

RELATIVES WAIT—Going into the fourth night of waiting and hoping, relatives of 32 coal miners gathered yesterday at the Robena No. 3 mine at Carmichaels, Pa. Thirty-seven

men were trapped in an explosion last Thursday afternoon. The bodies of 15 of the victims have been recovered thus far.

AP Photo/Asx

Recover 8 More Bodies Today in Blast-Rocked Coal Mine

CARMICHAELS, Pa. (AP)—Rescue teams probing an explosion-rocked coal mine tunnel, where 37 miners were trapped, located today an increasingly higher number of bodies.

Dr. David Tingle district medical director for U. S. Steel, and Frank J. Beehn, Greene County coroner, said "death was instantaneous" in referring to the first seven bodies recovered.

"There was no evidence of any suffering," said Dr. Tingle. He said the force of the blast caused the deaths.

The ninth body of the day was sighted shortly after 11 a. m., bringing to 16 the number of miners accounted for and leaving 21 still missing.

The bodies were in an area 810 feet in advance of a fresh-air base located 1754 feet from where a tremendous blast occurred Thursday afternoon at the U. S. Steel Corp. Robena No. 3 mine at a depth of 650 feet.

A U. S. Steel spokesman said the mine's ventilation system in the area where the latest bodies were sighted is "completely disrupted."

Repairs to the ventilating system will take considerable time, and it will be a while before it is possible to recover the bodies, he said.

7 FOUND ON WEEKEND

Rescue workers recovered six bodies Sunday and one on Saturday from the soft coal mine located some 50 miles southwest of Pittsburgh.

The latest discovery bore out a prediction by Lewis Evans, state secretary of mines, that there is a good possibility rescuers may reach more men within the next 1,000 feet.

Evans said he believed most of the entombed miners were about 1,000 feet from the mine face—the farthest point of digging at the time of the explosion.

Replace Juror in Hoffa Trial

Nehru Fears Chinese Trick; Warns Troops

Tells Soldiers to Watch for New Flare-Up After Rejecting Red Terms

NEW DELHI, India (AP)—Prime Minister Nehru said today Red China's cease fire and withdrawal maneuver may be only a trick and warned his front-line troops that fighting might flare up again in the Himalayas.

The Indian leader delivered his warning in a radio address after rejecting Peking's terms for settlement of the border conflict.

Nehru offered to refer the frontier dispute to the International Court of Justice if China withdraws from Indian territory. He made the offer in an appearance in Parliament. Later he made his

Related Story, Page C-2

radio address to Indian soldiers, telling them to be prepared for a long struggle.

Nehru told Parliament India continues to demand that the Chinese withdraw to the positions field Sept. 8. China has called this "utterly unacceptable."

Nehru warned "this war may even last five years or more but I feel confident we shall win."

He called on the Indian people for "determination to refuse to bow down to the imperialist tactics of China whatever happens."

Nehru also had words for the six nonaligned nations meeting in Ceylon in a search of a solution to the India-China conflict.

"The aggression must be undone and the status quo restored," Nehru said. "At present there is no meeting ground between us."

NASHVILLE, Tenn. (AP)—An alternate juror replaced a regular member of the panel trying Teamsters President James R. Hoffa today in the first session of the trial since last week's supersede hearing.

Walter Harper, an alternate of Bethpage, Tenn., took the seat which Mrs. James Paschal, housewife from Woodbury, Tenn., had occupied since Hoffa's million-dollar conspiracy trial started in federal court Oct. 22.

The substitution was not announced by Judge William E. Miller.

It followed weekend reports that government attorneys had notified the judge of an alleged attempt to approach a member of the panel.

The Detroit Free Press said Sunday that government attorneys

asked Miller at Thursday's three-hour session to investigate the report. The newspaper identified Mrs. Paschal as the juror approached.

Thursday's mysterious session came a day after an air pistol attack on Hoffa by a former mental patient.

Hoffa is charged with conspiring to violate the Taft-Hartley Act by using union influence to establish a profitable truck-leasing venture. This firm, operated under various names at various times, was chartered here in 1949.

MISTRIAL MOTION

The Teamsters leader was not injured by pellets fired at him, but he made a motion for a mistrial Friday on the ground that the incident had left him unnerved and apprehensive for his safety.

Before recalling the jury to

day Miller announced that he would rule on this motion later in the trial.

Before testimony was resumed, James E. Haggerty, a defense attorney, filed two motions with Miller. Haggerty asked that these motions not be discussed in public and the judge said he would rule on them later. Contents of the motions, one written in long hand and the other typewritten, were not revealed.

Miller questioned witnesses, including at first four FBI agents and two officials of the Nashville Teamsters Local 327, during the secret hearing. The Detroit newspaper said it added no information was available as to who made the alleged approach or how or why it was made.

In his motion for a mistrial, filed Friday, Hoffa said he was

"apprehensive of his own safety" regarding continuation of the trial. The shooting incident, he said in an affidavit, didn't harm him physically but caused him "shock, stress and strain."

Defense lawyers and witnesses experienced similar reactions, accompanying affidavits said.

Hoffa said his wife, who had planned to appear as a defense witness, would not be "brought into this."

The jury was out of the room at the time of the shooting. Additional U. S. marshals were brought in and all spectators are now searched before entering the courtroom.

The assailant, Warren Swanson of Washington, D.C., was knocked down by Hoffa and quickly subdued by officers. He was committed to a federal mental hospital.

JFK Notes U.S. Problem

Asks Action on Air Pollution

WASHINGTON (AP)—As other federal officials noted the tragedy of last week's smog in London, President Kennedy today called for national action against air pollution.

He said such pollution "continues to jeopardize the economic vitality of our nation and the health of millions of our citizens."

Surgeon General Luther L. Terry of the Public Health Service declared that in addition to being a hazard to health, air pollution may be costing the United States more than \$7 billion a year in economic losses.

His remarks were made in statements prepared for the opening of a national conference on air pollution. The meeting, by ironic coincidence, opened a week after the murderous smog settled on London. It is blamed for 136 deaths to date.

"The tragic news from London," said Secretary of Welfare Anthony J. Celebrezze, "adds a special note of urgency to our meeting."

POINTS OUT PROBLEM

Terry, in a statement issued over the weekend, declared: "The unfortunate smog episode that has just occurred in London is a tragic reminder of the hazard of air pollution. The very real problems that have made headlines in the past several days are the same subjects that form the basis for discussions at the conference."

The conference is being sponsored by the Public Health Service, with an expected attendance of 1,000 physicians, engineers, scientists, legislators, and representatives of business, labor and civic organizations.

It has these objectives:

1. To assess the status of current air pollution knowledge.
2. To explore ways of obtaining broader application of current methods of air pollution control.
3. To stimulate cooperative ac-

tion by the public, industry and all levels of government.

"The Public Health Service says the nation's air is polluted by gases, vapors, dusts and fumes with the pollutants coming from many sources, including factories, automobiles, municipal dumps, incinerators, tobacco smoke, and even from burning leaves."

Kennedy, in a special written message to the opening session, did not mention the London episode, but asserted: "It is imperative that this nation act to prevent now, and for the years ahead, the purity of its air."

"The pollution of this priceless resource," he said, "we can neither condone nor tolerate. We can and must, instead, resolve to use every appropriate means in a concerted effort to clear the air of its burden."

"The President said he hoped the national conference 'will provide the wise counsel and informed guidance that will hasten the need of action on this problem.'"

"I urge every American to lend his full support to this endeavor," he said.

Terry declared that evidence has now accumulated which makes it unmistakably clear that air pollution is associated with important respiratory diseases, such as lung cancer, emphysema—an enlargement of the air spaces of the lungs, making breathing difficult—chronic bronchitis, and asthma.

Winds today are westerly at 15 to 20 miles per hour. A cold 17 to the lowest temperature reading prior to 8 a. m. in downtown Pontiac. By 2 p. m. the mercury had moved up to 22.

Moscow's New Budget Up 3.6 Pct. for Military

MOSCOW (AP)—The Soviet government today unveiled a record budget of 87.6 billion rubles for 1963, including a 3.6 per cent increase in acknowledged military spending.

The new military budget will be 13.9 billion rubles as compared with 13.4 billion this year. Officially, one ruble is valued at \$1.11.

Finance minister Vasily Garbusov presented the new budget at the opening session of the Supreme Soviet, the Soviet parliament.

The budget provides for income of 87.6 billion rubles and expenditures of 86.1 billion. During the current year, income was 84.7 billion and expenditures were 82.7 billion.

Garbusov said the new defense budget will ensure "the maintenance of the Soviet armed forces at a proper level."

He asserted the Soviet union will strive for world peace, but "until the problem of general disarmament is solved in a practical manner, the Soviet Union is compelled to set aside part of the national income for strength in its defense potential."

Oh, Brother! Ted Ex(clay)ms

BOSTON (AP)—Heavyweight challenger Cassius Clay has asked Senator-elect Edward (Ted) Kennedy for some help with a tax problem.

Kennedy received a Citizens Award from the American League President Joe Cronin. Clay was honored also at the ninth annual Boston B'nai B'rith Sports Lodge Dinner last night.

"I've been doing okay in the ring," Clay told Kennedy. "But I've been stopped by that guy Uncle Sam who is taking 85 per cent of my earnings." Clay asked if he could get some help in Washington.

"I'll not only ask my brother, the President, but I've got another brother down there," Kennedy replied. "He's in the Justice Department and you may need him."

French Chiefs Together

PARIS (AP)—President Charles de Gaulle conferred today with Premier Georges Pompidou in preparation for a message from the president which will be read to the national assembly tomorrow.

JFK Aided Magazine on Adlai?

NEW YORK (AP)—Life magazine reports that President Kennedy personally threw open government files to two newsmen who wrote an account of U. S. Ambassador Adlai E. Stevenson's role in the Cuban crisis. The White House said the Life article was "completely without foundation."

Life said Sunday that the President's intention was for the two Saturday Evening Post writers to prepare a semi-official chronology of the event of the October crisis but that their resulting story tended to make out Stevenson as an appeaser.

Stevenson and the White House have denied the role attributed to him in the Post by writers Charles Bartlett and Stewart Alsop. And after three days of controversy, Kennedy expressed "fullest confidence" in the United Nations ambassador.

Nevertheless, Life said, Bartlett and Alsop "planted the seeds of trouble, which could yet bring about Stevenson's withdrawal from the government."

After the Post article appeared last week, there was published speculation that Kennedy was, as the New York Daily News put it, "greasing the skids" for Stevenson's ouster several months hence.

DISPUTES POINT BY POINT

Life disputed, point by point, the Post account of Stevenson's Cuban crisis role. It said Stevenson, rather than advocating a soft hand, as the Post had indicated, "insisted that a very strong U. S. position be taken at once."

The Life article, by its Washington Post correspondent, (Continued on Page 2, Col. 8)

For Exchange at Parties

Low-Price Gifts ABOUND

(Editor's Note — This is another in the series of stories designed to help Christmas shoppers with their selections.)

By REBA HEINTZELMAN

When small clubs and senior citizens prepare to exchange gifts at annual Christmas parties, the question is:

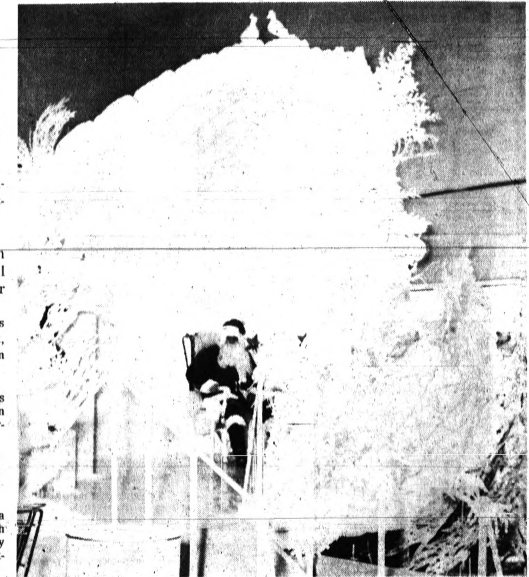

What can you possibly get for only \$1? Well, downtown Pontiac stores are overflowing with unusual, pretty and useful gifts — all priced at \$1 or less.

Delay Opening of I-75 Stretch

Opening of the 12½-mile section of I-75 freeway from Pontiac's northeast corner to Dixie Highway west of Clarkston, originally scheduled for tomorrow, will be Wednesday.

County Road Commission Chairman Sol D. Lomerson, Pontiac City Manager Robert A. Slierer and representatives of the State Highway Department's district office in Pontiac are expected to be on hand for a brief 10 a. m. opening ceremony.

The new link will join with a 22.4-mile stretch opened Oct. 25 from Dixie Highway to U. S. 23 southwest of Flint. It will give motorists uninterrupted freeway travel from Lapeer Road near Walton Boulevard to the Upper Peninsula.

SANTA WAITS — The only time jolly old St. Nick is alone in the center of the Pontiac Mall, is before the big shopping center is open. After that there is a steady stream of starry-eyed youngsters walking up the ramp to his sparkling white igloo.

Pontiac Press Photo

City Schools Seeking Bond

(Continued From Page One)

use will finance a 600-student junior high school, a 18-room elementary school, a new administration building, a new service building and an addition to Irving Elementary School.

Since the district's 10-year building program started in 1954, \$15-million in schools have already been built.

These schools are all paid for, except for \$2,224,000 in outstanding bonds.

When the new bonds are added, the total debt will be \$3,724,000 next year.

The completed section of the program included eight elementary schools, one junior high school and a senior high school.

These schools are Bethune, Alcott, Irving, Herrington, Twain, Rogers, Franklin and Bailey elementary schools; Madison Junior High School and Northern Senior High School.

The program has also included additions to Washington and to Jefferson junior high schools, and to 10 elementary schools: Central, Crofoot, Emerson, Hawthorne, LaBaron, Malkin, McCarroll, Owen, Whitfield and Willis.

The new bond issue is tentatively scheduled to be issued in three series. One is to be long-term—\$2.2 million spread over 10 years. The other is to be short-term—\$300,000 spread over six years.

The schedule for paying off the bonds was prepared under the counsel of former, long-time board member Louis H. Schimmel. Schimmel is a municipal engineering expert and executive secretary of the Municipal Advisory Council, Inc.

Barring new borrowing, all of the district's debt would be paid off in 1964.

"As nearly as we can tell, our enrollment increases are going to level off," said Whitmer. "So we don't anticipate any great amount of building beyond the new bond issue for at least five years and maybe more."

"We're coming to the end of the 10-year construction program and this latest bond issue is the last step."

Use of Contraception

OK'd by Church Council

STAMFORD, Conn. (UPI)—The general assembly of the Connecticut Council of Churches has given on record approving the use of contraception, banned by state law.

The council, representing 10 Protestant denominations and 26 local councils, urged at its convention revision of the Connecticut law which prohibits the sale of contraceptives and their contraceptive devices and their use.

CLARKSTON WINNER — Janet Tischer, Clarkston High School senior, was selected Junior Miss of Clarkston Saturday. Editor of the school's yearbook, Janet, 17, is the daughter of Mr. and Mrs. John Tischer, 8511 Lakeview Drive, Independence Township.

Talks Resume in N.Y. Daily Press Strike

NEW YORK (AP)—Negotiations resumed today in a strike that has shut down daily newspapers in this city of eight million for two straight days. Chances of a quick settlement seemed slim.

Both sides in the dispute—representatives of all nine metropolitan dailies and the striking printers' union—were called into session at the behest of the Federal Mediation and Conciliation Service.

Stephen I. Schlossberg, special assistant to the director of the service, said the publishers and unions were "pretty far apart."

He said "we're always hopeful," but indicated he saw no signs of speedy agreement.

"We'll do whatever we can," he added. "We'll just have to see what develops."

With the presses of all nine dailies idle, a small community weekly, Town and Village, which serves a residential section of Manhattan's middle East Side, switched to daily publication for the strike's duration.

LONDON (UPI)—Elizabeth Taylor and her British husband, Richard Burton, visited a country pub at Bray yesterday to sip English ale.

Hit Resistance in Borneo

British Attack Rebels

BRUNEI TOWN, Brunei (AP)—British troops launched a determined attack today on rebel forces in Brunei's rich Seria oil fields.

A force of 700 Gurkhas and British troops was met by stiff rebel resistance. But reports reaching Brunei Town said the main rebel force was surrounded.

There were no immediate reports of casualties from Seria. There were skirmishes today in Brunei Town, the capital, and one British soldier was wounded.

Gurkhas and the Queen's Own Highlanders fanned out through the oil-rich littoral sultanate on the northern coast of Borneo as the British pressed to put down the three-day-old nationalist uprising.

More than 500 rebels were reported to have surrendered, and many others reportedly fled into the jungles.

The government banned the territory's only sizeable political group, the Rakyat (People's) Party, and charged it was linked with the revolt. The party, often accused of leftist leanings, holds 16 of the seats on the legislative council elected last August.

The situation was obscure at another oilfield at Kuala Belait, but the police post there was said to be in government hands.

Unconfirmed reports said Shell Oil Co. European employees at Seria were used as "human shields" by the rebels and that two were killed and eight gravely wounded.

The self-proclaimed rebel leader, A. M. Azahari, vowed in the Philippine capital of Manila that "We shall not lay down our arms until the last British colonizer is driven out."

But he sent an appeal to British Kennedy and other world leaders to mediate with the rebels for a peaceful settlement of his demand for independence for Brunei and the neighboring

British crown colonies of Sarawak and North Borneo.

The Philippines has itself laid claim to North Borneo but officials are maintaining an aloof attitude toward the present revolt.

Reports of casualties in the fighting Saturday and Sunday ranged from light to heavy. At least one Gurkha soldier is known to have died. Fifteen rebels are known to have been killed.

More than 1,000 British troops have been flown from Singapore to Brunei since Saturday, and more were scheduled to depart today. Malaysia is sending 100 jungle police.

A high British official said the rebel force in Brunei was believed to number in the thousands and to be more than 350 strong in Sarawak.

A union spokesman said 869 votes were cast out of a possible 4,000.

Unaffected by the upset were local president, Leann Harrelson and Floyd B. Harmon, secretary-treasurer. They were unopposed.

FACE CRIMINAL CHARGES

Harrelson, who has held the top post here since 1953, polled 704 votes, while Harmon received 632. Both are facing criminal charges in Federal District Court in Detroit.

Following a grand jury investigation in September, Harrelson was indicted on a charge of misuse of union funds, to which he pleaded innocent.

Harmon faces 24 charges of embezzlement and false bookkeeping. He was opposed earlier in the election race by union member Horace Todd, but Todd withdrew.

Two members nominated to run against Harrelson last spring also withdrew.

The third upset occurred in the race for three trustees.

Robert Kibbe, a driver for West Side Van & Storage Co., defeated incumbent Frank Orsini, 375 to 215.

Re-elected to trustee posts were James Pascal, with 321 votes, and Gerald Simmons, 50 votes.

All of the office terms are for three years.

INDEPENDENT SLATE

Osborne said the upsets were brought about by an independent slate, which he headed.

