Natives Leave Hanoi

HANOI, Indochina (U)—Fear and resentment are building a potentially explosive tension here because many believe they and their city are about to be handed over to the Communist-led Vietnam under a cease-fire agreement. Hundreds are leaving the city daily.

Thousands who lack money or a place to go are voicing resentment. As yet there is no real threat of a native uprising such as slaughtered hundreds of Europeans and Eurasians in December of 1946. Nor is there any real panic.

But an announcement of a cease-fire agreement that would partition Viet Nam and give the northern half to the Communist-expected in many quarters—could touch off

either or both. An American in Hanoi tells of a Vietnamese who threatened in his presence:

"The day I learn we have been sold out, I will take my gun, go into the streets, and shoot the first three French I see. It will make me feel better and it will give me points with the Vietnamese."

"I think," said the American, "he was just talking. I hope to God he was, because something like that is all that would be needed to touch off bloody rioting."

The Communist-led Vietnamese, keeping Hanoi under steady pressure, overran four small French Union militia posts 20 miles north-

west of the city yesterday. The rebels launched two ambushes against the French along the Hanoi-Son Tay road.

The French command is acutely aware of the danger and is carefully avoiding anything that might be taken as an indication the French were preparing to leave.

Hundreds of natives are assigned repair work in areas where they are most likely to be seen—the airport, French military and civilian government buildings, downtown streets. Soldiers behind barbed wire at entrances, communication posts and power transformer.

Atom Strikers Return to Work at Oak Ridge

3,500 Accept Proposal for Settlement; Paducah Workers Hold Out

OAK RIDGE, Tenn. (UP)—A strike of 3,500 CIO atomic production workers was called off here today, but 1,000 others at Paducah, Ky., voted "almost unanimously" to reject settlement proposals drawn up by the government, and union and management officials.

About 850 strikers jammed a meeting here last night and decided to go back to work on the theory that they will have a better bargaining position on a new contract if they do not wait for a federal injunction forcing them back on the job.

The first day shift at 8 a.m. was staffed normally, officials at the huge atomic plant announced.

Thomas Fee, international CIO representative, said however, the workers at the Paducah atomic plant voted down the proposed settlement "almost unanimously."

Fee blamed the hurried vote on the proposals reached Friday in Washington on its rejection. The proposed settlement was drawn in meetings between Labor Secretary James P. Mitchell, CIO President Walter Reuther, officials of the striking union and members of President Eisenhower's Atomic Energy Labor Relations Board.

Fee called for additional time so that voters at Paducah can study the proposals and take an open vote, "possibly Monday."

Elwood Swisher, president of the striking CIO Gas, Coke and Chemical Workers Union, asked voters here to accept the proposals, which they did.

After the meetings in Washington, Swisher flew here to submit the proposals to the workers and union vice president Joseph Joy went to Paducah.

Fee said Joy arrived at Paducah about 10 p.m. Friday night and the settlement proposals were turned over to a six-member local union committee which rejected them, mainly because they didn't include a wage increase and were too long to be digested on such short notice. He said some 700 members shortly afterward adopted the committee's recommendation.

Fee said "we walked out over our wage demands and the settlement proposals omitted them completely."

Donaldson Goes Into Field With 703rd Tank Battalion

CAMP MCCOY, Wis. — Pontiac Mayor William W. Donaldson, who arrived here Tuesday by Military plane from Detroit, went into the field with men of Pontiac's 703rd Tank Battalion Wednesday and test-fired 75mm cannon and .30-caliber machineguns on the unit's M4 tanks.

Donaldson returned to Pontiac Thursday afternoon after witnessing a mock battle launched against a mythical enemy.

"This is just like a picnic," Donaldson commented as he sat in fatigue uniform eating lunch in the field Wednesday with Lt. Col. Lloyd A. Gabler, of Royal Oak, commander of the 703rd.

Tuesday night after his arrival with a score of other visitors from Michigan and Indiana, Donaldson attended a reception given by fifth Army Commander Lt. General William B. Keane.

Another reception was given for the visitors Wednesday morning by Brigadier General Clyde E. Dougherty, commander of the 70th Infantry, "Trailblazer" Division, a Michigan-Indiana Organized Reserve Corps unit.

Donaldson rolled out of the sack Wednesday morning at 5:05 a.m. in order to be with the tankers for their 75 mm cannon firing. He clambered aboard a tank and took the gunner's seat to fire the cannon at distant targets. He later fired the tank's .30-caliber machine gun at a moving target.

