

The puzzle consists of (1) a number of circles which contain a few scrambled letters, and (2) a orresponding list of clues to these words printed below. The object is to arrange each group of circled letters into a word that best fits its clue. The word which you select for Circle No. 1, then, would be the one which you would print in the space to the right of (1) below.

You'll notice that some circles contain $ signs in pots of gold. You may use such a symbol as any letter you wish. However, it and all letters in that circle must be used. The $ sign, of course, can represent ANY letter in the word.

Do the same in all the other circles. Study the clues carefully and arrange all the letters into words that you believe best conform to these clues. Use your $ signs to help you spell out the right words.

That's all there is to it. Good luck!

10. Completed puzzles must be addressed to POT-O-GOLD, POST OFFICE BOX 58, Pontiac, Michigan. Winners will be notified either by telephone or in the mails.

Masses Adopting 'Old School Tie' Fad

LONDON (INS) — Once it was the mark of an English gentleman, a badge of distinction and a sign of social superiority.

Today the "old school tie" is only a faded emblem and a bedraggled shred of what it used to be in the days when the world trembled whenever the British lion roared.

The trouble is that so many bounders—men who have no public school, no college or no regiment—are wearing them that the chaps who really are entitled to these once-select articles of neckwear are giving them up.

Why, some commercial firms are even exporting bona-fide old school ties to America where just anyone with the cash can become an old Etonian, an Oxford graduate or grenadier guards officer.

ALL JOINING IN FAD

If all this were not enough people like civil servants, local government officials, members of the obscurest local sports clubs and even miners are sporting their own particular ties, resplendently striped and coroneted.

This craze of the masses or "underprivileged" to be equal has also undermined the old school badge—that elaborate, hand-made crest in thread of gold traditionally worn on the breast pocket of those dark blue blazers.

The blazer has become almost a national male costume for the weekend. And with the boom in blazers has come the boom in blazer badges.

A lot of males who shouldn't are sporting badges declaring them old harrovians or graduates of Trinity College, Cambridge.

BADGES POPULAR TOO

But thousands more are wearing what the public calls "neutral" badges—made-up concoctions featuring crossed swords, a pair of anchors or a lion rampant—or what the blazer trade more rudely describes as "nondescripts."

This game of equality has gone so far that many males who are entitled to proper badges are wearing the free-lance designs.

And it's not just the English gentleman who is affected. The proud Scots clansman has literally lost his distinctive kilt.

It may not be "good form" for anyone but a clan member to wear a particular tartan but the skirt and kilt-making concerns in the lowlands and highlands of Scotland are out to cash in on the tourist trade.

There is hardly a kilt-making concern or clothing shop in Scotland that doesn't display prominently in its window:

"American travelers checks accepted here."

Medics Urge 'Full Speed Ahead'

Say Salk Polio Program May Cut Infection Chain

By ALTON L. BLAKESLEE
Associated Press Science Reporter

CHICAGO (AP) — Going full speed ahead with Salk polio shots might even protect some unvaccinated persons, including parents of young children, two polio experts said today.

Vaccinated children may become far less able to pass natural polio infections to other family members. There would be fewer "silent carriers" who could spread dangerous virus during epidemics to others.

The chances that Salk vaccine shots could bring this extra dividend were described by Dr. Jonas E. Salk of the University of Pittsburgh, who developed the vaccine, and Dr. David Bodian of Johns Hopkins University, Baltimore.

* * *

They spoke at a polio symposium at the opening of the 105th annual meeting of the American Medical Assn.

Simultaneouslq, Dr. Leonard Scheele, surgeon general of the U.S. Public Health Service, called for use of "every drop" of Salk vaccine as soon as possible, even during polio epidemics.

"Vaccine given in July and August will prevent paralytic cases and even deaths in August and September," Dr. Scheele declared.

Salk vaccine is being given mainly to children under 15, the most susceptible to this crippler disease.

But even so the shots could hit at the strongest link in polio's chain of infection—the passage of natural infection from human to human, Salk and Bodian said.

Vaccination produces antibodies standing guard in the blood to intercept polio virus before it strikes at nerves.

But it might also reduce the length of time or degree to which a child harbors or reproduces virus which invades him later on.

Dr. Salk said it appears some persons infected naturally by polio virus become "silent reservoirs." Although not sickened themselves, they can become sources of infection, passing virus on to others.

Vaccination could conceivably make them so sensitive to unavoidable natural exposure that they quickly turn out great amounts of protective antibodies. Their own infection could be controlled sooner, reducing their carrier state.

Averell Won't Criticize Rivals

Dem Candidate States Attacks on Moderation Were Directed at Ike

NEW YORK (AP)—Gov. Averell Harriman, now an announced candidate for the Democratic presidential nomination, says he is not part of any "stop-Stevenson" movement.

The New York governor said yesterday that any remarks he has made against "moderation" and "middle-of-the-road" policies were directed at President Eisenhower and not at Adlai E. Stevenson.

Harriman announced Saturday his active candidacy for the Democraitc nomination. Previously, he had called himself an "inactive" candidate.

In an interview on NBC-TV's Meet the Press, he said he would not criticize or discuss positions taken by Stevenson or another candidate, Sen. Estes Kefauver of Tennessee. He described both as "fine men."

Meanwhile, Carmine G. DeSapio a leading Harriman backer, said Harriman will win the nomination, and with strong support from the Western states.

"I have every confidence that the governor will get the support of Nevada, Idaho, Washington, Wyoming, Oklahoma, Kansas and other states in that area," DeSapio said in a television interview. DeSapio is a democratic national committeeman.

Harriman's Western supporters have scheduled a rally for him in Denver next Saturday. Delegates with 80 to 90 national convention votes are expected to attend.

Harriman already has most of New York's 98 delegate votes.

British Labor Head Has Cypriot Solution

MANCHESTER, England (AP) — opposition Labor party leader Hugh Gaitskell says Britain's government could solve the Cyprus dispute by reopening talks with exiled Archbishop Makarios or turning the problem over to NATO.

* * *

Gaitskell told a Manchester meeting last night his party does not approve of the Eden government's "policy of repression" on the strife-torn Mediterranean isle.

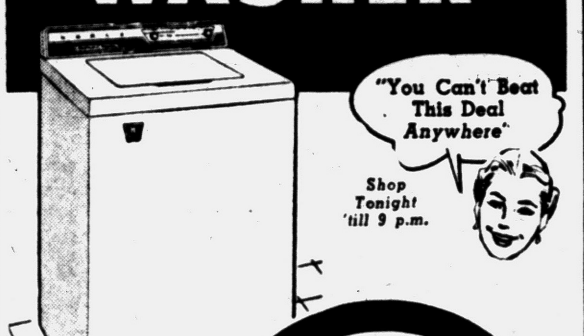

* * *

He urged a negotiated settlement to give Cypriots immediate self-rule, safeguard rights of the Turkish minority on the island and provide for its use as a British military base.

Don't Worry, Nate Twining Can Handle Those Reds

GEN. NATHAN TWINING

WASHINGTON (INS)—Air Force chief of staff Nathan F. Twining, who goes to Moscow June 24 on orders from President Eisenhower, admittedly "tries to think like a Communist."

But don't let that worry you. An enthusiastic devotee of the rod and reel, our top air general also believes that if you want to catch a fish, you have to think like one.

The Russians can make what they like of that comparison!

The highly vocal Nikita Khruschchev, No. 1 boss of the Communist party, may have a little more difficulty figuring out a "cold fish," like Twining, who despite the current inter-departmental feuding at the Pentagon, knows eight languages and how to keep silent in all of them.

Fifty-eight-year-old Twining is quite a boy! A grey-haired, soft-spoken cigar smoker who golfs as enthusiastically as Ike, he originally yearned for a Navy career, but began his service in the Army infantry and later switched to the Air Force.

NATE'LL SEE ALL

The Soviets are likely to have trouble disguising any air secrets from the man, who stacked up 4,444 flying hours in single engine planes before graduating to the jet age. Who knows? With his rare gift for tact and fact, Twining may even be able to find out what has become of his former opposite number, Vassily Stalin, peripatetic aviator son of the late dictator, who has disappeared into Red oblivion.

Gorging on Russian sturgeon and caviar should prove no chore for Twining, who once ate raw albatross liver — although not exactly by choice. It happened in 1943 when the warplane carrying the then brigadier general had to be ditched in the Coral Sea.

Twining and his 13 crewmen, with two rubber life rafts, a can of sardines and one chocolate bar between them, bobbed for six days in shark-infested waters before their rescue.

During the horrendous interval, they caught rain water and ate an albatross that Twining downed with one shot of his .45 automatic. The racy flavor convinced the factual general that this life-saving delicacy was unlikely, however, to catch on with the chain store trade.

MILITARY BACKGROUND

Twining hails from a long line of military heroes and, in fact, two of his Twining ancestors were disowned by the Quakers for bearing Colonial arms in the Revolutionary War.

Nate first smelled gunpowder at the age of three while playing soldier with a six-year-old brother, Robert, in Wisconsin. A loaded rifle discharged, wounding Robert so severely that surgeons were summoned by special train to have his life.

Nate's first military service was with the Oregon National Guard along the Mexican border, where he spent most of 1916 purusing bandit Pancho Villa.

Twining, Ike's first appointment to the joint chiefs, had been known as a "MacArthur boy" during World War II. While Gen. Douglas MacArthur was island-hopping his way back from Australia to the Philippines, Twining commanded all Army, Navy, Marine and Air forces in the South Pacific. It was his 20th Air Force that dropped the first atomic bombs—on Hiroshima and Nagasaki.

SUCCEEDED VANDENBERG

Subsequently, Twining served a two-an-one-half year tour of duty in Alaska, rounding out that territory's air defenses and incidentally hunting big northern brown bears. By 1953 he was the No. 2 man in the Air Force when the late Gen. Hoyt Vandenberg resigned as chief of staff and Twining stepped in at the summit.

Of one thing the Russians can be certain. If they insist on showing Twining the preserved remains of Lenin and Stalin in Red Square, the general will not be squeamish about it.

He himself preserves in a home freezer for several months a 15-pound rainbow trout, which he insisted upon exhuming occasionally for the benefit of startled guests.

* * *

One of his subordinates, after being commanded to view this trophy of the streams, confided: "If you have never had a four-star general hold up a dead fish for you to admire, you can't imagine how few adequate words there are for such a predicament."

Industrious Mother Finally Wins Diploma

CLEVELAND (AP) — Mrs. Mary Miller White, mother of four children who were born after she enrolled in night classes at Baldwin-Wallace College, was among the 205 graduates at the college commencement yesterday.

* * *

Mrs. White enrolled in the classes nine years ago after her discharge as a Navy nurse, but her graduation was somewhat of a surprise to her. She did not know until Friday that she had enough credits for a diploma.

* * *

A business major, she plans to continue in the classes this summer for additional work in that field.

Announce New Way To Shrink Painful Piles

Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment form* called *Preparation H.®* Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drugstores. Satisfaction guaranteed or money refunded.

P.S. DOCTORS PRESCRIBE SPECIAL LAXATIVE TO EASE PAINFUL ELIMINATION WHILE SHRINKING PILES

The makers of Preparation H also make Petro-Syllium®, a special type laxative prescribed by doctors for hemorrhoid sufferers. Softens hard dry stool and assures easy elimination *without pain.* Ask for Petro-Syllium.

ROCK-BOUND SHIP GATHERS NO ROLL — Take an Italian freighter floundering off the shore of Scituate, Mass., mix thoroughly in a wintry blizzard, and you have the recipe for turning a freighter Etrusco was stranded on the rocky shore, groups of tourist-staid shore town into a king-sized headache. Ever since the ill-fated ists have descended on the town in such great numbers that the police are flooded with complaints by the residents of the once-peaceful village. Only a high tide or a probable salvage operation will cure the problem.

Armed Forces Unity Opposed

Finletter's Plan Draws Contrary Answer From Army Chief Brucker

WASHINGTON (AP) — Opposing any complete unification of the armed services, Secretary of the Army Brucker says the Army, Navy and Air Force "should be encouraged to develop individually."

* * *

Reuben Robertson Jr., deputy secretary of defense, and Adm. Arleigh A. Burke, chief of naval operations, were less specific in opinions expressed yesterday. But neither directly supported the single-service plan advocated a week earlier by former Secretary of the Air Force Thomas K. Finletter.

The three defense officials spoke out in different television interviews.

* * *

Robertson said the question is "whether you gain enough (from unification) to offset the great spirit, morale and traditions that have been built up in each service."

Burke said the value of the idea "would be dependent upon the power of the one big chief of staff," and added, "Any reorganization plan has to be studied pretty carefully."

Brucker said the similarity or difference in uniform "doesn't change essential problems." Despite advances in military technology, he added, "the need for ground forces to meet ground forces and dig them out with a bayonet will always exist."

* * *

He conceded that "the Air Force and the Navy contribute a great, if's the ground where the thing's got to be mopped up and own."

Air Reserve May Move

DETROIT (AP)—The Naval Air Reserve may move from its present Grosse Isle Base because of the longer runways needed for jet planes. Rear Admiral Daniel V. Gallery, chief of the naval air reserve program, said either Wayne Major or Willow Run airports would be acceptable.

Big Boy Blues

By DAMON RUNYON

My Old Man is the most frequently recurring character in Damon Runyon's literary work. He set down scores of sketches and stories in which My Old Man is the protagonist or narrator. Runyon similarly used Grandpap in scores of sketches and stories. Many were legends Runyon picked up in his youth or inventions of his own.

***A Right Good-Looking Gal** is typical of the long series of stories in which My Old Man or Grandpap were principal characters. Even after the Broadway guys and dolls stories proved more popular and profitable than any of his earlier fiction, Runyon continued to write My Old Man and My Old Home Town stories.*

By DAMON RUNYON

It is a very hot day in the late '80s back in my old home town out West, when One-Arm Jack Maddox and his gang come a-cussing and a-shooting into town to hold up the Stockgrowers' National Bank.

* * *

I am not there myself, of course, but I get the story from my Grandpap, who is sitting under the awning in front of the Greenlight saloon with his chair tilted back against the wall, when One-Arm Jack rides in with his gang.

They all have six-pistols and Winchester rifles, and as they go tearing along Santa Fe av. toward the Stockgrowers' National Bank, they take pot shots at everybody in sight, including my Grandpap.