He said they planned to work with Harrelson and Harmon and other re-elected incumbents toward a "better union."

"We've had a good union but would like to make it a better one," said Osborne.

Among the goals of his slate, he said, are "better pensions, better insurance and better hospitalization for pensioners."

A fourth member of the independent slate, Robert Lyons, a driver at Boice Builders Supply, failed in his bid for one of the trustee posts.

He garnered 236 votes, losing 14 votes.

Union Ousts 3 Incumbents

Local Teamsters Pick From Independents

An upset vote toppled three incumbents from office at Teamsters Local 614 in Pontiac over the weekend.

Among those defeated for a second term were Alvy Bush, former vice president, and Ellsworth Bain, retiring recording secretary.

Clarence Osborne, a union steward at Contract Cartage Co., defeated Bush 312 to 243. Bush ran third, trailing John Parris by 21 votes.

Elected recording secretary was John Walker, an alternate steward at Fleet Carrier Corp. He dumped Bain from office by a scant 34 votes, with a total of 340. Pat McGowan ran third with 167 votes.

A union spokesman said 869 votes were cast out of a possible 4,000.

Unaffected by the upset were local president, Leann Harrelson and Floyd B. Harmon, secretary-treasurer. They were unopposed.

Birmingham Area News

State Office Branch Goes Back to Old Site

BIRMINGHAM—The Birmingham branch of the secretary of state office has been moved to 292 Park St., it was announced today by local branch manager Roy J. Russell.

The branch recently located at 630 S. Woodward Ave., had occupied the Park Street site once before.

Russell said the decision to return it to Park Street was due to its larger service area and easier access to municipal parking facilities.

Office hours are 9 a.m. to 5 p.m. Monday through Friday and 9 a.m. to 1 p.m. Saturdays.

Russell urged motorists to purchase their 1963 automobile license plate tabs now to avoid lineup later. February 28 is the deadline for obtaining the 1963 tabs.

A photographic exhibition, depicting a new approach in the teaching of high school physics, is now on view at the Cranbrook Institute of Science in Bloomfield Hills.

Entitled "The Image of Physics," the exhibit includes 32 photographs taken by Berence Abbott in connection with a project of the Physical Science Study Committee of the Educational Services Inc., Watertown, Mass.

The pictures, taken over a three-year period, were used to illustrate a new textbook called "Physics." They present a visual presentation of the basic laws of physics as they would be demonstrated in a laboratory.

The institute is open daily from 2 to 5 p.m.

Members of the Congregational Church of Birmingham will hear plans for their new church and learn the proposed 1963 budget at a special meeting tonight.

The building program executive committee will make a progress report at the budget meeting scheduled for 8 p.m. today at the church, 388 N. Woodward Ave.

Did JFK Aid Adlai Article?

(Continued From Page One)

ington bureau chief John L. Steele, named no source for its report.

"Bartlett joined talents with Stewart Alsop, the Saturday Evening Post's Washington editor."

"Thereafter, on White House orders, the doors of the State Department and the Central Intelligence Agency were thrown open to the two reporters. Neither writer talked with Stevenson."

Stevenson later described the Post article as a "classic example of irresponsible journalism" and said it was "fallacious from beginning to end, in every detail."

The decision to impose the Cuban blockade was made at an executive committee meeting of the National Security Council, attended by Stevenson and Kennedy.

There was no immediate explanation of how the two Post writers could have erred in reporting Stevenson's position, as Life maintained, if they had access to the secret government files that Life said they had.

Called UNTRUE

Pierre Salinger, White House press secretary, commented on the Life article at Palm Springs, Calif., where the President was relaxing.

"That story is absolutely and completely without foundation," Salinger said.

Bartlett, in Washington, said he would not comment on the Life article.

Mr. Shnoo's Zoo

By LUCRECE BEALE
Copyright, 1962

CHAPTER SEVEN
Dr. Kernoodle was a funny little elf with snowy white hair and a long, pointed nose that reached to the bottom of his chin.
He had a hospital on the edge of Santa Land. Over the door was a sign that said, "Animals are welcome. Humans are not."
"Mr. Shnoo is not an ordinary human," said Santa as he introduced Mr. Shnoo to the doctor.
"He is a zoo keeper. He keeps so fine a zoo that it is expected the Queen will honor him before Christmas and this will benefit all the animals in the zoo."
"Ah," said Dr. Kernoodle, scratching his long, pointed nose. "And what brings you here?"
"Honeybun," said Mr. Shnoo. He pulled the little brown bear through the door. "She has had all her teeth blown out and will starve because she can never eat again." SHAKES HIS HEAD
"Tch, tch," said Dr. Kernoodle. He leaned down and opened Honeybun's jaws and poked his long, pointed nose into her mouth. "Tch, tch," he said again. He pulled out his nose and stood up shaking his head.
Mr. Shnoo's heart dropped and he turned quite pale. "You can't help her?" he asked sadly.

"Don't know," said the doctor. "Go away. Come back later today." He led Honeybun into his office and slammed the door.
"Don't worry," said Santa, taking Mr. Shnoo away. "Dr. Kernoodle is a wizard. Once he built a whole new trunk for an elephant who had lost his in a swinging door. Another time he cured a snake that had swallowed an alligator, head first. Cured the alligator, too."
Mr. Shnoo was greatly cheered. He went with Santa to Santa's house.
Mrs. Claus gave them both a pot of hot chocolate and a super-duper, double meringue, graham-cracker-crusted chocolate cream pie, the likes of which, Mr. Shnoo declared, had never been made in the Queen's own kitchen.
After this snack Santa took Mr. Shnoo to see the workshops. All the little elves were back at work making Christmas toys.
LIKE A ZOO
Mr. Shnoo sat awhile and helped make buttons for panda bear eyes. Then he helped the elves make crocodile tears and kangaroo pockets and bunny tails.
"It's like a zoo!" exclaimed

"What brings you here?" said Dr. Kernoodle.

Scranton Says JFK Today Is Unbeatable

WASHINGTON (UPI) — Pennsylvania Gov.-elect William W. Scranton, has termed President Kennedy an unbeatable candidate if he were up for re-election now.
Asked in a television interview (Meet the Press-NBC) yesterday if he felt Kennedy could be beaten, Scranton said: "I don't know about 1964 but as for today, I would say no."
Scranton downgraded his chances of receiving the GOP presidential nomination in 1964. However, he said he would not refuse a draft.
He said he had "no intention of becoming a favorite son candidate" of the Pennsylvania delegation to the Republican national convention.
"I would like it to be a free, wide-and-open convention," Scranton said.
Scranton was not asked directly who he favored among the other possible Republican presidential candidates, but said in answer to a question that if New York Gov. Nelson Rockefeller is the nominee, he will back him enthusiastically.

Shark Kills Diver in Midst of Contest

ADELAIDE, Australia (UPI) — A 16-year-old Australian skin diver was killed by a shark yesterday while competing in a diving contest with 16 other skin divers.
Geoffrey Corner was about 200 yards offshore when the diving group when the shark attacked.
A fellow diver towed Corner to shore on a small surfboard, beating off the shark with a paddle. But the youth was dead when they reached shore.
A Commuter's Christmas at Pennsylvania Station
NEW YORK (UPI) — Commuters in Pennsylvania Station get their Christmas cheer, complete with organ music, starting today.
The first of 36 choral groups, representing churches, schools and city business and financial institutions, initiates a musical program that will continue until Christmas Eve.

Russ Gets Nobel Prize in Hospital

MOSCOW (AP) — The Nobel Prize for physics was presented to Soviet scientist Lev Landau in a Moscow hospital where he virtually died after a serious automobile accident.
Landau walked to a chair from his bed but remained seated during the presentation by Swedish Ambassador Rolf Sohlman in the presence of members of the Soviet Academy of Science.
Other Nobel Prize awards were to be presented in Stockholm at ceremonies held today.
Landau was so badly injured in the accident last January that for a long time he was in a coma and even now has regained only a portion of his memory. He was described as "clinically dead" four times in a brief period after the accident.
"Unfortunately, I am so ill I cannot stand up to express my thanks," said Landau as he received the prize for his theoretical work on liquid helium at low temperatures.
A report of the presentation was given by the ambassador to correspondents who were not permitted inside.
The ambassador said that the 49-year-old Jewish scientist appeared to be feeling better than he did when Sohlman first brought him the news several weeks ago that he had won the physics prize.
"When I saw him then," said Sohlman, "he was in bed. Today he walked with help and sat in a chair."
Sohlman presented Landau a medal, a diploma and check for just under \$50,000.
The number of Negroes now living in the U.S. exceeds 19 million.

It Seems to Me . . .

Far Too Many Congressmen Taking 'Advantage' of Trips

This is "grab bag" time for Congress. Many members really shake the glittering Christmas tree. More than a hundred have departed on expense-paid junkets that cover the globe "in the public interest."

The New York World-Telegram says that "expenses" include "night clubs, alpine resorts, and even mementoes for the folks back home." You know who pays the bill. YOU do.

This newspaper encourages all legitimate trips to all legitimate parts of the globe by the proper parties. But that doesn't cover a week in Paris on the way over and another in London en route home, with nothing but a big party on the docket.

The most incredible part of these global picnics comes from the "fame ducks." These are Congressmen who were defeated or who didn't run.

Hence they're through. But a dozen have high tailed it across the several oceans for a final whirl at you know whose expense—YOURS. And it's all clothed in the sanctity of "government necessity." There's no effective check on these Treasury raids.

And yet it's this same Congress that promises to drop like a ton of bricks on ye individual taxpayer who presents an expense account that isn't checked, double checked, covered with affidavits and written guarantees. This newspaper believes firmly in studying foreign conditions first hand. It believes in talking with natives of other countries about their own problems.

But sanity should rule.

Beg Your Pardon . . .

As the venerable sage MARCUS TULLIUS CICERO was prone to remark: "O tempora, O mores." The Press has been soundly rebuked by one of the Nation's most honorable and praiseworthy newspapers, The Wichita Eagle.

To wit: The Press of Pontiac, Mich., has sent us a fearsheet calling attention to a feature entitled, "Reviewing Other Editorial Pages."

We were pleased to see The Eagle among the 109 publications; but somewhat chagrined to see how our newspaper was listed. It was "Wichita (Kan.) Eagle," putting it in the same category with Plainville (N. Y.) Courier-News, Monroe (La.) Morning World, Powell River (British Columbia) News, and some others. The only excuse for inserting "Wichita" was either because there was more than one city by the name or readers seemed unlikely to know where it was. The Pontiac (Mich.) Press is hereby advised that there is only one Wichita and more folks are learning all the time where and what a fine community it is.

We hang our corporate head in shame. We stand bowed and bloody. We did commit this lamentable error and it constitutes a flagrant breach of journalistic etiquette. I apologize.

Everyone knows where Wichita is. Everyone—but everyone—knows Wichita is blessed with 254,698 sterling citizens; that it's in Sedgwick County near the 38th parallel and 97th longitude; that it's 194.5 miles SW of Kansas City; and that the Atchison, Topeka and Santa Fe and kindred railroads proudly steam into

Wichita; that it's surrounded by oil wells and wheat fields; and that it possesses railroad shops, meat packing plants, and has nine banks with recent deposits of \$384,438,351; and that it has 102,406 electric meters and over 158,000 telephones.

We stand uncovered. I'll sink into a civic corner and don a dunce cap and beg forgiveness from all Wichita—and especially The Eagle.

Crowded Conditions . . .

Russia's big news agency—Tass—declared that it will be seven years before every Soviet family can have its own apartment. Allowing for Russia's customary deceit, plain lying and "loyal pervaporation," that may mean 14 years. They had so many "Five Year Plans" they discontinued the silly forecasts.

When I was in Moscow two years ago, a ten-room house was split as follows:
1 common dining room
1 common bath
8 rooms with two occupants each

In other words, if there were six in your family, you were allowed three rooms for living and sleeping. And yet, some muddled Americans want to substitute the Communist system for ours.

How in the world can anyone want to switch everything in America for everything in Russia? Over there, people are still serfs and peasants compared to our own standards and our own living.

And in Conclusion . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

President KENNEDY's announcement that his family would spend Christmas in Florida is a shot in the arm for the tourist trade. People are skeptical over the proximity to Cuba, but reservations whipped upward after JFK's statements. . . .

BOBBY BELLE, Minnesota's All-American tackle, is 30-inch four, weighs 217 and has a six-foot waist. What does YOURS measure? . . . December's first weekend set an Oakland County record for number of rounds of golf. There were starting times at several courses. . . .

Overhead: "I'd break off with him tomorrow—if today were Christmas."

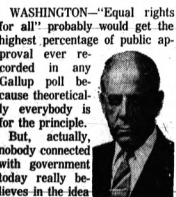

I can't prove it, but I'll bet a sugar cookie the New York World-Telegram is wrong when it says Ed Sullivan is newspaperdom's best golfer. Big Bernie Riddler, St. Paul publisher, can start Ed one up each nine. . . . James Meredith is having a rough time at Ole Miss from another direction: his studies. In spite of a tutor (and some say two), he's tottering. . . . In Leningrad in 1917 there were nearly 500 churches. Today there are 14. Communism has handled the rest.

Overhead: "The meanest man in town is that louse that told his kids Santa Claus had been called up by the Reserves." . . . NIKITA KHRUSHCHEV doesn't smoke, and when you have an audience with him, you don't either, whether you're alone or with two dozen, and neither do any of the rest. . . . The warship authority, "Jane's Fighting Ships," says unless Britain builds immediately and furiously, the ancient but once-vaunted "Mistress of the Seas"

David Lawrence Says:

Forget About Equitable Taxation

LAWRENCE

WASHINGTON—"Equal rights for all" probably would get the highest percentage of public approval ever recorded in any Gallup poll because theoretically everybody is for the principle. But, actually, nobody connected with government today really believes in the idea when dealing with the tax life of the nation.

If, for instance, you are efficient, resourceful and enterprising, you pay considerably more taxes than if you are incompetent, inefficient and lazy.

If you give away your money when you are still living, you can avoid heavy taxes that otherwise your estate would have to pay when you die.

If you entertain someone at lunch who may buy goods or services from you, a deduction from taxes is authorized, but if you take a man out to lunch who might be able to help you locate a job, or even give you one, this isn't a business expense at all in the eyes of present-day law.

If you travel for your company on business, the company is entitled to tax deductions for your expenses, but if you travel every day, but before 1917 it wasn't logical on the subject and many legislators have conscientiously struggled with the dilemma for decades.

Nobody is justified in cheating the government by violating the tax laws, but there's a difference between evasion and avoidance. You can legally avoid taxes but you can't legally evade them.

UNFAIR TAX LAW
But what is a fair tax law? Books galore have been written on the subject and many legislators have conscientiously struggled with the dilemma for decades.

It may come as a surprise to the younger generation of today, but before 1917 it wasn't constitutional to levy any federal income tax at all.

Yet the nation made wonderful strides in the 137 years between 1776 and 1913.

It will be immediately argued that the population wasn't as big prior to fifty years ago as it is today, but it is hard to concede that unfairness becomes logical as the quantity of population grows.

It's like saying the Constitution or the Ten Commandments are outmoded today and that equity and morality vanish when a nation gets to be over 100 million in population.

Yet the present system of taxation—federal, state and city—is inequitable and unfair.

will find herself "just another satellite on the fringe of the U.S. orbit."

Dept. of Cheers and Jeers: The C's—our own photographer PHIL WEBB who had six pictures in last week's Lions' program; the J's—the increased flood of junk mail.

—HAROLD A. FITZGERALD

fair to many people, and everyone who knows taxation concedes it.

"Equal rights for all" seems to disappear when you consider that, by living in one state, you avoid certain taxes which you would have to pay in another.

"Discrimination" is the accusation flung these days at any violation of "equal rights," as in housing or in the use of public facilities.

Another discrimination hardly ever discussed in the perspective of constitutional rights is the exemption from certain federal taxes enjoyed by citizens who

own the bonds and notes of states and cities.

"Tax reform" is long overdue, but the chances are it will continue to go unthought except by the politically minded who come forward with schemes for flagrant discrimination.

If by chance all exemptions, for example, were removed and taxes were levied not on incomes but as an assessment measuring the benefits received

by the citizen and his family from the federal government, everybody would have to pay something for himself and family.

Hal Boyle Says:

Post Office Delivers Wealth of Information

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Someone has figured out that suburbanites spent \$200 a family each year pampering their lawns, and less than \$100 to support the church of their choice.

News for the friendly neighborhood bookie: People were betting on horse races as long ago as 604 B.C.

A survey found that men holler less about the bills they have to pay than they do about what to do with unwanted gifts.

God is gaining attention over Santa Claus. It is estimated that 35 per cent of the three billion Christmas cards sent this year will have a religious motif—the favorite is—"Madonna and Child"—compared with 5 per cent only 15 years ago.

Except for man, and possibly the whale, elephants have the longest life of any other mammal.

PHILOSOPHY
"There are two things a real man likes—danger and play; and he likes women because she is the most dangerous of playthings"—Nietzsche.

George Washington, the father of our nation, suffered smallpox, malaria, tuberculosis, influenza, partial deafness and died at 67 from a strep throat and the attention of his physicians—they took a quart and a half of blood from him as he lay dying. He had his last tooth pulled at the age of 63.

One of history's most notable hypochondriacs was Dr. Samuel Johnson, the lexicographer. He was obsessed by the idea he would lose his wits. Among his many strange delusions was his conviction that he would get drunk if he ate an apple.

One reason doctor's bills are high—it costs \$67,000 to train a medical specialist.

CONGRESSMEN
Does your congressman keep you informed? Each year members of Congress sent out 64 million pieces of franked—no stamps—mail.

Movie star Susan Hayward posed for a hat ad in the 1937

Sears, Roebuck catalog. Nikita Khrushchev was a coal miner. President John F. Kennedy was a newspaperman.

Someone has figured out that Americans take 500 million baths a week.

Housewives, beware of holly. One of the traditions of Christmas is that, if a house is hung with holly, the husband will rule throughout the next year.

Reviewing Other Editorial Pages

Izvestia's Silence

The Chicago Daily Tribune

It's a year since we offered to exchange editorial writers with Izvestia. The idea was we would open a column a day to the Russian editor say whatever he wished to our readers on any subject. In return, Izvestia would give our man similar opportunity.

No reply has ever been forthcoming. Izvestia didn't say yes and didn't say no. When inquiries were made in Moscow the unofficial answer was that in due time a reply to our offer would be sent, but "due time" has long since elapsed.

We sweened over our offer by promising the Russians column news service for distribution to newspapers in this country and around the world. Mr. Alexei Adzhubel, the editor of Izvestia still wasn't interested.

There the matter rests. The obvious conclusion is that the Russian government is afraid of the Russian people. It is afraid of what might result from letting them hear something other than official propaganda.

Then there is the matter of news. Our correspondents have been allowed to visit Russia and other countries behind the Iron curtain from time to time but our latest efforts to send a resident reporter to Russia have been unavailing.

The application was forwarded many months ago, since then no information has been forthcoming about it.