Donaldson peppered the moving target with machine gun tracers but missed the stationary targets with the 75mm cannon. "Someone said my sights had been moved," said Donaldson.

Donaldson seemed impressed with the tankers' gunnery, and appeared more at home when joining in with the men for practical training than he did when observing from the sidelines.

"This training is something you can't get in an armory in two hours of training a week," he said. "In a couple of hours a"

Injured Boy, 6, Dies in Hospital

Condition of Mother Critical Following Crash of Car and Bus

Six-year-old Frederick Napier, critically injured in an auto accident Friday morning, died at 9:35 p.m. last night, Pontiac General Hospital authorities said.

His mother, Mary E., 46, of 3335 Curwood, Drayton Plains, driving when the car and a Greyhound bus collided on Dixie Hwy. and Walton Blvd., remains on the critical list, they said.

Mrs. Napier's car was pinned against a telephone pole by the Detroit-Mackinac City-bound bus.

State police said Mrs. Napier was making a left turn from the southbound lane of the highway when the crash occurred. A truck, stopped in the north lane for the traffic light, apparently hid the bus which was proceeding north through the intersection.

Surviving Frederick besides his mother, are his father, William, and a sister, Betty.

Funeral service will be held at 2 p.m. Monday at Coats Funeral Home, Drayton Plains, with burial in Ottawa Hills Cemetery.

Stevens Flies to Naples

NAPLES, Italy (U)—U. S. Army Secretary Stevens flew here from Udine today to visit NATO's southern European headquarters.

Pacific Drifters Believed Rafting Toward Honolulu

SAN FRANCISCO (UP)—Five mariners who began an adventurous drifting trip from San Francisco to Honolulu aboard a 32-foot raft were out of radio contact today, but presumably spent their first night at sea attempting to feed themselves from the ocean.

The raft Lehi, carrying no food or water, was towed beneath the Golden Gate Bridge Friday to begin the 2,200-mile voyage to Hawaii.

The expedition leader, De Vere Baker, 38-year-old Mormon elder, estimated the trip would take six weeks. The amateur crew plans to live on what fish and plankton they catch and water from a Navy portable distillery.

Baker's sailing plans have been plagued with financial attachments since the bright yellow craft was

Surging Waters Claim 13 Lives in River Valleys

Farms Are Swamped, Big Cities Imperiled and Hundreds Marooned

VIENNA, Austria (AP) Disaster teams, aided by hundreds of American soldiers, intensified efforts today to rescue hundreds of families marooned by floods raging across Austria and southern Germany.

At least 13 persons were known to have perished in the rampaging waters and scores of others were missing. In the past two days more than 20,000 persons have been evacuated from farms and villages inundated by the rain swollen Danube and its tributaries.

Two big cities—Passau and Linz—were partly under water as a result of the worst flood to sweep the rich Danube and Inn River valleys in 50 years.

At Passau, the flood waters have reached the city center. A women's hospital is under water in Linz.

Many families spent the night shivering on the roofs of their homes. In both Austria and Germany all available boats were mobilized by police, firemen, Red Cross workers and American troops. The U. S. Army expected to send in more helicopters during the day.

The floods were brought on by more than 70 hours rain and heavy snow falls in the Alps. The Danube and Inn rivers were still rising.

In Vienna, police and fire brigades were alerted as the Danube came within inches of flooding two miles of commercial docks.

Throughout Austria, thousands of summer motorists were cut off in villages and resorts as the floods surged over the highways.

Cloudy, Rain Outlook in City Today, Sunday

Pontiac area residents planning outdoor activities tonight and Sunday may have their plans dampened, according to the U. S. Weather Bureau.

Overcast skies and thunderstorms are predicted, with little change of temperature. The mercury is expected to range between 78 and 83 degrees, with a low to night between 58 and 63.

At 8 a.m. today the mercury registered 64 degrees in downtown Pontiac. By 1 p.m. it stood at 71.

2 British Civilians Released by Reds

LONDON (U)—Two British civilians who had been held by the Russians several years, William Piddington, 28, and Eric Pleasants, 42, arrived in London today. They were released after representations by the British government.

Both were arrested in the Soviet zone of Germany—Pleasants in 1948 and Piddington in 1950. They were imprisoned on espionage charges, but British authorities said they had no connections with the British government or army.

Asked his opinion of communism, Pleasants said "it's too bad to talk about."