My Grandpap says he gets up off his chair very quietly and steps into the Greenlight saloon as if he is just going in for a drink, because he does not wish to be a party to a holdup, even as a witness, but my Uncle Abner always tells the story a little different.

BAT OUT OF A CAVE

My Uncle Abner says he is inside the Greenlight playing a little stud poker with some of the boys, when all of a sudden something goes by him like a bat out of a cave, and the next thing he hears is a terrible crash of glass as my Grandpap takes the window in the back of the joint.

Well, anyway, people are very scarce in the streets, indeed, by the time One-Arm Jack Maddox and his gang reach the Stockgrowers' National Bank. The only one in sight is old Pat Dillon, the marshal, and he is stooped down behind an iron fireplug, and is cracking away at One-Arm Jack for all he is worth with a six-pistol. But old Pat is not much of a shot and One-Arm and his bunch do not pay much attention to him until the old boy sticks his noggin out a little too far around the fireplug and Sid Karrick clips him with a Winchester.

One-Arm Jack, Zeb Coultry and Bad Pete Jacobs hop off their horses when they reach the bank, and go inside, leaving the others outside to shoot at anybody that shows up.

SHOVES SIX-PISTOL IN CAGE

One-Arm Jack walks up to the cashier's window, shoves his six-pistol in a face that he sees inside the cage, and says like this:

"Shell out that gravy in there," he says, "and be quick about it, too."

Well, the next thing One-Arm Jack knows, but the nozzle of the pistol is pushed aside ,and he finds he is looking smack-dab into the face of a right good-looking gal, and the gal is saying to him like this:

"Why, hello Jack! What is the matter!"

Well, sir, who is this gal but Daisy Bartfield, whose old man, Dan Bartfield, is cashier of the Stockgrowers' National Bank, and what is Daisy doing in the cashier' cage, as it comes out afterwards, but working for her dad, who is down with the rheumatism.

"Where are you keeping yourself all these years, Jack Maddox?" she says to One-Arm Jack. "What are looking at me that way for? Don't you remember me—Daisy Bartfield?"

Well, naturally, One-Arm Jack does not, for he never sees Daisy Bartfield before in his whole life, and, as a matter of fact, not many people back in my old home town ever see her, either, because she is just back for a Summer vacation from a college in the East. She is only stalling One-Arm for time.

"Why, hello Jack! What is the matter!" says Daisy Bartfield, pushing the pistol aside.

TAKES A LITTLE TIME

Now, naturally, all this gab takes a little time, maybe five or six minutes, maybe more, and a few minutes are very valuable when you are robbing a bank.

While One-Arm Jack is standing in there sort of petrified with surprise, the citizens of my old home town hump themselves and get their guns, and all of a sudden from every roof and window along the street comes a-boiling bullets.

Hearing all the shooting, One-Arm Jack and Zeb Coultry and Bad Pete comes bursting out of the bank, and old One-Arm goes over with his only other wing busted from a shot which 19 of our best citizens afterwards claim.

Well, they all get away but One-Arm himself, and after Doc Wilcox patches up his arm some they take him off to the sneezer, which is a way of saying the jail. As they lock him up One-Arm is looking mighty puzzled, like a guy who is thinking of something to himself, and finally he says to Bob Davis, the sheriff, like this:

* * *

"Bob," he says, "I do not place this gal in the bank. I do not remember ever seeing her before. I am commencing to think she is mistaken about knowing me."

(THE END)

(Tomorrow: Meet Joe and Ethel Turp of Brooklyn in "Home Cooking." The Turps were Damon Runyon's favorite characters, and with My Old Man, were made known to millions who met them weekly in the Pictorial Review.)

William O'Dwyer to Face Charge on Income Tax

NEW YORK (AP) — Former New York Mayor William O'Dwyer has returned from Mexico to face a government claim that he owes about $10,000 in back income taxes.

O'Dwyer's case is scheduled to be heard tomorrow in Federal Tax Court. He has asked a hearing on claims that he owes back taxes for the years 1949 through 1951.

* * *

The former mayor arrived last night by plane from Mexico City, where he now lives. He left his city post in 1950 to become ambassador to Mexico.

* * *

O'Dwyer has asked the tax court to throw out the government claim. He says he spent $22,390 in performing his diplomatic duties and was reimbursed only $10,124 by the government.

O'Dwyer said he expects to stay in the United States about a week.

Prisoner of Red Camp Swims to Freedom

TAIPEI, Formosa (AP)—A young Chinese inmate of a Communist forced labor camp swam seven miles to a Nationalist island in Amoy Bay, the Defense Ministry said today.

* * *

The ministry said three other prisoners who fled the Red mainland yesterday were missing and believed drowned.

* * *

The man who reached safety was Liang Shui-chang, 21, a college graduate imprisoned on his native island of Kulangsu, west of Amoy.

The first census on record was made in 3,800 B. C. by the Babylonians, says the National Geographic Society.

Yemen Premier Off to Moscow

Visit Seen as Effort to Develop Trade for Remote Arab Kingdom

CAIRO, Egypt (AP)—Seif ul Islam Badr, slim young crown prince and premier of the isolated Arab kingdom of Yemen, left by plane today to talk economic aid in Moscow.

Badr was accompanied by a Yemenite trade delegation on his first venture behind the Iron Curtain.

The tall prince, still in his 20s, wore the traditional turban, cloak and wispy beard of Yemen as he boarded a special Soviet plane sent to Cairo for him.

The prince has had little experience outside his primitive country and some observers expressed fears he might be an easy mark for the Russians. However, he was accompanied by one of the shrewdest statesmen the Arab world—Quadi Mohamed el Amri, deputy foreign minister of Yemen. El Amri is considered the most influential man in his country outside the royal family.

Observers also noted that Badr had a conference with Egypt's Premier Gamal Abdel Nasser before he departed.

Yemenite leaders view the excursion to Moscow as another step in their cautious efforts to expand and develop their country's economy without upsetting unduly the conservative pattern of Yemenite life.

Although potentially one of the richest areas in Arabia, Yemen has kept its doors so tightly closed to the outside world that most of its wealth is still untapped.

The kingdom stretches 75,000 miles over the southwest portion of the Arabian Peninsula on the Red Sea. Its 4½ million inhabitants live in a land that has almost no roads. Mail service is still conducted by camel back.

The Grand National steeplechase was established in England during 1837.

These are the facts based on clinical records of 261 patients, from 11 to 87 years old, suffering from acute and chronic constipation:

DR. EDWARDS' OLIVE TABLETS, made from pure-vegetable drugs and plant herbs, gave thorough, gentle, effective results in 9 out of 10 cases! OLIVE TABLETS were *58% more effective*—with less unpleasant effects—than all the other laxatives tested!

The doctors found, too, that OLIVE TABLETS function naturally, work only on digested food in the lower bowel, without causing undue weakness or removing nourishment that your body needs. They're unsurpassed as a laxative for temporary constipation. Sold by all druggists.

20-Year Check at UM

Cancer Registry Shows Inspiring Survival Rates

ANN ARBOR (AP)—For the last 20 years the University of Michigan has kept a complete check of nearly 30,000 cancer patients who have been treated at University Hospital.

Dr. Howard Latourette, director of the university's cancer registry, says the records show that cancer is not necessarily a killer.

In a report to the scientific session at the University of Michigan, Dr. Latourette said that even in many cases involving a malignant, or what is usually considered fatal, cancer patients have fully recovered. If a patient survived five years, chances of a complete cure are considered excellent.

"It must be remembered," he said, "that practically no one is going to survive a cancer unless he gets immediate and adequate treatment."

The statistics show that the most common types of cancer found in men affect the skin, stomach, colon, rectum, postate and lung. The average of male patients with these types is between 55 and 65. Index findings indicate survival rates are very encouraging.

Among women the most common cancer involves the breast and cervix. The average age of the patients is between 47 and 55. Chances of a complete cure are described as very good particularly if there has been early treatment. The findings also show that survival rates are good even when the disease has been evident for some time.

"Seven to eight out of 10 women with early carcinoma of the cervix are being absolutely cured," Dr. Latourette said. "One out of three with advanced cervical carcinoma are being completely cured."

Dr. Latourette said the cancer register "gives us invaluable information which combined with laboratory research should speed up the defeat of cancer as a major killer.

Potawatomi Tribe in Government Suit

CHAMPAIGN, Ill. (AP)—A lot of wampum is at stake in a case between the Potawatomi Indians and and the Federal Indian Claims Commission.

Prof. Nathalia Belting, University of Illinois historian, is helping the Indians prepare their case.

* * * *

The Potawatomi once lived in much of Northern Illinois. They ceded aboutt four million acres of land to the United States for about four cents an acre. The United States sold it for $1.25 an acre.

* * * *

The Potawatomi now number about 1,800 and live on a reservation in Oklahoma, with other bands in Kansas, Michigan and Ontario.

About 77 per cent of all Americans live five to 10 miles from their jobs, and up to 84 per cent live more than 10 miles from their work.

Russia Claims Population Rise Up by Millions

MOSCOW (AP) — The Soviet government says the Soviet Union's population totaled 200,200,000 in April and is increasing at a rate of nearly 3½ million a year.

The figures—part of a statistical bulletin on the "National Economy of the U.S.S.R."—were the first vital statistics put out by the Kremlin since before World War II.

The report showed a heavy movement from farm to city over the past 30 years. In 1926, Russia's urban population amounted to 26,300,000 or 17.9 per cent. This year 43.4 per cent—87 million—lived in cities.

The long Communist fight to build Soviet industry was also reflected in a similar transfer of workers from the field to the factory. The report said factory and office workers now make up 58.3 per cent of the working population, compared to 26 per cent in 1913. Agriculture and forestry accounted for 74 per cent 43 years ago.

Most POWs in Korea Ignored Red Pressure

WASHINGTON (AP)—Eighty per cent of the American war prisoners repatriated after the Korean War neither resisted nor cooperated with their Communist captors, an Army research study shows.

* * *

Based on analysis of the records of the 3,323 former prisoners, the study classified 15 per cent as collaborators and the remaining 5 per cent as resisters. The study did not take into account the actions of more than 3,000 others who died in captivity.

* * *

Those who did cooperate with their captors, the study showed, did so primarily not because of any belief in communism but to avoid possible mistreatment an to obtain preferential treatment.

KINGSTON, R.I. (AP) — Sara E. Coyne, associate professor of home economics at the University of Rhode Island for 31 years, confesses she'd rather eat out than cook for herself. In announcing her retirement she said she prefers eating in restaurants because "it's not practical to cook for oneself—especially doing the dishes."

Hawaiian's House Pet Lions in the Basement!

CHICAGO (AP)—"There's a pack of lions running loose out here, and they looked pretty hungry," an alarmed caller reported to Englewood police last night.

Eighteen similar phone calls flooded the Englewood headquarters in the next five minutes.

Policemen Robert Martinjak and Richard Ryan were ordered to lead a safari. The cries of a crowd and the roar of beasts led them to 6419 Peoria St.

Cautiously, they crept toward a broken basement window where the roars emanated. They saw two husky lions chained to the basement wall.

IN NIGHT CLUB!

Two Hawaiians who live in the building came forward through the crowd and said they were the lions' owners.

Kalanilehau, 31, and his cousin Liko, 29, said their lions, Togar, a 2-year-old, 285-pounder, and Kila, a yearling 80-pounder, were imported from Africa for use in a night club act.

"They are as tame and gentle as alley cats, and they wouldn't hurt a mouse," said Kalanilehau. "But kids in this neighborhood! They're always teasing the lions. The kids broke the basement window a couple of days ago and they're forever pestering Togar and Kila.

"Why one of 'em was trying to make Togar put his head in a kid's mouth."

Mrs. Adelyn Smith, 47, signed a complaint charging that Kila always was tempting her daughter Lola, 7, to lick his face, or vice versa.

The police left the lions chained, but arrested Kalanilehau on a charge of harboring wild animals.

Out of the Blue

OSWEGO, N. Y. (AP) — Farmer Clarence Smart reaped a lot more than he sowed. Three Navy rockets plowed into his land. Mrs. Smart thought she heard a jet plane about the time her husband saw the rockets land, but inquiries have failed to confirm presence of any aircraft.

Know-How Won't Insure Success

By ANNE HEYWOOD

Sometimes, it seems to me, we're too technique-happy. The how-to philosophy has taken over so completely that we've lost sight of the what-for part.

* * *

Many people are learning how to do things that they don't particularly want to do, for reasons they couldn't explain, just because it's possible to learn how to do them.

Women who hate to cook, and admit it, write me for advice on marketing a homemade food product.

And one woman, whose own children drive her crazy, is studying up on how to give children's parties for a profit!

The trouble is, it won't work.

The best technique in the world won't help you if the thing it teaches you to do is something you hate.

ENTHUSIASM VITAL

After analyzing all the successful home businesses I know, I found that the common denominator of their success was the enthusiasm of the owner, not the technical know-how.

The technical know-how can be learned, but the enthusiasm must be spontaneous.

* * *

Marilyn H. is an example.

Marilyn now makes charming children's clothes, in her own home, and sells them successfully to a rather large clientele. But at first, she made every mistake in the book.

She made mistakes in purchasing, in pricing and even in her first advertisements, which were awful!

But Marilyn loves to sew, and adores children, and those two facts kept her going until she improved her technique.

TALK TO YOURSELF

If you are considering making and marketing a home product, don't make a move until you've had a heart-to-heart talk with yourself and decided what you honestly like.

If food doesn't fascinate you, you won't make a success of it, no matter how excellent your recipes and how tremendous your technical know-how.

You'll be going up on the down escalator and you'll fall for reasons that even you may not understand.

On the other hand, if you start something you really like, all the good breaks will come like magic.

* * *

Once you're sure what it is you really like, I'll be glad to send you my pamphlet, "Marketing A Home Product."

But with your request, do let me know what kind of product you have in mind and why you think it's right for you. After all, I'm interested in helping you succeed!

Honor Maid Should Be Reimbursed

Wedding Called Off After Purchase of Useless Finery

By EMILY POST

A reader tells me: "I was to have been married a short while ago. The date was set and all plans were made. Three weeks before the wedding date something happened which caused me to postpone the wedding.

"The girl who was to have been my maid of honor had all her clothes bought. I understand she feels I should reimburse her for this expense since the wedding was called off and she has no need for these clothes.

"I feel terrible about her having gone to this expense, but on the other hand it was one of those unfortunate things that happen and I don't see why I should be made to pay for these clothes. However, if you think it is my obligation, I will do so. Please let me hear from you."

