Nixon Denies Calling Truman Traitor

Valentine's Day a Day of Truce

FRIENDS FOR A DAY — Natural enemies forget their differences on St. Valentine's Day, as this pair demonstrates in the SPCA shelter in Buffalo. They are headed for separate homes, by adoption, so they'll have to find new sparring partners by tomorrow.

Adlai Survives Tractor Mishap on Oregon Tour

TIMBERLINE LODGE, Ore. (AP) —Adlai Stevenson, no stranger to close calls, escaped injury yesterday in the 35-foot plunge of a snow tractor that crunched through a snow cornice and toppled over. Five others aboard also were unhurt.

In prevoius brushes with danger, Stevenson weathered a helicopter crackup and an auto accident. And lightning struck an airliner carrying the Democratic leader nearly two years ago. The plane landed safely.

Stevenson, candidate for the Democratic presidential nomination, was spending a brief holiday here while preparing an address for delivery at Seattle tonight.

An aide said the speech would deal principally with foreign policy matters.

Following yesterday's mishap, the shaken tractor riders clambered nearly a half mile uphill through snow to this Mt. Hood lodge.

ACTION PREVENTS FIRE

Stevenson said that as the tractor started to go over, he braced his hands on its metal sides. John Macone, the driver, cut off the ignition, and Ralph Wiese, district forest ranger, said that prevented a fire. The party, Wiese said, was "very lucky."

Cobo and Ford Will Not Run for Governor

Detroit Mayor, Solon Leave the GOP Field Open for Bentley

DETROIT (AP) — Mayor Albert E. Cobo of Detroit and Rep. Gerald R. Ford Jr. (R-Mich) today bowed out as possible candidates for the Republican nomination for governor.

That apparently left the field open to Rep. Alvin Bentley (R-Mich) to seek the nomination if he chooses. He previously had said his decision depended on what Cobo did. Another possible contender is Donald S. Leonard, the GOP's defeated 1954 candidate.

Rep. Ford said in Washington that Cobo's decision "doesn't alter my intentions. My present plans are to seek re-election to the House of Representatives."

Cobo, whose four-year term as mayor expires at the end of next year, said he had decided against running for governor because he wanted to compete the various civic projects that had been started since he took office in 1950.

The mayor said he had given serious consideration to requests that he run for governor. But, he said:

"I find that it would be difficult to travel throughout the state to the extent that may be required and, at the same time, carry on the proper duties of the mayor's office."

"There are developments that must be taken up in the immediate future which I sincerely believe are of major importance to the future of Detroit and they are part of the program which we have

For Outstanding Service

NIXON HONORED — Vice President Richard M. Nixon receives the National Republican Club's second annual award in New York last night, a bronze head of Abraham Lincoln, from Thomas E. Dewey at the club's 70th annual Lincoln Day dinner. Nixon was honored "for outstanding service to the nation."

Says He Never Termed Dems 'Treason Party'

Defends Controversial Brink of War Remarks by Dulles

NEW YORK (INS)—Vice President Richard M. Nixon denied last night that he ever had called former President Harry S. Truman a traitor.

Breaking his silence on the accusation by Truman, Nixon also told newsmen he had never termed the Democrats the "party of treason" or questioned the loyalty of its leaders.

Nixon, conceding he had questioned the judgment of leading Democrats, declared:

"I have always said there is only one party for treason in the U. S. and that is the Communist Party."

The traitor-treason controversy was renewed recently when Truman told newsmen in New York that "to be called a traitor by a vice president of the United States is hard to take."

Nixon previously had declined to comment on Truman's accusation.

After speaking to newsmen, the vice president delivered a Lincoln Day address before the National Republican Club at the Waldorf-Astoria.

In an implied defense of the "brink of war" policy outlined by Secretary of State John Foster Dulles in a controversial magazine article, Nixon declared:

"It's a lot better to be on the brink than in the drink as far as war is concerned."

He asserted that "the Truman-Acheson policy got us into war; the Eisenhower-Dulles policy got us out."

RIDICULES DEMS

Nixon ridiculed Adlai Stevenson, Sen. Estes Kefauver (D-Tenn) and New York Gov. Averell Harriman as "three candidates in search of a crisis."

He said Illinois, "which gave the nation Abraham Lincoln, the great rail-splitter, has produced Adlai Stevenson, the great hair-spitter".

He claimed the Eisenhower administration's "most important" accomplishment has been the "restoration of dignity, honesty, integrity and dependability" in Washington.

He also scored the Democratic Party's actions in the field of civil rights. He said the Eisenhower administration had made the greatest advances in Negro rights since Lincoln.

He especially picked out Earl Warren, "a great Republican chief justice," for praise in speaking for a unanimous Supreme Court in ordering the end of racial segregation in the schools.

Valentine Travels 8,000 Miles to Pontiac

Local Businessman Brings Sweetheart From Hong Kong After 7-Year Wait

Custer S. L. Hong received his Valentine one week early.

Hong, 29, proprietor of the China City Restaurant, got his greeting not through the mails but from an airport in Hong Kong 8,000 miles from Pontiac.

The Valentine arrived last Wednesday, after being delayed for seven years.

The Valentine was Hong's childhood sweetheart, pretty little 21-year-old Lin Kven Lee, who will celebrate her 22nd birthday with Custer today.

"She is the best Valentine I could ever hope for," Custer said. "There is nothing I care about more, and I am now the happiest man in the world since Lin arrived."

WEDDING PLANS

Although no date has been set or ring presented, Custer, whose real name is Suey Lin, admits they both have wedding plans.

Hong, an American citizen, adopted the Custer monicker when he got discharged from the army at Fort Custer in June 1952. "Suey is a Chinese girl's name and I wanted a change," he explained.

He has been in this country since 1949 when he had to leave Lin after a four year acquaintance.

He first met her when she was 12 years old. He discovered her lost from her grandmother's care, crying on a Hong Kong street outside a movie theater.

Lin lost her father when she was only one and her mother when she was eight. Both died from the famine of war. Her grandmother died in 1949 from a heart attack leaving her alone.