"I am prepared to fight communism to the bitter end," said Piddington.

U.N. Is Force for Peace, Bunche Tells GOP Meet

JACKSON (AP)—The United Nations, says Dr. Ralph Bunche, recognizes that "secure peace" requires an effort "far wider and deeper than preventing specific wars."

Dr. Bunche, native of Michigan who is chairman of the U.N. Trusteeship Committee, spoke in eloquent favor of the U.N. in a Freedom Festival speech yesterday.

"In my view, despite all its faults, there is today no greater force for social justice and understanding among

peoples throughout the world, and therefore for peace, than the United Nations, nor has there ever been," he said.

The Freedom Festival ended today with its "citizens of Tomorrow Day." Its pageant, however, will be repeated Sunday night.

Dr. Bunche was speaker for "Internationals Good Neighbor Day." The festival celebrates the Republican Party's 100th anniversary and Jackson's 125th birthday.

Dr. Bunche, asking a continued faith in democracy, said there were three particular misunderstandings about the United Nations.

"First," he said, "there are those who fear or claim to fear that the U.N. is too strong, and there are many more, I believe, who fear it is too weak."

"Secondly, the United Nations is not a world government, or a government, or a supra-national authority in any sense. It adopts resolutions, not laws; it issues recommendations, not decrees; its charter is not a constitution in any traditional sense."

"Thirdly, the U.N. represents a world community which thus far, at least, is only an embryo."

On the first point Dr. Bunche described the U.N. as a "voluntary association of fully independent nations, its charter a treaty between sovereign national governments, its decisions with authority only insofar as they represent the consensus of world opinion."

He explained that the U.N. "cannot draft a soldier or command one unless a sovereign nation volunteers him, as in Korea. It cannot assess a sou in taxes or pass a law."

Singapore Police Nab Top Malay Red Again

SINGAPORE (U)—Police recaptured an important member of the Malayan Communist party's "strong-arm squad" in a big raid on the outskirts of Singapore.

A police statement today said the man was Wong Fook Kwong. Wong was first captured by police in June 1952 but escaped.

Congress finally authorized construction of the Academy. Eisenhower signed the bill—the Academy's birth certificate—on April 1.

Harmon—a gray-haired 130 pounder—hasn't stopped moving since.

In rapid succession, the three-star general was named to a five-man commission to choose a home for the Academy.

Now with organizing problems to handle, he leaves today to look over three possible temporary sites in Denver to house the first Academy class, due to enter next July 1. The permanent Academy at Colorado Springs won't be ready for three years.

In an interview yesterday, Harmon had this to say about persistent rumors he'll be the first Academy superintendent:

"No comment."

"Have you had any talks with President Eisenhower or Secretary Talbot about the matter?" he was asked.

"No comment."

DONALD B. MCLOUTH

Steel Executive Taken by Death

Donald M'Louth Stricken in Bloomfield Hills Home During Night

Donald B. McLouth, founder and president of the McLouth Steel Corp. and a member of the State Conservation Commission, died today of a heart attack.

McLouth, 52, was stricken at his home in Bloomfield Hills at midnight and died at 6:40 a.m. EST in St. Joseph Mercy hospital.

An outstanding sportsman, McLouth and his wife returned only two days ago from a fishing trip to Canada's Gaspé Peninsula. They came back to participate in ceremonies marking the opening of a \$105,000,000 expansion program at McLouth's big steel plant in Detroit.

The industrialist's physician said he apparently had been in excellent health, with no indication that he might be subject to a heart seizure.

Those who accompanied the McLouths to Canada said the same. They were Mr. and Mrs. Harry J. Klingler, a General Motors vice president; Ben Wright, formerly of Alpena and now publisher of Field & Stream, and Ebb Warren of Bay City, a member of McLouth's public relations staff.

McLouth also was president of the Gaylord Manufacturing Co., at Gaylord, where he owned 10,000 acres, including Michigan's most

Ground-Breaking Service for Holy Name Catholic Church Is Set for Sunday

From Our Birmingham Bureau
BIRMINGHAM—A sudden void created when the 28-year-old Holy Name Catholic Church on Harmon avenue was torn down recently, will soon be remedied.

Fr. Eugene Paddock, pastor of the church, has announced that members of the parish will attend ground-breaking ceremonies at 10 a.m. tomorrow. The blessing, prayer and ground-breaking will follow.