Answer: I'm very sorry to have to say that under these circumstances, you should pay for these now useless clothes—if you possibly can!

"Dear Mrs. Post: I am invited to a stork shower which is being given for my sister and her sister-in-law who are both expecting babies at the same time.

"I would like to know if it is necessary to take a present for both. While I have met the sister-in-law, she is not someone I know well. Will you please let me hear from you as the shower is very soon?"

Answer: Two presents will be necessary. The better one can, of course, be given to your sister and a mere trifle to her sister-in-law.

"Dear Mrs. Post: Will you please tell me the proper way to address a wedding invitation to a family consisting of mother, father and two teenaged sons? Is it necessary to send the boys a separate invitation or may they be included on the initation to their parents?"

Answer: Address the outside envelope to Mr. and Mrs. John Smith and on the inside envelope write Mr. and Mrs. Smith and beneath this add "The Messers. John and Henry."

Use Custard to Top Fruit in This Pie

Mrs. Payne Likes Rhubarb Recipe of Mother-in-Law

By JANET ODELL
Pontiac Press Home Editor

Fresh rhubarb is in season and lends itself wonderfully well to pie-making. Mrs. William Payne of Upper Long Lake Estates gives us a rhubarb pie recipe she got from her mother-in-law. Not until she had tried this one did she ever like rhubarb pie.

Mrs. Payne is busier than ever this summer with a new house added to her usual duties of caring for two small sons. There is the problem of getting a lawn and garden put in.

The Paynes like to dance and swim. They also enjoy entertaining with their built-in barbecue.

RHUBARB PIE
By Mrs. William Payne

Pastry for double crust
2½ cups rhubarb pieces
1½ cups sugar
2 eggs
2 tablespoons flour
½ teaspoon lemon juice
Pinch salt

Cut rhubarb into pieces about ¾-inch long. Fill pastry-lined tin very full, as rhubarb shrinks.

* * *

Beat rest of ingredients together and pour over fruit. Put a lattice crust over the pie. Bake 20 minutes in a 450-degree oven. Reduce heat to 350 degrees and bake another 20 mnutes.

* * *

This "batter" may be used on any berry pie also.

The program was a birthday party for Mrs. Cooney, Mrs. Drury, Mrs. M. A. Benson, Mrs. R. C. Cummings and Mrs. Charlotte Osmum under the direction of Mrs. Ericson Lewis.

Here Are Answers to Weight Quiz

By JOSEPHINE LOWMAN

Today I am giving you the correct answers to the questions which were printed in this column earlier in the week.

* * *

1. You can take an inch or so off of your abdominal and waist measurements by pulling your abdomen in rather than allowing the muscles to be lax. You can also add to your bust measurement by assuming correct posture: Abdomen, spine straight, lifting the rib cage.

2. The usual weight and height charts are average weights and heights for different ages. The average man and woman gain too much as they grow older. Also, bony structure is an important factor.

3. People often grow taller even after the age of 25 although most people have reached their full height by the age of 25.

* * *

4. There is no reason why your figure should change because you bear a child. There is no change in bony structure. Any weight you may have gained can be lost by calorie counting, and stretched abdominal muscles can be toned with exercise.

5. Do not pull your shoulders back when assuming correct posture. You should straighten your spine and pull your abdominal muscles in but your shoulders should be relaxed.

6. You cannot lose weight by standing for 20 minutes after eating.

* * *

7. It does not matter when you eat your heaviest or your lightest meal. It is the total calorie count for every 24 hours that counts. The only way in which eating the heaviest meal at night might have an effect is that we are more relaxed and unhurried then, longer at the table and therefore may eat more.

8. Of course there are many exceptions, but it's a good guess that a girl will have a middle-aged figure somewhat like her mother's, since often bony structure is inherited as are the glandular setup and eating habits.

9. It is true that fat seems to run in some families. However, this is usually because of inherited eating habits. Also the glandular system may be similar. However, a change in eating habits and a bit more than usual attention to dieting will usually turn the trick.

10. Exercise does have an effect on weight loss because it burns up calories. Our weight depends on the ratio between the energy we use and the food we consume.

11. You can decrease measurements by exercise. Exercise can distribute your weight more attractively.

12. While your carbohydrate intake should be cut lower than usual, even when dieting you require some starch and sugar. Potatoes are not fattening and neither is regular loaf bread unless you dunk them with butter.

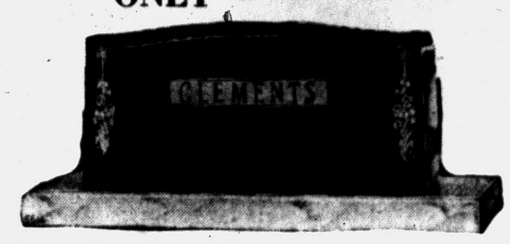

13. A very small percentage of overweight women have a glandular deficiency. Of course there are a few who have.

14. You cannot lose an ounce of fat by cutting salt out of your diet. Salt does affect water retention in the tissues. Therefore you may lose some weight in the form of water.

Exercise has an effect on weight loss because it burns up calories.

Slate Bond Issue Vote Tomorrow in Avondale

AVON TOWNSHIP — Voters in Avondale School District, who are casting ballots today in a board election, will return to the polls tomorrow to decide on an additional school tax levy.

Two separate propositions will be on tomorrow's ballot. First is a request for a 2 mill increase to finance an $850,000 bond issue for added school rooms. Second is a 3 mill increase to cover additional operational expense.

Property owners only may vote on the bond issue millage, but all qualified electors can vote on the operational increase.

Proposed additions in the building program include 17 to 19 elementary rooms, 9 to 10 junior high rooms, and 10 to 11 senior high rooms. One grade will be on half-day sessions next year, according to Superintendent Raymond Baker, who says that the crowded school room situation is growing worse.

Avondale High School alone will gain 140 students next year. One hundred students are graduating, while 240 freshmen are entering.

Operational monies are asked for to meet added operating expenses such as teachers' salaries and building maintenance.

Avondale's 1956 school tax is estimated at 19 mills, as compared with a 28.6 mill levy in 1955. The requested increase would set the 1956 rate at a approximately 24 mills. The reason for the drop in taxes this year is the retiring of the bonded debt on Avondale High School.

Baker also pointed out that the district stands to gain an extra $38,000 in operating expense from the state under the Distressed School District Act, if the increases are voted. The state gives this extra help to districts levying over 20 mills school tax. Amount of extra aid is regulated by number of mills over 20.

* * *

Avondale School Board last week made application to the Department of Public Instruction to qualify the proposed bonds. This makes it possible to set 13 mills as a ceiling for debt levies.

Polls will be open tomorrow from 7 a.m. to 8 p.m.

Adlai to Aim at Ike's Health

Democrat Reveals One of His Campaign Topics —if Nominated

CHICAGO (AP) — Adlai Stevenson says if he wins the Democratic presidential nomination he will make a campaign issue of the conduct of the office and "the President's health will definitely have something to do with the conduct of his office.

"To diminish the office of president is the dangerous thing and that is what I will campaign against," Stevenson said last night.

The 1952 Democratic presidential nominee made the statement to newsmen on his arrival from California, where he defeated Sen. Ester Kefauver (D-Tenn) in that state's Democratic primary Tuesday.

* * *

Returning to his suburban Libertyville home after four months of campaigning, Stevenson said that he had accomplished what he set out to do this spring — "winning every contested primary but one."

The lone defeat was administered by Kefauver in the Minnesota primary, the first head-on clash between the two.

Since then the former Illinois governor has won five consecutive contested primaries.

* * *

"I feel refreshed after three days of rest which followed a very refreshing incident (the primary) in California," Stevenson said.

Stevenson said he intends to spend most of the next two months, before the Aug. 13 convention, at his home.

Peak $25 Million Spent by U.N. for 1955 Relief

UNITED NATIONS, N.Y. (AP)— The United Nations says that it spent a record $25,800,000 in 1955 on its technical assistance program.

Seventy-three governments have promised $28,941,030 to finance the aid program this year. The largest contributor is the United States, which has pledged up to 15½ millions to match the grants of other countries, dollar for dollar.

* * *

The program was started in mid-1950. Its previous biggest biggest year was 1952, when 23 million dollars was spent.

* * *

The U.N. last year sent 2,004 foreign experts to 101 countries or territories to help improve their farming, mining, industry, health, education or other activities. The program financed study abroad for 1,203 persons.

For the first time the program began spending four million rubles — a million dollars at the official exchange rate — in Soviet contributions which had piled up. The money previously had been frozen by a dispute over its use.

Bob Considine Says:

Ike's Setback Stills Republican Huzzahs

WASHINGTON (INS) — Dwight D. Eisenhower is a president whose portraits in future editions of big dictionaries may be done in colored layers, as in articles of anatomy. The man's heart, digestive track, kidneys, liver are lungs are indinitely better known to millions of concerned Americans than their own organs.

It would tax the memory and files of veteran pundit George Rothwell Brown to find a parallel in American history for the instant effect the President's functions and malfunctions have on the nation.

Stocks suffered a $16,000,000,000 loss last September when the President had his heart attack. The Market took a sink of up to three points early Friday with nothing to go on except that he had "an upset" stomach and a headache." It dropped that much more when the President's medical people took the normal precaution of moving him to Walter Reed Hospital.

It is a mark of the man's indispensability to the GOP that since the heart attack he cannot so much as sneeze or stay indoors on a sunny afternoon without causing either jitters or preposterous predictions akin to Sen. Bridges' statement "he'll be back in the office tomorrow" which he made a few minutes after told that Ike was sick. F.D.R.'s condition, dramatically poorer than Eisenhower's for years, never caused such speculation or reaction.

HUZZAHS NOW FAINT

The partial bowel obstruction has stilled for the moment the hearty huzzahing of young and old Republicans who have been warmed by personal meetings with the President these past ten days.

Though it had nothing to do with his heart, it made people instinctively recall that blow which the President's recovery and vigor had erased from many minds. It strengthened the opinion of a hard little core of Democrats here—headed by Leslie Biffle — that Eisenhower will not run again.

Biffle, secretary of the Senate, made the famous incognito trip through the country in 1948 to report back to President Truman that he'd beat Dewey. He made no such trip, of course, prior to making up his mind about President Eisenhower.

MIGHTY PRESUMPTUOUS

Inevitably, the hottest of the spotlights turn on Vice President Nixon, whose least innocuous statement is studied from all points of the compass for hidden meaning. When he said he couldn't see reporters Friday because he was "busy" it meant that he wanted to take no chance on having even an expression of optimism turned into something he didn't mean. Nixon is the one man in America who, since last September, has not been able to greet the President with the most natural salutation of them all, "How Are You?"

It's highly presumptuous to second-guess the fine medical people around the President. The first diagnosis on the President's heart attack in Denver last year was wholly wrong. Yet it seemed so firmly believed that he was permitted to walk to the car that took him off to the hospital. I've since talked to doctors who blanch at the thought, and openly wonder how he survived.

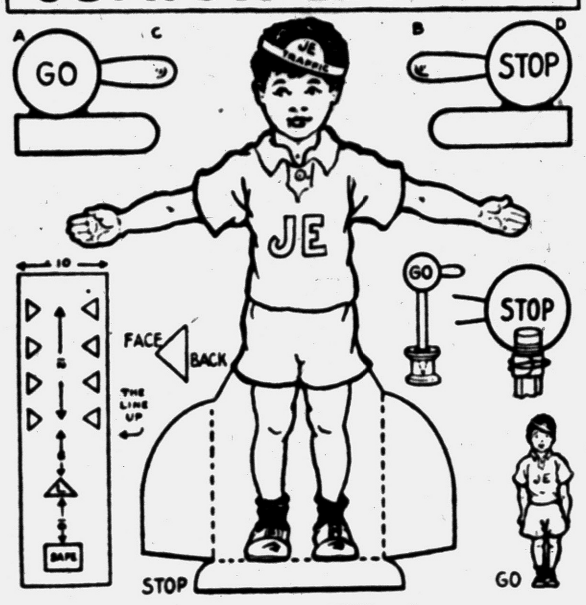

The "upset stomach and a headache" of Friday a. m., for which milk of magnesia was prescribed, became an intestinal block early in the afternoon, with the first suggestions of surgery following shortly thereafter. Ike does not appear to have had too much luck with his diagnosticians.

* * *

In the meantime, the world's gaze is on the great rambling, Army hospital where hundreds of the President's comrades in arms in two great wars roam the corridors or lie abed. Only they, the wounded, comprehend what passes through the mind of the newest arrival.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

GAMES FOR SUMMER — 1

Stop — Go

Now that summer is here, you will want some games to play. There are lots of good ones, new and old.

In Stop—Go, all the players except one who has been chosen traffic officer, line up in two rows facing each other across an area of about ten feet, representing a street. The traffic officer stands at one end of the street, six feet from the nearest players. Ten feet beyond him is a safety isle.

With his back to the players, the traffic officer holds out his arms at right angles. Suddenly he drops his arms, shouts "Go" and counts to ten. While he is counting the players may run across the street.

On the count of 10 the traffic officer turns and raises his arms to "Stop." Any player caught out of line is a jaywalker, and must remain in exactly the position he is caught for a count of 10. Then he must run for the safety isle.

If he is tagged before he reaches the isle he is out of the game, but if he reaches the isle he takes the place of the traffic officer, who joins the ranks.

Before you have a chance to actually play the game you may wish to color this picture, and paste it down on cardboard. The Junior Editor Traffic Officer will stand if you fold the side panels back and the front panel forward. Put a pencil into an empty spool. Paste the Stop and Go circles back to back, then fasten them tightly around the top of the pencil with a rubber band. With the handle you can turn the sign.

The diagram shows you the setup needed to play the real game.

State School Boards Obligated to Pay Rides

DETROIT (AP)—Michigan school boards are obligated to pay for the transportation of mentally retarded children to special schools outside the district.

* * *

Circuit Judge Carl M. Weidman handed down the decision against the Grosse Ile school board in a case brought by Mr. and Mrs. Moses Graham.

* * *

The school board argued that it was required to furnish transportation only inside the district. There is no school for mentally retarded children in the Grosse Ile district.

Drunk-O-Meter Test Postponed as Gent Conks Out

HOT SPRINGS, Ark. (INS)—An attempt to test the accuracy of the "drunk-o-meter," a device used to measure the degree of intoxication of a person, ended in failure at Hot Springs.