Voice of the People:

'Americans Mustn't Relax When Situation's Better'

It is my fondest hope, in the light of recent events, that we won't withdraw our radar or restrict our U.S. Khrushchev has backed up and there is a decided change in tactics, but Americans must never relax their guard.

Castro has got to be removed. As long as he exists we will never feel completely at ease.

Romeo, Mich. Ken Parrington

Why Must Fluoride Be Forced on All?

A balanced diet will make good teeth. If fluoride will change the structure of the teeth, what will it do to the body's bone and tissue structure? I have never read positive proof that there are no undesirable effects from fluoride in water.

Why can't those who want fluoride get it from their doctors?

Citizen

Would Like to See Old Movies Revived

I'd like to see at least one theater during the holiday season revive some fine movies that the entire family can enjoy. For example: "The King and I," "South Pacific," and "Oklahoma."

On Thanksgiving Day there was one movie possibility and then it was termed questionable and not suitable for a young teen-ager or 10-year-old.

Edris Anderson
3102 Elizabeth Lake Rd.

The Almanac

Today is Monday, Dec. 10, the 344th day of 1962 with 21 to follow.

The morning stars are Venus and Mars.

The evening stars are Jupiter and Saturn.

Those born on this day include American poet Emily Dickinson, in 1830.

On this day in history: In 1817, Mississippi was admitted into the Union as the 20th state.

In 1898, Spain signed the treaty of Paris, officially ending the Spanish-American War and giving Guam, Puerto Rico and the Philippine Islands to the U.S.

In 1901, distribution of the first Nobel prizes got under way on the death anniversary of Alfred Nobel.

In 1941, Japanese troops landed on northern Luzon in the Philippines.

Portraits

BY JOHN C. METCALFE

When I think of scarlet roses . . . I recall the days of spring . . . And the rain and warming sun . . . And the fog at dawn they bring . . . When I think of morning glories . . . I recall the summertime . . . When the clouds upon the heaven . . . All the days of the year . . . When I think of mums in gardens . . . I recall the days of fall . . . And the trees with all their colors . . . Standing proud and straight and tall . . . When I think of snow-kissed holly . . . I recall the winter days . . . And the frosty windows . . . When the frost on window sills . . . But when I have thoughts of orchids . . . I recall two eyes of blue . . . And my lone heart is always . . . Having lovely dreams of you.

(Copyright, 1962)

DeWey did not mention names, but said the President denounced one senator for demanding a blockade. DeWey added that two days after making the statement the President announced the establishment of a blockade.

The President took this step, DeWey said, when he "ran into public opinion which said we're not going to put up with this nonsense any more."

DeWey said he believed there would not be a war so long as the United States kept ahead of Russia in nuclear knowledge.

Smiles

In freezing midwinter why should a husband mind being hauled over the coals?

Morgenthau has made a considerable impression in Washington, where even sound devout disciples of the handout recognize that much United States aid has been wasted and that this country and its beneficiaries have not derived expected benefits. Indeed, our largesse in some places has only engendered anti-American reaction because the recipients expected more.

What Morgenthau advocates is a tough policy of self-interest. Foreign aid should be dispensed, not with the idea that it is our "duty" to do good, but with the idea that we should gain some specific advantage.

Morgenthau argues uncritical nobility of purpose is a luxury we can't afford. If this Morgenthau seed has really taken root in the New Frontier, the harvest could be a reason for sincere thanksgiving in this country.

Red Branches
The Buffalo Evening News

Communism is big business. And right now, the home office is having trouble with the branches in Red China and Cuba.

Wasted Aid
The Los Angeles Times

Word comes from Washington, that the Kennedy administration is disenchanted with the United States foreign aid program. Mr. Kennedy has ordered a resurvey in depth to clarify our foreign aid purposes and methods.

Dr. Hans Morgenthau of the University of Chicago suggested that open-handed economic aid "has a very much smaller range of potentially successful operation than is believed." Dr. Morgenthau noted that there are Jukes and Kallies and "natural and insuperable deficiencies . . . which no amount of capital and technological knowhow supplied from the outside can cure."

It's Expensive!

SEEKS ASYLUM — Mrs. Napoleon Carbonell, Sioux Falls, S. D., says she will seek asylum in the U. S. if the Philippine government tries to return her on charges of naturalization law falsification.

Hoffa Juror 'Approached'

Reported to Be Cause
of Secret Session

DETROIT (U)—An approach to a jury member led to last Thursday's mysterious hearing in Teamster President James R. Hoffa's million-dollar conspiracy trial at Nashville, Tenn., the Detroit Free Press said yesterday.

In a copyrighted article, the Free Press said the contact was reported to government officials. But the Justice Department had declined comment.

The Free Press said that following the report, details of which are still secret, government officials stopped the trial and asked Federal Judge William E. Miller to investigate.

The courtroom was cleared last Thursday of everyone except Hoffa, a stenographer and the lawyers for both sides.

The article said Judge Miller then questioned witnesses, including at least four FBI agents and two officials of Nashville Teamster Local 327, before recessing the seven-week-old trial until Monday.

The only official word concerning the hearing was a statement by special prosecutor James F. Neal, who said the hearing had nothing to do with a pellet gun attack made on Hoffa in the courtroom Wednesday by an ex-mental patient.

The jury was out of the room at the time of the attack and has been locked up at all times since.

Prior to that time the jurors had been permitted to go home, at night.

The Free Press said no information was available as to who made the alleged approach or how or why it was made.

State Fair Commission Looking for Architect

DETROIT (U)—The Michigan State Fair Commission planned to start interviews today, looking for the primary architect for a \$100-million master building plan for the State Fairgrounds. The plan includes a giant stadium.

A year-around exhibit and entertainment site is the final aim.

Orthodontists Gather

DETROIT (U)—The Great Lakes Society of Orthodontists was to open its annual meeting here today. Five hundred specialists in the prevention of correction of poorly placed teeth were expected.

Toughest Task for Parents: Cutting Down Toy Buying

By PHYLLIS BATTELLE

NEW YORK — The toughest task for parents, this season of the year, is to keep their checkbooks in check, and control their Santa Claus urge.

Every mother and father who talk to agrees that they "bought

entirely too much from the toy department last year, and they've got to "cut down" this Christmas.

Nobody wants his offspring to be in the category of "the child who has everything..."

First, such a category hints at the fact that their child is spoiled (which in turn means that they are weak-willed parents).

Even worse, having a "child who has everything" seems to forebode that the youngster might grow up to be like our

elves — and subconsciously we know that's not a very admirable way to be (because most of us secretly feel guilty of having too many possessions, and we're disturbed to realize there is nothing we deeply need or want when Christmas comes.)

We'd like our children to have higher values than we have, when they grow up.

Yep, everybody is agreed. This year, by George, we put the clamps on the budget, remember our depression childhoods ("Gee, we were happy—just to get a peppermint stick!") and be sensible.

Mothers everywhere are reminding fathers that on Christmas Day, 1961, "The kids got so many things they were confused. They didn't appreciate anything!"

This year that won't happen. We'll make taffy and pop corn, fill their stockings with oranges and two-penny whistles, and give

them one—well, maybe two—dolls or balls. And let it go at that.

"Christmas is for family, for reverence and carol-singing—not for loot," mother tells daddy reasonably.

"Amen," says father reverently. "So stay out of Dunder's Discount-and-Pay-Later—Toyorama, already?"

It should work, this reasoning. Surveys this year have

To Chair at Peace Talk

COLOMBO, Ceylon (AP)—Ceylon's prime minister, Mrs. Sirimavo Bandaranaike, will preside over the conference of six non-aligned African-Asian countries opening here Monday on what might be done to stop the India-China border war. This was decided at a preliminary meeting of the delegates from the United Arab Republic, Ghana, Burma, Indonesia, Cambodia and Ceylon.

shown that nearly 100 per cent of questioned parents feel they gave their children too many presents last yule and are going to "try" to cut back this season.

SALES BOOMING

Proving that good intentions are wonderful but they can't beat good salesmanship, the Christmas credit spirit, or mother love, the stores already report booming toy sales. Perhaps they will set a record.

The will power of the Ameri-

can adult is as ever. It's as hard for a prosperous parent to give up deluging his children with goodies — even knowing the goodies may make him sick — as it is for an alcoholic to give up liquor.

Obviously the parents pledged to fight commercialism at Christmas are not up to the job: Mothers are sneaking out for a "quick one" at F.A.O. Schwartz's, and daddies are holding furtive long-lunch rendezvous at Macy's.

The kids of the country's middle and upper class once more will wallow in tops this Christmas, and on December 26th their folks will remark how ridiculous it is that "they got so many things" they didn't appreciate them!

I suppose it's because we parents know better than any other class of people that it's more fun to give than to receive—since we ourselves, are a generation of people who really do "have everything."

There's nothing in the way of material goods we desperately want — so we get our kicks out of loading up the kids, who still are lucky enough to want most everything they see, with most everything we see.

And the children, "of course, will love it."

Fortunately they don't realize that, thanks to their willpowerless (and in some ways thoughtless) parents, they will be the next generation of jaded adults

who every Christmas feel a little empty — as they receive rhinestone-studded garbage pails from their friends.

Santa's Arrival Attracts Thousands in County

Seven Thousand Cheer at Parade in Rochester

By ROGER SAGLEY
ROCHESTER — An estimated 7,000 people gathered to watch the annual Christmas parade here Saturday, many of them anxious youngsters awaiting their first glimpse of Santa this year.

Fire engines, marching units and high school bands excited children of all ages standing in the new snow along the Main Street parade route.

S. A. DODGE

Elect President at Leader Dog

ROCHESTER — New president of the board of trustees of Leader Dogs for the Blind is S. A. Dodge, one of three founders of the school, it was announced today.

Dodge, who lives at 621 Lane Pine Road, Bloomfield Hills, has been active on the board since the school was established in 1939.

For many years president and chairman of the board of Solvent Chemical Products, Inc., Detroit, he is presently retired from business.

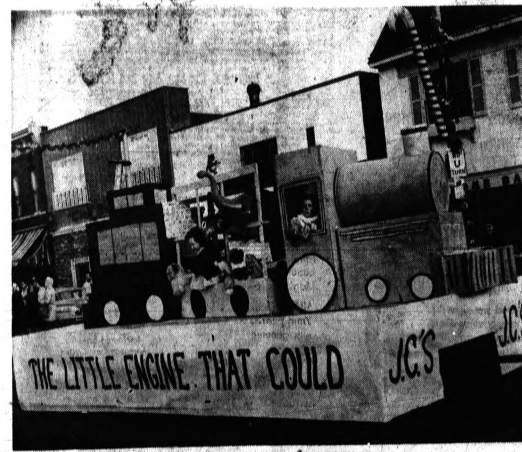

Dodge served as president of Lions International in 1953-54 after having held major offices in his own Northwest Lions Club and in District 11, Michigan. He was elected international director of Lions Clubs in 1947.

Dodge, Charles A. Nutting (now deceased) and Detroit attorney Donald P. Schurz founded the Leader Dog School in 1939 and prevailed upon Lions of Michigan to support the organization.

Located just south of Rochester, the school has grown to one of the largest organizations of its kind in the world.

Blind men and women from all parts of the United States, Canada and Mexico learn to travel independently during the four weeks' training course.

Carlton M. Higbie, president of Higbie Manufacturing Co., Rochester, is vice president and treasurer of the board; Martin S. Hayden, editor of The Detroit News, secretary; and Harold L. Pocklington, executive director.

CROWD PLEASER — The "Little Engine That Could" was one of the many floats which the crowd watching Rochester's parade Saturday greeted with cheers of approval. It

Nine decorative floats, sponsored by local organizations, added to the festive spirit provoked by the stirring band music.

Beginning at the corner of Woodward and Main streets the parade traveled south to 4th Street.

JINGLES APPEARS

The quiet amazement of children watching a carillon in the parade turned into leaps of joy as "Jingles," a Detroit television personality, passed them endeavoring to wave to each and every one.

Grand prize winner in the float contest was one entered by the local Elks Club, which featured children dressed as elves working in Santa's Toyshop.

Second prize was awarded to Mitchell's department store for its "Jack-in-the-Box," an entry designed and built by the high school's art club.

Rochester High School's Homecoming Queen, Mary Jo Zumwalt, rode a special float while she reigned as queen of the parade. Her court followed in a separate float.

LEADS PARADE

The color guard of the Homer Wing Post, American Legion, stepped out at 2 p. m. and led the parade, followed by two packs of proud cub scouts vainly doing their best to keep in step.

Winning the award for best marching unit were the Ravens, an all-girl precision drill team from Pontiac.

Closing out the parade was the 200 pounds of white-bearded laughter which the children had eagerly awaited.

Following the parade Santa went to his holiday headquarters at the B Bar B Western Supply Store, where he greeted in person some of the thousands of children who had waved to him in the parade.

He will have an awaiting lap for eager youngsters from 10:30 a. m. to 12:30 p. m. and from 4 to 8:30 p. m. every day but Sunday, until Christmas, at his temporary base, 315 Main St.

5th Graders to Present 'The Christmas Angel'

WALLED LAKE — "The Christmas Angel," a play presented by fifth graders, will highlight the 8 p. m. parent-teacher association meeting Dec. 17 at Decker Elementary School, 1655 Decker Road.

The PTA's annual Christmas program also will feature seasonal music by the sixth grade chorus and a community carol sing.

Pontiac Press Photo

TOP PRIZE WINNER — Children dressed as elves working in Santa's North Pole toy shop were featured on the grand prize-winning float in Rochester's annual Christmas parade.

Saturday. Two Belgian horses pulled the Elks Club-sponsored entry. There were eight other floats and four bands in the parade.

In Lake Orion School District

Vote to Decide Expansion

LAKE ORION — The fate of a proposed school expansion program, which will include a \$1.1-million junior high school, will be decided in tomorrow's special school election in the Lake Orion district.

Two proposals will be on the ballot. One requests approval of a \$2-million bond issue; the other seeks voter okay of a 5.5-mill tax hike.

If the issues pass, the junior high will be built on a 20-acre site, recently selected, adjacent to the present senior-high school.

Also planned are additions and alterations to all six existing school buildings in the district.

The proposed improvements would bring the district's school

facilities up to date and handle anticipated enrollment increases for at least three years, according to Schools Supt. A. A. Reed.

"The school system is definitely going to be in trouble if the two issues are not approved," Reed warned. "Children will suffer possibly even to the extent of having to attend half-day sessions if the proposals are defeated."

The polls will be open from 7 a. m. to 8 p. m.

Residents in Precinct No. 1 will vote at the village hall, 37 E. Flint St.; Precinct No. 2 at Orion Township Hall, 571 S. Broadway; and Precinct No. 3 at the fire hall in Gillingville, Gregory Road near Baldwin Road.

School district residents in Ox-

Sharon Matthaei Weds Theodore W. Rachar

HIGHLAND — Sharon Lee Matthaei and Theodore W. Rachar exchanged their nuptial vows recently in a double-ring ceremony at the White Lake Community Hall.

Parents of the bride are Mr. and Mrs. Robert C. Matthaei, 3484 Highland Blvd. The bridegroom is the son of Mr. and Mrs. Guy Rachar, 2574 Weaverston St., Avon Township.

For her wedding the bride chose a floor-length gown of Chantilly lace with crystal accents and featuring a full bell-

shaped skirt. Her silk illusion veil was held in place by a pearl and crystal tiara.

She carried a cascade arrangement of gardenias and roses entwined with ivy.

Mrs. Charles Cooper of Highland attended the bride as matron of honor. Bridesmaids were Mrs. Frank Cooper Jr. of Highland and Barbara Bright of Redford.

Serving as best man was William Marzoni of Rochester. The guests were seated by Robert Matthaei, brother of the bride, and her cousin, Frank Cooper III.

Patricia Cooper was flower girl and Timothy Rachar, ring bearer.

A reception was held at the hall following the ceremony. Home from a brief honeymoon, the new-lyweds are living in Highland.

Vote on Taxes for Operation

FARMINGTON — Polls in the Farmington School District will remain open until 8 p. m. for voters casting ballots in a special school election today.

The only issue on the ballot is a request to renew five mills for school operation. If approved, the tax would be levied for 10 years.

District polling places are located at Farmington Junior High School, 33000 Thomas St., Precinct No. 1; Dunkel Junior High School, 32800 W. 12-Mile Road, Precinct No. 2; Eagle Elementary School, 29410 W. 14-Mile Road, Precinct No. 3; and Middlebelt Elementary School, 24400 Middlebelt Road, Precinct No. 4.

Purchase Land for New Homes

Dean Estate Slated Originally for College

WOOD CREEK FARMS — The 80-acre Hugh Dean estate at 27800 W. 12-Mile Road, originally scheduled to be part of a college campus, will be the site of a "custom home development."

The property has been purchased by Joseph Ercolani and John Bologna for a reported \$200,000, it was announced today.

Jerome Benjamin of Benjamin and Bishop, Inc., a Birmingham real estate firm, represented the purchasers and Bruce J. Annett, Inc., Pontiac realtors, represented the Dean estate.

Plans to include the site as part of a new Mercy College campus were discarded earlier this year. The Sisters of Mercy, a Roman Catholic order of nuns, decided to keep their campus in Detroit.

Annett said the Dean property was considered one of the beauty spots of Oakland County.

The late Mr. Dean, a former General Motors Corp. vice president, spent years landscaping and developing the property as a private estate, according to the Pontiac realtor.

Milford, Union Lake His First Two Stops

Santa Claus, busier than a politician on the campaign trail over the weekend, used everything from horsepower to ponypower to keep up a heavy schedule in Oakland County Saturday.

In Milford, the visiting North Pole dignitary made his earliest stop, arriving in a sleek, black convertible behind a parade of some 20 floats and marching units.

Santa later rode into Union Lake on a wagon pulled by a team of ponies from the John F. Ivory Farm in White Lake Township.

A bright, red fire engine was Santa's means of transportation to Walled Lake, where he was provided with a police escort into the city.

The Milford parade, according to local police, was one of the biggest in the history of that West Oakland County village.

However, police said the crowd was smaller this year due to bad driving conditions throughout the area.

The recent heavy snowfall was a boon to hundreds of children who watched the floats and marchers from atop eight-foot-high snowdrifts along Milford's Main Street.

The snow kept the parade from taking its previously announced circular route through the village, however.

The high school bands from Milford and Hartland, mounted

riders from Hickory Ridge Saddle Club, and floats sponsored by local churches and civic groups preceded Santa up Main Street for several blocks.

Riding in the convertible with Milford's Junior Miss, Leslie Thomas, and her court, Santa returned downtown at the end of the route.

He was welcomed back by scores of parents and children at the First Federal Savings of Oakland Civic Room, 351 N. Main St., which will be his Milford address until Dec. 25.

Santa will move from store to store in Union Lake until Christmas and he'll greet his Walled Lake visitors at the D & C Variety Store.

Hotel Fire Put Out Quickly in Milford

MILFORD — A minor fire in the Ye Olde Hotel, 318 N. Main St., was quickly extinguished last night by Milford firemen.

Police said flames damaged an unoccupied room and an adjoining hallway of the old brick building. An estimate of damage was not available today.