"I started feeling sorry for Lin and I continued writing her which I had been doing since 1949," Hong said.

"Around 1954 I started telling her I was in love with her and would bring her over here at the first chance."

Once Hong's mother who cared for Lin after her grandmother's death, requested that Hong send an engagement ring to her in Hong Kong. "I wanted to be there to present it myself, so I refused," he said.

LONG WAIT REWARDED

In March 1955 there was an opening for a Chinese refugee and Hong along with his friend, Robert Giffin, of Farmington, made the necessary arrangements for her trip. Hong financed the entire trip and Giffin loaned the girl money when she arrived.

Speaking very little English, Lin, through interpreter Hong, said she liked Pontiac very much but was hesitant to answer questions about her romance with Hong due to Chinese custom.

But from the expression on her smiling face, it wasn't hard to tell that she, like Hong, will celebrate the best Valentine's Day of their lives today.

Lincoln Dinner Tickets Selling

Advance Sales Indicate 600 Planning to Attend Event Thursday

Advance ticket sales indicate at least 600 persons will attend the 66th annual Lincoln Republican Club banquet Thursday at 6:30 p.m. in the Pontiac Elks' Temple, Robert A. Sutton, club president, said today.

SUTTON

Tickets are still available, however, from Oakland county Clerk Lynn D. Allen; Robert C. Miller, of Pontiac; Mrs. John Schock, of Berkley, and at Osmun's store and Annett's Realty in downtown Pontiac.

"To allow us to make final dinner arrangements, all reservations should be made by Wednesday night," said Miller.

Principal speaker will be U.S. Sen. Barry M. Goldwater (R-Ariz.). Goldwater, 47, was elected in traditionally Democratic Arizona in 1952. He is chairman of the GOP Senatorial Campaign Committee. His wife, Margaret, will accompany him.

Other honored guests will include Congressman George A. Dondero, of Royal Oak; Congressman Alvin Bentley, of Owosso; State GOP Chairman John Feikens; State Highway Commissioner Charles M. Ziegler and former Auditor General John Martin.

Suitor Accusing Widow of Killing Grocer Hermiz

DETROIT (INS)—Mrs. Victoria Hermiz, 25, and her secret boy friend, Maurice Hamilton, 20, today confessed plotting the murder of her husband but each accused the other of the actual killing.

However, Detroit Police said the question of whose hand was on the murder knife was almost academic because both have admitted complicity in slaying and under Michigan law both can be charged with first degree murder.

First degree murder warrants against the pair were expected to be issued today or tomorrow.

The murder of grocer Aziz Hermiz, 38, early last Friday resulted in one of the most puzzling criminal investigations in Detroit history.

All of the principals in the slaying are natives of Iraq and questioning was hampered by a difficult language barrier. Mrs. Hermiz and Hamilton, son of a wealthy Scottish merchant in Baghdad, speak English, Arabic and Chaldean, an ancient dialect spoken by Christ.

The case broke yesterday when Mrs. Hermiz, the mother of two, admitted her part in the plot but insisted Hamilton wilded the knife.

Shortly after, a cab driver arrived at police headquarters and said he drove Hamilton from near the Hermiz resident shortly after the murder occurred.

Hamilton later broke down and said he and Mrs. Hermiz pooled their money to hire a paid killer known only as "Mr. Brown." He said "Mr. Brown" and another man took the money at knifepoint last Wednesday during a meeting to arrange the murder.

Hamilton, a student in Detroit, said he went to the house Thursday and that sometime during the night Mrs. Hermiz emerged from her husband's room with a bloody knife saying "it's done, it's done."

Mrs. Hermiz admitted taking part in the plot to hire the killer but insisted Hamilton actually stabbed her husband.

City Man Killed by Locomotive

Peter Manni, 23, Dies When Dragged Along Near Crossing

A Pontiac switchman was dragged to his death yesterday afternoon by a passenger train locomotive which apparently snagged his clothing as he was walking beside the track near the Johnson avenue crossing.

Pontiac Police detective James LaPonsie said Peter Manni, 23, of 45 Lincoln Ave., was dead on arrival at Pontiac General Hospital.

Train's engineer, Wayne Dunton, 61, of Detroit, completed his scheduled run, from Durand to Detroit.

Dunton and the train had left the accident scene before police arrived, LaPonsie said and the body had been moved by Grand Trunk company doctor John Williams, who ordered it taken to the hospital after pronouncing Manni dead at the scene.

Dunton later made a statement to Detroit Patrolman John Warren but was not held.

Company officials said Manni married and the father of one child, had been employed as switchman about a month.

Cloudy, Some Rain, Tonight, Tomorrow

The weatherman says it will be mostly cloudy with occasional rain tonight and rain or snow tomorrow. He predicts a low of 31-35 degrees tonight with a high tomorrow of 31-35. The south to southwest winds will shift to west to northwest tomorrow morning.

Traffic Mishaps Take 3 Lives in Michigan

SAGINAW (AP) — Miss Linda L. Davis, 61, of Saginaw was killed yesterday when she lost control of her car on a snow-filled Saginaw street, jumped the curb and crashed head-on into a tree.

Curry Arraignment Scheduled for Today

Charged with first-degree murder, John A. Curry, 27, of Pontiac, was slated for arraignment this afternoon before Oakland County Circuit Judge Clark J. Adams.

Curry is accused of beating Frank L. Beheydt, 57, to death in the victim's room in a local hotel Jan. 18. At a lower court examination a witness said he saw Curry hitting Beheydt.

Women and Moonbeams Have Boyle Dizzy

Talk Not Enough Today

By HAL BOYLE

NEW YORK (AP) — The war between the sexes reaches a kind of climax on Valentine's Day.

This is the one day of the year that sepaarates the men from the boys when it comes to the matter of dealing with the feminine gender.

Women, generally the stern realists of the human race, seem to come apart at the seams at this season. They appear lost in a cloud of moonbeams. Their usual whims of iron become whims of molasses. They are alternately demanding and placating, wistful and petulant.