The reason—the man engaged to get drunk for science passed out before he could be measured.

* * *

The experiment was conducted by police at the request of the judges' council, an official unit of the Arkansas Bar Assn.

The man drank over a 20-hour period. In that time he consumed four half pints of wine, two half pints of whiskey, four half pints of "moonshine" liquor, and a half pint of vodka.

MIAMI, Fla. (AP)—Mr. and Mrs. Paul Daniel have received an invitation to attend the wedding of Grace Kelly and Prince Rainier in Monaco. Jack Dempsey Life Story Readied for Production

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — At long last the deal to film Jack Dempsey's life story has been finalized with producer Sam Weisenthal as the winner! The former heavyweight champion gets a price for his story plus a percentage, and he also acts as technical advisor.

Just as soon as Weisenthal finishes "The Day They Gave Babies Away," he'll put the Dempsey epic into production.

No picture has ever accented so vividly the perils of mountain climbing in the snow-topped Alps as paramount's "The Mountain," replete with magnificent scenery. You sit absolutely guled to your chiar while you watch two brothers (Spencer Tracy and Rober Wagner) make the perpendicular climb.

One brother, Zachary, played by Spence, has only the idea to aid any possible survivors in an air crash. The other brother, Christopher (Wagner) wants only to rob the corpses. He will even commit muder.

To see baby-faced Bob as such a dastardly character is an experience. He gives his best performance. Bob very frankly says that he owes everything to Spence. who helped him. Edward Dmytryk's direction is superb and Spence is also great!

I was very happy to be invited to share in a family birthday party with Dolores Gray at the Villa Capri. Wynn Rocamora and I, who were dining there, were invited to join the party which also included Monte Prosser.

Monte told me he wanted Dolores for the opening of the Tropicana in Las Vegas. Dolores said she also has promised Joe Pasternak she will be in the first independent musicals he makes after he leaves MGM.

He had a nice talk with Dolores' Brother, who leaves shortly to study for the priesthood.

SNAPSHOTS AT RANDOM:

Rumbles are loud again that Faye Emerson and Skitch Henderson are further apart than the poles.

Sorry to report that Mrs. Peter Loore lost her expected baby a few days ago at Cedars of Lebanon Hospital.

On the way to dinner at the Villa Capri, we stopped at Margaret Ettinger's for cocktails. I had a talk with Dr. Herbert Kalumus and his attractive Elanore, who is finishing her book.

An interesting and informative guest was Ken Lidstone, international tax lawyer and protege of Randolph Paul, tax authority. Ken is on his way to South America.

Attorney Opens Church Drive

Buys 25,000 $1 Bricks Toward Restoration of Twister-Torn Edifice

DETROIT (INS)—A Detroit attorney opened the campaign to raise $100,000 for the restoration of St. George Greek Orthodox Church of Lincoln Park today with the purchase of 25,000 one-dollar brick certificates at the kick-off breakfast on the city-county building lawn.

Philip J. Williams made the purchase of the certificates for the church that was destroyed by the tornado that struck Lincoln Park May 12.

More than 4,000 persons of six Greek Orthodox churches in the Detroit area attended combined services in the Olympia Stadium yesterday as a prelude to the campaign. The churches represented were St. George, the destroyed edifice; St. George of Pontiac, St. Nicholas, SS. Constantine and Helen, Evangelismos and Assumption.

GROUPS SPONSOR DRIVE

The campaign is being sponsored by the Crisis Club of Detroit and the federation of Wayne County Hellenic societies. The cosponsors hope to sell 100,000 bricks at one dollar each.

The Central Business District Assn., the Building Trade Council, the Wayne County CIO Council, the Teamsters Union, the Board of Commerce, the Pilot Club and other service and veteran organizations are supporting the drive.

The loss of the church property was fixed at $140,000 with $100,000 worth of equipment destroyed. Insurance payments will amount to $70,000, according to the Rev. Fr. John Magoulias, the pastor, who said the parishioners would foot the rest of the bill.

Both Mayor Albert E. Cobo of Detroit and Mayor George Barber of Lincoln Park have proclaimed June "Help Father John" month in an effort to help the campaign.

Contributions may be sent to "Help Father John," care Sheraton Cadillac Hotel, Detroit 26, Mich.

The 24-year-old woman was doing all right yesterday until her automobile reached a curve near the Detroit Yacht Club. A moment later, she and her husband, Ralph, 28, were crawling through the windows and out of six feet of water.

The car went into the lagoon and submerged, and the doors jammed. So the Greens hurried out through the windows and swam to shore.

My husband can hardly believe that I have lost so much in so little time."

Hal Boyle Says:

'To Thin Persons Trying to Get Out'-Read!

NEW YORK (AP)—There are at least 26 million overweight Americans, and Leonard Louis Levinson has just written a book dedicated to them all.

His dedication reads:

"To the thin person, inside every fat person, fighting to get out."

* * *

A reformed fatty himself, this repentant sinner is the Dr. Jekyll and Mr. Hyde of the diet field.

For most of his life Levinson, now 52, never counted his calories and preferred to take them rather than leave them alone.

A COOKBOOK

He was a highly successful writer of film scripts, stage skits and radio shows. He wrote for Fibber McGee and Molly and many another entertainment headliner.

Then he was commissioned to write "The Brown Derby Cookbook," to celebrate the sophisticated cuisine of the Hollywood restaurant he patronized himself.

* * *

"In preparing that book," he recalled, "I tasted about 1,500 dishes they had in a card file as well as all those they had in the menu. For example, they had 23 different ways of preparing lamb kidneys—imagine that!—and I tried them all.

WALRUS MUSTACHE

"The recipes weren't for people worried about putting on weight. Most of them started off—'Take a half pound of butter. Or a pint of rich cream and.'"

Levinson who wore a great brown walrus mustache when he started the project, resembled a walrus in other ways when it was finished. He was round, unfirm and fully packed. He was also short of breath and uncomfortable.

* * *

His doctor told him he had to reduce.

"I thought it would be easy," said Levinson, "but it took me a full year. I had become too used to stuffing myself with rich food.

"But I like to throw myself into a thing, and I got really interested in nutrition and made a thorough study of it."

WHAT RESEARCH

"The result, after more than two years of experimentation with myself as the guinea pig, is a book on the other side of the dietary fence. It is called 'The Complete Book of Low Calorie Cooking'."

Just how thorough was his research?

"Well," said Levinson, "I found 365 ways to prepare a breakfast egg—a different way for every day of the year."

The book abounds with tips on how ordinary diet cheaters, such as the midnight icebox raiders and the between meals snackers, can gorge themselves on extra fodder that will fill their empty stomachs but won't put on weight.

"The single most important thing a dieter should learn is moderation—then he can eat almost anything," he said.

"But moderation is something many people just can't practice. So for them the answer must be—to pick low-caloried foods to fill up on. If we use more old world spices, herbs and seasonings—and the big news in the American kitchen today is that we are using more—these foods can be made more varied and tasty."

* * *

The days when he ate lamb kidneys prepared in 23 sauce-rich ways are past for Levinson, who fought successfully to get out of his old fat self. But he has no regrets.

* * *

"We are what we eat," he said, "and the more we eat the more we are."

400 Pontiacs Used in Driver Training

Pontiac dealers' support of the American Automobile Association driver training program reached a new high this month with over 400 Pontiacs being furnished school driver training departments across the country, according to R. M. Critchfield, Pontiac General Manager.

Since 1936 when Pontiac along with the AAA pioneered the driver education programs, Pontiac Motor Division and its dealers have been strong supporters of driver training.

National recognition was extended to Pontiac Motor in 1955 by AAA for work in helping originate driver training programs in schools. Pontiac has also presented a Pontiac Safari Station Wagon to Professor Amos E. Neyhart, "father" of high school driver education for his use in establishing additional driver training programs.

Further impetus was given the program last fall when Pontiac offered its dealers a $125 allowance for each new car loaned and accredited school or Air Force group for use in training young drivers.

New High in Credit

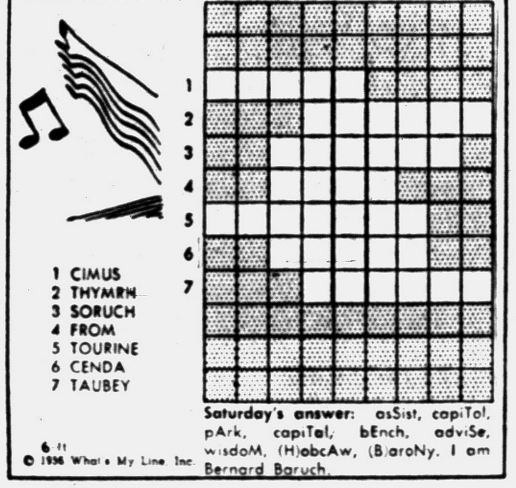

WASHINGTON (INS)—The Farm Credit Administration reports that farm owners borrowed $2,400,000,000 on farm mortgage security in 1955. This was the largest amount borrowed in a single year since 1923.

The 1955 estimate was 26 per cent more than in 1954 and 219 per cent more than the 1937-40 average.

See what happens... **Switch to Shell!**

Now, a radar test for gasolines.

The two new cars shown above are identical. The lead car has used *only* Shell Premium with TCP*, its twin *only* a competitive premium-grade gasoline. Each was driven 3000 miles. Photo shows finish of wide-open-throttle acceleration test with results checked by radar. In this and similar tests, most TCP-fueled cars won "hands down"—delivering 6 to 18% faster acceleration.

Radar shows Shell Premium with TCP leaves competitive gasolines behind

When you plunk down your "hard earned" for one of today's new automobiles, you expect it to *perform*—to provide the kind of acceleration that even the most careful driver sometimes needs for safety.

It does, too, at least for about the first 3500 miles. Then some of that too-hot-to-hold performance may slip away.

The reason? Modern high-compression engines are especially sensitive to harmful deposits. These deposits can cause short circuits in the spark plugs or pre-firing of the gasoline.

Shell Premium Gasoline with TCP overcomes deposits, stops spark plug "miss" and pre-firing.

Dramatic proof of TCP's effectiveness is shown above. In radar-observed tests like this one, Shell Premium with TCP out-accelerated competition as much as 18%.

Switch to Shell and get back lost power as you drive! See your neighborhood Shell Dealer today!

Crisp, crinkly and cool greens plus tender, young and juicy vegetables bright with color guarantees a salad bowl meal that is a pleasure to eat. Bibb lettuce forms the heart of this salad. Colorful accents are tomato wedges, cucumber slices and gold and white sections of hard cooked eggs. Tart French dressing adds the final touch.

Kool-Krisp Salad Fans Enjoy Summer Meals

BY KATHRYN KENNEDY
Wrigley's Food Reporter

"Fair and warmer" is the forecast from the weatherman.
Your cue to a "crisp and greener" menu, via the salad bowl.

And the Kool Krisp fruit and vegetable departments in the Wrigley markets are co-operating by supplying you with all the fresh, crunchy makings for salads that will be cool, crisp and inviting.

* * *

FOR ATTRACTIVE salad plates choose a variety of greens — romaine, chicory, watercress, curly endive as well as the various types of lettuce—Bibb, leafy green and creamy white heads of butter lettuce. A variety you will find only at Wrigley's!

Try the greens singly or in combination of twos or threes. For additional color, add crunchy radishes in penny-size slices.

Paper-thin slices of cucumber serve the dual purpose of good food and garnish.

And forget the old wives' tales about cucumber rinds being harmful. Wash this beauty of the vegetable world well and run down the sides with the tines of a fork for extra decoration to do your salad bowl proud.

* * *

TREAT YOUR Kool-Krisp salad makings gently if you'd like your salad to appear young and fresh. Remove the core from head lettuce and loosen the leaves by running cold water through it. Then drain off excess moisture and dry the leaves between two clean towels.

Wash leafy greens in lots of cold water, sloshing them up and down and lifting them out of the water.

Shake or drain off the excess moisture. Drops of water and salad dressing do not blend.

And never, but never cut salad greens. Tear them into bite-size pieces.

* * *

A VEGETABLE salad may be made of almost any vegetable you choose, provided the vegetable is edible raw—or is cooked or canned—and is not mushy.

It may be a single vegetable such as sliced tomatoes on a bed of watercress or asparagus tips on lettuce.

Or a salad bowl in which two or three different kinds of vegetables are arranged in separate groups or in alternating rows on greens.

Another type is a mixture of numerous sliced and diced vegetables, well seasoned and tossed with the shredded greens.

* * *

WHEN IT comes to dressing the salad there's a great difference of opinion.

One school of thought says nothing but a good grade of vinegar and salad oil over the greens, lightly tossed with a few herbs, salt and freshly ground pepper.

Other salad fans depend on the wide variety of ready-made dressings to be found on the market shelves.

Nobody offers a wider selection of ready-to-use dressings than Wrigley's.

And still another group of salad makers like the idea of starting from scratch to make their own dressings.

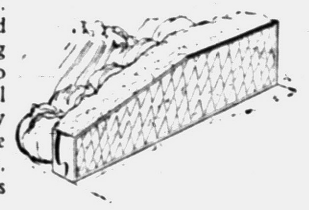

* * *

A MOST important point for all salad makers who would be successful: keep it cold. Chilled and crisp vegetables should be served on cold plates or salad bowl with an uncluttered look.

If you would like a supply of salad recipes in handy leaflet form, send a self-addressed, stamped envelope to Kathryn Kennedy, Wrigley Stores, 13901 Joy Rd., Detroit 28, with a request for "Summer Salads."

"Kool Krisp" Ice Channels Keep Wrigleys Produce Moist and Fresh

The next time you shop in Wrigleys pay particular attention to the Kool Krisp fruit and vegetable counters.

There you will find the reason why the cool, fresh, moist green vegetables and fruits are always so appetizing looking. Why they taste so good. Notice the narrow metal racks filled with finely crushed ice that separate the carrots from the cucumbers, the tomatoes from the radishes and lettuce.

These are called Ice Channels, an exclusive and scientific feature developed by Wrigleys produce experts and used on the Kool Krisp counters of all Wrigley stores.

Placed at intervals on the produce counters, these rust-proof steel "ice channels" are packed to the brim with cool, humidifying crushed ice which allows cool and moist air to circulate through the garden-fresh foods, keeping them in perfect condition for your table.

This is the modern way Wrigleys keeps Kool Krisp fruits and vegetables fresher—a plus value you get nowhere but at Wrigleys!