An investigator from the state fire marshal's office in Lansing was scheduled to investigate the cause of the fire today, police said.

When you can't leave home...shop by phone!

There are days when you just can't leave the house—or the children—to do your Christmas shopping. But you can always shop at home by telephone.

When you see or hear about a special gift idea, just dial and place your order. Or—let your

favorite store help you with gift suggestions.

There's no need to put off your gift shopping. It's such a comfort to know that your telephone and your Yellow Pages are right there, at your fingertips...always ready to take you shopping, whenever and wherever you want to go.

Shop by phone when you can't leave home

Here's Santa's Gift List for Washington

By RUTH MONTGOMERY

WASHINGTON —With only 10 more government working days until Christmas, officials have been dictating their annual letters to Santa, in triplicate, naturally.

Most of them are marked "top secret," but at the risk of being forbidden to talk to St. Nick without a State Department press agent in tow, we are passing along these requests:

President Kennedy: A unanimous vote in the House Montgomery and the Senate on every administration bill, including an increase in foreign aid, a new department of urban affairs, a domestic peace corps, medicare, a raise in the national debt ceiling, and a tax cut.

Vice President Lyndon B. Johnson: A remittance note-maker to attract some personal attention, before Bobby and Teddy beat him to the White House.

Atty. Gen. Robert Kennedy: A memo pad to remind big brother that Bobby has four stalwart Kennedy sons who will be eligible for the presidency before baby John Jr. reaches presidential age in 1995.

Sen. elect Teddy Kennedy: The chairmanship of some top-ranking committee like Foreign Relations, without having to wait out the seniority system for 20 or 30 years.

Defense Secretary Robert McNamara: A new press secretary who can suppress the news, without the press finding out about it.

Interior Secretary Stewart Udall: A magic wand to recon-vert cities into great dismal swamps and molehills into mountains for climbing.

NEXT FOR COURT
Labor Secretary Willard Wirtz: He wants to follow predecessor Arthur Goldberg to the Supreme Court in the Wirtz way.

Treasury Secretary C. Douglas Dillon: An unexpected Treasury surplus of not a million, not a billion, but a dillion dollars.

Rose Fitzgerald Kennedy: A few dozen more grandsons to give to her dynasty.

Big business (after being strong-armed into an awakening interest in culture): An authentic, of-the-period Kennedy to hang in the White House over the William McKinley mantle.

Big labor (after getting the presidential cold - shoulder on

a 35-hour work week): A phonograph record for JFK entitled, "Will You Need Us in '64, the Way You Did Before?"

Harold (I wonder whatever became of...): Stassen: the Presidency anytime.

Richard M. Nixon: Every newspaper in the country, so he can fire all the reporters except one.

Sen. Barry Goldwater: A clock that runs back, to the days before Jack.

Gov. Ross Barnett: A new kind of hobby, to get rid of Bobby.

Carol: A real, live rocking horse so that Daddy can ride at Glen Ora, too.

Gov. Nelson Rockefeller: A Rocky to replace the rocking chair in the White House.

The Grand Old Party: A Rocky, a Scranton, a Romney, who cares so long as the Kennedys move elsewhere.

Cuban Premier Fidel Castro: A baby doll that lies in Russian: "U Thant take it with you."

First Lady Jacqueline Kennedy: A vacation plan without the clan. We four; no more.

Funeral Service Slated for Ex-Representative LANSING (P) — Funeral service will be held at 11 a.m. Tuesday for Gus T. Hartman, a former state representative, who died here Saturday.

Hartman, 81, served four consecutive terms in the state legislature starting in 1925 and had been mayor of Houghton for several years.

Kills Husband With Shotgun

Argument Over Baby Climaxed by Shooting

DOWAGIAC (P) — The mother of a 3-day-old child shot her husband to death yesterday in the climax of a family argument.

Dowagias Police Chief Richard Wild said.

Wild said Mrs. Daisy Rose Lovell, 34, fired a charge from a 16-gauge shotgun at her husband, William Lovell, 35.

The chief said Mrs. Lovell returned from the hospital Saturday with the baby girl. The Lovells have four other children, ranging in age up to 15 years.

Wild quoted Mrs. Lovell as saying Lovell came home early yesterday under the influence of alcohol and started berating her.

Then, he quoted the woman as saying, Lovell started shaking the crib where the baby lay sleeping. Part of the argument, Mrs. Lovell said, was that Lovell had wanted a boy.

Fearing for herself and her baby, Wild quoted her as saying, Mrs. Lovell got the family shotgun from the bedroom, loaded it and fired a charge into Lovell's chest.

A son called police. Mrs. Lovell was allowed to return home to the baby while the prosecutor's office studied the case.

Military Budget to Stress Conventional

Chances for New Army Division Slim

WASHINGTON (AP)—The military budget for the next fiscal year again is expected to emphasize conventional weapons and organization.

But the chances of a new division for the Army appear to be slim.

The Defense Department is still assembling its budget request for the fiscal year beginning next July 1.

Completion may have to await the return of Secretary of Defense Robert S. McNamara—about Dec. 19—from the North Atlantic Treaty Organization meeting in Paris and an inspection trip to Thailand and South Vietnam.

However, at the present stage of budget consideration, the recommendations for the Army are understood to provide for procurement of equipment for the 16 existing divisions.

There has been hope in some Army quarters that the administration's new budget would provide for one more combat-ready division.

The Army procurement program for the current year is about \$2.6 billion. Although the organizational strength may remain unchanged under the new budget, an extra \$100 million may be asked for new

equipment and for replacing worn-out weapons, vehicles and other material.

Speculation is that the overall military budget request for fiscal 1964 may show an increase of \$2 billion or more over the \$48.2 billion for the current year.

Some of this would represent spending for strategic warfare weapons ordered in the current or previous fiscal year and which will be delivered during the year beginning July 1.

ICBMs, POLARIS
This includes intercontinental ballistic missiles for the Air Force and Polaris missiles for submarines. It also may include addition-

al Minuteman missiles. About 800 of the solid fuel quick-firing Minuteman missiles are in the current program, with the first 10 to become operational by the end of the month.

There have been reports that more Minutemen may be added to the program. The trade magazine Aviation Week said in a recent issue that the Minuteman program might be increased to 1,700 missiles in the 1964 budget recommendation.

On the other hand, some missile projects may be dropped or drastically modified. Unsatisfactory results in tests of the Skybolt air-borne ballistic missile have placed that program in jeopardy.

WANTED — Michael Joseph O'Connor has been added to the FBI list of the 10 most-wanted men. He is charged with the murder of a Jersey City, N.J., tavern owner last August.

Crop Duster Hurt in Plane Crackup

FORT LAUDERDALE, Fla. (AP)—Bryan Johnson, 28, was dusting a pepper field Sunday when the engine of his plane failed.

The plane crashed into a row of pine trees, fell 40 feet and landed on its nose, pushing the engine into the cabin. Johnson was pinned against twisted metal. It took a dozen farm laborers to free the pilot. Johnson was treated at a hospital and released.

JFK Gets Uruguay Vote

MONTEVIDEO, Uruguay (AP)—John F. Kennedy, (presumably the one in Washington), got one vote in the national elections here Nov. 23, for membership on the nine-man Council of Government, a for senator, member of the House

and city councilman. This came to light when the vote was voided in official tabulation.

Three vintage printing presses are owned by James Lamar Weygand of Nappanee, Ind., a private printer of fine books.

Hoffa Triumphant in Home Local Vote

DETROIT (AP)—International Teamsters President James R. Hoffa won an overwhelming victory Saturday in his race for reelection as head of his home local No. 299 here.

Union officials said Hoffa polled 3,615 votes compared with 280 for Ira D. Cooke Jr., a suburban Lincoln Park truck driver, and 76 for Charles O'Brien, a local business agent.

Ballots were cast by approximately 4,000 of the 16,000 local members in voting that began Thursday and ended at noon Saturday.

Incumbents were opposed by the offices of vice president, secretary treasurer, recording secretary and three trustees posts.

Movie Producer Dies

PHILADELPHIA (AP)—Lew Golder, 78, who had produced motion pictures in Hollywood for 30 years, died Friday.

Golder, who retired five years ago, had been affiliated with Columbia pictures and Bryan Foy.

New LOWREY HOLIDAY DELUXE Organ with built-in LIVING SOUND*

The richest, fullest tone you ever heard in a spinet—and anyone can play it!

The "living sound" of the new Lowrey Holiday Deluxe is unlike any you ever heard before in a spinet organ. Richer, warmer, more radiant. The new built-in Leslie speaker*, especially made for Lowrey, makes the difference.

Suddenly the clarinet sounds even mellower. The flute more bell-clear. The string bass richer, more vibrant. All of Lowrey's many instrumental features take on a new tonal dimension, fill the air with a soaring new sound! This is the special magic the famous Leslie speaker brings to this new Lowrey organ.

Even if you never had a music lesson, you'll be pleasantly surprised how easy it is to play the new Lowrey Holiday Deluxe. In fact, anyone can play his first tune in just minutes. Skeptical? Come in and see us—convince yourself today.

Japs Impressed by U.S. Defense

By PHIL NEWSOM
UPI Foreign News Analyst

Notes from the foreign news cables:

STARS IN THE CROWN

Tokyo reports that Kenjiro Suga, director of the Japanese Defense Agency, was impressed mightily during his recent United States visit by the U.S. defense establishment.

Informal sources say he has no intention of emulating its size—a quarter-billion dollar Polaris submarine would cost half of Japan's annual defense budget.

But he has insisted since his return on more map and policy by Japan's still de-emphasized military, starting with the hand salute.

He also was behind the new regulation permitting Japan's top three-star lieutenant generals to wear four stars so they can meet four-star officers of other countries on more nearly equal terms.

GIVING UP

Indications are that the United States will make no further attempt at the forthcoming NATO council session in Paris to talk the French out of their nuclear striking force.

Diplomats say the United States has concluded the French will go through with it regardless, and that "this is simply something we shall have to live with."

JOB HUNTER

The French government quietly is trying to find a safe parliamentary seat for former Premier Michel Debre who was beaten in the recent elections.

One idea has been to persuade Debre to resign and then to resign in order that Debre could be elected in an ensuing by-election.

Debre has not been too keen on the idea. But the government wants him as national assembly floor leader for the Gaullist Union for the New Republic (UNR).

BURYING THE HATCHET

Diplomatic relations between Indonesia and the Netherlands are

expected to be resumed within the next few months. Mail and telecommunications already have been restored.

It is easier for Hollanders to get visas to visit their former colony, KLM, the Dutch government-supported airline, is negotiating for landing rights at the Indonesian capital of Jakarta and economic relations are growing.

Meanwhile, other reports say private enterprise will receive

more encouragement from the Indonesian government. Also in the works is supposed to be a new currency to be known as the "Indonesian dollar" and a reshuffle of President Sukarno's cabinet.

CONCERN

Reports that the United States

intends to drop development of the it for their own air force, abandoning their own Blue Streak missile for the Skybolt.

But the Skybolt has failed repeatedly in tests and the U.S. feels the land-based Minuteman intercontinental missile can do the same job better.

The missile was to be launched from bombers against land targets and the British had counted upon

Begin Study of Domestic Peace Corps

DETROIT (AP)—Mayor Jerome Cavanagh said yesterday he has instructed various department heads in city government to study how Detroit might participate in a proposed federal domestic peace corps.

Cavanagh made the announcement at the annual freedom ball and awards ceremonies of the trade union leadership council in Cobo Hall.

He said President Kennedy has appointed a cabinet-level committee to study the feasibility of a domestic peace corps.

Cavanagh said the city could attack chronic unemployment problems among welfare recipients by using special classes conducted by domestic peace corps volunteers.

He added it might be possible to train teen-agers who have not found work to become members of neighborhood conservation teams led by peace corps staff members.

One List of Candidates

BUDAPEST, Hungary (AP)—Elections for the Hungarian Parliament and local councils will be held next Feb. 24; the presidential office announced. There will be a single list of candidates to be made up at mass meetings Jan. 10-28.

Ecumenical Council Has a Positive Cause to Plead

BY BENNET M. BOLTON
VATICAN CITY (AP)—The current Ecumenical Council is unique in the history of the Roman Catholic Church.

Twenty councils met before, all to condemn an error in the eyes of the church or battle what was considered a philosophical evil.

But the present council, which recessed over the weekend until the fall, has a positive cause to plead instead of a complaint. That cause is internal renewal of Catholicism—"to let in fresh air,"

as Pope John XXIII said before going on to seek union with all the churches of Christianity.

Basic changes are already under way within the Roman Catholic Church. The very calling of the council shows it. As a prominent theologian explained: "The council cannot now be undone. Subsequent failure would only serve as a summons for another Vatican Council." Pope John announced before the worldwide gathering of bishops started work Oct. 11 that the

revealed word. Protestants believe in scripture alone.

Was the council to stress doctrine in the rigid, scholastic terminology used in seminaries?

Or would it be better to find a new and different way to illustrate the same doctrine, a clearer way designed to reach all the people in simple terms without reviving old reformation arguments?

The issue came to a vote, and most of the 2,200 bishops chose the latter course. Pope John then tradition are the sources of God's

the council, creating a special commission heavily staffed by Christian unity experts. The Pope ordered a vigorous rewriting of the theses.

For more than a year, the word out of the Vatican had been that this would be the best prepared council in history.

As disagreement over the revelation thesis grew, some of the pre-council advisers began to talk of defects in the drafting of some of the projects.

Priests and theologians said

But other council sources said the vast three years of advance work done over. He told the council's 12 commissions to condense and consolidate the proposals before the council resumes in September, trimming the 70 theses into 20 projects.

More significantly, he said he wanted the projects rebuilt in such a way that they would explain Catholic doctrine "through the methods of research and through the literary forms of modern thought."

Doctors planned an autopsy today for a 15-month-old boy who died Sunday after his father said he couldn't cut in on a four-party telephone line.

Joseph Claude Roberts Jr., was pronounced dead at a hospital.

Blames Party Line for Baby's Death

JACKSONVILLE, Fla. (AP)—The father said efforts to obtain a doctor were thwarted by a telephone caller who asked, "Are you sure this is an emergency?"

Roberts Sr. said he discovered his son choking, tried to call for help, but the talker wouldn't give up the line.

Blames Party Line for Baby's Death

JACKSONVILLE, Fla. (AP)—The father said efforts to obtain a doctor were thwarted by a telephone caller who asked, "Are you sure this is an emergency?"

Roberts Sr. said he discovered his son choking, tried to call for help, but the talker wouldn't give up the line.

Ticket Drawer, 5, Does Good Turn for Mommy

MCPHERSON, Kan. (AP)—Terry Wedel, 5, was picked at random to draw the lucky ticket for a prize of 100 silver dollars at the weekend windup of McPherson's Christmas fair.

Terry reached into the box containing about 10,000 tickets and plucked one out.

The winner? Terry's mother, Mrs. Robert Wedel of McPherson.

U.S., Soviets Plan Remarks

Statements Will End U.N. Talks on Cuba

UNITED NATIONS, N.Y. (AP)—The Soviet Union and the United States were reported today to have agreed to make separate statements in the Security Council to wind up the U.N. consideration of the Cuban crisis.

Informed sources said the Russians had given up their idea that there should be a joint Soviet-U.S. declaration and were going along with the American idea that there should be parallel statements.

The sources said negotiators for the two countries are now talking about what each should say in the statements.

The informants said the United States is still demanding verification that Soviet offensive weapons have been removed from Cuba and guarantees that they will not be brought back, and the Soviet Union is demanding a U.S. pledge that Cuba will not be invaded.

President Kennedy and Soviet Premier Khrushchev agreed on such safeguards in letters Oct. 27 and 28. They also agreed that the Soviet Union would pull out the offensive weapons it had sent to Cuba and the United States would lift the blockade it had imposed to keep more from coming in.

Since then, U.S. reconnaissance has observed 42 medium-range missiles and 42 bombers leaving Cuba aboard Soviet freighters, and Kennedy has lifted the quarantine.

Tired Bowlers Hit Sack After Marathon Session

KNOXVILLE, Tenn. (AP)—Two Knoxville bowlers completed a marathon bowling session Sunday and claimed some sort of record.

Chris Day and Gene Welch began bowling Saturday at 3 p.m. and bowled 302 games before going home at 5:05 p.m. Sunday.

The manager of the bowling lanes estimated that the boys rolled 40 1/2 tons of bowling balls and knocked down 40 1/2 tons of pins.

The young men, sporting foot and finger blisters, went home to bed after the last game.

Boy Confesses Sister's Murder

Choked With Pajamas
During Fit of Temper

BOSTON (AP) — Fourteen-year-old Thomas Cadigan, described by a priest as "a good student" and "a good boy," today was held by juvenile authorities for the slaying of his pretty 17-year-old sister Margaret.

The boy is scheduled to appear in East Boston District Court today.

The body of the pretty Catholic Youth Organization drum majorette and drill team captain was found Friday in her third-floor bedroom in the family home in Winthrop.

Medical examiner Michael L. Ono said the girl had been strangled with a pair of pajama pants.

Police patrols had been intensified as Winthrop residents feared the killer responsible for the strangulation of seven women in greater Boston in the past six months had claimed a victim in their city.

The seven slayings are still unsolved.

But Saturday night state police announced young Thomas, an honor student, as was his dead sister, had signed a statement saying he killed Margaret during a fit of temper over whether or not a radio should be played.

State police Capt. Michael Culhane said Thomas had asked, after dictating his statement, if

THOMAS CADIGAN

"I can go home now I would like to be with my family." Police shook their heads negatively.

John Cadigan Sr. tried to comfort his wife Hilda, who was under a doctor's care, for "the loss not only of a daughter but of a son."

Children Are Named

for Independence Day

DAR-ES-SALAAM, Tanganyika (UPI) — When Tanganyika became a republic this weekend, three mothers named their newborn babies "Jamhuri" (Republic) to mark the occasion. A fourth infant was named "Uhuru," which means independence.

The U.S. Senate has one member of Chinese ancestry, Hiram Fong, a Republican from Hawaii.

STAR PERFORMER at any advertising task—that's the daily newspaper. Want to clear slow-moving merchandise? Retailers and other local advertisers traditionally do the job with newspaper advertising. Want to build an "image" with the quality shoppers? Newspapers are especially effective in reaching the people who buy the most and set the trends. For instance, 95% of households with incomes of \$7,500 a year or more read a newspaper on an average day.*

For down-to-earth selling or out-of-this-world image-building, you can count on a star performance from the daily newspaper.

OLD LINE LEGAL RESERVE LIFE INSURANCE.

No agent will call on you. Free information, no obligation. Tear out this ad right now.

Send your name, address and year of birth to: Central Security Life Insurance Co., Dept. D-204, 1418 West Rosedale, Fort Worth 4, Texas.

Neighbors Join to Rebuild House for Negro Cripple

LUMBERTON, Miss. (AP)—Bob and Elaine Alford and their four small grandchildren have a new home today—thanks to the kindness of their neighbors.

Last Tuesday, one of the children threw a lighted match into a wastebasket, and the Alford house burned to the ground.