"What gets into women around Valentine anyway?" the ordinary man grumbles. "What do they want?"

The part of the problem is simple. A child may believe in Santa Claus all year round, but it is the present it finds under the tree at Christmas that confirms its belief.

Women are like that about love. Through most of the year a man can talk them into believing he loves them dearly, but at Valentine they want something more in the way of proof than conversation.

The age or size of the present you give them isn't so important.

Often a small sprig of old diamonds will please them as much as a big heavy new mink coat.

The main thing is that you remember them in a special way.

The bachelor, of course, is in special peril at this time. He may find that the box of candy he buys a girl at Valentine will wind up by June into a honeymoon he has to pay for on the instalment plan.

How can the cagey bachelor please his girl at Valentine and still not commit himself unalterably?

* * *

Here is a good sound tip: present her with an Irish sweepstakes ticket. If her horse wins, she'll have enough dowry to set him up in business. If her horse loses, he can then tell her, "So long, kid. It's been nice knowing you, but I gave you your chance. You can't expect an ambitious guy like me to tie himself up for life to a hard luck dame like you."

What about the married man? Well, oddly enough, Valentine's day is no longer merely a single girl's racket. Wives have muscled into it on a wholesale scale.

A wife expects something extra from her husband on this day dedicated to love, even if she has to chivvy her forgetful mate into presenting her with a black eye.

But such is the understanding nature of most wives, however, that it isn't really difficult to please them, bless their gentle souls.

Here are a few suggestions on

Humphrey Airs Doubts on Highway Bill

Has Misgivings About Tax Plan

House Committee Calls Treasury Secretary to Start Hearings

WASHINGTON (AP)—Secretary of the Treasury Humphrey tells Congress today of administration misgivings about a Democratic-backed tax plan to help finance a proposed new multibillion-dollar highway program.

Humphrey was called by the House Ways and Means Committee to start hearings on the controversial financing program contained in a bill by Rep. Boggs (D-LA).

QUESTIONS CLAIMS

At a closed-door huddle with committee Republicans last week, Humphrey stated that he did not regard the tax plan as "truly pay-as-you-go."

He also questioned Democrats' claims that their proposed highway user tax increases were enough to do the job.

The Boggs bill contemplates a 15-year revenue increase totaling 12 billion dollars from added taxes on gasoline, tires, trucks, and like items.

* * *

Added to 22 billions anticipated from motoring taxes at present rates, backers expect the legislation to bring in enough revenue to meet the federal share of the proposed 51½-billion-dollar highway building program. The states would furnish the remainder.

ANOTHER CRITIC

In advance of Humphrey's testimony, Rep. Byrnes (R-Wis) said the Boggs plan, if approved by Congress, could "kill chances for a balanced budget right off the bat."

* * *

Since its defeat in the Senate and House last session, the administration has ceased to press its plan to finance an interstate highway system through issuance of 30-year highway bonds. Republicans now appear ready to go along with some form of a "pay-as-you-go" program, based on increased motoring taxes.

Police Break Up Stolen Tire Ring

Arrested Four Admit Taking, Selling Wheels Over 9 Month Period

Pontiac police have cracked a stolen tire ring which has stolen and sold more than 50 new tires and wheels in the past nine months Inspector Clark Wheaton said today.

Wheaton said four men arrested last night after the latest in a series of thefts from new cars at a local dealer's showroom had confessed they were involved in the ring.

Held for investigation of grand larceny is Harold G. Sizemore, 19, of 123 Henry Clay Ave., who told Det. James LaPonsie he had committed about 80 thefts over the past nine months.

Held for investigation of receiving stolen property are Thomas Groves Jr., 28, of Bloomfield Township; Joseph W. Clemens, 22, of Clawson; and Richard L. Groves, 23, of Birmingham.

LaPonsie said all three had confessed handling stolen tires and wheels received from Sizemore.

Test Pilot Calls Inflatable Plane Most Unusual

AKRON, Ohio (AP)—Dick Ulm said today the inflatable airplane developed by Goodyear Aircraft Corp. is the most unusual craft he's flown in the nine years as a test pilot for the company.

* * *

The plane, made of an experimental rubber-coated nylon fabric, can be deflated at home, packed into your car trunk and inflated at the airport.

Goodyear engineer Roger L. Wolcott said it takes less air pressure to inflate the balloonlike fabric than a standard automobile tire. The monoplane is made rigid by the inflation.

* * *

The single-seat, high-wing craft is powered by a two-cycle, power motor mounted on a tubular support above the fuselage and directly behind the wings. The only other metal supports connect the wheels and the pilot's seat with the fuselage.

The new plane resembles the pusher-type craft of the World War I era or a glider.

* * *

"The plane flies much the same as any light plane," the 32-year-old Ulm said. "By being seated at the front, however, I felt like a glider pilot."

Goodyear engineers do not expect to go into quantity production, although they think the rubber-nylon plane holds great promise for a variety of air services.

Ford, Chrysler Cut Work Time

Plants to Operate Only 4 Days This Week; Hint More Layoffs

DETROIT (AP) — Ten of the 16 assembly plants of the Ford Motor Co. will operate only four days this week, shutting down from Thursday until Monday.

Two of Chrysler Corp.'s major plants also will operate only four days and the company said it planned layoffs of an additional 4,300 workers.

The new layoffs will bring to approximately 43,000 the number cut from auto industry payrolls in recent weeks "to hold production in line with demands."

Ford said that was the reason for its shutdowns. Chrysler said both plant shutdowns and new layoffs were for the same reason.

Chrysler, which still employs around 80,000 in its Detroit plants, said it would shut down assembly operations in its Dodge main and DeSoto plants tonight until Thursday. And when production is resumed the Dodge work force will have been trimmed 2,800 and the DeSoto 1,500.

Ford said next week's schedule would be determined by dealer stocks of new cars in various parts of the country.

The Friday shutdown, Ford said, will affect more than 19,000 workers, including 1,200 in Atlanta, 1,200 in Buffalo, 1,200 in Chester, Pa., 1,900 in Chicago, 2,300 in Dallas, 4,800 in Dearborn, 1,300 in Kansas City, 2,200 in Louisville, 1,200 in Memphis, Tenn. and 1,900 in San Jose, Calif.