Barbecue Chefs Set For Big Summer

MENU MAGIC Memos from Wrigleys

"Come and get it" is the theme song when it's outdoor eating time. An added refrain might well be "there's plenty for all"—and be sure there is by shopping at Wrigley's.

There's no limit to the **foods that take well to outdoor cooking. Usually, the** simpler the better. They need not be fancy foods and they shouldn't take a lot of preparation time.

The finger foods that make for informality and fun include barbecue specialties such as hot dogs, hamburgers, E-Ze Fry chickens, spareribs and table trimmed steaks.

* * *

While you're shopping at Wrigley's be sure to pick up all the fixin's—buns for the hot dogs and hamburgers, sandwich spreads and breads. Kool-Krisp pickles and relishes, pretzels, potato chips, olives, Kool-Krisp celery, radishes and green onions. For beverages, you'll want Kool Sip drinks for the youngsters and plenty of Del Crest coffee for the adults.

If you're going beyond your own backyard, be sure to check off the necessaries—paper plates, cups and napkins, long handled forks and gloves for the chef and paper, kindling wood and charcoal for the fire.

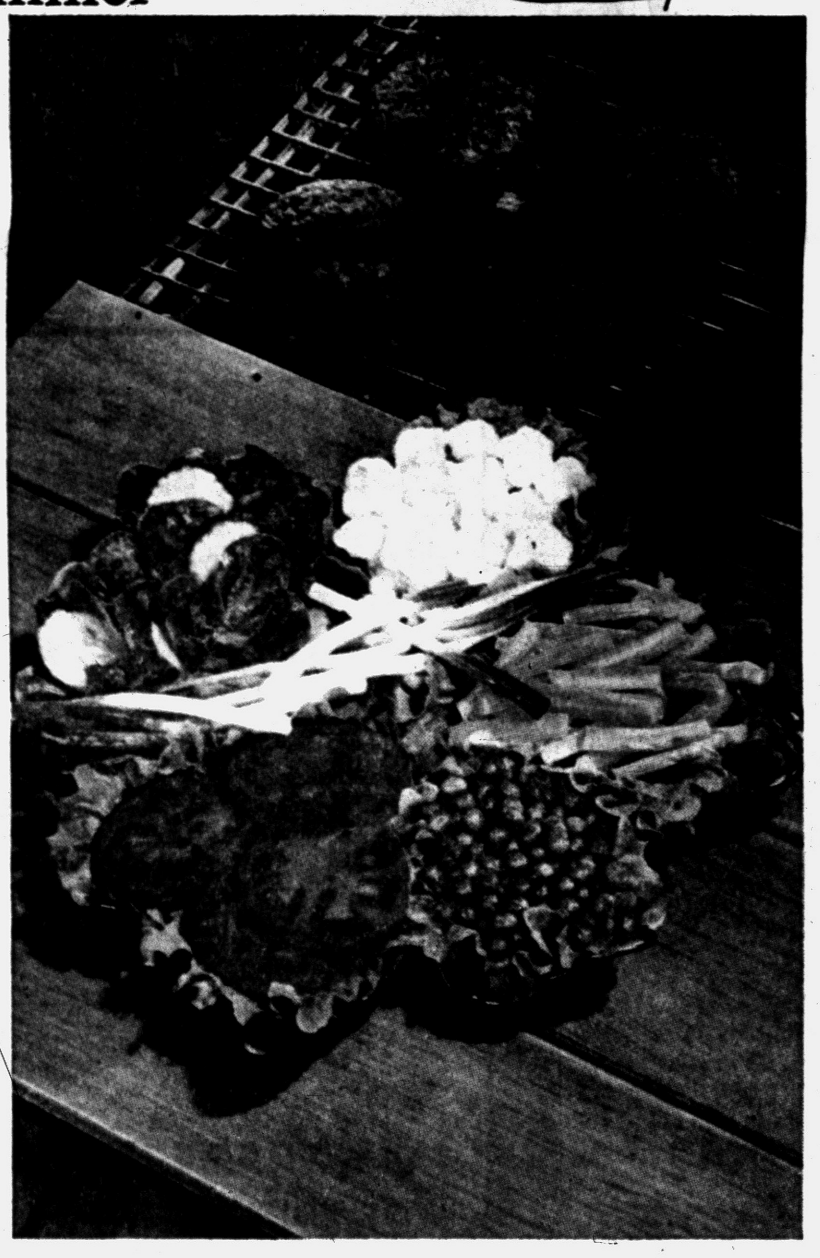

Other don't forgets are salt and pepper, sugar and cream for the coffee, mustard, catsup and a bottle opener.

* * *

RULES FOR outdoor cooking are few and simple, but they're important. Build a big enough fire to have a good bed of coals but don't start cooking until the flames die down. Allow about 45 minutes for the fire to form a two to three-inch bed of hot charcoal before cooking.

Place grill about four inches from the source of heat and have handy a pitcher of water to help douse the flames when fat from the meat drips into the fire. Flames should never reach the meat.

Cooking time varies, so a little experimenting is in order. Depending upon the thickness, hamburgers will generally cook in from three to six minutes on each side. Hot dogs generally brown in about three minutes. E-Ze Fry Chicken halves should grill slowly, about 25 minutes. To save time, spareribs may be precooked for about a half hour before grilling.

Hamburgers never taste better than when they are cooked over an open fire where they can absorb that wonderful charcoal flavor. An appetizing platter of Kool-Krisp vegetables is a "help-yourself" invitation.

WHATEVER the meat, here's a barbecue sauce to carry you through the summer. Use it for those naturally tender table-trimmed steaks you get at Wrigley's, hamburgers, spareribs and chicken.

A small paintbrush is the handiest tool for generous swabbing over an open fire.

RED HOT BARBECUE SAUCE

2 to 4 T Wrigleys Country Churned Butter
1 medium onion, chopped
1 clove garlic, minced
½ c catsup
2 T vinegar
1 t tabasco sauce
1 T brown sugar
1 t salt
1 t dry mustard
¼ c water

Melt butter in saucepan and saute onion and garlic until tender but not browned. Add catsup, vinegar, tabasco sauce, sugar, salt, mustard and water. Boil about five minutes or until well blended. Use to brush on meat and poultry before and during cooking.

Cooking Hints For Outdoor Chefs

Protect the chef with a pair of gloves and a long-handled fork and spatula. And give him a gay apron.

* * *

Select dry hardwood, charcoal or briquets and start the fire about an hour before cooking time. Three pounds of charcoal makes coals that will last about 30 minutes.

* * *

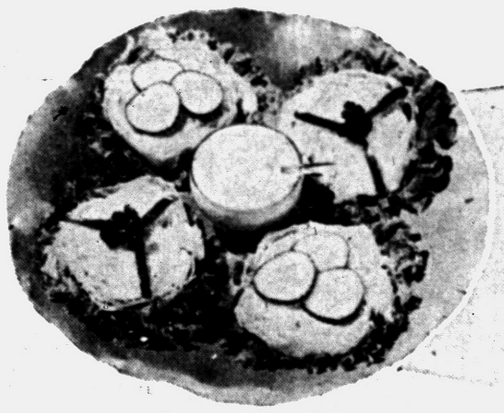

Grease the grill before cooking meats to prevent them from sticking. A paint brush is handy for applying barbecue sauce.

Keep a pitcher of water handy to the grill to keep the flames under control. You want red coals, not flames.

Monaco Refuses Necklace

Who's Gonna Pay for It?

MONTE CARLO (AP)—Grace never saw the necklace and Monaco's National Council is beginning to wish it hadn't either.

An irate Paris jeweler insists the Monacan goverment owes him $73,000 more for the string of diamonds and rubies and he wants the money now.

* * *

It seems that when the engagement of Prince Rainier III and Grace Kelly was announced, the delighted council dispatched a representative to Paris to pick out a necklace suitable for a royal wedding gift.

The agent chose one priced at 37 million francs ($107,000). He paid down $34,000 and told the jeweler to wrap it up.

When the councilmen saw the necklace, they complained it was worth only half the price. So they bought another one—valued at $85,000—and gave that to Grace.

When the royal couple returned from their honeymoon cruise last week, the first jeweler demanded the rest of his money.

Negotiations are now in progress, The Monacans want to be sure they get their $34,000 back, and meanwhile the disputed necklace lies in the safe of Council head Paul Noghes.

House to Probe Republic Fund

'Friend or Foe' Decision to Be Found Concerning Ford-Endowed Agency

WASHINGTON (AP) — The Fund for the Republic, endowed but not directed by the Ford Foundation, faces a congressional probe of its activities.

* * *

Chairman Walter (D-Pa) said yesterday the House Committee on Un-American Activities will start public hearings June 27 to get "the objective facts" on whether the fund is a "friend or foe in our nation's death struggle against the Communist conspiracy."

Walter said the committee is not passing judgment on the fund or its activities, but added in a statement that some of the fund's projects "have aroused criticism and doubt on the part of members organizations and individuals. . ."

DEFENDS ACTION

President Robert M. Hutchins of the Fund for the Republic said in New York that one of the organization's principal activities is sponsoring "studies of the nature of the Communist threat to American institutions."

Any judgment concerning it, he said, "should be based on careful inspection of its three-year record of activity."

That record, he said, "demonstrates that the fund has carried out the aims for which it was created, to advance the principles of freedom and justice as set forth in the Constitution and the Declaration of Independence."

* * *

In another New York statement, President Rowan Gaither Jr. of the Ford Foundation said that group "has full confidence in the integrity and patriotism of members of the board of the fund."

Circus Clown Blows Off Hand as Crowd Laughs

SHREVEPORT, La. (AP) — Lawrence Anderson's act went over big for 1,500 spectators at the Jimmy Lynch Thrill Show yesterday, but for the pain-racked clown it was a tragedy.

* * *

Anderson, of Chicago, misjudged the timing of a giant firecracker, and it exploded in his left hand. His hand was blown off.

But his grease-paint smile hid his tortured face and the crowd howled with laughter as he waved an arm smeared with red that only he knew was not ketchup.

The crowd thought it was all part of the act.

* * *

The clown went to an ambulance nearby, and attendants whisked him to a hospital. Physicians said his condition was not serious.

Channel Work Slated

WASHINGTON (INS)—Rep. Martha Griffiths (D-Mich.) disclosed today that Army engineers will take immediate action to speed up work on the Amherstburg channel in the Detroit River in connection with development of the St. Lawrence Seaway.

FUELING UP FOR TRIP — An assistant at London Airport's animal hostel feeds a baby rhinoceros on arrival from Nairobi, Africa, on leg of journey to United States.

Just a Vicious Circle: Blood Selling Too Fast

YOKOHAMA, Japan (AP) — The stevedores of Yokohama peddle so much of their blood they're becoming accident-prone, a labor union warned today.

The Federation of Port Workers Unions, noting that Yokohama's waterfront accident rate leads the nation, asked shippers to refuse jobs to stevedores who sell their blood.

The going rate is nearly $20 a pint, and two blood banks are buying a 20th of a pint daily from 300 to 400 donors.

Detroit Cabbie Honored for Safe Driving Record

DETROIT (AP)—Common courtesy, says cabbie Bob Abrams, will prevent most accidents.

* * *

But courtesy, he adds wistfully, is not so common.

Abrams credits courtesy with enabling him to be named as one of the 33 top taxi drivers in the nation. The cabbie has had only one chargeable accident in 28 years of driving a taxi in Detroit.

His reward is a flying trip to Washington as guest of a motor car company, and a cash prize.

* * *

The winning drivers, including Ralph Fry of Flint, were to leave Detroit today for Washington for an all-day trip. Tuesday evening they will be guests of honor at a dinner in Detroit.

Couple Admits Thefts From State Homes

ROCKFORD (AP)—State Police say a 26-year-old Rockford factory worker and his wife, an expectant mother, have admitted burglarizing at least 15 western Michigan farm homes of goods valued at $3,000.

* * *

The couple, Mr. and Mrs. Earl R. Ranes, lives at Cedar Springs. Troopers quoted them as saying they looted the homes to furnish their apartment. The loot included a television set, a sewing machine, parakeet, guns, vacuum cleaner and tools.

Andonian Captures State Publinx Title

SAGINAW — Mike Andonian, Pontiac High School mathematics instructor, played Saginaw's Rolling Green Golf Club in sensational style to win the Michigan Publinx Golf Championship with a one-under par total of 279.

The 30-year-old ex-University of Detroit golf star, who blew up last year with the title almost wrapped up, refused to wilt under the three-day grind at Saginaw and used a consistent game to take home his first major title.

Andonian had rounds of 69-70-70-70 for a total of 279 to finish far in front of defending champion Jim Seltzer of Flint. Seltzer, who took the crown last year at Fenton over a 54-hole route, was seven strokes off the pace with 286. Seltzer, Flint Northern High School golf coach, had rounds of 74-68-73 and 71.

A field of 112 that took off Friday and wound up yesterday with two 18-hole rounds looked ahead to Andonian all the time. Long one of the top public links players in the Detroit and Pontiac area, Andonian was seldom errant in his tours of the 5400-yard course. Par for rolling green is 34-36—70.

• • •

Bracketed at 288 were Fred Turner, 1952 State Amateur Champion from Flint; Walt Van Sickle, 1951 Saginaw City titlist, and Jack Gregory of Detroit, an ex-Publinx champion.

Wally Smith of Royal Oak and Dick Preston of Detroit tied at 289 each.

Another ex-publinx champion, Roy Iceberg also of Pontiac, along with Jim Briegel of Ann Arbor and Al Krol of Royal Oak tied with 290 apiece.

Al Pazdan, 54-year-old Detroit engineer, and John Lock of Dearborn, shared 11th place with 291.

Two Saginaw entries, Stan Murphy and Karl Mueller, along with 19-year-old Cliff Zill of Ann Arbor and Tom Stevens of Detroit posted 293s.

Grouped at 296 were Sol Pomante of Detroit, Val Bleech of Flint, 15-year-old Chuck Mitchell of Saginaw and Claude Dwight of Detroit.

Zill had the best nine of the three-day affair, a five-under-par 31 on the last round yesterday. He birdied five straight holes from 11 through 15, and finished the 18 with a one-under-par 69.

• • •

But Zill had the same trouble that plagued everyone else, the first four holes on the front nine.

They are up-and-down par fours, and the greens are small and hard. On his first day 77, Zill was five over after the first four holes. The second day, when he carded a 74, Zill was four over after four.