Residents of Lumberton pitched in Saturday to build and furnish the new home for Alford, a crippled Negro who formerly worked in a sawmill.

Record Weekend Low?

4 Die in Traffic Mishaps

By The Associated Press
Traffic accidents killed four persons over the weekend—a death toll that may be the lowest of the year for any weekend in Michigan, State police reported.

However, authorities said a number of fatalities could change with a late report or an official count.

The traffic deaths were counted in an Associated Press tabulation that began at 6 p.m.

Friday and ended at midnight Sunday.

Larry Goble, 16, of Grand Blanc died Saturday night in a head-on auto collision on M21 in Genesee County.

Mrs. Louise De Shon, 35, of Battle Creek was killed Saturday when her auto and a truck collided as she pulled out of a driveway on M 78.

An auto struck and killed Jimmy Campbell, 19, of Petersburg

as he walked along a road a half mile east of Adrian Friday night. William B. Borntrager, 35, of Port Huron skidded off icy U.S. 25 Friday night and hit a tree south of Lexington, suffering fatal injuries.

U. S. Will Aid Turkey
ANKARA, Turkey (AP)—The United States this weekend agreed to loan Turkey \$31.3 million for 25 Friday night and hit a tree south of Lexington, suffering fatal injuries.

Yankee Store Will Relocate at Miracle Mile
The transfer of the downtown Pontiac Yankee Store to the Miracle Mile Shopping Center next March was announced today by Joseph Magdell, president.
The Yankee Store will move from 47 S. Saginaw St. into the location now occupied by the W. T. Grant Co.
A new merchandising policy will be inaugurated by Yankee at its new location, according to Magdell. Better quality merchandise will be featured, and many well-known name brands will be added, he said.
New departments such as health and beauty aids, jewelry, military and special foods will be added and the shoe department will be expanded.

Long-Range Aid to India Said Urged by U.S. Mission

By FRED S. HOFFMAN
WASHINGTON (AP)—Military members of a U.S. mission that surveyed India's critical arms needs reportedly have recommended a three-stage aid plan that could last for years.

Beyond emergency patchup measures to bolster the outnumbered and outgunned Indians in their border dispute with Communist

China, the U.S. experts were said to have proposed rebuilding steps for next year and fundamental modernization actions to continue perhaps for years ahead. Dollar figures were kept secret, but there was informed speculation that it might cost \$1 billion to bring India's outdated arms and military organization up to standard.

Emergency help rushed to India by this country so far was said by qualified sources to total nearly \$15 million.

Gen. Paul D. Adams, chief of the U.S. Strike Command and senior military officer of the U.S. mission that returned recently from India, was said to have listed winter clothing as the first and most pressing need for India's fighting men. Many were rushed into the mountainous north still wearing light dress suitable to the heat of the lowlands.

Adams was described as deeply

impressed with the caliber of the Indian troops and their officers. It was considered significant, U.S. sources said, that the Indian soldiers who were forced to retreat before heavy Chinese attacks often brought back their weapons. This indicated they were disciplined and not routed in panic.

The immediate need is to furnish light weapons and gear that can be carried on a soldier's back at high altitudes and in mountainous terrain.

U.S. military authorities were appalled to find that Indian units were equipped with a jumbled collection of weapons—British, U.S. and Czech-made—with as many as three different calibers.

The battles have been fought as high as 18,000 feet in the mountains and American authorities said it has taken about three weeks for the Indian troops to adjust.

Their Chinese foes, on the other hand, already were used to fighting high up where the air is thin. India should have little trouble

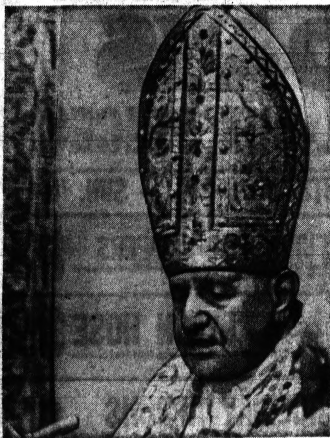

getting the pick of her manpower in expanding her 600,000-man army, U.S. sources said.

Because of the higher standard of living in India's armed forces than among the population as a

whole, there are said to be about 300 applicants for each opening in the ranks.

About the kindest thing that U.S. military men said of the previous Indian military leadership under ousted Defense Minister Krishna Menon was that it was incompetent.

The new men who have replaced Menon and his generals are given high marks by the American officers who recently examined India's military situation.

Pope Proclaims 3 New Saints

Pope Appears Improved as Doctor Returns Home

VATICAN CITY (AP)—Pope John XXIII's personal physician, Dr. Antonio Gasbarrini, returned to his north Italian home today after an increasingly active weekend by the recuperating pontiff.

Dr. Antonio Gasbarrini's leaving the Vatican was taken as a sign he felt the Pope was coming along well in his recovery from the anemia and stomach troubles which put him to bed two weeks ago.

Gasbarrini had arrived, here four days ago to see if the supreme ruler of the Roman Catholic Church was up to a rigorous weekend that included ceremonies receding the Ecumenical Council and canonizing three new saints.

DIFFERENT MAN

The Pope appeared at both ceremonies. At the council closing Saturday he looked pale and strained and toward the end of a 22-minute speech his voice became hoarse. But he arrived in St. Peter's Basilica for the canonization ceremony Sunday looking like a different man.

The signs of illness were gone. His face looked radiant and healthy. His voice had its usual clear vigor and he was smiling and energetic.

On his doctor's advice he took part in only half of the three-hour ritual. But those 90 minutes were the longest he had been at any public function since his 81st birthday two weeks ago. He fell ill Nov. 27.

The new saints—all 19th century priests—are Pierre Julien Eymard, French founder of the Congregation of the Blessed Sac-

rament; Antonio Maria Pucci, who laid the basis for Catholic Action, a movement to encourage laymen, and Francesco Maria da Camporosso, a Capuchin monk who served in Genoa.

Two Escape Injury in Landing Mishap

BATTLE CREEK (AP)—Two crewmen escaped injury when their Michigan Air National Guard twin-jet RB 57 reconnaissance bomber skidded off the runway Saturday while attempting a landing at Kellogg Field.

Two crew members were identified as the pilot, Lt. David A. Hoyt, 25, of Battle Creek, and the navigator, Capt. Jere B. Fewless, 30, of Wayne.

Authorities said the left wing tank and the left landing gear were damaged and added there was minor damage to other parts of the plane.

The plane, a million-dollar craft when new 10 years ago, is attached to the 172nd TAC reconnaissance squadron.

False Alarm at Brink's

Spurs Action by Police

PROVIDENCE, R.I. (UPI)—Spurred by the 1950 million-dollar-plus Brink's robbery in Boston, police here Saturday surrounded Brink's Inc., when an automatic alarm sounded.

Brink's manager Joseph E. Lambert sheepishly explained he set it off accidentally while gaging an armored truck.

Most Believe Economy in Period of Sputtering Growth

(Editor's Note — Life on a plateau. Some businessmen say it could well be the new order of things, with prices, wages and activity all stabilizing. Whether this is likely, and how bad or good it would be if true, is surveyed in this the first of three articles.)

By DARDEN CHAMBLESS
AP Business News Writer

NEW YORK—The phrase "It's a Wonderful World" is printed on the ties an Atlanta bank president wears.

And the banker, Mills B. Lane of Citizens National Bank, soon has a visitor believing it is.

In fact, everyone in this bustling southern capital seems to bubble with enthusiasm.

But the feeling in Atlanta as it happens, is not at all typical of business sentiment across the nation.

CHAMBLESS

Summing up majority opinion, one Southwest banker described the current business scene as an "unhurried economy."

A sampling of businessmen and economists in different cities discloses few as satisfied with the current economic situation as Atlanta's Mills Lane. But the same interviews also found only a few taking a violently optimistic view.

STABLE ECONOMY

By far the majority see the American economy as going neither sharply up nor sharply down in the near future.

They envision several years of sputtering economic growth; unemployment staying about where it is, prices and wages fairly stable and profits tight.

And maybe, some say, this isn't so bad.

"You don't have to run a 100-yard dash every day to show you are healthy," says San Francisco retailer Cyril Magnin, president of Jos. Magnin Women's Wear.

What we have now, says Eugene C. Zorn, vice president of Dallas' Republic National Bank, is "an unhurried economy."

"The economy is on a firmer footing and the likelihood is considerably enhanced that we are moving away from the boom and recession pattern," Zorn says.

SOME DOUBTFUL
Several businessmen, however, joined in the doubts expressed by R. G. Follis, board chairman of Standard Oil of California.

"I just wonder if we can continue very vigorous very long," he said, "if we keep putting such a small percentage into capital growth. It's way below what the other industrial countries are doing."

PLAINWELL (UPI) — A runaway auto jumped a curb here yesterday, charged into four store fronts, knocked down four parking meters and ended its rampage after hitting a parked truck.

Police estimated the damage at \$3,000. No one was injured, although several passersby had to leap for safety as the vehicle careened down the sidewalk.

The car went out of control after its driver, Michael Kozar apparently crossed wires while trying to start it after the car stalled at a traffic light.

Kozar said he got out of the car and lifted up the hood and began to make some adjustments when the car roared into action and sped past him. Kozar said he apparently had left the car in gear.

Windows were broken and several walls damaged in a drug store, department store, dress shop and hardware store.

Buck Crashes Hotel

GALLATIN, Tenn. (AP)—Football fans in the Cordell Hall Hotel lobby were watching a professional football game on television Sunday when a six-point buck bounded through a plate glass window. The deer blew to death before help could be summoned.

Karl Brandt, who was on former President Dwight D. Eisenhower's council of economic advisers and who now heads the Food Research Institute at Stanford University, says not going up means going down.

"Once an economy starts sliding sideways," he says, "what's to prevent it from sagging? If we say we'll let it drift, we're forgetting our leadership."

On the other end of the opinion spectrum from the gloomy ones are those who forecast a giant upsurge in the economy.

But like those predicting bad times, they seem to be in the minority. Their chief difference from the majority things-on-a-plateau opinion is in their estimate how strong certain economic stimulants will be.

Bill Chartner of the Stanford Research Institute points to the maturity in the next few years of the postwar baby boom.

"This is a generation that's used to living pretty good, and services this will create as a fact they'll be buying a lot," he says, "you can already see it in auto sales. These upper-age teen-agers

enthusiastically because of the prospects of freer trade raised by the Trade Expansion Act of 1962 and the European Common Market."

Still others see the growing economic power of once-depressed minority groups as an important economic stimulant.

Lane cited the rising income of Negroes in his area and the heavy demand for goods and services this will create as a factor for good.

And many view the future en-

larging the free world into one pulsating trade area, says J. Paul Austin, president of Coca-Cola, "could mean all our gross national products increasing 5, 6 or 7 per cent a year."

"It is easy to imagine a stage of prosperity nobody ever thought about before."

Romney to Pick New Controller

Declines to Appoint Cabinet Choice Early

LANSING (UPI) — Gov.-elect George Romney is expected to announce his selection for the post of state controller this week, but he won't take advantage of Gov. John B. Swainson's offer to appoint his choice early.

The job was vacated last week when Democrat Ira Polley resigned to become executive director for the Michigan Council of State College Presidents.

Swainson said to help the incoming Republican administration he would be willing to appoint a new controller of Romney's choice, but Romney replied Saturday "It will be best for the new administration if all new state officials take office together Jan. 1."

"Taking advantage of your excellent cooperation, we have established fine liaison with the budget process. With such continued cooperation in this area we see no need to have our appointees as controller for the next three weeks."

Romney has said he has four men under consideration for the job and speculation in the capital city today was that Prof. James D. Edwards, chairman of Michigan State University's department of accounting and financial administration, is the favorite for the post.

Edwards said he has not been offered the post but a source close to Romney admitted the MSU faculty member was being considered. Edwards, who joined the MSU faculty in 1951, has been head of the department five years.

Edwards, 36, reportedly has been endorsed for the job by L. William Sedman, the unsuccessful GOP auditor general candidate, who has himself declined the post. Sedman has remained close to Romney since the election and is now serving as a member of the six-man "interim cabinet."

Crews Back on Job After 13-Day Strike

MAHWAH, N. J. (UPI) — Advance crews returned to work today at the Ford Motor Co. assembly plant here following settlement of a 13 day strike that halted deliveries to dealers throughout the northeastern United States.

Employees in the export, freight, maintenance and car delivery repair sections were the first back on the job.

The rest of the 4,350-man work force was scheduled to return tomorrow.

A Ford spokesman said it would take about one day to get the plant ready for the resumption of production.

He said new cars and trucks should start rolling off the assembly lines again sometime tomorrow.

Play With Broomsticks Makes the Difference

SHEFFIELD, England (UPI) — Two rugby teams beat a Sunday ban on athletics yesterday by using broomsticks instead of goalposts during their recreation.

A local official had told players, "If you do not use goalposts you can play. It is then classified as recreation and not a game."

In the last 2,000 years about 100 animals and the same number of birds have been wiped out forever.

News of Service Personnel

A certificate of achievement for meritorious performance of duty in Laos from November 1961 to September 1962 has been awarded Maj. Howard H. Bailey, son of Mrs. Marie Gal-laway, 1040 Glen-gary Road, Walled Lake.

BAILEY

Prior to his CONARC assignment, Maj. Bailey was budget and fiscal advisor to the Royal Armed Forces of Laos.

He serves in the finance and accounting division of USCONARC headquarters. Its primary mission is ground defense of the U. S., including Army-wide training and school activities. Maj. Bailey graduated from the University of Tennessee.

Airman Basic Philip R. Ather-ton, son of Raymond E. Ather-ton, 43105 Mound Road, Utica, is reas-signed to Sheppard AFB in Texas for technical training as a United States Air Force aircraft main-tenance specialist.

ATHERTON

Airman Basic Philip R. Ather-ton, who completed the first phase of his military training at Lack-land AFB in Texas, attended Uti-ca High School.

Airman Basic Philip R. Ather-ton, who completed the first phase of his military training at Lack-land AFB in Texas, attended Uti-ca High School.

Capt. Morry L. Wyman, former-ly stationed at McConnell AFB, Wichita, Kan., is now serving a B32 assignment at Columbus AFB, Columbus, Miss. Capt. Wyman flew B47s at McConnell since July 1958, compiling 3,676:50 hours in the B47.

Prior to his entry at McConnell, Capt. Wyman was stationed at Lake Charles AFB, Lake Charles, La. where he flew B47s for five years. His parents are Mr. and Mrs. Barney J. Wyman, 4964 Sher-well St., Waterford Township.

Sold Canned Fresh Air During London's Smog

LONDON (UPI) — Alex Lynes sold 100 cans daily of "English country air" at 35 cents each dur-ing last week's smog, the Sunday Times reported yesterday.

"People buy it partly as a joke," Lynes was quoted, "and partly to cheer up their friends in foggy weather."

AWAITS COURT DECISION — Ricky, a German shepherd dog, convicted of sheep killing in 1960, drinks milk with a cat while awaiting a U.S. Supreme Court decision in Virginia on a plea for a writ to stay his death sentence. The dog has been placed in a secret location for his own protection.

Explosives Barge Found on Lake Erie

CLEVELAND (AP)—A barge loaded with explosives that broke loose from its moorings has been located on the Canadian side of Lake Erie.

The 10-by-30 foot barge broke loose from its moorings at Ashtabula, Ohio, east of here, Saturday.

The barge, loaded with 2,000 pounds of explosives, went aground at Long Point, about 40 miles north of Erie, Pa., the Coast Guard reported Sunday.

In Los Angeles, three-fourths of the population drive to work.

Dem Group Plans Tactics for Rules Committee Fight

WASHINGTON (AP) — Top officers of the Democratic Study Group scheduled a meeting today to plan tactics in the vital rules committee fight that will come up again when Congress convenes in January.

The study group is a large, informal organization of House Democratic liberals, founded in 1958 largely to keep open lines of communication among like-minded congressmen.

It had about 125 members in the last Congress, and about 100 are expected to sign up in the next. But although it represents well over a fourth of the total House membership, the group has not tried to impose its will as a voting bloc. It lacks the cohesion and discipline that would require.

GOP Told to Quit Segregationists

PALM SPRINGS, Calif. (AP) — Directors of the volunteer California — Republican Assembly called on the national party leadership Sunday to stop supporting southern segregationists.

In a resolution, the assembly charged that the national Republican senatorial campaign committee "is supporting and applauding the election of segregationist candidates as Republicans in the South."

The resolution called for an all-out campaign for votes in the South, but said it should be "oriented towards southern progress rather than toward southern prejudices and reaction."

The housing shortage in Brazil is estimated at eight million homes, with 400,000 required annually to meet population gains.

formal organization of House Democratic liberals, founded in 1958 largely to keep open lines of communication among like-minded congressmen.

It had about 125 members in the last Congress, and about 100 are expected to sign up in the next. But although it represents well over a fourth of the total House membership, the group has not tried to impose its will as a voting bloc. It lacks the cohesion and discipline that would require.

The study group's stand on the rules committee fight has been stated by its vice chairman, Rep. Henry Reuss, D-Wis. — It wants to make the enlarged 15-man committee permanent, it wants a provision to bypass the rules committee after it considers a bill for 21 days, and it wants a third provision that the committee can block a Senate-House conference on a bill no more than seven days.

UP TO RULES GROUP

The rules committee determines whether a bill reaches the House floor. Long dominated by a conservative coalition of Republicans and southern Democrats, the committee was enlarged from 12 to 15 two years ago and supposedly "liberalized."

The change was made by a 217-212 vote after a tough fight and after the late Speaker Sam Rayburn pledged his own pres-

tige and influence in behalf of the move.

But that enlargement applied only during the 87th Congress. It will revert to 12 members when the 88th Congress convenes in January unless the rules of the House are changed permanently to keep it at 15.

Reuss and other study group leaders think a 15-man rules committee is essential for passage of much of President Kennedy's legislative program. "It is even more important now than it was two years ago," Reuss said.

IT'S UNCERTAIN

They think House Speaker John W. McCormack of Massachusetts will make a strong fight for enlarging the committee again, but aren't so sure he'll go along with the other two parts of the study group's package, the 21-day rule and the 7-day conference rule.

Group chairman John A. Blatnik, D-Minn., is in charge of negotiating with McCormack.

Ice cream was first served at White House dinner parties during the presidency of Thomas Jefferson.

These recipients of the Daughters of the American Revolution Good Citizens Award include (from left) Melodee Bowerman of North Andrews Street from Lake Orion Community High School; Marcia Booth

of Marmora Street, Clarkson High School; Brenda Forbush of Cherryland Street, Avondale High School; and Mary Bone of Ironton Street, Waterford Kettering High School.

DAR Honors 9 'Good Citizens'

General Richardson Chapter, Daughters of the American Revolution, presented nine area girls with the DAR Good Citizen Award during Thursday's meeting at the home of Mrs. T. W. Jackson of Mt. Clemens Street.

Each recipient, a high school senior, was selected by the faculty and students of her school. The pin represents the qualifications—dependability, service, leadership and patriotism—on which each candidate is judged.