To rise on the site of the old church, the new structure will be built at a cost of about \$600,000, in the English Gothic tradition with contemporary architectural features. Father Paddock said the new church should take about 1 1/2 years to complete.

Hundreds Leaving Hanoi as Reds Near

mer stations which have been wire encircled for months.

Painters are redecorating the building housing French and foreign correspondents.

But the rush to get out of Hanoi is on.

There is nothing even remotely resembling the hordes of refugees who clogged roads ahead of Communist invading South Korea in 1950. Nor can there be, since there are no safe roads leading south out of Hanoi to the relative safety of Saigon, 700 miles away.

Between the Red River Delta of the north and Saigon are miles of jungles and mountains held by the Vietnamese.

But 700 to 1,000 a day are applying for government travel control permits necessary to leave Hanoi. Those who get them jam airline offices trying to buy tickets aboard planes sold out five to seven weeks in advance.

French nonmilitary government agencies and offices are quietly moving their records and reports east to Haiphong and south to Saigon by plane.

American and British consulates in Hanoi have made plans for evacuation of their nationals. The British have transport planes lined up for the job. An American consulate spokesman said their plans are top secret and cannot be revealed—although air evacuation is the only feasible method of getting anyone out of Hanoi quickly and safely.

There are about 40 British nationals in the Hanoi area. American nationals, including correspondents, range from 30 to 50. Except for a few missionaries and businessmen, most are correspondents and American aid personnel.

The few American women who were stationed in Hanoi have been transferred to Saigon.

An American consulate officer said he could not give the exact number of Americans in north Viet Nam or how many had transferred their operations to Saigon because "that information is classified."

Financially Hanoi is being hard hit.

Brokers say real estate and businesses, from sidewalk stalls to department stores and theaters, are being offered at half value and less—with no takers.

Cars cannot be sold at half what they brought two months ago. All business is on a strictly cash basis. Loans are impossible to get but prices remain high and there has been no break in the black market price for piastres.

Merchants say "we are trying to get as much as we can up to the last minute."

Detroit Resident, Royal Oak Youth Draw Fines

BIRMINGHAM—A Detroit man, Charles H. Mayne, 40, was found guilty of reckless driving when he appeared before Justice John J. Gaffill, yesterday, and was fined \$50.

Also found guilty of the same charge was Edward F. Williams, 18, of Royal Oak, who paid a \$35 fine and was placed on a years probation.

Masses will continue to be said in the school, the pastor said, where they have been said for some time because of overcrowded conditions. The new church will have a seating capacity of 1,000.

Future plans call for a new rectory but for now, the present rectory has been moved to 628 Greenwood. A high school is also included in projected planning.

A decrease in all communicable diseases but one has been evidenced in a comparative June-May health report issued by City Health Nurse Anyce Gillette. Whooping cough was the only disease to take an upward trend, with two cases in June and none in May, Mrs. Gillette said.

Other diseases listed show the following totals for June and May respectively: Chicken pox, 67.79; mumps, 28.35; scarlet fever, 2.7; and German measles, 7.11.

At this week's meeting the City Commission strongly endorsed the \$4,500,000 bond issue proposal to be voted on in Oakland County at the Aug. 3 election, for construction of a new county building in Pontiac.

Approval must also be given to a county millage increase of .50 cents per \$1,000 assessed valuation, for a period of 30 years.

City Manager Donald C. Egbert commented that the proposal is one part of an over-all program of providing better county government.

Robert Stad' Bloomfield Hills City Clerk, said yesterday that while he has no figures compiled yet, returns from tax bills mailed out July 1 are coming in rapidly.

Taxes are payable at his office until Sept. 1 without penalty, Stad' said. After that date, a 1 per cent per month will be added until March 1, and then turned into the Oakland County treasurer's office as delinquent.

Total tax spread for the year was \$101,579.52, Stad' said, with the city assessed at \$6,046,400.

George W. Horner
Funeral service for George W. Horner, 83, of Salem, Ohio, will be held in Cleveland Tuesday, with burial in Sunset Memorial Cemetery there.

His body will be taken from the Manley Bailey Funeral Home tomorrow.

A retired steel worker, Mr. Horner died yesterday at the home of his daughter, Mrs. June Anderson, of 16239 Marguerite, Southfield Township, where he had been visiting.

Besides his daughter, he is survived by his widow, Alice Daykin, and three other children, Mrs. Jane Wright, and William Horner, both of Salem, and Mrs. Marion Carlson, of Cleveland.