Sunday morning on the first 18 holes, he was one over through four holes, and on his final-round 69 he was three over par going for the fifth hole.

Littler Set for Open After Round-Robin Win

NEW ROCHELLE, N. Y. (AP)—After the fourth round of the Round Robin Golf Tournament, Lloyd Mangrum looked at Gene Littler, who had just beaten him on his best round of the tournament, and remarked:

• • •

"I've got to go with you for the Open. I picked Cary Middlecoff, but you're playing well and you've got things going for you. You're playing in luck."

Mangrum reiterated that idea after Littler had won the top money yesterday in a 24-point runaway. Littler shyly assented that he feels "pretty good" about his prospects in the Open, which starts Thursday at Rochester's Oak Hill Club.

The usually silent Littler was almost voluble after picking up his second big check in two weeks. He collected $5,778.50 for a second-place tie in the Texas International al after losing a playoff to Australia's Peter Thomson. Then he earned $3,000 more here by shooting five straight sub-par rounds over the hilly, par-72 Wykagyl course.

• • •

Leading all the way after the second rounds, Littler shot 69-69-68-68-70 for a 344 medal score. He hit a near record total of plus 55 points in the Round Robin scoring system, which awards points for each stroke by which a player beats the others in his foursome and subtracts points for losing scores.

• • •

Nearest to him was Ted Kroll, the iron-shot specialist from Fort Lauderdale, Fla., who trailed by only two strokes in scoring but who gathered only 31 points. Kroll's bid was thwarted largely by lanky Art Wall of Pocono Manor, Pa., who fired a 69 against Kroll's 71 on the last round. Dow Finsterwald of Bedford Heights, Ohio, plus 27; Jackie Burke, the Masters champion from Houston, plus 13, and ruddy-faced Billy Maxwell of Odessa, Tex., plus 11, were the other point leaders.

STATE PUBLINX CHAMPION — Mike Andonian, of Pontiac, tallies up his score card which showed a 70 for the final round to give him a total of 279 in winning the State Publinx Championship completed yesterday at Saginaw. Andonian, a math teacher at Pontiac High, fired the only sub-par round on the first day of the tourney Friday and then shot three par 70's to win by seven strokes.

Girl Skipper Sails Windfall to PYC Victory

A feminine skipper sailed the "Windfall" to a neat victory, Sunday, in weekend races at Pontiac Yacht Club on Cass Lake. Marilyn Goodwin, with Mack Goodwin and Lon Griffith as crew, posted a winning time of 1:17.27 for the race, to lead the way over "Bambi Too" and "Gismo Too."

Larry O'Dell skippered the "Bambi Too" with John Penniman his crew. "Bambi's" time was 1:18.7.

"Gismo" skipper, Al Oberson was aided by crewmen Margie Oberson and Bob Greishaber. "Gismo" sailed the course in 1:19.08, right on the heels of "Bambi."

THE POWERHOUSE

By JIMMY POWERS

Typical of the headaches minor leagues face is the report of Hugh Ryan, mayor of Bradford, Pa.

Ryan is also president of the Pony League club which collapsed last weekend . . .

"I'll tell you what our working agreement with the Yankees was. They took care of the spring training and we were to get $3,000 in cash spread over the five months of the season.

The salary of the manager they assigned, Randy Gumpert, was $2,500, so the payments were just about going to cover that . . . Tell you what we did.

★ ★ ★

We raised $12,000 by Feb. 1. Some of that was used to pay a few debts. Another $1,600 we had to deposit with the National Association.

"We've given $500 to the league, paid $600 for Yankee bus fare. Then there was the payroll. The payroll and the weather cooked us."

If a club is not self-sufficient it has to go under. Most major league parent clubs will not issue advances on working agreements.

REDMOND TOPS AS TRICK-SHOT GOLFER

Jack Redmond, trick shot golfer, is off on another tour . . . "This new setup of mine calls for an 18-hole, 18-country tour." Jack has been around the world three times and played 3,000 courses.

Greatest golfer: Walter Hagen. Greatest concentrator: Ben Hogan. Greatest swinger: Sam Snead. Best amateur: Bobby Jones. Best thing that ever happened to golf has been the big prizes that have enabled tournament players to earn a decent living.

Electric caddycarts are also a boon as they enable elderly men to save their hearts and legs . . .

"But a cart should not be used by a healthy man who needs to toughen himself through exercise."

Redmond scored a record drive by hitting a ball off the top of a pyramid in Egypt. He once hit a ball off the foot of Aga Khan. The tanned Redmond calls New Haven his home . . . "My toughest trick? It's hitting a golf ball straight."

Freeman Loses Fingers in Backyard Accident

CINCINNATI (AP) — Robin Freeman, phenomenal Ohio State basketball guard, lost parts of the middle and index fingers on his left hand in a wood-chopping accident yesterday.

The slender guard, whose "miracle hands" helped him break a flock of scoring records, underwent surgery at Good Samaritan Hospital here after the incident. Hospital aides said he was in "good" condition.

His father, Robin Freeman Sr. said the two fingers were lost down "about to the second joint" but that his son "will have partial mobility" in the remaining finger section.

The elder Freeman said he did not ask his son details of how the accident happened, but said it came while his son was working in the yard at their home here.

"He wanted to clean up the lawn, and of course, he's been inactive since the end of the (basketball) season. So I said he could.

"There were some old logs back there that I had been burning and they were kinda hard. He got his Boy Scout hatchet out and was cutting . . ."

Freeman, 21 and only 5-11, cut a wide swath through OSU school and Big 10 scoring marks playing a game where most of his rivals towered over him.

He pumped in an average of 32.5 points per game last season and put in more than 11 field goals per game in the Big 10.

Freeman was an All-Big-10 selection for three straight years and was named All-America this past year.

Sime Betters Record for 220

Hits 20 Seconds Flat on Coast, Equals 100-Yard Mark 2nd Time

SANGER, Calif. (AP)—More world records and a great future were predicted today for Dave Sime, Duke's sensational "fastest human", as he pointed toward the first of the Olympic qualifying events—the NCAA championships.

The 19-year-old sophomore set a new world mark in the 220-yard dash and tied the 100 standard for the second time Saturday night in the best individual performance of this record-breaking year.

• • •

Sime will face the finest collegiate talent in the nation this weekend at Berkeley, Calif., but no one seems the least bit concerned about his chances.

"Dave has beaten everyone he's faced so far and there's no reason he can't maintain that pace," said Red Lewis, the red-haired runner's coach and adviser.

"I don't think Dave is anywhere near his peak," Lewis said jubilantly after Sime had run the 220 in 20 seconds flat—two tenths better than the existing record—and the century in :09.3. "I think he has unlimited possibilities and I honestly can't say how fast he might run."

SPEEDSTER — Dave Sime, Duke's sensational track star, crosses the finish line in one of his record breaking performances at Sanger, California Saturday. He set a world mark in the 220-dash and tied the century mark.

Probasco's five-member entry rolled a 2965 handicap series, Apparel of Detroit by 10 pins. American Legion of Greenville placed third with 2941.

Miss Malin chalked up a 732 series to 713 for runnerup May Meyers of Muskegon. third place went to Ella Cooper of St. Joseph with a 694.

Colts Sign 2 Veterans

BALTIMORE (AP)—The Baltimore Colts today announced the signing of veteran Ken Jackson and rookie Jim Lohr, both tackles, to National Football League contracts.

Disowned by Cousins

Tigers Fall Twice, 6-5, 12-9

BALTIMORE (AP)—Bucky Harris brought a crippled crew of Detroit Tigers into Baltimore today for a three-game series that could mean first division or 6th place for the Detroit club.

One half-game behind 4th-place Boston, and a single game ahead of 6th-place Baltimore—that's the way things stand as the Tigers enter the last leg of their road trip before returning to Briggs Stadium on Friday night.

A night game tonight, another contest under the lights Tuesday and a day game Wednesday will wind up the trip. The Boston Red Sox will be in Detroit for a weekend series beginning Friday night.

Yesterday, when the Tigers could have edged into the first division, they were disowned by their favorite "cousins."

The Washington Senators, who succumbed to the Tigers 17 times in 22 meetings last season and bowed the first six times this year, gave the Bengals' immediate hopes a rude jolt by sweeping a doubleheader.

The Nats took the first one, 6-5, and hung on for a 12-9 victory in the nightcap. The Nationals in the first game did just what the Tigers were unable to do in the second one.

They came from behind. And their second-line pitching was effective enough, while Harris' pitching fell apart all the way around.

In the opener, Virgil Trucks couldn't hold a five-run lead, and three relief pitchers failed to stop the Washington uprising.

The Nats got off to a whopping 11-0 lead in the finale, and finally got enough relief pitching in the late going to take the decision. Four Detroit pitchers absorbed the brusiing in the nightcap, with starter Paul Foytack taking his 4th loss against the same number of wins.

In the opener yesterday, Washington scored all six of its runs in the last three innings to pin a defeat on lefty Al Aber, second of three reliefers. Trucks had a 5-0 lead going into the 7th, but yielded three runs before Duke Maas bailed out the Tigers momentarily.

Maas gave up another run in the eighth, then went out for a pinch-hitter. Aber permitted two hits in the ninth, but the winning blow came off Walt Masterson. It was a humpty-dumpty popper into short right field, but it was enough to score Pete Runnels from third and Roy Sievers from second.

Al Kaline and Frank Bolling each drove home two runs in the opener, Bolling getting a double and a triple in three trips. Bolling had two singles in four appearances in the nightcap.

Players Ejected

Forfeit in City League

Two members of the Elks No. 723 team were ejected and a forfeit victory was awarded as Oliver Buick, CIO Local 594 and the Anderson Jets chalked up easy wins Sunday afternoon in Class A City Baseball League games.

Catcher Robert LeRay and outfielder Jasper Flowers were ousted and a 7-0 verdict was forfeited to Oliver Buick in the nightcap of yesterday's doubleheader at Wisner Field. The decision was called in the 5th inning with Oliver holding an 8-0 lead.

Continued tongue-lashing and abusive language from the Elks dugout after the two expulsions caused plate umpire Swindell to give the triumph to the Buick club. Further disciplinary action may be taken, league director George Gary has announced.

The CIO and pitcher Dick Coyrea were too much for Griff's Grill in the opener of the twin bill. Coyrea hurled 3-hit ball and his mates banged out nine safeties, three by Ron Woodhull, to hang up a 7-2 victory. The CIO wrapped up the decision with five runs in the 5th inning.

The Anderson Jets lashed out with a 10-hit attack to trounce Fowler's Fine Foods, 10-4, at Columbia-Joslyn's south diamond. Pitcher Jim Addis, who relieved starter Jim Thomas in the 1st inning, received credit for the win.

Finn, German Set Pace at Equestrian Olympics

STOCKHOLM (AP)—A Finn and a German set the pace among early competitors today in the dressage portion of the three-day trials as the Equestrian Olympics opened before a sun-drenched crowd of 7,000 at Olympic Stadium.

The first American to ride, Army Major J. R. Burton of Berwyn, Ill., fared poorly.

O. Routhe of Germany, riding Sissi, took the early lead with 98.4 pentlay points with Finland's K. O. E. Tolvanen close behind with 107.6. Maj. Burton suffered 155.6 penalty points in his ride aboard Huntingfield.

Dressage is one of the most complicated maneuvers in sports. The object is to show calmness, keenness and manageableness of the horse as well as regularity, lightness and freedom of his paces. The moves are performed in a rectangular area and viewed by five judges. The rider with the fewest number of penalty points is the winner.

In events of Olympic caliber, 90-110 penalty points is considered good and 80 or below exceptional.

Burton, who wore a U. S. Army uniform with a 1st Cavalry Division shoulder patch as well as one from an armored division, said he was satisfied with his ride. "I thought Huntingfield went exceptionally well except for the two errors. The fact that I have been riding him only three days was a big disadvantage."

The two errors he referred to were when Huntingfield trotted a step passing from the extended ordinary gallop and when he jigged during a later exercise.

Thirty riders were listed to perform the dressage today and 27 more tomorrow. The other sections of the three-day event, endurance and jumping, are listed for Wednesday. The games themselvs continue for eight days.

Four Skippers Selected to All-Conference Nine

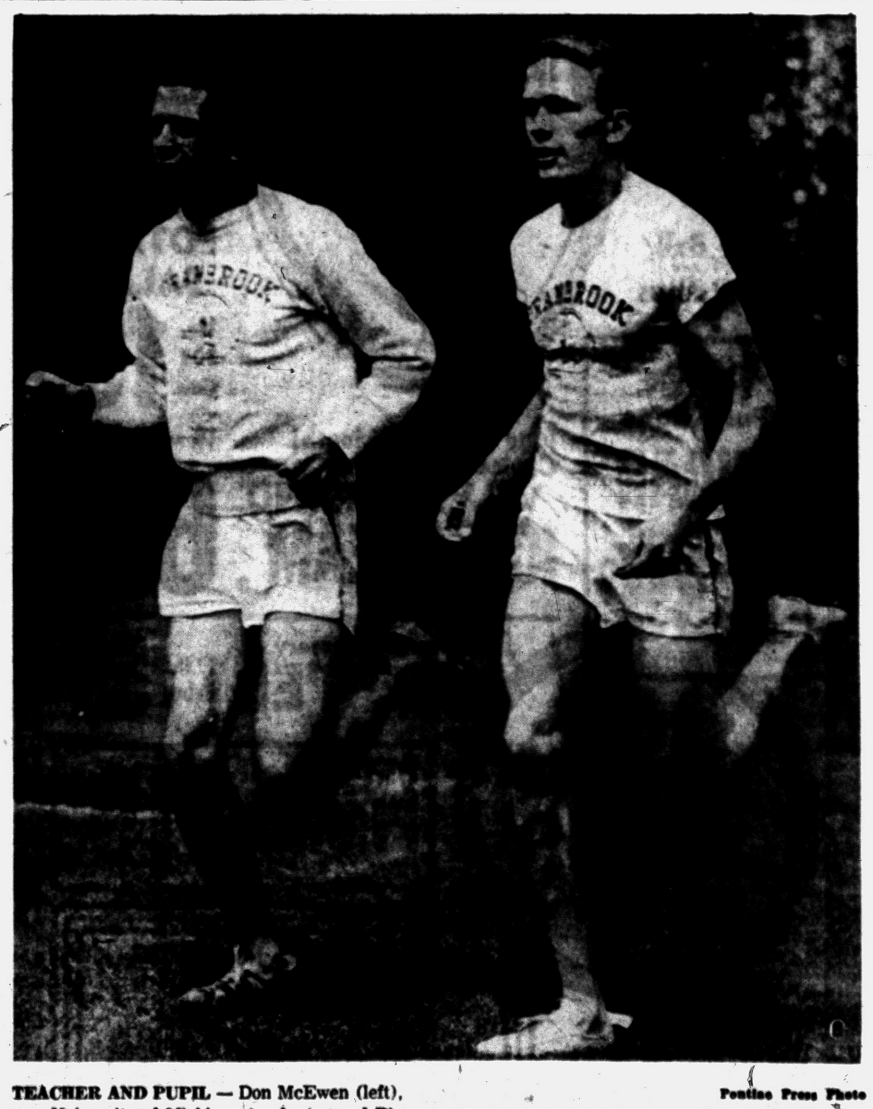

Four members of Waterford High School's Inter-Lakes Conference baseball champions have been named to the league's 1956 all-star team, head coach Dave Freeman has announced.