In March, the nine students will join DAR Good Citizens representing high schools throughout the state as guests of the Michigan Society DAR at a luncheon meeting. At this time, the Michigan Good Citizen will be introduced, having been selected from DAR Good Citizens all over the state. The state winner will receive a United States Savings bond from the National Society DAR and will then submit an essay in the National Good Citizen competition. This winner will be announced in Washington, D. C. in April, during the national conference.

PINS TO MOTHERS

At Thursday's gathering, Mrs. W. H. O'Laughlin presented the pins to the mothers of the girls. They in turn pinned their daughters' Area DAR Good Citizens for 1962.

63 are: Brenda Forbush, daughter of Mr. and Mrs. Robert C. Forbush of Cherry-

land Street, a senior at Avondale High School; Marcia M. Booth, daughter

of Mr. and Mrs. Edward Booth of Marmora Street, Clarkson High School;

Nicole Kniffen, daughter of Mr. and Mrs. John J. Kniffen of Second Avenue, Pontiac Northern High School;

Mary Bone, daughter of Mr. and Mrs. Roy K. Bone, Ironton Street, Waterford Kettering High School;

Margaret Nothelfer, daughter of Mr. and Mrs. Karl Nothelfer, Elsie Drive, West Bloomfield High School; Janice Goines, daughter of Mr. and Mrs. Fred L. Goines, West Russell Street, Pontiac Central High School;

Melodee Bowerman, daughter of Mr. and Mrs. Burton Bowerman of North Andrews Street, Lake Orion Community High School; Karen Schultz, daughter of the Leonard P. Schultzes of Vreeland Drive, Rochester High School; and Marilyn Seiber, daughter of the Bernard E. Seibers of Riviera Terrace, Waterford Township High School.

Pontiac Central High School's DAR Good Citizen, Janice Goines (right) of West Russell Street, displays the pin each received from the General Richardson Chapter. At the left is Nicole Kniffen of Second Avenue, DAR winner from Pontiac Northern High School.

It's Custom That Bride's Parents Pay

By The Emily Post Institute

Q: I would like to know why it is considered the bride's family's obligation to pay for the entire wedding.

This seems very unfair to me, as the bridegroom's parents have just as much interest in the wedding as the parents.

It is their child too who is being married. Very often it is a great strain on the bride's family to give the type of wedding the bride and groom would like, and in many cases the bridegroom's family are in far better circumstances, so why shouldn't they be expected to pay half of the expenses?

A: For countless generations it has been customary for the bride's parents to give their daughter as nice a wedding as they can afford.

The bridegroom's parents, as the guests of honor, have never correctly shared in the expenses.

Q: Will you please tell me how one can tactfully disengage oneself from someone who is an utter bore? The other evening, while at a gathering at a friend's house, one of the guests sat down beside me and talked on and on about things that were of no interest to me.

I didn't want to be rude and get up and leave her, so I sat and listened and spent a miserable evening. Is there a polite way out of this situation?

A: When you find yourself seated next to someone who is a bore, you can say, "Excuse me, I have to speak to Mary Smith" or "my husband" or use any other excuse you can think of and get up and leave.

Q: Is a month after the death of my mother too soon for me to resume going to my afternoon bridge club and for my husband and me to join our evening Canada group which meets every other week?

A: If the bridge club is a small one at which all of the members are your friends, it would be entirely all right. If it is something to which a lot of strangers are invited, no. The same rule applies to the Canada group.

The Emily Post Institute offers readers booklets on a variety of subjects concerning etiquette. If you would like to have the booklet entitled, "The Bride's Trouseness" sent to you, please send 10 cents in coin and a self-addressed, stamped envelope to the Emily Post Institute, in care of this newspaper.

Marion Ladewig a Trim Grandmother at 48

Age Is Relative, Top Woman Bowler Says

By GAY PAULEY
UPI Women's Editor

NEW YORK — A talk with Marion Ladewig will jar any woman out of a sedentary slump.

Mrs. Ladewig, grandmother of five, at 48 ranks as one of the greatest women bowlers of all time and has a string of titles and honors almost as long as a bowling lane.

Naturally, she's a firm believer in the sport for firming up and keeping a figure. She's a walking example of what she preaches. Blonde, brown-eyed Mrs. Ladewig is 5 feet 3 inches tall, weighs a size 10 dress, measures 34-35-36, and says, "My weight fluctuates anywhere between 124 and 126 pounds."

"When does it go to 126?" I asked.

"When I don't bowl for a few days," she laughed.

"Bowling," said the champion bowler, "puts every muscle into use, teaches coordination and rhythm, tones the system..."

"Everyone can bowl, from the kids to grandpa and grandma."

Home, when her travels let her be there, is at Grand Rapids—Mich. A divorcee, Mrs.

Ladewig lives with her only child, LaVonne, her son-in-law, and their five children ranging in age from 8 years to 4 months.

Most of the time, she's on the go—either participating in bowling tournaments or as a representative of the Brunswick Corp. advisory staff of champions. This staff of some 125 men and women travels the nation to give clinics, usually in cooperation with a local bowling center.

"I average about 100,000 miles a year," she said, during a visit to New York. "Last year, it was nearly double, because I toured Australia to help introduce bowling there." In 1955, she toured Air Force bases in western Europe to hold exhibitions and clinics.

She had come to New York to help promote a cerebral palsy benefit tournament in which proprietors in Westchester, Putnam and Rockland counties were participating.

She takes a vacation from bowling each July — "then," she said, "I play golf."

Mrs. Ladewig copped her latest title Nov. 25, when she defeated Judy Audsley, 16, of

Kansas City, in the world's invitational tournament in Chicago.

She had won the invitational twice before, and is a record seven-time winner of the all-star tournament, sponsored by the Bowling Proprietors of America.

She has taken all-events in the Women's International Bowling Congress (WIBC) twice, the national doubles once, the WIBC doubles once, half a dozen other state and regional competitions, and is only woman bowler to win city (Grand Rapids), state (Michigan), and national (WIBC) titles in the same season, 1960-61.

She has been named Woman Bowler of the Year eight times since 1949, was the first bowler elected to the Michigan Athletic Hall of Fame, and was Michigan's Woman Athlete of the Year in 1953.

Mrs. Ladewig said her interest in sports began when she could barely toddle after her two older brothers, trying

always to emulate them. She began to bowl 25 years ago.

"When I first started, there weren't too many women in the picture," she said. "But gradually proprietors realized if they dressed up their centers and got the women interested, they'd get the whole family bowling."

Mrs. Ladewig's next tournament will be the all-star in Kansas City, Mo., Jan. 15-26. She will train for it, as she does for other competitions, by bowling for one to one and one-half hours daily for at least three weeks.

She said she doesn't train on any special diet — "but I eat a lot of steak," she said, "and I get eight hours sleep a night."

She was the oldest competitor in the recent world invitational, but laughed at the suggestion that age mattered.

"I had a 203 average in 72 games," she said. "So, I'm 48. But I finished seven points ahead (the equivalent of 350 pins) of everyone else in the tournament."

Donald H. Armstrongs

Wed In Candlelight

Donna Jean Dusenbury exchanged nuptial vows with Donald H. Armstrong Friday evening in the Oakland Park Methodist Church. Rev. James W. Deeg performed the candlelight ceremony.

The Lyle Dusenburys of Ellwood Street are parents of the bride, who chose a gown of white French lace and silk or-

ganza, styled with chapel train.

Her veil of imported English silk illusion fell from a crown of seed pearls and crystals.

White rosebuds, carnations and ivy were arranged in a bridal cascade.

Mrs. David T. Galloway of Lincoln Park, her sister's matron of honor, appeared in street-length sapphire blue peau satin.

She wore a matching Dior bow headband, white gloves and carried white carnations and pink rosebuds.

Dorothy Dusenbury handled her sister's guest book at the church reception.

The bridegroom, son of the Howard B. Armstrongs of Buick Avenue, had Richard Lundgren for best man, Michael Odle and David Galloway ushered.

Brown accessories and a corsage of Mary Jo rosebuds complemented a beige lace sheath dress for Mrs. Dusenbury. The bridegroom's mother clipped pink and white rosebuds to her royal blue knit sheath.

Mrs. Neil McCormick of Ellwood Street, Mrs. Carl Fox and daughter Sheila honored the bride at a pre-nuptial shower.

The newlyweds will live on Beach Street.

Set Up Rules—Abby

Can Halt Friendly Gabber

By ABIGAIL VAN BUREN

DEAR ABBY: My neighbor's father is a retired gentleman of about 75. He is very friendly and likes to visit the neighbors, but he doesn't shut his mouth.

When we go out in the evening, we're a 17-year-old girl to sit with the children. This old gent comes over in our absence and talks the poor girl's ear off.

She has complained to us, but we don't know how to handle it. We hate to tell the lonely old man to stay away, and I suppose his daughter is glad to get him out of the house.

Can you or any of your readers help me?

A PUZZLEMENT
DEAR PUZZLEMENT: The old gentleman is probably a little senile.

Tell his daughter that you have left instructions with your sister that no one is permitted in the house when she is sitting—and this includes her father.

She'll get the message.

DEAR ABBY: I have six children. The oldest is 9. Today I found a note in her pocket.

It was from a little boy (he is 10 or 11) who wrote he "loved" her and wanted to know if she "loved" him, too. Should I overlook this incident or do you think I should tell her the facts of life? I felt that she was too young until I read the note today.

When I was 9, I had no one to tell me the facts of life, and can't recall if I was curious then.

But I do know that when my mother finally got around to telling me, I had already picked up a lot of information the wrong way.

I don't want that to happen to my daughter. How much should a 9-year-old be told today?

INFORMATION PLEASE

DEAR INFORMATION: When your daughter becomes curious about "the facts of life," she will initiate the conversation. Answer every question frankly and without embarrassment. But don't bring the subject up until she does.

DEAR ABBY: The fellow

who has been dating me is getting on my nerves. He perspires a lot and when he breathes he breathes so heavy it drives me mad.

I have asked other people if they can hear him breathing, and they say no. But I can hear every breath, and it makes me nervous.

I know he can't help perspiring, but his hands get clammy when we dance and it bothers me. Should I tell him the truth about why I don't like him or should I just find somebody else?

BOTHERED

DEAR BOTHERED: Find someone else, honey. If you really cared for him, his "breathing" would become "sighs" and his perspiring would indicate "happy excitement." He is not for you—but someone else will think he's great.

DEAR ABBY: Do you know if a cow has to have a calf first in order to give milk or can she produce milk before she has a calf?

ROSE, TESS, MARCIA AND HELEN

DEAR R. T., M. AND H.: Yes, a cow must "calf" first in order to give milk.

DAR Good Citizens Marilyn Seiber of Riviera Terrace, Waterford Township High School; Karen Schultz, Vreeland Drive, Rochester High School; and Mar-

garet Nothelfer of Elsie Drive, West Bloomfield High School, were awarded their pins during a recent ceremony at the home of Mrs. T. W. Jackson.

Pianist Joseph Schwartz to Give Concert at MSUO

Nationally known pianist Joseph Schwartz will give a concert at 8:15 p.m. Friday in the student center at Michigan State University, Oakland.

Schwartz, a faculty member of the Oberlin, (Ohio) Conservatory of Music, will be making his second appearance at MSUO.

In February 1961 he took part in MSUO's Chamber Music Festival, along with Paul Olefay and William Preucil, formerly of the Detroit Symphony Orchestra.

Schwartz received both bachelor's and master's degrees from Juillard School of Music.

JOSEPH SCHWARTZ

School Club to Do Play

LeBaron School Drama Club will present a Christmas play, "Two Strangers From Nazareth," at the Parent-Teacher Association meeting Thursday, 7 p.m. in the multipurpose room. Margaret Harthe will direct the play, written by Graham DuBois.

The school choir, directed by Rosamond Haebere, will sing.

Refreshments will be served by home room mothers.

Tickets are free to MSUO students and to holders of MSUO concert-lecture series season tickets. Single tickets will be available at the door.

JOSEPH SCHWARTZ

Class Holds Yule Dinner

Fellowship Class of Baldwin Avenue Evangelical United Brethren Church held its annual Christmas dinner Friday evening at Antos Restaurant.

President Ray Riller welcomed the 20 members present and Wilbert Hiseock gave the invocation. Mr. Hiseock was presented with a gift by the group as their teacher.

Program chairmen were the Albert Lowes and the Leslie Bells. Dinner arrangements were directed by Mr. and Mrs.

Omar Johnson and Mr. and Mrs. Joe Waring.

At a recent election the following officers were elected: Mr. Riller, president; Mrs. Robert Walker, vice president; Mrs. A. Harold Persall, secretary; and Mrs. Wilbert Hiseock, treasurer.

The group will sponsor Christmas baskets for the needy. In charge of this project are Mr. and Mrs. William Killeen.

MRS. D. H. ARMSTRONG

Business Club Holds Annual Dinner Party

Members of the Pontiac Business Institute Women's Club gathered for their annual Christmas dinner party Friday evening in the Coach Room of the Waldron Hotel.

Following the Christmas program, monies earned from various projects were turned in and tagged for the Luella Minard scholarship fund.

Members brought gifts for the Oakland County Children's Home to the party.

An estimated 40 per cent of U. S. city dwellers do not drive private vehicles.

Victorian Chair Becomes Style

Remember those old Victorian chairs that used to grace ice cream parlors? A leading furniture firm is now shaping them from chrome-plated steel tubing and upholstering in circular cushions of buoyant foam rubber. The chairs can be purchased in colored or checked upholstery fabric.

Cookie Decor

NEW YORK — The holiday season can be made even lovelier by filling the prettiest containers you can find with the prettiest cookies you can make.

Try Cutting Food Costs

Those Dimes Add Up as Quick as Dollars

(Editor's Note—This is the first in a continuing series of question and answer articles on how to live within your income. If you have a question, write in care of The Pontiac Press; the author will answer those of most interest in her column.)

By MARY FEELEY
Consultant in Money Management

Dear Miss Feeley: You budget advisers are always singing the same song: "Save something out

of what you earn, no matter how small." Well, how about using your microscope on my budget?

Anything you find to save will be invisible to the naked eye. A working widow with two teenage boys. I have an income of \$419 a month.

And our expenses are \$420 a month! Part of the income is from Social Security and Veterans Administration grants for the boys' education.

Mortgage payments are \$73 a month, utilities \$46, food about \$145. Then there's the \$48 month-

ly payment on the car, my expenses on the job, clothes, drug bill, life insurance, and the cleaning woman I can't do without.

Where do you see those extra dollars to put into a savings account?

Mrs. Clara W., Cleveland
Dear Mrs. W.: Without even polishing the lens, I can see one figure that's fatter than it needs to be. Why can't you peel a few dollars off that food allotment?

I know that a couple of teenage boys can eat everything you put on the table, including the place mats. But they can survive and even thrive on less than you're spending now.

You should be able to cut that figure to about \$128-\$130, which will at least put your expenses within your income by a hair's breadth.

You'll have to spend your evenings planning meals and food purchases, of course, in order to get the most nutrition for the least amount of money.

But you won't be the only woman poring over market lists and cookbooks, you can be sure of that!

SAVINGS ACCOUNT
Now for the savings account. Think in terms of dimes as well as dollars.

Have you tried slicing a bit off what you've been spending on gifts, donations to charity, reading material?

I pick on those items because they're so apt to add up to more than you realize. Try cutting your car operating costs, making each trip serve for several errands.

See if you can't cut those utilities, which seem on the high side — especially watch your use of electricity, telephone and water. Clothes care can get out of hand, too, unless you stick to washables.

Club Holds Its Annual Brunch

Some 45 members and guests attended the annual Christmas brunch of the Pontiac Business and Professional Women's Club Sunday at Devon Gables Tea Room.

Margaret Hartha opened the program with several selections from the Alfred Burt Carols. The majority of the gathering had known the composer, the late Alfred Burt of Pontiac. Accompanist was Jean Panerotes. Concluding the musical portion of the program was a duet sung by Miss Hartha and Bonnie Davidson.

"Magic Under the Mistletoe" by Ann Pinchot was reviewed by Mrs. Ralph Forman. A color travelogue of the Holy Land was presented by Mrs. E. C. Carlson. Group caroling concluded the program.

In charge of arrangements for the annual affair was Lola Sandage. Jane Danton assisted.

Plans were made through the Visiting Nurse Association for members to bring gifts to be given to elderly persons at Christmas.

Guests present were Mrs. Jack Brannack, Li Jan Davidson, Mrs. Gordon Rice, Mary Kelly, Grace Gordon, Mary Heltch, Janet Heltch, June McMan, Mary Jo Willets, Bonnie Walts and Karen Miller.

Also present was past president of the club, Harriet Gates of Roscommon, and the Pontiac Business and Professional Women's Club scholarship student at Michigan State University, Karen Kessler.

Child Group Meets at Thiede Home in City

Mrs. William Thiede, president of the Child Culture Club of Pontiac, was hostess to the group Thursday evening in her home at Sylvan Lake.

Moderators of a panel discussion entitled "Should Teens Marry?" were Rev. William Grafe of St. Mark's Lutheran Church, Union Lake; and counselors Donald Grothe of Seaholm High School, Birmingham and Dean Smith of Walld Lake Junior High School.

Youngest Delegate

U.N. Post Thrills Gal of 24

GILBERT YOUTH SERVICE

When the youngest delegate to the United Nations walks into the oval-shaped conference room to take her place with 110 representatives on the administrative and budgetary committee, she is fulfilling a dream of long standing.

In fact, she is so electrified by finding herself in this post she often feels she's still in a dream world.

Which gives you an idea of the kind of bubbling excitement Tonia Moffat of Australia brings to her work.

On a three-month assignment to the United Nations, 24-year-old Tonia says she has been interested in such a career since she was a teen-ager.

DUAL HONORS
After taking honors in German and political science at the University of Melbourne, she won a scholarship to Bonn University. By this time, she was one of the few women to have found a spot with Australia's Department of External Affairs.

Each morning she reports to the office of the Australian Mission to the U.N. and then spends the rest of the day in meetings. Weekly, the Mission staff meets for briefings.

The attaché case comes home with Tonia at night to her hotel where she surveys her big studio apartment with satisfaction.

Though her salary is low—\$93 every two weeks— from her housing allowance of \$161 a week Tonia can save quite a bit.

"Women in the foreign service," she comments sadly, "get paid less than men, but the allowance is more than generous."

Tonia has been assigned to the Australian Embassy in Bonn after her U.N. tour of duty ends.

NO LONG RANGE PLAN
Does she contemplate a long-range career in foreign service? Tonia isn't planning that far ahead.

"I hope I don't have 'career' written all over me in large red letters. One never knows when one will meet who will change that career idea. And you cannot remain in external affairs if you marry."

Tonia Moffat of Australia, the youngest delegate to the United Nations, settles down in her New York hotel room.

Relieve Tension

Try Exercise After Work

By JOSEPHINE LOWMAN
Nervous tension is a deceiver because it can make you feel absolutely exhausted physically.