Mrs. Flora S. Nichols
Funeral service for Mrs. Flora S. Nichols, of 715 Chester St., will be held at 3 p.m. Monday at the Bell Chapel of the William R. Hamilton Co., with burial in Greenwood Cemetery.

A Birmingham resident for 60 years, she died this morning at St. Joseph Mercy Hospital, Pontiac. Mrs. Nichols was the widow of Walter Nichols, a machinist and blacksmith here for many years, who was responsible for much of the ornamental iron work at Cranbrook.

Survivors include a son, Harry E., of Bloomfield Hills, and one grandson.

Birmingham Wife Under Observation
A Birmingham housewife found beside her dead 3-year-old son in the carbon monoxide filled family garage Thursday has been taken temporarily to Pontiac State Hospital for observation.

On the petition of her husband, Clyde, Mrs. Betty Jane Howitt, 37, was committed by Probate Court as an emergency measure for 30 days. State Hospital Assistant Supervisor Dr. John Stevens said today.

This followed examination by two psychiatrists yesterday. She is in the medical ward of the state hospital, still suffering from the effects of the fumes she inhaled.

Mrs. Howitt and her son, James, were found behind their home, 1583 Cole St., by her husband's father, Milward T. Howitt, when she failed to pick up her husband from work. He is a toolmaker.

India Asks End to H-Bomb Tests

Requests World Court Opinion on Legal Status Under U. N. Pacts

UNITED NATIONS, N. Y. (AP)—India is demanding a halt in U.S. hydrogen bomb tests in the Marshall Islands until the World Court can rule on their legality under the U. N. trust agreements.

V. K. Krishna Menon, Indian delegate to the U. N. Trusteeship Council, made the demand in the Council last night. He charged the agreement for U.S. administration of the Pacific Islands did not give her the right to make them a nuclear weapons proving ground.

Siding with Russian and Syrian delegates in barbed attacks on the U.S. tests, Menon said the experiments threatened to destroy not only life in the islands but the islands themselves.

Mason Sears, the U.S. delegate replied no lives had been lost and no property destroyed. He reiterated the U.S. stand the tests were legal and added that they were part of the U.S. program for protection of the free world, including India.

Menon shot back: "India will take care of itself."

Earlier in the day, Sears declared the United States could not stop H-bomb tests until the Russians did likewise.

The Trusteeship Council is considering petitions by Marshall Islanders asking for a halt to the bomb tests or a better system of warning and protection.

The man who grew to become head of his own multi-million dollar steel firm, quit Michigan Normal College at Ypsilanti after a year to become a metal stamping press operator. But in 1921, when he was only 20, he founded his own steel brokerage firm in Detroit.

McLouth was born in Cleveland, Aug. 26, 1901. He moved with his parents to Ypsilanti, where he was graduated from public schools and attended Michigan Normal College a year.

In 1921, when he was 20, he went into business for himself, founding a steel brokerage firm in Detroit's Buhl building. In 1926 he established Consolidated Steel Corp., and in 1932 founded the McLouth Steel Corp.

McLouth was named to the State Conservation Commission in 1945 by former Gov. Harry Kelly, and had remained a member since.

McLouth was married in 1922 to Miss Marie Young of Port Huron. They have no children.

McLouth is survived by his widow, Marie; and two brothers, Newton of Birmingham and Bruce, of Minneapolis.

Services will be held 11 a.m. Tuesday at the William Hamilton Chapel, Detroit. Burial will follow at the Grand Lawn Cemetery, also in Detroit.

Prices Tumble on British Meat

Post-Rationing Buyers Strike Brings Zooming Costs Back Down

By ALVIN STEINKOFF
LONDON—British housewives did a lot of shrewd window shopping, and at the end of the first week of ration-free meat they had emerged victorious in an unorganized buyers' strike.

Women admired the beautiful steaks which dealers, freed on July 3 of government control for the first time in more than 14 years, displayed in their shops.

But, with prices generally double what they were in rationing days, women were buying little meat. Hundreds of tons piled up in the shops, and by the weekend prices had tumbled to levels in some cases lower than those prevailing in the years of government regulation. Some merchants who had counted on a rush for meat have lost money.

"I made a tasty window display of lovely meat with price tags attached," said a butcher in London's Paddington district. He was able to make a display of fresh meat because London July temperatures have been like the inside of a refrigerator.

"Well, I watched the first 14 women who took an interest," the butcher said. "Thirteen turned up their noses and walked away. One came in and bought a kidney. That's no way to run a butcher shop, and I guess the ladies have won."