Skippers selected were catcher Ron Kind, 3rd baseman Tom Bryce, pitcher Chuck Gillis, and Jerry Kruskie. Kruskie, who formed the other half of Waterford's 1-2 mound punch, was given an outfield berth.

Completing the Inter-Lakes squad are shortstop Larry Dion and outfielder John Walker of Walled Lake, outfielder Don Robinson of Farmington, 1st baseman Bob Berg and pitcher Herb Duncan of Berkley.

Outfielder John Woodman, 1st baseman Jerry Harnack, 2nd baseman Dave Latta, and 3rd baseman Jerry Perna were Skippers who received honorable mention.

Waterford elected Gillis its "most valuable player" and named Latta the team's honorary captain.

TEACHER AND PUPIL — Don McEwen (left), former University of Michigan track star and Big Ten record-holder in the mile, gives Cranbrook's outstanding miler, Dave Martin, a workout on the Crane track. Martin, a 19-year-old from Flint, ran the mile in 4:32.6 for Cranbrook's Inter-State League championship track team, but McEwen believes Martin has the potential to hit 4:16 by his sophomore year in college. Martin is heading for Miami University of Ohio. McEwen, who assisted Paul Thompson with the Crane track team last season, took over as head coach with Thompson's retirement officially on Saturday.

Two-Hitter Pitched in Softball League

Pete Mihay pitched a 2-hit shutout as Elks No. 810 walloped Sam Benson, 13-0, in an American division City Softball League game Sunday night at Beaudette Park.

While Mihay was mowing down the opposition, the Elks were scoring almost at will in the league contest originally scheduled last Thursday. The Elks made nine hits and sewed up the decision early with six runs in the 1st inning.

Three exhibition games completed last night's card, Stadium Inn tallied four runs in the 4th stanza to defeat Drayton Drug, 4-1, at Beaudette.

Royal Bar took a 3-2 verdict from Lunsford Market and Richard's Tavern drubbed Thrifty Drug, 13-4, in tilts at North Side.

Races Tighten Up in Majors

By THE ASSOCIATED PRESS

If Stan Musial would hit every day as he does on Sundays and if Herman Wehmeier could pitch against every club as he does against Pittsburgh, the St. Louis Cardinals would be a cinch to win the National League pennant.

Yesterday, for instance, Musial cracked four hits including a home run and a double and drove in four runs as the Cardinals earned a split with Pittsburgh to cut Cincinnati's first-place margin to three percentage points.

* * *

Wehmeier, who hasn't been able to beat anybody else all year, shut out the Pirates 3-0 with six hits after Pittsburgh had won the opener 11-3. It was his second victory of the season, both over the Pirates, over whom he holds a lifetime record of 25-8. Herm's record this year is 2-5 and his major league mark is 71-94.

* * *

Brooklyn, in fifth place, moved to within two games of the top by defeating Cincinnati 8-6, dropping the Redlegs into a virtual first-place tie with the Cardinals. Pittsburgh, in first place for a couple of hours after its opening triumph, dropped back into third, a half-game behind the leaders.

* * *

Milwaukee lost an opportunity to close in on the pack when the New York Giants came from behind to nip the fourth-place Braves 5-3 and leave them still two games off the pace, only seven points in front of the Dodgers. The Chicago Cubs buried the Philadelphia Phillies deeper in the basement, sweeping both ends of a doubleheader, 2-1 in 11 innings and 5-2.

* * *

The New York Yankees salvaged the finale of their three-game series with Cleveland, blanking the Indians 6-0 to restore their American League lead to 3½ games. Chicago's third-place White Sox climbed to within a half-game of the Indians, squeaking out a 3-2 triumph over Boston. Washington dumped Detroit out of a fourth-place tie by vanquishing the Tigers twice 6-5 and 12-9 while Kansas City snapped Baltimore's four-game winning streak with a 7-3 victory.

* * *

Billy Pierce, off to his finest season in nine years, stopped Boston with six hits for his eighth victory in 10 decisions. A forceout in the fourth brought in what proved to be the run that gave Pierce his 102nd American League victory.

Marlene Haage 'Robin' Winner

VIRGINIA BEACH, Va. (AP) — Marlene Bauer Hagge was $2,000 richer today as she started preparation for next week's annual Ladies Professional Golf Assn. at Pontiac, Mich. (Forest Lake) tournament.

* * *

Little Marlene registered an easy victory here yesterday in the $12,000 (Triangle) Round-Robin tournament, the "plus and minus" derby in which she stacked up plus 50 points.

* * *

Mrs. Hagge closed out the 90-hole competition here by gaining only two fifth-round points. As things turned out, she didn't need any more for Joyce Ziske of Waterford, Wis., who had gone into the fifth round 19 points behind Marlene, ran into a hot foursome and lost more ground.

BC Nine Takes Legion Opener

Pontiac Boys' Club got off to a flying start in American Legion Junior Baseball League play Sunday at Clawson. The city nine walloped Clawson's entry 11-4, and gave indication it will be a club to watch during the season.

Game was marked by the hitting of Chuck Johnson, PHS backstop during the recently ended prep season and the effective hurling of Jerry Orr.

Johnson topped his day's efforts with a pair of round-trippers, the 2nd of which came in the 6th with one aboard. First 4-bagger was in the 3rd with the bases empty. BC got 9 hits.

* * *

Orr gave up six hits and was especially good with the pressure on him. Pontiac club turned in an errorless game afield, but took advantage of the loose play by Clawson's club. The BC team came from behind a 2-1 edge in the 3rd.

Fireworks Amendment for Frightening Birds

LANSING (AP)—Michigan farmers can legally use fireworks to frighten birds away from their crops this year.

An amendment to the state law prohibiting general sale of fireworks passed by the legislature this spring and given immediate effect, permits the use of fireworks for outdoor pest control and agricultural purposes. Orchardists in several counties are getting ready to experiment and see if the popping of firecrackers will frighten away birds that regularly raid their trees.

Area Man Heads Unit

Among two New Michigan National Guard Units being activated Monday will be Battery D, 227th Anti-Aircraft Artillery Battalion, in Ecorse. This will be commanded by 1st Lt. Eugene H. Beach of Oak Park. Announcement was made today by Major Gen. George C. Moran, State Adjutant General.

Stocks Recover Along With Ike

NEW YORK (AP)—The stock market continued its recovery today, keeping step with the recovery progress of President Eisenhower.

* * *

On Friday the market was knocked down sharply on the news that the President was ill, but in the closing minutes of trading a strong rally erased a major portion of the day's loss.

The rise carried many prices up 1 to around 3 points while losses were fractional.

Trading was quite fast at the opening with the tape late briefly, but it slowed later. The pace was around 2,500,000 shares for the day. On Friday, business mounted to 3,630,000 shares, second largest of the year.

Among better gainers today were Santa Fe Railroad, Nickel Plate Railroad, Gulf Oil, TXL Oil, Richfield Oil, International Nickel, Du Pont, Eastman Kodak, Inland Steel (which had a block of 1,100 shares up 3 at 81), Chrysler, Goodrich, Boeing and RCA.

Niagara Mohawk Power was down between 1 and 2 points after starting on 9,000 shares off 1¼ at 29. It was off 2⅛ Friday following destruction of its Niagara Falls hydroelectric plant by rock slide.

The market started out higher today with trading at a fast clip. At noon the Associated Press average of 60 stocks was up $1.50 at $178.50. At the close Friday, the average was down $3.00. That loss was the greatest of the past eight months.

The Friday selling on news of the President's illness came as the stock market was recovering from a three-week reaction of a rather severe sort.

Fine Weather Affects Wheat

CHICAGO (AP)—Fine weather for harvesting the new crop sent wheat prices down in active dealings on the Board of Trade today.

Losses in wheat were not matched in other cereals. After some early hesitancy, soybeans forged ahead. Gains were not large. Oats held firm from the start, as did rye. Corn had a slightly easier undertone early and then partly recovered.

Wheat near the end of the first hour was: 1½ lower to ¾ higher, July $2.08⅜; corn ⅛ lower to ⅜ higher, July $1.53½; oats unchanged to ¼ higher, July 65⅝; rye ⅜ to 1 higher, July $1.24¾; soybeans ½ to 3¾ higher, July $3.15¾; lard 5 to 10 cents per hundred pounds higher, July $12.10.

Hunt for Assailants of Ferndale Resident

A statewide hunt for five young men who reportedly beat and kidnaped a 21-year-old Ferndale man was lunched today by law enforcement officers.

John Hall, of 634 E. Marshall St., was treated for bruises and lacerations reportedly received this morning during a four-hour drive in which the men beat him with home-made blackjacks, kicked him and cut him with a knife.

Hall said his assailants forced him from the road while he was driving on Henley at Princeton in Berkley and after a brief fight forced him into their car. The attackers were all between about 18 and 24 years of age, he said.

The victim could give no reason for the attack. He said the thugs took his wallet, containing $10, but said that he did not think robbery was the motive.

Old War Bonds Become Legacy for School Band

OKLAHOMA CITY (AP) — In 1942 two $25 war bonds were presented Taft Junior High School by music students. They were promptly framed and hung on the band room wall as a sign of the school's war effort. The other day they were discoved by the principal, W. B. Graham, who was looking over the wall decorations.

He opened the frames and found a letter from 145 contributors explaining they were presented by students of instrumental music and at date of maturity should be cashed with the money going to the music department.

The wishes of the donors are being carried out.

School Entrance Ordered Closed

Engineer Says Location at Madison Junior High Is Safety Hazard

The city has told the Pontiac Board of Education that the Perry Street entrance to the new James Madison Junior High School will have to be closed because of its hazardous location.

Dr. Otto C. Hufziger, administrative assistant, said the letter from City Traffic Engineer Theodore M. Vanderstempel, "surprised him."

"We had made an arrangement with him earlier that the entrance would be limited to an entrance only and understood he was in favor of this," he said.

Vanderstempel said the "arrangement" was only "temporary" because of the muddy conditions at other entrances to the school.

Both Hufziger and Vanderstempel agreed on a meeting to arrive at a final action.

Since March, Vanderstempel has worked to close the entrance because its use "imperiled school children," he said. It is located at the crest of a hill on Perry, he said.

Harriman—Tammany Merchandise

GOV. AVERELL HARRIMAN: "What I'm doing now is just what I used to do as a railroader in the old days."

By BRUCE BIOSSAT

ALBANY, N. Y. (NEA) — Democratic Gov. W. Averell Harriman of New York, whose 22-year career in government reads like a synopsis of the period's history, has been very busy—not looking in the direction he wants to go—to the presidency.

But Saturday Harriman announced that he is an "active candidate" for the Democratic presidential nomination.

Harriman made his first disclosure he is entering the race for the nomination in a speech before the Hatters' Union Convention in New York City.

He believes he's as fit for the country's top job as any man around. And, getting his baptism in elective office after long service through appointment, he thinks the water's fine.

But Harriman knows that Adlai Stevenson is off in front for the 1956 presidential nomination. So he and his political mentor, Carmine DeSapio, Tammany leader, are playing the only game that suits the circumstances. They're making ready to come from behind with a rush if Stevenson should falter.

This game calls for Harriman to immerse himself in the affairs of populous New York State, while DeSapio lays out some lines to key party figures. DeSapio is just displaying the merchandise—not pushing it.

MULTI-MILLIONAIRE

The "merchandise" is of a sort not at all common to politics. A multi-millionaire by inheritance, Harriman has a background cluttered with a 100 room house, a 20,000-acre estate, a yacht, polo ponies and other evidences of affluence which normally aren't tabbed as political credentials. Today he still owns five houses.

Not only was he raised on the right side of the tracks. His father owned the tracks. A Wall Street wizard who wound up controlling 75,000 miles of railroad, old E. H. Harriman bequeathed some $70 million to Averell's mother, who later passed an even greater sum to her children.

The governor chose to make his dent in a different field. Few men in public affairs have seen such varied duty or known so many of the world's great. Harriman can drop the biggest names in the business in the confident assurance his own will be dropped in return.

HAS STALIN'S GIFT

The late Joseph Stalin gave him a pair of horses and he still has one on his New York farm.

The late President Franklin D. Roosevelt saw in Harriman a kins-man. FDR's top adviser, Harry Hopkins, liked him, too. That explains how he drew a succession of increasingly important federal assignments, finally going to Russia as ambassador from 1943 to 1946.

Former President Truman kept him at top spots in the government fold another seven years. Then the Democratic regime ended and Harriman was out. For a time he was lost. But he decided to run for governor of New York in 1954.

CLOSE WIN

Harriman went on to win the election over popular Sen. Irving Ives, Republican, by a tissue-thin 12,000 vote margin.

As a campaigner, this tall, stooped man (now 64) offered curious contrast. His platform speeches crumbled into dust. Often he seemed aloof, though his friends would say "shy." Yet, riding the back of an open car or walking the streets of a town, he came to life with a warm glow that captivated many.

He goes at politics like a veteran, bounding around the state for endless appearances. He thumps away at the national and world issues that stir him most.

WORKED FOR FATHER

Now and then a reporter notes his tireless, friendly campaigning and writes of the "new Harriman." Aides say he snorts at this. "What I'm doing now is just what I used to do as a railroader in the old day," he says.