When you feel exhausted from pressures or concentrated mental effort or from emotional turmoil, there is nothing which is such a sure-fire refresher and cure as exercise.

I know how you feel because I have been caught in that trap myself.

Only recently I had been writing copy all day long. My husband came home and said, "How about a walk?" I said, "Oh, brother, that's all I need! I just want to lie down a bit before dinner," knowing full well that what I really needed was some fresh air and exercise.

So, lured by my knowledge and past experience concerning the value of exercise, by my husband's companionship and by the gorgeous late afternoon sunshine which would soon turn into a beautiful sunset, I put on my walking shoes and we went for a brisk three-mile walk.

I must admit that to get going I had to pull myself up by my bootstraps, or rather my heels, since I do not wear boots when writing copy.

FELT BETTER
After about a half-mile I felt more like dancing than walking.

The sparkling air, the increase in circulation and respiration, the lovely countryside, the good feeling of muscles working smoothly, banished all my feeling of fatigue and I slept like a baby that night.

Too often the person who needs the exercise most does not get it. The person who does sedentary work may feel extremely tired physically, and therefore does not exercise. The root of the trouble is not physical fatigue.

And, don't let the weather be an alibi for not exercising! A walk can be wonderful even in cold weather, if you dress for it.

If the elements are too hectic to go outdoors for your exercise, put on some records and exercise inside.

Here's a good one to use: Stand erect with the feet a comfortable distance apart, arms raised sideways. Bend over to the left.

As you bend, raise the right arm upward and hold it close to the ear. Straighten the trunk, returning arms to the shoulder-height position.

Bend over to the right, raising the left arm up and close to the ear. Raise the trunk and return arms to the shoulder height position.

If you would like to have my short routine, send a stamped, self-addressed envelope with your request for leaflet No. 19. Address Josephine Lowman in care of The Pontiac Press.

Of the 10 major volcanoes in the Philippines, the largest is Mount Apo, 9,690 feet high.

PERRY PHARMACY'S
MEDICAL MIRROR
Calories Do Count

Q. I have been taking CDC (Calories Don't Count) Capsules for weight control but I understand that the product has been withdrawn from the market. Why?

A. CDC Capsules were withdrawn from the market because the product was misbranded by false and misleading claims in the book "Calories Don't Count."

Investigation by the Food and Drug Administration brought to light a surprising story of how this best-selling book was deliberately created and used to promote and sell these worthless softener oil capsules for treatment of obesity, cardiovascular diseases and other serious conditions.

The book, supposedly written by a doctor, was mainly the work of laymen. According to FDA, the book is full of false ideas, as many competent medical and nutritional writers have pointed out.

What drugs will your next prescription call for? Because no one can answer this question, we carry thousands of prescription drugs in stock so those prescribed for you will be instantly available.

Dinner to Aid
Furnishing of
Playground

The playground equipment committee of Benjamin Franklin School will hold a parents' dinner Wednesday at 6:30 p.m. in the multipurpose room, to raise funds for playground equipment for the school.

Mrs. Lester Busbee, committee chairman, announced that Mrs. Leo Shoddy of Macedonia Baptist Church will open the program.

Mrs. Arthur Jackson of Bethel Baptist Church, and Walter Moore and Eugene Rush, Macedonia Baptist Church, will also appear.

The public is welcome. Tickets may be obtained at the door or from Mrs. Cornelius Lee Crawford of Crestwood Street.

Poodle, Top Dog

NEW YORK — The poodle continues to be America's top breed. Next in favor are the beagle and the dachshund.

Polly's Pointers

Tub-Bleach Driftwood

By POLLY CRAMER
Newspaper Enterprise Assoc.

DEAR POLLY—Driftwood lovers, here's a hint for you. If you want your driftwood to have that professional look, bleach it in the bath tub.

I cover the wood with water overnight. Pour bleach in the water and pour some on the dry wood and let stand before putting in the water.

Next morning, take it out and set in the sun to dry. The amount of bleach to use is up to you. I use a small bottle for two medium-sized pieces.

DEAR POLLY—Have you ever tried to root a small flower cutting only to find that it kept falling into the glass? Take a small juice glass, or better still, a paper cup.

Cut a cardboard disc slightly larger than the top of the glass. Punch a hole in the disc big enough to insert the stem of the cutting. The tip of the plant will be in water and the rest will be high and DRY.

DEAR POLLY—I have a fur coat in good wearable condition but do not feel it warrants an expensive professional cleaning and glazing job.

Do any of the readers have a good tip as to the proper way to thoroughly clean it at home? I want to do it myself.

DEAR POLLY—Here is a way to make your washdays easier. Have your dryer put up on a platform.

Mine is 16 inches high. I do not have to bend or stoop to get the clothes in or out of the dryer. No more backaches for me.

DEAR POLLY—In a hurry to dry a pair of gloves for that all important date? Simple. Just insert the base of your hair dryer into one glove at a time and turn on the heat.

Share your favorite homemaking ideas . . . send them to Polly in care of The Pontiac Press. You'll receive a bright, new silver dollar if Polly uses your ideas in Polly's Pointers.

MRS. THEODORE STAFFORD

Pair Weds
in Informal
Ceremony

The Friendly General Baptist Church was the setting for the Sunday afternoon vows of Mary Fern Persul of Clarkston and the Vestal Staffords of Summit Street.

Receiving guests with the newlyweds in the Eagles Lodge were their parents, the Clifton Persuls of Clarkston and the Vestal Staffords of Summit Street.

The bride wore a street-length sleeveless dress of white silk brocade and matching bolero. A seed pearl caplet held her shoulder-length veil of illusion. She held a hand cascade of white lilies and roses.

Nancy Jean Persul was her sister's only attendant. Daniel Schuster of Berkley was best man. Seating guests were Jerry Helzel of Clarkston and Van Eldon Stafford.

The couple will live in Pontiac.

Plans Luncheon
Webford Club will have a cooperative luncheon at 12:30 Thursday at the home of Mrs. Harry Tribble on Porter Road. Gifts will be exchanged.

PTA Slates
Brisk Week

John Monteith School Parent-Teacher Association Executive Board members and spouses plan their annual Christmas party at the school 8 p.m. Tuesday.

Tree trimming, carols and refreshments are on the agenda.

Christmas art and music will provide the theme for the Monteith PTA's open house Wednesday and Thursday evenings, 7 to 8 o'clock.

We Provide Service

We Don't Make a Penny

By DR. GEORGE W. CRANE
Case 0-401: Alice D., aged 20, is a college senior.

"Dr. Crane," she began, "I recently watched a TV show in which several women-advocate columnists participated."

"One of them claimed to attract a huge mail to the papers that run her column," and she said she reads every letter that comes in.

"Doesn't that seem rather exaggerated? I have doubted her word ever since."

MAIL FACTS

If her secretaries had previously opened all those let-

ters for her and had them neatly stacked on her desk, this advocate columnist still couldn't cover more than 25 letters per hour.

So if she spent eight hours per day doing nothing else but read her mail, she would thus be able to cover only 200 letters.

In any case, you readers send me an average of 1,000 letters a day but fortunately most of you ask for a booklet, such as "Sex Problems in Marriage" or "How to Lose 10 pounds in 10 Days," etc.

Thus, it isn't necessary for me to devote my valuable time as a doctor to reading those simple requests.

But when you include personal problems and ask for special advice, then I read such letters personally.

"Dr. Crane," some of you have probably wondered, "surely the mail service must make a big profit at 20 cents per letter, doesn't it? So why do you tell us it is strictly a non-profit, philanthropy form of newspaper education?"

And that is a question that a lot of college professors also raise, for most Americans have little understanding of business costs.

For instance, the editor of a large Minnesota daily tartly asked the sales manager of the Hopkins Syndicate:

"How many millions of dollars has Dr. Crane made from the dimes our readers send to him?"

So it is high time to puncture this false notion about business costs.

Dartnell Corporation, which is expert at analyzing business methods, recently reported that the average cost of each letter written by a business executive is \$1.97. Please note, I said \$1.97.

For most of you readers visualize a letter as costing only 4 cents for the postage stamp required! You're \$1.93 short! Here is the Dartnell breakdown: 35 cents of that cost is for the time of the executive who dictates at seven minutes per letter (and on the assumption his salary is only 125 dollars per week).

The stenographer gets 75 cents (on a salary of about \$300 dollars per month for a 40-hour week). Her output is considered 20 letters per day! Fixed charges run to 44 cents, plus 11 cents for mailing and 8 cents for materials. Non-productive labor adds 17 cents per letter and even the filing runs 5% cents.

IT DOESN'T PAY

So when I say your 20 cents doesn't pay for the mail service that this great newspaper renders to your wide area, you can see I'm not joking.

That's why I must also donate 20 speaking dates per year, all proceeds of which go to underwrite an average of

fifteen thousand dollars loss on this newspaper mail service. Remember, too, that I also donate my time for dictating all personal replies and receive no royalties whatsoever on the booklets!

We maintain this mail, however, because it is a very helpful educational service, as thousands of you can attest.

So be grateful to your newspapers and don't malign your editor or me by saying we make a penny from your letters.

(Copyright, 1962)

Harmony Unit Plans Concert at Ferndale

South Oakland County Suburbanette Chapter of Sweet Adelines, Inc., will present a Christmas concert in barber-shop harmony Saturday at Ferndale High School, 8:15 p.m.

"Come Let Us Sing of Christmas Day" will feature the SOC Chorus and the SOC Echoes, who are children of SOC members. The performance will benefit the Penick Nursery for the visually handicapped in Detroit.

Director is Mrs. Robert Craig of Farmington. Ticket chairman is Mrs. John Oliphant of Royal Oak. Further information and tickets may be obtained from Janice Smith of South Marshall Street.

Styled by Fredrica of Azurene, this jacket of Emba natural blue-grey mink, is worked entirely in the "round." Pelts have been fashioned circularly throughout to show one of the most important trends in fur: fit with just a slight bit of flare.

Creamy Holiday Salad Flecked With Crimson

BY JANET ODELL

Pontiac Press Food Editor

We have published many recipes for cranberry salad, but today's is a little different.

Mrs. Eugene Grantham of Milford who sent it in says it goes well with ham and fowl.

CRANBERRY SALAD

By Mrs. Eugene Grantham

1 pound fresh cranberries, ground
1 pound marshmallows, cut up
1 can (No. 2) crushed pineapple
1 cup sugar
1 cup whipped cream
Blend all ingredients together. Chill thoroughly. Makes 6-8 servings.

Tormenting Rectal Itch Stopped In Minutes

Science Finds New Healing Substance That Promptly Stops Itching and Pain of Piles

New York, N. Y. (Special) — One of the most common afflictions is a condition known as "itching piles." It is most embarrassing for the victim during the day and especially aggravating at night. No matter what you've used without results — here's good news. For the first time, science has found a new healing substance with the astonishing ability to promptly stop the burning itch and pain. It actually shrinks hemorrhoids — without surgery. Medical science has proved this substance produces a remarkably effective rate of healing. Its germ-killing properties also help prevent infection. In one hemorrhoid case after another "very striking improve-

ment" was reported and verified by a doctor's observations. This improvement was maintained in cases where a doctor's observations were continued over a period of months! Among these sufferers were a wide variety of hemorrhoid conditions, some of 10 to 20 years' duration. The secret is this new healing substance (Bio-Dynex) — discovery of a world-famous research institution. This substance is now obtainable in ointment or suppository form known as Preparation H. Ask for Preparation H Suppositories (convenient to carry if away from home) or Preparation H Ointment with special applicator. Available at all drug counters.

Expect Construction to Start Soon in Georgia

Over \$52,000 Donated to Rebuild Negro Churches

DAWSON, Ga. (AP) — More than \$52,000 has been donated for rebuilding three Negro churches destroyed by fire during summer racial troubles in this southwest Georgia area.

Construction is expected to start by early next year with money collected in several fund drives, plans donated by an architect and stained glass windows contributed by Cistercian monks at a monastery near Atlanta.

Rebuilding of a fourth fire-damaged Negro church is nearing completion as a project of white residents who vowed to do the job without outside help.

First of the churches to burn was Shady Grove Baptist Church near Leesburg, 19 miles east of Dawson and about 20 miles north of Albany where hundreds of Ne-

groes were jailed during 10 months of racial troubles. Shady Grove burned before dawn on Aug. 15.

A MONTH LATER

Then on Sept. 9, flames raced through Mount Olive and Mount Mary Baptist churches in the Sasser area a few miles southeast of Dawson.

The Sunday morning fires fanned a wave of indignation in Georgia and the nation, resulting in the fund drives to rebuild the three churches.

Both Shady Grove and Mount Olive had been used by an interracial youth group for Negro voter registration meetings. The pastor of Mount Mary was active in desegregation efforts at Albany.

The three churches had a com-

bined value of \$12,000 to \$15,000. Cost of the new structures hasn't been determined but estimates range from \$15,000 to \$30,000 each.

Modern structures with exposed beams and traditional steeples will rise in the place of the old frame or concrete block buildings. Plans drawn by architect Joseph Amisano of Atlanta provide for 300-seat auditoriums, as compared with the old seating capacities of 150. Two stained glass windows will be placed in the front of each structure.

NO COMPARISON

"There will be no comparison between the old churches and the new ones," said Dr. W. G. Anderson, president of the pontiaguan Albany Movement and one of the leaders in the rebuilding program.

"The old churches were crudely made," he said. "Shady Grove, for example, was heated by pot-bellied stoves."

Anderson said it is hoped that enough money will be raised to include central air-conditioning. Funds for the three churches are being raised by Jackie Robinson, Negro athlete who heads a national campaign; the Atlanta Constitution; capital newspapers of Albany, N.Y., and several other organizations.

Work on the fourth church, High Hope Baptist near Dawson, is nearly completed. The 75-year-old

frame structure burned Sept. 17 and white residents pledged to rebuild it.

"We hope it will be completed around Christmas," said Mayor Carl Rountree, who headed the rebuilding campaign.

"We raised a little more than \$4,000," Rountree added. "The biggest part of our labor and a lot of materials were donated."

The new church is of concrete block — modest but a big improvement over the original building.

As the fund drives were being organized, federal agents arrested

three white men on charges of burning the High Hope Church. They pleaded guilty and were sentenced to seven years imprisonment by a state judge.

Two white men have been charged with burning the Shady Grove Church and authorities still are investigating the other two fires.

Richmond Turns Down Three-Mill Tax Increase

RICHMOND (AP) — Voters turned down a three-mill increase in property taxes by a 600 to 527 margin Saturday for this northeast Macomb County community.

School superintendent Carl Kraus said lack of funds means the school district's \$405,000 budget for the 1963-64 school year will produce a \$115,000 deficit.

9 Are Injured in 2-Car Crash

6 Still Hospitalized by Avon Twp. Collision

Nine persons were injured yesterday, six of them seriously, in a two-car collision in Avon Township. One of the cars contained six teen-agers.

The accident occurred shortly before 2 p.m. at Dequindre Road and South Boulevard.

Most seriously injured was one of the drivers, Jeffrey N. White, 17, of Detroit. He is listed in critical condition at St. Joseph Mercy Hospital with head and chest injuries.

He has been unable to make a statement to police.

The other driver, Walter Keller, 55, of 1960 Maham St., Hazel Park, told sheriff deputies that he was going north on Dequindre and saw the other car enter the intersection but was unable to avoid the collision.

Keller suffered a fractured spine in the accident and is listed in fair condition at the hospital. Police said there was a stop sign on South Boulevard but it had been knocked down.

Passengers in White's car who were admitted to St. Joseph Mercy Hospital were:

Lynn Prowse, 16, of Wyandotte; fractured spine and face lacerations — fair condition; Michael Prowse, 13, of 8714 Pemberton St., Utica; face, scalp and head lacerations — fair condition.

Other passengers in White's car who were treated for minor injuries and released from the hospital were Patricia A. Chait, 15; Dennis D. Dryden, 17, both of Detroit; and John Prowse, brother of the injured Utica boy.

Keller's wife Mary, 52, and another passenger, Douglas Gouine, 16, of the Hazel Park address, are both listed at the hospital in fair condition.

Mrs. Keller suffered a fractured left leg and right arm. The youth suffered a fractured left thigh.

AWOL Soldier Captured by Social Worker

COLORADO SPRINGS, Colo. (UPI) — An AWOL paratrooper who became an elusive Pike's Peak hermit was finally captured yesterday — not by police who have been hunting him for six months but by a woman who went up the mountain to feed birds.

The runaway soldier, 22-year-old Pvt. Fred H. McKee, of Wilkes, Calif., was nabbed by pistol-packing social worker Neva Stoddard, 39.

Several months ago when McKee had a close escape from officers who came within yelling distance, he shouted he would never be taken alive.

Miss Stoddard went to her summer cabin on Pike's Peak to refill a bird feeder. She took along a .22-caliber pistol in case she ran into the bearded prowler spotted on the mountain last week.

Stepping inside the cabin, she found McKee. He was sitting in a comfortable chair, reading a book and munching popcorn, according to sheriff's officers.

The social worker aimed her gun at the uninvited guest and ordered him to march to a nearby cabin, where sheriff's officers were phoned.

Pontiac Area Deaths

EDWARD F. GELISKE
Edward F. Geliske, 71, of 156 Liberty St., died yesterday at Pontiac General Hospital following a long illness. His body is at the Donelson-Johns Funeral Home.

MRS. ISIDORE HAMBERG
Mrs. Isidore (Anna) Hamberg, 78, of 121 Putnam Ave., died Saturday at Pontiac General Hospital following a short illness. Her body is at the Hulton Funeral Home.

MRS. MILTON E. HARRINGTON
The Rosary will be recited for Mrs. Milton E. (Olivia C.) Harrington, 71, of 2843 Orange Grove Drive, Waterford Township, at 7 p.m. Wednesday at the Coats Funeral Home in Drayton Plains. Service will be Thursday at 11 a.m.

RAYMOND RUGGLES

Royal Arch Masons to Install Leader

Installation of Raymond Ruggles, 6142 Reese Road, Clarkston as excellent high priest of the Royal Arch Masons, Oakland Chapter No. 5, will be held Wednesday.

The 8 p.m. public ceremony will be conducted at the Masonic Temple, 184 E. Lawrence St.

Others taking office include Gene Walters, king; Earl Brunson, scribe; James Chipman, treasurer; and Robert Brynes, secretary.

Seek Way to Solve British Farm Block

BRUSSELS (UPI)—Britain and the six European nations today started a three-day effort to solve farm problems blocking Britain's entry into the Common Market.

Both sides appeared to be marking time until a marathon "dow-die" session, set for next month under the chairmanship of Belgian foreign minister Paul-Henri Spaak.

The Euromart nations want the British farm subsidy system scrapped and replaced by their own system of subsidies to consumers.

Invalid Goes to Jail for Being Too Active

NEWBURY, England (UPI)—David Hoggett, 33, who has been paralyzed from the chest down since 1956, goes to prison for 14 days tomorrow for refusing to pay a \$14 fine.

The fine was imposed after he took part in an antinuclear demonstration at a U.S. air base.

a.m. at Our Lady of the Lakes Catholic Church. Burial will follow in the Catholic section of Lakeview Cemetery.