The company said Ford plants would operate on a five-day week in Detroit, Minneapolis, Summerville, Mass., Mahwah, N. J., Norfolk, Va. and Long Beach, Calif.

High Court to Get College Race Case

BIRMINGHAM, Ala. (AP) — The University of Alabama segregation case was headed for the U. S. Supreme Court today after word from defense attorneys that a lower court ruling opening the school to Negroes will be appealed.

Canada GM, UAW Agree as 148-Day Walkout Ends

TORONTO (AP) — The 148-day strike at General Motors of Canada—longest auto strike in North America—ended last midnight with signing of a contract running to Aug. 1, 1958.

The strike of 17,500 workers started Sept. 19 in the five GM plants at Windsor, Oshawa, Toronto, St. Catharines and London.

* * *

Here are the highlights of settlement terms in the General Motors of Canada strike:

GM workers will get an annual six-cent-an-hour wage increase, improved from four cents in the old contract. The average basic wage rate for production workers was $1.66 before the strike.

A modified guaranteed annual wage which will provide pay to supplement the unemployment insurance of laid-off workers. The plan will provide up to 65 per cent of an employe's take-home pay for up to 26 weeks.

An improved health-and surgical-insurance plan with company and employes paying equal shares of the cost. Employes formerly paid 50 per cent on medical and surgical premiums and all hospitalization costs.

An improved pension plan with no limit on the number of years counted toward credit. A worker who formerly would have received $55 a month at age 65 after 30 years' service now will receive $67.50.

* * *

More than 8,500 employes of the 17,000 on strike will receive extra wage increases in addition to the six-cent annual boost. These increases will range from 18 cents an hour for sweepers to 26 cents an hour for tool and die workers.

The increased overtime pay for work on Saturdays, Sundays and holidays. This will mean triple time for holiday work.

Pay for eight statutory holidays not worked, an increase from six.

Premiums of five and 10 per cent for afternoon — and night-shift workers, adding from eight to 16 cents an hour to the pay of workers on these shifts.

* * *

Increased annual vacations for workers with 10 to 15 years' service. They will receive 2½ weeks a year instead of two weeks.

The contract runs to Aug. 1, 1958.

Petitions Filing Deadline With City Clerk Is Today

Today at 5 p.m. is the deadline for candidates for the 1956-57 Pontiac City Commission to file nominating petitions with the city clerk.

At the March 5 city primary balloting will be held in all districts where three or more candidates have filed. If less than three have submitted petitions in any district, those names will be placed on the April 2 general election ballots.

Seeking a seat in District 4 will be Basil W. Toles, 42, of 794 Orlando Ave. His petition, the 16th to be filed, was submitted yesterday to City Clerk Ada R. Evans.

Born in Oakland County, Toles has lived in Pontiac since 1919. A war veteran of four years with the Sea Bees, the candidate is employed by the Motor Car Transport Co.

He is a member of AFL Local 653, the Pontiac Democratic Club and the Eagles 1230. Toles is married and the father of one daughter.

All incumbents of the present City Commission have filed petitions seeking reelection, except District 7 Commissioner Harry W. Lutz. He has declared he will not seek another position from the district this year.

As of 10 a.m. the following petitions have been received by the city clerk: District 1, Dr. Roy V. Cooley, John B. Woodward, Andrew A. McCaskill; District 2, Philip E. Rowston, Frank O'Brien; District 3, William W. Donaldson, Earl J. Smith; District 4, Floyd P. Miles, Basil W. Toles; District 5, John A. Dugan, Pat Stoglin; District 6, John E. Carry, J. H. Patrick Glynn; District 7, Victor L. Smothers, Benjamin M. Gates, and Robert Landrys.

Road Commission to Receive Job Bids

The Oakland County Road Commission will accept bids on three road projects at 2 p.m. Thursday in its North Telegraph Road offices, according to Commissioner Robert O. Felt.

Two projects involve blacktop resurfacing and widening from 20 to 22 feet over 7 miles of Lahser Road fro mEight Mile to West Maple Roads and on 4.25 miles of Ten Mile Road from U. S. 24 to a half mile west of Orchard Lake Road.

The Commission also plans to purchase 2,200 barrels of cement to use in stabilizing Sashabaw road from Clarkston road north about two miles.

8 Japanese Hurt When Earthquake Jolts Tokyo Area

TOKYO (AP)—A stout earthquake shook up Tokyo and the surrounding area for about 30 seconds today. Eight Japanese were injured, three seriously, but the world's third largest city escaped major property damage.

More than 90,000 homes were without electricity as high-voltage cables snapped. A highway bridge leading from the city cracked and was closed to traffic. Pavement in front of the Tokyo railroad station caved in and chimneys cracked off public bathhouses.

* * *

Downtown buildings rocked with the quake. Many workers poured into the streets, shouting: "Jishin! Jishin! (Earthquake! Earthquake!)." But calm was soon restored.

* * *

Casualties included a lumberyard worker with a broken arm, a sawmill worker injured seriously when a pile of lumber crashed on him, an 85-year-old woman and her 2-year-old granddaughter, also in serious condition after being overcome by fumes from a snapped gas line, and four print shop workers burned by acid which tumbled off shelves.

Hint Knowland to Reveal Status

California Senator May Announce His '56 Plans Officially This Week

WASHINGTON (AP) — Sen. Knowland (R-Calif) may announce officially this week he is an active candidate for the Republican presidential nomination if President Eisenhower doesn't run.

Knowland, the Senate Republican leader, declined public comment, but there were strong indications he will shortly invite support of his conditional candidacy. He has said he will back Eisenhower if the President runs, but has made it clear he'll seek the nomination if Eisenhower doesn't.

Previously, Knowland had fixed tomorrow is the date by which he felt Eisenhower's announcement ought to be forthcoming. It evidently will not be. Eisenhower gets a new medical report today and leaves tomorrow for a Georgia vacation.