Fresh out of college, Harriman went to work for the Union Pacific, one of his father's lines. In two years he was a vice president, but then he switched to Wall Street and dipped into shipping and other enterprises. In 1932 he returned to the Union Pacific as board chairman. While there he promoted the first streamlined train and developed Sun Valley as a winter resort.

As an avowed New Dealer, he worries party conservatives. As a man tied to Tammany, ancient symbol of low-order government, he may find some leaders shunning him.

If his chance never opens up, Harriman almost surely will cast his strength to Stevenson. But he won't cast it away casually.

It's a pretty good bet he'll hang onto it until he can be sure it will count somehow in the final reckoning. Nobody is governor of New York for nothing.

Former Macomb Gaming Den Destroyed by Fire

DETROIT (AP) — The Chesterfield Inn at East Detroit, closed as a gambling house after a grand jury probe in 1943, was destroyed by fire yesterday.

The inn, located in Macomb County, once employed about 165 persons when it was running full-tilt as a gambling establishment. In recent years it was leased by the Fraternal Order of Eagles and was purchased last summer by a Detroit family.

Cause of the blaze that wrecked the two-story building was not immediately determined.

Triplets Saved With New Blood

Transfusions Change RH Factors in Jersey Babies' Systems

NEW YORK (INS)—Doctors at Manhattan's Mount Sinai Hospital today appeared to be winning a desperate battle for the lives of premature triplets born Friday with RH-factor blood.

* * *

The infants—a boy and two girls—born to Mrs. John Peyton of 301 Myrtle Ave., New Milford, N. J., were saved by two complete changes of their blood supply within hours of their birth.

Doctors found their blood cells were RH-positive from their father, but coated with RH-negative antibodies from their mother. The condition could have caused blood cell destruction leading to fatal jaundice within hours, doctors said.

The babies got their first food—a glucose solution—last night, nearly 70 hours after birth. After three three-hour feedings they had made so much progress that they were put on a weak formula early today.

Doctors at Mount Sinai said the boy, who weighed 5 pounds 11 ounces, was strong enough to take the formula from a bottle. The two girls were fed through a tube.

After the feedings, their condition still listed as "fair" was so much improved it was possible to cut down on the tank oxygen in their incubators by a "substantial proportion," the hospital reported.

Detectives Investigating Theft of Two Wallets

Oakland County detectives were investigating the theft of $161 from a Southfield Township home today.

Mr. and Mrs. Buck Sullivan, of 21890 Hampton St., reported their wallets had been stolen Sunday with a total of $261 in cash in them.

Investigating Sheriff Department deputies found the wallets outside the house with a $100 bill in one of them.

Evelyn Nesbit Recovering From Stroke

LOS ANGELES (AP) — Evelyn Nesbit, famed beauty of 50 years ago and key figure in a sensational murder trial of the day, is recovering from a cerebral stroke.

* * *

Attendants at Parkview Hospital said the condition of the 71-year-old sculptor and art instructor was satisfactory. She was stricken at her home here Saturday.

In 1906, Miss Nesbit's husband, millionaire Harry K. Thaw, was tried for the fatal shooting of Stanford White, one of the noted architects of the era. Thaw contended White had "ruined" his wife before their marriage.

* * *

Thaw, committed to an asylum, died nine years ago.

Miss Nesbit's life story was made into a movie by 20th Century-Fox last year. It was called "The Girl in the Red Velvet Swing."

Holding 3 City Men in Theft of Fencing

Three city men are being held for investigation in the reported theft of fencing from a city baseball diamond under construction at Joslyn and Columbia avenues.

According to Pontiac Det. Robert Emery, about 1,000 feet of fencing was found in the trunk of one man's auto when arrested Saturday night.

A witness, Emery said, allegedly saw three men steal the fencing 45 minutes before. The suspects are in Oakland County Jail for possible charges of grand larceny.

The fencing belonged to a construction company under contract to build the ball diamond for the city, Emery said.

Purses, Money Stolen

Two purses and a small amount of money were reported stolen during the breakin Friday night of a home at 123 N. Johnson Ave., Pontiac police said.

According to police, Donald Corneail said entry was gained through his unlocked front door.

Arrest City Driver Following Collision

One driver was charged with drunk and disorderly conduct when a vehicle was struck Sunday afternoon while reportedly making a right turn, Pontiac police said.

Charged was Johnny J. Whittle, 22, of 141½ Oakland Ave. who reportedly struck the rear of a car driven by Jessie D. McCrary, 22, of 373 S. Andesson St. at W. Kennett Rd. and N. Stanley Ave.

No one was injured, police said.

Marilyn May Marry for Culture and Talent

By EARL WILSON

NE WYORK—Didn't I always tell you Marilyn Monroe's a smarty? Anyway, David Wayne, with her in four films, says he thinks she might very well marry Playwright Arthur Miller because, "She's simply aghast at his talent. She has a hunger for culture and his overwhelms her."

Kim Novak dined at Leone's with Henry Dorman, the publicist, but she long-distanced Nick Adams, the Hollywood actor, the lucky slob . . . On Primary Day, no liquor could be served in bars till night. A customer at "21," kidding one of the proprietors, said, "This never happened during prohibition!"

KIM

Captain Dick McCutcheon lost one of his captain's bars before going on for "The $64,000 Question" anniversary—and five men were sent out hunting bars (captain's bars, see?). Suddenly somebody suggested he use the bars of Capt. Tom O'Rourke of the Air Force. "The Marines," retorted Capt. McCutcheon, "would never approve!"

Golfer Craig Wood suddenly began coughing at a party given him and couldn't go ahead with a speech. Peter Lind Hayes said, "Here's an old vaudeville trick. Pour some salt in the palm of your hand and lick it." Wood stopped coughing instantly.

Gisele MacKenzie denies any romance with her manager, Bill Shuttleworth, kiddingly says, "I'm working on Greg Peck and Ed Murrow, but they don't get my message."

THE MIDNIGHT EARL . . .

Arthur Godfrey dropped Art Carney's brother Jack as producer of his "Talent Scout" show . . . Met star Roberta Peters (Mrs. Fields) lost the baby . . . Fred Allen's unfinished autobiography will have an epilogue by Edwin ("The Last Hurrah") O'Connor . . . Pvt. Charlie Applewhite sighs about his GI haircut: "If they'd only left it an inch longer . . . " Deborah Kerr, who wore a bathing suit in "From Here to Eternity," does it again in "The Proud and Profane."

Joe E. Lewis' gal, Kitty Koppett, flew to visit him in Las Vegas . . . Nat "King" Cole signed for a co-starring role with Van Johnson and Lana Turner . . . June Roselle will take over Florence Henderson's role in "Fanny" . . . Joan Bennett's flying to Texas to hear sister Connie's cafe act — which kids Joan's age.

Tab Hunter explained the bust-up of his coast-to-coast romance with Lynne Dollar: "She's a nice girl, but I couldn't afford the phone bills" . . .

DEBORAH KERR

EARL'S PEARLS . . .

The law of gravity doesn't always work. It's sometimes easier to pick up a girl than it is to drop her.

WISH I'D SAID THAT: "Love may be the same old story, but some men tell it better than others."—Conrad Nagel.

TODAY'S BEST LAUGH: "You can tell a man's getting old when he puts on his reading glasses during the firsh course —so he can see the small bones."

A showgirl who contracted the mumps moaned, "Now my face will swell up." "Oh well," said Taffy Tuttle, "at least that'll give you some shape." That's earl, brother.

Janette Davis Directs 'Little Spectaculars' on Godfrey Show

By JACK O'BRIAN

NEW YORK (INS) — Dorothy May Kilgallen don't call me Dotty) will be special hostess of Thursday's "Four-Star Playhouse" in a "live" presentation of a $25,000 check for the winner of the sponsor's sewing contest . . .

"I Love Lucy" will be five years old June 25 . . . It has grossed $20,000,000 in that time.

Janette Davis produces and directs those cutey-pie "little spectaculars" set ever so self-consciously in the middle of Godfrey's "Friends."

Godfrey's Japanese singer provides a delightful foil for fun . . .

CBS still hasn't learned what Victor Borge will do in his Thursday one-man show, except it also will be a one-dog show, featuring Victor's toy poodle . . .

WINCHELL SIGNS

Walter Winchell signed with Mutual for another newscasting season starting Sept. 9 at the biggest paycheck in radio today — $8,000-plus per week . . .

NBC heaved a huge corporate sigh of relief when it sold Wally Cox to a sponsor in the "Hiram Holliday" series for the fall . . .

Pat O'Brien plays a priest again June 22 in "Crossroads." Pat alternates cops and cloth characters these days.

Tina Louise gets the "Happy Birthday" TV role offered first to Jayne Mansfield.

Ken Murray's NBC pact pays plenty in salary plus 50 per cent of the properties he brings to TV . . .

PATTI HAS HOPE

Bob Hope guests on Patti Page's second summer sub show for Perry Como . . .

Famed Ringling clown Emmet Kelly has signed for a kiddies' show . . .

Jerry Lewis will direct all the Martin-Lewis NBC TV spectaculars next season.

David O. Selznick told us he has no TV plans . . . It's an exciting medium, but with about the same trouble I can make a movie with a potential profit in the millions" . . .

Too bad; Selznick has the taste TV never gets enough of . . .

Bob Cummings' CBS series seem corny old movie two-reelers, circa Charlie Chase . . .

Caesar's second banana, Howie Morris, certainly has an Irish character down Pat . . . and Mike . . .

Don Ameche's brother, Jim, is a new disc jockey in Santa Monica, Calif. . . .

Hunt Stromberg Jr., son of the oldtime movie tycoon, heads ABC's new Western TV regional network.

North African Jews Transfer Spurs Drive

NEW YORK (AP) — The United Jewish Appeal has decided to borrow 40 million dollars for use in resettling North African Jews in Israel.

* * *

Delegates to the UJA National Conference voted yesterday to borrow the money in communities throughout the United States. The appeal has already set a national-fund-raising goal of an additional 105 million dollars for other work. Forty million of that has been collected.

The decision to borrow money to help North African Jews came after Moses A. Leavitt, executive bution Committee, told the delegates that Jewish shops are being looted and prominent Jews kidnaped for ransom in North Africa.

The Joint Distribution Committee is one of the relief agencies supported by UJA funds.

Texas Candidate Shouts Against Supreme Court

AUSTIN, Tex. (AP)—Cowboy candidate for governor J. Evetts Haley has called the Supreme Court "a bunch of cheap politicians" who should be impeached by Congress.

Haley, former history professor and author, told a Democratic rally yesterday that if the Federal government should seek to enenforce an integration injunction against a school board, the state should resist to the point of "throwing the U.S. marshal in the hoosegow."

If the government should send U.S. troops, "that would mean a police state," Haley said. He said he didn't think the conflict would go that far. He added that he would not want to carry resistance to the point of secession, commenting he didn't think it would be necessary.

He Needs Her - - - She Needs Three Meals a Day

Durable Woman Can Get Along Minus Man

By PHYLLIS BATTELLE

NEW YORK (INS)—It is usually believed that woman is the sensitive sex, trembling at the chin, running over at the eyes, needing a man to steer her through life and protect her from the wolf at the door, or anywhere else.

* * *

True, it has been medically proven that woman outlives man and is, under many circumstances, physically more durable.

But still, she is wrapped in a mantle of romantic frailty by men, who like to feel that they are needed by the little lady.

The attitude of the male is, "Okay, she'll probably outlive me—but it'll be rough on her."

* * *

Today some interestingly morbid news has come to light that rather knocks this theory in its old gray head.

MORE CAPABLE, TOO

It now seems evident that woman is not merely physically tougher than man. She is also more independent and capable of living quite satisfactorily, alone.

* * *

The truth comes out in a vital statistics report, which states the following . . .

The average woman outlives the average man by about five years. But the significant fact appears in the life expectancy of widows and widowers.

When the wife dies first, the bereaved husband usually survives for about 7.5 years. But when the man dies first, his widow survives him for an average of 16 years.

* * *

This would indicate that, no matter how much chin trembling a woman engages in, she is enduring. No matter how deep her personal tragedy, she is capable of going on.

BULWARK OF LIFE

It may be disillusioning, irreverent, unsentimental and unseemly to say it, but the female of the species is fast becoming the bulwark of contemporary life.

* * *

There are many reasons for this, of course.

When women were unleashed from their boned bodices, they stopped swooning and took up sports. A woman still faints occasionally (and is extremely pleased with herself, if it's gracefully done) but it's getting to be a harder and harder act of fragility to accomplish.

Medical science has taken away most of the dangers of childbirth, and the weakening aftermaths; this has made woman as a sex even physically stronger than she was in the old days. (And we suspect that even way back when Eve could've leveled Adam if she'd had a mind to.)

* * *

Industrial powess has given woman the dishwasher, the push-button, the automatic this and that, so that she no longer exhausts herself with the odious tasks of housekeeping. This leaves her free to read and think and go into politics and be independent.

SOBBING SUBSIDES

Canned onions, eye drops and pride in her greater status have eliminated most of the old-fashioned crying business.

And of course all the newest cosmetics, from luminous toenail polish to lavender hair tints, have made her look eternally young. When a woman looks young, she feels young, and if you don't believe that, ask Hope Hampton.

The upshot is that, when you strip away the legendary veil of weakness that covers HER, and break down the wall of strength that surrounds HIM, you expose the truth.

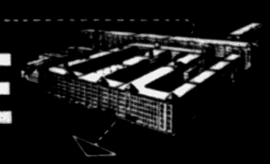

A man needs a woman.

A woman needs three square meals a day.

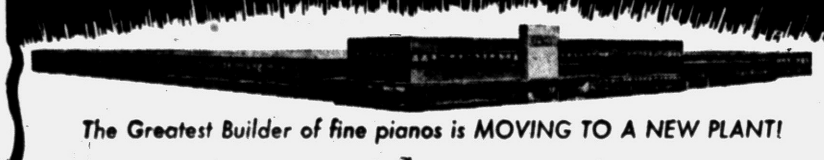

Runs in the Family

WILLIAMSBURG, Va. (AP)—The J. Nimmo Hubbards don't necessarily plan it that way, but every 25 years since the turn of the century, one of 'em has won a degree at the College of William and Mary. Grandpa—James Nimmo Hubbard—was graduated at W&M in 1906. Papa — James Nimmo Hubbard Jr.—took his degree here in 1931. Now the latest in the line, James Nimmo Hubbard III, has stepped up to receive his diploma at the college's 1956 graduation exercises.