As a result, cuts of beef were settling down to a general price level somewhat higher than in rationing days. Lamb chops remained about the same. Some stewing meats and mutton were cheaper.

Most dealers expected prices would stabilize at just a little above the range of rationing days.

Prices against which British housewives rebelled are not comparable with meat costs in other lands because in Britain a retail price does not reveal subsidies which may be as high as 50 per cent. But steaks they shunned at about 75 cents a pound. They were accustomed to paying about 47 cents.

Lamb chops remained steady at 42 cents. Stewing steak in the free market was 37 cents. It is down to 32 cents.

Ex-Investigator Shot to Death
9 Bullets Pumped Into Former Sigler Aide; Man, 34; Confesses

MARQUETTE (INS)—Jack Dalton, 49, the first investigator hired by the Sigler grand jury in 1945, died yesterday after nine bullets were pumped into his 300-pound body.

Police said Alfred C. Boucher, 34, confessed killing Dalton because of a 7 or 8 year grudge, which began when Boucher supposedly was served "doped whisky" in Dalton's saloon.

Boucher allegedly smashed the lock to Dalton's apartment with a shot from his .22 rifle, plunged through the door, and fired nine bullets into the head and body as Dalton frantically tried to phone for help.

Dalton was well known throughout Northern Michigan, particularly among Republicans. He became the grand jury's first investigator, but was fired by the late Kim Sigler, who was special prosecutor.

Sigler found out that Dalton drove Republican boss Frank D. McKay to Grand Rapids after McKay had been a grand jury witness.

The apartment in which Dalton was killed is located over Dalton's saloon between Marquette and Ishpeming in the Upper Peninsula.

Mayor Goes Into Field With Tankers
(Continued From Page One)
week they hardly get to know each other, but when they get together and sleep together at camp they become well acquainted and work together as a team.

After testing the tanks' machine guns, Donaldson climbed into the assistant driver's hatch for a ride in an M 4 tank. Later he joined the other visitors for a guided tour of the camp.

"I feel that this training is of great value to the men here and to the citizens of the country. It gives the men a chance to eliminate mistakes here, instead of having to do it in actual combat," the mayor stated.

"Because youths have to pledge eight years of their lives to the military, I would advise them to take advantage of the reserve training program."

The mayor expressed no fear that the Army would demand his services after witnessing his gunnery exhibition.

Dozing Driver Decides to Quit, Live to Be 100

LOS ANGELES (AP)—Clayton Johnson rode the old sedan over a 150 foot cliff and lived to become an optimist.

"I'll probably live to be 100," he quipped, "if I quit driving."

Johnson is 83. He pulled off a road high in Griffith Park yesterday to enjoy the scenery.

"Guess I dozed off," he told an ambulance crew who rescued him. "First thing I knew I was at the bottom of this canyon."

But the crew didn't reach him at the bottom of the canyon. Johnson climbed back up the mountainside and flagged a motorist, who telephoned for help.

"I didn't even get a scratch," Johnson mused.

Invasion Feared by Costa Rica

Rumors That Exiles Planning Attack Puts Capital on Guard

SAN JOSE, Costa Rica (AP)—Costa Rican authorities, tipped that vengeful exile leaders planned a Guatemala-type invasion, kept the capital under guard today and sealed off the main airport.

The capital was blacked out early yesterday as rumors spread that members of the old Calderonista party were plotting to topple the government of President Jose Figueres. San Jose Airport was closed to traffic, and guards were placed at strategic points about the capital.

Government officials said they had reports from reliable sources the invasion was to be launched from neighboring countries. But observers said the rumors might have been circulated as part of a war of nerves by elements hostile to Figueres.

(Informants in Panama said San Jose had been alerted to the possibility of a bombing attack, presumably from Nicaragua where troops were reported massed. The reports did not describe the nationality of the troops.)

(The Panama informants also indicated that Figueres' civil guard might turn against the government. Costa Rican Ambassador Jorge Lozaia labeled this report "entirely without foundation.")

The Calderonistas are followers of former President Rafael A. Calderon Guardia who is living in exile in Nicaragua.

The party was overthrown in 1948 by Figueres who led a revolt because the Calderonista Congress had annulled the election of Otilio Ulate after he had been declared president of the electoral tribunal.

The boy, James H. Hudson Jr., 14, of 309 N. Paddock St. is reported today in good condition with a possible skull fracture in Pontiac General Hospital.