Knowalnd's expected announcement may be timed Thursday to follow the entry of his name in the March 20 Minnesota primary and it may indicate an intention to file in other primaries.

Deputies Probe Breakins in Two Area Residences

Oakland County Sheriff's detectives today are investigating two similar breakins which happened last night in Avon and Pontiac Townships.

Thieves at the home of Robert R. Bennett, Cherryland Road in Pontiac Township, had rifled closets and drawers and strewn clothes over the floor, but had taken nothing, detectives said.

At the D. R. Hinchman residence, on Tienken Road near Rochester, thieves had followed the same pattern, taking only a .45 calibre automatic pistol, they said.

Prison Inmate Admits Crimes

Former Pontiac Resident Clears Police Records of 14 Burglaries

A former Pontiac man now serving a two-year sentence in a Delaware prison has cleared city records of 14 1954-55 bulgaries, Pontiac Police detective Olin Hoffman said today.

Christopher R. Brogan, 28, whose last Pontiac address was a local hotel, now is serving a sentence in Delaware's Newcastle County workhouse for robbery and assault, Hoffman said, under the alias of Richard V. Patton.

But Brogan admitted the 14 Pontiac burglaries, a Howell burglary, and a series of forged checks in Lansing, Flint, Saginaw, Frankenmuth, Port Huron, Romeo and Pontiac, the detective added.

Hoffman saw Brogan in Delaware last week, he said, on a special trip to interview him about his suspected connection with Pontiac crimes.

After Brogan's release in Delaware, which could come in November with good behavior time off, he will be returned to Michigan to face prosecution for the crimes he had confessed, Hoffman said.

Warrants have also been issued for Brogan on charges of uttering and publishing and jumping bond, he added.

HEALTH NO FACTOR

The mayor who suffered a heart attack in 1952, said the question of his health did not enter into his decision.

"I never felt better in my life," he said. "I've not even had a cold this winter."

The mayor referred to Detroit's projects for beautifying the riverfront and also expanding the Detroit area's expressway system.

Cobo said he had not decided yet on running for a fourth term as Detroit's non-partisan mayor.

A Cobo-for-governor boom developed after he was elected in 1953 as Detroit's first four-year-term mayor. He had previously served two two-year terms and in each election he showed that he was a vote-getter by polling about 60 per cent of the vote.

Flabbiness Seen for Minds Fed on TV, Movies

LOS ANGELES (AP) — "Mental flabbiness" threatens the "spectator mind" that feeds on a diet of radio, television and movies, says Rabbi Harold Weisberg, Washington, D.C.

The Day in Birmingham

Parking Lot Objectors Face Commission Tonight

BIRMINGHAM — Tonight's commission session looks again at city parking lots, and besides possible objectors to assessments for parking lot 3-A in the block north of Hamilton, commissioners will be faced with an objection to postponing parking lot HH, to the south.

A letter from the Chamber of Commerce questioning the advisability of letting HH wait while top priority goes to 3-A, SE at Brownell and Forest, and No. 2 south of Shain Park cites statistics showing the northern area's need for parking beyond that to be given by 3-A.

Hearings are on the construction of lot 3-A, larger and highest priority lot, creation and paving of the alley between it and Hamilton Avenue frontage lots, and straightening of Park's curving road, and continuing of Erndale to Hamilton, with paving of all three roadways.

Assessment areas are to be approved for the streets, but not for the lot itself, which will be set later by the assessor. But if tonight's resolution is passed, it will mean that $97,000, 40 per cent of the total estimated cost of $244,000 will be divided among city bills to area property owners.

Assessment areas will be voted upon for the lot and the roadways, with 40 per cent allocated for property owners in the area for the lot, and 85 per cent for property owners in the area for the alley and streets, with balance coming from city funds. Assessment rolls will be formulated after the resolutions are passed, if they are tonight.

Also on tonight's agenda is a letter conerning the ten dollar non-resident membership charge at the library, a communication referring to Michigan Turnpike Authority legislation, and a tally of the year's revenues of parking meters.

Other topics are the sewer and water service and annexation for the Lambert property on 14 Mile road, a curve on Willits street, and the Chapin street special assessment district of 1945.

Search for Stabber of Noted Historian

CLEVELAND (AP) — A former University of Michigan historian was recovering from stab wounds today while police sought the unknown assailant who stuck a scalpel into his back in a museum here yesterday.

Victim of the attack was Colton Storm, 48, a nationally known historian and director of the Western Reserve Historical Society Museum. He was reported in satisfactory condition at the Hanna House of University Hospital where he was treated for a 2-inch stab wound.

Storm told police he was attacked as he entered the museum, which was closed for the day. He said he neither heard nor saw his attacker.

Woman, Moonbeams Leave Boyle in Tizzy

how to surprise your wife on Valentine's Day and still remain solvent.

1. Send her the biggest, mushiest, most red ribbon-bedecked card you can find, but remember not to use your business signature. If she ever called you by a pet name, sign this. Statistics show that more husbands than single men buy the sentimental three-buck Valentines.

STRINGING ALONG

2. Are you a do-it-yourself fan? Carve up one of your kids' old yo-yos into a heart shape and box it with a card reading: "No other girl in the world could string me along but you, baby."

3. If you're a real cheapskate and want to save dough, buy a gooey dime card, and sign it with one of your wife's old high school lovers. When she proudly shows it to you, throw a real jealous fit. That'll put her on the defensive. On the other hand, if she doesn't show it to you, you may have something to worry about a lot more serious than Valentine's Day.

* * *

4. If you loaf at home while your wife goes to work, at least put into her lunchbox a sandwich tied with a bit of old lace and a cloth forget-me-not.

5. Should you want to give her a real present, don't give anything sensible like an automatic dish washer. Make it something romantic but impractical, such as a girdle the same size she wore when you first married her.

But, above all, restrain any urge to be comic. I know of a husband who 10 years ago sent his wife a get-well card on St. Valentine's Day—and he's still paying alimony today.