Mrs. Harrington, a member of Our Lady of the Lakes and its Rosary Guild Altar Society, died early today at her home following a long illness.

Surviving besides her husband are one son, Gerald M. of Greenville; one daughter, Mrs. Jack Casey of Grand Rapids; three sisters; one brother; and 12 grandchildren.

FRANK J. HOCEVAR
Frank J. Hovevar, 72, of 1600 Parkway Drive, Sylvan Lake, died today at Pontiac General Hospital. His body is at the Donelson-Johns Funeral Home.

MRS. JOSEPH DAVIS
NEW HUDSON — Service for Mrs. Joseph (Mabel A.) Davis, formerly of New Hudson, will be 1:30 p.m. Wednesday at the Phillips Funeral Home, South Lyon. Burial will follow in New Hudson Cemetery.

Mrs. Davis died yesterday after a lengthy illness. Surviving are two sons, Raeburn of Lincoln Park and Elberta of Detroit; two daughters, Mrs. Chester Beal of Ypsilanti and Mrs. Arthur Gambill of Hillsdale; a brother, nine grandchildren and eight great-grandchildren.

MRS. MARION STOCK
BRANDON TOWNSHIP — Service for Mrs. Marion (Josephine) Stock, 57, of 3 Baldwin Road, will be 1 p.m. Wednesday at the Boscard Funeral Home, Oxford. Burial will follow in Mount Pleasant Cemetery, Oakwood.

Mrs. Stock died yesterday in Pontiac Osteopathic Hospital after a lengthy illness. She was a member of the Women's Society of Christian Service of Lakeville Methodist Church.

Surviving besides her husband are a sister, Mrs. Edith St. Clair of Oxford, and a brother, Charles Leach of Oxford.

MRS. LEWIS G. MELOSH
AVON TOWNSHIP — Mrs. Lewis G. (Mary J.) Melosh, 83, of 307 Winry St. died yesterday after a long illness. Her body is at the Pixley Funeral Home, Rochester.

Surviving are two sons, Francis of Avon Township and Arthur of Livonia, and four grandchildren.

MRS. FAY WENDELL
HIGHLAND TOWNSHIP — Service for Mrs. Fay (Jennie) Wendell, 88, of 3432 N. Milford Road will be 1 p.m. tomorrow at Richardson-Bird Funeral Home, Milford. Burial will be in Rose Center Cemetery, Rose Township.

Mrs. Wendell died Saturday after a long illness.

Surviving are a son Harry of Highland Township, three grandchildren and eight great-grandchildren.

Road Mishaps Injure Three

Ruby Tunnell, 20, of 2616 Dixie Highway, Waterford Township, is in satisfactory condition today in Pontiac General Hospital after an accident at noon yesterday at Scott Lake Road and Dixie Highway, Waterford Township.

Miss Tunnell suffered possible back injuries when the car in which she was a passenger was hit by a car driven by Mrs. Hester Green, 39, of Flint. Mrs. Green told police her car slid out of control on the icy road.

Mrs. Green's car was headed southeast on Dixie Highway when it slid into the other auto driven by Joseph Miller, 48, of 3921 Iris Drive, Waterford Township. Miller's car, headed south on Scott Lake Road, was stopped at the traffic light.

In an accident Saturday night, a car driven by Mary Ellis, 42, of 3135 W. Mann Road, Waterford Township, went off the road in the vicinity of Silver Lake Road and Walton Boulevard. She is reported in satisfactory condition at Pontiac General Hospital.

Also admitted to Pontiac General Saturday was Wilbur Lounsbury, 51, of 110 Haines St., who was struck while walking across W. Huron Street near Telegraph Road, by a car driven by Stephen Polk, 18, of 62½ N. Johnson St.

Lounsbury, whose condition is satisfactory, told police he couldn't remember anything about the accident. Polk said the pedestrian walked in front of his car.

Soviets Offered Cruises to 'Caribbean Island'

MOSCOW (UPI) — Soviet citizens today were offered winter cruises to sunny Cuba. The Tass news agency said

three cruise liners, including the Nikita Khrushchev to New York in 1960, will make the trip twice monthly.

More than 40 per cent of the income of Americans is spent for services.

Elusive Thief Nabbed in Detective's Garage

REDONDO BEACH, Calif. (UPI) — Carl Zamora pulled into a street deserted except for a solitary stroller yesterday and abandoned a stolen car before ducking into a garage to elude pursuing police.

Unfortunately, the stroller was an off-duty policeman who collided with Zamora in the garage of a Los Angeles detective.

Rail Executive Dies

PITTSBURGH (AP) — Frank K. Mitchell Jr., 62, an assistant vice president of the New York Central system and the Pittsburgh and Lake Erie Railroad, died Saturday.

This announcement is neither an offer to sell nor a solicitation of an offer to buy any of these securities. The offer is made only by the Prospectus.

Donal H. Johns
Beauty and Simplicity . . .
Often lend grace to each other. In the handling of floral tributes at a funeral, this is especially true.
The Donelson-Johns Funeral Home has high regard for the beauty that careful arrangement of flowers can add to a funeral. We know well the feeling that is conveyed to the family by our extra care.

Rocky to Run Against Kennedy, Not GOP Rivals

By JACK BELL

WASHINGTON (AP)—When Gov. Nelson A. Rockefeller cranks up his campaign for the 1964 Republican presidential nomination about five months from now, he intends to run against President Kennedy rather than potential GOP rivals.

This strategy decision, reported by one of the New York governor's closest associates, is based on what his advisers believe are the necessities of any effort to beat Kennedy, rather than overconfidence about obtaining the nomination.

Rockefeller's associates know the governor isn't going to get the party prize without fighting for it. They are well aware GOP conservatives will make a massive effort to head him off.

But Rockefeller's associates obviously think the nomination isn't going to be worth unless the man who gets it has already laid the groundwork for the general election campaign by establishing his position in opposition to the Democratic president on major issues.

Rockefeller's decision also offers the prospect of splitting the kind of party dividing battle.

DELAYS DRIVES

Rockefeller is delaying any signal for pre-nomination organization work until a month after his state legislature adjourns. For practical purposes he will not be free until May to give much time to any quest for the nomination.

Partly because of this, the Rockefeller people have written state GOP officials that they have authorized no groups to sponsor the governor's candidacy.

As an example, they ran into a situation in Wisconsin where three different groups of Republicans were trying to get the nod to sponsor his name in that state's primary.

George L. Hinman, New York national committee chairman, sidetracked this and similar controversies with letters to party officials promising they would be notified before any move was made in their state to attempt to gather delegates for the 1964 convention.

Rockefeller's decision to delay

his drive for the nomination fits in with the plans of a couple of potential rivals, Sen. Barry Goldwater, R-Ariz., and Gov.-elect George Romney of Michigan.

Richard G. Kleindienst, Arizona state chairman, said he thinks Goldwater will take a hard look at developments in the next few

months before he makes any final decision on whether to plunge into the nomination race.

'NO COMMITMENTS'

Denying that Goldwater has any advance knowledge of a recent secret meeting in Chicago at which conservatives boomed the

senator for the nomination, Kleindienst said he is sure Goldwater has withheld any commitments.

The Arizona chairman took issue with Goldwater's own position that he can't go out after the presidential nomination without endangering his chances of being re-elected to the Senate in 1964.

Kleindienst said he thinks Goldwater could go into some of the early presidential primaries and, if he found his support in them unsatisfactory, could run again for the Senate.

John B. Martin, Michigan national committeeman, predicted

in a separate interview there will be no move to push Romney into the presidential picture until after the new governor has had a year or so to get squared around in a new unfamiliar office and to grapple with state problems.

There has been some talk, too, of Gov.-elect William W. Scranton

of Pennsylvania as a possible contender for the GOP nomination in 1964. Asked Sunday on a television interview program NBC—Meet the Press, if he would reject a draft, Scranton replied: "No, but I think the possibility of a draft is so remote I don't give it much thought."

RELATIVES WAIT—Going into the fourth night of waiting and hoping, relatives of 32 coal miners gathered yesterday at the Robena No. 3 mine at Carmichaels, Pa. Thirty-seven

men were trapped in an explosion last Thursday afternoon. The bodies of 15 of the victims have been recovered thus far.

AP Photo/Ex

Recover 8 More Bodies Today in Blast-Rocked Coal Mine

CARMICHAELS, Pa. (AP)—Rescue teams probing an explosion-rocked coal mine tunnel, where 37 miners were trapped, located today an increasingly higher number of bodies.

The bodies of eight more victims were sighted, bringing to 15 the number of miners accounted for and leaving 22 still missing. The bodies were in an area 110

feet in advance of a fresh air base located 1,758 feet from where a tremendous blast occurred Thursday afternoon at the U.S. Steel Corp. Robena No. 3 mine at a depth of 650 feet.

A U.S. Steel spokesman said the mine's ventilation system in the area where the latest bodies were sighted is "completely disrupted."

Repairs to the ventilating system will take considerable time, and it will be a while before it is possible to recover the bodies, he said.

7 FOUND ON WEEKEND

Rescue workers recovered six bodies Sunday and one on Saturday from the soft coal mine located some 50 miles northwest of Pittsburgh.

The latest discovery bore out a prediction by Lewis Evans, state secretary of mines, that there is a good possibility rescuers may reach more men within the next 1,000 feet.

Evans said he believed most of the entombed miners were at 1,000 feet from the mine face—the farthest point of digging at the time of the explosion.

The Rev. Andrew Horvath of Point Marion, a Roman Catholic priest who gave last rites of his church to some of the victims in a makeshift morgue in rescue headquarters, said some of the bodies were badly mangled.

John Moore, industrial relations manager for U.S. Steel's Frick-Mines District, said "a gas ignition explosion had killed them."

James Girod, assistant superintendent at Frick District, said rescue work is continuing with the "hope that there may be some men alive even though your hope may be only one per cent."

He said rescue crews didn't encounter any fires in their latest advances, indicating a lack of oxygen.

PARALLEL TUNNEL

At 2,200 feet the workers encountered the first roof fall, but they moved into a parallel tunnel, bypassing the area.

On the surface, relatives of the trapped miners kept an anxious vigil.

Dewey Wright, 53, of Pittsburgh, whose brother William, 55, was caught in the mine, said:

"You know tragedy but you never get used to it. You look for the worst but hope for the best."

Moscow's New Budget Up 3.6 Pct. for Military

MOSCOW (AP)—The Soviet government today unveiled a record budget of \$7.5 billion rubles for 1963, including a 3.6 per cent increase in acknowledged military spending.

The new military budget will be 13.9 billion rubles as compared with 13.4 billion this year. Officially, one ruble is valued at \$1.11.

Finance minister Vasily Garbusov presented the new budget at the opening session of the Supreme Soviet, the Soviet parliament.

The budget provides for income of \$7.6 billion rubles and expenditures of \$6.1 billion. During the current year, income was \$7.7 billion and expenditures were \$2.7 billion.

Garbusov said the new defense budget will ensure "the maintenance of the Soviet armed forces at a proper level."

He asserted the Soviet union will stage for world peace, but "until the problem of general disarmament is solved in a practical manner, the Soviet Union is compelled to set aside part of the national income for strengthening its defense potential."

Trial of Hoffa Wrapped in Veil of Secrecy

Puzzling Sequence of Events Confuses Big Conspiracy Case

NASHVILLE, Tenn. (AP)—Mrs. James Paschal, a housewife of Woodbury, Tenn., was absent from the jury today when the \$1-million conspiracy trial of Teamster President James Hoffa resumed in Federal District Court. She was replaced by Walter Harper, an alternate juror from Bethpage, Tenn.

NASHVILLE, Tenn. (UPI)—The \$1-million payoff trial of Teamster President James Hoffa enters its eighth week today shrouded in secrecy.

Will there be some new development as a result of the last session held behind closed courtroom doors guarded by armed U.S. marshals?

Will the defense resume its case as the trial enters its eighth week, or seek a hearing on its motion for a mistrial?

These were some of the questions that awaited an answer today following the puzzling sequence of events which began Wednesday when an ex-mental patient attacked Hoffa with a pellet pistol.

As Hoffa was sitting at the defense table listening to one of his attorneys argue Warren Swanson, 23-year-old Washington, D.C., laborer, walked swiftly down the aisle of the courtroom with a pistol in his outstretched hand, passed through a swinging gate separating the spectator section, and began firing the weapon point blank at Hoffa.

MAN KNOCKED DOWN

As two of the pellets bounced harmlessly off his body, Hoffa (Continued on Page 2, Col. 2)

JFK Notes U.S. Problem

Asks Action on Air Pollution

WASHINGTON (AP)—As other key federal officials noted the tragedy of last week's smog in London, President Kennedy today called for national action against air pollution.

He said such pollution "continues to jeopardize the economic vitality of our nation and the health of millions of our citizens."

Surgeon General Luther L. Terry of the Public Health Service declared in addition to being a hazard to health, air pollution may be costing the United States more than \$7 billion a year in economic losses.

Their remarks were made in statements prepared for the opening of a national conference on air pollution. The meeting, by ironic coincidence, opened a week after the murderous smog settled on London. It is blamed for 134 deaths to date.

"The tragic news from London," said Secretary of Welfare Anthony Celebrezze, "adds a special note of urgency to our meeting."

POINTS OUT PROBLEM

Terry, in a statement issued over the weekend, declared: "The unfortunate smog episode that has just occurred in London is a tragic reminder of the hazard of air pollution. The very real problems that have made headlines in the past several days are the same subjects that form the basis for discussions at the conference."

The conference is being sponsored by the Public Health Service, with an expected attendance of 1,000 physicians, engineers, scientists, legislators, and representatives of business, labor and civic organizations.

It has these objectives:

1. To assess the status of current air pollution knowledge.
2. To explore ways of obtaining broader application of current methods of air pollution control.
3. To stimulate cooperative action by the public, industry and all levels of government.

The Public Health Service says the nation's air is polluted by gases, vapors, dusts and fumes with the pollutants coming from many sources, including factories, automobiles, municipal dumps, in-

cinators, tobacco smoke, and even from burning leaves.

Kennedy, in a special written message to the opening session, did not mention the London episode, but asserted: "It is imperative that this nation act to prevent now, and for the years ahead, the purity of its air."

"The pollution of this priceless resource," he said, "we can neither condone nor tolerate. We can and must, instead, resolve to use every appropriate means in a concerted effort to clear the air of its burden."

The President said he hoped the

national conference "will provide the wise counsel and informed guidance that will hasten the needed action on this problem."

"I urge every American to lend his full support to this endeavor," he said.

Terry declared that evidence has now accumulated which makes it unmistakably clear that air pollution is associated with important respiratory diseases, such as lung cancer, emphysema—an enlargement of the air spaces of the lungs, making breathing difficult—chronic bronchitis, and asthma.

Pontiac Schools Seeking \$3.5 Million Bond Issue

The Pontiac School District will take the final step in its 10-year building program Thursday when the Board of Education will be asked to approve a \$3.5-million bond issue.

No tax increase is required to support this new debt, said Supt. Dana P. Whit-

mer today.

He stressed that the board aims to keep the district living on its present tax rate, at least until 1965.

For the district's major source of income—the Pontiac city taxpayer—this would mean retaining a levy of \$24.04 for each \$1,000 of assessed valuation. This has been the same during the last three years.

For the township sections of the school district, the figure differs slightly.

"We are not planning a tax rate," Dr. Whitmer said. "There should be no tax hike for the next couple of years unless income falls under our expectations."

"If the level of income is as expected," he added, "we should be able to live within our current tax rate."

He explained that school administrators are budgeting to take drops of income into account as much as possible.

The new \$3.5-million bond issue will finance a 600-student junior high school, a 10-room (Continued on Page 2, Col. 3)

Nehru States War May Last for 5 Years

Offers to Refer Dispute to International Court for Arbitration

NEW DELHI (AP)—Prime Minister Nehru rejected Communist China's terms for settlement of the India-China border war today but offered to refer the border dispute to the International Court of Justice if China withdraws from Indian territory.

Nehru told parliament India continues to demand that the Chinese withdraw to the positions held Sept. 8. China has called this "utterly unacceptable."

Nehru warned "this war may even last five years or more but I feel confident we shall win." He called on the Indian people

Expect Cold Air to Stick Around for Whole Week

Br-r-r-r. That's what the weather will bring in the next five days.

Temperatures will average from eight to 10 degrees below the normal high of 33-36 and the normal low of 17-21.

Less than 1 inch of new snow is expected through Tuesday.

The temperature forecast for the area calls for a low of 13 tonight and a high of 25 tomorrow.

Winds today are westerly at 15 to 20 miles per hour. A cold 17 was the lowest temperature reading prior to 8 a.m. in downtown Pontiac. By 1 p.m. the mercury had moved up to 21.

Liz, Dick Raise 'Huppus'

LONDON (UPI)—Elizabeth Taylor and her British actor friend, Richard Burton, visited a country pub at Bray yesterday to sip English ale.

for "determination to refuse to bow down to the imperialist tactics of China whatever happens." Nehru also had words for the six nonaligned nations meeting in Ceylon in a search of a solution to the India-China conflict.

"The aggression must be undone and the status quo restored," Nehru said. "At present there is no meeting ground between us."

Nehru replied in Parliament to Peking's demand for a "clear and definite" answer to its package proposals for a cease-fire; mutual withdrawal of forces 12.5 miles behind what Peking calls the actual control line of Nov. 7, 1960, and meetings of Chinese and Indian officials to form a demilitarized zone, establish checkpoints and return captured personnel.

Nehru said India cannot agree to the Chinese-fixed border line which would leave them in Indian territory.

For Exchange at Parties

Low-Price Gifts Abound

(Editor's Note — This is another in the series of stories designed to help Christmas shoppers with their selections.)

By REBA HEINTZELMAN

When small clubs and senior citizens prepare to exchange gifts at annual Christmas parties, the question is:

What can you possibly get for only \$1? Well, downtown Pontiac stores are overflowing with unusual, pretty and useful gifts — all priced at \$1 or less.

Delay Opening of I-75 Stretch

Opening of the 12½-mile section of I-75 freeway from Pontiac's northeast corner to Dixie Highway west of Clarkston, originally scheduled for tomorrow, will be Wednesday.

County Road Commission Chairman Sol D. Lomerson, Pontiac City Manager Robert A. Stier and representatives of the State Highway Department's district office in Pontiac are expected to be on hand for a brief 10 a.m. opening ceremony.

The new link will join with a 22.4-mile stretch opened Oct. 25 from Dixie Highway to U.S. 23 southwest of Flint. It will give motorists uninterrupted freeway travel from Lapeer Road near Walton Boulevard to the Upper Peninsula.

Little milk bows with shiny rhinestones in the middle, have metal clasps to adorn high styled hairdos.

Individual pearl "sparklets" on (Continued on Page 2, Col. 1)

SANTA WAITS — The only time jolly old St. Nick is alone in the center of the Pontiac Mall, is before the big shopping center is open. After that there is a steady stream of

starry-eyed youngsters walking up the ramp to the sparkling white igloo which houses Santa.