Li. Joseph Koren, head of the traffic and accident bureau, said his department was informed by the Lansing Secretary of State's office yesterday that Ford is still under "financial responsibility" resulting from another injury accident in April.

Actress Charged in Youth's Death

LOS ANGELES (AP)—Lynne Baggett, 30-year-old movie actress and estranged wife of producer Samuel Spiegel, has been ordered to appear for preliminary hearing Thursday on manslaughter and hit-run driving charges in the death of a young boy.

She was arrested yesterday and released on \$5,000 bond.

Killed in an automobile collision Wednesday was Joel Watnick, 9. Police said they traced the other automobile involved in the accident to actor George Tobias, but he told them he had loaned the car to Miss Baggett the day of the crash.

Witnesses said they saw a woman get out of a car after the crash, look at the boy and then drive off.

Miss Baggett, from Wichita Falls, Tex., and Spiegel separated in 1952. Their divorce is pending.

Pushes Private Insurance Plan

Secretary of Welfare Hobby Urges Program in Broadcast

WASHINGTON (AP)—President Eisenhower lent his personal prestige last night to a broadcast report by Secretary of Welfare Hobby on administration plans to encourage broadened private health insurance programs.

The President introduced Mrs. Hobby to her radio audience. She spoke from the White House broadcast room.

"I urge enactment of a plan for federal reinsurance of private health insurance programs," Mrs. Hobby said.

"To provide more of you with better insurance, insurance organizations will have to try out new type policies in which they have little experience. This involves risks."

She said the federal government would share this risk by making an initial 25-million-dollar capital advance to a revolving reinsurance fund. The fund would be designed to support itself through premiums paid into it by private insurance firms.

Mrs. Hobby said the proposal is neither socialized medicine nor a handout to insurance companies. Committees in both Senate and House have approved the plan but no action has been taken on the floor of either house.

As examples of broader insurance coverage that the plan might foster, the welfare secretary cited "an increase in the number of days of hospitalization paid by your insurance, and an increase in the amount paid for room and board; an increase in the payments for special services such as X-rays and larger payments for accidents."

Man Held for Trial on 2 Driving Counts
Charles D. Ford, 24, of 84 Lincoln St., charged with leaving the scene of an injury accident and driving while his operators license was revoked, pleaded innocent to both counts Friday.

Pontiac Judge Cecil McCallum remanded Ford to Oakland County Jail when unable to furnish a \$300 bond, pending examination July 22.

Pontiac Police said Ford left the scene of the accident after he swerved his vehicle against a curb at Baldwin and Strathmore Aves., causing a youth riding in the rear of his pickup truck to fall onto the pavement.

The boy, James H. Hudson Jr., 14, of 309 N. Paddock St. is reported today in good condition with a possible skull fracture in Pontiac General Hospital.

Li. Joseph Koren, head of the traffic and accident bureau, said his department was informed by the Lansing Secretary of State's office yesterday that Ford is still under "financial responsibility" resulting from another injury accident in April.

Five Suffer Injuries in Truck-Car Crash

One person was admitted and four treated at St. Joseph Hospital last night after a truck-auto accident at South Blvd. and Saginaw St.

Reported in good condition with head injuries is Kimberley F. Whitener, 13 months, daughter of Mr. and Mrs. R. C. Whitener, 25 and 22, of 3405 Bendelow, Rochester, both treated for cuts and bruises. The Whiteners' son, Roger C., 3, also was treated for head injuries.

James E. Coudie, 33, of Lincoln Park, truck driver, was treated for wrist and hip injuries.

According to Pontiac Police, Whitener attempted a left turn in front of the tractor truck which was turning right from South Boulevard onto Saginaw Street.

Edward G. Robinson Jr. Pleads Guilty as Drunk
HOLLYWOOD (AP)—A plea of guilty has been entered by Edward G. Robinson Jr., son of the actor, to a drunk charge, and he is free without bail pending sentence July 27 in municipal court.

The arrest was young Robinson's third on that charge in recent months and came a week after he and his wife reconciled following a brief separation. Robinson's latest arrest followed an argument over a taxi bill.

Detroit Horse Is Winner in Governor's Cup Race
DETROIT (UP)—Scotch Valley, a 5-year-old owned by Bill Brown of Detroit, won the \$10,000 Governor's Cup Trot at Northville Downs Friday night.