New Concept of Special Education in Oakland

Nation's Educators Watch Program in County

By MARY CELINSKE
Press Correspondent

Here in Oakland County, a whole new concept of special education is having its beginning—with a program of education, financing and administration that is being watched with interest not only by Michigan educators, but by educational observers across the nation.

It took three years and a special act of Michigan State Legislature to make the hopes and plans of a group of Oakland County School Superintendents a reality. Those plans are very real today in a beautiful new addition to Eagle School in Farmington Township; in four rooms specially equipped to help the child who is unable to attend regular classes.

These rooms will be devoted to the schooling of handicapped children, and the program which began last September in temporary quarters, is moving this week into its bright new classrooms. Two rooms are planned for the physically handicapped child, one for the mentally retarded, and one physical therapy room.

The rooms are large, modern as tomorrow, and exceptionally well equipped. There are wheel chairs for the child who is unable to walk, walkers for those needing support, walking bars, steps, therapy tables, heat lamps, specially designed tables and chairs, plus the skill of the therapists and the contagious enthusiasm of everyone connected with the program.

The children in this special group, who come from a large area in southwestern Oakland County, range in age from 5 to 15 years; are the victims of polio, cerebral palsy, and other disabling diseases. Here at Eagle, studies are geared to the child's special ability and limitations. However, they attend classes and other school activities just as the other children in the school.

"There is no difference between the special group and the others," Margaret Cottrell, principal, said. "Their room is just another classroom, with the same hours of study and all other activities within their limit."

Some of the children who attend these classes receive physical therapy treatment in the school, however treatment is not given unless specified by the child's own physician.

STUDENTS RECOMMENDED

"Students enrolled in the special classes are certified and recommended by an orthopedic physician who is a member of the state board before being admitted," Minnie M. Zielke, elementary school co-ordinator and Farmington referral officer said.

* * *

"Upon admittance to the school the child's doctor prescribes the type of therapy to be administered by the physio-therapist. No child," she emphasized, "is given any treatment until their own doctor has prescribed this treatment."

All of this was made possible by the special legislature referred to above. In 1954, Michigan Public Act 18 was passed allowing Oakland County to levy and collect taxes, by consent of the voters, for the purpose of conducting an educational program for the handicapped children within its boundaries. In the same year voters approved the county-financed special education program by pasisng a proposal which raised one-half mill for a period of fifteen years, for the purpose of erecting buildings, hiring teachers and operating such a program.

The administration of the program is under the direct control of the county superintendent of schools, Dr. William Emerson. The county staff for administration is under the direction of Dr. Paul Thams. The Farmington staff consists of Miss Zielke, referral person; Miss Cottrell, school principal; Lee Adams and Mrs. Betty Woodson, orthopedic instructors; Mrs. Ann Fleckenstein, physical therapist; Mrs. Agnes Hegwood, assistant therapist; and O. E. Dunkel, superintendent of the Farmington School District.

SERVES AREA

The four rooms at Eagle School were never intended to be used only by the school district in which the building is erected, but to serve an area in that portion of the county in which it is located.

As a result, children from Southfield, Clarenceville, Walled Lake, Berkley, Bloomfield Hills, West Bloomfield, and Birmingham, as well as Farmington are now attending the Eagle Center. The school has presently enrolled about 25 orthopedic children, but other facilities are in operation, or will be in operation, for the blind, the partially-sighted, the deaf and hard of hearing, home bound and others.

"This is just the beginning," Miss Zielke said. "In time we hope to be able to reach every child that we can help. There is no doubt in our minds that this program will be successful."

* * *

Oakland is the only county in the U.S. with a special education program financed as this is being done. None of the communities participating in this program could have financed it as a district, so by vote of the people, it became a county project. Another interesting aspect of the program is the fact that local policy of education, hiring of teachers, and transportation procedures are left to the local board, and that financing is done on a reimbursable basis.

Organizations Mark 60 Years

Metamora OES, Masons Celebrate Anniversary With 180 Present

METAMORA — The Metamora OES and Masons celebrated their 60th anniversairies at the Masonic Hall here with 180 people present for the banquet, program and dance which followed.

Program announcers were Mr. and Mrs. Harry Whittaker. Mrs. Whittaker is a past matron of the OES and Whittaker is past master of the Masons and past patron of the Star.

A musical program was given by the Harl Hurshburger family of Lapeer. A history of the OES was written by Mrs. Donald Tavis, secretary, and read by Mrs. Oliver Moses. History of the Masons was given by Lawrence Freeman, secretary.

Life members of both organizations were introduced and welcomed. There are 11 life members in the OES and 14 in the Masons. The OES still has one charter member, Cleo Kelley of Flint.

Music for modern and old time dancing was furnished by a local orchestra.

Solon Names Oak Park Man Naval Alternate

Sen. Pat McNamara today announced the appointment of James Jerome Sudol, 17, son of Mr. and Mrs. Bronislaw Sudol of Oak Park, as an alternate appointee to the United States Naval Academy at Annapolis, Md.

James is at present attending the Kentucky Military Institute at Lyndon, Ky.

He will take the entrance examinations for the academy on March 28 for the class beginning in June.

McNamara said the task of selecting his appointees for the academy was a very difficult one, since there were so many fine young men who had applied and only a very limited number of appointments at his disposal.

However, he said, the young men selected were especially outstanding in their school and in their community.

Senator McNamara earlier announced the principal appointment of Clinton B. Johnson of Pontiac to the naval academy.

Stop 117 MPH Speeders After Crash With Pole

A police pursuit of two county men with speeds up to 177 miles per hour ended Monday afternoon at Southfield and Lincoln Roads in Birmingham when the fleeing vehicle struck a utility pole and careened against a tree.

The occupants, Charles Haynes, 23, of 400 Gardenia, Royal Oak, and Harold Young Jr., 23, of 528 Mapledale, Hazel Park, escaped injury. However, they were arrested by Oak Park police for reckless driving and later released on bond.

Council Sets Up Voting Precincts for Residents

TROY—Harold Moe, engineer for Troy, explained future water planning in the city of Troy. The Michigan State Board of Health has halted the issue of water system permits in the city until some overall water plan is submitted.