Scotch Valley first ran a dead heat with Lord Stewart but won the 2nd heat by a neck. Time on the 1st heat was 2:03.2, just two-fifths of a second off the Governor's cup record set by Proximity in 1948.

The variable star Algor grows dimmer and brighter at fixed intervals.

Michigan Lists Empty Plants

180 Ready for Housing New Industries; 164 in Lower Peninsula

LANSING — Michigan has 180 plants vacant and ready to house new industries, the State Department of Economic Development reported today in a mid-year summary.

The department said the plants are located in 105 communities, 16 of them in the Upper Peninsula and 164 in the Lower Peninsula.

Since the first of the year, the department said, a net increase of seven plants has been added to the list of those available. During that time, it said, 44 plants have been removed from the inventory and 51 have been added.

Of the 44 plants removed, 12 now are occupied by industries new to their communities. They are in Chesaning, Charlevoix, Gladstone, Maple Rapids, Nashville, Milan, Port Austin, Romeo, Fenton, Ionia, Essexville and Bad Axe.

Most of the remaining 32 buildings went back into use in expansion of local industry or commercial firms although a few were obsolete buildings that have been torn down, the department said.

The mid-year summary giving descriptions of the plants available for 4,000 manufacturers and industrial realtors in the eastern half of the United States.

Theft a Mystery
HORNELL, N.Y. — The building, which housed a laundry before it was closed, shows no signs of forced entry and all the padlocks are in place.

But, police report, a mangle weighing 2,400 pounds is missing.

Congress made certain the stripes in the flag of the United States would not exceed 13 in July of 1818.

Red Skelton Has Big Plans for His New Revue on TV

NEW YORK — Clown, comic crooner, dancer and serious dramatic actor will be among the many roles that versatile Red Skelton will enact when the all-new, hour-long Red Skelton Revue debuts on July 21.

Top name guest stars and a quartet of pretty girls will assist Skelton, along with a popular niter or stage act each week.

Skelton will showcase his new revue in the Wednesday night time slot while Arthur Godfrey and His Friends returns to the air Sept. 15. The Red Skelton Revue will switch to Tuesdays, starting Sept. 21.

One executive states "Red's television performances to date have stressed his comic genius. With a full-hour of programming, we will be in a position to showcase more fully Red's many great talents as an entertainer."

In his new revue, Skelton will sing specialty numbers, croon ballads, duet with top recording

Warrant Dismissed Upon \$155 Payment

A 4-year-old embezzlement warrant against Erwin R. Thorpe, 36, of 24 Liberty St., was dismissed Friday after restitution of \$155 was made to the American Carloading Corp. here, according to Pontiac Police.

Capt. Clark M. Wheaton, chief of detectives, said Thorpe was turned over to Port Huron Police yesterday on a fraud charge. Authorities there, according to a warrant, accuse Thorpe with obtaining a \$230 outdoor motor from a store under false pretense in March.

Wheaton said Thorpe returned the money yesterday to the carloading firm where he was employed in 1950. He was arrested Thursday night after a 2-mile auto chase by Pontiac Police.

artists, tap dance and join his chore line in elaborate dance production numbers.

Red also will play sketches with his stellar Hollywood guests. Many of the brightest personalities of Hollywood and Broadway will appear with Skelton during this series.

Clem Kadiddlehopper, Freddie the Freeloader, Willie Lump Lump, Texas Deadeye, San Fernando Red, the Mean Little Kid and other famous Skelton comedy characterizations will be incorporated into the scripts in new sketches.

Father and Son Reunion Lands Both in Hospital

SALEM, N. H. — Abnan Assad and his Lebanese son met for the first time yesterday — the meeting adjourned to Bon Secours hospital in nearby Methuen, Mass.

Assad, 78, of Lawrence, Mass., and his son, Assad Assad, 42, newly arrived from Lebanon, were crossing Route 28 when they were struck down by an automobile. Their injuries were not serious.

The elder Assad came to the United States before the birth of his son.

Mayor's Mother Fills In for City Fire Department

CHARLOTTE, N.C. — Civic duty must be of paramount importance in Mayor Phil Van Every's family.

When construction workers burning scrap found the flames leaping out of control, they saw a little old lady corpe running across the street dragging 300 feet of garden hose.

Aided by grandchildren, the mayor's mother, Mrs. S. A. Van Every, put out the fire before fire trucks arrived.

Payrolls of hospitals in the U.S. during 1953 amounted to \$2.97 million.