Water plans are complete on the new Glen-Moor, Aber-Moor, and Pleasant Heights subdivisions between 19 and 20 Mile Roads west of Livernois. For the present the wells in the Aber-Moor and Glen Moor subdivisions should provide water supply only for those developments and Pleasant Heights and not be connected to the present system.

The supply will be inadequate even for the proposed development without considerable storage, and a connection to the present system could produce excessive pressure in the southeast areas of the city.

Lynn Miller, state water resources geologist, will be in Troy shortly to recommend possible water sites.

The commission voted to take bids on taping and cleaning the 60,000 gallon water tank on 16 Mile and Crooks. Several bids were received but it was voted to table the matter until the City Manager and City Engineer could study the situation.

MAKES REPORT

City Manager Norman Barnard made a report on proposed exchange of parts of lots in Troyton Manor subdivision with city of Birmingham to straighten out the boundary lines. The property involved is vacant.

Birmingham has approved the boundary changes. Description of the property to be exchanged will be given to the Troy attorney and tabled until the next meeting.

It was resolved that the four voting precincts in the city of Troy will be: 1. City-Township Hall; 2. Troy Fire Hall, No. 2; 3. Fire Hall No. 3; 4. the Community Building. It was also stated in the resolution that each registered voter be informed by letter of their precinct and where they are to vote.

The City Manager was authorized to receive bids for the purchase of road equipment to the extent of two dump trucks, two graders and a loader. At present the county is maintaining the city's roads until a new department is set up to do the work.

The city of Troy receives $26,655 returned as its share of state gas and weight taxes for the last quarter of 1955. This fund will be spent on roads.

Recommendation for two members of the city election commission will be sought by Mayor Frank Costello and brought before the City Commission's next meeting.

USDA Meeting Set Wednesday

Program Designed to Acquaint Civic Groups With Agriculture

Representatives of Oakland County service clubs and businessmen will attend a special program of the Oakland County United State Department of Agriculture Council, Wednesday evening, at the Pontiac Federal Savings and Loan community service room.

Roger Oberg, Vocational Agricultural Instructor at Oxford High School, will present to the group the functions and responsibilities of each agricultural agency in Oakland County.

During the last part of the meeting the audience will be given the opportunity to discuss agricultural problems and make suggestions as to how the council can be of greater service to their community.

The program beginning at 8:00 p.m. is designed to better acquaint the civic groups with the agricultural agencies in Oakland County.

John Trocke, president of the USDA Council, will preside at the meeting. Invited guests will represent farm organization leaders, bankers, members of the press, radio and television farm reporters, civic and service clubs, implement dealers, realtors and others interested in agriculture.

Piles No Longer A Problem

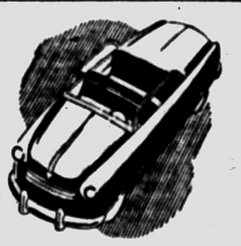

If they are the bleeding kind, suffer no longer

Medical research has developed a miracle medicine called RECTORAL. It does away with the emotional use of old-fashioned ointments, suppositories, injections, etc., that give little, if any, even temporary relief. RECTORAL has a tendency to shrink the piles and usually in a few days, the bleeding, soreness, irritation and pain start to disappear and in a few days more are completely gone. Thousands of sufferers have used this remarkable medicine and have never had any further trouble, even years afterwards. Many of these people had been advised that only an expensive and painful operation would help them. Why suffer any longer? Get well NOW! Stay well! Get a bottle of RECTORAL today at

Motorama Sets Miami Record

Nine Day '56 GM Show Nets 448,405 Watchers to Break '55 Figure

The GM Motorama of 1956 closed its Miami showing Sunday night with a record attendance of 448,405 for its nine-day run at Dinner Key Auditorium.

The previous Miami Motorama attendance record was set last year when 364,073 persons saw the exhibition of "dream cars" and other attractions in a nine-day showing. Attendance has increased each year since GM first brought its Motorama here in 1953.

Including attendance of over 275,000 at the show's 1956 debut in New York last month, the Miami attendance means that more than 723,405 persons already have seen the Motorama this year. It now moves in a fleet of 150 vans to Los Angeles for a March 3-11 showing, and then to San Francisco March 24-April 1, and Boston April 19-29.

Harlow H. Curtice, president of GM, said the record Motorama crowds at New York and Miami reinforced his conviction that 1956 will be "another record year for business generally" and can be the second best production and sales year in history for the automotive industry, which reached an all-time peak in 1955.

Curtice and other GM officials expressed their appreciation of the cooperation of city and county officials, police and fire departments, Dinner Key Auditorium staff, the press, radio and television, and the public generally in making this year's Miami Motorama showing an outstanding success.

T. H. Roberts, Motorama show manager, added a special word of praise for the "excellent cooperation" of the Dade County Board of Public Instruction in making it possible for 13,000 high school pupils to visit the Motorama in Miami in special trips on GM-chartered busses.

Business Notes

Election of William H. McGaughey to the new post of vice president in charge of communications was announced yesterday by George Romney, president of American Motors.

The former newspaperman is a member of the AMC Policy Board, chairman of the corporation's Communications Committee, secretary of the Industrial Relations Policy Committee and coordinator of corporate advertising and sales promotion activities.

He joined the firm in 1952 as Romney's assistant when he was vice president.

James O. Vallad, of 581 Second St., has been named a recent graduate of the International Business Machines Corp., electric accounting machine customer engineering school at Endicott, N. Y.

Associated with IBM's Detroit office, Vallad was one of 15 students from 10 states.

Two thirds of the 48 states now collect individual income taxes.

Changes Small in Stock Market

NEW YORK (AP) — Price changes were mostly small and irregular in early stock market trading today.

* * *

Fractional price changes spotted the list and activity was quiet after a moderately active opening.

Steels as a group were firm, with U.S. Steel, Bethlehem and Republic Steel slightly ahead.

* * *

Opening blocks included U.S. Steel up ¼ at 52 on 1,500 shares, General Electric off ¼ at 55¼ on 1,000 and New York Central off ⅛ at 39¾ on 1,200.

* * *

Boeing and Douglas Aircraft were up slightly while United Aircraft lost a little.

Kennecott and American Smelting gained in the copper group while Anaconda slipped.

* * *

The Associated Press average of 60 stocks declined 30 cents to $173.70 yesterday in quiet trading. Abraham Lincoln's birthday was observed as a holiday by many financial institutions. It was the quietest trading and the narrowest market in months.

Ford Motor stock was up ⅜ at 61¼ bid 61½ asked in the over-the-counter market.

Ford Tractor Production Up 29 Per Cent in 1955

A 29 per cent increase in tractor production during 1955 was disclosed yesterday by officials of the ford Motor Co. Units produced totaled 66,656, compared with 51,490 in 1954.

Among the major projects carried out during the year were the opening of a new research and engineering center at the division's general offices in Birmingham, and formal opening of a national tractor parts depot in Lincoln Park.

The company introduced 11 models of four-wheel and tricycle tractors during 1955 and added 27 new or improved implements.

Metal Industry Profits to Top '54's First Half

CLEVELAND (INS)—Steel Magazine predicts that profits in the metal-working industry will average higher than those for the like period last year, but probably won't be up to earnings of the half just ended.

Steel said that it has surveyed "blue chip" companies (other than automotive) and indications are that the firms look for earnings that are eight to 10 per cent better than those of 1955's first half.

The national metalworking weekly predicted that an all-time six month record for steel producers is in the making.

Buys Shirley Stores

NEW YORK (AP) — Grand Union Co. has acquired Shirley Food Stores of Arlington, Va., which operates five stores in the Washington, D. C., area, it was announced today. The purchase price was not disclosed.

Automobile radio sales in Britain were at record levels in 1955.

Grains Eke Out Small Advances

CHICAGO (AP)—Most grains eked out small advances in relatively quiet dealings on the Board of Trade today.

* * *

There was very little selling pressure in the market. Cash grain receipts were unusually light, even for a Tuesday, and speculative selling was meager because of uncertainties regarding final outcome of the new farm bill.

Kroger Announces $1.5 Million Program

CINCINNATI (AP)—President Joseph B. Hall of the Kroger Co. said today construction of an instant coffee plant and an addition to the firm's warehouse here would cost a million and a half dollars.

Plans for the new construction work were announced yesterday in the company's annual financial statement.

* * *

Hall said the instant coffee plant would serve stores in 21 states and eventually would have a capacity of 450 pounds of instant coffee an hour.

The company reported yesterday its net income in 1955 was $14,368,292 or $3.38 a share after taxes. In the previous year the net income was $14,921,912 or $4.04 a share.

TOWNSHIP OF WATERFORD
ORDINANCE NO. 30

An ordinance to regulate the parking of motor vehicles and trailers upon the highways and roads of the Township of Waterford and to prohibit the dismantling, wrecking or repairing of motor vehicles and trailers upon the highways and roads of Waterford Township and to prescribe penalties for violation of same.

Whereas: The parking of motor vehicles and trailers on the public highways and roads in the Township of Waterford creates a traffic hazard and constitutes a nuisance and the wrecking, dismantling and repairing of motor vehicles and trailers on the highways and roads of the Township of Waterford creates a traffic hazard and constitutes a nuisance in said Township.

Be It Ordained:

1. That the Township Board, may from time to time by resolution, establish a maximum time for the parking of motor vehicles and trailers on the public roads and highways in the Township of Waterford, Oakland County, Michigan.

2. That notwithstanding any such resolution as shall be adopted by the Township Board no motor vehicle or trailers shall remain parked on a public highway or road in the said Township for a period in excess of forty-eight (48) hours.

3. It shall be the duty of the Waterford Township Police Department to cause to be removed all motor vehicles and trailers found by them to be parked in the public roads and highways of Waterford Township contrary to this ordinance and the expense of such removal shall constitute a lien upon such motor vehicle or trailer and the person to whom custody of the motor vehicle or trailer is granted may retain same until the expense involved has been paid.

4. It shall be unlawful for any person, firm or corporation to dismantle, wreck or repair any motor vehicle or trailer on the highways or roads of the Township except for emergency repairs when same are necessary to make such motor vehicle or trailer operable so that same may be removed from the public highways and roads.

5. If any provision of this ordinance, or the application thereof to any person or circumstances, shall be held invalid such invalidity shall not affect other provisions or applications of this ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this ordinance are hereby declared to be severable.

Penalty: Any person, firm or corporation violating the provisions of this ordinance shall, upon conviction of same, be deemed guilty of a misdemeanor and may be fined not more than One Hundred and No/100 ($100.00) Dollars or incarcerated in the county jail not to exceed ninety (90) days or both such fine and imprisonment in the discretion of the Court.

6. The effective date of this ordinance shall be 21st day of March, A.D., 1956.

In Memoriam 2

IN LOVING MEMORY O FMY BEloved husband, Classie L. Tucker, who passed away February 14, 1954.
Always so true, unselfish and kind,
Few in this world his equal you'll find.
A beautiful life that came to an end,
He died as he lived everyone's friend.
Sadly missed by his wife, Ara Belle and Family.

ALBERT LOUIS ASHBAUGH WHO passed away two years ago Feb. 13, 1954.
Always so true, unselfish and kind,
Few in this world, his equal you'll find.
A beautiful life, that came to an end,
He died as he lived, everyone's friend.
Sadly missed by his Sister, Brother & children.

IN LOVING MEMORY OF EDward S. Spencer Jr., who passed away February 12th, 1949.
His smiling way and pleasant face,
Are a pleasure to recall;
He had a kindly word for each,
And died beloved by all.
Some day we hope to meet him,
Some day, we know not when,
To clasp his hand in the better land,
Never to part again.
Sadly missed by father and mother.

IN LOVING MEMORY OF IRENE Tunny who passed away Feb. 13, 1954.
In our home she is fondly remembered,
Sweet memories cling to her name;
Those who loved her in life sincerely
Still love her in death just the same.
